FOREWORD

Some time ago the City Commission decided it was of the utmost importance to have all the city's ordinances studied, revised, compiled and codified in order that every citizen, in theory bound to know the law, could readily discover for himself what is required of him. The need for this was great. The ordinances of the City of Fresno, accumulated for more than half a century, were more than four thousand in number. Many contained ambiguities, inconsistencies and duplications and the existence of some of them obviously had been forgotten.

The concept of a municipal code was not a new idea, yet few cities had taken the initiative in making available for their communities the many advantages of such a work. The City Commission, with commendable foresight, investigated the possibility of producing a municipal code for Fresno.

The office of the City Attorney was too busy to absorb such a monumental project. Consequently, after exploring similar situations which confronted other cities, the City Commission appointed and empowered Mr. Chalmers E. Lones, a Fresno practicing attorney with previous compilation experience, to produce a draft of the proposed municipal code. The efficient manner in which he has carried out and completed his assignment is manifest. This volume is a credit to him and an invaluable contribution to the working tools of the city.

Considerable time was devoted to revising, streamlining and compiling the subject matter for the code. Successive drafts of each proposed chapter were submitted to and approved by the departments to which the subject matter pertained. The departments were particularly helpful in recommending the elimination of obsolete provisions and the addition of much needed regulations.

Every effort will be made to keep the Fresno Municipal Code up to date, and the citizens of our city, present and future, will be the beneficiaries.

GORDON G. DUNN,
Mayor

November 10, 1955

BILL NO. B-51

ORDINANCE NO. 2007-54

AN ORDINANCE OF THE CITY OF FRESNO, CALIFORNIA, TO REORGANIZE THE FRESNO MUNICIPAL CODE THROUGH THE ADOPTION OF A CODE REORGANIZATION ORDINANCE RELATING TO A COMPREHENSIVE REORGANIZATION OF CHAPTERS, ARTICLES, AND SECTIONS, AND THE RENUMBERING, AMENDMENT, AND REPEAL OF CERTAIN PROVISIONS OF THE CODE.

THE COUNCIL OF THE CITY OF FRESNO DOES ORDAIN AS FOLLOWS:

SECTION 1. The Council finds that it is in the best interest of the City of Fresno that this Code Reorganization Ordinance be adopted. The Council makes further findings and declarations of intent as follows:

A. The current organization and structure of the Fresno Municipal Code ("Code") is overly burdensome, duplicative, and outdated.

B. There is a need to reorganize the Code in a comprehensive manner to make it easier for members of the public and City officials to utilize and to access the Code.

C. A comprehensive reorganization of the Code necessitates detailed renumbering of chapters, articles and sections of the Code.

D. It is the Council's intent that in amending this Code by this Code Reorganization Ordinance, whether the amendment be by express amendment, by repeal and re-enactment, by new titling or by renumbering of a provision, if the amendment is substantially the same as any Code provision previously adopted and relating to the same subject matter, the amendment shall be construed as a restatement and continuation of the previous provision, and not as a new enactment.

E. It is the Council's intent that staff reports submitted to the Council as part of the background for adoption of this Code Reorganization Ordinance and a transcript of the Council meetings wherein this ordinance is introduced and adopted shall be deemed part of the legislative history regarding this ordinance. The legislative history shall be filed and maintained by the City Clerk in the same manner that maintenance of the Code is required.

F. It is the Council's intent that the City Attorney work closely with the Code Publisher and City Clerk to ensure that Code provisions are not inadvertently repealed as part of this Code Reorganization Ordinance. In that event, it is understood the City Attorney and City Clerk may make "alterations necessary to correct a typographical or clerical error or omission" as authorized by Charter Section 600(f).

G. This Code Reorganization Ordinance constitutes the new framework for the Code. Detailed review, analysis, rewriting, renumbering, amendment, and repeal of the Reorganized Code will be conducted in Phase 4 of the Code Streamlining Project.

H. The complexity of this ordinance requires a longer effective date period of 90 days rather than the standard 30 day period.

SECTION 2. The chapters of the Fresno Municipal Code are amended, reorganized, and renumbered to read:

FRESNO MUNICIPAL CODE
Table of Contents

Chapter 1. General Provisions.

Chapter 2. City Government.

Chapter 3. City Personnel.

Chapter 4. City Purchasing, Contracts, and Sales.

Chapter 5. City Facilities.

Chapter 6. Municipal Services and Utilities.

Chapter 7. City Finances, Revenue, and Taxation.

Chapter 8. Assessment Districts and Bond Procedures.

Chapter 9. Regulations Regarding Businesses and Personal Conduct.

Chapter 10. Regulations Regarding Public Nuisances and Real Property Conduct and Use.

Chapter 11. Building Permits and Regulations.

Chapter 12. Land Use Planning and Zoning.

Chapter 13. Sidewalks, Streets, Parkways, and Underground Utility Districts.

Chapter 14. Vehicles and Traffic.

SECTION 3. The Fresno Municipal Code is amended by reorganizing and renumbering the chapters and articles of the Code to read as follows below. After the effective date of this Ordinance, the organization of the Chapters and Articles of the Code shall be as provided below. The current content of the Code shall be relocated into the new organizational format as indicated by the text in the brackets.

Art. 24	**City of Fresno Parade and Other Special Events** [Ch. 11, Art. 9. City of Fresno Parade and Other Special Events]

SECTION 4. In order to reduce inconvenience and disruption that may occur, the publisher will include a Renumbering Table as part of the republished Code.

SECTION 5. In order that the restructured Code may be easier to use and access, the Code shall be formatted for printing on 8½ x 11 inch paper and it shall be maintained on the City's website. To ensure that the Code is printed in a uniform manner, the City Clerk and City Attorney shall provide publication instructions to the publisher including, but not limited to, the printing on 8½ x 11 inch size paper, pagination, and double-sided printing.

SECTION 6. For this and any other ordinance adopted to complete the Code Streamlining project, the City Attorney is authorized to work with the publisher to make non-substantive changes to the Code, such as, formatting, numbering, numbering systems, organizational structure, headings and subtitles, and inclusion of legislative history to meet the goals and intent of the Code Streamlining project.

SECTION 7. This ordinance shall become effective and in full force and effect on the 90th day after its final passage.

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code and are considered "Included." Ordinances that are not of a general and permanent nature and ordinances that amend subject matter not found in the Code are not codified and are considered "Omitted."

By adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

Ord. No.	Included/ Omitted	Supp. No.

MUNICIPAL CODE OF THE CITY OF FRESNO

CHAPTER 1

GENERAL PROVISIONS*

Art. 1. General Provisions.
Art. 2. Definitions and Rules of Construction.
Art. 3. Code Enforcement; Judicial and Administrative Remedies and Procedures.
Art. 4. General Administrative Hearing Procedure.
Art. 5. Cost and Penalty Recovery.
Art. 6. City Attorney Subpoena Power.

***Editor's note—**Ord. No. 2007-55, §§ 2 and 4, effective September 4, 2007, amended the Code by repealing former Ch. 1, §§ 1-101—1-108, 1-201—1-214, 1-301—1-303, 1-401—1-414, 1-501—1-512, and 1-601—1-617, and adding a new Ch. 1. Former Ch. 1 pertained to similar subject matter. Original history information has been retained with the appropriate section, where possible.

ARTICLE 1 GENERAL PROVISIONS

Sec. 1-101. Reference to Code.
Sec. 1-102. Effect on Past Actions and Obligations Previously Accrued.
Sec. 1-103. Severability of Parts of Code.
Sec. 1-104. Amendments to Summaries.
Sec. 1-105. Access to Code.
Sec. 1-106. Maintenance of Code.
Sec. 1-107. Master Fee Resolution.

SEC. 1-101. REFERENCE TO CODE.

This Code may at all times be referred to as the "Municipal Code of the City of Fresno" or "Fresno Municipal Code" and whenever cited in an ordinance, may be referred to as "this Code". It shall be sufficient to designate any ordinance adding to, amending or repealing this Code as an addition or amendment to, or repeal of, the "Municipal Code of the City of Fresno" or "Fresno Municipal Code." Also, in any prosecution for the violation of any provision of this Code, it shall be sufficient to designate this Code as the "Municipal Code of the City of Fresno" or "Fresno Municipal Code".
(Orig. Ord. 4789; Am. Ord. 98-62, § 1, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-102. EFFECT ON PAST ACTIONS AND OBLIGATIONS PREVIOUSLY ACCRUED.

Neither the adoption of this Code nor the repeal hereby of any ordinance of this city shall in any manner affect the prosecution for violations of ordinances, which violations were committed prior to the effective date hereof, nor be construed as a waiver of any license or penalty at said effective date due and unpaid under such ordinances, nor be construed as affecting any of the provisions of such ordinances relating to the collection of any such license or penalty or the penal provisions applicable to any violation thereof, nor to affect the validity of any bond or cash deposit in lieu thereof, required to be posted, filed or deposited pursuant to any ordinance, and all rights and obligations thereof appertaining shall continue in full force and effect.
(Orig. Ord. 4789; Am. Ord. 98-62, § 1, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-103. SEVERABILITY OF PART OF CODE.

If any chapter, article, section, subsection, sentence, clause or phrase of this Code is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of this Code. The Council hereby declares that it would have passed this Code, and each chapter, article, section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more chapters, articles, sections, subsections, sentences, clauses or phrases had been declared invalid or unconstitutional. The separate inclusion of a savings clause in any part of this Code shall not affect the intent of Council that this section shall apply to the entire Code.
(Orig. Ord. 4789; Am. Ord. 98-62, § 1, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-104. AMENDMENTS TO SUMMARIES.

Whenever a new article, division or section is added to this Code, or an existing article, division or section is repealed, or the heading of an article, division or section is altered, the summary of articles at the beginning of each chapter, or divisions or sections at the beginning of each article, or sections at the beginning of each division, as the case may be, shall be and hereby is amended to show the addition, deletion or change in title of such article, division or section.
(Orig. Ord. 4789; Am. Ord. 98-62, § 1, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-105. ACCESS TO CODE.

This Code shall be made available on the City's website. Copies of this Code, in such numbers as the Council may deem adequate, and including the Charter, an index, and such other material as the City Attorney may prescribe, shall be prepared and maintained by the City Clerk in loose-leaf form and shall be mounted in binders to withstand heavy usage. Consistent with the American with Disabilities Act, copies of the Code will be made available to the public in alternative formats upon request without charge to the requesting party. Form, size, arrangement and page numbering shall be determined by the City Attorney.
(Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2011-6, § 1, eff. 4-10-11).

SEC. 1-106. MAINTENANCE OF CODE.

Whenever the Council adopts an amendment or addition to this Code, or repeals any of its provisions, or whenever the Charter is amended, or whenever the table of contents or index is amended, the City Clerk shall cause the loose-leaf pages of the Code or printed matter in which changes have been made to be reprinted, showing the changes and a notation as to the ordinance, if any, by which such changes are adopted. Certified copies of each ordinance amending the Code shall be filed and maintained by the City Clerk.
(Orig. Ord. 4789; Am. Ord. 5311, 1958; Am. Ord. 98-62, § 1, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-107. MASTER FEE RESOLUTION.

All fees, penalties, refunds, reimbursements and charges of any kind collected by the city shall be specified in the Master Fee Schedule designated in the Master Fee Resolution, as amended by the Council from time to time. Whenever applicable throughout the Code, reference shall be made to the Master Fee Resolution in lieu of any reference to specific fee amounts.
(Added Ord. 80-115, § 2, eff. 8-8-80; Am. Ord. 80-132, § 1, eff. 10-3-80; Am. Ord. 98-62, § 1, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 2 DEFINITIONS AND RULES OF CONSTRUCTION

Sec. 1-201. Headings.
Sec. 1-202. Construction.
Sec. 1-203. Code Numbering.
Sec. 1-204. Definitions.
Sec. 1-205. Grammatical Interpretation.
Sec. 1-206. Exemptions Created by State Law.
Sec. 1-207. Territorial Applicability.
Sec. 1-208. Reference to Ordinances and Charter.
Sec. 1-209. Reference Includes Amendments and Penalties.
Sec. 1-210. Reference to Depositions and Matters of Record.
Sec. 1-211. Prohibited Acts: Including Causing, Permitting, Etc.
Sec. 1-212. Notices, Etc., to be Written and in English Language.
Sec. 1-213. Notices: Service and Proof.
Sec. 1-214. Certification or Declaration Under Penalty or Perjury.
Sec. 1-215. Continuity of Code Provisions.
Sec. 1-216. Renaming of Departments, Divisions, or Offices.
Sec. 1-217. Modifications to Signature and Writing Requirements for People with Disabilities.

SEC. 1-201. HEADINGS.

The headings of chapters, articles, divisions and sections contained in this Code shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of any chapter, article, division or section of the Code.
(Orig. Ord. 4789); Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-202. CONSTRUCTION.

The provisions of this Code and all proceedings under it are to be construed with a view to effect its objects and to promote justice.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-203. CODE NUMBERING.

(a) In this Code, except for Chapter 12 and Chapter 15, the following order shall be used for classification of provisions: Chapter, Article, Section, Subsection, Subdivision, and subpart with Chapter covering the broadest category and subpart covering the smallest category.

(b) In reading a section number from left to right, the digit or digits to the left of the dash shall designate the chapter number of this Code. The first digit to the right of the dash shall indicate the article number in such chapter, and the two remaining digits the section number within such article; provided, however, that when there are four digits to the right of the dash, the first two digits shall indicate the article number. Figures to the right of a decimal

point shall indicate new sections or chapters inserted between existing sections or chapters, as the case may be. The decimal system shall be used in maintaining the numerical order of such sections and chapters.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2015-39, § 5, eff. 1-9-16).

SEC. 1-204. DEFINITIONS.

(a) Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section and in other parts of the Code shall govern the construction, meaning, and application of words and phrases used in this Code. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(b) "City" shall mean the City of Fresno or the area within the territorial city limits of the City of Fresno and such territory outside the city over which the city has jurisdiction or control by virtue of any constitutional or Charter provisions, or any law.

(c) "Council" shall mean the Council of the City of Fresno.

(d) "County" shall mean the County of Fresno.

(e) "May" is permissive.

(f) "Must" and "Shall" are mandatory.

(g) "Person" shall mean natural person, joint venture, joint stock company, partnership, association, club, company, corporation, business trust, organization, or the manager, lessee, agent, servant, officer or employee of any of them, and shall include every department of the city and every officer and employee of such department while working in the course and scope of employment.
(Orig. Ord. 1076, Am. Ord. 4789, 1955; Am. Ord. 5311, 1958; Am. Ord. 6007, 1961; Am. Ord. 6028, 1961; Am. Ord. 6515, 1964; Am. Ord. 80-115, § 3, eff. 8-8-80; Am. Ord. 98-66, § 1, eff. 10-1-98; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-205. GRAMMATICAL INTERPRETATION.

(a) "Gender." Any gender includes the other genders.

(b) "Singular and plural." The singular number includes the plural, and the plural includes the singular.

(c) "Tenses." Words used in the present tense include the past and the future tenses and vice versa, unless expressly provided otherwise.

(d) "Uses of words and phrases." Words and phrases used in this Code and not specifically defined shall be construed according to the context and approved usage of the language. The provisions of Sections 13 and 1645 of the Civil Code of the State are hereby adopted in the interpretation of words and phrases, unless otherwise provided herein.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-206. EXEMPTIONS CREATED BY STATE LAW.

Whenever any provision of this Code requires that any person engaging in a business, profession, trade or calling take an examination, or obtain a certificate of registration, post a bond, or pay a fee other than for revenue purposes before engaging in such business,

profession, occupation, trade or calling, such provision shall be limited in its application so as not to conflict with any state regulation on the subject if the State regulation is a matter of statewide concern and not a municipal affair.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-207. TERRITORIAL APPLICABILITY.

This Code shall refer only to the omission or commission of acts within the territorial limits of the city and to that territory outside this city over which the city has jurisdiction or control by virtue of any constitutional or charter provision, any law, or any agreement.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-208. REFERENCE TO ORDINANCES AND CHARTER.

Any reference to an ordinance or the charter in this Code shall mean such ordinance or charter of the City of Fresno.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-209. REFERENCE INCLUDES AMENDMENTS AND PENALTIES.

Any reference in this Code to an ordinance or provisions of this Code shall mean such ordinance or provision as now or hereafter amended. Reference to any section of this Code shall be understood to refer to and include the penalty section relating thereto, unless otherwise expressly provided. In case of the amendment of any section of this Code containing provisions for which a penalty is provided in another section, the penalty so provided in such other section shall be held to relate to the section so amended, whether re-enacted in the amendatory ordinance or not, unless such penalty is specifically repealed therein.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-210. REFERENCE TO DEPOSITS AND MATTERS OF RECORD.

The provisions of this Code shall not in any manner affect deposits, bonds, policies of insurance or other matters of record which refer to, or are otherwise connected with, ordinances which are therein specifically designated by number or otherwise and which are included within this Code, but such reference shall be construed to apply to the corresponding provisions contained within this Code.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-211. PROHIBITED ACTS: INCLUDE CAUSING, PERMITTING, ETC.

Whenever in this Code any act or omission is made unlawful, it shall include causing, allowing, permitting, aiding, abetting, suffering, or concealing the fact of such act or omission.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-212. NOTICES, ETC., TO BE WRITTEN AND IN ENGLISH LANGUAGE.

All notices, reports, statements, applications or records required or authorized by this Code shall be made in writing in the English language unless it is expressly provided otherwise.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-213. NOTICES: SERVICE AND PROOF.

Whenever a notice is required to be given under this Code, unless different provisions herein are otherwise specifically made, the notice may be given either by personal delivery thereof to the person to be notified or by deposit in the United States mail in a sealed envelope, postage prepaid, addressed to such person to be notified at the person's last known business or residence address as the same appears in the public records or other records pertaining to the matter to which such notice is directed. Service by mail shall be deemed to have been completed at the time of deposit in the post office, or any United States mailbox. Proof of giving any notice may be made by the certificate of any officer or employee of this city or by affidavit of any person over the age of eighteen years, which shows service in conformity with this Code or other provisions of law applicable to the subject matter concerned.
(Orig. Ord. 4789; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-214. CERTIFICATION OR DECLARATION UNDER PENALTY OF PERJURY.

Whenever an oath, sworn statement, declaration, verification, certification, or affidavit, in writing, of the person making the same (other than a deposition or an oath required to be taken before a specified official other than a notary public), is required to be given under this Code, unless definite provisions are otherwise required, such matter may with like force and effect be evidenced by the unsworn statement, declaration, verification, or certification, in writing, of such person stating the date and place of execution, and which is subscribed by that person and certified or declared by that person to be true "under penalty of perjury."
(Added Ord. 6176, 1962; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-215. CONTINUITY OF CODE PROVISIONS.

Whenever any part of this Code is amended, whether such amendment be by express amendment or by repeal and re-enactment, or by renumbering of a provision, insofar as said amendment is substantially the same as any Code provision previously adopted, relating to the same subject matter, such amendment shall be construed as a restatement and continuation of the previous provision, and not as a new enactment.
(Added Ord. 6914, 1966; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-216. RENAMING OF DEPARTMENTS, DIVISIONS, OR OFFICES.

The Code frequently references specific departments, divisions, offices and positions by name. From time to time the City renames departments, divisions, offices and positions. It shall be unnecessary to amend this Code to recognize the name change. Whenever this Code

refers to a specific department, division, office or position, that reference shall include any new name of that department, division, office or position. Said department, division, office or position shall retain all the same powers, duties, and obligations, unless otherwise specified. (Added Ord. 2002-51, § 22, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-217. MODIFICATIONS TO SIGNATURE AND WRITING REQUIREMENTS FOR PEOPLE WITH DISABILITIES.

(a) Whenever the city requires an individual to provide a signature, an individual who is unable to sign by reason of a disability may satisfy the signature requirement by creating a mark (including use of a signature stamp), the signer's name being written near the mark by a witness who writes his or her own name near the signer's name. If the individual is unable to create a mark they may have another person sign on his or her behalf, by first signing the signer's name, then writing "signed and witnessed by" and his or her name near the signature. Consistent with California Code of Civil Procedure section 17, if the signature is required to serve as a signature to a sworn statement, any signature provided under this section must be witnessed by two individuals. The witnesses may be city employees.

(b) Whenever the city requires that a communication be in writing, whether pursuant to the state or local law, regulation or policy, and a person is unable to write because of a disability, alternative means of communication may be used.
(Added Ord. 2011-6, § 2, eff. 4-10-11).

ARTICLE 3 CODE ENFORCEMENT; JUDICIAL AND ADMINISTRATIVE REMEDIES AND PROCEDURES

Sec. 1-301. Declaration of Purpose.
Sec. 1-302. General Enforcement Authority; Enforcement Officers.
Sec. 1-303. Authority to Inspect.
Sec. 1-304. Code Violations.
Sec. 1-305. Criminal Citations.
Sec. 1-306. Failure to Appear as Misdemeanor.
Sec. 1-307. Police Chief Powers.
Sec. 1-308. Administrative Citations and Penalties.
Sec. 1-309. Issuance of Permits; Violations of Law
Sec. 1-310. Adjudicatory Decisions.

SEC. 1-301. DECLARATION OF PURPOSE.

The Council finds that the enforcement of the Fresno Municipal Code and other applicable laws throughout the city is an important public service. Code enforcement is vital to protection of the public's health, safety, and quality of life. The Council recognizes that enforcement starts with precise regulations that can be understood by city officials and members of the public and effectively applied in administrative enforcement hearings and judicial proceedings. The Council further finds that a comprehensive code enforcement system that uses a combination of judicial and administrative remedies is critical to gain compliance with code regulations.
(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-302. GENERAL ENFORCEMENT AUTHORITY; ENFORCEMENT OFFICERS.

(a) The City Manager or any of his or her designated enforcing officers as set forth in this Code have the authority and powers necessary to gain compliance with the provisions of the Code and applicable laws. The term "enforcement officers" includes any city employee vested with authority to enforce the Code, which also includes any employee or person under contract with the City Attorney appointed to investigate and/or prosecute violations of this Code. These powers include the power to inspect public and private property and use whatever judicial and administrative remedies are available under the Code or applicable laws.

(b) Notwithstanding any Code provision otherwise, and in addition to any authority granted the Director or others, but excluding any authority granted solely to the Police Chief or Police Department, the City Attorney, pursuant to Charter section 803(b), shall have the authority and discretion to investigate and prosecute any violations of this Code by administrative citation, civil action, and/or criminal prosecution.

(c) Where the Director or City Manager has authority to enforce the code or approve regulations to implement or interpret the code, such authority shall also be granted to the City Attorney.
(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2018-46, § 1, eff. 9-17-18; Am. Ord. 2019-019, § 1, eff. 9-19-19).

SEC. 1-303. AUTHORITY TO INSPECT.

Any enforcement officer shall also have authority to enter upon any property or premises to ascertain whether provisions of the Fresno Municipal Code or applicable state codes, regulations, or ordinances are being obeyed, and to make examinations and surveys as may be necessary in the performance of their duties. These may include taking photographs, video, samples, or other physical evidence. All inspections, entries, examinations, and surveys shall be done in a reasonable manner and where entry onto the premises is necessary with the consent of the owner, agent, or occupant. If an owner, occupant, or agent refuses permission to enter or inspect, the enforcement officer may seek an inspection warrant pursuant to the procedures provided for in Code of Civil Procedure Sections 1822.50 through 1822.59 or their successors to perform duties imposed upon said person.
(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-304. CODE VIOLATIONS.

(a) Except for violations of the City Charter or as otherwise specified in this Code, any person convicted of a misdemeanor under the provisions of this Code shall be punishable by a fine of not exceeding one thousand dollars ($1,000.00) or by imprisonment in the Fresno County jail for a period of not more than one year, or by both such fine and imprisonment.

(b) Any person violating any of the provisions or failing to comply with any of the requirements of this Code shall be guilty of a misdemeanor unless:

(1) Such Code provision makes violation thereof an infraction; or

(2) The City Attorney files a complaint charging the offense as an infraction; or

(3) The court, with the consent of the defendant, determines that the offense is an infraction, in which event the case shall proceed as if the defendant had been arraigned on an infraction complaint; or

(4) The city, at its discretion, may issue an administrative citation and civil penalty in lieu of charging any violation of the Code as a misdemeanor or an infraction. The enforcement of those civil penalties shall be governed by the civil administrative citation procedures set forth in this article or as more specifically provided in other provisions of the Code.

(c) Any person convicted of an infraction under the provisions of this Code herein shall be punishable by

(1) a fine not exceeding one hundred dollars ($100.00) for a first violation;

(2) a fine not exceeding two hundred dollars ($200.00) for a second violation of the same provision within one year of the date of the first violation;

(3) a fine not exceeding five hundred dollars ($500.00) for each additional violation of the same provision within one year of the date of the violation.

Except as otherwise provided by law, all provisions of law or ordinance relating to misdemeanors shall apply to infractions.

(d) Each person shall be guilty of a separate offense for each and every day during any portion of which any violation of any provision of this Code is committed, continued, or permitted by such person and shall be punished accordingly.

(e) In all cases where the same offense is made punishable or is created by different clauses or sections of this Code, the City Attorney may elect under which to proceed; but not more than one recovery shall be had against the same person for the same offense.

(f) The City Attorney has discretion to institute the appropriate civil action to ensure compliance with the Fresno Municipal Code, including an action for a temporary restraining order, a preliminary or permanent injunction, a receivership, or an action to recover any damages incurred as a result of any Code violation.

The City Attorney may pursue the remedy of a receivership when the property is a parcel within the City of Fresno; the property has extensive and continuing violations of the Fresno Municipal Code, California Fire Code, California Building Code, California Health and Safety Code or extensive ongoing criminal activity; and the property's record owner has shown an unwillingness or inability to correct the violations.
(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2002-51, § 10, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2015-40, § 1, eff. 1-21-16).

SEC. 1-305. CRIMINAL CITATIONS.

(a) The provisions of Part 2, Title 3, Chapter 5c of the Penal Code, as amended, shall govern the procedures required for criminal enforcement of the Fresno Municipal Code.

(b) Criminal Citation Officer. When in this Code, or in any other ordinance of the city, an officer or employee of the city is empowered to enforce, or charged with the duty of enforcing, any particular provision or provisions of this Code or of any other ordinance of the city, the violation of which provision or provisions would constitute a misdemeanor or infraction, the officer or employee so empowered, or so charged with such duty, shall have the authority to arrest without warrant and to issue criminal citations as set forth in this section for the purpose of enforcing this Code. Such public officer or employee shall be deemed a criminal citation officer and shall have all the powers and protection, as conferred pursuant to California Penal Code § 836.5.

(c) Training Requirements. Before a criminal citation officer may exercise criminal citation authority pursuant to this section, that officer or employee must complete an enforcement training program established at the discretion of the Chief of the Fresno Police Department. The training program shall be designed to instruct officers and employees regarding:

(1) The provisions of this Code to be enforced;

(2) The evidentiary prerequisites to proper prosecution for violations thereof;

(3) The procedural requirements of citations, including completion of the forms, processing and amendment of citation forms; and

(4) The limitations attendant thereto.

(d) Criminal Citation Authority. In addition to the Police Chief and peace officers employed by the Police Department, upon completion of the training prescribed by subsection (c), the following officers and employees have the authority to issue criminal citations, both misdemeanor and infractions: City Manager, Director of Administrative Services, Director of Housing and Neighborhood Revitalization, Planning and Development Director, Director of Public Utilities, Public Works Director, City Attorney, and Fire Chief. This authority relates only to Fresno Municipal Code criminal citations.

(e) Delegation. An officer or employee designated in subsection (c) has the authority to appoint employees to assist in the enforcement responsibilities. Such employees shall likewise have the authority to issue criminal citations following the written confirmation by the City Manager of the appointment of such employees by the officers designated in subsection (b) and completion of the training required by subsection (c).

(f) Notice to Appear. Citation officers vested with criminal citation authority pursuant to this section, may, pursuant to Sections 836.5, 853.5 and 853.6 of the California Penal Code, issue a citation in the form of a NOTICE TO APPEAR to a person where any such citation officer has probable cause to believe that the person to be issued the citation has violated a provision of this Code in the citation officer's presence, which the citation officer had the discretionary duty to enforce, and therefore, has committed a misdemeanor or infraction.

(g) Release on Written Promise to Appear. A criminal citation officer exercising the authority pursuant to this section may release the person to be issued a citation on his or her written promise to appear in court. The citation officer shall under no circumstances take the person to be issued a citation into custody.

(h) Refusal to Sign. In the event that the person to be issued a citation refuses to provide his or her written promise to appear in court, a citation officer may summon a Fresno Police Department peace officer and request that such peace officer take the person into custody. If the person demands to be taken before a magistrate, the citation officer may summon a Fresno City Police officer and request that such peace officer take the person into custody, or seek assistance of the City Attorney and request that a complaint be prepared and filed against that person.

(i) Filing and Maintenance of Files. Criminal citation officers having a duty to enforce the provisions of this Code, and who exercise the authority to issue a citation pursuant to this section, shall maintain a file of executed citations and such citations shall be forwarded to the City Attorney's office for issuance of a complaint and filing with the appropriate magistrate.

(j) Additional Authority. Nothing in this section shall be considered to limit any authority otherwise vested in the named officers and employees, provided elsewhere in this Code, or by State law.
(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2019-019, § 2, eff. 9-19-19).

SEC. 1-306. FAILURE TO APPEAR AS MISDEMEANOR.

Any person willfully violating his or her written promise to appear in court is guilty of a misdemeanor regardless of the disposition of the charge upon which the person was originally arrested.
(Added Ord. 98-63, § 2, eff. 10-1-98; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-307. POLICE CHIEF POWERS.

The Police Chief and all peace officers employed by the Police Department are hereby empowered to enforce, and are charged with the duty of enforcing, any and all provisions of this Code or of any other ordinance of the city, including the power to arrest for such violations in accordance with the laws of the State of California, together with such other powers as are conferred upon them by the city. The Police Chief may authorize employees of the Police Department, excepting employees whose duties do not fall within the scope of law enforcement services, to enforce any and all provisions of the statutes of the State of California, of this Code, or of any other ordinance of the city where the violation of such provision or provisions would constitute an infraction, including the power to cite for such violations in accordance with the laws of the State of California. The Chief of Police may also authorize said employees to regulate traffic at the scenes of accidents or disasters or at such locations as may require traffic direction for orderly traffic flow, and to remove vehicles from highways, public property, and private property, when authorized by state law or local ordinance.
(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-308. ADMINISTRATIVE CITATIONS AND PENALTIES.

The Council finds that there is a need for an alternative method of enforcement of violations of the Municipal Code. The Council further finds and declares that an appropriate method for enforcement for violations of the Code is the following administrative citation and civil penalty program.

(a) **Administrative Citation.** Any person violating any provision of the Code may be issued an administrative citation by an enforcement officer as provided in this article. A separate civil penalty for each violation of the Code may be assessed by means of one administrative citation. Violations deemed a threat to health and safety as defined in this Code or pursuant to Health and Safety Code Section 17920.3 shall be penalized as set forth in the Master Fee Schedule.

(b) **Contents.** Upon discovering or observing any violation of the Municipal Code, an enforcement officer may issue an administrative citation, in a form approved by the City Attorney, to a violator or property owner, with the following contents:

(1) Date and location of the violation(s), including the street address, if any, and the approximate time the violation(s) were observed;

(2) Section(s) of the Code violated and brief description of how the section(s) are violated; if the citation is for a violation of the Management of Real Property Ordinance set forth in Chapter 10, Article 7, the citation shall include a statement specifying the behaviors which constitute the nuisance.

(3) Description of the action required to correct the violation(s), if applicable; and if applicable, the date by which the violation must be corrected.

(4) Statement explaining the consequences of failure to correct the violation(s);

(5) Amount of penalty imposed for the violation(s);

(6) Explanation of how the penalty shall be paid and the time period by which it shall be paid, and the consequences of failure to pay the penalty;

(7) Right to contest the contents of the administrative citation and right of appeal, including the name and address of the City Manager for purposes of filing any notice of appeal; and

(8) Signature of the enforcement officer.

(c) **Issuance.** The enforcement officer shall attempt to issue the citation to the responsible party for any violation of this Code. For purposes of issuance of a citation to a business, the citation may be issued to the person in immediate control of the business on site at the time of the issuance of the administrative citation and penalty. The citation officer may, but is not required, to obtain the signature of the person upon whom the citation was issued. The lack of signature shall in no way affect the validity of the citation and subsequent proceedings.

(d) **Issuance When Unable to Locate Violator.** If the enforcement officer is unable to locate the violator(s) then the administrative citation shall be mailed to the responsible party and property owner, if different than the violator. Administrative citations issued for violations of the provisions in Chapter 10, Article 3 of the Municipal Code (Animal Shelter) shall be mailed to the violator(s) or property owners(s) by first class mail with proof of service. Proof of service shall be documented at the time of service by a declaration under penalty of perjury executed by the person effecting service, declaring the time and manner in which the service was made. All other administrative citations shall be mailed to the violator(s) or property owners(s) by certified and first class mail. The failure of any person with an interest in the property to receive such notice shall not affect the validity of any proceedings taken under this chapter. Notice by the methods described above shall become effective on the date of mailing.

(e) **Imposition of Penalty.** An administrative citation issued for a violation of a building, plumbing, electrical, or other structural or zoning regulation, that does not create an immediate danger to public health or safety, may be issued to the responsible party, and the citation shall state the date by which the violation must be corrected, which shall be a reasonable period of time, given the circumstances; 18 calendar days shall be a default time to correct, unless the circumstances indicate a shorter or greater time is appropriate. It shall be the responsibility of the person receiving the citation to correct the violation and provide proof to the city that it has been corrected, as set forth in the citation, or call for an inspection, as set forth in the citation, to verify the correction was made on or before the date specified on the citation. If the correction was fully and timely made, then the citation, or that part of the citation, shall be dismissed. If the correction was not fully and timely made, then the citation shall continue and penalties shall be deemed final, and failure to correct shall be deemed a continuing violation until the specified violations are verified as corrected by the city, with further penalties incurred as set forth in this Code. An administrative citation issued for a violation of a state law or this code that is a nuisance, for example, parking a vehicle on an unimproved surface, not otherwise a violation of a building, plumbing, electrical, or other structural or zoning regulation, may be issued to the responsible party immediately, and each successive day the violation continues shall constitute a separate violation with further penalties incurred as set forth in this Code.

(f) **Appeal.** Any person issued an administrative citation may contest the contents of the administrative citation by filing an appeal under the City's Administrative Ordinance set forth in Article 4. If no appeal is filed within the time prescribed, the penalty shall be final and immediately payable.

(g) **Penalty.** Except as otherwise set forth in this Code, the Master Fee Schedule shall establish the base schedule for the amount of the civil penalty assessed for code violations, which may vary by types and numbers of violations.

(h) **Failure to Correct.** If the violator or property owner fails to correct the violation, subsequent administrative citations and penalties may be issued for the same violation(s) or the city may institute any other applicable action permissible under this Code to gain compliance. The amount of the penalty for each subsequent violation of the same Code provision shall increase at a rate specified in this Code.

(i) **Payment of Fine Without Correction of Violation.** Payment of any penalty shall not excuse the failure to correct the violation nor shall it bar further enforcement action by the city. The failure of any person to pay any penalty assessed by administrative citation within the time specified on the administrative citation shall result in the assessment of an additional late fee to be charged. The amount of the late fee shall be ten percent of the total amount of the civil penalty due and owing.

(j) **Collection of Penalty.** The city shall collect delinquent and late fees under the provisions of the Cost and Penalty Recovery Ordinance in Chapter 1, Article 5 of the Code.

(k) **Authority to Issue Administrative Citation.** The following officers and employees have the authority to issue administrative citations and civil penalties: City Manager, City Attorney, Planning and Development Director, Director of Public Utilities, Public Works Director, Police Chief and Fire Chief, and Director of Parks and Recreation and any other person delegated such authority by any of the above.

(l) **Payment of Penalty and Use of Proceeds.** Except as otherwise provided, all civil penalties assessed shall be payable to the city.

(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2002-51, § 11, eff. 10-31-02; Am. Ord. 2003-20, § 2, eff. 4-1-03; Am. Ord. 2005-14, §§ 19, 20, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2010-50, § 1, eff. 1-16-11; Am. Ord. 2016-38, § 1, eff. 10-20-16; Am. Ord. 2018-46, § 1, eff. 9-17-18; Am. Ord. 2019-035, § 1, eff. 11-11-19).

SEC. 1-309. ISSUANCE OF PERMITS; VIOLATIONS OF LAW.

When in this Code, or in any other ordinance of the city, an officer or employee of the city is empowered and has the duty to issue a regulatory permit, and the officer or employee has reason to believe that the applicant is engaged in, or has on his premises a violation of law, ordinance, or city regulation, and exercise of the permit will propagate, encourage, or perpetuate the violation, then the officer or employee, with the approval of the City Attorney, may refuse to issue the permit until such time that it is established that the violation has been abated or does not exist, provided that the officer or employee may, with the permission of the City Attorney, issue the permit upon conditions reasonably calculated to eliminate the violation and in such case the permit may be revoked upon failure to perform or conform to the condition.

(Added Ord. 98-63, § 2, eff. 10-1-98; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-310. ADJUDICATORY DECISIONS.

Except as otherwise provided in Section 1002 of the Charter, the provisions of Section 1094.6 of the California Code of Civil Procedure shall be applicable to all adjudicatory decisions of the Council, any board or commission established pursuant to the Charter or this Code, and any hearing officer pursuant to the Administrative Hearing Ordinance in Chapter 1, Article 4.

(Added Ord. 98-63, § 2, eff. 10-1-98; Am. Ord. 2007-55, § 4, eff. 9-4-07).

Sec. 1-412. Records and Hearing Room.

SEC. 1-401. TITLE.

This article shall be known as the "City of Fresno Administrative Hearing Procedure Ordinance" or "Administrative Hearing Ordinance."
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-402. FINDINGS.

(a) The Council finds that there is a need to establish uniform procedures for administrative hearings conducted pursuant to the code.

(b) It is the purpose and intent of the Council to ensure that the administrative hearing procedures afford due process of law as required under federal and state law.

(c) Due process of law includes adequate notice, an opportunity to be heard by an impartial fact-finder, and an adequate explanation of the reasons justifying the administrative action.

(d) The Council finds that it is important to establish procedures which efficiently, expeditiously and fairly resolve issues raised in administrative, regulatory or enforcement actions.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-403. APPLICABILITY.

Except where specifically provided otherwise in this Code, this article shall provide the procedures, rules and standards for all administrative hearings provided under this Code or administrative hearings provided under rules or regulations promulgated pursuant to this Code.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-404. RULES AND REGULATIONS.

The City Manager may adopt written rules, regulations, policies and procedures that are consistent with the intent or provisions of this article, as may be necessary or desirable to aid in the administration or enforcement of the provisions of this Code.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-405. HEARING OFFICER.

The City Manager shall appoint persons to serve as hearing officers under the following rules:

(a) Permanent Hearing Officer. The City Manager may appoint a person or persons to serve as permanent hearing officers with compensation on a flat rate or hourly basis. The compensation for the hearing officer shall not exceed $100,000 per year or $10,000 per month, including reimbursement for costs, without a majority vote approval of the Council. Permanent hearing officers shall be hired for a one year contract with an annual option to renew, subject to thirty (30) days' notice prior to the termination of the contract. The hearing officer may not be terminated without cause and the basis of termination shall not be related to the outcomes of hearings. A permanent hearing officer may be appointed to hear all types of administrative hearings or may be appointed to hear a select category of hearings or a select number of hearings.

(b) Temporary Hearing Officer. The City Manager may appoint a person or persons to serve as temporary hearing officer on an as needed basis for those hearings in which the city does not have a permanent hearing officer or where the permanent hearing officer(s) is/are unable to serve because of the existence of a personal conflict or for practical reasons or where the Code otherwise requires appointment of a person to hear a particular class of hearings. The City Attorney's Office shall monitor the time allocated each month by the hearing officer and any time the hours exceed sixty-four (64) hours per month the City Attorney's Office shall notify the City Manager of a need for temporary hearing officers. The City Manager shall retain at least two temporary hearing officers to serve on an as needed basis, when the permanent hearing officer is incurring in excess of sixty-four (64) hours per month in preparation for and conduct of appeal hearings. Temporary hearing officers may, by contract, be assigned particular types of matters. The following persons may serve as temporary hearing officers:

(1) Any person willing to serve without compensation or valuable consideration or promise of future compensation or valuable consideration;

(2) Any person serving for compensation shall be compensated on a flat rate or hourly basis;

(3) A person serving for compensation who has previously served as a temporary hearing officer within the past year may serve as a temporary hearing officer upon written consent of the appellant or the person whose property or interest

is the subject of the hearing after disclosure by the city of the person's prior service for the city, including, if requested, disclosure of the final determination of any prior decision(s) by the hearing officer;

(4) A person serving for compensation who has served as a temporary hearing officer within a year may serve without the written consent of the appellant where the person is randomly selected from a list or panel of at least four persons who have all agreed to serve as temporary hearing officers under such a random selection process;

(5) A salaried city staff member who regularly supervises at least ten people and who does not, and has not within the previous twelve months, directly supervised the division or unit of the staff member responsible for representing the city in the appeal and who has not participated in the order, citation, decision or determination being appealed may serve as a temporary hearing officer; or

(6) A State Administrative Law Judge under a contract with the Office of Administrative Hearings or an arbitrator employed by a private independent arbitration service, such as JAMS or the American Arbitration Association.

(c) Multiple Hearing Officers. Where more than one hearing officer, whether temporary or permanent, is available to hear the same administrative hearing, selection of the hearing officer shall be determined either by the terms of the hearing officer's contract or by random process.

(d) The City Attorney's Office through Contract Compliance shall provide oversight, as needed, to ensure decisions made by the hearing officer are in compliance with the appropriate municipal code and Master Fee Schedule fines. Contract Compliance shall compile quarterly or as needed statistical reports summarizing case types, dispositions, and fines assessed.

(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2014-36, § 1, eff. 10-3-14; Am. Ord. 2015-32, § 1, eff. 11-19-15).

SEC. 1-406. SERVICE OF PROCESS.

Service of any notice, hearing packet, or order under this article shall be by personal service or first class mail. The date of service shall be considered the date the notice, hearing packet or order was personally served or three days after the date of mailing. (Added Ord. 2005-14, § 49, eff. 4-9-05).

(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-407. FILING A NOTICE OF APPEAL.

(a) Standing. Only a person who has a legal existing interest in the property, right or entitlement subject to the city order, citation, decision or determination sought to be appealed from has standing and a right to appeal under this article. A notice of appeal that fails to allege standing may be rejected as defective.

(b) Notice of Appeal. A notice of appeal shall be filed in writing in duplicate with the hearing officer within fifteen calendar days after the service of the order, citation, decision, or determination appealed from. The appeal shall be addressed to the hearing officer and shall contain the following:

(1) The name, address, and telephone numbers of the appellant;

(2) A statement describing the appellant's legal existing interest in the property, right or entitlement subject to the city order, citation, decision or determination sought to be appealed from;

(3) A brief description of the specific order, citation, decision, or determination being appealed;

(4) A statement of the relief sought;

(5) The reasons why such relief should be granted;

(6) A statement of the Appellant, "under penalty of perjury," that the facts stated in the appeal are true of the appellant's own knowledge, except as to matters which are not within the appellant's knowledge and are not of public record, and as to those matters that the appellant believes the facts stated to be true.

(c) Late Appeals. Upon a showing of good cause, the hearing officer may, in his or her discretion, permit the filing of an appeal, or an amended appeal, after fifteen calendar days, in which case the appeal shall be considered in the same manner as if it had been timely filed.

(d) Defective Notice of Appeals. If, in the opinion of the hearing officer, the appeal or an amended appeal fails to comply substantially with the requirements of this section, the hearing officer may give written notice of such insufficiency to the appellant at any time within fifteen calendar days after the appeal is presented, stating with particularity the defects or omissions therein. Failure of the appellant to file an amended appeal within fifteen calendar days of the date of service of such notice of insufficiency shall constitute a waiver of the appeal. Failure of the hearing officer to give notice of any insufficiency within fifteen calendar days shall result in the appeal being heard on its merits, without regard to any insufficiency.

(e) Notice of Hearing. Upon receipt of an appeal, or if notice of insufficiency is given in accordance with this section, upon receipt of an amended appeal within the time specified, the hearing officer shall cause one copy to be stamped indicating the date of receipt thereof, and shall immediately forward the other copy to the officer or employee whose order, citation, decision, or determination is being appealed. The hearing officer shall set the appeal for hearing and shall give to the appellant and to the officer or employee whose order, citation, decision, or determination is being appealed not less than fifteen calendar days written notice of the date, time, and place of hearing. The hearing officer shall schedule each appeal hearing for a specific date and time. No appeal hearing shall be scheduled at the same time as any other hearing. Each party shall provide the hearing officer with a reasonable time

estimate of how long it will take to present its case. Each hearing shall be timed and must be completed within the allotted amount of time, which is reasonably based on the parties' estimated time requirements. The appellant, or his/her authorized representative, may waive the fifteen calendar days written notice, so long as said waiver is in writing and received by the hearing officer. The notice of the hearing to the appellant shall include a statement as to the appellants' rights as provided in subsection 1-408(c).

(f) Hearing Packet. Upon receipt of the copy of the notice of appeal from the hearing officer, the employee or officer who issued the order, citation, decision or determination shall prepare a hearing packet that forms the basis of the citation, order, decision or determination. The hearing packet shall be served either within seven calendar days (if service is by mail) or five calendar days (if personally served on the appellant) of the date set for the hearing.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2014-36, § 2, eff. 10-3-14; Am. Ord. 2022-014, § 1, eff. 7-22-22).

SEC. 1-408. CONDUCT OF HEARING.

(a) Continuance. Upon good cause shown, the hearing officer may continue the hearing by written notice before the scheduled hearing or orally at or during the hearing. Failure of the parties to exchange documents in advance of the hearing does not constitute good cause, and is not a basis for a continuance.

(b) Hearing. At the hearing, the officer or employee who issued the order, citation, decision, or determination or his or her designee shall present evidence in support of the findings or reasons upon which the order, citation, decision, or determination, was based. The appellant, or any individual authorized in writing to represent the appellant, may then present evidence in support of the contentions made in the notice of appeal. The hearing shall be informally conducted. The hearing officer shall call each hearing and conduct the hearing in an orderly manner. The hearing officer shall maintain control over the order of evidence and order of witnesses called. The hearing officer shall maintain processes and procedures to facilitate an efficient and effective handling of multiple hearings.

(c) Rights of Parties. The parties and anyone who participates in a hearing may be represented by an attorney or other person of the parties' choice. The parties have a right to appear, testify, present evidence, examine and cross-examine witnesses, and present written or oral arguments. Additionally, the parties may request and the hearing officer may allow the parties to submit written briefs, either before, during or after the hearing.

(d) Evidence. All administrative hearings shall be governed by the following rules of evidence:

(1) Oral evidence shall be taken only on oath or affirmation which shall be administered by the hearing officer. Only credible testimony shall be considered by the hearing officer.

(2) Each party may call and examine witnesses, introduce exhibits, and cross-examine and impeach any witness on any matter relevant to the issues. If the appellant does not testify in his/her own behalf, the appellant may be called and examined as if under cross-examination.

(3) Such hearing need not be conducted according to the technical rules of law relating to evidence and witnesses. Any relevant evidence may be admitted if it is the type of evidence on which responsible persons are accustomed to rely on in the conduct of serious affairs, regardless of the existence of any common law rule or statute which might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions.

(4) Copies of the reports and records of any governmental agency, division, or bureau will be accepted as evidence in lieu of the original thereof.

(e) Scope. The scope of the hearing shall be limited to the order, citation, decision, or determination being appealed, the grounds for relief raised in the notice of appeal and any specific requirements of this Code. The hearing officer may expand the scope of the hearing on a finding that it is necessary to ensure a fair process.

(f) Burden of Proof; Burden of Evidence. Except where otherwise provided in this Code, the burden of proof and production of evidence shall be with the city. Except where otherwise provided in the Code, the burden of proof shall be preponderance of the evidence.

(g) Open to the Public. All hearings shall be open to the public. Any interested person shall have the right to speak at the hearing subject to the hearing officer's right to exclude irrelevant and unduly repetitious evidence. Notwithstanding the above, the parties have the right to petition the hearing officer and the hearing officer may in his or her discretion accept submission of evidence outside the presence of the public, if such evidence would not be disclosable under the Public Records Act, California Gov't Code §§ 6250, et seq.

(h) Waiver of Rights. The failure of the appellant or any interested party to raise an objection to the hearing officer either before or during the hearing of any defect in notice or procedure provided under the Code or at law or in equity shall be deemed a waiver of the defect. For purposes of a waiver of objection in this subsection, defect in procedure shall include a claim that the hearing officer is biased when facts regarding the claimed bias are known or readily discoverable by the appellant or interested party or have been published to the appellant or interested party by the city. An objection of bias of the hearing officer shall be raised to the City Manager.

(i) Failure of Appellant to Appear. Unless otherwise provided in the Code, if the appellant fails to appear for the hearing at the time and place noticed, the hearing officer in his or her discretion may conduct the hearing to a conclusion or may dismiss the appeal. If the appeal is dismissed, the order, citation, decision, determination appealed from shall become final

and effective on the date of the hearing. Upon a showing of good cause, the hearing officer may set aside his or her decision or dismissal upon the appellant's failure to appear and may reschedule the appeal for hearing.

(j) Recording. Code Enforcement appeal hearings shall be digitally sound recorded and made available for inspection and copying in the City Clerk's Office or on the City Clerk's website. Additionally, the proceedings may also be recorded by a certified shorthand reporter. If an appellant requests a certified shorthand reporter the costs of the reporter shall be borne by the appellant.

(k) Ex parte communication. Other than at the hearing, there shall be no direct oral communication between the parties and the hearing officer on any matter related to the hearing without both parties being present. Any written communication to the hearing officer by a party shall be copied and served to the other party.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2014-36, § 3, eff. 10-3-14; Am. Ord. 2015-32, § 2, eff. 11-19-15).

SEC. 1-409. HEARING OFFICER AUTHORITY.

(a) Order of Attendance or Production. At the request of either the city or the appellant, the hearing officer or the City Clerk shall, on behalf of the city, issue orders for attendance of witnesses at the hearing, or production of documents on a date certain. In no event shall the date for the production of documents be less than ten days after the date the order was issued. Failure by a party to comply with an order of attendance or production may be considered a violation of this Code and, at the petition of a party, the hearing officer may impose a civil fine of up to one hundred dollars ($100) at the time of the hearing and may take such failure into consideration in making his or her determination of the hearing.

(b) Subpoenas. At the request of either the city or the appellant, the hearing officer or the City Clerk shall, on behalf of the city, issue subpoenas for attendance of witnesses at the hearing or production of documents on a date certain. In no event shall the date for production of documents be less than ten days from the date the subpoena was issued. Disobedience of such subpoena or the refusal to testify, upon other than constitutional grounds, shall constitute a misdemeanor.

(c) Inspection of Premises. The hearing officer may inspect the premises involved in the hearing at any time prior to a decision, to investigate or confirm the existence of the violation(s) or conditions which are on appeal, provided that:

(1) Consent is granted by a person with the lawful right to grant consent or an inspection warrant is obtained;

(2) Reasonable notice of such inspection is given to the owner before the inspection is made;

(3) The parties are given an opportunity to be present during the inspection;

(4) The hearing officer shall place in the record the material facts and the conclusions drawn from the inspection either orally at the time of the hearing or in writing after the hearing; and

(5) Each party then shall have a right to rebut or explain the matters so stated by the hearing officer for the record either at the hearing or by filing a written statement within ten calendar days after the hearing.

(d) Oaths. The hearing officer shall have the power to administer oaths and affirmations.

(e) Procedures. The hearing officer shall have the authority to establish procedures before or during a hearing consistent with this article and the Code for purposes of efficiency and order.

(f) Review Authority. The hearing officer shall sit as the trier of fact and shall rule on questions of law and admissibility of evidence. The hearing officer may affirm, reverse, modify, or set aside the order, citation, decision, or determination appealed from or may delete or impose conditions as the facts and law warrant. The hearing officer may not increase a penalty or impose a harsher remedy beyond the penalty or remedy imposed under the order, citation, decision, or determination being appealed.

If the hearing officer finds any nuisance or legal violation set forth in the citation or notice and order is continuing and remains as of the time of the hearing, the hearing officer shall order the record owner and or occupants to repair or otherwise remedy the illegal condition within thirty days from the date of the order. The hearing officer shall set a hearing to occur between thirty and sixty days after the date of the order to confirm whether the record owner and or occupants have made all repairs or remedied all illegal conditions as ordered. If the owner and or occupants show at the subsequent hearing they have made substantial progress, but have not been able to complete repairs or remedy all illegal conditions for reasons beyond their control, the hearing shall be continued to a later date to allow sufficient time to complete repairs or remedy all illegal conditions as ordered. If it is shown at a subsequent hearing the record owner and or occupants have failed to fully repair or otherwise remedy the illegal conditions, the hearing officer shall order payment of double the maximum fines permitted in this code, as well as all allowable costs and fees. Additionally, the willful failure of the owner and or occupants to timely comply with the hearing officer's order shall be deemed a criminal violation and may be prosecuted as a misdemeanor in superior court, subject to fines and or imprisonment as set forth in Section 1502 of the Charter.

(g) Limitations. The hearing officer shall not have authority to waive any requirements of the Code or law. The hearing officer is required to adhere to any citation amount set in the Code or Master Fee Schedule and may not increase or decrease the amount imposed on the parties, except in cases where the citation amount is more than $100,000. In those cases alone, the Hearing Officer shall have authority to reduce the citation amount to a reasonable

amount not below $100,000 if, after a thorough legal analysis, the Hearing Officer finds the original citation amount is constitutionally excessive. The parties themselves maintain the discretion to reduce citation amounts in order to independently settle the dispute.

(h) Record keeper. The city shall maintain the administrative record of the hearing and make it available upon request by either party. The record shall be maintained for two years from the date the case is closed and no further appeals are available under the Code or at law.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2014-36, § 4, eff. 10-3-14; Am. Ord. 2016-11, § 1, eff. 4-21-16; Am. Ord. 2024-034, § 1, eff. 11-2-24).

SEC. 1-410. DECISION.

(a) Decision. Unless otherwise agreed by the parties, within twenty-one days of the conclusion of the hearing, after the hearing officer has considered all evidence presented and the relevant standard of review, the hearing officer shall issue his or her decision of the appeal in writing. The decision shall include a statement of the issues, findings of fact, a summary of the relevant evidence, a resolution of the credibility of witnesses where there is conflicting testimony and the final determination and order. Alternatively, the decision may be issued orally at the conclusion of the hearing, so long as it is accompanied by a written decision within seven days of the hearing.

(b) Notice of Code of Civil Procedure Section 1094.6. The written decision shall include a notice that the parties have ninety days to pursue a petition for a writ of administrative mandamus of the decision under Code of Civil Procedure Section 1094.6.

(c) Effective. Unless otherwise provided in the Code or the hearing officer's decision, the decision shall be effective upon issuance, whether at the hearing or upon serving notice of the written decision pursuant to Section 1-213.

(d) Finality. Unless otherwise provided in the Code or the hearing officer's decision, the hearing officer's decision shall be a final agency action for purposes of writ review.

(e) Continuing Jurisdiction to Enforce Decisions. The hearing officer may maintain continuing jurisdiction to enforce a decision and impose additional conditions or penalties as provided in Section 1-411 or to take action upon direction of a court of law.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-411. ENFORCEMENT OF HEARING OFFICER DECISIONS.

Upon finding a violation of an order, the hearing officer may modify the decision or order in his or her discretion or impose a sanction of up to one-thousand dollars ($1,000.00) per violation. Any sanction imposed by the hearing officer under this section is collectable under the Cost and Penalty Recovery Ordinance (Chapter 1, Article 5) as a penalty. Alternatively, upon city staff or the hearing officer finding a violation of a hearing officer's order, the City Attorney may seek a modified decision from the hearing officer, pursue a civil action to

enforce the order, or prosecute a criminal action under Chapter 1, Article 4. Any decision modified as provided herein shall be treated as a new final decision for purposes of the requirements of Section 1-410.
(Added Ord. 2005-14, § 49, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SECTION 1-412. RECORDS AND HEARING ROOM.

(a) The City Clerk shall be responsible for maintaining all records of code enforcement appeals. Records shall be maintained in a manner such that a member of the public may inspect and copy records, except for such time when the records shall be in the possession of a hearing officer as necessary to prepare for, hear, and decide appeals.

(b) The city clerk shall be responsible for maintaining the "docket" or schedule for all code enforcement appeal hearings. The docket shall be made available for inspection and made available for public viewing on the City Clerk's website.

(c) The City Manager shall designate an adequate and suitable meeting room in City Hall for code enforcement appeals. Thereafter, in the designated meeting room code enforcement appeals shall take priority for scheduling over all other matters upon a minimum of seven (7) days' notice.
(Added Ord. 2015-32, § 3, eff. 11-19-15).

ARTICLE 5 COST AND PENALTY RECOVERY

Sec. 1-501. Title.
Sec. 1-502. Findings and Purpose.
Sec. 1-503. Definitions.
Sec. 1-504. Recovering Abatement and Enforcement Costs and Penalties.
Sec. 1-505. Invoice of Costs.
Sec. 1-506. Public Hearing to Confirm Costs.
Sec. 1-507. Recovery of Penalties.
Sec. 1-508. Recovery of Enforcement Costs.
Sec. 1-509. Recovery of Abatement Costs.
Sec. 1-510. Personal Obligation.
Sec. 1-511. Lien.
Sec. 1-512. Special Assessment.
Sec. 1-513. Recovery of Graffiti Abatement Costs.
Sec. 1-514. Subsequent Civil or Criminal Judgment.
Sec. 1-515. Repair and Demolition Fund.
Sec. 1-516. Blighted Building Fund.

SECTION 1-501. TITLE.

This article shall be known as the "Cost and Penalty Recovery Ordinance."
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-502. FINDINGS AND PURPOSE.

The Council finds that substantial public resources are spent each year to enforce the Code and State laws enacted to protect the public health, safety and welfare. The Council finds that the responsibility of these costs should be properly placed on those persons responsible for violating the Code or State laws and or causing public nuisances. The Council further finds that the recovery of costs incurred by the city to enforce these laws and to collect penalties issued to those persons causing public nuisances and or violating these laws is important in deterring future violations and maintaining the integrity of the city's code enforcement system. The purpose of this article is to provide a means for the City of Fresno under its charter city authority and other State law authority to recover these costs and penalties from those persons responsible for creating, causing, committing or maintaining a public nuisance or Code or State law violation.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2003-66, § 1, eff. 8-23-03; Am. Ord. 2005-14, §§ 2—5, 50, 51, eff. 4-9-05; Am. Ord. 2005-22, § 4, eff. 4-16-05; Am. Ord. 2005-101, § 3, eff. 10-29-05; Am. Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-503. DEFINITIONS.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article.

(a) "Abatement Costs" means all actual and reasonable costs incurred by the city to abate a public nuisance. These costs shall include all direct and indirect costs to the city that

result from the total abatement action, including, but not limited to, investigation costs, costs to enforce the Code or State law, clerical and administrative costs to process paperwork, costs incurred to provide notices and prepare for and conduct administrative hearings, and costs to conduct actual abatement of the nuisance. Examples of abatement costs include, but are not limited to, staff costs to prepare and issue a notice of violation or a citation, fire suppression costs, costs to prepare a hearing packet, administrative overhead costs, costs for equipment, such as cameras and vehicles, staff time to hire a contractor to remove trash or board up an abandoned building. These costs shall include reasonable attorneys' fees incurred by City. At any administrative hearing, judicial action or special proceeding to recover attorneys' fees, the prevailing party shall be awarded attorneys' fees not to exceed the amount of reasonable attorneys' fees incurred in the action, hearing or proceeding. Abatement costs may be established in the Master Fee Resolution.

(b) "Bona Fide Encumbrancer" means a person who (i) receives a lien or encumbrance on the subject property after the city incurs abatement costs or enforcement costs and (ii) at the time he or she acquired the interest did not have actual or constructive knowledge of the city's interest in the property.

(c) "Bona Fide Purchaser" means a person who (i) purchases any portion of the subject property after the city incurs abatement costs or enforcement costs and (ii) at the time he or she acquired his or her portion of the subject property did not have actual or constructive knowledge of the city's interest in the property.

(d) "Disturbance" shall include conduct in violation of Fresno Municipal Code sections 8-305, 8-306, and 8-503, as amended.

(e) "Enforcement Costs" means all actual and reasonable costs incurred by the city to enforce compliance with any State or city public health and safety law that does not involve the existence of a public nuisance. These costs include, but are not limited to, actual cost of the enforcing department's services including, but not limited to, costs of personnel, including costs of workers compensation benefits, fringe benefits, administrative overhead, costs of equipment, costs of materials, costs related to investigations pursuant to the Code or State law, costs related to issuing and defending administrative citations, and costs incurred investigating and abating violations of the Code or State law violations.

(f) "Enforcing Department" means the department or division of the city that directed and is responsible for the enforcement of the Code or State law or the abatement of a public nuisance or violation of the Code or State law.

(g) "Noticed Party" means the person or entity that is required to be noticed in the underlying abatement or enforcement action in which costs were incurred, but in all cases must include the record owner(s) of the property. A "Noticed Party" must be notified for purposes of cost or penalty recovery in the same manner as they were

required to be noticed, either by Code or State law, in the abatement or enforcement action which resulted in the incurring of costs or penalties sought to be recovered under this article, and shall include notification by certified mail.

(h) "Penalties" means fines imposed by administrative citations issued under authority of the Code. "Penalties" for purposes of this article do not include criminal fines.

(i) "Public Nuisance" means a public nuisance as declared or defined by any provision of the Code, including, but not limited to the Waste Collection and Disposal Ordinance of the City of Fresno (Chapter 9, Article 5), the Public Nuisance Abatement Ordinance (Chapter 10, Article 7), the Street Trees and Parkways Ordinance (Chapter 13, Article 3), the Land Use Planning and Zoning Ordinance (Chapter 12), the Sign Ordinance (Chapter 12), the Fresno Housing Regulations (Chapter 11, Article 3), the Dangerous Building Ordinance (Chapter 11, Article 4), the Management of Real Property Ordinance (Chapter 10, Article 8), and Disturbance as defined within this section.

(j) "Record Owner" shall mean the person to whom land is assessed as shown on the last equalized assessment roll or the supplemental roll, whichever is more current.

(k) "Responsible Party" means a person or entity identified by the Code or law as responsible for creating, causing, committing, or maintaining the violation of the Code or law and or responsible for the abatement of a Code or law violation, including public nuisance, as defined in this section.

(l) "Subject Property" means the real property that is the subject of any enforcement or abatement action by the city for which the city incurred costs sought to be recovered under this article.

(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2003-66, § 1, eff. 8-23-03; Am. Ord. 2005-14, §§ 2—5, 50, 51, eff. 4-9-05; Am. Ord. 2005-22, § 4, eff. 4-16-05; Am. Ord. 2005-101, § 3, eff. 10-29-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-504. RECOVERING ABATEMENT AND ENFORCEMENT COSTS AND PENALTIES.

The cost of abating a public nuisance and or enforcing the Code or State law shall either be a lien on the subject property, a special assessment against the subject property, or the personal obligation of the owner of the subject property and/or the person responsible for creating, causing, committing or maintaining the public nuisance or violating the Code or State law. Costs incurred by the city are recoverable even if a public nuisance or Code violation is corrected by the property owner or other responsible party. This article shall govern the procedures used to recover all abatement and enforcement costs incurred by the city in the abatement of a public nuisance or Code violation and/or the enforcement of the Code or law pursuant to the procedures and authority found in this Code. Additionally, this article shall govern the procedures used to recover administrative penalties imposed pursuant to the procedures and authority found in this Code. The above notwithstanding, the remedies provided in this article shall be cumulative to any other provided in this Code or by law.

Nothing in this article shall prevent the city at any time from accepting payment for unpaid costs or penalties in whole or by way of a payment plan, provided the rules on debts owing to the city are complied with as may be required in the Code.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2003-66, § 1, eff. 8-23-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-505. INVOICE OF COSTS.

(a) The enforcing department shall keep an itemized account of the abatement and or enforcement costs incurred by the city.

(b) The enforcing department may invoice the noticed party for the costs incurred by the city.

(c) The invoice shall notify the noticed party of the following:

(i) A description of the abatement or enforcement action taken by the city, a description of the property subject to the abatement or enforcement, and the total amount of the costs incurred by the city;

(ii) That should the noticed party fail to pay the costs within thirty days from the date of service of the invoice and the costs may be collected in any or all of the following ways: by a collection agency as a personal obligation, by the City Attorney's Office through judicial action, as a lien attached to the subject property, or as a special assessment on the subject property;

(iii) That before a lien or special assessment is placed on the subject property, an administrative hearing officer will confirm the costs by a public hearing. A notice will be issued at least fifteen days before the public hearing and he or she will be allowed to file an objection before the public hearing with the City Clerk.

(iv) That the invoice may be recorded as a Notice of Costs in the Fresno County Recorder's Office.

(d) Recording. The enforcing department may record the invoice as a Notice of Costs in the County Recorder's Office. The record owners or any other interested party may appeal the recording of the Notice of Costs to the City Hearing Officer at any time under the procedures found in Article 5 of Chapter 1. Once payment is received for the outstanding costs, or there has been a successful appeal to the City Hearing Officer, and no further action will be taken under this article, the enforcing department shall record a Notice of Satisfaction. The Notice of Satisfaction under this subsection shall be filed with a copy of the original invoice of costs and shall state that no further action by the city will be taken to collect the costs referred to in the invoice of costs.

(e) This section is inapplicable to the collection of unpaid administrative penalties.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-506. PUBLIC HEARING TO CONFIRM COSTS.

Before the city may collect costs or penalties under the procedures provided for liens or special assessments under this article, the costs or penalties must be confirmed by an administrative hearing officer in a public hearing under the procedures and requirements found in this section.

(a) Report. The enforcing department shall prepare and file a report with the City Clerk that includes a description of the abatement and or enforcement action taken by the city; a statement as to whether the monies to be collected are abatement costs, enforcement costs, or penalties; a statement as to whether the monies are to be collected as a lien or as a special assessment under this article; the itemized and total account of the costs or penalties; and a description of the subject property. Once the report is filed, the City Clerk shall deliver the report to the administrative hearing officer and set a date and time when the administrative hearing officer shall pass upon the report. Any such report may include costs or penalties on any number of properties, whether or not contiguous to each other.

(b) Notice. Notice of the public hearing shall be provided to all noticed parties by the enforcing department at least fifteen days before the hearing is scheduled. The Notice shall contain a description of the subject property sufficient to enable the person(s) served to identify it; shall state that the city intends to collect unpaid costs or penalties by placing a lien or a special assessment on the subject property; shall specify the day, hour and place where the administrative hearing officer will hear and pass upon the report and any objections or protests that have been submitted to the City Clerk; shall specify that the property may, in some cases, be sold after three years by the tax collector for unpaid delinquent assessments or be subject to judicial foreclosure before the three years; shall specify that if they intend to protest the amount of the costs they may file a written protest with the City Clerk at least twenty-four hours before the time set for the hearing on the report. Notice shall also be published by the City Clerk at least one time, at least fifteen days before the date set for the hearing, in a daily newspaper published and circulated in the city.

(c) Protests. Any interested person wanting to protest the amount of the costs must file a written protest with the City Clerk. The protest may be filed at any time up until twenty-four hours before the time set for the hearing on the report. Each such protest shall contain a description of the property as provided in the Notice of the Public Hearing. The City Clerk shall deliver the protests to the administrative hearing officer.

(d) Hearing. At the date and time fixed for the hearing to pass on the report and confirm the costs or penalties for a lien or special assessment by the administrative hearing officer, the administrative hearing officer shall consider the report of the enforcing department, together with any filed protests. The scope of review of the hearing shall be limited to the amount of the costs or penalties when there has already been an opportunity for a hearing for the underlying violation. The administrative hearing officer may make such revisions, corrections or modifications in the report as may be

just and reasonable, provided that the hearing officer may only reduce the city's actual costs upon a showing that the costs were unnecessary or unreasonable. The administrative hearing officer may adjourn the hearing from time to time. Upon the close of the hearing, the administrative hearing officer shall have confirmed the original, revised, corrected or modified report or have set the matter for an additional hearing. Any decision by the Hearing Officer on the report and protests shall be final.

(e) Administrative Hearing Officer. Public hearings under this section shall be conducted by an administrative hearing officer selected in accordance with the Administrative Hearing Ordinance in Chapter 1, Article 4.

(f) Prior Hearing. There is no right to a public hearing if the costs have already been confirmed by a court of competent jurisdiction. There is no right to a public hearing to confirm penalties under this section if they have been previously upheld in a hearing under Chapter 1, Article 4. In such a case, the Hearing Officer shall confirm the costs and or penalties for a lien or special assessment based upon adequate proof presented by city staff of the previous judgment and or hearing decision.

(g) Contest of Confirmed Special Assessment or Lien. The validity of any lien or special assessment levied under the provisions of this article shall not be contested in any action or proceeding unless such action or proceeding is commenced within thirty days after the lien or special assessment is confirmed by the administrative hearing officer in a final decision.

(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2005-14, § 21, eff. 4-9-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-507. RECOVERY OF PENALTIES.

Administrative penalties unpaid after thirty days from issuance of the citation or, if the citation is appealed, thirty days from the date a penalty is upheld under Section 1-406(f), may be collected using the procedures found in Sections 1-510, 1-511, and 1-512. To collect penalties using the procedures found in Section 1-511 or 1-512, the city must follow the procedures in Section 1-506. The city is not required to send an invoice under Section 1-505. Penalties collected under the procedures found in Sections 1-511 and 1-512 may only be made a lien upon a subject property when the record owner of the subject property was issued and properly noticed with the citation. Any lien attached to property under the procedures in this article to collect unpaid penalties shall have the priority of a judgment lien, and not a tax lien, unless otherwise provided by State law. The Master Fee Schedule may provide for additional penalties to be added to unpaid citations.

(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-508. RECOVERY OF ENFORCEMENT COSTS.

Enforcement costs may be recovered using the procedures found in Sections 1-510, 1-511, and 1-512. To collect costs under the procedures found in Sections 1-511 and 1-512, the city must send an invoice under Section 1-505 and follow the procedures in Section 1-506. Any lien

attached to property to collect enforcement costs under the procedures provided in Sections 1-511 and 1-512 shall have the priority of a judgment lien, and not a tax lien, unless otherwise provided by State law.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-509. RECOVERY OF ABATEMENT COSTS.

Abatement costs may be recovered using the procedures found in Sections 1-510, 1-511, and 1-512. To collect costs under the procedures found in Sections 1-511 and 1-512, the city must send an invoice under Section 1-505 and follow the procedures in Section 1-506. A lien attached to property to collect abatement costs under the procedures in Section 1-511 shall have the priority of a judgment lien, and not a tax lien, unless otherwise provided by State law. A special assessment lien attached to property to collect abatement costs under the procedures in Section 1-512 shall have the priority of a tax lien, unless otherwise required by State law.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-510. PERSONAL OBLIGATION.

Any costs or penalties subject to collection under this article may be recovered as a personal obligation against the responsible party and may be referred to a collection agency or the City Attorney's Office for collection. Upon referral of these costs and obligations, the collection agency and the City Attorney's Office may seek collection through any legal means provided to them, including judicial action. Nothing in this section shall be affected by or affect the city's use of any other procedure provided in this article or by law to collect unpaid costs and penalties. In a judicial action to recover abatement costs, the City Attorney's Office may elect to recover attorney's fees. In any action in which the City Attorney's Office elects to recover attorney's fees under this section, attorney's fees will be recovered by the prevailing party. The City Attorney shall take action to obtain a personal judgment, in addition to any liens, for unpaid penalties, costs, fines, and any other form of damages due to the City when the amounts owed exceed $1,000, the amounts reasonably appear to be collectible, and it will be cost effective to pursue judgment and collection.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2015-32, § 4, eff. 11-19-15).

SEC. 1-511. LIEN.

(a) Recording Notice of Lien; Creation of the Lien. Upon the administrative hearing officer confirming the costs or penalties under the requirements of Section 1-506 for a lien under this section, the enforcing department shall execute and file in the Fresno County Recorder's Office a Notice of Lien. The Notice shall be indexed in the grantor-grantee index. Immediately upon the recording of the Notice of Lien, the confirmed costs or penalties shall be a lien on the property.

(b) Form of Notice of Lien for Abatement or Enforcement Costs. The Notice of Lien on a lien to collect abatement or enforcement costs shall be in substantially the following format:

NOTICE OF LIEN

Pursuant to the authority vested in the City of Fresno by the provisions of Article _____ of Chapter _____ of the Fresno Municipal Code, the city did on or about the _____ day of _____, 20____, [short description of city actions] to [abate a nuisance/enforce the Fresno Municipal Code] on the real property described below ("Subject Property"), and an administrative hearing officer did on the _____ day of _____, 20____, confirm the costs of such [abatement/enforcement] on the Subject Property, and the costs have not been paid, and the City of Fresno claims a lien on the Subject Property in the amount of _____ Dollars ($_____). The lien shall be on the property until the amount is paid, plus legal rate of interest to be accrued from the date of recording this Notice, and any and all administrative costs to file and record the lien. The claimed lien shall have the priority of a judgment lien and shall attach on the date of the recording of this Notice. The Subject Property upon which the lien is placed is located at _____ in the City of Fresno, County of Fresno, State of California, more particularly described as APN # _____ and:

[LEGAL DESCRIPTION OF PROPERTY]

The record owner(s) of the Subject Property is/are _____, who reside(s) at _____.

Dated: This _____ day of _____, 20____.

_____

[name of Enforcing Department]

Director of the City of Fresno

(c) Format of Notice of Lien for Penalties. The Notice of Lien for a lien to collect unpaid penalties shall be substantially in the following format:

NOTICE OF LIEN

Pursuant to the authority vested in the City of Fresno by the provisions of Article 4 of Chapter 1 of the Fresno Municipal Code, the city did on or about the _____ day of _____, 20____, issue a citation to the record owner(s) of the real property described below ("Subject Property") for a violation of the Fresno Municipal Code existing upon the Subject Property, and an administrative hearing officer did on the _____ day of _____, 20____, confirm the penalties imposed by the citations for a lien on the Subject Property, and the confirmed penalties have not been paid, and the City of Fresno claims a lien on the Subject Property in the amount of _____ Dollars ($_____). The lien shall be on the property until the amount is paid, plus legal rate of interest to be accrued from the date of recording this Notice, and any and all administrative costs to file and record the lien. The claimed lien shall have the priority of a judgment lien and shall attach on the date of recording this Notice. The Subject

Property upon which a lien is claimed is located at _____ in the City of Fresno, County of Fresno, State of California, and is more particularly described as APN # _____ and:

[LEGAL DESCRIPTION OF PROPERTY]

The record owner(s) of the Subject Property is/are _____, who reside(s) at _____.

Dated: This _____ day of _____, 20____.

_____

[name of Enforcing Department]

Director of the City of Fresno

(d) Foreclosure; Exception. A lien imposed under this section may be foreclosed at any time by an action brought by the city for a money judgment. The city may recover from the record property owners any costs incurred regarding the processing and recording of the lien and providing notice to the property owner as part of its foreclosure action to enforce the lien. A foreclosure may not be made under this section on an owner-occupied residential dwelling.

(e) Priority. A lien imposed under this section shall have the priority of a judgment lien, and not a tax lien, unless otherwise provided by State law. If State law allows a lien with a different priority, the enforcing department shall so specify in the Notice of Lien to be recorded with the county.

(f) Release of Lien. Once payment in full is received for the lien, including applicable penalties, administrative fees and interest charges; the amount is deemed satisfied pursuant to a subsequent administrative or judicial order; or the amount is written off pursuant to procedures provided in Chapter 7, Article 9, the enforcing department shall either record a Notice of Satisfaction or provide the property owner or financial institution with the Notice of Satisfaction so they can record the Notice with the Fresno County Recorder's Office. The Notice of Satisfaction shall include the same information as provided in the original lien. Such Notice of Satisfaction shall cancel the lien. The Notice of Satisfaction shall be indexed in the grantor-grantee index.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-512. SPECIAL ASSESSMENT.

(a) Recording Special Assessment Lien; Creation of Lien. Immediately upon the hearing officer's confirmation of costs or penalties for a special assessment under Section 1-506, the enforcing department shall record a Notice of Special Assessment with the Fresno County Recorder's Office. Immediately upon recording the Notice of Special Assessment, the Special Assessment shall become a lien upon the subject property, except that if any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of taxes that included the special assessment imposed under this section would become delinquent, then the lien that would otherwise be imposed by this section shall not attach to real property and the costs of abatement and enforcement relating to the property shall be transferred to the unsecured roll for collection. The Notice of Special Assessment shall be indexed in the grantor-grantee index.

(b) Form of Notice of Special Assessment. The form of the Notice of Special Assessment shall be substantially in the following form:

NOTICE OF SPECIAL ASSESSMENT

Pursuant to the authority vested in the City of Fresno by the provisions of Article _____ of Chapter _____ of the Fresno Municipal Code, the city did on or about the _____ day of _____, 20____, [short description of city's action(s)] to [abate a nuisance/enforce the Fresno Municipal Code] on the real property described below ("Subject Property"), and an administrative hearing officer did on the _____ day of _____, 20____, assess the cost of such [abatement /enforcement] on the Subject Property, and the assessment has not been paid, and the City of Fresno claims a lien on the Subject Property in the amount of _____ Dollars ($_____). The lien shall be on the property until the amount is paid, plus legal rate of interest to be accrued from the date of recording this lien, and any and all administrative costs to file and record the lien. The claimed lien having been created to collect for [abatement/enforcement] costs shall have the priority of a [tax/judgment] lien and shall attach upon the recording of this Notice. The Subject Property may be sold after 3 years pursuant to Revenue and Tax Code §3691 for unpaid delinquent assessments. The subject property upon which the lien is claimed is located at _____ in the City of Fresno, County of Fresno, State of California, and is more particularly described as APN #_____ and:

[LEGAL DESCRIPTION OF PROPERTY]

The record owner(s) of the Subject Property is/are _____, who reside(s) at _____.

Dated: This _____ day of _____, 20____.

_____

[name of Enforcing Department]

Director of the City of Fresno

(c) Form of Notice of Special Assessment for Penalties. The form of the Notice of Special Assessment for unpaid penalties shall be substantially in the following form:

NOTICE OF SPECIAL ASSESSMENT

Pursuant to the authority vested in the City of Fresno by the provisions of Article 4 of Chapter 1 of the Fresno Municipal Code, the city did on or about the _____ day of _____, 20____, issue a citation to the record owner(s) of the real property described below ("Subject Property") for a violation of the Fresno Municipal Code existing upon the Subject Property. The record owner(s) have not paid the penalties issued in the citations, and an administrative hearing officer did on the _____ day of _____, 20____, assess these unpaid penalties on the Subject Property. The assessment has not been paid and the City of Fresno claims a lien on the Subject Property in the amount of _____ Dollars ($_____). The lien shall be on the property until the amount is paid, plus legal rate of interest to be accrued from the date of recording this lien, and any and all administrative costs to file and record the lien. The claimed lien having been assessed to collect

for unpaid penalties shall have the priority of a judgment lien and shall attach upon the recording of this Notice. The subject property upon which the lien is claimed is located at _____ in the City of Fresno, County of Fresno, State of California, and is more particularly described as APN #_____ and:

[LEGAL DESCRIPTION OF PROPERTY]

The record owner(s) of the Subject Property is/are _____, who reside(s) at _____.

Dated: This _____ day of _____, 20____.

_____

[name of Enforcing Department]

Director of the City of Fresno

(d) Filing Special Assessment. In addition to recording the Notice of Special Assessment, the enforcing department shall prepare and file a certified copy of the special assessment with the Fresno County Auditor. The special assessment shall be delivered to the County Auditor before the date fixed by law or by the County Auditor for the delivery of the assessment book to the County Board of Equalization.

(e) Collection with Taxes. After filing the special assessment with the County Auditor, the County Tax Collector may collect the amount of the special assessment at the same time and in the same manner as ordinary municipal taxes, and impose the same penalties and procedures, including the sale of the property, in case of delinquency, as provided for ordinary municipal taxes. All laws applicable to the levy, collection and enforcement of property taxes shall be applicable to the special assessment. If the property is assessed for nuisance abatement costs, the property may be sold for delinquent taxes in three years pursuant to Revenue and Taxation Code Section 3691, with the exception of owner-occupied residential dwellings.

(f) Release of Special Assessment and Lien. Once payment in full is received for the special assessment, including applicable penalties, administrative fees and interest charges; the amount is deemed satisfied pursuant to a subsequent administrative or judicial order; or the amount is written off pursuant to procedures provided in Chapter 7, Article 9, the enforcing department shall either record a Notice of Satisfaction with the Fresno County Recorder or provide the property owner or financial institution with the Notice of Satisfaction so they can record this Notice with the Fresno County Recorder's Office. The Notice of Satisfaction shall include the same information as provided in the original Notice of Special Assessment. Such Notice of Satisfaction shall cancel the lien created under this section. In addition to recording the Notice of Satisfaction, the city shall file a Notice with the County Auditor to strip the assessment from the tax rolls. The Notice of Satisfaction shall be indexed in the grantor-grantee index.

(g) Refund. The Council may order a refund of all or part of a tax paid pursuant to this section if it finds that all or part of the tax has been erroneously levied. A tax or part thereof shall not be refunded unless a claim is filed with the City Clerk on or before November 1 after the tax became due and payable. The claim shall be verified by the person who paid the tax, or his/her guardian, executor or administrator.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-513. RECOVERY OF GRAFFITI ABATEMENT COSTS.

(a) Application. This section is intended to implement the provisions of Sections 38772, 38773.2, and 38773.6 of the California Government Code making the costs of abatement of a nuisance caused by graffiti of personal or real property a lien or special assessment on the real property of a minor or other person causing the graffiti or the parent or guardian of the minor.

(b) Definitions. For purposes of this section the terms "graffiti," "expense of abatement," "minor," "other person," and "responsible person" have the same meaning as specified in Chapter 9, Article 25 of this Code and Government Code Sections 38772, 38733.2, and 38773.6.

(c) Procedures. The procedures to assess or lien property under this section shall be those provided in this article unless otherwise provided in this section or in Government Code Sections 38772, 38733.2, and 38773.6.

(d) Notices. All notices required or allowed under this article shall be provided to all record owners of the real property that will be subject to the special assessment or lien. The invoice of costs, under Section 1-605, shall notify the minor or other person causing the graffiti, or the parent or guardian of the minor that caused the graffiti that should the invoiced costs go unpaid under that section, the property owned by them shall be subject to a lien or special assessment.

(e) Form of Notice of Graffiti Abatement Lien. The Notice of Graffiti Abatement Lien shall be in substantially the following form:

NOTICE OF GRAFFITI ABATEMENT LIEN

Pursuant to the authority vested in the City of Fresno by the provisions of Article 1 of Chapter 8 of the Fresno Municipal Code and Government Code Sections 38772 and 53069.3, the city did on or about the _____ day of _____, 20____, cause the abatement of graffiti on public or private, real or personal property. _____ is/are the record owner(s) of the premises described below ("Subject Property") and is the minor/person causing graffiti/parent or guardian of the minor who caused the graffiti. An administrative hearing officer did on the _____ day of _____, 20____, confirm the costs of the graffiti abatement, and the costs have not been paid, and the said City of Fresno claims a lien on the Subject Property in the amount of _____ Dollars ($_____) under Government Code Section 38773.2. The lien shall be on the property until the amount is paid, plus legal rate of interest to be accrued from the date of recording this lien, and any and all administrative costs to file and record the lien. The claimed lien having been imposed to collect for graffiti abatement costs shall have the priority of a

judgment lien and shall attach upon the recording of this Notice. The Subject Property upon which the lien is claimed is located at _____ in the City of Fresno, County of Fresno, State of California, and is more particularly described as APN #_____ and:

[LEGAL DESCRIPTION OF PROPERTY]

The record owner(s) of the Subject Property is/are _____, who reside(s) at _____.

Dated: This _____ day of _____, 20____.

_____

[name of Enforcing Department]

Director of the City of Fresno

(f) Form of Graffiti Abatement Special Assessment. The form for a special assessment for graffiti abatement shall be in substantially the following form:

NOTICE OF GRAFFITI ABATEMENT SPECIAL ASSESSMENT

Pursuant to the authority vested in the City of Fresno by the provisions of Article 1 of Chapter 8 of the Fresno Municipal Code and Government Code Sections 38772 and 53069.3, the city did on or about the _____ day of _____, 20____, cause the abatement of graffiti on public or private, real or personal property. _____ is/are the record owner(s) of the premises described below ("Subject Property") and is the minor/person causing graffiti/parent or guardian of the minor who caused the graffiti. An administrative hearing officer did on the _____ day of _____, 20____, assess the cost of the graffiti abatement on the Subject Property under Government Code Section 38773.6, and the assessment has not been paid, and the City of Fresno claims a lien on the Subject Property in the amount of _____ Dollars ($_____). The claimed lien having been assessed to collect for graffiti abatement costs shall have the priority of a tax lien and shall attach upon the recording of this Notice. The lien shall be on the property until the amount is paid, plus legal rate of interest to be accrued from the date of recording this lien, and any and all administrative costs to file and record the lien. The Subject Property may be sold after three years pursuant to Revenue and Tax Code § 3691 for unpaid delinquent assessments. The Subject Property upon which the lien is claimed is located at _____ in the City of Fresno, County of Fresno, State of California, and is more particularly described as APN #_____ and:

[LEGAL DESCRIPTION OF PROPERTY]

The record owner(s) of the Subject Property is/are _____, who reside(s) at _____.

Dated: This _____ day of _____, 20____.

_____

[name of Enforcing Department]

Director of the City of Fresno
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-514. SUBSEQUENT CIVIL OR CRIMINAL JUDGMENT.

Under the provisions of Government Code Section 38773.7, upon entry of a second or subsequent civil or criminal judgment within a two-year period finding that an owner of property or a minor or other person causing graffiti is responsible for either a public nuisance or graffiti, except for conditions abated pursuant to Health and Safety Code Section 17980, the court may order that person to pay treble the costs of the abatement.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-515. REPAIR AND DEMOLITION FUND.

Any monies recovered under this article for costs incurred in the repair, rehabilitation or demolition of substandard and/or dangerous buildings as set forth in Chapter 11 shall be paid when collected to the Controller and Director of Finance, who shall place the same in the Repair and Demolition Fund as provided in Chapter 11.
(Added Ord. 2002-51, § 23, eff. 10-31-02; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 1-516. BLIGHTED BUILDING FUND.

All penalties collected from administrative citations issued for the keeping, maintaining, or owning of a blighted building, as defined in the Public Nuisance Abatement Ordinance in Chapter 10, Article 7, shall be placed in a special fund to be known as the "Blighted Building Fund" and shall be used solely for enforcement and/or abatement of blighted buildings under the Public Nuisance Abatement Ordinance.
(Added Ord. 2003-17, § 2, eff. 4-22-03; Added Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 6 CITY ATTORNEY SUBPOENA POWER

Sec. 1-601. Enforcement of Local Laws.
Sec. 1-602. Enforcement of Federal or State Law.
Sec. 1-603. Enforcement.

SEC. 1-601. ENFORCEMENT OF LOCAL LAWS.

(a) In investigating any matter where the City Charter, this Code or any other ordinance of the City grants or affords to the City Attorney the duty or power to investigate, enforce, or prosecute a matter, the City Attorney shall have the power to inspect, upon reasonable notice, all papers, books accounts, records, documents and other items that may be relevant to the City Attorney's investigation, enforcement action or prosecution.

(b) The City Attorney shall also have the power to issue subpoenas for the attendance of witnesses, to compel their attendance and testimony, to administer oaths and affirmations, to take evidence, and to issue subpoenas for the production of any papers, books, accounts, records, documents or other items that may be relevant to the City Attorney's investigation, enforcement action or prosecution.

(c) The City Attorney may exercise these powers prior to or following the filing of any civil, criminal, or administrative action to the fullest extent permitted by law.
(Added Ord. 2024-010, § 1, eff. 5-10-24).

SEC. 1-602. ENFORCEMENT OF FEDERAL OR STATE LAW.

(a) Unless otherwise prohibited by federal or state law, in investigating, enforcing or prosecuting any matter where federal or state law grants or affords to the City Attorney, the duty or power to investigate, enforce, or prosecute any matter under federal or state law, the City Attorney shall have the power to inspect, upon reasonable notice, all papers, books, accounts, records, documents or other items that may be relevant to the City Attorney's investigation, enforcement action or prosecution.

(b) The City Attorney shall also have the power to issue subpoenas for the attendance of witnesses, to compel their attendance and testimony, to administer oaths and affirmations, to take evidence, and to issue subpoenas for the production of any papers, books, accounts, records, documents or other items that may be relevant to the City Attorney's investigation, enforcement action or prosecution.

(c) The City Attorney may exercise these powers prior to or following the filing of any civil, criminal, or administrative action to the fullest extent permitted by law. The City Attorney shall notify Council of all subpoenas issued.
(Added Ord. 2024-010, § 1, eff. 5-10-24).

SEC. 1-603. ENFORCEMENT.

If any person refuses or fails to comply with a subpoena of the City Attorney issued pursuant to this Article, the City Attorney may petition any court of competent jurisdiction

for an order compelling the person to attend and testify or produce the books, papers, records, accounts, documents, or other items required by the subpoena before the officer named in the subpoena.
(Added Ord. 2024-010, § 1, eff. 5-10-24).

***Editor's note—**Ord. No. 2007-55, §§ 3 and 5, effective September 4, 2007, amended the Code by repealing former Ch. 2, §§ 2-101—2-108, 2-201—2-209, 2-301—2-320, 2-401, 2-501—2-505, 2-601—2-612, 2-701, 2-702, 2-801, 2-901—2-903, 2-1001—2-1003, 2-1101—2-1106, 2-1201—2-1214, 2-1301—2-1307, 2-1401—2-1411, 2-1501—2-1506, 2-1601, 2-1602, 2-1701 and 2-1702, and adding a new Ch. 2. Former Ch. 2 pertained to similar subject matter. Original history information has been retained with the appropriate section, where possible.

ARTICLE 1 IMPLEMENTATION OF MAYOR-COUNCIL FORM OF GOVERNMENT

Sec. 2-101. Mayor-Council Form of Government.
Sec. 2-102. Continuance of Laws.
Sec. 2-103. Council Actions Subject to Mayor's Veto and Reconsideration.
Sec. 2-104. Procedure for Veto Process.
Sec. 2-105. Procedure for Reconsideration Process.
Sec. 2-106. Single Action Rule.
Sec. 2-107. Other Action Subject to the Mayor's Veto or Request For Reconsideration.

SEC. 2-101. MAYOR-COUNCIL FORM OF GOVERNMENT.

In accordance with Section 1503 of the Charter of the City of Fresno, this article implementing the Mayor-Council form of government shall become operative on January 7, 1997.
(Added Ord. 96-68, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-102. CONTINUANCE OF LAWS.

All provisions in this code, uncodified ordinances, resolutions, and other rules and regulations now in force and not in conflict or inconsistent herewith are continued in force until they have been repealed, amended, or superseded by proper authority.
(Added Ord. 96-68, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-103. COUNCIL ACTIONS SUBJECT TO MAYOR'S VETO AND RECONSIDERATION.

This article sets forth the procedures to be followed relating to actions taken by Council which are subject to the Mayor's veto and the Mayor's request for reconsideration.
(Added Ord. 96-68, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-104. PROCEDURE FOR VETO PROCESS.

(a) Clerk's Duties. Upon the adoption of a resolution or ordinance subject to the Mayor's veto, the City Clerk shall retain the original of the ordinance or resolution and forward a copy of the item to the Mayor within 48 hours. The City Clerk shall attach a transmittal memorandum as a cover to the resolution or ordinance. The transmittal memorandum shall include, but not be limited to, the date of adoption, the title of the resolution or ordinance, tally of vote taken on the item, the final date for the Mayor to file the approved item or written objections and a veto with the City Clerk, space for the Mayor's approval and signature or veto and written objections, space for the City Clerk to record the "date received" of the item received from the Mayor and record whether the item has been expressly approved or vetoed, space for the City Clerk to record the final date for Council to take action to override the veto, and space for the City Clerk to record the date of final passage. The City Clerk shall record the date of final passage as described under subsection (b) of this section or described under subsection (d) of this section on both the transmittal memorandum and on the original resolution or ordinance.

(b) Mayor's Duties. Upon receipt of a resolution or ordinance subject to the Mayor's veto, the Mayor may consider the item for approval or veto. If the Mayor vetoes the resolution or ordinance, the Mayor must file the veto with written objections within 10 days of receiving the resolution or ordinance from the City Clerk. If the Mayor approves the resolution or ordinance, the date of receipt by the City Clerk from the Mayor shall be deemed the date of approval and the date of final passage. In the event the Mayor fails to file an approval or a veto with written objections within the required ten-day time limit, the tenth day shall become the date of final passage.

(c) Council's Duties. If the Mayor files a veto of a resolution or ordinance, the Council may reconsider the vetoed resolution or ordinance and take action thereon. Any Councilmember may request the City Clerk to place the resolution or ordinance on the agenda for an override vote. The resolution or ordinance must be placed on the Council's agenda in accordance with the Ralph M. Brown Act, Government Code Sections 54950, et seq. An override action must be taken within 30 days from the date the Mayor files a veto of the resolution or ordinance with the City Clerk. The Council may vote on the resolution or ordinance with or without deliberation.

(d) Enactment Over Veto. Any resolution or ordinance vetoed by the Mayor which receives the vote of five or more Councilmembers shall be deemed adopted notwithstanding the Mayor's veto. The date of approval shall be deemed the date of final passage. If the Charter or other superseding law requires more than five votes for the adoption or approval of any resolution or ordinance, such larger vote shall be required to overcome the veto. If a vetoed ordinance or resolution is not overridden within 30 days of the veto, the resolution or ordinance is deemed disapproved.
(Added Ord. 96-68, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-105. PROCEDURE FOR RECONSIDERATION PROCESS.

(a) Clerk's Duties. Upon the Council's decision not to approve a resolution or ordinance subject to the Mayor's request for reconsideration, the City Clerk shall retain the original and forward a copy of the item to the Mayor within 48 hours. A decision not to approve shall include a tie vote, a vote taken which fails to receive a majority of votes, and a vote taken which fails to receive a specific number of votes or a super majority vote required by the charter or other applicable law. The City Clerk shall attach a transmittal memorandum as a cover to the resolution or ordinance. The transmittal memorandum shall include, but not be limited to, date of disapproval, the title of the resolution or ordinance, tally of any votes taken on the item, the final date for the Mayor to file a request for reconsideration with the City Clerk, space for the Mayor to record his/her request for reconsideration, space for the City Clerk to record the "date received" of the Mayor's request for reconsideration, space for the City Clerk to record the final date for Council to reconsider the item, space for the City Clerk to record the vote on reconsideration, and space to record the date of final passage, if applicable. The City Clerk shall immediately deliver a copy of the transmittal memorandum to the members of the

Council. After Council's reconsideration, the City Clerk shall record the date of final passage as described under subsection (c) of this subsection on both the transmittal resolution or ordinance or shall record thereon that the item was not adopted after reconsideration.

(b) Mayor's Duties. Within 10 days from Council's decision not to approve a resolution or ordinance which is subject to the Mayor's request for reconsideration, the Mayor may file a written request for reconsideration with the City Clerk. The request must be filed within 10 days from the date the resolution or ordinance was disapproved by the Council.

(c) Council's Duties. If the Mayor files a request for reconsideration, the Council must reconsider the resolution or ordinance and take action thereon within 30 days from the date the Mayor files a written request for reconsideration with the City Clerk. The City Clerk shall place the item for reconsideration on the agenda of the next regular meeting of Council. The resolution or ordinance must be placed on the Council's agenda in accordance with the Ralph M. Brown Act, Government Code Sections 54950 et seq. The Council may vote on the resolution or ordinance with or without deliberation.

(d) Adoption After Reconsideration. Any resolution which has been reconsidered by Council in accordance with this subsection which receives a majority vote shall be deemed adopted. Any ordinance which has been reconsidered by Council in accordance with this subsection which receives the vote of four or more councilmembers shall be deemed adopted. If the Charter or other superseding law requires a higher number of votes for the adoption or approval of any resolution or ordinance, such larger vote shall be required. The date of approval of a resolution or ordinance under this subsection shall be deemed the date of final passage. If a reconsidered resolution or ordinance does not receive the requisite vote, it shall be deemed disapproved. A resolution or ordinance adopted under this reconsideration process, which has not been altered by Council, shall not be subject to the Mayor's veto.
(Added Ord. 96-68, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-106. SINGLE ACTION RULE.

The implementation of the Mayor's veto process and the Mayor's request for reconsideration process shall not be construed to require new notice publication requirements relating to a particular action taken. A matter that has been noticed by local, state, or federal law shall be considered by Council. After Council action, the veto process or the request for reconsideration process shall proceed, if applicable. In the event of a veto or request for reconsideration, the matter shall be placed on Council's agenda. Council shall vote on the resolution or ordinance. Although state law requirements for placing such a matter on the agenda and for allowing the public an opportunity to be heard must be met, such review process does not require new publication of notices as all these proceedings relate to the same subject and are deemed part of a single action.
(Added Ord. 96-68, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-107. OTHER ACTION SUBJECT TO THE MAYOR'S VETO OR REQUEST FOR RECONSIDERATION.

Any action of Council subject to the Mayor's veto or the Mayor's request for reconsideration shall proceed pursuant to the procedures set forth in this article, irrespective of whether the title of the action is a resolution or ordinance.
(Added Ord. 96-68, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 2 COUNCIL DISTRICTS

Sec. 2-201. Title.
Sec. 2-202. Purpose.
Sec. 2-203. Definitions.
Sec. 2-204. Initiation.
Sec. 2-205. Petition.
Sec. 2-206. Proceedings.
Sec. 2-207. Criteria.
Sec. 2-208. Annexations.
Sec. 2-209. Adoption of Council District Map.

SEC. 2-201. TITLE.

This article shall be known as the "Council District Ordinance of the City of Fresno."
(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-202. PURPOSE.

The purpose of this article is to implement Section 304.1 of the Charter by setting forth rules, procedures, principles, objectives, and criteria relating to the determination, redetermination, and modification of Council districts in which each councilmember is required to reside.
(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-203. DEFINITIONS.

(a) Unless the particular provision or context otherwise requires, the definitions contained in this section shall govern the construction, meaning and application of words and phrases used in this article, and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Chapter 1 Article 2 shall also govern this construction, meaning and application of words and phrases used in this article.

(b) "Determination" means the establishment of the boundaries of Council districts and the numbering of such districts by ordinance adopted not less than one hundred twenty days prior to the 1979 general municipal election.

(c) "Modification" means any change by ordinance of the boundaries of Council districts previously established by determination, redetermination, or modification.

(d) "Council District Report" means a written document prepared by the City Manager which provides the Council with information, an analysis of such information, and a recommendation for the determination, redetermination, or modification of the boundaries of Council districts. Such document shall include:

(1) The Council districts proposed to be determined, redetermined, or modified.

(2) Suggested boundaries for those districts to be determined, redetermined or modified.

(3) Such supporting information as the City Manager deems relevant and material, which information may include maps, diagrams, tables, statistics, and public comment.

(e) "Redetermination" means a required review of Council district boundaries upon publication of the 1980 federal census and each decennial federal census thereafter, together with any ordinance the Council may adopt to change the boundaries of Council districts as a result of such required review.
(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 81-157, § 6, eff. 12-11-81; Am. Ord. 87-139, § 1, eff. 11-13-87; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-204. INITIATION.

Proceedings for the determination, redetermination, or modification of any Council district shall be held pursuant to the provisions of Section 2-206. Determination and redetermination proceedings shall be automatically initiated upon the adoption of this article and the publication of each decennial federal census thereafter, and modification proceedings may be initiated at any other time by the filing of a petition pursuant to the provisions of Section 2-205 or by the adoption of a resolution of initiation by the Council at such time as deemed necessary by the Council or at such time as required by Section 1504 of the Charter relating to expansion of Council membership. In addition, the City Manager shall make a recommendation to the Council regarding the population of the city every five years from the date of this ordinance. The Council shall act on this recommendation at a regularly scheduled Council meeting.
(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-205. PETITION.

Proceedings for the modification of any Council district may be initiated by the filing of a petition with the City Clerk in compliance with the provisions of this section.

(a) Contents. A petition shall consist of the following parts:

(1) The names and business or residence addresses of at least one but not more than five proponents of the petition.

(2) A statement and/or map identifying the Council districts to be modified, describing the proposed modification, and containing reasons for such modification.

(3) Qualified signatures of registered voters.

(b) Qualified Signatures. No signature shall be qualified unless personally affixed by the signer who additionally shall affix the date of such signature and his or her:

(1) Printed name.

(2) Residence address, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained.

(3) The number of the Council district in which such residence address is located.

(c) Number of Qualified Signatures. The number of qualified signatures required to initiate proceedings for the modification of any Council district shall be equal in number to not less than 15% of the registered voters residing in a Council district to be affected by the proposed modification, or 10% of the registered voters of the city, according to the County Clerk's last official report of registration to the Secretary of State; provided, that only signatures which were affixed within the last ninety days immediately before the petition is filed with the City Clerk shall be counted.

(d) Ascertainment of Requisite Signatures. Within thirty days from the filing of a petition, the City Clerk shall ascertain whether or not the petition was signed in a timely manner by the requisite number of qualified signatures. The City Clerk shall file with the petition a certificate showing the results of the examination. The City Clerk shall give the proponents a copy of the certificate upon their request.

(e) Insufficient Petition. If the petition contains an insufficient number of signatures on its face, it shall be filed and no further proceedings had thereon. If the petition contains the requisite number of signatures but an insufficient number are qualified, the petition may be supplemented within ten days of the date of the certificate by filing supplementary petitions identical to the petition originally filed, except as to signatures and matters required to be affixed by the signers.

(f) Supplementary Petition. Within ten days after the supplementary petitions are filed, the City Clerk shall make a certificate showing whether or not the petition as supplemented is sufficient.

(g) Insufficient Supplemented Petition. If the certificate shows that the petition as supplemented is insufficient, no action shall be taken thereon and the petition shall remain on file.

(h) Sufficient Petition. If the certificate shows that the petition, together with any supplementary petition, is sufficient, it shall be submitted to the Council at its next regular meeting. The certificate shall contain:

(1) An identification of the Council districts to be modified.

(2) A description of such modification.

(3) Reasons for such modification.

(4) The number of signatures required by this article.

(5) The total number of signatures on the petition.

(6) The number of qualified signatures on the petition.

(7) The number of disqualified signatures on the petition.

(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-206. PROCEEDINGS.

(a) Notice. The City Clerk shall give notice of the initiation of district determination, redetermination, or modification proceedings as follows:

(1) Determination. In the event of proceedings for determination of Council districts, immediately after the adoption of this article.

(2) Redetermination. In the event of proceedings for redetermination of Council districts, immediately after being informed by the City Manager of the publication of the decennial federal census.

(3) Modification. In the event of proceedings for modification of Council districts:

(i) By petition, immediately after a certificate of a sufficient petition is submitted to the Council.

(ii) By Council resolution, immediately after adoption of a resolution of initiation by the Council.

(b) Contents of Notice. The notice of proceedings shall contain the following information:

(1) The manner by which such proceedings were initiated.

(2) A statement that a Council District Report is being prepared by the City Manager.

(3) A statement that public comment may be submitted in writing to the City Manager within fifteen days after publication of the notice.

(c) Manner of Notice. The City Clerk shall give notice of the proceedings by:

(1) Publication at least once in a newspaper of general circulation in the city.

(2) Mailing copies of the notice to any individual, group, or organization which has previously requested such notice.

(d) Council District Report. The City Manager shall prepare, complete, and file a Proposed Council District Report with the City Clerk no later than thirty days after publication of the notice of the proceedings.

(e) Notice of Hearing. The City Clerk shall give notice of the public hearing on the Council District Report by publication at least once in a newspaper of general circulation in the city no later than ten days after the filing of such Report. The City Clerk shall also give notice by mailing copies of the notice to any individual, group, or organization which has previously requested such notice. The notice shall contain the following information:

(1) A statement that proceedings for determination, redetermination, or modification of Council districts, whichever is the event, are being held.

(2) Identification of the Council districts proposed to be determined, redetermined, or modified.

(3) The date, time, and place of the hearing at which the Council District Report will be presented and at which public comment may be given.

(4) A statement that the Council District Report is available for public review in the office of the City Clerk and, if available at other public places for review, the location of such other public places.

(f) Conduct of Council Hearing. The Council hearing shall be conducted pursuant to City Council rules. Within fifteen days following the close of the hearing the Council shall, by ordinance, adopt the boundaries set forth in the Council District Report, or such other boundaries as it deems appropriate considering the criteria set forth in Section 2-207 and the public comment received in accordance with this section.

(g) Failure to give any notice specified in this section shall not invalidate any boundaries fixed in accordance herewith.
(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Am. Ord. 92-51, §§ 1—7, eff. 8-21-92; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-207. CRITERIA.

Council districts are created for the purpose of ensuring more representative government in this city by disbursing the residences of elected representatives throughout the entire community in order to effect the representation of all diverse groups, elements and areas thereof on the legislative body. In order to implement this guiding principle, the following criteria shall be utilized in fixing Council district boundaries:

(a) Conform to State and Federal Law. All districts shall be drawn in conformance with the requirements of the law of the State of California and of the United States including the federal Voting Rights Act of 1965, Section 1973 of Title 42 of the United States Code, as amended.

(b) Communities of Interest. Any identifiable geographic concentration of persons sharing common social, political, and economic interests shall be, insofar as reasonably possible, located within the same Council district.

(c) Population. Population within the districts shall be as nearly equal in population as may be according to the most current of the following:

(1) Population census of the United States Bureau of the Census.

(2) State of California Department of Finance City and County Population Estimates.

(3) Statistics compiled by the Planning and Development Department based on (1) or (2) above.

Any other census, estimate, survey, and population projection may be considered.

(d) Boundary Lines. Unless good cause requires otherwise, Council district boundaries shall be:

(1) Census tract lines of the United States Bureau of the Census;

(2) Streets (excluding alleys), highways, or freeways;

(3) Railroad rights-of-way;

(4) Waterways; or

(5) Natural or artificial barriers.

(e) Contiguous and Compact.

(1) Territory shall be so located in Council districts as to promote contiguity and compactness of such districts.

(2) Territory of a Council district shall be contiguous except as to any territory which is wholly noncontiguous to any Council district upon annexation.

(3) Council districts shall be compact except for any irregularity of the City of Fresno boundaries.

(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Am. Ord. 2001-47, § 1, eff. 7-13-01; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-208. ANNEXATIONS.

Any territory which is annexed or otherwise attached to the city shall be allocated to a Council district pursuant to the provisions of this section, effective upon the completion of such annexation or other proceedings.

(a) Contiguous Territory. If the annexed or otherwise attached territory's boundary is contiguous to the boundary of not more than one Council district, such territory shall be allocated to such Council district. If the territory's boundary is contiguous to the boundaries of two or more Council districts, the City Manager shall make recommendations to the Council for the allocation of all or portions of the territory to council districts based on criteria contained in this ordinance.

(b) Wholly Noncontiguous Territory. If the annexed or otherwise attached territory's boundary is not contiguous with the boundary of any Council district, the distances between the boundaries of such territory and Council districts in the proximity of such territory shall be ascertained, and such territory shall be allocated to the Council district to which the distance is the shortest.

(Added Ord. 78-95, § 1, eff. 6-30-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-209. ADOPTION OF COUNCIL DISTRICT MAP.

(a) The Council adopts that certain map bearing the following identification: COUNCIL DISTRICTS, and establishes seven Council districts and the boundaries thereof as designated on such map. The name of each Council district designated in color on such map and, pursuant to the provisions of Charter Section 304.1, the number of each councilmember's office and the corresponding Council district in which each councilmember is required to reside is as follows:

Color	*Number*
Purple	1
Blue	2
Green	3
Yellow	4
Orange	5
Red	6
Grey	7

(b) Such adopted map, as may be amended from time to time pursuant to this article, shall be known as the "Official Council District Map."

(c) The Official Council District Map shall be kept on file in the City Clerk's Office. The City Clerk shall keep a record of all ordinances amending the Official Council District Map. The Planning and Development Department shall immediately cause designation of such amendments to be placed upon the Official Council District Map. The Official Council District Map as herein adopted and as subsequently amended shall be prima facie evidence of the existence and legality of the Council districts designated thereon. The Planning and Development Department shall maintain the record of the Office Council District Map, including by electronic media, as it may be amended by Council.
(Added Ord. 78-161, §§ 1, 2, eff. 11-24-78; Am. Ord. 87-139, § 1, eff. 11-13-87; Am. Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 3 COUNCIL MEETINGS AND RULES OF ORDER

Sec. 2-301. Regular Meetings.
Sec. 2-302. Special Meetings.
Sec. 2-303. Agenda.
Sec. 2-304. Presiding Officer—Duties.
Sec. 2-305. Call to Order—Presiding Officer.
Sec. 2-306. Roll Call.
Sec. 2-307. Quorum.
Sec. 2-308. Order of Business.
Sec. 2-309. Reading of Minutes.
Sec. 2-310. Rules of Debate.
Sec. 2-311. Addressing the Council.
Sec. 2-312. Manner of Addressing Council—Time Limit.
Sec. 2-313. Silence Constitutes Affirmative Vote.
Sec. 2-314. Decorum.
Sec. 2-315. Persons Authorized Beyond Podium.
Sec. 2-316. Special Committees.
Sec. 2-317. Reading of Ordinances.
Sec. 2-318. Rules of Procedure.
Sec. 2-319. Closed Session Attorney-Client Privilege.

SEC. 2-301. REGULAR MEETINGS.

The Council shall hold regular meetings and shall provide the time, place, and manner of holding its meetings by resolution.
(Rep. and Added Ord. 6033, 1961; based on former Sec. 2-503 and 2-504; Am. Ord. 67-64, 1967; Am. Ord. 69-52, 1969; Am. Ord. 73-113, § 1, eff. 8-26-73; Am. Ord. 73-170, § 1, eff. 11-29-73; Am. Ord. 77-18, § 1, eff. 3-20-77; Am. Ord. 77-87, § 1, eff. 8-26-77; Am. Ord. 90-7, § 1, eff. 2-9-90; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-302. SPECIAL MEETINGS.

Special meetings of the Council may be held at any time upon the call of the President of the Council or, in his/her absence or unwillingness to make such call, upon the call of a majority of the members of said Council. Notice of any such meeting shall be given in accordance with the Ralph M. Brown Act, Government Code Sections 54950 et seq., as amended.
(Rep. and Added Ord. 6033, 1961, based on former Sec. 2-505; Am. Ord. 96-67, § 1, eff. 11-22-96; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-303. AGENDA.

(a) Procedure. All reports, communications, ordinances, resolutions, contract documents, and other matters to be submitted to the Council shall be delivered to the City Clerk prior to 5 p.m. of the fifth business day prior to the Council meeting at which they are to be submitted. The City Clerk shall prepare an agenda of such matters according to the order of business as determined by the Council, and furnish each member of the Council, the Mayor,

the City Manager, City Attorney, and department directors with a copy of the same prior to the Council meeting, and as far in advance of the meeting as time for preparation will permit. No item

shall be submitted to the Council, except in accordance with the foregoing procedure. In accordance with statutory exceptions of the Ralph M. Brown Act, Government Code Section 54950 et seq., as amended, the Council may discuss and consider an item not on the agenda.

(b) State Law. The Agenda shall be posted and prepared in accordance with the Ralph M. Brown Act, Government Code Sections 54950 et seq., as amended.
(Rep. and Added Ord. 6033, 1961; Am. Ord. 6369, 1964; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2009-10, § 1, eff. 4-26-09).

SEC. 2-304. PRESIDING OFFICER—DUTIES.

The President of the Council shall be the presiding officer of the Council. The presiding officer shall preserve strict order and decorum at all regular and special meetings of the Council. The President shall state every question coming before the Council, announce the decision of the Council on all subjects and decide all questions of order, subject to an appeal to the Council, in which event a majority vote of the Council shall govern and conclusively determine such question of order. The President shall vote on all questions, and in roll call votes the President's name shall be called last.
(Rep. and Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-305. CALL TO ORDER—PRESIDING OFFICER.

The President of the Council, or in his or her absence, the Acting President, shall take the chair precisely at the hour appointed for the meeting and shall immediately call the Council to order. In the absence of the President of the Council and Acting President, the City Clerk shall call the Council to order, whereupon a temporary chairperson shall be elected by the members of the Council present. Upon the arrival of the President of the Council or Acting President, the temporary chairperson shall relinquish the chair upon the conclusion of the item of business immediately before the Council.
(Rep. and Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-306. ROLL CALL.

Before proceeding with the business of the Council, the City Clerk or his/her deputy shall call the roll of the members, and the names of those present shall be entered in the minutes.
(Rep. and Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-307. QUORUM.

A majority of all the members elected to the Council shall constitute a quorum at any regular or special meeting of the Council. A vote of the majority of the quorum shall be

sufficient to pass or adopt any motion, order or resolution, other than an ordinance or a resolution required by the Charter or other applicable law to have a greater vote for adoption. (Added Ord. 6033, 1961; based on former Sec. 2-506; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-308. ORDER OF BUSINESS.

All meetings of the Council shall be open to the public, except closed sessions permitted under the Ralph M. Brown Act, and Government Code Sections 54950 et seq., as amended. Promptly at the hour set on the day of each regular meeting, the members of the Council, the City Manager, the City Clerk, and the City Attorney shall take their regular stations in the Council Chamber, and the business of the Council shall be taken up for consideration and disposition in the order determined by Council resolution. Such order of business may be altered in any particular instance with the approval of the Council.
(Added Ord. 6033, 1961; Am. Ord. 6704, 1965; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-309. READING OF MINUTES.

Unless a reading of the minutes of a Council meeting is requested by a member of the Council, such minutes may be approved without reading if the Clerk has previously furnished each member with a copy thereof.
(Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-310. RULES OF DEBATE.

(a) Presiding Officer May Debate And Vote. The President of the Council or such other member of the Council as may be presiding may move, second and debate from the chair, subject only to such limitations of debate as are by Council Resolution or this Section imposed on all members.

(b) Getting The Floor—Improper References To Be Avoided. Every member desiring to speak shall address the chair, and, upon recognition by the presiding officer, shall confine any comments to the question under debate, avoiding all personalities and indecorous language.

(c) Interruptions. A member, once recognized, shall not be interrupted when speaking unless it be to call him or her to order, or as herein otherwise provided. If a councilmember, while speaking, is called to order, the councilmember shall cease speaking until the question of order is determined, and, if in order, he/she shall be permitted to proceed.

(d) Privilege Of Closing Debate. The Councilmember moving the adoption of an ordinance or resolution shall have the privilege of closing the debate.

(e) Motion To Reconsider. A motion to reconsider any action taken by the Council may be made only on the day such action was taken. It may be made either immediately during the same session, or at a recessed or adjourned session thereof. Such motion must be made by one of the prevailing side, but may be seconded by any member, and may be made at any time and

have precedence over all other motions or while a member has the floor; it shall be debatable. Nothing herein shall be construed to prevent any member of the Council from making or remaking the same or any other motion at a subsequent meeting of the Council so long as the ability to make such motion meets the requirements of applicable laws.

Notwithstanding this subsection, when the Mayor makes a written request for Council reconsideration in accordance with Article 3 of Chapter 2 of this Code and Charter Section 605(d), the Council shall reconsider the action without a motion to reconsider.

(f) Remarks Of Councilmember - When Entered In Minutes. A Councilmember may request, through the presiding officer, the privilege of having an abstract of his or her statement on any subject under consideration by the Council entered in the minutes. If the Council consents thereto, such statement shall be entered in the minutes.

(g) Synopsis Of Debate - When Entered In Minutes. The Clerk may be directed by the presiding officer, with consent of the Council, to enter in the minutes a synopsis of the discussion on any question coming regularly before the Council.
(Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-311. ADDRESSING THE COUNCIL.

Any person desiring to address the Council, at any time, shall first secure the permission of the presiding officer.
(Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-312. MANNER OF ADDRESSING COUNCIL—TIME LIMIT.

Each person addressing the Council shall step up to the microphone. A person addressing the Council will be asked, but not required, to give his or her name and address in an audible tone of voice for the city's records. Unless further time is granted by the Council, speakers will be limited to three minutes. All remarks shall be addressed to the Council as a body and not to any member thereof. Consistent with the American with Disabilities Act, alternative methods of addressing the Council shall be allowed for persons with disabilities. No person, other than the Council and the person having the floor, shall be permitted to enter into any discussion, either directly or through a member of the Council, without the permission of the presiding officer. No question shall be asked a Councilmember except through the presiding officer.
(Added Ord. 6033, 1961; Am. Ord. 73-132, § 1, eff. 10-7-73; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2011-6, § 3, eff. 4-10-11).

SEC. 2-313. SILENCE CONSTITUTES AFFIRMATIVE VOTE.

Unless a member of the Council states that he or she is not voting, silence shall be recorded as an affirmative vote.
(Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-314. DECORUM.

(a) By Councilmembers. While the Council is in session, the members must preserve order and decorum, and a member shall neither, by conversation or otherwise, delay or interrupt the proceedings or the peace of the Council nor disturb any member while speaking or refuse to obey the orders of the Council or its presiding officer, except as otherwise herein provided.

(b) By Persons. While the Council is in session, all persons must preserve order and decorum. No person shall engage in conduct or speech which is designed to or is likely to provoke others to violent or riotous behavior, which disturbs the peace of the meeting by loud and unreasonable noise, which is irrelevant or repetitive, or which disrupts, disturbs or otherwise impedes the orderly conduct of the Council meeting.

(c) Breach of Decorum. The presiding officer shall request that a person who is breaching the rules of decorum cease such conduct. If, after receiving a warning from the presiding officer, a person persists in disturbing the meeting, the presiding officer may order the person to leave the Council meeting. If such person does not leave, the presiding officer may request the Police Department, or City Hall security personnel pending arrival of Police Department personnel, to take appropriate action.

Any person who resists removal may be charged with a violation of this Section and shall be guilty of a misdemeanor.
(Added Ord. 6033, 1961; Am. Ord. 68-56, 1968; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2001-9, § 1, eff. 3-18-01; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-315. PERSONS AUTHORIZED BEYOND PODIUM.

No person, except city officials and their representatives may be permitted beyond the podium in the Council Chamber without the express consent of the Council.
(Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-316. SPECIAL COMMITTEES.

All special committees shall be appointed by the presiding officer, unless otherwise directed by the Council.
(Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-317. READING OF ORDINANCES.

At the time of the adoption of an ordinance after reading of the title, any member of the Council may request the reading of the ordinance in full. If no such request is made, the reading of the ordinance in full shall be deemed to have been waived by the Council. If a member requests the reading of an ordinance in full, its reading can only be waived by a vote of four members of the Council.
(Added Ord. 6033, 1961; Am. Ord. 96-67, § 1, eff. 11-22-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-318. RULES OF PROCEDURE.

The rules set forth in this article shall serve as the primary Rules of Procedure for Council meetings. The Council may supplement those rules by the adoption of Council resolutions. The Council may also use the current edition of ROBERT'S RULES OF ORDER, NEWLY REVISED. It is understood that Robert's Rules are a guide only and may not be used to violate mandatory charter, code, or statutory provisions which may govern a particular matter.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-319. CLOSED SESSION ATTORNEY-CLIENT PRIVILEGE.

(a) City officials and employees, and former City officials or employees, providing written materials or an image of written materials, or disclosing the content of materials, that are clearly marked "Confidential Closed Session Attorney-Client Privileged" or disclosing the content of closed session attorney-client privileged discussions, to any unauthorized person is prohibited. For the purpose of this Section, "unauthorized person" shall mean any person or entity to whom disclosure is not approved in advance by a majority vote of Council, or in advance in writing by the City Attorney.

(b) Whistleblower Protection. If an official or employee has a reasonable good faith belief that one or more other city officials or employees are violating the law, but the belief is based upon confidential closed session attorney-client privileged communication or records, then that official or employee may then contact law enforcement authorities and disclose that confidential information necessary to address the claimed legal violation. Compliance with this paragraph shall not constitute a violation of this ordinance.

(c) A waiver of the closed session attorney-client privilege may be approved only by Council majority vote or pursuant to a claim or defense asserted by the City Attorney in a legal matter.

(d) If a person has any concern whether particular information or records are confidential and subject to this ordinance, that person may contact the City Attorney for written advice. If that person then follows the written advice provided by the City Attorney that the particular information or records are not confidential or may be disclosed to a certain person, then that shall constitute a complete defense to a claim of violation of this ordinance.

(e) The City Attorney, or independent counsel hired by the City Attorney or the Council, may prosecute willful violations as a misdemeanor with maximum penalties as set forth in this code. If a city elected official is suspected of violating this Section, the Council will hold a closed session and give direction on how to proceed.
(Added Ord. 2019-043, § 1, eff. 12-21-19).

ARTICLE 4 CITY MANAGER AND ADMINISTRATIVE ORGANIZATION

Sec. 2-401. Administrative Organization.
Sec. 2-402. City Manager Authority.
Sec. 2-403. Number of Positions Authorized.
Sec. 2-404. Delegation of Authority Generally.

SEC. 2-401. ADMINISTRATIVE ORGANIZATION.

The departments, divisions, offices and agencies of the city shall be those provided for in the annual budget of the city as approved by the Council. Any amendments shall be made by resolution as required by Section 801 of the Charter.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-402. CITY MANAGER AUTHORITY.

(a) The officer filling the position designated in the city budget as "City Manager" shall be vested with all of the powers, rights, duties and responsibilities imposed upon the City Manager by the Charter or by any city ordinance, resolution, agreement, document or other authority. Whenever the term "City Manager" is utilized in any such ordinance, resolution, agreement, document or authority, it shall mean the "City Manager" as so designated.

(b) The City Manager may execute all authorized contracts and documents on behalf of the City, except where applicable law requires otherwise.

(c) No official employee or agent of the City is authorized to modify, amend, delay, or waive any provision of a contract, development agreement, subdivision map, conditional use permit, or fee, without the express written approval of the City Manager, except where a provision of the Charter, Municipal Code, resolution, or an implementing document expressly provides such authority to a person other than the City Manager.
(Added Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2016-45, § 1, eff. 12-29-16).

SEC. 2-403. NUMBER OF POSITIONS AUTHORIZED.

The number of positions which are authorized in any of the offices or departments of the city shall be determined in the preparation of the annual budget. Such determination, however, shall not preclude the addition of positions during the fiscal year as may be needed in the service of the city, provided the funds to cover the expense of such employment are transferred, if necessary, from one of the existing appropriations, to the appropriation applicable to such employment. The Council is authorized to provide for such employment by ordinance or resolution and shall be deemed to have done so in the ordinance or resolution adopting the annual budget.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-404. DELEGATION OF AUTHORITY GENERALLY.

Unless expressly prohibited by charter, state law or this Code, whenever by the provisions of this Code any power is granted to, or a duty is imposed upon, a City employee, the power may be exercised or the duty performed by a duly appointed deputy, designee or other person duly authorized by law.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 5 EMERGENCY SERVICES ORDINANCE

Sec. 2-501. Title and Purpose.
Sec. 2-502. Definitions.
Sec. 2-503. Declaration of Emergency.
Sec. 2-504. Emergency Services Council.
Sec. 2-505. Emergency Services Organization.
Sec. 2-506. Powers and Duties of Director of Emergency Services During Disaster, Emergency or State of Emergency.
Sec. 2-507. Departments, Divisions, Services and Staff of the Emergency Services Organization.
Sec. 2-508. Suspension of Certain Regulations during Alarm Period.
Sec. 2-509. Volunteers.
Sec. 2-510. Closing of Public Ways.
Sec. 2-511. General Provisions.
Sec. 2-512. Punishment of Violations.
Sec. 2-513. Price Gouging.
Sec. 2-514. Response to COVID-19 Emergency.
Sec. 2-515. Outdoor Dining During COVID-19 Emergency.
Sec. 2-516. Third Party Food Delivery Service Charges.

SEC. 2-501. TITLE AND PURPOSE.

This article shall be known as the Emergency Services Ordinance of the City of Fresno. Its purpose is to implement and complement the California Emergency Services Act (Chapter 7, Division 1, Title 2 of the Government Code, Section 8550, et seq.), and shall be liberally construed to effect the purposes thereof.
(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-502. DEFINITIONS.

(a) Civil Defense or Emergency Services means the preparation for and carrying out of all emergency functions, other than functions for which military forces are primarily responsible, to prevent, minimize, and repair injury and damage resulting from disasters or emergencies.

(b) Disaster or Emergency shall mean any extraordinary air pollution, fire, flood, riot, storm, epidemic, earthquake, sudden and severe energy shortage or the threat thereof, or any actual or threatened enemy attack or sabotage, which causes or threatens to cause long term health issues, or loss of life or property and in which occurrences the responsibility devolves upon the regularly constituted authorities for the maintenance of public peace and order and the preservation of life and property. It shall not include any conditions resulting from a labor controversy. When proclaimed, as provided by this article, a disaster or emergency shall also mean "local emergency," within the meaning of the California Emergency Services Act.
(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-503. DECLARATION OF EMERGENCY.

(a) The Mayor, or in his or her absence, the Council President, or in the absence of both the Mayor and Council President, the City Manager may request the Council of the City of Fresno to proclaim the existence or threatened existence of a disaster or emergency and the termination thereof, if said Council is in session, or to issue such proclamation if said Council is not in session, subject to confirmation by said Council at the earliest practicable time;

(b) The Mayor, or in his or her absence, the Council President, or in the absence of both the Mayor and Council President, the City Manager may request the Governor to proclaim a state of emergency in the City or in an area in and around the City, when in the opinion of the Director the prevailing conditions are such that they are or are likely to become beyond the control of the services, personnel, equipment, and facilities of the City or the City in combination with any other local agency available to meet the emergency.
(Added Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-504. EMERGENCY SERVICES COUNCIL.

The Council of the City of Fresno shall serve as the Emergency Services Council for the City of Fresno. The Emergency Services Council shall be a disaster council as described in Article 10, Section 8610 of the Government Code, upon proper certification. The Council shall provide for continuity of government to ensure the proper performance of its duties as the Emergency Services Council and may reconstruct itself pursuant to Government Code Section 8643. Vacancies filled in such manner shall be for the sole purpose of serving as Emergency Service Council and only until vacancies are filled as required by the Charter.
(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-505. EMERGENCY SERVICES ORGANIZATION.

The City of Fresno Office of Emergency Services is hereby created and shall consist of the following:

(a) The City Manager, who shall be Director of Emergency Services pursuant to Section 2-506 of this article. If the City Manager is unavailable, as defined herein, an Assistant City Manager shall assume the powers and duties of the City Manager as Director of Emergency Services.

(b) Fire Chief, who shall be assistant Director of Emergency Services. In addition, Assistant directors, designated by the City Manager in successive order, who shall be Assistant City Managers and/or City Department Directors. In the absence of, or at the direction of, the Director and Assistant Director, the first available succeeding Assistant Director shall act on all matters within the purview of this article.

(c) The City of Fresno Emergency Preparedness Officer shall be the Emergency Services Coordinator, who shall have the responsibility to:

(1) Coordinate the City's Emergency Services Program in accordance with applicable State and Federal guidelines;

(2) Coordinate the development of the City's Emergency Operations Plan;

(3) Provide advisory assistance to responsible City departments concerning assigned operations during emergency situations; and

(4) Interact with the news media, the medical community, other public agencies, and the general public to promote disaster preparedness and mitigation activities.

(d) Such directors, heads, and chiefs of operating City departments, divisions, sections, or services as may be directed or required to render services connected with Emergency Services.

(e) Such representatives of civic, business, labor, veterans, professional, or other organizations having an official group or organization Emergency Service responsibility as may be appointed by the Director with the advice and consent or ratification of the Emergency Services Council.

(f) All officers and employees of this City, together with those volunteer forces enrolled to aid them during a disaster or emergency, and all groups, organizations, and persons, pressed into service under the provisions of this article, who by agreement or operation of law may be charged with duties incident to the protection of life and property in this City during a disaster or emergency.

(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 87-8, § 1, eff. 2-13-87; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-506. POWERS AND DUTIES OF DIRECTOR OF EMERGENCY SERVICES DURING DISASTER, EMERGENCY OR STATE OF EMERGENCY.

In the event of the proclamation of a disaster or emergency as herein provided or by the proclamation of a state of emergency by the Governor or the State Director of Emergency Services, the Director, or City Council by majority vote (except for subsections (a), (b), and (o) below), is hereby empowered to:

(a) Control and direct the effort and personnel of the Emergency Services Organization of this City for the accomplishment of the purposes of this article and to make and issue rules and regulations on matters reasonably related to the protection of life and property of the public;

(b) Direct coordination and cooperation between divisions, services, and staff of the Emergency Services Organization of this City, and to resolve questions of authority and responsibility that may arise between them;

(c) Request, contract for, receive, and implement State and Federal aid of all types, including measures available under California Emergency Services Act relating to disaster preparedness and relief;

(d) Order the opening or closing of any building or premises owned or controlled by the City, as in his discretion he may determine to be in the public interest;

(e) The powers granted under subsection (d) above may be so exercised as to any public building or premises when the agency in control thereof requests or allows such action;

(f) Establish at some central, safe, and enclosed place in this City, a room or rooms, which shall be in use in times of imminent public danger as the center from which the Emergency Services Organization shall be directed and coordinated. The Director shall establish one or more alternate control centers for use in case the primary control center is damaged, destroyed, or otherwise unusable;

(g) Designate, and have marked, as necessary, highway evacuation routes for use in connection with regional and state disaster plans;

(h) Represent the Emergency Services Organization of this City in all dealings with public or private agencies pertaining to disaster or emergency services.

(i) Make and issue rules, regulations, and proclamations on matters reasonably related to the protection of life and property as affected by such emergency; provided, however, proclamations must be confirmed at the earliest practicable time by the Emergency Services Council;

(j) Obtain vital supplies, equipment, and such other properties found lacking and needed for the protection of life and property of the people, and bind the City for the fair value thereof, and if required immediately, to commandeer the same for public use. Any expenditures made in such connection with emergency service activities, including mutual aid activities, shall be deemed conclusively to be for the direct protection and benefit of the inhabitants and property of the City;

(k) Command the aid of as many citizens of this community as he or she thinks necessary in the execution of his duties; such persons shall be entitled to all privileges, benefits, and immunities as are provided by state law for registered emergency service worker volunteers;

(l) Require emergency service of any City officer or employee and require any City officer or employee to remain available on a standby basis, for regular and emergency service, but without compensation for remaining so available, notwithstanding any salary resolution or other form of ordinance to the contrary;

(m) Order a general curfew applicable to such geographical areas of the City or to the City as a whole, as he or she deems advisable and applicable during such hours of the day or night as he or she deems necessary in the interest of the public safety and welfare, and reasonably calculated to avoid damage or injuries to persons, property,

or the public peace; the curfew is defined as, and shall be when so declared, a prohibition against any person or persons being or remaining in any alley, street, highway, public property or vacant premises within the curfew area;

(n) Make in the interest of public safety and welfare any or all of the following orders:

(1) Order the closing of all retail liquor stores;

(2) Order the closing of all beer taverns;

(3) Order the closing of all private clubs or portions thereof wherein the consumption of intoxicating liquor or beer is permitted;

(4) Order the discontinuance of the sale of beer and liquor;

(5) Order the discontinuance of selling, distributing, or giving away gasoline or other flammable liquid, flammable or combustible products in any container, other than a gasoline tank properly affixed to a motor vehicle;

(6) Order the closing of gasoline stations and other establishments, the chief activity of which is the sale, distribution, or giving away of firearms, ammunition, or explosives of any character whatsoever;

(7) Order the discontinuance of selling, distributing, dispensing, or giving away of firearms, ammunition or explosive of any character whatsoever;

(8) Order the closing of any and all establishments or portions thereof, the chief activity of which is the sale, distribution, dispensing, or giving away of firearms or ammunition;

(9) Order the closing of any and all establishments and premises where crowds gather or tend to gather, including, but not limited to, theaters, stadiums, dance halls, gymnasiums, amusement areas, etc.;

(10) Issue other orders relating to the closing of businesses or areas or portions thereof or restricting the activity of similar establishments, which might be special targets of, or supply depots for, unruly persons; and

(11) Order a price or rate freeze on consumer goods or lodging facilities which may have limited availability as a result of an emergency or disaster situation; and

(o) Execute all ordinary powers as City Manager, all of the special powers conferred by this article or by resolution adopted pursuant thereto, all powers conferred by the Charter, any statute, ordinance, or agreement approved by the Council for the City of Fresno, or by any other lawful authority to exercise complete authority over the city and to exercise all police power vested in the city by the Charter.

(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 87-8, § 2, eff. 2-13-87; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2020-037, § 1, eff. 9-17-20).

SEC. 2-507. DEPARTMENTS, DIVISIONS, SERVICES, AND STAFF OF THE EMERGENCY SERVICES ORGANIZATION.

The functions, powers, and duties of the Fresno Emergency Services Organization shall be distributed among such departments, divisions, services, and special staff as the Director may prescribe subject to the approval of the Emergency Services Council by resolution. Insofar as possible, the form of organization, titles, and terminology shall conform to recommendations of the federal government and the Emergency Services agency of the State of California.

(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-508. SUSPENSION OF CERTAIN REGULATIONS DURING ALARM PERIOD.

The provisions of every law of this city and every administrative order made pursuant thereto, requiring any illumination (lighting) to be maintained in conflict with this article or with any rule or regulation made pursuant to this article, shall be deemed suspended during the period when any civil defense or emergency services warning signal is in effect requiring the blacking out or darkening of the city or any part thereof.

(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-509. VOLUNTEERS.

All persons, other than officers and employees of the city, volunteering services pursuant to provisions of this article, shall serve without compensation from the city. While engaged in such services, they shall have and enjoy the same immunities as officers and employees of the city performing similar duties. Volunteer registration shall be in compliance with current State Disaster Service Worker Program guidelines.

(Rep. and Added Ord. 68-56, 1968; based on former Sec. 2-2708; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-510. CLOSING OF PUBLIC WAYS.

A proclamation made pursuant to this article shall constitute a calamity under Penal Code Section 409.5 and be authority for the Chief of Police to take the steps therein provided and authorized and pursuant to authority of this article.

(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-511. GENERAL PROVISIONS.

The following general provisions apply to proclamations, rules and orders made pursuant to the foregoing sections of this article.

(a) Any proclamation or order promulgated pursuant to the authority conferred by this article shall be in force and effect from the time of promulgation and until amended or repealed by the Director, or Assistant Director, or until repealed by the Council.

(b) Any conditions or activities conducted or maintained contrary to the proclamation or orders are public nuisances.

(c) All proclamations and orders, other than the closing of public ways under Section 2-510 shall be in writing and shall be available for public inspection at the place and during the hours fixed by the Director.

(d) Persons going to or coming from or attending to any public utility, health or disaster or emergency service, or duly authorized by any news service, newspaper, radio, television, or network to gather or report the news, shall not be subject to any curfew ordered under this article.

(e) This article shall not be construed so as to conflict with any state or federal statute, regulation, or order relating to conditions in the city during the effectiveness of said proclamations or orders.

(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-512. PUNISHMENT OF VIOLATIONS.

It shall be a misdemeanor for any person during a disaster/or emergency:

(a) Willfully to obstruct, hinder, or delay any member of the emergency services organization in the enforcement of any lawful rule, proclamation, or regulation issued pursuant to this article, or in the performance of any duty imposed upon him by virtue of this article;

(b) To do any act forbidden by any lawful rules or regulations issued or curfew ordered pursuant to this article, or,

(c) To wear, carry, or display, without authority, any means of identification specified by the emergency services agency of the State of California or the City of Fresno.

(Rep. and Added Ord. 68-56, 1968; Rep. and Added Ord. 72-157, 1972; Am. Ord. 2005-9, § 1, eff. 3-19-05; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-513. PRICE GOUGING.

(a) The city hereby finds that during a state of emergency or local emergency, including, but not limited to, an earthquake, flood, fire, riot, storm, drought, plant or animal infestation, disease, or other natural or manmade disaster, some merchants have taken unfair advantage of consumers by greatly increasing prices for essential consumer goods and services. While the pricing of consumer goods and services is generally best left to the marketplace under ordinary conditions, when a declared state of emergency or local emergency results in abnormal disruptions of the market, the public interest requires that excessive and unjustified increases in the prices of essential consumer goods and services be prohibited. It is the intent of the city in enacting this act to protect residents from excessive and unjustified increases in the prices charged during or shortly after a declared state of

emergency or local emergency for goods and services that are vital and necessary for the health, safety, and welfare of consumers. Further, it is the intent of the city that this section be liberally construed so that its beneficial purposes may be served.

(b) Upon the proclamation of a state of emergency declared by the President of the United States or the Governor, or upon the declaration of a local emergency by the city, and for a period of 30 days following that proclamation or declaration, it is unlawful for a person, contractor, business, or other entity to sell or offer to sell any consumer food items or goods, goods or services used for emergency cleanup, emergency supplies, medical supplies, or building materials, for a price of more than 10 percent greater than the price charged by that person for those goods or services immediately prior to the proclamation or declaration of emergency. However, a greater price increase is not unlawful if that person can prove that the increase in price was directly attributable to additional costs imposed on it by the supplier of the goods, or directly attributable to additional costs for labor or materials used to provide the services, during the state of emergency or local emergency, and the price is no more than 10 percent greater than the total of the cost to the seller plus the markup customarily applied by the seller for that good or service in the usual course of business immediately prior to the onset of the state of emergency or local emergency.

(c) The prohibitions of this section shall be in effect at all times during which there is a declared emergency in the City, if deemed necessary to protect the lives, property, or welfare of the residents.

(d) A violation of this section is a misdemeanor punishable by imprisonment in a county jail for a period not exceeding one year, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment. Alternatively, an administrative citation may be imposed pursuant to Section 1-308 of this code with an administrative fine of up to $10,000 per violation.

(e) A violation of this section shall constitute an unlawful business practice and an act of unfair competition within the meaning of Section 17200 of the Business and Professions Code. The remedies and penalties provided by this section are cumulative to each other, the remedies under Section 17200 of the Business and Professions Code, and the remedies or penalties available under all other laws of this state.

(f) For the purposes of this section, the following terms have the following meanings:

(1) "State of emergency" means a natural or manmade emergency resulting from an earthquake, flood, fire, riot, storm, drought, plant or animal infestation, disease, or other natural or manmade disaster for which a state of emergency has been declared by the President of the United States or the Governor.

(2) "Local emergency" means a natural or manmade emergency resulting from an earthquake, flood, fire, riot, storm, drought, plant or animal infestation, disease, or other natural or manmade disaster for which a local emergency has been declared.

(3) "Consumer food item" means any article that is used or intended for use for food, drink, confection, or condiment by a person or animal.

(4) "Emergency supplies" includes, but is not limited to, water, flashlights, radios, batteries, candles, blankets, soaps, diapers, temporary shelters, tape, toiletries, plywood, nails, and hammers.

(5) "Medical supplies" includes, but is not limited to, prescription and nonprescription medications, bandages, gauze, isopropyl alcohol, and antibacterial products.

(6) "Building materials" means lumber, construction tools, windows, and anything else used in the building or rebuilding of property.

(7) "Goods" has the same meaning as defined in subdivision (c) of Section 1689.5 of the Civil Code.

(g) A business offering an item for sale at a reduced price immediately prior to the proclamation or declaration of the emergency may use the price at which it usually sells the item to calculate the price pursuant to subdivision (b).

(h) All businesses selling the goods or services outlined in this Section shall post notices provided by the city at front entrances informing the public of the provisions of this Section. Failure to post such notices shall be subject to administrative citation.
(Added Ord. 2020-009, § 1, eff. 3-16-20; Amd. Ord. 2020-015, § 1, eff. 4-23-20)

SEC. 2-514. RESPONSE TO COVID-19 EMERGENCY.

For so long as there is a City State of Emergency in effect due to the COVID-19 pandemic, the following shall apply:

(a) The City shall not discontinue utility and sanitary service to any customer for reason of nonpayment, and no late fees or interest shall accrue. Any customer whose utility service has been shut off or terminated for nonpayment shall have service restored for the duration of the declared emergency, without any reconnection charges.

(b) Non-essential City services may be suspended; responding to requests under the California Public Records Act may be delayed during and following the emergency.

(c) No refunds shall be owed or paid pursuant to the Money Back Guarantee, Fresno Municipal Code 12-2301, et seq., as a result of extended processing times related to the COVID-19 pandemic.

(d) Senior Hot Meals programs shall continue, with appropriate health and safety precautions in place.

(e) City busses shall be cleaned and disinfected at least daily. The City Transportation Department shall have full authority to modify or add bus routes and schedules to accommodate the public need and welfare during the emergency.

(f) As of March 4, 2020, there shall be instituted a price and rate freeze on consumer goods and lodging facilities which may have limited availability as a result of an emergency or disaster situation. No person or business shall charge a price greater

than 10% above prices charged for such goods as of March 4, 2020. This provision shall be enforced via the price gouging emergency ordinance approved by Council on March 16, 2020.

(g) Rent Deferral, Eviction Moratorium, and Foreclosures.

(1) To the extent allowed by State law, no residential tenant, including, without limitation, a mobile home tenant, in the City shall be evicted for nonpayment of rent during the state of emergency caused by the COVID-19 outbreak.

(2) To the extent allowed by State law, commercial landlords in the City are hereby prohibited from evicting commercial tenants for nonpayment of rent during the state of emergency caused by COVID-19, and for a period of 90 days after the declaration of local emergency is terminated.

(3) A tenant, whether residential or commercial, must notify their landlord in writing they cannot pay rent due to a COVID-19 related impact. Within ten days of this notice, the tenant must provide documentation to support the claim that they cannot pay rent. For purposes of this section, "in writing" includes e-mail or text communication to the landlord. Any documentation provided to support the claim is deemed to be adequate for this purpose in accordance with state law. Any medical or financial information provided to the landlord shall be held in confidence and used only for purposes of evaluating the tenant's claim.

(4) Tenants will have up to six months after the termination of the emergency declaration to repay any back-due rent. No interest, late fees, or other penalties shall accrue or be owed as a result of rent deferrals pursuant to this Section.

(5) This eviction moratorium shall be in effect continuously for so long as the City's declaration of local emergency is in effect, and for commercial tenants, for a period of 90 days following termination of the declaration of local emergency.

(6) A tenant may use this order as a legal defense in any action for unlawful detainer.

(7) Residents and businesses should not face foreclosure as a result of COVID-19. Lenders are encouraged to provide a forbearance agreement for up to six months for borrowers impacted by COVID-19, without impacting the borrower's credit. The city will follow all laws and orders of the State with respect to foreclosure protection.

(h) City staff shall apply for all available state and federal funding related to the COVID-19 emergency.

(i) The City Manager, or designee, is directed to identify funds and create a COVID-19 Emergency Response Fund to support City actions that are appropriate and necessary to address the impacts and exigencies arising from the COVID-19 pandemic. The City Manager, or designee, shall report this information to the Council at the next Council meeting and thereafter shall report to the Council as promptly and as often as is reasonably possible regarding the expenditures made

from the COVID-19 Emergency Response Fund. At a minimum, any fines collected as a result of price gouging, non-essential businesses remaining open, or other matters related to the COVID-19 pandemic shall be allocated to the COVID-19 Emergency Response Fund.

(j) Reserved.

(k) Bars and taverns as defined in City of Fresno Emergency Order 2020-01 (establishments with California Alcoholic Beverage Control (ABC) license types 40, 42, 48, 51, 57, 60, and 61) may provide curbside or delivery of alcoholic beverages so long as accompanied by food, if permitted by their CUP and State law, including, without limitation any ABC Notice of Regulatory Relief.

(l) Reserved.

(m) Upon confirmation of a positive COVID-19 case among an employee or customer of a business, the employer shall notify all employees of the possible exposure within 24 hours. Such notification shall maintain confidentiality of the individuals involved or affected, in compliance with Americans with Disability Act and privacy laws. An employer shall follow all local, state and federal public health requirements and recommendations, including sanitizing, and cooperating with contact tracing protocols. No cause of action shall exist against a business for COVID-19 infections alleged to stem from the business, so long as the business is in full compliance with State and local mandatory safety measures related to COVID-19.

(n) Any business ordered to close that remains open in violation of an Emergency Order of the city, shall alternatively be punishable by administrative citation. The city shall provide a warning, and thereafter noncompliance shall be subject to a fine of $1,000 for the first offense, $5,000 for the second offense, and $10,000 for the third or subsequent offense.

(o) If any provision of this Ordinance or its application to any person or circumstance is held to be invalid, then the reminder of the Ordinance, including the application of such part or provision to other persons or circumstances, shall not be affected and shall continue in full force and effect. To this end, the provisions of this Ordinance are severable.

(p) This Ordinance shall be immediately translated into Spanish, Hmong, and Punjabi, and accommodations made for all disabled persons to read its contents; it shall also be distributed to all local media and made prominently available on the City's website.

(Added Ord. 2020-010, § 1, eff. 3-19-20; Am. Ord. 2020-012, § 1, eff. 3-25-20; Am. Ord. 2020-016, § 1, eff. 4-23-20; Am. Ord. 2020-024, § 1, eff. 7-16-20; Am. Ord. 2020-036, §§ 2, 3, eff. 9-17-20; Am. Ord. 2021-030, § 1, eff. 6-17-21).

SEC. 2-515. OUTDOOR DINING DURING COVID-19 EMERGENCY.

Notwithstanding the provisions of FMC 15-2744, for so long as restaurants are prohibited from operating at full capacity due to an emergency order related to the COVID-19 pandemic, the following shall apply:

(a) Outdoor dining is permitted in common areas of shopping centers and parking lots, with permission of the property owner, and on City property, with permission of the City Manager. Outdoor dining may include consumption of alcohol so long as it is combined with consumption of food, all in compliance with California Alcoholic Beverage Control requirements.

(b) Proper social distancing shall be maintained with dining areas demarcated with tape or barriers. Excess seating shall be removed when feasible, or blocked off if the seating or tables are permanently affixed. For parking lots, every other parking stall may be used, and those stalls between stalls used for tables shall remain vacant, but no disabled person parking stalls may be used. Businesses shall also follow any additional State and County requirements in effect at the time.

(c) All employees must wear masks and wash hands frequently.

(d) This section is subject to further regulations issued by the City Manager, with approval by the Police Chief and City Attorney.

(e) Facilities that establish temporary outdoor dining facilities pursuant to the requirements of this ordinance, shall not be in violation of FMC sections 15-2744, 15-2403-B, 15-2407, 15-2408, 15-2409, 15-2411, or 15-2414 until this ordinance expires, is repealed, or is otherwise rendered ineffective. Temporary outdoor dining facilities established pursuant to this ordinance shall not be deemed a nuisance under FMC Section 15-6304, and shall not be subject to enforcement pursuant to Chapter 15, Article 63 of the Fresno Municipal Code until this ordinance expires, is repealed, or is otherwise rendered ineffective.

(f) Facilities that establish temporary outdoor dining facilities pursuant to the requirements of this ordinance, shall be permitted to provide limited outdoor entertainment, which does not disrupt neighboring businesses or residences, in accordance with the following limitations:

(1) A facility providing outdoor entertainment shall not increase capacity beyond the facility's normal seating capacity.

(2) Entertainment may only be provided on Thursdays, Fridays, Saturdays, Sundays, and holidays.

(3) Live music shall be limited to a maximum two-piece band.

(4) Entertainment shall comply with the music standards as set forth in FMC section 15-2744.

(g) This section shall expire and be repealed one year from the effective date unless extended by the City Council.

(Added Ord. 2020-020, § 1, eff. 5-21-20; Am. Ord. 2020-043, § 1, eff. 9-24-20).

SEC. 2-516. THIRD PARTY FOOD DELIVERY SERVICE CHARGES.

(a) **Definitions.** For purposes of this section, the following definitions apply:

(1) "City" means the City of Fresno.

(2) "Delivery Fee" means a fee charged by a Third-party Food Delivery Service for providing a Retail Food Establishment with a service that delivers food and beverages from such establishments to customers. The term does not include any other fee or cost that may be charged by a Third-party Food Delivery Service to a Retail Food Establishment, such as fees for listing or advertising the Retail Food Establishment on the Third-party Food Delivery Service platform or fees related to processing the online order, including, but not limited to, service fees, fees for facilitating Online Orders for pickup, and credit card processing fees.

(3) "Online Order" means an order placed by a customer through or with the assistance of a platform provided by a Third-Party Food Delivery Service, including a telephone order, for delivery or pick-up within the City.

(4) "Purchase Price" means the price, as listed on the menu, for the items contained in an Online Order, minus any applicable coupon or promotional discount provided to the customer by the Retail Food Establishment through the Third-Party Food Delivery Service. This definition does not include taxes, gratuities, and any other fees or costs that may make up the total amount charged to the customer or an Online Order.

(5) "Retail Food Establishment" means a restaurant, delicatessen, bakery, coffee shop, or other eat-in or carry-out service of processed or prepared raw and ready-to-eat food or beverages.

(6) "Third-party Food Delivery Service" means any website, mobile application, or other internet service that offers or arranges for the sale of food and beverages prepared by, and the delivery or pick-up of food and beverages from, no fewer than 20 Retail Food Establishments located in the City that are each owned and operated by different persons.

(b) **Fee limits.** The following limits shall apply any time Retail Food Establishments are restricted by law from allowing indoor dining, and for a period of 90 days after Retail Food Establishments are allowed to reopen at 50% or greater indoor customer capacity:

(1) It shall be unlawful for a Third-party Food Delivery Service to charge a Retail Food Establishment a Delivery Fee that totals more than 15 percent of the Purchase Price of each Online Order.

(2) It shall be unlawful for a Third-Party Food Delivery Service to charge a Retail Food Establishment any amount designated as a Delivery Fee for an Online Order that does not involve the delivery of food or beverages.

(3) It shall be unlawful for a Third-party Food Delivery Service to charge a Retail Food Establishment any combination of fees, commissions, or costs for the Retail Food Establishment's use of the Third-party Food Delivery Service that is greater than 5 percent of the Purchase Price of each Online Order. Fees, commissions, or costs do not include Delivery Fee.

(4) It shall be unlawful for a Third-party Food Delivery Service to charge a Retail Food Establishment any fee, commission, or cost other than as permitted in Subsections 1 through 3, above.

(5) It shall be unlawful for a Third-party Food Delivery Service to charge a customer any Purchase Price for a food or beverage item that is higher than the price set by the Retail Food Establishment without the approval of the Retail Food Establishment.

(6) It shall be unlawful for a Third-party Food Delivery service to retain any portion of amounts designated as a tip or gratuity. Any tip or gratuity shall be paid by the Third-party Delivery Service, in its entirety, to the person delivering the food or beverages.

(c) **Penalties and Enforcement.**

(1) A violation of this section is a misdemeanor punishable by imprisonment for a period not exceeding one year, or by a fine of not more than $1,000, or by both fine and imprisonment. Alternatively, an administrative citation may be imposed pursuant to Section 1-308 of this code with an administrative fine of up to $10,000 per violation.

(2) A violation of this section shall constitute an unlawful business practice and an act of unfair competition within the meaning of Section 17200 of the Business and Professions Code. The remedies and penalties provided by this section are cumulative to each other, the remedies under Section 17200 of the Business and Professions code, and the remedies or penalties available under all other laws of this state.

(Added Ord. 2020-036, § 1, eff. 9-17-20).

ARTICLE 6 PUBLICATIONS AND OFFICIAL ADVERTISING

Sec. 2-601. Official Newspaper.
Sec. 2-602. Necessary Proofs.
Sec. 2-603. Publication of Legal Notices.

SEC. 2-601. OFFICIAL NEWSPAPER.

Any newspaper of general circulation which is printed and published in the City of Fresno which meets the requirements of Sections 6000 to 6007 of the Government Code of the State of California pertaining to "Publications and Official Advertising", and which has also obtained a judicial decree in the Superior Court of the State of California in and for the County of Fresno under the provisions of Sections 6020 to 6027 of said Government Code pertaining to "Establishing Standard as Newspaper of General Circulation" shall be deemed an official newspaper of the City of Fresno in which shall be published all official advertising for the City of Fresno, save and except where such official advertising is required by law or otherwise or by an order of the Council to be published in a newspaper of general circulation printed and published outside the Fresno city limits.
(Added Ord. 5313, 1958, based on former Sec. 2-2601; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-602. NECESSARY PROOFS.

Every publisher of a newspaper who desires to take advantage of the privileges conferred by Section 2-601 shall file with the City Clerk the necessary proofs showing that his newspaper has procured the judicial decree specified by Section 2-601.
(Added Ord. 5313, 1958, based on former Sec. 2-2602; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-603. PUBLICATION OF LEGAL NOTICES

(a) All legal notices shall be posted on the City Clerk's website and published in the Fresno Bee, and also The Business Journal when a second publication is required by law.

(b) Legal notices subject to this requirement include:

(1) CEQA Environmental Determinations

(2) Notice of Public Hearings

(3) Notice of Federal Funds Available (NOFA)

(4) Housing Element

(5) Items requiring publication under HUD's Public Participation Process:

(i) Annual Action Plan

(ii) Substantial Amendment to the Annual Action Plan

(iii) Five Year Consolidated Plan

(iv) Consolidated Annual Performance and Evaluation Report

(v) Annual Report on the Effectiveness of Section 3 Program Report

(c) The City Clerk, in consultation with the City Attorney, may alter the list in subsection (b) from time to time as requirements change and as otherwise may be appropriate. (Added Ord. 2015-18, § 2, eff. 7-23-15).

ARTICLE 7 DISPLAY OF FLAGS AND EMBLEMS

Sec. 2-701. Display of POW/MIA Flag.
Sec. 2-702. Confederate Flag.

SEC. 2-701. DISPLAY OF POW/MIA FLAG.

So that the people of Fresno will not forget the sacrifices of those members of the United States armed forces who, after the termination of hostilities, remain prisoners of war or missing in action, as well as the sacrifices of missing United States nonmilitary personnel and civilians, the flag of the National League of Prisoner-of-War/Missing-in-Action (POW/MIA) Families, a black and white banner symbolizing the United States' missing, shall be displayed in front of the Fresno City Hall on each and every day that the Flags of the United States, the State of California, and the City of Fresno are displayed. At the discretion, and at administrative directive, of the City Manager, the POW/MIA flag may be displayed with the same frequency at other city facilities where the Flags of the United States, the State of California, and the City of Fresno are displayed. The display of the POW/MIA flag shall serve as a reminder to people everywhere of our country's firm resolve to achieve the fullest possible accounting for every member of the United States Armed Forces, and United States nonmilitary personnel and civilians.

This section shall cease to apply and the display requirement for the POW/MIA flag shall terminate upon a determination by the President of the United States that the fullest possible accounting has been made of all members of the Armed Forces and civilian employees of the United States who have been identified as prisoner of war or missing in action in Southeast Asia.
(Added Ord. 96-51, § 1, eff. 8-16-96; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-702. CONFEDERATE FLAG.

The City of Fresno, a California Municipal Corporation, may not display or sell the Battle Flag of the Confederacy, also referred to as the Stars and Bars, or any similar image, or tangible personal property inscribed with such an image, unless the image appears in a book, digital medium, or city museum that serves an educational or historical purpose.
(Added Ord. 2015-24, § 1, eff. 9-10-15).

ARTICLE 8 BOARDS AND COMMISSIONS

Sec. 2-801. Board and Commissions Created by Charter.
Sec. 2-802. Limited Boards and Commissions.
Sec. 2-803. Boards and Commissions Subject to the Brown Act.

SEC. 2-801. BOARDS AND COMMISSIONS CREATED BY CHARTER.

The following boards and commissions are created by the Charter:

Planning Commission (Sections 906, 907)

Civil Service Board (Sections 908, 909)

Retirement and/or Pension Boards (Section 910).

(Am. Ord. 81-157, § 7, eff. 12-11-81, based on former Sec. 2-901; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-802. LIMITED BOARDS AND COMMISSIONS.

All boards, commissions, committees and similar bodies not created by Charter, by ordinance or by resolution of the Council shall automatically terminate two years from their creation, unless otherwise specified by the Council.

(Am. Ord. 81-157, § 7, eff. 12-11-81; Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-803. BOARDS AND COMMISSIONS SUBJECT TO THE BROWN ACT.

(a) Posting of Agendas and Supporting Documents.

(1) For all boards and commissions subject to the Brown Act, all documents to be presented to or considered by the body, including agendas, staff reports, supporting documents, and previous meeting minutes, shall be provided to the City Clerk and posted in compliance with the Brown Act in the following locations:

(i) On the City Clerk's website. (Agendas, Minutes and Reports)

(ii) In a secured public space inside City Hall. (Agenda Only)

(iii) In a secured public space outside City Hall. (Agenda Only)

(2) All posting locations shall be accessible to the disabled.

(3) This section shall not apply to documents deemed confidential by law.

(4) Unless otherwise required by law, no documents shall be accepted for review by a board or commission unless they are submitted to the City Clerk at least twenty-four hours prior to the agenda item being heard. Nonetheless, the presiding officer of the board or commission shall retain discretion to accept additional documents at or prior to the time the board or commission item is to be heard.

(b) Training. Members of public boards and commissions shall receive annual training provided by the City Clerk (or designee) and the City Attorney (or designee) on how to run a meeting operated under the Brown Act, and an overview of the board or commission's rules of procedure by February 28 of each year.
(Added Ord. 2015-18, § 1, eff. 7-23-15).

ARTICLE 9 CONFLICT OF INTEREST

Sec. 2-901. Conflict of Interest Code.
Sec. 2-902. Penalties.
Sec. 2-903. Project Area Committee Members.

SEC. 2-901. CONFLICT OF INTEREST CODE.

(a) The Political Reform Act, Government Code Sections 81000, et seq., requires state and local government agencies to adopt and promulgate Conflict of Interest Codes. The Fair Political Practices Commission has adopted a regulation, 2 Cal Code of Regs. Section 18730, which contains the terms of a standard Conflict of Interest Code which can be incorporated by reference, and which may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act after public notice and hearings. The terms of such standard Conflict of Interest Code and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference as the City's Conflict of Interest Code, along with the Appendix, which shall be that Council resolution in which employees are designated and disclosure categories are set forth, constitute the Conflict of Interest Code of the City of Fresno.

(b) Pursuant to Section 4 of the standard Conflict of Interest Code, designated employees shall file statements of economic interest with the City Clerk. Statements for all designated employees will be retained by the City Clerk.
(Am. Ord. 85-111, § 2, eff. 9-13-85; Am Ord. 97-62, § 1, eff. 12-6-97; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-902. PENALTIES.

A violation of any provision of this article shall constitute a misdemeanor and shall be subject to such additional penalties as are specified in the Political Reform Act of 1974 (Government Code Sections 81000 et seq.).
(Am. Ord. 85-111, § 2, eff. 9-13-85; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-903. PROJECT AREA COMMITTEE MEMBERS.

For purposes of this article, members of project area committees established under Community Redevelopment Law, Health and Safety Code Section 33000 et seq. shall be deemed designated employees.
(Added Ord. 87-161, § 1, eff. 12-18-87; Am. Ord. 97-62, § 2, eff. 12-6-97; Am. Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 10 ELECTIONS

Sec. 2-1001. Resolution Requesting County Clerk to Conduct Elections.
Sec. 2-1002. Time for Meeting to Install Elected Officers.
Sec. 2-1003. Filing Fees for Mayor and Council Candidates.
Sec. 2-1004. Filing Fee Waiver Petition.
Sec. 2-1005. Filing Fee Waiver Procedures.
Sec. 2-1006. Filing Fee Waiver Requirements.

SEC. 2-1001. RESOLUTION REQUESTING COUNTY CLERK TO CONDUCT ELECTIONS.

(a) The Council may by resolution request the County Clerk of the County of Fresno to assume and discharge any or all of the functions of the City Clerk relating to the conduct of municipal elections, as those functions are or may be hereafter delineated under the provisions of the Elections Code of California for the holding of elections in general law cities. The resolution may request such functions to be performed in all future city elections until the request is withdrawn by further resolution of the Council to be transmitted to the County Clerk not less than one hundred eighty days prior to any general or special municipal election, and may request and authorize the County Clerk to furnish all the voting equipment and supplies and to pay the cost of publications of notices and to compensate election officers and other necessary personnel.

(b) The resolution may request and authorize the County Clerk to:

(1) Establish precincts and designate the polling places within the city consisting of either regular election precincts established for holding state or county elections or as such precincts may be divided, altered or consolidated in accordance with the provisions of the Elections Code of California;

(2) Appoint the election officers required by the Elections Code of California to be appointed in municipal elections, from the register of applicants for such positions on file in his office, and present to the Council, at a regular meeting, a list of such precincts and polling places and the names of the election officers appointed to serve therein for approval and confirmation by the Council. The County Clerk may also be authorized to appoint substitute election officers and designate different polling places without approval and confirmation by the Council whenever, after such list has been approved and confirmed as provided herein, any election officer named in such list is unable or refuses to serve or a polling place designated in such list shall for any reason become unavailable.

(c) The resolution may request and authorize the County Clerk to canvass the returns of municipal elections and the returns of any district election with which a municipal election is consolidated, and to prepare and present to the Council, at its usual place of meeting, a certified abstract showing the whole number of votes cast for city candidates and city measures, the total votes cast for each candidate for a municipal office and for and against each city measure submitted in each election, and the number of votes cast at each precinct for each candidate for a municipal office and for and against each measure. The resolution shall provide

that the abstract of the returns of any municipal election shall be presented at the first regular Council meeting following completion of the canvass of the returns of a municipal election, at which meeting the Council shall declare the results of the municipal election.

(d) The resolution shall provide for the repayment to the County of its costs in the conduct of each municipal election including a reasonable charge for the use of voting equipment. Upon receipt of a bill from the County covering the total cost of conducting any consolidated election within the City, the Director of Finance shall bill and collect from any district participating in the consolidated election its proportionate share of such total cost.
(Rep. and Added Ord. 6253, Based on former Sec. 2-1405; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1002. TIME FOR MEETING TO INSTALL ELECTED OFFICERS.

On the first Tuesday following the first Monday of each odd numbered calendar year, the Council shall meet to install the newly-elected officers. This is the date on which new terms of office begin as set forth in Section 303 of the Charter. The installation of officers elected by special election to complete a term of office shall be at the meeting in which Council declares the special election results as set forth in Section 2-1001(c) of this Code.
(Rep. and Added Ord. 6253, 1963, Based on former Sec. 2-1406; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1003. FILING FEES FOR MAYOR AND COUNCIL CANDIDATES.

The City Council, by resolution, may establish filing fees for the elective office of Mayor and Councilmember. Those fees shall not exceed the cost reasonably borne for conducting the election for the seat in question. The costs to be covered by the filing fees shall include all costs associated with the candidate's filing, including, but not limited to, the proportional cost in administering the election by the City Clerk or County Clerk under contract to provide election services.
(Added Ord. 93-32, § 1, eff. 5-4-93; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1004. FILING FEE WAIVER PETITION.

In lieu of payment of the filing fees required under Section 2-1003, a candidate may gather signatures on a form to be provided by the City Clerk or County Clerk under contract to provide election services. For Council candidates, the number of signatures required shall be two hundred and fifty registered voters registered to vote within the Council district boundary. Candidates for Mayor shall collect five hundred signatures from voters registered within the City. A voter may sign both the nomination papers and the Filing Fee Waiver Petition for each candidate. A voter may only sign one filing fee waiver form for each office in which he or she is eligible to vote.
(Added Ord. 93-32, § 2, eff. 5-4-93; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1005. FILING FEE WAIVER PROCEDURES.

By resolution, the City Council may adopt further regulations to implement the filing fee waiver process. The filing fee waiver forms shall be provided at no cost to each candidate upon request. However, the elections official may, rather than provide the candidate with the number of forms necessary to gather the requisite signatures, or, upon request of a candidate, provide the candidate with a master form, which may be duplicated by the candidate for the purpose of circulating additional petitions. No other form except the furnished form, or duplicates thereof, shall be used by a candidate to secure signatures. All forms shall be made available commencing forty-five days before the first day for circulating nominating papers. However, in case of vacancies for which a special election is authorized or required to be held to fill the vacancy, and where the prescribed nomination period would commence less than forty-five days after the declaration of the vacancy by the City Council, the forms shall be made available within five working days after the City Council declaration. The forms to be used shall be in substantially the same form as the nomination papers signature form.
(Added Ord. 93-32, § 5, eff. 5-4-93; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1006. FILING FEE WAIVER REQUIREMENTS.

The fee waiver process shall be subject to the following provisions:

(a) Any registered voter may sign an in-lieu-filing-fee petition for any candidate for whom he or she is eligible to vote.

(b) If a voter signs more candidate's petitions than there are offices to be filled, the voter's signatures shall be valid only for those petitions which, taken in the order they were filed, do not exceed the number of offices to be filled.

(c) In-lieu-filing-fee petitions shall be filed at least fifteen days prior to the close of nomination period. Upon receipt of the minimum number of in-lieu-filing-fee signatures required, the elections official shall issue nomination papers provisionally. Within ten days after receipt of a petition, the elections official shall notify the candidate of any deficiency. The candidate shall then, prior to the close of the nomination period, submit a supplemental petition to cover the deficiency.

(d) Each candidate may submit a greater number of signatures to allow for subsequent losses due to invalidity of some signatures. The elections official shall not be required to determine the validity of a greater number of signatures than that required by this section.

(Added Ord. 93-32, § 4, eff. 5-4-93; Am. Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 11 CANDIDATES FOR ELECTIVE CITY OFFICE-CAMPAIGN CONTRIBUTION LIMITS

Sec. 2-1101. Title.
Sec. 2-1102. Purpose and application.
Sec. 2-1103. Definitions.
Sec. 2-1104. Timing for Fundraising.
Sec. 2-1105. Campaign contributions—Limitations on amount and document filing methods.
Sec. 2-1106. Loans.
Sec. 2-1107. Affiliated entities: aggregation of contributions.
Sec. 2-1108. Restrictions on contributions by candidates.
Sec. 2-1109. Return of excessive contributions.
Sec. 2-1110. Separate bank account for attorney's fees.
Sec. 2-1111. Enforcement authority—Complaints, legal action, investigatory powers.
Sec. 2-1112. Enforcement.
Sec. 2-1113. Applicability of other laws.

SEC. 2-1101. TITLE.

This article may be cited as the "Local Campaign Contribution Limits Ordinance" of the City of Fresno.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1102. PURPOSE AND APPLICATION.

The purpose of this article is to ensure that individuals and interest groups have a fair and equal opportunity to participate in municipal elective and governmental processes. This article is intended to supplement, and in no way conflict with, the Political Reform Act of 1974 ("Political Reform Act"), as amended. Statutory references to specific provisions of the Political Reform Act shall include its amendments.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1103. DEFINITIONS.

(a) Unless the particular provision or the context otherwise requires, the provisions, definitions of words and phrases, and interpretations of the Political Reform Act codified in Government Code Sections 81000 et seq., and its implementing regulations in California Code of Regulations, Title 2, Sections 18110 et seq., as amended, are to be relied upon in administering this article.

(b) "Election" means any direct primary election, any general municipal election, and any special municipal election as outlined in Charter Sections 1400 and 1401. For purposes of this article, "election" does not include recall elections or elections on ballot measures.

(c) "Enforcement Authority" means the officer, agent or organization designated by resolution of the Council to enforce the provisions of this article. Nothing in this article shall be construed as limiting the authority of any law enforcement agency or prosecuting attorney to enforce the provisions of this article.

(d) "Entity" means any person, other than an individual.

(e) "Majority-owned" means an ownership of more than 50 percent.

(f) "Person" means an individual, proprietorship, firm, partnership, joint venture, syndicate, business trust, company, corporation, limited liability company, association, committee, a controlled committee, and any other organization or group of persons acting in concert, as defined in Government Code Section 82047.

(g) "Political Party Committee" means a state central committee or county central committee of an organization that meets the requirements for recognition as a political party pursuant to Section 5100 of the Elections Code, as defined in Government Code Section 85206.

(h) "Small contributor committee" as defined in Government Code Section 85203, means any committee that meets all of the following criteria:

(1) The committee has been in existence for at least six months; and

(2) The committee receives contributions from 100 or more persons; and

(3) No one person has contributed to the committee more than two hundred dollars ($200) per calendar year; and

(4) The committee makes contributions to five or more candidates.

(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1104. TIMING FOR FUNDRAISING.

Though Charter Section 309 limits campaign solicitations and contributions to a time window of the election filing date through the end of the calendar year, the city shall not enforce that provision. Candidates are not limited as to the timing of fundraising for city offices.

(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2018-13, § 1, eff. 4-9-18).

SEC. 2-1105. CAMPAIGN CONTRIBUTIONS—LIMITATIONS ON AMOUNT AND DOCUMENT FILING METHODS.

(a) A person, other than a small contributor committee or a political party committee, may not make to any candidate for elective City office, and a candidate for elective City office may not accept from a person, any contribution totaling more than five thousand five hundred dollars ($5,500) per election. The provisions of this section do not apply to a candidate's contributions of his or her personal funds to his or her own campaign.

(b) A small contributor committee may not make to any candidate for elective City office, and a candidate for elective City office may not accept from a small contributor committee, any contribution totaling more than ten thousand nine hundred dollars ($10,900) per election.

(c) The contribution limitations set forth in this article shall be adjusted in January of every odd-numbered year to reflect any increase or decrease in the Consumer Price Index, as determined by the Fair Political Practices Commission pursuant to Government Code Sections 83124, adjusting the limits set forth in Government Code Section 85301(a) for subsection (a) hereinabove, and 85302(a) for subsection (b) hereinabove.

(d) It is the finding of the City Council that an elected officer, candidate, committee or other person required to file statements, reports, or other documents described by Chapter 4 of the Political Reform Act of 1974 (commencing with Government Code Section 84100) shall file those statements, reports, or other documents online or electronically with the City. The City's online system can and will operate securely and effectively and will not unduly burden filers. By way of this finding, the use of online or electronic filing is hereby authorized and required for elected officers, candidates, committees and other persons filing statements, reports or other documents described in Chapter 4 of the Government Code.

(1) In any instance in which an original statement, report or other document must be filed with the Secretary of State and a copy of that statement, report, or other document is required to be filed with the City, the filer may, but is not required to, file the copy online or electronically.

(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07; Am. Ord. 2014-3, §§ 1—3, eff. 2-10-14; Am. Ord. 2015-38, § 1, eff. 1-9-16; Am. Ord. 2016-33, § 1, eff. 10-21-16; Am. Ord. 2017-37, § 1, eff. 9-23-17; Am. Ord. 2023-024, § 1, eff. 9-15-23).

Editor's note—The contribution limits set out in subsections (a) and (b) reflect the adjustments adopted in 2020.

SEC. 2-1106. LOANS.

(a) The provisions of this article do not apply to loans and extensions of credit made to a candidate by a commercial lending institution in the lender's regular course of business on terms available to members of the general public for which the candidate is personally liable.

(b) In accordance with Government Code Section 85307, a candidate for elective City office may not personally lend to his or her campaign an amount, the outstanding balance of which exceeds one hundred thousand dollars ($100,000). A candidate may not charge interest on any loan he or she made to his or her campaign.

(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1107. AFFILIATED ENTITIES: AGGREGATION OF CONTRIBUTIONS.

(a) The contributions of an entity whose contributions are directed and controlled by any individual shall be aggregated with contributions made by that individual and any other entity whose contributions are directed and controlled by the same individual.

(b) If two or more entities make contributions that are directed and controlled by a majority of the same persons, the contributions of those entities shall be aggregated.

(c) Contributions made by entities that are majority-owned by any person shall be aggregated with the contributions of the majority owner and all other entities majority-owned by that person, unless those entities act independently in their decisions to make contributions.

(d) Contributions made by a husband and wife may not be aggregated, and shall be treated as contributions from separate persons. Contributions made by a child under 18 years of age is presumed to be a contribution from the parent or guardian of the child.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1108. RESTRICTIONS ON CONTRIBUTIONS BY CANDIDATES.

A candidate for elective office or committee controlled by that candidate may not make any contribution to any candidate for elective city office in excess of the limits for persons set forth in Section 2-1105(a).
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1109. RETURN OF EXCESSIVE CONTRIBUTIONS.

The candidate or the candidate's controlled committee shall return any amount in excess of the contribution limit set forth in this article to the contributor within 14 days of receipt. The excess contribution and the date of its return shall be reported on a form prepared or provided by the City Clerk.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1110. SEPARATE BANK ACCOUNT FOR ATTORNEY'S FEES.

(a) A candidate for elective city office or an elected city officer may establish a separate account to defray attorney's fees and other related legal costs incurred for the candidate's or officer's legal defense if the candidate or officer is subject to one or more civil or criminal proceedings or administrative proceedings arising directly out of the conduct of an election campaign, the electoral process, or the performance of the officer's governmental activities and duties. These funds may be used only to defray those attorney fees and other related legal costs.

(b) A candidate may receive contributions to this account that are not subject to the contribution limits set forth in this article. However, all contributions shall be reported in a manner prescribed by the Political Reform Act.

(c) Once the legal dispute is resolved, the candidate shall dispose of any funds remaining after all expenses associated with the dispute are discharged for one or more of the purposes set forth in the Political Reform Act.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1111. ENFORCEMENT AUTHORITY—COMPLAINTS, LEGAL ACTION, INVESTIGATORY POWERS.

(a) Any person who believes that a violation of any portion of this article has occurred may file a report with the Enforcement Authority. If the Enforcement Authority determines that there is reason to believe a violation of this article has occurred, he or she shall make an investigation. Whenever the Enforcement Authority has reason to believe a willful violation of this article has occurred or is about to occur, he or she may institute such legal action at such time as he or she deems necessary to prevent further violations or to redress prior violations.

(b) The Enforcement Authority shall have such investigative powers as are necessary for the performance of the duties prescribed in this article and may demand, and shall be furnished, records of campaign contributions and expenses at any time.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1112. ENFORCEMENT.

(a) Each candidate or treasurer who received part or all of the contributions in violation of the contribution limits of this article, shall pay promptly, from available campaign funds, if any, the amount received in excess of the amount permitted in this article, to the City Controller for deposit in the General Fund of the city, even though outstanding debts remain unpaid because of such forfeiture.

(b) Any person who knowingly or willfully causes another person to violate any provision of this article, or who aids and abets any other person in the violation of any provision of this article, shall be liable under the provisions of this section.

(c) Prosecution of violation of any provision of the article shall be commenced within four years after the date of the violation.

(d) The enforcement provisions of this section are in addition to, and not in place of, any means of enforcement or remedies at law.

(e) Any person who violates any of the provisions of this article shall, in addition to any other provisions of this article, be subject to the enforcement provisions set forth in the Political Reform Act, which are hereby incorporated by reference.

(f) The Enforcement Authority may institute such legal action at such time as he or she deems necessary to prevent further violations or to redress prior violations.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1113. APPLICABILITY OF OTHER LAWS.

Nothing in this article shall exempt any person from, or excuse such person's noncompliance with, applicable provisions of any other laws of the state or any other jurisdiction.
(Added Ord. 2003-84, § 1, eff. 11-2-03; Am. Ord. 2007-55, § 4, eff. 9-4-07).

ARTICLE 12 REGISTRATION OF LOBBYISTS

Sec. 2-1201. Title.
Sec. 2-1202. Definitions.
Sec. 2-1203. Registration; Time.
Sec. 2-1204. Registration Fee.
Sec. 2-1205. Registration Requirements.
Sec. 2-1206. Renewal of Registration.
Sec. 2-1207. Registration Statement; Amendment; Termination.
Sec. 2-1208. Exemptions.
Sec. 2-1209. Enforcement.
Sec. 2-1210. Applicability of Other Laws.

SEC. 2-1201. TITLE.

This article may be cited as the "Registration of Lobbyists Ordinance" of the City of Fresno.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1202. DEFINITIONS.

(a) Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article, and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Article 2 of Chapter 1 of this Code shall govern the construction, meaning, and application of words and phrases used in this article. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(b) "Elective Officer" shall mean the Mayor and councilmembers acting in their capacity as (1) Mayor or councilmember; or (2) member of the Redevelopment Agency; or (3) member of any board, commission or committee created by the Charter, ordinance or resolution of Council.

(c) "Lobbyist" means any person who is employed or contracts for economic consideration, other than reimbursement for reasonable travel expenses, to perform lobbying services which shall include communicating directly or through his or her agents with any elective officer or staff member for the purpose of influencing, supporting, promoting, modifying, opposing, delaying or advancing any municipal legislation.

(d) "Municipal legislation" means resolutions, motions, appeals, applications, petitions, hearings, nominations, ordinances, amendments, and other matters pending, proposed, or which may eventually come before the Council.

(e) "Person" means an individual, proprietorship, firm, syndicate, committee, labor organization, joint venture, joint stock company, partnership, association, club, company, limited liability company, corporation, business trust, or any other organization or group of persons acting in concert.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1203. REGISTRATION; TIME.

Every lobbyist shall register by filing a registration statement with the City Clerk no later than 10 days after accepting employment or contracting as a lobbyist.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1204. REGISTRATION FEE.

Each lobbyist required to file a registration statement under this article shall be charged a registration fee in the amount specified in the Master Fee Schedule designated in the Master Fee Resolution, as amended by the Council from time to time.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1205. REGISTRATION REQUIREMENTS.

The registration statement of a lobbyist shall include:

(a) If the person is an individual, the full name, business address, telephone number, the name and address of his or her employer, if any, or his or her principal place of business if the person is self employed.

(b) For all those persons other than an individual registering hereunder, the full name, business address and telephone number of each person who will be providing lobbying services on behalf of the lobbyist.

(c) The full name and business address of each and every client for whom the lobbyist is employed or contracts to provide lobbying services.

(d) Any other information required by the Council consistent with the purposes and provisions of this article.

(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1206. RENEWAL OF REGISTRATION.

Each registered lobbyist which will be conducting activities which require registration shall renew its registration annually by filing a registration statement with the City Clerk on or before April 1st of each year. Such lobbyist shall be charged a renewal of registration fee in the amount specified in the Master Fee Schedule except that lobbyists who file their initial registration within thirty days of April 1st shall not be required to renew their registration.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1207. REGISTRATION STATEMENT; AMENDMENT; TERMINATION.

If any change occurs in any of the information contained in a registration statement, an appropriate amendment shall be filed with the City Clerk by the tenth day of the month following the month in which the change occurred. However, if the change includes the addition of the name of a client, the registration statement of the lobbyist shall be amended

and filed to show that change prior to the lobbyist engaging in lobbying services as set forth in this article. Lobbyists which cease all activity which required registration shall file a notice of termination within 20 days after such cessation.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1208. EXEMPTIONS.

The provisions of this article are not applicable to:

(a) Any elected public official acting in his or her official capacity, or any governmental or public agency employee acting within the scope of his or her employment or any employee of the city acting upon terms and conditions of his or her employment.

(b) Any newspaper or other periodical of general circulation, book publisher, radio or television station (including any individual who owns, publishes, or is employed by any such newspaper or periodical, radio or television station) which in the ordinary course of business publishes news items, editorials, or other comments, or paid advertisement, which directly or indirectly urge action upon municipal legislation.

(c) A person when representing a bona fide church or religious society solely for the purpose of protecting the public's right to practice the doctrines of such church.

(d) An attorney acting on behalf of others in the performance of a duty or service, which duty or service lawfully can be performed for such other only by an attorney licensed to practice law in the State of California.

(e) A person who is a member or employee of any nonprofit organization when representing such nonprofit organization for the sole purpose of promoting the interest of such nonprofit organization, unless such employee is engaged primarily in lobbying services for such nonprofit organization.

(f) A person who is an employee of any business entity when representing such business entity for the sole purpose of promoting the interest of such business entity unless such employee is engaged primarily in lobbying services for such business entity.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1209. ENFORCEMENT.

The City Attorney may institute such legal action at such time as he or she deems necessary to prosecute, enjoin, or to redress a violation of any of the provisions of this article.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1210. APPLICABILITY OF OTHER LAWS.

Nothing in this article shall exempt any person from, or excuse such person's noncompliance with applicable provisions of any other laws of the State or any other jurisdiction.
(Added Ord. No. 95-73, § 1, eff. 10-20-95; Am. Ord. 2007-55, § 4, eff. 9-4-07).

Sec. 2-1301. Construction.
Sec. 2-1302. Agency.
Sec. 2-1303. Reserved.
Sec. 2-1304. Community.
Sec. 2-1305. Community Development.
Sec. 2-1306. Community Redevelopment Law
Sec. 2-1307. Council Declared to be the Agency.
Sec. 2-1308. Community Development Program.
Sec. 2-1309. Reserved.

SEC. 2-1301. CONSTRUCTION.

The general provisions and definitions contained in the Community Redevelopment Law, except as modified by this article, and the general provisions and definitions set forth in this article shall govern the construction of this article, unless the context otherwise requires.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1302. AGENCY.

"Agency" means the Council in the exercise of the powers granted to it as the Redevelopment Agency of the city by the Community Redevelopment Law and this article.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1303. RESERVED.

Editor's note—Ord. 2020-050, § 1, effective November 30, 2020, amended the Code by repealing former § 2-1303 in its entirety. Former § 2-1303 pertained to the housing and community development commission, and derived from Ord. 2007-55, effective September 4, 2007.

SEC. 2-1304. COMMUNITY.

"Community" means the city.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1305. COMMUNITY DEVELOPMENT.

"Community development" means the overall program formulated by the community for the physical, environmental, and economic improvement of the community, including in its scope, without limitation, provision for decent housing, a suitable living environment, and the expansion of economic opportunity for all within the community but with emphasis on the needs of persons of low and moderate income. Formulation of a community development program includes planning and replanning, design and redesign, construction, clearance, reconstruction, rehabilitation, historical preservation, open space development, neighborhood facilities development, economic development and industrial recruitment, and human services to further the objectives of the program, for all or part of designated survey and

activity areas singly or in combination, and also includes provision for such residential, industrial, recreational, public, or other facilities necessary or appropriate for the public welfare.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1306. COMMUNITY REDEVELOPMENT LAW.

"Community Redevelopment Law" means the Community Redevelopment Law of the State, as set forth in Part 1 of Division 24 (commencing with Section 33000) of the Health and Safety Code of the State, and as the same shall be amended.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1307. COUNCIL DECLARED TO BE THE AGENCY.

(a) The purpose of the action taken by the Council herein to assume all the rights, powers, duties, privileges and immunities heretofore vested in the Redevelopment Agency of the city, created and existing and heretofore functioning as an appointive agency pursuant to and under the Community Redevelopment Law, is to effectuate a consolidation and coordination of redevelopment project activities within the community with related planning, capital improvements, housing promotion and rehabilitation, public works, and other projects and activities conducted by the city. The principal objectives of such consolidation and coordination are the ultimate reduction or elimination of duplication of personnel effort through consolidation of functions, and improved coordination of the budgeting and administration or redevelopment project activities with community development activities of the city. The Council finds, therefore, that its action declaring itself to be the Agency will serve the public interest and promote the public safety and welfare in a more effective manner than the current organization.

(b) The Council declares that the Redevelopment Agency of the city has been designated and has continuously existed for more than three years. The Council has conducted a public hearing, duly noticed and held as required by the Community Redevelopment Law, and finds that there has been full public disclosure of all reports and proposals relating to the Council's intent to declare itself the Agency.

(c) Under and pursuant to the Community Redevelopment Law, the Council declares itself to be the Redevelopment Agency of the city. On the effective date of the ordinance adding this chapter to the Code the members of the Council shall become the members of the Agency and the appointive members heretofore comprising such agency shall cease to be members thereof and their appointive offices shall be vacated.

(d) The action of the Council herein declaring itself to be the Agency shall effect no change in the status of the Redevelopment Agency of the city as an existing public body, corporate and politic, which shall continue to exist as the same legal entity without change. Such

action shall not be construed as making the Agency a department or other part of the government of the city, but the city as a municipal corporation and the agency shall be and remain separate, independent legal entities.
(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1308. COMMUNITY DEVELOPMENT PROGRAM.

Projects comprising a community development program shall be formulated and proposed by the City Manager and/or the Executive Director of the Redevelopment Agency annually or as otherwise directed by the Council. Such projects shall include among their objectives the following:

(1) The elimination of slums and blight and the prevention of blighting influences and the deterioration of property and neighborhood and community facilities of importance to the welfare of the community, principally persons of low and moderate income;

(2) The elimination of conditions which are detrimental to health, safety, and public welfare, through code enforcement, demolition, interim rehabilitation assistance and related activities;

(3) The conservation and expansion of the city's housing stock in order to provide a decent home and a suitable living environment for all persons, but principally those of low and moderate income;

(4) Achievement of a balanced relationship, through coordinated and mutually supportive activities, of the community's physical facilities with the ability of the community to deliver services, principally for persons of low and moderate income;

(5) The attainment of a more rational utilization of land and other natural resources and the better arrangement of residential, commercial, industrial, recreational, and other needed activity centers;

(6) The reduction of the isolation of income groups within communities and geographical areas and the promotion of an increase in the diversity and vitality of neighborhoods through the spatial deconcentration of housing opportunities for persons of lower income and the revitalization of deteriorating or deteriorated neighborhoods to attract persons of higher income; and

(7) The restoration and preservation of properties of special value for historic, architectural or esthetic reasons through the redevelopment process or other means.

(Added Ord. 2007-55, § 4, eff. 9-4-07).

SEC. 2-1309. RESERVED.

Editor's note—Ord. 2020-050, § 2, effective November 30, 2020, amended the Code by repealing former § 2-1309 in its entirety. Former § 2-1309 pertained to commission functions in community development, and derived from Ord. 2007-55, effective September 4, 2007.

SEC. 3-101. SCOPE OF ARTICLE. DEFINITIONS.

(a) Except as may be otherwise specifically provided herein, the provisions of this article shall apply and refer to employees in both the classified and the unclassified service.

(b) Unless a different meaning is clearly required by the context, the words and phrases defined in Article 2 of this chapter shall have the same meanings when used in the article.

(c) The terms "firefighting personnel" and "firefighting employee," whenever used herein, shall mean any employee of the city whose classification involves the performance of firefighting duties, and shall include, but is not limited to, any firefighter.

(d) The terms "police personnel," and "policing employee," whenever used herein, shall mean those employees of the police department whose classification involves the performance of peace officer duties, and shall include, but is not limited to, any police officer.

(e) Whenever in this article or in Article 2 of this chapter employees are designated by group or unit, such as, for example, "Management and Confidential Group," "Nonsupervisory Blue Collar Unit," etc., such designation shall mean and refer to employees in such groups or units as set forth in the current salary resolution or other action of the Council fixing the compensation of city employees.
(Rep. and Added Ord. 5988, 1961; Am. Ord. 76-54, § 1, eff. 7-11-76; Am. Ord. 82-79, § 1, eff. 9-17-82; Am. Ord. 2006-112, § 1, eff. 9-28-06; Ord. No. 2020-003, § 1, eff. 3-2-20).

SEC. 3-102. FULL-TIME EMPLOYMENT DEFINED. EMPLOYMENT OUTSIDE CITY SERVICE.

(a) Forty hours of actual attendance on duty, less time off on authorized leaves of absence as provided for in this article, shall constitute a minimum work week for all full-time employees of the city, except that fire fighting personnel who work a twenty-four hour shift shall be deemed full-time employees:

(b) Employees holding full-time permanent positions shall devote their whole time and attention to city service except as hereinafter provided. No such employee shall engage in or work at any other remunerative occupation, including self-employment, without having first obtained an outside work permit.

(1) **Application.** Every applicant for an outside work permit shall file an application with their Appointing Authority (City Manager, Department Head, Councilmember, City Attorney, City Clerk, or Retirement Administrator) on a standardized form. The Appointment Authority shall make a determination whether the proposed outside work is compatible with the applicant's city position and with the terms of this Section, or will adversely affect the efficiency of the employee.

(i) For those employees who report to a Councilmember, City Attorney or City Clerk, the Appointing Authority shall approve or deny the permit. The Council shall be notified of all work permits issued by the City Attorney or City Clerk.

(ii) For those employees of a Department or Division that reports to the City Manager, the Department Head shall forward the application and their recommendation to Personnel Services, which shall recommend issuance or disapproval of the permit, and the City Manager or designee shall either approve or deny the permit. In the event either the Department Head or Personnel Services recommends disapproval, the applicant shall be notified of such recommendation prior to submission of the work permit application to the City Manager.

(2) **Issuance.** The Appointing Authority shall issue an outside work permit unless there is cause for denial. Such cause may include but shall not be limited to one or more of the following reasons:

(i) The work request might be in violation of the California Government Code Section 1126, which currently states, "a local agency officer or employee shall

not engage in any employment, activity or enterprise for compensation which is inconsistent, incompatible, in conflict with or inimical to his or her duties as a local agency officer or employee"; or

(ii) The number or arrangement of the hours of employment in the proposed outside work is such that the efficiency of the applicant in their city position will be impaired to any degree; or

(iii) The applicant's city position is one which requires occasional or regular standby duty for emergency call and the proposed outside work would seriously restrict the availability for such emergency call; or

(iv) A medical disability or infirmity of the applicant (as indicated by sick leave record, injury records, or medical examination) may be aggravated by the proposed outside work or the medical condition and/or nature of the work for the city is such that the applicant's efficiency in their city position may be impaired by the outside work; or

(v) If not self-employed, failure of the applicant to indicate proof of workers' compensation insurance in the outside employment; or

(vi) The applicant has willfully mis-stated on the application any fact concerning the nature of the outside work.

(3) **Restrictions.** All approved work permits shall be issued subject to the restrictions as specified herein including, but not limited to the restrictions stated and implied in the California Government Code section 1126.

(4) **Time Limit. Hours.** An outside work permit shall be granted for such periods of time as the Appointing Authority prescribe but not to exceed a period of one year, and shall be renewable in the same manner as issuance of the original work permit. Each work permit shall show thereon the date of its expiration, and it shall be the duty of the employee holding such permit and desiring its renewal to file an application for renewal sufficiently in advance of the expiration date to avoid lapse. However, the Appointing Authority, in their discretion, may retroactively issue a work permit. The maximum number of hours for which a work permit may be approved shall be sixteen hours per week for eight and ten hour shift employees and twenty-four hours per week for twenty-four hour shift employees. Any exception to these time limits will be determined on an individual basis and will be governed by the nature of the work to be performed, the nature of the applicant's city duties, and other pertinent factors that have bearing on the individual's ability to devote their full time and attention to city employment.

(5) **Revocation.** The Appointing Authority shall revoke any outside work permit they issued for any reason which would have required the denial of such permit under Subsection (2) hereof, or for any other good cause. Work permits may be revoked where any act or behavior of the employee in performing their outside work reflects unfavorably upon their Department or the city. Written notice of the revocation

stating the effective date thereof shall be given to the employee who shall surrender the revoked permit to the Appointing Authority on or before the effective date of the revocation. An employee whose work permit has been revoked shall cease outside employment immediately upon receipt of such notice. Work permits automatically shall become invalid and remain invalid, without notice, for the duration of the time that an employee is:

(i) On any leave used for sickness or physical incapacity, such as Sick Leave or Annual Leave; or

(ii) Receiving workers' compensation injury pay (including California Labor Code Section 4850 pay and temporary disability pay). Exception: Employees with an approved work permit may continue to perform such outside work provided it is consistent with the work restrictions/limitations imposed by their treating physician and no light duty is available within the city. In cases of dispute regarding an employee's medical status, the opinion of the most recent specialist shall prevail.

(6) **Review.**

(i) Denial or revocation of a work permit by a Councilmember, City Attorney, or City Clerk shall be appealable by submitting a written request for review to the Council President within seven business days of the decision. The Council President shall establish an Ad Hoc Review Committee consisting of three Councilmembers (excluding the affected employee's Appointing Authority).

(ii) The City Manager's decision to deny or revoke a work permit shall be appealable by submitting a written request for review to the Director of Personnel Services within seven business days of the City Manager's decision. The request shall be reviewed by a Work Permit Review Committee, consisting of one management group member to be assigned by the City Manager, an employee representative selected by the affected employee, and a third member shall be a city employee in a permanent position jointly selected by the management group member and the employee's representative. No member of the committee shall be a member of the affected employee's Department.

(iii) The request for review shall include any evidence which bears upon the issuance, denial, renewal, or revocation of the work permit. The applicable review committee shall review the request and render a decision within forty-five days to issue, modify, deny, or revoke the work permit, using the criteria outlined in this Section.

(Rep. and Added Ord. 5988, 1961, based on former Sec. 2-1504; Am. Ord. 6073, 1962; Am. Ord. 71-128, 1972; Am. Ord. 82-85, § 1, eff. 9-17-82; Am. Ord. 2016-10, § 1, eff. 5-12-16; Ord. No. 2020-003, § 2, eff. 3-2-20).

SEC. 3-103. PERMISSIBLE POLITICAL ACTIVITIES.

The limitations on political activities imposed by Section 813 of the Charter shall not be deemed to prevent any person who holds a position in the administrative service, or whose name is on any register for appointment to a position in the administrative service, from

(1) Attending a political meeting;

(2) Enjoying entire freedom from all interference in casting a vote;

(3) Seeking signatures to any initiative or referendum petition affecting their rates of pay, hours of work, retirement, civil service, or other working conditions provided such activity is not carried on during hours of work.

(Rep. and Added Ord. 5988, 1961, based on former Secs. 2-814 and 2-815; Am. Ord. 69-90, 1969; Ord. No. 2020-003, § 3, eff. 3-2-20).

SEC. 3-104. LEAVE OF ABSENCE WITHOUT PAY.

The City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, may grant a leave of absence from duty without pay to an employee for a period not exceeding one hundred and twenty calendar days; provided, however, that if it shall appear that it is for the good of the service and the benefit of the city, they may extend such leave. Application for such leave shall show the following:

(a) That the position from which the leave is sought is a permanent position;

(b) The beginning and ending date of the leave requested;

(c) The reason for the applicant desiring such leave.

(Rep. and Added Ord. 5988, 1961, based on former Sec. 2-1666; Ord. No. 2020-003, § 4, eff. 3-2-20).

SEC. 3-105. REVOCATION OF LEAVE OF ABSENCE.

An employee may, at any time during leave of absence granted, be called back to duty by the Appointing Authority, subject to the approval of the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority. The employee shall be served personally or by certified mail with written notice of such order to return to duty. If the employee fails to report for duty at the specified time, and if the excuse for failure to so report is not satisfactory to the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, the employee shall be subject to suspension or dismissal for inexcusable absence without leave.

(Rep. and Added Ord. 5988, 1961, based on former Sec. 2-1667; Ord. No. 2020-003, § 5, eff. 3-2-20).

SEC. 3-106. RETURN TO POSITION AFTER LEAVE.

Upon the expiration of leave of absence duly granted in accordance with the provisions of this article, an employee shall be returned to the same or equivalent class as occupied when the leave of absence was granted, subject to the right of the Appointing Authority to require a medical examination, as provided in this article, before allowing the employee to return to duty.

(Rep. and Added Ord. 5988, 1961, based on former Sec. 2-1668; Ord. No. 2020-003, § 6, eff. 3-2-20).

SEC. 3-107. SICK LEAVE.

(a) Employees of the city whose salaries are fixed on a monthly or yearly basis, including those in the unclassified service, and part-time employees, shall accumulate Sick Leave with full pay according to the following schedule:

(1) Sick Leave shall be accumulated at the rate of eight hours for each completed calendar month of employment. Employees exempt from the payment of overtime may use accumulated Sick Leave after one completed calendar month of employment. For all other employees, Sick Leave may not be used until the employee has completed ninety days of employment. Firefighting personnel working a twenty-four-hour shift shall accumulate Sick Leave at the rate of one-half shift for each completed calendar month of employment.

(2) Part-time employees shall accumulate Sick Leave at the rate of eight hours of Sick Leave for every one hundred sixty hours worked, but not to exceed ninety-six hours of Sick Leave in any fiscal year. An employee holding a position to which more than one rate of pay applies, depending on the nature of the work performed, shall be compensated while on Sick Leave at the rate applicable to the work performed on the last day before going on Sick Leave.

(3) New employees holding full-time permanent positions who commence work on or before the fifteenth day of the month shall be entitled to full Sick Leave credit for that month. Such employees who commence work after the fifteenth day of the month shall not be entitled to Sick Leave credit for that month.

(4) Employees in positions compensated by a fixed monthly or yearly salary who are on leave or suspension without pay for more than eighty hours in any calendar month, and fire-fighting personnel working a twenty-four-hour shift who are on leave or suspension without pay for more than five working shifts in any calendar month, shall not accumulate Sick Leave for that month.

(b) The Council, in a salary resolution, city approved labor memorandum of understanding, or other action establishing rates of pay for city employees, may designate positions, classes of positions, or employee groups for which the calculation, accumulation, or allowance of Sick Leave is different from that provided in this section.

(c) Sick Leave may be taken for absences from duty made necessary by:

(1) Illness or sickness of the employee, the employee's child, parent, spouse, registered domestic partner, parent-in-law, grandparent, grandchild, or sibling, caused by factors over which the employee has no reasonable immediate control;

(2) Injury not incurred in line of duty except where traceable to employment by an employer other than the City of Fresno;

(3) Medical, dental or eye examination or treatment for the employee, or the employee's child, parent, spouse, registered domestic partner, parent-in-law, grandparent, grandchild, or sibling, which appointment cannot be made outside of working hours.

(d) An employee who absents themselves from duty on Sick Leave shall notify the head of the department or office, or such other person as departmental rules may provide, promptly on the first day of absence and any other day of absence if such absence is unscheduled and unanticipated, and failure to do so may be grounds for denial of such leave with pay for the period of absence.

(e) Sick Leave while on vacation is authorized only if the employee is confined to a hospital. Verification shall be submitted from the attending physician or the hospital.

(f) Upon the death of an employee's child, parent, spouse, registered domestic partner, parent-in-law, grandparent, grandchild, or sibling, the employee shall be allowed to use Sick Leave as is actually necessary to take care of funeral arrangements or attend the funeral, but not to exceed four working days; provided, however, that fire fighting personnel working a twenty-four hour shift shall be allowed to use Sick Leave not to exceed two regular shifts. Sick Leave to attend the funeral of a person other than the employee's child, parent, grandchild, or sibling may be granted an employee by the Appointing Authority. The Appointing Authority shall notify the Personnel Services Director when any employee is granted the use of Sick Leave for bereavement.

(g) Sick Leave may be used on the day of the birth of an employee's child.

(h) Holidays and regular days off occurring while an employee is on Sick Leave shall not be charged against such employee's Sick Leave credits, except that holidays shall be so charged if such employee is a part of the fire fighting personnel working a twenty-four-hour shift.

(i) Sick Leave shall not be allowed where the cause of the injury or illness is directly traceable to city employment or to any compensated employment or remunerative occupation of any kind, including self employment, unless the employee has exhausted temporary disability benefits under Section 3-118 and any other disability insurance payments. If such temporary disability benefits and other disability insurance payments are exhausted, the employee may use Sick Leave for such injury or illness.

(j) Sick Leave shall automatically terminate on the date of separation of city service, of the employee or on the date on which an ordinary disability allowance under the retirement system becomes effective.

(k) Inability to work because of intemperance is not an authorized reason for Sick Leave.

(l) Ordinary tiredness, restlessness, and muscular fatigue are not valid reasons for Sick Leave.

(m) Notwithstanding any other provisions of this section, whenever employees are paid on an hourly basis and the compensation of such employees, including Sick Leave with pay, is budgeted and funded under a program sponsored by another governmental entity, then such employee shall accumulate Sick Leave in accordance with subsection (a)(2) of this section to the extent of such funding.

(n) As used in this section, "child" means a biological, foster, or adopted child, a stepchild, a legal ward, a child of a domestic partner, or a child of a person standing in loco parentis of the employee; "parent" means a biological, foster, or adoptive parent, a stepparent, or a legal guardian of the employee.
(Added Ord. 5988, 1961, based on former Secs. 2-1670 and 2-1671; Am. Ord. 6049, 1962; Am. Ord. 6290, 1963; Am. Ord. 6666, 1965; Am. Ord. 70-77, 1970; Am. Ord. 72-20, 1972; Am. Ord. 73-116, § 1, eff. 9-2-73; Am. Ord. 79-52, § 1, eff. 4-27-79; Am. Ord. 82-85, § 2, eff. 9-17-82; Am. Ord. 83-75, § 1, eff. 7-1-83; Am. Ord. 83-131, § 1, eff. 10-21-83; Am. Ord. 91-119, § 1, eff. 12-13-91; Am. Ord. 2017-67, § 1, eff. 1-18-18; Ord. No. 2020-003, § 7, eff. 3-2-20).

SEC. 3-108. LEAVE FOR VACATION.

(a) All employees who are employed in permanent positions shall accumulate Vacation Leave with pay in accordance with the salary resolution or applicable city approved labor memorandum of understanding, for each completed calendar month of employment.

When any such employment [employee] commences work on or before the fifteenth day of a calendar month, they shall be credited with the Vacation Leave accrual for that month. Entitlement to Vacation Leave accumulation in this subsection shall commence on the first day of the month following the date on which the employee shall have been continuously employed for the prescribed period.

(b) The time at which an employee shall take Vacation Leave shall be determined by the Appointing Authority with due regard for the wishes of the employee and particular regard for the needs of the service.

(c) No employee shall be entitled to any Vacation Leave credit that will exceed the accumulation limit as listed in the salary resolution or applicable city approved labor memorandum of understanding; however, the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, may allow an additional accumulation of not to exceed twenty per-cent of such limits if they shall find an employee was prevented from reducing their Vacation Leave accumulation below the limit applicable to them by (i) absence from duty on account of injury compensable under Section 3-118; or, (ii) an unexpected emergency affecting the public peace, health or safety which precluded their absence from duty; or (iii) a refusal of the employee's department head

of a written request for Vacation Leave submitted by the employee at least one month, and not more than six months, prior to the month in which the employee's maximum accumulation of unused Vacation Leave credit exceeds the limit applicable to their position and length of continuous service; but provided further, that any excess accumulation so allowed shall be automatically cancelled to the extent of any excess over the applicable limit remaining to the credit of such employee (a) ninety days after the date of their return to duty from absence as provided in provision (i) hereinabove; or (b) ninety days after the expiration of the period of emergency, as provided in provision (ii) hereinabove; or (c) ninety days after the date on which the employee's maximum accumulation of unsaved Vacation or Leave exceeded the limit applicable to their position and length of continuous service, pursuant to provision (iii) hereinabove, unless extended one or more such ninety-day periods by refusal of written request or requests for Vacation Leave submitted during the original or subsequent ninety-day periods.

(d) Vacation Leave credit which was earned by service in any calendar month, or, in the case of part-time employees, which was earned because of the completion of a unit of one hundred and sixty hours of work during any calendar month, shall be allowed and become creditable to the employee's unused accumulation of Vacation Leave as of the first day of the following month.

(e) Employees in permanent positions who are on suspension or leave without pay for more than eighty hours in any calendar month, and fire-fighting personnel working a twenty-four-hour shift who are on suspension or leave without pay for more than five working shifts in any calendar month, shall not accumulate Vacation Leave for that month.

(f) Formerly subsection (k) (Repealed Ord. 6943, 1967).

(g) If a holiday occurs during a vacation, it shall not be charged against Vacation Leave except in the cases of employees who accrue Holiday Leave on a monthly basis.

(h) Notwithstanding any other provisions of this section, whenever employees are in part-time service and are paid on an hourly basis, compensation of such employees, including vacations, is budgeted and funded under a program sponsored by another governmental entity, then such employee shall be granted Vacation Leave in accordance with this section.

(i) In a salary resolution, city approved labor memorandum of understanding, or other action of the Council establishing the rates of pay of employees in the city service, may be designated positions, classes of positions, or employee groups for which the rate of, calculation of, or accumulation of Vacation Leave credit shall be different from that provided in this section.

(Added Ord. 5988, 1961, based on former Secs. 2-1673 and 2-1675; Am. Ord. 6306, 1963; Am. Ord. 6477, 1964; Am. Ord. 6943, 1967; Am. Ord. 67-54, 1967; Am. Ord. 70-77, 1970; Am. Ord. 73-116, § 3, eff. 9-2-73; Am. Ord. 76-54, §§ 2, 3, eff. 7-11-76; Am. Ord. 76-112, § 1, eff. 1-2-77; Am. Ord. 82-85, §§ 3—6, eff. 9-17-82; Am. Ord. 89-120, § 1, eff. 10-3-89; Ord. No. 2020-003, § 8, eff. 3-2-20).

SEC. 3-109. LEAVE FOR COMPELLED ATTENDANCE IN COURT OR ADMINISTRATIVE HEARINGS.

(a) With the approval of the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, any employee who is compelled by subpoena to attend any hearing or trial for the purpose of testifying during their regular work hours for the City, may be entitled to do so without loss of pay during the period they are required to remain in attendance at such hearing or trial. If the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, has approved the employee's attendance at such hearing or trial without loss of pay the employee shall demand and obtain from the person who subpoenas them any fee allowed by law or otherwise payable for such attendance in court or hearing, and shall promptly pay over to the Controller the full amount of all fees received for such attendance.

(b) Any employee who is required by the City Attorney or their designee to attend for the defense of an action against the city any civil court proceeding or administrative hearing during their regular work hours wherein they or the city, or both, are parties defendant as a result of an incident arising out of or occurring in the course of employment, or wherein testimony, shall be entitled to do so without loss of pay while required to be in attendance in court or hearing if the City Attorney or their designee, determines that such attendance is necessary for a proper defense of the action. If an employee is required to attend any such proceeding or hearing on a day off, they shall be entitled to overtime if it is required under Section 3-117 or applicable city approved labor memorandum of understanding.

(c) Any employee who is required to attend during their regular work hours the trial of any civil action in court as a party plaintiff where the action arises out of or during the course of employment with the city shall be entitled to a leave of absence with pay if the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, determines the absence is primarily for the benefit and protection of the city's interest and the employee shall be entitled to a leave of absence without pay determined the absence is primarily for the employee's own benefit.
(Added Ord. 5988, 1961; Ord. No. 2020-003, § 9, eff. 3-2-20).

SEC. 3-110. LEAVE FOR JURY DUTY.

All employees shall receive their regular wages or salary during the time they are required to be absent from the duties of their position to attend any court in response to a summons for jury duty or while service on a jury, but shall pay over to the city any fees received for such attendance or service. This section does not apply to elective voluntary jury service, such as grand jury service.
(Added Ord. 5988, 1961; based on former Section 2-1507; Ord. No. 2020-003, § 10, eff. 3-2-20).

SEC. 3-111. MILITARY LEAVE.

Employees shall be entitled to such military leaves of absence as are provided for by Division II, Part 1, Chapter 7 of the Military and Veterans Code of California, including such leaves with pay as are provided therein, and subject to the rights, benefits, and limitations provided therein and in the Charter, this Code, administrative orders and/or the salary resolution pertaining to city service.
(Added Ord. 6049, 1962, based on former Sec. 2-1669; Am. Ord. 73-116, § 4, eff. 9-2-73; Ord. No. 2020-003, § 10, eff. 3-2-20).

SEC. 3-112. LEAVE FOR WORKERS' COMPENSATION MEDICAL EXAMINATIONS, MEDICAL TREATMENT, AND ATTENDANCE AT—WORKERS' COMPENSATION APPEALS BOARD HEARINGS.

Employees who have been injured in the course and scope of their employment with the city and who are required, as a result of such injury, to be absent from duty to undergo medical examinations or treatment authorized by the city's workers' compensation administrator or the Workers' Compensation Appeals Board or to attend hearings of the Workers' Compensation Appeals Board may be granted leaves with pay for such absences by the Personnel Director when such absences are determined to be in the best interest of the city.
(Added Ord. 5988; Am. 6049, 1962; Am. Ord. 91-34, § 1, eff. 5-17-91; Ord. No. 2020-003, § 12, eff. 3-2-20)

SEC. 3-113. SUBSTITUTE LEAVE; LEAVE OF ABSENCE WITH PAY FOR FIRE FIGHTING PERSONNEL WHERE SUBSTITUTE PROVIDED.

(a) Subject to the conditions and limitations provided in this section firefighting personnel of the Fire Department, during the time of incapacity for the performance of duty because of illness or injury not incurred in the performance of employment with the city or with any other employer, shall be entitled to a leave of absence with full pay if a qualified substitute is provided to perform the duties of their position. Such leave of absence shall be designated as "substitute leave."

(b) The right to substitute leave shall be limited to firefighting personnel who are working a twenty-four hour shift at the time the incapacity for duty occurs.

(c) No firefighting personnel who is entitled to substitute leave unless they have first exhausted all the Sick Leave, Vacation Leave, and Holiday Leave available on the date the substitute leave commences or which becomes available if the substitute leave continues into a new fiscal year.

(d) No firefighting personnel who is eligible for service retirement, or who is qualified for disability retirement under the Fresno Fire and Police Retirement System shall be entitled to substitute leave, and before any application for substitute leave for such a firefighting personnel may be approved, there shall be filed with the department head the certification of a city Physician that has examined the firefighting personnel and has found the firefighting personnel's incapacity for performance of duty is not permanent, or anticipated

to be extended duration; provided, however, that nothing contained in this subsection shall be deemed to limit or restrict any right or privilege under the provisions of such retirement system to request a determination by the Retirement Board of the applicant's eligibility for disability retirement.

(e) A schedule of substitution, listing the names of all substitutes and the shifts they will work, shall accompany each application for substitute leave, and may be amended from time to time when necessary to add or delete the name of a substitute. The schedule, and any amendments thereto shall be signed by each listed substitute and shall contain a statement over their signature assigning to the firefighting personnel on leave all right to salary and all other benefits, except benefits resulting from on-the-job injury, which shall accrue on account of work performed as a substitute and that for the purpose of payment of salary or the payment of accrual of such benefits, the city may consider the work as having been actually performed by the firefighting personnel on leave. No fire fighting personnel shall work as a substitute for more than one working shift in any calendar week. The schedule of substitution shall be subject to the approval of the department head or their designee.

(f) In cases where the firefighting personnel claims the illness or injury is industrial but no final determination has been made, such illness or injury may nevertheless be deemed non-industrial for the purpose of eligibility for substitute leave, until such final determination has been made; provided, if such final determination is that the illness or injury is industrial, all payments of salary to such firefighting personnel while they were on substitute leave shall be deducted from any entitlement due under Section 3-118 of this Code.

(g) Substitute leave shall extend for the duration of the incapacity of the firefighting personnel for the performance of duty or until the firefighting personnel is separated from city service or retired under the provisions of the Fresno Fire and Police Retirement System; provided, that no firefighting personnel who is eligible for any retirement and who is permanently incapacitated from returning to the duties of their position and would have otherwise been separated from service but for entitlement to substitute leave shall be allowed to remain on substitute leave for any period which, when added to their prior service, would allow the firefighting personnel to accumulate ten years of service; and provided further, that in no event shall such leave be allowed for a total period of more than six months on account of any one illness or injury. The department head or their designee may require such further medical examinations of a firefighting personnel on substitute leave as the department head or their designee may deem advisable to determine the firefighting personnel's continued eligibility for such leave.

(h) Written application for substitute leave, accompanied by the required schedule of substitution, shall be filed in duplicate with the department head. The department head, upon approval of the application, shall forward a copy thereof to the Director.
(Added Ord. 6094, 1962; Ord. No. 2020-003, § 13, eff. 3-2-20).

SEC. 3-114. SUBSTITUTE LEAVE; LEAVE OF ABSENCE WITH PAY FOR POLICE PERSONNEL. OVERTIME CREDIT DONATED.

(a) Subject to the conditions and limitations provided in this section a police personnel of the Police Department, during the time of incapacity for the performance of duty because of illness or injury not incurred in the performance of employment with the city or with any other employer, shall be entitled to a leave of absence with full pay if overtime credit donations by other police personnel are made as provided in this section and if such leave is approved by the Chief of Police or their designee. Such leave of absence shall be designated as "substitute leave."

(b) No police personnel shall be entitled to substitute leave unless they have first exhausted all the Sick Leave, Vacation Leave, holiday credit, and overtime credit available on the date the substitute leave commences or which becomes available if the substitute leave continues into a new fiscal year.

(c) No police personnel who is eligible for service retirement, or who is qualified for disability retirement under the Fresno Fire and Police Retirement System shall be entitled to substitute leave, and before any application for substitute leave for such a police personnel may be approved, there shall be filed with the department head the certification of the city physician that has examined the police personnel and has found that the police personnel's incapacity for performance of duty is not permanent, or anticipated to be of extended duration; provided, however, that nothing contained in this subsection shall be deemed to limit or restrict any right or privilege under the provisions of such retirement system to request a determination by the Retirement Board of the police personnel's eligibility for disability retirement.

(d) Written application for substitute leave shall be made to the Chief of Police. The application shall contain a schedule of proposed donations and shall include the written authorization of each police personnel who has agreed to donate the equivalent of one or more days of time from their accumulated overtime credit to the credit of the police personnel requesting substitute leave. In the authorization, each donor shall agree that they assign to the police personnel on leave all right to salary and other benefits which shall accrue on account of time donated by them. When donation is made by a police personnel of a different class from that of the police personnel on substitute leave, the value of the time donated shall equal the value of the time received by the police personnel on leave, computed to the nearest hour. For the purpose of payment of salary or the payment or accrual of such benefits the city may consider the work as having been actually performed by the police personnel on leave. The schedule of donations shall be subject to the approval of the Chief of Police, and, upon their approval of the leave of absence and the substitute credits, they shall forward a copy thereof to the Director.

(e) In cases where the police personnel claims the illness or injury is industrial but no final determination has been made such illness or injury may nevertheless be deemed non-industrial, for the purpose of eligibility for substitute leave until such final determination has been made provided, that if such final determination is that the illness or injury is

industrial, all accumulated overtime credits donated to and used by such police personnel while on substitute leave shall be restored to the police personnel who donated such credits.

(f) Substitute leave may extend for the duration of the incapacity of the police personnel for the performance of their duty or until the police personnel is separated from city service or retired under the provisions of the Fresno Fire and Police Retirement System; provided, that no police personnel who is eligible for any retirement and who is permanently incapacitated for return to the duties of their position and would have to remain on substitute leave for any period which, when added to their prior service, would allow them to accumulate ten years of service; and provide further, that in no event shall such leave be allowed for a total period of more than six months on account of any one illness or injury. The department head may require such further medical examinations of a police personnel on substitute leave as may be deemed advisable to determine the police personnel's continued eligibility for such leave.
(Added Ord. 6287, 1963; Ord. No. 2020-003, § 14, eff. 3-2-20).

SEC. 3-115. UNAUTHORIZED ABSENCE AS DEEMED RESIGNATION.

(a) An employee who without prior authorization is absent for three consecutive regular working days, or two shifts in the case of a fire-fighting personnel working 24-hour shifts, shall be deemed to have resigned effective as of the end of the day on which they last performed any of the duties of their position or the last day they were absent with prior approved leave; provided, however, the employee shall not be deemed to have so resigned if the employee returns to their regularly assigned duties at the commencement of the next regular working day or on-duty shift or obtains written approved leave by their appointing authority following the expiration of the aforementioned period of absence or failure to discharge duties. Within fifteen calendar days after the effective date of such resignation, such employee may file with the appointing authority a written request for reinstatement. The appointing authority, in conjunction with the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, may reinstate the employee on the appointing authority's finding there is good cause for the absence. In the event an employee is reinstated, such reinstatement shall constitute the period of such absence as a retroactive leave of absence without pay, unless the appointing authority determines there was no fault on the employee's part and allows the use of the employee's paid leave. This subsection shall not apply to elected officers or members of boards or commissions.

(b) An elective officer has resigned when their elective office becomes vacant under the provisions of the Charter or when they have filed a resignation in writing addressed to the Mayor, Council, or the City of Fresno with the Mayor or City Clerk. Any other officer or employee may resign by tendering their resignation in writing to the Director or appointing authority. A written resignation shall be effective on the date designated therein, and if no date is so designated, it shall be effective immediately.
(Added Ord. 73-116, § 5, eff. 9-22-73; Ord. No. 2020-003, § 15, eff. 3-2-20).

SEC. 3-116. HOLIDAYS.

(a) Unless modified by a city approved applicable labor memorandum of understanding or salary resolution, all employees in permanent positions shall be entitled to a leave of absence of no more than eight hours without loss of pay on the following holidays:

(1) January 1.

(2) The third Monday in January.

(3) The third Monday in February.

(4) The last Monday in May.

(5) July 4.

(6) The first Monday in September.

(7) November 11.

(8) Thanksgiving Day.

(9) The Friday after Thanksgiving Day.

(10) December 25.

(11) Any day or part of a day declared by the Council, by ordinance or resolution, to be a holiday.

(b) If January 1st, July 4th, November 11th, or December 25th falls upon a Sunday, the Monday following is a holiday.

(c) Unless modified by an applicable city approved labor memorandum of understanding or salary resolution, all employees in permanent positions who are required to and do work on any of the holidays specified in Subsection (a) of this section, shall be entitled to additional compensation or compensating time off for such work, in accordance with the overtime provisions applicable to the position, if any.

(d) When any holiday listed in subsection (a) hereof falls on a Saturday, eight hours shall be credited, on the first day of the next calendar month, to the Holiday Leave bank of each employee entitled to leave for holidays pursuant to this section; provided however, that any such employee who is required to and does work on any such Saturday holiday, and receives overtime compensation for such work, shall not be entitled to any Holiday Leave credit on account of such holiday. This subsection shall not apply to any such employee whose regularly scheduled work week consists of working days which are other than Monday through Friday, or to any temporary employee.

(e) When the regularly scheduled work week of an employee entitled to leave for holidays pursuant to this section consists of working days which are other than Monday through Friday, and a holiday falls on a regular day off, eight hours shall be credited, on the first day of the next calendar month, to Holiday Leave bank of such employee; provided, however, that

any such employee who is required to and does work on any such holiday, and receives overtime compensation for such work, shall not be entitled to any Holiday Leave credit on account of such holiday. This subsection shall not apply to temporary employees.

(f) Unless modified by an applicable city approved labor memorandum of understanding or salary resolution, every employee in a permanent position shall be entitled to a leave of absence of eight hours without loss of pay, or additional Holiday Leave as hereinafter provided, on each anniversary of the employee's birthday.

(g) (1) Notwithstanding any other provisions contained in this article, the provisions of this article relating to overtime pay, compensating time off for holiday work, and leave for birthday anniversaries shall not apply to firefighting personnel of the fire department who work a twenty-four-hour shift, or to police personnel of the police department or airports department.

(2) Firefighting and policing employees who are absent from duty on leave without pay or suspension without pay, or who are absent from duty with pay because of injury incurred in the course and scope of their employment, for (i) more than five working shifts, in the case of fire-fighting personnel, or (ii) more than eighty hours in the case of police and airport public safety officers, shall not accumulate Holiday Leave for that month.

(h) An accumulation of or use of Holiday Leave different than that previously provided in this section may be established by a salary resolution, city approved labor memorandum of understanding or other action of the Council.
(Added Ord. 5988, 1961; Am. Ord. 6049, 1962; Am. Ord. 6477, 1964; Am. Ord. 6499, 1964; Am. Ord. 6943, 1967; Am. Ord. 70-77, 1970; Am. Ord. 70-87, 1971; Am. Ord. 71-64, 1971; Am. Ord. 74-95, § 1, eff. 10-20-74; Am. Ord. 76-126, § 3, eff. 1-23-77; Am. Ord. 77-24, § 1, eff. 3-27-77; Am. Ord. 79-162, § 1, eff. 11-9-79; Am. Ord. 81-99, § 1, eff. 9-25-81; Am. Ord. 82-85, §§ 7—12, eff. 9-17-82; Am. Ord. 85-187, § 1, eff. 1-17-86; Am. Ord. 90-70, § 1, eff. 8-24-90; Ord. No. 2020-003, § 16, eff. 3-2-20).

SEC. 3-117. OVERTIME.

(a) It is the policy of the city that overtime work is to be discouraged. However, in case of emergency or whenever the public interest requires, the City Manager, City Attorney, City Clerk, or Retirement Administrator, as appropriate for their respective areas of authority, or their respective designees, with respect to any employee in their department, may require an employee to perform overtime work.

(b) All employees not exempt from the overtime provisions of the Fair Labor Standards Act (FLSA) shall be compensated for approved overtime work by additional pay in accordance with their applicable city approved labor memorandum of understanding or the salary resolution, or other action by Council.

(c) Overtime shall not be credited for units of overtime less than one-tenth of an hour, and fractional units of overtime less than one-tenth of an hour shall not accumulate.
(Added Ord. 5988, 1961; Am. Ord. 6049, 1962; Am. Ord. 6362, 1963; Am. Ord. 6477, 1964; Am. Ord. 6921, 1967; Am. Ord. 73-116, § 6, eff. 9-2-73; Am. Ord. 78-119, § 1, eff. 9-1-78; Am. Ord. 82-85, §§ 13, 14, eff. 9-17-82; Ord. No. 2020-003, § 17, eff. 3-2-20).

SEC. 3-118. SALARIES WHILE ABSENT DUE TO ON THE JOB INJURY.

The percentage of wages or salary and benefits received by an employee holding a permanent position who suffers an injury in the course and scope of city employment shall be the percentage and benefits established by the State of California workers' compensation laws set forth in the California Labor Code.
(Added Ord. 5988, 1961, based on former Section 2-1505; Am. Ord. 68-168, 1968; Am. Ord. 70-64, 1970; Am. Ord. 83-112, § 1, eff. 9-16-83; Am. Ord. 85-124, § 1, eff. 9-27-85; Am. Ord. 91-44, §§ 1, 2, eff. 5-3-91; Am. Ord. 2010-44, § 1, eff. 11-16-10; Ord. No. 2020-003, § 18, eff. 3-2-20).

SEC. 3-119. PAYMENT FOR MANAGEMENT, ANNUAL, VACATION, HOLIDAY, SUPPLEMENTAL SICK LEAVES, AND OVERTIME, UPON SEPARATION OF CITY SERVICE.

(a) Any employee of the city who resigns, or is removed for cause, or retires under the retirement provisions of this Code, shall be [paid] for all accumulated Management, Annual, Vacation, Holiday, and Supplemental Sick Leaves, and accrued overtime, if any, at the time of separation from active employment. If an employee dies, the employee's estate shall be entitled to the accumulated pay listed above unless otherwise pre-designated in writing by the employee and on file with the city.

(b) Employees shall receive their full entitlement to Vacation or Annual Leave for the calendar month of separation of city service if such separation occurs after the 15th day of such month.
(Added Ord. 5988, 1961, based on former Sec. 2-1674; Am. Ord. 6943, 1967; Ord. No. 2020-003, § 19, eff. 3-2-20).

SEC. 3-120. VOLUNTEER RESERVE POLICE OFFICERS.

(a) The Police Chief shall have the power, on the application of any person showing the necessity therefore, to appoint volunteer Reserve Police Officers to do volunteer police duty in the City of Fresno, at no expense to the city.

(b) Application for appointment as a volunteer Reserve Police Officer shall be made to the Police Chief. Before appointing any person a volunteer Reserve Police Officer, the Police Chief shall first cause an investigation of the applicant to be made, and shall refuse to appoint anyone as a volunteer Reserve Police Officer unless, as a result of the investigation, the character of the applicant is found to be satisfactory and above reproach. In addition, no

person shall be appointed a volunteer Reserve Police Officer unless they are a citizen of the United States, have received the training required by California Penal Code Section 832, and at a minimum must possess a current Basic Peace Officer Standard Training Certificate.

(c) Every person appointed a volunteer Reserve Police Officer shall:

(1) Take an oath administered by, and filed in the office of, the City Clerk that they will faithfully perform the duties of a volunteer Reserve Officer of the city;

(2) Be issued an identification card in the form prescribed by the Police Chief, containing a statement of the scope of the volunteer appointment;

(3) Sign an agreement holding the city harmless from liability for any activities outside the scope of the volunteer appointment, in a form approved by the City Attorney.

(d) In cases of great public emergency, all volunteer Reserve Officers shall be subject to call by the Police Chief for active general police duty.

(e) All volunteer Reserve Officers shall conform in all respects to whatever rules and regulations of the Police Department are applicable to them.

(f) Any volunteer Reserve Officer may be removed or discharged from service by the Police Chief at any time without cause.
(Added Ord. 5988, 1961; based on former Sec. 2-1506; Am. Ord. 81-77, § 1, eff. 7-31-81; Ord. No. 2020-003, § 20, eff. 3-2-20).

SEC. 3-121. SPECIAL POLICE PROTECTION.

(a) No member of the police department shall perform any law enforcement, traffic safety, or crowd control services while wearing a city police uniform, badge, or other equipment bearing a city insignia, for any person or entity other than the city, except as provided below.

(b) In conformance with any applicable city approved labor memorandum of understanding, any person or entity who desires or is required to provide a uniformed city officer or volunteer reserve office for law enforcement, traffic safety, or crowd control purposes shall file a written request for such services with the Police Chief or designee stating the nature of the event, the number of officers requested, the approximate length of time such services will be required, and an agreement to pay for the city for the services.

(c) The Police Chief may approve or disapprove such request in their sole discretion; provided, however, that when a request is received from a person or entity charged with the management or control of any city-owned or operated property or facility for police protection for an event scheduled on or at such property or facility, the Police Chief shall furnish such officer as they deems necessary (considering the hours during which the activity or event is to occur, the type and nature of the activity, the age or character of the participants therein, and the age or character of the audience most likely to attend the same) to enforce the law, maintain the public peace, and protect such property and the public at large.

(d) The person or entity requesting police services pursuant to this section shall, prior to filing of an application hereunder, deposit sufficient funds with the Controller (or make arrangements satisfactory to the Controller) to pay for such services at the rate fixed by the Controller, including the cost of workers' compensation insurance and fringe benefits applicable to such services, if any. At the conclusion of such services, the Police Chief shall report to the Controller the names of the officers actually utilized and the number of hours worked by each. The Controller shall thereupon bill the person or entity requesting such services for the cost thereof and the same shall constitute a debt to the city.

(e) When assigned for duty hereunder, officers shall be police personnel of the police department or volunteer reserve officers appointed and authorized in Section 3-120 of this Code and shall be under the general supervision of the Police Chief or any officer in charge under their command and in conformance with any applicable city approved labor memorandum of understanding.

(Added Ord. 72-15, 1972; Amd. Ord. 78-137, § 1, eff. 9-29-78; Am. Ord. 2005-142, § 1, eff. 1-12-06; Ord. No. 2020-003, § 21, eff. 3-2-20).

SEC. 3-122. LAW ENFORCEMENT SERVICES TO PRIVATE INDIVIDUALS OR ENTITIES.

The city, recognizing the need for additional law enforcement services during a time of severe budgetary constraints, hereby adopts the following ordinance under its authority as a charter city, for the constitution, regulation, and government of the city police force (Cal. Const. Art. XI, § 5) and to preserve the peace, health, safety, and general welfare of its citizens.

(a) The city may contract to provide supplemental law enforcement services to private individuals or private entities to preserve the peace. Contracts entered into pursuant to this section shall provide for full reimbursement to the city of the actual costs of providing those services, as determined by the City Controller.

(b) The services provided pursuant to this section shall be rendered by regularly appointed full-time peace officers, as defined in Section 830.1 of the Penal Code, or as negotiated with the respective certified employee organizations.

(c) Peace officer rates of pay shall be governed by a city approved labor memorandum of understanding.

(d) A contract entered into pursuant to this section shall encompass only law enforcement duties and not services authorized to be provided by a private patrol operation, as defined in Section 75821.1 of the Business and Professions Code.

(e) Contracting for law enforcement services, as authorized by this section, shall not reduce the normal and regular ongoing service that the city would otherwise provide.

(f) The Chief of Police is authorized to contract with private parties and to adopt rules and regulations governing the application of this section.

(Added Ord. 98-30, eff. 6-19-98; Ord. No. 2020-003, § 22, eff. 3-2-20).

SEC. 3-123. PROHIBITION ON BASE SALARY REDUCTIONS FOR UNCLASSIFIED EMPLOYEES' JOB PERFORMANCE.

(a) Deductions from an unclassified employee's existing salary or reductions in an unclassified employee's future salary for job performance are detrimental to city employee morale, stable employee relations, and are an inefficient means of providing city services.

(b) Deductions from an unclassified employee's existing salary or reductions in an unclassified employee's future salary for job performance are prohibited.

(c) This prohibition shall apply to all unclassified city employees, including those under an employment agreement or covered by an applicable city approved labor memorandum of understanding which took effect prior to the effective date of this Section.
(Added Ord. 2006-131, § 1, eff. 10-12-06; Ord. No. 2020-003, § 23, eff. 3-2-20).

SEC. 3-124. TRANSPARENCY IN CITY GOVERNMENT.

(a) It is the policy of the City, in order to safeguard City funds and provide for transparency and accountability, that there be full disclosure and comparative analysis of the terms, conditions and compensation applicable to employment of, contracting for, and services of its officers, employees, elected officials and consultants.

(b) Council may establish by resolution policies and procedures to implement this section.
(Added Ord. 2010-38, § 1, eff. 9-27-10).

SEC. 3-125. STIPENDS FOR CITY COUNCIL INTERNSHIPS.

Individuals who volunteer as interns within an office of a City Councilmember may be issued a maximum stipend of $500 per month for the duration of the internship to defray out of pocket and incidental expenses related to the internship. Stipends shall be allocated from the discretionary budget of the Council District for which the intern volunteers.
(Added Ord. 2017-11, § 1, eff. 4-8-17).

SEC. 3-126. ORGAN AND BONE MARROW DONATION LEAVE ("THE TONI HUNTER ORGAN DONOR PROTECTION ACT").

(a) This section shall be known and may be cited as the Toni Hunter Organ Donor Protection Act.

(b) Full-time and part-time employees in permanent positions shall be granted the following leave of absence with pay:

(1) A leave of absence not exceeding 30 work days of the employee who is a major or vital organ donor in any one-year period, for the purpose of donating their organ to another person, beginning on the day of the procedure, or earlier if deemed medically necessary.

(2) A leave of absence not exceeding five work days of the employee who is a bone marrow donor in any one-year period, for the purpose of donating their bone marrow to another person, beginning on the day of the procedure, or earlier if deemed medically necessary.

(c) In order to receive a leave of absence pursuant to subdivision (b), the employee requesting the leave shall provide written verification from a physician that they are an organ or bone marrow donor and that there is a medical necessity for the donation of the organ or bone marrow.

(d) Any period of time during which the employee is required to be absent from their position by reason of being an organ or bone marrow donor is not a break in their continuous service for the purpose of their right to salary adjustments, leave accruals including paid holidays, and continuation of the employee's health and welfare benefits.

(e) Notwithstanding any existing law, bone marrow and organ donation leave shall not be taken concurrently with any leave taken pursuant to the federal Family and Medical Leave Act or the California Family Rights Act.

(f) Leave provided pursuant to this section may be taken in one or more periods.

(g) Leave provided pursuant to this section shall not be granted if the employee requesting such leave is already out on any other paid leave.
(Added Ord. 2019-036, § 1, 11-24-19).

SEC. 3-127. ANNUAL LEAVE

Annual Leave established by city approved memorandum of understanding or salary resolution can be used in accordance with Section 3-107 and 3-108.

SEC. 3-201. DEFINITIONS.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in Section 3-202 shall govern the construction, meaning and application of words and phrases used in this article and, except to the extent that a particular word or phrase is otherwise specifically defined in Section 3-202, the definitions and provisions contained in Article 2 of Chapter 1 and Article 1 of Chapter 3 of this Code shall govern the construction, meaning and application of words and phrases used in this article. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be. (Rep. and Added Ord. 5313, 1958; Rep. and Added Ord. 6128, 1962; Am. Ord. 71-128, 1972; Am. Ord. 73-116, § 7, eff. 9-2-73; Am. Ord. 76-90, § 1, eff. 10-24-76; Am. Ord. 82-99, § 1, eff. 10-15-82).

SEC. 3-202. DEFINITIONS. SPECIAL.

(a) (1) "Applicant" shall mean a person who has made application to take a Civil Service examination.

(2) "Appointing Officer," "Appointing power" or "Appointing authority" shall mean the officer, council, board or body having power of appointment or removal from any position in the city service.

(b) "Board" shall mean the Civil Service Board of the City of Fresno.

(c) (1) "Calendar Year" shall mean a twelve-month period beginning January 1 and ending December 31.

(2) "Candidate" shall mean a person whose application has been accepted and who competes in an examination.

(3) "Charter" shall mean the Charter of the City of Fresno, California, and amendments thereto.

(4) "City Physician" shall mean the City Physician of the city or any physician for whom the city has paid for furnishing medical services.

(5) "City service" shall mean service rendered as an employee of the city for compensation.

(6) "Class" or "class of positions" shall mean a group of positions in the city service sufficiently alike in functions, duties and responsibilities that the same general title can be applied, the same specifications will serve and the same standards of selection can be used.

(7) "Classification" shall mean the official act of the Director by which the class of a position is determined.

(8) "Classified service" shall mean and include all positions in the city service not specifically included in the unclassified service.

(9) "Class specification" shall mean the written description of a class containing its title, statements of duties, functions, authority and responsibility, knowledge and abilities, and other qualifications required for appointment.

(d) "Director" or "Personnel Director" shall mean the Director of the Personnel Department.

(e) (1) "Eligible" shall mean a person who has qualified for a permanent position in the classified service or to an intermittent position and whose name is on an eligible list for appointment.

(2) "Eligible list" shall mean a list of candidates qualified by competitive examination for entry into city service.

(3) "Emergency appointment" shall mean an appointment made during an actual emergency to prevent the stoppage of public business.

(4) "Emergency employee" shall mean an employee holding a position under emergency appointment.

(5) "Employee" shall mean any person legally holding a position in the city service.

(f) Reserved.

(g) Reserved.

(h) Reserved.

(i) (1) "Intermittent employee" shall mean an employee who may work a normal work day or fraction thereof and such work is done at irregular intervals or without set pattern.

(2) "Intermittent position" shall mean a position created as needed to perform work of a seasonal, irregular or short-term duration.

(j) Reserved.

(k) Reserved.

(l) "Limited position" shall mean a position created for a specified purpose and for a specified period of time.

(m) Reserved.

(n) Reserved.

(o) Reserved.

(p) (1) "Part-time employee" shall mean an employee holding a permanent position for which the regularly scheduled work week is less than forty hours, or an employee holding a position which has been designated as part-time in the current budget of the city, the class specification or in the current salary resolution or other action of the Council fixing the rate of pay for the position; excepting, however, any employee whose position is established as full-time under Section 2-302(a).

(2) "Permanent employee" shall mean an employee in the classified service who has been appointed to a position in a class from an eligible list and who has satisfactorily completed the probationary period.

(3) "Permanent intermittent employee" shall mean an employee appointed from an eligible list to an intermittent position in a class and who has satisfactorily completed the probationary period.

(4) "Permanent position" shall mean a full-time or part-time position in the classified service created pursuant to this article, or a position in the unclassified service, the duration of which is not limited by the terms of the ordinance, resolution or other authorized action creating it.

(5) "Permanent status" shall mean the status of an employee who is lawfully retained in his position in the classified service or in an intermittent position after the completion of the probationary period provided by this article.

(6) "Position" shall mean a group of current duties and responsibilities assigned or delegated by competent authority requiring the full-time, part-time or intermittent employment of one person.

(7) "Probation" shall mean a working test period during which an employee, newly appointed from an eligible list, a promotional eligible list, or a reinstatement list, to a permanent position in the classified service or to an intermittent position, is required to demonstrate fitness for such position by satisfactory performance of the duties required in the position.

(8) "Probationary status" shall mean the status of an employee who has been certified and appointed from an eligible list, reinstatement list or a promotional eligible list, but who has not completed the probationary period provided by this article.

(9) "Promotional examination" shall mean an examination for positions in a class, admission to which is limited to permanent employees in the classified service or in an intermittent position who have held a position in another specified class for the required period of time.

(10) "Promotional eligible list" shall mean a list of persons eligible for certification for a specific class resulting from a promotional examination.

(11) "Provisional employee" shall mean an employee who has been appointed provisionally to a permanent position in the classified service pending the establishment of an eligible list for the class.

(q) Reserved.

(r) "Reinstatement list" shall mean a list of persons in a specified class who have held a permanent position in the classified service or an intermittent position in the unclassified service and who, because of economy, department reorganization, lack of work or budget curtailment, have been separated from or demoted in the city service.

(s) Reserved.

(t) "Temporary employee" shall mean an employee appointed to a limited position in the city service.

(u) "Unclassified service" shall mean the exempted officers and positions as specified in Section 1000 of the Charter.

(v) Reserved.

(w) Reserved.

(x) Reserved.

(y) Reserved.

(z) Reserved. (Added Ord. 82-99, § 2, eff. 10-15-82).

SEC. 3-203. ADOPTION OF CLASSIFICATION PLAN.

The schedule of classes adopted by the Board and approved by the City Commission on July 1, 1956, together with subsequent additions, amendments and revisions, constitutes the classification plan for all positions in the classified service. (Rep. and Added Ord. 6128, 1962).

SEC. 3-204. MAINTENANCE OF PLAN.

The classification plan shall be so developed and maintained that all positions substantially similar with respect to the kind, difficulty and responsibility of work are included in the same class and the same examining process used for filling all positions in the class. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1605).

SEC. 3-205. DELETION OF CLASSES.

Whenever a class in the City service, as defined in Section 3-202(c)(6), or as it may from time to time be amended, is deleted, the City Council shall approve a Resolution to establish a pay relationship for that class to calculate retirement benefits for any incumbent with qualifying service in the deleted class. The Resolution shall, in addition to identifying a benchmark class, establish a pay comparison by either declaring the salary range for the benchmark class to be equivalent to the salary range for the deleted class or by identifying a percentage that should be added to, or subtracted from, the salary range for the benchmark class. The City shall, by administrative instruction, establish a process for notifying employees and recognized employee organizations in advance of presentation of the Resolution to Council. (Added Ord. 94-41, § 1, eff. 7-8-94).

SEC. 3-206. PROCEDURE IN REVISING PLAN.

(a) **Creation of New Class.** Whenever a department head, with the approval of the Chief Administrative Officer, desires to create a new class the duties of which have not previously been performed in whole or in substantial part, in any existing class in the city service, he shall request the Director to draft job specifications therefor. When the specifications have been approved by the Chief Administrative Officer, the department head and the Director and filed in the office of the Director, they shall be in effect.

(b) **Change in Class Duties.** Whenever a change in duties or responsibilities of any existing position in the classified service is claimed to have occurred or is contemplated in any proposed reorganization of a department or division thereof, the Director, on his own initiative or upon the written request of the appointing officer or any employee whose position is involved, when such request is approved by the Chief Administrative Officer, shall investigate the duties of the affected position. The Director shall hold a public hearing on the proposed change. All employees whose positions are involved in the reclassification, and all affected appointing officers, shall be given not less than five days' written notice of the time and place set for the hearing and accorded the opportunity to appear at the hearing and present reasons why the reclassification should not be made.

(c) **Division of a Class.** Whenever the duties of different positions in an existing class become diverse and a single examination will no longer provide qualified applicants, the Director shall divide the class into two or more classes and assign the positions in the old class to the proper new classes. The employees filling the positions so assigned shall, with the consent of the head of the department and the Director, be transferred to the new class subject to the provisions of Section 3-209.

(d) **Addition of Total New Operation.** Whenever the city shall take over the operation of any other jurisdiction or corporation or other operating activity, the Director shall, as soon as practicable, classify each position then existing and proposed to be created in such activity, in conformity with the existing classification of positions in the city service, and shall conduct such special examinations as may be necessary to provide eligibles for certification to each position. Pending the certification of eligibles for the positions mentioned in this section, such positions shall be filled in accordance with the provisions of this article. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1605; Am. Ord. 73-117, § 1, eff. 9-2-73).

SEC. 3-207. PERSONNEL TRANSACTIONS RESULTING FROM CITY-REDEVELOPMENT AGENCY CONSOLIDATION.

(a) Each person holding a permanent appointment to a full-time position with the Redevelopment Agency of the City of Fresno ("Agency") as of May 2, 1976, hereinafter referred to as an "Agency employee," shall, not more than two years from the effective date of this section, provided he is at that time an Agency employee, be offered an appointment to a permanent position in the unclassified or in the classified service of the city in accordance with the provisions of subsection (d) of Section 3-206; provided each such Agency employee first passes a special qualifying examination conducted in accordance with said subsection and

provided each such Agency employee qualifies for appointment by conformance to the physical standards established pursuant to Section 3-287. Classification of positions to which Agency employees are offered appointment shall be at the sole discretion of the Director. Sections 3-240, 3-241, 3-242, and 3-243 shall not apply to any qualifying examination given under this section.

(b) A refusal by an Agency employee to accept an appointment offered pursuant to subsection (a) hereof, or a failure to conform to the physical standards upon receipt of an offer of appointment, shall relieve the city henceforth of any obligation under this section to offer employment to such Agency employee.

(c) Each Agency employee shall be entitled to credit for his full-time continuous employment by the Agency as city employment for purposes of determining completion of his probationary period pursuant to Section 3-272, for purposes of determining the applicable rate of vacation accumulation pursuant to Section 3-101, for determining his qualifications for admission to a promotional examination, and for computing seniority for the purpose of determining the order of layoff in accordance with Section 3-291; provided, however, if the cause of the layoff is a result of a diminution or elimination of functions, activities or services which, except for the consolidation with the Agency, would not be conducted, performed, or rendered by the city, the Agency employee shall not be entitled to credit for such employment by the Agency. No credits for such employment by the Agency shall be allowed for any benefit except as expressly provided herein or in Article 3 of this chapter.

(d) The continuity of full-time continuous employment by the Agency for which an Agency employee is entitled to credit as city employment shall not be deemed broken by any leave of absence without pay; provided, however, that the time a person has been on a leave of absence without pay, for any reason, shall not be included in calculating such person's credit for continuous employment pursuant to subsection (c) of this section. In determining whether a person's employment with the Agency has been full-time, reference shall be made to and the matter decided in accordance with subsection (a) of Section 3-102.

(e) Upon employment by the city, each Agency employee shall be credited with the number of hours of sick leave and vacation leave accumulated to the employee's credit with the Agency as of the end of the last day of employment with the Agency. One year from the date of an Agency employee's appointment to a position in the service of the city, any accumulation of such employee's unused vacation leave credit in excess of the limits prescribed in Section 3-108(h) shall thereupon be canceled.

(f) The provisions of this section shall apply to any Agency employee employed in accordance herewith on or after July 1, 1976. (Added Ord. 76-72, § 1, eff. 8-29-76; Am. Ord. 76-104, § 1, eff. 11-14-76).

SEC. 3-208. PERSONNEL TRANSACTIONS RESULTING FROM CITY-WATER DISTRICT CONSOLIDATION.

(a) Each person holding a permanent appointment to a full-time position with the Fresno County Water Works Districts ("District") as of December 31, 1988, and who has held such

appointment for more than three months prior to December 31, 1988, hereinafter referred to as a "District employee," shall be offered an appointment to a permanent position in the unclassified or in the classified service of the city in accordance with the provisions of subsection (d) of Section 3-206; provided each such District employee first passes a special qualifying examination conducted in accordance with said subsection and provided each such District employee qualifies for appointment by conformance to the physical standards established pursuant to Section 3-287. Appointment shall be to the class which reflects the majority of duties in District employment. The District Manager position shall be placed into the city Water Division at no less than the Water Manager position. Sections 3-240, 3-241, 3-242 and 3-243 shall not apply to any qualifying examination given under this section.

(b) A refusal by a District employee to accept an appointment offered pursuant to subsection (a), or a failure to conform to the physical standards upon receipt of an offer or appointment, shall relieve the city henceforth of any obligation under this section to offer employment to such District employee.

(c) Each District employee shall be entitled to credit for that employee's full-time continuous employment by the District as city employment for purposes of determining completion of each District employee's probationary period pursuant to Section 3-272, for purposes of determining the applicable rate of vacation accumulation pursuant to Section 3-108, for determining qualifications for admission to a promotional examination for computing seniority for the purpose of determining each District employee's qualifications for admission to a promotional examination and for computing seniority for the purpose of determining the order of layoff in accordance with Section 3-291; provided, however, that a District employee who has passed the District's probationary period shall retain that status upon transfer to the city. No credits for such employment by the District shall be allowed for any benefit except as expressly provided in Articles 2 or 5 of this Chapter 3.

(d) The continuity of full-time continuous employment by the District for which a District employee is entitled to credit as city employment shall not be deemed broken by any leave of absence without pay; provided, however, that the time an employee has been on a leave of absence without pay, for any reason, shall not be included in calculating such employee's credit for continuous employment pursuant to subsection (c). In determining whether an employee's employment with the District has been full-time, reference shall be made to and the matter determined in accordance with subsection (a) of Section 3-101.

(e) Upon employment by the city, each District employee shall be credited with the number of hours of sick leave accumulated to the employee's credit with the District as of the end of the last day of employment with the District. District employees are entitled to credit for up to eighty hours of vacation accrued at the District. (Added Ord. 88-148, § 1, eff. 1-12-89).

SEC. 3-209. RECLASSIFICATION OF A POSITION.

(a) **Filling of Reclassified Position.** Upon the reclassification of a position from one class to another class of the same, a lower level, or a higher level, the method of filling the position shall be determined in accordance with the rules regarding transfer, demotion, or promotion, as may be appropriate, except as otherwise provided in this section.

(b) **Selection of Incumbent.** In the event of the reclassification of a position to a class of a higher level, the incumbent shall be granted the same status in the new class as he had in the former class, if the Director should find that all of the following conditions have been met.

(1) That the reason for the reclassification of the position is the gradual accretion of new duties and responsibilities over a period of two or more years immediately preceding the effective date of such reclassification.

(2) That the accretion of duties has taken place during the incumbency of the present incumbent in such position.

(3) That the added duties and responsibilities upon which the reclassification is based have not been previously assigned to a class of the same or lower level.

The Director may, before recognizing such status in the class of higher level, require such evidence of the qualifications and fitness of the incumbent, including such hearings, investigations, and noncompetitive examinations as he deems warranted. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1605; Am. Ord. 73-117, § 3, eff. 9-2-73).

SEC. 3-210. CONTENT OF CLASS SPECIFICATIONS.

The Director shall provide and, after consultation with the department head, may amend written specifications for each class in the classification plan. Each class specification shall include the class title, a description of the duties and responsibilities of the work and a statement of the qualifications a person should possess to enter upon the duties of a position in the class with reasonable prospect of success. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1605; Am. Ord. 73-117, § 4, eff. 9-2-73).

SEC. 3-211. INTERPRETATION OF SPECIFICATIONS.

The definitions in class specifications are descriptive and not restrictive. They are intended to indicate the kinds of positions that are assigned to the several classes as determined by their functions, duties and responsibilities and are not to be construed as declaring what the duties or responsibilities of any position may be or as limiting or modifying the power of an appointing authority to assign, direct and control the work of employees under his supervision. The use of a particular expression or illustration as to duties shall not be held to exclude others not mentioned that are of similar kind or quality; nor shall any specific omission necessarily mean that such factor is not included. (Rep. and Added Ord. 6128, 1962).

SEC. 3-212. HOW CLASSIFICATION IS DETERMINED.

In determining the class to which any position should be assigned, the definition of each class shall be considered as a whole. Consideration shall be given to the general duties, specific tasks, responsibilities, qualities and relationship to other classes as a composite description of the kind of employment the class is intended to employ. (Rep. and Added Ord. 6128, 1962).

SEC. 3-213. USE OF CLASS TITLES.

The title of any class shall be the official title of every position assigned to that class for the purpose of personnel actions and shall be used on all payrolls, official records and reports relating to the position. Any abbreviations or code symbols required by a department may be used in lieu of the class titles to designate the class of position for official records. Any other title desired and authorized to be used by the appointing authority may be used as a designation of any position for purposes of internal administration or in verbal or written contacts with the public. (Rep. and Added Ord. 6128, 1962).

SEC. 3-214. PROMOTIONAL CLASSES.

The Director may arrange the various classes of positions in promotional series, indicating the lines of promotion to and from each class. The lower classes from which promotion is provided may be in the same or different departments, provided the duties and responsibilities thereof would prepare the occupants of such lower class positions for the higher class positions in the same promotional series. Only those classes of positions which in the judgment of the Director are closely related or similar in the degree of requirements or duties and responsibilities shall be arranged in promotional series and the promotional series authorized herein shall be changed by the Director as the creation or abolishment of positions or changes in the duties and responsibilities of positions required. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1606; Am. Ord. 73-117, § 5, eff. 9-2-73).

SEC. 3-215. CONTENT OF ANNOUNCEMENTS.

Announcements shall specify the title and salary range of the class for which the examination is announced, the nature of the work to be performed, the qualifications required, any unique work-related to qualifications pursuant to subsection (j) of Section 3-252, the time, place and manner of making application, the general scope of the examination, the relative weights to be assigned to the different parts of the examination, the length of time the eligibility list will be valid, and other information which the Director considers pertinent. (Rep. and Added Ord. 6218, 1962; Am. Ord. 87-1, § 1, eff. 2-6-87).

SEC. 3-216. NOTICE AND DISTRIBUTION OF ANNOUNCEMENTS.

(a) Open examination recruitment announcements shall be posted on the official bulletin board in the Human Resources Office. Such recruitment announcements shall be given other publicity as the Director deems warranted to attract sufficient numbers of qualified candidates to compete in examinations. The Director may limit the filing period to a specific date or dates when a large number of qualified applicants is expected.

(b) Promotional examination recruitment announcements shall be posted on the official bulletin board in the Human Resources Office. Promotional examination announcements shall be posted for a period of not less than five working days. Promotional examination announcements shall be supplied to each appointing authority under whom there are employees eligible to compete. It shall be the duty of each appointing authority to bring such announcements to

the attention of eligible employees under their jurisdiction. (Rep. and Added Ord. 6128, 1962, based on former Secs. 2-1620 and 2-1627; Am. Ord. 72-20, 1972; Am. Ord. 95-10, § 1, eff. 3-3-95; Am. Ord. 95-33, eff. 5-12-95; Am. Ord. 95-62, § 1, eff. 9-22-95; Am. Ord. 96-50, § 1, eff. 8-16-96).

SEC. 3-217. OPEN COMPETITIVE EXAMINATIONS.

Open competitive examinations shall be open to all qualified applicants eligible for employment in the United States. The Board may refuse to examine an applicant or, after examination, to certify one otherwise eligible, who is found to lack any of the preliminary requirements for the examination for the position or employment applied for. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1607; Am Ord. 82-99, § 3, eff. 10-15-82).

SEC. 3-218. JOINT RECRUITMENT/EXAMINATION PROCESSES.

Notwithstanding any other provision of this Code, the Civil Service process, including, but not limited to, recruitment, examination, certification, and appeal procedures when conducting a joint recruitment/testing process with other governmental agencies for Firefighter Recruit/Firefighter positions, non-represented classes, and entry-level classes in the Non-Supervisory White Collar, Management Confidential, Management Non-Confidential, Non-Management Confidential, and Non-Supervisory Blue Collar Units shall be governed by City Council Resolution. (Added Ord. 94-2, § 1, eff. 2-4-94; Am. Ord. 95-55, § 1, eff. 9-15-95; Am. Ord. 96-50, § 2, eff. 8-16-96).

SEC. 3-219. PROMOTIONAL EXAMINATIONS.

Promotional examinations shall be open to permanent employees who meet the minimum qualifications. Admission to promotional tests may be restricted by the Director to permanent employees of a specific division or department. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1627; Am. Ord. 95-33, § 2, eff. 5-12-95; Am. Ord. 95-62, § 2, eff. 9-22-95; Am. Ord. 96-50, § 3, eff. 8-16-96).

SEC. 3-220. WHO MAY FILE. CONTENTS.

(a) Any individual who meets the minimum qualifications on or before the posted final filing date may file for the examination. No person who has been removed for cause from any position, temporary or permanent, in the city service shall be entitled to file or take any examination for any class unless such person shall secure the approval of the Director, which approval must be on file in the Personnel Services Department prior to the time fixed for the examination. The Director shall approve the examination of a removed employee if he/she is satisfied that the cause of removal no longer exists or does not apply to the position applied for or any promotional position above it. Application forms prescribed by the Director shall be used. Applications must be delivered to the office of the Director between the dates specified on the announcement. Applications shall include a statement from the applicant of all pertinent information, which the Director deems necessary. The truth of all statements contained in the application shall be certified by the applicant's signature.

(b) The Director may close the filing period of an open examination when a predetermined number of applications, as stated in the posted announcement, has been received. The Director may also randomly limit the number of candidates in a manner that is reflective of the community's population to be processed in an open examination when it is determined necessities necessary relative to the filling of positions, the degree of difficulty of the filling of the positions from the labor market, the number of applications received, or the number of existing and anticipated vacancies justify limitations. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1607; Am. Ord. 72-21, 1972; Amd. Ord. 95-33, § 3, eff. 5-12-95; Am. Ord. 95-62, § 3, eff. 9-22-95; Am. Ord. 96-50, § 4, eff. 8-16-96; Am. Ord. 2000-29, § 1, eff. 4-24-00; Am. Ord. 2003-24, § 1, eff. 5-20-03).

SEC. 3-221. FREEDOM FROM DISCRIMINATION.

No question in any form or application, or in any examination, shall be so framed as to elicit any information concerning the political or religious opinions or affiliations of any applicant, nor shall any inquiry be made concerning such opinions or affiliations, and all disclosures thereof shall be discountenanced. No discrimination shall be exercised, threatened or promised by any person in the employ of the city against or in favor of any applicant, eligible or employee because of any classification protected by state or federal law.
(Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1619; Am. Ord. 2010-13, § 1, eff. 6-14-10).

SEC. 3-222. ADMISSION TO EXAMINATIONS.

Each candidate whose application has been submitted for an examination and who meets the minimum qualifications shall be scheduled for the examination, subject to other provisions within this Article. Each candidate shall be given an admission card stating the time and place of the examination. No candidate may be admitted to any assembled examination after the noticed time once the doors at the examination site have been closed. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1620; Am. Ord. 95-33, § 4, eff. 5-12-95).

SEC. 3-223. REJECTION OF APPLICATIONS, REMOVAL OF ELIGIBLE FROM LIST.

(a) The Director may reject the application of any person for admission to an examination and may remove from any list the name of any person who:

(1) Lacks any of the minimum qualifications as stated in the announcement;

(2) Is addicted to the habitual or excessive use of habit-forming drugs or intoxicating liquors;

(3) Has been dismissed for good cause from any previous employment unless, if such dismissal was from previous employment with the city, approval of the Director has been given, as provided in Section 3-220;

(4) Has used or attempted to use political pressure or bribery to secure an advantage in an examination or appointment;

(5) Has made a false statement of any material fact or has practiced or attempted to practice any deception or fraud in his application or examination, or in securing eligibility for appointment.

(b) Action of the Director under subsection (a) hereof may be reviewed by the Board pursuant to Section 2-1642.1 of this article.
(Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1607; Am. Ord. 6918, 1966; Am. Ord. 72-19, 1972; Am. Ord. 79-32, § 1, eff. 3-16-79; Am. Ord. 2003-24, § 2, eff. 5-20-03).

SEC. 3-224. APPLICANTS WITH FELONY, MISDEMEANOR CONVICTION.

(a) Except as otherwise provided herein, conviction (including pleas of guilty and nolo contendre) of a felony or of any misdemeanor which in the judgment of the Director evidences moral turpitude on the part of the candidate shall be prima facie grounds for said candidate's removal from any list, or rejection of such candidate's application.

(b) The Director, in rejecting an application or removing from any list the name of a candidate, shall consider the seriousness and type of offense as it relates to the nature and sensitivity of the position being applied for. The candidate may present evidence of rehabilitation to the Director. A list of factors to be considered by the Director in assessing rehabilitation or lack thereof shall include but not be limited to:

(1) All circumstances surrounding the conduct giving rise to the conviction;

(2) The length of time that has passed since the unlawful conduct took place;

(3) The age of the candidate when the conduct took place;

(4) Any specific efforts in furtherance of rehabilitation taken by the candidate.

(c) Notwithstanding any other provision of this section, no application shall be processed for, or appointment made to the position of Peace Officer for any applicant or candidate who has suffered any felony conviction or conviction of any misdemeanor involving moral turpitude.

(d) Action of the Director under subsection (a) or subsection (b) hereof may be reviewed by the Board pursuant to Section 2-1642.1 of this article.
(Added Ord. 79-32, § 2, eff. 3-16-79)

SEC. 3-225. ACCESS TO CRIMINAL RECORDS.

In order to further the objectives set forth in Section 3-224, and as authorized by California Penal Code Sections 11105(b)(10) and 13300(b)(10), the Director is hereby authorized to have access to and utilize Criminal History Record information on file with the California Department of Justice and/or local law enforcement agencies when it is necessary for such records to be utilized to fulfill employment or certification duties as set forth in Fresno Municipal Code Section 2-1621.1 and California Labor Code Section 432.7.
(Added Ord. 79-32, § 3, 3-16-79).

SEC. 3-226. REGISTRATION FOR SELECTIVE SERVICE.

Any individual who is required to register with the Federal Selective Service System shall submit documentation evidencing such registration at time of employment with the City of Fresno. Employment with the City of Fresno shall be prohibited until such time as required documentation is submitted.
(Rep. and Added Ord. 98-89, §§ 1, 2, eff. 12-20-98; Am. Ord. 2010-13, § 2, eff. 6-14-10).

SEC. 3-227. MEDICAL EXAMINATIONS.

Eligibles who receive conditional offers of employment to designated positions shall take and pass an appropriate medical and/or psychological examination(s) as determined by the Director. An eligible on any list whose medical and/or psychological condition, as determined by such examination(s), does not conform to the standards established for the class may initiate an appeal through a process defined by administrative instruction. If the determination remains that an eligible does not conform to the standards, his/her name shall be permanently removed from such list; provided, however, that such removal shall not prejudice his/her right to apply for and be examined for placement on any succeeding list created for the class.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1607 and 2-1639; Am. Ord. 80-62, § 1, eff. 5-23-80; Am. Ord. 97-5, § 1, eff. 2-28-97)

SEC. 3-228. ANONYMITY OF CANDIDATES.

Names of candidates shall not be made public prior to the announcement of the results of an examination, except by permission of the Board.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1616).

SEC. 3-229. CONDUCT OF EXAMINATION.

Written and performance tests shall be conducted as simultaneously as practicable in as many places as are necessary for the convenience of the candidates and yet practicable for proper administration and control. The Director may designate as monitor as many persons as may be necessary to conduct tests under instructions provided by him. During the administration of an examination, candidates will be required to obey such regulations as to conduct and time limits as may be established by the Director.
(Rep. and Added Ord. 6128, 1962).

SEC. 3-230. POSTPONEMENT AND CANCELLATION OF EXAMINATIONS.

The Director may extend the application filing period of an examination in the event a sufficient number of qualified applications has not been submitted. The Director may also cancel an examination for reasons including, but not limited to, position deletions during

budget process, reorganizations, lack of qualified candidates, or other operational concerns. Applicants and the appointing authority in such cases shall be given written notice of the action.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1623; Am. Ord. 95-10, § 3, eff. 3-3-95; Am. Ord. 95-33, § 6, eff. 5-12-95; Am. Ord. 95-62, § 5, eff. 9-22-95; Am. Ord. 96-50, § 6, eff. 8-16-96).

SEC. 3-231. CHARACTER OF OPEN COMPETITIVE EXAMINATIONS.

Examinations shall relate to those matters which fairly test the capacity and fitness of the persons examined to discharge the duties of the office or employment sought by them. Any means or measures may be used which are reasonably well calculated to test the fitness of candidates to become employees in positions of the class for which the examination is being held. Such means or measures may include any required statement or any valuation of education, experience, or record of accomplishment, any test of knowledge, skill or capacity, intelligence or aptitude, or any inquiry into the moral character or any quality or attribute which seems desirable. When oral examinations are used, a record of the examination, showing basis of ratings, shall be made.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1621).

SEC. 3-232. CHARACTER OF PROMOTIONAL EXAMINATIONS.

The provisions of Section 3-231 shall also apply to promotional examinations. In addition to other factors promotional examinations will take into consideration the quality of service and an appraisal of promotability where records are available to provide the basis for such ratings.
(Rep. and Added Ord. 1628, 1962).

SEC. 3-233. IDENTIFICATION SHEETS OF CANDIDATES.

To assure anonymity of candidates in written examination, no examination paper or answer sheet shall be identified until after all have been finally scored.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1617).

SEC. 3-234. RESERVED.

Editor's note—Ord. No. 2010-13, § 3, effective June 14, 2010, amended the Code by repealing former § 3-234 in its entirety. Former § 3-234 pertained to disqualification, and derived from Ord. 6128 of 1962.

SEC. 3-235. CONSULTANTS.

In the development of examinations the Director may confer with the appointing authorities concerned and with others skilled in or familiar with work requirements to be tested. The Director may also utilize appropriate examinations, or parts thereof, prepared by other personnel agencies or associations which prepare examinations for other public jurisdictions.

The Director shall select persons who are qualified in the appropriate fields to serve as oral examiners. Every precaution shall be exercised by all persons participating in the development and administration of tests to maintain the highest integrity and security in examinations. (Rep. and Added Ord. 6128, 1962).

SEC. 3-236. PARTS, WEIGHTS AND FINAL SCORE.

All official bulletins shall state the weight assigned to each step of the examination process. Each part of an examination process shall be graded independently with a passing score necessary to either advance to the next step of the examination process or to be placed on the eligible list. The score obtained in each step shall be multiplied by its assigned weight. The sum of the resulting products shall be totalled and that total, including veteran's preference points, if applicable, shall determine the candidate's rank on the eligible list. The minimum final score required for placement on the list shall be seventy. The minimum passing point in a written examination shall be set by the Director before identification of the answer sheets. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1622; Am. Ord. 74-39, § 1, eff. 4-21-74; Am. Ord. 94-106, § 1, eff. 12-9-94; Am. Ord. 95-33, § 7, eff. 5-12-95; Am. Ord. 95-62, § 6, eff. 9-22-95; Am. Ord. 96-50, § 7, eff. 8-16-96).

SEC. 3-237. MINIMUM GRADE FOR EACH PART.

A candidate who fails to attain the minimum grade established for any part in an examination shall be considered as having failed the examination. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1608).

SEC. 3-238. VETERANS PREFERENCE.

(a) In any open competitive examination a veteran shall be allowed an additional credit of five points after having attained the passing mark established for the examination.

(b) For the purpose of this section, "veteran" means any person who has served full time for thirty days or more in the armed forces in time of war or in time of peace in a campaign or expedition for service in which a medal has been authorized by the Government of the Unites States, or during the period June 27, 1950 to January 31, 1955, inclusive, or who has served on at least one hundred eighty-one (181) consecutive days since January 31, 1955, and who has received an honorable discharge, but does not include any person who has served only in auxiliary or reserve components of the armed forces whose service therein did not exempt him from the operation of the Selective Training and Service Act of 1940. For the purpose of this section, World War II began December 7, 1941, and terminated as of midnight, December 31, 1946.

(c) In any examinations to establish eligible lists in which credits are allowed for experience, periods of service in the recognized military service shall be counted by the Board as experience upon showing by the veteran that such service involved duties and responsibilities of the kind for which credit for experience is being allowed. Any applicant seeking the benefits of this section must submit proof of his eligibility at the time of application, or at a later date if the Director shall find that the promulgation of the eligible list will not be delayed thereby. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1622; Am. Ord. 73-116, § 8, eff. 9-2-73).

SEC. 3-239. OPEN CONTINUOUS EXAMINATIONS.

When necessary to meet continued requirements for filling positions and when there is no available large number of applicants for a class, the closing date for any examination may be indefinite and applicants may be tested continuously in such manner and at such times and places as the Director may provide. No applicant who fails to achieve a passing score in which open continuous tests may compete again in the written portion of the same test for a period of six months following the original date of taking the test. The closing date for any open continuous test may be set at any time by the Director, with notice of this action to be posted in the office of the Director at least ten days prior to the effective date of the action. (Rep. and Added Ord. 6128, 1962; Am. Ord. 2003-24, § 3, eff. 5-20-03).

SEC. 3-240. INSPECTION OF EXAMINATIONS.

(a) During regular office hours beginning on the first working day after a noncontinuous or nonstandardized examination has been held, a participant may inspect, at the office of and in the presence of an employee under the Director, a keyed copy of the questions in the examination by making an appointment to do so. Duration of the inspection privilege will be determined by the Director on a ratio of one day to each fifteen candidates who took the written portion of the examination, but in no event shall the inspection privilege be for a period of more than five working days. Only one inspection will be allowed. During that period, plus one working day, the participant may file with the Director a written objection to any part of the test stating the item or items objected to and the reason for the objection. Protests based purely on personal opinion and without cited authority will not be considered.

(b) The Director shall consider all properly made protests before the final scoring of the examination papers. In the event the Director determines that a protest has sufficient validity to invalidate or make improper any question or answer, he shall either delete said questions or correct the answers.

(c) Any participant who has so protested and who claims the action of the Director is incomplete or erroneous may appeal his/her action pursuant to the procedure in Section 3-241. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1624; Am. Ord. 72-20, 1972; Am. Ord. 73-116, § 9, eff. 9-2-73; Am. Ord. 96-50, § 8, eff. 8-16-96).

SEC. 3-241. NOTICE OF EXAMINATION RESULTS.

(a) For all promotional examinations:

(1) Every candidate shall be mailed written notice of his/her final rating and of his/her relative standing on the eligible list or of his/her failure to obtain a place on the list. The notice shall state on its face the date of mailing.

(2) During the five working days immediately following the date of mailing of such notice any candidate may inspect his/her written examination papers in the Human Resources office during regular office hours, and shall, upon his/her request and within such time, be granted a consultation with the Director, or the Director's designee, to discuss the correction

of any claimed errors in the compilation of the candidate's total score and to review the reasons for his/her rating. The consultation may include a discussion of the candidate's oral examination ratings and the answers of his/her references, subject to the limitations upon disclosure set forth in Section 3-243.

(3) Any candidate who, after requesting and participating in the consultation as provided for in Subsection (a)(2), claims that his/her final rating in the examination, as determined after such consultation, is erroneous because of clerical error or error in the interpretation or application of any rule relating to the computation of his/her final rating or that there was irregularity, discrimination within the meaning of Section 3-221, or fraud in the conduct of the examination, or any part thereof, may file with the Director, not later than five o'clock P.M. of the tenth working day after the date of mailing of notice of his/her final rating, a written request for review by the Director of his/her contentions. The candidate's request shall specify each claim of error or of impropriety in the conduct of the examination which the Director is requested to review, together with a brief statement of the facts upon which he/she bases each claim. The request shall be verified by the candidate, and the candidate may file therewith additional data, including affidavits, relevant to the facts alleged therein.

(4) Promptly after receipt of any such request, the Director shall inquire into the matters alleged in the request and take action on the request. If the Director finds during this inquiry facts which justify it, the Director may take any one or more of the following actions:

(i) Affirm the final rating of the candidate as determined after the consultation.

(ii) Affirm the results of the examination as not involving any such irregularity, discrimination, or fraud as alleged in the candidate's request.

(iii) Modify the final rating of the candidate by correcting any clerical or other error in the computation of his/her final rating.

(iv) Declare the entire examination, or the oral examination only, a nullity and cancel the eligible list created therefrom, if the Director finds that in the conduct of the examination there was irregularity, discrimination within the meaning of Section 3-221, or fraud, which resulted, or in his/her opinion could have resulted, in substantial prejudice to any candidate.

(5) Upon completion of the inquiry, the Director shall prepare and file in Human Resources, as a public record, a report of the findings and action taken. The Director may include in the report the affidavit of any person concerning facts which the Director may deem relevant to the inquiry. A copy of the report shall be mailed or delivered personally to the candidate who filed the request for review, and, if the action was to cancel the eligible list, a copy of the report shall be mailed or personally delivered to each candidate who was qualified by the examination for placement on the eligible list. If the entire examination is rescheduled, all candidates who participated in the original examination shall be notified and shall be entitled to take the rescheduled examination without further qualification.

(6) Any candidate who requested a review pursuant to Subsection (a)(3) may appeal to the Board from any action of the Director upon the review, and any candidate who was qualified by the examination for placement on the eligible list may appeal to the Board from any action of the Director nullifying all or any part of the examination. The appeal shall be in writing and shall specify the action and the particular parts of the Director's report to which the appellant takes exception, and may include affidavits relevant to the appellant's contentions. Failure to file an appeal with the Board within five calendar days of the date of personal service or within ten calendar days of mailing of a copy of the report to which appellant takes exception shall constitute a waiver of the right of appeal. Upon the filing of any appeal, the Director shall file with the Board a copy of the report and a copy of the request for review. The Director shall notify the appellant of the date of the meeting of the Board at which the matter will be first presented to the Board.

(7) The Board may, upon the record filed with it and without taking additional evidence, affirm the action or actions of the Director and deny the appeal, or it may grant the appeal and order a hearing thereon, to be held not less than ten nor more than fifteen days after the date of its order. Notice of the time and place fixed for the hearing shall be mailed, not less than five days prior to the hearing date, to the appellant, to the candidate who requested the review, and to each candidate who was qualified by the examination for placement on the eligible list, at the address of each as shown on his/her application or the city's personnel records.

(8) At the hearing the Director may present additional evidence, and the appellant, the candidate who requested the review, and any candidate who was qualified by the examination for placement on the eligible list may appear personally, or with representation, and may present evidence and argument. The request for review, the Director's report, and the appeal shall be deemed evidence upon which the Board may find facts upon which to base its decision, and the Board may limit the evidence to be received at the hearing to that which it deems necessary to its decision.

(9) At the conclusion of the hearing the Board shall affirm the action or actions of the Director as set forth in the Director's report unless it shall find from the evidence that any such action constituted an abuse of discretion by the Director. As to any action with respect to which it shall make such a finding, the Board may overrule such action and order the Director to take any alternative action authorized by Subsection (a)(4) relating to the subject matter of the action overruled. The decision of the Board on the appeal, together with findings of fact in support thereof, shall be contained in a written decision filed with its minutes, and, when so made, the decision of the Board shall be final and conclusive.

(10) No decision of the Board upon any appeal hereunder shall be contested in any action or proceeding in any court unless the action or proceeding is commenced within thirty days after the appeal is denied, or, if a hearing is ordered, the date on which the written decision thereon is approved by the Board for filing with its minutes.

(11) Notice of the Board's action denying the appeal, or, if the appeal is granted, a copy of the written decision thereon, shall be mailed to each person entitled under Subsection (a)(5), to notice of the hearing.

(b) For open examinations:

(1) Every candidate in an open examination shall be mailed written notice of his/her final rating and relative standing on the eligible list or of his/her failure to obtain a place on the list. The notice shall state on its face the date of mailing.

(2) During the five working days immediately following the date of mailing of such notice any candidate may inspect his/her written examination papers in the Human Resources office during regular office hours, and shall, upon his/her request and within such time, be granted a consultation with the Director, or the Director's designee, to discuss the correction of any claimed errors in the compilation of the candidate's total score and to review the reasons for his/her rating. The consultation may include a discussion of the candidate's oral examination ratings and the answers of his/her references, subject to the limitations upon disclosure set forth in Section 3-243.

(3) Any candidate who, after requesting and participating in the consultation as provided for in Subsection (b)(2), claims that his/her final rating in the examination, as determined after such consultation, is erroneous because of clerical error or error in the interpretation or application of any rule relating to the computation of his/her final rating, or that there was irregularity, discrimination within the meaning of Section 3-221, or fraud in the conduct of the examination, or any part, may file with the Director by the fifth working day following the consultation, a written request for review by the Director. The candidate's request shall specify each claim of error or of impropriety in the conduct of the examination which the Director is requested to review, together with a brief statement of the facts upon which he/she bases each claim and any additional data, including affidavits, relevant to the facts alleged.

(4) Promptly after receipt of any such request, the Director shall inquire into the matters alleged in the request and take action on the request. If the Director finds during this inquiry facts which justify it, the Director may take any one or more of the following actions:

(i) Affirm the final rating of the candidate as determined after the consultation.

(ii) Affirm the results of the examination as not involving any such irregularity, discrimination, or fraud as alleged in the candidate's request.

(iii) Modify the final rating of the candidate by correcting any clerical or other error in the computation of his/her final rating.

(iv) Declare the entire examination, or any part, a nullity and cancel the eligible list created, readminister a specific part, or promulgate the eligible list based upon the scores achieved in the remaining phases of the examination process, if the Director finds that in the conduct of the examination there was irregularity, discrimination within the meaning of Section 3-221, or fraud, which resulted, or could have resulted, in substantial prejudice to any candidate.

(5) Upon completion of the inquiry, the Director shall prepare and file in Human Resources, as a public record, a report of the findings and action taken. The Director may

include in the report the affidavit of any person concerning facts which the Director may deem relevant to the inquiry. A copy of the report shall be mailed or delivered personally to the candidate who filed the request for review, and, if the action was to cancel the eligible list or a specific part of the examination process, a copy of the report shall be mailed or personally delivered to each candidate who was qualified by the examination for placement on the eligible list. If the entire examination is rescheduled, all candidates who participated in the original examination shall be notified and shall be entitled to take the rescheduled examination without further qualification.

(6) No decision of the Director upon any appeal hereunder shall be contested in any action or proceeding in any court unless the action or proceeding is commenced within thirty calendar days after the date on which the written decision is mailed. (Rep. and Added 6128, 1962; based on former Sec. 2-1625; Am. Ord. 67-95, 1967; Am. Ord. 84-92, § 1, eff. 7-27-84; Am. Ord. 95-33, § 8, eff. 5-12-95; Am. Ord. 95-62, § 7, 9-22-95; Am. Ord. 96-50, § 9, eff. 8-16-96).

SEC. 3-242. SUSPENSION OF APPOINTMENTS.

(a) No appointment shall be made from any eligible list until the expiration of the time provided in Section 3-241 for the granting of consultations.

(b) If any consultation is granted and held, no permanent appointment shall be made until the expiration of the time provided in Section 3-241 the filing of written requests for review, or, if such a request is timely filed, until the Director's report thereon is filed. Thereafter, unless the eligible list has been canceled by the Director's action, permanent appointments may be made from the list as affirmed or as modified by the Director's report, but subject to the qualification, to be agreed to by each appointee in writing, that in the event the eligible list shall be canceled or so modified as to render the appointee ineligible for certification for the appointment, employment in the position shall thereupon automatically terminate. (Added Ord. 67-95, 1967; Am. Ord. 95-33, § 9, eff. 5-12-95).

SEC. 3-243. CERTAIN PAPERS CONFIDENTIAL.

(a) Every candidate's written examination papers, oral rating sheets, and answers of references to inquiries regarding any applicant or candidate, and all information contained therein, shall be deemed confidential and not subject to public disclosure, and shall be subject to inspection only by authorized employees of Human Resources, by the members of the Board, and by such other persons and under such circumstances as hereinafter provided in this section.

(b) The right to inspect any candidate's written examination papers shall be limited to the candidate and to the appointing authority and the City Manager when the candidate has been certified for appointment.

(c) The right to inspect oral rating sheets and answers of references of any applicant or candidate shall be limited to the appointing authority and the City Manager when the candidate to whom they refer has been certified for appointment.

(d) In the course of any consultation with a candidate concerning his rating the candidate may, if requested, be informed of the contents of his oral rating sheets or the answers of his/her references, but to the extent only that disclosure can be made without identifying, directly or indirectly, any oral examiner or any reference as the source of any particular statement or information disclosed, and any Director's review or any appeal proceedings under Section 3-241 shall be subject to the same limitations on disclosure.

(e) Any information or right to inspect to which a candidate is entitled under this section shall also be afforded to his/her attorney and/or to the authorized representative of any employee organization whom the appellant may designate in writing as his/her representative. (Added Ord. 67-95, 1967; Am. Ord. 95-33, § 10, eff. 5-12-95).

SEC. 3-244. PRESERVATION OF EXAMINATION PAPERS.

Examination papers of each examination shall be preserved by the Director for the life of the list created by such examination. The examination papers of an eligible certified for appointment shall be open to the inspection of the appointing officer during such time as the said papers are on file in the office of the Director. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1626).

SEC. 3-245. ORDER OF PLACEMENT ON LIST, OPEN EXAMINATION.

Candidates obtaining the required minimum score in each part in any open examination shall have their names placed on an eligible list for the class for which they were examined in the order of their final scores, including veteran's preference points, if applicable. In the event two or more candidates achieve the same final score, including veteran's preference points, ties shall not be broken. All candidates at that score shall have equal standing on an eligible list. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1630; Am. Ord. 94-106, § 2, eff. 12-9-94; Am. Ord. 95-33, § 11, eff. 5-12-95; Am. Ord. 95-62, § 8, eff. 9-22-95; Am. Ord. 96-50, § 10, eff. 8-16-96).

SEC. 3-246. ORDER OF PLACEMENT ON LIST, PROMOTIONAL EXAMINATION.

The names of candidates who have obtained the required minimum score in each part of any promotional examination shall be placed on a promotional eligible list for the class for which they were examined in the order of their final scores. In the event two or more candidates achieve the same final score, ties shall not be broken. All candidates at that score shall have equal standing on an eligible list. (Rep. and Added Ord. 6128, 1962; Am. Ord. 94-106, § 3, eff. 12-9-94; Am. Ord. 95-33, § 12, eff. 5-12-95; Am. Ord. 95-62, § 9, eff. 9-22-95; Am. Ord. 96-50, § 11, eff. 8-16-96).

SEC. 3-247. DURATION OF LISTS.

Eligible and promotional eligible lists promulgated from a group of persons who have been examined in a competitive examination shall be effective for a period of two years or as determined by the Director and included in the official bulletin announcing the examination.

The duration of an eligible list may be extended by the Director, with written notice to the eligibles, but in no case shall an eligible list remain in effect for longer than three years. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1628; Am Ord. 73-116, § 10, eff. 9-2-73; Am. Ord. 83-2, § 1, eff. 2-4-83).

SEC. 3-248. REMOVAL OF NAMES FROM LISTS.

The director shall remove or withhold from certification the name of an eligible on a list for any of the following reasons:

(1) The eligible has been or is to be appointed from such list to fill a permanent position in the class;

(2) The eligible has been or is to be appointed from a list for another class the minimum salary of which is higher than the minimum salary for the class of the list from which removed;

(3) Filing of a statement by the eligible that he/she is not willing to accept appointment, where approval of a waiver or declination has not been obtained from the Board;

(4) Declination by the eligible of an appointment under such conditions as an eligible had previously indicated in writing would be accepted;

(5) Failure by the eligible to respond within seven calendar days to any written inquiry of the Director or an appointing authority relative to availability for appointment;

(6) From a promotional eligible list, upon separation of the eligible from the city service for any reason other than lay-off;

(7) For classes in the Police Management Unit, after being considered but not appointed to a permanent position from one open eligible list for six vacancies;

(8) For all units, groups, or classes not specifically listed in (7) above after being considered but not appointed to a permanent position from one open eligible list for eight vacancies;

(9) Disapproval of the appointment of the eligible by the City Manager, in writing and for good and sufficient cause, pursuant to Section 705(c) of the Charter which shall result in the withdrawal from certification, and the withholding from re-certification, of the name of the eligible for the specific vacancy for which the appointment was disapproved. (Rep. and Added Ord. 6128, 1962; Am. Ord. 6590, 1965; Am. Ord. 94-52, § 1, eff. 8-26-94; Am. Ord. 94-62, § 1, eff. 9-16-94; Am. Ord. 95-33, § 13, eff. 5-12-95; Am. Ord. 95-26, § 10, eff. 9-22-95; Am. Ord. 96-50, § 12, eff. 8-16-96).

SEC. 3-249. REVIEW OF DISQUALIFICATION OF APPLICANT OR ELIGIBLE.

Any applicant or eligible whose application for examination has been rejected or whose name has been removed from any list by the Director pursuant to Section 3-223 or Section 3-248 of this Code may file a written request with the Board for a review of the action of the Director. Such request for review shall be filed within seven calendar days after the date of mailing of notice of the Director's action, and shall contain a statement of the facts upon which

the request is made. The Board shall notify the applicant or eligible of the time when it will review the action of the Director and shall afford the applicant or eligible an opportunity to appear and present his case. The decision of the Board shall be final. The Board shall act on any such request without unnecessary delay, but no examination shall be postponed because of the pendency of a decision on any such request. No appointment for which a removed eligible would have been entitled to certification shall be made until the time for filing such request for review has expired, or if such a request is timely filed, until the Board has rendered its decision thereon.
(Added Ord. 6128, 1962).

SEC. 3-250. PERMANENT APPOINTMENTS, PRIORITY OF REINSTATEMENT LIST.

Except as otherwise provided in this article, permanent appointments in the classified service shall be made only through certification from an eligible list; provided that appointments shall be offered first to eligibles on the reinstatement list for the class in which the vacancy exists.
(Rep. and Added Ord. 6128, 1962; Am. Ord. 73-116, § 11, eff. 9-2-73).

SEC. 3-251. REQUISITION FOR CERTIFICATION OF ELIGIBLES.

When a vacancy in a permanent or intermittent position in the classified service is to be filled, the appointing authority shall submit a requisition to the Director. The requisition shall state the class title, the number of positions to be filled and other appropriate information as may be required by the Director.
(Rep. and Added Ord. No. 6128, 1962, based on former Sec. 2-1634; Am. Ord. 82-99, § 5, eff. 10-15-82).

SEC. 3-252. CERTIFICATION AND APPOINTMENT OF ELIGIBLES.

(a) Upon receipt of a requisition for certification to fill a permanent position, the Director shall certify eligibles in the following manner and order:

(1) The name of the person standing highest on the reinstatement list for the class shall be certified first. If the requisition requests certification for more than one vacancy in the same class, the Director shall certify from those highest on the reinstatement list for the class up to as many names as there are vacancies.

(2) For all classes identified in Section 3-268(b) where the minimum qualifications mandate current City service: The names of the five persons standing highest on the promotional eligible list shall be certified, if there is no reinstatement list. The first vacancy shall be filled by the appointment of one of the respective highest eligibles certified. The second and each succeeding vacancy shall be filled by appointment from the respective highest then- remaining names. Three names for classes mentioned in Section 3-268(b) shall be considered the minimum necessary to comprise a basic certification.

(3) For all units, groups, or classes not specifically identified in Section 3-268(b), and which are in the classified service: An eligible list shall be established. The Appointing Authority, at the time of requisition, shall identify the composition of the certification using the following options:

(i) A Department Certification that shall be composed of the ten highest-ranking permanent employees working with the requested department. If there are fewer than ten eligibles meeting the criteria for a Department Certification if it is selected as an option, it shall be completed with a General Certification followed by an Open Certification until the appropriate number of eligibles have been certified.

(ii) A General Certification that shall be composed of the ten highest-ranking permanent City employees. If there are fewer than ten eligibles meeting the criteria for a General Certification, it shall be completed with an Open Certification until the appropriate number of eligibles have been certified.

(iii) An Open Certification that shall be composed of the ten highest-ranking persons on the eligible list, without regard to City employment. The first vacancy shall be filled by the appointment of one of the respective highest eligible certified. The second and each succeeding vacancy on subsequent requisitions shall be filled by appointment from the ten highest then-remaining names unless there are not a sufficient number of eligibles on the list to comprise a basic certification. Five names shall be considered the minimum necessary to comprise a basic certification.

(4) When there are fewer than the required number of names on an eligible or a promotional eligible list and certification is requested pursuant to either (2) or (3) above, the Director shall certify the number thereon, and the Appointing Authority may, at the Appointing Authority's option, accept such certification and appoint therefrom, or decline such certification and defer permanent appointment pending the creation of a new list.

(5) When there is neither a reinstatement nor an eligible list for the class, certification from the list authorized pursuant to Section 3-254 of this Code may be made in the order and manner as if such list were for the class.

(b) The names of eligibles who are certified but not appointed shall remain in their relative placement on the list from which they were certified provided such list or the eligible's right to remain thereon has not expired pursuant to other provisions of this article.

(c) When a new eligible or a new promotional eligible list is created, the names of all persons on any existing list which such new list supersedes shall be certified for appointment, pursuant to subsection (a) hereof, before any certifications are made from the new list provided that when the older list contains the names of fewer than the maximum number of names that can be certified, the name or names remaining on such older list shall

be placed at the top of the new list and shall be included in all certifications of persons from the new list until appointed, removed from such list pursuant to this article, or their eligibility for consideration has expired.

(d) When the requisition requests certification to fill a limited position pursuant to Section 3-256 of this Code, certification shall be made in the same order and manner as provided in this section for permanent positions.

(e) The Appointing Authority, or the Appointing Authority's designee, shall be permitted to examine the application and personnel records of each eligible certified for appointment.

(f) Persons eligible for referral pursuant to Section 3-255 of this code shall be referred in addition to the number of names eligible for referral under this section.

(g) Certification and appointment to positions in the Bus Driver and Emergency Services Dispatcher I/II classes shall be made from an eligible list and whenever a vacancy exists in one or more positions in said classifications, the Appointing Authority may select and request certification for appointment of the names of one or more eligibles on such list, without regard to their relative standing on the list. As the initial list is exhausted, additional names will be certified in the same manner as described in this subsection. A requisition shall be submitted for each vacancy being filled. This subsection shall not be deemed to preclude the filling of a Bus Driver and Emergency Services Dispatcher I/II vacancy by transfer thereto of an employee who has qualified for such transfer under section 3-261.

(Rep. and Added Ord. 6128, 1962; Am. Ord. 81-110, § 1, eff. 9-25-81; Am. Ord. 82-99, § 6, eff. 10-15-82; Am. Ord. 87-1, § 2, eff. 2-6-87; Am. Ord. 94-52, § 2, eff. 8-26-94; Am. Ord. 94-62, § 2, eff. 9-16-94; Am. Ord. 95-33, § 14, eff. 5-12-95; Am. Ord. 95-62, § 11, eff. 9-22-95; Am. Ord. 96-50, § 13, eff. 8-16-96; Am. Ord. 2010-13, § 4, eff. 6-14-10; Am. Ord. 2019-048, § 1, eff. 1-20-20).

SEC. 3-253. WAIVER OF APPOINTMENT.

An eligible on any list may waive or decline an appointment to a part-time, intermittent or limited position without losing his place on the list. An eligible on any list who has been certified for appointment to a permanent position may apply in writing to the Director for approval to waive the appointment, stating the reasons for the requested waiver. If the application is denied, the eligible's name shall be permanently removed from the list; if approved, the Director shall determine the further placement of the eligible's name on the list.

(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1647; Am. Ord. 73-117, § 6, eff. 9-2-73; Am. Ord. 82-99, § 7, eff. 10-15-82).

SEC. 3-254. USE OF COMPARABLE LIST.

Whenever there is neither a reinstatement nor an eligible list for the class to which a position belongs, appointment may be made from a list for a class which the Director finds to be comparable in character and to have substantially similar or higher duties, responsibilities and qualifications, and which has substantially the same or higher salary range.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1636; Am. Ord. 73-117, § 7, eff. 9-2-73).

SEC. 3-255. RE-EMPLOYMENT.

A person who achieves permanent status and who voluntarily resigns from city service with proper notice pursuant to Section 3-115 and who had a satisfactory performance record in the last position held may request consideration, without further competitive examination, for appointment to a vacant position in the class in which permanent status was last held or in a lower class in the same series. Such request shall be made in writing to the Director. Consideration for appointment shall be limited to the twenty-four months following the effective date of resignation. When an eligible list is in effect, referral of such person to an appointing authority shall be made in addition to the names certified from an eligible list. Referral may also be made in the absence of an eligibility list. After four referrals hereunder, a person shall no longer be eligible for consideration for appointment. Any person selected for appointment pursuant to this section shall be subject to the same conditions of probation and benefits applicable under the provisions of this article to an employee appointed to the class from an eligible list. There shall be no right of appeal regarding denial of consideration or appointment.
(Added Ord. 84-20, § 1, eff. 3-16-84; Am. Ord. 2010-13, § 5, eff. 6-14-10).

SEC. 3-256. LIMITED AND PROVISIONAL APPOINTMENTS.

(a) When services are needed for an anticipated limited period of time, the appointing authority shall submit a requisition to the Director stating the duration of the proposed employment, and shall appoint an eligible certified by the Director from the appropriate list. The eligible may accept or decline the limited appointment without loss of his position on the list. If there are no eligibles willing to accept appointment to the limited position, the appointing authority may appoint temporarily a qualified person to fill the existing vacancy. No limited appointment shall continue for a period longer than six months, except

(1) during the continuance of any leave of absence of a permanent employee whose position is being filled by such limited appointment, or

(2) when an extension is approved by the Chief Administrative Officer, upon a finding by him that unusual circumstances require such extension.

(b) When a requisition has been submitted to fill a vacancy but no reinstatement or eligible list for the class exists, the appointing authority may appoint provisionally a qualified person to fill the vacancy pending the creation of an eligible list, provided the Director shall have first certified that such person possesses the minimum qualifications

established in the class specifications for the class. When a list for the class has been created, the Director shall forthwith make certification for permanent appointment in the manner provided in this article, and the appointing authority shall then promptly make a permanent appointment to the position, or notify the Director that the appointment will not be made. Any provisional appointment made pursuant to this subsection shall terminate automatically upon the appointment of the eligible to the position, except as provided in subsection (c) of this section.

In no event shall any vacancy in any such position be filled by provisional appointment for a period longer than six months; provided, however, that the Chief Administrative Officer may extend such period, for an additional ninety days only, if he finds from evidence submitted by the Director that difficulties encountered in recruitment require additional time for the creation of a list, or upon a finding by the Chief Administrative Officer that unusual circumstances require such extension.

(c) An employee separating from a permanent position, whether permanent or provisional, may be retained in that position for a period not to exceed 30 days after his replacement has been appointed when, in the opinion of the appointing authority and the Chief Administrative Officer, the best interests of the city would be served by such retention, provided budgeted funds are available. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1649; Am. Ord. 73-116, § 12, eff. 9-2-73; Am. Ord. 82-99, § 8, eff. 10-15-82).

SEC. 3-257. RETENTION OF SEPARATED EMPLOYEES.

An employee separating from a permanent position, whether permanent or provisional, may be retained in that position for a period not to exceed 30 days after his replacement has been appointed when, in the opinion of the appointing authority and the Chief Administrative Officer, the best interests of the city would be served by such retention, provided budgeted funds are available. (Added Ord. 82-99, § 9, eff. 10-15-82).

SEC. 3-258. PROVISIONAL AND INTERIM APPOINTMENTS.

(a) An appointing authority, subject to the approval of the Chief Administrative Officer, may fill a vacant permanent position in a class in the classified service when there is no list by advancing a permanent employee who meets the minimum requirements of the class. During such provisional appointment such employee, when advanced, shall retain permanent status in the regular position without pay therefor, but in lieu thereof, shall be entitled to the compensation to the higher position to which appointed. A provisional appointment to a vacant classified position shall terminate thirty (30) days after certification of names from an eligible list. In no event shall a vacant permanent position be provisionally filled for a period longer than six months except upon written approval of the Chief Administrative Officer.

(b) An appointing authority, subject to the approval of the Chief Administrative Officer, may make an interim appointment to a vacant permanent position in a class in the unclassified service by advancing a regular permanent employee who meets the minimum requirements of the class. During such interim appointment, the employee shall retain permanent status in the permanent position in the classified service without pay therefor, but in lieu thereof, shall be entitled to the compensation of the higher position. The interim appointment may be terminated at the discretion of the appointing authority whereupon the permanent employee shall return to the former permanent position in the classified service. In no event shall a vacant permanent position be filled on an interim basis for a period longer

than six months except upon the written approval of the Chief Administrative Officer. (Rep. and Added Ord. 6128, 1962, based on former Secs. 2-1659 and 2-1663; Am. Ord. 82-99, § 10, eff. 10-15-82).

SEC. 3-259. APPOINTMENT OF PERMANENT EMPLOYEE TO LIMITED POSITION.

An appointing authority, subject to the approval of the Chief Administrative Officer, may fill a vacant limited position by temporary appointment of a permanent employee thereto, for a period not to exceed one year. No such appointment shall be made without the consent of the employee if a reduction in compensation will result. During the temporary appointment, such employee shall retain his permanent status in his regular position without pay therefor, but in lieu thereof he shall be entitled to the compensation of the limited position to which he has been appointed. Unless the rate of pay for such limited position has been calculated to include compensation for sick or vacation leave or both, the employee shall be entitled to such a benefit or benefits which otherwise would have accrued, during the period of temporary appointment, as though he were in his regular position. The appointing authority may at any time cancel the temporary appointment. Upon cancellation of the appointment or end of the period of appointment, the employee shall be returned to his regular position without the prejudice except as provided in this section. (Added Ord. 73-116, § 13, eff. 9-2-73).

SEC. 3-260. TEMPORARY ASSIGNMENT TO PERFORM DUTIES OF ABSENT EMPLOYEE.

(a) Whenever an employee holding a permanent position is absent from duty for any cause, the appointing authority shall, if possible, temporarily assign to one or more employees in the same or higher class such of the work of the absent employee as cannot be deferred until his return. When such assignment is not practicable, the appointing authority of the absent employee may temporarily assign another employee in the same department or office holding a permanent position in a lower class to perform the duties of such absent employee. The employee so assigned shall be entitled to receive the compensation attached to the higher position if his class specifications do not require that he perform said duties in the absence of the regularly assigned employee and if he meets the conditions hereinafter provided in this section.

(b) After any such employee has completed twenty full working days of service (or for Firemen working a twenty-four-hour shift, ten full working shifts) in a higher class pursuant to one or more such assignments, he shall thereafter be paid while so assigned to such higher class the rate of pay attached to such higher class. An employee who has held permanent status in the higher class prior to such assignment shall not be required to complete the qualifying period of service set forth above and shall be paid for the entire duration of his assignment to the higher class at the rate of pay assigned to such higher class.

(c) Before ordering any such assignment to a higher class for which entitlement to qualifying service credit or a higher rate of pay is sought, or promptly after such an assignment

if ordered under emergency conditions, the appointing authority shall execute, and file with the Chief Administrative Officer for his approval, a written statement of such assignment setting forth the assigned employee's name and permanent class, the class and position to which he has been assigned, the period for which the assignment or extension is to be or has been made, and the certification of the appointing authority that:

(1) The assigned employee will perform, during the entire period of such assignment, substantially the full range of the duties and responsibilities of the higher class,

(2) The duties and responsibilities of the position of the absent employee are of such nature that they cannot be held over until the absent employee returns to duty, and

(3) It is not practicable to assign the duties of the absent employee to any other employee or employees in the same or a higher class. No assignment under this section shall be considered for qualifying service credit or any higher rate of pay unless such statement has been filed, and approved by the Chief Administrative Officer, as provided herein.

(d) The provisions of this section relating to compensation shall not apply to an employee assigned to a position in a higher class the rate of pay for which is fixed in accordance with the second paragraph of Section 809 of the Charter. Such an employee shall be paid the rate of pay applicable to the higher class during any such assignment.

(e) In the computation of qualifying service rendered, or the amount of the higher pay to which an employee may be entitled, on assignment hereunder, only full days or shifts of actual duty shall be included, and part days or shifts shall not be combined to make full days or shifts. Time on leave occurring during any assignment shall not be included in any such computation.

(f) A qualifying period and/or rate of compensation different than that previously provided in this section may be established by a salary resolution, memorandum of understanding or other action of the Council. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1663; Am. Ord. 6334, 1963; Am. Ord. 6928, 1967; Am. Ord. 68-3, 1968; Am. Ord. 83-111, § 1, eff. 9-16-83; Am. Ord. 83-141, § 1, eff. 11-18-83; Added Ord. 89-135, § 1, eff. 12-8-89)

SEC. 3-261. TRANSFERS.

(a) A transfer of an employee from a position in one division of a department to a permanent position in the same class in another division in the same department may be made at any time by the appointing authority concerned. All such transfers shall be promptly reported to the Director.

(b) A permanent employee may be transferred from a permanent position in one department to a permanent position in the same class in another department with the approval of the appointing authorities concerned.

(c) A permanent employee may request transfer consideration from a permanent position in one class to a permanent position in another class, the transfer being either within one department or between departments. The appointing authority or authorities concerned must approve such appointment. The employee must either have once held permanent status in the

class to which transfer is being sought and maintained continuous permanent City employment since or the transfer is to an equal or lower class for which the employee meets the minimum qualifications as determined by Human Resources. For purposes of this section, "equal or lower class" means a class having a top step equal to or lower than the top step of the class from which transfer is sought. "Top step" equals base pay only at the highest step in the pay range. It excludes vacation, sick leave, pension, disability payments, premium pay, anticompaction pay, allowances, benefits, or other forms of compensation which is/are either now or hereafter provided by the city;

(d) A permanent employee may be transferred from a position in one class to a position in another class, the transfer being either within a department or between departments, if the appointing authority or authorities concerned and the Director of Administrative Services approve. No such transfer shall be made without the consent of the employee if a reduction in salary will result.

(e) Except where an employee is transferred pursuant to subsection (a) of this section or is transferred without his or her consent, an employee transferred pursuant to this section shall be required to serve a probationary period, as provided in this article, in the position to which transferred, during which time he shall be subject to the same conditions as required on an original appointment except that his rights and privileges already earned shall not be affected. If the transferred person is terminated during the probationary period in the position to which he was transferred, he shall have the right to return to his/her former position; provided, however, that if such former position shall have been abolished, then such employee shall be deemed laid off and his/her name placed on the reinstatement list for the class of such former position in the manner provided in this article for laid-off employees.

(f) Transfers authorized by this section may be made at the request of the employee, if approved by the appointing authority or authorities concerned. Except as provided in subsection (c) of this section, such transfers may also be made upon the initiative of an employee's appointing authority without the consent of the employee whenever the appointing authority deems the transfer to be for the good of the service.

(g) Notwithstanding any other provisions of this article, a transfer made pursuant to this section may be made even though an eligible list exists for the position to which the transfer is made. A request for transfer pursuant to this section shall be considered and determined prior to the making of an appointment to such position from such an eligible list.

(h) Notwithstanding any provision of this section to the contrary, any police officer assigned to motorcycle duty on August 31, 1981, shall be deemed eligible for appointment to the class of Police Specialist. (Rep. and Added Ord. 6128, 1962, based on former Secs. 2-1660 and 2-1661; Am. Ord. 73-116, §§ 14, 15, eff. 9-2-73; Am. Ord. 76-53, § 5, eff. 7-11-76; Am. Ord. 81-113, §§ 1, 2, eff. 9-25-81; Am. Ord. 81-169, § 1, eff. 1-15-82; Am. Ord. 82-99, §§ 11—13, eff. 10-15-82; Amd. Ord. 95-33, § 15, eff. 5-12-95; Am. Ord. 95-62, § 12, eff. 9-22-95; Am. Ord. 96-50, § 14, eff. 8-16-96).

SEC. 3-262. TRANSFERS OF EMPLOYEES PHYSICALLY INCAPACITATED.

(a) An employee who becomes physically incapacitated for the performance of his duties may be transferred with the approval of the Chief Administrative Officer and the written consent of the employee to a position in the same or a lower class for which he is qualified. If no such position is available, the employee may be transferred with the approval of the Chief Administrative Officer and the written consent of the employee to a vacant position in a higher class provided the Director certifies that the employee has the qualifications required to perform the duties of the new position and the employee passes a qualifying examination. Such transfers may be made only if the City Physician finds that the employee meets the medical standards for the new position with no reservations upon the finding.

(b) Whenever an employee transferred pursuant to this section regains his physical capacity for the performance of the duties of the class from which he was transferred, he may, with the approval of all appointing authorities concerned, be retransferred to a position in his former class when a vacancy occurs. If the employee so regains his physical capacity and applies for retransfer and before retransfer is separated from his position for any reason stated in subsection (a) of Section 3-292, he shall be placed upon a reinstatement list for both positions under the provisions of Section 3-292. The regaining of physical capacity shall be determined under Section 3-288.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1662; Am. Ord. 71-8, 1971; Am. Ord. 73-122, § 1, eff. 9-16-73).

SEC. 3-263. SPECIAL PROVISIONS RELATING TO POLICE SPECIALIST CLASS.

(a) Notwithstanding any other provision of this Code, the classes of Patrolman and Police Specialist in the Police Department shall have the status and relationship, and shall be subject to assignment of personnel from one such class to the other, as provided in this section.

(b) No person shall be a candidate for the class of police specialist unless he shall have attained permanent status as a Patrolman in the Police Department and shall have served as a Patrolman for the number of years specified as a qualification in the announcement of any examination.

(c) No person heretofore appointed or hereafter assigned to the class of Police Specialist shall attain permanent status in that class, but shall, at all times during his service as a Police Specialist, retain his permanent status of Patrolman.

(d) The promotional eligible list for the Police Specialist class shall be established and maintained in accordance with the provisions of this article, except as follows:

(1) Such list shall be utilized to establish eligibility for assignment in the manner herein provided, and not for appointment, to the class of Police Specialist, and shall be a continuing list having no expiration date;

(2) Names of candidates who have qualified in a promotional examination for placement on such list shall be placed on such list in alphabetical order, without reference to examination scores;

(3) The appointing authority may assign to a vacant position in the class of Police Specialist any eligible on such list;

(4) The name of any person whose name has remained on such list continuously for a period of three years without having received an assignment to Police Specialist shall be permanently removed from such list, and such person shall not thereafter be deemed eligible for appointment until he has again qualified for the list by examination under the usual procedures.

(e) A Police Specialist may be assigned by order of the appointing authority to a position in the class of Patrolman whenever the appointing authority determines such assignment is necessary or desirable for the good of the police service. The assignment order shall state the reason for the assignment and a copy of the order shall be delivered to the person assigned, who shall have the right, if he requests it, to a conference with the appointing authority or his designated representative, within thirty days after the assignment, but shall have no right of appeal from the appointing authority's decision. Upon such assignment the person assigned shall revert to his permanent status as a Patrolman and shall be compensated during such assignment at the highest step in the salary range for Patrolman but provided, that if the assignment order shall state that the assignment is for a stated period or for the duration of a specified emergency requiring augmentation of the patrol force, then during such temporary assignment, but not exceeding sixty days, the person so assigned shall continue to be compensated as a Police Specialist.

(f) Any Police Specialist who is assigned pursuant to subsection (e) shall have his name restored alphabetically to the promotional eligible list for Police Specialist, and shall, except as provided in subsection (d)(4), continue thereafter to be eligible for assignment to the Police Specialist class.

(g) Nothing contained in this section shall be deemed to preclude provisional appointments pursuant to Section 3-258, or temporary assignments pursuant to Section 3-260, to the class of Police Specialist.

(h) Notwithstanding any provision of subsection (d) of Section 2-1651.2 to the contrary, any police officer assigned to motorcycle duty on August 31, 1981, shall be deemed eligible for assignment to the class of Police Specialist.
(Added Ord. 71-9, 1971; Am. Ord. 81-170, § 1, eff. 1-15-82).

SEC. 3-264. SPECIAL PROVISIONS RELATING TO FIREFIGHTER TRAINEE CLASS.

(a) Notwithstanding any other provision of this Code, whenever the class of Firefighter Trainee is created, the selection and appointment of persons to positions in the class, the tenure of employees in such positions, and their entitlement to employee benefits, shall be governed by this section.

(b) The class of Firefighter Trainee is a class created for the special purpose of providing an interim training class leading to ultimate appointment to the class of Firefighter. Subject to the limitation in subsection (e) on duration of service in the position, each position in the Firefighter Trainee class shall be deemed a full-time permanent position in the classified service in all respects, including membership in the Fire and Police Retirement System, except as otherwise provided in this section.

(c) Certification and appointment to positions in the Firefighter Trainee class shall be made only from an existing eligible list for the class of Firefighter. Whenever a vacancy exists in one or more positions in the Firefighter Trainee class the appointing authority may select and request certification for appointment of the names of one or more eligibles on such list, without regard to their relative standing on the list. This subsection shall not be deemed to preclude the filling of any Firefighter Trainee vacancy by transfer thereto of an employee who has qualified for such transfer under 3-261.

(d) Persons appointed to positions in the Firefighter Trainee class shall be subject to the probationary service requirements in this article; provided, that at any time after such appointment the appointing authority may appoint any Firefighter Trainee to a vacant position in the Firefighter class whenever he finds from a review and evaluation of the employee's service record that his performance merits such appointment. Employees so appointed to positions in the Firefighter class shall serve the same probationary period, and subject to the same conditions of probation, as required of other appointees to the Firefighter class.

(e) The name of a Firefighter Trainee who is terminated during his probationary period shall not be restored to the eligible list from which he was appointed or to any other eligible list. If a Firefighter Trainee is not terminated during probation, the Firefighter Trainee shall attain permanent status and shall be entitled to appointment, in the order of attainment of permanent status, to the first available vacant position in the Firefighter class, notwithstanding the existence of an eligible list for, or employees qualified under Section 3-261 for transfer to, such class.
(Added Ord. 74-37, § 1, eff. 4-21-74; Am. Ord. 76-26, § 2, eff. 4-25-76; Am. Ord. 78-40, § 2, eff. 4-14-78; Am. Ord. 2017-68, § 1, eff. 1-18-18).

SEC. 3-265. SPECIAL PROVISIONS RELATING TO POLICE OFFICER RECRUIT CLASS.

(a) Notwithstanding any other provision of this Code, whenever the class of Police Officer Recruit is created, the selection and appointment of persons to positions in the class, the tenure of employees in such positions, and their entitlement to employee benefits, shall be governed by this section.

(b) The class of Police Officer Recruit is a class created for the special purpose of providing training and experience for employees leading to ultimate appointment to a position in the class of Police Officer. Each position in the Police Officer Recruit class shall be deemed a full-time permanent position in the classified service in all respects, including membership in the Fire and Police Retirement System, except as otherwise provided in this section.

(c) Certification and appointment to positions in the Police Officer Recruit class shall be made only from an existing eligible list for the class of Police Officer or Police Officer Recruit. If, in the judgment of the Chief Administrative Officer, it becomes necessary to establish a list for the class of Police Officer Recruit, the examination process used for establishing such a list shall be substantially similar to that used to establish the list for Police Officer. Whenever a vacancy exists in one or more positions in the Police Officer Recruit class the appointing authority may request certification for appointment of the names of one or more eligibles on such lists and make appointments based thereon without regard to their relative standing on the list. This subsection shall not be deemed to preclude the filling of any Police Officer Recruit vacancy by transfer thereto of an employee who has qualified for such transfer under Section 2-1651.1. No appointment to a position in the class of Police Officer Recruit may be made from the list for Police Officer if a current list for Police Officer Recruit exists, provided there are at least three names on such list.

(d) Persons appointed to positions in the Police Officer Recruit class shall be subject to the probationary service requirements in this article; provided, that at any time after such appointment and satisfactory completion of a prescribed course of instruction at the Police Academy, the appointing authority may appoint any Police Officer Recruit to a vacant position in the Police Officer class whenever he finds from a review and evaluation of the employee's service record that his performance merits such appointment. Employees appointed to positions in the Police Officer class from a position in the class of Police Officer Recruit shall serve the same probationary period, and be subject to the same conditions of probation as required of other appointees to the Police Officer class.

(e) The name of a Police Officer Recruit who is terminated during his probationary period shall not be restored to the eligible list from which he was appointed and shall be removed from the list for Police Officer if he is on such list. If a Police Officer Recruit is not terminated during probation, he shall attain permanent status and shall be appointed, in the order of his attainment of permanent status, to an available vacant position in the Police Officer class, each such appointment alternating one for one with appointments from the eligible list for Police Officer. The provisions of Section 3-275(b) shall not apply to an employee terminated during his probationary period as a Police Officer after appointment from a position in the class of Police Officer Recruit in which the employee obtained permanent status.
(Added Ord. 75-97, § 1, eff. 10-26-75).

SEC. 3-266. SPECIAL PROVISIONS RELATING TO POLICE CADET CLASS.

(a) Notwithstanding any other provision of this Code, the selection, appointment and tenure of employees in the Police Cadet program shall be governed by this section.

(b) The classes of Police Cadet I and Police Cadet II are created for the special purpose of providing training and experience to incumbents and are designed ultimately to lead to appointment to a full-time permanent position in the Police Department. Each position in the Police Cadet series shall be a permanent full-time position, except as otherwise provided in this section.

(c) Certification and appointment to positions in the Police Cadet I class shall be made from an eligible list established for the class of Police Cadet I. Whenever a vacancy exists in one or

more positions in the Police Cadet I class, the appointing authority may request certification for appointment of the names of one or more eligibles on such list and make appointments based thereon without regard to their relative standing on the list.

(d) Persons appointed to positions in the Police Cadet series shall be required, as a condition of employment, to participate in prescribed on-going training and education activities designed to prepare a Police Cadet for appointment to a full-time permanent position in the Police Department. Employment in the series of Police Cadet shall be limited to four calendar years (48 months) during which period a Police Cadet shall be examined and appointed to a full-time permanent position in the Police Department or shall be terminated from the program. Employment in the program may be extended beyond the four-year period only until such time as a vacant full-time permanent vacancy becomes available in the class for which the Police Cadet has been examined and deemed eligible for appointment.

(e) The name of a Police Cadet who is terminated from the program shall not be restored to the eligible list from which that individual was appointed and shall be removed from the eligible lists for Police Officer, Police Officer Recruit, Academy Trainee, Emergency Service Dispatcher, Community Services Officer, Property and Evidence Technician, Neighborhood Services Representative and Identification Technician. The provisions of Section 3-275(b) shall not apply to an employee terminated during the probationary period in any full-time permanent position if appointed directly from a position in the class of Police Cadet. (Added Ord. 91-117, § 1, eff. 12-13-91; Am. Ord. 93-63, § 1, eff. 11-5-93; Am. Ord. 2002-18, § 1, eff. 4-29-02).

SEC. 3-267. EMERGENCY APPOINTMENTS.

Any department head, with the approval of the Chief Administrative Officer, may employ such persons as may be needed in any emergency without complying with the provisions of this article governing appointment. Such emergency appointments shall be reported to the Director within twenty-four hours, and shall not exceed fifteen days' duration.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1650).

SEC. 3-268. SUSPENSION OF COMPETITION.

(a) Where a vacancy exists in a position which requires the person employed therein to render professional, scientific, technical or expert services of a peculiar or exceptional character, the Director may, if satisfied that the position can best be filled by the selection of some designated person of recognized attainments, authorize appointment to be made to such position by the appointing authority without the creation of an eligible list by competitive examination.

(b) For the classes of Police Sergeant, Police Lieutenant. Police Captain, Deputy Police Chief, Firefighter Specialist, Fire Captain, Fire Battalion Chief, and Fire Deputy Chief, and

(c) For all units, groups, or classes not specifically listed in (b) above: When the number of applications received from qualified applicants exceeds the "Rule of" by five or less, the Director may suspend competition, thereby providing all qualified candidates directly to the appointing authority with equal standing for hiring consideration. Qualified candidates shall be placed upon the eligible list in alphabetical order by last name.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1651; Am. Ord. 95-10, § 4, eff. 3-3-95; Am. Ord. 95-33, § 16, eff. 5-12-95; Am. Ord. 95-62, § 13, eff. 9-22-95; Am. Ord. 95-99, § 1, eff. 1-19-96; Am. Ord. 96-50, § 15, eff. 8-16-96; Am. Ord. 2010-13, § 6, eff. 6-14-10).

SEC. 3-269. ASSIGNMENTS OF MANAGEMENT AND CONFIDENTIAL UNIT EMPLOYEES.

(a) The Chief Administrative Officer may for purposes of training, job enrichment, personnel exchange, or other reasons deemed to benefit the city:

(1) Assign an employee holding a permanent position in the management and confidential unit to work for a private or public entity pursuant to a contract executed by the Chief Administrative Officer which shall require the assigned employee's full salary and retirement benefits be paid by the entity to which assigned, and which shall set forth all other terms and conditions of the assignment.

(2) Release an employee holding a permanent position in the management and confidential unit from city service to work for a private or public entity on such terms and conditions as the Chief Administrative Officer may specify in writing. An employee released from city service under this subsection shall have the same rights and benefits, including reinstatement rights and retirement benefits, as do employees absent on military leave pursuant to Section 3-111 of this Code, except that such rights and benefits shall not accrue when the employee does not return to city service at the end of the authorized release period.

(b) No assignment or release under this section shall exceed one year.
(Added Ord. 73-116, § 16, eff. 9-2-73; Am. Ord. 83-33, § 1, eff. 4-15-83).

SEC. 3-270. SPECIAL PROVISION RELATING TO EXPERIENCE AS QUALIFICATION FOR PERMANENT APPOINTMENT TO POSITION IN CLASS OF WASTE COLLECTOR.

(a) A part-time employee paid on an hourly or per diem basis holding a position in the class of Waste Collector on October 16, 1979, who completed at least 1040 hours of service in that class during the eighteen-month period prior to October 16, 1979, shall be rated on his performance in that class by his department head on a form provided by the Director. Such rating shall reflect the employee's qualifications as exhibited by his performance during such period, for permanent appointment to a position in the class of Waste Collector.

(b) The final performance rating given under subsection (a) shall be the employee's examination grade. Employees who receive a grade of seventy or higher shall have their names placed at the top of the eligible list for the class in the order of their respective examination grades. Appointed of any such eligible from an eligible list created pursuant to the above shall be in accordance with the appropriate provisions of this article.

(c) Any such employee, as defined in subsection (a), who fails to achieve a position on an eligible list, due to a final performance rating which does not qualify him for such placement, shall be dismissed from employment.

(d) An employee who qualifies for placement on an eligible list in accordance with this section may be removed from his part-time position only for cause, subject to a right to appeal such termination to the Civil Service Board, as provided in this article.

(e) This section shall not apply to any employee whose position is funded, in whole or in part, by another governmental agency. (Added Ord. No. 74-82, § 1, eff. 9-22-74; Am. Ord. 76-122, § 1, eff. 1-16-77; Am. Ord. 79-189, § 1, eff. 1-40-80).

SEC. 3-271. SPECIAL PROVISION RELATING TO EXPERIENCE AS QUALIFICATION FOR PERMANENT APPOINTMENT TO POSITIONS IN THE CLASS OF RECREATION LEADER OR RECREATION SPECIALIST.

(a) Part-time employees paid on an hourly or per diem basis holding temporary positions in the class of either Recreation Leader or Recreation Specialist on December 1, 1987, who completed at least 1040 hours of continuous service in either class during the eighteen-month period prior to June 1, 1989, shall be rated on their performance in that class by the department head on a form provided by the director. Such rating shall reflect employees' qualifications, as exhibited by their performance during such period, for permanent appointment to positions in the class of Recreation Leader or Recreation Specialist.

(b) The final performance rating given under subsection (a) shall be the examination grade. Employees who receive an overall grade of seventy or higher shall have their names placed on the eligible list for Recreation Leader or Recreation Specialist in order of their respective examination grades. Appointment of any such eligible from an eligible list created pursuant to the above shall be in accordance with the appropriate provisions of this article.

(c) Such employees, as defined in subsection (a), who fail to achieve a position on an eligible list, due to final performance ratings which do not qualify them for such placement, shall be dismissed from employment.

(d) An employee who qualifies for placement on an eligible list in accordance with this section may be removed from a permanent position only for cause, subject to a right to appeal such termination to the Civil Service Board, as provided in this article. (Added Ord. 89-130, § 1, eff. 11-17-89).

SEC. 3-272. PROBATIONARY PERIOD.

(a) Except as otherwise provided in this section, all employees appointed to permanent positions in the classified service are subject to a probationary period of one year, or such lesser period as may be designated by resolution of the Council for employees appointed, on or after July 1, 1974, to permanent positions in classes specified in such resolution.

(b) The appointment of any person on a reinstatement list to the position in which he held permanent status immediately prior to his placement on such list shall not be subject to a probationary period; nor shall the appointment of any person from a reinstatement list to a position in the same department and having the same class title as that held by him immediately prior to his placement on such list be subject to a probationary period.

(c) The probationary period for any person appointed to a part-time permanent position or to an intermittent position shall be for a period of actual service equal to the probationary period established for a full-time permanent position in the same class. For the purpose of this subsection, a probationary period of one year shall equal 2080 hours of work, not including overtime, and a probationary period of six months shall equal 1040 hours of work, not including overtime.

(d) The probationary period shall be an essential part of the examination process and shall be used for the effective adjustment of the employee and for the elimination of any probationary employee whose performance fails to meet the required standard of work. Time spent on any leave of absence, or time during which an employee is unable to perform the full range of duties due to injury or illness whether or not job-related, shall not be considered as a part of any probationary period, and such time will be added to the probationary period. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1639; Am. Ord. 72-20, 1972; Am. Ord. 74-68, § 1, eff. 8-26-74; Am. Ord. 82-99, § 14, eff. 10-15-82; Am. Ord. 83-92, § 1, eff. 7-22-83).

SEC. 3-273. TERMINATION OF PROBATIONER DURING PROBATIONARY PERIOD.

Any probationary employee may be terminated by the appointing authority during the probationary period for reasons related to such employee's qualifications or the good of the service, or for failure to demonstrate merit, efficiency, fitness or moral responsibility. Notice of such action, accompanied by the statement of the specific reasons therefor, shall be approved

by the statement of the specific reasons therefor, shall be approved by the Chief Administrative Officer and filed by the appointing authority with the Director, and a copy shall be served upon such employee.
(Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1640).

SEC. 3-274. TRANSFER WHILE ON PROBATION.

An employee may be transferred during his probationary period from a permanent position in one department to a permanent position in the same or lower class in the same or another department. Such employee shall be required to serve a full probationary period as required in this article in the position to which transferred, during which time he shall be subject to the same conditions as required on an original appointment except that privileges already earned shall not be affected. Transfers pursuant to this section shall be subject to the provisions of subsections (c) or (d), and subsection (g), of section 3-261.
(Rep. and Added Ord. 6128, 1962; Am. Ord. 78-120, § 1, eff. 9-1-78; Am. Ord. 82-99, § 15, eff. 10-15-82).

SEC. 3-275. EFFECT OF TERMINATION DURING PROBATIONARY PERIOD.

(a) The name of a terminated probationary employee shall not be restored to any list unless he was appointed from a reinstatement list in which case his name shall be restored to such list in the place to which he would be entitled if the termination were an original layoff, or, if the sole reason for the termination is that the position has been abolished or a decision made not to fill the position, the terminated employee's name shall be restored to its former place on the eligible list from which he was appointed, if such eligible list has not expired.

(b) A probationary employee who is terminated for any reason, and who, immediately prior to his appointment to the position, held permanent status in a position in another class in the city service, shall have the right to resume his permanent status in such former position if the appointing authority for such former position gives his written consent thereto, and provided that such former position has not been abolished and is either vacant or temporarily filled by a provisional appointee; otherwise he shall be placed, at his request, on the reinstatement list for the class of such former position as if he, as of the date of his probationary termination, had been laid off from such former position. Election to resume his former position, or to be placed on the reinstatement list, as the case may be, shall be made by the employee within ten calendar days after notice is given to him of his termination, which notice shall advise him of his rights under this subsection. Notwithstanding the foregoing, if the termination is from a promotive position, the employee shall resume the position from which he was promoted, but if such former position shall have been abolished, his name shall be placed on the reinstatement list for the class of such former position.
(Rep. and Added Ord. 6128, 1962, based on former Secs. 2-1642 and 2-1644; Am. Ord. 73-116, § 17, eff. 9-2-73).

SEC. 3-276. PROMOTED EMPLOYEE, ELIGIBILITY FOR EXAMINATION ON FAILURE OF PROBATION.

An employee who has passed a promotional examination and received an appointment to the position, and who fails to qualify during his probationary period in the new class, shall not be permitted to take the examination for the same position for a period of one year following the date of the order of his termination.
(Rep. and Added Ord. 6128, 1962).

SEC. 3-277. EMPLOYEES IN THE UNCLASSIFIED SERVICE.

(a) Any employee who has achieved permanent status in the city service and is thereafter appointed to a position in the unclassified service, may, at any time within six months of appointment to said position in the unclassified service, resign such position and be reinstated to a position in the classified service previously held by the employee.

(b) In the event an employee in the unclassified service elects to exercise the option provided under subsection (a) of this section and is reinstated to a position in the unclassified service, the provisions of Section 3-291(b) shall be applied in order to accommodate such reinstatement.

(c) In the event of a general reduction in force or layoff, other than by reorganization or elimination of individual positions, a represented employee in the unclassified service whose permanent position is eliminated shall have the same rights, under the same conditions, as provided to classified employees pursuant to Section 3-291, except that nothing herein shall restrict the appointing authority's ability to determine the positions in the unclassified service to be eliminated. This provision shall not apply to represented employees in Bargaining Unit 14, hired by the City on or after December 30, 2013.

(d) A Council Assistant shall be automatically terminated from City service no later than when the appointing Councilmember's successor assumes office. This provision shall not prohibit a Council Assistant from being reappointed by another Councilmember or in any other position in City service.
(Added Ord. 81-50, § 1, eff. 5-22-81; Am. Ord. 2010-14, § 1, eff. 6-14-10; Am. Ord. 2014-8, § 1, eff. 2-19-14; Am. Ord. 2015-33, § 1, eff. 11-19-15).

SEC. 3-278. FAILURE TO RESPOND: WHEN DEEMED A DECLINATION. REQUEST FOR RESTORATION TO LIST.

(a) When an eligible certified for an appointment shall fail, within seven calendar days, to answer any inquiry of the Director relative to his availability for certification, he shall be deemed to have declined the appointment. If, after having accepted an appointment, such an eligible fails to present himself for duty at the time agreed upon, he shall, unless the time is extended by the appointing authority, be deemed to have declined the appointment.

(b) A person whose name has been removed from an eligible list for failure to respond to a certification may request that his name be restored to such list. The request shall be in writing

and shall state satisfactory reasons for failure to respond. The Director may, in his discretion, approve or deny such request. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1645; Am. Ord. 73-117, § 8, eff. 9-2-73).

SEC. 3-279. RESIGNATION.

Whenever an employee resigns from the city service he shall execute the necessary forms prescribed by the Director for termination purposes. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1653).

SEC. 3-280. PROCEDURE TO PRECEDE IMPOSITION OF FINE, SUSPENSION OR REMOVAL.

(a) Prior to the final determination by the appointing authority to initiate disciplinary action against an employee having permanent status, in the form of a fine, suspension, or removal, the appointing authority shall serve personally upon the employee who is the subject of such proposed action, or, if the employee cannot with reasonable diligence be found, shall mail to said employee at the employee's address, as shown by records maintained by the Department of Personnel and Labor Relations, a Notice of the Proposed Action, which Notice (1) shall be on a form prescribed or approved by the Director, (2) shall advise the employee of the reasons for the proposed action, (3) shall include the charges against the employee and have attached thereto and incorporated therein by reference any written material upon which the proposed action is based, and (4) shall advise the employee that imposition of the proposed action shall be stayed for a period of seven calendar days from the date of service or mailing of the Notice during which time the employee may respond to the charges, either orally or in writing, to the appointing authority. The Director shall, at the written request of such employee, prior to expiration of such period and for good cause shown, extend the period during which the proposed action is stayed and during which such employee may respond to the charges. The Director may, at his sole discretion, extend such period to facilitate fair administration of the disciplinary process. The stay, whether for seven calendar days or for such greater number as an extension granted by the Director may permit, shall be deemed terminated upon earlier receipt and review by the appointing authority of the employee's response to the charges, whether such response is made orally or in writing.

(b) Any written response by the employee to the charges shall be filed by the employee with the appointing authority not later than the end of the period during which imposition of the disciplinary action has been stayed. Such response shall be subscribed by the employee and shall declare under penalty of perjury that the assertions of fact contained therein are true and correct.

(c) Upon receipt of a timely response filed by the employee, whether oral or written, and after giving consideration to the response filed, or upon expiration of such period in the event the employee has not filed a response, the appointing authority may proceed to impose disciplinary action in accordance with the provisions of Sections 3-282 through 3-290 of this Code.

(d) In those extraordinary circumstances, wherein the appointing authority determines immediate disciplinary action is necessary against an employee having permanent status as a result of accusations against such employee involving misappropriation of public funds or property, drug addiction, mistreatment of persons in the custody of the employee, physical assault upon another employee or a member of the public, or action which would constitute a felony or misdemeanor involving moral turpitude, the appointing authority may proceed to impose disciplinary action in accordance with the provisions of Sections 3-282 through 3-290 of the Code without compliance with the procedure set forth in this section. (Added Ord. 75-125, § 2, eff. 1-4-76).

SEC. 3-281. SUSPENSION.

(a) The appointing authority may, subject to the approval of the Chief Administrator Officer and the provisions of the Charter, suspend for disciplinary reasons, without pay, an employee under his jurisdiction for a reasonable time, not exceeding thirty days, for any one offense and at any one time; provided, however, that when an employee is charged with the commission of a crime, the appointing authority, subject to the approval of the Chief Administrative Officer and the provisions of the Charter, may suspend such employee, without pay, until the charge against him has been finally determined or otherwise terminated. If such employee is convicted, or enters a plea of nolo contendere, he shall receive no compensation for the period of time he shall have been under suspension, and shall again be entitled to compensation only from and after the effective date of his reinstatement after further proceedings for suspension or removal in conformity with this article. If such employee is acquitted, his suspension shall be lifted and his pay which has been withheld shall be restored, less any sums earned by the employee in other employment during such suspension. Any employee suspended pursuant to this section shall be served with an order of suspension in the same manner as provided in this article for orders of removal, and the same rights and procedures for answer and hearing shall apply. In lieu of suspension a department head may fine an employee not more than one hundred dollars ($100.00) for any one offense. The amount of the fine may be increased by mutual agreement between the City and a particular bargaining unit through an approved Memorandum of Understanding, Side Letter of Agreement, or authorized Resolution of the Council. Any employee upon whom such a fine has been imposed shall have the same right of answer and hearing as in the case of a suspension without pay. All fines levied under this section shall be deposited in the general fund of the city.

(b) Except as otherwise provided in this section, no employee shall be suspended from his position for disciplinary reasons for any cause under the provisions of this article for a period of longer than thirty calendar days. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1654; Am. Ord. 79-51, § 1, eff. 4-27-79; Ord. No. 94-95, § 1, effective 11-11-94).

SEC. 3-282. REMOVAL OF PERMANENT EMPLOYEE.

(a) The appointing officer, subject to the approval of the Chief Administrative Officer and the provisions of the Charter, may remove any permanent employee under his jurisdiction for any cause provided in this article and, within ten calendar days thereafter, he shall file with

the Board an order of removal, stating the cause or causes on which the order is based. Within such period of ten calendar days, the removed person shall be served personally with a copy of the order of removal; provided, that if he cannot with reasonable diligence be found, then a copy thereof shall be mailed within such period to his last known address. Such mailing shall be deemed to be equivalent to personal service. Proof of such service shall be filed with the Board.

(b) The person so served may file with the Board, within fifteen calendar days of the service upon him of an order of removal, a written answer to the allegations and charges in such order and a demand for an appeal hearing. The written answer shall specify the allegations in the order which are disputed and shall contain denials thereof or contrary allegations, and if the extent or degree of disciplinary action is disputed, the reasons for such dispute. The Director may provide a standard answer form, which, upon approval of its use by the Board, shall be used by the appellant. If, in the opinion of the Secretary of the Board, an appeal fails to comply substantially with the requirements of this subsection, the Secretary may give written notice of such insufficiency to the appellant at any time within five calendar days after the appeal is presented, stating with particularity the defects or omissions therein. Failure of the appellant to file an amended appeal within five calendar days of the date of personal service or within ten calendar days of mailing of such notice of insufficiency shall constitute a waiver of the right of appeal or the right to challenge any portion of the order, as the Secretary shall designate in the notice. The Secretary of the Board shall immediately serve one copy of any appeal on the appointing officer. The Board may adopt rules and regulations designed to clarify, simplify, and limit the issues before the Board. A failure to timely file such an answer and demand shall terminate the right to a hearing and the order shall be deemed final. Pending any hearing for reinstatement, the removed person shall receive no compensation. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1655; Am. Ord. 71-78, 1971; Am. Ord. 83-117, § 3, eff. 9-30-83).

SEC. 3-283. ALTERNATE APPEAL PROCEDURE.

(a) An approved memorandum of understanding between the Council and an appropriate employee unit may provide that a permanent employee holding a position within such unit who has been served with an order of removal, suspension, demotion or fine in lieu of suspension may, in filing a written answer and demand for an appeal hearing with the Board pursuant to subsection (b) of Section 3-283, expressly waive his right to a hearing before the Board and demand that his appeal be governed by the provisions of this section and be heard by a hearing officer selected as provided in subsection (b) of this section, which demand shall be on a form provided by the Director. The hearing officer shall regulate the conduct of the hearing process. The hearing officer shall set the date, time and place of the hearing, which place shall be on city premises, and shall, by certified United States mail, postage prepaid, give not less than ten days' notice of such date, time and place to the appellant, or his designated representative, the appointing authority and the Director. The hearing shall be recorded by a court reporter or electronic process. Oral evidence may be heard only on oath or affirmation. Such hearing shall not be subject to the provisions of Section 3-284. The hearing officer shall, within thirty (30) calendar days of the close of the hearing, file with the Board his findings of

fact and decision recommending affirmation, modification, modification with conditions, or revocation of the order, and shall mail a copy of his findings and decision to the appellant and to the appointing authority. At its next regular meeting after the filing of such findings of fact and decision with the Board, or on the date to which the matter may have been continued by the Board, the Board shall, without taking evidence or hearing argument on behalf of either the appellant or the appointing authority, consider the findings of fact and decision of the hearing officer and either affirm, modify, modify with conditions, or revoke the order. Notice in writing of the decision of the Board shall be mailed to the appellant and the appointing authority and shall be filed with the Director.

The decision of the Board shall be final for all purposes unless an action or proceeding is commenced in a court of competent jurisdiction to determine the validity of the decision within thirty calendar days of the date of mailing of the notice of decision to appellant and the appointing authority.

(b) The hearing officer shall be selected as follows: The city, by and through the Chief Administrative Officer or his designated representative, and the employee or the recognized employee organization ("Organization") representing employees pursuant to Article 6 of this chapter, on behalf of the employee and with the employee's written concurrence and acceptance of the procedure and obligations set forth herein, shall request a list of neutrals from the State Conciliation Service or the American Arbitration Association. Such list shall be requested within five working days of receipt of an employee's appeal demanding a hearing before a hearing officer. The Chief Administrative Officer, or his designee, and the employee, or the Organization upon written authorization by the employee, shall meet not later than three working days after they have received the list and, utilizing the alternate strike method with the party striking first determined by the toss of a coin, shall select the hearing officer. Should the person selected as the hearing officer be unavailable to commence the hearing process within three weeks of the date of his selection, the parties shall request another name from the State Conciliation Service or American Arbitration Association and shall proceed again through the list as provided above. Should the hearing officer thereafter selected be so unavailable, another list of neutrals shall be jointly requested and the selection process repeated. The fees and expenses of the hearing officer shall be shared equally by the parties, the employee paying, through payroll deduction over a period not to exceed twelve payroll periods or through deduction from any sum payable to the employee upon removal or upon resignation prior to satisfaction of the employee's obligation hereunder, half such fees and expenses (or such other portion as determined by the hearing officer and concurred in by the Civil Service Board as provided below); except as the Organization has, prior to the striking of names, indicated in writing to the Director its acceptance of such responsibility, in which event such amount shall, over a period not to exceed six months, be deducted from monies payable to the Organization pursuant to Section 3-620 and any applicable memorandum of understanding. The hearing officer may apportion fees and expenses on other than a fifty-fifty basis, subject to the concurrence by the Board. Should the Board not concur, such fees and expenses shall be shared equally by the parties. The decision of the Board shall be final. (Added Ord. 77-23, eff. 3-27-77; Am. Ord. 81-42, § 1, eff. 5-7-81)

SEC. 3-284. APPEAL PROCEDURE, DISCIPLINARY MATTERS.

(a) Each hearing upon an appeal from any order of suspension, fine, demotion, or removal and the answer thereto shall be had as soon as practicable after the answer is filed. The Board or the Secretary of the Board shall fix the time and place for such hearing, and not less than ten days' notice of the time and place of such hearing shall be given to the appointing officer, the City Attorney, and to the appellant or his representative of record. Each party may be heard in person or by representative, and produce witnesses and evidence on his behalf.

(b) If the appellant shall fail to appear, either personally or by his representative, at the time and place described in the notice of the hearing or in any order of the Board or written stipulation of the parties filed with the Board, and if it shall appear that the notice of the hearing or any continuance thereof ordered by the Board was duly served upon or known to the appellant or his representative, the Board shall dismiss the appeal, and the order appealed from shall thereupon be deemed final.

(c) The Board shall regulate the conduct of hearings so that the same will not be necessarily prolonged. Continuances of the hearing may be granted by the Board on motion of either party for good cause shown or on the Board's own motion. A request for continuance by stipulation of the appellant and the appointing officer or their representatives may be granted by the Chairman of the Board.

(d) The Board may confine witnesses in their testimony to the matters under consideration, and shall not be bound by the technical rules of the evidence and pleading, and may refuse to hear cumulative testimony. Oral evidence may be heard only on oath of affirmation. During the course of the hearing the Board may visit any place involved in the proceedings and may there receive oral testimony of any sworn witness. Unless express written waiver is received from both parties, the hearing shall be recorded by a court reporter or electronic process.

(e) The Board may affirm, modify, modify with conditions, or revoke the order. The decision of the Board shall be final for all purposes unless a court review thereof is sought within thirty days after such decision is entered into the minutes of the Board. Written findings and decision shall be rendered by the Board and copies thereof shall be delivered to the appellant and the appointing officer and filed with the Director. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1656; Am. Ord. 71-78, 1971).

SEC. 3-285. DEMOTION OF PROMOTED EMPLOYEE.

The appointing officer, subject to the approval of the Chief Administrative Officer and the provisions of the Charter, may demote a promotional appointee who has attained permanent status in a promotive position to the position he occupied on a permanent status prior to his promotional appointment, for any cause for which he might have been suspended or removed from such position. Any employee demoted pursuant to this section shall be served with an order of demotion in the same manner as provided in this article for orders of removal, and the same rights and procedures for answer and hearing shall apply. (Rep. and Added Ord. 6128, 1962; based on former Sec. 2-1657).

SEC. 3-286. CAUSES FOR SUSPENSION OR REMOVAL.

(a) Any employee holding a position in the classified service may be suspended without pay or removed from such position for malfeasance, misconduct, incompetence, inefficiency, or for failure to perform the duties of his position or to observe the established rules and regulations in relation thereto, or to cooperate reasonably with his superior or fellow employees.

(b) Malfeasance and misconduct shall be deemed to include, for the purposes of this section, but shall not be construed to be limited to the following acts or omissions:

(1) Failure to pay just debts or failure to make reasonable provision for payment of just debts, whenever such failure causes garnishment or threats of garnishment of the employee's salary or wages or repeated creditors' inquiries to any supervising employee or department.

(2) Conviction of a crime involving moral turpitude. "Conviction" shall be construed to be a determination of guilt by jury verdict, by decision of a court, or by plea of guilty by the accused, regardless of subsequent disposition of the case by suspension of sentence, grant of probation, or otherwise. The words, "moral turpitude" shall be construed to mean any base, vile, lewd, depraved, dishonest, immoral, or corruptly-motivated act.

(3) The damaging of public property or the waste of public supplies through negligence or wilful misconduct.

(4) Conduct unbecoming an officer or employee of the city.

(5) Inexcusable absence without leave.

(6) Violation of any provision of the Charter or of any ordinance of the city or of any resolution adopted by the Council relating to conduct in office of persons employed in the classified service.

(7) Insubordination by refusal or wilful failure to obey any lawful and reasonable order or directive made and given by any superior officer.

(8) Dishonesty, by any wilful misuse or misappropriation or attempted misuse or misappropriation of public funds or public property, by the rendering of any wilfully false statement or report to the city or to any superior officer, or by the willful omission to report information or to disclose facts which the duties of the position require to be reported or disclosed.

(c) Incompetence shall be deemed to include, for the purposes of this section, any permanent or chronic physical or mental ailment or defect which incapacitates any employee for the proper, safe and efficient performance of the duties of his position.

(d) It shall be the duty of every employee to maintain his physical condition so as to conform to the physical standards established for his position, and failure by any employee to so maintain his physical condition shall be deemed a failure to observe the established rules and regulations in relation to his position within the meaning of this section. (Rep. and Added Ord. 6128, 1962; Am. Ord. 75-125, § 1, eff. 1-4-76).

SEC. 3-287. PHYSICAL STANDARDS.

The Chief Administrative Officer shall establish and maintain minimum physical requirements for applicants seeking appointment to, and for employees serving in, the various positions in the City service. Such requirements shall be known as the "Physical Standards." (Rep. and Added Ord. 6128, 1962; Am. Ord. 80-130, § 1, 10-3-80).

SEC. 3-288. PHYSICAL EXAMINATION AT REQUEST OF APPOINTING AUTHORITY.

Whenever an appointing authority, from his personal observations or from information received from any source whatsoever, believes that an employee has contracted an ailment or disability, which may in any substantial degree interfere with the performance by him of the duties of his position or which may endanger the safety and life of fellow employees or the public, the appointing authority may request that such employee submit to a physical examination, given by the City Physician and based upon the duties of his position and the physical standards of the city. (Rep. and Added Ord. 6128, 1962).

SEC. 3-289. NOTICE TO EMPLOYEE, PHYSICAL EXAMINATION.

Whenever the appointing authority determines that an employee is to be given a physical examination, he shall give to the Director a written notice in duplicate, stating the name of the employee, the employee's position and department, and the reasons for the belief that a physical examination is required. Immediately upon receipt of the notice the Director shall set a time and place for the examination and shall serve, or cause to be served, upon the employee a written notice of the time and place of the giving of the physical examination, together with a copy of the notice from the appointing authority. (Rep. and Added Ord. 6128, 1962).

SEC. 3-290. CHARGES MAY BE BASED UPON MEDICAL REPORT.

Upon receipt of the report of the examining City Physician, the Director shall transmit a copy of the report to the appointing authority. If the examining City Physician finds in his medical report that the employee's physical condition does not conform to the physical standards established for his position or that the employee suffers from a permanent or chronic physical or mental ailment which incapacitates him for the proper, safe, and efficient performance of the duties of his position, the appointing authority may remove the employee from his position. The charges shall contain a copy of the report of the examining City Physician. (Rep. and Added Ord. 6128, 1962).

SEC. 3-291. REDUCTION IN FORCE AND LAY-OFFS.

(a) The appointing authority, with the approval of the Chief Administrative Officer, may reduce the number of employees in the classified service upon the grounds of economy or because of lack of work or lack of funds, by laying off employees in any class in which he determines the curtailment is necessary. Lay-offs within a class shall be in the following order: Temporary, provisional, probationary status, permanent intermittent, permanent part-time,

and permanent full-time. Where the lay-off must be of one or more permanent employees, the order of lay-off shall be determined by seniority in the particular class in the department where the lay-off occurs. Where an employee was employed in the same class, or in a class having identical job duties, in another department prior to his transfer to the department where the lay-off occurs, and his service has been continuous, such prior service shall be considered in computing his seniority for the purpose of determining the order of lay-off. Where an hourly employee has prior service with the city on a monthly basis, and his service has been continuous, his total service in the class shall be considered in computing seniority for lay-off purposes.

(b) An employee subject to lay-off in one department who has greater seniority than one or more employees in the same class in another department shall be transferred to the position held by the least senior employee in such class, and the least senior employee in such class shall be subject to lay-off.

(c) In the event an employee subject to lay-off does not qualify for transfer pursuant to the provisions of subsection (b) and such employee has previous service in a lower class, and his service has been continuous, the appointing authority shall demote the employee scheduled for lay-off to a position in such lower class. Any employee demoted pursuant to the provisions of this subsection shall be deemed the most senior employee in such lower class. In the event two or more employees are demoted pursuant to the provisions of this section, the employee with the most seniority at the higher class shall be deemed the most senior employee in the lower class. The employee with the least seniority occupying a position in the lower class may in turn be laid off, demoted or transferred, in the same manner to the end that the last person employed in the lowest class shall be the person laid off.

(d) The provisions of this section shall not apply to temporary lay-offs of hourly employees because of inclement weather or lack of work.

(e) A permanent employee transferred pursuant to the provisions of this section, except subsection (f), shall not be required to serve a probationary period. An employee who has not achieved permanent status and is transferred pursuant to this section shall serve the probationary period, subject to the same conditions of probation, applicable under the provisions of this article to an employee appointed to the class from an eligible list.

(f) Notwithstanding subsection (c), an employee subject to lay-off who does not qualify for transfer pursuant to the provisions of subsection (b) may submit a written request to be considered for transfer to any vacant position in a class for which the employee meets the minimum qualifications, as provided in the class specification, and as determined by the Director, provided such class has an equivalent or lower salary range. The employee may be transferred to the vacant position with approval of the appointing authority wherein such position exists, and subject to serving the probationary period for the new class. Seniority in the new class shall be determined based upon the effective date of the transfer. For purposes of this section, "equivalent salary range" means a range with a maximum salary which is not more than two per cent higher than the salary range for the class from which the transfer is sought. An employee may file a written request for review of the Director's determination that

the employee does not meet the minimum qualifications required under this subsection. Such request for review must be filed pursuant to Section 3-249 of this Code. (Rep. and Added Ord. 6128, 1962; Am. Ord. 6299, 1963; Am. Ord. 81-112, § 1, eff. 9-25-81; Am. Ord. 82-99, § 16, eff. 10-15-82; Am. Ord. 83-118, §§ 1—3, eff. 9-30-83; Am. Ord. 83-125, § 1, eff. 10-14-83).

SEC. 3-292. REINSTATEMENT LIST. ORDER OF PLACEMENT.

(a) Notwithstanding any other provision in this Code, any employee holding a permanent appointment who, by reason of economy, lack of work, budget curtailment, or departmental reorganization, has been laid off, transferred, or demoted from a position in the city service, shall be entitled to placement on a reinstatement list for the class from which he was laid off, transferred, or demoted. In the event more than one employee is laid off, transferred, or demoted, the order of their standing on the reinstatement list shall be determined by their comparative seniority in the particular class from which they were laid off or demoted.

(b) A person whose name has remained on a reinstatement list continuously for three years without reinstatement shall be no longer deemed to have standing on such list for preferential certification or appointment pursuant to Section 3-250 or Section 3-252(a)(1), and such person shall no longer have any right to reinstatement in any position in the class for which such list was created; provided, however, that such person shall thereafter be designated as an "optional appointee" and shall be deemed eligible for certification and appointment to the extent hereinafter provided, and, for such purpose only, his name shall remain on the reinstatement list. Whenever certification is made under Section 3-252, other than from the reinstatement list, to fill any vacant position in the class for which such reinstatement list was created, the name of each optional appointee on such reinstatement list shall be certified along with and in addition to the names of the eligibles certified from any eligible or promotional eligible list for appointment to such vacancy, and the appointing authority may appoint any such optional appointee to fill such vacant position. The name of a person who has been certified for appointment as an optional eligible four times and not appointed shall be removed from the reinstatement list.

(c) Upon reinstatement from a reinstatement list an employee shall resume his employment with full credit for all prior service with the city as such prior service affects his entitlement to salary and vacation, and shall be credited with sick leave credits equal to his unused accumulation of such sick leave at the time of his lay-off, except that any employee who had not achieved permanent status at the time of placement on the reinstatement list shall serve a full probationary period commencing from the date of the employee's permanent appointment from such list. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1677; Am. Ord. 68-14, 1968; Am. Ord. 78-120, §§ 2, 3, eff. 9-1-78; Am. Ord. 83-119, § 1, eff. 9-30-83).

SEC. 3-293. ORGANIZATION OF THE BOARD.

(a) Meetings of the Board may be called at any time by the chairman or secretary, or any two members of the Board, upon giving twenty-four hours' advance notice to each member of the Board.

(b) Robert's "Rules of Order" shall guide the Board in its proceedings, except as may be otherwise prescribed in rules and regulations adopted by the Board. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1681).

SEC. 3-294. MINUTES.

The Secretary of the Board shall record in the minutes the time and place of each meeting of the Board, the names of the members of the Board present, all official acts of the Board, the votes given by the members, the record of any member's dissent, with his reasons, and shall cause the minutes to be written up forthwith and presented for approval or amendment at the next meeting. The minutes, or a true copy thereof, certified by the Secretary, shall be open to public inspection at all times. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1682).

SEC. 3-295. PUBLIC MEETINGS.

The meetings of the Board shall be open to the public, but after a public hearing the Board may go into executive session to consider its judgment. When conducting oral interviews as part of the examining process, meetings shall be closed to the public. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1683).

SEC. 3-296. CONTEMPT.

Any person who obstructs a Civil Service Board proceeding shall be guilty of contempt of the authority of the Board. The following conduct shall constitute contempt of the authority of the Board and shall be punishable as a misdemeanor:

(1) Disorderly or contemptuous behavior toward the Board or member thereof, a city officer or employee, an attorney, an employee representative, a witness, or any other person, during a Board proceeding, tending to obstruct the due course of the proceeding;

(2) A breach of the peace, boisterous conduct, or violent disturbance during a Board proceeding or so near the place thereof as to obstruct the proceeding; or

(3) Any other conduct substantially interfering with a hearing of the Board.

The Board may order a person engaging in contemptuous conduct to cease and desist. Upon the person's willful failure and refusal to comply with the order of the Board, the Board may file a verified statement of the facts constituting the contempt with the Superior Court. Thereafter, the Court shall have jurisdiction of the matter. The same proceedings shall be had as in the case of a person who has committed a contempt in the trial of a civil action before a superior court. (Added Ord. 84-123, § 1, eff. 9-28-84).

SEC. 3-297. COMMUNICATIONS.

Communication and requests to the Board shall be made in writing. All written communications shall be filed with the Director prior to a Board meeting and the substance of such

request and the action of the Board thereon noted in the minutes. All communications and requests shall be promptly answered by the Director. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1684).

SEC. 3-298. DUTIES OF DIRECTOR.

The Director shall:

(1) Be the general manager of, and be responsible for, the direction of, the work of the Department of Personnel and Labor Relations;

(2) Determine which examinations are needed and set the dates for holding them;

(3) Make certifications of those eligible for appointment or employment;

(4) Shall have charge of all matters pertaining to the preparation and conduct of examinations. He shall:

(i) Prepare or cause to be prepared and posted official bulletins announcing examinations;

(ii) Determine or cause to be determined the subjects in each examination and the relative weights of each;

(iii) Prepare or cause to be prepared suitable questions to be asked in the various examinations, and report the results of each examination;

(iv) Appoint experts to aid him in preparing questions and rating examination papers, whenever necessary, and appoint persons to serve on qualifications appraisal boards;

(v) Direct the work of examiners or the employees subordinate to him and take care to secure accuracy, uniformity and justice in their proceedings;

(vi) Pass upon all questions relating to the eligibility of applicants for examination, based upon their written application, except such as relate to particulars appearing on the face thereof, and also questions relating to the admissibility of candidates when they appear for examination;

(5) Be responsible for the maintenance of the classification plan;

(6) Conduct salary surveys. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1686; Am. Ord. 73-116, § 18, eff. 9-2-73).

SEC. 3-299. PERSONNEL ACTIONS AND CERTIFICATION OF PAYROLLS.

(a) All appointments, promotions, transfers, and any other personnel action affecting employee status or compensation shall be made in writing on forms prescribed by the Director and in accordance with the provisions of this article. Each such personnel action shall be executed by the appointing authority, certified by the Director, and approved by the Chief Administrative Officer.

(b) The heads of the various departments shall certify that the payrolls of their respective departments are correct and in conformance with all applicable laws, rules, and regulations. The Controller, after audit of such certified payrolls, shall issue warrants for the amounts as indicated on the payroll. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1687; Am. Ord. 82-68, § 1, eff. 8-13-82).

SEC. 3-299.1. LIABILITY OF DEPARTMENT HEADS.

Any department head knowingly and willfully violating any of the provisions of this article shall be personally liable to the city for any monies paid out by the city in violation thereof. (Rep. and Added Ord. 6128, 1962, based on former Sec. 2-1687).

SEC. 3-299.2. CLASSIFIED POSITIONS FUNDED BY FEDERAL OR STATE GRANT.

(a) **Exception made.** Notwithstanding any of the other provisions of this Code, whenever compensation for any position in a new or existing class in the classified service is to be paid from a grant from any department or agency of the United States Government or the State of California, and the terms of the grant agreement for such grant or any program funded thereby impose conditions or restrictions, either mandatory or as suggested guidelines, upon the eligibility standards, qualifications, recruitment, or appointment of applicants for, or upon the status in the city service of incumbents in, such position, then such position may be denominated, authorized, and filled, and the incumbent shall have the status in the city service, all as provided in this section.

(b) **Grant-funded position, authorization and status.** The position shall be denominated by the job title for the class, followed by the words "Grant-Funded" in parentheses (for example, "Typist Clerk (Grant-Funded)"), and shall be authorized in the budget of the employing department under that denomination. Any position may be so denominated a grant-funded position and its authorization continued as long as at least fifty percent of the total cost of such position to the city is paid or reimbursed from a federal or state grant as described in subsection (a). Subject to such funding limitation on its duration, a grant-funded position shall be deemed a permanent position in the classified service in all respects except as otherwise in this section provided.

(c) **Eligibility and selection standards.** Eligibility of applicants for grant-funded positions shall be determined by the Director in accordance with this subsection, and shall be known and referred to as the "eligibility and selection standards." Applicants shall conform to all qualifications specified for the class in the class specifications and in this Code. In addition, the Director may specify such further conditions or restrictions upon eligibility, and such criteria for selection, as shall be necessary to meet any mandatory requirements for eligibility or suggested guidelines for selection imposed under the grant agreement or grant-funded program which is funding the position.

(d) **Announcement required.** Whenever a grant-funded position in any class has been authorized, the Director shall prepare an announcement giving notice of the availability thereof. The announcement shall specify the eligibility and selection standards for the position.

(e) **Requisition and certification.** Requisition and certification for grant-funded positions shall follow generally the usual rules and procedures provided in Sections 3-251 and 3-252 for the filling of permanent positions in the classified service, except as otherwise provided in this section. Notwithstanding the provisions of Section 3-252 the Director may certify for appointment to any grant-funded position a greater or lesser number of names than specified by such section, and the appointing authority may appoint any person on the list so certified but shall not be required to appoint from a certification containing fewer names than the minimum entitlement under such section.

(f) **Certification from existing lists.** The names of persons on any reinstatement, promotional, or eligible list for the class existing at the time the requisition is received who meet the eligibility and selection standards and who desire certification shall be certified first, and from the lists in the above order, for any grant-funded position. In the event that there are fewer names than the minimum entitlement mentioned in subsection (e) above, certification shall be from the reinstatement, promotional, eligible, and grant-funded eligible lists pursuant to the procedure in subparagraphs (4) and (6) of subsection (a) of Section 3-252. Any person on such a list who accepts appointment to a grant-funded position, or who declines certification or appointment thereto, shall retain his status on such list.

(g) **Recruitment to establish grant-funded eligible list.** If all authorized grant-funded positions cannot be filled from existing regular lists under subsection (f), the Director shall recruit applicants for examination to qualify for a special eligible list, to be designated a "grant-funded eligible list," from which to certify names for appointment to any remaining vacancies, or to any subsequently occurring vacancies which cannot be filled from any such regular lists. The Director shall utilize such recruitment methods as he shall deem necessary to obtain sufficient applicants who meet the legibility and selection standards, to comply with any special recruitment procedures required by the funding agency, and to give a reasonable opportunity to eligible persons to compete for the available positions. The Director may, by statement in the announcement, limit the applications to be received to a maximum number reasonably calculated to provide sufficient qualified candidates for the number of positions to be filled.

(h) **Examination process.** The Director shall cause candidates to be examined and qualified for certification by any means and measures which, in his opinion, generally comply with Section 3-231 and Section 1001 of the Charter. Sections 3-240, 3-241, 3-242, and 3-243 shall not apply to any examination given under this section.

(i) **Grading.** Examinees shall be graded to indicate their attainment in the examination process by such measures as shall be determined by the Director and stated in the announcement.

(j) **Grant-funded eligible list.** Candidates who receive a passing grade in the examination process shall have their names placed on a separate eligible list, designated as a "grant-funded eligible list," in the order of their final earned grades. Persons on such list shall be eligible for certification only to grant-funded positions in the class for which such positions were authorized. Such lists shall expire contemporaneously with the expiration of authoriza-

tion of all grant-funded positions in the class, but shall be subject to reactivation, at the option of the Director, if any of such grant-funded positions shall be reauthorized within six months after their expirations.

(k) **Probationary periods.** All appointments to grant-funded positions shall be subject to a probationary period of one year which shall be deemed a continuation and an essential part of the examination process to determine the capacity and fitness of the employees for permanent status in the position and the class. All of the provisions of this article pertaining to probationary status shall apply to incumbents in grant-funded positions, except Section 3-274.

(l) **Provisional appointment.** Provisional appointment to a grant-funded position may be made, under and subject to Section 3-256(b), of any person who qualifies under the eligibility and selection standards for the position.

(m) **Transfer.** After satisfactory completion of his probationary period, an employee in a grant-funded position may be appointed, without further examination, to a vacant nongrant-funded permanent position in the same class. Such employee may be so appointed to a vacant nongrant-funded position in the same class, during his probationary period, if the Director certifies that the examination upon which his grant-funded appointment was based was the same as or substantially equivalent to that given to employees appointed to nongrant-funded positions in the same class. Such appointment may be made even though there is an unexpired eligible list for the class, but any such vacant permanent position shall first be offered to persons on any reinstatement list for the class.

(n) **Existing Employees in Funded Positions.** Persons employed in state or federally funded positions which qualify for authorization as grant-funded positions under this section may be qualified for appointment to their positions as grant-funded positions authorized pursuant to this section, provided such persons shall have taken and passed a competitive or noncompetitive qualifying examination. Such qualifying examination shall be such as the Director shall prescribe in substantial compliance with Section 3-231. (Added Ord. 71-95, 1971; Am. Ord. 72-39, 1972; Am. Ord. 91-118, § 1, eff. 12-13-91)

SEC. 3-301. DEFINITIONS.

The following words and phrases as used in this article, unless a different meaning is plainly required by the context, shall have the following meanings:

(a) (1) "Accumulated contributions" shall mean accumulated normal contributions plus accumulated prior contributions.

(2) "Accumulated normal contributions" shall mean the sum of all the normal contributions, deducted from the compensation of a member, standing to the credit of the member's individual account, together with regular interest thereon.

(3) "Accumulated prior contributions" shall mean prior service contributions together with regular interest thereon from and including July 1, 1955.

(4) "Actuarial equivalent" shall mean a benefit of equal value when computed upon the basis of such mortality tables as shall be adopted by the Retirement Board, and interest at the rate fixed by the Board.

(5) "Actuarial present value" shall mean the lump sum amount which is the actuarial equivalent of a future series of payments. The actuarial assumptions used in the determination of an actuarial present value shall be the interest rate and mortality tables last adopted by the Board prior to the time the actuarial present value is being determined.

(6) "Actuary" shall mean the consulting actuary employed by the Retirement Board in accordance with the provisions of Section 3-305.

(7) "Alternate payee" shall mean the spouse, domestic partner, former spouse, or former domestic partner of a member of this System who, as a result of petitioning a court of competent jurisdiction for the division of community property, has been awarded an interest in the benefits payable to a member. A spouse, domestic partner, former

spouse, or former domestic partner who is awarded an interest in such benefits shall not be or become a member of this System by reason of such award or payment of such benefits.

(8) "Annuity" shall mean equal monthly payments for life derived from a member's accumulated contribution account.

(9) "Average compensation" shall mean the average monthly compensation attached to the rank or ranks held by a member during employment in the Fire Department, Police Department, or Airport Public Safety Division, unless the member commenced service prior to August 27, 1990 and elected the definition of average compensation contained in Section 3-302. Said average shall be the sum of the products of the compensation attached to the respective ranks held by the member and the service rendered in such ranks, divided by the total service with which the member is entitled to be credited. Such average compensation of a member, and the allowance based on it, shall be adjusted from time to time, as the compensation attached to said rank or ranks is changed, after the member's retirement or death, provided that compensation shall be considered as attached to a rank only for the period of service specified in any ordinance or resolution which fixes rates of compensation, exclusive of time elapsing from the expiration of such period to the date, such as but not limited to the first of the month next following, upon which a different compensation is effective.

(b) (1) "Beneficiary" shall mean any person in receipt of a retirement allowance, death benefit, or other benefit from the Retirement System.

(2) "Board" shall mean "Retirement Board" as created by Section 3-305.

(c) (1) "Charter" shall mean the Charter of the City of Fresno.

(2) "Class" or "Classification" shall mean a group of positions to which the same title is applied and the same rate of salary or compensation is paid or attached.

(3) "Compensation," as distinguished from benefits under Division 4 of the Labor Code of the State of California, shall mean the remuneration payable by the city, in amounts fixed for members of the Fire Department, Police Department, and Airport Public Safety Division, by ordinances existing on July 1, 1955, and ordinances or provisions of this Code, or resolutions of the Council, thereafter enacted. When the compensation of a member is a factor in any computation to be made under this article, there shall be excluded from such computation any compensation based on overtime, except compensation payable during absence from duty on overtime leave, any compensation payable, upon separation from city service, for unused vacation and overtime leave, and any bonus or award payable solely for marksmanship attainment or other achievement of proficiency in any skill and not based on any additional or higher duties performed or to be performed by the recipient thereof. For individuals who first became members in the System before July 1, 1996, there shall be no limit on the compensation taken into account in determining his or her benefits. For individuals who first became members in the System on or after July 1, 1996, the annual compensation of each member taken into account under the System for any year shall not exceed the maximum amount provided in Internal Revenue Code Section 401(a)(17). In applying this rule for individuals who first became members on or after July 1, 1996, the following special rules shall apply:

(i) Effective with respect to the plan years commencing on or after July 1, 1996, and before July 1, 2002, the maximum amount is $150,000 as adjusted for cost of

living increases by the Secretary of the Treasury. Each subsequent year that maximum is subject to further adjustments for cost of living increases in accordance with regulations issued by the Secretary of the Treasury. Any such increases shall be automatically incorporated into this Code without the need for specifically amending this Code each time the maximum is adjusted.

(ii) Effective only for the 1996 plan year, if any individual is part of the family of a highly compensated employee in the group consisting of the ten most highly compensated employees paid the greatest compensation by the city during the plan year, then such individual shall not be considered a separate employee. Compensation paid to such individual by the city shall be treated as if it were paid to the highly compensated employee. In applying this rule, the term "family" shall include only the spouse of the highly compensated employee and any lineal descendants of the highly compensated employee who have not attained age nineteen before the end of the plan year and the term "highly compensated employee" shall refer to those employees defined in Internal Revenue Code Section 414(q).

(iii) If the provisions of subsection (ii) above are applied to any member and his or her family in the aggregate, the compensation counted for each aggregated employee shall be reduced pro rata to stay within the limit of subsection (i), except that if any family member is not participating in any qualified retirement plan sponsored by the city, then the compensation counted for that family member shall be reduced to zero before any other reductions are made under this subsection.

(iv) Effective with respect to plan years beginning on and after July 1, 2002, the annual compensation of a plan member which exceeds $200,000 (as adjusted for cost-of-living increases in accordance with Section 401(a)(17)(B) of the Internal Revenue Code) may not be taken into account in determining benefits or contributions due for any plan year. Annual compensation means compensation during the plan year or such other consecutive 12-month period over which compensation is otherwise determined under the plan (the determination period). The cost-of-living adjustment in effect for a calendar year applies to annual compensation for the determination period that begins with or within such calendar year. If the determination period consists of fewer than 12 months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is 12. If the compensation for any prior determination period is taken into account in determining a plan member's contributions or benefits for the current plan year, the compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that prior period.

(v) As used in this Section, the term "eligible member" means a person who first became a member of the City of Fresno Fire and Police Retirement System prior to the plan year beginning after December 31, 1995. Pursuant to Section

13212(d)(3)(A) of OBRA '93, and the regulations issued under that section, eligible members are not subject to the limits of Section 401(a)(17) of the Internal Revenue Code.

(4) "Compensation earnable" by a member shall mean the compensation as determined by the Retirement Board, which would have been earned by the member had he/she worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same rank or ranks held by the member during such period, and at the rates of compensation attached to such ranks. The compensation for any absence shall be based on the compensation earnable by the member in the rank first held by the member in service.

(5) "Contributions" shall mean normal contributions plus prior contributions.

(6) "Controller" shall mean the Controller of the City of Fresno.

(d) (1) "Disability," as a basis for retirement, shall mean permanent disability or disability of extended and uncertain duration, as determined by the Board upon the basis of competent medical and other information.

(2) The following definitions apply to domestic partnerships and to domestic partners:

(i) "Domestic partnership" shall mean (1) a registered domestic partnership that has been established by filing a Declaration of Domestic Partnership with the Secretary of State pursuant to Division 2.5 of the California Family Code; or (2) a legal union of two persons of the same sex, other than a marriage, that was validly formed in a jurisdiction other than California if such union is recognized as a domestic partnership pursuant to California Family Code Section 299.2.

(ii) "Domestic partner" shall mean a person who has entered into a domestic partnership.

(iii) "Former domestic partner" shall mean the person who had established a domestic partnership with a member, where that partnership has since been terminated pursuant to California law or other applicable law.

(iv) "Surviving domestic partner" shall mean the person with whom a deceased member, at the time of death, had established a domestic partnership and who survives the member's death.

(e) "Employee" shall mean any person who occupies a position created by or which is under the jurisdiction of the city, whose compensation is paid by the city, and who is a member of the Fire Department or Police Department or as a public safety officer/supervisor in the Airport Public Safety Division.

(f) "Firefighter" with respect to persons who became members of the System on July 1, 1955, shall mean any officer or employee of the Fire Department, and with respect to persons who have entered or enter such department after that date, shall mean any officer or employee of the Fire Department, except one whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly fall

within the scope of active fire fighting and prevention service, even though such an employee is subject to occasional call or is occasionally called upon, to perform duties within the scope of active fire fighting and prevention service, but not excepting persons employed and qualifying as firefighters of equal or higher rank, regardless of the duties to which they are assigned.

(g) Reserved.

(h) Reserved.

(i) "Service-connected" in reference to the death or disability of any member of this System shall mean death or disability which results from injury or disease arising out of and in the course of the member's employment as a member of the Fire Department or Police Department or as a public safety officer/supervisor in the Airport Public Safety Division, and such employment contributes substantially to such death or disability.

(j) Reserved.

(k) Reserved.

(l) Reserved.

(m) "Member" shall mean any person included in the membership of the Retirement System, as provided in Section 3-303.

(n) "Normal contributions" shall mean contributions at the rates provided for in Section 3-319, without interest.

(o) "Overtime leave," for the purposes of this article, is any absence from duty with compensation allowed or allowable on account of overtime, which is the aggregate service performed by an employee as a member in excess of the hours of work considered normal for employees on full-time basis.

(p) (1) "Part-time employee" shall mean an employee who engages in the employee's duties for less time than is required of employees serving on a full time basis, even though the employee is subject to call at any time.

(2) "Pension" shall mean equal monthly payments for life derived from contributions made by the city as provided in this article.

(3) "Police officer," with respect to persons who became members of the System on July 1, 1955, shall mean any officer or employee of the Police Department, and with respect to persons who have entered or enter such department after that date, shall mean any officer or employee of the Police Department, except one whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly fall within the scope of active law enforcement service, even though such an employee is subject to occasional call or is occasionally called upon, to perform duties within the scope of active law enforcement service, but not excepting persons employed and qualifying as patrolmen or equal or higher rank, regardless of the duties to which they are assigned.

(4) "Public safety officer/supervisor" shall mean employees in the class of public safety officer or public safety supervisor or, in the case of individuals appointed after January 1, 2000, airport public safety manager in the Airport Public Safety Division or, in the event class titles are added within the class series or are changed, also in such classes.

(5) "Prior contributions" shall mean contributions paid to the Retirement System as provided in Section 3-318.

(q) Reserved.

(r) (1) "Rank" shall mean a group of positions to which the same title is applied and the same rate of salary or compensation is paid or attached.

(2) "Regular interest" shall mean interest at the authorized rate as adopted by the Board and compounded, computed, and credited in the manner prescribed in Section 3-305, including such additional interest as the Board may declare from year to year as authorized under this article.

(3) "Retirement" shall mean withdrawal from active service with a retirement allowance granted under the provisions of this article.

(4) "Retirement allowance" shall mean the pension plus the annuity.

(5) "Retirement Fund" shall mean "Fresno Fire and Police Retirement Fund," as created and established in Section 3-313.

(6) "Retirement System" or "this Retirement System" shall mean "Fresno Fire and Police Retirement System" as created in Section 3-303.

(s) (1) "Service" shall mean service rendered as a firefighter in the Fire Department, a police officer in the Police Department, or as a public safety officer/supervisor in the Airport Public Safety Division of the city for compensation, and for the purpose of the Retirement System a member shall be considered as being in the "service" only while the member is receiving compensation from the city for such service. When service is a factor in the computation of allowances and other benefits hereunder, fractional years of service shall be added to make complete years, and any remaining fractional year shall be included in the computation, unless only completed years are required by the context.

(2) "System" or "this System" shall mean "Fresno Fire and Police Retirement System" as created in Section 3-303.

(t) "Plan year" shall mean the consecutive 12-month period beginning on July 1 and ending on June 30 of the following calendar year.

(u) "Limitation year" shall mean the calendar year.

(Rep. and Added Ord. 5313, 1958, based on former Sec. 2-701; Am. Ord. 5667, 1959; Am. Ord. 6058, 1962; Am. Ord. 6167, 1962; Am. Ord. 6394, 1964; Am. Ord. 68-124, 1968; Am. Ord. 85-139, § 1, eff. 10-18-85; Am. Ord. 94-27, §§ 1, 2, eff. 5-27-94; Am. Ord. 96-41, § 1, eff. 6-28-96; Am. Ord. 96-54, §§ 1, 2, eff. 9-20-96; Am. Ord. 98-35, § 1, eff. 6-27-98; Am. Ord. 98-98, §§ 1—6,

eff. 1-9-99; Am. Ord. 2000-11, § 1, eff. 3-3-00; Am. Ord. 2001-72, § 1, eff. 11-10-01; Am. Ord. 2006-15, § 1, eff. 3-10-06; Am. Ord. 2011-1, §§ 1, 2, eff. 3-7-11; Am. Ord. 2012-22, § 1, eff. 1-21-13).

SEC. 3-302. ALTERNATIVE DEFINITION OF AVERAGE COMPENSATION. ELECTION OF MEMBER. ADJUSTMENT OF ALLOWANCES.

(a) This section applies only to members who commenced service prior to August 27, 1990.

(b) "Average compensation" shall mean, in the event election is made pursuant to this section, the average monthly compensation earnable by a member during the last three years of the member's employment in the Fire Department, Police Department, or the Airport Public Safety Division.

(c) Any member, prior to retirement on or after January 1, 1973, or, if a member shall die on or after January 1, 1973, but before retirement, and with no election by the member in effect at the member's death, then the person or persons first entitled to any continuation allowance payable under the System on account of the member's death while a member of the System, or any such person's guardian, may elect, by written designation duly executed and filed with the Retirement Administrator, that the allowance payable to or on account of such member shall be based upon average compensation of the member determined in accordance with the definition set forth in subsection (b) hereof instead of the definition provided in Section 3-301.

(d) Other provisions of this section to the contrary notwithstanding, any former member who attained age sixty and was mandatorily retired under Section 3-332(1) on or after January 1, 1972, and prior to January 1, 1973, or, if such former member shall die prior to January 1, 1973, with no election by the member in effect at the member's death, then the person or persons first entitled to any continuation allowance payable under the System on account of the member's death after retirement, or any such person's guardian, may elect, by written designation duly executed and filed with the Retirement Administrator prior to January 1, 1973, that the allowance payable to or on account of such former member shall be based, from and after the effective date of the member's retirement, upon average compensation determined in accordance with the definition set forth in subsection (b) hereof. An election made by a former member pursuant to this subsection shall be irrevocable as to the member's retirement allowance and any continuation allowance payable on account of the member's membership in the System. An election made by a person or persons first entitled to a continuation allowance on account of a former member's death before January 1, 1973, with no election by the member in effect at the member's death, shall be irrevocable as to any continuation allowance thereafter paid on account of such member's membership in the System. Nothing contained in this section shall be deemed to entitle any other former member or person claiming under the member to any of the benefits of this section.

(e) An election made by a member before retirement pursuant to this section shall be irrevocable as to the member's retirement allowance and any continuation allowance payable on account of the member's membership in the System, unless revoked by written revocation duly executed by the member and filed with the Retirement Administrator prior to the

effective date of the member's retirement. An election made by a person or persons first entitled to a continuation allowance on account of any such member's death before retirement with no election by the member in effect at the member's death shall be irrevocable as to any continuation allowance thereafter paid on account of such member's membership in the System, unless such election is revoked by written revocation duly executed by such person or persons, or the guardian of any such person, prior to the date of the first payment of such continuation allowance.

(f) Monthly allowances based upon average compensation as defined in subsection (b) shall be adjusted from time to time solely in accordance with this section. As of July 1 of each year, commencing with the year 1973, every such monthly allowance shall be increased by a percentage (which shall be not less than zero) of the total allowance then being received which shall approximate, to the nearest one-tenth of one percent,

(1) if the allowance is payable to or on account of a person who prior to the person's retirement or death was a member employed in the Fire Department, the percentage by which the weighted mean average monthly compensation attached to all ranks of members employed in the Fire Department during the current fiscal year shall have changed from that of the preceding fiscal year, or

(2) if the allowance is payable to or on account of a person who prior to the persons's retirement or death was a member employed in the Police Department or employed as a public safety officer/supervisor, the percentage by which the weighted mean average monthly compensation attached to all ranks of members employed in the Police Department and employed as a public safety officer/supervisor during the current fiscal year shall have changed from that of the preceding fiscal year;

provided, that such increase shall not exceed five percent of any monthly allowance in any year, regardless of the percentage of change in such weighted mean average monthly compensation.

(g) Determination of the percentage of change in the weighted mean average monthly compensation shall be made annually after the compensation of the ranks of firefighters, police officers, and public safety officers/supervisors in the respective departments has been fixed for the current fiscal year, and upon such determination the monthly allowances governed by this section shall be adjusted retroactively to July 1 of such year. In determining the weighted mean average monthly compensation for any fiscal year the following shall be used:

(1) The number of positions authorized in each of the ranks as contained in the annual budgets for the respective departments contained in the annual city budget for such fiscal year as originally adopted by the Council pursuant to Charter Section 1205, disregarding changes in any amendments of or supplements to such departmental budgets thereafter made.

(2) The compensation of each of the ranks, at the highest step, as fixed by the Council in the original salary resolution or other action of the Council establishing the rate of compensation for each of the ranks in the respective departments for such fiscal year.

For any increases in compensation in such fiscal year that are effective on a date other than July 1st, such increases shall be recalculated and converted to an equivalent annualized increase by rank at the highest step and included in the weighted mean average monthly compensation calculation.

For the purposes of this section "fiscal year" shall mean the period July 1 to June 30, inclusive, and "current fiscal year" shall mean the fiscal year as of July 1 of which the adjustment of monthly allowances is made.

(h) The amount of any percentage of change in the weighted mean average monthly compensation which is in excess of the maximum annual allowable adjustment of five percent provided in subsection (f) shall be accumulated from year to year and included in the computation of increases in succeeding years. The provisions of this subsection shall be applied to individual beneficiaries by groups based upon the fiscal year in which the member retired or died, so that each allowance shall have applied to it only such increase as shall have accumulated after the fiscal year in which the member retired or died.

(i) The adjustment provisions of this section shall not operate to reduce the retirement allowance payable to any former member or the continuation allowance payable to any beneficiary on account of a member's death before retirement below the amount payable to such former member or beneficiary on the date of first entitlement thereto; nor shall such provisions operate to reduce the continuation allowance payable to any person on account of a former member's death after retirement, or on account of the death of the member's spouse after the member's retirement and death, below the amount which such person would have received had such former member died on the date of the former member's retirement.
(Added Ord. 72-142, 1973; Am. Ord. 96-54, §§ 3, 4, eff. 9-20-96; Am. Ord. 98-35, § 2, eff. 6-27-98; Am. Ord. 98-98, §§ 7—9, 1-9-99; Am. Ord. 2000-4, § 1, eff. 2-10-00; Am. Ord. 2006-120, § 1, eff. 10-6-06).

SEC. 3-303. CREATION OF RETIREMENT SYSTEM.

(a) There is hereby created the City of Fresno Fire and Police Retirement System. All persons who were members of the Fire or Police Department at the close of June 30, 1955, and who were then subject to the Relief and Pension Fund under the provisions of Ordinance No. 3116, shall be members of the Retirement System established by Ordinance No. 4611 and this article and shall be subject to the provisions thereof, on and after July 1, 1955. All persons who became or become firefighters in the Fire Department on or after July 1, 1955, police officers in the Police Department on or after July 1, 1955, or public safety officers/supervisors in the Airport Public Safety Division on or after July 1, 1988, including persons reinstated from retirement, but excluding part-time employees, shall be members of the Retirement System established by Ordinance No. 4611 and this article and shall be subject to the provisions thereof, effective on the date of employment or reinstatement, as the case may be. Former members of the Fire or Police Department and dependents of such former members who are receiving benefits from the Relief and Pension Fund under Ordinance No. 3116, on July 1, 1955, shall be beneficiaries under this Retirement System on and after said date, and benefits

being paid to said former members and dependents, on said date, shall be continued at their existing rates and in accordance with the provisions of said Ordinance No. 3116, but shall be paid from the fund created under this article. The mortality, service and other tables and the rates of contribution for members as recommended from time to time by the actuary and the valuations determined by the actuary from time to time and approved by the Retirement Board in accordance herewith, shall be final and conclusive and the Retirement System shall be based thereon. The total amount, as determined by the actuary and approved by the Retirement Board, of the contributions required during any fiscal year of the city under the Retirement System in accordance with this article, shall be paid into the Retirement Fund, hereinafter created, by the city during such year. The determination heretofore of membership in the Retirement System, in accordance with this section, is hereby validated and confirmed.

(b) Members who first commenced service prior to August 27, 1990 shall be subject to the provisions of this article. Individuals commencing service on or after August 27, 1990, while members of the System, shall be subject to the provisions of Article 4 concerning vesting, definitions of compensation, employee contributions, benefits, and other matters. Accordingly, for example, sections 3-302, 3-304, 3-319, 3-330, 3-331, 3-332, 3-333, 3-338, 3-341, 3-347, 3-348, and 3-349 apply only to members who commenced service prior to August 27, 1990.

(c) The purpose of the System is to secure contributions from the City and from employees, and to distribute System assets only to members, retired members, and their beneficiaries, pursuant to the System's plan of benefits and to pay reasonable expenses of administration.

(d) No part of the System's assets or income may be used for, or diverted to, purposes other than for the exclusive benefit of members, retirees, or their beneficiaries and no part of the System's assets or income may revert to the City.

(e) Forfeitures arising from termination of employment, death, or for any other reason, will not be applied to increase the benefits any member, retired member, or beneficiary would otherwise have received from the System at any time prior to the termination of the System, although the effect of forfeitures may be anticipated in determining the System's costs.

(f) Upon termination of the System or upon the complete discontinuance of contributions to the System, the rights of each employee to benefits accrued to the date of such termination or discontinuance are non-forfeitable.

(g) The City of Fresno Fire and Police Retirement System is established as a qualified governmental defined benefit plan under the Internal Revenue Code of 1986, as amended from time to time (hereinafter referenced as "Internal Revenue Code" for purposes of this Code), pursuant to Sections 401(a) and 414(d) of the Internal Revenue Code or such other provision of the Internal Revenue Code as applicable and applicable Treasury regulations and other guidance.

(Rep. and Added Ord. 5313, 1958; Am. Ord. 5667, 1959; based on former Sec. 2-702; Am. Ord. 98-35, § 3, eff. 6-27-98; Am. Ord. 98-98, § 10, eff. 1-9-99; Am. Ord. 2001-13, § 1, 2-13-01; Am. Ord. 2011-1, § 3, eff. 3-7-11).

SEC. 3-304. POLICE CHIEF, ALTERNATE RETIREMENT PLAN.

(a) Any other provision of this article to the contrary notwithstanding, on and after January 1, 1979, the person appointed to the position of Police Chief, provided that the person commenced service prior to August 27, 1990, may elect not to be a member of this System on condition that during the member's entire tenure in the position the member shall participate in the alternate retirement plan provided by this section. Upon such consent the Council shall activate an alternate retirement plan for the benefit of such employee in accordance with this section, which plan shall be made effective as of the date of commencement of the member's employment in the position.

(b) The Council hereby establishes, with the International City Management Association Retirement Corporation, a national nonprofit corporation, (hereinafter referred to as the "corporation"), a fund (hereinafter referred to as the "alternate fund") for the relief and pensioning of any such employee whose election not to be a member of this System is made and consented to pursuant to subsection (a) hereof. The alternate fund shall be activated for the benefit of any such employee when:

(1) The Council shall have authorized an agreement between the city and the Corporation whereby the Corporation agrees to act as the city's trustee to receive and administer for the city, for the deferred benefit of such employee or the employee's beneficiary upon the employee's disablement, superannuation or death, moneys deposited by the city in the alternate fund for such employee's account; and

(2) The employee shall have entered into an agreement with the city whereby:

(i) The city agrees that the total compensation of the employee for the employee's services as Police Chief shall be the sum of the regularly established compensation for the position, as fixed from time to time in the current salary resolution or other action of the Council establishing the compensation of city employees, and an added amount equal to $7,500 annually, payable semimonthly, such payments to be made directly to the Corporation by the city; and

(ii) The employee agrees, in consideration of the Council's consent to the employee's election hereunder and of the city's agreement to augment the employee's compensation as hereinbefore provided;

1. That the employee waives any and all rights and benefits of an employee of the city under this System; and

2. That at all times during the employee's tenure as Police Chief the employee will maintain, at no cost to the city, the employee's eligibility to participate in the deferred compensation retirement plan of the Corporation.

(c) Any election and consent made pursuant to this section shall be irrevocable; provided, however, that in the event it shall become necessary, during the tenure of such employee as Police Chief, to terminate the alternate retirement plan provided herein for the employee, because of the employee's failure to retain eligibility for participation therein under the rules of the Corporation, or because of failure of the Corporation to maintain its plan for any reason,

or for any other cause not the fault of the city, then upon such termination the employee shall become a member of this System as if the employee were first employed by the city on the date of such termination or such earlier date as may be fixed by the Council, unless the employee shall have previously been a member and shall qualify for re-entry under Section 3-327(b).

(d) Service in the position of Police Chief by an employee who has been qualified under this section for participation in this alternate retirement plan shall not be deemed "city service," within the meaning of this article, for the purpose of qualification for membership in the System or for any benefits thereunder, except to the extent that the Council permits a retroactive re-entry pursuant to subsection (c) above. If, therefore, the employee who has been so qualified is a member of the System at the time of the employee's appointment to such position, then for the purposes of continuance of the employee's membership under the provisions of this article the employee's "city service" shall be deemed discontinued upon commencement of the employee's employment in such position, unless and until the employee re-enters the System as authorized herein.

(e) Any individual appointed to the position of Police Chief on or after January 1, 1979, shall be retired on the first day of the month next following that in which such individual attains the age of sixty-five.
(Added Ord. 79-13, § 1, eff. 2-16-79; Am. Ord. 98-35, § 4, eff. 6-27-98).

SEC. 3-305. RETIREMENT BOARD CREATED. POWERS AND DUTIES. RETIREMENT ADMINISTRATOR TO BE SECRETARY. POWERS AND DUTIES OF RETIREMENT ADMINISTRATOR.

(a) The management and control of this System shall be vested in the Board which is hereby created. The Board shall be the successor to, and have the powers and duties of, the Pension Board created by Ordinance No. 3116, as amended, in addition to the powers and duties conferred by this article. The Board shall consist of the following five members:

(1) Two members who are city management employees appointed by the Mayor and approved by the council;

(2) A member of the Fire and Police Retirement System who is a firefighter, elected by members who are firefighters in an election conducted by the Board;

(3) A member of the Fire and Police Retirement System who is a police officer or a public safety officer/supervisor elected by members who are police officers and public safety officers/supervisors in an election conducted by the Board;

(4) A qualified elector of the County of Fresno, not connected with the government of the City of Fresno, elected by the previously designated four members. If such person has been retired for service or disability, and is receiving or is entitled to receive a retirement allowance under the Fresno City Employees Retirement System, such person shall be elected by a unanimous vote of the previously designated four members. A person receiving or entitled to receive a retirement allowance under the Fire and Police Retirement System shall not be eligible to serve on the Board.

(5) The four employee Board members shall serve without compensation. The four employee Board members shall determine whether, in what amount, and under what conditions a stipend for attending Board meetings and for participating in other activities directly related to the performance of Board duties is payable from the Retirement Fund to the Board member they elect.

(b) The Board, in conjunction with the Employees Retirement Board, shall appoint and direct a Retirement Administrator who shall be a member of the City of Fresno unclassified service; shall serve at the Boards' pleasure; shall report to the Boards; shall administer the retirement office and its financial affairs; shall appoint, suspend, and remove subordinate employees subject to the Civil Service System provisions of the City of Fresno Charter and the Municipal Code; and shall perform such other administrative duties as the Boards require. The Retirement Administrator shall serve as the Secretary of the Board without additional compensation.

(c) The Board shall, when necessary, employ a consulting actuary, who shall be a person skilled by training and experience, in both the technical and administrative features of retirement systems. The Board may employ or contract for professional or consulting services, including legal services, to carry out and effect the functions of the Board.

(d) The Board shall have the sole power and authority to hear and determine all facts pertaining to applications for and awards of any benefits under the System, or any matters pertaining to the administration thereof.

(e) As of June 30, 1958, and thereafter at intervals of not to exceed two years, the Board shall make an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries, and further, shall make an actuarial valuation of the assets and liabilities of the System. From time to time the Board shall determine the rate of interest being earned on the Retirement Fund. Upon the basis of all or any of such investigation, valuation and determination, the Board shall:

(1) Adopt for the System such interest rate and mortality, service and other tables, or any of such items, and any other actuarial assumptions, as shall be deemed necessary and shall set forth the actuarial assumptions as adopted in its rules.

(2) Make such revision in the members' rates of contribution under the System as shall be deemed necessary to comply with this article and such revision in the city's rate of contribution under the System as shall be deemed necessary to comply with this article and article 4, provided that before such revised rates of contribution are adopted by the Board, a public hearing on the question of the proposed revision shall be held by the Board; and,

(3) Transfer to or from, as the case may be, either or both of (i) the accumulated investment income in excess of interest credited to contributions, and (ii) the accumulated contributions of the city held for the benefit of members on account of service, amounts necessary to bring amounts available, in the accounts required herein to be kept, to meet the obligation of the System on account of benefits that have

been granted, including the annuity portion of such benefits, to or on account of persons who have retired or died, on the basis of the mortality tables and interest rate adopted by the Board.

(f) The Board shall determine the service rendered by and shall credit such service to members, and shall fix and may modify allowances for service and disability and fix other benefits. One year and proportionate parts thereof shall be credited on the basis of ten months or more of service rendered by monthly employees, but not more than one year shall be credited for all service in any fiscal year. Time during which a member was or shall be absent from duty without compensation shall not be allowed in computing service, except

(1) Time of absence on military service shall count as service as provided in this article; and,

(2) Time of absence from service by reason of disability retirement shall count as service and the member shall not be required to make contributions for the time of such retirement. Time during which a member is absent with compensation shall be credited as service in the same proportion that such compensation bears to the compensation earnable by the member in full-time service.

(g) The Retirement Administrator shall credit contributions of members, of beneficiaries and of the city with interest, at the rate adopted by the Board. The Board, however, at the end of each fiscal year, may credit to all contributions held in the Retirement Fund at the end of such fiscal year such additional interest as it may deem proper in the light of the earnings on the Retirement Fund during such fiscal year; provided, that the total interest credited to contributions during any fiscal year shall not exceed the earnings on the Retirement Fund during that year; and provided further, that interest at the rate adopted by the Board pursuant to this section, compounded annually, shall be used in the calculation of benefits under any mortality table adopted by the Board, regardless of any additional interest allowed on contributions under this subsection (g).

(h) The Retirement Administrator shall keep in convenient form such data as shall be necessary for the actuarial valuation of the System, and, in addition to such other records and accounts as the Board may require, shall keep such records and accounts as shall be necessary to show at any time:

(1) The total accumulated contributions of members;

(2) The total accumulated contributions of retired members less the annuity payments made to such members;

(3) The accumulated contributions of the city held for the benefit of members on account of service credited to members;

(4) All other accumulated contributions of the city, which shall include the amounts available to meet the obligation of the city on account of benefits that have been granted.

(i) The Retirement Board shall control, administer, and manage the provisions set forth in article 4.

(Rep. and abated Ord. 5313, 1968, based on former Sec. 2-703; Am. Ord. 5667, 1969; Am. Ord. 6029, 1961; Am. Ord. 68-124, 1968; Am. Ord. 73-91, § 1, eff. 7-8-73; Am. Ord. 76-49, § 1, eff. 7-14-76; Am. Ord. 84-42, § 1, eff. 5-4-84; Am. Ord. 85-167, § 1, eff. 11-29-85; Rep. and Added Ord. 90-55, §§ 1, 2, 7-13-90; Am. Ord. 95-41, § 1, eff. 6-23-95; Am. Ord. 96-54, §§ 5—9, eff. 9-20-96; Am. Ord. 98-35, § 5, eff. 6-27-98; Am. Ord. 98-98, § 11, eff. 1-9-99; Am. Ord. 2001-13, § 2, eff. 3-26-01; Am. Ord. 2001-48, § 1, eff. 7-3-01; Am. Ord. 2005-84, § 1, eff. 9-25-05).

SEC. 3-306. ABSENCES ON MILITARY SERVICE.

(a) It is the intent of this section to comply with the reemployment of members from military service as set forth in section 1101 of the Charter of the City of Fresno; in the Uniformed Services Employment and Reemployment Rights Act (USERRA), codified as Chapter 43 of Title 38 of the United States Code; and in section 414(u) of the Internal Revenue Code. Notwithstanding any provision of this article to the contrary, contributions, benefits, and credit for service with respect to military service shall be provided in accordance with section 414(u) of the Internal Revenue Code.

(b) Any member absent on military service, who returns to city service not later than one hundred eighty days after the member's honorable discharge from such service (unless that period is extended by USERRA), shall receive credit for the time of the absence as service in the same manner as if the member had not been absent. Such member shall not be required to contribute to the Retirement System for the time of such absence (unless that period is extended by USERRA), and the member's rate of compensation during such absence, for purposes of the System, shall be the same as the member's rate immediately prior to the beginning of such absence. This section shall be applied retroactively to members in city service who were absent on military service prior to the effective date of this ordinance.

(c) Military service means the performance of duty on a voluntary or involuntary basis, including active duty, active duty for training, initial active duty for training, inactive duty training, full-time National Guard duty, and attending a fitness-for-duty examination, in the Armed Forces, the Army or Air National Guard, the commissioned corps of the Public Health Service, or any other category of persons designated by the President of the United States in time of war or emergency.

(d) The city's liability under the System for benefits based on service so credited, shall be included in the liabilities which are used as the basis for the city's current service rate of contributions relating to members whose employment began after June 30, 1954, at its periodical determination as required by this article; or included in the city's liability for contributions required by this article, to be made as benefits are paid, with respect to other persons.

(e) Effective with respect to deaths occurring on or after January 1, 2007, while a member is performing qualified military service (as defined in chapter 43 of title 38, United States Code), to the extent required by Section 401(a)(37) of the Internal Revenue Code, survivors of

a member, are entitled to any additional benefits that this Code would provide if the member had resumed employment and then died, such as accelerated vesting or survivor benefits that are contingent on the member's death while employed. In any event, a deceased member's period of qualified military service must be counted for vesting purposes.

(f) Beginning January 1, 2009, to the extent required by Section 414(u)(12) of the Internal Revenue Code, an individual receiving differential wage payments as defined under Section 3401(h)(2) of the Internal Revenue Code from an employer shall be treated as an employee of the employer making the payment, and the differential wage payment shall be treated as compensation for purposes of applying the limits on annual additions under Section 415(c) of the Internal Revenue Code. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.
(Added Ord. 5667, 1959; Am. Ord. 2002-36, § 1, eff. 8-22-02; Am. Ord. 2011-1, § 4, eff. 3-7-11).

SEC. 3-307. AMENDMENTS.

No amendment or other modification of this article, as now existing and as hereafter amended, shall be made by the Council, unless such amendment or other modification shall be previously submitted to the Board for its consideration.
(Rep. (See Sec. 2-2704) and Added Ord. 5313, 1958, Based on former sec. 2-704).

SEC. 3-308. ESTIMATES OF AGE AND SERVICE.

If it shall be impracticable for the Board to determine from the records the length of service, the compensation, or the age of any member, the said Board may estimate, for the purpose hereof, such length of service, compensation or age.
(Rep. (See Sec. 2-2705) and Added Ord. 5313, 1958, Based on former Sec. 2-705).

SEC. 3-309. BENEFITS EXEMPT FROM EXECUTION.

The right of a person to a pension, an annuity, a retirement allowance, or the return of contributions, the pension, annuity, or retirement allowance itself, any optional benefit, or any other right or benefit accrued or accruing to any person under the provisions hereof and the moneys in the fund created herein, shall not be subject to execution, garnishment, attachment, or any other process whatsoever, and shall be unassignable; provided, however, that the right of any member to the return of contributions upon his permanent separation from the service may be assigned by such member to any credit union in which eligibility for membership is limited to persons employed or formerly employed by the city, as collateral for any loan made by such credit union directly to such member; and provided further, that no such assignment by a member to a credit union shall be deemed a waiver by such member of his right, under any provision of this article, to allow his accumulated contributions to remain in the Retirement Fund. Assignments permitted hereunder shall be deemed acknowledged by the Board upon the filing thereof with the Retirement Administrator, but neither the city, its

officers and employees nor the Board, its members, and employees shall be liable to any credit union for any loss or damage on account of failure for any reason to give effect to any such assignment.
(Rep. (See Sec. 2-2706) and Added Ord. 5313, 1958, Based on former Sec. 2-1706; Am. Ord. 6396, 1964; Am. Ord. 96-54, § 10, eff. 9-20-96).

SEC. 3-310. TIME TO APPLY FOR BENEFITS.

Proceedings before the Board for the collection of benefits provided under the Retirement System, upon the death of a member or beneficiary, must be commenced within one year from the date of death, or from the date of appointment of a guardian or trustee of the person to whom the said benefits would be payable, if such person is incompetent or under twenty-one years of age.
(Rep. (See Sec. 2-2707) and Added Ord. 5313, 1958, Based on former Sec. 2-1707).

SEC. 3-311. APPLICATION FOR REHEARING.

Any applicant, or in the event of the death or incompetency of the applicant, any person legally qualified to act for said applicant, may file an application for rehearing of any application, whether for a benefit hereunder or retirement, within thirty days after written notice of the determination by the Retirement Board has been sent by mail to the applicant or his attorney of record, upon any of the following grounds:

(1) That the Retirement Board acted without and in excess of its powers;

(2) That the order, decision, or award was procured by fraud;

(3) That the evidence does not justify the determination of said Retirement Board;

(4) That the applicant has discovered new evidence material to him which he could not, with reasonable diligence, have discovered or procured at the hearing.

(Rep. (See Sec. 2-2708) and Added Ord. 5313, 1958, Based on former Sec. 2-708; Am. Ord. 5667, 1959).

SEC. 3-312. DETERMINATION OF APPLICATION FOR REHEARING.

The determination of the Board on any application for rehearing shall be made within sixty days after the filing thereof, or said application shall be deemed denied and such determination shall be final and conclusive and it shall have no jurisdiction to entertain any subsequent application regarding the same matter.
(Rep. (See Sec. 2-2709) and Added Ord. 5313, 1958, Based on former Sec. 2-709).

SEC. 3-313. CREATION AND CONTROL OF RETIREMENT FUND; INVESTMENTS.

(a) A trust fund is hereby created, to be known as the Fresno Fire and Police Retirement Fund and to consist of all the moneys paid into it as herein provided, whether such moneys shall take the form of cash, securities or other assets, plus the assets in the Fund created by

Ordinance No. 3116, as amended, said Fund being hereby discontinued. The assets so transferred shall be applied on the city's obligation under Section 3-318. The Retirement Board shall have exclusive control of the administration and investment of the said fund herein created.

(b) Except as provided in this article or in article 4, no member or employee of the Board shall have any interest, direct or indirect, in the making of any investment, or in the gains or profits accruing therefrom. No member of the Retirement System and no member or employee of the said Board, directly or indirectly, for himself or as an agent or partner of others, shall borrow any of its funds or in any manner use the same except to make such current and necessary payments as are authorized by said Board; nor shall any member or employee of the Board become an indorser or surety or become in any manner an obligor for moneys invested by the Board. Effective as of July 1, 1989, a member or employee of the Retirement Board shall not engage in a transaction prohibited by Section 503(b) of the Internal Revenue Code.

(c) In the exercise of its control of the administration and investment of the Retirement Fund, the Retirement Board may by resolution specify certain classes or kinds of securities in which the moneys in the Retirement Fund may be invested and may authorize the Retirement Administrator to:

(1) Invest moneys in the Retirement Fund, from time to time as such moneys become available, in securities of any of the classes or kinds so specified, and

(2) Surrender matured securities in the Retirement Fund upon their maturity and reinvest the proceeds in securities of any such specified classes or kinds.

(d) The City of Fresno Fire and Police Retirement Fund may participate under Section 401(a)(24) of the Internal Revenue Code in a qualified group trust that meets the requirements of Section 401(a) of the Internal Revenue Code in accordance with Revenue Ruling 81-100, as amended by Revenue Ruling 2004-67.
(Rep. and Added Ord. 5313, 1958, based on former Sec. 2-710; Am. Ord. 6394, 1964; Am. Ord. 70-30, 1970; Am. Ord. 96-54, §§ 11—16, eff. 9-20-96; Am. Ord. 98-35, § 6, eff. 6-27-98; Am. Ord. 2011-1, §§ 5, 6, eff. 3-7-11).

SEC. 3-314. INVESTMENTS.

(a) The Board is authorized to acquire every kind of property, real, personal or mixed, and every kind of investment, specifically including, but not by way of limitation, corporate obligations of every kind, and stocks, preferred or common, which persons of prudence, discretion and intelligence acquire for their own account.

(b) In investing, reinvesting, purchasing, acquiring, exchanging, selling and managing the assets of the Retirement Fund, the Board shall exercise the judgement and care, under the circumstances then prevailing, which persons of prudence, discretion and intelligence, acting in a like capacity and familiar with such matters, would use in the conduct of an enterprise of

like character and with like aims. In addition, the Board shall diversify the investments of the Retirement Fund in order to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to diversify.

(c) The Board may by resolution adopt rules and regulations to carry out the provisions of this section and to govern procedures of the Board in the management of the assets of the Retirement Fund.

(d) Should an investment manager or investment advisor be retained under contract to provide investment management or investment advisory services with respect to the purchase, sale or exchange of stocks, shares and securities to be purchased or purchased with moneys in the Retirement Fund, the Board may by contract authorize such investment manager or investment advisor to purchase, sell or exchange stocks, shares and securities without prior approval by the Board of any such transaction; provided, however, that any such contract shall provide that the investment manager or investment advisor shall comply with investment guidelines adopted by the Board by resolution.
(Added Ord. 69-24, 1969; Am. Ord. 74-14, § 1, eff. 3-3-74; Am. Ord. 77-42, § 1, eff. 5-27-77; Am. Ord. 82-53, § 1, eff. 6-18-82; Am. Ord. 85-119, § 1, eff. 9-13-85; Am. Ord. 92-27, § 1, eff. 5-22-92; Am. Ord. 93-64, § 1, eff. 11-12-93; Am. Ord. 96-54, §§ 17—19, eff. 9-20-96).

SEC. 3-315. DUTY OF DEPARTMENT HEAD.

It shall be the duty of the head of each office or department to give immediate notice in writing to the Retirement Administrator of the change in status of any member in his office or department resulting from transfer, promotion, leave of absence, resignation, reinstatement, dismissal, death, or other cause. The head of each office or department shall furnish other information concerning any member as the Retirement Administrator may require.
(Added Ord. 5313, 1958, based on former Sec. 2-711; Am. Ord. 96-54, § 20, eff. 9-20-96).

SEC. 3-316. DUTY OF MEMBER OR BENEFICIARY.

Each member and beneficiary shall be subject to all revisions hereof and to all the rules and regulations adopted by the Board, and shall furnish to the Board such information affecting his status as a member or beneficiary of the System as the Board may require.
(Added Ord. 5313, 1958, based on former Sec. 2-712).

SEC. 3-317. MEMBERSHIP CEASES—WHEN.

Should any member die or be retired, or should he be paid his accumulated contributions, he shall thereupon cease to be a member.
(Added Ord. 5313, 1958, based on former Sec. 2-713).

SEC. 3-318. MEMBERS' CONTRIBUTIONS UNDER PREVIOUS FUNDS.

Contributions deducted under other Police and Fire Retirement or Pension Funds of the city, from the compensation of members, shall be paid by the city to the Retirement System, with regular interest from and including July 1, 1955, said payment to be made prior to the

time or when said accumulated contributions are payable to or on account of members, or are applicable toward providing part of members' or dependents' allowances. Such contributions shall be credited, together with regular interest, to the individual accounts of the respective members from whose compensation the contributions were deducted.
(Added Ord. 5313, 1958, based on former Sec. 2-714).

SEC. 3-319. NORMAL CONTRIBUTIONS OF MEMBERS WHO COMMENCED SERVICE PRIOR TO AUGUST 27, 1990.

The normal rate of contribution of each member who commenced service prior to August 27, 1990, shall be based on the member's age taken to the next lower completed quarter year, (1) at the date the member became a member under Ordinance No. 3116 or its predecessor, in the case of persons who were members under Ordinance No. 3116 at the close of June 30, 1955, or (2) at the date the member becomes a member in the case of persons who become members upon employment, on or after July 1, 1955, without credit for service. If, however, a person who is included in item (1) of the preceding sentence, was absent from duty without compensation, after the date of the member's first employment as a member of the Fire or Police Department, more than two months in any fiscal year, the age upon which the member's rate of contribution shall be based, shall be taken to the next lower completed quarter year, at the date derived by deducting the years of service with which the member is entitled to be credited, as calculated under this article from July 1, 1955. The normal rate of contribution of each such member, to be effective on and after the effective date of membership in this Retirement System, shall be such as, on the average, will provide, assuming service without interruption, one-third of the service retirement allowance to which the member would be entitled, including automatic continuance to dependents, upon first qualifying as to service and age not less than fifty years, for retirement hereunder, which is based on service rendered after the date upon which the member's age is based for determination of the member's rate of contribution according to the first two sentences in this paragraph, and assuming the contribution to be made from that date, it being the intention for purposes of this section that the retirement allowance of such member who serves without interruption, upon retirement for service when qualified at age fifty or higher age, and with twenty years of service, shall be, on the average, one-half of the member's average compensation, and when qualified at age sixty with less than twenty years of service, the fraction of one-half, that the member's service is of twenty years. The portion of the rate of contribution which is calculated to provide for automatic continuance to dependents shall be based on the assumption that the dependent is a wife three years younger, or a husband three years older, as the case may be, than the member at the time of qualification for service retirement. If at the date of retirement for service or disability, said member has no wife or husband or domestic partner, as the case may be, who would qualify for the continuance of the allowance to her or him, after the death of such member, the accumulated contributions resulting from the dependent portion of the normal rate, shall be refunded to the member forthwith. The Retirement Board shall adopt members' normal rates of contribution to comply with this section. The rates so adopted shall remain in effect until revised by such Board in the manner provided in Section 3-305.
(Added Ord. 5313, 1958, based on former Sec. 2-715; Am. Ord. 5667, 1959; Am. Ord. 5673, 1960; Am. Ord. 98-35, § 7, eff. 6-27-98; Am. Ord. 2006-15, § 2, eff. 3-10-06).

SEC. 3-320. PAYMENT OF CONTRIBUTIONS OF MEMBERS BY CITY. APPLICATION OF COLLECTIVE BARGAINING LAWS.

Notwithstanding any other provision of law, the city shall pay all of the contributions required to be paid by all members. Such payments shall be reported as employer-paid, "picked up" contributions under Section 414(h)(2) of the Internal Revenue Code, although designated as normal contributions under this Code, and shall be credited to the members' accounts. Such payments shall be made in lieu of a like amount of salary otherwise payable to all members, so that the members' compensation shall in no way be affected by such payments. Notwithstanding any provision to the contrary, a member shall not be permitted to opt out of this Section or to receive the contributed amounts directly instead of having them paid by the city to the City of Fresno Fire and Police Retirement System.

Nothing in this section shall be construed to limit the authority of the city to periodically increase, reduce, or eliminate the payment by the city of all or a portion of the contributions required to be paid by the members.

The provisions of this section shall be subject to any applicable collective-bargaining laws. (Added Ord. 86-39, § 1, eff. 4-18-86; Am. Ord. 2011-1, § 7, eff. 3-7-11).

SEC. 3-321. NORMAL CONTRIBUTIONS OF MEMBERS UPON REENTRY WHO COMMENCED SERVICE PRIOR TO AUGUST 27, 1990.

Upon the re-entry of a member who commenced service prior to August 27, 1990 into the Retirement System at reinstatement from service or disability retirement, or upon the member's re-entry to service following the member's election under Section 3-328 to allow the member's accumulated contributions to remain in the Retirement System, the member's normal rate of contribution shall be based upon an age determined by adding the number of completed years of the member's absence from service, to the age upon which the member's normal rate of contribution, as it was prior to said retirement or election, as the case may be, was based. The same percentage of the member's average, compensation per year of service which, prior to retirement, the member's contributions and those of the city, were calculated to

provide upon retirement for service at the member's lowest optional service retirement age without reduced benefit shall be used in the calculation of the member's normal rate of contribution at reinstatement.
(Am. Ord. 98-35, § 8, eff. 6-27-98).

SEC. 3-322. COLLECTION OF MEMBERS' CONTRIBUTIONS.

The Board shall certify to the head of the respective departments and the Controller the normal rate of contribution for each member provided for in Section 3-319 and Section 3-405. The head of such department or the Controller shall apply such rate of contribution to the compensation of the member to determine the amount to be contributed by each member, and shall furnish immediately to the Board a copy of each and every such payroll; and each of said amounts shall be deducted by the Controller and shall be deposited in the Retirement Fund, herein provided for, and shall be credited together with regular interest, to the individual account of the member for whom the contribution was made. The Controller, however, may accept cash payments by any member of amounts necessary to correct or adjust the contribution account of such member, the amount so accepted to be deposited and credited in the same manner as if deducted on a payroll. Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for the member's salary or compensation, and payment less said contribution shall be a full and complete discharge and acquittance of all claims and demands whatsoever, for the services rendered by such person during the period covered by such payment, except the member's claims to the benefits to which the member may be entitled under the provisions hereof.
(Added Ord. 5313, 1958, based on former Sec. 2-717; Am. Ord. 98-35, § 9, eff. 6-27-98).

SEC. 3-323. ADJUSTMENTS.

If more or less than the normal contribution required of members, or the city, is paid, proper adjustment shall be made in connection with subsequent payments, or such adjustment may be made by direct cash payments between the member, the city, or the Board. Adjustment regarding payments to or by the Board, including adjustment of contributions, with interest, which are found to be erroneous as the result of corrections of dates of birth, may be made in the same manner. Adjustment to correct overpayment or underpayment of a retirement allowance may also be made by adjusting the allowance so that the retired person or the retired person and his beneficiary, as the case may be, will receive the actuarial equivalent of the allowance to which the member is entitled. Underpayments or delayed payments or corrected payments or similar adjustments to a member or person shall include interest, where appropriate, at the interest rate adopted by the Board.
(Added Ord. 5667, 1959; Am. Ord. 85-139, § 2, eff. 10-18-85; Am. Ord. 95-41, § 2, eff. 6-23-95).

SEC. 3-324. CITY CONTRIBUTIONS.

There shall be paid into the Retirement Fund, by contributions of the city, amounts necessary to pay all allowances, other benefits allowable under the Retirement System to or on account of members and not provided by members' accumulated contributions, and all

administrative costs as set forth in Section 3-325. Until revised by the Board on the basis of experience, as determined in accordance with Section 3-305, the city's rate of contribution for the purposes of this section shall be 38.95 percent. This rate shall be adjusted by the Board in accordance with such tables and rates as the Board may adopt pursuant to Section 3-305. The above city rate shall be the sum of the following:

(a) With respect to members whose employment in the Fire or Police Department began prior to July 1, 1954, the liability on account of those members or beneficiaries on the pension roll on July 1, 1975, shall be amortized over a thirty-year period and expressed as a level percentage of the aggregate amount of compensation earned by all active members of the retirement system.

(b) With respect to the liability of the retirement system other than that in subsection (a), the city shall have a normal contribution rate which shall be computed as a level percentage of compensation which, when applied to the future compensation of the average new member entering the system, together with the required member contributions, will be sufficient to provide for the payment of all prospective benefits of such member. The portion of liability not provided by the normal contribution rate shall be amortized at a rate determined by the System's actuary pursuant to the Board's actuarial funding policy, as it may be amended from time to time, that is in accord with Article 16, Section 17 of the California Constitution.

(Added Ord. 5313, 1958, based on former Sec. 2-718; Am. Ord. 5667, 1959; Am. Ord. 76-46, § 1, eff. 6-27-76; Am. Ord. 88-145, § 1, eff. 12-23-88; Am. Ord. 91-48, § 1, eff. 6-7-91; Am. Ord. 96-54, § 21, eff. 9-20-96; Am. Ord. 2013-10, § 1, eff. 5-31-13).

SEC. 3-325. ADMINISTRATIVE COSTS.

Costs related to the provision of administrative, professional, or consulting services performed by employees of the city for the benefit of the Retirement System, including but not limited to, clerical and other staff support and employee representation on the Retirement Board and the costs incurred whenever the Board employs or contracts for services pursuant to the provisions of Section 3-305(c), the cost of such services shall be considered a charge against the assets of the Retirement System.

(Added Ord. 5313, 1958, based on former Sec. 2-719; Am. Ord. 78-163, § 1, eff. 12-1-78; Am. Ord. 84-42, § 2, eff. 5-4-84; Am. Ord. 91-48, § 2, eff. 6-7-91).

SEC. 3-326. GUARANTY.

The payments of the city into the Fresno Fire and Police Retirement System, as provided in Sections 3-324 and 3-325, are hereby made obligations of the city. There shall be appropriated, in the budget for each fiscal year, such amounts as are necessary to make such payments, and the amounts so appropriated shall be provided for in the tax levy.

(Added Ord. 5313, 1958, based on former Sec. 2-720).

SEC. 3-327. REFUND OF CONTRIBUTIONS.

(a) Should the service of a member in a status requisite for membership in the System be discontinued, except by death or retirement, the member shall be paid not less than six months after the date of discontinuance, and upon the member's demand, the member's accumulated contributions; provided that, if in the opinion of the Board, said member is permanently

separated from service by reason of such discontinuance, the member shall be paid forthwith all of such contributions. In intervals between meetings of the Retirement Board, the Retirement Administrator shall act under this section, for and in lieu of the Board, by making payment of accumulated contributions in the same manner and with the same effect as if the conditions prescribed herein for the Board were prescribed instead for the Retirement Administrator. Such payments shall be reported to the Board at its next meeting.

(b) Any member, upon re-entering the Retirement System, shall redeposit in the Retirement Fund, in one sum or in not to exceed six monthly or twelve semi-monthly payments, (1) an amount equal to that which the member withdrew therefrom at the last termination of the member's membership, and (2) an amount equal to the additional interest which would have been credited to the member's account had such contributions not been withdrawn, and (3) in the case of members electing to make repayment other than in one lump sum, interest on the unpaid balance of the amount payable to the System under such an election, beginning on the effective date of such election, at the rate of interest currently being used from time to time under the System. The member's rate of contribution for future years shall be based on an age determined by adding the number of completed years of the member's absence from membership in the System, to the age upon which the member's normal rate of contribution, as it was prior to such termination, was based, and the member's membership shall be the same as if unbroken by such last termination. The same percentage of the member's average compensation per year of service which, prior to refund, the member's contributions and those of the city were calculated to provide upon retirement for service at the member's lowest optional service retirement age without reduced benefit shall be used in the calculation of the member's normal rate of contribution at reinstatement. If a member who commenced service prior to August 27, 1990 fails to make such a redeposit within the time period set forth in this subsection, the member shall be deemed to be subject to the provisions of article 4 as of the date the member re-entered service. (Added Ord. 5313, 1958; based on former Sec. 2-721; Am. Ord. 5667, 1959; Am. Ord. 95-41, § 3, eff. 6-23-95; Am. Ord. 96-54, § 22, eff. 9-20-96; Am. Ord. 98-35, § 10, eff. 6-27-98).

SEC. 3-328. DEFERRED BENEFITS AFTER SEPARATION.

Any other provision in this article to the contrary notwithstanding, if the service of a member is discontinued by reason of resignation or discharge or by reason of lay-off or leave of absence deemed by the Board to have resulted in permanent discontinuance (and in such case, as of the date of the determination by the Board of such permanence), or if the disability retirement of a member is followed by cessation of the disability and by cancellation of the disability allowance, but the member does not re-enter service, and he is entitled to credit for ten years of service, he shall have the right to elect, within ninety days after the date upon which notice of said right is mailed by the System to the member's last address on file in its office, whether to allow his accumulated contributions to remain in the Retirement Fund. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contribution. A member having made such election may, at any time before the effective date of any deferred retirement allowance for which he has qualified under this

section, rescind his election in writing and upon such rescission he shall be paid forthwith his accumulated contributions. A member whose membership continues under this section is subject to the same age and disability requirements as apply to other members for service or for disability retirement, but he is not subject to a minimum service requirement. After the qualifications of such member for retirement by reason of age or disability, he shall receive a retirement allowance based upon the amount of his accumulated contributions and service standing to his credit at the time of retirement and on the city contributions held for him and calculated in the same manner as for other members, except that the provisions in this article for minimum retirement allowances do not apply to him, unless he meets such minimum service requirements. No death benefits shall be payable if the death of the member occurs on or after such election is made and before any re-entry into service, except as provided in Subsection (b) of Section 3-330. (Added Ord. 5313, 1958, based on former Sec. 2-722; Am. Ord. 6735, 1965).

SEC. 3-329. DEFERRED BENEFITS AFTER ENTERING EXCLUDED CLASSIFICATION.

(a) Other provisions in this code to the contrary notwithstanding, the accumulated contributions of a member who has entered or enters a classification which is requisite for membership in the City of Fresno Employees Retirement System remain in the Retirement Fund. A member whose membership continues under this section is subject to the same age and disability requirements except as provided in subsection (c) of this section, as apply to other members for service or for disability retirement, and the member is subject to a minimum service requirement of ten years credited under this system and the City Employees Retirement System. After the qualifications of such member for retirement by reason of service and age or disability, the member shall be entitled to receive a retirement allowance based upon the amount of the member's accumulated contributions and service standing to the member's credit at the time of retirement and on the city contributions held for the member, and calculated in the same manner as for other members, except that the provisions in this article for minimum retirement allowance do not apply to the member, unless the member meets such minimum service requirements.

(b) Upon the death of such member, while employed in such classification, a death benefit as described in Section 3-330 shall be payable, but computed upon the basis of compensation earnable by the member during the six months preceding the member entry into such classification. The portion of such death benefit which is derived from contributions of the city shall be reduced by an amount equal to the portion so derived, of any death benefit to which such member may be entitled, from the City Employees Retirement System.

(c) A member with accumulated contributions remaining in the City Employees Retirement Fund pursuant to Section 3-537 of Article 5 and who retires for service or disability under the City Employees Retirement System shall be retired under this System, for service or disability as the case may be, regardless of the member's age or service credited thereunder, but subject to the requirement in subsection (a) of at least ten years under both systems. Such allowances shall be calculated as provided in this Article 3, except for the greater discount of the Service

Retirement Allowance, and except that the disability retirement allowances under the two systems shall be combined for application of the provisions in Sections 3-336 and 3-547 relating to minimum allowances and only one such minimum allowance shall be calculated on the basis of the combined credited service and the higher of the average compensation or final compensation. The minimum allowance so determined shall be prorated between the two Systems according to the credited service under such Systems.

(d) This section shall be applied retroactively to include persons who would have been subject to its provisions if it had been in effect when they entered such classification. (Added Ord. 5667, 1959; Am. Ord. 2001-13, § 3, 3-26-01).

SEC. 3-330. DEATH BENEFITS.

(a) Upon the death before retirement of a member, the Retirement System shall be liable for a death benefit, which, if an amount be due under paragraph (3) of this subsection or an allowance be payable under Section 3-338, and if there be a surviving spouse or surviving domestic partner or surviving children or parents, shall be paid in monthly installments and to the surviving spouse or surviving domestic partner and children and parents as prescribed therein; otherwise such death benefit shall be paid to such person having an insurable interest in the member's life as the member shall nominate by written designation duly executed and filed with the Retirement Board or, if the member has not designated such a person or if the person so designated is not living at the time of the payment, to the member's estate. Such death benefits shall consist of:

(1) The member's accumulated contributions, and in addition thereto;

(2) An amount equal to one-sixth of the member's compensation earnable during the six months immediately preceding the member's death multiplied by the member's completed years of service as a member of the System not to exceed six, and if such death is service-connected, in the opinion of the Retirement Board, in addition thereto;

(3) An amount sufficient, when added to the amounts provided in the next preceding paragraphs (1) and (2) to provide, when applied according to mortality tables and interest rate adopted by the Board, a monthly death allowance, equal to the service retirement allowance which the member would have received if the member had retired for service on the day of the member's death, provided the member was at least fifty years of age, and was entitled to be credited with at least twenty years of service, but such allowance shall not be less than one-half of the member's average compensation; otherwise, equal to one-half of the member's average compensation, to be paid to the surviving spouse or surviving domestic partner, to continue as long as the spouse or domestic partner shall live; or if there be no qualifying surviving spouse or qualifying surviving domestic partner, or if the spouse or domestic partner shall die, to the unmarried child or children of such member who are unmarried or not in a domestic partnership, collectively, under the age of eighteen years, to continue until every such child dies or marries or attains age eighteen; provided that

no child shall receive any allowance after marrying or attaining age eighteen. Should the member leave no surviving spouse or surviving domestic partner and no children under the age of eighteen but leave a child or children who, pursuant to terms and conditions adopted by the Retirement Board, is or are determined by the Board to have been disabled prior to age eighteen and whose disability continues past age eighteen, the child or children while so disabled shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner otherwise would have received. Should the member leave no surviving spouse or surviving domestic partner and no children under the age of eighteen years, and no disabled child whose disability continued past the age of eighteen years, but leave a parent or parents dependent upon the member for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner otherwise would have received during such dependency. If payment of the allowance be stopped because of death of the surviving spouse or death of the surviving domestic partner or attainment of the age of eighteen years by, or the death or marriage of, a child, or cessation of disability in a child whose disability continued past the age of eighteen years, or the death or cessation of dependency of a parent, before the sum of the monthly payments made shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount, to the surviving children of the deceased member, share and share alike and, if none, to the member's estate.

(b) Upon the death of a member who, after ten years of service, has discontinued service and elected to allow his or her accumulated contributions to remain in the Retirement Fund, the Retirement System shall be liable, in the event the member dies four or more months after the discontinuance of service, for a death benefit consisting of the member's accumulated contributions only. Such benefits shall be paid to such person as the member has nominated or shall nominate by written designation duly executed and filed with the Retirement Board and, if none, to the member's estate.

(c) A member, or a beneficiary after the death of a member, may elect, by written designation duly executed and filed with the Retirement Board, to have the death benefit provided in this section paid in monthly or annual installments instead of in one lump sum, subject to such rules and regulations as the Board may adopt.

(d) A person, while a member or after retirement, shall have the right to revoke the nomination of a beneficiary made by him or her under the Retirement System, and to nominate a beneficiary in lieu thereof, of all by written designation duly executed and filed with the Retirement Board, provided that this right shall not extend to beneficiaries nominated under Options 2A, 2B, 3A, and 3B, Section 3-341 (Optional Modification of Allowances at Retirement).

(e) With respect to members retiring on or before the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section to a surviving spouse only if the spouse was married to the member prior to the date of the sustaining of the injury or the onset of the

illness which resulted in the member's death or, if such date was more than one year prior to his or her death, only if the spouse was married to the member at least one year prior to the member's death. With respect to members retiring after the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section to a surviving spouse only if the spouse was married to the member prior to the member's date of retirement or to a surviving domestic partner only if the domestic partner had established a domestic partnership with the member prior to the member's date of retirement.

(f) If any benefits paid under this section are paid as a survivor annuity to the surviving spouse (or former spouse) or child(ren) of a member who qualifies as a public safety officer within the meaning of Section 101(h) of the Internal Revenue Code, and such member was killed in the line of duty, then such monthly death allowance shall be nontaxable to the extent allowed by Section 101(h) of the Internal Revenue Code. However, if the member or the member's death does not qualify under Section 101(h) of the Internal Revenue Code, then, if the Board determines that the member's death was service-connected, the amount of the monthly death allowance which equals fifty percent (50%) of the member's average compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(Added Ord. 5313, 1958, based on former Sec. 2-723; Am. Ord. 5667, 1959; Am. Ord. 6894, 1966; Am. ord. 7629, § 1, eff. 5-2-76; Am. Ord. 76-45, § 1, 6-27-76; Am. Ord. 84-47, § 1, eff. 5-11-84; Am. Ord. 2000-4, § 2, eff. 2-10-00; Am. Ord. 2001-16, § 1, eff. 3-26-01; Am. Ord. 2001-72, § 2, eff. 11-10-01; Am. Ord. 2006-15, § 3, eff. 3-10-06; Am. Ord. 2021-012, § 1, eff. 5-17-21).

SEC. 3-332. SERVICE RETIREMENT.

Retirement of a member for service shall be made by the Retirement Board as follows:

(1) Every member who attains age sixty, who shall have completed ten years of service after qualifying for service retirement, shall not be required to make further contributions to the retirement fund. If such member shall not have completed ten years of service after qualification for service retirement, then the member shall be required to contribute to the retirement fund only until such ten years of service are completed;

(2) Any member may retire upon written application to the Retirement Board, stating what time the member desires to be retired, provided that said member shall be entitled to be credited, at the time so specified for the member's retirement, with at least ten years of service in the aggregate, and shall have attained the age of fifty years.

(Am. Ord. 2000-28, § 1, eff. 4-24-00; Am. Ord. 2013-36, § 1, eff. 1-20-14).

SEC. 3-333. ALLOWANCE AT SERVICE RETIREMENT.

A member, upon retirement for service as provided in Section 3-332, shall receive a retirement allowance, which shall consist of the sum of subsections (1) and (2):

(1) The member's service annuity, which is an annuity actuarially equivalent to the accumulated contributions of the member at the time of the member's retirement;

(2) The member's service pension, which is a pension derived from the contributions of the city, sufficient, when added to the service annuity set forth in subsection (1), to equal the benefit set forth in subsection (3).

(3) Subsections (1) and (2) shall equal:

(i) upon service retirement at the later of age 50 or the date 20 years of service was completed, a member shall be entitled to a retirement allowance equal to fifty-five percent (55%) of average compensation;

(ii) upon service retirement at a date after the later of age 50 or the date 20 years of service was completed, a member shall be entitled to a retirement allowance equal to (i) fifty-five percent (55%) of average compensation plus (ii) two percent (2%) of average compensation for each year of service in excess of 20 years completed after age 50;

(iii) upon service retirement at or after age 50 but with less then 20 years of service, a member shall be entitled to a retirement allowance which equals fifty-five percent (55%) of average compensation, multiplied by the ratio of the member's years of service to twenty;

(iv) upon retirement of a member subject to Section 3-328 (Deferred Benefits After Separation), a member shall be entitled to a retirement allowance which equals fifty-five (55%) of average compensation, multiplied by the ratio of (i) the member's years of service to (ii) the years of service the member would have completed if the member had remained in City service to the later of age 50 or the date the member would have completed twenty years of service;

(v) in no event shall a member's retirement allowance exceed seventy-five percent (75%) of average compensation;

(vi) subsection 3(i)—(v) of this Section shall not be applied retroactively and shall only be applied to members, retired members, and beneficiaries with respect to retirement allowances issued after July 1, 1998.

(Added Ord. 5313, 1958, based on former Sec. 2-726; Am. Ord. 5667, 1959; Am. Ord. 98-35, § 12, eff. 6-27-98).

SEC. 3-334. RE-EMPLOYMENT OF PERSONS RETIRED FOR SERVICE.

(a) A person who has been retired under this System for service may be reinstated from retirement by the Board as provided in this section, and thereafter may be employed by the city in accordance with the laws governing such employment, in the same manner as a person who has not been so retired. Such reinstatement shall be based upon:

(1) The retired member's application to the Board for reinstatement.

(b) When any such person is reinstated from retirement under this section, the member's retirement allowance shall be canceled forthwith, and the member shall become a member of this System as of the date of reinstatement. The member's individual account shall be credited with an amount which is the actuarial equivalent of the member's annuity at the

date of reinstatement, not to exceed the amount of the member's accumulated contributions as it was at the date of the member's retirement. The member's future rate of contribution shall be determined in the same manner as if the member were re-entering the System and redepositing accumulated contributions. The member's allowance at subsequent service retirement shall be determined in accordance with the provisions of this article, including the use of the same percentages of the member's average compensation, for each year of service, which would have been used if the member had not been retired previously or with the provisions of article 4 for a member who commenced service on or after August 27, 1990. (Added Ord. 5313, 1958, based on former Sec. 2-728; Am. Ord. 5567, 1959; Am. Ord. 98-35, § 13, eff. 6-27-98; Am. Ord. 2012-5, § 1, eff. 3-15-12; Am. Ord. 2013-36, § 2, eff. 1-20-14).

SEC. 3-335. DISABILITY RETIREMENT.

(a) Retirement of a member for disability shall be made by the Retirement Board upon medical examination as follows: Any member while in service, or within four months after the discontinuance of service, or while physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of service, shall be examined by one or more physicians or surgeons selected by the Board, upon the Board's own motion, upon the application of the head of the office or department in which said member is employed, or upon the application of said member or of a person authorized to act in his behalf, stating that said member is physically or mentally incapacitated for the performance of duty and ought to be retired, provided, if his disability is not industrial, he shall be credited with ten or more years of service.

(b) If such medical examination and other available evidence show, to the satisfaction of the Board, that the said member is physically or mentally incapacitated for the performance of duty, and that such incapacity is of permanent or extended duration, and that he ought to be retired, the Board shall retire the said member for disability forthwith.

(c) The Board shall secure such medical service and advice as may be necessary to carry out the purpose of this section and of Section 3-337, and shall pay for such medical service and advice such compensation as the Board shall deem reasonable.
(Added Ord. 5313, 1958, based on former Sec. 2-729).

SEC. 3-336. ALLOWANCE AT DISABILITY RETIREMENT.

Upon retirement for disability as provided in Section 3-335, a member:

(a) If the member's disability, in the opinion of the Board, is service-connected, shall receive

(1) A disability annuity which shall be the actuarial equivalent of the member's accumulated contributions at the time of the member's retirement; and

(2) A disability pension purchased by contribution of the city, which together with the annuity provided by the member's accumulated contributions, shall make the member's total retirement allowance equal to fifty-five percent of the member's average compensation, or if the member is qualified for service

retirement, such pension shall be an amount which together with the annuity provided by the member's accumulated normal contributions, shall equal the retirement allowance the member would receive if retired for service, but not less than fifty-five percent of the member's average compensation.

(3) The benefits provided by this subsection are in the nature of workmen's compensation and shall be excluded from income to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(b) If the member's disability, in the opinion of the Board, is not service-connected, shall receive:

(1) A disability annuity which shall be the actuarial equivalent of the member's accumulated contributions at the time of the member's retirement; and

(2) A disability pension purchased by the contributions of the city, which, together with the annuity provided by the member's accumulated contributions, shall make the retirement allowance equal to the greatest of:

(i) thirty-six and sixty-seven hundredths (36.67) percent of the member's average compensation; or

(ii) one and sixty-five hundredths (1.65) percent of the member's average compensation multiplied by the number of years of service credited to the member; or

(iii) the amount of the member's service retirement allowance, provided that the member is eligible to retire for service.

(Added Ord. 5313, 1958, based on former Sec. 2-730; Am. Ord. 98-35, § 14, eff. 6-27-98; Am. Ord. 2001-72, § 4, eff. 11-10-01; Am. Ord. 2021-012, § 2, eff. 5-17-21).

SEC. 3-337. SAFEGUARDS.

(a) The board at its pleasure or upon request by a beneficiary may require the beneficiary who has been retired for disability and who has not attained the age of fifty years to undergo medical examination, such examination to be made by a physician or surgeon appointed by the Board at the place of residence of said beneficiary or other place mutually agreed upon. Upon the basis of such examination, the Board shall determine whether said disability beneficiary is still incapacitated, physically or mentally, for service in the office or department of the city where he was employed and in the position held by him when retired for disability. If the Board shall determine that said beneficiary is not so incapacitated, his retirement allowance shall be cancelled forthwith, and he shall be reinstated to the position of the same class as that held by him when retired for disability.

(b) (1) Should a beneficiary after retirement for disability reenter the service and be eligible for membership in the Retirement System in accordance with Section 3-303, his retirement allowance shall be cancelled and he shall immediately become a member of the Retirement System, his rate of contribution for future years being that established subject to Section 3-321. His individual account shall be credited

with an amount which shall be the actuarial equivalent, at the time of such re-entry, based on a disabled life, of his annuity, but such amount shall not exceed the amount of his accumulated contributions as it was at the time of his retirement.

(2) An amount actuarially equivalent to his disability pension, shall again be held for the benefit of said member and shall no longer be included in the amounts available to meet the obligation of the city on account of benefits that have been granted. Such member shall receive credit for service in the same manner as if he had never been retired for disability.

(c) Should any person retired for disability or service engage in a gainful occupation, prior to attaining age fifty, the Board shall reduce the amount of his monthly pension as defined herein to an amount which, when added to the compensation earned monthly by him in such occupation, shall not exceed the amount of the compensation attached to the rank which he held at the time of his retirement. Should the earning capacity of such beneficiary be further altered, the Board may further alter his said pension to an amount which shall not exceed the full amount to which he would be entitled under this article in the absence of engagement in such occupation, but which, subject to such limitation, shall equal, when added to the compensation earned by him, the amount of the compensation attached to said rank. When said beneficiary reaches age fifty, his retirement allowance shall be made equal to the full amount to which he would be entitled under this article in the absence of engagement in such occupation, and shall not again be modified because of earnings other than under employment of the city.

(d) Should any beneficiary retired for disability refuse under age fifty to submit to medical examination, his pension may be discontinued until his withdrawal of such refusal, and should such refusal continue for one year, his retirement allowance may be cancelled. (Added Ord. 5313, 1958; based on former Sec. 2-731; Am. Ord. 95-41, § 5, eff. 6-23-95).

SEC. 3-338. CONTINUATION OF RETIREMENT ALLOWANCES AFTER DEATH.

(a) Upon the death of a member, due to other than service-connected cause, after qualification for service retirement at or over age fifty, with credit for at least ten years of service and on account of whose death the benefit provided for in Section 3-330(a)(1) and (2) is otherwise payable, or after retirement, regardless of cause, two-thirds of the retirement allowance to which the member would have been entitled if the member had retired for service at the time of death, or two-thirds of the member's retirement allowance as it was at death, including a service-connected disability retirement allowance in accordance with section 3-336(a), as the case may be, and both before modification under an option, shall be continued, throughout life, to the surviving spouse or to the surviving domestic partner.

(b) Upon the death of a member, due to other than service-connected cause, prior to the member's attainment of age fifty, with credit for at least ten years of service and on account of whose death the benefit provided for in Section 3-330(a)(1) and (2) is otherwise payable, two-thirds of the retirement allowance, before modification under an option, earned by the member's service as of the date of death, or if the member was receiving a service-connected

disability retirement in accordance with Section 3-336(a) at the time of the member's death, shall be continued, throughout life to the surviving spouse or to the surviving domestic partner.

(c) If there be no surviving spouse or surviving domestic partner entitled to an allowance under this section, or if the surviving spouse or surviving domestic partner so entitled dies before every child of such deceased member attains the age of eighteen years, then the allowance which such surviving spouse or surviving domestic partner would have received had the spouse or domestic partner lived shall be paid to the member's child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or establishing a domestic partnership and no non-disabled child shall receive any allowance after attaining the age of eighteen years. Should the member leave no surviving spouse or surviving domestic partner and no children under the age of eighteen years but leave a child or children who, pursuant to terms and conditions adopted by the Retirement Board, is or are determined by the Board to have been disabled prior to age eighteen and whose disability continues past age eighteen, the child or children while so disabled shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner would have received. Should the member leave no surviving spouse or surviving domestic partner so entitled, no children under the age of eighteen years, and no disabled children whose disability continued past the age of eighteen years, but leave a parent or parents dependent upon the member for support, the parents so dependent shall collectively receive a monthly allowance equal to that which such surviving spouse or surviving domestic partner otherwise would have received during such dependency. If payment of the allowance payable under this section because of death before retirement is stopped because of death of the surviving spouse or surviving domestic partner or attainment of the age of eighteen years or establishment of a domestic partnership by, or the death or marriage of, a child, or the death or marriage or establishment of a domestic partnership or cessation of disability in a child whose disability continued past the age of eighteen years, or the death or cessation of dependency of a parent, before the sum of the monthly payments made shall equal the sum of the amounts, which except for this section, would have been payable under Section 3-330(a), (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount, to the surviving children of the deceased member, share and share alike.

(d) The allowance provided in subsection (b) of this section shall be in lieu of the death benefit otherwise payable as provided in Section 3-330(a), (1) and (2), but, notwithstanding any other provision of this article, a person qualifying for the allowance or such person's guardian may elect, before the first payment on account of it, to receive such death benefit in lieu of the allowance.

(e) With respect to members whose death occurs on or before the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section to a surviving spouse, in the case of death before retirement, only if the spouse was married to the member prior to the date of the sustaining of the injury or the onset of the illness which resulted in death, or, in the case of death after retirement, only if the spouse was married to the member at least

one year prior to retirement. With respect to members whose death occurs after the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section (1) to a surviving spouse, in the case of death before retirement, only if the spouse was married to the member prior to the date of death, or, in the case of death after retirement, only if the spouse was married to the member as of the date of retirement or (2) or to a surviving domestic partner, in the case of death before retirement, only if the domestic partner had established a domestic partnership with the member prior to the date of death, or, in the case of death after retirement, only if the domestic partner had established a domestic partnership with the member as of the date of retirement.

(f) If the member was receiving a service-connected disability retirement in accordance with Section 3-336(a) or Section 3-353(e)(3) at the time of the member's death, the allowance provided either in subsection (a) or subsection (b) of this Section shall constitute a continuation of the member's service-connected disability retirement and shall be non-taxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.
(Added Ord. 5313, 1958, based on former Sec. 2-732; Am. Ord. 5667, 1959; Am. Ord. 6894, 1966; Am. Ord. 76-45, § 2, eff. 6-27-76; Am. Ord. 84-47, § 2, eff. 5-11-84; Am. Ord. 2000-4, § 3, eff. 2-10-00; Am. Ord. 2001-16, § 2, eff. 3-26-01; Am. Ord. 2001-72, § 5, eff. 11-10-01; Am. Ord. 2006-15, § 5, eff. 3-10-06; Am. Ord. 2021-012, § 3, eff. 5-17-21).

SEC. 3-339. DETERMINATION OF SURVIVORS' BENEFITS.

(a) If a member whose death after retirement or while qualified for service retirement qualifies his surviving wife, children or parents for the continuation of an allowance under Section 3-338 was employed in the Fire or Police Department prior to September 22, 1928, the allowance continued to such wife, children or parents shall be two hundred dollars ($200) per month plus one-half of the difference between two hundred dollars ($200) and the allowance which the member was receiving at the time of death, or for which he was qualified, as the case may be, instead of two-thirds of such allowance, as provided in said section. Any allowance being received on December 1, 1957, by a surviving wife under Section 3-338, shall be changed, effective on such date, to an amount determined under this section, provided her husband was so employed.

(b) The provisions of Section 3-339(a) shall not apply to any such member who was so employed prior to September 22, 1928, or to a surviving wife of such a member, until and unless such member, if living on December 1, 1957, or otherwise his qualifying surviving wife then living, elects on a form provided by said system, not later than ninety days after the date upon which notice of the right to so elect is mailed by said system to such person's or surviving wife's latest address on file in the office of said system, to be subject to such provisions, and to waive any rights he or she has or may have under Ordinances numbered 1021 and 1415.
(Added Ord. 5313, 1958; based on former Sec. 2-732.1).

SEC. 3-340. LIMITATION.

In the event the surviving spouse or surviving domestic partner of a deceased member becomes eligible for one or more allowances as the surviving spouse or surviving domestic

partner of one or more other members, the surviving spouse or surviving domestic partner shall receive the greater of any survivorship allowances for which he or she is eligible and shall not receive any other survivorship allowance, with this exclusion not applicable to any amounts payable for life to the surviving spouse or surviving domestic partner pursuant to Option 2B or Option 3B of sections 3-341 and 3-417.
(Added Ord. 76-45, § 3, eff. 6-27-76; Am. Ord. 2006-15, § 6, eff. 3-10-06; Am. Ord. 2012-23, § 1, eff. 12-1-13).

SEC. 3-341. OPTIONAL MODIFICATION OF ALLOWANCES AT RETIREMENT.

(a) For purposes of determining actuarial equivalence under this Section, the following terms will be used:

(1) "Basic retirement allowance" shall mean the sum of a member's service annuity and service pension as determined under Section 3-333, payable as a single life annuity, or the sum of the member's disability annuity and disability pension as determined under Section 3-336, payable as a single life annuity.

(2) "Basic retirement allowance plus continuance" shall mean a member's basic retirement allowance plus any two-thirds continuation payments that would be payable under Section 3-338 as determined at the effective date of the member's retirement.

(3) "Net accumulated contributions" shall mean accumulated contributions as defined in Section 3-301(a)(1) minus any refund paid to a member under Section 3-319 representing a refund of accumulated contributions resulting from the dependent portion of the normal rate.

(4) "Adjusted accumulated contributions" shall be calculated as follows:

(i) The amount of the member's accumulated contributions at the effective date of retirement will be converted to an actuarially equivalent monthly annuity payable for the life of the member with a two-thirds continuance of that monthly annuity for the life of the member's beneficiary.

(ii) The difference between the member's monthly annuity and the beneficiary's monthly continuance shall be determined.

(iii) The amount determined in subsection (ii) will be converted to an actuarially equivalent lump sum present value, which amount is defined to be the member' "adjusted accumulated contributions."

(5) "Monthly uncontinued annuity payments" shall mean the difference calculated in subsection 4(ii).

(6) All actuarial calculations shall be done using the actuarial factors in effect on a member's effective date of retirement, and shall not take into account any future cost of living increases. Actuarial calculations shall also not take into account the possibility that the marriage of a member could be dissolved.

(b) If at the effective date of retirement the member has no spouse, children or dependent parents who would qualify for the two-third's continuation under Section 3-338, then, instead of receiving a retirement allowance only over the member's lifetime, the member may elect any of the following options:

(1) Option 1A. The member may elect a lower service or disability annuity for the member's life, which also provides that if the member dies before receiving in such lower service or disability annuity payments the amount of the member's net accumulated contributions, then the balance of such net accumulated contributions shall be paid upon the member's death in a lump sum to a beneficiary designated by the member, as provided

in subsection (d). This optional form shall be the actuarial equivalent of the member's service or disability annuity for the member's lifetime at the effective date of retirement. Under this option, no elections may be made with respect to the pension portion of the member's service or disability retirement allowance.

(2) Option 2A, 100% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime and that after the member's death the same lower benefit will be continued for life to a beneficiary designated by the member as provided in subsection (d). This option shall be actuarially equivalent to the member's basic retirement allowance at the effective date of retirement.

(3) Option 3A, 50% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime and that after the member's death one-half of the lower benefit will be continued for life to a beneficiary designated by the member as provided in subsection (d). This option will be actuarially equivalent to the member's basic retirement allowance at the effective date of retirement.

(c) If at the effective date of retirement the member has a spouse, children or dependent parents who would qualify for a two-third's continuance under Section 3-338, then, instead of receiving a retirement allowance only over the member's lifetime, with a continuance after the member's death to certain beneficiaries, the member may elect any of the following options:

(1) Option 1B. The member may elect a lower service or disability annuity for the member's life, which also provides that if the member dies before receiving in monthly uncontinued annuity payments (as defined in Section 3-341(a)(5)) the amount of the member's adjusted accumulated contributions (as defined in Section 3-341(a)(4)), then the balance of such adjusted accumulated contributions shall be paid upon the member's death in a lump sum to a beneficiary designated by the member as provided in subsection (d). Under this option, no elections may be made with respect to the pension portion of the member's service or disability allowance.

(2) Option 2B, 100% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime with an optional continuance payable for a beneficiary's lifetime after the member's death in such an amount that the sum of the optional continuance plus the two-thirds continuance under Section 3-338 will be equal to the lower retirement allowance payable for the member's lifetime. This option shall be actuarially equivalent to the member's basic retirement allowance plus continuance as defined in subsection (a)(2) above at the effective date of retirement.

(3) Option 3B, 50% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime with an optional continuance payable for life to a beneficiary designated by the member as provided in subsection (d) in such amount that the optional continuance shall equal one-half of the difference between the lower retirement allowance payable for the member's lifetime and the two-thirds continuance under Section 3-338. This option shall be actuarially equivalent to the member's basic retirement allowance plus continuance as defined in subsection (a)(2) above at the effective date of retirement.

(d) The beneficiaries under any of the options shall be determined as follows:

(1) Under all options, either the lump sum or optional continuances, if any, shall be payable only to such beneficiary as the member shall nominate by written designation duly executed and filed with the Retirement Board. Lifetime benefits are payable to beneficiaries only if they survive the member, and in the case of spouses, only if they were married to the member on the date of the member's death. For purposes of this Section, a member's beneficiary shall be limited to the following classes of individuals:

(i) spouse;

(ii) domestic partner;

(iii) children;

(iv) grandchildren;

(v) parents;

(vi) any person who depends on the member wholly or in part for education or support; or

(vii) a trust, provided that (I) the beneficiaries of the trust comes within categories (i)—(vi) and are identifiable, (II) the trust is valid under state law, (III) the trust is irrevocable no later than upon the death of the member, and (IV) a copy of the trust agreement is provided to the retirement office.

(2) With respect to Options 1A and 1B,

(i) The individual or entity designated as beneficiary of the lump sum amount may be changed by the member at any time, but only if the change is received by the Retirement Board prior to the member's death;

(ii) In addition to the classes of individuals or entities listed in section 3-341(d)(1), a member may select as a beneficiary under Options 1A and 1B any of the following: a corporation, unincorporated association, or governmental unit; and

(iii) If the member has not designated a beneficiary, or if an individual is designated and is not living at the time of payment or if an entity is designated and is not in existence at the time of payment (including through merger with another entity), the unpaid balance of accumulated contributions shall be payable in a lump sum to the member's estate.

(3) With respect to Options 2A, 2B, 3A, and 3B, a member's lifetime beneficiary must be designated not later than the effective date of retirement and cannot be changed thereafter, unless the designation of a new spouse as beneficiary is permitted under Section 3-342 upon the member's marriage after retirement.

(4) With respect to all Options in which the member names his or her spouse as contingent lifetime beneficiary to receive benefits after the member's death, upon the death of the spouse or dissolution of marriage of the member and spouse before the member's

death, the designation of the former spouse as contingent lifetime beneficiary is automatically revoked and such former spouse shall receive no survivor benefits after the member's death.

(e) Any election under this Section shall be made prior to the making of the first payment on account of any retirement allowance. However, if at the effective date of retirement (1) a member has a spouse who is designated beneficiary under any lifetime option, and (2) the member dies within 30 days after the member's effective date of retirement, then the member's surviving spouse shall have the option to either elect benefits under this Section or elect the benefits provided to a surviving spouse for a member who dies before retirement. (Added Ord. 2004-97, §§ 1, 2, eff. 11-15-04; Am. Ord. 2006-15, § 7, eff. 3-10-06; Am. Ord. 2006-138, § 1, eff. 10-27-06).

SEC. 3-342. OPTIONAL MODIFICATION OF BENEFICIARY AFTER RETIREMENT.

(a) Members who become married or establish a domestic partnership after retirement may elect an optional modification provided herein by filing a written election with the Retirement Board within the time limits specified in this Section. If an optional modification is elected by the retired member under this Section, all prior elections are revoked, and no previously designated beneficiary shall have any rights to benefits under the System other than as provided in this Section. In addition, no continuation benefits will be payable under Section 3-338.

(b) A retired member is eligible to make this election if he or she is described within any of the following subsections:

(1) A retired member who was not married or not a member of a domestic partnership at the time of his or her retirement may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) if the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or surviving domestic partner beneficiary in accordance with the procedures of this Section.

(2) A retired member who was married or a member of a domestic partnership at the time of his or her retirement and whose spouse or domestic partner predeceased the retired member may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) if the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or surviving domestic partner beneficiary in accordance with the procedures of this Section.

(3) A retired member who was married or a member of a domestic partnership at the time of his or her retirement and whose marriage ended in dissolution or whose domestic partnership was terminated may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) with respect to that portion specifically allocated to the retired member in the dissolution or termination proceeding, if

the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or surviving domestic partner beneficiary of the portion of the retired member's allowance specifically allocated to the retired member in the dissolution or termination proceeding in accordance with the procedures of this Section.

(4) A retired member who makes an election under subsections (1), (2) or (3) and whose new marriage is subsequently dissolved or new domestic partnership terminated for any reason, may again make an election under this Section upon the retired member's subsequent marriage or establishment of a domestic partnership but only with respect to the allowance then payable to the retired member for the retired member's remaining lifetime.

(c) A retired member eligible to name his or her new spouse or domestic partner as beneficiary shall have the option to name such spouse or domestic partner as the survivor annuitant of a joint and survivor annuity form of payment and shall have his or her retirement allowance adjusted to make the allowance as adjusted together with the survivor annuity actuarially equivalent to the retired member's retirement allowance immediately prior to the election under this section. Depending on the retired member's option election at retirement, the survivor annuity shall be a percentage of the retired member's adjusted retirement allowance as determined from the following table:

Form Elected	*Survivor Percentage*
Unmodified	66⅔
Option 1A or 1B	66⅔
Option 2A or 2B	100
Option 3A or 3B	50

(d) Any election shall provide that after its effective date an adjusted retirement allowance will be paid over the retired member's lifetime and that after the retired member's death the applicable survivor annuity will be continued for life to the retired member's surviving spouse or surviving domestic partner as defined in subsection (f) below, recognizing that such surviving spouse or surviving domestic partner will not be entitled to a continuance under Section 3-338.

(e) Any election under this section shall be actuarially equivalent to the benefits otherwise payable to the retired member and his or her beneficiary after the effective date. In determining such actuarial equivalence, the System's provision for cost of living increases shall be taken into account, but the possibility that the marriage of the retired member could be dissolved or that the domestic partnership of the retired member could be terminated will not be taken into account. After the effective date of the election, the previously named beneficiary shall have no survivor benefits, other than benefits payable to a former spouse pursuant to a judgment of dissolution or to a former domestic partner pursuant to a judgment of termination.

(f) The surviving spouse or surviving domestic partner benefit will be paid only to the person who was married to the retired member or was a member of a domestic partnership with the retired member at the time of the retired member's election, at the effective date of the election, and at the time of the retired member's death. If the spouse or domestic partner named in the election either dies or his or her marriage with the retired member is dissolved or his or her domestic partnership with the retired member is terminated before the death of the retired member, no adjustment will be made to the retired member's benefit and neither the former spouse or former domestic partner or his or her estate shall be entitled to any survivor benefit.

(g) The optional modifications provided in this Section must be made in writing on such form or forms as the Retirement Board may designate, and must include such documentation as the Retirement Board may require. The election under this Section shall be deemed to be made on the date a properly executed form is received by the Retirement Board.

(h) The election for an optional modification after retirement must be filed with the Retirement Board within the time frames specified below:

(1) If the retired member retired before the effective date of Ordinance No. 2004-98, married after retiring but before that effective date, and would otherwise be eligible to elect one of the optional modifications after retirement, then the retired member must make the election no later than six months after the effective date of Ordinance No. 2004-98.

(2) In all other cases, the election must be made within six months after the date of marriage or the date of the establishment of the domestic partnership.

(3) Elections received by the Retirement Board after the six month time period shall be null and void.

(i) Any optional modification elected by the retired member under this section shall be effective as of the first day of the month following the one year anniversary of the retired member's election. The optional payments to the retired member shall begin in the adjusted amount on the effective date. If the spouse dies or the marriage is dissolved or if the domestic partner dies or the domestic partnership is terminated before the effective date specified in this subsection (i), the election is automatically revoked and no adjustment will be made in the retired member's allowance. If the retired member dies before the effective date, no benefits are payable to the spouse or domestic partner under this Section.

(j) In no event will any elections be permitted under this Section if they would violate the minimum distribution rules of Internal Revenue Code section 401(a)(9).
(Added Ord. 2004-97, § 3, eff. 11-15-04; Am. Ord. 2006-15, § 8, eff. 3-10-06).

SEC. 3-343. RETIREMENT ALLOWANCES PAYABLE.

A pension, an annuity or retirement allowance granted under the provisions of this article shall be payable in equal monthly installments or in smaller pro rata amounts when the pension, annuity or retirement allowance begins after the first day of the month or ends before the last day of the month.
(Added Ord. 5313, 1958, based on former Sec. 2-735).

SEC. 3-344. NON-FORFEITURE OF RIGHT TO RETIREMENT ALLOWANCE.

Subject to compliance with this article, nothing shall deprive a member of the right to a retirement allowance as determined under it, after he has qualified as to service and disability for retirement for disability, or as to normal retirement age, which is age fifty (50), and the completion of ten (10) years of service for retirement for service. A member shall be 100% vested in his or her accumulated contributions at all times.
(Added Ord. 5313, 1958, based on former Sec. 2-735; Am. Ord. 2011-1, § 8, eff. 3-7-11).

SEC. 3-345. APPOINTIVE SERVICE AFTER RETIREMENT.

(a) A person who is retired for service or disability or who is receiving or is entitled to receive a retirement allowance under this System shall not be appointed to or serve in any appointive office or position in the city service, including membership on boards and commissions, after the effective date of the person's retirement, unless the person has first been reinstated from retirement pursuant to this article or to article 4 or unless such service, without reinstatement, is authorized by this section.

(b) Such a retired person may serve in the following appointed offices or positions without reinstatement from retirement or loss or interruption of benefits provided under this System:

(1) As a member of any board, commission, or advisory committee of the city except the Civil Service Board or the Board of this System;

(2) As an elections officer or juror;

(3) A retired person may be employed on a temporary basis not to exceed the time period specified in Charter Section 1000(a)(2), but only if a showing is made by the appointing authority that such person possesses special skills or experience necessary to perform the duties of that temporary position.

(c) A retired person who serves in any office or employment of the city without reinstatement, whether by permission of this section or other law, shall acquire thereby no service credit or retirement rights under this article or under article 4, and no contributions to the System shall be deducted from any compensation the person may receive for such service.
(Added Ord. 5313, based on former Sec. 2-736; Am. Ord. 74-10, § 1, Eff. 2-17-74; Am. Ord. 85-167, § 2, 11-29-85; Am. Ord. 88-53, § 1, eff. 5-13-88; Am. Ord. 98-35, § 15, eff. 6-27-98).

SEC. 3-346. INTERNAL REVENUE CODE SECTION 415 ELECTION.

(a) Notwithstanding any other provision of this Code, the retirement rights conferred upon any member of the First Tier and Second Tier of the City of Fresno Fire and Police Retirement System shall be subject to, and such a person shall not have any retirement right or benefit which exceeds, and no retirement right or benefit shall accrue to or vest in such a person which exceeds, the limitations upon public retirement systems contained in Section 415 of the Internal Revenue Code to the extent necessary to preserve the tax-qualified status of the system. Amendments to this Section 3-346 by Ordinance No. 2011-1 shall be effective for retirements on or after January 1, 2008.

(b) Notwithstanding subsection (a), the city, pursuant to Internal Revenue Code Section-415(b)(10)(C), hereby makes the election set forth in that section.

(c) Participation in Other Qualified Plans: Aggregation of Limits. The 415(b) limit with respect to any member who at any time has been a member in any other defined benefit plan as defined in Section 414(j) of the Internal Revenue Code maintained by the member's employer in this plan shall apply as if the total benefits payable under all such defined benefit plans in which the member has been a member were payable from one (1) plan.

(d) Basic 415(b) Limitation.

(1) Before January 1, 1995, a member may not receive an annual benefit that exceeds the limits specified in Section 415(b) of the Internal Revenue Code, subject to the applicable adjustments in that section. On and after January 1, 1995, a member may not receive an annual benefit that exceeds the dollar amount specified in Section 415(b)(1)(A) of the Internal Revenue Code, subject to the applicable adjustments in Section 415(b) of the Internal Revenue Code and subject to any additional limits that may be specified in the retirement system. In no event shall a member's benefit payable under the plan in any limitation year be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(2) For purposes of Section 415(b) of the Internal Revenue Code, the "annual benefit" means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) without regard to the benefit attributable to after-tax employee contributions (except pursuant to Section 415(n) of the Internal Revenue Code) and to rollover contributions (as defined in Section 415(b)(2)(A) of the Internal Revenue Code). The "benefit attributable" shall be determined in accordance with Treasury Regulations.

(e) Adjustments to Basic 415(b) Limitation for Form of Benefit. If the benefit under the plan is other than the form specified in subsection (e)(2), then the benefit shall be adjusted so that it is the equivalent of the annual benefit, using factors prescribed in Treasury Regulations.

(1) If the form of benefit without regard to the automatic benefit increase feature is not a straight life annuity or a qualified joint and survivor annuity, then the preceding sentence is applied by either reducing the Section 415(b) of the Internal Revenue Code

limit applicable at the annuity starting date under (4) or adjusting the form of benefit to an actuarially equivalent amount (determined using the assumptions specified in Treasury Regulation Section 1.415(b)-1(c)(2)(ii)) that takes into account the additional benefits under the form of benefit under (2) and (3) as follows:

(2) For a benefit paid in a form to which Section 417(e)(3) of the Internal Revenue Code does not apply (a monthly benefit), the actuarially equivalent straight life annuity benefit that is the greater of:

(A) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the form of benefit to the member, or

(B) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the member, computed using a 5% interest assumption (or the applicable statutory interest assumption) and (i) for limitation years prior to January 1, 2009, the applicable mortality tables described in Treasury Regulation Section 1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Rulings 2001-62), and (ii) for limitation years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code); or

(3) For a benefit paid in a form to which Section 417(e)(3) of the Internal Revenue Code applies (a lump sum benefit), the actuarially equivalent straight life annuity benefit that is the greatest of:

(A) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial experience;

(B) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a 5.5 percent interest assumption (or the applicable statutory interest assumption) and (i) for limitation years prior to January 1, 2009, the applicable mortality table for the distribution under Treasury Regulation Section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for limitation years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code); or

(C) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable (computed using the applicable interest rate for the distribution under Treasury Regulation Section 1.417(e)-1(d)(3) (the 30-year Treasury rate (using the rate in effect for the month immediately prior to the first day of the plan year with a one-year stabilization period)) and (i) for limitation years prior to January 1, 2009, the applicable mortality rate for the distribution under Treasury Regulation Section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001 62), and (ii) for limitation years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code), divided by 1.05.

(4) The actuary may adjust the 415(b) limit at the annuity starting date in accordance with the above.

(f) Benefits For Which No Adjustment of 415(b) Limit is Required. For purposes of this Section, the following benefits shall not be taken into account in adjusting these limits:

(1) Any ancillary benefit which is not directly related to retirement income benefits;

(2) That portion of any joint and survivor annuity that constitutes a qualified joint and survivor annuity;

(3) Any other benefit not required under Section 415(b)(2) of the Internal Revenue Code and Treasury Regulations thereunder to be taken into account for purposes of the limitation of Section 415(b)(1) of the Internal Revenue Code.

(g) Other Adjustments in 415(b) Limitation.

(1) In the event the member's retirement benefits become payable before age sixty-two (62), the limit prescribed by this Section shall be reduced in accordance with Treasury Regulations pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that such limit (as so reduced) equals an annual straight life benefit (when such retirement income benefit begins) which is equivalent to a one hundred sixty thousand dollar ($160,000) (as adjusted) annual benefit beginning at age sixty-two (62).

(2) In the event the member's benefit is based on at least fifteen (15) years of service as a full-time employee of any police or fire department or on fifteen (15) years of military service, the adjustments provided for in (1) above shall not apply.

(3) The reductions provided for in (1) above shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

(h) Less than Ten (10) Years of Service Adjustment for 415(b) Limitations. The maximum retirement benefits payable to any member who has completed less than ten (10) years of Service or City Service (as defined in Article 5) in all plans of the City shall be the amount

determined under subsection (d) multiplied by a fraction, the numerator of which is the number of the member's years of service and the denominator of which is ten (10). The reduction provided by this subsection cannot reduce the maximum benefit below 10%. The reduction provided for in this subsection shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

(i) Ten Thousand Dollar ($10,000) Limit. Notwithstanding the foregoing, the retirement benefit payable with respect to a member shall be deemed not to exceed the 415 limit if the benefits payable, with respect to such member under this plan and under all other qualified defined benefit pension plans to which the member's employer contributes, do not exceed ten thousand dollars ($10,000) for the applicable limitation year and for any prior limitation year and the employer has not any time maintained a qualified defined contribution plan in which the member participated.

(j) Effect of COLA on 415(b) Testing. Effective on and after January 1, 2008, for purposes of applying the limits under Section 415(b) of the Internal Revenue Code (the "Limit") to a member, the following shall apply:

(1) a member's applicable Limit shall be applied to the member's annual benefit in the member's first limitation year without regard to any cost of living adjustments under Section 3-553;

(2) to the extent that the member's annual benefit equals or exceeds the Limit, the member shall no longer be eligible for cost of living increases until such time as the benefit plus the accumulated increases are less than the Limit; and

(3) thereafter, in any subsequent limitation year, a member's annual benefit, including any cost of living increases under this Article and Article 4, shall be tested under the then applicable benefit Limit including any adjustment to the Section 415(b)(1)(A) of the Internal Revenue Code dollar limit under Section 415(d) of the Internal Revenue Code, and the regulations thereunder.

(k) Section 415(c) limitations on contributions and other additions. After-tax member contributions or other annual additions with respect to a member may not exceed the lesser of $40,000 (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) or 100% of the member's compensation. Annual additions are defined to mean the sum (for any year) of employer contributions to a defined contribution plan, member contributions (determined without regard to picked-up employee contributions that are paid to a defined benefit plan), and forfeitures credited to a member's individual account. "Compensation" for purposes of this Section, subject to annual limits under Section 401(a)(17) of the Internal Revenue Code, shall be as defined under Treasury Regulation Section 1.415(c)-2(d)(4) and shall exclude member contributions that are picked up by the employer under Internal Revenue Code Section 414(h). Amounts described in Treasury Regulation Section 1.415(c)-2(e)(3)(iii) are included in compensation if paid within the limitations prescribed under Treasury Regulation Section 1.415(c)-2(e)(3)(i)(A) and (B).

(l) Redeposit of Withdrawn Contributions. Any redeposit of withdrawn contributions (including interest thereon) to the retirement system with respect to an amount previously refunded upon a forfeiture of service credit under the retirement system or another governmental plan maintained by the retirement system shall not be taken into account for purposes of Section 415 of the Internal Revenue Code, in accordance with applicable Treasury Regulations.

(m) Reduction of Benefits Priority. Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the member's benefit under any defined benefit plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be determined by the plan and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures for defined contribution plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be established by the plan and the plan administrator for such other plans provided, however, that necessary reductions may be made in a different manner and priority pursuant to the agreement of the plan and the plan administrator of all other plans covering such member.
(Added Ord. 91-58, § 1, eff. 6-29-91; Am. Ord. 2011-1, § 9, eff. 3-7-11).

SEC. 3-347. EFFECT OF MARITAL DISSOLUTION OR LEGAL SEPARATION OR TERMINATION OF DOMESTIC PARTNERSHIP.

(a) **Purpose.**

(1) It is the intent of this section and Sections 3-348 and 3-349 to insure that a member and the alternate payee each receives his or her appropriate community property share of any applicable retirement allowance and benefits (including statutorily provided monthly installments payable after a member's death to his or her surviving spouse, surviving domestic partner, children or parents), but only insofar as the division of any community property interest does not increase the actuarial present value (as defined in Section 3-301(a)(5)) of allowances and other benefits which would otherwise have been provided by the Retirement System.

(2) It is the further intent of this section to allow court orders to provide retirement allowances and benefits (including statutorily provided monthly installments payable after a member's death to surviving spouses, surviving domestic partners, children or parents) to alternate payees to the extent:

(i) Of at least the alternate payee's community property interest in the retirement allowance and other benefits earned during the marriage or the domestic partnership;

(ii) That a final judgment of dissolution of marriage or legal separation or termination of domestic partnership or the order incident thereto dividing the community property interest allocates a portion of that community property interest to the alternate payee; and

(iii) That the Board is joined as a party in the dissolution, separation, or termination proceeding and has been served with a file-endorsed copy of the judgment of final dissolution or legal separation or termination or the order incident thereto dividing the community property interest in the retirement allowance and other benefits earned during the marriage or the domestic partnership.

(3) It is the intent of this section not to provide retirement allowances to any persons other than alternate payees and not to allow alternate payees to be treated as surviving spouses under this Article 3.

(b) **Provisions Permitted in Court Orders.** A final judgment of dissolution, legal separation, or termination or court order incident thereto dividing the community property interest of a member and the member's alternate payee in a retirement allowance or other benefit, may provide for any of the following:

(1) That, prior to the retirement of the member, the community property interest of the member and the alternate payee be split into separate accounts for the member and the alternate payee as hereafter provided in Section 3-348; or

(2) That the community property interest of a member and the alternate payee be paid after the member's retirement as the court may order, provided that:

(i) No retirement allowances are payable to the alternate payee before the member dies or retires;

(ii) No form of payment is required other than a form being permitted under the Retirement System at the time payments start;

(iii) No survivor allowance is payable to an alternate payee under Section 3-338 or any other section of this Article 3, except that an alternate payee may receive a community property share of a survivor benefit payable to someone else as a result of the member's death;

(iv) The actuarial present value of the portion of the member's allowance payable to the member and the alternate payee, plus the actuarial present value of any survivor benefits payable under Sections 3-330 and 3-338, shall not exceed the actuarial present value of the member's allowance and such survivor benefits as would have been payable had the member never been married to or had never established a domestic partnership with the alternate payee; and

(v) No retirement allowances or other benefits are payable to the parents of an alternate payee or to the children of an alternate payee who were stepchildren of the member, except as permitted under the combined account option upon the death of the alternate payee.

(3) That permitted beneficiaries are limited to the following classes of individuals:

(i) spouse;

(ii) domestic partner;

(iii) children;

(iv) grandchildren;

(v) parents; or

(vi) Any person who depends on the member wholly or in part for education or support.

(c) **Provisions Prohibited in Court Orders.** A final judgment of dissolution, legal separation, or termination or other court order dividing the community property interest of a member and the alternate payee in a retirement allowance or other benefit must conform to the following rules:

(1) Retirement allowances or other benefits may not be paid to any individual who is not a permitted beneficiary of the member or of the alternate payee;

(2) Payments may not be made in a form not provided in this Article 3;

(3) An alternate payee is not a surviving spouse of the member under this Article 3 for any purpose;

(4) The surviving spouse or surviving domestic partner of an alternate payee is not to be deemed to be a surviving spouse or surviving domestic partnerunder this Article 3 for any purpose;

(5) An alternate payee or the surviving spouse or surviving domestic partner of an alternate payee is not eligible to receive any form of disability retirement allowance under this Article 3 with respect to any disabling condition the alternate payee or the surviving spouse or surviving domestic partner of an alternate payee might sustain.

(d) **Member's Rights.** Any credited service or any accumulated contributions which are not explicitly awarded by court order to an alternate payee shall be the sole and separate property of the member.

(e) If benefits are payable pursuant to an order that satisfies the requirements of this Section, Section 3-348, and/or Section 3-349 that meets the requirements of a "domestic relations order" as defined in Section 414(p) of the Internal Revenue Code, then the applicable requirements of Section 414(p) of the Internal Revenue Code shall be followed by the retirement system.

(Added Ord. 94-27, § 3, eff. 5-27-94; Am. Ord. 94-36, § 1, eff. 6-24-94; Am. Ord. 2002-11, § 1, eff. 3-19-02; Am. Ord. 2004-100, § 1, eff. 11-15-04; Am. Ord. 2006-15, § 9, eff. 3-10-06; Am. Ord. 2011-1, § 10, eff. 3-7-11).

SEC. 3-348. DISSOLUTION OR LEGAL SEPARATION OR TERMINATION PRIOR TO A MEMBER'S RETIREMENT.

(a) **Separate account option.**

(1) **Purpose.** The purpose of the separate account option is to permit a member and an alternate payee to divide the member's retirement allowance and benefits (including statutorily provided monthly installments payable after a member's death to his or her surviving spouse, surviving domestic partner, children or parents) prior to retirement

into separate and distinct accounts for the member and for the alternate payee, as set forth in a court order which meets the requirements of Section 3-347 and this Section 3-348.

(2) **Court Order.** In the event of a legal separation or dissolution or termination, the Board shall comply with a court order incident thereto which contains the following provisions:

(i) The division of the accumulated member contributions and credited service applicable to periods of service during the marriage into two separate and distinct accounts in the name of the member and the alternate payee;

(ii) The right of the alternate payee to elect an option under Section 3-341 and designate a beneficiary with respect to the alternate payee's separate account;

(iii) The right of the alternate payee to a refund of accumulated contributions in the alternate payee's separate account;

(iv) For purposes of determining the amount of any retirement allowance payable to the alternate payee, the average compensation in Section 3-301(a)(9) shall be determined solely by reference to the rank or ranks held by the member during the period of marriage or domestic partnership;

(v) For purposes of applying the benefit formula of Section 3-333 for determining the amount of any retirement allowance payable to the alternate payee the age of the alternate payee shall be used.

(3) **Refund of Contributions to an Alternate Payee.**

(i) An alternate payee who has been awarded a separate account shall possess the right to a refund of accumulated member contributions in that separate account at any time after the court order has been filed with the Retirement System.

(ii) The alternate payee shall file a written application with the Retirement System on a form provided by the System to obtain the refund.

(iii) Upon filing the application for a refund with the Retirement System, the alternate payee shall from that point on be deemed to have permanently waived any and all rights the alternate payee may have possessed in the Retirement System based on the member's employment, including any and all rights to any benefit or retirement allowance or any survivor benefits.

(iv) If, as of the date of separation of the member and his or her spouse or the equivalent date for a domestic partnership as determined in the court proceedings, the member did not possess sufficient credited service to retire for service, then the alternate payee's only form of payment under this separate account option will be a refund of the accumulated member contributions allocated to his or her separate account.

(v) If an alternate payee has withdrawn his or her portion of the accumulated member contributions, the alternate payee shall not be allowed to redeposit those contributions with the Retirement System.

(4) **Retirement of Alternate Payee.** An alternate payee shall be deemed to be retired only if:

(i) The alternate payee files a written application with the Retirement System on a form provided by the System;

(ii) The member and the alternate payee have both attained the minimum age required for a service retirement; and

(iii) On the date of separation of the member and the alternate payee or the equivalent date for a domestic partnership as determined in the court proceedings, the member possessed sufficient credited service to retire for service. A member who possessed sufficient credited service to retire before the division shall be deemed to continue to do so after the division, and so shall the alternate payee.

(5) **Calculation of the Alternate Payee's Retirement Allowance.**

(i) The alternate payee's retirement allowance shall consist of an annuity based upon the alternate payee's accumulated contributions and a pension based upon the alternate payee's credited service. The alternate payee shall have the same right as the member to select the pay formula upon which the retirement allowance is to be based. In applying the selected pay formula, only the rank or final average compensation earned by the member during the period of marriage or domestic partnership and prior to the date of separation shall be used.

(ii) The alternate payee's retirement allowance shall be eligible for such cost-of-living increases under this Article 3 as are consistent with the pay formula selected by the alternate payee to determine the alternate payee's retirement allowance.

(iii) No survivor or death benefits will be payable upon the death of the alternate payee, and such alternate payee upon remarriage or reestablishment of domestic partnership shall not be entitled to elect any of the optional forms of benefit.

(6) **Death of an Alternate Payee Prior to Retirement of Alternate Payee.** If the alternate payee dies prior to retirement, then the accumulated contributions in the alternate payee's separate account shall be paid to the alternate payee's beneficiary as designated to the Retirement System on a form provided by the System. If a beneficiary has not been designated at the time of death or if the designated beneficiary is not living at the time of death, the accumulated contributions shall be paid to the alternate payee's estate. No other death benefits will be payable as a result of the death of the alternate payee.

(b) **Combined Account Option.** The Retirement System will comply with a court order incident to a legal separation or dissolution or termination which divides the community property interests of a member and the alternate payee, provided that:

(1) The alternate payee's interest is not to be paid before the member retires or dies, and

(2) The court order complies with the provisions set forth in Section 3-347, including the provision that the alternate payee will not be considered to be a surviving spouse or surviving domestic partner under Section 3-338 or any other Section of this Article 3.

(3) The court order may provide that the alternate payee's interest in the member's retirement allowance be paid over the lifetime of the member under the optional form of payment allowed by the System and selected by the member.

(i) With respect to the alternate payee's interest in the member's retirement allowance, the alternate payee may on a form provided by the System designate a permitted beneficiary as set forth in Section 3-347(b)(3). If the alternate payee predeceases the member, the person so designated shall receive until the member's death the benefit previously paid to the alternate payee.

(ii) If a benefit is payable under Section 3-330 or 3-338 upon the member's death, as long as payments are payable under those provisions, one-half of the community property share thereof may be payable to the alternate payee or a permitted beneficiary as set forth in Section 3-347(b)(3) of the alternate payee.

(iii) If the member predeceases the alternate payee and the member has chosen option 2 or 3, the alternate payee or the permitted beneficiary as set forth in Section 3-347(b)(3) of the alternate payee may receive, as long as payments are payable under the selected option, one-half of the community property share of that portion of the allowance which would be continued after the member's death, regardless of dependents.

(4) In lieu of the payment method specified in subsection (3) above, the court order may provide that the alternate payee's interest in the member's retirement allowance be paid under any optional form of payment allowed by the Retirement System over the lifetime of the alternate payee (instead of over the lifetime of the member), provided that,

(i) The sum of the actuarial present values of the member's and alternate payee's allowances and survivor benefits shall not exceed the actuarial present value of the member's allowance and survivor benefits had they been payable to the member, assuming the member had never been married to the the alternate payee or had never established a domestic partnership with the alternate payee; and

(ii) No survivor benefits under Section 3-338 or any other Section of this Article 3 are payable to the surviving spouse of the alternate payee.

(5) In the absence of a qualifying surviving spouse, qualifying domestic partner, unmarried children under the age of eighteen or children under the age of eighteen not members of a domestic partnership, disabled child qualified under section 3-338(c), or dependent parents, the court order may provide for the division of the community property interest in the death benefit under Section 3-330.

(Added Ord. 94-27, § 4, eff. 5-27-94; Am. Ord. 94-36, § 2, eff. 6-24-94; Am. Ord. 95-41, § 8, eff. 6-23-95; Am. Ord. 2002-11, § 2, eff. 3-19-02; Am. Ord. 2004-100, § 2, eff. 11-15-04; Am. Ord. 2006-15, § 10, eff. 3-10-06).

SEC. 3-349. DISSOLUTION OR LEGAL SEPARATION OR TERMINATION AFTER A MEMBER'S RETIREMENT.

(a) **Purpose.** The purpose of this section is to allow a court order to provide for an equitable distribution of retirement allowances and survivor benefits between a retired member and the alternate payee, without requiring the retirement system to pay increased benefits.

(b) **Form of Payment to Remain Unchanged.** If a retired member's marriage to the individual to whom the retired member was married at the time the retired member's retirement allowance commences is dissolved after retirement benefits commence or if they are legally separated or if a retired member's domestic partnership to the individual with whom the retired member had established a domestic partnership at the time the retired member's retirement allowance commences is terminated after retirement benefits commence, then the final judgment of dissolution or legal separation or termination or court order incident thereto may not in any way change the form or forms of payment under Section 3-341 selected by the member at retirement, except that any life annuity payable only for the member's life may be modified as set forth in Section 3-349(c) to provide that a portion thereof be payable for the alternate payee's lifetime.

(c) **Unmodified Allowance or Option 1.** If a member prior to retirement either did not select an option under Section 3-341 or selected Option 1 under that Section, the Retirement System will comply with a court order that divides the total actuarial present value of the allowances payable to the retired member according to the separate and community property interests of the retired member and the alternate payee. The court order may further provide that the divided value allocated to the retired member shall continue to be paid to the retired member in the same form as before the court order, and that the divided value allocated to the alternate payee shall be converted into the same form of payment, but payable for the life of the alternate payee instead of for the life of the retired member. The sum of the actuarial present values of the divided values for the retired member and the alternate payee shall not exceed the actuarial present value of the benefit otherwise payable immediately before the division to the retired member alone, excluding the value of any survivor benefits under Section 3-338 or under any other Section of this Article 3.

(d) **Survivor Benefits.** The court order may provide that any survivor benefits payable as a result of a retired member's death shall be payable to the beneficiary entitled thereto under this Article 3, provided that the alternate payee's one-half community property share therein can be paid directly to such alternate payee. No benefits shall be payable to the alternate payee after all beneficiaries entitled to the retired member's survivor benefits are no longer entitled thereto.

(e) **Option 2 or 3.** If a member at retirement selected either Option 2 or 3 under Section 3-341 for any portion of his or her retirement allowance, which options provide for retirement continuances to a person having an insurable interest in the member's life, the amount and the form of payment of the benefits payable pursuant to these options by the Retirement System cannot be changed, but the Retirement System will comply with a court order requiring that a portion of those payments be paid directly to the alternate payee (or to the beneficiaries

named by the alternate payee if he or she predeceases the retired member) rather than to the retired member or the retired member's beneficiary. In no event, however, shall the alternate payee's life replace the life of another previously named beneficiary under either Option 2 or 3.

(f) **Post-retirement Elections.** If a retired member made an election under Section 3-342 to name a new spouse or domestic partner as beneficiary and that marriage is dissolved or the parties become legally separated or the domestic partnership is terminated, no surviving spouse or surviving domestic partner benefits will be paid to the alternate payee, but the Retirement System will comply with a court order that divides the present value of the allowance payable for the retired member's life between the retired member and the alternate payee. The court order may further provide that the divided value allocated to the retired member shall continue to be paid to the retired member for life, and the divided value allocated to the alternate payee shall be converted into monthly payments for the life of the alternate payee, instead of for the life of the retired member.
(Added Ord. 94-27, § 3, eff. 5-27-94; Am. Ord. 94-36, § 1, eff. 6-24-94; Am. Ord. 2002-11, § 3, eff. 3-19-02; Am. Ord. 2004-97, § 4, eff. 11-15-04; Am. Ord. 2004-100, § 3, eff. 11-15-04; Am. Ord. 2006-15, § 11, eff. 3-10-06).

SEC. 3-350. JUDICIAL REVIEW OF CERTAIN BOARD DECISIONS.

The provisions of Section 1094.6 of the California Code of Civil procedure shall be applicable to decisions of the Board denying an application for a retirement benefit or allowance or entitlement.
(Added Ord. 95-41, § 9, eff. 6-23-95).

SEC. 3-351. DIRECT TRANSFERS OF ELIGIBLE ROLLOVER DISTRIBUTIONS.

(a) If, under the provisions of this article or article 4, a distributee becomes entitled to an eligible rollover distribution, the distributee may elect to have the distribution or any portion thereof paid directly to an eligible retirement plan specified by the distributee.

(b) The election made pursuant to this Section shall be in accordance with the terms and conditions established by the Board.

(c) Upon the exercise of the election by a distributee pursuant to this Section, the distribution from the retirement fund of the amount designated by the distributee shall be made in the form of a direct transfer to the eligible retirement plan so specified.

(d) For purposes of this Section, "distributee" means a member, a surviving spouse, or a former spouse under a domestic relations order which is treated as a qualified domestic relations order to the extent provided in Internal Revenue Code Section 414(p)(11), and such other persons as come within the meaning of the term as used in Section 401(a)(31)(A) of the Internal Revenue Code. Effective for plan years on or after January 1, 2010, a distributee further includes a nonspouse beneficiary who is a designated beneficiary as defined by Section 401(a)(9)(E) of the Internal Revenue Code. However, a nonspouse beneficiary may only make

a direct rollover to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity shall be treated as an "inherited" individual retirement account or annuity.

(e) For purposes of this Section, "eligible rollover distribution" means a distribution from the Retirement Fund which constitutes an eligible rollover distribution within the meaning of Section 401(a)(31)(C) of the Internal Revenue Code, i.e., any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include:

(1) Any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made (i) for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary or (ii) for a specified period of ten years or more;

(2) Any distribution to the extent such distribution is required under Section 401(a)(9) of the Internal Revenue Code;

(3) The portion of any distribution that is not includable in gross income; or

(4) Any distribution that is reasonably expected to total less than $200 during the year.

Effective January 1, 2002, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only (i) to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code or to a qualified defined contribution plan described in Section 401(a) of the Internal Revenue Code; (ii) on or after January 1, 2007, to a qualified defined benefit plan described in Section 401(a) of the Internal Revenue Code or to an annuity contract described in Section 403(b) of the Internal Revenue Code, that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or (iii) on or after January 1, 2008, to a Roth IRA described in Section 408A of the Internal Revenue Code.

(f) For purposes of this Section, "eligible retirement plan" means a plan which constitutes an eligible retirement plan within the meaning of Section 401(a)(31)(D) of the Internal Revenue Code, the terms of which permit the acceptance of rollover distributions and is limited to the following:

(1) an individual retirement account described in Section 408(a) of the Internal Revenue Code,

(2) an individual retirement annuity described in Section 408(b) of the Internal Revenue Code,

(3) an annuity plan described in Section 403(a) of the Internal Revenue Code,

(4) a qualified trust described in Section 401(a) of the Internal Revenue Code.

(5) effective January 1, 2002, an annuity contract described in Section 403(b) of the Internal Revenue Code.

(6) effective January 1, 2002, a plan eligible under Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan from the retirement system, or

(7) effective January 1, 2008, a Roth IRA described in Section 408A of the Internal Revenue Code.

(g) This section applies to distributions made on or after January 1, 1993.

(h) If this Article in Section 3-327 (Refund of Contributions) or Section 3-328 (Deferred Benefits After Separation) provides for a mandatory refund of contributions which constitutes an eligible rollover distribution under this Section and if an individual while a member does not elect to have such refund paid either directly to the individual or to an eligible retirement plan in a direct rollover, the amount to be refunded shall be credited to the City of Fresno Fire and Police Retirement Fund, with the individual as a former member being entitled thereafter to claim the amount so credited but without interest.
(Added Ord. 95-41, § 10, eff. 6-23-95; Am. Ord. 98-35, § 16, eff. 6-27-98; Am. Ord. 2011-1, § 11, eff. 3-7-11).

SEC. 3-352. MINIMUM REQUIRED DISTRIBUTIONS.

The City of Fresno Fire and Police Retirement System shall pay all benefits in accordance with a good faith interpretation of the requirements of Section 401(a)(9) of the Internal Revenue Code and the regulations in effect under that section, as applicable to a governmental plan within the meaning of Section 414(d) of the Internal Revenue Code. The City of Fresno Fire and Police Retirement System shall be subject to the following provisions:

(a) Notwithstanding any other provision of this article or article 4, payment of a member's retirement allowance shall commence no later than the required beginning date which is the later of the following:

(i) The April 1 following the end of the calendar year in which the member attains age seventy and one-half (70 1/2); or

(ii) The April 1 following the end of the calendar year in which the member retires.

(b) The member's entire interest must be distributed over the member's life or the lives of the member and a designated beneficiary, or over a period not extending beyond the life expectancy of the member or of the member and a designated beneficiary.

(c) If a member dies after the required distribution of benefits has begun, the remaining portion of the member's interest must be distributed at least as rapidly as under the method of distribution before the member's death.

(d) If a member dies before required distribution of the member's benefits has begun, the member's entire interest must be distributed within five (5) years of his death, unless it is to be distributed in accordance with the following rules:

(1) If the member's surviving spouse is the sole designated beneficiary, the member's remaining interest in the plan is distributed or begins to be distributed by December 31 of the calendar year immediately following the calendar year in which the member died or by December 31 of the calendar year in which the participant would have attained age 70 1/2, if later, and if the surviving spouse dies before the distribution to the surviving spouse begins, this Section shall be applied as if the surviving spouse were the plan member; or

(2) If the member's surviving spouse is not the sole designated beneficiary, the member's remaining interest is to be distributed over the life of the designated beneficiary or over a period not extending beyond the life expectancy of the designated beneficiary; and such distribution begins no later than December 31 of the calendar year immediately following the calendar year of the member's death.

(e) The death and disability benefits provided by the retirement system are limited by the incidental benefit rule set forth in Section 401(a)(9)(G) of the Internal Revenue Code and Treasury Regulation Section 1.401-1(b)(1)(i) or any successor regulation thereto. As a result, the total death or disability benefits payable may not exceed 25% of the cost for all of the members' benefits received from the retirement system.

(f) Notwithstanding any other provision of this article or article 4, if a member has elected an option under section 3-341 or section 3-417 and his or her surviving spouse is not the designated beneficiary, the periodic amounts payable to the member and any other designated beneficiary shall be adjusted only to the extent necessary to ensure that the minimum distribution incidental benefit requirement of Internal Revenue Code section 401(a)(9) is satisfied.

(Added Ord. 97-21, § 1, eff. 6-21-97; Am. Ord. 98-35, § 17, eff. 6-27-98; Am. Ord. 2011-1, § 12, eff. 3-7-11).

SEC. 3-353. DEFERRED RETIREMENT OPTION PROGRAM ("DROP").

(a) **Purpose of DROP.**

(1) It is the intent of this section to create a voluntary deferred retirement option program ("DROP") for members.

(2) DROP is designed to be an alternate method of receiving retirement benefits.

(3) DROP is intended to be cost neutral to the System.

(4) DROP is intended to provide additional flexibility to the System by providing members with an additional method of receiving their retirement benefits.

(5) It is the intent of DROP not to jeopardize in any way the tax-qualified status of the System under the Internal Revenue Code. The provisions of this section may at any time be modified, with such modifications being given retroactive effect, if necessary to maintain the System's tax-qualified status.

(b) **Eligibility and Election to Participate in DROP.**

(1) Any member who has attained age 50 and who possesses sufficient credited service to be eligible for a service retirement shall be eligible to participate in DROP.

(2) The election to participate in DROP shall be voluntary and irrevocable. The election shall:

(i) Be made on a form provided by the System;

(ii) Designate a period of participation not to exceed one hundred and twenty (120) months;

(iii) Affirm that the member, on the date the member commences participation in DROP, shall cease accruing service credits;

(iv) Affirm that the member agrees to terminate City employment no later than completion of the designated DROP participation period;

(v) Constitute an application for service retirement no later than the end of the designated DROP participation period; and

(vi) Include the member's irrevocable election among the options in Section 3-341 (Optional Modification of Allowances).

(3) A member making the election shall execute such waivers with respect to state and federal employment discrimination and related laws, such releases, and such covenants as are required by the City or the System.

(4) By electing to participate in DROP:

(i) A member becomes subject to all of the provisions of this section;

(ii) For a member whose retirement allowance is determined under Section 3-301(a) (Definitions), average compensation shall be determined solely by reference to the rank or ranks held by the member prior to the date the member commences participation in DROP;

1. If a member is entitled to convert a sick or holiday or other leave balance into a lump sum cash payment upon retirement, the dollar value of the member's leave balance as of the effective date of DROP participation shall be divided by the member's years of service, and the resulting quotient shall be included in the compensation of each rank held by the member for purposes of determining average compensation under Section 3-301(a) (Definitions);

2. The employee contributions due with respect to the leave balance shall be charged against the member's DROP account;

(iii) For a member whose retirement allowance is determined under Section 3-302 (Alternate Definition of Average Compensation), average compensation shall be determined solely by the average monthly compensation earnable by a member during the three years of employment occurring immediately prior to the date the member commences participation in DROP;

1. If a member is entitled to convert a sick or holiday or other leave balance into a lump sum cash payment upon retirement, the dollar value of the member's leave balance as of the effective date of DROP participation shall be divided by thirty-six, and the resulting quotient shall be added to the average monthly compensation earnable by a member during the three years of employment immediately prior to commencing participation in DROP used for purposes of determining average compensation under Section 3-302 (Alternate Definition of Average Compensation);

2. The employee contributions due with respect to the leave balance shall be charged against the member's DROP account;

(iv) Any changes in leave balances occurring after the member commences participation in DROP shall not affect in any manner the amounts credited to the member's DROP account or the member's retirement allowance, whether for service or disability, payable to the member; and

(v) A member shall have DROP benefits credited to a DROP account pursuant to subsection (c) of this section.

(c) **DROP Accounts and DROP Benefits.**

(1) A DROP account is a nominal, bookkeeping account established within the System for each DROP participant. No System assets shall be separately segregated for any DROP account; a DROP participant shall not have a claim on any specific assets of the System.

(2) Amounts credited to a member's DROP account shall be vested, except to the extent deemed necessary by the Board in its sole discretion to maintain the System's tax-qualified status under the Internal Revenue Code.

(3) A member's DROP account shall be credited monthly with an amount which represents the service retirement allowance which the member would have received if the member had retired on the date the member commenced DROP participation.

(4) The monthly amount credited to a member's DROP account shall reflect any cost-of-living adjustments otherwise applicable to retired members.

(5) A member's DROP account shall be credited monthly with interest pursuant to subsection (d) of this section.

(d) **Interest Crediting to DROP Accounts.**

(1) Each DROP account shall be credited monthly with interest at the nominal monthly interest rate equivalent to the annual effective DROP interest rate adopted by the

Board. The nominal monthly interest rate shall apply to the balance in each DROP account as of the beginning of each month and shall be applied before the monthly amount described in Section 3-353(c)(3) for that month has been credited to the account.

(2) The Board shall set an annual effective DROP interest rate, which shall apply to each DROP account during the retirement system's fiscal year in which the Board set the rate.

(3) In setting the annual effective DROP interest rate, the Board shall review and consider the most current actuarial report from the Board's actuary evaluating the cost neutrality of DROP.

(4) The Board shall review the net rate of return earned by the System's entire investment portfolio for each of the five prior fiscal years, including realized and unrealized gains and losses and as reduced by all investment expenses. These net rates of return shall be certified by the System's Retirement Administrator. The sum of the five net rates of return shall be divided by five to provide an average net rate of return that will be credited to the DROP accounts during the fiscal year.

(5) The Board shall set the annual effective drop interest rate at a level it deems in its sole discretion necessary to maintain the cost neutrality of the DROP program. The Board shall not set the annual effective DROP interest rate lower than 3 percent below the average net rate of return as determined in Section 3-353(d)(4) nor higher than that average net rate of return.

(6) If the average net rate of return determined in Section 3-353(d)(4) is negative, the Board shall set a negative annual effective DROP interest rate, i.e., each DROP account balance shall be reduced accordingly.

(e) **Additional DROP Provisions.**

(1) The effective date of DROP participation for a member shall be the first of the month following the date the Board approves the member's fully completed DROP application.

(2) For a member whose effective date in DROP is prior to the effective date of Ordinance No. 2011-1 and notwithstanding Section 3-319 (Normal Contributions of Members), the member shall cease making contributions to the System. For a member whose effective date of participation in DROP is on or after the effective date of Ordinance No 2011-the member shall continue to make contributions which shall be deposited into the member's DROP account.

(3) If a member becomes disabled while participating in DROP, the member shall be eligible to apply for disability retirement and shall be subject to the same disability eligibility requirements under Section 3-335 as if the member were not in DROP. Notwithstanding Section 3-336 (Allowance at Disability Retirement), if the Board grants the application, whether for a service-connected or non-service-connected disability, the amount of the disability retirement allowance shall be the same as the

amount then being credited monthly to the member's DROP account. However, if the Board determines that the disability is service-connected, the amount of the aggregate disability retirement allowance which equals (or is less than) fifty-five percent of the member's average compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(4) If a member dies due to non service-connected causes while participating in DROP, the member shall be deemed to have died after retirement.

(5) If a member dies on or after June 1, 2008 while participating in DROP and the Board determines that the causes are service-connected, the member shall be deemed to have suffered a service-connected death, with the survivorship benefit to be comprised solely of two-thirds of the monthly amount currently being credited into the member's DROP account, adjusted for any optional modification elected by the member, and the balance in the DROP account paid pursuant to Sections 3-353(f) and 3-353(g)(2). If any benefits paid under this section are paid as a survivor annuity to the surviving spouse (or former spouse) or child(ren) of a member who qualifies as a public safety officer within the meaning of Section 101(h) of the Internal Revenue Code, and such member is killed in the line of duty, such monthly death allowance shall be nontaxable to the extent allowed by Section 101(h) of the Internal Revenue Code. However, if the member or the member's death does not qualify under Section 101(h) of the Internal Revenue Code, then, if the Board determines that the member's death was service-connected, the amount of the monthly death allowance which equals (or is less than) fifty percent (50%) of the member's average compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(6) If a member marries while participating in DROP, the marriage shall be deemed to have occurred prior to the member's retirement only for purposes of satisfying any applicable benefit eligibility requirement.

(f) **Designation of DROP Beneficiary.**

(1) A member electing to participate in DROP shall designate a beneficiary of the member's DROP account.

(2) If a member dies while participating in DROP,

(i) A designated DROP account beneficiary who is either a surviving spouse or surviving domestic partner of the member or a child under the age of 18 of the member or a dependent parent of the member shall be entitled to select a form of distribution under Section 3-353(g)(2); or

(ii) A designated DROP beneficiary who is not listed in Section 3-353(f)(2)(i) shall receive a DROP account distribution in the form of a lump sum; or

(iii) If the designated DROP beneficiary is not then living, the balance in the DROP account in the form of a lump sum shall be distributed to the estate of the DROP participant.

(3) No DROP beneficiary designation shall modify a member's community property obligations under California law.

(g) **Distribution of DROP Account.**

(1) Upon termination of DROP participation and upon retirement from the City, a member shall:

(i) Receive the amounts credited to the member's DROP account, including interest; and

(ii) Begin receiving a monthly retirement allowance in the amount being credited to the member's DROP account.

(2) A member upon the completion of the designated DROP participation period shall select one of the following as the form of distribution of the member's DROP account:

(i) A lump sum; or

(ii) An amount payable monthly in equal monthly installments in accord with applicable provisions of the Internal Revenue Code;

1. The member shall be entitled to select an installment pay-out period not to exceed the lesser of ten years or the joint life expectancies of the member and the member's spouse;

2. The balance in the member's DROP account during the installment pay-out period shall be credited with simple interest monthly at the actuarially assumed interest rate;

3. No cost-of-living adjustment shall be made to the monthly amount;

4. Payments of the monthly amount shall terminate when the balance in the DROP account is reduced to zero;

5. If the retired member dies prior to receipt of the member's entire DROP account, then:

(a) A designated DROP beneficiary who is listed in Section 3-353(f)(2)(i) shall be entitled to select a form of distribution under Section 3-353(g)(2); or

(b) A designated DROP beneficiary who is not listed in Section 3-353(f)(2)(i) shall receive a DROP account distribution in the form of a lump sum; or

(c) If the designated DROP beneficiary is not then living, the balance in the DROP account in the form of a lump sum shall be distributed to the estate of the DROP participant.

6. The retired member may at any time request immediate payment of the entire balance remaining in the member's DROP account; or

(iii) Such other form of distribution, as is adopted by the Board and in accord with applicable provisions of the Internal Revenue Code.

(3) No distribution shall be made from a member's DROP account until the member terminates DROP participation.

(4) If a member dies while participating in DROP, the member's DROP account shall be paid pursuant to Sections 3-353(f) and 3-353(g)(2).

(h) **Termination of DROP Participation.** A member's participation in DROP shall automatically terminate upon the earliest occurrence of any of the following events:

(1) Completion of the member's designated DROP participation period; or

(2) Death of the member; or

(3) Approval by the Board of the member's application for a disability retirement; or

(4) Voluntary termination of a member's employment; or

(5) Involuntary termination of a member's employment, whether or not for cause, including layoffs or reductions in force and including the conclusion of any administrative or judicial appeals process.

(i) **General DROP Provisions.**

(1) The right is reserved at any time and from time to time, and retroactively if deemed necessary or appropriate, to amend in whole or in part any or all of the provisions relating to DROP. But no amendment shall be enacted which has the effect of decreasing the amount credited to a member's DROP account.

(2) The Board shall enact such rules and procedures as are necessary or appropriate to administer DROP.

(3) The Board shall issue annually to each DROP participant a statement of that member's DROP account balance.

(4) The refund of the dependent portion of a member's normal contribution rate under Section 3-319 (Normal Contributions of Members) shall not be made until the member terminates DROP participation and retires.

(j) **Compliance with Applicable Provisions of the Internal Revenue Code and other Federal Laws.**

(1) It is intended that DROP shall not jeopardize the tax-qualified status of the System under the Internal Revenue Code. Full rights are reserved to modify this section to the extent necessary or appropriate to insure that DROP complies with applicable federal laws, regulations, and administrative rulings.

(2) Notwithstanding any other provision in this section, the DROP program shall be subject to the sections of the Internal Revenue Code applicable to governmental plans, as amended, and the regulations and rulings under those sections.

(k) **Employment Status During DROP Participation.** The employment status of a member electing to participate in DROP shall not be affected by that election.
(Added Ord. 97-65, § 1, eff. 12-18-97; Am. Ord. 2000-72, § 1, eff. 12-11-00; Am. Ord. 2001-72, § 6, eff. 11-10-01; Am. Ord. 2006-15, § 12, eff. 3-10-06; Am. Ord. 2011-1, § 13, eff. 3-7-11; Am. Ord. 2012-4, § 1, eff. 3-15-12; Am. Ord. 2021-012, § 4, eff. 5-17-21).

SEC. 3-354. POST-RETIREMENT SUPPLEMENTAL BENEFIT.

(a) **Purpose of the Post-Retirement Supplemental Benefit.**

(1) It is the intent of this section to create a post-retirement supplemental benefit applicable to this article and to article 4 to provide assistance to retirees to pay for various post-retirement expenses.

(2) It is the intent of this section that the post-retirement supplemental benefit is to be distributed if and only if distributable actuarial surplus, as defined in this section, is available to provide such benefit.

(3) It is the intent of this section that the post-retirement supplemental benefit not jeopardize in any manner the tax-qualified status of the System under the Internal Revenue Code. The provisions of this section may at any time be modified, with such modifications being given retroactive effect, if necessary, to maintain the System's tax-qualified status.

(4) It is generally the intent of this section to distribute only a single post-retirement supplemental benefit to any given individual, except as provided in subsection (g)(3) of this section.

(5) It is generally the intent of this section that, if an individual is eligible to receive a post-retirement supplemental benefit from this System and from the Employees Retirement System, the individual is to receive only the higher of the two benefits, except as provided in subsection (g)(3) of this section.

(b) **Definitions.** The following words as used in this section, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) "Actuarial accrued liabilities" shall mean that portion, as determined under the actuarial funding method adopted by the Retirement Board, of the actuarial present value of retirement benefits and System expenses which is not provided for by future normal costs.

(2) "Actuarial value of assets" shall mean the value of cash, investments and other property of the System, as used by the System's actuary for the purpose of an actuarial valuation.

(3) "Actuarial surplus" shall mean the amount by which the actuarial value of the System's assets exceeds one hundred and ten percent (110%) of the System's actuarial accrued liabilities.

(4) "Actuarial deficit" shall mean the amount by which one hundred and ten percent (110%) of the value of the System's actuarial accrued liabilities exceeds the actuarial value of the System's assets.

(5) "Distributable actuarial surplus" shall mean the actuarial surplus as amortized over such period as is determined by the Board.

(c) **Eligibility for a Post-Retirement Supplemental Benefit.**

(1) A member or former member, other than a member or former member retired or retiring under section 3-335 (Disability Retirement) or 3-412 (Disability Retirement), shall be eligible for a post-retirement supplemental benefit only if the member or former member has completed at least five full years of service with the City of Fresno.

(2) The following are eligible post-retirement supplemental benefit recipients:

(i) Former members receiving a service retirement allowance under section 3-328 (Deferred Benefits After Separation) or section 3-406 (Deferred Benefits After Separation) or section 3-333 (Allowance At Service Retirement) or section 3-411 (Allowance At Service Retirement) or a disability retirement allowance under section 3-336 (Allowance At Disability Retirement) or section 3-413 (Allowance At Disability Retirement); and

(ii) Members, but only while participating in the Deferred Retirement Option Program under section 3-353 or section 3-424, and with the post-retirement supplemental benefit only being credited to the member's DROP account; and

(iii) Beneficiaries receiving a monthly allowance under section 3-330 (Death Benefits) or 3-408 (Death Benefits) or under section 3-338 (Continuation Of Retirement Allowances After Death) or section 3-415 (Continuation of Retirement Allowances) or under section 3-341 (Optional Modification Of Allowance) or section 3-417 (Optional Modification Of Allowance).

1. In situations where a monthly allowance is divided among more than one beneficiary, such as where there is more than one child under age eighteen receiving an allowance under section 3-330 or 3-408 or where the allowance under section 3-338 or 3-415 is distributed to a qualifying surviving spouse or qualifying domestic partner but where the allowance under section 3-341 (Option 2) or section 3-417 (Option 2) is distributed to a different individual, only a single post-retirement supplemental benefit shall be paid, with that benefit being divided among the applicable beneficiaries based upon the ratio that each allowance being paid bears to the total of all allowances being paid with respect to the former member.

(3) Members, retired members and beneficiaries become eligible for the post-retirement supplemental benefit at the earlier of the date they first commence receiving monthly retirement allowance or upon commencing participation in the Deferred Retirement Option Program, but in no event prior to January 1, 1999.

(4) Ineligible to receive a Post-Retirement Supplemental Benefit are

(i) Former members who withdrew their contributions from the System; and

(ii) Notwithstanding any other provision in this section to the contrary, members and former members, other than members or former members retired or retiring under

section 3-335 (Disability Retirement) or 3-412 (Disability Retirement), who have completed less than five full years of service with the City of Fresno, with service with any other employer specifically excluded.

(d) **Determination of Amortization Period of Actuarial Surplus.**

(1) The Retirement Board shall consult with the System's actuary and thereafter adopt a period over which the actuarial surplus is to be amortized.

(2) The Retirement Board after consultation with the System's actuary may modify the amortization period.

(e) **Determination of Distributable Actuarial Surplus.**

(1) The Retirement Board shall at the meeting at which it receives and approves the periodic actuarial valuation report review and declare the amount of actuarial surplus as determined by the System's actuary.

(2) The Retirement Board shall then declare by resolution the amount of distributable actuarial surplus, available for distribution.

(f) **Allocation and Distribution of Distributable Actuarial Surplus.**

(1) The Retirement Board shall divide the distributable actuarial surplus into two components, one component composed of two-thirds of the distributable actuarial surplus and a second component composed of one-third of the distributable actuarial surplus.

(2) The two-thirds component of the distributable actuarial surplus shall be used to reduce or eliminate city contributions.

(i) In the event a portion of the two-thirds component remains after reducing or eliminating city contributions, the remainder shall be allocated to a City Surplus Reserve Account.

1. The City Surplus Reserve Account shall accrue interest at the average gross rate of return earned by the System's entire investment portfolio for each of the three prior fiscal years, including realized and unrealized gains and losses and as reduced by all investment related expenses.

2. The City Surplus Reserve Account shall be drawn upon in subsequent years if needed to reduce or eliminate the city's contributions.

(3) The one-third component of surplus shall be distributed among eligible post-retirement supplemental benefit recipients as follows:

(i) The Retirement Administrator shall determine the number of eligible post-retirement supplemental benefit recipients under this article and article 4 as of the date of the most recent actuarial valuation.

(ii) Seventy-five percent (75%) of the distributable actuarial surplus (or such higher percentage as is determined by the Retirement Board) shall be divided by the number in subsection f(3)(i), with this amount then divided by twelve and distributed on a

monthly basis to each eligible post-retirement supplemental benefit recipient commencing in January of the calendar year following the declaration of distributable actuarial surplus.

(iii) Any distributable actuarial surplus that is not distributed pursuant to subsection f(3)(ii) shall be allocated to a Post-Retirement Supplemental Benefit Reserve Account ("PRSB Reserve Account").

1. The PRSB Reserve Account shall accrue interest at the average gross rate of return earned by the System's entire investment portfolio for each of the three prior fiscal years, including realized and unrealized gains and losses and as reduced by all investment related expenses.

2. The PRSB Reserve Account shall be drawn upon in subsequent years to the extent necessary to increase the amount otherwise available to pay a monthly post-retirement supplemental benefit equivalent to a monthly health insurance premium as determined by the Retirement Board.

3. In the event of an actuarial deficit, amounts in the PRSB Reserve Account may be used to pay a post-retirement supplemental benefit in an amount as determined by the Board; in the absence of a positive balance in the PRSB Reserve Account, a post-retirement supplemental benefit shall not be paid.

(g) **General Post-Retirement Supplemental Benefit Provisions.**

(1) The right is reserved at any time and from time to time, and retroactively if deemed by the Board to be necessary or appropriate, to amend in whole or in part any or all of the provisions relating to the post-retirement supplemental benefit.

(2) The Board shall enact such rules and procedures as are necessary or appropriate to administer the post-retirement supplemental benefit.

(3) An individual who is a retired member of this System and also a surviving spouse or surviving domestic partner or beneficiary of a member of this System or of the Employees Retirement System shall be eligible to receive two post-retirement supplemental benefits, one as a retired member and one as a surviving spouse or beneficiary.

(4) Except as provided in subsection (g)(3) of this section,

(i) an individual is entitled to receive only a single post-retirement supplemental benefit from the System, and

(ii) if an individual is eligible to receive a post-retirement supplemental benefit from the System and also from the Employees Retirement System, the individual shall be entitled to receive only the larger of the two benefits.

(h) **Compliance with Applicable Provisions of the Internal Revenue Code and other Federal Laws.**

(1) It is intended that the post-retirement supplemental benefit not jeopardize the tax-qualified status of the System under the Internal Revenue Code. Full rights are

reserved to modify this section to the extent necessary or appropriate to insure that the post-retirement supplemental benefit complies with applicable federal laws, regulations, and administrative rulings.

(2) Notwithstanding any other provision in this section, the post-retirement supplemental benefit shall be subject to the sections of the Internal Revenue Code applicable to governmental plans, as amended, and the regulations and rulings under those sections.

(i) **Effective Date.** The first actuarial valuation to which this section will apply is June 30, 1998. The PRSB benefit shall not be distributed earlier than January 1, 1999 and shall not be attributable to any period prior to January 1, 1999. (Added Ord. 98-35, § 18, eff. 6-27-98; Am. Ord. 2000-2, § 1, eff. 2-10-00; Am. Ord. 2002-6, § 1, eff. 2-18-02; Am. Ord. 2002-10, § 1, eff. 3-19-02; Am. Ord. 2006-15, § 13, eff. 3-10-06).

SEC. 3-355. RIGHTS OF DOMESTIC PARTNERS.

Full rights are reserved, at any time and from time to time and retroactively if deemed necessary or appropriate, to amend in whole or in part any and all provisions of this Article 3 relating to domestic partners. It is specifically intended that, if through the initiative process or otherwise, California law expands or reduces, rescinds or terminates the status and rights of domestic partners, whether current, surviving, or former, or the status and rights of domestic partnerships, then conforming expansions, reductions, rescission, or termination shall be deemed to be incorporated into this article, including retroactively. It is further intended that the domestic partner provisions of this Article not jeopardize the tax-qualified status of the System under the Internal Revenue Code; full rights are reserved to modify or rescind those provisions to insure compliance with applicable federal laws, regulations, and administrative rulings. (Added Ord. 2006-15, § 14, eff. 3-10-06)

SEC. 3-356. QUALIFIED EXCESS GOVERNMENTAL BENEFIT ARRANGEMENT.

(a) **Establishment of Plan and Trust.**

(1) **Establishment of Plan and Trust.** The "City of Fresno Fire and Police Retirement System Excess Benefit Plan and Trust" ("Plan") is hereby established, pursuant to U.S. Internal Revenue Code ("IRC") Section 415.

(2) **Purpose.** The purpose of this Plan is solely to provide the part of a Participant's Retirement Benefit that would otherwise have been payable under the City of Fresno Fire and Police Retirement System ("Retirement System"), except for the limitations of IRC Section 415(b). This Plan is intended to be a "qualified governmental excess benefit arrangement" or "QEBA" within the meaning of IRC Section 415(m)(3) and must be interpreted and construed consistently with that intent. This Plan is deemed a portion of the Retirement System solely to the extent required under, and within the meaning of, IRC Section 415(m)(3).

This Plan is an "exempt governmental deferred compensation plan" described in IRC Section 3121(v)(3). IRC Sections 83, 402(b), 457(a) and 457(f)(1) do not apply to this

Plan. With respect to IRC Section 457(a), the maximum amount that may be deferred under this Plan on behalf of any Participant for the taxable year may exceed both the amount in IRC Section 457(b)(2) (as adjusted for cost of living increases) and the percent of the Participant's includable compensation referred to in that IRC Section. The City will not hold any assets or income under this Plan in trust for the exclusive benefit of Participants or their Beneficiaries.

(b) **Definitions and Constructions.**

(1) **Definitions.** When the initial letter of a word or phrase is capitalized herein, it has the same meaning as defined below:

(i) "Administrator" means the City Manager or any entity or employee designated by the City Manager.

(ii) "Beneficiary" means an individual receiving a pension, an annuity, a retirement allowance, or other benefit provided under the Retirement System.

(iii) "Board" means the Fire and Police Retirement Board acting as trustee of the Retirement System.

(iv) "City" means the City of Fresno.

(v) "Employer" means the City. Provided, however, that "Employer" as defined here is limited to entities which are the State, a political subdivision of the State, or an agency or instrumentality of the State. No employer which is not permitted to participate in a qualified governmental pension plan as defined in IRC Sections 401(a) and 414(d) shall be permitted to participate in the Plan.

(vi) "Excess Benefit" means the benefit determined in accordance with Section 4.01 of this Plan.

(vii) "IRC" means the Internal Revenue Code of 1986, as amended, or corresponding provisions of any subsequent federal income tax law, as applicable to a governmental plan.

(viii) "Member" means any person included in the membership of the Retirement System, pursuant to Sections 3-301 (e) and (m) and Section 3-303 of the City of Fresno Municipal Code.

(ix) "Participant" means a Member, Retiree, or Beneficiary who is entitled to benefits in accordance with Section (c) of this Plan.

(x) "Plan" means the "City of Fresno Fire and Police Retirement System Excess Benefit Plan and Trust" established by this Ordinance pursuant to IRC Section 415.

(xi) "Plan Year" means the calendar year for purposes of the Plan.

(xii) "QEBA" means a Qualified Governmental Excess Benefit Arrangement within the meaning of IRC Section 415(m).

(xiii) "Retiree" means a former Member who is receiving a Retirement Benefit from the City under the Retirement System.

(xiv) "Retirement Benefit" means the amount of retirement income payable to a Retiree of an Employer, or the benefit payable to a Beneficiary, without regard to any limitations on that retirement income or benefit under IRC Section 415(b).

(xv) "Retirement Fund" means the fund of the Retirement System established under Section 3-313 of the City of Fresno Municipal Code.

(xvi) "Retirement System" means the City of Fresno Fire and Police Retirement System, a defined benefit retirement plan administered by the Board.

(xvii) "State" means the State of California.

(xviii) "Trust Fund" means the separate trust fund established pursuant to Section (f) of this Plan, which fund constitutes a valid trust under the law of the State.

(xix) "Trustees" mean the members of the Board.

(2) **Construction.**

(i) Words used in this Plan in the masculine gender include the feminine gender where appropriate, and words used in this Plan in the singular or plural include the plural or singular where appropriate.

(ii) Whenever any actuarial present value or actuarial equivalency is to be determined under the Plan to establish a benefit, it will be based on reasonable actuarial assumptions approved by the Administrator in its sole discretion, and will be determined in a uniform manner for all similarly situated Participants.

(c) **Participation.** All Members, Retirees, and Beneficiaries who were Members in the Retirement System on or before June 28, 1991 are eligible to and shall participate in this Plan if their Retirement Benefits from the Retirement System for a Plan Year would exceed the limitation imposed by IRC Section 415(b). The Administrator determines for each Plan Year which Members, Retirees, and Beneficiaries are eligible to participate in the Plan. Participation in the Plan begins each Plan Year once a Member, Retiree, or Beneficiary has an Excess Benefit in that Plan Year. Participation in the Plan ends for any Plan Year in which the Retirement Benefit of a Member, Retiree, or Beneficiary is not limited by IRC Section 415(b) or when all benefit obligations under the Plan to the Member, Retiree, or Beneficiary have been satisfied.

(d) **Payment of Benefits.**

(1) **Benefit Amount.** A Participant in the Plan will receive a benefit equal to the amount of retirement income that would have been payable to, or with respect to, a Participant by the City that could not be paid because of the application of the limitations on his or her retirement income under IRC Section 415(b). An Excess Benefit under the Plan will be paid only if and to the extent the Participant is receiving Retirement Benefits from the Retirement System.

(2) **Time for Payment; Form of Benefit.** The Administrator will compute and pay the Excess Benefit in the same form, at the same time, and to the same persons as such benefits would have otherwise been paid as a monthly pension under the Retirement System, except for the IRC Section 415 limitations. No election is provided at any time to the Participant, directly or indirectly, to defer compensation under this Plan.

(e) **Contributions and Funding.**

(1) **Funding.** The Plan is, and will remain, unfunded and the rights, if any, of any person to any benefits under the Plan are limited to those specified in the Plan. The Plan constitutes a mere unsecured promise by the Employer to make benefit payments in the future.

(2) **Contributions.**

(i) Based upon information provided by the Board or the Retirement System, the Administrator will determine the amount necessary to pay the Excess Benefit under the Plan for each Plan Year. The required contribution will be the aggregate of the Excess Benefits payable to all Participants for the Plan Year and an amount determined by the Administrator to be a necessary and reasonable expense of administering the Plan. Contributions will not be calculated in a manner designed to pay future Excess Benefits. Under no circumstances will Employer contributions to fund the Excess Benefits be credited to or commingled with contributions paid into and accumulated in the Retirement Fund. Any contributions not used to pay the Excess Benefit for a current Plan Year, together with any income accruing to the Trust Fund, will be used, as determined by the Administrator, to pay the administrative expenses of the Plan for the Plan Year. Any contributions not used to pay the Excess Benefit for the current Plan Year that remain after paying administrative expenses of the Plan for the Plan Year will be used to fund administrative expenses or benefits of Participants in future Plan Years.

(ii) The Administrator will account separately for the amounts necessary to provide the Excess Benefit under the Plan for each Participant. But, this separate accounting will not be deemed to set aside these amounts for the benefit of a Participant. Benefits under this Plan will be paid from the Trust Fund.

(iii) The consultants, independent auditors, attorneys, and actuaries performing services for the Administrator may also perform services for this Plan; but, any fees attributable to services performed with respect to this Plan will be payable solely by the Employer or from the Trust Fund.

(iv) As set forth in Section (f)(1) of this Plan, the assets of the Trust Fund shall not be comingled with the assets of the Retirement Fund. Notwithstanding, and to the extent otherwise permitted by applicable law, the Retirement System shall apply a credit toward or otherwise adjust the Employer's contributions to the Retirement Fund each year to reflect benefits are paid from this Plan rather than the Retirement System due to limits imposed by IRC Section 415(b). The

amount of the credit or adjustment will be determined by a methodology acceptable to the Retirement System's actuary and such credit or adjustment will be implemented in compliance with applicable law.

(f) **Trust Fund.**

(1) **Establishment of Trust Fund.** The Trust Fund is established as a valid trust under the laws of the State, separate from the Retirement Fund, to hold contributions of the Employer. Contributions to this Trust Fund will be held separate and apart from the funds comprising the Retirement Fund and will not be commingled with assets of the Retirement Fund, and must be accounted for separately.

(2) **Trust Fund Purpose.** The Trust Fund is maintained solely to provide benefits under a qualified governmental excess benefit arrangement within the meaning of IRC Section 415(m), and pay administrative expenses of this arrangement.

(3) **Trust Fund Assets.** All assets held by the Trust Fund to assist in meeting the Employer's obligations under the Plan, including all amounts of Employer contributions made under the Plan, all property and rights acquired or purchased with these amounts and all income attributable to these amounts, will be held separate and apart from other funds of the Employer and will be used exclusively for the uses and purposes of Participants and general creditors as set forth in this Plan. Participants have no preferred claim on, or any beneficial interest in, any assets of the Trust Fund. Any rights created under the Plan are unsecured contractual rights of Participants against the Employer. Any assets held by the Trust Fund are subject to the claims of the Employer's general creditors under federal and state law in the event of insolvency.

(4) **Grantor Trust.** The Trust Fund is intended to be a grantor trust, of which the Employer is the grantor, within the meaning of subpart E, part I, subchapter J, chapter 1, subtitle A of the Code, and will be construed accordingly. This provision will not be construed to create an irrevocable trust of any kind.

(5) **Trust Fund Income.** Income accruing to the Trust Fund under the Plan constitutes income derived from the exercise of an essential governmental function upon which the Trust is exempt from tax under IRC Section 115, as well as IRC Section 415(m)(1).

(g) **ADMINISTRATION.**

(1) **Administrative Authority.** The City has the exclusive authority to control and manage the operation and administration of this Plan.

(i) The City has the power and authority (including discretion with respect to the exercise of that power and authority) necessary, advisable, desirable or convenient to enable it:

to establish procedures to administer the Plan not inconsistent with the Plan and the Code, and to amend or rescind these procedures; to

determine, consistent with the Plan, applicable law, rules or regulations, all questions of law or fact that may arise as to eligibility for participation in the Plan and eligibility for distribution of benefits from the Plan, and the status of any person claiming benefits under the Plan;

to make payments from the Trust Fund to Participants pursuant to Section (d) of this Plan;

to contract with a third party to perform designated administrative services under this Plan; and

to construe and interpret the Plan as to administrative issues and to correct any defect, supply any omission or reconcile any inconsistency in this Plan with respect to same, subject to and consistent with the IRC.

(ii) Any action by the City that is not found to be an abuse of discretion will be final, conclusive and binding on all individuals affected thereby. The City may take any such action in such manner and to such extent as the City in its sole discretion may deem expedient, and the City will be the sole and final judge of such expediency.

(iii) The City will seek appropriate rulings from the Internal Revenue Service with regard to the status of the Plan under the IRC.

(2) **Advice.** The City may employ one or more persons to render advice with regard to its responsibilities under the Plan.

(3) **Payment of Benefits.** If in doubt concerning the correctness of its action in making a payment of a benefit, the City may suspend payment until satisfied as to the correctness of the payment or the person to receive the payment.

(4) **Delegation by Administrator.** The Administrator will handle the day-to-day operation of the Plan and may delegate certain functions to a third party.

(h) **Plan Amendments.** The City from time to time may amend, suspend, or terminate any or all of the provisions of this Plan as may be necessary to comply with IRC Section 415(m) and to maintain the Plan's or the Retirement System's qualified status under the IRC.

(i) **Nonassignability and Exemption from Taxation and Execution.** The interests of Participants under this Plan are exempt from any state, county, municipal or local tax, and are not subject to execution, garnishment, attachment, or any other process of law whatsoever, and are unassignable and nontransferable, except as otherwise provided by Section (f) or otherwise as in the same manner as a Retirement Benefit under the Retirement System.

(j) **Miscellaneous.**

(1) **Federal and State Taxes.** The Employer, the Administrator, Board Trustees and the Retirement System, if any, do not guarantee that any particular Federal or State income, payroll, or other tax consequence will occur because of participation in this Plan.

(2) **Investment.** The Administrator may hold a portion of the assets of the Plan uninvested as it deems advisable for making distributions under the Plan, or may invest assets of the Plan pending the Excess Benefit payments in short-term investment grade instruments as otherwise permitted by law.

(3) **Conflicts.** In resolving any conflict between provisions of the Plan, and in resolving any other uncertainty as to the meaning or intention of any provision of the Plan, the prevailing interpretation will be the one that (i) causes the Plan to constitute a qualified governmental excess benefit arrangement under the provisions of IRC Section 415(m) and the Trust Fund to be exempt from tax under IRC Sections 115 and 415(m), (ii) causes the Plan and the Administrator to comply with all applicable requirements of the IRC, (iii) causes the Plan and the Administrator to comply with all applicable State laws, and (iv) causes the Trust Fund to constitute a grantor trust under the IRC.

(4) **Limitation on Rights.** Neither the establishment or maintenance of the Plan, nor any amendment to the Plan, nor any act or omission under the Plan (or resulting from the operation of the Plan) may be construed:

(i) as conferring upon any Participant or any other person a right or claim against the Employer, Administrator, Board, Trustees or the Retirement System, if any, except to the extent that the right or claim is specifically expressed and provided in the Plan;

(ii) as creating any responsibility or liability of the Employer for the validity or effect of the Plan;

(iii) as a contract between the Employer and any Participant or other person;

(iv) as being consideration for, or an inducement or condition of, employment of any Participant or other person, or as affecting or restricting in any manner or to any extent whatsoever the rights or obligations of the Employer or any Participant or other person to continue or terminate the employment relationship at any time; or

(v) as giving any Participant the right to be retained in the Employer's service or to interfere with the Employer's right to discharge any Participant or other person at any time.

(5) **Erroneous Payments.** Any benefit payment that should not have been made, according to the terms of the Plan and the benefits provided hereunder, may be recovered as provided by law.

(6) **Release.** Any payment to any Participant will, to the extent thereof, be in full satisfaction of the Participant's claim being paid thereby, and the Administrator may condition the payment on the delivery by the Participant of the duly executed receipt and release in a form determined by the Administrator.

(7) **Liability.** The City, or Administrator, if any, will not incur any liability in acting upon any paper or document or electronic transmission believed by the City or Administrator to be genuine or to be executed or sent by an authorized person.

(8) **Governing Laws.** The City of Fresno Municipal Code and the laws of the State apply in determining the construction and validity of this Plan.

(9) **Necessary Parties to Disputes.** The only party necessary to any accounting, litigation or other proceedings relating to the Plan is the Administrator. The settlement or judgment in any case in which the Administrator is duly served will be binding upon all affected Participants in the Plan, their beneficiaries, estates and upon all persons claiming by, through or under them.

(10) **QEBA Funds Unsecured.** Nothing in this Ordinance shall be construed as providing for assets to be held in trust or escrow or any form of asset segregation from members, retired members, or beneficiaries except as specifically set forth in this Ordinance. To the extent any person acquires the right to receive benefits under this Plan, the right shall be no greater than the right of any unsecured general creditor of the City of Fresno, State of California.

(11) **Severability.** If any provision of the Plan is held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions of the Plan will continue to be fully effective.

(Added Ord. 2015-22, § 1, eff. 9-10-15)

ARTICLE 4 SECOND TIER OF THE FIRE AND POLICE RETIREMENT SYSTEM

Sec. 3-401. Definitions.

Sec. 3-426. Rights of Domestic Partners.
Sec. 3-427. Refund of Contributions.

SEC. 3-401. DEFINITIONS.

The following words and phrases as used in this article, unless a different meaning is plainly required by the context, shall have the following meanings. Words and phrases defined in section 3-301 that are not defined differently in this section shall have the same meaning in this article as in article 3.

(a) (1) "Accumulated contributions" shall mean accumulated normal contributions.

(2) "Average Compensation." Each member's Benefits at Retirement shall be computed on the basis of the highest average monthly compensation earnable by a member during any 36-consecutive-month period of Service (or, if the period of Service is less than 36 months, for the member's total period of Service).

(3) "Alternate payee" shall mean the spouse, domestic partner, former spouse, or former domestic partner of a member of this System who, as a result of petitioning a court of competent jurisdiction for the division of community property, has been awarded an interest

in the benefits payable to a member. A spouse, domestic partner, former spouse, or former domestic partner who is awarded an interest in such benefits shall not be or become a member of this System by reason of such award or payment of such benefits.

(b) Reserved.

(c) (1) "Compensation," as distinguished from benefits under Division 4 of the Labor Code of the State of California, shall be limited to mean the base compensation payable by the city, in amounts fixed for members of the Fire Department, Police Department and Airport Public Safety Division, and also including payments made to members of the Fire Department by way of Paramedic Premium Pay and Holiday Payoff, and, to members of the Police Department and of the Airport Public Safety Division by way of the Educational Incentive Program, Assignment Pay and Holiday Payoff. Any form of compensation not specifically mentioned above shall not be included unless modified by the Council. Any such modification of the definition of Compensation by the Council must contain an express statement by the Council, in clear and concise language, that said definition is being modified. For individuals who first became members in the System before July 1, 1996, there shall be no limit on the compensation taken into account in determining his or her benefits. For individuals who first became members in the System on or after July 1, 1996, the annual compensation of each member taken into account under the System for any year shall not exceed the maximum amount provided in Internal Revenue Code Section 401(a)(17). In applying this rule for individuals who first became members on or after July 1, 1996, the following special rules shall apply:

(i) Effective with respect to the plan years commencing on or after July 1, 1996, and before July 1, 2002, the maximum amount is $150,000 as adjusted for cost of living increases by the Secretary of the Treasury. Each subsequent year that maximum is subject to further adjustments for cost of living increases in accordance with regulations issued by the Secretary of the Treasury. Any such increases shall be automatically incorporated into this Code without the need for specifically amending this Code each time the maximum is adjusted.

(ii) Effective only for the 1996 plan year, if any individual is part of the family of a highly compensated employee in the group consisting of the ten most highly compensated employees paid the greatest compensation by the city during the plan year, then such individual shall not be considered a separate employee. Compensation paid to such individual by the city shall be treated as if it were paid to the highly compensated employee. In applying this rule, the term "family" shall include only the spouse of the highly compensated employee and any lineal descendants of the highly compensated employee who have not attained age nineteen before the end of the plan year and the term "highly compensated employee" shall refer to those employees defined in Internal Revenue Code Section 414(q).

(iii) If the provisions of subsection (ii) above are applied to any member and his or her family in the aggregate, the compensation counted for each aggregated employee shall be reduced pro rata to stay within the limit of subsection (i), except that if any family member is not participating in any qualified retirement plan sponsored by the city, then the compensation counted for that family member shall be reduced to zero before any other reductions are made under this subsection.

(iv) Effective with respect to plan years beginning on and after July 1, 2002, the annual compensation of a plan member which exceeds $200,000 (as adjusted for cost-of-living increases in accordance with Section 401(a)(17)(B) of the Internal Revenue Code) may not be taken into account in determining benefits or contributions due for any plan year. Annual compensation means compensation during the plan year or such other consecutive 12-month period over which compensation is otherwise determined under the plan (the determination period). The cost-of-living adjustment in effect for a calendar year applies to annual compensation for the determination period that begins with or within such calendar year. If the determination period consists of fewer than 12 months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is 12. If the compensation for any prior determination period is taken into account in determining a plan member's contributions or benefits for the current plan year, the compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that prior period.

(v) As used in this Section, the term "eligible member" means a person who first became a member of the City of Fresno Fire and Police Retirement System prior to the plan year beginning after December 31, 1995. Pursuant to Section 13212(d)(3)(A) of OBRA '93, and the regulations issued under that section, eligible members are not subject to the limits of Section 401(a)(17) of the Internal Revenue Code.

(2) "Contributions" shall mean normal contributions.

(d) The following definitions apply to domestic partnerships and to domestic partners:

(1) "Domestic partnership" shall mean (1) a registered domestic partnership that has been established by filing a Declaration of Domestic Partnership with the Secretary of State pursuant to Division 2.5 of the California Family Code; or (2) a legal union of two persons of the same sex, other than a marriage, that was validly formed in a jurisdiction other than California if such union is recognized as a domestic partnership pursuant to California Family Code Section 299.2.

(2) "Domestic partner" shall mean a person who has entered into a domestic partnership.

(3) "Former domestic partner" shall mean the person who had established a domestic partnership with a member, where that partnership has since been terminated pursuant to California law or other applicable law.

(4) "Surviving domestic partner" shall mean the person with whom a deceased member, at the time of death, had established a domestic partnership and who survives the member's death.

(e) Reserved.

(f) "Firefighter," shall mean employees of the Fire Department employed in the following classes: Fire Chief, Assistant Fire Chief, Fire Bureau Chief, Fire Battalion Chief, Fire Captain, Firefighter Specialist, Firefighter, and Firefighter Trainee or, in the event class titles are changed or added within the class series, also in such classes.

(g) "Fire or Police Department or Airport Public Safety Division" shall mean the Fire Department or the Police Department or the Airport Public Safety Division and specifically excludes every other city department or division regardless of the functions performed by employees of that department or division.

(h) Reserved.

(i) Reserved.

(j) Reserved.

(k) Reserved.

(l) Reserved.

(m) Reserved.

(n) "Member" shall mean any person included in membership of the Retirement System.

(o) "Normal Contributions" shall mean contributions at the rates provided for in Section 3-405, without interest.

(p) "Overtime leave," for the purposes of this article, is any absence from duty with compensation allowed or allowable on account of overtime, which is the aggregate service performed by an employee as a member in excess of the hours of work considered normal for employees on full-time basis.

(q) (1) "Police Officer" shall mean employees of the Police Department employed in the following classes: Police Chief, Deputy Police Chief, Police Captain, Police Lieutenant, Police Sergeant, Police Specialist, Police Officer, and Police Officer Recruit or, in the event class titles are changed or added within the class series, also in such classes.

(2) "Public safety officer/supervisor" shall mean employees in the class of public safety officer or public safety supervisor in the Airport Public Safety Division or, in the event class titles are added within the class series or are changed, also in such classes.

(r) Reserved.

(s) Reserved.

(t) "Service" shall mean service rendered as a firefighter in the Fire Department or police officer in the Police Department or as a public safety officer/supervisor in the Airport Public Safety Division for compensation, and for the purpose of the Retirement System as a member shall be considered as being in the "service" only while he/she is receiving compensation from the city for such service. When service is a factor in the computation of allowances and other benefits hereunder, fractional years of service shall be added to make complete years, and any remaining fractional year shall be included in the computation, unless only completed years are required by the context.

(u) "Plan year" shall mean the consecutive 12-month period beginning on July 1 and ending on June 30 of the following calendar year.

(v) "Limitation year" shall mean the calendar year.

(Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 94-28, §§ 1, 2, eff. 5-27-94; Am. Ord. 95-42, §§ 1—4, eff. 6-23-95; Am. Ord. 96-41, § 2, eff. 6-28-96; Am. Ord. 96-54, § 24, eff. 9-20-96; Am. Ord. 98-36, § 3, eff. 6-27-98; Am. Ord. 98-99, §§ 1—4, eff. 1-9-99; Am. Ord. 2006-16, § 1, eff. 3-10-06; Am. Ord. 2011-1, §§ 14, 15, eff. 3-7-11).

SEC. 3-402. CREATION OF THE SECOND TIER OF THE FIRE AND POLICE RETIREMENT SYSTEM.

(a) There is hereby created a second tier of the Fire and Police Retirement System. Any person who commenced city service as a firefighter, police officer, or airport public safety officer/supervisor on or after August 27, 1990 shall be subject to the provisions of this article.

(b) This article is intended to add a second, separate, and distinct tier to the Fire and Police Retirement System in terms of employee contributions, benefits, vesting, the definition of compensation, and other matters.

(c) All persons who were members of the Retirement System under Section 3-301 prior to August 27, 1990, terminate service, resume service, and redeposit contributions after August 26, 1990, shall be members of the Retirement System established under Section 3-301, subject to the provisions thereof.

(d) All persons who first become members of the Retirement System after August 26, 1990, terminate service, and resume service shall be, subject to the provisions of this article.

(e) The second tier of the Fire and Police Retirement System is a component of the Retirement System and is accordingly to be administered, controlled, and managed by the Retirement Board created under section 3-305.

(f) Since this article is a second tier of the Retirement System, (i) such administrative provisions of article 3 as sections 3-305, 3-306, 3-308, 3-309, 3-310, 3-311, 3-312, 3-313, 3-314, 3-315, 3-316, 3-317, 3-322, 3-323, 3-324, 3-325, 3-326, 3-334, 3-345, 3-346, 3-350, 3-351, and 3-352, and (ii) Section 3-354 are applicable to members who commenced service on or after August 27, 1990.

(g) In the event of a conflict between the provisions of article 3 and this article, the provisions of this article shall apply to members who commenced service on or after August 27, 1990.
(Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 98-36, §§ 4, 5, eff. 6-27-98; Am. Ord. 98-99, § 5, 1-9-99; Am. Ord. 2011-1, § 16, eff. 3-7-11; Am. Ord. 2017-15, § 2, eff. 4-24-17.)

SEC. 3-403. PERSONS EXCLUDED.

The following employees shall not be subject to the provisions of this article: Employees in the position of Police Chief or Fire Chief who commenced service on or after August 27, 1990 and for whom retirement benefits different from those contained in this article have been established separately for them by resolution of the Council of the City of Fresno.
(Added Ord. 95-39, § 1, eff. 6-23-95; Am. Ord. 98-36, § 6, eff. 6-27-98).

SEC. 3-404. AMENDMENTS.

No amendments or other modification of this article, as now existing and as hereinafter amended, shall be made by the Council, unless said amendment or other modification shall be previously submitted to the Board for its consideration. The definition of Compensation in Sections 3-401(a)(7) and (c)(3) may not be amended without an express statement by the Council, in clear and concise language, that said definition is being modified.
(Added Ord. 90-73, § 1, eff. 8-27-90).

SEC. 3-405. NORMAL CONTRIBUTIONS OF MEMBERS.

Each member's normal rate of contribution shall be 9% of his/her compensation.
(Added Ord. 90-73, § 1, eff. 8-27-90).

SEC. 3-406. DEFERRED BENEFITS AFTER SEPARATION.

Any other provision in this article to the contrary notwithstanding, if the service of a member is discontinued by reason of resignation or discharge or by reason of lay-off or leave of absence deemed by the Board to have resulted in permanent discontinuance (and in such case, as of the date of the determination by the Board of such permanence), or if the disability retirement of a member is followed by cessation of the disability and by cancellation of the disability allowance, but the member does not re-enter service, and he/she is entitled to credit for five years of service, he/she shall have the right to elect, within ninety days after the date upon which notice of said right is mailed by the System to the member's latest address on file in its office, whether to allow his/her accumulated contributions to remain in the Retirement Fund. Failure to make such election shall be deemed an

irrevocable election to withdraw his/her accumulated contributions. A member having made such election may, at any time before the effective date of any deferred retirement allowance for which he/she has qualified under this section, rescind his/her election in writing and upon such rescission he/she shall be paid forthwith his/her accumulated contributions. A member whose membership continues under this Section is subject to the same age and disability requirements as apply to other members for service or for disability retirement, but he/she is not subject to a minimum service requirement. After the qualification of such member for retirement by reason of age or disability, he/she shall receive a retirement allowance based upon the amount of his/her accumulated contributions and service standing to his/her credit at the time of retirement and on the city contributions held for him, and calculated in the same manner as for other members, except that the provisions in this article for minimum retirement allowances do not apply to him, unless he/she meets such minimum service requirements. No death benefits shall be payable if the death of the member occurs on or after such election is made and before re-entry into service, except as provided in Subsection (b) of Section 3-408.
(Added Ord. 5313, 1958, based on former Sec. 2-722; Am. Ord. 6735, 1965; Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 95-42, § 10, eff. 6-23-95).

SEC. 3-407. DEFERRED BENEFITS AFTER ENTERING EXCLUDED CLASSIFICATION.

(a) Other code provisions to the contrary notwithstanding, the accumulated contributions of a member who has entered or enters a classification that is requisite for membership in the City of Fresno Employees Retirement System remain in the Retirement Fund. A member whose membership continues under this section is subject to the same age and disability requirements, except as provided in subsection (c) of this section, as apply to other members for service or for disability retirement and he/she is subject to a minimum service requirement of five years credited under this article and the Employees Retirement System. After such member qualifies for retirement by reason of service and age or disability, he/she shall be entitled to receive a retirement allowance based upon the amount of his/her accumulated contributions, service standing to his/her credit at the time of retirement, and his/her Average Compensation, and calculated in the same manner as for other members, except that the provisions in this article for minimum retirement allowance do not apply to him/her unless he/she meets such minimum service requirements.

(b) Upon a member's death while employed in such classification, a death benefit as described in Section 3-408 shall be payable, but computed upon the basis of compensation earnable by him/her during the six months preceding his/her entry into such classification. The portion of such death benefit derived from city contributions shall be reduced by an amount equal to the portion so derived, of any death benefit to which such member may be entitled, from such Employees Retirement System.

(c) A member with accumulated contributions remaining in the Employees Retirement Fund pursuant to Section 3-536 of Article 5 and who retires for service or disability under the Employees Retirement System, shall be retired under this System, for service or disability as

the case may be, regardless of his/her age or service credited thereunder, but subject to the requirement in subsection (a) of at least five years under both systems. Such allowances shall be calculated as provided in this Article 4, except for the greater discount of the Service Retirement Allowance, and except that the disability retirement allowances under the two Systems shall be combined for application of the provisions in Sections 3-413 and 3-547 relating to minimum allowances, and only one such minimum allowance shall be calculated on the basis of the combined credited service and the higher of the average compensation or final compensation. The minimum allowance so determined shall be prorated between the two Systems according to the credited service under such Systems.

(d) This section shall be applied retroactively to include persons who would have been subject to its provisions if it had been in effect when they entered such classification. (Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 95-42, § 11, 6-23-95; Am. Ord. 98-36, § 26, eff. 6-27-98; Am. Ord. 2001-14, § 1, eff. 3-26-01).

SEC. 3-408. DEATH BENEFITS.

(a) Upon a member's death before retirement, the Retirement System shall be liable for a death benefit which, if an amount be due under paragraph (3) of this subsection or an allowance be payable under Section 3-416, and if there be a surviving spouse or surviving domestic partner or surviving children or parents, shall be paid in monthly installments and to the surviving spouse or surviving domestic partner and children and parents as prescribed therein; otherwise such death benefit shall be paid to such person having an insurable interest in the member's life as the member shall nominate by written designation duly executed and filed with the Retirement Board or, if the member has not designated such person or if the person so designated is not living at the time of payment, to the member's estate. Such death benefit shall consist of:

(1) The member's accumulated contributions, and in addition thereto;

(2) An amount equal to one-sixth of the member's compensation earnable during the six months immediately preceding the member's death multiplied by the member's completed years of service as a member of the system not to exceed six, and if such death is service-connected, in the opinion of the Retirement Board, in addition thereto;

(3) An amount sufficient, when added to the amounts provided in the next preceding paragraphs (1) and (2) to provide, when applied according to mortality tables and interest rate adopted by the Board, a monthly death allowance, equal to the service retirement allowance which the member would have received if the member had retired for service on the day of the member's death, provided the member was at least fifty years of age, and was entitled to be credited with at least twenty years of service, but such allowance shall not be less than one half of the member's average compensation; otherwise, equal to one-half of the member's average compensation, to be paid to the surviving spouse or surviving domestic partner, to continue as long as the spouse or domestic partner shall live; or if there be no qualifying surviving

spouse or qualifying surviving domestic partner, or if the spouse or domestic partner shall die, to the unmarried child or children of such member who are unmarried or not in a domestic partnership, collectively, under the age of eighteen years, to continue until every such child dies or marries or attains age eighteen; provided that no child shall receive any allowance after marrying or attaining age eighteen. Should the member leave no surviving spouse or surviving domestic partner and no children under the age of eighteen but leave a child or children who, pursuant to terms and conditions adopted by the Retirement Board, is or are determined by the Board to have been disabled prior to age eighteen and whose disability continues past age eighteen, the child or children while so disabled shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner otherwise would have received. Should the member leave no surviving spouse or surviving domestic partner and no children under the age of eighteen years, and no disabled child whose disability continued past the age of eighteen years, but leave a parent or parents dependent upon the member for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner otherwise would have received during such dependency. If payment of the allowance be stopped because of death of the surviving spouse or death of the surviving domestic partner or attainment of the age of eighteen years by, or the death or marriage of, a child, or cessation of disability in a child whose disability continued past the age of eighteen years, or the death or cessation of dependency of a parent, before the sum of the monthly payments made shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount, to the surviving children of the deceased member, share and share alike and, if none, to the member's estate.

(b) Upon the death of a member who, after five years of service, has discontinued service and elected to allow his or her accumulated contributions to remain in the Retirement Fund, the Retirement System shall be liable, in the event the member dies four or more months after discontinuance of service, for a death benefit consisting of the member's accumulated contributions only. Such benefit shall be paid to such person as the member has nominated or shall nominate by written designation duly executed and filed with the Retirement Board and, if none, to the member's estate.

(c) A member, or a beneficiary after the death of a member, may elect, by written designation duly executed and filed with the Retirement Board, to have the death benefit provided in this section paid in monthly or annual installments instead of in one lump sum, subject to such rules and regulations as the said Board may adopt.

(d) A person, while a member or after retirement, shall have the right to revoke the nomination of a beneficiary he or she made under the Retirement System, and to nominate another beneficiary, all by written designation duly executed and filed with the Retirement Board, provided that this right shall not extend to beneficiaries nominated under Options 2A, 2B, 3A, and 3B, Section 3-417 (Optional Modification of Allowances at Retirement).

(e) With respect to members retiring on or before the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section to a surviving spouse only if the spouse was married to the member prior to the date of the sustaining of the injury or the onset of the illness which resulted in the member's death or, if such date was more than one year prior to his or her death, only if the spouse was married to the member at least one year prior to the member's death. With respect to members retiring after the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section to a surviving spouse only if the spouse was married to the member prior to member's date of retirement or to a surviving domestic partner only if the domestic partner had established a domestic partnership with the member prior to the member's date of retirement.

(f) If any benefits paid under this section are paid as a survivor annuity to the surviving spouse (or former spouse) or child(ren) of a member who qualifies as a public safety officer within the meaning of Section 101(h) of the Internal Revenue Code, and such member was killed in the line of duty, then such monthly death allowance shall be nontaxable to the extent allowed by Section 101(h) of the Internal Revenue Code. However, if the member or the member's death does not qualify under Section 101(h) of the Internal Revenue Code, then, if the Board determines that the member's death was service-connected the amount of the monthly death allowance which equals fifty percent (50%) of the member's average compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.
(Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 95-42, § 12, eff. 6-23-95; Am. Ord. 2000-4, § 4, eff. 2-10-00; Am. Ord. 2001-17, § 1, eff. 3-26-01; Am. Ord. 2001-72, § 7, eff. 11-10-01; Am. Ord. 2006-16, § 2, eff. 3-10-06; Am. Ord. 2021-014, § 1, eff. 5-17-21).

SEC. 3-409. BENEFITS AT RETIREMENT.

Upon retirement for service or disability a person shall be entitled to the retirement allowances specified in Sections 3-411 and 3-412 inclusive.
(Added Ord. 90-73, § 1, eff. 8-27-90).

SEC. 3-410. SERVICE RETIREMENT.

Retirement of a member for service shall be made by the Retirement Board as follows:

(1) Every member who attains age sixty, who shall have completed five years of service after qualifying for service retirement, shall not be required to make further contributions to the Retirement Fund. If such member shall not have completed five years of service after qualification for service retirement, then the member shall be required to contribute to the Retirement Fund only until those five years of service are completed;

(2) Any member may retire upon written application to the Retirement Board, stating what time the member desires to be retired, provided that said member shall be

entitled to be credited, at the time so specified for the member's retirement, with at least five years of service in the aggregate, and shall have attained the age of fifty years.

(Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 2000-28, § 2, eff. 4-24-00; Am. Ord. 2013-36, § 3, eff. 1-20-14).

SEC. 3-411. ALLOWANCE AT SERVICE RETIREMENT.

A member, upon retirement for service as provided in Section 3-410, shall receive a retirement allowance which shall be a pension derived from the contributions of the City sufficient when added to the service annuity that is derived from the accumulated contributions of the member at the date of his/her retirement to equal the percentage of his/her Average Compensation set forth opposite his/her age in the following table multiplied by the number of his/her years of service at the time of his/her retirement.

If retirement occurs at age:	*The percentage for each year of credited service is:*
50	2.000
50¼	2.035
50½	2.070
50¾	2.105
51	2.140
51¼	2.175
51½	2.210
51¾	2.245
52	2.280
52¼	2.315
52½	2.350
52¾	2.385
53	2.420
53¼	2.455
53½	2.490
53¾	2.525
54	2.560
54¼	2.595
54½	2.630
54¾	2.665
55 and over	2.700

In no event shall the retirement allowance exceed an amount equal to 75% of such member's Average Compensation.

On or before April 1 of each year the Retirement System shall determine the percentage of annual increase or decrease in the cost of living by reference to the Consumer Price Index (United States City Average for urban wage earners and clerical workers—all items), as published by the Bureau of Labor Statistics of the United States Department of Labor, for

each of the two immediately preceding calendar years. The percentage by which such index for the more recent full calendar year shall have increased or decreased over or below such index for the full calendar year immediately prior shall be the percentage of the annual increase or decrease in the cost of living effective January 1 of each year from January 1 of the preceding year.

Beginning as of January 1 of the year in which said Retirement Board shall so determine the percentage of increase or decrease in the cost of living, the amounts of certain members' retirement allowances as identified here shall be increased or decreased by reason of such determined percentage of increase or decrease in the cost of living but not to exceed 3% in any given year. Such determined percentage of increase or decrease in the cost of living shall be applied to the amounts of such allowances payable for the preceding month of December, including any previous percentage of increase or decrease in the cost of living. In no event, however, will the amount of allowance of any member be so increased or decreased for cost of living until the January 1 of the second calendar year following such member's service retirement.

The amount of any retirement allowance referred to in this section shall never be reduced, by reason of the cost of living adjustment, to an amount less than the amount the member was originally granted at his/her service retirement.

If the percentage of adjustment in the cost of living in any year were to exceed 3% for that year, the percentage of increase or decrease in the cost of living exceeding 3% shall be carried over and added to or subtracted from the percentage of increase or decrease in the cost of living in succeeding years, and such procedure shall be followed from year to year.
(Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 98-36, § 27, eff. 6-27-98; Am. Ord. 2009-25, § 1, eff. 8-16-09).

Editor's note—The amendments adopted Ord. 2009-25 expired June 30, 2010.

SEC. 3-412. DISABILITY RETIREMENT.

(a) Retirement of a member for disability shall be made by the Retirement Board upon medical examination as follows: Any member while in service, or within four months after the discontinuance of service, or while physically or mentally incapacitated for the performance of his/her duty, if such incapacity has been continuous from discontinuance of service, shall be examined by one or more physicians or surgeons selected by the Board, upon the Board's own motion, upon the application of the head of the office or department in which said member is employed, or upon the application of said member or of a person authorized to act in his/her behalf, stating that said member is physically or mentally incapacitated for the performance of duty and ought to be retired, provided, if his/her disability is not industrial, he/she shall be credited with ten or more years of service.

(b) If such medical examination and other available evidence show, to the satisfaction of the Board, that the said member is physically or mentally incapacitated for the performance of duty, and that such incapacity is of permanent or extended duration, and that he/she ought to be retired, the Board shall retire the said member for disability forthwith.

(c) The Board shall secure such medical service and advice as may be necessary to carry out the purpose of this section and of Section 3-414, and shall pay for such medical service and advice such compensation as the Board shall deem reasonable.
(Added Ord. 5313, 1958, based on former Sec. 2-729; Added Ord. 90-73, § 1, eff. 8-27-90).

SEC. 3-413. ALLOWANCE AT DISABILITY RETIREMENT.

Upon retirement for disability as provided in Section 3-412, a member,

(a) If his/her disability, in the opinion of the Board, is service-connected, shall receive

(1) A disability annuity which shall be the actuarial equivalent of his/her accumulated contributions at the time of his/her retirement; and

(2) A disability pension purchased by contribution of the city, which together with the annuity provided by his/her accumulated contributions, shall make his/her total retirement allowance equal to one-half of his/her average compensation, or if he/she be qualified for service retirement, such pension shall be an amount which together with the annuity provided by his/her accumulated normal contributions, shall equal the retirement allowance he/she would receive if retired for service, but not less than one-half of his/her average compensation.

(3) The benefits provided by this subsection are in the nature of workmen's compensation and shall be excluded from income to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(b) If his/her disability, in the opinion of the Board, is not service-connected, shall receive

(1) A disability annuity which shall be the actuarial equivalent of his/her accumulated contributions at the time of his/her retirement; and

(2) A disability pension purchased by the contributions of the city, which, together with the annuity provided by his/her accumulated contributions, shall make the retirement allowance equal to the greatest of:

(i) thirty-three (33.00) percent of the member's average compensation; or

(ii) one and one-half (1.50) percent of the member's average compensation multiplied by the number of years of service credited to the member; or

(iii) the amount of the member's service retirement allowance, provided that the member is eligible to retire for service.

(Added Ord. 5313, 1958, based on former Sec. 2-730; Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 2001-72, § 9, eff. 11-10-01; Am. Ord. 2021-014, § 2, eff. 5-17-21).

SEC. 3-414. SAFEGUARDS.

(a) The Board at its pleasure or upon request of a beneficiary may require the beneficiary who has been retired for disability and who has not attained the age of fifty years to undergo medical examination, such examination to be made by a physician or surgeon, appointed by the Board at the place of residence of said beneficiary or other place mutually agreed upon.

Upon the basis of such examination, the Board shall determine whether said disability beneficiary is still incapacitated, physically or mentally, for service in the office or department of the city where he/she was employed and in the position held by him/her when retired for disability. If the Board shall determine that said beneficiary is not so incapacitated, his/her retirement allowance shall be cancelled forthwith, and he/she shall be reinstated to the position of the same class as that held by him/her when retired for disability.

(b) (1) Should a beneficiary after retirement for disability re-enter the service and be eligible for membership in the Retirement System in accordance with Section 3-402, his/her retirement allowance shall be cancelled and he/she shall immediately become a member of the Retirement System, his/her rate of contribution for future years being that established subject to Section 2-1716A. His/her individual account shall be credited with an amount which shall be the actuarial equivalent, at the time of such re-entry, based on a disabled life, of his/her annuity, but such amount shall not exceed the amount of his/her accumulated contributions as it was at the time of his/her retirement.

(2) An amount actuarially equivalent to his/her disability pension, shall again be held for the benefit of said member and shall no longer be included in the amounts available to meet the obligation of the city on account of benefits that have been granted. Such member shall receive credit for service in the same manner as if he/she had never been retired for disability.

(c) Should any person retired for disability or service engage in a gainful occupation, prior to attaining age fifty, the Board shall reduce the amount of his/her monthly pension as defined herein to an amount which, when added to the compensation earned monthly by him/her in such occupation, shall not exceed the amount of the compensation attached to the rank which he/she held at the time of his/her retirement. Should the earning capacity of such beneficiary be further altered, the Board may further alter his/her said pension to an amount which shall not exceed the full amount to which he/she would be entitled under this article in the absence of engagement in such occupation, but which, subject to such limitation, shall equal, when added to the compensation earned by him, the amount of the compensation attached to said rank. When said beneficiary reaches age fifty, his/her retirement allowance shall be made equal to the full amount to which he/she would be entitled under this article in the absence of engagement in such occupation, and shall not again be modified because of earnings other than under employment by the city.

(d) Should any beneficiary retired for disability refuse under age fifty to submit to medical examination, his/her pension may be discontinued until his/her withdrawal of such refusal, and should such refusal continue for one year, his/her retirement allowance may be cancelled.

(Added Ord. 5313, 1958; based on former Sec. 2-731; Added. Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 95-42, §§ 14, 15, eff. 6-23-95).

SEC. 3-415. CONTINUATION OF RETIREMENT ALLOWANCES AFTER DEATH.

(a) Upon a member's death, due to other than service-connected cause, after qualification for service retirement at or over age fifty, with credit for at least five years of service and on account of whose death the benefit provided for in Section 3-408(a)1 and 2 is otherwise payable, or after retirement, regardless of cause, two-thirds of the retirement allowance to which the member would have been entitled if the member had retired for service at the time of death, or two-thirds of the member's retirement allowance as it was at death, including a service-connected disability retirement allowance in accordance with section 3-413(a) as the case may be, and both before modification under an option, shall be continued, throughout life, to the surviving spouse or to the surviving domestic partner.

(b) Upon the death of a member, due to other than service-connected cause, prior to the member's attainment of age fifty, with credit for at least five years of service and on account of whose death the benefit provided for in Section 3-408(a), (1) and (2) is otherwise payable, two-thirds of the retirement allowance, before modification under an option, earned by the member's service as of the date of death, or, if the member was receiving a service-connected disability retirement in accordance with Section 3-413(a) at the time of the member's death, two-thirds of such service-connected disability retirement, shall be continued, throughout life to the surviving spouse or to the surviving domestic partner.

(c) If there be no surviving spouse or surviving domestic partner entitled to an allowance under this section, or if the surviving spouse or surviving domestic partner so entitled dies before every child of such deceased member attains the age of eighteen years, then the allowance that such surviving spouse or surviving domestic partner would have received had the spouse or domestic partner lived shall be paid to the member's child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or establishing a domestic partnership and no non-disabled child shall receive any allowance after attaining the age of eighteen years. Should the member leave no surviving spouse or surviving domestic partner and no children under the age of eighteen years but leave a child or children who, pursuant to terms and conditions adopted by the Retirement Board, is or are determined by the Board to have been disabled prior to age eighteen and whose disability continues past age eighteen, the child or children while so disabled shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner would have received. Should the member leave no surviving spouse or surviving domestic partner so entitled, no children under the age of eighteen years, and no disabled children whose disability continued past the age of eighteen years, but leave a parent or parents dependent upon the member for support, the parents so dependent shall collectively receive a monthly allowance equal to that which such surviving spouse or surviving domestic partner otherwise would have received during such dependency. If payment of the allowance payable under this section because of death before retirement is stopped because of death of the surviving spouse or of the surviving domestic partner or attainment of eighteen years by, or the death or marriage or establishment of a domestic partnership of, a child, or the death or marriage or establishment of a domestic partnership or cessation of disability in a child whose disability continued

past the age of eighteen years, or the death or cessation of dependency of a parent, before the sum of the monthly payments made shall equal the sum of the amounts which, except for this section, would have been payable under Section 3-408(a) 1 and 2, then an amount equal to the difference between said sums shall be paid in one amount to the surviving children of the deceased member, share and share alike.

(d) The allowance provided in subsection (b) of this section shall be in lieu of the death benefit otherwise payable as provided in Section 3-408(a)1 and 2, but, notwithstanding any other provision of this article, a person qualifying for the allowance or such person's guardian may elect, before the first payment on account of it, to receive such death benefit instead of the allowance.

(e) With respect to members whose death occurs on or before the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section to a surviving spouse, in the case of death before retirement, only if the spouse was married to the member prior to the date of the sustaining of the injury or the onset of the illness which resulted in death, or, in the case of death after retirement, only if the spouse was married to the member at least one year prior to retirement. With respect to members whose death occurs after the effective date of Ordinance No. 2000-4, an allowance shall be paid under this section (1) to a surviving spouse, in the case of death before retirement, only if the spouse was married to the member prior to the date of death, or, in the case of death after retirement, only if the spouse was married to the member as of the date of retirement or (2) to a surviving domestic partnership, in the case of death before retirement, only if the domestic partner had established a domestic partnership with the member prior to the date of death, or, in the case of death after retirement, only if the domestic partner had established a domestic partnership with the member as of the date of retirement.

(f) if the member was receiving a service-connected disability retirement in accordance with Sec. 3-413(a) or Sec. 3-424(e)(3) at the time of the member's death, the allowance provided either in subsection (a) or subsection (b) of this Section shall constitute a continuation of the member's service-connected disability retirement and shall be non-taxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.
(Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 2000-4, § 5, 2-10-2000; Am. Ord. 2001-17, § 2, eff. 3-26-01; Am. Ord. 2001-72, § 10, eff. 11-10-01; Am. Ord. 2006-16, § 3, eff. 3-10-06; Am. Ord. 2021-014, § 3, eff. 5-17-21).

SEC. 3-416. LIMITATION.

In the event the surviving spouse or surviving domestic partner of a deceased member becomes eligible for one or more allowances as the surviving spouse or surviving domestic partner of one or more other members, the surviving spouse or surviving domestic partner shall receive the greater of any survivorship allowances for which he or she is eligible and shall not receive any other survivorship allowance, with this exclusion not applicable to any amounts payable for life to the surviving spouse or surviving domestic partner pursuant to Option 2B or Option 3B of sections 3-341 and 3-417.
(Added Ord. 76-45, § 3, eff. 6-27-76; Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 2006-16, § 4, eff. 3-10-06; Am. Ord. 2012-23, § 2, eff. 12-1-13).

SEC. 3-417. OPTIONAL MODIFICATION OF ALLOWANCES.

(a) For purposes of determining actuarial equivalence under this Section, the following terms will be used:

(1) Basic retirement allowance" shall mean the sum of a member's service annuity and service pension as determined under Section 3-411, payable as a single life annuity, or the sum of the member's disability annuity and disability pension as determined under Section 3-413, payable as a single life annuity.

(2) "Basic retirement allowance plus continuance" shall mean a member's basic retirement allowance plus any two-thirds continuation payments that would be payable under Section 3-415 as determined at the effective date of the member's retirement.

(3) "Accumulated contributions" shall mean accumulated contributions as defined in Section 3-401(a)(1).

(4) "Adjusted accumulated contributions" shall be calculated as follows:

(i) The amount of the member's accumulated contributions at the effective date of retirement will be converted to an actuarially equivalent monthly annuity payable for the life of the member with a two-thirds continuance of that monthly annuity for the life of the member's beneficiary.

(ii) The difference between the member's monthly annuity and the beneficiary's monthly continuance shall be determined.

(iii) The amount determined in subsection (ii) will be converted to an actuarially equivalent lump sum present value, which amount is defined to be the member's "adjusted accumulated contributions".

(5) "Monthly uncontinued annuity payments" shall mean the difference calculated in subsection 4(ii).

(6) All actuarial calculations shall be done using the actuarial factors in effect on a member's effective date of retirement, and shall not take into account any future cost of living increases. Actuarial calculations shall also not take into account the possibility that the marriage of a member could be dissolved.

(b) If at the effective date of retirement the member has no spouse, children or dependent parents who would qualify for the two-third's continuation under Section 3-415, then, instead of receiving a retirement allowance only over the member's lifetime, the member may elect any of the following options:

(1) Option 1A. The member may elect a lower service or disability annuity for the member's life, which also provides that if the member dies before receiving in such lower service or disability annuity payments the amount of the member's accumulated contributions, then the balance of such accumulated contributions shall be paid upon

the member's death in a lump sum to a beneficiary designated by the member, as provided in subsection (d). This optional form shall be the actuarial equivalent of the member's service or disability

annuity for the member's lifetime at the effective date of retirement. Under this option, no elections may be made with respect to the pension portion of the member's service or disability retirement allowance.

(2) Option 2A, 100% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime and that after the member's death the same lower benefit will be continued for life to a beneficiary designated by the member as provided in subsection(d). This option shall be actuarially equivalent to the member's basic retirement allowance at the effective date of retirement.

(3) Option 3A, 50% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime and that after the member's death one-half of the lower benefit will be continued for life to a beneficiary designated by the member as provided in subsection (d). This option will be actuarially equivalent to the member's basic retirement allowance at the effective date of retirement.

(c) If at the effective date of retirement the member has a spouse, children or dependent parents who would qualify for a two-third's continuance under Section 3-415, then, instead of receiving a retirement allowance only over the member's lifetime, with a continuance after the member's death to certain beneficiaries, the member may elect any of the following options:

(1) Option 1B. The member may elect a lower service or disability annuity for the member's life, which also provides that if the member dies before receiving in monthly uncontinued annuity payments (as defined in Section 3-417(a)(5)) the amount of the member's adjusted accumulated contributions (as defined in Section 3-417(a)(4)), then the balance of such adjusted accumulated contributions shall be paid upon the member's death in a lump sum to a beneficiary designated by the member as provided in subsection (d). Under this option, no elections may be made with respect to the pension portion of the member's service or disability allowance.

(2) Option 2B, 100% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime with an optional continuance payable for a beneficiary's lifetime after the member's death in such an amount that the sum of the optional continuance plus the two-thirds continuance under Section 3-415 will be equal to the lower retirement allowance payable for the member's lifetime. This option shall be actuarially equivalent to the member's basic retirement allowance plus continuance as defined in subsection (a)(2) above at the effective date of retirement.

(3) Option 3B, 50% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime with an optional continuance payable for life to a beneficiary designated by the member as provided in subsection (d) in such amount that the optional continuance shall equal one-half of the difference between the lower retirement allowance payable for the member's lifetime and the two-thirds continuance under Section 3-415. This option shall be actuarially equivalent to the member's basic retirement allowance plus continuance as defined in subsection (a)(2) above at the effective date of retirement.

(d) The beneficiaries under any of the options shall be determined as follows:

(1) Under all options, either the lump sum or optional continuances, if any, shall be payable only to such beneficiary as the member shall nominate by written designation duly executed and filed with the Retirement Board. Lifetime benefits are payable to beneficiaries only if they survive the member, and in the case of spouses, only if they were married to the member on the date of the member's death. For purposes of this Section, a member's beneficiary shall be limited to the following classes of individuals:

(i) spouse;

(ii) domestic partner;

(iii) children;

(iv) grandchildren;

(v) parents;

(vi) any person who depends on the member wholly or in part for education or support; or

(vii) a trust, provided that (I) the beneficiaries of the trust comes within categories (i)—(vi) and are identifiable, (II) the trust is valid under state law, (III) the trust is irrevocable no later than upon the death of the member, and (IV) a copy of the trust agreement is provided to the retirement office.

(2) With respect to Options 1A and 1B,

(i) The individual or entity designated as beneficiary of the lump sum amount may be changed by the member at any time, but only if the change is received by the Retirement Board prior to the member's death;

(ii) In addition to the classes of individuals or entities listed in section 3-417(d)(1), a member may select as a beneficiary under Options 1A and 1B any of the following: a corporation, unincorporated association, or governmental unit; and

(iii) If the member has not designated a beneficiary, or if an individual is designated and is not living at the time of payment or if an entity is designated and is not in existence at the time of payment (including through merger with another entity), the unpaid balance of accumulated contributions shall be payable in a lump sum to the member's estate.

(3) With respect to Options 2A, 2B, 3A, and 3B, a member's lifetime beneficiary must be designated not later than the effective date of retirement and cannot be changed thereafter, unless the designation of a new spouse as beneficiary is permitted under Section 3-418 upon the member's marriage after retirement.

(4) With respect to all Options in which the member names his or her spouse as contingent lifetime beneficiary to receive benefits after the member's death, upon the death of the spouse or dissolution of marriage of the member and spouse before the member's

death, the designation of the former spouse as contingent lifetime beneficiary is automatically revoked and such former spouse shall receive no survivor benefits after the member's death.

(e) Any election under this Section shall be made prior to the making of the first payment on account of any retirement allowance. However, if at the effective date of retirement (1) a member has a spouse who is designated beneficiary under any lifetime option, and (2) the member dies within 30 days after the member's effective date of retirement, then the member's surviving spouse shall have the option to either elect benefits under this Section or elect the benefits provided to a surviving spouse for a member who dies before retirement. (Added 2004-98, §§ 1, 2, eff. 11-15-04; Am. Ord. 2006-16, § 5, eff. 3-10-06; Am. Ord. 2006-139, § 1, eff. 10-27-06).

SEC. 3-418. OPTIONAL MODIFICATION OF BENEFICIARY AFTER RETIREMENT.

(a) Members who become married or establish a domestic partnership after retirement may elect an optional modification provided herein by filing a written election with the Retirement Board within the time limits specified in this Section. If an optional modification is elected by the retired member under this Section, all prior elections are revoked, and no previously designated beneficiary shall have any rights to benefits under the System other than as provided in this Section. In addition, no continuation benefits will be payable under Section 3-415.

(b) A retired member is eligible to make this election if he or she is described within any of the following subsections:

(1) A retired member who was not married or not a member of a domestic partnership at the time of his or her retirement may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) if the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or surviving domestic partner beneficiary in accordance with the procedures of this Section.

(2) A retired member who was married or a member of a domestic partnership at the time of his or her retirement and whose spouse or domestic partner predeceased the retired member may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) if the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or surviving domestic partner beneficiary in accordance with the procedures of this Section.

(3) A retired member who was married or a member of a domestic partnership at the time of his or her retirement and whose marriage ended in dissolution or whose domestic partnership was terminated may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) with respect to that portion specifically allocated to the retired member in the dissolution or termination proceeding, if

the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or surviving domestic partner beneficiary of the portion of the retired member's allowance specifically allocated to the retired member in the dissolution or termination proceeding in accordance with the procedures of this Section.

(4) A retired member who makes an election under subsections (1), (2) or (3) and whose new marriage is subsequently dissolved or new domestic partnership terminated for any reason, may again make an election under this Section upon the retired member's subsequent marriage or establishment of a domestic partnership but only with respect to the allowance then payable to the retired member for the retired member's remaining lifetime.

(c) A retired member eligible to name his or her new spouse or domestic partner as beneficiary shall have the option to name such spouse or domestic partner as the survivor annuitant of a joint and survivor annuity form of payment and shall have his or her retirement allowance adjusted to make the allowance as adjusted together with the survivor annuity actuarially equivalent to the retired member's retirement allowance immediately prior to the election under this section. Depending on the retired member's option election at retirement, the survivor annuity shall be a percentage of the retired member's adjusted retirement allowance as determined from the following table:

Form Elected	*Survivor Percentage*
Unmodified	66⅔
Option 1A or 1B	66⅔
Option 2A or 2B	100
Option 3A or 3B	50

(d) Any election shall provide that after its effective date an adjusted retirement allowance will be paid over the retired member's lifetime and that after the retired member's death the applicable survivor annuity will be continued for life to the retired member's surviving spouse or surviving domestic partner as defined in subsection (f) below, recognizing that such surviving spouse or surviving domestic partner will not be entitled to a continuance under Section 3-415.

(e) Any election under this section shall be actuarially equivalent to the benefits otherwise payable to the retired member and his or her beneficiary after the effective date. In determining such actuarial equivalence the System's provision for cost of living increases shall be taken into account, but the possibility that the marriage of the retired member could be dissolved or that the domestic partnership of the retired member could be terminated will not be taken into account. After the effective date of the election, the previously named beneficiary shall have no survivor benefits, other than benefits payable to a former spouse pursuant to a judgment of dissolution or to a former domestic partner pursuant to a judgment of termination.

(f) The surviving spouse benefit or surviving domestic partner benefit will be paid only to the person who was married to the retired member or was a member of a domestic partnership

with the retired member at the time of the retired member's election, at the effective date of the election, and at the time of the retired member's death. If the spouse or domestic partner named in the election either dies or his or her marriage with the retired member is dissolved or his or her domestic partnership with the retired member is terminated before the death of the retired member, no adjustment will be made to the retired member's benefit and neither the former spouse or former domestic partner or his or her estate shall be entitled to any survivor benefit.

(g) The optional modifications provided in this Section must be made in writing on such form or forms as the Retirement Board may designate, and must include such documentation as the Retirement Board may require. The election under this Section shall be deemed to be made on the date a properly executed form is received by the Retirement Board.

(h) The election for an optional modification after retirement must be filed with the Retirement Board within the time frames specified below:

(1) If the retired member retired before the effective date of Ordinance No. 2004-98, married after retiring but before that effective date, and would otherwise be eligible to elect one of the optional modifications after retirement, then the retired member must make the election no later than six months after the effective date of Ordinance No. 2004-98.

(2) In all other cases, the election must be made within six months after the date of marriage or the date of the establishment of the domestic partnership.

(3) Elections received by the Retirement Board after the six month time period shall be null and void.

(i) Any optional modification elected by the retired member under this section shall be effective as of the first day of the month following the one year anniversary of the retired member's election. The optional payments to the retired member shall begin in the adjusted amount on the effective date. If the spouse dies or the marriage is dissolved or if the domestic partner dies or the domestic partnership is terminated before the effective date specified in this subsection (i), the election is automatically revoked and no adjustment will be made in the retired member's allowance. If the retired member dies before the effective date, no benefits are payable to the spouse or domestic partner under this Section.

(j) In no event will any elections be permitted under this Section if they would violate the minimum distribution rules of Internal Revenue Code section 401(a)(9).
(Added Ord. 2004-98, § 3, eff. 11-15-04; Am. Ord. 2006-16, § 6, eff. 3-10-06).

SEC. 3-419. RETIREMENT ALLOWANCES PAYABLE.

A pension, an annuity or retirement allowance granted under the provisions of this article shall be payable in equal monthly installments or in smaller pro rata amounts when the pension, annuity or retirement allowance begins after the first day of the month or ends before the last day of the month.
(Added Ord. 5313, 1958, based on former Sec. 2-735; Added Ord. 90-73, § 1, eff. 8-27-90).

SEC. 3-420. RETIREMENT ALLOWANCE NONFORFEITURE.

Subject to compliance with this article, nothing shall deprive a member of the right to a retirement allowance as determined under it, after he/she has qualified as to service and disability for retirement for disability, or as to normal retirement age, which is age fifty-five (55), and the completion of five (5) years of service for retirement for service. A member shall be 100% vested in his or her accumulated contributions at all times.
(Added Ord. 5313, 1958, based on former Sec. 2-735; Added Ord. 90-73, § 1, eff. 8-27-90; Am. Ord. 2011-1, § 17, eff. 3-7-11).

SEC. 3-421. EFFECT OF MARITAL DISSOLUTION OR LEGAL SEPARATION OR TERMINATION OF DOMESTIC PARTNERSHIP.

(a) **Purpose.**

(1) It is the intent of this Section and Sections 3-422 and 3-423 to insure that a member and the alternate payee each receives his or her appropriate community property share of any applicable retirement allowance and benefits (including statutorily provided monthly installments payable after a member's death to his or her surviving spouse, surviving domestic partner, children or parents), but only insofar as the division of any community property interest does not increase the actuarial present value (as defined in Section 3-301(a)(5)) of allowances and other benefits which would otherwise have been provided by the Retirement System.

(2) It is the further intent of this section to allow court orders to provide retirement allowances and benefits (including statutorily provided monthly installments payable after a member's death to surviving spouses, surviving domestic partners, children or parents) to alternate payees of members to the extent:

(i) Of at least the alternate payee's community property interest in the retirement allowance and other benefits earned during the marriage or domestic partnership;

(ii) That a final judgment of dissolution of marriage or legal separation or termination of domestic partnership or the order incident thereto dividing the community property interest allocates a portion of that community property interest to the alternate payee; and

(iii) That the Board is joined as a party in the dissolution, separation, or termination proceeding and has been served with a file-endorsed copy of the judgment of final dissolution or legal separation or termination or the order incident thereto dividing the community property interest in the retirement allowance and other benefits earned during the marriage or the domestic partnership.

(3) It is the intent of this section not to provide retirement allowances to any persons other than alternate payees and not to allow alternate payees to be treated as surviving spouses or surviving domestic partners under this Article 4.

(b) **Provisions Permitted in Court Orders.** A final judgment of dissolution, legal separation, or termination or court order incident thereto dividing the community property interest of a member and the member's alternate payee in a retirement allowance or other benefit, may provide for any of the following:

(1) That, prior to the retirement of the member, the community property interest of the member and the alternate payee be split into separate accounts for the member and the alternate payee as hereafter provided in Section 3-422; or

(2) That the community property interest of a member and the alternate payee be paid after the member's retirement as the court may order, provided that:

(i) No retirement allowances are payable to the alternate payee before the member dies or retires;

(ii) No form of payment is required other than a form being permitted under the Retirement System at the time payments start;

(iii) No survivor allowance is payable to an alternate payee under Section 3-415 or any other section of this Article 4, except that an alternate payee may receive a community property share of a survivor benefit payable to someone else as a result of the member's death;

(iv) The actuarial present value of the portion of the member's allowance payable to the member and the alternate payee, plus the actuarial present value of any survivor benefits payable under Section 3-408 and 3-415, shall not exceed the actuarial present value of the member's allowance and such survivor benefits as would have been payable had the member never been married to or had never established a domestic partnership with the alternate payee; and

(v) No retirement allowances or other benefits are payable to the parents of an alternate payee or to the children of an alternate payee who were stepchildren of the member, except as permitted under the combined account option upon the death of the alternate payee.

(3) That permitted beneficiaries are limited to the following classes of individuals:

(i) spouse;

(ii) domestic partner;

(iii) children;

(iv) grandchildren;

(v) parents; or

(vi) any person who depends on the member wholly or in part for education or support.

(c) **Provisions Prohibited in Court Orders.** A final judgment of dissolution, legal separation, or termination or other court order dividing the community property interest of a member and the alternate payee in a retirement allowance or other benefit must conform to the following rules:

(1) Retirement allowances or other benefits may not be paid to any individual who is not a permitted beneficiary of the member or of the alternate payee;

(2) Payments may not be made in a form not provided in this Article 4;

(3) An alternate payee is not a surviving spouse of the member under this Article 4 for any purpose;

(4) The surviving spouse or surviving domestic partner of an alternate payee is not to be deemed to be a surviving spouse or surviving domestic partner under this Article 4 for any purpose;

(5) An alternate payee or the surviving spouse or surviving domestic partner of an alternate payee is not eligible to receive any form of disability retirement allowance under this Article 4 with respect to any disabling condition the alternate payee or the surviving spouse or surviving domestic partner of an alternate payee might sustain.

(d) **Member's Rights.** Any credited service or any accumulated contributions which are not explicitly awarded by court order to an alternate payee shall be the sole and separate property of the member.

(e) If benefits are payable pursuant to an order that satisfies the requirements of this Section, Section 3-422, and/or Section 3-423 that meets the requirements of a "domestic relations order" as defined in Section 414(p) of the Internal Revenue Code, then the applicable requirements of Section 414(p) of the Internal Revenue Code shall be followed by the retirement system.
(Added Ord. 94-28, § 3, eff. 5-27-94; Am. Ord. 94-37, § 1, eff. 6-24-94; Am. Ord. 2002-11, § 4, eff. 3-19-02; Ord. 2004-101, § 1, eff. 11-15-04; Am. Ord. 2006-16, § 7, eff. 3-10-06; Am. Ord. 2011-1, § 18, eff. 3-7-11).

SEC. 3-422. DISSOLUTION OR LEGAL SEPARATION OR TERMINATION PRIOR TO A MEMBER'S RETIREMENT.

(a) **Separate account option.**

(1) **Purpose.** The purpose of the separate account option is to permit a member and an alternate payee to divide the member's retirement allowance and benefits (including statutorily provided monthly installments payable after a member's death to his or her surviving spouse, surviving domestic partner, children or parents) prior to retirement into separate and distinct accounts for the member and for the alternate payee, as set forth in a court order which meets the requirements of Section 3-421 and this Section 3-422.

(2) **Court Order.** In the event of a legal separation or dissolution or termination, the Board shall comply with a court order incident thereto which contains the following provisions:

(i) The division of the accumulated member contributions and credited service applicable to periods of service during the marriage or domestic partnership into two separate and distinct accounts in the name of the member and the alternate payee;

(ii) The right of the alternate payee to elect an option under Section 3-417 and designate a beneficiary with respect to the alternate payee's separate account;

(iii) The right of the alternate payee to a refund of accumulated contributions in the alternate payee's separate account;

(iv) For purposes of determining the amount of any retirement allowance payable to the alternate payee, the average compensation (as defined in Section 2-401(a)(2) shall be determined solely by the compensation earnable (as defined in Section 3-301(b)(4) by the member during the period of marriage or domestic partnership;

(v) For purposes of applying the benefit formula of Section 3-411 for determining the amount of any retirement allowance payable to the alternate payee, the age of the alternate payee shall be used.

(3) **Refund of Contributions to an Alternate Payee.**

(i) An alternate payee who has been awarded a separate account shall possess the right to a refund of accumulated member contributions in that separate account at any time after the court order has been filed with the Retirement System.

(ii) The alternate payee shall file a written application with the Retirement System on a form provided by the System to obtain the refund.

(iii) Upon filing the application for a refund with the Retirement System, the alternate payee shall from that point on be deemed to have permanently waived any and all rights the alternate payee may have possessed in the Retirement System based on the member's employment, including any and all rights to any benefit or retirement allowance or any survivor benefits.

(iv) If, as of the date of separation of the member and his or her spouse or the equivalent date for a domestic partnership as determined in the court proceedings, the member did not possess sufficient credited service to retire for service, then the alternate payee's only form of payment under this separate account option will be a refund of the accumulated member contributions allocated to his or her separate account.

(v) If an alternate payee has withdrawn his or her portion of the accumulated member contributions, the alternate payee shall not be allowed to redeposit those contributions with the Retirement System.

(4) **Retirement of Alternate Payee.** An alternate payee shall be deemed to be retired only if:

(i) The alternate payee files a written application with the Retirement System on a form provided by the System;

(ii) The member and the alternate payee have both attained the minimum age required for a service retirement; and

(iii) On the date of separation of the member and the alternate payee or the equivalent date for a domestic partnership as determined in the court proceedings, the member possessed sufficient credited service to retire for service. A member who possessed sufficient credited service to retire before the division shall be deemed to continue to do so after the division, and so shall the alternate payee.

(5) **Calculation of the Alternate Payee's Retirement Allowance.**

(i) The alternate payee's retirement allowance shall consist of an annuity based upon the alternate payee's accumulated contributions and a pension based upon the alternate payee's service. Only the compensation earnable by the member during the period of marriage or domestic partnership and prior to the date of separation shall be used to determine average compensation.

(ii) The alternate payee's retirement allowance shall be eligible for cost-of-living increases under this Article 4.

(iii) No survivor or death benefits will be payable upon the death of the alternate payee, and such alternate payee upon remarriage or reestablishment of domestic partnership shall not be entitled to elect any of the optional forms of benefit.

(6) **Death of Alternate Payee Prior to Retirement of Alternate Payee.** If the alternate payee dies prior to retirement, then the accumulated contributions in the alternate payee's separate account shall be paid to the alternate payee's beneficiary as designated to the Retirement System on a form provided by the System. If a beneficiary has not been designated at the time of death or if the designated beneficiary is not living at the time of death, the accumulated contributions shall be paid to the alternate payee's estate. No other death benefits will be payable as a result of the death of the alternate payee.

(b) **Combined Account Option.** The Retirement System will comply with a court order incident to a legal separation or dissolution or termination which divides the community property interests of a member and the alternate payee, provided that:

(1) The alternate payee's interest is not to be paid before the member retires or dies, and

(2) The court order complies with the provisions set forth in Section 3-421, including the provision that the alternate payee will not be considered to be a surviving spouse or surviving domestic partner under Section 3-415 or any other Section of this Article 4.

(3) The court order may provide that the alternate payee's interest in the member's retirement allowance be paid over the lifetime of the member under the optional form of payment allowed by the System and selected by the member.

(i) With respect to the alternate payee's interest in the member's retirement allowance, the alternate payee may on a form provided by the System designate a permitted beneficiary as set forth in Section 3-421. If the alternate payee predeceases the member, the person so designated shall receive until the member's death the benefit previously paid to the alternate payee.

(ii) If a benefit is payable under Section 3-408 or 3-415 upon the member's death, as long as payments are payable under those provisions, one-half of the community property share thereof may be payable to the alternate payee or a permitted beneficiary as set forth in Section 3-421(b)(3) of the alternate payee.

(iii) If the member predeceases the alternate payee and the member has chosen option 2 or 3, the alternate payee or the permitted beneficiary as set forth in Section 3-421(b)(3) of the alternate payee may receive, as long as payments are payable under the selected option, one-half of the community property share of that portion of the allowance which would be continued after the member's death, regardless of dependents.

(4) In lieu of the payment method specified in subsection (3) above, the court order may provide that the alternate payee's interest in the member's retirement allowance be paid under any optional form of payment allowed by the Retirement System over the lifetime of the alternate payee (instead of over the lifetime of the member), provided that,

(i) The sum of the actuarial present values of the member's and his or her alternate payee's allowances payable as single life annuities shall not exceed the actuarial

present value of the member's allowance had they been payable to the member, assuming the member had never been married to the the alternate payee or had never established a domestic partnership with the alternate payee; and

(ii) No survivor benefits under Section 3-415 or any other Section of this Article 4 are payable to the surviving spouse of the alternate payee.

(5) In the absence of a qualifying surviving spouse, qualifying domestic partner, unmarried children under the age of eighteen or children under the age of eighteen not members of domestic partnerships, disabled child qualified under Section 3-415(c), or dependent parents, the court order may provide for the division of the community property interest in the death benefit under Section 3-408. (Added Ord. 94-28, § 4, eff. 5-27-94; Am. Ord. 94-37, § 1, eff. 6-24-94; Am. Ord. 95-42, §§ 18, 19, eff. 6-23-95; Am. Ord. 2002-11, § 5, eff. 3-19-02; Am. Ord. 2004-101, § 2, eff. 11-15-04; Am. Ord. 2006-16, § 8, eff. 3-10-06).

SEC. 3-423. DISSOLUTION OR LEGAL SEPARATION OR TERMINATION AFTER A MEMBER'S RETIREMENT.

(a) **Purpose.** The purpose of this section is to allow a court order to provide for an equitable distribution of retirement allowances and survivor benefits between a retired member and the alternate payee, without requiring the retirement system to pay increased benefits.

(b) **Form of Payment to Remain Unchanged.** If a member's marriage to the individual to whom the retired member was married at the time the retired member's retirement allowance commences is dissolved after retirement benefits commence or if they are legally separated or, if a retired member's domestic partnership to the individual with whom the retired member had established a domestic partnership at the time the retired member's retirement allowance commences is terminated after retirement benefits commence, then the final judgment of dissolution or legal separation or termination or court order incident thereto may not in any way change the form or forms of payment under Section 3-417 selected by the member at retirement, except that any life annuity payable only for the retired member's life may be modified as set forth in Section 3-423(c) to provide that a portion thereof be payable for the alternate payee's lifetime.

(c) **Unmodified Allowance or Option 1.** If a member prior to retirement either did not select an option under Section 3-417 or selected Option 1 under that Section, the Retirement System will comply with a court order that divides the total actuarial present value of the allowances payable to the retired member according to the separate and community property interests of the retired member and the alternate payee. The court order may further provide that the divided value allocated to the retired member shall continue to be paid to the retired member in the same form as before the court order, and that the divided value allocated to the alternate payee shall be converted into the same form of payment, but payable for the life of the alternate payee instead of for the life of the retired member. The sum of the actuarial present values of the divided values for the retired member and his or her alternate payee

shall not exceed the actuarial present value of the benefit otherwise payable immediately before the division to the retired member alone, excluding the value of any survivor benefits under Section 3-415 or under any other Section of this Article 4.

(d) **Survivor Benefits.** The court order may provide that any survivor benefits payable as a result of a retired member's death shall be payable to the beneficiary entitled thereto under this Article 4, provided that the alternate payee's one-half community property share therein can be paid directly to such alternate payee. No benefits shall be payable to the alternate payee after all beneficiaries entitled to the retired member's survivor benefits are no longer entitled thereto.

(e) **Option 2 or 3.** If a member at retirement selected either Option 2 or 3 under Section 3-417 for any portion of his or her retirement allowance, which options provide for retirement continuances to a person having an insurable interest in the member's life, the amount and the form of payment of the benefits payable pursuant to these options by the Retirement System cannot be changed, but the Retirement System will comply with a court order requiring that a portion of those payments be paid directly to the alternate payee (or to the beneficiaries named by the alternate payee if he or she predeceases the retired member) rather than to the retired member or the retired member's beneficiary. In no event, however, shall the alternate payee's life replace the life of another previously named beneficiary under either Option 2 or 3.

(f) **Post-retirement Elections.** If a retired member made an election under Section 3-418 to name a new spouse or domestic partner as beneficiary and that marriage is dissolved or the parties become legally separated or the domestic partnership is terminated, no surviving spouse or surviving domestic partner benefits will be paid to the alternate payee, but the Retirement System will comply with a court order that divides the present value of the allowance payable for the retired member's life between the retired member and the retired member's alternate payee. The court order may further provide that the divided value allocated to the retired member shall continue to be paid to the retired member for life, and the divided value allocated to the alternate payee shall be converted into monthly payments for the life of the alternate payee, instead of for the life of the retired member. (Added Ord. 94-28, § 5, eff. 5-27-94; Am. Ord. 94-37, § 1, eff. 6- 24-94; Am. Ord. 2002-11, § 6, eff. 3-19-02; Am. Ord. 2004-98, § 4, eff. 11-15-04; Am. Ord. 2004-101, § 3, eff. 11-15-04; Am. Ord. 2006-16, § 9, eff. 3-10-06).

SEC. 3-424. DEFERRED RETIREMENT OPTION PROGRAM ("DROP").

(a) **Purpose of DROP.**

(1) It is the intent of this section to create a voluntary deferred retirement option program ("DROP") for members.

(2) DROP is designed to be an alternate method of receiving retirement benefits.

(3) DROP is intended to be cost neutral to the System.

(4) DROP is intended to provide additional flexibility to the System by providing members with an additional method of receiving their retirement benefits.

(5) It is the intent of DROP not to jeopardize in any way the tax-qualified status of the System under the Internal Revenue Code. The provisions of this section may at any time be modified, with such modifications being given retroactive effect, if necessary to maintain the System's tax-qualified status.

(b) **Eligibility and Election to Participate in DROP.**

(1) Any member who has attained age 50 and who possesses sufficient credited service to be eligible for a service retirement shall be eligible to participate in DROP.

(2) The election to participate in DROP shall be voluntary and irrevocable. The election shall:

(i) Be made on a form provided by the System;

(ii) Designate a period of participation not to exceed one hundred and twenty (120) months;

(iii) Affirm that the member, on the date the member commences participation in DROP, shall cease accruing service credits;

(iv) Affirm that the member agrees to terminate City employment no later than completion of the designated DROP participation period;

(v) Constitute an application for service retirement no later than the end of the designated DROP participation period; and

(vi) Include the member's irrevocable election among the options in Section 3-417 (Optional Modification of Allowances).

(3) A member making the election shall execute such waivers with respect to state and federal employment discrimination and related laws, such releases, and such covenants as are required by the City or the System.

(4) By electing to participate in DROP:

(i) A member becomes subject to all of the provisions of this section;

(ii) For a member whose retirement allowance is determined under Section 3-401 (Definitions), average compensation shall be determined solely by reference to the rank or ranks held by the member prior to the date the member commences participation in DROP;

(iii) If a member is entitled to convert a sick or holiday or other leave balance into a lump sum cash payment upon retirement, the dollar value of the member's leave balance as of the effective date of DROP participation shall be divided by thirty-six, and the resulting quotient shall be added to the highest average monthly compensa-

tion earnable by a member during any thirty-six consecutive months of service prior to commencing participation in DROP used for purposes of determining average compensation under Section 3-401 (Definition);

1. The employee contributions due with respect to the leave balance shall be charged against the member's DROP account;

2. Any changes in leave balances occurring after the member commences participation in DROP shall not affect in any manner the amounts credited to the member's DROP account or the member's retirement allowance, whether for service or disability, payable to the member; and

(iv) A member shall have DROP benefits credited to a DROP account pursuant to subsection (c) of this section.

(c) **DROP Accounts and DROP Benefits.**

(1) A DROP account is a nominal, bookkeeping account established within the System for each DROP participant. No System assets shall be separately segregated for any DROP account; a DROP participant shall not have a claim on any specific assets of the System.

(2) Amounts credited to a member's DROP account shall be vested, except to the extent deemed necessary by the Board in its sole discretion to maintain the System's tax-qualified status under the Internal Revenue Code.

(3) A member's DROP account shall be credited monthly with an amount which represents the service retirement allowance which the member would have received if the member had retired on the date the member commenced DROP participation.

(4) The monthly amount credited to a member's DROP account shall reflect any cost-of-living adjustments otherwise applicable to retired members.

(5) A member's DROP account shall be credited monthly with interest pursuant to subsection (d) of this section.

(d) **Interest Crediting to DROP Accounts.**

(1) Each DROP account shall be credited monthly with interest at the nominal monthly interest rate equivalent to the annual effective DROP interest rate adopted by the Board. The nominal monthly interest rate shall apply to the balance in each DROP account as of the beginning of each month and shall be applied before the monthly amount described in Section 3-424(c)(3) for that month has been credited to the account.

(2) The Board shall set an annual effective DROP interest rate, which shall apply to each DROP account during the retirement system's fiscal year in which the Board set the rate.

(3) In setting the annual effective DROP interest rate, the Board shall review and consider the most current actuarial report from the Board's actuary evaluating the cost neutrality of DROP.

(4) The Board shall review the net rate of return earned by the System's entire investment portfolio for each of the five prior fiscal years, including realized and unrealized

gains and losses and as reduced by all investment expenses. These net rates of return shall be certified by the System's Retirement Administrator. The sum of the five net rates of return shall be divided by five to provide an average net rate of return.

(5) The Board shall set the annual effective drop interest rate at a level it deems in its sole discretion necessary to maintain the cost neutrality of the DROP program. The Board shall not set the annual effective DROP interest rate lower than 3 percent below the average net rate of return as determined in Section 3-424(d)(4) nor higher than that average net rate of return.

(6) If the average net rate of return determined in Section 3-424(d)(4) is negative, the Board shall set a negative annual effective DROP interest rate, i.e., each DROP account balance shall be reduced accordingly.

(e) **Additional DROP Provisions.**

(1) The effective date of DROP participation for a member shall be the first of the month following the date the Board approves the member's fully completed DROP application.

(2) For a member whose effective date in DROP is prior to the effective date of Ordinance No. 2011-1 and notwithstanding Section 3-405 (Normal Contributions of Members), the member shall cease making contributions to the System. For a member whose effective date of participation in DROP is on or after the effective date of Ordinance No. , the member shall continue to make contributions which shall be deposited into the member's DROP account.

(3) If a member becomes disabled while participating in DROP, the member shall be eligible to apply for disability retirement and shall be subject to the same disability eligibility requirements under Section 3-412 as if the member were not in DROP. Notwithstanding Section 3-413 (Allowance at Disability Retirement), if the Board grants the application, whether for a service-connected or non-service-connected disability, the amount of the disability retirement allowance shall be the same as the amount then being credited monthly to the member's DROP account. However, if the Board determines that the disability is service-connected, the amount of the aggregate disability retirement allowance which equals (or is less than) fifty percent (50%) of the member's average compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(4) If a member dies due to non service-connected causes while participating in DROP, the member shall be deemed to have died after retirement.

(5) If a member dies on or after June 1, 2008 while participating in DROP and the Board determines that the causes are service-connected, the member shall be deemed to have suffered a service-connected death, with the survivorship benefit to be comprised solely of two-thirds the monthly amount currently being credited into the

member's DROP account, adjusted for any optional modification elected by the member, and the balance in the DROP account paid pursuant to Sections 3-424(f) and 3-424(g)(2). If any benefits paid under this section are paid as a survivor annuity to the surviving spouse (or former spouse) or child(ren) of a member who qualifies as a public safety officer within the meaning of Section 101(h) of the Internal Revenue Code, and such member is killed in the line of duty, such monthly death allowance shall be nontaxable to the extent allowed by Section 101(h) of the Internal Revenue Code. However, if the member or the member's death does not qualify under Section 101(h) of the Internal Revenue Code, then, if the Board determines that the member's death was service-connected, the amount of the monthly death allowance which equals (or is less than) fifty percent (50%) of the member's average compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(6) If a member marries while participating in DROP, the marriage shall be deemed to have occurred prior to the member's retirement only for purposes of satisfying any applicable benefit eligibility requirement.

(f) **Designation of DROP Beneficiary.**

(1) A member electing to participate in DROP shall designate a beneficiary of the member's DROP account.

(2) If a member dies while participating in DROP,

(i) A designated DROP account beneficiary who is either a surviving spouse or surviving domestic partner of the member or a child under the age of 18 of the member or a dependent parent of the member shall be entitled to select a form of distribution under Section 3-424(g)(2); or

(ii) A designated DROP beneficiary who is not listed in Section 3-424(f)(2)(i) shall receive a DROP account distribution in the form of a lump sum; or

(iii) If the designated DROP beneficiary is not then living, the balance in the DROP account in the form of a lump sum shall be distributed to the estate of the DROP participant.

(3) No DROP beneficiary designation shall modify a member's community property obligations under California law.

(g) **Distribution of DROP Account.**

(1) Upon termination of DROP participation and upon retirement from the City, a member shall:

(i) Receive the amounts credited to the member's DROP account, including interest; and

(ii) Begin receiving a monthly retirement allowance in the amount being credited to the member's DROP account.

(2) A member upon the completion of the designated DROP participation period shall select one of the following as the form of distribution of the member's DROP account:

(i) A lump sum; or

(ii) An amount payable monthly in equal monthly installments in accord with applicable provisions of the Internal Revenue Code;

1. The member shall be entitled to select an installment pay-out period not to exceed the lesser of ten years or the joint life expectancies of the member and the member's spouse;

2. The balance in the member's DROP account during the installment pay-out period shall be credited with simple interest monthly at the actuarially assumed interest rate;

3. No cost-of-living adjustment shall be made to the monthly amount;

4. Payments of the monthly amount shall terminate when the balance in the DROP account is reduced to zero;

5. If the retired member dies prior to receipt of the member's entire DROP account, then:

(a) A designated DROP beneficiary who is listed in Section 3-424(f)(2)(i) shall be entitled to select a form of distribution under Section 3-424(g)(2); or

(b) A designated DROP beneficiary who is not listed in Section 3-424(f)(2)(i) shall receive a DROP account distribution in the form of a lump sum; or

(c) If the designated DROP beneficiary is not then living, the balance in the DROP account in the form of a lump sum shall be distributed to the estate of the DROP participant.

6. The retired member may at any time request immediate payment of the entire balance remaining in the member's DROP account; or

(iii) Such other form of distribution, as is adopted by the Board and in accord with applicable provisions of the Internal Revenue Code.

(3) No distribution shall be made from a member's DROP account until the member terminates DROP participation.

(4) If a member dies while participating in DROP, the member's DROP account shall be paid pursuant to Sections 3-424(f) and 3-424(g)(2).

(h) **Termination of DROP Participation.** A member's participation in DROP shall automatically terminate upon the earliest occurrence of any of the following events:

(1) Completion of the member's designated DROP participation period; or

(2) Death of the member; or

(3) Approval by the Board of the member's application for a disability retirement; or

(4) Voluntary termination of a member's employment; or

(5) Involuntary termination of a member's employment, whether or not for cause, including layoffs or reductions in force and including the conclusion of any administrative or judicial appeals process.

(i) **General DROP Provisions.**

(1) The right is reserved at any time and from time to time, and retroactively if deemed necessary or appropriate, to amend in whole or in part any or all of the provisions relating to DROP. But no amendment shall be enacted which has the effect of decreasing the amount credited to a member's DROP account.

(2) The Board shall enact such rules and procedures as are necessary or appropriate to administer DROP.

(3) The Board shall issue annually to each DROP participant a statement of that member's DROP account balance.

(j) **Compliance with Applicable Provisions of the Internal Revenue Code and other Federal Laws.**

(1) It is intended that DROP shall not jeopardize the tax-qualified status of the System under the Internal Revenue Code. Full rights are reserved to modify this section to the extent necessary or appropriate to insure that DROP complies with applicable federal laws, regulations, and administrative rulings.

(2) Notwithstanding any other provision in this section, the DROP program shall be subject to the sections of the Internal Revenue Code applicable to governmental plans, as amended, and the regulations and rulings under those sections.

(k) **Employment Status During DROP Participation.** The employment status of a member electing to participate in DROP shall not be affected by that election.
(Added Ord. 97-66, § 1, eff. 12-18-97; Am. Ord. 2000-73, § 1, eff. 12-11-00; Am. Ord. 2001-72, § 11, eff. 11-10-01; Am. Ord. 2006-16, § 10, eff. 3-10-06; Am. Ord. 2011-1, § 19, eff. 3-7-11; Am. Ord. 2012-4, § 2, eff. 3-15-12; Am. Ord. 2021-014, § 4, eff. 5-17-21).

SEC. 3-425. RECIPROCITY BETWEEN THE FIRE AND POLICE RETIREMENT SYSTEM AND THE CALIFORNIA PUBLIC EMPLOYEES RETIREMENT SYSTEM.

(a) **Purpose.** The purpose of this section is to extend to the members of other public agency retirement systems which adopt similar reciprocal provisions into their retirement ordinances or plans pursuant to Sections 20351, 20353, 31840.2, or 45310.5 of the California Government Code or pursuant to the charter of a City or a City and county or pursuant to the authority vested in any other public agency of the state of California (hereinafter "reciprocal systems"), and which have entered into an agreement to establish a reciprocal retirement system with the California Public Employees' Retirement System, the rights in this Retirement System set forth in this section.

(b) **Limitations On Application Of This Section.**

(1) Subject to subsection (f), the provisions of this section shall only apply to a person who satisfies either of the following requirements:

(i) The person is a member of this Retirement System, terminates his or her employment with the City, and becomes a member of a reciprocal system within six months of such termination of employment; or

(ii) The person is a member of a reciprocal system, terminates his or her employment pursuant to which he or she was a member of such reciprocal system, and becomes a member of this Retirement System within six months of such termination of employment.

(2) Except as provided in subsection (c) below, the provisions of this section shall apply only to a member whose termination and entry into employment resulting in a change in membership from this Retirement System to a reciprocal system, or from a reciprocal system to this Retirement System, as provided in subsection (b)(1) above,

occurred after the effective date of February 18, 2002, specified in the agreement for reciprocal benefits between the Board of Administration of the Public Employees Retirement System and the Council of the City of Fresno.

(3) The provisions of this section relating to computation of average compensation shall apply to a member if such provisions would have applied had the member's termination and entry into employment occurred after the effective date of the agreement for reciprocal benefits.

(4) Persons entering the System from a reciprocal system shall be subject to the provisions applicable to the second tier of this Retirement System.

(c) **Benefits.** The following provisions shall apply to a member who meets the requirement of subsection (b):

(1) Notwithstanding any provision of this plan or a reciprocal system in the matter of vesting, the member shall have the right to elect to leave his or her accumulated contributions on deposit in the Retirement System irrespective of the amount of such contributions or the length of service credited to the member under this Retirement System. Such election shall be irrevocable while membership in the reciprocal system continues.

(2) For the purpose of the calculation of contribution rates of the City and the members, the age of entry for a person entering this Retirement System from a reciprocal system shall be such person's age at entry into the reciprocal system.

(3) The average monthly salary during any period of service as a member of a reciprocal system shall be considered compensation to a member of this Retirement System for the purpose of computing average compensation for such member if all of the following conditions are satisfied:

(i) The member has attained the age of fifty years; and

(ii) The member retires concurrently under both this Retirement System and the reciprocal system; and

(iii) At the time of retirement, the member is credited with such period of service under the reciprocal system.

(4) Solely for the purpose of meeting the minimum service requirements for qualification for benefits and retirement allowances under this Retirement System, service shall also include service as an officer or employee of a reciprocal system, if all of the following conditions are satisfied:

(i) The member has attained the age of fifty years; and

(ii) The member retires concurrently under both this Retirement System and the reciprocal system; and

(iii) The salary for service in the reciprocal system constitutes compensation of a member of this Retirement System for purposes of calculating average compensation.

(5) A member shall be retired for disability and receive a retirement allowance based on the service credited to the member at the time of retirement during any period in which the member receives a disability retirement allowance under a reciprocal system, subject to the following limitations:

(i) Such allowance shall not exceed an amount which when added to the allowance paid under the reciprocal system equals the allowance which would be paid for a nonservice-connected (nonindustrial) disability if all the member's service had been credited under the reciprocal system; and

(ii) Such allowance shall in no event be less than an annuity which is the actuarial equivalent of the member's contributions, whether or not the disability is for service-connected (industrial) reasons.

(6) The death benefits for a member who dies from nonservice-connected (nonindustrial) causes as a member of a reciprocal system shall not exceed an amount which when added to the death benefits paid for such member under the reciprocal system equals the maximum death benefit payable under that system, subject to the following limitations:

(i) Such death benefits shall be at least the amount of the member's accumulated contributions; and

(ii) If death is cause by service-connected (industrial) injury or disease in the reciprocal system, the death benefits shall be the amount of the member's accumulated contributions.

(d) **Information And Data.** On the request of a reciprocal system, the Board shall supply information and data necessary for administration of the reciprocal system as it is affected by membership in the service credited under this Retirement System.

(e) **Interpretation Of This Section.** Interpretations of the provisions of this section shall be made with reference to interpretations that have been made relative to the California Public Employees' Retirement System — 1937 Act County Employees' Retirement reciprocal provisions upon which these provisions are based.

(f) **Modification Of Rights.** All rights under this section are subject to modification as may be necessary to conform to amendments to the Public Employees' Retirement Law or the County Employees' Retirement Law of 1937 as provided in California Government Code Section 20353.
(Added Ord. 2002-4, § 1, eff. 2-18-02)

SEC. 3-426. RIGHTS OF DOMESTIC PARTNERS.

Full rights are reserved, at any time and from time to time and retroactively if deemed necessary or appropriate, to amend in whole or in part any and all provisions of this Article 4 relating to domestic partners. It is specifically intended that, if through the initiative process or otherwise, California law expands or reduces, rescinds or terminates the status and rights of domestic partners, whether current, surviving, or former, or the status and

rights of domestic partnerships, then conforming expansions, reductions, rescission, or termination shall be deemed to be incorporated into this article, including retroactively. It is further intended that the domestic partner provisions of this Article not jeopardize the tax-qualified status of the System under the Internal Revenue Code; full rights are reserved to modify or rescind those provisions to insure compliance with applicable federal laws, regulations, and administrative rulings.
(Added Ord. 2006-16, § 11, eff. 3-10-06).

SEC. 3-427. REFUND OF CONTRIBUTIONS.

(a) Should the service of a member in a status requisite for membership in the System be discontinued, except by death or retirement, the member shall be paid no less than six months after the date of discontinuance, and upon the member's demand, the member's accumulated contributions; provided that, if in the opinion of the Retirement Board, said member is permanently separated from service by reason of such discontinuance, the member shall be paid forthwith all of the member's accumulated contributions. In intervals between meetings of the Retirement Board, the Retirement Administrator shall act under this section, for and in lieu of the Board, by making payment of accumulated contributions in the same manner and with the same effect as if the conditions prescribed herein for the Board were prescribed instead for the Retirement Administrator. Such payments shall be reported to the Board at its next meeting.

(b) Any member upon re-entry to the Retirement System may within thirty days of re-entry elect to redeposit in the Retirement Fund, in one lump sum or in equal bi-weekly payments spread over a time period not to exceed five years, an amount equal to that which the member withdrew from the Retirement Fund at the member's last termination of membership, including the amount of additional interest, which would have been credited to the member's account had such contributions not been withdrawn. If a member elects to make repayments in equal bi-weekly payments but fails to complete the repayment schedule, the member shall only receive credit for the amount of service which is the actuarial equivalent to the amount of repayment actually made by the member. In the case of members electing to make repayment other than in one lump sum, interest shall be paid on the unpaid balance of the amount payable to the System under such an election, beginning on the effective date of such election at the rate of interest currently being used under the System. If a member does not make such a redeposit upon re-entry to the Retirement System the member shall re-enter as a new member without credit for any service. Notwithstanding the foregoing redeposit limitation there is an open one hundred twenty-day period beginning March 1, 2017, for the purpose of allowing any member who has re-entered service and has not elected to redeposit, to make or not make an election to redeposit in the Retirement Fund in accord with this subsection. The Retirement Board may also create an open thirty-day period for allowing an individual member to elect to redeposit in accordance with this subsection upon a finding that an employee has been inequitably denied an opportunity to redeposit due to financial hardship or other circumstances beyond the control of the employee.
(Added Ord. 2017-15, § 2, eff. 4-24-17)

SEC. 3-501. DEFINITIONS.

The following words and phrases as used herein, unless a different meaning is plainly required by the context, shall have the following meanings:

(a) "Actuarial equivalent" shall mean a benefit of equal value when computed upon the basis of such mortality tables as shall be adopted by the Retirement Board, and regular interest.

(b) "Actuarial present value" shall mean the lump sum amount which is the actuarial equivalent of a future series of payments. The actuarial assumptions used in the determination of an actuarial present value shall be the interest rate and mortality tables last adopted by the Board prior to the time the actuarial present value is being determined.

(c) "Alternate payee" shall mean the spouse, domestic partner, former spouse, or former domestic partner of a member of this System who, as a result of petitioning a court of competent jurisdiction for the division of community property, has been awarded an interest in the benefits payable to a member. A spouse, domestic partner, former spouse, or former domestic partner who is awarded an interest in such benefits shall not be or become a member of this System by reason of such award or payment of such benefits.

(d) "Annual leave" referred to in this article, shall mean leave with pay under an annual leave program, which is accrued in lieu of sick leave and vacation leave.

(e) "Annuity" shall mean equal monthly payments for life derived from contributions made by a member.

(f) "Beneficiary" shall mean any person in receipt of a retirement allowance, a death benefit, or any other benefit from the Retirement System.

(g) "Board" shall mean "Retirement Board" as created in Section 3-505 of this article.

(h) "City service" shall mean service rendered as an employee of the city, other than as a fireman or policeman, for compensation, and for the purpose of the Retirement System a member shall be considered as being in the "city service" only while he is receiving compensation from the city for such service. When city service is a factor in the computation of allowances and other benefits hereunder, fractional years of such service shall be added to make complete years, and any remaining fractional year shall be included in the computation, unless only completed years are required by the context.

(i) The various types of compensation are as follows:

(1) "Compensation", as distinguished from benefits under Division 4 of the Labor Code of the State of California, shall mean the remuneration payable in cash by the city, plus the monetary value, as determined by the Council, or if the Council shall not have so determined, then by the Retirement Board, of board, lodging, fuel, laundry and other advantages allowed as remuneration by the city. For individuals who first became members in the System before July 1, 1996, there shall be no limit on the compensation taken into account in determining his or her benefits. For individuals who first became members in the System on or after July 1, 1996, the annual compensation of each member taken into account under the System for any year shall not exceed the maximum amount provided in Internal Revenue Code Section 401(a)(17). In applying this rule for individuals who first became members on or after July 1, 1996, the following special rules shall apply:

(i) Effective with respect to the plan years commencing on or after July 1, 1996, and before July 1, 2002, the maximum amount is $150,000 as adjusted for cost of living increases by the Secretary of the Treasury. Each subsequent year that maximum is subject to further adjustments for cost of living increases in accordance with regulations issued by the Secretary of the Treasury. Any such increases shall be automatically incorporated into this Code without the need for specifically amending this Code each time the maximum is adjusted.

(ii) Effective only for the 1996 plan, if any individual is part of the family of a highly compensated employee in the group consisting of the ten most highly compensated employees paid the greatest compensation by the city during the plan year, then such individual shall not be considered a separate employee. Compensation paid to such individual by the city shall be treated as if it were paid to the highly compensated employee. In applying this rule, the term "family" shall include only

the spouse of the highly compensated employee and any lineal descendants of the highly compensated employee who have not attained age nineteen before the end of the plan year and the term "highly compensated employee" shall refer to those employees defined in Internal Revenue Code Section 414(q).

(iii) If the provisions of subsection (ii) above are applied to any member and his or her family in the aggregate, the compensation counted for each aggregated employee shall be reduced pro rata to stay within the limit of subsection (i), except that if any family member is not participating in any qualified retirement plan sponsored by the city, then the compensation counted for that family member shall be reduced to zero before any other reductions are made under this subsection.

(iv) Effective with respect to plan years beginning on and after July 1, 2002, the annual compensation of a plan member which exceeds $200,000 (as adjusted for cost-of-living increases in accordance with Section 401(a)(17)(B) of the Internal Revenue Code) may not be taken into account in determining benefits or contributions due for any plan year. Annual compensation means compensation during the plan year or such other consecutive 12-month period over which compensation is otherwise determined under the plan (the determination period). The cost-of-living adjustment in effect for a calendar year applies to annual compensation for the determination period that begins with or within such calendar year. If the determination period consists of fewer than 12 months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is 12. If the compensation for any prior determination period is taken into account in determining a plan member's contributions or benefits for the current plan year, the compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that prior period.

(v) As used in this Section, the term "eligible member" means a person who first became a member of the retirement system prior to July 1, 1996. Pursuant to Section 13212(d)(3)(A) of OBRA '93, and the regulations issued under that Section, eligible members are not subject to the limits of Section 401(a)(17) of the Internal Revenue Code.

(2) "Compensation earnable" by a member shall mean the compensation as determined by the Retirement Board, which would have been earned by the member had he worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him during such period, and at the rates of pay attached to such positions. The compensation for any absence shall be based on the compensation earnable by him at the beginning of the absence, and that for such time prior to his first entering city service, as may be necessary to complete the three consecutive years required in the calculation of "final compensation," shall be based on the compensation earnable by him in the position first held by him in such service.

(3) "Final compensation" shall mean the highest average monthly compensation earnable by a member during any period of three consecutive years during his membership in the System, using the rate of pay in effect at the time of retirement (including, as to any member retiring on or after July 1, 1976, and prior to August 1, 1976, and as to any member retiring on or after July 1 and prior to August 1 of any fiscal year thereafter, any adjustment of such rate of pay made pursuant to a memorandum of understanding with a formally recognized employee organization approved by the Council prior to January 1 of that fiscal year) and calculated as follows: The compensation attached, as of the date of retirement, including such adjustment thereto as specified above, to the lowest position held during the three highest consecutive years plus one-thirty-sixth of the difference between it and the compensation attached to any higher position held during that period for each month and fraction thereof the higher position was held. For the purposes of this Code, periods of service separated by breaks in service may be aggregated to constitute a period of three consecutive years, if the periods of service are consecutive except for such breaks. If a break in service did not exceed six months in duration, time included in the break and compensation earnable during such time shall be included in computation of final compensation, but time included in the break which is in excess of six months and the compensation earnable during such excess time shall be excluded in computation of final compensation.

(4) When the compensation of a member is a factor in any computation to be made under this article, there shall be excluded from such computation any compensation based on overtime such as, but not limited to, differentials for holidays, any compensation payable, upon separation from city service, for unused accumulated vacation, for unused accumulated annual leave, and any bonus or award payable solely for achievement of proficiency in any skill and not based on any additional or higher duties performed or to be performed by the recipient thereof. "Overtime," for the purposes of this article, is the aggregate city service performed by an employee as a member in excess of the hours of work considered normal for employees on a full-time basis.

(5) When the compensation of a member is a factor in any computation under this article, there shall be included in such compensation:

(i) "Holiday Pay", defined to mean pay received by a member over and above the member's regular base pay, i.e., pay received in a typical paycheck for the member, due to working on a holiday in the payroll period to which the paycheck applies. Holiday Pay does not include holiday pay paid at an overtime rate;

(ii) "Administrative Leave Allowance" or "Pay in Lieu of Administrative Leave", defined to mean pay received by employees in lieu of base administrative leave. The term does not include pay received by employees in lieu of merit administrative leave;

(iii) "Miscellaneous Pay", defined to mean those items of miscellaneous pay included in pensionable compensation as of August 31, 2007, and, in addition, bilingual pay, court appearance standby pay, uniform allowance, educational incentive pay, certificate pay, and no other pay; and

(iv) "Vehicle Allowance", defined to mean payments to members for a vehicle allowance in the form of a flat monthly stipend. The term does not include vehicle allowance paid on the basis of cents per mile.

(6) When the compensation of a member is a factor in any computation to be made under this article, there shall be excluded from such computation:

(i) Premiums paid for employee medical, dental, prescription drug, vision, life, long-term disability insurance, or for professional dues or memberships or license renewal fees, which shall not be included as compensation for any retirement purpose, including but not limited to calculating service or disability retirement allowances or survivor continuances.

(ii) Cash-outs at retirement of accumulated leave balances shall not be included as compensation for any retirement purpose, including but not limited to, calculating service or disability retirement allowances or survivor continuances. Accumulated leave balances at the time an active employee enters DROP shall not be included as compensation for any retirement purpose, including but not limited to, calculating service or disability retirement allowances or survivor continuances.

(7) When Holiday Leave of a member is a factor in any computation to be made under this article, the Holiday Leave shall be determined pursuant to the settlement stipulation in *FORCE, et al v. City of Fresno Employees Retirement Board,* Fresno Superior Court Case No. 03 CECG 02595 HAC, effective August 31, 2007.

(j) "Continuous service" shall mean uninterrupted city service, except that discontinuance of city service from any cause whatever followed by re-entry into city service shall not be considered as a break in the continuity of service but the period of absence shall not count as city service, and except that any absence from city service while on military service shall not be considered as a break in city service and the period of such absence shall count as city service as provided in this article; but time during which a period otherwise has been or shall be absent, for any reason, from city service shall not be included in calculating any benefit under the Retirement System or in determining whether a member qualifies for retirement.

(k) The various types of contributions are as follows:

(1) "Accumulated contributions" shall mean accumulated normal contributions.

(2) "Accumulated normal contributions" shall mean the sum of all the normal contributions, deducted from the compensation of a member, standing to the credit of his individual account, together with regular interest thereon.

(3) "Normal contributions" shall mean contributions at the rates provided for in Section 3-523, without interest.

(4) "Contributions" shall mean normal contributions.

(l) The following definitions apply to domestic partnerships and to domestic partners:

(1) "Domestic partnership" shall mean (1) a registered domestic partnership that has been established by filing a Declaration of Domestic Partnership with the Secretary of State pursuant to Division 2.5 of the California Family Code; or (2) a legal union of two persons of the same sex, other than a marriage, that was validly formed in a jurisdiction other than California if such union is recognized as a domestic partnership pursuant to California Family Code Section 299.2.

(2) "Domestic partner" shall mean a person who has entered into a domestic partnership.

(3) "Former domestic partner" shall mean the person who had established a domestic partnership with a member, where that partnership has since been terminated pursuant to California law or other applicable law.

(4) "Surviving domestic partner" shall mean the person with whom a deceased member, at the time of death, had established a domestic partnership and who survives the member's death.

(m) "Disability," as a basis for retirement, shall mean permanent disability or disability of extended and uncertain duration, as determined by the Board upon the basis of competent medical and other information.

(n) "Employee" shall mean any person who occupied a position created by or which is under the jurisdiction of the city, whose compensation is paid by the city, and who is under the control of the city as to employment, direction, and discharge.

(o) "Service-connected" in reference to the disability of any member of this System shall mean disability which results from injury or disease arising out of and in the course of the member's employment with the city, and such employment contributes substantially to such disability.

(p) "Member" shall mean any person included in the membership of the Retirement System as provided in Section 3-515.

(q) "Pension" shall mean equal monthly payments for life derived from contributions made by the city as provided herein.

(r) "Prior service" shall mean city service rendered prior to June 1, 1939.

(s) "Regular interest" shall mean interest at the authorized rate as adopted by the Board and compounded, computed, and credited in the manner prescribed in Section 3-505, including such additional interest as the Board may declare from year to year as authorized under this article.

(t) "Plan year" shall mean the consecutive 12-month period beginning on July 1 and ending on June 30 of the following calendar year.

(u) "Limitation year" shall mean the calendar year.

(Rep. and Added Ord. 5313, 1958, based on former Section 2-801; Am Ord. 5666, 1959; Am. Ord. 6045, 1962; Am. Ord. 6062, 1962; Am. Ord. 6166, 1962; Am. Ord. 6395, 1964; Am. Ord.

6621, 1965; Am. Ord. 68-125, 1968; Am. Ord. 72-116, 1972; Am. Ord. 72-124, eff. 8-10-72; Am. Ord. 73-121, § 1, eff. 8-10-73; Am. Ord. 77-25, § 1, eff. 4-3-77; Am. Ord. 94-29, §§ 1, 2, eff. 5-27-94; Am. Ord. 96-41, § 3, eff. 6-28-96; Am. Ord. 2000-25, § 1, 4-24-00; Am. Ord. 2001-73, § 1, eff. 11-10-01; Am. Ord. 2006-17, § 1, eff. 3-10-06; Am. Ord. 2011-2, §§ 1, 2, eff. 3-7-11; Am. Ord. 2011-3, § 1, eff. 3-11-11; Am. Ord. 2012-22, § 2, eff. 1-21-13).

SEC. 3-502. EFFECT OF REDEFINITION OF FINAL COMPENSATION.

The definition of "final compensation," contained in Section 3-501(g)(3) as amended by Ordinance No. 72-116, adopted July 20, 1972, shall not be applied to increase or decrease any retirement allowance payable to or on account of any person who died or was retired as a member of the System prior to July 1, 1972.
(Added Ord. 72-124, 1972; Am. Ord. 95-40, § 1, eff. 6-23-95).

SEC. 3-503. GROUPS OF EMPLOYEES.

The various groups of employees shall be as follows, and the Retirement Board shall classify each employee who is eligible for membership in the Retirement System, in one of such groups:

(1) "Manual worker" shall mean any employee engaged upon duties requiring principally physical exertion, including among others, such positions as laborer, caretaker, janitor, mechanic, gardener.

(2) "Clerical or Supervisory worker" shall mean any employee engaged upon duties requiring principally mental exertion, including among others, such positions as clerk, deputy, inspector, foreman, etc.

(Rep. and Added Ord. 5313, 1958; based on former Section 2-801.1).

SEC. 3-504. CREATION OF RETIREMENT SYSTEM.

(a) The City of Fresno Employees Retirement System was created by Ordinance No. 2502, effective June 1, 1939, and said retirement system is continued in effect by this article. Retirement allowances being paid at the close of the day next preceding the effective date hereof, to persons whose retirements were effective prior thereto, shall be continued and paid in the same respective amounts to such persons, but such persons shall otherwise be subject to the provisions of this article. The mortality, service and other tables and the rates of contribution for members as recommended from time to time by the actuary and the valuations determined by him from time to time and approved by the Retirement Board in accordance herewith shall be final and conclusive, and the Retirement System shall be based thereon. The total amount, as determined by the actuary and approved by the Retirement System in accordance with this article, shall be paid into the Retirement Fund, hereinafter created, by the city during such year.

(b) The purpose of the System is to secure contributions from the City and from employees, and to distribute System assets only to members, retired members and their beneficiaries, pursuant to the System's plan of benefits and to pay reasonable expenses of administration.

(c) No part of the System's assets or income may be used for, or diverted to, purposes other than for the exclusive benefit of members, retirees, or their beneficiaries and no part of the System's assets or income may revert to the City.

(d) Forfeitures arising from termination of employment, death, or for any other reason, will not be applied to increase the benefits any member, retired member, or beneficiary would otherwise have received from the System at any time prior to the termination of the System, although the effect of forfeitures may be anticipated in determining the System's costs.

(e) Upon termination of the System or upon the complete discontinuance of contributions to the System, the rights of each employee to benefits accrued to the date of such termination or discontinuance are non-forfeitable.

(f) The City of Fresno Employees Retirement System is established as a qualified governmental defined benefit plan under the Internal Revenue Code of 1986, as amended from time to time (hereinafter referenced as "Internal Revenue Code" for purposes of this Article), pursuant to Sections 401(a) and 414(d) of the Internal Revenue Code or such other provision of the Internal Revenue Code as applicable and applicable Treasury regulations and other guidance.
(Rep. and Added Ord. 5313, 1958, based on former Sec. 2-802; Am. Ord. 6062, 1962; Am. Ord. 96-54, § 42, eff. 9-20-96; Am. Ord. 2001-15, § 1, eff. 3-26-01; Am. Ord. 2011-2, § 3, eff. 3-7-11).

SEC. 3-505. RETIREMENT BOARD CREATED. POWERS AND DUTIES. RETIREMENT ADMINISTRATOR TO BE SECRETARY. POWERS AND DUTIES OF RETIREMENT ADMINISTRATOR.

(a) The management and control of this System shall be vested in the Board which is hereby created. The Board shall be the successor to, and have the powers and duties of, the Pension Board created by Ordinance No. 3116, as amended, in addition to the powers and duties conferred by this article. The Board shall consist of the following five members:

(1) Two members who are city management employees appointed by the Mayor and approved by the Council;

(2) A member who is a manual worker, elected by members who are manual workers in an election conducted by the Board;

(3) A member who is a clerical or supervisory worker, elected by members who are clerical or supervisory workers in an election conducted by the Board;

(4) A qualified elector of the County of Fresno, not connected with the government of the City of Fresno, elected by the previously designated four members. If such person has been retired for service or disability, and is receiving or is entitled to receive a retirement allowance under the Fresno Fire and Police Retirement System, such person shall be elected by a unanimous vote of the previously designated four members. A person receiving or entitled to receive a retirement allowance under the Employees Retirement System shall not be eligible to serve on the Board.

(5) The four employee Board members shall serve without compensation. The four employee Board members shall determine whether, in what amount, and under what conditions a stipend for attending Board meetings and for participating in other activities directly related to the performance of Board duties is payable from the Retirement Fund to the Board member they elect.

(b) The Board, in conjunction with the Fire and Police Retirement Board, shall appoint and direct a retirement administrator who shall be a member of the City of Fresno unclassified service; shall serve at the Boards' pleasure; shall report to the Boards; shall administer the retirement office and its financial affairs; shall appoint, suspend, and remove subordinate employees subject to the Civil Service System provisions of the City of Fresno Charter and the Municipal Code; and shall perform such other administrative duties as the Boards require. The Retirement Administrator shall serve as the Secretary of the Board without additional compensation.

(c) The Board shall, when necessary, employ a consulting actuary, who shall be a person skilled by training and experience, in both the technical and administrative features of retirement systems. The Board may employ or contract for professional or consulting services, including legal services, to carry out and effect the functions of the Board.

(d) The Board shall have the sole power and authority to hear and determine all facts pertaining to applications for and awards of any benefits under the System, or any matters pertaining to the administration thereof.

(e) As of June 30, 1956, and thereafter at intervals of not to exceed three years, the Board shall make an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries, and further, shall make an actuarial valuation of the assets and liabilities of the System. From time to time the Board shall determine the rate of interest being earned on the Retirement Fund. Upon the basis of all or any of such investigation, valuation and determination, the Board shall:

(1) Adopt for the System such interest rate and mortality, service and other tables, or any of such items, and any other actuarial assumptions, as shall be deemed necessary; and shall set forth the actuarial assumptions as adopted in its rules.

(2) Make such revision in the city's and member's rate of contribution under the System as shall be deemed necessary to comply with this article, provided that before such revised rates of contributions are adopted by the Board, a public hearing on the question of the proposed revision shall be held by the Board, and,

(3) Transfer to or from, as the case may be, either or both of (i) the accumulated investment income in excess of interest credited to contributions, and (ii) the accumulated contributions of the city held for the benefit of members on account of current and prior service, amounts necessary to bring amounts available, in the accounts required herein to be kept, to meet the obligation of the System on account of

benefits that have been granted, including the annuity portion of such benefits, to or on account of persons who have retired or died, on the basis of the mortality tables and interest rate adopted by the Board.

(f) The Board shall determine the city service rendered by members, and shall fix and may modify allowances for service and disability and fix other benefits. One year and proportionate parts thereof shall be credited on the basis of not more than two hundred fifty nor less than two hundred twenty days of city service rendered by per diem employees, and on the basis of ten months or more of city service rendered by monthly employees, but not more than one year shall be credited for all service in any fiscal year. Time during which a member was or shall be absent from city service without pay shall not be allowed in computing service except as provided in this article. Time during which a member is absent with compensation shall be credited as service in the same proportion that such compensation bears to the compensation earnable by the member in full-time city service.

(g) The Retirement Administrator shall credit contributions of members, of beneficiaries and of the city with interest, at the rate adopted by the Board from time to time in the manner provided in this section, compounded on June 30 of each year, and computed and credited as the Board shall prescribe. The Board, however, at the end of each fiscal year, may credit to all contributions held in the Retirement Fund at the end of such fiscal year such additional interest as it may deem proper in the light of the earnings on the Retirement Fund during such fiscal year; provided, that the total interest credited to contributions during any fiscal year shall not exceed the earnings on the Retirement Fund during that year; and provided further, that interest at the rate adopted by the Board pursuant to this section, compounded annually, shall be used in the calculation of benefits under any mortality table adopted by the Board, regardless of any additional interest allowed on contributions under this subsection (g).

(h) The Retirement Administrator shall keep in convenient form such data as shall be necessary for the actuarial valuation of the System, and, in addition to such other records and accounts as the Board may require, shall keep such records and accounts as shall be necessary to show at any time:

(1) The total accumulated contributions of members;

(2) The total accumulated contributions of retired members less the annuity payments made to such members;

(3) The accumulated contributions of the city held for the benefit of members on account of service credited to members;

(4) All other accumulated contributions of the city, which shall include the amounts available to meet the obligation of the city on account of benefits that have been granted and on account of prior service of members.

(i) Credit for prior service shall be granted to each member who has rendered such service as defined herein and who entered the Retirement System on or before June 1, 1939, or who enters thereafter, provided that prior service rendered prior to a discontinuance of city service followed by re-entrance into city service after the elapse of more than one year shall not be

credited. However, prior service so credited shall be for the basis for a retirement allowance or benefit as provided herein only if membership continues unbroken until retirement on a retirement allowance or until granting of such other benefit, provided that a termination of membership by the withdrawal of contributions followed by the re-deposit of such contributions upon re-entrance into city service shall not constitute a break in membership. (Orig. Ord. 4789; Rep. and Added Ord. 5313, 1958; Am. Ord. 5666, 1959; Am. Ord. 6030, 1961; Am. Ord. 68-125, 1968; Am. Ord. 73-91, § 2, eff. 7-8-73; Am. Ord. 76-50, § 1, eff. 7-4-76; Am. Ord. 84-43, § 1, eff. 5-4-84; Am. Ord. 85-167, § 3, eff. 11-239-85; Rep. and Added Ord. 90-54, §§ 1, 2, eff. 7-13-90; Am. Ord. 95-40, § 2, eff. 6-23-95; Am. Ord. 96-54, §§ 43—47, eff. 9-20-96; Am. Ord. 2001-15, § 2, eff. 3-26-01; Am. Ord. 2001-49, § 1, eff. 7-3-01; Am. Ord. 2005-85, § 1, eff. 9-25-05).

SEC. 3-506. ABSENCES ON MILITARY SERVICE.

(a) It is the intent of this section to comply with the reemployment of members from military service as set forth in section 1101 of the Charter of the City of Fresno; in the Uniformed Services Employment and Reemployment Rights Act (USERRA), codified as Chapter 43 of Title 38 of the United States Code; and in section 414(u) of the Internal Revenue Code. Notwithstanding any provision of this article to the contrary, contributions, benefits, and credit for service with respect to military service shall be provided in accordance with section 414(u) of the Internal Revenue Code.

(b) Any member absent on military service, who returns to city service not later than one hundred eighty days after the member's honorable discharge from such service (unless that period is extended by USERRA), shall receive credit for the time of the absence as service in the same manner as if the member had not been absent. Such member shall not be required to contribute to the Retirement System for the time of such absence (unless that period is extended by USERRA), and the member's rate of compensation during such absence, for purposes of the System, shall be the same as the member's rate immediately prior to the beginning of such absence. This section shall be applied retroactively to members in city service who were absent on military service prior to the effective date of this ordinance.

(c) Military service means the performance of duty on a voluntary or involuntary basis, including active duty, active duty for training, initial active duty for training, inactive duty training, full-time National Guard duty, and attending a fitness-for-duty examination, in the Armed Forces, the Army or Air National Guard, the commissioned corps of the Public Health Service, or any other category of persons designated by the President of the United States in time of war or emergency.

(d) The city's liability under the System for benefits based on service so credited, shall be included in the liabilities which are used as the basis for the city's current service rate of contribution or its prior service annual installment, as the case may be, at their periodical determination as required by this article.

(e) Effective with respect to deaths occurring on or after January 1, 2007, while a member is performing qualified military service (as defined in chapter 43 of title 38, United States Code), to the extent required by Section 401(a)(37) of the Internal Revenue Code, survivors of

a member, are entitled to any additional benefits that this Code would provide if the member had resumed employment and then died, such as accelerated vesting or survivor benefits that are contingent on the member's death while employed. In any event, a deceased member's period of qualified military service must be counted for vesting purposes.

(f) Beginning January 1, 2009, to the extent required by Section 414(u)(12) of the Internal Revenue Code, an individual receiving differential wage payments as defined under Section 3401(h)(2) of the Internal Revenue Code from an employer shall be treated as an employee of the employer making the payment, and the differential wage payment shall be treated as compensation for purposes of applying the limits on annual additions under Section 415(c) of the Internal Revenue Code. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.
(Added Ord. 5313, 1958, Based on former Sec. 2-804; Am. Ord. 5666, 1959; Am. Ord. 2002-37, § 1, eff. 8-22-02; Am. Ord. 2011-2, § 4, eff. 3-7-11).

SEC. 3-507. PROPOSED AMENDMENTS TO BE SUBMITTED TO RETIREMENT BOARD.

No amendment or other modification of the Fresno City Employees Retirement System ordinance, as now existing and as hereafter amended, shall be made by the Council, unless such amendment or other modification shall be previously submitted to the Retirement Board for its consideration. (Added Ord. 5313, 1958, Based on former Sec. 2-805; Am. Ord. 96-54, § 48, eff. 9-20-96).

SEC. 3-508. ESTIMATES OF AGE AND SERVICE.

If it shall be impracticable for the Retirement Board to determine from the records the length of service, the compensation or the age of any member, the said Board may estimate, for the purposes hereof, such length of service, compensation or age. (Added Ord. 5313, 1958, Based on former Sec. 2-806).

SEC. 3-509. BENEFITS EXEMPT FROM EXECUTION.

The right of a person to a pension, an annuity, a retirement allowance, or the return of contributions, the pension, annuity, or retirement allowance itself, any optional benefit, or any other right or benefit accrued or accruing to any person under the provisions hereof and the moneys in the fund created herein, shall not be subject to execution, garnishment, attachment, or any other process whatsoever, and shall be unassignable; provided, however, that the right of any member to the return of contributions upon his permanent separation from the city service may be assigned by such member to any credit union in which eligibility for membership is limited to persons employed or formerly employed by the city, as collateral for any loan made by such credit union directly to such member; and provided further, that no such assignment by a member to a credit union shall be deemed a waiver by such member of his right, under any provision of this article, to allow his accumulated contributions to remain in the Retirement Fund. Assignments permitted hereunder shall be deemed acknowledged by the Board upon the filing thereof with the Retirement Administrator, but neither the city, its

officers and employees nor the Board, its members and employees shall be liable to any credit union for any loss or damage on account of failure for any reason to give effect to any such assignment. (Added Ord. 5313, 1958, Based on former Sec. 2-807; Am. Ord. 6396, 1964; Am. Ord. 96-54, § 49, eff. 9-20-96).

SEC. 3-510. TIME TO APPLY FOR BENEFITS.

Proceedings before the Retirement Board for the collection of benefits provided under the Retirement System, upon the death of a member or beneficiary, must be commenced within one year from the date of death, or from the date of appointment of a guardian or trustee of the person to whom the said benefits would be payable, if such person is incompetent or under twenty-one years of age. (Added Ord. 5313, 1958, based on former Sec. 2-808).

SEC. 3-511. APPLICATION FOR REHEARING.

Any applicant, or in the event of the death or incompetency of the applicant, any person legally qualified to act for said applicant, may file an application for rehearing of any application, whether for a benefit hereunder or retirement, within thirty days after written notice of the determination by the Retirement Board has been sent by mail to the applicant or his attorney of record, upon any of the following grounds:

(1) That the Retirement Board acted without and in excess of its powers;

(2) That the order, decision, or award was procured by fraud;

(3) That the evidence does not justify the determination of said Retirement Board;

(4) That the applicant has discovered new evidence material to him which he could not, with reasonable diligence, have discovered or procured at the hearing. (Added Ord. 5313, 1958, based on former Sec. 2-809; Am. Ord. 5666, 1959).

SEC. 3-512. DETERMINATION OF APPLICATION FOR REHEARING.

The determination of the Retirement Board on any application for rehearing shall be made within sixty days after the filing thereof, or said application shall be deemed denied and such determination shall be final and conclusive and it shall have no jurisdiction to entertain any subsequent application regarding the same matter. (Added Ord. 5313, 1958; based on former Sec. 2-810).

SEC. 3-513. CREATION AND CONTROL OF RETIREMENT FUND.

(a) A trust fund is hereby created, to be known as the Fresno City Employees Retirement Fund and to consist of all the moneys paid into it as herein provided, whether such moneys shall take the form of cash, securities or other assets. The Retirement Board shall have exclusive control of the administration and investment of the said fund.

(b) Reserved.

(c) Reserved.

(d) Reserved.

(e) Except as provided in this article, no member or employee of the Retirement Board shall have any interest, direct or indirect in the making of any investment, or in the gains or profits accruing therefrom. No member of the Retirement System and no member or employee of the said Board, directly or indirectly, for himself or as an agent or partner of others, shall borrow any of its funds or in any manner use the same except to make such current and necessary payments as are authorized by said Board; nor shall any member or employee of the Board become an indorser or surety or become in any manner an obligor for moneys invested by the Board. Effective as of July 1, 1989, a member or employee of the Retirement Board shall not engage in a transaction prohibited by Section 503(b) of the Internal Revenue Code.

(f) In the exercise of its control of the administration and investment of the Retirement Fund, the Retirement Board may by resolution specify certain classes or kinds of securities in which the moneys in the Retirement Fund may be invested and may authorize the Retirement Administrator to:

(1) Invest moneys in the Retirement Fund, from time to time as such moneys become available, in securities of any of the classes or kinds so specified, and

(2) Surrender matured securities in the Retirement Fund upon their maturity and reinvest the proceeds in securities of any such specified classes or kinds.

(g) The Retirement Fund may participate under Section 401(a)(24) of the Internal Revenue Code in a qualified group trust that meets the requirements of Section 401(a) of the Internal Revenue Code in accordance with Revenue Ruling 81-100, as amended by Revenue Ruling 2004-67.

(Added Ord. 5313, 1958, based on former Sec. 2-811; Am. Ord. 6395, 1964; Am. Ord. 96-54, §§ 50—55, eff. 9-20-96; Am. Ord. 2011-2, §§ 5, 6, eff. 3-7-11).

SEC. 3-514. INVESTMENTS.

(a) The Board is authorized to acquire every kind of property, real, personal or mixed, and every kind of investment, specifically including, but not by way of limitation, corporate obligations of every kind and stocks, preferred or common, which persons of prudence, discretion and intelligence acquire for their own account.

(b) In investing, reinvesting, purchasing, acquiring, exchanging, selling and managing the assets of the Retirement Fund, the Board shall exercise the judgement and care, under the circumstances then prevailing, which persons of prudence, discretion and intelligence, acting in a like capacity and familiar with such matters, would use in the conduct of an enterprise of like character and with like aims. In addition, the Board shall diversify the investments of the Retirement Fund in order to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to diversify.

(c) The Board may by resolution adopt rules and regulations to carry out the provisions of this section and to govern procedures of the Board in the management of the assets of the Retirement Fund.

(d) Should an investment manager or investment advisor be retained under contract to provide investment management or investment advisory services with respect to the purchase, sale or exchange of stocks, shares and securities to be purchased or purchased with moneys in the Retirement Fund, the Board may by contract authorize such investment manager or investment advisor to purchase, sell or exchange stocks, shares and securities without prior approval by the Board of any such transaction; provided, however, that any such contract shall provide that the investment manager or investment advisory shall comply with investment guidelines adopted by the Board by resolution. (Added Ord. 69-23, 1969; Am. Ord. 74-13, § 1, eff. 3-3-74; Am. Ord. 77-42, § 2, eff. 5-27-77; Am. Ord. 82-52, § 1, eff. 6-18-82; Am. Ord. 85-119, § 2, eff. 9-13-85; Am. Ord. 90-11, § 1, eff. 3-2-90; Am. Ord. 92-27, § 3, eff. 5-22-92; Am. Ord. 93-64, § 3, eff. 11-12-93; Am. Ord. 96-54, §§ 56—58, eff. 9-20-96).

SEC. 3-515. PERSONS INCLUDED.

With the exception of those employees who are excluded from membership as provided in Section 3-518, all employees shall continue to be or shall become members of the Retirement System as follows:

(1) Every member of the Retirement System who became a member on or before July 1, 1952 shall continue to be such a member.

(2) Every employee who enters city service after July 1, 1952 and prior to May 31, 1965, shall become a member of the Retirement System upon such entry provided such employee is certified from a Civil Service list for permanent employment; otherwise such employee shall become a member of the Retirement System upon completion of six months of city service uninterrupted by a break of more than one month.

(3) Every employee who enters city service on and after June 1, 1965, shall become a member of the System upon such entry. (Added Ord. 5313, 1958, based on former Sec. 2-812; Am. Ord. 6621, 1965; Am. Ord. 2001-32, § 1, eff. 5-10-01).

SEC. 3-516. CITY EMPLOYEES FORMERLY EMPLOYED BY FRESNO REDEVELOPMENT AGENCY; CREDIT FOR SERVICE.

Any other provision of this article to the contrary notwithstanding, any person who, on May 2, 1976, was employed by the Fresno Redevelopment Agency ("Agency") and who thereafter entered the city service as a consequence of the consolidation of that Agency and the city, shall be given credit for his total continuous service with both the Agency and the city for the purpose of satisfying any minimum service requirement set forth in this article; provided, however, that the retirement allowance or other benefit payable to or on behalf of such person under this article shall be computed based upon actual years of city service only, and not upon any combination of Agency and city service. (Added Ord. 76-71, § 1, eff. 8-29-76).

SEC. 3-517. CITY EMPLOYEES FORMERLY EMPLOYED BY COUNTY WATER WORKS DISTRICTS; CREDIT FOR SERVICE.

Any other provision of this article to the contrary notwithstanding, any person who, on October 1, 1988, was employed by the County Water Works Districts ("Districts") and who

thereafter entered the city service as a consequence of the consolidation of the Districts and the city, shall be given credit for his/her total continuous service with both the Districts and the city for the purpose of satisfying any minimum service requirement set forth in this article; provided, that the retirement allowance or other benefit payable to or on behalf of such person under this article shall be computed based upon actual years of city service only, and not upon any combination of District and city service. (Added Ord. 89-2, § 1, eff. 2-3-89).

SEC. 3-518. PERSONS EXCLUDED.

The following employees shall not be members of the Retirement System:

(1) Elective officers and non-employee members of Boards and Commissions;

(2) Any persons not otherwise members who are appointed to limited positions or interim positions, appointed on a provisional basis, or appointed to intermittent or part-time positions (as these items are defined in Article 16 of Chapter 2 of this Code, in its present form or as it may be amended in the future);

(3) The City Manager, City Attorney, City Clerk, Council Assistant or Department Head otherwise eligible for membership but not already a member because retirement benefits differ from those contained in this Article have been established for them separately by resolution of the Council of the City of Fresno; and

(4) Employees of the Fire or Police Departments or the Airport Public Safety Division, who are firefighters or police officers or public safety officers/supervisors as defined in Article 3 or Article 4 of this Chapter.

The exclusion heretofore of persons from membership, in accordance with this section, is hereby validated and confirmed. (Added Ord. 5313, 1958, based on former Sec. 2-183; Am. Ord. 5474, 1959; Am. Ord. 5666, 1959; Am. Ord. 95-39, § 3, 6-23-95; Am. Ord. 2001-32, § 2, eff. 5-10-01).

SEC. 3-519. UNCLASSIFIED EMPLOYEES.

Any person while employed by the city, who was considered to be excluded by ordinance from membership in the Retirement System, because the person was in a full-time position in the unclassified service, as defined by the city's Civil Service rules or in a full-time position listed in section 3-518(2), shall receive credit for service rendered by the person while in such unclassified service or position and was so considered, with the same effect as if the person had never been considered not to be a member, provided that the person becomes a member of the Retirement System without a break in service. Each such employee, prior to receiving credit for such service, shall pay to the System, at times and in a manner fixed by the Retirement Board, but in any event prior to retirement, (1) contributions equal to the contributions the employee would have been made if the employee had never been so considered not to be a member, plus (2) interest at the rate fixed by the board hereafter, compounded monthly, on contributions so payable, which remain unpaid, from time to time. (Added Ord. 5313, 1958, based on former Sec. 2-813.1; Am. Ord. 5666, 1959; Am. Ord. 2001-32, § 3, eff. 5-10-01).

SEC. 3-520. DUTY OF DEPARTMENT HEAD.

It shall be the duty of the head of each office or department to give immediate notice in writing to the Retirement Administrator of the change in status of any member in his office or department resulting from transfer, promotion, leave of absence, resignation, reinstatement, dismissal, death, or other cause. The head of each office or department shall furnish such other information concerning any member as the Retirement Administrator may require. (Added Ord. 5313, 1958, based on former Sec. 2-814; Am. Ord. 96-54, § 59, eff. 9-20-96).

SEC. 3-521. DUTY OF MEMBER OR BENEFICIARY.

Each member and beneficiary shall be subject to all the provisions hereof and to all the rules and regulations adopted by the Retirement Board, and shall furnish to the Board such information affecting his status as a member or beneficiary of the system as the Board may require. (Added Ord. 5313, 1958, based on former Sec. 2-815).

SEC. 3-522. MEMBERSHIP CEASES—WHEN.

Should any member die or retire, or should he be paid more than one-quarter of his accumulated normal contributions, he shall thereupon cease to be a member. (Added Ord. 5313, 1958, based on former Sec. 2-816; Am. Ord. 5666, 1959).

SEC. 3-523. NORMAL CONTRIBUTIONS OF MEMBERS.

The normal rates of contribution of all members shall be those adopted by the Retirement Board and shall be based on nearest age at time of entry into the Retirement System. Such normal rate for each member shall be such as will provide, on the basis of experience as interpreted by the actuary, an average annuity at age fifty-five equal to one-third (1/3) of (1) one-fiftieth (1/50) of such member's final compensation, for each of the first twenty-five years of service as a member, plus (2) one one-hundredth (1/100) of such final compensation, for each year of service in excess of the first twenty-five years of such service, not including automatic continuance to dependents. The actual amount of annuity receivable, however, by a member upon retirement for service shall be the actuarial equivalent of the member's accumulated contributions as provided in Section 3-541 hereof. The rates so adopted shall remain in full force and effect until revised or changed by the Retirement Board in the manner provided in Section 3-504. (Added Ord. 5313, 1958, based on former Sec. 2-817; Am. Ord. 6809, 1966; Am. Ord. 6809, 1966; Am. Ord. 69-60, 1969; Am. Ord.79-71, § 1, eff. 2-23-79)

SEC. 3-524. PAYMENT OF CONTRIBUTIONS OF MEMBERS BY CITY, APPLICATION OF COLLECTIVE BARGAINING LAWS.

Notwithstanding any other provision of law, the city shall pay all of the contributions required to be paid by all members. Such payments shall be reported as employer-paidl", "picked-up" contributions under Section 414(h)(2) of the Internal Revenue Code, although designated as normal contributions under this Code, and shall be credited to the members' accounts. Such payments shall be made in lieu of a like amount of salary otherwise payable to

all members, so that the member's compensation shall in no way be affected by such payments. Notwithstanding any provision to the contrary, a member shall not be permitted to opt out of this Section or to receive the contributed amounts directly instead of having them paid by the city to the City of Fresno Employees Retirement System.

Nothing in this section shall be construed to limit the authority of the city to periodically increase, reduce, or eliminate the payment by the city of all or a portion of the contributions required to be paid by the members.

The provisions of this section shall be subject to any applicable collective-bargaining laws. (Added Ord. 86-39, § 2, eff. 4-18-86; Am. Ord. 2011-2, § 7, eff. 3-7-11).

SEC. 3-525. RATES FOR CERTAIN AGES.

The normal rate of contribution established for age fifty-four shall be the rate for any members who have attained a greater age before entrance into the Retirement System. In like manner, the normal rate of contribution established for age twenty shall be the rate for any member who enters the Retirement System at a lesser age. (Added Ord. 5313, 1958, based on former Sec. 2-818; Am. Ord. 69-60, 1969).

SEC. 3-526. NORMAL CONTRIBUTIONS OF MEMBER UPON RE-ENTRY.

Upon a member's re-entry into city service from service or disability retirement, or following his election to allow his accumulated contributions to remain in the Retirement System, his normal rate of contribution shall be based upon an age determined by adding the number of completed years of his absence from city service to the age upon which his normal rate of contribution as it was prior to said retirement or election, as the case may be, was based. (Added Ord. 5313, 1958, based on former Sec. 2-819; Am. Ord. 5666, 1959).

SEC. 3-527. COLLECTION OF MEMBER'S CONTRIBUTIONS.

The Retirement Board shall certify to the head of the proper office or department and the Controller the normal rate of contribution for each member provided for in Section 3-523. The head of such office or department or the Controller shall apply such rate of contribution to the compensation of the member to be contributed by each member, and shall furnish immediately to the Retirement Board a copy of each and every such payroll; and each of said amounts shall be deducted by the Controller and shall be deposited together with regular interest, to the individual account of the member for whom the contribution was made. The Controller, however, may accept cash payments by any member of amounts necessary to correct or adjust the contribution account of such member, the amount so accepted to be deposited and credited in the same manner as if deducted on a payroll. Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for his salary or compensation, and payment less said contribution shall be a full and complete discharge and acquittance of all claims and demands whatsoever, for the services rendered by such

person during the period covered by such payment, except his claims to the benefits to which he may be entitled under the provisions hereof. (Added Ord. 5313, 1958, based on former Sec. 2-1820).

SEC. 3-528. CORRECTION OF ERRORS.

If more or less than the correct amount of contributions required by members, or the city, is paid, proper adjustment shall be made in connection with subsequent payments, or such adjustments may be made by direct cash payments between the members, or the city, and the Board. Adjustments to correct any other errors in payments to or by the Board, including adjustments of contributions, with interest, which are found to be erroneous as the result of corrections of dates of birth, may be made in the same manner. Adjustments to correct overpayment of a retirement allowance may also be made by adjusting the allowance so that the retired person or the retired person and his beneficiary, as the case may be, will receive the actuarial equivalent of the allowance to which the member is entitled. Underpayments or delayed payments or corrected payments or similar adjustments to a member or person shall include interest, where appropriate, at the interest rate adopted by the Board. (Added Ord. 5666, 1959; Am. Ord. 95-40, § 3, eff. 6-23-95).

SEC. 3-529. CITY CONTRIBUTIONS FOR CURRENT SERVICE.

(a) There shall be paid into the Retirement Fund, by contributions of the City, amounts necessary to pay all pensions, other benefits allowable under the Retirement System to members on account of current services and not provided by members' accumulated contributions derived from the normal rates of contribution provided for in Section 3-523, and all administrative costs as set forth in Section 3-532. The Board shall annually apply the city's current service rate of contributions as determined by the actuary and approved by the Board, to the aggregate amount of members' compensation earned, or (with respect to members absent in military service and either themselves contributing or having contributions made for them by the city) members' compensation earnable during said month and shall certify the result of such application to the Controller segregated according to compensation paid or payable from:

(1) Funds of operating public utilities;

(2) Bond funds not included under preceding item (1);

(3) Other special funds;

(4) All other sources.

(b) There shall be paid to the Retirement Fund from each of the funds listed above, an amount equal to the amount certified by the Board as required by this section. The Controller shall transfer the amount certified with respect to all other sources as set forth in item (4) above, to the Retirement System from the budget appropriations of the Retirement Fund for the then fiscal year. Nothing in this section, however, shall prevent the determination of the amount of city's contributions required to be transferred from any particular fund, as being the

amount which bears the same ratio to the total city's contributions to be transferred, as the compensation paid to Retirement System members under such fund for the period in question, bears to total compensation paid to Retirement System members from all funds for said period.

(c) Any other provisions of this article to the contrary notwithstanding, the Board may provide for the funding over a period of thirty years of any deficit which may result to the Retirement System because of amendments of this article effected by Ordinance No. 69-60.
(Added Ord. 5313, 1958; Am. Ord. 69-60, 1969; Am. Ord. 91-49, § 1, eff. 6-7-91; Am. Ord. 96-54, § 60, eff. 9-20-96).

SEC. 3-530. CITY CONTRIBUTION FOR PRIOR SERVICE.

There shall be paid into the Retirement Fund, by contributions of the city, the amounts necessary to pay all pensions and all other benefits allowable under the Retirement System to members on account of prior service. The City shall contribute annually to the Retirement Fund for prior service at a rate determined by the System's actuary pursuant to the Board's actuarial funding policy, as it may be amended from time to time, that is in accord with Article 16, Section 17 of the California Constitution. The Controller shall transfer during each fiscal year to the Retirement Fund, from the budget appropriation for the then fiscal year, an amount equal to such annual contribution; provided, however, that any portion of such annual contribution which was payable on account of prior service of members rendered as employees of municipally-owned public utilities shall be paid from the funds of such public utility from which such prior service was rendered.
(Added Ord. 5313, 1958, based on former Sec. 2-822; Am. Ord. 6697, 1965; Am. Ord. 2013-11, § 1, eff. 5-31-13).

SEC. 3-531. CITY CURRENT SERVICE RATE OF CONTRIBUTION AND PRIOR SERVICE CONTRIBUTION.

Until revised by the Board on the basis of experience under the System, as determined in accordance with Section 3-505, the city's current service rate of contribution expressed in percentage of compensation paid to members shall be 11.18 per cent, and the annual installment required of the city to liquidate the present value of all amounts thereafter payable from the Retirement Fund on account of prior service shall be fifty-nine thousand one hundred and seventy dollars ($59,170). The rate of contribution and annual installment set forth in this section are based on the rates and tables used under the Fresno City Employees Retirement System on July 1957, and shall be adjusted by the Board in accordance with such tables and rates as the Board may adopt in accordance with Section 3-505.
(Added Ord. 5313, 1958, based on former Sec. 2-823; Am. Ord. 5666, 1959; Am. Ord. 96-54, § 61, eff. 9-20-96).

SEC. 3-532. ADMINISTRATIVE COSTS.

Costs related to the provision of administrative, professional, or consulting services performed by employees of the city for the benefit of the Retirement System, including but not limited to, clerical and other staff support and employee representation on the Retirement

Board, and the costs incurred whenever the Board employs or contracts for services pursuant to the provisions of Section 3-505(c), the cost of such services shall be considered a charge against the assets of the Retirement System.
(Added Ord. 5313, 1958, based on former Sec. 2-824; Am. Ord. 78-164, § 1, eff. 12-1-78; Am. Ord. 84-43, § 2, eff. 5-4-84; Am. Ord. 91-49, § 2, eff. 6-7-91).

SEC. 3-533. GUARANTY.

The payments of the city into the Fresno City Employees Retirement Fund, as provided in Sections 3-529 to 3-532 hereof, are hereby made obligations of the city. There shall be appropriated, in the budget for each fiscal year, such amounts as are necessary to make such payments, less the portions to be paid from the several funds set forth in the said sections, and the amounts so appropriated shall be provided for in the tax levy. Provisions shall be made for the payment from said several funds of such amounts as shall be necessary to meet the obligations of the city under the Retirement System on account of employees whose compensation is or has been paid from such funds.
(Added Ord. 5313, 1958, based on former Sec. 2-825; Am. Ord. 96-54, § 62, eff. 9-20-96).

SEC. 3-534. REFUND OF CONTRIBUTIONS.

(a) Should the city service of a member in a status requisite for membership in the System be discontinued, except by death or retirement, the member shall be paid no less than six months after the date of discontinuance, such part of the member's accumulated contributions as the member shall demand; provided that, if in the opinion of the Retirement Board, said member is permanently separated from city service by reason of such discontinuance, the member shall be paid forthwith all of the member's accumulated contributions, and provided also that the Retirement Board may in its discretion withhold for not more than one year after a member last rendered city service, all or part of the member's accumulated normal contribution if after a previous discontinuance of city service the member withdrew all or part of the member's accumulated normal contributions and failed to redeposit such withdrawn amount in the Retirement Fund as provided in this section. In intervals between meetings of the Retirement Board, the Retirement Administrator shall act under this section, for and in lieu of the Board, by making payment of accumulated contributions in the same manner and with the same effect as if the conditions prescribed herein for the Board were prescribed instead for the Retirement Administrator. Such payments shall be reported to the Board at its next meeting.

(b) Any member upon re-entry to the Retirement System may within thirty days of re-entry elect to redeposit in the Retirement Fund, in one lump sum or in equal bi-weekly payments spread over a time period not to exceed five years, an amount equal to that which the member withdrew from the Retirement Fund at the member's last termination of membership, including the amount of additional interest which would have been credited to the member's account had such contributions not been withdrawn. If a member elects to make repayments in equal monthly payments but fails to complete the repayment schedule, the member shall only receive credit for the amount of service which is the actuarial equivalent to the amount

of repayment actually made by the member. In the case of members electing to make repayment other than in one lump sum, interest shall be paid on the unpaid balance of the amount payable to the System under such an election, beginning on the effective date of such election at the rate of interest currently being used under the System. If a member shall not make such a redeposit upon re-entry to the Retirement System the member shall re-enter as a new member without credit for any service. The rate of the member's contribution for future

years shall be the normal rate provided for in Section 3-523 at the member's age of re-entry. If the member does make such redeposit, the member's rate of contribution for future years shall be based on an age determined by adding the number of completed years of the member's absence from membership in the System, to the age upon which the member's normal rate of contribution was based prior to such termination. In such event, the member's membership shall be the same as if unbroken by such last termination. Notwithstanding the foregoing redeposit limitation there is an open sixty-day period beginning June 1, 1987 for the purpose of allowing any member who has re-entered city service and has not elected to redeposit, to make an election to redeposit in the Retirement Fund in accord with this subsection. The Retirement Board may also create an open thirty-day period for allowing an individual member to elect to redeposit in accordance with this subsection upon a finding that an employee has been inequitably denied an opportunity to redeposit due to financial hardship or other circumstances beyond the control of the employee. (Added Ord. 5313, 1958; Am. Ord. 566, 1959; Am. Ord. 73-121, § 2, eff. 8-10-73; Am. Ord. 87-45, § 1, eff. 5-15-87; Am. Ord. 96-54, § 63, eff. 9-20-96; Am. Ord. 2006-8, § 1, 3-13-06).

SEC. 3-535. DEFERRED BENEFITS AFTER SEPARATION.

Any other provision in this Code to the contrary notwithstanding, if the city service of a member is discontinued by reason of resignation or discharge or by reason of lay-off or leave of absence deemed by the Board to have resulted in permanent discontinuance (and in such case, as of the date of the determination by the Board of such permanence), or if the disability retirement of a member is followed by cessation of the disability and by cancellation of the disability allowance, but the member does not re-enter city service, and the member is entitled to credit for five years of city service, the member shall have the right to elect within ninety days after the date upon which notice of said right is mailed by the System to the member's latest address on file in its office, whether to allow the member's accumulated contributions to remain in the Retirement Fund. Failure to make such election shall be deemed an irrevocable election to withdraw the member's accumulated contributions. A member having made such election may, at any time before the effective date of any deferred retirement allowance for which the member has qualified under this section, rescind the member's election in writing, and upon such rescission the member shall be paid forthwith the member's accumulated contributions. A member whose membership continues under this section is subject to the same age and disability requirements as apply to other members for service or for disability retirement, but the member is not subject to a minimum service requirement. After the qualification of such member by reason of age or disability the member shall receive a retirement allowance based upon the amount of the member's accumulated contributions and service standing to the member's credit at the time of retirement and on the city contributions held for the member, and calculated in the same manner as for other members, except that the provisions in this article for minimum retirement allowances do not apply to the member, unless the member meets such minimum service requirements. No death benefit shall be payable if the death of the member occurs on or after such election is made and before any

re-entry into city service, except as provided in Subsection (b) of Section 3-537. (Added Ord. 5313, 1958, based on former Sec. 2-827; Am. Ord. 5666, 1959; Am. Ord. 6621, 1965; Am. Ord. 98-60, § 1, eff. 9-19-98).

SEC. 3-536. DEFERRED BENEFITS AFTER ENTERING EXCLUDED CLASSIFICATION.

(a) Other provision in this Code to the contrary notwithstanding, the accumulated contributions of a member who has entered or enters a classification which is requisite for membership in the City of Fresno Fire and Police Retirement System shall remain in the Retirement Fund. A member whose membership continues under this section is subject to the same age and disability requirements except as provided in subsection (c) of this section, as apply to other members for service or for disability retirement, and the member is subject to a minimum service requirement of five years credited under this system and the Fresno Fire and Police Retirement System. After the qualification of such member for retirement by reason of service and age or disability, the member shall be entitled to receive a retirement allowance based upon the amount of the member's accumulated contributions and service standing to the member's credit at the time of retirement and on the city contributions held for the member, and calculated in the same manner as for other members, except that the provisions in this article for minimum retirement allowance do not apply to the member unless the member meets such minimum service requirements.

(b) Upon the death of such a member, while employed in such classification, a death benefit as described in Section 3-537 shall be payable, but computed upon the basis of compensation earnable by the member during the six months preceding the member's entry into such classification. The portion of such death benefit which is derived from contributions of the city, shall be reduced by an amount equal to the portion so derived, of any death benefit to which such member may be entitled, from the Fire and Police Retirement System.

(c) A member with accumulated contributions remaining in the Fire and Police Retirement Fund pursuant to Section 3-329 or 3-407, as applicable, of Article 3 and who retires for service or disability under the Fresno Fire and Police Retirement System, shall be retired under this System, for service or disability as the case may be, regardless of the member's age or service credited hereunder, but subject to the requirement in subsection (a) of at least five years of service under both Systems. If, however, the member is retired for service before attaining age fifty-five, the member's allowance shall be discounted from age fifty-five in the same manner that allowances of members retiring below age fifty-five are discounted according to Section 3-541. Such allowances shall be calculated as provided in this Article 5, except for the greater discount of the Service Retirement allowance, and except that the disability retirement allowances under the two Systems shall be combined for application of the provisions in Sections 3-413 and 3-547 relating to minimum allowances, and only one such minimum allowance shall be calculated on the basis of the combined credited service and the higher of the average compensation or final compensation. The minimum allowance so determined shall be prorated between the two Systems according to the credited service under such Systems.

(d) This section shall be applied retroactively to include persons who would have been subject to its provision if it had been in effect when they entered such classification.
(Added Ord. 5313, based on former Sec. 2-828; Am. Ord. 5666, 1959; Am. Ord. 69-60, 1969; Am. Ord. 95-40, § 4, eff. 6-23-95; Am. Ord. 98-60, § 2, eff. 9-19-98; Am. Ord. 2001-15, § 3, eff. 3-26-01).

SEC. 3-537. DEATH BENEFITS.

(a) Upon the death before retirement of a member while in city service, or within four months after the discontinuance of city service in a status requisite for membership in the System, or while physically or mentally incapacitated for performance of his duty, if such incapacity has been continuous from discontinuance of city service, the Retirement System shall be liable for a death benefit, which shall be paid to such person as the member has nominated or shall nominate by written designation duly executed and filed with the Retirement Board or, if the member has not designated such person or if the person so designated is not living at the time of payment, to the member's estate, and such death benefit shall consist of:

(1) His accumulated contributions, and in addition thereto,

(2) An amount derived from contributions of the city, equal to one-sixth of the compensation earnable by him during the six months immediately preceding his death, or the six months immediately preceding the last contribution made to the Retirement Fund, whichever is greater, multiplied by the number of completed years of service, not to exceed six, as a member of the System.

(b) Upon the death of a member who has discontinued city service in a status requisite for membership in the System, the Retirement System shall be liable, in the event the death does not qualify for the death benefit under subsection (a) of this section, for a limited death benefit consisting of his accumulated contributions only. Such benefit shall be paid to the member or to such person as the member has nominated or shall nominate by written designation duly executed and filed with the Retirement Board or, if the member has not designated such a person or if the person so designated is not living at the time of payment, to the member's estate.

(c) A member, or a beneficiary after the death of a member, may elect, by written designation duly executed and filed with the Retirement Board, to have the death benefit provided in this section paid in monthly or annual installments instead of in one lump sum, subject to such rules and regulations as the Board may adopt.

(d) A person, while a member or after retirement, shall have the right to revoke the nomination of a beneficiary made by him under the Retirement System, and to nominate a beneficiary in lieu thereof, all by written designation duly executed and filed with the Retirement Board, provided that his right shall not extend to beneficiaries nominated under Options 2 and 3, Section 3-554 hereof.
(Added Ord. 5313, 1958, based on former Section 2-829; Am. Ord. 5666, 1958; Am. Ord. 76-29, § 2, eff. 5-2-76).

SEC. 3-538. BENEFITS AT RETIREMENT.

(a) Upon retirement for service or disability a person shall be entitled to the retirement allowances specified in Sections 3-541 to 3-546 inclusive.

(b) No benefits shall be paid to any person, including the former spouse or former domestic partner of a member, prior to the retirement of the member. No reimbursement shall be made to a member who has not retired from city service and who is making payments, whether voluntarily or pursuant to court order, to a former spouse or former domestic partner which represent that former spouse's or former domestic partner's share of the member's retirement benefits, even though the retirement system would have paid the benefits due to the former spouse or former domestic partner if the member had at the time of the payments been retired. (Added Ord. 5313, 1958, based on former Section 2-830; Added Ord. 90-113, § 1, eff. 1-16-90; Am. Ord. 2006-17, § 2, eff. 3-10-06).

SEC. 3-539. EFFECT OF COMPENSATION BENEFITS ON OTHER BENEFITS.

The benefits payable under this System shall not be modified on account of any amounts paid to a beneficiary, as defined in this chapter, under Division 4 of the Labor Code of the State of California.
(Added Ord. 5313, 1958, based on former Section 2-831).

SEC. 3-540. SERVICE RETIREMENT.

Retirement of a member for service shall be made by the Retirement Board as follows:

(a) Any member may retire upon written application to the Retirement Board, stating what time the member desires to be retired; provided, that said member shall be credited, at the time so specified for the member's retirement, with five years of continuous service, and shall have attained the age of fifty-five years.

(b) Any member may retire upon written application to the Retirement Board provided that all the following conditions exist:

(1) The member is credited with five years of continuous service and has attained the age of fifty years; and

(2) The member consents in writing to the early retirement reduction provisions set forth in 3-541(4).

(c) The effective date of any retirement granted under this subsection shall be the day following the date of discontinuance of the member's city service.

(d) A member shall be 100% vested in his or her service retirement benefit upon the completion of five years of continuous service and shall be entitled to receive his or her unreduced service retirement benefit after the attainment of normal retirement age, which is age 55. A member shall be 100% vested in his or her accumulated contributions at all times. (Added Ord. 5313, 1958, based on former Section 2-832; Am. Ord. 5666, 1959; Am. Ord. 6045, 1962; Am. Ord. 67-133, 1968; Am. Ord. 69-60, 1969; Am. Ord. 79-37, § 1, eff. 3-30-79; Am. Ord. 95-40, §§ 6, 7, eff. 6-23-95; Am. Ord. 98-60, § 3, eff. 9-19-98; Am. Ord. 2007-105, § 1, eff. 1-28-08; Am. Ord. 2011-2, § 8, eff. 3-7-11).

SEC. 3-541. ALLOWANCE AT SERVICE RETIREMENT.

A member, upon retirement for service as provided in Section 3-540, shall receive a retirement allowance, which shall consist of the sum of the three following elements:

(1) The member's service retirement annuity, which is an annuity actuarially equivalent to the accumulated normal contributions of the member at the time of the member's retirement.

(2) The member's current service pension, which is a pension derived from the contributions of the City, sufficient, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member at the date of retirement, and when also added to the prior pension of the member, to equal:

Two percent of the member's final compensation for each of the first twenty-five years of service (including both prior service and current service) for which the member is entitled to credit at the time of retirement, plus one percent of the member's final compensation for each year of the member's service (including both prior service and current service) in excess of twenty-five years, multiplied by the retirement age factor in the second column of the following Retirement Age Factor Table opposite the member's age at time of retirement, taken to the preceding completed quarter year:

RETIREMENT AGE FACTOR TABLE

Age of Retirement	Retirement Factor
55	1.000
55¼	1.005
55½	1.010
55¾	1.015
56	1.020
56¼	1.025
56½	1.030
56¾	1.035
57	1.040
57¼	1.045
57½	1.050
57¾	1.055
58	1.060
58¼	1.065
58½	1.070
58¾	1.075
59	1.080

Age of Retirement	Retirement Factor
59¼	1.085
59½	1.090
59¾	1.095
60	1.100
60-¼	1.110
60-½	1.120
60-¾	1.130
61	1.140
61-¼	1.150
61-½	1.160
61-¾	1.170
62	1.180
62-¼	1.190
62-½	1.200
62-¾	1.210
63	1.220
63-¼	1.230
63-½	1.240
63-¾	1.250
64	1.260
64-¼	1.270
64-½	1.280
64-¾	1.290
65	1.300

For retirement ages in excess of age 65, there shall be added 0.01 to the retirement age factor base of 1.300 for each completed quarter year in excess of age 65.

(3) The member's prior service pension, which is a pension derived from the contributions of the City, equal to:

Two percent of the member's final compensation for each of the first twenty-five years of "prior service" for which the member is entitled to credit at the time of retirement, plus one percent of the member's final compensation for each year of the member's "prior service" in excess of the first twenty-five years of such service, multiplied by the retirement age factor specified opposite the member's age at time of retirement, taken to the preceding quarter year, in the second column of the Retirement Age Factor Table which is set forth above.

(4) A member electing prior to January 1, 2008 an early retirement pursuant to section 3-540(b) shall have his or her retirement allowance calculated pursuant to sections 3-541(1), 3-541(2) and 3-541(3), and that allowance shall then be reduced by the applicable early retirement adjustment factor set forth below:

EARLY RETIREMENT ADJUSTMENT FACTORS

Age 54.75	.985
Age 54.50	.970
Age 54.25	.956
Age 54.00	.942
Age 53.75	.928
Age 53.50	.914
Age 53.25	.901
Age 53.00	.888
Age 52.75	.875
Age 52.50	.862
Age 52.25	.850
Age 52.00	.838
Age 51.75	.826
Age 51.50	.814
Age 51.25	.803
Age 51.00	.792
Age 50.75	.780
Age 50.50	.770
Age 50.25	.759
Age 50.00	.749

(5) With respect to elections for early retirement that are made on or after January 1, 2008, the Board, in conjunction with the Board's actuary, shall modify the early retirement adjustment factors so as to maintain the actuarial equivalence of a retirement allowance under this section 3-541(4) to a service retirement allowance under section 3-541(1)—(3).
(Added Ord. 5313, 1958, based on former Sec. 2-833; Am. Ord. 69-60, 1969; Am. Ord. 97-52, eff. 9-26-97; Am. Ord. 98-60, § 4, eff. 9-19-98; Am. Ord. 2007-105, § 1, eff. 1-28-08).

SEC. 3-542. RESERVED.

Editor's note—Ord. 2007-105, § 3, effective January 28, 2008, amended the Code by repealing former § 3-542. Former § 3-542 pertained to allowance at service retirement under age fifty-five, and derived from Ord. 67-133, 1968; Ord. 69-60, 1969; Ord. 98-60, effective September 19, 1998.

SEC. 3-543. RE-EMPLOYMENT OF RETIRED PERSONS.

(a) A person who has been retired under this system for service may be reinstated from retirement by the Board as provided in this section, and thereafter may be employed by the city in accordance with the laws governing such employment, in the same manner as a person who has not been so retired. Such reinstatement shall be based upon the retired member's application to the Board for reinstatement.

(b) When any such person is reinstated from retirement under this section, the person's retirement allowance shall be cancelled forthwith, and the person shall become a member of this System as of the date of reinstatement. The person's individual account shall be credited with an amount which is the actuarial equivalent of the person's annuity at the date of reinstatement, not to exceed the amount of the person's accumulated contributions as it was at the date of his retirement. The person's future rate of contributions and the person's retirement allowance on subsequent retirement shall be determined in accordance with the provisions of this article.
(Added Ord. 5313, 1958, based on former Sec. 2-834; Am. Ord. 2002-40, § 1, eff. 9-3-02; Am. Ord. 2012-5, § 2, eff. 3-15-12).

SEC. 3-544. CURRENT SERVICE PENSION OF REINSTATED MEMBER.

(a) The current service pension of any member reinstated from service retirement, upon his subsequent service retirement, shall be the sum of (1) a current service pension calculated on the basis of service rendered after such reinstatement and in accordance with Section 3-541, plus (2) his current service pension as it was prior to his reinstatement adjusted according to any change in the provisions governing the calculation of such pensions, made after such reinstatement and applicable to pensions being paid at the date of the change; provided, that such subsequent retirement occurs before he renders after his reinstatement at least one year of city service credited under this System; otherwise, in lieu of (2), a current service pension based on current service rendered prior to such reinstatement, but calculated under Section 3-541, (i) on the basis of an age, taken to the preceding completed quarter year but not less than fifty years, and determined by deducting from his age at his subsequent retirement, the aggregate time during which he was under retirement, and (ii) on the basis of his final compensation as it was at the date of his preceding retirement. If however, the member renders at least three years of service after his reinstatement, the final compensation which is used in calculating the pension based on service rendered after reinstatement shall be used also in calculating the pension based on current service rendered prior thereto.

(b) For such a member reinstated from disability retirement, the current service pension upon his service retirement after attaining age fifty-five, and subsequent to such reinstatement, shall be calculated in the manner described in the preceding subsection.
(Added Ord. 5313, 1958, based on former Section 2-835; Am. Ord. 5666, 1959; Am. Ord. 67-133, 1968; Am. Ord. 69-60, 1969).

SEC. 3-545. PRIOR SERVICE PENSION OF RE-INSTATED MEMBER.

(a) The prior service pension of any member reinstated from service retirement, upon his subsequent service retirement, shall be in the same amount as his prior service pension prior to his reinstatement, adjusted according to any change in the provisions governing the calculation of such pensions made after such reinstatement and applicable to pensions being paid at the date of the change; provided, that such subsequent retirement occurs before he renders after his reinstatement at least one year of city service credited under this System; otherwise, a prior service pension calculated (1) on the basis of an age, taken to the preceding completed quarter year but not less than fifty years, and determined by deducting from his age at his subsequent retirement, the aggregate time during which he was under retirement, and (2) on the basis of his final compensation as it was at the date of his preceding retirement. If however, the member renders at least three years of service after his reinstatement, the final compensation which is used in calculating the pension based on service rendered after reinstatement, shall be used also in calculating the pension based on prior service.

(b) For such a member reinstated from disability retirement, the prior service pension upon his service retirement after attaining age fifty-four, or upon his disability retirement after attaining age fifty-five, and subsequent to such reinstatement, shall be calculated in the manner described in the preceding subsection.
(Added Ord. 5313, 1958, based on former Section 2-836; Am. Ord. 5666, 1959; Am. Ord. 67-133, 1968; Am. Ord. 69-60, 1969).

SEC. 3-546. DISABILITY RETIREMENT.

(a) Retirement of a member for disability shall be made by the Retirement Board upon medical examination as follows: Any member while in the city-service, or within four months after the discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of city-service, shall be examined by one or more physicians or surgeons selected by the Retirement Board, upon the Board's own motion, upon the application of the head of the office or department in which said member is employed, or upon the application of said member or of a person acting in his behalf, stating that said member is physically or mentally incapacitated for the performance of duty and ought to be retired provided he shall be credited with ten or more years of continuous city-service.

(b) If such medical examination and other available evidence show, to the satisfaction of the Retirement Board, that the said member is physically or mentally incapacitated for the performance of duty and ought to be retired, the Retirement Board shall retire the said member for disability forthwith.

(c) The Retirement Board shall secure such medical service and advice as may be necessary to carry out the purpose of this section and of Section 3-548, and shall pay for such medical service and advice such compensation as the Board shall deem reasonable. (Added Ord. 5313, 1958, based on former Section 2-837; Am. Ord. 5666, 1959).

SEC. 3-547. ALLOWANCE AT DISABILITY RETIREMENT.

On or after the effective date of retirement for disability under Section 3-546, a member,

(a) if the member's disability, in the opinion of the Board, is service-connected, shall receive a retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of the member's accumulated contributions at the time of such retirement, and

(2) A pension derived from the contributions of the city which, together with the annuity provided by the member's accumulated contributions, shall make the retirement allowance equal to the greater of:

(i) One and eight-tenths per cent of the member's final compensation multiplied by the number of years of city service credited to the member; or,

(ii) One-third of the member's final compensation; or,

(iii) if such member has qualified for retirement for service under this article, the amount of the member's service retirement allowance.

(3) The benefits provided by this subsection are in the nature of workmen's compensation and shall be excluded from income to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(b) if the member's disability, in the opinion of the Board, is not service-connected, shall receive a retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of the member's accumulated contributions at the time of such retirement, and

(2) A pension derived from the contributions of the city which, together with the annuity provided by the member's accumulated contributions, shall make the retirement allowance equal to the greater of:

(i) One and eight-tenths per cent of the member's final compensation multiplied by the number of years of city service credited to the member or,

(ii) One-third of the member's final compensation; or,

(iii) if such member has qualified for retirement for service under this article, the amount of the member's service retirement allowance.

(c) In computing a retirement allowance pursuant to this section, the allowance of a member whose satisfaction of minimum service requirements is determinable in accordance with Section 3-516 shall be ten per cent of the amount otherwise payable hereunder for each year of permanent city service creditable pursuant to Section

3-505(f), to a maximum of one hundred per cent of such amount. Service with the Redevelopment Agency shall be disregarded for purposes of computation of such allowance.

(Added Ord. 5313, 1958, based on former Sec. 2-838; Am. Ord. 5666, 1959; Am. Ord. 6804, 1966; Am. Ord. 69-60, 1960; Am. Ord. 76-71, § 2, eff. 8-29-76; Am. Ord. 2001-73, § 2, eff. 11-10-01; Am. Ord. 2021-013, § 1, eff. 5-17-21).

SEC. 3-548. SAFEGUARDS.

(a) The Retirement Board may, at its pleasure, require any beneficiary who has been retired for disability and who has not attained the age of fifty-five years to undergo medical examination, such examination to be made by a physician or surgeon, appointed by the Retirement Board, at the place of residence of said beneficiary or other place mutually agreed upon. Upon the basis of such examination, the Board shall determine whether said disability beneficiary is still incapacitated, physically or mentally, for service in the office or department of the city where the beneficiary was employed and in the position held by the beneficiary when retired for disability. If the Retirement Board shall determine that said beneficiary is not so incapacitated, the beneficiary's retirement allowance shall be canceled forthwith, and the beneficiary shall be reinstated to the position of the same class as that held by the beneficiary when retired for disability.

(b) (1) Should a beneficiary after retirement for disability re-enter the city-service and be eligible for membership in the Retirement System in accordance with Section 3-515, the beneficiary's retirement allowance shall be canceled and the beneficiary shall immediately become a member of the Retirement System, the beneficiary's rate of contribution for future years being that established for the beneficiary's age at the time of such re-entry, subject to Section 3-523. The beneficiary's individual account shall be credited with an amount which shall be the actuarial equivalent, at the time of such re-entry, based on a disabled life, of the beneficiary's annuity, but such amount shall not exceed the amount of the beneficiary's accumulated contributions as it was at the time of the beneficiary's retirement.

(2) An amount equal to such actuarial equivalent shall again be held for the benefit of said member and shall no longer be included in the amounts available to meet the obligation of the city on account of benefits that have been granted and on account of prior service of members. Such member shall receive credit for prior service in the same manner as if the member had never been retired for disability.

(c) Should any person retired for disability engage in a gainful occupation prior to attaining age fifty-five, the Retirement Board shall reduce the amount of the person's monthly pension as defined herein, to an amount which, when added to the compensation earned monthly by the person in such occupation, shall not exceed the maximum current compensation attached to the position which the person held at the time of the person's retirement, or if that position has been abolished, the maximum current compensation attached to such position immediately prior to its abolition. Should the earnings of such

beneficiary be further altered, the board shall further alter the beneficiary's said pension to an amount which shall not exceed its amount which it would be if not reduced under this section, but which, subject to such limitation, shall equal, when added to the compensation earned by the beneficiary, the amount of such maximum current compensation. When said beneficiary reaches age fifty-five, the beneficiary's retirement allowance shall be made equal to the amount it would be if not reduced under this section, and shall not again be modified under this section.

(d) Should any beneficiary retired for disability refuse under age sixty to submit to medical examination, the beneficiary's pension may be discontinued until the beneficiary's withdrawal of such refusal, and should such refusal continue for one year, the beneficiary's retirement allowance may be cancelled.
(Added Ord. 5313; Am. Ord. 5782, 1960; Am. Ord. 70-50, 1970; Am. Ord. 2002-40, § 2, eff. 9-3-02).

SEC. 3-549. INCREASED ALLOWANCES APPLICABLE TO PERSONS ALREADY RETIRED.

(a) Every retirement allowance payable by the Fresno City Employees Retirement System, for the time commencing on the first day of December, 1952, to or on account of any person who was retired prior to July 1, 1952, as a member of said System, is hereby increased to the amount it would be if the other provisions of this article had been in effect on the date of the actual retirement of the member. This section does not give any member retired prior to July 1, 1952, or his successors in interest, any claim against the city for any increase in any retirement allowance paid or payable for time prior to said effective date. If a member elected at retirement to have his retirement allowance modified under Options 2 or 3, and if his beneficiary is living on said effective date, the increase in his allowance shall be modified under the option elected at retirement, and on the basis of current ages, mortality tables and interest rate. If the beneficiary of such a person who elected at retirement to have his allowance modified under one of said options is not living on said effective date, or if the retired member is not living on said effective date and the beneficiary is receiving the modified retirement allowance, then the allowance shall be increased as provided herein for persons who did not elect an option.

(b) The increase in the retirement allowance shall be apportioned between service rendered prior to the entry of the member into the Retirement System and service rendered as a member, in the manner which would have applied if said ordinance had been in effect at the time of retirement. Contributions to the Retirement System necessary for the payment of the increases in the retirement allowances provided in this section, shall be provided from the reserves held by the Retirement System on account of active members, the necessary amount being transferred upon said effective date, from said reserves to the reserves held by the Retirement System to meet the obligations on account of benefits that have been granted.
(Added Ord. 5313, 1958; Am. Ord. 96-54, § 64, eff. 9-20-96).

SEC. 3-550. CONTINUATION OF RETIREMENT ALLOWANCES AFTER DEATH.

(a) Upon the death of a retired member after retirement, including retired members receiving allowances, including a service-connected disability retirement allowance in accordance with Section 3-547(a), on the effective date of this section, one-half of the retirement allowance as it was at death, before modification under an option, shall be continued throughout life to the retired member's surviving spouse or surviving domestic partner. If there be no surviving spouse or surviving domestic partner entitled to an allowance hereunder, or if the surviving spouse or surviving domestic partner so entitled dies before every child of such deceased member attains the age of eighteen years, then the allowance which the surviving spouse or surviving domestic partner would have received had the spouse or domestic partner lived shall be paid to the retired member's child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or establishing a domestic partnership and no non-disabled child shall receive any allowance after attaining the age of eighteen years. Should the member leave no surviving spouse or surviving domestic partner and no children under the age of eighteen years but leave a child or children who, pursuant to terms and conditions adopted by the Retirement Board, is or are determined by the Board to have been disabled prior to age eighteen and whose disability continues past age eighteen, the child or children while so disabled shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner would have received. Should said retired member leave no surviving spouse or surviving domestic partner so entitled, no children under the age of eighteen years, and no disabled child whose disability continued past the age of eighteen years, but leave a parent or parents dependent upon the retired member for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse or surviving domestic partner otherwise would have received, during such dependency. Contributions necessary for the payment of the continuance of one-half of allowances of retired members who are receiving allowances on the operative date of this section, shall be provided from the reserve held by the Retirement System on account of active members, the necessary amount being transferred upon said effective date from said reserves to the reserves held by the Retirement System to meet obligations on account of benefits that have been granted.

(b) With respect to members retiring on or before the effective date of Ordinance No. 2000-5, an allowance shall be paid under this section to a surviving spouse only if the spouse was married to the retired member at least one year prior to retirement. With respect to members retiring after the effective date of Ordinance No. 2000-5, an allowance shall be paid under this section to a surviving spouse only if the spouse was married to the retired member as of the date of retirement or to a surviving domestic partner only if the domestic partnership had been established on or before the date of retirement.

(c) If the member was receiving a service-connected disability retirement in accordance with Section 3-547(a) or Section 3-566(e)(3) at the time of the member's death, the allowance provided in subsection (a) of this Section shall constitute a continuation of the member's service-connected disability retirement and shall be non-taxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.
(Added Ord. 5313, 1958; Am. Ord. 5666, 1959; Am. Ord. 2000-5, § 1, 2-10-00; Am. Ord. 2001-18, § 1, eff. 3-26-01; Am. Ord. 2006-17, § 3, eff. 3-10-06; Am. Ord. 2021-013, § 2, eff. 5-17-21).

SEC. 3-551. INCREASE OF ALLOWANCES APPLICABLE TO PERSONS ALREADY RETIRED.

(a) Every monthly allowance payable under the Fresno City Employees Retirement System, for time commencing on July 1, 1961, to or on account of any member who was retired prior to July 1, 1960, is hereby increased by the percentage set forth in the following table opposite the period during which the member's retirement became effective, or death occurred:

Period during which retirement became effective or death occurred	*Percentage of increase in monthly allowance*
Prior to July 1, 1951	24.73%
12 months ended June 30, 1952	22.09%
12 months ended June 30, 1953	17.61%
12 months ended June 30, 1954	14.66%
12 months ended June 30, 1955	14.36%
12 months ended June 30, 1956	11.67%
12 months ended June 30, 1957	8.71%
12 months ended June 30, 1958	4.12%
12 months ended June 30, 1959	2.58%
12 months ended June 30, 1960	0.00%

(b) Every monthly allowance payable under the System on and after July 1, 1965, to, or on account of, any member who was retired prior to July 1, 1963, hereby is increased by the percentage set forth in the following table opposite the period during which the member's retirement became effective, or death occurred:

Period during which retirement became effective or death occurred	*Percentage of increase in monthly allowance*
Prior to July 1, 1961	7.50%
12 months ended June 30, 1962	5.00%
12 months ended June 30, 1963	2.50%

(c) The increase in each allowance provided by this section shall be apportioned between the credited service rendered prior to entry of the member into the Retirement System, and credited service rendered as a member in the same proportions that the portion of the allowance which was not provided by the members accumulated contributions, was so

apportioned at the time of retirement or death. Contributions to the Retirement System necessary for the payment of the increases in the retirement allowance provided in this section shall be provided, with respect to the portion of the increases based on service rendered after May 31, 1939, from the reserves held by the Retirement System on account of service rendered after that date, the necessary amount being transferred upon such effective date from such reserves to the reserves held by the Retirement System to meet the obligations on account of allowances that have been granted. The contribution being required of the city currently, as a percentage of the compensation of members, shall be increased by a percentage determined by the actuary as necessary to replace the reserves so transferred. Contributions to the Retirement System necessary for the payment of such increases with respect to the portion of the increases based on service rendered prior to June 1, 1939, shall be similarly transferred from and to the pertinent reserve accounts, and the reserves so transferred shall be replaced in the pertinent reserve by payment to the System by the city, annual amounts determined by the actuary as necessary, and shall be as an addition to the prior service contribution currently being made by the city.

(d) This section does not give any retired member, or his successors in interest, or his beneficiary, or any payee for any allowance in respect to a deceased member, any claim against the city for any increase in any allowance paid or payable for time prior to its effective date.
(Added Ord. 5941, 1961, Am. Ord. 6621, 1965; Am. Ord. 96-54, § 65, eff. 9-20-96).

SEC. 3-552. ALLOWANCE AFTER DEATH BEFORE SERVICE RETIREMENT.

(a) Upon the death before retirement of a member who has credit for five or more years of continuous city service, and on account of whose death the benefit provided for in accordance with Section 3-537(a) is otherwise payable, a monthly allowance shall be paid as hereinafter provided in this section.

(b) If the member is qualified at death for service retirement, the monthly allowance shall be equal to one-half of the monthly retirement allowance, prior to modification under options provided for in accordance with Section 3-554, which the member would have been entitled to receive if the member had retired for service on the day next following the date of his death. If the member at death is under age fifty-five, the monthly allowance shall be equal to one-half the monthly service retirement allowance, prior to modification under any such options, which the member had earned to the date of death, based on the member's city service to and including the date of death, but assuming for the purpose of computing such retirement allowance that the member was age fifty-five at death.

(c) The monthly allowance shall be payable:

(1) To the member's surviving spouse qualifying under subsection (f) of this section who was married to such member or to the member's surviving domestic partner qualifying under subsection (f) of this section with whom the member had established a domestic partnership; or

(2) If there is no qualifying surviving spouse or qualifying surviving domestic partner, or if such spouse or such domestic partner dies, to unmarried children, including stepchildren, of the member collectively, who are under eighteen years of age; or

(3) Should the member leave no qualifying surviving spouse or qualifying surviving domestic partner and no children under eighteen years of age but leave a child or children who, pursuant to terms and conditions adopted by the Retirement Board, is determined to have been disabled prior to age eighteen and whose disability continues past age eighteen, to such disabled child or children during the period of disability; or

(4) Should the member leave no qualifying spouse or qualifying surviving domestic partner or no child under eighteen or no disabled child whose disability continued past age eighteen, but leave a parent or parents dependent upon the member for support, to such parent, or parents collectively, during such dependency.

(d) The monthly allowance shall be in lieu of the death benefit otherwise payable as provided for in accordance with Section 3-537(a). If, upon the death of the member, there is any person qualifying for the allowance, then any designation made by the member, pursuant to Section 3-537, of a beneficiary to be paid the death benefit shall be of no force or effect, but a person qualifying for the allowance or such person's guardian may elect, before the first payment on account of it, to receive such death benefit in lieu of the allowance. The accumulated contributions of the member shall be applied toward providing the allowance, and the balance not so provided shall be payable from contributions of the city.

(e) The monthly allowance shall begin to accrue on the day next following the date of death of the member, and payments to the surviving spouse or surviving domestic partner shall continue until death, and to or on account of children with respect to each non-disabled child until the attainment of age eighteen, death or prior marriage or domestic partnership and with respect to each disabled child whose disability continues past age eighteen until death, marriage, establishment of a domestic partnership, or cessation of the disability. If payment of the allowance provided by this section is stopped because of death of the surviving spouse or surviving domestic partner, or the attainment of the age eighteen years by, or the death or marriage or establishment of a domestic partnership of, a non-disabled child, or the death or marriage or establishment of a domestic partnership or cessation of disability of a disabled child whose disability continued past the age of eighteen, or the death or cessation of dependency of a parent, before the sum of the monthly payments made equals the death benefit provided for in accordance with Section 3-537(a), a lump sum equal to the difference shall be paid, to the surviving children of the member, share and share alike and, if none, to the member's estate.

(f) With respect to members whose death occurs on or before the effective date of Ordinance No. 2000-5, an allowance shall be paid under this section to a surviving spouse only if the spouse was married to the member prior to the occurrence of the injury or onset of the illness which resulted in the member's death. With respect to members whose death occurs after the effective date of Ordinance No. 2000-5, an allowance shall be paid under this

section to a surviving spouse only if the spouse was married to the member prior to the date of the member's death or to a surviving domestic partner only if the domestic partner had established a domestic partnership with the member prior to the date of the member's death.

(g) If the Board determines that a member's death was service- connected, the amount of the survivor benefit paid under this Section which equals one-third of the member's final compensation, shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code. However, if any benefits paid under this Section are paid as a survivor annuity to the surviving spouse (or former spouse) or child(ren) of a member who qualifies as a public safety officer within the meaning of Section 101(h) of the Internal Revenue Code, and such member was killed in the line of duty, then the monthly death allowance shall be nontaxable to the extent allowed by Section 101(h) of the Internal Revenue Code.

SEC. 3-553. COST OF LIVING ADJUSTMENT.

(a) Notwithstanding any other provision of this article, and subject to the provisions of this section, as of July 1 of each year, commencing with the year 1978, every monthly allowance payable to or on account of any person who has retired or died or who shall retire or die as a member of the Retirement System and whose retirement or death occurred on or before June 30, of the preceding fiscal year, shall be increased or decreased by a percentage of the total allowance then being received which shall approximate, to the nearest one-tenth of one percent, the percentage of annual increase or decrease in the cost of living during the preceding calendar year, as determined by the Retirement Board in the manner provided in this section; provided, that such increase or decrease shall not exceed five percent of any allowance in any year, regardless of the percentage of change in such cost of living.

(b) Determination of the percentage of annual increase or decrease in the cost of living shall be made by the Retirement Board on or before April 1 of each year by reference to the Consumer Price Index (United States City average for urban wage earners and clerical workers—all items), as published by the Bureau of Labor Statistics of the United States Department of Labor, for each of the two immediately preceding calendar years. The percentage by which such index for the more recent full calendar year shall have increased or decreased over or below such index for the full calendar year immediately prior thereto shall be the percentage used to calculate adjustments in retirement allowances pursuant to subsection (a) of this section.

(c) The amount of any cost of living increase or decrease in any year which is in excess of the maximum annual allowable adjustment of five percent provided in subsection (a) of this section shall be accumulated from year to year and included in the computation of increases or decreases in succeeding years. The provisions of this subsection shall be applied to the allowances of individual beneficiaries by classes based upon the fiscal year in which the

member retired or died, so that each allowance shall have applied to it only such increase or decrease as shall have accumulated during or after the fiscal year in which the member retired or died.

(d) No allowance shall be reduced by operation of this section below the amount payable on the effective date of entitlement thereto or July 1, 1966.

(e) Such increases in allowances as shall be payable pursuant to this section shall be funded insofar as possible from moneys in the contingency reserve of the Retirement Fund which are in excess of one per cent of the total assets of the Retirement System on July 1, 1966, and by such moneys from such contingency reserve as shall be determined by the Retirement Board as of June 30 of each year thereafter. Any additional moneys required for such increases shall be provided by additional contributions to the Retirement Fund, at rates fixed by the Retirement Board as it shall determine to be necessary, to be shared equally between the City and the contributing members, and to be designated "cost of living contributions." The individual members' contributions shall be graded in proportion to the member's normal contributions.

(f) Cost of living contributions of members shall be credited with regular interest and the accumulation of such contributions and interest shall be deemed a part of their accumulated contributions for the purposes of refund and of re-entry into the Retirement System under Section 3-534 and for the purpose of computing the death benefit under Section 3-537. Cost of living contributions of members shall not be refunded after retirement, whether or not any cost of living increases are paid hereunder.

(g) The rates of cost of living contributions of members shall not be combined with the normal rates of contribution, but shall be separately stated. A separate accounting shall be maintained of the accumulations of such contributions and the interest thereon, and such accumulations shall not be included in the accumulated contributions of the member in the computation of any retirement allowance.

(h) There shall be paid to the Retirement Fund, during each fiscal year, cost of living contributions of the City in a total amount equal to the total of the cost of living contributions of members contributed to the Retirement Fund during that fiscal year. The Controller shall transfer to the Retirement Fund, during each fiscal year, from the budget appropriation therefor, the amount of the City's annual cost of living contribution for that year; provided, however, that any portion of such annual contribution which is payable on account of any member while employed in the operation of any municipally-owned public utility shall be paid from the funds of such public utility.

(i) The payments of the City provided for in this section are hereby made obligations of the City, the funds necessary therefor to be appropriated and provided in the manner specified in Section 3-533 for appropriating and providing other City contributions to the Retirement Fund.

(j) The definition of the term "contributions," contained in Section 3-501(8)(iv) shall not apply to this section.

(Added Ord. 6703, 1965; Am. Ord. 6896, 1966; Am. Ord. 70-35, 1970; Am. Ord. 72-116, 1972; Am. Ord. 78-165, § 1, eff. 12-1-78; Am. Ord. 2009-26, § 1, eff. 8-16-09).

Editor's note—The amendments adopted Ord. 2009-26 expired June 30, 2010.

SEC. 3-554. OPTIONAL MODIFICATION OF ALLOWANCES AT RETIREMENT.

(a) For purposes of determining actuarial equivalence under this Section, the following terms will be used:

(1) "Basic retirement allowance" shall mean the sum of a member's service retirement annuity and service pension as determined under Section 3-541, payable as a single life annuity, or the sum of the member's disability annuity and disability pension as determined under Section 3-547, payable as a single life annuity.

(2) "Basic retirement allowance plus continuance" shall mean a member's basic retirement allowance plus any one-half continuation payments that would be payable under Section 3-550 as determined at the effective date of the member's retirement.

(3) "Accumulated contributions" shall mean accumulated contributions as defined in Section 3-501(k)(i).

(4) "Adjusted accumulated contributions" shall be calculated as follows:

(i) The amount of the member's accumulated contributions at the effective date of retirement will be converted to an actuarially equivalent monthly annuity payable for the life of the member with a one half continuance of that monthly annuity for the life of the member's beneficiary.

(ii) The difference between the member's monthly annuity and the beneficiary's monthly continuance shall be determined.

(iii) The amount determined in subsection (ii) will be converted to an actuarially equivalent lump sum present value, which amount is defined to be the member's "adjusted accumulated contributions".

(5) "Monthly uncontinued annuity payments" shall mean the difference calculated in subsection 4(ii).

(6) All actuarial calculations shall be done using the actuarial factors in effect on a member's effective date of retirement, and shall not take into account any future cost of living increases. Actuarial calculations shall also not take into account the possibility that the marriage of a member could be dissolved.

(b) If at the effective date of retirement the member has no spouse, children or dependent parents who would qualify for the one-half's continuation under Section 3-550, then, instead of receiving a retirement allowance only over the member's lifetime, the member may elect any of the following options:

(1) Option 1A. The member may elect a lower service or disability annuity for the member's life, which also provides that if the member dies before receiving in such lower service or disability annuity payments the amount of the member's accumulated contributions, then the balance of such accumulated contributions shall be paid upon the member's death in a lump sum to a beneficiary designated by the member, as provided in subsection (d). This optional form shall be the actuarial equivalent of the member's service or disability annuity for the member's lifetime at the effective date of retirement. Under this option, no elections may be made with respect to the pension portion of the member's service or disability retirement allowance.

(2) Option 2A, 100% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime and that after the member's death the same lower benefit will be continued for life to a beneficiary designated by the member as provided in subsection (d). This option shall be actuarially equivalent to the member's basic retirement allowance at the effective date of retirement.

(3) Option 3A, 50% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime and that after the member's death

one-half of the lower benefit will be continued for life to a beneficiary designated by the member as provided in subsection (d). This option will be actuarially equivalent to the member's basic retirement allowance at the effective date of retirement.

(c) If at the effective date of retirement the member has a spouse, children or dependent parents who would qualify for a one-half's continuance under Section 3-550, then, instead of receiving a retirement allowance only over the member's lifetime, with a continuance after the member's death to certain beneficiaries, the member may elect any of the following options:

(1) Option 1B. The member may elect a lower service or disability annuity for the member's life, which also provides that if the member dies before receiving in monthly uncontinued annuity payments (as defined in Section 3-554(a)(5)) the amount of the member's adjusted accumulated contributions (as defined in Section 3-554(a)(4)), then the balance of such adjusted accumulated contributions shall be paid upon the member's death in a lump sum to a beneficiary designated by the member as provided in subsection (d). Under this option, no elections may be made with respect to the pension portion of the member's service or disability allowance.

(2) Option 2B, 100% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime with an optional continuance payable for a beneficiary's lifetime after the member's death in such an amount that the sum of the optional continuance plus the one-half continuance under Section 3-550 will be equal to the lower retirement allowance payable for the member's lifetime. This option shall be actuarially equivalent to the member's basic retirement allowance plus continuance as defined in subsection (a)(2) above at the effective date of retirement.

(3) Option 3B, 50% Optional Continuance. The member may elect that a lower retirement allowance will be paid over the member's lifetime with an optional continuance payable for life to a beneficiary designated by the member as provided in subsection (d) in such amount that the optional continuance shall equal one-half of the difference between the lower retirement allowance payable for the member's lifetime and the one-half continuance under Section 3-550. This option shall be actuarially equivalent to the member's basic retirement allowance plus continuance as defined in subsection (a)(2) above at the effective date of retirement.

(d) The beneficiaries under any of the options shall be determined as follows:

(1) Under all options, either the lump sum or optional continuances, if any, shall be payable only to such beneficiary as the member shall nominate by written designation duly executed and filed with the Retirement Board. Lifetime benefits are payable to beneficiaries only if they survive the member, and in the case of spouses, only if they were married to the member on the date of the member's death, and in the case of domestic partners, only if the domestic partnership with the member had been established on or before the date of the member's death. For purposes of this Section, a member's beneficiary shall be limited to the following classes of individuals:

(i) spouse;

(ii) domestic partner;

(iii) children;

(iv) grandchildren;

(v) parents;

(vi) any person who depends on the member wholly or in part for education or support; or

(vii) a trust, provided that (I) the beneficiaries of the trust comes within categories (i)—(vi) and are identifiable, (II) the trust is valid under state law, (III) the trust is irrevocable no later than upon the death of the member, and (IV) a copy of the trust agreement is provided to the retirement office.

(2) With respect to Options 1A and 1B,

(i) The individual or entity designated as beneficiary of the lump sum amount may be changed by the member at any time, but only if the change is received by the Retirement Board prior to the member's death;

(ii) In addition to the classes of individuals or entities listed in section 3-554(d)(1), a member may select as a beneficiary under Options 1A and 1B any of the following: a corporation, unincorporated association, or governmental unit; and

(iii) If the member has not designated a beneficiary, or if an individual is designated and is not living at the time of payment or if an entity is designated and is not in existence at the time of payment (including through merger with another entity), the unpaid balance of accumulated contributions shall be payable in a lump sum to the member's estate.

(3) With respect to Options 2A, 3A, 2B and 3B, a member's lifetime beneficiary must be designated not later than the effective date of retirement and cannot be changed thereafter, unless the designation of a new spouse or domestic partner as beneficiary is permitted under Section 3-555 upon the member's marriage or establishment of a domestic partnership after retirement.

(4) With respect to all Options in which the member names his or her spouse or domestic partner as contingent lifetime beneficiary to receive benefits after the member's death, upon the death of the spouse or domestic partner or dissolution of marriage of the member and spouse or termination of the domestic partnership of the member and the domestic partner before the member's death, the designation of the former spouse or former domestic partner as contingent lifetime beneficiary is automatically revoked and such former spouse or former domestic partner shall receive no survivor benefits after the member's death.

(e) Any election under this Section shall be made prior to the making of the first payment on account of any retirement allowance. However, if at the effective date of retirement (1) a member has a spouse or domestic partner who is a designated beneficiary under any lifetime option, and (2) the member dies within 30 days after the member's effective date of retirement, then the member's surviving spouse or surviving domestic partner shall have the option to

either elect benefits under this Section or elect the benefits provided to a surviving spouse or surviving domestic partner for a member who dies before retirement. (Added Ord. 5313, 1958, based on former Sec. 2-841; Am. Ord. 95-40, § 8, eff. 6-23-95; Am. Ord. 2004-99, §§ 1, 2, eff. 11-15-04; Am. Ord. 2006-17, § 5, eff. 3-10-06; Am. Ord. 2006-140, § 1, eff. 10-27-06).

SEC. 3-555. OPTIONAL MODIFICATION OF BENEFICIARY AFTER RETIREMENT.

(a) Members who become married or establish a domestic partnership after retirement may elect an optional modification provided herein by filing a written election with the Retirement Board within the time limits specified in this Section. If an optional modification is elected by the retired member under this Section, all prior elections are revoked, and no previously designated beneficiary shall have any rights to benefits under the System other than as provided in this Section. In addition, no continuation benefits will be payable under Section 3-550.

(b) A retired member is eligible to make this election if he or she is described within any of the following subsections:

(1) A retired member who was not married or not a member of a domestic partnership at the time of his or her retirement may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) if the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or surviving domestic partner beneficiary in accordance with the procedures of this Section.

(2) A retired member who was married or a member of a domestic partnership at the time of his or her retirement and whose spouse or domestic partner predeceased the retired member may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) if the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or a surviving domestic partner beneficiary in accordance with the procedures of this Section.

(3) A retired member who was married or a member of a domestic partnership at the time of his or her retirement and whose marriage ended in dissolution or whose domestic partnership was terminated may revoke any prior elections with respect to the form of his or her retirement allowance (including the unmodified form) with respect to that portion specifically allocated to the retired member in the dissolution or termination proceeding, if the retired member becomes married or establishes a domestic partnership after retirement and names his or her new spouse or domestic partner as a surviving spouse beneficiary or a surviving domestic partner beneficiary of the portion of the retired member's allowance specifically allocated to the retired member in the dissolution proceeding in accordance with the procedures of this Section.

(4) A retired member who makes an election under subsections (1), (2) or (3) and whose new marriage or domestic partnership is subsequently dissolved or terminated for any

reason, may again make an election under this Section upon the retired member's subsequent marriage or establishment of a domestic partnership but only with respect to the allowance then payable to the retired member for the retired member's remaining lifetime.

(c) A retired member eligible to name his or her new spouse or domestic partner as beneficiary shall have the option to name such spouse or domestic partner as the survivor annuitant of a joint and survivor annuity form of payment and shall have his or her retirement allowance adjusted to make the allowance as adjusted together with the survivor annuity actuarially equivalent to the retired member's retirement allowance immediately prior to the election under this section. Depending on the retired member's option election at retirement, the survivor annuity shall be a percentage of the retired member's adjusted retirement allowance as determined from the following table:

Form Elected	*Survivor Percentage*
Unmodified	50
Option 1A or 1B	50
Option 2A or 2B	100
Option 3A or 3B	50

(d) Any election shall provide that after its effective date an adjusted retirement allowance will be paid over the retired member's lifetime and that after the retired member's death the applicable survivor annuity will be continued for life to the retired member's surviving spouse or surviving domestic partner as defined in subsection (f) below, recognizing that such surviving spouse or surviving domestic partner will not be entitled to a continuance under Section 3-550.

(e) Any election under this section shall be actuarially equivalent to the benefits otherwise payable to the retired member and his or her beneficiary after the effective date. In determining such actuarial equivalence, the System's provision for cost of living increases shall be taken into account, but the possibility that the marriage of the retired member could be dissolved or that the domestic partnership of the retired member could be terminated will not be taken into account. After the effective date of the election, the previously named beneficiary shall have no survivor benefits, other than benefits payable to a former spouse pursuant to a judgment of dissolution or to a former domestic partner pursuant to a judgment of termination.

(f) The surviving spouse or surviving domestic partner benefit will be paid only to the person who was married to the retired member or was a member of a domestic partnership with the retired member at the time of the retired member's election, at the effective date of the election, and at the time of the retired member's death. If the spouse or domestic partner named in the election either dies or his or her marriage with the retired member is dissolved or his or her domestic partnership with the retired member is terminated before the death of the retired member, no adjustment will be made to the retired member's benefit and neither the former spouse or former domestic partner or his or her estate shall be entitled to any survivor benefit.

(g) The optional modifications provided in this Section must be made in writing on such form or forms as the Retirement Board may designate, and must include such documentation as the Retirement Board may require. The election under this Section shall be deemed to be made on the date a properly executed form is received by the Retirement Board.

(h) The election for an optional modification after retirement must be filed with the Retirement Board within the time frames specified below:

(1) If the retired member retired before the effective date of Ordinance No. 2004-99, married after retiring but before that effective date, and would otherwise be eligible to elect one of the optional modifications after retirement, then the retired member must make the election no later than six months after the effective date of Ordinance No. 2004-99.

(2) In all other cases, the election must be made within six months after the date of marriage or the date of the establishment of the domestic partnership.

(3) Elections received by the Retirement Board after the six month time period shall be null and void.

(i) Any optional modification elected by the retired member under this section shall be effective as of the first day of the month following the one year anniversary of the retired member's election. The optional payments to the retired member shall begin in the adjusted amount on the effective date. If the spouse dies or the marriage is dissolved or if the domestic partner dies or the domestic partnership is terminated before the effective date specified in this subsection(i), the election is automatically revoked and no adjustment will be made in the retired member's allowance. If the retired member dies before the effective date, no benefits are payable to the spouse or domestic partner under this Section.

(j) In no event will any elections be permitted under this Section if they would violate the minimum distribution rules of Internal Revenue Code section 401(a)(9). (Added Ord. 2004-99, § 3, eff. 11-15-04; Am. Ord. 2006-17, § 6, eff. 3-10-06).

SEC. 3-556. RETIREMENT ALLOWANCES PAYABLE.

A pension, an annuity or retirement allowance granted under the provisions hereof shall be payable in equal monthly installments or in smaller pro rata amounts when the pension, annuity or retirement allowance begins after the first day of the month or ends before the last day of the month. (Added Ord. 5313, 1958, based on former Sec. 2-842).

SEC. 3-557. APPOINTIVE SERVICE AFTER RETIREMENT.

(a) A person who is retired for service or disability or who is receiving or is entitled to receive a retirement allowance under this System shall not be appointed to or serve in any appointive office or position in the city service, including membership on boards and commissions, after the effective date of his retirement, unless he had first been reinstated from retirement pursuant to this article or unless such service, without reinstatement, is authorized by this section.

(b) Such a retired person may serve in the following appointed offices or positions without reinstatement from retirement or loss or interruption of benefits provided under this System;

(1) As a member of any board, commission, or advisory committee of the city except the Civil Service Board or the Board of this System;

(2) As an elections officer or juror;

(3) A retired person may be employed on a temporary basis not to exceed the time period specified in Charter Section 1000(a)(2), but only if a showing is made by the appointing authority that such person possesses special skills or experience necessary to perform the duties of that temporary position.

(c) A retired person who serves in any office or is employed by the city without reinstatement, whether by permission of this section or other law, shall acquire thereby no service credit or retirement rights under this article, and no contributions to the System shall be deducted from any compensation he may receive for such services. (Added Ord. 5313, 1958, based on former Sec. 2-843; Am. Ord. 74-10, § 2, eff. 2-17-74; Am. Ord. 85-167, § 4, eff. 11-29-85; Am. Ord. 87-82, § 1, eff. 7-24-87).

SEC. 3-558. EFFECT OF CERTAIN AMENDMENTS.

Certain amendments of this article have been effected by Ordinance No. 69-60. Any of such amendments to the contrary notwithstanding, every person having membership status in the System on the day preceding the effective date of such ordinance shall receive, upon his subsequent retirement for service or disability, a retirement allowance which shall be not less in amount than that to which he would have been entitled under this article as it read immediately prior to the effective date of such ordinance. The amendments of this article effected by such ordinance shall not operate to increase any pension or allowance in effect prior to the effective date of such ordinance. (Added Ord. 69-60, 1969).

SEC. 3-559. INTERNAL REVENUE CODE SECTION 415 ELECTION.

(a) Notwithstanding any other provision of this Code, the retirement rights conferred upon any member of the City of Fresno Employees Retirement System shall be subject to, and such a person shall not have any retirement right or benefit which exceeds, and no retirement right or benefit shall accrue to or vest in such a person which exceeds, the limitations upon public retirement systems contained in Section 415 of the Internal Revenue Code to the extent necessary to preserve the tax-qualified status of the system. Amendments to this Section 3-559 by Ordinance 2011-2 shall be effective for retirements on or after January 1,2008.

(b) Notwithstanding subsection (a), the city, pursuant to Internal Revenue Code Section 415(b)(10)(C), hereby makes the election set forth in that section.

(c) Participation in Other Qualified Plans: Aggregation of Limits. The 415(b) limit with respect to any member who at any time has been a member in any other defined benefit plan as defined in Section 414(i) of the Internal Revenue Code maintained by the member's employer in this plan shall apply as if the total benefits payable under all such defined benefit plans in which the member has been a member were payable from one (1) plan.

(d) Basic 415(b) Limitation.

(1) Before January 1. 1995, a member may not receive an annual benefit that exceeds the limits specified in Section 415(b) of the Internal Revenue Code, subject to the applicable adjustments in that section. On and after January 1, 1995, a member may not receive an annual benefit that exceeds the dollar amount specified in Section 415(b)(1)(A) of the Internal Revenue Code, subject to the applicable adjustments in Section 415(b) of the Internal Revenue Code and subject to any additional limits that may be specified in the retirement system. In no event shall a member's benefit payable under the plan in any limitation year be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(2) For purposes of Section 415(b) of the Internal Revenue Code, the "annual benefit" means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) without regard to the benefit attributable to after-tax employee contributions (except pursuant to Section 415(n) of the Internal Revenue Code) and to rollover contributions (as defined in Section 415(b)(2)(A) of the Internal Revenue Code). The "benefit attributable" shall be determined in accordance with Treasury Regulations.

(e) Adjustments to Basic 415(b) Limitation for Form of Benefit. If the benefit under the plan is other than the form specified in subsection (e)(2), then the benefit shall be adjusted so that it is the equivalent of the annual benefit, using factors prescribed in Treasury Regulations.

(1) If the form of benefit without regard to the automatic benefit increase feature is not a straight life annuity or a qualified joint and survivor annuity, then the preceding sentence is applied by either reducing the Section 415(b) of the Internal Revenue Code limit applicable at the annuity starting date under (4) or adjusting the form of benefit to an actuarially equivalent amount (determined using the assumptions specified in Treasury Regulation Section 1.415(b)-l(c)(2)(ii)) that takes into account the additional benefits under the form of benefit under (2) and (3) as follows:

(2) For a benefit paid in a form to which Section 417(e)(3) of the Internal Revenue Code does not apply (a monthly benefit), the actuarially equivalent straight life annuity benefit that is the greater of:

(A) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the form of benefit to the member, or

(B) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the member, computed using a 5% interest assumption (or the applicable statutory interest assumption) and (i) for limitation years prior to January 1, 2009, the applicable mortality tables described in Treasury Regulation Section 1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue

Ruling modifying the applicable provisions of Revenue Rulings 2001-62), and (ii) for limitation years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code); or

(3) For a benefit paid in a form to which Section 417(e)(3) of the Internal Revenue Code applies (a lump sum benefit), the actuarially equivalent straight life annuity benefit that is the greatest of:

(A) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial experience:

(B) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a 5.5 percent interest assumption (or the applicable statutory interest assumption) and (i) for limitation years prior to January 1, 2009, the applicable mortality table for the distribution under Treasury Regulation Section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for limitation years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code); or

(C) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable (computed using the applicable interest rate for the distribution under Treasury Regulation Section 1.417(e)-1(d)(3) (the 30-year Treasury rate using the rate in effect for the month immediately prior to the first day of the plan year with a one-year stabilization period)) and (i) for limitation years prior to January 1, 2009, the applicable mortality rate for the distribution under Treasury Regulation Section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for limitation years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code), divided by 1.05.

(4) The actuary may adjust the 415(b) limit at the annuity starting date in accordance with the above.

(f) Benefits For Which No Adjustment of 415(b) Limit is Required. For purposes of this Section, the following benefits shall not be taken into account in adjusting these limits:

(1) Any ancillary benefit which is not directly related to retirement income benefits;

(2) That portion of any joint and survivor annuity that constitutes a qualified joint and survivor annuity;

(3) Any other benefit not required under Section 415(b)(2) of the Internal Revenue Code and Treasury Regulations thereunder to be taken into account for purposes of the limitation of Section 415(b)(1) of the Internal Revenue Code.

(g) Other Adjustments in 415(b) Limitation.

(1) In the event the member's retirement benefits become payable before age sixty-two (62), the limit prescribed by this Section shall be reduced in accordance with Treasury Regulations pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that such limit (as so reduced) equals an annual straight life benefit (when such retirement income benefit begins) which is equivalent to a one hundred sixty thousand dollar ($160,000) (as adjusted) annual benefit beginning at age sixty-two (62).

(2) In the event the member's benefit is based on at least fifteen (15) years of service as a full-time employee of any police or fire department or on fifteen (15) years of military service, the adjustments provided for in (1) above shall not apply.

(3) The reductions provided for in (1) above shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

(4) Only in the event the member's retirement benefit becomes payable after age sixty-five (65) under Section 3-541, for purposes of determining whether this benefit meets the limitation set forth in subsection (d), such benefit shall be adjusted so that it is actuarially equivalent to the benefit beginning at age sixty-five (65). This adjustment shall be made using an assumed interest rate of five (5) percent and shall be made in accordance with regulations promulgated by the Secretary of the Treasury or his delegate.

(h) Less than Ten (10) Years of City Service Adjustment for 415(b) Limitations. The maximum retirement benefits payable to any member who has completed less than ten (10) years of City Service or Service (as defined in Article 3 or 4) in all plans of the City shall be the amount determined under subsection (d) multiplied by a fraction, the numerator of which is the number of the member's years of service and the denominator of which is ten (10). The reduction provided by this subsection cannot reduce the maximum benefit below 10%. The reduction provided for in this subsection shall not be applicable to preretirement disability benefits or pre-retirement death benefits.

(i) Ten Thousand Dollar ($10.000) Limit. Notwithstanding the foregoing, the retirement benefit payable with respect to a member shall be deemed not to exceed the 415 limit if the benefits payable, with respect to such member under this plan and under all other qualified defined benefit pension plans to which the member's employer contributes, do not exceed ten

thousand dollars ($10,000) for the applicable limitation year and for any prior limitation year and the employer has not any time maintained a qualified defined contribution plan in which the member participated.

(j) Effect of COLA on 415(b) Testing. Effective on and after January 1, 2008, for purposes of applying the limits under Section 415(b) of the Internal Revenue Code (the "Limit") to a member, the following shall apply:

(1) a member's applicable Limit shall be applied to the member's annual benefit in the member's first limitation year without regard to any cost of living adjustments under Section 3-553:

(2) to the extent that the member's annual benefit equals or exceeds the Limit, the member shall no longer be eligible for cost of living increases until such time as the benefit plus the accumulated increases are less than the Limit: and

(3) thereafter, in any subsequent limitation year, a member's annual benefit, including any cost of living increases under Section 3-553, shall be tested under the then applicable benefit Limit including any adjustment to the Section 415(b)(1)(A) of the Internal Revenue Code dollar limit under Section 415(d) of the Internal Revenue Code, and the regulations thereunder.

(k) Section 415(c) limitations on contributions and other additions. After-tax member contributions or other annual additions with respect to a member may not exceed the lesser of $40,000 (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) or 100% of the member's compensation. Annual additions are defined to mean the sum (for any year) of employer contributions to a defined contribution plan, member contributions (determined without regard to picked-up employee contributions that are paid to a defined benefit plan), and forfeitures credited to a member's individual account. "Compensation" for purposes of this Section, subject to annual limits under Section 401(a)(17) of the Internal Revenue Code, shall be as defined under Treasury Regulation Section 1.415(c)-2(d)(4) and shall exclude member contributions that are picked up by the employer under Internal Revenue Code Section 414(h). Amounts described in Treasury Regulation Section 1.415(c)-2(e)(3)(iii) are included in compensation if paid within the limitations prescribed under Treasury Regulation Section 1.415(c)-2(e)(3)(i)(A) and (B).

(l) Redeposit of Withdrawn Contributions Any redeposit of withdrawn contributions (including interest thereon) to the retirement system with respect to an amount previously refunded upon a forfeiture of service credit under the retirement system or another governmental plan maintained by the retirement system shall not be taken into account for purposes of Section 415 of the Internal Revenue Code, in accordance with applicable Treasury Regulations.

(m) Reduction of Benefits Priority. Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the member's benefit under any defined benefit plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such

priority as shall be determined by the plan and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures for defined contribution plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be established by the plan and the plan administrator for such other plans provided, however, that necessary reductions may be made in a different manner and priority pursuant to the agreement of the plan and the plan administrator of all other plans covering such member.
(Added Ord. 91-56, § 1, eff. 6-29-91; Am. Ord. 96-54, § 66, eff. 9-20-96; Am. Ord. 2011-2, § 9, eff. 3-7-11).

SEC. 3-560. EFFECT OF MARITAL DISSOLUTION OR LEGAL SEPARATION OR TERMINATION OF DOMESTIC PARTNERSHIP.

(a) **Purpose.**

(1) It is the intent of this Section and Sections 3-561 and 3-562 to insure that a member and the alternate payee each receives his or her appropriate community property share of any applicable retirement allowance and benefits (including statutorily provided monthly installments payable after a member's death to his or her surviving spouse, surviving domestic partner, children or parents), but only insofar as the division of any community property interest does not increase the actuarial present value (as defined in Section 3-501(b)) of allowances and other benefits which would otherwise have been provided by the Retirement System.

(2) It is the further intent of this section to allow court orders to provide retirement allowances and benefits (including statutorily provided monthly installments payable after a member's death to surviving spouses, surviving domestic partners, children or parents) to alternate payees to the extent:

(i) Of at least the alternate payee's community property interest in the retirement allowance and other benefits earned during the marriage or the domestic partnership;

(ii) That a final judgment of dissolution of marriage or legal separation or of termination of domestic partnership or the order incident thereto dividing the community property interest allocates a portion of that community property interest to the alternate payee; and

(iii) That the Board is joined as a party in the dissolution, separation, or termination proceeding and has been served with a file-endorsed copy of the judgment of final dissolution or legal separation or termination or the order incident thereto dividing the community property interest in the retirement allowance and other benefits earned during the marriage or the domestic partnership.

(3) It is the intent of this section not to provide retirement allowances to any persons other than alternate payees and not to allow alternate payees to be treated as surviving spouses or surviving domestic partners under this Article 5.

(b) **Provisions Permitted in Court Orders.** A final judgment of dissolution, legal separation, or termination or court order incident thereto dividing the community property interest of a member and the member's alternate payee in a retirement allowance or other benefit, may provide for any of the following:

(1) That, prior to the retirement of the member, the community property interest of the member and the alternate payee be split into separate accounts for the member and the alternate payee as hereafter provided in Section 3-561; or

(2) That the community property interest of a member and the alternate payee be paid after the member's retirement as the court may order, provided that:

(i) No retirement allowances are payable to the the alternate payee before the member dies or retires;

(ii) No form of payment is required other than a form being permitted under the Retirement System at the time payments start;

(iii) No survivor allowance is payable to an alternate payee under Section 3-550 or any other section of this Article 5, except that an alternate payee may receive a community property share of a survivor benefit payable to someone else as a result of the member's death;

(iv) The actuarial present value of the portion of the member's allowance payable to the member and the alternate payee, plus the actuarial present value of any survivor benefits payable under Sections 3-550 and 3-552, shall not exceed the actuarial present value of the member's allowance and such survivor benefits as would have been payable had the member never been married or had never established a domestic partnership with the alternate payee; and

(v) No retirement allowances or other benefits are payable to the parents of an alternate payee or to the children of an alternate payee who were stepchildren of the member, except as permitted under the combined account option upon the death of the alternate payee.

(3) That permitted beneficiaries are limited to the following classes of individuals:

(i) spouse,

(ii) domestic partner,

(iii) children,

(iv) grandchildren,

(v) parents, or

(vi) any person who depends on the member wholly or in part for education or support.

(c) **Provisions Prohibited in Court Orders.** A final judgment of dissolution, legal separation, or termination or other court order dividing the community property interest of a member and the alternate payee in a retirement allowance or other benefit must conform to the following rules:

(1) Retirement allowances or other benefits may not be paid to any individual who is not a permitted beneficiary of the member or of the alternate payee;

(2) Payments may not be made in a form not provided in this Article 5;

(3) An alternate payee is not a surviving spouse of the member under this Article 5 for any purpose;

(4) The surviving spouse or surviving domestic partner of an alternate payee is not to be deemed to be a surviving spouse under this Article 5 for any purpose;

(5) An alternate payee or the surviving spouse or surviving domestic partner of an alternate payee is not eligible to receive any form of disability retirement allowance under this Article 5 with respect to any disabling condition the alternate payee or the surviving spouse or surviving domestic partner of an alternate payee might sustain.

(d) **Member's Rights.** Any credited service or any accumulated contributions which are not explicitly awarded by court order to an alternate payee shall be the sole and separate property of the member.

(e) If benefits are payable pursuant to an order that satisfies the requirements of this Section, Section 3-561. and/or Section 3-562 that meets the requirements of a "domestic relations order" as defined in Section 414(p) of the Internal Revenue Code, then the applicable requirements of Section 414(p) of the Internal Revenue Code shall be followed by the retirement system.
(Added Ord. 94-29, § 3, eff. 5-27-94; Am. Ord. 94-38, § 1, eff. 6-24-94; Am. Ord. 2002-12, § 1, eff. 3-19-02; Am. Ord. 2004-102, § 1, eff. 11-15-04; Am. Ord. 2006-17, § 7, eff. 3-10-06; Am. Ord. 2011-2, § 10, eff. 3-7-11).

SEC. 3-561. DISSOLUTION OR LEGAL SEPARATION PRIOR TO A MEMBER'S RETIREMENT.

(a) **Separate account option.**

(1) **Purpose.** The purpose of the separate account option is to permit a member and an alternate payee to divide the member's retirement allowance and benefits (including statutorily provided monthly installments payable after a member's death to his or her surviving spouse, surviving domestic partner, children or parents) prior to retirement into separate and distinct accounts for the member and for the alternate payee, as set forth in a court order which meets the requirements of Section 3-560 and this Section 3-561.

(2) **Court Order.** In the event of a legal separation or dissolution or termination, the Board shall comply with a court order incident thereto which contains the following provisions:

(i) The division of the accumulated member contributions and credited service applicable to periods of service during the marriage or domestic partnership into two separate and distinct accounts in the name of the member and the alternate payee;

(ii) The right of the alternate payee to elect an option under Section 3-554 and designate a beneficiary with respect to the alternate payee's separate account;

(iii) The right of the alternate payee to a refund of accumulated contributions in the alternate payee's separate account;

(iv) For purposes of determining the amount of any retirement allowance payable to the alternate payee, final compensation (as defined in Section 3-501(i)(3)) shall be determined solely by the compensation earnable (as defined in Section 3-501(i)(2)) by the member during the period of marriage or domestic partnership;

(v) For purposes of applying the benefit formula of Section 3-541 for determining the amount of any retirement allowance payable to the alternate payee, the age of the alternate payee shall be used.

(3) **Refund of Contributions to an Alternate Payee.**

(i) An alternate payee who has been awarded a separate account shall possess the right to a refund of accumulated member contributions in that separate account at any time after the court order has been filed with the Retirement System.

(ii) The alternate payee shall file a written application with the Retirement System on a form provided by the System to obtain the refund.

(iii) Upon filing the application for a refund with the Retirement System, the alternate payee shall from that point on be deemed to have permanently waived any and all rights the alternate payee may have possessed in the Retirement System based on the member's employment, including any and all rights to any benefit or retirement allowance or any survivor benefits.

(iv) If, as of the date of separation of the member and his or her spouse or equivalent date for a domestic partnership as determined in the court proceedings, the member did not possess sufficient credited service to retire for service, then the alternate payee's only form of payment under this separate account option will be a refund of the accumulated member contributions allocated to his or her separate account.

(v) If an alternate payee has withdrawn his or her portion of the accumulated member contributions, the alternate payee shall not be allowed to redeposit those contributions with the Retirement System.

(4) **Retirement of Alternate Payee.** An alternate payee shall be deemed to be retired only if:

(i) The alternate payee files a written application with the Retirement System on a form provided by the System;

(ii) The member and the alternate payee have both attained the minimum age required for a service retirement; and

(iii) On the date of separation of the member and the alternate payee or the equivalent date for a domestic partner as determined in the court proceedings, the member possessed sufficient credited service to retire for service. A member who possessed sufficient credited service to retire before the division shall be deemed to continue to do so after the division, and so shall the alternate payee.

(5) **Calculation of the Alternate Payee's Retirement Allowance.**

(i) The alternate payee's retirement allowance shall consist of an annuity based upon the alternate payee's accumulated contributions and a pension based upon the alternate payee's credited service. Only the compensation earnable by the member during the period of marriage or domestic partnership and prior to the date of separation shall be used to determine final compensation.

(ii) The alternate payee's retirement allowance shall be eligible for cost-of-living increases under this Article 5.

(iii) No survivor or death benefits will be payable upon the death of the alternate payee, and such alternate payee upon remarriage or reestablishment of domestic partnership shall not be entitled to elect any of the optional forms of benefit.

(6) **Death of Alternate Payee Prior to Retirement of Alternate Payee.** If the alternate payee dies prior to retirement, then the accumulated contributions in the alternate payee's separate account shall be paid to the alternate payee's beneficiary as designated to the Retirement System on a form provided by the System. If a beneficiary has not been designated at the time of death or if the designated beneficiary is not living at the time of death, the accumulated contributions shall be paid to the alternate payee's estate. No other death benefits will be payable as a result of the death of the alternate payee.

(b) **Combined Account Option.** The Retirement System will comply with a court order incident to a legal separation or dissolution or termination which divides the community property interests of a member and the alternate payee, provided that:

(1) The alternate payee's interest is not to be paid before the member retires or dies, and

(2) The court order complies with the provisions set forth in Section 3-560, including the provision that the alternate payee will not be considered to be a surviving spouse or surviving domestic partner under Section 3-550 or any other Section of this Article 5.

(3) The court order may provide that the alternate payee's interest in the member's retirement allowance be paid over the lifetime of the member under the optional form of payment allowed by the System and selected by the member.

(i) With respect to the alternate payee's interest in the member's retirement allowance, the alternate payee may on a form provided by the System designate a permitted beneficiary as set forth in Section 3-560(b)(3). If the alternate payee predeceases the member, the person so designated shall receive until the member's death the benefit previously paid to the f alternate payee.

(ii) If a benefit is payable under Section 3-550 or 3-552 upon the member's death, as long as payments are payable under those provisions, one-half of the community property share thereof may be payable to the alternate payee or a permitted beneficiary as set forth in Section 3-560(b)(3) of the alternate payee.

(iii) If the member predeceases the alternate payee and the member has chosen option 2 or 3, the alternate payee or the permitted beneficiary as set forth in Section 3-560(b)(3) of the alternate payee may receive, as long as payments are payable under the selected option, one-half of the community property share of that portion of the allowance which would be continued after the member's death, regardless of dependents.

(4) In lieu of the payment method specified in subsection (3) above, the court order may provide that the alternate payee's interest in the member's retirement allowance be paid under any optional form of payment allowed by the Retirement System over the lifetime of the alternate payee (instead of over the lifetime of the member), provided that,

(i) The sum of the actuarial present values of the member's and the alternate payee's allowances and survivor benefits shall not exceed the actuarial present value of the member's allowance and survivor benefits had they been payable to the member, assuming the member had never been married to or had never established a domestic partnership with the alternate payee; and

(ii) No survivor benefits under Section 3-550 or any other Section of this Article 5 are payable to any surviving spouse of the alternate payee.

(5) The court order may provide for the division of the community property interest in the death benefit under Section 3-537.

(Added Ord. 94-29, § 4, eff. 5-27-94; Am. Ord. 94-38, § 1, eff. 6-24-94; Am. Ord. 95-40, § 10, eff. 6-23-95; Am. Ord. 2002-12, § 2, eff. 3-19-02; Am. Ord. 2004-102, § 2, eff. 11-15-04; Am. Ord. 2006-17, § 8, eff. 3-10-06).

SEC. 3-562. DISSOLUTION OR LEGAL SEPARATION OR TERMINATION AFTER A MEMBER'S RETIREMENT.

(a) **Purpose.** The purpose of this section is to allow a court order to provide for an equitable distribution of retirement allowances and survivor benefits between a retired member and the alternate payee, without requiring the retirement system to pay increased benefits.

(b) **Form of Payment to Remain Unchanged.** If a retired member's marriage to the individual to whom the retired member was married at the time the retired member's retirement allowance commences is dissolved after retirement benefits commence or if they are legally separated or if a retired member's domestic partnership to the individual with whom the retired member had established a domestic partnership at the time the retired member's retirement allowance commences is terminated after retirement benefits commence, then the final judgment of dissolution or legal separation or termination or court order incident thereto may not in any way change the form or forms of payment under Section 3-554 selected by the member at retirement, except that any life annuity payable only for the member's life may be modified as set forth in Section 3-562(c) to provide that a portion thereof be payable for the alternate payee's lifetime.

(c) **Unmodified Allowance or Option 1.** If a member prior to retirement either did not select an option under Section 3-554 or selected Option 1 under that Section, the Retirement System will comply with a court order that divides the total actuarial present value of the allowances payable to the retired member according to the separate and community property interests of the retired member and the alternate payee. The court order may further provide that the divided value allocated to the retired member shall continue to be paid to the retired member in the same form as before the court order, and that the divided value allocated to the alternate payee shall be converted into the same form of payment, but payable for the life of the alternate payee instead of for the life of the retired member. The sum of the actuarial present values of the divided values for the retired member and the alternate payee shall not exceed the actuarial present value of the benefit otherwise payable immediately before the division to the retired member alone, excluding the value of any survivor benefits under Section 3-550 or under any other Section of this Article 5.

(d) **Survivor Benefits.** The court order may provide that any survivor benefits payable as a result of a retired member's death shall be payable to the beneficiary entitled thereto under this Article 5, provided that the alternate payee's one-half community property share therein can be paid directly to such alternate payee. No benefits shall be payable to the alternate payee after all beneficiaries entitled to the retired member's survivor benefits are no longer entitled thereto.

(e) **Option 2 or 3.** If a member at retirement selected either Option 2 or 3 under Section 3-554 for any portion of his or her retirement allowance, which options provide for retirement continuances to a person having an insurable interest in the member's life, the amount and the form of payment of the benefits payable pursuant to these options by the Retirement System cannot be changed, but the Retirement System will comply with a court order requiring that a portion of those payments be paid directly to the alternate payee (or to the beneficiaries named by the alternate payeeif he or she predeceases the retired member) rather than to the retired member or the retired member's beneficiary. In no event, however, shall the alternate payee's life replace the life of another previously named beneficiary under either Option 2 or 3.

(f) **Post-retirement Elections.** If a retired member made an election under Section 3-555 to name a new spouse or domestic partner as beneficiary and that marriage is dissolved or the parties become legally separated or the domestic partnership is terminated, no surviving spouse or surviving domestic partnership benefits will be paid to the alternate payee, but the Retirement System will comply with a court order that divides the present value of the allowance payable for the retired member's life between the retired member and the alternate payee. The court order may further provide that the divided value allocated to the retired member shall continue to be paid to the retired member for life, and the divided value allocated to the alternate payee shall be converted into monthly payments for the life of the alternate payee instead of for the life of the retired member.
(Added Ord. 94-29, § 5, eff. 5-27-94; Am. Ord. 94-38, § 1, eff. 6-24-94; Am. Ord. 2002-12, § 3, eff. 3-19-02; Am. Ord. 2004-99, § 4, eff. 11-15-04; Am. Ord. 2004-102, § 3, eff. 11-15-04; Am. Ord. 2006-17, § 9, eff. 3-10-06).

SEC. 3-563. JUDICIAL REVIEW OF CERTAIN BOARD DECISIONS.

The provisions of Section 1094.6 of the California Code of Civil Procedure shall be applicable to decisions of the Board denying an application for a retirement benefit or allowance or entitlement.
(Added Ord. 95-40, § 11, eff. 6-23-95).

SEC. 3-564. DIRECT TRANSFERS OF ELIGIBLE ROLLOVER DISTRIBUTIONS.

(a) If, under the provisions of this Article, a distributee becomes entitled to an eligible rollover distribution, the distributee may elect to have the distribution or any portion thereof paid directly to an eligible retirement plan specified by the distributee.

(b) The election made pursuant to this Section shall be in accordance with the terms and conditions established by the Board.

(c) Upon the exercise of the election by a distributee pursuant to this Section, the distribution from the retirement fund of the amount designated by the distributee shall be made in the form of a direct transfer to the eligible retirement plan so specified.

(d) For purposes of this Section, "distributee" means a member, a surviving spouse, or a former spouse under a domestic relations order which is treated as a qualified domestic relations order to the extent provided in Internal Revenue Code Section 414(p)(11), and such other persons as come within the meaning of the term as used in Section 401(a)(31)(A) of the Internal Revenue Code. Effective for plan years on or after January 1, 2010, a distributee further includes a nonspouse beneficiary who is a designated beneficiary as defined by Section 401(a)(9)(E) of the Internal Revenue Code. However, a nonspouse beneficiary may only make a direct rollover to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity shall be treated as an "inherited" individual retirement account or annuity.

(e) For purposes of this Section, "eligible rollover distribution" means a distribution from the retirement fund which constitutes an eligible rollover distribution within the meaning of Section 401(a)(31)(C) of the Internal Revenue Code, i.e., any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include:

(1) Any distribution that is one of a series of substantially equal periodic payments (not less than frequently than annually) made (i) for the life (or expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary or (ii) for a specified period of ten years or more;

(2) Any distribution to the extent such distribution is required under Section 401(a)(9) of the Internal Revenue Code;

(3) The portion of any distribution that is not includable in gross income; or

(4) Any distribution that is reasonably expected to total less than $200 during the year. Effective January 1, 2002, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only (i) to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code or to a qualified defined contribution plan described in Section 401(a) of the Internal Revenue Code; (ii) on or after January 1, 2007, to a qualified defined benefit plan described in Section 401(a) of the Internal Revenue Code or to an annuity contract described in Section 403(b) of the Internal Revenue Code, that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or (iii) on or after January 1, 2008, to a Roth IRA described in Section 408A of the Internal Revenue Code.

(f) For purposes of this Section, "eligible retirement plan" means a plan which constitutes an eligible retirement plan within the meaning of Section 401(a)(31)(D) of the Internal Revenue Code, the terms of which permit the acceptance of rollover distributions and is limited to the following:

(1) an individual retirement account described in Section 408(a) of the Internal Revenue Code,

(2) an individual retirement annuity described in Section 408(b) of the Internal Revenue Code,

(3) an annuity plan described in Section 403(a) of the Internal Revenue Code, er

(4) a qualified trust described in Section 401(a) of the Internal Revenue Code.

(5) effective January 1, 2002, an annuity contract described in Section 403(b) of the Internal Revenue Code,

(6) effective January 1, 2002, a plan eligible under Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan from the retirement system, or

(7) effective January 1, 2008, a Roth IRA described in Section 408A of the Internal Revenue Code.

(g) This Section applies to distributions made on or after January 1, 1993.

(h) If this Article in Section 3-534 (Refund of Contributions) or Section 3-535 (Deferred Benefits After Separation) provides for a mandatory refund of contributions which constitutes an eligible rollover distribution under this Section and if an individual while a member does not elect to have such refund paid either directly to the individual or to an eligible retirement plan in a direct rollover, the amount to be refunded shall be credited to the Retirement Fund, with the individual as a former member being entitled thereafter to claim the amount so credited but without interest.
(Added Ord. 95-40, § 12, eff. 6-23-95; Am. Ord. 2011-2, § 11, eff. 3-7-11).

SEC. 3-565. MINIMUM REQUIRED DISTRIBUTIONS.

The City of Fresno Employees Retirement System shall pay all benefits in accordance with a reasonable good faith interpretation of the requirements of section 401(a)(9) of the Internal Revenue Code and the regulations in effect under that section, as applicable to a governmental plan within the meaning of Section 414(d) of the Internal Revenue Code. The City of Fresno Employees Retirement System shall be subject to the following provisions:

(a) Notwithstanding any other provision of this article, payment of a member's retirement allowance shall commence no later than the required beginning date which is the later of the following:

(i) The April 1 following the end of the calendar year in which the member attains age seventy and one-half (70½); or

(ii) The April 1 following the end of the calendar year in which the member retires.

(b) The member's entire interest must be distributed over the member's life or the lives of the member and a designated beneficiary, or over a period not extending beyond the life expectancy of the member or of the member and a designated beneficiary.

(c) If a member dies after the required distribution of benefits has begun, the remaining portion of the member's interest must be distributed at least as rapidly as under the method of distribution before the member's death.

(d) If a member dies before required distribution of the member's benefits has begun, the member's entire interest must be distributed within five (5) years of his death, unless it is to be distributed in accordance with the following rules:

(1) If the member's surviving spouse is the sole designated beneficiary, the member's remaining interest in the plan is distributed or begins to be distributed by

December 31 of the calendar year immediately following the calendar year in which the member died or by December 31 of the calendar year in which the participant would have attained age 70½, if later, and if the surviving spouse dies before the distribution to the surviving spouse begins, this Section shall be applied as if the surviving spouse were the plan member; or

(2) If the member's surviving spouse is not the sole designated beneficiary, the member's remaining interest is to be distributed over the life of the designated beneficiary or over a period not extending beyond the life expectancy of the designated beneficiary; and such distribution begins no later than December 31 of the calendar year immediately following the calendar year of the member's death.

(e) The death and disability benefits provided by the retirement system are limited by the incidental benefit rule set forth in section 401(a)(9)(G) of the Internal Revenue Code and Treasury Regulation Section 1.401-l(b)(l)(i) or any successor regulation thereto. As a result, the total death or disability benefits payable may not exceed 25% of the cost for all of the members' benefits received from the retirement system.

(f) Notwithstanding any other provision of this article, if a member has elected an option under section 3-554 and his or her surviving spouse is not the designated beneficiary, the periodic amounts payable to the member and any other designated beneficiary shall be adjusted only to the extent necessary to ensure that the minimum distribution incidental benefit requirement of Internal Revenue Code Section 401(a)(9) is satisfied.

(Added Ord. 97-23, § 1, eff. 6-21-97; Am. Ord. 2011-2, § 12, eff. 3-7-11).

SEC. 3-566. DEFERRED RETIREMENT OPTION PROGRAM ("DROP").

(a) **Purpose of DROP.**

(1) It is the intent of this section to create a voluntary deferred retirement option program ("DROP") for members.

(2) DROP is designed to be an alternate method of receiving retirement benefits.

(3) DROP is intended to be cost neutral to the System.

(4) DROP is intended to provide additional flexibility to the System by providing members with an additional method of receiving their retirement benefits.

(5) It is the intent of DROP not to jeopardize in any way the tax-qualified status of the System under the Internal Revenue Code. The provisions of this section may at any time be modified, with such modifications being given retroactive effect, if necessary to maintain the System's tax-qualified status.

(b) **Eligibility and Election to Participate in DROP.**

(1) Any member who has attained age 55 and who possesses sufficient credited service to be eligible for a service retirement shall be eligible to participate in DROP. The

eligibility age of fifty-five may be reduced to an age not less than age fifty, provided the member consents in writing to the early retirement reduction provisions set forth in section 3-541(4).

(2) The election to participate in DROP shall be voluntary and irrevocable. The election shall:

(i) Be made on a form provided by the System;

(ii) Designate a period of participation not to exceed one hundred and twenty (120) months;

(iii) Affirm that the member, on the date the member commences participation in DROP, shall cease accruing service credits;

(iv) Affirm that the member agrees to terminate City employment no later than completion of the designated DROP participation period;

(v) Constitute an application for service retirement no later than the end of the designated DROP participation period; and

(vi) Include the member's irrevocable election among the options in Section 3-554 (Optional Modification of Allowances).

(3) A member making the election shall execute such waivers with respect to state and federal employment discrimination and related laws, such releases, and such covenants as are required by the City or the System.

(4) By electing to participate in DROP:

(i) A member becomes subject to all of the provisions of this section;

(ii) For a member whose retirement allowance is determined under Section 3-501 (Definitions), average final compensation shall be determined solely by reference to the position or positions held by the member prior to the date the member commences participation in DROP; and

(iii) A member shall have DROP benefits credited to a DROP account pursuant to subsection (c) of this section.

(c) **DROP Accounts and DROP Benefits.**

(1) A DROP account is a nominal, bookkeeping account established within the System for each DROP participant. No System assets shall be separately segregated for any DROP account; a DROP participant shall not have a claim on any specific assets of the System.

(2) Amounts credited to a member's DROP account shall be vested, except to the extent deemed necessary by the Board in its sole discretion to maintain the System's tax-qualified status under the Internal Revenue Code.

(3) A member's DROP account shall be credited monthly with an amount which represents the service retirement allowance which the member would have received if the member had retired on the date the member commenced DROP participation.

(4) The monthly amount credited to a member's DROP account shall reflect any cost-of-living adjustments otherwise applicable to retired members.

(5) A member's DROP account shall be credited monthly with interest pursuant to subsection (d) of this section.

(d) **Interest Crediting to DROP Accounts.**

(1) Each DROP account shall be credited monthly with interest at the nominal monthly interest rate equivalent to the annual effective DROP interest rate adopted by the Board. The nominal monthly interest rate shall apply to the balance in each DROP account as of the beginning of each month and shall be applied before the monthly amount described in Section 3-566(c)(3) for that month has been credited to the account.

(2) The Board shall set an annual effective DROP interest rate, which shall apply to each DROP account during the retirement system's fiscal year in which the Board set the rate.

(3) In setting the annual effective DROP interest rate, the Board shall review and consider the most current actuarial report from the Board's actuary evaluating the cost neutrality of DROP.

(4) The Board shall review the net rate of return earned by the System's entire investment portfolio for each of the five prior fiscal years, including realized and unrealized gains and losses and as reduced by all investment expenses. These net rates of return shall be certified by the System's Retirement Administrator. The sum of the five net rates of return shall be divided by five to provide an average net rate of return.

(5) The Board shall set the annual effective DROP interest rate at a level it deems in its sole discretion necessary to maintain the cost neutrality of the DROP program. The Board shall not set the annual effective DROP interest rate lower than 3 percent below the average net rate of return as determined in Section 3-566(d)(4) nor higher than that average net rate of return.

(6) If the average net rate of return determined in Section 3-566(d)(4) is negative, the Board shall set a negative annual effective DROP interest rate, i.e., each DROP account balance shall be reduced accordingly.

(e) **Additional DROP Provisions.**

(1) The effective date of DROP participation for a member shall be the first of the month following the date the Board approves the member's fully completed DROP application.

(2) For a member whose effective date of a participation in DROP is prior to the effective date of Ordinance No. 2011-2 and notwithstanding Section 3-523 (Normal Contributions of Members) and Section 3-553(e) (Cost of Living Adjustment), the member shall cease making contributions to the System. For a member whose effective date

of participation in DROP is on or after the effective date of Ordinance No. 2011-2, the member shall continue to make contributions which shall be deposited into the member's DROP account.

(3) If a member becomes disabled while participating in DROP, the member shall be eligible to apply for disability retirement and shall be subject to the same disability eligibility requirements under Section 3-546 as if the member were not in DROP. Notwithstanding Section 3-547 (Allowance at Disability Retirement), if the Board grants the application, whether for a service-connected or non service-connected disability, the amount of the disability retirement allowance shall be the same as the amount then being credited monthly to the member's DROP account. However, if the Board determines that the disability is service-connected, the amount of the aggregate disability retirement allowance which equals (or is less than) one-third of the member's final compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(4) If a member dies due to non service-connected causes while participating in DROP, the member shall be deemed to have died after retirement.

(5) If a member dies on or after June 1, 2008 while participating in DROP and the Board determines that the causes are service-connected, the member shall be deemed to have suffered a service-connected death, with the survivorship benefit to be comprised solely of one-half the monthly amount currently being credited into the member's DROP account, adjusted for any optional modification elected by the member, and the balance in the DROP account paid pursuant to Sections 3-566(f) and 3-566(g)(2). If the Board determines that the member's death was service-connected, the amount of the survivorship benefit which equals (or is less than) one-third of the member's final compensation shall be in the nature of workmen's compensation and shall be nontaxable to the extent allowed by Section 104(a)(1) of the Internal Revenue Code.

(6) If a member marries while participating in DROP, the marriage shall be deemed to have occurred prior to the member's retirement only for purposes of satisfying any applicable benefit eligibility requirement.

(f) **Designation of DROP Beneficiary.**

(1) A member electing to participate in DROP shall designate a beneficiary of the member's DROP account.

(2) If a member dies while participating in DROP,

(i) A designated DROP account beneficiary who is either a surviving spouse or surviving domestic partner of the member or a child under the age of 18 of the member or a dependent parent of the member shall be entitled to select a form of distribution under Section 3-566(g)(2); or

(ii) A designated DROP beneficiary who is not listed in Section 3-566(f)(2)(i) shall receive a DROP account distribution in the form of a lump sum; or

(iii) If the designated DROP beneficiary is not then living, the balance in the DROP account in the form of a lump sum shall be distributed to the estate of the DROP participant.

(3) No DROP beneficiary designation shall modify a member's community property obligations under California law.

(g) **Distribution of DROP Account.**

(1) Upon termination of DROP participation and upon retirement from the City, a member shall:

(i) Receive the amounts credited to the member's DROP account, including interest; and

(ii) Begin receiving a monthly retirement allowance in the amount being credited to the member's DROP account.

(2) A member upon the completion of the designated DROP participation period shall select one of the following as the form of distribution of the member's DROP account:

(i) A lump sum; or

(ii) An amount payable monthly in equal monthly installments in accord with applicable provisions of the Internal Revenue Code;

1. The member shall be entitled to select an installment pay-out period not to exceed the lesser of ten years or the joint life expectancies of the member and the member's spouse;

2. The balance in the member's DROP account during the installment pay-out period shall be credited with simple interest monthly at the actuarially assumed interest rate;

3. No cost-of-living adjustment shall be made to the monthly amount;

4. Payments of the monthly amount shall terminate when the balance in the DROP account is reduced to zero;

5. If the retired member dies prior to receipt of the member's entire DROP account, then:

(a) A designated DROP beneficiary who is listed in Section 3-566(f)(2)(i) shall be entitled to select a form of distribution under Section 3-566(g)(2); or

(b) A designated DROP beneficiary who is not listed in Section 3-566(f)(2)(i) shall receive a DROP account distribution in the form of a lump sum; or

(c) If the designated DROP beneficiary is not then living, the balance in the DROP account in the form of a lump sum shall be distributed to the estate of the DROP participant.

6. The retired member may at any time request immediate payment of the entire balance remaining in the member's DROP account; or

(iii) Such other form of distribution, as is adopted by the Board and in accord with applicable provisions of the Internal Revenue Code.

(3) No distribution shall be made from a member's DROP account until the member terminates DROP participation.

(4) If a member dies while participating in DROP, the member's DROP account shall be paid pursuant to Sections 3-566(f) and 3-566(g)(2).

(h) **Termination of DROP Participation.** A member's participation in DROP shall automatically terminate upon the earliest occurrence of any of the following events:

(1) Completion of the member's designated DROP participation period; or

(2) Death of the member; or

(3) Approval by the Board of the member's application for a disability retirement; or

(4) Voluntary termination of a member's employment; or

(5) Involuntary termination of a member's employment, whether or not for cause, including layoffs or reductions in force and including the conclusion of any administrative or judicial appeals process.

(i) **General DROP Provisions.**

(1) The right is reserved at any time and from time to time, and retroactively if deemed necessary or appropriate, to amend in whole or in part any or all of the provisions relating to DROP. But no amendment shall be enacted which has the effect of decreasing the amount credited to a member's DROP account.

(2) The Board shall enact such rules and procedures as are necessary or appropriate to administer DROP.

(3) The Board shall issue annually to each DROP participant a statement of that member's DROP account balance.

(j) **Compliance with Applicable Provisions of the Internal Revenue Code and other Federal Laws.**

(1) It is intended that DROP shall not jeopardize the tax-qualified status of the System under the Internal Revenue Code. Full rights are reserved to modify this section to the extent necessary or appropriate to insure that DROP complies with applicable federal laws, regulations, and administrative rulings.

(2) Notwithstanding any other provision in this section, the DROP program shall be subject to the sections of the Internal Revenue Code applicable to governmental plans, as amended, and the regulations and rulings under those sections.

(k) **Employment Status During DROP Participation.** The employment status of a member electing to participate in DROP shall not be affected by that election.
(Added Ord. 97-67, § 1, eff. 12-18-97; Am. Ord. 2000-74, § 1, eff. 12-11-00; Am. Ord. 2006-17, § 10, eff. 3-10-06; Am. Ord. 2007-105, § 4, 1-28-08; Am. Ord. 2011-2, § 13, eff. 3-7-11; Am. Ord. 2011-3, § 2, eff. 3-11-11; Am. Ord. 2012-4, § 3, eff. 3-15-12; Am. Ord. 2021-013, § 4, eff. 5-17-21).

SEC. 3-567. POST-RETIREMENT SUPPLEMENTAL BENEFIT.

(a) **Purpose of the Post-Retirement Supplemental Benefit.**

(1) It is the intent of this section to create a post-retirement supplemental benefit to provide assistance to retirees to pay for various post-retirement expenses.

(2) It is the intent of this section that the post-retirement supplemental benefit is to be distributed if and only if distributable actuarial surplus, as defined in this section, is available to provide such benefit.

(3) It is the intent of this section that the post-retirement supplemental benefit not jeopardize in any manner the tax-qualified status of the System under the Internal Revenue Code. The provisions of this section may at any time be modified, with such modifications being given retroactive effect, if necessary, to maintain the System's tax-qualified status.

(4) It is generally the intent of this section to distribute only a single post retirement supplemental benefit to any given individual, except as provided in subsection (g)(3) of this section.

(5) It is generally the intent of this section that, if an individual is eligible to receive a post-retirement supplemental benefit from this System and from the Fire and Police Retirement System, the individual is to receive only the higher of the two benefits, except as provided in subsection (g)(3) of this section.

(b) **Definitions.** The following words as used in this section, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) "Actuarial accrued liabilities" shall mean that portion, as determined under the actuarial funding method adopted by the Retirement Board, of the actuarial present value of retirement benefits and System expenses which are not provided for by future normal costs.

(2) "Actuarial value of assets" shall mean the value of cash, investments and other property of the System, as used by the System's actuary for the purpose of an actuarial valuation.

(3) "Actuarial surplus" shall mean the amount by which the actuarial value of the System's assets exceeds one hundred and ten percent (110%) of the System's actuarial accrued liabilities.

(4) "Actuarial deficit" shall mean the amount by which one hundred and ten percent (110%) of the value of the System's actuarial accrued liabilities exceeds the actuarial value of the System's assets.

(5) "Distributable actuarial surplus" shall mean the actuarial surplus as amortized over such period as is determined by the Board.

(c) **Eligibility for a Post-Retirement Supplemental Benefit.**

(1) A member or former member shall be eligible for a post-retirement supplemental benefit only if the member or former member has completed at least five full years of service with the City of Fresno.

(2) The following are eligible post-retirement supplemental benefit recipients:

(i) Former members receiving a service retirement allowance under section 3-535 (Deferred Benefits After Separation) or section 3-541 (Allowance At Service Retirement) or a disability retirement allowance under section 3-547 (Allowance At Disability Retirement); and

(ii) Beneficiaries receiving a monthly allowance under section 3-550 (Continuation Of Retirement Allowances After Death) or under section 3-552 (Allowance after Death Before Service Retirement) or under section 3-554 (Optional Modification Of Allowance).

1. In situations where a monthly allowance is divided among more than one beneficiary, such as where there is more than one child under age eighteen receiving an allowance under section 3-552 or where the allowance under section 3-550 is distributed to a qualifying surviving spouse or qualifying surviving domestic partner but where the allowance under section 3-554 (Option 2) is distributed to a different individual, only a single post-retirement supplemental benefit shall be paid, with that benefit being divided among the applicable beneficiaries based upon the ratio that each allowance being paid bears to the total of all allowances being paid with respect to the former member.

(3) Retired members and beneficiaries become eligible for the post-retirement supplemental benefit at the date they first commence receiving their monthly retirement allowance, but in no event prior to January 1, 1999.

(4) Ineligible to receive a Post-Retirement Supplemental Benefit are:

(i) Former members who withdrew their contributions from the System; and

(ii) Notwithstanding any other provision in this section to the contrary, members and former members who have completed less than five full years of service with the City of Fresno, with service with any other employer specifically excluded.

(d) **Determination of Amortization Period of Actuarial Surplus.**

(1) The Retirement Board shall consult with the System's actuary and thereafter adopt a period over which the actuarial surplus is to be amortized.

(2) The Retirement Board after consultation with the System's actuary may modify the amortization period.

(e) **Determination of Distributable Actuarial Surplus.**

(1) The Retirement Board shall at the meeting at which it receives and approves the periodic actuarial valuation report review and declare the amount of actuarial surplus as determined by the System's actuary.

(2) The Retirement Board shall then declare by resolution the amount of distributable actuarial surplus.

(f) **Allocation and Distribution of Distributable Actuarial Surplus.**

(1) The Distributable Actuarial Surplus shall first be used to reduce City and member contributions for cost of living increases pursuant to Sections 3-553(e) and (h).

(2) The Retirement Board shall divide the remaining distributable actuarial surplus into two components, one component composed of two-thirds of the distributable actuarial surplus and a second component composed of one-third of the distributable actuarial surplus.

(3) The two-thirds component of the distributable actuarial surplus shall be used to reduce or eliminate city contributions.

(i) In the event a portion of the two-thirds component remains after reducing or eliminating city contributions, the remainder shall be allocated to a City Surplus Reserve Account.

1. The City Surplus Reserve Account shall accrue interest at the average gross rate of return earned by the System's entire investment portfolio for each of the three prior fiscal years, including realized and unrealized gains and losses and as reduced by all investment related expenses.

2. The City Surplus Reserve Account shall be drawn upon in subsequent years if needed to reduce or eliminate the city's contributions.

(4) The one-third component of surplus shall be distributed among eligible post-retirement supplemental benefit recipients as follows:

(i) The Retirement Administrator shall determine the number of eligible post-retirement supplemental benefit recipients as of the date of the most recent actuarial valuation.

(ii) The following amount shall be distributed monthly to each eligible post-retirement supplemental benefit recipient commencing in January of the calendar year following the declaration of distributable actuarial surplus:

1. An amount which is the lesser of:

a. ninety-five percent (95%) of the sum of the distributable actuarial surplus, plus the balance in the PRSB Reserve Account as defined in subsection f(4)(iii) of the section as of June 30th of the most current actuarial valuation date, divided by the number in subsection f(4)(i) and then divided by twelve: or

b. the monthly health insurance premium being paid with respect to an active employee to the Fresno City Health and Welfare Trust or such other health insurance or health plan as is determined by the Board.

(iii) The portion of the distributable actuarial surplus that is not distributed shall be allocated to a Post-Retirement Supplemental Benefit Reserve Account ("PRSB Reserve Account").

1. The PRSB Reserve Account shall accrue interest at the average gross rate of return earned by the System's entire investment portfolio for each of the three prior fiscal years, including realized and unrealized gains and losses and as reduced by all investment related expenses.

2. The PRSB Reserve Account shall be drawn upon in subsequent years only to the extent necessary to increase the amount otherwise available to pay a monthly post-retirement supplemental benefit equivalent to a monthly health insurance premium as determined by the Retirement Board.

3. In the event of an actuarial deficit, amounts in the PRSB Reserve Account may be used to pay a post-retirement supplemental benefit in an amount as determined by the Board; in the absence of a positive balance in the PRSB Reserve Account, a post-retirement supplemental benefit shall not be paid.

(g) **General Post-Retirement Supplemental Benefit Provisions.**

(1) The right is reserved at any time and from time to time, and retroactively if deemed by the Board to be necessary or appropriate, to amend in whole or in part any or all of the provisions relating to the post-retirement supplemental benefit.

(2) The Board shall enact such rules and procedures as are necessary or appropriate to administer the post-retirement supplemental benefit.

(3) An individual who is a retired member of this System and also a surviving spouse or surviving domestic partner or beneficiary of a member of this System or of the Fire and Police Retirement System shall be eligible to receive two post-retirement supplemental benefits, one as a retired member and one as a surviving spouse or beneficiary.

(4) Except as provided in subsection g(3) of this section,

(i) an individual is entitled to receive only a single post-retirement supplemental benefit from the System, and

(ii) if an individual is eligible to receive a post-retirement supplemental benefit from the System and also from the Fire and Police Retirement System, the individual shall be entitled to receive only the larger of the two benefits.

(h) **Compliance with Applicable Provisions of the Internal Revenue Code and other Federal Laws.**

(1) It is intended that the post-retirement supplemental benefit not jeopardize the tax-qualified status of the System under the Internal Revenue Code. Full rights are reserved to modify this section to the extent necessary or appropriate to insure that the post-retirement supplemental benefit complies with applicable federal laws, regulations, and administrative rulings.

(2) Notwithstanding any other provision in this section, the post-retirement supplemental benefit shall be subject to the sections of the Internal Revenue Code applicable to governmental plans, as amended, and the regulations and rulings under those sections.

(i) **Effective Date.** The first actuarial valuation to which this section will apply is June 30, 1998. The PRSB benefit shall not be distributed earlier than January 1, 1999 and shall not be attributable to any period prior to January 1, 1999. (Added Ord. 98-53, § 1, eff. 8-27-98; Am. Ord. 2000-3, § 1, 2-10-00; Am. Ord. 2002-7, § 1, eff. 2-18-02; Am. Ord. 2002-9, § 1, eff. 3-19-02; Am. Ord. 2006-17, § 11, eff. 3-10-06).

SEC. 3-568. RECIPROCITY BETWEEN THE EMPLOYEES RETIREMENT SYSTEM AND THE CALIFORNIA PUBLIC EMPLOYEES RETIREMENT SYSTEM.

(a) **Purpose.** The purpose of this section is to extend to the members of other public agency retirement systems which adopt similar reciprocal provisions into their retirement ordinances or plans pursuant to Sections 20351, 20353, 31840.2, or 45310.5 of the California Government Code or pursuant to the charter of a City or a City and county or pursuant to the authority vested in any other public agency of the state of California (hereinafter "reciprocal systems"), and which have entered into an agreement to establish a reciprocal retirement system with the California Public Employees' Retirement System, the rights in this Retirement System set forth in this section.

(b) **Limitations On Application Of This Section.**

(1) Subject to subsection (f), the provisions of this section shall only apply to a person who satisfies either of the following requirements:

(i) The person is a member of this Retirement System, terminates his or her employment with the City, and becomes a member of a reciprocal system within six months of such termination of employment; or

(ii) The person is a member of a reciprocal system, terminates his or her employment pursuant to which he or she was a member of such reciprocal system, and becomes a member of this Retirement System within six months of such termination of employment.

(2) Except as provided in subsection (c) below, the provisions of this section shall apply only to a member whose termination and entry into employment resulting in a change in membership from this Retirement System to a reciprocal system, or from a reciprocal system to this Retirement System, as provided in subsection (b)(1) above, occurred after the effective date of February 18, 2002, specified in the agreement for reciprocal benefits between the Board of Administration of the Public Employees Retirement System and the Council of the City of Fresno.

(3) The provisions of this section relating to computation of final compensation shall apply to a member if such provisions would have applied had the member's termination and entry into employment occurred after the effective date of the agreement for reciprocal benefits.

(c) **Benefits.** The following provisions shall apply to a member who meets the requirement of subsection (b):

(1) Notwithstanding any provision of this plan or a reciprocal system plan in the matter of vesting, the member shall have the right to elect to leave his or her accumulated contributions on deposit in the Retirement System irrespective of the amount of such contributions or the length of service credited to the member under this Retirement System. Such election shall be irrevocable while membership in the reciprocal system continues.

(2) For the purpose of the calculation of contribution rates of the City and the members, the age of entry for a person entering this Retirement System from a reciprocal system shall be such person's age at entry into the reciprocal system.

(3) The average monthly salary during any period of service as a member of a reciprocal system shall be considered compensation to a member of this Retirement System for the purpose of computing final compensation for such member if all of the following conditions are satisfied:

(i) The member has attained the age of fifty years; and

(ii) The member retires concurrently under both this Retirement System and the reciprocal system; and

(iii) At the time of retirement, the member is credited with such period of service under the reciprocal system.

(4) Solely for the purpose of meeting the minimum service requirements for qualification for benefits and retirement allowances under this Retirement System, service shall also include service as an officer or employee of a reciprocal system, if all of the following conditions are satisfied:

(i) The member has attained the age of fifty years; and

(ii) The member retires concurrently under both this Retirement System and the reciprocal system; and

(iii) The salary for service in the reciprocal system constitutes compensation of a member of this Retirement System for purposes of calculating final compensation.

(5) A member shall be retired for disability and receive a retirement allowance based on the service credited to the member at the time of retirement during any period in which the member receives a disability retirement allowance under a reciprocal system, subject to the following limitations:

(i) Such allowance shall not exceed an amount which when added to the allowance paid under the reciprocal system equals the allowance which would be paid for a nonservice-connected (nonindustrial) disability if all the member's service had been credited under the reciprocal system; and

(ii) Such allowance shall in no event be less than an annuity which is the actuarial equivalent of the member's contributions, whether or not the disability is for service-connected (industrial) reasons.

(6) The death benefits for a member who dies from nonservice-connected (nonindustrial) causes as a member of a reciprocal system shall not exceed an amount which when added to the death benefits paid for such member under the reciprocal system equals the maximum death benefit payable under that system, subject to the following limitations:

(i) Such death benefits shall be at least the amount of the member's accumulated contributions; and

(ii) If death is cause by service-connected (industrial) injury or disease in the reciprocal system, the death benefits shall be the amount of the member's accumulated contributions.

(d) **Information And Data.** On the request of a reciprocal system, the Board shall supply information and data necessary for administration of the reciprocal system as it is affected by membership in the service credited under this Retirement System.

(e) **Interpretation Of This Section.** Interpretations of the provisions of this section shall be made with reference to interpretations that have been made relative to the California Public Employees' Retirement System—1937 Act County Employees' Retirement reciprocal provisions upon which these provisions are based.

(f) **Modification Of Rights.** All rights under this section are subject to modification as may be necessary to conform to amendments to the Public Employees' Retirement Law or the County Employees' Retirement Law of 1937 as provided in California Government Code Section 20353.
(Added Ord. 2002-5, § 1, 2-18-02; Am. Ord. 2007-105, § 5, eff. 1-28-08).

SEC. 3-569. RIGHTS OF DOMESTIC PARTNERS.

Full rights are reserved, at any time and from time to time and retroactively if deemed necessary or appropriate, to amend in whole or in part any and all provisions of this Article 5 relating to domestic partners. It is specifically intended that, if through the initiative process or otherwise, California law expands or reduces, rescinds or terminates the status and rights of domestic partners, whether current, surviving, or former, or the status and rights of domestic partnerships, then conforming expansions, reductions, rescission, or termination shall be deemed to be incorporated into this article, including retroactively. It is further intended that the domestic partner provisions of this Article not jeopardize the tax-qualified status of the System under the Internal Revenue Code; full rights are reserved to modify or rescind those provisions to insure compliance with applicable federal laws, regulations, and administrative rulings.
(Am. Ord. 2006-17, § 12, eff. 3-10-06).

SEC. 3-570. QUALIFIED EXCESS GOVERNMENTAL BENEFIT ARRANGEMENT.

(a) **Establishment of Plan and Trust.**

(1) **Establishment Of Plan and Trust.** The "City of Fresno Employees Retirement System Excess Benefit Plan and Trust" ("Plan") is hereby established, pursuant to Internal Revenue Code ("IRC") Section 415.

(2) **Purpose.** The purpose of this Plan is solely to provide the part of a Participant's Retirement Benefit that would otherwise have been payable under the City of Fresno Employees Retirement System ("Retirement System"), except for the limitations of IRC Section 415(b). This Plan is intended to be a "qualified governmental excess benefit arrangement" or "QEBA" within the meaning of IRC Section 415(m)(3) and must be interpreted and construed consistently with that intent.

This Plan is deemed a portion of the Retirement System solely to the extent required under, and within the meaning of, IRC Section 415(m)(3). This Plan is an "exempt governmental deferred compensation plan" described in IRC Section 3121(v)(3). IRC Sections 83, 402(b), 457(a) and 457(f)(1) do not apply to this Plan. With respect to IRC Section 457(a), the maximum amount that may be deferred under this Plan on behalf of any Participant for the taxable year may exceed both the amount in IRC Section 457(b)(2) (as adjusted for cost of living increases) and the percent of the Participant's includable compensation referred to in that IRC Section. The City will not hold any assets or income under this Plan in trust for the exclusive benefit of Participants or their Beneficiaries.

(b) **Definitions and Constructions.**

(1) **Definitions.** When the initial letter of a word or phrase is capitalized herein, it has the same meaning as defined below:

(i) "Administrator" means the City Manager or any entity or employee designated by the City Manager.

(ii) "Beneficiary" means an individual receiving a pension, an annuity, a retirement allowance, or other benefit provided under the Retirement System.

(iii) "Board" means the Employees Retirement Board acting as trustee of the Retirement System.

(iv) "City" means the City of Fresno.

(v) "Employer" means the City. Provided, however, that "Employer" as defined here is limited to entities which are the State, a political subdivision of the State, or an agency or instrumentality of the State. No employer which is not permitted to participate in a qualified governmental pension plan as defined in IRC Sections 401(a) and 414(d) shall be permitted to participate in the Plan.

(vi) "Excess Benefit" means the benefit determined in accordance with Section 4.01 of this Plan.

(vii) "IRC" means the Internal Revenue Code of 1986, as amended, or corresponding provisions of any subsequent federal income tax law, as applicable to a governmental plan.

(vii) "Member" means any person included in the membership of the Retirement System pursuant to Section 3-501 (n) and Section 3-515 of the City of Fresno Municipal Code.

(ix) "Participant" means a Member, Retiree, or Beneficiary who is entitled to benefits in accordance with Section 4 of this Plan.

(x) "Plan" means the "City of Fresno Employees Retirement System Excess Benefit Plan and Trust" established by this Ordinance pursuant to IRC Section 415.

(xi) "Plan Year" means the calendar year for purposes of the Plan.

(xii) "QEBA" means a Qualified Governmental Excess Benefit Arrangement within the meaning of IRC Section 415(m).

(xiii) "Retiree" means a former Member who is receiving a Retirement Benefit from the City under the Retirement System.

(xiv) "Retirement Benefit" means the amount of retirement income payable to a Retiree of an Employer, or the benefit payable to a Beneficiary, without regard to any limitations on that retirement income or benefit under IRC Section 415(b).

(xv) "Retirement Fund" means the fund of the Retirement System established under Section 3-513 of the City of Fresno Municipal Code.

(xvi) "Retirement System" means the City of Fresno Employees Retirement System, a defined benefit retirement plan administered by the Board.

(xvii) "State" means the State of California.

(xviii) "Trust Fund" means the separate trust fund established pursuant to Section 7 of this Plan, which fund constitutes a valid trust under the law of the State.

(xix) "Trustees" mean the members of the Board.

(2) **Construction.**

(i) Words used in this Plan in the masculine gender include the feminine gender where appropriate, and words used in this Plan in the singular or plural include the plural or singular where appropriate.

(ii) Whenever any actuarial present value or actuarial equivalency is to be determined under the Plan to establish a benefit, it will be based on reasonable actuarial assumptions approved by the Administrator in its sole discretion, and will be determined in a uniform manner for all similarly situated Participants.

(c) **PARTICIPATION.** All Members, Retirees, and Beneficiaries who were Members in the Retirement System on or before June 28, 1991, are eligible to and shall participate in this Plan if their Retirement Benefits from the Retirement System for a Plan Year would exceed the limitation imposed by IRC Section 415(b). The Administrator determines for each Plan Year which Members, Retirees, and Beneficiaries are eligible to participate in the Plan. Participation in the Plan begins each Plan Year once a Member, Retiree, or Beneficiary has an Excess Benefit in that Plan Year. Participation in the Plan ends for any Plan Year in which the Retirement Benefit of a Member, Retiree, or Beneficiary is not limited by IRC Section 415(b) or when all benefit obligations under the Plan to the Member, Retiree, or Beneficiary have been satisfied.

(d) **Payment of Benefits.**

(1) **Benefit Amount.** A Participant in the Plan will receive a benefit equal to the amount of retirement income that would have been payable to, or with respect to, a Participant by the City that could not be paid because of the application of the limitations on his or her retirement income under IRC Section 415(b). An Excess Benefit under the Plan will be paid only if and to the extent the Participant is receiving Retirement Benefits from the Retirement System.

(2) **Time for Payment; Form of Benefit.** The Administrator will compute and pay the Excess Benefit in the same form, at the same time, and to the same persons as such benefits would have otherwise been paid as a monthly pension under the Retirement System, except for the IRC Section 415 limitations. No election is provided at any time to the Participant, directly or indirectly, to defer compensation under this Plan.

(e) **Contributions and Funding.**

(1) **Funding.** The Plan is, and will remain, unfunded and the rights, if any, of any person to any benefits under the Plan are limited to those specified in the Plan. The Plan constitutes a mere unsecured promise by the Employer to make benefit payments in the future.

(2) **Contributions.**

(i) Based upon information provided by the Board or the Retirement System, the Administrator will determine the amount necessary to pay the Excess Benefit

under the Plan for each Plan Year. The required contribution will be the aggregate of the Excess Benefits payable to all Participants for the Plan Year and an amount determined by the Administrator to be a necessary and reasonable expense of administering the Plan. Contributions will not be calculated in a manner designed to pay future Excess Benefits. Under no circumstances will Employer contributions to fund the Excess Benefits be credited to or commingled with contributions paid into and accumulated in the Retirement Fund. Any contributions not used to pay the Excess Benefit for a current Plan Year, together with any income accruing to the Trust Fund, will be used, as determined by the Administrator, to pay the administrative expenses of the Plan for the Plan Year. Any contributions not used to pay the Excess Benefit for the current Plan Year that remain after paying administrative expenses of the Plan for the Plan Year will be used to fund administrative expenses or benefits of Participants in future Plan Years.

(ii) The Administrator will account separately for the amounts necessary to provide the Excess Benefit under the Plan for each Participant. But, this separate accounting will not be deemed to set aside these amounts for the benefit of a Participant. Benefits under this Plan will be paid from the Trust Fund.

(iii) The consultants, independent auditors, attorneys, and actuaries performing services for the Administrator may also perform services for this Plan; but, any fees attributable to services performed with respect to this Plan will be payable solely by the Employer or from the Trust Fund.

(iv) As set forth in Section (f)(1) of this Plan, the assets of the Trust Fund shall not be comingled with the assets of the Retirement Fund. Notwithstanding, and to the extent otherwise permitted by applicable law, the Retirement System shall apply a credit toward or otherwise adjust the Employer's contributions to the Retirement Fund each year to reflect benefits that are paid from this Plan rather than the Retirement System due to limits imposed by IRC Section 415(b). The amount of the credit or adjustment will be determined by a methodology acceptable to the Retirement System's actuary and such credit or adjustment will be implemented in compliance with applicable law.

(f) **Trust Fund.**

(1) **Establishment of Trust Fund.** The Trust Fund is established as a valid trust under the laws of the State, separate from the Retirement Fund, to hold contributions of the Employer. Contributions to this Trust Fund will be held separate and apart from the funds comprising the Retirement Fund and will not be commingled with assets of the Retirement Fund, and must be accounted for separately.

(2) **Trust Fund Purpose.** The Trust Fund is maintained solely to provide benefits under a qualified governmental excess benefit arrangement within the meaning of IRC Section 415(m), and pay administrative expenses of this arrangement.

(3) **Trust Fund Assets.** All assets held by the Trust Fund to assist in meeting the Employer's obligations under the Plan, including all amounts of Employer contributions made under the Plan, all property and rights acquired or purchased with these amounts and all income attributable to these amounts, will be held separate and apart from other funds of the Employer and will be used exclusively for the uses and purposes of Participants and general creditors as set forth in this Plan. Participants have no preferred claim on, or any beneficial interest in, any assets of the Trust Fund. Any rights created under the Plan are unsecured contractual rights of Participants against the Employer. Any assets held by the Trust Fund are subject to the claims of the Employer's general creditors under federal and state law in the event of insolvency.

(4) **Grantor Trust.** The Trust Fund is intended to be a grantor trust, of which the Employer is the grantor, within the meaning of subpart E, part I, subchapter J, chapter 1, subtitle A of the Code, and will be construed accordingly. This provision will not be construed to create an irrevocable trust of any kind.

(5) **Trust Fund Income.** Income accruing to the Trust Fund under the Plan constitutes income derived from the exercise of an essential governmental function upon which the Trust is exempt from tax under IRC Section 115, as well as IRC Section 415(m)(1).

(g) **Administration.**

(1) **Administrative Authority.** The City has the exclusive authority to control and manage the operation and administration of this Plan.

(i) The City has the power and authority (including discretion with respect to the exercise of that power and authority) necessary, advisable, desirable or convenient to enable it:

to establish procedures to administer the Plan not inconsistent with the Plan and the Code, and to amend or rescind these procedures;

to determine, consistent with the Plan, applicable law, rules or regulations, all questions of law or fact that may arise as to eligibility for participation in the Plan and eligibility for distribution of benefits from the Plan, and the status of any person claiming benefits under the Plan;

to make payments from the Trust Fund to Participants pursuant to Section 5 of this Plan;

to contract with a third party to perform designated administrative services under this Plan; and

to construe and interpret the Plan as to administrative issues and to correct any defect,

supply any omission or reconcile any inconsistency in this Plan with respect to same, subject to and consistent with the IRC.

(ii) Any action by the City that is not found to be an abuse of discretion will be final, conclusive and binding on all individuals affected thereby. The City may take any such action in such manner and to such extent as the City in its sole discretion may deem expedient, and the City will be the sole and final judge of such expediency.

(iii) The City will seek appropriate rulings from the Internal Revenue Service with regard to the status of the Plan under the IRC.

(2) **Advice.** The City may employ one or more persons to render advice with regard to its responsibilities under the Plan.

(3) **Payment of Benefits.** If in doubt concerning the correctness of its action in making a payment of a benefit, the City may suspend payment until satisfied as to the correctness of the payment or the person to receive the payment.

(4) **Delegation by Administrator.** The Administrator will handle the day-to-day operation of the Plan and may delegate certain functions to a third party.

(h) **Plan Amendments.** The City from time to time may amend, suspend, or terminate any or all of the provisions of this Plan as may be necessary to comply with IRC Section 415(m) and to maintain the Plan's or the Retirement System's qualified status under the IRC.

(i) **Nonassignability and Exemption from Taxation and Execution.** The interests of Participants under this Plan are exempt from any state, county, municipal or local tax, and are not subject to execution, garnishment, attachment, or any other process of law whatsoever, and are unassignable and nontransferable, except as otherwise provided by Section (f) or otherwise as in the same manner as a Retirement Benefit under the Retirement System.

(j) **Miscellaneous.**

(1) **Federal and State Taxes.** The Employer, Administrator, Board, Trustees and the Retirement System, do not guarantee that any particular Federal or State income, payroll, or other tax consequence will occur because of participation in this Plan.

(2) **Investment.** The Administrator may hold a portion of the assets of the Plan uninvested as it deems advisable for making distributions under the Plan, or may invest assets of the Plan pending the Excess Benefit payments in short-term investment grade instruments as otherwise permitted by law.

(3) **Conflicts.** In resolving any conflict between provisions of the Plan, and in resolving any other uncertainty as to the meaning or intention of any provision of the Plan, the prevailing interpretation will be the one that (i) causes the Plan to constitute a qualified governmental excess benefit arrangement under the provisions of IRC Section 415(m) and the Trust Fund to be exempt from tax under IRC Sections 115 and 415(m), (ii) causes the Plan and the Administrator to comply with all applicable

requirements of the IRC, (iii) causes the Plan and the Administrator to comply with all applicable State laws, and (iv) causes the Trust Fund to constitute a grantor trust under the IRC.

(4) **Limitation on Rights.** Neither the establishment or maintenance of the Plan, nor any amendment to the Plan, nor any act or omission under the Plan (or resulting from the operation of the Plan) may be construed:

(i) as conferring upon any Participant or any other person a right or claim against the Employer, Administrator, Board, Trustees or the Retirement System, if any, except to the extent that the right or claim is specifically expressed and provided in the Plan;

(ii) as creating any responsibility or liability of the Employer for the validity or effect of the Plan;

(iii) as a contract between the Employer and any Participant or other person;

(iv) as being consideration for, or an inducement or condition of, employment of any Participant or other person, or as affecting or restricting in any manner or to any extent whatsoever the rights or obligations of the Employer or any Participant or other person to continue or terminate the employment relationship at any time; or

(v) as giving any Participant the right to be retained in the Employer's service or to interfere with the Employer's right to discharge any Participant or other person at any time.

(5) **Erroneous Payments.** Any benefit payment that should not have been made, according to the terms of the Plan and the benefits provided hereunder, may be recovered as provided by law.

(6) **Release.** Any payment to any Participant will, to the extent thereof, be in full satisfaction of the Participant's claim being paid thereby, and the Administrator may condition the payment on the delivery by the Participant of the duly executed receipt and release in a form determined by the Administrator.

(7) **Liability.** The City or Administrator, if any, will not incur any liability in acting upon any paper or document or electronic transmission believed by the City or Administrator to be genuine or to be executed or sent by an authorized person.

(8) **Governing Laws.** The City of Fresno Municipal Code and the laws of the State apply in determining the construction and validity of this Plan.

(9) **Necessary Parties to Disputes.** The only party necessary to any accounting, litigation or other proceedings relating to the Plan is the Administrator. The settlement or judgment in any case in which the Administrator is duly served will be binding upon all affected Participants in the Plan, their beneficiaries, estates and upon all persons claiming by, through or under them.

(10) **QEBA Funds Unsecured.** Nothing in this Ordinance shall be construed as providing for assets to be held in trust or escrow or any form of asset segregation from members, retired members, or beneficiaries except as specifically set forth in this Ordinance. To the extent any person acquires the right to receive benefits under this Plan, the right shall be no greater than the right of any unsecured general creditor of the City of Fresno, State of California.

(11) **Severability.** If any provision of the Plan is held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions of the Plan will continue to be fully effective.

(Added Ord. 2015-23, § 1, eff. 9-10-15)

SEC. 3-601. TITLE OF ARTICLE.

This article shall be known as the Employer-Employee Relations Ordinance of the City of Fresno.
(Added Ord. 72-1, 1972).

SEC. 3-602. STATEMENT OF PURPOSE.

(a) The purpose of this article is to implement Chapter 10, Division 4, Title 1 of the Government Code of the State of California (Sections 3500, et seq.) by providing orderly procedures for the administration of employer-employee relations between the city and its employee organizations and for resolving disputes regarding wages, hours, and other terms and conditions of employment.

(b) Nothing contained herein shall be deemed to supersede other provisions of the Fresno Municipal Code. This article is intended, instead, to strengthen the civil service system by providing a method of administering employer-employee relations through the establishment of uniform and orderly methods of communication between organized city employees and the city.
(Added Ord. 72-1, 1972).

SEC. 3-603. DEFINITIONS.

(a) Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article, and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Article 2 of Chapter 1, of this Code shall also govern the construction, meaning, and application of words and phrases used in this article unless the particular provisions or the context otherwise requires. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(b) "Appropriate unit" means a group of classes of positions in the city service designated as a unit to be represented by a recognized employee organization in meeting and conferring on matters within the scope of representation.

(c) "City" means the City of Fresno, a municipal corporation, and where appropriate herein, "City" refers to the Council or any duly authorized executive management employee as herein defined.

(d) "Confidential employee" means an employee who is privy to decisions of city management affecting employer-employee relations.

(e) "Consult" or "consultation in good faith" means to communicate orally or in writing for the purpose of presenting and obtaining views and advising of intended actions.

(f) "Director" means the Chief Administrative Officer of the city or such other person in the city service as he shall designate in writing to act on his behalf in the exercise of any power or the performance of any duty of the Director under this article.

(g) "Employee" means any person holding a permanent position, as defined in Section 3-201.

(h) "Employer-employee relations" means the relationship between the city and its employees and their employee organization.

(i) "Employee-organization" means any organization or joint council of two or more organizations, or its duly authorized representative, which includes employees of the city and, as one of its primary purposes, represents such employees in their employment relations with the city.

(j) "Executive management employee" means any employee having significant responsibilities in the formulating or administering of city policies and programs, including, but not limited to, the Chief Administrative Officer, the City Attorney, the City Clerk, and all department heads, together with their deputies and such other of their principal subordinates as are so designated by the Director based upon recommendation of the Chief Administrative Officer, the City Attorney, the City Clerk, or the department head concerned.

(k) "Fact finding" means the identification of the major issues in a particular dispute, a review of the position of the parties, and the making of findings of fact on the issues in dispute, without recommendation (other than the finding of mitigating facts under subsection (d) of Section 3-616), unless requested, in writing by all parties to the dispute, to make recommendations. A fact finder is an impartial person or a three-member panel skilled in matters of employer-employee relations, selected by mutual agreement of the affected parties.

(l) "Formal recognition" means the right of a formally recognized employee organization or a joint council, which has shown, pursuant to Sections 3-610 and 3-611, that it represents a majority of employees in an appropriate unit, to meet and confer in good faith as the formally recognized representative of employees in an appropriate unit.

(m) "Impasse" means:

(1) a deadlock in the annual meet and confer process between a formally recognized representative and the city over any matters concerning which they are required to meet and confer in good faith, or over the scope of such subject matter; or

(2) any unresolved complaint by an affected employee organization, advanced in good faith, concerning a decision of the Director made pursuant to Section 3-610, or 3-611.

(n) "Joint Council" means two or more employee organizations which have joined together for the purpose of seeking or exercising representation rights for an appropriate unit.

(o) "A majority" or "the majority" means "at least fifty percent plus one."

(p) "Management employee" means an executive management employee or a supervisory management employee.

(q) "Mediation" or "conciliation" means the efforts of an impartial third person or persons, functioning in the capacity of intermediary, to assist the parties in reaching a voluntary resolution of an impasse, through interpretation, suggestion, and advice. "Mediation" and "conciliation" are interchangeable terms.

(r) "Meet and confer in good faith" (sometimes referred to herein as "meet and confer" or "meeting and conferring") means the performance, by the Director or his duly authorized representative, and by the duly authorized representative of a formally recognized employee organization of their mutual obligation to meet at reasonable times and to confer in good faith regarding matters within the scope of representation in an effort to

(1) reach agreement on those matters within the authority of such representatives, and

(2) reach agreement on what will be recommended to the Council on those matters within the decision-making authority of the Council.

"Meet and confer in good faith" does not require either party to agree to a proposal or to make a concession.

(s) "Peace officer" means a peace officer as defined in Section 830 of the California Penal Code, except that, for the purposes of this article only, "peace officer" does not mean a member

of the Fire Department, whether or not such member is serving as a member of an arson investigating unit, as a deputy or assistant state fire marshal, or in any capacity wherein the member would have the status of peace officer for purposes other than that of this article.

(t) "Professional employee" means employees engaged in work requiring specialized knowledge and skills attained through completion of a recognized course of instruction, including, but not limited to, attorneys, physicians, registered nurses, engineers, architects, teachers, and various types of physical, chemical, and biological scientists.

(u) "Public safety service" means every employee who is a "fireman" or "policeman" as defined in Section 3-301(22) and (23).

(v) "Recognized employee organization" means an employee organization which has been granted formal recognition by the Director pursuant to Section 3-610 and 3-611 or its duly authorized representative.

(w) "Scope of representation" means all matters relating to employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment. Employee rights as set forth in Section 3-604, and city rights as set forth in Section 3-605(a), are excluded from the scope of representation.

(x) "Supervisory management employee" means any employee having authority to effectively recommend the transfer, suspension, lay-off, recall, promotion, discharge, assignment, adjustment of grievances, or discipline of other employees, or having the responsibility to direct them if, in connection with the foregoing, the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment. In order to differentiate leadmen from supervisory management employees, the allocation of classes to supervisory management categories for the purpose of assignment to supervisory management employee representation units shall be contingent on meeting both of the following minimum criteria:

(1) Employees in the class should perform a variety of the supervisory tasks listed above, but these tasks must include.

(i) assigning work to subordinate employees.

(ii) reviewing the work of subordinate employees.

(iii) evaluating the performance of subordinates, when required under any program of employee performance evaluation, and

(iv) the authority to effectively recommend the adjustment of grievances.

(2) No class shall be allocated to a supervisory management category unless the job duties of a majority of the positions therein

(i) require the incumbent to spend a minimum of twenty percent of his time engaged in performing the supervisory duties listed in (1),

(ii) include the supervision regularly of at least three subordinate employees, and

(iii) are such that the incumbent does not engage in work similar to that of his subordinates more than forty percent of his time. (Added Ord. 72-1, 1972; Am. Ord. 73-89, §§ 1, 2, eff. 6-31-73; Am. Ord. 74-51, § 1, eff. 6-24-74).

SEC. 3-604. EMPLOYEE RIGHTS.

Employees shall have the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations including, but not limited to, wages, hours, and other terms and conditions of employment. Employees shall have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the city. No employees shall be interfered with, intimidated, restrained, coerced, or discriminated against by the city or by an employee or an employee organization because of his exercise of any of these rights. No management employee or confidential employee shall act as a representative of any employee organization which represents employees other than management employees or confidential employees. (Added Ord. 72-1, 1972).

SEC. 3-605. CITY RIGHTS.

(a) The exclusive rights of the city include, but are not limited to, the right to

(1) determine the mission of its constituent departments, divisions, commissions, and boards;

(2) set standards of service and municipal fees and charges;

(3) determine the procedures and standards of selection for employment, assignment, transfer, and promotion;

(4) direct its employees;

(5) take disciplinary action;

(6) relieve its employees from duty because of lack of work or for other legitimate reasons;

(7) maintain the efficiency of governmental operations;

(8) determine the methods, means, and personnel by which government operations are to be conducted;

(9) determine the content of job classifications;

(10) take all necessary actions to carry out its mission in emergencies;

(11) exercise complete control and discretion over its organization and the technology of performing its work.

(b) All rights formerly or presently claimed by or vested in the city on the effective date of this article and not mentioned in subsection (a) are retained by the city unless explicitly waived by the city by resolution of the Council or by Council-approved memorandum of understanding. (Added Ord. 72-1, 1972).

SEC. 3-606. MEET AND CONFER IN GOOD FAITH. SCOPE.

(a) The city, through the Director, shall meet and confer in good faith with representatives of employee organizations and joint councils, having formal recognition, regarding matters within the scope of representation within the appropriate unit.

(b) The city shall not be required to meet and confer in good faith on any subject preempted by federal or state law or by the Charter, nor on employee rights or city rights as described in Section 3-604 or subsection (a) of Section 3-605. Proposed amendments to this article are excluded from the requirement to meet and confer. (Added Ord. 72-1, 1972).

SEC. 3-607. CONSULTATION IN GOOD FAITH. SCOPE.

All matters affecting employer-employee relations, including those that are not subject to meeting and conferring, are subject to consultation. The city, through the Director, shall consult in good faith with any employee or his representative on employer-employee relations matters which affect the employee. (Added Ord. 72-1, 1972).

SEC. 3-608. ADVANCE NOTICE.

(a) Except as provided in subsection (b) of this section, advance written notice shall be given by the Director to each recognized employee organization affected by any ordinance, rule, resolution, or regulation directly relating to matters within the scope of representation and proposed to be adopted by the Director, by the Council, or by any board or commission of the city, and each such organization shall be given the opportunity to consult with the Director prior to such adoption.

(b) In cases of emergency when the Director or the Council or any board or commission of the city adopts immediately an ordinance, rule, resolution, or regulation directly relating to matters within the scope of representation without prior notice or consultation with a recognized employee organization, the Director shall provide such notice and opportunity to consult at an early practicable time following the adoption of such ordinance, rule, resolution, or regulation. (Added Ord. 72-1, 1972).

SEC. 3-609. APPROPRIATE UNIT.

(a) The Director may, and after review of a petition filed by an employee organization seeking recognition pursuant to Section 3-610 shall, determine the appropriate unit or units. Prior to making such determination he shall consult with any employee organization which has filed such a petition relevant to the determination and any affected or interested employee or employee organization. The consultation shall be for the purpose of the obtaining of employee and organization views on any proposed determination, including effect and

operation of criteria stated in this section. The consultation time and place shall be set by the Director; consultation shall be informal and occur after reasonable notice has been given to such employees and organizations.

(b) The principal criterion in determining the appropriate unit shall be that the broadest feasible unit, based upon the internal and occupational community of interest among the employees therein, shall be established. The following factors, among others, are to be considered in making such determination:

(1) which unit will assure employees the fullest freedom in the exercise of rights set forth under this article;

(2) the history of employee relations

(i) in the proposed unit,

(ii) among other employees of the city, and

(iii) in similar public employment;

(3) the effect of the unit on the efficient operation of the city and sound employer-employee relations; and

(4) the extent to which employees have common skills, working conditions, job duties, or educational requirements.

(c) In the determination of the appropriate unit, the Director shall apply the following rules:

(1) Except in the case of confidential employees, a single class of employees shall not be divided among two or more appropriate units;

(2) no unit shall be deemed appropriate solely on the basis of the extent to which employees in the proposed unit have organized;

(3) professional employees shall not be denied the right to be represented separately from nonprofessional employees;

(4) confidential employees shall not be included in the same unit as nonconfidential employees; and

(5) management employees shall not be included in the same unit with nonmanagement employees; provided, however, that an employee classified as a Fire Captain or Police Sergeant may by secret ballot election, pursuant to Section 3-611, elect to be included in the same unit as nonsupervisory public safety services employees.

(d) Peace officers may form, join, participate in, and be represented by employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations as provided by this article, provided such employee organizations

(1) are composed solely of such peace officers;

(2) concern themselves solely and exclusively with wages, hours, working conditions, welfare programs, and advancement of academic and vocational training in furtherance of the police profession; and

(3) are not subordinate to any other organization which does not conform to (1) and (2). (Added Ord. 72-1, 1972).

SEC. 3-610. PETITION FOR FORMAL RECOGNITION.

(a) An employee organization or joint council that seeks formal recognition shall file a petition with the Director, in such form as the Director may prescribe, containing the following information and documentation;

(1) Name and address of the employee organization.

(2) Titles of its officers and names of incumbents therein.

(3) Names and titles of authorized employee organization representatives.

(4) A statement that the employee organization, as one of its primary purposes, represents employees in their employment relations with the city.

(5) Whether the employee organization is a chapter or local of, or affiliated directly or indirectly in any manner with, a regional, state, national or international organization, and, if so, the name and address of each such regional, state, or international organization.

(6) Copies of the employee organization's constitution or articles of incorporation and bylaws, including all amendments thereof, certified as true copies by an officer of the organization.

(7) A designation of the person, and his address, to whom notice will be deemed sufficient notice on the employee organization for any purpose.

(8) A statement that the employee organization recognizes, and has explained to its members, the applicability of Section 3-624 of this article, and the inapplicability of Section 923 of the California Labor Code, to city employees.

(9) A statement that the employee organization does not and will not impose any restriction on membership based on race, color, creed, sex, age, or national origin.

(10) A list of all the classes and the number of employees in each class in the unit claimed to be the appropriate unit.

(11) Written proof, as described in subsection (c), each dated by the signer within three months of the date upon which the petition is filed, to establish that a minimum of thirty percent of the employees eligible to vote in the unit claimed to be the appropriate unit have designated the employee organization to represent them in their employment relations with the city. Such written proof shall be furnished by submission with the petition of employee designations in the form required by subsection (c).

(12) A request that the Director grant formal recognition to the employee organization by recognizing it as the representative of the employees in the unit claimed in the petition to be the appropriate unit.

(b) The petition, including all accompanying documents, shall be verified under penalty of perjury by the Executive Officer or Secretary of the employee organization. If the petitioner is a joint council, information required by this section shall be supplied for each employee organization participating in the joint council. The Director may require additional specific information of any matter required to be included in the petition, and may require the periodic updating of all or any portion of the information.

(c) Written proof of the designation of the employee organization to represent any employee shall be made, utilizing substantially the following language and form:

EMPLOYEE'S DESIGNATION OF EMPLOYEE

ORGANIZATION TO REPRESENT THE EMPLOYEE

IN THE EMPLOYEE'S RELATION WITH THE

CITY OF FRESNO

The undersigned, being an employee of the City of Fresno,
hereby designates_____
(Name of Organization)

to represent the undersigned in all matters relating to employment conditions and employer-employee relations.

I understand the above organization will present this to the Director in order to become recognized by the city as my representative; that I am not required to sign this document, and I do so of my own free choice; and that until this designation is revoked by me in writing, I cannot have another organization represent me.

I acknowledge that the above organization has explained to me the applicability of Fresno Municipal Code Section 3-624 and the inapplicability of California Labor Code Section 923, to City employees.

Employee's Name_____

Class/Job Title_____

Department or Division_____

Dated this _____ day of _____, 19____, at Fresno, California.

/s/ _____
Signature of Employee

(d) No employee shall be represented by more than one recognized employee organization. (Added Ord. 72-1, 1972; Am. Ord. 76-90, § 2, 10-24-76).

SEC. 3-611. ELECTIONS. FORMAL RECOGNITION.

(a) After the appropriate unit has been determined pursuant to Section 3-609, and after the Director has received a petition filed pursuant to Section 3-610 with written proof that the petition represents a minimum of thirty percent of the employees eligible to vote in such appropriate unit, the Director shall arrange for a secret ballot election to determine the recognized employee organization for such appropriate unit. The election may be conducted by the State Conciliation Service or by any other independent organization providing election services when such other organization is selected by mutual agreement of the Director and any employee organizations having qualified for the ballot prior to the time arrangement for the election is made.

(b) Not less than thirty days before the date fixed for the closing of the ballot for any election, the Director shall give notice of the election. Such notice shall be headed "Notice of Election to Determine Employee Representative," and shall contain

(1) a description of the appropriate unit or units for which the election will be held;

(2) the date of the election;

(3) the hours during which the polls will be open for voting, provided that the polls shall be open for not less than six hours between 6 a.m. and 7 p.m.;

(4) the date and hour of the closing of the ballot for inclusion of names of employee organizations;

(5) the date and hour on or before which petitions pursuant to Section 3-610 must be filed with the Director in order to be considered for inclusion of the name of the filing employee organization on the ballot;

(6) the name of each employee organization which, as of the date of notice, has qualified for inclusion on the ballot;

(7) such other information relating to the election as the Director shall deem appropriate.

The notice shall be mailed to each employee organization which has filed with the Director a written request for notice of elections to be held under this section, and shall be posted on such bulletin boards on city premises and given such other publicity as in the judgment of the Director will be most likely to inform the affected employees and employee organizations. The applicability of all or any part of this subsection to any election conducted by the State Conciliation Service or other organization shall be as determined by that agency.

(c) Any employee organization shall be entitled to be included on the ballot for any election, provided it shall have:

(1) on or before the time specified in the notice of the election for the last filing of petitions, filed a petition pursuant to Section 3-610 with written proof that such organization represents ten per cent of the employees eligible to vote in the appropriate unit within which the election is to be held; and

(2) on or before the time specified in the notice of the election for the closing of the ballot, deposited with the Controller its pro rata share of the Director's estimate of the total cost of the election, together with its written agreement to pay its pro rata share of the actual cost of the election.

The choice of "no organization" shall also be included on the ballot.

(d) All employees shall be eligible to vote who were employed in positions within the appropriate unit on the last day of the pay period immediately prior to the date which is fifteen days before the election, and who are employed by the city in the same appropriate unit on the date of the election. An employee organization shall be granted formal recognition following announcement of the results of an election:

(1) if the employee organization received the votes of a majority of all the employees eligible to vote in the appropriate unit in which the election is held, or

(2) if at least sixty per cent of the total number of employees in the appropriate unit eligible to vote voted in the election, and the employee organization received a majority of all votes cast in the election.

The employee organization so granted formal recognition shall be the only employee organization entitled to meet and confer in good faith as the representative of employees in such appropriate unit on matters within the scope of representation.

(e) When an election involving three or more choices results in none of the choices having received a majority of the votes cast, and at least sixty per cent of the total number of employees in the unit eligible to vote voted in the election, a run-off election shall be conducted promptly thereafter between the two choices receiving the largest number of votes cast. The rules governing an initial election shall also apply to a run-off election. There shall be no more than one initial and one run-off election in a twelve-month period within the same unit. The twelve-month period shall commence on the date of the initial election, or, if there is a run-off election, the date of the run-off election.

(f) The cost of the election shall be paid by the employee organizations appearing on the ballot. The cost of the election will be shared on a prorated basis as follows: The votes cast for each employee organization appearing on the ballot will be totaled and equated to one hundred percent of the cost of the election. Each employee organization appearing on the ballot shall pay an amount equal to its percentage of the total votes cast in the election.

(g) The recognition rights of a recognized employee organization designated in accordance with this section shall not be subject to challenge by election for a period of at least twelve months following the date of such recognition. (Added Ord. 72-1, 1972).

SEC. 3-612. REVOCATION OF REPRESENTATION.

(a) A petition for revocation alleging that an employee organization granted formal recognition is no longer the representative of a majority of the employees in an appropriate unit may be filed with the Director only during the last two months of any calendar year following the year in which formal recognition was granted. The petition for revocation may be filed by an employee, a group of employees or their representative, or an employee organization. The petition, including all accompanying documents, shall be verified under penalty of perjury by the person signing it that its contents are true. The petition for revocation shall be filed with the Director and shall contain the following:

(1) The name, address, and telephone number of the petitioner and a designated representative authorized to receive notices or requests for further information;

(2) The name of the formally recognized employee organization whose recognition is sought to be revoked;

(3) An allegation that the formally recognized employee organization no longer represents a majority of the employees in the appropriate unit; and

(4) The signatures of at least thirty percent of the employees in the unit dated by the signers within three months of the date upon which the petition is filed.

(b) If the Director finds that the petition complies with subsection (a) above he shall, upon receipt of the deposit required by subsection (d), arrange for a secret ballot election which may be conducted by the State Conciliation Service to determine if the formally recognized employee organization shall retain its recognition rights. Formal recognition of such employee organization shall be revoked by the Director if a majority of those voting in such election vote for revocation.

(c) The Director shall fix a date for the election for revocation which shall not be less than thirty nor more than sixty days after the filing of the petition. The Director may consolidate any election for revocation with an election on a petition for formal recognition as majority representative of the same unit, provided the petition for formal recognition is filed at the same time as or within thirty days after the filing of the petition for revocation.

(d) Petitioner shall deposit with the Controller an amount equal to the Director's estimate of the cost of the election, and the total cost of the election shall be paid by the petitioner; provided, however, if the revocation election is consolidated with an election for formal recognition pursuant to subsection (c), the costs of election shall be shared, and deposits made, in accordance with Section 3-611, subsections (b) and (e).

(e) There shall be no more than one revocation election in the same unit in any twelve-month period.

(f) Notwithstanding any other provision of this Article, employees in the Police Supervisory Management Unit may, prior to June 15, 1977, file a written request with the Director that an election be held to determine if the Fresno Police Officers' Association shall retain its recognition rights with respect to such Unit. Such written request shall contain the following:

(1) The names, classes and signatures of not less than seventy-five per cent of the employees in the Unit;

(2) An assertion that the request is submitted voluntarily by the employees signing such request and an assertion that neither individually nor collectively have such employees been coerced in the exercise of their rights as employees, nor have such employees been promised any benefit as inducement to submit such request;

(3) An assertion that a majority of the employees in the Police Supervisory Management Unit prefer and opt for the status of and treatment as unrepresented management employees.

Such written request shall be dated not more than ninety days prior to its filing with the Director. Should such request be filed as herein provided, the Director shall fix a date for a secret ballot election for revocation which date may be within five working days of the effective date of this ordinance and shall be not later than June 30, 1977. Such election shall be conducted by the Director or his designee. Notice of the date of such election shall be posted in the Fresno Police Administration Building not less than three days prior thereto. Formal recognition of the Fresno Police Officers' Association as representative of the Police Supervisory Management Unit shall be revoked by the Director and such Unit shall be deemed dissolved if a majority of those voting in such election vote for revocation. (Added Ord. 72-1, 1972; Am. Ord. 77-41, § 1, eff. 5-27-77).

SEC. 3-613. MODIFICATION OF ESTABLISHED APPROPRIATE UNIT GENERALLY.

A petition for modification of an established appropriate unit may be filed by an employee organization with the Director during the annual two-month period for filing a petition for revocation. The petition for modification shall contain all of the information set forth in subsection (b) of Section 3-610, together with a statement of all relevant facts in support of the proposed modified unit. The provisions of Section 3-610, subsection (b) (11) to the contrary notwithstanding, the petition shall be accompanied by written proof that a majority of the employees within the proposed modified unit have designated the employee organization to represent them in their employment relations with the city. The Director, in accordance with Section 3-609, shall determine whether the existing appropriate unit shall be modified as proposed in the petition. If the Director determines that the proposed modified unit is a more appropriate unit, then he shall follow the procedures set forth in Section 3-611 for determining formal recognition rights in such unit. (Added Ord. 72-1, 1972).

SEC. 3-614. ADDITIONAL PROVISIONS RELATIVE TO MODIFICATION OF ESTABLISHED APPROPRIATE UNITS.

(a) Notwithstanding the provisions of Section 3-613, the existence of any of the following facts or circumstances, as determined by the Director, shall constitute grounds for modification of an established appropriate unit at any time:

(1) The creation of a new class in the city services;

(2) The deletion of a class from the city service;

(3) A change in the title of an existing class in the city service;

(4) A change in any of the factors originally utilized by the Director pursuant to Section 3-609 in establishing the appropriate unit in question;

(5) The discovery of a new factor which was not known to the Director at the time he originally allocated a class to an appropriate unit and which either contradicts one of the factors upon which his original decision was based or which would have compelled a different result at the time such allocation was made;

(6) Discovery of an error in the determination of any fact which was utilized in the allocation of any class to an appropriate unit, which error would have compelled a different result if known at the time such allocation was made.

(b) The Director may add a class to or delete a class from an appropriate unit at any time he finds one of the aforementioned grounds to exist, provided the employee organization representing each appropriate unit which would be modified by such action concurs therein. In the event such concurrence cannot be obtained, the matter shall be submitted in writing to an impartial third party selected in accordance with procedures established by the State Conciliation Service, for resolution. Such party may decide the matter on the writings submitted or may conduct a hearing in his discretion. The decision of such third party shall be binding upon all parties. Any fees and expenses for the service of the impartial third party shall be paid as follows:

(1) If the proposal of the Director is upheld, the fees and expenses shall be divided equally among any and all employee organizations which refused to concur therein.

(2) If the proposal of any nonconcurring employee organization is upheld the fees and expenses shall be borne by the city.

(3) In all other cases, the fees and expenses shall be apportioned among such parties as the third party, in his discretion, deems just.

(c) Notwithstanding (a) and (b) above, whenever the Director determines in accordance with the criteria specified in Section 3-603 that a position or class consists of management or confidential employees, he may, after ten days' written notice to all employees within such position or class or their representatives and the granting of an informal hearing thereon, remove any such position or class from the appropriate unit to which it had previously been

allocated and add such position or class to an appropriate unit consisting of management or confidential employees. Nothing in this subsection, however, shall have any effect on the outcome of an election conducted pursuant to subsection 2-1909(c)(5).
(Added Ord. 74-81, § 1, eff. 9-22-74).

SEC. 3-615. DESIGNATION OF CITY REPRESENTATIVE.

The Director is designated as the city's representative in all matters subject to the meet and confer process with authority to consult and meet and confer in good faith on all matters within the scope of representation.
(Added Ord. 72-1, 1972; Am. Ord. 74-51, § 2, eff. 6-24-74).

SEC. 3-616. UNFAIR EMPLOYEE RELATIONS PRACTICES.

(a) It is an unfair employee relations practice for an employee, employee organization, or an employee representative

(1) to interfere with, restrain, or coerce any employee in the exercise of his rights granted in this article; or

(2) to violate any provision of Sections 3-621 or 3-622; or

(3) to discriminate against any employee because of race, creed, sex, age, color, or national origin, caste or indigeneity with regard to the terms and conditions of membership in an employee organization; or

(4) repealed and reserved;

(5) to fail, or refuse, to cooperate in impasse procedures invoked pursuant to Section 3-617; or

(6) For a formally recognized employee organization to fail, or refuse, to meet and confer in good faith with the Director at reasonable times, places, and frequencies on matters within the scope of representation.

(b) It is an unfair employee relations practice for an elective officer or a member of a board or commission of the city, or an executive management employee

(1) to interfere with, restrain, or coerce any employee in the exercise of his rights granted in this article; or

(2) to attempt to dominate or control any employee organization; or

(3) to fail, or refuse, to cooperate in impasse procedures invoked pursuant to Section 3-617.

(c) It is an unfair employee relations practice for

(1) the Director to refuse to meet and confer in good faith with the representative of a formally recognized employee organization at reasonable times, places, and frequencies, or to consult within a reasonable time after request; or

(2) repealed and reserved;

(d) A charge of an unfair employee relations practice may be filed with the Director by an employee, employee organization representative, an elected official, or a management employee. Such charges shall be processed by the Director who shall with reasonable promptness initiate a fact-finding procedure. The fees and expenses of fact finders incurred pursuant to this section shall be payable as follows: If the unfair employee relations practice charge is found to be true, the party charged shall bear the costs of fact finding. If the charge is found to be not true, the charging party shall bear the costs of fact finding. If the fact finder finds facts mitigating the charged party's conduct, the fact finder shall prorate the costs accordingly. The fact finder's report shall be filed with the City Clerk and shall be a public record.
(Added Ord. 72-1, 1972; Amd. Ord. 2014-24, § 1, eff. 6-13-14; Amd. Ord. 2023-031, § 1, eff. 11-3-23).

SEC. 3-617. RESOLUTION OF IMPASSES.

(a) An impasse resulting from the meet and confer process shall be resolved through the use of the impasse resolution procedures prescribed by this section. The impasse resolution procedures may be initiated only after the exhaustion of the possibility of resolution of the impasse through the meet and confer process.

(b) Any party may initiate the impasse resolution procedures sequence.

(c) The impasse resolution procedures and the sequence in which they must be utilized shall be as follows:

(1) Impasse meeting:

(i) The party initiating the impasse resolution procedures sequence shall deliver to the other party or parties involved a written demand for an impasse meeting together with a statement of the initiating party's position on all matters at impasse.

(ii) Immediately after receipt or delivery by the Director of the written demand, the Director shall schedule an impasse meeting. The Director shall give at least 24 hours' written notice of the time and place of such meeting to all other parties involved in the impasse.

(iii) Prior to or at the commencement of such meeting, each party, who received a demand for or written notice of such meeting, shall deliver to each other party a statement of the position of such party on all matters at impasse.

(iv) The purpose of the impasse meeting is to permit a review and clarification of the position of all parties on all matters at impasse in a further effort to reach agreement, and, if agreement is not reached on all matters at impasse, to select a further impasse procedure for the matter or matters remaining at impasse.

(2) Mediation:

(i) Mediation may be initiated only by mutual agreement of the parties at impasse.

(ii) The parties may, by mutual agreement, select only the California State Conciliation Service or Federal Mediation and Conciliation Service to mediate the impasse.

(iii) The mediator shall be presented a position statement of each party on all matters at impasse.

(iv) Mediation proceedings shall be private. Neither the mediator nor party involved in the mediation shall make any public recommendations or take any public position concerning the matters at impasse.

(3) Fact finding:

(i) If agreement is not attained on all matters at impasse after ten days of mediation, any party who was a party in the mediation procedure may demand fact finding.

(ii) If agreement to mutually select the fact finder cannot be attained within five days of receipt of the demand for fact finding, the Civil Service Board shall designate the fact finder.

(iii) Neither the Civil Service Board, nor any member thereof, may be designated as the fact finder.

(iv) Fact-finding proceedings shall be private. Neither the fact finder nor any party involved in the fact finding shall make any public recommendation or take any public position concerning the matters at impasse until after the fact finder's report has been filed with the City Clerk.

(v) The fact finder's report shall contain no recommendations unless requested, in writing by all parties to the impasse, to make recommendations.

(vi) The fact finder's report shall be first delivered to the parties at impasse, within ten days after selection of the fact finder, except such period may be extended by mutual agreement of the parties.

(vii) If an impasse still exists five working days after delivery of the fact finder's report to the parties at impasse, the fact finder's report shall be filed with the City Clerk and shall be public information.

(4) Such other impasse resolution procedures as the parties may agree upon.

(d) The sequence of the impasse resolution procedures specified in subsection (c) hereof may be modified as follows:

(1) If the Director determines, from a review of the position statements of the parties at impasse, delivered pursuant to subsection (c) (1) (i) and (iii) that an impartial investigation

and determination of the facts will be likely to expedite an informed equitable resolution of the matter at impasse, the Director may require that such matter at impasse be submitted to fact finding before resort is had to any other impasse procedure.

(2) If the Director declines to agree to mediation on behalf of the city and fails to initiate fact finding under (1), any party to the impasse may require that the matter at impasse be submitted to fact finding before resort is had to any other impasse procedure.

(e) Any fees and expenses of fact finders, mediators, or of any other persons or agencies utilized pursuant to this section in furtherance of the resolution of an impasse shall be paid one-half by the city and one-half by the employee organization or organizations involved in the impasse. (Added Ord. 72-1, 1972).

SEC. 3-618. GRIEVANCES.

(a) A grievance is any dispute concerning the interpretation or application of this article, or rules or regulations governing personnel practices or working conditions. A grievance involves the claimed misapplication or misinterpretation of a rule or regulation relating to an existing right or duty; it does not relate to the establishment or abolition of a right or duty.

(b) A grievance must be initiated within fifteen days after the affected employee first knew or should have known of a grievable action or event. If the initiation of the grievance does not occur within said fifteen days, the grievance is void.

(c) Grievances shall be processed in accordance with the grievance procedure established by the Council by resolution. Such grievance procedure may be modified by consultation or meeting and conferring. (Added Ord. 72-1, 1972).

SEC. 3-619. MEMORANDUM OF UNDERSTANDING.

When a meeting and conferring process is concluded between the Director and a formally recognized employee organization, all agreed-upon matters shall be incorporated in a written memorandum or memoranda of understanding signed by the Director and the duly authorized representative. As to those matters within the authority of the Council, the memorandum of understanding signed by the Director and a duly authorized representative shall be submitted to Council for determination. (Added Ord. 72-1, 1972).

SEC. 3-620. DUES CHECK-OFF.

(a) A formally recognized employee organization only may have the regular dues of its members, within the appropriate unit for which the employee organization has been formally recognized as the representative, deducted from their paychecks, in accordance with procedures prescribed by the Controller. Dues deduction shall be for specified uniform amounts and shall be made only upon the voluntary written authorization of the members.

(b) Dues deduction authorizations shall be made upon dues authorization cards in the following form:

DUES DEDUCTION AUTHORIZATION

NEW ( ) CHANGE ( )

I, _____,
(Print full name)

employed as a _____,
(Print job title)

authorize and direct the Controller of the City of Fresno to make a payroll deduction from my earnings for my employee organization dues in the amount of _____ per month to be paid to

_____
(Name of formally recognized employee organization)

This authorization may be canceled and the payroll deduction discontinued upon written notice to the Controller during the last two months of a calendar year following the first full year of formal recognition of said organization.

The first deduction is authorized as soon as practicable after receipt of this authorization by the Controller.

I further authorize the deduction of any different amounts voted for, pursuant to the provisions of the _____ Articles or By-Laws at a general membership meeting and certified by the President of _____ and this authorization shall remain in full force and effect until rescinded by me on the proper card.

_____
Signature of Employee Date

DEPARTMENT #_____

S.S. #_____

(c) Except as otherwise provided in a Council-approved memorandum of understanding, a dues deduction authorization may be canceled by a member, and the dues check-off payroll discontinued, during the last two months of any calendar year following the first full year of formal recognition, upon voluntary written notice to the Controller, on cards furnished by the Controller in the following form:

DUES DEDUCTION REVOCATION

I, _____,
(Print full name)

employed as a _____,
(Print Classification Title)

hereby cancel all dues deduction authorization heretofore signed by me.

_____

Date

/s/ _____

Signature of Employee

(d) The employee's earnings must be sufficient after other legal and required deductions are made to cover the amount of the dues deduction authorized. When an employee is in a nonpay status for an entire pay period, no dues deduction shall be made from future earnings to cover that pay period, nor will the employee deposit with the Controller the amount which would have been deducted if the employee had been in a pay status during that period. In the case of an employee who is in a nonpay status during only a part of the pay period and the salary is not sufficient to cover other legal and required deductions, no dues deduction or deposit shall be made.

(e) A formally recognized employee organization for which dues are deducted shall pay to the city a service charge equal to the cost to the city, as determined by the Controller, of processing the dues deductions and check-off.

(f) Dues deducted by the city shall be transmitted to the officer designated in writing by the formally recognized employee organization as the person authorized to receive such funds, at the address specified.

(g) All formally recognized employee organizations who receive dues check-off shall thereby indemnify, defined [defend] and hold the city harmless against any claims made and against any suit instituted against the city on account of deduction or check-off of employee organization dues. In addition, each formally recognized employee organization shall refund to the city any amount transmitted in error, upon presentation of a claim therefor, accompanied by supporting evidence. (Added Ord. 72-1, 1972; Am. Ord. 75-98, § 1, eff. 11-2-75; Am. Ord. 76-91, § 1, eff. 10-24-76).

SEC. 3-621. MEET AND CONFER SESSIONS, EMPLOYEE PARTICIPATION.

(a) A formally recognized employee organization may select as many as two employee members of such organization from the appropriate unit represented by such organization, and one additional such employee member for each 250 employees, or fraction thereof, in excess of 200 employees in such unit, to attend, during regular duty or work hours without loss of compensation, meetings scheduled with the Director to meet and confer on matters within the scope of representation affecting such appropriate unit, and to participate in the discussions, deliberations and decisions at such meetings. The selection of such employee members, or substitutes or replacements therefor, and their attendance at meetings during their regular duty or work hours, shall be subject to the following:

(1) The organization's duly authorized representative shall inform in writing the department head or officer under whom each selected employee member is employed that such employee has been selected.

(2) No selected employee member shall leave his duty or work station or assignment without specific approval of his department head or other authorized executive management official.

(3) Substitutes or replacements for selected employee members shall not be made except with the concurrence of the Director.

(4) In scheduling meetings due consideration shall be given to the operating needs and work schedules of the department, division or section in which the employee members are employed.

(b) Such meetings may be scheduled either before, during or after the regular duty or work hours of any employee member selected pursuant to subsection (a). If such an employee member attends and participates in such a meeting held during his regular duty or work hours, he shall be deemed excused from duty, without loss of compensation, during the duty time required to attend such meeting and to go to such meeting and return therefrom to the location of his employment. In no event shall attendance at or travel to and from such meeting be deemed a part of the duties of such member's employment with the city so as to entitle him to overtime or any other extra compensation therefor whatsoever. (Added Ord. 72-1, 1972; Am. Ord. 75-46, § 1, eff. 6-16-75).

SEC. 3-622. ACCESS TO WORK LOCATIONS.

Reasonable access to employee work locations shall be granted officers of recognized employee organizations and their officially designated representatives, for the purpose of processing grievances or contacting members of their respective organizations concerning business within the scope of representation. Such officers or representatives shall not enter or be present at any work location without the consent of the Director. Consent of the Director may be given whenever the Director determines such access or presence will not interfere with the normal operations of the department or with established safety or security requirements. Solicitation of membership and activities concerned with the internal management of an employee organization, such as collecting dues, holding membership meetings, campaigning for office, conducting elections and distributing literature, shall not be conducted during working hours. (Added Ord. 72-1, 1972).

SEC. 3-623. AVAILABILITY OF DATA.

(a) The city will make available to employee organizations such nonconfidential information pertaining to employment relations as is contained in the public records of the city, subject to the limitations and conditions set forth in this article and Government Code Sections 6250—6260. Such information shall be made available during regular office hours in accordance with the city's rules and procedures for making public records available and after payment of any established charges therefor. Information which shall be made available to employee organizations includes regularly published data covering subjects under discussion. Data collected on a promise to keep its source confidential may be made available in statistical summaries, but shall not be made available in such form as to disclose the source.

(b) Nothing in this section shall be construed as requiring the city to do research for an inquirer or to do programming or assemble data in a manner other than usually done by the city. (Added Ord. 72-1, 1972).

SEC. 3-624. PROTECTED AND UNPROTECTED STRIKES AND WORK STOPPAGES.

(a) Nothing contained in this section is intended to waive or infringe upon any rights guaranteed to any party or entity under the Meyers Milias Brown Act (MMBA), Government Code §§ 3500, et seq., or any other applicable State or Federal law.

(b) Participation by an employee in an unlawful strike or work stoppage shall subject the employee to disciplinary action, up to and including removal from City service. Participation by an employee in a lawful strike or work stoppage is protected activity and will not subject the employee to disciplinary action. (Added Ord. 72-1, 1972; Am. Ord. 74-59, § 1, eff. 7-11-74; Am. Ord. 2003-45A, §§ 1, 2, eff. 7-18-03).

SEC. 3-625. CONSTRUCTION OF ARTICLE.

(a) Nothing in this article shall be construed to deny any person or employee the rights granted by City Charter provisions.

(b) The rights, powers, and authority of the Council in all matters, including the right to maintain any legal action, shall not be modified or restricted by this article.

(c) No act or acts of the Council, the city or any city officer, employee, or agent occurring before the effective date of this article, or occurring after said date, and not in conformity to this article shall constitute either formal or informal recognition of an employee organization, but the procedures for recognition appearing in this article are exclusive.

(d) Violation of this article shall not be a misdemeanor. (Added Ord. 72-1, 1972).

SEC. 3-626. RULES AND REGULATIONS.

The Director may adopt such rules and regulations necessary or convenient to implement the provisions of this article and Chapter 10, Division 4, Title 1 of the Government Code of the State (Sections 3500, et seq.). (Added Ord. 72-1, 1972).

Chapter 4

CITY PURCHASING, CONTRACTS AND SALES*

Art. 1. Purchases of Personal Property and Contracts for Services and Work.
Art. 2. Sale or Mortgage of Property.
Art. 3. Lost or Unclaimed Property.
Art. 4. Prevailing Wages for Public Works.
Art. 5. Design-Build Contracts.
Art. 6. Regulated Communications with Elected Officials in City Procurement Process.

***Editor's note—**Ord. 2007-96, §§ 1 and 3, effective January 19, 2008, amended the Code by repealing former ch. 4, §§ 4-101—4-119, 4-201, 4-202, 4-301—4-308, 4-401—4-404, 4-501—4-508, 4-601—4-608, and adding a new ch. 4. Original history information has been retained with the appropriate section, where possible.

ARTICLE 1 PURCHASES OF PERSONAL PROPERTY AND CONTRACTS FOR SERVICES AND WORK

Sec. 4-101. Duties of Purchasing Manager.
Sec. 4-102. Contracts Requiring Competitive Bidding.
Sec. 4-103. Public Policy and Use of Alternates and Alternative Bid Forms in Advertised Competitive Bidding.
Sec. 4-104. Debarment.
Sec. 4-105. Requisitions.
Sec. 4-106. Purchase Orders.
Sec. 4-107. Contracts Not Requiring Competitive Bidding.
Sec. 4-108. Local Preference in Contracts Requiring Competitive Bidding.
Sec. 4-109. Local Preference in Contracts for Consultant Services and Other Contracts.
Sec. 4-110. Processing of Invoices.
Sec. 4-111. Project Labor Agreements.
Sec. 4-112. Ineligibility to Compete.
Sec. 4-113. Utilization of Apprentices.
Sec. 4-114. Applicability of California Public Contract Code.
Sec. 4-115. Public Work of Improvement: Definition.
Sec. 4-116. Installation of Solar Energy Systems in Construction of New City-Owned Buildings.
Sec. 4-117. National Targeted Hiring in Contracts for Public Works Construction.

SEC. 4-101. DUTIES OF PURCHASING MANAGER.

(a) The Purchasing Manager, under the supervision and direction of the City Manager shall be the officer in charge of the purchasing function and shall have general charge of purchases of materials, supplies, equipment, services, and/or public works construction for the use of all departments and branches of the city government, except where otherwise provided by state law or this Code.

(b) The Purchasing Manager shall be authorized to develop, customize, and utilize forms and procedures for competitive bidding, Requests for Proposals, and other procurement methods.

(c) Upon receipt of a requisition filed pursuant to Section 4-105 and provided competitive bidding is not required, and the officer filing such requisition is authorized to purchase such materials, supplies, equipment, services, and/or public works construction, and an appropriation has been made therefor which has not been exhausted, it shall be the duty of the Purchasing Manager to purchase the materials, supplies, equipment, services, and/or public works construction of the same or comparable kind and quality as described in such requisition.

(d) Except for professional consulting services as provided in Section 4-109, it shall be the duty of the Purchasing Manager, in purchasing for the use of the city, to use his or her best efforts to secure the lowest price for materials, supplies, equipment, services and/or public

works construction, by calling for bids from providers, either verbally, by telephone or in writing, or may give notice to providers generally by one publication in a newspaper published in the city.
(Rep. and Added Ord. 5649, 1959; Am. Ord. 71-56, 1971; Am. Ord. 96-71, § 1, eff. 12-13-96; Am. Ord. 2002-25, § 1, eff. 6-16-02; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-102. CONTRACTS REQUIRING COMPETITIVE BIDDING.

(a) Every contract involving an expenditure of City moneys of more than the amount set forth in Section 1208(a) of the Charter for materials, supplies, equipment or for any public work of improvement shall meet the competitive bidding requirements set forth in said Charter Section.

(b) The term "competitive bidding" as used in this Chapter is the term used in the title of Section 1208 of the Charter. Whenever the term "advertised bidding" is used in this Chapter it shall mean the same as competitive bidding.

(c) Every person to whom a contract is awarded involving an expenditure in an amount subject to competitive bidding for the improvement, erection, or construction of any building, road, bridge, or other structure, excavating, or any mechanical work for the city, shall, before entering upon the performance of the work, file with the City Clerk a good and sufficient corporate surety bond for labor and materials in accordance with the provisions of the general law set forth in Civil Code Sections 3247 to 3252, as amended. Every such person shall also file a good and sufficient corporate surety bond in a similar amount conditioned upon faithful performance of the contract, prior to entering upon performance of the work. Nothing herein contained shall be deemed to preclude the requiring of such bonds on any contract involving a lesser expenditure or other work.
(Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-103. PUBLIC POLICY AND USE OF ALTERNATES AND ALTERNATIVE BID FORMS IN ADVERTISED COMPETITIVE BIDDING.

(a) Council Findings. The Council finds and declares that it is the intent of the Council in enacting this section to achieve the following objectives when awarding contracts for which competitive bidding is required by the Charter:

(1) To guard against actual (rather than the appearance of) favoritism, improvidence, extravagance, fraud and corruption.

(2) To prevent the waste of public funds.

(3) To obtain the best economic result for the public, securing the best public work of improvement, equipment, materials and supplies at the lowest price practicable.

(4) To stimulate advantageous market place competition.

(5) To administer competitive bidding so as to accomplish these objectives fairly and reasonably with sole reference to the public interest, because competitive bidding is for the benefit of property holders and taxpayers of the city, and not for the benefit or enrichment of the bidders.

(6) To administer competitive bidding so the process does not impede the usual and regular progress of the public business, or deprive the public, even temporarily, of those things necessary and indispensable to protect the public interest.

(b) Need for Budgetary Flexibility. The Council finds and declares that because the dollar amount of the lowest bid is not known until the bids are received and opened on the bid opening day, and because the amount of money available is limited, the city needs the budgetary flexibility afforded by:

(1) Allowing it to list items on which bidders must provide bid prices, but which may or may not be added to or deleted from the contract, depending upon the availability of funds; and

(2) Allowing it to utilize alternative bid forms in the same bid specifications on which bidders provide bid prices, but any such form may or may not be selected upon which to award the contract, depending upon the availability of funds.

(c) Alternates. The City Manager may include in the bid specifications a requirement that a bid for a city contract include prices for items that may be added to, or deducted from, the scope of work or description of the equipment, materials or supplies to be supplied in the contract for which the bid is being submitted. Whenever additive or deductive items are included in a bid, the respective bid specifications shall specify which one of the methods expressly set forth herein will be used to determine the lowest bid. In the absence of such a specification, only the method provided by Subdivision (1) will be used.

(1) Base Bid Method. The lowest bid shall be the lowest bid price on the base contract without consideration of the prices on the additive or deductive items.

(2) Specified Combination Method. The lowest bid shall be the lowest total of the bid price on the base contract and the price on any additive and deductive item that was specifically identified in the respective bid specifications as being used for the purpose of determining the lowest bid.

(3) Specified Priority Based on Available Funds Method. Any additive or deductive items shall be listed in the respective bid specifications in priority order. The lowest bid shall be the lowest total of the bid price on the base contract and the price on any additive and deductive item selected in the order of its specified priority as within the amount of available funds identified in the bid invitation.

(4) Council Findings Method. After consideration of the amount of the bids received and the combination of work to be performed, the lowest bid shall be the lowest total of any combination of bid price on the base contract and the price on any additive or deductive item identified in the respective bid specifications and selected by the Council when the Council finds an award to the responsive and responsible bidder of

the lowest bid either to be in the best interests of the city or obtains for the public the best economic result, and the purchase is authorized by resolution of the Council containing a declaration of the facts constituting the finding.

(d) Alternative Bid Forms. The City Manager may include in the bid specifications a requirement that a bid for a city contract include prices for items on one or more alternative bid forms. Whenever alternative bid forms are included in a bid, the respective bid specifications shall specify which one of the methods expressly set forth herein will be used to determine the lowest bid. In the absence of such a specification, only the method provided by Subdivision (1) will be used.

(1) Lowest Bid on Alternative Bid Forms Method. After applying to each alternative bid form the applicable method in subsection (c) for any additive or deductive items, the lowest bid shall be the lowest bid price of the alternative bid forms.

(2) Specified Priority Based on Available Funds Method. The alternative bid forms shall be listed in the respective bid specifications in priority order. After applying to each alternative bid form the applicable method in subsection (c) for any additive or deductive items, the lowest bid shall be the bid price of the alternative bid form selected in the order of its specified priority as within the amount of available funds identified in the bid invitation.

(3) Council Findings Method. After applying to each alternative bid form the applicable method in subsection (c) for any additive or deductive items, the lowest bid shall be the bid price of the alternative bid form selected by the Council after consideration of the amount of the bids received and the combination of work to be performed when the Council finds an award to the responsive and responsible bidder either to be in the best interests of the city or obtains for the public the best economic result, and the purchase is authorized by resolution of the Council containing a declaration of the facts constituting the finding.

(e) Award of Contract. Subject to the Council's right to reject any and all bids, a responsive and responsible bidder who submitted the lowest bid as determined by subsections (c) and (d) shall be awarded the contract. Except for a contract awarded pursuant to subdivision (c)(4), this section does not preclude the city from adding to, or deducting from, the contract any of the additive or deductive items after the lowest responsive and responsible bidder has been determined.
(Added Ord. 2003-11, § 6, eff. 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-104. DEBARMENT.

(a) **Findings.**

(1) The Council finds that contracting with the City of Fresno is an important municipal affair, and that the award of contracts to contractors who fail to deal with the city in good faith compromise the integrity of the contracting process and results in the improper expenditure of public funds. The Council recognizes the city must afford

contractors due process in any determination that precludes any individual or business entity from participating in the contracting process. This Section does not apply to a determination of nonresponsibility or a single contract or identifiable group of contracts, but for the broader determination of irresponsibility of a contractor for the general purpose of contracting with the city for a specified period. The Council therefore adopts this ordinance to prescribe standard procedures for the prosecution, determination, and implementation of administrative debarments.

(b) **Purpose and Intent.**

(1) In order to promote integrity in the city's contracting processes and to protect the public interest, the city shall only do business with responsible bidders and contractors.

(2) This Section sets forth the grounds for debarment and suspension.

(c) **Definitions.**

(1) "Adequate Evidence" means information sufficient to support the reasonable belief that a particular act or omission has occurred.

(2) "Affiliate" means

(i) the assignee, successor, subsidiary of, or parent company, of another person; or

(ii) a Controlling Stockholder of a person; or

(iii) a person who has the same or similar management of the debarred corporate or other legal entity; or

(iv) a person who directly or indirectly controls, or has the power to control, another person, or is directly or indirectly controlled by another person. Indicia of control include interlocking Management or ownership, identity of interests among Relatives, shared facilities and equipment, and common use of employees; or

(v) a business entity organized following the debarment, suspension, or proposed debarment of a person which has the same or similar Management, ownership or principal employees as the bidder or contractor that was debarred, suspended or proposed for debarment, or the debarred person or the business entity created after the debarment, suspension, or proposed debarment operates in a manner designed to evade the application of this Section or to defeat the purpose of this Section.

(3) "Bidder" means a person who submits a bid, proposal, or other document to the city seeking award of a contract. The term Bidder does not include a subcontractor.

(4) "Contract" means any written agreement between the city and a person for public works, goods, services, franchise, or consultant services.

(5) "Contractor" means a person who has contracted with the city to provide public works, goods, services, franchise, or consultant services for or on behalf of the city.

The term Contractor includes a subcontractor, vendor, franchisee, consultant, or any of their respective officers, directors, shareholders, partners, managers, employees, or other individuals associated with the Contractor, subcontractor, consultant, or vendor.

(6) "Controlling Stockholder" means a stockholder who:

(i) owns more than 25% of the voting stock of a corporation; or

(ii) notwithstanding the number of shares that the stockholder owns, has the power to direct or control the direction of the Management or policies of a corporation.

(7) "Debar", "Debarred", or "Debarment" means an action taken by the city which results in a Bidder or Contractor being prohibited from any of the following: bidding or proposing on a Contract, being awarded a Contract, or performing work on a Contract for a defined period of time. A Bidder or Contractor subject to such prohibition is debarred.

(8) "Debarment Hearing Board" means a board established by the City Manager to hold hearings, to take evidence, and to make Debarment determinations for the city.

(9) "Department" means a city Department acting through the Department director or designee.

(10) "Final Performance Evaluation" means a city-issued final evaluation of a Contractor's overall performance which is generally issued subsequent to completion of performance on the Contract.

(11) "Management" means the officers, partners, owners, foremen, or other individuals responsible for a corporate or other legal entity's financial and operational policies and practices,

(12) "Person" has the same meaning as that in Fresno Municipal Code Section 1-204(g). In addition, if a Person is a corporate or other legal entity, it includes individuals who constitute the Person's Management. It also includes any individual or other legal entity that:

(i) Directly or indirectly (e.g. through an Affiliate), submits offers for or is awarded, or reasonably may be expected to submit offers for or be awarded, a Contract, or a subcontract under a Contract; or

(ii) conducts business, or reasonably may be expected to conduct business, with the city as an agent or representative of another Person.

(13) "Preponderance of the evidence" means proof by information that, compared with that opposing it, leads to the conclusion that the fact at issue is more probably true than not.

(14) "Prime Contractor" means a Person who enters a Contract directly with the city.

(15) "Relative" means:

(i) an individual related by consanguinity within the second degree as determined by the common law; or

(ii) a spouse; or

(iii) an individual related to a spouse within the second degree as determined by the common law; or

(iv) an individual in an adoptive relationship within the second degree as determined by the common law; or

(v) any individual considered to be "family" in commonly understood terms of the word.

(16) "Subcontractor" means:

(i) a Person who Contracts directly with a Prime Contractor but not directly with the city; or

(ii) any Person under Contract with a Prime Contractor or another subcontractor to provide any service, materials, labor or otherwise perform on a Contract.

(17) "Suspend" or "Suspension" means the Debarment of a Bidder or Contractor for a temporary period of time pending the completion of an investigation and any proceedings before a Debarment Hearing Board or independent hearing officer and any appeals therefrom.

(d) **Scope of Section.**

(1) This Section establishes procedures for determining whether a Bidder or Contractor is to be Debarred, Suspended, or both.

(2) This Section sets forth the grounds for Debarment and Suspension.

(3) This Section provides that a list of Debarred and Suspended Persons is to be created and maintained by the City Manager. It further spells out the consequences of a Person's Debarment and Suspension.

(4) The City Manager shall adopt procedures and regulations to implement this Section, including procedures for the conduct of Debarment hearings, Suspension meetings, and appeals of Final Performance Evaluations.

(e) **Debarment Hearing Board.**

(1) Upon a recommendation from a Department for Debarment other than Debarments set forth in subsections (i)(1)(i) and (i)(1)(ii), the City Manager shall appoint a Debarment Hearing Board to hear and determine whether a Bidder or Contractor should be Debarred.

(2) The City Manager appoints the voting board members from the Capital Project Oversight Board to serve on the Debarment Hearing Board. The Debarment Hearing Board shall consist of no fewer than three Capital Project Oversight Board members.

The individuals on the Debarment Hearing Board must not have participated in the decision to recommend debarment or work in the Department recommending Debarment.

(f) **Suspension While Debarment Proceedings are Pending.**

(1) The City Manager may Suspend a Bidder or Contractor pending a Debarment decision if the City Manager determines that Adequate Evidence of one of the grounds for Debarment listed in subsection (h) exists.

(2) The City Manager shall, upon 72 hours' notice, provide a Suspended Bidder or Contractor with an opportunity to appeal the Suspension at an informal meeting.

(3) The City Manager shall notify the Bidder or Contractor of the Suspension in accordance with subsection (g).

(4) The Suspension is effective until the Debarment Hearing Board makes a final decision on the proposed Debarment, until there has been a final ruling by an independent hearing officer in accordance with subsection (j), or until a Bidder or Contractor is Debarred under subsection (l){5).

(g) **Notices Required Under This Section.**

(1) Notice shall be by any of the following methods:

(i) Personal delivery with service effective on the date of delivery; or

(ii) Certified mail, postage prepaid, return-receipt requested. Simultaneously, the same notice may be sent by regular mail. If a notice that is sent by certified mail is returned unsigned, then service shall be deemed effective five calendar days after mailing by regular mail, provided the notice that was sent by regular mail is not returned; or

(iii) Regular mail, if not returned, with service effective five calendar days after mailing; or

(iv) Publication. Service shall be deemed effective on the first date of publication.

(2) Proof of delivery of notice shall be made by the certificate of any officer or employee of the city or by declaration under penalty of perjury of any Person over the age of eighteen years. The proof of delivery shall show that delivery was done in conformity with this Section.

(3) The failure of any Person to receive any notice served in accordance with this Section shall not affect the validity of any Debarment proceedings.

(h) **Grounds for Debarment.**

(1) **Grounds for Permanent Debarment.**

(i) A judgment, settlement, stipulation, plea agreement, final conviction, including a plea of nolo contendere, or final unappealable civil judgment, of any of the grounds listed below, constitutes grounds for permanent Debarment of the

Bidder or Contractor who is subject to, or the Affiliate of, the Bidder or Contractor who is subject to the judgment, settlement, stipulation, plea agreement, final conviction, or final unappealable civil judgment:

1. under any local, state, or federal law or regulation for embezzlement, theft, bid rigging, perjury, forgery, bribery, falsification or destruction of records, conspiracy, collusion, or receiving stolen property; or
2. any offense, action, or inaction indicating a lack of business integrity or business honesty; or
3. for commission of a criminal offense arising out of obtaining or attempting to obtain a public or private Contract or subcontract, or in the performance of such Contract or subcontract.

(ii) The Bidder or Contractor has engaged in any corrupt practice in bidding, award, administration, or performance of a Contract, including but not limited to a Fair Political Practices Commission enforcement order against a Bidder or Contractor, either following a hearing or by stipulation, imposing a penalty for a violation of California Government Code sections 84300(c) or 84301, or a City of Fresno enforcement order against a Bidder or Contractor, either following a hearing or by stipulation, imposing a penalty for a violation of Fresno Municipal Code sections 2-901 et seq.

(iii) The Bidder or Contractor operates in a manner designed to evade the application of this Section or to defeat the purpose of this Section,

(iv) The city has issued the Bidder or Contractor four or more final performance evaluations with a rating of unsatisfactory in any four year period.

(v) The Person has committed an act or omission so serious or compelling in nature that it affects the present responsibility of the Bidder or Contractor to be awarded a Contract or to participate as a subcontractor.

(2) **Grounds for Debarment of Three Years or More.**

(i) The Bidder or Contractor willfully breaches a material term of a Contract.

(ii) Violation of a local, state, or federal law or regulation applicable to a Contract other than those identified in subsection (h)(1).

(iii) Three or more occurrences of substandard performance by the Bidder or Contractor on any Contract, including, but not limited to, (1) a material breach of the Contract; (2) a failure to complete work required under the Contract on time and/or within budget when such failure is attributable to the Bidder's or Contractor's negligent or wrongful actions or inactions; (3) substandard quality of work; or (4) failure to complete work and the City calls upon the performance bond holder to complete the work; (5) the amount of time required to complete the work exceeds the greater of 10% of the project schedule or two calendar weeks beyond the required contract completion date, as contained in the Contract, and liquidated damages were assessed; (6) Contractor's inability to

provide the necessary insurance coverage during the contract term; (7) Contractor's inability to acquire the necessary insurance coverage within thirty days of awarding the Contract; or (8) any negligent or wrongful failure to cooperate with the city such that timely, satisfactory completion of the work was jeopardized. The occurrences of substandard performance described herein may occur on the same Contract or on different Contracts.

(iv) The Bidder or Contractor used substandard materials, or has failed to furnish or install materials in accordance with Contract requirements, even if the discovery of the defect is subsequent to acceptance of the work and expiration of the warranty, if such defect is because of intentionally deficient or grossly negligent performance of the Contract.

(v) The Bidder or Contractor submits materially false information to the city pertaining to:

1. the city's evaluation of the Bidder or Contractor as a Disadvantaged Business Enterprise; or

2. the city's prequalification or eligibility process; or

(vi) The Bidder or Contractor has engaged in unlawful discrimination in employment.

(vii) The Bidder or Contractor has received three or more Final Performance Evaluations with a rating of unsatisfactory in any three year period.

(viii) The Bidder or Contractor fails to pay prevailing wages, when required by law.

(ix) The Bidder or Contractor violates a material provision of any settlement of a Debarment action.

(3) **Grounds for Debarment of Two Years.**

(i) A Bidder or Contractor may be Debarred for two years if a Bidder or Contractor has received two or more final performance evaluations with a rating of unsatisfactory in any two-year period.

(ii) Two or more occurrences of substandard performance by such Person on any city Contract, including, but not limited to, (1) a material breach of the Contract; (2) a failure to complete work required under the contract on time and/or within budget when such failure is attributable to such Person's negligent or wrongful actions or inactions; (3) substandard quality of work; or (4) failure to complete work and the City calls upon the performance bond holder to complete the work; (5) the amount of time required to complete the work exceeds the greater of 10% of the project schedule or two calendar weeks beyond the required contract completion date, as contained in the Contract, and liquidated damages were assessed; (6) Contractor's inability to provide the necessary insurance coverage during the contract term; (7) Contractor's inability to acquire the necessary insurance coverage within thirty days of awarding the Contract, or (8) any negligent or wrongful failure to cooperate with the city such

that timely, satisfactory completion of the work was jeopardized. The occurrences of substandard performance described herein may occur on the same Contract or on different Contracts.

(iii) One or more occurrences of substandard performance as provided in subsection (h)(3)(ii), within the first year after a Debarment pursuant to this Section.

(4) **Grounds for Debarment of One Year.**

(i) One or more occurrence(s) of substandard performance by such Person on any Contract, including, but not limited to, (1) a material breach of the Contract; (2) a failure to complete work required under the contract on time and/or within budget when such failure is attributable to such Person's negligent or wrongful actions or inactions; (3) substandard quality of work; or (4) failure to complete work and the City calls upon the performance bond holder to complete the work; (5) the amount of time required to complete the work exceeds the greater of 10% of the project schedule or two calendar weeks beyond the required contract completion date, as contained in the Contract, and liquidated damages were assessed; (6) Contractor's inability to acquire the necessary insurance coverage within thirty days of awarding the Contract; or (7) any negligent or wrongful failure to cooperate with the city such that timely, satisfactory completion of the work was jeopardized. The occurrences of substandard performance described herein may occur on the same Contract or on different Contracts.

(ii) The Bidder or Contractor made two or more claims of computational or other error in a bid to the city within a two-year period.

(iii) The Bidder or Contractor failed to timely submit bond, Contract, insurance documents, or any other documentation required as a condition of award or performance of a Contract.

(iv) The Bidder or Contractor has been found to have submitted claims with materially false information through a contractual and/or legal process, or has been found to have violated the False Claims Act (Cal. Gov. Code §§ 15650 et seq.).

(i) **Debarment Proceedings before a Debarment Hearing Board.**

(1) The Debarment Hearing Board shall hear all recommendations for Debarment other than:

(i) permanent Debarment, which are heard in accordance with subsection (j); and

(ii) Debarment based on unsatisfactory final performance evaluations, which are heard in accordance with subsection (I).

(2) The Debarment Hearing Board shall determine by a Preponderance of the evidence whether a Bidder or Contractor is to be Debarred and for what length of time in accordance with this Section. The Debarment Hearing Board may increase, decrease,

or accept the Department's recommendation of the length of Debarment. The Debarment Hearing Board may not impose less than the length of Debarment specified in subsections (h)(2), (h)(3), and (h)(4).

(3) The Debarment Hearing Board's decision on Debarment must be in writing and is final. The Debarment decision shall be issued to the Bidder or Contractor in writing.

(4) The failure of a Person recommended for Debarment to appear at a debarment hearing after notice under subsection (g) constitutes a waiver of that Person's right to contest the Debarment recommendation, and the Department's recommendation shall become final.

(j) **Debarment Proceedings before an Independent Hearing Officer.**

(1) The City Manager shall appoint an independent hearing officer as required by Section 1-405.

(2) An independent hearing officer shall hear all recommendations that include one or more grounds for permanent Debarment, except for Debarments based on unsatisfactory final performance evaluations, which are heard in accordance with subsection (l).

(3) The independent hearing officer shall determine by a preponderance of the evidence whether a Person is to be Debarred and for what length of time, in accordance with this Section. The independent hearing officer may increase, decrease, or accept the Department's recommendation of the length of Debarment. The independent hearing officer may not reduce the length of a permanent Debarment if the hearing officer determines a violation identified in subsection (h)(1) occurred, or impose less than the length of Debarment specified in subsection (h)(2) and (h)(4).

(4) The independent hearing officer's decision on Debarment must be in writing and is final. The Debarment decision shall be issued to the Bidder or Contractor in writing.

(5) The failure of a Person recommended for Debarment to appear at a Debarment hearing after notice under subsection (g) constitutes a waiver of that Person's right to contest the Debarment recommendation, and the Department's recommendation shall become final,

(k) **Imputation of Knowledge and Conduct.**

(1) The fraudulent, criminal, or other serious misconduct of any officer, director, shareholder, partner, employee, or other individuals associated with a Bidder or Contractor may be imputed to the Bidder or Contractor when the conduct occurred in connection with the individual's performance of duties for, or on behalf of, the Bidder or Contractor, or with the Bidder's or Contractor's knowledge, approval, or acquiescence. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) The fraudulent, criminal, or other serious misconduct of a Bidder or Contractor may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the Bidder or Contractor who participated in, knew of, or had reason to know of the Bidder's or Contractor's conduct.

(3) The fraudulent, criminal, or other serious misconduct of one Bidder or Contractor participating in a joint venture or similar arrangement may be imputed to other participating Bidders or Contractors if the conduct occurred for, on approval of, or acquiescence of these Bidders or Contractors. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(l) **Appeal of Final Performance Evaluations.**

(1) A Bidder or Contractor may appeal a final performance evaluation with a rating of unsatisfactory on a public works Contract or an architectural or engineering consultant Contract to the Public Works Director.

(2) A Bidder or Contractor may appeal a final performance evaluation with a rating of unsatisfactory on a goods, services, or non-engineering, non-architectural consultant Contract to the Purchasing Manager.

(3) A Bidder or Contractor must submit an appeal in writing to the Public Works Director or Purchasing Manager within sixty days after notice of the final performance evaluation pursuant to subsection (g). Evaluations may not be appealed after sixty days from the date of such notice.

(4) The decision of the Public Works Director and the Purchasing Manager to uphold an unsatisfactory performance evaluation shall be issued to the Bidder or Contractor in writing and is final.

(5) The City Manager may, upon recommendation of the Public Works Director or Purchasing Manager, Debar a Bidder or Contractor who has received an unsatisfactory final performance evaluation. This determination shall be in writing and is final.

(m) **Judicial Review.** California Code of Civil Procedure section 1094.6 governs judicial review of a final Debarment decision.

(n) **Creation of List of Debarred and Suspended Persons.**

(1) The City Manager shall create, maintain, and make publicly available a list of the names, addresses, and applicable Debarment or suspension commencement and expiration dates of all Debarred or Suspended Bidders and Contractors.

(2) The City Manager shall establish procedures to provide for the effective use of the list to ensure that the city does not do business with Bidders or Contractors who have been Debarred or Suspended.

(o) **Effect of Debarment or Suspension.**

(1) Bidders and Contractors who have been Debarred or Suspended are excluded from submitting bids, submitting responses to requests for proposal or qualifications, receiving contract awards, executing Contracts, participating as a subcontractor, employee, agent, or representative of another Person contracting with the city.

(2) The city shall not accept, evaluate for award, or include any proposals, quotations, bids, or offers from any Debarred or Suspended Bidders and Contractors.

(3) The city shall not award or approve the award of a Contract or execute a Contract under which a Debarred or Suspended Bidder or Contractor is intended to participate as a subcontractor or material supplier.

(4) A Prime Contractor shall not employ, subcontract with, or purchase materials, or services from, a Debarred or Suspended Bidder or Contractor.

(5) The City Manager shall report Debarments under this Section to the appropriate local, state, and federal agencies and authorities.

(p) **Effect of Debarment or Suspension on an Affiliate.**

(1) Affiliates are Debarred or Suspended to the same extent as the Debarred or Suspended Bidder or Contractor.

(2) A Bidder or Contractor may appeal the city's determination that the Bidder or Contractor is an Affiliate in writing to the City Manager within sixty days after notice of the Affiliate's Debarment pursuant to subsection (g).

(3) An Affiliate may not appeal the Debarment of any other Bidder or Contractor underlying the Affiliate's Debarment.

(4) The decision of the City Manager shall be issued to the Bidder or Contractor who is an Affiliate in writing and is final.

(q) **Effect of Debarment by Another Governmental Agency.** The City Manager may Debar a Bidder or Contractor who has been Debarred by another governmental agency until the term of the Debarment by the other governmental agency expires. The City Manager's decision under this section is final, and not subject to a hearing before the Debarment Hearing Board or an independent hearing officer.

(r) **Liability for Increased Costs.** Any Bidder or Contractor who enters into a Contract, either directly as a Prime Contractor or indirectly as a subcontractor, during a period of suspension or Debarment imposed upon that Bidder or Contractor, shall be liable to the city for increased costs incurred as a result of replacing the Debarred or Suspended Bidder or Contractor.

(s) **Effect of Debarment or Suspension on Existing Contracts.**

(1) The city may continue or terminate Contracts or subcontracts it has with a Debarred or Suspended Bidder or Contractor that are in existence at the time the Bidder or Contractor is Debarred or Suspended.

(2) The city shall not renew or otherwise extend the duration of current Contracts, or consent to subcontracts, with Debarred or Suspended Bidders or Contractors, unless the City Manager certifies in writing compelling reasons for such renewal or extension.

(3) The city may Contract with another Person to perform public works, goods, services, or consultant services that a Debarred Contractor had been hired to perform.

(t) **Agreement Not to Bid or Submit Proposals in Lieu of Debarment or Suspension.**

(1) The city may offer a Bidder or Contractor the opportunity to execute a written agreement not to bid or submit proposals or perform any work on Contracts in lieu of the city's pursuing Debarment or Suspension.

(2) This agreement not to bid or submit proposals for Contracts in lieu of the city's pursuing Debarment or Suspension does not constitute a Debarment.

(Added Ord. 2003-11, § 7, eff. 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2018-29, §§ 1, 2, eff. 6-23-18).

SEC. 4-105. REQUISITIONS.

Whenever any officer requires any materials, supplies, equipment, services, and/or public works construction for his or her office or department, he or she shall file with the Purchasing Manager a requisition on forms provided by the Purchasing Manager. Such requisition shall bear the approving signature or electronic equivalent of the officer or deputy who has jurisdiction of the department in which it originated. Such requisition shall specifically describe the article or articles and the kind and quantity desired. It may also specify the brand or make desired.

(Rep. and Added Ord. 5649, 1959; Am. Ord. 96-71, § 1, eff. 12-13-96; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-106. PURCHASE ORDERS.

(a) When the Purchasing Manager makes a purchase, he or she shall issue a purchase order. It shall be addressed to the seller, dated and numbered, and shall specify the articles or supplies to be purchased and the price, and shall state the place or to whom delivery of the article or articles so purchased shall be made.

(b) The original copy of the purchase order shall be delivered to the dealer or seller and the receiving copy or electronic equivalent thereof shall be delivered to the officer making the requisition. Upon receipt of the article or articles specified, the receiving copy shall be approved by a person designated by the City Manager or Department Director and returned promptly to the Finance Department.

(c) Any officer or employee who issues any requisition shall have personal knowledge of the receipt of such goods or the rendition of such services or work, shall have obtained such knowledge by individually checking such goods or observing the rendering of said services, and shall not accept goods, services or work which do not meet the specifications.
(Rep. and Added Ord. 5649, 1959; Am. Ord. 96-71, § 1, eff. 12-13-96; Am. Ord. 2007-96, § 3, eff. 1-19-08)

SEC. 4-107. CONTRACTS NOT REQUIRING COMPETITIVE BIDDING.

(a) Except for contracts for which competitive bidding is required by the Charter and contracts for any public work of improvement obtained pursuant to Chapter 4, Article 5 of this Code, the Purchasing Manager is authorized to contract for all equipment, materials, supplies and any public work of improvement required by the city for which an appropriation has been made.

(b) Except for contracts for legal services, the City Manager is authorized to enter into contracts for which an appropriation has been made or is unnecessary; provided the contract involves an expenditure of city moneys, receipts of funds from another party, or liability exposure of less than or equal to one hundred thousand dollars ($100,000.00). Council approval of any contract or any amendment to the contract for services under this subsection is required if the total proposed expenditure of city moneys under the contract and any amendments thereto exceeds the respective amount for which the City Manager is authorized to contract.

(c) The City Attorney is authorized to contract for all legal services required by the city for which an appropriation has been made.

(d) Council may authorize by resolution some other official or employee to contract for services, equipment, materials, supplies or public works construction for which competitive bidding is not required by the Charter.

(e) Splitting or separating into smaller work orders, projects, purchase orders or contracts for the purpose of evading the provisions of this section is prohibited. Splitting or separating shall mean and include reducing the amount of any service to be furnished to the city under circumstances where there is reasonable knowledge that the same service will be additionally required, there are funds available for that project or purchase and the sole purpose is to knowingly avoid the requirements herein. In instances where it is deemed to be to the benefit of the city to split or separate a transaction, the proposed splitting or separation shall be referred to the Council for its findings and determination in accordance with this subsection.

(f) Any contract to be valid hereunder shall be in writing and approved as to form by the City Attorney.

(g) Except for legal services, the City Manager shall establish an Administrative Order setting forth criteria and procedures for the selection of consultants to provide professional consulting services (including, but not limited to, auditors, certified public accountants,

engineers, architects, landscape architects, management consultants, planners, surveyors, and construction project managers) to the city. Procedures shall include an objective process as a means of protecting the public from misuse of public funds, to provide qualified proposers with a fair opportunity to enter the process, and to prevent favoritism, fraud and corruption in the awarding of public contracts. The City Manager may make non-material changes to the Administrative Order at any time, subject to approval as to form by the City Attorney. Material changes to the Administrative Order shall be submitted to the Council for review and approval.

(h) The objective selection process established pursuant to subsection (g) above shall be used unless the City Manager determines in writing that emergency or exigent circumstances exist, or the consultant is uniquely qualified. Before approving a consulting services contract, or an amendment to a consulting services contract, requiring the approval of the Council under subsection (b) above, Council must uphold the City Manager's written determination that emergency or exigent circumstances exist, or the consultant is uniquely qualified, sufficient to bypass the established objective selection process, as determined by a separate affirmative vote of a Council majority.
(Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2011-10, § 1, eff. 4-25-11; Am. Ord. 2018-3, § 1, eff. 2-19-18; Am. Ord. 2024-020, § 1, eff. 7-29-24).

SEC. 4-108. LOCAL PREFERENCE IN CONTRACTS REQUIRING COMPETITIVE BIDDING.

Except for those contracts funded by the federal or state government when such funding would be jeopardized because of this preference, the Council authorizes the Purchasing Manager to extend a preference to a local business as expressly set forth herein.

(a) For purposes of this subsection, "local business" shall mean a business with a fixed primary or branch office either (i) within a twenty-five mile radius of Fresno City Hall, located at 2600 Fresno Street in the City of Fresno, or (ii) within the County of Fresno; and which fixed primary or branch office was established prior to the city inviting bids for the respective purchase. Whenever the bid amount of the lowest responsive and responsible bid exceeds five hundred thousand dollars ($500.000.00), the Purchasing Manager, in the evaluation of any and all competitive bids for the purchase of materials, supplies, and/or equipment pursuant to Charter Section 1208, shall extend a five percent (5%) preference consistent with subsection (c) below.

(b) For purposes of this subsection, "local business" shall mean a business (i) having a total of one hundred or fewer employees, an average annual gross receipts of twelve million dollars ($12.000.000.00) or less over the three calendar years immediately prior to the year in which city is inviting bids for the respective purchase, and having a valid small business certification issued by the State of California; (ii) with a fixed primary or branch office either within a twenty-five mile radius of Fresno City Hall, located at 2600 Fresno Street in the City of Fresno, or within the County of Fresno; and (iii) which fixed primary or branch office was established prior to the city

inviting bids for the respective purchase. Whenever the bid amount of the lowest responsive and responsible bid is less than or equal to five hundred thousand dollars ($500.000.00), the Purchasing Manager, in the evaluation of any and all competitive bids for the purchase of materials, supplies, and/or equipment pursuant to Charter Section 1208, shall extend a five percent (5%) preference consistent with subsection (c) below.

(c) The preference in (a) and (b) above shall be extended consistent with each of the following:

(1) The amount of the preference shall be equal to the amount of five percent (5%) applied to the lowest responsive and responsible bid; provided, however, in no event shall the amount of the preference exceed the sum of seventy-five thousand dollars ($75,000.00).

(2) If the bidder submitting the lowest responsive and responsible bid is not a local business, and if a local business has also submitted a responsive and responsible bid, and, with the benefit of the preference, the local business's bid is equal to or less than the original lowest responsive and responsible bid, the city shall award the contract to the local business at its submitted bid price.

(3) The bidder shall certify, under penalty of perjury, that the bidder qualifies as a local business. The preference is waived if the certification does not appear on the bid.

(d) For purposes of this subsection, "local business" shall mean a business with a fixed primary or branch office either (i) within a twenty-five mile radius of Fresno City Hall, located at 2600 Fresno Street in the City of Fresno, or (ii) within the County of Fresno; and which fixed primary or branch office was established prior to the city inviting bids for the respective purchase. The Purchasing Manager, in the evaluation of any and all competitive bids for any public work of improvement pursuant to Charter Section 1208, shall extend five percent (5%) preference for a local business consistent with subsection (e)(1) below. Local preference will be demonstrated by the total number of individuals a business employs within Fresno County. In order to obtain the five percent (5%) differential, the bidder shall submit at time of bid a certification to self-perform a minimum of thirty percent (30%) of the contract amount with individuals employed within Fresno County. The bidder shall also submit a certification that a minimum of fifty percent (50%) of the total value of the contract would be performed by either the bidder or subcontractors meeting the local preference criteria.

(e) The preference in (d) above shall be extended consistent with each of the following:

(1) The amount of the preference shall be equal to the amount of five percent (5%) applied to the lowest responsive and responsible bid; provided however, in no event shall the amount of the preference exceed the sum of seventy-five thousand dollars ($75,000.00).

(2) If the bidder submitting the lowest responsive and responsible bid is not a local business, and if a local business has also submitted a responsive and responsible bid, and, with the benefit of the preference, the local business's bid is equal to or less than the original lowest responsive and responsible bid, the city shall award the contract to the local business at its submitted bid price.

(3) The bidder shall certify, under penalty of perjury, that the bidder qualifies as a local business. The preference is waived if the certification does not appear on the bid.

(Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2008-12, § 1, eff. 4-14-08; Ord. No. 2009-16, § 1, eff. 5-10-09; Am. Ord. 2014-29, § 1, eff. 8-9-14; Am. Ord. 2017-2, §§ 1—3, eff. 2-17-17).

SEC. 4-109. LOCAL PREFERENCE IN CONTRACTS FOR CONSULTANT SERVICES AND OTHER CONTRACTS.

(a) Findings. The Council finds and declares all of the following:

(1) The City is experiencing historical high rates of unemployment.

(2) The severe negative impact is compounded in the city economy with the employment reduction in the local development and utility industries.

(3) The United States Supreme Court has declared a job policy for residents to be a legitimate policy.

(4) Funds spent locally, with local firms, recirculate through the local economy approximately four times, generating jobs, taxes and consumer spending.

(5) The provisions that the Council seeks to enact in this section as the city's restrictions on the use of its own funds as a participant in the marketplace are simply a self-imposed limitation on the city's power to contract.

(6) The provisions that the Council seeks to enact in this section have a rational relationship to the legitimate governmental purpose in that a local preference for services will stimulate the local economy and reduce unemployment.

(b) Contracts for Consulting Services. The following shall apply for services contracted for pursuant to Section 4-107 of this Code, except for those projects funded by the federal or state government when such funding would be jeopardized because of this preference:

(1) For purposes of this section, "local firm" shall mean a firm with a fixed primary or branch offices within a twenty-five mile radius of Fresno City Hall, located at 2600 Fresno Street in the City of Fresno, and a majority of the work on the project will be performed by employees who are permanently assigned to such office prior to the city requesting proposals for the project and whose regular duties would include local work on other than city projects.

(2) Subject to subdivision (3) below, the City shall contract for professional consulting services (including, but not limited to, engineers, architects, attorneys, landscape architects, planners, surveyors, and construction project managers) by giving a primary preference to local firms, when such firms have the necessary qualifications, experience and expertise to complete the project(s) being proposed for work, as determined by the city. A secondary preference shall be similarly given to non-local firms which form an association for pecuniary profit with local firms for the projects being proposed wherein the benefit to the local firm(s) is an amount greater than fifteen percent of the total contract price for the project(s).

(3) Notwithstanding subdivision (2) above, the preference given for local firms, or non-local firms which associate with local firms, shall not be applicable whenever, to the best knowledge of the city, the number of local firms providing the specific consulting service within the area of expertise for the subject matter of the work is less than three.

(4) The City shall, in contracting for professional services, other than consulting services, extend a five per cent preference for a local firm in evaluating proposals for award. The amount of the preference shall be equal to the amount of the percentage applied to the lowest proposal price from a firm other than a local firm, if the proposer submitting the lowest proposal price is not a local firm. The proposer shall certify, under penalty of perjury, that the proposer qualifies as a local firm. The preference is waived if the certification does not appear on the proposal.

(c) Other Contracts. The Purchasing Agent, in his or her discretion, may extend a preference to a local business in the purchase of materials, supplies, equipment and/or public works construction for which competitive bidding is not required by Charter Section 1208(a) provided that such preference is applied in the same manner as described in Section 4-108 above and/or as otherwise provided by resolution of the Council.
(Added Ord. 94-39, § 1, eff. 6-24-94; Am. Ord. 96-71, § 1, eff. 12-13-96; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2011-34, § 1, eff. 12-24-11).

SEC. 4-110. PROCESSING OF INVOICES.

The person furnishing materials, supplies, equipment, services, and/or public works construction to the city shall deliver all invoices therefor to the Controller who shall either approve or disapprove said invoices. All approved invoices shall be paid by the Controller.
(Rep. and Added Ord. 5649, 1959; Am. Ord. 96-71, § 1, eff. 12-13-96; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-111. PROJECT LABOR AGREEMENTS.

(a) "Project Labor Agreement" shall have the definition set forth in California Public Contract Code section 2500.

(b) The Council may require a Project Labor Agreement for any contract for construction projects for the city, as provided in California Public Contract Code sections 2500 through 2503.
(Added Ord. 2000-18, § 1, 3-12-00; Am. Ord. 2007-96, § 3, eff. 1-19-08; Ord. No. 2014-50, § 2, eff. 1-2-15)

SEC. 4-112. INELIGIBILITY TO COMPETE.

Any architectural firm, engineering firm, specialty consultant or individual retained by the city to assist in the development of criteria or preparation of the preliminary design or respective request for proposals or bid invitation for a public work of improvement shall not be eligible to participate in the competition with any Design-Build Entity or other bidder or proposer for, or as a subcontractor, perform any work required of the Design-Build Entity or other contractor pursuant to, any Design-Build or other public work of improvement contract awarded, or to be awarded, by the city pursuant to this chapter.
(Added Ord. 2003-11, § 9, eff. 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-113. UTILIZATION OF APPRENTICES.

(a) It is the express policy of the city to encourage and monitor the utilization of apprentices by contractors on city public work of improvement projects.

(b) Unless such a requirement would conflict with a state or federal law or regulation applicable to the particular contract for a public work of improvement, the city shall insert all of the following requirements in each of its contracts with the prime contractor for any public work of improvement with an estimated value of five hundred thousand dollars ($500,000.00) or more:

(1) Contractor shall utilize apprentices for work under the contract in accordance with, and shall comply and be responsible for complying with, the requirements of California Labor Code Section 1777.5, as it may be amended from time to time, and Article 10, Subchapter 1, Chapter 2, Title 8 of the California Code of Regulations for all apprenticeable occupations applicable to the work as defined in such laws and regulations.

(2) Contractor shall provide under the contract documentation demonstrating compliance with the above requirement by providing copies of each of the following:

(i) All contract award information (e.g., completed form DAS 140) sent by contractor to the State Division of Apprenticeship Standards and each applicable apprenticeship program in accordance with California Labor Code Section 1777.5, as may be amended from time to time, including identification of addressee.

(ii) All requests by contractor for approval, and all responses and certificates from any applicable apprenticeship program disapproving or approving contractor, to train apprentices; if any.

(iii) All requests by contractor for dispatch of apprentices from any applicable apprenticeship program (e.g., completed form DAS 142); and all responses thereto, if any.

(iv) All certifications, if any, of contractor as an individual employer apprenticeship program by the State Division of Apprenticeship Standards or the California Apprenticeship Council.

(v) All apprenticeship agreements of apprentices employed by contractor and performing work under the contract.

(vi) A verified statement by the contractor, within sixty days after concluding the work, of the respective journeyperson and apprentice hours performed on the contract.

(vii) All certificates of any exemption by the State Division of Apprenticeship Standards, California Apprenticeship Council or any apprenticeship program of contractor from any requirements of California Labor Code Section 1777.5, as may be amended from time to time.

(viii) Other documentation as may be requested by city as a party to the contract.

(3) Contractor shall include in its subcontracts the obligation for subcontractors performing work under the contract to comply with this and the foregoing requirements under Subdivisions (1) and (2) above, and contractor shall be responsible for providing the required documentation from subcontractors to the city.

(Added Ord. 2005-4, § 1, eff. 2-22-05; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-114. APPLICABILITY OF CALIFORNIA PUBLIC CONTRACT CODE.

The provisions of California Public Contract Code shall not be applicable to city, in whole or in part, except as expressly provided by ordinance or incorporated in city's bid specifications or contracts.

(Added Ord. 2001-87, § 1, eff. 1-8-02; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-115. PUBLIC WORK OF IMPROVEMENT: DEFINITION.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this chapter. The definition of each word and phrase shall constitute, to the extent applicable, the definition of each word which is derivative from it, or from which it is a derivative, as the case may be.

(a) "Facility" shall mean any plant, structure, ground facility, utility system, streets and highways, or other improvement of real property.

(b) "Lot or tract of land" shall mean a lot or tract of land that is or is to be owned by the city, or that may be owned by the city pursuant to the exercise of a purchase option.

(c) "Maintenance work" shall mean routine, recurring, and usual work for the preservation or protection of any facility for its intended purposes; minor repainting; resurfacing of streets and highways at less than one inch; and landscape maintenance, including mowing, watering, trimming, pruning, planting, replacement of plants, and servicing of irrigation and sprinkler systems.

(d) "Paid for in whole or in part with city funds or with financing to be retired with city funds" shall mean the payment of money or the equivalent of money by the city, including the transfer of an asset of value for less than fair market price; fees, costs, rents, loans, interest rates or other obligations that would normally be required in the execution of the contract, which are paid, reduced, charged at less than fair market value, waived or forgiven; money to be repaid on a contingent basis; or credits applied against repayment obligations. Notwithstanding the foregoing, "paid for in whole or in part with city funds or with financing to be retired with city funds" shall not mean or include financing resulting from the formation of a community facility district pursuant to the Mello-Roos Community Facilities Act of 1982 set forth in Sections 53311 of the Government Code.

(e) "Project" shall mean, when used in the generic sense, the acquisition and/or improvement undertaken in a single proceeding.

(f) "Public work of improvement" shall mean that portion of a work of improvement contracted for by the city, paid for in whole or in part with city funds or with financing to be retired with city funds, and that is or is to be owned by the city or that may be owned by the city subject to its exercise of a purchase option; provided that, for any capital lease or contract subject to a purchase option, if such lease or contract were fully performed by the city, and the option exercised in the case of the contract, the net present value of the respective lease or contract would total an amount greater than two million dollars ($2,000,000). For purposes of this subsection, "fully performed" shall mean that the option is exercised at the end of the option period, but prior to its expiration. Notwithstanding the foregoing, "public work of improvement" shall not mean or include any of the following:

(1) A work of improvement constructed by persons or entities other than the city as a condition of regulatory or permit approval of an otherwise private development project.

(2) Pursuant to a lease or license of property or facilities owned by the city, a work of improvement constructed thereon by a licensed contractor hired and paid for directly by the tenant or licensee, notwithstanding any provision for rent credits or waiver, in part or in whole, of any fees or costs; provided the work of improvement is required by the respective tenant or licensee for his/her use of the property or facilities.

(3) A work of improvement in a redevelopment project area constructed by persons or entities other than the city as a condition of entering into an agreement with the Redevelopment Agency of the City of Fresno for significant redevelopment, in addition to the work of improvement, in a redevelopment project area.

(g) "Public works construction" shall mean public work of improvement.

(h) "Work of improvement" shall mean the construction, reconstruction, erection, improvement, installation, alteration, renovation, addition to, restoration, repair, painting or repainting, laying of carpet, demolition or removal, in whole or in part, of any building, road, curb, gutter, sidewalk, fence, railroad, bridge, drain, ditch, canal, dam, tunnel, sanitary sewer, storm sewer, water system, well, traffic signs, traffic signals, street lighting system, parking lot, park, playground, and all other facilities. It also means the seeding, sodding, or planting of any lot or tract of land for landscaping purposes, and the excavation, filling, leveling, or grading of any lot or tract of land. Notwithstanding the foregoing, "work of improvement" shall not mean or include any of the following:

(1) Maintenance work.

(2) Work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

(Added Ord. 2003-11, § 10, eff. 4-4-03; Am. Ord. 2006-160, § 1, eff. 12-31-06; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-116. INSTALLATION OF SOLAR ENERGY SYSTEMS IN CONSTRUCTION OF NEW CITY-OWNED BUILDINGS.

(a) The design of any new city-owned building containing at least 7500 square feet shall include an alternative design for installation of a solar energy system.

(b) The city shall incorporate solar energy systems into the planning (including the siting of the building), design, and into each of its contracts for construction of any new city-owned building containing at least 7500 square feet. The city shall use its best efforts in the design, construction and calibration so that the installed solar energy system will operate as intended; and shall provide for the ongoing accountability and optimization of the installed solar energy system performance over time.

(c) The report to Council for each award of a contract for a new city-owned building shall include information related to compliance with this section. Thereafter, reports shall be provided Council every other year, giving an accounting of the operations of all solar energy systems installed in connection with the construction of the city-owned building(s).

(d) [Reserved.]

(e) Exemptions. Each of the following is exempt from application of this section whenever Council, by resolution, makes findings of fact supporting non-inclusion of a solar energy system in a new city-owned building, but city shall implement the requirements of this section to the maximum extent practical:

(1) A building for which the design is 30% or more complete on or before the effective date of this section.

(2) A building for which another renewable energy source(s) is available which Council finds is an alternative system of comparable cost, efficiency and energy conservation benefits.

(3) An award of state or federal funding would be jeopardized.

(4) There is a lack of available funding.

(5) Any building specified by Council as exempt from the application of this section.

(f) For purposes of this section, certain words and terms used are defined as follows:

(1) "Building" means any structure used for support or shelter of any use or occupancy, as defined in the California Building Standards Code.

(2) "Solar energy system" means either of the following:

(i) Any solar collector or other energy device whose primary purpose is to provide for the collection, storage and distribution of solar energy for space heating, space cooling, elect generation or water heating.

(ii) Any structural design feature for a building, whose primary purpose is to provide for the collection, storage and distribution of solar energy for electric generation, space heating or cooling, or for water heating.

(Added Ord. 2008-23, § 1, eff. 5-4-08).

SEC. 4-117. NATIONAL TARGETED HIRING IN CONTRACTS FOR PUBLIC WORKS CONSTRUCTION.

(a) **Definitions.**

(1) "Apprentice" is any worker who is registered and approved by the State of California, Division of Apprenticeship Standards, or who is indentured in a "Viable Apprenticeship Program" as defined in subsection (a)(11).

(2) "City Manager" refers to the City Manager of the City of Fresno, or designee.

(3) "City Referral List" is the list compiled and maintained by the Program Coordinator, listing qualified Journeyman and Apprentice National Targeted Workers residing in the City of Fresno. City shall verify any designated Journeyman worker from the City Referral List meets the definition of Journeyman as defined by California Code of Regulations, Title 8 Section 205, as it may be amended from time to time.

(4) "Contract" means a construction contract for any Public Work of Improvement, as defined in this article.

(5) "Contractor" is defined as any individual firm, partnership, or corporation, or combination thereof, including joint ventures and any subcontractor of any tier, which is an independent business enterprise and which has entered into Contract with respect to the construction of any part of a Public Work of Improvement.

(6) "Division of Apprenticeship Standards Forms" are the forms in which every Contractor will request any and all apprentices from each trade in order to establish compliance with this section, as provided more specifically in the implementing Administrative Order.

(7) "Program Coordinator" means the City employee, or designee, responsible for monitoring Contractors' compliance with federal Disadvantaged Business Enterprise requirements and the requirements of this section.

(8) "Journeyman" shall be defined as set forth in the California Code of Regulations, Title 8 Section 205, as it may be amended from time to time.

(9) "National Economically Disadvantaged Area" is:

i. A zip code outside of the City of Fresno that includes a census tract, or portion thereof, in which the median annual household income is less than $55,000 per year, as measured and reported by the U.S. Census Bureau in the most recent U.S. Census; or

ii. A zip code, or any portion of, which falls inside the City of Fresno, which the average median income of is less than $55,000 per year, as measured and reported by the U.S. Census Bureau in the most recent U.S. Census. The amount shall be adjusted annually to the nearest $1,000 on July 2, based on changes in the Consumer Price Index.

(10) "National Targeted Worker" is an individual who resides in a National Economically Disadvantaged Area.

(11) "Pre-Apprenticeship Program" means a program that works with Viable Apprenticeship Programs and teaches basic technical and job-readiness skills for a designated apprenticeable occupation or occupation sector, to prepare participates for apprenticeship training.

(12) "Viable Apprenticeship Program" means an apprenticeship program that is approved to train in the applicable craft or trade by the California Department of Apprenticeship Standards or U.S. Department of Labor, and which has a graduation rate of no less than fifty percent (50%), or has graduated at least one apprentice annually in each of the five (5) years immediately preceding the date of the award of Contract by City. Any apprenticeship program that has been approved for less than ten (10) years shall be deemed a Viable Apprenticeship Program provided that, following the fifth anniversary of its approval by the California Department of Apprenticeship Standards or U.S. Department of Labor, it graduates at least one apprentice each subsequent year.

(b) **Policy.** The City shall require all Contracts for any Public Work of Improvement in excess of $200,000, adjusted annually on the first of July to the nearest $1,000 in response to changes in the National Consumer Price Index to include provisions that obligate

Contractor to follow targeted hiring procedures, including an obligation to make reasonable good faith efforts, as defined in the implementing Administrative Order, to meet specific hiring requirements for Nationally Targeted Workers, as defined in subsection (c).

(c) **National Targeted Hiring Requirements.**

(1) For each Contract, the following requirements shall apply to each Contractor with regard to project work actually performed by the Contractor, as well as work included under any subcontract;

(2) The initial mandatory participation level is 15% of all project work hours within each trade performed by Nationally Targeted Workers. Project work hours shall not include hours worked by non-California residents. The Council shall review this ordinance one year from its effective date. Subject to the periodic review process set forth in this subsection below, the mandatory participation level for project work hours shall increase annually up to a mandatory participation level of 40% of project work hours within each trade performed by Nationally Targeted Workers, as follows:

Year After Effective Date That Contract Is Advertised for Bids	*Mandatory Participation Level For National Targeted Worker Project Work Hours*
0—1	15%
1—2	20%
2—3	25%
3—4	Periodic Review
4—5	30%
5—6	35%
6—7	Periodic Review
7—8	40%

(3) A Contractor employing Apprentices, pursuant to this section, shall employ Apprentice National Targeted Workers in a ratio of not less than one hour of Apprentice National Targeted Worker labor work for every five hours of Journeyman work. The provisions in this section shall in no way adversely affect the apprentice employment ratios prescribed California Labor Code Section 1777.5 and in Section 4-113 of this code. All Apprentices shall work under the direct supervision of a Journeyman from the trade in which the Apprentice is indentured.

(4) Unless such a provision would conflict with a state or federal law applicable to a Contract for a Public Work of Improvement, all City Contracts shall contain provisions requiring each Contractor to make a reasonable good faith effort to employ Apprentice National Targeted Workers who are enrolled in and participating in a Viable Apprenticeship Program or Pre-Apprenticeship Program. This apprenticeship requirement shall apply for each apprenticeable craft or trade in which the Contractor employs workers to perform any of the work under the Contract.

(5) Periodic Review. Every three years from the effective date of this Policy, the City Manager shall evaluate the impact of existing mandatory participation levels.

(6) For any Contractor that has satisfied the criteria for reasonable good faith efforts established by the City Manager pursuant to authority granted in subsection (d):

i. If, in response to a Contractor's written request to the Program Coordinator, made at least seventy-two hours (excluding Saturdays, Sundays, and holidays) before the date on which one or more Apprentice National Targeted Workers are required, a participating Viable Apprenticeship Program or Pre-Apprenticeship Program does not dispatch any Apprentice National Targeted Workers, or dispatches fewer Apprentice National Targeted Workers than requested to such Contractor, that Contractor shall be considered in compliance with the Apprentice National Targeted Worker employment requirement for that trade or craft for the duration of the project from the request date, provided the Contractor employs all Apprentice National Targeted Workers who are dispatched.

ii. A Contractor which is not a participant in, or an affiliate of, an apprenticeship program, and that receives fewer Apprentice National Targeted Workers dispatched than requested, shall not be considered in compliance with the Apprentice National Targeted Worker employment requirement unless the Contractor has made a written request for the dispatch of Apprentice National Targeted Workers from other Viable Apprenticeship Programs or Pre-Apprenticeship Program.

iii. In the event that the City Referral List does not include sufficient numbers of Journeyman to fill, or to fill completely, the requisition of such Contractor for Journeyman within seventy-two hours (excluding Saturdays, Sundays, and holidays), that Contractor shall be free to obtain Journeyman National Targeted Workers from any source.

(7) In the event that no Viable Apprenticeship Program or Pre-Apprenticeship Program exists for a particular craft or trade, the Contractor shall be exempt from the Apprentice National Targeted Worker employment provisions of this section with regard to that craft or trade.

(8) The Contractor shall retain the authority to make individual hiring decisions. This section does not prevent a Contractor from filling job vacancies or newly created positions by transfer or promotion of its existing staff.

(d) **Authority.** The City Manager shall have authority to implement this section and shall enter into Contracts and promulgate policies to implement the provisions of this section, including, but not limited to, responsibilities identified in this section, and the implementing Administrative Order.

(e) **Required Documentation.**

(1) Contractors will use only Division of Apprenticeship Standards Forms to request any and all apprentices with a concurrent transmittal of such request to the Program Coordinator, including workers qualified as National Targeted Workers and/or general dispatch.

(2) On standardized forms acceptable to the City, Contractor shall keep, and shall provide to the City concurrent with each claim for payment, an accurate record showing the name, place of residence, hours employed, trade, and classification, and per diem wages, and benefits of each person employed by the Contractor pursuant to a Contract, including full-time, part-time, permanent, and temporary employees. Such submittal shall incorporate a statement verified under penalty of perjury evidencing each Journeyman worker's qualification as a Journeyman, as well as the respective National Targeted Worker Journeyman and National Targeted Worker Apprentice hours performed on the Contract for the period for which the Contractor is claiming payment.

(3) On standardized forms acceptable to the City, Contractor shall keep, and shall provide to the City concurrent with each claim for payment, an accurate record documenting the Contractor's reasonable good faith efforts to comply with the National Targeted Worker employment provisions of this section. Said records shall include: a listing by name and address of all recruitment sources contacted by the Contractor; the date of the recruitment contact, and the identity of the person contacted; the trade and classification, and number of employment referrals requested; the number of National Targeted Workers employed as a result of the contact; and the identity and address of the National Targeted Worker(s) employed pursuant to the contact. Contractors and the Program Coordinator shall maintain copies of all Division of Apprenticeship Standards Forms used on the project, submitted or received, including transmission verification reports that are date/time imprinted, until the project employing such workers is completed, all Contract payments are made, and any issues related to penalties and/or liquidated damages are resolved. All Division of Apprenticeship Standards Forms and transmission verification reports shall be available for inspection and copies provided, upon request by City.

(f) **Compliance Procedures.**

(1) Contractor shall diligently carry out and adhere to the National Targeted Worker requirements as set forth in this section and in its Contract. The failure of Contractor to comply with the requirements of this section shall be deemed a material breach of Contract.

(2) Consequences of Noncompliance. In addition to any other corrective action allowed by law or Contract, the City Manager has the authority to seek, from any Contractor which fails to comply with this section, any lawful corrective action, which may include but need not be limited to:

i. Withholding of all or any portion of payments due to the Contractor until the non-compliance is cured;

ii. Any other remedy for breach available under the Contract;

iii. Liquidated damages pursuant to subsection (3), below;

iv. Termination of any or all of the Contractor's Contracts with the City; and

v. Suspension, debarment from City contracting within the meaning of Section 4-104 of this Code, or determination of non-responsibility.

(3) Liquidated Damages for Violations. Upon a final determination by the City Manager, or designee, that a Contractor has materially violated the National Targeted Worker terms of the Contract, and after due notice of this determination is given to the Contractor, liquidated damages, on account of non-compliance with the National Targeted Worker requirements, may be withheld by the City from progress payments, or the final payment, due to the Contractor for work performed under the Contract. Depending upon the seriousness or willfulness of the violation, the amount of liquidated damages shall be not less than 25%, and not more than 100%, of the full dollar amount of the National Targeted Worker subcontract involved in the violation as determined by the Program Coordinator.

(g) **Application.** Except as otherwise provided and subject to all local, state, and federal laws affecting the City's procurement of goods and services, or use of funds, this section shall apply to any Public Work of Improvement of the City, including all departments, agencies, corporations, and attached and unattached boards and commissions, that cumulatively or alternatively utilize any public spending, public funding, or public incentives.

(h) **Non-Applicability of Section.** The provisions of this section shall not apply to any of the following:

The City Manager shall develop rules and regulations for the application of these exemptions:

(1) Work done by the City with its own personnel and/or equipment.

(2) Any Public Work of Improvement obtained from or through any government entity.

(3) Contracts where the provisions of this section would conflict with federal or state grant funded contracts or conflict with the terms of the grant or subvention.

(4) When the Contract is deemed by Council to be of urgent necessity for the preservation of life, health, or property and such Contract is authorized by resolution passed by at least five affirmative votes of the Council and containing a declaration of the facts constituting the urgency.

(5) Any Public Work of Improvement covered by a project labor agreement which includes hiring preferences.

(i) **Geographic Preferences.** This section shall be interpreted to prohibit in-state or local geographic preferences in the hiring of National Targeted Workers for City's contracts for Public Work of Improvement utilizing federal or state funding.

(j) **Local Funds.** Provided no federal or state funding is jeopardized, a Public Work of Improvement funded solely by local funds shall impose a requirement on Contractors that National Targeted Workers must reside in a National Economically Disadvantaged Area located within the City of Fresno and as defined by subsection (b), paragraph (9), of this Ordinance.

(k) **Indemnity.** A Contractor under this section shall, to the furthest extent allowed by law, agree to indemnify, hold harmless, and defend the City and each of its officers, officials, employees, agents, and volunteers in a form approved by the City Risk Manager.

(l) **Severability.** If this section or any sentence, clause, or phrase of this section is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portion of this section. The Council hereby declares that it would have passed this Ordinance and adopted this and each section, sentence, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid or unconstitutional.

(Added Ord. 2016-12, § 1, eff. 6-2-16; Am. Ord. 2023-025, § 1, eff. 9-15-23).

ARTICLE 2 SALE OR MORTGAGE OF PROPERTY

Sec. 4-201. Regulations as to Property.
Sec. 4-202. Sale or Other Disposition of Surplus Personal Property.
Sec. 4-203. Surplus Real Property.
Sec. 4-204. Disposition of Real Property.

SEC. 4-201. REGULATIONS AS TO PROPERTY.

The property of the city may not be mortgaged or hypothecated, except that the property of public utilities or quasi-public utilities may be mortgaged or hypothecated as security for bond issues relating to the utility, the property of which is mortgaged or hypothecated, but this section shall not be construed to prevent the issuance of bonds and the making of temporary loans as otherwise provided for in the Charter.
(Rep. and Added Ord. 5314, 1958, based on former Sec. 3-301; Am. Ord. 5418, 1958; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-202. SALE OR OTHER DISPOSITION OF SURPLUS PERSONAL PROPERTY.

(a) The City Manager and/or the Purchasing Manager may declare as surplus to the city's needs any item of personal property owned by the city free of liens and encumbrances whenever he or she finds that such item has an estimated value equal to or less than the amount for which advertised bidding is required by Section 1208(a) of the Charter, and that such item is no longer needed for use by any department or office of the city or has become unfit or unsuitable for further use by any such department or office because of age, wear, damage, or obsolescence.

(b) The Purchasing Manager may sell any property declared surplus pursuant to subsection (a), at public or private sale with or without notice or bids, for the highest price the Purchasing Manager can obtain, and may contract, in the name of and on behalf of the city, with a licensed auctioneer for the purpose of effecting any such sale. However, prior to disposal of surplus vehicles to the public, the Purchasing Manager, upon request and in accordance with the policies and procedures established by the Purchasing Manager, may offer surplus vehicles to tax exempt charitable nonprofit corporations for sale at fair market value, less any savings realized by direct sale.

(c) As an alternative means of disposition of any property declared surplus pursuant to subsection (a), the Purchasing Manager may transfer any of such property to another governmental agency or to a quasi-public agency by negotiated sale, exchange, loan, or gift; provided, that gifts hereunder to any agency shall not exceed a total of one hundred dollars in estimated value during any twelve-month period. "Quasi-public agency," as used in this subsection, means and is limited to a tax exempt nonprofit corporation which is currently engaged in a public project financed in whole or in part by public funds pursuant to contract or grant agreement with a governmental agency, and the assets of which corporation upon dissolution will not be distributable to or for any private person or purpose.

(d) The proceeds of any sales of property pursuant to this section shall be deposited in the general fund of the city, except where established accounting procedures require deposit of such proceeds in some special fund of the city, and except as provided in subsection (e).

(e) The proceeds of any sales of surplus personal property acquired at any time by the city for the Meux Home shall be paid to the Meux Home Corporation. The Purchasing Manager's sale or other disposition of such items shall be subject to the prior review and approval of the Parks and Recreation Director.

(f) Council finds that retired police dogs of the Police Department's K-9 unit have no value to the City of Fresno and are a financial liability and detriment. Accordingly, said police dogs may be returned to the original supplier, the animal's handler or former handler without compensation. This subsection constitutes an exception to this Section.

(g) The Purchasing Manager may direct the destruction of any property declared surplus pursuant to subsection (a) whenever he or she further finds that the item has no value, is not usable by any other governmental agency or quasi-public agency, is not appropriate for public or private sale, and, if the item is a retired police dog of the Police Department's K-9 unit, that the alternative dispositions in subsection (f) are unavailable.
(Rep. and added Ord. 5314, 1958, based on former Sec. 3-302; Am. Ord. 69-18, 1969; Am. Ord. 79-99, § 2, eff. 7-6-79; Am. Ord. 80-57, § 2, eff. 5-9-80; Am. Ord. 95-75, § 1, eff. 11-10-95; Am. Ord. 2000-12, §§ 1, 3, eff. 3-3-00; Am. Ord. 2002-65, §§ 1, 2, eff. 1-14-03; Am. Ord. 2004-1, § 1, eff. 2-8-04; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-203. SURPLUS REAL PROPERTY.

(a) "Surplus land" shall mean real property owned by the City that is determined to be no longer necessary for the City's use, except property being held for the purpose of exchange. Property is not surplus if the City has some purpose in mind for its use.

(b) Prior to disposing of real property, Council shall make a determination whether such property is surplus land pursuant to Government Code sections 54220 et seq. (the "Surplus Land Act"). In the case of property valued at $50,000 or less, City Manager shall determine whether property is surplus land.

(c) Prior to disposing of surplus land, City shall comply with the requirements of the Surplus Land Act, as well as 4-204.
(Added Ord. 2019-023, § 1, eff. 9-28-19; Am. Ord. 2021-022, § 1, eff. 7-8-21).

SEC. 4-204. DISPOSITION OF REAL PROPERTY.

(a) Real property may be sold, encumbered by an option, or leased for period exceeding five years only after an open and competitive request for proposals (RFP) process initiated by Council action and in compliance with state law concerning disposition of surplus land;

exclusive negotiating agreements shall not be permitted. No negotiations to sell, lease, or option City real estate shall occur prior to and without full compliance with FMC sections 4-203 and 4-204.

(1) An evaluation committee, to be selected prior to publication of the RFP, shall interview proposers, review and rank all proposals based on a predetermined set of criteria as set forth in the RFP, and make recommendations for selection to present to Council for approval. The committee at a minimum shall consist of two employees from the affected department as well as at least two employees and/or members of the public. The composition of the committee shall be at the discretion of the City Manager. Information provided to and prepared by the committee shall not be deemed a public record until such time as a contract shall be placed on the agenda for Council consideration.

(2) Once an RFP has been finalized, the affected department shall advertise the Notice Inviting Proposals in a local newspaper of general circulation and on the city website. Property owners within 1,000 feet of the subject property shall be provided specific notice of the RFP.

(3) Contracts for the sale or lease of real property are determined on a "best value" basis, not solely price. In determining best value, the factors to be considered may include, without limitation: price; community benefits; record of business with the City and others; credit record; local employment; experience; qualifications; local tax contribution; and any other legal factor the Council expressly finds is applicable to sale of the property.

(4) After proposals are tendered, the full text of all proposals shall be made available to the committee. The committee shall convene, when applicable, and interview no fewer than the top three ranked proposers, request a proposer's "Last, Best and Final" offer based on information and/or clarification provided during the interview, which will be used to support a recommendation to the Council as to which proposer should be selected to purchase or lease the property, or to reject all proposals, including rankings of the top three proposers, along with a written explanation for the rankings, and/or rejection of the proposals.

(5) All documents, ranking criteria, and scores provided to or produced by the committee shall be made available to all Councilmembers no later than the time the contract is placed on the agenda for Council consideration.

(6) Any potential purchaser who does not submit a response to the RFP shall be ineligible to purchase or lease the property for one year following the close of the RFP, except pursuant to a subsequent RFP process.

(b) The competitive process set forth in Subsection (a) shall not be required for the following:

(1) Sale of property to an adjacent property owner who is assembling property for a project;

(2) Sale, lease, or options of property less than 20,000 square feet in size;

(3) Leases of airports facilities in the normal course of airports' business;

(4) Renewal or extensions of commercial leases existing as of the effective date of this section;

(5) However, the competitive process shall apply to all sale, lease, or options of parking facilities, except as provided in the Master Fee Schedule.

(c) The City shall not approve any option to purchase or option to lease, or any similar agreement, except upon the following terms and conditions:

(1) The term of the agreement shall not exceed 12 months from the date of Council approval;

(2) The agreement shall not be extended, except upon a showing of extraordinary good cause, compliance with all terms of the agreement, due diligence, and meeting all performance standards and target dates in the agreement; all extensions must be approved by Council, at the discretion of Council, in open session, and any extension may not exceed 180 days from the date of Council approval. Any agreement that lapses without a Council approved extension prior to expiration may not be extended.

(d) The City shall not approve any purchase and sale agreement, disposition and development agreement, or any other agreement that would cause or allow City owned real property to be conveyed, except upon the following terms and conditions:

(1) The agreement shall require closing of escrow no later than 12 months from Council approval.

(2) The agreement shall not be extended, except upon a showing of extraordinary good cause, compliance with all terms of the agreement, due diligence, and meeting all performance standards and target dates in the agreement; all extensions must be approved by Council, at the discretion of Council, in open session. and any extension may not exceed 180 days from the date of Council approval. No agreement shall be extended more than once. Any agreement that lapses without a Council approved extension prior to expiration may not be extended.

(3) To be effective, the agreement shall require a deposit paid to the City in the amount of at least 10 percent of the purchase price, which shall not be refundable, unless the City is in breach of the agreement; the failure of the City to approve an extension of the agreement shall not be deemed cause to refund a deposit.

(4) Purchase prices shall be at fair market appraised value, unless the Council makes findings there are substantial community benefits resulting from the sales agreement that justify a price less than market value.

(5) The agreement shall contain a standard reverter clause, approved by the City Attorney's Office, if the sale involves property to be utilized for a specified purpose and/or is sold with the city provided any type of subsidy for the project; the

agreement shall require a reverter to the city if the project for which the property is sold is not completed within 36 months of the transfer of title, unless the Council makes findings at the time of approving the agreement that the project will require a longer period for completion; in such a case, the longer time for completion may be approved. The Council may approve one or more extensions to complete not exceeding 12 months each upon a finding of good cause.

(e) The Council may not vary from the provisions of this Section, except upon making findings of good cause and clear and convincing benefits to the public, and by a supermajority approval of at least five votes.

(f) This ordinance shall be subject to any applicable federal or state laws, regulations, policies, guidance, or grant terms, and to the extent inconsistent, the latter shall apply. (Added Ord. 2019-023, § 2, eff. 9-28-19; Am. Ord. 2021-022, § 1, eff. 7-8-21).

ARTICLE 3 LOST OR UNCLAIMED PROPERTY

Sec. 4-301. Custody of Lost or Unclaimed Property.
Sec. 4-302. Record to be Kept.
Sec. 4-303. Waiting Period.
Sec. 4-304. Disposition of Certain Articles.
Sec. 4-305. Disposition of Unclaimed Property.
Sec. 4-306. Sale and Disposition of Unclaimed Property.
Sec. 4-307. Return of Property to Finder.

SEC. 4-301. CUSTODY OF LOST OR UNCLAIMED PROPERTY.

(a) This Article serves as the City's ordinance for the care, restitution, sale or disposition of unclaimed property which comes into the possession of the Police Department. It is enacted in accordance with California Civil Code Section 2080.4, as amended.

(b) The Police Department shall receive and process all lost or unclaimed property which is turned over to or comes into the possession of the city, and shall retain the possession thereof, subject to the provisions of this article. All employees and officers of the city shall turn over to the Police Department any lost or unclaimed property which is turned over to or comes into their possession while on duty or as a result of their employment. This article shall not apply to vehicles, the abandonment of which is covered by the provisions of the California Vehicle Code.
(Added Ord. 5314, 1958; Rep. and Added Ord. 6913, 1966; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-302. RECORD TO BE KEPT.

The Police Department shall keep a record of all such property, together with the date, description and name, if any, of the person from whom it was received and the place and circumstances under which it was taken, found or recovered, plus the name and address of the finder or claimed owner, if known.
(Added Ord. 5314, 1958; Rep. and Added Ord. 6913, 1966; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-303. WAITING PERIOD.

If no owner appears within three months, or in the case of bicycles and toys within sixty days, after such property comes into the possession of the Police Department and offers reasonable proof, satisfactory to the Chief of Police, of his ownership and compensates the city for the expenses, if any, incurred in the removal, maintenance, preservation and keeping of said property, as the Chief of Police shall determine, then the title to such property shall thereupon vest in the city; provided, however, that the Police Department shall exercise due diligence to ascertain the owner and notify that person of its possession of such property and provided further, that the title to clothing, bedding, wearing apparel and other similar property, which comes into the possession of the Police Department, shall vest in the city after

the expiration of thirty days unless the owner reclaims same and all such property may, in the discretion of the Chief of Police, be delivered over gratuitously to any public or private charitable organization after said thirty-day period.
(Added Ord. 5314, 1958; Rep. and Added Ord. 6913, 1966; Am. Ord. 87-7, § 1, eff. 2-13-87; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-304. DISPOSITION OF CERTAIN ARTICLES.

The Chief of Police shall have power in his or her discretion to summarily destroy all liquor, burglar tools, knives, firearms, deadly weapons, explosive or other dangerous or noxious articles or materials coming into the possession of the city, or deliver them for use by other governmental agencies, provided that any weapon or device declared by Sections 12028, 12029, or any other section, of the Penal Code to be a nuisance or therein ordered to be destroyed, shall be destroyed as therein provided.
(Added Ord. 5314, 1958; Rep. and Added Ord. 6913, 1966; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-305. DISPOSITION OF UNCLAIMED PROPERTY.

Any property held by the Police Department for at least three months hereunder and not returned to the owner or finder or disposed of under Sections 4-303 and 4-304, or for which the claimant refuses to pay the charges, shall be deemed unclaimed property.
(Added Ord. 5314, 1958; Rep. and Added Ord. 6913, 1966; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-306. SALE AND DISPOSITION OF UNCLAIMED PROPERTY.

(a) Unclaimed property under Section 4-305 may be sold at public auction to the highest bidder by the Police Chief or Purchasing Manager. Provided, however, that the right shall be reserved to reject any and all bids. The property may also be sold to the highest bidder under a sealed bid procedure. The proceeds from such sales shall be paid over to the Controller and deposited in the general fund of the city.

(b) Unclaimed money under Section 4-305 shall be deposited in the general fund.

(c) Notice of any such sale shall be given at least ten days before the date of the intended sale by publication in a newspaper of general publication in a newspaper of general publication in the County of Fresno and by any other means determined by City.

(d) All property remaining unsold after public auction may be used or disposed of as other city property.

(e) Unclaimed bicycles or toys under Section 4-305 may, instead of being sold at public auction, be turned over to the Probation Office, to the welfare department of the county, or to any charitable or non-profit organization which is authorized under its articles of incorpora-

tion to participate in a program or activity designated to prevent juvenile delinquency and which is exempt from income taxation under federal or state law, or both, for use in any program or activity designed to prevent juvenile delinquency.
(Added Ord. 5314, 1958; Rep. and Added Ord. 6913, 1966; Am. Ord. 87-7, § 3, eff. 2-13-87; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-307. RETURN OF PROPERTY TO FINDER.

Notwithstanding any other provision of this article, if the true owner does not appear during the three-month period and claim the property, it may be delivered back to the person who delivered it to the Police Department if at the time of delivery or prior to disposition of the property such person has indicated in writing that he or she wishes to assert a claim to the property as a finder, provided that no property delivered to the Police Department by an employee or an officer of the city shall be returned to said officer or employee. If the finder does not collect the property within ten days of notification of the end of the holding period, the property shall be treated as other property under this article. This section shall not affect the disposition of the articles mentioned in Section 4-304 of this article.
(Rep. and Added Ord. 6913, 1966, based on former Sec. 3-308; Am. Ord. 87-7, § 1, eff. 2-13-87; Am. Ord. 2007-96, § 3, eff. 1-19-08).

ARTICLE 4 PREVAILING WAGES FOR PUBLIC WORKS

Sec. 4-401. Applicability of State Law.
Sec. 4-402—4-404. Reserved.

SEC. 4-401. APPLICABILITY OF STATE LAW.

Pursuant to Labor Code section 1782 (Senate Bill 7 (2013)) the construction by the city of its public works, being a municipal affair, shall be governed by the provisions of Labor Code Section 1770, et seq.

(Added Ord. 5632, 1959; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. No. 2014-51, § 1, eff. 12-31-14).

SECS. 4-402—4-404. RESERVED.

Editor's note—Ord. No. 2014-51, §§ 2—4, effective December 31, 2014, amended the Code by repealing former §§ 4-402—4-404 in their entirety. Former § 4-402 pertained to determination of prevailing wages, and derived from Ord. 5632 of 1959; Ord. 82-67, effective July 30, 1982; and Ord. 2007-96, effective January 19, 2008. Former § 4-403 pertained to reference to prevailing wages in notice of contract, and derived from Ord. 5632 of 1959; and Ord. 2007-96, effective January 19, 2008. Former § 4-404 pertained to exemption from payment of prevailing wages, and derived from Ord. 93-2, effective December 28, 1992; Ord. 97-73, effective January 22, 1998; and Ord. 2007-96, effective January 19, 2008.

ARTICLE 5 DESIGN-BUILD CONTRACTS

Sec. 4-501. Purpose and definitions.
Sec. 4-502. Method of procurement.
Sec. 4-503. Non-applicability of article.
Sec. 4-504. Request for proposals, bid invitation and performance specifications.
Sec. 4-505. Establishment of pre-qualification and selection process.
Sec. 4-506. Consideration of submitted pre-qualification documentation.
Sec. 4-507. Pre-qualification of bidders/proposers.
Sec. 4-508. Subcontractor listing.

SEC. 4-501. PURPOSE AND DEFINITIONS.

The purpose of this article is to provide definitions and guidelines for the award, use and evaluation of design-build contracts. Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning and application of words and phrases used in this chapter. The definition of each word and phrase shall constitute, to the extent applicable, the definition of each word which is derivative from it, or from which it is a derivative, as the case may be.

(a) "Design-build" shall mean a procurement method for a public work of improvement contract in which both the design and the construction of a public work of improvement are procured from a single entity.

(b) "Design-Build Entity" shall mean a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural and engineering services as needed.

(c) "Design-Build Entity Member" shall mean any person who provides licensed contracting, architectural or engineering services on behalf of the Design-Build Entity.

(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-502. METHOD OF PROCUREMENT.

The City Manager shall select one of the methods expressly set forth herein as the process to be recommended for the selection of the Design-Build Entity by the Council. No design build process or Design-Build Entity selection shall be initiated without Council approval.

(a) Performance Specifications Method. A design-build competition based on performance specifications and criteria set forth by the city in the request for proposals.

(1) Criteria used in this form of evaluation of proposals may include, but not be limited to, items such as proposed design approach, initial and/or life-cycle costs, project features, financing, quality, capacity, schedule, and operational and functional performance of the facility. However, any criteria and methods used to evaluate proposals shall be limited to those contained in the request for design-build proposals.

(2) Subject to the right to reject any and all proposals, award by Council shall be on the basis of the criteria specified, including initial and/or life-cycle costs, and made to the Design-Build Entity whose proposal is judged as providing the best value in meeting the interest of the city and the objectives of the design-build project.

(b) Program and Preliminary Design Method. A design-build competition based on program requirements, performance specifications, and a preliminary design or combination thereof set forth by the city in the request for proposals. Limited drawings and specifications detailing the requirements of the design-build project may accompany the request for proposals.

(1) The City Manager shall establish technical criteria and methodology, including price, to evaluate proposals and shall describe the criteria and methodology of evaluation and selection in the request for design-build proposals.

(2) Subject to the right to reject any and all proposals, award by Council shall be on the basis of the technical criteria and methodology, including price, and made to the Design-Build Entity whose proposal is judged as providing the best value in meeting the interest of the city and the objectives of the design-build project.

(c) Bid Invitation Method. A design-build competition based on program requirements and a detailed scope of work, including any preliminary design drawings and specifications set forth by the city in the bid invitation. Subject to the right to reject any and all bids, award by Council shall be made to the lowest responsive and responsible bidder.

(d) Qualifications Method. A design-build competition based on qualifications to meet program and performance requirements as set forth by the city in the request for qualifications. Limited drawings and specifications detailing the requirements of the design-build project may accompany the request for qualifications.

(1) The City Manager shall establish technical criteria and methodology to evaluate proposals and shall describe the criteria and methodology of evaluation and selection in the request for design-build proposals.

(2) Subject to the right to reject any and all proposals. award by Council shall be on the basis of technical criteria and methodology and may include, but not limited to a guaranteed maximum price for the design-build project and made to the Design-Build Entity whose proposal is judged as providing the best value in meeting the interests of the city and objectives of the design-build project.

(3) The City Manager shall have the discretion to determine whether a design-build contract is one or two phases, and may include additional terms, as set forth in the request for proposals.

(e) A Design-build competition based on a Design-build procurement process included or referenced in the statute or regulation of the design-build project funding source. Such funding sources shall include, but are not limited to the Federal Transit Administration, the Federal Aviation Administration, and the Federal Highway Administration.
(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2019-015, § 1, eff. 7-28-19).

SEC. 4-503. NON-APPLICABILITY OF ARTICLE.

The provisions of this article shall not apply to any of the following:

(a) Work done by the city with its own personnel and/or equipment.

(b) Any public work of improvement obtained from or through any governmental agency.

(c) When Council determines that the work to be done can only be provided by one source, and the purchase is authorized by resolution of the Council containing a declaration of the facts constituting the sole source.

(d) When the purchase is deemed by Council to be of urgent necessity for the preservation of life, health or property, and such purchase is authorized by resolution passed by at least five affirmative votes of the Council and containing a declaration of the facts constituting the urgency.
(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-504. REQUEST FOR PROPOSALS, BID INVITATION AND PERFORMANCE SPECIFICATIONS.

For purposes of this article only, prior to procuring a design-build contract, the city shall prepare the appropriate request for proposals or bid invitation setting forth the scope of the project that may include, but is not limited to, the size, type, and desired design character of the facilities and site, and performance specifications. The performance specifications shall describe the quality of construction materials, assemblies, and other information deemed necessary to adequately describe the city's needs. The performance specifications shall be prepared by a design professional.
(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-505. ESTABLISHMENT OF PRE-QUALIFICATION AND SELECTION PROCESS.

The City Manager may establish a competitive pre-qualification and selection process for Design-Build Entities that specifies the pre-qualification criteria, as well as recommends the manner in which the winning Design-Build Entity will be selected. The pre-qualification criteria for the purchase of the public work of improvement shall include whether the Design-Build Entity or any Design-Build Entity Member is a local business. For purposes of this article, "local business" shall mean a business with a fixed primary or branch office

within a twenty-five mile radius of Fresno City Hall, located at 2600 Fresno Street in the City of Fresno, and which fixed primary or branch office was established prior to the city requesting proposals or inviting bids for the respective purchase.
(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-506. CONSIDERATION OF SUBMITTED PRE-QUALIFICATION DOCUMENTATION.

All declarations submitted pursuant to this section shall be signed under penalty of perjury and state that reasonable diligence has been used in its preparation and that it is true and complete to the best of the signer's knowledge. Pre-qualification may be limited to consideration of all or any of the following documentation or evidence submitted by a Design-Build Entity at the request of the city:

(a) Proof of possession of all required licenses, registration and credentials in good standing that are required to design and construct the project.

(b) Documentation establishing that the Design-Build Entity Members have completed, or demonstrated the capability to complete, a project of similar size, scope, building type or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(c) A proposed project management plan establishing that the Design-Build Entity has the experience, competence and capacity needed to effectively complete the project.

(d) Evidence establishing that the Design-Build Entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement assuring the city that the Design-Build Entity has the capacity to complete the project.

(e) A declaration wherein the applying Design-Build Entity Members declare that they have not had a surety company finish work on any project within the past five years.

(f) A declaration stating that the Design-Build Entity will comply with all laws and regulations applicable to the project.

(g) A declaration stating that if awarded the contract, the Design-Build Entity and its Design-Build Members are in compliance with all laws and regulations regarding conflicts of interest.

(h) A declaration for each Design-Build Entity and Design-Build Entity Member stating that each is or is not a local business.

(i) A declaration providing all relevant information for the past five years concerning all of the following:

(1) Any civil, criminal or administrative liability imposed, or action filed, against the Design-Build Entity or any Design-Build Entity Member for violation of the Occupational Safety and Health Act.

(2) Any civil, criminal or administrative liability imposed, or action filed, against the Design-Build Entity or any Design-Build Entity Member for violation of the Contractors' State License Law.

(3) Any civil, criminal or administrative liability imposed, or action filed, against the Design-Build Entity or any Design-Build Entity Member for submitting a false or fraudulent claim to a governmental agency.

(4) Any civil, criminal or administrative liability imposed, or action filed, against the Design-Build Entity or any Design-Build Entity Member for violation of federal or state law governing the payment of wages, benefits or personal income tax withholding, or of Federal Insurance Contributions Act (FICA) withholding requirements, state disability insurance withholding or unemployment insurance payment requirements. For purposes of this subdivision, only violations by a Design-Build Entity/Design-Build Entity Member as an employer shall be deemed applicable, unless it is shown that the Design-Build Entity/Design-Build Entity Member, in its capacity as an employer, has knowledge of a subcontractor's violations or failed to comply with the conditions set forth in Section 1775(b) of the Labor Code, as amended.

(5) Any civil, criminal or administrative liability imposed, or action filed, against the Design-Build Entity or any Design-Build Entity Member for violation of any federal or state law governing equal opportunity employment, contracting or subcontracting.

(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-507. PRE-QUALIFICATION OF BIDDERS/PROPOSERS.

If the City Manager determines that pre-qualification of prospective bidders/proposers is required for a particular project pursuant to Section 4-505, the City Manager shall determine which bidders/proposers are qualified to bid/propose on that project based upon the process established pursuant to such section. If the City Manager determines any bidder/proposer is

not qualified to bid/propose on a project pursuant to the established pre-qualification process for the project, the Purchasing Manager on behalf of the City Manager shall provide written notice to the bidder/proposer which includes the bases for the determination, an identification of any supporting evidence therefor, and an opportunity for the bidder/proposer to appeal the determination. Any person aggrieved by a determination made by the City Manager pursuant to this section may appeal the determination only by complying with the requirements set forth in accordance with a resolution adopted by Council establishing procedures and requirements for appealing pre-qualification determinations hereunder. Unless otherwise provided by such resolution, the appeal shall be heard by the Administrative Hearing Officer pursuant to, and in accordance with the procedures set forth in, Chapter 1, Article 4 of this Code.

(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-508. SUBCONTRACTOR LISTING.

The city recognizes that the Design-Build Entity is charged with performing both design and construction. Because a design-build contract may be awarded prior to the completion of the design, it is often impracticable for the Design-Build Entity to list all subcontractors at the time of the award. It is the intent of the city to establish a clear process for the selection and award of subcontracts entered into pursuant to this article in a manner that affords protection for subcontractors while enabling design-build projects to be administered in an efficient fashion. All of the requirements expressly set forth herein shall apply to subcontractors, licensed by the state, that are employed on design-build projects undertaken pursuant to this article.

(a) The Design-Build Entity in each design-build proposal shall specify the construction trades or types of subcontractors that may be named as Design-Build Entity Members of the Design-Build Entity at the time of award. In selecting the trades that may be identified as Design-Build Entity Members of the Design-Build Entity, the Design-Build Entity shall identify the trades deemed essential in the design considerations of the design-build project.

(b) Subcontracts not listed at time of award shall be performed or awarded by the Design-Build Entity in accordance with a bidding process set forth in the respective request for proposals or bid invitation. The Design-Build Entity shall furnish to the city documentation to verify that all subcontracts not listed at the time of award were subsequently awarded in accordance with the respective request for proposals or bid invitation. All subcontractors that are listed at the time of award, or subsequently in accordance with the respective request for proposals or bid invitation, shall be afforded the protection of Section 4107 of the Public Contract Code, as amended.

(Added Ord. 2003-11, § 11, 4-4-03; Am. Ord. 2007-96, § 3, eff. 1-19-08).

ARTICLE 6 REGULATED COMMUNICATIONS WITH ELECTED OFFICIALS IN CITY PROCUREMENT PROCESS

Sec. 4-601. Regulated Communications in City Procurement Process.
Sec. 4-602. Declaration of Legislative Intent.
Sec. 4-603. Definitions.
Sec. 4-604. Applicability.
Sec. 4-605. Regulation of Communications During Competitive Procurement; Notice of Regulation.
Sec. 4-606. Disclosure of Regulated Communications.
Sec. 4-607. Sanctions.
Sec. 4-608. Evaluation of Disclosed Communications; Criteria for Imposition of Sanctions; Appeals.

SEC. 4-601. REGULATED COMMUNICATIONS IN CITY PROCUREMENT PROCESS.

This article shall be known as the Regulated Communications in City Procurement Process Ordinance.
(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-602. DECLARATION OF LEGISLATIVE INTENT.

In enacting this article, the Council hereby declares and finds as follows:

(a) All communications by and between Proposers, the Mayor and Councilmembers in competitive procurement should be open and public.

(b) All elected officials should be provided the same information for decision-making involved in competitive procurement.

(c) The provisions of this article are necessary and appropriate in order to instill greater public confidence in the integrity of the City's procurement processes by eliminating the appearance of impropriety and special consideration.

(d) The provisions of this article will lessen the chance of miscommunication or misunderstanding during competitive procurement.

(e) The provisions of this article will foster a greater sense of equity and fair play in competitive procurement.

(f) The provisions of this article ensure that the Mayor and all Councilmembers are afforded equal access to information during the procurement process.

(g) The provisions of this article are intended to provide Councilmembers and the Mayor more useful information with which to render a fair and just decision.

(h) This article furthers the Charter purpose of having professional staff research, evaluate, and make recommendations concerning the award of public contracts.

(i) Nothing in this article is intended to chill First Amendment Free Speech rights, such as the public's right to petition government, or the elected official's right of Free Debate.

(j) This article provides Proposers with defined channels to communicate information to Councilmembers and the Mayor, consistent with the overall purposes of this article.

(k) The award of a contract and the acts leading up to it are legislative in nature.

(l) In enacting this article, it is not the intent of the Council to change the legislative nature of its procurement process.

(m) This article generally, and Section 4-608 in particular, relate to an internal procedure dealing with the subject of competitive procurement. Nothing in this article shall confer upon, or create rights in, any person that the person would not have absent this article.

(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-603. DEFINITIONS.

The following definitions shall apply for purposes of this article:

(a) "Bidder" shall mean a person or entity responding to a competitive bid process, including a Bid Invitation as defined in this article.

(b) "Bid Invitation" shall mean a notice in writing to potential bidders to submit bids to the City, when any award is to be made to the lowest responsive and responsible bidder, subject to the City's right to reject any and all bids.

(c) "Communication" means communication in any form, directly or indirectly, by or between a Proposer, on the one hand, and Councilmember or the Mayor, on the other hand, during the pendency of a competitive procurement regardless of whether or not the Proposer at the time of the communication had yet to put forward, present, or sponsor a request, proposal, bid, or quote for consideration of a contract, if the Proposer eventually does so.

(d) "Competitive bidding" shall mean the offering procedure involving sealed bids to the City for materials, supplies, equipment or any public work of improvement, as described in Charter Section 1208 and referred to as "advertised bidding" in Chapter 4, Article 1 of this Code.

(e) "Competitive procurement" shall mean and include the processes for competitive bidding, notice of funding availability, request for expression of interest, request for proposals, and request for qualifications, as defined in this article.

(f) "Continue" shall mean to persist in, remain in, carry on, recommence or resume a communication.

(g) "Disclosure" shall mean the writing, or oral statement entered in Council proceedings, containing the information required by Section 4-606 necessary to disclose a regulated communication.

(h) "Elected official" shall mean the Mayor or any Councilmember.

(i) "Initiate" shall mean to cause a communication to begin; to send, transmit, or convey information.

(j) "Initiation of competitive procurement" shall mean the issuance, publication or announcement by the City of a procurement, including but not limited to: Notice of Funding Availability (NOFA), Request for Expression of Interest (RFEI), request for proposals (RFP), request for qualifications (RFQ), or Bid Invitation. The competitive procurement remains pending until it is completed upon either the award of a contract, or official City notice of cancellation of the process, or a determination by the Council not to award a contract, provided the determination is final in accordance with Sections 605 and 609 of the Charter and Council does not direct the re-initiation of the competitive procurement at the time it determines not to make an award.

(k) "Proposer" shall mean a person, other than a City division or department, who puts forward, presents, or sponsors an expression of interest, statement of qualification, request, proposal, bid, or quote for consideration of a contract, including a bidder. For purposes of this article, a Proposer is also any agent or representative, or officer of a Proposer, and any person holding an ownership, beneficial, equitable or security interest in a Proposer. However, a commercial lending institution is not a Proposer if it merely holds a security interest as a result of a loan or loans which are made in the lender's regular course of business on terms available to members of the public without regard to official status.

(l) "Record" shall mean the oral and written information conveyed to the Mayor and Council through writings and statements made available to the public in connection with a competitive procurement, and upon which the Council could rely in considering whether to award a contract. "Record" shall include oral communication during a regular or special meeting of the Council.

(m) "Regulated communication" shall mean any communication prohibited under Section 4-605 of this article.

(n) "Request for Expression of Interest" (RFEI) means a solicitation to prospective proposers on a procurement opportunity. An RFEI may be issued in advance of an RFP to assist in the development of a more definitive set of terms and conditions, scope of work or service and the selection of qualified proposers. An RFEI does not contain all of the information a prospective proposer needs to provide a full bid or proposal response, and should not to be construed as an RFP or notice inviting bids. The RFEI enables potential proposers to determine whether they have a serious interest in preparing a proposal or bid in response. The RFEI may be used simultaneously with a RFQ when the proposed procurement is well defined and the City has clear expectations for the procurement.

(o) "Request for proposal" (RFP) shall mean an invitation for providers of services or work to solicit the right to supply services or work to the City, when any award is to be made to a Proposer providing the best value in meeting the interest of the City and the objectives of the project, based on criteria, such as benefit to the City, qualifications, experience, and demonstrated ability, subject to the City's right to reject any and all proposals.

(p) "Request for qualification" (RFQ) shall mean a City request for the submission of a statement of qualifications from interested potential Proposers as a pre-requisite to a bid or proposal for the right to supply materials, supplies, equipment, services or work.

(q) "Subject Proposer," as used in Section 4-608 of this article, shall mean the Proposer who is the subject of a disclosure and consideration of potential sanctions.

(r) "Writing" shall mean a writing as defined in Evidence Code Section 250.

(s) "NOFA" shall mean a City-issued solicitation inviting eligible entities to apply for funding to provide services, programs, or activities consistent with City priorities or regulatory obligations. A NOFA includes criteria for eligibility, scope of work, available funding, evaluation factors, and application procedures, and may lead to the award of a contract, subrecipient agreement, or grant agreement.

(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2025-037, § 1, eff. 10-23-25).

SEC. 4-604. APPLICABILITY.

Except as otherwise provided and subject to all state and federal laws affecting the City's procurement procedures, this article applies to competitive procurement which may result in the award of a contract by the Council, including competitive bidding, notice of funding availability, request for proposals, request for expression of interest, and request for qualifications. It applies whether the procurement process is classified as legislative or otherwise. The requirements of this article apply upon the initiation of competitive procurement until the procurement process is completed, whether or not a contract is awarded. Any communication (even if unintended or inadvertent) covered by this article must be disclosed, as provided by this article or any other applicable local, state, or federal law or regulation.

(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2025-037, § 2, eff. 10-23-25).

SEC. 4-605. REGULATION OF COMMUNICATIONS DURING COMPETITIVE PROCUREMENT; NOTICE OF REGULATED COMMUNICATION RULE.

(a) No Proposer shall initiate, engage in, or continue any communication to or with any elected official, and no elected official shall initiate, engage in, or continue any communication to or with any Proposer, concerning or touching upon any matter which is the subject of a competitive procurement within the scope of this article except as permitted in this Section 4-605.

(b) Only communications meeting the following requirements are allowed under this ordinance: a communication that is

(1) Made on the record in a regular or special meeting of the Council; or

(2) Between or among elected officials outside of a regular or special Council meeting, provided that none of the communicants is an agent or representative of a Proposer, or acting in concert with or at the behest of a Proposer, and provided further the communication is not prohibited under the Ralph M. Brown Act (Government Code §§ 54950, et seq.); or

(3) Part of the record presented to the Council as a result of being communicated to City staff involved in, and in the ordinary course of, the competitive procurement; or

(4) An identical writing that is delivered simultaneously and by identical means to all elected officials, the City's Purchasing Manager, and the City Manager, at their respective official City offices. Except to the City's Purchasing Manager, hand deliveries must be made by someone other than a Proposer; or

(5) Made as a result of participation in a formal selection committee that may be established by the City Manager, or designee, to evaluate a proposal(s). Elected officials participating in a selection committee may receive documents that are not provided to all elected officials.

(6) Concerning an item after it is posted on the City Council Agenda by the City Clerk.

(c) An elected official's staff is not prohibited from communicating with Proposer(s), however staff is prohibited from sharing with the elected official information received as a result of such communication unless that communication is permissible under subsection (b).

(d) The regulated communication rule established by this section and a reference to this article shall be set forth in each Bid Invitation, NOFA, RFEI, RFP and RFQ, or in the respective specifications or other documents referred to therein.
(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2014-49, § 1, eff. 12-18-14; Am. Ord. 2025-037, §§ 3, 4, eff. 10-23-25).

SEC. 4-606. DISCLOSURE OF REGULATED COMMUNICATIONS.

(a) Any elected official and any Proposer who has initiated, engaged in, continued in, or received any regulated communication shall disclose that regulated communication, as provided in this section.

(b) A regulated communication should be disclosed at the earliest feasible time, but in any event, it shall be disclosed no later than 24 hours or the next business day following such communication, whichever is earlier.

(c) Disclosures shall be in writing unless the regulated communication occurs on the date the Council is to consider award of the contract, in which case it may be orally disclosed on the record during the Council proceedings concerning the subject procurement. Written disclosures shall be directed to the City's Purchasing Manager, and a copy filed with the City Clerk.

(d) The disclosure shall contain all the information necessary to fully and fairly convey the substance of the communication. At minimum, disclosures shall include the following information:

(1) Person making the disclosure.

(2) Date, time and place of the regulated communication.

(3) Identity of each person who initiated, engaged in, continued or received the regulated communication.

(4) Copies of all written regulated communications.

(5) Summary of all oral regulated communications.

(6) Identity of all persons present during the regulated communication.

(7) Identification of subject competitive procurement and subject Proposer.

(e) The City Clerk shall promptly distribute to all Councilmembers and the Mayor every disclosure filed pursuant to this section 4-606.
(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08).

SEC. 4-607. SANCTIONS.

(a) In accordance with the applicable procedures for the respective competitive procurement as referenced or set forth in the specifications of the respective Bid Invitation, NOFA, RFEI, RFP or RFQ, a Proposer or applicant violating this article may be sanctioned as follows:

(1) Disqualification from the competitive procurement; and/or

(2) A finding of non-responsibility under the procurement; and/or

(3) Setting aside by Council of any award of contract prior to its execution by both parties.

(b) These sanctions may be imposed in addition to any remedies provided by any other law or regulation.
(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2025-037, § 5, eff. 10-23-25).

SEC. 4-608. EVALUATION OF DISCLOSED COMMUNICATIONS; CRITERIA FOR IMPOSITION OF SANCTIONS; APPEALS.

(a) The City's Purchasing Manager shall ensure that the information which is the subject of a disclosure is reviewed, evaluated, and processed in accordance with applicable laws and regulations, this article, and the specifications, criteria and requirements of the applicable competitive procurement.

(b) The City's Purchasing Manager shall report the disclosure in the record of the competitive procurement, summarize the results of the evaluation of the disclosure, and make a recommendation on whether or not to impose sanctions concerning the regulated communication.

(c) Before sanctions may be imposed, it shall first be established that the subject Proposer did initiate, engage in or continue a regulated communication, and, if so, whether any of the following extenuating circumstances exist:

(1) The regulated communication was inadvertent and did not affect the integrity or outcome of the procurement process.

(2) The regulated communication was initiated by the Mayor or a Councilmember, the subject Proposer advised the Mayor or Councilmember of the regulated communication rule, and the subject Proposer did not continue or engage in the regulated communication.

(3) The regulated communication was made under bona fide mistake of fact or law, other than a mistake or ignorance of the provisions of this article, and the regulated communication was not material to the procurement. A regulated communication may be deemed material if it relates to any provision of a Bid Invitation, NOFA, RFEI, RFP, RFQ, or specifications or other documents referenced therein, including documents responsive to a Bid Invitation, NOFA, RFEI, RFP or RFQ, unless the regulated communication is so obviously insignificant and unimportant that it could be objectively found that no reasonable person would have been influenced by it, or attached any importance to it.

(d) In the absence of extenuating circumstances, the subject Proposer may be sanctioned under this article if doing so is deemed consistent with the objectives of this article and in the best interest of the City.

(e) The subject Proposer may appeal the determination of the City's Purchasing Manager that forms the basis of his or her recommendation for imposition of a sanction in accordance with the appeal procedures specifically applicable to the subject Bid Invitation, NOFA, RFEI, RFP, or RFQ. In the absence of such a specifically applicable appeal procedure, the subject Proposer may take an appeal in accordance with Chapter 1, Article 4 of this Code.

(f) If a disclosure is made subsequent to the posting of the Council agenda which includes notice of the consideration of the subject contract, the Council shall refer the matter back to the Purchasing Manager for his or her evaluation, and report and recommendations, in accordance with this section.

(Added Ord. 2004-41, § 1, eff. 5-7-04; Am. Ord. 2007-96, § 3, eff. 1-19-08; Am. Ord. 2025-037, § 6, eff. 10-23-25).

CHAPTER 5

CITY FACILITIES*

Art. 1. Naming Public Facilities.
Art. 2. Fresno City-County Community and Convention Center Manager and Management.
Art. 3. Transit Regulations.
Art. 4. Airport Regulations.
Art. 5. Parks and Playground Regulations.
Art. 6. Police Department Military Equipment Regulations.

***Editor's note—**Ord. 2007-96, §§ 2 and 4, effective January 19, 2008, amended the Code by repealing former ch. 5, §§ 5-101, 5-201—5-223, 5-301—5-315, 5-401—5-405, and 5-501—5-515, and adding a new ch. 5. Original history information has been retained with the appropriate section, where possible.

ARTICLE 1 NAMING AND RENAMING CITY FACILITIES

Sec. 5-101. Naming Public Facilities.

SEC. 5-101. NAMING PUBLIC FACILITIES.

The Council shall have the power to name and rename public facilities following a public hearing noticed and held in accordance with rules and regulations promulgated by the City Manager.

(Added Ord. 78-191, § 1, eff. 1-19-79; Am. Ord. 80-19, § 1, eff. 3-21-80; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-201. DEFINITIONS.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article.

(a) "Arena" means the Center Sports Arena, and all halls, rooms, and facilities thereof.

(b) "Catering Kitchen" means the catering kitchens and pantries located in the Exhibit Hall and all of the equipment, utensils, and other implements therein used or designed to be used for the purpose of preparing and serving food in the Center.

(c) "Center" means any portion or facility of the Fresno City-County Community and Convention Center complex, including the Theater, Exhibit Hall, Sports Arena, Conference Center, and all halls, rooms, malls, and related facilities, and parking; unless the phrase "entire Center complex" is used, in which event it shall mean all of the Fresno City-County Community and Convention Center complex.

(d) "Concession Contract" means an agreement between the city and a concessionaire (other than a Lease, Temporary Use Permit, Permit, License, Special Use License or Supplemental License Agreement), on a term basis, whereunder the concessionaire is granted the right to use the Center and the adjoining public rights-of-way for the purpose of providing services or selling items to a licensee or its patrons, or to the general public in connection with the use of the Center by the licensee.

(e) "Conference Center" means the structure between and exclusive of the parking garage and hotel on "M" Street between Inyo and Ventura Streets in the city, which contains a ballroom, meeting facility and common areas.

(f) "Exhibit Hall" means the Center Exhibit Halls, and all halls, rooms, and facilities thereof.

(g) "Gross Receipts" means the entire receipts and revenue, including, but not limited to, the revenue from the sale of radio and television rights, received or receivable by any concessionaire, lessee, licensee or permittee, and by any subcontractor thereof: and derived or generated from or in connection with its use of the Center, without deduction for any expenditure, cost of operation, or other expense or cost, but excluding therefrom receipts for federal, state, county, or city excise, sales, or other taxes.

(h) "Lease" means an agreement between the city and a lessee (other than a Concession Contract, Temporary Use Permit, Permit, License, Special Use License or Supplemental License Agreement) whereby the city leases to lessee the Center for a non-event use, such as for storage or office space, on a term basis not exceeding twelve months; subject to termination by city upon reasonable notice to lessee, as may be provided in the Lease, that the space is needed for another use; setting forth terms and conditions consistent with this article.

(i) "License" means the written permission of the city (other than a Concession Contract, Lease, Temporary Use Permit, Permit, Special Use License or Supplemental License Agreement), issued to a licensee on an event basis, whereunder the licensee is granted the right to use the Center for any of its principal uses, such as shows, sporting events, meetings, exhibitions, dinners, dances, and similar events.

(j) "Manager" means the Center Director.

(k) "Permit" means the written permission of the city (other than a Concession Contract, Lease, Temporary Use Permit, License, Special Use License or Supplemental License Agreement), issued to a permittee on an event basis, whereunder the permittee is granted the right to use the Center for the purpose of providing services or selling items to licensee or its patrons, or to the general public in connection with the use of the Center by the licensee.

(l) "Special Use License" means a license (other than a Concession Contract, Lease, Temporary Use Permit, Permit, License or Supplemental License Agreement), whereby the special use licensee is granted the right to use the Center for a special use and other than as a principal use, such as advertising on or off-site services or products. A Special Use License may be exclusive or non-exclusive, and shall be issued for a term not exceeding twelve months, or for an event or series of events or activities taking place within a twelve month period.

(m) "Supplemental License Agreement" means an exclusive or nonexclusive agreement (other than a Concession Contract, Lease, Temporary Use Permit, Permit, License or

Special Use License) between the city and a licensee, on a multi-event and term basis not exceeding five years, setting forth terms and conditions consistent with this article and to be supplemental to, and incorporated within, city's License.

(n) "Temporary Use Permit" means the written permission, revocable at will, of the city (other than a Concession Contract, Lease, Permit, License, Special Use License or Supplemental License Agreement) issued to a permittee on a term basis not exceeding twelve months, whereunder the permittee is granted the right to use the Center for non-event purposes, such as for storage or office space, on terms and conditions consistent with this article.

(o) "Theater" means the Center Theater, and all halls, rooms, and facilities thereof.

(Added Ord. 6783, 1966; Am. Ord. 83-153, §§ 1, 2, eff. 12-2-83; Am. Ord. 98-74, §§ 1, 2, eff. 10-24-98; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 1, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-202. SUPERVISION AND MANAGEMENT.

(a) Subject at all times to the administrative and policy determinations and directions of the Council and the City Manager, the Manager shall generally supervise, oversee, and manage the maintenance and operation of the entire Center complex, and shall have full authority over all operating personnel, including lessees, permittees, licensees, concessionaires, public address system operators, stagehands, ushers, police, and other employees of said lessees, permittees, licensees, concessionaires, while they are anywhere on the premises of the entire Center complex.

(b) The Manager shall keep a complete and accurate record of all space reserved, services rendered and monies collected, and shall deposit the monies collected with the Controller of the city at such times and at such a place as the Controller may designate. The Manager shall file with the Controller copies of such receipts, invoices and other financial documents as the Controller may require.

(c) City Manager may designate any person to exercise or perform any of the powers or duties of the Manager.

(Added Ord. 6783, 1966; Am. Ord. 72-12, 1972; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 2, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-203. PROHIBITED ACTIVITIES.

No person shall use the Center for any purpose without there first having been executed and delivered by the city an appropriate Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit specifically permitting such use.

(Added Ord. 6783, 1966; Am. Ord. 98-74, § 3, eff. 10-24-98; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 3, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-204. CONCESSION CONTRACTS.

Concession Contracts may be authorized only by the Council.
(Added Ord. 6783, 1966; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-205. LEASES, LICENSES AND PERMITS.

Leases, Licenses, Permits, Special Use Licenses, Supplemental License Agreements and Temporary Use Permits may be negotiated, executed and delivered by the Manager on behalf of the city on forms which have first been approved as to form in writing by the City Attorney. The Manager may terminate, revoke, cancel or rescind, and consent to the assignment of, any Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit on behalf of the city.
(Added Ord. 6783, 1966; Am. Ord. 72-12, 1972; Am. Ord. 98-74, § 4, eff. 10-24-98; Am. Ord. 2002-22, § 4, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-206. CONCESSION, LICENSE AND PERMIT FEES; LEASE RENT.

(a) As a condition to the issuance of a Concession Contract, License, Permit, Special Use License or Supplemental License Agreement, a concessionaire, licensee or permittee shall agree to pay, and shall pay, to the city the concession, license or permit fees and charges set forth therein, provided that such total fees and charges shall not in any event be less than a sum determined in accordance with the provisions of this subsection, together with such extra charges as are determined in accordance with Section 5-207.

(1) Rates. The rates for any use of the Center by a concessionaire, licensee or permittee shall be as provided in the Master Fee Resolution, subject to subdivisions (2), (3) and (4) of this subsection.

(2) Manager's Discretion. The Manager shall have the authority to negotiate concession, license or permit fees in his or her discretion to serve the best interests of the Center and the city, provided that in no event shall any concession, license or permit fee be less than the fee determined by applying the base rate provided in the Master Fee Resolution.

(3) Exhibition Rates. The rate for space for exhibit purposes shall be as designated in the Master Fee Resolution.

(4) Rehearsals. Subject to the availability of facilities, and subject to cancellation upon 24 hours' notice by Manager or licensee, rehearsals, practices and drills may be permitted in such portions of the Center, and at such times, as the Manager may designate, at such charges as may be prescribed in the Schedule of Extra Charges or as otherwise agreed to by Manager. In the event that licensee cancels a scheduled rehearsal, practice or drill and fails to provide Manager at least 24 hours notice of such cancellation, the prescribed or agreed upon charge shall be assessed by Manager for such scheduled rehearsal, practice or drill.

(b) As a condition to the issuance of a Lease or Temporary Use Permit, a lessee or permittee thereunder shall agree to pay, and shall pay, to the city the proportionate cost of all utilities and the rent or permit fees and charges set forth therein, provided that such total fees and charges shall not in any event be less than a sum determined in accordance with the provisions of this subsection, together with such extra charges as are determined in accordance with Section 5-207. The Manager shall have the authority to negotiate rent or permit fees in his or her discretion to serve the best interests of the Center and the city, provided that in no event shall any rent or permit fee be less than the minimum rates as provided in the Master Fee Resolution.

(Added Ord. 6783, 1966; Am. Ord. 70-44, 1970; Am. Ord. 79-147, § 1, eff. 10-5-79; Am. Ord. 80-115, §§ 13—16, eff. 8-8-80; Am. Ord. 90-18, § 1, eff. 3-23-90; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 5, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-207. EXTRA CHARGES.

Each lessee, concessionaire, licensee and permittee shall pay to the city, in addition to any otherwise applicable rent, concession, license or permit fee, a fee for extra services or special facilities provided by the city at the request of such concessionaire, lessee, licensee or permittee, or necessitated by the use of the Center by such concessionaire, lessee, licensee or permittee, in accordance with the Schedule of Extra Charges prescribed by the Master Fee Resolution. Such extra services and special facilities shall include, but not be limited to: city's public address system; outside amplification which is interconnected with any regular interior usage of the Center; any supervision, installation or equipment provided by city to facilitate or enable the playing of any recording or the broadcast of any program (including radio and television) over any amplification system; special seating arrangements; use of city's fork lift and operator; change in seating arrangements; special mechanical or electrical connections, equipment, or services; janitor work beyond the usual and customary hours; erection of platform and stands other than those usually and customarily furnished; admission attendants, ticket sellers, ticket takers, ushers, guards and police protection.

(Added Ord. 6783, 1966; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 6, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-208. DEPOSITS AND REFUNDS.

In advance of, or contemporaneously with, the issuance of a Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit, the Manager may, in his or her discretion, require an advance, non-interest earning deposit of rent, fees and/or charges to secure the payment of such rent, fees and/or charges, and/or to secure reservation of dates for the use of the Center. Such deposit shall be retained by the city and credited against any rent, fees and charges due and owing, and shall be refunded by city only in the following cases:

(a) The Manager receives written notice of cancellation of the scheduled use from the concessionaire, licensee or permittee at least thirty days prior to the start date of the

scheduled use, and the Manager determines, in his/her reasonable discretion, that the city will not be materially prejudiced, or incur any detriment, as a result of such cancellation; or

(b) The scheduled use is cancelled at any time prior thereto by the Manager under the terms of the rules and regulations governing the management of the Center and a refund is thereby permitted.

(Added Ord. 6783, 1966; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 7, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-209. ACCOUNTS AND AUDITS.

Whenever the fee and charges payable for any use of the Center may be dependent upon the Gross Receipts of a concessionaire, lessee, licensee or permittee, the Manager shall have the right to direct the form of tickets, accounts, records, and reports, and the methods of sales, controls, and accounting, to be used by the concessionaire, lessee, licensee or permittee, and the Manager, or his or her designated representative, shall have the right at any time to inspect, copy, and audit any and all of the books, records, and papers of the concessionaire, lessee, licensee or permittee pertaining in any way to the use of the Center. Unless the Manager otherwise permits, all admission and other tickets shall be secured from a bonded printing company approved by the Manager and such company shall transmit the ticket manifest directly to the Manager, and the form and number of all passes shall be approved by the Manager, and all passes in excess of the number approved shall be accounted for as paid admissions. In the event the concessionaire, lessee, licensee or permittee fails to comply with such directions or maintain such records and reports, refuses to permit such inspection, copying, or auditing, or otherwise fails to comply with the provisions of this section, the Manager may estimate the Gross Receipts, and such estimate, as it may be modified by the Manager, shall be binding upon the concessionaire, lessee, licensee or permittee for the purpose of determining the fees and charges payable.

(Added Ord. 6783, 1966; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 8, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-210. BOND MAY BE REQUIRED.

The Manager may require any person applying for a Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit to furnish a bond satisfactory to Manager, in cash or issued by a corporate surety, guaranteeing that applicant, if granted a Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit, will well and faithfully perform each and every term and condition thereof and will abide by and observe all applicable federal, state and local laws, rules and regulations including, without limitation, the rules and regulations governing the management of the Center as established by the Manager. Every such bond issued by a corporate surety shall be subject to the approval of the City Attorney as to form.

(Added Ord. 6783, 1966; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 9, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-211. INSURANCE LIABILITY.

Each concessionaire, lessee, licensee or permittee shall take out and keep in force during the period of use covered by any Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit, or any extension thereof, the following policies of insurance issued by an insurance company or companies either admitted by the California Insurance Commissioner to do business in the State of California and rated not less than "A-VII" in Best's Insurance Rating Guide, or acceptable to the city's Risk Manager:

(a) Commercial General Liability insurance which shall include contractual, products and completed operations coverages, bodily injury and property damage liability insurance with combined single limits of not less than $1,000,000 per occurrence, except for a lessee who, for the period of use covered by any Lease, shall take out and keep in force Commercial General Liability insurance which shall include contractual, products and completed operations coverages, owner, landlord and tenants liability, fire legal liability, bodily injury and property damage liability insurance with combined single limits of not less than $1,000,000 per occurrence; and,

(b) Workers' Compensation insurance as required under the California Labor Code; and,

(c) If liquor is to be sold, the seller shall have liquor legal liability insurance of not less than two million dollars ($2,000,000.00).

In the policy or policies providing such insurance the city, its officials, officers, employees, volunteers and agents, shall be named as additional insureds with primary coverage, whether or not such insured shall have other insurance against any loss covered by said insurance. Said policy shall contain a standard cross-liability endorsement and shall provide that the policy shall not be cancelled, changed or renewed prior to the termination of the Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit, or until thirty days following the date the Manager shall have received written notice of such cancellation change or renewal, whichever shall first occur. A copy of said policy of insurance including a certificate of insurance and additional insured endorsement shall be delivered to city on or before the date on which said concessionaire, lessee, licensee or permittee takes possession of the use and occupancy of the Center, showing the policy or policies to be in full force and effect. Additionally, the certificate of insurance must include the specific dates of coverage and the following statement "All operations or activities conducted on the Center are summarily covered at all times during any period of occupancy."
(Added Ord. 6783, 1966; Am. Ord. 87-138, § 1, eff. 11-13-87; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 10, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-212. GENERAL TERMS AND CONDITIONS.

(a) Each concessionaire, lessee, licensee or permittee and their agents, officers, and employees, shall take possession of use and occupancy of the Center "as is", and shall comply with all applicable federal, state and local laws, rules and regulations, as adopted or established from time to time by the Manager or by any governmental entity, agency or

department including, without limitation, the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, including enabling laws, regulations, rules and guidelines, as to accessibility (including assembly areas, accessible routes, and auxiliary aids), and non-discrimination. Any violation thereof by a concessionaire, lessee, licensee, permittee or any of their agents, officers, or employees shall, at the discretion of the Manager, and without limitation of rights and remedies otherwise available under law, equity or contract, subject any such violator to immediate expulsion from the Center and the forfeiture of all fees, charges, deposits and bond obligations theretofore paid or provided, without releasing in any manner any obligations for the payment of fees and charges, required to be paid under any Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit, for the full term thereof.

(b) No oral agreements for the use of the Center shall be binding on the Manager or the city. The Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit issued by the city and signed by all parties thereto, shall constitute the contract between the city and the respective concessionaire, lessee, licensee or permittee.

(c) Upon written notice to the concessionaire, lessee, licensee or permittee, the city or the Manager may cancel or revoke any Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit when the respective concessionaire, lessee, licensee or permittee is, in the reasonable discretion of the city or the Manager, determined to be acting contrary to the public interest, health, safety and/or welfare as specifically set forth in said notice.

(d) Except as otherwise acceptable to city's Risk Manager, by its signing of a Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit as hereinabove provided, a concessionaire, lessee, licensee or permittee, at its sole cost and expense, shall covenant and agree to relieve and discharge the city, its officials, officers, agents, volunteers and employees, from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and for loss, injury, claim, demand, action in law or equity, (including attorney's fees and litigation expenses) or damage to any person, persons, or property that may be sustained directly or indirectly by reason of the possession, occupancy or use of the Center, and to save them free and harmless and defend and indemnify them therefrom; and every concessionaire, lessee, licensee and permittee shall further agree to pay for any and all damage to the Center and damage to or loss of any of the property and equipment of the Center, and any other property of the city or third parties, resulting, either directly or indirectly, from such possession, occupancy or use of the Center, or by or through the negligence or other acts of said concessionaire, lessee, licensee, permittee, or any of their agents, employees or invitees in connection with or during said use or occupancy. The city's Risk Manager may require concessionaire, lessee, licensee or permittee to covenant and agree that the obligations under the preceding sentence shall apply regardless of whether the city or any of its officers, officials, employees, agents or volunteers

are actively or passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused solely by the active negligence or by the willful misconduct of the city or any of its officers, officials, employees, agents or volunteers.

(e) No Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit, or any interest therein, shall be assigned by any such concessionaire, lessee, licensee or permittee without the prior written consent of city.

(f) Every concessionaire, lessee, licensee and permittee shall furnish or pay for police or security protection as may be required by the Manager during the use of the Center, and if such concessionaire, lessee, licensee or permittee fails or refuses to furnish police or security protection satisfactory to the Manager, the Manager may furnish the same and charge the cost thereof to the concessionaire, lessee, licensee or permittee.

(g) The Manager and other duly authorized representatives of the city shall have the right to enter the entire Center complex, and all parts thereof, for any purpose and at all times during all uses thereof by concessionaire, lessee, licensee or permittee.

(h) No copyrighted works including musical compositions, whether held by a member of the American Society of Composers, Authors and Publishers ("ASCAP") or other copyright holder(s), shall be presented, played or sung in connection with any use of the Center, either amplified, televised, or otherwise, and either in the form of a mechanical recording or personal rendition, unless the concessionaire, lessee, licensee or permittee sponsoring the program shall have first paid any license fee, royalty or other fee required by ASCAP or other copyright holder, and upon the request of Manager shall have provided evidence of such payment.

(i) Any Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit issued pursuant hereto shall provide that the concessionaire, lessee, licensee or permittee shall quit the facilities at the expiration of the time provided in such Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit and that the concessionaire, lessee, licensee or permittee shall leave the Center including the facilities, furnishings and equipment thereof in the same condition as existed prior to the onset of concessionaire's, lessee's, licensee's or permittee's possession, use or occupancy, whichever is earlier, except for ordinary wear and tear.
(Added Ord. 6783, 1966; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 11, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-213. ISSUANCE OF LICENSE TO STATE OR FEDERAL GOVERNMENTS.

Notwithstanding anything in this article to the contrary, whenever a state or federal government or any department or agency thereof applies for the use of the Center or portion thereof under a Concession Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit, and the laws or regulations under which such applicant acts will not permit the insurance and/or indemnity obligations imposed under Article 2 upon applicants, or if such governmental applicant is self-insured, a Concession

Contract, Lease, License, Permit, Special Use License, Supplemental License Agreement or Temporary Use Permit may be issued without the city's standard insurance and/or indemnity obligations otherwise imposed upon applicants under this Article 2, provided that any variation from such city standard imposed under this article shall be subject to the approval of the Manager and the City Attorney.
(Added Ord. 71-50, 1971; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2002-22, § 12, eff. 5-30-02; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-214. SPECIAL REQUIREMENTS.

Permits involving catering or food services shall be issued only to a duly licensed caterer or food service provider, however, no Permit shall be issued if the Manager, in his or her reasonable discretion, determines that the applicant for said Permit does not possess the professional ability, skill, personnel or assets necessary to provide quality catering or food services. The determination of the Manager shall be final for all purposes.
(Added Ord. 6783, 1966; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-215. PUBLIC REGULATION.

All persons on any part of the property comprising the entire Center complex and the public rights-of-way adjoining the Center shall be governed by the provisions of this article and by orders and instructions of the Manager acting for and on behalf of the city relative to the use or occupancy of any part of the property comprising the entire Center complex or the public rights-of-way adjoining the Center.
(Added Ord. 68-56, 1968; Am. Ord. 98-74, § 5, eff. 10-24-98; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-216. ENFORCEMENT.

Each member of the staff of the Manager, if directed by the Manager, is empowered, as a representative of the Manager, to require compliance with the provisions of this article.
(Added Ord. 68-56, 1968; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-217. PEDESTRIANS.

Pedestrians in marked pedestrian lanes on the Center shall at all times have the right of way over vehicular traffic.
(Added Ord. 68-56, 1968; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-218. PARKING.

No person shall park a motor vehicle on the Center other than in an area specifically established for parking and in the manner prescribed by the Manager. No person shall

abandon any motor vehicle on the Center area, nor shall any person park a motor vehicle on the Center area for a period in excess of twenty-four hours unless express approval for such parking is obtained from the Manager. No person shall park a motor vehicle in any space marked off for the parking of vehicles in such a manner as to occupy part of another marked space. No person shall park any motor vehicle in excess of the time limit prescribed for the particular parking area, nor shall any person park any motor vehicle in any restricted area. No person shall park a motor vehicle in an area requiring payment for parking thereon without paying the required parking fee, as designated in the Master Fee Resolution.
(Added Ord. 68-56, 1968; Am. Ord. 80-115, § 17, eff. 8-8-80; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-219. PENALTY FOR VIOLATION.

Violation of Section 5-218 is an infraction.
(Added Ord. 76-64, § 3, eff. 7-1-76; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-220. CONDUCT.

(a) No person shall be disorderly, obnoxious, indecent, or commit any act of nuisance on the Center.

(b) No person shall engage in, or operate, gambling in any form on the Center.

(c) No person shall dispose of garbage, papers, or refuse, or other material on the Center, except in receptacles provided for that purpose.

(d) No person shall use a comfort station other than in a clean and sanitary manner.

(e) No person shall expectorate on the floors, walls, or other surfaces of any Center building.

(f) No person shall destroy, injure, deface, or disturb any building, sign, equipment, marker, or other structure, tree, flower, lawn, or other property on the Center.

(g) No person shall alter, make additions to, or erect, any building or sign, or make any excavations on the Center without the permission of the Manager.

(h) No person shall willfully abandon any personal property on the Center.

(i) No person shall enter any restricted areas posted as being closed to the public, except as provided in this article.

(j) No person shall take into any Center building any alcoholic beverage, illegal or hazardous substance, bottle, can, vacuum bottle, canteen, or other beverage container, unless such person is otherwise authorized by the Manager to display or otherwise make use of such beverage in said building.
(Added Ord. 68-56, 1968; Am. Ord. 72-12, 1972; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-221. USE OF ROADS AND WALKS.

(a) No person shall travel on the Center other than on roads, walks, or places provided for the particular class of traffic.

(b) No person shall occupy the roads or walks in such a manner as to hinder or obstruct their proper use.

(c) No person shall walk in a picket line as a picket or take part in any labor or other public demonstrations on any part of the entire Center complex, except in places which would only affect the operation picketed and which are specifically designated for such a use by the Manager.
(Added Ord. 68-56, 1968; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-222. ANIMALS.

No person shall enter any building in the entire Center complex with a dog or other animal, except that service animals may be permitted and animals may enter with animal shows and stage acts.
(Added Ord. 68-56, 1968; Am. Ord. 2000-83, §§ 1, 2, eff. 2-2-01; Am. Ord. 2007-96, § 4, eff. 1-19-08).

ARTICLE 3 TRANSIT REGULATIONS

Sec. 5-301. Rules and Regulations.
Sec. 5-302. Enforcement Authority.
Sec. 5-303. Fees, Fares, Rates, Penalties and Charges.
Sec. 5-304. Special Transportation Service.
Sec. 5-305. Passenger Restrictions and Conduct.
Sec. 5-306. Business or Commercial Activity.
Sec. 5-307. Lost or Unclaimed Property.
Sec. 5-308. Conduct on or about Transit Property.
Sec. 5-309. Penalty for Fare Evasion.
Sec. 5-310. Severability.

SEC. 5-301. RULES AND REGULATIONS.

(a) The Director of Transportation ("Director") may make such rules and regulations, as are not inconsistent with the provisions of this article, and as may be necessary or desirable to aid in transit operations and in the administration or enforcement of the provisions of this article.

(b) All persons when upon any transit bus or on any portion of Department of Transportation property shall be governed by applicable laws, this article, and by rules and regulations of the Director.
(Added Ord. 78-173, § 1, eff. 12-22-78; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-302. ENFORCEMENT AUTHORITY.

(a) Each employee of the Department of Transportation is empowered, as a representative of the Director, to require compliance with the provisions of this article, in accordance with the written scope of his or her assigned duties.

(b) The Director shall have the responsibility to administer and enforce the provisions of this article. The Director shall have the authority to designate employees as enforcement officers in conformance with this article to assist in the enforcement responsibilities, including the issuance of administrative citations pursuant to Section 1-308 of this Code.
(Added Ord. 78-173, § 1, eff. 12-22-78; Am. Ord. 2007-96, § 4, eff. 1-19-08; Am. Ord. 2018-10, § 1, eff. 3-19-18).

SEC. 5-303. FEES, FARES, RATES, PENALTIES AND CHARGES.

The Council shall designate, in the Master Fee Resolution, the fees, fares, rates, penalties, and charges for services provided by the Department of Transportation.
(Added Ord. 78-173, § 1, eff. 12-22-78; Am. Ord. 80-115, § 12, eff. 8-8-80; Am. Ord. 2007-96, § 4, eff. 1-19-08; Am. Ord. 2018-10, § 2, eff. 3-19-18).

SEC. 5-304. SPECIAL TRANSPORTATION SERVICE.

The Director, when required by law, shall, and otherwise may, establish and provide special transportation service in the community to meet the needs of any individual who, because of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, cannot use other forms of public transportation.
(Added Ord. 78-173, § 1, eff. 12-22-78; Am. Ord. 2007-96, § 4, eff. 1-19-08; Am. Ord. 2018-10, § 3, eff. 3-19-18).

SEC. 5-305. PASSENGER RESTRICTIONS AND CONDUCT.

In addition to other penalties provided by law, all persons shall abide by the following restrictions while on a transit bus and may be denied admittance thereto or removed therefrom, unless the following restrictions and conduct are initially and continuously met:

(a) No person shall smoke any cigarette, cigar, pipe, or other smoke emitting device or substance;

(b) No person shall transport any animals or pets, unless in a container, with the exception of service animals accompanying;

(c) No person shall play any portable radios, tape decks, noise makers or other noise producing or musical instruments;

(d) No person shall be disorderly, obnoxious, indecent, or commit any act of nuisance. The phrase "commit any act of nuisance" as used in this section shall include the intentional evacuation of the bowels or bladder at a place not provided for that purpose;

(e) No person shall engage in gambling or operate a gambling device in any form;

(f) No person shall dispose of garbage, papers, or refuse or other material, except in receptacles provided for that purpose;

(g) No person shall expectorate on the floors, walls, or other surfaces;

(h) No person except peace officers, duly authorized personnel of the United States Post Office, military security personnel, or members of the Armed Forces of the United States on official duty, shall carry any weapon, explosive, or inflammable material on any transit bus or transit property; except that cigars, cigarettes, pipe lighters, or other similar flame ignition devices or matches which are not operated or lit may be carried on any such transit bus or upon transit property. Upon completion of appropriate training and certification as required by the City, transit employees shall be allowed to carry Oleoresin Capsicum (commonly known as "pepper spray"), while operating a transit bus or while on transit property. For purposes of this subsection, Oleoresin Capsicum is considered a weapon;

(i) No person shall be admitted on a bus unless wearing shoes and a shirt; and

(j) No person shall evade the payment of a fare of any transit vehicle or system, which shall include:

(1) Entering an enclosed area of a transit facility beyond posted signs prohibiting entrance without obtaining valid fare;

(2) Entering a transit vehicle without valid fare;

(3) Misuse of a transfer, pass, ticket, or token with the intent to evade the payment of a fare;

(4) Unauthorized use of a discount ticket; and

(5) Failure to present, upon request by a designated transit representative, or within 72 hours thereafter, acceptable proof of identification or eligibility to use a discount ticket.

(Added Ord. 78-173, § 1, eff. 12-22-78; Am. Ord. 81-106, § 4, eff. 9-25-81; Am. Ord. 2007-96, § 4, eff. 1-19-08; Am. Ord. 2011-6, § 4, eff. 4-10-11; Am. Ord. 2018-10, § 4, eff. 3-19-18).

SEC. 5-306. BUSINESS OR COMMERCIAL ACTIVITY.

(a) No person shall engage in any business or commercial activity of any nature whatsoever on transit property, except with the approval of, and under such terms and conditions as may be prescribed by, the Council.

(b) No person shall post, distribute, or display signs, advertisements, circulars, or any other printed or written matter on transit property except with the approval of the Director and in such manner as he or she may prescribe unless permitted by contract which has been approved by the Council.

(c) No political advertising matter or sign shall be displayed upon any bus or on transit property.

(d) No person shall take still, motion or sound pictures on public areas of transit property for commercial purposes without permission of the Director, except that duly authorized newspaper or television news media personnel may take pictures of newsworthy events for newspaper or television display only.

(Added Ord. 78-173, § 1, eff. 12-22-78; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-307. LOST OR UNCLAIMED PROPERTY.

Lost or unclaimed property on transit buses or property shall be received, kept, sold, and disposed of as required in Chapter 4, Article 3 of this Code.

(Added Ord. 78-173, § 1, eff. 12-22-78; Am. Ord. 81-106, § 5, eff. 9-25-81; Am. Ord. 2007-96, § 4, eff. 1-19-08; Am. Ord. 2018-10, § 5, eff. 3-19-18).

SEC. 5-308. CONDUCT ON OR ABOUT TRANSIT PROPERTY.

(a) No person shall destroy, injure, deface, or disturb any part of a transit bus, building, sign, equipment, structure, shelter, bus bench, or other transit property;

(b) No person shall loiter on any transit bus, bus bench, shelter, or on transit property;

(c) No person shall knowingly or willfully make any false statement or report to the Director, Transit Manager, or any Supervisor or employee of transit;

(d) No person shall knowingly or willfully provide false identification to a peace officer, or other designated representative of the Director, when engaged in the enforcement of this article;

(e) No person shall enter any restricted transit areas posted as being closed to the general public, except as may be authorized by the Transit Manager;

(f) No person shall interfere or tamper with any transit bus, or put in motion such bus, or use any transit bus, part, instrument, or toll without the permission of the Transit Manager.
(Added Ord. 2008-36, § 1, eff. 7-20-08; Am. Ord. 2018-10, § 6, eff. 3-19-18; Am. Ord. 2018-10, § 6, eff. 3-19-18)

SEC. 5-309. PENALTY FOR FARE EVASION.

(a) Violation of subsection (j) of 5-305 of this article is punishable as follows:

(1) For a first violation. a civil penalty of $50 and/or eight hours of community service.

(2) For a second violation within a twelve month period, a civil penalty of $100 and/or sixteen hours of community service.

(3) For a third violation within a twelve month period, a civil penalty of $250 and/or forty hours of community service.

(4) A fourth or subsequent violation within a twelve month period, or failure to pay a fine or serve community service within sixty days of imposition of the penalty, may be prosecuted as a misdemeanor.

(b) Appeals. Any person receiving a citation for violation of subsection (j) of Section 5-305 shall have the right to appeal pursuant to Article 4, Chapter 1 of this code. Notwithstanding Section 1-408, the peace officer or designated representative of the Director who issued the administrative citation shall not be required to participate in the administrative hearing. In addition, the city shall not be required to produce any evidence other than the administrative citation. The administrative citation, in proper form, shall be prima facie evidence of the violation.
(Added Ord. 2018-10, § 7, eff. 3-19-18)

SEC. 5-310. SEVERABILITY.

If any portion of this article is held to be invalid by any court of competent jurisdiction. such decision shall not affect the validity or effectiveness of the remaining portions of this article. The Council hereby declares it would have passed each remaining portion irrespective of the fact that any one or more portions are declared invalid.
(Added Ord. 2018-10, § 7, eff. 3-19-18)

ARTICLE 4 AIRPORT REGULATIONS

Sec. 5-401. Rules and Regulations.
Sec. 5-402. Airport.
Sec. 5-403. Fees, Fares, Rates and Charges.
Sec. 5-404. Restrictions and Conduct At Airport.
Sec. 5-405. Lost or Unclaimed Property.
Sec. 5-406. Aircraft Operations.
Sec. 5-407. Traffic Regulations Within Airport.
Sec. 5-408. Parking Regulations.
Sec. 5-409. Enforcement Authority.

SEC. 5-401. RULES AND REGULATIONS.

(a) The Director of Aviation ("Director") may make such rules and regulations as are not inconsistent with the provisions of this article, and as may be necessary or desirable to aid in the administration or enforcement of this article and Airport operations.

(b) All persons on Airport property shall be governed by applicable laws, this article, and rules and regulations of the Director.
(Added Ord. 81-67, § 1, eff. 7-17-81; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-402. AIRPORT

"Airport" as used in this article shall mean: (1) Fresno Yosemite International Airport which is identified as "FAT" by the Federal Aviation Administration and/or (2) Fresno Chandler Executive Airport which is identified as "FCH" by the Federal Aviation Administration.
(Added Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-403. FEES, FARES, RATES AND CHARGES.

The Council shall designate in the Master Fee Resolution, the fees, fares, rates, and charges for services provided by Airport.
(Added Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-404. RESTRICTIONS AND CONDUCT AT AIRPORT.

(a) These rules and regulations are not intended to amend, modify or supersede any provisions of federal, state or local law.

(b) Any permission granted by the city or Director, either directly or indirectly, expressly or by implication, to any person to enter upon or use the Airport shall constitute an agreement by the person to comply with any and all city, state or federal rules, regulations or laws, including but not limited to compliance with Federal Aviation Administration and Transportation Security Administration rules, regulations and plans.

(c) No person shall engage in any business or commercial activity on the Airport except with the approval of, and under such terms and conditions as may be prescribed by the Director.

(d) No person shall post, distribute or display signs, advertisements, circulars or printed material without first obtaining the approval of the Director.

(e) No person shall take still, motion or sound pictures at the Airport for commercial purposes without first obtaining a license or permit from the Director, except duly authorized newspaper or television news media personnel may take pictures of newsworthy events for newspaper or television display only.

(f) The Director may promulgate reasonable rules and regulations to regulate the time, place and manner of charitable solicitations and the distribution of religious, political or commercial literature, including newspapers, parading, demonstrating and assembling. Such rules and regulations shall be precisely drawn to protect constitutional rights and promote legitimate governmental interests, including but not limited to preventing unreasonable interference with pedestrian and vehicular traffic, preventing fraud, preventing undue harassment of passersby, and preventing undue interference with the business operations of the airport. Such rules and regulations may include the establishment of a permit system.

(g) Any person damaging Airport property shall report such damage to the Director and may be responsible to the city for any expense required to repair such damage.

(h) No person shall bring any animal upon the Airport unless such animal is on a leash or caged. No person shall bring any animal into any Airport public building except service animals or an animal properly confined for shipment by air.

(i) No person shall travel on any portion of the Airport except on roads, walks or places provided for the particular class of traffic nor occupy the roads or walks in such a manner as to hinder or obstruct their proper use.

(j) No person shall enter any restricted area posted as limited to "Authorized Persons Only," or similar wording without proper identification and authorization.

(k) No person shall enter any air operations area of the Airport without authorization of the Director.

(l) No person shall drink any intoxicating liquors nor have in his possession any open containers of intoxicating liquors upon any portion of the Airport open to the public except in such restaurant or other place as shall be properly designated and licensed for on-sale liquor dispensing.

(m) Except as authorized by law, no person shall carry any firearms, destructive device or explosive on the Airport.

(n) No person shall dispose of garbage, paper, waste, refuse or other material in the Airport public areas except in receptacles provided for that purpose.
(Added Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-405. LOST OR UNCLAIMED PROPERTY.

Lost or unclaimed property on Airport shall be received, kept, sold, and disposed of as required in Chapter 4, Article 3 of this Code unless governed by superseding federal laws or regulations.
(Added Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-406. AIRCRAFT OPERATIONS

(a) No person shall navigate any aircraft upon, fly aircraft from, or conduct any aircraft operations on or from the Airport otherwise than in conformance with the current Federal Aviation Administration and United State Department of Transportation Rules, and other federal laws, State law, this Code, and the rules and regulations of the Airport.

(b) The pilot or person in charge of any aircraft involved in an accident shall immediately remove such aircraft and any wreckage or debris caused by such accident to a place designated by the Director unless such person is required by federal law or regulation to leave the same in place for investigation.

(c) The Director may order the removal and/or impoundment of aircraft at the owner's expense upon a delinquency of and pending payment of fees under the Master Fee Resolution. If the aircraft is impounded, no owner, operator, lienholder, receiver or other trustee of such aircraft shall thereafter remove such aircraft without first paying all delinquent fees, the expenses of aircraft removal and impoundment incurred hereby, and any other applicable charges.
(Added Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-407. TRAFFIC REGULATIONS WITHIN AIRPORT.

(a) Pursuant to the authority of Section 21113(c) of the Vehicle Code all provisions of the Vehicle Code relating to traffic upon the highways shall be applicable at the Airport. The Council designates the following as subject to the Vehicle Code:

(1) Roadways as entrances to or exits from Airport;

(2) Points where vehicles must come to a stop before proceeding;

(3) Places for crosswalks;

(4) Roadways as service roadways, roadways open to the public or private roadways;

(5) Places where roadways shall be divided into lanes;

(6) The direction and manner in which vehicles shall proceed.

(b) The Director is authorized to erect signs, make markings and erect or place official traffic control devices and official traffic signals giving notice thereof, which signs, markings, devices and signals shall conform to the provisions of Section 21401 of the Vehicle Code.
(Added Ord. 81-67, § 1, eff. 7-17-81; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-408. PARKING REGULATIONS.

(a) The Director is authorized to designate:

(1) Places where vehicles may or may not be parked;

(2) The period of time for which vehicles may be parked at any place; and shall make appropriate markings giving notice thereof which markings shall conform to the provisions of Section 21401 of the Vehicle Code.

(b) Except as otherwise provided herein, persons shall park vehicles only in those areas designated by signs as public parking areas. It is further provided that:

(1) No person shall park any vehicle in any public parking area except between the painted lines indicating where vehicles shall be parked;

(2) No person shall so park any vehicle in any public parking areas so as to use or occupy more than one marked parking space.

(c) No person shall park or stop any vehicle at the Airport:

(1) In any restricted parking, stopping or standing zone for a time longer than provided for by the display of appropriate signs or curb marking, or in violation of any other limitation or restriction set forth in any sign or curb marking.

(2) In any zone where the display of appropriate signs and/or curb markings indicate that parking, stopping or standing at such location is not permitted.

(d) All drivers of vehicles entering upon any public parking area shall follow and comply with any directional markers or signs therein.

(e) No person shall park any vehicle for hire in any place other than a place provided therefor and appropriately marked as such.

(f) No person shall park any vehicle other than a vehicle for hire in any place set aside for the parking of vehicles for hire.

(g) The Director is authorized to remove any vehicle parked on any roadway, parking area or other posted property on Airport in violation of this Code, and to impound the same at owner's expense.
(Added Ord. 81-67, § 1, eff. 7-17-81; Am. Ord. 2004-132, § 1, eff. 1-18-05; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-409. ENFORCEMENT AUTHORITY.

Enforcement of these rules and regulations at airport shall be the responsibility of those persons employed by city as airport peace officers and airport parking enforcement officers. Airport peace officers may enforce any provision of this article. Airport parking enforcement officers may enforce any provision of Sections 5-407 and 5-408 of this Code. Airport parking enforcement officers are public officers within the meaning of California Penal Code Section 836.5 and not peace officers. In addition, traffic regulations may be enforced by any duly

authorized peace officer, including, but not limited to, the Fresno Police Department and the California Highway Patrol which are by this reference specifically authorized to enter upon the roadways within Airport for the purpose of enforcement of Vehicle Code provisions.
(Added Ord. 81-67, § 1, eff. 7-17-81; Am. Ord. 2007-96, § 4, eff. 1-19-08).

ARTICLE 5 PARKS AND PLAYGROUND REGULATIONS

Sec. 5-501. Definitions.
Sec. 5-502. Prohibited Acts in Parks.
Sec. 5-503. Dogs on Leash in Parks.
Sec. 5-504. Skateboard Park Regulations.
Sec. 5-505. Obstructing Pathways in Parks.
Sec. 5-506. Itinerant Vendors Near Approaches to Parks.
Sec. 5-507. Consumption of Alcoholic Beverages in City Parks.
Sec. 5-508. Drug Free Zones.
Sec. 5-509. Permission to Use Designated Park Areas and Conduct Group Activities.
Sec. 5-510. Fresno Youth Commission.

SEC. 5-501. DEFINITIONS.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article.

(a) "Park" shall mean city owned or maintained parks and recreation centers, city and school playgrounds, or any park owned, operated or maintained by a special district.

(b) "Director" shall mean the Director of Parks After School, Recreation Community Services Department also be referred to as PARCS Director.

(Added Ord. 67-138, 1968; Am. Ord. 78-181, § 1, eff. 12-29-78; Added Ord. 2003-20, § 4, eff. 4-1-03; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-502. PROHIBITED ACTS IN PARKS.

Within the limits of any park, no person shall:

(a) Sell any tickets for a performance or activity or seek contributions for a performance or activity, whether conducted in the park or elsewhere, except with the prior written permission of the Director.

(b) Cut, break, injure, deface, or disturb any tree, shrub, plant, rock, building, cage, pen, monument, fence, bench, or other structure, apparatus, or property; or pluck, pull up, cut, take or remove any shrub, bush, plant, or flower, or mark or write upon any building, monument, fence, bench or other structure, or carry any flowers, shrubs, or branches into or through any park.

(c) Cut or remove any wood, turf, grass, soil, rock, sand, or gravel.

(d) Distribute any commercial handbills, or circulars, or post, place, or erect an advertising device of any kind.

(e) Swim, bathe, wade in, or pollute the water of any fountain, pond, lake, or stream, except that wading and swimming shall be permitted in pools provided for these purposes.

(f) Make or kindle a fire for any purpose, except at places provided for such purpose, unless prior special permission has been obtained from the Director.

(g) Camp or lodge at any place not set apart for that purpose without prior written permission of the Director.

(h) Ride, drive, or propel any vehicle elsewhere than on the paths, roads, or drives provided for such purpose with the exception of wheelchairs or other power-driven mobility devices used by persons with mobility disabilities, if those devices can be safely operated pursuant to City policy and consistent with the Americans with Disabilities Act.

(i) Indulge in riotous, threatening, indecent or immoral conduct, or abusive, threatening language or throw stones or missiles.

(j) Sell, or offer for sale, any merchandise, article or thing, whatsoever, without prior written permission of the Director.

(k) Fish in any park except in lakes provided for that purpose and at the times designated by the Park Superintendent.

(l) Play or practice golf or archery, or fly motor driven model aircraft in any park except in areas specifically designated and posted for such purpose.

(m) Play or bet at or against any game which is played, conducted, dealt or carried on with cards, dice, or other device, for money, chips, shell, credit, or other representative of value, or maintain or exhibit any gambling table or other instrument of gambling or gaming, or play any game prohibited by any provision of this Code.

(n) Practice, carry on, conduct, or solicit for any trade, occupation, business, or profession, without the written permission of the Director.

(o) Row, or sail on any pond, lake or waters in any boat or raft, excepting one provided for that purpose by the city or holder of boating privileges, without first obtaining the written permission of the Director.

(p) Enter, remain, stay, loiter, park or leave standing any vehicle between the hours of midnight and five a.m. of the following day, without the written permission of the Director.

(q) Take into, exhibit or use in any park any firearm, air gun, sling shot, firecrackers, torpedoes, rockets, or other fireworks, or other articles of like character.

(r) Go upon any lawn or grass plot, where prohibited by the Director, and which prohibition is indicated by legible signs.

(s) Open, expose, or interfere with any water or gas pipe, hydrant, stopcock, sewer, basin, or other construction, in any park.

(t) Use a sound amplification system which violates the City's Noise Ordinance as set forth in Chapter 10 of this Code.

(u) Possess a lighted or burning tobacco or tobacco-related product, including but not limited to cigars, cigarettes and pipes; use or chew tobacco or tobacco-related products; or dispose of any lighted or unlighted tobacco or tobacco-related product in any place other than a designated waste disposal container.

(v) Throw or place any paper, bottle, trash, or refuse matter of any kind whatsoever, or any other article or thing, upon the grounds in any public park or pedestrian mall, or in any of the fountains, lakes, ponds, or streams therein.

(w) Hunt, pursue, annoy, throw stones or missiles at, or molest or disturb in any way, any animal, bird or reptile.

(x) Remain in, or place anything in, any public place or way in a park so as to obstruct, or unreasonably hinder the use for which such place was designed.

(y) Possess one or more shopping carts while in a park, without first obtaining the written permission of the Director.

(Orig. Ord. 1076, 3244, and 3356; Am. Ord. 5311, 1958; Am. Ord. 6007, 1961; Am. Ord. 6915, 1966; Am. Ord. 67-138, 1968; Am. Ord. 72-41, 1972; Am. Ord. 2004-138, § 1, eff. 1-25-05; Am. Ord. 2006-10, § 1, eff. 3-13-06; Am. Ord. 2007-96, § 4, eff. 1-19-08; Am. Ord. 2011-6, § 5, eff. 4-10-11; Am. Ord. 2014-19, § 1, eff. 4-25-14).

SEC. 5-503. DOGS ON LEASH IN PARKS.

(a) Except in parks designated by the City to be "dog parks" no person having the control or care of any dog shall suffer or permit such dog to enter or remain in a park unless it be led by a leash of suitable strength not more than six feet in length.

(b) The owner of the dog and/or the person in control or care of the dog shall be responsible for, and to make good, any damage caused in any event, by such dog, whether or not leashed. The provisions of this subsection do not relieve the owner and/or person in control or care of said dog from liability to the City for violation of this Section.

(Orig. Ord. 1076; Am. Ord. 98-34, § 1, eff. 6-27-98; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-504. SKATEBOARD PARK REGULATIONS.

This section is intended to comply with Section 115800 of the Health and Safety Code and to adopt supplemental regulations for the safe use of city-owned and/or operated skateboard parks, facilities, or structures. The following requirements shall apply to all parks, facilities, and structures owned, operated, maintained, and/or provided by the city for the use of skateboarders and inline skaters:

(a) Safety Equipment. No person shall use a city skateboard park, facility or structure without wearing elbow pads, knee pads, wrist pads and a helmet that meets the standards of either the American Society for Testing and Materials (ASTM) or the United States Consumer Product Safety Commission (CPSC) or standards established by these entities subsequent to the adoption of this section.

(b) Skateboards and Inline Skates. No person shall be in or on the skateboard park, facility, or structure except those who are using skateboards or inline skates to practice skateboarding or inline skating.

(c) Food and Beverages. No person shall cause any food or beverage or food or beverage container to enter or be on a skateboard park, facility, or structure.

(d) Hours of Operation. No person shall use, enter, or be on a skateboard park, facility, or structure outside of the hours of operation posted on the skateboard park, facility, or structure.

(e) Occupancy. No person shall use, enter, be on or remain on a skateboard park, facility, or structure after the Director has notified them that they need to leave the skateboard park, facility or structure on the basis of an unsafe occupancy of the skateboard park, facility or structure.

(f) Ingress and Egress. No person shall enter or exit a skateboard park, facility, or structure by any means other than by walking through a gate, turnstile, door, or other means provided and intended by the city for ingress or egress into the skateboard park or facility.

(g) Rules and Regulations. No person at, in or on any skateboard park, facility or structure shall violate any rule or regulation developed and adopted by the Director and posted on signs at the skateboard park or facility or any other applicable regulation provided in this article.

(h) Fines and Penalties. Notwithstanding any contrary provisions in this article, any person violating subsections (a) through (f) is subject to an administrative fine of fifty dollars ($50) for the first violation, one-hundred dollars ($100) for the second violation, and two-hundred dollars ($200) for the third and all subsequent violations. Alternatively, violations of this section may be prosecuted by the City Attorney's Office as an infraction, with a maximum penalty of fifty dollars ($50) for the first violation, one-hundred dollars ($100) for the second violation, and two-hundred ($200) dollars for the third and all subsequent violations. In addition to an administrative fine of two-hundred dollars ($200) for a third or subsequent violation, the Director may determine that a violator has forfeited to the city his or her skateboard, inline skates, bicycle, and/or scooter and the Director may permanently bar the violator from using any or all of the city's skateboard parks, facilities, or structures.

(i) Parent and Guardian Responsibility. The parent or legal guardian having control or custody of an un-emancipated minor whose conduct violates this section shall be jointly and severally liable with the minor for the amount of an administrative fine imposed pursuant to this section.

(j) Appeals. Fines and penalties issued under this section shall be appealable to the City Administrative Hearing Officer under Chapter 1, Article 4 of this Code. Fines issued under this section are collectible under the procedures found in Chapter 1, Article 5 for collection of penalties, notwithstanding contrary provisions found therein.

(k) Seizure of Equipment. For purposes of administering this section, the Director may seize and hold a violators skateboard, inline skates, bicycle, or scooter at the time of issuing an administrative citation until an administrative hearing is held in front of the City Administrative Hearing Officer. Any time a violator's property is seized pursuant to this subsection, the Director shall provide the violator with a receipt and notice of a time and location for an automatic hearing in front of the City Administrative Hearing Officer no later than ten days from seizing the violator's property.

(l) Forfeited Equipment. After a hearing wherein the City Administrative Hearing Officer confirms the forfeiture, the Director shall deliver any skateboards, bicycles, inline skates, scooters forfeited to a non-profit charitable organization that serves youths or provides youth-activity programs.

(m) Postings. The city shall post signs at all skateboard parks, facilities and structures providing reasonable notice of the provisions of this section and the penalty for violations.

(Added Ord. 2003-20, § 3, eff. 4-1-03; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-505. OBSTRUCTING PATHWAYS IN PARKS.

No person or persons shall assemble, collect or gather together in any walk, driveway, passageway or pathway in any park or in any other place set apart for the travel of persons or vehicles in or through any park in such a manner that the free passage or use thereof by persons or vehicles passing along the same shall be obstructed.

(Orig. Ord. 1076; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-506. ITINERANT VENDORS NEAR APPROACHES TO PARKS.

No itinerant vendor shall sell, expose for sale, or offer to sell, in or along any street adjoining or approaching any park, within two hundred feet of any entrance to said park, any goods, wares or merchandise of any kind whatsoever.

(Orig. Ord. 1076; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-507. CONSUMPTION OF ALCOHOLIC BEVERAGES IN CITY PARKS.

No person shall consume or possess in any park any alcoholic beverage, except that the Director may authorize the possession and consumption of alcoholic beverages during special events held on City owned or controlled property which is under his or her jurisdiction including but not limited to Rotary Playland within Roeding Park, the downtown malls, Eaton Plaza, and the Rotary Amphitheater and Japanese Garden in Woodward Park for the benefit of the city, and except that the Council may authorize, in the city's lease agreements, the possession and consumption of alcoholic beverages during an event held on the leased premises and conducted by the organization leasing the premises from the city, when the event is for the benefit of that organization or the city. "Alcoholic beverage" includes alcohol, spirits, liquor, wine, beer and any liquid or solid containing one half of one percent or more of alcohol by volume and which is fit for beverage purposes either alone or when diluted, mixed or combined with other substances.

(Added Ord. 69-77, 1969; Am. Ord. 79-177, § 1, eff. 12-7-79; Am. Ord. 82-94, § 1, eff. 10-1-82; Am. Ord. 83-94, § 1, eff. 7-22-83; Am. Ord. 87-159, § 3, eff. 12-18-87; Am. Ord. 96-45, § 1, eff. 7-19-96; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-508. DRUG FREE ZONES.

All public parks within the City of Fresno are designated "drug free zones" pursuant to state law. This section applies and is enforceable only if notice of this section is posted at the park.
(Added Ord. 99-41, § 1, eff. 7-30-99; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-509. PERMISSION TO USE DESIGNATED PARK AREAS AND CONDUCT GROUP ACTIVITIES.

(a) Designated Park Areas. For purposes of this section, the term "Designated Park Areas" shall refer to Registration Areas and Special Activity Areas as described hereunder.

(b) Use Of Registration Areas. The Director shall designate those areas of any park the usage of which is heavy, and shall restrict the use thereof to persons or groups registering in advance for such use. Such assignment shall be upon a "first come first served" basis, except in cases of periodic usage by groups such as state picnics, annual picnics of employee groups, folk dance groups and similar groups. In such cases, the Director in the exercise of his or her discretion shall prioritize the usage of such periodic user groups without regard to who first applied, provided a suitable alternative area is available for the use of the earlier in time registrant group(s).

(c) Use Of Special Activity Areas and Group Activities.

(1) The Director shall designate those areas of any park which are designed or desirable for special or limited activities. Without limitation, Lisenby Bandstand in Roeding Park and the outdoor theatre in Ralph W. Woodward Park and bird refuge are hereby declared to be such areas. The use of such areas shall be subject to prior permission as specified herein.

(2) No group of more than twenty-five persons shall utilize for any purpose any area in any park, without prior permission as specified herein.

(d) Any person or group desiring to use an area or conduct an activity described in subsections (c)(1) and (c)(2) shall first submit a written application as the Director may prescribe. The application shall be made at least fifteen days before the use or activity is to commence, provided that the Director may, in his or her discretion, waive the filing of a written application and/or the time limit.

(e) The Director is hereby granted the following additional powers and assigned the following additional duties:

(1) The Director shall assess and evaluate the public health, safety and welfare problems arising from the occurrence of such activity or the use of the requested area of the park, and considering the age of the participants, the hour of the conducting of the activity, the type of the activity proposed, the extent and type of advertising thereof, the condition of the premises, including access thereto, the current status of the level of delinquency in the community at large and the locale of the activity in

particular and other similar and pertinent factors and he/she shall designate the minimum number and type of persons who shall be required to be present to enforce laws and regulations and maintain decorum and pedestrian and vehicular traffic control at or about the premises of the activity.

(2) The Director shall assess and evaluate such activity or the use of the requested area of the park and considering the nature of the activity or use, shall determine whether or not it will create unusual wear and tear of park property and/or accumulation of trash. Upon making such determination the Director shall impose conditions on the activity or use reasonably calculated to decrease or eliminate the problem(s).

(3) The Director in his/her discretion and based upon a consideration of the activity and/or the use shall limit the hours of use of any facility or area.

(4) The Director's decision(s) under this section shall be based upon the exercise of his or her discretion and in light of the above factors and shall be rendered to promote and protect the health, safety, and welfare of the participants in the activity and the spectators who may be drawn thereto, and property including the property involved, and the community at large.

(f) The Director shall issue a permit for the use or activity described in subsection (c). The permit shall be deemed issued when entered upon the park records except that any special conditions shall be in writing. The permittee shall comply with any special conditions imposed under subsection (e).

(g) Any interested person may appeal any decision of the Director made under this Section and relating to an application for a permit for the use of a special activity area or group activity to the City Manager who shall immediately hear and consider the matter and grant, grant with conditions, or deny the permit.

(h) Any person or group obtaining a permit from the Director pursuant to this section shall not be required to obtain a special event permit under Chapter 14 of this Code.

(i) No person or group shall interfere with the use or activity of any area assigned to any other person or group by registration or permit issued under this section.
(Orig. Ord. 1076; Am. Ord. 67-138, 1968; Am. Ord. 72-41, 1972; Am. Ord. 87-159, § 2, eff. 12-18-87; Am. Ord. 99-71, § 1, eff. 12-25-99; Am. Ord. 2007-96, § 4, eff. 1-19-08).

SEC. 5-510. FRESNO YOUTH COMMISSION.

(a) There is hereby created a commission which shall be known as the Fresno Youth Commission, or for purposes of this Section, the "Commission." The purpose of the Commission is to advise the Council and Mayor on issues relating to youth. The Commission is empowered to and shall perform such advisory functions as are delegated to it by the provisions of this section or other action of the Council.

(b) The Commission shall consist of eight (8) voting members and eight (8) alternates.

(1) Each member of the City Council shall appoint two members to the Commission from their district; the Mayor shall appoint two members from the city-at-large. One appointment will be the voting member and the second appointment will be an alternate member.

(2) Immediate family members of City Councilmembers and Mayor shall not be eligible for appointment.

(3) City Councilmembers and Mayor shall make an effort to involve local youth-serving organizations in the selection and appointment process when appropriate and convenient.

(c) Qualifications for Commission members include:

(1) Each appointed member and alternate must reside or attend school within the Fresno city limits and shall be youth between fifteen and twenty-one years of age, at the time of appointment.

(2) Members and alternates may serve up to age twenty-three.

(3) Membership is restricted to youth who have an understanding of the needs of young people, experience with youth programs or youth-serving organizations, or involvement with school or community activities, and who are able and prepared to participate in the Commission activities and make the required commitment of time and energy.

(4) Members of the Commission shall serve for a two-year term. No person appointed to Commission shall be eligible to serve more than two consecutive terms (a total of four years).

(5) The Commission shall select a Chair and Vice Chair from among its members to serve for a one year term; no member shall serve more than two consecutive terms in either position.

(d) The Commission shall establish its rules and regulations for the conduct of its business. Such rules and regulations shall be consistent with this section and all other applicable laws and regulations, and shall enable the Commission to carry out the purpose of this section.

(1) All meetings of the Commission shall be subject to the Ralph M. Brown Act (Chapter 9 of part 1 of division 2 of title 5, commencing with Section 54950, of the California Government Code).

(2) The Commission shall schedule at least one meeting per month at a designated time and place. No more than four excused absences per year and one unexcused absence per year shall be allowed. Commissioners must notify the Youth Coordinator or Chair of the Commission of any anticipated absence 72 hours prior to the meeting at which the Commissioner will be absent, unless an emergency arises. Excused

absences may be due to, but not limited to, personal, school, or medical circumstances. Excused absences shall be granted at the mutual discretion of the Youth Coordinator and the Chair of the Commission. A Commissioner exceeding the absence limit shall be automatically removed from their position. This attendance policy may be amended in the Commission's bylaws by vote of 2/3 of the Commission.

(3) A simple majority of members shall constitute a quorum at any regular or special meeting of the Commission.

(e) The youth-serving organization designated by the City Council will work with the City Clerk and city staff together to provide guidance to the Commission.

(1) Agendas and minutes of the Commission shall be prepared by the City Clerk, or their designee, filed with the Office of the City Clerk, and shall be a public record.

(2) The youth-serving organization designated by City Council will provide staff in an adult supervisory role to support all the Commission activities.

(3) The City of Fresno will secure funding for the business of the Commission, provide website hosting, and any other technical support.

(4) The council staff will serve as liaisons to the Fresno City Council and provide support as needed.

(f) The Commission shall have the following powers and duties:

(1) Identify the concerns and needs of the youth of Fresno through community outreach and engagement; and hold public forums in which children, youth and families are encouraged to participate.

(2) Examine existing social, economic, educational, and recreational programs for youth; develop and propose plans that support or improve such programs; and make recommendations thereon to the City Council and Mayor.

(3) Develop and maintain a yearly strategic plan outlining the areas of focus for the Commission within the purview and jurisdiction of the City of Fresno.

(4) Submit recommendations to the City Council and Mayor about juvenile crime prevention, job opportunities for youth, recreational activities for teenagers, opportunities for effective participation by youth in the governmental process, and changes in city regulations that are necessary to improve the social, economic, educational, recreational advantages, health and well-being of youth.

(5) Work with the public and private sectors to bring forth the concerns of youth as well as evaluate programming that will enhance the development of young people.

(6) Develop a communication network to disseminate information about services for youth and serve as a forum for young people.

(7) Report to the City Council the activities, goals and accomplishments of the commission by June 30 of each calendar year, effective January 1, 2016.

(8) Submit quarterly reports or as requested to the City Council and Mayor.

(9) Commissioners shall meet with their appointing Councilmember or Mayor at least twice a year.

(Added Ord. 2015-17, § 1, eff. 7-20-15; Am. Ord. 2021-032, § 1, eff. 7-29-21).

ARTICLE 6 POLICE DEPARTMENT MILITARY EQUIPMENT REGULATIONS

Sec. 5-601. Findings.
Sec. 5-602. Policy.

SEC. 5-601. FINDINGS.

Based on facts and information provided to the City Council at a public hearing at a regularly scheduled Council meeting, the City Council approves and adopts the Military Equipment Policy, Fresno Police Department Policy No. 706, based on the following findings:

(a) The military equipment identified as defined by California Government Code section 7070, subdivision (c) is necessary because there are no reasonable alternatives that can achieve the same objectives of officer and civilian safety.

(b) The proposed Military Equipment Funding, Acquisition and Use Policy No. 706 will safeguard the public's welfare, safety, civil rights, and civil liberties.

(c) The military equipment identified in Military Equipment Funding, Acquisition and Use Policy No. 706 is reasonably cost effective compared to available alternatives that can achieve the same objective of officer and civilian safety.

(d) All prior military equipment use complied with the City's policies that were in effect at the time.

(Added Ord. 2022-010, § 2, eff. 6-20-22)

SEC. 5-602. POLICY.

(a) Fresno Police Department Policy No. 706, Military Equipment Funding, Acquisition and Use Policy is approved and adopted, and Council authorizes the use, acquisition, and seeking of funds for all military equipment as defined by California Government Code section 7070, subdivision (c) and Policy No. 706 Military Equipment Funding, Acquisition and Use Policy.

(b) Fresno Police Department Policy No. 706 shall be published on the Police Department's website and made publicly available at all times military equipment is available for use, in compliance with state law.

(Added Ord. 2022-010, § 2, eff. 6-20-22)

MUNICIPAL SERVICES AND UTILITIES

Art. 1. Billing and Collection Procedures for Municipal Utility Services.
Art. 2. Solid Waste, Recyclable and Green Waste Collection and Disposal.
Art. 3. Sewage and Water Disposal.
Art. 4. Wells.
Art. 5. Water Regulations.
Art. 6. Heat Transfer Systems Utilizing Water.
Art. 7. Urban Storm Water Quality Management and Discharge Control.
Art. 8. Cross-Connection Control.
Art. 9. Recycled Water Ordinance.

ARTICLE 1 BILLING AND COLLECTION PROCEDURES FOR MUNICIPAL UTILITY SERVICES

Sec. 6-101. Definitions.
Sec. 6-102. Rules and Regulations.
Sec. 6-103. Application for Municipal Utility Services.
Sec. 6-104. Charges, Bills, and Payment for Municipal Utility Services.
Sec. 6-105. Establishment of Credit for Municipal Utility Services.
Sec. 6-106. Late Payment of Municipal Service Bills.
Sec. 6-107. Municipal Utility Service Payment Agreements.
Sec. 6-108. Vacancies.
Sec. 6-109. Discontinuance of Utility Services.
Sec. 6-110. Temporary Discontinuance of Service.
Sec. 6-111. Restoration or Discontinuance of Water Service During Off-Hours.

SEC. 6-101. DEFINITIONS.

(a) Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this chapter, and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Article 2 (commencing with Section 1-201) of Chapter 1 of this Code shall also govern the construction, meaning, and application of words and phrases used in this article. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(b) "Bill" shall mean an invoice or statement of account for utility service charges, rentals, or fees or other municipal charges or fees.

(c) "Bimonthly" shall mean every two months.

(d) "Charges" shall mean charges, rentals, fees, and other debts incurred by reason of the rendering of a utility or other municipal service or privilege.

(e) "Consumer" shall mean a person using or receiving the benefit of utility services.

(f) "Customer" shall mean a person who has been designated on an application for service as responsible for payment of charges.

(g) "Premises" shall mean a tract of real estate, including adjoining lots or parcels under the same ownership or control and the improvements thereon, which is determined by the Controller to be a single unit for purposes of receiving, using, and paying for service.

(h) "Property" shall have the same meaning as "premises."

(i) "Quarterly" shall mean every three months.

(j) "Residential Water Service" shall mean water service to a residential connection that includes single-family residences. multifamily residences. mobile homes, including but not limited to. mobile homes in mobile home parks, or farmworker housing.

(k) "Utility Service" or "Utility Services" shall mean water service, or waste disposal service, or sewer service, or any combination thereof, or privileges connected with water, waste, or sewer service.

(l) "Day" shall mean a calendar day.
(Added Ord. 70-3, 1970; Am. Ord. 2021-048, § 1, eff. 1-17-22).

SEC. 6-102. RULES AND REGULATIONS.

The Controller may make such rules and regulations as are not inconsistent with the provisions of this article as may be necessary or desirable to aid in the administration or enforcement of the provisions of this article.
(Added Ord. 70-3, 1970).

SEC. 6-103. APPLICATION FOR MUNICIPAL UTILITY SERVICES.

(a) Applications for municipal utilities service may be made by telephone, in writing, or online by the property owner, or the property owner's agent or tenant. A deposit equal to twice the average monthly cycle bill may be added to the account.

(b) **Form of Application.** The form of the application shall be designated by the Controller. It shall set forth the location of the premises to be served, the date service is to commence, the name, address and telephone number of the customer. Such service is to be under and subject to the rules and regulations of the city in respect thereto as from time to time may be in force, and such other information concerning the applicant's identity, financial status, or right to service, as may be required by the Controller.

(c) **Conditions Precedent to Final Acceptance of Application.**

(1) No application for municipal utility service shall be finally accepted from any customer who is delinquent on any bill with respect to any premises, unless an agreement for payment has been entered into under the provisions of Section 6-107.

(2) No application shall be finally accepted from any previous customer, or any present customer who has had three or more incidences of delinquencies within a one-year period, unless the customer pays with the application the applicable utility service charges or service deposit, or establishes credit in accordance with Section 6-105. The charges applicable to customers applying to restore residential water service will be subject to the City of Fresno's Discontinuation of Residential Water Service for Nonpayment Policy and shall be set forth in the Master Fee Schedule.

(3) The Controller may receive an application for utility service and provide commencement of conditional service(s) applied for, all subject to a check of the applicant's utility service record to determine whether he or she will finally accept the application. If it is determined that the application cannot be accepted, notice of this fact shall be given to the applicant with not less than ten days to correct the defect.

If the defect is not corrected, service shall be discontinued. For residential water service customers, discontinuation of service will be subject to the City of Fresno's Discontinuation of Residential Water Service for Nonpayment Policy.

(d) **Tenant or Occupant Applications for Residential Water Service.** The City will accept applications for residential water service from occupants or tenants if there is a landlord-tenant relationship between the residential occupants and the owner, manager, or operator of a dwelling, the occupant agrees to the terms and conditions for service, and the occupant meets the City's requirements and rules. New occupant customers will not be required to pay any delinquent amounts associated with the premises for which they request residential water service.
(Added Ord. 70-3, 1970, based on former Sec. 14-102; Am. Ord. 73-120, § 1, eff. 8-16-73; Am. Ord. 80-10, § 1, eff. 2-15-80; Am. Ord. 92-6, § 1, eff. 2-21-92; Am. Ord. 96-59, §§ 1, 2, eff. 9-27-96; Am. Ord. 97-20, §§ 1—3, eff. 6-6-97; Am. Ord. 2021-048, § 2, eff. 1-17-22).

SEC. 6-104. CHARGES, BILLS, AND PAYMENT FOR MUNICIPAL UTILITY SERVICES.

(a) **Charges.** Charges for municipal utility services, fiscal service charges, and minimum charges shall be in the amounts designated in the Master Fee Resolution.

(b) **Purchaser's Responsibility.** An owner or purchaser of premises maintaining water or sewer connections or furnished solid waste disposal service, shall assume responsibility for financial obligations of such service effective the date possession of the property is taken.

(c) **Due and Delinquency Dates.**

(1) Bills for flat rate utility services shall normally be due and payable on the due date specified in the bill or upon presentation to the customer in cases of a retroactive assessment.

(2) Bills for metered service will be rendered as soon as practicable after the reading of the meter.

(3) Bills for municipal utility services shall become overdue and delinquent when payment is not made by the date specified thereon.

(d) **Municipal Service Bills.** The Controller shall have the power to combine bills for utility services rendered to any one customer or bill separately therefor, as in his discretion he may deem to be in the best interests of the city. The Controller shall have the power to bill for regular service or special services rendered to regular service customers or consumers, upon a monthly, bimonthly, quarterly, or other basis, as in his discretion he may deem to be in the best interests of the city. For billing periods other than monthly, the charge for flat rate service will be computed by multiplying the monthly charge by the number of months in the billing period.

(e) **Payments.**

(1) **Place of Payment.** Bills are payable at the office of the utility cashier in the Department of Finance at Fresno City Hall, or to an authorized city collector or city collection agent.

(2) **Credit to Account.** Payments shall be credited to a customer's account only when actually received by an employee of the Department of Finance or such collector or collection agent. Payments shall be received "on account" of the customer and shall not apply to charges for any particular period.

(3) **Checks, Electronic Funds Transfer, or Credit/Debit Card.** If a remittance tendered in payment of any account fails to clear through the banks and is returned, the account shall be considered unpaid, any receipts issued therefor shall be void, and the indebtedness shall be restored to the account. Section 6-106 shall apply where applicable.

(4) **Service Charge for Returned Payments.** The service charge designated in the Master Fee Resolution for returned checks shall be assessed under the conditions specified in Section 7-911. This charge shall be made against the account originally credited, shall be added to the amount of the bill, and shall become a part thereof. This charge is in addition to any collection, restoration or reconnection charges which may otherwise become due and payable. Assessment of this service charge shall not relieve the maker of any criminal or civil liability provided by law.

(f) **Proration of Bills.** The charges applicable to opening periods and closing bills rendered for periods less than the regular billing cycle will be computed as follows:

(1) **Metered Service.** The amount of the minimum charge (and the quantity allowed therefor) or the readiness to serve charge (Water Meter Service Charge) and the quantity in each of the several quantity rate blocks will be prorated on the basis of the ratio of the number of days in the period to the number of days in the established billing period. The measured quantity of usage will be applied to such prorated amounts and quantities. In general, meters shall be read on a monthly, bimonthly, quarterly, or other basis. The period between reading dates may vary and still be considered as one or more whole months for billing purposes.

(2) **Flat Rate Service.** The billing period charge will be prorated on the basis of the ratio of the number of days in the period to the number of days in the established billing period.

(3) **Established Billing Period.** The number of days in billing periods will be considered as thirty days for those accounts on a monthly cycle, and as sixty days for those accounts on a bimonthly cycle. In the case of utility rates adopted with an effective date other than the first day of a billing cycle, or opening or closing period bills, the billing period charge will be prorated on the basis of the ratio of the actual number of days service will be provided, to the actual number of days in the billing period.

(4) **Rounding Off.** Any flat rate charge may be rounded off to the nearest multiple of five cents. Charges based on volume may be rounded off only to the nearest multiple of one cent. Parcel size may be rounded off to the nearest one hundred square feet.

(g) **Disputed Bills.** Should the amount of any bill for service be questioned, the customer should promptly request an explanation. If the explanation is not satisfactory or is not understood, the customer must pay the bill under protest in order to avoid discontinuance of service. Protests will be addressed to the Controller, must be in writing, and must state the reasons why the charges are believed to be incorrect. The Controller will analyze the facts of the case and is authorized to make such adjustments in the charges as may be necessary to effect an equitable settlement.

For all accounts other than residential water service accounts, the failure of a customer to pay under protest after initial explanation is offered will warrant discontinuance of service without further notice if bill is not paid by delinquency date. Discontinuation of residential water service accounts will be subject to the City of Fresno's Discontinuation of Residential Water Service for Nonpayment Policy.

(h) **Failure to Receive Bills.** Municipal service bills shall be mailed to the premises served or other address known to the city. The applicant, property owner, or his authorized agent may list a mailing address with the city for use in mailing bills. Failure to request such listing or to receive any bill, invoice, or notice shall not relieve responsibility for timely payment as required.

(i) **Computation When Meter Cannot be Read.** Whenever for any reason a meter is inaccessible and cannot be read or fails to register, water consumption at the metered premises for the purpose of calculating charges based thereon shall be estimated by one or more of the following methods as the Controller may deem to be the best indicators of actual water consumed or actual charges due:

(1) Previous actual consumption at said premises as shown by previous meter readings.

(2) Previous average actual consumption for corresponding billing periods in previous years during which the meter is known to have registered correctly.

(3) Consumption as registered by a later substituted meter.

(4) Consumption based upon the nature of use, volume of business, seasonal demand, and similar factors that may indicate consumption.

Where a meter cannot be read without undue difficulty because of an obstruction, the customer's bill will be estimated until an actual meter reading can be obtained. The city has the right to discontinue the service if the condition is not corrected. Where service is turned off for such cause, the city may require payment of a turn-on charge as provided for in this article.

(Added Ord. 70-3, 1970, based on former Secs. 14-104 and 14-136; Am. Ord. 78-82, § 1, eff. 6-9-78; Am. Ord. 80-10, §§ 2, 3, eff. 2-15-80; Am. Ord. 80-115, §§ 4, 5, eff. 8-8-80; Am. Ord. 92-7, § 1, eff. 3-6-92; Am. Ord. 96-59, § 3, 9-27-96; Am. Ord. 97-20, § 4, eff. 6-6-97; Am. Ord. 2021-048, § 3, eff. 1-17-22).

SEC. 6-105. ESTABLISHMENT OF CREDIT FOR MUNICIPAL UTILITY SERVICES.

(a) **Commercial or Industrial Accounts.** An applicant for any utility service for a commercial or industrial establishment or for any measured or metered water service shall establish his credit to the satisfaction of the Controller. An applicant's credit will be deemed to be established if the applicant:

(1) makes a cash deposit with the city or makes an assignment to the city of a savings and loan investment certificate or passbook, or a commercial bank savings or time deposit certificate, to secure the payment of charges for municipal utility services;

(2) is, or is an agency of, the federal, state, or other government;

(3) furnishes evidence acceptable to the Controller of a favorable credit rating by a nationally recognized credit rating firm;

(4) has previously been a utility service customer of the city within one year of the application for service and has paid all bills promptly for the last twelve-month period prior to the date of discontinuance of service.

(b) **Occupants or Tenants Receiving Residential Water Service.** A tenant or occupant may also establish credit by presenting proof of prompt payment of rent or other credit obligation, acceptable to the Controller, for the past year, when, in the judgment of the Controller, such is required in order to ensure payment of charges for residential water service.

(c) **Amount of Security.** Service deposits or other security, when furnished by a customer to guarantee payment of utility service bills, shall be made in an amount equal to the estimated charges for twice the established billing period as determined by the Controller, but not less than fifteen dollars ($15). When actual records of previous consumption or charges at the service location are not available, or where the use of the property or the nature or extent of services rendered will change, the estimate shall be based on charges to customers whose installations are similar in size and similarly operated; provided, however, that a deposit required for flat rate residential service shall be equal to the charges for the established billing period, rounded to the next full dollar amount.

(d) **Return of Security and Prepaid Charges.** If a customer's account has not been delinquent in twelve consecutive months, any service deposit or other security for said account shall be returned to the depositor upon application for refund of said security. Upon the closing of any account, the balance of the security or prepaid charges, remaining after the closing bill for service has been paid, and less any city offsets, shall be returned to the customer upon application for refund, provided such application is made within one year after discontinuance of service. No interest shall be paid by the city on any such balance. In the event no such application is received in one year, said balance shall be forfeited.

(e) **Failure to Pay Bills Promptly.** If a customer who has established his credit, or whose deposit has been returned as provided herein, later fails to pay his bills promptly as required by this article, or if a customer fails to establish his credit or deposit security as

herein provided, the Controller may demand as a condition precedent to further service and as security for the payment of bills thereafter to be incurred, further security as described in subsection (a)(1) hereof in the amount specified in subsection (c) above, provided that service will not be discontinued or disconnected for failure to make such deposit until at least fifteen days after notice of intention to do so has been given to the customer and to the consumer, if different.

(Added Ord. 70-3, 1970, based on former Secs. 14-103, 14-105, 14-106; Am. Ord. 2021-048, § 4, eff. 1-17-22).

SEC. 6-106. LATE PAYMENT OF MUNICIPAL SERVICE BILLS.

(a) **Service Charge.** Whenever a payment of any bill for municipal utility services is not received by the specified delinquent date, the delinquency service charge designated in the Master Fee Resolution shall be, without notice, added to the amount of such bill and become part thereof. This subsection shall not apply to payments due from any government or governmental agency.

(b) **Delinquency Notice.** A delinquent bill notice or reminder, stating the amount past due and remaining unpaid and the service charge due and payable, shall be mailed to the customer. For residential water service accounts, delinquency notices shall conform to the requirements set forth in the City's Discontinuation of Residential Water Service for Nonpayment Policy.

(c) **Collection or Restoration Charge.** Subject to the City's Discontinuation of Residential Water Service for Nonpayment Policy, upon any of the following listed occurrences, the Controller may send a representative to collect the bill or discontinue the utility service, and the service charge designated in the Master Fee Resolution shall be charged for this collection follow-up and/or any restoration or reconnection of service during normal working hours. This amount shall be in addition to the service charge imposed under subsection (a) of this section,

(1) When a delinquent bill, bill notice or reminder, or dishonored payment remains unpaid more than seven days after a mailing of a notice or reminder thereof;

(2) When final acceptance of the application (and continuance of service) cannot be made and the defect is not corrected as provided in subsection (d) of Section 6-103;

(3) When service has been discontinued for violations of other sections of this Code, or of lawful rules and regulations issued as authorized in this Code.

(d) **Discontinuance for Nonpayment.** For all accounts other than residential water service accounts, the Controller may discontinue, upon ten days' written notice, any or all utility services being rendered, at any or all premises for which the customer is responsible for payment of charges, and may require payment in full of all amounts due including service charges and cost of discontinuance and restoration of the service, before any service is restored.

(e) **Discontinuance of Residential Water Service for Nonpayment.**

(1) The City Council is authorized to adopt a policy establishing guidelines for the discontinuation of residential water service for nonpayment of a delinquent account, including how account holders and/or occupants are notified of the policy, how they may obtain a payment arrangement or alternative payment schedule, how they may contest or appeal water charges, and how they may restore service after it has been discontinued for nonpayment.

The Policy shall comply with the Water Shutoff Protection Act (Cal. Health & Safety Code section 116900 et. seq.). Such policy may be amended from time to time to ensure ongoing compliance with applicable law.

(2) The City's Discontinuation of Residential Water Service for Nonpayment Policy shall be available on the City's website.

(f) **Notice of Lien.** When services to any property with the owner as the City's customer have been discontinued for non-payment for a period of not less than one month, the City may, subject to Health and Safety Code 5471 et seq., elect to have delinquent charges collected on the tax roll in the same manner, by the same persons, and at the same time as, together with and not separately from, its general taxes.
(Added Ord. 70-3, 1970, based on former Secs. 14-103, 14-105, 14-106; Am. Ord. 86-150, § 1, eff. 10-17-86; Am. Ord. 96-59, § 4, eff. 9-27-96; Am. Ord. 97-20, § 5, eff. 6-6-97; Am. Ord. 2002-51, § 12, eff. 10-31-02; Am. Ord. 2021-048, § 5, eff. 1-17-22).

SEC. 6-107. MUNICIPAL UTILITY SERVICE PAYMENT AGREEMENTS.

Whenever a delinquent current or former customer desires continuance of a municipal utility service discontinued under this article or new utility service for which an application cannot be finally accepted under this article, service may be extended to the customer on a temporary basis until such delinquency is cured, providing that the customer enters into an agreement with the city for the payment of the delinquency. The agreement may be made by the Controller and shall provide for the regular repayment of the delinquent amount. The terms of the agreement shall be determined by the Controller with the approval of the City Attorney, may include simple interest charges established by the Controller, and shall be reasonably calculated to ensure payment and collection of the delinquent amount. For all accounts other than residential water service accounts, failure to make a scheduled payment shall result in discontinuance of service without further notice. Discontinuation of service for residential water accounts for failure to make a scheduled payment will be subject to the City of Fresno's Discontinuation of Residential Water Service for Nonpayment Policy.
(Added Ord. 70-3, 1970; Am. Ord. 2021-048, § 6, eff. 1-17-22).

SEC. 6-108. VACANCIES.

No allowance reducing a utility service charge shall be made for vacancies in either single or multiple dwelling units in the computation of charges for utility services thereto unless the water service to the property is turned off by the city, except as provided in Section 6-313 when premises are physically disconnected from the sanitary sewer system.
(Added Ord. 70-3, 1970).

SEC. 6-109. DISCONTINUANCE OF UTILITY SERVICES.

Charges for utility services shall continue to accrue and be in full force and effect until the customer or consumer shall have given the city at least twenty-four hours' notice that such service is no longer desired, provided that the Controller may declare the account closed and that charges have ceased to accrue if he finds from a written notation in the city records that discontinuance of service has been requested, that another customer has properly requested service, or that the customer has moved from the premises. When advance notice of desired discontinuance is not given, the customer will be required to pay for service until such time as the Utilities Accounting Division has knowledge that the customer has vacated the premises or otherwise has discontinued use of service.
(Am. Ord. 70-3, 1970, based on former Sec. 14-136, based on former Sec. 14-123; Am. Ord. 2021-048, § 7, eff. 1-17-22).

SEC. 6-110. TEMPORARY DISCONTINUANCE OF SERVICE.

(a) **Disposal Service.** When residential disposal service is not required for more than 30 days, a customer may complete a Solid Waste Exemption form to temporarily suspend charges. Customers must adhere to the requirements for exemption approval.

(b) **Water Service.** When water service is discontinued with the intent of stopping charges and is then resumed by the same customer at the same premises within thirty days, the special service charge designated in the Master Fee Resolution shall be made. This is in addition to any service charge required to be made under subsection (a) hereof, unless both water and disposal are discontinued and resumed at the same time.
(Added Ord. 70-3, 1970; Am. Ord. 80-10, § 4, eff. 2-15-80; Am. Ord. 80-115, § 8, eff. 8-8-80; Am. Ord. 2021-048, § 8, eff. 1-17-22).

SEC. 6-111. RESTORATION OR DISCONTINUANCE OF WATER SERVICE DURING OFF-HOURS.

Whenever water service is requested to be turned off for other than repairs, or on at any time, other than during normal city working hours, a special service charge shall be paid by the water customer or consumer. This charge shall be established by the Controller at an amount to reimburse the city for the direct and indirect costs of providing this special service, subject to the City of Fresno's Discontinuation of Residential Water Service for Nonpayment Policy.
(Added Ord. 70-3, 1970; Am. Ord. 2021-048, § 9, eff. 1-17-22).

ARTICLE 2 WASTE COLLECTION AND DISPOSAL*

Sec. 6-201. Title.
Sec. 6-202. Definitions.

Sec. 6-221. Appeals.
Sec. 6-222. Non-Exclusive Roll-Off Collection Franchise.
Sec. 6-223. Special Requirements for Commercial Edible Food Generators.
Sec. 6-224. Special Requirements for Food Recovery Organizations and Services.
Sec. 6-225. Compliance with CALGreen Recycling Requirements.

SEC. 6-201. TITLE.

The title of this article shall be the "Waste Collection and Disposal Ordinance." (Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-202. DEFINITIONS.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning and application of words and phrases used in this article and resolutions adopted pursuant thereto, and, except to the extent that a particular word or phrase is otherwise defined in this section, the definitions and provisions contained in Article 2, commencing with section 1-201 of Chapter 1 of this Code, shall also govern the construction, meaning and application of words and phrases used in this article. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(a) "Authorized Cart/Bin Collection Agency or Agency" shall mean the city or the entity authorized by contract, franchise or permit to collect solid waste, recyclable and/or organic material in carts and bins from residential and commercial customers.

***Editor's note—**Ord. No. 2011-25, §§ 1, 2 effective September 1, 2011, amended the Code by repealing former art. 2, §§ 6-201—6-221, and adding a new art. 2. Former art. 2 pertained to solid waste, recyclable and green waste collection and disposal; and derived from Ord. 2005-101, effective October 29, 2005.

(b) "Authorized Processing Agent or Agency" shall mean the city or the entity authorized by contract, franchise or permit to process solid waste, recyclable and/or organic material.

(c) "Authorized Roll-Off Collector" shall mean the entity(ies) authorized by the city through a non-exclusive franchise to use roll-off containers to collect solid waste, recyclable materials, organic materials, and/or construction and demolition debris in the city.

(d) "Automated Collection Service" shall mean service to customers using automated collection containers with the aid of automated lifting and emptying equipment.

(e) "Automated Collection Service Area" shall mean a clearly defined geographical area within which automated collection containers are provided.

(f) "Automated Container" shall mean any material container owned and maintained by the city or its authorized cart/bin collection agent, designed to be emptied mechanically.

(g) "Back-haul" means generating and transporting recyclable materials (including organic materials) to a destination owned and operated by the customer using the customer's own employees and equipment, or as otherwise defined in 14 CCR Section 18982(a)(66)(A).

(h) "Bin" means a container with capacity of approximately one to eight cubic yards, with a hinged lid, and with wheels, that is typically serviced by a front end-loading Collection vehicle.

(i) "Blue Container" has the same meaning as in 14 CCR Section 18982.2(a)(5) and shall be used for the purpose of storage and collection of segregated recyclable materials.

(j) "Cart" means a plastic container with a hinged lid and wheels that is typically serviced by an automated or semi-automated Collection vehicle. A Cart has capacity of 20, 35, 64, or 96 gallons (or similar volumes).

(k) "Certified Recycling Facility" means a recycling, composting, materials recovery or re-use facility that is fully licensed, certified and eligible under federal, state and local laws and regulations. The Director shall maintain a listing of Certified Recycling Facilities.

(l) "City Manager" shall mean the City Manager of the city or an authorized representative of the City Manager.

(m) "Collection Day" shall mean that day determined by the Director for the collection of any material at a specific location.

(n) "Collection Location" shall mean the location as determined by the Director for the placement of any material by customers to be collected by the authorized cart/bin collection agent on the material collection day. This location is generally curbside.

(o) "Collection Route" shall mean an orderly travel network along which exists one or more service locations.

(p) "Commercial Edible Food Generator" includes a tier one or a tier two commercial edible food generator, as defined in this section or as otherwise defined in 14 CCCF Section 192(a)(73) and (a)(74). For the purposes of this Article, food recovery organizations and food recovery services are not commercial edible food generators pursuant to 14 CCR Section 18982(a)(7).

(q) "Commercial Service Location" shall mean any service location not defined as a "residential service location."

(r) "Community Composting" means any activity that composts green material, agricultural material, food material, and vegetative food material, alone or in combination, and the total amount of feedstock and compost on-site at any one time does not exceed one hundred (100) cubic yards and seven hundred fifty (750) square feet, as specified in 14 CCR Section 17855(a)(4); or, as otherwise defined by 14 CCR Section 18982(a)(8).

(s) "Compactor" means a mechanical apparatus that compresses materials into a container, which container may be detachable.

(t) "Construction" means the building of any facility or structure or any portion thereof including any tenant improvements to an existing facility or structure.

(u) "Construction and Demolition Debris" (C&D Debris) means materials resulting from construction, remodeling, repair, cleanup, or demolition operations that are not hazardous as defined in California Code of Regulations. Title 22 Section 66261.3 et seq. This term includes, but is not limited to, asphalt, concrete, cement concrete, brick, lumber, gypsum wallboard, concrete board, cardboard, and other associated packaging, roofing material, ceramic tile, carpeting, plastic pipe and steel, as well as vegetative matter resulting from land clearing and landscaping including but not limited to rock, soil, tree stumps.

(v) "Customer" shall mean a person or entity that is responsible for the initial creation of waste material, or as otherwise defined in 14 CCR Section 18982(a)(48).

(w) "Customer of Record" shall mean any party with a utility billing account issued in their name for a specific service location.

(x) "Demolition" means the decimating, razing, ruining, tearing down or wrecking of any facility, structure, pavement or building, whether in whole or in part, whether interior or exterior.

(y) "Director" shall mean the Public Utilities Director of the city or an authorized representative of the Public Utilities Director.

(z) "Drop Box" means an open-top container with capacities from six (6) to fifty (50) cubic yards that is used for collection of permitted materials and that is serviced by

roll-off collection trucks. Drop boxes with capacities of less than ten (10) cubic yards shall only be used for the purposes of collecting C&D debris on a temporary basis. A drop box is also known as a roll-off box and/or debris box.

(aa) "Edible Food" means food intended for human consumption, or as otherwise defined in 14 CCR Section 18982(a)(18). For the purposes of this article or as otherwise defined in 14 CCR Section 18982(a)(18), "edible food" is not solid waste if it is recovered and not discarded. Nothing in this ordinance or in 14 CCR, Division 7, Chapter 12 requires or authorizes the recovery of edible food that does not meet the food safety requirements of the California Retail Food Code.

(bb) "Excluded Waste" means hazardous waste, infectious waste, volatile, corrosive, medical waste, infectious, regulated radioactive waste, and toxic substances or material that facility operator(s), which receive materials from the city and its customers, reasonably believe(s) would, as a result of or upon acceptance, transfer, processing, or disposal, be a violation of local, State, or Federal law, regulation, or ordinance, including: land use restrictions or conditions, waste that cannot be disposed of in Class III landfills or accepted at the facility by permit conditions, waste that in city's reasonable opinion would present a significant risk to human health or the environment, cause a nuisance or otherwise create or expose city to potential liability; but not including de minimis volumes or concentrations of waste of a type and amount normally found in residential waste after implementation of programs for the safe collection, processing, recycling, treatment, and disposal of batteries and paint in compliance with Sections 41500 and 41802 of the California Public Resources Code.

(cc) "Food Distributor" means a company that distributes food to entities including, but not limited to, supermarkets and grocery stores, or as otherwise defined in 14 CCR Section 18982(a)(22).

(dd) "Food Facility" has the same meaning as in Section 113789 of the Health and Safety Code.

(ee) "Food Recovery" means actions to collect and distribute food for human consumption that otherwise would be disposed, or as otherwise defined in 14 CCR Section 18982(a)(24).

(ff) "Food Recovery Organization" means an entity that engages in the collection or receipt of edible food from commercial edible food generators and distributes that edible food to the public for food recovery either directly or through other entities or as otherwise defined in 14 CCR Section 18982(a)(25), including, but not limited to:

(1) Food bank as defined in Section 113783 of the Health and Safety Code;

(2) Nonprofit charitable organization as defined in Section 113841 of the Health and Safety Code; and,

(3) Nonprofit charitable temporary food facility as defined in Section 113842 of the Health and Safety Code.

A food recovery organization is not a commercial edible food generator for the purposes of this ordinance and implementation of 14 CCR, Division 7, Chapter 12 pursuant to 14 CCR Section 18982(a)(7). If the definition in 14 CCR Section 18982(a)(25) for food recovery organization differs from this definition, the definition in 14 CCR Section 18982(a)(25) shall apply to this ordinance.

(gg) "Food Recovery Service" means a person or entity that collects and transports edible food from a commercial edible food generator to a food recovery organization or other entities for food recovery, or as otherwise defined in 14 CCR Section 18982(a)(26). A food recovery service is not a commercial edible food generator for the purposes of this ordinance and implementation of 14 CCR, Division 7, Chapter 12 pursuant to 14 CCR Section 18982(a)(7).

(hh) "Food Scraps" means those discarded materials that will decompose and/or putrefy including (i) all kitchen and table food waste, (ii) animal or vegetable waste that is generated during or results from the storage, preparation, cooking or handling of food stuffs, (iii) discarded paper that is contaminated with food scraps; (iv) fruit waste, grain waste, dairy waste, meat and fish waste; and, (v) non-recyclable paper or contaminated paper. Food scraps are a subset of organic materials.

(ii) "Food Service Provider" means an entity primarily engaged in providing food services to institutional, governmental, commercial, or industrial locations of others based on contractual arrangements with these types of organizations, or as otherwise defined in 14 CCR Section 18982(a)(27).

(jj) "Gray Container" has the same meaning as in 14 CCR Section 18982.2(a)(28) and shall be used for the purpose of storage and collection of solid waste.

(kk) "Green Container" has the same meaning as in 14 CCR Section 18982.2(a)(29) and shall be used for the purpose of storage and collection of source separated organic materials.

(ll) "Green Waste Material" shall mean any materials generated from the maintenance or alteration of public, commercial, or residential landscapes that will decompose and/or putrefy including, but not limited to, yard clippings, grass, leaves, shrub/tree trimmings or prunings (less than 4" in diameter), brush, flowers, weeds, dead plants, small pieces of unpainted and untreated wood, and other types of organic waste. Green waste material is a subset of organic materials.

(mm) "Grocery Store" means a store primarily engaged in the retail sale of canned food; dry goods; fresh fruits and vegetables; fresh meats, fish, and poultry; and any area that is not separately owned within the store where the food is prepared and served, including a bakery, deli, and meat and seafood departments, or as otherwise defined in 14 CCR Section 1B982(a)(30).

(nn) "Hazardous Waste" includes any waste material or mixture of wastes which is toxic, corrosive, flammable, an irritant, a strong sensitizer, which generates pressure through decomposition, heat or other means, if such a waste or mixture of wastes

may cause substantial personal injury, serious illness or harm to humans, domestic animals, or wildlife, during, or as an approximate result of any disposal of such wastes or mixtures of waste as defined in Article 2, Chapter 6.5, Section 25116 of the Health and Safety Code. The terms "toxic," "corrosive," "flammable," "irritant," and "strong sensitizer" shall be given the same meaning as in the California Hazardous Substances Act (Chapter 13 commencing with Section 28740 of Division 21 of the Health and Safety Code) and under various federal, state, local, or municipal laws, rules, orders, regulations, statutes, ordinances, codes, decrees, or requirements of any government authority regulating, relating to, or imposing liability or standards of conduct concerning any hazardous substance, together with any amendments of or regulations promulgated under such laws, and any other federal, state, or local law, statute, ordinance, or regulation in effect prior to the time of adoption of this chapter or later enacted that pertains to occupational health or industrial hygiene, or the regulation or protection of the environment, including ambient air, soil, soil vapor, groundwater, surface water, or land use.

(oo) "Inspection" means a site visit where city, or its agent, reviews records, containers, and an entity's collection, handling, recycling, or landfill disposal of recyclable materials (including organic materials) or edible food handling to determine if the entity is complying with requirements set forth in this ordinance, or as otherwise defined in 14 CCR Section 18982(a)(35).

(pp) "Large Event" means an event, including, but not limited to, a sporting event or a flea market, that charges an admission price, or is operated by a local agency, and serves an average of more than two thousand (2,000) individuals per day of operation of the event, at a location that includes, but is not limited to, a public, nonprofit, or privately owned park, parking lot, golf course, street system, or other open space when being used for an event. If the definition in 14 CCR Section 18982(a)(38) differs from this definition, the definition in 14 CCR Section 18982(a)(38) shall apply to this ordinance.

(qq) "Large Venue" means a permanent venue facility that annually seats or serves an average of more than two thousand (2,000) individuals within the grounds of the facility per day of operation of the venue facility. For purposes of this article and implementation of 14 CCR, Division 7, Chapter 12, a venue facility includes, but is not limited to, a public, nonprofit, or privately owned or operated stadium, amphitheater, arena, hall, amusement park, conference or civic center, zoo, aquarium, airport, racetrack, horse track, performing arts center, fairground, museum, theater, or other public attraction facility. For purposes of this article and implementation of 14 CCR, Division 7, Chapter 12, a site under common ownership or control that includes more than one large venue that is contiguous with other large venues in the site, is a single large venue. If the definition in 14 CCR Section 18982(a)(39) differs from this definition, the definition in 14 CCR Section 18982(a)(39) shall apply to this ordinance.

(rr) "Local Education Agency" means a school district, charter school, or county office of education that is not subject to the control of city or county regulations related to discarded material, or as otherwise defined in 14 CCR Section 18982(a)(40).

(ss) "Material" shall mean solid waste, segregated recyclables and organic material, including without limitation construction and demolition debris.

(tt) "Medical Waste" includes (i) equipment, instruments, utensils, and other fomites of a disposable nature from the rooms of patients who are suspected to have or have been diagnosed as having a communicable disease and must, therefore, be isolated as required by public health agencies; (ii) laboratory wastes, including pathological specimens (i.e., all tissues, specimens of blood elements, excreta and secretions obtained from patients or laboratory animals) and disposable fomites (any substance that may harbor or transmit pathogenic organisms) attendant thereto; (iii) surgical operating room pathological specimens including recognizable anatomical parts, human tissue, anatomical human remains and disposable materials from hospitals, clinics, outpatient areas and emergency rooms, as is also defined in Section 314(d) of the California Administrative Code, Title 17; and (iv) substances or matter which is defined as "infectious waste" under the California Code of Regulations.

(uu) "Non-Exclusive Roll-Off Collection Franchise" means and includes a franchise to provide roll-off container collection services in the city, provided pursuant to Section 6-222.

(vv) "Notice of Violation" shall mean a non-appealable warning with direction to correct violation issued and served on responsible party in the manner provided in Section 805.1 of Chapter 9 of this Code.

(ww) "Organic Materials" means those discarded materials that will decompose and/or putrefy including green waste material and food scraps such as, but are not limited to, green trimmings, grass, weeds, leaves, prunings, branches, dead plants, brush, tree trimmings, dead trees, small wood pieces, other types of organic yard waste, vegetable waste, fruit waste, grain waste, dairy waste, meat waste, fish waste, paper contaminated with food scrap, pieces of unpainted and untreated wood, and pieces of unpainted and untreated wallboard. No discarded material shall be considered to be organic materials, however, unless such material is source separated from solid waste, recyclable material, C&D debris, or other materials.

(xx) "Public Nuisance" shall mean and the City Council by adoption of this ordinance declares that any violation of this article is unlawful and shall constitute a public nuisance.

(yy) "Prohibited Container Contaminants" means the following: (i) discarded materials placed in the blue container that are not identified as acceptable segregated recyclable materials for the appropriate agency's blue container; (ii) discarded materials placed in the green container that are not identified as acceptable source separated organic materials for the appropriate agency's green container; (iii)

discarded materials placed in the gray container that are acceptable segregated recyclable materials and/or source separated organic materials to be placed in appropriate agency's green container and/or blue container; and, (iv) excluded waste placed in any container.

(zz) "Recyclable Material" shall mean material for re-use, conversion to energy, recycling, composting, land application or alternative daily cover, but not for transformation.

(aaa) "Recycling" means the process of collecting, sorting, cleansing, treating, and reconstituting materials for the purpose of using the altered form in the manufacture of a new product. Recycling does not include burning, incinerating, or thermally destroying solid waste.

(bbb) "Residential Basic Service" shall mean 96 gallons of solid waste, 96 gallons of mixed recyclables and 96 gallons of organic material, per collection period.

(ccc) "Residential Reduced Service" shall mean service for containers with a capacity of less than 96 gallons of solid waste, 96 gallons of mixed recyclables and 96 gallons of organic material, per collection period.

(ddd) "Residential Service Location" shall mean a service location from which material is collected from four or less dwelling units, but including structures containing any number of residential condominiums billed as single family residences.

(eee) "Responsible Party" shall mean any individual or entity that owns a service location, is a customer of record of a service location, or occupies/is in charge of/controls a service location, jointly and severally.

(fff) "Roll-Off Containers" means a drop box or compactor used for collection of permitted materials and serviced by a roll-off collection truck. Roll-off containers with capacities of less than ten (10) cubic yards shall only be used for the purposes of collecting C&D debris on a temporary basis.

(ggg) "Roll-off Collection Truck" means a collection vehicle with a mechanical device such as a winch that pulls or loads a roll-off container onto the truck bed or attached trailer and separately transports each roll-off container to a disposal site or processing site.

(hhh) "Route Review" means a visual inspection of containers along a collection route for the purpose of identifying whether prohibited container contaminants are present and may include mechanical inspection methods such as the use of cameras. or as otherwise defined in 14 CCR Section 18982(a)(65).

(iii) "Source Separated" means the segregation, by the generator, of materials designated for separate Collection for some form of Recycling, Processing, recovery, or reuse.

(jjj) "Segregated Recyclable Material" shall mean recyclable material such as including but not limited to beverage containers, glass, aluminum, tin, steel, newspaper, paper products, plastics, metals and cardboard which have been source separated by the customer and placed in a designated recyclable materials container to be collected by

the authorized collection agent. No discarded material shall be considered segregated recyclable material unless such material is source separated from solid waste, organic material, C&D debris, or other materials.

(kkk) "Service Location" shall mean a specific point from which material can be economically collected from one or more containers which can be lifted after moving the collection vehicle less than one truck length in alternate forward and reverse directions per container following the initial stop.

(lll) "Solid Waste" shall mean waste material of all kinds other excluded waste, and includes, but is not limited to, garbage, rubbish, waste, waste products, animal excrement and refuse. Solid waste does not include source separated organic materials or segregated recyclable materials.

(mmm) "Supermarket" means a full-line, self-service retail store with gross annual sales of two million dollars ($2,000,000), or more, and which sells a line of dry grocery, canned goods, or nonfood items and some perishable items, or as otherwise defined in 14 CCR Section 18982(a)(71).

(nnn) "Tier One Commercial Edible Food Generator" means a commercial edible food generator that is one of the following:

(1) Supermarket.

(2) Grocery store with a total facility size equal to or greater than ten thousand (10,000) square feet.

(3) Food service provider.

(4) Food distributor.

(5) Wholesale food vendor.

If the definition in 14 CCR Section 18982(a)(73) of tier one commercial edible food generator differs from this definition, the definition in 14 CCR Section 18982(a)(73) shall apply to this ordinance.

(ooo) "Tier Two Commercial Edible Food Generator" means a commercial edible food generator that is one of the following:

(1) Restaurant with two hundred fifty (250 or more seats, or a total facility size equal to or greater than five thousand (5,000) square feet.

(2) Hotel with an on-site food facility and two hundred (200) or more rooms.

(3) Health facility with an on-site food facility and one hundred (100) or more beds.

(4) Large Venue.

(5) Large Event.

(6) A State agency with a cafeteria with two hundred fifty (250) or more seats or total cafeteria facility size equal to or greater than five thousand (5,000) square feet.

(7) A local education agency facility with an on-site food facility .

If the definition in 14 CCR Section 18982(a)(74) of Tier Two Commercial Edible Food Generator differs from this definition. the definition in 14 CCR Section 18982(a)(74) shall apply to this ordinance.

(ppp) "Wholesale Food Vendor" means a business or establishment engaged in the merchant wholesale distribution of food, where food (including fruits and vegetables) is received, shipped, stored, prepared for distribution to a retailer, warehouse, distributor, or other destination, or as otherwise defined in 14 CCR Section 189852(a)(76).

(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 1, eff. 4-16-22).

SEC. 6-203. INTENT.

This ordinance is adopted with the intent:

(a) To comply with the California Integrated Waste Management Act of 1989, Assembly Bill 939 (AB 939), including its requirement that each local jurisdiction in the state divert 50% of discarded materials from landfills or face penalties; and

(b) To implement the City's AB 939 Plan including the Source Reduction and Recycling Element (SRRE) for Fresno adopted by the City Council.

(c) To encourage and provide for the diversion of commercial materials and construction and demolition debris from landfill disposal in order to reduce waste and comply with AB 939.

(d) To support the City goals of achieving 75% diversion by 2012 and Zero Waste status by 2025 which were adopted by City Council on June 26, 2007 and presented in its Zero Waste Strategic Action Plan approved on February 11, 2009.

(e) To comply with Assembly Bill 341 of 2011 (AB 341), which places requirements on businesses and multi-family property owners that generate a specified threshold amount of solid waste to arrange for recycling services and requires cities to implement a mandatory commercial recycling program.

(f) To comply with Assembly Bill 1826 of 2014 (AB 1826), which requires businesses and multi-family property owners that generate a specified threshold amount of solid waste and recyclable materials (including organic materials) per week to arrange for recycling services for that waste, requires cities to implement a recycling program to divert organic waste from businesses subject to the law, and requires cities to implement a mandatory commercial organics recycling program.

(g) To comply with Senate Bill 1383 of 2016 (SB 1383), which places requirements on multiple entities including local government, residential households, commercial businesses and business owners, commercial edible food generators, haulers, self-haulers, food recovery organizations, and food recovery services to support achieve-

ment of Statewide organic waste disposal reduction targets. SB 1383 also requires cities to adopt and enforce an ordinance to implement relevant provisions of SB 1383 Regulations.

(h) To help ensure the maintenance, restoration, enhancement, and protection of the environment including natural resources.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 2, eff. 4-16-22).

SEC. 6-204. COLLECTION CONTAINERS, PROVISION AND USE.

(a) All automated containers and roll-off containers used shall be issued by the authorized cart/bin collection agent or authorized roll-off collector to a responsible party unless otherwise approved by the Director and subject to such rules and regulations regarding size, markings use and storage as the Director may promulgate. Without limitation, responsible party shall be responsible for ensuring compliance with the provisions of this article as to each container issued with the exception that each authorized roll-off collector shall be responsible for compliance with provisions of Section 6-204(e).

(b) Only objects or materials which will drop freely through the container opening and permit the lid to be fully closed, or which do not exceed the height of the drop-box walls, may be placed in the container for collection. Objects too large to be placed in and processed by the hopper of the collection vehicle and its related mechanisms will be tagged by the collector and left for the customer to remove from the container.

(c) The Director is specifically authorized to promulgate rules and regulations regarding any and all material containers including as related to the materials to be placed therein, the placement and maximum weight of high-density materials for collection/disposal and the proper use of containers.

(d) The provisions of this subsection shall apply to solid waste, recyclable materials, organic materials, and construction and demolition debris containers. Such containers shall only be used for the storage of material designated by the Director, to be collected by the authorized cart/bin collection agent or authorized roll-off collector.

(e) All containers provided by an authorized roll-off collector shall be labeled in such a manner that prominently displays the collection agent's or roll-off collector's name, local telephone number, a unique container identification number, and a list of acceptable materials. As appropriate, containers shall be labeled for: solid waste, recyclable materials, organic materials or construction and demolition debris. Such labeling may be temporary labeling in the form of magnetic or detachable signs.

(f) The City shall have the right to remove containers that do not comply with the labeling requirements set forth in Section 6-204(e). In such case, the City shall tag the container to be removed with a notice of its intent to remove the container and dispose of or process the materials; and, City shall provide written notice to the owner of the container (if the party can be identified) and the responsible party stating that the container has been tagged for removal. Within fourteen (14) calendar days of such notice, the City or its agent may remove

the container and dispose of or process the materials. If the City can identify the owner of the container, the City may charge the owner of the container for the City's costs incurred removing the container, transporting, processing, and disposing of its contents, and/or the cost of storing the container. Upon receipt of invoice, the container owner shall reimburse the City for such costs within fourteen (14) calendar days of the date of the City's invoice for such costs and remove the container from the City storage location or its agent storage location. If the owner does not pay the invoice amount within fourteen (14) days and remove the container, the City shall become the container owner. In the event the City cannot identify the owner of the container, the City shall become the owner of the container upon removal of the container from the responsible party's premises following proper noticing procedures.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 3, eff. 4-16-22).

SEC. 6-205. COLLECTION AND DISPOSAL REGULATIONS.

(a) **All Persons Subject.** No person shall dispose of any material to be collected by the authorized cart/bin collection agent or authorized roll-off collector or shall keep any material other than as indicated in this section.

(b) **Removal of Solid Waste, Recyclables, Organic Materials, and C&D Debris.** Except as provided herein, every responsible person of any service location where there is any accumulation of material shall place the material at the service location in the appropriate container for collection at least once each week or otherwise lawfully dispose of such material; or as otherwise determined by the Director pursuant to the authority granted to the Director in section 6-208. No collection shall be performed by a person other than an authorized cart/bin collection agent or authorized roll-off collector.

(c) **Collection and Disposal Rules for Residential Service Locations.**

(1) All material shall be loosely placed for collection in covered collection containers conforming to requirements of this article.

(2) No container shall be loaded beyond the capacity as specified by the city in section 6-204 of this chapter 6.

(3) All material shall be stored in containers conforming to the requirements of this article, and as follows:

(i) Material from each residential customer must be placed for collection on a weekly basis in the appropriate container furnished by an authorized collection agency or in a roll-off container furnished by an authorized roll-off collector for temporary service of C&O debris, green waste material, or solid waste.

(ii) Customers shall place organic materials, including food waste, in the green container; segregated recyclable materials in the blue container; and

remaining solid waste in the gray container. Customers shall not place materials designated for the gray container into the green container or blue container.

(4) No material from any service location shall be deposited in a container of, or set out for collection at, any other service location except that this provision shall not apply to material deposited or set out for collection by any customers lawfully sharing a container; and, except that temporary service locations may be established by the Director in instances where the Director has been notified of construction, demolition, or other temporary obstacles which prevent the use of or access to permanent service locations and has agreed to deviations.

(5) Each service location shall be provided with sufficient containers to adequately store for collection the normal periodic accumulation of material. In cases where an abnormal accumulation cannot be stored until the next regular collection in a manner conforming to this article, the customer shall order a special haul and pay for that service at the rates established in the Master Fee Schedule pursuant to section 6-207 of this article, or shall transport the material to a lawful disposal site, in compliance with all applicable laws and regulations mandated by all federal, state or local agencies.

(6) No material or containers shall be kept or handled in such a manner as to become a nuisance. No material shall be allowed to become odoriferous or a producer of vermin. Lids on containers shall remain closed at all times while stored or placed for collection. Residential composting operations shall be exempt from this subsection; provided, that only vegetation grown on the premises is being composted and that the Director determines that the operation is sufficiently capable of being aerated to preclude noxious or offensive odors being perceived from adjacent properties.

(7) No live or hot coals, ashes, or other things, which can cause a fire in a collection container or vehicle shall be placed in or with any material set out for collection. Cold ashes and coals placed for collection shall be contained in such a manner as to retard their blowing and flying on being emptied into the collection vehicle.

(8) Except as provide herein, no human or animal excrement shall be placed for collection. Solid animal excrement may be placed for collection within the solid waste container provided said excrement is placed properly containerized in a plastic or paper bag, to secure contents.

(9) Automated-containers shall be placed within two feet of the curb, unless otherwise specified by Director, in a manner such as to be in front of any fence or other barrier or enclosure and readily accessible from the street or alley on which the collectors conduct their route. Automated containers shall be placed at least three feet from any obstruction, including another automated-container. In the event material collection is made by driving the collection vehicle on to the premises, residential material shall be placed at the service location. Further, in the event a responsible person produces credible assurance that he/she is physically unable to comply with

this provision, such as (but not limited to) a medical doctor's statement, valid state-issued disability parking placard or a state-issued proof of disability, together with such responsible person's affidavit certifying that no person residing on his premises is capable of compliance with this provision, the Director shall arrange with the responsible person for special service at no additional expense.

(10) Container in view requirements: No material container shall be stored in the front yard or side yard on a street as said yards are described in Chapter 12, Articles 2 and 3 of this Code, unless the container is screened from view from the street in accordance with that article of the Code, provided that upon written request the Director in his/her discretion may grant relief from screening requirement based upon facts and circumstances showing undue hardship and provided that roll-off containers supplied by an authorized roll-off collector for use on a temporary basis not to exceed thirty (30) days may be exempt from the view screening requirements. At his/her discretion, the Director may extend the thirty (30) day exemption period for roll-off containers on a case-by-case basis. Containers shall be placed for collection as described in (11) of this subsection (c). No material or container shall be stored or placed for collection within a public walkway, roadway, or any other traveled way in a manner which impedes traffic or drainage or in any manner which creates a hazard.

(11) Placement for collection shall conform to the following: Automated containers shall be placed for collection before 5:30 a.m. of the collection day, but not before 6:00 p.m. of the preceding day. The containers shall be moved back to their normal storage location by not later than 8:00 p.m. of the collection day unless authorized by the Director. Roll-off containers are exempt from the requirements of this subsection.

(12) Except as expressly authorized by city, no more than 288 gallons or three 96-gallon containers will be collected from each separately owned residential service location.

(13) It shall be the customer's responsibility to keep their containers used for the storage and collection of material generated on their premises in a clean and sanitary condition.

(d) **Collection and Disposal Rules For Commercial Service Locations.**

(1) Material may be stored in such rooms or places as are approved by the Director and by the Fire Marshal for the safe and sanitary keeping of such material.

(2) All material shall be stored in containers conforming to the requirements of this article, and as follows:

(i) Material from each commercial customer must be placed for collection in the appropriate solid waste. organic materials, and segregated recyclables container(s) furnished by an authorized collection agency or authorized roll-off collector having a combined capacity at least equal to the estimated normal generation of material by the customer.

(ii) Customers shall place organic materials, including food waste, in the green container; segregated recyclable materials in the blue container; and remaining solid waste in the gray container. Customers shall not place materials designated for the gray container into the green container or blue container.

(iii) It shall be the customer's responsibility to keep their containers used for the storage and collection of material generated on their premises in a clean and sanitary condition.

(3) Service locations served from alleys shall be placed for collection at the alley. Containers used at all such places not served from alleys shall be placed for collection of material at service locations approved by the Director, but shall not be stored in public roadways, walkways, or other traveled ways.

(4) Automatic locking containers in the Downtown Property and Business Improvement District 2010-1 and any amendments to the District as directed by the District's Owners Association from time to time shall be secured by a lock at all times at all commercial service locations, except when customers are placing material into the containers. It shall be the customer's responsibility to keep such containers at their premises locked. The results of the enforcement of this added subsection shall be reviewed by Council within one (1) year of the effective date of the Ordinance adding this subsection.

(5) Commercial service locations, including residential service locations with five (5) or more units , shall supply and allow access to adequate number size and location of collection containers with sufficient labels or colors (conforming with Sections d(6)(i) and d(6)(ii) below) for employees, contractors, tenants, and customers, consistent with the agency's blue container, green container, and gray container collection service or, if back-hauling, per the commercial service location's instructions to support its compliance with its back-haul program, in accordance with Section 6-206(b).

(6) Commercial service locations, excluding multi-family residential dwellings of any unit count, shall provide containers for the collection of source separated organic materials and segregated recyclable materials in all indoor and outdoor areas where disposal containers are provided for patrons, for materials generated by that business. Such containers do not need to be provided in restrooms. If a commercial service location does not generate any of the materials that would be collected in one type of container, then the business does not have to provide that particular container in all areas where disposal containers are provided for patrons. Pursuant to 14 CCR Section 18984.9(b), the containers provided by the business shall have either:

(i) A body or lid that conforms with the container colors provided through the appropriate agency's collection service, with either lids conforming to the color requirements or bodies conforming to the color requirements or both lids and bodies conforming to color requirements. A commercial customer is not required

to replace functional containers, including containers purchased prior to January 1, 2022, that do not comply with the requirements of this subsection prior to the end of the useful life of those containers, or prior to January 1, 2036, whichever comes first.

(ii) Container labels that include language or graphic images, or both, indicating the primary material accepted and the primary materials prohibited in that container, or containers with imprinted text or graphic images that indicate the primary materials accepted and primary materials prohibited in the container. Pursuant 14 CCR Section 18984.8, the container labeling requirements are required on new containers commencing January 1, 2022.

(7) Commercial service locations, excluding multi-family residential dwellings of any unit count, shall, to the extent practical through education, training, inspection, and/or other measures, prohibit employees from placing materials in a container not designated for those materials per the appropriate agency's blue container, green container, and gray container collection service or, if back-hauling, per the commercial service location's instructions to support its compliance with its back-haul program, in accordance with Section 6-206(b).

(8) Commercial service locations, excluding multi-family residential dwellings of any unit count, shall periodically inspect blue containers, green containers, and gray containers for contamination and inform employees if containers are contaminated and of the requirements to keep contaminants out of those containers pursuant to 14 CCR Section 18984.9(b)(3).

(9) Commercial service locations shall annually provide information to employees, contractors, tenants, and patrons about recyclable materials (including organic materials) recovery requirements and about proper sorting of recyclable materials (including organic materials).

(10) Commercial service locations shall provide education information before or within fourteen (14) days of occupation of the premises to new tenants that describes requirements to keep source separated organic materials and segregated recyclable materials separate from solid waste (when applicable) and the location of containers and the rules governing their use at each property.

(11) Commercial service locations shall provide or arrange access for the city or its agent to their properties during all inspections conducted in accordance with Section 6-215 to confirm compliance with the requirements of this article.

(12) Commercial service locations that are tier one or tier two commercial edible food generators shall comply with food recovery requirements, pursuant to Section 6-223.

(e) **Days of Collection.** The capacity and number of material containers, days of collection, and number of collections exceeding the number required pursuant to this section, and requested by any customer shall be subject to the approval of the Director giving full consideration to the nature and needs of the customer, and to the capabilities and efficient

operation of the city. Material will be collected on Sundays only at those premises where collection is deemed necessary by the County Health Department or by the Director with the exception that authorized roll-off collectors may collect roll-off boxes any day of the week without requesting approval of the Director.

(f) **Construction and Demolition Debris Diversion.** Construction and demolition debris generated under a city issued building, relocation or demolition permit and equal to or exceeding 8 cubic yards of material by volume must either be (i) segregated and recycled by the person holding the building, relocation, or demolition permit using a certified recycling facility, (ii) collected by an authorized cart/bin collection agent or authorized roll-off collector for recycling and disposal to a certified recycling facility: or (iii) transported from the premises by a contractor performing construction or demolition work at the premises, whose removal of the construction and demolition debris is incidental to the service being performed, and such contractor removes materials at no additional or separate fee using contractor's employees and contractor's equipment. For the purposes of this subsection, C&D removal service shall be considered "incidental" when the estimated cost of the removal, which includes transportation and disposal or processing of the materials, is less than thirty percent (30%) of the contractor's total cost of services being performed for the responsible party. The city council may from time to time set forth by resolution a construction and demolition material diversion fee to be upon such building, relocation or demolition permit to be issued by city. Said diversion fees shall be deposited into the solid waste operating fund to be used for diversion program implementation including administration and education. Persons applying for a permit from the city for construction or other related activities must also comply with the provisions of Section 6-225.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. No. 2011-23, § 1, eff. 9-1-11; Am. Ord. 2022-003, § 4, eff. 4-16-22).

SEC. 6-206. MANDATORY SERVICE.

(a) **Mandatory Service.** Every person owning or occupying a residence or commercial establishment shall subscribe to solid waste, segregated recyclable materials, and organic materials collection service from an authorized cart/bin collection agent or authorized roll-off collector, and each person generating construction and demolition debris/material under a city issued building, relocation or demolition permit shall subscribe to C&D debris collection service from an authorized collection agency or an authorized roll-off collector. The city shall have the right to review the number and size of a customer's containers to evaluate adequacy of capacity provided for each type of collection service for proper separation of materials and containment of materials; and, customers shall adjust their service level for collection services as requested by the city. Customers may additionally manage their waste by preventing or reducing their generation of waste materials, and/or using a community composting site pursuant to 14 CCR Section 18984.9(c).

(b) **Exception for Back-Haul.** In addition to the requirements of Section 6-206(a), commercial customers may supplement waste collection services by back-hauling, as defined in 14 CCR Section 18982(a)(66)(A).

(1) Back-haulers shall source separate all recyclable materials and organic materials generated on-site from solid waste in a manner consistent with 14 CCR Sections 18984.1 and 18984.2.

(2) Back-haulers shall haul their segregated recyclable materials and source separated organic materials to a facility, operation, activity, or property that processes, recycles, and/or recovers those materials.

(3) Back-haulers that are commercial businesses shall keep a record of the amount of recyclable material (including organic material) delivered to each facility , operation, activity, or property that processes, recycles, or recovers those materials; this record shall be subject to inspection by the city, and shall be provided to the city upon request. The records shall include the following information:

(i) Delivery receipts and weight tickets from the entity accepting the material.

(ii) The amount of material in cubic yards or tons transported by the generator to each entity.

(iii) If the material is transported to an entity that does not have scales on-site or employs scales incapab le of weighing the back-ha uler's vehicle in a manner that allows it to determine the weight of materials recei ved, t he back-hauler is not required to record the weight of material but shall keep a record of the entities that received the material.

(c) **Other Exceptions.** In its sole discretion, the city may grant the following waivers to individual customers:

(1) De Minimis Waivers. The city may waive a commercial service location's obligation to comply with some or all of the requirements of Section 6-205(d)(2) and Sections 6-205(d)(5) through (12) of this article if the commercial service location provides documentation that the business generates below a certain amount of recyclable material (including organic material) as described in Section 6-206(c)(1)(ii) below. A commercial service location requesting a de minimis waiver shall:

(i) Submit an application specifying the services that they are requesting a waiver from and provide documentation as noted in Section 6-206(c)(1)(ii) below.

(ii) Provide documentation that either:

(a) The commercial service location's total discarded material collection service is two (2) cubic yards or more per week and recyclable materials (including organic materials) subject to collection in a blue container or green container comprises less than twenty (20) gallons per week per applicable container of the business' total waste; or,

(b) The commercial service location's total discarded material collection service is less than two (2) cubic yards per week and recyclable materials (including organic materials) subject to collection in a blue container or green container comprises less than ten (10) gallons per week per applicable container of the business' total waste.

(iii) Notify the city if circumstances change such that the commercial service location's recyclable materials (including organic materials) exceeds the threshold required for the waiver, in which case the waiver will be rescinded.

(iv) Provide written verification of eligibility for de minimis waiver every 5 years if the city has approved de minimis waiver.

(2) Physical Space Waivers. The city may waive a commercial service location's obligations to comply with some or all of the requirements of Section 6-205(d)(2) and Sections 6-205(d)(5) through (12) of this article if the city has evidence from its own staff, an authorized cart/bin collection agency, licensed architect, or licensed engineer demonstrating that the premises lacks adequate space for the collection containers required for compliance with Section 6-205(d)(2) and Sections 6-205(d)(5) through (12) of this article. A commercial service location requesting a physical space waiver shall:

(i) Submit an application form specifying the type(s) of collection services for which they are requesting a compliance waiver.

(ii) Provide documentation that the premises lacks adequate space for blue containers and/or green containers including documentation from its authorized cart/bin collection agency, licensed architect, or licensed engineer.

(iii) Provide written verification to the city that it is still eligible for a physical space waiver every five (5) years if the city has approved a prior application for a physical space waiver.

(3) Collection Frequency Waivers. The city, at its discretion and in accordance with 14 CCR Section 18984.11(a)(3), may allow residential service location or commercial service location to arrange for the collection of their blue container, gray container, or both once every fourteen days, rather than once per week.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 5, eff. 4-16-22).

SEC. 6-207. SERVICE CHARGES.

(a) The Council shall designate in the Master Fee Resolution, and from time to time may modify, the charges to be paid for solid waste, recycling and organic material services rendered by the city, and may promulgate rules and regulations related thereto.

(b) The city may enter into contracts with public agencies and/or other authorized cart/bin collection agencies for the collection of materials at rates which vary from those established pursuant to subsection (a) of this section, but which are not less than the total actual cost of providing the service.

(c) The city may enter into contracts with authorized roll-off collectors for the collection of materials in roll-off containers and the rates for such roll-off collection services shall be determined by each authorized roll-off collector and its customers.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-208. RULES AND REGULATIONS.

The Director may make rules and regulations which are not inconsistent with the provisions of this article and which may be necessary or desirable to aid in the administra-

tion or enforcement of the provisions of this article, including all necessary policies and procedures for the issuance of franchises, administration of this article, collection of fees and bonds and/or indemnities, or proof(s) of insurance.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-209. COLLECTION FRANCHISE AND PROCESSING FACILITY REQUIREMENTS.

(a) **Oversight Authority.** In order to ensure that the public is provided materials collection service and uniformly protected against safety and health hazards, the Director shall invoke all applicable provisions of this article.

(b) **Collection Franchise Required.** Except as provided by this section, no person shall privately collect materials of another without first having obtained a franchise to engage in such activity from the City.

(1) Exclusive franchises may be granted by the City for collection of materials from residential and/or commercial customers using carts and bins. Any person holding an exclusive residential and/or commercial franchise agreement is considered an authorized cart/bin collection agent.

(2) Non-exclusive roll-off collection franchises may be granted by the City as described in Section 6-222 for collection of materials in roll-off containers with the exception that those materials defined in Section 6-222(a) shall be excluded from the scope of such franchises. Any person holding a non-exclusive roll-off collection franchise is considered an authorized roll-off collector.

(c) **Exceptions.** Without limitation the requirements of this section shall not apply to the following:

(1) Private collection by any person or company that transports waste and/or recyclables through use of its own transportation, such as a truck and/or trailer without compensation for such transportation; or

(2) Private removal of green waste materials resulting from landscaping or gardening service performed by the person collecting such materials.

(d) **Requirements for Exclusive and Non-Exclusive Franchisees.**

(1) Waste haulers providing residentiaL commercial, or roll-off material collection services to customers within the city's boundaries shall meet the followi ng requirements and standards as a condition of approval of a franchise with the city:

(i) Through written notice to the city , annually identify the facilities to which they will trans materials, including facilities for segregated recyclable materials, and source separated organic materials.

(ii) Transport segregated recyclable materials, and source separated organic materials to a facility, operation, activity, or property that recovers recyclable materials (including "organic waste" as defined in 14 CCR, Division 7, Chapter 12, Article 2).

(2) Authorized cart/bin collection agents and authorized roll-off collectors shall comply with education, equipment, signage, container labeling, container color, contamination monitoring, reporting, and other requirements contained within their exclusive or non-exclusive franchise agreement(s) entered into with the city.

(e) **Requirements for Facility Operators and Community Composting Operations.**

(1) Owners of facilities, operations, and activities that recover recyclable materials (including organic materials), including, but not limited to, compost facilities, in-vessel digestion facilities, and publicly-owned treatment works shall, upon city request, provide information regarding available and potential new or expanded capacity at their facilities, operations, and activities, including information about throughput and permitted capacity necessary for planning purposes. Entities contacted by the city shall respond within sixty (60) days.

(2) Community composting operators, upon city request, shall provide information to the city to support organic materials capacity planning, including, but not limited to, an estimate of the amount of organic materials anticipated to be handled at the community composting operation. Entities contacted by the city shall respond within sixty (60) days.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 6, eff. 4-16-22).

SEC. 6-210. UNAUTHORIZED DISPOSAL OF MATERIAL PROHIBITED.

(a) No person shall throw or deposit, or cause to be thrown or deposited, any material in or upon any vacant lot, street, alley, gutter, highway, park or other public place or keep any material, except in the manner prescribed by this article.

(b) No person shall deposit material in the container of another customer, or set out material for collection at another customer's service location, except that this provision shall not apply to material deposited or set out for collection by any person lawfully sharing a container; or when temporary service locations may be approved by the Director, following notice to the Director of temporary obstacles which prevent the use of or access to permanent service locations.

(c) No customer shall permit or consent to another person depositing material in the customer's container or setting out material for collection at the customer's service location except that this provision shall not apply to material deposited or set out for collection by any person lawfully sharing a container or when temporary service locations may be approved by the Director following notice to the Director of temporary obstacles which prevent the use of or access to permanent service locations.

(d) No person shall burn garbage or material not intended for burning in a fireplace or wood burning heater; all burning shall be consistent with this article and legal/regulatory requirements including any/all permits issued thereunder.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-211. FINANCIAL PROCEDURES.

All billing for and collection of charges, fees and penalties under this article shall be handled as provided in this article and in Article 11 of Chapter 2 of this Code.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-212. BURYING MATERIAL PROHIBITED.

Except as may be expressly authorized by law including this article, no person shall bury or cause to be buried any material, table scraps, food scraps, food containers or wrappers, or animal's bodies/parts.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 7, eff. 4-16-22).

SEC. 6-213. OWNERSHIP OF MATERIALS.

All material placed at curbside or other designated collection location, in a container owned by the city, an authorized cart/bin collection agent, or authorized roll-off collector shall be and become the property of the city, authorized cart/bin collection agent, or authorized roll-off container, whichever owns the container.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-214. UNAUTHORIZED REMOVAL OF MATERIAL UNLAWFUL.

No person, other than the city, an authorized cart/bin collection agent or authorized roll-off collector, shall remove material once it has been placed at curbside or other designated collection location in a designated collection container. Each such removal of material from a separated designated collection location or collection container is a separate and distinct violation punishable as provided in this Code.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-215. INSPECTIONS AND ENFORCEMENT AUTHORITY.

(a) The Director and designees shall have the authority to enforce the provisions of this article and, when vested with criminal citation authority, to arrest any person without a warrant for a violation of this article when committed in his/her presence, and to issue a notice to appear pursuant to Penal Code Section 836.5. This authority shall be in addition to the authority granted to police officers under this Code.

(b) City representatives and/or its designees are authorized to conduct inspections and investigations, at random or otherwise, of any collection container, collection vehicle loads, or transfer, processing, or disposal facility for materials collected from customers, or source separated materials to confirm compliance with this article by customers, property owners,

Commercial Edible Food Generators, haulers, Food Recovery Services, and Food Recovery Organizations, subject to applicable laws. This Section does not allow the city to enter the interior of a private residential property for inspection.

(c) Customers shall provide or arrange for access during all inspections (with the exception of residential property interiors) and shall cooperate with the city's employee or its designee during such inspections and investigations. Such inspections and investigations may include confirmation of proper placement of materials in containers, Edible Food Recovery activities, records, or any other requirement of this article described herein. Failure to provide or arrange for: (i) access to a customer's premises: or (ii) access to records for any inspection or investigation is a violation of this article and may result in penalties described.

(d) The City shall receive written complaints from persons regarding an entity or customer that may be potentially non-compliant with SB 1383 Regulations, including receipt of anonymous complaints.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 9, eff. 4-16-22).

Editor's note—Am. Ord. 2022-003, § 9, effective April 16, 2022, amended the Code by renumbering former § 6-216 as a new § 6-215.

SEC. 6-216. PENALTIES.

(a) Violation of any provision of this article shall constitute grounds for issuance of a notice of violation and assessment of a fine by a city enforcement official or designee. Enforcement actions under this ordinance are issuance of an administrative citation and assessment of a fine. The city's procedures on imposition of administrative fines are hereby incorporated in their entirety, as modified from time to time, and shall govern the imposition, enforcement, collection, and review of administrative citations issued to enforce this ordinance and any rule or regulation adopted pursuant to this ordinance, except as otherwise indicated in this ordinance.

(b) **Responsible Entity for Enforcement.**

(1) Enforcement pursuant to this article may be undertaken by the city enforcement official, which may be the city manager or their designated entity, legal counsel, or combination thereof.

(2) Enforcement may also be undertaken by a regional or county enforcement official, designated by the city.

(i) City enforcement official(s) will interpret this article; determine the applicability of waivers, if violation(s) have occurred; implement enforcement actions; and, determine if compliance standards are met.

(ii) City enforcement official(s) may issue notices of violation(s).

(c) **Process for Enforcement.**

(1) City enforcement officials or their designee will monitor compliance with the ordinance randomly and through compliance reviews, route reviews, investigation of complaints, and an inspection program. Section 6-215 establishes city's right to conduct inspections and investigations.

(2) City may issue an official notification to notify regulated entities of its obligations under the ordinance.

(3) For incidences of Prohibited Container Contaminants found in containers, city will issue a notice of violation to any customer found to have prohibited container contaminants in a container. Such notice will be provided via a cart tag or other communication immediately upon identification of the prohibited container contaminants or within two (2) days after determining that a violation has occurred. If the city observes prohibited container contaminants in a customer's containers on more than three (3) consecutive occasion(s), the city may assess contamination processing fees or contamination penalties on the customer.

(4) With the exception of violations of customer contamination of container contents addressed under Section 6-216(e)(3), city shall issue a notice of violation requiring compliance within sixty (60) days of issuance of the notice.

(5) Absent compliance by the respondent within the deadline set forth in the notice of violation, city shall commence an action to impose penalties, via an administrative citation and fine, pursuant to the city's Master Fee Resolution.

(6) Notices of violation shall be sent to the responsible party for any service location.

(d) **Penalty Amounts for Types of Violations.** The penalty levels are as follows:

(1) For a first violation, the amount of the base penalty shall be $50 to $100 per violation.

(2) For a second violation, the amount of the base penalty shall be $100 to $200 per violation.

(3) For a third or subsequent violation, the amount of the base penalty shall be $250 to $500 per violation.

(e) **Factors Considered in Determining Penalty Amount.** The following factors shall be used to determine the amount of the penalty for each violation within the appropriate penalty amount range:

(1) The nature, circumstances, and severity of the violation(s).

(2) The violator's ability to pay.

(3) The willfulness of the violator's misconduct.

(4) Whether the violator took measures to avoid or mitigate violations of this article.

(5) Evidence of any economic benefit resulting from the violation(s).

(6) The deterrent effect of the penalty on the violator.

(7) Whether the violation(s) were due to conditions outside the control of the violator.

(f) **Compliance Deadline Extension Considerations.** The city may extend the compliance deadlines set forth in a notice of violation issued in accordance with Section 6-216 if it finds that there are extenuating circumstances beyond the control of the respondent that make compliance within the deadlines impracticable, including the following:

(1) Acts of God such as earthquakes, wildfires, flooding, and other emergencies or natural disasters;

(2) Delays in obtaining discretionarv permits or other government agency approvals: or,

(3) Deficiencies in recyclable materials (include organic materials) processing or recycling infrastructure or edible food recovery capacity and the city is under a corrective action plan with CalRecycle pursuant to 14 CCR Section 18996.2 due to those deficiencies.

(g) **Education Period for Non-Compliance.** Beginning January 1, 2022 and through December 31, 2023, the city, or its designee, will conduct inspections, route reviews or waste evaluations, and compliance reviews, depending upon the type of regulated entity, to determine compliance, and if city determines that customer, hauler, commercial edible food generator, food recovery organization, food recovery service, or other entity is not in compliance, it shall provide educational materials to the entity describing its obligations under this ordinance and a notice that compliance is required by January 1, 2022, and that violations may be subject to administrative civil penalties starting on January 1, 2024.

(h) **Civil Penalties for Non-Compliance.** Beginning January 1, 2024, if the city determines that customer, hauler, commercial edible food generator, food recovery organization, food recovery service, or other entity is not in compliance with this ordinance, it shall document the noncompliance or violation, issue a notice of violation, and take enforcement action pursuant to Section 6-216, as needed.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11; Am. Ord. 2022-003, § 8, eff. 4-16-22).

Editor's note—Am. Ord. 2022-003, § 8, effective April 16, 2022, amended the Code by renumbering former § 6-215 as a new § 6-216.

SEC. 6-217. OTHER REMEDIES NOT PRECLUDED.

Any remedy provided under this article is cumulative to any other remedy provided in equity or at law. Nothing in this article shall be deemed to limit the right of the city or its authorized cart/bin collection agent(s) to bring a civil action; nor shall a conviction for such violation exempt any person from a civil action brought by the city or its authorized cart/bin collection agent(s). The fees and penalties imposed under this article shall constitute a civil debt and liability owing to the city from the persons, firms or corporations using or chargeable for such services and shall be collectible in the manner provided by law.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-218. OTHER MEANS OF DISPOSAL OR RECYCLING OF SEGREGATED RECYCLABLE MATERIALS.

Nothing in this chapter shall be deemed to limit the right of the individual person to donate and/or sell and/or otherwise lawfully dispose of or recycle his/her recyclable materials.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-219. NON-LIABILITY OF CITY.

Nothing in this article shall be deemed to impose any liability upon the city or upon any of its officers or employees including without limitation under the Comprehensive Environmental Response. Compensation and Liability Act of 1980 (CERCLA).
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-220. SEVERABILITY.

If any section, sentence, clause or phrase of this article is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portion of this article. Council hereby declares that it would have passed this ordinance and adopted this article and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-221. APPEALS.

Unless otherwise expressly provided by this Code, any person adversely and directly affected by any determination made or action taken by the Director pursuant to the provisions of this article may file an administrative appeal pursuant to chapter 1, article 4 of this Code. If no appeal is filed within the time prescribed, the determination or action of the Director shall be final.
(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-222. NON-EXCLUSIVE ROLL-OFF COLLECTION FRANCHISE.

(a) **Requirement.** Effective September 1, 2011, no person shall provide roll-off collection services to residents and businesses of the city unless authorized to do so pursuant to this Section 6-222. The collection of solid waste, recyclable materials, organic materials, and C&D debris with roll-off containers in the city shall be performed only by persons that first receive a franchise to engage in such activity from the city or persons otherwise allowed to transport materials pursuant to Section 6-205(f). The City shall retain the right to provide roll-off collection service for materials collected from City facilities and parks, and from special events and venues sponsored by the City, provided that such collection shall be performed by the City's municipal collection operation or City crews.

(b) **Non-Exclusive Rights.** Roll-off container collection services in the city are considered non-exclusive, as such service may be provided by any person granted a non-exclusive roll-off collection franchise with the city or other enterprise that is eligible to provide roll-off collection services under this Chapter.

(c) **Eligibility.** A nonexclusive franchise to provide roll-off container collection services for solid waste, recyclable materials, organic materials, and C&D debris within the city may be granted by the Council to any person who offers to furnish and provide such roll-off collection service pursuant to the terms and provisions of this article. No provision of this article may be deemed or construed to require the granting of a franchise when in the opinion of the Council it is in the public interest to restrict the number of franchisees or operate such service as a municipal service.

(d) **Application for Non-Exclusive Franchise.** All applications to provide roll-off container collection service in this city shall be filed with the City Clerk, and each such application shall set forth, contain, or be accompanied by information specified in the application instructions provided by the Director, which shall include, at a minimum, the following:

(1) **Applicant Information.** Provide a cover letter that includes, at a minimum, the following applicant information. The cover letter shall be signed by an officer or agent of the company submitting the application, who is duly authorized to bind the company to the application.

(i) Company name

(ii) Form of business organization (sole proprietorship, partnerships (includes limited, general, and limited liability partnerships), corporation (includes limited liability companies), etc.)

(iii) Contact name, title, phone, fax, and e-mail address

(iv) Business mailing address

(v) Names of Persons Doing Business under Fictitious Name (if applicable)

(vi) Names of Members of Partnership, Ventures, and LLCs (if applicable)

(vii) Names of Officers of Corporation or Association (if applicable)

(viii) Date the applicant desires the non-exclusive roll-off collection franchise to become effective

(2) **Qualifications Information.**

(i) Description of Applicant. A detailed statement of the corporate or other business entity organization of the applicant.

(ii) Municipal References

(iii) Customer References

(iv) Proof of Insurance

(v) History of Litigation, Regulatory Actions, and Liquidated Damages

(vi) Criminal History

(3) **Operations Information.**

(i) Diversion Plan - A plan describing how applicant will divert at least 50% of the C&D collected and/or 90% of all commercial recyclable materials collected, as applicable.

(ii) Estimated Number of Vehicles

(iii) Estimated Number of Roll-Off Containers.

(iv) Permitted Materials to be Collected - Description the types of permitted materials (e.g., solid waste, recyclable materials, organic materials and/or C&D) to be collected and services to be performed pursuant to grant of a non-exclusive roll-off collection franchise agreement.

(v) Processing and Disposal Facilities

(vi) Hazardous Waste Procedures

(vii) Location and Hours of Customer Service Center

(viii) Billing Procedures.

(4) **Signed Non-Exclusive Franchise Agreement.** Attach to the application two executed copies of the form of non-exclusive franchise agreement approved by the Director pursuant to paragraph (h) of this Section 6-222.

(5) **Application Fee.** An application fee, the amount of which shall be provided in the Master Fee Schedule which shall be in the form of cash, certified or cashier's check, or money order, to pay the costs of studying, investigating, and otherwise processing such application, and which shall be in consideration thereof and not returnable or refundable in whole or in part; provided, that any applicant who shall deliver to the City Clerk a written withdrawal of or cancellation of any application hereunder, not later than the seventh day following the day such application is received by the City Clerk, shall be entitled to have returned and refunded ninety percent (90%) of the application fee.

(6) **Other Information as Requested by Director.** Include any other details, statements, information or references pertinent to the subject matter of such application which shall be required or requested by the Director.

(e) **Application Submittal.** Director shall accept applications from collectors annually from March 1 through April 30.

(f) **Application Review by City.** Director shall evaluate any and all applications for non-exclusive roll-off collection franchises and provide a written recommendation to the City Manager as to the qualifications and capabilities of the applicant.

(g) **Waive Irregularities.** The City Council may, in its discretion, waive any minor irregularities contained in an application.

(h) **Franchise Procedure.** The procedures set forth in Article XIII of the Charter of the city and this article shall govern the procedure for granting or denying the non-exclusive roll-off collection franchises. The Council may adopt by resolution such additional procedures not inconsistent with the Charter or this article.

(i) **Non-Exclusive Franchise Agreements, Required Terms.** The Director shall cause to be prepared a standard form of non-exclusive roll-off collection franchise agreement. City Council shall approve each non-exclusive franchise agreement to be executed by the City. Each such franchise agreement shall include the following terms, which are the basic terms on which the city is willing to enter into a non-exclusive roll-off collection franchise agreement under this Chapter:

(1) **Grant and Acceptance of Franchise.** Each franchise agreement shall contain provisions that set forth the offer a non-exclusive franchise for roll-off container collection services for solid waste, recyclable materials, organic materials, and C&D debris, and the acceptance thereof by the grantee.

(2) **Term.** The duration of each franchise agreement shall be stated and shall not to exceed an initial term of five years.

(3) **Scope of Agreement.** Each franchise agreement shall identify the scope of the services to be provided by the grantee, including the materials covered by such roll-off services (i.e., solid waste, recyclable materials, organic materials, and C&D debris), the processing and disposal locations to be used by grantee, and other similar matters relating to the collection, transportation, recycling, processing, and disposal services to be provided by the grantee.

(4) **Public Education.** At a minimum, each franchise agreement shall provide for the grantee to prepare and distributed information to its customers describing how to prepare material covered by the franchise for collection, materials that are excluded from collection, and related matters.

(5) **Performance Standards.** Each franchise agreement shall specify the hours of collection, the manner in which roll-off containers will be serviced, grantee responsibility for vehicle appearance, leaks, and related matters, and hazardous waste inspection and handling.

(6) **Record Keeping and Reporting.** Each franchise agreement shall require the grantee to maintain accurate accounting, statistical, and other records relating to services provided under the franchise, report submittal requirements, and related matters.

(7) **Franchise Fees and Administrative Charges.** Each franchise agreement shall state the amount of the franchise fee and other charges to be paid by the grantee as consideration for the contractual right to provide the services covered by the franchise agreement in the city.

(8) **Indemnity and Insurance Requirements.** Each franchise agreement shall contain appropriate indemnity and defense provisions, and insurance requirements.

(9) **Default.** Each franchise agreement shall identify the events that constitute a default thereunder, as well as the remedies available to the non-defaulting party.

(Added Ord. No. 2011-25, § 2, eff. 9-1-11).

SEC. 6-223. SPECIAL REQUIREMENTS FOR COMMERCIAL EDIBLE FOOD GENERATORS.

(a) Tier one commercial edible food generators must comply with the requirements of this Section 6-223 commencing January 1, 2022, and tier two commercial edible food generators must comply commencing January 1, 2024, pursuant to 14 CCR Section 18991.3.

(b) Large venue or large event operators not providing food services, but allowing for food to be provided by others, shall require food facilities operating at the large venue or large event to comply with the requirements of this Section, commencing January 1, 2024.

(c) Commercial edible food generators shall comply with the following requirements:

(1) Arrange to recover the maximum amount of edible food that would otherwise be disposed.

(2) Contract with or enter into a written agreement with food recovery organizations or food recovery services for: (i) the collection of edible food for food recovery; or, (ii) acceptance of the edible food that the commercial edible food generator self-hauls to the food recovery organization for food recovery.

(3) Shall not intentionally spoil edible food that is capable of being recovered by a food recovery organization or a food recovery service.

(4) Allow the city or its designee to access the premises and review records pursuant to 14 CCR Section 18991.4.

(5) Keep records that include the following information, or as otherwise specified in 14 CCR Section 18991.4:

(i) A list of each food recovery service or organization that collects or receives its edible food pursuant to a contract or written agreement established under 4 CCR Section 18991.3(b).

(ii) A copy of all contracts or written agreements established under 14 CCR Section 18991.3(b).

(iii) A record of the following information for each of those food recovery services or food recovery organizations:

(a) The name, address and contact information of the food recovery service or food recovery organization.

(b) The types of food that will be collected by or self-hauled to the food recovery service or food recovery organization.

(c) The established frequency that food will be collected or self-hauled.

(d) The quantity of food, measured in pounds recovered per month, collected or self-hauled to a food recovery service or food recovery organization for food recovery.

(d) Nothing in this ordinance shall be construed to limit or conflict with the protections provided by the California Good Samaritan Food Donation Act of 2017, the Federal Good Samaritan Act, or share table and school food donation guidance pursuant to Senate Bill 557 of 2017.
(Added Ord. 2022-003, § 10, eff. 4-16-22; Am. Ord. 2022-011, § 1, eff. 7-1-22).

SEC. 6-224. SPECIAL REQUIREMENTS FOR FOOD RECOVERY ORGANIZATIONS AND SERVICES.

(a) Food recovery services collecting or receiving edible food directly from commercial edible food generators. via a contract or written agreement established under 14 CCR Section 18991.3(b), shall maintain the following records, or as otherwise specified by 14 CCR Section 18991.5(a)(1):

(1) The name, address, and contact information for each commercial edible food generator from which the service collects edible food.

(2) The quantity in pounds of edible food collected from each commercial edible food generator per month.

(3) The quantity in pounds of edible food transported to each food recovery organization per month.

(4) The name, address, and contact information for each food recovery organization that the food recovery service transports edible food to for food recovery.

(b) Food recovery organizations collecting or receiving edible food directly from commercial edible food generators, via a contract or written agreement established under 14 CCR Section 18991.3(b), shall maintain the following records, or as otherwise specified by 14 CCR Section 18991.5(a)(2):

(1) The name, address. and contact information for each commercial edible food generator from which the organization receives edible food.

(2) The quantity in pounds of edible food received from each commercial edible food generator per month.

(3) The name, address, and contact information for each food recovery service that the organization receives edible food from for food recovery.

(c) Food recovery organizations and food recovery services that have their primary address physically located in the city and conlract with or have written agreements with one or more commercial edible food generators pursuant to 14 CCR Section 18991.3(b) shall report to the city the total pounds of edible food recovered in the previous calendar year from the tier one and tier two commercial edible food generators they have established a contract or written agreement with pursuant to 14 CCR Section 18991.3(b).

(d) In order to support edible food recovery capacity planning assessments or other studies conducted by the county, or city or their designees, food recovery services and food recovery organizations operating in the city shall provide information and consultation to the city, upon request, regarding existing, or proposed new or expanded, food recovery capacity that could be accessed by the city and its commercial edible food generators. A food recovery service or food recovery organization contacted by the city shall respond to such request for information within sixty (60) days unless a shorter timeframe is otherwise specified by the city.
(Am. Ord. 2022-003, § 11, eff. 4-16-22).

SEC. 6-225. COMPLIANCE WITH CALGREEN RECYCLING REQUIREMENTS.

(a) Persons applying for a permit from the city for new construction and building additions and alterations shall comply with the requirements of this Section and all required components of the California Green Building Standards Code, 24 CCR, Part 11, known as CALGreen, as amended, if its project is covered by the scope of CALGreen or more stringent requirements of the city. If the requirements of CALGreen are more stringent then the requirements of this Section, the CALGreen requirements shall apply.

Project applicants shall refer to the city's building and/or planning code for complete building requirements.

(b) For projects covered by CALGreen or more stringent requirements of the city, the applicants must, as a condition of the city's permit approval, comply with the following:

(1) Where five (5) or more multi-family dwelling units are constructed on a building site, provide readily accessible areas that serve occupants of all buildings on the site and are identified for the storage and collection of blue container and green container materials, consistent with the collection program offered by the appropriate authorized cart/bin collection agency, or comply with provision of adequate space for recycling for multi-family and commercial premises pursuant to Sections 4.408.1, 4.410.2, 5.408.1, and 5.410.1 of the California Green Building Standards Code, 24 CCR, Part 11 as amended provided amended requirements are more stringent than the CALGreen requirements for adequate recycling space effective January 1, 2020.

(2) New commercial construction or additions resulting in more than thirty percent (30%) of the floor area shall provide readily accessible areas identified for the storage and collection of blue container and green container materials, consistent with collection program offered by the appropriate authorized cart/bin collection agency, or shall comply with provision of adequate space for recycling for multi-family and commercial premises pursuant to Sections 4.408.1, 4.410.2, 5.408.1, and 5.410.1 of the California Green Building Standards Code, 24 CCR, Part 11 as amended provided amended requirements are more stringent than the CALGreen requirements for adequate recycling space effective January 1, 2020.

(3) Comply with CALGreen requirements and applicable law related to management of C&D, including diversion of recyclable materials (including organic materials) in

C&D from disposal. Comply with the provisions of this article, and all written and published city policies and/or administrative guidelines regarding the collection, recycling, diversion, tracking, and/or reporting of C&D.

(Am. Ord. 2022-003, § 12, eff. 4-16-22).

SEC. 6-301. GENERAL PROVISIONS; PURPOSE AND POLICY.

(a) This article sets forth uniform requirements for direct and indirect contributions into the City of Fresno POTW, and enables the city to comply with all applicable State and federal laws required by the Clean Water Act of 1977, the General Pretreatment Regulations (40

C.F.R., Part 403) and the Construction Grants Regulations (40 C.F.R., Part 35), as they are now constituted, or as they may hereafter be amended or recodified. The objectives of this article are:

(1) To prevent the introduction of pollutants into the POTW, which would interfere with the operation of the system or contaminate the resulting sludge;

(2) To prevent the introduction of pollutants into the POTW, which would pass through the system inadequately treated or be incompatible with the system;

(3) To improve the opportunity to recycle and reclaim wastewater and sludge from the system; and

(4) To provide for equitable distribution of the cost of the POTW.

(b) This article provides for the regulation of direct and indirect contributors to the POTW through the issuance of permits to certain non- domestic users and through enforcement of general requirements for the other users, authorizes monitoring and enforcement activities, requires user reporting, provides for the setting of fees for the equitable distribution of costs resulting from the program established herein, and assumes that sewer capacity will remain with the parcel at which the customer has operated while paying for the sewer capacity, unless the customer is authorized to transfer sewer capacity to a receiving property as set forth in subsection (c) below.

(c) The City Manager or designee may, by entering into a sewer capacity transfer agreement with the customer, approve transfer of sewer capacity from a donating property to a receiving property, provided:

(1) the receiving property is located within the City of Fresno;

(2) absent such approval, the receiving property lacks or has insufficient sewer capacity to accommodate the relocated customer's needs; and

(3) an agreed-upon capacity is left at the donating property.

(d) Customers utilizing greater sewer capacity than is allocated to a property shall incur charges as set forth in the Master Fee Resolution.

(e) This article shall apply to the City of Fresno and to persons outside the city who are, by contract, permit, or agreement with the city, users of the city's POTW.
(Am. Ord. 83-41, § 1, eff. 7-1-83; Am. Ord. 98-97, §§ 1, 2, 1-9-99; Am. Ord. 2016-42, §§ 1, 2, eff. 11-26-16)

SEC. 6-302. DEFINITIONS.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Article 3 of Chapter 1 of this Code shall also govern the construction, meaning,

and application of words and phrases used in this article, unless the particular provision or the context otherwise requires. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derived from it, or from which it is a derivative, as the case may be.

(a) (1) The following Abbreviations shall have the designated meanings:

CWA	Clean Water Act as Amended (33 U.S.C. §§ 1251 et seq.)
C.F.R. or CFR	Code of Federal Regulations
EPA	Environmental Protection Agency
L	Liter
mg	Milligrams
mg/L	Milligrams per liter
POTW	Publicly Owned Treatment Works
SIC	Standard Industrial Classification
SWDA	Solid Waste Disposal Act (42 U.S.C. §§ 6901 et seq.)
U.S.C. or USC	United States Code

(2) "Act" or "the Act" means the Federal Water Pollution Control Act, also known as the Clean Water Act of 1977, as amended (33 U.S.C. §§ 1251 et seq.).

(3) "Approval Authority" means the California Regional Water Quality Control Board, Central Valley Region.

(4) "Authorized Representative of Industrial User" means:

(i) A responsible corporate officer, if the industrial user is a corporation. A responsible corporate officer means:

1. a president, secretary, treasurer, or vice president of the corporation in charge of a principal business function or any other person who performs similar policy-making or decision-making functions for the corporation; or,

2. the manager of one or more manufacturing, production, or operating facilities, provided, the manager is authorized to make management decisions which govern the operation of the regulated facility including having the explicit or implicit duty of making major capital investment recommendations, and initiate and direct other comprehensive measures to assure long-term environmental compliance with environmental laws and regulations; can ensure that the necessary systems are established or actions taken to gather complete and accurate information for control mechanism requirements; and where authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.

(ii) a general partner or proprietor, if the industrial user is a partnership or sole proprietorship, respectively;

(iii) a duly authorized representative of the individual designated in Subsection (a)(4)(i) or (a)(4)(ii), provided:

1. the authorization is made in writing by the individual designated in Subsection (a)(4)(i). or (a)(4)(ii);
2. the authorization specifies either an individual or a position having responsibility for the overall operation of the facility from which the indirect discharge originates, or having overall responsibility for environmental matters for the company; and
3. the written authorization is submitted to the Control Authority.

(iv) If an authorization under Subsection (a)(4)(iii) is no longer accurate because a different individual or position has responsibility for the overall operation of the facility, or overall responsibility for environmental matters for the company, a new authorization satisfying the requirements of Subsection (a)(4)(iii) must be submitted to the Control Authority prior to or together with any reports to be signed by an authorized representative.

(b) (1) "Best Management Practices" or "BMPs" means schedules of activities, prohibitions of practices, maintenance procedures, and other management practices to implement the general prohibitions, specific prohibitions, and local limits listed in this Code. BMPs also include treatment requirements, operating procedures, and practices to control plant site runoff, spillage or leaks, sludge or waste disposal, or drainage from raw materials storage.

(2) "Biochemical Oxygen Demand" or "BOD" means the quantity of oxygen utilized in the biochemical oxidation of organic matter under Standard Laboratory Procedure in five days at twenty degrees Centigrade, expressed in milligrams per liter (mg/L).

(3) "Biosolids" or "sludge" means a primarily organic solid product produced by wastewater treatment processes that can be beneficially recycled.

(4) "Building" means any structure used or intended for supporting or sheltering any use or occupancy as determined by the Director.

(5) "Business" means all commercial uses, including but not limited to offices, merchandising and industrial uses, and residential uses on premises where there are four or more living units or where unrelated persons are housed in the same structure, such as boarding or, fraternity houses, assisted care facilities, motels or hotels, or as determined by the Director.

(c) (1) "Capital Component" refers to a component of the user charge used to recover the cost to construct treatment facilities, pump, or lift stations, and trunk sewer mains. In all cases, 100 percent of the capital component is due from each connection served by the regional wastewater system regardless of primary service provider. The City of Clovis is excepted.

(2) "Categorical Pretreatment Standard" or "Categorical Standard" means any regulation containing pollutant discharge limits promulgated by EPA in

accordance with Sections 307(b) and (c) of the Act (33 U.S.C. § 1317) which apply to a specific category of users and which appear in 40 C.F.R. Chapter I, Subchapter N, Parts 401—471.

(3) "City" means the City of Fresno.

(4) "City Effluent Limitations" means the technically-based limits, expressed either as concentration or as mass, of those pollutants found in Section 6-327 of this article.

(5) "City Sewer System" means all facilities for collecting and transporting domestic or industrial wastes of any nature, including all such facilities both inside and outside the city limits which are owned, operated and controlled by the city.

(6) "Commercial User" means all retail stores, restaurants, office buildings, laundries, and other private business and service establishments, including churches and lodges. These users are distinguished from industrial users for billing purposes only.

(7) "Completion" means acceptance, in writing, by the Director for maintenance of an addition to the city sewer system.

(8) "Compliance Schedule" means a detailed time schedule of specific actions which a user is required to take in order to prevent or correct a violation of any prohibitions or limitations prescribed herein or any of the city's effluent limitations or pretreatment standards promulgated in accordance herewith.

(9) "Connected" means a physical joinder of any plumbing or drainage system or fixture contained in any structure to the regional sewer system.

(10) "Control Authority" means the City of Fresno Department of Public Utilities and Wastewater Management Division and its representatives or designees.

(11) "Cooling Water" means the water discharged from any use such as air conditioning, cooling or refrigeration, or to which the only pollutant added is heat.

(12) "Customer" means a person who is, or who has agreed to be, responsible for the payment of water or sewer service charges. "Customer" is also synonymous with "account," against which charges are assessed and billed.

(d) (1) "Director," unless otherwise specified, means the Director of the Department of Public Utilities and/or his/her authorized representative.

(2) "Dwelling Unit" means the same as living unit.

(e) (1) "Enforcement Response Plan" or "ERP" means the mechanism for addressing applicable local, State, or federal violations. The ERP includes a written description of each type of enforcement, when to administer it, and how the

monitoring schedule is affected. In conjunction with the written description, there may be an Enforcement Response Plan flow chart which maps out the path through the various levels of enforcement.

(2) "Environmental Protection Agency" or "EPA" means the United States Environmental Protection Agency. Where appropriate, the term may also be used as a designation for the administrator or other duly authorized official of said agency.

(3) "Extra Depth Sewer'" means an oversize sewer main which is constructed at a depth greater than eight feet. Eight feet shall mean the average of depths, measured at adjacent manholes, from the natural grade or street subgrade, whichever is less, to the sewer flow line.

(f) (1) "FOG" shall mean fats, oils and grease.

(2) "FOG Control Program" or "FOG Ordinance" means the section of this Code under the City of Fresno's Pretreatment Program to reduce Sanitary Sewer Overflows and blockages of the sanitary sewer system caused by fats, oils and grease. The FOG Ordinance is in Section 6-321.1 of this Code, listing definitions, specific discharge prohibitions and Best Management Practices for the handling of FOG.

(g) (1) "Grab Sample" means a sample which is taken from a waste stream on a one-time basis, with no regard to the flow in the waste stream, and without consideration of time.

(h) (1) "Holding Tank Waste" means any waste from holding tanks such as vessels, chemical toilets, campers, trailers, septic tanks, and vacuum-pump tank trucks.

(2) "House Branch Sewer Charge" means a fee charged against property for the right to connect to a house branch sewer line, when the property has not participated in the cost of constructing said house branch.

(i) (1) "Improvement" means that which is built or constructed, an edifice of any kind, or any piece of work artificially built up or composed of parts joined together in some definite manner. For the purpose of this article, this definition shall not include "building" as defined above and temporary on-site storm basins, but shall include the playing area of any non-enclosed sport facility or restricted sport field.

(2) "Indirect Discharge" or "Discharge" means the discharge or the introduction of pollutants into a POTW from any nondomestic source regulated under Section 307(b), (c) or (d) of the Act (33 U.S.C. §§ 1317(b), (c), or (d)).

(3) "Industrial User" or "User" means a source of indirect discharge.

(4) "Industrial Wastes" means the liquid wastes from industrial processes as distinct from sanitary sewage.

(5) "Interference" means a discharge which, alone or in conjunction with a discharge or discharges from other sources:

(i) Inhibits or disrupts the POTW, its treatment processes or operations, or sludge processes, use or disposal; or

(ii) Is a cause of a violation of any requirement of the POTW's Waste Discharge Requirements (including an increase in the magnitude or duration of a violation) or of the prevention of sewage sludge use or disposal in compliance with the following statutory provisions and regulations or permits issued thereunder (or more stringent State or local regulations): Section 405 of the Clean Water Act (33 U.S.C. § 1345); the Solid Waste Disposal Act (SWDA), including Title II, more commonly referred to as the Resource Conservation and Recovery Act (RCRA), and including State regulations contained in any State sludge management plan prepared pursuant to Subtitle D of the SWDA; the Clean Air Act; the Toxic Substances Control Act, and the Marine Protection, Research and Sanctuaries Act.

(j) Reserved.

(k) Reserved.

(l) (1) "Lateral Sewer Charge" means a fee charged against property for the right to connect to the public sewer line city sewer system where the property has not participated in the cost of constructing said line sewer mains.

(2) "Living Unit" means a room or suite of rooms which is occupied by one family for living and sleeping purposes, including a single-family residence, mobile home unit, apartment, town house, flat or condominium.

(3) "Living Unit Equivalent" means the equivalence of five (5) living units to one net acre of nonresidential development to compute the availability of the regional sewer system to a premises for the purpose of required connection to the regional sewer system.

(4) "Lot" means any premises, piece or parcel of land or property as bounded, defined or shown upon the latest map, plat or deed recorded in the office of the Recorder of Fresno County, provided, however, that in the event any building or improvements appurtenant to said building cover more area than a "lot," as herein defined, the term "lot" shall be deemed to be and include all such pieces or parcels of land upon which said buildings or improvements are wholly or partly located.

(m) Reserved.

(n) (1) "Net Area," for the purpose of calculating the Lateral Sewer Charge and the Oversize Sewer Charge, shall be that area of a lot up to a maximum depth of 100 feet from adjacent dedicated right-of-way in which a regional sewer system sewer main is either constructed or planned to be constructed. Net area shall

exclude areas dedicated or condemned for public street and alley purposes. Where such main is not located in an existing dedicated right-of-way, or for lots within cul-de-sacs unified or planned developments, or other unusual lot configurations, the Director shall determine the net areas consistent with the above.

(2) "New Source" means any building, structure, facility or installation from which there is or may be a discharge of pollutants, the construction of which commenced after the publication of proposed pretreatment standards under Section 307(c) of the Act which will be applicable to such source if such standards are thereafter promulgated, and in accordance with that section, provided that:

(i) The building, structure, facility, or installation is constructed at a site at which no other source is located; or

(ii) The building, structure, facility, or installation totally replaces the process or production equipment that causes the discharge of pollutants at an existing source; or

(iii) The production or wastewater generating processes of the building, structure, facility, or installation are substantially independent of an existing source at the same site. In determining whether these are substantially independent, factors such as the extent to which the new facility is integrated with the existing plant, and the extent to which the new facility is engaged in the same general type of activity as the existing source, should be considered.

(o) (1) "Off-site Sewer" means a public sewer constructed or to be constructed outside the extended boundaries of a subdivision or outside the extended edges of a lot.

(2) "Open Recreation and Sport Use" means, but is not limited to, golf courses, baseball diamonds, soccer and football fields, non-enclosed sport stadia, and any other restricted sports field. For the purpose of this article, the open recreation and sport use facilities must:

(i) Be accessible to the general public on a free or standard fee basis;

(ii) Comprise at least seventy-five percent (75%) of the net land area of the development as determined by the Director;

(iii) Be situated on a separate parcel or parcels which do not include facilities unrelated or incompatible with such use, as determined by the Director; and,

(iv) Be substantially improved and maintained with turf or surface conditions consistent with such use.

(3) "Operations and Maintenance Component" or "O&M" refers to a component of the user charge used to recover costs associated with the maintenance of the POTW.

(4) "Oversize Sewer Charge" means a fee for the right to connect to the city sewer system, said fee to be used to pay the additional cost of constructing or reconstructing city sewers larger than eight inches in diameter.

(p) (1) "Pass Through" is a discharge which exits the POTW in quantities or concentrations, which alone or in conjunction with a discharge or discharges from other sources, is a cause of violation of any requirement of the POTW's waste discharge requirements (including an increase in the magnitude or duration of a violation) or threatens, or is a potential threat, to pollute or degrade groundwater.

(2) "Person" means any individual, partnership, firm, company, corporation, association, joint stock company, trust, estate, governmental entity or any other legal entity or their legal representatives or agents. The masculine gender shall include the feminine and the singular shall include the plural where indicated by the context.

(3) "pH" means the negative logarithm (base 10) of the hydrogen ions concentration expressed in moles per liter of solution of hydrogen ions.

(4) "Pollutant" means any dredge soil, solid waste, incinerator residue, sewerage, garbage, sewage sludge, biosolids, munitions, wood products and wastes, chemicals, chemical wastes, biological materials, radioactive materials, heat, wrecked or discharged equipment, rock, sand, cellar dirt, and industrial, commercial, municipal, and agricultural waste discharged into water.

(5) "Pollution" means the man-made or man-induced alteration of the chemical, physical, biological and radiological integrity of water.

(6) "Premises" means all contiguous property under one ownership, any part of which is developed to be used for occupancy, business, public gathering or meeting place purposes.

(7) "Pretreatment" and "Treatment" means the reduction of the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater to a less harmful state prior to or in lieu of discharging or otherwise introducing such pollutants into a POTW. The reduction or alteration can be obtained by physical, chemical or biological processes, or process changes by other means, except as prohibited by 40 C.F.R. § 403.6(d). Appropriate pretreatment technology includes control equipment, such as equalization tanks or facilities, for protection against surges or slug loadings that might interfere with or otherwise be incompatible with the POTW. However, where wastewater from a regulated process is mixed in an equalization facility with unregulated wastewater or with wastewater from another regulated process, the effluent from the equalization facility must meet an adjusted pretreatment limit calculated in accordance with 40 C.F.R. § 403.6(e).

(8) "Pretreatment Requirement" means any substantive or procedural requirement related to pretreatment, other than a pretreatment standard, imposed on an industrial user.

(9) "Pretreatment Standards" or "Standards" means prohibited discharge standards, categorical pretreatment standards, and local limits.

(10) "Prohibited Discharge Standards" or "Prohibited Discharges" means absolute prohibitions against the discharge of certain substances; these prohibitions appear in 40 C.F.R. § 403.5 and in Section 6-327 of this Article.

(11) "Publicly Owned Treatment Works" or "POTW" means a treatment works as defined by Section 212 of the Act (33 U.S.C. §§ 1292 (2)(A)), which is owned by the municipality (as defined by Section 502(4) of the Act). This definition includes any devices and systems used in the storage, treatment, recycling and reclamation of municipal sewage or industrial wastes of a liquid nature. It also includes sewers, pipes and other conveyances (also referred to as the city sewer system) only if they convey wastewater to a POTW treatment plant. The term also means the municipality, as defined in Section 502(4) of the Act (33 U.S.C. §§ 1362(4)), which has jurisdiction over the indirect discharges to and the discharges from such a treatment works.

(12) "POTW Treatment Plant" or "Treatment Plant" means that portion of the POTW designed to provide treatment (including recycling and reclamation) of municipal sewage and industrial waste.

(q) Reserved.

(r) (1) "Regional Sewer System" means all facilities for collecting and transporting domestic or industrial wastes of any nature, including all such facilities both inside and outside the city limits regardless of whether they are owned, operated or controlled by the city, but not including those facilities owned and operated by the City of Clovis.

(2) "Remodel" shall mean any construction or other activity to make over a building, interior or exterior, in style or structure that costs fifty thousand dollars ($50,000) or more in total costs.

(s) (1) "Sanitary Sewer Overflow" or "SSO" means an overflow from the sanitary sewer system of domestic wastewater, as well as industrial and commercial wastewater.

(2) "Sewer Connection Charges" means and includes the "oversize sewer charge," "lateral sewer charge," "house branch sewer charge," which may be applicable to any lot, "wastewater facilities charge," which may be applicable to any residential lot, and "trunk sewer charge," which is applicable to any residential lot within a designated trunk sewer service area.

(3) "Sewer Facility Charges" means a user charge that includes the "wastewater facilities charge," which may be applicable to any business, and the "trunk sewer charge," which may be applicable to any business within a designated trunk sewer service area.

(4) "Sewer Flow" means the average daily flow introduced into the regional sewer system from a business during a billing period.

(5) "Sewer Loading" means the amount of total suspended solids and biochemical oxygen demand in a wastewater sample.

(6) "Sewer Service Charges" means a user charge which is comprised of a capital component, and an operational and maintenance component and, a pretreatment surcharge as designated in the Master Fee Schedule.

(7) "Shall" is mandatory, and "may" is permissive.

(8) "Significant Industrial User"

(i) Except as provided in Subdivision (s)(8)(iii) the term "Significant Industrial User" means:

1. all industrial users subject to categorical pretreatment standards under 40 C.F.R. § 403.6, also referred to as categorical industrial users (CIUs);

2. any other industrial user that discharges an average of 25,000 gallons per day or more of process wastewater to the POTW (excluding sanitary, noncontact cooling and boiler blowdown wastewater);

3. any industrial user that contributes a process wastestream which makes up 5 percent or more of the average dry weather hydraulic or organic capacity of the POTW;

4. any industrial user designated as such by the Control Authority on the basis that the industrial user has reasonable potential of adversely affecting the POTW operation or for violating any pretreatment standard or requirement.

(ii) The Control Authority may determine that an industrial user subject to categorical pretreatment standards under 40 C.F.R. § 403.6 and 40 C.F.R. chapter I, subchapter N is a non-significant categorical industrial user (NSCIU) rather than a Significant Industrial User on a finding that the industrial user never discharges more than 100 gallons per day (gpd) of total categorical wastewater (excluding sanitary, non-contact cooling and boiler blowdown wastewater, unless specifically included in the pretreatment standard) and the following conditions are met:

1. the industrial user, prior to Control Authority's finding, has consistently complied with all applicable categorical pretreatment standards and requirements;

2. the industrial user annually submits the certification statement required in 40 C.F.R. § 403.12(q) together with any additional information necessary to support the certification statement; and

3. the industrial user never discharges any untreated concentrated wastewater.

(iii) Upon finding that an industrial user meeting the criteria of Subparts (8)(i)2-4 has no reasonable potential for adversely affecting the POTW's operation or for violating any pretreatment standard or requirement, the Control Authority may at any time determine that such industrial user is not a Significant Industrial User.

(9) "Significant Noncompliance" means a compliance status in which an industrial user has a violation which meets one or more of the following criteria:

(i) Chronic violations of wastewater discharge limits, defined here as those in which sixty-six percent (66%) or more of all of the measurements taken for the same pollutant parameter during a 6-month period exceed (by any magnitude) a numeric pretreatment standard or requirement, including instantaneous limits;

(ii) Technical Review Criteria (TRC) violations, defined here as those in which thirty-three percent (33%) or more of all of the measurements taken for the same pollutant parameter during a 6-month period equal or exceed the product of the numeric pretreatment standard or requirement including instantaneous limits multiplied by the applicable TRC (TRC=1.4 for BOD, TSS, FOG, and 1.2 for all other pollutants except pH;

(iii) Any other violation of a pretreatment standard or requirement (daily maximum, long-term average, instantaneous limit, or narrative standard) that the Control Authority determines has caused, alone or in combination with other discharges, interference or pass through (including endangering the health of POTW personnel or the general public);

(iv) Any discharge of a pollutant that has caused imminent endangerment to human health, welfare or to the environment or has resulted in the POTW's exercise of its emergency authority under 40 C.F.R. § 403.8(f)(1)(vi)(b) or Section 6-324 of the this Code to halt or prevent such a discharge;

(v) Failure to meet, within ninety (90) days after the scheduled date, a compliance schedule milestone contained in a local control mechanism or enforcement order for starting construction, completing construction, or attaining final compliance;

(vi) Failure to provide, within forty-five (45) days after the due date, required reports such as baseline monitoring reports, ninety (90) day compliance reports, periodic self-monitoring reports, and reports on compliance with compliance schedules.

(vii) Failure to accurately report non-compliance;

(viii) Any other violation or group of violations, which may include a violation of Best Management Practices, which the Control Authority determines will adversely affect the operation or implementation of the local pretreatment program.

(10) "Slug" or "Slug Load" means any discharge of a non-routine, episodic nature, including but not limited to an accidental spill or a non-customary batch discharge.

(11) "Standard Industrial Classification" or "SIC" means a classification pursuant to the latest published edition of the Standard Industrial Classification Manual issued by the Executive Office of the President, Office of Management and Budget.

(12) "Standard Methods" or "Standard Laboratory Procedure" means the EPA approved procedure outlined in the latest edition approved by the EPA of the book, "Standard Methods for the Examination of Water and Wastewater," published jointly by the American Public Health Association, the American Water Works Association, and the Water Environment Federation.

(13) "State" means the State of California.

(14) "Storm Water" means any flow occurring during or following any form of natural precipitation and resulting therefrom.

(t) (1) "Total Suspended Solids" or "TSS" means the total suspended matter that floats on the surface of, or is suspended in, wastewater and which is removable by laboratory filtering as prescribed by Standard Methods.

(2) "Toxic Pollutant" means any pollutant or combination of pollutants listed as toxic in regulations promulgated by the EPA under the provision of Section 307(a) of the Act (33 U.S.C. § 1317(a)), or other acts.

(3) "Trunk Sewer Charge" means a sewer flow-based capacity charge for the right to connect to the city sewer system. The charge shall be used for the purpose of constructing or recovering such cost for construction of new sewer pipelines thirty inches in diameter or larger. Trunk Sewer Charges shall be collected from all residential development pursuant to Subsection 6-304(a)(5), and for all businesses pursuant to Section 6-310.

(4) "Trunk Sewer Main" means a public sewer main thirty inches in diameter or larger constructed to collect and transport domestic or industrial wastes of any nature to the POTW treatment plant or to another trunk sewer main transporting such wastes to the treatment plant.

(5) "Trunk Sewer Service Areas" means those areas established by resolution of the Council served by a trunk sewer main and subject to trunk sewer charges.

(u) (1) "Unit" means a living unit as defined herein for residential uses, or living unit equivalent for other than residential uses.

(2) "Upset" means an exceptional incident in which there is unintentional and temporary noncompliance with categorical pretreatment standards or city effluent limitations because of factors beyond the reasonable control of an industrial user. An upset does not include noncompliance to the extent caused by operational error, improperly designed treatment facilities, inadequate treatment facilities, lack of preventative maintenance, or careless or improper operation.

(v) Reserved.

(w) (1) "Wastewater Discharge Permit" or "Control Mechanism" means the mechanism by which new or increased contributions of pollutants, or changes in the nature of pollutants, to the regional sewer system by industrial users, may be controlled to ensure compliance with applicable pretreatment standards, pretreatment requirements, or city effluent limitations.

(2) "Wastewater Facilities Charge" means a sewer flow and sewer loading based charge for the right to connect to the regional sewer system. The charge shall be used for the purpose of recovering the cost of constructing or construction of facilities at the POTW treatment plant.

SEC. 6-303. SEWER CONNECTION REQUIRED.

(a) Every building or structure in which plumbing fixtures are installed, and every premises having piping thereon, which conveys sewage or other liquid wastes to an approved point of disposal, shall be connected to the regional sewer system if it is available, except that:

(i) In the R-A, AE-5, and AE-20 zone districts, on a lot at least two net acres in size, and provided the lot, if not served by a community water system, contains one dwelling unit or septic system per 2.0 acres, such connection may be deferred until the use of the land changes either through district amendment or special permit.

(b) The regional sewer system is available, for the purposes of this section, if a sewer main has been constructed and is available for use in any public street, alley or right-of-way within 100 feet for the first unit plus 50 feet for each additional unit, to be measured along such public street, alley or right-of-way from the nearest property line to the sewer main. For the purpose of this section, the number of units computed shall include all units developed on contiguous property held under one ownership.

(c) Notwithstanding any provision to the contrary, buildings or structures, connected to a septic tank or cesspool at the time the regional sewer system becomes available, shall be connected to the regional sewer system within three years after the regional sewer system becomes available or, if the property has previously been subject to an earlier connection date by reason of requirements of a jurisdiction other than the city, then said connection shall be made on or before said earlier date, provided that if the Director determines the continued use of the septic tank or cesspool will create an immediate health menace, the property shall be connected within the time specified by the Director. Buildings or structures not connected as required by this section are public nuisances.

(d) No person shall cause, suffer or permit the disposal of sewage, or other liquid wastes into any drainage system on any lot which is not connected the regional sewer system when such connection is required by this section except for one- or two-family dwellings that have graywater connected to a graywater system in accordance with the requirements set forth in the current edition of the California Plumbing Code as amended and adopted by the City of Fresno.

(e) Cemeteries will not be subject to the requirements of Section 6-303, except that any facilities used for other than cemetery purposes and separate major maintenance facilities fronting a public street shall be required to connect to the city sewer system subject to the availability of sewers as provided in Section 9-502.
(Orig. Ord. 4726; Am. Ord. 5415, 1958; Am. Ord. 5777, 1960; Am. Ord. 6466, 1964; Am. Ord. 6882, 1966; Am. Ord. 6889, 1966; Am. Ord. 82-100, § 1, eff. 10-15-82; Am. Ord. 85-22, § 1, eff. 3-22-85; Am. Ord. 98-97, §§ 4, 5, 1-9-99; Am. Ord. 2010-10, § 1, eff. 5-16-10)

SEC. 6-304. PERMIT REQUIRED AND PAYMENT OF SEWER CONNECTION CHARGES.

(a) No person shall connect any lot to the city sewer system without a permit from the Director of Development. No permit shall be issued by the Director of Development unless the following sewer connection charges, when applicable, have been paid:

(1) **Lateral Sewer Charge.** A Lateral Sewer Charge shall be required for each lot sought to be connected to the city sewer system based on the net area of such lot, in the amount per square foot as designated in the Master Fee Resolution.

Notwithstanding the above:

(i) Property, which has not previously had city sewer service, shall pay a Lateral Sewer Charge only to the extent that such Lateral Sewer Charge or the cost of the main serving the premises has not heretofore been paid by the applicant or his predecessor in interest.

(ii) Where the applicant is required to extend a sewer main across his property frontage as a condition precedent to receiving service, no such charge shall be collected for that portion of the frontage adjacent to the main which the applicant is required to extend.

(iii) When only a portion of a lot is developed and the remaining portion is to continue undeveloped or is to be used solely for the growing of agricultural crops, the Director may require the payment of the Lateral Sewer Charge applicable only to that portion of the lot developed or to be developed. When the balance of the lot is developed, the Lateral Sewer Charge on that portion shall be paid regardless of whether additional sewer service is required. The Director shall fix the portion of the lot that is to be considered as developed.

(iv) Properties, on behalf of which no contribution has been made to the cost of the sewer mains and which receive service from sewer main extensions made in other than dedicated and surfaced streets, shall pay to the city the same Lateral Sewer Charge as would be payable if the sewer main were located in a dedicated street adjacent to the property to be served.

(v) In the R-A, AE-5 and AE-20 zone districts on a developed lot at least two net acres in size, when a portion not fewer than twelve thousand five hundred square feet of such lot is to be improved with one additional single-family residence or the existing residence is to be connected to the city sewer system, the Director may require the payment of the Lateral Sewer Charge applicable only to the portion of such lot to be improved or occupied by the existing residence to be connected to the city sewer system. When the land use on the balance of the lot changes either through district amendment or special permit, the Lateral Sewer Charge shall be paid regardless of whether or not additional sewer service is required. The Director shall fix the portion of such lot which is to be considered as improved or occupied.

(vi) For separate maintenance facilities within cemeteries and on facilities used for other than cemetery purposes, the Director shall fix the area of the lot for Lateral Sewer Charges based on dimensions of the property actually used for such purposes.

(2) **Oversize Sewer Charge.** An Oversize Sewer Charge shall be required for each lot sought to be connected to the regional sewer system based on the net area of such lot, in the amount per square foot designated in the Master Fee Resolution. Parcels of land proposed for subdivision shall be assessed based on the parcels' net area prior to subdivision.

Property which has wholly or proportionately paid the cost of sewer mains, when such fact has been or can be established to the satisfaction of the Director, need pay only the Oversize Sewer Charge applicable to the portion of the property for which the charge has not been paid. Notwithstanding the above:

(i) When only a portion of a lot is developed, and the remaining portion is to continue undeveloped or is to be used solely for the growing of agricultural crops, or for public recreation uses not enclosed in a building, the Director may require the payment of the Oversize Sewer Charge applicable only to that portion of the lot developed or to be developed, provided that the parcel for which such fees are charged shall have an area of not fewer than twelve thousand five hundred square feet. When the balance of the lot is developed, the Oversize Sewer Charge shall be paid regardless of whether or not additional sewer service is required. The Director shall fix the portion of the lot which is to be considered as developed.

(ii) In the R-A, AE-5 and AE-20 zone districts on a developed lot at least two net acres in size, when a portion not fewer than twelve thousand five hundred square feet of such lot is to be improved with one additional single-family residence or the existing residence is to be connected to the regional sewer system, the Director may require the payment of the Oversize Sewer Charge applicable only to the portion of such lot to be improved or occupied by the existing residence to be connected to the regional sewer system. When the land use on the balance of the lot changes either through district amendment or special permit, the Oversize Sewer Charge shall be paid regardless of whether or not additional sewer service is required. The Director shall fix the portion of such Lot which is to be considered as improved or occupied.

(iii) Oversize Sewer Charges shall be paid upon connection with the regional sewer system, except that in the UGM area, a subdivider may receive oversize sewer and extra depth sewer fee credits in the amount of reimbursements due at the reimbursement rate in effect at the time of construction, in accordance with subdivision (c) of Section 6-306, for property owned by such subdivider who has previously constructed oversize sewers in the Oversize Sewer Service Area which totally includes such property. This provision shall apply to all tract maps approved after July 1, 1983.

(iv) On separate maintenance facilities within cemeteries and on facilities used for other than cemetery purposes, the Director shall fix the area for Oversize Sewer Charges based on the dimensions of the property actually used for such purposes.

(3) **House Branch Sewer Charge.**

(i) For each lot, which requires a new or revised house branch for which the installation or revision of the house branch is arranged by the city, the applicant shall pay to the city a House Branch Sewer Charge for the cost of the installation or revision. The cost of installation or revision shall be equal to the contract price paid by the city, plus such amounts as are designated in the Master Fee Resolution for administration, engineering, and inspection.

(ii) Each lot or premises shall be served with a separate sewer house branch, unless approved by the Director and a recorded covenant, approved by the City Attorney's Office, is executed between the affected property owners.

(iii) Where a lot is sought to be connected to an existing house branch, for which the cost has not previously been paid on behalf of the lot, the House Branch Sewer Charge shall be the same as if the house branch were a new house branch. If such connection is sought more than one year after the installation of such branch, simple interest shall be added at the rate of seven per cent (7%) per annum to the cost of installation as defined above, except that no interest shall accrue beyond five years from the date of installation.

(4) **Trunk Sewer Charge.** A Trunk Sewer Charge shall be required for all residential lots, within an established Trunk Sewer Service Area, sought to be connected to the regional sewer system in the amount designated in the Master Fee Resolution. The purpose of this subdivision is to ensure the provision of an adequate trunk sewer system to convey domestic and industrial wastes to the POTW treatment plant and to provide a means for levying and collecting charges to be used solely for the purpose of designing and constructing trunk sewer mains to serve designated Trunk Sewer Service Areas.

(i) The Council shall by resolution establish a Trunk Sewer Service Area, which is an area served by a trunk sewer main. The resolution may establish benefit to multiple Trunk Sewer Service Areas served from a common trunk sewer main, in which event, funds collected in the individual Trunk Sewer Service Areas may be used to finance the construction of the trunk sewer main. The service areas may be amended by the Council from time to time to reflect unusual sewer service capabilities or to reflect modifications in urban land use boundaries. The Director may make minor modifications to the Trunk Sewer Service Map, as sewer mains are extended at the fringes of the Trunk Sewer Service Areas, to reflect actual sewer service capabilities. Minor modifications are those changes to the Trunk Sewer Service Area boundary that when aggregated do not add or subtract more than forty acres to or from the Trunk Sewer Service Area. The Director shall maintain an official Trunk Sewer Service Map designating all established Trunk Sewer Service Areas.

(ii) The Council shall designate in the Master Fee Resolution a schedule of charges for each Trunk Sewer Service Area. The total amount of charges to be generated shall be based on the cost of the trunk sewer main to serve Trunk Service Area(s) or the cost to enhance the capacity of an existing trunk sewer main in a Trunk Sewer Service Area. The cost of a trunk sewer main shall include all of the direct and incidental costs of constructing the new trunk sewer main or the capacity enhancement for an existing trunk sewer main including, but not limited to, land acquisition, design and engineering, construction, financing costs, inspection and contract administration.

(iii) A Trunk Sewer Charge shall be required for every lot within a Trunk Sewer Service Area to be connected to the regional sewer system unless the Council, by resolution, waives the payment in that Trunk Sewer Service Area for existing

developed lots without public sewer service. The total amount of charges to be generated in each Trunk Sewer Service Area shall be based on a reasonable allocation made by the Council considering the estimated or actual cost of design and construction of the trunk sewer main facilities and may include the cost to finance construction.

(iv) The Council may review and amend the Trunk Sewer Charges by amending the Master Fee Resolution from time to time to reflect inflation or any change in the factors affecting the cost of constructing such trunk sewer main facilities or the estimated number of units to be served by the facilities.

(v) All Trunk Sewer Charges collected from development within a Trunk Sewer Service Area shall be deposited in the Trunk Sewer Service Area account for that area. The Trunk Sewer Service Area account, including any accumulated interest, shall be used solely for the purposes of designing and construction, including costs of financing trunk sewer main facilities in that Trunk Sewer Service Area, and for administration, inspection, and engineering costs of the city directly related thereto, except that monies accumulated in that account may be loaned to another Trunk Sewer Service Area as provided in this subdivision. In the event trunk sewer main facilities are designed or constructed by a developer, the Trunk Sewer Charges collected for such design and/or construction, less costs incurred by the city, shall be paid to the developer responsible for the design and/or construction, subject to Council approval.

(vi) The Council may authorize the use of funds accumulated in one Trunk Sewer Service Area account for construction of or making bonded debt payments for trunk sewer mains in another such area, provided the Council finds that the existing sewer service level in the Trunk Sewer Service Area with excess funds is adequate to provide service to all existing and approved development, and that the funds remaining on hand after the loan in that service area account are adequate to make the current bonded debt payments. The resolution authorizing a loan of funds to another Trunk Sewer Service Area shall establish the terms of the transaction and shall include provisions that the funds borrowed from a Trunk Sewer Service Area, including interest at a rate determined by the Controller to be the average annual rate received by the city on its investments, shall be repaid from Trunk Sewer Charges collected from subsequent development in the Trunk Sewer Service Area in which the trunk sewer was constructed. Loans from other Trunk Sewer Service Areas including interest shall be repaid in the order in which the Council approved such loans.

(5) **Wastewater Facilities Charge.** A Wastewater Facilities Charge shall be required for all residential sought to be connected to the regional sewer system in the amount designated in the Master Fee Resolution. The purpose of this subdivision is to ensure the provision of adequate POTW treatment plant and appurtenant facilities, and to provide a means for levying and collecting charges to be used solely for the purpose of designing and constructing a POTW treatment plant and appurtenant facilities.

(i) A Wastewater Facilities Charge in the amount designated in the Master Fee Resolution shall be required for every lot sought to be connected to the regional sewer system,

(ii) The Wastewater Facilities Charge shall be based on the cost of wastewater treatment facilities to be constructed to provide additional treatment capacity per unit for every lot sought to be connected to the regional sewer system for which sewerage treatment is provided by the subject facilities. The cost of the facilities providing expanded treatment capacity shall include all direct and incidental costs for constructing wastewater treatment plant facilities, including but not limited to, land acquisition, design, financing costs, inspection and contract administration.

(iii) All Wastewater Facilities Charges and interest thereon shall be deposited in the sewer service fund and shall be used solely for the purposes of design and construction, including costs of financing, and for administration, inspection and engineering costs of the city directly related to the enhancement of treatment capacity at the POTW treatment plant and appurtenant facilities.

(iv) The Council may review and amend the Wastewater Facilities Charge by amending the Master Fee Resolution from time to time to reflect inflation or any change in the factors affecting the cost of constructing such wastewater treatment facilities or the estimated number of units to be served by the facilities. The Council shall eliminate the charge at such time as revenues are no longer needed to enhance capacity at the POTW treatment plant or to pay the debt service related to capacity enhancement.

(b) When land is subdivided prior to the time the Final Map or Parcel Map is approved, the owner shall pay or cause to be paid all applicable sewer connection charges, except that the Wastewater Facilities Charge applicable to residential subdivisions shall be paid at the time of the issuance of a building permit for any structure to be constructed on such property.

(c) Payment of charges and issuance of permits pursuant to this section do not authorize the permittee to perform or cause to be performed work specified in this article to be performed by the city.

(d) Whenever the Council, the Board of Supervisors of the county, or the Board of a special district, whichever is applicable, has adopted a resolution of intention to construct regional sewer system improvements, no permit for additions to or connection to the regional sewer system to serve any lot included in the district subject to such resolution shall be issued until the hearing of protest has been finally determined in favor of the protestants or the proposed work has been consummated sufficiently to allow the lot to be served by such regional sewer system improvements.

(e) Payment of Lateral Sewer Charges pursuant to subdivision 6-304(a)(1), Oversize Sewer Charges pursuant to subdivision 6-304(a)(2), and House Branch Sewer Charges pursuant to subdivision 6-304(a)(4) may be deferred until issuance of a certificate of occupancy pursuant to an agreement which conforms to the requirements of Section 12-4.604.

(f) Payment of Trunk Sewer Charges pursuant to subdivision 6-304(a)(5), and Wastewater Facilities Charges pursuant to subdivision 6-304(a)(6) related to a business shall be deferred until issuance of a certificate of occupancy and collected pursuant to the requirements of Section 6-310.

SEC. 6-305. PAYMENT OF SEWER CHARGES AND LOANS.

(a) The amount of any sewer connection charges or sewer facility charges prescribed under the provisions of this article shall be deemed a debt owing to the city which, until paid, shall be a continuing obligation of the owner of such property for connection to the regional sewer system. Any person who makes a connection to the regional sewer system without having paid such charges in full or having accomplished the execution, acceptance and recording of an agreement to pay therefor as herein provided, shall be liable in an action in the name of the city in any court of competent jurisdiction for the amount of such charge. The conviction or punishment of any person for connecting to the regional sewer system without obtaining a permit shall not relieve such person from paying the charges due and unpaid at the time of such conviction.

(b) This section shall neither apply to the construction or payment for sewers which have been provided for under procedures regulating the division of land or the connection of sewers to property owned by a government or governmental agency, nor whenever the Council or Board of Supervisors of the county, whichever is applicable, has adopted a resolution of intention to construct improvements by special assessments within a district which includes said lot.

(c) Payment of sewer connection charges or sewer facility charges together with interest on the unpaid balance, payable because of connection of existing single-family residences anywhere in the City's service area, and commercial or industrial development in the Enterprise Zone, may be deferred by an agreement between the property owner and the city, to pay such charges together with interest on the unpaid balance, over a period of not more than fifteen years, in accordance with the following provisions:

(1) The agreement shall provide for substantially equal monthly installments amortized over a period of not more than fifteen years, at a rate of interest as periodically established by the Controller and adopted by the Council in the Master Fee Resolution.

(2) The sewer connection charges which may be deferred, and limitations, if any, on the amounts that may be deferred, shall be as established in the Master Fee Resolution.

(3) The agreement shall be of a form and content prescribed by the Controller and approved by the City Attorney.

(4) The agreement shall be signed by all persons having a record title interest in the real property being served by the city sewer system, to which connection is requested, and shall include the legal description of the property.

(5) The agreement shall provide that the whole, or any part of the balance of charges due at any time under the agreement may be accelerated and paid at any time, at the option of the payer.

(d) The agreement provided for in subdivision (c) above shall be in the form of a covenant running with the land, and shall establish a lien against the property in favor of the city in the amount of all deferred charges, and shall be recorded in the office of the Fresno County Recorder.

(e) The agreement and lien shall be enforceable by the city in any manner available at law or in equity, including but not limited to private foreclosure and sale of the property in the manner provided by Section 2924 of the California Civil Code.

(f) Notwithstanding subsections (a) through (e) of this section and in addition thereto, Council may establish by resolution a program, policies and procedures loaning annually allocated and available funds, not to exceed specified dollar caps, for the cost to abandon existing single family residential septic tanks and cesspools, and install and connect a privately owned sewer line/house branch from the single family residence to the City sewer. (Orig. Ord. 4726; Am. Ord. 5777, 1960; Am. Ord. 5834, 1960; Am. Ord. 6261, 1963; Am. Ord. 6466, 1964; Am. Ord. 6821, 1966; Am. Ord. 6882, 1966; Added Ord. 67-48, 1967; Am. Ord. 67—49, 1967; Am. Ord. 72-140, 1972; Am. Ord. 75-69, § 5, eff. 7-27-75; Am. Ord. 80-115, § 100, Eff. 8-8-80; Am. Ord. 82-22, § 2, eff. 3-19-82; Am. Ord. 90-61, § 1, eff. 7-27-90; Am. Ord. 91-51, § 1, eff. 6-14-91; Am. Ord. 98-87, §§ 8, 9, 1-9-99; Am. Ord. 2003-35, § 1, eff. 5-30-03; Am. Ord. 2003-75, § 1, eff. 10-5-03; Am. Ord. 2011-14, § 1, eff. 6-11-11; Am. Ord. 2016-52, § 1, eff. 1-16-17).

SEC. 6-306. REIMBURSEMENTS.

(a) **Oversize Sewer Mains (Non-UGM).** Reimbursements for Oversize Sewer Charges paid pursuant to subdivision 6-304(a)(2), as the result of development in areas other than an UGM sewer service area, shall be made as follows:

(1) When a city sewer main installed by a person is required by the Director to be constructed to a size larger than eight inches in diameter, the city shall reimburse such person in an amount designated in the Master Fee Resolution. The amount to be reimbursed shall be credited against the Oversize Sewer Charge to be paid on behalf of all property contributing to the cost thereof, in proportion to the amount of

such contribution. If the credit for any such property exceeds the Oversize Sewer Charge, then a sum equal to the difference shall be paid from the sewer connection account upon city acceptance of the main.

(2) When a city oversize sewer main installed by a person is required by the Director to be constructed at a depth greater than eight feet, the city shall reimburse such person in an amount designated in the Master Fee Resolution. The amount to be reimbursed shall be credited against the Oversize Sewer Charge to be paid on behalf of all property contributing to the cost thereof in proportion to the amount of such contribution. If the credit for any such property exceeds the Oversize Sewer Charge, then a sum equal to the difference shall be paid from the sewer connection account upon city acceptance of the main.

(b) **City Sewer Mains.**

(1) This subdivision shall be applicable to city sewer mains installed after July 1, 1975, except when constructed by special assessments,

(2) Any person installing a city sewer main shall, prior to construction of the city sewer main, file with the Director a legal description of the properties on behalf of which contributions have been made to the cost of the construction, and a statement of the proportions of the cost borne by each property. Within ninety days following city acceptance of the city sewer main, such person shall file with the Director a project accounting, in a form as specified by the Director, stating the cost (excluding any city reimbursement) of the construction of the main. In the event a project accounting has not been filed with the Director within such period, then a reimbursement under subdivision (b)(3), below, shall not be made in the event additional property is connected to the sewer main constructed. If an ownership statement is not filed prior to construction, only the property served by the city sewer main and owned by the person who installed the city sewer main on the date of commencement of installation will be deemed to have paid for the installation; provided, that if within seven years after the date of commencement of installation such person acquires in fee property served by the city sewer main which would otherwise be subject to payment of Lateral Sewer Charges, such person shall also be deemed to have paid the Lateral Sewer Charges for such property.

(3) For the initial reimbursement period, or, if applicable, the extended reimbursement period, as such terms are defined in Section 12-4.501.5-F of this Code, after city acceptance of a city sewer main referred to in subdivision (b)(1) above, the person or persons bearing the cost of such city sewer main construction may be reimbursed pursuant to this subdivision (b). The Lateral Sewer Charges collected by the city pursuant to this article for connection to such city sewer main shall be paid by the city proportionately to the owner or owners of property on behalf of which contributions were made to the cost of construction of such city sewer main. When a

person is entitled to an UGM fee reimbursement under this subsection, the city shall make semiannual payments, in amounts determined by the Director, in the manner and for

the period prescribed by Section 12-4.504-C of this Code. However, neither shall reimbursement exceed the sum of (1) one hundred percent of the cost of constructing city sewer mains which do not front on any contributing property, and (2) fifty per cent of the cost of constructing city sewer mains fronting on properties on behalf of which such contributions were made; nor shall the total reimbursement exceed the total amount of the Lateral Sewer Charges which would have been payable by property on behalf of which no contribution was made to the cost of installation as of the date of city acceptance of the city sewer main. Such reimbursements shall be paid from the applicable sewer connection account.

(4) If the total amount of the Lateral Sewer Charges (based on fees in effect on the date of city acceptance of the city sewer main) which would be collectible from property on behalf of which no contribution has been made to the cost of installation is less than one thousand dollars, the Director may elect to proportionately reimburse from the applicable sewer connection account, after completion of the city sewer main, to the person or persons contributing to the cost of constructing the city sewer main, the amount of said Lateral Sewer Charges which would be collectible from non-contributing property. If the Director elects to reimburse in this manner, such person or persons will be eligible neither for the exemption provided in subdivision (b)(2) above nor for further reimbursement provided in subdivision (b)(3) above.

(5) For purposes of reimbursements, where a property has more than one frontage, the actual Lateral Sewer Charge paid shall be apportioned between the frontages on which the calculation of charges was based in the ratio of the total length of each frontage.

(c) **UGM Oversize Sewer Mains.** Oversize Sewer Service Areas shall be established for all land located within the Urban Growth Management Area, the boundaries of which areas shall reflect that territory which the Director determines will receive primary service from existing or projected oversized facilities or other trunk sewer mains identified by the Director.

(1) The maximum reimbursement for oversize sewer cost, which may be paid from the sewer connection account upon city acceptance of an oversize sewer main, shall be an amount designated in the Master Fee Resolution.

(2) All subsequent reimbursements, in amounts designated in the Master Fee Resolution, shall be determined semiannually on or about each April first and October first following city acceptance of the city sewer main, and shall occur only to the extent Oversize Sewer Charges are paid on behalf of non-contributing properties located within the service area of the oversize sewer main for the duration of the appropriate reimbursement period, as defined in Section 12-4.501-F of this Code. The order of reimbursements shall be based on the dates of submittal of project accountings to the Director. Reimbursements shall not be initiated for an oversize sewer main until reimbursements are complete for oversize sewer mains covered by previously submitted project accountings. Project accountings must be filed with the Director within ninety days of city acceptance of the oversize sewer main. Reimbursements shall not be made if project accountings are not so filed within such period.

(3) In the event all construction which would be subject to payment of the Oversize Sewer Charge which would be used for reimbursement purposes within an UGM service area is effectively barred or prohibited by any governmental agency having superior jurisdiction to the city, or by any legal action initiated by or on behalf of any such agency, the applicable reimbursement period as defined in Section 12-4.501.5-F of this Code, shall be extended on a day-to-day basis for the duration of any such moratorium, but not exceeding the appropriate cumulative reimbursement period.

(4) Reimbursements in excess of the maximum reimbursement amount may be paid only after such amount has been repaid through the collection of Oversize Sewer Charges within the service area of the subject oversize sewer main. A credit shall be given against the Oversize Sewer Charge on those properties required to construct an oversize sewer main whenever the estimated cost of construction exceeds the fee obligation.

(d) When reimbursements are made pursuant to subdivision (b) or (c) of this Section 6-306, the city shall retain an administrative charge pursuant to Section 12-4.504-C. Reimbursement of the fees shall be made in the manner and for the period prescribed by Section 12-4.504-C of this Code.

(e) **Trunk Sewer Mains Reimbursement Provisions.**

(1) Where a developer installs a trunk sewer main or portion thereof, he shall file with the Director, within ninety days following city acceptance of the trunk sewer main, a project accounting stating the cost of construction of the trunk sewer main. The project accounting shall include a legal description of all properties on behalf of which contributions have been made to such costs, and a statement of the proportion of the costs borne by each property.

(2) Following the receipt of the project accounting, the Director shall make semiannual determinations on or about each April first and October first, in the manner prescribed in Section 12-4.504-C of this Code, of the amounts to be reimbursed to the persons who constructed the trunk sewer main as shown in the project accounting, subject to the following:

(i) Each determination shall calculate the Trunk Sewer Charges which have been collected during the preceding six months for land developed within the Trunk Sewer Service Area in which the trunk sewer main is located.

(ii) No reimbursements shall be made if the project accounting was not filed within the time specified in subdivision (1) of this subsection.

(iii) In no event shall reimbursement payments be made which total in excess of the cost of the trunk sewer main as shown on the project accounting.

(3) The Trunk Sewer Charge on the property contributing to the cost of the trunk sewer main shall be either increased or decreased by an amount equal to the difference between the actual cost of construction and the fee obligation established at the time of the granting of the entitlement.

(4) Reimbursement payments shall be made neither after the end of the appropriate reimbursement period, as defined in Section 12-4.501-F of this Code, nor shall reimbursement be made which would reduce the balance in the Trunk Sewer Service Area account to an amount less than the bond debt payments due during the next twelve months.

(5) The priority of reimbursements shall be according to dates the project accounting statements are accepted by the Director.

(6) Reimbursements shall not be made until reimbursements are complete for the trunk sewer main, which is covered by previously submitted project accounting statements.

(Added Ord. 75-69, § 6, eff. 7-27-75; Am. Ord. 76-8, § 1, eff. 2-22-76; Am. Ord. 80-115, § 101, eff. 8-8-80; Am. Ord. 80-164, § 7, eff. 12-5-80; Am. Ord. 83-163, § 1, eff. 1-20-84; Am. Ord. 89-85, §§ 1, 2, eff. 7-28-89; Added Ord. 90-84, § 7, eff. 8-31-90; Am. Ord. 98-97, §§ 10, 11, 1-9-99)

SEC. 6-307. HOUSE BRANCHES.

(a) The charge for replacement of an existing house branch by one of a larger size shall be the same as for a new house branch of the size requested, except that when sewer mains and house branches are being replaced under a city sewer replacement program, the charge for increasing the size of a house branch will be the difference in cost between the size requested by the property owner and the size which would normally be installed by the city under its replacement program.

(b) Where it is necessary to relocate a house branch for the convenience of a property owner, or where relocation is required because the construction by or on behalf of the property owner will interfere with the operation or maintenance of the house branch, the charge for such relocation shall be the cost for labor (including overhead), equipment and material.

(c) The minimum size of the house branch installed for any property shall be as the Director may designate.

(d) When a property owner requests the abandonment of one or more house branches and the installation of one or more new house branches, the cost of abandonment and the cost of the new branches shall be paid for by the customer as specified in subdivision 6-304(a)(4).

(e) Where a house branch sewer must be constructed under a major street which was surfaced within the previous five years with permanent concrete or asphalt concrete surfacing, the house branch shall be installed by jacking or boring under the surface.

(Added Ord. 75-69, § 7, eff. 7-22-75; Am. Ord. 98-97, §§ 12, 13, 1-9-99)

SEC. 6-308. SEWER SYSTEM CONSTRUCTION.

(a) Any person desiring to make an addition to the city sewer system to serve property shall make a request in writing to the Director for preliminary investigation into the feasibility of such addition. If the addition as requested is found to be feasible by the Director, such addition may be made to the city sewer system in accordance with the provisions of this chapter. The Director shall cause the installation to be inspected, and shall allow the final connection to

such system only if it is found that such additions conform in all respects with the standard specifications for sewer facilities of the city, with applicable health laws, and with the lines and grades designated by the Director.

(b) If a right-of-way is needed for an addition to the city sewer system, the person constructing the addition shall obtain such right-of-way for the city, or pay the cost to the city of acquiring such right-of-way.

(c) If the Director determines that a pump station is necessary to serve the property of the person installing the city sewer main, such person shall install a pump station meeting specifications approved by the Director and shall pay the full cost of such installation.

(d) When new, enlarged or additional sewer service is required to serve a property, city sewer mains shall be installed across the full frontages of the property unless the Director determines that city sewer mains are not required at that time across the full frontage to serve other properties or because an undeveloped portion of the subject property does not require sewer service. Where a property has more than one frontage on which city sewer main installation would be required by this subsection, the Director may require payment of Lateral Sewer Charges in lieu of city sewer main installation along such additional frontages. Lateral Sewer Charges collected pursuant to this subsection shall be deemed as reimbursable pursuant to subsection 6-306(b)(3).

(e) Specifications and plans for the installation of additions to the city sewer system shall be prepared by a registered civil engineer and shall be approved by the Director before a permit for doing the work may be issued.

(f) When a city sewer main has been installed in public streets or easements pursuant to the regulations of the city and has been accepted by the Director, then the sewer main shall become the property of the city and a part of the city sewer system. House branch sewers, including their connection to city sewer mains, shall not be considered as city property or become a part of the city sewer system, and their maintenance and repair shall not be provided by the city.

(g) In the designated area of the city that requires the installation of house sewer traps, they shall be installed as follows:

(1) Each house branch sewer shall have a trap as required under Chapter 11, Article 1 of this Code. The trap shall be in the parkway or as near as possible to the property line.

(2) A fresh air inlet, not fewer than four inches in diameter, shall be installed on the house side of each such trap. Each such inlet shall be fitted with an approved cap, which will prevent the depositing of any foreign matter to the inlet.

(3) All fresh air inlets on public right of way shall be installed flush with adjacent ground. Ground adjacent to all fresh air inlets shall be graded so that surface water will not enter the inlet. The fresh air inlet shall be located between the curb and the sidewalk, unless approved otherwise by the Director of Development.

(4) Where there is no definite drainage pattern to the yard area, any fresh air inlet on private property shall extend a minimum of six inches above the adjacent ground. Where practical, the fresh air inlet shall terminate below the floor level of the building being serviced. Where it is not practical to do so, an approved backwater valve shall be installed. This device shall be installed as required under Chapter 11, Article I of this Code, except when a backwater valve is installed in a building sewer, the main house branch trap may be omitted and a combination wye and ⅛ bend or a two-way clean-out fitting shall be installed on the building side of the backwater device. A full size vent shall be installed into the fitting and shall extend to the surface of the ground and terminate with a vent cap which meets the requirements.

(5) Notwithstanding the provisions of Section 6-323 in this article, the enforcement of this subsection shall be the responsibility of the Director of Development.

(h) The person constructing an addition to the city sewer system shall reimburse the city for its cost of labor (including overhead), equipment and materials for the following:

(1) Construction or revision of house branches where the Director determines that the site conditions are such that there is a significant hazard to the public convenience, safety and health or to private property in the area, and that such hazard may be mitigated if the city makes arrangements for construction or revision.

(2) All connections to pressure sewers after completion of such sewers.

(3) Review and approval of specifications and plans submitted by the applicant for the proposed additions to the city sewer system.

(4) Preliminary investigation of the feasibility of additions to the city sewer system.

(5) Any design, surveying, inspection or testing performed by the city in connection with an addition to the city sewer system. Such reimbursements may be made at standard rates to cover costs as may be designated by the Council from time to time in the Master Fee Resolution.

(i) Although it is the intent of this article that arrangements necessary to install city sewer mains required to serve property shall be the responsibility of the person desiring such service, an exception is necessary to facilitate minor additions to the city sewer system. The city may, upon written request of the applicant, take all steps necessary to complete the total installation subject to the following conditions:

(1) Total of front footage for which Lateral Sewer Charges would be payable if city sewer mains existed plus off-site sewer required is three hundred feet or less.

(2) Applicant pays the Oversize Sewer Charge, the Lateral Sewer Charge, the Wastewater Facilities Charge, and the Trunk Sewer Charge if applicable for the property as though city sewer mains already existed on the property frontage.

(3) Applicant reimburses the city in accordance with this article for the house branch and preliminary investigation.

(4) Applicant pays to the city the fee designated in the Master Fee Resolution for each foot of city sewer main installed to cover the cost of design, surveying, inspection, and testing.

(j) Connections to city sewer mains in other than dedicated and surfaced streets or alleys shall not be permitted where service can be rendered from dedicated and surfaced streets or alleys by extension or otherwise.

(Orig. Ord. 4726; 5309, 1958; 5311, 1958; Am. Ord. 5777, 1960; Am. Ord. 6261, 1963; Am. Ord. 6667, 1965; Am. Ord. 6882, 1966; Am. Ord. 69-41, 1969; Am. Ord. 72-136, 1972; Am. Ord. 75-11, §§ 2, 3, eff. 4-1-75; Am. Ord. 75-69, § 8, eff. 7-27-75; Am. Ord. 75-96, § 2, 10-19-75; Am. Ord. 80-115, §§ 102, 103, eff. 8-8-80; Am. Ord. 98-97, §§ 14, 15, 1-9-99)

SEC. 6-309. SEWER SERVICE CHARGES.

City of Clovis and member agencies of the city's POTW shall adopt, by ordinance, regulation or both, a sewer service charge system in accordance with Section 204(b)(1)(A) of the Act (33 U.S.C. § 1284(b)(1)(A)), 40 C.F.R. §§ 35.929 through 35.939-3, Section 307(b) and (c) of the Act (33 US.C. § 1317(b) and (c)) and 40 C.F.R. § 403.9.

(a) **Monthly Sewer Service Charge.** The monthly sewer service charge comprised of a capital component and an operations and maintenance component, for use of the wastewater collection system and treatment facilities shall be designated in the Master Fee Resolution. In case of fee sharing agreements such as those existing with the Pinedale County Water District and the Pinedale Public Utility District only the operations and maintenance fee component shall be used.

(b) **Additional Requirements.** Industrial users, as defined in Section 6-302, shall comply with the following: (1) Industrial high strength users are industrial users that have an effluent volume greater than 25,000 gallons per day or, for those industrial users with no totalizing effluent meter, a potable water volume of greater than 27,500 gallons per day, or who are otherwise determined by the Director. For industrial high strength users, the Director shall determine the strength for billing purposes by utilizing one of the following methods:

(i) By taking the average of the analyses made by the city for a given billing period. Where an industry operates on a seasonal basis, charges will be based upon analyses made during the periods of operation. If a minimum number of measurements cannot be taken in a billing period, all analyses taken during the previous six months shall be averaged and that value will be used for billing purposes.

(ii) When requested in writing, the Director may authorize an additional two tests per billing period if the Director finds that the additional testing will give a more representative average. All costs, including overhead associated with the sampling and testing of the additional two samples, will be charged directly to the industrial user.

(c) **Determination of Charges.** The following provisions shall be applied when appropriate in determining charges for sewer service and responsibility therefor:

(1) Any person charged for sewer service may, upon request to the Director, have his sewer service charges calculated pursuant to and subject to the conditions set forth in Subdivision (2) hereof.

(2) The quantities of wastewater produced shall be determined in one of the following ways:

(i) By use of an effluent wastewater meter which has flow-totalizing capability, installed and maintained at the expense of the owner or occupant of the premises and approved by the Director.

(ii) If no effluent wastewater meter is available, by the use of a potable water meter which meters all sources of incoming potable water, including private wells.

(iii) If (i) or (ii) are not applicable, then as determined by guidelines established by the Director which shall be conclusive. Such determinations of the Director shall be effective for not more than one year. Where the volume of wastewater produced by any premises is determined by the Director, instead of by installation of an effluent wastewater meter, the owner or occupant of such premises shall pay to the city the cost of making the original and each subsequent annual estimate, subject to a minimum charge designated in the Master Fee Resolution.

(iv) In lieu of the above, public and parochial schools may be charged for sewer service on the basis of average daily attendance as designated in the Master Fee Resolution, provided the premises so charged for sewer service are used exclusively for school purposes with no residential uses thereon. Such charges shall be calculated on an annual basis, based on the previous years attendance divided by twelve to determine the monthly rate.

(3) Where two or more users are located on the same premises and each has a separately metered water service, the sewer service charge shall be calculated and billed in the same manner as if each user were located on a separate premises.

(4) Where several users are served on a single metered water service and the sewer service charge for one or more of such users is based upon the volume of potable water delivered to such user, then a single service charge shall be made, based upon the total volume of water delivered through such meter, which charge shall be the responsibility of the water service customer.

(5) Where a single business occupies contiguous premises served by more than one metered water service, and the sewer service charge for such use is based upon the volume of potable water delivered to such user, then a separate sewer service charge shall be made for the water used through each meter.

(6) Where two or more commercial users are served with a single metered water service and the sewer service charge for one or more of such users is based upon the volume of potable water delivered to such user, then a single service charge shall be made based upon the total volume of water delivered through such meter. The sewer service charge shall be determined by the Director based on the activity of the user and/or analyses of the effluent and shall be the responsibility of the water service customer.

(7) Where there are mixed commercial and residential uses on the same premises, and the commercial use has separate sewer facilities to serve employees or customers, the sewer service charge shall be specified in this subsection for the residential use, plus the monthly sewer charge referred to in Subsection (a) hereof and designated in the Master Fee Resolution, for the commercial use.

(8) Where there are mixed commercial and residential uses on the same premises and the commercial use does not have separate sewer facilities to serve employees and customers, the sewer service charge shall be calculated based upon the highest economic use.

(9) Upon annexation to the city of property which has been connected to the sewer without payment, either directly or indirectly, of the cost of constructing the lateral sewer to which the property is connected, or without payment of the lateral sewer charge, oversize sewer charge, and house branch sewer charge required by this article, then the lateral sewer charge, oversize sewer charge, and house branch sewer charge imposed by this article shall be due and payable to the city.

(10) Whenever any premises are not served with city water and not billed for sewer service by a special district, and no responsible tenant or lessee agrees to and does pay the sewer service charges, the controller shall bill the owner of the premises who shall be responsible to pay said charges.

(11) Notwithstanding the foregoing, the western wineries on the separate winery waste system, industries connected to city-owned pretreatment facilities at 650 West Church Avenue, and special districts providing sewer service and/or billing service shall pay sewer service charges in accordance with agreements approved by the Council.

(d) **Special Disposal Site, Contract Disposal, Charges.** Whenever special disposal sites are constructed therefore, the Director may allow the disposal therein of the contents of trucks designed and used for the pumping out and removal of approved waste from industrial processes, grease traps, grease interceptors, septic tanks and chemical toilets. The Director is authorized to enter into agreements with liquid waste disposal companies regulating such disposal, and providing for charges to recover the cost of the sites and other city expensive including wastewater treatments at the rates designated in the Master Fee Resolution.

(e) **Failure to Pay Sewer Service Charges.** Failure to pay sewer service charges shall be deemed a violation of this article and subject to the provisions of Section 6-323(d) of this Code. (Orig. Ord. 4389; Am. Ord. 5309, 1958; Am. Ord. 5917, 1961; Am. Ord. 6161, 1962; Am. Ord. 6173, 1962; Am. Ord. 6174, 1962; Am. Ord. 6385, 1963; Am. Ord. 6388, 1964; Am. Ord. 6465, 1964; Am. Ord. 6576, 1965; Am. Ord. 6650, 1965; Am. Ord. 6882, 1966; Am. Ord. 67-47, 1967; Am. Ord. 67-50, 1967; Am. Ord. 68-56, 1968; Am. Ord. 68-96, 1968; Am. Ord. 69-41, 1969; Am. Ord. 71-44, 1971; Am. Ord. 71-105, 1972; Am. Ord. 72-140, 1972; Am. Ord. 73-103, § 1, eff. 7-5-73; Am. Ord. 74-57, § 1, eff. 7-1-74; Am. Ord. 76-33, § 1, eff. 5-9-76; Am. Ord. 80-115, § 104, eff. 8-8-80; Am. Ord. 83-41, § 3, eff. 7-1-83; Am. Ord. 87-29, § 2, eff. 3-17-87; Am. Ord. 94-10, § 3, 3-11-94; Am. Ord. 98-91, §§ 1, 2, 1-1-99; Am. Ord. 2002-73, § 2, eff. 1-23-02; Am. Ord. 2013-16, § 1, eff. 7-18-13).

SEC. 6-310. SEWER FACILITY CHARGES.

(a) Sewer Facility Charges, when applicable for a business as defined in Section 6-302, shall be based upon the estimated actual use of the regional sewer system by the premises or the user in an amount designated in the Master Fee Resolution. Sewer Facility Charges include the following:

(1) Wastewater Facilities Charge, which consists of a charge per gallon of sewer flow, plus a charge per pound of BOD, plus a charge per pound of TSS. The Wastewater Facilities Charge is determined using the following formula:

Flow Charge = {sewer flow(gal.)} × {MFR fee rate}

BOD Charge = {sewer flow(mgd)} × 8.345 × BOD(mg/L/day) × {MFR fee rate}

TSS Charge = {sewer flow(mgd)} × 8.345 × TSS(mg/L/day) × {MFR fee rate}

(2) Trunk Sewer Charge, which consists of a charge per gallon of sewer flow only. The Trunk Sewer Charge is determined using the following formula:

Flow Charge = {sewer flow(gal.)} × {MFR fee rate}

(b) **Determination of Charges.** After connection, the customer shall allow the city to monitor sewer flow and sewer loading of the business upon which Sewer Facility Charges shall be determined. Sewer flow and sewer loading shall be determined pursuant to Section 6-309(b). Following each two-month billing period, should the customer's computed sewer flow for the period be greater than the total accumulated sewer flow purchased to date, the customer shall be billed for one-eighteenth of the computed sewer flow minus the total accumulated sewer flow purchased to date. For the purpose of this section, "total accumulated sewer flow purchased" is the quantity of sewer flow purchased when all incremental and previously purchased sewer flow charges are summed.

(c) **Applicability to Businesses.** This section shall apply to any new development entitlement as defined in Section 12-603(C) for a business, or any business where there is a change in the use or the operation of a development for which a special permit is required. Notwithstanding the above:

(1) Property which has previously paid a Wastewater Facility Charge or Trunk Sewer Charge, when such payment can be determined to the satisfaction of the Director, shall only be responsible for payment of additional Sewer Facility Charges when the business' regional sewer system usage exceeds the equivalent flow units previously paid for or the billing period with the highest average daily flow over the prior twelve months, whichever is the greater.

(2) Where a development entitlement is for residential use, sewer connection charges shall be collected pursuant to Section 9-503.1.

(d) **Violation.** Failure to pay Sewer Facility Charges shall be deemed a violation of this article, and subject to the provisions of subsection 9-510(d) of this Code.
(Add. Ord. 98-97, § 16, 1-9-99)

SEC. 6-311. EMPLOYMENT DEVELOPMENT CREDIT.

(a) For the purpose of encouraging employment development, the owner or proprietor of a business subject to payment of Wastewater Facility Charges pursuant to Section 6-310 may apply for an employment development credit. Employment development credit shall be subtracted from the total calculated Sewer Facilities Charges due each billing period up to the total amount of said charges in that billing period. Employment development credit given shall be based on the total number of equivalent full-time positions employed at such business. For the purposes of determining the employment development credit, an "equivalent full-time position" is defined as one or more persons to which wages were paid over a calendar month totaling 170 hours. The total amount of employment development credit received each billing period shall be determined as follows:

$$\text{Employment development credit for a billing period} = (Y) \times (150 \text{ gal.}) \times (Z) \div 18$$

Where:

Y = (Total employee hours in a billing period ÷ 2) ÷ 170 hrs.

Z = Flow charge per gallon for the Wastewater Facility Charge as designated in the Master Fee Resolution, "Total employee hours in a billing period" is defined as those paid employee hours which occurred in the last full calendar month of the billing period plus the previous full calendar month.

(b) **Certification of Employees.** To qualify for the receipt of an employment development credit, the owner or proprietor of a business must submit a certification form as provided by the city, which provides the employer's name, employer ID number, business name, business address, billing account number, the names of all persons who were paid wages during the month, the total hours each person worked, the total wages paid to each person or other

relevant information as determined by the Director. Based on the information submitted, the Director shall determine the total employment development credit the business may receive as provided in the section above, which shall be conclusive. In order to receive an employment development credit over the bimonthly billing period, the business must submit the certification form which includes such employment information for the billing period in which the credit is requested, and the form must be received by the city no later than (15) fifteen days after the end of each billing period. Certifications received later than (15) fifteen days after the end of each billing period will not receive an employment development credit in that billing period for which the certification is late.

(c) **Duration of Employment Development Credit.** The Council may elect to discontinue the provisions of this section for new businesses or development at some future time, except that, any business which has been given an employment development credit under this section shall continue to receive such credit, as long as the business' billing account remains active and certifications are received in a timely manner as provided above. In the event the billing account is closed, such credit will cease. Employment development credits may not be transferred from one business location to another.
(Add. Ord. 98-97, § 17, 1-9-99)

SEC. 6-312. FINANCIAL PROCEDURES.

All billing for and collection of sewer service charges shall be handled as provided in this article and in Article 1 of Chapter 6 of this Code.
(Rep. and Added Ord. 70-3, 1970).

SEC. 6-313. VACANCIES.

While any premises connected to the city sewer system are vacant, the regular minimum sewer service charge shall be payable for such premises by the owner thereof, whether or not sewer service is used, if water is connected to or available for use on the premises, unless such premises are physically disconnected from the city sewer system. Applications for determination by the Director that the premises have been physically disconnected from the city sewer system shall be made to the Director accompanied by the disconnection inspection fee designated in the Master Fee Resolution. Premises so disconnected shall not be reconnected to the city sewer system by any person except with permission of the Director. If approval for reconnection to the city sewer system is desired, an application for reconnection shall be filed with the Director, accompanied by the reconnection inspection fee designated in the Master Fee Resolution.
(Orig. Ord. 4279; Am. Ord. 6161, 1962; Am. Ord. 80-115, § 105, eff. 8-8-80; Am. Ord. 98-91, § 5, 1-1-99)

SEC. 6-314. CONDITIONS OF SEWER SERVICE.

All persons using the regional sewer system shall pay for such service and for the privilege of connecting to the sewer system at the rates, at the time, and under the conditions set forth in this article, and shall comply with all regulations set forth in this article relating to the use

of such regional sewer system and all applicable State and federal laws required by the Clean Water Act of 1977, the General Pretreatment Regulations (40 C. F.R., Part 403), and all other applicable parts of the Code of Federal Regulations as they are now constituted, or as they may hereafter be amended or recodified. (Orig. Ord. 4341; Am. Ord. 5777, 1960; Am. Ord. 98-91, § 6, 1-1-99; Am. Ord. 2002-73, § 3, eff. 1-23-02).

SEC. 6-315. MONITORING FACILITIES.

(a) **Required to Install.** The Control Authority shall require the user to install sampling and/or monitoring equipment, including manholes, as necessary. The user's sampling and monitoring equipment shall be maintained at all times in a safe and proper operating condition by the user at the user's own expense. All devices used to determine wastewater flow and quality shall be calibrated, at a frequency to be determined by the Control Authority, to ensure their accuracy. The sampling and monitoring facilities shall be provided in accordance with the city's requirements and all applicable construction standards and specifications. Construction shall be completed within ninety (90) days following written notification by the Control Authority unless a time extension is granted by the Control Authority.

(b) **Location of Equipment.** The sampling and monitoring equipment shall be situated on the user's premises, but the Control Authority may, when such a location would be impractical or cause undue hardship on the user, allow the facility to be constructed in the public right-of way and located so that it will not be obstructed by landscaping or parked vehicles.

(c) **Access to Equipment.** If the monitoring facility is inside the user's fence, there shall be accommodations to allow access for city personnel, such as a gate secured with a city lock. There shall be ample room in or near such sampling manhole to allow accurate sampling and compositing of samples for analysis.

(d) **Effluent Meter and Composite Sampler.** New industrial users or existing users planning a remodel of existing process facilities and/or pretreatment system which contribute high strength wastewater to the POTW shall install a nonresetable totalizing effluent meter and a flow proportioned composite sampler which is controlled by a flow meter.

(e) **Provisions for Existing Users.** Existing industrial users shall be subject to the provisions of Section 6-315(a), (b), (c), and (d) at the discretion of the Control Authority.

(f) **Plan Review.** Detailed plans showing the operation and proposed installation of all monitoring and/or sampling equipment shall be submitted to the Control Authority for review and shall be acceptable to the Control Authority before installation of the equipment. Any subsequent changes to any sampling and/or monitoring equipment shall be reported to and be acceptable to the Control Authority. (Added Ord. 2002-73, § 4, eff. 1-23-02).

SEC. 6-316. PRETREATMENT.

(a) **Pretreatment Required.** Users shall provide necessary wastewater treatment as required to comply with this article and shall achieve compliance with all federal categorical pretreatment standards and/or city effluent limitations within the time limitations specified by federal pretreatment regulations or the Control Authority, whichever is more stringent.

(b) **Pretreatment Equipment Maintenance.** Any equipment required to pretreat wastewater to a level acceptable to the Control Authority shall be provided, operated, and maintained at the user's expense.

(c) **Pretreatment Equipment Plan Review.** Detailed plans showing the pretreatment facilities and operating procedures shall be submitted to the Control Authority before construction of the facility. The review of such plans and operating procedures will in no way relieve the user from the responsibility of modifying the facility as necessary to produce an effluent acceptable to the city under the provisions of this article. Any subsequent changes in the pretreatment facilities or operating procedures shall be reported to and be acceptable to the Control Authority prior to the user's initiation of the changes.

(d) **Pretreatment Records.** All records relating to compliance with pretreatment standards shall be made available to the Control Authority upon request.
(Added Ord. 2002-73, § 5, eff. 1-23-02).

SEC. 6-317. ADDITIONAL PRETREATMENT MEASURES.

(a) **Right to Restrict Flows.** Whenever deemed necessary, the Control Authority may require users to restrict their discharge during peak flow periods, designate that certain wastewater be discharged only into specific sewers, relocate and/or consolidate points of discharge, separate sewage wastestreams from industrial wastestreams, and such other conditions as may be necessary to protect the POTW and determine the user's compliance with the requirements of this ordinance.

(b) **Flow Equalization Required.** The Control Authority may require any person discharging into the POTW to install and maintain, on their property and at their expense, a suitable storage and flow-control facility to ensure equalization of flow. A wastewater discharge permit may be issued solely for flow equalization.

(c) **Combustible Gas Detection Meter Required.** Users with the potential to discharge flammable substances may be required to install and maintain an approved combustible gas detection meter.
(Added Ord. 2002-73, § 6, eff. 1-23-02).

SEC. 6-318. HAULED WASTEWATER.

(a) **Permit Required.** Liquid waste haulers shall be required to obtain a wastewater discharge permit. In addition, liquid waste haulers vehicles are required to meet all local and State permit requirements for the hauling of liquid waste.

(b) **Accepted Discharge Location.** Approved residential or non-residential liquid waste may be introduced into the POTW only at locations designated by the Control Authority, and at such times as are established by the Control Authority. Such waste shall not violate Section 6-327 of this ordinance or any other requirements established by the city.

(c) **Accepted Types of Waste.** Liquid waste haulers of residential or domestic type of waste (e.g. septic tanks or chemical toilets) shall transport waste originating in Fresno County only, unless specifically permitted by the Control Authority. Liquid waste haulers of non-residential waste (e.g. grease traps, grease interceptors or approved industrial waste) may transport these wastes originating within and outside of Fresno County.

(d) **Manifest Required.** Liquid waste haulers shall provide a manifest for every load and any other information as specified in the manifest. In the case where a liquid hauler services multiple generators in one event, the manifest should list each generator. The manifest shall be of a form approved by the Control Authority and shall include, at a minimum:

(1) The name and address of the source of the waste;

(2) The volume of waste generated; and

(3) The truck identification.

(Added Ord. 2002-73, § 7, eff. 1-23-02; Am. Ord. 2013-16, § 2, 7-18-13).

SEC. 6-319. PROBLEM DISCHARGES.

(a) **Protection Required.** Each user shall provide protection from accidental discharges, slug loads, or discharges that are otherwise determined to be non-routine or unusual in nature, that may cause potential problems for the POTW.

(b) **Protection Equipment Maintenance.** Equipment to protect from the problem discharges listed in subsection (a) above shall be provided and maintained at the user's expense.

(c) **Protection Equipment Plan Review.** Detailed plans showing facilities and operating procedures to provide this protection shall be submitted to the Control Authority for review, and shall be acceptable to the Control Authority before construction of the facility. All existing users shall complete such a plan as required by the Control Authority. Review and approval of such plans and operating procedures shall not relieve the industrial user from the responsibility of modifying the facility as necessary to provide the protection necessary to meet the requirements of this article.

(d) **Emergency Notification Procedure for Employees.** Employers shall ensure that all employees who may cause or suffer to occur a discharge as described in subsection (a) above are advised of the emergency notification procedure.

(Added Ord. 2002-73, § 8, eff. 1-23-02).

SEC. 6-320. EMERGENCY SLUG CONTROL AND RESPONSE PLAN.

(a) **Evaluation.** The Control Authority shall evaluate whether each Significant Industrial User needs a plan or other action to control slug discharges. For industrial users identified as significant prior to November 14, 2005, this evaluation must have been conducted at least once by October 14, 2006; additional Significant Industrial Users must be evaluated within

one (1) year of being designated a Significant Industrial User. The Control Authority may require any user to develop, submit for approval, and implement such a plan. Alternatively, the Control Authority may develop such a plan for any user.

(b) **Information Required.** An Emergency Slug Control and Response Plan shall address, at a minimum, the following:

(1) Description of all discharge practices;

(2) Description of stored chemicals;

(3) Procedures for immediately notifying the Control Authority of slug discharges, including any discharge that would violate a prohibition under 40 C.F.R. 403.5(b), with procedures for follow-up written notification within five (5) days;

(4) If necessary, procedures to prevent adverse impact from accidental spills, including inspection and maintenance of storage areas, handling and transfer of materials, loading and unloading operations, control of plant site run-off, worker training, building of containment structures or equipment, measures for containing toxic organic pollutants (including solvents), and/or measures and equipment for emergency response.

(Added Ord. 2002-73, § 9, eff. 1-23-02; Am. Ord. 2019-021, § 2, eff. 9-28-19).

SEC. 6-321. CONFIDENTIAL INFORMATION.

(a) **Public Access.** All information and data concerning a user obtained from reports, questionnaires, wastewater discharge permit applications, wastewater discharge permits, monitoring programs, and inspections shall be available to the public without restriction unless the user specifically requests otherwise, and is able to demonstrate to the satisfaction of the Control Authority that the release of such information would divulge information, processes, or methods of production entitled to protection as trade secrets under applicable state law. Any such request must be asserted at the time of submission of the information or data.

(b) **Access to Governmental Agencies.** When requested by the person furnishing a report, the portions of a report which might disclose trade secrets or secret processes shall not be made available for inspection by the public but shall be made available immediately to governmental agencies for uses related to the Pretreatment Program, and in enforcement proceedings involving the person providing the report.

(c) **Effluent Data Unrestricted.** Wastewater constituents and characteristics and other "effluent data" as defined by 40 C.F.R. 2.302 will not be recognized as confidential information and will be available to the public without restriction.

(Added Ord. 2002-73, § 10, eff. 1-23-02).

SEC. 6-321.1. FATS, OILS, & GREASE (FOG) CONTROL PROGRAM.

(a) **Title.** This section shall be referred to as the "City of Fresno FOG Control Program Ordinance" or "FOG Ordinance."

(b) **Purpose.** The purpose of the FOG Ordinance is to reduce Sanitary Sewer Overflows and blockages, and to protect public health and the environment by minimizing public exposure to unsanitary conditions. By controlling the discharge of fats, oils and grease to the wastewater collection system, excessive buildup in sewer lines can be lessened, thereby increasing the system's operating efficiency and reducing the number of sewer line blockages and overflows.

(c) **Definitions.** For purposes of this section,

(1) "Food Service Establishment" or "FSE" means any facility defined in California Uniform Retail Food Service Establishments Law (CURFFL) Section 113785, and any commercial entity discharging into the city sewer system and is consequently regulated by the Control Authority, either directly or indirectly through a Joint Powers Agreement, operating in a permanently constructed structure such as a room. building, or place, or portion thereof, maintained, used, or operated for the purpose of storing, preparing, serving, or manufacturing, packaging, or otherwise handling food for sale to other entities, or for consumption by the public, its members or employees, and which has any process or device that uses or produces FOG, or grease vapors, steam, fumes, smoke or odors that are required to be removed by a mechanical exhaust ventilation system, as required in CURFFL Section 114296. A limited food preparation establishment is not considered a Food Service Establishment when engaged only in reheating, hot holding or assembly of ready to eat food products and as a result, there is no wastewater discharge containing a significant amount of FOG. A limited food preparation establishment does not include any operation that changes the form, flavor, or consistency of food.

(2) "Food Service Establishment, Existing" or "Existing FSE" means any Food Service Establishment that has been in continuous operation since before the effective date of this ordinance under the same ownership.

(3) "Grease Interceptor" means a plumbing appurtenance or appliance that is installed in a sanitary drainage system to intercept nonpetroleum fats, oils, and grease (FOG) from a wastewater discharge. Grease interceptor is a general term used to include gravity grease interceptors, grease removal devices and hydro-mechanical grease interceptors.

(i) "Gravity Grease Interceptor" means a plumbing appurtenance or appliance that is installed in a sanitary drainage system to intercept nonpetroleum fats, oils, and grease (FOG) from a wastewater discharge and is identified by volume, 30 minute retention time, baffle(s), not less than two compartments, a total volume of not less than 300 gallons (1135 L), and gravity separation. Gravity grease interceptors are generally installed outside the facility.

(ii) "Grease Removal Device" means a hydromechanical grease interceptor that automatically, mechanically removes nonpetroleum fats, oils and grease (FOG) from the interceptor, the control of which is either automatic or manually initiated.

(iii) "Hydro-mechanical Grease Interceptor" means a plumbing appurtenance or appliance that is installed in a sanitary drainage system to intercept nonpetroleum fats, oils, and grease (FOG) from a wastewater discharge and is identified by flow rate, and separation and retention efficiency. The design incorporates air entrainment, hydromechanical separation, interior baffling, or barriers in combination or separately, and one of the following:

a. External flow control, with air intake (vent), directly connected;

b. External flow control, without air intake (vent) directly connected;

c. Without external flow control, directly connected;

d. Without external flow control, indirectly connected.

Hydro-mechanical grease interceptors are generally installed inside the facility.

(4) "Hot spots" means areas in sewer lines that have experienced Sanitary Sewer Overflows or that must be cleaned or maintained frequently to avoid blockages of the sewer system.

(d) **General FOG Discharge Prohibitions.** No Food Service Establishment shall discharge or cause to be discharged into the sewer system FOG that may accumulate and/or cause or contribute to blockages in the sewer system or at the sewer lateral which connects the Food Service Establishment to the sewer system.

(e) **Specific FOG Prohibitions.** The following specific prohibitions shall apply to all Food Service Establishments:

(1) Discharge of any FOG-containing wastewater that is not connected to a grease interceptor is prohibited, unless a waiver has been granted in accordance with Subsection (m).

(2) Non-grease laden sources such as, but not limited to, hand-wash sinks, toilets, urinals, and stormwater, shall not be connected to a grease interceptor.

(3) No dishwasher shall be connected to a hydro-mechanical grease interceptor.

(4) Discharge of wastewater with temperatures in excess of 140° F (60° C) into any hydro-mechanical grease interceptor is prohibited.

(5) Garbage disposals (food grinders) shall be prohibited at all New Food Service Establishments. Existing Food Service Establishments shall remove all garbage disposals when they remodel or within one hundred eighty (180) days from receiving a notice from the Director to remove its garbage disposal(s) based on the Director's finding that the FSE at any time caused or contributed to an SSO.

(6) Direct disposal of any waste cooking oil into any drain or cleanout that is connected to the sewer system is prohibited.

(7) Introduction of any additive into a grease interceptor or directly into the sewer system for the purpose of emulsifying FOG, biologically/chemically treating FOG for grease remediation, or as a supplement to any grease interceptor maintenance is prohibited, unless specifically authorized in writing by the Director.

(8) Discharge of any waste which has been removed from a grease interceptor into the sewer system is prohibited.

(f) **FOG Wastewater Discharge Permit Required.** All Food Service Establishments shall obtain a FOG Wastewater Discharge Permit. Nothing in the permit is intended to relieve the Food Service Establishment of any local, state, or federal regulation. Any denial of a permit may be appealed following the procedure set forth in Chapter 1, Article 4 of this Code.

(g) **Permit Application.** New Food Service Establishments may be required to complete a wastewater discharge permit application. FOG Wastewater Discharge Permit Applications shall include the following information:

(1) Name, address, telephone number, description of the Food Service Establishment and service activities.

(2) Name of any and all principals/owners of the Food Service Establishment.

(3) Name and address of property owner or lessor and the property manager where the Food Service Establishment is located.

(4) Floor, site and plumbing plans showing detailed sewer connections and grease interceptors.

(5) Specifications of all grease interceptors.

(6) Operational statement of the Food Service Establishment.

(7) Any other information as may be specified in the application form.

(h) **FOG Wastewater Discharge Permit Conditions.**

(1) FOG Wastewater Discharge Permits must contain the following:

(i) A statement that indicates the wastewater discharge permit duration.

(ii) A statement that the wastewater discharge permit is nontransferable.

(iii) A statement of applicable civil and criminal penalties for violation of permit and FOG ordinance.

(2) FOG Wastewater Discharge Permits may contain the following conditions or limits if found necessary to meet the intent of this Ordinance by the Director:

(i) Limits on discharge of FOG and other pollutants.

(ii) Requirements to install, operate, and maintain adequate pretreatment devices including grease interceptors.

(iii) Requirements for proper operation and maintenance of all pretreatment devices.

(iv) Grease interceptor maintenance frequency and schedule.

(v) Requirements for implementing, maintaining, and reporting on the status of Best Management Practices.

(vi) Requirements for maintaining and submitting logs and records, including waste hauling records and manifests and to have such records available for inspection.

(vii) Requirements to self-monitor.

(viii) Additional requirements as may be determined to be reasonably appropriate by the Director or as specified by other Regulatory Agencies to protect the collection system.

(ix) Other terms and conditions, which may be reasonably applicable to ensure compliance with the FOG Control Program.

(i) **FOG Wastewater Discharge Permit Modifications.** FOG Wastewater Discharge Permit modifications are subject to Section 6-335 (h) of this Article consistent with the terms, requirements and policies in this section.

(j) **Best Management Practices.** All Food Service Establishments shall implement Best Management Practices (BMPs) in an effort to minimize the discharge of FOG to the sewer system, including, but not limited to, the following, as applicable:

(1) Installation of Drain Screens. Drain screens shall be installed on all drainage pipes in food preparation areas.

(2) Segregation and Collection of Waste Cooking Oil. All waste cooking oil shall be collected and stored properly in recycling receptacles such as barrels or drums. Such recycling receptacles shall be maintained properly to insure that they do not leak. Licensed waste haulers or an approved recycling facility must be used to dispose of waste cooking oil.

(3) Disposal of Food Waste. All food waste should be disposed of directly into the trash or garbage and not into sinks and shall be disposed of in a manner that will ensure against leakage in the trash container or anywhere else.

(4) Employee Training. Employees of the Food Service Establishment shall be trained by ownership/management periodically as specified in the FOG wastewater discharge permit on the following subjects:

(i) Dry-wiping pots, pans, dish ware and work areas before washing to remove grease.

(ii) Properly disposing food waste and solids in plastic bags prior to disposal in trash bins or containers to prevent leaking and odors.

(iii) The location and use of absorption products to clean under fryer baskets and other locations where grease may be spilled or dripped.

(iv) Properly disposing grease or oils from cooking equipment into a proper grease receptacle without spilling.

(5) Maintenance of Mechanical Exhaust Ventilation Filters. Filters shall be cleaned as frequently as necessary to be maintained in good operating condition. The wastewater generated from cleaning exhaust filters shall be disposed of properly.

(6) Kitchen Signage. Best management and waste minimization practices shall be posted conspicuously in the food preparation and dishwashing areas at all times.

(k) **FOG Pretreatment Required for New and Existing Food Service Establishments.** Food Service Establishments are required to install, operate and maintain an approved type and adequately sized gravity grease interceptor necessary to maintain compliance with the objectives of this section, subject only to the variance and waiver provisions and other exceptions of this section. The gravity grease interceptor shall be adequate to separate and remove FOG contained in wastewater discharges from Food Service Establishments prior to discharge to the sewer system. Fixtures, equipment, and drain lines located in the food preparation and cleanup areas of Food Service Establishments that are sources of FOG discharges shall be connected to the gravity grease interceptor.

(1) New Food Service Establishments shall include and install gravity grease interceptors prior to commencing discharges of wastewater to the sewer system.

(2) Existing Food Service Establishments shall install gravity grease interceptors in any of the following circumstances:

(i) When the FSE changes ownership;

(ii) When any change in operation results in or has the potential to result in the increase of the amount of FOG generated and/or discharged by the FSE in an amount that alone or collectively causes or creates a potential SSO to occur;

(iii) When it is determined by the Director that the FSE caused or contributed to grease-related blockages in the sewer system, has sewer laterals connected to hot spots, or has been determined to contribute significant FOG to the sewer system, based on inspection and sampling;

(iv) During a remodel;

(v) Any other time the Director reasonably determines that installation of a grease interceptor is necessary to avoid an adverse impact to the sewer system.

(3) Any Existing FSE that receives a notice from the Director to install a gravity grease interceptor must install the interceptor within 180 days unless otherwise required by the Director.

(l) **Variance of Gravity Grease Interceptor Requirement.** Notwithstanding any other provision in this section, an FSE may obtain a variance, at the Director's discretion, from the gravity grease interceptor requirement to allow alternative pretreatment technology that is equally effective in controlling the FOG discharge in lieu of a gravity grease interceptor.

The variance may be rescinded if subsequent monitoring shows accumulation of FOG in the sewer lateral or the collection system downstream of the Food Service Establishment's connection or if the Food Service Establishment caused or contributed to a Sanitary Sewer Overflow. A gravity grease interceptor must be installed within 180 days of the rescission of a variance. Denial or revocation of a variance may be appealed pursuant to Chapter 1, Article 4 of this Code.

(m) **Waiver from Grease Interceptor Requirement.** When granting a variance is not possible because the installation of a grease interceptor is not feasible and no equivalent alternative pretreatment can be implemented, an FSE may apply for and be granted a conditional waiver with the imposition of line maintenance cost recovery charges as established in the Master Fee Schedule. An FSE requesting a waiver must demonstrate that it has negligible FOG discharge and insignificant impact to the sewer system. Although a waiver may be granted, the Director may impose additional requirements including, but not limited to, the requirement to provide space and plumbing segregation for future installation of a grease interceptor. Denial or revocation of a waiver may be appealed pursuant to Chapter 1, Article 4.

(n) **Cost Recovery.** All costs incurred for cleaning the sewer line to remove FOG buildup caused or contributed to by an FSE shall be reimbursed to the city by the FSE. Factors for determining responsible parties for cost recovery charges include the FSEs that are discharging into the affected sewer line, the presence of interceptors or alternative pretreatment in the FSE, proper maintenance of grease interceptors by the FSE, implementation of BMPs, and any waivers or variances granted.

(o) **Drawing Submittal Requirements.** At the time of obtaining a FOG Wastewater Discharge Permit or upon request by the Director:

(1) FSEs may be required to submit copies of design and as-built facility site plans, mechanical and plumbing plans and details to show all sewer locations and connections. The documents shall be in a form acceptable to the Director for review of existing grease interceptors, monitoring facilities, metering facilities and operating procedures. The review of plans and procedures shall in no way relieve the FSE of the responsibility to modify the facilities or procedures in the future, as necessary to produce an acceptable discharge and to meet the requirements of this FOG Control Program.

(2) FSEs may be required to submit a schematic drawing of the grease interceptor or alternative pretreatment, piping and instrumentation diagram, and wastewater characterization report.

(3) At the Director's discretion, all drawings and/or reports may be required to be prepared by a California Registered Civil, Chemical, or Electrical Engineer.

(p) **Gravity Grease Interceptor Requirements.** Any FSE that is required to provide FOG pretreatment shall install operate and maintain an approved type and properly sized gravity grease interceptor, or other grease interceptor authorized under an approved variance, necessary to maintain compliance with the purpose of the FOG Control Program.

(1) Approved gravity grease interceptor sizing and installation shall conform to the latest approved edition of the California Uniform Plumbing Code.

(2) Gravity grease interceptors shall be constructed in accordance with the design approved by the Director and shall have a minimum of two compartments with fittings designed for grease retention.

(3) Gravity grease interceptors shall be installed at a location where it shall be at all times easily accessible for inspection, cleaning and removal of accumulated grease.

(i) Gravity grease interceptors may not be installed in any part of the building where food is handled.

(ii) If a location is not available on the property of the FSE, a street encroachment permit may be requested to authorize installation of a gravity grease interceptor in a public access area such as the street or sidewalk area.

(iii) There will be no obstruction from landscaping or parked vehicles, with the exception of parked vehicles in a public access area as granted through a street encroachment permit.

(4) Access structures, with a minimum diameter of twenty-four (24) inches, shall be provided over each gravity grease interceptor chamber and sanitary tee. The access structures shall also have readily removable covers to facilitate inspection, grease removal and wastewater sampling activities.

(5) The original design of the gravity grease interceptor shall not be modified unless the manufacturer recommends the modification in writing.

(i) Any modification will be at the Food Service Establishment's expense.

(ii) The city is not liable for any non-compliance as a result of any modification.

(q) **Gravity grease Interceptor Maintenance Requirements.** Gravity grease interceptors shall be maintained in efficient operating condition by periodic complete removal of all contents of the devices including wastewater, accumulated FOG, floating materials, sludge and solids.

(1) No FOG that has accumulated in a grease interceptor shall be allowed to pass into any sewer lateral, sewer system, storm drain, or public right of way during maintenance activities.

(2) Food Service Establishments that are located in an area that is considered to be a hot spot will be required to submit data and information necessary to establish a maintenance frequency for their gravity grease interceptor.

(3) The maintenance frequency for all Food Service Establishments with a gravity grease interceptor shall be determined in one of the following methods:

(i) Gravity grease interceptors shall be fully pumped out and cleaned at a frequency such that the combined FOG and solids accumulation does not cause or have the potential to cause a sanitary sewer overflow. Regardless, the interval between cleaning shall not exceed six (6) months.

(ii) The owner/operator of a Food Service Establishment may submit a request to the Director asking for a change in the maintenance frequency at any time. The Food Service Establishment has the burden of responsibility to prove that the change reflects actual operating conditions based on the average FOG accumulation over time. The Food Service Establishment must also show that it is in full compliance with the conditions of its FOG Wastewater Discharge Permit and this section. Upon approval by the Director, the FOG Wastewater Discharge Permit will be modified accordingly to reflect the change in maintenance frequency.

(iii) If the gravity grease interceptor contains, at any time, FOG and solids accumulation that causes a sanitary sewer overflow, the Food Service Establishment shall be required to have the gravity grease interceptor serviced immediately so that all FOG, sludge and other materials are completely removed from the interceptor. If necessary, the Food Service Establishment may be required to increase the maintenance frequency of the gravity grease interceptor from its current frequency.

(4) Wastewater, accumulated FOG, floating materials, sludge, solids, and other materials removed from the gravity grease interceptor shall be disposed offsite properly by licensed waste haulers in accordance with federal, state, and/or local regulations.

(r) **Hydro-mechanical Grease Interceptor Requirements.** Hydro-mechanical grease interceptors may be authorized by the Director through a variance under Subsection (k) with the following conditions:

(1) Hydro-mechanical grease interceptors shall be installed in waste lines leading from drains, sinks and other fixtures or equipment where grease may be introduced into the sewer system in quantities that can cause blockage.

(2) Hydro-mechanical grease interceptors shall be properly sized and installed in accordance with the latest approved edition of the California Uniform Plumbing Code.

(3) The original design of the hydro-mechanical grease interceptor shall not be modified unless the manufacturer recommends the modification in writing.

(i) Any modification will be at the FSE's expense.

(ii) The city is not liable for any non-compliance as a result of any modification.

(4) Hydro-mechanical grease interceptors shall be maintained in efficient operating conditions by removing accumulated grease. The interval between cleaning will be established by the Director. Baffles shall be removed and cleaned during the maintenance process, when applicable.

(5) Hydro-mechanical grease interceptors shall be kept free of all food residues and any FOG waste removed during the cleaning and scraping process.

(6) Hydro-mechanical grease interceptors shall be inspected periodically to check for leaking seams and pipes and for effective operation of the baffles and flow regulating devices.

(7) Hydro-mechanical grease interceptors and their baffles shall be maintained free of all caked on FOG and waste.

(8) Dishwashers and food waste disposal units shall not be connected to or discharged into any hydro-mechanical grease interceptor.

(9) The temperature of any water entering a hydro-mechanical grease interceptor shall not exceed 140° F (60° C).

(s) **Monitoring Requirements.**

(1) The Director may require, through the FOG Wastewater Discharge Permit or at any time, an FSE to construct and maintain in proper operating condition, at the FSE's sole expense, flow monitoring, constituent monitoring, and/or sampling devices.

(2) The location of monitoring or metering devices shall be subject to approval by the Director.

(3) At all times, FSEs shall provide immediate, clear, safe and uninterrupted access to authorized representatives of the city to all monitoring and metering devices.

(4) FSEs may be required by the Director to submit waste analysis plans, contingency plans, and meet other necessary requirements to ensure proper operation and maintenance of any grease interceptor and compliance with this section, (s) Record Keeping Requirements. FSEs shall keep all records, including manifests, receipts and invoices of all cleaning and maintenance of grease interceptors. All records shall be made available to authorized representatives of the city upon request. In addition to the above mentioned documents, records include logbooks of maintenance activity, BMPs and employee training, sampling data, spill reports, line cleaning reports, and any other information deemed appropriate by the Director to ensure compliance with the FOG Control Program and this section.

(Added Ord. 2008-33, § 12, eff. 6-22-08; Am. Ord. 2019-021, § 3, eff. 9-28-19).

SEC. 6-322. RIGHTS OF INSPECTION AND SAMPLING.

(a) **Rights of Entry.** The Control Authority shall have the right to enter premises of any user to determine whether the user is complying with all requirements of this ordinance and any wastewater discharge permit or order issued hereunder. Owners or occupants of premises where wastewater is created or discharged shall allow the EPA, the State, the city or the city's representative ready access at all reasonable times to all parts of the premises for the purpose of inspection, sampling or record examination, or in performance of any of their duties.

(b) **Rights to Monitor.** The Control Authority shall have the right to set up on the user's property such devices as are necessary to conduct sampling inspections, compliance monitoring and/or metering operations. The Control Authority shall also have the right to conduct unbeknown surveillance monitoring of the user's wastewater discharge offsite of the facility premises, taking into consideration all potential contributors to the same wastestream, and enforcing all applicable provisions of this article as necessary. Nothing provided herein is intended to limit the rights of the city in any way in regards to its use and control of the city's facilities.

(c) **Access to Facilities.** Where a user has security measures in force which would require proper identification and clearance before entry onto the premises, the user shall make necessary arrangements with his security guards so that, upon presentation of suitable identification, personnel from the Control Authority will be permitted to enter without delay for purposes of performing their specific responsibilities.

(d) **Obstructions to Access.** Any temporary or permanent obstruction to safe and easy access to the facility to be inspected and/or sampled or monitored shall be promptly removed by the user at the written or verbal request of the Control Authority and shall not be replaced. The costs of clearing such access shall be born by the user.

(e) **Access Delayed or Refused.** Unreasonable delays in allowing the Control Authority access to a user's premises or refusing access to the Control Authority to a user's premises shall be a violation of this ordinance.

(f) **Administrative Inspection Warrant.** If an owner, occupant or agent refuses permission to enter, or inspect, the Control Authority may seek an Administrative Inspection Warrant pursuant to the procedures provided in Code of Civil Procedure Sections 1822.50 through 1822.59 as amended, to perform the duties imposed upon the Control Authority pursuant to this article.
(Orig. Ord. 4279; Am. Ord. 98-91, § 7, 1-1-99; Am. Ord. 2002-73, § 11, eff. 1-23-02; Am. Ord. 2008-33, § 3, eff. 6-22-08).

SEC. 6-323. ENFORCEMENT.

(a) **Control Authority.** The Control Authority shall be responsible for the enforcement of this article. The Control Authority is responsible for preparing, adopting, administering and enforcing the Enforcement Response Plan.

(b) **Violations.** A person is in violation of this article whenever the person violates or causes a violation of any of the terms of this article, any condition or provision of a permit issued pursuant to this article, any rule adopted by the city to administer or enforce this article, and any notice, order, demand issued by Control Authority pursuant to an Enforcement Response Plan. Any violation of this article shall be a public nuisance.

(c) **Available Remedies for Violations.** Notwithstanding any other remedies available in this Code or in state or federal law, the Control Authority may do any of the following to address a violation of this article:

(1) Take action pursuant to an Enforcement Response Plan.

(2) Issue a notice of compliance.

(3) Issue an administration citation to the user and/or the person or entity that caused the violation.

(4) Modify or revoke the user's permit.

(5) Cease city utility service pursuant to a show cause hearing.

(6) Request City Attorney's Office to pursue civil and/or criminal action pursuant to local, state or federal law, including, but not limited to California Government Code Section 54740. The Control Authority shall have the authority to seek or assess civil or criminal penalties in at least the amount of $1,000 a day for each violation of pretreatment standards and requirements by industrial users.

(d) **Enforcement Response Plan.** The Control Authority, in his or her discretion, may take action pursuant to an Enforcement Response Plan as appropriate to the situation. Any action taken pursuant to an Enforcement Response Plan shall be pursuant to the provisions of the Enforcement Response Plan, except that to the extent the Control Authority issues an administrative citation or issues any order that requires the user to cease discharging all waste to the City's sewer system, the user may appeal the citation or the order pursuant to the procedures in Chapter 1, Article 4. Filing an appeal under Chapter 1, Article 4 does not stay enforcement of the citation or order pursuant to Subsection 1-408(f). If a user has an appeal right pursuant to this subsection, the Control Authority shall notice the user of his/her/its appeal right at the time the administrative citation and/or order ceasing use is issued.

(e) **Administrative Citation.** The Control Authority may issue an administrative citation with a fine of up to twenty-five thousand dollars ($25,000) per violation per day or as provided in the Master Fee Schedule. The Master Fee Schedule may provide for a scheme of penalties for types and/or reoccurrence of violations. Administrative citations shall be issued pursuant to Section 1-308. In addition to any other means of collection, the penalty may be collected through the user's city issued utility bill pursuant to Article 1 of Chapter 6 (including discontinuance of service upon non-payment).

(f) **Modify or Revoke Permit.** The Control Authority may modify or revoke a user's discharge permit pursuant to Section 6-335.

(g) **Show Cause Hearing.** Terminating Utility Service. If a violation is not corrected by timely compliance of an order, notice or demand pursuant to Enforcement Response Plan or pursuant to Subsection (c)(2), above, the Control Authority may order any user to show cause before the Director why the user's water and sewer services should not be terminated, in accordance with the following:

(1) **Notice of Show Cause Hearing.** A notice shall be served on the user, specifying the time and place of a hearing to be held by the Director regarding the violation, and

directing the offending party to show cause before the Director why an order should not be made directing the termination of water and/or sewer service. The notice of the hearing shall be served personally or by certified mail, return receipt requested, at least ten days before the hearing. Service may be made on an authorized representative of the user, or the occupant(s) and/or owner(s) of record of the property.

(2) **Hearing.** The Director, or his/her designee, shall conduct the hearing and take the evidence of the user and city staff and shall provide the user a reasonable period of time to present his/her/its position.

(3) **Director Action.** After the hearing, the Director may do any of the following based upon substantial evidence that the action is necessary to protect the public health, safety and welfare and/or the city's sewer system:

(i) An order to the user and city staff, directing that the water service be discontinued and/or the sewer connection severed;

(ii) An order to the user and city staff, that following a specified time period, the water service be discontinued and/or the sewer connection severed unless adequate treatment facilities, devices or other related appurtenances shall have been installed or existing treatment facilities, devices or other related appurtenances are properly operated, and such further orders and directives as are necessary and appropriate to ensure compliance with this article.

(iii) Any other action within the authority of the Control Authority.

(4) **Subject to Appeal.** Any order under subparts (3)(ii) or (3)(iii), above, is subject to appeal pursuant to Article 4 of Chapter 1. Users shall be notified of their appeal at the time the Director issues the order.

(5) **Failure to Appear.** The Director may direct staff to immediately disconnect the water and/or sewer service if the user fails to appear for the hearing or otherwise respond to the notice of the show cause hearing and if the Director finds it is necessary to protect the public health, safety and welfare and/or the city's sewer system.

(6) **Process for Disconnection from Water or Sewer.** The procedures for water service disconnection shall be in accordance with the provisions of Chapter 6, Article 1, of this Code, and severance of sewer connection shall be in accordance with guidelines established by the Director.

(7) **Reinstate Utility Service.** The Control Authority shall reinstate water service and approve reconnection to the regional sewer system upon proof of the elimination of the non-complying discharge. Reinstatement of water service shall be in accordance with Chapter 6, Article 1, of this Code, and reconnection to the regional sewer system shall be in accordance with guidelines established by the Director.

(h) **Fraud or False Statements.** Pursuant to the provisions of 18 U.S.C. §§ 1001, relating to fraud and false statements, and the provisions of Section 309(c)(2) of the Act governing false statements, representations or certification in reports required under the Act, any person who knowingly makes any false statements, representation or certification in any application, record, report, plan or other document filed or required to be maintained for this article or a Wastewater Discharge Permit, or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this article, shall, upon conviction, be punished by a fine of not more than ten thousand dollars ($10,000) or by imprisonment for not more than six (6) months, or by both.

(i) **Cost Reimbursement.** All costs incurred by the city by any means, whether direct or indirect, as a result of a user failing to comply with any provision of this article shall be reimbursed to the city by that user. Costs shall be collected pursuant to Article 5 of Chapter 1, except that in addition to the means of collection provided in the Cost and Penalty Recovery Ordinance, the city may also seek collection through the user's city issued utility bill pursuant to Article 1 of Chapter 6 (including discontinuance of service upon non-payment).

(j) **Remedies Nonexclusive.** The remedies provided for in this section are not exclusive or mutually exclusive. The Control Authority may take any, all, or any combination of the remedies provided in this section, this code and/or State or Federal law against a noncompliant user. While enforcement will generally be in accordance with the Enforcement Response Plan, the Control Authority, in his or her discretion, is not limited by the Enforcement Response Plan from taking other actions to enforce the provisions of this article.

(k) **Member Agency Responsibility.** Pursuant to agreements with the city, Clovis and other member agencies of the city's POTW shall incorporate into their ordinances, regulations or both, and shall perform, the same enforcement duties defined in this article, and shall enforce the same prohibitions on discharge, reporting requirements, and wastewater discharge permit requirements as are contained in this article.

(Orig. Ord. 4279; Am. Ord. 76-33, § 2, eff. 5-9-76; Am. Ord. 83-41, § 4, eff. 7-1-83; Am. Ord. 89-10, § 2, eff. 2-17-89; Am. Ord. 92-5, §§ 1—10, 2-21-92; Am. Ord. 98-91, §§ 8—14, 1-1-99; Am. Ord. 2002-73, § 12, eff. 1-23-02; Am. Ord. 2008-33, §§ 2, 13, eff. 6-22-08; Am. Ord. 2019-021, § 4, eff. 9-28-19).

SEC. 6-324. EMERGENCY SUSPENSIONS.

The Control Authority may immediately suspend a user's discharge, after informal notice to the user, whenever such suspension is necessary to stop an actual or threatened discharge which reasonably appears to present or cause an imminent or substantial endangerment to the health or welfare of persons. The Control Authority may also immediately suspend a user's discharge, after notice and opportunity to respond, that threatens to interfere with the operation of the POTW, or which presents, or may present, an endangerment to the environment.

(a) **Immediate Cessation upon Notification.** Any user notified of a suspension of its discharge shall immediately stop or eliminate its contribution to the sewer system. In the

event of a user's failure to immediately comply voluntarily with the suspension order, the Control Authority may take such steps as deemed necessary, including immediate severance of the sewer connection, to prevent or minimize damage to the POTW, its receiving stream, or endangerment to any individuals. The Control Authority may allow the user to recommence its discharge when the user has demonstrated to the satisfaction of the Control Authority that the period of endangerment has passed, unless the termination proceedings are initiated against the user.

(b) **Statement of Cause and Preventative Measures.** A user that is responsible, in whole or in part, for any discharge presenting imminent endangerment shall submit a detailed written statement, describing the causes of the harmful contribution and the measures taken to prevent any future occurrence, to the Control Authority prior to the date of any show cause or termination hearing.

(c) **Prior Hearing Not Required.** Nothing in this section shall be interpreted as requiring a hearing prior to any emergency suspension under this section. (Added Ord. 2002-73, § 13, eff. 1-23-02).

SEC. 6-325. TERMINATION OF DISCHARGE.

In addition to the provisions in Section 6-335(k), any user who violates the following conditions is subject to discharge termination:

(a) Violation of Wastewater Discharge Permit conditions;

(b) Failure to accurately report the wastewater constituents and characteristics of its discharge;

(c) Failure to report significant changes in operations or wastewater volume, constituents, and characteristics prior to discharge;

(d) Refusal of reasonable access to the user's premises for the purpose of inspection, monitoring, or sampling;

(e) Failure to report an accidental or slug discharge as required in Section 6-336(k) of this article; or

(f) Violation of any pretreatment standard or requirement, or any terms of the Wastewater Discharge Permit, or this ordinance. (Added Ord. 2002-73, § 15, eff. 1-23-02).

SEC. 6-326. PUBLICATION OF USERS IN SIGNIFICANT NONCOMPLIANCE.

The Control Authority shall publish at least annually, in a newspaper of general circulation in the Fresno area, a list of all users which, at any time during the previous twelve months were in significant noncompliance with applicable pretreatment requirements, as defined in 40 C.F.R. § 403.8(f)(2)(vii). The notification shall include the parameter violated, the enforcement actions taken by the Control Authority, and the corrective actions taken by the user(s). (Added Ord. 2002-73, § 15, eff. 1-23-02).

SEC. 6-327. DISCHARGE PROHIBITIONS.

(a) **General Prohibitions.** No user shall introduce or cause to be introduced, directly or indirectly, to the POTW any pollutant or wastewater which will cause Pass Through or Interference. These general prohibitions apply to all users of the POTW whether or not the users are subject to categorical pretreatment standards or any other national, state or local pretreatment standards or requirements.

(b) **Specific Prohibitions.** No user shall introduce or cause to be introduced into the POTW the following pollutants, substances, or wastewater:

(1) Any liquids, solids or gases which by reason of their nature or quantity are, or may be, sufficient either alone or by interaction with other substances to cause fire or explosion or be injurious in any other way to the POTW or to the operation of the POTW, including, but not limited to, wastestreams with a closed-cup flashpoint of less than 140° F or 60° C.

(2) Any wastewater with a pH less than 6 or greater than 12.4, or having any corrosive or detrimental characteristic that may cause injury to wastewater treatment or maintenance personnel, or may cause damage to structures, equipment or other physical facilities of the regional sewer system.

(i) Where an industrial user continuously measures the pH of wastewater, the industrial user shall maintain the pH of such wastewater within the range set forth above, except excursions from the range are permitted subject to the following limitations:

a. The total time during which the pH values are outside the required range of pH values shall not exceed 7 hours and 26 minutes in any calendar month; and

b. No individual excursion from the range of pH values shall exceed 60 minutes.

(ii) For purposes of this subsection, an excursion is an unintentional and temporary incident in which the pH value of discharge wastewater exceeds the range set forth above.

(3) Solid or viscous substances which may cause obstruction to the flow in the POTW resulting in Interference.

(4) Any pollutants, including oxygen-demanding pollutants (e.g., BOD) released in a Discharge at a flow rate and/or pollutant concentration which will cause Interference to the POTW.

(5) Any wastewater containing heat in amounts which will inhibit biological activity in the POTW resulting Interference, but in no case heat in such quantities that will cause the temperature at the treatment plant to exceed 104°F (40°C) unless the Approval Authority, upon request of the POTW, approves alternate temperature limits.

(6) Petroleum oil, nonbiodegradable cutting oil, or products of mineral oil origin in amounts that will cause Interference or Pass Through.

(7) Pollutants which result in the presence of toxic gases, vapors, or fumes within the POTW in a quantity that may cause acute worker health and safety problems.

(8) Any trucked or hauled pollutants except at discharge points designated by the POTW.

(9) Any other industrial wastes, unless such wastes have first been passed through screens having openings not exceeding one-half inch in dimension; provided, however, that the Control Authority, by written permit, may authorize the discharge into the regional sewer system of such wastes if they are first passed through screens having larger openings, if the Control Authority is satisfied that such larger openings will provide screening efficiency and effectiveness equal to or better than that provided by the smaller openings.

(10) Any wastewater containing toxic pollutants in sufficient quantity, either singly or by interaction with other pollutants, to injure or interfere with any wastewater treatment process, constitute a hazard to humans or animals, create a toxic effect in the receiving waters of the POTW, or exceed the limitation set forth in a categorical pretreatment standard. A toxic pollutant shall include, but not be limited to, any pollutant identified pursuant to Section 307(a) of the Act.

(11) Any noxious or malodorous liquids, gases, or solids which either singly or by interaction with other wastes are sufficient to create a public nuisance or hazard to life or are sufficient to prevent entry into the sewers for maintenance and repair.

(12) Any substance which may cause the POTW's effluent or any other product of the POTW, such as residues, sludges or scums, to be unsuitable for reclamation and reuse or to interfere with the reclamation process. In no case shall a substance discharged to the POTW cause the POTW to be in noncompliance with sludge use or disposal criteria, guidelines or regulations developed under Section 405 of the Act, any criteria, guidelines or regulations affecting sludge use or disposal developed pursuant to the Solid Waste Disposal Act, the Clean Air Act or the Toxic Substances Control Act, or state criteria applicable to the sludge management method being used.

(13) Any substance which will cause the POTW to violate the Waste Discharge Requirements mandated by the state.

(14) Any wastewater with objectionable color not removed in the treatment process.

(15) Any wastewater containing radioactive material in sufficient quantity to interfere with any treatment process or constitute a hazard to humans or animals.

(16) Any wastewater containing substances that may precipitate, solidify or become viscous at temperatures between 40°F (4.4°C) and 100°F (37.7°C)

(17) Any recognizable portions of the human anatomy.

(18) Any storm water, surface water, groundwater, roof runoff, or subsurface drainage which is acceptable to be discharged to other facilities where such facilities are available.

(19) Any cooling water which is sufficiently clean to be discharged to some other suitable facility, such as a storm drain, where such facilities are available.

(20) Any pool water, spa water, or pond water which is acceptable to be discharged to other facilities where such facilities are available.

(21) Any malodorous substance such as hydrogen sulfide or any other substance which will cause offensive odors in the sewer system or at the treatment plant.

(22) Any substance which is not amenable to treatment by the processes employed at the treatment plant.

(23) Any substance which will cause corrosive structural damage to the POTW.

(24) Any slug loading without immediate notification to the POTW.

(25) Any wastewater that comes into contact with any process utilizing tetrachloroethene.

(26) Wastewater causing two successive readings on an explosion hazard meter at the point of discharge into the POTW, or at any point in the POTW, of more than five per cent (5%), or any single reading over ten per cent (10%) of the Lower Explosive Limit of the meter.

(c) Compliance by existing sources with the Federal Categorical Pretreatment Standards shall be within three (3) years of the date the standard is promulgated unless a shorter compliance time is specified in the appropriate subpart of 40 C.F.R., Chapter 1, Subchapter N. Upon the promulgation of the Federal Categorical Pretreatment Standards for a particular industrial subcategory, the federal standard, if more stringent than limitations imposed under this article for sources in that subcategory, shall immediately supersede the limitations imposed under this article. The Director shall notify all affected users of the applicable reporting requirements under 40 C.F.R. § 403.12.

(d) **Local Limits.** The following pollutant limits are established to protect against pass through and interference. No person shall discharge wastewater containing in excess of the following:

Parameter	*Limit Daily Maximum*	*Unit*
Arsenic	0.32	mg/L
Cadmium	0.12	mg/L
Chromium	6.7	mg/L
Copper	2.5	mg/L
Cyanide, Total	0.77	mg/L
Lead	1.2	mg/L

Parameter	*Limit Daily Maximum*	*Unit*
Mercury	0.05	mg/L
Nickel	1.3	mg/L
Silver	1.1	mg/L
Zinc	2.1	mg/L
Phenolic Compounds[1]	300	mg/L
Trichloroethene	0.12	mg/L
Tetrachloroethene	0.77	mg/L
BETX[2]	20	mg/L
Oil and Grease	700	mg/L

[1] 4-Chloro-3-methylphenol, 2-Chlorophenol, 2,4-Dichlorophenol, 2,4-Dimethylphenol, 2,4-Dinitrophenol, 2-Methyl-4,6-dinitrophenol, 2-Nitrophenol, 4-Nitrophenol, Pentachlorophenol, Phenol, 2,4,6-Trichlorophenol as a single constituent or as a cumulative total.

[2]Benzene, ethylbenzene, toluene, and xylene as a single constituent or as a cumulative total.

(e) **Application of Limits.** The limits in Section 6-327(d) apply at the point where the wastewater is discharged to the POTW (also called "end of pipe"). All concentrations for metallic substances are for "total" metals unless indicated otherwise.

(1) Where the process effluent is collected prior to mixing with other wastewaters for proper application of the limits in Section 6-327(d), fixed alternative discharge limits may be derived by the Control Authority. These alternative limits shall be applied to the unmixed effluent. When deriving alternative local limits, the Control Authority shall calculate an alternative daily maximum value using the daily maximum value(s) specified in the appropriate local limit. The industrial user shall comply with the alternative daily maximum limits fixed by the Control Authority until the Control Authority modifies the limits. Modification is authorized whenever there is a material or significant change in the values used in the calculation to fix alternative limits for the regulated pollutant. Upon notification of any such material or significant change, the Control Authority shall calculate new local limits.

(2) The alternative limit for a specified pollutant will be derived by use of the following formula:

$$C_T = \left[\frac{\sum_{i=1}^{n} C_i F_i}{\sum_{i=1}^{n} F_i}\right]\left[\frac{F_T}{F_T - F_D}\right]$$

Where

C_T = the alternative concentration limit for the uncombined wastestream

C_i = the local concentration limit for a pollutant

F_i = the average daily flow (at least a 30-day average) of stream *i*, where the sample was collected

F_D = the average daily flow (at least a 30-day average) from other streams contributing to end of pipe after stream *i*

F_T = the average daily flow (at least a 30-day average) for the industrial user (includes F_i and F_D)

(f) **Equivalent Mass Limits.** The Control Authority may impose mass limitations in addition to, or in place of, the concentration-based limitations listed in Section 6-327(d).

(g) **Contributions Causing Pass Through or Interference.** When the Control Authority determines that a user is contributing to the POTW any of the specific prohibitions listed in Section 6-327(b) in such amounts as to cause pass through or interference, the Control Authority shall:

(1) Advise the user(s) of the impact of the contribution on the POTW, and

(2) Develop effluent limitation(s) for such user(s) to correct the interference with the POTW.

(h) **Best Management Practices.** The Control Authority may develop Best Management Practices (BMPs) to implement the general prohibitions, specific prohibitions, and local limits listed in this section.
(Orig. Ord. 3642 and 4279; Am. Ord. 6940, 1967; Am. Ord. 71-105, 1972; Am. Ord. 76-33, § 3, eff. 5-9-76; Am. Ord. 83-41, § 5, eff. 7-1-83; Am. Ord. 91-14, §§ 6, 7, eff. 3-15-91; Am. Ord. 92-5, §§ 11, 12, eff. 2-21-92; Am. Ord. 98-91, §§ 15—17, 1-1-99; Am. Ord. 2002-73, § 16, eff. 1-23-02; Am. Ord. 2008-33, §§ 4, 14, eff. 6-22-08; Am. Ord. 2019-021, § 5, eff. 9-28-19).

SEC. 6-328. STATE REQUIREMENTS AND LIMITATIONS.

State requirements and limitations on discharge shall apply in any case where they are more stringent than federal requirements and limitations or those in this article.
(Added Ord. 83-41, § 6, eff. 7-1-83; Ord. No. 91-14, §§ 8—11, eff. 3-15-91; Am. Ord. 98-91, §§ 18, 19, 1-1-99; Am. Ord. 2002-73, § 17, eff. 1-23-02).

SEC. 6-329. RIGHT OF REVISION.

The city reserves the right to establish by ordinance or in wastewater discharge permits, more stringent standards, limitations, or requirements on discharges to the POTW if deemed necessary to comply with the objectives presented in Section 6-301.
(Added Ord. 2002-73, § 18, eff. 1-23-02).

SEC. 6-330. DILUTION.

No user shall increase the use of process water, or in any way attempt to dilute a discharge, as a partial or complete substitute for adequate treatment to achieve compliance

with a discharge limitation unless expressly authorized by an applicable pretreatment standard or requirement. The Control Authority may impose mass limitations on users who are using dilution to meet applicable pretreatment standards or requirements, or in other cases when the imposition of mass limitations is appropriate.
(Added Ord. 2002-73, § 19, eff. 1-23-02).

SEC. 6-331. BYPASS.

(a) **Definition.** For the purposes of this section,

(1) "Bypass" means the intentional diversion of wastestreams from any portion of an industrial user's treatment facility.

(2) "Severe property damage" means substantial physical damage to property, damage to the treatment facilities which causes them to become inoperable, or substantial and permanent loss of natural resources which can reasonably be expected to occur in the absence of a bypass. Severe property damage does not mean economic loss caused by delays in production.

(3) "Monitoring and/or sampling equipment" shall not be considered part of a user's treatment facility.

(b) **Prohibition of Bypass.**

(1) Bypass is prohibited, and the Control Authority may take enforcement action against an industrial user for a bypass, unless:

(i) Bypass was unavoidable to prevent loss of life, personal injury, or severe property damage;

(ii) There were no feasible alternatives to the bypass, such as the use of auxiliary treatment facilities, retention of untreated wastes, or maintenance during normal periods of equipment downtime. This condition is not satisfied if adequate back-up equipment should have been installed in the exercise of reasonable engineering judgment to prevent a bypass which occurred during normal periods of equipment downtime or preventative maintenance; and

(iii) The industrial user submitted notices as required under Subsection (d) of this section.

(2) The Control Authority may approve an anticipated bypass, after considering its adverse effects, if the Control Authority determines that it will meet the three conditions listed in Subsection (b)(1) of this section.

(c) **Bypass Not Violating Applicable Pretreatment Standards or Requirements.** An industrial user may allow any bypass to occur which does not cause pretreatment standards or requirements to be violated, but only if it also is for essential maintenance to assure efficient operation. These bypasses are not subject to the provision of Subsections (b) and (d) of this section.

(d) **Notice.**

(1) If an industrial user knows in advance of the need for a bypass, it shall submit prior notice to the Control Authority at least ten (10) days before the date of the bypass, if possible.

(2) An industrial user shall submit oral notice of an unanticipated bypass that exceeds applicable pretreatment standards to the Control Authority within twenty-four (24) hours from the time the industrial user becomes aware of the bypass. A written submission shall also be provided within five (5) days of the time the industrial user becomes aware of the bypass. The written submission shall contain a description of the bypass and its cause; the duration of the bypass, including exact dates and times, and, if the bypass has not been corrected, the anticipated time it is expected to continue; and steps taken or planned to reduce, eliminate, and prevent reoccurrence of the bypass. The Control Authority may waive the written report on a case-by-case basis if the oral report has been received within twenty-four (24) hours. (Added Ord. 2002-73, § 20, eff. 1-23-02).

SEC. 6-332. VIOLATIONS OF DISCHARGE PROHIBITIONS.

Any user who intentionally or negligently violates all or part of Sections 6-327, 6-330, or 6-331 shall be in violation of this article and subject to the provisions of Section 6-323. (Added Ord. 2002-73, § 21, eff. 1-23-02).

SEC. 6-333. PENALTY ASSESSMENT.

If a user violates any of the provisions of Sections 6-327, 6-330,or 6-331 the penalty designated in the Master Fee Resolution shall be added to the user's sewer service charge. (Added Ord. 2002-73, § 22, eff. 1-23-02).

SEC. 6-334. SEWER CONNECTIONS; PREMISES OUTSIDE CITY.

(a) Persons owning or operating premises outside the city limits of the city may be granted permission to connect their property with the city sewer system.

(b) Permission to connect to the sewer system will be granted by the Director if all provisions of this article are complied with.

(c) Every permit granted for service outside the city limits of the city shall be subject to the following conditions:

(1) That payment of the applicable sewer connection charge, established by this article, shall be made before connection of the premises to the sewer.

(2) That all regulations of the city will be followed with respect to use of the city sewer system.

(3) That drainage from roofs, courts or other areas shall not be allowed to pass into the city sewer system. (Orig. Ord. 2819; Am. Ord. 75-69, § 9, eff. 7-27-75).

SEC. 6-335. WASTEWATER DISCHARGE PERMITS.

(a) **Wastewater Discharge Permit Required.** At the discretion of the Control Authority, all users proposing to connect to or contribute to the POTW shall obtain a Wastewater Discharge Permit before connecting to or contributing to the POTW.

(1) All existing users connected to or contributing to the POTW on the effective date of this section must obtain a Wastewater Discharge Permit within ninety (90) days of such date.

(2) Any user proposing a new connection to the POTW shall obtain a Wastewater Discharge Permit prior to beginning discharge.

(3) Liquid Waste Haulers shall obtain a Wastewater Discharge Permit prior to transporting liquid waste to a discharge point designated by the Control Authority.

(b) **Authorization to Discharge.** The Wastewater Discharge Permit expressly authorizes a user to discharge wastewater to the POTW and is issued for that purpose. If, for any reason, a Wastewater Discharge Permit is revoked, suspended, or otherwise held invalid, authorization to discharge is terminated.

(c) **Wastewater Discharge Permit Enforceability.** Wastewater Discharge Permits shall be expressly subject to all provisions of this Code and all other applicable regulations, user charges and fees established by the city. Any violation of the terms and conditions of a Wastewater Discharge Permit shall be deemed a violation of this ordinance. Obtaining a Wastewater Discharge Permit does not relieve a permittee of its obligation to comply with all federal and state pretreatment standards or with any other requirements of federal, state, and local law.

(d) **Authority to Deny New or Increased Contributions.** The Control Authority shall have the authority to deny or condition new or increased contributions of pollutants or changes in the nature of pollutants to the POTW by permitted and non-permitted users where such contributions do not meet applicable pretreatment standards or requirements or where such contributions would cause the POTW to violate its Waste Discharge Requirements.

(e) **Wastewater Discharge Permit Application.** All users may be required to file with the Control Authority a Wastewater Discharge Permit application in a form prescribed by the Control Authority prior to obtaining a Wastewater Discharge Permit.

(1) Users proposing a new connection to the regional sewer system shall submit a completed Wastewater Discharge Permit application at least ninety (90) days prior to connecting to or contributing to the POTW.

(2) Existing users shall apply for a permit reissuance a minimum of ninety (90) days prior to the expiration of their existing Wastewater Discharge Permit.

(3) New or existing users failing to submit a completed discharge permit application will be assessed a penalty charge as designated in the Master Fee Resolution.

(f) **Wastewater Discharge Permit Application Contents.** In support of the application, the user shall submit, in units and terms appropriate for evaluation, the following information:

(1) Name, address, and location (if different from the address);

(2) Standard Industrial Classification (SIC) number;

(3) Description of activities, facilities and plant processes on the premises including all materials which are or could be discharged;

(4) Number and type of employees and hours of operation of plant and proposed or actual hours of operation;

(5) Each product produced by type, amount, process or processes, and rate of production;

(6) Average daily wastewater flow rates, including daily, monthly and seasonal variations;

(7) Type and amount of raw materials processed (average and maximum per day);

(8) Site plans, floor plans, mechanical and plumbing plans and details to show all sewers, sewer connections, and appurtenances by their size, location and elevation;

(9) Time and duration of discharge;

(10) Wastewater constituents and characteristics including, but not limited to, those mentioned in Section 6-327(d) of this article, as determined by a state-certified laboratory. Sampling and analyses shall be performed in accordance with the techniques described in Section 6-336(l) and Section 6-336(m);

(11) Where known, the nature and concentration of any pollutants in the discharge which are limited by any city, state or federal pretreatment standards, and a statement regarding whether or not the pretreatment standards are being met on a consistent basis and if not, whether additional operation and maintenance and/or additional pretreatment is required for the user to meet applicable pretreatment standards or city effluent limitations;

(12) If additional pretreatment and/or operation and maintenance will be required to meet the pretreatment standards or city effluent limitations, the schedule and conditions of scheduling shall be in accordance with those described in Section 6-336(g);

(13) Any other information as may be deemed by the Control Authority to be necessary to evaluate the permit application. The Control Authority will evaluate the data furnished by the user and may require additional information. After evaluation and acceptance of the data furnished, the Control Authority shall issue a Wastewater Discharge Permit, subject to the terms and conditions provided herein.

(g) **Permit Conditions.** Wastewater Discharge Permits shall include such conditions as are deemed reasonably necessary by the Control Authority to prevent pass through or interference, protect the quality of the treatment plant's effluent, protect worker health and safety, facilitate sludge management and disposal, and protect against damage to the POTW.

(1) Wastewater Discharge Permits must contain:

(i) A statement that indicates wastewater discharge permit duration in accordance with Section 6-335(i) of this Code;

(ii) A statement that the wastewater discharge permit is nontransferable in accordance with Section 6-335(j) of this Code;

(iii) Effluent limits, including Best Management Practices, based on applicable pretreatment standards;

(iv) Self-monitoring, sampling, reporting, notification, and record-keeping requirements, when applicable. These requirements shall include an identification of pollutants to be monitored, sampling location, sampling frequency, and sample type based on federal, state, and local law; and

(v) A statement of applicable civil and criminal penalties for violation of pretreatment standards and requirements, and any applicable compliance schedule. Such schedule may not extend the time for compliance beyond that required by applicable federal, state, or local law.

(vi) Requirements to control slug discharges, if determined by the Control Authority to be necessary.

(2) Wastewater Discharge Permits may contain, but need not be limited to, the following conditions:

(i) The unit charge or schedule of user charges and fees for the wastewater to be discharged to the regional sewer system;

(ii) Limits on the average and maximum wastewater constituents and characteristics;

(iii) Limits on the average and minimum rate and time of discharge or requirements for flow regulations and equalization;

(iv) Requirements for installation and maintenance of inspection and sampling facilities;

(v) Specifications for monitoring programs which may include sampling locations, frequency of sampling, number, types, and standards for tests and reporting schedule;

(vi) Compliance schedules;

(vii) Requirements for submission of technical reports (See Section 6-336);

(viii) Requirements for maintaining and retaining plant records relating to wastewater discharge as specified by the Control Authority, and affording the Control Authority access thereto;

(ix) Requirements for notifying the Control Authority prior to and obtaining approval of any new introduction of wastewater constituents or any substantial change in the volume or character of the wastewater constituents being introduced into the regional sewer system;

(x) Requirements for notifying the Control Authority of slug discharges;

(xi) Other conditions as deemed appropriate by the Control Authority to ensure compliance with this article.

(h) **Permit Modifications.** The Control Authority may modify a Wastewater Discharge Permit for good cause, including, but not limited to, the following reasons:

(1) To incorporate any new or revised federal, state, or local pretreatment standards or requirements;

(2) To address significant alterations or additions to the user's operation, processes, or wastewater volume or character since the time of wastewater discharge permit issuance;

(3) A change in the POTW that requires either a temporary or permanent reduction or elimination of the authorized discharge;

(4) Information indicating that the permitted discharge poses a threat to the POTW or city personnel;

(5) Violation of any terms or conditions of the Wastewater Discharge Permit;

(6) Misrepresentations or failure to fully disclose all relevant facts in the wastewater discharge permit application or in any required reporting; or

(7) To correct typographical or other errors in the Wastewater Discharge Permit.

(i) **Duration of Permit.** Wastewater Discharge Permits shall be issued for a specified time period, not to exceed five (5) years. A permit may be issued for a period less than five years at the discretion of the Control Authority. Each Wastewater Discharge Permit will indicate a specific date upon which it will expire.

(j) **Transfer of Permit.** Wastewater Discharge Permits are issued to a specific user for a specific operation. A Wastewater Discharge Permit shall not be reassigned or transferred or sold to a new owner, new user, different premises, a new or changed operation, or remodel of an existing facility which is retained by the current owner.

(k) **Revocation of Permit.** The Control Authority may revoke a Wastewater Discharge Permit for good cause, including, but not limited to, the following reasons:

(1) Failure of a user to factually report the sewage constituents and characteristics of his discharge;

(2) Failure of a user to report and get approval of significant changes in operations, site plans, floor plans, mechanical and plumbing plans or sewage constituents and characteristics prior to the commencement of any change;

(3) Misrepresentation or failure to fully disclose all relevant facts in the wastewater discharge permit application;

(4) Falsifying self-monitoring reports;

(5) Tampering with monitoring equipment;

(6) Refusal of reasonable access to a user's premises and/or records;

(7) Failure to meet effluent limitation;

(8) Failure to pay fines or penalties;

(9) Failure to pay sewer charges;

(10) Failure to meet compliance schedules;

(11) Failure to complete a wastewater discharge permit application;

(12) Failure of a user to report an accidental or slug discharge as required in Section 6-336(k) of this article.

(13) Violation of any pretreatment standard or requirement, or any terms of the Wastewater Discharge Permit, or this ordinance.

(l) **Discharge Reports.** Reporting requirements shall be in accordance with Section 6-336.

(Added Ord. 76-33, § 4, eff. 5-9-76; Am. Ord. 80-115, § 106, eff. 8-8-80; Am. Ord. 83-41, § 7, eff. 7-1-83; Am. Ord. 87-29, § 3, eff. 3-17-87; Am. Ord. 89-10; § 3, eff. 2-17-89; Am. Ord. 91-14, §§ 12—15, eff. 3-15-91; Am. Ord. 98-91, §§ 20, 21, 1-1-99; Am. Ord. 2002-73, § 23, eff. 1-23-02; Am. Ord. 2019-021, § 6, eff. 9-28-19).

SEC. 6-336. REPORTING REQUIREMENTS FOR INDUSTRIAL USERS.

(a) **Baseline Monitoring Report.** Within one hundred eighty (180) days after the promulgation of a categorical pretreatment standard under Section 307(b) or (c) of the Act (33 U.S.C. § 1317(b) or (c)), or one hundred eighty (180) days after the effective date of 40 C.F.R., Part 403, existing industrial users subject to such categorical pretreatment standards and currently discharging into or scheduled to discharge into a POTW shall be required to submit to the Control Authority a report which contains the information listed in Subdivisions (1) through (8) of this subsection. At least ninety (90) days prior to commencement of discharge, new sources, and sources that become industrial users subsequent to the promulgation of an applicable categorical standard, shall be required to submit to the Control Authority a report which contains the information listed in Subdivisions (1) through (5) of this subsection. New sources shall also be required to include in this report information on the method of pretreatment the source intends to use to meet applicable pretreatment standards. New sources shall give estimates of the information requested in Subdivisions (4) and (5):

(1) The name and address of the industrial user including the name of the operator(s) and owner(s).

(2) A list of any environmental control permits held by or for the facility.

(3) The nature, average rate of production, and standard industrial classification of the operation(s) carried out by such industrial user.

(4) The measured average daily and maximum daily flow in gallons per day or, where approved by the Control Authority due to cost or feasibility considerations, a verifiable estimate of average daily and maximum daily flow to the POTW from each of the following:

(i) Regulated process streams; and

(ii) Other streams as necessary to allow use of the combined wastestream formula of 40 C.F.R. § 403.6.

(5) A report signed and certified by a duly authorized representative of the industrial user of the nature and concentration of pollutants in the discharge from each regulated process, and identification of the applicable pretreatment standards. In cases where the standard requires compliance with a Best Management Practice or pollution prevention alternative, the user shall submit documentation as required by the Control Authority or the applicable standards to determine compliance with the standard.

(6) A statement, signed by an authorized representative of the industrial user, and certified by a qualified professional, indicating whether pretreatment standards are being met on a consistent basis and, if not, whether additional operation and maintenance and/or additional pretreatment is required for the industrial user to meet the pretreatment standards and requirements.

(7) If additional pretreatment and/or operation and maintenance will be required to meet the pretreatment standard, the shortest schedule by which the industrial user will provide such additional pretreatment. The completion date in this schedule shall not be later than the compliance date established for the applicable pretreatment standards.

(8) Where process effluent is mixed prior to treatment with wastewaters other than those generated by the regulated process, an equivalent concentration limit will be derived using the method outlined in 40 C.F.R. § 403.6.

(b) **Ninety-day Compliance Report.** Within ninety (90) days following the date of final compliance with applicable pretreatment standards or in the case of a new source following commencement of the introduction of wastewater into the POTW, any industrial user subject to pretreatment standards and requirements shall submit to the Control Authority a report indicating the nature and concentration of all pollutants in the discharge from the regulated process which are limited by such pretreatment standards or requirements. The report shall state whether the applicable pretreatment standards or requirements are being met on a consistent basis and, if not, what additional operation and maintenance and/or pretreatment

is necessary to bring the industrial user into compliance with the applicable pretreatment standards or requirements. This statement shall be signed by an authorized representative of the industrial user, and certified by a qualified professional.

(c) **Periodic Compliance Report.** Any industrial user subject to categorical pretreatment standards (except a non-significant categorical user), after the compliance date of such pretreatment standard, or, in the case of a new source, after commencement of the discharge into the POTW, shall submit to the Control Authority during the months of June and December, unless required more frequently in the pretreatment standard or the city's Wastewater Discharge Permit, a report indicating the nature and concentration of pollutants in the effluent which are limited by such pretreatment standards. In addition, this report shall include a record of measured or estimated average and maximum daily flows for the reporting period for the discharge reported in Section 6-336(a)(4), except that the Control Authority may require more detailed reporting of flows. In cases where the pretreatment standard requires compliance with a Best Management Practice (or pollution prevention alternative), the user shall submit documentation required by the Control Authority or the pretreatment standard necessary to determine the compliance status of the user. At the discretion of the Control Authority and in consideration of such factors as local high or low flow rates, holidays, budget cycles, etc., the Control Authority may modify the months during which the above reports are to be submitted.

(1) The Control Authority may authorize the industrial user subject to a categorical pretreatment standard to forego sampling of a pollutant regulated by a categorical pretreatment standard if the industrial user has demonstrated through sampling and other technical factors that the pollutant is neither present nor expected to be present in the discharge, or is present only at background levels from intake water and without any increase in the pollutant due to activities of the industrial user. This authorization is subject to the following conditions:

(i) The Control Authority may authorize a waiver where a pollutant is determined to be present solely due to sanitary wastewater discharged from the facility provided that the sanitary wastewater is not regulated by an applicable categorical standard and otherwise includes no process wastewater.

(ii) The monitoring waiver is valid only for the duration of the effective period of the permit or other equivalent individual control mechanism, but in no case longer than five (5) years. The user must submit a new request for the waiver before the waiver can be granted for each subsequent control mechanism.

(iii) In making a demonstration that a pollutant is not present, the industrial user must provide data from at least one sampling of the facility's process wastewater prior to any treatment present at the facility that is representative of all wastewater from all processes. The request for a monitoring waiver must be signed by an authorized representative and include the certification statement in Section 6-336(n). Non-detectable sample results may only be used as a

demonstration that a pollutant is not present if the EPA approved method from 40 C.F.R. Part 136 with the lowest minimum detection level for that pollutant was used in the analysis.

(iv) Any grant of the monitoring waiver by the Control Authority must be included as a condition in the user's control mechanism. The reasons supporting the waiver and any information submitted by the User in its request for the waiver must be maintained by the Control Authority for 3 years after expiration of the waiver.

(v) Upon approval of the monitoring waiver and revision of the user's control mechanism by the Control Authority, the industrial user must certify on each report with the statement below, that there has been no increase in the pollutant in its wastestream due to activities of the Industrial User:

"Based on my inquiry of the person or persons directly responsible for managing compliance with the pretreatment standard for 40 C.F.R. specify applicable National Pretreatment Standard part(s), I certify that, to the best of my knowledge and belief, there has been no increase in the level of list pollutant(s) in the wastewaters due to the activities at the facility since filing of the last periodic report under 40 C.F.R. § 403.12(e)(1)."

(vi) In the event that a waived pollutant is found to be present or is expected to be present based on changes that occur in the user's operations, the user must immediately: Comply with the monitoring requirements of this section or other more frequent monitoring requirements imposed by the Control Authority, and notify the Control Authority.

(vii) This provision does not supersede certification processes and requirements established in categorical pretreatment standards, except as otherwise specified in the categorical pretreatment standard.

(2) The Control Authority may reduce the requirement in this section to a requirement to report no less frequently than once a year, unless required more frequently in the pretreatment standard or by the Approval Authority, where the industrial user meets all of the following conditions:

(i) The industrial user's total categorical wastewater flow does not exceed any of the following:

1. 0.01 percent of the design dry weather hydraulic capacity of the POTW, or 5,000 gallons per day, whichever is smaller, as measured by a continuous effluent flow monitoring device unless the industrial user discharges in batches:

2. 0.01 percent of the design dry weather organic treatment capacity of the POTW; and

3. 0.01 percent of the maximum allowable headworks loading for any pollutant regulated by the applicable categorical pretreatment standard for which approved local limits were developed by the Control Authority:

(ii) The industrial user has not been in significant noncompliance, as defined in 40 C.F.R. § 403.8(f)(2)(viii) and Section 6-302(s)(9) of this Code, for any time in the past two years;

(iii) The industrial user does not have daily flow rates, production levels, or pollutant levels that vary so significantly that decreasing the reporting requirement for this industrial user would result in data that are not representative of conditions occurring during the reporting period;

(iv) The industrial user must notify the Control Authority immediately of any changes at its facility causing it to no longer meet conditions of paragraphs (c)(2)(i) or (ii) of this section. Upon notification, the industrial user must immediately begin complying with the minimum reporting in this section; and

(v) The Control Authority must retain documentation to support the Control Authority's determination that a specific industrial user qualifies for reduced reporting requirements under paragraph (c)(2) of this section for a period of 3 years after the expiration of the term of the control mechanism.

(d) **Flow Monitoring Report.** Significant industrial users that are not subject to categorical pretreatment standards but are subject to city effluent limitations shall submit to the Control Authority at least once every six months (on dates specified by the Control Authority) a description of the nature, concentration, and flow of the pollutants required to be reported by the Control Authority. In cases where a local limit requires compliance with a Best Management Practice or pollution prevention alternative, the user must submit documentation required by the Control Authority to determine the compliance status of the user. These reports shall be based on sampling and analysis performed in the period covered by the report.

(e) **Self-monitoring Report.** When required by the Control Authority, an industrial user shall submit a report indicating the concentration of specific pollutants discharged in the effluent. The determination of said pollutants by the Control Authority shall be based on what is reasonably expected to be found at the site and the frequency of monitoring shall be based on the compliance status of the industrial user.

(f) **Detected Violation and Repeat Sampling.** If sampling performed by an industrial user indicates a violation, the industrial user must notify the Control Authority within twenty-four (24) hours of becoming aware of the violation. The industrial user shall also repeat the sampling and analysis and submit the results of the repeat analysis to the Control Authority within thirty (30) days after becoming aware of the violation. Where the Control Authority has performed the sampling and analysis in lieu of the industrial user, the Control Authority must perform the repeat sampling and analysis unless it notifies the user of the violation and requires the user to perform the repeat analysis. Resampling is not required if

the Control Authority performs sampling at the industrial user's facility at least once a month, or if the Control Authority performs sampling at the industrial user's facility between the time when the initial sampling was conducted and the time when the industrial user or the Control Authority receives the results of this sampling.

(g) **Compliance Schedule.** The following conditions shall apply to the schedule required by Section 6-323(b) and Section 6-336(a)(7) and elsewhere as a result of a violation of this article:

(1) The schedule shall contain increments of progress in the form of dates for the commencement and completion of major events including the construction and operation of additional pretreatment required for the industrial user to meet the applicable pretreatment standards or city effluent limitations.

(2) No increment referred to in Subdivision (g)(1) shall exceed nine (9) months.

(3) Not later than fourteen (14) days following each date in the schedule and the final date for compliance, the industrial user shall submit a progress report to the Control Authority including, as a minimum, whether or not it complied with the increment of progress to be met on such date and, if not, the date on which it expects to comply with this increment of progress, the reason for delay, and the steps being taken by the industrial user to return the construction to the schedule established. In no event shall more than nine (9) months elapse between such progress reports to the Control Authority.

(h) **Reporting Mass Limits.** The Control Authority may impose mass limitations on industrial users which are using dilution to meet applicable pretreatment standards or city effluent limitations or requirements, or in other cases where the imposition of mass limitations is appropriate. In such cases, the reports required in Section 6-336(c) and 6-336(d) shall indicate the mass of pollutants regulated by pretreatment standards or city effluent limitations in the effluent of the industrial user.

(i) **Notification of the Discharge of Hazardous Waste.** Any industrial user discharging into the POTW a substance which, if otherwise disposed of, would be a hazardous waste under 40 C.F.R., Part 261 shall notify, in writing, the Control Authority, the EPA Regional Waste Management Division Director, and state hazardous waste authorities. Such notification shall follow the precepts found in 40 C.F.R. § 403.12.

(j) **Reports of Changed Conditions.** Each user subject to an equivalent mass limit must notify the Control Authority of any planned significant changes to the user's operations or pretreatment system which might alter the nature, quality, or volume of its wastewater at least thirty (30) days before the change.

(1) The Control Authority may require the user to submit such information as may be deemed necessary to evaluate the changed condition, including the submission of a wastewater discharge permit application.

(2) The Control Authority may issue a Wastewater Discharge Permit or modify an existing Wastewater Discharge Permit in response to changed conditions or anticipated changed conditions.

(3) For purposes of this requirement, significant changes include, but are not limited to, flow increases or decreases of twenty percent (20%) or greater, and the discharge of any previously unreported pollutants.

(k) **Reports of Potential Problems.** In the case of any discharge, including, but not limited to, accidental discharges, slug loads, or discharges that are otherwise determined to be non-routine or unusual in nature, that may cause potential problems for the POTW, the industrial user shall immediately notify the Control Authority of the incident. Additionally, a written report must be provided within five (5) days. This report shall include the following information:

(1) The date and time of the event.

(2) A description of the cause of the event.

(3) The duration of the event or, if still in progress, the expected time for the event to cease.

(4) The steps to be taken to prevent recurrence of the event.

(l) **Sampling and Analytical Requirements.** All pollutant analyses, including sampling techniques, to be submitted as part of any report required pursuant to this article shall be performed in accordance with the procedures established by the EPA pursuant to Section 304(h) of the Act (33 U.S.C. § 1314(h)) and contained in 40 C.F.R. Part 136, and amendments thereto, or with any other test procedures approved by the EPA, unless specifically required otherwise by the Control Authority. Where 40 C.F.R. Part 136 does not include a sampling or analytical technique for the pollutant in question, or where the Regional EPA Administrator determines that the Part 136 sampling and analytical techniques are inappropriate for the pollutant in question, sampling and analysis shall be performed by using validated analytical methods or any other applicable sampling and analytical procedures, including procedures suggested by the Control Authority or other parties, approved by the Regional EPA Administrator.

(1) Where feasible, samples shall be collected through flow proportional composite sampling techniques. In the event flow proportional composite sampling is not feasible, the Control Authority may authorize the use of time proportional sampling or multiple grab samples collected over the course of a process day where the user demonstrates that this will provide a representative sample of the effluent being discharged. In addition, grab samples may be required to show compliance with instantaneous discharge limits.

(i) Grab samples must be used for pH, cyanide, total phenols, oil and grease, sulfide, and volatile organic compounds. Using protocols (including appropriate preservation) specified in 40 C.F.R. Part 136 and appropriate EPA guidance, multiple grab samples collected over the course of a process day may be

composited prior to the analysis as follows: For cyanide, total phenols, and sulfides the samples may be composited in the laboratory or in the field; for volatile organics and oil & grease the samples may be composited in the laboratory. Composite samples for other parameters unaffected by the compositing procedures as documented in approved EPA methodologies may be authorized by the Control Authority, as appropriate.

(ii) For sampling required in support of Baseline Monitoring Reports and 90-Day Compliance Reports, a minimum of four (4) grab samples must be used for pH, cyanide, total phenols, oil and grease, sulfide and volatile organic compounds for facilities for which historical sampling data do not exist; for facilities for which historical sampling data are available, the Control Authority shall require the number of grab samples necessary to assess and assure compliance by industrial users with applicable pretreatment standards and requirements.

(2) Reports shall contain results of sampling and analysis identifying the nature and concentration (or mass, where required by the Control Authority) of regulated pollutants in the discharge from each regulated process. Both daily maximum and average concentration (or mass, where required) shall be reported. Sampling shall be representative of daily operations.

(3) Samples for categorical standards shall be taken immediately downstream from pretreatment facilities if such exist or immediately downstream from the regulated process if no pretreatment exists.

(i) If other wastewaters are mixed with the regulated wastewater prior to pretreatment, the user shall measure the flows and concentrations necessary to allow use of the combined wastestream formula of 40 C.F.R. § 403.6(e) in order to evaluate compliance with the pretreatment standard.

(ii) Where an alternate concentration or mass limit has been calculated in accordance with 40 C.F.R. § 403.6(e), this adjusted limit, along with supporting data, shall be submitted to the Control Authority.

(4) Samples for city effluent limitations shall be taken at a point representative of the entire discharge emanating from an industrial user. When this is not feasible, Section 6-327(e) shall apply.

(m) **Report Submittal Requirements.** If an industrial user subject to reporting requirements of this article monitors any regulated pollutant at the appropriate sampling location more frequently than required by the Control Authority, using procedures prescribed in 40 C.F.R. Part 136, the results of this monitoring shall be included in the report.

(n) **Sample Information.** Reports, signed and certified by a duly authorized representative of the industrial user as set forth in 40 C.F.R. § 403.6(a)(2)(ii) and 40 C.F.R. § 403.12(l) shall certify that such sampling and analysis are representative of normal work cycles and expected pollutant discharges to the POTW and shall contain the following information:

(1) The date, exact place, method, and the time of sampling and the names of the person or persons taking the samples;

(2) The dates analyses were performed;

(3) Who performed the analyses;

(4) The analytical techniques/methods used; and

(5) The results of such analyses.

(o) **Authorized Signature.** All wastewater discharge permit applications and user reports required by this article as well as any other report that may be required by a Wastewater Discharge Permit shall be signed and certified by an authorized representative of the industrial user and contain the following certification statement:

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

(p) **Fraud and False Statements.** The reports required by this article as well as any other report that may be required by a Wastewater Discharge Permit shall be subject to the provisions of 18 U.S.C. § 1001, relating to fraud and false statements, and the provisions of Section 309(c)(4) of the Act (33 U.S.C. § 1319(c)(4)), governing false statements, representations or certifications in reports required under the Act and to the provision set forth in 40 C.F.R. § 403.6(a)(2)(ii) and 40 C.F.R. § 403.12(l).

(q) **Record Keeping.** Any industrial user subject to the reporting requirements established in this article or wastewater discharge permit (including documentation associated with Best Management Practices) shall be required to retain for a minimum of three (3) years any records of monitoring activities and results, and shall make such records available for inspection and copying by the Control Authority. This period of retention shall be extended during the course of any unresolved litigation regarding the industrial user.

(r) **Upset.** An upset shall constitute an affirmative action defense to an action brought for noncompliance with categorical pretreatment standards or city effluent limitations if the requirements of Subdivision (1) are met.

(1) An industrial user who wishes to establish the affirmative defense of upset shall demonstrate, through properly signed, contemporaneous operating logs or other relevant evidence that:

(i) An upset occurred and that the industrial user can identify the specific cause(s) of the upset.

(ii) The facility was, at the time, being operated in a prudent and workmanlike manner and in compliance with applicable operation and maintenance procedures.

(iii) The industrial user had submitted the following information to the Control Authority within twenty-four (24) hours of becoming aware of the upset. Additionally, a written report must be provided within five (5) days in accordance with Section 6-336(k).

(2) In any enforcement proceeding, the industrial user seeking to establish the occurrence of an upset shall have the burden of proof.

(3) In the usual exercise of prosecutional discretion, the city's enforcement personnel will ordinarily review any claims that noncompliance was caused by an upset. No determination made in the course of the review shall constitute final city action subject to judicial review. Industrial users will have the opportunity for judicial determination on any claim of upset only in an enforcement action brought for noncompliance with categorical pretreatment standards or city effluent limitations.

(4) The industrial user shall control production and all discharges upon reduction, loss or failure of its treatment facility until the facility is restored or an alternative method of treatment is provided. This requirement applies to the situation, among others, where the primary source of power of the treatment facility is reduced, lost or fails.

(s) **Annual Certification by Non-Significant Categorical Industrial Users.** A facility determined to be a non-significant categorical industrial user pursuant to 40 C.F.R. § 403.3(v)(2) and Section 6-302(s)(8) must annually submit the following certification statement, signed in accordance with the signatory requirements in Section 6-336(n). This certification must accompany an alternative report required by the Control Authority:

"Based on my inquiry of the person or persons directly responsible for managing compliance with the categorical Pretreatment Standards under 40 C.F.R. _____, I certify that, to the best of my knowledge and belief that during the period from _____, _____ to _____, _____ months, days, year:

(a) The facility described as facility name met the definition of a non-significant categorical Industrial User as described in 40 C.F.R. § 403.3(v)(2);

(b) the facility compiled with all applicable Pretreatment Standards and requirements during this reporting period; and

(c) the facility never discharged more than one hundred (100) gallons of total categorical wastewater on any given day during this reporting period. This compliance certification is based upon the following information:

_____

_____

(t) **Electronic Submittal of Documents.** With the publication of 40 C.F.R Part 3 (Cross-Media Electronic Reporting Rule), the EPA has made available, as an option, electronic submittal of documents through the use of an electronic document receiving system meeting the requirements of 40 C.F.R. Part 3 and approved by the EPA. At the time

that the Control Authority meets the requirements of 40 C.F.R. Part 3, an industrial user wanting to submit any document required under this article in electronic (digital) format may do so by registering with the electronic document receiving system selected by the Control Authority.
(Added Ord. 2002-73, § 24, eff. 1-23-02; Am. Ord. 2008-33, §§ 5—10, 15, eff. 6-22-08; Am. Ord. 2019-021, § 7, eff. 9-28-19).

SEC. 6-337. SEWER SERVICE FUNDS.

(a) A sewer service fund is hereby established. It shall consist of revenue from sewer service charges, revenue from sewer connection charges, and sewer facility charges as herein defined.

(b) All revenue obtained from sewer service charges shall be deposited into said fund, shall be accounted for separately, and shall be expended for the acquisition, construction, reconstruction, maintenance, and operation of wastewater facilities, including payment of interest and principal on bonds issued for such purposes, and for the implementation of the city's pretreatment program. Such funds shall not be expended for new sewers fewer than ten inches in diameter.

(c) All revenue obtained from sewer connection charges shall be deposited into said fund, shall be accounted for separately and shall be expended for the acquisition, construction and reconstruction of the POTW, including payment of interest and principal on bonds issued for such purposes. Said fund may also provide a capital reserve for depreciation and enlargement of the POTW.

(d) All revenue obtained from sewer facility charges pursuant to section 6-310 shall be deposited into said fund, shall be accounted for separately and shall be expended as provided below:

(i) Wastewater Facilities Charges, shall be imposed, accounted for and expended consistent with section 6-304(a)(5), provided however that Wastewater Facilities Charges collected pursuant to section 6-310 shall only be used for costs which are allocable to businesses.

(ii) Trunk Sewer Charges, shall be imposed, accounted for and expended consistent with section 6-304(a)(4), provided however that Trunk Sewer Charges collected pursuant to section 6-310 shall only be used for costs which are allocable to businesses.

(e) The terms "Sewer Service Charges," "Sewer Connection Charges," and "Sewer Facility Charges" as used herein shall apply only to those funds collected for the use of the POTW and shall not be construed to affect revenues derived from the plumbing permit fees; provided, however, that nothing contained in this section shall be construed to restrict or prohibit the making of transfers from said sewer service fund for the purpose of making

temporary loans to one or more of the various departments of the city; and provided further that all such temporary loans shall be restored annually to the sewer service fund on or before the last day of each fiscal year.
(Added Ord. 5727, 1960; Am. Ord. 5777, 1960; Am. Ord. 5834, 1960; Am. Ord. 5841, 1960; Am. Ord. 6161, 1962; Am. Ord. 72-140, 1972; Am. Ord. 83-41, § 8, eff. 7-1-83; Am. Ord. 98-97, §§ 18, 19, 1-9-99)

SEC. 6-338. RULES AND REGULATIONS.

The Director may make such rules and regulations as are not inconsistent with the provisions of this article as may be necessary or desirable to aid in the administration or enforcement of the provisions of this article.
(Added Ord. 6173, 1962; Am. Ord. 98-91, § 22, 1-1-99).

SEC. 6-339. SPECIAL DISTRICTS.

When a County waterworks, water, sewer, or other special district constructs sewer facilities within the district to city standards and commences receiving city sewer services as a unit, the lines installed by the district may remain the property of the district, in which event the city only shall service and maintain the lines, and the district may elect to bill the user in the name of the district and collect the sewer charges and remit the same to the city, in which event the user shall be charged the same as any other user outside of the city, in accordance with the rate schedule prescribed in Section 6-309(b). Where such district does not connect to the city system as a unit, or the district does not elect to bill and collect as aforesaid, the district shall dedicate and convey to the city all sewer lines owned or constructed by it. Nothing contained herein shall affect the right of the city to acquire any portion of any such system located in territory annexed to the city.
(Added Ord. 69-41, 1969).

SEC. 6-340. PRIORITY OF BOND RESOLUTION.

(a) The following shall prevail over any other provisions of this article from September 1, 1974, and continuing so long as there are outstanding and unpaid any City of Fresno 1974 Sewer Revenue Bonds of Series A authorized by Council Resolution No. 74-265:

(1) All sewer connection fees and sewer service charges, together with any interest thereon, shall be deposited in the Revenue Fund.

(2) All sewer connection fees and sewer service charges, and any interest earned thereon, shall be disbursed only as provided in Section 5.04 of Resolution No. 74-265.

(b) Any money transferred from the Surplus Revenue Fund for the benefit of any municipal function other than the Project shall be repaid to the Revenue Fund together with an amount which is not less than the amount of interest that would have been earned on such money in the Surplus Revenue Fund.

(c) In construing the provisions of this section, the following terms shall have the meaning indicated:

(1) "Project" means the Project defined in Section 1.01 of Resolution No. 74-265.

(2) "Revenue Fund" means the Revenue Fund created by Section 5.03 of Resolution No. 74-265.

(3) "Sewer Connection Fees" includes "sewer connection charges."

(4) "Sewer Service Charges" includes "sewer service fees."

(5) "Surplus Revenue Fund" means the Surplus Revenue Fund created by Section 5.04 of Resolution No. 74-265.

(Added Ord. 74-96, § 1, eff. 11-4-74).

SEC. 6-341. SEVERABILITY.

If any provision, paragraph, word or section of this article is invalidated by any court of competent jurisdiction, the remaining provisions, paragraphs, words, and sections shall not be affected and shall continue in full force and effect.

(Added Ord. 83-41, § 9, eff. 7-1-83).

ARTICLE 4 WELLS

Sec. 6-401. Definitions.
Sec. 6-402. Well Drilling Prohibition.
Sec. 6-403. Permit Required.
Sec. 6-404. Supervision of Health Officer.
Sec. 6-405. Use of Sewer and Gutter Prohibited.
Sec. 6-406. Drainage Well Use.
Sec. 6-407. Proximity to Public Water Supply System.
Sec. 6-408. Bacteriological Reports.
Sec. 6-409. Compliance with State and Interstate Laws.
Sec. 6-410. Approval of Refrigerants.
Sec. 6-411. Sealing Against Surface or Drainage Water.

SEC. 6-401. DEFINITIONS.

(a) For the purpose of this article, the words "supply well" shall mean a well by means of which water is removed to the surface from its natural position in the ground below.

(b) The words "drainage well" shall mean a well whereby water is returned from the surface to the underground water reservoir.

(c) The words "monitoring well" shall mean any well or other excavation for the purpose of monitoring the quality of underground waters or the concentration of contaminants in underground waters. (Orig. Ord. 4187; Added Ord. No. 90-127, § 1, eff. 12-14-90).

SEC. 6-402. WELL DRILLING PROHIBITION.

(a) The drilling or digging of wells within the city, except by the City of Fresno, for any other purpose than for furnishing water in whole or in part for refrigeration, air conditioning, or for the purpose of furnishing water to any refrigeration or air-cooling system or unit, or for a drainage well in connection therewith, or for irrigation, or use as a monitoring well, is hereby prohibited; provided that the Public Works Director may issue a permit for the drilling and completion of a well pursuant to the following requirements.

(b) The Director may issue a permit for the drilling of a supply well for domestic, commercial or industrial purposes for temporary use only, under the following conditions:

(1) City water mains are not in place adjacent to the property involved.

(2) The Director has determined that it is not economically feasible or desirable to extend the city's water mains to serve the property at the time the request for service is made by the owner or lessee.

(3) The owner or lessee of the property has executed an agreement for the discontinuance of the use of the well and the capping of the same upon notice by the Director. Such notice shall be given immediately following installation of water mains adjacent to the property on which the well has been drilled.

(c) The Director may issue a permit for the drilling of a supply well to replace an existing well or to deepen an existing well supplying water for industrial food or beverage processing,

or for irrigation of cemeteries providing that cemeteries are in compliance with the other provisions of this Code, when in the determination of the Director, the existing well which heretofore has served such purposes has become impaired and unusable, providing such well shall be permanently capped and closed.

(d) The Director may issue a permit for drilling of a new supply well for industrial food or beverage processing purposes, when in the determination of the Director the use of such well would significantly lessen the amount of the energy that would otherwise be consumed by the food or beverage processing operation.

(e) Issuance of a permit pursuant to subsections (b), (c) or (d) of this section shall in no way nullify or affect any provisions of Articles 5, 6, 7 and 8 of this Chapter or amendments thereto, which provide for the installation of water mains and the payment therefor.

(f) Any permit issued for the digging of a well for irrigation or food or beverage processing purposes shall be conditioned upon the installation of a water meter on such well at the permittee's expense and the payment by the user at the rate specified in Section 6-505 of this Code for all water drawn therefrom.

(g) The Director may issue a permit for the drilling of a monitoring well within a public right-of-way following satisfaction of the following requirements:

(1) Completion of an Environmental Assessment.

(2) Issuance of a Street Work Permit, in accordance with Sections 13-202, 13-203 and 13-204.

(3) Execution of an agreement providing indemnification for the city, protection of the public right-of-way, discontinuance of the use of the well and abandonment of the well upon notice by the Director. Such notice may be given for any reason at the Director's sole discretion. The Director is authorized to execute the required agreement on behalf of the City. (Orig. Ord. 4553; Am. Ord. 5309, 1964; Am. Ord. 73-120, § 7, eff. 8-16-73; Am. Ord. 80-115, § 107, eff. 8-8-80; Am. Ord. 81-83, § 1, eff. 8-7-81; Am. Ord. 86-22, § 3, eff. 3-22-85; Am. Ord. 90-127, §§ 2, 3, eff. 12-14-80).

SEC. 6-403. PERMITS REQUIRED.

No well shall be drilled within the City of Fresno by any person without first securing a permit therefor from the Director of Public Works. Before the drilling of any well is begun, the person desiring to drill such well shall pay to the Department of Public Works the amount designated in the Master Fee Resolution, and file a verified statement setting forth the location of the well, the purpose for which the water from such well will be used, and a detailed sketch of the proposed installation. The Director of Public Works shall thereupon investigate the proposed drilling of said well to determine whether the proposed drilling will pollute or imperil the public water supply of the city, and will conform to the requirements of this Code. If the Director of Public Works finds that the drilling of said well as proposed will not pollute or imperil the water supply of the city, and that the location of the proposed well meets the requirements set forth in Section 6-407, he shall issue a permit to drill the well, but otherwise

he shall withhold the permit. The fee so paid shall cover the cost of such investigation, and shall not be returned to the applicant whether the permit is granted or refused. Where application for permit is made at the same time for two wells, one a supply well and one a drainage well, both of which are to be located on the same premises, the fee provided herein shall cover both wells. The permit fee is waived for governmental agencies including the county, school districts, and other special districts. (Orig. Ord. 4187; Am. Ord. 5805, 1960; Am. Ord. 6436, 1964; Am. Ord. 80-115, § 108, eff. 8-8-80).

SEC. 6-404. SUPERVISION OF HEALTH OFFICER.

In the event the head of the public works department issues a permit as provided in Section 6-403, he shall immediately notify the Health Officer of the applicant's name and the location of the proposed well, and said well shall be drilled under the supervision of the Health Officer of the City of Fresno and shall conform to all regulations made by the Health Officer to prevent the pollution or imperiling of the public water supply of the City of Fresno, and to the standards contained in Bulletin No. 74 entitled "Water Well Standards" published by the State of California Department of Water Resources. (Orig. Ord. 4187; Am. Ord. 73-112, § 1, eff. 8-26-73).

SEC. 6-405. USE OF SEWER AND GUTTER PROHIBITED.

No well shall be drilled in the City of Fresno for the purposes of furnishing in whole or in part water for refrigeration or air-conditioning purposes or for the purpose of furnishing water to cool any refrigeration or air-conditioning system or unit where the water or any portion thereof from such well is returned to the sewer system of the City of Fresno or to the gutter of any street thereof. (Orig. Ord. 4187).

SEC. 6-406. DRAINAGE WELL USE.

No drainage well shall be drilled in the City of Fresno for any use or purpose except for the return to the earth of water from a refrigeration or air-conditioning system or unit. (Orig. Ord. 4187).

SEC. 6-407. PROXIMITY TO PUBLIC WATER SUPPLY SYSTEM.

No supply well or drainage well hereafter drilled in the City of Fresno shall be drilled closer than three hundred feet to the nearest well of the public water supply system of the City of Fresno and no drainage well shall hereafter be drilled closer than three hundred feet to any well used to furnish water for human consumption. Such drainage well may be installed in connection with the refrigeration or air conditioning unit or system in accordance with subsections (a)(1) and (a)(3) of Section 6-603. Such water shall be carried through the refrigeration or air conditioning system to the drainage well through a closed system of pipes. Drainage wells shall be of sufficient size and construction to provide for the efficient disposal of the water discharged therein. Drainage wells constructed to comply with the alternative

allowed by subsection (a)(3) of Section 6-603 must receive approval of the Director of Public Works and be constructed according to plans approved by him at least forty-eight hours prior to drilling of the well. (Orig. Ord. 4724; Am. Ord. 6436, 1964).

SEC. 6-408. BACTERIOLOGICAL REPORTS.

(a) In the event the head of the public works department issues a permit for a drainage well, any person obtaining such permit shall submit to the Health Officer every ninety days a report of a bacteriologist acceptable to the Health Officer on a sample of water entering such drainage well. The samples shall be taken by said bacteriologist, or under his direction. In the event any such reports submitted show that the water contains bacteria or chemical, mineral or oily contamination or pollution of such nature that, in the opinion of the Health Officer, the water supply of the City of Fresno or any private water supply used for human consumption might be polluted or contaminated by the continued use of such well, then the head of the public works department shall have the right to order the discontinuance of the use thereof until such time as the Health Officer shall determine that the water of such well has been purified and approves the use thereof.

(b) The Health Officer shall file a written report quarterly with the head of the public works department covering all drainage wells for which a permit has been issued under this article and such other drainage wells hereto before installed.

(c) Monitoring well test results shall be reported to the Director and to other responsible regulatory authorities as required. (Orig. Ord. 4187; Am. Ord. 5309, 1958; Added Ord. 90-127, § 4, eff. 12-14-90).

SEC. 6-409. COMPLIANCE WITH STATE AND INTERSTATE LAWS.

Any person using water for refrigeration or airconditioning purposes as herein provided for shall also comply with all provisions of any state law or interstate commerce regulation relating to wells and drainage wells. (Orig. Ord. 4187).

SEC. 6-410. APPROVAL OF REFRIGERANTS.

No refrigerant, unless first approved by the Health Officer, shall be used in any refrigeration or airconditioning system in the City of Fresno which is cooled by means of water from any public or private water supply which is also used for human consumption or which water is returned to the ground through a drainage well. (Orig. Ord. 4187).

SEC. 6-411. SEALING AGAINST SURFACE OR DRAINAGE WATER.

All drainage wells for water used in any airconditioning or refrigeration system, all wells used for the supplying of water to refrigeration or cooling system in the City of Fresno and all monitoring wells shall be sealed against surface water or other drainage water seeping or filtering into said drainage, supply or monitoring wells. (Orig. Ord. 4187; Am. Ord. 90-127, § 5, eff. 12-14-90).

SEC. 6-501. DEFINITIONS.

(a) Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning and application of words and phrases used in this article, and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Article 3 of Chapter 1 of this Code shall also govern the construction, meaning

and application of words and phrases used in this article. The definition of each word or phrase, shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(b) "Air Conditioning system" or "refrigeration system" means any combination of equipment, whether compressor or other type, by which heat is removed from the air and from which the accumulated heat is wholly or partially removed by the use of water.

(c) Repealed.

(d) "Approved check valve" means a check valve that seats rapidly and completely, which valve has been approved by the Underwriters' Laboratories or by the Foundation for Cross-Connection Control Research at the University of Southern California. It must be carefully machined to have free moving parts and assured water tightness. The face of the closure element and valve seat must be bronze composition, or other non-corrodible material which will seat tightly under all prevailing conditions of field use. Pins and bushings shall be of bronze or other non-corrodible, non-sticking material, machined for easy, dependable operation. The closure element (e.g., clapper) shall be internally weighted or otherwise internally equipped to promote rapid and positive closure in all size where this feature is obtainable.

(e) Repealed.

(f) Repealed.

(g) Repealed.

(h) Repealed.

(i) "Completion" means acceptance, in writing, by the Director for maintenance of an addition to the city water system.

(j) "Commercial" and "business" uses shall include, but not be limited to, offices, merchandising and industrial uses, and residential uses on premises where there are two or more dwelling units.

(k) "Connected" means the physical joinder to the city water system of any plumbing, water supply, or fire protection system on any parcel.

(l) Repealed.

(m) "Director" means the Director of Public Utilities.

(n) "Dry-well" means a drainage installation for an air-conditioning, refrigeration, or precooling system. Such wells shall be of sufficient diameter and depth so as to provide adequate volume for the efficient disposal of the discharged water from said system in a safe and sanitary manner. "Dry-well," as defined and used in this article, shall not be construed to be in conflict with "drainage wells" as defined and used in Chapter 9, Article 6, of this Code.

(o) "Dwelling Unit" or "living unit" means a room or suite of rooms which is occupied by one family for living and sleeping purposes, including a single-family residence, mobile home unit, apartment, town house, flat or condominium.

(p) "Corner Lot" (for the purpose of computing Frontage Charges) means a lot which fronts on two streets in which there are existing mains or planned future mains from which service could be rendered, and for which no contribution on behalf of the lot has been made to the cost of construction of the mains.

(q) Repealed.

(r) Repealed.

(s) Repealed.

(t) "Parcel" or "lot" means each separate parcel shown on the latest equalized assessment roll of the county.

(u) "Precooling system" means an installation where water is used through a heat exchanger to add heat to air, or remove heat from air.

(v) "Premises" or "property" means a tract of real property, including adjoining lots or parcels under the same ownership or control and the improvements thereon, which is determined by the Controller to be a single unit for purposes of receiving, using, and paying for water services.

(w) "Private swimming pools" means any pool or other outside body of water eighteen or more inches in depth at any point, the volume of which is not less than one hundred cubic feet, and is designed for swimming, wading, or bathing purposes.

(x) "Refrigeration system" means an installation for maintenance, by heat removal, of temperatures which are less than sixty degrees Fahrenheit.

(y) Repealed.

(z) "System" means any combination of apparatus, including individual units, or a group or collection of units, supplied with water from any source.

(aa) "Customer" means a person who is, or who has agreed to be, responsible for the payment of water service charges or fees. The term is synonymous with "account" against which such charges and fees are assessed and billed.

(bb) "Developed" means improved by the construction of a building, structure or facility which is connected to the city water system or any driveway or structure accessory thereto.

(cc) "Irrigated" means used for the growing of any form of vegetation or plant life during any part of the calendar year.

(dd) "Water Rate Review Committee" means a committee composed of the Mayor, Chief Administrative Officer, and City Attorney of the City.

(ee) "Transmission grid main" means a portion of a network of large (14 inch diameter or larger) water mains lying generally at one-half mile intervals, which in the judgment of the Director serves primarily to transmit water from supply wells and surface water treatment facilities to the distribution system of mains which supply water to individual properties, or which serves to interconnect the supply wells. Service connections may be made to transmission grid mains but all water mains fourteen inches in diameter or larger are not necessarily transmission grid mains. The Director shall maintain in his office a map of the transmission grid main network, which shall be revised from time to time to show necessary additions to and deletions from the network.

(ff)—(hh) Reserved.

(ii) "Domestic" means any water use other than that defined in subsection (cc).

(jj) "Service" or "Service Connection" means that condition of any premises whereby it is connected to or receiving water from the city water system.

(kk) "Unit" means any of the following:

(1) "Dwelling Unit" or "living unit" for residential uses.

(2) "Living unit equivalent" for office, commercial, industrial, institutional, or other similar uses as determined by the Director.

(ll)—(oo) Reserved.

(pp) All connection to the water system shall be metered, and "living unit equivalent" means each metered connection to the city water system shall be converted to an equivalent number of one-inch water meters for the purposes of computing water capacity fees. The conversion factors for equivalent one-inch meters shall be as defined by the American Water Works Association, Manual of Water Supply Practices M6.

(qq) "Demand per unit" means a projected water demand of 2.12 gallons per minute per unit, and 1.51 gallons per minute per unit, for single-family residential projects and multi-family residential projects, respectively. The per unit water demand factors shall be used for the purposes of calculating peak hour water demands for single-family and multi-family residential development projects.

(rr) "Water Supply Facility" means a groundwater well; facilities to collect, treat, and distribute surface water; storage facilities to collect and store groundwater or treated surface water: transmission grid mains to distribute groundwater or surface water; other infrastructure related to production and distribution of water supply; or recharge facilities used to restore the groundwater aquifer.

(ss) "Frontage Charge" or "Frontage Fee" means a fee charged against the property for the right to connect to a public water main where the property has not participated in the cost of constructing said line.

(tt) "Water Capacity Fee" means a fee for the right to connect to the City water system, said fee to be used to cover the costs of water facilities that are of proportional benefit to new growth, including the redevelopment of properties with existing service connections.

(uu) "Service Connection Charge" or "Service Connection Fee" means a fee to install a new or replacement service connection, equal to the cost of labor (including overhead), equipment and materials, including the meter where applicable.

(vv) "Excessive Water Use" means, for customers in single-family residences or multi-unit housing in which each unit is individually metered or sub-metered, using potable water in excess of the maximum gallons per hour, depending on the City's current Water Shortage Contingency Plan stage, during days or hours when outdoor irrigation is prohibited, more than one day during the monthly billing period, as recorded by the City. The maximum gallons per hour are: Stage 1 - 400 gallons per hour recommended, Stage 2 - 400 gallons per hour, Stage 3 - 350 gallons per hour, Stage 4 - 300 gallons per hour.

Editor's note—Am. Ord. 2017-56, § 1, effective November 19, 2017, amended the Code by adding a new subsection 6-501(tt). In order to prevent duplication of section numbers, the new subsection was relettered as 6-501(vv) at the discretion of the editor.

(ww) "Outdoor Water Use Schedule" means the schedule setting forth what times and days irrigation or sprinkling of any yard, ground, premise, or vegetation or otherwise applying water outdoors on a property is permissible, as set forth in the City's adopted Water Shortage Contingency Plan.

(Orig. Ord. 4614; Am. Ord. 4891, 1956; Ord. 5262, 1958; Am. Ord. 5311, 1958; Ord. 5686, 1960; Ord. 5722, 1960; Am. Ord. 6516, 1964; Am. Ord. 6827, 1966; Am. Ord. 6882, 1966; Am. Ord. 70-3, 1970; Am. Ord. 70-13, 1970; Am. Ord. 72-2, 1972; Ord. 73-120, § 2, eff. 8-16-73; Am. Ord. 73-154, § 1, eff. 10-18-73; Am. Ord. 75-47, §§ 1, 2, eff. 7-3-75; Am. Ord. 75-73, § 1, eff. 7-3-75; Am. Ord. 78-108, § 1, eff. 7-28-78; Am. Ord. 82-22, § 3, eff. 3-19-82; Am. Ord. 85-38, § 3, eff. 4-12-85; Am. Ord. 89-75, §§ 1, 2, eff. 6-7-89; Am. Ord. 90-2, §§ 2—6, eff. 1-8-90; Am. Ord. 91-52, § 1, eff. 6-14-91; Rep. and Added Ord. 91-62, § 1, 2, eff. 6-29-91; Am. Ord. 92-103, §§ 1—3, eff. 1-15-93; Am. Ord. 93-20, § 1, eff. 4-30-93; Am. Ord. 94-86, § 2, eff. 10-21-94; Am. Ord. 94-108, § 2, eff. 12-30-94; Am. Ord. 95-4, §§ 11—17, eff. 3-19-95; Am. Ord. 95-38, § 13, eff. 6-9-95; Am. Ord. 2002-3, §§ 1—6, 2-11-02; Am. Ord. 2017-19, § 8, eff. 6-18-17; Am. Ord. 2017-56, § 1, eff. 11-19-17; Am. Ord. 2019-011, §§ 1, 2, eff. 5-31-19; Am. Ord. 2023-019, § 2, eff. 7-15-23).

SEC. 6-502. FINANCIAL PROCEDURES.

All billing for and collection of water service charges shall be handled as provided in this article and Article 11 of Chapter 6 of this Code.

(Rep. and Added Ord. 70-3, 1970; Am. Ord. 2017-56, § 2, eff. 11-19-17).

SEC. 6-503. RULES AND REGULATIONS.

The Director may make such rules and regulations, consistent with the provisions of this article, as may be necessary or desirable to aid in the administration or enforcement of the provisions hereof.
(Added Ord. 73-120, § 3, eff. 8-16-73).

SEC. 6-504. TYPE OF SERVICE.

(a) All service connections shall be metered except those used exclusively for fire protection service.

(b) All services other than those designated in (a) above shall be provided flat [rate] service unless the owner thereof elects to be metered.

(c) Water drawn from a flat rate fire hydrant for purposes other than fighting fires shall be metered whenever the Water Division determines it is practical to do so. When metering is deemed impractical, the Water Division shall estimate the amount of water used and such estimate shall be conclusive. In either event, such water shall be billed and paid for at the metered rates specified in the Master Fee Resolution by authority of Section 6-505(c). Water utilized for the miscellaneous purposes specified in Section 6-505(b), however, may be billed and paid for at the rates specified therein at the option of the customer.
(Added Ord. 73-120, § 3, eff. 8-16-73; Am. Ord. 80-115, § 141, eff. 8-8-80; Am. Ord. 83-57, § 1, eff. 6-17-83; Am. Ord. 85-22, § 4, eff. 3-22-85; Am. Ord. 88-139, § 1, eff. 12-9-88; Am. Ord. 89-3, § 1, eff. 2-3-89; Am. Ord. 89-74, §§ 1, 2, eff. 6-7-89).

SEC. 6-505. RATES.

(a) **Residential Flat Rates.** The rates applicable to water service furnished on a flat rate basis for residential use shall be designated in the Master Fee Resolution. Where only a portion of any premises is developed or irrigated, there shall be no charge for that area in excess of 9,000 square feet which is neither developed nor irrigated.

(1) It shall be conclusively presumed that each premises is fully developed or irrigated unless the customer establishes, by affidavit filed with the Controller on a form furnished by him, that a given portion of such property is neither developed nor irrigated.

(2) The Controller may compute the charge to be paid for that area in excess of 9,000 square feet upon the basis of an affidavit filed by the customer, or upon the basis of any information within his possession derived from any other source. The Controller or his representative shall have the right of ingress to and egress from the customer's premises at all reasonable times for the purpose of making such computation, and shall make no deduction for any customer who refuses same.

(3) Any person aggrieved by any decision of the Controller fixing a charge for premises in excess of 9,000 square feet may appeal said decision to the Water Rate Review Committee, which is hereby created, within ten days of the date such decision is mailed or otherwise delivered to him.

(i) The committee shall select from its members a chairman who shall serve at its pleasure.

(ii) Any member of the committee may deputize in writing, filed with the committee, any member of his office or, in the case of the Mayor, a member of the Council, to serve in his place on such committee for such period as he may desire.

(iii) A majority of the committee shall constitute a quorum.

(iv) The committee shall be deemed to be in the office of the Chief Administrative Officer and shall meet and keep its files in his office. All appeals to the committee shall be filed in such office.

(v) The committee shall prescribe such forms, rules or regulations relating to appeals or appeal hearings as it deems necessary, and may receive such evidence or make such investigations as it deems proper.

(vi) The committee may affirm, modify or reverse any decision of the Controller pertaining to any charge for premises in excess of 9,000 square feet. The decision of the committee shall be final.

(b) **Miscellaneous Flat Rates.** The rate applicable to miscellaneous water service furnished on a flat rate basis for other than residential use shall be designated in the Master Fee Resolution.

(c) **Meter Rates.** The rate applicable to metered water service shall be composed of a readiness-to-serve or standby charge, plus a charge for the quantity of water actually used, and any additional charges designated in the Master Fee Resolution.

(d) **Private Wells.** Private wells used for irrigation purposes, when required to be metered, shall be billed at the rate designated in the Master Fee Resolution per hundred cubic feet of water drawn therefrom.

(e) **Wells in Cemeteries.** Wells used for cemetery purposes shall be exempt from water usage charges for a period of five (5) years after annexation; provided, however, that during such period the cemeteries shall pay to the city the amount of any Fresno Irrigation District (FID) fees or assessments attributable to the cemetery property and paid by the city.

After the fifth anniversary of annexation, the cemeteries shall pay for only that component of their normal water usage fee which is directly attributable to and normally charged for the cost of water managements and recharge of underground water supplies.

(Added Ord. 73-120, § 3, eff. 8-16-73; Am. Ord. 73-154, § 2, eff. 10-18-73; Am. Ord. 74-97, § 1, eff. 11-4-74; Am. Ord. 78-174, § 1, eff. 12-22-78; Am. Ord. 80-115, § 142, eff. 8-8-80; Am. Ord. 85-22, § 5, eff. 3-22-85).

SEC. 6-506. SERVICE TO SEPARATE PREMISES AND MULTIPLE UNITS.

(a) Separate parcels will be supplied through separate individual services except as specified below.

(b) Separate houses, buildings, or uses on the same parcel, or on adjoining parcels under a single ownership, control or management, may receive water service at the option of the applicant by either of the following methods:

(1) Through separate service pipes to each or any unit provided the piping system from each service is independent of the others and is not interconnected, and provided that all service are metered.

(2) Through a single service pipe to supply the entire premises, in which case only one minimum or readiness-to-serve charge will be applied.

(c) Not more than one flat rate water service shall be allowed on adjoining parcels or lots which have been determined to constitute a single unit or premises as defined in this article; nor shall a flat rate water service be allowed on adjoining premises under the same ownership, either of which has, or is required to have, metered water service.

(Added Ord. 73-120, § 3, eff. 8-16-73).

SEC. 6-507. PERMIT TO CONNECT WATER REQUIRED: PAYMENT OF CHARGES.

(a) No person shall connect any lot, property, parcel or premise to the city water system without a permit from the Director of the Development and Resource Management Department unless the applicable charges designated in the Master Fee Resolution have been paid.

(1) Repealed.

(2) **Frontage Charge.** A frontage charge shall be required for each lot, parcel, property, or premise sought to be connected to the city water system, in the amount designated in the Master Fee Resolution per front foot. The front footage shall be calculated as follows:

(i) On a corner lot, parcel, property, or premise by adding both street frontages, excluding up to the first one hundred fifty feet on one of the street frontages to be selected by the Director.

(ii) On a lot abutting streets on three sides, by dividing the lot into two equal corner lots, calculating the front footage for each as provided by paragraph (i) above, and adding the two calculations.

(iii) On a lot with the side property lines nonparallel, the calculation for frontage shall be the distance measured between the side property lines midpoint between the frontage and the rear property lines of the lot.

(iv) Portions of the lot utilized as a public street or alley shall be excluded from the above calculations.

(v) On an irregularly shaped lot, the Director shall determine the front footage consistently with the foregoing principles of calculation.

(vi) Property which has not previously had city water service (except for water service solely for fire protection) shall pay a front footage charge only to the extent that such front footage charge or the cost of the main serving the premises has not heretofore been paid by the applicant or his predecessor in interest, provided that no such charge shall be collected for that portion of the frontage where the applicant is required to extend a main across his property frontage as a condition precedent to receiving service.

(vii) When only a portion of a lot, parcel, property, or premise is developed and the remaining portion is to continue undeveloped or is to be used solely for the growing of agricultural crops, the Director may require the payment of the front footage charge applicable only to that portion of the lot developed or to be developed, provided that the parcel for which such fees are charged shall have an area of not less than twelve thousand five hundred square feet. When the balance of the lot is developed, the front footage on that portion shall be paid regardless of whether or not additional water service is required. The Director shall fix the portion of the lot which is to be considered as developed.

(viii) Where a property fronts on a street in which there is an existing main from which service could be rendered, but the applicant elects to install water mains to serve all or portions of said property in streets or other rights-of-way which he dedicates within his property, he shall pay frontage charges for the portions of his property served from the additional mains in an amount equal to one-half of the frontage charges calculated on the basis of the frontage of said portions prior to said dedications, provided that this subsection shall not apply to the frontage of his property where it is necessary to extend the existing main as required under Subsection 6-514(c).

(ix) Properties on behalf of which no contribution has been made to the cost of the water mains, and which receive service from extensions made in other than dedicated and surfaced streets, shall pay to the city the same front footage charge as would be payable if the line were located in a dedicated street adjacent to the property to be served.

(x) In the R-A, AE-5 and AE-20 zone districts on a developed lot at least two net acres in size, when a portion of not less than twelve thousand five hundred square feet of such lot is to be improved with one additional single-family residence or the existing residence is to be connected to the city water system, the Director may require the payment of the frontage charge applicable only to the portion of such lot to be improved or occupied by the existing residence to be connected to the City water system. When the land use on the balance of the lot changes either through district amendment or special permit, the frontage charge shall be paid regardless of whether or not additional water service is required. The Director shall fix the portion of such lot which is to be considered as improved or occupied.

(xi) On separate major maintenance facilities within cemeteries and on facilities used for other than cemetery purposes, the Director shall fix the front footage for charges based on the dimensions of the property used for such purposes.

(xii) In areas designated by the Council, where a city water system is to be constructed to reduce public health hazard related to contaminated groundwater and where service connections to the water system are limited to serving only the existing residential dwelling and an auxiliary water supply is to continue to be utilized for irrigation of other portions of the lot, the Director shall require payment of the frontage charge applicable only to a portion of such lot occupied by the existing residence to be connected to and served by the city water system, provided that the fee to be charged shall be for a minimum of one hundred lineal feet or the actual front footage of the lot whichever is the lesser. When the land use on the balance of the lot changes either through land division, district amendment or special permit, city water is used for nondomestic purposes, or the auxiliary water supply serving the parcel is abandoned, the remaining

balance of the frontage charge shall be paid regardless of whether or not additional water service is required. The Director shall fix the portion of the lot which is to be considered as improved, occupied, or irrigated with city water.

(3) **Service Connection Charges.** For each lot which requires a new service connection, or revised service connection, to a main determined by the Director to be in active service, the applicant shall pay to the city a cost-of-service charge to install the new or replacement service connection. The cost-of-service charge shall equal the cost of labor (including overhead), equipment and materials, including the meter where applicable. For services two inches in diameter or smaller, such charges may be fixed uniformly by the Council and designated in the Master Fee Resolution.

(4) Repealed.

(5) Repealed.

(6) Repealed.

(7) Repealed.

(8) Repealed.

(9) **Water Capacity Fee.** A water capacity fee shall be required for all water service connections to the City water system, except for connections solely for fire protection. The amount of the fee for each water service shall be determined by meter size as designated in the Master Fee Resolution.

If the use of a property, lot, parcel, or premise changes, and a larger service connection and meter are required to serve the new uses on the property, the water capacity fee obligation shall be based upon the incremental difference in cost between the water capacity fee charge for the larger meter size and the water capacity fee charge for the existing meter size, or the existing meter size may be estimated based upon the 10-year historical average water use on the property, whichever is less. No water capacity fee credit will be owed by the City when the new meter size is smaller than the prior meter size or the estimated meter size.

(b) Payment of fees and issuance of permits pursuant to this section does not authorize the permittee to perform or cause to be performed work specified in this article to be performed by the city.

(c) Whenever the Council, the Board of Supervisors, or the Board, of a special district, whichever is applicable, has adopted a resolution of intention to construct water system improvements, no permit for additions to or connection to the city water system to serve any lot included in the district subject to said resolution shall be issued until the hearing or protest has been finally determined in favor of the protestants or the proposed work has been consummated sufficiently to allow the lot to be served by said water system improvements.

(d) Payment of water connection charges, private water service line installation, and well destruction charges for existing single-family residences, and existing commercial or industrial development in the Enterprise Zone, may be deferred by entering into an

agreement with the city to pay such charges together with interest on the unpaid balance, over a period of not more than twenty years, in accordance with the procedures established in Section 6-305 of this Code for the deferment of sewer connection charges.

(e) Payment of frontage charges pursuant to subsection 6-507(a)(2), and service connection charges pursuant to subsection 6-507(a)(3), may be deferred until issuance of a certificate of occupancy pursuant to an agreement which conforms to the requirements of section 12-4.604.

(f) Repealed.

(Added Ord. 75-47, § 3, eff. 7-3-75; Am. Ord. 75-73, § 1, eff. 7-3-75; Am. Ord. 75-55, § 1, eff. 7-6-75; Am. Ord. 76-9, § 1, 22-22-76; Am. Ord. 78-108, § 2, eff. 7-28-78; Am. SEC. 6-508. REFUNDS AND REIMBURSEMENTS.

(a) Repealed.

(b) Repealed.

(c) **Water Mains.**

(1) This subsection shall be applicable to water mains installed after July 1, 1975, except when constructed by special assessments.

(2) Any person installing a water main shall, prior to construction of the main, file with the Director a legal description of the properties on behalf of which contributions have been made to the cost of the construction, and a statement of the proportions of the cost borne by each property, and within ninety days following city acceptance of the main shall file with the Director a project accounting stating the cost (excluding any city reimbursement) of the construction of the main. In the event a project accounting has not been filed with the Director within such period, then reimbursement under subsection (c)(3), below, shall not be made in the event additional property is connected to the main constructed. If an ownership statement is not filed prior to construction, only the property served by the main, owned by the person who installed the main on the date of commencement of installation will be deemed to have paid for the installation; provided, that if within seven years after the date of commencement of installation such person acquires in fee property served by the main which would otherwise be subject to payment of frontage charges, such person shall also be deemed to have paid the frontage charges for such property.

(3) During the initial reimbursement period or, if applicable the extended reimbursement period, as such terms are defined in Section 12-4.501.5 of this Code, following city acceptance of a water main referred to in subsection (c)(1) above, the person or persons bearing the cost of such water main construction may be reimbursed pursuant to this subsection (c). The frontage charges collected by the city pursuant to this article for connection to such water main shall be paid by the city proportionately to the owner or owners of property on behalf of which contributions were made to the cost of construction of such water main. However, neither shall the total reimbursement exceed the sum of (1) one hundred per cent of the cost of constructing water mains which do not front on any contributing property, and (2) fifty per cent of the cost of constructing water mains fronting on properties on behalf of which such contributions were made; nor shall the total reimbursement exceed the total amount of the frontage charges which would have been payable by property on behalf of which no contribution was made to the cost of installation as of the date of city acceptance of the main. Such reimbursements shall be paid from the applicable water connection charge fund.

(4) If the total amount of the frontage charges (based on fees in effect on the date of city acceptance of the main) which would be collectible from property on behalf of which no contribution has been made to the cost of installation is less than one thousand dollars, the Director may elect to proportionately reimburse from the applicable water connection charge fund, after city acceptance of the main, to the person or persons contributing to the cost of constructing the main said frontage charges which would be collectible from noncontributing property. If the Director elects to reimburse in that manner, such person or persons will neither be eligible for the exemption provided in subsection (c)(2) above nor for further refunds provided in subsection (c)(3) above.

(5) For purposes of reimbursements, where a property has more than one frontage, the actual front footage charge paid shall be apportioned between the frontages on which the calculation of charges was based, in the ratio of the total length of each frontage.

(d) Repealed.

(e) Repealed.

(Added Ord. 75-47, § 4, eff. 7-3-75; Am. Ord. 75-73, § 1, eff. 7-3-75; Am. Ord. 76-9, § 2, eff. 2-22-76; Am. Ord. 78-108, §§ 3, 4, eff. 7-28-78; Am. Ord. 80-115, §§ 144—146, eff. 8-8-80; Am. Ord. 83-163, §§ 8—10, eff. 1-20-84; Am. Ord. 85-38, § 5, eff. 4-12-85; Am. Ord. 86-155, § 1, eff. 10-24-86; Am. Ord. 89-85, §§ 9, 10, eff. 7-28-89; Am. Ord. 2003-96, § 3, eff. 12-4-03; Am. Ord. 2017-19, § 8, eff. 6-18-17).

SEC. 6-509. SERVICE CONNECTIONS.

(a) The charge for replacement of an existing water service connection or meter by one of a large size shall be the same as for a new service or meter of the size requested, except that when mains and services are being replaced under a city water main replacement program,

the charge for increasing the size of service will be the difference in cost between the size requested by the property owner and the size which would normally be installed by the city under its replacement program.

(b) Where it is necessary to relocate a water service for the convenience of a property owner, or where relocation is required because the construction by or on behalf of the property owner will interfere with the operation or maintenance of the service connection, the charge for such relocation shall be the cost for labor (including overhead), equipment, and material.

(c) The minimum size of the tap and the service connection (including meter) installed for any property shall be as the Director may designate.

(d) The first installation of meters on an existing service connection of two inches or smaller shall be made without additional charge. Meters on existing services larger than two inches shall be paid for as specified in subsection 6-507(a)(3).

(e) When a property owner requests the abandonment of one or more services and the installation of one or more new services, the cost of abandonment and the cost of the new service shall be paid for by the customer as specified in subsection 6-507(a)(3).
(Orig. Ord. 4481; Am. Ord. 6497, 1964; Am. Ord. 70-13, 1970; Am. Ord. 73-120, § 4, eff. 8-16-73; Am. Ord. 75-47, § 5, eff. 7-3-75; Am. Ord. 75-73, § 1, eff. 7-3-75).

SEC. 6-510. REPEALED.

Editor's note—Ord. 2017-19, § 8, effective June 18, 2017, amended the Code by repealing former § 6-510 in its entirety. Former § 6-510 pertained to well head treatment, and derived from Ord. 90-2, effective January 8, 1990; Ord. 95-4, effective March 19, 1995; Ord. 95-38, effective June 9, 1995; and Ord. 95-74, effective October 27, 1995.

SEC. 6-511. REPEALED.

Editor's note—Ord. 2017-19, § 8, effective June 18, 2017, amended the Code by repealing former § 6-511 in its entirety. Former § 6-511 pertained to recharge areas, and derived from Ord. 95-4, effective March 19, 1995; and Ord. 95-38, effective June 9, 1995.

SEC. 6-512. REPEALED.

Editor's note—Ord. 2017-19, § 8, effective June 18, 2017, amended the Code by repealing former § 6-512 in its entirety. Former § 6-512 pertained to bond debt service fee, and derived from Ord. 95-4, effective March 19, 1995; and Ord. 95-38, effective June 9, 1995.

SEC. 6-513. WATER CAPACITY FEE.

(a) **Purpose.** The purpose of this section is to ensure water supply availability, reliability and drought resiliency for new and expanded connections to the City water system, and to provide a means for levying and collecting fees to finance the planning, permitting, designing, acquiring of and constructing of water facilities required to serve new and expanded connections to the City water system.

(b) **Water capacity fee amount.**

(1) The Council shall designate in the Master Fee Resolution a schedule of Water Capacity Fees by meter size.

(2) The Water Capacity Fee shall be determined based on a Water Capacity Fee Study. The Water Capacity Fee Study shall establish a nexus between the Water Capacity Fee and the estimated reasonable cost of providing water capacity service to new or expanded connections to the water system.

(c) **Fees payable upon grant of development entitlement.** The Water Capacity Fee for any new or expanded service connection shall be payable prior to the issuance of a building permit at the fee level in effect on the date such permit is issued.

Payment of Water Capacity Fees may be deferred by entering into a development agreement with the city to pay such charges after issuance of the building permit, but not later than prior to issuance of the certificate of occupancy.

(d) **Water capacity fund.**

(1) A Water Capacity Fund is hereby established.

(2) All Water Capacity Fees collected by the city shall be deposited in a Water Capacity Fund for the purpose of funding public facilities reasonably necessary to provide water capacity service to new or expanded connections to the city water system.

(3) The revenue from the Water Capacity Fees collected shall be allocated on an annual basis as follows:

a. Fifty percent of the Water Capacity Fees shall be allocated to repay loans or other debt financing instruments used by the City to plan, permit, design, and construct water facilities to serve new or expanded connections to the City's water system. The priority for applying this fifty percent Water Capacity Fee allocation to existing loans or debt financing instruments shall be based on the date Council approved the loan or debt financing instrument. The highest priority shall be assigned to the oldest loans and debt financing instruments.

b. Fifty percent of the Water Capacity Fees shall be allocated to reimburse developers, or their heirs and successors, who as a condition precedent to approval of development, were required to construct water facilities. Developer reimbursements from the Water Capacity Fund shall be completed in accordance with 6-513(f).

c. In the event no payments are required for loans or debt instruments, and no reimbursements are due to developers who constructed water facilities as a condition precedent to approval of development, then all Water Capacity Fees paid shall be deposited in the Water Capacity Fund and designated for planning, permitting, designing, acquiring and constructing water facilities, or purchasing water supply sources, to accommodate new or expanded connections to the city water system.

(4) The City shall annually review and report on the fund for the Water Capacity Fees as set forth by Government Code section 66013(d).

(e) **Water supply facility construction.** The City shall be responsible for constructing water supply facilities in a manner which will supply water to all properties developed in an orderly sequence as defined in the City's then-current General Plan.

(1) The Council may require, as a condition precedent to approval of development, a developer to construct water supply facilities in accordance with City standards, if the City Manager or his or her designee determines one or more of the following conditions exist:

a. The water demands for the development can be served with a dedicated water supply facility that only serves that development:

b. The proposed development is not consistent with the orderly sequence of development as defined in the City's then-current General Plan;

c. It is in the best interest of the city water system for the developer to construct the required water supply facility, and to request reimbursement in accordance with 6-513(f).

(2) The Council may require as a condition precedent to approval of development, the dedication or acquisition of property for a water supply facility if the Director of Public Utilities determines a water supply facility is needed either within or in close proximity to the proposed development.

a. The developer shall be issued a fee credit against the Water Capacity Fee equal to the fair market value of the dedicated property, and the fair market value shall be based on the properties surrounding the water supply facility, or as determined by the Director of Public Utilities.

b. In the event a prospective developer dedicates or acquires a water supply facility at the request of the City in advance of approval of development, the developer shall be eligible for reimbursement or issued a fee credit in a manner as described above.

(3) In the event a developer is required to assume the responsibility for the construction of a water supply facility, construction shall be in accordance with city standards and specifications, or as determined by the Director of Public Utilities. The developer shall be reimbursed based on the full, audited and approved cost of the water supply facility less the Water Capacity Fees due for the development. Reimbursements shall be processed in accordance with 6-513(f). Reimbursements shall be issued from Water Capacity Fee revenues in accordance with the fee allocation methodology described in Section 6-513(d).

(f) **Reimbursements from the water capacity fee fund.** When, as a condition precedent to approval of development, a person, whose project is subject to the Water Capacity Fees, has been required to construct a water supply facility which has been

accepted by the City, the person shall file with the Director of Public Works, within ninety days following acceptance of the water supply facility, a project accounting stating the total cost of construction of the water supply facility.

(1) The project accounting shall include the costs for the water supply facility, including site acquisition, design, construction, inspection, permitting, and commissioning.

(2) The terms, conditions, and expiration date for reimbursement shall be specified in a reimbursement agreement executed between the developer and the City.

(3) Annual reimbursements shall be based on funds available in the Water Capacity Fund for developer reimbursements. On or about April 1st of each year, the Director of Public Works shall determine the amount of funding available from the Water Capacity Fund to reimburse those persons who have:

a. Constructed a water supply facility that has been accepted by the City; and

b. A valid reimbursement agreement.

(4) Following the annual determination of Water Capacity Fees available for developer reimbursement, there shall be paid from the Water Capacity Fund, to persons that constructed water supply facilities as a condition precedent to approval of development, a sum equal to the proportionate share of the Water Capacity Fees available for developer reimbursement. The proportionate share shall be calculated based on the current value of the unreimbursed portion of the water supply facility to the total value of all water supply facilities accepted by the City and approved for reimbursement, provided, that payments may not be made to such persons in excess of the cost of the water supply facility as shown on the project accounting

(5) If the project accounting is not timely filed as required above, the City will not enter into a reimbursement agreement or make any reimbursement payments to the person that constructed the water facilities.

(g) **Effect on urban growth management water fees and fund balances.** As of the effective date of the Ordinance adopting this Section, fund balances remain in existing water-related Urban Growth (UGM) accounts created for water-related fee revenues. The existing fund balances shall remain in separately designated water-related UGM accounts to be used for the purposes for which they were collected in accordance with the UGM water-related fee regulations, as set forth in Ordinance 95-38 and amended by Ordinance 95-74, under which they were imposed ("UGM Regulations").

(1) The existing balances in the UGM water-related fee accounts shall remain available for (i) reimbursing developers that were required to construct water supply facilities as a condition precedent to approval of the development project, and (ii) use by the City for the designated purposes defined for the UGM account. Reimbursements from existing UGM water-related fee accounts shall be completed in accordance with the UGM Regulations.

(2) When there are no valid reimbursement agreements relating to a UGM water-related fee account and no pending projects in a UGM area that could potentially qualify for reimbursement under the UGM Regulations, any funds remaining in the existing UGM water-related fee accounts shall be deposited into the Water Capacity Fund, and the City may use those funds in accordance with the priorities described in 6-513(d).

(3) Notwithstanding any other provision of this section, in order to honor valid reimbursement agreements issued under the UGM Regulations, the City shall make available revenue from the Water Capacity Fee Fund to the UGM water-related fee accounts for reimbursements pursuant to the UGM Regulations. Funds made available to each UGM water-related fee account for reimbursements pursuant to the UGM Regulations shall be limited to the amount of revenue that would have been collected for each UGM water-related account, from persons within the corresponding water-related UGM area, under the UGM Regulations. In no event will any person with a reimbursement agreement issued under the UGM Regulations receive a greater right to reimbursement than he or she would have had under the UGM Regulations.

(Added Ord. 2017-19, § 8, eff. 6-18-17).

Editor's note—Ord. 2017-19, § 8, effective June 18, 2017, amended the Code by repealing former § 6-513 in its entirety, and adding a new § 6-513. Former § 6-513 pertained to the UGM water supply, and derived from Ord. 95-38, effective June 9, 1995; and Ord. 95-74, effective October 27, 1995.

SEC. 6-514. WATER SYSTEM CONSTRUCTION.

(a) Any person desiring to make an addition to the water system of the city to serve property shall make a request in writing of the Director for preliminary investigation into the feasibility of such addition. If the addition as requested is found to be feasible by the Director, such addition may be made to the water system of the city in accordance with the provisions of this chapter. The director shall cause the installation to be inspected, and shall allow the final connection to the city system only if it is found that such additions conform in all respects with the standard specifications for water facilities of the city, with applicable health laws, and with the lines and grades designated by the Director.

(b) If a right-of-way is needed for an addition to the water system, the person constructing the addition shall obtain such right-of-way for the city, or pay the cost to the city of acquiring such right-of-way.

(c) When a new, enlarged, or additional water service is required to serve a property, mains shall be installed across the full frontages of the property unless the Director determines that mains are not required at that time across the full frontage to serve other properties or because an undeveloped portion of the subject property does not require water or fire service. Where the provisions of this section would require a main extension past a planned valve location, the Director may require the payment of frontage charges in lieu of main construction. Where a property has more than one frontage on which main installation

would be required by this subsection, the Director may require payment of frontage charges in lieu of main installation along such additional frontages unless said mains are required for fire service to the property. Frontage charges collected pursuant to this subsection shall be deemed as reimbursable pursuant to subsection 6-508(c)(3).

(d) Specifications and plans for the installation of additions to the city water system shall be prepared by a registered civil engineer and shall be approved by the Director before a permit for doing the work may be issued.

(e) When a water main, fire hydrant, or water service, except for back flow prevention devices, has been installed in a public street or easement pursuant to the requirements of the city and has been accepted by the Director, then the main, hydrant, or service shall become the property of the city and a part of the water system of the city.

(f) The person constructing an addition to the city water system shall reimburse the city for its cost of labor (including overhead), equipment, and materials for the following:

(1) Connections between additions to the city water system and existing portions of the system which are determined by the Director to be in active service.

(2) Review and approval of specifications and plans submitted by the applicant for proposed additions to the water system.

(3) Preliminary investigation of the feasibility of additions to the water system.

(4) Any design, surveying, inspection or testing performed by the city in connection with an addition to the water system.

Such reimbursements may be made at standard rates to cover costs as designated in the Master Fee Resolution.

(g) Repealed.

(h) Although it is the intent of this article that arrangements necessary to install water mains required to serve property shall be the responsibility of the person desiring such service, an exception is necessary to facilitate minor additions to the system. The city may, upon written request of the applicant, take all steps necessary to complete the total installation, subject to the following conditions:

(1) Total of front footage for which frontage charges would be payable if mains existed, plus off-site main required is three hundred feet or less.

(2) Applicant pays the frontage charge for the applicant's property as though water mains already existed on the property frontage.

(3) Applicant reimburses the city in accordance with this article for the water service connection (including meter if applicable), connections to mains in service, and preliminary investigation.

(4) Applicant pays to the city the fee designated in the Master Fee Resolution to cover the cost of design, surveying, inspection, and testing.

(i) Connections to mains in other than dedicated and surfaced streets or alleys shall not be permitted where service can be rendered from dedicated and surfaced streets or alleys by extension or otherwise.
(Added Ord. 75-47, § 6, eff. 7-3-75; Am. Ord. 75-73, § 1, 7-3-75; Am. Ord. 76-9, § 3, eff. 2-22-76; Am. Ord. 80-115, §§ 147, 148, eff. 8-8-80; Am. Ord. 2003-96, § 4, eff. 12-4-03; Am. Ord. 2017-19, § 8, eff. 6-18-17).

SEC. 6-515. WATER CONNECTION CHARGE FUND.

(a) A water connection charge fund is hereby established.

(b) All revenue obtained from frontage charges, and service connection charges as required under Section 6-507 shall be deposited into said Water Connection Charge Fund, and shall be accounted for separately, and shall be expended for acquisition, construction and reconstruction of the city water system including payment of interest and principal on bonds issued for that purpose. Said fund may also provide a capital reserve for depreciation and enlargement of the city water system.

(c) The terms frontage charge, and service connection charge herein referred to shall apply only to those funds collected for use of the city water system and shall not be construed to affect revenues derived from plumbing permit fees.

(d) Nothing contained in this section shall be construed to restrict or prohibit the making of transfers from said Water Connection Charge Fund for the purpose of making temporary loans to one or more of the various departments of the government of the city; and provided further that all such temporary loans shall bear interest at not less than the current rate earned by other city trust funds and shall be restored annually to the water connection charge fund on or before the last day of each fiscal year.
(Added Ord. 75-47, § 7, eff. 7-3-75; Am. Ord. 75-73, § 1, 7-3-75; Am. Ord. 76-9, § 4, eff. 2-22-76; Am. Ord. 85-38, § 6, eff. 4-12-85; Am. Ord. 2003-96, § 5, 12-4-03; Am. Ord. 2017-19, § 8, eff. 6-18-17).

SEC. 6-516. REPEALED.

Editor's note—Ord. 2023-019, § 3, adopted June 8, 2023 and effective July 15, 2023, repealed § 6-516, which pertained to transmission grid main reimbursements and derived from Ord. 75-48, § 1, effective July 1, 1975; Ord. 2017-19, § 8, effective June 18, 2017.

SEC. 6-517. RESERVATION TO THE CITY TO NEGOTIATE AGREEMENTS WITH PRIVATELY- OR PUBLICLY-OWNED WATER SYSTEMS.

The city reserves the right to negotiate by agreement for the acquisition, operation, and maintenance of privately- or publicly-owned water systems, and for the settlement of damage caused to such water systems when the city extends its water system into the service area of any such system. Any other provision of this article to the contrary notwithstanding,

the city may include, in any such negotiated agreement, a waiver of the water main extension charge, front footage charge, or service connection charge otherwise payable by the consumers of any such system upon connection with the city's water system.
(Orig. Ord. 4481; Am. Ord. 6737, 1965).

SEC. 6-518. CONDITIONS PRECEDENT TO NEW SERVICE OUTSIDE CITY.

(a) No new water service shall be furnished to property located outside the city limits except pursuant to the terms and conditions set forth in this section.

(b) No new fire sprinkler connections or fire hydrants for properties outside the city limits shall be served from the Fresno city water system unless the full water supply (excluding agricultural irrigation) for the said property shall also be taken from the Fresno city water system; provided, however, where said property already has its own well and desires city service, such city water service may be provided upon authorization of the City Council on condition that said water supply shall not be increased or such well be deepened or the pumping equipment be replaced with any of larger capacity. For properties already having an alternate source of water supply and receiving city water service on the effective date of this subsection, expansion of such alternate water supply shall result in a discontinuance of all city water to said property.
(Added Ord. 73-120, § 5, eff. 8-16-73; Am. Ord. 75-41, § 1, eff. 6-2-75; Am. Ord. 75-84, § 1, eff. 9-7-75; Am. Ord. 89-51, §§ 3, 4, eff. 5-26-89).

SEC. 6-519. WATER CONSERVATION DEVICE REQUIRED.

(a) No person shall install or replace any system, including portable systems, on any premises unless such system is equipped with a water conservation device, and such device is properly maintained at all times, except as follows:

(1) In a multi-story building, unconserved water-cooled refrigeration units used only for the commercial preservation of food may be installed, replaced or maintained provided that such unit has a capacity of less than one ton and that all such units on any one premises do not exceed a cumulative total capacity of two tons and do not consume more than 1.5 gallons of water per minute per ton of capacity per unit.

(2) Evaporative coolers may be installed, replaced, or maintained provided that no evaporative cooler or coolers on any premises shall have a cumulative total capacity of more than eighteen hundred cubic feet of air per minute.

(3) A system may be installed, replaced or maintained provided it is not connected to city water, and a source of water supply is developed on the same premises for the exclusive use of such system, and a drainage well, drilled pursuant to and in conformance with Article 4 (commencing with Section 6-401), Chapter 6, of this Code, is used as the sole means of disposing of water discharged from such system.

(b) When a system is installed or maintained on any premises contrary to the provisions of this article, no city water service shall be granted to serve said premises, whether located in or out of the city limits.

(c) No person shall sell or deliver any evaporative cooler which he knows or has reason to know is intended to use city water unless such cooler is, when sold and delivered, equipped with a water conservation device.
(Added Ord. 73-120, § 5, eff. 8-16-73).

SEC. 6-520. WATER CONSERVATION.

(a) In the use of potable water supplied by the city, no customer shall do or permit any of the following:

(1) Use potable water to irrigate or water outdoor landscaping in a manner that causes runoff such that water flows onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots or structures,

(2) Keep, maintain, operate, or use any water connection, hose, faucet, hydrant, pipe, outlet, or plumbing fixture which is not tight and free from leakage,

(3) Willfully or negligently waste water,

(4) Flood any part of the premises of another,

(5) Sprinkle the premises of another so as to prevent the normal use thereof or unreasonably wet objects thereon which should not be subjected to a spray of water except as naturally caused by the elements or by action of the owner of the object,

(6) Sprinkle or irrigate any yard, ground, premise, or vegetation except as set forth in the City's Outdoor Water Use Schedule,

(i) Annual Exemptions. The following properties may submit an application for a one-year exemption to the Outdoor Water Use Schedule in effect at the time of the application:

a. Properties with multiple addresses, and

b. School and park facilities, and

c. Properties without street addresses.

The owners of such properties shall submit a proposed modified Outdoor Water Use Schedule in writing to the Director or designee for approval or modification. The Director may approve a modified Outdoor Water Use Schedule for with more frequent watering or different watering days than allowed by the Outdoor Water Use Schedule in effect at the time the application for an exemption is submitted for consideration. If the Director determines the proposed exemption will adversely impact system water pressures in the service area, the proposed exemption will be denied. All Annual Exemptions approved by the Director shall automatically expire on December 31 of each year, and the property owners must re-apply for an exemption to the Outdoor Water Use Schedule.

(ii) Short-term Exemptions. The following properties may submit an application for an exemption from the Outdoor Water Use Schedule for a specific time period not to exceed one month.

a. Properties with new lawns not yet established.

b. Properties seeking to use water for a bona fide use, such as solar panel cleaning or other use necessary for health or preservation of property.

The owners of such properties shall submit a proposed modified Outdoor Water Use Schedule in writing to the Director or designee for approval or modification no less than 48 hours before the proposed non-compliant water usage. The Director may approve a modified Outdoor Water Use Schedule that may provide for more frequent outdoor water use or different outdoor water use days than allowed by the Outdoor Water Use Schedule in effect at the time the application for an exemption is submitted for consideration. If the Director determines the proposed exemption will adversely impact system water pressures in the service area, the proposed exemption will be denied. All Short-term Exemptions approved by the Director shall automatically expire on the date set forth on the Short-Term Exemption permit.

(7) Sprinkle or irrigate any yard, ground, premise, or vegetation unless the watering device used is controlled by an automatic shut-off device, or a person is in immediate attendance of the hose or watering device,

(8) Wash any privately owned motor vehicle, trailer, or boat except from a bucket or in a commercial car wash, provided a hose equipped with a shut-off nozzle may be used for a quick rinse without causing water to flow onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots, or structures,

(9) Wash or rinse with a hose or watering device any sidewalk, driveway, parking area, tennis court, patio, or any other exterior paved area, except for public health and safety reasons at public gathering places, or

(10) Use potable water in a fountain or other decorative water feature, except where the water is part of a recirculating system.

(11) Irrigate ornamental turf on public street medians with potable water, except where:

(i) The turf serves a community or neighborhood function, including but not limited to, recreational uses and civic or community events;

(ii) The turf is irrigated incidentally by an irrigation system primarily intended to irrigate trees;

(iii) The turf is irrigated with recycled water.

This prohibition does not include trees and shrubs on public medians, which may be irrigated.

(12) Irrigate outdoor landscapes with potable water during and within 48 hours after measurable rainfall.

(13) Serve drinking water other than upon request in eating or drinking establishments, including but not limited to, restaurants, hotels, cafes, cafeterias, bars, or other public places where food or drink are served or purchased.

(14) Irrigate landscapes outside of newly constructed homes and buildings in a manner inconsistent with regulations or other requirements established by the California Building Standards Commission and the Department of Housing and Community Development.

(15) Automatically change towels and linens in hotels and motels daily. Operators of hotels and motels shall provide guests the option of choosing not to have towels and linens laundered daily. The hotel or motel shall prominently display notice of this option in each guestroom using clear and easily understood language.

(16) Drain swimming pools more than once every three years, except as necessary to complete structural repairs or to comply with public health standards, as determined by the County Health Officer. Residents with private swimming pools shall file a written application for a permit with the City of Fresno Water Division at least 48 hours prior to draining the pool. Any customer whose swimming pool is drained by order of the Department of Health for failure to maintain it properly will also be issued a notice of violation of the City of Fresno Municipal Code. The draining of pools for reasons of health and safety hazards as determined by the City of Fresno Water Division and/or the Department of Health is permitted. The application shall include the results of a pool water test conducted by an independent testing organization which shows a cyanuric acid level above 100 parts per million, total dissolved solids over 2,500 parts per million, or calcium over 450 parts per million, or stating the nature and duration of repairs to be made and the date on which the pool will be drained.

(17) Fill newly constructed or refurbished swimming pools without a pool fill permit from the City of Fresno Water Division.

(18) Refill (top off) established swimming pools except during times when outdoor water use is allowed at the property address pursuant to the Outdoor Water Use Schedule.

(19) Use potable water to irrigate or water outdoor landscaping in a manner that is prohibited by or inconsistent with any Federal or State regulations or other requirements not specifically identified in this section.

(b) Notwithstanding the foregoing, drip irrigation of community and residential fruit and vegetable gardens and fruit trees is permitted any day of the week; for this subsection, "drip irrigation system" means a non-spray, low-pressure, and low volume irrigation system in good working order utilizing emission devices with a flow rate of less than four gallons per hour, designed to slowly apply small volumes of water at or near the root zone of plants, when used primarily for irrigation of fruit and vegetable gardens and fruit trees; should any city water customer be cited for excessive water use, the customer may contact the Water Division and request an exemption from the Outdoor Water Use Schedule for a home or

community garden that is irrigated with a drip irrigation system. Upon being contacted, the Water Division will schedule a visit to the subject property to inspect the garden and the drip irrigation system used to irrigate the garden. The Water Division shall grant an exemption for home or community garden with the following conditions:

(1) The property must limit water use to an amount equal to, or less than, the average monthly water use for the single-family residential customer class. The monthly average water use for the single-family residential customer class is printed on monthly utility bills issued by the City.

(2) The drip irrigation system must be in good working order with no leaks, line breaks, or other deficiencies that will contribute to water waste. Exemptions shall be withheld until corrective action is taken to address system deficiencies.

(3) The drip irrigation system must be used primarily for the home or community garden, and not for other landscape on the property- Exemptions shall be withheld until the drip irrigation system for the home or community garden can be isolated from other landscape on the property.

(4) No flood irrigation will be allowed with the drip irrigation system, and water must remain on the subject property with no runoff to sidewalks, driveways, pavements, or adjacent properties.

(5) The home and community garden exemption is provided exclusively for drip irrigation systems only, and will not be allowed for other types of irrigation systems.

(6) This exemption shall only apply to properties ¼ acre or smaller. For properties greater than ¼ acre, the property owner may apply to the Director or designee for an exemption.

(c) Lawn sprinkling systems shall be properly designed, installed, maintained, and operated to prevent waste of water.

(d) Repealed.

(e) The provisions of this section are conditions of service.

(1) Each incident of Excessive Use as defined in section 6-501, or use of water inconsistent with the provisions of this section, is an incident of water waste.

(2) If a customer has one or more incidents of water waste during a month, as observed by City staff or as recorded by the City's water meter reading system, the customer shall be issued a Notice of Water Waste and, if applicable, charged a fine as set forth in the Master Fee Schedule. Such fines shall be added to the customer's monthly utility bill and shall be due and payable with that utility bill and subject to the FMC 6-106, Late Payment of Municipal Service Bills.

(3) Incident counts for water waste shall be monitored, recorded, documented and enforced on a monthly basis during the calendar year for individual customers, and the incident counts shall be reset January 1 of each year.

(4) If a customer performs or permits incidents of water waste more than six consecutive months, the water service to the customer may be terminated unless in the opinion of the Director such termination would result in an unreasonable risk to the health and safety of persons. If water service is terminated for successive incident of water waste, the water service may only be restored upon execution of an agreement with the customer to adhere to the conditions of service described in this section.

(5) If a customer objects to a fine imposed for an incident of water waste pursuant to this section, the following appeal process may be used.

Step 1.

(a) Within thirty days of issuance of the utility bill including the fine, the customer may contact the Water Conservation Program to appeal an incident of water waste resulting in a fine with the staff person who initiated the enforcement measure. The staff person shall gather the facts about the incident.

(b) The customer may provide staff with evidence there was no incident of water waste, or of a bona fide reason for the incident of water waste, including evidence of a water leak, or another reasonable justification for the water use, within ten business days of the customer's first communication with the Water Conservation Program regarding the alleged incident of water waste.

(c) Within ten business days of the initiation of an appeal, staff shall provide the customer with documentation demonstrating the incident of water waste, if applicable.

(d) The staff will provide the facts and evidence related to the appeal to the Water Conservation Program Supervisor, who will determine whether to rescind the enforcement measure. The Water Conservation Program Supervisor will provide a written decision to the customer within fifteen business days of the customer's appeal, or receiving any applicable evidence from the customer, whichever comes later.

Step 2. If the customer is not satisfied with the decision of the Water Conservation Program Supervisor, they may appeal to the Director or designee within ten business days of the date of the Water Conservation Program Supervisor's decision. The Director or designee shall review the appeal and any evidence the customer previously submitted, and provide a written decision within thirty days of receiving the appeal.

Step 3. If the customer is not satisfied with the decision of the Director of Public Utilities, the customer may appeal to the City's Administrative Hearing Officer in the manner provided in Chapter 1, Article 4 of this code. Such decision shall be final.

(Orig. Ord. 4481; Am. Ord. 6486, 1964; Am. Ord. 73-120, § 6, eff. 8-16-73; Am. Ord. 77-99, § 1, eff. 9-23-77; Am. Ord. 78-74, §§ 1, 2, eff. 5-26-78; Am. Ord. 80-115, § 149, eff. 8-8-80; Am. Ord. 89-48, §§ 1, 2, eff. 4-18-89; Am. Ord. 89-77, § 1, eff. 6-7-89; Am. Ord. 89-102, § 1, eff. 9-22-89; Am. Ord. 90-72, § 1, eff. 8-24-90; Am. Ord. 90-97, § 1, eff. 10-12-90; Am. Ord. 91-104, § 1, eff. 10-18-91; Am. Ord. 91-112, § 1, eff. 11-22-91; Am. Ord. 93-14, § 1, eff.

2-23-93; Am. Ord. 93-20, § 2, eff. 4-30-93; Am. Ord. 2015-13, § 1, eff. 5-21-15; Am. Ord. 2015-29, § 1, eff. 8-27-15; Am. Ord. 2017-56, § 3, eff. 11-19-17; Am. Ord. 2018-45, § 1, eff. 8-10-18; Am. Ord. 2019-011, § 3, eff. 5-31-19; Am. Ord. 2022-026, § 1, eff. 10-8-22).

Editor's note—The provisions in subsection 6-520(e) regarding the enforcement program for incidents of water waste are effective January 1, 2018.

SEC. 6-521. VIOLATION OF AFFIDAVIT.

Any customer who develops or irrigates any portion of any premises for which a reduced water charge has been computed pursuant to Section 6-505(a)(3), and who fails to notify the controller of such development or irrigation within 30 days of the date same is commenced, shall be presumed to have used or irrigated such area for a period of twelve months prior to the date such use or irrigation first came to the Controller's attention, and shall pay the total fee prescribed for the use or irrigation of such area for said twelve-month period, together with interest and penalties thereon calculated pursuant to Section 6-106 as if such usage had been billed in the customer's regular billing cycle but had not been paid for by him, unless he establishes to the satisfaction of the Controller that such use or irrigation was maintained for a shorter period of time.
(Added Ord. 73-154, § 3, eff. 10-18-73).

SEC. 6-522. WATER EFFICIENT LANDSCAPE STANDARDS.

(a) Water used for irrigation shall be minimized to the amount needed to maintain adequate plant health and growth with a minimum of waste or over spray on adjoining areas.

(b) Operation of Efficient Irrigation Systems. All persons who have installed completely new replacement irrigation systems on existing residential units are required to file irrigation plans pursuant to the Code Section 12-306-N.23 and 24, and shall use the City of Fresno Monthly Lawn Watering Chart to determine lawn water times. Longer watering times are permitted provided it can be shown necessary by calculations based on the evapotranspiration rate and sprinkler precipitation rates. For persons who use the City of Fresno Monthly Lawn Watering Chart, each area of the lawn shall receive no more than the maximum number of minutes per week for any one area of lawn.

(c) Irrigation system operation shall comply with Code Section 6-520.

(d) The "water customer" shall modify watering duration and frequency schedules so that the sprinkler's application does not exceed the irrigated area's absorption rate and generate surface runoff.

(e) Maintenance. It is the owner's responsibility to maintain the irrigation system by checking, adjusting sprinklers, repairing or replacing defective equipment and modifying the watering times to ensure efficient use of water. The customer is responsible for any wastage of water which originates on the customer's property.

(f) Existing Irrigation Systems (Manual/Automatic). On resale of existing property, the new owner shall certify in writing prior to obtaining water service from the City of Fresno that:

(1) The irrigation system has been checked and that all broken or defective irrigation equipment has been repaired or replaced.

(2) That all the system's components are functioning properly.

(3) No leaks exist.

(g) Enforcement. If a person violates any of the provisions of this section the city may implement any or all of the following measures:

(1) Require a customer to get a landscape evaluation, lawn water audit, and water budget, as appropriate, in order to learn efficient water use. This work shall be completed at customer expense by Landscape Irrigation Auditors certified by the Irrigation Association.

(2) Require a customer to repair any defects in the watering system of such person within fourteen days of notice by the city to repair.

(3) Installation by the city of flow restrictors or termination of water service for exterior use.

(4) Termination of all water service to a customer unless in the opinion of the Director of Public Utilities such termination would result in an unreasonable risk to the health and safety of persons.

(5) Require that restoration of water service after termination be contingent on an agreement by the customer to adhere to the provisions of this section.

A. If a water customer objects to the previously mentioned enforcement measures the following appeal process may be used.

Step 1. The customer may call the Water Conservation Program in order to discuss the incident with the staff person who initiated the enforcement measures.

The staff person has no authority to rescind the enforcement measures. However, upon being contacted by the customer, the staff person shall gather the facts about the incident and explain them to the Water Conservation Program Supervisor, who may decide whether or not to rescind the enforcement measure.

Step 2. If the customer is not satisfied with the decision of the Water Conservation Program Supervisor, he/she may appeal to the Water Systems Manager who shall review such appeal and render a written decision within thirty days after such appeal.

Step 3. If the customer is not satisfied with the decision of the Water Systems Manager he/she may appeal to the Director of Public Utilities who shall review such appeal and render a written decision within thirty days after receiving such appeal.

Step 4. The customer may make a final appeal directly to the City Council if still not satisfied.

[The next page is CD6:125]

The appeal listed in step 2 above shall be filed in writing within thirty days of the date of the notice outlining the enforcement measure. Each subsequent appeal shall be filed in writing within 30 days from the date of the written decision being appealed. (Added Ord. 94-86, § 3, eff. 10-21-94).

SEC. 6-523. DEFINITIONS FOR WATER EFFICIENT LANDSCAPE STANDARDS.

(a) Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article, and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Article 3 of Chapter 1 of this Code shall also govern the construction, meaning, and application of words and phrases used in this article. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(b) "Absorption rate" or "infiltration rate" means the rate of water entry into the soil expressed as a depth of water per unit of time (inches per hour).

(c) "Air Inlet Valve" means a port open to the atmosphere which permits air to enter a backflow assembly under a no water flow condition. These air inlets are utilized in atmospheric and pressure type vacuum breakers.

(d) "Application rate" means the depth of water applied to a given area, usually measured in inches per hour.

(e) "Atmospheric vacuum breaker" means an assembly containing a float-check seat and an air inlet port. The flow of water into the body causes the float to close the air inlet port. When the flow of water stops the float falls and forms a check valve against backsiphonage and at the same time opens the air inlet port to allow air to enter and satisfy the vacuum.

(f) "Automatic controller" means a mechanical or solid state timer, capable of operating valve stations to set the days, hours and length of time of water application.

(g) "Backflow prevention device" means a safety device used to prevent pollution or contamination of the water supply due to the reverse flow of water from the irrigation system.

(h) "Check valve" means a valve located under a sprinkler head to hold water in the system so it minimizes drainage from the lower elevation sprinkler heads.

(i) "Chemical injection" means the act of automatically or manually adding chemicals (usually fertilizer) to the irrigation system where it mixes with water and is subsequently applied to the landscape.

(j) "City of Fresno Monthly Lawn Watering Chart" means the chart of approximate lawn watering time (in minutes per week) published by the City of Fresno.

(k) "Cool season turf" means Annual bluegrass, Perennial rye grass, Red fescue, Tall fescue and other turf that is not dormant in winter.

(l) "Cross connection control" means any unprotected actual or potential physical connection or arrangement of piping or fixtures between two otherwise separate piping systems one of which contains potable water and the other non-potable water. This would include any temporary connections, such as swing connections, removable sections, four way plug valves, spools, dummy section of pipe, swivel or change-over devices or sliding multiport tube.

(m) "Downstream" means in the direction of the flow of a stream.

(n) "Emitter" means drip irrigation fittings that deliver water slowly from the system to the soil.

(o) "Evapotranspiration rate" means the inches of water per day.

(p) "Evaporation rate" means the inches of water per day.

(q) "Flex riser" means flexible material that allows a sprinkler head to bend if struck and come back into alignment.

(r) "Infiltration rate" means the rate at which water is absorbed into the rail expressed as a depth of water in inches.

(s) "Irrigation system" means the water delivery pipelines that supply water from the water source to the valve or outlet and to the emitters or sprinklers from the valve. An automatic controller is part of all new irrigation systems. See Section 6-501(z).

(t) "Irrigation valve circuit" means a system composed of piping, valves, pumps, controllers and outlets to distribute water to lawns, trees, shrubs, plants and other landscape facilities.

(u) "Landscaped area" means the parcel area, including the right-of-way area and any easements, less building pad(s), driveway(s) and parking areas. This includes planted areas, water bodies, and natural areas.

(v) "Landscape modification" means any change to a landscape on site or on the landscape plan.

(w) "Landscape plan" means a plan to scale of not less than one inch equals 40 feet which shall show the location, size and variety of all plantings, water supply, contours and similar designations as the Director may require for sufficient clarity to indicate the nature and extent of the work proposed.

(x) "Micro irrigation" means sprinkler heads that put out less than 16 gallons of water per hour used.

(y) "Mulch" means any material such as leaves, bark, straw or other materials left loose and applied to the solid surface to reduce evaporation.

(z) "New development" means any development for which a Development Plan is filed upon or after the effective date of this ordinance.

(aa) "Overspray" means water which is delivered beyond the landscaped area, wetting pavements, walks, structures, or other non-landscaped areas.

(bb) "Pedestrian parkway" mean those median islands or pathways which are greater than eight feet wide and used as pedestrian pathways.

(cc) "Plumbing permits" means a form obtained at the public counter of the Development Department which allows for a fee, certain plumbing related modifications or installations to occur on a structure or to landscaping.

(dd) "Pop-up spray heads" means a water pressure activated head which pops up and sprays water through a nozzle.

(ee) "Precipitation rate" means the rate at which water is applied to the plants.

(ff) "Pressure vacuum breaker" means an assembly containing an independently operating loaded check valve and an independently operating loaded air inlet valve located on the discharge side of the check valve. The assembly is to be equipped with properly located resilient seating test cocks and tightly closing resilient seating shut-off valves located at each end of the assembly. The entire assembly shall meet the design and performance specifications as determined by a laboratory and field evaluation program resulting in an approval by a recognized testing agency for backflow prevention assemblies. To be approved, these assemblies must be readily accessible for in-line testing and maintenance. The assembly must be installed a minimum of 12 inches above the highest water outlet, i.e. sprinkler head or tank fill.

(gg) "Rain gauge" means a system which automatically shuts off the irrigation system when it rains.

(hh) "Reduced pressure backflow preventer" means an assembly of two independently acting approved check valves together with a hydraulically operating mechanically independent pressure relief valve located between the check valves and at the same time below the first check valve. The unit shall include properly located resilient seating test cocks and tightly closing resilient seating shut-off valves at each end of the assembly. The entire assembly shall meet the design and performance specifications as determined by a laboratory and a field evaluation program resulting in an approval by a recognized testing agency for backflow prevention assemblies. The assembly shall operate to prevention assemblies. The assembly shall operate to maintain the pressure in the zone between the two check valves at an acceptable level less than the pressure on the public water supply side of the assembly. At cessation of a normal flow the pressure between the two check valves shall be less than the pressure on the public water supply side of the device. In case of leakage either of the check valves, the differential relief valve shall operate to maintain the reduced pressure in the zone between the check valves by discharging to the atmosphere. To be approved, these assemblies must be readily accessible for in-line testing and maintenance and be installed in a location where no part of the assembly will be submerged.

(ii) "Separately metered automatic irrigation system" means a system composed of pipes, valves, pumps, controllers and outlets to distribute water for landscape purposes. This system is not connected to the domestic water supply, but has a separate, metered, connection to the public water supply system.

(jj) "Shut off device" means a mechanical or electrically operated device used to terminate the flow of liquids in a piping system. These devices could be gate valves, ball valves, electrical solenoid valves, butterfly valves or globe valves.

(kk) "Slope irrigation" means applying water to vegetation on a slope.

(ll) "Soil moisture sensors" means a device which activate and deactivate irrigation valves watering shrubs and lawns.

(mm) "Sprinkler head" means a device which sprays water through a nozzle.

(nn) "Sprinkler precipitation rate" means the depth of water applied to a given area by an irrigation sprinkler, usually measured in inches per hour.

(oo) "Subsurface emitters" means a buried drip irrigation fittings that deliver water slowly from the system to the soil.

(pp) "Swing joint" means a series of elbows and nipples that allow the sprinkler to move and turn in any direction while maintaining grade.

(qq) "Turf" means a surface layer of earth containing grass with its roots.

(rr) "Turf allowance" means the amount or percentage of turn area permitted in relation to the entire landscaped area.

(ss) "Turf area" means the amount of turf included within a set of lines, specifically, the number of unit squares of turf equal in measure to the surface.

(tt) "Valve" means a device used to control the flow of water in the irrigation system.

(uu) "Warm season turf" means Bermuda grass, Hybrid Bermuda, Kikuyu grass, Seashore paspalum, St. Augustine grass, Zoysia grass and Buffalo grass and other turf that is dormant in winter.

(vv) "Water area" means that part of a landscape composed of water features such as pools, fountains and ponds.

(ww) "Water efficient practice" means the application of a method of landscaping which conserves the water.

(xx) "Watering zones" means a portion of the landscaped area having plants with similar water needs that are served by a valve or set of valves with the same schedule. A watering zone may be irrigated or non-irrigated. For example, a naturalized area planted with native vegetation that will not need supplemental irrigation once established is a non-irrigated watering zone. (Added Ord. 94-108, § 3, eff. 12-30-94).

SEC. 6-524. TRANSFER OF APPLICATION AND DISPOSITION OF WATER FOR USE ELSEWHERE.

No consumer shall have the right, except with the written consent of the city, to assign any application made by such consumer or any right of such consumer thereunder, nor to use or

permit any other person to use the water delivered to such consumer at any other place than the premises designated in such application, or for any purpose or purposes other than the purposes specified in such application. (Orig. Ord. 4481).

SEC. 6-525. METERS—INSTALLATION—READING—TESTING.

(a) All meters will be furnished and installed by the city, at its own expense, without additional charge, except in cases where special metering facilities are desired by the consumer. The point at which the meters shall be installed shall be subject to the city's approval, for the purpose of determining the amount of water delivered, the readings of each meter installed shall be deemed conclusive as to the quantity of water delivered through it, unless upon being tested such meter shall be found to be registering inaccurately and its inaccuracy shall exceed two per cent. In every case where the inaccuracy of any meter is more than two per cent, but nevertheless, can be approximately determined, the readings of such meter shall be corrected, but in all other cases where the inaccuracy of any installed meter shall, during any period of time, for any reason whatsoever, exceed two per cent, the amount of the water delivered through such meter during such period shall be estimated by the city according to all available information, but no correction for inaccuracy of meter measurement shall be made in any bill rendered by the city, unless the party complaining of such inaccuracy shall request such correction within thirty days after the rendition of such bill.

(b) All meters will be tested at the time of their installation, and no meter will be placed in service or allowed to remain in service which has an error of registration in excess of two per cent under the conditions of normal operation. Upon giving the city at least five days' notice, the consumer shall have the right to require the city to test his service meter in his presence, or in the presence of an expert or other representative appointed by him; provided, however, that if special tests are required by the consumer oftener than once in five years, a reasonable charge, based upon the cost to the city, shall be made for each additional test; provided, however, that if the results of any such test shows that the meter is registering a deviation in excess of two per cent under the conditions of normal operation, then no charge shall be made for such test. (Orig. Ord. 4481; Am. Ord. 70-13, 1970).

SEC. 6-526. METERS, APPLIANCES, ETC., PROPERTY OF CITY.

Meters (including meters required on private wells), appliances, apparatus, and fixtures of every description installed by the city, or requested by the city and installed by others, upon the consumer's premises for the purpose of delivering water to the consumer, shall continue to be the property of the city, and may be repaired, replaced or removed by it at any time. No rent or other charge whatsoever shall be made by the consumer against the city for placing or maintaining said meters, appliances, apparatus or fixtures upon the consumer's premises. The consumer shall exercise reasonable care to prevent the meter, appliances, apparatus and fixtures of the city upon said premises from being injured or destroyed and shall refrain from interfering with the same, and in case any defect thereof shall be discovered, shall immediately notify the city thereof. (Orig. Ord. 4481; Am. Ord. 85-22, § 7, eff. 3-22-85).

SEC. 6-527. CONSUMER'S RESPONSIBILITY.

(a) The consumer shall, at his own risk and expense, furnish, install and keep in good and safe condition all water pipes, machinery, and apparatus which may be required for receiving water from the city at the point of delivery and for applying and utilizing such water; and the city shall not be responsible for any loss or damage occasioned or caused by negligence or want of care on the part of the consumer in installing, maintaining, using, or operating such water pipes, apparatus, appliances, or fixtures.

(b) No alterations, addition, or disconnection in or about any water pipes or apparatus of the city water system shall be made without written permission granted by the Water Division.

(c) No consumer shall make, or allow any other person to make, any connection to or extension of such consumer's piping for the purpose of supplying any other consumer with water service, except by the express prior written consent of the city. The Director of Public Works, or his authorized representative, is hereby authorized to act for and on behalf of the city for the purpose of this section. In addition to prosecution for violation of this section, violators shall be subject to discontinuance of water service until such connection has been disconnected, and the fee designated in the Master Fee Resolution for inspection and reconnection shall be charged for restoration of service. (Orig. Ord. 4481; Am. Ord. 70-13, 1970; Am. Ord. 80-115, § 151, eff. 8-8-80).

SEC. 6-528. RATE REGULATIONS.

(a) Complete schedules of all rates legally in effect as designated in the Master Fee Resolution, shall be kept at all times in the City Clerk's office where they will be available for public inspection. The rates and minimum charges set forth in the effective rate schedules are based upon the city's supply through one meter, except that where the city shall, for operating convenience, install in place of one meter, two or more meters, then the readings of such two or more meters shall be combined for the purpose of making charges. Where submeters or secondary meters are desired by the consumer, such meters will be charged for separately on the monthly rental basis.

(b) The unmetered service rates and minimum charges set forth in the Master Fee Resolution are based upon the delivery of service to each separate premises, provided that if water service is used from the same service connection in small houses located on the same lot as and in the rear of the house paying the irrigation charge for such lot, no additional irrigation minimum charge shall be made in connection with such small houses. (Orig. Ord. 4481; Am. Ord. 80-115, § 152, eff. 8-8-80).

SEC. 6-529. OPTIONAL RATES FOR SERVICE.

(a) Should any consumer who is receiving unmetered service desire to be furnished with metered service, then upon receipt by the city from the consumer of a written application to the city therefor, on a form furnished by the city for that purpose, said application being made to the city at its offices in Fresno at least thirty days prior to the date on which such metered service is desired, the city shall install a meter as outlined in the rules and regulations and

furnish such metered service, provided that whenever any consumer changes from unmetered service to metered service, as aforesaid, such metered service shall continue until changed as hereinafter provided.

(b) Should any consumer who is receiving metered service desire to be furnished with unmetered service, then upon receipt by the city from the consumer of a written application to the city therefor, on a form furnished by the city for that purpose, said application being made to the city at its office in Fresno at least ten days prior to the date on which such unmetered service is desired, the city may, at its option, grant or deny such application.

(c) The city may, by giving the consumer ten days written notice of its intention so to do, change the delivery of its service to said consumer from unmetered service to that of metered service.

(d) The city may, with the consent of the consumer, change the delivery of its service from metered service to that of unmetered service. (Orig. Ord. 4481).

SEC. 6-530. TEMPORARY SERVICE.

The city will, if in its opinion the furnishing of such service will not work an undue hardship upon its then existing consumers, furnish temporary service under the following conditions and as set forth in the rate schedules herein contained:

(1) The applicant for such temporary service will be required to pay to the city, in advance or otherwise as the city may elect, the cost of installing and removing any facilities necessary in connection with the furnishing of such service by the city.

(2) Each applicant for temporary service will be required to deposit with the city a sum of money equal to the estimated amount of the city's bill for such service or to otherwise secure, in a manner satisfactory to the city, the payment of any bills which may accrue by reason of such service so furnished or supplied.

(3) Nothing in this rule shall be construed as limiting or in any way affecting the right of the city to collect from the consumer any other or additional sum of money which may become due and payable to the city from the consumer by reason of the temporary service furnished or to be furnished hereunder. (Orig. Ord. 4481).

SEC. 6-531. DISCONTINUANCE OF SERVICE TO UNSAFE APPARATUS.

If any part of the consumer's installation shall at any time in the opinion of the city be inadequate or unsafe, the city shall have the right, to be exercised at its option, to cease delivering water until the consumer shall put such installation in adequate and safe condition. The city does not assume the duty of inspecting the consumer's apparatus, appliances, or equipment, or any part thereof, except as specified in Article 8 for cross-connection control devices, and assumes no liability therefor. In the event the water service apparatus to the consumer is defective, the consumer shall immediately notify the city of the fact. (Added Ord. 72-2, 1972; Am. Ord. 2002-3, § 10, eff. 2-11-02).

SEC. 6-532. CITY'S RIGHT OF INGRESS TO AND EGRESS FROM CONSUMER'S PREMISES.

The Water Division representatives shall, at all times, have the right of ingress to and egress from the consumer's premises at all reasonable hours for any and all purposes reasonably connected with the furnishing of water, including access to premises wherein meters are required on private wells, and to exercise any and all rights secured to the city by law or these rules and regulations. (Orig. Ord. 4481; Am. Ord. 85-22, § 8, eff. 3-22-85).

SEC. 6-533. CONNECTION OF SERVICE BY UNAUTHORIZED PERSON PROHIBITED. USE OF WATER AFTER DISCONTINUANCE OF SERVICE.

(a) No person other than a duly authorized employee of the city shall connect any consumer's water pipes and apparatus with the city's mains. No person other than a duly authorized employee of the city shall open or turn on any city water valve regulating the flow of water from the city water mains to any consumer's premises after such valve shall have been turned off by the city for non-payment of charges for water or at the request of the present consumer or a previous consumer, or for any other reason.

(b) No owner, lessee, tenant or other person in possession of or having charge and control of any premises connected to the city water system shall use or permit to be used any water from such system through the consumer's water pipes connected with such system, unless prior to such use, water service to such premises shall have been granted by the city pursuant to application made by such person or the person under whom he holds such possession or charge and control, and such water service has not been discontinued in any manner set forth in subsection (a) of this section.

(c) A special charge in the amount designated in the Master Fee Resolution shall be assessed against any person or persons violating any provision of subsections (a) or (b). This special charge shall cover the expense to the city of checking such water main or connection and turning it off again after it has been turned on in violation of subsection (a) or (b). This charge shall be in addition to any other remedy, civil or penal, which may be available to the city to enforce the provisions hereof, and all such remedies shall be cumulative at the election of the city.

(d) Any repair to or replacement of city property necessitated by a violation of this section, and the installation of any device necessary to prevent further violations of this section, shall be made at the expense of the consumer, at the rate designated in the Master Fee Resolution. (Orig. Ord. 4481; Am. Ord. 5743, 1960; Am. Ord. 80-115, § 155, eff. 8-8-80; Am. Ord. 80-132, § 16, eff. 10-3-80).

SEC. 6-534. USE OF FIRE HYDRANTS REGULATED.

(a) When it is necessary to use water temporarily in connection with any type of construction or other operation at a place where the supply is inadequate for such purposes, application may be made to the Water Division for a permit to use water from a fire hydrant.

(b) No person other than a duly authorized employee of the city shall use water from, or connect any apparatus to, a fire hydrant without first obtaining a permit from the Water Division and securely attaching such permit to the fire hydrant at a conspicuous place near the point of connection.

(c) Each permit shall specify the fire hydrant or hydrants authorized to be used and no person shall attach such permit to any other hydrant, nor shall any person remove, obliterate, deface, or obscure any permit.

(d) No person other than a duly authorized employee of the city shall attach to the operating stem or cap of a fire hydrant any wrench or tool that is not approved by the Water Division for use on fire hydrants.

(e) Any permit, wrench, connecting apparatus, valve, hose, or other apparatus attached to a fire hydrant in violation of this section shall be subject to removal and confiscation by the city.

(f) The applicable water rate, determined as specified in Section 6-504, shall be doubled for water used in violation of this section, subject to the minimum charge designated in the Master Fee Resolution. No permit or additional permit shall be issued to any person who is in violation of this section until all such charges have been paid.
(Added Ord. 70-13, 1970; Am. Ord. 80-115, § 156, eff. 8-8-80).

SEC. 6-535. DEPOSIT AND INSTALLATION CHARGES FOR TEMPORARY SERVICE.

(a) Deposits for the use of equipment and charges for the installation thereof shall be designated in the Master Fee Resolution.

(b) The deposits required by this section shall be refunded to the customer upon the return of all equipment, provided that deductions shall be made for water service charges due, and for the cost of repair or replacement of damaged equipment. Failure to return all equipment no later than five days after termination of use or the expiration of the water permit may result in a forfeiture of all deposits.

(c) Contractors using water in connection with city construction contracts shall not be required to make any deposit for the use of equipment.
(Added Ord. 70-13, 1970; Am. Ord. 80-115, § 157, eff. 8-8-80).

SEC. 6-536. ASSURING ADEQUATE CAPACITY IN DESIGNATED AREAS OF UNCERTAIN WATER CAPACITY.

(a) Notwithstanding any other provision of this Code, this section shall apply to development in any area of the city designated by the Council (by ordinance, resolution, official plan or policy) for which the Council has determined adequate water capacity is uncertain, due to ground water contamination, pollution, condition of drought, or emergency within the meaning of Public Resources Code Section 21060.3 resulting in a condition which is dangerous to the health or safety or both of the residents of the area.

(b) The Council may require all development not yet constructed in any area of the city, as provided in Subdivision (a) where water capacity is uncertain, including approved tentative subdivision and tentative parcel maps and all other development subject to a special permit for which building permits have not yet been issued, to be subjected to the water findings procedure of the Woodward Park Community Plan, adopted by the Council on December 5, 1989, for determining if an adequate supply of water is available. In such situations the Council may impose conditions of approval deemed necessary by the Public Works Director or the Fire Chief which will ensure that an adequate supply of water is available at the time of occupancy of the development. These conditions of approval may include but are not limited to construction of facilities to enhance the supply or delivery of water to the development.

(c) All development for which building permits have not yet been issued in any area of the city, as provided in Subdivision (a) where water capacity is uncertain, shall be subject to all fees established by the Council for water system enhancements, including but not limited to the water capacity fee in accordance with the provisions of Section 6-507 and the Master Fee Resolution.

(Added Ord. 90-2, § 9, eff. 1-8-90; Am. Ord. 2017-19, § 8, eff. 6-18-17).

ARTICLE 6 HEAT TRANSFER SYSTEMS UTILIZING WATER

Sec. 6-601. Definitions.
Sec. 6-602. Permit Required.
Sec. 6-603. Water Conservation Device Required.
Sec. 6-604. Conformance to Other Code Provisions.
Sec. 6-605. Discontinuance of Water Service for Violations.

SEC. 6-601. DEFINITIONS.

The following words and phrases as used in this article, unless a different meaning is clearly required by the context, shall have the following meanings:

(1) "System" shall mean any equipment, apparatus, contrivance, or device, or any combination thereof, whereby water is used wholly or in part to add heat to or remove heat from a gas, a liquid, a product, or a machine, and shall include air conditioning and refrigeration systems.

(2) "Drainage well" shall have the meaning designated by Section 6-401 of this Code.

(3) "Evaporative cooler" shall mean any device whereby air is directly cooled by the evaporation of water.

(4) "Premises" shall mean a tract of real estate, including adjoining lots or parcels under the same ownership or control and the improvements thereon, which is determined by the Controller to be a single unit for purposes of receiving, using, and paying for service.

(5) "Water conservation device" shall mean an evaporative condenser, water cooling tower, or similar apparatus by which any fluid or gas, used in any system for heat transfer, is cooled by recirculated water, and which does not consume water in an amount in excess of 0.15 gallons per minute per ton of capacity, and as to an evaporative cooler, it shall mean a water recirculating device.

(6) "Ton of capacity" shall mean cooling capacity for the computation of which the following relationships shall be deemed correct: one ton per hour which equals one horsepower which equals 12,000 B. T. U.'s per hour.

(7) "Water Division" shall mean the Water Division of the Department of Public Works of the city.

(8) "City water" shall mean water furnished by the Water Division.

(9) "Director" shall mean the Director of Public Works of the city. (Added Ord. 4890, 1956; Rep. and Added Ord. 6436, 1964; Am. Ord. 70-3, 1970).

SEC. 6-602. PERMIT REQUIRED.

No person shall install or replace any system which requires a supply of city water without having first obtained a permit from the Department of Planning and Inspection of the city. (Added Ord. 4890, 1964; Rep. and Added Ord. 6436, 1964).

SEC. 6-603. WATER CONSERVATION DEVICE REQUIRED.

(a) No person shall install or replace any system including portable systems on any premises, unless such system is equipped with a water conservation device, and such device is properly maintained at all times, except as follows:

(1) In a multi-story building, unconserved water-cooled refrigeration units used only for the commercial preservation of food may be installed, replaced or maintained provided that such unit has a capacity of less than one ton and that all such units on any one premises do not exceed a cumulative total capacity of two tons and do not consume more than 1.5 gallons of water per minute per ton of capacity per unit.

(2) Evaporative coolers may be installed, replaced, or maintained provided that no evaporative cooler or coolers on any premises shall have a cumulative total capacity of more than eighteen hundred cubic feet of air per minute.

(3) A system may be installed, replaced or maintained provided it is not connected to city water, and a source of water supply is developed on the same premises for the exclusive use of such system, and a drainage well, drilled pursuant to and in conformance with Article 4 (commencing with Section 6-401), Chapter 6, of this Code, is used as the sole means of disposing of water discharged from such system.

(b) When a system is installed or maintained on any premises contrary to the provisions of this article, no city water service shall be granted to serve said premises, whether located in or out of the city limits.

(c) No person shall sell or deliver any evaporative cooler designed to deliver more than eighteen hundred cubic feet of air per minute which he knows or has reason to know is intended to use city water unless such cooler is, when sold and delivered, equipped with a water conservation device. (Added Ord. 4890, 1956; Am. Ord. 5309, 1958; Rep. and Added Ord. 6436, 1964).

SEC. 6-604. CONFORMANCE TO OTHER CODE PROVISIONS.

Any system using city water shall conform to all other applicable sections of this Code. (Added Ord. 4890, 1956; Rep. and Added Ord. 6436, 1964; based on former Sec. 14-205).

SEC. 6-605. DISCONTINUANCE OF WATER SERVICE FOR VIOLATIONS.

(a) Whenever the Director shall find that because of illegal or improper installation, alteration, improper operations, or lack of maintenance, any system connected to city water will, when operated, cause use of city water in excess of 0.15 gallons per minute per ton of capacity for systems with conservation devices, or 1.5 gallons per minute per ton of capacity for systems described in subsection (a) (1) of Section 6-603, or will cause waste water therefrom to be discharged in violation of any provision of this Code, the Director shall give notice in writing to correct the deficiency. The notice shall identify the system and specify the correction or corrections required, and shall contain a statement that if the deficiency is not corrected or the system disconnected from city water within fifteen days from the date of service of such

notice, the Director will order that city water service to the premises on which such system is located be discontinued forthwith. The notice shall be directed to and served upon the person in whose name water service to the premises is then being furnished, as shown by the accounting records of the city, or, if such service is in the names of more than one person, to either or any of such persons. A copy of such notice shall also be served upon each person having possession as tenant or otherwise, of all or any part of the premises and who receives city water service by the same service connection which supplies the system described in the notice.

(b) If, upon the expiration of fifteen days from the date of service of the notice, the system has not been corrected as specified in the notice or disconnected from city water, the Director shall order the city water service to the premises on which such system is maintained to be discontinued; provided, that the Director may for good cause extend the time for making any required correction for not to exceed an additional thirty days.

(c) No premises which have been disconnected from city water service by order of the Director pursuant to subsection (b) hereof shall be reconnected until the system has been corrected as specified in the notice or disconnected from city water, and until all reconnection charges required by this chapter have been paid. (Added Ord. 4890, 1956; Rep. and Added Ord. 6436, 1964; Based on former Sec. 14-208).

ARTICLE 7 URBAN STORM WATER QUALITY MANAGEMENT AND DISCHARGE CONTROL

Sec. 6-701. Title.
Sec. 6-702. Purpose and Intent.
Sec. 6-703. Definitions.
Sec. 6-704. Applicability.
Sec. 6-705. Administration.
Sec. 6-706. Severability.
Sec. 6-707. Regulatory Consistency.
Sec. 6-708. Ultimate Responsibility of Discharger.
Sec. 6-709. Prohibition of Illicit Discharges.
Sec. 6-710. Prohibition of Illicit Connections.
Sec. 6-711. Waste Disposal Prohibitions.
Sec. 6-712. Discharges in Violation of Municipal NPDES Storm Water Discharge Permit.
Sec. 6-713. Discharges in Violation of Industrial NPDES Storm Water Discharge Permit.
Sec. 6-714. Requirement to Prevent, Control, and Reduce Storm Water Pollutants.
Sec. 6-715. Requirement to Eliminate Illicit Discharges.
Sec. 6-716. Requirement to Eliminate or Secure Approval for Illicit Connections.
Sec. 6-717. Requirement to Remediate.
Sec. 6-7l8. Requirement to Monitor and Analyze.
Sec. 6-719. Notification of Spills.
Sec. 6-720. Authority to Inspect.
Sec. 6-721. Authority to Sample, Establish Sampling Devices, and Test.
Sec. 6-722. Notice of Violation.

SEC. 6-701. TITLE.

This article shall be known as the "Urban Storm Water Quality Management and Discharge Control Ordinance of the City of Fresno and may be so cited. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-702. PURPOSE AND INTENT.

The purpose and intent of this article is to ensure the health, safety, and general welfare of citizens, and protect the water quality of watercourses and water bodies in a manner pursuant to and consistent with the Federal Clean Water Act (33 U.S.C. §§ 1251 *et sequentes*) by reducing pollutants in urban storm water discharges to the maximum extent practicable and by effectively prohibiting non-storm water discharges to the storm drain system. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-703. DEFINITIONS.

The terms used in this article shall have the following meanings:

(a) "Agricultural Lands" is defined as a parcel of land under a single ownership and of five or more acres used primarily for agricultural pursuits consisting of raising tree, vine, field, forage, or other plant life, crops of all kinds, or the maintenance, breeding, and raising of animals.

(b) "Authorized Enforcement Agent" is the City Manager of the City of Fresno and any individual designated in writing by the City Manager as an Authorized Enforcement Agent.

(c) "Best Management Practices" means activities, practices, and procedures to prevent or reduce the discharge of pollutants directly or indirectly to the municipal storm drain system and waters of the United States. Best Management Practices include but are not limited to: Treatment facilities to remove pollutants from storm water; operating and maintenance procedures; facility management practices to control runoff, spillage or leaks of non-storm water, waste disposal, and drainage from materials storage; and the prohibition of specific activities, practices, and procedures.

(d) "Clean Water Act" is the Federal Water Pollution Control Act enacted by Public Law 92-500 as amended by Public Laws 95-217, 95-576, 96-483, and 97-117 (33 U.S.C. § 1251 et seq.), and any regulations adopted pursuant thereto.

(e) "District" means the Fresno Metropolitan Flood Control District.

(f) "Hazardous Materials" is defined as any material, including any substance, waste, or combination thereof, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause, or significantly contribute to, a substantial present or potential hazard to human health, safety, property, or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.

(g) "Illicit Connections" are defined as either of the following:

(1) Any drain, conveyance, or condition of property whether on the surface or subsurface, which allows an illicit discharge to enter the storm drain system, including but not limited to any conveyances which allow sewage, process wastewater and wash water to enter the storm drain system and any connections to the storm drain system from indoor drains and sinks, regardless of whether said drain or connection had been previously allowed, permitted, or approved by a government agency; or

(2) Any drain or conveyance connected from a commercial or industrial land use to the storm drain system which has not been documented in plans, maps, or equivalent records and approved by the District.

(h) "Illicit Discharge" is defined as any direct or indirect non-storm water discharge to the storm drain system, except as exempted in Section 6-709 of this article.

(i) "Industrial National Pollutant Discharge Elimination System (NPDES) Storm Water Discharge Permits" are general, group, and individual storm water discharge permits which regulate facilities defined in federal NPDES regulations as engaging in industrial activity pursuant to the Clean Water Act. The California Regional Water Quality Control Board, Central Valley Region (hereinafter, Regional Board) and the State Water Resources Control Board have adopted general storm water discharge permits, including but not limited to the General Construction Activity and General Industrial Activity permits.

(j) "Municipal NPDES Storm Water Discharge Permit" is the area-wide NPDES storm water discharge permit issued pursuant to the Clean Water Act by the Regional Board to the

District, City of Fresno, City of Clovis, County of Fresno, Caltrans, and California State University Fresno to regulate discharges from the municipal separate storm drain system to waters of the U.S. (Order No. 94-244, NPDES Permit No. CA0083500, and any amendments, revisions, or reissuance thereof.)

(k) "Non-Storm Water Discharge" is any discharge to the storm drain system that is not composed entirely of storm water.

(l) "Permit Area" is the area subject to the terms and conditions of the municipal NPDES storm water discharge permit; said area being the planned urban local drainage areas specified within the District's adopted Storm Drainage and Flood Control Master Plan, as it may be amended from time to time.

(m) "Person" shall be taken to mean, for purposes of this article, any person, firm, association, club, organization, corporation, partnership, business trust, company, government agency, or other entity which is recognized by law as the subject of rights or duties.

(n) "Pollutant" is defined as anything which causes or contributes to pollution. Pollutants may include, but are not limited to: Paints, varnishes, and solvents; oil and other automotive fluids; non-hazardous solid wastes and yard wastes; pesticides, herbicides, and fertilizers; hazardous substances and wastes; sewage, fecal coliform and pathogens; dissolved and particulate metals; animal wastes; wastes and residues that result from constructing a building or structure (including but not limited to sediments, slurries, and concrete rinsates); and noxious or offensive matter of any kind.

(o) "Pollution" is defined as the human-made or human-induced alteration of the quality of waters by waste to a degree which unreasonably affects, or has the potential to unreasonably affect, either the waters for beneficial uses or the facilities which serve these beneficial uses.

(p) "Porter-Cologne Act" means the California Porter-Cologne Water Quality Control Act, and as it may be amended from time to time (California Water Code §§ 13000 *et sequentes*).

(q) "Premises" shall be taken to mean any building, lot, parcel of land, or portion of land whether improved or unimproved, including adjacent sidewalks and parking strips.

(r) "Storm Drain System" shall mean publicly-owned facilities operated by the District or City of Fresno and privately-owned facilities, by which storm water is collected and/or conveyed, including but not limited to any roads with drainage systems, municipal streets, gutters, curbs, inlets, piped storm drains, pumping facilities, retention and detention basins, natural and man-made or altered drainage channels, reservoirs, and other drainage structures which are within the Permit Area and are not part of a publicly owned treatment works as defined at 40 CFR Section 122.2.

(s) "Storm Water" is any surface flow, runoff, and drainage associated with rain storm events and snow melt.

(t) "Water of the United States (U.S.)" means surface watercourses and water bodies as defined at 40 CFR § 122.2. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-704. APPLICABILITY.

This article shall apply to all storm water generated on any developed and undeveloped urban lands lying within the City of Fresno and within the Permit Area including any amendments or revisions thereto. This article shall not apply to storm water generated on agricultural lands. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-705. ADMINISTRATION.

The City Manager shall administer, implement, and enforce the provisions of this article. Any powers granted or duties imposed upon the City Manager may be delegated in writing by the City Manager to persons or entities acting in the beneficial interest of or in the employ of the City of Fresno. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-706. SEVERABILITY.

The provisions of this article are hereby declared to be severable. If any provision, clause, sentence, or paragraph of this article or the application thereof to any person, establishment, or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this article. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-707. REGULATORY CONSISTENCY.

This article shall be construed to assure consistency with the requirements of the Federal Clean Water Act and California Porter-Cologne Act and acts amendatory thereof or supplementary thereto, applicable implementing regulations, and NPDES permit No. CA0083500 and any amendments, revisions, or reissuance thereof. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-708. ULTIMATE RESPONSIBILITY OF DISCHARGER.

The standards set forth herein and promulgated pursuant to this article are minimum standards; therefore, this article does not intend nor imply that compliance by any person will ensure that there will be no contamination, pollution, or unauthorized discharge of pollutants into waters of the U.S. caused by said person. This article shall not create liability on the part of the City of Fresno, or any agent or employee thereof, for any damages, claims, or liabilities that result from any discharger's reliance on this article or any administrative decision lawfully made hereunder. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-709. PROHIBITION OF ILLICIT DISCHARGES.

The commencement, conduct or continuance of any illicit discharge to the storm drain system is prohibited except as described below.

(a) Discharges from the following activities will not be considered a source of pollutants to the storm drain system and to waters of the U.S. when properly managed to ensure that potential pollutants are not present, and therefore they shall not be considered illicit discharges subject to this prohibition, unless specifically determined to cause a violation of the provisions of the Porter-Cologne Act, Clean Water Act, or this ordinance; water line

flushing; uncontaminated pumped ground water and other discharges from potable water sources; landscape irrigation and lawn watering; irrigation water, storm water runoff, and return flows from agricultural lands; diverted stream flows; rising ground water; uncontaminated ground water infiltration to the storm drain system; foundation and footing drainage; water from crawl space pumps; air conditioning condensate; springs; individual residential and occasional non-commercial car washing; flows from riparian habitats and wetlands; de-chlorinated swimming pool discharge; municipal and construction-related street was waters; and waters from fire fighting.

(b) The prohibition shall not apply to any non-storm water discharge permitted or approved under an NPDES permit, waiver, or waste discharge order issued to the dischrrger and administered by the State of California under the authority of the federal Environmental Protection Agency, provided that the discharger is in full compliance with all requirements of the permit, waiver, or order and other applicable laws and regulations and provided that written approval has been granted by the District for any discharge to the storm drain system.

(c) With written concurrence of the Regional Board, the District may exempt in writing other non-storm water discharges which are not a source of pollutants to the storm drain system or waters of the U.S. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-710. PROHIBITION OF ILLICIT CONNECTIONS.

(a) The construction, use, maintenance or continued existence, beyond the commencement of this ordinance, of illicit connections to the storm drain system are prohibited.

(b) This prohibition expressly includes, without limitation, illicit connections made in the past, regardless of whether the connection was permissible under law or practices applicable or prevailing at the time of connection. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-711. WASTE DISPOSAL PROHIBITIONS.

No person shall throw, deposit, leave, maintain, keep, or permit to be thrown, deposited, left, or maintained, in or upon any public or private property, driveway, parking area, street, alley, sidewalk, component of the storm drain system, or water of the U.S., any refuse, rubbish, garbage, litter, or other discarded or abandoned objects, articles, and accumulations, so that the same may cause or contribute to pollution. Wastes deposited in streets immediately prior to and for the purposes of collection are exempted from this prohibition.

SEC. 6-712. DISCHARGES IN VIOLATION OF MUNICIPAL NPDU STORM WATER DISCHARGE PERMIT.

Any discharge that could result in or contribute to a violation of the municipal NPDES storm water discharge permit or any amendment or revision thereto or reissuance thereof, is a violation of this article and is prohibited. Person(s) causing or responsible for the discharge

are liable therefor, and shall defend, indemnify, and hold harmless the City of Fresno in any administrative or judicial enforcement action relating to such discharge. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-713. DISCHARGES IN VIOLATION OF INDUSTRIAL NPDES STORM WATER DISCHARGE PERMIT.

Any person subject to any industrial NPDES storm water discharge permit shall comply with all provisions of such permit. Proof of compliance with said permit may be required in a form acceptable to the City Manager prior to or as a condition of a subdivision map, site plan, building permit, or development or improvement plan; upon inspection of the facility; during any enforcement proceeding or action; or for any other reasonable cause. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-714. REQUIREMENT TO PREVENT, CONTROL, AND REDUCE STORM WATER POLLUTANTS.

(a) Authorization to Adopt and Impose Best Management Practices. The City of Fresno may adopt requirements identifying appropriate Best Management Practices for any activity, operation, or facility which may cause or contribute to pollution or contamination of storm water, the storm drain system, or waters of the U.S. Where Best Management Practices requirements are promulgated by the City of Fresno or any federal, State of California, regional agency, for any activity, operation, or facility which would otherwise cause the discharge of pollutants to the storm drain system or water of the U.S., every person undertaking such activity or operation, or owning or operating such facility shall comply with such requirements.

(b) New Development and Redevelopment. The District may adopt requirements identifying appropriate Best Management Practices to control the volume, rate, and to reduce or eliminate the potential pollutant load of storm water runoff from new development and redevelopment projects as may be appropriate to minimize the generation, transport and discharge of pollutants. The City of Fresno may incorporate such requirements in any land use entitlement and construction or building-related permit to be issued relative to such development or redevelopment.

(c) Responsibility to Implement Best Management Practices. Notwithstanding the presence or absence of requirements promulgated pursuant to subsections a. and b., any person engaged in activities or operations, or owning facilities or property, which will or may result in pollutants entering storm water, the storm drain system, or waters of the U.S. shall implement Best Management Practices to the extent they are technologically and economically achievable to prevent and reduce such pollutants. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-715. REQUIREMENT TO ELIMINATE ILLICIT DISCHARGES.

The Authorized Enforcement Agent may require by written notice that a person responsible for an illicit discharge immediately, or by a specified date, discontinue the discharge and, if necessary, take measures to eliminate the source of the discharge to prevent the occurrence of future illicit discharges. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-716. REQUIREMENT TO ELIMINATE OR SECURE APPROVAL FOR ILLICIT CONNECTIONS.

(a) The Authorized Enforcement Agent may require by written notice that a person responsible for an illicit connection to the storm drain system comply with the requirements of this article to eliminate or secure approval for the connection by a specified date, regardless of whether or not the connection or discharges to it had been established or approved prior to the effective date of this article.

(b) If, subsequent to eliminating a connection found to be in violation of this article, the responsible person can demonstrate that an illicit discharge will no longer occur, said person may request City of Fresno approval to reconnect. The reconnection or reinstallation of the connection shall be at the City of Fresno's discretion and shall be at the responsible person's expense. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-717. REQUIREMENT TO REMEDIATE.

Whenever an Authorized Enforcement Agent finds that a discharge of pollutants is taking place or has occurred which may result in or has resulted in pollution of storm water, the storm drain system, or water of the U.S., the agent may require by written notice to the responsible person that the pollution cease, be remediated, and the affected property restored within a specified time. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-718. REQUIREMENT TO MONITOR AND ANALYZE.

The Authorized Reinforcement Agent may require by written notice of requirement that any person engaged in any activity and/or owning or operating any facility which may cause or contribute to storm water pollution, illicit discharges, and/or non-storm water discharges to the storm drain system or waters of the U.S., to undertake at said person's expense such monitoring and analyses and furnish such reports to the District as the agent deems necessary to determine compliance with this article. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-719. NOTIFICATION OF SPILLS.

Notwithstanding other requirements of law, as soon as any person responsible for a facility or operation, or responsible for emergency response for a facility or operation has information of any known or suspected release of hazardous materials which are resulting or may result in illicit discharges or pollutants discharging into storm water, the storm drain system, or water of the U.S., said person shall take all necessary steps to ensure the discovery, containment, and cleanup of such release. In the event of such a release of a hazardous material, said person shall immediately notify emergency response officials of the occurrence via emergency dispatch services (911). In the event of a release of non-hazardous materials, said person shall notify the District in person or by phone or facsimile no later than 5:00 p.m. of the next business day. Notifications in person or by phone shall be confirmed by written notice from said person, addressed and mailed to the District within three business days of the phone notice. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-720. AUTHORITY TO INSPECT.

Whenever necessary to make an inspection to enforce any provision of this article, or whenever the Authorized Enforcement Agent has cause to believe that there exists, or potentially exists, in or upon any premises any condition which constitutes a violation of this article, the agent may enter such premises at all reasonable times to inspect the same and to inspect and copy records related to storm water compliance. In the event the owner or occupant refuses entry after a request to enter and inspect has been made, the agent is hereby empowered to seek assistance from any other governmental agency and/or any court of competent jurisdiction in obtaining such entry. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-721. AUTHORITY TO SAMPLE, ESTABLISH SAMPLING DEVICES, AND TEST.

During any inspection as provided herein, the Authorized Enforcement Agent may take any samples deemed necessary to aid in the pursuit of the inquiry or to record site activities. Subject to the access provisions of Section 6-720, the agent may establish on any property such devices as are necessary to conduct sampling or metering and may perform smoke or dye tests to determine the source of a discharge or pipe. (Added Ord. 97-16, § 1, eff. 5-9-97).

SEC. 6-722. NOTICE OF VIOLATION.

(a) The Authorized Enforcement Agent may enforce the provisions of this article in the same manner as any other City of Fresno ordinance is enforced.

(b) As a precursor to any other enforcement action the Authorized Enforcement Agent may order compliance with this article by written notice of violation to any person in non-compliance with this article. Such notice may require without limitation:

(1) The performance of monitoring, analysis, and reporting;

(2) The elimination of illicit connections or discharge;

(3) That violating discharges, practices, or operations shall cease and desist;

(4) The abatement or remediation of storm water pollution or contamination hazards and the restoration of any affected property; and

(5) The implementation of source control or treatment pursuant to Best Management Practices. (Added Ord. 97-16, § 1, eff. 5-9-97).

ARTICLE 8 CROSS-CONNECTION CONTROL

Sec. 6-801. Authority
Sec. 6-802. Definition
Sec. 6-803. General Provisions
Sec. 6-804. Requirements

SEC. 6-801. AUTHORITY.

This ordinance is adopted pursuant to the State of California Administrative Code, Title 17 Public Health entitled "Regulations Relating to Cross-Connections." (Add. Ord. 2002-3, § 11, eff. 2-11-02).

SEC. 6-802. DEFINITIONS.

Unless a particular provision or context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning, and application of words and phrases used in this article, and, except to the extent that a particular word or phrase is otherwise specifically defined in this section, the definitions and provisions contained in Article 4 of Chapter 1 of this Code shall also govern the construction, meaning, and application of words and phrases used in this article. The definition of each word or phrase shall constitute, to the extent applicable, the definition of each word or phrase which is derivative from it, or from which it is a derivative, as the case may be.

(a) "Approved" means accepted by the Water Systems Manager.

(b) "Auxiliary Water Supply" means any water supply on or available to the premises other than the city water supply.

(c) "Backflow" means the reversal of the normal flow of water caused by either backpressure or backsiphonage.

(d) "Backflow Prevention Tester Certified" means a person who has proved his/her competency to the satisfaction of the Water Systems Manager related to repair and testing of backflow assemblies.

(e) "Backpressure" means the flow of water or other liquids, mixtures or substances under pressure into the city water supply.

(f) "Backsiphonage" means the flow of water or other liquids mixtures or substances into the city water supply caused by the reduction of pressure in the city water supply system.

(g) "Backflow Prevention Assembly" means an approved assembly or means designed to prevent backflow.

(1) "Air gap" means a physical separation between the free flowing discharge end of a water supply pipeline and an open or non-pressure receiving vessel. The gap shall be at least double the diameter of the supply pipe measured vertically above the overflow rim of the vessel, but in no case less shall be less than one inch.

(2) "Reduced Pressure Principle Assembly" means an assembly of two independently acting approved check valves together with a hydraulically operating, mechanically independent differential pressure relief valve located between the check valves and at the same time below the first check valve. The unit shall include properly located resilient seating test cocks and tightly closing resilient seating shut-off valves at each end of the assembly. To be approved, this assembly must be readily accessible for in-line testing and maintenance and be installed in a location where no part of the assembly will be submerged.

(3) "Double Check Valve Assembly" means an assembly of two independently operating approved check valves with tightly closing resilient seating shut-off valves on each end of the check valves, plus properly located resilient seating, test cocks for the testing of each check valve. To be approved, this assembly must be readily accessible for in-line testing and maintenance and be installed in a location where no part of the assembly will be submerged.

(4) "Pressure Vacuum Breaker Assembly" means an assembly containing an independently operating loaded check valve and an independently operating loaded air inlet valve located on the discharge side of the check valve. The assembly is to be equipped with properly located resilient seating test cocks and tightly closing resilient seating shut-off valve located at each end of the assembly. To be approved, these assemblies must be readily accessible for in-line testing and maintenance. The assembly must be installed a minimum of twelve (12) inches above the highest water outlet, i.e. sprinkler head or tank fill. To be approved, this assembly must be readily accessible for in-line testing and maintenance and be installed in a location where no part of the assembly will be submerged.

(h) "Consumer" means a property owner or the operator of a water system which is supplied water from the city water system.

(i) "Contamination" means a degradation of the quality of water which creates an actual hazard to the public health through poisoning or through the spread of disease.

(j) "Cross-Connection" means any unprotected actual or potential connection or structural arrangement between a water system and any other source or system through which it is possible to introduce into any part of the city water system contamination or pollution.

(k) "Cross-Connection Controlled" means a connection between the city water system and a used water system with an approved backflow prevention assembly properly installed and maintained so that it will continuously afford the protection commensurate with the degree of hazard.

(l) "Cross-Connection Control by Containment" means the installation of an approved backflow prevention assembly at the point of water service connection to any consumer's premises.

(m) "Degree of Hazard" means the degree of potential risk to public health and the adverse effect of the hazard upon the city water supply.

(1) "Health Hazard" means any condition, device or practice which could create, or in the judgement of the Water Systems Manager, may create a danger to the health and well-being of the water consumer.

(2) "Pollutional Hazard" means an actual or potential threat to the physical properties of the city water system.

(n) "Manual of Cross Connection Control Policies" means a written guideline that includes policies, procedures, drawings and technical data. This information will be updated on a regular basis as practices and conditions warrant by the Water Systems Manager, in concurrence with the Director of Public Utilities.

(o) "Pollution" means the presence of any foreign substance (organic, inorganic, or biological) in water, which tends to degrade its quality so as to constitute a hazard or impair the usefulness or quality of the water to a degree, which does not create an actual hazard to the public health, but, which does adversely and unreasonably affect such waters for domestic use.

(p) "Service Connection" shall mean that part of the city system including all necessary piping and equipment from the water main to and including the curb stop or water meter. The city system shall terminate at the curb stop or outlet of the meter.

(q) "Used Water" means any water supplied by the City of Fresno from the city water system that is no longer under the control of the City of Fresno Water Division.

(r) "Water System Manager" means the Water System Manager in charge of the Water Division of the City of Fresno. (Add. Ord. 2002-3, § 11, eff. 2-11-02).

SEC. 6-803. GENERAL PROVISIONS.

This section sets forth uniform requirements for the protection of the City of Fresno Water System.

(a) **Purpose.**

(1) To protect the City of Fresno Water System from the possibility of contamination or pollution which could backflow into the public water systems.

(2) To eliminate or control existing cross-connections, actual or potential, between the consumer's water system and the water supply of the City of Fresno.

(3) To provide for the maintenance of a continuing program of Cross-Connection Control which will systematically and effectively prevent the contamination or pollution of all City of Fresno Public Water Systems.

(b) **Responsibility.** The Water Systems Manager shall be responsible for the protection of the public water system from contamination or pollution due to the backflow of contaminants or pollutants through any water service connection. If, in the judgment of the Water Systems

Manager, an approved backflow prevention assembly is required at a water service connection for the protection of the water system, the Water Systems Manager, or his/her representative shall give notice in writing to the consumer, and the notice shall direct the consumer to install an approved backflow prevention assembly of the same at specific locations on his/her premises. Locations shall comply with the specifications as designated by the Department of Public Utilities Standard. Specification Drawings. A Health Hazard shall be corrected by the installation of an approved backflow prevention assembly within three (3) days of receipt of written notification from the Water Systems Manager, or his/her representative. A Pollution Hazard shall be corrected by the installation of an approved backflow prevention assembly within thirty (30) calendar days of receipt of a written notification from the Water Systems Manager or his/her representative. The consumer shall install such approved assembly at his/her expense. Failure, refusal or inability on the part of the customer to install the assembly, shall constitute grounds for discontinuing water service to the premises until such requirements have been met. (Add. Ord. 2002-3, § 11, eff. 2-11-02).

SEC. 6-804. REQUIREMENTS.

(a) **Water System.** The water system shall be considered as made up of two entities: The City of Fresno System and the Consumer System.

(1) The City Water System shall consist of source facilities and the distribution system; and shall include all those facilities of the water system under the complete control of the City of Fresno, up to the point where the consumer's system begins.

(2) The Consumer's System shall include those parts of the facilities beyond the termination of the City Water System which are utilized to convey City of Fresno water to points of use.

(b) **Policy.**

(1) No water service connection to any premises shall be installed or maintained by the City of Fresno Water Division unless the water supply is protected as required in this Ordinance. Service of water to any premises shall be discontinued by the City of Fresno if a backflow prevention assembly required by this Ordinance is not installed, tested and maintained, or if it is found that a backflow prevention assembly has been removed, by passed, or if any cross connection exists on the premises. Service will not be restored until such conditions or defects are corrected. Unsafe conditions or defects requiring immediate discontinuance of service include, but are not limited to direct or indirect connection between the city water system and a system or equipment containing toxic chemicals or sewage.

(2) The Consumer's System shall be open for inspection at all reasonable times to authorized representatives of the Water Division to determine whether cross-connections or other structural or sanitary hazards, including violations of these regulations exist. The Water Systems Manager shall deny or immediately discontinue service to the premises by providing for a physical break in the service line until the

consumer has corrected the condition in conformance with the regulations adopted pursuant thereto. Unsafe conditions or defects shall be corrected in the time specified in Section 6-803(b).

(3) An approved backflow prevention assembly shall be installed on each service line to a Consumer's System wherever the following conditions exists:

(i) In the case of premises having an auxiliary water supply.

(ii) In the case of premises containing any actual or potential hazard to the city water systems.

(iii) In the case of premises having intricate plumbing and piping arrangements or where entry to all portions of the premises is not readily accessible for inspection purposes.

(4) Where multiple public water services supply a property and one of the water services requires the installation of an approved backflow prevention assembly, all services supplying the property must have an approved backflow prevention assembly installed to protect the public supply from potential cross-connections of on-site plumbing.

(5) Type of protective assembly required:

(i) In the case of any premises where the public water system is used to supplement a reclaimed water supply, the city water system shall be protected by an approved air gap.

(ii) In the case of any premises where there are wastewater pumping and/or treatment plants and there is no interconnection with the potable water system, an approved reduced pressure principle backflow prevention assembly may be provided in lieu of an air gap if approved by the city. This does not include a single-family residence that has a sewage lift pump.

(iii) In the case of any premises where reclaimed water is used and there is no interconnection with the potable water system, an approved reduced pressure principle backflow prevention assembly may be provided in lieu of an air gap if approved by the city.

(iv) In the case of any premises where hazardous substances are handled in a manner in which the substances may enter a potable water system, an approved reduced pressure principle backflow prevention assembly may be provided in lieu of an air gap if approved by the city. This does not include a single-family residence that has a sewage lift pump.

(v) In the case of any premises where there are irrigation systems into which fertilizers, herbicides, or pesticides are, or can be, injected shall be protected by an approved reduced pressure principle backflow prevention assembly.

(vi) In the case of any premises where there is an unapproved auxiliary water supply which is interconnected with the public system, an approved reduced pressure principle backflow prevention assembly or an approved double check valve assembly may be provided in lieu of an air gap if approved by the city.

(vii) In the case of any premises where there is an unapproved auxiliary water supply and there are no interconnections with the public water system, an approve double check valve backflow prevention assembly may be approved in lieu of a approved reduced pressure principle backflow prevention assembly if approved by the city.

(viii) In the case of any premises where the fire system is directly supplied from the public water system and there is an unapproved auxiliary water supply on or to the premises (not interconnected). The city system shall be protected by a double check backflow prevention assembly.

(ix) In the case of any premises where the fire system is supplied from the public water system and interconnected with an unapproved auxiliary water supply, an approved reduced pressure principle backflow prevention assembly may be provided in lieu of an air gap if approved by the city.

(x) In the case of any premises where the fire system is supplied from the public water system and where either elevated storage tanks or fire pumps which take suction from the private reservoirs or tanks are used, an approved reduced pressure principle backflow prevention assembly may be provided in lieu of an air gap if approved by the city.

(xi) Temporary water use from fire hydrants requires the installation of a reduced pressure principle backflow assembly or air gap on any portable water transportation equipment.

(xii) Premises where the fire system is supplied from the public water system and where recycled water is used in a separate system within the same building, an approved double check valve backflow prevention assembly may be provided.

(xiii) In the case of any premises where pier hydrants are used for supplying water to vessels for any purpose, the city system shall be protected by an approved reduced pressure principle backflow prevention assembly.

(xiv) In the case of any premises where there are marine facilities, the city system shall be protected by an approved reduced pressure principle backflow prevention assembly.

(xv) In the case of any premises where entry is restricted such that inspections for cross-connections cannot be made with short notice to assure that cross connections do not exist, the city system shall be protected by an approved reduced pressure principle assembly.

(xvi) In the case of any premises where there is a repeated history of cross-connections being established or re-established, the city system shall be protected by an approved reduced pressure principle backflow prevention assembly.

(xvii) In the case of any premises where two or more services supplying water from different street mains to the same building, structure, or premises through which an interstreet main flow may occur, shall have at least a standard check valve on each water service to be located adjacent to and on the property side of the respective meters. Such check valve shall not be considered adequate if backflow protection is deemed necessary to protect the city's mains from pollution or contamination; in such cases the installation of approved backflow prevention assemblies at such service connections shall be required.

(xviii) In the case of any premises where there is water or a substance that would be objectionable but not hazardous to health, if introduced into the city water system, the city water system shall be protected by an approved double check valve backflow prevention assembly.

(xix) In the case of any premises where toxic or objectionable chemicals are or may be transmitted, stored or used in a manner which may endanger the water system, an approved air gap separation or an approved reduced pressure principle backflow prevention assembly shall be installed.

(xx) In the case of any premises where there are "controlled" or "uncontrolled" cross-connections, either actual or potential, the city water system shall be protected by an approved air gap separation or an approved reduced pressure principle backflow prevention assembly at the service connection.

(xxi) In the case of any premises where, it is impossible or impractical to make a complete in-plant cross-connection survey, the city water system shall be protected against backflow from the premises by either an approved air gap separation or an approved reduced pressure principle backflow prevention assembly on each service to the premises.

(6) Any backflow prevention assembly required herein shall be of a model and size approved by the Water Systems Manager or his designee. The Water Division shall maintain and provide a list of Approved Backflow Prevention Assemblies acceptable for installation on city water services.

(7) Internal protection in lieu of service protection. The city reserves the right to require backflow protection at the consumer's connection or within the consumer's premises or both.

(8) Location of backflow prevention assemblies.

(i) Air gap separation. An air gap separation shall be located as close as practical to the consumer's connection and all piping between the consumer's connection and the receiving tank shall be entirely visible unless otherwise approved in writing by the city.

(ii) Double check valve assembly. A double check valve assembly shall be located as close as practical to the consumer's connection and shall be installed above grade, if possible, and in a manner where it is readily accessible for testing and maintenance.

(iii) Reduced pressure principle backflow prevention assembly. A reduced pressure principle backflow prevention assembly shall be located as close as practical to the consumer's connection and shall be installed a minimum of twelve inches (12") above grade and not more than thirty inches (30") above grade measured for the bottom of the device and with minimum of twelve inches (12") side clearance.

(9) Backflow prevention assemblies shall be tested immediately after they are installed, relocated or repaired and not placed in service unless they are functioning as required. In those instances where the Water Systems Manager deems the hazard to be great enough, he/she may require certified inspections at more frequent intervals. It shall be the duty of the Water Systems Manager to require that these tests are completed in a timely manner. The Water Systems Manager or his/her representative shall notify the consumer in advance when the tests are to be undertaken or required. The Water Systems Manager shall require backflow prevention assemblies be tested and maintained either by Water Division personnel or by certified backflow assembly testing companies as follows:

(i) Unless otherwise directed by the Water Systems Manager. it shall be the responsibility of the consumer at any premises where backflow prevention assemblies are installed to have certified inspections and operational tests at least once annually or more frequently as may be required by the Water Systems Manager. Backflow prevention assemblies shall be tested and repaired or replaced by Water Division personnel certified as competent to perform tests and maintenance by the Water Systems Manager. The consumer shall be responsible for any costs of testing, repairs or replacement of the backflow prevention assembly. Fees for tests and repairs or replacement shall be paid by the consumer as designated in the Master Fee Schedule. Records of such tests, repairs and replacement shall be submitted and retained in the office of the Water Systems Manager.

(ii) If directed by the Water Systems Manager, it shall be the responsibility of the consumer at any premises where backflow prevention assemblies are installed to obtain certified inspections and operational tests at least once annually or as may be required by the Water Systems Manager, Certified inspection and operation tests must be conducted using a portable differential pressure test gauge tested for accuracy at least once annually. Testing must be performed by a backflow prevention assembly tester, certified by either the American Backflow Prevention Association or the American Water Works Association, operating under a valid business license from the City of Fresno. The Water Systems Manager may make available a non-exhaustive list of certified backflow prevention assembly testing companies to the consumer. The consumer shall be responsible for any costs of

testing, repairs or replacement of the backflow prevention assembly. The consumer shall be responsible for submitting all test records and results to the office of the Water Systems Manager. Fees for maintenance of records of the testing history of the backflow assemblies shall be as designated in the Master Fee Schedule.

(10) All presently installed backflow prevention assemblies not meeting the requirements of this section but were approved devices for the purposes described herein at the time of installation and that have been properly maintained, shall be excluded from these requirements of these rules so long as the Water Systems Manager is assured that they will satisfactorily protect the city water system. Whenever the existing device is moved from the present location, requires more than minimum maintenance or when replacement parts are no longer available, or when the Water Systems Manager finds that the maintenance constitutes a hazard to health, the unit shall be replaced with an approved backflow prevention assembly at the customer's expense.

(Add. Ord. 2002-3, § 11, eff. 2-11-02; Am. Ord. 2012-11, § 1, 7-30-12)

ARTICLE 9 RECYCLED WATER ORDINANCE

SEC. 6-901. TITLE.

This section shall be known as the "Recycled Water Ordinance" of the City of Fresno and may be so cited.
(Added Ord. 2014-32, § 1, eff. 8-29-14).

SEC. 6-902. PURPOSE AND INTENT.

The purpose and intent is to provide recycled water to all service areas in the City identified in the Recycled Water Master Plan (RW Master Plan) and subsequent additions, revisions or updates of the RW Master Plan. It is the intent of the City that existing owners of property and future development, identified in the RW Master Plan as being potential users within areas designated for recycled water use, qualify for a recycled water use agreement from the City in accordance with this Recycled Water Ordinance.

It is also the intent of the City that such recycled water be used in a manner and for types of uses that are in compliance with any and all applicable Federal, State and local statues, ordinances, regulations and other requirements.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 1, eff. 7-22-21).

SEC. 6-903. DEFINITIONS.

(a) "Approved use" means the uses defined by State law as being approved for use of tertiary treated recycled water.

(b) "Cross-connection" means any unapproved and/or unprotected connection between a potable water system and a non-potable system. No cross connections are allowed between recycled water and potable water systems.

(c) "Customer", "Consumer", or "User" means a person or entity having a connection to the recycled water system or potable water system owned and operated by the City.

(d) "Dual plumbed system" means a system that utilizes separate piping systems for recycled water and potable water within a facility and where the recycled water is used for either of the following:

a. To serve plumbing outlets (excluding fire suppression systems) within a building, or

b. Outdoor landscaping irrigation at individual residences.

(e) "On-site recycled water system" means facilities under the control of the owner, normally downstream of the recycled water meter.

(f) "Potable water" means water which conforms to the Federal, State and local standards for human consumption.

(g) "Recycled water" means non-potable tertiary treated water which, as a result of treatment of wastewater, is suitable for a direct beneficial use or a controlled use that would not otherwise occur and is therefore considered a valuable resource.

(h) "Recycled water distribution system" means recycled water pipelines, transmission mains, pump stations, storage reservoirs, and appurtenances acquired or constructed and owned by the City, and used for the conveyance of recycled water between the wastewater treatment plant and the recycled water service connections.

(i) "Recycled water project area" means those geographical areas identified in the Fresno RW Master Plan and designated by the City to which the City will provide recycled water service where it is expected to be available. Customers within the Recycled Water Project Area are eligible for recycled water service for approved uses when it becomes available.

(j) "Recycled water service connection" means the point of connection (POC) of the user/customer's recycled water line with the recycled water service line of the City, which shall normally be the downstream end of the recycled water meter tailpiece.

(k) "Rules and regulations" means the Rules and Regulations for Recycled Water Use and Distribution within the City of Fresno, as may be amended from time to time.

(l) "Use area" means an area of recycled water use with defined boundaries. A use area may contain one or more facilities.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 2, eff. 7-22-21).

SEC. 6-904. ADMINISTRATION.

The Director of the Department of Public Utilities (Director) shall administer, implement, and enforce the provisions of this section. Any powers granted to or duties imposed upon the Director may be delegated by the Director to persons in the employ of the City.

The Director will develop and enforce rules and regulations necessary to the administration of this section. The Director may amend such rules and regulations from time to time as conditions require. These rules and regulations shall be consistent with the general policy established herein by the City.
(Added Ord. 2014-32, § 1, eff. 8-29-14).

SEC. 6-905. USER AGREEMENT.

Recycled water shall not be delivered, used, or discharged upon any property or use area, including those owned and controlled by the City, unless a user agreement has been executed.

The City will issue to each recycled water customer a user agreement for each site or combination of sites, which grants permission to use recycled water and requires the customer to use recycled water in accordance with the rules, regulations and standards of the City's Recycled Water Rules and Regulations and all applicable State and local rules and regulations, including Titles 17 and 22 of the California Code of Regulations (CCR) and General Order WQ 2016-0068-DDW Recycled Water Use, as may be amended from time to time.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 3, eff. 7-22-21).

SEC. 6-906. RECYCLED WATER SITE SUPERVISOR.

Users shall designate a Recycled Water Site Supervisor in accordance with the rules, regulations, and standards set forth in the City's Recycled Water Rules and Regulations and all applicable State and local rules and regulations, as may be amended from time to time. The Recycled Water Site Supervisor shall be responsible for the On-Site Recycled Water System at each use area under their control.
(Added Ord. 2021-026, § 4, eff. 7-22-21).

Editor's note—Ord. 2021-026, §§ 4 and 5, effective July 22, 2021, amended the Code by adding a new § 6-906, and renumbering former § 6-906 as a new § 6-907.

SEC. 6-907. APPLICATION PROCESS FOR USER AGREEMENT.

Applicants wishing to use recycled water shall file applications for recycled water use with the Department of Public Utilities. The application shall contain such information as required by the Department of Public Utilities. The application shall be reviewed for conformance with the requirements in this section, the RW Master Plan and all other applicable statutes. Upon determination that a property can be served with recycled water, and approval of the application, the owner of the property may become a user by entering into a user agreement that complies with the regulations and such other requirements deemed necessary by the Department of Public Utilities.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 5, eff. 7-22-21).

Note—Former § 6-906. See editor's note, § 6-906.

SEC. 6-908. RECYCLED WATER PRICE.

The price applicable to recycled water service shall be set forth in the user agreement.
(Added Ord. 2021-026, § 6, eff. 7-22-21).

Editor's note—Ord. 2021-026, §§ 6 and 7, effective July 22, 2021, amended the Code by adding new §§ 6-908 and 6-909; §§ 8—17 of said ordinance renumbered former §§ 6-907—6-916 as new §§ 6-910—6-919.

SEC. 6-909. RECYCLED WATER USER INCENTIVES.

The Director of Public Utilities may develop and authorize incentives to encourage the use of recycled water.
(Added Ord. 2021-026, § 7, eff. 7-22-21).

Note—See editor's note, § 6-908.

SEC. 6-910. RECYCLED WATER SERVICE ELIGIBILITY.

All areas served by potable water service within the Recycled Water Project Area are eligible for recycled water service connections for approved uses when recycled water becomes available. Except for those properties identified in Section 6-911, construction of recycled water infrastructure for connection to the recycled water system is voluntary.

However, the Director, or designee, may determine that currently, connection to the recycled water system and/or provisioning of recycled water is not economically or operationally feasible because of distance from an available recycled water source or other such condition as the Director, or designee, deems appropriate. This determination can change as the system is expanded or revised in the future and will be considered at that time.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 8, eff. 7-22-21).

Note—Former § 6-907. See editor's note, § 6-908.

SEC. 6-911. REQUIREMENT TO PLAN FOR THE USE OF RECYCLED WATER.

Upon application by a developer, owner or water customer for a development project involving a new or expanded water connection, for which a discretionary approval is required, including but not limited to a tentative map, tentative parcel map, conditional use permit, development permit, planned development permit, or variance, the Director shall review the RW Master Plan and make a preliminary determination whether the proposed use of the subject property would be best served by facilities designed to accommodate the use of recycled water either currently or in the future, due to its location within an existing or proposed Recycled Water Project Area. Based upon such determination, construction of the facilities necessary to provide recycled water service may be required as a condition of approval of any such application, in addition to any other conditions of approval or service.

a. **Requirement for Commercial, Industrial, Institutional and Governmental Development Projects in Recycled Water Project Area.** Commercial, industrial, and institutional or governmental development projects involving a new or expanded water connection, for which a discretionary approval is required, including but not limited to, a tentative map, tentative parcel map, conditional use permit, develop-

ment permit, planned development permit, or variance located within the existing or proposed Recycled Water Project Area, may be conditioned to be dual plumbed to provide for the potential internal use of recycled water and to provide for the potential use of recycled water for landscape irrigation. The point of connection to the recycled water distribution system shall be coordinated between the customer and the City. The Director will determine requirements for recycled water plumbing. These requirements will become conditions of approval.

b. **Requirement for Residential Uses in the Recycled Water Project Area.**

Apartments and Condominiums: Apartment and Condominium projects involving a new or expanded water connection, for which a discretionary approval is required, including but not limited to, a tentative map, tentative parcel map, conditional use permit, development permit, planned development permit, or variance and are located within the existing or proposed Recycled Water Project Area, may be required to be dual plumbed to provide for the potential internal use of recycled water or to provide for the potential use of recycled water for landscape irrigation in common areas. The point of connection to the recycled water distribution system shall be coordinated between the customer and the City. The Director will determine requirements for recycled water plumbing. These requirements will become conditions of approval.

New Single Family Residential Developments: Single family residential home projects involving new residential developments for which a discretionary approval is required, including but not limited to, subdivisions of land for which a tentative map or tentative parcel map is required and are located within the existing or proposed Recycled Water Project Area, may be required to provide for the potential use of recycled water for landscape irrigation in common areas served by Community Facilities Districts or Lighting and Landscape Maintenance Districts. The point of connection to the recycled water distribution system shall be coordinated between the customer and the City. These requirements will become conditions of approval.

(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 9, eff. 7-22-21).

Note—Former § 6-908. See editor's note, § 6-908.

SEC. 6-912. VOLUNTARY USE OUTSIDE OF THE RECYCLED WATER PROJECT AREA.

Existing commercial or industrial areas and new commercial, industrial, or residential development common areas located outside of the Recycled Water Project Area may be eligible for voluntary use of recycled water in accordance with the City and State rules and regulations upon Director approval. Based upon such determination, an agreement for such use may be required as a condition of approval of any such application, in addition to any other conditions of approval or service.

(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 10, eff. 7-22-21).

Note—Former § 6-909. See editor's note, § 6-908.

SEC. 6-913. EXISTING POTABLE WATER SERVICE: VOLUNTARY RETROFITS.

Existing potable water customers in the Recycled Water Project Area may be provided with the opportunity by the City to retrofit their system to accept recycled water.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 11, eff. 7-22-21).

Note—Former § 6-910. See editor's note, § 6-908.

SEC. 6-914. CONSTRUCTION AND DUST CONTROL ACTIVITIES.

Any person applying for a construction permit for a project that includes dust control activities is required to use recycled water for those activities within the Recycled Water Project Area, if feasible based on the project's proximity to a recycled water fill station.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 12, eff. 7-22-21).

Note—Former § 6-911. See editor's note, § 6-908.

SEC. 6-915. RECYCLED WATER RULES AND REGULATIONS.

The City will at all times have Recycled Water Rules and Regulations which will be prepared, maintained and updated by the Director, or designee. The purpose of the Recycled Water Rules and Regulations is to detail the requirements of the City's recycled water system, namely: this section; the California Code of Regulations Titles 17 and 22; and other State and local rules and regulations related to the use of recycled water as they may be adopted or changed from time to time.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 13, eff. 7-22-21).

Note—Former § 6-912. See editor's note, § 6-908.

SEC. 6-916. SANCTIONS.

Any owner and or operator who violates this Recycled Water Ordinance may, for each day of violation, or portion thereof, be subject to penalties in accordance with Chapter 1, Article 3 of the City Municipal Code.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 14, eff. 7-22-21).

Note—Former § 6-913. See editor's note, § 6-908.

SEC. 6-917. ENFORCEMENT.

Any person, firm, corporation, association, or agency found to be violating any provisions of this section or the terms and conditions of the user agreement, permit or any applicable Federal, State, County, or City statute, regulation, resolution, ordinance or other requirement may be subject to termination of the recycled water service without notice.
(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 15, eff. 7-22-21).

Note—Former § 6-914. See editor's note, § 6-908.

SEC. 6-918. CONFLICTING PROVISIONS.

In the event of any conflict, between the provisions of the most current version of the Uniform Plumbing Code, and the provisions of this Section, the provisions of this Section shall apply.

(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 16, eff. 7-22-21).

Note—Former § 6-915. See editor's note, § 6-908.

SEC. 6-919. SEVERABILITY.

If any section, subsection, provision or part of this Recycled Water Ordinance, or its application to any person or circumstance, is held to be unconstitutional or otherwise invalid, the remainder of this Recycled Water Ordinance, and the application of such provision to other person or circumstances, shall not be affected thereby and shall remain in full force and effect and, to that end, the provisions of this Recycled Water Ordinance are severable.

(Added Ord. 2014-32, § 1, eff. 8-29-14; Am. Ord. 2021-026, § 17, eff. 7-22-21).

Note—Former § 6-916. See editor's note, § 6-908.
