1. When property is divided solely because of acquisition of lands by governmental agencies for public projects, purposes or improvements, only the parcel or parcels so acquired need be provided with the improvements or be the basis for payments required by Subsection B.

2. The improvements and payments required by this shall not be required on or in front of any undeveloped portion of a net acreage of 10 acres or more which exists after the division of land.

3. The improvements and payments required by Subsection B are not required in whole or in part or in front of any parcel of more than four or less than 10 net acres which exists after the division of land, whenever the City Engineer in his or her discretion determines that the omission of all or part of the improvements will not be materially detrimental to the public welfare, safety, or convenience, will not adversely affect the rights of adjacent property owners or occupants, or be injurious to property or improvements in the area, and that the installation thereof would be premature in relation to the public needs of the present and immediate future.

R. **Deferment of Improvements.** The City Engineer may permit postponement of any or all of the improvements required by Subsection B when plans have been formulated for a federally assisted neighborhood improvement program which will accomplish or financially aid accomplishment of the installation of the improvements, and the owner enters into a recordable written agreement in a form approved by the Director waiving the parcel owner's right to protest the formation of an assessment district to construct the improvements and waiving their rights for time payment for the cost to construct improvements should the program not proceed within three years and the City Engineer causes the improvements to be installed at the owner's expense as provided for in Chapter 27 of Part 3 of Division 7 of the Streets and Highways Code.

S. **Improvement Plans and Profiles.** The plans and profiles of all improvements to be installed by the subdivider in, over, or under any street or right-of-way, easement, or parcel of land where improvements are required or proposed, shall be approved by the City Engineer. If all plans and profiles are not filed at the time of filing the Final Map, the Improvement Security shall include a guarantee that the remaining plans and profiles will be prepared in accordance with the requirements of the City Engineer.

T. **Agreement.** An agreement to make the improvements required under this section shall be in such form and executed in such manner as may be required by the Director, as approved by the City Attorney, and shall be secured by a bond, cash

deposit, or other security as may be approved by the Director and City Attorney. The agreement may provide for improvements to be installed in phases and reasonable time limits may be placed upon any and all construction.

U. **Deferral of Sidewalks to Occupancy.** At the request of the Subdivider, the Director may determine that it is appropriate to allow the deferral of sidewalk construction, including driveway approaches and street trees, along the frontage of certain single-unit residential lots until after the acceptance of the subdivision by the City. The Director may only accept the subdivision and defer sidewalk construction, including driveway approaches and street trees, to occupancy of the homes provided that all of the following conditions have been satisfied:

1. The construction of the sidewalk along said single-unit residential lots is made a condition upon the building permit for the particular home, with completion of the sidewalk, including the driveway approach and street trees, required prior to occupancy.
2. All other conditions of approval have been satisfied by the subdivider and all other public improvements have been completed.
3. All sidewalks along residential side yards, or any side of the lot that does not have a planned driveway approach, have been constructed.
4. All sidewalks along the perimeter major streets have been constructed.
5. All sidewalks along the entry streets to the subdivision have been constructed, from the major street to the first local residential street intersection within the subdivision.
6. Either (a) All sidewalks have been constructed on the side of the street containing street lighting or underground street light conduit; or (b) all underground street light conduits have been protected by an alternative method to the satisfaction of the Director.
7. All sidewalks have been constructed along the complete frontage of any temporary ponding basins and any outlots being dedicated to the City, including but not limited to park sites and well sites.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2024-003, § 1, eff. 4-1-24; Am. Ord. 2025-024, § 70, eff. 7-27-25).

Sec. 15-3805. INSPECTION OF IMPROVEMENTS.

All improvements shall be inspected by the City per adopted policies, procedures, ordinances, or under other circumstances as determined by the City Engineer.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-3806. IMPROVEMENT AGREEMENTS AND SECURITY.

If all required improvements, engineering, and inspections are not satisfactorily completed before a Parcel or Final Map is approved, the subdivider shall, before the approval of the

Parcel or Final Map, enter into an agreement with the City whereby in consideration of the acceptance by the Council of the streets, easements, and any other land offered for dedication, the subdivider agrees to furnish the equipment, labor, and material necessary to complete the work within the time specified in the agreement in compliance with Map Act (Section 66499.3).

A. **Required Security.** Improvement security must be furnished to guarantee that the improvement work or act specified in the agreement or contract identified will be completed and that all stakes and monuments will be set as may be required by the City.

B. **Performance Security.** The improvement security for faithful performance shall be:

   1. One hundred percent of the total estimated cost of the improvement or act to be performed; and

   2. Five percent of such amount shall be cash or a certificate of deposit conditioned upon the faithful performance of the act or agreement.

C. **Payment Security.** The improvement security for payment shall be in the amount of 50 percent (minimum) of the total estimated cost of the improvement or act to be performed securing payment to the contractor, the subcontractors, and to persons furnishing labor, materials, or equipment to them for the improvement or the performance of the required act.

D. **Warranty Security.** Upon performance of the act or final completion and acceptance of the required work, the following amount, in the form of cash or a certificate of deposit, shall be retained by or furnished to the City as security for guarantee and warranty of the work for a period of one year following the completion and acceptance thereof against any defective work or labor done, or defective materials furnished:

   1. Five percent of the first $50,000 of the total estimated cost of the improvement or act to be performed; plus,

2. Three percent of the next $50,000; plus,

3. One percent of the next $400,000; plus,

4. Half of one percent of the total estimated cost of the improvement or act to be performed exceeding $500,000.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3807. FORM OF SECURITY.

Security required pursuant to this article shall be in such form as may be required by the City Engineer, and approved by the City Attorney, and may include bond, or bonds by one or more duly authorized corporate sureties, certificate of deposit, or cash deposit.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3808. COMPLETION OF IMPROVEMENTS.

A. **Parcel Maps.**

1. Requirements for the construction of improvements shall be noticed by certificate on the Parcel Map, on the instrument evidencing the waiver of such Parcel Map, or by separate instrument and shall be recorded on, concurrently with, or prior to the Parcel Map or instrument of waiver of a Parcel Map being filed for record.

2. The construction of such improvements shall be required prior to subsequent issuance of a permit or other grant of approval by the City for the development of such parcel. Any agreement shall be subject to review and approval of the City Attorney.

3. The Director may require fulfillment of such construction requirements within a reasonable time following approval of the Parcel Map and prior to the issuance of a permit or other grant of approval for the development of a parcel upon a finding by the City Engineer that fulfillment of the construction requirements is necessary for reasons of public health and safety or as a prerequisite to the orderly development of the surrounding area.

B. **Final Maps.**

1. If the required improvement work is not completed to the satisfaction of the City Engineer before the Final Map is filed, the owner or owners of the subdivision shall concurrently with the approval of such map enter into an agreement with the City agreeing to have the work completed within the time specified in said agreement. Said agreement may provide for the improvements to be installed in units for extensions of time under specified conditions, or for the termination of the agreement upon a reversion of the subdivision or a part thereof to acreage. The subdivider, in lieu of the agreement to construct improvements may enter into a contract with the City by which they agree within such time as may be provided in the contract to initiate and to consummate proceedings under an appropriate special assessment act

for the formation of a special assessment district covering the subdivision or part thereof for the financing and construction of designated improvements upon the streets or easements dedicated by the map.

2. Any such agreement or contract shall by its terms provide for the acceptance of the work as it progresses and for partial withdrawal of any deposit in bonds or money upon certification of the City Engineer, in a manner similar to cash payments under cash contracts and under rules established by the City.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 39 COMMON INTEREST DEVELOPMENTS (CONDOMINIUMS AND CONVERSIONS)

Sec. 15-3901. Purpose.
Sec. 15-3902. Condominiums.
Sec. 15-3903. Standards for New Condominiums and Condominium Conversions.
Sec. 15-3904. Required Reports for Condominium Conversions.
Sec. 15-3905. Site Requirements for Residential Condominiums.
Sec. 15-3906. Building and Mechanical Conditions.
Sec. 15-3907. Condition of Equipment and Appliances.
Sec. 15-3908. Processing and Consideration of Applications.
Sec. 15-3909. Notice of Intent to Convert.
Sec. 15-3910. Tenant and Buyer Protection.
Sec. 15-3911. Scheduling of Hearing(s).
Sec. 15-3912. Recommendation and Decision.
Sec. 15-3913. Findings.
Sec. 15-3914. Expiration of Residential Condominium Conversion Permit.
Sec. 15-3915. Commercial and Industrial Condominium Conversions.

SEC. 15-3901. PURPOSE.

This purpose of this article is to establish the requirements for applications for the creation of a condominium or other common interest residential development, including a community apartment project, or planned development, as provided by the Map Act (Section 66424). This article applies to the construction of a new structure and the conversion of an existing structure to a condominium, consistent with the requirements of the Map Act. (Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3902. CONDOMINIUMS.

A. **Condominium Application.** When a structure is proposed at the time of construction as a condominium, community apartment project, or stock cooperative, a Tentative Map for the project shall be filed in the same form, have the same contents and accompanying data and reports and shall be processed, approved or disapproved in the same manner as a subdivision per Article 33, Tentative Parcel and Tentative Map Filing and Processing.

B. **Condominium Conversion Application.** A conversion shall require the approval of:

1. **Parcel Map.** A Parcel Map may be waived for a condominium conversion in compliance with the Map Act (Section 66428(b)), or for the conversion of a mobile home park in compliance with the Map Act (Section 66428.1). If a Parcel Map is waived, a Tentative Map shall be required.

2. **Application for Tentative Map.** An applicant shall submit a Tentative Map or Tentative Parcel Map for a residential condominium conversion project which shall include the items identified in Section 15-3904, Required Reports for Condominium Conversions.

3. **Conditional Use Permit.** A Conditional Use Permit shall be filed which shall constitute a Condominium Conversion Permit.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-66, § 58, eff. 1-18-19).

SEC. 15-3903. STANDARDS FOR NEW CONDOMINIUMS AND CONDOMINIUM CONVERSIONS.

A. **Warranty and Reserves.**

1. **Warranty for Improvements.** The subdivider shall provide to the condominiums' association and/or purchaser a one-year warranty on all physical improvements required under this article.

2. **Long Term Reserves.** Prior to approval of the Final Map, or Parcel Map if no Final Map is required, the subdivider shall provide evidence to the City that a long-term reserve fund for replacement has been established in the name of the condominiums' association. Such fund shall equal two times the estimated monthly condominium's assessment for each unit.

B. **Covenants, Conditions, and Restrictions.** Project covenants, codes, and restrictions (CC&Rs) in accordance with Article 40, Covenants, Conditions, and Restrictions, shall be developed, and shall be reviewed and approved by the City Attorney and Director prior to approval of the Final Map or Parcel Map.

C. **Budget for Maintenance.** The subdivider shall provide to the condominiums' association and/or purchaser a copy of the approved proposed budget for maintenance and operation of common facilities, plus reserves, including the estimated monthly costs to the owner of each unit, projected over a five-year period. Such budget shall be reviewed or prepared by a professional management firm or by a qualified individual familiar with costs of similar properties, and that firm or person shall provide a statement of recommendations on the budget, together with a statement of professional qualifications.

D. **Relocation Assistance Program.** For residential condominium conversions where the residential units are more than six months old, the applicant shall prepare a Relocation Assistance Program (RAP) detailing the relocation assistance which will be provided. The RAP shall be prepared in a manner which is responsive to tenant composition, sales policy to tenants, lengths of tenancies, and number of tenants willing to purchase a unit in the project. The program shall include, but not be limited to, the following items and additional items required in the Map Act:

1. A relocation fee equal to a minimum of two months' rent for each unit which is vacated due to the conversion, after receipt of the 180 day notice of conversion prior to termination of tenancy required by the Map Act (Section 66427.1);

2. Lifetime leases for elderly tenants (ages 62 years and older) and extended leases for student tenants, of the unit occupied by any such tenant, at the rate in existence at the time the Final Map is approved. The rental rate may be increased during the term of the lease only in the manner provided in detail by the subdivider in the

program and approved by the Council at the time the tentative subdivision map is approved, provided that in no event shall any such increase be greater than eight percent per year.

a. Extended leases for students shall be required for the period of time of enrollment in courses totaling at least two-thirds of the units/credits required to be considered a full time student, during the school year;

b. Extended leases for family with school-aged children until 14 days after the start of summer break.

3. A report describing the following:

a. The extent that tenants will be reimbursed for the expenses of moving;

b. The extent that tenants will be individually assisted in finding replacement housing;

c. The extent that assistance payments will be made to those tenants who are unable to find comparable replacement housing, and the conditions of such assistance payments;

d. The extent that long-term leases or extra time to locate housing will be allowed to tenants;

e. The number of lifetime leases secured by elderly tenants.

f. Any other plans of the subdivider to provide for assistance to low-income tenants, families with children in school, students, elderly tenants, tenants with disabilities, or long-term tenants; and

g. The extent that the provisions of the RAP will be applicable to tenants who begin their tenancies after and with knowledge of the filing by the applicant of the notice of intent to convert.

4. The developer/owner/applicant must file the required relocation assistance plan and a summary of all assistance provided demonstrating compliance with required relocation assistance plan prior to new Condo occupancy.

E. **Restriction of Rent Increases.** While an application for a condominium conversion is pending, the rental rate for existing residential units shall not be increased.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-66, § 59, eff. 1-18-19).

SEC. 15-3904. REQUIRED REPORTS FOR CONDOMINIUM CONVERSIONS.

A. **Pre-Application Inspection Report.** The following shall occur prior to an application being submitted for a conversion:

1. The subdivider shall apply to the Building Official for an inspection of the proposed residential condominium conversion project. The inspection shall cover the applicable building, safety, and housing requirements of Section 15-3904-B, Physical Elements.

2. The subdivider shall include with the building inspection application a complete set of building plans, including electrical wiring and plumbing diagrams, of the buildings of the project as they presently exist.

3. The Building Official shall perform a complete inspection and shall make a written report of their findings as to compliance or noncompliance with the requirements of Section 15-3903, Standards for New Condominiums and Condominium Conversions.

4. The final report prepared by the Building Official shall be submitted with the application.

B. **Physical Elements.** A report shall be provided, detailing the following:

1. The structural condition of all physical elements as they exist at the time of application.

2. Report of proposed improvements as they are to be made by the subdivider prior to the sale of any units in order to refurbish and restore the project and to achieve a high degree of appearance, safety, comfort, and utility. Such elements include, but are not limited to: foundations, interior and exterior walls, ceilings, floors, roofs, insulation, sound transmission characteristics, water heaters, furnaces, air conditioners, recreational facilities and equipment, and maintenance equipment. Regarding each such element, the report shall state the age and present condition, the cost of maintenance and replacement, and the proposed means of paying for the maintenance or replacement of the element.

C. **Project Plan.** A plan prepared by a licensed civil engineer or architect, containing the following information pertaining to the project as it exists at the time of application and as it is proposed:

1. Site and structure information, including all buildings, structures, and number and sizes of residential dwelling units;

2. Accessory facilities information showing the locations and describing the nature and extent of recreation facilities, laundry facilities, maintenance facilities, office areas, and storage areas;

3. Easement information showing the locations and dimensions of public utility, water, sewer, and drainage easements;

4. Parking and access information, showing access, the locations, dimensions, and total number of covered and/or uncovered parking spaces provided, and the dimensions and locations of all aisles, driveways, turning areas, and obstructions, which may include columns, poles, walls, and trees;

5. Open space and yards, including pools and recreational facilities;

6. Landscaping;

7. Refuse collection facilities;

8. On-site lighting; and

9. Fencing.

D. **Residential Tenant Information.** A report shall be submitted containing the name and address of each tenant and general information about the tenants of the proposed project including, but not limited to:

1. Total number of occupants;
2. Makeup of existing tenant households, including:
   a. Size of households;
   b. Lengths of residence;
   c. Ages of tenants;
   d. Number of tenants estimated to be receiving federal or State rent subsidies;
   e. Number of tenants with disabilities; and
   f. Number of elderly tenants, and number of student tenants.
3. Detailed history of the project, including vacancy rates, rents, and rent increases applicable to each unit during the 24 months preceding the application; and
4. Proof of compliance with the provisions of the Map Act relating to noticing of tenants and future tenants of intention to convert.

E. **Residential Sales Information.** The following information regarding unit sales shall be provided:

1. Proposed sales price of units;
2. Proposed owners' association fees;
3. Statement regarding policy of sales to families with minor children; and
4. Terms of sale and discounts, if any, to be offered to existing tenants.

F. **Project Documents.** The applicant shall submit the proposed declaration of covenants, conditions, and restrictions to be applied to the project. The declaration shall include, but not be limited to, the information required pursuant to Article 40, Covenants, Conditions, and Restrictions, and the following information:

1. An agreement providing for common area maintenance including recreational facilities, landscaping of the project and all public right-of-way abutting the project, and all structural, mechanical, and utility elements of the proposed project, together with an estimate of initial assessment fees anticipated for the initial and future maintenance and replacement of such facilities and elements.
2. A requirement that the owners' association maintain all private water, sewer, and storm drainage lines serving the project, and pay all charges for water, sewer, and waste collection service for the project.
3. A provision granting emergency access to the project site by, and right of entry to, the City.

4. A provision granting to the City the right to enforce the declaration.

5. The assignment of parking and storage spaces.

6. A grant of all easements and cross-easements for access, utilities, and maintenance necessitated by the conversion.

7. A requirement that the owners' association provide or require adequate fire insurance protection for the project, including each structure, each unit and its contents, and the common area and facilities.

8. A provision prohibiting the alteration of any party wall or fixture along any party wall, or the doing of anything which may impair its integrity as a fire wall.

9. A provision granting the City the right to veto any amendment to the declaration with respect to any of the requirements of this subsection.

10. Additional Information. Any other information deemed necessary by the Director that will assist in determining whether the proposed project will be consistent with the purposes of this article.

11. Unavailability of Information. When the applicant can demonstrate that information required by this section is not available, this requirement may be modified by the Director if they determine that such modification is consistent with the purposes of this article.

G. **Mobile Home Parks.** Reporting on the conversion of Mobile Home Parks shall comply with Section 66427.5 of the Map Act.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-66, §§ 60—62, eff. 1-18-19).

SEC. 15-3905. SITE REQUIREMENTS FOR RESIDENTIAL CONDOMINIUMS.

The following requirements shall be satisfied prior to the approval of the Final Map; provided, however, that the Final Map may be approved subject to an agreement between the subdivider and the City guaranteeing the performance of the requirements and conditions prior to the sale of the first unit. These standards shall be required in all circumstances. If the site does not meet the strict application of the following standards, they shall be made conditions of project approval.

The following subsections (A-L) shall apply to new condominiums and Condominium Conversions.

A. **Building Materials.** Exterior cladding materials shall be brought into compliance with the standards of the Base District.

B. **Parking.** Parking shall be provided in accordance Article 24, Parking and Loading.

1. **Exceptions.** Uncovered parking may count towards the satisfaction of the off-street parking requirements, however the overall number of stalls may not be decreased to less than prescribed in Article 24, Parking and Loading.

C. **Lighting.** An exterior lighting plan shall be submitted. All parking areas, drive aisles, walkways, and communal areas shall be properly lit per Section 15-2015, Outdoor Lighting and Illumination. If the site abuts an alley, alley lighting shall also be provided.

D. **Fences/Walls.**

1. Fences and walls shall comply with Section 15-2006, Fences, Walls, and Hedges.

2. Screen walls shall be required between all residential uses and the subject site.

E. **Open Space/Landscaping.** Common Open Space and Landscaping (including trees), including irrigation systems, shall comply with the base district and with Article 23, Landscape.

F. **Private Open Space.** In addition to the required common open space, a minimum of 75 percent of all dwelling units must have a minimum 50 square feet of private, exterior, usable open space directly accessible from the unit, with no dimension less than five feet. This private open space may be located in a required front, street side or rear yard, but shall be no closer than nine feet to the lot line. At grade private patios shall be provided with an irrigation system and/or a hose bib. Private open space areas shall provide a minimum of one exterior light.

G. **Laundry Facilities.** A laundry room shall be provided in each unit, or if common laundry areas are provided, such facilities shall consist of not less than one automatic washer and dryer for each five units or fraction thereof.

H. **Private Storage Space.** Each dwelling unit shall have at least 120 cubic feet of enclosed, weather-proofed, and lockable private storage. Such space shall be in addition to closet space (i.e., bathroom, linen/coat closet, bedroom closet) normally expected within each unit. The storage units shall be attached to the dwelling unit and shall be constructed of similar material of the unit. If the unit provides a garage, the garage shall satisfy this requirement.

I. **Pedestrian Access.** Pedestrian access shall be provided to Major Streets, trails, schools, on-site amenities, etc.

J. **Parking Lot Shading.** Parking Lot Shading shall comply with Article 24, Parking and Loading.

K. **Rooftop Equipment.** Rooftop equipment shall be incorporated into the design of the roof and/or screened by a parapet that is architecturally integral to the building.

L. **Refuse Collection Areas.** Refuse Collection Areas shall comply with Section 15-2016, Trash and Refuse Collection Areas. Refuse areas shall be strategically located to best serve the residents.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-3906. BUILDING AND MECHANICAL CONDITIONS.

The following shall be inspected and approved by the Building Official.

A. **Housing Regulations.** The project shall conform to the applicable standards of the City Housing Code.

B. **Electrical Requirements.**

1. All indoor and outdoor receptacles shall have three-wire grounding.
2. Ground-fault circuit interrupters shall be provided in areas as required by the Building Official.
3. All bedrooms shall have at least four receptacles.
4. The combined living and dining room area shall be provided with at least four receptacles.
5. A receptacle shall be provided for kitchen counter space of more than 30 linear inches.
6. Separate electrical meters and overcurrent devices shall be provided for each unit.
7. Any other electrical systems deemed necessary.

C. **Plumbing Requirements.** All cross-connections shall be corrected.

D. **Building Requirements.**

1. Access shall be provided for the entire attic area.
2. Draft stops shall be provided in the attic area.
3. All glass doors and panels subject to human impact shall comply with Federal Glazing Standards.
4. All applicable provisions of the Municipal Code relating to stairs, exits, and occupant loads, and to fire extinguishing systems.
5. Smoke/Carbon Monoxide alarms, of a type and in numbers and locations as per the Building Code as approved by the Building Official, shall be installed.
6. Each sleeping area shall be provided with a window of a size and in a location which will allow its use as an emergency exit.
7. Compliance with the applicable provisions of the California Fire Code, as adopted in Chapter 10, Article 5 of the Fresno Municipal Code, shall be required. The installation of fire sprinklers is required in accordance with NFPA 13R for multi-unit residential buildings. For buildings with existing fire sprinkler systems, all portions of the system shall be inspected, repaired as necessary, and certified as to full compliance with applicable standards by a licensed fire sprinkler contractor.
8. The applicable provisions of relevant State and local codes.

E. **Mechanical Requirements.** All combustion air for water heaters, furnaces, and clothes dryers shall be provided from outside the building.

F. **Energy Requirements.**

1. R-11 wall insulation and R-19 ceiling insulation shall be provided for each unit.
2. All exterior doors and windows shall be weather-stripped.
3. Heating and cooling air ducts shall be insulated according to the requirements of the Uniform Mechanical Code.
4. Heating and cooling air duct joints shall be sealed with pressure-sensitive tape.
5. Heat pumps with electric resistance back-up shall be controlled with a two-stage thermostat.

G. **Noise Requirements.** An interior noise level of no more than 45 dB CNEL attributable to exterior sources shall be allowable in any dwelling unit.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2025-024, § 71, eff. 7-27-25).

Sec. 15-3907. CONDITION OF EQUIPMENT AND APPLIANCES.

A. **Identification of Equipment.** Mechanical equipment shall be permanently identified as to the area or space served.

B. **Condition of Equipment.** The subdivider shall provide written certification to the buyer of each unit at the close of escrow that any dishwashers, garbage disposals, stoves, refrigerators, hot water tanks, furnaces, and air conditioners which are provided are in operable working condition as of the close of escrow, and shall state specifically the warranty provisions which are included. At such time as the owners' association takes over management of the project, the subdivider shall provide written certification to the association that any swimming pool and pool equipment and any appliances and mechanical equipment to be owned by the association are in operable working condition, and shall specifically include the warranty to be applied thereto.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-3908. PROCESSING AND CONSIDERATION OF APPLICATIONS.

A. **Pre-Application, Application Filing, and Completeness Review.** Refer to Section 15-3302, Form and Contents, 15-3304, Pre-Application Consultation, and 15-3305, Application Filing and Completeness Review.

B. **Referrals and Review.** Refer to Section 15-3307, Referrals and Review.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-3909. NOTICE OF INTENT TO CONVERT.

A. **Obligation to Provide Notice of Intent to Convert Residential Real Property.** The subdivider shall provide notice of intent to convert to all existing and/or prospective tenants and sublessees, at the subdivider's expense, in compliance with this section and Sections 66452.9 and 66452.51 of the Map Act.

B. **Approval of Notice.** The Director shall approve the notice of intent to convert before it is sent to the tenants.

C. **Contents of the Notice of Intent to Convert.** The notice of intent to convert shall be submitted with the application for a residential condominium conversion. The form of the notice shall be as approved by the Director and shall contain not less than the following:

1. Name and address of current owner;
2. Name and address of the proposed subdivider;
3. Approximate date on which the Tentative Map is proposed to be filed;
4. Approximate date on which the Final Map is expected to be filed;
5. Approximate date on which the unit is to be vacated by nonpurchasing tenants;
6. Tenant's right to oppose the proposed project by petition to, and appearance and testimony before the Commission and/or Council;
7. Tenant's right to purchase;
8. Tenant's right of written notification to vacate;
9. Tenant's right to terminate lease;
10. Statement regarding rent increase limitation;
11. The Relocation Assistance Program required by Section 15-3903-D;
12. The sales information required by Section 15-3904-E;
13. A copy of Section 15-3913, Findings;
14. A list of resources for tenant relocation support; and
15. A list of nearby and comparable vacant residential units.

D. **Verification.** The subdivider shall provide the Director with satisfactory proof that the notice was given in compliance with this section.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-66, § 63, eff. 1-18-19).

Sec. 15-3910. TENANT AND BUYER PROTECTION.

A. **Right to Purchase.** As provided by the Map Act (Section 66427.1(b)), tenants, at the time the application is filed, shall be given a nontransferable right of first refusal to purchase the unit occupied by the tenant at a price no greater than the price offered to the general public; provided, however, that the subdivider may reserve the right to repurchase the unit at the same price if the subdivider offers a discount or special terms of sale to tenants, and the tenant sells or offers for sale the unit within six months of the date of the close of escrow for such unit.

B. **Rent Increase Limitation.** A tenant's rent shall not be increased more than eight percent per year from the time of filing of the application for a Tentative Map until relocation takes place, the subdivision is denied, the approved Tentative Map expires, or the subdivision is reverted to acreage.

C. **Conditions of Map Approval.** The information required by this article shall be conditions of any approved Tentative Map and requirements of the Final Map. The RAP shall specify that the plan will become effective upon the occurrence of the approval Final Map by the City, or the receipt by any tenant of a notice that tenancy will be terminated for purposes of conversion, whichever is earlier. Failure to comply with such conditions or any notice requirement as set forth in this article shall be grounds for denial of the Final Map and for denial of occupancy permits for individual units. In addition to any other findings required by law, no Final Map shall be approved unless the Council makes the findings required by the Map Act (Section 66427.1) relating to tenant noticing. Tenant concerns regarding the subdivider's failure to comply with conditions of the map approval and requirements of this article shall be investigated by the Department of Housing and Community Development.

D. **Buyer Information.** Prior to the execution of any agreement for sale, the subdivider shall provide each purchaser with a copy of the information required by this article. Copies of the report shall be made available at all times at the project sales office.

E. **Cooling Off Period.** Any tenant or other prospective buyer who signs a binding agreement for purchase shall be released without penalty from that obligation if, within 96 hours, the buyer notifies the seller in writing of his or her desire to rescind the agreement.

F. **Pest Report.** Prior to the signing of any binding agreement for purchase, a structural pest report shall be made available to the prospective purchaser.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3911. SCHEDULING OF HEARING(S).

A. **Notice and Hearing(s).** Following the review and recommendation by the Director, who shall consult the SRC, the Commission and Council shall conduct public hearings. Notice and conduct of the hearings shall comply with Section 15-3309, Decision. The City shall mail written notice of all public hearings conducted for the project to residents within the proposed project area.

B. **Timing.** In compliance with the Map Act (Section 66452.1), a public hearing on a Tentative Map shall be scheduled, and action shall be taken, within 50 days after:

1. The Tentative Map application has been deemed complete; and
2. The 50 day time period shall commence after certification of the environmental impact report, adoption of a negative declaration, or an environmental assessment that the project is exempt from the requirements of Division 13 (commencing with Section 21000) of the Public Resources Code.

C. **Distribution of Staff Report.**

1. In compliance with the Map Act (Section 66452.3), the staff report shall be made available and served to the subdivider and tenants of subject property at least three days before any hearing or action on the Tentative Map by the Commission.

2. Wherever the Map Act requires that each tenant be notified of either an upcoming hearing and/or a copy of a report of the pending conversion, the applicant, at their own expense, shall be responsible for providing such notification. Proof shall be provided to the City.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3912. RECOMMENDATION AND DECISION.

A. **Commission.** The Commission shall:

1. Consider the recommendations of the Director, any agency comments, and any public comment, including written and verbal testimony;

2. Review and evaluate each conversion as to its compliance and consistency with applicable provisions of this Development Code, the Municipal Code, the General Plan, any operative plan, or development plan, and the Map Act. The Commission's evaluation shall be based on the staff report, information provided by an environmental assessment, and any public comment, including written and verbal testimony received;

3. Make a recommendation on the proposed conversion to the Council.

B. **Council.** The Council shall take action on all application(s) and shall approve, conditionally approve, or deny the application.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3913. FINDINGS.

A. **Grounds for Approval.** In addition to the findings required by this Subdivision Ordinance, the Council shall make all of the following findings:

1. The proposed conversion complies with State regulations.

2. The proposed conversion is consistent with the General Plan and any applicable operative plan;

3. The conversion is consistent with the purposes of this article;

4. The proposed conversion complies with the strict application of this article, including the Property Development Standards; and

5. Each tenant has received or will receive a notice of the pending conversion in accordance with this article and the Map Act (Sections 66427.1 and 66452.3).

B. **Grounds for Denial.** The Council may deny an application for a residential condominium conversion upon making one or more of the following findings:

1. The overall design and physical condition of the condominium conversion do not achieve a high degree of appearance, safety, comfort, and utility;

2. The cumulative effect of the proposed conversion will cause a significant percentage of low- and moderate-income rental units to be removed from the city's housing stock;

3. The RAP proposed by the subdivider, will not sufficiently reduce the detrimental impact of the conversion on the tenants.

4. Vacancies in the project have been caused by the subdivider for the purpose of preparing the project for conversion, from and after the 24-month period preceding the application for the conversion, by means of substantive rent increases or substantive increases in the number of evictions or tenancies terminated by the subdivider;

5. Approval of the proposed project would cause the displacement of any of the following in an area where sufficient available comparable replacement housing does not exist:

    a. Families having minor children;

    b. Elderly tenants;

    c. Tenants with disabilities;

    d. Low-income tenants; or

    e. Student tenants during the school year.

6. The subdivider has engaged in discriminatory rental practices against persons within the groups referred to in Subparagraph 5 of this subsection. Discriminatory rental practices include, but are not limited to, refusal to enter into a lease, termination of an existing lease, and eviction from a leasehold.

7. Based upon information contained in the application, the report, and recommendations of the Director; or presented at the hearing, approval of the residential condominium conversions would be inconsistent with the purposes of this article and with the general health and well-being of the residents of the city.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3914. EXPIRATION OF RESIDENTIAL CONDOMINIUM CONVERSION PERMIT.

A condominium conversion permit shall lapse and become void 36 months after the date on which the permit became effective, unless a certificate of occupancy is issued prior to the expiration date. A condominium conversion permit may be extended by the Council upon the written request of the permittee prior to the initial expiration date.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-3915. COMMERCIAL AND INDUSTRIAL CONDOMINIUM CONVERSIONS.

A. **Purpose.** The ownership of commercial and industrial condominiums is distinguished by a sharing of responsibility that is not common to most other types of development. As a result, the purpose of this section is to establish criteria for the conversion of existing buildings to commercial or industrial condominiums to prevent problems inherent in community ownership that might be detrimental to the health, safety, and welfare of residents of such projects and the community at large.

B. **Applicability.** The regulations set forth in this section shall apply to the conversion of existing buildings into commercial or industrial condominiums. If a commercial or industrial condominium conversion is proposed in combination with a residential condominium conversion, the requirements of this section and Section 15-3902, Residential Condominiums, shall be read together, with the relevant requirements applying to the portions of the project.

C. **Application.** In addition to other required permit application material, the applicant of a proposed commercial or industrial condominium conversion project shall submit:

1. **Physical Elements Report.** A report shall be provided, detailing the structural condition of all physical elements of the proposed project as they exist at the time of application and as they are to be made by the subdivider prior to the sale of any units in order to refurbish and restore the project and to achieve a high degree of appearance, safety, comfort, and utility. Such elements include, but are not limited to: foundations, interior and exterior walls, ceilings, floors, roofs, insulation, sound transmission characteristics, water heaters, furnaces, air conditioners, recreational facilities and equipment, and maintenance equipment. Regarding each such element, the report shall state the age and present condition, the approximate useful remaining life, the cost of maintenance and replacement, and the proposed means of paying for the maintenance or replacement of the element.

2. **Project Plan.** A complete plan certified as to accuracy by a licensed civil engineer or architect, containing the following information pertaining to the project as it exists and as it is proposed:

    a. Site and structure information, including all buildings, structures, yards, landscaping, open spaces, signs, and number and sizes of buildings;

    b. Accessory facilities information showing the locations and describing the nature and extent of recreation facilities, laundry facilities, maintenance facilities, office areas, storage areas, and trash storage areas;

    c. Easement information showing the locations and dimensions of public utility, water, sewer, and drainage easements; and

    d. Parking and access information, showing all points of regular access and emergency vehicle access, the locations, dimensions and total number of covered

and uncovered parking spaces provided for employees and guests, and the dimensions and locations of all aisles, driveways, turning areas, and obstructions, including, but not limited to, columns, poles, walls, and trees.

3. **Site Amenities.** A report outlining the condition and responsibility of the parking lot, landscaping, signs, communal areas, etc.

4. **Notice to Tenants.** Evidence of written notice provided to each tenant explaining that the owner intends to apply to the City for a condominium conversion. The notice to tenants must be sent at least six months before the application is submitted to the City, and further notice must be given to any tenant who occupies the building after the original notice was sent.

5. **Project Documents.** The applicant shall submit the proposed declaration of covenants, conditions, and restrictions to be applied to the project. The declaration shall include, but shall not be limited to, the following information:

   a. An agreement providing for common area maintenance including recreational facilities, landscaping of the project and all public right-of-way abutting the project, and all structural, mechanical, and utility elements of the proposed project, together with an estimate of initial assessment fees anticipated for the initial and future maintenance and replacement of such facilities and elements;

   b. A requirement that the owners' association maintain all private water, sewer, and storm drainage lines serving the project, and pay all charges for water, sewer, and waste collection service for the project;

   c. A provision granting emergency access to the project site by, and right of entry to, the City;

   d. A provision granting to the City the right to enforce the declaration;

   e. The assignment of parking and storage spaces;

   f. A grant of all easements and cross-easements for access, utilities, and maintenance necessitated by the conversion;

   g. A requirement that the owners' association provide or require adequate fire insurance protection for the project, including each structure, each unit and its contents, and the common area and facilities;

   h. A provision prohibiting the alteration of any party wall or fixture along any party wall, or the doing of anything which may impair its integrity as a fire wall; and

   i. A provision granting the City the right to veto any amendment to the declaration with respect to any of the requirements of this subsection.

6. **Unavailability of Information.** When the applicant can demonstrate that information required by this section is not available, this requirement may be modified by the Director if they determine that such modification is consistent with the purposes of this article.

7. **Additional Information.** Any other information shall be submitted by the applicant which, in the opinion of the Director, will assist in determining whether the proposed project will be consistent with the purposes of this article.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 40 COVENANTS, CONDITIONS, AND RESTRICTIONS

Sec. 15-4001. Purpose.
Sec. 15-4002. When Required.
Sec. 15-4003. Requirements.
Sec. 15-4004. Additional Requirements for Common Interest Developments.
Sec. 15-4005. Conditions of Approval.

SEC. 15-4001. PURPOSE.

This article outlines the requirements for Covenants, Conditions, and Restrictions (CC&Rs) that are required for various approvals of land divisions.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4002. WHEN REQUIRED.

Whenever a subdivision includes area under common ownership, the use and operation of which is administered by an owners' association, it shall be regulated by Covenants, Conditions, and Restrictions (CC&Rs).
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4003. REQUIREMENTS.

CC&Rs shall incorporate the following provisions:

A. Applicable State regulations;

B. The City shall be granted the right of immediate access to all portions of the common areas for the purpose of preserving the public health, safety, and welfare;

C. The association shall have the duty to maintain and repair all on-site sewer, water, and storm drainage facilities, unless the City or Flood Control District have determined that a particular facility should be public to provide necessary system completion or otherwise protect public health, safety, and welfare;

D. The association shall have the duty to pay all utility and waste collection charges which are not separately metered and billed, including, but not limited to, charges for sewer, water, gas, solid waste, sanitation, and electric service;

E. Should public utilities, including, but not limited to, sewer and water be located underneath private streets, or should the street be public while said utilities be private, language shall be provided indicating that the City shall not be responsible for private pavement repairs beyond the minimum amount this is directly related to the future utility main repair work.

F. No property owner shall alter, modify, reconstruct, or do any other thing to any party wall or to any plumbing, electrical, or mechanical fixture located along such wall which will impair the integrity of the wall as a fire separation without the review and approval of the Building Official;

G. Landscaping shall be provided and maintained by the association in those common areas adjacent to public streets and highways. The association shall provide and maintain the landscaping in such areas in a manner compatible with the requirements of the Development Code, and shall not decrease the amount of assessments charged against members of the association if such decrease will adversely affect the ability of the association to perform this maintenance; and

H. The association shall be responsible to provide street sweeping/cleaning within the common areas. The association shall be responsible for the cost(s).

I. Any amendment by the association to the above provisions or any other provision specifying any right of the City shall require the prior written consent of the City.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4004. ADDITIONAL REQUIREMENTS FOR COMMON INTEREST DEVELOPMENTS.

In addition to the above provisions, CC&Rs for Common Interest Developments (Condominiums) shall incorporate the following provisions:

A. **Enforcement.** The Association shall be responsible for enforcing and implementing its CC&Rs.

B. **Conveyance of Private Open Space.** The surface area and appurtenant air space of private open space areas, including, but not limited to, the patio, deck, balcony, solarium, or atrium and any integral portion of that space that may exceed the minimum area requirements, shall be described and conveyed in the grant deed as an integral part of the unit.

C. **Assignment and Use of Required Parking Spaces.** Required parking spaces shall be permanently and irrevocably specifically assigned to particular units within the project. To the maximum practicable extent, the spaces assigned to each unit shall be contiguous. In no case shall the private storage area of one unit overhang or take its access from the required parking space of another unit.

D. **Right of Public Entry to Common Area.** Officers, agents, and employees of the City, the County, the State, and the United States Government, and any department, bureau, or agency thereof, shall have the right of immediate access to all common areas at all times for the purpose of preserving the public health, safety, and welfare, except in those instances where a common area is accessible only through a private unit.

E. **Maintenance of Common Area.** Provision shall be made both for annual assessments of the owners for maintenance and special assessments for capital improvements. The amount of the regular annual assessment and the procedure for its change shall be specified. The manner in which special assessments may be levied for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of a capital improvement upon the common

area shall be specified. Both annual and special assessments may be collected on a monthly basis. The remedies which the condominiums' association may bring for the nonpayment of assessments shall be specified and may include penalties for late payment. Assignment of the maintenance responsibilities of all improvements and utility systems for each unit shall be specified.

F. **Utility Easements over Private Streets and Other Areas.** Required public utility easements shall be referenced as well as any required access routes necessary to assure that firefighting or emergency equipment can reach and operate efficiently in all areas.

G. **Access for Construction, Maintenance, or Repairs.** Each owner and the condominiums' association shall have an easement for entry upon any privately owned unit, where necessary, in connection with construction, maintenance, or repair for the benefit of the common area or the owners of the units in common.

H. **Right to Terminate Management and Maintenance Contracts.** Unless otherwise prohibited by law, or any local, State, or federal regulation, reference shall be made to the condominiums' association's right to terminate the contract of any person or organization engaged by the developer to perform management or maintenance duties three months after the condominiums' association assumes control of the project, or at that time renegotiate any such contracts.

I. **Fire Access.** The condominium association shall be responsible for enforcing fire lane parking restrictions, maintaining fire access gates, and for the maintenance and repair of fire hydrant, fire sprinkler, and other fire protection systems and devices. The condominium association shall notify the Fire Dept. within 72 hours of any change to responsible party contact information regarding property maintenance and parking enforcement.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4005. CONDITIONS OF APPROVAL.

CC&Rs shall reference by incorporation any Conditions of Approval approved by the Review Authority.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 41 SUBDIVISION DESIGN STANDARDS

Sec. 15-4101. Purpose.
Sec. 15-4102. Applicability.
Sec. 15-4103. Intensity and Location of Uses.
Sec. 15-4104. Blocks.
Sec. 15-4105. Lots.
Sec. 15-4106. Street Dedications.
Sec. 15-4107. Connectivity.
Sec. 15-4108. Street Design.
Sec. 15-4109. Incorporation of Site Constraints.
Sec. 15-4110. Gated Subdivisions.
Sec. 15-4111. Restricted Access Barriers.
Sec. 15-4112. Parks and Playgrounds.
Sec. 15-4113. Energy Conservation.
Sec. 15-4114. Underground Utilities.
Sec. 15-4115. Maintenance of Improvements.

Sec. 15-4101. PURPOSE.

This article establishes standards for the design and layout of subdivisions, and the design of subdivisions. The purpose of these standards is to ensure, through careful site evaluation and design, the creation of new usable parcels that are consistent with the General Plan, any applicable operative plan, and zone-specific standards.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4102. APPLICABILITY.

The following design and improvement standards apply to all subdivisions and shall be imposed on a subdivider as a condition of approval of a tentative map or parcel map. Exceptions to design standards may be approved if the City finds that an alternative design substantially conforms to the intent of the standards of this article, the General Plan, and/or applicable operative plans.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4103. INTENSITY AND LOCATION OF USES.

When a variety of housing types and lot sizes are proposed, more intense residential development such as small lot single-unit, townhomes, row-housing, and apartments, should generally be located along Connector streets and Major Streets, while less intense residential land uses, such as larger lot single-unit homes, should generally be located in the interior of the neighborhood.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2025-024, § 72, eff. 7-27-25).

Sec. 15-4104. BLOCKS.

A. **Length.** Residential blocks shall be no less than 200 feet in length and no more than 600 feet in length. A deviation from this requirement may be allowed if the alignment of existing streets on adjacent properties justify it, at the discretion of the Review Authority.

B. **Width.** Residential block widths shall be of such dimension as to allow an ultimate layout of two tiers of lots therein of a size required by the provisions of this article, unless:

1. The subdivision provides a trail and homes would front onto the said amenity or other communal space.

2. Topographic conditions justify a variation from this requirement; or

3. The proposed homes would back onto a non-residential district or a Major Street.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4105. LOTS.

A. **Lot Size and Dimensions.** Lots shall comply with the minimum size and dimension requirements of the base zoning district.

1. **Exceptions.** In any Residential subdivision of five or more lots, up to 25 percent of lots may be up to 20 percent smaller in area and/or width than the normally required minimum lot area and width of the applicable base zoning district, as long as the average lot area and width for the subdivision are no less than the required minimum for the district.

B. **Oversize Lots.**

1. When a subdivision is divided into lots of a size substantially larger than those allowed in any applicable zoning district, the lots shall be designed to provide for the extension of streets, and the later division of any parcel into lots of the probable legal minimum size. This requirement may be waived when plans submitted and approved by the Commission indicate restrictions on future sub-dividing such as topography or other natural and man-made features.

2. A covenant shall be recorded against oversized lots that have the potential to be further divided that may cause the original subdivision to exceed the permitted residential density requirements of the underlying planned land use designation.

C. **Lot Consolidation.** Lot consolidation is encouraged when such consolidation results in a superior subdivision that includes some of the elements of a complete neighborhood such as a range of housing opportunities, connectivity, open space, and a well landscaped streetscape. Lot consolidation that does not include such elements is discouraged.

D. **Side Lines.** The side lines of any lot, so far as is practicable, shall be at right angles to the street which the lot faces, or radial if the street is curved.

E. **Lot Frontage.** Every lot shall have frontage on a public street, except under the following circumstances:

1. Adequate internal circulation is provided by a private street or streets in an approved Planned Unit Development;

2. Lots may have access via a rose garden or paseo in a subdivision served by communal parking spaces or an alley; or

3. The lots are within a C or E District and the following conditions are met:

   a. Execution and recordation of a covenant with the City which, at minimum, creates mutual easements and reciprocal use agreements for cross-access, cross-drainage and shared public utility services or fire suppressions systems in a manner which affords adequate access, drainage and public services to/from a dedicated public street for the benefit of any/all lots proposed to be created without frontage on a public street.

      The Mutual Easement and Reciprocal Use Agreement shall include provisions identifying obligations and responsibilities for retention and maintenance of any common or easement areas, shared utility services, systems, facilities and/or improvements which are required for the benefit of lots proposed to be created without frontage on a public street.

   b. When a lot which does not have public street frontage is proposed to be created for developed land, the subdivider shall submit a revised site plan depicting the location of proposed lot lines and the locations of all existing or proposed structures and improvements for review and approval in conjunction with the tentative or tentative parcel map.

F. **Double Frontage Lots.**

1. Double frontage residential lots are discouraged, however may be approved where conditions warrant.

2. **Major Street.** If a Double Frontage lot abuts a Major Street, access shall be relinquished along the Major Street, and:

   a. A minimum 10 foot landscape area shall be provided with a minimum six-foot masonry wall at the rear thereof.

   b. Should an operative plan require a greater landscape area, the wall shall be placed at the rear of the landscape setback.

   c. A greater landscape area may be required to ensure that visibility is maintained for adjacent properties. This includes, but is not limited to, driveway and garage locations, fences, trees, etc. of neighboring properties.

   d. A greater landscape area may also be required by the Review Authority, when in the opinion of the Review Authority, a greater landscape area would be more in harmony and would add visual interest to the streetscape when adjacent properties also face a Major Street.

3. **Local Street.** Double frontage lots which abut two approximately parallel streets and have a depth of less than 200 feet shall only be approved when access rights to one of streets is relinquished. In all cases, both sides of a Double Frontage Lot shall be considered front yards.

G. **Corner Lots.**

1. **Major Street.** A corner lot on the intersection of a Major Street shall have a property line radius as determined by the City Engineer.

2. **Local Street.**

   a. When a Local Street intersects a Major Street and the corner lot sides onto the Local Street, the corner lot shall provide a ten foot landscape easement. A minimum six-foot masonry wall shall be placed at the rear of the landscape easement. A greater landscape easement may be necessary for visibility purposes. In the case of the latter, such cases shall be reviewed on a case-by-case basis.

   b. When the street side yard faces the front yard of a home across the street, a minimum landscape easement of five feet is required, unless a four foot park strip is provided between the curb and sidewalk. A minimum six-foot masonry wall shall be placed at the rear of the landscape easement. An opening in the masonry wall may be permitted to provide a gate for access if approved by the Public Works Director.

H. **Lot Access.**

1. **Street Frontage Required.** Each proposed parcel shall have frontage on a public street. The frontage width shall be at least the minimum parcel width required by the applicable zoning district. The Review Authority may exempt parcels created under a Planned Unit Development or pursuant to Section 15-4105-E from the requirements of this subsection.

2. **Single-Unit Homes on Major Streets.** Lots may front a Major Street if a Frontage Road is provided, to protect a natural resource, or:

   a. The majority of the homes on the block face the Major Street and it is unlikely that the existing homes will be redeveloped with more urban uses;

   b. The backing of the home could potentially cause visibility issues for neighboring properties which are attempting to access the Major Road;

   c. The subdivision layout is considered superior in comparison to what could otherwise be developed with homes backing onto the Major Street;

   d. The site provides a circular driveway or access is provided via an alley or private easement; and

   e. The Public Works Director approves of the parcel configuration.

3. **Multi-Unit.**

   a. **Existing Multi-Unit Lots.** May access a Major Street, however lots shall provide an on-site turnaround.

   b. **New Multi-Unit Lots.** Shall only be approved if an on-site turnaround is provided or if served by a public alley.

c. **Multi-Unit Private Access Easements.**

i. Private easements and access drives that only serve multi-unit lots are prohibited. For such development, access shall be from a dedicated public alley and/or public street.

(1) An exception may be made if the number of multi-unit homes served by the private alley, easement, or street account for less than 20 percent of the total number of units within the subdivision. The maintenance of any private road or easement shall be the responsibility of the Homeowner's Association or shall be incorporated by the City's Community Facility District.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-66, §§ 64—66, eff. 1-18-19; Am. Ord. 2025-024, § 73, eff. 7-27-25).

Sec. 15-4106. STREET DEDICATIONS.

All land lying within the alignment of any street shown on the circulation element of the General Plan, the City's Official Maps for a system of streets, or shown on any precise or other plan of streets adopted by the Council or other legally constituted body of the city, county, or state, or within the alignment of any local street approved by the Public Works Director, shall be dedicated consistent with the proposed alignment of said streets and with the ownership of said land.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4107. CONNECTIVITY.

Subdivisions of one-half acre or more in non-residential districts or resulting in five or more residential lots shall provide vehicular, bicycle, and pedestrian connectivity to all uses within a subdivision, to adjacent development, and to the surrounding street system in accordance with the following:

A. **Continuous Street System.** All streets, alleys, bicycle facilities, and pedestrian ways shall connect to other streets, alleys, bicycle facilities, and pedestrian ways to form a continuous vehicular, bicycle, and pedestrian network with numerous connections within the subdivision and to adjacent development.

B. **Connector Streets.** Connector Streets (refer to Section 15-4108, Street Design) connecting Major Streets shall be provided within quarter sections or other area of roughly 160 acres and surrounded by major streets.

1. One Connector Street shall be provided approximately through the center of the quarter section which runs north to south, linking the northern and southern Major Streets. A second Connector Street shall be provided approximately through the center of the quarter section which runs east to west, linking the eastern and western Major Streets.

2. Should the alignment of a Connector Street be impractical due to an existing feature, it shall be developed as close as reasonably possible to the alignment described in item 15-4107-B.1 above.

3. At the discretion of the Review Authority, Connector streets may be designed with some curves and bends in order to calm traffic.

4. Connector Streets are not required for Industrial Districts.

C. **Non-Contiguous Sites.** Subdivisions that are not contiguous with other subdivisions shall provide stub streets and other potential vehicular and non-vehicular connection points to non-contiguous subdivisions within the same 160 acre quarter section. These connection points shall be within the public right-of-way and private easements when necessary.

D. **Connections to Adjacent Areas.**

1. **Connections to Existing Subdivisions.**

a. Connections shall be provided to all stub streets in all adjacent subdivisions.

2. **Connections to Future Subdivisions.**

a. Where the subdivision adjoins unsubdivided land, stub end streets in the subdivision shall be extended to the adjacent unsubdivided land to provide access to the unsubdivided land in the event of its future subdivision. There shall be one such connection for every 600 feet of adjacency.

b. In the case of stub end streets extending to the boundary of the property, a barricade, the design to be approved by the City Engineer, shall be constructed at the end of the stub end street, pending the extension of the street into adjacent property. A temporary connection to another street, or a temporary turnaround, may be required by the Review Authority.

E. **Emergency Vehicle Access.** Emergency vehicle access shall be determined on a case-by-case basis by emergency responders.

F. **Access Points to a Major Street.** Ingress and egress into a subdivision from a Major Street to a local or connector street shall be provided at a spacing of no less than 600 feet.

G. **Pedestrian and Bicycle Paths.** Continuous and convenient bicycle and pedestrian access shall be provided from every home within a subdivision area to the nearest neighborhood center, school, and park.

1. **Safe Routes to Schools.** Pedestrian and bicycle routes to schools shall be identified at the time of project submittal.

2. **Barriers.** Fencing, sound walls, and other barriers between residential and non-residential uses shall provide openings or other mechanisms to allow

bicycle and pedestrian access between uses. If the residential use is a private, gated community, such openings may be locked if all residents have a code, key, or other means of access.

3. **Links between Residential and Non-Residential Areas.** Pedestrian paths from residential areas shall be provided to adjacent Commercial, Mixed-Use, and Office districts. Pedestrian paths shall be a minimum of 15 feet in width, lit, and provided at a rate of approximately 1 per 600 feet. The exact locations may be adjusted at the discretion of the Review Authority based on site conditions, safety, and pedestrian convenience. If existing development blocks all possible access points to adjacent Commercial, Mixed-Use, and Office districts, this section shall not apply.

4. **Access to Major Streets.** For subdivisions adjacent to a Major Street, a pedestrian path (including sidewalks and trails) to the Major Street shall be spaced no more than 600 feet apart. For dead-end streets, except where there's no existing or planned pedestrian facilities, refer to Subsection 15-4108-K, Cul-de-Sacs and Dead-End Streets.

5. **Access to Bus Stops.** For subdivisions adjacent to a Major Street, future bus stops locations shall be identified and pedestrian access shall be identified to minimize circuitous routes for pedestrians except in locations with no existing or planned pedestrian access.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4108. STREET DESIGN.

Streets shall be designed and constructed consistent with the City's Standard Drawings and Specifications and Public Works Director approval and as provided below.

A. **Street Orientation.** Streets shall be planned in a primarily east-west orientation in order to best implement Section 15-4113, Energy Conservation, and the Map Act (Section 66473).

B. **Local Streets.** Local streets shall have minimum right-of-way and roadway widths in accordance with the local street details and development density criteria of the Standard Drawings and Specifications.

C. **Connector Streets.** Connector Streets shall incorporate coordinated street trees spaced to provide continuous shade for pedestrians. Connector Streets shall be designed with non-contiguous sidewalks to allow the street trees to be planted in a landscape strip between the curb and sidewalk. The planting area shall be a minimum of four feet in width.

D. **Major Streets.**

1. Major streets shall be as shown on the circulation element of the General Plan, any operative plan or any Official Plan Line, the select system of streets, or as shown on any precise or other plan of streets adopted by the Council or by other legally constituted bodies of city, county or state.

2. All Major Streets shall be designed as Complete Streets. Complete Streets are those that provide for all users of a corridor, including pedestrians, bicyclists, transit riders, people with disabilities, senior citizens, motorists, freight providers, emergency responders, and adjacent land users. Complete Streets support all modes of transportation safely and independently in current and future conditions.

E. **Frontage Roads.** Existing frontage roads in adjacent subdivisions shall be continued into the proposed subdivision in the same manner as related to width and design. Pedestrian sidewalks and bike paths are required with frontage roads.

F. **Private Streets.** Private streets are prohibited except where approved as part of a Planned Unit Development or otherwise approved by the City Council. All widths and alignments of private streets shall be as shown on any precise or other plan of streets adopted by the Council and shall conform to the private street details and development criteria of the Standard Drawings and Standard Specifications. Private streets that serve multi-unit dwellings shall comply with Section 15-4105, Lot Access.

G. **Street Intersections.**

1. All streets shall intersect each other at angles as near to right angles as is practicable.

2. All local street intersections and all intersections with Major Streets shall have minimum curb radii as established in the Standard Drawings, except that at the intersections with State highways, the standards of the California Department of Transportation shall apply.

H. **Curves.**

1. Unless the curve radius has been established on an adopted map, a curve radius shall be required as determined by the Public Works Director where a street deflects more than five degrees from a straight line.

2. On all streets having reverse curves, a tangent of at least 100 feet between reverse curves shall be required. Subject to the approval of the Public Works Director, these requirements may be varied for local streets or when topography requires other treatment of streets to secure the best overall design.

I. **Alleys.**

1. Where alleys are planned, required, or proposed, an alley with a minimum width of 20 feet shall be installed, and the alley shall be designed to conform to Public Works Standards.

2. Where two alleys intersect or where an alley deflects with an interior angle of less than 135 degrees, corner cut-offs of 15 feet measured from the point of any interior angle shall be required.

J. **Traffic Calming.** Traffic calming street design or devices such as bulb-outs, chokers, center islands / raised medians, traffic circles, textured pavement, and painted intersections, shall be included, if required by an operative plan, or when determined to be necessary by the City Engineer, to ensure safe conditions for all users.

K. **Cul-de-Sacs and Dead-End Streets.**

1. The combined length of all cul-de-sacs and other dead-end streets in any subdivision shall not exceed 35 percent of the combined total length of all local residential streets within the subdivision. Cul-de-sacs that are connected by a trail shall be exempt from this calculation. Additional exceptions may be made at the discretion of the Review Authority if any of the following circumstances apply:
    a. The average block length of all blocks in the proposed subdivision is 400 feet or less;
    b. The applicant can demonstrate, to the satisfaction of the City Engineer, that the subdivision design will result in a rate of Vehicle Miles Travelled which is equal to or less than a subdivision which follows the cul-de-sac limit in item K-1 above;
    c. The site is 6 acres or less in gross area;
    d. The site is surrounded by developed properties which lack stubs to connect to; or
    e. The site is blocked by canals and expressways.
2. Cul-de-sacs and dead-end streets may not exceed 600 feet unless there are unforeseen issues or topographical challenges or other opportunities to promote pedestrian connectivity such as access to another street or trail.
3. All cul-de-sacs and dead-end streets shall have a turnaround per Public Works Standards.
4. A cul-de-sacs and or dead end street may be approved as a temporary facility, without a turnaround, provided the street is designed to provide access to adjoining land that is not yet subdivided or developed. A temporary turnaround or access may be required.
5. Cul-de-sacs and dead-end streets shall provide pedestrian and bike connections to neighboring streets, trails, commercial centers, etc.

L. **Street Names.** Refer to Article 62, Street Names & Addressing.

M. **Sidewalks.**

1. All public streets shall have sidewalks constructed to City standards on at least one side of the street if there is connectivity to one of the following:
    a. An adjacent street with a sidewalk;
    b. An adjacent trail; or

c. An adjacent alley.

2. Streets with a sidewalk on only one side shall have two 15-gallon street trees in the front of the lot on both sides of the street.

3. Streets that do not provide any of the connections set forth in Subsection 1.a—c above shall have sidewalks constructed to City standards on both sides of the street.

4. Private streets are exempt from this section.

N. **Street Trees.**

1. Street tree species shall be selected from the Fresno Street Tree Palette.

2. Street trees shall be planted per applicable Public Works standards.

3. Street trees shall be located within a landscaped park strip of no less than four feet in width between the curb and sidewalk.

4. Trees within the front yard of adjacent parcels may be counted toward the satisfaction of this requirement at the discretion of the Review Authority, in which case the landscape strip between the curb and sidewalk will not be required and the spacing shall be one tree per lot.

O. **Street Lighting.**

1. **Installation Required.** The subdivider shall cause the installation of street lighting on all streets within the subdivision and on all streets adjacent to the subdivision unless existing lighting conforms to City standards.

2. **Specifications.** The type, location, and mounting heights of the luminaries shall be determined by the Public Works Director based upon the Standard Specifications and sound engineering practices consistent with the City policy for street lighting.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-66, §§ 67—69, eff. 1-18-19; Am. Ord. 2025-024, § 74, eff. 7-27-25).

Sec. 15-4109. INCORPORATION OF SITE CONSTRAINTS.

Areas with development constraints shall be incorporated into the overall subdivision design and layout to support and enhance park and open space amenities.

A. **Major Utility Easements.** Easements for major utilities such as high-tension lines and utility trunk lines shall be integrated into the proposed subdivisions such they are incorporated as open space or recreation use and shall be developed as a regional trail system. Such easements shall be designed as part of an overall open space or recreation element. Said easements shall not be blocked by fences, yards, gates, and other similar barriers. The use and treatment of such easements is subject to the policies and restrictions of the utility provider and City.

B. **Trails and Natural Features.** Proposed subdivisions that are adjacent to a trail or a canal shall incorporate them into the subdivision plan as a design feature in conformance with the City's trails plan and the following:

1. Proposed subdivisions that are adjacent to a trail shall incorporate it into the subdivision plan as a design feature. Development adjacent to a trail shall be planned to provide pedestrian access to the trail(s) at intervals identified below.
2. Homes should front onto a trail, or other communal area, unless:
   a. Topographic conditions justify a variation from this requirement;
   b. The proposed homes would face a Major Street; or
   c. The Review Authority determines that there are no feasible alternatives.
3. Development adjacent to a trail shall be planned to provide pedestrian access to the trail(s) at intervals of approximately 1 per 600 feet if homes or a commercial center back onto to the natural feature. The exact locations may be adjusted at the discretion of the Review Authority based on site conditions, safety, and pedestrian convenience. Should cul-de-sacs terminate near the feature, each cul-de-sac shall provide a path to the feature.
4. Where development is backed onto an adjacent trail, privacy walls and security walls shall be set back from the trail by a minimum distance of 10 feet and such setback shall be landscaped to be compatible with the trail landscape.
5. Subject to approval by the Fresno Irrigation District, where canals are piped, the area above shall be integrated into the subdivision as a trail or part of an open space and/or trail system subject to Fresno Irrigation District approval.

C. **Safety and Environmental Zones.** Buffers, setbacks, and no-build zones associated with safety or environmental impacts such as airport safety or noise, and freeway noise and air pollution shall be integrated into the proposed subdivision plan by designating them for alternative, allowable uses. These uses may be open space, parking, recreation, or other allowed uses. The plan shall integrate these areas and uses such that they are part of an overall system of open space, parking, or recreation and not separated from the subdivision by walls or barriers unless required by the regulation agency.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4110. GATED SUBDIVISIONS.

A. Subdivisions with private streets may be gated provided consideration shall be given to surrounding properties to ensure that pedestrian and bicycle access is maintained, in particular along tails and natural features.

B. Should a gated subdivision be conditioned to dedicate and/or incorporate, as a public right-of-way, a Regional Trail (e.g., Class 1) pedestrian and other non-motorized traffic shall have the ability to move freely through the trail. Access into the residential areas may be fenced and gated, but access to the trail shall be unimpeded.

C. Should a gated subdivision be proposed that abuts a street that was previously dedicated to provide access to the parcel where the subdivision is being proposed, the subdivider of the gated subdivision shall:

1. Construct a cul-de-sac to provide turn-around access. Emergency access shall be provided via the cul-de-sac. Fencing shall be provided behind a minimum 10 foot landscape setback. The landscaping and the fencing shall be maintained by the Homeowner's Association of the gated subdivision, unless it is accepted into the City's Community Facilities District; or
2. In situations where there are no driveways from said stub street, the developer may petition the City to vacate the stub street to the adjoining parcels, provided the owners are willing to accept the property and the developer bears all cost(s)

associated with fulfilling the conditions of the vacation. Moreover, all indications of a street, such as curb, gutter, sidewalk, etc., shall be removed by the petitioner and shall be converted to private ownership.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4111. RESTRICTED ACCESS BARRIERS.

Restricted access barriers controlling the access to other streets or other public right-of-way from adjoining property shall not be approved unless such barriers are necessary for the protection of the public welfare or of substantial property rights, and in no case will they be approved unless and until the control and disposition of the land comprising such strips are dedicated to the City under conditions approved by the Review Authority.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4112. PARKS AND PLAYGROUNDS.

Subdivisions shall reserve land for pedestrian-accessible parks and playgrounds. The size and location of such reserved land shall be consistent with the General Plan's park and open space policies and policies and standards of other adopted applicable planning documents.

A. **Standards for Reservations.**

1. The reserved area is of such size and shape as to permit the balance of the land within which the reservation is located to develop in an orderly and efficient manner.

2. The amount of land shall be determined per Article 37, Dedications and Reservations and the Open Space Design Guidelines.

B. **Park Frontage.** A minimum of 50 percent of the perimeter of any public park must abut a street, external trail, internal lit trail that connects to an external trail or sidewalk, sidewalk, or similar facility that is accessible and visible to people traversing the neighborhood. Homes shall generally face or side the park.

C. **Park Accessibility.** Park sites shall be centrally located, providing access within a half-mile walking distance to new residential development. Multiple Pocket and Neighborhood parks may serve to satisfy this requirement.

D. **Pocket Parks.** Pocket parks shall be distributed throughout the subdivision.

E. **Detention Basins.** In coordination with the Flood Control District, detention basins that serve residential neighborhoods shall be designed to accommodate recreational uses and shall be treated as an aesthetic amenity.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4113. ENERGY CONSERVATION.

Per the Map Act (Section 66473), the subdivision design shall provide for passive or natural heating or cooling opportunities and for other measures that conserve nonrenewable energy resources, consistent with the General Plan. Design measures to accomplish these

objectives may include, but are not limited to, the arranging of streets, lots, buildings and landscaping. The purpose of such design measures shall be to provide solar access for active solar water and space heating systems and passive space heating, minimize solar heat gain in the summer, and take advantage of prevailing breezes.

A. **Design Guidance; No Reduction in Density.** In providing for future passive or natural heating or cooling opportunities in the design of a subdivision, consideration shall be given to local climate, to contour, to configuration of the parcel to be divided, and to other design and improvement requirements, and such provision shall not result in reducing the maximum allowable densities or the percentage of a lot that may be occupied by a building or structure under applicable standards of this Code in force at the time the tentative map is filed.

B. **Exemptions.** The requirements of this section do not apply to condominium conversion projects which consist of the subdivision of airspace in an existing building when no new structures are added.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4114. UNDERGROUND UTILITIES.

All existing utilities, including electrical systems, and communication systems, and street lighting distribution systems shall be placed underground throughout a subdivision, which includes a tract or parcel map, except as follows:

A. **Existing Major Lines.** Undergrounding of existing overhead wires and associated overhead structures used for conveyance of electrical energy at transmission voltages, nominally in excess of 21,000 volts, or major transmission trunk communication lines shall not be required.

B. **Existing Utilities in Industrial Districts.** Undergrounding of existing overhead wires and associated overhead structures used for the distribution of electrical energy or communication lines within certain industrial zone districts shall not be required provided the subdivider shall:

1. Execute a covenant, which shall be recorded and run with the land, agreeing to participate and support any improvement district formed for the purpose of undergrounding the existing overhead utilities; and

2. Install or agree to install conduit of sufficient number and size, as determined by the utility company, to accommodate the future undergrounding of existing overhead utilities.

C. **Appurtenant Equipment.** Equipment appurtenant to underground facilities, such as transformers, terminal boxes, amplifiers, splice boxes, meter cabinets and concealed ducts, may be surface-mounted provided that such equipment is located in utility easements outside the street right-of-way.

D. **Waiver by Public Works Director.** The Public Works Director may waive the requirement to underground existing overhead services to street lighting or other utility systems as a condition of approval of any subdivision as provided below:

1. **Required Findings.**

a. The property is located in an area where 90 percent or more of the surrounding properties have overhead utilities; and

b. The property is not in a Growth Area as defined by the General Plan.

2. **Stipulations.** If a waiver is granted, the subdivider shall:

a. Execute a Covenant, which shall be recorded and run with the land, agreeing to participate in and support any improvement district or underground utility district formed for the purpose of undergrounding the existing overhead utilities; and

b. Install or agree to install conduit of sufficient number and size, as determined by the utility company, to accommodate the future undergrounding of existing overhead utilities.

E. **Utility Operator Objection.** The requirement to place utilities underground may be waived at the discretion of the Review Authority if the entity which operates the utility finds the underground placement to be infeasible.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4115. MAINTENANCE OF IMPROVEMENTS.

Maintenance of landscaping, trails, open space, lighting, street furniture, local street improvements, etc., outlined in this article shall be included in the Community Facility District and/or Homeowner's Association as determined by the City.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 42 LOT LINE ADJUSTMENTS, MERGERS, AND REVERSIONS

Sec. 15-4201. Purpose.
Sec. 15-4202. Lot Line Adjustments.
Sec. 15-4203. Voluntary Parcel Mergers.
Sec. 15-4204. Reversion to Acreage.

SEC. 15-4201. PURPOSE.

This article provides for the adjustment of the size and configuration of lots through a Lot Line Adjustment or Lot Merger. This includes the procedures for the preparation, filing, processing, and approval or denial of Lot Line Adjustment applications, consistent with the policies of the General Plan, the requirements of the Map Act (Section 66412(d)), and the procedures for voluntary Parcel Mergers.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4202. LOT LINE ADJUSTMENTS.

A. **Applicability.** As provided by the Map Act (Section 66412(d)), a Lot Line Adjustment procedure is for the purpose of relocating lot lines between four or fewer existing adjacent parcels, where land taken from one parcel is added to an adjacent parcel and where:

1. No more parcels are created than originally existed;
2. No additional lots or building sites are created; and
3. The Lot Line Adjustment shall not result in the creation of an additional substandard lot, nor in a decrease in the size of an existing substandard lot.

B. **Application.** A Lot Line Adjustment application shall include the following information as required by the City Engineer:

1. Proof of the legal status of the parcel;
2. Plot plan showing existing lot dimensions;
3. Deed or record of survey showing proposed lot dimensions; and
4. Other information necessary to conform with the General Plan, Building Code, and this Code.

C. **Criteria for Approval of Lot Line Adjustments.** The City Engineer shall approve a Lot Line Adjustment based on a determination that it will meet all of the following criteria:

1. The adjustment is between four or fewer parcels and no additional parcels are created;
2. No street or alley dedication or improvement is necessary to adequately serve the properties affected by the proposed Lot Line Adjustment;
3. The lots proposed in the adjustment will comply with the provisions of this article, the Subdivision Map Act, the General Plan, and the Development Code;
4. The zoning and the Planned Land Use are consistent per the operative plan(s);

5. The lots proposed in the adjustment will comply with the provisions of the Building Code;

6. The adjustment shall not result in the creation of an any new nonconformities, including, but not limited to, signage, parking, fencing, etc.;

7. The resulting parcels do not interfere with existing utilities, infrastructure, or easements;

D. **Completion.**

1. Recording with County Recorder. A Lot Line Adjustment shall not be effective until a deed signed by the record owners has been recorded. The applicant shall submit the legal description to the City Engineer for review and approval of this, before recordation of the grant deed. The legal descriptions provided in the deeds shall be prepared by a person authorized to practice land surveying in the State.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4203. VOLUNTARY PARCEL MERGERS.

A. **Required Mergers.** Pursuant to the Map Act (Section 66451.10) and the requirements of this Subdivision Ordinance, the City may initiate the merger of two or more contiguous parcels or units held by the same owner if any one of the contiguous parcels or units does not conform to the standards for minimum parcel or lot size established by the Development Code, and if the requirements as stipulated in the Map Act (Section 66451.11) are satisfied.

B. **Mergers Initiated by the Property Owner.**

1. **Applicability.** Upon request of the legal owners of contiguous parcels, the City Engineer, following a recommendation by the Director, may approve the merger of the property in compliance with the Map Act (Section 66499.20 3/4).

2. **Review.** An application shall be made to the City Engineer.

3. **Request for Determination.** Upon written application by the owner to the City Engineer, the City Engineer shall determine whether the affected parcels shall be merged and shall notify the owner of the determination. If the City determines that the parcels shall not be merged, the owner may file a written request for a hearing with the City Engineer pursuant to the requirements of this section. If the City determines that the parcels shall be merged, a determination of merger shall be recorded.

4. **Recording with the County Recorder.** Upon approval, a notice of the Lot Merger shall be filed with the County Recorder. The form and content of the notice shall be as required by the City Engineer.

C. **Mergers Initiated by the City.**

1. **Notice of Intention to Determine Status.** The Director shall mail, by certified mail, a notice of intention to determine status to the current record owner of the property. The notice shall state that the affected parcels may be merged, and the owner may request a hearing on the determination of status before the Planning Commission to present evidence that the property does not meet the criteria for merger. The notice of intention to determine status shall be filed for record at the County Recorder on the same day that the notice is mailed to the property owner.

2. **Hearing on Determination of Status.** The owner of the affected property may file a written request for a hearing with the Director within 30 days after the recording of the notice of intention to determine status. Upon receipt of the request, the Director shall set a time, date and place for a hearing and notify the owner by certified mail. The hearing shall be conducted not more than 60 days following the receipt of the owner's request, or may be postponed or continued by mutual consent of the Director and the property owner. At the hearing, the property owner shall be given the opportunity to present any evidence that the affected property does not meet the requirements of this article.

3. **Determination of Merger.** At the conclusion of the hearing, the Commission shall determine whether the affected parcels shall be merged or not and shall notify the owner of the determination.

    a. If the Commission makes a determination that the parcels are to be merged, the City Engineer shall record a determination of merger within 30 days of the Commission's decision unless the owner files an appeal.

    b. If, within the 30 day period following the recording of the notice of intention to determine status, the owner did not file a request for a hearing, the Director and City Engineer shall make a determination that the affected parcels are to be merged or are not to be merged. If the Director and City Engineer determine that the parcels shall be merged, the City Engineer shall record a determination of merger within 90 days following the mailing of the notice of intention to determine status if there is no hearing.

    c. The determination of merger shall specify the name of the record owners and a description of the property.

    d. If the City determines that the parcels shall not be merged, the City Engineer shall record a release of the notice of intention to determine status and shall mail a clearance letter to the owner of record.

D. **Unmerged Parcels.** A property owner may apply to the City for a determination that any parcels or units of land for which a notice of merger had not been recorded on or before January 1, 1984 are deemed not to have been merged under Section 66451.30 of the Map Act.

If the Director determines that the parcels meet the standards specified in Section 66451.30, the City shall issue the owner, and record with the County Recorder, a notice of the status of the parcels and a declaration that the parcels are not merged.

E. **Allowance for Minor Deviation.** For small, oddly shaped, and hard-to-develop lots, a greater Minor Deviation allowance may be permitted. See Section 15-5602-B.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4204. REVERSION TO ACREAGE.

Subdivided property may be reverted to acreage in compliance with the procedures and requirements of the Map Act (Sections 66499.11 et. seq.).
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 43 CORRECTIONS AND AMENDMENTS OF MAPS

Sec. 15-4301. Purpose.
Sec. 15-4302. Types of Amendments to an Approved Tentative Map and/or Tentative Parcel Map.
Sec. 15-4303. Processing of Amendments.
Sec. 15-4304. Findings for Approval.
Sec. 15-4305. Effect of Amendments on Time Limits.
Sec. 15-4306. Tentative Maps with Multiple Final Maps.
Sec. 15-4307. Amendments to Final and Parcel Maps after Recordation.
Sec. 15-4308. Expansion of the Map Outside of the Original Boundaries.

SEC. 15-4301. PURPOSE.

The purpose of this article is to establish procedures for the correction and amendment of maps. A subdivider may request amendments to an approved Tentative Map or Tentative Parcel Map, or conditions of approval of a map.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4302. TYPES OF AMENDMENTS TO AN APPROVED TENTATIVE MAP AND/OR TENTATIVE PARCEL MAP.

A. **Minor Revision.** Changes determined by the Director to be in substantial compliance and that are consistent with the intent of the approved Tentative Map or Tentative Parcel Map may be approved where:

1. The size, shape, and dimensions of lots and streets are in substantial compliance and are consistent with the Tentative Map;
2. The number of lots, units, or building sites is not reduced to less than prescribed by the planned land use designation, zone district, or operative plan;
3. No lots, units, building sites, or structures are added;
4. The amount of open space is not reduced;
5. Pedestrian connectivity to schools, trails, open space, etc. is not reduced;
6. Changes, in the opinion of the Director, are consistent with the intent of the original Tentative Map approval;
7. There are no significant changes in parcel size and dimensions, pedestrian connectivity, and overall design; and
8. There are no resulting violations of the Municipal Code.

B. **Major Revision.** Major Revisions to an approved Tentative Map, Tentative Parcel Map, or amendments to conditions of approval may be approved by filing an application with the Department, if:

1. The amendments are consistent with the intent of the original Tentative Map or Tentative Parcel Map approval;

2. There are no resulting violations of the Municipal Code; and

3. A one-time increase in the number of lots contained in the subdivision does not exceed the following number, provided that the permitted density is not exceeded. Should the additional lots result in the preparation of a Traffic Impact Analysis, the CEQA documentation shall be recirculated and the project shall be returned to the Review Authority for consideration.

   a. Subdivisions of 25 Lots or Less. No more than two additional lots.

   b. Subdivisions with 26-50 Lots: No more than three additional lots.

   c. Subdivisions with 51-75 Lots. No more than four additional lots.

   d. Subdivisions with 76-100 Lots. No more than five additional lots.

   e. Subdivisions in Excess of 100 Lots. No more than five lots for the first 100 lots plus two additional lots for each full 100 lots in excess of the first 100 lots.

C. **Other Amendments.** Other amendments to an approved Tentative Map or Tentative Parcel Map or amendments to the conditions of approval, that in the opinion of the Director do not meet the criteria above, shall be treated as a new application.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4303. PROCESSING OF AMENDMENTS.

A. **Procedure for Filing an Amendment.** The subdivider shall file an application with the City, together with the following additional information:

1. A statement identifying the features of the map or particular conditions to be changed and the changes requested, the reasons why the amendment is requested, and any facts that justify the changes; and

2. Any additional information deemed appropriate by the Director.

B. **Revisions to Tentative Parcel Maps.** The Director shall act as the Review Authority and may approve the modification as part of the Final Map process for either a Minor or Major Revision.

C. **Revisions to Tentative Maps.**

1. **Minor Revision.** The Director may act as the Review Authority and may approve the modification as part of the Final Map process. Alternatively, the Director, at his/her discretion, may refer the matter to the Commission for consideration. At the Director's discretion, they may or may not provide a Public Notice per Section 15-3308-B.4.

2. **Major Revision to a Tentative Map.** The Director may act as the Review Authority, or the Director, at their discretion, may defer their decision to the Commission. The Director shall provide notice per the following:

   a. **Commission Notification.** If the Director elects to approve or disapprove the map, the Director shall notify the Commission at its next meeting that the

Director is reviewing the map and whether the Director intends to approve or disapprove the map. The Director shall take action after notifying the Commission.

b. **No Director Action.** Should the Director not take action, the Director shall refer the item to the Commission for consideration. If the matter is referred to the Commission for consideration, Public Notice shall be provided per Section 15-3308-B.4.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4304. FINDINGS FOR APPROVAL.

A. The Review Authority shall not amend the approved Tentative Map or Tentative Parcel Map or conditions of approval unless it first finds that:

1. There was a material mistake of fact in the deliberations leading to the original approval; or

2. There has been a change of circumstances related to the original approval.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2024-008, § 1, eff. 5-2-24).

Sec. 15-4305. EFFECT OF AMENDMENTS ON TIME LIMITS.

A. Approved amendments to an approved Tentative Map or Tentative Parcel Map or conditions of approval shall not be considered as an approval of a new Tentative Map or Tentative Parcel Map, and shall not extend the time limits of the original approval as provided by Section 15-3316, Time Limits and Expiration of Approved Maps.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4306. TENTATIVE MAPS WITH MULTIPLE FINAL MAPS.

The following provision regarding automatic extensions of time, or later enacted State law provisions that supersede the following, shall apply.

A. Where a developer has expended funds outside the boundaries of the approved Tentative Map in compliance with the Map Act (Section 66452.6), each filing of a Final Map shall extend the expiration of the Tentative Map per the Map Act.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4307. AMENDMENTS TO FINAL AND PARCEL MAPS AFTER RECORDATION.

A. **Amendments to Final and Parcel Maps.** A Final Map or Parcel Map that has been filed with the County Recorder may be amended by a certificate of correction or an amending map pursuant to the Map Act (Sections 66469—66472).

B. **Amendments to Conditions of Approval.** The conditions on a Final Map or Parcel Map may be modified by a certificate of correction or an amending map pursuant to the Map Act (Section 66472.1) and this subsection.

C. **Initiation.** An amendment to a condition of a Final Map or Parcel Map may be initiated by the Director, the City Engineer, or any subdivider or owner of the real property subject to the Final Map.

1. **Parcel Maps.** The Director, in consultation with the City Engineer, shall approve or deny amendments.
2. **Final Maps.** The Commission shall consider amendments to a tentative map. The Commission hearing shall be noticed pursuant to the Public Noticing requirements per Subsection 15-3308-B.4.

D. **Findings.** Amendments shall only be approved if all of the following are true:

1. There are changes in circumstances which make such conditions no longer appropriate or necessary;
2. The amendments do not impose any additional burden(s) on the present owner(s) of the property subject to the map;
3. The map, as amended, is not subject to disapproval under the findings in the Map Act (Section 66474) and conforms to this Subdivision Ordinance;
4. The amendment does not affect any previous findings made under Federal and/or State environmental review;
5. The amendments do not alter any right, title, or interest in the real property reflected on the recorded map.
6. If located within the review area of one of the airport specific plans, the amendment shall be subject to the provisions of said plan.

E. **Hearing.** Any hearing on the amendment of conditions shall be limited in scope to consideration and action on the proposed amendment.

F. **Recordation.** If the amendment of the condition is approved, an amending map or certificate of correction shall be recorded with the County Recorder in the manner specified in the Map Act (Section 66472). If the amendment to the map does not require an amending map or certificate of correction, the amendment shall be memorialized in a letter to the applicant and/or record owner(s). A copy of the letter and resolution shall be placed in the official file for the map.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4308. EXPANSION OF THE MAP OUTSIDE OF THE ORIGINAL BOUNDARIES.

A new map shall be filed for the area that is being added.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 44 ENFORCEMENT AND JUDICIAL REVIEW

Sec. 15-4401. Enforcement And Judicial Review.

SEC. 15-4401. ENFORCEMENT AND JUDICIAL REVIEW.

A. **Purpose.** This article establishes procedures that the City will use to enforce the requirements of the Subdivision Ordinance, including compliance with any conditions of approval imposed to protect public health, safety, and welfare and promote development in accordance with the General Plan.

B. **Prohibitions.** Pursuant to the Map Act (Section 66499.30):

1. No Sale or Lease until Final or Parcel Map is in Full Compliance. No person shall sell, lease, or finance any parcel of real property or begin construction of any building for sale, lease, or financing, except for model homes, or allow occupancy of any parcel or parcels for which a Final or Parcel Map is required by the Map Act or this Ordinance, until a map that is in full compliance with the provisions of this Subdivision Ordinance and the Subdivision Map Act has been filed with the Fresno County Recorder.

2. No Conveyance by Parcel Number until Final Map is Filed. The conveyance of any part of a division of real property for which a Final or Parcel Map is required shall not be made by parcel or block number, letter, or other designation until the map has been filed for record with the County Recorder.

3. **Exceptions.**

    a. This section does not apply to a parcel of a subdivision offered for sale or lease, contracted for sale or lease, or sold or leased in compliance with or exempt from any law, including this article, regulating the design and improvement of subdivisions in effect at the time the subdivision was established.

    b. This section does not prohibit an offer or contract to sell, lease, or finance real property or to construct improvements where the sale, lease, or financing or the beginning of construction, is expressly conditioned upon the approval and filing of a Final Map or Parcel Map.

    c. This section shall not, in any way, modify or affect the provisions of Section 11018.2 of the Business and Professions Code.

C. **Voidability of Illegal Conveyance.** Any deed of conveyance, sale, or contract to sell made contrary to the provisions of this article is voidable at the sole option of the grantee, buyer, or person contracting to purchase, their heirs, personal representative, or trustee in insolvency or bankruptcy within one year after the date of execution of the deed of conveyance, sale, or contract to sell, but the deed of conveyance, sale, or contract to sell is binding upon any assignee or transferee of the grantee, buyer, or person contracting to purchase, other than those above enumerated, and upon the grantor, vendor, or person contracting to sell, or their assignee, heir, or advisee.

D. **Other Legal Action.** Any grantee, or successor in interest, of real property which has been divided, or which has resulted from a division, in violation of the provisions of this Subdivision Ordinance or the Map Act may, within one year of the date of discovery of such violation, bring an action in the superior court to recover any damages suffered by reason of the division of property. The action may be brought against the person who divided the property in violation and against any successors in interest who have actual or constructive knowledge of such division of property.

E. **Effect on City Permits and Approvals.** No commission, officer, or employee of the City shall issue any permit or certificate, or grant any approval necessary to develop any real property within the city, if it is known or suspected that the property was divided, or resulted from a division in violation of the Map Act (Section 66499.30).

F. **Certificate of Compliance.**

1. Any person owning real property or an authorized representative of such person who is under contract of sale may request, and the Director shall determine, whether such real property complies with the provisions of the Map Act and of this Subdivision Ordinance. Upon making such a determination the Director shall cause a certificate of compliance to be filed for record with the County Recorder. The Certificate of Compliance shall identify the real property and shall state that the division thereof complies with applicable provisions of the Map Act and of this Subdivision Ordinance. The Director may impose a reasonable fee to cover the cost of issuing and recording the certificate of compliance.

2. If the Director determines that such real property does not comply with the provisions of the Map Act or of this Subdivision Ordinance, he or she may, as a condition to granting a certificate of compliance, impose such conditions as would have been applicable to the division of the property at the time the current owner of record acquired the property, and which had been established at such time by the Map Act or this Subdivision Ordinance. Such conditions may include, but are not limited to, requiring approval of a parcel or tentative map prior to development of the property. Upon making such a determination and establishing such conditions the Director shall cause a Conditional Certificate of Compliance to be filed for record with the County Recorder.

    a. Such Certificate shall serve as notice to the property owner who has applied for the certificate pursuant to this section, a grantee of the property owner, or any subsequent transferee or assignee of the property that the fulfillment and implementation of such conditions shall be required prior to subsequent issuance of a permit or other grant of approval for development of the property.

    b. Compliance with such conditions shall not be required until such time as a permit or other grant of approval for development of such property is issued by the City.

c. Compliance with the requirements of a certificate of compliance shall not constitute a determination of compliance with all applicable approved plans or zoning requirements.

G. **Remedies.** Any deed of conveyance, sale, or contract to sell real property which has been divided, or which has resulted from a division, in violation of the provisions of this Subdivision Ordinance or the Map Act shall be subject to the remedies provided in the Map Act (Sections 66499.32 through 66499.34).

H. **Notice of Violation.** Whenever the Director and/or City Engineer has received information from any source that real property has been divided in violation of the Map Act or this Subdivision Ordinance, the City shall take the actions described in the Map Act (Section 66499.36).
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 45 SURVEYS AND MONUMENTS

Sec. 15-4501. Survey Requirements.
Sec. 15-4502. Monument Material.
Sec. 15-4503. Monument Locations.
Sec. 15-4504. Monument Acceptance.

SEC. 15-4501. SURVEY REQUIREMENTS.

The procedure and practice of all survey work done upon any subdivision shall conform to accepted standards of the engineering profession, the Map Act (Sections 66495, 66496, and 66497) and this Ordinance.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4502. MONUMENT MATERIAL.

Monuments, including markings, material, length, durability, etc. shall be established by the City Engineer.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4503. MONUMENT LOCATIONS.

A. Rectangular-shaped subdivisions shall have the four corners of the property marked with a durable monument. All irregular-shaped subdivisions shall have all angle and curve points in the exterior boundary of the subdivision marked with a durable monument. All boundary monuments which fall in streets shall be referred to a similar durable monument which may be set for an adjacent block or lot corner. Subdivisions having curved streets and no block corners shall have all control or angle points of the streets marked with a durable corner referenced out to an adjacent lot corner which is also marked with a durable monument;

B. Block corners, unless otherwise marked with a durable monument, shall be marked with a semi-durable monument;

C. All lot corners shall be marked with not less than a standard ¾ inch inside diameter steel pipe, 30 inches long solidly set in the ground six inches below the surface and may be referenced by a mark not to exceed two inches in any dimension visible in the edge of the concrete sidewalk. All monuments shall bear the engineer's or surveyor's number and exact survey point except as follows:

1. In planned unit developments where lot corners are coincidental to building corners, an offset monument system may be used, provided that sufficient information is given on the map such that:
    a. Exact lot corner can be established;
    b. Lot surveys can be retraced; and
    c. Offset monument system is approved by the City Engineer.

2. Any other monument that is approved in writing by the City Engineer may be used.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-4504. MONUMENT ACCEPTANCE.

A. Before any improvements are accepted, all monuments and stakes must be set, and any monuments or stakes disturbed by said improvements shall be reset. Where no streets are to be improved, the subdivider shall post a faithful performance bond to guarantee the setting of all the above stakes and monuments;

B. The location of any boundary corner shall be proved by surveying and by showing on the Final Map the relationship of such boundary corners to section corners involved or one-fourth section corners or other well established corners;

C. All bearings shall be with reference to the true meridian, or with reference to an assumed bearing of a section or fractional section line monumented with durable monuments for a distance of not less than one-half mile, or a previously recorded subdivision, provided such subdivision tie is approved by the City Engineer; and

D. All measurements and angles turned shall be made to a standard which will insure an accuracy of not less than one in 10,000.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

PART V: ADMINISTRATION AND PERMITS

ARTICLE 49 PLANNING AUTHORITIES

Sec. 15-4901. Purpose.
Sec. 15-4902. City Council.
Sec. 15-4903. Planning Commission.
Sec. 15-4904. Director.
Sec. 15-4905. Historic Preservation Commission.
Sec. 15-4906. Council District Project Review Committees.
Sec. 15-4907. Summary of Primary Planning Permits and Actions.

Sec. 15-4901. PURPOSE.

The purpose of this article is to identify the bodies, officials, and administrators with designated responsibilities under various articles of the Development Code. Subsequent articles of Part V provide detailed information on procedures, applications, and permits, including Code text and zoning map amendments, and enforcement. When carrying out their assigned duties and responsibilities, all bodies, administrators, and officials shall interpret and apply the provisions of this Code to implement the policies and achieve the objectives of the General Plan.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4902. CITY COUNCIL.

The powers and duties of the City Council as the legislative body under this Code include, but are not limited to the following:

A. Consider and adopt amendments to the General Plan, operative plans, the Zoning Map, and the text of this Code pursuant to the provisions of Article 58, Amendments to Development Code Text, Rezones, and Plan Amendments, following a public hearing and recommended action by the Planning Commission.

B. Initiate new plans, amendments to operative plans, and the rezoning of property.

C. Consider and make decisions on land use entitlements.

D. Hear and decide applications for Development Agreements, pursuant to Article 60.

E. Hear and decide appeals from decisions of the Planning Commission on Conditional Use Permits, Variances, and any other permits that can be appealed, pursuant to Section 15-5017, Appeals.

F. Hear and make environmental determinations on projects that require Council action.

G. Hear and decide appeals on environmental determinations by the Director or the Planning Commission, pursuant to Section 15-5005, Environmental Review.

H. Establish, by resolution, a Master Fee Schedule listing fees, charges, and deposits for various applications and services provided, pursuant to this Code.

I. Shall designate the authority of the Planning Commission, Historic Preservation Commission, and the Planning Director. The Council shall authorize Planning Commission, Historic Preservation Commission, and the Director to take acts as specified in the Code.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4903. PLANNING COMMISSION.

The Planning Commission is established and organized pursuant to Article IX, Boards and Commissions, of the City Charter and the requirements of the Government Code. The powers and duties of the Planning Commission under this Code include, but are not limited to, the following:

A. All duties set forth in the City Charter (Section 907).

B. Consider and make decisions on land use entitlements.

C. Hear and decide if projects are consistent with City policies relating to architectural design, site design, connectivity to surrounding uses, performance standards, the fabric of the existing neighborhoods, etc.

D. Annually review progress towards implementation of the General Plan and recommend to the City Council changes needed to meet community needs.

E. Initiate, conduct hearings, and make recommendations to the City Council on proposed amendments to operative plans, the General Plan, Zoning Map and to the text of this Code, pursuant to Article 58, Amendments to Development Code Text, Rezones, and Plan Amendments.

F. Make environmental determinations on any approvals it grants that are subject to environmental review under the California Environmental Quality Act or the City of Fresno's adopted environmental review guidelines pursuant to State law and the procedures in Section 15-5005, Environmental Review.

G. Conduct hearings and make recommendations to the City Council on proposed revocations of permits, pursuant to Section 15-5016, Revocation of Permits.

H. Hear and decide appeals from decisions of the Director and City Engineer, and on decisions, determinations, or interpretations made in the enforcement of this Code and any other decisions that are subject to appeal, pursuant to Section 15-5017, Appeals.

I. Such other duties and powers as assigned or directed by the City Council.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4904. DIRECTOR.

The following powers and duties of the Development and Resource Management Director (the "Director") under this Code include, but are not limited to, the following.

A. Maintain and administer the Development Code, including acceptance and processing of applications, abatements, and other enforcement actions.

B. Prepare and implement rules and procedures necessary or convenient for the conduct of the Director's business. These rules and procedures must be as approved by a resolution of the City Council following review and recommendation of the Planning Commission. They may include the administrative details of notice and hearings officiated by the Director (e.g., scheduling, rules of procedure, appeals, and record-keeping).

C. Issue administrative regulations for the submission and review of applications subject to the requirements of this Code.

D. Review applications for permits and licenses for conformance with this Code and issue a Zone Clearance when the proposed use or building is allowed by right and conforms to all applicable development and use standards and other requirements of this Code.

E. Review applications for discretionary permits and approvals under this Code for conformance with applicable submission requirements and time limits.

F. Review applications for discretionary permits and approvals to make a preliminary determination as to whether a project is subject to review under the California Environmental Quality Act or the City's environmental review requirements.

G. Make recommendations to the City Council on all applications, amendments, appeals, and other matters upon which the Council has the authority and the duty to act under this Code.

H. Serve as the Secretary of the Planning Commission.

I. Make recommendations to the Planning Commission on all applications, appeals, and other matters upon which the Planning Commission has the authority and the duty to act under this Code.

J. Approve, conditionally approve, modify, or deny projects pursuant to Table 15-4907, Planning Permits and Actions.

K. Approve, conditionally approve, modify, or deny requests for deviations to dimensional requirements and requests for reasonable accommodation, pursuant to Article 56, Minor Deviations, and Article 57, Reasonable Accommodation for Housing.

L. Approve, conditionally approve, modify, or deny modifications to approved permits and modifications to approved Conditional Use Permits and Variances, pursuant to Article 50, Common Procedures.

M. Refer items to the Planning Commission where, in their opinion, the public interest would be better served by a Planning Commission public hearing and action.

N. Provide required notice and conduct public hearings and make recommendations to the City Council about Development Agreements, pursuant to Article 60.

O. Negotiate the components and provisions of Development Agreements for recommendation to the City Council.

P. Delegate administrative functions as they so deem to members of the Planning Department.

Q. Other duties and powers as may be assigned by the City Council or established by legislation.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4905. HISTORIC PRESERVATION COMMISSION.

The Historic Preservation Commission shall have the powers and duties established in the City's Historic Preservation Ordinance.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-4906. COUNCIL DISTRICT PROJECT REVIEW COMMITTEES.

A. **Purpose.** The purpose of Council District Project Review Committees is to:

1. Provide the opportunity for citizen review on every entitlement request to insure the voices of the community are heard;

2. Allow for citizens of each council district to provide insight on the unique needs and concerns that exist in the different districts; and

3. Act as advisors to the Planning Commission and City Council on the adopted plans that affect individual council districts.

B. **Number and Name.** The number of committees shall be equal to the number of the City's council districts and the boundaries of each committee shall be coterminous with the council district boundaries. The committees shall be referred to collectively as the "Council District Project Review Committees" and individually by reference to the council district number. For example, the committee for Council District 1 would be referred to as "Council District 1 Project Review Committee."

C. **Structure and Members.**

1. Each Councilmember shall determine the number of members and appropriate qualifications for their district's committee.

2. Each Councilmember shall appoint members to their district's committee. At minimum, one member on each district committee shall be appointed by the Mayor.

3. Committee members, upon appointment, shall make themselves familiar with every adopted City plan that falls within the boundaries of their committee's area.

4. Committee members shall serve at the pleasure of the appointing authority.

5. Organizational Form to Establish the Committee. The Councilmember shall complete the Organizational Form for City of Fresno Boards, Commission, Committees, and Similar Bodies attached to Resolution No. 2004-185 to establish the structure of the committee, the qualifications of the members, the number and frequency of meetings,

and any other provisions as the Councilmember deems appropriate. The Organizational Form shall be filed with the City Clerk and the Director of the Planning and Development Department before any appointments may be made.

a. Changes to the Organizational Form. Any changes to the Organizational Form shall be made in writing and filed with the City Clerk and the Director of the Development and Resource Management Department prior to implementation of the changes. A new Councilmember assuming office may adopt a different structure for their district's committee and different qualifications for committee members by filing a new Organizational Form.

D. **Committee Duties.** Committees shall have the following duties.

1. Committees shall review and provide recommendations to the Planning Commission and Council on every application for a Plan Amendment, Rezone, Tentative or Parcel Map, Conditional Use Permit, Planned Development Permit, or Variance to develop property within the committees' boundaries. Development applications may be reviewed by multiple committees if a development project crosses committee boundaries. In providing its review and recommendations, the committee shall consider every plan to which the development is subject.

   a. Development Permit applications submitted in multi-unit and mixed-use districts consistent with the Certainty Option set forth in sections 15-1004, 15-1005, 15-1104, and 15-1105 of this Code shall not be subject to review and recommendation by Council District Project Review Committees.

      Development Permit applications submitted in said districts consistent with the Flexibility Option set forth in the aforementioned sections of this Code shall be subject to review and recommendation by Council District Project Review Committees.

2. Committees shall act as liaisons between property owners, residents, business people, the community-at-large, the Council, and staff, providing a forum for public participation.

3. Committees may make recommendations to the Planning Commission and Council on any matters related to planning and zoning and the plans in the Councilmember's district, including adoption of guidelines to implement the goals and policies of adopted City plans.

4. Committees shall have any additional duties that the Councilmember provides in the Organizational Form.

E. **By-Laws.** Council shall adopt written by-laws by resolution to be applicable to all of the committees. The by-laws may only be altered by Council. These by-laws may be made applicable to committees that advise on City plans other than the Council Project Review Committees.

F. **Staff Duties.** Each committee shall be staffed by the Development and Resource Management (DARM) Department with at least one person. DARM staff shall perform the following duties:

1. Keep records for the committees and be responsible for keeping the records of the agendas and any recommendations of the committees.

2. Provide a copy (in written or electronic form) of all plans to the committees, the committee by-laws, and the Organizational Form for the committee.

3. Provide reports to the committees as requested on matters within the scope of planning and land use.

4. **Council Staff.** To the extent that a Councilmember assigns tasks to a committee that are outside the scope of land use planning, the Councilmember's office shall provide staff to the committee to assist with those tasks and otherwise perform those responsibilities that would be the duties of the staff person from the DARM Department.

G. **Brown Act and State Conflict Laws.** The committees and the committee members are subject to the Brown Act (Cal. Gov't Code §§ 54950 et seq.) and the State laws on conflicts regarding public officials (including Cal. Gov't Code §§ 87100 et seq.).

H. **Additional Committees.** Nothing in this section is intended to limit the ability of Council or the Mayor after the effective date of this Ordinance from establishing committees in addition to the Council District Project Review Committees to advise on plans or guidelines adopted under the City's plans; including committees created to help draft new plans.

1. Development Permit applications submitted in multi-unit and mixed-use districts consistent with the Certainty Option set forth in sections 15-1004, 15-1005, 15-1104, and 15-1105 of this Code shall be subject to review by applicable Specific Plan Design Review Committees as follows:

    a. Upon completion of an application following internal departmental review, DARM Department staff shall provide the completed application to members of any applicable Specific Plan Design Review Committee.

    b. If a Committee member chooses to request a meeting to discuss the application, they must submit the request to DARM Department staff within three business days of their receipt of the application.

    c. A meeting of the applicable Specific Plan Design Review Committee must be set within 5 business days of the first request for a meeting.

    d. If no members of a Committee request a meeting to discuss the application within the allotted time, it shall move forward without review by the Committee.

e. The Committee's review is limited to verification of the project's compliance with the requirements of the Certainty Options set forth in sections 15-1004, 15-1005, 15-1104, and 15-1105 of this Code, and the requirements of any applicable Specific Plan, including all applicable design guidelines.

I. **Compensation.** Council may provide a stipend to committee members through the Master Fee Schedule.

J. **Suspension.** Notwithstanding any other provision in this section, Councilmembers, may, at their discretion, suspend meetings of their Council District Project Review Committee. The suspension will be documented by a written notice filed with the City Clerk. At their discretion, Councilmembers may resume their Council District Project Review Committee meetings by written notice filed with the City Clerk. In the event of such a suspension, projects shall not be subject to the review of the suspended committee.

K. Nothing within this section shall be construed as to cause the dissolution or suspension of any committee in existence at the time of the adoption of this Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-32, §§ 33, 34, eff. 10-21-16; Am. Ord. 2018-25, § 30, eff. 6-11-18; Am. Ord. 2025-024, §§ 75, 76, eff. 7-27-25).

Sec. 15-4907. SUMMARY OF PRIMARY PLANNING PERMITS AND ACTIONS.

The following table shows, for ease of reference, a brief summary of the permits and actions that are administered under this Code. The table is not regulatory. For complete regulations, procedures, and requirements, see Articles 49 through 66.

TABLE 15-4907: PLANNING PERMITS AND ACTIONS

Proposed Activity	*Permit or Action Required*	*Type of Decision*
Use-Only Proposals		
Establishment of a (P) Permitted use, not associated with development of property	Zone Clearance	Ministerial
Establishment of a (C) Conditional use	Conditional Use Permit	Discretionary Quasi-Judicial
Establishment of a Temporary use	Temporary Use Permit	Discretionary Quasi-Judicial
Establishment of use which is not listed in this Code	Director's Determination	Ministerial
Development Proposals		
Second Dwelling Unit	Building permit	Ministerial
Development of one single-unit home, duplex, or qualifying Downtown housing which complies with all provisions of this Code	Zone Clearance	Ministerial
Development of property to a greater extent than is covered by a Zone Clearance	Development Permit (Formerly Site Plan Review)	Discretionary Quasi-Judicial
Request for relief from property development standards due to unique conditions in conjunction w/a Development Permit	Variance	Discretionary Quasi-Judicial
Request for relief from property development standards of 10% or less in conjunction with a Development Permit	Minor Deviation	Discretionary Quasi-Judicial

TABLE 15-4907: PLANNING PERMITS AND ACTIONS		
Proposed Activity	*Permit or Action Required*	*Type of Decision*
Innovative development proposal which does not comply with the provisions of any zone district within this Code	Planned Development Permit	Discretionary Quasi-Judicial
Development of new multi-unit residential or Office-to-Dwelling conversions in the O District	Zone Clearance	Ministerial
Development of a multi-unit residential project in Multi-Unit districts within half a mile of a Major Transit Stop as defined in Appendix M of the California Environmental Quality Act Guidelines	Zone Clearance	Ministerial
Development of housing in Mixed-Use Districts within the City Infill Priority Area	Zone Clearance	Ministerial
Other Proposals or Actions		
Formal interpretation of this Code, verifications of prior permits, or confirmation of zoning district	Zoning Inquiry	Ministerial
Minor changes to approved plans, consistent with original findings and conditions	Minor Modification	Ministerial
Change to discretionary permit or change to approved plans that would affect findings or conditions	Major Modification	Discretionary Quasi-Judicial
Violation of conditions or terms of permit	Revocation of Permit	Discretionary Quasi-Judicial
Modifications of or exceptions from regulations to ensure equal access to housing for individuals with disabilities	Reasonable Accommodation for Housing	Discretionary Quasi-Judicial
Proposals to change a regulation within this Code	Development Code Text Amendment	Discretionary Legislative
Proposal for development which complies to regulations of an existing district, but not the one currently applied to the site	Rezone	Discretionary Legislative
Change of the General Plan land use designation for a site	Plan Amendment	Discretionary Legislative
Large, multi-phase project which needs certainty regarding regulations over time in exchange for public benefits	Development Agreement	Discretionary Legislative

NOTE: This table is not regulatory, and is provided only as an overview of permits and actions for ease of reference. For complete regulations, procedures, and requirements, see Articles 49 through 66.
PC = Planning Commission and CC= City Council

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-43, § 13, eff. 12-9-16; Am. Ord. 2024-043, § 1, eff. 1-16-25; Am. Ord. 2025-024, § 77, eff. 7-27-25; Am. Ord. 2025-023, § 4, eff. 12-26-25).

Editor's note—Ord. 2024-043, § 1, adopted December 12, 2024, and effective January 16, 2025, amended the title of § 15-4907 to read as herein set out. The former § 15-4907 title pertained to summary of primary planning permits and actions. Subsequently, Ord. 2025-023, § 4, effective December 26, 2025, amended the title of § 15-4907 to read as herein set out. The former § 15-4907 title pertained to planning permits and actions.

SEC. 15-5001. PURPOSE.

This article establishes procedures that are common to the application and processing of all permits and approvals provided for in this Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5002. APPLICATION AND FEES.

A. **Applicant.**

1. The property owner(s) shall sign all applications.
2. If the application is made by someone other than the owner, written proof, satisfactory to the Director, of the right to act as the owner's agent or to use and possess the property as applied for, shall accompany the application.
3. Written proof of authorization must be signed and dated by the property owner and expressly state what the agent is authorized to do on behalf of the owner.

B. **Forms and Materials.**

1. **Application Forms.** The Director shall prepare and issue application forms and lists that specify the information that will be required from applicants for projects subject to the provisions of this Code.
2. **Supporting Materials.** The Director may require the submission of supporting materials as part of the application, including, but not limited to, operational

statements, photographs, plans, drawings, renderings, models, material and color samples, and other items necessary to describe existing conditions on the project site and in the vicinity and the proposed project and to determine the level of environmental review pursuant to the California Environmental Quality Act.

3. **Availability of Materials.** All material submitted becomes the property of the City, may be distributed to the public, and shall be made available for public inspection. At any time, upon reasonable request, and during normal business hours, any person may examine an application and materials submitted in support of or in opposition to an application in the Planning Division offices. Unless prohibited by law, copies of such materials shall be made available at a reasonable cost.

C. **Application Fees.**

1. **Payment of Application and Processing Fees.** No application or covenant shall be accepted as complete and processed without payment in full of the required application and review fee per the Master Fee Schedule.

2. **Multiple Applications.** The City's processing fees are cumulative. For example, if an application for a Conditional Use Permit also includes a Variance, both fees shall be charged. Cost savings may be incurred due to similar documents being prepared for a single project, such as CEQA review, should the applications be filed simultaneously.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5003. PRE-APPLICATION REVIEW.

Pre-application review is a process that is intended to provide information on relevant General or Specific Plan policies, zoning and subdivision regulations, and procedures related to projects requiring discretionary approval pursuant to this Code.

A. **Applicability.** Pre-application review is required for any project that requires a discretionary approval, including, but not limited to, Development Permits, Conditional Use Permits, Variances, Planned Developments, Rezones, General Plan Amendments, subdivisions, and Annexations.

B. **Exemption from Permit Streamlining Act.** Pre-application review is not subject to the requirements of the California Permit Streamlining Act (the "Act"). An application that is undergoing pre-application review shall not be considered complete pursuant to the requirements of the Act unless and until the Director has received an application for approval of a development project, reviewed it, and determined it to be complete under Section 15-5004, Review of Applications. Applications undergoing pre-application review shall not constitute submission and receipt by the City of an application.

C. **Review Procedure.** The DARM Department shall conduct pre-application review. The Director may consult with or request review by any City agency or official, group, or persons with interest in the application.

D. **Summary of Recommendations.** The Director shall provide the applicant with a written summary of the procedures and requirements applicable to the potential project.

E. **Recommendations Are Advisory.** Neither the pre-application review nor the provision of information and/or pertinent policies shall be construed as a recommendation for approval or denial of the application(s) by City representatives. Any recommendations that result from pre-application review are considered advisory only and shall not be binding on either the applicant or the City. During the formal review of applications, additional information, applications, etc., may be required.

F. **Formal Submittal.** Following completion of the pre-application review procedure, the applicant may submit the application and filing fees to the City.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-32, § 35, eff. 10-21-16).

SEC. 15-5004. REVIEW OF APPLICATIONS.

A. **Determination of Completeness.** In compliance with Government Code Section 65920 (the "Permit Streamlining Act" or "PSA"), within 30 days upon receipt of an application for a development project, the Director shall determine and notify the applicant in writing as to whether an application is complete.

B. **Incomplete Application.** If an application is incomplete, the Director shall provide written notification to the applicant listing the applications for permit(s), forms, information, and any additional fees that are necessary to complete the application.

1. **Appeal of Determination.** Determinations of incompleteness are subject to the provisions of Section 15-5017, Appeals, except there shall be a final written determination on the appeal no later than 60 days after receipt of the appeal.

2. **Submittal of Additional Information.**

   a. The applicant shall provide the additional information within the time limit specified by the Director, which must be no sooner than 30 days. The Director may grant one extension of up to 90 days.

   b. Upon submission of additional requested materials, the Director shall make a new determination and notify the applicant in writing as to whether the application is complete within 30 days of the date the additional materials are received by the City.

3. **Expiration of Application.** If an applicant fails to correct the specified deficiencies within the specified deadline set forth in the Director's letter setting forth the application's deficiencies, or an extended deadline consistent with the maximum time-frames set forth in Subparagraph 2 above, the application shall expire and be deemed withdrawn. After the expiration of an application, project review shall require the submittal of a new, complete application, along with all required fees.

4. **Refund of Fees for Terminated Applications.** The Director shall determine an appropriate refund for fees that may have been collected.

C. **Extensions.** The Director may, upon written request and for good cause, grant extensions of any time limit for review of applications imposed by this Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5005. ENVIRONMENTAL REVIEW.

A. **Purpose.**

1. The purpose of this section is to comply with Public Resources Code, Section 21082 that mandates local agencies to adopt by ordinance, resolution, rule or regulation, objectives, criteria, and procedures for the evaluation of projects and the preparation of environmental impact reports, and negative declarations. As part of the review to determine whether an application for a development project is complete, the Director shall conduct a preliminary assessment of potential environmental issues.

2. The purpose of this review is to help the City decide if the project is subject to environmental review and, if so, which issues may require analysis. An application subject to environmental review pursuant to the California Environmental Quality Act (CEQA) shall not be considered complete until the applicant has submitted all studies and other documentation the Director has deemed necessary to make an environmental determination.

B. **Applicability.** The California Environmental Quality Act (CEQA), Public Resources Code Section 21000 et seq., applies to development projects as may be determined by the City.

C. **CEQA References.** Any reference to "CEQA," includes Public Resources Code 21000 et. seq.

D. **Review for Exemption.** If the Director determines that the application is subject to review under CEQA, within 30 days after determining that the application is complete, the Director shall determine if the project is exempt from environmental review pursuant to State law, CEQA Guidelines and any environmental guidelines that the City has adopted in compliance with CEQA.

1. If the Director has determined that a project is exempt from environmental review under CEQA, such determination shall be supported with necessary written findings and substantial evidence and included in any public notice required for the project. The notice shall include a citation to the applicable statute or CEQA Guideline section under which it is found to be exempt.

2. Following approval of a project that is exempt from CEQA review, the Director or the applicant may file a Notice of Exemption with the Fresno County Clerk. The applicant for a project shall be responsible for any fees required to file such notice.

E. **Environmental Review Application.** If the proposed project is not exempt from environmental review, the applicant shall submit an application for environmental review. After receiving an environmental review application and required studies, the Director shall determine whether to require preparation of an Environmental Impact Report (EIR), Negative Declaration or Mitigated Negative Declaration or whether the project is within the scope of a Master EIR, or other appropriate document authorized by CEQA. In order to make this determination, the Director shall prepare or cause the preparation of an Initial Study at the applicant's expense.

F. **Preparation of Initial Study.**

1. The Initial Study shall be prepared in compliance with State law, CEQA Guidelines and any environmental guidelines that the City has adopted in compliance with CEQA.

2. Following completion of the Initial Study, the Director shall notify the applicant in writing of changes to the project deemed necessary to reduce or avoid any significant effects or revise the project to reduce its impacts to less than significant identified in the Initial Study; or

3. Within 30 days following the date of the notification described above, the applicant shall provide written notification to the Director indicating that the proposed modifications are acceptable or shall propose alternative measures that will achieve the same result. If the applicant does not agree to revise the project, an EIR shall be prepared. Alternatively, if the applicant does not respond to letter, the application shall be terminated by the City.

4. If an EIR is being prepared, an Initial Study is not mandatory as outlined by CEQA.

G. **Determination of Environmental Significance.** Based on the Initial Study, the Director will make one of the following findings and prepare the appropriate environmental documentation in compliance with State law, CEQA Guidelines and any environmental guidelines that the City has adopted in compliance with CEQA.

1. The project will have "No Significant Impacts" on the environment, and a Negative Declaration will be prepared;

2. The project has been modified to mitigate potential environmental impacts to a level of insignificance and a Mitigated Negative Declaration will be prepared;

3. The project is within the scope of a Master EIR or other appropriate document authorized by CEQA, no additional significant environmental effect will result, and no additional mitigation measures or alternatives may be required; or

4. The proposed project will have, or may have, significant impact(s) and an EIR will be required.

H. **Review Authority for the CEQA Finding.** The Review Authority of the entitlement shall also have the authority to adopt the related CEQA finding. For example, should the Director be the Review Authority, the Director shall also have the authority to approve the related CEQA finding.

I. **Appeals.** Notwithstanding other provisions of this Code, the applicant or any aggrieved person may appeal the following environmental determinations made by non-elected decision making bodies of the City directly to Council in the manner described in Section 15-5017, Appeals, unless the Council is the approving authority for the project:

1. Determination that a project is or is not subject to environmental review.
2. Determination that a project is exempt from environmental review.
3. Approval of a Negative Declaration or Mitigated Negative Declaration.
4. Approval of a Finding of Conformity with the Master EIR.
5. Certification of a Final EIR.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5006. NEIGHBORHOOD MEETING.

Neighborhood Meetings shall be conducted as follows:

A. **Applicability.** Neighborhood meetings shall not be required except when specifically stated in this Code or when otherwise required by the Director.

B. **Responsibility.** When required, a neighborhood meeting shall be conducted by the applicant at the applicant's expense.

C. **Purpose.** The purpose of the neighborhood meeting shall be to acquaint the neighborhood with the proposed operation and to receive comment.

D. **Timing.** A neighborhood meeting shall held be prior to the submission of the associated project application.

E. **Notice.** Notices of the meeting shall be mailed by first class mail, a minimum 10 days prior to the meeting date, to every owner whose name and address appears on the last equalized County Assessment Roll for any property within 500 feet of the exterior boundaries of the subject property. Proof shall be submitted to the City that such a notice was mailed.

F. **Meeting Location, Date, and Time.**

1. The meeting shall be held at a location acceptable to the Director.
2. The meeting shall begin between the hours of 6:00 p.m. and 7:00 p.m.
3. The meeting shall not be held on a Friday, Saturday, Sunday, or on any of the following days: Federal Holidays, New Year's Day, New Year's Eve, Birthday of Martin Luther King, Jr., Mardi Gras Day, Washington's Birthday, St. Patrick's Day, Memorial Day, May 5th (Cinco de Mayo), Independence Day, Halloween,

Labor Day, Thanksgiving Day Eve, Columbus Day, Veterans Day, Thanksgiving Day, Christmas Day, or other days of celebration as determined by the Director.

G. **Posting.** The applicant shall be responsible to post required notices in a prominent place near the entrance to the premises to make it apparent that a neighborhood meeting will be held. It shall be 11 × 17 inches in size, in a form acceptable to the City.

H. **Materials.** The applicant shall provide participants with a detailed operational statement which shall also be submitted to the City.

I. **Report.** A detailed report of the meeting shall be submitted to the City with the project application.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5007. PUBLIC NOTICE.

Unless otherwise specified, whenever the provisions of this Code require public notice, the City shall provide notice as follows.

A. **Timing of Notice.** The Director shall provide a notice at least 10 days before the date of the public hearing or the date of action when no public hearing is required.

1. **Dual Notice.** When two hearings for the same project will occur within 20 days of one another, a single notice for both hearings is permitted.

B. **Mailed Notice.** The Director shall provide notice by First Class mail delivery to:

1. The applicant and the property owner; and

2. All property owners of record within a minimum 1,000-foot radius of the subject property as shown on the latest available assessment role; and

3. Any person or group who has filed a written request with the Director for notice regarding the specific application.

4. **Additional Notices.** The Director, at their discretion, may increase the public notice distance requirements if, in their opinion, the project has the potential to impact properties outside of the standard mailing radius.

5. **Conditions of Zoning.** For modifications to Conditions of Zoning that were placed on a property that was also subject to a Plan Amendment, the rezone public notice distance shall be increased to a minimum 500-foot radius of the subject property while a public notice shall also be posted on the site per Subsection C below.

C. **Posting of the Site.** For other instances where the posting of a site may be required by this Code, the applicant shall post a public notice on the subject property per the following:

1. The public notice shall be posted at least 10 days prior to the public hearing or action;

2. At least one notice per street frontage shall be posted;

3. There shall be at least one notice per 500 feet of street frontage;

4. The City shall prepare the notice;

5. The notice shall contain the information per Subsection E below;

6. The notice shall be a minimum of 11 × 17 inches; and

7. Should the site be developed, a notice shall be posted in a conspicuous location proximate to the entrance(s) of the subject property. This notice shall be in addition to the notices that are required to be posted along the street frontage(s).

D. **Alternative Method for Large Mailings.** If the number of owners to whom notice would be mailed or delivered is greater than 1,000, instead of mailed notice, the Director may provide notice by placing a display advertisement of at least one-eighth page in at least one newspaper of general circulation in the city at least 10 days prior to the hearing.

E. **Contents of Notice.** The notice shall include the following information:

1. The location of the real property, if any, that is the subject of the application;

2. A general description of the proposed project or action;

3. The date, time, location, and purpose of the public hearing or the date of action when no public hearing is required;

4. The identity of the hearing body or officer;

5. The names of the applicant and the owner of the property that is the subject of the application;

6. The location and times at which the complete application and project file, including any environmental assessment or determination of exemption from CEQA prepared in connection with the application, may be viewed by the public;

7. A statement that any interested person or authorized agent may appear and be heard and that failure to object to the approval and state said reasons prior to or at the hearing on the decision shall potentially bar any later court challenge to the project approval;

8. A statement describing how to submit written comments;

9. A statement describing how to obtain additional information; and

10. For Council hearings, the Commission's recommendation, if available at the time of the notice.

F. **Posting to City Website.** When public noticing is required, the notice shall be posted to a designated, central location on the City's website at least 10 days before

the public hearing. However a failure to post to the website due to technical difficulties shall not constitute grounds to postpone the hearing or invalidate the decision made at the hearing.

G. **Failure to Notify Does Not Affect Validity.** The validity of the proceedings shall not be affected by typographical errors in the notice or the failure of any property owner, resident, neighborhood, or interested party to receive a notice.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-32, §§ 36, 37, eff. 10-21-16).

SEC. 15-5008. CONDUCT OF PUBLIC HEARINGS.

Whenever the provisions of this Code require a public hearing, the hearing shall be conducted in compliance with the bylaws and meeting procedures for said decision-making body and/or review authority.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5009. NOTICE OF ACTION.

A. After the Director or Planning Commission takes any action to approve, modify, or deny an application that is subject to appeal under the terms of this Code, the Director shall issue a Notice of Action. The Notice shall describe the action taken, including any applicable conditions, and shall list the findings that were the basis for the decision.

B. The Director shall mail the Notice of Action within 10 days from the date of taking the action to the applicant and to any other person or entity that has filed a written request for such notification with the Planning Division.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5010. SCOPE OF APPROVALS.

A. **Scope.** Any approval shall only be for those uses and activities proposed in the application, and excludes other uses and activities. Approvals run with the land and/or building/tenant space, not the applicant. Unless otherwise specified, the approval of a new use shall terminate all rights and approvals for previous uses that are no longer occupying the same site or tenant space.

B. **Conditions of Approval.** The site plan, floor plans, building elevations, and/or any additional information or representations, indicating the proposed structure or manner of operation submitted with an application or submitted during the approval process shall be deemed conditions of approval. Any approval may be subject to requirements that the applicant guarantees, warranties, or insures that the applicant will comply with permit's plans and conditions in all respects.

C. **Actions Voiding Approval.** If the construction of a building or structure or the use established is contrary to the description or illustration in the application or based on misrepresentations, so as to either violate any provision of this Code or require additional permits, then the development may be deemed out of compliance with issued permits and the FMC and will be subject to revocation procedures set forth within this Development Code.

D. **Periodic Review.** All approvals may be subject to periodic review to determine compliance with the permit and applicable conditions. If a condition specifies that activities or uses allowed under the permit are subject to periodic reporting, monitoring, or assessments, it shall be the responsibility of the permit holder and the property owner, or successor property owners, to comply with such reporting, monitoring and assessment requirements as stipulated as part of the granting of the permit. Failure to comply may constitute grounds for revocation.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5011. COVENANTS, AGREEMENTS, AND STATEMENTS.

A. Whenever performance of any condition or accomplishment of any development is required by the grant of an approval, and the performance or accomplishment is to occur at or after a specified time, the Director may require the record owner of the land involved to execute a covenant running with the land outlining responsibilities. All covenants and/or agreements shall be approved as to form by the City Attorney and shall be recorded at the Fresno County Recorder's Office.

B. **Releases from Covenants.** The Director shall issue written releases from required covenants, to be recorded with the County, when they are no longer applicable.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5012. EFFECTIVE DATES.

A final decision on an application for any approval subject to appeal shall become effective after the expiration of the 15-day appeal period following the date of action on an application, unless an appeal is filed. Appeals shall be filed with the Director before the close of business on the 15th day. No building permit or permits shall be shall be issued until the 16th day following the date of the action. Should the permit not include a building permit, activities of said permit shall not commence until the 16th day.

A. **Planning Commission Decision.** Unless the Planning Commission decision is appealed for hearing to the Council in accordance with Section 15-5017, Appeals, the decision of the Commission shall be final, subject to writ of administrative mandamus under 1094.6 of the Code of Civil Procedures.

B. **Failure to Appeal Commission Decision.** Failure by any interested person to petition a Councilmember or the Mayor for an appeal shall constitute a failure to exhaust administrative remedies.

C. **Failure to Appeal the CEQA Finding.** In accordance with Section 15-5005-I, Appeals, any person may appeal a CEQA Finding not made by the Council to the Council.

D. **New Application.** A new application for a project on the same site may be applied for after the expiration of the appeal period.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5013. EXPIRATION OF PLANNING ENTITLEMENTS.

A. **Expiration.** A permit granted under this Code shall automatically expire if it is not exercised or extended within three years of its issuance.

1. **Extension for Permit with no Tentative Map.** A time extension not exceeding one year beyond the initial three-year period may be requested by applying to the Director at least 30 days prior to the expiration date of the permit. In no case shall the expiration period extend more than four years from the date of final approval. After that time, a new application shall be required. In order to grant an extension, the Director shall find:

   a. That the permit holder has clearly documented that they have made a good faith effort to commence work upon the use;

   b. That it is in the best interest of the City to extend the permit; and

   c. That there are no substantial changes to the project, no substantial changes to the circumstances under which the project is undertaken, and no new information of substantial importance that would require any further environmental review pursuant to the California Environmental Quality Act.

2. **Extension for Permit Granted in Conjunction with Tentative Map.** The time limits for any permit granted in conjunction with an approved tentative map shall be automatically extended to be the same as the term of such tentative map.

B. **Exercise of a Development Permit Approval.** A Development Permit approval is exercised when a City Building Permit or Grading Permit is secured and physical construction lawfully commenced. After a Grading Permit is issued, the applicant shall maintain an active permit until completion of the project.

C. **Exercise of Conditional Use Permit.** A permit for the use of a building or a property is exercised when all of the following have occurred:

1. If required, a Certificate of Occupancy has been issued;

2. If required, a valid City business license has been granted;

3. The permitted use(s) has commenced on the site; and

4. If required, a City Building Permit or Grading Permit is secured and construction lawfully commenced. After a Grading Permit is issued, the applicant shall maintain an active permit until completion of the project.

D. **Exercise of Building Permit.** A permit for the construction of a building or structure is exercised when a valid City Building Permit, if required, is issued, and construction has lawfully commenced.

E. **Expiration of a Grading or Building Permit.** Should a Grading or Building Permit expire and the time limits specified in this subsection elapse, a new entitlement shall be required.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-5014. PHASED PROJECTS.

A. Phased projects may be permitted subject to the following:

1. Future phases were identified as part of the original permit.

2. Future Special Uses shall be required to submit and gain approval at the time the use will be established.

B. **Commencement of Phases.** The initial phase of a project shall commence within the time periods identified in Section 15-5013, Expiration of Planning Entitlements, above. For future phases:

1. For projects less than five acres in area or less than 100,000 sq. ft. of building area, all phases shall be commenced within six years of the original project approval.

2. For all other projects, all future phases shall commence within 10 years.

C. **New Permits Required.** For phased projects that do not commence within the specified periods, a new permit shall be required.

D. **Subdivisions.** The time limits for any permit granted in conjunction with an approved tentative map shall be automatically extended to be the same as the term of such tentative map.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-5015. MODIFICATION OF APPROVED PLANS.

No change in the use or structure for which a permit or other approval has been issued is permitted unless the permit is modified as provided for in this Code. For the purpose of this section, the modification of a discretionary permit may include modification of a Development Permit approval.

A. **Minor Modifications.** The Director may approve minor changes to approved plans that are consistent with the original findings and conditions approved by the Review Authority and would not intensify any potentially detrimental effects of the project or create a new unanticipated impact that may or may not be significant.

B. **Major Modifications.** A request for changes in conditions of approval of a Discretionary Permit or a change in an approved site plan or building plan that would affect a condition of approval or increase the project's density or intensity or

create a potentially significant environmental impact shall be treated as a new application, except that the Director may approve changes that they determine to be minor.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-5016. REVOCATION OF PERMITS.

Any permit granted under this Code may be revoked or modified if any of the conditions or terms of the permit are violated or if any law or code is violated.

A. **Initiation of Proceedings.** Revocation proceedings may be initiated by the City Council, Planning Commission, or Director. The Council or Commission may initiate revocation proceedings with adoption of a resolution, whereas the Director shall prepare a letter per Subsection B below.

B. **Notice of Initiation.** The Director shall give notice of the initiation of revocation proceedings together with the reasons therefor to the property owner. The Director shall set forth in such notice a tentative hearing date for consideration of the proposed revocation which shall be not less than 30 days after the giving and posting of such notice.

C. **Notice and Opportunity to Cure.** The property owner shall be granted an opportunity to remedy any violations. If such violation is not corrected to the reasonable satisfaction of the City within the time stipulated by the Notice of Initiation, or within such reasonable time as may be required to cure the violation, the City may pursue any remedy available under local, State, or federal law.

D. **Revocation Authority.** The Modification or Revocation Authority for permits is identified in Table 15-5016. The body identified shall hold an evidentiary hearing.

TABLE 15-5016: MODIFICATION OR REVOCATION AUTHORITY

Original Decision Making Body	*May Initiate Modification or Revocation Proceedings?*	*Modification or Revocation Authority*	*Public Notice and Posting of the Site?*
Director	Yes	Planning Commission	Yes
Planning Commission	Yes	Planning Commission	Yes
City Council	Yes	City Council	Yes

E. **Public Notice and Hearing.**

1. The decision-making body shall hear and consider all relevant evidence, including, but not limited to, applicable staff reports, objections or protests by the permit holder with regard to the alleged violations of required conditions, the public, and recommendations proposed by staff.

2. The decision-making body may revoke or modify the permit if it makes a finding on any one or more of the grounds listed in Subsection G below.

F. **Revocation Hearing Procedures.** The decision-making body shall establish the revocation hearing procedures.

G. **Required Findings.** The decision-making body may revoke or modify the permit if it makes any of the following findings:

1. The approval was obtained by means of fraud or misrepresentation of a material fact.

2. The use, building, or structure has been substantially changed in character or expanded beyond what is set forth in the permit.

3. The use in question has ceased to exist or has been discontinued for one year or more.

4. There is or has been a violation of or failure to observe the terms or conditions of approval of the permit or variance, or the use has been conducted in violation of the provisions of this Code, or any applicable law or regulation.

5. The use to which the permit or variance applies has been conducted in a manner detrimental to the public safety, health, and welfare, or so as to be a nuisance.

H. **Notice of Action.** Following action to revoke or modify a permit, the Director shall within 10 days issue a Notice of Action describing the decision-making body's action, with its findings. The notice shall be mailed to the property owner and to any person who requested the revocation proceeding.

I. **Appeals.** Revocation decisions are subject to the appeal provisions of Section 15-5017, Appeals.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2024-043, § 1, eff. 1-16-25).

Sec. 15-5017. APPEALS.

A. **Applicability.** Any action by the Director or Planning Commission in the administration or enforcement of the provisions of this Code may be appealed in accordance with this section.

1. **Appeals of Director Decisions.** Decisions of the Director made pursuant to this Code may be appealed to the Planning Commission by filing a written appeal with the Director. Appeals may be filed by any person aggrieved by the decision. The appeal shall identify the decision being appealed and shall clearly and concisely state the reasons for the appeal. The appeal shall be signed by the person making the appeal and accompanied by the required fee.

2. **Appeals of Planning Commission Decisions.** Decisions of the Planning Commission may be appealed to the City Council by the Councilmember of the district in which the project is located or by the Mayor, either on their own initiative or upon receiving a petition from any person. Appeals must be initiated by filing a letter with the Director. Such action shall require a statement of reasons for the appeal.

3. **CEQA Appeals.** CEQA appeals shall be made pursuant to Section 15-5005, Environmental Review, including CEQA appeals per Section 15-5005-I, Appeals.

B. **Time Limits.** Unless otherwise specified in governing State or federal law, all appeals shall be filed with the Director in writing within 15 days of the date of the action, decision, CEQA determination, motion, or resolution from which the action is taken.

C. **Procedures.**

1. **Proceedings Stayed by Appeal.** The timely filing of an appeal shall stay all proceedings in the matter appealed including, but not limited to, the issuance of City building permits and business licenses.

2. **Transmission of Record.** The Director shall schedule the appeal for consideration by the authorized hearing body within 40 days of the date the appeal is filed. The Director shall forward the appeal, the Notice of Action, and all other documents that constitute the record to the decision making body hearing the appeal. The Director shall also prepare a staff report. The Director, at their discretion, may include a recommendation for action.

3. **Withdrawal.** Any person who files an appeal of any decision rendered under any of the procedures included in this article may withdraw their appeal in accordance with the following rules:

    a. All withdrawals shall be in writing and signed by all persons who signed the appeal.

    b. Any appeal may be withdrawn by the appellant prior to the giving of the notice of hearing on appeal with the consent of the Director, who shall have the discretion to withhold such consent if the Director is of the opinion that such withdrawal might act to deprive other interested persons of an opportunity to oppose the action appealed from.

    c. The body appealed to may permit the withdrawal of an appeal at any time prior to rendering a decision upon the merits of the appeal.

    d. Any withdrawal effectively made pursuant to the above rules shall be an abandonment of the appeal and the decision appealed from shall be reinstated as though no appeal had been made.

    e. Refunds shall not be issued for the withdrawal of appeals.

D. **Public Notice and Hearing.** Public notice shall be provided and the hearing conducted by the applicable appeal body pursuant to Article 50, Common Procedures. Notice of the hearing shall also be given to the applicant and party filing the appeal and any other interested person who has filed with the City Clerk a written request for such notice. In the case of an appeal of a Planning Commission decision, notice of such appeal shall also be given to the Planning Commission. The Planning Commission may be represented at the hearing.

E. **Action.** An action to grant an appeal shall require a majority vote of the appellate body members present representing a quorum. A tie vote shall have the effect of rejecting the appeal.

F. **Effect of Council Decision.** Unless otherwise provided in the City Charter or Fresno Municipal Code, the Council decision shall be final and effective and subject to a writ under Code of Civil Procedure Section 1094.5 or CEQA Section 1085 immediately upon Council action.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5018. CONCURRENT PROCESSING.

Notwithstanding Section 15-5021-C.3 (Building Permit), if requests for multiple Planning entitlements, permits, or approvals are submitted concurrently, they shall all be heard and acted upon at the same time and in the same manner as the entitlement, permit, or approval with the most stringent requirements, as determined by the Director.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5019. ZONING INQUIRY.

Requests for formal interpretations of this Code, verifications relating to prior approvals or permits, or confirmation of the applicable zone district for a parcel may be made to the Director. Requests shall be in writing. The decision of the Director shall be made consistent with resolutions adopted by the Commission and Council. This decision may be appealed under Section 15-5017, Appeals.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5020. DIRECTOR'S DETERMINATION.

Should this Code not list a permitted use, either directly or indirectly, an applicant may petition the Director to make a determination per this section.

A. **Application.** The applicant shall provide a detailed operational statement that, at a minimum, provides:

1. A clear definition of the use and a thorough explanation that outlines how the proposed use differs from other uses already identified in the Code.
2. A minimum of three examples how other communities administer the proposed use.
3. A minimum of three local land use examples, including photographs of how the proposed use is different than similar uses.

B. **Public Outreach.** Prior to making a determination, the Director shall:

1. Present the project to each advisory group (i.e., Plan Implementation and/or Council District Project Review Committees) for comments;
2. Discuss the matter with the Commission at a regularly scheduled hearing; and
3. Shall refer the proposal to the Airport Land Use Commission.

C. **Review Authority.** The Director, after consulting those identified in Subsection B, may take action per the required findings in Subsection D below, or at their

discretion may refer the proposal to the Commission and the Council for consideration. Alternatively, the Director, Commission, or the Council may require a Text Amendment pursuant to Article 58, Amendments to Development Code Text, Rezones, and Plan Amendments.

D. **Required Findings.** In classifying an unlisted use, the Review Authority shall first make a finding that all of the following conditions exist:

1. The subject use and its operation are compatible with the uses permitted in the district where it is proposed to be allowed;

2. The subject use is similar to three or more uses permitted in the district within which it is proposed to be allowed;

3. The subject use will not cause substantial injury to the value of the property in neighborhoods or districts within which it is likely to be located; and,

4. The subject use will be so controlled that the public health, safety, and general welfare will be protected.

E. **Commission and Council Updates.** The Director shall provide an annual update on any new uses that were added via this process during the previous year.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5021. BUILDING PERMIT.

Before commencing any work pertaining to the erection, construction, reconstruction, moving, conversion, or alteration of any structure or any addition to any structure, including the grading of land and the demolition of a structure, a Building Permit shall be secured from the Department.

A. **Form.** Application for a Building Permit shall be made on a form provided by the Department and shall be accompanied by accurate information and dimensions as to the size and location of the lot; the size and location of the buildings on the lot; the dimensions of all yards and open spaces; and such other information as may be necessary for the enforcement of these regulations. Where complete and accurate information is not readily available from existing records, the Department may require the applicant to furnish a survey of the lot prepared by a licensed surveyor.

B. **Conformance with Associated Planning Entitlements.** Prior to issuance of a Building Permit, site plans, elevations, construction documents, and other information provided with a Building Permit application shall be determined to substantially conform to the project plans which were approved with a Development Permit, Conditional Use Permit, or other entitlement for the project by the Director. Substantial inconsistencies between Building Permit application information and approved plans, as determined by the Director, may be subject to revocation of Planning permits or rejection of the Building Permit application.

C. **Timing.**

1. No application for a Building Permit shall be accepted within 90 days of initiation of a change of zone, planned land use designation, or Code regulations that would be affected by the proposed changes.

2. The Director may issue a permit authorizing construction in accordance with the impending zoning district regulations on property being rezoned after the Council has taken affirmative action adopting an ordinance rezoning the property, provided the permit holder and owner of the land and owner of the property being constructed shall have entered into a written agreement with the Director for the City to the effect that should the zoning for any reason whatsoever not become effective, the permit holder or owner shall remove from such property, within 30 days after written notice from the Director, any improvements or construction authorized by such permit and in conflict with existing zoning district regulations and restore said property as nearly as practicable to its prior condition. The written agreement may include provisions dealing with a cash deposit, bond, entry permission, covenants running with the land, hold harmless clause, lien clause, and similar provisions to assure that should the permit holder or owner fail to so remove the improvements or construction, the City could accomplish such removal without cost to the City.

3. Building Permits shall not be considered concurrently with entitlements unless written authorization is provided by the Director. In such instances, the applicant shall affirm in writing that the concurrent review is being done at the applicant's risk, and if the entitlement is rejected for the project, the Building Permit review shall be halted and shall not resume until all necessary entitlements are granted and new, corresponding building plans are submitted.

D. **Demolition.** Before any structure is demolished, the City's Historic Preservation Officer shall review the request for potential historic significance.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5022. CERTIFICATES OF OCCUPANCY.

A. **Use of Buildings.** No existing building hereafter enlarged or altered while unoccupied or erected, or moved, shall be occupied or used, and no building shall be changed in use, until after a Certificate of Occupancy has been issued by the Department. Such certificate shall be applied for coincident with the application for a Building Permit, and shall be issued only after such building enlargement or alteration has been completed in conformity with the provisions of this Code and with an approved Development Permit or other entitlement and applicable required conditions and where the proposed use conforms to this Code and applicable required conditions. Any use legally occupying an existing building on June 11, 1960, may be continued, but shall not be changed unless a Certificate of Occupancy for the new use is issued by the Department after finding that such use conforms to this Code and applicable required conditions.

B. **Use of Land.** No vacant land shall be used, and no existing use of land shall be changed, until a Certificate of Occupancy for such use or change in use has been issued by the Department. Such certificate shall be issued only when such use or change in use conforms to this Code, including any required conditions.

C. **Contents.** The Certificate of Occupancy shall provide information as determined by the Building Official.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 51 ZONE CLEARANCE

Sec. 15-5101. Purpose.
Sec. 15-5102. Applicability.
Sec. 15-5103. Review Authority.
Sec. 15-5104. Application Requirements.
Sec. 15-5105. Public Notice.

Sec. 15-5101. PURPOSE.

This article establishes procedures for conducting a Zone Clearance to verify that each new or expanded use or structure complies with all of the applicable requirements of this Code and with any applicable policies or standards of the General Plan and any operative plans.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-5102. APPLICABILITY.

A. **Establishment of a Permitted Use.** A Zone Clearance is required to confirm that the establishment of a new use is permitted as a matter of right and that no Conditional Use Permit or other entitlements are required prior to securing a tax certificate and commencing operations.

B. **Development of One Single-Unit Home or One Duplex.** A Zone Clearance is required to confirm that the construction of one single-unit house or one duplex is permitted as a matter of right and that such a project is being proposed in a manner which is compliant with, and without any deviations from, all applicable development standards prior to securing a building permit. If a proposed development project does not meet the threshold for a Zone Clearance it shall be required to secure a Development Permit.

C. **Signs.** Unless a Master Sign Program is required per Section 15-2612, a Zone Clearance is required to confirm that proposals for new signage are consistent with all applicable regulations of this Code.

D. **Downtown Housing.**

1. Downtown projects which meet all of the following criteria shall require a Zone Clearance to confirm that their construction is permitted as a matter of right and that such a project is being proposed in a manner which is compliant with, and without any deviations from, all applicable development standards prior to securing a Building Permit:

    a. Located within a DT District;

    b. A minimum of 16 total dwelling units in the project;

    c. A residential density of no less than 20 du/ac;

    d. Residential uses must occupy 50% or more of the total floor area; and

    e. No historic resources or potential historic resources are located on the site.

2. Downtown projects which do not meet the threshold for a Zone Clearance shall be required to secure a Development Permit.

E. **Additional Housing Streamlining.**

1. Permitted Uses. The following types of projects shall be permitted with a Zone Clearance if the additional standards within the section are met:

   a. Office-to-Dwelling Conversions (also § 15-2742.5).

   b. New standalone multi-unit residential development in the O District.

   c. Multi-unit residential development in the RM-1, RM-2, and RM-3 Districts on parcels that are within ½ mile of an existing bus stop.

   d. Multi-unit residential uses in NMX, CMX, RMX, CMS, and CR Districts on parcels within the City's Infill Priority Area.

2. Exceptions.

   a. Sensitive Areas. A project that is located on a parcel that contains any of the following characteristics must obtain a Development Permit.

      i. Important Farmland (Prime Farmland, Unique Farmland, or Farmland of Statewide Importance), as designated by the State Department of Conservation;

      ii. Williamson Act contract(s);

      iii. Special flood hazard area (A, AE, etc.) as designated by the Federal Emergency Management Agency;

      iv. Safety Zones 1 (RPZ), 2 (IADZ) or 3 (ITZ) within the Airport Influence Areas as designated by the Airport Land Use Commission of Fresno County;

      v. Hazardous sites (e.g., Cortese List reference);

      vi. The Project would involve the modification or demolition of a designated Historic Resource.

3. Development or Impact Thresholds. A project site that is determined to require additional review or improvements based on a technical study or analysis required pursuant to any of the following, must obtain a Development Permit unless otherwise specified below.

   a. If after a Phase I ESA is completed, a Phase II ESA is recommended.

   b. If the project is located on land where no urban development has ever occurred, or on site that could provide suitable habitat for special-status species (trees, natural habitat, etc.), a technical study as required pursuant to General Plan PEIR mitigation measures is required. If it is determined that the property could not provide suitable habitat for special-status species, then the project can be processed as a zone clearance.

c. If the Project involves the demolition or change to the exterior building elevations of a building over 50 years old, a Historic Resource evaluation is required. If the building is determined to be a potentially significant historic resource, a discretionary development permit is required.

d. If a project involves changes on previously undisturbed land, a CHRIS record search is required. If no additional recommendations are provided in this letter that would trigger a cultural resource study, then the project can be processed as a zone clearance.

e. If the Project would exceed 224 units for low-rise (1-2 levels), 225 units for mid-rise (3-10 levels), or 340 units for high-rise (10+ levels) apartments, and generate more than 800 average daily one-way trips. If the project exceeds this threshold but a technical assessment for operational and construction emissions determines the project will be below applicable air district thresholds, then the project can be processed as a zone clearance.

f. Projects within traffic zones TIZ 1, TIZ 2, and TIZ 4 that would generate more than 100 new peak hour trips, projects in TIZ 3 that would generate more than 200 new peak hour trips, projects within the Neighborhood Mixed-Use (NMX), Corridor/Center Mixed-Use, (CMX), Regional Mixed-Use (RMX), Commercial-Main Street (CMS), and Commercial Regional (CR) that generate more than 300 peak hour trips, or projects proposing less than 80% residential development within NMX, CMX, RMX, CMS or CR zone district within the Infill Priority Area. However, if a Traffic Impact Analysis is completed and no off-site improvements beyond standard requirements are recommended, and the project will not exceed LOS thresholds, the application can be processed subject to a zone clearance.

g. If a project does not meet at least one of the project screening criteria contained in the City of Fresno, CEQA Guidelines for VMT Thresholds (Adopted June 2020) according to the Fresno County VMT Screening Application, a discretionary development permit is required.

h. It shall be determined that the proposed project can be accommodated within existing infrastructure by the Review Authority in consultation with the Directors of Public Works and Public Utilities. If major infrastructure improvements are required beyond what is contained in the conditions below in Section 15-1006-D-2 and E (i.e., a well, and off-site traffic signal, transmission mains beyond the project frontage, etc.) in order to accommodate the proposed development, a Discretionary Permit is required.

4. Compliance with Environmental Assessment. Projects shall incorporate all relevant mitigation measures in the following documents as environmental design features:

a. An EIR prepared for the General Plan, in effect at the time of project approval.

b. An EIR prepared for either a Community Plan or Specific Plan that includes the project area, in effect at the time of project approval.

c. An environmental assessment reviewing the removal of density limits in mixed use zone districts.

d. An environmental assessment prepared for projects subject to ministerial approval as noted in Subsection A of this Section General Plan mitigation measures identified in this environmental document that reference "Discretionary Projects" shall also apply to these ministerial Zone Clearance applications.

5. Infrastructure Requirements. The proposed design shall not lead to an overburdening of existing or planned infrastructure capacities, including, but not limited to, capacities for water, runoff, storm water, wastewater, and solid waste system.

a. The project shall comply with the following standards to ensure it can be adequately served by City Public Utility Services:

i. Pipelines that are downstream (between the project site and wastewater treatment plant or lift station) from the proposed project shall maintain a sewer flow capacity of 1.15 g/Q ratio. Projects that result in a pipeline exceeding the flow capacity of 1.15 g/Q shall construct upsized replacement pipelines for those found to be deficient per the requirements of the Department of Public Utilities Director.

ii. On-site retention or storm drainage system modifications are required for projects within Priority Development Areas and the O District that are: 1) proposed at a density exceeding 16 du/ac in CMS. CR. and NMX, 30 du/ac in CMX, and 45 du/ac in RMX; and 2) within areas where storm drain facilities are already constructed. Projects proposed outside Priority Development Areas and O Districts shall comply with General Plan EIR mitigation measures related to stormwater.

iii. The City shall evaluate additional landfill locations at the time of discretionary projects are submitted and shall not approve development that could contribute solid waste to a landfill that is at capacity until additional capacity is provided.

iv. For any project that would cause the existing water system pipeline in the surrounding area to no be able to meet maximum day demand plus the project required fire flow of 2,500 gallons per minute (gpm), the project developer shall construct upsized replacement pipelines, per the requirements of the Department of Public Utilities Director, in the project vicinity to increase flow for the maximum day demand plus fire flow condition.

6. The project shall comply with the following standards and all applicable Public Works standards:

a. When a proposed residential development consisting of more than 200 units is in close proximity to a school or activity center (e.g., a mixed-use urban area

where there is a concentration of commercial and other land uses), is near a bus stop or pedestrian or bicycle route (existing or planned per the Active Transportation Plan as amended), the following may be required:

i. Bicycle and pedestrian facilities such as signalized crossings, traffic signal upgrades, such as left-turn phasing, sidewalks or asphalt paths, and bicycle facilities.

ii. Construction of improvements in accordance with the City of Fresno's Complete Street Policy (as amended).

b. When LOS reaches E or F on High Frequency Transit Corridors, development projects within the Corridors may be conditioned to provide transit street design treatments and operational strategies, or in-lieu fees, set for by the City of Fresno, including intersection treatments, dedicated transit lanes, business access and transit (BAT) lanes, Transit Signal Priority (TSP), and/or others.

F. **Other Activities.** A Zone Clearance shall be required for any other activity for which a Zone Clearance is specifically required elsewhere in this Code.

G. Streamlined Development as defined in Section 65913.4 of the California Government Code.

H. **Exceptions.**

1. No Zone Clearance shall be required for the continuation of previously approved or permitted uses and structures, or uses and structures that are not subject to any Building Code or Development Code regulations.

2. A change in building use that complies with this Code shall require a Building Permit if the use is in a different Building Code occupancy group class, such as conversion of a retail building to public assembly or residential use.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-43, § 14, eff. 12-9-16; Am. Ord. 2018-66, § 70, eff. 1-18-19; Am. Ord. 2025-024, § 78, eff. 7-27-25; Am. Ord. 2025-023, § 5, eff. 12-26-25).

Sec. 15-5103. REVIEW AUTHORITY.

If the Director determines that the proposed use or building is allowed as a matter of right by this Code, and conforms to all the applicable development and use standards, the Director shall issue a Zone Clearance.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-5104. APPLICATION REQUIREMENTS.

A. Applications for a Zone Clearance shall be submitted in accordance with the provisions set forth in Section 15-5002, Application and Fees.

B. The Director may request that the Zone Clearance application be accompanied by a written narrative, operational statement, plans, and other related materials necessary to show that the proposed development, alteration, or use of the site complies with all applicable provisions of this Code. The Director may require attachments of other written or graphic information, including, but not limited to, statements, numeric data, site plans, floor plans, and building elevations and sections, as a record of the proposal's conformity with the applicable regulations of this Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-5105. PUBLIC NOTICE.

Public notice shall not be required.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 52 DEVELOPMENT PERMIT (FORMERLY SITE PLAN REVIEW)

Sec. 15-5201. Purpose.
Sec. 15-5202. Applicability.
Sec. 15-5203. Review Authority.
Sec. 15-5204. Application Requirements.
Sec. 15-5205. Public Notice.
Sec. 15-5206. Required Findings.
Sec. 15-5207. Conditions of Approval.
Sec. 15-5208. Appeals.
Sec. 15-5209. Modifications.

SEC. 15-5201. PURPOSE.

Development Permit approval is required to ensure that new development is carried out in accord with this Code and the goals and objectives of the General Plan and any other adopted plans and guidelines.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5202. APPLICABILITY.

A. **Development.** A Development Permit shall be required for all development of property which is ineligible for a Zone Clearance as put forth in Article 51 to confirm that the project is being proposed in a manner which is compliant with all applicable development standards prior to securing a building permit.

B. **Deviations.** Deviations from applicable standards will require a Variance or Minor Deviation in conjunction with a Development Permit as put forth in Articles 55 and 56.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5203. REVIEW AUTHORITY.

The Director shall approve, conditionally approve, or deny applications for a Development Permit based on consideration of the requirements of this article. The Director may refer items directly to the Planning Commission when in their opinion the public interest would be better served by having the Planning Commission conduct the Development Permit review. In the event a referral, the Planning Commission shall hold a public hearing prior to making the decision.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5204. APPLICATION REQUIREMENTS.

A. Applications for a Development Permit shall be submitted in accordance with the provisions set forth in Section 15-5002, Application and Fees.

B. The Development Permit application shall be accompanied by a written narrative, operational statement, site plans, elevations, three-dimensional renderings, and other related materials necessary to show that the proposed development, alteration, or use of the site complies with all applicable provisions of this Code. The Director may require

attachments of other written or graphic information, including, but not limited to, statements, numeric data, floor plans, and building cross sections, as a record of the proposal's conformity with the applicable regulations of this Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5205. PUBLIC NOTICE.

Public notice shall not be required.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5206. REQUIRED FINDINGS.

The Director or Planning Commission may only approve a Development Permit application if it finds that the application is consistent with the purposes of this article and with the following:

A. The applicable standards and requirements of this Code.

B. The General Plan and any operative plan or policies the City has adopted.

C. Any applicable design guidelines adopted by the City Council.

D. Any approved Tentative Map, Conditional Use Permit, Variance, or other planning or zoning approval that the project required.

E. Fresno County Airport Land Use Compatibility Plan (as may be amended) adopted by the Fresno County Airport Land Use Commission pursuant to California Public Utilities Code Sections 21670—21679.5.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2019-030, § 2, eff. 10-31-19).

SEC. 15-5207. CONDITIONS OF APPROVAL.

In granting Development Permit approval, the Review Authority may impose conditions that are reasonably related to the application and deemed necessary to achieve the purposes of this article and ensure compliance with the applicable criteria and standards established by this Code or mitigation required pursuant to environmental review. Conditions may be related to the following objectives:

A. Ensure long-term maintenance of adequate clean water resources.

B. The proposed design will not lead to an overburdening of existing or planned infrastructure capacities, including, but not limited to, capacities for water, runoff, storm water, wastewater, and solid waste systems.

C. The proposed design incorporates air quality measures or can demonstrate that it will not negatively impact air quality.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-25, § 31, eff. 6-11-18).

SEC. 15-5208. APPEALS.

Development Permit decisions are subject to the appeal provisions of Section 15-5017, Appeals.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5209. MODIFICATIONS.

Development Permit approval may only be modified as provided for in Article 50, Common Procedures.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 53 CONDITIONAL USE PERMITS

Sec. 15-5301. Purpose.
Sec. 15-5302. Applicability.
Sec. 15-5303. Review Authority.
Sec. 15-5304. Application Requirements.
Sec. 15-5305. Public Notice.
Sec. 15-5306. Required Findings.
Sec. 15-5307. Conditions of Approval.
Sec. 15-5308. Expiration.
Sec. 15-5309. Appeals.
Sec. 15-5310. Modifications.

SEC. 15-5301. PURPOSE.

The Conditional Use Permit review process is intended to apply to uses that are generally consistent with the purposes of the district where they are proposed but require special consideration to ensure that they can be designed, located, and operated in a manner that will not interfere with the use and enjoyment of surrounding properties or adversely affect the City's infrastructure, the built or natural environment, City resources, or the City's ability to provide public services.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5302. APPLICABILITY.

Conditional Use Permit approval is required for the following:

A. Uses specifically identified in Part II, Base and Overlay Districts, and/or any other section of this Code which requires a Conditional Use Permit.

B. Alcoholic beverage sales.

1. **Exception.** Within Downtown Districts, uses with alcoholic beverage sales shall not require a Conditional Use Permit, but shall comply with the requirements of the California Department of Alcoholic Beverage Control.

C. Any use with drive-in or drive-through facilities.

D. When a Conditional Use Permit is required for exceptions to certain development standards that are specifically identified in Part II, Base and Overlay Districts.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-32, § 38, eff. 10-21-16).

SEC. 15-5303. REVIEW AUTHORITY.

The Director shall approve, conditionally approve, or deny applications for Conditional Use Permits based on consideration of the requirements of this article. The Director may, at their discretion, refer any application that may have significant public interest to the Planning Commission for a decision. In the event of a referral, the Planning Commission shall hold a public hearing prior to making the decision.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5304. APPLICATION REQUIREMENTS.

A. Applications for a Conditional Use Permit shall be submitted in accordance with the provisions set forth in Section 15-5002, Application and Fees.

B. The Conditional Use Permit application shall be accompanied by a written narrative, operational statement, site plans, and other evidence in support of the applicable findings required by Section 15-5306, Required Findings.

C. The Director may require attachments of other written or graphic information, including, but not limited to, statements, numeric data, site plans, floor plans, and building elevations and sections, as a record of the proposal's conformity with the applicable regulations of this Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5305. PUBLIC NOTICE.

Public Notice shall be provided 10 days prior to the date of action pursuant to Section 15-5007.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5306. REQUIRED FINDINGS.

A Conditional Use Permit shall only be granted if the decision-maker determines that the project as submitted or as modified conforms to all of the following criteria. If the decision-maker determines that it is not possible to make all of the required findings, the application shall be denied.

A. The proposed use is allowed within the applicable zoning district and complies with all other applicable provisions of this Code and all other chapters of the Municipal Code;

B. The proposed use is consistent with the General Plan and any other applicable plan and design guideline the City has adopted;

C. The proposed use will not be substantially adverse to the public health, safety, or general welfare of the community, nor be detrimental to surrounding properties or improvements;

D. The design, location, size, and operating characteristics of the proposed activity are compatible with the existing and reasonably foreseeable future land uses in the vicinity; and

E. The site is physically suitable for the type, density, and intensity of use being proposed, including access, emergency access, utilities, and services required; and

F. The proposed use is consistent with the Fresno County Airport Land Use Compatibility Plan (as may be amended) adopted by the Fresno County Airport Land Use Commission pursuant to California Public Utilities Code Sections 21670-21679.5.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2019-030, § 3, eff. 10-31-19).

SEC. 15-5307. CONDITIONS OF APPROVAL.

In approving a Conditional Use Permit, the decision-maker may impose reasonable conditions or restrictions deemed necessary to:

A. Ensure that the proposal conforms in all significant respects with the General Plan and with any other applicable plans or policies and design guidelines adopted by the City Council;

B. Achieve the general purposes of this Code or the specific purpose of the zoning district in which the project is located;

C. Achieve the findings for a Conditional Use Permit listed in Section 15-5306, Required Findings; or

D. Mitigate any potential impacts identified as a result of environmental review conducted in compliance with the California Environmental Quality Act.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5308. EXPIRATION.

An expiration date of seven years from the date of approval shall be established by the Review Authority, except as follows:

A. Uses which may have a substantial public interest may be given an expiration date of less than seven years.

B. Conditional Use Permits for permanent physical property improvements, such as building height, shall not have an expiration date if deemed appropriate by the Review Authority.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5309. APPEALS.

Conditional Use Permit decisions are subject to the appeal provisions of Section 15-5017, Appeals.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5310. MODIFICATIONS.

Conditional Use Permits may only be modified as provided for in Article 50, Common Procedures. Conditional Use Permits for projects that are anticipated to develop over the course of six years or more may require reallocation or adjustment to residential densities. Such adjustments may be processed through the modification procedures set forth in section 15-5015.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 54 TEMPORARY USE PERMITS

Sec. 15-5401. Purpose.
Sec. 15-5402. Applicability.
Sec. 15-5403. Review Authority.
Sec. 15-5404. Application Requirements.
Sec. 15-5405. Public Notice.
Sec. 15-5406. Determination.
Sec. 15-5407. Required Findings.
Sec. 15-5408. Conditions of Approval.

SEC. 15-5401. PURPOSE.

This article establishes a process for review and approval of certain uses that are intended to be of limited duration of time and will not permanently alter the character or physical facilities of the site where they occur.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5402. APPLICABILITY.

A. Temporary Use Permit approval is required for temporary uses as described in Section 15-2760-B, Temporary Uses Requiring a Temporary Use Permit.

B. If the Director determines that the application is subject to review under CEQA and the project does not qualify for an exemption pursuant to State law or CEQA Guidelines, the Temporary Use Permit shall be processed as a Conditional Use Permit application, pursuant to Article 50, Common Procedures, and Article 53, Conditional Use Permits.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5403. REVIEW AUTHORITY.

The Director shall approve, conditionally approve, or deny applications for Temporary Use Permits based on consideration of the requirements of this article. The Director may refer an application for a Temporary Use Permit to the Planning Commission if the Director finds that the temporary use may have substantial and detrimental impacts to surrounding land that warrant Commission review.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5404. APPLICATION REQUIREMENTS.

An application for a Temporary Use Permit shall be submitted at least 30 days before the use is intended to begin. The application shall be on the required form and include an operational statement and the written consent of the owner of the property or the agent of the owner.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5405. PUBLIC NOTICE.

Public notice shall not be required.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5406. DETERMINATION.

Within 10 days of accepting an application for a Temporary Use Permit as complete, the Director shall render a written decision per Section 15-5009, Notice of Action.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5407. REQUIRED FINDINGS.

The Director may approve an application for a Temporary Use Permit upon making both of the following findings:

A. The proposed use will not unreasonably affect adjacent properties, their owners and occupants, or the surrounding neighborhood, and will not in any other way constitute a nuisance or be detrimental to the health, safety, peace, comfort, or general welfare of persons residing or working in the area of such use or to the general welfare of the City; and

B. The proposed use will not unreasonably interfere with pedestrian or vehicular traffic or circulation in the area surrounding the proposed use, and will not create a demand for additional parking that cannot be safely and efficiently accommodated by existing parking areas or a parking management plan.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5408. CONDITIONS OF APPROVAL.

The Director may impose reasonable conditions deemed necessary to ensure compliance with the findings for a Temporary Use Permit listed in Section 15-5407, Required Findings, including, but not limited to:

A. Regulation of ingress and egress and traffic circulation; valet or off-site parking; fire protection and access for fire vehicles; regulation of lighting and noise; regulation of hours and/or other characteristics of operation; removal of all trash, debris, signs, sign supports, and temporary structures; and electrical service.

B. Time limits, as follows:

1. Time limits prescribed in Section 15-2760-B, Temporary Uses Requiring a Temporary Use Permit.

2. Unless otherwise prescribed in this Code, the Director shall prescribe the duration of the use, however in no case shall a Temporary Use exceed 30 consecutive days or a total of 60 days in a one year period.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 55 VARIANCES

Sec. 15-5501. Purpose.
Sec. 15-5502. Applicability.
Sec. 15-5503. Review Authority.
Sec. 15-5504. Application Requirements.
Sec. 15-5505. Public Notice.
Sec. 15-5506. Required Findings.
Sec. 15-5507. Conditions of Approval.
Sec. 15-5508. Appeals.
Sec. 15-5509. Modifications.

Sec. 15-5501. PURPOSE.

This article is intended to provide a mechanism for relief from the strict application of this Code where this will deprive the property owner of privileges enjoyed by similar properties because of the subject property's unique and special conditions.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5502. APPLICABILITY.

A. Variances may be granted in conjunction with a Development Permit to vary or modify dimensional and performance standards, but Variances may not be granted to allow uses or activities or increase density that this Code does not authorize for a specific lot or site.

B. Any lawfully established use, site features, structure, or lot that is in existence on the effective date of this Code or any subsequent amendment, but was made non-conforming when a portion was acquired by a governmental entity so that the parcel or a property development standard, such as landscaping or parking, is reduced from the prescribed standards of the underlying Zone District, shall be exempted from obtaining a Variance. Future improvements shall comply with the strict application of the District, unless a deviation is granted.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5503. REVIEW AUTHORITY.

The Review Authority of the associated Development Permit shall approve, conditionally approve, or deny applications for Variances based on consideration of the requirements of this article.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5504. APPLICATION REQUIREMENTS.

A. Applications for a Variance shall be filed with the Planning Division on the prescribed application forms in accordance with the procedures in Article 50, Common Procedures.

B. In addition to any other application requirements, the application for a Variance shall include data or other evidence showing that the requested Variance conforms to the required findings set forth in Section 15-5506, Required Findings.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5505. PUBLIC NOTICE.

All applications for Variances shall be noted on the public notice that is required for the associated Development Permit pursuant to Section 15-5007, Public Notice.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5506. REQUIRED FINDINGS.

A Variance, including variances from the terms of open-space zoning, shall only be granted if the Review Authority determines that the project as submitted or as modified conforms to all of the following criteria. If the Review Authority determines that it is not possible to make all of the required findings, the application shall be denied.

A. There are exceptional or extraordinary circumstances or conditions applicable to the property involved that do not apply generally to property in the vicinity and identical zoning classification, and that the granting of a Variance will not constitute a granting of a special privilege inconsistent with the limitations on the property in the vicinity and identical zone classifications;

B. The granting of the application is necessary to prevent a physical hardship which is not of the applicant's own actions or the actions of a predecessor in interest;

C. The granting of the application will not be detrimental or injurious to property or improvements in the vicinity, and will not be detrimental to the public health, safety, general welfare, or convenience, nor the preservation and conservation of open space lands; and

D. The granting of the Variance will be consistent with the general purposes and objectives of this Code, any applicable operative plan, the Fresno County Airport Land Use Compatibility Plan (as may be amended) adopted by the Fresno County Airport Land Use Commission pursuant to California Public Utilities Code Sections 21670-21679.5, and of the General Plan.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2019-030, § 4, eff. 10-31-19).

SEC. 15-5507. CONDITIONS OF APPROVAL.

In approving a Variance, the Review Authority may impose reasonable conditions deemed necessary to ensure compliance with the findings required in Section 15-5506, Required Findings.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5508. APPEALS.

A decision on a Variance may be appealed pursuant to the provisions of Section 15-5017, Appeals.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5509. MODIFICATIONS.

Variances may only be modified as provided for in Article 50, Common Procedures.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 56 MINOR DEVIATIONS

Sec. 15-5601. Purpose.
Sec. 15-5602. Applicability.
Sec. 15-5603. Review Authority.
Sec. 15-5604. Application Requirements.
Sec. 15-5605. Public Notice.
Sec. 15-5606. Calculation of Deviation.
Sec. 15-5607. Required Findings.
Sec. 15-5608. Conditions of Approval.
Sec. 15-5609. Appeals.
Sec. 15-5610. Modifications.

SEC. 15-5601. PURPOSE.

The purpose of this article is to establish an alternate means of granting relief from the requirements of this Code when so doing would be consistent with the purposes of the Code and it is not possible or practical to approve a Variance. It also allows the Review Authority to grant deviations when necessary to accommodate religious uses protected by the Federal Religious Land Use and Institutionalized Persons Act of 2000 (RLUIPA) and deviations to ensure compliance with the Americans with Disabilities Act (ADA).
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5602. APPLICABILITY.

A. **Façade Design Development Standards.** In conjunction with a Development Permit, the Review Authority may grant deviations from applicable Façade Design Development Standards in RS and E districts if the proposed design accomplishes the same goals pertaining to visual interest, pedestrian orientation, connectivity, durability, and longevity.

B. **All Other Development Standards.** In conjunction with a Development Permit, the Review Authority may grant relief from the property development standards specified in this Code, not to exceed 10 percent of the requirement, with the following exceptions:

1. **Green Building and Public Art.** The Review Authority may grant relief of up to 20 percent deviation from property development standards where the Review Authority determines the request involves qualifying "green" or public art features. If both public art and green features are incorporated, the Review Authority may grant relief of up to 25 percent deviation.
2. **Lot Consolidation.** The Review Authority may grant relief of up to 15 percent deviation from property development standards where the Review Authority determines the request involves the consolidation of very small, oddly shaped, and hard-to-develop lots.
3. **Density and Intensity.** Minor Deviations cannot be granted for residential density or maximum floor area ratio (FAR).

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-32, § 39, eff. 10-21-16).

SEC. 15-5603. REVIEW AUTHORITY.

The Review Authority of the associated Development Permit shall approve, conditionally approve, or deny applications for Minor Deviations based on consideration of the requirements of this article.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5604. APPLICATION REQUIREMENTS.

An application for a deviation shall be filed with the Review Authority in accordance with Article 50, Common Procedures. The application shall state in writing the nature of the deviation requested and explain why the findings necessary to grant the deviation are satisfied. The applicant shall also submit plans delineating the requested deviation.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5605. PUBLIC NOTICE.

An additional public notice beyond that required for the associated Development Permit shall not be required.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5606. CALCULATION OF DEVIATION.

The maximum deviation shall not exceed 10 percent, unless the proposal meets the strict application of Green Building and Public Art or Lot Consolidation exceptions. Ten percent shall be calculated of the standard. For example, if a site is 5,000 square feet in area, and it is required to provide 20 percent open space of lot area, the site would be required to provide 1,000 square feet. A 10 percent deviation would equate to a reduction of 100 square feet of open space (1,000 x 10% = 100). As a result, the site would need to provide 900 square feet of open space. This calculation shall not apply to deviations to Façade Design Development Standards.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5607. REQUIRED FINDINGS.

A decision to grant a deviation shall be based on making all of the following findings:

A. **Façade Design Development Standards.**

1. The design accomplishes the same goals pertaining to visual interest, pedestrian orientation, connectivity, durability, and longevity as the individual standards which are deviated from;

2. The design achieves all stated purposes of the Base District to and equal to greater degree than a project design in strict compliance with the Façade Design Development Standards;

3. The architectural design of the project is of exceptional quality and will add to the beauty and pedestrian comfort of its surroundings; and

4. Granting the bonus will not be detrimental to the health or safety of the public or the occupants of the property.

B. **All Other Development Standards.**

1. The deviation is necessary due to the physical characteristics of the property and the proposed use or structure or other circumstances, including, but not limited to, topography, noise exposure, irregular property boundaries, or other unusual circumstance;

2. There are no alternatives to the requested deviation that could provide an equivalent level of benefit to the applicant with less potential detriment to surrounding owners and occupants or to the general public;

3. The granting of the requested deviation will not be detrimental to the health or safety of the public or the occupants of the property or result in a change in land use or density that would be inconsistent with the requirements of this Code; and

4. If the deviation requested is to accommodate religious uses protected by RLUIPA, the decision-maker must also find that the denial of the requested deviation would impose a substantial burden on religious exercise.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5608. CONDITIONS OF APPROVAL.

In approving a deviation, the decision-maker may impose reasonable conditions deemed necessary to:

A. Ensure that the proposal conforms in all significant respects with the General Plan and with any operative plans or policies adopted by the City;

B. Achieve the general purposes of this Code or the specific purposes of the zoning district in which the project is located;

C. Achieve the findings for a deviation granted; or

D. Mitigate any potential impacts identified as a result of review conducted in compliance with the California Environmental Quality Act.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5609. APPEALS.

Minor Deviation decisions are subject to the appeal provisions of Section 15-5017, Appeals.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5610. MODIFICATIONS.

Deviations granted under this article may only be modified as provided for in Article 50, Common Procedures.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 57 REASONABLE ACCOMMODATIONS FOR HOUSING

Sec. 15-5701. Purpose.
Sec. 15-5702. Applicability.
Sec. 15-5703. Application Requirements.
Sec. 15-5704. Public Notice.
Sec. 15-5705. Determination.
Sec. 15-5706. Required Findings.
Sec. 15-5707. Conditions of Approval.
Sec. 15-5708. Appeals.
Sec. 15-5709. Modifications.
Sec. 15-5710. Other Procedures.

SEC. 15-5701. PURPOSE.

In order to ensure equal access to housing for individuals with disabilities, the Director shall provide reasonable accommodation that may include a modification or exception to the rules, standards, and practices within this Code for the siting, development, and use of housing or housing-related facilities when an applicant requests reasonable accommodation.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5702. APPLICABILITY.

An applicant may request reasonable accommodation that may include a modification or exception to the rules, standards and practices for the siting, development, and use of housing or housing-related facilities that would modify regulatory barriers and provide an individual with a disability equal opportunity to the use and enjoyment of the housing of their choice.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5703. APPLICATION REQUIREMENTS.

A. **Application Form.** A request for reasonable accommodation may be submitted on a form provided by the City or be made orally to the Director, and shall contain the following information:

1. The applicant's name, address, and telephone number;
2. The name, address, and telephone number of the representative if designated;
3. Address of the property for which the request is being made;
4. The current actual use of the property;
5. The basis for the claim that the individual is qualified for accommodation;
6. The Code, policy, procedure, rule, or regulation from which reasonable accommodation is being requested; and
7. Why the reasonable accommodation is necessary to make the specific property accessible to the individual.

B. **Filing Period.** An application for reasonable accommodation may be made or filed at any time. However, if the request for reasonable accommodation is related to an application for a land use entitlement pursuant to this Code, the request for reasonable accommodation must be made or filed with that application.

C. **Assistance.** The City will provide assistance as necessary to ensure that the process in its entirety is accessible to the applicant. The applicant shall be entitled to be represented at all stages of the proceeding by a person designated by the applicant. If the applicant designates a representative, the applicant shall provide authorization in writing.

D. **Obligations.** A request for reasonable accommodation does not affect a person's obligation to comply with other applicable City laws and regulations not at issue in the requested accommodation.

E. **Other Remedies.** The procedures set forth herein does not limit an individual's right to any other available remedy under federal or State law.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5704. PUBLIC NOTICE.

Public notice shall not be required.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5705. DETERMINATION.

Except as provided below, within 30 days of the date of the application, a written decision shall be made to grant, grant with conditions, or deny the request for reasonable accommodation.

A. **Additional Information.** The Director may require that the applicant provide any additional information that the Director deems necessary to determine disposition of the requested accommodation. In the event a request for further information is made, the 30-day period to issue a written determination shall be stayed from the date of the request for additional information until the applicant responds to the request.

B. **Property Development Standard Deviation.** If the request for accommodation is to modify a property development standard of this Code, it shall be processed pursuant to Article 56, Minor Deviations, and is not subject to the 30-day review period.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5706. REQUIRED FINDINGS.

The written decision shall be consistent with fair housing laws and reasonable accommodation and shall only be granted when it is found that:

A. The housing, which is the subject of the request for reasonable accommodation, is to be used by an individual protected under fair housing laws;

B. The requested accommodation is necessary to make specific housing available to an individual protected under fair housing laws;

C. The requested accommodation does not impose an undue financial or administrative burden on the City; and

D. The requested accommodation does not require a fundamental alteration in the nature of a City plan, policy, rule, regulation, or code.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5707. CONDITIONS OF APPROVAL.

In granting a request for reasonable accommodation, the Director may impose any condition of approval deemed reasonable and necessary to ensure that the accommodation complies with the findings required by this section, and any other applicable State or federal law. The imposition of any condition in accordance with this section will not impose any additional development entitlements other than what entitlements would otherwise be required by law or this Code.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5708. APPEALS.

Accommodation decisions are subject to the appeal provisions of Section 15-5017, Appeals.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5709. MODIFICATIONS.

Accommodations granted under this article may only be modified as provided for in Article 50, Common Procedures.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5710. OTHER PROCEDURES.

A. **Notice to the Public of Availability.** In all offices where application is made for a permit, license, or other authorization for the siting, funding, development, or use of housing, a notice and explanation shall be displayed announcing the availability of reasonable accommodation for qualified applicants. Application forms shall be available at these locations.

B. **Disclosures of Information.** Private or personal information regarding the nature of an individual's disability provided by an applicant requesting reasonable accommodation shall not be disclosed except as follows:

1. Information necessary to make or review a decision to grant or deny a request for reasonable accommodation may be disclosed to any person whose consideration of such information is necessary to make or review that decision.

2. Information may be disclosed if otherwise required by law.

C. **Withdrawal of Request.** Upon written notice to the City, an applicant for reasonable accommodation may withdraw a request for reasonable accommodation without prejudice. (Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 58 AMENDMENTS TO DEVELOPMENT CODE TEXT, REZONES, AND PLAN AMENDMENTS

Sec. 15-5801. Purpose.
Sec. 15-5802. Applicability.
Sec. 15-5803. Initiation.
Sec. 15-5804. Application Requirements.
Sec. 15-5805. Neighborhood Meeting.
Sec. 15-5806. Review Procedures and Public Notice.
Sec. 15-5807. Committee Review.
Sec. 15-5808. Airport Land Use Commission Review.
Sec. 15-5809. Planning Commission Hearing and Recommendation.
Sec. 15-5810. City Council Hearing and Action.
Sec. 15-5811. Criteria for Development Code Text Amendment.
Sec. 15-5812. Criteria for Rezones and Plan Amendments.

SEC. 15-5801. PURPOSE.

This article provides procedures by which changes may be made to the text of this Development Code, the Zoning Map, or the General Plan or any operative plan whenever public necessity, convenience, and general welfare require such amendment to maintain consistency with the General Plan.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5802. APPLICABILITY.

The procedures in this article shall apply the following proposals:

A. **Development Code Text Amendment.** A change to the text of the Development Code.

B. **Rezone.** An application to change the zoning for a site from one Zone District to another.

C. **Plan Amendment.** A change in the text of the General Plan or any operative plan, or a change to the General Plan's planned land use designation for a site, including pre-zoning as provided for in Article 61, Concept Plans, Pre-Zoning, and Annexation Procedure.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5803. INITIATION.

A. **Development Code Text Amendment.**

1. An amendment to the text of the Development Code may be initiated by the Director, by a resolution of initiation by the City Council or the Planning Commission, or an applicant identified in Section 15-5002, Application and Fees.

2. For land uses not identified in Part II, Base and Overlay Districts, a proposal for a new use may be considered pursuant to Section 15-5020, Director's Determination. Should the Director determine that a use may not be added said procedures, a Text Amendment pursuant to this article may be processed.

B. **Rezone.** An amendment to the Zoning Map (i.e. Rezone) may be initiated by a property owner identified in Section 15-5002, Application and Fees, the Director, or by a resolution of initiation of the City Council or the Planning Commission.

C. **Plan Amendment.** An amendment to the General Plan or operative plan may be initiated by an applicant identified in Section 15-5002, Application and Fees, the Director, or by a resolution of initiation of the City Council or the Planning Commission. Plan Amendments include changes to text in said plans, maps, and planned land use designations.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5804. APPLICATION REQUIREMENTS.

A. **Application.** A qualified applicant, the Director, the Council or Commission shall submit an application for a Rezone or Plan Amendment on a form prescribed by the Director. The Director may require an applicant to submit such additional information and supporting data as considered necessary to process the application. The resolution of initiation may act as the application for the Council or Commission.

B. **Coordination with Other Applications.** The Director may allow any necessary applications for amendments to zoning regulations or for approval of discretionary permits to be processed simultaneously with the proposed Development Code Text Amendment, Rezone, or Plan Amendment.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5805. NEIGHBORHOOD MEETING.

The Director, at their discretion, may require that the applicant conduct a neighborhood meeting prior to an application being submitted or during the review of an application as put forth in Section 15-5006, Neighborhood Meeting. Such meeting(s) may be required when, in the opinion of the Director, the project may have an impact on a neighborhood, the project is unique, the project is of such scale or scope that it is likely to generate community interest, or for any other reason.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5806. REVIEW PROCEDURES AND PUBLIC NOTICE.

A. **Staff Report.** The Director shall prepare a report and recommendation to the Planning Commission. The report shall include, but not be limited to, a discussion of how the proposed amendment meets the criteria in Section 15-5811, Criteria for Development Code Text Amendment and Section 15-5812, Criteria for Rezones and Plan Amendments, for

approving an amendment and an environmental document prepared in compliance with the California Environmental Quality Act, the General Plan, and any applicable operative plan.

B. **Public Hearing Required.** All applications shall be referred to the Planning Commission, which shall hold at least one public hearing on any proposed amendment.

C. **Public Notice.** In addition to the mailed Public Notice requirements of Section 15-5007-B, Mailed Notice, notice of the hearing for a proposed amendment shall be delivered to the applicable school district and any other local agency expected to provide essential facilities or services to the property that is the subject of the proposed amendment.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5807. COMMITTEE REVIEW.

Active plan or council district committees shall review and provide comments on text amendment applications, Rezones, or Plan Amendments. Committees shall review proposed amendments within their purview, unless the text amendment is applicable citywide, then review is required by each committee. Should a committee not meet due to a lack of quorum or any other reason, the Director, at their discretion, may schedule the item for consideration by the Commission and/or Council.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5808. AIRPORT LAND USE COMMISSION REVIEW.

The Airport Land Use Commission (ALUC) shall review all text amendments affecting projects or property within an Airport Influence Area for consistency with the adopted Airport Land Use Compatibility Plan which affect the height, density, land use designation, safety, noise, or related aspects of properties within the ALUC's purview, as determined by the Director and/or ALUC staff. The ALUC shall also review all Rezones and Plan Amendments that are within the ALUC's purview. ALUC review shall be completed prior to consideration of the matter by the City Council. Nothing in this Section alters the City's authority or obligations under the laws of the State of California, including but not limited to Article 3.5 of Chapter 4 of the State Aeronautics Act (California Public Utilities Code sections 21670 et seq.).
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-25, § 32, eff. 6-11-18).

SEC. 15-5809. PLANNING COMMISSION HEARING AND RECOMMENDATION.

A. **Planning Commission Hearing.** The Planning Commission shall conduct a public hearing in conformance with Article 50, Common Procedures.

B. **Recommendation to Council.** Following the public hearing, the Planning Commission shall make a recommendation on the proposed application to the City Council. Such recommendation shall include the reasons for the recommendation, findings supporting the recommendation, and the relationship of the proposed change to the General Plan, Code, and applicable operative plans.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5810. CITY COUNCIL HEARING AND ACTION.

A. After receiving the report from the Planning Commission, the City Council shall hold a duly-noticed public hearing. The notice shall include a summary of the Planning Commission recommendation, if available at the time of the notice.

B. After the conclusion of the hearing, the City Council may approve, modify, or deny the proposed application. If the Council proposes any substantial modification, such as introducing a new zone district or planned land use designation, not previously considered by the Planning Commission during its hearings, the proposed modification shall first be referred back to the Planning Commission for report and recommendation, but the Planning Commission shall not be required to hold a public hearing. The failure of the Planning Commission to report within 40 days after the referral shall be deemed a recommendation to approve and the amendment shall be returned to Council for adoption.

C. Action by the Council shall be final.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-32, § 40, eff. 10-21-16).

SEC. 15-5811. CRITERIA FOR DEVELOPMENT CODE TEXT AMENDMENT.

The Planning Commission shall not recommend and the City Council shall not approve an application unless the proposed amendment meets the following criteria:

A. Development Code Text Amendment findings:

1. The Code text amendment is consistent with the General Plan, the Fresno County Airport Land Use Compatibility Plan (as may be amended) adopted by the Fresno County Airport Land Use Commission pursuant to California Public Utilities Code Sections 21670-21679.5, and any applicable operative plans; and

2. The amendment is consistent with the purpose of the Development Code to promote the growth of the city in an orderly and sustainable manner and to promote and protect the public health, safety, peace, comfort, and general welfare.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2019-030, § 5, eff. 10-31-19).

SEC. 15-5812. CRITERIA FOR REZONES AND PLAN AMENDMENTS.

The Planning Commission shall not recommend and the City Council shall not approve an application unless the proposed Rezone or Plan Amendment meets the following criteria:

A. The change is consistent with the General Plan goals and policies, any operative plan, or adopted policy;

B. The change is consistent with the purpose of the Development Code to promote the growth of the city in an orderly and sustainable manner and to promote and protect the public health, safety, peace, comfort, and general welfare; and

C. The change is necessary to achieve the balance of land uses desired by the City and to provide sites for needed housing or employment-generating uses, consistent with the General Plan, any applicable operative plan, or adopted policy; and to increase the inventory of land within a given zoning district to meet market demand.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 59 PLANNED DEVELOPMENT PERMITS

Sec. 15-5901. Purpose.
Sec. 15-5902. Applicability.
Sec. 15-5903. Procedures.
Sec. 15-5904. Regulations.
Sec. 15-5905. Required Findings.
Sec. 15-5906. Conditions of Approval.
Sec. 15-5907. Expiration and Renewal.
Sec. 15-5908. Amendments of Approved Plans.
Sec. 15-5909. Individual Development Plan Review for Phased Projects.
Sec. 15-5910. Failure to Comply With Conditions.
Sec. 15-5911. Revocation or Modification of Planned Development Permit.

SEC. 15-5901. PURPOSE.

The purpose of this article is to articulate regulations and establishing minimum thresholds for Planned Developments. More specifically this article applies to:

A. Establish a procedure for development on large areas of land and infill sites in order to allow for projects that desire greater flexibility than already provided for in this Code.

B. Promote variety and avoid monotony in developments by allowing greater freedom in selecting the means to provide access, light, open space, and amenities.

C. Facilitate the assembly of properties that might otherwise be developed in unrelated increments to the detriment of surrounding neighborhoods.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5902. APPLICABILITY.

The procedures in this article shall apply to all proposals for approval of a Planned Development (PD) Permit. PD approval is required to authorize a PD Plan that provides for better coordinated development and specifies customized development standards crafted to respond to site conditions.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5903. PROCEDURES.

A. **Processing.** An application for a PD Permit shall be processed as a Conditional Use Permit, according to the procedures of Article 53, Conditional Use Permits.

B. **Initiation.** An application for a PD Permit shall be initiated by a property owner or authorized agent. If the property is not under a single ownership, all owners must join the application, and a map showing the extent of ownership shall be submitted with the application.

C. **Application Content.** An application for a PD shall be filed with the Director. At a minimum applications shall contain all of the following:

1. **List of Modifications.** A detailed list of deviations from the Development Code, General Plan, applicable operative plan, or adopted policy being proposed, and an explanation as to why the project cannot be successful should it comply with the strict application of adopted regulations.
2. **Community Benefits.** The applicant shall provide a list of types of community benefits. For example, the amount of common open space or design is of higher quality than would otherwise be required.
3. **Project Boundaries.** A map showing the proposed project boundaries, the perimeter of the ownership, location, and dimensions of any existing property lines and easements within the site, and the location of buildings, roads, parking, and open areas.
4. **Planned Development Plan.** A PD Plan indicating the proposed land uses and the total floor area or land area devoted to each; the proposed density or intensity of development; the location of proposed streets, pedestrian ways, and bike ways; and the location of proposed lot lines, structures, buildings, parking, yards, pathways, open spaces, and other public or private facilities.
5. **Utilities.** The locations and capacities of existing utilities in the vicinity of the site, and tentative extensions to the site.
6. **Development Guidelines.** Guidelines for the physical development of the property, including illustrations of proposed architectural, urban design, and landscape concepts.
7. **Development Schedule.** A development schedule, including anticipated timing for commencement and completion of each phase of development, tabulation of the total number of acres in each separate phase and percentage of such acreage to be devoted to particular uses, and an indication of the proposed number and type of dwelling units by phase of development, if applicable.
8. **Other Information.** Any other information deemed necessary by the Director to ascertain if the project meets the required findings for a PD Plan.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2017-33, § 29, eff. 7-30-17).

SEC. 15-5904. REGULATIONS.

A. **Land Use Regulations.** Any use authorized by this Code may be included in an approved PD consistent with the zoning district for the property.

B. **Development Regulations.**

1. **Minimum Area.**

   a. **Infill Areas (within the city limits as of December 31, 2012).** No minimum area.

b. **All Other Areas.** Two acres.

2. **Residential Unit Density.** The total number of dwelling units in a PD shall not exceed the maximum number permitted by the General Plan or operative plan density for the total area of the planned development designated for residential use.

   a. A transfer of residential densities, as set forth in 15-310-C, is permitted for sites with two or more residential zones districts. Design of said sites must be planned, integrated development.

3. **Other Development Regulations.** Other development regulations shall be as prescribed by the PD Plan.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2017-33, § 30, eff. 7-30-17).

SEC. 15-5905. REQUIRED FINDINGS.

A PD shall only be approved if all of the following findings are made:

A. The proposed development is consistent with the General Plan, the Fresno County Airport Land Use Compatibility Plan (as may be amended) adopted by the Fresno County Airport Land Use Commission pursuant to California Public Utilities Code Sections 21670-21679.5, any applicable operative plan, and adopted policies, including the density and intensity limitations that apply;

B. The subject site is physically suitable for the type and intensity of the land use being proposed;

C. Adequate transportation facilities, utilities, and public services exist or will be provided, in accord with the conditions of PD approval, to serve the proposed development; and the approval of the proposed development will not result in a reduction of public services so as to be a detriment to public health, safety, or welfare;

D. The proposed development will not have a substantial adverse effect on surrounding land uses and will be compatible with the existing and planned land use character of the surrounding area; and

E. The proposed development is demonstratively superior to the development that could occur under the standards applicable to the underlying base district, and will achieve superior community design, environmental preservation, and/or substantial public benefit. In making this determination, the following factors should be considered:

   1. Appropriateness of the use(s) at the proposed location.

   2. The mix of uses, housing types, and housing price levels.

   3. Provision of infrastructure improvements.

   4. Provision of open space. For example, a greater amount of open space than would otherwise be provided under the strict application of this code.

   5. Connectivity to public trails, schools, etc.

6. Compatibility of uses within the development area.
7. Creativity in design and use of land.
8. Quality of design, and adequacy of light and air to the interior spaces of the buildings.
9. Overall contribution to the enhancement of neighborhood character and to the built and natural environment of Fresno in the long term.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2019-030, § 6, eff. 10-31-19).

SEC. 15-5906. CONDITIONS OF APPROVAL.

In approving a PD, the Director, or the Commission if submitted concurrently with a subdivision map that requires Commission review, may impose reasonable conditions deemed necessary to:

A. Ensure that the proposal conforms in all significant respects with the General Plan and with any other applicable plans or policies and design guidelines that the City has adopted;

B. Achieve the general purposes of this Code or the specific purpose of the zoning district in which the project is located;

C. Achieve the findings listed in Section 15-5905, Required Findings; or

D. Mitigate any potentially significant impacts identified as a result of review conducted in compliance with the requirements of the California Environmental Quality Act.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5907. EXPIRATION AND RENEWAL.

A. **Expiration.**

1. **PD Plan.** A PD shall be effective on the same date the permit is approved. The PD Plan shall expire if it is not exercised or extended within three years of the effective date. An approved PD may specify a phased development program exceeding three years.
2. **Exercise of a PD Plan.** A PD Plan approval is exercised when actions specified in the conditions of approval have been taken, or a Building Permit has been issued and construction is lawfully commenced and diligently pursued.
3. **PD Plan Granted in Conjunction with a Tentative Map.** Where a tentative map has been approved in conjunction with a PD Plan, the PD Plan shall expire upon the expiration of the tentative map.

B. **Renewal.** If site development and construction has not been initiated within three years of project approval or other time specified in the approved phased development program, an approved PD Plan may be renewed for a two-year period by the Director. Application for renewal shall be made in writing between 30 and 120 days prior to expiration

of the original approval. The Director shall only renew a PD Plan if the Director finds the renewal consistent with the purposes of this article and no major amendments, as defined in Section 15-5908, Amendments of Approved Plans, are proposed.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5908. AMENDMENTS OF APPROVED PLANS.

A. **Changed Plans.** Amendments to a PD Plan may be requested by the applicant or its successors. Amendments to the approved Plan shall be classified as major or minor amendments. Upon receipt of an amendment application, the Director shall determine if the proposed amendment constitutes a major or minor amendment.

B. **Major Amendments.** Major Amendments to an approved PD Plan shall be considered by the Planning Commission at a duly noticed public hearing. An amendment will be deemed major if it involves one or more of the following changes:

1. A change in the boundary of the PD Plan;

2. An increase or decrease in the number of dwelling units for the PD Plan that is greater than the maximum or less than the minimum stated in the original approval of the PD Plan;

3. An increase or decrease in the floor area for any non-residential land use that results in the floor area exceeding the minimum or maximum stated in the PD Plan by 10 percent or more;

4. Any change in land use or density that is likely to negatively impact or burden public facilities and utilities infrastructure as determined by the City Engineer;

5. Any change in land use or density that is likely to negatively impact or burden circulation adjacent to the PD Plan or to the overall major street system, as determined by the City Traffic Engineer; or

6. Any other proposed change to the PD Plan or the conditions of approval that substantively alters one or more of its components as determined by the Director.

C. **Minor Amendments.** Amendments not meeting one or more of the criteria listed in Subsection B above shall be considered minor if they are consistent with and would not change any original condition of approval. Minor Amendments may be approved by the Director without a public hearing.

1. **Residential Subdivisions.** Floor plans and plot plans shall be approved concurrently with the PD. Changes to plot plans, such as the addition of patios, shall comply with the underlying District in terms of property development standards, unless they were outlined as part of the PD approval process.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5909. INDIVIDUAL DEVELOPMENT PLAN REVIEW FOR PHASED PROJECTS.

Individual development plans for geographic units within a phased project in a PD Plan area shall be accepted for planning and building permits or subdivisions only if they are consistent with an approved PD Plan and any conditions of approval. No project may be approved and no Building Permit issued unless the project, alteration, or use is consistent with an approved PD Plan.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5910. FAILURE TO COMPLY WITH CONDITIONS.

Failure to comply with any PD Permit condition or development schedule is a violation of this article and subject to Article 63, Enforcement.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-5911. REVOCATION OR MODIFICATION OF PLANNED DEVELOPMENT PERMIT.

A PD Permit may be revoked or modified as provided by Section 15-5016, Revocation of Permits.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 60 DEVELOPMENT AGREEMENTS

Sec. 15-6001. Purpose.
Sec. 15-6002. Applicability.
Sec. 15-6003. Authority and Duties.
Sec. 15-6004. Procedure.
Sec. 15-6005. Public Notice and Hearing.
Sec. 15-6006. Findings and Decision.
Sec. 15-6007. Execution and Recordation of Development Agreement.
Sec. 15-6008. Annual Review.
Sec. 15-6009. Amendment or Cancellation.
Sec. 15-6010. Effect of Approved Agreement.
Sec. 15-6011. Enforcement.

SEC. 15-6001. PURPOSE.

This article establishes procedures and requirements for considering and entering into legally binding agreements with applicants for development projects. Such agreements provide a greater degree of certainty than the normal permit approval process by granting assurance that an applicant may proceed with development in accord with policies, rules, and regulations in effect at the time of approval or as modified by the terms of the Development Agreement subject to conditions to promote the community's needs and provide greater community benefits than otherwise can be achieved through the normal land use regulatory process.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6002. APPLICABILITY.

A. A Development Agreement may be considered for:

1. Large multi-phase development projects that will require a developer to make a substantial investment at the early stages of the project, for planning and engineering for the entire project, and for public facilities and services.

2. Development standards may be modified through a Development Agreement provided the project is consistent with the General Plan and applicable operative plans.

3. Development Agreements shall be not used in lieu of a Variance or to permit a use that would otherwise not be permitted by the underlying District.

B. **Property Subject to Annexation.** An applicant whose property is located within the City's Sphere of Influence, or whose property is the subject of a pending application for inclusion into the sphere of influence, may file an application to enter into a Development Agreement.

1. The agreement shall not become operative unless proceedings annexing the property to the city are completed within the period of time specified by the agreement.

2. If the annexation is not completed within the time specified in the agreement or any extension of the agreement, the agreement shall be null and void.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6003. AUTHORITY AND DUTIES.

A. The Director shall negotiate the specific components and provisions of the Development Agreement on behalf of the City for recommendation to the Planning Commission and the City Council.

B. The Planning Commission shall make a recommendation to the City Council and the City Council shall have the exclusive authority to approve and modify a Development Agreement.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-25, § 33, eff. 6-11-18).

SEC. 15-6004. PROCEDURE.

An applicant for a development project may request that the City review the application as a Development Agreement application in accordance with the following procedures:

A. **Application Requirements.** An applicant shall submit an application for a Development Agreement. The Director shall identify submittal requirements for applications for Development Agreements and may require an applicant to submit such additional information and supporting data as considered necessary to process the application. In addition to any other information that the Director requires, each application for a Development Agreement shall be accompanied by the general terms and conditions of the agreement proposed by the applicant and shall include the contents required in Subsection B below.

B. **Contents of Development Agreements.**

1. **Required Contents.** A Development Agreement shall specify its duration; the permitted uses of the subject property; the density or intensity of uses; the general location, maximum height and size of proposed buildings; and provisions for reservation or dedication of land for public purposes. It shall contain provisions concerning its transferability.

2. **Improvements and Fees.** A Development Agreement may include requirements for construction and maintenance of onsite and off-site improvements or payment of fees in lieu of such dedications or improvements.

3. **Subsequent Actions.** A Development Agreement may also include conditions, terms, restrictions, and requirements for subsequent discretionary actions but does not eliminate the applicant's responsibility to obtain all required land use approvals.

4. **Conditions.** A Development Agreement may include, without limitation, conditions and restrictions imposed by the City with respect to the project, including restrictions and mitigation measures proposed in any environmental document prepared for the project.

5. **Phasing.** A Development Agreement may provide that the project be constructed in specified phases, that construction shall commence within a specified time, and that the project or any phase thereof be completed within a specified time.

6. **Financing.** If the Development Agreement requires applicant financing of necessary public facilities, it may include terms relating to subsequent reimbursement over time for such financing.

7. **Indemnity.** A Development Agreement may contain an indemnity clause requiring the applicant to indemnify and hold the City harmless against claims arising out of or in any way related to the actions of the applicant in connection with the application or the development process, including all legal fees and costs.

8. **Performance Obligation Fees.** A Development Agreement may include provisions to guarantee performance of obligations stated in the agreement.

9. **Public Benefits.** The Development Agreement shall articulate public benefits.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6005. PUBLIC NOTICE AND HEARING.

A. **Notice of Intent.** The Director shall publish a notice of intent to consider adoption of a Development Agreement as provided in the Government Code (Sections 65090 and 65091).

B. **Planning Commission.** The Planning Commission shall hold a duly noticed public hearing prior to adoption of any Development Agreement and shall make a recommendation to the City Council to either approve, approve with modifications, or deny the Development Agreement. Notice of the public hearing shall be given in accordance with the requirements of Section 15-5007, Public Notice.

C. **City Council.** The City Council shall hold a duly noticed public hearing prior to adoption of any Development Agreement and shall either approve, approve with modifications, or deny the Development Agreement. Notice of the public hearing shall be given in accordance with the requirements of Section 15-5007, Public Notice. The City Council public hearing may, but need not, be held concurrently with the public hearing(s) on the project.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-25, § 34, eff. 6-11-18).

SEC. 15-6006. FINDINGS AND DECISION.

A. **Required Findings.** The City Council shall not approve a proposed Development Agreement unless it finds the following:

1. That its provisions are consistent with the General Plan, the Fresno County Airport Land Use Compatibility Plan (as may be amended) adopted by the Fresno County

Airport Land Use Commission pursuant to California Public Utilities Code Sections 21670-21679.5, and any applicable operative plan. This requirement may be satisfied by a finding that the provisions of a proposed Development Agreement are consistent with proposed General Plan or applicable operative plan provisions to be adopted concurrently with the approval of the proposed Development Agreement; and

2. The proposed Development Agreement will provide substantial public benefit.

B. **Decision.** After the City Council completes the public hearing, the City Council shall approve, modify, or disapprove the Development Agreement pursuant to adopted Council procedures.

C. **Approval.** A Development Agreement shall be approved by ordinance.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2019-030, § 7, eff. 10-31-19).

SEC. 15-6007. EXECUTION AND RECORDATION OF DEVELOPMENT AGREEMENT.

Within 10 days after an ordinance approving the Development Agreement takes effect, the Director shall execute the Development Agreement on behalf of the City, and the City Clerk shall record the Development Agreement with the County Recorder.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6008. ANNUAL REVIEW.

The applicant shall be required to demonstrate compliance with the provisions of the Development Agreement, including the provision of community benefits, at least once a year at which time the Director shall review each approved Development Agreement.

A. **Finding of Compliance.** If the Director, on the basis of substantial evidence, finds compliance by the applicant with the provisions of the Development Agreement, the Director shall issue a finding of compliance, which shall be in recordable form and may be recorded with the County Recorder after conclusion of the annual review.

B. **Finding of Noncompliance.** If the Director finds the applicant has not complied with the provisions of the Development Agreement, the Director may issue a finding of noncompliance which may be recorded by the City with the County Recorder after it becomes final. The Director shall specify in writing to the applicant the respects in which applicant has failed to comply, and shall set forth terms of compliance and specify a reasonable time for the applicant to meet the terms of compliance. If the applicant does not comply with any terms of compliance within the prescribed time limits, the Development Agreement shall be subject to termination or modification pursuant to Section 15-6009, Amendment or Cancellation.

C. **Appeal of Determination.** Within seven days after issuance of a finding of compliance or a finding of noncompliance, any interested person may file a written appeal of the finding with the City Council. The appellant shall pay fees and charges for the filing and processing of the appeal in amounts established by resolution of the City Council. The appellant shall specify the reasons for the appeal. The issuance of a finding of compliance or finding of noncompliance by the Director and the expiration of the appeal period without appeal, or the confirmation by the City Council of the issuance of the finding on such appeal, shall conclude the review for the applicable period and such determination shall be final.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6009. AMENDMENT OR CANCELLATION.

A. **After Finding of Noncompliance.** If a finding of noncompliance does not include terms of compliance, or if an applicant does not comply with the terms of compliance within the prescribed time limits, the Director may refer the Development Agreement to the City Council for termination or modification. The City Council shall conduct a noticed public

hearing. After the public hearing, the City Council may terminate the Development Agreement, modify the finding of noncompliance, or rescind the finding of noncompliance and issue a finding of compliance.

B. **Mutual Agreement.** Any development may be canceled or amended by mutual consent of the parties following compliance with the procedures specified in this section. A Development Agreement may also specify procedures for administrative approval of minor amendments by mutual consent of the applicant and Director. Amendments or cancellation of the agreements shall be the responsibility of the Council. The Council hearing shall be noticed.

C. **Recordation.** If the parties to the agreement or their successors in interest amend or cancel the Development Agreement, or if the City terminates or modifies the Development Agreement for failure of the applicant to fully comply with the provisions of the Development Agreement, the City Clerk shall record notice of such action with the County Recorder.

D. **Rights of the Parties After Cancellation or Termination.** In the event that a Development Agreement is cancelled or terminated, all rights of the applicant, property owner or successors in interest under the Development Agreement shall be terminated. If a Development Agreement is terminated following a finding of noncompliance, the City may, in its sole discretion, determine to return any and all benefits, including reservations or dedications of land, and payments of fees, received by the City.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6010. EFFECT OF APPROVED AGREEMENT.

A. **Existing Rules and Regulations.** Unless otherwise specified in the Development Agreement, the City's rules, regulations, and official policies governing permitted uses of the property, density, design, and improvement standards and specifications applicable to development of the property shall be those City rules, regulations, and official policies in force on the effective date of the Development Agreement, except as modified by the terms of the Development Agreement. The applicant shall not be exempt from otherwise applicable City codes or regulations pertaining to persons contracting with the City.

B. **Future Rules and Regulations.** A Development Agreement shall not prevent the City, in subsequent actions applicable to the property, from applying new rules, regulations and policies that do not conflict with those set forth in the Development Agreement. A Development Agreement shall not prevent the City from denying or conditionally approving any subsequent land use permit or authorization for the project on the basis of such existing or new rules, regulations, and policies. Unless otherwise specified in the Development Agreement, a Development Agreement shall not exempt the applicant from obtaining future discretionary land use approvals.

C. **State and Federal Rules and Regulations.** In the event that any regulation or law of the State of California or the United States, enacted or interpreted after a Development Agreement has been entered into prevents or precludes compliance with one or more

provisions of the Development Agreement, then the Development Agreement may be modified or suspended in the manner and pursuant to the procedures specified in the Development Agreement, as may be necessary to comply with such regulation or law.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-6011. ENFORCEMENT.

The procedures for enforcement, amendment, modification, cancellation, or termination of a Development Agreement specified in this section and in Government Code Section 65865.4 or any successor statute, are non-exclusive. A Development Agreement may be enforced, amended, modified, cancelled, or terminated by any manner otherwise provided by law or by the provisions of the Development Agreement.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 61 CONCEPT PLANS, PRE-ZONING, AND ANNEXATIONS

Sec. 15-6101. Purpose.
Sec. 15-6102. Concept Plans.
Sec. 15-6103. Pre-Zoning.
Sec. 15-6104. Annexation Criteria.
Sec. 15-6105. Effective Date of Zoning and Time Limit.

Sec. 15-6101. PURPOSE.

The purpose of this article is to establish a procedure for annexation of adjoining unincorporated territory.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-6102. CONCEPT PLANS.

A. **Purpose.** To facilitate the orderly expansion of the city by shaping new growth areas into a series of complete neighborhoods which feature a connected mix of houses, apartments, stores offices, open space, and public facilities.

B. **Applicability.**

1. **Annexation of Certain Land Uses.** A Concept Plan shall be prepared by the applicant when land with one of the following General Plan land use designations is proposed to be annexed:
    a. Residential, Low Density
    b. Residential, Medium Low Density
    c. Residential, Medium Density
2. **Exceptions.** Applications with the following circumstances shall not be required to prepare a Concept Plan:
    a. With the exception of the proposed project, there is no more undeveloped land within the Concept Plan Area with a residential land use designation.
    b. The site is already part of an adopted Concept Plan.
    c. The site is already part of a Specific Plan which was adopted after December 18, 2014. Sites within the boundaries of specific plan which is substantially complete may not be required to prepare a Concept Plan at the discretion of the Review Authority.
    d. If the Director determines that the subject quarter section and/or adjacent quarter sections provide a sufficient amount of land with commercial and multi-unit land use designations, the project shall not be required to submit a Land Use Map as part of their Concept Plan.
    e. Once the Concept Plan is received by the City the development may proceed if no general plan amendment is required.

C. **Review Authority.** The City Council shall approve, conditionally approve, or deny Concept Plans based on consideration of the requirements of this section.

D. **Concept Plan Area.** The Concept Plan Area shall consist of the entire contiguous area surrounding the project which is bounded by existing or planned Major Streets. This will typically be a quarter section, or about 160 acres, but the actual size may vary.

E. **Concept Plan Contents.**

1. **Land Use Map.** The Concept Plan shall feature a land use map which assigns new planned land uses to the Concept Plan Area according to the Complete Neighborhood policies of the General Plan. The land use map shall be designed as follows:

   a. **Residential Capacity.** The residential capacity of the Concept Plan Area shall not be reduced, but may be increased.

   b. **Ratio of Land Use Designations.** The percentage of land within the Concept Plan Land Use Map that is assigned various land use designations shall fit within the parameters of one of the profiles in the table below, unless unique site conditions warrant an alternative profile, to be determined at the discretion of the Review Authority:

Planned Land Use Designations	*Conventional Profile*		*Mixed-Use Profile*	
	Min.	*Max.*	*Min.*	*Max.*
Commercial (Main Street, Community, or General)	10%	15%	0%	0%
Mixed-Use (Neighborhood or Corridor)	0%	0%	15%	40%
Office	5%	15%	0%	0%
Multi-Unit (Medium High Density, Urban Neighborhood, and High Density Residential)	15%	20%	5%	20%
Single-Unit (Low Density, Medium Low Density, or Medium Density Residential)	50%	70%	40%	80%
Public Facility and Open Space	Percentage shall not decrease from what is shown on the General Plan Land Use Map.			

   c. **Location of Land Use Designations.** Land use designations shall be located in the following manner, unless unique site conditions warrant an alternative layout, to be determined at the discretion of the Review Authority:

      i. Commercial designations (Main Street, Community, or General) shall be located at the intersections of Major Streets.

      ii. Mixed-Use designations (Neighborhood or Corridor) shall be located at the intersections of Major Streets. Additional Mixed-Use designations may also be located along Major Streets between major intersections.

      iii. Office designations shall be located along Major Streets between major intersections.

iv. Multi-Unit residential designations (Medium High Density, Urban Neighborhood, or High Density) shall be located along Major Streets between major intersections.

v. Single-Unit residential designations (Low Density, Medium Low Density, or Medium Density) shall be located within the Concept Plan Area, not abutting Major Streets.

vi. Public Facilities and Open Space designations shall be located along Major Streets between major intersections.

2. **Connectivity Map.** The Concept Plan shall feature a Connectivity Map which identifies a potential street and trail system for the entire Concept Plan Area. The Connectivity Map shall feature a street, path, and trail system for the entire Concept Plan Area which complies with all applicable provisions of Article 41, Subdivision Design Standards, including, but not limited to, the following:

a. Connections between the proposed subdivision and adjacent subdivisions or potential future subdivisions shall be identified in conformance with Section 15-4107-D.

b. Connections between single-unit subdivisions and non-single-unit uses shall be identified in conformance with Section 15-4107-G.3.

F. **Adoption.**

1. **Planning Commission Recommendation.** Prior to City Council Action, the Planning Commission shall review the proposed Concept Plan and make a recommendation to the City Council.

2. **Public Notice.** Public Notice shall be provided prior to the date of Planning Commission and City Council hearings pursuant to Section 15-5007, with the exception that notice shall be provided to all owners and residents within the Concept Plan Area, as well as those within 500 feet.

3. **General Plan Amendment.** Concurrent with the adoption of the Concept Plan, a corresponding amendment to the General Plan shall be presented for adoption in order to maintain consistency.

G. **Authority of Concept Plan.**

1. **Land Use Map.** Land uses may not deviate from those shown in the Concept Plan unless the Concept Plan and General Plan Land Use Map are amended accordingly.

2. **Connectivity Map.**

a. The applicant who proposed the annexation and Concept Plan shall build streets and trails within their site as they are shown in the adopted Concept Plan.

b. Subsequent subdividers may build streets as shown in Concept Plan, or may propose an alternative layout which complies with Article 41, Subdivision Design Standards, and which incorporates the connections between subdivisions and non-residential uses put forth in the Concept Plan.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2025-024, § 79, eff. 7-27-25).

Sec. 15-6103. PRE-ZONING.

A. **Scope.** Unincorporated territory adjoining the city may be pre-zoned for the purpose of determining the zoning that will apply to such property in the event of subsequent annexation.

B. **Review Authority.** The City Council shall approve or deny pre-zoning based on consideration of the requirements of this section.

C. **Procedure.**

1. If land proposed for annexation is required to create a Concept Plan per Section 15-6102, the Concept Plan must be created and adopted prior to pre-zoning.

2. Property that is subject to annexation shall be pre-zoned consistent with the General Plan, Concept Plan if applicable, and any applicable operative plan per Section 15-6104, Annexation Criteria. If an applicant proposes to pre-zone to different zone districts than those which are consistent with the General Plan, Concept Plan, and other operable plans, then plan amendments which achieve consistency shall be initiated and processed per Article 58, Amendments to Development Code Text Amendment, Rezones, and Plan Amendments prior to pre-zoning.

3. In such cases where the Local Agency Formation Commission (LAFCO) of Fresno determines that additional land must be included for orderly growth, said land, if not previously pre-zoned by the Council, shall be brought before the Council for consideration prior to formal annexation. In order to potentially avoid such cases, staff should consult with LAFCO to identify potential parcels that would encourage the logical formation of city boundaries.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-6104. ANNEXATION CRITERIA.

Annexation shall not be approved unless the proposed annexation meets all of the following criteria:

A. **Concept Plan.** If land proposed for annexation is required to create a Concept Plan per Section 15-6102, the Concept Plan must be created and adopted prior to annexation.

B. **Plan Consistency.** The proposed annexation and parcel configuration is consistent with the General Plan, the Fresno County Airport Land Use Compatibility Plan (as

may be amended) adopted by the Fresno County Airport Land Use Commission pursuant to California Public Utilities Code Sections 21670-21679.5, Concept Plan, and any applicable operative plan; and

C. **Revenue Neutrality.**

1. **Public Services, Facilities, and Utilities.** Adequate public services, facilities, and utilities meeting City standards are available to the lands proposed for annexation or will be provided within a specific period of time, with financial guarantees and performance requirements, to ensure this will occur.

2. **Fair and Proportional Payments.** Projects requiring annexation will not negatively impact City finances.

a. No City revenue will be used to replace or provide developer funding that has or would have been committed to any mitigation project.

b. The development project will fully fund public facilities and infrastructure as necessary to mitigate any impacts arising from the new development.

c. The development project will pay for public facilities and infrastructure improvements in proportion to the development's neighborhood and citywide impacts.

d. The development will fund its proportionate share of public facility infrastructure, maintenance and public service costs according to the City Council approved Development Impact Fee Schedule and through a uniform application of community facilities district fees.

D. **Disadvantaged Unincorporated Communities.** The City will partner with the community, if there is wide support for annexation, to coordinate terms to initiate and support the annexation process.

E. **LAFCO Approval.** The annexation shall be approved by the Local Agency Formation Commission (LAFCO) of Fresno.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2019-030, § 8, eff. 10-31-19).

Sec. 15-6105. EFFECTIVE DATE OF ZONING AND TIME LIMIT.

The zoning accomplished by pre-zoning of the property shall become effective at the time that annexation to the city becomes effective. If the subject area has not been annexed to the city within six years of the date of City Council approval, the pre-zoning approval shall be brought before the Planning Commission and the Council for reconsideration.

(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 62 STREET NAMES AND ADDRESSING

Sec. 15-6201. Purpose.
Sec. 15-6202. Determining Street Names.
Sec. 15-6203. General Street Name Procedures.
Sec. 15-6204. Street Name Changes.
Sec. 15-6205. Addressing.

SEC. 15-6201. PURPOSE.

This article shall establish the procedures for the assignment of street names.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6202. DETERMINING STREET NAMES.

A. Street names shall be reviewed and approved by the City. The Director may approve street names as deemed appropriate, however at their discretion; the Director may refer street name-related issues to the Planning Commission for consideration.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6203. GENERAL STREET NAME PROCEDURES.

A. Where streets are continuations of existing streets, as determined by the Director, the existing street names shall be used.

B. Proposed street names shall not duplicate or approximate phonetically the name of any street in Fresno or its environs.

C. The word "Street," "Avenue," "Boulevard," "Road," "Place," or other designation shall be spelled out in full on the map and shall have the prefix of "East," "West," "South," or "North," with the exception of downtown streets as determined by City policy.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6204. STREET NAME CHANGES.

Street name changes shall comply with adopted City policies regarding Street Name Procedures.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6205. ADDRESSING.

The Director shall cause addresses to be established per City policy.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 63 ENFORCEMENT

Sec. 15-6301. Purpose.
Sec. 15-6302. Enforcement.
Sec. 15-6303. Revocation.
Sec. 15-6304. Nuisance Defined.
Sec. 15-6305. Penalty for Violation.
Sec. 15-6306. Remedies.
Sec. 15-6307. Nuisance Abatement.
Sec. 15-6308. Standing to Sue.

SEC. 15-6301. PURPOSE.

This article establishes the responsibilities of various departments, officials, and public employees of the City to enforce the requirements of this Code and establishes uniform procedures the City will use to identify, abate, remove, and enjoin uses, buildings, or structures that are deemed to be in violation of this Code. The provisions of this article are in addition to those set forth in Fresno Municipal Code Chapter 1, Article 3, Code Enforcement; Judicial and Administrative Remedies and Procedures, and Chapter 10, Article 6, Public Nuisance Abatement.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6302. ENFORCEMENT.

All departments, officials, and public employees of the City vested with the duty or authority to issue permits or licenses shall conform to the provisions of this Code, and shall issue no permit or license for uses, buildings, or purposes in conflict with the provisions of this Code, and any such permit or license issued in conflict with the provisions of this Code shall be null and void. It shall be the duty of the Building Official of the City to enforce the provisions of this Code pertaining to the erection, construction, reconstruction, moving, conversion, alteration, or addition to or of any building or structure.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6303. REVOCATION.

Any permit granted under the Development Code may be revoked in accordance with the provisions in Section 15-5016, Revocation of Permits, if any of the conditions or terms of such permit are violated or if any law or code is violated in connection therewith. Notwithstanding this provision, no lawful residential use can lapse regardless of the length of time of the vacancy.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6304. NUISANCE DEFINED.

Any building, structure, or planting set up, erected, constructed, altered, enlarged, converted, moved, or maintained contrary to the provisions of this Code, any use of any land,

building, or premises established, conducted, operated, or maintained contrary to the provisions of this Code, and failure to comply with any of the conditions of a permit granted under this Code is declared to be unlawful and a public nuisance.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6305. PENALTY FOR VIOLATION.

Any person, firm, or corporation, whether as principal, agent, employee or otherwise, violating a provision of this Code or failing to comply with a mandatory requirement of this Code shall be guilty of a misdemeanor, but may be cited or charged, at the election of the enforcing officer or City Attorney, as an infraction. Upon conviction, such person shall be punished as set forth in Fresno Municipal Code Chapter 1, Article 3, Code Enforcement; Judicial and Administrative Remedies and Procedures. A person, firm, or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this Code is committed, continued or permitted by such person, firm, or corporation, and shall be punished accordingly.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6306. REMEDIES.

The remedies provided for herein shall be cumulative and not exclusive. Upon a finding of nuisance pursuant to this article, and after giving the property owner an opportunity to cure the nuisance and determining that the nuisance still exists, the Director, Planning Commission, or City Council may impose any remedy available at law or in equity, which shall include, but is not limited to, any of the following or combination thereof:

A. Ordering the cessation of the use in whole or in part;

B. Imposing reasonable conditions upon any continued operation of the use, including those uses that constitute existing non-conforming uses;

C. Requiring continued compliance with any conditions so imposed;

D. Requiring the user to guarantee that such conditions shall in all respects be complied with;

E. Imposing additional conditions or ordering the cessation of the use in whole or in part upon a failure of the user to comply with any conditions so imposed; or

F. Imposition of the provisions of Section 1-301 et. seq. of the Municipal Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6307. NUISANCE ABATEMENT.

Notices of violation shall be provided and recorded and nuisances abated, according to the procedures of Fresno Municipal Code Chapter 10, Article 6, Public Nuisance Abatement.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6308. STANDING TO SUE.

Consistent with State law, any resident or property owner in the city and any resident or property owner within one mile of the city limits shall have standing to obtain a mandatory prohibitory injunction to prevent the violation of this Development Code.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

ARTICLE 66 RESERVED

PART VI: GENERAL TERMS AND DEFINITIONS

ARTICLE 67 USE CLASSIFICATIONS

Sec. 15-6701. Purpose and Applicability.
Sec. 15-6702. Residential Use Classifications.
Sec. 15-6703. Public and Semi-Public Use Classifications.
Sec. 15-6704. Commercial Use Classifications.
Sec. 15-6705. Industrial Use Classifications.
Sec. 15-6706. Transportation, Communication, and Utilities Use classifications.
Sec. 15-6707. Agricultural and Extractive Use Classifications.

SEC. 15-6701. PURPOSE AND APPLICABILITY.

Use classifications describe one or more uses of land having similar characteristics, but do not list every use or activity that may appropriately be within the classification. The Director shall determine whether a specific use shall be deemed to be within one or more use classifications, or not within any classification in this article. The Director may also determine that a specific use shall not be deemed to be within a classification, whether or not generally named within the classification, if its unique characteristics are substantially incompatible with those typical of uses named within the classification.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

SEC. 15-6702. RESIDENTIAL USE CLASSIFICATIONS.

Residential Housing Types. For the purposes of determining consistency with applicable sections of the California Government Code 'single/multi-unit' shall have the same meaning as 'single/multi-family' as it is used in the California Government Code.

Single-Unit Dwelling, Detached. A dwelling unit designed for occupancy by one household, and located on a separate lot from any other unit (except second living units, where permitted). This classification includes individual manufactured housing units installed on a foundation system pursuant to Section 18551 of the California Health and Safety Code.

Single-Unit Dwelling, Attached. A dwelling unit designed for occupancy by one household, located on a single lot and typically grouped together in a row of similar units. They may be attached through common vertical party wall(s) to one or more dwellings on abutting lots, or may appear to be attached, but are structurally independent.

Second Dwelling Unit. A dwelling unit providing independent living facilities for one or more persons that is located on a lot with primary dwelling(s). A second unit may be within the same structure as the primary unit, in an attached structure, or in a separate structure on the same lot.

Duplex. A single building on a lot that contains two dwelling units or two single-unit dwellings on a single lot. This use is distinguished from a Second Dwelling Unit, which is an accessory residential unit as defined by State law and this Ordinance.

Multi-Unit Residential. Three or more dwelling units on a site or lot. Types of multiple unit dwellings include townhouses, garden apartments, senior housing developments, and multi-story apartment buildings. This use includes multi-unit development in which individual units are occupied exclusively by one or more persons 62 years of age or older.

Cottage Housing Development. A group of single-unit homes, typically smaller than 1,200 square feet, that are arranged in common relation to one another, usually surrounding a shared landscaped area. Also known as a "pocket neighborhood."

Adult Family Day Care. A day-care facility licensed by the State of California that is located in a single-unit residence or other dwelling unit where a resident of the dwelling provides care and supervision for adults over the age of 18 for periods of less than 24 hours a day.

Small. A facility that provides care for six or fewer adults.

Large. A facility that provides care for seven to 12 adults.

Caretaker Residence. A dwelling unit occupied by employees or caretakers of the primary use on the site.

Domestic Violence Shelter. A facility providing sleeping accommodations for a maximum of eight persons, inclusive of any children or support staff using sleeping accommodations, located in a single-unit residence or other dwelling unit where survivors of domestic violence or sexual abuse are provided temporary housing, food, and other specialized services in compliance with California Welfare and Institutions Code Section 18290 et seq., and which may also be occupied by professional support staff provided by a sponsoring agent.

Elderly and Long-Term Care. Establishments that provide 24-hour medical, convalescent, or chronic care to individuals who, by reason of advanced age, chronic illness, or infirmity, are unable to care for themselves, and is licensed as a skilled nursing facility by the State of California, including, but not limited to, rest homes and convalescent hospitals, but not Residential Care, Hospitals, or Clinics.

Family Day Care. A day-care facility licensed by the State of California that is located in a single-unit residence or other dwelling unit where a resident of the dwelling provides care and supervision for children under the age of 18 for periods of less than 24 hours a day.

Small. A facility that provides care for eight or fewer children, including children who reside at the home and are under the age of 10.

Large. A facility that provides care for nine to 14 children, including children who reside at the home and are under the age of 10.

Group Residential. Shared living quarters without separate kitchen or bathroom facilities for each room or unit, offered for rent for permanent or semi-transient residents on

a weekly or longer basis. This classification includes clean and sober facilities, other types of organizational housing, private residential clubs, and farmworker housing, but excludes Hotels and Motels, Residential Care Facilities, and Re-Entry Facilities.

Small. A facility that houses six or fewer persons.

Large. A facility that houses seven or more persons.

Lodging-to-Dwelling Conversions. The conversion of existing hotels or motels from a commercial lodging use to a residential use which will provide housing to non-transient residents and facilitate bringing such hotel or motel buildings into safe and habitable condition as required by State and local law.

Mobile Home Parks. A development designed and occupied by mobile homes including development with facilities and amenities used in common by occupants who rent, lease, or own spaces for mobile homes through a subdivision, cooperative, condominium, or other form of resident ownership.

Office-To-Dwelling. The conversion of existing office building(s) from an office use to a multi-unit residential use which will provide housing to residents and facilitate compliance of said structures into safe and habitable condition as required by State and local law.

Re-Entry Facility. A facility used for the rehabilitation and overnight accommodations of 25 or more individuals, including staff, who are (a) under the jurisdiction of a court, but not under confinement, or (b) individuals recently released from the jurisdiction of a court. Such facility shall be operated by the City, the State, the federal government, or a private party under contract with the City, the State, or the federal government for the purpose of providing treatment or rehabilitation intended to assist such individuals with their re-entry into the community.

Residential Care Facilities. Facilities that are licensed by the State of California to provide permanent living accommodations and 24-hour primarily non-medical care and supervision for persons in need of personal services, supervision, protection, or assistance for sustaining the activities of daily living. Living accommodations are shared living quarters with or without separate kitchen or bathroom facilities for each room or unit. This classification includes facilities that are operated for profit as well as those operated by public or not-for-profit institutions, including hospices, nursing homes, convalescent facilities, and group homes for minors, persons with disabilities, and people in recovery from alcohol or drug addictions. This use classification excludes Transitional Housing and Social Service Facilities.

Residential Care, General. A facility providing care for more than six persons.

Residential Care, Limited. A facility providing care for six or fewer persons.

Residential Care, Senior. A housing arrangement chosen voluntarily by the resident, the resident's guardian, conservator, or other responsible person; where residents are 60 years of age or older and where varying levels of care and supervision are provided as

agreed to at the time of admission or as determined necessary at subsequent times of reappraisal. This classification includes continuing-care retirement communities and life care communities licensed for residential care by the State of California.

Single Room Occupancy. A residential facility containing housing units that may have kitchen and/or bathroom facilities and are guest rooms or efficiency units as defined by the State Health and Safety Code. Each housing unit is occupied by no more than two adults and is offered on a monthly rental basis or longer. This definition includes Single Room Occupancy Hotels, Boarding Homes, and extended stay hotels that offer rooms intended for long-term occupancy (30 days or more).

Supportive Housing. Dwelling units with no limit on the length of stay, that are occupied by the target population as defined in Section 50675.14 of the California Health and Safety Code, and that are linked to on-site or off-site services that assist the supportive housing resident in retaining the housing, improving their health status, and maximizing their ability to live and, where possible, work in the community.

Transitional Housing. Dwelling units configured as rental housing developments, but operated under program requirements that call for the termination of assistance and recirculation of the assisted unit to another eligible program recipient at some predetermined future point in time, which shall be no less than six months.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-25, § 35, eff. 6-11-18; Am. Ord. 2020-031, § 6, 9-1-20; Am. Ord. 2025-024, § 80, eff. 7-27-25; Am. Ord. 2025-023, § 6, eff. 12-26-25).

Sec. 15-6703. PUBLIC AND SEMI-PUBLIC USE CLASSIFICATIONS.

Cemetery. Establishments primarily engaged in operating sites or structures reserved for the interment of human or animal remains, including mausoleums, burial places, and memorial gardens.

Colleges and Trade Schools, Public or Private. Institutions of higher education providing curricula of a general, religious, or professional nature, typically granting recognized degrees, including conference centers and academic retreats associated with such institutions. This classification includes junior colleges, business and computer schools, management training, technical and trade schools, but excludes personal instructional services such as music lessons.

Community and Religious Assembly. A facility for public or private meetings including community centers, religious assembly facilities, civic and private auditoriums, union halls, meeting halls for clubs and other membership organizations. This classification includes functionally related facilities for the use of members and attendees such as kitchens, multi-purpose rooms, and storage. It does not include gymnasiums or other sports facilities, convention centers, or facilities, such as day care centers and schools that are separately classified and regulated.

Community Garden. Use of land for and limited to the cultivation and tillage of soil for the production, growing, and harvesting of any agricultural, floricultural, or horticultural commodity.

Conference/Convention Facility. One or more structures accommodating multiple assembly, meeting, and/or exhibit rooms, and related support facilities (e.g., kitchens, offices, etc.).

Cultural Institutions. Public or non-profit institutions engaged primarily in the display or preservation of objects of interest in the arts or sciences that are open to the public on a regular basis. This classification includes performing arts centers for theater, music, dance, and events; buildings of an educational, charitable, or philanthropic nature; libraries; museums; historical sites; aquariums; art galleries; and zoos and botanical gardens.

Day Care Centers. Establishments providing non-medical care for persons on a less than 24-hour basis other than Family Day Care. This classification includes nursery schools, preschools, and day care facilities for children or adults, and any other day care facility licensed by the State of California.

Emergency Shelter. A temporary, short-term residence providing housing with minimal supportive services for families or individuals experiencing homelessness, where occupancy is limited to 180 days or less, as defined in Section 50801 of the California Health and Safety Code. Medical assistance, counseling, and meals may be provided.

Government Offices. Administrative, clerical, or public contact offices of a government agency, including postal facilities and courts, together with incidental storage and maintenance of vehicles. This classification excludes corporation yards, equipment service centers, and similar facilities that primarily provide maintenance and repair services and storage facilities for vehicles and equipment (see Utilities, Major).

Hospitals and Clinics. State-licensed facilities providing medical, surgical, psychiatric, or emergency medical services to sick or injured persons. This classification includes facilities for inpatient or outpatient treatment, including substance-abuse programs as well as training, research, and administrative services for patients and employees. This classification excludes veterinaries and animal hospitals (see Animal Care, Sales, and Services).

Hospital. A facility providing medical, psychiatric, or surgical services for sick or injured persons primarily on an in-patient basis, and including ancillary facilities for outpatient and emergency treatment, sub-acute care facilities, diagnostic services, training, research, administration, and services to patients, employees, or visitors.

Clinic. A facility providing medical, psychiatric, or surgical service for sick or injured persons exclusively on an out-patient basis including emergency treatment, diagnostic services, administration, and related services to patients who are not lodged overnight. Services may be available without a prior appointment. This classification includes licensed facilities such as blood banks and plasma centers, and emergency medical services offered exclusively on an out-patient basis. This classification does not include

private medical and dental offices that typically require appointments and are usually smaller scale. This classification includes substance abuse treatment and recovery programs which are not residential in nature and which exclusively administer counseling services.

Substance Abuse Treatment Clinic. A facility that administers medication, or supervises the self-administration of medication, for substance abuse treatment.

Instructional Services. Establishments that offer specialized programs in personal growth and development such as music, martial arts, vocal, fitness, and dancing instruction.

Park and Recreation Facilities, Public. Parks, playgrounds, recreation facilities, trails, wildlife preserves, and related open spaces, all of which are noncommercial. This classification also includes noncommercial playing fields, courts, gymnasiums, swimming pools, picnic facilities, tennis courts, golf courses, and botanical gardens, as well as related food concessions or community centers within the facilities.

Parking, Public or Private. Surface lots and structures which offer parking to the public for a fee, when such parking is not associated with another on-site activity.

Public Safety Facilities. Facilities providing public-safety and emergency services, including police and fire protection, correctional facilities, and emergency medical services, with incidental storage, training, and maintenance facilities.

Schools, Public or Private. Facilities for primary or secondary education, including public schools, charter schools, and private and parochial schools having curricula comparable to that required in the public schools of the State of California.

Social Service Facilities. Any noncommercial facility, such as homeless shelters; and facilities providing social services such as job referrals, housing placement, and which may also provide meals, showers, clothing, groceries, and/or laundry facilities, typically for less than 30 days. Specialized programs and services related to the needs of the residents may also be provided.
(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-32, § 41, eff. 10-21-16; Am. Ord. 2018-25, § 36, eff. 6-11-18; Am. Ord. 2025-009, § 1, eff. 6-5-25).

Sec. 15-6704. COMMERCIAL USE CLASSIFICATIONS.

Adult-Oriented Business. An establishment that, as a regular and substantial course of conduct, offers, sells or distributes adult-oriented merchandise, or that offers to its patrons materials, products, merchandise, services, entertainment, or performances that have sexual arousal, sexual gratification, and/or sexual stimulation as their dominant theme, or are characterized by an emphasis on specified sexual activities or specified anatomical areas and are not customarily open to the general public because they exclude minors by virtue of their age. This classification does not include any establishment offering professional services conducted, operated, or supervised by medical practitioners, physical therapists, nurses, chiropractors, psychologists, social workers, marriage and family counselors, osteopaths, and

persons holding licenses or certificates under applicable State law or accreditation from recognized programs when performing functions pursuant to the respective license or certificate.

Aircraft Sales, Services, and Storage. Uses related to the rental, sales and leasing, storage, repair, and washing of aircraft.

Animal Care, Sales and Services. Retail sales and services related to the boarding, grooming, and care of household pets including:

Grooming and Pet Stores. Retail sales of animals and/or services, including grooming, for animals on a commercial basis. Grooming or selling of dogs, cats, and similar small animals. Typical uses include dog bathing and clipping salons, pet grooming shops, and pet stores and shops. This classification excludes dog walking and similar pet care services not carried out at a fixed location, and excludes pet supply stores that do not sell animals or provide on-site animal services.

Kennels. A commercial, non-profit, or governmental facility for keeping, boarding, training, breeding, or maintaining four or more dogs, cats, or other household pets not owned by the kennel owner or operator. Typical uses include pet clinics, pet day care, grooming, animal hospitals for small animals, and animal shelters, but exclude pet shops and animal hospitals that provide 24-hour accommodation of animals receiving medical or grooming services.

Veterinary Services. Veterinary services for household pets. This classification allows 24-hour accommodation of animals receiving medical services, but does not include kennels (see Kennels) nor veterinary care for farm animals (see Agricultural Support Services).

Artist's Studio. Work space for an artist or artisan, including individuals practicing one of the fine arts or performing arts, or skilled in an applied art or craft. This use is distinguished by incidental retail sales of items produced on the premises and does not include joint living and working units (see Live-Work).

Automobile/Vehicle Sales and Services. Retail or wholesale businesses that sell, rent, and/or repair automobiles, boats, recreational vehicles, trucks, vans, trailers, and motorcycles, including the following:

Automobile Rentals. Rental of automobiles. Typical uses include car rental agencies.

Automobile/Vehicle Sales and Leasing. Sale or lease, retail or wholesale, of automobiles, light trucks, motorcycles, motor homes, and trailers, together with associated repair services and parts sales, but excluding body repair and painting. Typical uses include automobile dealers and recreational vehicle sales agencies. This classification does not include automobile brokerage and other establishments which solely provide services of arranging, negotiating, assisting, or effectuating the purchase of an automobile for others.

Automobile/Vehicle Repair, Major. Repair of automobiles, trucks, motorcycles, motor homes, boats, and recreational vehicles, including the incidental sale, installation, and

servicing of related equipment and parts, generally on an overnight basis. This classification includes auto repair shops, body and fender shops, transmission shops, wheel and brake shops, auto glass services, and vehicle painting, but excludes vehicle dismantling or salvaging and tire retreading or recapping.

Automobile/Vehicle Service and Repair, Minor. The service and repair of automobiles, light-duty trucks, boats, and motorcycles, including the incidental sale, installation, and servicing of related equipment and parts. This classification includes the replacement of small automotive parts and liquids as an accessory use to a gasoline sales station or automotive accessories and supply store, and quick-service oil, tune-up, and brake and muffler shops, where repairs are made or service is provided in enclosed bays and no vehicles are stored overnight, including tire sales and installation. This classification excludes disassembly, removal, or replacement of major components such as engines, drive trains, transmissions, or axles; automotive body and fender work; vehicle painting; or other operations that generate excessive noise, objectionable odors, or hazardous materials; and towing services. It also excludes repair of heavy trucks, limousines, or construction vehicles.

Large Vehicle and Equipment Sales, Service, and Rental. Sales, servicing, rental, fueling, and washing of large trucks, trailers, tractors, and other heavy equipment used for construction, moving, agricultural, or landscape gardening activities. Examples include cranes, earth moving equipment, tractors, combines, heavy trucks, etc. Includes large vehicle operation training facilities. Sales of new or used automobiles are excluded from this classification.

Service Station. Establishments primarily engaged in retailing automotive fuels or retailing these fuels in combination with activities, such as providing minor automobile/vehicle repair services; selling automotive oils, replacement parts, and accessories; and/or providing incidental food and retail services.

Towing and Impound. Establishments primarily engaged in towing light or heavy motor vehicles, both local and long distance. These establishments may provide incidental services, such as vehicle storage and emergency road repair services (for automobile dismantling, see Salvage and Wrecking).

Washing. Washing, waxing, detailing, or cleaning of automobiles or similar light vehicles, including self-serve washing facilities.

Banks and Financial Institutions.

Banks and Credit Unions. Financial institutions providing retail banking services. This classification includes only those institutions engaged in the on-site circulation of money, including credit unions, but excludes check-cashing businesses and payday lenders.

Check Cashing Businesses, Payday Lenders, and Similar Financial Services. Establishments that, for compensation, engage in the business of cashing checks, warrants, drafts, money orders, or other commercial paper serving the same purpose; that

offer, originate, or make deferred deposit transactions in which the establishment/lender defers depositing a customer's personal check or electronically accessing a bank account until a specific date, pursuant to a written agreement, for a fee or other charge; or that engage in the business of making consumer or auto-title loans.

This category does not include State or federally chartered banks, savings associations, credit unions, or industrial loan companies. It also does not include retail sellers that are primarily engaged in the business of selling consumer goods, such as consumables to retail buyers, and that cashes checks or issues money orders as a service to its customers (for a fee not exceeding two dollars), incidental to their main purpose or business.

Banquet Hall. A facility, as part of a hotel or as a standalone facility, where various types of gatherings may occur. Banquet Hall activities include, but are not limited to, formal dinners, receptions, reunions, business meetings, benefits, and club meetings.

Business Services. Establishments providing goods and services to other businesses on a fee or contract basis, including printing and copying, blueprint services, advertising and mailing, equipment rental and leasing, office security, custodial services, photo finishing, model building, taxi or delivery services with two or fewer fleet vehicles on-site.

Corner Commercial. Small-scale commercial establishments within residential districts. Limited permitted uses are neighborhood-serving to provide convenient, walkable access to important amenities.

Eating and Drinking Establishments. Businesses primarily engaged in serving prepared food and/or beverages for consumption on or off the premises.

Bars/Nightclubs/Lounges. Businesses serving beverages for consumption on the premises as a primary use and including on-sale service of alcohol including beer, wine, and mixed drinks. This use includes micro-breweries where alcoholic beverages are sold and consumed on-site and any food service is subordinate to the sale of alcoholic beverages.

Restaurant with Alcohol Sales. Restaurants providing food and beverage services, including the sales of alcoholic beverages for consumption on the premises. Takeout or delivery service may be provided. This use includes micro-breweries where the sale and consumption of alcoholic beverages are subordinate to on-site food service.

Restaurant without Alcohol Sales. Restaurants providing food and beverage services without the sales of alcoholic beverages. Food and beverages may be consumed on the premises, taken out, or delivered. This classification also includes catering businesses or bakeries that have a storefront retail component.

Entertainment and Recreation. Provision of participant or spectator entertainment to the general public.

Cinema/Theaters. Facilities for indoor display of films, motion pictures, or dramatic, musical, or live performances. This classification may include incidental food and beverage services to patrons.

Cyber/Internet Café. A private establishment that offers access to the Internet to its customers, usually within the setting of a café where food and drink may be purchased.

Motorcycle/Riding Clubs. Facilities that support the activities of motorcycle interest groups.

Shooting/Archery Range. A facility designed for firearm or archery practice.

Large-Scale. This classification includes large outdoor facilities such as amusement and theme parks, sports stadiums and arenas, racetracks, amphitheaters, drive-in theaters, water parks, zoos, driving ranges, golf courses, miniature golf courses, and riding stables. Fully enclosed sports stadiums and arenas are also included. This classification may include snack bars and other incidental food and beverage services to patrons. Bars or restaurants with alcohol sales shall be treated as a separate use and shall be regulated accordingly, even when operated in conjunction with the entertainment and recreation use.

Small-Scale. This classification includes smaller and primarily indoor facilities such as fitness centers, health clubs, and gymnasiums; handball, racquetball, and tennis club facilities; ice or roller skating rinks; public swimming pools; bowling alleys; card rooms; dance halls; pool and billiards lounges; trampoline and bounce house establishments; and amusement arcades. This classification may include snack bars and other incidental food and beverage services to patrons. Bars or restaurants with alcohol sales shall be treated as a separate use and shall be regulated accordingly, even when operated in conjunction with the entertainment and recreation use.

Food and Beverage Sales. Retail sales of food and beverages for off-site preparation and consumption. Typical uses include food markets, groceries, and liquor stores.

Farmer's Markets. A commercial use primarily consisting of an organized display, indoors or outdoors, of agricultural products in their natural state for retail sale. Other products such as processed food (dried fruit, cheese or bread, for example), or artisan handiwork or art, are sometimes sold at Farmer's Markets as well. Farmer's Markets which take place within a fully enclosed building which is not disassembled when the Farmer's Market is not in operation shall be considered Healthy Food Grocers.

General Market. Retail food markets of food and grocery items for offsite preparation and consumption. Typical uses include full-service grocery stores, neighborhood grocery stores, and specialty food stores, such as retail bakeries; candy, nuts, and confectionary stores; meat or produce markets; vitamin and health food stores; cheese stores; and delicatessens. This classification may include small-scale specialty food production such as pasta shops with retail sales.

Healthy Food Grocer. A food and beverage retail sales establishment that (1) dedicates at least 50 percent of retail space to a general line of grocery products intended for home preparation, consumption and use; and (2) dedicates at least 30 percent of retail space to perishable goods including dairy, fresh, produce, fresh meats, poultry and fish, and frozen foods.

Liquor Stores. An establishment less than 10,000 square feet in size that sells liquor for off-site consumption and/or that devotes 30 percent or greater floor area to the selling of packaged alcoholic beverages (such as ale, beer, wine, and liquor) for off-site consumption.

Food Preparation. Businesses preparing and/or packaging food for off-site consumption, excluding those of an industrial character in terms of processes employed, waste produced, water used, and traffic generation. Typical uses include catering kitchens, bakeries with on-site retail sales, and small-scale specialty food production. This use includes micro-breweries, but does not include tasting rooms open to the public or sales for consumption on-site.

Funeral Parlors and Internment Services. An establishment primarily engaged in the provision of services involving the care, preparation, or disposition of human remains and conducting memorial services. Typical uses include crematories, columbaria, mausoleums, mortuaries, funeral chapels, and funeral homes.

Live/Work. A unit that combines a work space and incidental residential occupancy occupied and used by a single household in structure that has been constructed for such use or converted from commercial or industrial use and structurally modified to accommodate residential occupancy and work activity in compliance with the Building Code. The working space is reserved for and regularly used by one or more occupants of the unit.

Lodging. An establishment providing overnight accommodations to transient patrons for payment for periods of less than 30 consecutive calendar days.

Bed and Breakfast. A residential structure that is in residential use with one or more bedrooms rented for overnight lodging and where meals may be provided.

Hotels and Motels. An establishment providing overnight lodging to transient patrons. These establishments may provide additional services, such as conference and meeting rooms, restaurants, bars, or recreation facilities available to guests or to the general public. This use classification includes motor lodges, motels, and tourist courts, but does not include rooming houses, boarding houses, private residential clubs, or bed and breakfast establishments within a single-unit residence, which are separately defined and regulated.

RV Parks. A form of lodging designed to specifically accommodate travelers with recreational vehicles and/or trailers.

Maintenance and Repair Services. Establishments engaged in the maintenance or repair of office machines, household appliances, furniture, and similar items. This classification excludes maintenance and repair of vehicles or boats (see Automotive/Vehicle Sales and Services) and personal apparel (see Personal Services).

Offices. Offices of firms or organizations providing professional, executive, management, administrative or design services, such as accounting, architectural, computer software design, engineering, graphic design, interior design, investment, insurance, and legal offices, excluding banks and savings and loan associations (see Banks and Financial Institutions).

This classification also includes offices where medical and dental services are provided by physicians, dentists, chiropractors, acupuncturists, optometrists, and similar medical professionals, including medical/dental laboratories within medical office buildings but excluding clinics or independent research laboratory facilities and hospitals (see Hospitals and Clinics).

Business and Professional. Offices of firms or organizations providing professional, executive, management, or administrative services, such as accounting, architectural, computer software design, engineering, graphic design, interior design, legal offices, and tax preparation offices.

Medical and Dental. Office use providing consultation, diagnosis, therapeutic, preventive, or corrective personal treatment services by doctors, dentists, medical and dental laboratories, and similar practitioners of medical and healing arts for humans licensed for such practice by the State of California. Incidental medical and/or dental research within the office is considered part of the office use, where it supports the on-site patient services.

Walk-In Clientele. An office business providing direct services to patrons or clients that may or may not require appointments. This use classification includes employment agencies, insurance agent offices, real estate offices, travel agencies, utility company offices, and offices for elected officials. It does not include banks or check-cashing facilities that are separately classified and regulated.

Personal Services.

General Personal Services. Provision of recurrently needed services of a personal nature. This classification includes barber shops and beauty salons, seamstresses, tailors, day spas, dry cleaning agents (excluding large-scale bulk cleaning plants), shoe repair shops, self-service laundries, video rental stores, photocopying, photo finishing services, and travel agencies mainly intended for the consumer.

Fortune Telling Service. An establishment engaged in or that professes to foretell future or past events or that is engaged in the practice of palmistry (the art or practice of reading a person's character or future from the lines on the palms of hands). Examples of this use type include astrologers, fortune tellers, palm and card readers, and psychics.

Massage Establishments. Any business, including a sole proprietorship, which offers massage therapy in exchange for compensation, whether at a fixed place of business or at a location designated by the patron. Massage therapy includes the application of various techniques to the muscular structure and soft tissues of the human body, including, but not limited to, any method of pressure or friction against, or stroking, kneading, rubbing, tapping, compression, pounding, vibrating, rocking or stimulating of, the external surfaces of the body with the hands or with any object or appliance. Exempted from this definition are massage therapists operating in conjunction with and on the same premises as a physician, surgeon, chiropractor, osteopath, nurse or any physical therapist who is duly

State-licensed to practice their respective profession in the State of California, and out-service massage therapists certified pursuant to the California Business and Professions Code Section 4612.

Medical Marijuana Collective. A location where marijuana is cultivated collectively by more than one qualified patient (with valid identification card) or designated primary caregiver of a person with a valid identification card, in order to collectively or cooperatively cultivate and/or store marijuana for medical purposes, as provided in Health and Safety Code Section 1362.775.

Tattoo or Body Modification Parlor. An establishment whose principal business activity is one or more of the following: 1) using ink or other substances that result in the permanent coloration of the skin through the use of needles or other instruments designed to contact or puncture the skin; or 2) creating an opening in the body of a person for the purpose of inserting jewelry or other decoration.

Retail Sales.

Building Materials and Services. Retail sales or rental of building supplies or equipment. This classification includes lumber yards, tool and equipment sales or rental establishments, and includes establishments devoted principally to taxable retail sales to individuals for their own use. This definition does not include Construction and Material Yards or plant nurseries.

Convenience Retail. Establishments primarily engaged in the provision of frequently or recurrently needed small personal items or services for residents within a reasonable walking distance. These include various general retail sales and personal services of an appropriate size and scale to meet the above criteria. Liquor Stores shall not be considered Convenience Retail.

General Retail. The retail sale or rental of merchandise not specifically listed under another use classification. This classification includes retail establishments with 80,000 square feet or less of sales area; including department stores, clothing stores, furniture stores, pet supply stores, hardware stores, and businesses retailing the following goods: toys, hobby materials, handcrafted items, jewelry, cameras, photographic supplies and services (including portraiture and retail photo processing), medical supplies and equipment, pharmacies, electronic equipment, sporting goods, kitchen utensils, hardware, appliances, antiques, art galleries, art supplies and services, paint and wallpaper, carpeting and floor covering, office supplies, bicycles, and new automotive parts and accessories (excluding vehicle service and installation). Retail sales may be combined with other services such as office machine, computer, electronics, and similar small-item repairs.

Gun Shop. Any retail sales business engaged in selling, leasing, purchasing, or lending of guns, firearms, or ammunition.

Large-Format Retail. Retail establishments (over 80,000 square feet of sales area) that sell merchandise and bulk goods for individual consumption, including membership warehouse clubs.

Nurseries and Garden Centers. Establishments primarily engaged in retailing nursery and garden products—such as trees, shrubs, plants, seeds, bulbs, and sod—that are predominantly grown elsewhere. These establishments may sell a limited amount of a product they grow themselves. Fertilizer and soil products are stored and sold in package form only. This classification includes wholesale and retail nurseries offering plants for sale.

Pawn Shops. Establishments engaged in the buying or selling of new or secondhand merchandise and offering loans in exchange for personal property.

Second Hand/Thrift Store. A retail establishment that buys and sells used products, including through consignment, that may include clothing, furniture and household goods, jewelry, household appliances, musical instruments, business machines and office equipment, hand tools, and similar items. This use does not include book stores, antique stores, sale of used farm or construction equipment, junk dealers, scrap/dismantling yards, sale of used cars or other vehicles, or pawn shops.

Swap Meet/Flea Market. Any indoor or outdoor place, in an approved location, or for an approved activity where new or used goods or secondhand personal property is offered for sale or exchange to the general public by a multitude of individual licensed vendors, usually in compartmentalized spaces. The term swap meet is interchangeable with and applicable to: flea markets, auctions, open air markets, or other similarly named or labeled activities; but the term does not include supermarket or department store retail operations.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2018-25, § 37, eff. 6-11-18; Am. Ord. 2018-66, § 71, eff. 1-18-19; Am. Ord. 2024-015, § 1, eff. 7-11-24).

Sec. 15-6705. INDUSTRIAL USE CLASSIFICATIONS.

Construction and Material Yards. Storage of construction materials or equipment on a site other than a construction site.

Custom Manufacturing. Establishments primarily engaged in on-site production of goods by hand manufacturing or artistic endeavor, which involves only the use of hand tools or small mechanical equipment and the incidental direct sale to consumers of only those goods produced on-site. Typical uses include ceramic studios, candle making shops, woodworking, and custom jewelry manufacturers.

Limited Industrial. Establishments engaged in light industrial activities taking place primarily within enclosed buildings and producing minimal impacts on nearby properties. This classification includes manufacturing finished parts or products primarily from previously prepared materials; micro-breweries where retail sales are clearly incidental and

no alcoholic beverages are consumed on-site; commercial laundries and dry cleaning plants; monument works; printing, engraving and publishing; computer and electronic product manufacturing; furniture and related product manufacturing; and industrial services.

General Industrial. Manufacturing of products from extracted or raw materials or recycled or secondary materials, or bulk storage and handling of such products and materials. This classification includes operations such as food and beverage processing (excluding animal food manufacturing); production apparel manufacturing; photographic processing plants; leather and allied product manufacturing; wood product manufacturing; paper manufacturing; plastics and rubber products manufacturing; nonmetallic mineral product manufacturing; primary metal manufacturing; fabricated metal product manufacturing; and automotive and heavy equipment manufacturing. This classification does not include recycling or rendering.

Food and Beverage Processing. A facility combining raw food ingredients to produce packaged food products that can be easily prepared and served by the consumer. Examples include: parboiling, cooking, canning, bottling, freezing, or other methods to provide shelf-stable or freezer commodities for sale for human consumption. Additionally, this classification does not include the processing of animals.

Intensive Industrial. Industrial uses that regularly use hazardous chemicals or procedures or produce hazardous byproducts, including the following: manufacturing of acetylene, cement, lime, gypsum or plaster-of-Paris, chlorine, corrosive acid or fertilizer, insecticides, disinfectants, poisons, explosives, paint, lacquer, varnish, petroleum products, coal products, plastic and synthetic resins, and radioactive materials. This subcategory also includes biomass energy conversion, chemical manufacturing, animal food manufacturing, petrochemical tank farms, gasification plants, smelting, animal slaughtering, oil refining, asphalt and concrete plants, and tanneries. Intensive industrial uses have high potential for external impacts on the surrounding area in terms of noise, vibration, odor, hours of operation, and traffic. This classification does not include rendering.

Recycling Facility. A facility for receiving, temporarily storing, transferring and/or processing materials for recycling, reuse, or final disposal. This use classification does not include facilities that deal with animal matter nor does it include waste transfer facilities that operate as materials recovery, recycling, and solid waste transfer operations, which are classified as utilities.

Reverse Vending Machine. An automated mechanical device that accepts, sorts, and processes recyclable materials and issues a cash refund or a redeemable credit slip.

CRV Recycling Center. A facility available for the general public for the recycling of California Redemption Value (CRV) products such as glass, aluminum cans, and plastic beverage containers as defined by the State's Department of Resources Recycling and Recovery. Processing and sorting is not conducted on-site.

Recycling Processing Facility. A facility that receives, sorts, stores and/or processes recyclable materials.

Research and Development. A facility for scientific research and the design, development, and testing of electrical, electronic, magnetic, optical, pharmaceutical, chemical, and biotechnology components and products in advance of product manufacturing. Includes assembly of related products from parts produced off-site where the manufacturing activity is secondary to the research and development activities.

Salvage and Wrecking. Storage and dismantling of vehicles and equipment for sale of parts, as well as their collection, storage, exchange or sale of goods including, but not limited to, any used building materials, used containers or steel drums, used tires, and similar or related articles or property.

Warehousing, Storage, and Distribution. Storage and distribution facilities without sales to the public on-site or direct public access except for public storage in small individual spaces exclusively and directly accessible to specific tenants. This classification includes mini-warehouses.

Chemical and Mineral Storage. Storage of hazardous materials including, but not limited to: bottled gas, chemicals, minerals and ores, petroleum or petroleum-based fuels, and fireworks.

Indoor Warehousing and Storage. Storage within an enclosed building of commercial goods prior to their distribution to wholesale and retail outlets and the storage of industrial equipment, products and materials including, but not limited to, automobiles, feed, and lumber. Also includes cold storage, draying or freight, moving and storage, and warehouses. This classification excludes the storage of hazardous chemical, mineral, and explosive materials.

Outdoor Storage. Storage of vehicles or commercial goods or materials in open lots.

Personal Storage. Facilities offering enclosed storage with individual access for personal effects and household goods including mini-warehouses and mini-storage. This use excludes workshops, hobby shops, manufacturing, or commercial activity.

Wholesaling and Distribution. Indoor storage and sale of goods to other firms for resale; storage of goods for transfer to retail outlets of the same firm; or storage and sale of materials and supplies used in production or operation, including janitorial and restaurant supplies. Wholesalers are primarily engaged in business-to-business sales, but may sell to individual consumers through mail or internet orders. They normally operate from a warehouse or office having little or no display of merchandise, and are not designed to solicit walk-in traffic. This classification does not include wholesale sale of building materials.

(Added Ord. 2015-39, § 72, eff. 1-9-16; Am. Ord. 2018-66, § 72, eff. 1-18-19).

Sec. 15-6706. TRANSPORTATION, COMMUNICATION, AND UTILITIES USE CLASSIFICATIONS.

Airports and Heliports. Facilities for the takeoff and landing of airplanes and helicopters, including runways, helipads, aircraft storage buildings, public terminal building

and parking, air freight terminal, baggage handling facility, aircraft hangar and public transportation and related facilities, including bus operations, servicing, and storage. Also includes support activities such as fueling and maintenance; storage; airport operations and air traffic control; incidental retail sales, coffee shops and snack shops; and airport administrative facilities, including airport offices, terminals, operations buildings, communications equipment, buildings and structures, control towers, lights; and other equipment and structures required by the United States Government and/or the State for the safety of aircraft operations.

Communication Facilities. Facilities for the provision of broadcasting and other information relay services through the use of electronic and telephonic mechanisms.

Antenna and Transmission Towers. Broadcasting and other communication services accomplished through electronic or telephonic mechanisms, as well as structures and equipment cabinets designed to support one or more reception/transmission systems. Typical uses include wireless telecommunication towers and facilities, radio towers, television towers, telephone exchange/microwave relay towers, cellular telephone transmission/personal communications systems towers, and associated equipment cabinets and enclosures.

Facilities within Buildings. Includes radio, television, or recording studios; telephone switching centers, but excludes Antennae and Transmission Towers.

Freight/Truck Terminals and Warehouses. Facilities for freight, courier, and postal services by truck or rail. This classification does not include local messenger and local delivery services (see Light Fleet-Based Services).

Light Fleet-Based Services. Passenger transportation services, local delivery services, medical transport, and other businesses that rely on fleets of three or more vehicles with rated capacities less than 10,000 lbs. This classification includes parking, dispatching, and offices for taxicab and limousine operations, ambulance services, non-emergency medical transport, local messenger and document delivery services, home cleaning services, and similar businesses. This classification does not include towing operations (see Automobile/Vehicle Sales and Service, Towing and Impound) or taxi or delivery services with two or fewer fleet vehicles on-site (see Business Services).

Transportation Passenger Terminals. Facilities for passenger transportation operations. Includes rail stations and bus terminals, but does not include terminals serving airports or heliports.

Utilities, Major. Generating plants; electric substations; solid waste collection, including transfer stations and materials recovery facilities; solid waste treatment and disposal; water or wastewater treatment plants; and similar facilities of public agencies or public utilities.

Utilities, Minor. Facilities necessary to support established uses involving only minor structures, such as electrical distribution lines, and underground water and sewer lines.

Waste Transfer Facility. A public or private facility that operates as a materials recovery, recycling, and solid waste transfer operation providing solid waste recycling and transfer services for other local jurisdictions and public agencies that are not located within the City of Fresno. The facility sorts and removes recyclable materials (including paper, metal, wood, inert materials such as soils and concrete, green waste, glass, aluminum and cardboard) through separation and sorting technologies to divert these materials from the waste stream otherwise destined for landfill.
(Added Ord. 2015-39, § 1, eff. 1-9-16).

Sec. 15-6707. AGRICULTURAL AND EXTRACTIVE USE CLASSIFICATIONS.

Agricultural Labor Housing. Living accommodations for employees and their immediate families employed for the exclusive purpose of agricultural pursuits either on the premises or off site. It includes single or multi-unit dwellings, including mobile homes and dormitories. See California Health and Safety Code Sections 17021.5 and 17021.6.

Agricultural Processing. Establishments performing a variety of operations on crops after harvest, to prepare them for market on-site or further processing and packaging at a distance from the agricultural area including, but not limited to: alfalfa cubing; hay baling and cubing; corn shelling; drying of corn, rice, hay, fruits, and vegetables; pre-cooling and packaging of fresh or farm-dried fruits and vegetables; grain cleaning and custom grinding; custom grist mills; custom milling of flour, feed, and grain; sorting, grading, and packing of fruits and vegetables, tree nut hulling and shelling; cotton ginning; wineries, alcohol fuel production; and receiving and processing of green material, other than that produced on-site (commercial composting).

Agricultural Support Services. Agriculturally related services, such as storage of agricultural products; sales, maintenance, and repair of farm machinery and equipment; farm animal veterinary clinics; custom farming services; agriculturally related building, feed, and farm supply stores; agricultural waste handling and disposal services (e.g., manure, bedding and litter, composting); and other similar related services. This definition does not include the rendering or transport of deceased animals.

Animal Raising. The raising, grazing, or feeding of animals for animal products, animal increase, or value increase, and dairying as an accessory use on farms with dairy cattle.

Crop Cultivation. The cultivation of tree, vine, field, forage, and other plant crops intended to provide food or fibers. The classification excludes wholesale or retail nurseries (See Nurseries and Garden Centers), but includes plant nurseries where plants are grown for sale either on site or to be sold elsewhere.

Dairy. Shelter and other facilities for the feeding and milking of cattle and the extraction of milk, where the milk may be processed either on or off site.

Mining and Quarrying. The extraction of nonmetallic minerals, including dredging, and sand and gravel pit operations. This classification includes surface mining operations.

Produce Stand. Producer-owned and operated facility for the sale of vegetables, nuts, and other produce grown on the same site or as part of a shared multi-farm operation.

Rendering. A process in which animal tissue waste is converted into value-added materials such as lard, tallow, or high-protein meat and bone meal.

Sales Lot, Feed Lot, Stockyard. An open, fenced lot where cattle are fed prior to slaughter or transport, and which may include auction or other sales activities.

Slaughterhouse. Establishments engaged in the commercial butchering of animals.

Tasting Room. A retail sales facility which is ancillary to an on-site production facility, where customers may purchase and consume beverage and food products grown and/or processed on the site. Products offered for tasting and sale may include wine, beer, olive oil, cheese, and/or other food and beverage products. The floor area of the Tasting Room will not exceed 33% of the production floor area. Tasting Rooms which exceed this ratio will be classified as a Bar/Nightclub/Lounge, Restaurant, or other use as determined by the Review Authority.

Urban Farm. An agricultural use in an urban area, in a zoning district where urban land uses predominate. Urban farms may be of any size, though permit requirements may differ. Community-supported agriculture (CSA) farms, and private farms may all be considered urban farms.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2017-33, § 31, eff. 7-30-17; Am. Ord. 2025-024, § 81, eff. 7-27-25).

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-43, § 15, eff. 12-9-16; Am. Ord. 2020-045, § 2, eff. 11-15-20; Am. Ord. 2025-009, § 2, eff. 6-5-25).

Sec. 15-6802. DEFINITIONS.

In any case of conflicting definitions, the Director shall determine which shall be applied.

Abandoned, Abandonment. When, for a period of over one year, a non-conforming use is either vacated, the business license lapses, the lease is terminated, and/or utilities are terminated.

Abutting, Adjoining, or Adjacent. Having a common property or district line, or separated only by an alley, path, private street, or easement.

Access. The place or way through which pedestrians and/or vehicles shall have safe, adequate, and usable ingress and egress to a property or use as required by this Code.

Accessory Building. See Building, Accessory.

Accessory Structure. See Structure, Accessory.

Accessory Use. See Use, Accessory.

Act of Nature. A natural occurrence such as an earthquake, flood, tidal wave, hurricane or tornado which causes substantial damage to buildings or property.

All Other General Merchandise Retailers. Establishments primarily engaged in retailing new and used general merchandise (except department stores, warehouse clubs, superstores, and supercenters). These establishments retail a general line of new and used merchandise, such as apparel, automotive parts, dry goods, groceries, hardware, housewares or home furnishings, and other lines in limited amounts, with none of the lines predominating. This industry also includes establishments primarily engaged in retailing a general line of new and used merchandise on an auction basis.

Alley. A public way permanently reserved for access to the rear or side of properties otherwise abutting on a street.

Alteration. Any change, addition, or modification that changes the exterior architectural appearance or materials of a structure or object. Alteration includes changes in exterior surfaces, changes in materials, additions, remodels, demolitions, and relocation of buildings or structures, but excludes ordinary maintenance and repairs.

Animal Keeping. The keeping of animals.

Arcade. A public passageway or colonnade open along at least one side, except for structural supports, usually covered by a canopy or permanent roofing.

Awning. An architectural projection that provides weather protection, identity, or decoration and is wholly supported by the building to which it is attached. An awning is typically constructed of non-rigid materials on a supporting framework which projects from and is supported by the exterior wall of a building.

Balcony. A platform that projects from the wall of a building 30 inches or more above grade that is accessible from the building's interior, is not accessible from the ground and is not enclosed by walls on more than two sides. See also Deck.

Base District. See Zoning District.

Bathroom. A room containing a sink, a toilet, and a shower and/or bathtub.

Bay Window. An angular or curved window that projects from the building surface.

Bedroom. Any habitable space in a dwelling unit or accessory structure other than a kitchen or living room that is intended for or capable of being used for sleeping and is at least 70 square feet in area.

Block. Property bounded on all sides by a public right-of-way.

Blockface. All property between two intersections that fronts upon a street or abuts a public right-of-way.

Building. Any structure having a roof supported by columns or walls and intended for the shelter, housing, or enclosure of any individual, animal, process, equipment, goods, or materials.

Building, Accessory. A detached building located on the same parcel as the principal building, which is incidental and subordinate to the principal building in terms of both size and use. A building will be considered part of the principal building if located less than six feet from the principal building or if connected to it by fully enclosed space.

Building, Principal. A building in which the principal use of the parcel on which it is located is conducted.

Building Code. Any ordinance of the City governing the type and method of construction of buildings, signs, and sign structures and any amendments thereto and any substitute therefore including, but not limited to, the California Building Code, other State-adopted uniform codes and the Minimum Building Security Standards Ordinance.

Building Face. The general outer surface of the structure or walls of a building. Where bay windows or pillars project beyond the walls, the outer surface of the windows or pillars shall be considered to be the face of the building.

Building Envelope. The aggregate of building mass and building bulk permitted on a parcel which is defined by height regulations, setbacks, and other property development standards.

Building Footprint. See Footprint.

Building Height. See Height.

Building Site. A parcel or parcel of land occupied, or to be occupied, by a main building and accessory buildings together with such open spaces as are required by the terms of this title and having its principal frontage on a street, road, highway, or waterway.

Buffer, Buffering. An area on a parcel which is designed to separate structures and uses from the general public and/or adjacent properties to reduce negative impacts. It may include landscaping, fences, and walls.

California Department of Alcoholic Beverage Control (ABC). The California State agency that regulates the permitting of alcoholic beverage sales, including the sale of beer, wine, and distilled spirits.

California Environmental Quality Act (CEQA). Public Resources Code Section 21000 et seq. or any successor statute and associated guidelines (California Code of Regulations Section 15000 et seq.) that require public agencies to document and consider the environmental effects of a proposed action before a decision.

Canopy. A roofed shelter projecting over a sidewalk, driveway, entry, window, or similar area that may be wholly supported by a building or may be wholly or partially supported by columns, poles, or braces extending from the ground.

Carport. A permanently roofed structure providing space for parking or temporary storage of vehicles enclosed on not more than two sides.

Change of Use. A discontinuance of an existing use and the substitution therefore of a use such that the new use represents a different use group or is otherwise differently regulated by the zoning code compared to the prior use. A change of ownership alone does not constitute a change of use.

Change of Occupancy. A discontinuance of an existing building use and substitution of a new use that changes the Building Code occupancy group classification and requires a building permit and new Certificate of Occupancy as determined by the Building Official.

Cigarette. Shall have the same meaning as Section 30003 of the Revenue & Taxation Code, including any amendments or successor statutes thereto.

City. The City of Fresno.

City Council. The City Council of the City of Fresno.

Clear. Measured depth of frontage elements such as porches, arcades, galleries are free of encroachments other than allowed signs, light fixtures, sidewalk dining and allowed furnishings, and outdoor display of merchandise.

Conditionally Permitted. Permitted subject to approval of a Conditional Use Permit.

Construction. Construction, erection, enlargement, alteration, conversion, or movement of any building, structures, or land together with any scientific surveys associated therewith.

Convenience Retailers. Establishments primarily engaged in retailing a limited line of groceries that generally includes milk, bread, soda, and snacks, such as convenience stores (except those operating fuel pumps).

County. The County of Fresno.

Courtyard. An unroofed area that is completely or mostly enclosed by walls of a building.

Craft beer. A beer or malt beverage manufactured by a brewer with an annual production of six million barrels of beer or less, where less than 25 percent of the craft brewery is owned or controlled by an alcohol industry member, and where a majority of total beverage alcohol volume is beer that derives flavor from traditional or innovative brewing ingredients and their fermentation.

Curb Cut. A break in a curb allowing vehicle access from the roadway to a legal parking area within the parcel.

Deck. A platform, either freestanding or attached to a building that is used for outdoor space. It typically extends from the façade of a building and is supported by pillars or posts but may be located on a flat portion of a building, such as a roof or setback. It is distinct from a Patio. See also Balcony.

Demolition. The destruction, dismantling, or removal of a building or structure, or substantial portion of a building or structure so that it constitutes demolition pursuant to the provisions of this Code.

Density. See 15-310, Determining Residential Density.

Department Stores. Establishments generally known as department stores that have separate departments for general lines of new merchandise, such as apparel, jewelry, home furnishings, and toys, with no one merchandise line predominating. Department stores may sell perishable groceries, such as fresh fruits, vegetables, and dairy products, but such sales are insignificant. Department stores with fixed point-of-sale locations may have separate customer checkout areas in each department, central customer checkout areas, or both.

Development. Any manmade change to improved or unimproved real estate, including, but not limited to, the division of a parcel of land into two or more parcels; the construction, reconstruction, conversion, structural alteration, relocation, expansion, or enlargement of any structure; any mining, excavation, landfill, or land disturbance; and any use or extension of the use of land.

Development Agreement. An agreement between the City and any person having a legal or equitable interest in real property for the development of such property and which complies with the applicable provisions of the Government Code and local law for such development agreements.

Director. The Director of the Development and Resource Management Department of the City of Fresno or their designee.

Discretionary Permit. A Minor Deviation, Development Permit, Major Permit Modification, Variance, Temporary Use Permit, Planned Development Permit, or Conditional Use Permit, or any other appealable permit that requires findings to be made.

District. See Zoning District.

Drive-In and Drive-Through Facilities. A facility designed to provide service to clients in a manner that does not require them to leave their vehicle.

Driveway. An accessway that provides vehicular access between a street and the parking or loading facilities located on an adjacent property.

Dwelling. A structure or portion thereof that is used principally for residential occupancy.

Dwelling Unit. One or more rooms designed, occupied, or intended for occupancy as separate living quarters, with full cooking, sleeping, and bathroom facilities for the exclusive use of a single household.

Easement. A portion of land created by grant or agreement for specific purpose; an easement is the right, privilege, or interest which one party has in the land of another.

Effective Date. The date on which a permit or other approval becomes enforceable or otherwise takes effect, rather than the date it was signed or circulated.

Electronic Cigarette (or E-Cigarette). Shall have the same meaning as Sections 31001(c) and 30121(c) of the Revenue and Taxation Code, including any amendments or successor statutes thereto.

Emergency. A sudden unexpected occurrence demanding immediate action to prevent or mitigate loss or damage to life, health, property, or essential public services.

Enclosed. Completely surrounded by walls.

Entitlement. Formal permission from the Planning Division to use or develop land, including Zone Clearances, Development Permits, and Conditional Use Permits, but not including legislative actions such as Rezones and Plan Amendments. An individual entitlement may be sufficient for a project to proceed, or may need to be used in conjunction with another entitlement.

Entrance. An opening, such as a door, passage, or gate, that allows access to a place.

Environmental Review. An evaluation process pursuant to CEQA to determine whether a proposed project may have a significant impact on the environment.

Environmental Impact Report (EIR). An Environmental Impact Report as required under the California Environmental Quality Act.

Erect. To build, construct, attach, hang, place, suspend, or affix to or upon any surface.

Excavation. The removal of soils or other materials below grade.

Existing Smoke Shop. Any smoke shop lawfully established, with one business license per Smoke Shop location, pursuant to the Municipal Code prior to the effective date of Section 15-2761.

Expressway. A roadway for through traffic with full control of access and generally with signalized intersections.

Façade. The face of the exterior wall of a building exposed to public view or that wall viewed by persons not within the building. The portion of any exterior elevation of a building extending vertically from the grade to the top of a parapet wall or eave, and horizontally across the entire width of the building elevation.

Façade, Street-Facing. Any building façade whose exterior wall faces or is within 45 degrees of parallel to an adjacent street, right-of-way, or public park, plaza, or open space.

Feasible. Capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

Fee. A payment to the City for the processing of a permit, license, or appeal application by a City agency or department.

Fence. An artificially-constructed barrier of any material or combination of materials erected to enclose or screen an area of land. Fences may also be walls, hedges, and screen planting.

Fire Code. An ordinance of the City adopting and amending the California Fire Code governing fire and life safety protection for new and existing buildings and facilities.

Flood or Flooding. Any general inundation of normally dry land from the overflow of tidal waters or from the unusual and rapid accumulation of runoff of surface waters from any source.

Floor Area. The total gross horizontal area of all the floors below the roof and within the outer surface of the walls of a building or structure, including basements, mezzanines, interior balconies, and upper stories or levels in a multi-story building unless otherwise stipulated. See Section 15-304, Measuring Distances, for rules for calculating floor area.

Floor Area Ratio. The ratio of the total floor area of all buildings on a parcel to the total area of the parcel. See Section 15-309, Determining Floor Area Ratio for rules on calculating floor area ratio.

Footprint. The horizontal area, as seen in plain view, of a building or structure, measured from the outside of exterior walls and supporting columns, and excluding eaves.

Freeway. A highway for through traffic with full control of access and grade-separated interchanges.

Full-Service Grocery Store. Establishments generally known as supermarkets and other grocery retailers (except convenience retailers) primarily engaged in retailing a general line of food, such as canned and frozen foods: fresh fruits and vegetables; and fresh and prepared meats, fish, and poultry. Included in this industry are delicatessen-type establishments primarily engaged in retailing a specialized category of food products such as foods from a specific country, ethnicity, or locality not often found in general markets. This definition excludes limited-service restaurants, convenience retailers, gasoline stations with convenience stores, department stores, pharmacies and drug retailers, warehouse clubs and supercenters, and all other general merchandise retailers.

Garage. A building or portion thereof, containing accessible and usable enclosed space designed, constructed and maintained for the parking or storage of one or more motor vehicles.

Garage Sales. The sale or offering for sale to the general public of over five items of personal property on a portion of a parcel in a residentially zoned district, whether inside or outside any building.

Gasoline Stations with Convenience Stores. Establishments primarily engaged in retailing automotive fuels (e.g., gasoline, diesel fuel, gasohol, alternative fuels) in combination with a limited line of groceries. These establishments can either be in a convenience store setting or a gasoline station setting. These establishments may also provide automotive repair services.

General Plan. The City of Fresno General Plan.

Glare. The effect produced by a light source within the visual field that is sufficiently brighter than the level to which the eyes are adapted, such as to cause annoyance, discomfort, or loss of visual performance and ability, and which may also cause damage to property.

Government Code. The Government Code of the State of California.

Grade. The location of the ground surface.

Average Grade. A horizontal line approximating the ground elevation through each building on a site used for calculating the exterior volume of a building. Average grade is calculated separately for each building.

Existing Grade. The elevation of the ground at any point on a parcel as shown on the required survey submitted in conjunction with an application for a building permit or grading permit. Existing grade also may be referred to as natural grade.

Ground Floor. The lowest floor of a building other than a basement that is closest to finished grade.

Ground-Floor Street Frontage. The first level of a building, other than a basement, that borders a public street.

Habitable Space. As defined in Section 202 of the California Building Code.

Habitation. Regular and exclusive use of a space or structure for shelter and other residential purposes in a manner that is private and separate from another residence on the same parcel.

Hazardous Materials. Any material, including any substance, waste, or combination thereof, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause, or significantly contribute to, a substantial present or potential hazard to human health, safety, property, or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.

Height. The vertical distance from a point on the ground below a structure to a point directly above. See also Section 15-305, Measuring Height.

Historic Preservation Commission. The Historic Preservation Commission of the City of Fresno.

Home Occupation. A commercial use conducted on residential property by the inhabitants of the subject residence, which is incidental and secondary to the residential use of the dwelling.

Household. One or more persons living together in a single dwelling unit, with common access to, and common use of, all living and eating areas and all areas and facilities for the preparation and storage of food; who share living expenses, including rent or mortgage payments, food costs and utilities; and who maintain a single mortgage, lease, or rental agreement for all members of the household.

Illegal Non-Conforming Use, Structure, or Site Feature. A use, structure, site feature, or lot shall be designated as having Illegal Non-Conforming status if it was not lawfully established under the regulations of the jurisdiction in which it was located at the time of its establishment or has not continuously remained in compliance with all terms and conditions imposed upon the use, structure, or site feature upon its establishment or imposed upon it any time thereafter.

Intensity of Use. The extent to which a particular use or the use in combination with other uses affects the natural and built environment in which it is located, the demand for services, and persons who live, work, and visit the area. Measures of intensity include, but are not limited to, requirements for water, gas, electricity, or public services; number of

automobile trips generated by a use; parking demand; number of employees on a site; hours of operation; the amount of noise, light, or glare generated; the number of persons attracted to the site, or, in eating establishments, the number of seats.

Intersection, Street. The area common to two or more intersecting streets.

Kitchen. A room or space within a building with appliances used for cooking or preparing food.

Land Division-Related Definitions. The following terms are related to Part IV: Land Divisions.

Arterial. A street designated by the circulation element of the General Plan to serve high-volume inter- and intra-city traffic, and to act as a distributor between freeways, other arterials, and major traffic generators.

Block. An area of land within a subdivision entirely bounded by any streets (other than alleys), freeways, railroad rights-of-way, natural barriers, or the exterior boundaries of the subdivision.

Collector Street. A street designated by the circulation element of the General Plan to collect and distribute traffic between local streets and arterials.

Community Apartment. An undivided interest in common in the land coupled with the right of exclusive occupancy of an apartment unit which is part of a community apartment project.

Community Apartment Project. As defined by Section 11004 of the California Business and Professions Code.

Condominium. As defined by Section 783 of the California Civil Code.

Condominium Project. A development consisting of condominiums.

Conversion. The creation of separate ownership of existing real property together with a separate interest in space of a building.

Comparable Replacement Housing. Available rental housing located within a reasonable proximity to the proposed condominium conversion project, and to public and commercial facilities, with units which are decent, safe, and sanitary, and which are generally similar in size and price to those of the proposed project.

Cul-de-sac. A street which terminates in a permanent turn-around and which by design is not intended to continue beyond its terminal point.

Dead-End Street. A street which is terminated at the boundary line of the subdivision but which will be required to be extended at a later date to provide access to abutting land.

Expressway. A roadway for through traffic with full control of access and generally with signalized intersections.

Final Map. A map showing a subdivision of five or more lots, prepared for filing with the Fresno County Recorder in accordance with the provisions of the Subdivision Map Act and Part IV: Land Divisions, if deemed in substantial compliance with a previously approved tentative subdivision map and with any conditions to such approval.

Frontage. That portion of a parcel of property which abuts on a public street.

Frontage Road. A street adjacent and auxiliary to a Major Street, and separated by a divider strip, which street provides access to abutting property.

Handicapped. As defined by Section 50072 of the California Health and Safety Code.

Improvements. Any street work and utilities to be installed, or agreed to be installed, by the subdivider on the land to be used for public or private streets, highways, ways, and easements, as are necessary for the general use of the lot owners in the subdivision and local neighborhood traffic and drainage needs as a condition precedent to the approval and acceptance of the Final Map thereof. Improvements also refers to any other specific improvements or types of improvements, the installation of which, either by the subdivider, by public agencies, by private utilities, by any other entity approval by the local agency, or by a combination thereof, is necessary to ensure consistency with, or implementation of, the General Plan or any applicable specific plan.

Improvement Plans. The plans, profiles, cross-sections, and specifications of all proposed improvements.

Local Collector Street. A local street also serving as a collector street for several local streets.

Local Street. Any public street that is used or is intended to be used for the principal purpose of serving as access to abutting property.

Lot Line Adjustment. A shift or rotation of an existing lot line or other adjustment where a greater or lesser number of parcels than originally existed is not created.

Map Act. The Subdivision Map Act of the State of California Government Code.

Merger. The joining of two or more contiguous parcels of land under one ownership into one parcel.

Outlot. A lot designated alphabetically on the subdivision map for specific use or nonuse.

Parcel. A single unit of land separated from other units of land by legal description, the boundaries of which are shown on a parcel map or final map, described in a deed, or for which a certificate of compliance has been issued pursuant to the Subdivision Map Act. Parcel shall also include two or more parcels where the owner(s) have recorded a covenant with the Office of the County Recorder that states the intention of the owner(s) to combine and use the parcels as a single unit of land in compliance with City regulations. Also referred to as "lot."

Parcel Map. A map prepared in accordance with the provisions of this Subdivision Ordinance, designed to be placed on record in the office of the Fresno County Recorder, and providing for the division of land which meets the exceptions set forth in Section 66426 of the Map Act.

Private Street. Any street, roadway, accessway or similar, lying in whole or in part within a subdivision which is privately owned and maintained and provides access to a development.

Public Improvement. Street work, utilities, and other facilities proposed or required to be installed within the subdivision for the general use of all the subdivision lot owners and for local neighborhood or community needs.

Remainder. That portion of an existing parcel which is not designated on the required map as part of the subdivision. The remainder shall not be considered as part of the subdivision but shall be shown on the required map as part of the area surrounding the subdivision.

Restricted Access Strip. A strip of land not less than one foot in width for the purpose of regulating access to part-width and dead-end streets until such time as such roads may be completed or extended.

Standard Specifications. The Standard Specifications of the Department of Public Works of the City as may be amended from time to time.

Stock Cooperative. The same as defined by Section 11003.2 of the California Business and Professions Code.

Subdivider. A person, firm, corporation, partnership, or association who proposes to divide, divides, or causes to be divided real property into a subdivision for their self or for others.

Subdivision. The division, by any subdivider, of any unit or units of improved or unimproved land, or any portion thereof, shown on the latest equalized County assessment roll as a unit or as contiguous units, for the purpose of sale, lease, or financing, whether immediate or future. Property shall be considered contiguous units, even if it is separated by roads, streets, utility easement, or railroad rights-of-way. This definition shall specifically include Condominiums, Community Apartment Projects, or Stock Cooperative conversions.

Temporary Turn-Around. A paved area for turning vehicles at the end of a dead-end street, which is constructed either within the dedicated right-of-way or upon a temporary easement, to be obliterated when such street is extended.

Tentative Map. A map made for the purpose of showing the design and improvements of a proposed subdivision and the existing conditions in and around it.

Tentative Parcel Map. A map made for the purpose of showing the design and improvements of a proposed subdivision creating four or fewer parcels or more than four parcels as provided for in the State Subdivision Map Act and Part IV: Land Divisions, and the existing conditions in and around it.

Tract. A subdivision of real property into lots and rights-of-way.

Vesting Tentative Map. A Tentative Map for a subdivision that shall have printed conspicuously on its face the words "Vesting Tentative Map" at the time it is filed in accordance with Part IV: Land Divisions.

Landscape-Related Definitions. The following terms are related to Article 23, Landscape.

Automatic Irrigation System. An irrigation system that utilizes an automatic timing device (automatic controller) to remotely control valves for operation of water supply to landscapes.

California Building Code. A California Code (California Code of Regulations, Title 24, Part 2, California Building Code) adopted by the City of Fresno and incorporated into the Municipal Code Chapter 11.

California Green Building Standards Code. A California Code (California Code of Regulations, Title 24, Part 11, California Green Building Standards Code) adopted by the City of Fresno and incorporated into the Municipal Code Chapter 11.

California Model Water Efficient Landscape Ordinance. A California legislation that took effect in the City of Fresno on January 1, 2010. See California Code of Regulations, Title 23. Waters, Division 2. Department of Water Resources, Chapter 2.7 Model Water Efficient Landscape Ordinance.

California Plumbing Code. A California Code (California Code of Regulations, Title 24, Part 5, California Plumbing Code) adopted by the City of Fresno and incorporated into the Municipal Code Chapter 11.

Drought-Tolerant Plant. A plant that is adapted to arid or drought conditions. The use of drought-tolerant plants is essential to a successful xeriscape, which ideally requires no supplemental irrigation.

Hedge. Any group of shrubs planted in line or in groups so that the branches of any one plant are intermingled or form contact with the branches of any other plant in the line.

Heritage Tree. An indigenous tree whose size, as measured at 48 inches above natural grade, is defined below:

— Quercus lobata (Valley oak) is more than 30 inches in circumference.

— Fraxinus latifolia (Oregon ash) is more than 25 inches in circumference.

— Cephalanthus occidentalis (Buttonbush or Button-willow) is more than 36 inches in circumference.

— Community of trees;

— Founders tree;

— Tree so designated by the City Council, based upon findings that the particular tree is unique and of importance to the public due to its unusual age, appearance, location, or other factors.

Hydrozone. A portion of the landscaped area having plants with similar water needs.

Landscape Mound. Any location on a lot or parcel of land where dirt, soil, top soil, or pile of earth is placed, or otherwise elevated, above the grade of surrounding land for any decorative or functional landscape architectural purpose.

Landscaping. The planting, configuration, and maintenance of trees, ground cover, shrubbery, and other plant material, decorative natural and structural features (walls, fences, hedges, trellises, fountains, sculptures), earth patterning and bedding materials, and other similar site improvements that serve an aesthetic or functional purpose.

"Private landscaping" means any landscaping located within the boundaries of privately owned property, and includes any landscaping located within any unimproved right-of-way abutting a private property and in any park strip other than the City-maintained park strip.

"Public landscaping" means any landscaping located within any street median, City park or other parcel of publicly owned property, including any landscaping located in a City-maintained park strip.

Mulch. Any organic material such as leaves, bark, straw, compost, or inorganic mineral materials such as rocks, gravel, and decomposed granite left loose and applied to the soil surface for the beneficial purposes of reducing evaporation, suppressing weeds, moderating soil temperature, and preventing soil erosion.

Park Strip. The area of the public street located between the face of the curb and closest edge of the sidewalk.

Passive Solar-Oriented Tree. A deciduous tree which drops its leaves in fall and regains them in the spring, located in the south, southwest, or west yard and planted within 15 feet of a building.

Plant. Any turf, ground cover, shrub, vine, and tree suitable for planting.

Private Tree. Any tree located within the boundaries of privately owned property.

Pruning. The removal of more than one-third of the crown or existing foliage of the tree or more than one-third of the root system.

Remove. Cutting to the ground; extraction; killing by spraying, girdling, or any other means; or pruning done without a permit or which does not conform to the provisions of a permit.

Retention Basin. An impoundment created by a dam or an excavation for the purpose of storing and settling sediment and other pollutants from surface water. A retention

basin is designed to hold a specific amount of water until the water can evaporate or infiltrate. Usually the basin is designed to have overflows drain to a receiving conveyance system when the water level exceeds the basin capacity.

Shrub. A bush, hedge, or any woody plant of relatively low height, having several stems arising from the base and lacking a single trunk.

Trim. The cutting or removal of a portion of a tree which removes less than one-third of the crown or existing foliage of a tree, removes less than one-third of the root system, and does not kill the tree.

Turf. The upper stratum of soil bound by grass and plant roots into a thick mat or an artificial substitute thereof.

Water-Wise, Climate-Appropriate Plant. A plant that can survive periods of limited water availability and other environmental factors in the region that it is being planted.

Wind Buffer-Oriented Tree. An evergreen tree which keeps its leaves all year round and is located in a northwest or west yard to protect a building from Fresno's prevailing winds blowing from the northwest direction.

Legal Non-Conforming Use, Structure, or Site Feature. A use, structure, or site feature shall be designated as having Legal Non-Conforming status if it was lawfully established under the regulations of the jurisdiction in which it was located at the time of its establishment and has continuously remained in compliance with all terms and conditions imposed upon the use, structure, or site feature upon its establishment or imposed upon it any time thereafter, based on evidence provided by the property owner, tenant, or applicant. Legal Non-Conforming status shall also be assigned if non-conformities were created by a public improvement, such as a street widening project.

Light Fixture. The assembly that holds a lamp and may include an assembly housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirrors, and a refractor or lens.

Limited-Service Restaurants. Establishments primarily engaged in providing food services (except snack and nonalcoholic beverage bars) where patrons generally order or select items and pay before eating. Food and drink may be consumed on premises, taken out, or delivered to the customer's location.

Loading Space. An off-street space or berth on the same parcel with a building for the temporary parking of a vehicle while loading or unloading of goods.

Loft. See Mezzanine.

Lot. A parcel, tract, or area of land whose boundaries have been established by a legal instrument such as a deed or map recorded with the County of Fresno, and which is recognized as a separate legal entity for purposed of transfer or title, except public easements or rights-of-way.

Corner Lot. A parcel of land abutting two or more streets at their intersection, or upon two parts of the same street forming an interior angle of less than 135 degrees.

Flag Lot. A parcel not fronting on or abutting a public road and where access is from a public road by a narrow right-of-way or driveway.

Key Lot. The first interior parcel to the rear of a reversed corner parcel and not separated therefrom by an alley.

Reverse Corner Lot. A corner parcel, the side street line of which is substantially a continuation of the front parcel line of the first parcel to its rear.

Through Lot. A parcel which fronts on two parallel streets or which fronts upon two streets which do not intersect at the boundaries of the parcel.

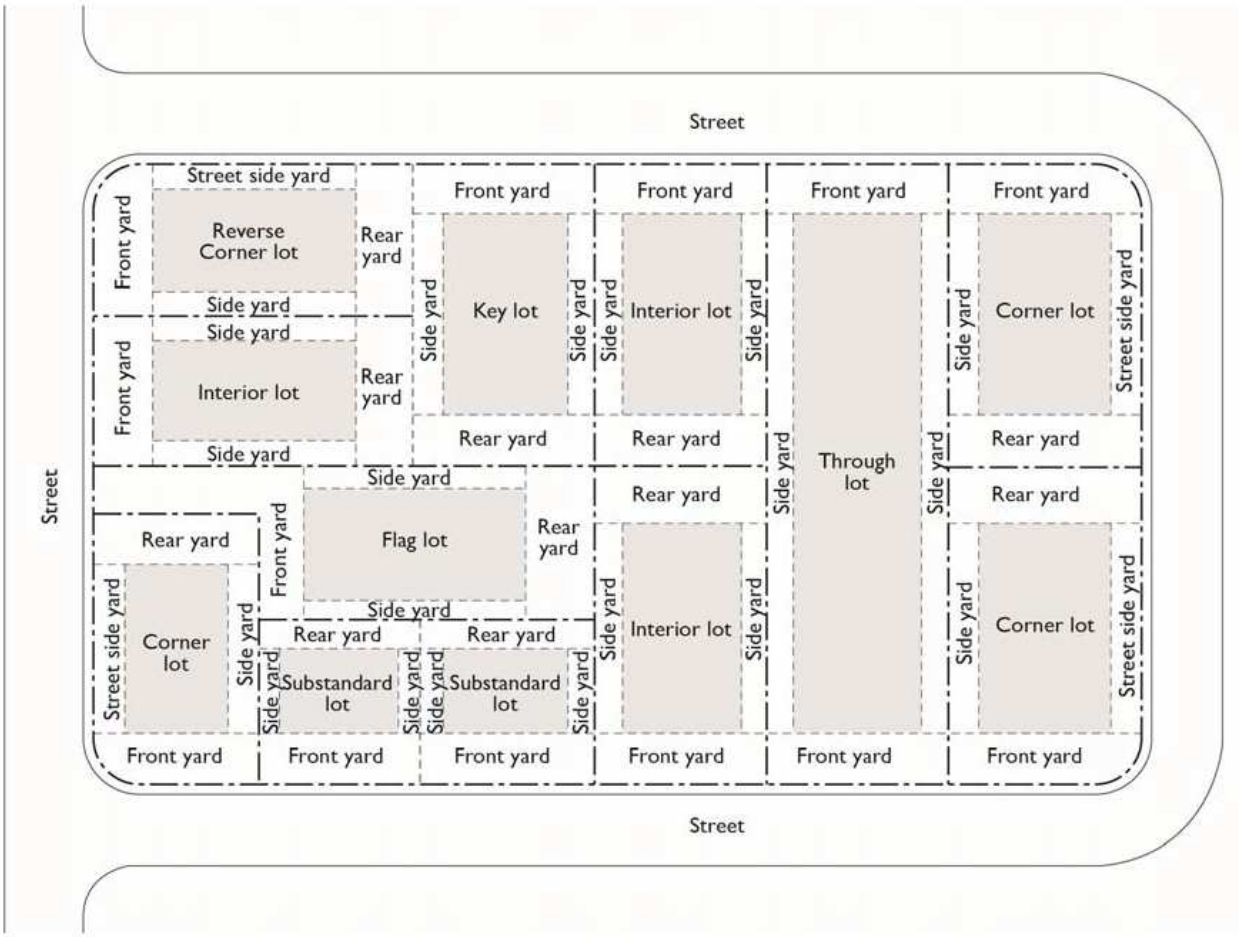

FIGURE 15-6802-1: LOT AND YARD TYPES

Lot Area. The total area within the property lines of a parcel, excluding any street or alley right-of-way.

Lot Depth. The average distance from the front lot line to the rear lot line measured in the general direction of the side lines. See also Section 15-306, Measuring Lot Width and Depth.

Lot Frontage. The width of the front parcel line measured at the street right-of-way.

Lot Line. A line of record bounding a parcel that divides one parcel from another parcel or from a public or private street or any other public space.

Front Lot Line. The parcel line separating a parcel from a street right-of-way. In the case of a corner parcel, the line separating the narrowest street frontage of the parcel from the street shall be considered the front.

Rear Lot Line. The parcel line opposite and most distant from the front parcel line; or in the case of triangular or otherwise irregularly shaped parcel, a line ten feet in length entirely within the parcel, parallel to, and at a maximum distance from the front parcel line.

Side Lot Line. Any parcel line other than a front or rear parcel line.

Street Side Lot Line. A side lot line of a comer lot that is adjacent to a street.

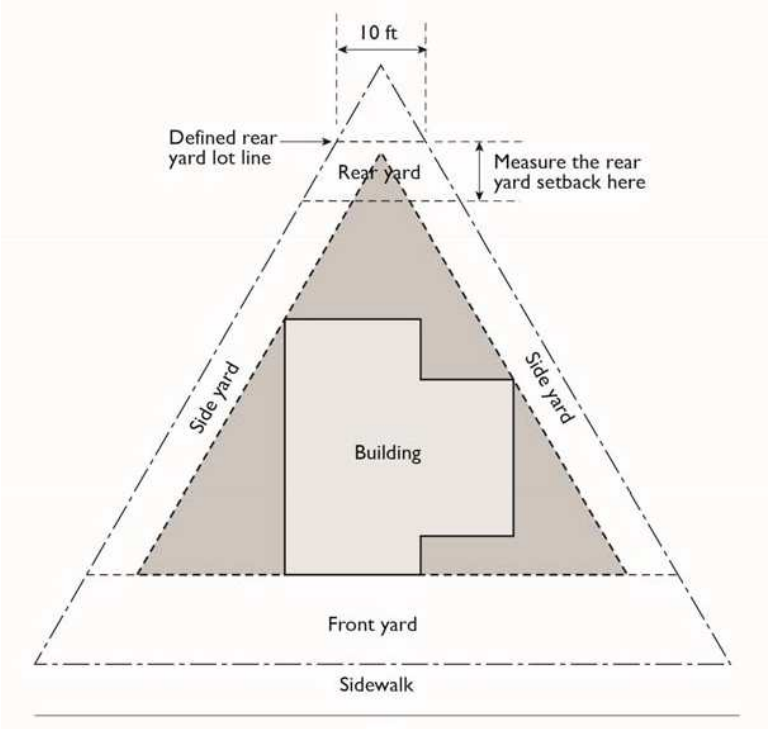

FIGURE 15-6802-2: REAR LOT LINE FOR PURPOSES OF DETERMINING SETBACKS

Lot Width. The horizontal distance between the side lines of a parcel measured at right angles to its depth along a straight line parallel to the front parcel line at the street or public right-of-way that is identified as the parcel's address.

Main Structure. See Structure, Main.

Maintenance and Repair. The repair or replacement of nonbearing walls, fixtures, wiring, roof, or plumbing that restores the character, scope, size, or design of a structure to its previously existing, authorized, and undamaged condition.

Mezzanine. An intermediate floor within a building interior without walls, partitions, closets, screens, or other complete enclosing interior walls or partitions that is open to the floor below and has a floor area that is no greater than one-third of the total floor area of the floor below. When the total floor area of a mezzanine exceeds one-third of the total floor area of the floor below it constitutes an additional story. In some instances, mezzanine may be defined differently by the Building Code.

Mixed-Use Development. The development of a parcel or building with two or more different land uses such as, but not limited to, a combination of residential, office, manufacturing, retail, public, or entertainment in a single or physically integrated group of structures.

Mobile Vendor. Any person that sells, or causes or allows another, whether as an employee or as an independent contractor leasing or renting equipment, to sell any food, drinks, or merchandise by means of a motorized or non-motorized vehicle, such as a wagon, pushcart, handcart, bicycle, motorized cart, or food truck.

Muntin. A bar or rigid supporting strip between adjacent panes of glass.

Noise-Related Definitions.

Community Noise Equivalent Level (CNEL). The average equivalent A-weighted sound level during a 24-hour day, obtained after addition of five decibels to sound levels in the evening from 7 p.m. to 10 p.m. and after addition of 10 decibels to sound levels in the night from 10 p.m. to 7 a.m.

Day-Night Average Sound Level (Ldn). The A-weighted average sound level for a given area (measured in decibels) during a 24-hour period with a 10 dB weighting applied to night-time sound levels (after 10 p.m. and before 7 a.m.). The Ldn is approximately numerically equal to the CNEL for most environmental settings.

Decibel (dB). A unit of measurement used to express the relative intensity of sound as heard by the human ear describing the amplitude of sound, equal to 20 times the logarithm to the base 10 of the ratio of the pressure of the sound measured to the reference pressure, which is 20 micropascals (20 micronewtons per square meter).

Decibel, A-weighted (dBA). The "A-weighted" scale for measuring sound in decibels; weights or reduces the effects of low and high frequencies in order to stimulate human hearing. Every increase of 10 dBA doubles the perceived loudness though the noise is actually ten times more intense.

Equivalent Sound Level (Leq). A single-number representation of the fluctuating sound level in decibels over a specified period of time. It is a sound-energy average of the fluctuating level.

Maximum Noise Level (Lmax). The highest value measured by the sound level meter over a given period of time, based on the time-weighted sound level in dB, using either the Fast or Slow time constant.

Non-Conforming Building. See Non-Conforming Structure.

Non-Conforming Lot. A legally-created lot of land having less area, frontage, or dimensions than the existing Code requires in the Zoning District in which it is located.

Non-Conforming Use, Structure, or Site Feature. See Legal Non-Conforming Use, Structure, or Site Feature.

Occupancy Group. The Building Code use category for determining requirements for building construction elements and life safety system requirements.

Office-To-Dwelling. The conversion of existing office building(s) from an office use to a multi-unit residential use which will provide housing to residents and facilitate compliance of said structures into safe and habitable condition as required by State and local law.

On-Site. Located on the lot that is the subject of discussion.

Open Space Types.

Open Space, Common. Any outdoor area, not dedicated for public use, which is designed and intended for the common use and enjoyment of the residents and guests of more than one dwelling unit.

Open Space, Private. Open areas for outdoor living and recreation that are adjacent and directly accessible to a single dwelling unit, reserved for the exclusive use of residents of the dwelling unit and their guests.

Open Space, Usable. Outdoor areas that provide for outdoor living and/or recreation for the use of residents.

Outdoor Sales, Temporary and Seasonal. The sale or offering for sale to the general public of merchandise outside of a permanent structure on property owned or leased by the person, firm, or corporation. These sales are of a limited duration and conducted on an occasional basis, and are secondary or incidental to the principal permitted use or structure existing on the property.

Outdoor Storage. The keeping, in an unroofed area, of any goods, junk, material, merchandise or vehicles in the same place for more than 72 hours except for the keeping of building materials reasonably required for construction work on the premises pursuant to a valid and current Building Permit issued by the City.

Overlay District. A zoning designation specifically delineated on the Zoning Map establishing land use requirements that govern in addition to the standards set forth in the underlying zoning district.

Parapet. A low wall or railing extending above the roof and along its perimeter.

Parcel. See Land Division-Related Definitions.

Parking Facility. An area of a parcel, structure, or any other area, including driveways, which is designed for and the primary purpose of which is to provide for the temporary storage of operable motor vehicles.

Accessory Parking. An area of a parcel, structure, or any other area, which is designed, reserved for, and the primary purpose of which is to provide off-street parking to serve a building or use that is the primary or main use of the parcel.

Long-Term Parking. An area designed for employee parking, when a vehicle is not normally moved during the period of an employee's work shift, as opposed to customer or visitor parking.

Parking, Bicycle. A covered or uncovered area equipped with a rack or other device designed and useable for the secure, temporary storage of bicycles.

Long-Term. Bicycle parking that is designed to serve employees, students, residents, commuters, and others who generally stay at a site for two hours or longer.

Short-Term. Bicycle parking that is designed to serve shoppers, customers, messengers, guests, and other visitors to a site who generally stay for a period of less than two hours.

Parking Space, Off-Street. An area, covered or uncovered, designed and usable for the temporary storage of a vehicle, which is paved and accessible by an automobile without permanent obstruction.

Parking Structure. A structure used for parking and storage of vehicles.

Patio. An outdoor area, often paved, adjoining a building that is used for outdoor open space. It is not enclosed by walls and typically is located at grade or supported by minimal footings.

Paving. A type of material used over areas of a parcel such as driveways, parking spaces and areas, pathways, patios, and front setbacks used for access by vehicles and pedestrians.

Permit. Any Conditional Use Permit, Temporary Use Permit, Building Permit, license, certificate, approval, or other entitlement for development and/or use of property as required by any public agency.

Permitted Use. Any use or structure that is allowed in a Zoning District without a requirement for approval of a Use Permit, but subject to any restrictions applicable to that Zoning District.

Person. Any individual, firm, association, organization, partnership, business trust, company, or corporation.

Person with Disabilities. Under the Americans With Disabilities Act, an individual with a disability is a person who: (1) has a physical or mental impairment that substantially limits one or more major life activities; or (2) has a record of such an impairment; or (3) is regarded as having such an impairment.

Pharmacies and Drug Retailers. Establishments generally known as pharmacies and drug retailers engaged in retailing prescription or nonprescription drugs and medicines.

Planning Commission. The Planning Commission of the City of Fresno.

Plaza. An outdoor space set aside for gathering or congregating and commercial activities, typically surrounded by building frontages.

Pocket Park. A park of one-half to two acres in size that intended to serve the needs of a smaller, specific neighborhood located within a half-mile radius of the pocket park.

Podium. A continuous raised platform supporting a building or a large block of two or three stories beneath a multi-story block of smaller area.

Porte Cochere. A roofed structure through which a vehicle can pass, extending from the entrance of a building over an adjacent driveway, the purpose of which is to shelter persons entering and exiting a building.

Pre-Existing. In existence prior to the effective date of this Code.

Primary Use. See Use, Primary.

Project. Any proposal for a new or changed use or for new construction, alteration, or enlargement of any structure, that is subject to the provisions of this ordinance. This term includes, but is not limited to, any action that qualifies as a "project" as defined by the California Environmental Quality Act.

Public Land. Any government-owned land, including, but not limited to, public parks, beaches, playgrounds, trails, paths, schools, public buildings, and other recreational areas or public open spaces.

Public Resources Code. The Public Resources Code of the State of California.

Qualified Applicant. The property owner, the owner's agent, or any person or other legal entity that has a legal or equitable title to land that is the subject of a development proposal or is the holder of an option or contract to purchase such land or otherwise has an enforceable proprietary interest in such land.

Ramp. An access driveway leading from one parking level to another, or an access driveway from an entrance leading to parking at a different level.

Recreational Vehicle (RV). A mobile, temporary lodging space, usually housed in a motor vehicle or trailer, generally for the purposes of travelling.

Residential Use. One or more rooms designed, occupied, or intended for occupancy as primary living quarters in a building or portion thereof.

Review Authority. Body responsible for making decisions on zoning and related applications.

Right-of-Way. A strip of land acquired by reservation, dedication, forced dedication, prescription, or condemnation and intended to be occupied or occupied by a road, railroad, electric transmission lines, oil or gas pipeline, water line, sanitary storm sewer, or other similar use.

Roof. That portion of a building or structure above walls or columns that shelters the floor area or the structure below.

Screening. Buffering of a building or activity from neighboring areas or from the street with a wall, fence, hedge, informal planting, or berm.

Security Grate or Grilles. A metal grate that rolls up over, or slides across, a window or door to provide protection against unwanted entry. It also can be a fixed metal fixture over window openings.

Service Areas. Portions of a building which are utilitarian in nature and are not typically frequented by the general public or occupants of the building, such as utility equipment rooms, freight loading areas, trash/recycling rooms, and emergency exit stairways/hallways.

Setback. The distance between the parcel line and a building, not including permitted projections, that must be kept clear or open. See also Section 15-304, Measuring Distances, and Section 15-313, Determining Setbacks (Yards).

Shielded Light Fixture. Outdoor light fixtures shielded or constructed so that light rays emitted by the lamp are projected below the horizontal plane passing through the lowest point on the fixture from which light is emitted.

Sidewalk. A paved, surfaced, or leveled area, paralleling and usually separated from the street, used as a pedestrian walkway.

Sidewalk Café. Any outdoor dining area located in or adjacent to any public sidewalk or right-of-way which is associated with a restaurant or other eating and drinking establishment on a contiguous adjacent parcel.

Sign-Related Definitions. The following terms are related to Article 26, Signs.

Animated Sign. A sign with messages that visually change, or images that move or appear to move, more frequently than once every 24 hours, regardless of the method by which the visual change is affected. This definition does not include traditional barber poles, hand-held signs, personally attended signs, commercial mascots, scoreboards, or signs which merely display time or temperature. Animated signs include electronic message signs, sometimes called electronic reader boards. A sign that displays a series of still images which change more frequently than once per 24 hours, whether by digital, LED, or functionally equivalent method, is within this definition.

Awning. Any structure made of flexible fabric or similar material covering a metal frame attached to a building, whether or not the same is so erected as to permit its being raised to a position flat against the building when not in use.

Awning or Canopy Sign. Sign copy placed on an awning or any other projecting structure made of flexible fabric or similar material covering a metal frame supported by the ground or sidewalk.

Banner. Any sign of lightweight fabric or similar material that is mounted to a pole or a building at one or more edges. Flags are not within this definition.

Billboard. See Outdoor Advertising Display.

Changeable Copy Sign. A sign constructed or designed to allow for periodic changes of copy, and for which the copy is changed not more than once each 24 hour period. Examples include signs for an auditorium, theater, church, meeting hall, or similar uses characterized by public assembly and changing programs or events, or gas station prices. This definition does not include animated signs or electronic reader board signs.

Commercial Message. A message on a sign, or portion of a sign, that promotes, informs, or proposes an economic transaction, primarily concerns the economic interests of the sign sponsor and/or audience, or is intended to further discussion in the marketplace of goods and services.

Construction Sign. A temporary sign displayed on the site of a construction, remodeling, or major landscaping project during the period of time of actual construction activity.

Copy. Any letters, numerals, or symbols displayed on a sign face conveying a message to the public.

Directional Sign. Any sign, other than a highway marker or any sign erected and maintained by public authority, or a public utility which is designed, erected, and maintained for the purpose of directing persons to a place, structure, or activity.

Exempt Sign. A sign which may be legally displayed, erected or maintained, but is not subject to a sign permit requirement. See Section 15-2604, Exempt Signs.

Face. That portion of a sign upon which the copy is mounted or displayed.

Flag. Any fabric or banner containing distinctive colors, patterns, or design that displays the symbol(s) of a nation, state, local government, company, organization, belief system, idea, or other meaning.

Freestanding Sign. A permanent sign that is self-supporting in a fixed location and not attached to a building. Freestanding signs are of two types: monument and pole. Monument signs are connected or attached to a sign structure, fence, or wall that is not an integral part of a building. Pole signs are mounted on a pole(s) or other support(s) that are placed on and anchored in the ground or on a base and that is independent from any building or other structure. Flag poles are not within this definition.

Graffiti. Marks, such as inscriptions, drawings, or designs, which are placed, scratched, etched, painted, or sprayed on public or private property without the owner's consent.

Illuminated Sign. A sign with an artificial light source incorporated internally or externally for the purpose of illuminating the sign. This includes signs made from neon or other gas tube(s) that are bent to form letters, symbols, or other shapes. Ambient lighting, by itself, does not make a sign "illuminated."

Master Sign Program. A coordinated sign plan which includes details of all signs (not including exempt or temporary signs) which are or will be placed on a site, including master identification, individual business, and directory signs.

Mobile Billboard. Any vehicle, or wheeled conveyance which carries, conveys, pulls, displays, or transports any sign or billboard for the primary purpose of advertising a commercial or noncommercial message, or other general advertising for hire.

Monument Sign. See Freestanding Sign.

Name Plate. A sign that identifies an occupant and/or address.

Non-Conforming Sign. A sign lawfully erected and legally existing prior to the effective date of this Code, or of amendments thereto, but which does not conform to the provisions of this Code.

Non-Commercial Message. A message or image on a sign, or portion of a sign, which displays noncommercial speech, e.g., commentary or advocacy on topics of public debate and concern. This definition shall be construed and interpreted in light of relevant court decisions. Noncommercial messages do not have a location factor, such as on-site or off-site.

Non-Communicative Aspects. Those aspects of a sign that are not directly communicative, such as physical structure, mounting device, size and height, setback, illumination, spacing, and scale relative to other structures.

Off-Site or Off-Premise Sign. A sign that identifies, advertises, or attracts attention to a business, product, service, event, or activity sold, existing, or offered at a different location. The off-site/on-site distinction applies only to commercial messages.

On-Site or On-Premise Sign. Any sign or portion thereof that identifies, advertises, or attracts attention to a business, product, service, event, or activity sold, existing, or offered upon the same property or land use as the sign. The off-site/on-site distinction applies only to commercial messages.

Outdoor Advertising Signs. Billboards and any other outdoor advertising signs which convey an off-site commercial message as their primary purpose.

Pennant. Any lightweight plastic, fabric, or other material, whether or not containing a message of any kind, attached to a rope, wire, or string, usually in a series, designed to move in the wind and attract attention. Flags and banners are not within this definition.

Pole Sign. See Freestanding Sign.

Projecting Sign. Any sign that is perpendicular to the face of a building and projects more than 18 inches from the face. This category includes awning and under canopy signs.

Primary Building Face. The wall of a building which contains the principal entrance(s) to the building. If there are principal entrances in more than one wall, the longest of the walls in which principal entrances are located shall be the primary building face. "Primary building face" shall include not only the wall itself but all doors, windows, or other openings therein and projections therefrom.

Real Estate Sign. Any sign, temporary in nature, with copy which concerns a proposed sale, rent, lease, or exchange of real property. This definition does not include occupancy signs at establishments offering transient occupancy, such as hotels, motels, and "bed and breakfast" facilities.

Roofline. The top edge of a roof or building parapet, whichever is higher, excluding any cupolas, pylons, chimneys, or minor projections.

Roof Sign. Any sign located on a roof of a building or having its major structural supports attached to a roof.

Sign. Any identification, description, illustration, or device illuminated or non-illuminated, which is visible to the general public from any exterior public right-of-way, and directs attention to a product, service, place, activity, person, institution, business, or solicitation, including any permanently installed or situated merchandise; or any emblem, painting, banner, pennant, or placard designed to advertise, identify, or convey information. A display, device, or thing need not contain lettering to be a sign. Notwithstanding the generality of the foregoing, the following are not within this definition:

Architectural features. Decorative or architectural features of buildings (not including lettering, trademarks, or moving parts), that do not perform a communicative function;

Fireworks, etc. The legal use of fireworks, candles, and artificial lighting not otherwise regulated by this Code;

Foundation stones, cornerstones;

Grave markers, grave stones, headstones, mausoleums, shrines, and other markers of the deceased;

Personal appearance. Items or devices of personal apparel, decoration, or appearance, including tattoos, makeup, wigs, costumes, and masks, but not including commercial mascots or hand-held signs; and

Symbols embedded in architecture. Symbols of non-commercial organizations or concepts including, but not limited to, religious or political symbols, when such are permanently integrated into the structure of a permanent building, including stained glass windows on churches, carved or bas relief doors or walls, bells, and religious statuary.

Sign Area. The area contained within a single continuous perimeter enclosing all parts of such sign copy, excluding any structural elements outside the limits of the sign required to support the sign.

Temporary Sign. A structure or device used for the public display of visual messages or images, which is typically made of lightweight or flimsy materials which is not intended for or suitable for long term or permanent display.

Wall Sign. Any sign attached to, erected against, or painted upon the wall of a building or structure, the face of which is in a single plane parallel to the plane of the wall. Wall signs also include signs on a false or mansard roof.

Window Sign. Any sign painted, etched, or otherwise affixed to an exterior window of a building, or in the interior of the building, within three feet of a window, intended to be viewed from the exterior of such building. On-site advisory signs are not considered window signs.

Site. A parcel, or group of contiguous parcels, that is proposed for development in accordance with the provisions of this Ordinance and is in a single ownership or under unified control.

Smoke and Vapor Products. Include, but may not be limited to, Tobacco Products and Smoking Paraphernalia.

Smoke Shop. Any business that primarily sells or offers for sale any Smoke and Vapor Products, but shall not include: Tobacco Retailers; establishments that sell Smoke and Vapor Products for onsite consumption (such as cigar lounges); or establishments operating under Article 33 of Chapter 9 (Cannabis Retail Business and Commercial Cannabis Business).

Smoke Shop Operator. Includes all Persons who own and/or operate the Smoke Shop. An owner is any Person who owns 5% or more of the Smoke Shop.

Smoking. Shall have the same meaning as Section 22950.5(c) of the Business and Professions Code, including any amendments or successor statutes thereto.

Smoking Paraphernalia. Any device, substance, or accessory intended for the smoking of tobacco, cannabis, vaping or electronic cigarette, illicit drug use, or any other substance.

Story. That portion of a building included between the upper surface of any floor and the upper surface of the floor next above, except that the topmost story shall be that portion of a building included between the upper surface of the topmost floor and the upper surface of the roof above. A mezzanine with a floor area that exceeds one third of the total floor area of the floor or level below constitutes a story. In some instances, story may be defined differently by the Building Code.

Street. A public or private thoroughfare which affords the access to a block and to abutting property. "Street" includes avenue, place, way, drive, boulevard, highway, road, and any other thoroughfare, except an alley as defined herein.

Street Tree. A tree fronting private property within the street right-of-way.

Streetwall. A wall or portion of a wall of a building facing a street.

Structural Alterations. Any physical change to or the removal of the supporting members of a structure or building, such as bearing walls, columns, beams, or girders including the creation, enlargement, or removal of doors or windows and changes to a roofline or roof shape.

Structure. Anything constructed or erected, which requires a fixed location on the ground, or is attached to a building or other structure having a fixed location on the ground.

Structure, Accessory. A detached subordinate structure, used only as incidental to the main structure on the same parcel.

Structure, Main. A structure housing the principal use of a site or functioning as the principal use.

Structure, Temporary. A structure without any foundation or footings and which is intended to be removed when the designated time period, activity, or use for which the temporary structure was erected has ceased.

Sub-Acute Care Facility. A facility providing a level of care needed by a patient who does not require hospital acute care but who requires more intensive licensed skilled nursing care than is typically provided to patients in a skilled nursing facility. Sub-acute care facilities are licensed by the California Department of Public Health, and are focused on in-patient care, including medical supervision, 24-hour skilled nursing and supportive care, pharmaceutical, dietary, social, and physical activities. Patients are referred by a medical doctor for medical procedures requiring rehabilitative and therapeutic care following a surgical procedure. This use is different from other similar uses which are classified as residential uses (e.g., Elderly and Long-Term Care, Residential Care Facilities) in that patient stays shall not exceed 30 days and facilities have a more institution-like environment. This use does not include treatment facilities for alcoholism, drug abuse, sexual or psychological disorders.

Swimming Pool. A pool, pond, or open tank capable of containing a large and deep enough body of water for people to use to swim.

Telecommunication-Related Definitions. The following terms are related to Section 15-2759, Telecommunication and Wireless Facilities.

Alternative Tower Structure. Artificial trees, clock towers, bell steeples, light poles, and similar alternative-design mounting structures that camouflage or conceal the presence of antennas or towers.

Antenna. Any system of poles, panels, rods, reflecting discs, wires, or similar devices used for the transmission or reception of electromagnetic signals, including, but not limited to, radio waves and microwaves. An antenna does not include the support structure the antenna(s) is mounted upon.

Antenna, Amateur Radio. A ground-, building-, or tower-mounted antenna operated by a federally licensed amateur radio operator that is used for the purpose of transmitting and receiving radio signals as part of the Amateur Radio Service as designated by the Federal Communications Commission (FCC).

Antenna, Building- or Structure-Mounted. An antenna mounted to a building, rooftop equipment screen, or structure that transmits or receives electromagnetic signals.

Antenna, Ground-Mounted. Any antenna that is not mounted on a pole, a structure, or the roof or wall of a building.

Antenna, Satellite Earth Station. An antenna designed and used to receive and/or transmit radio frequency signals directly to and/or from orbiting communications satellites.

Antenna, Whip. An antenna consisting of a single, slender, rod-like element, less than one wave length long, which is supported only at or near its base.

Antenna Structure. An antenna array and its associated support structure, such as a mast or tower (not including a suspended simple wire antenna), that is used for the purpose of transmitting and/or receiving electromagnetic signals, including, but not limited to, radio waves and microwaves.

Antenna Structure, Freestanding. An antenna structure or mast that is not attached to any part of a building, fence, or other such structure. Freestanding antenna structures include communications towers, wooden utility poles, and concrete and steel monopoles. If the total height of the structure, including the antenna, is at least 17 feet high, it shall be treated as a monopole.

Antenna Structure, Monopole. An antenna structure, often tubular in shape, usually made of metal, reinforced concrete, or wood, which is at least 17 feet in height. A monopole may also be an alternative antenna structure that is designed to replicate a tree or other natural feature.

Slim Line Monopole. A continuous, smooth, round cross section monopole with no cut-outs or exterior attachments such as climbing pegs.

Co-Location. The location of two or more wireless communications facilities owned or used by more than one public or private entity on a single support structure or otherwise sharing a common location. Co-location shall also include the location of wireless communications facilities with other facilities such as buildings, water tanks, light standards, and other utility facilities and structures.

Distributed Antenna System. A system of small antennas installed on existing infrastructure such as telephone poles and streetlights throughout an area, which are interconnected by fiber optic cable to a central hub location, and are generally designed to support multiple wireless carriers.

Equipment Cabinet or Enclosure. A cabinet or structure used to house equipment associated with a wireless communications facility.

Feasible. Feasible means in light of technical feasibility, radio signal transmitting and receiving requirements, aesthetics, electromagnetic fields, costs, landowner permission, facility owner permission, and all necessary approvals under this Code and the California Building Code, as well as the common meaning of the term.

Mast. A pole of wood or metal or a tower fabricated of metal that is used to support an antenna and maintain it at the proper elevation.

Microcell Facility. A wireless communication facility serving a single carrier and consisting of an antenna no larger than four feet in height or, if tubular, no more than six feet long and four inches in diameter comprised of a networked set of antennas that are connected with each other and to a wireless service source, such that a one or more high-power antennas that serve a given area are replaced by a group of lower-power antennas to serve the same geographic area.

Readily Visible. An object that can be identified as a wireless telecommunications facility when viewed with the naked eye.

Related Equipment. All equipment ancillary to the transmission and reception of voice and data via radio frequencies. Such equipment may include, but is not limited to, cable, conduit, and connectors.

Service Provider. Any authorized provider of wireless communications services.

Telestyles. Architecturally blended cell towers, the result of cooperation with designers and architects.

Tower. Any structure that is designed or constructed primarily for the purpose of supporting one or more antennas, including self-supporting lattice towers, guy towers, or monopole towers. The term includes, but is not limited to, radio and television transmission towers, microwave towers, common-carrier towers, cellular telephone towers, alternative tower structures and the like.

Wireless Communications Facility. Personal wireless service facilities as defined by the federal Telecommunications Act of 1996 including, but not limited to, facilities that transmit and/or receive electromagnetic signals for cellular radio telephone service, personal communications services, enhanced specialized mobile services, paging systems, and related technologies. Such facilities include antennas, microwave dishes, parabolic antennas, and all other types of equipment used in the transmission or reception of such signals; telecommunication towers or similar structures supporting said equipment; associated equipment cabinets and/or buildings; and all other accessory development used for the provision of personal wireless services. These facilities do not include radio towers, television towers, and government-operated public safety networks.

Temporary Structure. See Structure, Temporary.

Temporary Use. A use that is intended to be of a limited duration of time and that will not permanently alter the character or physical facilities of the property where it occurs.

Tenant. A person who rents, leases, or subleases, through either a written or oral agreement, real property from another.

Tiny House. A structure intended for separate, independent living quarters for one household that meets these six conditions:

1. Is licensed and registered with the California Department of Motor Vehicles and meets ANSI 119.2 or 119.5 requirements;
2. Is towable by a bumper hitch, frame-towing hitch, or fifth-wheel connection. Cannot (and is designed not to) move under its own power. When sited on a parcel per requirements of this Code, the wheels and undercarriage shall be skirted;
3. Is no larger than allowed by California State Law for movement on public highways;
4. Has at least 100 square feet of first floor interior living space;
5. Is a detached self-contained unit which includes basic functional areas that support normal daily routines such as cooking, sleeping, and toiletry; and
6. Is designed and built to look like a conventional building structure.

Tobacco Product. Shall have the same meaning as provided in 22950.5(d) of the Business and Professions Code, including any amendments or successor statutes thereto.

Tobacco Retailer. Any establishment whose business includes the incidental sale of Smoke and Vapor Products, such as supermarkets and convenience stores.

Trailer. A vehicle without motor power, designed to be drawn by a motor vehicle and to be used for human habitation or for carrying persons or property, including a mobile home, trailer coach or house trailer.

Trash Screen/Enclosure. A permanent, immobile structure, designed for the storage of a mobile resource recovery, recycling, or compost bin or container.

Unit. See Dwelling Unit.

Use. The purpose for which land or the premises of a building, structure, or facility thereon is designed, arranged, or intended, or for which it is or may be occupied or maintained.

Use, Accessory. A use that is customarily associated with, and is incidental and subordinate to, the primary use and located on the same parcel as the primary use.

Use, Primary. A primary, principal, or dominant use established, or proposed to be established, on a parcel.

Use Classification. A system of classifying uses into a limited number of use types on the basis of common functional, product, or compatibility characteristics. All use types are grouped into the following categories: residential; public and semi-public; commercial; industrial; transportation, communication, and utilities; and agricultural and extractive.

Use Permit. A discretionary permit, such as a Conditional Use Permit, which may be granted by the appropriate City authority to provide for the accommodation of land uses with special site or design requirements, operating characteristics, or potential adverse effects on surroundings, which are not permitted as of right, but which may be approved upon completion of a review process and, where necessary, the imposition of special conditions of approval by the permit granting authority.

Use Type. A category which classifies similar uses based on common functional, product, or compatibility characteristics.

Utilities. Equipment and associated features related to the mechanical functions of a building(s) and services such as water, electrical, telecommunications, and waste.

Variance. A discretionary grant of permission to depart from the specific requirements of this Code that is warranted when, due to special circumstances regarding the physical characteristics of the property, the strict application of standards would deprive the property of privileges available to other property in the same zoning district. See Article 55, Variances.

Vehicle. Any vehicle, as vehicle is defined by the California Vehicle Code, including any automobile, camper, camp trailer, trailer, trailer coach, motorcycle, house car, boat, or similar conveyance.

Vibration. A periodic motion of the particles of an elastic body or medium in alternately opposite directions from the position of equilibrium.

Visible. Capable of being seen (whether or not legible) by a person of normal height and visual acuity walking or driving on a public road.

Walk-Up Facility. A facility designed to provide service to pedestrian clients, where clients typically are queued on the outside of the main structure or room. Typical facility types include, but are not limited to, automatic teller machines (ATMs) and food-service windows.

Wall. Any exterior surface of building or any part thereof, including windows.

Warehouse Clubs and Supercenters. Establishments generally known as warehouse clubs, superstores, or supercenters, primarily engaged in retailing a general line of groceries, including a significant amount and variety of fresh fruits, vegetables, dairy products, meats, and other perishable groceries, in combination with a general line of new merchandise, such as apparel, furniture, and appliances.

Watercourse. A strip of land over which water flows, having a definite bed, bank, and channel, wherein the water need not flow continually, but usually flows in a particular direction.

Window. An opening in a wall of a building that is filled with glass in a frame. They typically allow light and air into the interior of a building, but also serve as mediums for viewing merchandise in commercial properties.

Yard. See Setback.

Yard Sales. See Garage Sales.

Zoning District. A specifically delineated area or district in the city within which regulations and requirements uniformly govern the use, placement, spacing, and size of land and buildings.

(Added Ord. 2015-39, § 1, eff. 1-9-16; Am. Ord. 2016-43, § 16, eff. 12-9-16; Am. Ord. 2017-33, § 32, eff. 7-30-17; Am. Ord. 2020-045, § 3, eff. 11-15-20; Am. Ord. 2024-015, § 1, eff. 7-11-24; Am. 1503. Implementation of Council-Mayor Form of Government. CHA:44
1504. Expansion of Council Membership CHA:44
1505. Operative Date of Carter Amendments CHA:44

CHARTER OF THE CITY OF FRESNO

ARTICLE I INCORPORATION AND SUCCESSION

SEC. 100. NAME AND BOUNDARIES. The City of Fresno, hereinafter termed the City, shall continue to be a municipal corporation under its present name of "City of Fresno." The boundaries of the City shall be the boundaries as established at the time this Charter takes effect, or as such boundaries may be changed thereafter in the manner authorized by law.

SEC. 101. SUCCESSION, RIGHTS AND LIABILITIES. The City of Fresno shall continue to own, possess and control all rights and property of every kind and nature owned, possessed or controlled by it at the time this Charter takes effect and shall be subject to all its debts, obligations, liabilities and contracts.

SEC. 102. ORDINANCES. All lawful ordinances, resolutions, rules and regulations, or portions thereof, in force at the time this Charter takes effect, and not in conflict or inconsistent herewith, are hereby continued in force until the same shall have been duly repealed, amended, changed or superseded by proper authority.

SEC. 103. CONTINUANCE OF PRESENT OFFICERS AND EMPLOYEES. The appointive officers of the City, except members of boards and commissions, and the employees of the City under the preceding Charter shall continue to perform the duties of their respective offices and employments without interruption and for the same compensations and under the same conditions until the appointment of their successors or until they are specifically relieved of their duties, but subject to the provisions of this Charter.

SEC. 104. TRANSFER OF RECORDS AND PROPERTY. All records, property and equipment of any office, department or agency, or part thereof, all of the powers and duties of which are assigned to any other office, department or agency by or pursuant to this Charter, shall be transferred and delivered to the office, department or agency to which such powers and duties are so assigned. If part of the powers and duties of any office, department or agency or part thereof is assigned to another office, department or agency by or pursuant to this Charter, all records, property and equipment relating exclusively thereto shall be transferred and delivered to the office, department or agency to which said powers and duties are so assigned.

SEC. 105. OPERATIVE DATE OF CHARTER. For the purpose of nominating and electing the first Mayor and first Councilmen, the provisions of this Charter shall become operative when the concurrent resolution of the legislature approving this Charter is filed with the Secretary of State. For all other purposes this Charter shall become operative at twelve o'clock noon on the first Tuesday next following the date of the election of the first Mayor and

first Councilmen and the qualification of not less than five members of the Council so elected. At such time the terms of all elective officers of the City under the preceding Charter shall terminate.

The first council elected hereunder shall immediately by resolution create temporary departments for the administration of the City government and shall appoint temporary heads thereof, said temporary department heads to continue as such until appointment of their successors by the Chief Administrative Officer under the provisions of this Charter.

SEC. 106. GENDER REFERENCES. It is hereby declared that any gender references including but not limited to the terms "man" or "men," "he," "him," or "his" in this Charter or any ordinances, resolutions or other written policies of the City of Fresno should be gender neutral and shall be amended to reflect gender neutrality when the particular Charter Section, ordinance, resolution or other written policy is amended for any purpose.

(Amendment ratified 1988 Primary Election, June 7, 1988.)

ARTICLE II POWERS OF THE CITY

SEC. 200. GENERAL POWERS. The City shall have the power to make and enforce all laws and regulations in respect to municipal affairs, subject only to such restrictions and limitations as may be provided in this Charter and in the Constitution of the State of California. It shall also have the power to exercise any and all rights, powers and privileges heretofore or hereafter established, granted or prescribed by any law of the State, by this Charter, or by other lawful authority, or which a municipal corporation might or could exercise under the Constitution and laws of the State of California.

The enumeration in this Charter of any particular power shall not be held to be exclusive of, or any limitation upon, the generality of the foregoing provisions.

SEC. 201. PROCEDURES. The City shall have the power and may act pursuant to any procedure established by any law of the State, unless a different procedure is established by this Charter or by ordinance.

SEC. 202. CONTRACTS FOR MUNICIPAL SERVICES. The City shall have the power to enter into a contract with any other city or county within the state, with a state department, or with any other public or private agency or firm for the performance of any administrative function of the City.

SEC. 203. CONTINUANCE OF LAWS. All lawful ordinances, resolutions, rules and regulations or portions thereof now in force and not in conflict or inconsistent herewith are continued in force until they have been duly repealed, amended, changed or superseded by proper authority.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 204. FORM OF GOVERNMENT. The government provided by this Charter shall be known as the Mayor-Council form of government.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

ARTICLE III ELECTIVE OFFICERS

SEC. 300. ENUMERATION. The elective officers of the City shall be a mayor and seven Councilmembers. The Council shall consist of seven Councilmembers, each of whom shall have the right to vote on all matters coming before the Council.

(Amendment ratified 1988 Primary Election, June 7, 1988.)
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 301. MANNER OF ELECTION. The Mayor shall be elected from the City at large at the times and in the manner provided in this Charter. The Councilmembers shall be elected by district at the times and in the manner provided in this Charter.

(Amendment ratified 1980 Special Municipal Election, June 3, 1980.)
(Amendment ratified 1988 Primary Election, June 7, 1988.)

SEC. 302. DESIGNATION OF COUNCILMEMBERS FOR ELECTION. As to the councilmembers there shall be deemed to be seven separate offices to be filled, one of which shall be designated as councilmember Number One, another as Councilmember Number Two, another as Councilmember Number Three, another as Councilmember Number Four, another as Councilmember Number Five, another as Councilmember Number Six, and another as Councilmember Number Seven. No candidate shall file for more than one elective office. Such designation shall be used on all nomination papers, certificates of election and all election papers referring to the office.

(Amendment ratified 1980 Special Municipal Election, June 3, 1980.)
(Amendment ratified 1988 Primary Election, June 7, 1988.)
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 303. TERM OF OFFICE.

(a) Except as otherwise provided in this Charter, the terms of elective offices shall be for four years.

(b) In 1981 and every fourth year thereafter, the offices of Councilmembers designated as Number Two, Number Four and Number Six and the office of Mayor shall be filled at the general municipal election held in May, or at such other time as provided by this Charter. In 1983 and every fourth year thereafter, the offices of Councilmembers designated as Number One, Number Three, and Number Five shall be filled at the general municipal election held in May, or at such other time as provided by this Charter.

(c) Beginning in 1995, each elected officer shall take office on the first Tuesday following the first Monday in January of the odd-numbered year following his or her election to office except

ion the case of special elections in which the person elected shall take office upon the certification of election results. Incumbents shall hold office until their successors are elected and qualified.

(d) Councilmembers designated as Number 1, Number 3, and Number 5 elected to office in 1991 shall serve in office until the first Tuesday following the first Monday in January of 1995.

(e) Councilmembers designated as Number 1, Number 3, and Number 5 elected to office in 1994 shall commence their terms in office on the first Tuesday following the first Monday in January of 1995.

(f) Councilmembers designated as Number 2, Number 4, and Number 6 and the Mayor elected to office in 1993 shall serve in office until the first Tuesday following the first Monday in January of 1997.

(g) Councilmembers designated as Number 2, Number 4, and Number 6 and the Mayor elected to office in 1996 shall commence their terms in office on the first Tuesday following the first Monday in January of 1997.

(h) The initial term for Councilmember designated as Number 7 shall commence on the first Tuesday following the first Monday in January 1997 and end on the first Tuesday following the first Monday in January 1999. Thereafter, the term of Councilmember designated as Number 7 shall commence and end at the same time as the terms of Councilmembers designated as Numbers 1, 3, and 5.

(Amendment ratified 1975 General Municipal Election.)
(Amendment ratified 1980 Special Municipal Election, June 3, 1980.)
(Amendment ratified 1988 Primary Election, June 7, 1988.)
(Amendment ratified 1993 Primary Election, March 2, 1993.)
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 303.1. LIMITATION OF TERMS OF OFFICE. No person elected to the office of Councilmember or Mayor for two successive terms shall again be eligible to hold that same office until one full term has intervened. This limitation applies to terms to which persons had been elected or appointed after May, 1985.

(Amendment ratified 1992 General Election, November 3, 1992.)
(Amendment ratified 1996 Consolidated General Election, November 5, 1996.)

SEC. 304. ELIGIBILITY, CITY RESIDENCE. No person shall be eligible to hold an elective office unless that person is, and has been for a period of at least thirty days immediately preceding the filing of nomination papers for such office or appointment to such office, a resident of the City, and unless that person is, and has been at the time of assuming such office, an elector of the City.

(Amendment ratified 1969 General Municipal Election; approved, Assembly Concurrent Resolution No. 172, filed with Secretary of State on June 12, 1969, Res. Ch. 197, Stat. 1969.)
(Amendment ratified 1973 General Municipal Election.)
(Amendment ratified 1977 Special Municipal Election, May 31, 1977.)

(Amendment ratified 1988 Primary Election, June 7, 1988.)

SEC. 304.1. ELIGIBILITY, DISTRICT RESIDENCE. Commencing with the 1981 general municipal election, no person shall be eligible to hold elective office as a Councilmember unless that person is, and has been for a period of at least thirty days immediately preceding the filing of nomination papers for such office or appointment to such office, a resident within the Council district corresponding in number to the office to which that person is elected or appointed. Each Councilmember shall, during that Councilmember's term of office, reside within such Council district. The boundaries of such districts shall be determined by the Council by ordinance and shall be redetermined by the Council, by ordinance adopted not later than one hundred and twenty days following the publication of each federal census thereafter; provided that the population disparity between districts shall not exceed ten percent at the time of any such boundary determination or redetermination, and no boundary shall be altered so as to exclude any incumbent from office prior to the expiration of that incumbent's term.

(Amendment ratified 1977 Special Municipal Election, May 31, 1977.)
(Amendment ratified 1980 Special Municipal Election, June 3, 1980.)
(Amendment ratified 1988 Primary Election, June 7, 1988.)

SEC. 305. VACANCIES.

(a) An elective office becomes vacant when the incumbent thereof dies, resigns, is removed from office under recall proceedings, is adjudged insane, is convicted of a felony or of an offense involving a violation of his or her duties, ceases to be a resident of the City or the district corresponding in number to the office to which he or she was elected, neglects to qualify within the time prescribed by the provisions of this Charter, is absent from the State without leave for more than sixty consecutive days, or fails the attend the meetings of the body of which he or she is a member for a like period without being excused therefrom by such body.

(b) The Council shall declare the existence of any vacancy except vacancy caused by death or resignation. Such declaration shall be a final determination of the existence of the vacancy unless a court review is sought within thirty days after such declaration.

(c) A resignation is effective when received by the City Clerk unless a different time is stated in the resignation.

(d) A vacancy in an elected office shall be filed as follows:

(1) A vacancy in the office of a Councilmember may be filled by appointment by the Council if:

(i) The Council declares the existence of the vacancy or the incumbent dies or resigns in the final year of the term, and

(ii) The appointment is made within thirty days after the Council declares the existence of the vacancy or the incumbent dies or resigns.

(2) Any vacancy in the office of a Councilmember not filled pursuant to paragraph (1) shall be filled by a special election to be held not sooner than ninety days after the Council calls such election nor later than the next regular election date after the expiration of such ninety days.

(3) In the event of a vacancy in the office of Mayor, the Council shall appoint the Mayor Pro Tempore as Mayor for the period of time from the date of appointment to the date the newly elected Mayor assumes office and the Council shall call a special election for filling the vacancy, which election shall be called within thirty days after such vacancy occurs, provided that if such vacancy occurs within one hundred twenty days, but not less than eighty-eight days from the date of a municipal primary nominating election at which the office of mayor would regularly be filled, the City Council shall not cause a special election to be held to fill the vacancy but said vacancy shall be filled as part of the regular election process. If elected by a specially called election pursuant to this subsection (305)(d), the Mayor so elected shall serve for the remainder of the unexpired term of the Mayor whose vacation of the office has caused the special election to be held.

(e) Any person appointed or elected to fill a vacancy shall serve for the remainder of any unexpired term and until his or her successor qualifies. If a person appointed to fill a vacancy is a candidate for the same office which he or she then holds, the designation under the candidate's name on the ballot may be the words "appointed incumbent" or may be words designating the profession, vacation, or occupation of the candidate.

(f) If the Council fails either to fill a vacancy by appointment or to call a special election within thirty days after the incumbent dies, or his or her resignation is effective, or the declaration of the existence of the vacancy becomes final, the salary or other compensation of each member of the Council shall cease until the Council calls such special election.

(g) At any special election called to fill a council or mayoral vacancy, the candidate receiving the majority of votes cast shall succeed to the vacated office for the unexpired term upon certification of the election results. If no candidate receives a majority of votes cast, Council shall call another special election within thirty days of the certification of the election results and the two candidates receiving the most votes shall be placed on that special election ballot.

(Amendment ratified 1975 General Municipal Election.)
(Amendment ratified 1977 Special Municipal Election, May 31, 1977.)
(Amendment ratified 1988 Primary Election, June 7, 1988.)
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 306. HOLDING OF OTHER OFFICE. No elective officer shall hold any other municipal office or hold any office or employment the compensation of which is paid out of municipal moneys; nor be elected or appointed to any office created or the compensation of which is increased by the Council, while a member thereof, until one year after the expiration of the term for which that person was elected.

(Amendment ratified 1988 Primary Election, June 7, 1988.)

SEC. 308. COMPENSATION OF ELECTIVE OFFICERS.

(a) The Council shall establish by ordinance the compensation of the elective officers of the City.

(b) Once the compensation of elective officers is fixed pursuant to subsection (a) of this section, the compensation of an elective officer shall not thereafter be increased or diminished during that elective officer's term of office.
(Amendment ratified 1980 Special Municipal Election, June 3, 1980.)
(Amendment ratified 1988 Primary Election, June 7, 1980.)

SEC. 309. OFF-YEAR CONTRIBUTIONS PROHIBITION. No mayoral candidate, Council candidate, or any committee controlled by such person shall solicit or accept any contribution in support of such candidate's election prior to the date fixed by law for the filing of nomination papers with respect to such election, or following the year in which such election is held.

(Amendment ratified 1993 Primary Election, March 2, 1993.)
(Amendment ratified 1988 Primary Election, June 7, 1988.)

ARTICLE IV THE MAYOR

SEC. 400. Powers and Duties. The executive power of the City shall be vested in the office of the Mayor. The Mayor shall have the power to veto legislative and budgetary actions of the Council pursuant to and in accordance with the provisions of this Charter. The Mayor shall be the Chief Executive Officer of the City, responsible for providing leadership and taking issues to the people and marshalling public interest in and support for municipal activity. The Mayor shall be responsible to the People of Fresno for the proper and efficient administration of all affairs of the City.

In addition to these general responsibilities, the Mayor shall have the following specific duties:

(a) The Mayor shall execute and enforce all laws and ordinances and policies of the City.

(b) The Mayor shall have sole authority to appoint and remove the Chief Administrative Officer.

(c) The Mayor shall exercise control over the Chief Administrative Officer.

(d) The Mayor shall prepare or cause to be prepared the proposed annual City budget, and shall submit the same to the Council for its deliberation and approval.

(e) The Mayor shall have the power of veto in all legislative matters which must be passed by the City Council, except as provided in this Chapter.

(f) The Mayor shall have power of veto in all actions of Council relating to the budget, including line item budgetary veto authority over all programs and budgetary units. This authority includes the ability to reduce or eliminate the fiscal year funding to any program or budget unit.

(g) The Mayor shall not directly supervise any City department.

(h) The Mayor shall provide the liaison between the Administrative Service and the Council, fostering a sense of cohesion among Councilmembers and educating the public about the needs and prospects of the City.

(i) The Mayor shall provide community leadership and actively promote economic development to broaden and strengthen the commercial and employment base of the City.

(j) The Mayor shall recommend to the Council such measures and ordinances as he or she may deem necessary or expedient and to make such other recommendations to the Council concerning the affairs of the City as the Mayor finds desirable.

(k) The Mayor shall investigate those affairs of the City under the mayor's supervision.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.) (Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 401. MAYOR PRO TEMPORE. The President of the Council shall serve as Mayor Pro Tempore. In addition to his or her regular duties as Councilmember, the Mayor Pro Tempore shall perform the duties of the Mayor during the Mayor's absence except, however, the Mayor Pro Tempore shall not have veto authority in the absence of the Mayor. If the Mayor Pro Tempore is appointed Mayor pursuant to subsection 305(d)(2) of this Charter, he or she shall exercise all of the powers of the office of Mayor until a successor is elected and qualified.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 402. COMPENSATION.

(Repealed; ratified 1980 Special Municipal Election, June 3, 1980.)

ARTICLE V THE COUNCIL

SEC. 500. POWERS VESTED IN THE COUNCIL. All powers herein granted to and vested in the City of Fresno shall, except as herein otherwise provided, be exercised by a Council to be designated the Council of the City of Fresno. Said Council shall the be governing body of the City and, subject to the express limitations of this Charter, shall be vested with all powers of legislation in municipal affairs adequate to a complete system of local government consistent with the Constitution of the State. Each Councilmember shall have the right to appoint and remove his or her own Council Assistant.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 501. PRESIDENT OF THE COUNCIL. Commencing in 1997 on the first Tuesday after the first Monday in January, the Council shall elect a President of the Council from among its members to serve for a one-year term. The President of the Council shall be the presiding officer of the Council. In addition, upon vacancy in the officer of the Mayor, the office of the Mayor shall be filled by the President of the Council as provided on Article III of this Charter. In the event of a vacancy in the office of President of the Council or in the event the President is required to fill the office of Mayor, the Council shall select an Acting President who shall serve until the previously elected President returns to office or that Councilmember's term expires.

(Repealed; ratified 1980 Special Municipal Election, June 3, 1980.)
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 502. MEETINGS. The Council shall hold regular meetings and shall provide the time, place and manner of holding its meetings by resolution. All meetings of the Council shall be opened to the public, except executive sessions permitted by the law of the State.

(Amendment ratified 1973 General Municipal Election.)
(Amendment ratified 1996 Primary Election, March 26, 1996.)

SEC. 503. QUORUM. A Majority of the entire membership of the Council shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time. In the absence of all members of the Council from any regular meeting or adjourned regular meeting the City Clerk may declare the same adjourned to a stated day and hour.

SEC. 504. RULES AND PROCEDURES. The Council shall establish rules for the conduct of its proceedings and to preserve order at its meetings. It shall cause a record of its proceedings to be maintained which shall be open to public inspection.

SEC. 505. ADMINISTERING OATHS. SUBPOENAS. Each member of the Council shall have the power to administer oaths and affirmations in any investigation or proceeding pending before the Council. The Council shall have the power and authority to compel the attendance of witness, to examine them under oath and to compel the production of evidence before it. Subpoenas may be issued in the name of the City and be attested by the City Clerk. Disobedience of such subpoena or the refusal to testify, upon other than constitutional grounds, shall constitute a misdemeanor and shall be punishable in the same manner as violations of this Charter are punishable.

SEC. 506. CITIZEN PARTICIPATION. No citizen shall be denied the right personally, or through counsel, to present grievances or offer suggestions for the betterment of municipal affairs at any regular meeting of the Council or any City advisory board, commission or committee.

ARTICLE VI LEGISLATION

SEC. 600. ENACTMENT OF ORDINANCES. Legislative action, including the establishment of a fine or other penalty or the grant of a franchise, shall be taken by the Council only by means of an ordinance, as follows:

(a) Each ordinance shall be introduced in writing, and its enacting clause shall be substantially as follows:
"The Council of the City of Fresno does ordain as follows:"

(b) No ordinance shall be adopted by the Council on the day of its introduction, or on the day it is altered after introduction, nor within five days thereafter, except as follows:

(1) An ordinance which takes effect upon final passage;

(2) An ordinance changing the land use zoning district of property, or adopting, amending, or repealing a specific plan or a redevelopment plan, when the adoption of such ordinance has been the subject of a noticed public hearing by the Council;

(c) No ordinance, except an emergency ordinance, shall be adopted at any time other than a regular or adjourned regular meeting.

(d) Upon the demand of a member of the Council at the time of the adoption of an ordinance, it shall be read in full, unless the reading thereof is waived by the Council.

(e) No ordinance changing the land use zoning district of property shall be adopted in conflict with any specific plan adopted by ordinance.

(f) An alteration necessary to correct a typographical or clerical error or omission only, may be performed by the City Clerk with the written approval and concurrence of the City Attorney, so long as the alteration does not materially or substantially alter the contents, requirements, rights, responsibilities, conditions, or prescriptions contained in the original text of the ordinance. A typographical or clerical error shall include, but is not limited, incorrect spelling, grammar, numbering, punctuation, transposed words or numbers, and duplicate words or numbers.

(Amendment ratified 1969 General Municipal Election; approved, Assembly Concurrent Resolution No. 172, filed with Secretary of State on June 12, 1969, Res. Ch. 197, Stat. 1969.)
(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)
(Amendment ratified 1996 Consolidated General Election, November 5, 1996.)

SEC. 601. VOTE REQUIRED. No ordinance shall be passed or become effective without receiving the affirmative vote of at least four members of the Council unless otherwise provided in the Charter.

(Amendment ratified 1969 General Municipal Election; approved, Assembly Concurrent Resolution No. 172, filed with Secretary of State on June 12, 1969, Res. Ch. 197, Stat. 1969.)

SEC. 602. ROLL CALL VOTE. APPROVED SUBSTITUTE. At the demand of any member or at the request of the City Clerk, upon any question, the members shall individually cast their votes, by audible voice vote at the call of the roll by the City Clerk, or by other means, approved by a majority of the members, which registers and publicly discloses the individual vote of each member. The City Clerk shall cause the ayes and noes cast to be entered into the minutes of the meeting.

(Amendment ratified 1969 General Municipal Election; approved, Assembly Concurrent Resolution No. 172, filed with Secretary of State on June 12, 1969, Res. Ch. 197, Stat. 1969.) (Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)

SEC. 603. EMERGENCY ORDINANCES. Any ordinance declared by the Council to be necessary as an emergency measure for preserving the public peace, health or safety, and containing a statement of the reasons for its urgency, may be introduced, adopted, and become effective at one and the same meeting if passed by at least five affirmative votes.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 604. SIGNATURE AND ATTESTATION. All ordinances and resolutions shall be attested by the City Clerk and when required by law, shall be signed by the Mayor.

SEC. 605. VETO OF CITY COUNCIL ACTIONS BY MAYOR.

(a) The Mayor shall have veto power over all legislative acts of Council, whether such actions be taken by ordinance, resolution, or otherwise. The Mayor's veto power shall not extend to administrative decisions or quasi-judicial decisions of Council. The veto power shall be afforded the Mayor irrespective of any super-majority vote by Council, except that the veto power shall not extend to override votes taken pursuant to Section 609 of this Charter.

(b) For purposes of this Charter Section 605, legislative acts shall include amendments to the Fresno Municipal Code; adoption of general plans, community plans and specific plans; grants of franchise; establishment of fines, penalties, or regulations; tax levies; annexation of property; exemption of property from taxation; ordinances required by state law in matters wherein state law preempts local law; actions calling an election or otherwise relating to an election; resolutions and actions relating to eminent domain; adoption of budget; amendment of budget; fixing of compensation of officers and employees; position authorizations; establishment of fees; issuance of bonds; and all matters subject to the power of initiative and referendum.

(c) Notwithstanding, subsections 605(a) and (b), the Mayor's veto power shall not extend to:

(1) Emergency ordinances;

(2) Certain land use decisions including; the amendment of specific plans, community plans, and general plans; rezonings; conditional use permits or other special use permits approved by Council after consideration by the Planning Commission; or

(3) Any other land use action, other than text amendments to the Fresno Municipal Code, and whether legislative or quasi-judicial in nature, in which the matter has been considered at a public hearing before the City Council and Planning Commission.

(d) Each proposed resolution or ordinance voted on by the Council that is not approved by the Council and each ordinance or resolution adopted by the Council shall, within forty-eight hours of such action, be transmitted to the Mayor by the City Clerk, with appropriate notation of the action of the Council thereon. All ordinances, resolutions, or other action of Council subject to power of the mayor's veto shall be acted upon by the mayor within ten days of receiving the clerk's transmittal by Council.

The Mayor shall either approve each ordinance, resolution or other action adopted by Council subject to power of the mayor's veto adopted by the Council by signing and returning same to the City Clerk within the required time limits, or shall veto any ordinance, resolution or other action adopted by Council and shall return each such ordinance, resolution or action to the City Clerk with his or her written objections within the required time limit. Failure to make such return within the required time limit shall constitute approval and such ordinance, resolution, or action shall take effect without the Mayor's signed approval. The City Clerk shall note such fact on the official copy of such ordinance, resolution or action.

Any proposed ordinance, resolution or other action subject to power of the Mayor's veto which is voted on by the Council that is not approved by the Council shall be reconsidered by the Council on written request of the Mayor, stating his or her reasons therefor, filed with the City Clerk by the mayor within ten days after the Council's action on such resolution or ordinance. The Council shall reconsider such measure at its convenience, but not later than thirty days after the filing of the Mayor's request therefor.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 606. AMENDMENT OF ORDINANCES. The amendment of any section or subsection of an ordinance may be accomplished solely by the re-enactment of such section or subsection at length, as amended.

SEC. 607. CODIFICATION OF ORDINANCES. The Council shall cause to be classified and codified under appropriate heads all general ordinances in force and cause the same to be printed in book, pamphlet, or looseleaf form for the use of the City, its officers, and the public.

SEC. 608. ORDINANCES, VIOLATION PENALTY. The Council may make the violation of its ordinances a misdemeanor or an infraction which may be prosecuted in the name of the People of the State of California, or may be redressed by civil action. The Council may prescribe punishment for a violation which constitutes a misdemeanor by a fine not to exceed one thousand dollars ($1000) or by imprisonment not to exceed one year, or by both such fine and imprisonment, and may prescribe punishment for a violation which constitutes an infraction.

(Amendment ratified 1975 General Municipal Election.)

SEC. 609. ENACTMENT OVER VETO. The Council may reconsider any ordinance, resolution, or other action subject to the Mayor's veto, which has been vetoed by the mayor and if, after such reconsideration, five members of the Council shall vote in favor of passage thereof, it shall become effective notwithstanding the Mayor's veto. If more than five votes are required for the adoption or approval of any resolution, ordinance or other action by the provisions of this Charter or other superseding law, such larger vote shall be required to overcome the veto of the Mayor. If such vetoed ordinance, resolution, or other action is not passed over the Mayor's veto within thirty days of such veto, the resolution, ordinance, or other action shall be deemed disapproved.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 610. EFFECTIVE DATE OF ORDINANCES. An ordinance adopted by the Council shall become effective thirty days from and after the date of its final passage, except the following, which shall take effect on the date of final passage:

(a) An ordinance calling or otherwise relating to an election;

(b) An ordinance declaring the amount of money necessary to be raised by taxation, or fixing the rate of taxation, or levying the annual tax upon property;

(c) An emergency ordinance adopted in the manner provided in this Charter;

(d) An ordinance annexing areas to the City; or

(e) An ordinance providing for a tax levy or an appropriation for the usual current expenses and outlays of the City.

The date of final passage shall be deemed the date of approval by Mayor pursuant to Charter Section 605. In those cases, where the mayor does not have veto power, the date of final passage shall be deemed the date of Council adoption.

If an ordinance becomes law when the time for approval or veto by mayor has expired and no action has been taken, the date of expiration of that time shall be deemed the date of its final passage. If an ordinance is adopted by Council pursuant to a veto override vote, the date of Council's override vote shall be deemed the date of final passage.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

ARTICLE VII CHIEF ADMINISTRATIVE OFFICER

SEC. 700. ADMINISTRATIVE POSITION. There shall be a Chief Administrative Officer who shall be head of administrative branch of the City government.

SEC. 701. QUALIFICATIONS. The Chief Administrative Officer shall be appointed solely on the basis of his executive and administrative qualifications, with special reference to his actual experience in or his knowledge of accepted practice in respect to the duties of his office as hereinafter set forth. He shall have at least five year's experience as the administra-

tive head or assistant administrative head of a city, or he shall have had equivalent experience in the direction and supervision of other governmental, private business, or industrial activities of comparable importance and magnitude. He need not be a resident of the City or State at the time of his appointment, but during his tenure in office, he shall reside in the City of Fresno. No resident of the County of Fresno at the time this Charter becomes fully operative shall be appointed Chief Administrative Officer within twelve months thereafter.

SEC. 702. APPOINTMENT AND REMOVAL. The Chief Administrative Officer shall be appointed by the Mayor. Such appointment must be made within ninety days after the first election held under this Charter and within ninety days after any subsequent vacancy occurs in the office. The Chief Administrative Officer may be removed from office by the Mayor.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 703. RESIGNATION. Before resigning his position, it shall be the duty of the Chief Administrative Offcier to give the Mayor at least thirty days' notice in writing of his or her intention to resign, stating the reasons therefor.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 704. COMPENSATION. The Chief Administrative Officer shall be paid a salary commensurate with his or her responsibilities as Chief Administrative Officer of the City which salary shall be established by Council resolution. In the event of his or her removal from office, the Chief Administrative Officer shall be paid his or her salary through thirty days following the date of his or her removal.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 705. POWERS AND DUTIES. The Chief Administrative Officer shall work under the direct supervision of the Mayor. He or she shall be responsible to the Mayor for the administration of all affairs of the City not otherwise assigned in this Charter. He or she shall have the power and be required to:

(a) Exercise control over all departments, offices and agencies under his or her jurisdiction;

(b) Advise the Mayor concerning the creation, organization, conduct, operation, alteration, or abolition of the various departments, offices and agencies of the city government.

(c) Appoint, and he or she may suspend or remove, subject to the Civil Service System provisions of this Charter, all department heads and officers of the City except elective officers and officers the power of whose appointment is vested by this Charter in the Council, provided, however, that the appointment, removal and suspension of the Controller shall be subject to the approval of the Council; approve or disapprove all proposed appointments and removals of deputies, assistants and subordinate employees by department heads or officers except those officers whose appointment is vested by this Charter in the Council or mayor, and such appointments and removals by such department heads or officers shall be subject to his or her approval;

(d) Administer the budget after adoption;

(e) Establish such financial and accounting records and procedures as will reflect the current financial status of all municipal activities;

(f) Establish a central purchasing system of all city offices, departments and agencies;

(g) Keep the Mayor advised of the financial affairs and conditions and future needs of the City and make recommendations to the Mayor concerning the administration of city affairs;

(h) Prepare and submit to the Mayor reports in answer to requests for information made to him or her by the mayor;

(i) Perform such other duties as may be prescribed by this Charter or required of him or her by the Mayor, not inconsistent with this Charter;

(j) Attend all meetings of the Council, unless excused therefrom by the Mayor.
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 706. INTERFERENCE IN ADMINISTRATIVE SERVICE. Neither the Mayor nor the Council except by official action taken in policy matters, nor any of its members shall interfere with the execution by the Chief Administrative Officer of his powers and duties, or order, directly or indirectly, the appointment by the Chief Administrative Offcier or by any of the department heads in the administrative service of the city, of any person to an office or employment or his removal therefrom. Except for the purpose of inquiry, the Mayor, the Council and its members shall deal with the administrative service under the Chief Administrative Officer solely through the Chief Administrative Officer and neither the Mayor nor the Council nor any member thereof shall give orders to any subordinates of the Chief Administrative Officer, either publicly or privately.

SEC. 707. CHIEF ADMINISTRATIVE OFFICER PRO TEMPORE.

(Repealed; ratified 1993 General Municipal Election, April 27, 1993.)

ARTICLE VIII OFFICERS AND EMPLOYEES

SEC. 800. OFFICERS TO BE APPOINTED BY THE COUNCIL. There shall be a City Attorney and a City Clerk who shall be appointed by and serve at the pleasure of the Council, but who may be removed only by a majority vote of the entire Council.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 801. ADMINISTRATIVE DEPARTMENTS. The Council shall provide by resolution not inconsistent with this Charter, for the organization, conduct and operation of the several offices established by this Charter, and for the creation of departments, divisions, offices and agencies, and for their consolidation, alteration or abolition. The Council by resolution, may assign additional functions or duties to offices, departments or agencies not inconsistent with this Charter. No office provided in this Charter to be filled by appointment

by the Chief Administrative Officer may be consolidated with an office to be filled by appointment by the Council. The Council, subject to the provisions of this Charter, shall provide for the number, titles, qualifications, powers, duties and compensation of all appointive officers and employees.

(Amendment ratified 1996 Primary Election, March 26, 1996.)

SEC. 802. CITY CLERK. POWERS AND DUTIES. The City Clerk shall have power and be required to:

(a) Be responsible for the recording and maintaining of a full and true record of all the proceedings of the Council in books that shall bear appropriate titles and be devoted to such purpose, and attend all meetings of the Council either in person or by deputy:

(b) Maintain separate books, in which shall be recorded respectively all ordinances and resolutions, with the certificate of the Clerk annexed to each thereof stating the same to be the original or a correct copy, and as to an ordinance requiring publication, stating that the same has been published in accordance with this Charter; keep all books properly indexed and open to public inspection when not in actual use;

(c) Maintain separate files, with appropriate indexes thereto, of all contracts the execution of which was specifically authorized by Council action, and of all official bonds of the City;

(d) Be the custodian of the Seal of the City;

(e) Administer oaths or affirmations, take affidavits and depositions pertaining to the affairs and business of the City and certify copies of official records;

(f) Be ex-officio Assessor, unless the Council has availed itself, or does in the future avail itself, of the provisions of the general laws of the State relative to the assessment of property and the collection of City taxes by county officers, or unless the Council by ordinance provides otherwise.

(g) Maintain in appropriate books and files such other records, documents, instruments, and papers as the Council shall provide by ordinance.

Except as may be otherwise provided by ordinance or resolution of the Council the destruction or other disposition of City records, documents, instruments, books, and papers in the custody of the City Clerk shall be governed by the laws of the State regulating the destruction or disposition of the records of general law cities.
(Amendment ratified 1969 General Municipal Election; approved, Assembly Concurrent Resolution No. 172, filed with Secretary of State on June 12, 1969, Res. Ch. 197, Stat. 1969.)

SEC. 803. CITY ATTORNEY. POWERS AND DUTIES. To become eligible for City Attorney the person appointed shall be an attorney-at-law duly licensed as such under the

laws of the State of California, and shall have been engaged in the practice of law for at least five years prior to his appointment. The City Attorney shall have power and may be required to:

(a) Represent and advise the Council and all city officers in all matters of law pertaining to their offices;

(b) Represent and appear for the city in any or all actions or proceedings in which the city is concerned or is a party, including the prosecution of violations of this Charter and ordinances enacted by the Council, and represent and appear for any city officer or employee, or former city officer or employee, in any or all actions and proceedings in which any such officer or employee is concerned or is a party for any act arising out of his employment or by reason of his official capacity provided the interest of the city in such action or proceeding is not adversely affected;

(c) Attend all regular meetings of the Council and give his advice or opinion in writing whenever requested to do so by the Council or by any of the boards or officers of the city;

(d) Approve the form of all contracts made by and all bonds given to the city, endorsing his approval thereon in writing;

(e) Prepare any and all proposed ordinances or resolutions for the city and amendments thereto;

(f) Surrender to his successor all books, papers, files and documents pertaining to the city's affairs;

(g) The Council shall have control of all legal business and proceedings and may employ other attorneys to take charge of any litigation or matter or to assist the City Attorney therein.

SEC. 804. CITY CONTROLLER. There shall be a Controller appointed by the Chief Administrative Officer with the approval of the Council who shall have power and shall be required to:

(a) Have charge of the Finance Department and of the administration of the financial affairs of the city under the direction of the Chief Administrative Officer;

(b) Supervise and be responsible for the disbursement of all moneys and have control of all expenditures to insure that budget appropriations are not exceeded;

(c) Submit to the Council through the Chief Administrative Officer a monthly statement of all receipts and disbursements in sufficient detail to show the exact financial condition of the city; and as of the end of each fiscal year, submit a complete financial statement and report;

(d) Supervise the keeping of current inventories of all property of the city by all city departments, offices and agencies.

SEC. 805. ADMINISTERING OATHS. Each department head and his deputies shall have the power to administer oaths and affirmations in connection with any official business pertaining to his department.

SEC. 806. DEPARTMENT HEADS. APPOINTMENT POWERS. Each department head and officer authorized by the Charter shall have the power to appoint, suspend or remove such deputies, assistants and subordinate employees as are provided for by the Council for his department or office, subject to the approval of the Chief Administrative Officer, the provisions of this Charter and of the Civil Service System as adopted hereunder.

SEC. 807. NEPOTISM. The Council shall not appoint to a salaried position under the city government any person who is a relative by blood or marriage within the third degree of any one or more of the members of such Council, nor shall any department head or other officer having appointive power or other supervising employee as defined by ordinance appoint any relative of his within such degree to any such position.

SEC. 808. OFFICIAL BONDS. The Council shall fix by ordinance or resolution the amounts and terms of the official bonds of all officials or employees who are required by ordinance to give such bonds. All bonds shall be executed by responsible corporate surety, shall be approved as to form by the City Attorney, and shall be filed with the City Clerk. Premiums on official bonds shall be paid by the City.

There shall be no personal liability upon, or any right to recover against, a superior officer, or his bond, for any wrongful act or omission of his subordinate, unless such superior officer was a party to, or conspired in, such wrongful act or commission.

SEC. 809. SALARIES AND WAGES. Compensation of officers and employees of the City, except where this Charter provides that no salary shall be paid, shall be fixed by the Council as it may from time to time determine; provided further, that city employees shall be paid not less than the prevailing wage paid in private employment in the City of Fresno in the job or position in which said employees work and the City shall not require its employees to work longer hours for the same wage than workers in private employment in said city work for such wage in like employment.

(Amendment ratified 1993 Primary Election, March 2, 1993.)

SEC. 810. HOURS OF WORK. There shall not be established for any position in the city service a regularly scheduled work day of more than eight hours or a regularly scheduled work week of more than five days, except that there may be established a regularly scheduled work day of up to ten hours for any position for which the regularly scheduled work week is not more than four days, or any other work week mutually agreed to between the City and a non-represented employees or between the City and a recognized employee organization. A member of the city fire fighting force shall be required to work, on a twenty-four hour day basis, not more than fifty-six hours per week on an average, said average to be determined in multiples not to exceed ninety days.

(Amendment ratified 1973 General Municipal Election.)
(Amendment ratified 1996 Primary Election, March 26, 1996.)

SEC. 811. HOLIDAYS. All employees, except temporary employees, shall be entitled to or shall receive credit for all holidays during each fiscal year without loss of compensation. The word "holiday" as used in this section, shall mean every state holiday, including that day in November known as Thanksgiving Day, but not including Sundays or any other day appointed by the President of the United States or the Governor of the State as a public fast, thanksgiving, or holiday, unless such appointed day is also declared to be a holiday pursuant to ordinance or resolution of the Council.

The amendment of this section to specify the exclusion of Sunday as a "holiday" under this section is declared to be a restatement, for the purpose of clarification only, of the law of the section in effect prior to such an amendment.

(Amendment ratified 1973 General Municipal Election.)

SEC. 812. STATUS OF EXISTING EMPLOYEES. Persons employed by the city at the time this Charter becomes fully operative, except elective officers and members of appointive boards, commissions, and committees holding positions the same in substance as positions established or continued in the plan of organization provided under this Charter or by ordinance not inconsistent therewith and who have completed the period of probationary employment under the preceding Charter provisions and Civil Service rules or have served satisfactorily an equivalent period of time in positions not subject to probationary employment, shall have the right to remain in such positions or other positions of like duties, responsibilities and authority until promoted, removed, or reduced in rank in accordance with the provisions of this Charter. Any rights previously accumulated by a person under probationary status shall be retained.

Any officer or employee of the city who is appointed to or continued in a position as Department Head and is subsequently removed therefrom, except for malfeasance or misconduct, shall revert to his former position without loss of any rights or privileges and upon the same terms and conditions as if he had remained in said position continuously. Should such person be eligible for retirement under the retirement or pension system, he shall upon recommendation of the Chief Administrative Officer be retired instead of being restored to his former position.

The rights of employees relating to accrued sick leave and vacation or the validity of eligible lists created by virtue of Charter or Civil Service provisions in effect at the time this Charter becomes fully operative shall continue until exhausted pursuant to such provisions.

SEC. 813. POLITICAL ACTIVITIES. Except as otherwise provided by the general laws of this state heretofore or hereafter enacted, no person in the Administrative Service, or

seeking admission thereto, shall be employed, promoted, demoted or discharged or in any way favored or discriminated against because of political opinions or affiliations or because of race, sex, or religious belief.

No officer or employee of the city and no candidate for any city office shall, directly or indirectly, solicit any assessment, subscription, or contribution, whether voluntary or involuntary, for any political purpose whatever, from anyone on the eligible lists or holding any position in the Administrative Service.
(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971. Amendment ratified March 5, 1985 Special Municipal Election; filed with Secretary of State on May 6, 1985.)

ARTICLE IX BOARDS AND COMMISSIONS

SEC. 900. IN GENERAL. There shall be such boards and commissions as are hereinafter established which shall have the powers and duties herein stated. The Council may create by ordinance additional boards or commissions as in its judgment are required, and may grant to them such powers and duties as are consistent with the provisions of this Charter.

SEC. 901. APPROPRIATIONS. The Council shall include in its annual budget such appropriations of funds as in its opinion shall be sufficient for the efficient and proper functioning of such boards and commissions.

SEC. 902. APPOINTMENTS, TERMS. The members of each of such boards or commissions shall be appointed by the Mayor with the approval of the Council from the qualified electors of the City, none of whom shall hold any paid office or employment in the City government. They shall be subject to removal by motion of the Council adopted by at least five affirmative votes. The members thereof shall serve for a term of four years and until their respective successors are appointed and qualified.

The terms of the members first appointed to each board and commission shall be determined by lot so that as nearly as possible the terms of twenty-five per cent of the total membership of each board or commission shall expire each succeeding July 1.

Thereafter, any appointment to fill an unexpired term shall be for such unexpired period.
(Amendment ratified 1969 General Municipal Election; approved, Assembly Concurrent Resolution No. 172, filed with Secretary of State on June 12, 1969, Res. Ch. 197. Stat. 1969.)

SEC. 903. EXISTING BOARDS AND COMMISSIONS. The respective terms of office of all members of the boards and commissions in existence at the time this Charter becomes fully operative shall terminate.

SEC. 904. MEETINGS, CHAIRMEN. As soon as practicable, following the first day of July of every year, each of such boards and commissions shall organize by electing one of its members to serve as presiding officer at the pleasure of such board or commission. Each board

or commission established by this Charter shall hold regular meetings at least once each month. Each board or commission created by ordinance shall hold regular meetings at such regular intervals as the proper transaction of its business shall require, but not less often than once each year. All proceedings shall be open to the public.

Except as may be otherwise provided in this Charter, the Chief Administrative Officer shall designate a secretary for the recording of minutes for each of such boards and commissions, who shall keep a record of its proceedings and transactions. Each board or commission may prescribe its own rules and regulations which shall be consistent with this Charter and copies of which shall be kept on file in the office of the City Clerk where they shall be available for public inspection. Each board or commission shall have the same power as the Council to compel the attendance of witnesses, to examine them under oath, to compel the production of evidence before it and to administer oaths and affirmations.
(Amendment ratified 1969 General Municipal Election; approved, Assembly Concurrent Resolution No. 172, filed with Secretary of State on June 12, 1969, Res. Ch. 197, Stat. 1969.)

SEC. 905. COMPENSATION. VACANCIES. The members of boards and commissions shall serve without compensation for their services as such unless the Council shall otherwise provide, but may receive reimbursement for necessary traveling and other expenses incurred on official duty when such expenditures have received authorization by the Council.

Any vacancies in any board or commission, from whatever cause arising, shall be filled by appointment by the Mayor with the approval of the Council. Upon a vacancy occurring leaving an unexpired portion of a term, any appointment to fill such vacancy shall be for the unexpired portion of such term. If a member of a board or commission absents himself from three consecutive regular meetings of such board or commission, unless by permission of such board or commission expressed in its official minutes, or is convicted of a felony, or ceases to be a qualified elector of the City, his office shall become vacant and shall be so declared by the Council.

SEC. 906. PLANNING COMMISSION. ESTABLISHED. There shall be a Planning Commission consisting of seven members. Such city officers and employees as shall be designated by the Chief Administrative Officer shall meet with and participate in the discussions of the Planning Commission but shall not have a vote.

SEC. 907. PLANNING COMMISSION. The Planning Commission shall have the power and duty to:

(a) After a public hearing thereon, recommend to the Council the adoption, amendment, or repeal of the General Plan, or any part thereof, for the development of the city;

(b) Exercise such control over land subdivisions as is granted to it by the Council;

(c) Make recommendations concerning proposed public works and for the clearance and rebuilding of blighted or substandard areas within the city;

(d) Exercise such functions with respect to zoning and land use as may be prescribed by ordinance, not inconsistent with the provisions of this Charter.
(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)

SEC. 908. CIVIL SERVICE BOARD. The Civil Service Board shall consist of five members, none of whom while a member of the Board, or for a period of one year after he has ceased for any reason to be a member, shall be eligible for appointment to any salaried office or employment in the service of the City. "Salaried office" shall not be deemed to include an elective office or membership on a board or commission of the city.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)

SEC. 909. CIVIL SERVICE BOARD, POWERS AND DUTIES. The Civil Service Board shall have the power and duty to:

(a) Recommend to the Council, after a public hearing thereon, the adoption, amendment, or repeal of Civil Service rules and regulations;

(b) Act in an advisory capacity to the Council on problems concerning personnel administration;

(c) Conduct hearings as provided in Section 1002 relative to the suspension, demotion, and removal of any person in the City employment;

(d) Make any investigation which it may consider desirable concerning the conditions of employment and the administration of personnel in the municipal service and report its findings to the Council;

(e) Perform such other duties as may be prescribed by ordinance not inconsistent with the provisions of this Charter.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)

SEC. 910. RETIREMENT AND/OR PENSION BOARDS. Notwithstanding any other provisions in this Charter, the City of Fresno Fire and Police Retirement Board and the City of Fresno Employee's Retirement Board shall each consist of five members, selected as follows:

(a) two members elected by and from the City employees affected; and,

(b) two members from management appointed by the Mayor with the approval of the City Council; and,

(c) the fifth member chosen by the previously designated four members.

The members of such boards shall be removable only by the appointing or electing authority.

The Retirement Board shall appoint and direct a Retirement Administrator who shall report to the Board; serve at the Board's pleasure; administer the retirement office and its financial

affairs as directed by the Board; appoint, suspend and remove subordinate employees subject to the Civil Service System provisions of this Charter; and perform such other administrative duties as directed by the Board.
(Amendment ratified 1996 Primary Election, March 26, 1996.)

ARTICLE X CIVIL SERVICE SYSTEM

SEC. 1000. UNCLASSIFIED AND CLASSIFIED SERVICE. The administrative Service of the City shall be divided into Unclassified and Classified Service:

(a) The Unclassified Service shall be comprised of the following officers, employees, and positions:

(1) The Chief Administrative Officer, his or her deputies, if any, the City Clerk, the City Attorney, his or her deputies, if any, Council Assistants and all management employees serving in a class which contains one or more positions at the division head level and above, including the heads of all departments created by the Council.

(2) Positions in any class or grade created for special or temporary purposes for a period of not longer than one year within any two consecutive fiscal years;

(3) Persons employed to render professional, scientific, technical, or expert services of any occasional or exceptional character;

(4) Part-time employees paid on an hourly or per diem basis .

(b) The Classified Service shall be comprised of all positions not specifically included in this section in the Unclassified Service.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)
(Amendment ratified 1981 Municipal Election, March 3, 1981.)
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 1001. MERIT PRINCIPLE. All appointments to and promotions within the Classified Service shall be based upon efficiency and fitness which shall be ascertained by means of recognized personnel selection techniques.

SEC. 1002. SUSPENSION, DEMOTION, AND DISMISSAL. Except as otherwise provided in this Charter, an officer or employee holding a position in the classified service may be suspended without pay, demoted, or removed from his position for malfeasance, misconduct, incompetence, inefficiency or for failure to perform the duties of his position or to observe the established rules and regulations in relation thereto, or to cooperate reasonably with his superiors or fellow employees, but subject to the right to a hearing before the Civil Service Board in the manner set forth herein.

An officer or employee suspended, demoted, or removed shall be given in writing the reasons for his suspension, demotion, or removal. He shall be allowed a reasonable time for answering

the same and may demand a public hearing upon the charges before the Civil Service Board, such hearing to be held in accordance with procedures established therefor. Hearings may be conducted informally and the technical rules of evidence need not apply but the officer or employee whose suspension, demotion, or removal is sought may be heard in person, be permitted to be represented by counsel and to produce testimony in his own behalf.

The decision of the Civil Service Board upon any such hearing shall be final. Any action or proceeding brought to determine the validity of the decision shall be commenced in a court of competent jurisdiction within thirty days after the date of mailing of notice of the decision to the parties.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)

ARTICLE XI RETIREMENT

SEC. 1100. RETIREMENT SYSTEM. The Council shall by ordinance provide for and establish a fund or funds for the relief and pensioning of all employees of the City of Fresno, except elective officers and part-time employees, who have been disabled or become superannuated in the service of the City and shall provide for the administration of such fund or funds; provided, however, that retirement benefits established by any ordinance existing at the effective date of this Charter shall not be reduced, decreased or diminished.

SEC. 1101. VETERANS. Notwithstanding any provision of law, any member of the Administrative Service of the City of Fresno who enters or shall have heretofore entered the armed services of the United States or the State of California during time of war or during any emergency declared by the President of the United States while so employed, and shall have been honorably discharged therefrom and thereupon returned to such employment within a reasonable time, after the termination of such war or emergency, shall for all purposes of any pension or retirement ordinance now or hereafter in effect, be entitled to have such time as he may have served in such armed forces deemed as service to the City of Fresno at the rate of compensation received immediately prior to his entry into such armed service. However, no contribution toward any pension or retirement fund shall be required of such person for the time spent in such armed forces.

The provisions of this section shall be cumulative to any provisions of law enacted by the State of California or the United States relating to the reemployment of persons entering the armed forces of the United States or of the State of California.

ARTICLE XII FISCAL ADMINISTRATION

SEC. 1200. TAX SYSTEM. For the purpose of municipal property taxation, the City may continue to use the County system of assessment, tax collection and deposit as such system is now in effect or may hereafter be amended and insofar as such provision is not in conflict with this Charter.

Should there arise any reason whatsoever that prevents the City from using the County system, the Council shall provide by ordinance a system for the assessment, collection and deposit of municipal property taxes.

SEC. 1201. FISCAL YEAR. The fiscal year of the City shall begin on the first day of July of each year and end on the thirtieth day of June of the following year.

SEC. 1202. ANNUAL BUDGET. PREPARATION BY CHIEF ADMINISTRATIVE OFFICER. At such date as the Mayor shall determine, each department head shall furnish to the Mayor through the Chief Administrative Officer, estimates of revenue and expenditures for his or her department, detailed in such manner as may be prescribed by the mayor. In preparing the proposed budget, the Mayor shall review the estimates, hold conferences thereon with the Chief Administrative Officer and respective department heads and may revise the estimates as he or she may deem advisable.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 1203. BUDGET. SUBMISSION TO THE COUNCIL. At least thirty days prior to the beginning of each fiscal year, the Mayor shall submit to the Council the proposed budget as prepared for him or her. The Council may review the proposed budget and make such revisions as it may deem advisable. At the time he or she submits the proposed budget to the Council the Mayor shall determine, and shall advise the Council of, the time for holding of a public hearing thereon, and shall cause notice to be given of the time and place of such hearing, not less than ten days prior to the time fixed therefor, by publication of such notice at least once in a newspaper of general circulation in the City. Copies of the proposed budget shall be available for inspection by the public in the office of the City Clerk at least ten days prior to the hearing.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 1204. BUDGET, PUBLIC HEARING. At the time so advertised or at any time to which such public hearing shall from time to time be adjourned, the Council shall hold a public hearing on the proposed budget, at which interested persons desiring to be heard shall be given such opportunity.

SEC. 1205. BUDGET, FURTHER CONSIDERATION AND ADOPTION. After the conclusion of the public hearing the Council shall further consider the proposed budget and make any revisions thereof that it may deem advisable and on or before June 30, it shall adopt a balanced budget. A copy thereof, certified by the City Clerk, shall be filed with the person retained by the Council to perform auditing functions for the Council and a further copy shall be placed and shall remain on file in the office of the City Clerk, where it shall be available for public inspection. The budget so certified shall be reproduced and copies made available for the use of departments, offices and agencies of the City.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971; amendment ratified 2018 General Election, November 6, 2018)

SEC. 1206. BUDGET, APPROPRIATIONS. From the effective date of the budget, the several amounts stated therein as proposed expenditures shall be and become appropriated

to the several departments, offices and agencies for the respective objects and purposes therein named. All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered.

At any meeting after the adoption of the budget, the Council may amend or supplement the budget by motion adopted by the affirmative votes of at least five members so as to authorize the transfer of unused balances appropriated for one purpose to another purpose or to appropriate available funds not included in the budget.

SEC. 1207. TAX LEVY. On or before the last Tuesday in August in each year, the Council shall, by ordinance, levy such tax as may be necessary to meet the appropriations made (less the estimated amount of revenue from other sources), and all sums required by law to be raised on account of the City debt and interest thereon, together with such addition, not exceeding five per cent, as may be deemed necessary to meet commissions, fees and deficiencies from the estimates in the amount of taxes collected.

SEC. 1208. PROCUREMENT AND COMPETITIVE BIDDING.

(a) Every contract involving an expenditure of city moneys of more than one hundred thousand dollars ($100,000), adjusted annually on the first of July to the nearest one thousand dollars ($1,000) in response to changes in the National Consumer Price Index (United States City Average For All Products), for materials, supplies, equipment or for any public work of improvement, shall be let to the lowest responsive and responsible bidder after notice by publication in a newspaper of general circulation within the city or on the internet, which shall be at least seven days before time for opening bids. For purposes of this subsection, Council shall by ordinance define "public work of improvement."

(1) All bids hereunder shall be accompanied by either a certified, or cashier's check, an irrevocable letter of credit, or a bidder's bond executed by a corporate surety admitted by the California Insurance Commissioner to do business in California, payable and acceptable to the city. Such security shall be in an amount not less than that specified in the notice inviting bids or in the specifications referred to therein, or if no amount be so specified, then in an amount not less than ten percent of the aggregate amount of the bid. A certificate of deposit or other instrument approved by Council may be accepted by the city in lieu of a bidder's bond. If the successful bidder neglects or refuses to enter into the contract within the time specified in the notice inviting bids or specifications referred to therein, the amount of the bidder's security may be declared forfeited to the city and may be collected and paid into a lawful, available city fund, and all bonds so forfeited shall be prosecuted and the amount thereof collected and paid into such fund.

(2) All bids hereunder shall be submitted in a sealed envelope or electronically through the internet. Bids submitted in a sealed envelope or electronically shall be filed with the officer in charge of the purchasing function prior to the opening time specified in

the notice inviting bids. Such officer shall receive and be custodian of such bids and keep the same confidential until they are opened and declared. The City reserves the right to specify that bids be filed only in a sealed envelope or only electronically on any procurement.

(3) All bids received hereunder shall be publicly opened and declared at the time and at the place fixed in the notice inviting bids. Thereafter, the bids shall be tabulated and analyzed by the officer in charge of the purchasing function, who shall submit them, together with recommendations thereon, to the Chief Administrative Officer. The Chief Administrative Officer shall review the bids and submit them to the Council, along with his/her recommendations, at a duly scheduled meeting of the Council.

(4) The Council shall have the right to waive any informality or minor irregularity in a bid. The Council may reject any and all bids presented and may readvertise in its discretion.

(5) The provisions of this subsection (a) shall not apply to any of the following:

(i) A work of improvement obtained through a design build process if authorized pursuant to subsection (c) herein.

(ii) Work done by the city with its own personnel and/or equipment.

(iii) Materials, supplies, equipment or any public work of improvement obtained from or through any governmental agency.

(iv) When Council determines that the work to be done or the goods to be supplied can only be provided by one source, and the purchase is authorized by resolution of the Council containing a declaration of the facts constituting the sole source.

(v) When the purchase is deemed by Council to be of urgent necessity for the preservation of life, health or property, and such purchase is authorized by resolution passed by at least five affirmative votes of the Council and containing a declaration of the facts constituting the urgency.

(6) For those instances when alternative bid forms, or additive or deductive items are included in bid specifications, Council may establish by ordinance the method that will be used to determine the lowest bid. The establishment of any such method by the Council will not preclude the city from adding to or deducting from the contract any of the additive or deductive items after the lowest responsive and responsible bidder has been determined. Nothing in this subsection (a) shall preclude the Council from establishing a method reserving to the Council the right to award, after consideration of the amount of the bids and the combination of work to be performed, to the lowest responsive and responsible bidder of any alternative bid form or any combination of bid prices on the base contract and additive and/or deductive items identified in the city specifications, when in Council's discretion it determines such award to be either in the best interests of the city or obtains for the public the best

economic result. Notwithstanding subdivisions (2) and (3) of this subsection (a), Council may establish by ordinance a method whereby the identity of the bidder is kept confidential until following Council's determination of the lowest bid.

(7) The Council may by resolution or ordinance establish procedures and requirements for hearing appeals by any bidder who has been determined by the Chief Administrative Officer to be nonresponsive or nonresponsible. The Council may also by resolution or ordinance establish procedures and requirements for the debarment of any bidder who has been determined by the Council to be nonresponsible.

(b) Notwithstanding subsection (a) above, the Council may by ordinance authorize the officer in charge of the purchasing function, in the evaluation of any or all sealed bids for the purchase of materials, supplies, equipment and/or any public work of improvement, to extend up to a five percent preference for a local business in award of all contracts except for those contracts funded by the federal or state government when such funding would be jeopardized because of this preference. For purposes of this section, "local business" shall be as defined by Council within such ordinance.

(1) The amount of the preference shall be equal to the amount of the percentage applied to the lowest responsive and responsible bid.

(2) If the bidder submitting the lowest responsive and responsible bid is not a local business, and if a local business has also submitted a responsive and responsible bid, and, with the benefit of the preference, the local business's bid is equal to or less than the original lowest responsive and responsible bid, the city shall award the contract to the local business at its submitted bid price.

(3) The bidder shall certify, under penalty of perjury, that the bidder qualifies as a local business. The preference is waived if the certification does not appear on the bid.

(c) Council may by ordinance establish a "design build process" which may be utilized in lieu of a competitive bid process as required by this section for construction of any public work of improvement.

(d) To be valid hereunder, any contract with the city for property, goods, services, materials, supplies, equipment or work shall be in writing and approved as to form by the City Attorney.

(e) The city shall not be subject to the California Public Contract Code, in whole or in part, unless Council agrees by ordinance.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)
(Amendment ratified 1979 General Municipal Election, March 6, 1979.)
(Amendment ratified 1988 General Election, November 8, 1988.)
(Amendment ratified 1992 General Election, November 3, 1992.)
(Amendment ratified 1996 Primary Election, March 26, 1996.)
(Amendment ratified 2002 Consolidated Direct Primary Election, March 5, 2002.)
(Amendment ratified 2016 General Election, November 8, 2016.)

SEC. 1209. CASH BASIS FUND. The Council may maintain a revolving fund, to be known as the "Cash Basis Fund", for the purpose of placing the payment of the running expenses of the City on a cash basis when so maintained. A reserve shall be built up in this fund from any available sources in an amount which the Council deems sufficient with which to meet all lawful demands against the city for the first five months, or other necessary period, of the succeeding fiscal year prior to the receipt of ad valorem tax revenues. Transfers may be made by the Council from such fund to any other fund or funds of such sum or sums as may be required for the purpose of placing such funds, as nearly as possible, on a cash basis. All moneys so transferred from the Cash Basis Fund shall be returned thereto before the end of the fiscal year.

SEC. 1210. TEMPORARY LOANS. Money may be borrowed in anticipation of the receipts from taxes during any fiscal year, by the issue of notes, certificates of indebtedness or revenue bonds; but the aggregate amount of such loans at any time outstanding shall not exceed twenty-five percent of the receipts from taxes during the preceding fiscal year; and all such loans shall be paid out of the receipts from taxes for the fiscal year in which they are issued.

SEC. 1211. CAPITAL OUTLAYS FUND. A fund for capital outlays, generally is hereby created, to be known as the "Capital Outlays Fund". The Council may create by ordinance a special fund or funds for a special capital outlay purpose. The Council may levy and collect taxes for capital outlays and may include in the annual tax levy a levy for such purposes in which event it must apportion and appropriate to any such fund or funds the moneys derived from such levy; provided, however, that the tax rate for capital outlay purposes does not exceed twenty cents (20¢) in any one year.

Once created, such fund shall remain inviolate for the purpose for which it was created; if for capital outlays generally, then for any such purposes, and if for a special capital outlay, then for such purpose only, unless the use of such fund for some other purpose is authorized by the affirmative votes of a majority of the electors voting on such proposition at a general or special election at which such proposition is submitted.

If the purpose for which any capital outlay fund has been created has been accomplished, the Council may transfer any unexpended or unencumbered surplus remaining in such fund to the fund for capital outlays generally, established by this Charter.

SEC. 1212. POLICY FOR RESERVE MANAGEMENT. The Council shall establish a specific reserve management policy to control future spending, enhance the City's credit rating, and establish reserve policies to meet the City's debt obligations. An affirmative vote of at least five members of the Council shall be required for amendment to the policy.

The Council shall establish a fund known as the "Unappropriated Reserve Fund" for the purpose of meeting unforeseen contingencies and emergencies of the City for such amount as established by the Council. Said fund shall remain intact except by the affirmative vote of at least five members of the Council with a statement declaring the reason for its use.
(Amendment ratified 2012 General Municipal Election, 11-6-12.)

SEC. 1213. BONDED DEBT LIMIT. The City shall not incur indebtedness evidenced by general obligation bonds which shall in the aggregate exceed the sum of twenty percent of the total assessed valuation for purposes of City taxation of all the real and personal property within the City, exclusive of any indebtedness that has been or may hereafter be incurred for

the purposes of acquiring, constructing, extending, or maintaining municipal utilities for which purpose a further indebtedness may be incurred by the issuance of bonds, subject only to the provisions of the State Constitution and of this Charter.

No bonded indebtedness which shall constitute a general obligation of the City may be created unless authorized by the affirmative votes of a majority of the electors voting on such proposition at any election at which the question is submitted to the electors and unless in substantial compliance with the provisions of the State Constitution and of this Charter.
(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130; filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)

SEC. 1214. POLICY FOR DEBT MANAGEMENT. The Council shall establish a debt management policy for the purpose of issuing and managing the City's debt consistent with sound financial management practices. The Controller shall certify prior to each issuance decision the specific funding source(s) for the repayment of the debt and the reliability of the funding for the life of the debt. An affirmative vote of at least five members of the Council shall be required to amend the debt management policy, or to authorize debt other than as a part of the adoption of the annual budget.
(Amendment ratified 2012 General Municipal Election, 11-6-12.)

SEC. 1215. POLICY FOR COMPREHENSIVE REVIEW OF APPLICATIONS FOR CITY FINANCIAL ASSISTANCE. The Council shall establish a policy regarding the procedures and scope for conducting a due diligence process for any proposed project that includes a request for direct or indirect financial assistance, including extensions(s) or renewals(s) of assistance, but excluding City requests for proposal(s), that exceeds one million dollars ($1,000,000). The due diligence process shall include any material financial, legal, business, legislative, and regulatory issues associated with the proposed project. Any amendments to the policy describing this due diligence process or approval of a proposed project that requires this due diligence process shall require an affirmative vote of at least five members of the Council.
(Amendment ratified 2012 General Municipal Election, 11-6-12.)

SEC. 1216. INDEPENDENT AUDIT. The Council shall employ at the beginning of each fiscal year a public accountant who shall, at such time or times as may be specified by the Council, and at such other times as he shall determine, examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and of all such other officers, employees or departments as the Council may direct. As soon as practicable after the end of the fiscal year, a final audit and report shall be submitted by such accountant to the Council, one copy thereof to be distributed to each member, one to the Chief Administrative Officer, Controller, Treasurer, and City Attorney, respectively, and three additional copies to be placed on file in the office of the City Clerk where they shall be available for inspection by the general public.

SEC. 1217. REGISTERING WARRANTS. Warrants on the City Treasurer which are not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of their registration when funds therefor are available and shall bear interest from the date of registration at such rate as shall be fixed by the Council by resolution.

SEC. 1218. MUNICIPALLY OWNED UTILITIES. The Council through the Chief Administrative Officer shall endeavor to make each municipally owned utility financially self-sustaining. After providing for depreciation reserves and amortization of general obligation and revenue bonds issued for such utility and for reasonable accumulation of reserves for improvement and expansion, and for deposits into special funds created to secure revenue bonds issued for such utility, each utility shall apply all annual profits thereafter remaining to rate reductions, subject to any limitations on the application of such profits or on rate reductions contained in any resolution of the Council relating to the issuance of revenue bonds for such utility. No municipally owned utility shall be operated for the benefit of other municipal functions nor be used directly or indirectly as a general revenue-producing agency for the City, but may pay to the City such amounts of money, in lieu of property and other taxes normally placed upon private business enterprises, as the Council may provide by ordinance and may also pay to the City for any lawful purpose such amounts of surplus annual profits as may be permitted by the provisions of any resolution of the Council relating to the issuance of revenue bonds.

SEC. 1219. OFF-STREET VEHICULAR PARKING. That the City of Fresno, in addition to all other powers elsewhere enumerated in this Charter, shall have the power to acquire (whether by purchase, lease, eminent domain or otherwise) construct, establish, improve,

extend, maintain, operate, administer, lease, sublease and let off-street vehicular parking facilities and places within the City of Fresno in order to relieve traffic congestion and promote the welfare of the citizens and inhabitants thereof.

Without limiting the generality of the next preceding paragraph, the City shall have the power:

(a) To acquire lands and property and rights-of-way necessary and convenient for use as parking places;

(b) To acquire lands and property and rights-of-way necessary and convenient for the opening, widening, straightening and extending of streets or alleys necessary or convenient for ingress or egress from any parking place herein established;

(c) To acquire by condemnation, purchase, or gift any property or any interest therein. Any lands or property necessary or convenient for off-street vehicular parking places may be acquired in fee simple by condemnation or otherwise;

(d) To improve any lands acquired by the construction thereon of garages or other buildings or improvements necessary or convenient for off-street vehicular parking purposes;

(e) To collect fees or charges to pay all or any part of purchasing, improving, repairing or operating off-street vehicular parking. To establish and regulate rates and charges for all services provided the users of such facilities;

(f) To establish funds for such system or systems and place limitations upon the use of moneys therefrom;

(g) To establish off-street vehicular parking places only within the City of Fresno;

(h) To make all necessary rules and regulations regarding the operation and maintenance of off-street vehicular parking facilities;

(i) To issue revenue bonds and refunding revenue bonds for the purchase, acquisition, construction, improvement, operation and maintenance of any and all off-street vehicular parking facilities so acquired and to evidence such obligation for payment, discharge and retirement of the cost of such facilities, improvements and projects by the issuance of revenue bonds therefor, including refunding revenue bonds, in negotiable or non-negotiable form and payable solely out of the revenue derived from the operation, and control of such off-street vehicular parking facilities, in accordance with the procedure established by Section 1222 of this Charter;

(j) To bind, allocate, pledge and authorize payment of all or any part of the net revenues collected from the establishment and operation of parking meters within this city for periods of years for the payment of operation and maintenance costs of such off-street vehicular parking facilities and principal and interest on all revenue bonds issued and outstanding, until all of such bonds have been fully paid;

(k) To do any and all acts or things necessary or appropriate to carry out the purpose of this section.

SEC. 1220. AIRPORT FACILITIES. The City of Fresno shall have the power to acquire (whether by lease, purchase, eminent domain or otherwise), construct, establish, improve, extend, maintain, operate, administer, lease, sub-lease and let airport facilities, including but not limited to runways, hangars, warehouses, buildings for the repair or manufacture of airplanes or airplane parts, control towers, traffic control devices and administration facilities within or without the City of Fresno to promote and facilitate air traffic and promote the welfare of the citizens and inhabitants thereof.

Without limiting the generality of the next preceding paragraph, the City shall have the power:

(a) To acquire lands and property and rights-of-way necessary and convenient for use for airport purposes;

(b) To acquire by condemnation, purchase, or gift any property or any interest therein;

(c) To improve any lands acquired by the construction thereon of runways, hangars, warehouses, buildings for the repair or manufacture of airplanes or airplane parts, or other buildings or improvements necessary or convenient for airport purposes;

(d) To collect fees, rentals or charges to pay all or any part of purchasing, improving, repairing or operating airport facilities; to establish and regulate rentals, rates and charges for all services provided the users of such facilities;

(e) To establish funds for any or all such facilities and place limitations upon the uses of the money therefrom;

(f) To make all necessary rules and regulations regarding the operation and maintenance of airport facilities or properties;

(g) To issue revenue bonds and refunding revenue bonds for the purchase, acquisition, construction, improvement, extension, operation or maintenance of any and all airport facilities so acquired and to evidence such obligation for payment, discharge and retirement of the cost of such facilities, improvements and projects by the issuance of revenue bonds therefor, including refunding revenue bonds, in negotiable or non-negotiable form and payable solely out of the revenue derived from the operation, control or leasing of such airport facilities or properties or any part thereof, in accordance with the procedure established by Section 1222 of this Charter;

(h) To bind, allocate, pledge and authorize payment of all or any part of the gross revenues collected from airport operations or from lands owned or held for airport purposes of every kind and nature for periods of years, for the payment of operation and maintenance costs of such airport facilities and principal and interest on all revenue bonds or refunding revenue bonds issued and outstanding until all such bonds have been fully paid;

(i) To do any and all acts or things necessary or appropriate to carry out the purposes of this section.

SEC. 1221. OTHER REVENUE-PRODUCING UTILITIES. The City of Fresno shall have power to acquire (whether by lease, purchase, eminent domain or otherwise), construct, establish, improve, extend, maintain, operate, administer, lease, sublease and sublet any revenue-producing utility, including any and all improvements, buildings, systems, plants, works, facilities or undertakings used or useful in

(i) the obtaining, conserving, treating, and supplying of water for domestic use, irrigation, sanitation, industrial use, fire protection, recreation, or any other public or private uses;

(ii) the collection, treatment or disposal of garbage or other solid waste matter;

(iii) the collection, treatment or disposal of sewage, liquid industrial waste matter, or waste or storm water, including drainage.

Each such utility shall include all parts thereof, whether now in existence or hereafter constructed or acquired, and all improvements and extensions thereof hereafter acquired, and all lands, easements, rights-of-way, water rights, licenses, franchises, equipment, improvements or facilities whatsoever appurtenant or relating thereto, within or without the City of Fresno to promote the welfare of the citizens and inhabitants thereof.

Without limiting the generality of the next preceding paragraph, the City shall have power:

(a) To acquire lands and property and rights-of-way and any rights, licenses or franchises necessary or convenient for use for a revenue-producing utility;

(b) To acquire by condemnation, purchase or gift any property or interest therein;

(c) To improve any lands acquired by any construction necessary or convenient for the purposes of any such utility;

(d) To collect fees, rentals or charges to pay all or any part of purchasing, improving, or operating any such utility; and to establish and regulate rentals, rates and charges for all services provided the users of any such utility;

(e) To establish funds for any such utility and place limitations upon the uses of the money therefrom;

(f) To make all necessary rules and regulations regarding the use, operation and maintenance of any such utility;

(g) To issue revenue bonds and refunding revenue bonds for the purchase, acquisition, construction, improvement, extension, operation or maintenance of any such utility and to evidence such obligation for payment, discharge and retirement of the cost of such facilities, improvements and projects by the issuance of revenue bonds therefor, including refunding revenue bonds, in negotiable or non-negotiable form and payable solely out of the revenue derived from the operation, control or leasing of all or any part of any such utility, in accordance with the procedure established by Section 1222 of this Charter;

(h) To bind, allocate, pledge and authorize payment of all or any part of the gross revenues of any such utility or of any improvement or extension thereof for periods of years,

for the payment of operation and maintenance costs of such utility and principal and interest on all revenue bonds or refunding revenue bonds issued and outstanding until all such bonds have been fully paid;

(i) To do any and all acts or things necessary or appropriate to carry out the purposes of this section.

SEC. 1222. REVENUE BONDS.

(a) Revenue bonds may be authorized by the Council of the City of Fresno by resolution of five affirmative votes of the Council at a duly assembled meeting. All such revenue bonds so issued shall contain a recital on their face that neither the payment of the principal of or interest thereon constitutes a debt, liability, or obligation of the City of Fresno, except as provided in this section. All such revenue bonds shall be payable either

(1) exclusively from the revenues derived from the operation of off-street vehicular parking facilities and revenues from parking meters, or such specific portions thereof as may be allocated and pledged to the payment of such revenue bonds; or

(2) exclusively from the revenues derived from the operation of airport facilities or properties, or such specific portions thereof as may be allocated and pledged to the payment of such revenue bonds; or

(3) exclusively from the revenues derived from the operation of any revenue-producing utility referred to in Section 1221 of this Charter, or such specific portions thereof as may be allocated and pledged to the payment of such revenue bonds, in accordance with the terms of the resolution under which said revenue bonds are authorized to be issued.

Reference on the face of such revenue bonds to such resolution by its date of adoption shall be sufficient to incorporate all of the provisions thereof into the body of said revenue bonds and their appurtenant coupons. Each taker and subsequent holder of said revenue bonds or coupons, whether such coupons are attached to or detached from said revenue bonds, shall have recourse to all of the provisions of such resolution and shall be bound thereby.

(b) The Council of the City of Fresno shall have power and is hereby authorized:

(1) To fix the aggregate principal amount of all revenue bonds which may from time to time be issued for any purpose authorized by this section; to prescribe the purpose or purposes for which the same may be issued and to provide for the issuance of additional bonds and the security therefor;

(2) To prescribe the form and denomination of the revenue bonds and the terms and conditions upon which the same shall be issued, paid, and retired. Revenue bonds may be issued in one or more series; may bear such date or dates; may mature at such time or times not exceeding forty years from their respective dates (provided that if any authorized issue of revenue bonds is divided into two or more series or divisions, the maximum maturity date of each such series or division shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue); may be in the form of serial bonds

or sinking fund bonds with serial of term maturities; may bear interest at a rate or rates not exceeding nine percent per annum, payable annually or semi-annually; may be in such denomination or denominations and in such form, either coupon or registered; may carry such registration or conversion privileges; may be executed in such manner may be payable in such medium of payment and at such place or places within or without the State of California; may be subject to such terms of redemption with or without premium; may be subject to call or redemption prior to their fixed maturity date, provided the right to exercise such call is expressly stated on the face of the bonds; all as provided in such resolution or resolutions of said Council; provided further, that all revenue bonds maturing subsequent to five years from their date may be issued as callable bonds, subject to redemption at the option of the City upon such terms as the Council shall determine;

(3) To provide, in and by the resolution or resolutions authorizing the issuance, the terms and conditions upon which all such revenue bonds issued thereunder may be declared or become due and payable in the event of said defaults, if any, as may be specified in said resolution; may also provide for the replacement of mutilated, destroyed, stolen, or lost bonds;

(4) To provide in and by such resolution for the authentication and execution of revenue bonds by manual, lithographed, or mechanically reproduced facsimile signatures of any officers of the Council and also to provide for additional authentication of such revenue bonds by any trustee or fiscal agent appointed by said Council. If any of the officers whose signatures on bonds or coupons cease to be officers before the delivery of said revenue bonds or coupons to the purchasers thereof, their signatures or countersignatures shall nevertheless be valid and of the same force and effect as if such officers had remained in office until the delivery of the revenue bonds and coupons;

(5) To provide by resolution, pending the preparation of the definitive bonds, for the issuance of interim receipts or temporary bonds exchangeable for definitive bonds when such definitive bonds are ready for delivery in such form and with such provisions as may be provided in said resolution, and further to provide that notwithstanding the form or tenor of such interim receipts or temporary bonds that such interim receipts, temporary bonds, and also all revenue bonds shall at all times be, and be treated as, negotiable instruments for all purposes;

(6) To provide that the proceeds of the sale of said revenue bonds shall be applied to the payment of all costs and expenses to be incurred in connection with the issuance of said bonds, including fiscal agents, and legal expenses, working capital and interest, which it is estimated will accrue during the construction period and for not exceeding six months thereafter on money borrowed or which it is estimated will be borrowed through the issuance of such revenue bonds.

(c) Revenue bonds authorized hereby may be sold by the Council from time to time in such manner as the Council may determine and at a price below the par value thereof; provided that

the maximum net interest cost on revenue bonds sold below par or face value shall not exceed an average of nine percent per annum, payable annually or semiannually, to the respective maturity dates of said revenue bonds as determined by standard tables of bond values.

(d) The Council shall have authority to provide for the issuance, sale, or exchange of refunding revenue bonds for the purpose of redeeming, retiring, or refunding any revenue bonds issued under this Charter subject to any limitations contained in the resolution providing for the issuance of such revenue bonds. All provisions of this section applicable to the issuance of revenue bonds are hereby made applicable to the issuance of refunding bonds and to the sale or exchange thereof. Refunding revenue bonds may be issued in the principal amount sufficient to provide funds for the payment of all revenue bonds to be refunded thereby and in addition for the payment of all expenses incident to the calling, retiring, or paying of such outstanding revenue bonds in the issuance of such refunding bonds. Such expenses may include any amount necessary to be made available for the payment of interest upon such refunding bonds from the date of sale thereof to the date of payment of the revenue bonds to be refunded and also the premium, if any, necessary to be paid in order to call and retire the outstanding revenue bonds and the interest accruing thereon to the call date.

(e) All revenue bonds issued by the Council shall be secured by a lien upon the gross revenue of the project for the acquisition, construction and completion of which said revenue bonds are to be issued, and

(1) In the case of revenue bonds for off-street vehicular parking facilities, revenues from parking meters, as shall be more fully described in the resolution of the Council authorizing the issuance of said bonds, and said Council shall have power in and by such resolution to pledge and assign as security for such revenue bonds all or any part of the gross revenues of any project for the acquisition or construction of which said revenue bonds are to be issued, including revenues from improvements and extensions thereof thereafter constructed or acquired, as well as the revenues of existing off-street vehicular parking project operated or controlled by said City of Fresno and also any sums allocated by the Council from the operation of parking meters to the revenue bond fund for payment of expenses, principal, and interest of the revenue bonds; or

(2) In the case of revenue bonds for airport facilities, revenues of any existing airport facilities or properties operated or controlled by the City of Fresno and of any improvements and extensions thereof thereafter constructed or acquired as shall be more fully described in the resolution of the Council authorizing the issuance of said bonds, said Council shall have power in and by such resolution to pledge and assign as security for such revenue bonds all or any part of the gross revenues of any project for the acquisition or construction of which said revenue bonds are to be issued, including revenues from improvements and extensions thereof thereafter constructed or acquired, and also any sums allocated by the Council from the gross revenues collected from any existing airport facilities or properties, including revenues from improvements and extensions thereof thereafter constructed or acquired, to the revenue bond fund for payment of expenses, or for the payment or security of the principal of and interest on the revenue bonds; or

(3) In the case of revenue bonds for any other revenue-producing utility, revenues of any existing portion or portions of such utility operated or controlled by the City of Fresno and of any improvements or extensions thereof thereafter constructed or acquired as shall be more fully described in the resolution of the Council authorizing the issuance of said bonds, and said Council shall have power in and by such resolution to pledge and assign as security for such revenue bonds all or any part of the gross revenues of any project for the acquisition or construction of which said revenue bonds are to be issued, including revenues from improvements and extensions thereof constructed or acquired, and also any sums allocated by the Council from the gross revenues collected from any existing portion or portions of such utility, including revenues from improvements and extensions thereof thereafter constructed or acquired, to the revenue bond fund for payment of expenses, or for the payment or security of the principal of and interest on the revenue bonds.

Sums required to meet the payment of interest on and principal of revenue bonds issued under this Charter shall be secured by a first, direct, and exclusive charge and lien upon all revenues described in the resolution authorizing the issuance of such revenue bonds and upon all sinking funds, reserve funds, or redemption funds created for the further security of said revenue bonds and the income therefrom, and all such revenues and funds and the income therefrom shall constitute a trust fund for the security and payment of such revenue bonds and shall not be used for any other purpose as long as such bonds, or any of them, and the interest thereon are outstanding and unpaid, except that in the resolution providing for the issuance of said revenue bonds, there may be apportioned, so long as the interest on and principal of such revenue bonds is paid as the same becomes due and payable, together with all other charges required by such resolution for the protection of or better securing of such revenue bonds, such sums as may be specified in such resolution for the payment of maintenance and operating costs of such projects and of any existing facilities or utility the revenues of which are pledged and assigned as security for such revenue bonds, or for any other lawful purpose of the City of Fresno, but only to the extent specified and described in said resolution.

(f) Any resolution of the Council providing for the issuance of revenue bonds may also, in addition to all other appropriate agreements deemed necessary or advisable by the Council, contain such covenants and agreements as it deems necessary or advisable for the better security of the revenue bonds issued thereunder. The Council is hereby authorized and empowered in and by the terms of any such resolution to covenant and agree with the holders of any of said revenue bonds so long as the same shall be outstanding as follows:

(1) That the proceeds of the sale of said revenue bonds shall be deposited in a fund separate and apart from all other funds of the City of Fresno and shall be applied solely and exclusively to the object and purpose for which said revenue bonds are herein authorized to be issued and that any proceeds remaining unexpended after the object and purpose for which said revenue bonds are authorized to be issued shall have been completed shall be applied to the payment of principal and interest of such revenue bonds and that none of said moneys shall be transferred to any other fund of the City of Fresno or used for any purpose other than as specified in said resolution;

(2) That the City of Fresno shall operate or cause to be operated, all projects and properties acquired from the proceeds of the sale of said revenue bonds continuously so long as said revenue bonds are outstanding in an efficient manner and in good working order and condition, and will make all needful and necessary repairs, improvements, and replacements;

(3) That the Council will establish and maintain reasonable rentals, rates, tolls, and/or charges for all properties maintained, owned, operated, leased, or controlled by it (including parking meters in the case of off-street parking projects), or acquired from the proceeds of the sale of revenue bonds and that such rentals, rates, tolls, and/or charges shall at all times be adequate to yield annual revenue equal to all redemption payments and interest charges on said revenue bonds as the same fall due, together with such additional sums as may be required for any sinking fund, reserve fund, or any other special fund provided for the security of revenue bonds or for any maintenance and operation, depreciation, reserve fund, or other charges in connection with the operation of any properties of the City of Fresno, and further that such rentals, rates, tolls, and/or charges shall not be reduced below an amount sufficient to provide funds to meet all obligations set forth in the resolution authorizing the issuance of such revenue bonds. No person shall be permitted to use or operate any of the facilities or properties of the City of Fresno or to make use thereof, except upon payment of the regularly established charge therefor, except only, as may be provided in the resolution authorizing the issuance of such revenue bonds, in the case of firemen, policemen, and other essential public employees, to be specifically set forth in such resolution. All such rentals, rates, tolls, and/or charges shall be paid only in such coin or currency as on the date of payment is legal payment for public or private debts, or in scrip or tokens issued only upon payment of the face value of such coin or currency. Any agreement contained in said resolution with respect to such rentals, rates, tolls, and/or charges shall be binding upon the City of Fresno and upon its officers, departments, and boards thereof;

(4) That accurate books and records of account showing all revenues received from the operation of all properties by the City of Fresno, and all expenditures thereof, will be kept and provided, and that all books and records of the City of Fresno pertaining to the operation of such off-street vehicular parking places or airport facilities or other revenue-producing utility shall be open at all times during business hours to the inspection of the holders of one or more of the revenue bonds, or of any percentage of such holders or their duly authorized representatives as may be provided in such resolution. That annual or other periodic statements of the condition of all such off-street vehicular parking properties or airport facilities or other revenue-producing utility operated by the City of Fresno will be furnished to the holders of such revenue bonds and that summaries thereof will be published at least annually in the official newspaper of the City of Fresno. The resolution providing for the issuance of revenue bonds may also provide that the books and records of the City of Fresno pertaining to the operation of such off-street vehicular parking places or airport facilities or other revenue-producing utility shall be audited by independent public accountants in such manner and under such circumstances as may be set forth in the resolution;

(5) That no part of the said properties in the City of Fresno shall be sold, leased, mortgaged, or otherwise encumbered or disposed of except upon such terms and conditions as may be defined in said resolution and that if any part of the properties of the City of Fresno shall be taken by eminent domain or other proceedings authorized by law, the proceeds therefrom shall be applied to the replacement of properties of like kind and character or to the payment and retirement of revenue bonds, or as may be set forth in said resolution;

(6) That said resolution may contain such other terms and conditions with respect to the payment of the bonds, the operation of said off-street vehicular parking facilities or airport facilities or other revenue-producing utility and properties by the City of Fresno, payment of claims, or the obtaining of insurance of any kind or character on any of said properties of the City of Fresno and the payment of the premium therefor, events of default and the rights of the holders of revenue bonds in the event thereof, the procedure under which the terms and conditions of the revenue bonds and of the resolution authorizing the issuance thereof may be amended at a meeting of the bondholders or by written assent of bondholders without a meeting and the manner in which such consent of the bondholders may be given, either with or without a meeting, and the effect of such an amendment or modification upon the rights of all holders of the bonds and coupons and also all other agreements deemed necessary or desirable in order to secure said revenue bonds or to make the same more marketable.

(g) The validity of any revenue bonds issued by the Council of the City of Fresno shall not be dependent on or affected in any way by any proceedings taken by the City of Fresno for acquisition, construction, or completion of any properties or projects for which said bonds are to be issued or any contracts made in connection with the acquisition, construction, or operation of any such properties. Said revenue bonds shall be incontestable and shall by their issuance and delivery conclusively establish the due performance of all conditions precedent to their issue.

(h) The City of Fresno may, at any time after the adoption of a resolution providing for the issuance of any revenue bonds under this Charter and prior to the actual delivery of such bonds to any purchaser thereof, bring an action in the Superior Court of Fresno County to determine the validity of any such bonds. Such action shall be in the nature of a proceeding *in rem*. The jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in some newspaper of general circulation published in Fresno County, such newspaper to be designated by the Judge of the Court having jurisdiction of the proceedings. The jurisdiction shall be completed within ten days after publication of the summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten days appear and by proper proceedings contest the validity of such revenue bonds. Such action shall be speedily tried and judgment rendered declaring the bonds either valid or invalid. Either party shall have the right to appeal to the Supreme Court of the State of California at any time within thirty days after the entry of such judgment and such appeal shall be heard and determined by said Court within three months from the time of submission thereof to said Court.

(i) The provisions of this section constitute full and complete authority for the issuance of revenue bonds as herein provided by the Council of the City of Fresno and no other procedure or proceedings, consents, approvals, orders, or permission from any municipal officer or a board of the City of Fresno shall be required for the acquisition, construction, or completion of any properties or the issuance of any revenue bonds except as specifically provided in Section 1219, 1220, or 1221 of this Charter. The powers and authorities conferred by said sections of this Charter are in addition to and supplemental to all other powers and authorities conferred upon the City of Fresno. The method provided in said sections for the acquisition of properties and the issuance of revenue bonds shall be deemed an additional method for acquiring such properties and providing funds therefor, provided that the City of Fresno may, in its discretion, acquire any properties of a like or similar nature and issue general obligation bonds of the City of Fresno therefor, but subject to the conditions that the City of Fresno shall not, while any revenue bonds are issued or outstanding, acquire, construct, or complete any competing projects or properties similar to those maintained or operated through the issuance of revenue bonds by the Council. Revenue bonds issued under this Charter shall not be taken into consideration in determining the bonded indebtedness which the City of Fresno is authorized to incur pursuant to Section 1213 of this Charter.

(Amendment ratified 1971 General Municipal Election; approved, Assembly Concurrent Resolution No. 130, filed with Secretary of State on June 18, 1971, Res. Ch. 77, Stat. 1971.)

SEC. 1223. REVENUE BONDS. Notwithstanding anything contained in the preceding Sections 1218 to 1222, the Council may issue revenue bonds for any lawful purpose, in such manner and upon such terms and conditions as it may fix and establish by the provisions of a procedural ordinance. Such bonds shall be payable only out of revenues specified by the Council and shall not constitute an indebtedness of the City. This section shall be deemed to provide a complete, additional and alternative method for doing the things authorized by such preceding sections, and shall be regarded as supplemental and additional to the powers conferred thereby or by other laws.

(Amendment ratified 1981 Municipal Election, March 3, 1981.)

SEC. 1224. PROHIBITION ON TAXING UTILITIES USERS. The city shall not tax any person for using any utility service, including but not limited to, intrastate telephone communication service, gas delivered through mains or pipes, and electrical energy. This prohibition shall take effect for the tax year beginning on July 1, following the passage of this amendment and shall also apply to each fiscal year thereafter.

(Amendment ratified 1981 Municipal Election, March 3, 1981.)

SEC. 1225. WATER METERS PROHIBITED. The City shall not, directly or indirectly (1) install or require the installation of water meters at single-family housing units; (2) bill or otherwise levy charges for single-family residential water consumption at a metered rate; or (3) charge the property owner or tenant for the cost of installing, maintaining, or removing residential water meters from single-family residents.

(Amendment ratified 1992 General Election, November 3, 1992.)

ARTICLE XIII FRANCHISES

SEC. 1300. GRANTING OF FRANCHISES. Any person, firm or corporation furnishing the City or its inhabitants with transportation communication, terminal facilities, water, light, heat, electricity, gas, power, refrigeration, storage or any other public utility or service, or using the public streets, ways, alleys or places for operation of plants, works or equipment for the furnishing thereof, or traversing any portion of the City for the transmitting or conveying of any such service elsewhere, may be required by ordinance to have a valid and existing franchise therefor. The Council is empowered to grant such franchise to any person, firm, corporation, whether operating under an existing franchise or not, and to prescribe the terms and conditions of any such grant. It may also provide, by procedural ordinance, the method of procedure and additional terms and conditions of such grants, or the making thereof, all subject to the provisions of this Charter.

Nothing in this section, or elsewhere in this article, shall apply to the City, or to any department thereof, when furnishing any such utility or service.

SEC. 1301. RESOLUTION OF INTENTION. NOTICE AND PUBLIC HEARING. Before granting any franchise, the Council shall pass a resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour and place when and where any persons having any interest therein or any objection to the granting thereof may appear before the Council and be heard thereon. It shall direct the City Clerk to publish said resolution at least once, within fifteen days of the passage thereof, in a newspaper of general circulation within the City. Said notice shall be published at least ten days prior to the date of the hearing.

At the time set for the hearing, or at any adjournment thereof, the Council shall proceed to hear and pass upon all protests and its decision thereon shall be final and conclusive. Thereafter it may by ordinance grant the franchise on the terms and conditions specified in the resolution of intention to grant the same, subject to the right of referendum of the people, or it may deny the same. If the Council shall determine that changes should be made in the terms and conditions upon which the franchise is proposed to be granted, a new resolution of intention shall be adopted and like proceedings had thereon.

SEC. 1302. TERM OF FRANCHISE. Every franchise shall state the term for which it is granted, which shall not exceed fifty years.

SEC. 1303. EMINENT DOMAIN. No franchise grant shall in any way, or to any extent, impair or affect the right of the city to acquire the property of the grantee thereof either by

purchase or through the exercise of the right of eminent domain, and nothing therein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the city's right of eminent domain with respect to any public utility.

SEC. 1304. RAILROAD CORPORATIONS. In respect of a railroad corporation, as such term is used in Section 7555 of the Public Utilities Code of California, the term "franchise" as used in this article includes "franchise or permit" as used in said Section 7555.

ARTICLE XIV ELECTIONS

SEC. 1400. DIRECT PRIMARY AND GENERAL MUNICIPAL ELECTIONS.

(a) Beginning in 1996, direct primary elections for the nomination of candidates to be voted for at the ensuing general municipal election and for such other purposes as the Council may prescribe shall be held in the City on same date as the statewide direct primary election as provided in the Elections Code of the State of California. If any candidate for a particular office receives a majority of all votes cast for a particular office, that candidate shall be declared elected and no general municipal election shall be held for that office.

(b) Beginning in 1996, general municipal elections for the election of officers and for such other purposes as the Council may prescribe shall be held in the City on the same date as the statewide general election as provided in the Elections Code of the State of California. Notwithstanding subsections 1400(a) and (b), the Council may by ordinance or resolution provide for such elections to be held within thirty-one days of either of such dates for the purpose of consolidation with any election to be conducted in the County of Fresno, State of California.

(Amendments ratified 1965 General Municipal Election; approved, Assembly Concurrent Resolution No. 112, filed with Secretary of State on May 20, 1965, Ch. 96, Stat. 1965.)
(Amendment ratified 1975 General Municipal Election.)
(Amendment ratified 1980 Special Municipal Election, June 3, 1980.)
(Amendment ratified 1996 Primary Election, March 26, 1996.)

SEC. 1401. SPECIAL MUNICIPAL ELECTIONS. All other municipal elections that may be held by authority of this Charter, or of any law, shall be known as special municipal election.

A special municipal election shall be held for the election of the first Mayor and first Councilmen under this Charter on the second Tuesday in April following the filing of the concurrent resolution of the Legislature approving this Charter with Secretary of State.

SEC. 1402. PROCEDURE FOR HOLDING ELECTIONS. Unless otherwise provided by ordinance hereafter enacted, all elections shall be held in accordance with the provisions of the Elections Code of the State of California, as the same now exist or hereafter may be amended, for the holding of elections in general law cities so far as the same are not in conflict with this Charter.

SEC. 1403. INITIATIVE, REFERENDUM AND RECALL.

There are hereby reserved to the electors of the city the powers of initiative and referendum and of the recall of municipal elective officers. The provisions of the Elections Code of the State of California, as the same now exist or hereafter may be amended, governing the initiative and referendum and the recall of municipal officers, shall apply to the use thereof in the City so far as such provisions of the Elections Code are not in conflict with the provisions of this Charter.

SEC. 1404. BALLOT MEASURES.

Any measure submitted to the voters at a municipal election shall be worded so that a "yes" vote indicates approval of the measure proposed and a "no" vote indicates disapproval.
(Amendment ratified 1993 Primary Election, March 2, 1993.)

ARTICLE XV GENERAL PROVISIONS

SEC. 1500. VALIDITY OF CHARTER.

If any provision of this Charter, or the application thereof to any person or circumstance is held invalid, the remainder of the Charter, and the application of such provisions to other persons or circumstances, shall not be affected thereby.

SEC. 1501. DEFINITIONS.

Unless the provision or the context otherwise requires, as used in this Charter:

(a) "Shall" is mandatory, and "may" is permissive;

(b) "City" is the City of Fresno, and "department", "board", "commission", "agency", "officer", or "employee", is a department, board, commission, agency, officer or employee, as the case may be, of the City of Fresno;

(c) "County" is the County of Fresno;

(d) "State" is the State of California;

(e) "Council" is the City Council of the City of Fresno;

(f) A "Councilmember" means any one of the seven members of the Council.

(g) *Reserved.*

(h) "Newspaper of general circulation within the city" is as defined by Section 6000 of the Government Code of the State of California.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 1502. VIOLATIONS.

The violation of any provision of this Charter shall be deemed a misdemeanor and be punishable upon conviction by a fine of not exceeding one thousand dollars ($1000) or by imprisonment for a term of not exceeding one year, or by both such fine and imprisonment.

SEC. 1503. IMPLEMENTATION OF COUNCIL-MAYOR FORM OF GOVERNMENT.

The Mayor-Council form of government shall become operative on the first Tuesday after the first Monday in January, 1997.

The Council shall redraw the current Council office boundaries no later than June 30, 1995, to add a Council office designated as Councilmember Number 7. This office shall be filled for an initial two-year term at either the direct Primary or General Municipal Election of 1996, taking office on the first Tuesday after the first Monday in January, 1997. Thereafter, terms for the office of Councilmember Number 7 shall be for four-year terms.
(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

SEC. 1504. EXPANSION OF COUNCIL MEMBERSHIP.

(a) At such time as the population of the City of Fresno reaches 650,000, the Council shall establish a public review process to consider adding two Council offices to the Council designated as Councilmember Number 8 and Councilmember Number 9. For making a determination as to whether the 650,000 population figure has been reached, the City shall utilize census data from the Demographic Research Unit of the State Department of Finance issued annually on May 1st or a similarly reliable source of population figures in the event the Demographic Research Unit no longer provides such information. Within 180 days of receipt of validated population figures evidencing this population total, the Council shall commence the public review process. Once that is completed, Council shall vote on whether to submit to the voters, a ballot measure adding two Council offices. If the measure receives a majority of votes cast, Council shall redraw the Council district boundaries, to reflect the two additional Council seats in accordance with the applicable laws.

(b) The two seats shall be initially filled in the next regular municipal election held in which City offices are filled. Both Councilmember seats 8 and 9 shall be filled at said next regular municipal election. Thereafter, Councilmember seat number 8 shall be filled in the same electoral cycle as even-numbered Council seats and Councilmember seat number 9 shall be filled in the same electorial cycle as odd-numbered Council seats. Depending on when the election cycle for filling Councilmember seat numbers 8 and 9 falls, the initial term for one of the two seats shall be a two-year term.

(c) At such time as the Councilmembers designated as Councilmember Number 8 and Councilmember Number 9 are installed in office the following provisions shall be deemed changed:

(1) All provisions in this Charter for a requirement of an "affirmative vote of at least four members of the Council" or any similar language requiring four votes shall be deemed changed to require "affirmative vote of at least five members of the Council."

(2) All provision of this Charter for a requirement of an "affirmative vote of at least five members of the Council" or any similar language requiring five votes shall be deemed changed to require "an affirmative vote of at least six members of the Council."

(Amendment ratified 1993 General Municipal Election, April 27, 1993; amendment ratified 2010 Consolidated Direct Primary Election, June 8, 2010.)

SEC. 1505. OPERATIVE DATE OF CHARTER AMENDMENTS.

The provisions of the various amendments to the Charter adopted in the May 4, 1993 ballot shall become effective as provided by law but shall be operative in accordance with the following rules which are intended to provide a smooth and efficient transition from the present municipal election cycle to an election cycle whereby municipal elections are consolidated with statewide elections held in June and November of even-numbered years and from the present Council-Manager form of government to a strong Mayor form of government to be known as Mayor-Council form of government:

(a) The amendments of Sections 303 and 1400 of the Charter as set forth in the resolution submitting the ballot measure to the voters shall be operative on and after January 1, 1994; until that date Sections 303 and 1400 as they existed on May 3, 1993, shall remain in full force and effect; on and after January 1, 1994, Sections 303 and 1400 as they existed on May 3, 1993, shall be deemed repealed, of no further force and effect and superseded by said amended sections as approved on May 4, 1993.

(b) The amendment of Sections 203, 204, 300, 302, 305, 400, 401, 500, 501, 600, 603, 605, 609, 610, 702, 703, 704, 705, 1000, 1202, 1501 of the Charter as set forth in the resolution submitting the ballot measure to the voters shall be operative on and after the first Tuesday after the first Monday in January, 1997; until that date said sections as they existed on May 3, 1993, shall remain in full force and effect; on and after January 1997, said sections as they existed on May 3, 1993, shall be deemed repealed, of no further force and effect and superseded by said amended sections as approved on May 4, 1993.

(c) Sections 609 and 610, as added to the Charter, and the repeal of Section 707 and subsection 1501(g) as set forth in the ballot measure approved by the voters in May 4, 1993 shall be operative only on and after the first Tuesday after the first Monday in January, 1997.

(d) All other amendments to the Charter adopted by the voters on May 4, 1993, shall be deemed operative on their effective date as provided by law or by their operative language.

(Amendment ratified 1993 General Municipal Election, April 27, 1993.)

87-103	(see § 3)	Rezoning
87-104	(see § 4)	Rezoning
87-105	(see § 3)	Rezoning
87-106	(see § 4)	Rezoning
87-107	(see § 3)	Rezoning
87-108	(see § 3)	Rezoning
87-109	(see § 3)	Rezoning
87-111	(see § 4)	Rezoning
87-113	(see § 4)	Rezoning
87-114	(see § 3)	Rezoning
87-115	(see § 4)	Rezoning
87-116	(see § 5)	Rezoning
87-117	(see § 4)	Rezoning
87-118	10-23-87	Amends § 3 of Ord. No. 86-81
87-119	(see § 3)	Rezoning
87-120	(see § 5)	Rezoning
87-121	10-23-87	Amends specific plan
87-122	(see § 5)	Rezoning
87-123	(see § 3)	Rezoning
87-124	(see § 5)	Rezoning
87-125	(see § 5)	Rezoning
87-126	(see § 5)	Rezoning
87-127	(see § 4)	Rezoning
87-128	(see § 5)	Rezoning
87-129	(see § 4)	Rezoning
87-130	10-30-87	Adopts amended official plan line
87-131	(see § 4)	Rezoning
87-132	(see § 5)	Rezoning
87-133	(see § 6)	Rezoning
87-134	(see § 3)	Rezoning
87-135	(see § 4)	Rezoning
87-140	(see § 4)	Rezoning
87-141	(see § 4)	Rezoning
87-142	(see § 4)	Rezoning
87-143	10-13-87	Receives distribution of parimutuel funds
87-144	(see § 5)	Rezoning
87-145	11-27-87	Designates truck routes
87-146	(see § 3)	Rezoning

Ordinance Number	Effective Date	Subject
87-147	(see § 4)	Rezoning
87-151	(see § 5)	Rezoning
87-153	12-11-87	Amends Ord. No. 87-129
87-154	(see § 3)	Rezoning
87-155	12-11-87	Authorizes tax levy for community facilities district
87-156	12-11-87	60-day suspension of Code & 12-404-K
87-157	(see § 5)	Rezoning
87-158	(see § 4)	Rezoning
87-162	(see § 4)	Rezoning
87-163	12-18-87	Amends area specific plan
87-164	(see § 5)	Rezoning
87-165	(see § 3)	Rezoning
87-166	12-25-87	Amends area specific plan
87-167	(see § 5)	Rezoning
87-168	(see § 6)	Rezoning
87-171	1- 8-88	Amends area specific plan
87-172	(see § 2)	Rezoning
87-173	1-22-88	Rezoning
87-174	(see § 5)	Rezoning
87-176	1-22-88	Rezoning
87-178	(see § 4)	Rezoning
87-180	1-22-88	Rezoning
87-181	(see § 4)	Rezoning
88-1	(see § 4)	Rezoning
88-2	2- 5-88	Amends Ord. No. 87-122
88-4	(see § 4)	Rezoning
88-7	(see § 4)	Rezoning
88-9	2-12-88	Adopts new area specific plan
88-10	(see § 5)	Rezoning
88-11	2-19-88	Rezoning
88-13	(see § 4)	Rezoning
88-15	2-26-88	Rezoning
88-16	(see § 4)	Rezoning
88-18	(see § 5)	Rezoning
88-19	(see § 6)	Rezoning
88-20	3- 4-88	Amends Ord. No. 87-94
88-21	3- 4-88	Amends Ord. No. 87-174
88-22	3- 4-88	Amends Ord. No. 87-172
88-23	3- 4-88	Amends urban renewal plan for Mariposa project

Ordinance Number	Effective Date	Subject
88-26	(see § 5)	Rezoning
88-27	(see § 4)	Rezoning

88-29	3-25-88	Rezoning
88-30	(see § 5)	Rezoning
88-33	3-25-88	Adopts official plan line
88-39	(see § 6)	Rezoning
88-40	(see § 5)	Rezoning
88-42	4- 8-88	Rezoning
88-43	(see § 4)	Rezoning
88-44	4-15-88	Amends Ord. No. 88-29
88-45	4-15-88	Amends Ord. No. 88-26
88-47	(see § 6)	Rezoning
88-48	4-15-88	Rezoning
88-49	5- 6-88	Adds tow-away zone
88-50	5- 6-88	Adds diagonal parking zone
88-51	(see § 6)	Rezoning
88-52	(see § 6)	Rezoning
88-54	(see § 9)	Rezoning
88-55	(see § 5)	Rezoning
88-56	5-20-88	Rezoning
88-57	5-20-88	Amends Ord. No. 87-142
88-58	5-20-88	Amends Ord. No. 87-50
88-59	5-20-88	Amends Ord. No. 86-126
88-60	5-20-88	Amends Ord. No. 87-67
88-63	(see § 5)	Rezoning
88-64	6- 3-88	Declares reversion of Ord. No. 85-96
88-68	(see § 6)	Rezoning
88-69	6-10-88	Amends specific plan
88-70	(see § 5)	Rezoning
88-71	6-10-88	Rezoning
88-72	(see § 6)	Rezoning
88-73	(see § 6)	Rezoning
88-74	6-24-88	Amends Exhibit L of Ord. No. 88-7
88-75	(see § 5)	Rezoning
88-77	7- 1-88	Rezoning
88-78	7- 1-88	Rezoning
88-79	7- 1-88	Rezoning
88-80	7- 8-88	Rezoning
88-81	7- 8-88	Amends Ord. No. 87-157
88-82	7-22-88	Amends Official plan lines
88-83	(see § 7)	Rezoning
88-84	7-29-88	Rezoning

Ordinance Number	Effective Date	Subject
88-85	(see § 7)	Rezoning
88-86	7-29-88	Approves development agreement
88-87	(see § 5)	Rezoning
88-88	(see § 5)	Rezoning
88-89	7-29-88	Amends specific plan
88-90	(see § 5)	Rezoning
88-91	(see § 5)	Rezoning
88-92	(see § 6)	Rezoning
88-93	8-12-88	Rezoning
88-95	(see § 6)	Rezoning
88-96	8-18-88	Adopts redevelopment plan
88-97	8-26-88	Rezoning
88-98	(see § 7)	Rezoning
88-99	8-26-88	Adds tow-away zone
88-100	8-26-88	Amends Ord. No. 88-77
88-102	8-26-88	Rezoning
88-103	9-15-88	Rezoning
88-105	9-16-88	Amends specific plan
88-106	(see § 6)	Rezoning
88-107	(see § 6)	Rezoning
88-108	9-16-88	Rezoning
88-111	(see § 5)	Rezoning
88-112	(see § 5)	Rezoning
88-113	(see § 5)	Rezoning
88-114	(see § 5)	Rezoning
88-115	10-14-88	Amends Ord. No. 87-167
88-116	10-14-88	Amends urban renewal plan
88-117	(see § 5)	Rezoning
88-118	10-14-88	Rezoning
88-119	10-14-88	Rezoning
88-120	10-21-88	Adds one-way street
88-121	10-21-88	Amends Ord. No. 62
88-122	10-28-88	Amends Ord. No. 86-121
88-124	(see § 6)	Rezoning
88-125	11- 4-88	Rezoning
88-126	11- 4-88	Amends specific plan
88-127	(see § 6)	Rezoning
88-128	11- 4-88	Adopts official plan line
88-129	11-11-88	Amends specific plan
88-130	(see § 6)	Rezoning
88-131	(see § 4)	Rezoning
88-135	(see § 7)	Rezoning
88-136	(see § 4)	Rezoning
88-137	(see § 4)	Rezoning

Ordinance Number	Effective Date	Subject
88-138	12- 9-88	Amends Ord. No. 88-15
88-140	(see § 4)	Rezoning
88-141	11- 8-88	Adopts modifications of council districts
88-142	(see § 4)	Rezoning
88-144	(see § 5)	Rezoning
88-147	(see § 4)	Rezoning
88-149	1-12-89	Repeals specific plans
88-150	(see § 8)	Rezoning
88-151	1-13-89	Amends specific plan
88-152	(see § 5)	Rezoning
88-153	(see § 6)	Rezoning

89-5	(see § 5)	Rezoning
89-6	(see § 5)	Rezoning
89-7	(see § 5)	Rezoning
89-8	(see § 4)	Rezoning
89-11	2-24-88	Repeals specific plan
89-13	(see § 7)	Rezoning
89-14	(see § 4)	Rezoning
89-23	(see § 5)	Rezoning
89-24	(see § 3)	Rezoning
89-25	(see § 3)	Rezoning
89-27	(see § 6)	Rezoning
89-28	(see § 4)	Rezoning
89-29	(see § 6)	Rezoning
89-30	(see § 5)	Rezoning
89-31	(see § 5)	Rezoning
89-32	(see § 5)	Rezoning
89-33	(see § 6)	Rezoning
89-34	(see § 5)	Rezoning
89-35	(see § 6)	Rezoning
89-36	(see § 5)	Rezoning
89-37	(see § 4)	Rezoning
89-38	(see § 4)	Rezoning
89-39	(see § 4)	Rezoning
89-40	(see § 3)	Rezoning
89-42	(see § 4)	Rezoning
89-43	5-19-89	Amends specific plan
89-44	(see § 5)	Rezoning
89-45	5-19-89	Amends specific plan
89-46	(see § 5)	Rezoning
89-47	5-19-89	Adopts plan lines
89-49	5-26-89	Adds tow-away zones

Ordinance Number	Effective Date	Subject
89-52	(see § 3)	Rezoning
89-54	(see § 4)	Rezoning
89-55	(see § 4)	Rezoning
89-56	5- 2-89	Imposes moratorium on off-site billboards
89-57	6-16-89	Amends Ord. No. 88-43
89-58	(see § 4)	Rezoning
89-59	(see § 7)	Rezoning
89-60	(see § 5)	Rezoning
89-61	(see § 3)	Rezoning
89-62	(see § 5)	Rezoning
89-63	6-30-89	Amends specific plan
89-64	(see § 4)	Rezoning
89-68	(see § 5)	Rezoning
89-69	(see § 6)	Rezoning
89-70	7- 7-89	Amends Ord. No. 88-42
89-71	(see § 4)	Rezoning
89-72	(see § 4)	Rezoning
89-78	(see § 5)	Rezoning
89-79	(see § 5)	Rezoning
89-80	(see § 5)	Rezoning
89-81	(see § 5)	Rezoning
89-82	7-21-89	Amends Ord. No. 87-21
89-83	7- 1-89	Levies property tax
89-84	(see § 3)	Rezoning
89-87	(see § 4)	Rezoning
89-88	8-18-89	Amends Ord. No. 85-103
89-89	(see § 4)	Rezoning
89-90	(see § 3)	Rezoning
89-91	(see § 4)	Rezoning
89-92	(see § 4)	Rezoning
89-93	(see § 6)	Rezoning
89-94	(see § 5)	Rezoning
89-95	9-15-89	Rezoning
89-96	9-15-89	Amends Ord. No. 88-117
89-97	(see § 4)	Rezoning
89-98	(see § 5)	Rezoning
89-99	(see § 4)	Rezoning
