PREFACE

This Code constitutes a recodification of the general and permanent ordinances of the City of Des Moines, Iowa.

Source materials used in the preparation of the Code were the 1991 Code, as supplemented through November 21, 1997, and ordinances subsequently adopted by the city council. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of the Code. By use of the comparative tables appearing in the back of this Code, the reader can locate any section of the 1991 Code, as supplemented, and any subsequent ordinance included herein.

The chapters of the Code have been conveniently arranged in alphabetical order, and the various sections within each chapter have been catchlined to facilitate usage. Notes which tie related sections of the Code together and which refer to relevant state law have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this Code.

Chapter and Section Numbering System

The chapter and section numbering system used in this Code is the same system used in many state and local government codes. Each section number consists of two parts separated by a dash. The figure before the dash refers to the chapter number, and the figure after the dash refers to the position of the section within the chapter. Thus, the second section of chapter 1 is numbered 1-2, and the first section of chapter 6 is 6-1. Under this system, each section is identified with its chapter, and at the same time new sections can be inserted in their proper place by using the decimal system for amendments. For example, if new material consisting of one section that would logically come between sections 6-1 and 6-2 is desired to be added, such new section would be numbered 6-1.5. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject, and, in the case of divisions, may be placed at the end of the article embracing the subject. The next successive number shall be assigned to the new article or division. New chapters may be included by using one of the reserved chapter numbers. Care should be taken that the alphabetical arrangement of chapters is maintained when including new chapters.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a chapter of the Code, the number to the left of the colon indicates the number of the chapter. In the case of an appendix to the Code, the letter immediately to the left of the colon indicates the letter of the appendix. The following are typical parts of codes of ordinances, which may or may not appear in this Code at this time, and their corresponding prefixes:

CODE CD1:1
CODE APPENDIX CDA:1
CODE COMPARATIVE TABLES CCT:1
STATE LAW REFERENCE TABLE SLT:1
CODE INDEX CDi:1

Index

The index has been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the index itself which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this system, the publication will be kept up-to-date. Subsequent amendatory legislation will be properly edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up-to-date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

This publication was under the direct supervision of James S. Vaught, Supervising Editor, and Jody Wilson, Editor, of the Municipal Code Corporation, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to Mr. Bruce E. Bergman, City Attorney, Terrence L. Timmins and Lawrence R. McDowell, Deputy City Attorneys and the other members of the legal department staff, for their cooperation and assistance during the progress of the work on this publication. It is hoped that their efforts and those of the publisher have resulted in a Code of Ordinances which will make the active law of the city readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the city's affairs.

ADOPTING ORDINANCE

ORDINANCE NO. 13,827

AN ORDINANCE recodifying the ordinances of the City of Des Moines, Iowa, as the Municipal Code of the City of Des Moines, Iowa, 2000; providing for the repeal of certain ordinances not included therein; providing a penalty for the violation thereof; providing for the manner of amending such Code; and, providing when this ordinance and such Code shall become effective.

WHEREAS, the City Council of the City of Des. Moines, Iowa proposes to adopt a revised code of ordinances containing existing ordinances of the City of Des Moines of a general and permanent nature and certain special ordinances, with amendments to certain of those ordinances to correct typographical and technical errors, and to correct conflicts with state or local law found in those ordinances, said revised code of ordinances to be known as the Municipal Code of the City of Des Moines, Iowa, 2000; and,

WHEREAS, the revision of the code of ordinances has now been completed, and said revised code of ordinances, to be known as the Municipal Code of the City of Des Moines, Iowa, 2000, is now on file in the office of the City Clerk; and,

WHEREAS, after due notice of public hearing published as required by law, a public hearing has been held on the proposal to adopt a revised code of ordinances, and the City Council has determined that the revised code of ordinances should be adopted as the Municipal Code of the City of Des Moines, Iowa, 2000; NOW, THEREFORE,

BE IT ORDAINED, by the City Council of the City of Des Moines, Iowa, as follows:

Section 1. The Municipal Code of the City of Des Moines, Iowa, 2000, published by Municipal Code Corporation and consisting of chapters 1 through 134, each inclusive, and Appendix A through G, each inclusive, which is on file in the office of the City Clerk is hereby adopted pursuant to Iowa Code 380.8(2)(b). The said Code and all supplements to the said Code hereafter adopted by resolution of the City Council pursuant to Iowa Code 380.8(1) shall collectively be known as the "Municipal Code of the City of Des Moines, Iowa, 2000", and also as the "Des Moines City Code, 2000".

Sec. 2. All ordinances enacted on or before April 17, 2000, and not included in and continued in force by the Municipal Code of the City of Des Moines, Iowa, 2000, including all provisions of the Municipal Code of the City of Des Moines, Iowa, 1991, are hereby repealed.

Sec. 3. The repeal provided for in section 2 of this ordinance shall not affect any of the following:

a) Any offense or act committed or done or any penalty or forfeiture incurred or any contract or right established or accruing before the effective date of this Code.

b) Any ordinance or resolution promising or guaranteeing the payment of money for the city, or authorizing the issuance of any bonds of the city or any evidence of the city's indebtedness, or any contract or obligation assumed by the city.

c) Any franchise granted by any ordinance of the city.

d) Any ordinance dedicating, accepting the dedication of, naming, establishing, locating, opening, paving, widening, vacating, etc., any street, alley, public way or public park in the city.

e) Any ordinance adopting or amending a zoning map or rezoning specific property or any amendment thereto.

f) Any ordinance establishing or prescribing street grades in the city.

g) Any ordinance extending or contracting the boundaries of the city.

h) Any temporary ordinance or ordinance not of general application.

i) Ordinances establishing or modifying election precinct or ward boundaries.

j) Ordinances establishing or amending the city limits.

k) Ordinances No. 9454 as amended by Ordinance No. 10,565 establishing the hotel and motel tax.

l) Any resolution or motion of the City Council not in conflict with or inconsistent with the provisions of the Municipal Code of the City of Des Moines, Iowa, 2000.

m) Any ordinance levying or imposing a tax or assessment.

n) Any ordinance designating an urban revitalization area pursuant to Iowa Code Chapter 404.

o) Any ordinance establishing a self-supported municipal improvement district pursuant to Iowa Code Chapter 386.

p) Any ordinance providing for the division of revenue from taxation within an urban renewal area pursuant to Iowa Code Section 403.19.

Sec. 4. The repeal provided for in section 2 of this ordinance shall not be construed to revive any ordinance or part thereof that has been repealed by any subsequent ordinance that is repealed by this ordinance.

Sec. 5. Additions or amendments to the Municipal Code of the City of Des Moines, Iowa, 2000, when passed in such form as to indicate the intention of the City Council to make the same a part of the Municipal Code of the City of Des Moines, Iowa, 2000, shall be deemed to be incorporated in the Code, so that reference to the Code includes the additions and amendments.

Sec. 6. Ordinances adopted after April 17, 2000, that amend or refer to ordinances that have been codified in the Municipal Code of the City of Des Moines, Iowa, 2000 shall be construed as if they amend or refer to like provisions of the Code.

Sec. 7. An official copy of the Municipal Code of the City of Des Moines, Iowa, 2000, as adopted by this ordinance, including a certificate of the City Clerk as to its adoption and effective date, shall be placed on file in the office of the City Clerk.

Sec. 8. Copies of the Municipal Code of the City of Des Moines, Iowa, 2000, shall be kept available in the City Clerk's office for public inspection.

Sec. 9. Copies of the Municipal Code of the City of Des Moines, Iowa, 2000, shall be furnished to the State Law Library, to the Des Moines Public Library, and to the Polk County District Court.

Sec. 10. The City Clerk is hereby authorized and directed to cause publication of this ordinance to be made as provided by Section 380.8 of the Code of Iowa, 1999.

Sec. 11. Municipal Code Corporation is hereby authorized and empowered to sell the Municipal Code of the City of Des Moines, Iowa, 2000, to the public under the terms and conditions provided in its contract with the City, until otherwise directed by this City Council. All moneys received from the sale thereof shall be credited to the general fund.

Sec. 12. This ordinance and the Municipal Code of the City of Des Moines, Iowa, 2000, hereby adopted shall be in full force and effect from and after July 1, 2000.

FORM APPROVED:

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code Book and are considered "Includes." Ordinances that are not of a general and permanent nature are not codified in the Code Book and are considered "Omits."

In addition, by adding to this table with each supplement, users of this Municipal Code will be able to gain a more complete picture of the Code's historical evolution.

Ord. No.	Include/ Omit	Supp. No.

MUNICIPAL CODE

Chapter 1

GENERAL PROVISIONS

Sec. 1-1. Citation of Code.
Sec. 1-2. Definitions and rules of construction.
Sec. 1-3. Existing ordinances continued.
Sec. 1-4. Catchlines of sections and other headings.
Sec. 1-5. Amendments.
Sec. 1-6. Supplementation of Code.
Sec. 1-7. Effect of repeal of ordinances.
Sec. 1-8. Approval for providing excerpts of Code.
Sec. 1-9. Distribution and sale of Code.
Sec. 1-10. Additional distribution of Code.
Sec. 1-11. Numbering of sections.
Sec. 1-12. Numbering and approval of additions to Code.
Sec. 1-13. History notes, editor's notes, state law references and cross references.
Sec. 1-14. Amendment of penal section.
Sec. 1-15. General penalty.
Sec. 1-16. Severability.
Sec. 1-17. City seal.
Sec. 1-18. Interpretation on hours of the day.
Sec. 1-19. Administrative search warrants.
Sec. 1-20. Ordinances not affected by adoption of Code.

Sec. 1-1. Citation of Code.

The ordinances embraced in this and the following chapters and sections shall constitute and be designated as the "Municipal Code of the City of Des Moines, Iowa," and may be so cited. The Code may also be cited as "Des Moines City Code, 2000."
(C42, C54, C62, C75, C79, C85, § 1-1; O.11,549; C91, § 1-1)

State law reference—Code of ordinances to be published, I.C. § 380.8.

Sec. 1-2. Definitions and rules of construction.

In the construction of this Code and of all ordinances of the city, the following definitions and rules of construction shall be observed, unless they are inconsistent with the intent of the city council or the context clearly requires otherwise:

City. The term "city" or "this city" means the City of Des Moines, in the County of Polk, in the State of Iowa.

City council or council. The term "city council" or "council" means the city council of the City of Des Moines.

Code. The term "Code" means the Municipal Code of the City of Des Moines, Iowa, and all amendments thereto.

Computation of time. The time within which any act provided by law is to be done shall be computed by excluding the first day and including the last, unless the last day is Sunday or a legal holiday, in which case the period shall be extended to include the following day.

County. The term "county" or "the county" means Polk County in the State of Iowa.

Gender. Words of one gender include the other gender.

Health officer. The term "health officer" means and refers to the legally designated health official of the city or a designated representative acting in behalf of the city.

In the city; within the city. The phrase "in the city" or "within the city" means and includes all territory over which the city has, or shall acquire, jurisdiction for the exercise of its police powers or other regulatory powers.

Insurance, insurance policy or insurance contract. The term "insurance," "insurance policy" or "insurance contract," when used in this Code, shall have the same meaning as the terms "insurance policy" and "insurance contract" under I.C. § 507B.2; provided, however, that when insurance, as demonstrated by an insurance policy or insurance contract, is required to be posted, presented or demonstrated to exist by any person or other entity either by this Code or by virtue of any contract, bid request, specification, rule or other action or request of the city, the insurance policy or contract of insurance shall provide coverage on an occurrence basis unless available only on a claims-made basis. The person or other entity shall provide evidence of such coverage through an insurance policy, contract of insurance or certificate of insurance which clearly discloses on its face coverage on an occurrence basis, except the insurance coverage required for asbestos removal, professional liability, or construction or demolition disposal licenses, which may be provided on a claims-made basis when it is demonstrated to the satisfaction of the city that occurrence coverage is not reasonably available.

Iowa Code, I.C. or *Code of Iowa.* The term "Iowa Code," the abbreviation "I.C." or the term "Code of Iowa," when used or referenced in this Code, means the most currently enacted version of the Code of Iowa, including amendments thereto.

Joint authority. Words purporting to give a joint authority to three or more public officers or other persons shall be construed as giving such authority to a majority of such officers or persons.

Month. The term "month" means a calendar month.

Number. Whenever any word in any section of this Code imports the plural number, the singular shall be deemed to be included, and whenever the singular number shall be used it shall be deemed to include the plural.

Oath. The term "oath" includes an affirmation, and the term "sworn" includes the term "affirmed."

Occupant; tenant. The term "occupant" or "tenant," applied to a building or land, means any person who holds a written or oral lease of or actually occupies the whole or part of such building or land, either alone or with others.

Officer, employee, department, board, commission or agency. Whenever a reference to an officer, employee, department, board, commission or agency appears, it shall be construed as if followed by the phrase "of the City of Des Moines, Iowa."

Or, and. The term "or" may be read "and," and the term "and" may be read "or," if the sense requires it.

Owner. The term "owner," applied to a building or land, includes any part owner, joint owner, tenant in common, tenant in partnership, joint tenant of the whole or a part of such building or land, either alone or with others.

Person. The term "person" means an individual, a corporation, a limited liability company, a government or governmental subdivision or agency, a business trust, an estate, a trust, a partnership or an association, or any other legal entity.

Personal property. The term "personal property" includes every species of property except real property as defined by this section.

Preceding, following. The terms "preceding" and "following" mean next before and next after, respectively.

Property. The term "property" includes real and personal property.

Real property. The term "real property" includes lands, tenements, and hereditaments and shall embrace all chattels real.

Shall, must, and may. Unless otherwise specifically provided, whenever the following terms are used, their meaning and application shall be as follows:

(1) The term "shall" imposes a duty. Use of the term "shall" with negative modification shall constitute a prohibition within the meaning of section 1-15 of this chapter.

(2) The term "must" states a requirement.

(3) The term "may" confers a power.

Sidewalk. The term "sidewalk" means that portion of a street between the curb lines, or the lateral lines of a roadway and the adjacent property lines, intended for the use of pedestrians.

State, this state. The term "state" or "this state" means the State of Iowa.

Statute references. Whenever reference is made to "Code of Iowa, § _____," or to "I.C. § _____," without year designation, this shall mean and have reference to the current code of the State of Iowa. References to chapters or sections of the Iowa Code shall be deemed to include successor provisions to those chapters or sections.

Street. The term "street" means the entire width between property lines of every way or place of whatever nature when any part thereof is open to the use of the public, as a matter of right, for purposes of vehicular traffic.

Tense. Words in the present tense include the future.

Underground district means the territory in the city embraced within the following described boundaries: the territory on the west side of the Des Moines River beginning at the point of intersection of the west bank of the Des Moines River with the easterly extension of the south line of the first east/west alley south of Court Avenue; thence westerly along the westerly extension of the south line of such alley to the east right-of-way line of Fifth Avenue; thence southerly along the east right-of-way line of Fifth Avenue to the southeast corner of the intersection of Fifth Avenue and Cherry Street; thence westerly along the south right-of-way line of Cherry Street to the southwest corner of the intersection of Cherry Street and Ninth Street; thence northerly along the west right-of-way line of Ninth Street to the northwest corner of the intersection of Ninth Street and Grand Avenue; thence easterly along the north right-of-way line of Grand Avenue to the west bank of the Des Moines River; thence

southerly along the west bank of the Des Moines River to the point of beginning; and the territory on the east side of the Des Moines River beginning at the point of intersection of the east bank of the Des Moines River with the north right-of-way line of East Grand Avenue; thence easterly along the north right-of-way line of East Grand Avenue to the northeast corner of the intersection of East Grand Avenue and vacated East Ninth Street; thence southerly along the east right-of-way line of vacated East Ninth Street to the intersection of the east right-of-way line of vacated East Ninth Street and the easterly extension of the south line of the first vacated east/west alley lying south of East Court Avenue; thence westerly along the westerly extension of the south line of such alley to the east bank of the Des Moines River; thence northerly along the east bank of the Des Moines River to the point of beginning. Nothing contained in this article shall be construed to prevent the city council from exercising the right of the city to change the boundaries to increase or decrease the size of the underground district.

Written, in writing, signature. The terms "written" and "in writing" may include any mode of representing words or letters in general use. A signature, when required by law, must be made by the writing or markings of the person whose signature is required. If a person is unable due to a physical disability to make a written signature or mark, that person may substitute either of the following in lieu of a signature required by law:

(1) The name of the person with a disability written by another upon the request and in the presence of the person with a disability.

(2) A rubber stamp reproduction of the name or facsimile of the actual signature when adopted by the person with a disability for all purposes requiring a signature and then only when affixed by that person or another upon request and in the presence of the person with a disability.

Year. The term "year" means a calendar year unless otherwise expressed.

(C42, §§ 1-7, 1-8; C54, C62, § 1-2; O.8592; C75, § 1-2; O.9588; C79, § 1-2; O.9825; C85, § 1-2; O.10,936, 11,033, 11,477; C91, § 1-2; O.15,521)

State law reference—Statutory definitions and rules of construction, I.C. § 4.1.

Sec. 1-3. Existing ordinances continued.

The provisions appearing in this Code, so far as they are the same as those of the Code and ordinances existing at the time of the adoption of this Code, shall be considered as a continuation thereof and not as new enactments.

(C54, C62, C75, C79, C91, § 1-3)

Sec. 1-4. Catchlines of sections and other headings.

The catchlines of the several subsections and sections and the headings of chapters, articles and divisions of this Code are intended as mere catchwords to indicate the contents of the subsection, section, chapter, article or division and shall not be deemed or taken to be substantive portions of such subsections, sections, chapters, articles or divisions nor, unless expressly so provided, shall they be so deemed when any of such subsections, sections, chapters, articles or divisions, including the catchlines or other headings, are amended or reenacted.

Sec. 1-5. Amendments.

(a) Any additions or amendments to this Code, when passed as ordinances amending this Code and which indicate the intention of the city council to make the additions or amendments a part of this Code, shall be deemed to be incorporated in this Code so that a reference to the Code shall be understood as including them.

(b) All ordinances adopted subsequent to this Code that amend, repeal or in any way affect this Code may be numbered in accordance with the numbering system of the Code and printed for inclusion in the Code. Portions of this Code repealed by subsequent ordinances may be excluded from this Code by omission from reprinted pages affected thereby.

(c) Amendments to provisions of this Code shall be made in accordance with I.C. § 380.2 with regard to amendatory language.
(C42, § 1-2; C54, C62, C75, C79, C91, § 1-4)

Sec. 1-6. Supplementation of Code.

(a) Supplements to this Code shall be prepared and printed whenever authorized or directed by the city. A supplement to this Code shall include all substantive permanent and general parts of ordinances adopted during the period covered by the supplement and all changes made thereby in the Code. The pages of the supplement shall be so numbered that they will fit properly into the Code and will, where necessary, replace pages that have become obsolete or partially obsolete. The new pages shall be so prepared that, when they have been inserted, the Code will be current through the date of the adoption of the latest ordinance included in the supplement.

(b) In preparing a supplement to this Code, all portions of the Code that have been repealed shall be excluded from the Code by the omission thereof from reprinted pages.

(c) When preparing a supplement to this Code, the person authorized to prepare the supplement may make formal, nonsubstantive changes in ordinances and parts or ordinances included in the supplement, insofar as is necessary in order to embody them into a unified code. For example, the person may:

(1) Arrange the material into appropriate organizational units.

(2) Supply appropriate catchlines, headings and titles for chapters, articles, divisions, subdivisions, sections and subsections to be included in the Code and make changes in any such catchlines, headings and titles or in any catchlines, headings and titles already in the Code.

(3) Assign appropriate numbers to chapters, articles, divisions, subdivisions and sections to be added to the code.

(4) Where necessary to accommodate new material, change existing numbers assigned to chapters, articles, divisions, subdivisions or sections.

(5) Change the term "this ordinance" or similar terms to "this chapter," "this article," "this division," "this subdivision," "this section" or "sections _____ to _____" (inserting section numbers to indicate the sections of the Code that embody the substantive sections of the ordinance incorporated in the Code).

Sec. 1-7. Effect of repeal of ordinances.

Unless specifically provided otherwise:

(1) The repeal of an ordinance does not revive any repealed ordinance.

(2) The repeal or amendment of an ordinance does not affect any punishment or penalty incurred before the repeal took effect, nor does such repeal or amendment affect any suit, prosecution or proceeding pending at the time of the amendment or repeal.

(C42, § 6-16; C54, C62, § 2-27; C75, C79, C91, § 2-15)

Sec. 1-8. Approval for providing excerpts of Code.

No city officer or employee shall issue, mail, or distribute as a publication on the part of the city or any officer, department, bureau or branch of the city government any book, pamphlet, leaflet, card, circular, or other printed matter purporting to contain excerpts or quotations from this Code or purporting to give the law on any subject to the public, either as a reprint of an ordinance or as a digest, interpretation, resume, condensation, or explanation of the law without submitting such printed matter or portion of such which purports to quote or give the law to the legal department for examination and for approval of its form and the accuracy of the law stated.
(C42, § 1-3; C54, C62, C75, C79, C91, § 1-5)

Sec. 1-9. Distribution and sale of Code.

(a) All printed copies of this Code, except those reserved for use in the legal department, shall be deposited with the city clerk.

(b) The city clerk shall deliver one copy of the Code to the mayor, two copies to the city manager, one copy to each councilmember, one copy to each head of a city department, one copy to the clerk of the associate district court, one copy to each of the judges of the associate district court, two copies to the city library, one copy to the law library of the district court and copies to other persons as the head of the legal department may direct.

(c) The city clerk shall sell printed copies of this Code at the price the city council shall fix.

(d) The mayor and the head of the legal department shall have the power to reciprocate courtesies of other cities by presenting to each a copy of this Code without cost.
(C42, § 1-4; C54, C62, C75, C79, C91, § 1-6)

Sec. 1-10. Additional distribution of Code.

The city clerk shall deliver additional copies of this Code to the officers and departments designated from time to time by the city manager and shall keep a record of all copies sold or delivered under this section or section 1-9 showing the name and address or title of the recipient.
(C62, § 1-6.01; O.7035; C75, C79, C91, § 1-7)

Sec. 1-11. Numbering of sections.

(a) Each section number of this Code shall consist of two component parts separated by a dash, the figure before the dash referring to the chapter number and the figure after the dash referring to the position of the section within the chapter.

(b) No city officer or employee shall issue any book or pamphlet containing a section or sections of this Code numbered differently than as numbered in this Code.
(C42, § 1-5; C54, C62, § 1-7; C75, C79, C91, § 1-8)

Sec. 1-12. Numbering and approval of additions to Code.

Additions to the Code introduced in the city council shall be submitted to the legal department for approval as to form and for numbering before passage. This section shall be liberally construed for the purpose of avoiding confusion in the numbering of the sections of this Code.
(C42, § 1-6; C54, C62, § 1-8; C75, C79, § 1-9; O.10,506; C91, § 1-9(b))

Sec. 1-13. History notes, editor's notes, state law references and cross references.

The history notes appearing in parentheses after each section and the editor's notes and state law reference and cross reference notes throughout the Code are for the benefit of the user of the Code and shall not be considered as part of the text of the Code.

Sec. 1-14. Amendment of penal section.

In case of the amendment of any section of this Code containing provisions for which a penalty is provided in another section of this Code, the penalty so provided in the other section shall be held to relate to the section so amended, whether or not reenacted in the amendatory ordinance, unless the penalty is specifically repealed therein.
(C42, C54, C62, § 1-9; C75, C79, C91, § 1-10)

Sec. 1-15. General penalty.

(a) Whenever in this Code or in any city ordinance any act is prohibited or is made or declared to be unlawful or an offense or whenever in this Code or in any city ordinance the doing of any act is required or the failure to do any act is declared to be unlawful, if the act is not declared to be a misdemeanor or a municipal infraction and if no specific penalty is provided therefor, the violation of any such provision shall be deemed to be a misdemeanor punishable by a fine not to exceed the maximum amount of dollars as provided in Section 903.1, subsection 1, paragraph a of the Iowa Code.

(b) Whenever in this Code or in any city ordinance any act is prohibited and is declared to be a misdemeanor or whenever in this Code or in any city ordinance the doing of any act is required and the failure to do that act is declared to be a misdemeanor, the violation of any such provision shall be punishable by a fine not to exceed the

maximum amount of dollars as provided in Section 903.1, subsection 1, paragraph a of the Iowa Code. In addition to punishment by fine, a violation of any such provision contained in chapter 118, article III of this Code shall be punishable by imprisonment not to exceed the maximum number of days as provided in Section 903.1, subsection 1, paragraph a of the Iowa Code.

(c) Whenever in this Code or in any city ordinance any act is prohibited and is declared to be a municipal infraction or whenever in this Code or in any city ordinance the doing of any act is required and the failure to do that act is declared to be a municipal infraction, the violation of any such provision shall be punishable by a civil penalty of not more than $750.00 for each violation or, if the infraction is a repeat offense, by a civil penalty of not more than $1,000.00 for each repeat offense. However, a municipal infraction which is classified as an environmental violation or which arises from noncompliance with a pretreatment standard or requirement, referred to in 40 CFR 403.8, by an industrial user may be punishable by a civil penalty of not more than $1,000.00 for each day a violation exists or continues. Each day a violation of a provision of this Code or of a city ordinance continues shall be considered a separate municipal infraction.

(d) In addition to seeking the imposition of a civil penalty as provided in this section, the city attorney may seek all other appropriate remedies allowed by law in regard to the abatement, correction, or discontinuance of activities which constitute municipal infractions.

(e) Municipal infractions may be initially brought upon simple notice and if the person charged admits the violation, upon payment of the penalty to the city treasurer and the performance of any other act required by law to be performed, such person shall not be further prosecuted or assessed any costs or other expenses for such violation, and the city shall retain all penalties thus collected. Where a municipal infraction is not admitted upon simple notice by the person charged or where the person charged fails to perform any other act required to be performed, or both, an action seeking a penalty shall be brought in the state district court. Any action seeking a penalty for a municipal infraction, with or without additional relief, may be initially brought in the state district court. This section does not impose a duty to initially charge all municipal infractions upon simple notice. Municipal infractions that are not brought upon simple notice may be brought pursuant to Section 364.22 of the Iowa Code, and the civil citation shall serve as notification that a civil offense has been committed.

(f) Notwithstanding subsections (c), (d) and (e) of this section, a municipal infraction will not be initiated for any infraction classified as an environmental infraction and referred to in I.C. ch. 455B until an offer is made to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation. If the city is unable to contact the person or is unable to resolve the issues alleged to be the basis for the violation, a municipal infraction may be initiated against the person.
(C42, C54, § 1-10; O.5663; C62, § 1-10; C75, § 1-11; O.9168; C79, C85, § 1-11; O.11,074, 11,569; C91, § 1-11; O.14,374, 14,611, 14,881, 15,470, 15,608)

State law reference—Penalties for violation of municipal ordinances, I.C. § 364.3(2), (6).

Sec. 1-16. Severability.

If any section, subsection, sentence, clause or phrase of this Code, for any reason, is held to be unconstitutional and invalid, such decision shall not affect the validity of the remaining portions of this Code. The city council hereby declares that it would have passed this Code and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases may be declared unconstitutional or invalid.
(C42, § 1-14; C54, C62, § 1-11; C75, C79, C91, § 1-12)

Sec. 1-17. City seal.

(a) The seal of the city shall be an impression upon which is a representation of the city hall, with the inscription "City of Des Moines" on the

outer edge and the word "Seal" at the top of the inner circle and the word "Iowa" at the bottom of the inner circle.

(b) The official seal of the city shall be kept in the custody of the mayor.

(c) No person shall fraudulently forge, deface, corrupt or counterfeit the seal of the city, nor shall any person other than a duly authorized public official make use of the seal.
(C42, §§ 4-1, 4-2, 4-4; C54, C62, §§ 1-12, 1-13, 1-14; C75, C79, C91, § 1-13)

Sec. 1-18. Interpretation on hours of the day.

(a) All sections of this Code which make specific reference to hours of the day shall be interpreted and enforced as referring to standard time, except during such periods of time that a daylight saving time may be in force.

(b) When daylight saving time is in force, all sections of this Code which make specific reference to hours of the day shall be interpreted and enforced as referring to daylight saving time.
(C62, § 1-15; O.7068, 8592; C75, C79, C91, § 1-14)

Sec. 1-19. Administrative search warrants.

When under any section of this Code it is necessary to enter in or upon any building, structure, land or other premises for inspection purposes or when there is reasonable cause to believe there exists in, at or upon a building, structure, land or other premises within the jurisdiction of the city a violation of any section of this Code enacted under police powers related to health or safety and a city officer or employee authorized to conduct inspections has attempted to gain entry to any building, structure, land or other premises for the purpose of such inspection and has been refused such entry, the council in the exercise of its home rule powers authorizes the city attorney or his or her designee to make an application for an administrative search warrant in the name and authority of the city as provided by law.
(C85, § 1-15; O.10,977; C91, § 1-15)

Sec. 1-20. Ordinances not affected by adoption of Code.

The repeal provided for in the ordinance adopting this Code shall not affect any of the following:

(1) Any offense or act committed or done or any penalty or forfeiture incurred or any contract or right established or accruing before the effective date of this Code.

(2) Any ordinance or resolution promising or guaranteeing the payment of money for the city, or authorizing the issuance of any bonds of the city or any evidence of the city's indebtedness, or any contract or obligation assumed by the city.

(3) Any franchise granted by any ordinance of the city.

(4) Any ordinance dedicating, accepting the dedication of, naming, establishing, locating, opening, paving, widening, vacating, etc., any street, alley, public way or public park in the city.

(5) Any ordinance adopting or amending a zoning map or rezoning specific property or any amendment thereto.

(6) Any ordinance establishing or prescribing street grades in the city.

(7) Any ordinance extending or contracting the boundaries of the city.

(8) Any temporary or special ordinance, or any ordinances containing legal descriptions of urban revitalization areas and urban renewal areas.

(9) Ordinances establishing or modifying election precinct or ward boundaries.

(10) Ordinances establishing or amending the city limits.

Chapter 2

ADMINISTRATION*

Article I. In General

Sec. 2-1. City limits.
Sec. 2-2. Records and documents.
Sec. 2-3. Replacement of lost bonds.

Sec. 2-656. Supervision; duties.
Secs. 2-657—2-685. Reserved.

Subdivision IV. Central Services Division

Sec. 2-686. Supervision.
Sec. 2-687. Responsibilities.
Secs. 2-688—2-699. Reserved.

Subdivision V. Procurement Division

Part 1. General Provisions

Sec. 2-700. Duty of city manager.
Sec. 2-701. Supervision.
Sec. 2-701.5. Responsibility for the procurement of goods and services.
Sec. 2-702. Procurement of goods and services under competitive bidding or request for proposal process.
Sec. 2-703. Definitions.
Sec. 2-704. Preference for state products and labor.
Sec. 2-705. Preference for local goods and services.
Sec. 2-706. Determination of eligibility for local preference.
Sec. 2-707. Collusion among bidders or proposers prohibited.
Sec. 2-708. City manager authorized to adopt administrative rules, regulations and procedures implementing the provisions of this subdivision, to approve exemptions therefrom, and to execute contracts not to exceed $100,000.00.
Sec. 2-709. Public and operating emergencies.

Sec. 2-710. City council and city manager may exempt contracts from the provisions of this subdivision.
Sec. 2-711. Other duties of procurement administrator.
Sec. 2-712. Retention of procurement records; procurement records open to public examination.
Sec. 2-713. Conflict of interest in city procurements prohibited.
Sec. 2-714. Procurement by brand or trade name prohibited; exceptions.
Sec. 2-715. Contacts with potential bidders or proposers prior to issuance of bid or RFP; consultant participating in bid or RFP formation prohibited from responding to invitation to bid or RFP.
Sec. 2-716. Authority to issue purchase orders and to approve and execute contracts for goods and services and concession agreements; authority to execute amendments to contracts and agreements and to issue change orders to purchase orders.
Sec. 2-717. Term of contract; renewal of contract.
Sec. 2-718. Annual purchase agreements and contracts and contracts for demolition.
Sec. 2-719. Assignment of contract prohibited.
Sec. 2-720. Rule of construction.
Secs. 2-721—2-725. Reserved.

Part 2. Exceptions to Competitive Solicitation Process

Sec. 2-726. Exceptions to procurement of goods and services under competitive bidding or request for proposals process.
Secs. 2-727, 2-728. Reserved.

Part 3. Formal Bid and Request for Proposals Process

Sec. 2-729. Competitive bidding.
Sec. 2-730. Advertisement and manner of issuance for bids and requests for proposals.
Sec. 2-731. Bond, indemnity and insurance.
Sec. 2-732. Opening and public inspection of bids and RFPs.
Sec. 2-733. Determining responsibility of bidders.
Sec. 2-734. Rejection of bids and proposals.
Sec. 2-735. Objections to city staff response or bias claims regarding bias or bid or RFP prior to award.
Sec. 2-736. Appeals of procurement administrator decisions regarding bids.
Sec. 2-737. Preparation of RFPs; review and approval of RFPs prior to issuance.
Sec. 2-738. Procurement administrator the sole point of contact for proposer questions, or requests for information, clarification or interpretation; proposers prohibited from inappropriate communication with city officials or employees; inappropriate communication may result in rejection or return of proposals; inappropriate communication may be considered in evaluation of proposals.
Sec. 2-739. Proposers conference for RFPs.
Sec. 2-740. City's response to proposer questions and requests for information, clarification and interpretation; issuance of addenda to RFP.
Sec. 2-741. Evaluation and selection committee; procedure for evaluation and recommendation as to selection of best proposal; submission of recommendation to city council.
Sec. 2-742. Appeal of evaluation and selection committee recommendation; proposer objections to be submitted in writing; hearing by city manager or hearing officer; resolution of proposer objections.
Sec. 2-743. City council selection of best proposal; notification of successful proposer.
Secs. 2-744—2-765. Reserved.

Subdivision VI. Research and Budget Division

Sec. 2-766. Responsibility for activities of division.
Sec. 2-767. Duties.
Secs. 2-768—2-795. Reserved.

Subdivision VII. Risk Management Division

Sec. 2-796. Supervision.
Sec. 2-797. Responsibility.
Secs. 2-798—2-825. Reserved.

Subdivision VIII. Treasury Division

Sec. 2-826. Supervision.
Sec. 2-827. City treasurer.
Sec. 2-828. Disposition of moneys received.
Sec. 2-829. Treasurer's petty cash fund.
Sec. 2-830. Checks, drafts or money orders payable to city.
Sec. 2-831. Records and reports.
Sec. 2-832. Duties as to classification plan.
Secs. 2-833—2-860. Reserved.

Division 4. Information Technology

Sec. 2-861. Supervision and responsibility.
Secs. 2-862—2-890. Reserved.

Division 5. Human Resources

Sec. 2-891. Supervision.

Sec. 2-1253. Complaint timely.
Sec. 2-1254. Investigation.
Sec. 2-1255. Appeal.
Sec. 2-1256. Records.

ARTICLE I. IN GENERAL

Sec. 2-1. City limits.

The boundaries of the city shall be as established by the city council from time to time and set out in appendix A to this Code.
(C42, C54, § 2-1; O.6785; C62, § 2-1; O.8854; C75, § 2-1; O.9053, 9229, 9399, 9473, 9494, 9526; C79, § 2-1; O.9706, 10,079, 10,211, 10,601; C85, § 2-1; O.11,317; C91, § 2-1; O.12,078, 13,261, 13,353, 13,418, 13,522)

Sec. 2-2. Records and documents.

(a) *City clerk's duties.* All records and documents of the city shall be under the control and charge of the city clerk, except as otherwise provided for in this Code, other city ordinances or state statutes. The city clerk shall be responsible for their preservation and safekeeping.

(b) *Public inspection.* Except where otherwise provided by this Code, other city ordinances or state law, all records, books, papers and documents belonging to any office in the city government shall be open to every person for inspection at all reasonable office hours.

(c) *Civil service records.*

(1) All civil service records, including all papers pertaining to examinations, shall be confidential.

(2) Civil service records shall be made available upon approval by the civil service commission of a written request by the city manager in the case of a city department or by the chair of a city board or commission specifying such records as are required by law in the performance of the duties imposed upon such department, board, or commission. Such records shall remain confidential upon and after the granting of such request, except where such confidentiality is waived by the civil service commission, and the originals of such records shall not leave the custody of the civil service commission.

(d) *Removal of record; receipt.* No city record or document shall be removed from the office of the city clerk or any other office in which such record or document is filed or kept, except by a city officer or employee who is a member of the legal department or a member of the department to which the city council has referred such, and then only with the knowledge of the city clerk or officer in charge thereof. No record or document shall be removed without a receipt being given therefor.

(e) *Period of use.* No person may retain possession of any public record for a period to exceed 15 days, except that by permission of the city clerk or other officer in charge of the record or document the time may be extended and so noted upon the receipt.
(C42, §§ 7-1, 7-2, 7-3, 7-5, 7-6; O.5089; C54, C62, §§ 2-5, 2-6, 2-7, 2-8, 2-9; O.7489, 8364; C75, C79, C91, § 2-3)

Sec. 2-3. Replacement of lost bonds.

(a) If a claim is made for payment of the principal of or interest on bonds issued by the city without presentation of the bond or coupon, the city shall not pay such principal or interest until the council shall be provided with satisfactory evidence of proof of ownership and of loss of such bonds or coupons and shall require the filing with the council of a satisfactory indemnity bond of a surety acceptable to the council, indemnifying the city if any or all of the original bonds or coupons are inadvertently paid or presented for payment by a bona fide holder in due course.

(b) Upon receipt of such proof of ownership, loss, and indemnity bond, the treasurer is authorized to proceed with the printing of duplicate bonds or coupons and shall charge for the issuance of the duplicate bonds and coupons any amount sufficient to reimburse the city for the actual expense incurred by it in connection with the issuance thereof. The city officials designated in the resolution authorizing the issuance of such replacement bond or coupon are authorized to execute the duplicate bonds and coupons in the same manner as provided with respect to the original bonds.

(c) Such duplicate bonds and coupons of like tenor, amount, date and maturity shall be deemed to be issued in lieu of and in substitution for each of the bonds or coupons so numbered of the original issue and shall be so noted on the books of the city kept for that purpose.

(d) If any or all of the original bonds or coupons shall be inadvertently or for any reason paid by the city or presented for payment by a bona fide holder in due course or if the city shall incur any expense or liability because of refusing to honor the original bonds or coupons, the indemnity bond on file shall be immediately enforced.

(e) This section shall not apply to the replacement of any bond or coupon where the terms of issuance provide otherwise.
(C79, § 2-3.01; O.10,428; C91, § 2-3.01)

Sec. 2-4. Precinct and ward boundaries.

The election precinct and ward boundaries of the city shall be as established by the council from time to time by ordinance and are included in appendix B to this Code.

Sec. 2-5. Elections.

(a) All candidates for elective city offices shall be nominated under the provisions of Iowa Code Chapter 45 and all nominations for candidates for elective city offices shall be made in the manner provided by Iowa Code Chapter 45.

(b) In a city election, the candidates who receive the greatest number of votes for each office on the ballot are elected to the extent necessary to fill the positions open.
(O.14,835, 15,871, 16,251)

Secs. 2-6—2-30. Reserved.

ARTICLE II. CITY CHARTER

Sec. 2-31. Citation of article.

This article may be cited as the Charter of the City of Des Moines, Iowa.
(C75, § 2-31; O.8956; C79, C91, § 2-31; O.11,721)

Sec. 2-32. Form of government.

The form of government of the city is the council-manager-ward form of government.
(C54, C62, § 2-50; O.7617; C75, § 2-31; O.8956; C75, C79, C91, § 2-31.01)

Sec. 2-33. Powers and duties.

The mayor, council, city manager and other city officers shall have such powers and shall perform such duties as are authorized or required by state law and by the ordinances, resolutions and rules of the city.
(C75, § 2-31.02; O.8956; C79, C91, § 2-31.02)

Sec. 2-34. Number and term of council.

(a) The city council consists of a mayor elected at large, two councilmembers elected at large, and one councilmember elected from each of four wards as established by ordinance, for terms of four years.

(b) Where it is necessary in this Code to distinguish between the two councilmembers elected at large, the one elected in 1997 and that member's successors shall be designated as at large councilmember A, and the one elected in 1999 and that member's successors shall be designated as at large councilmember B.
(C75, § 2-31.03; O.8956; C79, C91, § 2-31.03; O.13,909)

Sec. 2-35. Copies on file.

The city clerk shall keep an official copy of this Charter on file and shall keep copies of this Charter available at the city clerk's office for public inspection.
(C75, § 2-31.04; O.8956; C79, C85, § 2-31.04; O.11,549; C91, § 2-31.04)

Secs. 2-36—2-60. Reserved.

ARTICLE III. CITY COUNCIL

DIVISION 1. GENERALLY

Sec. 2-61. General powers.

The council shall possess and may exercise all executive, legislative and judicial powers not inconsistent with statutes applicable to cities organized under the council-manager-ward form, by popular election, conferred by law upon councils or cities organized under the general laws of the state.
(C42, § 3-1; O.5239; C54, C62, § 2-29; O.7767; C75, C79, § 2-16; O.10,505; C91, § 2-16)

Sec. 2-62. Salary of mayor and councilmembers.

With the full understanding that attendance at city council meetings and work sessions is a requirement of the office of mayor and council member and is an ethical duty imposed by section 2-112 of this Code and is also a large foundation of the salary provided herein, the mayor shall receive and be paid a salary at an initial rate of $70,000.00 per annum for discharging all duties of the office of mayor imposed by state statute and this code of ordinances and $100.00 per week as allowance for expenses incurred on city business conducted in the city and all other councilmembers shall receive and be paid a salary at an initial rate of $35,000.00 per annum for discharging all duties of the office of council member imposed by state statute and this code of ordinances and $100.00 per week as the only allowance for expenses, other than as specifically authorized by council for direct reimbursement, incurred on city business conducted in the city, which salaries shall be payable as hereinafter provided. The salary referenced in this section includes a contemplated downward adjustment if the mayor or any city council member is absent for more than ten percent of the total number of regular meetings held by the city council during any calendar year, which contemplated downward adjustment would be proportionate to the percentage of meetings missed. Meetings missed by the mayor or city council member while he or she is on official city business at the direction of the city council or absent as otherwise required by law will not be counted towards the percentage of missed meetings for which the downward compensation adjustment is required under this section, but will be counted as though the member had attended the meetings that are missed while so engaged in city business or as otherwise required by law. The mayor and councilmembers shall be entitled to group insurance and other benefits that are made available to regular full-time supervisory, professional and management employees with a hire date commensurate to the commencement date of the mayor's or councilmember's initial consecutive term on the city council, except for leave accruals and long-term disability, phone allowance which is intended to be included within the expense allowance referenced in this paragraph, and with the exception that council shall pay 15 percent of the monthly health and dental insurance premium cost for such group insurance. All changes in compensation are subject to the provisions of section I.C. § 372.13(8), with respect to the effective date of such changes. The mayor and each councilmember may choose to decline any benefit provided for the position. However, the benefits shall be presumed to be applicable unless the mayor or councilmember declines the respective benefit in writing. Any written declination of benefits shall be effective from the date specified in such writing to the end of the current term of the mayor or councilmember and shall be deemed to cancel the entitlement to such benefits for the balance of the term. In receiving salary, allowance for expenses, insurance and benefits or in making any declination thereof each individual mayor and councilmember shall assume any tax consequences resulting therefrom and hold the city harmless from any such consequence.
(C42, § 3-2.01; O.5321, 5507; C54, § 2-29.01; O.6166, 6820; C62, § 2-29.01; O.7288, 7796, 7946; C75, C79, § 2-17; O.9645; C85, § 2-17; O.11,080; C91, § 2-17; O.11,740, 12,058, 13,721, 13,969, 14,499, 14,836, 15,366, 15,814, 16,212, 16,282)

Sec. 2-63. Orders for public works.

The council shall make all orders for the doing of work or the making or construction of any

public improvement, including highway, bridge or culvert improvements, except those below the thresholds set forth in Chapter 26 or 314.1B of the Iowa Code.
(C42, § 3-1; O.5239; C54, C62, § 2-30; C75, C79, C91, § 2-18; O.14,999)

Sec. 2-64. Reserved.

Editor's note—Ord. No. 15,521, § 1, adopted Oct. 24, 2016, repealed § 2-64, which pertained to board of health and derived from Code 1942, § 3-1; Ord. No. 5239; Code 1954; Code 1962, § 2-31; Ord. No. 7721; Code 1975; Code 1979, § 2-19; Ord. No. 10,154; Ord. No. 10,612; Code 1985, § 2-19; Ord. No. 11,544; Code 1991, § 2-19.

Sec. 2-65. Appointment of various officers.

The council shall, at the first meeting in January following a regular city election at which its members are elected, appoint a city clerk and at such meeting or as soon thereafter as practicable shall appoint a city attorney, deputy city attorneys and assistant city attorneys. The council shall supervise and direct the official conduct of the clerk and city attorney and their assistants or deputies.
(C42, § 3-1; O.5239; C54, C62, § 2-32; C75, C79, § 2-20; O.10,612; C85, § 2-20; O.11,549; C91, § 2-20)

State law reference—When city elections to be held, I.C. § 376.1.

Sec. 2-66. Levies, appropriations, expenditures.

The council shall certify all taxes, shall apportion and appropriate all funds, and shall allow and order payment of all city warrants.
(C42, § 3-1; O.5239; C54, C62, § 2-33; C75, C79, C91, § 2-21)

Sec. 2-67. Assessments for improvements.

The council shall make all assessments for the cost of street improvements, sidewalks, sewers, nuisance abatements, and other work, improvements or repairs which may be specially assessed.
(C42, § 3-1; O.5239; C54, C62, § 2-34; C75, C79, C91, § 2-22)

Sec. 2-68. Making of contracts.

No contract made by other than the council, the mayor or by the city manager or the city manager's designee pursuant to state law and this Code shall bind the city.
(C42, § 3-1; O.5239; C54, C62, § 2-35; C75, C79, § 2-23; O.10,612; C91, § 2-23; O.14,867)

Sec. 2-69. Powers regarding city manager.

(a) *Appointment.* At the first meeting in January following a regular city election at which city councilmembers are elected or as soon thereafter as practicable, the council shall appoint a competent person as city manager, who shall be the administrative head of the municipal government of the city, with those powers prescribed by state law and this Code.

(b) *Qualifications.* In making the appointment of the city manager, the council shall consider only the qualification and fitness of the person appointed. The city manager shall be appointed without regard to the persons political affiliation and need not be a city resident at the time of appointment.

(c) *Manager pro tem.* During the absence or disability of the city manager, the council may designate some properly qualified person to perform and execute the duties of the manager's office.

(d) *Salary and bond.* The council shall, by resolution, fix the salary and amount of the bond to be executed in favor of the city by the city manager or the city manager pro tem for the faithful performance of duties.

(e) *Direction; removal.* The city manager or manager pro tem shall be under the direction and supervision of the council and shall hold office at its pleasure.
(C42, § 3-1; O.5239; C54, C62, §§ 2-36 to 2-40; C75, C79, C85, § 2-24; O.11,549; C91, § 2-24)

Sec. 2-70. Meetings.

(a) *Time, procedure.* Regular meetings of the council shall be held on the dates set forth in a schedule of meetings adopted by the council, at a time to be set by the council. Special meetings

may be called from time to time by the mayor or a majority of the members of the council. Notice of the meeting shall be given personally or left at the usual place of residence of each member of the council, and a record of the service of notice shall be made by the clerk. All meetings of the council, whether regular or special, shall be held in accordance with the state public meetings law, I.C. § 21.1 et seq., or other appropriate provision of state law. If, at any meeting, the presiding officer of the council is not present, the mayor pro tem shall act as the presiding officer pro tempore of the meeting, and the mayor pro tem's acts shall have the same force and legality as though performed by the regularly elected presiding officer of the council. In the absence of both, the council shall select a presiding officer for the meeting.

(b) *Holidays.* When any legal holiday shall fall on Sunday, Monday, or Tuesday, the regular meeting of the council shall be held at such time and place as may be designated by resolution of the council.

(c) *Rules of conduct.* The following rules are adopted for the conduct of those attending regular and special meetings of the city council in the council chamber in the city hall:

(1) No person shall be permitted to stand in the council chamber during council sessions between the audience seats and the councilmembers except the persons addressing the council, who shall do so from the speaker's stand, and except city officials and employees on city business.

(2) No person shall enter the raised area at the west end of the council chamber or the area used by the city clerk, except upon invitation of the council or a member thereof, and except city officials and employees on city business.

(3) No person shall enter the raised area at the east end of the council chamber except representatives or employees of the communications media.

(4) Any person desiring to address the council may do so when recognized by the presiding officer, but the council reserves the right to limit the speaker's time and the order in which the speakers may address the council.

(5) No person shall be interrupted while addressing the council except by a member of the council.

(6) No member of the public shall be permitted to sit or lean upon the council table during sessions of the council.

(7) No person shall use unreasonably loud or abusive language or any other language in the council chamber which disrupts or is intended to disrupt the peace, quiet, and good order of a council meeting.

(8) Those having business before the council shall have the right to speak to items as they appear on the council agenda, subject to the constraints in subsections (c)(1) through (7) of this section.

(9) Any person who violates any of the rules of conduct set out in this subsection shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(10) The chief of police shall enforce this subsection and upon request shall provide sufficient officers therefor.

(C42, §§ 5-1, 5-2, 5-3; O.5236; C54, §§ 2-2, 2-3, 2-4; O.6323; C62, §§ 2-2, 2-3, 2-4; O.7617, 7776, 7958; C75, C79, § 2-2; O.10,505; C85, § 2-2; O.11,549; C91, § 2-2; O.15,608)

State law references—Open meetings, I.C. § 21.1 et seq.; authority to adopt rules of conduct, I.C. § 21.7.

Sec. 2-71. Cultural competency training.

Each member of the council shall complete cultural competency training established by the city manager prior to December 31, 2022. Each member of the council elected or appointed to an initial term of office commencing after December 31, 2022, shall complete cultural competency training established by the city manager within six months from commencement of such term of office.

(O.16,082)

Secs. 2-72—2-95. Reserved.

DIVISION 2. ORDINANCES AND RESOLUTIONS

Sec. 2-96. Enacting clause of ordinances.

The enacting clause for city ordinances shall be: "Be It Ordained by the City Council of the City of Des Moines . . . ."
(C42, § 6-15; C54, C62, § 2-10; C75, C79, C91, § 2-4)

Sec. 2-97. Signing, indexing and filing.

All ordinances and resolutions passed by the city council shall be signed by the mayor or by the presiding officer pro tem, in the mayor's absence, or by two councilmembers and shall be indexed and kept on file in the office of the city clerk.
(C42, § 6-1; C54, C62, § 2-11; C75, C79, C91, § 2-5)

Sec. 2-98. Execution of ordinances in duplicate; recording.

All ordinances shall be executed in duplicate, and one original of each ordinance shall be recorded by the city clerk in a looseleaf book provided for that purpose as soon as may be after passage.
(C42, § 6-2; C54, C62, § 2-12; C75, C79, C91, § 2-6)

Sec. 2-99. Certification of ordinances.

The city clerk shall ascertain that all ordinances are properly signed and, immediately following the record of every ordinance, shall append a certification of passage and publication, which certification shall be in the following form:

> "I _____, city clerk, of the City of Des Moines, hereby certify that the above and foregoing is a true copy of an ordinance passed by the city council of said city at a meeting _____, (Year), signed by Mayor _____, (Year) and published as provided by law in the _____, (Year).
>
> _____ City Clerk."

(C42, § 6-3; C54, C62, § 2-13; C75, C79, C91, § 2-7)

Sec. 2-100. Approval by legal department.

No ordinance or resolution shall be submitted to the city council until its form has been approved by the legal department.
(C42, § 6-9; C54, C62, § 2-21; C75, C79, C91, § 2-10)

Sec. 2-101. Proof of publication.

(a) Whenever any ordinance, resolution, notice, report or other matter pertaining to city affairs is required by law, ordinance or resolution to be published in newspapers, a printed copy thereof with proof of publication in the form required by law in case of original notices shall be filed with the officer or person causing publication thereof to be made. A like copy with like proof of publication shall be filed with the city clerk and shall be preserved by him or her as a part of the records of the city clerk's office. No bill or account for such publication shall in any case be allowed or paid until such copies and proofs of publication have been filed. The fact that they have been filed shall be noted on such bill or account before it is allowed or paid.

(b) Any city officer or employee who shall allow or pay any bill or account for publication of any of the matters referred to in subsection (a) of this section before the copies and proofs of publication have been filed shall be guilty of a misdemeanor punishable as provided in section 1-15.
(C42, §§ 6-10, 6-12; C54, C62, §§ 2-22, 2-23; C75, C79, C91, § 2-11)

Sec. 2-102. Preservation of proofs of publication.

The city clerk shall procure a substantial scrapbook or invoice book in which the printed copies and proofs of publication referred to in section 2-101 shall be securely pasted or otherwise

fastened. This book and the printed copies and proofs of publication contained therein shall be a part of the records of the city clerk's office.
(C42, § 6-11; C54, C62, § 2-24; C75, C79, C91, § 2-12)

Sec. 2-103. Appropriations.

No money shall be appropriated out of the city treasury except as provided by law.
(C42, § 6-13; C54, C62, § 2-25; C75, C79, C91, § 2-13)

Sec. 2-104. Resolutions authorizing contracts.

Every resolution by the city council authorizing any person to make any contract for the city shall be adopted by a vote of yeas and nays, and every contract made in accordance with the authorization shall be valid and binding upon the city and may be enforced against or in favor of the city. A contract made by the person authorized by the city council to contract under this section shall be considered made by the council for purposes of section 2-68 of this chapter.
(C42, § 6-14; C54, C62, § 2-26; C75, C79, C85, § 2-14; O.11,549; C91, § 2-14)

DIVISION 3. CITY COUNCIL ETHICS CODE

Sec. 2-105. Purpose of ethics code.

The city council hereby adopts this ethics code to establish standards for uniform conduct which prevent conflicts of interest or the appearance of conflicts of interest in order to uphold the integrity of the office of city council and to assure taxpayers and citizens of the propriety of city council actions.
(O.16,003)

Sec. 2-106. Definitions.

Apparent conflict of interest or *appearance of conflict of interest* means the impression that a reasonable person would have, after full disclosure of the facts, that a councilmember's judgment would be significantly influenced by outside financial interests, even though there may be no actual or legal conflict of interest. The city ethics officer shall only reach the conclusion that an apparent conflict of interest or appearance of conflict of interest exists upon presentation of clear and convincing evidence.

Conflict of interest means a situation in which financial or other personal considerations have the potential to compromise or bias a councilmember's judgment and objectivity.

Immediate family means the spouse, children, step-children, grandchildren, parents, step-parents, grandparents, brother, sister, step-brother, step-sister, and immediate household members of a councilmember.

Potential conflict of interest involves a situation that may develop into an actual or legal conflict of interest.
(O.16,003, 16,523)

Sec. 2-107. Conflicts of interest prohibiting councilmember action and barring councilmembers or the immediate family of council members from participation.

(a) No member of the city council shall vote, take any official act or action, or participate in the discussion before the council or any city agency, board or commission associated with any item in which such member has a direct or indirect pecuniary interest, which includes without limitation, the following interests and persons:

(1) A councilmember's property or financial interests.

(2) A councilmember's immediate family.

(3) Any person or entity employing or offering employment of the councilmember or any member of the councilmember's immediate family

(4) Any business entity in which the councilmember's or the councilmember's immediate family has a legal or beneficial ownership interest of five percent or greater.

(5) Any person or business entity with whom a contractual relationship exists with the councilmember or the councilmember's immediate family member.

(b) For contracts or transactions which are the subject of an official act or action of the city, or may in the future be the subject of an official act or action of the city, councilmembers are prohibited from:

(1) Having or thereafter acquiring an interest in such contract or transaction;

(2) Having an interest in any business entity representing, advising, or appearing on behalf of, whether paid or unpaid, any person or business entity involved in such contract or transaction;

(3) Soliciting or accepting present or future employment with a person or business entity involved in such contract or transaction or with any entity doing business with or having any matter pending with the city.

(4) Soliciting or accepting any present or future gift, favor, service, or thing of value from any person involved in such contract or transaction.

(c) Councilmembers are prohibited from taking any official act or action for actual conflicts of interest, apparent or potential conflicts of interest, and appearances of conflict of interest.

(d) Councilmembers and their immediate family are ineligible to apply for or to accept grants, loans or other financial assistance from the city or from an entity that receives financial support from the city, unless excepted herein.
(O.16,003)

Sec. 2-108. Recusal in the event of a conflict of interest.

When a conflict of interest, apparent conflict of interest, appearances of conflict of interest or potential conflict of interest occurs as described in this ethics code or by operation of Iowa law with respect to a councilmember on a matter before the city council, the councilmember is required to recuse himself or herself and is prohibited from deliberation, voting, or participation in any way, on the matter. Participation includes, without limitation, a councilmember making known his or her preference on the matter or discussing the matter with other councilmembers or city staff, whether prior to, during or after the meeting at which such matter comes before the city council.
(O.16,003)

Sec. 2-109. Exceptions.

The prohibitions in section 2-107 shall not apply to the following:

(a) Benefits or programs that are offered city wide to all other similarly situated residents or property on an ongoing fiscal year after fiscal year basis, such as tax abatement or backflow preventer reimbursement programs. Limited budgeted or one-time funded benefits or programs shall not be an exception to the requirements of section 2-107.

(b) To the extent consistent with Iowa Code Chapter 68B and sections 2-110, 2-713, and 94-3 of this Code, *de minimis* or occasional monetary amounts or non-pecuniary gifts.

(c) A commercially reasonable loan or commercially reasonable retail sale made in the ordinary course of business by an institution authorized by Iowa law.

(d) Competitively bid or competitively awarded contracts with city funded entities.

(e) Matters related to an entity in which 1) the councilmember has been designated by the city council to serve as a member of the board of directors or other governing board of an entity or 2) the councilmember is serving on a board of directors or other governing or policy board, received no renumeration, either directly or indirectly, for the service on such board and the primary nature of the entity is either charitable or governmental.

(f) Matters related to a business entity which the councilmember or his or her immediate family support either financially or with in-kind contributions, but only if 1) the primary nature of the business entity is either charitable or governmental; and 2) the councilmember and his or her

immediate family are not member of the board of directors or the governing board or paid employees of the business entity.
(O.16,003, 16,523)

Sec. 2-110. Gifts.

No councilmember shall solicit or accept gratuities, favors, money, rebates or anything of monetary value from persons or entities from whom the city procures goods and/or services, of from city contractors, potential contractors or consultants or parties to sub-agreements with city contractors, or from persons from whom the city is acquiring a property or property interest.
(O.16,003)

Sec. 2-111. Additional prohibitions.

(a) This ethics code is in addition to the applicable conflict of interest prohibitions found in sections 2-713 and 94-3 of this Code regarding

city officers. In the event of a conflict between any of these sections of this Code, the most restrictive prohibitions shall apply.

(b) Councilmembers are prohibited from representation of others before the city council, and all other city boards, committees, commissions, and agencies or in any court action involving the city. The prohibition on appearances before the city council and city board, committees, commissions and agencies shall remain in effect for a period of one year after leaving office.
(O.16,003)

Sec. 2-112. Council attendance.

Appropriate governance of the city requires that the mayor and all of the council members attend all regular meetings and work sessions of the council in order to fulfill each member's obligation to the residents of the city to fully participate in the process of government. Each member of the council has an obligation to his or her constituents and to his or her fellow members to be informed in attending such meetings and work sessions. If a physical presence is not possible, then the mayor or council member shall endeavor to attend all meetings electronically as allowed by law. As a courtesy and when time permits, a member shall notify the mayor or the city clerk that he or she will not be able to attend a meeting.
(O.16,282)

Sec. 2-113. Determination of sanction.

Upon motion passed by a majority vote of the other members of the council, a member may be sanctioned as herein provided. If the motion fails or a motion is passed stating that there has been no violation of this ethics code, then the member shall be deemed not to have been in violation of this ethics code. If the motion passes, the council may sanction any member whose conduct does not comply with this ethics code by any of the following actions which may be cumulative:

(a) a formal resolution of reprimand which shall identify the improper conduct and express council's disapproval of said conduct;

(b) a formal resolution of censure, which shall identify the improper conduct and express council's strong and continuing disapproval of said conduct;

(c) For conduct that does not comply with section 2-112 concerning mayor or council member attendance, in addition to any other provision of this code or state statute, council may compel the attendance of the absent council member by written notice to the absent council member, delivered by registered or certified mail or by any person authorized to serve process that is not an interested party, and ordering the council member's attendance. Any member of the council who when notified of such compulsion for his or her attendance fails to attend such meeting for reasons other than confining illness or absence from the city may be deemed guilty of misconduct in office unless excused by the council.

(d) For conduct that does not comply with section 2-112 concerning mayor or council member attendance, in addition to any other provision of this code or state statute, council may find that such behavior has been willful or habitual in imposing any of the sanctions herein provided and that the office has been constructively abandoned and may seek recourse under state statute.

(O.16,282)

Sec. 2-114. City ethics officer enforcement responsibility and city attorney opinions binding.

(a) The city ethics officer shall be the deputy city manager and shall be responsible for education and enforcement of this ethics code, including determination of apparent conflicts, the appearance of conflicts, potential conflicts, and conflicts of interests under this ethics code. To discharge such responsibilities, the deputy city manager may request advice and opinions from the city attorney.

(b) Councilmembers may also request an opinion from the city attorney on any issue regarding this ethics code, which opinion shall

be binding upon the city, or councilmember, as applicable, in any subsequent action or transaction. The city ethics officer shall be required to retain copies of all such city attorney opinions and to make them available to the city council upon request.
(O.16,003; O.16,282)

Secs. 2-115—2-140. Reserved.

ARTICLE IV. OFFICERS AND EMPLOYEES

DIVISION 1. GENERALLY

Secs. 2-141—2-165. Reserved.

DIVISION 2. MAYOR

Sec. 2-166. Appointment of mayor pro tem.

At its first meeting in January of each year or as soon thereafter as practical, the city council shall select one of its members to serve as mayor pro tem to serve until a successor is elected.
(C42, § 3-2; O.5239; C54, C62, § 2-42; O.7617; C75, C79, C85, § 2-26; O.11,106; C91, § 2-26)

Sec. 2-167. Reserved.

Editor's note—Ord. No. 15,521, § 1, adopted Oct. 24, 2016, repealed § 2-167, which pertained to chair of board of health and derived from Code 1942, § 3-2; Ord. No. 5239; Code 1954; Code 1962, § 2-43; Code 1975; Code 1979; Code 1991, § 2-27.

Sec. 2-168. Powers during emergency.

(a) When the mayor determines in his or her sole discretion that a state of public emergency exists within the city, the mayor may by proclamation:

(1) Declare a state of emergency;

(2) Take command of the police and fire departments;

(3) Govern the city; and

(4) Exercise all emergency powers, including but not limited to those outlined in subsection (b) of this section.

(b) The emergency powers conferred upon the mayor pursuant to this section include the power to:

(1) Direct emergency response activities by the police and fire departments and by such emergency services personnel as the mayor may designate or appoint, with the assistance of the city manager acting in the capacity of director of disaster services as provided by section 2-291.

(2) Execute contracts for the emergency repair of public improvements in accordance with section 94-360.

(3) Procure by purchase or lease or authorize procurement by purchase or lease of goods and services deemed necessary to the city's emergency response effort or for the repair of city buildings or facilities, all as provided by subsection 2-727(c) of this chapter.

(4) Lease or authorize the lease of property and/or buildings deemed necessary for the city's emergency response effort or for the continued operation of city government.

(c) The violation of a mayoral proclamation of emergency or of any subsidiary proclamation thereto evidencing the exercise of emergency powers or of any rule or order issued pursuant thereto by the mayor or the city manager or of any order issued pursuant thereto by any peace officer or of any directive issued by designated emergency services personnel pursuant thereto shall constitute a violation of this section and shall be punishable as a misdemeanor as provided by section 1-15 of this Code.

(d) Mayoral proclamations issued pursuant to this section shall remain in effect until withdrawn by the mayor; provided, however, that such proclamations shall be withdrawn and the mayor shall cease to exercise emergency powers at such time as the conditions giving rise to the emergency are no longer present.
(C42, § 3-2; O.5239; C54, C62, § 2-44; C75, C79, § 2-28; C91, § 2-28; O.13,200, 14,999)

Sec. 2-169. Head of city for service of civil process.

The mayor shall be recognized as the official head of the city by the courts and officers of the state upon whom service of civil process may be made.
(C42, § 3-2; O.5239; C54, C62, § 2-45; C75, C79, C91, § 2-29)

Sec. 2-170. Powers and duties.

(a) *Generally.* The mayor shall have and exercise all the powers and shall perform all the duties provided or prescribed by law, the provisions of this Code or other city ordinances. The mayor shall have the power and authority ordinarily exercised by a presiding officer.

(b) *Appointive powers.* The mayor shall have the power to appoint all members of boards and commissions that he or she is authorized by statute, the provisions of this Code or other ordinances to appoint.

(c) *Chief executive officer of city.* The mayor shall be the chief executive officer and representative of the city.

(d) *Signing of contracts.* The mayor shall sign all contracts on behalf of the city which are approved by the council, unless authority is delegated to another officer or employee by the council.
(C42, § 3-2; O.5239; C54, C62, §§ 2-46 to 2-49; C75, C79, § 2-30; O.10,612; C91, § 2-30)

Secs. 2-171—2-200. Reserved.

DIVISION 3. MANAGER

Subdivision I. In General

Sec. 2-201. Powers and duties.

(a) The city manager shall be the administrative head of the municipal government and shall have and exercise all the powers and perform all the duties prescribed by I.C. § 372.1 et seq., except as otherwise provided by ordinance, resolution, or motion of the city council. Except as otherwise provided in this Code or by state law, the city manager shall have the power and duty to provide for the issuance and revocation of such licenses and permits as are authorized by law or ordinance. The manager shall supervise and administer the office of public affairs.

(b) The city manager or his or her designee may, in his or her discretion, execute right of entry and access agreements for and on behalf of the city, granting access to specified city property to persons for various purposes, including but not limited to property surveys, soil testing, grading, filling, construction staging activities, and access to city property outside of street and alley right-of-way for purposes of conducting environmental assessment or remediation activities, all in support of public or private projects, provided that such agreements shall be subject to review and approval by the legal department. Access to city property within city street and alley right-of-way for purposes of conducting environmental assessment or remediation activities shall be granted pursuant to the requirements of division 2 of article XI of chapter 102 of this Code. The city manager shall develop a schedule of reasonable charges for the grant of access to city property, provided that such charges shall be waived when such access is sought by a governmental entity or by a contractor or consultant engaged in work on behalf of a governmental entity.

(c) The city manager or his or her designee may, in his or her discretion, execute right of entry and access agreements for and on behalf of the city to secure access to private property or property owned by other governmental entities by city personnel or city contractors or consultants for the performance of required activities thereon in support of city projects or operations, provided that the compensation paid by the city for such access does not exceed $100,000.00 and provided that such agreements shall be subject to review and approval by the legal department.

(d) The city manager or his or her designee may, in his or her discretion, execute temporary easements for construction and demolition and temporary backslope and property adjustment easements, for and on behalf of the city, to secure access to private property or property owned by

other governmental entities by city personnel or city contractors as needed in support of the construction, repair, or replacement of public improvements, provided that the compensation paid by the city for each such temporary easement does not exceed $100,000.00 and provided that such temporary easements shall be subject to review and approval by the legal department.

(e) The city manager or his or her designee may, in his or her discretion, execute the following types of real estate documents for and on behalf of the city, provided that such documents have been reviewed and approved by the legal department:

(1) Documents releasing tenant's interests, or involving other temporary property interests, including maintain vacancy agreements and rental agreements, in support of the construction, demolition, repair or replacement of public improvements, provided that the compensation paid by the city under such real estate documents does not exceed $100,000.00.

(2) Documents involving initial and renewal lease agreements for terms of less than three years for the lease of city-owned property that is not needed for municipal purposes during the lease term.

(3) Acceptance of any deed, easement, covenant, or other interest in real estate conveyed to the city, provided that the compensation paid by the city under such real estate document does not exceed $100,000.00.

(4) Documents releasing the city's interest in promissory notes and loan agreements for loans given by the city and administered by the city's office of economic development division of the development services department or the neighborhood conservation services division of the neighborhood services department, and in mortgages, deeds of trust, and similar liens given as security for such loans, in the event that the underlying loan has been paid in full in accordance with the terms thereof. Notwithstanding the foregoing, execution of documents releasing the city's interest that involve partial or full loan forgiveness or amended loan or collateral terms require prior city council approval by resolution.

(5) Documents subordinating the city's interest under subordinate mortgages and liens on private property and amendments thereto, to allow the refinancing of the senior mortgages and liens on such property when the city manager determines it to be in the city's interest and without material impact on the city's security interest in the property for proper and timely performance of the property owner's obligations to the city.

(6) Documents consenting to the assignment of all or some portion of the owner's interest in a contract with the city for economic assistance for the development or redevelopment of the owner's property, and to the assignment of all or some portion of the owner's interest in such property, when the city manager determines it to be in the city's interest and without material impact on the city's security interest in such property for proper and timely performance of the owner's obligations to the city.

(7) Documents representing or certifying to a third party that, except as specifically noted in the document, the city has no knowledge or record that another party to a contract, lease or other agreement with the city is in default or noncompliant with such contract, lease or agreement, when the city manager determines it to be in the city's interest to make such representation or certification.

(8) Documents consenting to the lessee's assignment of its interest in a lease for city property.

(9) Documents releasing the city's easement interest in a property, provided city staff has determined said easement interest is no longer needed and the fair market value paid to the city for the release of said easement interest does not exceed $100,000.00.

(f) The city manager or his or her designee may, in his or her discretion, make application and/or execute licenses, easements or agreements for the grant to the city of crossing rights for municipal utilities or facilities in railroad rights-of-way, as provided in section 476.27(2)(b) of the 2001 Code of Iowa and in the rules promulgated pursuant thereto, provided that the compensation paid by the city for such rights does not exceed $100,000.00 and provided that such documents shall be subject to review and approval by the legal department.

(g) The city manager or his or her designee may, in his or her discretion, approve administrative settlements prior to condemnation award and condemnation awards required for the acquisition of various property interests in support of city projects or operations, should the city manager determine the amount of the administrative settlement or condemnation award to be in the city's best interest, and provided that any such administrative settlement or condemnation award does not exceed $100,000.00 above the approved fair market value of the property interests to be acquired.

(h) The city manager or his or her designee may, in his or her discretion, make application and execute agreements with other public entities, utility companies and railroad companies necessary and required to facilitate the construction of public improvements provided that the compensation paid by the city for such rights does not exceed $100,000.00 and provided that such documents shall be subject to review and approval by the legal department.

(C42, § 3-3; O.5239; C54, C62, § 2-51; O.8409; C75, C79, C85, § 2-32; O.11,549, 11,557; C91, § 2-32; O.12,059, 13,423, 13,500, 13,584, 14,094, 14,763, 15,321, 15,639, 15,928, 16,240, 16,264)

Sec. 2-202. Appointment of assistants.

The city manager is empowered to appoint, with the approval of the council, such administrative assistants, including a deputy city manager and assistant city managers, as the manager shall deem advisable.

(O.5276; C54, C62, § 2-52; O.7303, 7679; C75, § 2-33; O.9583; C79, § 2-33; O.10,431; C85, § 2-33; O.11,549; C91, § 2-33; O.12,059)

Sec. 2-203. Organization of city departments and offices.

The administrative services and functions of the city, under the city manager, are organized into ten separate departments as follows:

(1) *Department of engineering.* The department of engineering shall be under the supervision of the city engineer.

(2) *Development services department.* The development services department shall be under the direction of the development services director.

(3) *Department of finance.* The department of finance shall be under the supervision of the director of finance.

(4) *Fire department.* The fire department shall be under the supervision of the fire chief.

(5) *Human resources department.* The human resources department shall be under the supervision of the human resources director.

(6) *Park and recreation department.* The park and recreation department shall be under the supervision of the park and recreation director.

(7) *Police department.* The police department shall be under the supervision of the chief of police.

(8) *Department of public works.* The department of public works shall be under the supervision of the director of public works.

(9) *Neighborhood services department*. The neighborhood services department shall be under the supervision of the neighborhood services director.

(10) *Information technology department.* The information technology department shall be under the supervision of the information technology director.

(C54, § 2-53; O.6341; C62, § 2-53; O.7289, 7306, 7363, 7379, 7483, 7586, 7814, 8123, 8441, 8513; C75, § 2-34; O.9094; C79, § 2-34; O.9826, 10,002,

10,181, 10,431, 10,583, 10,674; C85, § 2-34; O.11,557; C91, § 2-34; O.11,721, 12,059, 13,214, 13,357, 13,449, 13,554, 13,584, 15,144, 15,928)

Sec. 2-204. Administration of departments.

The city manager shall, by appointment, transfer, designation or delegation, provide for the administration of the city departments, as established in section 2-203 of this division, by department heads who shall be responsible to the city manager for the operation of their respective departments as set forth in this Code. (C54, § 2-54; O.5733, 5863; C62, § 2-54; C75, C79, C85, § 2-35; O.11,549; C91, § 2-35)

Secs. 2-205—2-230. Reserved.

*Subdivision II. Reserved**

Secs. 2-231—2-260. Reserved.

Subdivision III. Office of Public Affairs

Sec. 2-261. Appointment and duties of public information officer.

The city manager shall appoint a public information officer to administer the office of public affairs. The public information officer will be responsible for the following:

(1) Directing the public affairs staff, which includes personnel in the Action Center, the cable television operation, and a special events/marketing coordinator; coordinating and directing public service and information activities and managing all aspects of municipal communications; developing and maintaining effective relations with the news media;

(2) Providing information to the public and processing citizen complaints, suggestions and requests for services;

(3) Broadcasting city meetings and special television programs designed to inform the public; and

(4) Promoting and marketing city facilities and special events, coordinating city participation in community and special events, and developing and maintaining a sponsorship program that increases city-sponsored activities.

(C85, § 2-32.02; O.11,557; C91, § 2-32.02)

*__Editor's note—__Ord. No. 15,928, § 1, adopted Oct. 5, 2020, repealed Subdiv. II, § 2-231, which pertained to office of economic development—Supervision; duties and derived from Code 1985, § 2-32.01; Ord. No. 11,557; Code 1991, § 2-32.01; Ord. No. 13,449.

Secs. 2-262—2-290. Reserved.

Subdivision IV. Disaster Services

Sec. 2-291. Designation, authority and powers and duties of director.

(a) *Designation.* The city manager or his or her designee is designated as the director of disaster services.

(b) *Authority.* The director of disaster services shall be responsible for disaster services and shall serve as the city coordinator.

(c) *General powers and duties.* The director of disaster services shall be responsible for the performance and supervision of performance of all duties in connection with coordinating and carrying out the city's part in furnishing services if major manmade disasters or natural disasters occur, including but not limited to hurricanes, earthquakes, tornadoes, windstorms or floods, in cooperation with the state office of disaster services and other governmental agencies as may be necessary to carry out the purposes of I.C. § 29C.1 et seq.

(d) *Emergency operations plan.* The powers and duties of the director of disaster services shall include the recommendation for adoption by the city council, upon approval by the state office of disaster services, of an emergency operations plan for the city and the recommendation for adoption by the city council of mutual aid plans and agreements which are deemed essential for such plan. Such mutual aid plans may authorize the employment by other cities and towns within the county and by the county of the city director of disaster services as area coordinator for mutual aid. The director of disaster services shall make continuing studies of the need for amendments and improvements in such plans.

(e) *Specific powers and duties.* The duties and responsibilities of the director of disaster services shall include the following:

(1) Requesting the mayor to declare an emergency or public danger as provided in I.C. § 372.14.

(2) Control and direction of training activities.

(3) Maintenance of liaison with other municipal, state, regional and federal disaster services agencies.

(4) Marshaling, after the declaration of an emergency as provided for in this section, of all necessary personnel, equipment or supplies from any city department to aid in carrying out the emergency operations plan.

(5) Preparation, under the direction of the mayor, of all necessary proclamations as to the existence of an emergency and the immediate operational effectiveness of the emergency operations plan.

(6) Preparation, subject to approval by the council, of proposed rules for the protection of life and property to be proclaimed by the mayor during any duly declared emergency.

(7) Coordination of the drafting of proposed mutual aid agreements.

(8) Serving as an operations officer for the joint administration.

(C54, §§ 44A-10 to 44A-13; O.6665; C62, §§ 44A-10 to 44A-13; O.7587; C62, §§ 15A-2 to 15A-5; C75, C79, C85, § 2-57; O.11,598; C91, § 2-57)

Sec. 2-292. Organization.

(a) *Operational organization.* The operational disaster services organization of the city shall consist of municipal officers and employees who may be designated by the city manager and all volunteer workers. Plans of organization shall substantially conform to recommendations of the federal government and the state office of disaster services.

(b) *Joint county-municipal organization.* During any year as the council may elect by resolution to participate in the joint county-municipal disaster services and emergency planning administration provided for in I.C. § 29C.9, the disaster services director of the city may also serve as coordinator for the joint county-municipal disaster services and emergency planning administra-

tion. Details as to the proportion of the salary of the director to be paid by the city and the joint administration, the manner of payment, and the deposit of city funds budgeted for disaster services in the joint county-municipal disaster services and emergency planning fund shall be negotiated between the city manager and the joint administration subject to approval by resolution of the city council.
(C54, §§ 44A-14, 44A-14.01; O.6665, 6954; C62, §§ 44A-14, 44A-14.01; O.7587; C62, §§ 15A-6, 15A-7; C75, C79, C85, § 2-58; O.11,598; C91, § 2-58)

Sec. 2-293. Oath.

The director of disaster services and all officers, members, employees and volunteers participating in any capacity in the disaster services organization shall take the oath prescribed in I.C. § 29C.17, and the oath shall be kept on file in the disaster services department.
(C54, § 44A-15; O.6665; C62, § 44A-15; O.7587; C62, § 15A-8; C75, C79, § 2-59; O.11,598; C91, § 2-59)

Secs. 2-294—2-320. Reserved.

DIVISION 4. CITY CLERK*

Sec. 2-321. Appointment.

At the first meeting in January following the regular city election at which city councilmembers are elected, the city council shall appoint a city clerk, who must be a qualified elector residing within the city.
(C42, § 13-1; C54, C62, § 2-357; C75, C79, C85, § 2-38; O.11,549; C91, § 2-38)

Sec. 2-322. Oath; bond.

Within ten days after appointment the city clerk shall qualify by taking an oath of office and executing an official bond with sureties to be approved by the council. The oath shall be filed in the office of the city clerk.
(C42, § 13-1; C54, C62, § 2-358; C75, C79, C85, § 2-40; O.11,549; C91, § 2-40)
State law reference—Form of oath, I.C. § 63.10.

Sec. 2-323. Official bonds.

(a) *Filing.* All official bonds given to the city shall be filed with the city clerk, except that of the city clerk, which shall be filed with the city treasurer.

(b) *Approval of companies.* All official bonds given to the city shall be with companies, firms or corporations approved by the director of finance.

(c) *Bonds of officers and employees.* All officers and employees shall be covered by individual bonds or blanket bonds for the purpose of indemnifying the city against any loss occasioned through failure of officers and employees to perform their duties faithfully or due to fraudulent or dishonest acts of such officers and employees. The amount and form of such bonds shall be determined by the city manager with the approval of the city council.
(R.O. 1932, § 169; O.4622, 4661; C42, §§ 16-1, 16-12; C54, §§ 2-84, 2-85, 2-86; O.6329, 6921; C62, §§ 2-84, 2-85, 2-86; O.7433; C75, C79, C91, § 2-41)

Sec. 2-324. Chief deputy city clerk.

The chief deputy city clerk shall be appointed by the council and shall have and perform such duties as may be assigned to him or her by the city clerk. In the absence of the city clerk, for any reason, the chief deputy city clerk shall have and exercise all duties and powers of the city clerk.
(C85, § 2-42; O.11,236; C91, § 2-42)

Sec. 2-324.01. Deputy city clerk.

The deputy city clerk shall be appointed by the council and shall have and perform such duties as may be assigned by him or her by the city clerk or chief deputy city clerk. In the absence of the city clerk and chief deputy city clerk, for any reason, the deputy city clerk shall have and exercise all duties and powers of the city clerk.
(O.14,130)

*__State law reference—__Council to appoint clerk, I.C. § 372.13(3).

Sec. 2-325. Attendance at council meetings.

The city clerk shall attend all council meetings and shall keep an accurate record of all proceedings and adopted rules and ordinances.
(C42, § 13-2; C54, C62, § 2-360; C75, C79, C91, § 2-43)

Sec. 2-326. List of accounts and claims allowed.

The city clerk shall furnish the director of finance, as soon as possible after each meeting of the council, with a list of all accounts and claims allowed and orders for the payment of money, giving the name of the person to whom allowed, the amount allowed, upon what fund and for what purpose.
(C42, § 13-2; C54, C62, § 2-361; C75, C79, C91, § 2-44)

Sec. 2-327. Records.

(a) *Duty as custodian.* The city clerk shall have custody of all records of the council and their proceedings and all city ordinances.

(b) *Transcripts for city officers.* The city clerk shall without charge make such transcripts of the records referred to in subsection (a) of this section or of any other records in the clerk's custody as may be ordered by the council or be applied for by any city officer for use in connection with the duties in his or her office.

(c) *Transcripts for private persons; fee.* The city clerk shall also make attested or certified transcripts referred to in subsection (b) of this section, as may be applied for by any person upon the payment to the city treasurer of the fee charged therefor, which shall be the same as the fee allowed by law to the clerk of the district court for like service if that fee does not exceed the amount permitted to be charged under I.C. § 22.3.
(C42, § 13-3; C54, C62, §§ 2-362, 2-363, 2-364; C75, C79, § 2-45; C85, § 2-45; O.11,549; C91, § 2-45)

Sec. 2-328. Custodian of city bonds and contracts.

The city clerk shall have custody of all bonds and contracts belonging to the city except where otherwise provided by state law, the provisions of this Code or other city ordinances.
(C42, § 13-4; C54, C62, § 2-365; C75, C79, C91, § 2-46)

Sec. 2-329. Record of special taxes and assessments.

The city clerk shall keep a record of all special taxes and special assessments levied by the city and shall certify taxes, assessments and other such matters voted by the council to the county treasurer.
(C42, § 13-5; C54, C62, § 2-366; C75, C79, C91, § 2-47)

Sec. 2-330. Seal.

The seal of the city clerk shall have the words "Des Moines" in the center and around the margin the words "City Clerk, Iowa."
(C42, § 4-3; C54, C62, § 2-367; C75, C79, C91, § 2-48)

Secs. 2-331—2-355. Reserved.

DIVISION 5. CITY ATTORNEY

Sec. 2-356. Composition of legal department.

The city legal department shall be composed of the city attorney, deputy city attorneys, such assistant city attorneys as shall be provided by the city council and the employees under the direct supervision and control of the city attorney.
(C42, § 14-1; C54, C62, § 2-344; C75, C79, § 2-116; O.10,515; C85, § 2-116; O.11,549; C91, § 2-116)

Sec. 2-357. Appointment of city attorney, deputy city attorneys and assistant city attorneys.

The city attorney, deputy city attorneys and assistant city attorneys shall be appointed by the city council.
(C42, § 14-1; C54, C62, § 2-345; C75, C79, C85, § 2-117; O.11,549; C91, § 2-117)

Sec. 2-358. Oath of office.

The city attorney, deputy city attorneys and assistant city attorneys shall, before entering upon the performance of their duties, file with the city clerk their official oath of office.
(C42, § 14-1; C54, C62, § 2-346; C75, C79, C85, § 2-118; O.11,549; C91, § 2-118)

Sec. 2-359. Head of legal department.

The city attorney shall be the head of the legal department. Upon failure of the council to provide for a city attorney or upon the absence of the city attorney, a designated deputy city attorney shall be the head of the legal department.
(C42, § 14-1; C54, C62, § 2-347; C75, C79, § 2-119; O.10,515; C91, § 2-119)

Sec. 2-360. Duties generally.

The city attorney or deputy city attorneys and assistant city attorneys shall have the following duties:

(1) *Prosecuting and defending suits generally.* To appear for the city, prosecute and defend all causes in all state or federal courts or administrative agencies in which the city is a party or interested.

(2) *Prosecuting and defending suits upon request.* When requested to do so by the mayor, the city council or the city manager or when the interests of the city require, to appear for the city before any other court or tribunal and prosecute or defend all actions or proceedings in which the city may be a party or interested.

(3) *Prosecuting and defending suits brought by or against officers and employees.* To prosecute or defend all actions and proceedings brought by or against any city officer in his or her official capacity or any city employee growing out of acts connected with his or her employment as required by law.

(4) *Giving opinions.* When requested, to give an opinion in writing upon all questions of law submitted by the mayor, by the council or any member thereof, by the city manager or by the director of any city department or office.

(5) *Drafts of contracts, forms, etc.* When requested, to prepare drafts of contracts, forms and other writings which may be required for use by the city.

(6) *Preparation of ordinances.* To prepare such ordinances as the council from time to time may direct and to provide in writing to the council whenever so requested an opinion as to the validity of ordinances prior to their final passage by the council.

(7) *Processing of claims.* To process all claims filed against the city, determine the liability of the city on each, and propose to the city council compromise or payment of such claims where appropriate.

(8) *Processing of tax sale certificates*. To sign on behalf of the city the notice of expiration of right of redemption from tax sale pursuant to I.C. § 447.9, and the affidavit of service pursuant to I.C. § 447.12.

(9) *Other duties.* To perform such other and further duties as may be enjoined upon the legal department or the members thereof by this Code or other city ordinances.

(C42, § 14-2; C54, C62, § 2-348; O.8746; C75, C79, § 2-120; O.10,515; C91, § 2-120; O.14,510)

Sec. 2-361. Duties of city attorney.

The city attorney shall:

(1) Supervise and be responsible for the performance of all the duties of the legal department.

(2) Exercise supervisory power over the other officers and employees of the legal department in all matters pertaining to the duties of their office.

(3) Promptly account for all moneys received by him or her belonging to the city or received in his or her official capacity and pay the moneys into the city treasury.

(4) Have full and complete authority to require any city employee to render any

service necessary at any time or place in order to carry out the duties of his or her office.

(C42, § 14-3; C54, § 2-349; O.6309; C62, § 2-349; C75, C79, § 2-121; O.10,515; C91, § 2-121)

Sec. 2-362. Deputy city attorney.

A deputy city attorney shall perform such duties as may be assigned to the deputy city attorney by the city attorney or as may be enjoined upon the deputy city attorney by this Code or other city ordinances. The city attorney shall designate one deputy city attorney to act as head of the legal department to perform all duties of the city attorney in the absence of the city attorney.

(C42, §§ 14-4, 14-6; C54, C62, §§ 2-350, 2-352, 2-353; C75, C79, § 2-122; O.10,515; C85, § 2-122; O.10,889, 11,549; C91, § 2-122)

Sec. 2-363. Duties of deputy city attorneys and assistant city attorneys.

The deputy city attorneys and assistant city attorneys shall perform duties as may be required of them by the city attorney or the mayor or as the council shall direct by this Code or other city ordinances or resolution.

(C42, § 14-5; C54, C62, § 2-351; C75, C79, § 2-123; O.10,515; C85, § 2-123; O.10,889; C91, § 2-123)

Sec. 2-364. Employing special counsel.

No compensation shall be allowed to any person for services as an attorney or counselor to any part of the city government or the heads thereof, except in cases especially authorized by ordinance or resolution of the city council and then only on the certificate of the city attorney or designee that the services are actually rendered and that they could not be performed by officers of the legal department, unless the city council specifically waives this certificate of the city attorney and directs a different process.

(C42, § 14-7; C54, C62, § 2-354; C75, C79, § 2-124; O.10,515; C91, § 2-124; O.16,503)

Sec. 2-365. Approval of contracts.

All contracts and all ordinances and resolutions making contracts or authorizing the making of contracts for council approval shall be drawn by the city attorney, a deputy city attorney, or an assistant city attorney or shall be approved by such an officer before they are made or approved.

(C42, § 3-1; O.5239; C54, C62, § 2-355; C75, C79, § 2-125; O.10,515; C91, § 2-125)

Sec. 2-366. Records of legal department.

The legal department shall keep a record of all official opinions, a register or docket of all actions prosecuted or defended by members of the legal department, except the city prosecutors, and a record of all proceedings related to those matters.

(C42, § 14-8; C54, C62, § 2-356; C75, C79, § 2-126; O.10,515; C85, § 2-126; O.11,549; C91, § 2-126)

Secs. 2-367—2-395. Reserved.

DIVISION 6. EMPLOYEE PERSONNEL RULES, REGULATIONS AND BENEFITS

Subdivision I. In General

Secs. 2-396—2-420. Reserved.

Subdivision II. Incompatible Activities

Sec. 2-421. Engaging in conflicting duties.

A city employee shall not engage in any employment, activity, or enterprise which is inconsistent, incompatible, or in conflict with his or her duties as a city employee or with the duties, functions, and responsibilities of the department by which he or she is employed.

(C42, § 15-25; O.5298; C54, C62, § 2-124; O.7583; C62, § 15-92; C75, C79, C91, § 2-298)

Sec. 2-422. Type of incompatible activities.

(a) Any employment, activity, or enterprise shall be considered inconsistent, incompatible, or in conflict with city employment which:

(1) Involves the use for private gain or advantage of the city's time, facilities,

equipment, or supplies except for personal clothing items used in compliance with departmental rules and regulations, prestige, or influence of a city office or employment.

(2) Involves the receipt or acceptance by the officer or employee of any money or other consideration from anyone other than the city for the performance of an act which the officer or employee would be required or expected to render in the regular course of his or her city employment or a part of his or her duties as a city officer or employee.

(3) Involves the performance of an act in other than his or her capacity as a city officer or employee which may later be subject, directly or indirectly, to the control, inspection, review, audit, or enforcement by such officer or employee or the department by which he or she is employed.

(4) Involves so much of the employee's time that it impairs his or her attendance or efficiency in the performance of his or her duties as a city officer or employee.

(b) The appointing authority shall make a final determination, when necessary, as to whether a specific activity is incompatible.
(C62, § 15-93; O.7583; C75, C79, C85, § 2-299; O.11,570; C91, § 2-299)

Sec. 2-423. Conflict of interest.

(a) No city employee shall participate in the selection or in the award or administration of a contract if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when any of the following has a financial or other interest in the firm or contractor selected for award:

(1) The employee;

(2) Any member of his or her immediate family;

(3) His or her partner; or

(4) Any organization which employs or is about to employ any of the persons listed in subsection (a)(1) through (3) of this section.

(b) City employees will neither solicit nor accept gratuities, favors, money, rebates or anything of monetary value from contractors, potential contractors or parties to subagreements.

(c) Any employee who violates this section may be subject to disciplinary action, up to and including termination.

(d) This section is in addition to the conflict of interest prohibitions found in sections 2-713 and 94-3.

(e) Exceptions under federal law. To the extent allowed by applicable federal law or regulation, the city council may permit exceptions to conflicts of interest under this section which do not constitute a violation of applicable provisions of state law. The grant of such exceptions shall be specifically conditioned upon approval by the appropriate federal agency.
(C91, § 2-299.01; O.13,431)

Sec. 2-424. Political activity.

(a) No officer or employee shall, while performing official duties or while using city equipment at the person's disposal by reason of the position, solicit in any manner a contribution for any political activity or candidate or engage in any political activity during working hours that impairs the efficiency of the position or presence during the working hours.

(b) No officer or employee who in any manner supervises an employee shall directly or indirectly solicit the person supervised to contribute money, anything of value, or service to a candidate seeking election or a political party or candidate's political committee.

(c) Any officer or employee who becomes a candidate for any elective public office shall, upon request of the officer or employee and commencing any time within thirty days prior to a contested primary, special or general election and continuing until the day following that

election, automatically receive leave of absence and during such period shall perform no duties connected with the office or position so held. The appointing authority may authorize the employee to use accrued vacation leave or accrued compensatory leave if available instead of leave without pay to cover such leave. An employee who is a candidate for any elective public office shall not campaign while on duty as an employee.

(d) Nothing in this section shall prohibit any employee or group of employees, individually or collectively, from expressing honest opinions and convictions or making statements and comments concerning their wages or other conditions of their employment.
(C62, § 15-94; O.7583; C75, C79, § 2-300; O.9718; C91, § 2-300; O.13,382, 14,068)

Secs. 2-425—2-450. Reserved.

Subdivision III. Deferred Compensation Plan

Sec. 2-451. Creation.

(a) A deferred compensation plan is available for eligible city employees in accordance with the provisions of this subdivision and detailed specifications approved by city council roll call number 5379, dated November 24, 1975 and filed with the city clerk, as such plan may be amended from time to time.

(b) A money purchase plan as authorized by roll call number 01-1147 dated June 4, 2001 and filed with the city clerk is also available for eligible city employees as such plan may be amended from time to time.
(C62, § 15-95; O.8546; C75, § 2-301; O.9005; C79, § 2-301; O.10,661; C91, § 2-301; O.13,661, 14,555)

Sec. 2-452. Purpose.

The purpose of the deferred compensation plan and the money purchase plan is to make available to eligible city employees and city officers an opportunity to invest compensation whereby receipt and taxation of a portion of an employee's or officer's salary may be deferred.
(C62, § 15-96; O.8546; C75, C79, § 2-302; O.10,661; C91, § 2-302; O.13,661, 14,555)

Sec. 2-453. Eligibility.

(a) *Deferred compensation plan:* All permanent full-time and permanent part-time employees, permanent full-time and permanent part-time probationary employees and any other employees made eligible pursuant to collective bargaining agreements shall be eligible for participation provided that they enter into an agreement to defer compensation not yet earned pursuant to these code sections and consistent with section 457 of the Internal Revenue Code and applicable amendments including the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

(b) *Money purchase plan:* All supervisory, management and professional permanent full-time employees and city officers who hold a supervisory, management or professional permanent full-time position on January 1, 2011 or who have accepted an offer of employment for a supervisory, management or professional full-time position, or a covered member of the Des Moines Police Gold Braid Organization who held the rank of Sergeant, Lieutenant or Captain in or out of the bargaining unit on or before January 1, 2011 shall be eligible for participation provided that they enter into an agreement to defer compensation not yet earned pursuant to these code sections and consistent with section 401(a) of the Internal Revenue Code as it may be amended from time to time.
(C62, § 15-97; O.8546, 8872; C75, § 2-303; O.9005; C79, § 2-303; O.10,661; C91, § 2-303; O.13,661, 14,555, 14,983, 14,998)

Sec. 2-454. Income deferral agreements.

The city manager, or his or her designee, is hereby authorized to enter into agreements with city employees and city officers who may qualify for participation in a deferred compensation and/or a money purchase plan, whereby the participant may designate a portion of his or her future earnings to be deducted by the city through payroll deduction and placed in an eligible plan pursuant to current laws and regulations pursu-

ant to section 457 or 401(a) of the Internal Revenue Code. Such agreements may include, but shall not be limited to, specifications that:

(1) City contributions to a plan may be made as the city council may direct from time to time by resolution or by collective bargaining agreement.

(2) The city may amend the provisions of the applicable plan at any time, provided, however, that no amendment shall affect the rights of participants or their beneficiaries to the receipt of payment of benefits.

(3) The city shall not be responsible for any loss due to the investment or failure of investment of funds and assets in a plan, nor shall the city be responsible or required to replace any loss whatsoever which may result from said investments.

(4) All funds and assets, together with interest, accumulations, and increments thereon, in the employee's applicable plan account shall be held in trust for the exclusive benefit of the participants and their designated beneficiaries or as otherwise consistent with the requirements of the Internal Revenue Code.

(5) An agreement to defer compensation not yet earned must have been entered into by the participant before the beginning of the calendar month in which deferral of compensation is to occur.

(6) As to investments governed by section 457 of the Internal Revenue Code, early withdrawal by a current employee or an alternate payee pursuant to a domestic relations order is limited to an unforeseeable severe financial hardship involving either:

a. A present or imminent financial crisis imposed by a sudden unexpected illness or accident of the participant, participant's spouse, or a dependent of the participant; or

b. An unanticipated substantial loss of property due to casualty loss or catastrophic circumstances brought about by events wholly beyond the control of the participant.

(7) An emergency distribution governed by section 457 of the Internal Revenue Code shall be limited to the amount necessary to meet the emergency. No emergency distribution shall be made to the extent the hardship is or may be relieved by:

a. Reimbursement or compensation through insurance proceeds or otherwise;

b. Liquidation of the participant's assets, to the extent liquidation of such assets would not itself cause severe financial hardship; or

c. Cessation of deferrals under the plan.

d. Loans permitted under the plans.

(8) Domestic Relation Orders may be accepted as to investments governed by section 457 of the Internal Revenue Code and shall be deemed to have the effect of a Qualified Domestic Relations Order and subject to the distribution rules established by section 457 of the Internal Revenue Code as amended by EGTRRA.

(9) Loans may be available from investments governed by sections 457 or 401(a) of the Internal Revenue Code subject to the terms of the individual plan documents and consistent with the applicable sections of the Internal Revenue Code and its regulations and so long as the investment provider administers the loan agreement and the terms of its repayment in accordance with the city's plan document.

(10) Employee participant contributions for deferral pursuant to a deferred compensation plan or a money purchase plan may only be placed in investment products which meet all applicable legal requirements of the Internal Revenue Code.

(C62, § 15-98; O.8546; C75, § 2-304; O.9005, 9031, 9157, 9286, 9562; C79, § 2-304; O.10,360, 10,661; C91, § 2-304; O.13,661, 14,555)

Sec. 2-455. Administration of plan.

The deferred compensation plan and money purchase plan shall be administered by the city manager, or his or her designee, who shall oversee and administer the plans and the accompanying agreements entered into pursuant to this subdivision, in a manner reasonably calculated to accomplish the overall objectives of the plan. The city may refuse to accept the services of an investment provider if it refuses or is unable to comply with the following:

(1) Confirmation statements, quarterly reports, prospectus information, advertisements or any other communications shall be mailed to the home address of the participant.

(2) Applications for emergency withdrawals, transfers of funds, or rollovers for participants currently employed by the city shall be submitted for approval to the city prior to such early distribution.

(3) All distributions to participants no longer employed by the city, or beneficiaries in the event of the death of the participant, shall be payable to the participant or beneficiary as applicable with distribution to the participant as designated by the participant so long as not the city.

(4) IRS notices and forms including "1099" forms shall be provided directly to the participant using the participant's social security number and home address.

(C62, § 15-99; O.8546; C75, C79, § 2-305; O.10,661; C91, § 2-305; O.13,661, 14,555)

Sec. 2-456. Accounts.

All records, including financial records of the deferrals and city contributions, shall be maintained in accordance with generally accepted accounting principles.

(C62, § 15-100; O.8546; C75, C79, § 2-306; O.10,661; C91, § 2-306; O.13,661, 14,555)

Sec. 2-457. Nonassignability.

Neither the participant nor his or her beneficiary nor any other designee shall have any right to commute, sell, assign, transfer, or otherwise convey the right to receive any payments under the deferred compensation plan or money purchase plan, which payments and rights thereto are expressly declared to be nonassignable and nontransferable. For any attempted assignment or transfer, the city shall have no further liability under the plan, nor shall any payments be subject to attachment, garnishment or execution, or be transferable by operation of law if bankruptcy or insolvency occurs, except to the extent otherwise provided by law.

(C62, § 15-101; O.8546; C75, C79, § 2-307; O.10,661; C91, § 2-307; O.14,555)

Secs. 2-458—2-485. Reserved.

Subdivision IV. Residency Requirements

Sec. 2-486. Established.

Employee residency shall be required as provided in state statute and city manager policy relating to categories of similarly situated employees not otherwise covered by Iowa Code 400, except that employees of the legal department shall be as required by state statute and city attorney policy. City employees hired on or before April 30, 1984 shall not be subject to this section during any period of civil service or non-civil-service employment unless their city employment is terminated and they subsequently seek rehire.

(C79, § 2-307.01; O.10,461; C85, § 2-307.01; O.11,255; C91, § 2-307.01; O.14,325, 16,351)

Secs. 2-487—2-535. Reserved.

ARTICLE V. DEPARTMENTS*

DIVISION 1. GENERALLY

Secs. 2-536—2-560. Reserved.

*__Cross references—__Fire department, § 46-31 et seq.; park and recreation department, § 74-56 et seq.; police department, § 86-26 et seq.; department of housing services personnel, § 90-62.

DIVISION 2. ENGINEERING

Sec. 2-561. Supervision by city engineer.

The city engineer shall supervise the department of engineering under the management and direction of the city manager.
(C75, § 2-66.01; O.9094; C79, C91, § 2-66.01; O.11,852)

Sec. 2-562. Appointment of city engineer.

The city manager shall appoint the city engineer, who shall be a registered professional engineer, registered in this state.
(C75, § 2-66.02; O.9094; C79, C91, § 2-66.02)

State law reference—Definition of "engineer" for purposes of special assessments statute, I.C. § 384.37(5).

Sec. 2-563. Duties of city engineer.

The city engineer shall serve as the chief civil engineer and shall have administrative responsibility for the following matters, subject to such administrative procedures as may be established by the city manager:

(1) The design and construction of all city infrastructure and building facilities included in the capital improvement program (CIP) as adopted annually by the city council.

(2) The installation, timing and maintenance of traffic control devices; the conduct of engineering studies of traffic accidents and the development of remedial measures; the planning for the operation of traffic on city streets and highways; the planning and maintenance of the street lighting system; the planning, maintenance and operation of public municipal parking facilities; and the issuance of permits as authorized by city ordinances for activities occurring in the street right-of-way.

(3) Erosion control, stormwater management, and sewer system evaluation and permitting.

(4) The operation and maintenance of the Des Moines Regional Wastewater Reclamation Authority (WRA), WRA sewers, flow metering facilities in the WRA system, and all sanitary sewer pumping stations and equalization basins. The city engineer shall serve as the Des Moines Regional Wastewater Reclamation Authority Operating Agency Director.

(5) The operation and maintenance of the city stormwater utility. The city engineer shall serve as the director of the city stormwater utility.

(6) All property acquisition and relocation activities.

(7) Other related duties and functions as may be assigned by state law, by city ordinance or council resolution, or by the city manager.

(C75, § 2-66.04; O.9094; C79, § 2-66.04; C91, § 2-66.03; O.11,852, 13,449, 14,314)

Secs. 2-564—2-590. Reserved.

DIVISION 3. FINANCE

Subdivision I. In General

Sec. 2-591. Appointment of director.

The director of finance shall be appointed by the city manager.
(C54, § 2-298; O.5731, 5861; C62, § 2-298; C75, C79, C91, § 2-67)

Sec. 2-592. Supervision of divisions.

The director of finance shall supervise the department of finance, which shall be composed of the following divisions:

(1) Administrative division.

(2) Accounting division.

(3) Audits division.

(4) Central services division.

(5) Purchasing division.

(6) Research and budget division.

(7) Risk management division.

(8) Treasury division.

(C54, C62, § 2-299; O.7303, 8513; C75, C79, C91, § 2-68; O.12,059, 13,554)

Sec. 2-593. Responsibilities of director.

The director of finance shall supervise the administrative division of the finance department which is responsible for preparation of interim and annual financial reports, installation and maintenance of new and revised financial systems and procedures, administration of insurance and bonding programs, debt administration, preparation of departmental annual budget, and departmental personnel administration and space allocation.
(C54, C62, §§ 2-300, 2-301; O.8513; C75, C79, C85, § 2-69; O.11,573; C91, § 2-69)

Secs. 2-594—2-620. Reserved.

Subdivision II. Accounting Division

Sec. 2-621. Under supervision of chief accounting and check-issuing officer.

The director of finance shall serve as the chief accounting and check-issuing officer of the city and shall supervise the accounting division.
(C54, C62, § 2-302; C75, C79, C85, § 2-70; O.11,573; C91, § 2-70; O.13,659)

Sec. 2-622. Duties of chief accounting officer.

The chief accounting officer shall perform all of such duties prescribed by state statute, by the provisions of this Code and by other city ordinances and shall, except as otherwise expressly provided, have custody and control of all financial books of the city. He or she shall keep suitable books and records in which shall be entered all financial transactions of the city.
(C54, C62, § 2-303; C75, C79, C85, § 2-71; O.11,573; C91, § 2-71)

Sec. 2-623. Drawing and signing of checks.

The chief accounting officer shall draw all checks on the city treasurer, which checks shall be countersigned by the mayor. No checks shall be drawn except upon the order of the city council, city international airport board or the board of trustees of the city public library. No check shall be drawn upon any fund or for any purpose in excess of the amount appropriated therefor. All checks shall be signed personally by the chief accounting officer or by the mayor, or by the financial software system using digitized signatures under the personal direction of the

chief accounting officer, or by persons designated by the accounting officer with the approval of the city manager.
(C54, C62, § 2-304; C75, C79, C91, § 2-72; O.13,659)

Sec. 2-624. Contracts and other obligations.

All contracts or other obligations made on behalf of the city shall be first presented to the chief accounting officer for the purpose of determining that funds are available for such obligations.
(C54, C62, § 2-305; O.7497; C75, C79, C91, § 2-73)

Sec. 2-625. Monthly statement to city departments.

The chief accounting officer shall render to each department of the city government a monthly statement showing the condition of its appropriation for the current year.
(C54, C62, § 2-306; C75, C79, C91, § 2-74)

Sec. 2-626. Public service utilities.

(a) *Collection of license fees and other moneys.* The chief accounting officer shall collect or cause to be collected all license fees, franchise taxes, rentals or other moneys which may be due or become due to the city from all persons operating public service utilities in the city.

(b) *Examination of accounts and records.* The chief accounting officer shall, whenever the city has authority to do so and when so ordered by the city manager, cause to be examined the accounts and records of any person operating a public service utility in the city.
(C54, C62, §§ 2-307, 2-308; C75, C79, C91, § 2-75)

Secs. 2-627—2-655. Reserved.

Subdivision III. Audits Division

Sec. 2-656. Supervision; duties.

The director of finance shall supervise the audits division of the department of finance. This division shall be responsible for conducting internal audits requiring the examination of accounting records and the reporting and evaluation of accounting data and systems performance.
(C54, C62, § 2-326; O.7303; C75, C79, C91, § 2-76)

Secs. 2-657—2-685. Reserved.

Subdivision IV. Central Services Division

Sec. 2-686. Supervision.

The central services division supervisor shall supervise the central services division of the department of finance under the direction of the director of finance.
(C62, § 2-327.01; O.8513; C75, C79, C91, § 2-77)

Sec. 2-687. Responsibilities.

The central services division shall be responsible for operation of the reproduction facilities; provision of mail and messenger service; maintenance of warehouses and storerooms; retention, retrieval, and disposal of records; control of forms design; maintenance of property inventory records; and such other duties as may be required by the director of finance.
(C62, § 2-327.02; O.8513; C75, C79, C91, § 2-78)

Secs. 2-688—2-699. Reserved.

*Subdivision V. Procurement Division**

Part 1. General Provisions

Sec. 2-700. Duty of city manager.

In accordance with and to the extent provided by Section 372.8 of the Iowa Code or successor provision, the city manager has charge of the

*__Editor's note—__Ord. No. 15,629, § 1, adopted Dec. 4, 2017, repealed the former Subdiv. V, §§ 2-700—2-715, 2-726—2-738, 2-746—2-762, and enacted a new subdivision as set out herein. The former Subdiv. V pertained to similar subject matter and derived from Ord. No. 14,346, § 1, adopted June 21, 2004; Ord. No. 14,408; Ord. No. 14,492; Ord. No. 14,683; Ord. No. 14,892; Ord. No. 14,936; Ord. No. 14,999; Ord. No. 15,144; Ord. No. 15,527.

procurement of goods and/or services for use in the city service and the disposition of surplus city property.
(O.15,629)

Sec. 2-701. Supervision.

The director of finance shall, under the direction and supervision of the city manager, supervise the procurement division in the department of finance.
(O.15,629)

Sec. 2-701.5. Responsibility for the procurement of goods and services.

The procurement administrator is responsible for the activities of the procurement division under the direction and supervision of the director of finance. The procurement of goods and/or services for use in the city service and the disposition of surplus city property shall be conducted by the procurement division, with the exceptions designated in section 2-726.
(O.15,629)

Sec. 2-702. Procurement of goods and services under competitive bidding or request for proposal process.

(a) The procurement of goods and/or services, wherein cost to the city and compliance with specifications will be the only criteria considered in selecting among competing bidders, shall be accomplished under the competitive bidding process outlined in this subdivision.

(b) In procuring goods and/or services under the request for proposals (RFP) process, selection of the successful proposal may be based upon criteria in addition to cost to the city and compliance with specifications, including but not limited to experience, expertise and/or qualifications of the provider; quality of the goods and/or services; and the quality and availability of training or repair services. In procuring concessions at city facilities, selection of the successful proposal may be based upon criteria in addition to revenue to the city and compliance with specifications, including but not limited to capital investment, experience, financial resources, business plan, and involvement of Disadvantaged Business Enterprises.

(c) Except as to emergency contracts authorized by section 2-709, no procurement request shall be split into parts for the purpose of avoiding any section of this subdivision.
(O.15,629)

Sec. 2-703. Definitions.

The definitions in this section apply to this subdivision. Defined terms remain defined terms whether or not capitalized in the text. The following words, terms and phrases, when used in this subdivision, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bidder means a provider of goods and/or services who submits a bid proposing to provide specified goods and/or services at a specified price or prices in response to a solicitation for bids for the provision of those goods and/or services issued by the city procurement division or by a city department as authorized and approved by the procurement administrator to issue such solicitation.

Concession means the grant of the right to operate a venture on designated city property for the direct sale or advertising of goods and/or services to the public, where the designated property is considered to be a point of attraction for the public, and where competition for the grant of such use of such property for the sale of goods and/or services is anticipated. Uses which are customarily granted as concessions include, but are not limited to, the sale of food and beverages at city park and recreation facilities and in common areas in city parking garages. Uses which will not be granted as concessions include food and beverage sales and vending in employee break areas in city buildings used primarily for city offices. Concessions involving the lease or exclusive use of city property for a period of more than three years shall be subject to approval of the city council, as provided by Section 364.7 of the Iowa Code.

Cost to the city does not include insurance proceeds received by the city.

Formal competitive bidding procedure means the solicitation of bids by mailing and advertisement as provided by Section 2-730, and the submission of sealed written bids to be publicly opened at an announced time and place.

Goods means things that are movable and have intrinsic value, including without limitation, equipment, materials, supplies, computer programs, and intellectual property and excluding real property, money, securities, documents, negotiable instruments and other intangibles.

Informal competitive bidding procedure means the solicitation and submission of bids by telephone, facsimile, e-mail or regular mail.

Invitation to bid means a written solicitation to prospective suppliers or service providers to submit a bid for services or goods.

Nonprofit agency or organization means an agency or organization that is incorporated under I.C. ch. 504A or is tax exempt under section 501(c) of the Internal Revenue Code.

Purchase order means a written document generated by the procurement division addressed to a provider of goods and/or services stating the terms and conditions of a proposed transaction. In the absence of a formal contract entered into between the provider and the city, a purchase order which is accepted and acted upon by the provider constitutes the formation of a contract between the provider and the city.

Proposer means a provider of goods and/or services who submits a proposal to provide specified goods and/or services at a specified price or prices in response to a request for proposals for the provision of those goods and/or services issued by the city purchasing division or by a city department authorized to issue such request for proposals.

Services means useful labor, such as repair or maintenance work, or work that results in the creation of intellectual property, including without limitation architectural or engineering designs, but does not result in the production a tangible commodity or item of personal property, but does not include the sale of real estate, employment, or public improvements construction as defined in Iowa Code Chapter 26 or Iowa Code Chapter 26A.

Surplus property means those goods or personal property of the city which is in excess of current city needs, or is no longer required for its originally intended use, purpose or function, as determined by the procurement administrator.

Temporary concession means a concession as defined in this subsection that is conducted for no more than 31 consecutive days or for no more than 60 days within a calendar year.
(O.15,629, 16,235)

Sec. 2-704. Preference for state products and labor.

The requirement of I.C. § 73.1 et seq. relating to preference for state products and labor shall be observed by all city officers and employees with respect to the procurement or use of products and provisions grown and coal produced within the state.
(O.15,629)

Sec. 2-705. Preference for local goods and services.

In recognition that businesses may pay higher property taxes due to their location within the corporate limits and that such taxes may increase the cost of providing goods and/or services in comparison to businesses located outside the corporate limits and to encourage businesses to locate and remain in the city, a preference shall be given to local businesses, as defined in section 2-706, in the issuance of purchase orders or the awarding of city contracts governed by this subdivision. In conducting the procurement of goods and/or services by competitive bid, the procurement administrator shall give preference to a responsive bid from a business located within the corporate limits of the city over an acceptable low bid submitted by a business located outside of the corporate limits, where the local bidder's bid exceeds the acceptable low bid by no more than one percent. In conducting the procurement of goods and/or services by request for proposals, a local preference equivalent to

one percent of all points available to competing proposers under the evaluation criteria adopted for each procurement shall be awarded to each proposer whose business is located within the corporate limits of the city. The local preference herein established shall not be applicable to goods and/or services procured with the assistance of federal, state or county grants or funds, nor shall the local preferences be applicable to goods and/or services where federal regulations or law prohibits a local preference, nor shall such preference be applied in violation of any international trade agreement or treaty to which the United States of America is a party.
(O.15,629)

Sec. 2-706. Determination of eligibility for local preference.

For purposes of determining if a business is entitled to a local preference, the business shall be considered to be a local business if its headquarters, or the headquarters of its parent or holding company, is determined to be within the corporate limits of the city, determined by the payment of city property taxes on such headquarters occupied by the business for a period of at least one year prior to award, or by the payment of rent to a landlord paying city property taxes on such headquarters occupied by the business for a period of at least one year prior to award.
(O.15,629)

Sec. 2-707. Collusion among bidders or proposers prohibited.

Under this subdivision, any agreement or collusion among bidders or prospective bidders, or among proposers or prospective proposers, in restraint of freedom of competition by agreement to bid or propose a fixed price or otherwise shall render the bids or proposals of such bidders or proposers void. Each bidder/proposer shall accompany his or her bid/proposal with a sworn statement or shall otherwise swear or affirm that he or she has not been a party to any such agreement. Any disclosure by one bidder or proposer to another bidder or proposer of the content of a bid or proposal in advance or the submission of bids or proposals shall render the bids or proposals of both such bidders or proposers void, and may at the discretion of the procurement administrator render the proceedings void.
(O.15,629)

Sec. 2-708. City manager authorized to adopt administrative rules, regulations and procedures implementing the provisions of this subdivision, to approve exemptions therefrom, and to execute contracts not to exceed $100,000.00.

(a) The city manager, or the procurement administrator if designated by the city manager, may in his or her discretion adopt, promulgate and revise administrative rules, regulations and procedures to implement the provisions of this subdivision and for the proper conduct of the procurement activities of the procurement division.

(b) The city manager or the finance director if designated by the city manager, may exempt procurements and contracts from the administrative rules, regulations and procedures adopted under this subdivision.

(c) The city manager may execute contracts to procure goods and/or services where the estimated cost or revenue will not exceed $100,000.00 annually and may authorize department directors and the procurement administrator to execute such contracts. Such contracts and related purchase orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and approval as to form by the city attorney or their designee if any of the following circumstances apply:

(1) The contract or purchase order contains terms and conditions proposed by the bidder, proposer, concessionaire, or other vendor or service provider, other than contract or unit cost, unit quantity, scope of work, and duration and timing;

(2) The contract or purchase order is for goods or services to be procured using master contract(s) or agreement(s) involving nonprofit associations, cooperative

chapter 28E agreements, federal, state, county or other local government contracts, or cooperative group contracting consortiums;

(3) The contract terms are not limited to (i) city template document(s) previously approved as to form by the city attorney or their designee or (ii) standard city-issued purchase order(s) referring only to terms incorporated into the city's request for quotation or bid.

(O.15,629, 16,219)

Sec. 2-709. Public and operating emergencies.

(a) The mayor may, upon declaration of emergency by proclamation as provided in section 2-168 of this chapter, authorize the city manager to procure by purchase or lease such goods and/or services as are deemed necessary for the city's emergency response effort. Such emergency procurement of goods and/or services may be made in the open market without filing a requisition, purchase order, request for proposals or estimate therefor, and without advertisement therefor, for immediate delivery or furnishing. A full written account of all emergency procurements made during such emergency, together with a requisition for the goods and/or services required therefor, shall be submitted to or provided by the city manager within 30 days after their procurement and shall be open to public inspection for a period of at least one year subsequent to the date of the emergency purchases. The city manager shall, within three months of the conclusion of such emergency, formally communicate the emergency expenditures in a full written account to the city council.

(b) In the event of an operating emergency as determined by the city manager, the city manager may procure or may authorize in writing the procurement administrator or any department or any board or commission of the city to procure, in the open market without filing a requisition, purchase order, request for proposals or estimate therefor and without advertisement, any goods and/or services that could not have been reasonably foreseen or anticipated, for immediate delivery or furnishing to meet such operating emergency. A full written account of any such operating emergency, together with a requisition for the goods or services required therefor, shall be submitted immediately to the city manager and shall be open to public inspection for a period of at least one year subsequent to the date of the emergency purchases. If the amount so expended for such operating emergency exceeds $100,000.00, the city manager, at the next immediate council meeting, shall formally communicate the emergency expenditure in a full written account to the city council. This exercise of the authority invested in the city manager in respect to purchases to meet such bona fide operating emergencies shall not be dependent upon the mayor governing the city by proclamation.

(c) In the event of an operating exigency as determined by the city manager, the city manager may temporarily extend any contract for the provision of goods and/or services to the city, provided that the city manager shall determine and report such to the city council. If the city council does not concur that the continued provision of such goods and/or services to the city by the current provider is vital to the city's interests and that the procurement of a new contract for the provision of such goods and/or services by competitive bid or request for proposals is impractical within the time remaining under the current contract, such contract shall be terminated within the time required by the city council.

(O.15,629, 16,219)

Sec. 2-710. City council and city manager may exempt contracts from the provisions of this subdivision.

(a) The city council may on a case by case basis, upon the recommendation of the city manager for good cause shown, exempt contracts for the provision of goods and/or services from the competitive procurement requirements of this subdivision, and authorize use of an informal competitive bidding procedure or authorize direct procurement without a competitive process for the procurement of goods and/or services to cost in excess of $100,000.00.

(b) The city council may on a case by case basis, upon the recommendation of the city manager for good cause shown, exempt contracts for the provision of goods and/or services from the request for proposals process of this and authorize the negotiation of a contract for the procurement of goods and/or services estimated to cost in excess of $100,000.00.

(c) The city manager, or the procurement administrator if designated by the city manager, may, upon the recommendation of the requesting department for good cause shown, exempt the procurement by competitive bidding procedure and authorize use of informal competitive bidding procedures or authorize direct procurement without a competitive process for the procurement of goods and/or services estimated to cost $100,000.00 or less. Resulting contracts and purchase orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply.

(d) The city manager, or the procurement administrator if designated by the city manager, may, upon the recommendation of the requesting department for good cause shown, exempt the procurement by request for proposals process and authorize the negotiation of a contract for the procurement of goods and/or services estimated to cost $100,000.00 or less. Resulting contracts and purchase orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply.
(O.15,629, 16,219)

Sec. 2-711. Other duties of procurement administrator.

The procurement administrator, subject to the direction and approval of the city manager, shall:

(1) Assist in the preparation of bid specifications by city departments; coordinate the issuance and advertisement of requests for competitive sealed bids; and assist with the informal competitive bidding procedures.

(2) Open all sealed bids under the general supervision of the city manager.

(3) Furnish his or her recommendations upon request of the city manager as to which bidder is the lowest or highest responsible bidder, as the case may be.

(4) The procurement of goods and/or services, where the total anticipated cost of those goods and/or services will not exceed $100,000.00 annually shall be exempt from the bidding or request for proposal process outlined in this subdivision and shall be administered in a manner reasonably calculated to assure the best interests of the public under the oversight of the procurement division. Related contracts and purchase orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply.

(5) Review requests for proposals prepared by city departments for conformity with city requirements and coordinate their issuance and advertisement.

(6) Review proposals received in response to requests for proposals, coordinate their evaluation by the evaluation and selection committee, and coordinate the making of a recommendation thereon by the evaluation and selection committee.

(7) Distribute or cause to be distributed to the various requisitioning departments such goods as may be procured.

(8) Transfer goods to or between the various requisitioning departments.

(9) Dispose of surplus property by transfer between departments, by competitive sale, or by advertisement to the public, in compliance with section 2-727(c) and (d).

(10) Control and maintain adequate inventory records of all stock of goods, contained in any storage place under control of the procurement administrator.

(11) Assist in the adoption, promulgation and revision of administrative rules, regulations and procedures for the proper conduct of the procurement activities of the procurement division.

(12) Undertake any related activities which may be assigned to him or her from time to time by the finance director, city manager or the city council.

(13) Submit reports, as required by the city manager, faithfully describing the activities of the office.

(14) Conduct or require such physical, chemical or other tests as may be necessary to ensure conformity to such specifications with respect to quality of goods and/or services procured by the city.

(O.15,629, 16,219)

Sec. 2-712. Retention of procurement records; procurement records open to public examination.

On all procurements for which a purchase order is required pursuant to administrative policy, the purchase order and other records related to said purchase, including any contract entered into pursuant thereto, shall be retained in the office of the procurement administrator in a file open to public examination. Such records shall be retained for the period of time during which a cause of action could be initiated on the purchase order or contract under the applicable statute of limitations. After such period has elapsed, such purchase orders, contracts, attachments and related records may be destroyed.
(O.15,629)

Sec. 2-713. Conflict of interest in city procurements prohibited.

(a) No employee, officer or agent of the city shall participate in selection or in the award or administration of a contract or purchase order for the procurement of goods and/or services if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when any of the following has a financial or other interest in the firm or contractor selected for award:

(1) The employee, officer or agent;

(2) Any member of his or her immediate family;

(3) His or her partner; or

(4) An organization which employs or is about to employ any of the persons listed in subsections (a)(1) through (3) of this section.

(b) The city's officers, employees or agents will neither solicit nor accept gratuities, favors, money, rebates or anything of monetary value from persons from whom the city purchases or procures goods and/or services. Any employee, officer or agent who violates this section may be subject to appropriate disciplinary action.

(c) This section is in addition to the conflict of interest prohibitions found in sections 2-423, 2-1054 and 94-3.

(d) Exceptions under federal law. To the extent allowed by applicable federal law or regulation, the city council may permit exceptions to conflicts of interest under this section which do not constitute a violation of applicable provisions of state law. The grant of such exceptions shall be specifically conditioned upon approval by the appropriate federal agency.
(O.15,629)

Sec. 2-714. Procurement by brand or trade name prohibited; exceptions.

All requests made for bids and proposals for goods shall be made in general terms and by general specifications and not by brand or trade name, provided that the procurement administrator may, upon good cause shown, allow procurement of goods by brand or trade name when such goods are being used for test purposes or to determine level of quality.
(O.15,629)

Sec. 2-715. Contacts with potential bidders or proposers prior to issuance of bid or RFP; consultant participating in bid or RFP formation prohibited from responding to invitation to bid or RFP.

In order to prevent the appearance of bias in developing the specifications or scope of services for a bid or an RFP, the department developing the bid specifications or the RFP shall not consult with prospective bidders or proposers to develop specifications regarding the bid or RFP. If a consultant is utilized in the development of the specifications or scope of services for a bid or an RFP, that consultant shall not be allowed to submit a bid or proposal in response to the invitation to bid or RFP or to participate in a response by another bidder or proposer. (O.15,629)

Sec. 2-716. Authority to issue purchase orders and to approve and execute contracts for goods and services and concession agreements; authority to execute amendments to contracts and agreements and to issue change orders to purchase orders.

(a) The city manager or department requesting a procurement is not authorized to accept any goods and/or services for which a purchase order is required pursuant to administrative policy, until the procurement administrator has issued the purchase order therefor.

(b) In the procurement of goods and/or services, where the estimated cost or revenue to the city will not exceed $100,000.00 annually, and for which city council approval is not required, the procurement administrator is authorized to issue purchase orders for such goods and/or services or concessions. The city manager, or the director of the department requesting the procurement or the procurement administrator, if authorized by the city manager, is authorized to approve and execute the contract or concession agreement associated with such procurement. Such contracts and concession agreements and related purchase orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply. If authorized by the city manager, the procurement administrator is authorized to approve renewal terms for goods and services and concessions.

(c) In the procurement of goods and/or services, or concessions, where the cost or revenue to the city will exceed $100,000.00 annually, the procurement administrator shall make a recommendation to the city council regarding the award of the bid or concession which shall be approved by the city council, or, if the procurement was done by request for proposal, the city council will by resolution approve the proposal which it selects as the best proposal. Upon council approval, the procurement administrator is authorized to issue a purchase order for such procurement, if required by administrative policy. In the event that the city council does not designate who will execute the contract on behalf of the city, the city manager, or the director of the department requesting the procurement or the procurement administrator, if authorized by the city manager, is authorized to execute the contract or concession agreement associated with that procurement.

(d) City council approval of a contract amendment shall be required when the sum of the original contract amount, plus the contract amendment amount(s) exceeds $100,000.00. The city manager, or the director of the department requesting the procurement or the procurement administrator, if authorized by the city manager, may approve contract amendments and the procurement administrator may issue change orders to purchase orders, authorizing the payment of an additional sum for an additional unit of goods and/or services, when the sum of the original contract amount plus the contract amendment amount(s) does not exceed $100,000.00. Such contract amendments and change orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and

approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply.

(e) The procurement administrator may approve, execute and issue change orders to purchase orders, authorizing the payment of an additional sum for an additional unit of goods and/or services, when the sum of the original purchase order amount plus the change order amount(s) does not exceed $100,000.00. Upon approval of the city council, the procurement administrator shall issue a change order to a purchase order when the sum of the original purchase order amount plus the change order amount(s) exceeds $100,000.00. If a contract is associated with such purchase order, the city manager, or the director of the department requesting the procurement, is authorized to execute the required contract amendment. Such contract amendments and change orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply.

(f) The city manager, or the director of the department requesting the procurement or the procurement administrator, if authorized by the city manager, may also approve and execute contract amendments and the procurement administrator may issue change orders to purchase orders for procurements previously approved by city council, when the contract amendment or change order amount does not exceed 20 percent of the original contract amount, or $50,000.00, whichever is less. Such contract amendments and change orders may only be executed by the city manager, or by department directors or the procurement administrator if applicable, following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply.

(g) The city manager, department directors, or a procuring department is not authorized to accept additional goods and/or services, until the procurement administrator has issued the change order to the purchase order.
(O.15,629, 16,219)

Sec. 2-717. Term of contract; renewal of contract.

(a) The city's policy is that contracts for the provision of goods and/or services or for concessions awarded pursuant to the bidding or request for proposals process shall not exceed a total of six years, including an initial term and renewals due to the non-competitive nature of long term procurement arrangements. The term and renewal periods shall be determined by the procurement administrator. Contracts may only be renewed if renewal is provided for in the bid or request for proposals. Requests for proposals shall identify the terms for renewal, including the renewal term and the number of permitted renewals. However, the city council, the city manager, or the public housing board may provide for an initial and renewal term in excess of six three years, or may provide for the renewal of such contracts, when such longer initial term or renewal are deemed to be in the best interests of the city.

(b) The compensation to be paid shall not be increased during any renewal term unless such increase is provided for in the bid or request for proposals and in the original contract. In the case of concessions, the consideration to be paid the city shall not be decreased during any renewal term unless such decrease is provided for in the RFP and in the original contract. All renewals shall be accomplished pursuant to written addendum, subject to review and approval by the city manager, or the director of the department making the procurement or the procurement administrator, if authorized by the city manager, and the legal department. A renewal addendum must be executed by the bidder or proposer, be approved by the officer or body that approved the original contract, and must be executed by the city manager or the director of the department making the procurement if authorized by the city manager.
(O.15,629)

Sec. 2-718. Annual purchase agreements and contracts and contracts for demolition.

(a) The procurement administrator is authorized to enter into annual purchase agreements for the procurement of goods and/or services that are consistently needed by city departments, including the municipal housing agency, but where the type or quantity of goods and/or services are unknown and where a purchase agreement for particular goods and/or services are fixed is not reasonable or cost efficient. Competitive bidding procedures shall be followed in entering into the annual purchase agreement. Annual purchase agreements where the estimated cost exceeds $100,000.00 must be approved by the city council. Annual purchase agreements where the estimated cost will not exceed $100,000.00 may be approved by the procurement administrator. Such agreements may only be executed by the city manager or the procurement administrator following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply. Annual purchase agreements shall be negotiated or rebid annually, unless renewed as provided in the bid terms.

(b) The city manager is hereby expressly authorized to enter into annual structure demolition contracts for demolition projects where the estimated cost to demolish each project does not exceed $100,000.00 or each project has a total estimated cost equal to or less than the competitive bid threshold as established in Iowa Code Section 314.1B. The city manager shall procure such contracts by mailing and publishing annually, a solicitation for annual demolition contracts, which solicitation shall be mailed to all demolition contractors providing such service to the city within the last year, and shall be published once in a newspaper published at least once weekly and having of general circulation in the city, which mailing and publication shall occur not less than five business days nor more than 20 days prior to the required response date. The city manager may solicit separate contracts for "demolition - structure removal" and for "demolition - asbestos removal". In responding to such solicitation, demolition contractors shall be required to execute a blanket form of demolition contract in the form approved by the city manager and the legal department, shall be required to submit a certificate of insurance evidencing the coverages and endorsements required by the city, and shall be required to submit a performance, payment and maintenance bond on the form provided, and in the amount required, by the city. If two or more demolition contractors respond to such solicitation and submit executed contracts, insurance certificates, and performance, payment and maintenance bonds as above provided, the city manager may execute such contracts on behalf of the city. Upon execution of such contracts, the city manager may, as needed, obtain competitive proposals from said contractors for demolition projects within the city, and may enter into a contract addendum for a demolition project with a responsible contractor submitting the lowest responsible responsive proposal therefor, provided that the proposed cost of each demolition project does not exceed $100,000.00, or each project has a total estimated cost equal to or less than the competitive bid threshold as established in Iowa Code Section 314.1B. Such contract addenda may only be executed by the city manager following review and approval as to form by the city attorney or their designee if any of the circumstances described in section 2-708(c) apply. If the cost of a structure demolition project will exceed $100,000.00 or the competitive bid threshold established in section 314.2B, the engineering department shall procure competitive bids therefore for award by the city council pursuant to Iowa Code chapter 26 Public Construction Bidding. In determining the total costs of a structure demolition project, the costs of demolition asbestos removal and the demolition structure removal bids shall both be included.
(O.15,629, 15,696, 16,219)

Sec. 2-719. Assignment of contract prohibited.

No contract or purchase order awarded to a successful bidder or proposer shall be assignable by the successful proposer or bidder without the written approval of the city manager or approval of the city council. In no event shall a contract or any part thereof be assigned to a party who has

been determined not to be a responsible bidder or proposer by the procurement administrator or by an evaluation and selection committee. For contracts or purchase orders where the estimated cost will not exceed $100,000.00 annually, no purchase order or contract awarded to a bidder or proposer shall be assignable by the successful bidder or proposer without the written approval of the city manager, or the procurement administrator, if authorized by the city manager. (O.15,629, 16,219)

Sec. 2-720. Rule of construction.

Whenever used in this subdivision, the terms "city manager", "procurement administrator", "finance director" and "department director" shall mean and include the designees of such persons, or the persons authorized to act in the capacity of such persons in their absence. (O.15,629)

Secs. 2-721—2-725. Reserved.

Part 2. Exceptions to Competitive Solicitation Process

Sec. 2-726. Exceptions to procurement of goods and services under competitive bidding or request for proposals process.

(a) The procurement of goods and/or services or concessions, wherein cost to the city and compliance with specifications will be the only criteria considered in selecting among competing bidders, or wherein criteria in addition to cost or revenue to the city and compliance with specifications will be considered in selecting from among competing proposers, and wherein the cost or revenue to the city is estimated not to exceed $100,000.00 annually, shall be an exception from the formal competitive bidding and the RFP procedure outlined in this subdivision, unless the procurement administrator reasonably determines that such procedures shall be followed in order to assure the best interests of the public. Procurements which are excepted from the formal bidding or RFP procedure shall be administered by the procurement administrator in a manner reasonably calculated to assure the best interests of the public, and shall include the following:

(1) The procurement of other professional services (e.g. planning services, program consulting services, etc.) where the total anticipated cost of those services will not exceed $100,000.00.

(2) The procurement of printing or engraving of bonds, official statements and other evidences of indebtedness.

(3) The procurement of printing or procurement of special materials, supplies, or postage to be used in connection with an election or referendum.

(4) The procurement of utility services, including natural gas, electric, water, cable, and land telephone lines, and fuel and fuel services for vehicles, equipment, and facilities and landfill dumping fees.

(5) Contracts for the procurement of goods and/or services through which nonprofit associations, established to aid or assist governmental bodies or other governmental agencies have secured special rates or provisions for the purchase of goods and/or services for the benefit of governmental bodies or agencies.

(b) The following procurements shall be exceptions to the competitive bidding and RFP competitive procedure in this subdivision and shall be administered by the director of the procuring department in a manner reasonably assuring the best interests of the public:

(1) The procurement of professional services for the engineering department, including but not limited to inspection, surveying, commissioning, televising, and engineering or architectural services which will result in the design and construction of public improvements, shall be accomplished pursuant to the engineering department's RFP process, which shall be administered by the city engineer, who shall be governed by the same requirements as the procurement divi-

sion regarding advertisement, authorization limits, change orders and contract approval and execution.

a. The city council may, on a case-by-case basis, upon the recommendation of the city engineer for good cause shown, exempt negotiated contracts for professional services for the engineering department, including but not limited to inspection, surveying commissioning, televising, and engineering or architectural services which will result in the design and construction of public improvements, from the requirements of the engineering department's RFP process and the advertising requirement of section 2-730.

b. The procurement of professional services for the engineering department, including but not limited to inspection, surveying commissioning, televising, and engineering or architectural services which will result in the design and construction of public improvements, where the total estimated cost will not exceed $100,000.00, shall be administered by the city engineer and accomplished pursuant to the engineering department's process which shall be reasonably calculated to assure the best interests of the public.

(2) The procurement of legal services shall be administered by the city attorney. The procurement of legal services pursuant to professional service agreements with attorneys or law firms shall be conducted under the direction of the city attorney, provided that the procurement of legal services shall be subject to the approval of the city council as provided in section 2-364 of this City Code.

(3) The procurement of sponsorship services which provide funding and/or promotion, marketing or assistance with the implementation of events, services or programs undertaken by the park and recreation department.

(4) The sale of advertising under the oversight of the procurement administrator.

(5) The procurement of entertainers or performing artists for civic programs and events, when the availability of such person does not lend itself to competitive procurement.

(6) The procurement of magazines, books, periodicals, and similar articles of an educational or instructional nature, and the binding of such magazines, books, periodicals, pamphlets, and similar articles.

(7) The procurement of travel services.

(8) The procurement of event food and beverage and catering services.

(9) Real estate and real property transactions, and the procurement of real estate appraisals and title opinions.

(c) The procurement of repair services for equipment and machinery, or for the procurement of repair parts, when required repair parts are available only from a single factory source and are sold through a single area-wide distributor, and competitive bids for such repairs are thus not prospectively obtainable, and the procurement administrator so finds and declares in writing. The procurement administrator's written determination shall be filed with the procurement documents in each such instance.

(d) The procurement of goods and/or services that are of such a nature that they are the only goods and/or services which will fit and comply with the required use, or are an integral part of a total system so as to be uniquely compatible with existing city needs, materials or equipment to be cost effective, and the procurement administrator so finds and declares in writing. The procurement administrator's written determination shall be filed with the procurement documents in each such instance.

(e) Contracts for goods and/or services procured through a cooperative chapter 28E agreement that were procured by a governmental entity participating in said 28E agreement, provided that the city manager determines that said entity procured the goods and/or services pursuant to competitive procurement procedures substantially equivalent to those set forth in this division.

(f) The procurement of goods and/or services by a department, involving a city expenditure of less than $5,000.00, under the oversight of the procurement administrator.

(g) A temporary concession may be granted through a written agreement approved by the city manager, or the director of the requesting department if authorized by the city manager, without completing the competitive procurement process. Concessions involving the lease or exclusive use of city property for a period of more than three years shall be subject to approval of the city council, as provided by Section 364.7 of the Iowa Code.

(h) Annual structure demolition contracts shall be accomplished pursuant to section 2-718(b).

(i) The procurement of officer and employee training and development, including continuing education and educational seminars.

(j) The procurement administrator is expressly authorized to procure from any federal, state, or local government unit or agency thereof surplus machinery, motor vehicles, materials, supplies, commodities, or equipment as may be made available through the operation of any legislation heretofore or hereafter enacted without conforming to the competitive bidding requirements of this division.

(k) The procurement administrator is expressly authorized to procure goods and/ or services from supply schedules of the U.S. General Services Administration and from contracts established by the State of Iowa Department of Administrative Services, the Iowa Department of Transportation, and the Iowa Communications Network pursuant to procedures established by Iowa Code Chapter 8A and rules and regulations promulgated thereunder, or pursuant to supply schedules of Polk County contracts or accepted bids pursuant to Polk County's bidding procedures, without conforming to the competitive bidding requirements of this subdivision.

(l) The procurement administrator is hereby expressly authorized to procure from any federal, state, county or local government unit or agency thereof, without conforming to the competitive bidding requirements of this division, such goods and/or services as are authorized by the city manager, provided that the city manager determines and declares in writing that such goods and/or services were competitively procured by such unit or agency pursuant to competitive procurement procedures substantially equivalent to those set forth in this division, and can be procured without mark-up from such other federal, state, county, or local government unit or agency.

(m) The procurement administrator is hereby expressly authorized to procure goods and/or services from contracts that have been competitively established through cooperative group contracting consortiums for state government departments, institutions, agencies and political subdivisions, without conforming to the competitive bidding requirements of this division.

(n) The procurement administrator is hereby expressly authorized to procure goods and/or services through a joint bid with Polk County or other governmental entities by a competitive bidding procedure, without conforming to the competitive bidding requirements of this subdivision.

(o) Regular or temporary employment contracts or hiring in the municipal service, whether with respect to the classified service or otherwise, shall not be subject to this division.

(p) Library board of trustees procurements pursuant to Iowa Code Chapter 392.

(q) Information and services provided by the Iowa Online Warrants and Articles Criminal Justice Information System pursuant to Iowa Code Chapters 80 and 692.

(r) The procurement of professional services being funded by federal funds, and where applicable federal law or regulation requires the use of a request for qualifications process or other process.

(s) Services required to be provided pursuant to a court order.

(t) The procurement of goods or services being funded by federal funds where the applicable federal law or regulation requires the use of a procurement process or procurement standards which are inconsistent with or in addition to the requirements of this Subdivision V. Such procurement shall comply with the applicable federal law and regulations, including 2 CFR, Part 200, Title 44 Code of Federal Regulations and all those identified in FEMA publication *FP 104-009-2 Public Assistance Program and Policy Guide*, all of which may be amended from time to time, and, to the extent consistent with such federal law and regulations, the requirements of this Subdivision V.

(u) Repair services for work on eligible private property funded by Community Development Block Grant (CDBG) and Polk County Housing Trust funds, where such procurements comply with applicable federal and state law and regulations.
(O.15,629, 15,696, 15,704, 15,762, 16,219, 16,264)

Secs. 2-727, 2-728. Reserved.

Part 3. Formal Bid and Request for Proposals Process

Sec. 2-729. Competitive bidding.

(a) Except as otherwise provided, all purchase orders issued by the procurement division, and all contracts of whatever nature, made by or on behalf of the city, for the procurement of goods and/or services, whether by purchase, lease, or a concession agreement, where the estimated cost or revenue to the city will exceed $100,000.00 annually, and where the selection criteria include only the lowest or highest bid and compliance with bid specifications, shall be made pursuant to the formal competitive bidding procedure, after advertisement as provided by section 2-730, to the lowest responsible bidder or, in the appropriate instance, to the highest responsible bidder, depending upon whether the city is to expend or receive money.

(b) All purchase orders issued by the procurement division, and all contracts of whatever nature, made by or on behalf of the city, for the procurement of goods and/or services, whether by purchase, lease, or a concession agreement, where the estimated cost or revenue to the city will not exceed $100,000.00 annually , and where the selection criteria include only the lowest or highest bid and compliance with bid specifications, shall be made pursuant to the formal competitive bidding procedure, after advertisement as provided by section 2-730, to the lowest responsible bidder or, in the appropriate instance, to the highest responsible bidder, depending upon whether the city is to expend or receive money, unless the procurement administrator determines that the informal competitive bidding procedure is appropriate.

(c) All surplus property deemed suitable and appropriate for sale by the procurement administrator, where the estimated sale price of any single item of surplus property, or the estimated aggregate sale price of all items of surplus property to be sold in one lot, will exceed $100,000.00, shall be sold pursuant to the formal competitive bidding procedure, after advertisement as provided by section 2-730, or at auction. All such sales in excess of $100,000.00 must be approved by the city council.

(d) All surplus property deemed suitable and appropriate for sale by the procurement administrator, where the estimated sale price of any single item of surplus property, or the estimated aggregate sale price of all items of surplus property to be sold in one lot, will not exceed $100,000.00, may be sold pursuant to the formal competitive bidding procedure after advertisement as provided by section 2-730, unless the procurement administrator determines that the informal competitive bidding procedure or sale by advertisement is appropriate.

(e) The procurement administrator may dispose of surplus property not deemed suitable or appropriate for sale by such means as the procurement administrator deems appropriate.
(O.15,629, 16,219)

Sec. 2-730. Advertisement and manner of issuance for bids and requests for proposals.

(a) All advertisements for bids and notices of requests for proposals to award purchase orders or contracts where the annual estimated cost or revenue to the city will exceed $100,000.00 shall be posted on the city's website at least seven days in advance of the date announced for receiving bids or proposals, excluding weekends and legal holidays, except the city council may waive posting in times of public emergency.

(b) Nothing contained in this section shall be construed to prohibit the procurement administrator from promulgating additional announcements in local newspapers, recognized trade journals, on the city cable television channel, on the city's internet website, on other appropriate websites, by other electronic media, by online bidding and proposal platform(s), or by mailing announcements to potential bidders.

(c) Advertisements for bids or requests for proposals shall generally describe the goods and services to be procured with information on where to obtain the bid or request for proposals documents, which documents shall provide sufficient information to enable the bidders or proposers to know their expected obligations, which documents shall be in the office of the procurement administrator and available on the city's online bidding and proposal platform(s), at the time of the publication of the first announcement. This advertisement shall also state the date and time assigned for the opening of bids or the request for proposals, and no bids or proposals shall be received at any time subsequent to the time indicated in the announcement.

(d) Only the procurement division is authorized to advertise and to solicit for bids or issue requests for proposals.

(e) The requirements of this section do not apply to requests for proposals issued by the engineering department pursuant to section 2-726(b)(1)(a).
(O.15,629, 16,219)

Sec. 2-731. Bond, indemnity and insurance.

(a) When deemed to be in the public interest by the procurement administrator, bidders and proposers may be required to submit a bond, with good and sufficient sureties, in an amount deemed adequate to assure performance of the contract in the time and manner prescribed in the contract, to secure the payment of the bidder's or proposer's subcontractors and suppliers, and to assure maintenance of the goods.

(b) Bidders and proposers shall be required to execute an indemnity in favor of the city, agreeing to save, indemnify, and keep harmless the city against all loss, damages, claims, liabilities, judgments, costs, and expenses which may in any way accrue against the city in consequence of the awarding the contract or which may in any way result from the bidder's or proposer's performance thereof, unless otherwise approved by the city manager or his designee.

(c) When deemed to be in the public interest by the city's risk manager, bidders and proposers may be required to obtain insurance in form and amounts deemed adequate by the risk manager.
(O.15,629)

Sec. 2-732. Opening and public inspection of bids and RFPs.

All sealed bids and proposals in response to requests for proposals shall be opened by the procurement administrator or his or her designee at such time as shall be specified in the advertisement or invitation for bids or notice of proposals, and all such bids or proposals shall be available for a reasonable time to public inspection in the office of the procurement administrator.
(O.15,629, 16,219)

Sec. 2-733. Determining responsibility of bidders.

In determining responsibility of bidders pursuant to this subdivision, the procurement administrator may take into account, in addition to financial responsibility, the past record of transactions and experience with the bidder, adequacy of the bidder's equipment, and his or her ability to complete performance within the specified time limit.
(O.15,629)

Sec. 2-734. Rejection of bids and proposals.

(a) Any and all bids received in response to an advertisement may be rejected by the procurement administrator if the bidder is not deemed responsible; or the character or quality of the goods and/or services does not conform to requirements; or if the specifications or requirements submitted by the city to the bidder are determined to be faulty or incorrect; or if the city fails to appropriate funds; or if funding for the program is denied or decreased; or if there is a material alteration in the program for which the funds were initially provided; or if the public interest may otherwise be served thereby. If the lowest bid received, pursuant to the formal competitive bidding procedure, or in the appropriate instance the highest bid received, depending upon whether the city is to expend or receive money, is rejected because it is not the most responsible bid, the person or body rejecting it shall immediately state in writing the precise reasons for rejection and file the same in the office of the procurement administrator.

(b) The city reserves the right to reject any or all proposals in whole or in part received in response to the RFP. The city will not pay for any information requested in the RFP, nor is it liable for any cost incurred by a proposer in responding to the RFP.
(O.15,629)

Sec. 2-735. Objections to city staff response or bias claims regarding bias or bid or RFP prior to award.

Any bidder or potential bidder or proposer or potential proposer who believes that the procurement administrator or other city staff have not appropriately responded to its questions, requests for information, clarification or interpretation regarding a bid or request for proposals or who believes that the procurement administrator or other city staff have a bias against it or are treating it unfairly, may communicate its concerns in writing in that regard to the finance director or his or her designee for his or her consideration.
(O.15,629)

Sec. 2-736. Appeals of procurement administrator decisions regarding bids.

A bidder who is aggrieved by the procurement administrator's determination as to which is the lowest compliant bid, or as to the determination to reject a bid, may appeal such determination pursuant to the administrative appeal process established by the procurement division.
(O.15,629)

Sec. 2-737. Preparation of RFPs; review and approval of RFPs prior to issuance.

The department requesting the procurement of goods and/or services, or the procurement of a concession, by RFP shall be responsible for preparing the RFP. All RFPs shall be subject to review by the procurement administrator and the legal department for conformance with the requirements of this subdivision prior to issuance.
(O.15,629)

Sec. 2-738. Procurement administrator the sole point of contact for proposer questions, or requests for information, clarification or interpretation; proposers prohibited from inappropriate communication with city officials or employees; inappropriate communication may result in rejection or return of proposals; inappropriate communication may be considered in evaluation of proposals.

(a) In order to ensure an open process and the provision of equal knowledge and opportunity to all potential proposers, the procurement

administrator shall serve as the sole point of contact for questions, informational requests, and requests for clarification or interpretation during the RFP process. Only written questions, or requests for information, clarification, or interpretation submitted per the instructions found in the RFP documents shall be accepted from potential proposers.

(b) After issuance of an RFP by the city, persons or entities who intend to respond to such RFP and who desire to pose questions, requests for information, clarification or interpretation regarding any term, provision, or requirement of the RFP, shall not attempt to communicate with, in writing, electronically, or orally, any city official or employee other than the city's procurement administrator. Persons or entities who intend to respond to such RFP shall not communicate with, in writing, electronically, or orally, any other city official or employee in an attempt to gather information which would be helpful in responding to the RFP, or in an attempt to influence the city's consideration of its competing proposal. All inappropriate communications with city officials or employees shall be reported to the procurement administrator and to the evaluation and selection committee. Such inappropriate communication by a proposer or potential proposer may, at the discretion of the procurement administrator, constitute grounds for disqualification of that proposer's proposal, resulting in the procurement administrator's refusal to accept such proposal or in the return of such proposal. The evaluation and selection committee may in its discretion consider such inappropriate communication in evaluating and scoring such proposal. The procurement administrator shall advise city officials and the requesting department employees of the pendency of RFPs for evaluation by the evaluation and selection committee by posting RFPs on the city internal website, and during the pendency thereof city officials and employees shall be prohibited from engaging in discussion of an RFP with a proposer or potential proposer unless so directed or approved by the procurement administrator. Notwithstanding the foregoing, proposers are not prohibited from communication with the city council members at a city council meeting after issuance of the notice of intent to award by the procurement administrator.
(O.15,629, 15,696, 16,219)

Sec. 2-739. Proposers conference for RFPs.

A proposers conference may be held at the time and place scheduled in the RFP. The procuring department shall coordinate the holding of such conference. All persons or entities interested in or intending to respond to the RFP may be required to attend the proposers conference and participate as a prerequisite for submission of a proposal. At said conference, any person or entity interested in or intending to respond to the RFP may present, orally or in writing, questions, objections, or requests for clarification or interpretation as to any term, provision, or requirement of the RFP.
(O.15,629)

Sec. 2-740. City's response to proposer questions and requests for information, clarification and interpretation; issuance of addenda to RFP.

The city's procurement administrator shall respond in writing to all questions or requests for information, clarification and interpretation presented to the city as provided in section 2-738, or presented at a proposer's conference. Such written responses shall be directed to all known proposers who have attended a proposer's conference, if held, or submitted such requests, or have responded to the procurement division with interest in the request for proposals. Only the city's written responses shall be considered the city's official response binding upon the city. In addition to making a written response, the city may issue addenda amending the RFP.
(O.15,629)

Sec. 2-741. Evaluation and selection committee; procedure for evaluation and recommendation as to selection of best proposal; submission of recommendation to city council.

(a) Competing proposals submitted in response to an RFP shall be evaluated by an evaluation and selection committee appointed by the direc-

tor of the department sponsoring the RFP. The evaluation and selection committee shall evaluate the competing proposals and make a recommendation regarding the highest scoring proposal. In conducting the evaluation, the committee shall utilize the evaluation criteria and scoring methodology set forth in the RFP.

(b) Upon completing its evaluation of competing proposals, the committee shall make a written report of its determination and recommendation as to the selection of the highest scoring proposal. The report shall be filed with the department director and procurement administrator. The procurement administrator shall send the report and notice of intent to award to all competing proposers by e-mail at the e-mail address shown in their proposals, or through the city's online bidding and proposal platform, not less than five days prior to the appeal deadline set forth in the notice of intent to award.

(c) It shall be the responsibility of the procurement administrator to determine if all required submittals have been made by proposers, and to thereafter submit the recommendation of the evaluation and selection committee and the roll call approving the recommended proposal to the city council for approval.
(O.15,629, 16,219)

Sec. 2-742. Appeal of evaluation and selection committee recommendation; proposer objections to be submitted in writing; hearing by city manager or hearing officer; resolution of proposer objections.

(a) *Opportunity for proposers to appeal evaluation and selection committee recommendation as to selection of the highest scoring proposal; required submission in support of objection.* A proposer who is aggrieved by the evaluation and selection committee's determination and recommendation as set forth in the committee's report, may appeal such determination and recommendation by filing a written objection thereto with the procurement administrator by the appeal deadline set forth in the notice of intent to award. Such objections may be filed in person or by mail, FAX or e-mail. In its written objection, the appealing proposer shall set forth all of its objections to the committee's recommendation and all arguments in support thereof, and shall attach thereto all documentation supporting its objections which it intends to rely on in making its appeal. The appealing proposer may request a hearing on its appeal, but the determination whether to hold a hearing or to determine the appeal on the basis of the record made in the written objection shall be discretionary with the city manager. If the appeal is timely filed, the procurement administrator shall forward the proposer's written objection and all supporting documentation to the city manager.

(b) *Appeal heard by city manager or hearing officer*. Upon receipt of the proposer's written objection, the city manager shall determine if the appeal will be determined by the city manager or if it will be determined by a hearing officer selected by the city manager. The city manager may set for hearing at the same time, date, and place the objections of two or more proposers. All proposers shall be notified of the date, time and place of hearing. The hearing shall be held pursuant to procedures set forth in the RFP or established by the city manager. If the appeal will be determined on the basis of the record, the city manager or hearing officer may require the evaluation and selection committee to provide a written response to the appeal objections within five business days of such request. A copy of such committee response shall be sent by mail or email to the appealing proposer on the same date as provided to the city manager or hearing officer. The award of a contract shall be deferred pending the outcome of the appeal.

(c) All objections made by the appealing proposer shall either be affirmed or overruled. The appeal report shall immediately be forwarded to the appealing proposer.

If an appealing proposer's objection is affirmed, the city manager or hearing officer shall reject the recommendation of the evaluation and selection committee, and shall direct the committee to reconvene to reevaluate the proposals submitted in response to the RFP. In conducting its reevalu-

ation, the committee shall consider all objections affirmed by the city manager or hearing officer. Upon completing its reevaluation, the committee shall make a written report of its determination

and recommendation as to the selection of the best proposal, and shall file the report with the city manager and mail same to competing proposers. Such determination and recommendation shall be final as to all proposers.

If the appealing proposer's objection is overruled, the appealing proposer and all competing proposers shall be given written notification of the date of the council meeting at which the recommendation of the evaluation and selection committee will be considered by the city council.

The city manager's or hearing officer's decision shall be considered final.

(d) The appealing proposer or city aggrieved by the decision made by the city manager or a hearing officer may challenge whether the city manager or hearing officer exceeded proper jurisdiction or otherwise acted illegally by commencing a certiorari action in the district court for Polk County, Iowa. The petition to initiate a certiorari action must be filed within 30 days after the entry of the final determination unless an extension of time is allowed by the reviewing court pursuant to Division XIV of the Iowa Rules of Civil Procedure. The city manager is hereby authorized to initiate a certiorari action on behalf of the city when the city manager, in consultation with the city attorney, deems it necessary and appropriate.

(e) The filing of an action in the district court challenging the final determination of the city manager or hearing officer does not automatically stop the city from awarding the contract. Unless the city has been served with an order from the district court directing otherwise, the city may proceed with awarding the contract.
(O.15,629)

Sec. 2-743. City council selection of best proposal; notification of successful proposer.

The city council will by resolution approve the proposal which it selects as the best proposal. Upon the city council's approval of the proposal, the procurement administrator shall give notice advising the proposer whose proposal was selected what actions must be taken to complete the formation of the contract.
(O.15,629)

Secs. 2-744—2-765. Reserved.

Subdivision VI. Research and Budget Division

Sec. 2-766. Responsibility for activities of division.

The research and budget officer shall be responsible for the activities of the research and budget division of the department of finance under the direction and supervision of the director of finance.
(C54, C62, § 2-322; O.7303; C75, C79, C91, § 2-101)

Sec. 2-767. Duties.

The research and budget officer shall be responsible for preparation and compilation of the city's annual operating budget, and annual capital improvements program for program evaluation and productivity improvement services; and for such other services as may be required by the finance director.
(C54, §§ 2-324, 2-325; O.5728, 5858; C62, §§ 2-324, 2-325; O.7303; C75, C79, § 2-102; O.10,431; C85, § 2-102; O.11,573; C91, § 2-102)

Secs. 2-768—2-795. Reserved.

Subdivision VII. Risk Management Division

Sec. 2-796. Supervision.

The risk manager shall supervise the risk management division of the department of finance under the direction of the director of finance.
(C91, § 2-102.12; O.12,059)

Sec. 2-797. Responsibility.

The risk management division shall be responsible for coordinating risk management and insurance.
(C91, § 2-102.13; O.12,059)

Secs. 2-798—2-825. Reserved.

Subdivision VIII. Treasury Division

Sec. 2-826. Supervision.

The city treasurer shall supervise the treasury division in the department of finance.
(C54, § 2-309; O.6340; C62, § 2-309; O.7303; C75, C79, C91, § 2-103)

Sec. 2-827. City treasurer.

(a) *Appointment.* The city treasurer shall be appointed by the city manager with the approval of the city council.

(b) *Duties and responsibilities.* The city treasurer shall be responsible to the director of finance for the activities of the treasury division, and shall have and exercise all powers and perform all duties provided or prescribed by state law, the provisions of this Code or other city ordinances.

(c) *Collection and disbursement of moneys.* The city treasurer shall collect and receive all moneys payable to the city, and disburse the same only on checks drawn by order of the city council and signed by the chief accounting officer and the mayor.
(C54, §§ 2-310, 2-311, 2-312; O.6340; C62, §§ 2-310, 2-311, 2-312; O.7303; C75, C79, C91, § 2-104; O.13,659)

State law reference—Manager to appoint treasurer, subject to approval of city council, I.C. § 372.8(2)(n).

Sec. 2-828. Disposition of moneys received.

Any city officer or employee, other than the treasurer, who is authorized to collect or receive money for any purpose whatever shall collect and turn such money over to the city treasurer daily or at periods deemed adequate by the chief accounting officer. Any person collecting or receiving money shall keep an adequate record thereof and shall issue a receipt therefor.
(C54, C62, § 2-313; C75, C79, C91, § 2-105)

Sec. 2-829. Treasurer's petty cash fund.

There is appropriated out of money in the city treasury, not otherwise appropriated, $1,000.00 which shall be known as the treasurer's petty cash fund. From this fund may be paid all purchases, not in excess of $50.00 each, made by employees with the certification of the finance director or his or her designee that appropriations are available. As the fund needs to be replenished, the treasurer shall present to the director of finance a statement showing the actual expenditures, and the director of finance or his or her designee shall reimburse the petty cash fund for these expenditures.
(C85, § 2-105.01; O.11,408; C91, § 2-105.01; O.12,085)

Sec. 2-830. Checks, drafts or money orders payable to city.

All bank checks, drafts or money orders offered in payment to the city shall be made payable to the City of Des Moines and not to any employee, officer, department or division of the city.
(C54, C62, § 2-314; C75, C79, C91, § 2-106)

Sec. 2-831. Records and reports.

The city treasurer shall keep records and shall make reports as may be required by state law, the provisions of this Code, and other city ordinances.
(C54, § 2-315; O.6340; C62, § 2-315; C75, C79, C91, § 2-107)

Sec. 2-832. Duties as to classification plan.

The city treasurer shall perform such duties as may be required of him or her by any classification plan adopted by the city.
(C54, C62, § 2-316; C75, C79, C91, § 2-108)

Secs. 2-833—2-860. Reserved.

DIVISION 4. INFORMATION TECHNOLOGY

Sec. 2-861. Supervision and responsibility.

The information technology director shall supervise the information technology department. The information technology department shall be responsible for the following:

(1) Planning, development, installation and replacement, as needed, of information systems and equipment.

(2) Network management and support of technology applications and equipment that is or may potentially be connected to the network system.

(3) Implementing and maintaining a comprehensive and cost-effective communication and information management system that supports and optimizes the delivery of services to internal and external customers.

(O.13,554)

Secs. 2-862—2-890. Reserved.

DIVISION 5. HUMAN RESOURCES

Sec. 2-891. Supervision.

The human resources director shall supervise the human resources department.
(O.13,584)

Sec. 2-892. Appointment of human resources director.

The city manager shall appoint the human resources director.
(O.13,584)

Sec. 2-893. Duties of human resources director.

The human resources director shall supervise the human resources department, which shall be responsible for the following:

(1) The administration of the personnel system subject to personnel rules approved and adopted by the city council and subject to applicable city ordinances.

(2) The making of all appointments to city service in accordance with personnel rules then in effect, unless such power is specifically assigned by law to another appointing authority.

(3) The preparation and periodic review and revision of personnel rules and regulations for presentation to the city council for adoption, covering titles, classifications, working hours, leaves of absence, transfers and promotions, cause for discharge and suspension, sexual harassment and such other subjects as may be necessary or advisable to carry out the intent and purpose of the city personnel system.

(4) The negotiation and administration of labor-management contracts within the purview of the State Public Employment Relations Act.

(5) The recruitment of applicants for non-civil-service positions.

(6) The processing of all municipal employment appointments, status changes and other personnel actions and maintenance of personnel records.

(7) The coordination of employee training programs.

(8) The administration of the employee health clinic.

(9) The administration of the affirmative action program.

(O.13,584)

Secs. 2-894—2-920. Reserved.

DIVISION 6. NEIGHBORHOOD SERVICES*

Sec. 2-921. Supervision.

The neighborhood services director shall supervise the neighborhood services department. All references to neighborhood services director or to community development director contained in other chapters of this Code shall mean neighborhood services director for the purposes set forth in this division. All references to the community development department contained in other chapters of this Code shall mean neighborhood services department for the purposes set forth in this division.
(O.15,928)

*__Editor's note—__Ord. No. 15,928, § 1, adopted Oct. 5, 2020, amended Div. 6 in its entirety to read as herein set out. Former Div. 6, §§ 2-921—2-924, pertained to community development, and derived from Code 1991, §§ 2-126.18—2-126.21; Ord. No. 12,059; Ord. No. 15,322; Ord. No. 15,779; Ord. No. 15,819.

Sec. 2-922. Appointment of neighborhood services director.

The city manager shall appoint the neighborhood services director.
(O.15,928)

Sec. 2-923. Duties of neighborhood services director.

The neighborhood services director shall be responsible in the neighborhood services department for the following:

(1) The enforcement of vector, sanitation, nuisance, housing and zoning codes and the issuance of all permits and the inspection of all work done under the provisions of such codes and the safety inspection of all premises.

(2) Neighborhood inspections.

(3) Providing assistance to the city housing appeals board, housing services board, continuum of care board, homeless coordinating council, and similar additional or substituted boards and commissions.

(4) Housing rehabilitation, housing counseling and loan services, public housing, housing choice voucher and family self-sufficiency programs.

(5) The administration of federal community development-related funds.

(O.15,928, 16,193)

Sec. 2-924. Divisions enumerated.

The neighborhood services department shall be composed of the following divisions:

(1) Housing services division.

(2) Zoning enforcement division.

(3) Neighborhood inspections division.

(4) Federal funds administration division.

(O.15,928)

Secs. 2-925—2-950. Reserved.

DIVISION 7. PUBLIC WORKS

Subdivision I. In General

Sec. 2-951. Supervision.

The director of public works shall supervise the department of public works.
(C54, C62, § 2-328; C75, § 2-145; O.9094; C79, C91, § 2-145)

Sec. 2-952. Appointment of director.

The city manager shall appoint the director of public works.
(C54, § 2-329; O.5725, 5855; C62, § 2-329; C75, § 2-146; O.9094; C79, C91, § 2-146)

Sec. 2-953. Duties of director generally.

The director of public works shall be responsible for the following:

(1) The maintenance and repair of city streets, bridges, sidewalks, sewers and other public works facilities.

(2) The cleaning of streets and public places.

(3) The collection and disposal of solid waste.

(4) The provision of emergency public works services, to the extent feasible under the existing conditions, during periods of extreme and/or hazardous weather.

(5) The management, care and maintenance of the city government's communications system.

(6) Oversight of contracted maintenance services for city vehicles and equipment as provided in subdivision II of this division.

(7) Other related duties and functions as may be assigned by state law, the provisions of this Code and other city ordinances or by the city manager.

(8) The management of the activities of the forestry section to include but not be limited to street tree planting and

maintenance, right-of-way and alley clearance, tree disease detection and treatment.

(C54, § 2-330; O.5664; C62, § 2-330; O.7363, 7483; C75, § 2-147; O.9094; C79, § 2-147; O.10,431, 10,650; C91, § 2-147; O.11,852, 11,948)

Sec. 2-954. Divisions enumerated.

The department of public works shall be composed of the following divisions:

(1) Division of street maintenance.

(2) Division of sewer maintenance.

(3) Division of sanitation.

(4) Division of communication maintenance.

(C54, C62, § 2-332; O.7483; C75, § 2-148; O.9094; C79, § 2-148; O.10,431; C91, § 2-148; O.11,852, 11,948)

Sec. 2-955. Division of street maintenance.

(a) The division of street maintenance shall be supervised by an administrator who shall be responsible to the director of public works for its activities.

(b) The activities of this division shall consist of the planning, direction, maintenance and repair of streets, roads, alleys and related work.

(c) This division shall perform such other related duties as may be assigned by the director of public works.

(C54, C62, § 2-333; O.7483; C75, § 2-151; O.9094; C75, C79, C91, § 2-150)

Sec. 2-956. Division of sewer maintenance.

(a) The division of sewer maintenance shall be supervised by an administrator who shall be responsible to the director of public works for its activities.

(b) The activities of this division shall consist of the planning, direction, maintenance and repair of sewers, sidewalks, bridges and related work.

(c) This division shall also perform such other related duties as may be assigned by the director of public works.

(C54, C62, § 2-333; O.7483; C75, § 2-151; O.9094; C79, C91, § 2-151)

Sec. 2-957. Division of sanitation.

(a) The division of sanitation shall be supervised by an administrator who shall be responsible to the director of public works for its activities.

(b) This division shall have the responsibility for tree disease detection and treatment, right-of-way and alley clearance, street tree planting and maintenance and the care of trees and parks and other public properties as may be assigned.

(c) The activities of this division shall consist of the planning, direction, maintenance and related matters involved in the collection of solid waste refuse from residential dwellings in accordance with applicable sections of this Code and other municipal ordinances and in the cleaning of streets and public places.

(d) This division shall also perform such other related duties as may be assigned by the director of public works.

(C54, C62, § 2-333; O.7483; C75, § 2-151; O.9094; C75, C79, § 2-151.01; C91, § 2-151.01; O.11,948)

Sec. 2-958. Division of communication maintenance.

(a) The division of communication maintenance shall be supervised by the communications supervisor who shall be responsible to the director of public works for its activities.

(b) The activities of this division shall consist of the planning and direction of the communications function, which shall perform the management, care and maintenance of the city government's communication system.

(c) This division shall also perform such other related activities as may be assigned by the director of public works.

(C54, C62, § 2-334; O.7483; C75, § 2-149; O.9094; C75, C79, § 2-151.02; O.10,431; C91, § 2-151.02)

Secs. 2-959—2-985. Reserved.

Subdivision II. Equipment Maintenance Center

Sec. 2-986. Definitions.

The following words, terms and phrases, when used in this subdivision, shall have the mean-

ings ascribed to them in this section, except where the context clearly indicates a different meaning:

Motor-driven equipment includes trucks, tractors and vehicles of every kind and nature used by or in any city service, including construction and maintenance equipment and all the tools, supplies and materials used in connection with city operations.

Motor vehicle includes cars and motorcycles either owned or in the exclusive possession of the city used in connection with city operations.
(C42, § 4-1; O.5304; C54, C62, § 31-1; O.7487; C62, § 13A-1; C75, C79, § 2-155; O.10,431, 10,650; C79, C91, § 2-102.03)

Cross reference—Definitions generally, § 1-2.

Sec. 2-987. Established.

There is established an equipment maintenance center.
(C42, § 74-1; O.5304; C54, C62, § 31-2; O.7487; C62, § 13A-2; C75, C79, § 2-152; O.10,431, 10,650; C79, C91, § 2-102.01)

Sec. 2-988. Use.

The equipment maintenance center and facilities shall be used for the storage, maintenance and repair of all motor vehicles and motor-driven equipment used by each of the departments of the city government, except the fire department.
(C42, § 74-1; O.5304; C54, C62, § 31-4; O.7487; C62, § 13A-4; C75, C79, § 2-154; O.10,431, 10,650; C79, C91, § 2-102.02; O.15,144)

Sec. 2-989. Equipment rental charges established.

The city manager shall from time to time establish equipment rental rates for the various types of motor vehicles, motor-driven vehicles, and other equipment.
(C42, § 74-3; O.5304; C54, C62, § 31-9; O.7487; C62, § 13A-6; C75, § 2-157; O.9094; C79, § 2-157; O.10,650; C79, C91, § 2-102.04)

Sec. 2-990. Basis for equipment rental charges.

The schedule of equipment rental rates established pursuant to section 2-989 of this subdivision shall, as nearly as practicable, reflect the actual total costs of purchase, operation and maintenance of motor vehicles, motor-driven vehicles, and other equipment, including general overhead incident to the operation of the equipment maintenance center; the cost of repairs, parts, tires, batteries, fuel, oil and related expenses; and the estimated depreciation reserve necessary to replace each type or unit of equipment at the expiration of its useful life.
(C42, § 74-3; O.5304; C54, C62, § 31-10; O.7487; C62, § 13A-7; C75, C79, § 2-158; O.10,431, 10,650; C79, C85, § 2-102.05; O.11,573; C91, § 2-102.05)

Sec. 2-991. Billing for equipment rental charges.

The department of finance shall keep proper account of all such equipment and shall bill the using departments monthly in accordance with the current equipment rental rates, which billing shall be paid from funds appropriated to the several departments for contractual services including equipment rentals.
(C42, § 74-3; O.5304; C54, C62, § 31-11; O.7487; C62, § 13A-8; C75, C79, § 2-159; O.10,650; C79, C85, § 2-102.06; O.11,573; C91, § 2-102.06)

Sec. 2-992. Segregation of depreciation charges.

Receipts from the depreciation charges included as a part of the equipment rental charges pursuant to this subdivision shall be segregated in a special depreciation reserve account which shall be expendable for equipment replacements or additional equipment in accordance with the law governing purchasing by the city.
(C42, § 74-3; O.5304; C54, C62, § 31-12; O.7487; C62, § 13A-9; C75, C79, § 2-160; O.10,650; C79, C91, § 2-102.07)

Sec. 2-993. Receipts for gas and supplies.

No person shall take or receive any gas or oil from the city's station without signing a receipt

for the gas or oil, and no person in charge of the gas and oil station and supplies of the city shall furnish gas and oil to anyone for motor vehicle purposes, except a city employee using a motor vehicle belonging to the city solely for city purposes, and unless such employee signs a receipt therefor to that effect.
(O.5304; C54, C62, § 31-13; O.7487; C62, § 13A-10; C75, C79, § 2-161; O.10,650; C79, C85, § 2-102.08; O.11,573; C91, § 2-102.08)

Sec. 2-994. Private use of gas and supplies.

No city officer or employee shall furnish and no city officer or employee shall take or receive any gas, oil, tires, tubes or other supplies for motor vehicles, except and unless the motor vehicle for which such supplies are furnished or received is being used exclusively for city purposes.
(C42, § 74-5; O.5304; C54, C62, § 31-14; O.7487; C62, § 13A-11; C75, C79, § 2-162; O.10,650; C79, C91, § 2-102.09)

Sec. 2-995. Repairs on motor vehicles.

All repairs upon the city's motor vehicles, motor-driven vehicles and other equipment shall be made at the equipment maintenance center or its facilities. However, if the repairs are of such a character that the equipment maintenance center is unable to make them, arrangements shall be made to have such repairs performed at such other places in the city as the city manager shall determine to be best for the city.
(C42, § 74-6; O.5304; C54, C62, § 31-15; O.7487; C62, § 13A-12; C75, C79, § 2-163; O.10,431, 10,650; C79, C91, § 2-102.10)

Secs. 2-996—2-1000. Reserved.

DIVISION 8. DEVELOPMENT SERVICES

Sec. 2-1001. Supervision.

The development services director shall supervise the development services department. All references to development services director or to director of the office of economic development contained in other chapters of this Code shall mean development services director for the purposes set forth in this division. All references to the office of economic development or to the community development department contained in other chapters of this code shall mean development services department for the purposes set forth in this division.
(O.15,928)

Sec. 2-1002. Appointment of development services director.

The city manager shall appoint the development services director.
(O.15,928)

Sec. 2-1003. Duties of development services director.

The development services director shall be responsible in the development services department for the following:

(1) The enforcement of planning and design, building, electrical, plumbing, mechanical, and steam power equipment codes and the issuance of all permits and the inspection of all work done under the provisions of such codes. Enforcement of the planning and design code may be partially or wholly designated by the development services director, at his or her discretion, to the neighborhood services director.

(2) Planning and subdivision activities.

(3) Providing assistance to the city plan and zoning commission, zoning board of adjustment, historic preservation commission, urban design review board, building and fire board of appeals, and similar additional or substituted boards and commissions.

(4) The administration and enforcement of energy and water use benchmarking.

(5) Planning, implementing, and administering economic development programs for businesses and individuals, including development and redevelopment projects.

(O.15,928)

Sec. 2-1004. Divisions enumerated.

The development services department shall be composed of the following divisions:

(1) Permit and development center division.

(2) Planning and urban design division.

(3) Office of economic development.
(O.15,928)

Secs. 2-1005—2-1045. Reserved.

ARTICLE VI. BOARDS, COMMISSIONS, COMMITTEES AND AGENCIES*

DIVISION 1. GENERALLY

Sec. 2-1046. Appointment of members; qualifications.

(a) Except as otherwise specifically provided by state statute, all members of the administrative or advisory boards, committees, commissions and agencies of the city shall be appointed and approved by the city council. The city clerk shall notify the city council of the expiration of terms of office of any member of any administrative or advisory board, committee, commission or agency as provided in section 2-1047 of this division. When a vacancy occurs by resignation, death, or other termination of service, the city clerk shall provide the notice to the city council as soon as the city clerk is made aware of the vacancy, along with the assignment of the member of the city council responsible for recommending appointment of a successor under subsection 2-1047.

(b) The city council recognizes that, pursuant to I.C. Section 69.16A, gender balance is required on all city boards and commissions that are established by the Iowa Code. Even if those boards and commissions identified herein are not required to be gender balanced, the city council hereby declares that it would so require under its general powers. Those boards currently required by state statute to be gender balanced include the following boards and commissions:

(1) Des Moines International Airport Board;

(2) Civil Service Commission;

(3) Historic Preservation Commission;

(4) Housing Services Board;

(5) Civil and Human Rights Commission;

(6) Library Board of Trustees;

(7) Plan and Zoning Commission;

(8) Water Works Board of Trustees; and

(9) Zoning Board of Adjustment.

(c) In addition to the boards and commissions required to be gender balanced under I.C. Section 69.16A, the city council hereby finds and determines that the following boards and commissions established solely under the general powers of the city shall be gender balanced:

(1) Park and Recreation Board.

(d) For purposes of this section, to maintain gender balance no person shall be appointed or reappointed to any board or commission which is required to be gender balanced if that appointment or reappointment would cause the number of members of the board or commission of one gender to be greater than one-half the membership of the board or commission plus one if the board or commission is composed of an odd number of members. If the board or commission is composed of an even number of members, not more than one-half of the membership shall be of one gender. Council members shall consult each other to avoid a violation of this section. All

*__Cross references—__International airport board, § 22-46 et seq.; airport zoning board of adjustment, § 22-344; electrical board, § 26-296 et seq.; housing appeals board, § 26-511; mechanical board, § 26-908; plumbing board, § 26-1051 et seq.; historic district commission, § 58-30; human rights commission, § 62-41 et seq.; library board of trustees, § 66-31 et seq.; park and recreation board, § 74-26 et seq.; plan and zoning commission, § 82-31 et seq.; architectural advisory committee, § 82-136 et seq.; strategic planning commission, § 82-276 et seq.; urban renewal board, § 82-336 et seq.; public housing board, § 90-31 et seq.; valuation committee, § 94-31 et seq.; traffic safety advisory committee, § 114-241 et seq.; zoning board of adjustment, § 134-61 et seq.
(O.15,904, 16,193)

boards or commissions required to be gender balanced shall be maintained as gender balanced unless the city council finds that the council member recommending appointment has made a good faith effort to recommend a qualified person to fill a vacancy on such board or commission in compliance with this section for a period of three months but has been unable to recommend a compliant appointment. In complying with the requirements of this section, the city council shall utilize a fair and unbiased method of selecting the best qualified applicants. Where a city council member has more than one appointment to a particular board or commission, then both such appointments shall be gender balanced unless doing so would unbalance the board under state law.

(e) No person shall be appointed or reappointed to any board or commission where there is evidence satisfactory to the council that the person has engaged in any of the following behaviors during the term for which the person served or in the immediately preceding five-year period to any term for which the person is being considered for appointment:

(1) Failed to pay any local, state or federal tax or other similar financial obligation to such governmental entities when due and such amount continues unpaid, in whole or in part;

(2) Failed to abide by all federal, state, and local laws applicable to the appointment in any manner;

(3) Misrepresented or falsified any information or omitted material information on any communication with the city, including without limitation falsifying or deliberately misrepresenting or omitting material information regarding the person's professional qualifications, criminal history, degrees, or employment history when submitting the board and commission application;

(4) Falsified or deliberately misrepresented or omitted material information regarding any information submitted to the city, federal, state, or other governmental agencies.

(5) Failed to account properly for funds that were entrusted to the person or otherwise converted public property or funds to the personal use of the person.

(6) Engaged in any other unprofessional or unethical conduct.

(C85, § 2-48.01; O.11,385; C91, § 2-48.01; O.11,788, 13,909, 15,848)

Sec. 2-1047. Recommendation for appointments.

(a) All members of the city council shall participate in making recommendations for the appointments of persons to serve upon the various city administrative or advisory boards, committees, commissions, or agencies. Except as otherwise specifically provided by state statute or this Code, each councilmember shall recommend candidates for appointment to one position on all city administrative and advisory boards, committees, commissions and agencies with seven members. Except as otherwise specifically provided by state statute or this Code, each councilmember other than the mayor shall recommend candidates for appointment to two positions and the mayor shall recommend candidates for appointment to three positions on all city administrative and advisory boards, committees, commissions and agencies with 15 members.

(b) An alphabetical listing of all city administrative or advisory boards, committees, commissions and agencies shall be compiled and maintained by the city clerk. Such listing shall include the number of members comprising each administrative or advisory board, committee, commission or agency, the date each term of office expires, and the councilmember responsible for recommending a successor to such office.

(c) No later than 30 days before the end of each calendar year, the city clerk shall prepare, from the alphabetical listing of the administrative or advisory boards, committees, commissions and agencies compiled pursuant to subsection (b) of this section, a roster of all terms of office expiring within the next calendar year and the councilmember responsible for recommending a successor to such office. The city clerk shall provide, for each recommendation to be

made, any and all established qualifications to serve, the expressed interest, if eligible, of such person to be reappointed and whether there are applications by persons interested in serving in such capacity on file in the city clerk's office.

(d) The city council shall by resolution name the individual holding each office and the term of such office as of a date identified in such resolution, on the various city administrative and advisory boards, committees, commissions and agencies. Such resolution shall further identify the councilmember responsible for making a recommendation for the appointment of a successor to serve in such office upon the expiration of term, resignation or death of the current member. The term of office of any current member may be extended up to one year if necessary to provide for the even staggering of terms or to overcome prior errors in the calculation of terms which have caused the terms of any board, committee, commission or agency to become unbalanced. Such list shall henceforth form the basis for determining for each position, the identity of the person holding that position, when the term of the existing member expires, the qualifications of that office, and the councilmember responsible for recommending a successor to such office.

(e) Where the number of members on any city administrative or advisory board, committee, commission or agency is reduced, and unless otherwise provided by statute or this Code, the elimination of any office then occupied shall not take effect until the end of the term of the person then holding such office.
(C91, § 2-48.001; O.11,788, 11,823, 13,909)

Sec. 2-1048. Term of office; vacancies.

The term of office of all members of the city administrative and advisory boards, committees, commissions and agencies shall be as established in this Code or by statute. Except as otherwise specifically provided in this Code or by statute, each appointed member of an administrative or advisory board, committee, commission or agency shall hold over after expiration of the member's term of office until his or her successor is appointed and confirmed. If the death or other termination of service of any appointive member occurs prior to expiration of the member's term of office, his or her successor shall be appointed to serve for the unexpired portion of the term for which the member was appointed.
(C85, § 2-48.02; O.11,385; C91, § 2-48.02)

Sec. 2-1049. Residency requirements.

(a) For the purposes of this section, the term "residence" shall mean the actual domicile of a person where he or she normally eats and sleeps and maintains the normal personal and household effects necessary for day-to-day living. The term "residence" shall not include a place secured solely for the purpose of meeting the requirements of this section which is maintained in addition to the person's actual place of residence outside the city.

(b) Except as otherwise specifically provided in this Code or by statute, each appointed member of each city administrative or advisory board, committee, commission or agency shall maintain his or her residence in the city during the member's entire term of office.

(c) If any such member moves out of the city during the member's term of office, he or she shall automatically cease to be a member of the administrative or advisory board, committee, commission or agency, and his or her successor shall be appointed for the unexpired portion of the term. Any member of an administrative or advisory board, committee, commission or agency shall inform the city clerk as soon as he or she ceases to be a city resident.

(d) If it is determined by the city council that no qualified city resident is available for appointment to a particular administrative or advisory board, committee, commission or agency, the city council may waive the residency requirement established in this section.

(e) No action taken by any administrative or advisory agency shall be void because of the participation of a member removed under this section taken prior to notice to the city clerk as provided in this section.
(C85, § 2-48.03; O.11,385; C91, § 2-48.03)

Sec. 2-1050. Meeting and attendance requirements.

(a) Except as otherwise specifically provided, each administrative or advisory board, committee, commission or agency of the city shall establish a schedule of regular meetings of its membership, shall establish a procedure for calling such special meetings as are necessary to the performance of its assigned functions, and shall keep a record of attendance of its members at regular and special meetings. Each member of an administrative or advisory board, committee, commission or agency is expected to attend all regularly scheduled meetings. The number of absences by any member shall not exceed 25 percent of the number of regularly scheduled meetings in a calendar year, provided if 25 percent is a number less than four, no member shall miss more than four of the regularly scheduled meetings in a calendar year, without regard to the reasons for the absences. The cancellation of a regularly scheduled meeting shall not affect the number of allowed absences.

(b) Each administrative or advisory board, committee, commission or agency shall transmit to the city council a written report containing the name of each member who has not met the attendance requirements of this section within two weeks of the meeting at which any member fails to meet the requirements for attendance established by this section. The report of the administrative or advisory board, committee, commission or agency may recommend removal or retention of any member and state reasons for removal or retention of the member. Failure to meet the attendance requirements of this section is grounds for removal of a member of any administrative board, committee, commission or agency. The first and each subsequent failure to meet the attendance requirements of this section shall be reported to the city council. The city council shall act upon each report received to either retain or remove any member of an administrative or advisory board who has not met the attendance requirements of this section. The attendance requirements of this section shall not apply to the city council, civil service commission, board of library trustees, skywalk committee, landmark review board or the zoning board of adjustment. The attendance requirements of this section shall also not apply to alternate members appointed or approved by the city council to serve at any meeting in the absence of a regular member.

(c) Each administrative or advisory board, commission, committee or agency shall keep minutes of its proceedings, showing the vote of each member on each question or, if absent and failing to vote, indicating that fact and shall keep written records of its other official actions which shall within 30 days after each meeting be filed with the city clerk. The city clerk shall make such minutes available to each member of the city council upon request.

(d) Prior to January 15 of each year, the chair of each administrative or advisory board, committee and agency shall prepare and distribute to the members of such board, committee or agency a report identifying the members who served on that board, committee or agency in the preceding calendar year, the number of regularly scheduled and special meetings held in the preceding year during the term of each member's appointment, and the number of such meetings attended by each member. Each member shall be informed that the member may submit a letter of explanation regarding absences to the chair or the city clerk before January 31. The chair shall file the report and any letters of explanation received by the chair with the city clerk by February 1.

(C85, § 2-48.04; O.11,385; C91, § 2-48.04; O.13,024, 13,053, 13,273, 14,045, 14,147)

Sec. 2-1051. Quorum.

Except as otherwise specifically provided in this Code or by statute, a majority of the voting members of each city administrative board, committee, commission or agency shall constitute a quorum of that body.

(C85, § 2-48.05; O.11,385; C91, § 2-48.05)

Sec. 2-1052. Voting requirements.

Except as otherwise specifically provided in this Code or by statute, no vote of an administrative board, committee, commission or agency

shall be effective upon any matter coming before such administrative body unless a quorum is present.
(C85, § 2-48.06; O.11,385; C91, § 2-48.06)

Sec. 2-1053. Compensation.

Except as otherwise specifically provided in this Code or by statute, all members of any administrative board, committee, commission or agency shall serve without compensation, except that they may be reimbursed for necessary and actual expenses, including travel expenses, incurred in the performance of their duties, in accordance with standard reimbursement policies and procedures utilized by the city.
(C85, § 2-48.07; O.11,385; C91, § 2-48.07)

Sec. 2-1054. Conflict of interest.

(a) No member of any administrative or advisory board, committee, commission or agency shall vote or participate in the discussion before the body or any subcommittee of the body on any issue in which the member has a direct financial interest or an interest as defined in sections 2-713 and 94-3 and as described in this section. No member of any administrative or advisory board, committee, commission or agency shall participate in selection or in the award or administration of a contract if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when any of the following persons has a financial or other interest in the firm or contractor selected for award:

(1) The board, committee, commission or agency member;

(2) Any member of his or her immediate family;

(3) His or her partner; or

(4) Any organization which employs or is about to employ any of the persons mentioned in subsections (a)(1) through (3) of this section.

(b) No board, committee, commission or agency member shall solicit or accept gratuities, favors, money, rebates or anything of monetary value from contractors, potential contractors or parties to subagreements.

(c) Except as otherwise specifically provided in this Code, no two members of any administrative or advisory board, committee, commission or agency shall be employees of the same person, firm, company, partnership or other employing entity. For purposes of this section the owner or proprietor of a firm, company or other employing entity and each partner in a partnership and the spouse of each owner or proprietor or partner shall be considered an employee of the firm, company, partnership or other employing entity. This subsection shall not disqualify any member of a board, committee, commission or agency serving upon the effective date of this section.

(d) Any member who violates this section may be subject to disciplinary action by the appointing authority, including removal from office.

(e) The conflict of interest provisions in sections 2-713 and 94-3 shall also apply to all members of any administrative or advisory board, committee, commission or agency.

(f) Exceptions under federal law. To the extent allowed by applicable federal law or regulation, the city council may permit exceptions to conflicts of interest under this section which do not constitute a violation of applicable provisions of state law. The grant of such exceptions shall be specifically conditioned upon approval by the appropriate federal agency.
(C85, § 2-48.08; O.11-385; C91, § 2-48.08; O.13,431; 13,555)

Sec. 2-1055. Rules and regulations.

(a) Except as otherwise provided by specific ordinances, each administrative or advisory board, commission, committee or agency shall have the power to make rules and regulations; however, all rules and regulations must be in writing, filed with the city clerk, and must be approved by resolution of the council before any rule or regulation takes effect. Advisory boards or committees shall not make any rules or regulations except as are needed for the orderly conduct of meetings or gathering of information.

(b) The board of adjustment created pursuant to I.C. § 414.1 et seq. and the civil service commission created pursuant to I.C. § 400.1 et seq. may make rules and regulations without approval of the city council.

(c) The board of water works trustees and the board of trustees of the public library may make rules and regulations without the approval of the city council.

(d) The rules of each administrative or advisory board, committee, commission or agency shall provide by rule for a mechanism for scheduling and calling meetings pursuant to section 2-1050, shall provide that meetings be open unless closed pursuant to I.C. § 21.5 to the public and shall designate a city employee to keep minutes as required by section 2-1050 and to be the custodian of all records.

(e) Any administrative board, committee, commission or agency which has or conducts adjudicative or quasiadjudicative functions shall adopt rules for the conducting of hearings and shall provide by rule for the rendering of all decisions, findings and recommendations in writing and for the preservation of all books, documents, papers and tangible evidence and all proceedings relating to all licenses, certificates, complaints, charges and other matters coming within its jurisdiction for a reasonable period of time, but such rules shall provide retention for at least five years. No documents shall be destroyed or otherwise disposed of unless a reasonable effort has been made to return the documents to the parties who appeared at the hearing and, further, provided no such document shall be destroyed or disposed of or returned without the permission of the city attorney or the city attorney's designee.
(C85, § 2-48.09; O.11,385, 11,549; C91, § 2-48.09)

Sec. 2-1056. Officers.

Except as otherwise provided by specific ordinance or statute, each administrative or advisory board, commission, committee or agency shall select a presiding officer and may provide for additional officers by rule.
(C85, § 2-48.10; O.11,385; C91, § 2-48.10)

Sec. 2-1057. Ex officio members.

Except as otherwise provided by specific ordinance, any city officer or employee who is a member of an administrative or advisory board, commission or agency by virtue of his or her office or employment shall have the same rights and duties as any other member, except such member shall not have the right to vote.
(C85, § 2-48.11; O.11,385; C91, § 2-48.11)

Sec. 2-1058. Expenditures.

Except as expressly allowed by state law or this Code, no board, agency, committee or commission may hire any person or expend any public funds without the prior express consent of the city council.
(C85, § 2-48.12; O.11,385; C91, § 2-48.12)

Sec. 2-1059. Term limits.

(a) Except as otherwise specifically provided, no person shall be approved or confirmed by the city council to serve a third or subsequent consecutive term on any city board, committee, commission or agency. However, an appointment to serve an unexpired term or a special initial term used to achieve staggered terms on a board, committee, commission or agency shall not be considered in applying this limitation if the unexpired term or special initial term is less than one-half the duration of a normal term on such board, committee, commission or agency. Further, terms commencing prior to June 30, 1994, shall not be considered in applying this limitation.

(b) No person serving on any city board, committee, commission or agency shall be approved or confirmed by the city council to serve on a second city board, committee, commission or agency to serve overlapping terms except to fill a position on the second board, committee, commission or agency which is required by this Code or the resolution establishing the second board, committee, commission or agency, to be filled by a member of the first board, committee, commission or agency. This shall not prevent a

person holding two such offices from being reappointed to a second consecutive term on the first board, committee, commission or agency.
(C91, § 2-48.13; O.13,053, 14,104)

Sec. 2-1060. Cultural competency training.

Each member of a city administrative or advisory board, committee, commission or agency shall complete cultural competency training established by the city manager prior to December 31, 2022. Each member of a city administrative board, committee, commission or agency appointed and confirmed to an initial term of office commencing after December 22, 2022, shall complete cultural competency training within six months from commencement of such term of office.
(O.16,082)

Secs. 2-1061—2-1085. Reserved.

DIVISION 2. CIVIL SERVICE COMMISSION

Sec. 2-1086. Established.

There is created the civil service commission, which shall consist of seven members. Members shall hold office for a term of four years and shall be appointed pursuant to the requirements of I.C. § 400.1 et seq.
(C91, § 2-376; O.11,731, 13,452, 13,595)

State law reference—Appointment of civil service commission, I.C. § 400.1.

Sec. 2-1087. Clerk.

The civil service commission shall appoint a city employee to serve as the clerk of the civil service commission. This section shall not grant civil service status or rights to the employee in the capacity of clerk of the commission.
(C91, § 2-377; O.11,829, 11,947, 13,452)

Sec. 2-1088. Rules and regulations.

The civil service commission shall promulgate rules and regulations for its conduct which shall be consistent with I.C. § 400.1 et seq.
(C91, § 2-378; O.13,452)

Sec. 2-1089. Meetings.

The civil service commission shall establish a schedule of regular meetings of its membership and shall establish a procedure for convening

such special meetings as are necessary to the performance of its assigned functions. Unless otherwise excluded, all meetings shall be subject to the state open meetings law.
(C91, § 2-379; O.13,452)

Secs. 2-1090—2-1113. Reserved.

DIVISION 3. GREATER DES MOINES SISTER CITIES COMMISSION*

Sec. 2-1114. Purpose.

The City of Des Moines hereby declares its support for and continued participation in the Sister Cities International Program for the following purposes:

(1) To allow residents and citizens of the Des Moines Metropolitan area and the people of similar cities in foreign nations to acquire a mutual understanding of one another as individuals, as members of their communities, as citizens of their countries and as members of the family of nations.

(2) To promote educational and cultural exchanges between institutions and citizens in the Des Moines Metropolitan area, and institutions and citizens of Des Moines' Sister Cities.

(3) To coordinate and facilitate communication between businesses in the Des Moines Metropolitan area wishing to make contact with businesses in the sister cities, and to coordinate business and trade inquiries from Des Moines Sister Cities directed to potential trading and business partners in the municipalities.

(4) To assist individuals and educational institutions in the Des Moines Metropolitan area in acquiring and exchanging professional and technical skills with individuals and institutions in sister cities.

(5) To develop an awareness of the International Sister Cities Program, its goals, missions, and accomplishments, and to create a bridge of understanding between different cultures of the world.

(O.15,288)

Sec. 2-1115. Reserved.

Sec. 2-1116. Created.

(a) There is created the greater Des Moines Sister Cities Commission, sometimes also known as the Metropolitan Des Moines Sister Cities Commission, which shall consist of 15 members appointed by the city council and one member appointed by the city council of each other city which has entered into an intergovernmental agreement which remains in effect with the City of Des Moines, to participate in the greater Des Moines Sister Cities Commission.

(b) For purposes of taking action on any matter before the commission, a quorum shall consist of a majority of the entire commission membership, each member having one vote on all matters coming before the commission.

(c) Except as provided below, all members of the commission shall be subject to the rules and regulations generally applicable to the members of city boards and commissions. The members of the commission appointed by the other participating cities are exempt from the following requirements under this Code:

(1) The residency requirements in section 2-1049 of this Code; and,

(2) The term limits in section 2-1059 of this Code.

(d) Except as provided below, the commission is subject to the rules and regulations generally applicable to city boards and commissions. The commission is exempt from the following requirements under this Code:

(1) The requirement in section 2-1055 that all rules and regulations adopted by a

*__Editor's note—__Ord. No. 15,288, § 1, adopted June 9, 2014, repealed the former Div. 3, §§ 2-1116—2-1118, and enacted a new Div. 3 as set out herein. The former Div. 3 pertained to sister cities commission and derived from Code 1962, § 2-355(a); Ord. No. 7143; Ord. No. 7436; Ord. No. 8307; Code 1975; Code 1979; Code 1985, § 2-355; Ord. No. 11,100; Ord. No. 11,385; Code 1991, § 2-355; Ord. No. 11,864.

commission be subject to approval by the city council. However any rules adopted by the commission shall be in writing and filed with the city clerk.

(O.15,288)

Sec. 2-1117. Appointment; officers.

(a) The members of the greater Des Moines Sister Cities Commission shall be appointed or reappointed and shall hold office for a maximum term of five years and until their successors shall be appointed and qualified. The members appointed by the City of Des Moines shall serve for a term of five years. If a vacancy occurs in the office of a commissioner, the new appointee shall serve for the balance of his or her predecessor's term. The office of a commissioner shall become vacant upon the adoption of a resolution declaring such vacancy by the governing body of the city responsible for appointing the successor to that office.

(b) The mayor shall be honorary chair of the commission. The chair, vice-chair, and all other elected positions within the commission shall be determined by majority of the commission membership. Those elected shall serve for terms set forth in such rules and regulations as the commission may adopt.

(c) The city manager shall designate a city employee to serve as secretary of the commission and to perform such other duties as may be assigned by the city manager to coordinate and expedite the work of the commission. The secretary shall not be entitled to a vote.

(O.15,288)

Sec. 2-1118. Powers and duties.

The powers and duties of the greater Des Moines Sister Cities Commission are to:

(1) Further the economic cooperation and cultural exchange on the basis of mutual friendship and amity between the cities in the greater Des Moines area and other cities of the world.

(2) Develop, compile, coordinate and exchange information with officials and citizens of the designated sister cities, and other cities and foreign visitors.

(3) Plan, develop and carry out mutual economic and cultural activities with officials and citizens of the designated sister cities, and other cities and foreign visitors.

(4) Encourage and cultivate mutual understanding of the respective economic problems and cultural development between the cities in the greater Des Moines area and other cities of the world.

(5) Recommend to the City Council of Des Moines and the other participating cities such cities of the world as, in the opinion of the commission, are appropriate, in view of the goals of the commission, for designation as sister cities.

(6) Prepare an annual budget for the commission for recommendation to the City Councils of Des Moines and the other participating cities.

(7) Make and enforce rules and regulations for the conduct of its business and affairs, and for the expenditure of funds available to the commission.

(8) To contract for the expenditure of funds for activities, supplies, travel, and events as necessary to promote the purposes of the commission as set forth herein, subject to a specific allocation of funding for such purpose, and subject to the total yearly budgetary allocations available to the commission from the municipalities.

(9) To contract for personnel on a part time or full time basis, subject to a specific allocation of funding for such purpose, and subject to the total yearly budgetary allocations available to the commission from the municipalities.

(10) To accept grants, gifts, and contributions from public bodies and private persons, firms, or corporations to assist the commission in the accomplishment of its goals.

(11) The commission shall not have the power to purchase or contract for the purchase of real estate, nor to bind the municipalities to any expenditure of funds beyond that which is contained in the then current operating budget of the commission.

(O.15,288)

Sec. 2-1119. Sister cities.

The city council may by resolution designate a foreign city as a sister city upon a finding that such other city bears a close resemblance to the City of Des Moines or the greater Des Moines area in demographics, economics and geography, or has close cultural ties to citizens of Des Moines.

(O.15,288)

Sec. 2-1120. Financing.

(a) The commission shall prepare a yearly operating budget based upon a fiscal year beginning July 1. The budget for the next succeeding fiscal year shall be adopted by the commission no later than December 1st and shall thereafter be presented to each of the municipalities for their review and approval prior to December 15th of each year. The commission shall request that each municipality provide in its operating budget for its share of the commission budget based upon the formula set forth herein, or in an amendment to the agreement between the participating municipalities.

(b) Each municipality's share of the commission's general operating budget, exclusive of travel expenses, shall be based on a per capita levy, using the last available Federal census for each municipality, (i.e., Population of municipality divided by total population of all participating municipalities.) In addition to the general operating budget, each municipality may allocate funds to be used specifically for travel purposes for its representative or representatives to the commission, or for elected and/or appointed representatives of the municipality who participate in commission activities. No municipality may utilize or borrow against travel funds provided by another municipality without approval of that municipality. The commission treasurer shall establish a separate travel account for each municipality. Any funds remaining in the travel account of a municipality at the end of any fiscal year shall be kept in trust for that municipality, available to be spent for such purpose in succeeding years.

(c) An official designated by the City Council of the City of Des Moines shall act as treasurer for the commission and, upon request from any municipality participatory to this agreement, the treasurer shall provide an accounting of all commission receipts and expenditures during the fiscal year, including travel funds.

(d) Each municipality's share of commission budget shall be due and payable to the treasurer in quarterly installments, no later than July 15, September 15, January 15, and April 15 of each fiscal year.

(e) Payment of its share of the yearly operating budget shall be a membership requirement of each municipality. Failure of a municipality to pay its share of the yearly operating budget in a timely manner shall be considered a delinquency for purposes of this agreement. During any period of delinquency by a municipality in the payment of its share of the operating budget, such municipality and all groups or organizations located in such municipality, shall not be entitled to the services of the commission or benefits of commission membership.

(O.15,288)

Secs. 2-1121—2-1145. Reserved.

DIVISION 4. ACCESS ADVISORY BOARD

Sec. 2-1146. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Major life activities means functions, such as but not limited to caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working.

Mental impairment means any mental or psychological disorder, such as an intellectual disability, neurocognitive disorders, emotional or mental illness, and specific learning disabilities.

Person with disability means any person:

(1) Who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment; and

(2) Whose impairment, in reference to employment, is a disability within the meaning of section 62-1 of this Code.

Physical impairment means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological, musculoskeletal, special sense organs, respiratory including speech organs, cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin and endocrine.

Qualified person with a disability means any person with a disability who satisfies the requisite skill, experience, education and other job-related requirements of the employment position such person holds or desires and who, with or without reasonable accommodation, can perform the essential functions of such position.

Substantially limits means that the individual must be unable to perform or be significantly limited in the ability to perform an activity compared to an average person (or use "most people" instead of "average person") in the general population.
(C85, § 2-356; O.10,901; C91, § 2-356; O.13,325, 16,538)

Cross reference—Definitions generally, § 1-2.

Sec. 2-1147. Established.

The access advisory board is established to implement new and existing local, state and federal laws and applicable regulations to ensure that persons with disabilities are integrated, absorbed and mainstreamed wherever and whenever possible into every facet of city employment, programs and activities.
(C85, § 2-357; O.10,901, C91, § 2-357; O.11,994, 13,325)

Sec. 2-1148. Composition and term.

The access advisory board shall be composed of nine members, including three persons with a disability, one person who owns or is employed by businesses which primarily provide services to persons with disabilities, two architects, and three community representatives. Each member shall hold office for a term of four years.
(C85, § 2-358; O.10,901, 11,385; C91, § 2-358; O.13,325, 13,909, 16,401)

Sec. 2-1149. Powers and duties.

The access advisory board shall have the power and duty to:

(1) Familiarize and sensitize city staff and the general public to the access problems of persons with disabilities.

(2) Develop a collection of accessible planning information to be located with the designated ADA coordinator and made available to city staff and the general public.

(3) Survey city buildings, programs and services for potential accessibility issues and recommend to the city council proposed resolutions of these problems in accordance with the city's section 504 compliance program and the Americans with Disabilities Act.

(4) Review all proposed new architectural designs for city facilities and recommend appropriate revisions to such designs as needed to address accessibility requirements of the 504 program and the Americans with Disabilities Self-Evaluation Transition Plan.

(5) Review all city codes and recommend amendments where necessary to ensure handicapped access problems are adequately dealt with and that the

requirements of the 504 program and the Americans with Disabilities Act are met.

(6) Assist in resolution of any accessibility issues which arise in the recruitment, selection and placement of qualified persons with a disability in the city work force.

(7) Develop recommendations on the future role of the disability access program in the city.

(8) Serve as an advisor to other public or private entities on accessibility issues where it appears the board can make a positive contribution to resolution of such problems.

(C85, § 2-359; O.10,901; C91, § 2-359; O.13,325, 16,538)

Sec. 2-1150. Staff support.

Staff support for the access advisory board shall be provided by the city manager or his or her designee.

(C85, § 2-360; O.10,901; C91, § 2-360; O.11,994, 13,325, 14,069)

Secs. 2-1151—2-1175. Reserved.

DIVISION 5. YOUTH ADVISORY BOARD*

Sec. 2-1176. Created; composition; appointment.

(a) There is established in and for the city a youth advisory board comprised of at least 11 members and no more than 47 members. Each year, at its annual goal-setting meeting, the board may establish subcommittees and the specific role of each subcommittee based on issues effecting city youth.

(b) The youth advisory board shall consist of ⅔ youth members and ⅓ young adult members.

(1) The youth members must be 14 to 18 years old at the time of appointment.

(2) The young adult members must be 19 to 25 years old at the time of appointment.

(3) Every member must be a resident of the city or attend an educational institution located in the city.

(4) A completed application for appointment to become a board member is required and must be submitted to the city clerk. All initial members to the board shall be appointed and approved by the city council from the eligible applicants. All subsequent board members including term renewals, shall be appointed and approved by the city council from the eligible applicants recommended as candidates for appointment by the board.

(c) All members shall be appointed for a 12-month term commencing the first day in August. There shall be no limit on the number of terms that any person eligible for appointment may serve on the board.

(d) All board recommendations of candidates for appointment shall be approved at a board meeting. Best efforts shall be made to ensure board representation is reflective of city population demographics.

(e) Upon termination or resignation of any board member resulting in fewer than 11 members, the board shall recommend to the city council a candidate for appointment to serve the member's unexpired term.

(f) No person holding elective office in the municipal government shall be eligible for appointment to or service on the board.

(g) The board shall establish its annual goal-setting at its regular August meeting, unless the board approves that such action shall occur at a subsequent regular meeting.

(h) Staff support and budget recommendation for the youth advisory board shall be provided by the city manager or its designee to enable the board to carry out its duties.

(C85, § 2-365; O.11,385; C91, § 2-365; O.13,277, 14,232, 14,243, 14,466, 14,937, 16,098, 16,216)

*__Editor's note—__Ord. No. 14,232, § 1, adopted May 5, 2003, changed the title of div. 5 from "Youth Advisory Coordinating Board" to "Youth Advisory Board."

Sec. 2-1177. Powers and duties.

The youth advisory board shall have the following powers and duties:

(1) Oversee in a responsible manner all programs and events sponsored by the board.

(2) Create and share an annual report in August of each year to inform the public of board progress, and regularly share information on decisions, events, and efforts led by the board.

(3) Work with local agencies as needed and when deemed appropriate by the board to deliver services to youth and to advise youth of service providers.

(4) Coordinate with and advise the city's departments, boards, and commissions about issues concerning youth in the city.

(5) Advise and make recommendations to the city council and city departments. Within six months of receipt of the recommendations, the city council or its designee shall deliver a report to the youth advisory board on the plans and status for implementation of the recommendations by the city council or applicable city departments.

(C85, § 2-366; O.11,385; C91, § 2-366; O.14,232, 14,466, 16,098)

Secs. 2-1178—2-1189. Reserved.

DIVISION 6. RESERVED*

Secs. 2-1190—2-1230. Reserved.

ARTICLE VII. REQUESTS FOR REASONABLE ACCOMMODATION

Sec. 2-1231. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Person with a disability means a handicapped person as defined in the Fair Housing Act, 42 USC 3602.

(C91, § 2A-60; O.13,383)

Cross reference—Definitions generally, § 1-2.

Sec. 2-1232. Purpose and policy.

(a) The 1988 amendments to the federal Fair Housing Act (42 USC 3604(f)(3)(B)), the Iowa Civil Rights Act of 1965 (I.C. § 216.8A(3)(c)(2)), and section 62-102(c)(2) of this Code define illegal discrimination to include a refusal to make reasonable accommodations in rules, policies, practices or services, when such accommodations may be necessary to afford a person with a disability equal opportunity to use and enjoy a dwelling. The purpose of this article is to provide a fair and uniform procedure for receiving and responding to such requests for reasonable accommodation.

(b) This procedure shall not apply to requests for reasonable accommodation in the rules, policies, practices or services adopted or provided by the city in its capacity as a municipal housing agency. Any person seeking reasonable accommodation in any rules, policies, practices, or services adopted by the city in its capacity as a municipal housing agency shall make application to the director of housing services.

(c) The ultimate issue in deciding whether to grant, conditionally grant, or deny a request for reasonable accommodation under the 1988 amendments to the Fair Housing Act is whether the requested accommodation is a "reasonable accommodation . . . necessary to afford [a disabled] person equal opportunity to use and enjoy a dwelling." 42 USC 3604(f)(3)(B). The decision on the reasonableness of the accommodation requested and whether the accommodation is necessary to afford a person with a disability equal access to use and enjoy a dwelling shall be made only after consideration of the factors adopted by resolution of the city council for that

*__Editor's note—__Ord. No. 15,847, § 1, adopted Dec. 16, 2019, repealed Div. 6, §§ 2-1190—2-1192, which pertained to Des Moines Music Commission and derived from Ord. No. 14,465.

purpose. That decision shall be made in accordance with the procedures set forth in this article.
(C91, § 2A-55; O.13,383)

Editor's note—The city council adopted factors by Roll Call No. 96-3216 on September 16, 1996.

Sec. 2-1233. Application.

(a) A person seeking reasonable accommodation in rules, policies, practices or services of the city shall file an application with the development services department.

(b) If the application seeks an accommodation to permit property to be put to a use that would otherwise be prohibited by the chapter 134 of this Code pertaining to zoning, including a use which is prohibited at the proposed location by a separation requirement, the application shall be assigned to the board of adjustment for consideration and decision in accordance with the procedures identified in section 2-1235. All other applications shall be assigned to the administrative panel for consideration and decision in accordance with the procedures identified in section 2-1234.
(C91, § 2A-56; O.13,383, 15,928)

Sec. 2-1234. Consideration and decision by administrative panel.

(a) *Membership of administrative panel.* For the purposes of this article, the administrative panel shall be comprised of the development services director or the director's designee, the executive director of the human rights commission or the director's designee, and the deputy city manager or the deputy's designee, unless waived by the deputy city manager.

(b) *Notice.* Notice of an application assigned to the administrative panel shall be given to all abutting and diagonally opposite (front and rear) property owners if the application seeks an accommodation to permit new construction or exterior alterations to existing improvements that would otherwise be prohibited by chapter 134 of this Code. No notice need be given of any other application assigned to the administrative panel. If notice is required to be given, the development services department shall cause written notice to be mailed by ordinary mail within four business days of receipt of the application. The notice shall identify the name of the applicant and the rule, policy, practice or service of the city for which a waiver is requested. The notice shall contain a copy of the factors to be considered by the city in ruling upon any such application. The notice shall also state that the application has been assigned to an administrative panel for consideration and decision; that any person interested in the application may submit written comments to the development services department; and that any comments received within ten days of the notice will be considered by the administrative panel.

(c) *Consideration and determination by administrative panel.*

(1) The administrative panel shall investigate the facts and circumstances of the case; consult with the human rights commission and the staff members responsible for the administration and enforcement of the rule, policy, practice or service addressed by the application; and consider any comments and information received regarding the application.

(2) The administrative panel shall enter an order deciding the application within 30 days of the filing of the application, unless the applicant consents to an extension. The administrative panel may without the consent of the applicant extend the time within which a decision on the application must be made if the panel lacks sufficient information after diligent inquiry to permit a reasoned decision to be made within the time allowed. Written notice of such extension shall be provided to the applicant and shall identify any additional information needed before a decision on the application can be made and a schedule for reaching a decision.

(3) The order shall be in writing and shall specifically address how the facts and circumstances of the application apply to each of the factors identified by the city for consideration in deciding applications

for reasonable accommodation. The order may grant, conditionally grant or deny the application. An order granting an application may prescribe appropriate conditions and safeguards in conformity with the intent and purpose of this article and chapter 134 of this Code. The order shall be filed with the city clerk, and a copy shall be mailed to the applicant and to every party who submitted written comments on the application.

(d) *Appeal to board of adjustment.* The applicant or any other person with a specific, personal and legal interest in the subject matter of the decision that is injuriously affected by the decision may appeal the order by timely filing a notice of appeal with the development services department. The decision of the administrative panel shall be subject to appeal to the board of adjustment in accordance with the established procedures for considering appeals from the decisions of the zoning enforcement officer.
(C91, § 2A-57; O.13,383, 15,928)

Sec. 2-1235. Consideration and decision by board of adjustment.

(a) Except as modified in this section, the established procedures applicable to requests to the board of adjustment for exceptions to chapter 134 of this Code shall apply to applications for reasonable accommodation.

(b) The development services department in cooperation and consultation with the human rights commission shall investigate the facts and circumstances of the case; consult the staff members responsible for the administration and enforcement of the rule, policy, practice or service addressed by the application; consider any comments and information regarding the application received prior to the hearing before the board; and prepare a staff report and recommendation containing suggested findings of fact with regard to each of the factors and a recommended decision for consideration by the board at the public hearing.

(c) If the application is before the board upon appeal from a decision of the administrative panel, the findings and order of the administrative panel may serve as the staff report and recommendation.

(d) The board shall consider the staff report and recommendation, and any additional testimony and evidence presented by the applicant and other interested parties at the public hearing. The board shall then either:

(1) Adopt the findings in the staff report applying the facts and circumstances of the application to each of the factors identified by the city for consideration in deciding applications for reasonable accommodation; or

(2) Amend the findings in the staff report as necessary to conform to the evidence presented to the board, and adopt the findings as so amended. After such findings have been adopted, the board shall then determine, on the basis of such findings, whether to grant, conditionally grant, or deny the application. A decision of the board granting an application may prescribe appropriate conditions and safeguards in conformity with the intent and purpose of this article and chapter 134 of this Code.

(C91, § 2A-58; O.13,383, 15,928)

Sec. 2-1236. Application of order.

(a) Unless otherwise specifically provided in the order of the administrative panel or board of adjustment issued pursuant to this article, the benefit of an accommodation granted shall be limited to the applicant. If the dwelling is later converted to another use, the benefit of the accommodation shall lapse and the dwelling must be restored to compliance with the applicable rule, policy, practice or service previously waived by the accommodation.

(b) No application requesting the same relief may be filed within two years of the denial of an application, except for good cause shown.

(c) If a requirement imposed as a condition of granting an accommodation is violated, the zoning enforcement officer may initiate an application with the development services department to reconsider the accommodation. The application shall be considered in the same manner as an original application for accommodation, except that no action to amend or repeal a prior accom-

modation shall be taken unless it is first found that the requirement imposed as a condition of granting the accommodation is being violated and that such violation materially affects the basis for which the accommodation was originally granted.
(C91, § 2A-59; O.13,383, 15,928)

Sec. 2-1237. Confidentiality of medical records.

The city shall respect each individual's interest in the confidentiality of their medical condition and records which identify the nature and extent of the person's disability. The city's inquiry into such matters shall be limited to that necessary to establish that the application is for the benefit of a person with a disability, and that a reasonable accommodation is necessary to afford such person equal opportunity to use and enjoy a dwelling.
(C91, § 2A-60; O.13,383)

Secs. 2-1238—2-1250. Reserved.

ARTICLE VIII. GRIEVANCE PROCEDURE UNDER THE AMERICANS WITH DISABILITIES ACT

Sec. 2-1251. Purpose and policy.

(a) This grievance procedure is established to meet the requirements of the Americans with Disabilities Act of 1990. It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the City of Des Moines.

(b) This grievance procedure does not apply to employment related complaints of disability discrimination.

(c) Nothing in this procedure shall require an individual to follow this procedure before seeking redress which may be available pursuant to state and federal law.
(O.15,017)

Sec. 2-1252. Complaint.

A complaint may be submitted to the city's ADA Coordinator by filing a written notice, or by other accessible format upon request, by mail or in person at the Office of the City Clerk, City Hall, 400 Robert D. Ray Drive, Des Moines, Iowa 50309 or online at www.dmgov.org. The complaint shall include:

(1) The name, address, phone number and if available, the email address of the complainant; and

(2) The basic facts and circumstances of the alleged violation including the location, date and a brief statement of the problem.

(O.15,017)

Sec. 2-1253. Complaint timely.

A complaint shall be deemed timely if filed with the city no later than 60 calendar days after the alleged discriminatory violation.
(O.15,017)

Sec. 2-1254. Investigation.

(a) Within 15 days of the city's receipt of a complaint, the ADA Coordinator or his or her designee shall meet with the complainant to discuss the complaint and possible resolutions.

(b) Within 15 days of meeting with the complainant, the ADA Coordinator or his or her designee shall respond in writing or if appropriate, in an alternative accessible format, to the complainant to explain the position of the city including proposed corrective actions if deemed available.

(c) In the event the complainant is not satisfied with the response of the ADA Coordinator or his or designee, the complainant may file an appeal within 15 days of the date of the city's response to the complainant in the same manner as section 2-1252 of this Code.
(O.15,017)

Sec. 2-1255. Appeal.

(a) The city clerk shall forward such appeal to the city manager or his or her designee who within 15 days of the city's receipt of the appeal, shall meet with the complainant to discuss the complaint and possible resolutions.

(b) Within 15 days of that meeting, the city manager or his or her designee shall respond in writing or if appropriate, in an alternative accessible format, to the complainant with an explanation of the city's final resolution of the matter.
(O.15,017)

Sec. 2-1256. Records.

(a) All complaints and their responses received pursuant to this article shall be retained by the city clerk for at least three years from the latest date of the individual complaint.

(b) The City of Des Moines Access Advisory Board may be provided copies of all complaints and asked to advise on the resolution of a complaint consistent with their authority under section 2-1149 of this Code.
(O.15,017)

ARTICLE I. IN GENERAL

Sec. 3-1. Statement of purpose.

This chapter is intended to establish fair, consistent and uniform procedures for the use of an administrative hearing officer to hear and determine appeals from decisions made by city employees, agents, or representatives in the performance of their official duties.
(O.15,127, 16,356)

Sec. 3-2. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Administrative hearing officer means the person or persons appointed by the city manager pursuant to section 3-3.

Appealable decision means a decision made by a city employee, agent, or representative in the performance of that person's official duties that is specifically allowed by this Code to be appealed to the administrative hearing officer in accordance with the procedures set forth in this chapter. A decision shall be considered to have been made on the date it is memorialized in writing, provided such written decision is promptly served upon the affected parties by personal service or by regular mail addressed to their business address or place of residence.

Appellant means one or more persons who have filed an appeal pursuant to this chapter.

Affected department means the city department which employs the city employee, agent, or representative who made the decision appealed from in an administrative appeal proceeding.

City clerk means the city clerk or the city clerk's designee.

Days after or *days before* when used in the computation of the time between a triggering event and some required action shall be calculated by not counting the day of the triggering event and by counting each day before or after the triggering event, as appropriate until and including the date the required action is taken.
(O.15,127, 16,356)

Sec. 3-3. Administrative hearing officer—Powers and duties.

(a) One or more administrative hearing officers shall be appointed by the city manager.

(b) An administrative hearing officer shall have all powers necessary to conduct fair and impartial hearings including, but not limited to, the power to:

(1) Conduct administrative hearings and issue decisions in conformance with this chapter.

(2) Administer oaths and affirmations.

(3) Hear testimony.

(4) Preserve and authenticate the record of the hearing and all exhibits and evidence introduced at the hearing.

(5) Regulate the course of the hearing in accordance with this chapter and other applicable law.

(6) Issue a final order which includes findings of fact and conclusions of law;

(7) To direct the refunding of appeal fees under the conditions set forth in section 3-24.

(c) Nothing in this chapter shall be construed to limit the authority of an administrative hearing officer while serving as the hearing officer in any proceeding brought under authority of other chapters of this Code, unless such proceeding is expressly subject to this chapter.
(O.15,127)

Sec. 3-4. Rules and regulations, available for public inspection.

The city attorney may promulgate rules for the conduct of administrative hearings consistent with this Code. However, all such rules must be in writing, filed with the city clerk, and approved by resolution of the council before they take effect. All such approved rules shall be available

to the public for inspection and copying during normal business hours in the office of the city clerk.
(O.15,127)

Secs. 3-5—3-10. Reserved.

ARTICLE II. ADMINISTRATIVE APPEALS

DIVISION 1. GENERALLY

Sec. 3-11. Scope.

This division shall apply to only those appeals from a decision made by a city employee, agent, or representative where the substantive provisions of this Code applicable to such decision specifically authorize an appeal pursuant to this chapter. This division does not alter the established procedures for appealing decisions made by city employees, agents, or representatives, except to the extent this code has been amended to specifically replace such established procedures with the procedures set forth in this chapter.
(O.15,127, 16,356)

Sec. 3-12. Abeyance during appeal.

An appeal stays all proceedings in furtherance of the decision appealed from, unless the director of the affected department certifies to the city clerk in a written statement that a stay would in the director's opinion, cause imminent peril to life or property for reasons set forth in the statement. In such case, such proceedings shall not be stayed. Notice that the proceedings in furtherance of the decision appealed from will not be stayed and will be pursued by the city shall be promptly given to the appellant by phone at the number provided in the notice of appeal, or by regular mail to the address provided in the notice of appeal.
(O.15,127)

Secs. 3-13—3-15. Reserved.

DIVISION 2. INITIATION AND SCHEDULING OF ADMINISTRATIVE APPEALS

Sec. 3-16. Initiating administrative appeal.

(a) No decision by a city employee, agent, or representative in the performance of their official duties shall be appealable to the administrative hearing officer in accordance with this chapter unless the right to an administrative appeal in conformance with this chapter is specifically granted by this Code.

(b) *Filing deadline.* When the right to an administrative appeal in conformance with this chapter is specifically granted by this Code from a decision made by a city employee, agent, or representative in the performance of their official duties, the appeal must be initiated by timely filing a written notice of appeal with the city clerk. Except as allowed in paragraphs c and d, the notice of appeal must be filed within ten business days after the date of the decision appealed from. Failure to timely file a written notice of appeal shall constitute a waiver of the right to appeal the decision.

(c) *Exceptions.* The notice of appeal from a decision made by a city employee, agent, or representative pursuant to the Code sections listed below shall be filed within the times allowed below.

(1) Section 18-59. Declaration that a dog is vicious.

Section 18-199. Declaration that an animal is an illegal animal.

Section 18-202. Declaration that an animal is a dangerous animal.

The declaration must be appealed by filing a written notice of appeal with the city clerk within three business days of service of the declaration.

(2) (Reserved).

(d) *Late filed notice.* For good cause shown to the reasonable satisfaction of the city clerk, a notice of appeal may be filed after the deadlines established in paragraphs b and c, above, provided

the notice of appeal is late filed within five business days after the appellant knew, or in the exercise of reasonable diligence should have known, of the issuance of the decision appealed from.

(e) *Date of filing.* The notice of appeal shall be considered filed when received by the office of the city clerk at city hall. However, a notice of appeal delivered by U.S. mail or overnight courier shall be considered to have been timely filed if the postmark date is within the time allowed to file the appeal.

(f) *Contents.* The notice of appeal shall contain the following information:

(1) The name and address of the appellant.

(2) Contact information for the appellant, including phone number, mailing address and, if available, an e-mail address to which all further notices may be served.

(3) The name, phone number and mailing address of any attorney or other person authorized to represent the appellant in the appeal proceedings and to receive the notice of the hearing.

(4) The nature of the decision appealed from, including the case or file number if available.

(5) The name and/or office of the person who made the decision, if known.

(g) *Filing fee.* A notice of appeal shall not be considered filed until the appellant has paid an application fee in the amount set in the schedule of fees adopted by the city council by resolution. The filing fee shall be subject to refund under the circumstances set forth in section 3-24.
(O.15,127, 16,356)

Sec. 3-17. Scheduling and notice of hearing.

(a) Upon receipt of a notice of appeal the city clerk shall promptly notify the affected department. The affected department shall be responsible for investigating the nature and merit of the appeal and shall promptly contact the city clerk to schedule a date and time for consideration of the appeal by an administrative hearing officer. The city clerk shall maintain the schedule of administrative hearings.

(b) *Timing of hearing.* A hearing shall be scheduled for consideration of the appeal by an administrative hearing officer as promptly as reasonably possible.

(c) *Service of notice of hearing.* Except as provided in paragraph d, the city clerk shall cause notice of hearing on an appeal to be served on the designated representative of the appellant, or on the appellant if no representative has been designated, in one of the following ways:

(1) By regular mail postmarked at least seven business days prior to the hearing and addressed to the address provided in the notice of appeal.

(2) By personal service at least five business days prior to the hearing.

(d) *Exceptions.* The notice of hearing on an appeal from a decision made by a city employee, agent, or representative pursuant to the Code sections listed below shall be served in the manner provided below:

(1) Section 18-59. Declaration that a dog is vicious.

Section 18-199. Seizure, impoundment and disposition of illegal animals.

Section 18-202. Seizure, impoundment and disposition of dangerous animals.

The notice shall be served by the chief humane officer on the designated representative of the appellant, or on the appellant if no representative has been designated, in one of the following ways at least 72 hours prior to the scheduled time of the hearing:

(i) By personal service.

(ii) By service upon any adult at the address provided in the notice of appeal, or by posting on those premises if no adult is present to accept service.

(iii) If service cannot be timely made pursuant to (i) or (ii) above within

the city boundaries, then by service upon any adult residing at the premises where the animal has been regularly kept or by posting on those premises if no adult is present to accept service, and by calling the telephone number provided for the designated representative of the appellant, or the appellant if no representative has been designated, and leaving a message with anyone who answers or any answering machine identifying the appeal, and the scheduled date, time and place of the hearing on the appeal.

(2) (Reserved).

(e) *Notice.* The notice of hearing shall identify the date, time and place of the hearing, and shall give notice that default judgment may be entered upholding the decision being appealed if the appellant fails to timely appear at the hearing, either in person or by an authorized representative.

(f) *Withdrawal of decision.* In the event the affected department elects to withdraw a decision which is the subject of a pending appeal, the affected department shall promptly notify the appellant and city clerk of the withdrawal of the decision. Upon receipt of such notice the city clerk shall refund the filing fee collected pursuant to section 3-16(g) through the normal procurement process.
(O.15,127, 16,356)

Sec. 3-18. Delay of hearing.

(a) Prior to the scheduled date of the hearing, the city clerk may grant a request by an appellant or the affected department to reschedule the hearing for good cause shown to the reasonable satisfaction of the city clerk.

(b) Any request to reschedule a hearing made on or after the scheduled date of the hearing shall be presented to the assigned administrative hearing officer for determination. The administrative hearing officer may:

(1) Grant request for good cause shown to the reasonable satisfaction of the administrative hearing officer;

(2) Deny the request for failure to assert good cause; or,

(3) Defer a decision on the request until it can be considered at a combined hearing where the request will be considered first, and if granted, will be followed by a hearing on the merits of the appeal.

(c) If such a request is granted or if a decision on such a request is deferred for consideration at a future hearing, the hearing shall be continued or rescheduled to a future date and time established for public hearings on the relevant type of appeals, in coordination with the city clerk and a representative of the affected department to assure the availability of appropriate city staff and resources at such hearing.

(d) Notice of the date and time of the hearing shall be served upon the appellant in the same manner as an original notice of hearing, unless the appellant or the appellant's representative is verbally provided with that information during the same conversation, meeting or hearing in which the request for continuance or rehearing was made or renewed by the appellant.
(O.15,127)

Secs. 3-19—3-20. Reserved.

DIVISION 3. ADMINISTRATIVE APPEAL HEARING

Sec. 3-21. Administrative hearings.

(a) Any administrative hearing proceeding shall afford the appellant an opportunity for a hearing before an administrative hearing officer.

(b) An attorney or other representative who appears on behalf of any person shall file a written appearance on a form to be provided by the city attorney for such purpose, unless such attorney or representative was identified in the notice of appeal.

(c) The administrative hearing officer may grant continuances only upon a finding of good cause shown.

(d) All testimony shall be given under oath or affirmation.

(e) The appellant or the appellant's representative, and a representative of the affected department shall have the right to question any witness.

(f) If at the time set for a hearing neither the appellant nor the appellant's representative of record appears, the administrative hearing officer may find the appellant in default and proceed with the hearing, accept evidence relevant to the appeal, and conclude with a final determination.

(g) The formal and technical rules of evidence shall not apply in the conduct of the hearing. Evidence, including hearsay, may be admitted only if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs.

(h) The record of all hearings before an administrative hearing officer shall include: (i) a record of the testimony presented at the hearing, which may be made by tape recording or other appropriate means; (ii) all documents presented at the hearing; (iii) a copy of the decision appealed from and of the notice of hearing; and (iv) a copy of the findings and decision of the administrative hearing officer.
(O.15,127)

Sec. 3-22. Burden of proof.

An appealable decision which has been memorialized in writing and signed by a city employee, agent, or representative shall be prima facie evidence of the correctness of the facts specified therein. Except as provided in section 3-23, no appealable decision shall be reversed or amended except upon proof by a preponderance of the evidence that such decision is contrary to the law or this code, or is unsupported by the facts.
(O.15,127, 16,356)

Sec. 3-23. Limitations on hearings.

The hearing on an appeal from a decision made by a city official pursuant to the Code sections listed below shall be subject to the following restrictions and limitations:

(1) *Section 114-485.15. Impoundment of a vehicle.* The sole issue before the administrative hearing officer shall be whether there was probable cause as defined in section 114-485.17 to impound the vehicle and personal property contained within the vehicle in question. The department causing the vehicle to be impounded shall carry the burden of establishing that there was probable cause to impound the vehicle in question. The administrative hearing officer shall decide only that either (i) there was probable cause to impound the vehicle and contents, or (ii) there was no probable cause to impound the vehicle and contents.

(O.15,127, 15,143, 16,381)

Sec. 3-24. Final determination.

(a) Upon conclusion of the hearing on an appeal brought pursuant to this chapter, the administrative hearing officer shall issue a final determination affirming, amending and affirming, or reversing the appealed decision. Except as limited in section 3-23, the administrative hearing officer shall have the authority to enter any order, determination or remedy that could have been entered by the city officer in the decision on appeal.

(b) If the appealed decision is reversed, the administrative hearing officer may order the refunding of the appeal fee collected pursuant to section 3-16(g). If the appealed decision is amended and affirmed, the administrative hearing officer may direct the refunding of a portion of the appeal fee proportionate to the appellant's success on the merits of the appeal.

(c) In the issuance of a final determination on any appeal, the administrative hearing officer shall inform the appellant of their right to seek judicial review of the final decision by a certiorari action filed with the district court of Polk County, Iowa, within 30 days of entry of the decision.

(d) Except as provided in paragraph (e), the final determination of the administrative hearing officer shall be promptly served on the designated representative of the appellant, or on the appellant if no representative has been designated, in one of the following ways:

(1) By regular mail addressed to the address provided in the notice of appeal.

(2) By service upon any adult at the address provided in the notice of appeal, or by posting on those premises if no adult is present to accept service.

(3) By personal service.

(e) *Exceptions.* The final determination of the administrative hearing officer in an appeal from a decision made by a city official pursuant to the Code sections listed below shall be served in the manner provided below:

(1) Section 18-59. Declaration that a dog is vicious.

Section 18-199. Seizure, impoundment and disposition of illegal animals.

Section 18-202. Seizure, impoundment and disposition of dangerous animals.

The final determination shall be served by the chief humane officer on the appellant or the designated representative, in the same manner as required for service of the notice of hearing.

(2) (Reserved).
(O.15,127)

Sec. 3-25. Appeal of final determination.

(a) Any party aggrieved by a final determination made by an administrative hearing officer pursuant to this article may challenge whether the officer exceeded proper jurisdiction or otherwise acted illegally by commencing a certiorari action in the district court for Polk County, Iowa. The petition to initiate a certiorari action must be filed within 30 days after the entry of the final determination unless an extension of time is allowed by the reviewing court pursuant to Division XIV of the Iowa Rules of Civil Procedure. The city manager is hereby authorized to initiate a certiorari action on behalf of the city when the city manager, in consultation with the city attorney, deems it necessary and appropriate.

(b) The filing of an action in the district court challenging the final determination of the administrative hearing officer does not automatically stop the city from taking action pursuant to such final determination. Unless the city has been served with an order from the district court directing otherwise, the city may proceed with enforcement of an final determination.
(O.15,127)

DIVISION 4. DES MOINES DEBT SETOFF PROGRAM*

Sec. 3-26. Statement of purpose.

This division provides procedures to follow in the event that the city seeks to collect debts owed to the city by placement of such debts in the state program established by state law and subject to a Memorandum of Understanding between the Iowa Department of Revenue and the city to offset debts owed to the city against debts owed by the state to the debtor.
(O.15,446, 15,594, 16,356)

Sec. 3-27. Notice of intent to place debt; informal opportunity to challenge placement of debt.

(a) A department director or their designee shall make a good faith effort to collect a debt. If such effort to collect is not successful, notice shall be provided to the debtor by regular mail that the debt will be placed in the setoff program and that the debtor shall have an informal opportunity to challenge such placement by filing the challenge with the finance director within ten days of the date of notice.

(b) If a challenge to the placement of the debt in the setoff program is timely filed, the finance director or their designee(s) shall notify the debtor of the date and time that it will conduct an informal hearing on such challenge. At such informal hearing the debtor shall be provided with an opportunity to present their challenge either in person or by electronic means. After the informal hearing, a determination on the challenge shall be delivered to the debtor by regular mail.
(O.15,446, 15,594, 16,356)

*__Editor's note—__Ord. No. 16,356, adopted April 15, 2024, amended the title of Div. 4 to read as herein set out. Formerly, said division was titled "Des Moines Debt Offset Program."

Sec. 3-28. Placement of debt and notification of setoff.

After notification and completion of any informal challenge to placement, the finance director or their designee shall submit the debt to the department of revenue pursuant to the department of revenue's requirements.
(O.15,446, 15,594, 16,356)

Sec. 3-29. Reserved.

Editor's note—Ord. No. 16,356, § 1, adopted April 15, 2024, repealed § 3-29, which pertained to appeal of offset and derived from Ord. No. 15,446; Ord. No. 15,594.

ADVERTISING*

Sec. 6-1. Distribution of circulars.
Sec. 6-2. Posting advertising.
Sec. 6-3. Use of city name in advertising.
Sec. 6-4. Defacing notices or ordinances posted by city.
Sec. 6-5. Defacing private property.
Sec. 6-6. Advertisements near schools or churches.

*__Cross references—__Signs and billboards, § 26-176 et seq.; businesses, ch. 30; littering from throwing or distributing handbills, § 42-396; littering from placing handbills on vehicles, § 42-398.

Sec. 6-1. Distribution of circulars.

It shall be unlawful for any person to throw or cause to be thrown or scattered any kind of paper, circular, cards, dodger, handbill or advertising matter of any kind upon the public highways, streets, avenues, boulevards, alleys and public passageways, public parks or public buildings within the corporate limits, except as allowed under article VII of chapter 42 and article II of chapter 98 of this Code.
(C42, § 110-1; C54, C62, § 3-1; O.8509; C75, C79, C91, § 3-1)

Sec. 6-2. Posting advertising.

No person shall exhibit or advertise any kind of business, entertainment, meeting or other matter by posting, pasting, gluing or affixing in any manner any paper, card, handbill, picture, engraving, lithograph, placard, showbill or advertising of any kind or description, except legal notices required by law to be posted, or information for passengers or prospective passengers of a common carrier of passengers upon any lamppost, electric light pole, telegraph pole, or telephone pole or upon any tree, voting booth, curbing, sidewalk, monument, bridge, post or fence or upon any building or structure other than a lawful billboard within the corporate limits.
(C42, § 110-2; C54, C62, C75, C79, C91, § 3-3)

Sec. 6-3. Use of city name in advertising.

No person shall use the name of the city or any of its departments in or for any advertising scheme or plan where money is to be charged and received for such advertising, except upon the authority of the city council by resolution duly passed and containing all of the details of such advertising scheme or plan.
(C42, § 110-3; C54, C62, C75, C79, C91, § 3-4)

Sec. 6-4. Defacing notices or ordinances posted by city.

No person shall deface or tear down any advertisement, notice or ordinance posted by order of the city council or any city officer.
(C42, § 110-4; C54, C62, C75, C79, C91, § 3-5)

Sec. 6-5. Defacing private property.

No person shall deface any private or public dwelling house, building, storeroom, barn, shed or fence by posting, pasting, tacking, sticking or nailing thereto any advertising bill, poster or any other written or printed matter or any writing thereon or in any manner defacing such without first having obtained the written consent of the owner or agent of such property. This section shall not apply to such legal notices as are provided for by law.
(C42, § 109-3; C54, C62, C75, C79, C91, § 3-6)

Sec. 6-6. Advertisements near schools or churches.

No person shall display, distribute, post, paint or maintain any bills, pictures, posters, placards, or any matter used to advertise the sale or depict the use of tobacco or alcoholic beverages, including but not limited to liquor, wine, beer or spirits, as defined in I.C. ch. 123, within 400 feet of the principal entrance to any church, established place of worship or public, private or parochial school attended by persons of less than 21 years of age, in such manner that the message or depiction thereon or therein contained would be visible to a person of normal vision upon entering or leaving such a church, place or school by use of the principal entrance thereto.

ARTICLE I. IN GENERAL

Sec. 10-1. Definitions.

Where words and phrases used in this chapter are defined by state law, such definitions shall apply to their use in this chapter and are adopted by reference. Those definitions so adopted that need further definition or that are reiterated and the following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Club means any nonprofit corporation or association of individuals, which is the owner, lessee, or occupant of a permanent building or part thereof, membership in which entails the prepayment of regular dues and which is not operated for a profit other than such profits as would accrue to the entire membership.

Commercial establishment means a place of business which is at all times equipped with sufficient tables and seats to accommodate 25 persons at one time, and the licensed premises of which conform to this Code and other city ordinances.

Designated security employee means an agent, contract employee, independent contractor, servant, or employee of a licensee or permittee who works in a security position in any capacity at a commercial establishment licensed or permitted under this chapter.

Grocery store means any retail establishment, the business of which consists of the sale of food, food products, or beverages for consumption off the premises.

Hotel or *motel* means a premises licensed by the state department of inspections and appeals and regularly or seasonally kept open in a bona fide manner for the lodging of transient guests, and with 20 or more sleeping rooms.

Legal age means 21 years of age or older and as designated by the Alcoholic Beverage Control Act.

Person of good moral character means any person who meets all of the following requirements:

(1) The person has such adequate financial standing and good reputation as will satisfy the city council and the administrator of the alcoholic beverages division of the state's department of commerce that he or she will comply with the state Alcoholic Beverage Control Act and all other laws, ordinances, and regulations applicable to his or her operations under state law. For purposes of this section, "adequate financial standing" may include, but is not limited to, applicant provision of verified source(s) of financial support and adequate operating capital for the applicant's proposed establishment, a record of prompt payment of local or state taxes or assessments due, a record of prompt payment to the local authority of fees or charges made by a local authority for municipal utilities or other municipal services incurred in conjunction with the proposed establishment, and a record of prompt payment or satisfaction of administrative penalties imposed pursuant to Iowa Code chapter 123. For purposes of this section, "good reputation" may include such factors as, but is not limited to, the following: pattern or practice of sales of alcoholic beverages to persons under legal age for which the licensee or permittee, or the agents or employees of either, have pled or have been found guilty, pattern and practice by the licensee or permittee, or the agents or employees of either, of violating alcoholic beverages laws and regulations for which corrective action has been taken since the previous license or permit was issued, sales to intoxicated persons, licensee or permittee convictions for violations of laws relating to operating a motor vehicle while under the influence of drugs or alcohol, the recency of convictions under laws relating to operating a motor vehicle while under the influence of drugs or alcohol, licensee or permittee misdemeanor convictions, the recency of the misdemeanor convictions.

(2) The person is not prohibited by section 10-62 of this chapter from obtaining a liquor control license, or a wine or beer permit.

(3) The person is a citizen of the United States and a resident of this state or is licensed to do business in this state as a corporation. For a partnership, only one partner must be a resident of this state.

(4) The person has not been convicted of a felony. However, if the conviction of a felony occurred more than five years before the application for a license or permit and if such person's rights of citizenship have been restored by the governor, the city council may determine that such person is a person of good moral character notwithstanding such conviction.

(5) If such person is a corporation, partnership, association, club, or hotel or motel the requirements of this definition shall apply to each of the officers, directors, and partners of such person and to any person who directly or indirectly owns or controls ten percent or more of any class of stock of such person or has an interest of ten percent or more in the ownership or profits of such person. For the purpose of this subsection, an individual and the individual's spouse shall be regarded as one person.

Pharmacy means a drugstore in which drugs and medicines are exposed for sale and sold at retail or in which prescriptions of licensed physicians and surgeons, dentists or veterinarians are compounded and sold by a registered pharmacist.

Restaurant means any establishment at which the primary business is to sell food for consumption on the premises, generally to persons seated within an enclosed building which includes kitchen facilities for the preparation and service of that food.

State department means the state department of commerce, alcoholic beverages division, established by the state Alcoholic Beverage Control Act, or any subdivision of such department.
(C62, § 9-2; O.8280, 8350, 8372, 8641; C75, § 5-2; O.9589; C79, C85, § 5-2; O.10,928, 11,051, 11,233, 11,254, 11,537; C91, § 5-2; O.13,895, 15,080)
Cross reference—Definitions generally, § 1-2.
State law reference—Similar provisions, I.C. § 123.3.

Sec. 10-2. Purpose.

The purpose of this chapter is to provide administration of licenses and permits and for local regulations and procedures for the conduct of the sale and consumption of beer, wine and liquor, for the protection of the safety, morals, and general welfare of this community.
(C62, § 9-1; O.8280; C75, C79, C85, § 5-1; O.10,928; C91, § 5-1)

Sec. 10-3. Outdoor service.

(a) Any person who is a licensee or permittee pursuant to this chapter may serve the type of alcoholic liquor, beer or wine permitted by the license or permit in an outdoor area only after complying with the following conditions:

(1) The outdoor area shall be enclosed by a permanent retainer, which clearly encloses the outdoor area adjacent to the licensed establishment, as follows:

a. The retainer must measure a minimum of 36 inches in height from finish floor surface or grade to the top of the retainer;

b. A permanent retainer shall consist of a top rail with lower intermediate rails spaced so that a 12-inch sphere cannot pass through, or a fence consisting of a top rail with permanent fencing material, both of which shall be supported by columns or posts spaced no more than ten feet on center;

c. Snow fence, field fence or plastic fence shall not be deemed permanent retainer material for purposes of this section;

d. Notwithstanding subsections (a)(1)a through (1)c of this section, densely planted shrubbery may be considered equivalent to the intermediate rails or fencing, subject to approval of the building official;

(2) Exits shall be provided in accordance with the building code;

(3) A diagram which illustrates the outdoor area, including how it will be enclosed, shall be submitted to the city clerk;

(4) An application from the licensee or permittee which indicates what dates the outdoor area will be used shall be submitted to the city clerk at least 30 days prior to the proposed first date for outdoor service;

(5) An endorsement from the insurance company acknowledging that the outdoor area is covered by the dram shop insurance policy shall be submitted to the city clerk; and,

(6) If the outdoor service area is located upon land leased from the city, the outdoor service area shall conform with the Design Standards for Sidewalk Cafes adopted by resolution of the city council.

(b) Upon completion and approval of fire and building inspections, the city clerk shall forward the appropriate information to the city council which may approve the outdoor service area and authorize the city clerk to forward the information to the state alcoholic beverages division.
(O.14,574)

Editor's note—Ord. No. 14,574, § 1, adopted July 10, 2006, repealed the former § 10-3, and enacted a new § 10-3 as set out herein. The former § 10-3 pertained to similar subject matter and derived from Code 1991, § 5-20.01; Ord. No. 11,842; Ord. No. 13,011.

Sec. 10-4. Duration of outdoor service/fencing and location.

(a) A permanent outdoor service license or permit shall expire on the date of expiration of the alcoholic liquor license or beer or wine permit for which the outdoor service license or permit applies.

(b) A temporary outdoor service license or permit may be issued once per calendar year for a period not to exceed five consecutive days. Snow fence, field fence or plastic fence supported by columns or posts spaced no more than eight feet on center may be an acceptable retainer for temporary outdoor service subject to the approval of the building official.

(c) A special event outdoor service license or permit may be issued when the outdoor service is in conjunction with and sanctioned by the sponsors of a community event, fair, or festival and shall authorize outdoor service for a period not to exceed five consecutive days.

(1) Retainer material listed in subsection (b) above shall apply.

(2) If the proposed special event requires use of a street, a street use permit will be required and the street use team will determine whether the event qualifies as a "special event".

(d) A temporary or special event outdoor service license or permit shall not be issued without the prior written approval of the street use permit applicant for a location within the perimeter of a street closure, or within the perimeter of the event, when a street use permit application is on file with the city clerk or when a street use permit has been issued.
(C91, § 5-20.02; O.11,842, 13,011, 13,732, 14,745)

Sec. 10-5. Conduct of outdoor service.

No person or club holding an outdoor service license or permit nor his or her agents or employees shall do any of the following:

(1) Operate an outdoor service area without at least one agent or employee being present in the area at all times.

(2) Except in a DX1, DX2 or DXR zoned area, operate an outdoor service area between the hours of 11:00 p.m. and 9:00 a.m.

(3) In a DX1, DX2 or DXR zoned area, operate an outdoor service area between the hours of 11:00 p.m. and 9:00 a.m.,

Sunday through Thursday, and between the hours of 12:30 a.m. and 9:00 a.m. on Friday and Saturday.

(4) Allow or use amplified sound when the outdoor area is within 50 feet of a real property boundary used for residential purposes.

(5) Fail to comply with the applicable sections of chapter 42 and article II of chapter 98 of this Code.

(6) Fail to comply with the lighting provisions as established in chapter 135 of this Code.

(7) Reduce the required number of parking spaces on the site.

(C91, § 5-20.03; O.11,842, 15,819)

Sec. 10-6. Prohibited sales and acts.

(a) No person or club holding a liquor control license or a wine or beer permit nor his or her agents or employees shall do any of the following:

(1) Sell, dispense, or give to any intoxicated person, or one simulating intoxication, any alcoholic liquor, wine, or beer.

(2) Knowingly permit any gambling, except in accordance with I.C. chs. 99B, 99D, 99E, or 99F, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.

(3) Sell or dispense any alcoholic liquor, wine, or beer on the premises covered by the license or permit, or permit the consumption thereon between the hours of 2:00 a.m. and 6:00 a.m. Monday through Saturday and between the hours of 2:00 a.m. on Sunday and 6:00 a.m. on the following Monday; however, a holder of a liquor control license or retail beer permit granted the privilege of selling alcoholic liquor, wine, or beer on Sunday may sell or dispense alcoholic liquor, wine or beer between the hours of 8:00 a.m. on Sunday and 2:00 a.m. on the following Monday.

(4) Sell alcoholic liquor, wine, or beer to any person on credit, except with a bona fide credit card. This subsection shall not apply to sales by a club to its members nor to sales by a hotel or motel to bona fide registered guests.

(5) Keep on premises covered by a liquor control license any alcoholic liquor in any container except the original package purchased from the alcoholic beverages division of the state department of commerce, and except mixed drinks or cocktails mixed on the premises for immediate consumption. This prohibition does not apply to common carriers holding a class D liquor control license.

(6) Reuse for packaging alcoholic liquor or wine any container or receptacle used originally for packaging alcoholic liquor or wine; or adulterate, by the addition of any substance, the contents or remaining contents of an original package of an alcoholic liquor or wine; or knowingly possess any original package which has been so reused or adulterated.

(7) Employ any person under the age of 18 years old in the sale or serving of alcoholic liquor, wine or beer for consumption on the premises where sold.

(8) Allow any person other than the licensee, permittee, or employees of the licensee or permittee to use or keep on the licensed premises any alcoholic liquor in any bottle or other container which is designed for the transporting of such beverages, except as permitted in I.C. § 123.95. This subsection does not apply to the lodging quarters of a class B liquor control licensee or wine or beer permittee, or to common carriers holding a class D liquor control license.

(9) Sell, give, or otherwise supply any alcoholic beverage, wine, or beer to any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, or permit any person, knowing or failing to exercise

reasonable care to ascertain whether the person is under legal age, to consume any alcoholic beverage, wine, or beer.

(10) In the case of a retail beer permittee or wine permittee, knowingly allow the mixing or adding of alcohol or any alcoholic

beverage to beer, wine, or any other beverage in or about the permittee's place of business.

(11) Keep or allow to be kept gambling devices of any kind or description on the premises or place of business of the license or permit holder contrary to state law.

(12) Engage in, perform, act or cause, permit, procure, counsel or assist any other person who is acting as a waiter, waitress, host, hostess, dancer, or entertainer on the licensed premises to:

a. Expose his or her genitals, pubic hair, buttocks, perineum, anus region, or pubic hair region;

b. Expose or wear any device, costume or covering which gives the appearance of or simulates the genitals, pubic hair, buttocks, perineum, anus region, or pubic hair region; or

c. Expose any portion of the female breast at or below the nipple thereof.

For purposes of this subsection a person shall be deemed a waiter, waitress, host, hostess, dancer, or entertainer if such person acts in that capacity without regard to whether such person is paid any compensation by the liquor control licensee, wine or beer permittee, his or her agent or employee.

(13) Knowingly permit solicitation on the licensed premises for purposes of prostitution.

(14) Knowingly permit or engage in any criminal activity on the premises covered by the license or permit.

(15) No licensee shall have or maintain any interior access to residential or sleeping quarters unless permission is granted by the administrator of the alcoholic beverages division of the state's department of commerce in the form of a living quarters permit.

(16) No signs or advertisements advertising beer, wine or liquor or relating to the sale thereof shall be lighted within or on the premises where beer, wine or liquor is sold when such premises are not legally open for the sale of beer, wine or liquor.

(17) No loud or boisterous language shall be permitted in any place where beer, wine or liquor is sold, and such place shall be conducted in a quiet and orderly manner.

(b) A person under legal age shall not misrepresent the person's age for the purpose of purchasing or attempting to purchase any alcoholic beverage, wine, or beer from any licensee or permittee. If any person under legal age misrepresents the person's age, and the licensee or permittee establishes that the licensee or permittee made reasonable inquiry to determine whether the prospective purchaser was over legal age, the licensee or permittee is not guilty of selling alcoholic liquor, wine, or beer to a person under legal age.

(c) No privilege of selling alcoholic liquor, wine, or beer on Sunday, as provided in I.C. §§ 123.36(6) and 123.134(5), shall be granted to a club or other organization which places restrictions on admission or membership in the club or organization on the basis of sex, race, religion, or national origin. However, the privilege may be granted to a club or organization which places restrictions on membership on the basis of sex, if the club or organization has an auxiliary organization open to persons of the other sex.
(C62, § 9-20; O.8280, 8372, 8641, 8658, 8942; C75, § 5-21; O.9589; C79, C85, § 5-21; O.10,928, 11,537; C91, § 5-21; O.12,004, 12,073, 13,309, 13,448, 14,100)

Sec. 10-7. Brand signs prohibited.

No signs or other matter advertising any brand of alcoholic liquor, beer, or wine shall be erected or placed upon the outside of any premises occupied by a licensee or permittee authorized to sell alcoholic liquor, beer, or wine at retail. This section does not prohibit the use of signs or other matter inside a fence or similar enclosure which wholly or partially surrounds the licensed premises.
(C62, § 9-21; O.8280; C75, C79, C85, § 5-22; O.11,537; C91, § 5-22)

State law reference—Similar provisions, I.C. § 123.51.

Sec. 10-8. Persons under legal age in licensed or permitted establishments.

No person or club holding a liquor control license, wine or beer permit, which authorizes on the premises consumption, nor his or her agents or employees shall:

(1) Allow a person under legal age to enter or remain in the licensed or permitted establishment after 9:00 p.m. unless:

a. The licensee or permittee applies for and qualifies for an exception certificate from the chief of police as follows:

1. A licensee or permittee whose primary business purpose is not the sale of alcoholic beverages, wine or beer may qualify for an exception upon submission of a verified statement from a certified public accountant or an accountant which establishes that more than 50 percent of the licensee's or permittee's gross sales are from the sale of goods or services other than for the sale of alcoholic beverages, wine or beer which shall not include income from cover charges, entertainment fees, drink mixes or nonalcoholic beverages;

2. In addition to the statement mentioned in subsection (1)a.1 of this section, proof of qualification may include state and federal tax records for the previous year, articles of incorporation, and receipts from specific vendors which itemize goods purchased related to the applicant's primary business purpose from the previous six months as requested by the chief of police;

3. The chief of police may issue an exception certificate if the licensee or permittee has satisfied the requirements in this subsection;

4. An exception certificate shall be effective for the duration of the alcoholic liquor control license, wine or beer permit; or

b. The licensee or permittee applies for a special event exception from the chief of police, which shall allow the holder to provide entertainment to persons under legal age, as follows:

1. A licensee or permittee may qualify for a special event exception when an application is submitted to the chief of police or his or her designee at least seven business days prior to the proposed special event. Such application shall include the name and address of the licensed or permitted establishment, the type of event for which an exception is applied, the proposed date for the event and the time of the event;

2. All alcoholic liquor, wine or beer is removed or stored so that it is not available for sale or consumption during the period of the special event;

3. A special event exception shall be valid through the date of the special event or for the duration of the alcoholic liquor control license, wine or beer permit, whichever is first in time;

4. Failure to comply with the terms of this special event exception shall result in the revocation or denial of such an exception application for one year; or

c. For special events not exceeding five days in duration where a street closure has been authorized by the

city council and a temporary liquor control license has been issued, the chief of police may issue a special exception for the event, such exception to be limited to outdoor areas covered by the temporary liquor control license. The chief's discretion may include but is not limited to past experience with policing the same event, staffing, and any special difficulties in policing the proposed event.

d. The licensee or permittee posts a current exception certificate at the main entrance in the view of patrons of the licensed or permitted establishment.

e. The licensee or permittee applies for and qualifies for an exception certificate from the chief of police as follows:

1. The licensee or permittee is a designated venue defined as booking at least 100 live performances per year, with a dedicated and installed stage, public address system and lighting system;

2. Minors aged 16 through 20 years are allowed in the designated venue until 11:30 p.m. Minors under 16 years may not remain in the designated venue past 9:00 p.m.;

3. The designated venue shall demand photo identification at the door and shall identify, by use of wristband or other equally effective means, those persons 21 years of age and older who may legally purchase alcoholic beverages;

4. The designated venue shall be responsible for the security of the venue and any other areas such as parking lots under its ownership or control;

5. The designated venue shall make its best effort to provide the police department vice unit with a schedule of events at least 30 days in advance. When an event is booked after submission of the monthly schedule, the venue shall notify the vice unit by telephone, fax or electronic mail at least ten days before the event, in which case the event shall be submitted as part of the next monthly schedule;

6. The designated venue must demonstrate to the police department vice unit that at least 50 percent of its gross receipts are derived from items other than alcohol sales, which may include, but are not limited to, income from cover charges, ticket sales, entertainment fees, articles of apparel, food, drink mixes or non-alcoholic beverages;

7. The chief of police may issue an exception certificate if the licensee or permittee seeking an exception as a designated venue has satisfied the requirements of this subsection;

(2) Fail to post notices at all entrances to the licensed or permitted premises in the view of patrons of the licensed or permitted establishment that persons under legal age are not allowed in the premises after 9:00 p.m. unless the licensee or permittee has a current exception certificate under subsection (1)a., (1)b., (1)c. or (1)e. of this section.

(C91, § 5-26; O.12,004, 12,073, 13,355, 13,448; C00, § 10-8; O.14,623, 15,432)

Sec. 10-9. Persons under legal age.

(a) No person shall sell, give, or otherwise supply alcoholic liquor, wine or beer to any person knowing or having reasonable cause to believe him or her to be under legal age.

(b) No person under legal age shall have alcoholic liquor, wine, or beer in his or her possession or control except as follows:

(1) For liquor, wine, or beer given or dispensed to a person under legal age within a private home and with the knowledge and consent of the parent or guardian for beverage or medicinal purposes or as administered to him or her by either a physician or dentist for medicinal purposes; and

(2) To the extent that a person under legal age may handle alcoholic beverages, wine, and beer during the regular course of his or her employment by a liquor licensee or wine or beer permittee under state law and subsection 10-6(a)(7) of this chapter.

(c) After 9:00 p.m., no person under legal age shall enter into or remain on the premises of a licensed or permitted establishment which authorizes on the premises consumption and which does not have a valid exception certificate posted under section 10-8 of this chapter.
(C42, § 46-23; O.5390; C54, C62, § 9-28; O.7244, 8073, 8280; C62, § 9-26; O.8372, 8641; C75, § 5-27; O.9589; C79, C85, § 5-27; O.10,928, 11,233; C91, § 5-27; O.12,004, 12,073, 13,448)

State law reference—Similar provisions, I.C. § 123.47.

Sec. 10-10. Reserved.

Editor's note—Ord. No. 14,869, § 1, adopted July 27, 2009, repealed § 10-10, which pertained to dancing and derived from Code 1942, § 46-25; Ord. No. 5390; Code 1954; Code 1962, § 9-35; Ord. No. 7223; Ord. No. 8280; Code 1962, § 9-27; Ord. No. 8350; Code 1975; Code 1979; Code 1985, § 5-28; Ord. No. 10,928; Ord. No. 11,000; and Code 1991, § 5-28.

Sec. 10-11. Reserved.

Editor's note—Ord. No. 14,871, § 1, adopted July 27, 2009, repealed § 10-11, which pertained to music and derived from Code 1962, § 9-33; Ord. No. 8185; Ord. No. 8280; Code 1962, § 9-28; Ord. No. 8658; Code 1975; Code 1979, § 5-29; Ord. No. 10,140; Code 1985, § 5-29; Ord. No. 10,928; Code 1991, § 5-29; and Ord. No. 13,309.

Sec. 10-12. Lighting.

(a) During the hours when beer, wine, or liquor is offered for sale, any room on the premises of a permit or license holder, where beer, wine, or liquor is sold or consumed, and all booths on the premises of a permit or license holder shall be illuminated to a minimum of two footcandles as measured by a footcandle meter at a plane of 30 inches from the floor and shall be so lighted that all objects are plainly visible at all times.

(b) The requirements of this section shall not apply to private rooms of hotels or club permit holders.
(C42, § 46-7; O.5390; C54, C62, § 9-4; O.8350; C62, § 9-28.01; C75, C79, C85, § 5-30; O.10,928; C91, § 5-30)

Sec. 10-13. Penalties.

(a) Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code.

(b) The conviction of any liquor control licensee, wine permittee, or beer permittee for a violation of any of the provisions of subsection 10-6(a), inclusive, shall, subject to subsection (c) of this section, be grounds for a civil penalty of up to $1,000.00 per violation and/or the suspension or revocation of the license or permit by the state department or the city. However, if any liquor control licensee is convicted of any violation of I.C. § 123.49(2)a., d. or e., or any wine or beer permittee is convicted of a violation of subsection (2), paragraphs a. or e. of such section of the state Alcoholic Beverage Control Act, the liquor control license, wine permit, or beer permit shall be revoked and shall immediately be surrendered by the holder, and the bond, if any, of the license or permit holder shall be forfeited to the state department.

(c) If any licensee, wine permittee, beer permittee, or employee of such licensee or permittee shall be convicted of a violation of subsection 10-6(a)(9) of this chapter or section 123.49(2)(h) of the Code of Iowa; or if a retail wine or beer permittee shall be convicted of a violation of subsection 10-6(a)(10) or section 123.49(2)(i) of the Code of Iowa, the city shall, unless the city makes a request for the Alcoholic Beverages Division of the Iowa Department of Commerce to

enforce these state code sections, in addition to the other penalties fixed for such violations by this section or Chapter 123 of the code of Iowa, assess a civil penalty as follows:

(1) Upon a first conviction, the violator's license or permit shall be suspended for a period of 14 days. However, if the conviction is for a violation of section 10-6(9) of this chapter or section 123.49(2)(h) of the Code of Iowa, the license or permit shall not be suspended, but the violating licensee or permittee shall be assessed a civil penalty in the amount of $500.00. Failure to pay the civil penalty as ordered will result in automatic suspension of the license or permit for a period of 14 days.

(2) Upon a second conviction within a period of two years, the violator's liquor control license, wine permit, or beer permit shall be suspended for a period of 30 days. However, if the conviction is for a violation of section 10-6(9) of this chapter or section 123-49(2)(h) of the Code of Iowa, the licensee or permittee shall also be assessed a civil penalty in the amount of $1,500.00.

(3) Upon a third conviction within a period of three years, the violator's liquor control license, wine permit, or beer permit shall be suspended for a period of 60 days. However, if the conviction is for a violation of section 10-6(9) of this chapter or section 123.49(2)(h) of the Code of Iowa, the licensee or permittee shall also be assessed a civil penalty in the amount of $1,500.00.

(4) Upon a fourth conviction within a period of three years, the violator's liquor control license, wine permit, or beer permit shall be revoked.

(C62, § 9-29; O.8280; C75, § 5-31; O.9589; C79, C85, § 5-31; O.10,928, 11,537; C91, § 5-31; O.14,269, 14,287, 15,608)

Sec. 10-14. Music permit, application and fee.

(a) No person shall play or permit to be played music of any type on the premises for a liquor license or beer/wine permit during those hours when it is prohibited to sell or dispense alcoholic liquor, wine or beer as set out in section 10-6 of this chapter without a music permit.

(b) Application for the permit required in this section shall be made in writing to the city clerk, accompanied by the required permit fee and the following information:

(1) The name and address of the applicant.

(2) The name and address of the business and/or location the permit will be used.

(3) Designation of the days of use and proposed hours of operation for the music permit.

(4) The name(s) and phone number(s) of the person(s) responsible for the use of the permit.

(5) The application must include a petition wherein 75 percent of the occupants of surrounding residences and businesses and/or owners or managers of multiple-residential structures within 250 feet of the permitted property agree to issuance of the music permit.

(6) Applicant must sign an agreement to comply with the sound ordinance and all other applicable ordinances while operating under a music permit and to not allow the property to become a nuisance.

(c) If the application contains the required information and is accompanied by the required fee as set in the schedule of fees adopted by council resolution, and the premises has or is approved by city council to have a liquor license or beer/wine permit the city clerk shall issue the music permit.

(O.14,871)

Sec. 10-15. Revocation of music permit, expiration.

(a) The police department may immediately revoke any music permit for violation of any federal, state or local law or ordinance occurring on the premises that results in a criminal charge.

(b) The music permit upon revocation shall remain revoked for one year from the date of revocation.

(c) The permit may be reinstated before expiration of one year upon the applicant showing proof by court record that the violation of law which resulted in the revocation resulted in an acquittal or dismissal of the defendant from all charges for such violations.

(d) The permit will expire when the liquor license or beer/wine permit expires for the premises.
(O.14,871)

Secs. 10-16—10-40. Reserved.

ARTICLE II. LICENSES AND PERMITS

Sec. 10-41. Required.

No person shall, within the city, sell, barter, exchange, offer for sale, have in possession with intent to sell, deal or traffic in beer, wine or liquor without having first procured a permit or license for the sale, barter, exchange, offering for sale, having in possession with intent to sell, deal or traffic in, or solicit for sale beer, wine or liquor, as provided in this article and by state law.
(C42, § 46-2; O.5390; C54, C62, § 9-2; O.8350; C62, § 9-2.01; C75, C79, C85, § 5-3; O.10,928, 11,537; C91, § 5-3)

Sec. 10-42. Eligibility.

Upon meeting the requirements imposed by state law, this chapter and other city ordinances, a person who is of good moral character, as defined by state law and this chapter, may apply for and hold a liquor control license or a wine or beer permit. For a club, corporation, or partnership, the officers of the club or corporation and the partners of a partnership shall be persons of good moral character as defined by state law and this chapter.
(C62, § 9-3; O.8280; C75, C79, C85, § 5-4; O.10,928, 11,537; C91, § 5-4)

Sec. 10-43. Conditions for approval.

The following conditions and regulations must be met by an applicant for a liquor, wine or beer license:

(1) The applicant must give consent in writing on the application that members of the fire and police departments and the building inspector may enter upon the premises without warrant to inspect for violations of the provisions of state law and of this chapter.

(2) The premises for which a liquor, wine or a beer license is sought must be located within an area where such business is permitted by chapter 134 of this Code and must otherwise conform to the city zoning requirements.

(3) The premises shall, at the time of the application, continue to be equipped with sufficient tables and seats to accommodate 25 persons at one time.

(4) All licenses provided for in this chapter shall be displayed in a conspicuous place on the premises of the license holder and at all times shall be subject to inspection.

(5) No liquor, wine or beer license shall be approved for premises which do not conform to all applicable laws, ordinances, resolutions, and health and fire regulations.

(6) Licensed premises located outside the DX1, DX2 and DXR zoning districts shall conform with the following:

a. In addition to subsections (1) through (8) of this section, neither class C or special class C licenses nor class F license shall be granted for premises which are not operated as a restaurant at least half of whose gross income is derived from the sale of prepared food and food-related services and which are located within 150 feet of any church, school, public park or licensed child care center as defined by I.C. ch. 237A.

b. No class B, special class B native wine, or class E license shall be granted to an applicant whose premises are within 75 feet of any church, school, or public park or licensed child care center as defined by I.C. ch. 237A.

c. In determining the distances set out in this subsection, measurements shall be taken on a direct line from the nearest property line of the premises upon which the place of business of an applicant for a license is located and over which such applicant has control, to the nearest property line of the parcel of real estate upon which the church, public park, licensed child care center or school building is situated. These area restrictions shall not affect the right of present permit or license holders who have qualified under the rules heretofore in effect, or their successors by purchase, from renewing their permits or licenses in their present locations.

(7) a. Except in the DX1, DX2 and DXR zoning districts, neither new licenses nor transfers of existing licenses, other than class B and class E licenses, will be granted for locations not currently operating under a license, unless 75 percent of the property abutting on both sides of the same street as the premises for which the license is requested and extending 200 feet to the right and left from the center point of such premises facing such street is either currently put to a commercial use or is commercially zoned by chapter 134 of this Code. An exception to this restriction is permitted where the applicant's premises are operated as a restaurant, at least half of the gross income of which is derived from the sale of prepared food and food-related services.

b. In measuring the distances in subsection (7)a of this section, rights-of-way of intersecting city streets and alleys shall be excluded.

c. Where the premises involved are located on a corner lot at the intersection of two streets, it will be sufficient if the usage or zoning so measured along either intersecting street meets the requirements of subsection (7)a of this section.

(8) The area restrictions set forth in this section shall not affect the right of present permit or license holders or their successors by purchase from renewing their permits or licenses in their present locations. No property whose principal structure shall be used wholly or in part for residence purposes shall be deemed actually devoted to commercial use unless more than 50 percent of the gross floor area of the structure shall be devoted to commercial use.

(9) The subsections of this section concerning the location of new or transferred licenses shall not apply to an application for a license by a college or university where 75 percent of the real estate, exclusive of street rights-of-way, within 200 feet of the structure for which the license is sought, is owned by the college or university.

(10) a. Subsections (2) and (3) of this section shall not apply to a person who makes application for a class C license, or a special class C license in connection with the operation of a concession stand or event at a city park designated "community" or "major" by the director of the park and recreation department, or at a city-owned golf course. The city council may approve an application for a class C license, or a special class C license in connection with

the operation of a concession stand or event at city parks designated "neighborhood" in special circumstances upon review of the facts and taking into account the recommendation of the park and recreation board.

b. For the purposes of section 10-47 of this chapter, each park at which an applicant desires to operate a concession stand or event and sell alcoholic beverages shall be deemed a separate place of business for which such applicant shall be required to have a separate license.

(11) Subsection (2) of this section shall not apply to a club or corporation which makes application for a class F license in connection with the operation of and located on the land occupied by a private full-sized nine- or 18-hole golf course.

(12) Subsection (6)a. of this section shall not apply to nonprofit corporations which make application for a five-day, 14-day, seasonal, or liquor license, where the sale of alcoholic beverages does not occur between the hours of 8:00 a.m. and 5:00 p.m., and where the sale of alcoholic beverages is done on a temporary basis for special events and so as to not comprise greater than 50 percent of the gross revenue for each day alcoholic beverages are sold.

(13) The required separation from any church, school, public park or licensed child care center imposed by subsection (6)a. of this section, and the requirements of subsection (7)a. of this section, shall not apply to nonprofit corporations which make application for a five-day liquor license, where the sale of alcoholic beverages occurs only between the hours of 11:00 a.m. and 10:00 p.m., and outside the regular school hours of any school within 150 feet.

(14) For all class C, special class C and class F licenses the applicant must provide a statement that all designated security employees have received training and certification in security methods. Such training shall be performed and certified to by a third party that is in the training business and shall include a minimum of four hours of training in the following areas: de-escalation techniques, anger management techniques, civil rights or unfair practices awareness as provided in I.C. § 216.7, recognition of fake or altered identification, information on laws applicable to the serving of alcohol at a licensed premises, use of force and techniques for safely removing patrons, and instruction on proper physical restraint methods used against a person who has become combative.

(O.4760; C42, §§ 46-8, 46-17, 46-18, 46-25; O.5390, 5420; C54, §§ 9-12, 9-14, 9-15, 9-30, 9-31, 9-34, 9-42; O.5723, 5964; C62, §§ 9-12, 9-14, 9-15, 9-30, 9-31, 9-34, 9-42; O.7370, 7402, 7999, 8280; C62, § 9-4; O.8350, 8368, 8673, 8692, 8708; C75, § 5-5; O.9217, 9589; C79, § 5-5; O.9833, 9916, 10,112; C85, § 5-5; O.10,928, 11,051, 11,537, 13,228, 13,233, 13,402; C91, § 5-5; O.13,895, 14,100, 14,269, 14,287, 14,440, 14,674, 14,675, 15,080, 15,279, 15,819, 16,278)

Sec. 10-44. Reserved.

Editor's note—Ord. No. 16,278, § 1, adopted Sept. 11, 2023, repealed § 10-44, which pertained to classes of beer permits and derived from Code 1962, § 9-5; Ord. No. 8280; Ord. No. 8658; Code 1975; Code 1979; Code 1985, § 5-6; Ord. No. 10,928; Ord. No. 11,537; Code 1991, § 5-6.

Sec. 10-45. Classes of liquor licenses.

Liquor control licenses shall be classed as follows:

(1) *Class F.* A class F license issued to a club shall authorize the holder to purchase alcoholic liquors from class E liquor licensees only, wine from class A wine permittees or class E or B licenses only, and beer from a class A beer permittees or class E or B licensees only, to bona fide members and their guests by the individual drink for consumption on the premises only.

(2) *Class C.* A class C license issued to a commercial establishment must be issued in the name of the individual who actually owns the entire business and shall authorize the holder to purchase alcoholic liquors from class E licensees only, wine from class A wine permittees, class E or B licensees only, and beer from class A beer permittees or E or B licensees to patrons by the individual drink for consumption on the premises only. However, liquor, wine and beer in original unopened containers may also be sold for consumption off the premises. In addition, mixed drinks or cocktails may also be sold for consumption off the premises subject to the requirements of I.C. § 123.49, subsection 2, paragraph "d".

(3) *Special class C.* A special class C license shall authorize the holder to purchase wine from class A wine permittees or class E or B licensees and beer from class A beer permittees or class E or B licensees only and to sell wine and beer to patrons by the individual drink for consumption on the premises only. However, wine and beer in original unopened containers may also be sold for consumption off the premises.

(4) *Class E.* A class E license shall authorize the holder to purchase alcoholic liquor from the state department only, wine from class A wine permittees only and beer from class A beer permittees only and to sell the alcoholic liquor, wine and beer to patrons for consumption off the licensed premises and to other liquor licensees. A holder of a class E license may hold other retail liquor licenses, but the premises licensed under a class E license shall be separate from other licensed premises, though the separate premises may have a common entrance.

(C62, § 9-6; O.8280, 8658; C75, C79, C85, § 5-7; O.10,928, 11,311, 11,537; C91, § 5-7; O.15,022, 16,278)

Sec. 10-46. Class of wine license.

(1) *Special class B native wine license.* A special class B native wine license shall authorize the holder to purchase wine from a native winery holding a class A wine permit and allow the holder to sell at retail native wine only for consumption in original containers only off premises.

(C85, § 5-8; O.10,928, 11,537; C91, § 5-8; O.14,287, 16,278)

Sec. 10-47. Separate locations.

Every person holding a liquor, wine or beer license, having more than one place of business where such liquor, wine or beer is sold, shall be required to have a separate license for each separate place of business, except as otherwise provided by state law.

(C62, § 9-8; O.8280; C75, C79, C85, § 5-9; O.10,928, 11,537; C91, § 5-9; O.16,278)

Sec. 10-48. Contents of application; bond.

(a) A verified application for the original issuance or the renewal of a liquor, wine or beer license, shall be submitted electronically in a manner prescribed by the administrator of the alcoholic beverages division.

(b) Except for class E license applications, the application shall be accompanied by the required fee and shall be filed with the city clerk for city council approval or disapproval 30 days prior to the first date of sale or 30 days prior to the renewal date.

(c) A class E liquor application shall be accompanied by the required fee and a bond in a sum of not less than $5,000.00 nor more than $15,000.00, as established by the state department, and in a form prescribed by the administrator of the alcoholic beverages division. The application shall be deemed timely filed when filed with the city clerk for city council approval or disapproval 30 days prior to the first date of sale or 30 days prior to the renewal date.

(C62, § 9-9; O.8280; C75, C79, C85, § 5-10; O.10,928, 11,311, 13,358; C91, § 5-10; O.16,278)

Sec. 10-49. Investigation of applicant and premises.

Upon receipt of an original application for a liquor, wine or beer license, by the city clerk, information shall be forwarded to the chief of

police or his or her designee, who shall conduct an investigation and shall approve or disapprove the applicant as to the truth of the facts averred in the application. It shall be the duty of the building official, zoning enforcement officer and the fire chief or their designees to inspect the premises to determine if they conform to the city's requirements, and no license shall be approved until inspections are completed.
(C62, § 9-10; O.8280; C75, C79, § 5-11; O.9833; C85, § 5-11; O.10,928; C91, § 5-11; O.13,011, 16,278)

Sec. 10-50. Procedures for suspension, revocation, or civil penalty.

(a) Whenever the city council finds that the licensee, his or her employees or agents has furnished any false information required under this article or has violated or failed to comply with any of the requirements of this chapter, any other chapter of this Code, or state law, the city council may, impose a civil penalty upon the licensee, and/or suspend or revoke the license.

(b) No civil penalty, suspension or revocation shall issue except upon notice delivered to the licensee by mailing notice in the regular mail, addressed to the licensee at the licensed premises, a minimum of ten days prior to the date set for hearing before the council. Such notice shall inform the licensee of the time, date and place of hearing and shall set out briefly the reasons therefor.

(c) If, after such hearing, the city council makes a finding based on substantial evidence that a violation of this chapter or another chapter of this Code or state law did in fact take place as alleged, the city council may impose a civil penalty and/or suspend or revoke the license; the determination of whether to impose a civil penalty and/or suspend or revoke such license shall be in the discretion of the city council and shall be dependent upon the circumstances surrounding the violation and its severity.

(d) A licensee whose license has been revoked shall not be eligible for another such license for a period of two years after such revocation.
(C79, § 5-11.02; O.10,709; C85, § 5-11.02; O.11,537; C91, § 5-11.02; O.14,287, 16,278)

Sec. 10-51. Renewal application.

(a) Upon receipt of an application for the renewal of a liquor, wine or beer license, the information shall be forwarded to the chief of police or his or her designee, who shall conduct an investigation on the applicant as to the truth of the facts averred in the application.

(b) Inspection of the premises will be the same as under section 10-49 of this chapter.
(C62, § 9-11; O.8280; C75, C79, C85, § 5-12; O.10,928; C91, § 5-12; O.16,278)

Sec. 10-52. Notice of change of management.

If a different person becomes manager or any officer dies or is removed, the business licensed pursuant to this article shall notify the office of the city clerk within three days, stating the name of the new manager or officer.
(C42, § 46-10; O.5390; C54, C62, § 9-56; O.8280; C62, § 9-12; C75, C79, C91, § 5-13; O.16,278)

Sec. 10-53. Civil liability.

Every liquor, wine or beer licensee shall furnish proof of financial responsibility as required by I.C. § 123.92 either by the existence of a liability insurance policy or by posting bond in such amount as determined by the state department.
(C62, § 9-13; O.8280; C75, C79, C85, § 5-14; O.10,928; C91, § 5-14; O.16,278)

Sec. 10-54. Fees.

(a) The following fees shall be submitted with the respective application for the license or permit required by this article:

(1) For a class B license the annual fee shall be graduated on the basis of the amount of interior floor space which comprises the retail sales area of the premises covered by the permit, as follows:

a. Up to 1,500 square feet, $250.00.

b. Over 1,500 square feet and up to 2,000 square feet, $350.00.

c. Over 2,000 square feet and up to 5,000 square feet, $500.00.

d. Over 5,000 square feet, $750.00.

(2) For a class F license the annual fee shall be as follows:

a. A club with 250 members or more, $600.00 plus state surcharge.

b. A club with less than 250 members, $400.00 plus state surcharge.

c. A club which is a post, branch, or chapter of a veterans organization chartered by the Congress of the United States, if such club does not sell or permit the consumption of alcoholic beverages on the premises more than one day in any week or more than 52 days in a year, and if the application for a license states that such club does not and will not sell or permit the consumption of alcoholic beverages on the premises more than one day in any week or more than 52 days in a year, $200.00 plus state surcharge.

(3) For a class C license the annual fee shall be $1,250.00 plus state surcharge.

(4) For a class E license the annual fee shall be a sum determined as follows:

a. Up to 1,500 square feet, $2,500.00.

b. Over 1,500 square feet and up to 2,000 square feet, $3,500.00

c. Over 2,000 square feet and up to 5,000 square feet, $5,000.00.

d. Over 5,000 square feet, $7,500.00.

(5) For a special class C license the annual fee shall be $450.00 plus state surcharge.

(6) For a special class B native wine license the annual fee shall be $125.00.

(b) The police department is authorized to charge and collect an administrative fee on requests for an exemption certificate pursuant to section 10-8 Article I of this chapter for investigating and processing such exemption certificates. The city clerk may collect this fee in lieu of the police department. The fee shall be in the amount set in the schedule of fees adopted by the city council by resolution.
(C62, § 9-14; O.8280, 8658; C75, C79, C85, § 5-15; O.10,928; C91, § 5-15; O.13,732, 14,179, 14,269, 14,287, 15,022, 16,278)

Sec. 10-55. Scope.

(a) A liquor, wine or beer license, shall be a purely personal privilege and shall be revocable for cause. It shall not constitute property nor be subject to attachment and execution nor be alienable or assignable, and in any case it shall cease upon the death of the licensee.

(b) However, the administrator of the alcoholic beverages division may in his or her discretion allow the executor or administrator of a licensee to operate the business of the decedent for a reasonable time not to exceed the expiration date of the license.

(c) Every license shall be issued in the name of the applicant, and no person holding a license shall allow any other person to use the license.
(C42, § 46-13; O.5390; C54, C62, § 9-13; O.8280; C62, § 9-15; C75, C79, C85, § 5-16; O.10,928; C91, § 5-16; O.16,278)

State law reference—Similar provisions, I.C. § 123.38.

Sec. 10-56. City council action.

Action taken by the city council pursuant to this article shall be so endorsed on the application, for such further action as is provided by law.
(C42, § 46-13; O.5390; C54, C62, § 9-13; O.8280; C62, § 9-16; C75, C79, C85, § 5-17; O.11,537; C91, § 5-17; O.16,278)

Sec. 10-57. Expiration.

Notwithstanding section 10-58, all liquor, wine or beer licenses, unless sooner suspended or revoked, shall expire one year from the date of issuance.
(C62, § 9-17; O.8280; C75, C79, C85, § 5-18; O.10,928, 11,537; C91, § 5-18; O.16,278)

State law reference—Similar provisions, I.C. § 123.354(1).

Sec. 10-58. Five-day, 14-day and seasonal licenses.

(a) Applications for eight-month seasonal licenses, class F, class C or special class C licenses may be accepted by the city council for a proportionate part of the license fee.

(b) The city council may accept applications for 14-day class F, class C or special class C licenses. A 14-day liquor license, if granted, is valid for 14 consecutive days. The fee for a 14-day liquor license is one quarter of the annual fee for that class of liquor license.

(c) The city council may accept applications for five-day class F, class C or special class C licenses. A five-day license, if granted, is valid for five consecutive days. The fee for the five-day liquor license is one-eighth of the annual fee for that class of license.

(d) No seasonal license shall be renewed.
(C85, § 5-18.01; O.11,537; C91, § 5-18.01; O.16,278)

State law reference—Similar provisions, I.C. § 123.34.

Sec. 10-59. Refunds.

(a) Under this article, any licensee or his or her executor, administrator, or any person duly appointed by the court to take charge of and administer the property or assets of the licensee for the benefit of his or her creditors may voluntarily surrender such license to the alcoholic beverage division and when so surrendered the alcoholic beverage division shall notify the city. The alcoholic beverage division and/or the city, shall refund to the person so surrendering the license a proportionate amount of the fee paid for such license as follows:

(1) If surrendered during the first three months of the period for which the license was issued the refund shall be three-fourths of the amount of the fee;

(2) If surrendered more than three months but not more than six months after issuance, the refund shall be one-half of the amount of the fee; or

(3) If surrendered more than six months but not more than nine months after issuance, the refund shall be one-fourth of the amount of the fee.

(b) No refund shall be made, however, for any liquor, wine or beer license surrendered more than nine months after issuance.

(c) No refund shall be made to any licensee upon the surrender of his or her license, if there is at the time of the surrender a complaint filed with the state department or the city, charging him or her with a violation of this chapter or provisions of the state Alcoholic Beverage Control Act.

(1) If upon hearing on any such complaint the license is not revoked or suspended, the licensee shall be eligible, upon surrender of his or her license, to receive a refund as provided in this section.

(2) If his or her license is revoked or suspended upon such hearing, he or she shall not be eligible for the refund of any portion of his or her license fee.

(d) No refund shall be made for seasonal, five-day or for 14-day licenses.
(C62, § 9-18; O.8280; C75, C79, C85, § 5-19; O.10,928, 11,537; C91, § 5-19; O.14,269, 16,278)

Sec. 10-60. Transfers.

The council, may, in its discretion, authorize a licensee to transfer the license from one location to another within the city, provided that the premises to which the transfer is to be made would have been eligible for a license in the first instance and such transfer will not result in the violation of any law or ordinance. The applicant shall procure from the persons who are surety on his or her bond written consent to make such transfer, which shall be filed with the application.
(C62, § 9-19; O.8280, 8708; C75, C79, C91, § 5-20; O.13,732, 14,269, 16,278)

State law reference—Authority to permit license and permit transfers, I.C. § 123.38.

Sec. 10-61. Causes for suspension, revocation, and civil penalty.

A holder of a liquor, wine or beer license may be required to pay a civil penalty and/or have the license suspended for a period up to one year or revoked for violations of law, including city ordinances, following notice and hearing, and may be penalized and/or suspended or revoked in accordance with the provisions of state law for any of the following causes:

(1) Misrepresentation of any material fact in the application for such license.

(2) Violation of any of the provisions of the state Alcoholic Beverage Control Act.

(3) Any change in the ownership or interest in the business operated under any liquor license, which change was not previously reported to and approved by the city and the alcoholic beverage division.

(4) An event which would have resulted in disqualification from receiving such license when originally issued.

(5) Any sale, hypothecation, or transfer of such license.

(6) The failure or refusal on the part of any licensee to render any report or remit any taxes to the state department under the state act.

(C62, § 9-22; O.8280; C75, § 5-23; O.9589; C79, C85, § 5-23; O.10,928; C91, § 5-23; O.14,287, 16,278)

State law reference—Similar provisions, I.C. § 123.39(1)(a), (b).

Sec. 10-62. Effect of revocation.

(a) Any liquor, wine or beer licensee whose license is revoked under the state Alcoholic Beverage Control Act shall not thereafter be permitted to hold a liquor, wine or beer license, in the state for a period of two years from the date of such revocation.

(b) A spouse or business associate holding ten percent or more of the capital stock or ownership interest in the business of a person whose license has been revoked shall not be issued a liquor, wine or beer license, and no liquor, wine or beer license, shall be issued which covers any business in which such person has a financial interest for a period of two years from the date of such revocation.

(c) If a license is revoked, the premises which has been covered by such license shall not be relicensed for one year.

(C62, § 9-23; O.8280; C75, C79, C85, § 5-24; O.10,928; C91, § 5-24; O.16,278)

State law reference—Similar provisions, I.C. § 123.40.

Sec. 10-63. Appeal and hearings.

(a) The right of appeal to the alcoholic beverages division of the state department of commerce shall be afforded a liquor, wine or beer licensee whose license has been suspended or revoked, or when a civil penalty has been imposed.

(b) Any applicant who feels aggrieved by a decision of the administrator of the alcoholic beverages division of the state's department of commerce or the city penalizing, suspending, revoking, or disapproving issuance of a liquor, wine or beer license may, provided such applicant has exercised his or her right of administrative appeal as provided by state law, appeal from such decision within 30 days to the district court of the county wherein the premises covered by the application are situated.

(c) The city may appeal a decision of the administrator of the alcoholic beverages division of the state department of commerce within 30 days to the district court of the county wherein the premises covered by the application are situated.

(C62, § 9-24; O.8280; C75, C79, C85, § 5-25; O.10,928, 11,537; C91, § 5-25; O.14,287, 16,278)

ARTICLE I. IN GENERAL

Sec. 14-1. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Multiple theater complex means any theater as defined in this section but which contains more than one auditorium or exhibition room in a single building or connected complex of buildings under a single ownership or managed as a unit in which different motion pictures, cinematic portrayals or live performances are displayed in each or more than one of such auditoriums or exhibition rooms and for which a separate admission fee may be charged.

Theater and theatrical performance means any theatrical performance in which motion pictures or other cinematic portrayals are exhibited or actors or actresses or both take part in person in a performance given in what is commonly called a theater to which admission may be had by payment of a fee or by purchase and presentation of a ticket or token obtained for money and to which the public generally may gain admission.
(C42, § 69-1; C54, C62, § 42-1; C75, C79, C85, § 6-1; O.11,050; C91, § 6-1)

Cross reference—Definitions generally, § 1-2.

Sec. 14-2. License issuance criteria.

The city clerk shall, upon receipt of any application for a license required by this article, consider the application and grant to the applicant a license if the applicant meets the requirements of this article.
(C42, § 62-1; C54, C62, § 42-2; C75, § 6-2; O.9483; C79, C91, § 6-2)

Sec. 14-3. Application.

(a) Before any license shall be issued under this article, the person applying shall do so by making application to the city clerk, which shall state the business to be licensed, the person to whom the license shall be issued and the amount to be paid.

(b) In addition to subsection (a) of this section, no theater license shall be issued unless:

(1) The applicant gives consent on the application, which consent shall be binding upon the owner, manager, and operator of such theater, that members of the fire and police departments and the building inspector may enter upon the premises without warrant to inspect for violations of the provisions of the city building codes and fire code;

(2) The building inspector and the fire chief or their designees shall have inspected the premises and found that they conform to the requirements of the city building codes and fire code and shall have filed a report with the city clerk to such effect; and

(3) If the premises are found not to so conform at the time of the application or after the issuance of a license, the applicant shall be so advised and shall be given opportunity to appeal such finding to the city council which, upon hearing, may allow a reasonable period of time for the premises to be brought to conformance with such codes or, if the city council then or after such period deems the premises sufficiently hazardous to public health or safety, shall direct the denial or revocation of such license and closure of the premises as a theater.

(C42, § 62-3; C54, C62, § 42-3; C75, § 6-3; O.9483; C79, § 6-3; O.10,527; C91, § 6-3; O.15,777)

Sec. 14-4. License required.

No person shall conduct, carry on, exhibit, produce or display any theater or theatrical performance, without first paying the license fee and procuring the license provided for in this article.
(C42, §§ 62-2, 62-3; C54, C62, § 42-4; C75, § 6-4; O.9483; C79, C91, § 6-4; O.14,182)

Sec. 14-5. License fees.

(a) An applicant for a theater license shall submit a fee to the city clerk at the time of filing the application. No license fee shall be charged

for a theater or theatrical performance when conducted at a city-owned or city-subsidized property or property owned by a not-for-profit organization.

(b) All theater license fees shall be paid annually in advance, and the beginning of the year of the annual license shall be January 1 of each year. An applicant who files for renewal less than 30 days prior to the date of license expiration, shall pay a late fee.

(c) If the application is denied or if the application is withdrawn before final action is taken by the city clerk a portion of the application fee shall be retained by the city clerk for the cost of administration.

(d) The license fee, its nonrefundable portion and the late fee for a theater license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(C42, §§ 62-2, 62-3; C54, C62, § 42-7; C75, § 6-7; O.9143; C79, § 6-7; O.10,708; C85, § 6-7; O.11,050, 11,579; C91, § 6-7; O.14,182)

Sec. 14-6—14-8. Reserved.

Editor's note—Ord. No. 14,182, § 1, adopted Dec. 16, 2002, repealed §§ 14-6—14-8 which pertained to sanitary condition of premises, illegal shows, and smoking, respectively, and derived from Code 1942, §§ 35-14, 62-2, 62-7; Code 1954 and Code 1962, §§ 42-10, 42-12, 42-13; Code 1975 and Code 1979, §§ 6-10, 6-12; Code 1985, § 6-13; Code 1991, §§ 6-10, 6-12, 6-13; and Ord. No. 11,579.

Secs. 14-9—14-35. Reserved.

ARTICLE II. GAME ROOMS, BOWLING ALLEYS AND AMUSEMENT DEVICES

Sec. 14-36. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Amusement device means any type of game or entertainment device or table, including but not limited to pool, billiards, snooker or ping pong tables; pinball machines; electronic games; and jukeboxes, which can be played by any number of participants. The term also includes any coin-operated or slug-operated or electronically, electrically or mechanically controlled still or motion picture machine, projector, or other image-producing device maintained to show images to five or fewer persons per machine at any one time. The term "amusement device" shall not include and this article shall not apply to pay television sets located in bus terminals, train stations and airports.

Bowling alley means any commercial establishment where the game of bowling or tenpins is played.

Game room means any commercial establishment featuring amusement devices for use by the public for a fee. The term "game room" does not include single-family residences having such machines nor does it include games, game rooms or recreation rooms of multiple-family residences, provided the use of such rooms and the machines or tables contained therein is restricted to the residents thereof or their guests.

Inoperable machine means any amusement device which is no longer used for its original entertainment purpose and which is no longer in working order in that the electrical or mechanical controls are permanently severed and the coin-operated or slug-operated slots are filled or covered so that coins or slugs cannot be accepted.
(C75, § 6-27; O.9096; C79, § 6-27; O.9838, 10,011; C85, § 6-27; O.11,579; C91, § 6-27)

Cross reference—Definitions generally, § 1-2.

Sec. 14-37. Compliance.

No bowling alley or game room shall be opened, operated or permitted to be opened or operated without first complying with this article, nor shall any other commercial premises use or permit the use of coin-operated amusement machines or other amusement tables, devices or machines without first complying with this article.
(C42, § 66-7; C54, C62, § 40-8; C75, § 6-27; O.9096; C75, C79, C91, § 6-28)

Sec. 14-38. License required.

(a) No game room or bowling alley shall be opened, operated or permitted to be opened or operated without the owner first obtaining a

game room or bowling alley license from the city council. No other commercial establishment shall permit the operation or use of any coin-operated amusement machine or other amusement games, tables, devices or machines without the owner first obtaining a game room license from the city council. However, a license is not required for a bona fide inoperable machine.

(b) All applicants for licenses for bowling alleys or game rooms shall apply to the city clerk. The city clerk shall forward the application to the appropriate departments for inspections. Upon completion of such inspections, the city clerk shall forward the application to the city council for approval. If the city council finds that the applicant has fully complied with all the requirements of this article and that the applicant is of good moral character, the city council shall authorize the issuance of a license to the applicant.

(c) Where the principal business of a commercial establishment has been subjected to and has passed inspection by city building, fire and police departments under this Code or state law, as applicable, the requirement of inspection before issuance of a license pursuant to this article shall be deemed satisfied.

(d) Where the operation of coin-operated amusement machines is only incidental to the principal business activity of the commercial establishment, fire and building inspections required by this section need only be conducted in and about that portion or room of the commercial establishment wherein the coin-operated amusement machine or machines are actually located.

(e) All applications shall be made in the name of the owner of the business, whether an individual, a partnership, or a corporation, and shall contain the following:

(1) The full name, residence address of the applicant and, where the applicant is a partnership or corporation, of the partners or officers.

(2) The Iowa Division of Criminal Investigation criminal history report of the applicant, if any, or of each partner or corporate officer, as applicable.

(3) If the applicant is a corporation, the name of the corporation shall be set forth exactly as shown in its articles of incorporation together with the names and residence addresses of each of the officers, directors, and each stockholder holding more than ten percent of the stock of the corporation. If the applicant is a partnership, the application shall set forth the name and the residence address of each of the partners, including limited partners. If one or more of the partners is a corporation, the subsections of this section pertaining to a corporate applicant apply.

(4) The name and address of the owner of the building where such game room or bowling alley will be located.

(5) A copy of a government-issued photo ID of the applicant or of the managing partner or principal executive officer of the corporation, as applicable.

(6) All information required in this subsection of any applicant shall also be provided for every person who, directly or indirectly, has any right or responsibility to participate in the management or control of the business to be conducted at the premises of the proposed game room or bowling alley.

(7) Copies of any lease or rental agreement governing the applicant's rights in such building.

(8) Such other identification and information necessary to discover the truth of the matters required in this subsection to be set forth in the application as may be required by the city clerk.

(C42, §§ 66-4, 66-5; O.5125; C54, C62, §§ 40-2, 40-3; C75, §§ 6-28, 6-29; O.9096, 9221, 9383; C79, § 6-29; O.9922, 10,023; C85, § 6-29; O.11,579; C91, § 6-29; O.15,777)

Sec. 14-39. License fees.

(a) An applicant for a game room, amusement device or bowling alley license shall submit a fee to the city clerk at the time of filing the application.

(b) An applicant who files for renewal less than 30 days prior to the date of any license expiration shall pay a late fee.

(c) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, a portion of the application fee shall be retained by the city clerk for the cost of administration.

(d) The license fee, its nonrefundable portion and the late fee for a game room, amusement device or bowling alley license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(C42, § 66-6; O.5125; C54, § 40-6; O.6028; C62, § 40-6; O.7454, 8479; C75, § 6-30; O.9096; C79, § 6-30; O.9838, 9922; C85, § 6-30; O.11,548, 11,579; C91, § 6-30; O.11,780, 14,182)

Sec. 14-40. License duration.

All licenses issued pursuant to this article shall expire on December 31 of the year of issuance.
(C42, § 66-7; C54, C62, § 40-8; C75, § 6-34; O.9096; C75, C79, § 6-31; O.9838; C91, § 6-31)

Sec. 14-41. Temporary license.

(a) Under this article, a temporary license may be issued to a location for a maximum period of five days.

(b) An applicant for a temporary game room, amusement device or bowling alley license shall submit a fee to the city clerk at the time of filing the application.

(c) An application for a temporary license under this article shall contain the information as required under subsections 14-38(e) and (f).

(d) An applicant who files for a temporary license less than 30 days prior to the first date of operation shall pay a late fee.

(e) The standards of issuance of a game room license enumerated in section 14-38 of this article shall apply.

(f) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, the license fee shall be retained by the city clerk for the cost of administration.

(g) The license fee, its nonrefundable amount and the late fee for a temporary license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.

(h) No temporary license issued under this article shall be renewed except after a period of six months.

(i) All rules of conduct set out in this article shall apply equally to temporary licensees.
(C91, § 6-31.01; O.11,710, 14,182)

Sec. 14-42. Posting of license.

The license issued by this article shall be enclosed by the licensee in a suitable frame so that the whole of the license may be seen therein. It shall be posted at all times and displayed in a conspicuous place in the principal room or place of the premises where the licensed business is carried on, so that all persons visiting the room or place may readily see it.
(C42, § 66-8; C54, C62, § 40-9; C75, § 6-35; O.9096; C75, C79, C91, § 6-32; O.15,777)

Sec. 14-43. Hours of operation.

(a) Game rooms shall not permit patrons to play or operate amusement devices, excepting jukeboxes and other vending machines the sole product of which is recorded music, between the hours of 2:00 a.m. and 6:00 a.m. unless the use is in conjunction with a music permit or an entertainment venue license; provided, however:

(1) This restriction shall not apply to those game rooms at which are located no more than a jukebox and two other amusement devices.

(2) This subsection shall not be construed to require that a game room close at 2:00 a.m.

(3) A licensee shall be held to have complied with this subsection if he or she renders the amusement devices inoperable by either cutting off electricity to such devices

or by closing off access by the public to the area in which such devices are situated at or before 2:00 a.m.

(b) The exception set forth in subsection (a) of this section pertaining to jukeboxes shall not apply to those locations described in section 10-14(a) of this Code.
(C42, § 66-10; C54, § 40-11; O.5885; C62, § 40-11; O.7021, 8628; C75, § 6-37; O.9096; C75, § 6-34; O.9409; C79, § 6-34; O.9838, 10,011, 10,140; C91, § 6-34; O.14,872)

Sec. 14-44. Disorderly conduct.

No game room or bowling alley licensee or employee or agent thereof shall permit such licensed premises to become disorderly. The term "disorderly" as used in this section shall have the meaning contained in section 70-36 of this Code.
(C42, § 66-10; C54, § 40-11; O.5885; C62, § 40-11; O.7021, 8628; C75, § 6-37; O.9096; C75, C79, § 6-35; O.9838, 10,708; C91, § 6-35)

Sec. 14-45. Effect of plea of being private club.

In prosecutions under this article, it shall be no defense that the premises where the violation is alleged to have occurred during prohibited hours were then operated as a private club, if at any other time during the licensed period such premises are conducted as a public place of business.
(C42, § 66-9; C54, C62, § 40-10; C75, § 6-38 O.9096; C75, C79, C91, § 6-36)

Sec. 14-46. Suspension or revocation of license.

Any license issued pursuant to this article may be suspended or revoked for violations of this article or any other chapter of this Code, and the procedures for such suspension or revocation shall be those contained in section 14-160 of this chapter.
(C42, § 66-12; C54, C62, § 40-12; C75, § 6-39; O.9096; C75, C79, § 6-37; O.9838, 10,708; C91, § 6-37)

ARTICLE V. AMUSEMENT HOUSES

Sec. 14-151. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Amusement house means any house, building, premises or any other structure or portion thereof, whether temporary or permanent, open to the public to tour or move through for purposes of amusement or fright and which contains a device or system that conveys passengers or provides a walkway along, around, or over a course in any direction so arranged that the egress path is not readily apparent due to visual or audio distractions or is intentionally confounded or is not readily available due to the nature of the attraction or mode of conveyance through the house, building, or structure.

Operator means any person, group, or organization who is responsible for the organization and operation of an amusement house.

Temporary amusement house means an amusement house that is operational and open to the

*__Editor's note—__**Editor's note—**Ord. No. 14,869, § 1, adopted July 27, 2009, repealed art. III, §§ 14-76—14-87, which pertained to public dances and derived from Code 1942, §§ 63-1, 63-2, 63-4, 63-6—63-9, as amended. See the Code Comparative Table for complete derivation.

†**Editor's note—**Ord. No. 14,329, § 1, adopted April 5, 2004, repealed the former art. IV, §§ 14-116—14-125, which pertained to timed events and athletic events using streets and highways, and derived from Code 1985, §§ 6-85—6-94; Ord. No. 11,162; Code 1991, §§ 6-85—6-94; Ord. No. 11,655; Ord. No. 13,230; and Ord. No. 13,733.

public for a period of 45 days or less at one given time. All other amusement houses shall be considered as permanent.
(C85, § 6-96; O.11,393, 11,526; C91, § 6-95; O.15,702)

Cross reference—Definitions generally, § 1-2.

Sec. 14-152. License required.

No amusement house shall be permitted within the city without the operator, organizer, or owner first obtaining an amusement house license from the city.
(C85, § 6-96; O.11,393; C91, § 6-96; O.13,533, 14,182)

Sec. 14-152.2. License application.

(a) Every applicant for such license shall apply in writing to the city clerk. Such application shall be submitted at least 30 days prior to the proposed date of commencement of operation of such amusement house. The requirement that such an application be submitted at least 30 days in advance may be waived by the city manager upon a written finding by the city manager that the necessary review and inspection of the proposed amusement house may be completed within the time remaining and that the expedited review of such application will not interfere with the efficient administration of chapter 134 of this Code and the building, fire and traffic codes.

(b) Every license application shall contain the following information:

(1) The name and address of the applicant and that of the operator.

(2) If the application is made on behalf of an organization, the name and address of the organization.

(3) The names and phone numbers of two contact persons.

(4) The proposed dates and hours of operation of the event.

(5) An estimate of daily attendance.

(6) A description and diagram of the amusement house drawn to a scale of one-fourth inch equals one foot zero inches.

(7) The name of the company or named of persons to provide security services at the premises.

(c) An application to license an amusement house must include, in addition to the information required in subsection (c) of this section, the following:

(1) Presentation by the applicant of a certificate of insurance issued by an insurance company licensed to do business in this state, providing general liability insurance coverage in an amount of not less than $500,000.00 per occurrence and aggregate for the injury or death of any person; for damage to property of others; and for acts of negligence by the owner, operator, or his or her agents in the conduct or operation of an amusement house. The general liability insurance shall be on a comprehensive or commercial form and shall name the city as an additional insured. The certificate of insurance shall also evidence that the general liability policy may not be cancelled or modified in any way without 30 days' written notice to the city.

(2) The cancellation or other termination of any insurance policy presented to comply with this subsection shall automatically revoke and terminate the license issued under this article, unless another certificate, complying with this subsection, shall be provided showing insurance in effect at the time of such cancellation or termination.

(O.14,182)

Sec. 14-152.5. License fees.

(a) An applicant for an amusement house license shall submit a fee to the city clerk at the time of filing the application.

(b) An applicant who makes application less than 30 days prior to the proposed date of commencement of operation shall pay a late fee.

(c) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, a portion of the application fee shall be retained by the city clerk for the cost of administration.

(d) The license fee, its nonrefundable portion and the late fee for an amusement house license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.

(O.14,182)

Sec. 14-153. License qualifications.

(a) Prior to the issuance of an amusement house license, the city clerk shall forward copies of the application to the building official, the zoning enforcement officer, the city engineer and the chief of the fire department who shall review the application and, when appropriate, conduct inspections of the proposed site of the amusement house in conformance with the standards set out in this article.

(b) The city clerk shall issue an amusement license only upon a showing that the house, building, structure, or premises to be used has the approval of the building official, the zoning enforcement officer, the chief of the fire department and the city engineer and upon a showing that the applicant has complied with all other requirements set out in this article.

(C85, § 6-97; O.11,393; C91, § 6-97; O.13,011)

Sec. 14-154. Basis for denial of license.

An application for a license required by this article shall be denied if, after review, one or more of the following are found to be true:

(1) The existence of the amusement house will have an adverse impact on the flow of vehicular or pedestrian traffic in the area which cannot be reasonably alleviated or that sufficient parking is not available to accommodate the expected attendance such finding to be determined by the engineering department;

(2) The proposed location is in an area not zoned for such use; or

(3) Requirements regarding fire, building or traffic safety cannot be met.

(C85, § 6-98; O.11,393; C91, § 6-98)

Sec. 14-155. Building standards and inspections.

(a) Before any alteration, modification or construction occurs to any structure pursuant to this article, a building permit shall be obtained as required under section 26-113 of the building code.

(b) The operator, organizer or owner of any amusement house shall permit entry to any city inspector for purposes of determining compliance with this article and all other applicable statutes and ordinances.

(c) Special exit requirements shall be as follows:

(1) An amusement house using the maze concept shall have no dead-end paths and shall have an exit path out of the maze for approximately every 50 feet of linear travel. All doors out of the maze shall not be provided with locks or latches, unless panic hardware is installed.

(2) In the maze and throughout the amusement building, where the maze is located, exit signs shall be installed to mark changes in direction to readily distinguish exits and exit paths and at all required exit doorways. Exit illumination and exit signs shall conform with the requirements of sections 3313 and 3314(b), (c), (d), respectively, of the Uniform Building Code, except that exit illumination must be provided capable of illuminating all exits, exitways, stairways, corridors and mazes with light having an intensity of not less than one footcandle at the floor level. Illumination for the exit signs and exit illumination shall be required only under emergency conditions in accordance with section 14-156(c) of this article.

(3) Amusement houses shall not be located above the first story and shall be provided with a sufficient number of exits in relation to floor area and occupant load as determined by the city building code. In no case may such area be used unless provided with at least two exits, the location of which are in compliance with section 3303(c) of the Uniform Building Code.

(d) A public address system, which may also serve as the signaling devices of the fire alarm system, shall be provided and shall be audible throughout the entire amusement house.

(e) Occupancy requirements shall be as follows:

(1) The total number of persons within a facility at any given time shall be limited to an exit capacity to be determined by the fire chief and building official upon inspection of the facility, such occupancy load to be posted at the entry to the amusement house in compliance with section 26-33 of this Code.

(2) Toilet facilities shall be provided in sufficient number according to attendance estimates as required, but in no instance less than four.

(3) Any child or group of children 12 years old or under shall be accompanied by an adult, that is, a person 18 years of age or older. Any such single group shall not exceed ten in number.

(4) Every guide and scene character shall have an operable flashlight powered by a minimum of two C-celled batteries and shall be completely familiar with all aspects of the facility, inclusive of but not limited to operation of fire emergency equipment and locations of exits.

(C85, § 6-99; O.11,393, 11,526; C91, § 6-99; O.13,011)

Sec. 14-156. Fire standards and inspections.

(a) *Smoke detectors.* A supervised smoke detection system shall be installed in all amusement houses in conformance with the fire code. When the amusement house is permanent, this smoke detection system shall either be cross zoned or shall utilize an approved verification system. Exception: In areas where the ambient condi-

tions will cause a smoke detector to alarm, an approved alternate type of automatic detector shall be installed.

(b) *Sprinklers.* An approved automatic sprinkler system complying with the Uniform Building Code standards 38-1 shall be installed in all amusement houses. When the amusement house is temporary or mobile, the sprinkler water supply may be an approved temporary means. Exception: An automatic sprinkler system is not required when the total floor area of a building containing an amusement house is less than 1,000 square feet and the travel distance from any point to an exit is less than 50 feet.

(c) *Fire protection system performance.* Fire protection system performance shall be as follows:

(1) *Permanent amusement house.*

a. The activation of two cross zoned smoke detectors within a single protected area, a single smoke detector monitored by an alarm verification zone, the automatic sprinkler system or any other automatic fire alarm detection shall automatically:

1. Cause illumination of the means of egress with light of not less than one footcandle at the walking surface level;

2. Stop any conflicting or confusing sounds and visuals; and

3. Activate an approved directional exit marking that will become apparent in an emergency.

b. Activation of any single smoke detector, the automatic sprinkler system or any other automatic fire detection device shall immediately sound an alarm at the building at a constantly attended location from which emergency action can be initiated including the capacity of manual initiation of subsection (c)(1)a of this section.

(2) *Temporary amusement house.*

a. Provide a constantly attended location that has the capacity to manually initiate:

1. Illumination of the entire area including all exitways;

2. Cessation of any conflicting sounds and visuals; and

3. Activate or illuminate an approved directional exit marking that will become apparent in an emergency.

b. Provide an alarm system that will sound an alarm at the attended location upon the activation of any of the fire detection devices being used.

(C85, § 6-100; O.11,393, 11,526; C91, § 6-100)

Sec. 14-157. Duration of license.

A temporary amusement house license shall expire 45 days from the effective date indicated thereon and shall not be renewable within the same calendar year without the approval of the council. A permanent amusement house license shall expire one year from the date of issuance and shall be renewable each year thereafter. A license for the operation of any amusement house is not transferable.

(C85, § 6-101; O.11,393, 11,526; C91, § 6-101; O.15,702)

Sec. 14-158. Prohibited acts.

(a) No person or license holder shall allow an amusement house to operate after 10:00 p.m., Sunday through Thursday; or after 12:00 midnight, on Friday and Saturday nights.

(b) No person or license holder shall create or allow excessive noise in violation of the provisions of article IV of chapter 42 of this Code.

(c) No person or license holder shall allow the operation of or conduct an amusement house without the assistance of security services for the premises.

(d) No person or permit holder shall allow any disorderly conduct, as defined under section 70-36 of this Code.

(e) No person or permit holder shall fail to display the amusement house license in a conspicuous place at the public entrance to the licensed premises.
(C85, § 6-102; O.11,393; C91, § 6-102)

Sec. 14-159. Reserved.

Editor's note—Ord. No. 14,182, § 1, adopted De. 16, 2002, repealed § 14-159 which pertained to license fee and issuance of license and derived from Code 1985, § 6-103; Ord. No. 11,393; and Code 1991, § 6-103.

Sec. 14-160. Suspension and revocation of license.

(a) Any license issued pursuant to this article may be revoked for violations of this article or for any other violation of this Code. No revocation shall issue except upon notice delivered to the licensee by mailing the notice in the regular mail addressed to the licensee at the licensed premises a minimum of ten days prior to the date set for the hearing before the city council. Such notice shall inform the licensee of the time, date and place of the hearing and the purpose of the hearing and shall set out the reasons therefor. However, for violation of the applicable codes of such nature that the violation is deemed to be an immediate safety hazard by city inspectors and such report is submitted to the city clerk in writing, the city clerk shall be authorized to temporarily suspend the license until notice can be given and hearing held.

(b) If, after such a hearing, the city council makes a finding based on substantial evidence that a violation of this article or another chapter of this Code did in fact occur as alleged, the city council may continue suspension of or revoke the license; the determination of whether to revoke such license shall be in the discretion of the city council and shall be dependent upon the circumstances surrounding the violation and its severity.

(c) A licensee whose license has been revoked shall not be eligible for another amusement house license for a period not to exceed two years. Any premises having its license revoked shall not be relicensed under this article for a period not to exceed one year.
(C85, § 6-104; O.11,393; C91, § 6-104)

Secs. 14-161—14-179. Reserved.

ARTICLE VI. ENTERTAINMENT VENUES

Sec. 14-180. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Entertainment venue means any structure, or portion thereof, that is used for the gathering of persons for the purpose of entertainment for no more than four three-day periods per year. Any structure used for more frequent gathering of persons for the purposes of entertainment shall be considered as permanent and subject to the building code, zoning, planning and design, and fire code requirements of this Code applicable to such permanent use.

Operator means any person, group, or organization who is responsible for the organization and operation of an amusement venue.

Structure means anything constructed or erected with a fixed location on the ground, or attached to something having a fixed location on the ground.
(O.14,870, 15,819)

Sec. 14-181. License required.

No entertainment venue shall be permitted within the city without the operator or owner first obtaining an entertainment venue license from the city.
(O.14,870)

Sec. 14-182. Exception.

Structures otherwise inspected by the building official, the zoning enforcement officer and

the chief of the fire department and approved for entertainment use occupancy shall not be required to obtain an entertainment venue license.
(O.14,870)

Sec. 14-183. License application.

(a) Every applicant for such license shall apply in writing to the city clerk. Such application shall be submitted at least 30 days prior to the proposed date of commencement of operation of such entertainment venue. The requirement that such an application be submitted at least 30 days in advance may be waived by the city manager upon a written finding by the city manager that the necessary review and inspection of the proposed entertainment venue may be completed within the time remaining and that the expedited review of such application will not interfere with the efficient administration of chapters 134 and 135 of this Code and the building, fire and traffic codes.

(b) Every license application shall contain the following information:

(1) The name and address of the applicant and that of the operator.

(2) If the application is made on behalf of an organization, the name and address of the organization.

(3) The names and phone numbers of two contact persons.

(4) The proposed dates and hours of operation of the event.

(5) An estimate of daily attendance.

(6) A description and diagram of the entertainment venue drawn to a scale of one-fourth inch equals one foot zero inches.

(7) The name of the company or named of persons to provide security services at the premises.

(c) The applicant must give consent in writing on the application, which consent shall be binding upon the operator, organizer or owner of the entertainment venue, that city inspector or members of the fire and police departments may enter the structure without warrant to inspect the structure for purposes of determining compliance with this article and all other applicable statutes and ordinances.

(d) An application to license an entertainment venue must include, in addition to the information required in subsections (b) and (c) of this section, the following:

(1) Presentation by the applicant of a certificate of insurance issued by an insurance company licensed to do business in this state, providing general liability insurance coverage in an amount set by the risk management officer per occurrence and aggregate for the injury or death of any person; for damage to property of others; and for acts of negligence by the owner, operator, or his or her agents in the conduct or operation of an amusement house or entertainment venue. The general liability insurance shall be on a comprehensive or commercial form and shall name the city as an additional insured. The certificate of insurance shall also evidence that the general liability policy may not be cancelled or modified in any way without 30 days' written notice to the city.

(2) The cancellation or other termination of any insurance policy presented to comply with this subsection shall automatically revoke and terminate the license issued under this article, unless another certificate, complying with this subsection, shall be provided showing insurance in effect at the time of such cancellation or termination.
(O.14,870, 15,819)

Sec. 14-184. License fees.

(a) An applicant for an entertainment venue license shall submit a fee to the city clerk at the time of filing the application.

(b) An applicant who makes application less than 30 days prior to the proposed date of commencement of operation shall pay a late fee.

(c) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, a portion of the application fee shall be retained by the city clerk for the cost of administration.

(d) The license fee, its nonrefundable portion and the late fee for an entertainment venue license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(O.14,870)

Sec. 14-185. License qualifications.

(a) Prior to the issuance of an entertainment venue license, the city clerk shall forward copies of the application to the building official, the zoning enforcement officer, and the chief of the fire department who shall review the application and, when appropriate, conduct inspections of the proposed site of the entertainment venue in conformance with the standards set out in this article.

(b) The city clerk shall issue an entertainment venue license only upon a showing that the entertainment venue to be used has the approval of the building official, the zoning enforcement officer, the chief of the fire department and upon a showing that the applicant has complied with all other requirements set out in this article.
(O.14,870)

Sec. 14-186. Basis for denial of license.

An application for a license required by this article shall be denied if, after review, one or more of the following are found to be true:

(1) The existence of the entertainment venue will have an adverse impact on the flow of vehicular or pedestrian traffic in the area which cannot be reasonably alleviated or that sufficient parking is not available to accommodate the expected attendance such finding to be determined by the engineering department; or

(2) The proposed location is in an area not zoned for such use; or

(3) The entertainment venue has been found not to conform at the time of the application or after the issuance of the license, with the requirements of the city building codes, the fire codes, or that traffic safety requirements cannot be met.
(O.14,870)

Sec. 14-187. Building standards and inspections.

Before any alteration, modification or construction occurs to any entertainment venue, a building permit shall be obtained as required under section 26-135 of the building code.
(O.14,870)

Sec. 14-188. Fire standards and inspections.

Before any alteration, modification or construction occurs to any fire protection system of an entertainment venue, a construction permit shall be obtained as required under section 46-1 of the fire prevention and protection code.
(O.14,870)

Sec. 14-189. Prohibited acts.

(a) No person or license holder shall create or allow excessive noise in violation of the provisions of article IV of chapter 42 of this Code.

(b) No person or license holder shall allow the operation of or conduct an entertainment venue without the assistance of security services for the premises.

(c) No person or license holder shall allow any disorderly conduct, as defined under section 70-36 of this Code.

(d) No person or license holder shall fail to display the entertainment venue license in a conspicuous place at the public entrance to the licensed premises.
(O.14,870)

Sec. 14-190. Suspension and revocation of license.

(a) Any license issued pursuant to this article may be revoked for violations of this article or for any other violation of this Code. No revocation shall issue except upon notice delivered to the licensee by mailing the notice in the regular mail

addressed to the licensee at the licensed premises a minimum of ten days prior to the date set for the hearing before the city council. Such notice shall inform the licensee of the time, date and place of the hearing and the purpose of the hearing and shall set out the reasons therefor. However, for violation of the applicable codes of such nature that the violation is deemed to be an immediate safety hazard by city inspectors or the police or fire department and such report is submitted to the city clerk in writing, the city clerk shall be authorized to temporarily suspend the license until notice can be given and hearing held.

(b) If, after such a hearing, the city council makes a finding based on substantial evidence that a violation of this article or another chapter of this Code did in fact occur as alleged, the city council may continue suspension of or revoke the license; the determination of whether to revoke such license shall be in the discretion of the city council and shall be dependent upon the circumstances surrounding the violation and its severity.

(c) A licensee whose license has been revoked shall not be eligible for another entertainment venue license for a period not to exceed two years. Any structure having its license revoked shall not be relicensed under this article for a period not to exceed one year.

ARTICLE I. IN GENERAL

Sec. 18-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Acreage means a plot of land within the city's corporate limits equal to or greater than an acre.

Adequate shelter means a protective covering which is impervious to moisture and other adverse weather conditions, and includes a door or flap allowing the animal constant access, and which is maintained in a sanitary manner.

Animal shelter means the facility owned by the City of Des Moines used for animal control purposes.

Chief humane officer means the city employee designated by the city manager to exercise the authority of the chief human officer under this chapter, and such employee's designee.

Contractor means a nonprofit corporation that provides animal care, adoption and cremation services, and that has contracted with the City of Des Moines to provide animal shelter services.

Dead animal includes all dead animals, skinned or unskinned, undressed, unslaughtered hogs, cattle, and other animals which have died from disease, accident, or cause other than slaughter for use as food, in accordance with the sanitary laws regulating such act.

Chief of police means the legally designated chief of the police department and his or her designee.

Owner means any person owning, keeping or harboring an animal.

(C42, § 42-11; C54, C62, § 5-13; C75, C79, C85, C91, § 7-1; O.11,558, 11,730, 14,462, 15,128)

Cross reference—Definitions generally, § 1-2.

Sec. 18-2. Care and treatment of animals.

(a) A person who owns, controls, has custody of, impounds or confines, in any place or manner, an animal is guilty of animal neglect if the person does any of the following:

(1) Fails to supply the animal with a sufficient quantity of food and water.

(2) Fails to provide a confined dog or cat with adequate shelter, both in a size appropriate for the animal and in a manner sufficient to protect the animal from inclement weather, including heat, cold and other such weather conditions; fails to provide adequate veterinary care; or tortures, neglects, deprives of necessary sustenance, mutilates, beats, kicks, hits or kills an animal by any means which causes unjustified pain, distress or suffering.

(b) This section does not apply to an institution, as defined in I.C. § 145B.1, or a research facility, as defined in I.C. § 162.2, provided that the institution or research facility performs functions within the scope of accepted practices and disciplines associated with the institution or research facility.

(c) A person who negligently or intentionally commits the offense of animal neglect is guilty of a simple misdemeanor.

(C42, § 114-1; C54, C62, § 5-1; C75, C79, § 7-2; O.10,249; C85, § 7-2; O.11,558; C91, § 7-2)

Sec. 18-3. Sale of fowl as pets or novelties.

No person shall sell or offer for sale, barter or give away baby chicks, ducklings or other fowl as pets or novelties, whether or not dyed, colored or otherwise artificially treated. This section shall not be construed to prohibit the sale or display of natural chicks or ducklings in proper brooder facilities by hatcheries or stores engaged in the business of selling them to be raised for commercial purposes.

(C54, § 5-2.01; O.5785; C62, § 5-2.01; C75, C79, C91, § 7-4)

Sec. 18-4. Agricultural nondomestic animals and exotic animals.

(a) No horse, cow, calf, swine, sheep, goat, llama, camel, ostrich, peacock, chicken, goose, duck or other agricultural animal or any nondomestic animal shall be kept within the city's corporate limits on any lot or parcel of land unless such parcel of land shall be an acreage, except as provided under subsections (f), (g) and (h) of this section and article IV of this chapter.

The area where any such animal is kept on the acreage shall be 75 feet from any neighboring residential dwelling and not located in a front yard area. The keeping of bees in hives is exempted from this section.

(b) No such animal shall be kept on the same lot or premises with any multiple dwelling.

(c) Not more than two such animals may be kept on an acreage, except that one additional animal may be added for each additional acre over one acre. An exception is made for fowl, which may be 25 in number per acre and 50 for each additional acre.

(d) Any animal kept on an acreage shall be kept for personal use only and not for commercial use except as provided in subsections (f) and (g) of this section.

(e) No person having the care of any cow or cattle of any kind, horse, swine, goat or other animal, domestic or nondomestic, shall permit the animal to run at large as defined in subsection 18-55(a) of this chapter within the corporate limits.

(f) Subsections (a), (b), and (d) of this section shall not be deemed to prohibit the keeping or maintaining of any animal which was legally kept upon any land on June 25, 2009, provided no additional animals to those legally kept upon such date shall be placed upon any land on or after June 26, 2009, and any animal which dies, is removed or ceases to be kept or maintained under this section may not be replaced as long as the total number of animals kept exceeds the number allowable under this Code. In order to establish a right to keep animals under this subsection, a person having control over land must make application to the community development department on or before June 30, 2010, upon forms to be provided by the department. To establish that animals were legally kept on land on June 25, 2009, the community development director or the director's designee may make reasonable requests, including a request to inspect land, to verify any claim of exemption.

(g) Subsection (f) of this section notwithstanding, the keeping of animals for commercial or agricultural purposes which was lawful on June 25, 2009, may continue so long as the commercial or agricultural use is not discontinued. In order to establish a right to keep animals for agricultural or commercial purposes under this subsection, a person having control of the land must make application to the community development department on or before June 30, 2010, upon forms to be provided by the department. To establish that animals were legally kept for agricultural or commercial purposes on June 25, 2009, the community development director or the director's designee may make reasonable requests, including a request to inspect land, to verify the claim of exemption.

(h) Small caged animals and fowl such as falcons, pigeons, pheasants, quail, chickens, ducks, geese, rabbits, ferrets and other small animals and fowl which are of such type and nature that state and national associations exist establishing norms for breeding, confining and rearing shall be allowed, provided that:

(1) Cages, hutches, coops, cotes, lofts or other confinement shall be at least 25 feet away from any neighboring residence; such enclosures shall be of sufficient size to house the number of animals or fowl permitted by state or national standards.

(2) The area is maintained free of odors, insects and rodents, and disturbing noises such as crowing, cackling and gobbling, causing no safety or health hazards to the general public or interfering with the enjoyment of life and property by any neighboring resident.

(3) Animals and fowl included in this subsection shall be fed in the confines of their enclosures; all grains and food shall be stored in rodentproof containers.

(4) On any parcel of land less than an acre, such animals shall be limited to two species and 30 in total number, unless by state and national standards more are permitted.

(5) On any parcel of land of one acre or more, such animals shall be limited to six species and 50 in total number for the

first acre and 50 for each additional acre, unless by state and national standards more are permitted.

(6) No animal or fowl under this subsection may be maintained, enclosed or fenced in the front yard of a dwelling or within a dwelling.

(7) The young produced by any animals or fowl of this nature may be maintained with the parent animals for a period of approximately eight weeks but in no case more than ten weeks, unless by state and national standards a longer period is required.

(8) Roosters shall not be permitted under subsection (h) unless written consent to the keeping of roosters is first obtained from each lawful occupant (if not owner occupied) or owner of abutting residences, unless the abutting property is an apartment building consisting of more than four (4) units, in which case written consent of the owner of such apartment building shall be sufficient for the purposes of this subsection.

(9) For purposes of this section, "abutting" means an area of land or a building immediately adjacent to or sharing a common boundary with the rooster owner's property.

(10) A rooster owner who has not received written consent under subsection (h) shall be permitted to maintain only currently owned rooster(s) on their property until December 31, 2026. Upon said date, any rooster(s) on the property or in their possession shall be removed from City of Des Moines corporate limits.

(i) Nothing in subsection (f), (g) or (h) of this section shall be construed as abrogating any requirement in this Code which requires the licensing or permitting of any animal or the keeping thereof.

(j) Except as provided in subsection (f), (g) or (h) of this section, this article shall apply to all persons harboring, any animal in a manner not consistent with this article.

(k) Animals inclusive of fowl maintained for educational purposes by schools, day care centers, vocational agricultural programs and for other public education programs; animals inclusive of fowl maintained for display at Blank Park Zoo, state and county fairs, science center, circuses; primates maintained for research or educational programs by the Iowa Primate Learning Sanctuary; and the bringing in of such animals and fowl on a temporary basis for exhibits or shows are exempt from this section, provided all other requirements under this Code are met.

(l) Any person presently owning or maintaining animals that are not in compliance with this chapter may make application to the city manager or the manager's designee for a variance, provided such application meets the following conditions:

(1) The keeping of such animals has been of long-standing lawful duration, that is, in excess of three years, or is presently under commercial contract if legal nonconforming prior to 2009.

(2) The area where such animals are maintained is so located as to cause no safety or health hazards to the general public or interferes with the enjoyment of life and property by any neighboring resident.

(3) The keeping of roosters must meet the current code requirements of abutting neighbor consent as outlined in section 18-19 of this chapter.

Any such variance is conditioned upon all circumstances for the granting of the variance remaining constant. The city manager or the manager's designee may revoke the variance at any time after notice and opportunity for comment by the applicant, or it is determined that due to changed circumstances, the presence of the animals is causing a safety or health hazard to the general public or interferes with the enjoyment of life and property by any neighboring resident.

(C42, § 114-3; C54, C62, § 5-3; C75, § 7-5; O.9211; C79, C85, § 7-5; O.11,292, 11,558; C91, § 7-5; O.11,730, 13,011, 14,866, 14,904, 16,402)

Sec. 18-5. Trespassing.

No person, while herding or driving any animals mentioned in section 18-4 of this chapter through the city streets, shall permit any of such animals to trespass upon the sidewalk, park or lawn of any private or public property along or adjoining any city street.
(C42, § 114-4; O.5225; C54, C62, § 5-4; C75, C79, C85, § 7-6; O.11,558; C91, § 7-6)

Sec. 18-6. Removal of animal waste.

(a) *Required.* No owner, possessor, or person in charge of a dog, cat, horse or other animal shall fail to clean up or remove immediately any excrement or droppings deposited by such dog, cat, horse or other animal on any public or private property not owned or in control of that owner, possessor or person in charge of such dog, cat, horse or other animal.

(b) *Exceptions.* Subsection (a) of this section does not apply to removal of manure pursuant to section 54-126 of this Code and to a police officer when using a horse for police purposes, provided the police arrange for cleanup of the horse manure at the conclusion of the tour of duty involving the horse.
(C91, § 7-6.01; O.13,195, 13,615)

Sec. 18-7. Construction and cleaning of buildings for housing animals on acreage.

(a) Any building or part thereof used for housing animals permitted on an acreage shall be well ventilated, and its walls, floors and ceilings shall be tight and of such material, satisfactory to the environmental health officer and building official, that they may be readily washed, disinfected and painted.

(b) All enclosed yards, barns, sheds, or other structures used to house animals as permitted under this article shall be maintained clean, free from manure, insects and offensive odors at all times.
(C42, § 42-4; C54, C62, § 5-8; C75, C79, § 7-7; O.9828; C91, § 7-7; O.11,730, 13,011)

Cross reference—Buildings and building regulations, ch. 26.

Sec. 18-8. Dead animals.

(a) No person shall skin animals dying with tuberculosis, anthrax, black leg or other malignant diseases.

(b) No person shall place any dead animal in any street, alley or other public place in the city or allow any dead animal which he or she owned or for which he or she had control to remain in any street, alley or other public place or on the premises of any person within the city for more than five hours. If an animal dies in any street, alley or other public place or on the premises of any person within the city, the person who owned or had possession and control of the animal prior to death shall remove or cause to be removed the carcass within five hours from the time the animal dies and shall have the carcass desiccated or cremated.

(c) The owner, possessor and all persons having knowledge of any dead animal in the city shall report such to the environmental health division, giving the name of the person who owned or had possession or control of the animal prior to its death and the place where the animal may be found. The environmental health division shall immediately notify the person who owned or had possession and control of such animal to cause the animal to be removed and desiccated or cremated as provided by subsection (b) of this section.
(C42, §§ 42-9, 42-10, 42-11; C54, C62, §§ 5-14, 5-15, 5-16; C75, C79, § 7-11; O.9828; C91, § 7-11; O.13,011)

Sec. 18-9. Abandonment.

No person shall abandon any animal within the corporate limits.
(C42, § 114-6.01; O.5506; C54, § 5-18; O.6002; C62, § 5-18; C75, C79, C91, § 7-12)

Sec. 18-10. Causing damage.

No owner of any animal shall allow such animal to cause damage to or interfere with the property of another.
(C75, § 7-12.01; O.9097; C79, C91, § 7-12.01)

Sec. 18-11. Disposition upon owner's request; fee.

An animal may be humanely destroyed by the chief humane officer or other officer of the police department if the owner of the animal requests that such animal be destroyed and signs a release holding the city harmless and certifying ownership of the animal. A fee in the amount set in the schedule of fees adopted by the city council by resolution shall be collected by the animal shelter for this service.

This section is not applicable when a contractor is operating the animal shelter.
(C75, § 7-12.02; O.9097; C79, § 7-12.02; O.9828; C85, § 7-12.02; O.11,558; C91, § 7-12.02; O.14,155, 14,462)

Sec. 18-12. Disposition of disabled animals.

An animal may be humanely destroyed by the chief humane or other officer of the police department if such animal is disabled and unfit for further use and the owner or person in control of the animal requests that the animal be destroyed or there is no known owner or person in control of the animal.
(C75, § 7-12.03; O.9097; C79, § 7-12.03; O.9828; C85, § 7-12.03; O.11,558; C91, § 7-12.03)

Sec. 18-13. Penalty.

Any person who fails to perform an act required by the provisions of this chapter or who commits an act prohibited by the provisions of this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C54, § 5-48; O.5903; C62, § 5-48; C75, § 7-12.01; O.9097; C75, C79, C91, § 7-12.04; O.11,730, 15,608)

Sec. 18-14. Submission of rabies vaccination certificates by veterinarians.

Each veterinarian within the city limits shall forward to the city clerk's office by the tenth day of each month a copy of each certificate of rabies vaccination issued by the veterinarian during the preceding month. Each certificate of vaccination shall be typed or printed so as to be clearly legible.
(C79, § 7-12.05; O.10,347, 10,491; C91, § 7-12.09; O.13,378; C91, § 7-12.05)

Sec. 18-15. Microchip fee.

A fee in the amount set in the schedule of fees adopted by city council by resolution shall be collected at the animal shelter for placing a microchip in any animal for identification purposes whether requested by the owner or as required by this chapter at sections 18-59 or 18-64.

If a contractor is operating the animal shelter, the microchip fee may be set by the contractor except where the animal is required to be microchipped by this chapter, then the schedule of fees applies. The contractor shall retain all microchip fees scheduled or not.
(O.13,854, 14,155, 14,462, 15,348)

Sec. 18-16. Reserved.

Editor's note—Ord. No. 14,462, § 1, adopted June 6, 2005, repealed § 18-16, which pertained to trap fee and derived from Ord. No. 14,155.

Sec. 18-17. Emergency care fee/reimbursement.

(a) *City veterinary fee.* A fee which is reasonable and customary as determined by the chief of police or the chief's designee shall be collected by the animal shelter staff for emergency care services if such services are performed on an animal by the city veterinarian. In the event emergency care services are performed on an animal through a private source and the City of Des Moines is charged for such services, all expenses of such services shall be reimbursed to the city. Such fees and expenses shall be collected by the animal shelter staff prior to release of the animal from impoundment.

(b) *Contractor veterinary fee.* When the animal shelter is operated by a contractor, the contractor's veterinary fees that are reasonable and customary as approved by the chief of police or the chief's designee may be collected by the animal

shelter staff for emergency care services. Such fees may be collected and retained by the contractor prior to release of the animal from impoundment. In no event will the City of Des Moines pay for veterinary care provided by the contractor's veterinarian.
(O.14,155, 14,462, 15,090)

Sec. 18-18. Animal relinquish fees and trap deposit.

(a) *Animal relinquish fee.* A person may be charged an animal relinquish fee as set in the schedule of fees adopted by city council by resolution to voluntarily give up ownership of their animal. If a contractor is operating the animal shelter, the contractor may charge, collect and retain such fee for ownership of animals relinquished to the contractor.

(b) *Trap deposit.* A person may be charged a refundable trap deposit as set in the schedule of fees for live animal traps for domestic animals. If a contractor is operating the animal shelter, the contractor may charge and collect such deposit.
(O.15,090)

Sec. 18-19. Written consent; revocation.

(a) Written consent as provided in section 18-4, subsection (h) shall be signed by the abutting occupant or owner so consenting and is effective when it is filed with the city clerk.

(b) Except as otherwise provided in subsection (c), written consent is irrevocable by the occupant or owner so consenting.

(c) Written consent is revoked for the purpose of complying with the exceptions of section 18-4, subsection (h) under any of the following circumstances:

(1) A lawful occupant who has given written consent gives up legal possession of the residence or property covered under section 18-4, subsection (h).

(2) A lawful owner of property who has given written consent is divested of all interest in the property by the recordation with the Polk or Warren County Recorder of transfer of legal ownership.

(3) A lawful owner or lawful occupant of property who has given written consent files a signed revocation of written consent with the city clerk prior to the filing of the written consent.

(O.16,402)

Sec. 18-20. Nuisance animals.

(a) It shall be unlawful for the owner, or any person having temporary custody or control, of an animal or animals to allow or fail to restrain the animal(s) from barking, meowing, whining, crowing, or making other sounds common to the species, persistently or continuously for a period of ten consecutive minutes or longer when every such animal is not contained within an enclosure sufficient to baffle such sounds. Sounds described herein that continue for more than ten minutes shall constitute a nuisance under this code.

(b) For the purposes of this section, persistently or continuously shall mean nonstop utterances for ten consecutive minutes with individual interruptions of less than 20 seconds at a time during the ten-minute utterances.

(c) The prohibitions contained in this section shall not apply to any facility operated by or under contract for the state, Polk or Warren Counties, or the City of Des Moines for the purpose of impounding or harboring seized, stray, homeless, abandoned, or unwanted dogs, cats, and other animals; to any veterinary hospital or clinic operated by a veterinarian or veterinarians which operates for such purpose in addition to its customary purposes; or to any facility operated, owned, or maintained by a duly incorporated humane society, animal welfare society, or other nonprofit organization for the purpose of providing for and promoting the welfare, protection, and humane treatment of animals.

(d) Each separate occasion is considered a separate violation. The owner or person having temporary custody or control of the animal(s) may be charged with a violation of this section when either the animal control officer or sworn law enforcement has received, from at least two unrelated adult witnesses from different addresses, or from one adult witness with a

recorded video showing the alleged violation, a sworn affidavit attesting to the commission of a nuisance pursuant to this section, or the animal control officer or law enforcement officer has witnessed the commission of such offense or has other probable cause to believe an offense has occurred. Affidavit(s) attesting to the nuisance must come from residents or business owners/operators within a 1,000-foot radius of the property where the violation occurred. Witness testimony will be required in addition to sworn affidavits if a hearing is required.
(O.16,402)

Sec. 18-21. Interfering with animals prohibited.

(a) No person, other than as designated by the A.H. Blank Park Zoo Director, shall enter or attempt to enter, tamper with, or damage, the fencing and other barriers of the animal enclosures at A.H. Blank Park Zoo.

(b) No person shall cross, attempt to cross, or put themselves, their body parts, or other individuals across any safety barriers at A.H. Blank Park Zoo intended to prevent the animals from coming into contact with the general public.

(c) No person shall place or throw any object(s) into any exhibit or at animals or into the animal enclosures at A.H. Blank Park Zoo.

(d) No person shall feed or attempt to feed any animal at the A.H. Blank Park Zoo, other than as designated by the A.H. Blank Park Zoo Director.

(e) No person shall provoke, agitate, or attempt to provoke or agitate, any of the animals at the A.H. Blank Park Zoo by making unreasonable sounds, gestures, movements or by using any object to touch the animals.
(O.16,429)

Secs. 18-22—18-40. Reserved.

ARTICLE II. DOGS*

Sec. 18-41. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Dog means and includes both male and female animals of the canine species.

Habitual offender means a person who has been convicted of any violation relating to dogs under chapter 18 of the Des Moines Municipal Code three or more times in a five year period except that multiple convictions on violations occurring as a result of a single incident will count as one conviction for purposes of this definition.

Impound or impounded means a dog which is held at the animal shelter for any period of time.

Owner means any person owning, keeping or harboring a dog.

Service dog or service animal means a dog that is individually trained to do work or perform tasks for the benefit of a person with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being or companionship do not constitute work or tasks for the purposes of this definition.

High risk dog means:

(1) Any dog which has bitten or attacked a human being or domestic animal one or more times, without provocation;

(2) Any dog with a history, tendency or disposition to attack, to cause injury or to otherwise endanger the safety of human beings or domestic animals;

(3) Any dog that snaps, bites, or manifests a disposition to snap or bite;

*__Cross reference—__Dogs at park and recreation facilities, § 74-100.

(4) Any dog that has been trained for dog fighting, animal fighting or animal baiting or is owned or kept for such purposes;

(5) Any dog trained to attack human beings, upon command or spontaneously in response to human activities, except dogs owned by and under the control of the police department, a law enforcement agency of the state or of the United States or a branch of the armed forces of the United States;

(6) Staffordshire terrier breed of dog;

(7) The American pit bull terrier breed of dog;

(8) The American Staffordshire terrier breed of dog; or

(9) Any dog which has the appearance and characteristics of being predominately of the breeds of Staffordshire terrier, American pit bull terrier, American Staffordshire terrier.

(C42, §§ 114-6, 114-9; O.5385, 5506; C54, § 5-19; O.6002; C62, § 5-19; C75, § 7-13; O.9097; C79, § 7-13; O.9828; C85, § 7-13; O.11,095; C91, § 7-13; O.11,914, 15,001, 15,128, 15,348)

Cross reference—Definitions generally, § 1-2.

Sec. 18-42. License required.

The owner of every dog six months old or over, except dogs owned by the operator of a state or federally licensed kennel and kept in that kennel, shall annually obtain a license as provided in this article.

(C42, § 114-10; O.5225, 5385, 5506; C54, C62, § 5-32; O.7499, 8439, 8722; C75, C79, C85, § 7-14; O.11,403; C91, § 7-14; O.13,378)

Sec. 18-43. License fee.

(a) The annual license fee for each dog shall be in the amounts set in the schedule of fees adopted by the city council by resolution. An applicant claiming that such dog is spayed or neutered shall present as evidence a certificate from a qualified veterinarian which contains the name and address of the owner and the name, color, sex and breed of the dog. The proper fee

shall be presented or sent with the application. No license shall be issued until the fee is paid in full.

(b) A dog owner who is 65 years of age or older may, upon application for a dog license, be issued a license for one dog per household for a reduced fee in the amount set in the schedule of fees adopted by city council by resolution. The fee for additional dogs shall be at the full rate.
(C42, §§ 114-10, 114-11; O.5225, 5385, 5506; C54, §§ 5-33, 5-40; O.6005; C62, §§ 5-33, 5-40; O.8089, 8439, 8748; C62, §§ 5-36, 5-40; C75, § 7-15; O.9097, 9376; C79, § 7-15; O.10,347; C85, § 7-15; O.11,403; C91, § 7-15; O.13,378, 14,155, 14,462)

Sec. 18-44. License application; form.

(a) The owner of a dog for which a license is required shall, on or before January 1 each year, apply to the city clerk, his or her designee, or any business in Des Moines approved by the city clerk, for a license for each dog owned by him or her.

(b) Such application for a license may be made after January 1 and at any time for a dog which has come into the possession or ownership of the applicant or which has reached the age of six months after January 1.

(c) Any business in Des Moines that is approved by the city clerk to sell animal licenses may charge an additional service fee in the amount set in the schedule of fees adopted by the city council by resolution. This subsection does not apply to dogs defined as high risk under section 18-41 of this article, nor to applications for transfer of ownership of a dog under section 18-48 of this article, nor to applications for transfer of a license from one city or county to the City of Des Moines under section 18-49 of this article.

For purposes of determining whether a dog is high risk by breed as defined under section 18-41 of this article the opinion of the city veterinarian or a veterinarian who is an agent or employee of a contractor will control.

(d) The owner of any dog defined as high risk under section 18-41 of this article shall comply with section 18-56 of this article at the time an application for license is made under this section

(e) Such application shall be in writing on blanks provided by the city clerk or his or her designee and shall state the breed, sex, age, color, and name of the dog and the address, phone number, and signature of the owner. Such application shall also state the date of the most recent rabies vaccination and the date the dog shall be revaccinated.

(f) An application to license a high risk dog must include, in addition to the information required in subsection (d) of this section, presentation by the applicant of a certificate of insurance issued by an insurance company licensed to do business in this state, providing personal liability insurance coverage as in a homeowner's policy, with a minimum liability amount of $100,000.00 for the injury or death of any person, for damage to property of others and for acts of negligence by the owner or his or her agents, in the keeping or owning of such high risk dog. The certificate shall require notice to the city, in conformity with general city standards for certificates of insurance, if the underlying policy of insurance is cancelled for any reason. In lieu of such a certificate, a copy of a current homeowner's policy designating these requirements shall be sufficient proof of insurance for purposes of this subsection. If a certificate of insurance or policy is not immediately available, a binder indicating the coverage may be accepted for up to 30 days subsequent to the determination that a dog is high risk; however, if after 30 days a certificate of insurance or a policy has not been submitted, the dog shall be deemed unlicensed and subject to sections 18-58 and 18-59, as applicable.
(C62, §§ 5-33, 5-34, 5-35; O.8439; C75, C79, C85, § 7-16; O.10,867, 11,095, 11,403, 11,558; C91, § 7-16; O.11,914, 13,320, 13,378, 14,155, 14,415, 14,462, 15,348)

Sec. 18-44.01. Insurance on high risk dogs not licensed.

The owner of every dog which is defined as high risk under section 18-41 of this article, or

which is both high risk and under six months of age, or is high risk and not licensed shall maintain insurance as set forth in section 18-44(f) of this article.
(O.14,155, 14,677, 15,348)

Sec. 18-45. Tag.

(a) The city clerk or his or her designee shall, upon receipt of the application for a dog license, deliver or mail to the applicant a license which shall be in the form of a metal tag stamped with the following information:

(1) The year for which it is issued.

(2) The name of the city.

(3) The tag number as shown in the records in the office of the city clerk.

(b) The size and shape of the tags shall be changed each year.

(c) The tag shall be attached by the owner to a substantial collar and, during the term of the license, shall be at all times kept on the dog for which the license is issued. Upon the expiration of the license the owner shall remove the tag from the dog.

(d) Upon the filing of an affidavit that the license tag has been lost or destroyed, the owner may obtain another tag on the payment to the city clerk or his or her designee a fee in the amount set in the schedule of fees adopted by the city council by resolution. The city clerk or his or her designee shall enter in the license record the new number assigned.
(C42, § 114-11; O.5225, 5385; C54, § 5-39; O.5903, 6002; C62, § 5-39; O.8439; C62, §§ 5-37, 5-38, 5-39, 5-39.02; C75, § 7-17; O.9097; C79, § 7-17; O.10,347; C85, § 7-17; O.11,403; C91, § 7-17; O.13,378, 14,155, 14,462)

Sec. 18-46. Expiration of license.

All dog licenses shall expire on December 31 of the year of the date of issuance.
(C62, § 5-39; O.8439; C75, C79, C85, § 7-18; O.11,403; C91, § 7-18)

Sec. 18-47. Service dogs.

A person with a disability who owns a service dog shall be issued a dog license for such dog without charge, upon application stating that the dog is required because of a disability and describing what work or task the dog has been trained to perform.
(C62, § 5-40.01; O.7174; C75, C79, C85, § 7-20; O.11,403; C91, § 7-20; O.13,551, 15,001)

Sec. 18-48. Transfer of license on change of ownership and void transfers.

(a) When the ownership of a dog is transferred, the license may be transferred by the city clerk or his or her designee by notation on the license record, giving the name and address of the new owner. The city clerk or his or her designee, when making an ownership transfer, shall collect a fee in the amount set in the schedule of fees adopted by the city council by resolution.

(b) A license tag issued for one dog shall not be transferred to any other dog.

(c) Any attempt to transfer ownership or possession of a dog intended to circumvent, or which has the effect of circumventing, the provisions of this chapter shall be void for purposes of enforcement under this chapter.
(C42, § 114-11; O.5225, 5385; C54, § 5-39; O.5903, 6002; C62, § 5-39; O.8439; C62, § 5-39.01; C75, § 7-21; O.9097; C79, C85, § 7-21; O.11,403; C91, § 7-21; O.14,155, 14,462, 15,348)

Sec. 18-49. Transfer of license on change of residence.

(a) When a dog licensed in one county or city is permanently transferred to this city, the owner shall surrender the original license to the city clerk or his or her designee. The city clerk or his or her designee shall retain the surrendered tag and, without license fee, shall issue a new license tag pursuant to this article.

(b) The city clerk or his or her designee shall note on the license record the fact that the newly issued license tag is issued as a transfer and is in lieu of a surrendered license.
(C85, § 7-22; O.11,403; C91, § 7-22)

Sec. 18-50. Use of license fees collected.

All dog license fees collected by the city shall be credited to and deposited in the general funds of the city to be kept and used for the purpose of enforcing this chapter.
(C42, § 114-12; O.5385; C54, § 5-41; O.6002; C62, § 5-41; C75, § 7-23; O.9097; C79, C85, § 7-23; O.11,558; C91, § 7-23)

Sec. 18-51. License fee delinquency.

(a) Notwithstanding section 18-46 of this article, all fees for dog licenses shall become delinquent on April 1 of the year in which they are due and payable. A penalty in the amount set in the schedule of fees adopted by the city council by resolution shall be added to each unpaid license on and after the delinquent date except where the dog has been newly acquired or is under six months of age.

(b) The delinquent penalty will apply to a newly acquired dog and to a dog at least six months of age if a license is not obtained by the later of April 1 in the year in which the dog is acquired or reaches six months of age, or 30 days after the dog is acquired or reaches six months of age.

(c) No license shall be issued without the payment of the applicable fees. This section shall not be deemed to relieve an owner from criminal liability under section 18-42 of this article.
(C42, § 114-10; O.5225, 5385, 5506; C54, § 5-34; O.5903; C62, § 5-34; O.8089, 8349; C62, § 5-39.03; O.8694; C75, § 7-24; O.9097, 9176; C79, § 7-24; O.10,347, 10,366; C85, § 7-24; O.11,403; C91, § 7-24; O.12,075, 14,155, 14,462)

Sec. 18-52. Rabies vaccination prior to issuance of license.

(a) Before a license is issued for any dog, the owner must present evidence with the application required by section 18-44 of this article that the dog has been vaccinated against rabies. Such evidence shall be a certificate of vaccination signed by a licensed veterinarian, and the certificate shall show that the vaccination is not expired.

(b) The required vaccination shall be an injection of antirabies vaccine approved by the state department of agriculture and land stewardship, and the frequency of revaccination necessary for approved vaccinations shall be as established by such department. The vaccine shall be administered by a licensed veterinarian and shall be given as approved by the state department of agriculture and land stewardship. The veterinarian shall issue a tag with the certificate of vaccination, and such tag shall at all times be attached to the collar of the dog.
(C42, § 114-10; O.5225, 5385, 5506; C54, § 5-36; O.5903; C62, §§ 5-39.05, 5-39.06; O.8439; C75, C79, C85, § 7-25; O.10,916, 11,403; C91, § 7-25; O.13,378)

Sec. 18-53. Penalties.

(a) Notwithstanding any other section of this article, any dog owner who allows the rabies vaccination to lapse at any time during the licensing year shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(b) Any person who removes a license tag from a dog prior to the expiration of the license shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C85, § 7-25.01; O.11,403; C91, § 7-25.01; O.15,608)

Sec. 18-54. Records.

The city clerk or his or her designee shall keep record of dog licenses which shall show:

(1) The description of dog as specified in the application, together with the name and address of the owner of the dog.

(2) The date when each license tag is issued and the number on such tag.

(3) The date of the most recent rabies vaccination, and the date the dog shall be revaccinated.

(4) The amount of all fees, licenses, penalties, and costs paid to him or her.

(5) Such other data as the law may require. (C62, § 5-39.04; O.8439; C75, C79, C85, § 7-26; O.11,403; C91, § 7-26; O.13,378)

Sec. 18-55. Running at large.

(a) A dog, properly licensed as required by law, shall not be deemed at large if:

(1) The dog is on the premises of the owner or a person given charge of the dog by the owner and is either:

a. Restrained on those premises by an adequate protective fence or by leash, cord, chain or other similar restraint that does not allow a dog to go beyond the owner's real property line; or

b. At all times within the actual physical presence of and immediately obedient to the commands of the owner or person given charge of the dog by the owner. At no time shall the dog be more than six feet from such person.

(2) The dog is off the premises of the owner and is:

a. On a leash, cord, or chain or other similar restraint not more than six feet in length and under the control of a person competent to restrain and control the dog; or

b. Properly restrained within a motor vehicle.

(3) The dog is properly housed in a veterinary hospital or registered kennel.

(4) The owner and the dog are participating in a regularly scheduled competitive or exhibition event sanctioned or sponsored by a nationally recognized organization, local chapter thereof, or other generally recognized local organization.

(5) The dog and the owner are actively engaged in a generally recognized dog obedience training program or training for a generally recognized kennel club event, provided:

a. The dog is in the actual physical presence of the owner or trainer at all times;

b. The owner or trainer is at no time more than 50 feet from the dog;

c. The dog is immediately obedient to the commands of the owner or trainer; and

d. The owner or trainer has, at all times, on his or her person a leash of sufficient strength to restrain the dog.

(6) The dog and owner, or a person given charge of the dog by the owner, are in a designated off leash area of a city park or other city property, or in other non-city park property, provided:

a. The owner or person in charge of the dog and dog are at all times abiding by all the rules and regulations of such designated off leash area; and

b. The dog is in the actual physical presence of the owner or person given charge of the dog.

c. The dog has a current:

1. Dog park permit which is visible on the owner or person given charge of the dog; and

2. City of Des Moines or other valid government issued dog license from the dog owner's place of residence; and

3. Rabies vaccination.

The license and rabies vaccination tags must be visible on the dog or the owner or person given charge of the dog has such license and proof of rabies vaccination in their possession.

d. In addition to the requirements in subsection (6)a.—c. of this section, high risk dogs must be on a leash in compliance with section 18-56(d) of this chapter and the owner or person given charge of a high risk dog must have a certificate of insurance in their possession which meets the requirements of section 18-44 of this chapter.

(7) The annual license fee for a dog park permit shall be in the amounts set in the schedule of fees adopted by the city council by resolution.

(b) A dog shall be deemed to be at large if it is not properly licensed or if it is not housed, restrained or controlled in one of the methods set forth in subsection (a) of this section.

(c) Notwithstanding any other section of this article, any dog shall be deemed at large at any time when attacking persons, domestic animals, destroying property, or on a public school ground except when under restraint as set out in subsection (a)(2) or when in a designated off leash area in compliance with subsection (a)(6) of this section. Furthermore, any female dog in heat shall be deemed at large at any time except:

(1) When housed in a building which is completely enclosed;

(2) When housed in a veterinary hospital or registered kennel; or

(3) When on the premises of the owner, provided the area on which such dog is located is:

a. Completely enclosed in a locked, enclosed fence, pen or other structure having a height of at least six feet; such fence, pen or structure must have secure sides which are imbedded into the ground, if the bottom of the structure is not integrally connected to the structure; or

b. If the fence, pen or structure is less than six feet in height, it must have a secure top in addition to securely imbedded sides as described in subsection (c)(3)a. of this section.

Nothing in this subsection, however, shall be construed as prohibiting any owner of a female dog in heat from walking such dog with a leash, cord, chain or other similar restraint not more than six feet in length or from transporting such dog within a motor vehicle.

(d) No owner of any dog shall permit such dog to be at large at any time.

(C42, §§ 114-5, 114-6, 114-9; O.5385, 5506; C54, §§ 5-19, 5-20; O.6002, 6234; C62, §§ 5-19, 5-20; O.7499; C75, § 7-27; O.9098, 9376; C79, C85, § 7-27; O.10,855, 10,867, 10,886, 11,095; C91, § 7-27; O.11,807, 15,024, 15,348)

Sec. 18-56. Confinement of high risk dogs.

(a) All high risk dogs shall be securely confined within an occupied house or residence or in a securely enclosed and locked pen or kennel, except when leashed as provided in this section. Such pen, kennel or structure must have secure sides and a secure top attached to the sides or, in lieu of a top, walls at least six feet in height and at least six feet taller than any internal structure.

(b) All pens or other structures designed, constructed or used to confine high risk dogs must be locked with a key or combination lock when such animals are within the structure. Such structure must have a secure bottom, floor or foundation attached to the sides of the pen, or the sides of the pen must be embedded in the ground no less than two feet so as to prevent digging under the walls by the confined dog.

(c) All structures erected to house high risk dogs must comply with all city zoning, planning and design, and building regulations. All such structures must be adequately lighted and ventilated and kept in a clean and sanitary condition. No high risk dog may be kept on a porch, patio or in any part of a house or structure that would allow the dog to exit such building on its own volition.

(d) No person shall permit a high risk dog to go outside its kennel or pen unless such dog is securely leashed with a leash no longer than six feet in length. No person shall permit a high risk dog to be kept on a chain, rope or other type of

leash outside its kennel or pen unless both the dog and the leash are under the actual physical control of a person 18 years of age or older.

(e) Such dogs may not be leashed to inanimate objects such as trees, posts, buildings, or any other object or structure.

(f) Violation of this section is a misdemeanor. (C85, § 7-27.01; O.11,095, 11,558; C91, § 7-27.01; O.15,348, 15,819)

Sec. 18-57. High risk dogs not properly confined/leashed.

A high risk dog which is found more than twice not to be confined or leashed as required by this article shall be required to be destroyed except as provided in section 18-66 of this chapter. (C85, § 7-27.02; O.11,095; C91, § 7-27.02; O.14,415, 14,677, 14,951, 15,348)

Sec. 18-58. Unlicensed high risk dogs.

All unlicensed high risk dogs shall be deemed illegal and shall be destroyed except as provided in section 18-66 of this chapter. This section shall not apply to a dog which, upon initial notice to its owner, the owner agrees to properly license and confine or to a dog for which a hearing has been requested under this article to determine if it is high risk until there has been a final decision on the question raised at hearing at which time the owner may, if the dog is found high risk, properly license and confine the dog. (C85, § 7-27.03; O.11,095; C91, § 7-27.03; O.14,677, 14,951, 15,128, 15,348)

Sec. 18-59. Seizure, impoundment and disposition of high risk dogs.

(a) Upon complaint or reasonable suspicion that a particular dog is a high risk dog, the chief humane officer may cause the matter to be investigated. If after investigation, the chief humane officer determines that a particular dog is a high risk dog as defined in this chapter, the chief humane officer shall declare such dog to be a high risk dog.

(b) Notice that a dog has been declared a high risk dog shall be promptly served upon an owner of the dog, if known, in one of the following ways:

(1) By personal service upon an owner of the dog, if known.

(2) If notice cannot be conveniently served on an owner of the dog within the city boundaries, then notice may be served by service upon any adult residing at the premises where the dog is regularly kept or by posting on those premises if no resident adult is present to accept service.

(3) If notice cannot be conveniently served on an owner of the dog within the city boundaries and the dog is not regularly kept at known location within the city, then service may be made upon the owner by any reasonable means. Such notice, if mailed, shall not be considered served until received or rejected by the owner.

The notice shall include the following: a description of the dog and the basis for the declaration that the dog is high risk, notice that the owner is required to license, insure and confine the dog at all times as required by this article, and notice that the declaration that the dog is high risk may be appealed by filing a written notice of appeal with the city clerk within three business days of the date the notice is served.

(c) Any person owning or having a right to possession of the dog in question may appeal the declaration that the dog is high risk pursuant to the administrative appeal process set forth in chapter 3 of this Code by filing a written notice of appeal with the city clerk within three business days of service of the notice of such declaration. Failure to timely file a written notice of appeal shall constitute a waiver of any right to contest the declaration that the dog is high risk.

(d) The chief humane officer may seize and impound any dog which has been declared to be a high risk dog pursuant to this section unless the dog is licensed and insured in conformance with this article and the owner has demonstrated to the reasonable satisfaction of the chief humane

officer a willingness and ability to keep the dog confined. A dog so seized and not redeemed shall be impounded for a period of seven days, or until seven days after service of the decision on appeal if the declaration that the dog is high risk is appealed and upheld. If the declaration that the dog is high risk is reversed on appeal, the dog shall be immediately released to the owner or the

owner's representative. However, if at the end of the impoundment period the declaration that the dog is high risk remains in effect and the owner has not redeemed the dog or petitioned the district court for a review of the declaration that the dog is high risk, the chief humane officer shall cause the dog to be destroyed except as provided in section 18-66 of this chapter.

(e) Any dog that has been declared to be high risk and that is under impoundment may be redeemed by the owner only if the dog is not under quarantine, and the owner has licensed, insured and demonstrated to the reasonable satisfaction of the chief humane officer a willingness and ability to confine the dog as required by this article for a high risk dog. All costs of such impoundment or quarantine shall be paid by the owner if the dog is determined to be high risk. If the dog is not determined to be high risk, the owner shall only pay those costs attributable to initial confinement prior to notice or costs of any required quarantine.

(f) All dogs declared to be high risk shall have an electronic identification device placed under the dog's skin prior to release from impound or quarantine. Prior to the release of a high risk dog from any impoundment or quarantine, the owner shall pay the fee in the amount set in the schedule of fees adopted by the city council by resolution for the installation of the electronic identification device. If a contractor implants an electronic identification device in a dog pursuant to this section, the contractor shall retain the fee.

(g) Failure to comply with an order of the chief humane officer issued pursuant to this section and not appealed or if affirmed on appeal shall constitute a misdemeanor.
(C85, § 7-27.04; O.11,095, 11,401; C91, § 7-27.04; O.13,320, 13,854, 14,462, 14,677, 14,951, 15,128, 15,348)

Sec. 18-59.01. Meeting with chief humane officer prior to release of impounded dog that has bitten.

After a dog has bitten a second time where any provision of this chapter has been violated, an owner may be required to meet with the chief humane officer to review the incident and the applicable city ordinances. Failure to meet as required by the chief humane officer pursuant to this section shall result in the dog being unredeemed and the chief humane officer may proceed to disposition of the unredeemed dog pursuant to sections 18-59 or 18-65 of this chapter as applicable.
(O.15,348)

Sec. 18-60. Operation of animal shelter.

Any public or municipal animal shelter established and maintained by the city shall be conducted and operated by the police department, or a contractor, under the supervision, direction, and control of the city manager, or as specified by contract. It shall be the duty of the city manager, his or her designee, or a contractor to cause such shelter to be kept in a sanitary condition and free from offensive odors. It shall be the further duty of the city manager, his or her designee, or a contractor to provide for adequate and wholesome food for animals impounded therein, to provide careful and humane treatment toward such animals, to isolate diseased animals, and to provide for humane destruction of animals when necessary.
(C42, § 114-7; O.5225, 5385; C54, §§ 5-23, 5-24; O.6002; C62, §§ 5-23, 5-24; C75, § 7-28; O.9097; C79, § 7-28; O.9828; C85, § 7-28; O.11,558; C91, § 7-28, 14,462)

Sec. 18-61. Use of impounded dogs for food or vivisection.

No person employed in the police department and no person employed by or connected with the animal shelter or any society or organization operating or maintaining such shelter under lease or contract with the city shall sell, give away or dispose of, through any pretext or by any device or means whatsoever, any dog impounded in such pound to any person for the purpose of using such dog as food or for the purpose of medical experimentation, unless the institution desiring such dog for medical experimentation is duly approved and authorized by the state to conduct such experimentation or for any other purpose, except for pets and watchdogs and except, further, that

any dog restrained or impounded may be redeemed by the owner of the animal as provided in this article.
(C42, § 114-7; O.5225, 5385; C54, § 5-25; O.6002; C62, § 5-25; C75, C79, § 7-29; O.9828; C85, § 7-29; O.11,558; C91, § 7-29)

Sec. 18-62. Notice of impoundment.

The police department, acting under the direction of the city manager, shall cause to be taken up and impounded any dog found to be at large within the city, as defined in this article. The city manager, his or her designee, or a contractor shall give notice thereof in not less than two days to the owner, if such owner's name and address appear on the dog's collar or is otherwise known.
(C42, § 114-8; O.5225, 5385; C54, § 5-26; O.6002; C62, § 5-26; O.7464; C75, C79, § 7-30; O.9828; C91, § 7-30, 14,462)

Sec. 18-63. Impoundment period.

Every dog found without a license, collar or similar identification shall be kept for not less than three days after being impounded unless sooner redeemed by the owner in accordance with this article. Dogs with identification shall be kept not less than seven days after being impounded unless sooner redeemed by the owner in accordance with this article. Any owner given notice by the police department within 48 hours prior to the appropriate expiration date will be allowed 48 hours in which to redeem the dog.
(C42, § 114-8; O.5225, 5385; C54, § 5-27; O.6002; C62, § 5-27; O.7464; C75, § 7-31; O.9097, 9463; C79, § 7-31; O.9828; C91, § 7-31)

Sec. 18-64. Redemption of impounded dog.

(a) *Licensed dog.* The owner of an impounded licensed dog which is not required to be held for observation as provided by section 18-167 may claim and redeem such animal upon payment of the impounding and daily boarding fees in the amounts set in the schedule of fees adopted by the city council by resolution. If, within a year's time, the same dog is impounded a second or more times, the impounding fee shall be increased incrementally to the amounts set in the schedule of fees adopted by the city council by resolution in addition to the daily boarding fee.

(b) *Unlicensed dog.* The owner of an impounded unlicensed dog which is not required to be held for observation as provided by section 18-167 may claim and redeem such animal upon payment of the impounding and boarding fees in the amounts set in the schedule of fees adopted by the city council by resolution if redeemed within 48 hours and upon a showing of the appropriate license for such dog. However, if the owner has fulfilled all requirements to have an impounded dog licensed except the animal has not received the required vaccination, upon such showing the chief humane officer or other police department official may, after payment of the required fees, release such dog upon the condition that the dog is vaccinated by a licensed veterinarian, or other person authorized by state statute, within 24 hours of such release and that a certificate of such vaccination is furnished to the chief humane officer or other police department official to entitle the owner to the issuance of the license tag for such dog. It shall be the duty of the chief humane officer or other police department official to ascertain the name and address of the veterinarian to which such dog will be taken by the owner for vaccination and to make it known to the police department if proof of such vaccination is not furnished within three days after the conditional release of the dog to the owner. If proof of vaccination is not provided within three days, the police department may immediately pick up and impound such dog and the owner shall be guilty of a simple misdemeanor.

(c) *Processing fee.* A contractor may collect and retain a processing fee for each dog redeemed in an amount not greater than set in the schedule of fees adopted by the city council by resolution.

(d) *Habitual offender fee.* A habitual offender may claim and redeem their dog upon payment of the impound and boarding fees as required under this section plus an additional habitual offender impound fee in the amount set in the schedule of fees adopted by the city council by resolution.

(e) *Microchip required and fee.* All dogs impounded shall have an electronic identification device, otherwise known as a microchip, placed under the dog's skin prior to release from impound and the owner shall pay the fee in the amount set in the schedule of fees adopted by the city council by resolution for the installation of the electronic identification device. If a contractor implants an electronic identification device in a dog pursuant to this section, the contractor shall retain the fee.
(C42, § 114-8; O.5225, 5385; C54, §§ 5-28, 5-29; O.6002, 6034; C62, §§ 5-28, 5-29; O.7499, 7769; C75, § 7-32; O.9097, 9376; C79, § 7-32; O.9828; C85, § 7-32; O.11,031, 11,446; C91, § 7-32; O.12,075, 14,155, 14,462, 15,348)

Sec. 18-65. Disposition of unredeemed dogs.

(a) *Chief humane officer's discretion.* After the expiration of the appropriate impoundment period, as provided in this article, unless the animal shelter is operated by a contractor, the chief humane officer may do any of the following:

(1) Allow adoption pursuant to subsection (b) of this section;

(2) Sell the dog for an amount set in the schedule of fees adopted by the city council by resolution to any nonprofit corporation which provides for care and adoption of dogs and offers animal cremation services;

(3) Humanely destroy the dog; or

(4) Sell the dog for an amount as allowed by I.C. § 145B.4 for scientific research pursuant to section 18-61 of this article.

(b) *Adoption.* A person seeking to adopt a dog shall:

(1) File a form as prescribed by the chief of police, which shall identify the dog desired for adoption; if the same dog is identified for adoption by more than one person, the form filed first in time with the chief humane officer shall be honored.

(2) Pay an adoption fee in the amounts set in the schedule of fees adopted by the city council by resolution which fee shall include the cost of a city dog license and vaccinations as required by this article and surgical sterilization.

(3) If a dog is too young to submit to vaccinations or to surgical sterilization, the person shall agree in writing to surgical sterilization of the adopted dog within a designated time period. Upon submission of written proof of compliance from a veterinarian, the amount set in the schedule of fees adopted by the city council by resolution shall be refunded to the person adopting the dog. Any person who fails to comply with such an agreement shall be guilty of a simple misdemeanor, and the chief humane officer or his or her designee shall be authorized to seize and impound the dog for the purpose of administering vaccinations and surgical sterilization as necessary.

(4) The chief of police is authorized to promulgate further rules to effect such an adoption process.

(5) The provisions of this section relating to the adoption of unredeemed dogs shall also apply to adoption agencies not qualified under subsection (a)(2) of this section.

(6) The city shall reserve the right to reject any and all adoptions for any purpose the city deems necessary, including but not limited to health concerns.

(7) No dog shall be put up for adoption if a request has been made for that dog for scientific research by an institution authorized by the state department of public health pursuant to I.C. § 145B.1 et seq.

(8) The city takes no responsibility nor makes any warranties or assumes any liability for the condition of the dog adopted.

(c) *Disposition when contractor operates the animal shelter.* Upon a written release of any dog by the chief humane officer or his or her designee, a contractor shall take possession and ownership of any unredeemed dog.
(C42, § 114-8; O.5225, 5385; C54, § 5-30; O.6002, 6034; C62, § 5-30; O.7464; C75, § 7-33; O.9097,

9175, 9376, 9463; C79, § 7-33; O.9828; C85, § 7-33; O.11,558; C91, § 7-33; O.12,075, 13,111, 13,319, 13,607, 14,155, 14,462)

Sec. 18-66. High risk dogs by breed evaluated for adoption.

Notwithstanding sections 18-57, 18-58 and 18-59 a high risk dog by breed as defined in this chapter shall not be destroyed until after it is evaluated for adoption by the contractor. If contractor determines the dog is not fit for adoption it shall be destroyed. If contractor determines the dog is fit for adoption then the dog shall be released to the contractor for adoption to a person who does not reside with the owner at the time of impoundment. If the owner at the time of impoundment or someone residing with the owner is found to have custody, control, or is otherwise harboring the dog after its adoption pursuant to this section, the dog shall be immediately impounded and destroyed.
(O.14,951, 15,348)

Secs. 18-67—18-90. Reserved.

ARTICLE III. CATS

Sec. 18-91. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Cat means and includes both male and female animals of the species Felis catus, altered or not.

Chief of police means the legally designated chief of the police department or a designated representative.

Community cat means a cat that meets the requirements of subsection 18-109(a) of this article.

Habitual offender means a person who has been convicted of any violation relating to cats under Chapter 18 of the Des Moines Municipal Code three or more times in a five year period except that multiple convictions on violations occurring as a result of a single incident will count as one conviction for purposes of this definition.

Impound or impounded means a cat which is held at the animal shelter for any period of time.
(C75, § 7-38; O.9463; C79, C85, § 7-38; O.10,886; C91, § 7-38; O.13,133, 15,348, 15,735)

Cross reference—Definitions generally, § 1-2.

Sec. 18-92. License required.

The owner of every cat six months old or over, except cats owned by the operator of a state commercial establishment pursuant to I.C. § 162.1 et seq. or a federally licensed kennel and kept in that commercial establishment or kennel, shall annually obtain a license as provided in this article.
(C75, § 7-39; O.9463; C79, C91, § 7-39; O.13,133)

Sec. 18-93. Amount of license fee.

(a) The annual license fee for each cat shall be in the amounts set in the schedule of fees adopted by the city council by resolution. An applicant claiming that such cat is spayed or neutered shall present as evidence a certificate from a licensed veterinarian which contains the name, address and phone number of the owner and the name, color, sex and breed of the cat. The proper fee shall be presented or sent with the application. No license shall be issued until the fee is paid in full.

(b) A cat owner who is 65 years of age or older may, upon application for a cat license, be issued a license for one cat per household for a reduced fee in the amount set in the schedule of fees adopted by the city council by resolution. The fee for additional cats shall be at the full rate.
(C75, § 7-40; O.9463; C79, C91, § 7-40; O.13,133, 13,378, 14,155, 14,462)

Sec. 18-94. License application; form.

(a) The owner of a cat for which a license is required shall, on or before January 1 each year, apply to the city clerk, his or her designee, or any business in Des Moines approved by the city clerk, for a license for each cat owned by him or her.

(b) Such application for a license may be made after January 1 and at any time for a cat which has come into the possession or ownership of the applicant or which has reached the age of six months after January 1.

(c) Any business in Des Moines that is approved by the city clerk to sell animal licenses may charge an additional service fee in the amount set in the schedule of fees adopted by the city council by resolution. This subsection does not apply to applications for transfer of ownership under section 18-97 of this article.

(d) Such application shall be in writing on a form provided by the city clerk or his or her designee and shall state the breed, sex, age, color, and name of the cat and the name, address, phone number and signature of the owner. Such application shall also state the date of the most recent rabies vaccination and the date the cat will be revaccinated.
(C75, § 7-41; O.9463; C79, § 7-41; O.9828; C91, § 7-41; O.13,133, 13,378, 14,155, 14,462)

Sec. 18-95. Tag.

(a) The city clerk or his or her designee shall, upon receipt of the application for a cat license, deliver or mail to the applicant a license which shall be in the form of a metal tag stamped with the following information:

(1) The year for which it is issued.

(2) The name of the city.

(3) The tag number as shown in the records in the office of the city clerk.

(b) The size and shape of the tags shall be changed each year.

(c) A permanent spay/neuter tag shall also be issued to every applicant who has provided sufficient proof of spaying or neutering.

(d) The tags shall be attached by the owner to a substantial collar or harness and, during the term of the license, shall be at all times kept on the cat for which the license is issued. Upon the expiration of the license, the owner shall remove the tag from the cat, except for the spay/neuter tag which shall be displayed for the life of the cat.

(e) Upon the filing of an affidavit that the license tag or spay/neuter tag has been lost or destroyed, the owner may obtain another license or a spay/neuter tag on the payment of a fee in the amount set in the schedule of fees adopted by the city council by resolution to the city clerk or his or her designee. The city clerk or his or her designee shall enter in the license record the new number assigned.
(C75, § 7-42; O.9463; C79, § 7-41; O.9828; C85, § 7-42; O.11,558; C91, § 7-42; O.12,075, 13,133, 13,378, 14,155, 14,462)

Sec. 18-96. Expiration of licenses.

All cat licenses shall expire on December 31 of the year of the date of issuance.
(C75, § 7-43; O.9463; C79, § 7-43; O.9828; C85, § 7-43; O.11,558; C91, § 7-43; O.12,075, 13,133)

Sec. 18-97. Transfer of license on change of ownership and void transfers.

(a) When the ownership of a cat is transferred, the license may be transferred by the city clerk or his or her designee by notation on the license record, giving the name, address and phone number of the new owner. The city clerk or his or her designee, when making an ownership transfer, shall collect a fee in the amount set in the schedule of fees adopted by the city council by resolution.

(b) A license tag issued for one cat shall not be transferred to any other cat.

(c) Any attempt to transfer ownership or possession of a cat intended to circumvent, or which has the effect of circumventing, the provisions of this chapter shall be void for purposes of enforcement under this chapter.
(C91, § 7-43.01; O.13,133, 13,378, 14,155, 14,462, 15,348)

Sec. 18-98. Use of license fees collected.

All cat license fees collected by the city shall be credited to and deposited in the general funds of the city.
(C91, § 7-43.02; O.13,133)

Sec. 18-99. License fee delinquency.

(a) A penalty in the amount set in the schedule of fees adopted by the city council by resolution shall be added to each unpaid cat license on April 1 of the year in which it is due and payable except where the cat has been newly acquired or is under six months of age on April 1 of the same year. Nothing in this section shall preclude the issuance of a criminal charge for failure to comply with any applicable section of this chapter.

(b) The penalty will apply to a newly acquired cat and to a cat at least six months of age if a license is not obtained by the later of April 1 in the year in which the cat is acquired or reaches six months of age, or 30 days after the cat is acquired or reaches six months of age.
(C91, § 7-43.03; O.13,133, 14,155, 14,462)

Sec. 18-100. Rabies vaccination prior to license issuance.

(a) Before a license is issued for any cat, the owner must present evidence with the application required by section 18-94 of this article that the cat has been vaccinated against rabies. Such evidence shall be a certificate of vaccination signed by a licensed veterinarian, and the certificate shall show that the vaccination is not expired.

(b) The required vaccination shall be an injection of antirabies vaccine approved by the state department of agriculture, and the frequency of revaccination necessary for approved vaccinations shall be as established by such department. The vaccine shall be administered by a licensed veterinarian and shall be given as approved by the state department of agriculture. The veterinarian shall issue a tag with the certificate of vaccination, and such tag shall at all times remain in the possession of the owner of the cat. Nothing in this section shall be deemed to require that the cat wear the rabies tag.
(C75, § 7-40; O.9463; C79, § 7-40; C91, § 7-43.04; O.13,133, 13,378)

Sec. 18-101. Penalties.

(a) Notwithstanding any other section of this article, any owner who allows the rabies vaccination to lapse at any time during the licensing year shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(b) The removal of a license tag or a spay/neuter tag from a cat prior to the expiration of that tag by any person who is not the owner thereof or the agent of such owner shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C91, § 7-43.05; O.13,133, 14,155, 15,608)

Sec. 18-102. Records.

The city clerk or his or her designee shall keep a record of cat licenses which shall show the following:

(1) The description of the cat as specified in the application, and the name and address of the owner of the cat.

(2) The date when each license tag is issued and the number on such tag.

(3) Such other data as the law may require.
(C91, § 7-43.06; O.13,133, 13,378)

Sec. 18-103. Running at large.

(a) A cat, properly licensed and displaying such license as required by law, shall not be deemed at large if:

(1) The cat is spayed or neutered and is displaying a spay/neuter tag.

(2) The cat is on or off the premises of the owner and is properly restrained within a motor vehicle.

(3) The cat is properly housed in a veterinary hospital or registered kennel or commercial establishment as defined by I.C. § 162.1 et seq.

(4) The cat is not causing damage or interfering with property as prohibited by section 18-10 of this chapter.

(5) The owner and the cat are participating in a regularly scheduled competitive or

exhibition event sanctioned or sponsored by a nationally recognized organization, local chapter thereof, or other generally recognized local organization, provided that the cat is in the actual physical presence of the owner or trainer at all times.

(b) A community cat shall not be deemed at large unless the cat has been deemed a nuisance by the chief humane officer pursuant to section 18-109(b), or is visibly sick or injured.

(c) A cat that has an owner shall be deemed to be at large if it is not properly licensed or if it is not housed, restrained or controlled in one of the methods set forth in subsection (a) of this section.
(C91, § 7-43.07; O.13,133, 15,735)

Sec. 18-104. Use of impounded cats for food or vivisection.

No person employed in the police department and no person employed by or connected with the animal shelter or any society or organization operating or maintaining such shelter under lease or contract with the city shall sell, give away or dispose of, through any pretext or by any device or means whatsoever, any cat impounded in such pound to any person for the purpose of using such cat as food or for the purpose of medical experimentation unless the institution desiring such cat for medical experimentation is duly approved and authorized by the state to conduct such experimentation or for any other purpose except for pets, and except, further, that any cat restrained or impounded may be redeemed by the owner of the animal as provided in this article.
(C91, § 7-43.08; O.13,133)

Sec. 18-105. Notice of impoundment.

The police department, acting under the direction of the city manager, shall cause to be taken up and impounded any cat found to be at large within the city, as defined in this article. The city manager, his or her designee, or a contractor shall give notice thereof in not less than two days to the owner if such owner's name and address appear on the cat's collar or harness or is otherwise known. No notice is required for impoundment of a community cat.
(C91, § 7-43.09; O.13,133, 14,462, 15,735)

Sec. 18-106. Impoundment period.

Every cat found without a license and a collar or harness shall be kept for not less than three days after being impounded unless sooner redeemed by the owner in accordance with this article. A cat with identification shall be kept not less than seven days after being impounded unless sooner redeemed by the owner in accordance with this article. Any owner given notice by the police department within 48 hours prior to the appropriate expiration date will be allowed an additional 48 hours in which to redeem the cat. An impounded community cat may be processed immediately for disposition as allowed under subsection 18-108(d) of this chapter.
(C75, § 7-41; O.9463; C79, § 7-41; O.9828; C91, § 7-43.10; O.13,133, 15,735)

Sec. 18-106.01. Meeting with chief humane officer prior to release of impounded cat.

After a cat has been impounded a second time where any provision of this chapter has been violated, an owner may be required to meet with the chief humane officer to review the incident and the applicable city ordinances. Failure to meet as required by the chief humane officer pursuant to this section shall result in the cat being unredeemed and the chief humane officer may proceed to disposition of the unredeemed cat pursuant to section 18-108 of this chapter.
(O.15,348)

Sec. 18-107. Redemption of impounded cat.

(a) *Licensed cat.* The owner of an impounded licensed cat which is not required to be held for observation, as provided by section 18-167 of this chapter, may claim and redeem such animal upon payment of the impounding and daily boarding fees in the amounts set in the schedule of fees adopted by the city council by resolution. If, within a year's time, the same cat is impounded a second or more times, the impounding fee shall

be increased incrementally to the amounts set in the schedule of fees adopted by the city council by resolution in addition to the daily boarding fee, and the owner shall agree in writing to surgical sterilization of the cat within a designated time period; any person who fails to comply with such an agreement shall be guilty of a simple misdemeanor.

(b) *Unlicensed cat.* The owner of an impounded unlicensed cat which is not required to be held for observation, as provided by section 18-167 of this chapter, may claim and redeem such animal upon payment of the impounding and boarding fees in the amounts set in the schedule of fees adopted by city council by resolution and, if applicable, signing a sterilization agreement, as provided in subsection (a) of this section, if redeemed within 48 hours and upon a showing of the appropriate license for such cat. If the owner has fulfilled all requirements to have an impounded cat licensed except the animal has not received the required vaccination, upon such showing the chief humane officer or other police department official may, after payment of the required fees, release such cat upon the condition that the cat is vaccinated by a licensed veterinarian, or other person authorized by state statute, within 24 hours of such release and that a certificate of such vaccination is furnished to the chief humane officer or other police department official to entitle the owner to the issuance of the license tag for such cat. It shall be the duty of the chief humane officer or other police department official to ascertain the name and address of the veterinarian to which such cat will be taken by the owner for vaccination and to make it known to the police department if proof of such vaccination is not furnished within three days after the conditional release of the cat to the owner. If proof of vaccination for the cat is not provided within three days after the conditional release as stated in this subsection, the cat may be impounded and the owner shall be guilty of a simple misdemeanor.

(c) *Processing fee.* A contractor may collect and retain a processing fee for each cat redeemed in an amount not greater than set in the schedule of fees adopted by the city council by resolution.

(d) *Habitual offender fee.* A habitual offender may claim and redeem their cat upon payment of the impound and boarding fees as required under this section plus an additional habitual offender impound fee in the amount set in the schedule of fees adopted by the city council by resolution.

(C75, § 7-42; O.9463; C79, § 7-41; O.9828; C85, § 7-42; O.11,558; C91, § 7-42; O.12,075; C91, § 7-43.11; O.13,133, 14,155, 14,462, 15,348)

Sec. 18-108. Disposition of unredeemed cats.

(a) *Chief humane officer's discretion.* After the expiration of the appropriate impoundment period, as provided in this article, unless the animal shelter is operated by a contractor, the chief humane officer may do any of the following:

(1) Allow adoption pursuant to subsection (b) of this section;

(2) Sell the cat for an amount set in the schedule of fees adopted by the city council by resolution to any nonprofit corporation which provides for care and adoption of cats and offers animal cremation services;

(3) Humanely destroy the cat; or

(4) Sell the cat for purposes of scientific research for an amount set in the schedule of fees adopted by the city council by resolution to an institution duly approved and authorized by the state to conduct such research.

(b) *Adoption.* A person seeking to adopt a cat shall:

(1) File a form as prescribed by the chief of police, which shall identify the cat desired for adoption; if the same cat is identified for adoption by more than one person, the form filed first in time with the chief humane officer shall be honored.

(2) Pay an adoption fee in the amounts set in the schedule of fees adopted by the city council by resolution which fee shall include the cost of a city cat license and any vaccinations as required by this article and surgical sterilization.

(3) If a cat which is too young to submit to vaccinations or to surgical sterilization, the person shall agree in writing to surgical sterilization of the adopted cat within a designated time period; upon submission of written proof of compliance from a veterinarian, the amount set in the schedule of fees adopted by the city council by resolution shall be refunded to the person adopting the cat. Any person who fails to comply with such an agreement shall be guilty of a simple misdemeanor, and the chief humane officer or his or her designee shall be authorized to seize and impound the cat for the purpose of administering vaccinations and surgical sterilization as necessary.

(4) The chief of police is authorized to promulgate further rules to effect such an adoption process.

(5) The city shall reserve the right to reject any and all adoptions for any purpose the city deems necessary, including but not limited to health concerns.

(6) The city takes no responsibility nor makes any warranties or assumes any liability for the condition of the cat adopted.

(7) The subsections of this section relating to adoption of unredeemed cats shall also apply to adoption agencies not qualified under subsection (a)(2) of this section.

(c) *Disposition when contractor operates the animal shelter.* Upon a written release of any cat by the chief humane officer or his or her designee, a contractor shall take possession and ownership of any unredeemed cat or community cat.

(d) *[Community cats.]* Community cats may be processed for disposition under any options, except adoption, stated under this section 18-108 and in addition a community cat may be returned to the area where captured unless the property owner or the caretaker of the property where the cat was captured requests that the cat not be returned, or if the cat is too sick or injured to be returned in the opinion of a veterinarian.
(C75, § 7-43; O.9463; C79, § 7-43; O.9828; C85, § 7-43; O.11,558; C91, § 7-43; O.12,075, 13,111; C91, § 7-43.12; O.13,133, 13,319, 13,607, 14,155, 14,462, 15,735)

Sec. 18-109. Community cats.

(a) *Requirements.* Community cats shall be allowed as free roaming cats if all the following are met:

(1) no person owns the cat,

(2) cat has been assessed by a veterinarian and deemed healthy,

(3) cat has been spayed or neutered,

(4) cat has been vaccinated for rabies, feline rhinotracheitis, calcivirus, and panleukopenia, and reasonable attempts to revaccinate cats in accordance with the directions of a veterinarian,

(5) cats must be ear tipped by the veterinarian making the health assessment and after determining the cat is spayed or neutered, has been properly vaccinated, and has no known owner.

(b) *Nuisance.* Community cats that create a nuisance may be captured and impounded. For the purpose of this section "nuisance" shall be defined as anything which interferes with the enjoyment of life or property. The chief humane officer may determine if a community cat is a nuisance and shall use information obtained from citizens complaining about a community cat and his/her expertise to determine if a community cat is a nuisance.

(c) *Returning community cat to area.* A community cat shall be returned to the area where it was captured unless the property owner or the caretaker of the property where the cat was captured requests that the cat not be returned, or the cat is sick or injured.

(d) *Liability.* The city shall have no liability for the disposition of any community cat.
(O.15,735)

Secs. 18-110—18-135. Reserved.

ARTICLE IV. PET ANIMALS

Sec. 18-136. Types permitted.

The following animals may be owned per property as pets under the following conditions:

(1) A total of six cats and dogs, not more than three of which may be dogs, and

which are owned and maintained in compliance with the sections of this chapter relating to such animals.

(2) Rabbits not to exceed three in number, maintained in a hutch or other type of enclosure.

(3) Domestic poultry and fowl, that is poultry and fowl ordinarily raised for production of eggs or meat, not to exceed two in number considered together, maintained at all times in a pen and/or coop. Except as allowed under section 18-4 of this chapter, roosters shall be prohibited.

(4) Vietnamese potbellied pigs, Asian potbellied pigs or potbellied pigs not to exceed three in number of the types considered together.

(5) Pygmy goats, not to exceed three in number.

(6) The young produced by any pets permitted herein may be maintained with the parent animals for a period of approximately eight weeks but in no case longer than ten weeks.

(7) A waiver of the three dog limit set in subsection (1) of this section may be granted by the city clerk, or his/her designee, to allow for one additional dog under the following conditions:

a. The dog's full grown weight is no more than 20 pounds as certified to by a veterinarian,

b. The owner provides a current rabies vaccination certificate for the dog,

c. The owner provides proof the dog has been spayed or neutered, and

d. No more than two cats are owned on the property subject to the waiver.

(C91, § 7-53; O.11,730, 12,075, 13,722, 14,420, 16,402)

Sec. 18-137. Enclosures.

Any enclosure, pen, coop, or hutch in which pets are maintained shall be cleaned at a minimum of every other day or more often if deemed advisable or necessary by a health officer. They shall be located at a minimum of 25 feet from a neighboring dwelling, as the term "dwelling" is defined in section 134-9.7 of this Code. No animal may be enclosed or fenced in the front yard of a dwelling.
(C91, § 7-54; O.11,730, 15,819)

Sec. 18-138. Indoor pets.

Gerbils, hamsters, guinea pigs, mice, birds, snakes and other similar animals normally maintained as pets in an enclosure inside a dwelling are not proscribed by this article unless provided otherwise by this Code.
(C91, § 7-55; O.11,730)

Sec. 18-139. Adoptions.

(a) Unless a contractor is operating the animal shelter, animals other than dogs and cats which are unredeemed may be eligible for adoption to any person who:

(1) Files a form as established by the chief of police identifying the animal desired for adoption.

(2) Pays a fee established by the chief of police based upon the amount of care and treatment provided by the city to the animal prior to release by adoption.

(b) The chief of police is authorized to promulgate further rules to effect such an adoption process.

(c) The subsections of this section relating to the adoption of unredeemed animals other than dogs and cats shall also apply to any adoption agencies seeking to obtain unredeemed animals other than dogs and cats from the city.

(d) The city shall reserve the right to reject any and all adoptions for any purpose the city deems necessary, including but not limited to health concerns.

(e) The city takes no responsibility nor makes any warranties or assumes any liability for the condition of the animal adopted.

(f) If a contractor is operating the animal shelter, the contractor shall take possession and ownership of animals other than dogs and cats upon a written release by the chief humane officer, or his or her designee.
(C91, § 7-56; O.12,075, 14,462)

Secs. 18-140—18-165. Reserved.

ARTICLE V. ANIMALS SUSPECTED OF BEING INFECTED WITH COMMUNICABLE DISEASE

Sec. 18-166. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Owner means any person who has paid the license fee or harbored an animal.
(C42, § 34-11; C54, C62, § 5-43; C75, C79, C85, § 7-34; O.11,558; C91, § 7-34)
Cross reference—Definitions generally, § 1-2.

Sec. 18-167. Minimum period of quarantine.

(a) It shall be the duty of the chief humane officer to order the owner of any animal which has bitten a person or another animal or any animal suspected of being infected with rabies to confine such animal for a period of ten days at the animal shelter, a veterinary clinic, or a registered kennel.

(b) Notwithstanding subsection (a) of this section, the animal control officer may allow a dog or cat to remain in quarantine for that period on the property of the owner so long as the dog or cat is confined there and is out of contact with members of the public or other animals during the quarantine period when the cat or dog:

(1) Has a current certificate of inoculation for rabies;

(2) Is properly licensed, in the case of dogs;

(3) Has properly displayed all required tags;

(4) Has not previously bitten a person; and

(5) The owner has suitable and secure quarters in which to isolate the animal.

Home quarantine shall not be allowed where there is a reasonable belief that the dog's or cat's condition or circumstances, including consideration of the nature or severity of the bite, requires observation at the animal shelter, a veterinary clinic, or a registered kennel or where the dog or cat does not remain in quarantine in the manner prescribed by the animal control officer for the

ten-day period. In the latter event, the animal shall be apprehended and impounded and confined in the animal shelter for ten days.

(c) If the animal is claimed by the owner after the ten-day period, the owner shall pay for the cost of confinement. If the animal is not claimed after the ten-day period, it may be humanely destroyed or, if a dog or cat, may be put up for adoption as provided in section 18-65 or 18-108 of this chapter.
(C42, § 34-10; O.5226, 5386; C54, § 5-44; O.5903; C62, § 5-44; O.7499; C75, § 7-35; O.9097, 9172, 9463; C79, § 7-35; O.9828; C85, § 7-35; O.10,886, 11,558; C91, § 7-35; O.12,075)

Sec. 18-168. Report when animal has bitten a person.

The owner of any animal shall report at once to the police department the fact that his or her animal has bitten or attacked a person or domestic animal, and all persons having knowledge of such fact shall report the fact to the police department. Any person claiming to have been bitten by an animal must go in person to the police department or to a physician to show proof of a bite if deemed necessary by the director of public health. A child claiming to have been bitten by an animal must be accompanied by a parent or legal guardian.
(C42, § 34-13; O.5386; C54, § 5-46; O.6002; C62, § 5-46; C75, C79, § 7-36; O.9828; C85, § 7-36; O.11,558; C91, § 7-36)

Sec. 18-169. Report of person whose animal is bitten.

Every person owning or having possession, custody, or control of an animal which is known to have been bitten by an animal infected with rabies shall immediately report this fact to the police department and shall have the exposed animal placed in isolation and quarantine as provided by section 18-167 of this chapter.
(C42, § 34-13; O.5386; C54, C62, § 5-47; O.7499; C75, C79, § 7-37; O.9828; C91, § 7-37)

Secs. 18-170—18-195. Reserved.

ARTICLE VI. ILLEGAL AND DANGEROUS ANIMALS

Sec. 18-196. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bite, bitten, claw and clawed, mean the breaking of skin.

Dangerous animal means any animal, including a dog, except for an illegal animal per se, as listed in the definition of illegal animal, that has bitten or clawed a person while running at large and the attack was unprovoked, or any animal that has exhibited vicious propensities in present or past conduct, including such that the animal:

(1) Has bitten or clawed a person on two separate occasions within a 12-month period;

(2) Did bite or claw once causing injuries above the shoulders of a person;

(3) Could not be controlled or restrained by the owner at the time of the attack to prevent the occurrence; or

(4) Has attacked any domestic animal or fowl on three or more separate occasions within the lifetime of the attacking animal.

(5) Has killed any domestic animal while off of the property where the attacking animal is kept by its owner.

(6) Has bitten another animal or human that causes a fracture, muscle tear, disfiguring lacerations or injury requiring corrective or cosmetic surgery; or

(7) Any animal that was required to be removed from another city or county because of behavior that would also meet the definition of "dangerous animal" as set out in this section.

Illegal animal means:

(1) Any animal which is not naturally tame or gentle and which is of a wild nature or disposition and which is capable of kill-

ing, inflicting serious injury upon or causing disease among human beings or domestic animals and having known tendencies as a species to do so.

(2) Any dangerous wild animal as defined in I.C. ch. 717F.

(3) Any nondomesticated member of the order Carnivora which as an adult exceeds the weight of 20 pounds.

(4) The following animals, which shall be deemed to be illegal animals per se:

a. Badgers, wolverines, weasels, skunks and mink.

b. Raccoons.

c. Bats.

d. Snakes that are over six feet in length.

(C79, § 7-44; O.10,541; C85, § 7-44; O.10,886, 11,095; C91, § 7-44; O.15,128, 15,164, 15,348, 15,462)

Cross reference—Definitions generally, § 1-2.

Sec. 18-197. Keeping illegal animals prohibited.

No person shall keep, shelter, or harbor any illegal animal as a pet nor act as a temporary custodian for such animal nor keep, shelter, or harbor such animal for any other purpose or in any other capacity within the city, except as provided in section 18-198 of this article.
(C79, § 7-45; O.10,541, 11,095; C91, § 7-45)

Sec. 18-198. Exceptions to keeping illegal animals.

The prohibition contained in section 18-197 of this article shall not apply to the keeping of illegal animals in the following circumstances:

(1) The keeping of illegal animals in a zoo that is accredited by the Association of Zoos and Aquariums.

(2) The keeping of illegal animals in a regionally accredited educational or medical institution, an Iowa Department of Agriculture and Land Stewardship licensed animal shelter or pound, or a museum accredited by the American Alliance of Museums, where they are kept as live specimens for the purpose of instruction, research or study.

(3) The keeping of illegal animals for exhibition at the Iowa State Fair or Polk County Fair.

(4) The keeping of illegal animals for exhibition to the public by a bona fide traveling circus, carnival, exhibit or show.

(5) The keeping of illegal animals in a bona fide, licensed veterinary hospital for emergency treatment limited to the duration of the emergency treatment.

(6) The keeping of illegal animals by a wildlife rescue organization with appropriate permit from the state conservation commission.

(7) Any illegal animals under the jurisdiction of and in the possession of the state conservation commission, pursuant to I.C. § 481A.1 et seq. or 481B.1 et seq.

(8) The keeping of snakes and reptiles that are venomous and the keeping of snakes that are constrictors six feet in length and over by any individual 18 years of age or older who has:

a. Received a degree of bachelor of science, based upon courses of instruction which include courses in herpetology, from an accredited college level institution; or

b. Successfully completed a course of instruction taught under the auspices of the city zoo on the proper handling, care and keeping of such animals; or

c. Completed a course of instruction of at least 20 hours duration at an accredited educational institution on the care, handling and keeping of reptiles; and

d. Applied for and received from the city clerk a permit to keep such animals, such application to be on a form approved by the city council.

(9) A person with a disability or a person training an assistive animal has the right to possess an assistive animal. As used in this subsection, the term "assistive animal" means an animal to assist a person with a disability, as provided in and defined by Iowa Code section 216C.11.

(10) The keeping of illegal animals by a bona fide sanctuary that is accredited by the Global Federation of Animal Sanctuaries or, a facility that offers lifetime care to animals, does not allow public contact with any illegal animals, does not use the animals for any commercial purposes, and does not breed animals.

(11) The keeping of primates maintained for research or educational programs by the Iowa Primate Learning Sanctuary.

(12) The conveyance of animals through the city in compliance with all state and federal laws governing the possession and sale of such animal, provided that such animal does not remain within the city longer than necessary for its safe conveyance through the city, and such animal is not removed from the vehicle except as necessary for immediate transfer to another vehicle.

(C79, § 7-46; O.10,541; C85, § 7-46; O.11,095, 11,558; C91, § 7-46; O.13,551, 14,904, 15,128, 15,462)

Sec. 18-199. Seizure, impoundment and disposition of illegal animals.

(a) *Seizure of illegal animals found at large.*

(1) If an illegal animal is found at large and unattended upon public property, park property, public right-of-way, or the property of someone other than its owner, thereby creating a hazard to persons or property, such animal may be destroyed by the police department if it cannot be safely captured and impounded. The city shall be under no duty to attempt the capture and impoundment of an illegal animal found at large, nor shall it have a duty to notify the owner of such animal prior to its destruction. Notice of the capture and impoundment of an illegal animal found at large shall be promptly given to the owner, if known, by any reasonable means.

(b) *Seizure of illegal animals illegally kept.*

(1) Upon complaint or reasonable suspicion that an illegal animal is being kept, sheltered or harbored in the city in violation of section 18-197, the chief humane officer may cause the matter to be investigated.

a. If, after investigation, the chief humane officer determines that an illegal animal per se is being kept, sheltered or harbored in the city in violation of section 18-197, the chief humane officer shall declare the animal to be an illegal animal per se and shall immediately seize the animal. However, such animal may be destroyed or temporarily left in the possession and control of the owner, if in the discretion of the chief humane officer or chief of police such animal cannot be safely seized and impounded.

b. If, after investigation, the chief humane officer determines that an illegal animal, other than an illegal animal per se, is being kept, sheltered or harbored in the city in violation of section 18-197, the chief humane officer shall declare the animal to be an illegal animal and shall order the person to permanently place the animal with an organization or group allowed under section 18-198 of this article to possess illegal animals, or destroy the animal, within seven days of the receipt of such order. If the animal is not placed with an organization or group allowed under section 18-198 of this article to possess illegal animals or destroyed within seven days of receipt of such order the chief humane officer shall seize the animal. However, such animal

may be temporarily left in the possession and control of the owner pending transfer to an organization or group allowed under section 18-198 of this article to possess the animal or destroyed, if in the discretion of the chief humane officer or the chief of police, such animal cannot be safely seized and impounded.

(c) *Disposition of illegal animals.*

(1) Notice that an animal has been declared an illegal animal subject to seizure, and notice of the seizure, if such animal has been seized and impounded, shall be promptly served by personal service upon an owner of the animal, if known. If notice cannot be promptly served on an owner of the animal within the city boundaries, then notice may be served by service upon any adult residing at the premises where the animal was regularly kept or by posting on those premises if no resident adult is present to accept service. The notice shall include: a description of the animal; a declaration that the animal is an illegal animal or illegal animal per se which has been kept, sheltered or harbored in violation of section 18-197; the basis for such declaration; notice that such animal must be placed with a person or organization permitted by section 18-198 to keep illegal animals who demonstrates to the reasonable satisfaction of the chief human officer that they are willing and capable of keeping the animal confined; and, notice that the decisions to declare the animal an illegal animal and to seize the animal may be appealed by filing a written notice of appeal with the city clerk within three business days of the date the notice is served.

(2) An illegal animal so impounded and not subject to quarantine may be redeemed by a person or organization permitted by section 18-198 to keep illegal animals, who demonstrates to the reasonable satisfaction of the chief human officer that they are an owner of the animal and are willing and capable of keeping the animal confined.

(3) An animal so impounded and not redeemed shall be held for a period of seven days, or until seven days after service of the decision on appeal if the decisions to declare the animal an illegal animal and to seize the animal is appealed and upheld. If the decision to declare the animal an illegal animal and to seize the animal are reversed on appeal, the animal shall be immediately released to the owner or the owner's representative. However, if at the end of the impoundment period the decision to declare the animal an illegal animal and, if applicable, the decision to seize the animal remain in effect and the owner has not petitioned the district court for a review of such decisions, the chief humane officer shall cause the animal to be placed with an organization or group allowed under section 18-198 of this article to possess the animal, or shall destroy such animal in a humane manner.

(d) The orders and declarations concerning an illegal animal issued by the chief humane officer pursuant to this section may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code. In order to appeal such order or declaration, written notice of appeal must be filed with the city clerk within three days after receipt of the order or declaration. Failure to file such written notice of appeal shall constitute a waiver of right to appeal the order of the chief humane officer.

(e) Failure to comply with an order of the chief humane officer issued pursuant to this section and not appealed, or after such order has been affirmed on appeal, shall constitute a misdemeanor offense.

(C79, § 7-47; O.10,541; C85, § 7-47; O.11,095; C91, § 7-47; O.14,677, 15,128)

Sec. 18-200. Keeping dangerous animals prohibited.

No person shall keep, shelter or harbor for any reason within the city a dangerous animal, as defined in section 18-196, except as provided in section 18-201 of this article.
(C79, § 7-48; O.10,541; C85, § 7-48; O.11,095; C91, § 7-48)

Sec. 18-201. Exceptions to keeping dangerous animals.

The prohibition contained in section 18-200 of this article shall not apply to the keeping of dangerous animals under the control of a law enforcement or military agency.
(C79, § 7-49; O.10,541; C85, § 7-49; O.10,886, 11,095; C91, § 7-49)

Sec. 18-202. Seizure, impoundment and disposition of dangerous animals.

(a) Upon complaint or reasonable suspicion that a dangerous animal is being kept, sheltered or harbored in the city, the chief humane officer may cause the matter to be investigated. If after investigation, the chief humane officer determines that a dangerous animal is being kept, sheltered or harbored in the city by any person, the chief humane officer shall declare such animal to be a dangerous animal and shall order the person owning, sheltering, harboring or keeping the animal to cause it to be destroyed in a humane manner within three days of service of the notice of the order, and keep the animal securely confined or leased under the actual control of a person 18 years of age or older until so destroyed.

(b) Notice that an animal has been declared a dangerous animal shall be promptly served by personal service upon an owner of the animal, if known. If notice cannot be promptly served on an owner of the animal within the city boundaries, then notice may be served by service upon any adult residing at the premises where the animal was regularly kept or by posting on those premises if no resident adult is present to accept service. The notice shall include: a description of the animal; a declaration that such animal is a dangerous animal; the basis for such declaration; an order that the owner cause the animal to be destroyed in a humane manner within three days of service of the notice; notice that such animal will be subject to seizure if not destroyed within three days of service of the notice; and notice that the decision to declare the animal a dangerous animal may be appealed by filing a written notice of appeal with the city clerk within three business days of the date the notice is served. A notice that a dog is a dangerous animal may include as an alternative an allegation that a dog is a high risk dog under section 18-59 of this chapter.

(c) If the animal is ordered to be destroyed by the owner, such order must be complied with within three days of its issuance, otherwise the chief humane officer is authorized to seize and impound the animal. Such an animal may also be seized at any time if it is not actually kept securely confined or leased under the actual control of a person 18 years of age or older until so destroyed. An animal so seized shall be impounded for a period of seven days, or until seven days after service of the decision on appeal if the decision to declare the animal a dangerous animal is appealed and upheld. If the decision to declare the animal a dangerous animal is reversed on appeal, the animal shall be immediately released to the owner or the owner's representative. However, if at the end of the impoundment period the decision to declare the animal a dangerous animal remains in effect and the owner has not petitioned the district court for a review of such decision, the chief humane officer shall cause the animal to be destroyed in a humane manner.

(d) The orders and declarations concerning a dangerous animal issued by the chief humane officer pursuant to this section may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code. In order to appeal such order or declaration, written notice of appeal must be filed with the city clerk within three days after receipt of the order or declaration. Failure to file such written notice of appeal shall constitute a waiver of right to appeal the order of the chief humane officer.

(e) Any animal which is alleged to be dangerous and which is under impoundment or quarantine shall not be released to the owner, but shall continue to be held at the expense of the owner pending the outcome of the hearing. All costs of such impoundment or quarantine shall be paid by the owner if the animal is determined to be dangerous. If the animal is not determined to be dangerous and was found at large, the owner shall only pay those costs attributable to the initial confinement and any required quarantine. If the animal is not determined to be dangerous and was not at large at the time of confinement, the owner shall only pay those costs attributable to any required quarantine.

(f) Failure to comply with an order of the chief humane officer issued pursuant to this section and not appealed, or after such order has been affirmed on appeal, shall constitute a misdemeanor offense.
(C79, § 7-50; O.10,541; C85, § 7-50; O.11,095; C91, § 7-50; O.13,854, 13,977, 14,462, 14,677, 15,128, 15,348)

Sec. 18-203. Immediate seizure or destruction of animals.

Any animal found at large which displays dangerous tendencies, or which is an illegal animal, or which has been previously declared high risk or is high risk by breed according to article II, section 18-41(6), (7), (8), or (9) of this chapter and has bitten without provocation a person or a domestic animal while such high risk dog was not properly confined or leashed may be processed as a dangerous animal under section 18-202 of this article, and the animal may be immediately seized anywhere within the city unless the animal is so dangerous that it cannot safely be apprehended, in which case the chief humane officer, his or her designee, or any police officer is authorized to destroy it immediately.
(C85, § 7-51; O.11,095; C91, § 7-51; O.14,415, 14,462, 15,348)

Sec. 18-204. Reserved.

Editor's note—Ord. No. 14,677, § 1, adopted July 23, 2007, repealed § 18-204, which pertained to permanent removal from city and derived from Code 1985, § 7-52; Ord. No. 11,095; Ord. No. 11,558; Code 1991, § 7-52.

Secs. 18-205—18-214. Reserved.

ARTICLE VII. FEEDING OF DEER AND WATERFOWL IS PROHIBITED

Sec. 18-215. Purpose.

The intent of this article is to protect the health, safety, and welfare of the community and its wildlife by prohibiting the feeding of deer and waterfowl on public and private property in the city. The feeding of deer and waterfowl increases the potential for damage to public parks and private property. It also elevates the potential for the spread of disease in people and companion animals. In addition, it is the intent of this article to protect the welfare of the deer and waterfowl themselves. Wildlife studies have shown that feeding waterfowl and other wild animals can interrupt their normal migration patterns, can make them more aggressive in demanding food, cause nutritional problems, expose them to danger by eliminating their natural fear of predators, and promote the spread of diseases and disease-carrying parasites.
(O.16,066)

Sec. 18-216. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bird feeder. A container, receptacle or apparatus designed for the feeding of songbirds or other backyard birds.

Feed. To give, place, expose, deposit, distribute or scatter any edible material which can be utilized for consumption by deer and waterfowl. Feeding does not include baiting for the legal taking of fish and/or game, or baiting by a city official, an animal control service or by a licensed wildlife rehabilitator.

Person. Any individual, corporation, company, partnership, firm, association, or political subdivision of this state subject to municipal jurisdiction.

Waterfowl. Wildfowl of the order Anseriformes, especially members of the family Anatidae which includes any bird that swims, frequents the water, or lives about rivers, lakes, or other bodies of water, including but not limited to ducks, geese, swan and gulls.
(O.16,066)

Sec. 18-217. Prohibitions.

(a) No person shall purposely or knowingly, feed or in any manner provide access to food to any deer or waterfowl within the corporate limits of the city, on lands either publicly or privately owned. Feeding does not include baiting in the legal taking of fish and/or game, or baiting by a city official, an animal control service or by a licensed wildlife rehabilitator.

(b) Feeding of songbirds and other backyard birds, not including waterfowl, shall be permitted outdoors at such times and in such a manner that:

(1) Any feed must be placed within a bird feeder with a maximum volume of not more than one cubic foot, placed at least four feet above ground.

(2) Bird feeders are placed where deer or waterfowl are unable to eat from them and do not become an attractant for deer and waterfowl.

(O.16,066)

Sec. 18-218. Penalties.

Notwithstanding any other section of this article, any property owner or occupant of a property found in violation of this article shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code. Each ongoing day of the violation(s) shall constitute a separate offense. In addition to the financial penalties so provided, the violator shall be subject to an injunctive order to cease the violation and conduct any required clean-up.

ARTICLE I. AIRPORT ZONING REGULATIONS*

Sec. 22-1. Purpose.

This article is adopted under the authority of Iowa Code chapters 329 and 414, which empower Iowa cities to adopt zoning regulations for the purpose of preventing hazards and non-compatible land uses in the vicinity of airports. The Des Moines International Airport and the Ankeny Regional Airport represent significant public investments that have a substantial ongoing impact upon local commerce and employment and the growth and development of the Des Moines Metropolitan Area. It is the desire of the city council to preserve and protect the safe use and operation of these airports and the associated airspace.

The city council hereby makes the following findings:

(1) Obstructions in the pathways of aircraft in flight, and certain uses of the land underlying those pathways may constitute a hazard to the aircraft and to the health, safety and general welfare of the occupants of the aircraft and the underlying land. The creation, establishment or maintenance of such obstructions or hazards is a public nuisance.

(2) Failure to adhere to the established principles and practices for safe use of the airspace and land in the vicinity of the Des Moines International Airport, and Ankeny Regional Airport, could impair or destroy the utility of the airports and the public investment therein.

Accordingly it is declared that:

(1) The prevention of obstructions, hazards, and non-compatible land uses should be accomplished, to the extent legally possible, by proper exercise of the police power, without compensation.

(2) The mitigation of non-compatible uses, obstructions, and hazards to safe air navigation by prevention, removal, or alteration, or the marking and lighting of obstructions are public purposes for which the City of Des Moines may raise and expend public funds, and acquire land or interests in land.

(3) A non-compatible use, obstruction, or hazard created by failure to comply with the provisions of this article may be abated in the manner prescribed by law for the abatement of public nuisances.

(O.15,144)

Sec. 22-2. Title.

This article shall be known and may be cited as the "Des Moines Airport Zoning Ordinance" or the "airport zoning ordinance."
(O.15,144)

Sec. 22-3. Definitions.

For the purposes of this article, the following definitions shall apply unless the context requires otherwise. In each case the singular shall include the plural and the plural shall include the singular.

Aircraft means any human controlled contrivance used or designed for carrying humans in flight through the air, but not including parachutes.

Airport means the Des Moines International Airport and/or the Ankeny Regional Airport.

Airport hazard See hazard, below.

Aerial navigation means the movement of an aircraft through the air.

Airport elevation means the official airport elevation as is depicted on the approved Airport Layout Plan. The airport elevation for the Des Moines International Airport is 957 feet msl. The airport elevation for the Ankeny Regional Airport is 910 feet msl.

DSM means the Des Moines International Airport.

*__Cross reference—__Zoning, ch. 134.

State law reference—Airport zoning generally, I.C. § 329.1 et seq.

Federal Aviation Administration or FAA means an agency of the United States government that administers the federal regulations that relate to the use and flight of aircraft.

Hazard means any structure or tree or use of land which would exceed the federal obstruction standards contained in 14 C.F.R. sections 77.21, 77.23 and 77.25, and which obstruct the air space required for the flight of aircraft and landing or take-off at an airport or is otherwise hazardous to such landing or taking off of aircraft or persons or property on the ground.

IKV means the Ankeny Regional Airport.

Inner edge means that edge of any zone that is closest to the runway end to which the zone applies. The inner edge is perpendicular to the runway centerline.

MSL means the altitude above mean sea level.

Notice of proposed construction or alteration means a requirement of 14 CFR section 77.13 that persons who propose any kind of construction or alteration of the type described in section 77.13 provide notice to the FAA of such action. Types of construction and alteration for which such notice must be given include, but are not limited to, the following:

(1) Any construction or alteration of any structure more than 200 feet in height above ground level at its site.

(2) Any construction or alteration of a structure with a height greater than an imaginary surface extending outward and upward at a slope of 100 to 1 for a horizontal distance of 20,000 feet from the nearest point of the nearest runway at the Des Moines International Airport and at the Ankeny Regional Airport.

Non-compatible use means any activity that would degrade the safety of people on the ground, or occupants of aircraft in flight, including but not limited to, storage of hazardous materials, above ground storage of flammable liquids in excess of 660 gallons, wildlife attractants, and those uses that lead to an assembly of people, including, but not limited to, residences, theaters, churches, schools, athletic fields, camp grounds, hospitals, office buildings, shopping centers, hotels and motels, and other uses with similar concentrations of persons.

Non-conforming structure means any structure or portion of any structure that is located within or underlying any of the zones created by this article and that does not conform to the height and/or use provisions of this article.

Obstruction means any structure or tree, the height of which exceeds that which is allowed by this article.

Person means any individual, firm, co-partnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, assignee or other similar representative thereof.

Runway threshold means a designated line perpendicular to the centerline of an airport runway that establishes one end of the runway. The runway threshold may or may not correspond with the end of the paved portion of the runway.

Structure means any object, whether permanent or temporary, stationary or mobile, constructed or installed by humans, including but not limited to: buildings, towers, smokestacks, scaffolds, lighting fixtures, public and private roads, railways, mechanical cranes and overhead transmission lines, including poles or other structures supporting the same.

Tree means any object of natural growth which exceeds 20 feet in height, or which may, in its natural growth, be reasonably expected to exceed 20 feet in height.
(O.15,144)

Sec. 22-4. Runway locations.

(a) Each runway at the Des Moines International Airport and at the Ankeny Regional Airport is defined by the centerline extending between the midpoints of the runway thresholds at each end.

(b) At the Des Moines International Airport, the intersection of the centerline of each runway with the runway threshold at each end of the runway is located at the following coordinates

and elevations, which are referenced to the National Geodetic Survey's state plane coordinate system of 1983.

DSM Runway 5/23:

At the southwest threshold:

Northing - 553,774.90
Easting - 1,590,141.69
Elevation - 922.7

At the northeast threshold:

Northing - 560,367.14
Easting - 1,599,196.10
Elevation - 934.5

DSM Runway 13L/31R:

At the northwest threshold:

Northing - 563,169.38
Easting - 1,592,662.90
Elevation - 912.2

At the southeast threshold:

Northing - 557,094.35
Easting - 1,599,303.82
Elevation 957.5

DSM Runway 13R/31L (planned):

At the northwest threshold:

Northing - 561,559.24
Easting - 1,588,052.70
Elevation - 898.9

At the southeast threshold:

Northing - 555,484.49
Easting - 1,594,693.29
Elevation 933.7

(c) At the Ankeny Regional Airport, the intersection of the centerline of each runway with the runway threshold is located at the following coordinates and elevations, which are referenced to the National Geodetic Survey's state plane coordinate system of 1983.

IKV Runway 36/18:

At the north threshold:

Northing - 618,531.01
Easting - 1,622,440.64
Elevation - 903.3

At the south threshold:

Northing - 613,030.92
Easting - 1,622,435.15
Elevation - 887.7

IKV Runway 4/22:

At the northeast threshold:

Northing - 618,310.20
Easting - 1,623,594.24
Elevation - 902.4

At the southwest threshold:

Northing - 615,342.68
Easting - 1,620,621.68
Elevation - 909.9

(O.15,144)

Sec. 22-5. Airport zones.

In order to carry out the provisions of this article there are hereby created and established certain zones which are described herein. Any structure or tree located in more than one zone is considered to be only in the zone with the more restrictive height and use limitation. The various zones hereby established and defined are as follows:

(1) *AO Approach Overlay Zone—Defined.* The airspace above a sloping plane extending outward from each end of each runway at the Des Moines International Airport, and at the Ankeny Regional Airport, rising uniformly at a fixed ratio, and of fixed size, through which aircraft commonly operate when arriving at, and departing from, the airport. AO zones vary in size and slope based upon the present or future use that can be expected for each airport runway. The outside edges of each AO zone longitudinal to the centerline of the runway are the base lines for the TO zones at the edges of the AO zone.

a. The AO zones at the Des Moines International Airport are as follows:

1. *DSM Runway 5/23:*

i. *Runway 5 Approach (Planned) (AO5DSM):* Beginning 200 feet beyond the runway threshold at

the southwest end of DSM Runway 5/23, extending southwesterly, and centered on the extended centerline of the runway, the inner edge of the zone is 1,000 feet wide, expanding uniformly to an outer edge width of 16,000 feet. The altitude of the inner edge is the same as the altitude of the runway threshold at the centerline. For each 50 feet of horizontal distance, the floor of the zone rises from the inner edge one foot (50:1) for a horizontal distance of 10,000 feet, and then rising, for each 40 feet of horizontal distance, one foot (40:1) for an additional distance of 40,000 feet, for a total horizontal distance of 50,000 feet from the point of beginning.

ii. *Runway 23 Approach (AO23DSM):* Beginning 200 feet beyond the runway threshold at the northeast end of DSM Runway 5/23, extending northeasterly, and centered on the extended centerline of the runway, the inner edge of the zone is 1,000 feet wide, expanding uniformly to an outer edge width of 4,000 feet. The altitude of the inner edge is the same as the altitude of the runway threshold at the centerline. For each 34 feet of horizontal distance, the floor of the zone rises from the inner edge one foot (34:1), for a total horizontal distance of 10,000 feet from the point of beginning.

2. D*SM Runway 13L/31R:*

i. *Runway 13L Approach (AO13LDSM):* Beginning 200 feet beyond the runway threshold at the northwest end of DSM Runway 13L/31R, extending northwesterly, and centered on the extended centerline of the runway, the inner edge of the zone is 1,000 feet wide, expanding uniformly to an outer edge width of 16,000 feet. The altitude of the inner edge is the same as the altitude of the runway threshold at the centerline. For each 50 feet of horizontal distance, the floor of the zone rises from the inner edge one foot (50:1) for a horizontal distance of 10,000 feet, and then rising, for each 40 feet of horizontal distance, one foot (40:1) for an additional distance of 40,000 feet, for a total horizontal distance of 50,000 feet from the point of beginning.

ii. *Runway 31R Approach (AO31RDSM):* Beginning 200 feet beyond the runway threshold at the southeast end of DSM Runway 13L/31R, extending southeasterly, and centered on the extended centerline of the runway, the inner edge of the zone is 1,000 feet wide, expanding uniformly to an outer edge width of 16,000 feet. The altitude of the inner edge is the same as the altitude of the runway threshold at the centerline. For each 50 feet of horizontal distance, the floor of the zone

rises from the inner edge one foot (50:1) for a horizontal distance of 10,000 feet, and then rising, for each 40 feet of horizontal distance, one foot (40:1) for an additional distance of 40,000 feet, for a total horizontal distance of 50,000 feet from the point of beginning.

3. *DSM Runway 13R/31L:*

i. *Runway 13R Approach (Planned) (AO13RDSM):* Beginning 200 feet beyond the runway threshold at the northwest end of DSM Runway 13R/31L, extending northwesterly, and centered on the extended centerline of the runway, the inner edge of the zone is 1,000 feet wide, expanding uniformly to an outer edge width of 16,000 feet. The altitude of the inner edge is the same as the altitude of the runway threshold at the centerline. For each 50 feet of horizontal distance, the floor of the zone rises from the inner edge one foot (50:1) for a horizontal distance of 10,000 feet, and then rising, for each 40 feet of horizontal distance, one foot (40:1) for an additional distance of 40,000 feet, for a total horizontal distance of 50,000 feet from the point of beginning.

ii. *Runway 31L Approach (Planned) (AO31LDSM):* Beginning 200 feet beyond the runway threshold at the southeast end of planned DSM Runway 13R/31L, extending southeasterly, and centered on the extended centerline of the runway, the inner edge of the zone is 1,000 feet wide, expanding uniformly to an outer edge width of 16,000 feet. The altitude of the inner edge is the same as the altitude of the runway threshold at the centerline. For each 50 feet of horizontal distance, the floor of the zone rises from the inner edge one foot (50:1) for a horizontal distance of 10,000 feet, and then rising, for each 40 feet of horizontal distance, one foot (40:1) for an additional distance of 40,000 feet, for a total horizontal distance of 50,000 feet from the point of beginning.

b. The AO zone at the Ankeny Regional Airport is as follows:

IKV Runway 18/36 (AO36IKV): That portion of the following area which overlays the City of Des Moines: Beginning 200 feet beyond the runway threshold at the south end of IKV Runway 18/36, extending southward, centered on the extended centerline of the runway, the inner edge of which is 1,000 feet wide, expanding uniformly to an outer edge width of 16,000 feet. The altitude of the inner edge is the same as the altitude of the runway threshold at the centerline. For each 50 feet of horizontal distance, the floor of the zone rises from the inner edge one foot (50:1) for a horizontal distance of 10,000 feet, and then rising, for each 40 feet of horizontal distance, one foot (40:1) for an additional distance of 40,000 feet, for a total horizontal distance of 50,000 feet from the point of beginning.

c. Height limitations:

1. Except as otherwise provided herein, no person shall construct or alter any structure, nor plant or grow any tree, so as to penetrate any AO approach overlay zone created herein.

2. No person shall establish or maintain any private roadway in any location that would result in penetration of any AO approach overlay zone by any portion of any vehicle that may operate upon such roadway.

(2) *CA Controlled Activity Zone - Defined.* An area of fixed size, underlying the innermost portion (closest to the runway end) of the AO zone for each runway, descending from the floor of the AO zone to the ground. The width and length of CA zones may vary, and may be different on each runway end.

a. The CA zones for the Des Moines International Airport are as follows:

1. *DSM Runway 5/23:*

i. *Runway 5 Approach (CAO5DSM):* Underlying the innermost 2,500 feet of the AO zone at the southwest end of DSM Runway 5/23, the width of the CA zone is 1,000 feet at the inner edge and expands uniformly to a width of 1,750 feet.

ii. *Runway 23 Approach (CA23DSM):* Underlying the innermost 1,700 feet of the AO zone at the northeast end of DSM Runway 5/23, the width of the CA zone is 1,000 feet at the inner edge and expands uniformly to a width of 1,510 feet.

2. *DSM Runway 13L/31R:*

i. *Runway 13L Approach (CA13LDSM):* Underlying the innermost 2,500 feet of the AO zone at the northwest end of DSM Runway 13L/31R, the width of the CA zone is 1,000 feet at the inner edge and expands uniformly to a width of 1,750 feet.

ii. *Runway 31R Approach (CA31RDSM):* Underlying the innermost 2,500 feet of the AO zone at the southeast end of DSM Runway 13L/31R, the width of the CA zone is 1,000 feet at the inner edge and expands uniformly to a width of 1,750 feet.

3. *DSM Runway 13R/31L:*

i. *Runway 13R Approach (Planned) (CA13RDSM):* Underlying the innermost 2,500 feet of the AO zone at the northwest end of DSM Runway 13R/31L, the width of the CA zone is 1,000 feet at the inner edge and expands uniformly to a width of 1,750 feet.

ii. *Runway 31L Approach (Planned) (CA31LDSM):* Underlying the innermost 2,500 feet of the AO zone at the southeast end of DSM Runway 13R/31L, the width of the CA zone is 1,000 feet at the inner edge and expands uniformly to a width of 1,750 feet.

b. Use Limitations:

1. No person shall establish or maintain any non-compatible use in any CA controlled activity zone.

2. No structures, other than airport structures the location of which is dictated by function, either permanent or temporary, shall be permitted in any CA controlled activity zone.

(3) *HO Horizontal Overlay Zone - Defined.* The airspace above a horizontal plane, the perimeter of which is established by swinging arcs of 10,000 foot radii from the center of each runway threshold, and connecting the adjacent arcs by lines tangent to those arcs. The floor of the HO zone is 150 feet above the airport elevation.

a. The HO zone for the Des Moines International Airport has a floor elevation of 1,107 feet above mean sea level.

b. The HO zone for the Ankeny Regional Airport has a floor elevation of 1,060 feet above mean sea level.

c. Height limitation:

Except as otherwise provided herein, no person shall construct or alter any structure, or plant or grow any tree so as to penetrate any HO horizontal overlay zone created herein.

(4) *TO Transitional Overlay Zone - Defined.* The airspace above a sloping plane along each side of each runway, and from the sides of each AO zone. For each 7 feet horizontally outward perpendicular to the centerline of the runway or runway approach, the plane rises 1 foot vertically.

a. The TO zones for the Des Moines International Airport are as follows:

1. *DSM Runway 5/23:*

i. *Runway 5/23 (TO5/23DSM):* Along each side of DSM Runway 5/23 extending outward and upward from base lines parallel to and 500 feet horizontally distant from the center line of the runway, which base lines extend beyond the thresholds at each end of the runway a distance of 200 feet. The planes extend outward and upward a horizontal distance of 5,000 feet from the base lines.

ii. *Runway 5 Approach (TO5DSM):* along each side of the AO zone at the southwest end of DSM Runway 5/23, extending outward and upward from the base lines of such AO zone a horizontal distance of 5,000 feet.

iii. *Runway 23 Approach (TO23DSM):* along each side of the AO zone at the northeast end of DSM Runway 5/23, extending outward and upward from the base lines of such AO zone a horizontal distance of 5,000 feet.

2. *DSM Runway 13L/31R:*

i. *Runway 13L/31R (TO13L/31RDSM):* along each side of DSM Runway 13L/31R extending outward and upward from base lines parallel to and 500 feet horizontally distant from the center line of the runway, which base lines extend beyond the thresholds at each end of the runway a distance of 200 feet. The planes extend outward and upward a horizontal distance of 5,000 feet from the base lines.

ii. *Runway 13L Approach (TO13LDSM):* along each side of the AO zone at the northwest end of DSM Runway 13L/31R, extending outward and upward

from the base lines of such AO zone a horizontal distance of 5,000 feet.

iii. *Runway 31R Approach (TO31RDSM):* along each side of the AO zone at the southeast end of DSM Runway 13L/31R, extending outward and upward from the base lines of such AO zone a horizontal distance of 5,000 feet.

3. *Runway 13R/31L:*

i. *Runway 13R/31L (TO13R/31LDSM):* along each side of DSM Runway 13R/31L extending outward and upward from base lines parallel to and 500 feet horizontally distant from the center line of the runway, which base lines extend beyond the thresholds at each end of the runway a distance of 200 feet. The planes extend outward and upward a horizontal distance of 5,000 feet from the base lines.

ii. *Runway 13R Approach (TO13RDSM):* along each side of the AO zone at the northwest end of DSM Runway 13R/31L, extending outward and upward from the base lines of such AO zone a horizontal distance of 5,000 feet.

iii. *Runway 31L Approach (TO31LDSM):* along each side of the AO zone at the southeast end of DSM Runway 13R/31L, extending outward and upward from the base lines of such AO zone a horizontal distance of 5,000 feet.

b. The TO zone at the Ankeny Regional Airport is as follows:

IKV Runway 36 Approach (TO36IKV): That portion of the following area which overlays the City of Des Moines: Along each side of the AO zone at the south end of IKV Runway 18/36, extending outward and upward from the base lines of such AO zone a horizontal distance of 5,000 feet.

c. Height limitations:

1. Except as otherwise provided herein, no person shall construct or alter any structure, or plant or grow any tree, so as to penetrate any TO transitional overlay zone created herein.

2. No person shall establish or maintain any private roadway in any location that would result in penetration of any TO transitional overlay zone by any portion of any vehicle that may operate upon such roadway.

(5) *Conical Overlay (CO) Zone - Defined.* The airspace above a sloped surface which extends outward and upward from the bottom outside edge of the HO zone. For each 20 feet horizontally outward from the bottom outside edge of the HO zone, the floor of the zone rises one foot vertically for a horizontal distance of 4,000 feet.

Height limitations: Except as otherwise provided herein, no person shall construct or alter any structure, or plant or grow any tree, so as to penetrate any Conical Overlay zone created herein.

(O.15,144)

Sec. 22-6. Des Moines Area Airport Zoning Map.

The boundaries of the zones described in section 22-5 are shown on the official Des Moines Area Airport Zoning Map, which map and all notations, references and other matters shown thereon is made a part of this article by reference.

The official Des Moines Area Airport Zoning Map, which may consist of a number of separate pages, shall be on file for public inspection in the office of the zoning enforcement officer and shall bear the signature of the mayor attested by the city clerk, along with the date of adoption and the certification that it is the official zoning map referred to in section 22-6 this Code.
(O.15,144)

Sec. 22-7. General regulations.

(a) The FAA regulations at 14 C.F.R. section 77.13 require that notice of proposed construction or alteration be given to the FAA whenever certain construction or alteration activities occur. (See definitions in section 22-3.) No person shall commence construction or alteration of any building or other structure for which a notice of proposed construction or alteration must be given to the FAA unless: (i) such notice has been given in the form and manner provided by 14 C.F.R. Part 77; (ii) an acknowledgment of such notice is received from the FAA pursuant to 14 C.F.R. section 77.19; (iii) a copy of the notice and acknowledgment has been provided to the community development department; and, (iv) such acknowledgment identifies that the proposed construction or alteration will not be a hazard to navigation.

(b) No person shall commence any construction or alteration which has been determined by the FAA to exceed any standard in 14 C.F.R. Part 77, Subpart C, unless an exception has been obtained from the board of adjustment pursuant to section 22-11.

(c) Except as otherwise provided herein, no person shall occupy any structure in or underlying any zone created by this article without having first obtained certificate of occupancy permit from the community development department. No occupancy permit obtained for a specific use shall apply to any other use.

(d) No person shall be issued an occupancy permit for any non-compatible use in or underlying any CA zone.

(e) No person shall establish or maintain any private roadway in any location that would result in penetration of any zone created by this article by any portion of any vehicle that may be operated upon such roadway.

(f) Within 5,000 feet of the nearest point of the nearest airport runway, no person shall establish or maintain any structure or use that would create a bird strike hazard.

(g) Notwithstanding any other provision of this article, no person shall, in any zone created by this article, or upon any land or water underlying such zones:

(1) Create, alter, or maintain any structure or use in such a manner as to create electrical or radio interference with aviation navigational signals or aircraft communications.

(2) Install, align or use any lighting devices that make it difficult for pilots to distinguish between airport lights and others, create glare in the eyes of pilots, or otherwise impair visibility.

(3) Produce steam, smoke, or other visual hazard that would impair visibility.

(4) Create, alter, or maintain any structure or use that would endanger or interfere with landing, takeoff or maneuvering of any aircraft.

(5) Plant, or allow the growth of, any tree, which, during the normal life cycle of such tree, can be expected to grow into any zone created by this article.

(h) In the event of any conflict between regulations contained in this article and any other regulations applicable to the same area, whether the conflict be with respect to height of structures or trees, use of structures or land, or any other matter, the more stringent limitation or requirement shall prevail.
(O.15,144)

Sec. 22-8. Lighting and marking.

(a) Notwithstanding any other provision of this article, any person constructing or altering any structure located in any zone created by this article shall install all lighting or markings upon said structure as shall be recommended by the FAA as a part of its review of the applicant's Notice of Proposed Construction or Alteration.

Such lighting or markings shall be made in a manner consistent with FAA regulations and advisories.

(b) Any permit or exception granted under the provisions of this article may be so conditioned so as to require the owner of the land, structure, or tree in question to install, operate, and maintain such lighting and/or markings as the city deems necessary to indicate to operators of aircraft the presence of an airport obstruction.
(O.15,144)

Sec. 22-9. Administrative procedures.

(a) The zoning enforcement officer shall administer this article in consultation with the aviation director or the director's designee.

(b) No building permit shall be issued for the construction or alteration of any building or other structure which does not conform with the limitations of section 22-5.

(c) No building permit shall be issued for the construction or alteration of any building or other structure for which a notice of proposed construction or alteration must be given to the FAA pursuant to 14 C.F.R. section 77.13, unless: (i) such notice has been given in the form and manner provided by 14 C.F.R. Part 77; (ii) an acknowledgment of such notice is received from the FAA pursuant to 14 C.F.R. section 77.19; (iii) a copy of the notice and acknowledgment has been provided to the community development department; and, (iv) such acknowledgment identifies that the proposed construction or alteration will not be a hazard to navigation.

(d) No building permit shall be issued for any construction or alteration which has been determined by the F.A.A. to exceed any standards in 14 C.F.R. Part 77, Subpart C, unless an exception has been obtained from the board of adjustment pursuant to section 22-11.

(e) Notwithstanding anything to the contrary, no building permit shall be issued for the construction or alteration of any building or other structure if the FAA finds or determines that the proposed construction or alteration:

(1) Would create a hazard;

(2) Would endanger the general safety, health and welfare of persons in the vicinity of the airport, or occupants of aircraft in flight; or,

(3) Would result in the raising of the minimum instrument flight altitude of any Federal Airway, approved off-airway route, or instrument approach procedure to the airport.

(O.15,144)

Sec. 22-10. Non-conforming structures and trees.

(a) *Nonconforming structures and uses.* If a lawful structure or use exists at the effective date of the ordinance adopting or amending this article that would not be allowed under the terms of this article, the structure or use shall be allowed to remain and continue so long as it remains otherwise lawful, subject to the following:

(1) Except when required by law, no such structure shall be enlarged, extended, reconstructed, moved or structurally altered, unless the structure is changed to conform with the requirements of this article.

(2) Any existing use of a building prohibited by this article may be extended throughout any parts of the building which were manifestly arranged or designed for such use on the effective date of the ordinance adopting or amending this chapter. No such use shall be expanded to occupy any land outside such building.

(3) If an existing use is abandoned, the use of such property shall thereafter conform to the uses permitted in the zone in which it is located. A use shall be deemed abandoned if while such use has been discontinued the owner of the property makes any change to the property inconsistent with the resumption of such use.

(4) If an existing use is discontinued for more than one year for any reason whatsoever, the use of such property shall thereafter conform to the uses permitted in the zone in which it is located.

(5) Any existing structure prohibited by this article or devoted to a use prohibited by this article, that is destroyed by any means to an extent of 60 percent or more of its replacement cost at the time of destruction, exclusive of the foundations, shall not be reconstructed and used as before such happening. If the structure be less than 60 percent destroyed above the foundation, it may be reconstructed and used as before, provided it is done within six months of such happening and is built of like or similar materials.

(b) *Nonconforming trees.* No pre-existing tree shall be allowed to grow higher, or be replanted so as to constitute a greater airport hazard than it was at the time this article was adopted. (O.15,144)

Sec. 22-11. Board of adjustment.

(a) The board of adjustment created by section 134-61 shall have the following powers in the administration of this article:

(1) *Appeals.* Any person aggrieved by any decision of the zoning enforcement officer in the enforcement of this article may appeal such decision to the board of adjustment in the following manner:

a. Each appeal shall be taken within a reasonable time as provided by the rules of the board. The zoning enforcement officer shall forthwith transmit to the board all papers constituting the record upon which the action appealed from is taken.

b. An appeal stays all proceedings in furtherance of the action appealed from, unless the zoning enforcement officer certifies to the board after notice of appeal shall have been filed, that because of the facts stated in the certificate, a stay would, in the opinion of the zoning enforcement officer, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the district court.

c. The board shall fix a reasonable time for the hearing on the appeal, shall give public notice thereof as well as due notice to the parties in interest, and shall decide the appeal within a reasonable time. At the hearing any party may appear in person or by agent or by attorney. Before an appeal is filed with the board of adjustment, the appellant shall pay a fee to the city treasurer in the amount specified by section 82-2 of this Code.

(2) *Exceptions.*

a. *With FAA approval.* The Board may grant exceptions to the height and use restrictions of this article in favor of an applicant if the applicant has first obtained a written order or determination from the FAA finding that the proposed modification to the height or use limitations will not result in a hazard to any aircraft in flight, and will not result in the raising of the minimum instrument flight altitude of any federal airway, approved off-airway route, or instrument approach procedure to the airport, provided the following conditions are also satisfied:

1. The exception is reasonably necessary due to practical difficulties related to the land in question and such practical difficulties cannot be overcome by any feasible alternative means other than an exception;

2. No use of land shall be permitted that would not be compatible with airport operations;

3. Such exception shall be subject to any reasonable conditions that the Board may deem neces-

sary to effectuate the purposes of this article and of Chapter 329 of the Iowa Code; and

4. Such exception shall be subject to the reservation of the right of the city to order the owner of such structure to install, operate, and maintain thereon such FAA approved markers and lights as may be necessary to indicate to operators of aircraft the existence of an obstruction.

b. *Without express FAA approval.* The Board may grant exceptions to the requirements of this article if the following conditions are satisfied:

1. A copy of the application has been submitted to the aviation director and the aviation director has been given an opportunity to comment regarding the aeronautical effects of such an exception. If the aviation director fails to respond to the board within 45 days from receipt of the copy of the application, the board may proceed with consideration of the application without a response from the director.

2. The exception is reasonably necessary due to practical difficulties related to the land in question and such practical difficulties cannot be overcome by any feasible alternative means other than an exception.

3. No exception shall be granted which would result in a hazard to any aircraft in flight or to persons or property on the ground, or would result in the raising of the minimum instrument flight altitude of any federal airway, or would otherwise be contrary to the public interest.

4. A exception may be granted only if the granting of the exception will do substantial justice and be in accordance with the spirit of this article and Chapter 329 of the Iowa Code.

5. Such exception shall be subject to any reasonable conditions that the board may deem necessary to effectuate the purposes of this article and of Chapter 329 of the Iowa Code.

6. Such exception shall be subject to the reservation of the right of the city to order the owner of such structure to install, operate, and maintain thereon such FAA approved markers and lights as may be necessary to indicate to operators of aircraft the existence of an obstruction.

(b) Any person aggrieved or adversely affected by any decision of the board of adjustment may appeal such decision pursuant to the provisions of the Iowa Code.
(O.15,144)

Sec. 22-12. Enforcement.

(a) Except as herein provided, it shall be unlawful for any person to construct or alter any structure, use any land, or grow any tree in violation of the provisions of this article.

(b) Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(c) The city may, pursuant to Section 329.5 of the Iowa Code, maintain an action in equity to restrain and abate as a nuisance the creation, establishment or maintenance of a non-compatible use, obstruction, or hazard, in violation of any provision established by this article.
(O.15,144, 15,608)

Sec. 22-13. Severability.

If any section, provision, or part of this article shall be adjudged to be invalid, such adjudication shall not affect the validity of this article as a whole, nor any section, provision or part thereof not adjudged invalid.
(O.15,144)

Secs. 22-14—22-49. Reserved.

ARTICLE II. DES MOINES AIRPORT AUTHORITY

Sec. 22-50. Creation.

Pursuant to the provisions of the Iowa Aviation Authority Act, Iowa Code chapter 330A, there is created the "Des Moines Airport Authority" which is granted all the rights and powers authorized by that statute. The authority shall perform its duties in accordance with all applicable federal, state and local laws and Federal Aviation Administration grant assurances.
(O.15,144)

Sec. 22-51. Transfer of aviation facilities.

The city shall transfer to the authority all aviation facilities, as that term is defined in Iowa Code section 330A.2 (2009) and all other airport assets held by or in the name of the city. The city shall transfer airport land to the authority by long term lease.
(O.15,144)

Sec. 22-52. Land acquisition and disposition.

When acquiring land or interests in land in the exercise of its powers granted by chapter 330A, the authority has the right to acquire the land or interests in land in the name of the city. The authority may, with the consent of the council, permanently dispose of airport land no longer needed for airport purposes and apply the proceeds consistent with federal requirements for the use of airport revenue.
(O.15,144)

Sec. 22-53. Board.

(a) *Appointment and term.* The authority is governed by a five member board made up of residents of the city. The mayor shall nominate members of the board for appointment by the council. Appointments will be for terms of four years; except that, of the initial board, two members chosen by lot will be appointed for two year terms. Board members serve at the pleasure of the council and may be reappointed without limit. Board members should have expertise in aviation, business, accounting, finance, marketing, engineering, law, real estate development, management or other fields of value to the operation of the airport. The city manager, or his or her designee, is an ex officio, nonvoting member of the board.

(b) *Expiration of term and notices.* The terms of board members conclude on June 30 of the year in which their terms expire and the council shall appoint or reappoint board members at or before its last meeting immediately prior to June 30. On or before March 1 of each year, the board secretary shall submit to the city clerk, the mayor and the members of the council a list of board members whose terms will expire on June 30 of that year. When a vacancy occurs other than by expiration of a term, the board secretary shall provide notice of the vacancy to the city clerk, mayor and council members as soon as the board secretary is made aware of the vacancy.

(c) *Nominations list.*

(1) To complete the appointments to the initial board, each council member, including the mayor, may submit to the city clerk the names of two persons to be placed on a list of proposed nominations for the board. The mayor shall nominate board members from the proposed nominations list. However, if there are not a sufficient number of names on the list to fill the initial board, the mayor may nominate persons not on the list.

(2) When the council receives notice from the board secretary that one or more vacancies by expiration of term are imminent, or that a vacancy has otherwise arisen, each council member, including

the mayor, may submit to the city clerk the name of one person to be placed on a list of proposed nominations for the board. The mayor shall nominate board members from the proposed nominations list. However, if there are not a sufficient number of names on the list to fill the current vacancies, the mayor may nominate persons not on the list. Submissions to the proposed nominations list must be received by the city clerk on or before April 15 to fill vacancies by expiration of a term and within 20 days after the notice of vacancy for other vacancies.

(d) *Vacancies by expiration of term.* If the mayor fails to present the council a nomination to fill an expiring term at least four weeks prior to its expiration, members of the council may, at or before the meeting immediately prior to June 30, present nominations from the nomination list for the council's consideration and the council may appoint a member from the nominations.

(e) *Other vacancies.* When a vacancy occurs other than by expiration of a member's term, the vacant position must be filled within 45 days of the vacancy and the mayor shall within 30 calendar days of the notice of vacancy nominate a replacement to serve out the remaining term of the member whose departure caused the vacancy. If the mayor fails to put forward a timely nomination to fill the vacancy, members of the council may present nominations from the nomination list for the council's consideration at the next council meeting and the council may appoint a member from the nominations.
(O.15,144)

Sec. 22-54. Meeting and minutes.

The board shall hold at least one public meeting each month, at such time as the board may establish in its bylaws. The board secretary shall keep minutes of each meeting and keep the minutes and all resolutions open to public inspection. The board secretary shall provide copies of the minutes to the city council. The board shall conduct all meetings in compliance with all applicable state and federal laws, including Iowa Code chapter 21 pertaining to open meetings.
(O.15,144)

Sec. 22-55. Legal effect of regulations adopted.

Regulations adopted by the board have the effect of law. In addition to any remedy provided by a regulation, any person who fails to perform an act required by such regulation or who commits an act prohibited by such regulation shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(O.15,144, 15,608)

Sec. 22-56. City ordinances.

Ordinances adopted by the council are enforceable as provided in this Code to the extent applicable on airport property.
(O.15,144)

Sec. 22-57. Compliance with peace officers.

No person shall knowingly resist or obstruct a peace officer in the performance of any official duty on the airport which is in the scope of the officer's authority.
(O.15,144)

Sec. 22-58. Reserved.

Editor's note—Ord. No. 15,608, § 1, adopted Sept. 11, 2017, repealed § 22-58, which pertained to penalty and derived from Ord. No. 15,144.

Sec. 22-59. Hunting on airport property.

No person shall pursue, hunt, kill, snare, net, search for, shoot at, stalk, or lie in wait for any game, animal, or bird with an air gun, BB gun, firearm, bow and arrow, or any other thrown or propelled device on authority controlled property unless written permission to do so has been granted by the authority director for the purpose of wildlife hazard control and in accordance with federal, state and local rules and regulations.
(O.15,144)

Sec. 22-60. Reports.

The authority shall within 120 days after the end of each fiscal year prepare and deliver to the

city council an annual report addressing its capital improvement program, its financial status and a statistical summary of its operations and activity.
(O.15,144)

Sec. 22-61. Dissolution.

The council reserves the right to dissolve the authority by repealing or amending this chapter of the City Code in compliance with Iowa Code chapter 330A. Upon dissolution, all rights and property of the authority will become the rights and property of the city and the city shall assume all debts and obligations of every nature of the authority.
(O.15,144)

Sec. 22-62. Effective date.

The authority board will assume its duties upon the approval by both the city and the authority of a document transferring control of the Des Moines International Airport to the authority.
(O.15,144)

Sec. 26-906. Sharing of data.
Sec. 26-907. Annual report and analysis.
Sec. 26-908. Notice of violations—Administrative penalties.
Sec. 26-909. Civil penalties.

ARTICLE I. IN GENERAL

Sec. 26-1. Title.

This chapter shall consist of the building code, energy code, electrical code, mechanical code and fuel gas code, plumbing code, and steam power equipment code, all of which shall be referred to collectively as the "building codes" or "this chapter." This chapter shall also regulate sign and billboard structures and energy and water use benchmarking for certain properties in the city. A person who performs or is in the business of performing the work or activities regulated by this chapter may be referred to as a "contractor."
(O.15,545, 15,779)

Sec. 26-2. Purpose.

The purpose of this chapter is to provide for the protection and improvement of the public health, safety and welfare by: creation of a permit and development division, a building and fire code board of appeals; adoption of building codes; enforcement of penalties for the violation of the building codes; repeal of conflicting ordinances; and assessment of energy and water use of properties.
(O.15,545, 15,779, 16,412)

Sec. 26-3. Interpretation.

Article I consists of general provisions applicable to all articles. Articles II through IX contain specific provisions pertaining to particular trades and activities. In the event of a conflict with article I, the specific provisions of articles II through IX shall control.
(O.15,545, 15,779)

Secs. 26-4—26-99. Reserved.

DIVISION 1. PERMIT AND DEVELOPMENT DIVISION

Sec. 26-100. Permit and development division established; officials appointed.

There is established in the city within the development services department the permit and development division which shall be under the direction and supervision of the building official. The building official shall be appointed by and be responsible to the director of the development services department.
(O.15,545, 16,317)

Sec. 26-101. Powers and duties of building official.

(a) *Generally.* Any reference in this article to the building official shall include the building official's designees and inspection staff. The general powers and duties of the building official shall be as follows:

(1) Enforce all the provisions of this chapter exclusive of article IX.

(2) Be accountable for the issuance of permits and inspections of work.

(3) Serve as city staff and advisor to the building and fire code board of appeals

(4) Render interpretations of the building codes and adopt and enforce rules and regulations supplemental to such codes as the building official may deem necessary in order to clarify the application of the provisions of such codes. Such interpretations, rules and regulations shall be in conformity with the intent and purpose of the applicable code.

(5) Determine value or valuation under any of the provisions of the building codes.

(6) Appoint staff members and delegate duties to those staff members.

(b) *Reports and records.* The building official shall:

(1) Provide the director of development services and the city manager, not less than once per year a summary of the building official's recommendations as to desirable amendments to the building codes.

(2) Keep a permanent, accurate account of all fees and other monies collected and received under the codes assigned to the building official for enforcement, the names of the persons upon whose account

the fees were paid, the date and amount thereof, together with the location of the building or premises to which they relate.

(3) Keep a record of the issuance of permits, inspections made, and other official work performed in accordance with this chapter.

(4) Keep records of building and fire code board of appeals meetings, hearings, rulings, and other matters performed in accordance with this chapter.

(c) *Specific powers.*

(1) Whenever any condition exists that is in violation of the codes or creates a danger to health and safety, the building official may until further notice:

a. Order any work stopped.

b. Order changes to any work to correct an unsafe or illegal condition.

c. Order discontinuation of any utilities supplying the premises.

d. Order vacation of any premises.

The building official shall give notice of such action to individuals in control of the premises, and may prescribe a period of time to comply with such notice based on the urgency of the situation.

(2) Whenever necessary to make an inspection to enforce any of the provisions of the building codes or whenever the building official has reasonable cause to believe that there exists in any building or upon any premises any condition or code violation which makes such building or premises unsafe, dangerous or hazardous, the building official may enter such building or premises at all reasonable times to inspect the building or premises or to perform any duty imposed upon the building official by the building code. However, if such building or premises is occupied, the building official shall first present proper credentials and request entry. If such entry is refused, the building official shall have recourse to every remedy provided by law to secure entry. When the building official shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as provided in this subsection, to promptly permit entry therein by the building official for the purpose of inspection and examination pursuant to the such codes.

(3) The building official shall have the authority to remove or cause the removal of covering, finishes, or other obstruction which may prevent the proper inspection of work or equipment.

(d) *Emergencies and public nuisances.* Whenever the building official determines that a public nuisance exists which constitutes an emergency requiring immediate abatement, the city may perform any emergency action necessary to abate the nuisance without prior notice or hearing.

(e) *Cooperation of other officials and officers.* The building official may request and shall receive so far as is required, in the discharge of the building official's duties, the assistance and cooperation of other officials of this jurisdiction.

(f) *Conflict of Interest.* Neither the building official nor any of the inspectors shall engage in any work for hire regulated by that individual, either directly or indirectly, nor shall the official or any of the inspectors have any financial interest in any firm engaged in such trade or business in the city at any time while employed by the city.

(g) *Liability.*

(1) Neither the city nor any employee is liable for damages to a person or property as a result of any act or failure to act in the enforcement of the building codes, unless the act of enforcement constitutes false arrest.

(2) The building codes shall not be construed to relieve from or lessen the responsibility of any person owning, operating or controlling any equipment or structure

regulated by such codes for damage to a person or property caused by its defects, nor shall the city or any city employee be held as assuming any such liability because of the inspections authorized by such codes or any approvals issued under such codes.

(O.15,545, 15,779, 16,412)

Secs. 26-102—26-119. Reserved.

DIVISION 2. BUILDING AND FIRE CODE BOARD OF APPEALS

Sec. 26-120. Building and fire code board of appeals created; authority.

There is created a building and fire code board of appeals with authority to:

(1) Review the building, energy, electrical, mechanical and fuel gas, plumbing, and fire codes periodically and make recommendations thereto to the city council.

(2) Act as a board of appeals to hear grievances arising from a decision of the building official or fire chief and to provide for reasonable interpretations consistent with the provisions of the building, energy, electrical, mechanical and fuel gas, plumbing and fire codes. Any person may upon written request appeal a previous decision of the building official or fire chief in the enforcement of such codes to the board for consideration.

(3) Determine the suitability of alternate materials and types of construction to those otherwise allowed by the building codes and to provide reasonable interpretations of the provisions of such article.

(O.15,545, 16,412)

Sec. 26-121. Terms; composition.

(a) The building and fire code board of appeals shall consist of 17 members. Fifteen of the members shall be appointed for terms of three years, provided however that the terms of five of the initial appointed members shall be for one year, and the terms of five of the initial appointed members shall be for two years. All appointed terms shall expire on April 1st.

(b) The appointed members of the building and fire code board of appeals shall consist of the following persons having a minimum of five years of experience in the required field:

(1) One Iowa licensed architect.

(2) One Iowa licensed professional engineer (structural or construction).

(3) One Iowa licensed professional engineer (mechanical).

(4) One Iowa licensed professional engineer (electrical).

(5) One general contractor experienced in residential construction.

(6) One general contractor experienced in commercial construction.

(7) One electrician who holds a master electrician license issued by the State of Iowa and is in responsible charge of the electrical installation operation of a licensed electrical contracting firm.

(8) One electrician who holds either a master electrician license or a journeyperson electrician license issued by the State of Iowa.

(9) One plumber who holds an active master plumber certificate of competency or license issued by the State of Iowa and is in responsible charge of the plumbing installation operation of a licensed plumbing contracting firm.

(10) One plumber who holds an active master or journeyperson plumber license issued by the State of Iowa.

(11) One mechanical person who holds a master's mechanical license issued by the State of Iowa and is in responsible charge of the mechanical installation operation of a licensed mechanical contracting firm.

(12) One mechanical person who holds an active master or journeyperson mechanical license issued by the State of Iowa.

(13) One licensed attorney.

(14) One person shall be a qualified engineer, architect, technologist, technician or safety professional trained in fire protection engineering, fire science or fire technology, including but not limited to fire protection contractors and certified technicians engaged in fire protection system design.

(15) One person with experience in historic preservation.

(c) Quorum shall be a majority of the appointed members at the time of the meeting, but quorum shall not be less than five members.

(d) The building official and fire marshal shall serve as ex officio members of the board.

(e) Any member of the board may be removed by the city council for malfeasance in office, incapacity, or neglect of duty.

(f) If the city council determines that no other qualified individual is available for appointment to a particular position on the board the, city council may waive the term limits imposed by section 2-1059 and reappoint an individual to a third or subsequent consecutive term in that position.
(O.15,545, 15,927, 16,317)

Sec. 26-122. Hearings.

(a) Any person affected by a decision of the building official, fire chief or their designees, may request and shall be granted a hearing before the building and fire code board of appeals on the decision, provided that the person shall file in the permit and development center a written petition requesting a hearing and setting forth a brief statement of the grounds within 15 days after receiving notice of the decision. Upon receipt of the petition, the permit and development center shall set a time and place for the hearing and shall give the petitioner written notice thereof at least three days before the hearing, unless such notice requirement is waived in writing by the petitioner. The hearing shall be commenced not later than 30 days after the day on which the petition was filed, unless for good cause shown the building official grants a postponement in writing.

(b) At the hearing the petitioner shall be given an opportunity to be heard to show why the decision of the building official, fire chief or their designees should be modified or withdrawn. The building official or fire chief shall have the opportunity to be heard to show why their decision should be affirmed.
(O.15,545)

Sec. 26-123. Decisions.

(a) After the hearing as provided in section 26-122, the building and fire code board of appeals shall affirm, modify or withdraw the decision of the building official, fire chief or their designees. The decision of the board is the final administrative decision.

(b) The proceedings at any hearing before the board, including the findings and decision of the building official or fire chief, if applicable, shall be summarized, reduced to writing, and entered as a matter of public record in the permit and development center. This record shall include a copy of every notice or order issued in connection with the matter.
(O.15,545)

Sec. 26-124. Meetings; rules of procedure.

(a) The building and fire code board of appeals shall hold regular meetings as necessary to hear appeals or conduct other business. Special meetings may be called at any time by the chair of the board, the building official, the fire chief or upon the written request of two members of the board to the chair and the building official or fire chief.

(b) The building and fire code board of appeals shall adopt reasonable rules and regulations for conducting its meetings.

(c) The city council shall provide suitable rooms in which the board shall hold its meetings and shall provide for the necessary expenses incurred by the board.
(O.15,545)

Sec. 26-125. Legal counsel.

The building and fire code board of appeals shall have the right to legal counsel from the city attorney.
(O.15,545)

Secs. 26-126—26-134. Reserved.

DIVISION 3. PERMITS AND FEES

Part 1. General

Sec. 26-135. Permits required.

No person shall perform any work for which a permit is required under this chapter without first securing a permit from the building official. A property owner who allows, or has knowledge of work being performed without a permit as required by this chapter shall be responsible for ensuring permits are obtained, inspected, and approved. A separate permit shall be obtained for each building, individual address and each trade discipline unless otherwise indicated.
(O.15,545, 15,597)

Sec. 26-136. Issuance of permits.

(a) The building official shall issue electrical, mechanical and plumbing permits in the name of the contractor and the contractor's business, if any. If a contractor becomes associated with a new firm or corporation, immediate notice must be given by filing the name of such firm or corporation with the office of the building official.

(b) In cases in which an owner-occupant of a single-family dwelling desires to conduct work on electrical, mechanical, or plumbing systems in the owner-occupant's single-family dwelling, the building official may require the owner-occupant to demonstrate that he or she is competent to do the specific work before issuing the permit. For purposes of this section a single family dwelling unit shall mean a detached residence designed for or occupied by one family only which is the primary residence of the owner-occupant with record of homestead and qualifies for the homestead tax exemption. No refrigeration work requiring the recovery or charging of such systems shall be conducted by those individuals not having the required certification in accordance with CFC federal regulations.

(c) A person seeking a permit to construct a swimming pool, spa, or water recreational facility, or any addition, remodeling or other alteration thereto shall make application to the office of the building official for such permit. The plans and specifications and plot plan, as well as other pertinent explanatory data, shall be submitted with each application.

(d) A person seeking to erect, alter, relocate or maintain any sign or sign structure, as defined in section 26-800, shall make application to the zoning enforcement officer for a permit to conduct such work.

(e) No permit shall be issued to any person who has fees outstanding as required by this article or any other laws or city ordinances.
(O.15,545, 15,861)

Sec. 26-137. Permit transferability; permit restrictions.

(a) Electrical, mechanical, and plumbing permits issued pursuant to this chapter are not transferable. Either the person or contractor securing the permit or another qualified employee from the same firm or business as the contractor shall perform the work.

(b) A contractor shall secure permits only for themselves and their firm or business. When a contractor has secured a permit, only the employees of that contractor or that contractor's firm or business shall perform the work for which the permit was obtained. For purposes of this section, an employee shall be one employed by the contractor for a wage or salary. A contractor may be required by the building official to show positive evidence as to the employee status of workers on the job. The evidence shall be in the form of payroll and time records, cancelled checks, or other documents. The contractor may also be required to show the agreement or contract pertaining to the work being questioned as evidence that he or she is, in fact, the actual contractor for the work. Failure or refusal by the contractor to make available such employee or

contractual records within 24 hours of demand shall be grounds for immediate revocation of any permit for the work in question.

(c) Building permits issued pursuant to this chapter may be transferred to another individual provided the original permit applicant provides written permission to allow such transfer. (O.15,545)

Sec. 26-138. Permit fees.

(a) There shall be paid to the development services department for the issuance of each permit, fees in the amounts set in the schedule of fees adopted by the city council by resolution. Permit fees shall include but not be limited to fees for plumbing permits, mechanical permits, electrical permits, building permits, certificates of occupancy, building plan reviews, engineering reviews, planning reviews, zoning reviews, demolition permits, energy reviews, handicap reviews, reinspections, signs and billboards, erosion control inspections, and fees for failure to obtain permits before starting work.

(b) The determination of value or valuation under any of the provisions of the building codes shall be made by the building official. The valuation to be used in computing the permit and plan-check fees shall be the total value of all construction work for which the permit is issued, as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and any other permanent work or permanent equipment. The building valuation shall not be less than the valuation derived from the most current Building Valuation Data published by the International Code Council (ICC).

(c) If a permit is issued for a specific amount of work and, upon inspection, it is determined that more work was performed than was authorized by the permit, the permittee shall amend the permit or obtain another permit to include all additional work and shall pay any fees pursuant to paragraph (a) for the new or amended permit.

(d) If an inspection is requested and performed and the building official determines that the work was not ready, or the inspection fails two or more times, a re-inspection fee may be charged at the discretion of the building official in the amounts set in the schedule of fees adopted by the city council by resolution.

(e) Inspections may be conducted outside of regular business hours for projects that pay an overtime inspection fee in the amount set in the schedule of fees adopted by the city council by resolution.

(f) In addition to other fees required in this section, a fee shall be paid to the building official for the review of plans and inspection of construction for compliance with the energy code. The amount of such fee is set in the Schedule of Fees adopted by the city council by resolution.

(g) *Plan-checking fees.* Plan-checking fees shall be as follows:

(1) When a plan is required to be submitted a plan-checking fee in the amount set in the schedule of fees adopted by the city council by resolution shall be paid to the building official at the time of submitting plans and specifications for checking. Exception: The plan-check fee for buildings of one and two family dwelling occupancies and accessory structures for compliance with the International Residential Code may be waived by the building official when the plans do not involve unusual or complex engineering design features.

(2) Where plans are incomplete or changed so as to require additional plan checking, an additional plan-check fee shall be charged at the rate set in the schedule of fees adopted by the city council by resolution.

(3) Additional plan checking time may be dedicated to projects that pay an overtime plan checking fee in the amount set in the schedule of fees adopted by the city council by resolution.

(4) Applications for which no permit is issued within 180 days following the date of

application shall expire by limitation, and plans submitted for checking may thereafter be returned to the applicant or destroyed by the building official. The building official may extend the time for action by the applicant for a period not exceeding 180 days upon written request by the applicant showing that circumstances beyond the control of the applicant have prevented action from being taken. In order to renew action on an application after expiration, the applicant shall resubmit plans and pay a new plan-check fee.

(h) No permit shall be issued to any person or firm that owes the city any outstanding fees or fines.

(O.15,545, 15,597, 15,861, 16,412)

Sec. 26-139. Fee for failure to obtain permit before starting work.

Except in emergency situations, as determined by the building official, if work for which a permit is required is started or continued by any person before obtaining a required permit, the regular total fees as specified in this article for such work may be doubled. The payment of such double fee shall not relieve any person from fully complying with the requirements of the building codes in the execution of the work nor from any other penalties prescribed in this chapter. However, no double fee shall be imposed upon any person who starts work without a permit if:

(1) Work is started on Saturday, Sunday, or holiday, or during any other day when the office of the building official is not normally open for business; and

(2) Such person secures the proper permit on the next working day of the development services department; and

(3) No plan review is required prior to issuance of the permit.

(O.15,545, 16,224)

Sec. 26-140. Collection of fees; refunds.

(a) All fees due the city for examinations, licenses, certificates and permits pursuant to this chapter shall be collected in the office of the building official and paid thereafter to the city treasurer.

(b) Fee refunds. Fees may be refunded as follows:

(1) The building official may authorize the refunding of any fee paid under this section which was erroneously paid or collected.

(2) The building official may authorize the refunding of not more than 80 percent of the permit fee paid when no work has been done under a permit issued in accordance with the building code.

(3) The building official may authorize the refunding of not more than 80 percent of the plan review fee paid when an application for a permit for which a plan review fee has been paid is withdrawn or cancelled before any plan reviewing is done.

A minimum administrative fee in the amount set in the schedule of fees adopted by the city council by resolution shall be charged for fee refunds. The building official shall not authorize the refunding of any fee paid except upon written application filed by the original permittee not later than 180 days after the date of fee payment.

(O.15,545)

Sec. 26-141. Exemption from fees.

(a) Persons performing work on government owned and occupied public properties for the federal, state, county or city governments may obtain permits for that work without paying the permit fees described in this section, provided that nothing in this section shall be construed to exempt payment of permit fees by persons working under the direction of the city in connection with the abatement of any public nuisance on private property, pursuant to city ordinance or state law. The exemption provided by this subsection shall not apply to any quasi-governmental or multi-governmental entity such as one created pursuant to Iowa Code Chapter 28E.

(b) *Waiver of permit fees by city council.* The city council upon receipt of timely application may by resolution waive payment of permit fees required in this chapter to persons who develop a

project within the Metro Center Urban Renewal Project Area which will receive assistance from the city, from Polk County or from the state of Iowa under Iowa Code, Chapter 15F, Vision Iowa Program.
(O.15,545, 16,317)

Sec. 26-142. Revocation, expiration and extension of permit.

(a) Any permit required by this chapter may be revoked by the building official upon the violation of any section of this article. In addition to the revocation of a permit a person shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code, or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(b) A willfully false statement in an application for a permit shall be sufficient cause for revocation.

(c) Building, electrical, mechanical and plumbing permits issued by the building official shall expire under any one of the following conditions:

(1) Failure to begin work authorized within 180 days after issuance of the permit.

(2) Suspension or abandonment of work for 180 days after commencement of the work. Time of occurrence of suspension or abandonment of work shall be computed from the date of the most recent inspection since which no progress has been made.

(3) Failure to complete work on a structure designed for residential uses or a townhouse structure that is part of a townhouse development of eight or fewer units within one year after issuance of a permit.

(4) Failure to complete work on a structure designed for commercial uses. industrial uses, or a townhouse structure that is part of a townhouse development of more than eight units within two years after issuance of a permit.

(5) Failure to complete work on a structure designed for commercial or industrial uses that is unusually complex, as determined by the building official, within three years after issuance of a permit.

(d) The building official is authorized to grant one 180-day extension of time for permits set to expire in one year and up to three 180-day extensions of time for permits set to expire in more than one year.

(e) Extensions in subsection (d) of this section may be further extended by action of the city council. An expired permit may not be reissued without a permit fee except by resolution of the city council.

(f) The building official is authorized to grant an extension to a building obstruction permit for an amount of time determined to be acceptable by the building official and city engineer in their exclusive discretion.
(O.15,545, 15,597, 15,608, 15,656, 15,861, 16,412)

Sec. 26-143. Validity of permit.

(a) The issuance or granting of a permit or approval of plans and specifications shall not be construed to be a permit for or an approval of any violation of any of the provisions of the building codes. No permit presuming to give authority to violate or cancel the provisions of the building codes shall be valid, except insofar as the work or use which it authorizes is lawful.

(b) The issuance of a permit based upon plans and specifications shall not prevent the building official from thereafter requiring the correction of errors in such plans and specifications or from preventing construction being carried on when in violation of the building codes or of any other ordinance.
(O.15,545)

Secs. 26-144—26-149. Reserved.

DIVISION 4. INSPECTIONS AND ENFORCEMENT

Sec. 26-150. Inspections.

(a) The person doing any work for which a permit is required shall notify the building official that the work is ready for inspection. The build-

ing official shall perform the required inspection and issue verification noting the date and results of the inspection.

(b) When a permit applicant is notified that inspections need to be scheduled, the applicant shall schedule such inspections within ten days of notification. If not so made, the building official may refuse to issue any other permits to the applicant or for the property until inspections are scheduled and approved.

(c) All construction trades inspectors shall have the right to enter upon any property during reasonable hours in the discharge of their official duties. They are authorized and directed to inspect any and all building and environmental support system installations within the city and order the removal, reconfiguration or other modification, for the protection of the public health, safety and welfare, of any system or component that is not in compliance with the provisions of municipal ordinances and construction codes. Such order may mandate the isolation of affected systems or disconnection of utilities.

(d) Inspections may be conducted outside of regular business hours pending staff availability. After hours inspections will be charged an overtime inspection fee in the amount set in the schedule of fees adopted by the city council by resolution.
(O.15,545, 15,861)

Sec. 26-151. Notice of and failure to remedy defects.

Any work for which a permit is required is subject to inspection at any time. The building official may revoke a permit at any time when the work is not in compliance with the building codes, or any other applicable law, ordinance, rule or regulation. The building official may take any necessary action including but not limited to disconnecting utility service affecting the defective work. The utility service shall not be reinstated until all defects or improper conditions have been removed or repaired and re-inspected to assure compliance with the provisions of the building codes.
(O.15,545)

Sec. 26-152. Correcting defective work.

When a contractor is notified that defects exist in the work, the contractor shall make corrections within 30 days after notification. If not so made, the building official may refuse to issue any other permits to the contractor or for the property until defects are corrected and the work is approved after re-inspection by the building official.
(O.15,545)

Sec. 26-153. Covering or concealing work.

No work for which a permit is required shall be concealed in any manner from access or sight until the work has been inspected and approved by the building official. When a contractor or property owner is notified that work has been concealed without building official approval, the work shall be exposed and inspections scheduled within 30 days after notification. If not so made, the building official may refuse to issue any other permits to the contractor or for the property until the work is inspected and approved by the building official.
(O.15,545, 15,597)

Sec. 26-154. Temporary work.

Temporary work means work that is installed for the convenience of a contractor or builder during construction. This work shall be the complete responsibility of the person or company that installs it and shall not require the building official's approval prior to being used, provided that the building official may require corrections in the work to eliminate any hazardous or unsafe conditions.

All such work shall be installed by a licensed contractor or the licensed contractor's employee and shall be removed before final approval of permanent work. Temporary work shall not be permitted to remain in use in excess of six months except by written permission of the building official.
(O.15,545)

Sec. 26-155. Furnishing utility service prior to approval of work.

No utility furnishing electrical, gas, or water service shall connect that service, or furnish

electricity, gas, or water to any building or premises which has not been inspected and approved by the building official. Upon written notice from the building official the utility shall immediately disconnect such building or premises from its service.
(O.15,545)

Sec. 26-156. Civil violations and penalties.

(a) No person shall engage in or cause any activity to be done in violation of any provision of the building codes or state laws regulating contractor licensing.

(b) Persons who fail to perform an act required by the provisions of this chapter or who commit an act prohibited by the provisions of this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(c) The city may obtain injunctive relief to enforce the provisions of this chapter.
(O.15,545, 15,608)

Sec. 26-157. Unsafe structures, sites or equipment.

(a) All structures, sites, or equipment which contain one or more of the following defects may be considered unsafe and unfit for occupancy:

(1) Structural instability, dilapidated, decayed, obsolete, dangerous, abandoned, not secured against entry;

(2) Insanitary, contains filth and contamination, vermin infested;

(3) Lack adequate egress, light, ventilation, maintenance, or minimum safeguards to protect or warn occupants in the event of fire;

(4) Involve illegal or improper occupancy.

(b) All unsafe structures, sites, or equipment may be declared to be public nuisances by the building official, are subject to nuisance proceedings of article VI of chapter 42, and shall be abated by repair, rehabilitation, demolition, or removal. All unsafe residential buildings and equipment are also subject to the residential public nuisance code in article III of chapter 60 of this code.
(O.15,545)

Sec. 26-158. Factory built structures.

(a) Factory-built buildings constructed and certified in accordance with the provisions of Iowa Code § 103A.9 shall be exempt from the following requirements of this code.

(1) Sections 26-150, 26-151, 26-152 and 26-153 of this article requiring personal inspection;

(2) Sections 26-450, 26-550, and 26-670 of this article requiring a contractor's license;

(3) Sections 26-451, 26-551, and 26-671 requiring a master, journeyman or apprentice license; and,

(4) Section 26-153 of this article prohibiting the concealment of work prior to inspection.

(b) The correction of violations and all on-site work shall be subject to the provisions of this chapter without benefit of the exemptions provided in this section. The term "on-site work" shall include all work not certified by such certificate of inspection.
(O.15,545)

Sec. 26-159. Failure to complete work by permit expiration date.

A person shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code for failing to complete permitted work by the permit expiration date. The city may also file a civil action in the district court seeking further relief that may include an order to complete permitted work.
(O.15,545, 15,608)

Secs. 26-160—26-199. Reserved.

ARTICLE II. ENERGY CODE

DIVISION 1. GENERALLY

Sec. 26-200. Adoption of the International Energy Conservation Code.

(a) This article shall consist of the International Energy Conservation Code ("IECC"), 2015 edition, published by the International Code Council, including both the Commercial Provisions and the Residential Provisions thereof, which are incorporated by this reference in their entirety, except as otherwise indicated in this article.

(b) This article and all provisions incorporated in this article, by reference or otherwise, shall be known as the energy code. References to section numbers in this article not preceded by "26-" will be to sections in the IECC. References to sections numbers in this article preceded with a "C" will be to the Commercial Provisions in the IECC. References in this article to sections preceded with an "R" will be to the Residential Provisions in the IECC.

(c) Nothing in this division shall be interpreted to apply a lower standard or requirement than imposed by the Residential Energy Code or the Nonresidential Energy Code of the State of Iowa Building Code. In the event the Residential Energy Code or the Nonresidential Energy Code of the State of Iowa Building Code imposes a higher standard or requirement, the applicable energy code of the State of Iowa Building Code shall be enforced in lieu of this division.
(O.15,545)

Secs. 26-201—26-209. Reserved.

DIVISION 2. DELETIONS AND AMENDMENTS

Sec. 26-210. Deletions.

The following sections are deleted from the International Energy Conservation Code, and are of no force or effect in this article:

(1) Section C109.

(2) Section R109.
(O.15,545)

Sec. 26-211. Amendments and additions.

The remaining sections in this division are and represent amendments and additions to the requirements contained in the International Energy Conservation Code, and where their requirements conflict with that code, the requirements of this division shall prevail.
(O.15,545)

Sec. 26-212. Statement of review.

A statement that a review has been accomplished and that the design is in compliance with the energy efficiency standards shall be provided. If the building volume exceeds 100,000 cubic feet of enclosed space that is heated or cooled, the review shall be signed and sealed by the responsible registered architect or licensed professional engineer. This statement shall be filed with the building official on a form approved by the building official prior to construction or before obtaining building permits. The building official may issue permits for footings and foundations prior to the submittal of the statement of review.
(O.15,545)

Sec. 26-213. Scope of IECC residential provisions.

Delete section R101.2 of the IECC and insert in lieu thereof the following new section:

R101.2 Scope. This code applies to residential buildings and the buildings' sites and associated systems and equipment, except the remodeling or renovation of one- and two-family dwelling units. The remodeling or renovation of one- and two-family dwelling units is not within the scope of the IECC or this article.
(O.15,545)

Sec. 26-214. Testing.

Delete the first three sentences of section R402.4.1.2 of the IECC and insert in lieu thereof the following new sentences:

The building or dwelling unit shall be tested and verified as having an air leakage rate not

exceeding 4 air changes per hour. Testing shall be conducted with a blower door at a pressure of 0.2 inches w.g. (50 Pascals). Testing shall be conducted by an approved third party holding one of the following certifications, or an equivalent certification approved by the building official:

(1) Building Analyst certified by Building Performance Institute, Inc.

(2) Home Energy Rating System Rater certified by Residential Energy Services Network.

(3) Duct and Envelope Tightness (DET) Verifier certified by the Illinois Association of Energy Raters.

(O.15,545)

Sec. 26-215. Sealing.

Delete section R403.3.2 of the IECC and insert in lieu thereof the following new section:

R403.3.2 Sealing (mandatory). Ducts, air handlers, and filter boxes shall be sealed. Joints and seams shall comply with either the State Mechanical Code or International Residential Code, as applicable.

EXCEPTIONS:

(1) Air-impermeable spray foam products shall be permitted to be applied without additional joint seals.

(2) Where a duct connection is made that is partially inaccessible, three screws or rivets shall be equally spaced on the exposed portion of the joint so as to prevent a hinge effect.

(3) Continuously welded and locking-type longitudinal joints and seams in ducts operating at static pressures less than 2 inches of water column (500 Pa) pressure classification shall not require additional closure systems.

(O.15,545, 15,832)

Sec. 26-216. Duct leakage (prescriptive).

Delete section R403.3.4 and insert in lieu thereof the following new section:

R403.3.4 Duct Leakage (Prescriptive). The total leakage of the ducts, where measured in accordance with Section R403.3.3 shall be as follows:

(1) Rough-in test: Total leakage shall be less than or equal to 6 cfm (170 L/min) per 100 square feet (9.29 m2) of conditioned floor area where the air handler is installed at the time of the test. If the air handler is not installed at the time of the test, total leakage shall be less than or equal to 3 cfm (85 L/min) per 100 square feet (9.29 m2) of conditioned floor area.

(2) Postconstruction test: Leakage to outdoors shall be less than or equal to 4 cfm (113.3 L/min) per 100 square feet (9.29 m2) of conditioned floor area or total leakage shall be less than or equal to 6 cfm (170 L/min) per 100 square feet (9.29 m2) of conditioned floor.

(O.15,545)

Sec. 26-217. Building cavities.

Delete section R403.3.5 of the IECC and insert in lieu thereof the following new section:

R403.3.5 Building cavities (mandatory). Building framing cavities shall not be used as supply ducts. Building framing cavities may be used as return ducts only if both of the following conditions exist:

(1) Ducts must be tested for duct leakage in accordance with section R403.3.3.

(2) Exterior wall cavities shall not be used for return ducts.

(O.15,545)

Sec. 26-218. Commissioning agent for commercial buildings.

Insert the following at the end of section C408.2. The commissioning agent shall be in no

way affiliated with the project's design, installation or sale of products, to avoid any conflict of interest. The commissioning agent shall be accredited by an industry recognized certification program that is acceptable to the authority having jurisdiction.
(O.15,545)

Secs. 26-219—26-299. Reserved.

ARTICLE III. BUILDING CODE*

DIVISION 1. GENERALLY

Sec. 26-300. Adoption of International Codes.

(a) The provisions of the International Building Code, 2024 edition, published by the International Code Council, 500 New Jersey Avenue NW, 6th Floor, Washington, D.C., 20001 are hereby adopted by reference and subject to the additions, deletions and modifications hereinafter stated as the general requirements for commercial building construction in the City of Des Moines.

(b) The provisions of the International Residential Code, 2024 edition published by the International Code Council, 500 New Jersey Avenue NW, 6th Floor, Washington, D.C., 20001, except for Part VI — Fuel Gas, Part VII — Plumbing and Part VIII — Electrical; and with the adoption of appendices BC, BD, BF, BG, BO, and CD are hereby adopted by reference and subject to the additions, deletions and modifications hereinafter stated as the general requirements for construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, removal, and demolition of detached one-and two-family dwellings and multiple single-family dwellings (townhouses) not more than three stories in height with a separate means of egress and their accessory structures in the City of Des Moines.

(c) The provisions of the International Existing Building Code, 2024 edition, published by the International Code Council, 500 New Jersey Avenue NW, 6th Floor, Washington, D.C. 20001 are hereby adopted by reference and subject to the additions, deletions, and modifications hereinafter regulating the repair, alteration, change of occupancy, addition and relocation of existing buildings, including historic buildings, in the City of Des Moines.

(d) This article and all provisions incorporated in this article, by reference or otherwise, shall be known as the building code. References to section numbers not preceded by "26-" will be to sections in the International Building Code (IBC), the International Existing Building Code (IEBC) or the International Residential Code (IRC).

(e) All references to the International Plumbing Code found within the IRC, IBC, and IEBC shall be interpreted to refer to the corresponding provision in the State Plumbing Code.

(f) All references to the International Mechanical Code found within the IRC, IBC, and IEBC shall be interpreted to refer to the corresponding provision in the State Mechanical Code.

(g) The following climatic and geographic design criteria shall be applied in the application of the International Residential Code to structures in the City of Des Moines.

1. The frost line depth identified in the following table shall be applied in the application of the International Building Code and International Existing Building Code.
2. The ground snow load of 33 pounds per square foot (psf) shall be used for structures using the International Residential Code. For structures using the International Building Code, ground snow load shall be determined by using Chapter 16 of the International Building Code.

*__Editor's note—__Ord. No. 15,861, § 1, adopted Feb. 10, 2020, repealed the former Art. III, §§ 26-300—26-373, and enacted a new Art. III as set out herein. The former Art. III pertained to similar subject matter and derived from Ord. No. 15,545; Ord. No. 15,597; Ord. No. 15,656; Ord. No. 15,833; Ord. No. 15,819.

(O.15,861, 16,317, 16,412, 16,520)

Sec. 26-301. Building permit required.

(a) Building permits are required as identified in IBC chapter 1, part 2; IRC chapter 1, part 2; and IEBC Chapter 1, part 2.

(b) A fee for each building permit shall be paid to the building official in the amount set in the schedule of fees adopted by the city council by resolution. The fee for a permit to construct only a foundation for a future building shall be 150 percent of the fee specified in the schedule of fees, with the value of the foundation for such purpose being ten percent of the total valuation of the future building and foundation.
(O.15,861)

Sec. 26-302. Building permit exemptions.

(a) A building permit shall not be required for the following:

(1) One-story detached accessory buildings used as tool or storage sheds, playhouses, pet shelters, and similar uses constructed in accordance with the International Residential Code or International Building Code provided the floor area does not exceed 120 square feet in area and complies with all applicable planning and zoning requirements.

(2) Chain link or wire fences four feet or less in height and all other fences three feet or less in height.

(3) Movable cases, counters, and partitions not over five feet nine inches in height.

(4) Playground equipment.

(5) Retaining walls, which retain no more than four feet of unbalanced fill, do not support a surcharge, and do not impound flammable liquids.

(6) Retaining walls which are part of a public improvement project regulated by the city engineer.

(7) Tanks supported directly upon grade if the capacity does not exceed 5,000 gallons and the ratio of height to diameter or width does not exceed two to one.

(8) Platforms, walks, and driveways not more than 30 inches above grade and not over any basement or story below.

(9) Painting, papering, and similar finish work.

(10) Temporary motion picture, television and theater stage sets and scenery.

(11) Window awnings supported by an exterior wall of one- and two-family dwellings and accessory structures to one- and two-family dwellings when projecting not more than 54 inches.

(12) Minor maintenance and repair work that is deemed by the building official not to affect structural strength, safety, fire resistance, or sanitation, provided that no such work shall be performed in a manner contrary to any provisions of the building code or any other laws.

(13) Installation, alteration or repair of generation, transmission, distribution or metering or other related equipment that is under the ownership and control of public service agencies by established right.

(b) Unless otherwise exempted, separate plumbing, electrical and mechanical permits will be required when appropriate for the exempted items in subsection (a) of this section.

(c) Exemption from the permit requirements of this section shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of the building code or any other laws or ordinances of this jurisdiction.
(O.15,861, 16,224)

Sec. 26-303. Demolition of buildings and structures.

(a) *Permit required; expiration.* A permit shall be required for demolition of buildings and structures in accordance with the following:

(1) No person shall commence the work of demolishing any building or structure until a permit authorizing such work has been obtained from the building official. Every demolition permit issued under the provisions of this section shall expire by limitation and become null and void if the work authorized by such permit is not commenced within 30 calendar days from the date of issuance, or if the work authorized by such permit is not completed within 90 calendar days of the date of issuance, unless, because of the extensiveness of the project, the building official deems at the time of issuance a longer period for either commencement or completion should be granted.

(2) Any permittee may request in writing an extension of time within which the demolition work may be commenced or completed. If such request contains good and satisfactory reasons showing that circumstances beyond the control of the permittee have prevented timely commencement or completion of the work, the building official may extend the applicable expiration date.

(b) *Application for permit.* Application for a permit to demolish a building or structure shall be made to the building official. The applicant shall provide the following information:

(1) The name and address of the person in responsible charge of the work.

(2) The street address and legal description of the property on which the building or structure is located.

(3) The name and address of the owner and, when appropriate, his or her legal agent in responsible charge of the property.

(4) Overall dimensions, number of stories and materials of construction of the building or structure to be demolished.

(5) A plan showing areas to be protected by fences, barricades, covered walkways, or other protective devices, and details of construction for such devices.

(6) Approval from other affected city departments or governmental agencies when deemed necessary by the building official and any special conditions or restrictions relating thereto.

(7) For demolition by explosives, the applicant shall furnish the information required in this subsection and shall furnish information regarding the person who will be conducting the demolition by explosives and shall furnish plans showing how the building or structure will be prepared for demolition, the type and amount of explosives to be used, and a detailed plan showing what safety precautions will be taken to protect persons and property.

(8) A permit for the demolition of a building or structure by the use of explosives may be issued by the city council subject to the following conditions:

a. The applicant for a permit must demonstrate to the city council the need for demolition by explosives rather than demolition by conventional means and must demonstrate that demolition by explosives can be safely conducted at the specific location requested.

b. The building official, fire chief and police chief shall review the application and submit their opinions to the city council concerning whether or not the demolition can be safely conducted, together with any recommendations they may have.

c. The applicant shall provide a certificate of liability insurance for personal injuries, death and for property damage in an amount not less than $1,000,000.00 naming the city as an additional named insured party. The certificate shall provide that the coverage shall not be cancelled or changed without ten days' prior written notice to the city. The city council may require additional insurance coverage when the hazard appears greater than normally expected and may also in such instance require the posting of a bond acceptable to the city in an amount commensurate with the severity of the hazard. The bond shall provide that the applicant shall well and satisfactorily perform the demolition. The bond shall be for the benefit of the city and any person who is injured or damaged by the failure of the applicant to satisfactorily perform the demolition.

d. The applicant shall agree to indemnify and hold harmless the city from all losses resulting from damages or injuries caused by the applicant or the applicant's employees, servants or agents arising out of the use of explosives in demolition.

e. The applicant shall pay the city in advance for reasonable expenses that will be incurred by the city in furnishing necessary security and police protection in the vicinity of the demolition site.

f. The applicant shall observe all applicable federal, state and local laws in the course of the demolition, including but not limited to the following:

1. The applicable provisions of the city fire prevention code relating to the storage, transportation and use of explosives.

2. The rules and regulations of the United States Environmental Protection Agency relating to the demolition of buildings or structures containing asbestos materials or other hazardous air pollutants.

g. The applicant shall meet all other requirements of this article relating to the demolition of structures or buildings; provided, however, that if a conflict exists between the provisions of this subsection and other sections of the city Code, the provisions of this subsection shall be deemed to be controlling.

h. The applicant need not obtain an obstruction permit as provided in section 26-304 of this article to block off portions of public property within an appropriate distance of the demolition site, provided that the obstruction is for less than a 24-hour period and provided that the obstruction is for security purposes in connection with the use of explosives. However, the applicant shall be

required to obtain an obstruction permit to use public property in the cleanup operations following the detonation of explosives.

i. The city council shall at any time have the authority to impose additional requirements and safety precautions in the interest of the public health, safety and welfare.

(9) Such other information as shall be reasonably required by the building official or development services director, including all information necessary to conduct historic review pursuant to chapter 58, article IV.

(c) *Disconnection of sewer and water.* No permit to demolish shall be issued until it has been established that existing sewer and/or water services have been properly disconnected and approved.

(d) *Bond required.*

(1) Before a permit is issued to remove a building which has been ordered removed as a public nuisance and which period of time granted by the city or by the courts for removal or other remedial action by the applicant or other party of interest has expired, the applicant may be required to post a cash bond equal to the estimated costs of the removal of the building and the disconnection of the existing utility services. If the applicant does not remove the building at the time the permit expires at a time specified by the building official, such bond shall be forfeited and used toward the costs of the city to remove it.

(2) If the building is removed by the applicant prior to the time the permit expires, such bond shall be returned to the applicant. A return of the bond does not exempt the applicant from further assessments to the real estate for costs that have occurred prior to the issuance of the permit.

(e) *General requirements.*

(1) The building official shall have the authority to impose at any time reasonable requirements and safety precautions in the interest of public health, safety, and welfare which, in his or her opinion, are commensurate with the severity of hazard, either demonstrated or anticipated, provided that such requirements may be appealed to and reviewed by the board of appeals at the request of the affected party.

(2) In addition, the following shall be met:

a. The discharging, loading, or dumping of building materials from any building shall be accomplished in such manner as to minimize the creation of dust and scattering of debris. Materials shall not be dropped by gravity to any point lying outside the building walls except through an enclosed chute, unless such materials are dust free and the height of drop is at least equal to the horizontal distance to the nearest property or barricade line. Where such horizontal distance is not available and practical necessity dictates the dropping of relatively large masses of materials, the building official may approve appropriate protective measures designed to provide protection from danger equivalent to that afforded by the otherwise required horizontal setback; provided, however, that in all cases such materials shall be handled in a manner approved by the air pollution control division of the county health department.

b. When necessary to protect the public health, safety, or welfare, every demolition project shall be barricaded, fenced, lighted, and signed with warning and/or directional signs in a manner approved by the building official. The building official may also require the presence of approved security guards or flag persons. Such barricades, fences, lights, and signs as may be deemed necessary by the building official for

protection of the public shall be maintained after completion of the demolition work until such time as the site is cleaned of all debris and all excavations, basements, and depressions in the ground are restored to grade and rendered harmless.

c. Adequate precautions shall be taken to ensure that procedures or conditions relating to the demolition work do not constitute a fire hazard. If, in the opinion of the fire chief, a fire hazard exists or is likely to exist, he or she may order the cessation of work or require that appropriate protective measures approved by him or her be taken.

d. All streets, alleys, and public ways adjacent to the demolition site shall be kept free and clear of any rubbish, refuse, and loose material resulting from the demolition work unless an obstruction permit for such space has been obtained.

e. Demolition of structures shall include removal of all shallow footing and foundation materials unless otherwise approved by the building official.

f. Upon completion of the demolition work, the site shall be left in a clean, smooth condition. Sand, clean earth, or other approved fill material may be used to fill excavations, holes, and depressions, provided that the top 12 inches shall be clean earth or its equivalent in terms of surface smoothness, free from dust, and cleanliness. If the surface is to be used for the parking of vehicles, it shall be constructed as required in chapter 134 of the city Code pertaining to zoning.

(3) No permit to demolish shall be issued until a grading permit, waiver of grading permit, or a solid waste disposal site license is obtained for any location within the city where the demolition debris is to be discarded.

(4) Demolition debris and rubbish shall be disposed of at a State of Iowa licensed solid waste facility unless otherwise approved by the building official.

(O.15,861, 16,412)

Sec. 26-304. Obstruction permit, bond, and insurance.

(a) No person shall use any portion of public property as described in Section 3308 of the International Building Code without first obtaining an obstruction permit which shall state the following:

(1) The name of the owner of the property abutting the public property to be used.

(2) The name of the person applying for the obstruction permit.

(3) An accurate description of the public property to be obstructed or occupied.

(4) The length of time such obstruction or occupancy shall exist.

(5) An agreement to comply in all respects with the provisions and requirements of the building code, this article and other city ordinances relating to the use of streets and alleys and to indemnify and save and keep harmless the city from any and all costs, expense or liability for damages or injuries to persons or property or liability of any kind whatsoever, arising from or growing out of the use and occupancy of such street or growing out of the deposit of such material or any failure to properly pile, deposit, guard, light or care for such.

(6) Such additional requirements as may be deemed necessary for the protection of the city and its inhabitants.

(b) Before an obstruction permit shall be issued, there shall be placed on file in the office of the building official proof of liability insurance and, if required, a surety bond as follows:

(1) The amount and type of liability insurance required in each instance shall be

determined by the city's finance director or the finance director's designee. The insurance requirements are hereby made a part of the permit application form. The insurance shall remain in full force and effect through the obstruction permit expiration date or such extended time as may be granted by the city.

(2) If the city engineer or the city engineer's designee determines in their sole discretion that an obstruction permit applicant's proposed use of the right-of-way poses a risk of damage to the right-of-way, the city engineer or the city engineer's designee may require such applicant to post a surety bond before the obstruction permit is issued. Such bond, if required, shall be approved by the city engineer or the city engineer's designee; shall be in the minimum amount of $5,000.00 or such other amount determined by the city engineer or the city engineer's designee to be sufficient to cover the anticipated cost of damage to the right-of-way; and shall be conditioned to ensure removal of the obstruction and restoration of the right-of-way and all public improvements thereon by or before the expiration date of such obstruction permit or such extended time as may be granted by the building official.

(c) No person shall, under any permit, occupy more area than is stated in the obstruction permit.

(d) The fee for an obstruction permit shall be as set forth in the schedule of fees adopted by the city council by resolution.

(e) This section shall not apply to street maintenance and actions by the city and its employees and contractors.
(O.15,861)

Sec. 26-305. Reserved.

Editor's note—Ord. No. 16,412, § 1, adopted Dec. 23, 2024, repealed § 26-305, which pertained to conversion to condominium or multiple housing cooperative and derived from Ord. No. 15,861; Ord. No. 16,317.

Sec. 26-306. Permanent occupancy of public property generally.

(a) No part of any structure or any appendage thereto, except signs, shall project beyond the property line of the building site, except as specified in the building code; provided, however, that a structure or appendage thereto may project beyond the property line of the building site when the applicant holds a property interest, including but not limited to air rights, within the area of the projection sufficient to establish a legal right to build therein or thereon.

(b) Structures or appendages regulated by this section shall be constructed of materials as specified in the building code.

(c) The projection of any structure or appendage shall be the distance measured horizontally from the property line to the outermost point of the projection.

(d) Nothing in the building code shall prohibit the construction and use of a structure between buildings and over or under a public way provided the structure complies with all requirements of the building code.

(e) No subsection of this section and no provision of the building code shall be construed to permit the violation of other laws or ordinances regulating the use and occupancy of the public property.
(O.15,861)

Sec. 26-307. Shelter for the homeless.

(a) As used in this section, the term "shelter for the homeless" means a building used to provide primarily short term lodging, or short term lodging and meals, and which may also provide other services, including counseling, with or without compensation, to transient individuals or to individuals who have no access to traditional or permanent housing. For purposes of this subsection, short term lodging shall include facilities offering lodging for 30 days or less.

(b) No building or portion thereof that is to be used as a shelter for the homeless shall be occupied as such unless an inspection certificate for such use has been issued by the neighborhood

inspections administrator. Such certificate shall be valid for not more than one year from the date of issuance, and no new certificate shall be issued until the premises have been reinspected for compliance with applicable building code, zoning and fire safety requirements. No fee shall be charged for the annual inspection or certificate of compliance issued under this subsection; provided, however, that this fee exemption shall not apply to permit fees, when required.

(c) Facilities which fall under federal, state or other local regulations which require annual inspections for building and health safety standards shall be exempted from this section. (O.15,861, 16,317)

Sec. 26-308. Adjustment of lot lines for building and fire code purposes.

(a) *Combination of adjoining lots.* Adjoining lots, regardless of whether they are under common ownership or control, may be treated as a single consolidated lot for the limited purposes of this chapter and chapter 46 when a declaration of covenants in a form approved by the city legal department and signed by all owners of the included lots is recorded that binds each of the included lots to the following covenants:

(1) All existing and future buildings and structures located upon the included lots and any future alterations and additions thereto shall be considered part of a single consolidated lot under common ownership for purposes of applying this chapter and chapter 46. Any construction, alteration, addition or demolition of a building on the included lots shall conform with the provisions of this chapter and chapter 46 that are applicable to the included lots and each portion thereof, as a building located on a single consolidated lot under common ownership. No new building shall be constructed or placed on the included lots and no existing building on the included lots shall be demolished, altered or expanded in a manner which would cause another existing building on the included lots to come into violation of this chapter or chapter 46 when applied to all buildings on the included lots that are considered as a single consolidated lot under common ownership. Each owner of any portion of the included lots shall maintain its portion of the included lots in good repair and in conformance with the applicable requirements of this chapter and chapter 46.

(2) If any building on the included lots is affected by casualty loss, demolition, deterioration, neglect or any other event that causes the building official to determine that some portion or portions of the buildings then existing upon the included lots are unsafe to occupy, the building official, in the proper performance of the building official's duties may issue such orders as are reasonable and necessary in accordance with the provisions of this chapter, chapter 46 and applicable law, treating all buildings on the included lots as located on a single consolidated lot under common ownership.

(3) All provisions of the declaration of covenants shall run with the land and shall be binding upon the owners, and the owners' successors and assigns, for the benefit of the city, the owners, and the owners' successors and assigns. Each owner of any portion of the included lots shall be given the benefit of the obligations under the declaration of covenants imposed upon the owners of all other portions of the included lots, and may enforce such obligations by an action for specific performance and/or damages.

(4) The declaration of covenants shall not be amended or terminated without the written approval of all owners of the included lots, and the prior written consent of the building official. The building official is authorized to consent to any such amendment or termination only if appropriate measures have been taken to the reasonable satisfaction of the building official to remedy any violations of this chapter

and chapter 46 that would otherwise exist upon such amendment or termination.

(b) *Use of artificial lot lines*. The shared lot line between adjoining lots, regardless of whether the lots are under common ownership or control, may be relocated within the area of the combined lots, for the limited purposes of this chapter and chapter 46 when an easement or declaration of covenants in a form approved by the city legal department and signed by all owners of the lots burdened by the artificial lot line is recorded that binds the owners of each of the burdened lots to the following covenants:

(1) For the purposes of these covenants, the following terms shall be defined as follows:

a. A *"burdened lot"* is any lot which contains an artificial lot line which is established across the interior of the lot for the benefit of the owners of an adjoining lot.

b. A *"benefitted lot"* is any lot which is given the benefit of the use of an artificial lot line located on an adjoining burdened lot.

c. *"Artificial lot line"* is a line, the location of which is clearly identified, which is located within the boundary of a burdened lot for the benefit of an adjoining benefited lot, and shall serve as the shared lot line between the burdened and benefitted lots for purposes of applying this chapter and chapter 46 to both lots. The location of a proposed artificial lot line must not create a violation of this chapter or chapter 46, if treated as the shared lot line between the burdened and benefitted lots.

(2) All owners of each burdened lot agree that for the limited purpose of applying this chapter and chapter 46: i) the artificial lot line shall serve as the shared lot line between the burdened lot and the benefitted lot; ii) any construction, alteration, addition or demolition of a building on the burdened lot shall conform with the provisions of this chapter and chapter 46 when using the artificial line as the shared lot line with the benefitted lot; and, any construction, alteration, addition or demolition of a building on the benefitted lot shall have the benefit of using the artificial lot line as the shared lot line with the burdened lot.

(3) All provisions of the easement or declaration of covenants shall run with the land and shall be binding upon the owners of the burdened lot, and such owners' successors and assigns, for the benefit of the city, the owners of the benefitted lot, and such owners' successors and assigns. Each owner of any portion of the benefitted lot shall be given the benefit of the obligations under the easement or declaration of covenants imposed upon the owners of the burdened lot, and may enforce such obligations by an action for specific performance.

(4) The easement or declaration of covenants shall not be amended or terminated without the written approval of all owners of the benefitted lot, and the prior written consent of the building official. The building official is authorized to consent to any such amendment or termination only if appropriate measures have been taken to the reasonable satisfaction of the building official to remedy any violations of this chapter and chapter 46 that would otherwise exist upon such amendment or termination.

(O.15,861)

Sec. 26-309. Reserved.

DIVISION 2. INTERNATIONAL RESIDENTIAL CODE

Sec. 26-310. General.

The provisions of International Residential Code (IRC), 2024 edition are hereby amended as follows:

(a) Delete section R105.2

(b) Delete section R105.5

(c) Delete section R112
(O.15,861, 16,317, 16,520)

Sec. 26-310.1. Scope.

Delete section R101.2 and insert in lieu thereof the following new section:

R101.2 Scope. The provisions of this code shall apply to the construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, removal and demolition of the following:

1. Detached one- and two-family dwellings and townhouses not more than three stories above grade plane in height with a separate means of egress and their accessory structures not more than three stories above grade plane in height.
2. Owner-occupied lodging houses with five or fewer guestrooms.
3. Detached one- and two-family dwellings and townhouses that contain business areas of up to 20 percent of the dwelling unit area.
4. Live/work units within detached one- and two-family dwellings and townhouses that comply with the requirements of Section 508.5 of the International Building Code.
5. Care facilities within detached one- and two-family dwellings and townhouses with eight or fewer persons receiving care who have the ability to respond to emergency situations and evacuate.
6. In-home child care facilities within detached one- and two-family dwellings and townhouses where in-home child care is provided to no more than eight children, and of these eight children no more than six are five years old or younger, no more than four are twenty-four months old or younger, and no more than three are eighteen months old or younger.
7. In-home child care facilities that provide custodial care for 16 or fewer persons in detached one- and two-family dwellings and townhouses that were registered with the State of Iowa Department of Human Services as child development homes and have held such registration continuously in good standing since on or before January 1, 2017.

(O.15,861, 16,317)

Sec. 26-310.2. Exterior wall fire protection.

Delete Table 302.1(1) and insert in lieu thereof the following new table: Table 302.1(1)

Table 302.1(1) Exterior Walls

Exterior Wall Element		*Minimum Fire-Resistance Rating*	*Minimum Fire Separation Distance*
Walls	Fire-resistance rated	1 hour-tested in accordance with ASTM E119 or UL263 with exposure from both sides	< 5 feet
	Not-fire resistance rated	0 hours	≥ 5 feet
Projections	Not allowed	N/A	< 2 feet
	Fire-resistance rated	1 hour on the underside[a, b]	≥ 2 feet to < 4 feet
	Not-fire resistance rated	0 hours	≥ 4 feet
Openings in walls	Not allowed	N/A	< 3 feet
	25% maximum of wall area	0 hours	3 feet
	Unlimited	0 hours	5 feet

Table 302.1(1) Exterior Walls			
Exterior Wall Element		*Minimum Fire-Resistance Rating*	*Minimum Fire Separation Distance*
Penetrations	All	Comply with Section R302.4	< 3 feet
		None required	3 feet

[a] Roof eave fire-resistance rating shall be reduced to 0 hours on the underside of the eave if fireblocking is provided from the wall top plate to the underside of the roof sheathing.

[b] Roof eave fire resistance rating shall be permitted to be reduced to 0 hours on the underside of the eave provided that gable vent openings are not installed.

(O.15,861)

Sec. 26-310.3. Bathroom ventilation.

Delete section R325.2 and insert in lieu thereof the following new section:

R325.2 Bathrooms. Bathrooms, water closet compartments and similar rooms shall be provided with natural or artificial light and be provided with a mechanical ventilation system. The minimum ventilation rates shall be 50 cubic feet per minute (24 L/s) for intermittent ventilation or 20 cubic feet per minute (10L/s) for continuous ventilation. Ventilation air from the space shall be exhausted directly to the outside.

(O.15,861, 16,520)

Sec. 26-310.4. Egress window sill height.

Section R319.2.3 is amended by adding the following exception.

Exception: A landing may be provided to meet the maximum sill height of forty-four (44) inches above the floor or landing provided. The landing shall be not less than thirty-six (36) inches wide, not less than twelve (12) inches out from the exterior wall, and not more than twenty-four (24) inches in height. The landing shall be permanently affixed to the floor below or the wall under the window it serves.

(O.15,861, 16,317, 16,520)

Sec. 26-310.5. Reserved.

Editor's note—Ord. No. 16,317, § 1, adopted Jan. 8, 2024, repealed § 26-310.5, which pertained to emergency escape windows under decks and porches and derived from Ord. No. 15,861.

Sec. 26-310.6. Stair risers.

Section R318.7.5.1 is amended by adding the following exception:

Exception:

3. The dimension of the top and bottom riser may vary up to 1 inch (25.4 mm) from the stairway riser dimension. In no case shall the riser height exceed the maximum height of 7-¾ inches.

(O.15,861, 16,520)

Sec. 26-310.7. Floor elevations at other exterior doors.

Delete the section R318.3.2 and insert in lieu thereof the following new section.

R318.3.2 Floor elevations at other exterior doors. Doors other than the required egress door shall be provided with landings or floors not more than 7-¾ inches (196 mm) below the top of the threshold.

Exception: A top landing is not required where a stairway of not more than four risers is located on the exterior side of the door, provided that the door does not swing over the stairway.

(O.15,861, 16,520)

Sec. 26-310.8. Handrail continuity.

Section R320.5 is amended by adding the following exception:

Handrails shall be permitted to be interrupted at one location in a straight stair when the rail terminates into a wall or ledge and is offset and immediately continues.

(O.15,861, 16,317, 16,520)

Sec. 26-310.9. Guards.

Delete section R321.1.1 and insert in lieu thereof the following new section.

R321.1.1 Where required. Guards shall be provided for those portions of open-sided walking surfaces, including stairs, ramps and landings, driveways, sidewalks, patios, and decks that are located more than 30 inches (762 mm) measured vertically to the floor or grade below at any point within 36 inches (914 mm) horizontally to the edge of the open side. Insect screening shall not be considered as a guard.

Exception: Portions of retaining wall where the horizontal distance between the edge of the walking surface and the face of the wall is greater than 36-inches.

(O.15,861, 16,520)

Sec. 26-310.10. Automatic fire sprinkler systems.

(a) Delete section R309.1 and insert in lieu thereof the following new section: R309.1 Townhomes automatic fire sprinkler systems. An automatic residential fire sprinkler system shall be installed in townhouses.

Exceptions:

(1) An automatic residential fire sprinkler system shall not be required where additions or alterations are made to existing townhouses that do not have an automatic residential fire sprinkler system installed.

(2) Townhouse structures that contain eight (8) or less dwelling units.

(3) Townhouse structures less than eighteen thousand (18,000) square feet floor space, exclusive of any garages.

(b) Delete section R309.2 and insert in lieu thereof the following new section:

R309.2 One- and two-family dwelling automatic fire sprinkler systems. An automatic residential fire sprinkler system shall be installed in one-and two-family dwellings that contain 8,000 square feet or more floor space, excluding attached garages and other unenclosed areas.

Exception: An automatic residential fire sprinkler system shall not be required where additions or alterations are made to existing buildings that are not already provided with an automatic residential fire sprinkler system.

(O.15,861, 16,520)

Sec. 26-310.11. Footing size.

Delete section R403.1.1 and insert in lieu thereof the following new section:

R403.1.1 Minimum Footing Size. The minimum width for all footings shall be 16 inches. The footing width shall be based on the load-bearing value of the soil in accordance with Table R401.4.1. Footing projections, P, shall be not less than 2 inches (51 mm) and shall not exceed the thickness of the footing. Footing thickness and projection for fireplaces shall be in accordance with Section R1001.2. The size of footings supporting piers and columns shall be based on the tributary load and allowable soil pressure in accordance with Table R401.4.1. Footings for wood foundations shall be in accordance with the details set forth in Section R403.2, and Figures R403.1(2) and R403.1(3). Footings for precast foundations shall be in accordance with the details set forth in Section R403.4, Table R403.4, and Figures R403.4(1) and R403.4(2). Residential conventional footings are allowed in Table 403.5 based on the following dimensions and soil bearing pressure.

Exception: Detached accessory structures are not required to have minimum 16 inch wide footings.

Table 403.5 Residential Conventional Footing Dimensions			
	Conventional Footing Dimension		Required Reinforcement[a, b] (All reinforcing bars shall [be 40,000 psi])
Soil Bearing Pressure (pounds per square foot)	Thickness (inches)	Width (inches)	
2,000 psf	8	16	2 - #4 bars
1,850 psf	9	20	2 - #4 bars
1,500 psf	10	20	2 - #5 bars
1,250 psf	11	28	3 - #5 bars
1,000 psf	12	32	3 - #5 bars

[a] The minimum yield strength of reinforcing steel shall be 40,000 psi.

[b] All reinforcement shall be installed in the middle third of the footing and in accordance with R4031.3.5.3.

[c] Residential conventional footings shown in Table 403.5 are only allowed for conventionally designed one- or two-family dwelling structures not exceeding two stories in height, intended to be constructed on undisturbed, non-expansive soils. Townhouse structures are not allowed to utilize this table.

(O.15,861)

Sec. 26-310.12. Footings for accessory structures.

Amend section R403.1.4.1 by deleting exception #1 and inserting in lieu thereof the following exception:

1. Detached accessory structures of light frame wood construction with an area of 1024 square feet or less may be provided with a floating slab; where all the following conditions are met:

   1.1 The bottom portion of the thickened slab area shall be twelve (12) by twelve (12) inches with one (1) number four (4) bar placed near the top and bottom of the edge.

   1.2 The slab floor shall be not less than four (4) inches thick with one (1) number four (4) bar placed every two (2) feet on center or in a 6 by 6 mesh.

   1.3 The slab pour shall be continuous.

(O.15,861, 16,224)

Sec. 26-310.13. Alternate design for foundation walls.

R404.1.3.2.3 Foundation Walls for Conventional Light Frame Wood Construction. Concrete and masonry foundation walls shall be permitted to be designed in accordance with the following Table 'Foundation Walls for Conventional Light Frame Construction' may be used:

Table R404.1.3.2.3 — Foundation Walls for Conventional Light Frame Construction						
Height of Foundation Wall (Net measured from top of basement slab to top of foundation wall)*		Thickness of Foundation Walls		Reinforcement Type and Placement within Foundation Wall**	Reinforcement Type and Placement within Foundation Wall** (maximum 12' span between corners and supporting cross walls.)	Type of Mortar
		Unit				
Gross	Net	Concrete	Masonry	Concrete	Masonry	Masonry
8	7'8"	7½"	8"	½"horizontal bars, placement in the middle, and near the top & bottom — ½" bars @ 6' max. vertically	0.075 square inch bar 8' o.c. vertically in fully grouted cells. If block is 12" nominal thickness, may be unreinforced.	Type M or S. Grout & Mortar shall meet provisions of Chapter 21 IBC

Table R404.1.3.2.3 — Foundation Walls for Conventional Light Frame Construction						
*Height of Foundation Wall (Net measured from top of basement slab to top of foundation wall)**		*Thickness of Foundation Walls*		*Reinforcement Type and Placement within Foundation Wall***	*Reinforcement Type and Placement within Foundation Wall** (maximum 12' span between corners and supporting cross walls.)*	*Type of Mortar*
		Unit				
Gross	*Net*	*Concrete*	*Masonry*	*Concrete*	*Masonry*	*Masonry*
9	8'8"	8"	See Chapter 18 IBC	½" bars 2' o.c. horizontally & 20" vertically o.c. (⅝" bars 2' o.c. horizontally & 30" vertically o.c.)	See Chapter 18 IBC	Same as above
10	9'8"	8"	See Chapter 18 IBC		See Chapter 18 IBC	Same as above
*Concrete floor slab to be nominal 4". If such floor slab is not provided prior to backfill, provide 1) 36" vertical #4 rebar embedded in the footing @ maximum 7' O.C. spacing -and/or- 2) full depth nominal 2" depth × 4"width keyway in footing						
**All steel reinforcement bars shall meet ASTM A6175 grade 40 minimum and be deformed. Placement of bars shall be in center of wall and meet the provisions of chapters 18, 19, and 21 of the International Building Code.						
Note: Cast in place concrete shall have a compressive strength of 3,000 lbs @ 28 days. Footings shall contain continuous reinforcement of minimum 2 - ½" diameter rebar throughout. Placement of reinforcement and concrete shall meet the requirements of Chapter 19 of the International Building Code.						
Note: Material used for backfilling shall be carefully placed granular soil of average or high permeability and shall be drained with an approved drainage system as prescribed in Section 1805.4 of the International Building Code. Where soils containing a high percentage of clay, fine silt or similar materials of low permeability or expansive soils are encountered or where backfill materials are not drained or an unusually high surcharge is to be placed adjacent to the wall, a specially designed wall shall be required.						
Note: Foundation plate or sill anchorage shall be installed in accordance with the respective codes as applicable						

(O.15,861)

Sec. 26-310.14. Reserved.

Editor's note—Ord. No. 16,317, § 1, adopted Jan. 8, 2024, repealed § 26-310.14, which pertained to appliance clearances in rooms and derived from Ord. No. 15,861.

Sec. 26-310.15. Reserved.

Editor's note—Ord. No. 16,317, § 1, adopted Jan. 8, 2024, repealed § 26-310.15, which pertained to appliances in closets, alcoves, or similar spaces and derived from Ord. No. 15,861.

Sec. 26-310.16. Townhome gas piping.

Add the following new section:

R333 Townhome Gas Piping

R333.1 General. Fuel gas piping installed downstream of the point of delivery shall not extend through any townhome unit other than the unit served by such piping.

(O.15,861, 16,317, 16,520)

Sec. 26-310.17 Whole house mechanical ventilation.

Delete section M1505.4.1 and insert in lieu thereof the following new section.

M1505.4.1 System Design. The whole-house ventilation system shall consist of one or more outside air supply and exhaust fans with the associated ducts and controls. Local exhaust and supply fans are permitted to serve as such a system. Outdoor air ducts connected to the return side of an air handler shall be considered as providing supply ventilation.

(O.15,861)

Editor's note—Ord. No. 16,520, § 1, adopted Dec. 8, 2025, repealed § 26-310.18, which pertained to duct insulation materials and derived from Ord. No. 15,861.

Sec. 26-310.19. Reserved.

Editor's note—Ord. No. 16,520, § 1, adopted Dec. 8, 2025, repealed § 26-310.19, which pertained to return air and derived from Ord. No. 15,861.

Sec. 26-310.20. Smoke alarms.

Delete section R310.6 and insert in lieu thereof the following new section.

R310.6 Power source. Smoke alarms shall receive their primary power from the building wiring where such wiring is served from a commercial source and, where primary power is interrupted, shall receive power from a

battery. Wiring shall be permanent and without a disconnecting switch other than those required for overcurrent protection.

Exceptions:

1. Smoke alarms shall be permitted to be battery operated where installed in buildings without commercial power.
2. Smoke alarms installed in accordance with Section R310.2.2 shall be permitted to be battery powered
3. Per Iowa Administrative Code 661-201.15(7)(d), A battery-powered smoke alarm listed in accordance with UL 217 edition 8 that is newly installed or replaces an existing battery-powered smoke alarm must be powered by a nonremovable, nonreplaceable battery that powers the alarm for at least ten years. The battery requirements of this section do not apply to a fire alarm, smoke detector, smoke alarm, or ancillary component that is electronically connected as a part of a centrally monitored or supervised alarm system or that uses a low power, radio frequency wireless communication signal.

(O.16,520)

Sec. 26-311. Definitions.

Care facility. A building or structure where care is provided to persons who need some level of assistance or supervision.

In-home child care. A dwelling where care is provided to children by a person other than the child's parent, guardian, or custodian for periods of less than twenty-four hours per day per child on a regular basis.
(O.15,861)

Secs. 26-312—26-324. Reserved.

DIVISION 3. INTERNATIONAL BUILDING CODE

Sec. 26-325. General.

The provisions of the International Building Code (IBC), 2024 edition, are amended with the revision of the following text as stated:

(1) Delete section 105.2.

(2) Delete section 105.5.

(3) Delete section 110.3.6.

(4) Delete section 113.

(5) Delete section 2901.1.

(6) Delete section 2902.2.

(7) Delete section 2902.6.
(O.15,861, 16,317, 16,520)

Sec. 26-325.1. Day care occupancies.

(a) Delete section 308.5.4 and insert in lieu thereof the following new section:

308.5.4 Eight or fewer persons receiving care in a dwelling unit. Eight or fewer persons receiving care in a dwelling unit. A facility such as the above within a dwelling unit and having eight or fewer persons receiving custodial care shall be classified as a group R-3 occupancy or shall comply with the International Residential Code. Automatic sprinkler systems are not required per Iowa Code § 414.32 for care facilities within a dwelling.

Exception: Day care facilities that provide custodial care for 16 or fewer persons for less than 24-hours per day in a single-family dwelling, and where registered with the State of Iowa Department of Human Services as child development homes on or before January 1, 2017, are permitted to comply with the International Residential Code.

(b) Delete section 310.4.1. and insert in lieu thereof the following new section:

310.4.1 Care facilities within a dwelling. Care facilities within a dwelling refer to 308.5.4.
(O.15,861, 16,317)

Sec. 26-325.2. High rise fire pump requirements.

Delete section 403.3.2 and insert in lieu thereof the following new section:

403.3.2 Water supply to required fire pumps. Required fire pumps shall be supplied by connections to a minimum of two water mains located in different streets. Separate supply piping shall be provided between each connection to the water main and the pumps. Each connection and the supply piping between the connection and the pumps shall be sized to supply the flow and pressure required for the pumps to operate.

Exception: Two connections to the same main shall be permitted provided the main is valved such that an interruption can be isolated so that the water supply will continue without interruption through at least one of the connections

(O.15,861)

Sec. 26-325.3. Live/work units.

(a) Delete section 508.5 and insert in lieu thereof the following new section.

508.5 General. A *live/work unit* shall comply with Sections 508.5 through 508.5.11

Exceptions:

1. Dwelling or sleeping units that include an office that is less than 10 percent of the area of the *dwelling unit* are permitted to be classified as *dwelling units* with accessory occupancies in accordance with Section 508.2
2. Detached one- and two-family dwellings and townhouses that include business areas that is less than 20 percent of the area of the dwelling unit and constructed in accordance with the International Residential Code are not required to comply with Sections 508.5 through 508.5.11.

(b) Delete 508.5.1, item #3, and insert lieu thereof the following new item #3.

3. The nonresidential area function shall be limited to floors of the *live/work unit* with exit at the 1st story or a basement walkout of the *live/work unit.*

(c) Add the following exception to 508.5.2.

The nonresidential area function shall be limited to floors of the *live/work unit* with exit at the 1st story or a basement walkout of the *live/work unit.*

(O.15,861, 16,317, 16,412)

Sec. 26-325.4. Storm shelters for educational occupancies.

Delete section 423.5 including subsections 423.5.1 and 423.5.2 and insert in lieu thereof the following new section.

423.5 Group E occupancy. In areas where the shelter design wind speed for tornadoes in 250 mph in accordance with Figure 304.2 (1) of ICC 500, all Group E occupancies with a program occupant load of 50 or more shall have a storm shelter constructed in accordance with Chapters 1 through 5 & 8 of ICC 500.

The installation of portable buildings for utilization on the campus or site for educational purposes is considered new construction and classified as Group E occupancies.

Exceptions:

1. Group E day care facilities.
2. Group E occupancies accessory to place of religious worship.
3. Buildings meeting the requirements for shelter design in ICC 500.

(O.15,861, 16,317, 16,464, 16,520)

Sec. 26-325.5. Address identification.

Delete section 502.1 and insert in lieu thereof the following new section:

502.1 Address identification. New and existing buildings shall be provided with approved address identification. The address identification shall be legible and placed in a position that is visible from the street or road fronting

the property. Address identification characters shall contrast with their background. Address numbers shall be Arabic numbers or alphabetical letters. Numbers shall not be spelled out. Numbers and letters shall be a minimum height and a minimum stroke width as dictated by Table 505.1. Where required by the fire code official, address identification shall be provided in additional approved locations to facilitate emergency response. Where access is by means of a private road and the building cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure. Address identification shall be maintained.

Table 502.1
Minimum Height and Stroke Width[a, b]

Distance from the centerline of the Public Way (ft)		*Minimum Height (in)*	*Minimum Stroke Width (in)*
Less than 100		4	½
100	199	6	¾
200	299	8	1
For each additional 100		Increase 2	Increase ½

[a] Exterior suite identification, minimum height shall be 4 inches and stroke width shall be ½-inch.

[b] Interior suite identification, minimum height shall be 2 inches and stroke width shall be ¼-inch.

(O.15,861, 16,520)

Sec. 26-325.6. Reserved.

Editor's note—Ord. No. 16,224, adopted Feb. 20, 2023, repealed § 26-325.6, which pertained to shaft enclosure materials and derived from Ord. No. 15,861.

Sec. 26-325.7. Penetrations of fire rated walls with coiling overhead fire doors.

Add the following new section:

714.4.1.3. Penetrations for the operation of rolling fire doors. One open ended ½" electrical metallic tubing (EMT) conduit shall be allowed for each rolling overhead fire door to allow the installation of fusible link hardware. The conduit shall be fire stopped where penetrating the wall in accordance with section 714, but the ends shall remain open to allow proper function of the fusible link.

(O.15,861, 16,317)

Sec. 26-325.8. Reserved.

Editor's note—Ord. No. 16,520, § 1, adopted Dec. 8, 2025, repealed § 26-325.8, which pertained to fire sprinkler riser room requirements and derived from Ord. No. 15,861.

Sec. 26-325.9. Automatic sprinkler systems.

(a) Insert the following new section:

903.1.2 Existing Buildings. For other than new construction or where current code contains retroactive provisions an automatic sprinkler system shall be provided pursuant to the provisions of the International Existing Building Code.

(b) Delete section 903.2.1.1 and insert in lieu thereof the following new section:

903.2.1.1 Group A-1. An automatic sprinkler system shall be provided throughout stories containing Group A-1 occupancies and throughout all stories from the Group A-1 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 6,000 square feet (1115 m2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. The fire area contains a multiple-theater complex.

(c) Delete section 903.2.1.2 and insert in lieu thereof the following new section:

903.2.1.2 Group A-2. An automatic sprinkler system shall be provided throughout stories containing Group A-2 occupancies and throughout all stories from the Group A-2

occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 1,500 square feet (1115 m2).
2. The fire area has an occupant load of 50 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

(d) Delete section 903.2.1.3 and insert in lieu thereof the following new section:

903.2.1.3 Group A-3. An automatic sprinkler system shall be provided throughout stories containing Group A-3 occupancies and throughout all stories from the Group A-3 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 6,000 square feet (1115 m2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

(e) Delete section 903.2.1.4 and insert in lieu thereof the following new section:

903.2.1.4 Group A-4. An automatic sprinkler system shall be provided throughout stories containing Group A-4 occupancies and throughout all stories from the Group A-4 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 6,000 square feet (1115 m2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

(f) Delete section 903.2.2 and insert in lieu thereof the following new section:

903.2.2 Group B. An automatic sprinkler system shall be provided throughout buildings containing a Group B occupancy where one of the following conditions exists:

1. A Group B fire area exceeds 12,000 square feet (557.5 m2).
2. A Group B fire area is located more than three stories above grade plane.
3. The combined area of all Group B fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (1115 m2).
4. As required by 903.2.2.1 & 903.2.2.2.

(g) Delete section 903.2.3 and insert in lieu thereof the following new section:

903.2.3 Group E. An automatic sprinkler system shall be provided throughout stories containing Group E occupancies and throughout all stories from the Group E occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 1,500 square feet (1115 m2).
2. The fire area has an occupant load of 50 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

(h) Delete section 903.2.4 and insert in lieu thereof the following new section:

903.2.4 Group F-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group F-1 occupancy where one of the following conditions exists:

1. A Group F-1 fire area exceeds 6,000 square feet (557.5 m2).

2. A Group F-1 fire area is located more than three stories above grade plane.

3. The combined area of all Group F-1 fire areas on all floors, including any mezzanines, exceeds 12,000 square feet (1115 m2).

4. A Group F-1 occupancy is used to manufacture lithium-ion or lithium metal batteries.

5. A Group F-1 occupancy is used to manufacture vehicles, energy storage systems or equipment containing lithium-ion or lithium metal batteries where the batteries are installed as part of the manufacturing process.

(i) Delete section 903.2.7 and insert in lieu thereof the following new section:

903.2.7 Group M. An automatic sprinkler system shall be provided throughout buildings containing a Group M occupancy where one of the following conditions exists:

1. A Group M fire area exceeds 6,000 square feet (557.5 m2).

2. A Group M fire area is located more than three stories above grade plane.

3. The combined area of all Group M fire areas on all floors, including any mezzanines, exceeds 12,000 square feet (2230 m2).

(j) Delete section 903.2.9 and insert in lieu thereof the following new section:

903.2.9 Group S-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group S-1 occupancy where one of the following conditions exists:

1. A Group S-1 fire area exceeds 6,000 square feet (557.5 m2).

2. A Group S-1 fire area is located more than three stories above grade plane.

3. The combined area of all Group S-1 fire areas on all floors, including any mezzanines, exceeds 12,000 square feet (1115 m2).

4. A Group S-1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 5,000 square feet (464 m2).

5. A Group S-1 fire area used for the storage of lithium-ion or lithium metal powered vehicles where the fire area exceeds 500 square feet (46.4 m2).

(k) Delete section 903.2.9.1 and insert in lieu thereof the following new section:

903.2.9.1 Repair garages. An automatic sprinkler system shall be provided throughout all buildings used as repair garages in accordance with Section 406.8 of the International Building Code, as shown:

1. Buildings, with a fire area containing a repair garage exceeding 3,500 square feet (325 m2).

2. Buildings with repair garages servicing vehicles parked in basements.

3. A Group S-1 fire area used for the repair of commercial motor vehicles where the fire area exceeds 3,500 square feet (325 m2).

4. A Group S-1 fire area used for the storage of lithium-ion or lithium metal powered vehicles where the fire area exceeds 500 square feet (46.4 m2).

(O.15,861, 16,317, 16,520)

Sec. 26-325.10. Basement sprinkler requirements.

Delete section 903.2.11.1.3 and insert in lieu thereof the following new section:

903.2.11.1.3 Basements. Where any portion of a basement is located more than 75 feet (22 860 mm) from openings required by Section

903.2.11.1, the basement shall be equipped throughout with an approved automatic sprinkler system.
(O.15,861)

Sec. 26-325.10.1. Parking garage sprinkler design.

Insert the following new section:

903.3.1.1.4 Parking garages. Sprinkler systems shall be designed in accordance with Extra Hazard (Group 1) of NFPA 13 for parking garages where located one or more stories below an A, B, E, I, M or R occupancy.
(O.16,520)

Sec. 26-325.11. NFPA 13R sprinkler systems.

Delete section 903.3.1.2 and insert in lieu thereof the following new section:

903.3.1.2 NFPA 13R sprinkler systems. Automatic sprinkler systems in Group R occupancies shall be installed throughout in accordance with NFPA 13, unless allowed to be sprinklered in accordance with NFPA 13D by the International Building Code.
(O.15,861, 16,520)

Sec. 26-325.12. Fire sprinkler alarm exterior signals.

Delete section 903.4.3 and insert in lieu thereof the following new section:

903.4.3 Alarms. An approved weather proof audible device suitable for outdoor use with 110 candela visual signal shall be connected to every automatic sprinkler system. The audible device shall be a horn style device that produces a "tri-tone" signal in accordance with NFPA 72 Such sprinkler water-flow alarm devices shall be activated by water flow equivalent to the flow of a single sprinkler of the smallest orifice size installed in the system. The alarm device(s) shall be provided on the exterior of the building in an approved location. Where a fire alarm system is installed, actuation of the automatic sprinkler system shall actuate the building fire alarm system.
(O.15,861, 16,520)

Sec. 26-325.13. Standpipe requirements for large area buildings.

Insert the following new section:

905.3.9 Building Footprint and Access. Where the most remote portion of a floor or story is more than 400 feet from a hose connection or fire department access road the fire code official is authorized to require standpipes to be provided in approved locations. Class I manual standpipes shall be allowed.
(O.15,861)

Sec. 26-325.14. Fire alarm control panels.

Insert the following new section:

907.1.4 Fire Alarm Control Panels (FACP). Each building shall have no more than one Fire Alarm Control Panel. Installation of fire alarm control panel shall not exceed six feet in height measured from the floor to the top of the control panel.

Exception: Suppression system releasing panels are not required to meet the height requirement or the limitation in the number of panels.
(O.15,861)

Sec. 26-325.15 Fire alarm system monitoring.

Delete section 907.6.6 and insert in lieu thereof the following new section:

907.6.6 Monitoring. Fire alarm systems required by this chapter or by the International Fire Code shall be monitored by a central station approved and listed under UL 827 in accordance with NFPA 72.

Exception: Monitoring is not required for automatic sprinkler and fire alarm systems in one- and two-family dwellings.
(O.15,861)

Sec. 26-325.16. Smoke and heat vents.

Delete section 910.2.1 and insert in lieu thereof the following new section:

910.2.1 Group F-1 or S-1. Smoke and heat vents installed in accordance with Section

910.3 or a mechanical smoke removal system installed in accordance with Section 910.4 shall be installed in buildings and portions thereof used as a Group F-1 or S-1 occupancy having more than 30,000 square feet (2787 m^2) of undivided area. In occupied portions of a building equipped throughout with an automatic sprinkler system in accordance with 903.3.1.1, where the upper surface of the story is not a roof assembly, a mechanical smoke removal system in accordance with Section 910.4 shall be installed.

Exception: Group S-1 aircraft repair hangers. (O.15,861)

Sec. 26-325.17. Fire command center.

Delete section 911.1 and insert in lieu thereof the following new section:

911.1 General. Where required by other sections of this code, Table 911.1, and in all buildings classified as high-rise buildings by the International Building Code, a fire command center for fire department operations shall be provided and shall comply with Sections 911.1.1 through 911.1.7.

Table 911.1 Fire Command Center Thresholds	
Occupancy	*Threshold Requiring a Fire Command Center*
Group A	5,000 occupants
Group E	100,000 gross square feet
Group I	50,000 gross square feet
Group R1	Greater than 200 dwelling units or sleeping units
Any occupancy	200,000 gross square feet

Modify Code Section: IBC 911.3 (Correlate IFC 508.1.3) — Replace with the following language:

911.1.3 Size. The fire command center shall not be less than 0.015 percent of the total building area of the facility served or 200 square feet (19m^2) in area, whichever is greater, with a minimum dimension of 0.7 times the square root of the room area or 10 feet (3048 mm), whichever is greater. Where a fire command center is required by table 508.1, the fire command center shall have a minimum size of 96 square feet (9 m^2) with a minimum of 8 feet (2348 mm) where approved by the fire code official.

Exception:

1. Where a fire command center is required by Table 508.1, the fire command center shall have a minimum size of 96 square feet (9 m^2) with a minimum dimension of 8 feet (2348 mm) only where approved by the fire code official.
2. Where a fire command center is required by Table 508.1 and the building is less than 500,000 gross square feet, the fire command center shall be permitted to be a shared space (such as a fire pump room or fire riser room) where approved by the fire code official.

(O.15,861, 16,317, 16,412, 16,520)

Sec. 26-325.18. Reserved.

Editor's note—Ord. No. 16,520, § 1, adopted Dec. 8, 2025, repealed § 26-325.18, which pertained to landing frost protection and derived from Ord. No. 15,861; Ord. No. 16,317; Ord. No. 16,412.

Sec. 26-325.19. Handrail continuity.

Insert New Section 1014.5 item #6 with the following language:

6. Handrails within a dwelling unit or serving an individual dwelling unit of groups R-2 and R-3 shall be permitted to be interrupted at one location in a straight stair when the rail terminates into a wall or ledge and is offset and immediately continues.

(O.15,861, 16,520)

Sec. 26-325.20. Reserved.

Editor's note—Ord. No. 16,317, § 1, adopted Jan. 8, 2024, repealed § 26-325.20, which pertained to walking surfaces and derived from Ord. No. 15,861.

Sec. 26-325.21. Reserved.

Editor's note—Ord. No. 16,317, § 1, adopted Jan. 8, 2024, repealed § 26-325.21, which pertained to window well drainage and derived from Ord. No. 15,861.

Sec. 26-325.22. Ventilation.

Delete section 1202.1 and insert in lieu thereof the following new section:

1202.1 General. Buildings shall be provided with mechanical ventilation in accordance with the International Mechanical Code. Where the air infiltration rate in a dwelling unit is less than 5 air changes per hour when tested with a blower door at a pressure 0.2 inch w.c. in accordance with Section R402.1.1.2 of the International Energy Conservation Code — Residential Provisions, the dwelling unit shall be ventilated by mechanical means in accordance with section 403 of the State Mechanical Code. Ambulatory care facilities and Group I-2 occupancies shall be ventilated by mechanical means in accordance with 407 of the State Mechanical Code.

(O.15,861, 16,317, 16,520)

Sec. 26-325.23. Reserved.

Editor's note—Ord. No. 16,520, § 1, adopted Dec. 8, 2025, repealed § 26-325.23, which pertained to ground snow load and derived from Ord. No. 15,861.

Secs. 26-326—26-344. Reserved.

DIVISION 4. INTERNATIONAL EXISTING BUILDING CODE

Sec. 26-345. Generally.

The provisions of International Existing Building Code (IEBC), 2024 edition are hereby amended as follows:

(1) Delete section 103.

(2) Delete section 105.2.

(3) Delete section 105.5.

(4) Delete section 109.3.5.

(5) Delete section 112.

(6) Delete section 115.

(O.15,861, 16,317, 16,520)

Sec. 26-345.1. Fire protection in existing buildings.

Any references requiring automatic fire sprinkler systems to be provided per the International Building Code shall comply with the 2024 International Building Code published by the International Code Council, 500 New Jersey Avenue NW, 6th Floor, Washington, D.C., 20001. For the purposes of this code, no local amendments to the automatic sprinkler system thresholds in the 2024 International Building Code, other than the amendments to section 903.2.11.1.3 and section 903.3.1.2, shall apply.

(O.15,861, 16,317, 16,520)

Sec. 26-345.1.1. Fire protection requirements for existing group R occupancies.

Automatic sprinklers systems shall be permitted to be designed in accordance with the 2024 International Building Code 903.3.1.2 as published for any of the following:

1. R-2 occupancies 3 stories above grade plane or less and 16 units or less.

2. R-1 and R-2 occupancies with an approved alternative design in accordance with 104.11 of the International Building Code.

3. R-3 and R-4 occupancies.

(O.16,317, 16,520)

Sec. 26-345.2. Fire protection for R-2 occupancies.

Insert the following new section:

Section 302.6 Fire Protection. Existing buildings containing R-2 occupancies shall be made to comply with the International Building Code section 903.2.8 within two (2) years of any of the following situations:

1. Fire damage to three or more dwelling units, not including smoke or water damage or other damage from fire-fighting operations.

2. Issuance of a building permit for a Level III alteration as identified in Chapter 6 of the International Existing Building Code.

(O.15,861, 16,520)

Sec. 26-345.3. Storm shelters.

Delete subsection 303.2 and insert in lieu thereof the following new section.

Section 303.2 Addition to a Group E occupancy. Where an addition is added to an existing Group E occupancy located in an area where the shelter design wind speed for tornadoes in 250 mph in accordance with Figure 304.2 (1) of ICC 500 and the occupant load of the addition is 50 or more, the addition shall have a storm shelter constructed in accordance with Chapters 1 through 5 & 8 of ICC 500.

For the purposes of this section the installation of portable buildings for utilization on the campus or site for educational purposes shall be considered as an addition.

Exceptions:

1. Group E day care facilities.
2. Group E occupancies accessory to place of religious worship.
3. Additions meeting the requirements for shelter design in ICC 500.

The aggregate area of all additions within a 10 (ten) year period shall be factored when determining the requirements of this section.

(O.15,861, 16,412, 16,520)

DIVISION 5. SWIMMING POOLS

Sec. 26-346. Adoption of swimming pool code.

The provisions of the International Swimming Pool and Spa Code, 2024 edition, published by the International Code Council, 500 New Jersey Avenue NW, 6th Floor, Washington, D.C. 20001 are hereby adopted by reference and subject to the additions, deletions, and modifications hereinafter regulating the design, construction, alteration, movement, renovation, replacement, repair and maintenance of swimming pools, spas, hot tubs, aquatic facilities and related equipment in the City of Des Moines.

Note: The Iowa Department of Public Health regulates swimming pools, spas, wading pools, water slides, wave pools, spray pads, and bathhouses connected to swimming pools owned or operated by local or state government, or commercial interests or private entities including, but not limited to, public or private school corporations, hotels, motels, camps, apartments, condominiums, health clubs, and country clubs. Please see https://idph.iowa.gov/swimmingpool-sandspas for further details.

(O.15,861, 16,317, 16,520)

Sec. 26-347. Deletions.

The following are deleted from the swimming pool code and are of no force or effect in this article:

(1) Delete section 106.

(2) Delete section 107.

(3) Delete section 108.

(4) Delete the last sentence in section 301.1.

(5) Delete section 301.1.1.

(6) Delete sections 302 through 304, and 306 through 323.

(7) Delete Chapter 4.

(8) Delete Chapter 5.

(9) Delete Chapter 6.

(10) Delete Chapter 7.

(11) Delete Chapter 8.

(12) Delete Chapter 9.

(13) Delete Chapter 10.

(O.15,861, 16,412, 16,520)

Sec. 26-348. Amendments.

(a) The remaining sections in this article are and represent amendments and additions to the requirements contained in the International Swimming Pool and Spa Code (ISPSC) and where their requirements conflict with those of the ISPSC the requirements of this article shall prevail.

(b) The following sections of this article shall be construed in the context of the enumerated chapter of the ISPSC.
(O.15,861)

Sec. 26-349. Reserved.

Sec. 26-349.1. Definitions.

Insert a new definition in Chapter 2, "Swimming pool" is defined as any structure intended for swimming or recreational bathing capable of containing water more than 24 inches deep. This includes in-ground, above-ground, and on-ground swimming pools, hot tubs, and spas.
(O.15,861, 16,317)

Sec. 26-349.2. Barrier requirements—General.

Delete section 305.1 and insert the following in lieu thereof the following new section:

305.1 General. The provisions of this section shall apply to the design of barriers for restricting entry into areas having pools and spas. Where spas or hot tubs are equipped with a lockable safety cover complying with ASTM F1346, the areas where those spas and hot tubs are located shall not be required to comply with Sections 305.2 through 305.7.
(O.16,317)

DIVISION 6. SKYWALK SYSTEM*

Sec. 26-350. Scope of division.

Notwithstanding anything contained in this chapter and chapter 46 of the Municipal Code, the provisions of this division also shall be part of the building code and fire prevention code requirements for the skywalk system and shall take precedence over anything in conflict with this division.
(O.15,861)

Sec. 26-351. Definitions.

The definitions for the terms "skywalk system," "skywalk corridor," and "skywalk bridge" as used in this division shall be the same as in article IV of chapter 102 of the City Code.
(O.15,861)

Sec. 26-352. Skywalk system exceptions.

Skywalk system. Notwithstanding the provisions of Chapter 32 of the International Building Code, the structures of a duly authorized portion of the public skywalk system may project into an alley to the extent authorized by the city council pursuant to article IV of chapter 102 of the City Code.
(O.15,861)

Sec. 26-353. Easement required for skywalk corridor prior to building permit issuance.

Where a skywalk corridor is shown on an approved site plan for a proposed development, no building permit shall be issued for that proposed development until the city council has accepted a right to an easement for such skywalk corridor.
(O.15,861)

Sec. 26-354. Exit requirements from skywalk system.

(a) There must be two means of egress, as described in this section, from any point in the skywalk system during the hours that the portion of such skywalk system including such point is open in accordance with article IV of chapter 102 of the Municipal Code.

(b) In addition to those exits defined in chapter 10 of the International Building Code, any fire door assemblies in a skywalk bridge may constitute an exit from the skywalk system within the meaning of such chapter 10, provided that there is a continuous and unobstructed

*__Cross reference—__Skywalks, § 102-316 et seq.

means of egress from such fire doors assemblies in the direction of exit to a public way on the ground level and provided, further, that such means of egress may include passage through one or more skywalk bridges, one or more skywalk corridors, or portions of one or more buildings, and such skywalk bridges, skywalk corridors or portions of buildings need not satisfy the requirements for corridors or exit passageways contained in such chapter 10.

(c) Doors or other barriers may be locked so as to block passage through a portion of the skywalk system during the hours such portion of the skywalk system is not required to be open in accordance with article IV chapter 102 of the Municipal Code. Any such door or other barrier equipped with a locking device shall have a readily visible, durable sign on or adjacent to the door or other barrier stating "this door to remain unlocked during skywalk system hours." The sign shall be in letters not less than one inch high on a contrasting background.

(d) When a portion of the system is closed, the portion of the skywalk system that is open shall be so arranged that it is possible to go in either direction from any point in the system to an exit, except for dead ends not exceeding 20 feet in length within a building, or 50 feet in length within a sprinklered building.
(O.15,861)

Sec. 26-355. Materials of construction for skywalk bridges and corridors.

(a) The materials of construction for skywalk bridges and skywalk corridors between buildings shall be noncombustible.

(b) The materials of construction for skywalk corridors exterior to and structurally supported by any building, as defined in subsections 26-356(1) and (2), shall be as required by the most restrictive type of construction for the building.
(O.15,861)

Sec. 26-356. Protection of openings onto the skywalk system which are located within 25 feet of property line.

Notwithstanding anything to the contrary contained in the International Building Code, openings onto the skywalk system which are located within 25 feet of the property line shall be protected as follows:

(1) If two buildings are joined by a skywalk corridor constructed between such buildings:

a. The centerline of the skywalk corridor easement shall be deemed the property line, and no opening shall be permitted in any wall of such skywalk corridor which is less than seven feet from the property line;

b. Such skywalk corridor shall be protected by an approved automatic sprinkler system;

c. Any wall of the skywalk corridor which is less than seven feet from

the adjacent property line shall be of at least two-hour fire resistive construction; and

d. Any openings in the skywalk corridor walls shall be either:

1. Of approved opening protective set in metal frames in accordance with the International Building Code, provided a draft curtain of at least one-hour fire resistive construction and not less than 12 inches in height shall be provided to protect the skywalk corridor from the adjacent building area, which draft curtain shall be located above the glass and extend a minimum of 12 inches below the lowest finished ceiling of either such adjacent building area or the skywalk corridor, or, if the finished ceiling is not a fire-rated assembly, the draft curtain shall extend from the opening protective to a rated ceiling or floor assembly; or

2. Protected in the following manner:

i. The adjacent building area onto which such opening occurs is protected by an approved automatic sprinkler system;

ii. A draft curtain of at least one-hour fire resistive construction and not less than 12 inches in height and including an approved water curtain of sprinkler heads six feet on center immediately adjacent to such draft curtain and above the opening within the building area shall be provided to protect the skywalk corridor from the adjacent building area, which draft curtain shall be located above the opening and shall extend a minimum of 12 inches below the lowest finished ceiling area of either such adjacent building area or the skywalk corridor or, if such finished ceiling is not a fire-rated assembly, the draft curtain shall extend from the opening to a rated ceiling or floor assembly; and

iii. Either (i) the ceiling, walls and floor of the adjacent building area onto which such opening occurs shall be separated from the rest of such building by at least two-hour fire resistive construction and all duct penetrations in such building area shall be protected with fire dampers in accordance the International Building Code, or (ii) the entire story is protected by an approved automatic sprinkler.

(2) If a skywalk corridor is constructed exterior to and attached to any one building, but is not between two or more buildings, and such skywalk corridor extends over the adjacent property line related to such building:

a. The centerline of the skywalk corridor easement shall be deemed the property line, and no opening shall be permitted in any wall of such skywalk corridor which is less than seven feet from the property line; and

b. 1. If the adjacent building is protected or is required to be protected by an approved automatic sprinkler system, such skywalk corridor shall be

protected by an approved automatic sprinkler system; or

2. If the adjacent building does not have and is not required to be protected by an approved automatic sprinkler system, such skywalk corridor need not be provided with an approved automatic sprinkler system at the time of construction, provided that the property owners and/or lessees who are responsible for such skywalk corridor under a skywalk agreement with the city shall also agree in such skywalk agreement to provide an approved automatic sprinkler system if a second building is constructed within ten feet of such skywalk corridor; and

c. Any wall of the skywalk corridor which is less than seven feet from the adjacent property line shall be of at least two-hour fire resistive construction;

d. Any openings from such skywalk corridor into the adjacent building shall be in accordance with subsection (1)d of this section; and

e. Any windows in the wall of such skywalk corridor opposite the building to which it is adjacent either:

1. Shall be of approved opening protective set in metal frames in accordance with section 716 of the International Building Code; or

2. May be of other glass, provided that the property owners and/or lessees who are responsible for such skywalk corridor under a skywalk agreement with the city shall also agree in such skywalk agreement to:

i. Replace such glass with approved opening protective set in metal frames in accordance with the International Building Code if any building subsequently is constructed which is within ten feet, but not attached to, such skywalk corridor wall; and

ii. Pay the equivalent of the cost of providing such approved opening protective towards the cost of reconstructing all openings in such skywalk corridor wall in accordance with subsection (1)d of this section if any building subsequently is constructed which is attached to such skywalk corridor wall.

(3) Two buildings may be joined by a wall opening, provided:

a. The wall opening shall be protected by a fire assembly having at least a 1½-hour fire protection rating; or

b. The wall opening may be unprotected if the entire building on both sides of wall opening are protected by an approved automatic sprinkler system; and

c. In either case, there is a draft curtain of at least two-hour fire resistive construction and not less than 12 inches in height, which draft curtain shall be located above the opening and shall extend a minimum of 12 inches below the lowest finished ceiling on either side of the wall opening, or, if the finished ceiling is not a fire-rated assembly on either side, the draft curtain shall extend from the opening to a rated ceiling or floor assembly on such side of the opening.

(4) If two buildings are connected by a skywalk bridge:

a. If such skywalk bridge is not connected to a skywalk corridor which

is exterior to any building to which such skywalk bridge is connected, it shall be sufficient if the opening at one end of such skywalk bridge is protected by approved fire assemblies having at least a 1½-hour fire protection rating with gasketed frames, and the remaining construction where such end of the skywalk bridge penetrates the adjacent building is of at least two-hour fire rating construction; or

b. If such skywalk bridge is connected to a skywalk corridor which is exterior to any building to which such skywalk bridge is connected, all openings from such skywalk bridge into the adjacent buildings shall conform to the requirements of subsection (1) of this section.

(O.15,861)

ARTICLE IV. ELECTRICAL CODE*

DIVISION 1. GENERALLY

Sec. 26-400. Adoption of the State Electrical Code.

(a) Except as otherwise provided in this article, the State Electrical Code adopted pursuant to 661 I.A.C. 550.3 or any successor provision thereto and as amended by 661 I.A.C. 550.3 (1), (2) & (3) or any successor provision thereto is hereby adopted by the City of Des Moines pursuant to Iowa Code § 103.6 and incorporated into this article as though fully set forth herein. The remaining subsections of 661 I.A.C. Chapter 550 are also incorporated by this reference to the extent necessary to implement, interpret or enforce the adopted code.

(b) This article and all provisions incorporated in this article, by reference or otherwise, shall be known as the electrical code. References to section numbers not preceded by "26-" will be to articles in the State Electrical Code.
(O.15,545, 15,632, 15,944, 15,967, 16,464)

Sec. 26-401. Electrical permit required.

No person shall perform any electrical work nor install electrical equipment in or upon any building or property without first securing from the Permit and Development Center a permit therefore; nor shall any alteration or change be made in the wiring of any building, or in any electrical installation therein or thereon, either before or after inspection, nor shall any electric current be connected to any wires, or apparatus, without notifying the electrical inspector and securing a permit therefore. A separate permit shall be obtained for each building. A fee for each electrical permit shall be paid to the building official in the amount set in the schedule of fees adopted by the city council by resolution.
(O.15,545)

Secs. 26-402—26-404. Reserved.

DIVISION 2. DELETIONS AND AMENDMENTS

Sec. 26-405. Reserved.

Editor's note—Ord. No. 15,967, § 1, adopted Jan. 25, 2021, repealed § 26-405, which pertained to deletions and derived from Ord. No. 15,545; Ord. No. 15,632; Ord. No. 15,944.

Sec. 26-406. Amendments and additions.

(a) The remaining sections in this article are and represent amendments and additions to the requirements contained in the State Electrical Code which are more restrictive than the State Electrical Code, and where their requirements conflict with those of the State Electrical Code, the requirements of this article shall prevail.
(O.15,545, 15,967, 16,464)

*__Cross references—__City electric light and power, § 118-476 et seq.; electric franchise, app. C.

Sec. 26-407. Scope.

(a) The provisions of this article shall apply to the following:

(1) The electrical conductors and equipment installed within or on public and private buildings and other premises.

(2) The conductors that connect the installations to a supply of electricity, and other outside conductors adjacent to the premises.

(3) Mobile homes.

(b) Additions to, alterations of, and repairs to existing electrical equipment shall comply with the electrical code. Furthermore, existing electrical equipment that is temporarily exposed or made accessible because of any remodeling or repair of an existing structure, shall be made to comply with the electrical code. In any event, the building official may, when any additions, alterations, or repairs are made, order other reasonable additions or alterations in the electrical equipment of a structure or on any premises when a danger to life or property may result if such other additions or alterations were not made.

(c) Installations which were in compliance with the electrical code in existence at the time such installations were made shall be presumed to be safe and proper, which presumption can be rebutted by evidence that the installation may be dangerous to life or property.

(d) If the classification of a building has been changed due to a change in occupancy, the wiring in the entire building shall comply with all the electrical standards applicable to the new classification. If the occupancy of a building has been changed to a mixed occupancy, with the required fire separation between the mixed occupancy, each occupancy shall comply with its own particular classification and shall be wired in compliance with the electrical standards of its particular classification.

(e) No permits are required for electrical wiring of 50 volts or less. Such systems shall comply with the State Electrical Code.

(f) The provisions of sections 26-135 through 26-143 and 26-450 through 26-451, inclusive, of this article shall not apply in any respect to persons who are licensed by law to engage in the business of supplying and distributing electricity or the transmission of communication, when the person is installing, operating or maintaining electrical equipment or doing electrical work as an integral part of such business.

(g) Whenever service entrances are altered or upgraded, residential structures shall be updated throughout to the requirements consistent with the electrical code in accordance with the City of Des Moines Electrical Residential Update Requirements, as amended from time to time.
(O.15,545, 16,464)

Sec. 26-408. Applicability to moved buildings.

Residential buildings or structures moved into or within the boundaries of the city shall comply with the electrical code in accordance with the City of Des Moines Electrical Residential Update Requirements, as amended from time to time.
(O.15,545)

Sec. 26-409. Service entrance requirements.

(a) All service entrances in and upon buildings and structures within the city shall be of the class known as "rigid metal conduit (RMC), intermediate metallic conduit (IMC), or electrical metallic tubing (EMT)," except as provided in this section.

(b) Underground service entrances for all buildings except in single-family, two-family, and row dwellings shall be of moisture resistant wire installed in rigid metal conduit or approved non-metallic raceway such as schedule 40 polyvinylchloride (PVC) or its equivalent.

(c) Other provisions of this section to the contrary notwithstanding, that portion of an underground service lateral that is installed by an electrical contractor, but is owned and maintained by a business licensed by law to

engage in the business of supplying and distributing electricity, may be of a type used by such a business for such an installation.

(d) All direct burial cable used by the utility company for the purpose of distributing electrical current within the city, shall be placed and located in the ground a minimum depth of 30" below the proposed final grade. No separation shall be required between electrical conductors and communications conductors when laid in a common trench.

(e) Underground service entrance risers, to the meter, may be schedule 40 PVC, when not subject to physical damage.
(O.15,545, 15,632, 15,944, 16,464)

Sec. 26-410. Conformity with standards.

Conformity with standards established by any nationally recognized third-party testing and certification agency approved by the American National Standards Institute shall be evidence of conformity with approved standards for electrical equipment.
(O.15,545)

Sec. 26-411. Reserved.

Editor's note—Ord. No. 15,632, § 1, adopted Dec. 4, 2017, repealed § 26-411, which pertained to ground-fault circuit-interrupter protection requirements and derived from Ord. No. 15,545.

Sec. 26-412. Reserved.

Editor's note—Ord. No. 15,632, § 1, adopted Dec. 4, 2017, repealed § 26-412, which pertained to lighting load calculations and derived from Ord. No. 15,545.

Sec. 26-413. Reserved.

Editor's note—Ord. No. 15,967, § 1, adopted Jan. 25, 2021, repealed § 26-413, which pertained to ground fault circuit interrupter protection in dwelling units and derived from Ord. No. 15,944.

Secs. 26-414—26-499. Reserved.

DIVISION 3. LICENSES

Sec. 26-450. Electrical contractor's license.

(a) Except as provided in section 26-452, only those individuals or business entities holding an electrical contractor license as recognized in this section may apply for and obtain permits to conduct electrical work in the city.

(b) Any person, firm or business engaged in, or which presents itself as engaging in any electrical systems activity or business within the city, shall present for copying by the building official, all licenses issued by the electrical examining board to any of its workers or employees prior to such workers or employees engaging in such work within the city.

(c) No new electrical contractor licenses shall be issued by the city.

(d) Except as otherwise provided in this chapter, no person, firm or business shall engage in, or present itself as engaging in any electrical work or business regulated by article IV of this chapter unless it is one of the following:

(1) An electrical contractor licensed as such by the Iowa Electrical Examining Board and is, or employs, a class A master electrician licensed as such by such board.

(2) A residential electrical contractor licensed as such by the Iowa Electrical Examining Board and is, or employs, a residential master electrician licensed as such by such board.

(e) Residential electrical contractors shall be limited to residential electrical work. Residential electrical work is defined as electrical work in buildings that contain no uses other than residential dwellings, no more than four dwelling units; and work within accessory structures, which are located on the same parcel as the dwelling unit or units, are no greater than 3,000 square feet in floor area, not more than two stories in height, the use of which is not commercial in nature, and is incidental to the use of the dwelling unit or units. For the purpose of this definition, fire walls and property lines will not be considered to create separate buildings when those buildings are attached. Buildings will only be considered separate for purposes of this section when detached.
(O.15,545)

Sec. 26-451. Master, journeyman, and apprentice licenses.

Except as provided in section 26-452 or as otherwise specifically allowed by this chapter, no

person shall work in the electrical trades or perform any work regulated by article IV of this chapter without a license recognized by this chapter.

(1) Those persons working in the electrical trades who have been issued a license, exclusive of class B licenses, by the Iowa Electrical Examining Board pursuant to Iowa Code chapter 103, shall be recognized as licensed and eligible to work in the city within the scope of activities authorized by such licenses.

(2) Those persons working in the electrical trades who have been issued a class B license by the Iowa electrical examining board pursuant to Iowa Code chapter 103, shall be recognized as licensed and eligible to work in the city within the scope of activities authorized by such licenses only if they previously held a comparable electrical license issued by the city.

(3) A master electrician may not be listed as the master electrician of record for more than one electrical contractor at one time.

(O.15,545, 15,632)

Sec. 26-452. Exemptions from licensing requirements.

The provisions of sections 26-450 and 26-451 shall not apply to the following:

(1) The electrical work of a public utility company, telephone, or telegraph company, nor the persons performing electrical work for such companies, if that electrical work is an integral part of the plant used by such public utility company or telephone or telegraph company in rendering its duly authorized service to the public.

(2) A regular employee of any railroad who does electrical work only as part of that employment.

(3) The connection or disconnection of any heating, ventilation, air conditioning, or refrigeration equipment by any person who is licensed as a journeyperson or master in HVAC or refrigeration under the provisions of article V of this chapter of the City Code, provided that such connection or disconnection shall include electrical work only on electrical equipment that is part of any heating, ventilation, air conditioning, or refrigeration equipment. This work shall include the connection or disconnection of any heating, ventilation, air conditioning, or refrigeration equipment to an existing individual branch circuit.

(4) Routine maintenance performed by a city employee, county employee, or employee of any political subdivision of the state. Routine maintenance means the repair or replacement of existing electrical apparatus or equipment, including but not limited to wires, cables, switches, receptacles, outlets, fuses, circuit breakers, and fixtures, of the same size and type for which no changes in wiring are made, but does not include any new electrical installation or the expansion or extension of any circuit.

(5) The work performed on traffic signals or streetlights by an employee of a contractor qualified according to the standard specifications of the state department of transportation and acting pursuant to a contract of the city or the state that is included in a jointly approved project agreement.

(6) In cases in which an owner-occupant of an existing single family dwelling desires to conduct work on electrical systems in the owner-occupant's single family dwelling the owner-occupant may appear before the respective discipline inspector to demonstrate that he or she is competent to do the specific work to be accomplished, and after successful demonstration of competence as determined by the inspector, may obtain the permit(s) by paying the proper fee. For purposes of this section a single family dwelling unit shall mean a detached residence designed for or occupied by one family only which is the primary residence of the owner-

occupant with record of homestead and qualifies for the homestead tax exemption. Electrical service work must be completed by an electrical contractor licensed in accordance with section 26-450.

(7) Or any other provision contained within Iowa Code § 103.22.

(O.15,545, 15,632)

Secs. 26-453—26-499. Reserved.

ARTICLE V. MECHANICAL CODE*

DIVISION 1. GENERALLY

Sec. 26-500. Adoption of State Mechanical Code.

(a) Except as otherwise provided in this article, the State Mechanical Code adopted pursuant to 481 I.A.C. 426.2 or any successor provision thereto and as amended by 481 I.A.C. 426.3 or any successor provision thereto is hereby adopted by the City of Des Moines pursuant to Iowa Code § 105.4 and incorporated into this article as though fully set forth herein. The remaining subsections of 481 I.A.C. Chapter 426 are also incorporated by this reference to the extent necessary to implement, interpret, or enforce the adopted code.

(b) This article and all provisions incorporated in this article, by reference or otherwise, shall be known as the mechanical code. References to section numbers not preceded by "26-" will be to sections in the State Mechanical Code.

(O.15,545, 15,834, 16,065, 16,464)

Sec. 26-501. Mechanical permit required.

(a) Mechanical permits are required for any installation, alteration, repair, replacement, or remodel to a mechanical system regulated by the State Mechanical Code.

(b) A fee for each mechanical permit shall be paid to the building official in the amount set in the schedule of fees adopted by the city council by resolution.

(O.15,545, 15,834)

Sec. 26-502. Mechanical permit exemptions.

The following are also excluded from the mechanical permit requirements

(1) Portable heating appliances.

(2) Portable ventilation appliances and equipment.

(3) Portable cooling units.

(4) Steam, hot water or chilled water piping within any heating or cooling equipment or appliances regulated by this code.

(5) The replacement of any minor part that does not alter the approval of equipment or an appliance or make such equipment or appliance unsafe.

(6) Portable evaporative coolers.

(7) Self-contained refrigeration systems that contain 10 pounds (4.5 kg) or less of refrigerant, or that are actuated by motors of 1 horsepower (0.75 kW) or less.

(8) Portable fuel cell appliances that are not connected to a fixed piping system and are not interconnected to a power grid.

ARTICLE VI. PLUMBING CODE*

DIVISION 1. GENERALLY

Sec. 26-600. Scope.

(a) The provisions of the plumbing code shall apply to all new construction, relocated buildings, and to any alterations, repairs or reconstruction, except as otherwise provided for in the plumbing code.

(b) Additions to, identified faulty work, alterations of and repairs to any part of an existing plumbing or drainage system, if covered by the plumbing code, shall comply with the provisions of the plumbing code. Further, the building official may, when such additions, alterations or repairs are made, order further reasonable additions or alterations in a building, structure, or premises when any work or installation regulated by the plumbing code is dangerous, unsafe, insanitary, constitutes a nuisance or is a menace to life, health or property, or is otherwise in violation of the plumbing code. The order shall be issued to the property owner or his or her authorized agent. Refusal, failure or neglect to comply with any lawful order of the building official shall constitute a violation of the plumbing code.

(c) Installations which were in compliance with the city plumbing ordinances in existence at the time the installations were made shall be presumed to be safe and proper, which presumption can be rebutted by evidence that the installation is insanitary, dangerous, unsafe, constitutes a nuisance or is a menace to life, health or property, or is contrary to generally accepted standards of good practice.

(d) Excavations within the public rights-of-way or upon city land are also subject to the requirements in article IX of chapter 102.
(O.15,545)

Sec. 26-601. Adoption of State Plumbing Code.

(a) Except as otherwise provided in this article, the State Plumbing Code adopted pursuant to 481 I.A.C. 425.1 and 425.3 or any successor provision thereto and as amended by 481 I.A.C. 425.4 or any successor provision thereto is hereby adopted by the City of Des Moines pursuant to Iowa Code § 105.4 and incorporated into this article as though fully set forth herein. The remaining subsections of 481 I.A.C. Chapter 425 are also incorporated by this reference to the extent necessary to implement, interpret, or enforce the adopted code.

*__Cross references—__Sewers and sewage disposal, § 118-31 et seq.; industrial waste, § 118-316 et seq.; water, § 118-586 et seq.; sewer districts, app. G.

(b) This article and all provisions incorporated in this article, by reference or otherwise, shall be known as the plumbing code. References to section numbers not preceded by "26-" will be to sections in the State Plumbing Code.
(O.15,545, 15,835, 16,065, 16,464)

Sec. 26-602. Applicability to moved buildings.

Buildings or structures moved into the city shall comply with the provisions of the plumbing code for new buildings or structures.
(O.15,545)

Sec. 26-603. Applicability to subsurface drainage.

The provisions of section 26-650 of this article which relate to subsurface drainage shall apply to all such subsurface drainage from buildings, whether new or existing, if such drainage would, but for compliance therewith, discharge to a point upon or so adjacent to a public sidewalk or street as to permit the water so discharged to drain upon a public sidewalk or street. Failure to comply with this section shall constitute a violation of the plumbing code. It is specifically provided, however, that no offense shall be charged under this section for such discharge during periods of community emergency generated by extraordinarily high levels of precipitation.
(O.15,545)

Sec. 26-604. Applicability to county park property.

The provisions of this article shall not apply or be enforced within or upon county park property situated within the corporate boundaries of the city so long as the county shall maintain in force within the county a nationally recognized plumbing code and shall provide for the enforcement of such plumbing code within and upon such park property.
(O.15,545)

Sec. 26-605. Authority of building official.

The building official is responsible for the enforcement of the plumbing code and the rules and regulations of the state board of public health governing plumbing. When used in this article, the term "administrative authority" shall mean the building official or his or her duly authorized representative.

When it is impossible or impractical to install plumbing in strict compliance with the provisions of the plumbing code or any other applicable law, ordinance, rule or regulation, the building official may, with the approval of the state department of public health, permit minor variations which are safe and reasonable.
(O.15,545)

Sec. 26-606. Plumbing permits required.

(a) Plumbing permits are required for any installation, alteration, repair, replacement, or remodel to a plumbing system regulated by the State Plumbing Code.

(b) A fee for each plumbing permit shall be paid to the building official in the amount set in the schedule of fees adopted by the city council by resolution.

(c) Excavation permits issued by the city engineer pursuant to chapter 102 to open streets, parking or other public property for the purpose of installation or repair shall be issued only after plumbing permits for the work have been obtained in accordance with this division. Each excavation permit shall contain the plumbing permit number.
(O.15,545, 15,835)

Sec. 26-607. Plumbing permit exceptions.

No plumbing permits shall be required for the following:

(1) Any work generally known as maintenance work, such as the repairing of leaks, the removal of stoppage in sewer or waste pipes, or the repairing of faucets and closet tanks. However, nothing in this subsection shall be construed as permitting the excavation of any part of a street, parking or sidewalk without a plumbing permit.

(2) When a private sewer, other than a building or house sewer, is constructed under the jurisdiction, standard specifications

and inspection of the city engineer, or when lateral sewer stubs are constructed under the jurisdiction and standard specifications and inspection of the city engineer.

(3) When a storm sewer service, or a private storm sewer main, to city owned property i.e. parking lots, parks, cemeteries, or other city owned properties, is constructed, installed or repaired under the jurisdiction, standard specifications and inspection of the city engineer.

(O.15,545)

Sec. 26-608. Plumbing permit issuance criteria; plans and specifications.

(a) *Issuance.* Plumbing permits shall be issued only in the name of the person holding a current plumbing contractor's license issued by the city or by the State of Iowa, a copy which shall be kept on file with the building official. The application for a plumbing permit shall recite the name of the person holding the plumbing contractor's license, the personal signature of the certified or licensed master plumber or the master plumber's duly authorized agent, the street and building number of the proposed work, the owner's name and address, the occupancy or use of the premises, the specific items of work to be performed, and such other pertinent information as may be required by the building official. The contractor and any master, journeyman or apprentice plumber shall keep a copy of their license readily accessible at the premises to which the permit applies.

(b) *Plans and specifications.* Plans and specifications shall be submitted as follows:

(1) When required by the building official for the enforcement of any provisions of the plumbing code, plans and specifications for the installation of any plumbing or plumbing system shall be filed with and approved by the building official before the issuance of any permit.

(2) The building official may require such plans and specifications to be prepared and designed by an engineer licensed by the state to practice as such.

(3) One set of plans and specifications may be filed for checking, provided that not less than two sets of corrected plans and specifications are filed before the building official gives approval. After approval, one set of plans shall be retained by the building official and the other set shall be returned to the applicant, which set shall be kept on such building or work at all times during which the work authorized is in progress.

(4) When the plans and specifications do not comply with provisions of the plumbing code, the necessary changes or revisions shall be made thereto.

(5) Every plan shall be a print or other type of approved plan. The information contained on the plans shall be clearly legible and specifically indicated. Plans shall be drawn to an appropriate scale.

(6) Specifications, legibly and definitely stated, shall be included either on the plan or on separate sheets.

(7) The approval of any plans or specifications shall not be construed to sanction any violation of the plumbing code.

(8) No person shall deviate materially from any approved plans or specifications or fail, neglect, or refuse to comply therewith unless permission to do so has been obtained from the building official.

(9) The plans or specifications shall show the following data, along with such other information as may be required by the building official:

a. Layout for each floor drawn to accurate scale or dimensions of all working spaces and a legend of all symbols used.

b. Locations, size, and material of all piping and fixtures.

c. The first sheet of each set of plans and specifications shall show the address of the proposed work and the name and address of the owner or lessee of the premises.

d. Plans and specifications shall be of sufficient clarity to show that the proposed installation will conform to the provisions of the plumbing code and all applicable laws, ordinances, rules, regulations and orders.

(O.15,545, 16,317)

Sec. 26-609. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-609, which pertained to definitions and derived from Ord. No. 15,545.

Secs. 26-610—26-619. Reserved.

DIVISION 2. AMENDMENTS AND ADDITIONS*

Sec. 26-620. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-620, which pertained to deletions and derived from Ord. No. 15,545.

Sec. 26-621. Amendments and additions.

The remaining sections in this article are and represent amendments and additions to the requirements contained in the State Plumbing Code which are more restrictive than the State Plumbing Code, and where their requirements conflict with those of the State Plumbing Code, the requirements of this article shall prevail.
(O.15,545, 15,835)

Sec. 26-622. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-622, which pertained to water temperature for public lavatories and derived from Ord. No. 15,545.

*__Editor's note—__Ord. No. 15,835, § 1, adopted Nov. 18, 2019, amended the title of Art. VI, Div. 2, to read as herein set out. Formerly, said Div. 2 was entitled "Deletions and Amendments."

Sec. 26-623. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-623, which pertained to shower waste outlet and derived from Ord. No. 15,545.

Sec. 26-624. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-624, which pertained to limitation of hot water in bathtubs and whirlpool bath tubs and derived from Ord. No. 15,545.

Sec. 26-625. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-625X, which pertained to limitation of hot water in bidets and derived from Ord. No. 15,545.

Sec. 26-626. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-626, which pertained to required plumbing fixture calculations and derived from Ord. No. 15,545.

Sec. 26-627. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-627, which pertained to floor drains required and derived from Ord. No. 15,545.

Sec. 26-628. Backflow prevention with containment.

(1) For the purpose of backflow prevention with containment within the City of Des Moines, the administrative authority means the Des Moines Water Works and the building official.

(2) Administrative authority right of entry.

(a) Des Moines Water Works or the building official shall have the right to enter, with the consent of the customer or upon the basis of suitable warrant issued by a court of appropriate jurisdiction, any property to inspect for possible cross connections.

(O.16,065)

Editor's note—Prior to reenactment by Ord. No. 16,065, Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-628, which pertained to cross connection control—Containment and derived from Ord. No. 15,545.

Sec. 26-629. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-629, which pertained to materials used for water distribution and derived from Ord. No. 15,545.

Sec. 26-630. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-630, which pertained to use of copper tubing and derived from Ord. No. 15,545.

Sec. 26-631. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-631, which pertained to depth of water service and derived from Ord. No. 15,545.

Sec. 26-632. Sewer depth.

Building sewers less than 42" below grade shall be cast iron pipe or be protected with an engineered system to prevent damage from freezing and frost heave.
(O.15,545)

Sec. 26-633. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-633, which pertained to drainage, waste, storm and vent systems and derived from Ord. No. 15,545.

Sec. 26-634. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-634, which pertained to backwater valves and derived from Ord. No. 15,545.

Sec. 26-635. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-635, which pertained to size of building sewers and derived from Ord. No. 15,545.

Sec. 26-636. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-636, which pertained to appliancesand derived from Ord. No. 15,545.

Sec. 26-637. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-637, which pertained to swimming pools and derived from Ord. No. 15,545.

Sec. 26-638. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-638, which pertained to air conditioning wastes and derived from Ord. No. 15,545.

Sec. 26-639. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-639, which pertained to vent termination and derived from Ord. No. 15,545.

Sec. 26-640. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-640, which pertained to wet vent sizing and derived from Ord. No. 15,545.

Sec. 26-641. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-641, which pertained to table of horizontal distance of trap arms and derived from Ord. No. 15,545.

Sec. 26-642. Grease interceptors and FOG.

Regulation of Fat Oil and Grease (FOG) and sizing of FOG removal devices shall be in accordance with chapter 118, article III of this code for the regulation of industrial wastewater and commercial wastewater. Grease drainage lines shall be clearly identified by one of the following ways:

(1) Stenciled with "Grease Drainage". Letters size shall be 1½" for 2" piping, and 2" for 3" and larger piping. Stenciling shall be applied every 3 feet of piping and labeled at the future stubbed locations; or

(2) Prior approval of an identification system approved by the AHJ.

(O.15,545, 15,835, 16,464)

Sec. 26-643. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-643, which pertained to prohibited locations of CSST and derived from Ord. No. 15,545.

Sec. 26-644. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-644, which pertained to corrugated stainless steel tubing (CSST) and derived from Ord. No. 15,545.

Sec. 26-645. Existing sewers.

Replacement of existing building sewer and building storm sewers using trenchless methodology and materials shall be installed in accordance

with ASTM F1216. Cast-iron soil pipes and fittings shall not be repaired or replaced by using this method aboveground or belowground. Replacement using cured-in-place pipe liners shall not be used on collapsed piping or when the existing piping is compromised. Compromised piping is determined by the AHJ that would consist of significant cracks, out of alignment piping, missing pieces from piping, and or fittings. If any portion of a bituminous fiber ("Orangeburg") building sewer fails, the Orangeburg sewer shall be replaced in its entirety from the building to the public sanitary sewer with new sewer that fully complies with this Code.
(O.15,835)

Secs. 26-646—26-649. Reserved.

DIVISION 3. STORM DRAINAGE SYSTEMS

Sec. 26-650. General requirements.

Parking lot and retention pond drains. Parking lot and retention pond drains shall be installed as directed by the city engineer and in accordance with the approved site plan, a copy of which shall be available on the job site.
(O.15,545, 16,464)

Sec. 26-651. Outside leaders.

When outside leaders are of sheet metal and connected with a building storm drain or storm sewer, they shall be connected to a cast iron drain extending above the finish grade, or the sheet metal leader shall be protected against injury.
(O.15,545, 16,464)

Sec. 26-652. Traps.

Conductor traps shall be so located that an accessible cleanout may be installed on the building side of the trap.
(O.15,545, 16,464)

Sec. 26-653. Size of leaders and storm drains.

Vertical leaders, horizontal storm drains, and gutters shall be sized based on a 4-inch per hour rainfall.
(O.15,545, 16,464)

Sec. 26-654. Size of combined drains and sewers.

In computing the size of combined building drains or sewers to which storm drains serving a roof, court, or paved area are to be connected, the area drained may be converted to equivalent fixture unit loads by placing a value of 256 fixture units on the first 1,000 square feet or portion thereof of area to be drained and one additional fixture unit for each 3.9 square feet thereafter.
(O.15,545, 16,464)

Sec. 26-655. Swimming pool discharge.

In other than single family dwellings, townhomes and duplexes, pipes carrying wastewater from swimming pools, wading pools, or hot tubs, including pool drainage, backwash from filters, water from scum gutter drains or floor drains which serve walks around pools, shall be installed as an indirect waste by an air gap. Where the recirculation pump is used to discharge waste pool water to the drainage system, the pump discharge shall be installed as an indirect waste, with an air gap, to the sanitary sewer system.

Swimming pool discharge from single family dwellings, duplexes and townhomes shall be in accordance with the City of Des Moines Public Works discharge requirements.
(O.16,317)

Secs. 26-656—26-669. Reserved.

DIVISION 4. LICENSES

Sec. 26-670. Mechanical and plumbing contractor's license.

Only those individuals or business entities holding a valid mechanical or plumbing contractor license issued by the Iowa plumbing and

mechanical systems licensing board may apply for an obtain permits to conduct mechanical and plumbing work in the City of Des Moines.
(O.15,545, 15,835)

Sec. 26-671. Master, journeyman, and apprentice license required.

A person shall not install or repair plumbing, HVAC, refrigeration, or hydronic systems without first obtaining a license issued by the State of Iowa for the applicable trade or discipline, or install or repair medical gas piping systems without first obtaining a valid certification approved by the Iowa plumbing and mechanical systems examining board. Those persons working in the mechanical and plumbing trades or disciplines who have been issued a license by the Iowa plumbing and mechanical systems examining board pursuant to Iowa Code chapter 105, shall be recognized as licensed and eligible to work in the city within the scope of activities authorized by such licenses.
(O.15,545, 15,835)

Sec. 26-672. Reserved.

Editor's note—Ord. No. 15,835, § 1, adopted Nov. 18, 2019, repealed § 26-672, which pertained to exemptions from licensing requirements and derived from Ord. No. 15,545.

Secs. 26-673—26-699. Reserved.

ARTICLE VII. RESERVED*

Secs. 26-700—26-799. Reserved.

ARTICLE VIII. SIGNS AND BILLBOARDS

DIVISION 1. GENERALLY

Sec. 26-800. Definitions.

For the purpose of this division, certain terms, phrases, words and their derivatives shall be construed as specified in either this section or as specified in the building code. Where terms are not defined, they shall have their ordinary accepted meanings within the context with which they are used. Webster's Third New International Dictionary of the English Language, Unabridged, copyright 1993, shall be considered as providing ordinary accepted meanings.

Approved plastic materials means those which are defined in the International Building Code.

Billboard means all structures, regardless of the material, used in the construction of the structures that are erected, maintained or used for public display of posters, painted signs, wall signs, whether the structure is placed on the wall or painted on the wall itself, pictures or other pictorial reading matter which advertise a business or attraction which is not carried on or manufactured in or upon the premises upon which such signs or billboards are located.

Curb line means the line at the face of the curb nearest to the street or roadway. In the absence of a curb, the curb line shall be established by the city engineer.

Legal setback line means a line established by ordinance beyond which no building may be built. A legal setback line may be a property line.

Marquee means a permanent roofed structure attached to and supported by the building and projecting over public property.

Noncombustible, applied to building construction material, means a material which, in the form in which it is used, is either one of the following:

(1) Material of which no part will ignite and burn when subjected to fire. Any material conforming to International Building Code shall be considered noncombustible within the meaning of this section.

(2) Material having a structural base of noncombustible material as defined in subsection (1) of this definition with a surfacing material not over one-eighth inch thick which has a flame-spread rating of 50 or less.

The term "noncombustible" does not apply to surface finish materials. Material required to be

*__Editor's note—__**Ord. No. 16,165, § 1, adopted August 8, 2022, repealed Art. VII, §§ 26-700—26-703, 26-710—26-712, 26-720—26-728, which pertained to steam or power operating equipment and derived from Ord. No. 15,545.

noncombustible for reduced clearances to flues, heating appliances, or other sources of high temperature shall refer to material conforming to subsection (1) of this definition. No material shall be classed as noncombustible which is subject to increase in combustibility or flame-spread rating beyond the limits established in this definition, through the effects of age, moisture or other atmospheric condition. The term "flame-spread rating" as used in this definition refers to rating obtained according to tests conducted as specified in International Building Code.

Nonstructural trim means the molding, battens, caps, nailing strips, latticing, cutouts or letters and walkways which are attached to the sign structure.

Portable display surface means a display surface temporarily fixed to a standardized advertising structure and which may be moved from structure to structure at periodic intervals.

Projection means the distance by which a sign extends over public property or beyond the building line.

Sign means any structure, including but not limited to a device or display, other than buildings or landscaping, used primarily for visual communication for the purpose of or having the result of bringing the subject thereof to the attention of a person, group of persons, or the public generally. The term "sign" includes but is not limited to any and all reading matter, letters, numerals, pictorial representations, emblems, trademarks, inscriptions, and patterns, whether affixed to a building, painted or otherwise, depicted on a building, or separate from any building. Nothing in this division shall be construed so as to prohibit ideological or noncommercial advertising on any sign on which commercial advertising is permitted.

Sign area means the total area contained within the faces of a sign; provided, however, that the area of a sign containing back-to-back sign faces or V-type sign faces with an internal angle of 45 degrees or less, attached to a single supporting structure, shall be the area of the larger separate sign face. The area of a sign composed of characters or words attached directly to a building or wall surface is the smallest rectangle which encloses the group.

Sign, electric means any sign containing electrical wiring, but not including signs illuminated by an exterior light source.

Sign, ground means a sign, other than a pole sign, that is supported in or upon the ground and not attached to any building or wall.

Sign, illuminated means any sign that is artificially lighted, by any direct, indirect, or internal light source.

Sign, pole means a sign that is supported by one or more uprights or braces in or upon the ground.

Sign, projecting means a sign, other than a wall sign, which projects from and is supported by a wall of a building or structure.

Sign, roof means a sign erected upon or above a roof or parapet of a building.

Sign structure means any structure which supports or is capable of supporting any sign as defined in this section. A sign structure may be a single pole and may or may not be an integral part of a building.

Sign, wall or fascia sign means any sign attached to or erected against the wall of a building or structure, with the exposed face of the sign in a plane parallel to the plane of such wall.

Structure means a structure which is built or constructed, an edifice or building of any kind, or any piece of work artificially built up or composed of parts jointed together in some definite manner.
(O.15,545)

Cross reference—Definitions generally, § 1-2.

Sec. 26-801. Scope of division.

This division is intended to regulate the construction, erection, alteration, repair, and maintenance of all signs and sign structures in the city.
(O.15,545)

Sec. 26-802. Sign and billboards permits required.

(a) Except as provided in this division, it shall be unlawful for any person to erect, alter, relocate or maintain within the city any sign or sign structure, as defined in section 26-800, without first obtaining a permit issued by the zoning enforcement officer and making payment of the permit fee provided in this division.

(b) A sign permit shall not be required for the following:

(1) Identification signs not exceeding one square foot in area.

(2) Memorial signs on buildings, showing only the building's name and date of erection, when such sign is carved into or made an integral part of the exterior of the building or when such sign is constructed of bronze or other metal alloy and securely and permanently attached to such building.

(3) A sign that is painted on or attached to an operative self-propelled vehicle.

(4) Flags bearing only the official design or recognized symbol of a governmental entity, an educational institution, or a company or other organization.

(5) Traffic or other municipal signs such as legal notices, railroad crossings, danger and other emergency signs as may be approved by the enforcement authority.

(6) For the replacement of the removable display board or other removable display surface of a sign having a stationary framework or structure so designed that a display board or panel or other display surface may be inserted therein or attached thereto or removed whenever desired without unfastening or removing the stationary framework or structure from its supports.

(7) Private traffic direction signs directing traffic movement into a premises or within a premises, provided such signs do not exceed four square feet in area and are not illuminated.

(8) Horizontal directional signs painted on or installed flush with paved areas.

(9) Non-illuminated real estate signs with an area of six square feet or less.

(10) Any non-illuminated signs used on a temporary basis, as defined in Chapter 134-5.4.6, that are 15 square feet or smaller.

(c) The permit fee for every sign permit required by this division shall be in the amount set in the schedule of fees adopted by the city council by resolution.

(d) Every sign, whether existing or erected, shall be classified by the zoning enforcement officer according to its type as a "combination," "ground," "pole," "projecting," "roof," "wall" or "fascia," or "marquee" sign.
(O.15,545, 15,819, 16,465)

Sec. 26-803. Sign and billboard permit application; plans and specifications.

(a) Application for a sign permit shall be made in writing upon forms furnished by the zoning enforcement officer. Such application shall contain the street address or legal description, as required, of the property upon which the sign is to be located, the name and address of the owner and the sign erector, and such other information as may be required by the zoning enforcement officer.

(b) Two copies of plans and specifications shall be submitted when required with the application for each sign permit. Such plans shall show complete details, methods of attachment or support, location, and materials to be used. Computations, stress diagrams, and other data sufficient to show the correctness of the plans shall be submitted when required by the neighborhood services department.
(O.15,545, 16,224)

Sec. 26-804. Design.

(a) *Generally.* General requirements for signs and sign structures shall be as follows:

(1) Signs and sign structures shall be designed and constructed to resist wind

and forces as specified in this section. All bracing systems shall be designed and constructed to transfer lateral forces to the foundations. For signs on buildings the dead and lateral loads shall be transmitted through the structural frame of the building to the ground in such manner as not to overstress any of the elements thereof.

(2) The overturning moment produced from lateral forces shall in no case exceed two-thirds of the dead load resisting moment. Uplift due to overturning shall be adequately resisted by proper anchorage to the ground or to the structural frame of the building. The weight of earth superimposed over footings may be used in determining the dead load resisting moment. Such earth shall be carefully placed and thoroughly compacted.

(b) *Wind loads.* Wind loads shall comply with the following:

(1) Signs and sign structures shall be designed and constructed to resist wind forces as specified in the International Building Code.

(2) In the absence of plans certified by an engineer registered in this state, simple pole or ground sign supports shall provide a section-modulus at the point of maximum bending equal to or greater than that obtained from the following formula:

S.M. - 0.0004615 × (AS) × (PW) × (HC)

Where:

S.M. = Section modulus.

AS = Area of sign face in square feet.

PW = Pressure of wind in pounds per square feet as determined from the building code

HC = Height of in feet of centroid of sign area from point of maximum bending

(c) *Combined loads.* Vertical design loads, except roof live loads, shall be assumed to be acting simultaneously with the wind loads.

(d) *Allowable stresses.* Allowable stresses shall be as follows:

(1) The design of wood, concrete, steel or aluminum members shall conform to the requirements of the International Building Code. Loads, both vertical and horizontal, exerted on the soil, shall not produce stresses exceeding those specified in the building code.

(2) The working stresses of wire rope and its fastenings shall not exceed 25 percent of the ultimate strength of the rope or fasteners.

(3) Working stresses for wind loads combined with dead loads may be increased as specified in the building code.

(O.15,545)

Sec. 26-805. Construction.

(a) *Generally.* The supports for all signs or sign structures shall be placed in or upon private property and shall be securely built, constructed, and erected in conformance with the requirements of the International Building Code.

(b) *Materials.* Materials of construction shall be as follows:

(1) Materials of construction for signs and sign structures shall be of the quality and grade as specified for buildings in the International Building Code.

(2) In all signs and sign structures, the materials and details of construction shall, in the absence of specified requirements conform with the following:

a. Structural steel shall be of such quality as to conform with the International Building Code. Secondary members in contact with or directly supporting the display surface may be formed of light gauge steel, provided such members are designed in accordance with the specifications of the design of light gauge steel as specified in the International Building Code and, in addition, shall be galvanized. Secondary members, when formed

integrally with the display surface shall be not less than no. 24 gauge in thickness. When not formed integrally with the display surface, the minimum thickness of the secondary members shall be no. 12 gauge. The minimum thickness of hot-rolled steel members furnishing structural support for signs shall be one-fourth inch, except that if galvanized such members shall be not less than one-eighth inch thick. Steel pipes shall be of such quality as to conform with International Building Code. Steel members may be connected with one galvanized bolt provided the connection is adequate to transfer the stresses in the members.

b. Anchors and supports when made of wood and embedded in the soil or within six inches of the soil shall be of all heartwood of a durable species or shall be pressure treated with an approved preservative. Such members shall be marked or branded by an approved agency.

(c) *Restriction on combustible materials.*

(1) All signs and structures erected in fire zone no. 1 shall have structural members of noncombustible materials. Ground signs may be constructed of any material meeting the requirements of the International Building Code, except as provided in subsection (b) of this section.

(2) Roof signs, wall signs, projecting signs, and signs on marquees shall be constructed of noncombustible materials, except as provided in subsection (d) of this section. No combustible materials other than approved plastics shall be used in the construction of electric signs.

(d) *Nonstructural trim.* Nonstructural trim and portable display surfaces may be of wood, metal, approved plastics, or any combination thereof.

(e) *Anchorage.*

(1) Members supporting unbraced signs shall be so proportioned that the bearing loads imposed on the soil in either direction, horizontal or vertical, shall not exceed the safe values. Braced ground signs shall be anchored to resist the specified wind load acting in any direction. Anchors and supports shall be designed for safe bearing loads on the soil and for an effective resistance to overturning. Anchors and supports shall penetrate to a depth below ground greater than that of the frostline. Portable ground signs supported by frames or posts rigidly attached to the base shall be so proportioned that the weight and size of the base will be adequate to resist the wind pressure specified in the International Building Code. Signs attached to masonry, concrete, or steel shall be safely and securely fastened thereto by means of metal anchors, bolts,

[The next page is CD26:67]

or approved expansion screws of sufficient size and anchorage to support safely the loads applied.

(2) No wooden blocks or plugs or anchors with wood used in connection with screws or nails shall be considered proper anchorage, except for signs attached to wood framing.

(3) No anchor or support of any sign shall be connected to or supported by an unbraced parapet wall, unless such wall is designed in accordance with the requirements for parapet walls specified in Chapter 16 of the International Building Code.

(4) Adjustable turnbuckles shall be safely secured to prevent movement.

(f) *Display surfaces.* Display surfaces in all types of signs may be made of metal, glass, or approved plastics, except that glass shall not be used in any pole or projecting signs. Glass thickness and area limitations shall be as set forth in table no. 4-A in this section. Sections of approved plastics on wall signs shall not exceed 150 square feet in area. Exceptions:

(1) In fire zone no. 3 the area may be increased by 50 percent.

(2) Sections of approved plastics on signs other than wall signs may be of unlimited area if approved by the building official.

TABLE NO. 4-A SIZE, THICKNESS AND TYPE OF GLASS PANELS IN SIGNS

Maximum Size of Exposed Glass Panel		*Minimum Thickness of Glass (in inches)*	*Type of Glass*
Any Dimension (in inches)	*Area (in square inches)*		
30	500	1/8	Plain, plate or wired glass
45	700	3/16	Plain, plate or wired glass
144	3,600	1/4	Plain, plate or wired glass
Over 144	Over 3,600	1/4	Wired glass

(g) *Approved plastics.* The zoning enforcement officer shall require that sufficient technical data be submitted to substantiate the proposed use of any plastic material and, if it is determined that the evidence submitted is satisfactory for the use intended, he or she may approve its use.

(h) *Concealment of structural framework.* No structural framework of any sign shall be covered or concealed.

(i) *Electrical wiring.* All signs containing electrical wiring shall be subject to all provisions of the electrical code.

(j) *Maintenance and repair.* All signs, together with all of their supports, braces, guys, and anchors, shall be kept in repair and in a proper state of preservation. The display surfaces of all signs shall be kept neatly painted or posted at all times.

(k) *Name of erector and date of erection.* Every general advertising sign, as defined in chapter 134 of the City Code, and every sign which projects over any public right-of-way erected after January 1, 1966, shall have painted or otherwise attached on the exterior of the sign the name of the sign erector and date of erection. Such name and date shall be of sufficient size and contrast to be easily read from a reasonable distance.
(O.15,545, 15,819)

Sec. 26-806. Projection and clearance.

(a) *Generally.* All types of signs shall conform to the clearance and projection requirements of this section.

(b) *Clearance from high voltage power lines.* Signs shall be located not less than six feet horizontally or eight feet vertically from overhead electrical conductors which are energized in

excess of 600 volts. The term "overhead conductors" as used in this subsection means any electrical conductor, either bare or insulated, installed above the ground except such conductors as are enclosed in iron pipe or other material covering of equal strength.

(c) *Clearance from fire escapes, exits or standpipes.* No sign or sign structure shall be erected in such a manner that any portion of its surface or supports will interfere in any way with the free use of any fire escape, exit, or standpipe.

(d) *Obstruction of openings.* No sign shall obstruct any openings to such an extent that light or ventilation is reduced to a point below that required by the building code. Signs erected within five feet of an opening in an exterior wall shall be constructed of noncombustible material or approved plastics.

(e) *Projection over alleys.* No sign or sign structure shall project into any public alley below a height of 14 feet above grade, nor project more than 18 inches when such sign is 14 feet to 18 feet above grade. The sign or sign structure may project not more than 36 inches into the public alley where the sign or sign structure is located more than 18 feet above grade.
(O.15,545)

Sec. 26-807. Ground signs.

(a) Ground signs may be constructed of any material meeting the requirements of the building code, except as provided in sections 26-804 and 26-805 of this division.

[The next page is CD26:77]

(b) Ground signs shall be designed in accordance with the requirements specified in section 26-805 of this division.

(c) Ground signs may have display surfaces of combustible materials except in fire zone no. 1 with further exceptions as provided in section 26-805 of this division.
(O.15,545)

Sec. 26-808. Roof signs.

(a) Roof signs shall be constructed of noncombustible materials, except as specified in section 26-805 of this division.

(b) Roof signs shall be thoroughly secured and anchored to the frame of the building over which they are constructed and erected, and shall be designed in accordance with the requirements specified in section 26-804 of this division.

(c) Passage clear of all obstructions shall be left under or around and immediately adjacent to all signs exceeding a height of four feet above the roof thereunder. Such passages shall be not less than three feet wide and four feet high and shall be at parapet or roof level. There shall be one such passage or access opening as follows:

(1) For each roof sign upon a building.

(2) An access opening for every 50 lineal feet of horizontal roof sign extension.

(3) Within 20 feet of walls and parapets when roof signs are at right angles to a face of the building.
(O.15,545)

Sec. 26-809. Wall or fascia signs.

(a) Wall signs in fire zones no. 1 and 2 shall be constructed of noncombustible material, except as provided in section 26-805 of this division.

(b) Wall signs shall be designed in accordance with the requirements specified in section 26-804 of this division.

(c) When otherwise permitted, no wall sign shall have a projection over public property or beyond a legal setback line greater than the distances set forth in section 26-806 of this division.
(O.15,545)

Sec. 26-810. Projecting signs.

(a) Projecting signs shall be constructed of noncombustible materials, except as specified in section 26-805 of this division.

(b) Projecting signs shall be designed in accordance with the requirements specified in section 26-804 of this division.

(c) Subject to all other city regulations, the height of signs projecting over public property shall be determined by the clearance of the bottoms thereof above the level of the sidewalk or grade immediately below, as set forth in section 26-806 of this division.
(O.15,545)

Sec. 26-811. Marquees.

Signs may be placed on, attached to, or constructed in a theater marquee. Such signs shall, for the purpose of determining projection, clearance, height and material, be considered a part of and shall meet the requirements for a marquee as specified in the International building code.
(O.15,545)

Secs. 26-812—26-819. Reserved.

DIVISION 2. LICENSES

Sec. 26-820. Billboard license and bond required.

Any person or any agent thereof, before erecting, constructing or maintaining any billboard as defined in section 26-800, must procure a class A sign erector's license and furnish a bond when so required by section 26-823 of this division.
(O.15,545)

Sec. 26-821 Sign erector's license required; to whom issued; classes; expiration; annual fees.

(a) Every person erecting or installing signs for which permits are required by section 26-802 shall obtain a sign erector's license to conduct such operations, except that the occupant of a premises may obtain a permit to erect or install a sign on the premises without a license if the sign is not electrical, does not exceed 15 square feet, does not exceed 50 pounds, and is attached flat against the side of a building or parapet wall.

(b) The license to erect signs shall be known as a sign erector's license, of which there shall be three classes, as set out in this subsection, and shall be issued only to those persons who show sufficient knowledge and experience to satisfy the zoning enforcement officer as to their ability to erect signs of a size and weight allowed by the class of license for which they are applying in a safe and substantial manner in accordance with the provisions of division IV of article III of this chapter. The three classes of license and the allowable size and weight of signs that may be erected thereunder shall be as follows:

(1) *Class A.* A class A sign erector's license shall entitle the holder thereof to erect any sign or billboard that may be erected in accordance with the provisions of this division.

(2) *Class B.* A class B sign erector's license shall entitle the holder thereof to erect any sign, but not a billboard, which does not exceed 75 square feet in area or 400 pounds in weight.

(3) *Class C.* A class C sign erector's license shall entitle the holder thereof to erect any sign, but not a billboard or roof sign, which does not exceed 20 square feet in area or 150 pounds in weight.

(c) All sign erector's licenses shall expire on December 31 of each even-numbered year and may be renewed prior to expiration by payment of the license fee for the next biennial term. Any expired license may be renewed without examination within 30 days after the expiration date upon payment of the license fee plus a late renewal fee in the amount set in the schedule of fees adopted by the city council by resolution. When more than 30 days have passed after the expiration date, no expired license shall be renewed except upon the recommendation of the zoning enforcement officer and payment of the license fee plus the late renewal fee.

(d) The license fees for sign erector's licenses shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(O.15,545)

Sec. 26-822. Sign erector's license application; examination of qualifications of applicant; issuance.

Applications for sign erector's licenses shall be made to the zoning enforcement officer and shall contain the name and address of the proprietor, president or other senior officer in charge of the applicant's business and such other pertinent information as may be requested. The zoning enforcement officer shall examine the qualifications of each applicant and shall cause licenses to be issued to all those properly qualified after their bonds have been filed and approved by the legal department and license fees have been paid.
(O.15,545)

Sec. 26-823. Sign erector's bond.

(a) Prior to the issuance of a sign erector's license, the person desiring such a license shall file with the zoning enforcement officer a good and sufficient bond running to the city, the penal sum of which shall be $10,000.00 for a class A license, $5,000.00 for a class B license, $2,500.00 for a class C license, to indemnify, save and keep harmless the city from any and all costs, damages, or expenses of any kind whatsoever which may be suffered by the city or which it may be put to or which may accrue against it by charging to or recovering from the city from or because of the granting of permission to erect such signs or because of any acts or things done under or by authority of permission granted by the zoning enforcement officer to erect such signs in the city or because of the negligence, failure or refusal of

any person to comply with all the sections of this division applicable to such signs, or to pay any sign permit fees.

(b) At any time the bond of any sign erector is permitted to lapse, such sign erector's license shall be automatically suspended and shall remain suspended until such sign erector again files a bond as required in this section.
(O.15,545)

Secs. 26-824—26-899. Reserved.

ARTICLE IX. ENERGY AND WATER USE BENCHMARKING

Sec. 26-900. Purpose.

The purpose of this article is to preserve and improve the safety, health, welfare, comfort and convenience of city residents by advancing energy efficiency and reducing greenhouse gas emissions as outlined in and in furtherance of the Guide DSM: Strategic Plan 2015—2030 adopted by the city council in 2015 and the Plan DSM: Creating Our Tomorrow plan as an amendment to the city's comprehensive plan adopted by the city council in 2016. The terms and provisions of this article shall serve as a vital component in reaching the goals set forth in the adopted plans to reduce greenhouse gas emissions, to reduce energy consumption in city-owned buildings, and to foster a sustainable local economy through environmentally sound building practices and energy efficiency.
(O.15,779)

Sec. 26-901. Definitions.

The following words and phrases, whenever used in this article, shall be construed as defined in this section unless context indicates otherwise:

Aggregated whole-building data means energy use or water use data that has been summed for an entire property, which may include a single occupant or a group of separately metered tenants.

Anonymized data means data that does not reveal names, addresses or any other information that would identify a person or business.

Audit means a systematic evaluation process to identify appropriate modifications and improvements of a covered property base building systems for energy and/or water distribution and use, including proposed alterations to and installation of new equipment for such systems, insulation installation or other generally recognized energy and water efficiency technologies to optimize energy and water use performance and achieve energy and water savings for the covered property.

Base building systems means the systems or subsystems of a building that use or distribute energy and/or water and/or impact energy and/or water consumption, including:

(1) The building envelope;

(2) The heating, ventilating, and air conditioning (HVAC) systems;

(3) Energy conveying systems;

(4) Electrical and lighting systems;

(5) On-site energy generation systems;

(6) Domestic hot water systems;

(7) Water distribution systems;

(8) Plumbing fixtures and other water use equipment; and

(9) Landscape irrigation systems and water features, including fountains.

Except base building systems does not include:

(1) Systems or subsystems within a leased premises or an apartment established pursuant to Iowa Code Chapters 499A or 499B that are owned or fully maintained and for which all energy and/or water bills are paid for pursuant to separate meter or sub-meter by the person who has ownership or possessory interest in the leased premises or apartment.

(2) Systems or subsystems used in conjunction with industrial applications or processes.

Benchmarking means to input and submit the total energy and water consumed as part of integral building operations for a covered property and to input and submit additional descriptive

information for such covered property required by the benchmarking tool for each calendar year.

Benchmarking tool means the United States Environmental Protection Agency Energy Star portfolio manager, or such additional or alternative tool used to track and assess the energy and water consumption of a covered property relative to properties with similar characteristics which, at a minimum, provides an Energy Star score and measures energy use intensity, water use intensity and emissions.

City covered property means a covered property that is entirely owned or leased by the city.

Covered property means any property that exceeds 25,000 square feet in total building gross floor area except covered property does not include property:

(1) Classified for assessment purposes as residential real estate;

(2) Classified for assessment purposes as multi-residential real estate containing fewer than five dwelling units;

(3) Classified for assessment purposes as industrial real estate;

(4) Owned or leased by the federal, state or county governments or the municipal housing agency for the city;

(5) Utilized primarily for an elementary and/or secondary school;

(6) Utilized primarily for religious assembly;

(7) Of a type not meeting the underlying public purposes of this article, as determined by the director.

Director means the community development director or his or her designees.

Energy means electricity, gas, steam, or other product sold by a utility to a public or private customer, or renewable on-site electricity generation, for purposes of providing heating, cooling, lighting, water heating, or for powering or fueling other end-uses as recorded in the benchmarking tool.

Energy Star score means the numeric rating generated by the Energy Star portfolio manager tool developed and maintained by the United States Environmental Protection Agency as a measurement of a property's relative energy performance and efficiency.

Energy use intensity means the energy use per square foot of gross floor area for the calendar year calculated by total year kBtu divided by total square footage.

Gross floor area means the total area, included within the exterior walls of a building, including lobbies, leased premises, common areas, shared use rooms, restrooms, elevator shafts, stairwells, mechanical equipment areas, basements and storage rooms.

Owner means any of the following:

(1) An owner as defined in section 1-2 of this Code;

(2) A tenant in the case of a property subject to a triple net lease between an owner and a single tenant;

(3) The council of co-owners for property subject to a declaration recorded pursuant to Iowa Code Chapter 499B;

(4) The board of directors for property subject to articles filed pursuant to Iowa Code Chapter 499A; or

(5) An agent authorized to act on behalf of any of the above.

Property means any of the following:

(1) A single building;

(2) Two or more buildings subject to the same declaration recorded pursuant to Iowa Code Chapter 499B or subject to the same articles filed pursuant to Iowa Code Chapter 499A; or

(3) A campus of two or more buildings which are owned and operated by the same person, have a shared primary function, and:

a. Utilize a common electric utility meter or utilize common base building systems which prevent the owner

from determining the energy use attributable to each of the individual buildings; and/or

b. Are used primarily for one of the following:
   1. College or university.
   2. Hospital
   3. Hotel or motel
   4. Office
   5. Retail sales
   6. Household living
   7. Group living.

Retuning means a systematic process for optimizing building performance through the assessment, identification and correction of deficiencies of the base building systems for energy and/or water distribution and use of the covered property, including repairs of defects, cleaning, adjustments of valves, sensors, controls or programmed set points, and changes in operational practices.

Tenant means a person occupying leased premises in a building under a rental or lease agreement;

Utility means MidAmerican Energy Company, city water works or such other entity that distributes and sells gas, electric energy, water, or thermal energy services for public and private use.

Water use intensity means the water use from all water sources and from all indoor water sources per square foot of gross floor area for the calendar year calculated by total year water use from all sources divided by total square footage and calculated by total year metered indoor use divided by total square footage.
(O.15,779)

Sec. 26-902. Benchmarking data collection.

(a) Each year the owner of a covered property shall collect and enter data on the energy and water consumption of the covered property during the prior calendar year into the benchmarking tool in a manner that conforms to latest guidance provided by the United States Environmental Protection Agency. The data entered into the benchmarking tool shall provide for an assessment of the aggregated total energy and water consumed for all the covered property for the entire prior calendar year for incorporation in the energy and water benchmarking report. Data for the covered property's energy use and water use shall be compiled using the following methods that apply to the property: a) obtaining aggregated whole-building data from each utility; b) collecting data from all nonresidential tenants; and/or c) reading a master meter.

(b) If the owner of a covered property does not have access to aggregated whole-building data on energy use and water use, the owner shall request such aggregated whole-building data for the covered property from each utility. If aggregated whole-building data is not provided by the utilities, the owner of the covered property shall exercise all lease rights, in compliance with applicable federal and state laws, to request energy use and water use data from its nonresidential tenants exclusively for benchmarking data collection purposes in accordance with subsections (c) and (d) of this section.

(c) Each nonresidential tenant with leased premises in a covered property shall, within 30 days of a written request by the owner and in the form approved by the director, allow reasonable access to base building systems and provide all information regarding its energy use and water use that cannot otherwise be acquired by the owner from the utilities and is needed by the owner to comply with the benchmarking data collection requirements of this article.

(d) When a nonresidential tenant intends to vacate its leased premises in a covered property, the tenant shall within 30 days of a written request by the owner and in the form approved by the director, provide all information regarding its energy and water use that cannot otherwise be acquired by the owner from the utilities and is needed by the owner to comply with the benchmarking data collection requirements of this article.
(O.15,779)

Sec. 26-903. Benchmarking reporting.

(a) The owner of a covered property shall annually submit to the city electronically an energy and water benchmarking report for the prior calendar year containing the benchmarking information required by the director in such form and content determined by the director, by the reporting due dates specified in section 26-904. A submittal fee in the amount set in the schedule of fees adopted by the city council by resolution will be charged to the owner of the covered property for a benchmarking report that is submitted to the city and filed more than 30 days after the applicable reporting due date.

(b) Prior to submitting the benchmarking report to the city, the owner of the covered property shall run all automated data quality checker functions within the benchmarking tool, and shall verify that all data has been accurately inputted. The owner shall correct all missing or incorrect information identified by the automated data quality checker prior to submitting the benchmarking report to the city.

(c) When the owner of the covered property becomes aware that any information in the submitted benchmarking report is inaccurate or incomplete, the owner shall enter corrective and supplemental information in the benchmarking tool, and shall provide to the city an amended benchmarking report within 30 days.
(O.15,779)

Sec. 26-904. Benchmarking reporting schedule.

(a) The owner of a covered property shall ensure that a benchmarking report of the covered property for the prior calendar year is generated, completed and submitted to the city annually.

(b) The initial benchmarking report for each covered property shall be submitted in accordance with the schedule set out in the following table. Subsequent benchmarking reports for each covered property shall be due by July 1 of each year thereafter.

Property	*Initial Reporting Due Date*
City covered properties	June 1, 2019 (for 2018)
Covered properties other than city covered properties	May 1, 2020 (for 2019)

(c) The city shall make available on the city's internet website the shared benchmarking information for the prior calendar year for each covered property, listed by address.

(d) The shared benchmarking information for each city covered property shall first be made available on the city's internet website commencing on July 1, 2020 and the shared benchmarking information for each covered property other than a city covered property shall first be made available on the city's internet website commencing on December 31, 2022.
(O.15,779, 15,983)

Sec. 26-905. Benchmarking exemptions.

(a) Benchmarking is not required for a city covered property for any calendar year if the covered property is subject to any of the following circumstances:

(1) The covered property did not have a certificate of occupancy for the entire calendar year;

(2) A demolition permit was issued for the covered property and occupancy of the covered property was vacated during the calendar year;

(3) The covered property did not receive energy or water utility services for a cumulative 30 days or more during the calendar year; or

(4) The covered property had average daily occupancy of no more than one person during the calendar year.

(b) Benchmarking is not required for a covered property other than a city covered property for any calendar year if the owner, prior to May 1 succeeding the calendar year, submits to the director an exemption request and supporting documentation in such form and with such certifications as required by the director to

establish to the reasonable satisfaction of the director that the covered property is subject to any of the following circumstances:

(1) The covered property is subject to any of the circumstances set out in subsections (a)(1)—(4) of this section;

(2) The covered property is subject to financial stress during the calendar year as may be demonstrated by calendar year covered property expenses significantly exceeding calendar year covered property revenues, the covered property is sold at tax sale under Iowa Code Chapter 446, the covered property is subject to foreclosure or forfeiture proceedings initiated under Iowa Code Chapters 654 or 656, or the covered property is otherwise under court appointed receivership;

(3) Due to unique features, functions or uses of the covered property, compliance with the benchmarking requirements will cause undue hardship to the owner, will reveal owner proprietary information or trade secrets recognized and protected as such by law, or will not further the underlying public purposes of this article, as determined by the director;

(4) The covered property is classified for assessment purposes as multi-residential real estate, more than four energy utility meters are associated with the covered property, the electric utility does not provide access to aggregated whole-building data for the covered property and the owner does not have access to other reasonable means to obtain such aggregated whole-building data.

(5) The covered property has obtained Leadership in Energy and Environmental Design (LEED) certification from the U.S. Green Building council (USGBC).

(6) The covered property is classified for assessment purposes as multi-residential real estate and constructed within five years prior to the calendar year as evidenced by a certificate of occupancy for the completed construction.

(c) The decisions of the director on whether a covered property qualifies for exemption to benchmarking pursuant to this section may be appealed by any person affected by the decisions pursuant to the administrative appeal process set forth in Chapter 3 of this Code.
(O.15,779, 15,983)

Sec. 26-906. Sharing of data.

(a) If an owner of a covered property in good-faith reasonably determines that any portion of its benchmarking reports submitted to the city constitute a confidential record under Iowa Code Chapter 22 or federal law, the owner may submit a confidentiality request to the city identifying the portion requested to be kept confidential. The burden will be on the owner to make such confidentiality request and justify application of a confidentiality exception by citation to applicable law. In the absence of a court order or final order or decision of the Iowa Public Information Board, the city may, but is not required to, protect the claimed confidential records contained in such reports from release to the public for examination.

(b) Provided the city has received written permission from the owner of a covered property, the city may provide non-anonymized data from benchmarking reports submitted to the city to any utility serving the covered property or to any federal, state, county or city managed energy efficiency or management program for purposes of offering programs, services, and incentives related to energy use and water use efficiency and management for the covered property.

(c) The city may make available anonymized data from benchmarking reports to an entity for academic, non-commercial research or other purposes in furtherance of the underlying public purposes of this article.
(O.15,779)

Sec. 26-907. Annual report and analysis.

The city shall make available on the city's internet website annual reports on the benchmarking of all covered properties in the city compiled by the director which reports shall

include data, statistics and analysis in furtherance of the underlying public purposes of this article.
(O.15,779)

Sec. 26-908. Notice of violations—Administrative penalties.

(a) The director is authorized to issue a notice of violation imposing an administrative penalty upon any person who fails to perform an act required by this article or who commits an act prohibited by this article.

(b) The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to the owner of a covered property by the director. Service of the notice may be by regular mail or delivery in person. Penalties shall be paid in full within 30 days of the issuance of the notice.
(O.15,779)

Sec. 26-909. Civil penalties.

Any person who fails to pay an administrative penalty issued upon that person pursuant to section 26-908 shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

ARTICLE I. IN GENERAL

Secs. 30-1—30-25. Reserved.

ARTICLE II. BANKRUPT, GOING OUT OF BUSINESS, REMOVAL OF BUSINESS AND FIRE OR WATER DAMAGE SALES

Sec. 30-26. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Advertising means any means of conveying to the public notice of sale or notice of intention to conduct the sale, including but not limited to newspaper or magazine advertisements, handbills, printed matter, window signs, banners, billboard displays, and radio or television announcements.

Bankrupt sale means a sale held out in such a manner as to reasonably cause the public to believe that the person is selling a stock of goods purchased or acquired in a bankruptcy or insolvency proceeding.

Fire or water damage sale means a sale held out in such a manner as to reasonably cause the public to believe that the person will offer at retail goods damaged or altered by fire, smoke or water.

Going out of business sale means a sale held out in such a manner as to reasonably cause the public to believe that, upon the disposal of the stock of goods on hand, the person will cease and discontinue the business, including but not limited to sales which may be designated as assignee's, bankrupt, benefit of administrator's, benefit of creditor's, benefit of trustees', building coming down, closing, creditors' committee, creditors' end, executor's, final days, forced out, forced out of business, going out of business, insolvent, last days', lease expires, liquidation, loss of lease, mortgage sale, receiver's, trustee's, quitting business.

Goods means any goods, wares, merchandise or other property capable of being the object of a sale regulated under this article.

License means a license issued pursuant to this article.

Licensee means any person to whom a license has been issued pursuant to this article.

Premises means the one store or place of business owned or operated by the applicant for which a license may be applied for and issued as provided in this article. Except as otherwise specifically limited in the license, the term "premises" includes any space owned, leased, operated or controlled by the applicant which is adjacent to or included in the building or store in which the business of the applicant is carried on.

Removal of business sale means a sale held out in such a manner as to reasonably cause the public to believe that the person will cease and discontinue business at the premises upon disposal of the stock of goods on hand and will then move to and resume business at a new location in the city or will then continue business from other existing locations in the city.

(C42, § 58-1; C54, C62, § 7-1; O.7584; C75, C79, C91, § 9-29)

Cross reference—Definitions generally, § 1-2.

Sec. 30-27. License required.

A license issued by the city clerk shall be obtained by any person before selling or offering to sell at retail any goods at a sale to be advertised or held out by any means to be one of the following kinds: going out of business sale; removal of business sale; fire or water damage sale; or bankrupt sale.

(C42, § 58-2; C54, C62, § 7-2; O.7584; C75, § 9-30; O.9482; C79, C91, § 9-30)

Sec. 30-28. Application for license.

A person desiring to conduct a sale regulated by this article shall make a verified written application to the city clerk setting forth the following information:

(1) The name and address of the owner of the goods to be sold.

(2) The name and address of any person who has contracted or agreed with the owner of the goods to be sold to conduct or in any manner supervise the sale.

(3) A description of the premises where the sale is to be held.

(4) The nature of the occupancy of the premises, including if by lease or sublease, and the effective date of the termination of such occupancy.

(5) The period of time during which the proposed sale is to be conducted.

(6) A full and complete statement of the facts regarding the sale including: if a fire or water damage sale, the date of the fire or water damage; if a going out of business sale, the reason for discontinuing the business at the premises; if a removal of business sale, the reason for discontinuing the business at the premises and the address of the new place of business, if any, where the applicant will conduct its business; if a bankrupt sale, the court and the name in which the bankruptcy matter is pending and the date and place of sale of the goods to the applicant.

(7) The means to be employed in advertising the sale, together with a general outline concerning the content of any proposed advertisements.

(8) The cost, including freight, to the applicant of the goods to be sold. If the goods were purchased or acquired by the applicant for a lump sum or under circumstances which makes the listing of the cost price for each article or category impracticable, a statement shall be attached setting forth the total sum paid for such goods to each supplier and the circumstances concerning the purchase of same.

(9) A complete and detailed listing of the goods to be offered at such sale as disclosed by the applicant's records as follows:

a. Bona fide orders. All of the goods shall have been purchased by the applicant for resale. For a going out of business sale or a removal of business sale, the list shall include all goods on order, and a license shall not be issued if the city clerk finds that:

1. Any of the goods on order were purchased under conditions where, as of the date of filing the application, the applicant retained the right to cancel the purchase; or

2. Any of the goods on order or in the applicant's possession were purchased on consignment.

b. Goods purchased for sale. A license shall not be issued if the city clerk finds that any of the applicant's goods were purchased in contemplation of conducting a sale regulated under this article. If the cost, including freight, of additions to the applicant's stock of goods during the 60-day period immediately preceding the date of filing the application exceeds ten percent of the cost, including freight, of the applicant's inventory as of the date of filing the application, that fact shall be presumptive proof that such additions were purchased in the contemplation of conducting a sale regulated under this article. However, if the city clerk finds that the nature of the applicant's business is such that the amount of goods purchased for resale by the applicant is subject to seasonal fluctuations and that the additions to the applicant's stock of goods during the 60-day period immediately preceding the date of filing the application were determined by the seasonal requirements of the business and, therefore, constituted more than ten percent of the cost, including freight, of the applicant's inventory as of the date of filing the application, the city clerk may nonetheless approve the application if the city clerk determines that the additions to the applicant's stock of goods within the 60-day period in

excess of ten percent were bona fide and legitimate to the usual conduct of the applicant's business.

(C42, §§ 58-4, 58-13; C54, C62, §§ 7-3, 7-4; O.7584; O.7964; C75, § 9-31; O.9482; C79, C85, § 9-31; O.11,602; C91, § 9-31)

Sec. 30-29. License fee.

(a) At the time of filing an original or a renewal application for a license required by this article, the applicant shall pay to the city a license fee of $125.00.

(b) If any application or renewal application is disapproved or if any application is withdrawn before final action thereon is taken by the city clerk, one-half of such payment shall be forfeited to the city as and for the cost of investigating the statements in such application.

(C42, § 58-10; C54, § 7-9; O.6020; C62, § 7-9; O.7584, C62, § 7-4; C75, § 9-32; O.9482; C79, C85, § 9-32; O.11,602; C91, § 9-32)

Sec. 30-30. Suspension or revocation of license.

(a) Whenever the city council finds that the licensee, its employees or agents, has furnished any false information required under this article or has violated or failed to comply with any of the requirements of this article or any other chapter of this Code, the city council may suspend or revoke the license.

(b) No suspension or revocation shall issue except upon notice delivered to the licensee by mailing notice in the regular mail, addressed to the licensee at the licensed premises, a minimum of ten days prior to the date set for hearing before the council. Such notice shall inform the licensee of the time, date and place of the hearing and shall set out briefly the reasons therefor.

(c) If, after such hearing, the city council makes a finding based on substantial evidence that a violation of this article or another chapter of this Code did in fact take place as alleged, the city council may suspend or revoke the license; the determination of whether to suspend or revoke such license shall be in the discretion of the city council and shall be dependent upon the circumstances surrounding the violation and its severity.

(d) A licensee whose license has been revoked shall not be eligible for another such license for a period of 180 days after such revocation.

(C42, § 58-10; C54, § 7-9; O.6020; C62, § 7-9; O.7584; C62, § 7-7; C75, C79, § 9-35; O.10,723; C85, § 9-35; O.11,602; C91, § 9-35)

Sec. 30-31. Effect of license.

If, after investigation, the city clerk concludes that facts exist justifying the license required under this article, the clerk may issue a license on the following terms:

(1) *Licensing period.* The license shall authorize the sale described in the application for a period of not more than 30 consecutive days following the issuance thereof.

(2) *Renewal procedure.* The city clerk may renew the license for three periods of time, only, with each renewal to be for 30 consecutive days running consecutively from the expiration date of the original license, provided the clerk finds as to each such renewal that the licensee has:

a. Filed an application for renewal;

b. Submitted with the application for renewal a revised inventory showing the items listed on the original application remaining unsold as well as like goods received on bona fide trade-ins;

c. Not added to any goods to those listed in the original application except those goods received on bona fide trade-ins;

d. Filed the required renewal license fee, bond and statement signed by a certified public accountant; and

e. Not acted in a manner which would be sufficient basis for suspension or revocation of such license, in which event the council, upon notice and hearing pursuant to the requirements of section 30-30 of this article,

may refuse to renew such license for a period of 180 days from such hearing.

(3) *Nature of sale.* The license shall authorize only the one type of sale described in the application at the premises named therein.

(4) *Saleable goods.* The license shall authorize only the sale of goods described in the inventory attached to the application.

(C42, §§ 58-5, 58-7; C54, C62, §§ 7-7, 7-8; O.7584; C62, § 7-8; O.8752; C75, § 9-36; O.9482; C79, § 9-36; O.10,723; C91, § 9-36)

Sec. 30-32. Duties of licensee.

Under this article, a licensee shall:

(1) *Adhere to inventory.* Make no additions whatsoever, during the period of the licensed sale, to the stock of goods being sold at the sale, other than like goods received by the licensee from a purchaser on a bona fide trade-in upon the sale of the licensee's goods.

(2) *Avoid misleading advertising.* Refrain from employing any untrue, deceptive or misleading advertising. No advertising of such sale shall refer to the previous retail price of any goods being reduced in price as a part of the sale unless identical goods were offered for sale continuously at that retail price during the 90-day period of time immediately prior to the commencement of such sale. Evidence of prior sales shall be available to the city clerk on demand. Any advertising shall state the license number of the sale as issued under this article and the name and address of the person, if any, who has contracted or agreed with the owner of the goods to be sold to conduct or supervise the sale.

(3) *Keep duplicate inventory.* Keep available at the premises a duplicate copy of the list of goods submitted with the application or renewal application and present such duplicate to the city clerk upon request.

(4) *Segregate nonlisted goods.* For a fire or water damage sale, the licensee shall keep goods, if any, which are not included in the sale separate and apart from goods listed in the application as being objects of the sale and shall make such distinction clear to the public by placing tags on either all listed goods or all nonlisted goods apprising the public concerning the status of the goods.

(5) *Display the license.* Post in a prominent place upon the premises where the sale is conducted the license issued under this article.

(6) *Provide interim reports.* During the license period the licensee shall furnish additional information or reports signed by the licensee as the city clerk may reasonably desire or require.

(C42, §§ 58-6, 58-8, 58-11; C54, C62, §§ 7-10 to 7-16; O.7584; C62, § 7-9; O.8752; C75, C79, C85, § 9-37; O.11,602; C91, § 9-37)

Sec. 30-33. Restricted location.

When a person applying for a license under this article operates his or her business from more than one premises, the license issued shall apply only to the one place of business, store, or branch specified in the application, and no other store or branch shall advertise or represent that it is cooperating with it or in any way participating in the licensed sale. The store or branch conducting the licensed sale shall not advertise or represent that any other store or branch is cooperating with it or participating in any way in the licensed sale. Nothing in this section shall prohibit a person from applying for a separate license for each premises operated by him or her.

(C62, § 7-10; O.7584; C75, C79, C91, § 9-38)

Sec. 30-34. Exemptions.

This article shall not apply to or affect the following:

(1) Persons acting pursuant to an order or process of a court of competent jurisdiction.

(2) Persons acting in accordance with their powers and duties as public officials.

(3) Auctioneers selling at auction.

(4) Any newspaper, magazine or other publication or any radio or television station or the officers or employees thereof which publishes or broadcasts in good faith any advertising of sales referred to in this article without actual knowledge from the city council or the city clerk of its false, deceptive, or misleading character or that this article has not been complied with.

(C42, § 58-12; C54, C62, § 7-17; O.7584; C62, § 7-11; C75, C79, C85, § 9-39; O.11,602; C91, § 9-39)

Sec. 30-35. Supplemental general licensing ordinances.

The sections of this article are intended to augment and be in addition to the provisions of the general city licensing ordinances. If this article imposes a greater restriction upon persons, premises, business or practices than is imposed by the general city licensing ordinances, this article shall control.

(C62, § 7-13; O.7584; C75, C79, C91, § 9-40)

Secs. 30-36—30-60. Reserved.

ARTICLE III. CIGARETTE DEALERS AND DEVICE RETAILERS

Sec. 30-61. Compliance with article.

No permit shall be issued under I.C. ch. 453A or 453E, known as the cigarette law and the device retailer law, for engaging in any business referred to in such laws except on full and complete acceptance of the terms of and in strict compliance with this article.

(C42, § 48-1; C54, C62, § 14-1; C75, C79, C91, § 9-42; O.16,411)

Sec. 30-62. Permit required.

No person shall engage in any business referred to in the cigarette law and the device retailer law within the city until a permit is received under this article.

(C42, § 48-1; C54, C62, § 14-1; C75, C79, C91, § 9-43; O.16,411)

Sec. 30-63. Application for permit.

(a) *Required.* Any person desiring to engage in any business referred to in section 30-62 of this article shall sign and swear to an application, from the Iowa Department of Revenue, asking for a permit under this article and expressly promising compliance with this article and acquiescence in terms and provisions of this article.

(b) *Contents.* The application shall state the name of the owner and the exact location of the premises upon which such business is proposed to be conducted, giving the street and number. If the premises are occupied by more than one place of business, the applicant shall state with specificity as to which portion of the premises they are making an application for a permit, the name and address of each person in charge of or to be employed in such place, the date of the initiation of the business, and whether it is proposed to do a wholesale or a retail business therein. One application shall be filed for each location or place of business and sworn to by such person or authorized agent.

(C42, § 48-2; C54, C62, § 14-2; O.8787; C75, § 9-44; O.9351; C79, C91, § 9-44; O.16,411)

Sec. 30-64. Permit fee.

(a) Each applicant for a cigarette permit required under this article shall pay a fee of $100.00 or the pro rata amount provided by I.C. ch. 453A to the city clerk or Iowa Department of Revenue.

(b) If the application is not approved, such payment shall be refunded to the applicant; but if approved, such sum shall be retained by the city and shall be subject to the applicable refund provisions of I.C. ch. 453A.

(c) Each applicant for a device retailer permit required under this article shall pay a fee of $1,500.00 provided by I.C. ch. 453E to the Iowa Department of Revenue and then remitted by the department of revenue to the treasurer of the city.

(C42, § 48-3; C54, C62, § 14-3; C75, C79, C85, § 9-45; O.11,602; C91, § 9-45; O.16,411)

Sec. 30-65. Approval or rejection of permit application.

Approval or rejection of any application for a permit required under this article shall be by resolution of the city council. If approved, the city clerk or the Iowa Department of Revenue on behalf of the city shall issue one permit for each location applied for and approved and shall make the records and certificates and perform the acts required by I.C. ch. 453A, 453E or this article.
(C42, § 48-4; C54, C62, § 14-3; O.8787; C75, C79, C91, § 9-46; O.16,411)

Sec. 30-66. Restrictions on issuance of permit.

A permit may be issued to an applicant for a business described in section 30-61 only if the business is located in a zoning district where such use is permitted, the applicant is a person of good moral character, and the applicant has not been found guilty of a violation of I.C. ch. 453A, 453E or this article.
(C42, § 48-6; C54, C62, § 14-4; C75, C79, C85, § 9-47; O.11,602; C91, § 9-47; O.16,411)

Sec. 30-67. Suspension or revocation of permit.

(a) Any permit issued pursuant to this article may be suspended or revoked or its renewal denied for violation of I.C. ch. 453A, 453E, this article, or any other chapter of this Code.

(b) No such suspension, revocation or denial shall issue except upon notice delivered to the permittee by mailing notice in the regular mail addressed to the permittee at the premises covered by such permit a minimum of ten days prior to the date set for hearing before the council. Such notice shall inform the permittee of the time, date and place of the hearing and shall set out briefly the reasons therefor.

(c) If, after such hearing, the city council makes a finding based on substantial evidence that a violation of this article or another chapter of this Code did in fact take place as alleged, the city council may suspend or revoke the permit or deny its renewal; the determination of whether to so suspend, revoke or deny such permit shall be in the discretion of the city council and shall be dependent upon the circumstances surrounding the violation and its severity.

(d) A permittee whose permit has been revoked or its renewal denied shall not be eligible for another such permit for a period of one year after such revocation.
(C79, § 9-47.01; O.10,723; C85, § 9-47.01; O.11,602; C91, § 9-47.01; O.16,411)

Sec. 30-68. Duration of permits; separate permit required for each place of business.

Permits issued under this article shall extend to June 30 in each year next following issuance. They shall be effective only to June 30 next after being issued and shall then become void unless the holder shall pay and secure receipts for the annual permit fee on or before June 30. One permit shall be so secured and kept effective and valid, for each location in which any such business is done or contemplated, before the business may be engaged in at such location.
(C42, § 48-5; C54, C62, § 14-5; C75, C79, C91, § 9-48; O.16,411)

Secs. 30-69—30-95. Reserved.

ARTICLE IV. COIN-OPERATED VENDING MACHINES

Sec. 30-96. Unattended machines.

All business establishments that operate without personnel in continuing attendance and that provide a service or product from or through one or more coin-operated vending machines must ensure that a visible serial number is displayed on each such machine, and each such establishment must have visibly displayed the name, address and telephone number of a person who shall be reasonably available to make refund or adjustment if one or more of the machines fail to operate or malfunction.
(C79, § 9-53.01; O.10,512; C91, § 9-53.01)

ARTICLE IV(A). DONATION BINS

Sec. 30-97. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Donation bin. An unattended portable receptacle or container held out to the public as a place for people to donate clothing and textiles for the distribution, resale, or recycling thereof.

Property owner. The owner and tenant, collectively, of the real estate upon which a donation bin is located.

Operator. The person or entity which owns the donation bin and is responsible for collecting and processing all donations from the donation bin.

Premises. The real estate parcel upon which the donation bin is located or proposed to be located.
(O.16,303)

Sec. 30-98. Permits required.

(a) Before offering a donation bin in the city, the operator shall obtain an annual permit for each donation bin from the city clerk as provided in this article.

(b) Said annual donation bin permit shall be tied to the premises and shall allow the operation of the donation bin for 365 consecutive days.

(c) Failure to obtain the annual permit for each donation bin required herein shall result in enforcement action pursuant to this article.
(O.16,303)

Sec. 30-99. Application for permits—All applicants.

A. A separate online application shall be required for each donation bin.

B. Every operator shall apply to the city clerk for a donation bin permit at least 30 business days prior to use by providing the following information upon a form to be provided by the city clerk, and must demonstrate to the satisfaction of the city clerk and the zoning enforcement officer that the premises meet the following requirements:

(1) The full name, organization or business name, address, email, and phone number of the operator of the donation bin.

(2) Written consent of the property owner for the donation bin to be placed on the premises.

(3) Written consent from any other party who has a property interest in the portion of the premises in which the donation bin is proposed to be placed.

(4) Written consent of the property owner authorizing the city to remove the donation bin, its contents, and donations surrounding the donation bin, if any, from the premises in the event said donation bin has not complied with this article.

(5) Site plan drawn to scale on 8.5" × 11" sheet format minimum identifying:

i. The premises,

ii. The area size and location within the premises of the proposed donation bin(s),

iii. The zoning district of the premises,

iv. The overall property lines, including the distance from all public right-of-way, ingress and egress locations, parking areas, and buildings on the premises,

v. The number of parking spaces that will be removed by the placement of the donation bin, if any, and

vi. the number of parking spaces that will remain available for parking after installation of the donation bin.

(6) A written statement from the operator affirming the clothing and textile donations collected in the donation bin will be used for distribution, resale, recycling, or a combination thereof.

(7) A written statement from the operator instructing how the public will go about receiving a tax deduction for their donation, if applicable.

(8) A description of the donation bin, including but not limited to:

a. The size of the donation bin,

b. The material of the donation bin, and

c. A brief explanation as to how the public would interface with and operate the donation bin to complete their donation.

(9) An elevation sketch displaying all sides of the donation bin, including all design elements, including instructions to the public as to how to use the donation bin and how to pursue a tax deduction for their donation, if applicable.

(O.16,303)

Sec. 30-100. Indemnification.

In addition to any terms and conditions negotiated between the city and the operator and property owner, upon signing the application for a donation bin permit under this article, the operator and property shall both be deemed to have agreed to hold the city harmless from and indemnified against all damages arising from the placement, use, maintenance, or repair of the donation bin.
(O.16,303)

Sec. 30-101. Insurance.

Before granting a donation bin permit under this article, the city may require liability insurance in an amount satisfactory to the city and sufficient to hold the city harmless from and indemnified against all damages arising from or growing out of the placement, use, maintenance, or repair of the donation bin, when the city has determined that such insurance is required by the public interest.
(O.16,303)

Sec. 30-102. Cash bond.

(a) No donation bin permit shall be issued until the applicant has delivered to the city clerk a cash bond as set out in the schedule of fees. The bond shall be held to indemnify and pay the city any penalties or costs incurred in the enforcement of any of the sections of this article.

(b) The balance of the bond shall be released by the city clerk and returned to the applicant upon request by the applicant at any time more than three months after expiration of the donation bin permit for which the cash bond was provided.
(O.16,303)

Sec. 30-103. Permit fee.

(a) The applicant for a donation bin permit shall pay a fee at the time of filing the application in the amount set in the schedule of fees adopted by city council by resolution.

(b) In the event the application for a donation bin permit is denied or withdrawn by the applicant, either all or a portion of the permit fee in an amount set in the schedule of fees adopted by the city council shall be retained by the city to defray the administrative costs incurred.
(O.16,303)

Sec. 30-104. Permit issuance.

(a) A donation bin permit shall be denied to any applicant who has been the subject of an enforcement action or whose property has been the subject of an enforcement action for violating any section of this Code within the prior 90 days.

(b) Following review of the application by the zoning enforcement officer, the city clerk or the city clerk's designee shall, upon satisfaction that the information provided in an application for a donation bin permit is true and correct, and that the requirements of this article for issuance of the permit have been satisfied, and upon payment of the permit fee and posting of a cash bond, if required by this article, issue the permit.

(c) Said issuance of donation bin permit or a denial of such request shall be completed within 15 calendar days of applicant's completed application.

(d) The city clerk shall deny any application for the operation of a donation bin permit that does not conform with all applicable requirements of this article, this Code, the Iowa Code and the Iowa Administrative Code.
(O.16,303)

Sec. 30-105. Appeal of denial of application.

(a) The denial of an application for donation bin permit may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code.

(b) In the event an application for a donation bin permit is denied, the city clerk or the city clerk's designee shall cause notice of such denial to be promptly communicated to the applicant or the applicant's representative by phone at the phone number provided in the application. Written notice shall also be sent by first class mail to the applicant at the business address identified in the application informing the applicant of the denial, the reasons therefore, and the applicant's right to appeal the denial to an administrative hearing officer by filing a written notice of appeal with the city clerk within ten business days after the date of such notice.
(O.16,303)

Sec. 30-106. Location and size of donation bins.

(a) The number of donation bins should not exceed one bin for sites five acres or less, and the number of donation bins should not exceed two bins for sites over five acres.

(b) All donation bins shall be placed on an improved, paved, durable and drainable surface. If placed in a parking area, the donation bin shall not reduce the number of available parking spaces below the minimum required for the premises.

(c) Donation bins shall only be allowed within the P1 and P2 zoning districts intended for public, civic and institutional principal uses, and shall only be allowed within parcels that have a permitted primary use.

(d) The donation bin may not exceed a total area of 25 square feet, which shall be limited to eight feet in height and 200 cubic feet in volume.

(e) Donation bins may not be placed within public right-of-way, any drive aisle, required parking or loading spaces, fire lanes, walkways or any other location which would impede vehicular or pedestrian travel, including Americans with Disabilities Act compliance, as determined by the city in the city's sole discretion.

(f) The donation bin may only be placed within a paved area of the premises.

(g) The proposed location of the donation bin must be setback at least 20 feet from all public right-of-way and must be setback at least ten feet from all adjoining property lines.
(O.16,303)

Sec. 30-107. Restrictions on operations of donation bins.

(a) All donation bins shall be limited to only the collection of clothing and textiles.

(b) All donation bins are strictly prohibited from collecting hazardous materials as regulated by the department of natural resources.

(c) All donation bins shall clearly display a message indicating that no donated items, garage, or other debris are to be left outside of the donation bin, which message shall be a minimum of 1' × 1.5' area in size.

(d) All donation bins shall clearly display the name, address, telephone number, and email address for the operator, which message shall be a minimum of 1' × 1.5' area in size.

(e) The operator shall be responsible for the installation, maintenance, emptying of, monitoring of, repair, and compliance of the donation bin with all provisions of this article.

(f) In the event of removal of a donation bin, the operator shall also be responsible for removing all donations surrounding the donation bin.

(g) Private property owners shall not allow, permit or authorize any person or entity to place or operate a donation bin on their premises without donation bin permit required by this article.

(h) Private property owners or lessees shall not allow, permit, or authorize the use of any property within the control of the private property owner or lessee in violation of any of the sections of this article.

(i) Operators shall not operate the donation bin in a manner that violates the Noise Control Ordinance of the City of Des Moines set forth in article IV of Chapter 42 of this Code.

(j) All donation bins shall be made of metal, steel or other durable material acceptable to the city in the city's sole discretion.

(k) All donation bins shall be enclosed by the use of a one-way drop off mechanism and lockable, both so the contents may not be accessed by anyone other than the operator.
(O.16,303)

Sec. 30-108. Transferability of permit.

Donation bin permits issued under this article are transferable and shall not be assigned by any operator or property owner.
(O.16,303)

Sec. 30-109. Renewal of permit.

Annual donation bin permits may be renewed for the same period so long as there have been no violations of this article, upon payment of the fee required by section 30-103 of this article and upon posting of the cash bond required by section 30-102 of this article.
(O.16,303)

Sec. 30-110. Suspension or revocation of permit.

(a) Upon complaint or reasonable suspicion that a permit holder or the permit holder's employees or agents furnished any false information required under this article or has violated or failed to comply with any of the requirements of this article or any other chapter of this Code, the city clerk or the city clerk's designee may cause the matter to be investigated. If the city clerk or the city clerk's designee finds that the permit holder or the permit holder's employees or agents furnished any false information required under this article or has violated or failed to comply with any of the requirements of this article or any other chapter of this Code, the city clerk or the city clerk's designee may give notice to the permit holder of the city's intent to suspend or revoke the permit, or to deny its renewal.

(b) Notice of the city's intent to suspend, revoke, or deny the renewal of a permit and a brief summary of the factual basis for such remedial action shall be served upon the permit holder. Such notice shall inform the permit holder of the time, date and place of a meeting where the permit holder may meet with the city clerk or the city clerk's designee for the purpose of presenting additional information regarding the intended remedial action and the factual basis therefore, and that a final decision on appropriate remedial action will made after the schedule time for such meeting. Such notice shall be served upon the permit holder by personal service or by service upon a cashier, 18 years of age or older, for the business where business is conducted, or by regular mail addressed to the permit holder at the permit holder's business address as shown on the application a minimum of five business days prior to the date set for the meeting.

(c) If, after the scheduled meeting and after consideration of all the available information including any information provided at the meeting by the permit holder, the city clerk or the city clerk's designee makes a finding based on substantial evidence that a violation of this article or another chapter of this Code did in fact take place as alleged, the city clerk or the city clerk's designee may suspend or revoke the permit or deny its renewal; the determination of whether to so suspend or revoke the permit or deny its renewal shall be in the discretion of the city clerk or the city clerk's designee and shall be dependent upon the circumstances surrounding the violation and its severity. The decision to suspend, revoke or deny renewal of a permit shall be in writing and shall identify the basis for such action. The decision shall be promptly served in the same manner as required for the service of the notice required under subsection (b), and shall not be effective until ten days after so served. The decision shall also give notice that it may be appealed to an administrative hearing officer by filing a notice of appeal with the city clerk within ten business days of the date of the decision.

(d) The decision of the city clerk or the city clerk's designee to suspend, revoke or deny renewal of a permit pursuant to this section may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code.

(e) A permit holder whose permit has been revoked or denied for renewal shall not be eligible for a permit under this article for a period of 180 days after such revocation or denial of renewal.
(O.16,303)

Sec. 30-111. Duty for the operation, maintenance, and repair.

(a) Donation bins shall be repaired and maintained to the appearance consistent with what was approved by the city in the application for the donation bin permit.

(b) The operator shall be responsible for emptying their donation bins in a timely manner to avoid the accumulation donations surrounding the donation bins.

(c) The operator shall be responsible for maintaining and repairing the donation bins, including but not limited to any damage caused by third parties.

(d) The city shall not be required to incur any cost associated with the donation bins.
(O.16,303)

Sec. 30-112. Failure to secure or renew donation bin permit.

(a) Any person failing to secure a permit required under this article shall cause the subject donation bins to be removed within 15 calendar days of the city's mailing of written notice.

(b) Any donation bin permit not renewed on or before its date of expiration shall automatically expire, and the donation bin(s) used or maintained thereunder shall immediately be removed by the operator without further notice from the city within 15 calendar days of the city's mailing of written notice.

(c) Any donation bin permit issued pursuant to this article which has expired may be reinstated by payment of the required fee plus an administrative charge of ten percent for each month or part thereof for which the fee is overdue, up to a maximum of 100 percent of the original fee.
(O.16,303)

Sec. 30-113. Removal of donation bins.

(a) Whenever the city has revoked a donation bin permit required under this article or the donation bin permit has expired, the operator or property owner shall cause the donation bin(s) to be removed immediately as well as any donations and debris accumulated and surrounding the donation bins, if any.
(O.16,303)

Sec. 30-114. Municipal infractions and penalties.

(a) Any person who violates this article shall be guilty of a municipal infraction punishable pursuant to Municipal Code section 1-15. Any person who violates a section of this article after having previously been found guilty of violating the same section of this article shall be guilty of a repeat offense.

(b) Relief under this section shall be in addition to the remedies set forth in section 30-110.
(O.16,303)

Sec. 30-115. Violation constitutes a public nuisance.

(a) Every violation of this article, for which removal of the donation bin is required shall also constitute a public nuisance subject to abatement and enforcement pursuant to the procedures set forth in article VI of chapter 42 of this Code.

(b) The processes set forth in this article are not exclusive remedies for the city and alternate relief may be sought pursuant to any other sections of this Code or Iowa law that may be applicable.
(O.16,303)

Secs. 30-116—30-125. Reserved.

ARTICLE V. OUTDOOR PARKING LOTS*

Sec. 30-126. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings

*__Cross reference—__Stopping, standing and parking generally, § 114-354.01 et seq.

ascribed to them in this section, except where the context clearly indicates a different meaning:

Outdoor motor vehicle parking space means any plot or parcel of land within the corporate limits used or to be used by any owner or lessee thereof for the parking or storage of motor vehicles for which a fee is charged, or which is used or to be used for the sale of motor vehicles by a dealer, except a garage or other building totally enclosed on all sides by walls and doors or windows and covered by a roof. The term shall include areas used for ingress to and egress from actual parking or storage spaces or sale lots.

Surface means any portion of an outdoor motor vehicle parking place used or to be used for the actual parking, storage or sale of motor vehicles or for ingress to or egress from the place of actual parking, storage or sale.
(C42, § 20-1.01; O.5392; C54, C62, § 33-1; C75, C79, C91, § 9-72)

Cross reference—Definitions generally, § 1-2.

Sec. 30-127. Surface treatment.

No person shall operate or be concerned with the operation of any outdoor motor vehicle parking space unless the surface of such space shall first have been covered with concrete to a depth of at least six inches or with plant-mixed asphalt to a depth of at least two inches laid upon stone bracing of not less than three inches in depth or unless the surface shall be covered with a quantity of calcium chloride, emulsified asphalt solution or other dust-preventive substance approved by the department of natural resources sufficient to prevent the accumulation and blowing of dust or dirt upon or from the surface. Any person operating or concerned with the operation of any outdoor motor vehicle parking space described in this section, which is not covered with concrete to a depth of at least six inches or asphalt to a depth of at least two inches laid upon stone bracing of not less than three inches in thickness, shall renew the dust-preventive covering on the surface of that space as often as shall be necessary to prevent the accumulation and blowing of dust upon and from it. In spaces on which road oil is used, this shall be construed to require thorough covering of the surface with such oil at least once every four months.
(C42, § 20-1.02; O.5392; C54, C62, § 33-2; C75, C79, C91, § 9-73)

Sec. 30-128. Dust, dirt or debris.

No person operating or concerned with the operation of an outdoor motor vehicle parking space in the city shall permit dust, dirt or other debris to accumulate upon the surface of that space or to blow from such surface.
(C42, §§ 20-1.04, 20-1.03; O.5392; C54, C62, § 33-3; C75, C79, C91, § 9-74)

Sec. 30-129. Unattended motor vehicles.

No person operating or concerned with the operation of any outdoor motor vehicle parking space shall permit a motor vehicle to be parked therein without locking the ignition and removing the key, unless there is an attendant on duty.
(C54, § 33-4; O.5716; C62, § 33-4; C75, C79, C91, § 9-75)

Secs. 30-130—30-155. Reserved.

ARTICLE VI. PAINTING HOUSE NUMBERS ON CURBING*

Sec. 30-156. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Painter means a person who engages in the business of painting house numbers on curbs in public right-of-way.
(C79, § 9-75.01; O.9995; C91, § 9-75.01)

Cross reference—Definitions generally, § 1-2.

Sec. 30-157. License required.

Before soliciting an agreement to paint house numbers on a curb for a fee, a painter shall

*__Cross references—__Buildings and building regulations, ch. 26; numbering of buildings, § 102-961 et seq.

obtain from the city clerk a license as described in this article. The license shall be for the use of that person only and shall be nontransferable.
(C79, § 9-75.02; O.9995; C91, § 9-75.02)

Sec. 30-158. Duration of license.

The license required by this article shall be effective from January 1 through December 31 of the given year.
(C79, § 9-75.03; O.9995; C85, § 9-75.03; O.11,602; C91, § 9-75.03)

Sec. 30-159. Application and issuance of license.

An application shall be filed with the city clerk for a license required under this article. The city clerk shall issue such license if the requirements of this article are met.
(C79, § 9-75.04; O.9995; C91, § 9-75.04, 15,768)

Sec. 30-160. Information in license application.

The application for a license required under this article shall include the following:

(1) The name of the person applying.

(2) The address of that person. If the person making application has a temporary address, the person's permanent home address is also required.

(3) A copy of the applicant's state issued identification card or driver's license.

(4) The applicant's telephone number and e-mail address.

(5) A copy of the advertising, if any, which the painter will use in promoting the curb painting service.

(C79, § 9-75.05; O.9995; C91, § 9-75.05; O.14,803, 15,768)

Sec. 30-161. License fees.

(a) An applicant for a house number painting license shall submit a fee to the city clerk at the time of filing the application.

(b) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, a portion of the application fee shall be retained by the city clerk for the cost of administration.

(c) The license fee and its nonrefundable portion for a housing number painting license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(C79, § 9-75.06; O.9995; C85, § 9-75.06; O.11,548; C91, § 9-75.06; O.14,183)

Sec. 30-162. Conditions of license.

The license issued pursuant to this article shall have the following conditions:

(1) A painter must enter into a verbal agreement with the owner or a representative of the owner of the driveway, which abuts the curb to be painted, before painting is commenced.

(2) The painter must exhibit a current license to such owner or the owner's representative before negotiating such verbal agreement.

(3) Employees of the painter must be licensed pursuant to this article.

(4) Employees of the painter must work under the direct supervision of the painter when painting house numbers on curbs.

(5) Advertising used, if any, by the painter to promote the curb painting service shall not directly or indirectly state that the City of Des Moines recommends, promotes, requires or sponsors any curb painting. A reference that the painter has a curb painting license is allowed.

(C79, § 9-75.07; O.9995, 10,723; C91, § 9-75.07; O.14,803, 16,528)

Sec. 30-163. Suspension or revocation of license.

Any license issued pursuant to this article may be suspended or revoked or its renewal denied for violation of this article or any other

chapter of this Code, and the procedures for such suspension, revocation or denial shall be those contained in section 30-30 of this chapter.
(C79, § 9-75.08; O.9995, 10,723; C85, § 9-75.08; O.11,602; C91, § 9-75.08)

Secs. 30-164—30-190. Reserved.

ARTICLE VII. PROFESSIONAL BONDSMEN

Sec. 30-191. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings

ascribed to them in this section, except where the context clearly indicates a different meaning:

Bondsman means any person signing as a surety on a bail, surety or other bond which is filed with the associate district court clerk, or any person engaged in and soliciting bond business for such surety. This definition shall not be deemed to apply to pretrial release personnel.
(C42, § 47-1; C54, C62, § 41-1; C75, C79, C85, § 9-111; O.11,602; C91, § 9-111)

Cross reference—Definitions generally, § 1-2.

Sec. 30-192. Solicitation by city employees.

No city employee shall solicit business, either directly or indirectly, for any bondsman.
(C42, § 47-4; C54, C62, § 41-4; C75, C79, C91, § 9-114)

Sec. 30-193. Entering jail to solicit.

No person shall enter or be permitted to enter into the city jail for the purpose of soliciting bail bond business.
(C42, § 47-5; C54, C62, § 41-5; C75, C79, C91, § 9-115)

Secs. 30-194—30-220. Reserved.

ARTICLE VIII. SECONDHAND GOODS

DIVISION 1. GENERALLY

Secs. 30-221—30-245. Reserved.

DIVISION 2. SALVAGE DEALERS AND SALVAGE YARDS

Sec. 30-246. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Inoperable vehicle means any motor vehicle that lacks a current registration or component part which renders the vehicle totally unfit for legal use.

Junk means all old or scrap copper, brass, lead, or any other nonferrous metal; old rope, rags, batteries, paper, trash, rubber debris, waste, used lumber or salvaged wood; dismantled or inoperable vehicles, machinery and appliances or parts of such vehicles, machinery or appliances; iron, steel, or other old or scrap ferrous material; old discarded glass, tinware, plastic, or old discarded household goods or hardware.

Junkyard means any place not fully enclosed in a building, excluding a salvage yard, which is used in whole or in part for the storage or deposit of junk encompassing either of the following:

(1) An area of 200 square feet or more; or

(2) Two or more inoperable vehicles or used parts and materials thereof which, taken together, equal the bulk of two or more motor vehicles.

Salvage dealer means any person who buys, sells, transfers, delivers, or stores junk, including all persons who carry on such business at a shop, a salvage yard or as a peddler, and any person who by advertisement, sign or otherwise holds himself or herself out as a salvage dealer, or dealer in old or discarded metals, machinery, rags, paper stock, and the like.

Salvage yard means any place not fully enclosed within a building where a salvage dealer, in connection with the salvage dealer business, stores or deposits junk encompassing either of the following:

(1) An area of 200 square feet or more; or

(2) Two or more inoperable vehicles or used parts and materials thereof which, taken together, equal the bulk of two or more motor vehicles.

(C42, § 54-1; C54, C62, § 26-1; O.8838; C75, C79, § 9-54; O.10,205; C85, § 9-54; O.11,147; C91, § 9-54)

Cross reference—Definitions generally, § 1-2.

Sec. 30-247. License required.

No person shall carry on the business of salvage dealer in the city without first paying the license fee and procuring a salvage dealer's license.
(C42, § 54-1; C54, C62, § 26-2; O.8838; C62, § 26-3; C75, C79, § 9-56; O.10,205; C79, C91, § 9-55)

Sec. 30-248. License fee.

(a) An applicant for a salvage dealer license shall submit a fee to the city clerk at the time of filing the application.

(b) An applicant who files for renewal less than 30 days prior to the date of license expiration shall pay a late fee.

(c) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, a portion of the application fee shall be retained by the city clerk for the cost of administration.

(d) The license fee and its nonrefundable portion for a salvage dealer license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(C42, § 54-2; C54, § 26-3; O.6029; C62, § 26-3; O.8838; C62, § 26-4; C75, § 9-57; O.9140; C79, § 9-57; O.9910, 9925, 10,205; C79, C91, § 9-56; O.14,183)

Sec. 30-249. Duration of license.

All salvage dealers' licenses granted under this division shall expire on June 30 next after they are issued.
(C42, § 54-2; C54, C62, § 26-4; O.8838; C62, § 26-6; C75, C79, § 9-59; O.10,205; C79, C85, § 9-57; O.11,602; C91, § 9-57)

Sec. 30-250. Application for license.

Application for a salvage dealer's license under this division shall be made in writing by regular mail to the city clerk at least 30 days prior to the date of issuance of such license. Upon such application the city clerk shall request the building, zoning and fire departments to inspect the premises for which the applicant seeks a license and, if the premises comply with applicable statutes and ordinances, the building, zoning and fire departments shall notify the city clerk before the date for the issuance of the license.
(C62, § 26-7; O.8838; C75, C79, § 9-60; O.9910, 10,205; C79, C91, § 9-58; O.14,183, 15,935)

Sec. 30-251. Issuance and contents of license.

Upon receiving the license fee and the notification of compliance as required by this division, the city clerk shall issue a license to the applicant which shall state the name of the business, the address of the premises covered by the license, the date when issued, and the date when it will expire.
(C42, § 54-3; C54, C62, § 26-5; O.8838; C62, § 26-8; C75, C79, § 9-61; O.10,205; C79, C91, § 9-59; O.15,935)

Sec. 30-252. Numbering of licenses and retention of stub.

All licenses issued under this division will be numbered, and the city clerk shall keep a copy of the license on file.
(C42, § 54-3; C54, C62, § 26-6; O.8838; C62, § 26-9; C75, C79, § 9-62; O.10,205; C79, C91, § 9-60; O.15,935)

Sec. 30-253. License for each place of business.

Any person conducting several or separate places of business as a salvage dealer shall pay the license fee and procure a license for each such place. The license for the premises shall be conspicuously displayed at the premises.
(C42, § 54-4; C54, C62, § 26-7; O.8838; C62, § 26-10; C75, C79, § 9-63; O.10,205; C79, C91, § 9-61)

Sec. 30-254. Records.

(a) Each salvage dealer shall keep complete, accurate, and legible records in the English language of all purchases and receipt of all junk, such records to include the following:

(1) The identity of the person from whom received or purchased. Including:

a. Name and address,

b. Date of birth,

c. Iowa drivers license number or Iowa identification number, or social security number with photo identification indicating the type of photo identification provided,

d. Sex,

e. Age, and

f. Height.

(2) The vehicle license plate number of the vehicle that delivered the junk material.

(3) The date and hour of the purchase or receipt of the junk material.

(4) A reasonably accurate inventory and description of the junk obtained.

(5) The value or amount paid for the junk material.

(6) The weight or other quantity of junk obtained.

(7) From whom and at what time and place the junk was obtained by the person from whom it was bought or received.

(8) The date and manner of disposition of the junk by each article or in bulk by the salvage dealer.

(9) The name and address of the person to whom the junk was sold or otherwise disposed.

(10) Catalytic converter purchases and receipts shall be recorded and kept per the requirements of I.C. § 714.27.

(b) Such records shall be maintained and located at the business for at least one year from the date of purchase and may be maintained by entering such purchases or receipts into an automated web-based system utilized by the police department.

(C42, § 54-6; C54, C62, § 26-10; O.8838; C62, § 26-11; C75, C79, § 9-64; O.10,205; C79, C85, § 9-62; O.11,602; C91, § 9-62; O.14,676, 15,935)

Sec. 30-255. Examination of premises and records.

It shall be unlawful for any salvage dealer or any other person to refuse, resist, or attempt to prevent any city employee or any authorized city agent from making a reasonable examination of the area in which junk is stored or deposited or the records required by section 30-254 of this division.

(C42, § 54-8; C54, C62, § 26-16; O.8838; C62, § 26-12; C75, C79, § 9-65; O.10,205; C79, C91, § 9-63)

Sec. 30-256. Segregation of specific items.

Upon order of the chief of police or his or her designated representative, each salvage dealer shall segregate specific items or categories of items and hold such items until authorized to dispose of the items by the police department. The holding period shall be a reasonable time and shall not exceed 45 days. However, no inoperable motor vehicle shall be disposed of, dismantled, or destroyed until after seven days of receipt of such vehicle.

(C62, § 26-13; O.8838; C75, C79, § 9-66; O.10,205; C79, C85, § 9-64; O.11,602; C91, § 9-64)

Sec. 30-257. Concealing articles to prevent identification.

No salvage dealer shall conceal, secrete or destroy any article purchased or received by him or her to prevent identification thereof by law enforcement officers or any person claiming the article.

(C42, § 54-8; C54, C62, § 26-15; O.8838; C62, § 26-14; C75, C79, § 9-67; O.10,205; C79, C91, § 9-65)

Sec. 30-258. Disposing of stolen goods or goods for which there is adverse claim.

No salvage dealer shall sell, melt, break up, or otherwise dispose of any article which he or she has reason to believe has been stolen or which is adversely claimed by any person or which he or she has been notified not to sell or otherwise dispose of by any law enforcement officer, without first obtaining a permit in writing from the police department.

(C42, § 54-8; C54, C62, § 26-17; O.8838; C62, § 26-15; C75, C79, § 9-68; O.10,205; C79, C91, § 9-66)

Sec. 30-259. Effect of division on clerks, agents and employees.

Every clerk, agent or employee of any salvage dealer shall be subject to and bound by all the sections of this division and liable to the same penalties and to the same extent as his or her employer or principal for any violation of this division.
(C42, § 54-4; C54, C62, § 26-8; O.8838; C62, § 26-16; C75, C79, § 9-69; O.10,205; C79, C91, § 9-67)

Sec. 30-260. Conditions subject to abatement; penalties.

(a) If any salvage yard or junkyard is kept or operated in a way detrimental to the health and welfare of the public to the extent that a public or private nuisance exists or is kept or operated contrary to this division or if any salvage dealer fails to comply with the licensing sections of this division, the city shall notify in writing the owner of the land upon which such salvage yard or junkyard is kept or operated and, where applicable, the operator thereof of the detrimental or violative conditions, permitting a reasonable time, not less than ten days, to correct such conditions or violations. If the owner or operator fails to correct such conditions or to comply with this division within such time, the city may seek abatement of the nuisance or bring an action enjoining the violation. The abatement of a nuisance shall be considered of benefit to the owner of the land, and the costs of such corrective action shall be chargeable to the owner and, if not paid, shall constitute a lien upon the premises and shall be assessed in the manner of a special assessment and collected in the same manner as general taxes as is provided by law. The remedies provided in this section shall be in addition to the fines or penalties provided for in section 1-15 of this Code.

(b) Any person who fails to perform an act required by this division or who commits an act prohibited by this division shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C62, § 26-17; O.8838; C75, C79, § 9-70; O.10,205; C79, C91, § 9-68; O.15,608)

Sec. 30-261. Suspension or revocation of license.

(a) Any license issued pursuant to this division may be suspended or revoked or its renewal denied for violation of this division or any other chapter of this Code. No such suspension, revocation or denial shall issue except upon notice delivered to the licensee by mailing the notice in the regular mail addressed to the licensee at the licensed premises a minimum of ten days prior to the date set for informal hearing before the chief of police or chief's designee or the community development department director or designee. Such notice shall inform the licensee of the time, date and place of informal hearing; the purpose of the hearing; and shall set out briefly the reasons therefor.

(b) If, after such informal hearing, the chief of police or chief's designee or the community development department director or designee makes a finding based on substantial evidence that a violation of this division or another chapter of this Code did in fact take place as alleged, the chief of police or chief's designee or the community development department director or designee may suspend or revoke the license or deny its renewal depending upon the circumstances surrounding the violation and its severity. Upon a suspension, revocation, or denial of renewal, the city clerk shall be notified of such action.

(c) The decision to suspend, revoke, or deny renewal of the license is appealable pursuant to chapter 3 of this Code.

(d) A licensee whose license has been revoked or its renewal denied shall not be eligible for another such license for a period of 180 days after such revocation or denial.
(C79, § 9-68.01; O.10,723; C91, § 9-68.01; O.14,676, 15,935)

Secs. 30-262—30-290. Reserved.

DIVISION 3. PAWNBROKERS

Sec. 30-291. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings

ascribed to them in this section, except where the context clearly indicates a different meaning:

Automated pawn/secondhand records system means the records system utilized by the police department to track pawn and/or secondhand goods transactions by pawnbrokers and/or secondhand goods dealers.

Negative police report means a review compiled by the chief of police or his or her designee which discloses a criminal record of a felony or any conviction under this division two or more times in a calendar year or a conviction under I.C. ch. 714 or failure to have a computer that has internet access and the capability to utilize the automated pawn/secondhand records system.

Negative zoning enforcement officer report means a review compiled by the zoning enforcement officer or his or her designee which discloses non-compliance with zoning requirements contained in the Des Moines Municipal Code.

Pawnbroker means every person who makes loans or advancements upon pawn, pledge or deposit of personal property or who receives actual possession of personal property as security for loans, with or without a mortgage or bill of sale thereon, or who by advertisement, sign or otherwise holds himself or herself out as a pawnbroker.

Positive police report means a review compiled by the chief of police or his or her designee which does not disclose a criminal record of a felony or any conviction under this division two or more times, in a calendar year, or a conviction under I.C. ch. 714.

(C42, §§ 56-1, 56-4; C54, C62, §§ 35-2, 35-6; C75, C79, C85, § 9-76; O.11,253; C91, § 9-76; O.14,911, 14,979, 15,819, 15,935)

Cross reference—Definitions generally, § 1-2.

Sec. 30-292. License required.

(a) No person shall engage in the pawn business without first obtaining a pawnbroker license.

(b) All applicants for such licenses shall apply to the city clerk.

(c) All license applications shall contain the following information:

(1) The full name, residential address, business address, a copy of the state issued identification card or driver's license for the applicant and, where the applicant is a corporation or partnership, for each officer or partner;

(2) The name and address of the owner of the business' premises;

(3) The business, occupation or employment of the applicant, including location thereof, for the two years immediately preceding the date of application; and

(4) A copy of the criminal history background check for the applicant and, where the applicant is a corporation or partnership, for each officer or partner.

(5) Whether the applicant has a computer that can access the internet and utilize the automated pawn records system.

(C42, § 56-1; C54, C62, § 35-1; C75, C79, C85, § 9-77; O.11,253; C91, § 9-77; O.14,911, 15,768)

Sec. 30-293. License criteria.

Upon receipt of a pawnbroker license application, the city clerk shall forward a copy of the application to the chief of police and the zoning enforcement officer or their designees who shall review the application. The applicant shall furnish such evidence as may reasonably be required in support of the statements set forth in the application. The chief of police and the zoning enforcement officer or their designees shall report to the city clerk within 30 days of receipt of the application considering but not limited to the criteria of whether:

(1) The applicant or his or her agent or employee charged with receiving or distributing property has been convicted of a felony. However, if the conviction of a felony occurred more than five years before the application for a pawnbroker license and if such person's rights of citizenship have been restored by the governor, such conviction shall not be a bar to obtaining a pawnbroker license;

(2) The applicant has truthfully reported all relevant facts within the pawnbroker application;

(3) The applicant has such financial standing and good reputation to indicate that he or she will comply with all the laws of the state and the city; and

(4) The applicant has a computer and internet access at the licensed premises that can utilize the police pawn/secondhand transaction website and automated pawn/secondhand records system.

(5) The pawnbroker's business complies with zoning requirements contained in chapter 134 and all relevant site plan regulations and guidelines contained in chapter 82 of the Des Moines Municipal Code.

(C42, § 56-2; C54, C62, § 35-7; O.8462; C75, § 9-78; O.9140; C79, C85, § 9-78; O.11,253; C91, § 9-78; O.14,911, 14,979, 15,819, 15,935)

Sec. 30-294. License issuance.

(a) Upon receipt of a positive police report, positive zoning report and the appropriate fees, the city clerk shall approve the application if the applicant has fully complied with all of the requirements of this division, and the city clerk shall thereupon issue a pawnbroker license to the applicant and keep a copy on file. The license shall expire on December 31 next after the date of issuance. The license shall state the name of the business licensed, and the place where it is to be carried on, and the date of issuance and expiration of the license.

(b) If the city clerk determines that the applicant for a new or renewal license has not fully complied with all of the requirements of this division or that a negative police report is returned, or a negative zoning report is returned or that the applicant has falsified his or her application, the city clerk shall, advise the community development department and the chief of police of the basis for questioning the applicant's qualifications, and the procedures for notice and hearing as set forth in section 30-300 of this division shall apply.

(C42, § 56-3; C54, C62, § 35-3; C75, C79, C85, § 9-79; O.11,253; C91, § 9-79; O.15,768, 15,935)

Sec. 30-295. License fee.

An applicant for a pawnbroker license shall submit a fee to the city clerk at the time of filing the application. The license fee shall be reduced by 25 percent if the application is filed during the second quarter of the calendar year, 50 percent if the application is filed during the third quarter of the calendar year, and 75 percent if the application is filed during the last quarter of the calendar year. If the application is denied, $50.00 of the total fee shall be retained to cover administrative costs. An applicant who makes a late application for renewal of a pawnbroker license shall pay a late fee. The license fee and late fee for a pawnbroker license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.

(C42, § 56-2; C54, C62, § 35-8; C75, C79, C85, § 9-80; O.11,253; C91, § 9-80; O.14,181, 15,935)

Sec. 30-295.1. Pawnbroker transaction fee.

(a) A pawnbroker shall collect a transaction fee in an amount set in the schedule of fees adopted by the city council by resolution. The transaction fee shall be collected from each customer per visit for pawn loans or pawnbroker purchases.

(b) The pawnbroker shall pay to the city all transaction fees collected. The pawnbroker shall pay such fees within 30 days of the date the city finance department mails a quarterly bill to the pawnbroker.

(O.14,290)

Editor's note—Ord. No. 14,290, adopted Nov. 17, 2003, which enacted this § 30-295.1 shall be in full force and effect on January 1, 2004. See the editor's note to § 30-301 for further information.

Sec. 30-296. Separate license for each place of business.

Any person conducting several or separate pawnbroking businesses shall pay the license fee and procure a license for each place, and any violations in one licensed premises shall be deemed violations in all premises licensed by that pawnbroker.

(C42, § 56-3; C54, C62, § 35-4; C75, C79, C85, § 9-81; O.11,253; C91, § 9-81)

Sec. 30-297. Display of license.

Every licensed pawnbroker shall display his or her license conspicuously in the business so that it may be readily observed by all persons entering the premises.
(C42, § 56-4; C54, C62, § 35-5; C75, C79, C85, § 9-82; O.11,253; C91, § 9-82)

Sec. 30-298. Sale or transfer of license.

No pawnbroker license shall be sold or transferred. The purchaser of any pawnbroker business or of the majority of the stock of any corporation operating a pawnbroker business shall make application for and obtain a new license before operating such business at the location for which the license has been issued.
(C42, § 56-5; C54, C62, § 35-9; C75, C79, C85, § 9-83; O.10,915, 11,253; C91, § 9-83)

Sec. 30-299. License renewals.

Every licensed pawnbroker shall apply for a license annually by application as if for an original license. There shall be no automatic renewal. Such application shall be filed and the fee paid not less than 45 days prior to the expiration of the current license.
(C42, § 56-6; C54, C62, § 35-10; C75, C79, C85, § 9-84; O.10,915, 11,253; C91, § 9-84)

Sec. 30-300. Denial, suspension or revocation of license.

(a) Any license issued pursuant to this division may be suspended or revoked or its renewal denied for violation of this division or any other chapter of this Code, including but not limited to failure to comply with new or renewal application procedures, a negative police report, a negative zoning enforcement officer report, falsification of a new or renewal application, or for the failure to maintain records in conformity with the requirements enumerated under section 30-301 of this division. No such suspension, revocation or denial shall be effective except upon notice delivered to the licensee by mailing the notice in the regular mail addressed to the licensee at the licensed premises a minimum of ten days prior to the date set for informal hearing before the community development department director or director's designee, or before the chief of police or chief's designee. The city clerk shall determine the appropriate department to preside over the informal hearing after consulting with the legal department. Such notice shall inform the licensee of the time, date and place of informal hearing, the purpose of the hearing, and shall set out briefly the reasons therefor.

(b) If, after such informal hearing, a finding based on substantial evidence is made that a violation of this division or another chapter of this Code did in fact take place as alleged, the community development department director or director's designee, or chief of police or chief's designee may suspend or revoke the license or deny its renewal depending upon the circumstances surrounding the violation and its severity. Upon a suspension, revocation, or denial of renewal, the city clerk shall be notified of such action.

(c) The decision to suspend, revoke, or deny renewal of the license is appealable pursuant to chapter 3 of this Code.

(d) A licensee whose license has been revoked or its renewal denied shall not be eligible for another such license for a period of one year after such revocation or denial.
(C42, § 56-7; C54, C62, § 35-11; C75, C79, C85, § 9-85; O.10,915, 11,253; C91, § 9-85; O.14,979, 15,935)

Sec. 30-301. Records required.

(a) The police department shall furnish the internet web address for the automated pawn/secondhand records system to every pawnbroker licensee who shall immediately upon completion of each individual transaction accurately enter into the system via the internet in the English language the following information at time of purchase or receipt of any property:

(1) The date and hour of the transaction;

(2) The amount paid, advanced or loaned for the article;

(3) A detailed and accurate description of the article;

(4) When applicable, the accurate model number and/or serial number;

(5) A digital photograph of the item; and

(6) The name and address of the person from whom the property is purchased or received and his or her date of birth, Iowa driver's license number, or Iowa identification number, or social security number with photo identification, sex, age, height, and type of photo identification presented.

(b) It shall not be deemed compliance with this section if the licensee or the licensee's agent or employee lists his or her own name as the person selling or transferring the article.

(c) Upon entry of the required information into the automated pawn/secondhand records system, such information becomes a police department record a copy of which shall be maintained by licensee on the licensed premises. When pawn log sheets are required pursuant to subsection (d) of this section 30-301 at the time of completion or upon demand from the chief of police or his or her designee, the licensee shall surrender the original sheets to the police department and such originals shall remain the property of the city. A copy of the original will be provided to the licensee. The licensee shall also maintain a record of the name and residential address of any person redeeming an article of property, the date of such transaction and a description of the article redeemed. If property is disposed of other than by redemption, the licensee shall record a description of the property, how disposed, and the name and address of the person to whom the article was transferred. Such redemption or sales records shall be maintained by the licensee for one year from the date of the transaction and shall be at all times open to examination and recordation by the chief of police or his or her designee.

(d) If the automated pawn/secondhand records system fails, crashes, or becomes inaccessible by either the pawnbroker or the police department such that data entries cannot be electronically captured or recorded, then in that event the pawnbroker shall use pawn log sheets furnished by the police department to accurately enter in ink in the English language the information required under subsection (a) of this section 30-301.

(e) Licensee shall maintain a computer system that meets the system and connectivity requirements as set and kept on file by the police department.

(f) The chief of police or his/her designee shall have access to licensee's computer system for purposes of inspection for compliance with division 3 of chapter 30 of the Des Moines Municipal Code.

(C42, § 56-7; C54, C62, § 35-12; C75, C79, C85, § 9-86; O.10,915, 11,253, 11,427; C91, § 9-86; O.13,156, 14,290, 14,911, 15,935)

Editor's note—Ord. No. 14,290, adopted Nov. 17, 2003, which amended § 30-301(a)(5) shall be in full force and effect on January 1, 2004. See the editor's note to § 30-295.1 for further information.

Sec. 30-302. Failure to maintain records.

No person licensed under this division or his or her agents or employees shall fail to maintain, shall fail to surrender or shall falsify, delete, alter, destroy or otherwise destroy any records required by this division.

(C42, § 56-8; C54, C62, § 35-13; C75, C79, C85, § 9-87; O.11,253; C91, § 9-87)

Sec. 30-303. Identification tags.

The person licensed as a pawnbroker, his or her agents or employees shall also legibly record the date and hour the property was purchased or received on the property, or such information shall be securely affixed to the property. Such information must conform to the information recorded pursuant to section 30-301 of this division.

(C85, § 9-87.01; O.11,427, 11,602; C91, § 9-87.01)

Sec. 30-304. Prohibited acts.

No pawnbroker his or her agents, or employees purchasing or receiving any article of property shall:

(1) Receive any property without first viewing a form of identification containing a photograph of the person identified.

(2) Melt, alter, destroy, sell, redeem, remove from the licensed premises or otherwise dispose of such article, within 15 calendar days after the receipt and report of any property is made as required by section 30-301 of this division, except upon written permission from the chief of police or his or her designee.

(3) Purchase or receive any property from any person under the age of 18 without his or her parent or guardian being present at the time of the transaction and without receiving the parent's or guardian's written consent, a copy of which must be submitted along with the records required by section 30-301 of this division.

(4) Purchase or receive any property or surrender any property from 6:00 p.m. to 8:00 a.m. Monday through Saturday, and 6:00 p.m. Saturday through 8:00 a.m. Monday.

(5) Conceal, secrete, or destroy for the purpose of concealing any article purchased or received for the purpose of preventing identification.

(6) Deface, alter or remove any serial number or identifying marks from an article in his or her possession.

(7) Take possession of defaced or altered property as described in subsection (6) of this section.

(8) Block or deny access to its computer system by the Des Moines Police Department.

(9) Fail to immediately enter or record the required information under section 30-301 of this chapter upon completion of each individual transaction.

(10) Knowingly purchase or receive property from an individual conducting the transaction for someone else.

(C42, § 56-8; C54, C62, § 35-14; C75, C79, C85, § 9-88; O.10,915, 11,253; C91, § 9-88; O.12,019, 14,911, 15,935)

Sec. 30-305. Search for stolen property.

(a) Whenever the chief of police or his or her designee has reason to believe that any pawnbroker, his or her agents, or employees has possession of any stolen property on the licensed premises, he or she shall have the right and duty to enter and search the premises of such person for the purpose of discovering stolen property.

(b) No such licensee, his or her agents, or employees shall refuse, resist or attempt to prevent the chief of police or his or her designee, with or without warrant, from examining the licensed premises for the purpose of discovering stolen property or any violation of this division. (C42, § 56-8; C54, C62, § 35-15; C75, C79, C85, § 9-89; O.11,253; C91, § 9-89)

Secs. 30-306—30-330. Reserved.

DIVISION 4. SECONDHAND GOODS DEALERS

Sec. 30-331. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Automated pawn/secondhand records system means the records system utilized by the police department to track pawn and/or secondhand goods transactions by pawnbrokers and/or secondhand goods dealers.

Automated kiosk means an interactive device that is installed within a retail space at which only used consumer electronic devices are purchased or otherwise received by a secondhand goods dealer and which performs the following functions:

(1) Uses a live representative to remotely monitor receipts of devices, and

(2) Records identifying information from the device and identification of the customer who makes the transaction or deposit of the device, consistent with the records required under section 30-343(a) of this division, and

(3) Electronically reports all transactions using the automated pawn/secondhand records system, and

(4) Is capable of remotely releasing to the police department any device determined to be stolen property.

Consumer electronic device or device means a portable electronic or digital device designed to be purchased and used by end users or consumers for daily, non-commercial purposes; examples of consumer electronic devices include, but are not limited to, cellular telephones, touch screen tablets, laptop computers, smart watches, and digital media players.

Negative police report means a review compiled by the chief of police or his or her designee which discloses a criminal record of a felony or any conviction under this division two or more times in a calendar year or a conviction under I.C. ch. 714 or failure to have a computer that has internet access and the capability to utilize the automated pawn/secondhand records system.

Negative zoning enforcement officer report means a review compiled by the zoning enforcement officer or his or her designee which discloses non-compliance with zoning requirements contained in the Des Moines Municipal Code.

Positive police report means a review compiled by the chief of police or his or her designee which does not disclose a criminal record of a felony or any conviction under this division two or more times, in a calendar year, or a conviction under I.C. ch. 714.

Secondhand goods dealer or *dealer* means any person, other than a pawnbroker or a salvage dealer, who operates a business open to the public and purchases secondhand goods, antiques, or used articles whatsoever from the public.
(C62, § 47B-1; O.8840; C75, C79, C91, § 9-117.01; O.15,935, 15,956)

Cross reference—Definitions generally, § 1-2.

Sec. 30-332. Exemption.

This division shall not apply to the following:

(1) Any person selling new or used motor trucks or motor vehicles and regulated by the Iowa Department of Transportation.

(2) Any person collecting secondhand goods, antiques, or used articles for personal use only.

(3) Casual and occasional sales of used household goods by the owner thereof to the public, on a nonreceiving basis, if the seller, at the time of sale, is not engaged for profit in the business of selling goods of that or a similar nature; this category includes those sales commonly referred to as "garage sales", "tag sales" or "estate sales" so long as such sales are not conducted in excess of four consecutive days and no more than two times annually.

(4) Articles received by a charitable organization which is exempt from taxation under section 501(c)(3) of the United States Internal Revenue Code.

(5) Any person conducting a consignment business where a fee is collected for the sale of another's personal property, estate auctions, multi-booth flea markets or antique malls.

(6) Any person conducting a business having more than 50 percent of gross receipts from the sale of used clothing.

(C62, § 47B-2; O.8840; C75, C85, § 9-117.02; O.11,602; C91, § 9-117.02; O.13,478, 15,935)

Sec. 30-332A. Proof required of gross receipts from sale of used clothing.

Upon reasonable suspicion that any business does not derive more than 50 percent of its gross receipts from the sale of used clothing and is not otherwise exempt under section 30-332 of this division, the chief of police, or the zoning enforcement officer or their designees may require that the owner or operator of the business demonstrate within 45 days that during the prior six months more than 50 percent of its gross receipts were derived from the sale of used clothing. In such event it shall be presumed that 50 percent or less of the gross receipts are derived from the sale of used clothing, which presumption may be overcome by the business timely furnishing a report of findings showing compliance with the

percentage requirements of this section, prepared and verified by a certified public accountant as the result of an agreed-upon procedures engagement, identifying the total dollar volume of all receipts, and separately identifying the total dollar volume of gross receipts derived from the sale of used clothing, and from the sales exclusive of used clothing, from the business in the preceding six months.
(O.15,935)

Sec. 30-332B. Exemptions for automated kiosks.

A dealer that uses automated kiosks for remote purchase or receipt of consumer electronic devices is exempt from sections 30-337 (transaction fee); 30-345 (identification tags); and 30-346(4) (hours of operation), and, notwithstanding section 30-346(2), may remove consumer electronic devices from the licensed premises, provided such article is not sold or disposed of within 15 calendar days after the receipt and report is made as required by section 30-343 of this division.
(O.15,956)

Sec. 30-333. License required.

(a) No person shall engage in the secondhand goods business without first obtaining a secondhand goods dealer license.

(b) All applicants for such licenses shall apply in writing to the city clerk.

(c) All license applications shall contain the following information:

(1) The full name, residential address, business address, a copy of the state issued identification card or driver's license for the applicant and, where the applicant is a corporation or partnership, for each officer or partner;

(2) The name and address of the owner of the business' premises;

(3) The business, occupation or employment of the applicant, including location thereof, for the two years immediately preceding the date of application; and

(4) A copy of the criminal history background check for the applicant and, where the applicant is a corporation or partnership, for each officer or partner.

(5) Whether the applicant has a computer that can access the internet and utilize the automated pawn/secondhand records system.

(C62, § 47B-3; O.8840; C75, C79, C85, § 9-117.03; O.11,602; C91, § 9-117.03; O.15,935, 15,956)

Sec. 30-334. License criteria.

Upon receipt of a secondhand goods dealer license application, the city clerk shall forward a copy of the application to the chief of police and the zoning enforcement officer or their designees who shall review the application. The applicant shall furnish such evidence as may reasonably be required in support of the statements set forth in the application. The chief of police and the zoning enforcement officer or their designees shall report to the city clerk within 30 days of receipt of the application considering but not limited to the criteria of whether:

(1) The applicant or his or her agent or employee charged with receiving or distributing property has been convicted of a felony. However, if the conviction of a felony occurred more than five years before the application for a secondhand goods dealer license and if such person's rights of citizenship have been restored by the governor, such conviction shall not be a bar to obtaining a secondhand goods dealer license;

(2) The applicant has truthfully reported all relevant facts within the secondhand goods dealer application;

(3) The applicant has such financial standing and good reputation to indicate that he or she will comply with all the laws of the state and the city; and

(4) The applicant has a computer that can access the internet and utilize the automated pawn/secondhand records system.

(5) The secondhand goods dealer's business complies with zoning requirements contained in the Des Moines Municipal Code.

(C85, § 9-117.031; O.11,218, 11,310; C91, § 9-117.031; O.15,819, 15,935)

Sec. 30-335. License issuance.

(a) Upon receipt of a positive police report, positive zoning report and the appropriate fees, the city clerk shall approve the application if the applicant has fully complied with all the requirements of this division, and the city clerk shall thereupon issue a secondhand goods dealer license to the applicant and keep a copy of file. The license shall expire on December 31 next after the date of issuance. The license shall state the name and place of the business to be transacted and the place where it is to be carried on, and the date of issuance and expiration of the license.

(b) If the city clerk determines that the applicant for a new or renewal license has not fully complied with all of the requirements of this division or that a negative police report is returned or that the applicant has falsified his or her application, the city clerk shall advise the community development department and the chief of police of the basis for questioning the applicant's qualifications, and the procedures for notice and hearing as set forth in section 30-342 of this division shall apply.

(C62, § 47B-4; O.8840; C75, § 9-117.04; O.9124; C79, C85, § 9-117.04; O.11,602; C91, § 9-117.04; O.15,935)

Sec. 30-336. License fee.

An applicant for a secondhand goods dealer license shall submit a fee to the city clerk at the time of filing the application. The license fee shall be reduced by 25 percent if the application is filed during the second quarter of the calendar year, 50 percent if the application is filed during the third quarter of the calendar year, and 75 percent if the application is filed during the last quarter of the calendar year. If the application is denied, $50.00 of the total fee shall be retained to cover administrative costs. An applicant who makes a late application for renewal of a secondhand goods dealer license shall pay a late fee. The license fee and late fee for a secondhand goods dealer license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.

(C62, § 47B-5; O.8838; C75, C79, C91, § 9-117.05; O.15,935)

Sec. 30-337. Secondhand goods dealer transaction fee.

(a) A secondhand goods dealer shall collect a transaction fee in an amount set in the schedule of fees adopted by the city council by resolution. The transaction fee shall be collected from each customer per visit for secondhand goods transactions for secondhand goods received by a dealer.

(b) The secondhand goods dealer shall pay to the City of Des Moines all transaction fees collected. The secondhand goods dealer shall pay such fees within 30 days of the date the City of Des Moines Finance Department mails a quarterly bill to the dealer

(C62, § 47B-6; O.8838; C75, C79, C91, § 9-117.06; O.15,935)

Sec. 30-338. Separate license for each place of business.

Any person conducting several or separate secondhand goods businesses or automated kiosks shall pay the license fee and procure a license for each business location or for each automated kiosk, and any violations in one licensed premises or location shall be deemed violations in all business premises and all automated kiosk locations licensed by that dealer.

(C62, § 47B-7; O.8838; C75, C79, C85, § 9-117.07; O.11,602; C91, § 9-117.07; O.15,935, 15,956)

Sec. 30-339. Display of license.

Every licensed secondhand goods dealer shall display his or her license conspicuously in the business so that it may be readily observed by all persons entering the premises, or in the case of automated kiosks the license shall be readily available for viewing upon request.

(C62, § 47B-8; O.8838; C75, C79, C85, § 9-117.08; O.11,602; C91, § 9-117.08; O.15,935, 15,956)

Sec. 30-340. Sale or transfer of license.

No secondhand goods dealer license shall be sold or transferred. The purchaser of any secondhand goods dealer business or of the majority of the stock of any corporation operating a secondhand goods dealer business shall make application for and obtain a new license before operating such business at the location for which the license has been issued.
(C62, § 47B-9; O.8838; C75, C79, C85, § 9-117.09; O.11,602; C91, § 9-117.09; O.15,935)

Sec. 30-341. License renewals.

Every licensed secondhand goods dealer shall apply for a license annually by application as if for an original license. There shall be no automatic renewal. Such application shall be filed and the fee paid not less than 45 days prior to the expiration of the current license.
(C62, § 47B-10; O.8838; C75, C79, C91, § 9-117.10; O.15,935)

Sec. 30-342. Denial, suspension or revocation of license.

(a) Any license issued pursuant to this division may be suspended or revoked or its renewal denied for violation of this division or any other chapter of this Code, including but not limited to failure to comply with new or renewal application procedures, a negative police report, a negative zoning enforcement officer report, falsification of a new or renewal application, or for the failure to maintain records in conformity with the requirements enumerated under section 30-343 of this division. No such suspension, revocation or denial shall be effective except upon notice delivered to the licensee by mailing the notice in the regular mail addressed to the licensee at the licensed premises a minimum of ten days prior to the date set for informal hearing before the community development department director or director's designee, or before the chief of police or chief's designee. The city clerk shall determine the appropriate department to preside over the informal hearing after consulting with the legal department. Such notice shall inform the licensee of the time, date and place of informal hearing, the purpose of the hearing, and shall set out briefly the reasons therefor.

(b) If, after such informal hearing, a finding based on substantial evidence is made that a violation of this division or another chapter of this Code did in fact take place as alleged, the community development department director or director's designee, or chief of police or chief's designee may suspend or revoke the license or deny its renewal depending upon the circumstances surrounding the violation and its severity. Upon a suspension, revocation, or denial of renewal, the city clerk shall be notified of such action.

(c) The decision to suspend, revoke, or deny renewal of the license is appealable pursuant to chapter 3 of this Code.

(d) A licensee whose license has been revoked or its renewal denied shall not be eligible for another such license for a period of one year after such revocation or denial.
(C62, § 47B-11; O.8838; C75, C79, C85, § 9-117.11; O.11,602; C91, § 9-117.11; O.15,935)

Sec. 30-343. Records required.

(a) The police department shall furnish the internet web address for the automated pawn/secondhand records system to every secondhand goods dealer who shall immediately upon completion of each individual transaction accurately enter into the system via the internet in the English language the following information at time of purchase or receipt of any property:

(1) The date and hour of the transaction;

(2) The amount paid for the article;

(3) A detailed and accurate description of the article;

(4) When applicable, the accurate model number and/or serial number;

(5) A digital photograph of the item; and

(6) The name and address of the person from whom the property is purchased or received and his or her date of birth, Iowa driver's license number, or Iowa

identification number, or social security number with photo identification, sex, age, height, and type of photo identification presented.

(b) It shall not be deemed compliance with this section if the dealer or the dealer's agent or employee lists his or her own name as the person selling or transferring the article.

(c) Upon entry of the required information into the automated pawn/secondhand records system, such information becomes a police department record a copy of which shall be maintained by licensee on the licensed premises. When property log sheets are required pursuant to subsection (d) of this section 30-343 at the time of completion or upon demand from the chief of police or his or her designee, the dealer shall surrender the original sheets to the police department and such originals shall remain the property of the city. A copy of the original will be provided to the dealer. The dealer shall also maintain a record of the name and residential address of any person purchasing a secondhand good, the date of such transaction and a description of the article purchased. If property is disposed of other than by sale, the dealer shall record a description of the property, how disposed, and the name and address of the person to whom the article was transferred. Such transfer or sales records shall be maintained by the dealer for one year from the date of the transaction and shall be at all times open to examination and recordation by the chief of police or his or her designee.

(d) If the automated pawn/secondhand records system fails, crashes, or becomes inaccessible by either the dealer or the police department such that data entries cannot be electronically captured or recorded, then in that event the dealer shall use property log sheets furnished by the police department to accurately enter in ink in the English language the information required under subsection (a) of this section 30-343.

(e) Dealer shall maintain a computer system that meets the system and connectivity requirements as set and kept on file by the police department.

(f) The chief of police or his/her designee shall have access to dealer's computer system for purposes of inspection for compliance with division 4 of chapter 30 of the Des Moines Municipal Code.

(g) Professional numismatists and philatelists are exempt from the requirements under this section only to the extent of the part of a business dealing in coins and stamps and for coins and stamps are subject to the following:

(1) Whenever any peace officer has knowledge of stolen coins or stamps, he or she shall provide a list of such coins and stamps to professional numismatists and philatelists. If such coins or stamps are presented for sale to any numismatists or philatelists having such list, he or she shall attempt to obtain the identity of the seller and notify the chief of police or his or her designee.

(2) Any professional numismatist or philatelist having reason to suspect the authenticity of an attempted sale of coins or stamps shall promptly notify the chief of police or his or her designee and shall attempt to obtain the identity of the seller.

(C62, § 47B-12; O.8838; C75, C79, C85, § 9-117.12; O.11,602; C91, § 9-117.12; O.15,935)

Sec. 30-344. Failure to maintain records.

No secondhand goods dealer or his or her agents or employees shall fail to maintain, shall fail to surrender or shall falsify, delete, alter, destroy or otherwise destroy any records required by this division.

(C62, § 47B-13; O.8838; C75, § 9-117.13; O.9124; C79, C91, § 9-117.13; O.15,935)

Sec. 30-345. Identification tags.

A secondhand goods dealer, his or her agents or employees, shall also legibly record the date and hour the property was purchased or received on the property, or such information shall be

securely affixed to the property. Such information must conform to the information recorded pursuant to section 30-343 of this division.
(C62, § 47B-14; O.8838; C75, C79, C91, § 9-117.14; O.15,935)

Sec. 30-346. Prohibited acts.

No secondhand goods dealer or his or her agents, or employees purchasing or receiving any article of property shall:

(1) Receive any property without first viewing a form of identification containing a photograph of the person identified.

(2) Melt, alter, destroy, sell, redeem, remove from the licensed premises or otherwise dispose of such article, within 15 calendar days after the receipt and report of any property is made as required by section 30-343 of this division, except upon written permission from the chief of police or his or her designee.

(3) Purchase or receive any property from any person under the age of 18 without his or her parent or guardian being present at the time of the transaction and without receiving the parent's or guardian's written consent, a copy of which must be submitted along with the records required by section 30-343 of this division.

(4) Purchase or receive any property or sell any property from 6:00 p.m. to 8:00 a.m. Monday through Saturday, and 6:00 p.m. Saturday through 8:00 a.m. Monday.

(5) Conceal, secrete, or destroy for the purpose of concealing any article purchased or received for the purpose of preventing identification.

(6) Deface, alter or remove any serial number or identifying marks from an article in his or her possession.

(7) Take possession of defaced or altered property as described in subsection (6) of this section.

(8) Block or deny access to its computer system by the Des Moines Police Department.

(9) Fail to immediately enter or record the required information under section 30-343 of this chapter upon completion of each individual transaction.

(10) Knowingly purchase or receive property from an individual conducting the transaction for someone else.

(O.15,935)

Sec. 30-347. Examination of premises and records.

It shall be unlawful for any secondhand goods dealer or any other person to refuse, resist, or attempt to prevent any city employee or any authorized city agent from making a reasonable examination of the area in which secondhand goods are stored or deposited or the records required by section 30-343 of this division.
(O.15,935)

Sec. 30-348. Segregation of suspected stolen goods.

Each secondhand goods dealer shall, upon the request of a police officer, segregate items or categories of items which such officer reasonably suspects may be stolen goods. All segregated items shall be so held for 30 days unless sooner released from segregation by the officer ordering such segregation or his or her designee.
(O.15,935)

Sec. 30-349. Release of stolen property to police department.

Secondhand goods dealers shall release to the police department any property determined by the chief of police or his or her designee to be stolen property. The chief of police or his or her designee, upon receiving such stolen items, shall issue to the secondhand goods dealer in possession of the items a receipt particularly describing the item, the date and time it was released to the police department and the name and signature of the person making receipt therefor.
(O.15,935)

Sec. 30-350. Search for stolen property generally.

Whenever the chief of police or his or her designee shall have substantial reason to believe that any secondhand goods dealer has in his or her possession or on his or her premises any stolen property, he or she shall have the right and it shall be his or her duty to enter and make search and examination of the premises of such dealer for the purpose of discovering such stolen property.
(O.15,935)

Sec. 30-351. Interfering in search for stolen property.

It shall be unlawful for any person to knowingly hinder, obstruct, prevent or attempt to prevent the chief of police or his or her designee operating pursuant to section 30-350 of this division from entering upon or making examination of the premises of any secondhand goods dealer for the purpose of discovering stolen property.
(O.15,935)

Secs. 30-352—30-369. Reserved.

ARTICLE IX. AFTER-HOURS BUSINESS*

Sec. 30-370. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

After-hours business means any business open during any time between the hours of 2:00 a.m. to 6:00 a.m. any day of the week, and either where patrons are allowed to bring their own beer and wine onto the business premises, or is a private club as defined in this section.

Business premises or *licensed premises* means all building and property including parking lots owned or leased for the benefit of the operation of the after-hours business.

Business records means all financial accounting records of the after-hours business and a private club's membership records.

Beer means any liquid capable of being used for beverage purposes made by the fermentation of an infusion in potable water of barley, malt, and hops, with or without unmalted grains or decorticated and degerminated grains or made by the fermentation of or by distillation of the fermented products of fruit, fruit extracts, or other agricultural products, containing more than one-half of one percent of alcohol by volume but not more than five percent of alcohol by weight but not including mixed drinks or cocktails.

Hotel or *motel* means premises licensed by the state department of inspections and appeals and regularly or seasonally kept open in a bona fide manner for the lodging of transient guests, and with 20 or more sleeping rooms.

Person means any individual, association, partnership, corporation, or club owning or operating an after-hours business.

Person of good moral character means any person who meets all of the following requirements:

(1) The person has such financial standing and good reputation as will satisfy the city that the person will comply with this article and all laws, ordinances, and regulations applicable to the person's operations under this article.

a. In evaluating an applicant's "financial standing" the city may consider the following: An applicant's "financial standing" may include, but is not limited to, verified source(s) of financial support and adequate operating capital for the applicant's proposed after-hours business, a record of prompt payment of local or state taxes due, a record of prompt payment to the city and the various utility companies of fees or charges due the city or the utility companies for municipal services or utilities provided, and prompt payment of or satisfaction of any fine or civil

*__Cross reference—__Public dances, Ch. 14, Art. III et seq.

penalty imposed pursuant to any chapter of the Des Moines Municipal Code.

b. In evaluating an applicant's "good reputation" the city may consider such factors as, but not limited to, the following: A pattern or practice of violating any of the requirements or prohibitions set out in this article to which the licensee or licensee's agents or employees have pled or been found guilty in a criminal court or have been otherwise sanctioned under this article, a pattern or practice of violating any of the state alcoholic beverages laws and regulations for which corrective action has been taken, convictions of licensee of laws relating to operating a motor vehicle while under the influence of drugs or alcohol, convictions of any laws relating to illegal drug use, possession or sale, convictions of misdemeanor charges, their recency and severity.

(2) The person is not subject to or prohibited by section 123.40 of the Code of Iowa from obtaining a liquor, wine or beer license.

(3) Notwithstanding paragraph (5), the applicant is a citizen of the United States and a resident of this state, or licensed to do business in this state in the case of a corporation. Notwithstanding paragraph (5), in the case of a partnership, only one general partner need be a resident of this state.

(4) The person has not been convicted of a felony. However, if the person's conviction of a felony occurred more than five years before the date of the application for a license or permit, and if the person's rights of citizenship have been restored by the governor, the city may determine that the person is of good moral character notwithstanding such conviction.

(5) The requirements of this definition apply to the following:

a. Each of the officers, directors, and partners of such person.

b. A person who directly or indirectly owns or controls ten percent or more of any class of stock of such person.

c. A person who directly or indirectly has an interest of ten percent or more in the ownership or profits of such person.

d. For the purposes of this subsection, an individual and the individuals spouse shall be regarded as one person.

Private club means a business not open to the general public but only open to specific identified individuals who are members.

Wine means any beverage containing more than five percent but not more than 17 percent of alcohol by weight obtained by the fermentation of the natural sugar contents of fruits or other agricultural products but excluding any product containing alcohol derived from malt or by the distillation process from grain, cereal, molasses or cactus.
(O.14,610, 16,278)

Sec. 30-371. License required.

No person shall operate an after-hours business in the city without first paying the license fee and procuring an after-hours business license. This article, however, shall not apply to hotels or motels.
(O.14,610)

Sec. 30-372. Eligibility.

Upon meeting the requirements imposed by this chapter and other city ordinances, a person who is of good moral character, as defined by this chapter, may apply for and hold an after-hours business license. For a corporation, or partnership, the officers of the club or corporation and the partners of a partnership shall be persons of good moral character as defined by this chapter.
(O.14,610)

Sec. 30-373. Conditions for approval.

The following conditions and regulations must be met by an applicant for an after-hours business license:

a. The applicant must give consent in writing on the application that members of the fire and police departments and the building inspector may enter upon the business premises without warrant to inspect for violations of the provisions of state law and of this chapter.

b. The premises for which an after-hours business license is sought must be located within an area where such business is permitted by chapter 134 of this Code and must otherwise conform to the city zoning requirements.

c. All applicable permits and licenses provided for by the Municipal Code shall be displayed in a conspicuous place on the premises of the license holder and at all times shall be subject to inspection.

d. No after-hours business license shall be approved for premises which do not conform to all applicable laws, ordinances, resolutions, and health and fire regulations.

(O.14,610)

Sec. 30-374. License application.

(a) All applicants for an after-hours business license shall apply to the city clerk. Upon receipt of the application by the city clerk, the application information shall be forwarded to the chief of police or his or her designee, who shall conduct an investigation as to the truth of the facts averred in the application. It shall be the duty of the building official, zoning enforcement officer and the fire chief or their designees to inspect the premises to determine if they conform to the city's requirements.

(b) All applications shall be made in the name of the owner of the business, whether an individual, a partnership, or a corporation, and shall contain the following:

(1) The full name, residence address, business address, Iowa Division of Criminal Investigation criminal history report, copy of government-issued photo ID of the applicant and, when the applicant is a partnership or corporation, of the partners or officers.

(2) If the applicant is a corporation, the name of the corporation shall be set forth exactly as shown in its articles of incorporation together with the names and residence addresses of each of the officers, directors, and each stockholder holding more than ten percent of the stock of the corporation; if the applicant is a partnership, the application shall set forth the name and the residence address of each of the partners, including limited partners. If one or more of the partners is a corporation, the subsections of this section pertaining to a corporate application apply.

(3) The name and address of the owner of the building where such after-hours business will be located.

(4) A sketch or diagram of the proposed licensed premises showing the boundaries and locations of entrance and exits of buildings and parking lots and indicating the address of the proposed licensed premises, street names and abutting addresses.

(5) A copy of a valid Iowa sales tax permit for operation of the after-hours business.

(c) Upon receipt of departmental inspections and if the city clerk finds that the applicant has fully complied with all requirements of this article and all applicable ordinances and codes regulating fire, buildings, health and zoning and that the applicant is of good moral character, the city clerk shall approve the application and shall issue the after-hours business license.

(O.14,610, 15,777)

Sec. 30-375. License fees.

(a) An applicant for an after-hours business license shall submit a fee to the city clerk at the time of filing the application.

(b) All after-hours business licenses, unless sooner suspended or revoked shall expire at 6:00 a.m. one year from the date of issuance.

(c) An applicant who files for renewal less than 30 days prior to the date of any license expiration shall pay a late fee.

(d) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, a portion of the application fee shall be retained by the city clerk for the cost of administration.

(e) The license fee, its nonrefundable portion and the late fee for the after-hours business license shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(O.14,610)

Sec. 30-376. Renewal application.

(a) Upon receipt of an application for the renewal of an after-hours business license, the chief of police or his or her designee shall conduct an investigation on the applicant as to the truth of the facts averred in the application.

(b) Inspection of the premises will be the same as under section 30-374 of this chapter.
(O.14,610, 15,777)

Sec. 30-377. Timely filed status.

(a) An applicant for a renewal of an after-hours business license may be granted timely filed status if the applicant complies with the following conditions:

(1) The applicant files a completed application with the city clerk's office at least 30 days in advance of the expiration of an after-hours business license, and

(2) The applicant pays the appropriate license fee in full.

(b) Timely filed status allows the license holder to continue to operate under a license after its expiration and until the city clerk has finally determined whether the license should be issued. If the application for the license is denied, timely filed status continues until the last day for appeal of such denial to the city council.

(c) Absent timely filed status, an applicant for renewal shall not operate an after-hours business beyond the expiration date of the license.
(O.14,610)

Sec. 30-378. License assignability.

The licenses granted under this article shall be personal to the licensee and shall not be assignable.
(O.14,610)

Sec. 30-379. Description of premises.

The licensed premises shall be described in the license by street name and number or other definite description.
(O.14,610)

Sec. 30-380. Reserved.

Editor's note—Ord. No. 15,777, § 1, adopted June 3, 2019, repealed § 30-380, which pertained to numbering of licenses and retention of stub and derived from Ord. No. 14,610.

Sec. 30-381. License for each place of business.

Any person conducting several or separate places of after-hours businesses shall pay the license fee and procure a license for each such place.
(O.14,610)

Sec. 30-382. Display of license.

The license for the business premises shall be prominently displayed in full view at the licensed premises.
(O.14,610)

Sec. 30-383. Records.

Every holder of an after-hours business license shall keep on the licensed premises a daily record of the gross receipts of the holder's business. In the case of an after-hours business that is a private club, a club membership list shall be maintained on the licensed premises. These records shall be maintained for inspection and

examination by police or other authorized city employee during the business hours of the licensed business.
(O.14,610)

Sec. 30-384. Examination of premises and records.

It shall be unlawful for a person to refuse, resist, or attempt to prevent any city employee or any authorized city agent from making a reasonable examination of the business premises and the business records.
(O.14,610)

Sec. 30-385. Violation by clerks, agents and employees.

Every clerk, agent or employee of any after-hours business shall be subject to and bound by all the sections of this article and be liable to the same penalties and to the same extent as his or her employer or principal for any violation of this article. Any violation of any section of this article by any clerk, agent or employee of a licensee shall be deemed the act of the licensee and shall subject the license of said licensee to civil penalty, suspension or revocation.
(O.14,610)

Sec. 30-386. Criminal conviction not a prerequisite.

A criminal conviction is not a prerequisite to suspension, revocation, or imposition of a civil penalty pursuant to this article.
(O.14,610)

Sec. 30-387. Sale or transfer of license.

No after-hours business license shall be sold or transferred. The purchaser of any after-hours business or of the majority of the stock of any corporation operating an after-hours business shall make application for and obtain a new license before operating such business at the location for which the license has been issued.
(O.14,610)

Sec. 30-388. License renewals.

Every person operating an after-hours business shall apply for an after-hours business license annually as if for an original license. There shall be no automatic renewal. Such application shall be filed and the fee paid not less than 30 days prior to the expiration of the current license.
(O.14,610)

Sec. 30-389. Failure to maintain records.

No person licensed under this article or his or her agents or employees shall fail to maintain, shall fail to surrender or shall falsify, delete, alter, destroy or otherwise destroy any records required by this article.
(O.14,610)

Sec. 30-390. Prohibited acts.

No person holding an after-hours business license nor his or her agents or employees shall do any of the following:

(a) Knowingly permit any gambling, except in accordance with I.C. chs. 99B, 99D, 99E, or 99F, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license.

(b) Keep or allow to be kept gambling devices of any kind or description on the licensed premises contrary to state law.

(c) Engage in, perform, act or cause, permit, procure, counsel or assist any other person who is acting as a waiter, waitress, host, hostess, dancer, or entertainer on the licensed premises to:

(1) Expose his or her genitals, pubic hair, buttocks, perineum, anus region, or pubic hair region;

(2) Expose or wear any device, costume or covering which gives the appearance of or simulates the genitals, pubic hair, buttocks, perineum, anus region, or pubic hair region; or

(3) Expose any portion of the female breast at or below the nipple thereof.

For purposes of this subsection a person shall be deemed a waiter, waitress, host, hostess, dancer, or entertainer if such person acts in that capacity without regard to whether such person is paid any compensation by the after-hours business licensee or his or her agent or employee.

(d) Knowingly permit solicitation on the licensed premises for purposes of prostitution.

(e) Knowingly permit or engage in any criminal activity on the premises covered by the license or permit.

(f) No loud or boisterous language shall be permitted on any licensed premises and such place shall be conducted in a quiet and orderly manner.

(O.14,610)

Sec. 30-390.1. Persons under age 21 not allowed on licensed premises.

No person holding an after-hours business license, nor his or her agents or employees shall allow a person under 21 years old to enter or remain on the licensed premises from 9:00 p.m. through 6:00 a.m. on all days when the licensed premises is open for business.
(O.15,026)

Sec. 30-390.2. Persons under age 21.

No person under age 21 shall enter into or remain on the licensed premises of an after-hours licensed business from 9:00 p.m. through 6:00 a.m. on all days when the licensed premises is open for business.
(O.15,026)

Sec. 30-391. Gambling evidence.

The intentional possession or willful keeping of any gambling device, machine or apparatus as defined in Iowa Code section 99A.1 upon the business premises of any establishment licensed by this article shall be prima facie evidence of a violation of section 30-390(a) of this article and subject licensee to suspension or revocation.
(O.14,610)

Sec. 30-392. Security required.

An after-hours business license holder shall provide adequate security to provide for crowd control and the safety of patrons.
(O.14,610)

Sec. 30-393. Reserved.

Editor's note—Ord. No. 14,869, § 1, adopted July 27, 2009, repealed § 30-393, which pertained to public dance law and derived from Ord. No. 14,610.

Sec. 30-394. Lighting.

The interior of any building on the licensed premises and any rooms or booths contained therein shall be illuminated to a minimum of two footcandles as measured by a footcandle meter at a plane of 30 inches from the floor and shall be so lighted that all objects are plainly visible at all times.
(O.14,610)

Sec. 30-395. Procedures for suspension, revocation, or civil penalty.

(a) Whenever the city council finds that the licensee or his or her employees or agents has furnished any false information required under this article or has violated or failed to comply with any of the requirements of this division, any other chapter of this Code, or state law pertaining to the after-hours business, the city council may, impose a civil penalty of up to $500.00 upon the licensee and/or suspend or revoke the license.

(b) No civil penalty, suspension or revocation shall issue except upon notice delivered to the licensee by mailing notice in the regular mail, addressed to the licensee at the licensed premises, a minimum of ten days prior to the date set for hearing before the council. Such notice shall inform the licensee of the time, date and place of hearing and shall set out briefly the reasons therefore.

(c) If, after such hearing, the city council makes a finding based on substantial evidence that a violation of this chapter or another chapter of this Code or state law did in fact take place as alleged, the city council may impose an appropriate civil penalty and/or suspend or revoke the license; the determination of whether to impose a civil penalty and/or suspend or revoke such license shall be in the discretion of the city council and shall be dependent upon the circumstances surrounding the violation and its severity.

(d) A licensee whose license has been revoked shall not be eligible for another such license for a period of two years after such revocation.

(e) Failure to pay a civil penalty imposed by the city council within 30 days of the resolution imposing such penalty if not stayed by appeal shall result in an automatic suspension of the after-hours business license for 20 calendar days. The city clerk shall issue a suspension order and the 20 days suspension shall commence at 6:00 p.m. one day following service of the order by personal service to the license holder or by posting on the main entrance to the business premises.
(O.14,610, 15,777)

Sec. 30-396. Enforcement alternatives.

Any person who fails to perform an act required by this article or who commits an act prohibited by this article shall be guilty of a misdemeanor or a municipal infraction punishable by a criminal or civil penalty as provided by section 1-15 of this Code. The city may file a Municipal Infraction pursuant to Iowa Code Chapter 364.22 as an alternative to the penalty procedures under section 30-395 of this article.
(O.14,610)

Sec. 30-397. Notice of change of management.

If a different person becomes manager or any officer dies or is removed, the business licensed pursuant to this article shall notify the office of the city clerk within three days, stating the name of the new manager or officer.
(O.14,610)

Sec. 30-398. Scope.

(a) An after-hours business license shall be a purely personal privilege and shall be revocable for cause. It shall not constitute property nor be subject to attachment and execution nor be alienable or assignable, and in any case it shall cease upon the death of the permittee or licensee.

(b) Every permit or license shall be issued in the name of the applicant, and no person holding a permit or license shall allow any other person to use the permit or license.
(O.14,610)

Sec. 30-399. Causes for suspension, revocation, and civil penalty.

A holder of an after-hours business license may be required to pay a civil penalty and/or have the license suspended for a period up to one year or revoked for violations of law, including city ordinances, following notice and hearing for any of the following causes:

(a) Misrepresentation of any material fact in the application for the after-hours business license.

(b) Violation of any of the provisions of city ordinance or state law pertaining to the operation of the after-hours business.

(c) Any change in the ownership or interest in the business which change was not previously reported to and approved by the city.

(d) An event which would have resulted in disqualification from receiving such license or permit when originally issued.

(e) Any sale, hypothecation, or transfer of such license or permit.

(f) The failure or refusal on the part of any licensee or permittee to render any report or remit any taxes to the Internal Revenue Service of the State of Iowa that are required by state law.

(O.14,610)

Sec. 30-400. Emergency suspension.

(a) Notwithstanding any other provision of this article, the chief of police or his or her designee may temporarily suspend the after-hours business license and order a temporary closure of the business in a situation involving an immediate danger to public health, safety, or welfare.

(b) The police department shall give written notice of the temporary suspension/closure order along with a brief statement of the facts and reasons for the decision to suspend to persons who are required to comply with the order. Such notice shall state that the matter of temporary suspension and closure will be heard by the city council at the first regularly scheduled council meeting after expiration of five calendar days from the temporary suspension/closure. The suspension and order of closure is effective when issued and will remain effective until the city council reviews the facts, circumstances, and reasons for the temporary suspension and closure.

(c) A copy of the written notice of suspension/closure shall be sent to the city clerk. Such hearing shall be placed on the council agenda for the next regularly scheduled council meeting after expiration of five days from the temporary suspension/closure.

(d) The city council may take any action it is authorized to take under section 30-395 of this article and/or reinstatement of the after-hours business license.
(O.14,610)

Sec. 30-401. Effect of revocation.

(a) Any licensee whose license or permit is revoked shall not thereafter be permitted to hold a license in the city for a period of two years from the date of such revocation.

(b) A spouse or business associate holding ten percent or more of the capital stock or ownership interest in the business of a person whose license or permit has been revoked shall not be issued a license and no license shall be issued which covers any business in which such person has a financial interest for a period of two years from the date of such revocation.

(c) If a license is revoked, the premises which has been covered by such license shall not be relicensed for one year.
(O.14,610)

Sec. 30-402. Appeal and hearings.

(a) The right of appeal to the city council shall be afforded an applicant for an after-hours business license or for a renewal license whose license has been denied by the city clerk. Such appeal shall be in writing and filed with the city clerk's office ten business days after notice of denial is sent by ordinary mail.

(b) Any applicant who feels aggrieved by a decision of the city council penalizing, suspending, revoking, or disapproving issuance of a license may appeal from such decision within 30 days to the Polk County District Court.
(O.14,610)

Secs. 30-403—30-449. Reserved.

ARTICLE X. MASSAGE THERAPY

Sec. 30-450. Purpose.

The State of Iowa licenses massage therapists at Iowa Code Chapter 152C. State licensed massage therapists and businesses offering massage therapy services perform an important service in addressing the health and well-being of Des Moines residents. Unfortunately, there are businesses that advertise they provide massage therapy and/or other therapeutic services, but engage in various illegal activities, which may include prostitution and/or human trafficking. This article is not intended to discourage legitimate, licensed massage therapists or massage therapy businesses from providing their services within Des Moines. The purpose of this ordinance is to identify and address businesses that engage in the practice of massage therapy without valid licenses and/or are involved in illegal activities, which may include prostitution and/or human trafficking. Businesses providing massage therapy, but also conducting various types of illegal activity, are harmful to the

health, safety, and welfare of the city and negatively impact the massage therapy profession.
(O.15,734)

Sec. 30-451. Definitions.

For the purposes of this article, the following words and phrases have the meanings herein set forth, unless it is apparent from the context that a different meaning is intended.

(1) *"Massage therapist"* means a person licensed under Iowa Code Chapter 152C to practice the health care service of the healing art of massage therapy in the City of Des Moines.

(2) *"Massage therapy business"* means any business or place of business, including mobile, temporary, and transient businesses, wherein, or on whose behalf, any of the treatments, techniques, or methods of treatment referred to as "massage therapy" are administered, practiced, used, given, advertised or applied.

(O.15,734)

Sec. 30-452. State license required.

The practice of massage therapy, as defined in Iowa Code Chapter 152C, is prohibited by unlicensed individuals. It is unlawful for a person to engage in or offer to engage in the practice of massage therapy, or use in connection with the person's name, the initials "L.M.T." or the words "licensed massage therapist", "masseur", "masseuse", or any other word or title that implies or represents that the person practices massage therapy, unless the person possesses a license issued under the provisions of Iowa Code section 152C.3.
(O.15,734)

Sec. 30-453. Display of license.

Each massage therapist shall keep his/her license in possession at all times while doing business in the city and shall, upon request of a prospective customer or city official, exhibit the license as evidence of compliance with all requirements of this article.
(O.15,734)

Sec. 30-454. Penalties.

(a) A violation under this article is declared to be a municipal infraction in addition to a misdemeanor and any person, or in connection with one or more persons or as principle, agent, or accessory found violating any provision of this article, shall be subject to the general penalty provisions of section 1-15 of this Code to include both criminal and/or civil penalties.

(b) The chief of police, or designee, shall place in a highly noticeable location a placard stating "Unsafe to Enter; Unlicensed Massage Therapy Must Cease and is subject to criminal and/or civil penalty per Des Moines Municipal Code section 30-454." This notice shall remain posted until a valid state license is obtained or other legal use has been established.

(c) No person shall remove the placard posted pursuant to subsection (b) of this section without approval of the chief of police or designee.

(d) No person, or in connection with one or more persons or as principle, agent, or accessory shall continue to offer "massage therapy" services after a massage therapy business has been placarded as unsafe for entry unless the chief of police or designee has approved removal of the placard.

ARTICLE I. IN GENERAL

Sec. 34-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Burial means the in-ground interment or scattering of human remains.

Cemetery means an area owned by the city and designated by the city for the final disposition of human remains and includes in-ground interments, a community mausoleum for vault or crypt or urn interments, and columbarium for cremated remains, interments or a combination of one or more thereof, and areas designated for the scattering of human remains.

Cemetery rules and regulations and *rules and regulations* mean those rules and regulations approved by the parks and recreation board and the city council in accordance with section 34-32 of this chapter.

Columbarium means a freestanding vault or other structure with niches or recesses in the walls for the disposition of cremated remains.

Cremated remains means human ashes intended for in-ground burial, scattering over designated locations, or placed in memorials.

Crypt means a chamber in a mausoleum of sufficient size to contain casketed remains.

Disinterment means the removal of human remains from an interment space.

Family means the spouse of the owner of the right of interment, if any, and all lineal ancestors and descendants as designated in the right of interment, or if none such are designated, then any and all lineal descendants.

Family burial plot means an interment plot which shall be held as indivisible for family members of the owner thereof upon one family member's remains being interred therein for a period extending to 100 years after the last interment.

Foundation means the concrete or sand base created to place a monument or memorial marker on or in a designated burial space or plot.

Grave means a space of ground that is used for an in-ground burial.

Infant or *small child* means a child eight years old or less at death who requires an interment space no greater than five feet in length.

Infant burial plot means that area of the cemetery restricted to infant interments.

Infant interment means an interment in which the casket or urn is placed within an in-ground interment space five feet in length.

Interment means the permanent disposition of the remains of a deceased person by inurnment, entombment or burial.

Interment plot or plot means the area designed for the interment of the remains of one or more persons.

Interment space means the area designed for interment of the remains of one person.

Iowa Cemetery Act means Iowa Code Chapter 523I and its implementing regulations in the Iowa Administrative Code, as such chapter and rules may be amended from time to time.

Mausoleum means an enclosed structure designed for the interment of two or more people.

Memorial means any product, excluding a mausoleum or columbarium, used for identifying an interment space of a decedent, including, without limitation, a monument, tablet, headstone, footstone, vase, marker or bench, including those within a designated scattering area, private mausoleum, tombstone, surface burial vault, urn and crypt and niche plates.

Niche means a recess or space in a columbarium or mausoleum used for the placement of cremated human remains.

Owner means the person named as grantee in a certificate of right of interment or other instrument of conveyance.

Ownership, as the term relates to interment spaces or interment plots in the city cemeteries, is limited in meaning to the right of interment and includes no other elements of title ascribed to real estate by law.

Perpetual care, when used in reference to cemetery burial spaces, or plots, means the cutting and raking of the grass upon such interment spaces at reasonable intervals. When used in reference to cemetery grounds and facilities, means the lawn maintenance and care, the pruning of the shrubs and trees, and the general preservation and repair of the grounds, walks, roadways, drives, curbs, parking spaces, sewers, water lines, cemetery offices and maintenance buildings, fences, gates, boundaries, signage, entrance features, removal of litter and burial space or plot decorations, maintaining cemetery machinery, tools and equipment, so that such grounds and facilities shall remain and be reasonably cared for as cemetery property forever. The removal of snow and ice from cemetery walks, roadways, and parking spaces, and the back filling of eroded soil on graves and cemetery grounds, are included within the meaning of perpetual care. When used in reference to a city mausoleum and columbarium, perpetual care means repair necessitated by ordinary wear, the cleaning and sweeping of the building at reasonable intervals and the revision of locks and doors to prevent the entrance of unauthorized persons. No perpetual care for private mausoleums is provided by the city, with the exception that, at the city's sole discretion, limited perpetual care consisting solely of the removal of biological microbes, such as mold, algae, or lichens from exterior surfaces may be provided.

The term "perpetual care" shall not be construed as meaning:

(1) The maintenance, repair or replacement of any memorials placed or erected upon burial spaces or plots, or on any columbarium or within any mausoleum.

(2) The planting of flowers or ornamental plants on burial spaces or plots or the maintenance or doing of any special or unusual work in the cemetery or in a mausoleum or columbarium.

(3) The reconstruction of any marble, granite, bronze or concrete work on any section or plot or any portion thereof in the cemetery, mausoleum and columbarium or other buildings or structures, caused by the elements, an act of God, common enemy, thieves, vandals, strikers, malicious mischief makers, explosions, unavoidable accidents, invasions, insurrections, riots or by the order of any military or civil authority, whether the damage shall be direct or collateral, except as specifically approved by the city parks and recreation board.

Perpetual care maintenance fund means a perpetual care fund as defined in Iowa Code Chapter 523I and in section 34-166 of this chapter.

Remains means the body of a deceased human or a body part, or limb that has been removed from a living human being, including a body, body part, or limb in any stage of decomposition, or cremated remains.

Restricted burial section means an area restricted to the in-ground interment of remains of members of an association, organization, brotherhood or sisterhood, religious group, denomination or other similar entity, but shall not mean a family burial plot or veteran's plot.

Right of interment refers to the document delivered by the city as grantor to a grantee of a designated interment space or interment plot. Such document does not convey title in any form and shall not be construed as more than a right to inter human remains at a particular place as limited by city ordinances and cemetery rules and regulations, as such may from time to time be amended.

Scattering area means a designated area where cremated remains may be comingled with other cremated remains.

Special care means the maintenance work performed by cemetery staff at the request of and billed to, the owner or family, for work that is beyond perpetual care and includes only those specific services set forth in special care agreements with owners. It may include the erection,

maintenance, removal, repairs or preservation of any memorial structure; the planting and cultivation of flowers, trees, shrubs or plants in and around the cemetery or any part thereof; and the filling and care of vases, special care of flower beds and the placing of flower beds, and the placing of floral decorations on specified religious or other days, national holidays or at any other date requested, including the special care of ornamenting of any burial space or plot, section or building or any portion thereof, in the cemetery; or any other purpose or use consistent with the purpose for which such cemetery was established or is being maintained.

Veteran, for purposes of interment in the veteran's plot of a cemetery, means a person who served in any armed service of the United States as defined in Iowa Code Section 35.1.

Veteran's plot means an area of a city cemetery restricted to and reserved for veterans and their spouses.
(C42, §§ 72-2, 72-44, 72-67 to 72-69; C54, C62, §§ 13-1, 13-88; C75, C79, §§ 15-2, 15-82; C85, § 15-1; O.11,316; C91, § 15-1; O.13,100, 14,178, 15,801)

Cross reference—Definitions generally, § 1-2.

Secs. 34-2—34-30. Reserved.

ARTICLE II. MANAGEMENT

Sec. 34-31. Operation and supervision.

The operation, supervision, and maintenance of the municipal cemeteries is the responsibility of the parks and recreation department under the direction of the director or his or her designee.
(C42, § 72-3; C54, C62, § 13-3; C75, C79, § 15-3; C85, § 15-2; O.11,316; C91, § 15-2; O.15,801)

Sec. 34-32. Powers and duties of parks and recreation board.

For the purposes of this chapter, the parks and recreation board has the authority to:

(1) Review and determine the amount of fees for all rights of interment, cemetery services, rentals, and incidental products offered or performed under this chapter subject to the approval of the city council and the amount set forth in a schedule of fees adopted by the city council.

(2) Without notice, make exceptions, suspensions or modifications in the enforcement of this chapter when such are deemed necessary or advisable; provided, however, that such exception, suspension or modification applies only to a single circumstance.

(3) Review and approve rules and regulations necessary and beneficial to regulate the conduct in the city cemeteries, subject to section 74-26 of this Code.

(4) Hear appeals from any person in regard to any decision of the parks and recreation director. Appeals must be made in writing and filed with the parks and recreation director within ten days of the date of the director's written decision. Appeals must be received by the board at least 20 days before the next meeting of the board.

(C42, §§ 72-90, 72-91, 72-46, 72-38, 72-73; C54, C62, §§ 13-4, 13-12, 13-13, 13-51, 13-92; C75, C79, §§ 15-4, 15-12, 15-13, 15-52, 15-86; C85, § 15-3; O.11,316; C91, § 15-3; O.15,801)

Sec. 34-33. Powers and duties of parks and recreation director.

The parks and recreation director, in addition to the enforcement of this chapter and all rules and regulations approved by the parks and recreation board and the city council, shall exercise the following duties and authority:

(1) Authorize, including by issuance of a permit, events and activities sponsored by the parks and recreation department or other events and activities for a compelling cultural, historical, or educational need of the community which is consistent with and furthers the purposes of the city cemeteries.

(2) Sell burial spaces or plots to persons desiring to purchase and transfer the right of interment in the city cemeteries subject to this chapter and the Iowa Cemetery Act. The director may designate

the cemetery manager to execute right of interment documents and other related cemetery documents.

(3) Establish the days and times for burial and conditions for granting exceptions thereto.

(4) Determine the method of payment for right of interment and related interests and cemetery services, whether by direct and full payment at the time of purchase or payment by an installment plan subject to the conditions of section 34-61 of this chapter.

(5) Determine the expenditures of the income from the perpetual cemetery maintenance fund in such manner as in his or her judgment will be most advantageous to the owners as a whole and in accordance with the purposes and provisions of the applicable state laws, including the Iowa Cemetery Act.

(6) Enlarge, reduce, replot, or change the boundaries or grading of the cemetery or of a section thereof or modify or change the location of, remove or regrade grounds, drives or walks therein and lay, maintain or alter pipelines or drainage.

(7) Determine the location of trees, shrubs, herbage, and flowers or removal of such if such becomes unsightly, dangerous, detrimental or diseased.

(8) Determine improvements on and care of cemeteries such as addition of trees, shrubs, herbage and flowers or removal of such if such becomes unsightly, dangerous, detrimental or diseased.

(9) Use cemetery property which has not been sold to individual owners for cemetery purposes, including the interring of human remains or incidental thereto.

(10) Approve, consistent with this chapter, all special care agreements.

(11) Prevent improper assemblages and call upon the police department for aid in enforcing this chapter.

(12) Exclude from the cemetery any person violating this chapter.

(13) Take care of and supervise the grounds of the cemetery and the buildings located thereon inclusive of authority to remove floral designs or flowers or other items that have become unsightly and do not conform to the cemetery rules and regulations.

(14) Have authority to regulate and to supervise consistent with this chapter and the cemetery rules and regulations all persons in the cemetery, including the scheduling and conduct of all work performed within the city cemeteries, including funerals on reaching the cemetery, traffic, owners and visitors.

(15) Reject any plan or design for any memorial which, on account of size, design, inscription, kind or quality of stone or otherwise, is not in compliance with the requirements set forth in this chapter and cemetery rules and regulations. Such rejection by the parks and recreation director shall be in writing, giving the reason therefor and informing the owner of the right to appeal the rejection to the parks and recreation board as set forth in subsection 34-32(4) of this article.

(16) Stop any work of any nature whenever in his or her opinion proper preparations therefor have not been made, when tools and machinery are insufficient or defective, when work is being executed in such a manner as to threaten life or property, when the monument dealer has been guilty of misrepresentation, when work is not being executed according to specifications, or when any person employed on the work violates any section of this chapter.

(C42, §§ 72-4, 72-64, 72-84; C54, C62, §§ 13-5, 13-82 to 13-85, 13-111, 13-112; C75, C79, §§ 15-5, 15-80, 15-105, 15-106; C85, § 15-4; O.11,316; C91, § 15-4; O.15,801)

Sec. 34-34. Fees.

Fees. Pursuant to sections 34-32 and 34-33, the parks and recreation department is authorized

to charge fees for cemetery services, including, without limitation, fees for interment, disinterment, foundation charges, extra work/special care, records research, grave spaces, monument lots, rentals and incidental products. Cemetery fees for residents and nonresidents shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(O.15,801)

Sec. 34-35. Employee gratuities or commissions.

No person while employed by the city in the parks and recreation department in connection with any cemetery shall receive any fee, gratuity or commission, either directly or indirectly, under penalty of immediate dismissal.
(C42, § 72-6; C54, C62, § 13-7; C75, C79, § 15-7; C85, § 15-5; O.11,316; C91, § 15-5; O.15,801)

Secs. 34-36—34-60. Reserved.

ARTICLE III. SALE OF INTERMENT RIGHTS

Sec. 34-61. Sale of rights of interment.

(1) The city parks and recreation department on behalf of the city is authorized to sell the right of interment.

(2) The sale or transfer of interment rights in the cemetery shall be evidenced by a certificate of interment rights or other instrument evidencing the conveyance of exclusive rights of interment upon payment in full of the purchase price. The agreement for interment rights shall disclose all information required by the Iowa Cemetery Act, including the amount or percentage of money to be placed in the perpetual care fund.

(3) Fees for the right of interment must be paid at the time of arrangement for interment regardless of any prior agreement as to method of payment.

(4) The parks and recreation director or his or her designee is authorized to execute all right of interment documents.

(C42, §§ 72-11, 72-33; C54, C62, §§ 13-20, 13-46; C75, C79, §§ 15-20, 15-47; C85, § 15-6; O.11,316; C91, § 15-6; O.13,739, 14,070, 14,077, 14,178, 15,801)

Sec. 34-62. Transfer of ownership of right of interment.

All transfers of ownership of rights of interment shall be subject to a fee, to be determined by the parks and recreation board subject to approval of the city council, which shall be paid to the city when the transfer is requested and recorded. The city may refuse to consent to a transfer or to an assignment of a right of interment cemetery interment space or plot as long as there is any indebtedness due the city for the interment space or plot from the recorded owner. No transfer or assignment of any right of interment to an interment space or plot or interest therein shall be valid without the consent in writing of the parks and recreation director first endorsed upon such a transfer or assignment and thereafter being recorded on the books of the parks and recreation department. Upon such consent, a new right of interment document is issued.
(C42, §§ 72-34, 72-35, 72-36; C54, C62, §§ 13-47, 13-48, 13-49; C75, C79, §§ 15-48, 15-49, 15-50; C85, § 15-7; O.11,316; C91, § 15-7; O.15,801)

Sec. 34-63. Interment rights of owners.

(a) All interment spaces and plots shall be presumed to be under the control for purposes of interment of the person named as the grantee or the grantee's surviving spouse, or transferee in the right of interment document.

(b) The surviving spouse shall have a vested right to inter the deceased spouse's remains in any interment space or plot in which the deceased spouse was the owner of a right of interment, which right shall continue as long as the surviving spouse shall remain the spouse of the right of interment owner or shall be the spouse at the time of the owner's demise. No conveyance or other action, without the joinder therein or by

written consent attached thereto, shall divest the spouse of this vested right of interment; provided, however, that a final decree of divorce or annulment between them shall terminate it unless it shall be otherwise provided by the decree of divorce.

(c) Where a right of interment is conveyed to two or more persons to an interment space or plot, such owners shall be considered as joint tenants. each joint tenant shall have a vested right of interment of his or her remains in the burial space or plot conveyed. Upon the death of a joint tenant the right of interment in the burial space or plot theretofore held in joint tenancy immediately vests in the survivor, subject to the vested right of interment for the remains of the deceased joint tenant owner.

(d) Whenever an interment is made in an interment plot that has been transferred by a right of interment document to an individual owner by the city and is held as a separate plot, it shall be indivisible, and the whole plot thereby becomes inalienable and shall be held as the family plot of the owner. One grave, niche or crypt may be used for the owner's interment, one for the surviving spouse, if any, of the owner who, by law, has a vested right of interment therein, and in those remaining, if any, the parents or children of the deceased owner may be interred, in the order of need, without the consent of any person claiming any interest therein unless each interment space is specifically reserved in the right of interment document and not waived by the designated party.

(1) If there shall be no parent or child surviving the deceased person, the right of interment therein shall go to the next heirs at law of the deceased owner as specified by the statutes of descent. (See I.C. § 633.1 et seq.)

(2) Any surviving spouse or any parent, child or heir of the deceased owner may waive his or her right to interment in the plot in favor of any other relative of the deceased owner. Upon such waiver, the body of the person in whose favor the waiver is made may be interred therein, provided that such written waiver is filed in the office of the cemetery manager.

(e) If no interment has been made in an interment space or plot which has been transferred by a right of interment document to an individual owner by the city or if all the remains have been lawfully removed therefrom, in the absence of the specific disposition thereof by the owner's last will and testament, the whole of such plot, except the one grave, niche or crypt which must be reserved to the surviving spouse of the owner, shall, upon the death of the owner, descend in regular line of succession to the heirs at law of the owner for 100 years after the last interment. If no interment is made for a period of 100 or more years after the date of the last interment or if no interment is made for at least 100 years from the date of issuance of the right of interment document, all rights to such space or plot shall automatically revert to the city and no rights to such space or plot shall remain with the purchaser, transferee, or any heirs thereof.
(C42, §§ 72-30, 72-31, 72-32; C54, C62, §§ 13-41, 13-42, 13-43, 13-44, 13-45; C75, C79, §§ 15-42, 15-43, 15-44, 15-45, 15-46; C85, § 15-8; O.11,316; C91, § 15-8; O.13,100, 15,801)

Sec. 34-64. Termination of rights of interment.

(a) A vested right of interment, as provided in section 34-63 of this article, may be waived and shall be terminated or shall revert to the city upon interment elsewhere of the remains of a person entitled thereto, or upon removal of the remains from a single interment space, unless notice to the contrary is given to the city within 90 days after death. The vested right of interment shall be restricted and limited by the provisions of section 34-103 of this chapter.

(b) A family burial plot or restricted burial plot may be deemed abandoned and vested rights of interment terminated if no interment has occurred therein for a period of 100 years. All interment spaces remaining in the family burial plot or other plot shall revert to the city upon the city giving notice to the recorded owner or, if the recorded owner is deceased or his or her

whereabouts unknown, to the heirs of such deceased stating that such interment spaces are deemed abandoned. The notice may be served personally on the owner or the owner's heirs or may be served by the mailing of the notice by certified mail to the owner or the owner's heirs, as the case may be, to their last known address. If the address of the owner or the owner's heirs cannot be ascertained, notice of such abandonment shall be by one publication in a newspaper of general circulation in the county. If such notice is not responded to within 90 days from the date of service, mailing or publication, the interment spaces shall be deemed abandoned, and all right therein reverts to the city.

(c) When remains are removed from an interment space, the vacant space shall revert to the city.
(C42, § 72-30; C54, C62, § 13-43; C75, C79, § 15-44; C85, § 15-9; O.11,316; C91, § 15-9; O.15,801)

Sec. 34-65. Restrictions in right of interment.

All sales of right of interment in burial spaces, lots and plots in the city cemeteries shall be subject to the restrictions provided for in this chapter and in the cemetery rules.
(C42, § 72-33; C54, C62, § 13-46; C75, C79, § 15-47; C85, § 15-10; O.11,316; C91, § 15-10; O.15,801)

Sec. 34-66. Ownership agreement.

The right of interment document and the sections of this chapter and cemetery rules approved by the city council and any amendments thereto shall be the sole agreement between the city and the owner.
(C42, § 72-89; C54, C62, § 13-14; C75, C79, § 15-14; C85, § 15-11; O.11,316; C91, § 15-11; O.15,801)

Sec. 34-67. Notice.

Notice sent to an owner of a right to interment at the last address on file in the office of the parks and recreation department shall be considered sufficient and proper legal notification except as otherwise provided in this chapter.
(C42, § 72-66; C54, C62, § 13-16; C75, C79, § 15-16; C85, § 15-12; O.11,316; C91, § 15-12; O.15,801)

Sec. 34-68. Access roads.

Any road, drive, alley or walk in the cemetery may be used as a means of access to the cemetery or buildings as long as the parks and recreation department maintains it to that purpose. No easement or other designated right is granted to any owner of a right of interment in any road, drive, alley or walk within the cemetery.
(C42, § 72-47; C54, C62, §§ 13-17, 13-18; C75, C79, §§ 15-17, 15-18; C85, § 15-13; O.11,316; C91, § 15-13; O.15,801)

Sec. 34-69. Reserved.

Editor's note—Ord. No. 15,801, § 1, adopted Sept. 9, 2019, repealed § 34-69, which pertained to fees and derived from Code 1991, § 15-176; Ord. No. 11,953; Ord. No. 13,100; Ord. No. 13,131; Ord. No. 13,304; Ord. No. 13,574; Ord. No. 13,779; Ord. No. 14,077; Ord. No. 14,178. the user's attention is directed to § 34-34.

Secs. 34-70—34-95. Reserved.

ARTICLE IV. INTERMENTS AND DISINTERMENTS

Sec. 34-96. Standards for in-ground burial receptacles.

(a) Permanent burial receptacles used in all city cemeteries, except cremation receptacles, receptacles for use in infant burial areas, and as provided in subsection (b) of this section, shall meet the following standards:

(1) Design life: 50 years supporting at surrounding soil's six-foot bottom burial.

(2) Receptacles shall meet the industry standard of 5,000 PSI of the center of the top lid and side walls.

The individual, company, partnership or other legal entity desiring to market or use burial receptacles for burial use in the city must submit to the parks and recreation department certified

copies of tests performed by the National Concrete Burial Vault Association (NCBVA) meeting the above described standards. Upon acceptance of the test results by the parks and recreation director, the director shall give written notification to the applicant submitting the test results that the proposed burial receptacle is certified to be used in the city. Thereafter, any change in design, construction or constituting materials used in the manufacture of the specific burial receptacle shall necessitate submission of revised testing results. Approval of one type of burial receptacle of a manufacturer or retailer does not qualify for certification, any other type produced or sold by such party.

(b) Burials of persons for whom such a receptacle would violate an established religious custom, rule or practice, need not be in a receptacle as described above, but must comply with other requirements established by the parks and recreation board for such burials.
(C42, § 72-22.01; O.5458; C54, C62, § 13-33; C75, C79, § 15-33; O.10,729; C85, § 15-14; O.11,316; C91, § 15-14; O.13,670, 15,801)

Sec. 34-97. Interments subject to law; interment in places other than cemeteries.

All interments, disinterments and removals shall be made subject to the orders and laws of the properly constituted authorities of the city, county and state and to the provisions of this chapter and all rules and regulations of the parks and recreation board. No interment shall be made anywhere other than in cemeteries established in accordance with city ordinances or state laws.
(C42, § 72-10, O.5530; C54, C62, § 13-19; C75, C79, § 15-19; C85, § 15-15; O.11,316; C91, § 15-15; O.15,801)

Sec. 34-98. Application for interment.

(a) At the time of interment in any interment space or plot, written application by the owner of record or by the owner's authorized representative, including a designee pursuant to declaration under Iowa Code Chapter 144C must be made on forms provided by the parks and recreation department and filed in the office of the cemetery manager. For multiple owners of an interment space or plot, the written authorization of any one owner may be deemed sufficient if the deceased is a member of the immediate family of the person so authorizing. No other person may be interred in any plot without the written consent of all the owners of the interment space or plot who are recorded as owners on the records of the parks and recreation department or their heirs.

(b) All orders must be completed on order forms provided by the cemetery office. The parks and recreation board or the city shall not be held responsible for any mistake occurring from the lack of precise and proper instructions on such order form, such as to the burial space or as to the particular space, size and location in a space or plot where interment is desired.

(c) The city shall not be responsible for the interment permit nor for the identity of the person sought to be interred.

(d) The city shall not be liable for any delay in the interment of a body if a protest to the interment has been made or this chapter has not been complied with. The city shall be under no duty to recognize any protests of interment unless they are in writing and filed in the office of the parks and recreation department.

(e) If instruction regarding the location of an interment space cannot be obtained or is indefinite or if for any reason the interment space cannot be opened where specified, the cemetery manager may, in his or her discretion, open an interment space at such location as he or she deems best and proper so as not to delay the funeral, and the city shall not be liable in damages for any error so made.

(f) Application for interment, commonly referred to as a "burial order", must be filed with the cemetery office at least 24 business hours prior to any interment; application for disinterment with the proper permit, as required by state statute, attached thereto must be filed with the cemetery office at least one week prior to any disinterment.

(g) The charges for the cemetery services must be paid at the time of the issuance of the order for interment or disinterment and removal, except that, upon the approval of the parks and recreation director based upon a determination of no current owing balances within the city cemeteries, no history of delinquent payments, and operation in business at least one year, funeral homes within the greater Des Moines metropolitan area may be billed monthly.
(C42, §§ 72-13, 72-14, 72-15, 72-16, 72-17, 72-19, 72-20, 72-28; C54, C62, §§ 13-22, 13-23, 13-24, 13-25, 13-27, 13-18, 13-29, 13-39; O.7453; C75, C79, §§ 15-22, 15-23, 15-24, 15-25, 15-27, 15-28, 15-29, 15-40; C85, § 15-16; O.11,316; C91, § 15-16; O.15,801)

Sec. 34-99. Reservation of right to correct errors.

The city reserves and shall have the right to correct any errors that may be made by it either in making interments, disinterments or removals or in the description, transfer or conveyance of any interment space, either by canceling such conveyance and substituting therefor and conveying in lieu thereof other interment space of equal value and similar location, as far as possible, or as may be selected by the city, in the sole discretion of the city. If such error shall involve the interment of the remains of any person in such interment space, the city reserves and shall have the right subject to state statutes to remove and transfer the remains so interred to such other interment space.
(C42, § 72-18; C54, C62, § 13-26; C75, C79, § 15-26; C85, § 15-17; O.11,316; C91, § 15-17; O.15,801)

Sec. 34-100. Interment prohibited without payment for burial space.

No interment shall be permitted or memorial placed in or on any interment space or plot not fully paid for.
(C42, § 72-21; C54, C62, § 13-30; C75, § 15-30; O.9604; C79, § 15-30; C85, § 15-18; O.11,316; C91, § 15-18; O.15,801)

Sec. 34-101. Interment of more than one body or cremation urn.

Not more than one body shall be interred in one grave, except for the coincident deaths of a mother and infant or multiple born children. Multiple burials, not to exceed four, may occur of cremated remains on one grave, crypt or niche. An interment plot may contain the non-cremated remains of one person plus up to the cremated remains of three persons. The cremated remains of persons who have donated their bodies for scientific, medical, or educational purposes may be con-mingled with other cremated remains and interred in specially designated locations for such interments. All statutes, ordinances, cemetery rules and regulations pertaining to the recording of the deceased persons' names in the cemetery records and the use of acceptable memorials shall apply.
(C42, § 72-21; C54, C62, § 13-31; C75, C79, § 15-31; C85, § 15-19; O.11,316, 11,386; C91, § 15-19; O.15,801)

Sec. 34-102. Subdivision of plots.

The subdivision of interment plots is not allowed.
(C42, § 72-37; C54, C62, § 13-50; C75, C79, § 15-51; C85, § 15-20; O.11,316; C91, § 15-20; O.15,801)

Sec. 34-103. Interment in restricted burial plot.

If a right of interment document or other document or agreement regarding an area in a city cemetery has been granted to an association, organization, brotherhood or sisterhood, religious group, denomination or similar entity exclusive of a family plot or veterans' plot, interments shall be limited to the actual members of that entity, to their spouses and to immediate members or families of members. All interments shall be governed by the particular laws and rules and regulations of the particular entity owning the right of interment unless in conflict with this chapter or the rules and regulations of the parks and recreation department, except that this shall

not operate to restrict any right to free exercise of religion unless inconsistent with public health or safety.
(C42, § 72-23; C54, C62, § 13-34; C75, C79, § 15-34; C85, § 15-21; O.11,316; C91, § 15-21; O.15,801)

Sec. 34-104. Disturbing caskets.

Once a casket or memorial urn containing human remains is within the confines of the cemetery, no funeral director or his or her embalmer, assistant, employee or agent shall be permitted to open the casket or urn or to touch the remains without the consent of the designated family member or authorized representative of the deceased or without a court order.
(C42, § 72-5; C54, C62, § 13-6; C75, C79, § 15-6; C85, § 15-22; O.11,316; C91, § 15-22; O.15,801)

Sec. 34-105. Niches or crypts.

Only one memorial urn may be placed in a niche or crypt in the cemetery unless the niche or crypt has been purchased with the written agreement that more than one urn may be placed therein or was purchased prior to December 8, 1941. All remains placed in niches and mausoleums or burial in-ground must be sealed in metal containers.
(C42, § 72-43; C54, C62, §§ 15-38, 15-39; C75, C79, §§ 15-58, 15-59; C85, § 15-23; O.11,316; C91, § 15-23; O.15,801)

Sec. 34-106. Sealing of casket.

When an interment is made in a mausoleum, the casket must be metal lined and the crypt must be hermetically sealed, unless the body has been embalmed.
(C42, § 72-86; C54, C62, § 13-123; C75, C79, § 15-117; C85, § 15-24; O.11,316; C91, § 15-24; O.15,801)

Sec. 34-107. Reserved.

Editor's note—Ord. No. 15,801, § 1, adopted Sept. 9, 2019, repealed § 34-107, which pertained to single graves and derived from Code 1962, § 13-38.01; Ord. No. 7453; Code 1975; Code 1979, § 15-39; Code 1985, § 15-25; Ord. No. 11,316; Code 1991, § 15-25; Ord. No. 13,100.

Secs. 34-108—34-135. Reserved.

ARTICLE V. MEMORIALS

Sec. 34-136. Standards for erection.

(a) For the purpose of this chapter, memorial dealers shall be required to furnish to the cemetery manager for approval a blueprint or sketch of the proposed memorial or markers, specifying the size, location in lot, inscription, quality of stone and name of the producer furnishing the stone. Such approval is also required for any alterations made after the erection of the memorial. Monument dimensions must be in conformance with the dimensions designated in the cemetery rules or regulations.

(b) Persons engaged in erecting memorials or other structures are prohibited from attaching ropes to other memorials, trees and shrubs or from scattering their material over adjoining burial spaces, lots or plots or from blocking avenues or pathways or from leaving their material on the grounds longer than is absolutely necessary. They must do as little injury to the grounds, grass, trees and shrubs as possible and must remove all debris and restore the ground and sod to its original condition. Work shall proceed promptly and once initiated shall be continuous until completed.

(c) No material, machinery or other thing for the construction of memorials may be brought into the cemetery until required for immediate use. Such material shall not be placed on lots adjoining the one on which such a structure is to be erected without special permission from the cemetery manager.

(d) No memorial shall be erected in a cemetery in the proximity of a graveside or interment service that is to take place during the progress of the work or on Sundays, city holidays, or after sundown. Installation/erection work shall be done during the cemetery's normal weekday hours or at such other times as may be arranged with the cemetery manager.

(e) Damage done to interment spaces, plots, walks, drives, grounds, trees, shrubs or other property by dealers or contractors or their agents, other than normal use during installation of memorials, shall be repaired at the direction of

and to the satisfaction of the cemetery manager. The cost of repair shall be charged to the dealer or the dealer's contractor.

(f) The cemetery manager has the right to inspect the installation of a memorial or other structure at any time and if the determination is made that cemetery rules are not being followed during the installation, or if the workmanship in placing or erecting a memorial or other structure results in such memorial or other structure not being stable or not sufficiently upright or not sitting at a 90 degree angle for uprights, the cemetery manager may order the installation to stop until the infraction is corrected and may require a corrected installation. The cemetery manager may require a flush monument to be at the same grade as the surrounding grounds and to be leveled. The cemetery manager shall provide a written notice to the installer as soon as possible if any of the following have occurred: (a) the memorial has not been installed correctly; (b) the installer has damaged the property at the cemetery; or (c) other cemetery requirements for installation, including removal of debris or equipment, have not been met. If a memorial sinks, tilts, or becomes misaligned within 12 months of its installation and the cemetery manager believes the cause is faulty installation, the installer shall be given written notification that the installer is responsible to correct the damage, unless the damage is caused by inadequate written specifications and instructions from the cemetery or acts of the cemetery and its agents and employees, including but not limited to running a backhoe over the memorial, carrying a vault or other heavy equipment over the memorial, or opening or closing an interment space adjacent to the memorial.

(g) Engravers and memorial cleaners and all other persons must procure a permit from the cemetery manager before any work in the cemetery is commenced. To secure such a permit the applicant must submit satisfactory evidence of his or her ability to perform properly the work for which he or she has been engaged. The name or inscription on each memorial must correspond with the name and record in the office of the cemetery manager. After being inscribed, no changes shall be made except upon request of the memorial owner or such heirs and by permission of the cemetery manager. No double inscription shall be permitted on the face of a crypt, niche or single marker except for multiple burials as provided in section 34-101 of this chapter.

(h) Plans or diagrams for any foundation necessary for installation of any memorial shall be submitted to the cemetery manager for approval before installation. A permit for installation by a private party shall be obtained no later than ten business days before any work is undertaken. If any party desires that the foundation for any memorial be installed by the parks and recreation department, an application for installation of the foundation shall be signed by the owner of the burial space or plot or his or her agent, giving his or her name, address and the number of the burial space or plot on an application to be furnished by the parks and recreation department. Charges for such work shall be paid for in advance, except that, upon the approval of the parks and recreation director based upon a determination of no current owing balances within the city cemeteries, no history of delinquent payments, and operation in business at least one year, memorial dealers within the greater Des Moines metropolitan area may be billed monthly for foundations installed on their behalf and at their request after completion of setting.

(i) Completed work of erection of memorials is subject to the approval of the cemetery manager who shall report any unsatisfactory erection of a memorial to the parks and recreation director. If the completed work is unsatisfactory and not according to previously approved plans and specifications it may be removed by decision of the parks and recreation director. Memorials showing drill or tool marks or stain from removal of the rubber mat used for sand engraving may be considered as unsatisfactory.

(C42, §§ 72-82, 72-84, 72-84; C54, C62, §§ 13-103, 13-104, 13-105, 13-106, 13-107, 13-109, 13-113, 13-115, 13-116, 13-118, 13-126, 13-127; O.7453; C75, C79, §§ 15-97, 15-99, 15-100, 15-101, 15-103, 15-107, 15-109, 15-110, 15-112, 15-120, 15-121; O.10,685; C85, § 15-26; O.11,316; C91, § 15-26; O.15,801)

Sec. 34-137. Materials.

Structures, other than memorials, columbariums, or mausoleums, either wholly or partially aboveground, shall be constructed only in burial areas so designated by cemetery rules and regulation. Such structures must be made of first-grade granite verified as such by the retailer or manufacturer and must be greater that one foot in height or greater than 15 square feet and greater than 1,000 pounds. Plans, specifications, and design of such structures are subject to the approval of the parks and recreation director or the cemetery manager. Such structures may include remains of one or more persons if the structure is permanently and hermetically sealed to prevent access.
(C42, § 72-86; C54, C62, §§ 13-120, 13-121; C75, C79, §§ 15-114, 15-115; C85, § 15-27; O.11,316; C91, § 15-27; O.15,801)

Sec. 34-138. Guarantee by retail dealers.

(a) Retail dealers of memorials shall sell memorials consisting of first-grade granite and shall guarantee the memorial to be executed in first-grade workmanship. If faults develop within five years due to the setting, treatment or handling of the memorial by the memorial dealer, the memorial will be replaced by the memorial dealer without cost to the city or the owner or the estate of the deceased or any heirs, assignees or successors in interest thereof.

(b) A retail dealer who violates this chapter shall be removed from the list of approved retail dealers.
(C42, § 72-82; C54, C62, §§ 13-100, 13-108; C75, C79, §§ 15-94, 15-103; C85, § 15-28; O.11,316; C91, § 15-28; O.15,801)

Sec. 34-139. Flush marker blocks and sections.

In all blocks and sections of the cemetery designated as flush marker blocks and sections, only memorials in the form of bronze tablets or granite markers set level with the ground at the head of each grave shall be allowed. Marker dimensions shall be as designated in the cemetery rules and regulations.
(C42, § 72-80; C54, C62, § 13-128; O.7453; C75, C79, § 15-122; C85, § 15-29; O.11,316; C91, § 15-29; O.15,801)

Sec. 34-140. Removal.

No memorial shall be removed from the cemetery except by the consent and order of the parks and recreation director and with the written order of the owner or the owner's agent of the interment space. If any memorial, mausoleum or structure becomes unsightly, dilapidated or potentially injurious to the health or safety of the public or cemetery personnel, the parks and recreation director shall have the right either to direct the correction of the condition or to cause the removal of the memorial, mausoleum or structure at the expense of the heirs, assignees or successors in interest or the estate of the deceased if such can be reasonably located or ascertained.
(C42, §§ 72-84, 72-88; C54, C62, §§ 13-114, 13-129, 13-130; C75, C79, §§ 15-108, 15-123, 15-124; C85, § 15-30; O.11,316; C91, § 15-30; O.15,801)

Secs. 34-141—34-165. Reserved.

ARTICLE VI. MAINTENANCE

Sec. 34-166. Perpetual care cemetery fund and trusteeship.

(a) The "perpetual cemetery maintenance fund", also designated and known as the "permanent cemetery maintenance fund", as established by Ordinance 2202, 7453, 11,316 and 15,096, for the perpetual care of the cemeteries shall be maintained for the municipal cemeteries operating as perpetual cemeteries in accordance with Iowa Code Chapter 523I, the Iowa Cemetery Act. Such fund shall be a perpetual trust fund which shall be funded by the deposit of an amount equal to or greater than 20 percent of the gross selling price, or $50.00, whichever is more, for each sale of all rights of interment within the cemeteries. Separate designations within the permanent cemetery maintenance fund shall be made for each municipal cemetery. The fund shall be administered in accordance

with the purposes and provisions of Iowa Code Chapter 523I and in accordance with the investment policy approved by the city council.

(1) The permanent cemetery maintenance fund may also include funds from the following:

a. Contributions in the form of a gift, grant, or bequest.

b. Any accumulated income allocated to principal.

c. Money or real or personal property impressed with a trust by the terms of Iowa Code Chapter 523I.

(2) The interest accumulation from the income from the permanent cemetery maintenance fund shall be used for the care of the cemeteries and shall be in accordance with the definition of perpetual care in this chapter and with the purposes and applicable provisions of Iowa Code Chapter 523I.

(3) The permanent cemetery maintenance fund shall be maintained separate from all operating funds of the municipal cemeteries and the principal of the fund shall not be reduced voluntarily except as specifically permitted by Iowa Code chapter 523I, the Iowa Cemetery Act and applicable administrative regulations.

(b) Pursuant to Iowa Code Section 523I.502, the city shall be the trustee for the permanent cemetery maintenance fund and the city council shall act on the city's behalf as trustee of such fund. The city hereby states and affirms its continued willingness and intention to act as a trustee of the permanent cemetery maintenance fund.

(c) A registry of individuals who have purchased interment rights in the municipal cemeteries operating as a perpetual care cemetery shall be maintained, including the amounts deposited from the sale of interment rights from such cemetery in the permanent cemetery maintenance fund. The parks and recreation department shall maintain for each municipal cemetery a registry of individuals who have purchased interment rights in the cemetery subject to the care fund requirements of the Iowa Cemetery Act, including the amounts deposited in the permanent cemetery maintenance fund.
(C42, § 72-7; C54, C62, § 13-8; O.7453; C75, C79, § 15-8; C85, § 15-31; O.11,316; C91, § 15-31; O.15,096, 15,801)

Sec. 34-167. Reserved.

Editor's note—Ord. No. 15,801, § 1, adopted Sept. 9, 2019, repealed § 34-167, which pertained to fund investment and derived from Code 1942, §§ 72-7, 72-70; Code 1954; Code 1962, §§ 13-9, 13-88; Code 1975; Code 1979, §§ 15-9, 15-82; Code 1985, § 15-32; Ord. No. 11,316; Code 1991, § 15-32.

Sec. 34-168. Use of accumulated interest of permanent cemetery maintenance fund.

The interest accumulation from the permanent cemetery maintenance fund may be used for perpetual care of the cemeteries. Use of funds from the permanent cemetery maintenance fund shall be limited absolutely to the income received from the investment of the permanent cemetery maintenance fund for perpetual care. No part of the principal of such fund shall be voluntarily expended, except as specifically permitted by the Iowa Cemetery Act and applicable administrative regulations.
(C42, §§ 72-8, 72-71; C54, C62, §§ 13-10, 13-9; C75, C79, §§ 15-10, 15-83; C85, § 15-33; O.11,316; C91, § 15-33; O.15,801)

Sec. 34-169. Use of funds from sale of interment rights and other cemetery fees deposited in temporary maintenance fund.

The remaining sums from the sale of rights of interment, after deducting the portion indicated in section 34-166 of this article, shall be consolidated with all other receipts from the cemeteries and shall be placed in a separate fund to be known and designated as the "temporary cemetery maintenance fund," which shall be used solely for the purpose of acquiring additional land for cemetery purposes and for the ordinary care and maintenance of cemeteries. Funds from the temporary maintenance fund may be used to supplement the funds in the permanent cemetery maintenance fund to provide for perpetual care.

Funds from the temporary maintenance fund shall not be used for the care of any interment space, except for the provision of perpetual care.
(C42, § 72-9; C54, C62, § 13-11; C75, C79, § 15-11; C85, § 15-34; O.11,316; C91, § 15-34; O.15,801)

Sec. 34-170. Deposit of funds.

It is understood and agreed between the purchasers of rights of interment and the city that all of the funds paid for such interment spaces may be deposited with other such funds, so that the income shall be used in the general improvement and perpetual care. Funds remaining after deducting the portion indicated in section 34-166 of this chapter and the deposit of such funds shall not be construed as a contract to provide any care for any interment space plot mausoleum or columbarium other than as provided as perpetual care defined in this chapter.
(C42, § 72-72; C54, C62, §§ 13-90, 13-91; C75, C79, §§ 15-84, 15-85; C85, § 15-35; O.11,316; C91, § 15-35; O.15,801)

Sec. 34-171. Acceptance and use of gifts and investment of gift or special care funds.

Special care or gift cemetery funds shall be accepted, held and used in accordance with the city's administrative policy regarding the acceptance and use of gifts and may be invested with and in the same manner as perpetual care funds, and all such funds and such care as may be provided from these funds shall be considered for the general good of the cemetery and of the right of interment owners therein.
(C42, § 72-74; C54, C62, § 13-93; C75, C79, § 15-87; C85, § 15-36; O.11,316; C91, § 15-36; O.15,801)

Sec. 34-172. Private mausoleums or columbariums.

No private mausoleums or columbariums shall be erected in the municipal cemeteries after January 1, 2019 unless, the owner has deposited with the city a sum of money estimated by the parks and recreation director in an amount sufficient to yield an income for the proper care of such structure in perpetuity and is in a location approved by the parks and recreation director. Such deposit shall be in accordance with Iowa Code § 523I.503.
(C42, § 72-75; C54, C62, § 13-94; C75, C79, § 15-88; C85, § 15-37; O.11,316; C91, § 15-37; O.15,801)

Sec. 34-173. Improvements or alterations of spaces or plots.

(a) *Direction and approval.* All improvements or alterations of burial spaces, lots or plots in the cemetery shall be under the direction of and subject to the consent, satisfaction and approval of the parks and recreation director subject to the cemetery rules and regulations.

(b) *Removal.* If improvements or alterations of burial spaces or plots are made without the written consent of the parks and recreation director, the parks and recreation director shall have the right to order them removed, altered or changed at the expense of the owner.
(C42, § 72-39; C54, C62, §§ 13-52, 13-53; C75, C79, § 15-153; C85, § 15-38; O.11,316; C91, § 15-38; O.15,801)

Sec. 34-174. Adornments and arrangements of crypts and niches.

All fittings, adornments, urns, inscriptions, and arrangements of crypts or niches in the cemetery shall be subject to the approval and control of and acceptance or rejection by the parks and recreation director subject to the cemetery rules and regulations.
(C42, § 72-42; C54, C62, § 13-57; C75, C79, § 15-57; C85, § 15-39; O.11,316; C91, § 15-39; O.15,801)

Secs. 34-175—34-200. Reserved.

ARTICLE VII. PUBLIC CONDUCT

Sec. 34-201. Use of walks and grounds.

(a) The walks and roads within the city cemeteries may be used by persons during the times that the cemeteries are open to the public, including for such recreational activities as walk-

ing, jogging, biking, wildlife observation, and dog walking. The grounds of the cemeteries may be used during the times that the cemeteries are open for purposes of attending interment services, visitation of an interment space, tours authorized by the parks and recreation director, and for other activities authorized by the parks and recreation director pursuant to section 34-33(1) of this chapter, and for picnicking and historical exploration within designated areas of the cemeteries. The throwing of objects or playing of lawn games and the flying of drones or model airplanes is not permitted within the city cemeteries.

(b) Flag retirement ceremonies authorized by the parks and recreation director and conducted pursuant to a burn permit issued by Polk County may be conducted on Glendale Cemetery grounds.
(C42, § 72-48; C54, C62, § 13-62; C75, C79, § 15-61; C85, § 14-40; O.11,316; C91, § 15-40; O.15,801)

Sec. 34-202. Hours of operation.

The city cemeteries are open to the public from 6:00 a.m. to 8:00 p.m. year round. No person shall remain in the cemeteries at other times without authorization from the parks and recreation director.
(C42, § 72-63; C54, C62, § 13-79; C75, C79, § 15-77; C85, § 15-41; O.11,316; C91, § 15-41; O.13,100, 13,276, 13,837, 15,801)

Sec. 34-203. Disturbing flowers, trees and animal life.

No person shall remove or injure flowers, either wild or cultivated, or remove, injure or prune trees, shrubbery or plants, except when tending to privately planted flowers, plants, trees or shrubs on a space or plot with permission of the owner. No person, except persons authorized, shall feed, disturb, or remove the birds, fish or other animal life in the cemetery.
(C42, § 72-51; C54, C62, § 13-65; C75, C79, § 15-64; C85, § 15-42; O.11,316; C91, § 15-42; O.15,801, 16,062)

Sec. 34-204. Refreshments.

No refreshments, food or drink shall be consumed within the cemetery in the proximity of, and during the time of, graveside or other interment services.
(C42, § 72-52; C54, C62, § 13-66; C75, C79, § 15-65; C85, § 15-43; O.11,316; C91, § 15-43; O.15,801)

Sec. 34-205. Automobiles, motorcycles and bicycles.

Vehicles and bicycles shall not be driven through the grounds of the cemetery at greater speed than 15 miles per hour, and such vehicles and bicycles must always be driven on the right-hand side of the cemetery roadway. Vehicles and bicycles shall not be parked or come to a full stop in front of an open grave or graveside or other interment services, except to be in attendance at such graveside or other interment services.
(C42, §§ 72-57, 72-58; C54, C62, §§ 13-73, 13-74; C75, C79, §§ 15-71, 15-72; C85, § 15-45; O.11,316; C91, § 15-45; O.15,801)

Sec. 34-206. Peddling or soliciting.

No person shall solicit the sale of any commodity, including but not limited to memorial business or service, within the confines of the cemetery without authorization from the parks and recreation director.
(C42, § 72-59; C54, C62, § 13-75; C75, C79, § 15-73; C85, § 15-46; O.11,316; C91, § 15-46; O.15,801)

Sec. 34-207. Firearms and weapons.

No firearms or other weapons shall be used within the cemetery, unless permitted under section 70-86 of this Code. No person shall carry firearms or weapons within the cemetery except pursuant to a valid permit to carry weapons.
(C42, § 72-60; C54, C62, § 13-76; C75, C79, § 15-74; C85, § 15-47; O.11,316; C91, § 15-47; O.14,259, 15,801)

Sec. 34-208. Signs, notices and advertisements.

No signs, notices or advertisements of any kind shall be allowed in the cemetery, except as authorized by the parks and recreation director. (C42, § 72-61; C54, C62, § 13-79; C75, C79, § 15-75; C85, § 15-48; O.11,316; C91, § 15-48; O.13,684, 15,801)

Sec. 34-209. Smoking prohibited.

(a) No person shall smoke or use tobacco of any kind in or on any cemetery property.

(b) For purposes of this section "smoke" or "smoking" means to carry or exercise control over a lighted cigar, cigarette, pipe, or other lighted smoking equipment.

(c) Tobacco means any product made or derived from tobacco that is intended for human use, including any component, part, or accessory of a tobacco product. This includes, but is not limited to, cigarettes, electronic smoking devices, cigarette tobacco, roll-your-own tobacco, smokeless tobacco, and dissolvable tobacco.

(d) Electronic smoking devices means any device that can be used to deliver an aerosolized solution that may or may not contain nicotine to the person inhaling from the device, including, but not limited to, an e-cigarette, e-cigar, e-pipe, vape pen, e-hookah, or other simulated smoking device.

(e) Nicotine products approved by the United States Food and Drug Administration for tobacco cessation shall be allowed within the cemeteries. (O.14,684, 15,801)

Sec. 34-210. Fireworks and novelties prohibited.

Use or possession of fireworks, as defined in article VI of chapter 46 of this Code and novelties as defined in American Pyrotechnics Association Standard 87-1, Chapter 3 are prohibited in any cemetery.

ARTICLE I. IN GENERAL

Secs. 38-1—38-25. Reserved.

ARTICLE II. AMBULANCES

Sec. 38-26. City service fees.

(a) The city shall charge fees for the use of emergency ambulance services provided by the city through its fire department. Fees for the following emergency ambulance services shall be in the amounts provided in the schedule of fees adopted by the city council by resolution:

(1) Basic life support care, including basic CPR, patient assessment, airway management, splinting, preliminary treatment, and uncomplicated childbirth.

(2) Advanced life support care, including all services in basic life support care in addition to electrocardiograms, performance of cardiac defibrillation, and the administration of intravenous solutions and/or drugs.

(3) Required medical attention provided at the scene which utilizes medical supplies when the patient refuses to be transported to a medical facility.

(b) No fee shall be charged under this section for services which do not result in the transportation of a person or emergency ambulance services rendered by the fire department rescue services when responding to a fire.

(c) In addition to the fees charged in subsection (a) of this section, the city shall charge the user of emergency ambulance services provided by the city through its fire department a mileage fee for transportation from the scene to the medical facility.

(d) The city manager shall maintain accurate records of services and accounts and provide for the collection of the fees established in this section.

(C62, §§ 4A-12, 4A-13; O.8763; C75, § 19-11.01; O.9121; C79, § 19-11.01; O.9683, 10,380; C85, § 19-11.01; O.10,793, 11,548; C91, § 19-11.01; O.11,732, 13,129, 13,826, 14,044, 14,176, 15,667)

Sec. 38-27. Final determination of fees.

(a) *Authority granted to finance department to make final determination of fees.* The finance department is granted the authority to make administrative determinations of fees owed to the city resulting from services provided pursuant to section 38-26 and to hold informal hearings on the determination as provided in this section.

(b) *Notice to patient.* The finance department may initiate administrative proceedings to determine the amount of the fees that are owed as a result of providing those services by sending a notice to the patient by regular mail to the patient's last known address. The notice shall include the following:

(1) The services provided and the amount owed.

(2) That the amount owed will be determined to be final unless appealed by an informal or formal hearing within 30 days of the date of the notice.

(3) That following the hearing process, the appellant is entitled to further challenge the amount owed in court.

(4) That this hearing process must be followed in order to contest the amount in court.

(5) That the final determination can be collected through the debt offset procedures in Des Moines Code sections 3-26 through 3-29.

(6) The notice shall be sent with an appeal form approved by the clerk and instructions as to where to send the form if the patient desires to appeal.

(c) *Appeal.* Patient must file an appeal form approved by the clerk within the times allowed by this section.

(d) *Informal appeals.* If the patient requests an informal appeal, the director shall schedule a hearing by phone conference to be presided over by the director or an appointee of the director. The hearing shall be informal and the presiding officer shall allow the city to present the basis for

the claim and the amount owed and allow the patient to present the basis for his or her claim as to why the fees are not owed or that the amount of the fees is incorrect. The presiding officer may accept any evidence necessary to determine whether the fees are correctly charged to the patient. Following the appeal, the presiding officer shall enter a written administrative order determining whether the debt is owed and the amount of the fees. This order is final for purposes of determining the debt and the amount of the debt for purpose of placing the debt in the Des Moines Offset Program or any other collection efforts that the city decides to pursue unless appealed by the patient. The order shall also state that the order may be appealed to a hearing officer for a formal proceeding pursuant to section 3-21 by written notice to the clerk within 30 days of the date of the order. The order shall be sent by regular mail to the last known address of the patient.

(e) *Formal appeals*. A patient may challenge whether the fees are owed or the amount of the fees following a notice sent pursuant to section (d) or if the patient chooses to appeal an order following an informal appeal by providing written notice of appeal to the city clerk using a form approved by the clerk within 30 days of the notice or the written administrative order. Upon receipt of a notice of appeal, the Clerk shall schedule a hearing pursuant to section 3-21. The city shall bear the burden of showing by a preponderance of evidence that the fees are owed and the amount of the fees is correct. The hearing officer shall issue a written order determining whether the fees are owed and the amount of the fees. This order may be appealed pursuant to section 3-25 by any party to the administrative action.

(f) *Final determination of fees.* Any notice or order that is not appealed within the allowed time period becomes a final agency determination pursuant to Iowa Administrative Code section 40.3(3)(6).

DIVISION 2. FALSE FIRE ALARMS*

Sec. 38-81. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alarm receiving station means any privately owned or maintained installation, arranged to supervise the condition of two or more fire alarm systems, not located on the same premises as the installation, which, upon receipt of a fire alarm, will take the appropriate action.

Alarm user means the person who or organization of any kind which has a fire alarm system to protect the person's or the organization's premises, regardless of whether the person or organization owns or leases the fire alarm system.

False alarm means the activation of fire alarm system through technical failure, malfunction, improper installation, construction activity, system servicing or testing, or the negligence of the owner or lessee of an alarm system or of his or her employees or agents. A false alarm under this division does not include alarm system failures caused by water, gas, electrical, telephone or other transmission lines or devices not under control of an alarm user or his or her agent; the willful act of any person other than the alarm user or his or her agent, servant or employee; and does not include failures due to conditions clearly beyond the control of the alarm user or his or her agents, servants or employees. False fire alarm includes alarms which activate a signal to which the fire department responds with equipment and personnel without regard to whether the alarm is connected to any receiving alarm station. False alarm includes the willful

*__Cross reference—__Fire prevention and protection, ch. 46.

use of an alarm system for purposes other than warning or notification of a fire. A false alarm does not include any activation of an alarm which is caused by storms, tornadoes or other violent weather conditions.

Fire alarm system means an assembly of equipment or devices or a single device designed or intended for use to detect fires by monitoring temperature, humidity or other conditions, including the monitoring of automatic sprinkler systems and all equipment or devices commonly known as fire alarms. A group of buildings with a single ownership, either attached or on a common campus not connected to the fire department communications center, shall be considered a single fire alarm system for the purpose of this division. Any building, group of buildings, or building situated on a common campus subject to a condominium regime shall be, as to common areas for the purposes of this division, considered a single system; if the entire premises subject to the condominium regime, including individual units, is connected to or part of a single integrated alarm system, the entire premises shall be considered to have a single fire alarm system held in common, but if the premises is not so connected, individual units shall be treated as other premises. All other premises not specifically mentioned shall, as to each separate ownership, lease or other interest owning, maintaining or using a fire alarm system, be considered for the purposes of this division to have a separate fire alarm system.

Fire department communications center means the monitoring station for the fire department and is, for purposes of health, building and fire safety codes, the municipal fire alarm system, the fire department alarm system and the remote station service of the city.
(C85, § 11-40; O.11,139; C91, § 11-40; O.14,176, 14,692, 15,385)

Cross reference—Definitions generally, § 1-2.

Sec. 38-82. Reserved.

Editor's note—Ord. No. 14,692, § 1, adopted August 20, 2007, repealed § 38-82, which pertained to connection to fire department communications center and derived from Code 1985, § 11-41; Ord. No. 11,139; Code 1991, § 11-41.

Sec. 38-83. Reserved.

Editor's note—Ord. No. 14,692, § 1, adopted August 20, 2007, repealed § 38-83, which pertained to information required and derived from Code 1985, § 11-42; Ord. No. 11,139; Code 1991, § 11-42.

Sec. 38-84. Standards.

The fire chief shall promulgate rules and regulations setting out standards of quality for fire alarm systems and their installation.
(C85, § 11-43; O.11,139; C91, § 11-43; O.14,692)

Sec. 38-84.01. Administrative penalties for false fire alarms.

(a) The fire department is authorized to impose administrative penalties upon fire alarm users who have one or more false alarms per calendar year. The administrative penalty for each false fire alarm shall be as provided in the schedule of administrative penalties adopted by the city council by resolution. Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued by the fire chief or the chief's authorized representative to the violator. Penalties shall be paid in full within 30 days of the issuance of the notice. The notice of violation and appeal by the violator shall be pursuant to and in conformance with section 46-5 of this Code.

(b) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in section 38-85, unless the violator refuses to correct the violation and pay the scheduled administrative penalty, or the fire chief or the chief's authorized representative determines that immediate enforcement action by misdemeanor or municipal infraction prosecution pursuant to section 1-15 is, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this article. The fire department shall maintain a record of all violations, administrative penalties charged or other enforcement actions taken.
(O.14,176, 14,208, 15,859)

Sec. 38-85. Municipal infractions.

(a) Any fire alarm user who has a false fire alarm shall be deemed to have committed a municipal infraction. The first false fire alarm

within the calendar year shall be deemed the first offense punishable by a civil penalty not to exceed $500.00. The second and each subsequent false alarm within a calendar year shall be a repeat offense, punishable by a civil penalty not to exceed $750.00.

(b) No alarm which occurs within 14 days of the date of notification of the installation of a new alarm or alarm system shall be considered a false alarm.
(C85, § 11-44; O.11,139; C91, § 11-44; 0.14,176)

Sec. 38-86. Presumption.

Lack of evidence of a recent fire at the premises where a fire alarm system has been activated and causes a fire department unit to respond creates a rebuttable presumption the alarm was false.
(C85, § 11-45; O.11,139; C91, § 11-45)

Sec. 38-87. Exemption.

(a) To the extent provided in this section, an alarm, otherwise a false alarm, shall not be considered or counted as a false alarm if activated during the period of time and within the scope of a written exemption granted by the fire chief under this section.

(b) The fire chief may exempt a fire alarm system newly installed, constructed or repaired or reconstructed or otherwise physically altered or a system which is in need of repair from having alarms counted as false under section 38-85 of this division, but only to the extent provided in this section.

(c) Any exemption granted by the fire chief shall be in writing and shall be based upon a written plan specifically addressing measures to be taken to eliminate or reduce start-up problems with a new system or repair problems with a system which is not properly functioning. An alarm which would have been false, except for an exemption, is nonetheless false if it occurs for a reason not addressed by the plan upon which the exemption is based.

(d) The exemption granted under this section may be for no more than 30 days in one calendar year, provided the fire chief may extend such exemption for a period not to exceed 20 days and, further provided, additional exemptions, not to exceed 30 days may be granted only by resolution of the city council.
(C85, § 11-46; O.11,139; C91, § 11-46)

Secs. 38-88—38-115. Reserved.

DIVISION 3. FALSE POLICE ALARMS*

Sec. 38-116. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alarm agent means any person who engages in the activity of altering, installing, leasing, maintaining, repairing, replacing, selling, servicing alarm systems, or who causes any of these activities to take place.

Alarm device means any part of an alarm system.

Alarm system means an assembly of equipment or devices arranged to send a signal to a remote receiving station to make known the occurrence of a robbery or an attempted robbery or an unauthorized intrusion requiring urgent attention and to which the police are expected to respond and includes both automatic and manually operated systems. The term "alarm system" shall include the terms "automatic holdup alarm system," "burglar alarm system," "holdup alarm system," and "manual holdup alarm system." Alarm systems which monitor temperature, humidity or any other condition and all other alarms including fire alarms not directly related to the detection of an unauthorized intrusion into a premises are specifically excluded from the term "alarm system" as used in this division.

Alarm user means the person who or organization of any kind which uses an alarm system to protect the person's or organization's premises, regardless of whether the person or organization owns or leases the system and any person on which premises an alarm system is maintained

*__Cross reference—__Police, ch. 86.

with the city except for alarm systems on motor vehicles. If, however, an alarm system on a motor vehicle is connected with an alarm system at a premises, the person using such system is an alarm user. Also excluded from this definition and from the coverage of this division are persons who use alarm systems to alert or signal persons within the premises in which the alarm system is located of an attempted unauthorized intrusion or holdup attempt; provided, however, if such a system employs an audible signal emitting sounds or a flashing light or beacon designed to signal persons outside the premises, such system shall be within the definition of an alarm system and shall be subject to this division.

False alarm means the activation of an alarm system through technical failure, malfunction, improper installation, or the negligence of the owner or lessee of an alarm system or of his or her employees or agents. False alarm under this division does not include alarm system failures caused by transmission lines not under control of an alarm user or alarm agent; the willful act of any person other than the alarm user or an agent, servant or employee of the alarm user or alarm agent; and does not include failures due to conditions clearly beyond the control of the alarm user or alarm agent. False alarm includes the willful use of an alarm system for purposes other than warning or notification of an unauthorized intrusion or a robbery or attempted robbery. A false alarm does not include any activation of an alarm which is caused by storms, tornadoes or other violent weather conditions.

Local alarm system means a signaling system which when activated causes an audible or visual signaling device or both to be activated in or on the premises within which the system is installed. A local alarm system is an alarm system.

Monitoring station means an office to which alarm systems are connected where human operators supervise either the alarm circuits or answer incoming telephone alarm signals and where human operators then notify the police department or a private detective agency to investigate the alarm system.

Police alarm communication center means the central communication and dispatch center of the police department.

Remote signaling system means an alarm signaling system which when activated by an alarm device transmits a signal from an alarm system to a monitoring station where appropriate action is taken to investigate and respond to the signal.

(C85, § 17-70; O.11,105; C91, § 17-70)

Cross reference—Definitions generally, § 1-2.

Sec. 38-117. Business of alarm agents.

(a) Under this division, each alarm agent must provide the chief of police or his or her designee the alarm agent's name, business address, telephone number and the names and telephone numbers of at least three people who may be contacted outside of normal business hours. In addition, for each alarm system serviced by the alarm agent, the alarm agent shall provide within 14 days of installation the following:

(1) The name and address of each alarm user; if a corporate alarm user, the names and addresses of the directors and a local registered agent shall be supplied.

(2) The type of alarm system being used.

(b) It shall be the duty of each alarm agent to notify the chief of police or his or her designee of any change in the required information within 14 days of such change. Failure to provide the information on each alarm user required by this section is a misdemeanor.

(C85, § 17-71; O.11,105; C91, § 17-71; O.11,895)

Sec. 38-118. Connection to police alarm communication center.

Under this division, no alarm agent or other person shall maintain a direct connection or have any automatic dialing system which directly engages the police alarm communication center.
(C85, § 17-72; O.11,105; C91, § 17-72)

Sec. 38-119. Monitoring system.

(a) No person shall operate a monitoring station under this division unless he or she has first provided the chief of police or his or her designee, for each location where a station is to be located, the name, address and telephone number of the monitoring station and the type of business organization it is (individual, partnership, or corporation); if the monitoring station is an individual proprietorship, the name, address, and telephone number of the owner; if a partnership, the name, address, and telephone number of each partner; if a corporation, the names and addresses of the directors, principal officers, and stockholders (any stockholder holding more than 20 percent of the corporation's authorized and issued stock), and the state where incorporated. It is the duty of any person operating a monitoring systems to notify the alarm user of any activation of an alarm system.

(b) Failure to provide the information required by this section or to notify an alarm user as required is a misdemeanor.
(C85, § 17-73; O.11,105; C91, § 17-73)

Sec. 38-120. Standards.

The chief of police shall promulgate rules and regulations setting out standards for the quality of alarm systems under this division and their installation. No alarm system shall be installed which does not meet the standards thus promulgated. Any person installing a system in violation of the standards shall be guilty of a misdemeanor.
(C85, § 17-74; O.11,105; C91, § 17-74)

Sec. 38-121. Monitoring station's report.

For the purposes of this division, each monitoring station shall provide the chief of police or his or her designee, within 14 days of the start of each fiscal year and at such other times as the chief of police or his or her designee may request, a complete list of names and addresses of all alarm users in the city to whom or for whom alarm systems are being monitored. Failure to provide the information required by this section is a misdemeanor.
(C85, § 17-75; O.11,105; C91, § 17-75)

Sec. 38-122. Monitoring station standards.

As to each monitoring station subject to this division:

(1) The premises from which the services are performed must meet any applicable fire regulations.

(2) The premises from which the services are performed must be secured in a manner approved by the chief of police or his or her designee to prevent entry by unauthorized persons.

(3) A large enough number of operators must be on duty at all times to ensure that adequate response shall be made to all emergency messages received.

(C85, § 17-76; O.11,105; C91, § 17-76)

Sec. 38-123. Notice of disruption of service.

When an alarm agent's or monitoring station's service to its subscribers is disrupted for any reason by the alarm agent or monitoring station or the alarm agent or monitoring station becomes aware of such disruption, it shall promptly notify its subscribers that protection is no longer being provided. If, however, the alarm agent or the monitoring station has written instructions from its subscriber not to make such notification by telephone during certain hours, the alarm agent shall comply with such instructions.
(C85, § 17-77; O.11,105; C91, § 17-77)

Sec. 38-123.01. Administrative penalties for false police alarms.

(a) The police department is authorized to impose administrative penalties upon police alarm users who have one or more false alarms per calendar year. The administrative penalty for each false police alarm shall be as provided in the

schedule of administrative penalties adopted by the city council by resolution. Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued by the police chief or the chief's authorized representative to the violator. Penalties shall be paid in full within 30 days of the issuance of the notice.

(b) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in section 38-124, unless the violator refuses to correct the violation and pay the scheduled administrative penalty, or the police chief or the chief's authorized representative determines that immediate enforcement action by misdemeanor or municipal infraction prosecution pursuant to section 1-15 is, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this article. The police department shall maintain a record of all violations, administrative penalties charged or other enforcement actions taken.
(O.14,176, 14,208)

Sec. 38-124. Municipal infractions.

(a) Any police alarm user who has a false police alarm shall be deemed to have committed a municipal infraction. The first false police alarm within the calendar year shall be deemed the first offense punishable by a civil penalty not to exceed $500.00. The second and each subsequent false police alarm shall be a repeat offense, punishable by a civil penalty not to exceed $750.00.

(b) No alarm which occurs within 14 days of the date of notification of the installation of a new alarm or alarm system as required by section 38-117 shall be considered a false alarm.
(C85, § 17-78; O.11,105; C91, § 17-78; O.14,176)

Sec. 38-125. Presumptions.

Lack of physical evidence of recent intrusion into a structure which has a alarm system which has caused a police response shall create a rebuttable presumption that the alarm was false.
(C85, § 17-79; O.11,105; C91, § 17-79)

ARTICLE I. IN GENERAL

Secs. 42-1—42-25. Reserved.

ARTICLE II. GRADING, SOIL EROSION AND CONSTRUCTION SITE RUNOFF CONTROL*

DIVISION 1. GENERALLY

Sec. 42-26. Title.

This article shall be known as the grading, soil erosion and construction site runoff control ordinance, may be cited as such, and will be referred to in this article as such.
(C75, § 2-205.25; O.9384; C79, C91, § 2-205.25; O.14,484)

Sec. 42-27. Purpose.

The city council finds that excessive quantities of soil are eroding from certain areas where persons are conducting activities which result in a change in the natural cover, topography or drainage of the land in connection with residential, commercial, industrial, recreational and roadway uses and topography changes can significantly interfere with any existing drainage courses established in the community. The resulting sediment clogs storm sewers and road ditches, causes dust and mud on streets and sidewalks, leaves deposits of silt in creeks and streams, and is considered a major water pollutant. Resulting changes in topography features of a property can negatively impact both public and private property. The purpose of this article is to reduce soil erosion and sedimentation from occurring, along with reducing damages caused by changes in drainage courses, as a result of nonagricultural earth-changing activities within the city by requiring proper provisions for surface and subsurface water disposal and the protection of soil surfaces during and after an earth-changing activity in order to promote the safety, public health, convenience, and general welfare of the community. The further purpose of this article is to comply with the city's National Pollutant Discharge Elimination System permit for the Municipal Separate Storm Sewer System, which in part requires that the city implement a construction site runoff control ordinance to reduce pollutants in stormwater runoff from construction activities sites for which a national pollutant discharge elimination system permit is required.
(C75, § 2-205.26; O.9384; C79, § 2-205.26; O.10,122; C91, § 2-205.26; O.14,029, 14,484)

Sec. 42-28. Definitions.

The definitions found in sections 42-451 and 42-477 shall apply to the provisions of this article, provided, however that the following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Accelerated soil erosion means the rate of soil loss per year leaving the site prohibited by the Polk Soil Conservation District, pursuant to I.C. § 161A.44.

Allowable non-stormwater means only the following: discharges from fire fighting activities; fire hydrant flushings; potable water sources; waterline flushings; uncontaminated groundwater; foundation or footing drains where flows are not contaminated with process materials such as solvents; springs; riparian habitats; wetlands; irrigation water; air conditioning condensate; exterior building wash water when no detergents or other surfactants are used; pavement washwaters where spills or leaks of toxic or hazardous materials have not occurred and when no detergents or other surfactants are used; and de-chlorinated swimming pool water not including filter backwash.

Applicant means:

(1) An owner or developer of land proposed to be graded or his or her representative. Where application is made by the developer, consent shall be required from the legal owner of the premises.

*__Editor's note__—Ord. No. 14,484, § 1, adopted Sept. 12, 2005, amended the title of art. II to read as herein set out. Prior to inclusion of said ordinance, art. II was entitled, "Grading and Soil Erosion Control."

Cross reference—Floodplains, ch. 50.

State law reference—Soil and water conservation generally, I.C. § 161A.1 et seq.

(2) Any public or private utility company which intends to install utility services in trenches which exceed one foot in width.

Certification of completion means a signed written statement by the city engineer that specific construction has been inspected and found to comply with all grading plans and specifications.

City engineer means the director of the city engineering department or his or her duly authorized representative.

Compaction means the densification of a fill or disturbed surface by mechanical means.

Constructed channel means a ditch graded and shaped with earth or other materials or revetment lined, for the conveyance of stormwater, which is owned and operated by the city, or for which the city has a flowage easement.

Director means the director of the city public works department or his or her duly authorized representative.

Disturbed area means an area of ground on which the existing vegetation has been removed or damaged so as to be likely to cause accelerated soil erosion.

Earth change means a manmade change in the natural cover or topography of land, including cut and fill activities, which may result in or contribute to soil erosion or sedimentation.

Erosion means the process by which the ground surface is worn away by action of wind, water, gravity, or a combination thereof.

Excavation or cut means any act by which soil or rock is cut into, dug, quarried, uncovered, removed, displaced, or relocated. Also included shall be the conditions resulting therefrom.

Fill means a deposit of earthen materials, rubble or other approved materials placed or constructed by artificial means.

Flood fringe means the portion of the floodplain between the floodway and the flooding limits of a 100-year flood.

Grading means any stripping, excavating, filling, stockpiling, or any combination thereof of soil, which shall also refer to the land in its excavated or filled condition.

Municipal separate storm sewer system (MS4) means the conveyance or system of conveyances including storm sewers, roadways, roads with drainage systems, catch basins, curbs, gutters, ditches, public drainageways, constructed channels and storm drains owned or operated by the city.

Natural drainageway or *drainageway* means an existing ditch in as natural a condition as possible, which can be maintained and function adequately as such in the opinion of the city engineer.

National pollutant discharge elimination system (NPDES) permit means a permit issued by the EPA or by the Iowa Department of Natural Resources.

NPDES General Permit No. 2 means a permit issued by the Iowa Department of Natural Resources to applicants covering stormwater discharge associated with activity from construction sites.

Permanent soil erosion control measures means those control measures which are installed or constructed to control such erosion and which are maintained after completion of the project.

Pollutant means material other than stormwater and allowable non-stormwater which enters the MS4 or waters of the state that degrades the water quality and material other than pollutants for which a NPDES permit has been issued and the discharge is in compliance with such NPDES permit.

Pollution control best management practices (BMPs) means schedules of activities, prohibitions of practices, maintenance procedures, and other management practices to prevent or reduce the pollution of waters of the state and MS4. Pollution control BMPs also include treatment requirements, operating procedures, and practices to control facility site runoff, spillage or leaks, sludge or waste disposal, or drainage from raw material storage.

Public nuisance means whatever is injurious to health, or unreasonably offensive to the senses or is a menace to or hazard to the public health, welfare or safety, including without limitation, the runoff of pollutants from a construction site, or as provided in sections 42-347 and 42-348 of this chapter.

Rubble means dirt, stone, brick, or similar inorganic material or street sweepings.

Sediment means settled out soil particles which have been transported by water and later deposited.

Site means any lot or parcel of land or contiguous combination thereof, under the same ownership or control, where grading is to be performed or permitted.

Slope means an inclined ground surface, the inclination of which is expressed as a ratio of horizontal distance to vertical distance.

Soil means naturally occurring surficial deposits overlying bed rock.

Storm sewer means any pipe that conveys stormwater, allowable non-stormwater or permitted discharges for which a NPDES permit has been issued.

Stormwater pollution prevention plan (SWPPP) means the plan required to be submitted by applicants, including identified pollution control BMPs to control pollutants in stormwater runoff that enters the city's MS4 from construction sites during construction, as required and as defined by the applicant's NPDES general permit No. 2.

Stripping means any activity which removes or significantly disturbs the vegetative surface cover, including clearing and grubbing operations.

Structure means anything constructed or erected with a fixed location on the ground, or attached to something having a fixed location on the ground. Among other things, structures include buildings, sited mobile homes, billboards, poster panels and retaining walls.

Temporary soil erosion control measures means interim control measures which are installed or constructed for the control of soil erosion until permanent soil erosion control is effected.

Time schedule means an itemized sequential listing of events concerning stripping, grading and erosion control measures which are to be pursued according to the approved schedule.

Waters of the state means any river, stream, lake, pond, marsh, watercourse, waterway, well, spring, reservoir, aquifer, irrigation system, drainage system and any other body or accumulation of water, surface or underground, natural or artificial, public or private, which are contained within, flow through or border upon the state or any portion thereof.
(C75, § 2-205.27; O.9384; C79, § 2-205.27; C91, § 2-205.27; O.11,709, 14,484, 15,690)
Cross reference—Definitions generally, § 1-2.

Secs. 42-29—42-55. Reserved.

DIVISION 2. COMPLIANCE FOR SITE PLAN OR SUBDIVISION APPROVAL OR CERTIFICATE OF OCCUPANCY

Sec. 42-56. Site plans and subdivisions.

Except as permitted under section 42-86 of this article, no site plan or subdivision shall be approved or conditionally approved in accordance with article 9 of chapter 135 or with sections 106-72(j) and 106-102(n) of this Code, respectively, unless such site plan or subdivision shall include soil erosion and sediment control measures consistent with the requirements of this article and related land development regulations.
(C75, § 2-205.28; O.9384; C79, C91, § 2-205.28; O.15,819)

Secs. 42-57—42-85. Reserved.

DIVISION 3. PERMITS AND FEES

Sec. 42-86. Permits required.

(a) No person other than authorized city personnel or city contractors shall grade, strip, excavate, fill, stockpile or cause any non-

agricultural earth change on any site, or install drainage pipe in public or private drainageways, without a grading permit issued by the city engineer for any of the following:

(1) Platting of land pursuant to chapter 106, pertaining to subdivisions, of this Code.

(2) Development of land for which a site plan is required, pursuant to article 9 of chapter 135 of this Code.

(3) Installation of utility improvements in trenches that are greater than one foot in width or underground appurtenances with an excavated surface area greater than 400 square feet by a public or private utility company.

(4) Excavation or the creation of any disturbed surface of 500 square feet or more of cumulative area within 100 feet of a lake, pond, river, stream, recognized drainageway or within the defined flood fringe of a river or stream.

(5) Excavation, fill, or grading that modifies or alters the flow of stormwater and which effects adjacent or abutting property.

(6) Any excavation or cause of earth change more than an average of two feet in depth across 2,500 square feet or more of area, or creation of a disturbed area more than 20,000 square feet in area, excluding basement excavations and backfill, utility service connections for one- or two-family residential dwellings, and utility trenches no greater than one foot in width. This exception does not apply to construction activity which is part of a larger common plan of development that requires a NPDES General Permit No. 2.

(7) Any fill of dirt, stone, brick, concrete, soil or similar material covering a cumulative area larger than 2,500 square feet.

(8) Stockpiling of any granular construction material in excess of 5,000 cubic yards on any site.

(b) A grading permit will not be necessary for any of the activities identified in subsection (a) where, prior to formal application, the applicant receives from the city engineer a written statement that the planned work or final structures or topographical changes, as presented by the applicant to the city engineer prior to formal application, will not result in or contribute to accelerated soil erosion or sedimentation, will not significantly interfere with any existing drainage course, and will comply with the requirements of the tree removal and mitigation ordinance codified in article X of chapter 42 of this Code. A grading permit will also not be required for work performed by city crews or for city construction projects under direct control of the city engineer.

(c) Persons exempt from permitting requirements are nonetheless subject to illicit discharge regulations found in article IX of this chapter.
(C75, § 2-205.30; O.9384; C79, C91, § 2-205.30; O.11,709, 11,945, 13,503, 14,029, 14,276, 14,484, 14,708, 14,890, 15,690, 15,819)

Sec. 42-87. Application data required.

(a) Plans and specifications shall accompany each grading permit application and shall contain the following data unless otherwise included in the information required to be set forth in a preliminary plat or site plan;

(1) A vicinity sketch at a scale of one inch to 400 feet or larger indicating the site location as well as the adjacent properties within 500 feet of the site boundaries.

(2) A boundary line survey of the property on which the work is to be performed, unless waived by the city engineer.

(3) A plan of the site at a scale of one inch to 100 feet or larger, on 24-inch by 36-inch reproducible sepia, vellum or Mylar showing the following:

a. The names, addresses, and telephone numbers of the landowner, developer, and petitioner.

b. A time schedule indicating the anticipated starting and completion

dates of the development's construction sequence and the time of exposure of each area prior to the completion of effective erosion and sediment control measures.

c. A SWPPP for sites of one acre or more.

d. Existing topography with contour intervals at least every two feet of elevation change with a minimum of two contour lines for each site.

e. Proposed topography with contour intervals at least every two feet of elevation change with a minimum of two contour lines for each site.

f. Location of any structure or natural feature, including existing tree canopies, rock outcrops, landslide area, springs and streams and other water bodies and any areas subject to flooding on the site or within 50 feet of the site boundary line. The plan must be accompanied by a tree removal and mitigation plan containing the information required by section 42-544 of the tree removal and mitigation ordinance.

g. Location of any proposed structures or development on the site.

h. Elevations, dimensions, location, extent, and the slope of all proposed grading.

i. The estimated total cost of the required temporary and permanent soil erosion control measures if such application for the grading permit is made pursuant to chapter 106, pertaining to subdivisions, of this Code.

j. Plans of all drainage provisions, retaining walls, cribbing, planting, erosion control measures, or other temporary or permanent soil erosion control measures to be constructed in connection with or as part of the proposed work.

k. A map or other document sufficient to show the drainage area of land tributary to the site and estimated runoff of the area served by any drains.

l. A soils report for the plat by a licensed professional engineer experienced in soils investigation. The content of such report shall be at the discretion of the licensed engineer, shall show general soil conditions, and shall include recommendations as to the adaptability of such soils for the proposed development. The city engineer may, in his or her discretion, waive this requirement.

m. The location of all soil borrow or spoil sites and the proposed routes from the borrow or spoil sites to the job site.

n. Certification by a licensed engineer, architect or landscape architect.

o. A stormwater runoff control plan in compliance with section 42-561.

(b) Small in-fill projects located on residential lots that exceed the area limits of section 42-86(a)(6), but are less than one acre, may be exempt from submitting a plan if, in the opinion of the city engineer, it has been demonstrated that adequate preventative measures will be taken to prevent any accelerated soil erosion or sedimentation or interference with any natural drainageway or storm sewer or constructed channel, and no more than five mature trees would be removed by such project.
(C75, § 2-205.31; O.9384; C79, § 2-205.31; O.10,558; C91, § 2-205.31; O.14,029, 14,484, 14,708, 14,890, 16,427)

Sec. 42-88. Permit application; procedure.

(a) An application for a grading permit shall be prepared by a licensed engineer, architect or landscape architect experienced in soil erosion and sedimentation control methods and techniques and shall comply with the requirements of section 42-87 of this division. Applications for small fill projects located on residential lots that exceed

the area limits of section 42-86(a)(6), but are less than one acre, may be exempt from being prepared by a licensed engineer, architect or landscape architect if, in the opinion of the city engineer, it has been demonstrated that adequate preventative measures will be taken to prevent any accelerated soil erosion or sedimentation or interference with any existing drainage course. A separate application shall be required for each grading permit. No such grading permit shall be issued until the application therefor has been approved by the city engineer

(b) Within 15 working days after receiving the application for the grading permit, the city engineer shall take action to either approve, approve subject to conditions, or disapprove the application. Failure by the city engineer to act within the time specified in this subsection shall be deemed to be a grant of approval of the application as submitted, provided that the application as submitted does not conflict with any existing ordinance, statute, rule or law affecting the subject property.

(c) The city engineer shall promptly notify the applicant in writing of the action taken. If the application is approved, the city engineer shall cause his or her written verification of approval to be affixed on the application along with the date of approval. In case of disapproval or approval subject to conditions, the reasons therefor shall be indicated thereon and a copy shall be returned to the applicant for revision in accordance with the action taken. The applicant shall then submit the revised application for certification by the city engineer in accordance with the procedures set forth in this section.

(d) The engineering department shall retain the duly certified application in the department's files and shall transmit without charge one copy of the application to the applicant and to the community development department.

(e) Grading permits shall not be issued where:

(1) In the opinion of the city engineer, the proposed work would cause hazards to the public health, safety or welfare; or

(2) The proposed work fails to conform to the standards set forth in division 5 of this article.

(f) If the city engineer has denied or conditionally approved an application for a grading permit, the applicant may, upon notice to the city engineer, appeal in whole or in part any determination or action of the city engineer made within the scope of this division. Appeal shall be made without cost by providing written notification of the appeal to the city engineer which is received by the city engineer within 90 days after the date of the action from which appeal is brought.

(g) The city engineer shall decide all appeals within 45 days after written notification of the appeal has been received by the city engineer, provided that the appellant may agree to a longer time period, not to exceed 60 days after the written notification of the appeal has been received by the city engineer. Failure to decide the appeal within such period shall have the effect of overturning the city engineer's disapproval and approving the application as appealed. At the hearing, the appealing party shall be presented a reasonable opportunity to present his or her views. Decisions of the city engineer may be appealed to the city manager in the same manner as appeals from the action of the city engineer. The determination of the city manager is a final administrative decision.

(h) A grading application that has been denied by the city engineer or the city manager may be resubmitted by the applicant to the city engineer pursuant to the terms of this division, upon payment of appropriate fees.
(C75, § 2-205.32; O.9384; C79, C91, § 2-205.32; O.13,010, 14,029, 14,484)

Sec. 42-89. Permit fees.

(a) At the time of filing an application for a grading permit, the applicant shall pay to the city treasurer a nonrefundable application fee in the amount of $120.00 plus $10.00 for each acre or portion thereof of site area.

(b) A person performing work upon property wholly owned by the federal government may obtain a grading permit for such work without paying the fee described in subsection (a) of this section.
(C75, § 2-205.33; O.9384; C79, C85, § 2-205.33; O.11,548; C91, § 2-205.33; O.11,813, 11,889, 14,029, 14,484)

Sec. 42-90. Extension of time.

If the applicant for the development permit is unable to complete the work within the time specified in the application, he or she may, at least two days prior to the expiration of the permit, present in writing to the city engineer a request for an extension of time, setting forth the reasons for the request for an extension. If such an extension is warranted and the conditions at the site present no accelerated soil erosion, the city engineer shall grant additional time for the completion of the work.
(C75, § 2-205.34; O.9384; C79, C91, § 2-205.34)

Sec. 42-91. Failure to complete work.

For failure to complete the grading work or failure to comply with all requirements, conditions, and terms of the grading permit and if such failure or uncompleted work constitutes a nuisance pursuant to sections 42-347 or 42-348 of this chapter, the city may give notice to the owner to abate such nuisance or cause such nuisance to be abated and, upon failure of the owner to do so, may perform the action necessary to abate such nuisance and assess the cost of abatement against the property, all in accordance with article VI of this chapter and I.C. § 364.12(3)(h). In addition, to the extent such permit has been issued pursuant to an application for site plan or subdivision approval, no further action shall be taken by the city pursuant to such site plan or subdivision application until such time as (i) the city has been reimbursed the costs incurred by it pursuant to the abatement, and (ii) the requirements, conditions and terms of the permit have been completed to the satisfaction of the city engineer and a certification of completion has been issued therefor. The enforcement provisions of this section are in addition to those set out in section 42-183 of this article.
(C75, § 2-205.35; O.9384; C79, C91, § 2-205.35; O.11,709, 15,690)

Sec. 42-92. Modifications of approved plans.

All modifications of the approved grading plans shall be approved by the city engineer. All necessary sustaining reports shall be submitted with any proposal to modify the approved grading plan. No grading work in connection with any proposed modification shall be permitted without the approval of the city engineer. If the proposed modifications are substantial, the city engineer may require a revised grading plan.
(C75, § 2-205.36; O.9384; C79, C91, § 2-205.36)

Secs. 42-93—42-120. Reserved.

DIVISION 4. RESPONSIBILITY OF APPLICANT

Sec. 42-121. Grading operations.

The applicant or the owner of the property or any part thereof shall be responsible for the following:

(1) The prevention of damage to any public utilities or services within the limits of grading and along any routes of travel of the equipment.

(2) The prevention of damage of adjacent property.

(3) Carrying out the proposed work so as not to grade on land so close to the property line as to endanger any adjoining public street, sidewalk, alley, or any other public or private property without supporting and protecting such property from settling, cracking, or other damage which might result.

(4) Carrying out the proposed work in compliance with the approved plans, the requirements of this article, the NPDES General Permit No. 2 covering the property, the SWPPP covering the property, and all

applicable state and federal laws and regulations, and in compliance with section 42-561 of the municipal code.

(5) The prompt removal of excessive soil, miscellaneous debris, or other materials applied, dumped, or otherwise deposited on public streets, highways, sidewalks, or other public thoroughfares during transit to and from the construction site so as to prevent a violation of sections 42-347 and 42-348 of this chapter.

(6) Completing the grading operation and the erosion control measures within the approved time schedule.

(7) Conducting any earth changes in such a manner as to effectively reduce accelerated soil erosion and resulting sedimentation.

(8) Designing, implementing and maintaining acceptable soil erosion and sedimentation control measures, in conformance with the Soil Conservation Districts Law, I.C. § 161A.1 et seq., and the adopted rules of the Polk Soil Conservation District as they pertain to erosion control and which effectively reduce accelerated soil erosion.

(9) Designing, constructing and completing all earth changes in such manner that the exposed area of any disturbed land shall remain exposed for the shortest possible period of time so as to prevent a violation of sections 42-347 and 42-348.

(10) Updating, amending, implementing and maintaining the SWPPP, making required inspections and keeping inspection reports, and retaining all plans and reports, in accordance with the applicant's NPDES General Permit No. 2 requirements.

(11) Carrying out the proposed work in compliance with any applicable tree removal and mitigation plan approved pursuant to the tree removal and mitigation ordinance codified in Article X of Chapter 42 of this Code.

(C75, § 2-205.37; O.9384; C79, C91, § 2-205.37; O.11,709, 14,484, 14,708, 14,890, 15,690, 16,427)

Sec. 42-122. Maintenance requirements.

The applicant for the grading permit and owner shall be responsible for properly carrying out all soil and sedimentation control measures under this article in accordance with the approved grading plan and, when applicable, the SWPPP. All subsequent owners of property as to which such measures have been taken shall maintain all temporary and permanent erosion control measures, retaining walls, structures and other protective devices.

(C75, § 2-205.38; O.9384; C79, § 2-205.38; O.11,709; C91, § 2-205.38; O.14,484)

Secs. 42-123—42-150. Reserved.

DIVISION 5. DESIGN STANDARDS

Sec. 42-151. Minimum standards.

(a) All grading plans and specifications, including extensions of previously approved plans, shall include provisions for erosion and sediment control in accordance with but not limited to the standards contained in the Iowa Guidelines for Soil and Water Conservation in Urban Areas published by the state department of soil conservation. Copies of such standards shall be available for inspection in the office of the city engineer.

(b) Sediment caused by accelerated soil erosion shall be removed from runoff water before it leaves the site of the earth change.

(c) Any temporary or permanent facility designed and constructed for the conveyance of water around, within, through or from the earth change area shall be designed to limit the water flow to a nonerosive velocity, as set forth in the design standards for public improvements adopted by the city engineer.

(d) Temporary soil erosion control facilities shall be removed and earth change areas graded and stabilized with permanent soil erosion control

measures, all pursuant to the approved time schedule and to approved standards and specifications as prescribed by the Polk Soil Conservation District and the Soil Conservation Service of the U.S. Department of Agriculture.

(e) Unless the approved plan designates temporary construction erosion control measures prior to any initial grading, permanent soil erosion control measures for all slopes, channels, ditches, or any disturbed land area shall be completed within 15 workable days after final grading or the final earth change has been completed.

(f) Fill sites shall be leveled and compacted at maximum intervals of 30 days. Interim slopes, cut or fill, shall not exceed a slope of three feet horizontal to one foot vertical without engineering justification for a steeper slope.

(g) All grading plans and specifications, including extensions of previously approved plans, shall comply with the requirements of the tree removal and mitigation ordinance codified in article X of chapter 42 of this Code.
(C75, § 2-205.39; O.9384; C79, C91, § 2-205.39; O.11,709, 14,890)

Secs. 42-152—42-180. Reserved.

DIVISION 6. INSPECTIONS, ENFORCEMENT AND CERTIFICATION OF COMPLETION

Sec. 42-181. Certification of completion.

(a) The requirements of this article shall be enforced by the city engineer. The applicant's engineer shall inspect the work and certify the satisfactory completion of all work shown on the approved plans. Such certification shall include all required soil testing of compaction unless otherwise waived by the city engineer.

(b) Upon satisfactory completion of all approved grading plans and other requirements, the city engineer shall issue a certification of completion.
(C75, § 2-205.40; O.9384; C79, C91, § 2-205.40; O.11,709)

Sec. 42-182. Notice of violations—Administrative penalties.

(a) The city engineer or the director or any police officer is authorized to issue a notice of violation imposing an administrative penalty upon:

(1) Any applicant or owner of any site for failure to obtain a grading permit required under this article.

(2) Any applicant or owner of any site or any contractor performing grading work without a grading permit as required under this article.

(3) Any applicant or owner of any site for grading work for which a grading permit has been issued and for which no certification of completion has yet been issued who fails to perform an act required by this article or who commits an act prohibited by this article.

(b) The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to the violator by the city engineer or the director or any police officer. Service of the notice may be by regular mail or delivery in person.

(d) Penalties shall be paid in full within 30 days of the issuance of the notice.

(e) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in section 42-190, unless the violator refuses to correct the violation and pay the scheduled administrative penalty, or the city engineer or the director determines that immediate enforcement action by misdemeanor or municipal infraction prosecution pursuant to section 1-15 is, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this article. The engineering department shall maintain a record of all violations, administrative penalties charged or other enforcement actions taken.
(C75, § 2-205.41; O.9384; C79, C91, § 2-205.41; O.14,484)

Sec. 42-183. Determination of pollutants as public nuisance and notice and abatement.

(a) Pollutants deposited or discharged into the MS4 or onto public or private property in violation of section 42-121 are deemed to constitute a public nuisance.

(b) If the city engineer or the director determines that a nuisance exists, the city engineer or director shall give notice of the existence of the nuisance pursuant to article VI

of this chapter and order abatement of such nuisance. The city may cause such pollutant to be removed, after providing the owner of the real property from which the pollutant originated with notice of the need to remove such pollutant and that if not removed the city will cause such removal and will assess the costs for such abatement. The notice shall provide at least a 24-hour period for removal of the pollutant by the property owner prior to the city's removal and notice of the right to a hearing on the finding of a public nuisance pursuant to article VI of this chapter.

(c) Provided, however, that the city may cause such removal without prior notice in the event that such deposit or discharge presents an imminent risk of harm to person or property, and the director declares an emergency on account thereof, pursuant to article VI of this chapter.
(C75, § 2-205.42; O.9384; C79, C91, § 2-205.42; O.11,709, 14,484, 15,690)

Sec. 42-184. Right to assess costs of removal by city.

When the city removes pollutants pursuant to section 42-183, the city may assess the actual costs of removing such pollutants to the owner of the real estate found to be in violation of section 42-121 pursuant to article VI of this chapter, in addition to taking any other action provided for in this article.
(O.14,484, 15,690)

Sec. 42-185. Assessment of costs of removal by city.

The actual cost of removing pollutants from the MS4 or from public or private property shall be paid by the owner of the real property determined to be the source of such discharge or deposit of pollutants, in violation of section 42-121, and such costs shall be assessed against such real estate if not paid by the owner.
(O.14,484)

Sec. 42-186. Certification of assessment for collection.

Upon adoption by the city council, the schedule of assessments for the removal of pollutants from the MS4 or from public or private property and the resolution approving such shall be certified by the city clerk to the county auditor for collection in the manner provided by law.
(O.14,484)

Sec. 42-187. Allocation of costs.

The cost of removing pollutants from the MS4 or from public or private property shall be paid from the proper fund and when collected shall be credited to that fund.
(O.14,484)

Sec. 42-188. Notice of right to administrative hearing on public nuisance.

When the city makes a finding of a public nuisance and/or removes pollutants pursuant to section 42-183, a notice shall be given to the owner of the property subject to assessment of the right to an administrative hearing regarding the existence of and responsibility for the public nuisance, and regarding costs of the removal pursuant to sections 42-358 and 42-358.01.
(O.14,484, 15,690)

Sec. 42-189. Administrative hearing for public nuisance and assessment of costs for removal.

Any person in receipt of a notice pursuant to section 42-188 may have, upon written request pursuant to section 42-358.02 of this chapter, an administrative hearing held pursuant to section 42-358.02 of this chapter to determine if the public nuisance occurred, or to determine if the amount to be assessed is reasonable and if the assessment shall be placed against the subject property.
(O.14,484, 15,690)

Sec. 42-190. Criminal and civil penalties.

(a) Any person who fails to perform an act required by this article or who commits an act prohibited by this article or who resists the enforcement of any section of this article shall be guilty of a misdemeanor punishable by a fine as provided by section 1-15 of this Code.

(b) Any person who fails to perform an act required by this article or who commits an act prohibited by this article or who resists the enforcement of any section of this article shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(O.14,484, 15,608)

Sec. 42-191. Inspection and order to terminate construction activities.

(a) The city engineer may enter at all reasonable times in or upon any private or public property to inspect and investigate work being done under a permit issued pursuant to this article and to inspect and investigate conditions and practices which may be a violation of this article or rules of the soil conservation district. The city engineer shall have the authority to issue an order in writing to the owner of the property and/or any person engaged in grading or construction activities on the property, ordering such person or persons to cease and desist from construction activities due to failure to implement or maintain the SWPPP or any pollution control BMPs therein identified. The order shall be delivered by personal service unless the owner or person engaged in grading or construction activities cannot be found within the city, in which event notice shall be by ordinary mail addressed to the owners and/or applicant's last known address and by posting a copy of the notice in a conspicuous place at the construction site.

(b) Construction activities shall cease on the date stated in the city engineer's order and shall not recommence without the prior written approval of the city engineer.

(c) The person to whom the notice is directed may make a written request to the city engineer for a reconsideration and hearing on the cease and desist order and/or abatement order within ten days from the issuance of the order, provided, however, that work on such property shall cease pending the outcome of the hearing.

(d) The request for hearing shall (1) contain the address of the person requesting the hearing and to which all further notices shall be mailed or served, and (2) shall state the basis for the appeal.

(e) The hearing shall be scheduled to be held as soon as practicable and no later than 14 days after the request for hearing was filed with the city engineer. The person requesting the hearing shall be notified in writing or by telephone of the date and place of such hearing at least three days in advance thereof. At such hearing the city engineer and the person requesting the hearing may be represented by counsel, examine witnesses, and present evidence as necessary.

(f) If the city engineer determines that the violation has created a public nuisance, the city engineer may order abatement of the nuisance by whatever means the city engineer may determine appropriate.

(g) The determination of the city engineer shall be a final administrative decision.

(h) In the event that the abatement as ordered by the city engineer is not performed, the city engineer may cause the abatement of the nuisance and assess the costs of abatement to the property for which the grading permit was issued in compliance with article VI of this chapter.
(O.14,484, 15,690)

Sec. 42-192. Right of city to seek additional alternative relief.

The city is not precluded from seeking alternative relief from the court, including an order for abatement or injunctive relief, in the event that the city files a misdemeanor citation, notice of administrative penalty, and/or files a municipal infraction for the same violation of this article.
(O.14,484)

Secs. 42-193—42-210. Reserved.

ARTICLE III. WATER POLLUTION*

Sec. 42-211. Dirty water.

No water from a sink, drain or stable or dirty water of any kind shall be thrown or allowed to run upon the surface of the ground. It shall be carried away by suitable pipes to a public sanitary sewer or a septic tank or sump if there is no public sanitary sewer available.
(C42, § 35-5; C54, C62, § 61-7; C75, C79, C91, § 16-122)

Sec. 42-212. Raccoon River.

(a) *Pollution.* No person shall throw or put into the Raccoon River or any of its tributaries at any point where the city water company takes water from that river to supply its works any dead carcass, manure, offal, putrid matter of any kind or any other substance or fluid which will tend to pollute or render impure the water in that river. No person shall deposit, place or discharge any such substance in, on or near the banks of that river within five miles, so that such substance will wash or flow into it, nor shall any person bathe or swim in the waters of such river within the corporate limits above the point where the city water company draws water for its works.

(b) *Contamination.* No hog yards, pigpens or cattle yards, where large numbers of cattle are nightly herded, shall be permitted to exist or be used at any point along the Raccoon River or within one-half mile thereof where the drainage from such pens or yards would run into and contaminate its waters.

(c) *Depositing refuse.* No person shall be permitted to deposit any offal, manure, night soil, dead animals or other noxious animal or vegetable refuse along or upon the banks of the Raccoon River, nor shall any person cause or permit any sewer or drain to have its outlet so placed that the waters therefrom will run into that river, nor shall any such sewer or drain situated within one-half mile of the river be permitted to discharge its contents into the surrounding soil.

(d) *Drainage of cesspools.* No privy, vault, cesspool or drain shall be established or permitted to open or discharge into any street, alley, lot, ravine, standing water, ditch or river, except sewers, and no offensive or noxious liquors or substances, garbage or manure shall be thrown or permitted to run from any premises or vehicles into any alley, lot, ditch or ravine near or bordering on the Raccoon River nor within one-half mile of it.
(C42, § 99-14; C54, C62, § 61-13; C75, C79, C91, § 16-123)

Sec. 42-213. Injury to water works.

No person shall in any way interfere with, injure or damage the water works or the machinery, pipes, hydrants, trenches or sewers belonging thereto or dig up or uncover, so as to expose to the frost, any of the pipes or sewers of the city water works. No person shall impede or in any way interfere with the operation of such by the city water works or its employees or agents. However, nothing in this section shall in any way interfere with or apply to the city officers or employees in the discharge of their official duties.
(C42, § 99-14; C54, C62, § 61-13; C75, C79, C91, § 16-124)

Sec. 42-214. Pipes and conduits near water mains.

No person using the city streets and alleys for public service purposes shall construct or place any pipes, conduits or other equipment immediately over and paralleling the water mains in the city streets or in any manner lay his or her pipes, conduits or other equipment in the city streets so that these will in any manner interfere with the convenient access to the city's water mains and connections.
(C42, § 99-25; C54, C62, § 61-16; C75, C79, C91, § 16-126)

Sec. 42-215. Depth of pipe below street.

All water pipes connecting to street mains shall be laid at least six feet below the surface of the street.
(C42, § 99-21; C54, C62, § 61-19; C75, C79, C91, § 16-129)

*__Cross reference—__Water generally, § 118-586 et seq.

Sec. 42-216. Responsibility of person causing disconnection from mains.

Whenever, because of lowering or raising any gas or water mains or gas or water pipe, any consumer is thereby disconnected from the mains, he or she shall be reconnected upon the completion of such work by and at the expense of the city water works or the person making or causing the disconnection.
(C42, § 99-21; C54, C62, § 61-21; C75, C79, C91, § 16-131)

Sec. 42-217. Penalty.

Any person who fails to perform an act required by the provisions of this article, or who commits an act prohibited by the provisions of this article, shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C85, § 16-134; O.11,030, 11,445; C91, § 16-134; O.13,648, 15,608)

Sec. 42-218. Enforcement.

The community development department, all police officers and all officers of the fire department shall enforce this article.
(C42, § 99-17; C54, C62, § 61-26; C75, C79, § 16-135; O.9835; C91, § 16-135; O.13,013)

Secs. 42-219—42-245. Reserved.

ARTICLE IV. NOISE CONTROL*

Sec. 42-246. Definitions.

Definitions of technical terms used in this article which are not defined in this section shall be obtained from publications of acoustical terminology issued by the American National Standards Institute (ANSI) or its successor body. The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

"Adverse impact" shall mean such a state of facts as would lead a person of ordinary care and prudence to conclude that the economic, entertainment and philanthropic benefits to the community or business do not reasonably outweigh the quiet use and enjoyment of the affected property.

"Ambient sound level" means the noise associated with a given environment, exclusive of a particular noise being tested, being usually a composite of sounds from many sources near and far, exclusive of intruding noises from isolated identifiable sources.

"A-weighted sound level" means the sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level is designated dB(a) or dBA.

"C-weighted sound level" means the sound pressure level in decibels as measured on a sound level meter using the C-weighting network. The level is designated dB(c) or dBC.

"Construction" means any site preparation, assembly, erection, substantial repair, alteration, or similar action for or of public or private rights-of-way, structures, utilities or similar property.

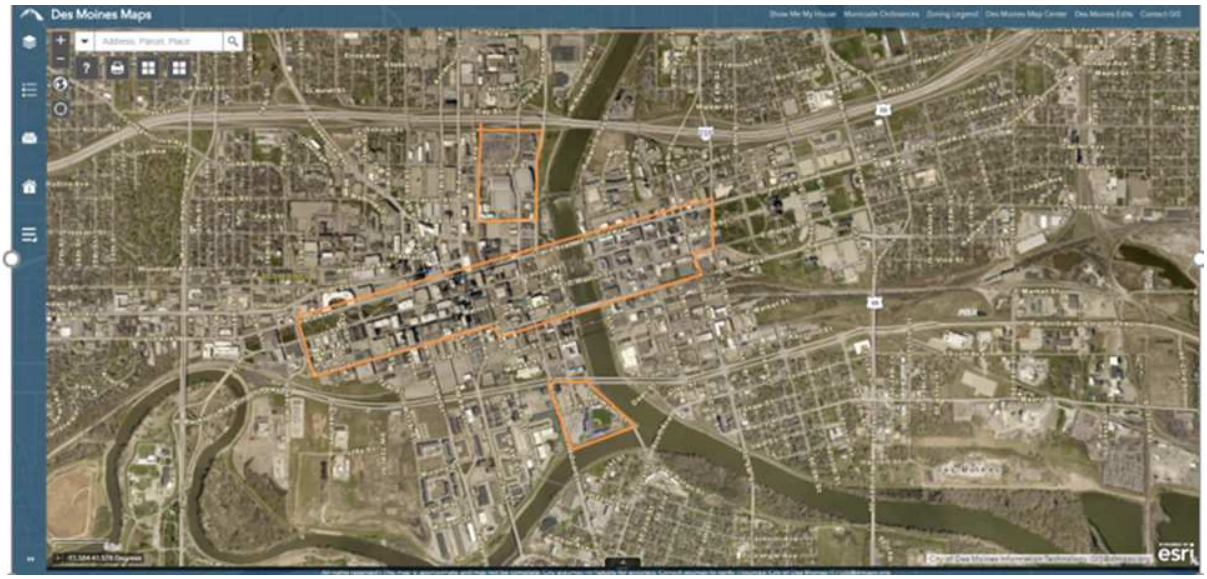
"Decibel (dB)" means a logarithmic and dimensionless unit of measure often used in describing the amplitude of sound, equal to 20 times the logarithm to the base 10 of the ratio of the pressure of the sound measured to the reference pressure, which is 20 miscropascals (20 micronewtons per square meter).

"Demolition" means any dismantling, intentional destruction or removal of structures, utilities, public or private right-of-way surfaces, or similar property.

*__Editor's note—__*Ord. No. 14,746, § 1, adopted Feb. 25, 2008, repealed the former Art. IV, §§ 42-246—42-270, and enacted a new Art. IV as set out herein. The former Art. IV pertained to noise pollution and derived from Code 1975, §§ 16-136—16-153, as amended. See the Code Comparative Table for complete derivation.

"Downtown areas" shall mean the areas designated for sound permits described below as depicted in Figure 42-246.1 downtown areas.

Figure 42-246.1. Downtown Areas



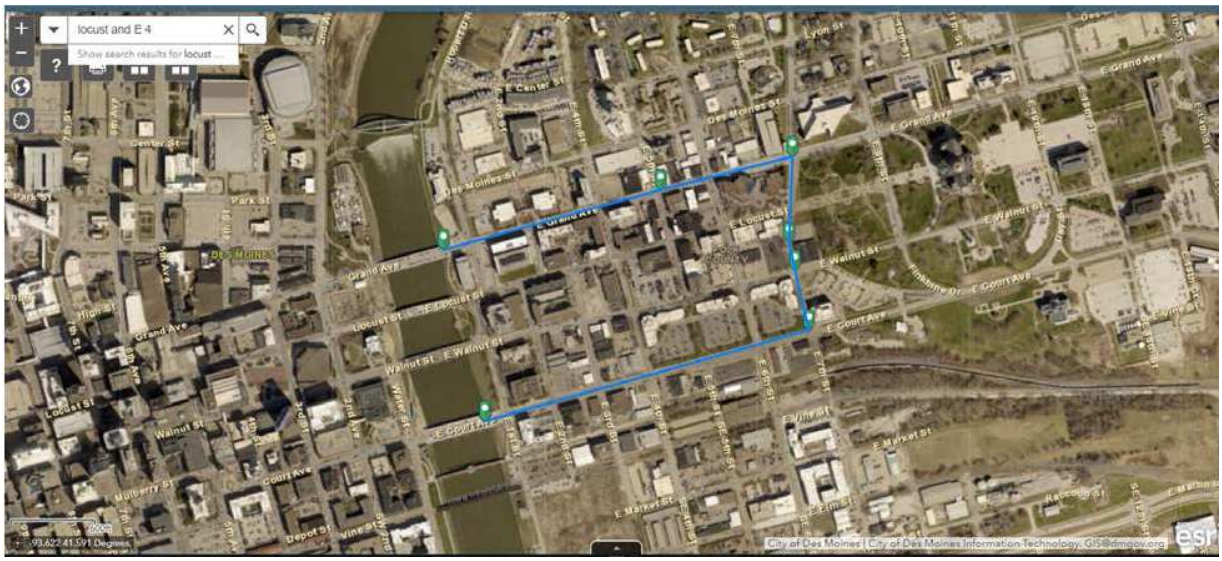
Area 1 (Top). The area which is bounded by these streets: On the west by 5th Avenue, on the north by the southernmost Interstate 235 freeway entrance ramp roadway that runs east and west between 5th Avenue and 2nd Avenue, on the east by 2nd Avenue, and on the south by Park Street.

Area 2 (Middle). The area bounded by these streets: On the west by 15th Street; on the north by Grand Avenue; on the east by the segment of Pennsylvania Avenue between Grand Avenue and East Walnut Avenue; on the southeast by the one block segment of East Walnut East 6th Street that runs east-west between East 7th Street and East 6th Street, and on the southeast by the one block segment of East 6th Street that is between is between East Walnut Avenue and East Court Avenue; on the south by the segment of East Court Avenue between East 6th Street and 5th Avenue, by the one block segment of 5th Avenue between Court Avenue and Mulberry Street, and by the segment of Mulberry between 5th Avenue and 15th Street.

Area 3 (Bottom). The area bounded as follows: on the south side by the north bank of the Raccoon River; on the east side by the west bank of the Des Moines River; on the north by the segment of East Martin Luther King, Jr. Parkway that runs east-west from the west bank of the Des Moines River to SW 3rd Street; and on the west by the segment of SW 3rd Street that runs north-south between East Martin Luther King, Jr. Parkway and the north bank of the Raccoon River.

"East Village Street Colures area" shall mean the areas designated for sound permits in East village in connection with the street closure event within the area depicted in Figure 42-246.2 East Village Street closure area boundaries.

Figure 42-246.2



"East Village noise control area" shall mean the area designate for sound permits for properties that are not within 250 feet of a residential dwelling, within the area depicted in Figure 42-246.3 East Village noise control area boundaries.

Figure 42-246.3

"Emergency" means any occurrence or set of circumstances involving actual or imminent physical or psychological trauma or property damage which demands immediate action.

"Emergency work" means any work performed for the purpose of alleviating or resolving an emergency.

"Equivalent A-weighted sound level (Leq)" means the constant sound level that, in a given situation and time period, conveys the same sound energy as the actual time-varying A-weighted sound. For the purpose of this article, a time period of one hour shall be used, unless the likely duration or intensity of the sound being measured makes a shorter time period reasonable.

"Impulsive sound" means sound of short duration, usually less than one second, with an abrupt onset and rapid decay. Examples of sources of impulsive sound include explosions, drop forge impacts, and the discharge of firearms.

"Motorboat" means any vessel which operates on water and which is propelled by a motor, including but not limited to boats, barges, amphibious craft, water ski towing devices and hovercraft.

"Motorcycle" means any motor vehicle having a saddle or seat for the use of the rider and designed to travel on not more than three wheels in contact with the ground. The term includes motorized bicycles and motor scooters.

"Motor vehicle" means any motor-operated vehicle licensed for use on the public highways, but not including a motorcycle.

"Noise" means any sound which disturbs humans or which causes or tends to cause an adverse psychological or physiological effect on humans.

"Noise disturbance" means:

(1) Any sound which unreasonably endangers or injures the health or safety or welfare of a human being; or

(2) Any sound which unreasonably disturbs a person of normal sensitivities; or

(3) Any sound which unreasonably devalues or injures personal or real property; or

(4) Any sound which is in excess of decibel levels set forth in this article.

(5) The factors which may be considered in determining whether a noise disturbance exists may include, but are not limited to:

a. The level of the noise;

b. The level and intensity of any background noise;

c. Whether the nature of the noise is usual or unusual;

d. Whether the origin of the noise is natural or unnatural;

e. The proximity of the source of the noise to sleeping facilities;

f. The land use, nature and zoning of the area from which the noise emanates and of the area where the noise is received;

g. The time of day or night when the noise occurs;

h. The duration of the noise;

i. Whether the noise is recurrent, intermittent or constant.

j. The level and intensity of the bass or low tones.

"Noise sensitive area" means any area designated by resolution of city council for the purpose of ensuring exceptional quiet and clearly posted with noise sensitive area signs, because of the noise sensitive activities conducted therein.

"Notice of violation" shall include a notice of violation, a civil infraction and/or a criminal citation.

"Person" shall have the meaning prescribed by section 1-2 of this Code and, in addition, means and includes any officer, employee, department, agency or instrumentality of the state or any political subdivision of the state.

"Person responsible" or *"Responsible party"* shall be the owners, employees or acting managers, agents, contract buyers, tenants, or lessees' of all residential dwellings, commercial establishments, and/or real estate upon which a violation

of this article is found and shall be jointly and severally responsible for compliance with this article at any location.

"Powered model vehicle" means any self-propelled airborne, waterborne, or land borne model plane, vessel, or vehicle, which is not designed to carry persons, including but not limited to any model airplane, boat, car or rocket.

"Public right-of-way" means any street, avenue, boulevard, highway, sidewalk, or alley or similar place which is owned or controlled by a governmental entity.

"Public space" means any real property, including any structure thereon, which is owned or controlled by a governmental entity.

"Pure tone" means any sound which can be distinctly heard as a single pitch or a set of single pitches.

"Real property boundary" means an imaginary line along the ground surface, and its vertical extension, which separates the real property owned by one person from that owned by another person, or from the public right-of-way, but not including intra-building real property divisions.

"Receiving land use" means the public right-of-way or the use or occupancy of the property which receives the transmission of sound as defined in this section.

"Recreational vehicle" means any race car, motorcycle, snowmobile, all terrain vehicles or any other motorized vehicle equipped for use in racing or other recreational events or uses off of public rights-of-way on public or private property. For purposes of this article, a motor vehicle or motorized vehicle which is taking part in an organized racing, endurance, or other coordinated sporting event shall be deemed a recreational vehicle and shall be governed by the terms of subsection 42-259(C) of this article.

"Residential" means any property on which is located a building or structure used wholly or partially for living or sleeping purposes. This definition shall not include park custodial residences or school or college dormitories.

"Sound" means an oscillation in pressure, particle displacement, particle velocity or other physical parameter, in a medium with internal forces that cause compression and rarefaction of that medium. The description of sound may include any characteristic of such sound, including duration, intensity and frequency.

"Sound equipment" means any radio, record player, stereo, television, tape deck or player, loudspeaker, amplifier, sound truck or other device for producing, reproducing, or amplifying sounds.

"Sound level" means the weighted sound pressure level obtained by the use of a sound level meter and frequency weighting network as specified in American National Standards Institute specifications for sound level meters. If the frequency weighting employed is not indicated, the A-weighting shall apply.

"Sound level meter" means an instrument which includes a microphone, amplifier, RMS detector, integrator or time averager, output or display meter, and weighting networks used to measure sound pressure levels, which complies with American National Standards Institute standards.

"Sound violation" means readings taken at the LCFmax that exceed the permitted level of amplified noise.
(O.14,746, 15,566, 16,064, 16,127)

Sec. 42-247. Title.

This article may be cited as the "Noise Control Ordinance of the City of Des Moines."
(O.14,746)

Sec. 42-248. Statement of public policy.

The city council finds and declares that:

(1) Excessive noise is a serious hazard to the public health and welfare and the quality of life in a close urban society.

(2) A substantial body of science and technology exists by which excessive noise can be substantially abated without serious inconvenience to the public.

(3) Certain noise-producing equipment in this community is essential to the quality of life in the community and should be allowed to continue at reasonable levels with moderate regulation.

(4) Each person has a right to an environment reasonably free from noise which jeopardizes health or welfare or unnecessarily degrades the quality of life.

(5) It is the policy of this city to promote an environment free from excessive noise, which unnecessarily jeopardizes the health and welfare and degrades the quality of the lives of the residents of this community, without unduly prohibiting, limiting or otherwise regulating the function of certain noise-producing equipment which is not amenable to such controls and yet is essential to the economy and quality of life of the community.

(O.14,746)

Sec. 42-249. Purpose.

The purpose of this article is to establish standards for the control of excessive noise in the city by setting maximum permissible sound levels for various activities to protect the public health, safety and general welfare.
(O.14,746)

Sec. 42-250. Scope.

This article shall apply to the control of all noise originating within the city limits or originating from properties lying outside the city limits owned or controlled by the city, except where either:

(1) A state or federal agency has adopted a different standard or rule than that prescribed within this article and has so preempted the regulation of noise from a particular source as to render this article inapplicable thereto; or

(2) The city council has determined that, because of public acceptance of the activity producing a particular noise, such noise is deemed acceptable to the city residents.

(O.14,746)

Sec. 42-251. Exceptions to article.

This article shall not apply to the following:

(1) The emission of sound for the purpose of alerting persons to the existence of an emergency.

(2) The emission of sound in the performance of emergency work.

(3) Noncommercial public speaking and public assembly activities conducted on any private property, public space, or public right-of-way, except those activities controlled by section 42-257 of this article.

(4) The un-amplified human voice, except those activities controlled by subsection 42-256(a) of this article.

(5) Agricultural activities, exclusive of those involving the ownership or possession of animals or birds.

(6) Snowmobiles regulated by I.C. ch. 321G.

(7) Rail and air transportation and public mass transportation vehicles.

(8) The emission of sound in connection with activities conducted on the state fairgrounds during the annual state fair and exposition.

(9) The emission of sound in the performance of military operations, exclusive of travel by individuals to or from military duty.

(10) The emission of sound in the legal discharge of weapons or in fireworks displays licensed by the city.

(11) The emission of sound in the operation of snow removal equipment.

(12) Parades or processions for which a parade permit has been issued by the city.

(13) Marching bands and athletic events.

(14) Government owned, operated, or contracted vehicles in the performance of their official duties.

(15) The testing and use of generators for commercial/business use when installed for use in an emergency during power outages, subject to site plan requirements as set out in Chapter 82, and when testing occurs at the same time of day each time performed, and not before 9:00 a.m. or after 4:00 p.m., and when the minimum cycle test time is used.

(O.14,746, 15,566)

Sec. 42-252. Noise disturbance prohibited.

No person shall make, continue or cause to be made or continued any noise disturbance as defined in this article.
(O.14,746)

Sec. 42-253. Ambient noise level.

When noise level measurements are taken and the ambient noise level measurement exceeds the maximum permitted sound level, the maximum permitted sound level shall be increased to equal the ambient noise level.
(O.14,746)

Sec. 42-254. Maximum permissible sound levels by receiving land use; immediate threat.

(a) *Maximum permissible sound levels.* With the exception of sound levels elsewhere specifically authorized or allowed in this article, no person shall make, continue, or cause to be made or continued, any sound which exceeds the following sound level limits at or within the real property boundary of a receiving land use:

Table 1. Sound Levels By Receiving Land Use

Zoning Category of Receiving Land Use	*Time*	*Sound Level Limit Unamplified limit in dBA Amplified limit in dBC*
P1 and residential zones: N1-N5, NX1-NX3, NX2a, NM, and a residential legacy PUD	7:00 a.m. to 10:00 p.m. 10:00 p.m. to 7:00 a.m.	60 50
Mixed use and commercial zones: Legacy PUD, DX1, DX2, DXR, MX1-MX3, CX	At all times	65
Industrial zones: EX, I1, I2	At all times	75
Noise sensitive area	At all times	55
F flood district	At all times	65

For the purposes of this article, unamplified sound levels in excess of the dBA and amplified sound levels in excess of the dBC listed in table 1 shall be deemed a violation, except this subsection shall not apply to:

(1) Activities covered by the following sections of this article: 42-255 (emergency signaling devices); 42-259 (motorized vehicles); 42-260 (construction); 42-261 (stationary non-emergency signaling devices); 42-264 (noise covered by sound variance).

(2) The operation of the following domestic power tools or equipment between the hours of 7:00 a.m. and 10:00 p.m.:

a. Electrical power tools.

b. Motor-powered, muffler-equipped lawn, garden and tree trimming equipment.

(b) *Immediate threat.*

(1) The official of any department charged with enforcement of this article shall order an immediate halt to any sound which exposes any person, except those excluded under subsection (2) of this section, to continuous sound levels in excess of those shown in table 2 or to impulsive sound levels in excess of those shown in table 3. If the sound has not abated within a reasonable length of time following issuance of such an order, the official of any department charged with enforcement of this article may apply to the appropriate court for an injunction to replace the order or may treat the violation in the manner of other Code violations.

(2) No order under subsection (b)(1) of this section shall be issued if the only persons exposed to sound levels in excess of those listed in tables 2 and 3 are exposed as a result of:

a. Trespass;

b. Invitation upon private property by the person causing or permitting the sound; or

c. Employment by the person or contractor of the person causing or permitting the sound.

(3) Any person subject to an order issued pursuant to subsection (b)(1) of this section shall comply with such order until:

a. The sound is brought into compliance with the order as determined by the noise control division; or

b. A judicial order has superseded such order.

Table 2. Continuous Sound Levels Which Pose an Immediate Threat to Health and Welfare (Measured at 50 Feet)

Sound Level Limit (dBA)	*Duration*
90	24 hours
93	12 hours
96	6 hours
99	3 hours
102	1.5 hours
105	45 minutes
108	22 minutes

(4) Correction for character of sound. For any source of sound which emits a pure tone, the maximum sound level limits set forth in table 2 shall be reduced by five dBA.

(5) Varying sound level. Where the sound level (dBA) varies over the measuring period, the equivalent A-weighted (average) sound level (Leq) shall be determined by figuring the time and intensity levels for time periods set out in tables 2 and 3.

Table 3. Impulsive Sound Levels Which Pose an Immediate Threat to Health and Welfare (Measured at 50 Feet)

Sound Level Limit (dB)	*Number of Repetitions Per 24-Hour Period*
140	1
130	10
120	100

(O.14,746, 14,774, 15,566, 15,819)

Sec. 42-255. Emergency signaling devices.

(a) No person shall operate or permit the intentional sounding outdoors of any fire, burglar, or civil defense alarm, siren, whistle or similar stationary emergency signaling device, except for emergency purposes or for testing, as provided in subsection (b) of this section.

(b) Testing of a stationary emergency signaling device shall occur at the same time of day each time the test is performed, but not before

9:00 a.m. or after 4:00 p.m. Any such testing shall use only the minimum cycle test time. In no case shall test times exceed 60 seconds.
(O.14,746)

Sec. 42-256. Specific activities prohibited.

(a) *Sales by hawking or barking.* No person shall offer for sale or sell anything by shouting or raised voice within any residential or commercial area in the city.

(b) *Loading and unloading.* No person shall so load, unload, open, close or handle boxes, crates, containers, building materials, garbage cans, or similar objects between the hours of 7:00 p.m. and 6:00 a.m. the following morning as to create a noise disturbance across a residential real property boundary or within a noise sensitive area. This subsection shall not apply to the engine noise generated by the activities regulated by section 42-259 of this article.

(c) *Vehicle or motorboat repairs and testing.* No person shall repair, rebuild, modify, or test any motor vehicle, motorcycle, or motorboat in such a manner as to cause a noise disturbance across a residential real property boundary or outdoors within a noise sensitive area.

(d) *Powered model vehicles.* No person shall operate or permit the operation of powered model vehicles in a public or private space out-of-doors or within a noise sensitive area between the hours of 10:00 p.m. and 7:00 a.m. the following day.

(e) No business shall allow sound to escape a structure through walls, rooftops, openings in the building, including but not limited to, vents, roof top mechanical units, doors or windows left open, except for the ingress and egress of customers, so as to create a noise disturbance.
(O.14,746, 14,976, 15,566)

Sec. 42-257. Musical instruments and similar devices.

No person shall operate, play or permit the operation or playing of any drum, musical instrument or similar device which produces sound in such a manner as to create a noise disturbance across a residential real property boundary as defined in section 42-254 of this article or outdoors within a noise sensitive area.
(O.14,746)

Sec. 42-258. Sound equipment, sound amplifying equipment and construction equipment.

(a) *Permit required.* No person shall, use, operate or cause to be used or operated any sound equipment or tools or equipment used in construction activities beyond the hours permitted under section 42-260 of this article upon the public right-of-way or in any building or upon any premises, public or private, creating a noise disturbance unless such person:

(1) First obtains a permit in accordance with this section;

(2) Complies with the conditions imposed by the permit, including the maximum permitted sound level shown therein;

(3) Complies with the provisions of chapter 102 of this Code, as it regulates street closings; and

(4) Complies with all other applicable subsections of this section.

(b) *"Sound equipment"* requiring a permit shall not include:

(1) Equipment used for public health and safety purposes.

(2) Church or clock carillons, bells or chimes.

(3) Automobile or boat radios, tape decks or players, or other standard equipment used and intended for the use and enjoyment of the vehicle occupants, provided the sound emitting there from does not create a noise disturbance or does not violate section 42-259.

(4) Un-amplified live music provided, sponsored, or funded, in whole or in part, by a governmental entity.

(c) *Permit, fees.* A separate permit shall be required for each type of activity described in subsection (e) of this section, and permits shall be nontransferable. The permit shall be conspicu-

ously displayed on or immediately adjacent to the sound equipment. A nonrefundable fee shall be paid in the amount set in the schedule of fees adopted by the city council by resolution at the time of application for the sound permit.

(d) *Information required on permit application.* Application for the permit required in this section shall be made in writing to the zoning enforcement officer, accompanied by the required permit fee and the following information:

(1) The type of permit requested.

(2) The name and address of the applicant.

(3) The purpose for which the sound equipment will be used.

(4) The location where the sound equipment will be used.

(5) Designation of the days of use and proposed hours of operation of the sound equipment.

(6) A general description of the sound equipment, including the license number of any motor vehicle upon which it is to be operated.

(7) The name(s) and phone number(s) of the person(s) responsible for the use of the permit.

If the application contains the required information and is accompanied by the required fee, and the proposed use of the sound equipment complies with the standards and other requirements of this section and all other applicable laws and ordinances, the zoning enforcement officer shall issue the appropriate permit.

(e) *Sound level meter.* Recipient of a permit must have a sound level meter on site during the use of a permit when determined by staff to be a requirement of the permit, examples are concerts and street closure events. The equipment must monitor the amplified sound for compliance with the permit, be capable of producing read outs during the event and upon request 30 days after the event.

(f) *Application standards.* The following are general standards for the type of permit:

(1) *Type "A" permit.* A type "A" permit may be issued for sound equipment emitting live music, reproduced music or human speech registering not more than 85 dBCs when measured at the real property boundary of the permitted property or at a distance of 50 feet from the sound equipment if issued in conjunction with a street closing. A type "A" permit may be issued only in areas of the city zoned for industrial, commercial and/or mixed use and only between the hours of 9:00 a.m. and 10:00 p.m., except in the downtown areas and East Village Street Closure area, which shall be between the hours of 9:00 a.m. and 11:00 p.m. Sunday through Thursday, and between the hours of 9:00 a.m. and 12:30 a.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday. A type "A" permit will be issued for a 30-day period, commencing on the first of each month, to be used on eight days during the permitted time, with the days of use to be designated on the permit application.

(2) *Type "B" permit—parks located in residential zones.* A type "B" permit may be used for sound equipment emitting music or human speech registering not more than 65 dBCs when measured at the real property boundary or at a distance of 50 feet from the sound equipment, whichever distance is closer to the sound equipment. Sound equipment permitted under a type "B" permit may be used only in public parks owned and operated by the city or public grounds owned and operated by another governmental body, located in a residentially zoned district from 9:00 a.m. to the time the park closes for events authorized and approved by the park and recreation board or other body having jurisdiction over the park or public grounds. A type "B" permit will be

issued for one day up to one week with the days to be designated on the permit application.

(3) *Type "C" permit—church or school grounds.* A type "C" permit may be issued for sound equipment emitting music or human speech registering not more than 65 dBCs when measured at the real property boundary or when measured at a distance of 50 feet from the sound equipment, whichever distance is closer to the sound equipment. Sound equipment permitted under a type "C" permit may be used only on church grounds, school grounds, or in conjunction with a school sponsored activity, from 9:00 a.m. to 10:00 p.m. for events authorized and approved by the church or school authorities having jurisdiction of the grounds. A type "C" permit will be issued for one day up to one week with the days to be designated on the permit application.

(4) *Type "D" permit—Residential events.* A type "D" permit may be issued for sound equipment emitting music or human speech registering not more than 65 dBCs when measured at the real property boundary of the permitted property or 50 feet from the sound equipment, whichever distance is closer. Sound equipment permitted under a type "D" permit may be used only pursuant to a permitted street closing under chapter 102 of this Code, from 9:00 a.m. to 10:00 p.m. A type "D" permit will be issued for one day up to one week with the days to be designate on the permit application.

(5) *Type "E" permit—Background sound equipment.* A type "E" permit may be issued for a commercially zoned area, mixed use zoned area, East Village noise control area or a commercially zoned PUD or PBP area for sound equipment to be used in an outdoor area in conjunction with an approved business use emitting music or human speech, excluding live music, registering not more than 65 dBCs, or below the ambient level, when measured at the property boundary, edge of designated seating area or 50 feet from the sound equipment whichever is closer. Sound equipment permitted under a type "E" permit may be used only during regular hours of business operation. A type "E" permit will be issued up to one year.

(6) *Type "F" permit—Brenton Skating Plaza.* A type "F" permit may be issued for sound equipment in the Brenton Skating Plaza, in conjunction with a lease agreement entered into with the parks and recreation department emitting music or human speech, registering not more than 112 dBCs, at the front of house which is established to be 75 feet from the sound. This permit is effective between the hours of 9:00 a.m. to 10:00 p.m. Sunday through Thursday and 9:00 a.m. to 11:00 p.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday.

(7) *Type "G" permit—Special Event Live Performances.* A type "G" permit may be issued for sound amplification equipment to be used for live performances where the sound from music or human speech does not exceed 112 dBCs when measured 50 feet from the amplification equipment and meets all of the following criteria:

a. The special event or live performance is located in the Downtown areas and the East Village Steet Closure area,

b. This type permit will only be issued two times per year per address to include a street closing abutting the sponsoring business and only if 30 days has elapsed from the effective date of a previous type "G" permit for the same location, however, if the street closing is sponsored by the Court Avenue Business Association, Downtown Community Alliance, Historic East Village, or any other community organization affili-

ated with businesses located in the downtown areas this type permit is not limited in number or time span,

c. If the applicant has no address in the downtown areas, then either a business in the area, or a community organization affiliated with businesses located in the downtown area must sponsor the event,

d. This type permit may not be issued if another type "G" permit has already been issued within 1,000 feet of a given location and covering the same time on any day. If the event has multiple stages in the designated event only one permit will be required.

e. When used in conjunction with a street closure this type permit will not be issued until the street use team approves the street closure,

f. This type permit must be obtained at least seven days prior to the performance unless pending street use team approval.

g. This type permit is effective for up to three consecutive days and for the hours of 9:00 a.m. to 11:00 p.m. Sunday through Thursday and 9:00 a.m. to 12:30 a.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday.

h. A variance may be sought in accordance with this article if any of the requirements for issuance of this type permit wish to be modified on a case by case basis.

(8) *Type "H" permit—Farmer's Market.* A type "H" permit may be issued to Farmer's Markets which have a street closure for sound amplification equipment allowing music up to 85 dBCs for the duration of the street closure.

(9) *Type "I" permit—Waterworks Park—Lauridsen Amphitheater.* A type "I" permit may be issued for amplification equipment for live performances held in Waterworks Park, at the Lauridsen Amphitheater, emitting music or human speech, at a level not greater than 114 dBCs measured at front of house which will be set at 125 feet from the stage. A type "I" permit is effective for one or two days and for the hours of 9:00 a.m. and 10:00 p.m. Sunday through Thursday, and between the hours of 9:00 a.m. and 11:00 p.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday.

(10) *Type "J" permit—Night construction.* A type "J" permit may be issued for residential construction activities beyond the hours permitted under section 42-260. A type "J" permit may be issued for construction performed on behalf of a nonprofit or philanthropic organization where such construction activity is to be completed in an expedited manner pursuant to a construction schedule which has been approved by the community development director and has been determined to advance the overall welfare of city residents, provided that the residential structure is being built for occupation by low or moderate income persons. Application for a type "J" permit shall be processed pursuant to sections 42-264 through 42-267 of this article.

(11) *Type "K" permit* may be issued for an event whose route is on city streets, trails and/or other public right-of-way with the permit to be valid one hour before the start of the event and at specifically approved locations along the route that would otherwise comply with all other provisions of this article.

(12) *Type "L" permit* may be issued to a privately held recreational area more than 40 acres in area for outside events, emitting music or human speech at a level not greater than 112 dBCs when measured 50 feet from the amplification equipment. This permit is effective

between the hours of 9:00 a.m. to 11:00 p.m. Sunday through Thursday and 9:00 a.m. to 12:30 a.m. on Friday and Saturday, the Sunday of Memorial Day weekend, the Sunday of Labor Day weekend, and the Fourth of July whenever it occurs on a Sunday. The stage and sound equipment for any live performances held shall be set up facing away from residential areas. A type "L" permit will be issued for a 30-day period, commencing on the first of each month, to be used on eight days during the permitted time, with the days of use to be designated on the permit application.

(13) *Type "M" permit—Zoo and Water Works Park.* A type "M" permit may be issued for amplification equipment for live performances held on the Blank Park Zoo Foundation Parcel and Water Works Park field, emitting music or human speech, 114 dBCs measured at front of house which will be 125 feet from the stage and limited to 85 dBCs when measured at the nearest residence. A type "M" permit is effective for one or two days and for the hours of 9:00 a.m. and 10:00 p.m. Sunday through Thursday, and between the hours of 9:00 a.m. and 11:00 p.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday. The stage and sound equipment for any live performances held on the Blank Park Zoo Foundation Parcel shall be set up facing the south causing the sound to be directed towards the Blank Park Zoo and the Blank Golf Course. For the purpose of this subsection, Blank Park Zoo Foundation Parcel means the tract owned by Blank Park Zoo Foundation located south of Army Post Road and east of SW 9th Street, and designated for tax purposes as Polk County district/parcel number 120/00324-005-001. Additionally, the stage and sound equipment for any live performances held in the field in Waterworks Park shall be set up facing the northeast causing the sound to be directed through the park and away from residential areas.

(14) *Type "N" permit—Simon Estes Riverfront Amphitheater.* A type "N" permit may be issued for sound equipment to be used in the Simon Estes Riverfront Amphitheater in conjunction with a lease agreement entered into with the Parks and Recreation Department, emitting music or human speech, registering not more than 100 dBCs, when measured at the middle cement crosswalk. This permit is effective between the hours of 9:00 a.m. to 10:00 p.m. Sunday through Thursday and 9:00 a.m. to 11:00 p.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday.

(15) *Type "O" permit—Riverview Amphitheater.* The type permit may be issued for sound equipment in the Riverview Amphitheater, in conjunction with a lease agreement entered into with the Parks and Recreation Department, emitting music or human speech, registering not more than 114 dBCs at the front of house which is established to be 75 feet from the sound. This permit is effective between the hours of 9:00 a.m. to 10:00 p.m. Sunday through Thursday and 9:00 a.m. to 11:00 p.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday.

(16) *Type "P" permit—Botanical Center.* A type "P" permit may be issued for sound equipment on the Botanical Center grounds, registering not more than 112 dBCs, at the front of house which is established to be 75 feet from the sound. This permit is effective between the hours of 9:00 a.m. to 10:00 p.m. Sunday through Thursday and 9:00 a.m. to 11:00 p.m. on Friday and Saturday, the Sunday of Memorial Day weekend, Labor Day weekend and the Fourth of July should it fall on a Sunday.

(17) *Type "Q" Permit—900 Mulberry Street.* A type "Q" permit may be issued for sound equipment at 900 Mulberry Street, registering not more than 90 dBCs for up to six times in a calendar year and registering not more than 85 dBCs for up to 18 permits in a calendar year measured at the real property boundary. The permits will be effective between the hours of 9:00 a.m. to 10:00 p.m. Sunday through Thursday and between the hours of 9:00 a.m. to 11:00 p.m. on Friday and Saturday. The amplified sound will not be the primary purpose of the event and the description of the event will be provided with the permit application. The event coordinator and/or the production company will provide notice to the adjacent residents detailing the type of event, the time frame of the event and contact names of persons responsible for the event as set out on the permit application. All speaker systems shall face SW 9th Street. The promoter or event coordinator shall have a sound meter and comply with section 42-258(e) of this article.

(g) *Commercial advertising.* No sound equipment shall be permitted to be used on public streets or public places or in any building or upon any premises if the sound may be plainly audible from any public street or public place within the city when any such use is for commercial advertising purposes or for the purpose of attracting the attention of the public to any building or structure for monetary gain.

(h) *Denial or revocation.*

(1) *Denial of sound permit.* The director of the community development department or director's designee may deny an application for a sound permit in writing. The following criteria and standards shall be considered as basis for a denial:

a. Whether police have stopped activities sponsored by the same applicant or in the same location for public safety purposes such as riot, disorderly conduct, or other crimes;

b. Whether the sponsor, applicant, or their employees have violated the Des Moines Municipal Code at past events requiring a sound permit;

c. Whether the applicant(s) have paid the city all fees due and owing under any chapter of the Des Moines Municipal Code; and

d. If any person responsible for monitoring the terms and conditions of the sound permit at the premises has been found to be in violation of this article in any 12-month period.

e. Where it is determined that the permit would be in conflict with another established event, or when in conjunction with another permit, when considering the combined impact the issuance would create a potential for a noise disturbance.

(2) *Revocation.* The director of the community development department or the director's designee may revoke a sound permit issued pursuant to this article upon the second finding of a violation of the terms and conditions of the permit by persons charged with enforcement of this article, within a 12-month period.

(3) *Revocation hearing-adverse impact.* If the director of the community development department receives written statements or a petition from 25 percent or more of the occupants of single family or duplex residences and the owner or manager of multiple residence structures including hotels, who claim to be adversely affected by the operation of sound amplification equipment under a valid sound permit and who live within 200 feet measured from property line to property line of the property where such sound permit is valid, the community development director, or the director's designee, shall proceed pursuant to section 42-266.

(O.14,746, 14,752, 14,774, 14,868, 15,237, 15,474, 15,566, 15,645, 15,819, 15,853, 16,064, 16,127, 16,328)

Sec. 42-259. Motorized vehicles.

(a) No person shall operate the engine, or auxiliary engine, of a motor vehicle with a manufacturer's gross vehicle weight rating of 10,000 pounds or more for a period longer than 20 minutes while such vehicle is standing and located within 150 feet of property zoned and used for residential purposes. This subsection shall not apply to delivery or pickup vehicles that require the operation of the engine to unload or load their vending loads.

(b) No person shall operate a motor vehicle or a combination of vehicles of a type subject to registration at any time or under any condition

in such manner as to exceed the noise limit listed in this subsection for the category of motor vehicle, such noise to be measured at a distance of 50 feet from the vehicle.

Noise Limit In Relation To Legal Speed Limit		
Type of Vehicle	*35 mph or Less dBA*	*Over 35 mph dBA*
Any motor vehicle with a manufacturer's gross vehicle weight rating of 10,000 lbs. or more and any combination of vehicles towed by such motor vehicle	88	92
Any motorcycle	82	86
Any other motor vehicle and any combination of motor vehicles towed by such motor vehicle	76	82

This subsection applies to the total noise from a vehicle or combination of vehicles and shall not be construed as limiting or precluding the enforcement of any other section of this Code relating to motor vehicle mufflers or noise control.

(c) (1) No person shall operate a recreational vehicle or permit the operation of one or more recreational vehicles, individually or in a group, or in an organized racing event on public or private property in such a manner that the sound level exceeds that set forth in Section 42-254(a) Table 1.

(2) No person shall operate or permit the operation of any recreational vehicle(s), on public or private land between the hours of 10:30 p.m. and 9:00 a.m.

(3) This section shall not apply to recreational vehicles when legally operated upon the public streets.

(d) No person operating or in control of a motor vehicle, recreational vehicle, watercraft, or vessel shall operate or permit the operation of a sound system in the vehicle so as to produce a vibration or sound that is clearly detectable at a distance of 50 feet from the vehicle between the hours of 7:00 a.m. and 7:00 p.m. or clearly detectable at a distance of 25 feet from the vehicle between the hours of 7:00 p.m. to 7:00 a.m.

(e) No person operating or in control of a garbage truck or other motor vehicle engaged in the business of solid waste collection, shall use such vehicle to pick up or empty a dumpster or other container used for the collection or storage of solid at any location in, or within 150 feet of, a zoning district or portion of a PUD district that includes a residential use, between the hours of 7:00 p.m. and 6:00 a.m. the following morning, subject to the following:

(1) Trash pickup at elementary and secondary schools and hospitals is exempt from this requirement.

(2) The city manager or the city manager's designee may grant an exception to this limitation on the timing of trash pickup where such exception is necessary to avoid an unreasonable risk of harm created by the unusual circumstances of the site. Any such exception may be subject to reasonable conditions imposed to minimize the detrimental impact of granting such exception, and shall be subject to reconsideration in the event of changed circumstances.

(O.14,746, 14,752, 14,976, 15,969)

Sec. 42-260. Construction.

No person shall operate or permit the operation of any tools or equipment in construction, drilling or demolition work or in preventive maintenance work for public service utilities between the hours of 10:00 p.m. and 7:00 a.m. (O.14,746)

Sec. 42-261. Stationary non-emergency signaling devices.

(a) No person shall operate or permit the sounding of any stationary bell, chime, siren, whistle, or similar device, intended primarily for non-emergency purposes, from any place for more than one minute in any hourly period.

(b) Devices used in conjunction with places of religious worship shall be exempt from the operation of this section.
(O.14,746)

Sec. 42-262. Animals and birds.

No person shall own, possess or harbor any animal or bird which frequently or for continued duration emits sounds native to the species which are a noise disturbance across a residential real property boundary or within a noise sensitive area.
(O.14,746)

Sec. 42-263. Enforcement.

(a) The noise control program established by this article shall be implemented, administered, and enforced by the community development and police departments.

(b) The sections of this article which prohibit the making, continuing, or causing the making or continuing of a noise disturbance across a real property boundary or within a noise sensitive area shall be enforced upon receipt of complaint made or filed with city officials by a person disturbed by such noise disturbance or by direction of the chief of police or his or her designee. Certification by an official charged with enforcement of this article that such complaint was made shall be sufficient to establish the fact of such complaint.

(c) To implement and enforce this article, the community development department and the police department shall have the additional power to:

(1) Conduct research, monitoring, and other studies related to sound.

(2) Upon presentation of proper credentials, enter and inspect any private property or place and inspect any report or records at any reasonable time when granted permission by the owner or by some other person with apparent authority to act for the owner.

(3) Issue sound variances pursuant to section 42-264 of this article.

(4) Deny sound permits or seek a revocation of a sound permit.

(5) Prepare recommendations for consideration by the city council, after publication of notice and public hearing, for establishing the boundaries of noise sensitive areas.

(6) Prepare recommendations to council to designate locations where there is public acceptance of the activity producing the sound pursuant to section 42-250(2) of this chapter.

(7) The sound source or any component thereof may be impounded pending the resolution of any violations charged under this article.

(d) The measurement of sound or noise shall be made with a sound level meter meeting the standards prescribed by the American National Standards Institute or its successor body. Measurements shall be taken so as to be in compliance with the specifications for a valid test as set out by the product manufacture. Training will be administered by the product manufacture representative or any departmental employee(s) who has attended such training.

(e) The measurements used to measure and determine violations for A-Weighted sound measurements shall use an A-weighted frequency weighting with Fast (125 millisecond) time integration, or LAF.

(f) The measurements used to measure and determine violations for permits referring to C-Weighted sound measurements shall use a C-weighted frequency weighting with Fast (125 millisecond) time integration, or LCF.
(O.14,746, 15,566, 15,853)

Sec. 42-264. Application for sound variances or type "J" permits.

(a) Any person desiring to exceed the standard conditions of any type of permit as set out in this article may apply to the community development department for a variance from such conditions.

(b) An application for a type "J" permit under section 42-258 shall be processed as a variance as set forth in this section.

(c) All applicants for such variances shall apply in writing to the community development department. The application shall be submitted at least 30 days prior to the proposed date needed for the sound permit.

(d) All variance applications shall contain the following information:

(1) The name and address of the applicant;

(2) If the application is made on behalf of an organization, the name and address of that organization;

(3) The name and phone number of a contact person;

(4) The proposed dates for which a variance is required;

(5) A description of the event and the terms and conditions of the requested variance;

(6) Information which would demonstrate that complying with the standard conditions for the permit to be issued would constitute an unreasonable or unnecessary hardship on the applicant, on the community, or on other persons.

(e) An application for a sound permit variance shall be submitted to the community development department accompanied by a nonrefundable fee as set out in the schedule of fees.

(f) Upon receipt of an application for a sound permit variance, should the community development department determine there is unreasonable or unnecessary hardship, not including economic loss, should the variance not be granted and also in the case of a type "J" permit the director of the community development department or his or her designee shall determine what property interests may be affected by the granting of a sound permit variance, including but not limited to:

(1) The occupants of surrounding residences and businesses within 200 feet of the noise source; or

(2) The owner or manager of multiple-residence structures, including hotels, within such areas.

(g) The director of the community development department shall notify such property owners or occupants as identified in subsection (f) of this section in writing and delivered by the U.S. Postal Service, ordinary mail, of the application for a sound permit variance and shall give them ten days to give written cause why the variance should not be granted.

(h) If the director of the community development department receives written statements from 25 percent or more occupants who claim to be adversely affected by allowance of the sound permit variance, the director, or the director's designee, may deny the variance. If the denial is appealed the statements shall be forwarded to the hearing officer.

(i) If the application for variance is denied by the community development department for any reason, such denial shall be made in writing and shall be sent to the applicant by regular U.S. mail. The applicant or any person claiming to be adversely affected by such decision to grant or deny a variance may appeal the determination pursuant to Chapter 3 of this Code within ten business days of the date of the decision.
(O.14,746, 14,774, 14,868, 15,566)

Sec. 42-265. Reserved.

Editor's note—Ord. No. 15,566, § 1, adopted March 20, 2017, repealed § 42-265, which pertained to scheduling of hearing on sound variances denials and revocations and derived from Ord. No. 14,746; Ord. No. 14,774.

Sec. 42-266. Denial, or revocation of a sound permit.

(a) Upon determination by the community development department director that a sound permit should be revoked, should not issue, or a renewal of a sound permit should not be issued, the community development director or designee shall give notice to the applicant or permit holder of the city's intent to revoke the permit, to deny its issuance, or deny its renewal.

(b) Notice of the city's intent to revoke, or deny the issuance or renewal of a permit and a brief summary of the factual basis for such action shall be served upon the applicant or permit holder. Such notice shall inform the applicant or permit holder of the time, date and place of a meeting where the person(s) may meet with the community development director or designee for the purpose of presenting additional information regarding the intended action and the factual basis therefore, and that a final decision on the appropriate action will be made after the scheduled time for such meeting. Such notice shall be served upon the applicant or permit holder by personal service or by service upon an employee of the business at the business address, or by regular mail addressed to the applicant or permit holder at the address as shown on the application a minimum of five business days prior to the date set for the meeting.

(c) After the scheduled meeting and after consideration of all the available information including any information provided at the meeting by the applicant or permit holder, the community development department director or designee shall make a final decision based on the considerations set out under section 42-258(g) of this Chapter and any other circumstances including the severity of any code or permit violations. The community development director or designee may revoke the permit, deny its issuance or renewal, or grant the permit, or allow its continuance. The decision shall be in writing and shall identify the basis for such action. The decision shall be promptly served in the same manner as required for the service of the notice required under subsection (b), and shall not be effective until ten days after so served. The decision shall also give notice that it may be appealed to an administrative hearing officer by filing a notice of appeal with the city clerk within ten business days of the date of the decision.

(d) The decision of the community development department director or designee pursuant to this section may be appealed by any person affected by the decision pursuant to the administrative appeal process set forth in Chapter 3 of this Code.
(O.14,746, 14,774, 15,566)

Sec. 42-267. Reserved.

Editor's note—Ord. No. 15,566, § 1, adopted March 20, 2017, repealed § 42-267, which pertained to right of appeal and derived from Ord. No. 14,746; Ord. No. 15,129.

Sec. 42-268. Penalty.

Any person who fails to perform an act required by the provisions of this article, or who commits an act prohibited by the provisions of this article, shall be guilty of a simple misdemeanor or a municipal infraction punishable by a criminal or a civil penalty as provided by section 1-15.
(O.14,746)

Secs. 42-269—42-300. Reserved.

ARTICLE V. ODOR CONTROL

Sec. 42-301. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Atmosphere means all space outside of buildings, stacks or exterior ducts.

Best available control technology (BACT) means the utilization of those technologies, processes, procedures, or operating methods or alterations by an industry or other source which results in the elimination or the maximum achievable reduction of odor pollution from an odor emission point source.

Compliance plan means an agreement between a significant odor generator and the city, which contains the following elements:

(1) An inventory of potential or identified odor emission point sources associated with the industry or source.

(2) An engineering quality plan detailing best available control technologies and appurtenances designed to eliminate or achieve the maximum reduction of odor pollution from an emission point source inclusive of but not necessarily limited to

certain processes, procedures, or operating methods intended to mitigate or control odor pollution.

(3) A detailed explanation of the specifications and operating parameters of the best available control technologies, monitoring instrumentation and equipment, and processes and procedures intended for the mitigation or control of odor pollution.

(4) A specification of the documentation that will be made available for the city's review which will verify the data produced by the monitoring equipment, and which will verify that processes and procedures are conducted consistent with the specifications in the facility's odor control study and plan.

(5) An approved schedule which states, in a time certain manner, the implementation and installation of the best available control technology, processes, procedures, operating methods, and monitoring instrumentation designed to mitigate or control odors at the facility inclusive of an approved completion date.

(6) An acknowledgment of the authority of the city and its agents to enter into the facility or its property in order to investigate complaints and to verify the facility's adherence to the compliance plan.

Emission means a release of air contaminants causing an odor into the outdoor atmosphere.

Enforcement official means the neighborhood inspection administrator for the city or his or her designee.

Nonsignificant odor generator means an industry or other source which has not been designated as a significant odor generator as defined in this section.

Odor means that which produces a response of the human sense of smell to an odorous substance.

Odor pollution means an odor emitted to the atmosphere by an industry or other source which is determined by the enforcement official to be the cause of an odor alert.

Person means an individual, partnership, copartnership, cooperative, firm, company, public or private corporation, trust, estate, joint stock company, or any other legal entity or their legal representative, agent or assign.

Significant odor generator means an industry, facility or other source which has been identified by the neighborhood inspection administrator as the cause of three odor alerts in a 90-day period inclusive of industries, facilities or sources previously found to be in compliance which, through changes in processes, technologies, growth, or from other causes, has begun to generate odors which result in three odor alerts in a 90-day period.

(C85, § 16-154; O.11,432; C91, § 16-154; O.11,662, 15,903)

Cross reference—Definitions generally, § 1-2.

Sec. 42-302. Odor pollution prohibited.

No person shall erect, continue or use any building or other place that occasions odor pollution as defined in section 42-301 of this article. The existence of such is deemed a public nuisance and an environmental violation.

(C85, § 16-155; O.11,432; C91, § 16-155; O.11,662)

Sec. 42-303. Odor hotline.

(a) An odor hotline shall be established by the city to receive all complaints relating to odor pollution.

(b) Records of such complaints shall be maintained. The records shall include names and addresses of callers, times and dates of calls and descriptions of odor nuisances.

(c) Upon receipt of ten calls or more within a six-hour period relating to a single odor description, an alert condition shall be deemed to exist. The hotline operator shall immediately inform the enforcement official of all known details regarding the odor complained of.

(d) The neighborhood inspection administrator shall provide a monthly report of all data generated to the city manager for report to the city council.
(C85, § 16-156; O.11,432; C91, § 16-156; O.11,662, 15,903)

Sec. 42-304. Reserved.

Editor's note—Ord. No. 15,849, § 1, adopted Dec. 16, 2019, repealed § 42-304, which pertained to citizen odor board and derived from Code 1985, § 16-157; Ord. No. 11,432; Code 1991, § 16-157; Ord. No. 11,662; Ord. No. 11,788; Ord. No. 13,112; Ord. No. 13,911; Ord. No. 14,481.

Sec. 42-305. Reports to city council.

(a) The city manager shall provide a report to the city council containing all data generated through the odor hotline.

(b) Reports on any enforcement action undertaken by the neighborhood inspection division shall also be included.

(c) Such report shall be made no later than the second council meeting of each month.
(C85, § 16-158; O.11,432; C91, § 16-158; O.11,662, 15,849, 15,903)

Sec. 42-306. Designation as significant odor generator.

(a) Upon a determination that an industry, facility or other source is a significant odor generator, the neighborhood inspection administrator shall notify the industry, facility or source that it has been found to be a significant odor generator. Appeal regarding such notice may be made by the industry, source or facility as provided in section 42-314 of this article.

(b) In preparation for the submission of a compliance plan, the neighborhood inspection administrator shall require that, within 30 days of such notification to an industry, facility or source, an evaluation and analysis is commenced, including pilot studies when deemed necessary by the neighborhood inspection administrator, of all its processes and potential odor emission points to determine their degree of odor generation. The industry or source shall submit such documentation as may be required by the neighborhood inspection administrator to prove the commencement of the evaluation or analysis and shall provide periodic updates as may be required by the neighborhood inspection administrator. In addition to an evaluation of the odor emission points, the final report shall provide, in engineering detail, a compliance plan utilizing the best available control technology for the mitigation and ongoing control of odor from the emission points designated and determined by the neighborhood inspection administrator. The period of time permitted for this evaluation and analysis and the date for submission of a final report shall be determined by the neighborhood inspection administrator.

(c) Upon receipt of a final report from an evaluation or analysis, the neighborhood inspection administrator shall review the document for adequacy and use of the best available odor control technology in accordance with the following:

(1) If deemed necessary by the neighborhood inspection administrator, the report may be submitted to a private consultant for review and recommendation to the neighborhood inspection administrator; the cost of the consultant's review will be borne by the subject industry, facility or source.

(2) The final report shall also include such monitoring instrumentation and equipment as needed to ensure the maximum effective operation of best available control technology and compliance with this article. The final report also shall include procedures for recordkeeping of the following:

   a. Operation and observation of the monitoring instrumentation and equipment.

   b. Operation and maintenance of the technologies, processes, procedures or operating methods or alterations utilized in or by the best available control technology.

(3) The written confirmation and acceptance of the final report by the neighborhood inspection administrator shall constitute the compliance plan.

(d) Compliance for a period of three years with the compliance plan submitted by an industry, facility or source found to be a significant odor generator shall remove such industry, facility or source from the classification as a significant odor generator.
(C91, § 16-159; O.11,662, 15,903)

Sec. 42-307. Notice by industry.

(a) Violation of this article shall not be found if the person emitting the odor notified the neighborhood inspection administrator that it is or will be involved in the startup, shutdown, cleaning, maintenance or testing of machinery or equipment:

(1) Causing the emission; or

(2) Designated to control, reduce or eliminate emissions.

If feasible for the industry, ordinary maintenance procedures shall be scheduled at such times during the year when it will cause the least odor pollution.

(b) The notice required in this section shall be given in writing, and if given by oral communication due to an emergency situation, confirmed in writing. The notice shall include the date, duration, and approximate time that the repair or maintenance shall be engaged in.

(c) Except in emergencies, this notification shall be made no later than 24 hours nor earlier than seven days prior to the scheduled repair or maintenance.

(d) The enforcement official may confirm such report by inspection of the premises.

(e) If the time requested for such action is considered unreasonably prolonged, the neighborhood inspection administrator may direct that the activity engaged in be conducted in a shorter period of time.

(f) After receipt of such notice, the neighborhood inspection administrator may, if deemed necessary, issue public service advisories that odor conditions may exist.
(C91, § 16-160; O.11,662, 15,903)

Sec. 42-308. Limitations.

(a) Nothing contained in this article shall be deemed to grant to the neighborhood inspection administrator any authority or jurisdiction with respect to odorous air contaminants existing solely within residences or solely within commercial and industrial plants, works, or shops or to affect the relations between employers and employees with respect to or arising out of any condition of air pollution, provided that such odors do not penetrate the atmosphere so as to become a public nuisance.

(b) Information received by the neighborhood inspection administrator or other city employees and agents through filed reports, inspections, or as otherwise authorized in this article that are denoted as confidential records under I.C. § 22.7(3) and (6) shall not be disclosed or opened to public inspection, except as may be necessary in a proceeding concerning a violation of this article. Nothing in this subsection shall be construed to prevent the neighborhood inspection administrator from compiling or publishing analyses or summaries relating to the general condition of the atmosphere, provided that such analyses or summaries do not reveal any information otherwise confidential under this section.
(C91, § 16-161; O.11,662, 15,903)

Sec. 42-309. Enforcement.

(a) The odor pollution control program established by this article shall be implemented, administered, and enforced by the neighborhood inspection administrator of the community development department.

(b) The sections of this article which prohibit the causing or continuing of odor pollution shall be enforced only upon the finding that a source is a significant odor generator as defined in section 42-301 of this article. Notification by the hotline operator as provided in section 42-303 of this article shall be sufficient to establish the fact of an odor alert condition regarding an odor nuisance.

(c) In addition to further implement and enforce this article, the neighborhood inspection administrator may:

(1) Conduct research, monitoring, and other studies related to odor pollution.

(2) Review public and private projects, including those subject to mandatory review or approval by other departments, for compliance with this article, if these projects are likely to cause odor pollution in violation of this article.

(3) At the time of application for a building permit for construction or expansion of an industry, facility or other source which has been determined to be a potential odor generator by the neighborhood inspection administrator, that industry, facility or source may be required to commence an evaluation and analysis of all its processes and potential odor emission points to determine their degree of potential odor generation. In addition to an evaluation of the odor emission points, a final report shall provide, in engineering detail, an odor control plan utilizing the best available control technology for the mitigation and ongoing control of odor from the emission points designated and determined as a result of their study or analysis. No building permit will be issued until such time as final report and control strategy has been submitted to, reviewed, and approved by the neighborhood inspection administrator. Upon receipt of a final report from an evaluation or analysis, the neighborhood inspection administrator shall:

a. Review the document for adequacy and use of the best available odor control technology.

b. If deemed necessary by the neighborhood inspection administrator, the report may be submitted to a private consultant for his or her review and recommendation to the neighborhood inspection administrator; the cost of the consultant's review will be borne by the subject industry, facility or source.

c. The final report shall include such monitoring instrumentation and equipment as needed to ensure the maximum effective operation of best available control technology and compliance with this article. The final report also shall include procedures for recordkeeping of the following:

1. Operation and observation of the monitoring instrumentation and equipment.

2. Operation and maintenance of the technologies, processes, procedures or operating methods or alterations utilized in or by the best available control technology.

d. The written confirmation and acceptance of the final report by the neighborhood inspection administrator shall constitute the control plan which may be modified at any time should actual operation of the industry show that the method used is insufficient or incorrect in controlling odor pollution.

(4) Upon presentation of proper credentials, enter, inspect and test any property or place regarding which complaints have been filed or which has been designated as a significant odor generator or to otherwise enforce and implement this article and inspect any reports, records, or equipment deemed necessary at any time. An administrative search warrant may be obtained as provided in section 1-19 of this Code upon failure of the owner or his or her authorized representative to permit such inspection upon request.

(d) Nonsignificant odor generator. For an industry or a source not designated as a significant odor generator, the following enforcement procedures shall apply:

(1) Upon notification of an odor alert condition by the odor hotline operator, the neighborhood inspection administrator shall:

a. Determine the location of the complaints which result in the establishment of the odor alert condition.

b. Prepare a summary of the odor descriptions contained in the establishment of the odor alert condition.

c. Determine the prevailing weather condition at the time of the alert indicating wind direction, temperature, wind velocity, humidity, and general weather conditions.

d. Visit the general area from which the majority of complaints were generated in order to characterize the nature of the complaint.

(2) Based on the parameters in subsection (d)(1) of this section, the neighborhood inspection administrator shall attempt to make a determination as to the industry or source of origin of the odor alert.

(3) If the determination is made as to the origin of the odor, the neighborhood inspection administrator shall notify the owner, operator, or manager of the facility or other responsible party that the facility has been designated as the point source or origin of the odor alert.

(4) Such notification shall contain the following:

a. The date, times, and locations of the occurrence of the odor nuisances.

b. The potential for the industry or source to be designated as a significant odor generator, and the potential for enforcement action.

(e) Significant odor generators. For an industry or a source designated as a significant odor generator, as defined in section 42-301 of this article, the following enforcement procedures shall apply:

(1) Upon notification of an odor alert condition by the odor hotline operator, the neighborhood inspection administrator shall:

a. Determine the number series of the complaints which resulted in the establishment of the odor alert condition.

b. Prepare a summary of the odor descriptions contained in the complaints, the average duration the odor was noticed and the time of day the first complaint of the alert was filed with the odor hotline.

c. Determine the prevailing weather conditions at the time of the alert including wind direction, temperature, wind velocity, humidity, and general weather conditions.

d. Visit the general area from which the majority of complaints were generated in order to characterize the nature of the complaint.

(2) Based on the parameters in subsection (e)(1) of this section, the neighborhood inspection administrator shall attempt to make a determination as to the industry or source of origin of the odor alert.

(3) If a determination is made as to the origin of the odor alert, the neighborhood inspection administrator shall notify the owner, operator, or manager of the facility or other responsible party that the facility has been designated as the point of origin of the odor alert and is in potential violation of this article.

(4) The neighborhood inspection administrator shall inspect the facility's operating log books pertaining to odor control, the instrumentation monitoring the odor control and process equipment, any processes and equipment that may relate to odor generation and control, and any other equipment and processes that are determined necessary by the neighborhood inspection administrator.

(5) The neighborhood inspection administrator shall make a determination as to whether the facility is in compliance with this article and as to whether the facility is operating within the parameters set forth in its odor abatement compliance plan.

(6) If the neighborhood inspection administrator determines that a violation of this

article exists or that an industry or facility is not operating within the parameters of its odor abatement compliance plan, he or she shall notify the facility's owner, operator, manager, or other responsible party. Negotiations shall then be entered into between the responsible party and the neighborhood inspection administrator regarding the necessary corrective action and the timeframe in which such action shall be taken, but in no way shall the industry source or facility be allowed to frustrate or delay enforcement action. If the facility fails to comply with the notice and the action agreed upon or if no agreement is reached, the neighborhood inspection administrator may commence legal action as prescribed in this article.
(C91, § 16-162; O.11,662, 11,859, 13,013, 15,903)

Sec. 42-310. Odor control permit.

(a) A significant odor generator that has operated for a period of three years, the period commencing from the date of its successful implementation of the agreed upon compliance plan without an odor violation as defined in subsection 42-309(d) of this article, shall cease to be designated as a significant odor generator.

(b) Immediately upon its change in status, an industry or source shall apply for an odor control permit which shall be issued by the neighborhood inspection administrator upon a finding that the industry or source is continuing to operate within the parameters of its compliance plan. In order to make this finding, the neighborhood inspection administrator shall make an initial inspection to determine compliance and shall inspect at least semiannually thereafter.

(c) Failure to operate within the parameters of the agreed upon compliance plan may result in suspension of the odor control permit. Continued operation of the industry or source while the odor control permit is suspended may result in its redesignation as a significant odor generator and/or the application of penalties as set forth in section 42-312 of this article.

(d) The odor control permit shall be renewed at the end of each 12-month period commencing with the date of the initial issuance. The annual fee for the odor control permit shall be $150.00. If an industry or source operates without a valid odor control permit, the application of penalties as set forth in section 42-312 of this article shall result. The neighborhood inspection administrator shall exempt from the payment of fees all public schools, municipal corporations and federal/state facilities. This does not exempt such entities from obtaining an odor control permit or from complying with this article.
(C91, § 16-163; O.11,662, 15,903)

Sec. 42-311. Suspension and revocation of permit.

(a) Any permit issued pursuant to this article may be revoked for violation of this article. No revocation shall issue except upon notice delivered to the permittee by mailing the notice in the regular mail addressed to the permittee at the address listed on the application a minimum of ten days prior to the date set for the hearing before the administrative hearing officer. Such notice shall inform the permittee of the time, date and place of the hearing; the purpose of the hearing; and shall set out the reasons therefor. If a violation of this article is of such nature that the violation is deemed to be an immediate hazard by the neighborhood inspection administrator shall be authorized to temporarily suspend the permit until notice can be given and hearing held. The hearing will be held pursuant to Chapter 3 of this Code.

(b) If, after such a hearing, administrative hearing officer makes a finding based on substantial evidence that a violation of this article did in fact occur as alleged, the neighborhood inspection administrator may suspend or revoke the permit.
(C91, § 16-164; O.11,662, 15,903)

Sec. 42-312. Penalty.

Any person who fails to perform an act required by this article or who commits an act prohibited by this article commits an environmental violation and shall be guilty of a misdemeanor punish-

able by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction, punishable by a civil penalty as provided by section 1-15 of this Code.
(C91, § 16-165; O.11,662, 15,608)

Sec. 42-313. Reserved.

Editor's note—Ord. No. 15,903, § 1, adopted June 22, 2020, repealed § 42-313, which pertained to odor appeals board and derived from Code 1991, § 16-166; Ord. No. 11,662.

Sec. 42-314. Appeals filed.

(a) An industry, facility or source aggrieved by the notice from the neighborhood inspection administrator under subsection 42-306(1) of this article that it is deemed a significant odor generator, may file an appeal, pursuant to chapter 3 of this Code within ten business days of the date of the decision.
(C91, § 16-167; O.11,662, 15,903)

Sec. 42-315. Reserved.

Editor's note—Ord. No. 15,903, § 1, adopted June 22, 2020, repealed § 42-315, which pertained to procedure for processing appeals and derived from Code 1991, § 16-168; Ord. No. 11,662.

Sec. 42-316. Reserved.

Editor's note—Ord. No. 15,903, § 1, adopted June 22, 2020, repealed § 42-316, which pertained to hearing and derived from Code 1991, § 16-169; Ord. No. 11,662.

Sec. 42-317. Effect of filing of appeal.

After an appeal is filed under this article, the neighborhood inspection administrator shall stay all proceedings under this article regarding the appeal.
(C91, § 16-170; O.11,662, 15,903)

Secs. 42-318—42-345. Reserved.

ARTICLE VI. NUISANCES

Sec. 42-346. Definitions.

The definitions found in sections 42-28, 42-451 and 42-477 shall apply to the provisions of this division, provided, however, that the following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abatement costs (or *costs of abatement*) are the reasonable costs incurred by the city in abating a nuisance. These costs may include, but are not limited to, the costs for labor, police officers, equipment used, and overhead or administrative expenses.

Boat is a craft or device designed for operation on water.

Department is any city department charged with enforcement of any section enumerated in this article.

Enclosed building is any structure having exterior walls and a roof constructed in compliance with applicable ordinances that is secured against entry.

Hearing officer is the city manager or his/her designated representative.

Inoperable and/or unsafe vehicle or boat is any motor vehicle, recreational vehicle, trailer, semitrailer, or boat that meets one or more of the following criteria:

(1) Lacks a current registration or any component part, engine or parts that render it incapable of use and/or unsafe for its intended use;

(2) With a missing, broken or shattered windshield or any exposed broken glass edges;

(3) With a missing fender, door, hood, steering wheel, trunk top, or trunk handle;

(4) That has become a habitat of rats, mice, snakes, or other vermin or insects;

(5) That is left unattended on jacks, blocks, or elevated in any other way which constitutes a threat to the public health, safety or welfare;

(6) That because of its condition or method of storage constitutes a threat to public health and safety.

Junk means all old or scrap copper, brass, lead, or any other non-ferrous metal; old rope, rags, batteries, paper, trash, rubber debris, waste, used lumber or salvaged wood; dismantled or inoperable vehicles, unsafe vehicles, machinery and appliances or parts of such vehicles, machinery or appliances; iron, steel, or other old or scrap ferrous material; old discarded glass, tinware, plastic, or old discarded household goods or hardware; cut brush, including dead or decaying plant material, except a contained compost pile or orderly stacked firewood if cut in lengths less than or equal to four feet and stored at least 18 inches above the ground surface.

Motor vehicle is a device in, upon, or by which a person or property is or may be transported or drawn upon a highway, street or waterway, with the exception of devices moved by human power or used exclusively upon stationary rails or tracks, and includes without limitation an automobile, truck, trailer, motorcycle, tractor, buggy, wagon, farm machinery, or any combination thereof.

Public real property includes the public right-of-way (the area of land, the right to possession of which is secured by the city for roadway purposes and includes the traveled portion of the public streets and alleys as well as the border area, which is all property outside the lot and property lines and inside the curb lines or traveled portion of the public streets or alleys), and all other city-owned real property and improvements thereon.

Unlicensed motor vehicle or *trailer* is any vehicle or trailer that is not displaying a current license as required by state law. For the purposes of this article a valid current license shall not include a stored vehicle license issued under state law. Mere licensing of an inoperable or unsafe motor vehicle or trailer shall not constitute a defense to the finding that the presence of any vehicle constitutes a nuisance.
(C91, § 17-2; O.13,518, 13,718, 14,319, 14,484, 15,191)

Cross reference—Definitions generally, § 1-2.

Sec. 42-347. Nuisance construed.

Whatever is injurious or dangerous to the public health, safety or welfare, including but not limited to those things or actions which are offensive to the senses, or an obstruction to the free use of property so as to unreasonably interfere with the comfortable enjoyment of life or property, or which are identified specifically as nuisances in this article, is a nuisance.
(C91, § 17-1; O.13,518, 14,010, 14,319, 15,191)

Sec. 42-348. Specifically identified nuisances.

Specifically identified nuisances include the following:

(1) Depositing any poisonous material or substance on any real property, so as to allow access to it by any animal or person.

(2) Depositing or storing of flammable junk on any real property, including but not limited to old rags, rope, cordage, rubber, boxes, and paper, unless it is in a building of fireproof construction.

(3) Depositing or storing outside a completely enclosed building items that constitute a threat to the public health, safety or welfare, including but not limited to the following: old or scrap rope, rags, batteries, paper, trash, rubber debris, tires, waste, used lumber or salvaged wood, inoperable machinery or appliances or parts of such machinery or appliances, vehicular component parts, iron, steel, old or scrap household goods or hardware, cut brush or wood including dead or decaying plant material except as contained in a compost pile or orderly stacked firewood if cut in lengths of four feet or less and stored at least 18 inches above the ground surface.

(4) Placement, storage or abandonment of refrigerators, iceboxes or similar containers equipped with an airtight door, lid with a snap, lock or other device which cannot be released from the inside, outside any building or dwelling or within any unoccupied or unsecured building, dwelling or other structure if the door or lid is not disabled.

(5) Depositing or storing of litter, garbage or organic waste on any real property; provided, however, that this article shall not prohibit the storage of litter, garbage or organic waste in authorized private receptacles for collection.

(6) Any tree, shrub, wood or debris which is:

a. Infected with Dutch elm disease, oak wilt, or any disease that is a threat to the entire urban forest; or

b. Infested with emerald ash borer or Asian longhorned beetle or any insect that is a threat to the entire urban forest; or

c. Dead or damaged so as to constitute a threat to the public health, safety or welfare.

(7) Any tree, shrub, or any other plant whose foliage extends over the city right-of-way in violation of section 114-14 or 122-10 of this Code.

(8) Graffiti as is defined in division 2 of article VI of chapter 70 of this Code. Owners of property on which such graffiti is present shall be responsible and liable for the removal of such graffiti pursuant to section 42-352.

(9) Any motor vehicle, trailer or boat that is unlicensed, unsafe or inoperable found upon public or private real property, and the contents therein, which is not stored within an enclosed building. This article shall not apply to legitimate businesses operating in a lawful place and manner provided, however, that such outside areas are screened from public view and do not constitute a threat to the public health, safety or welfare.

(10) Obstructing or encroaching by motor vehicles or otherwise upon any public or private road, street, highway, or right-of-way which causes traffic or pedestrians to cross the marked centerline or leave the usual traveled portion of the roadway, right-of-way or sidewalk to travel around the obstruction or encroachment. This article shall not apply to emergency vehicles and official government or utility vehicles in the performance of their duties nor to other vehicles while legally maneuvering into position or momentarily engaged in receiving or discharging passengers, loading or unloading of merchandise, in obedience to traffic regulations, signs or signals, in an involuntary stopping of the vehicle by reason of causes beyond the control of the operator, or as otherwise authorized in writing by the city.

(11) Businesses, the operation or maintenance of which adversely impacts nearby residential or commercial uses and which:

a. Jeopardizes or endangers the public health or safety, or the health or safety of persons residing or working on the premises or in the surrounding area;

b. Has resulted in or facilitated any of the following activities: disturbances of the peace, illegal drug activity including sales or possession thereof, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, sale of stolen goods, public urination, theft, assaults, batteries, acts of vandalism, excessive littering, illegal parking, excessive noise (particularly between the hours of 11:00 p.m. and 7:00 a.m.), noxious smells or fumes, traffic violations, or police detention, citations or arrests; or

c. Violates any other section of this article or any other city, state or federal regulation, ordinance or statute.

(12) Abandonment or allowing the abandonment of property in or upon any public real property. Personal property left in or upon public real property, including but not limited to any personal and household items, furniture, appliances, machinery, equipment, building materials, or other items, shall be deemed abandoned.

(13) Erecting or using any building or place for the exercise of any trade, employment, or manufacture, which by occasioning noxious exhalations, offensive smells, or other annoyances that constitute a threat to the public health, safety or welfare.

(14) Emitting dense smoke, noxious fumes, or fly ash.

(15) Causing or allowing any offal, filth, or noisome substance to be collected or to remain in any place.

(16) Discharging sewage, garbage, or any other organic waste matter into or on any public or private real property.

(17) Transporting garbage, night soil, or other organic filth in vehicles or containers which leak or which allow access by insects to the material being transported.

(18) Except as permitted or authorized in writing by the city, obstructing, encroaching upon, or encumbering by fences, buildings, trees, shrubs, or otherwise any public real property, road, private way, street, alley, traffic control device, streetlight, common, landing place, or burying ground.

(19) Obstructing or impeding, without legal authority, the passage of any navigable river, marina, or collection or body of water.

(20) Corrupting or rendering unwholesome or impure the water of any river, stream, lake or pond, or other body of water, or unlawfully diverting such water.

(21) Billboards, signboards, and advertising signs, whether erected and constructed on public or private real property, which so obstruct or impair the view of any portion or part of a public street, avenue, highway, boulevard, or alley or of a railroad or railway track as to render dangerous the use thereof.

(22) Any sign or sign structure which is structurally unsafe or which constitutes a hazard to the public health, safety or welfare because of its location, inadequate maintenance or dilapidation or which is not kept in good repair or which is capable of causing an electric shock to persons likely to come in contact with it.

(23) Any sign, sign structure, vehicle or any other property or structure which obstructs free ingress to or egress from a door, window, fire escape, or any other entrance or exit required by this Code or any other law.

(24) Signs accessible to the general public containing obscene statements, words, or pictures. As used in this subsection, the term "obscene" means and includes any depiction or description of genitals, sex acts, masturbation, excretory functions, or sadomasochistic abuse which the average person, taking the material as a whole and applying contemporary community standards with respect to what is suitable material for minors, would find appeals to the prurient interest and is patently offensive, and the material, taken as a whole, lacks serious literary, scientific, political, or artistic value.

(25) Depositing or permitting to be deposited dirt, debris, or other material:

a. Onto public real property, except as part of a city project or city function or as otherwise permitted or authorized in writing by the city;

b. Into a private storm sewer or drainage way in an amount which could obstruct the flow of water in a public storm sewer or drainage way located upstream from such private storm sewer or drainage way; or

c. Onto public or private real property so as to obstruct or divert the natural flow of surface water causing or threatening to cause damage to a building or its contents on adjoining property.

(26) Any discharge, directly or indirectly, of waters which collect upon private real property from subsurface or surface drainage, including but not limited to that from building footing drains:

a. To a point upon or so adjacent to a public sidewalk or street as to permit the waters so discharged to drain upon a public sidewalk or street during other than periods of community emergency generated by extraordinary high levels of precipitation; or

b. Onto adjoining real property causing or threatening to cause damage to any building, its contents, any structure, or any other thing of value on such adjoining real estate. The city engineer may require that any such discharge be connected to the public sewer system, if available, or be redirected to a discharge point which eliminates or lessens the nuisance.

(27) The discharge of water upon or under a public street or sidewalk because of faulty water service.

(28) Any object or structure that may be erected within 1,000 feet of the limits of any municipal or regularly established airport or landing place which may endanger or obstruct aerial navigation, including takeoff and landing, unless such object or structure constitutes a proper use or enjoyment of the land on which the object or structure is located.

(29) The existence of any hazardous substance, as defined in section 46-92 of this Code, that has been or is being discharged or released into the environment or that is not properly stored or labeled or that is not secured from access by the public.

(30) Failure to maintain the border area as provided in section 102-21 of this Code.

(C91, § 17-1.01; O.13,518, 13,558, 13,587, 13,718, 13,758, 14,010, 14,319, 15,191, 15,588, 15,648, 16,479)

Sec. 42-349. Reserved.

Editor's note—Ord. No. 15,191, § 1, adopted June 10, 2013, repealed § 42-349 which pertained to enumeration of nuisances subject to enforcement by civil action and derived from Code 1991, § 17-1.02; Ord. No. 13,518; Code 2000, § 42-349; Ord. No. 14,319; Ord. No. 14,484.

Sec. 42-350. Reserved.

Editor's note—Ord. No. 15,191, § 1, adopted June 10, 2013, repealed § 42-350 which pertained to emergency actions and derived from Code 1991, § 17-1.03; Ord. No. 13,518; Code 2000, § 42-350; Ord. No. 14,319.

Sec. 42-351. Action to abate.

Except as provided in section 42-351.01, if a department determines that a nuisance exists, such nuisance may be abated and enforced against by notice as set forth in this article, and pursuant to:

(1) A civil action brought by ordinary proceedings, with damages sustained on account thereof, the costs of abatement and civil penalties to be recovered as a personal and/or in rem judgment;

(2) The administrative hearings described in this article, with damages and/or the cost of abatement sustained on account thereof to be recovered as an assessment to be placed against the real property and collected in the same manner as a property tax; or

(3) Any other action authorized by law to protect the public health, safety or welfare, including, but not limited to, injunctive relief.

(O.15,191, 15,648)

Editor's note—Prior to reenactment by Ord. No. 15,191, Ord. No. 13,718 originally repealed § 42-351 which pertained to abandoned property and derived from Code 1991, § 17-1.04 and Ord. No. 13,518.

Sec. 42-351.01. Abatement of graffiti on city property.

Any department of the city may remove or otherwise abate graffiti as defined in division 2 of article VI of chapter 70 of this Code on property that is owned, leased, maintained or operated by the city at any time, for any reason, without providing notice, including notices

required by section 42-358. The requirements of sections 42-351 and 42- 358.02 do not apply to the abatement or removal of graffiti on property that is owned, leased, maintained or operated by the city.
(O.15,648)

Sec. 42-351.02. Abatement of graffiti on private property located within city property and right-of-way.

Any department of the city may remove or otherwise abate graffiti on any utility poles and cabinets, or other utility structures, or any private property, located on any property owned, leased, maintained or operated by the city, including within the public right-of-way, without providing notice, including notices required by section 42-358. The requirements of sections 42-351 and 42-358.02 do not apply to such abatement or removal of graffiti. Reasonable care shall be taken to avoid damage to such private property. In the event of abatements performed by the city under this section, the expense of such abatement shall be borne by the city.
(O.15,648)

Sec. 42-352. Liability.

The owners, agents, contract buyers, tenants, or lessees of all residential dwellings, commercial establishments, or real property upon which a violation of this article is found shall be jointly and severally responsible for compliance with this article and jointly and severally liable for any damages or costs incurred and assessed or awarded under this article.
(C91, § 17-2.01; O.13,518, 14,010, 15,191)

Sec. 42-353. Rebuttable presumption.

In any proceeding charging a violation of this article, proof that the particular violation described constitutes a violation of this article, together with proof that the particular named violator was the owner, agent, tenant, or lessee of the residential dwelling, commercial establishment or real property upon which the violation occurred, shall be deemed to create a rebuttable presumption that such violator was the party violating this article. As to property abandoned in the public real property, it is presumed that the abandoned property was placed there by or with the consent of the owner, agent, tenant or lessee of the abutting property.
(C91, § 17-2.02; O.13,518, 13,718, 15,191)

Sec. 42-354. Habitual violators.

Any person who is found to have violated this article three or more times within a 36-month period, at any address in the city, shall be deemed to be a habitual violator.
(C91, § 17-2.03; O.13,518, 13,900, 15,191)

Sec. 42-355. Powers of department.

Department employees designated by the department director may enter onto and into open unobstructed property and structures to investigate, locate, and identify nuisances that occur in the city. Designated department employees shall have full authority to declare a condition to be a nuisance and issue appropriate notices provided for by this article and such designated employees may take such further action as required and permitted by this article. Designated department employees shall have all powers and authority necessary to cause the abatement of the nuisance in accordance with this article. If entry onto real property for the purposes described in this section is refused, an administrative search warrant may be obtained as provided in section 1-19 of this Code.
(C91, § 17-3; O.13,518, 14,319, 15,191)

Sec. 42-356. Reserved.

Editor's note—Ord. No. 15,191, § 1, adopted June 10, 2013, repealed § 42-356 which pertained to search warrant and derived from Code 1991, § 17-3.01; Ord. No. 13,518.

Sec. 42-357. Interference prohibited.

Interference with the lawful removal of a nuisance by the city is prohibited.
(C91, § 17-3.02; O.13,518)

Sec. 42-358. Notices.

(a) Notice to abate a nuisance shall be given prior to city action to abate a nuisance, except that in the event of an emergency, such notice as is practical under the circumstances, if any is practical, shall be given; provided, however, that nothing herein shall require notice in an emergency if impractical. If notice to abate a nuisance is given pursuant to this article, said notice shall contain the following information:

(1) A description, to the extent possible, of the conditions that constitute the nuisance;

(2) A description of the location of the nuisance;

(3) A statement that the person liable for the presence of the nuisance must correct the nuisance within the reasonable time set forth in the notice and in accordance with this article; and

(4) A statement that upon failure to comply with this article within the time set forth in the notice, the person so notified of the violation shall be deemed liable for the nuisance, and that the city may enter onto the real property and cause the conditions which constitute the nuisance to be abated and assess the costs of abatement against the real property for collection in the same manner as a property tax, following administrative hearing if requested or court action as applicable.

(5) If the department elects to follow the administrative hearing procedure set forth in this article, the notice shall also contain a statement that the person notified, or the person's duly authorized agent as identified in a notarized statement provided by the person notified, may file a written request for an administrative hearing as set forth in section 42-358.02(b) of this article.

(6) For nuisances set forth in sections 42-348(2), 42-348(3), 42-348(4), 42-348(5), 42-348(9) and 42-348(12), the notice shall also contain a statement that any other violation of these sections found on the property at the time of a city cleanup will be removed without further notice.

(b) Notice of costs of abatement shall be given prior to city assessment of such costs. If notice of costs of abatement is given following administrative hearing procedure or emergency action pursuant to this article, said notice shall contain the following information:

(1) A description, to the extent possible, of the conditions that constituted the nuisance;

(2) A description of the location of the nuisance;

(3) A description, to the extent possible, of the abatement actions taken by the city;

(4) A copy of the invoice or other documentation of costs incurred by the city in abating the nuisance; and

(5) A statement that upon failure to make full payment as directed in the notice within the time set forth in the notice, the city may assess the costs of abatement against the real property for collection in the same manner as a property tax, following administrative hearing if requested.

(6) A statement that the person notified, or the person's duly authorized agent as identified in a notarized statement provided by the person notified, may file a written request for an administrative hearing on costs of abatement only, as set forth in section 42-358.02(b) of this article.

(C91, § 17-4; O.13,518, 13,900, 14,319, 15,191, 15,894, 15,965, 16,075)

Sec. 42-358.01. Service of notice.

Notices given pursuant to this article shall be served by certified mail and regular mail, postage prepaid, to all persons deemed responsible for the violation, and to all other parties required by law or by departmental policy or procedure to receive such notices, at their last known mailing addresses as shown by the records of the county auditor, and if deemed appropriate by the depart-

ment director or his/her designee, also at their last known mailing addresses as shown by any other available public record. In addition to and concurrently with mailing, notice may be delivered by a peace officer, process server, or any other method deemed appropriate. Failed attempts to locate the person responsible for the violation shall be documented by the department. (O.15,191)

Sec. 42-358.02. Administrative hearings.

(a) Recipients of notices pursuant to this article are not entitled to administrative hearings, and administrative hearings shall not be held, if the department elects to solely bring civil action to abate the nuisance and collect costs for abatement rather than to follow the administrative hearing procedure, as stated in the notice.

(b) Recipients of notices pursuant to this article for which the department elects to follow the administrative hearing procedure, as stated in the notice, may request an administrative hearing as follows:

(1) Requests shall be made in writing, and either hand-delivered to the city clerk no later than seven calendar days from the date of the notice, or sent to the city clerk via regular mail postmarked by official U.S. postal service cancellation and not by postage meter no later than seven calendar days from the date of the notice.

(2) Each request for hearing shall contain the name, address, electronic mail (e-mail) address, and daytime telephone number of any person requesting a hearing and of any attorney and/or agent duly authorized by the person who has received the notice to represent him/her at the hearing.

(3) Each request for hearing shall set out the requester's basis for the appeal.

(4) Failure to request a hearing within seven calendar days from the date of the notice shall be deemed a waiver of the right to contest the validity of the determination of nuisance and/or determination of costs stated in the notice, as applicable. The information set forth in the notice will be deemed to be valid and abatement and/or assessment of abatement costs will proceed as indicated in the notice.

(c) All administrative hearings requested in compliance with this section shall proceed as follows:

(1) Shall be scheduled by the city clerk to occur as soon as practical following the date of the notice.

(2) Shall be held before a hearing officer and be conducted informally. The department and the person in receipt of the notice may be represented by counsel or duly authorized agent, and examine witnesses, and present evidence.

(3) The person requesting the hearing shall be notified in writing by regular mail or by electronic mail (e-mail), or by phone of the date and time for the hearing at least three business days in advance thereof.

(4) For hearings following notice to abate a nuisance, the hearing officer shall either find that a nuisance exists, or void or reverse the notice. If the hearing officer finds that a nuisance exists and evidence of plans for abatement are presented at the hearing by the recipient of the notice, the hearing officer may grant additional reasonable time for the abatement of the nuisance by the recipient of the notice prior to city abatement of the nuisance.

(5) For hearings following notice of costs of abatement, the hearing officer shall either uphold the amount billed, reduce the amount billed, or waive the costs, and shall not determine any other issue relating to the nuisance abatement including but not limited to any issue that may have been raised at a hearing following notice to abate a nuisance. Any costs not waived by the hearing officer may be assessed against the real property for collection in the same manner as a property tax.

(6) If an owner(s) or their representative fails to appear at the hearing, they shall be considered to be in default and the requested relief shall not be granted.

(d) The determination of the hearing officer shall be in writing, including findings of fact, and is the final administrative decision of the city.

(1) Any party aggrieved by the determination of the hearing officer pursuant to this article may challenge whether the officer exceeded proper jurisdiction or otherwise acted illegally by commencing a certiorari action in the district court for Polk County, Iowa. The petition to initiate a certiorari action must be filed within 30 days after the entry of the final determination unless an extension of time is allowed by the reviewing court pursuant to Division XIV of the Iowa Rules of Civil Procedure. The city manager is hereby authorized to initiate a certiorari on behalf of the city when the city manager, in consultation with the city attorney, deems it necessary and appropriate.

(2) The filing of an action in the district court challenging the determination of the hearing officer does not automatically stop the city from taking action pursuant to such determination. Unless the city has been served with an order from the district court directing otherwise, the city may proceed with enforcement of a determination.

(e) Request for an administrative hearing does not stay an action by the city for alternative relief as allowed by law.
(O.15,191, 15,894)

Sec. 42-359. Nuisances enforced by civil action.

Notices pursuant to this article for which the department elects to proceed by civil action shall be served in the manner set forth in section 42-358.01 of this Code, and shall contain all information set forth in section 42-358(a) of this Code as well as a statement that the city may file a civil action and seek a court order relating to the existence, abatement, and recovery of abatement costs of the nuisance.
(C91, § 17-4.01; O.13,518, 14,319, 15,191)

Sec. 42-360. Emergency actions.

(a) If the department determines that a nuisance exists which constitutes an emergency requiring immediate abatement, the city may perform any emergency action necessary to abate the nuisance without prior notice or abatement hearing.

(b) If the chief of police, or their designee, determines that graffiti on private real property constitutes an emergency requiring immediate abatement, the city may perform any emergency action necessary to abate the nuisance without prior notice or abatement hearing. In the event of abatements performed by the city under this subsection, the expense of such abatement shall be borne by the city.
(C91, § 17-4.02; O.13,518, 14,319, 15,191, 15,648, 16,472)

Sec. 42-361. Abandoned property within public real property.

(a) Property left in or upon public real property, including but not limited to any personal and household items, furniture, appliances, machinery, equipment, building materials or other items, shall be deemed abandoned and is hereby declared a nuisance. Property left in or on public real property as a result of an eviction or a forcible entry and detainer action shall be deemed abandoned and is hereby declared a nuisance.

(b) The abutting property owner is required to maintain all property outside their lot lines and property lines and inside the curb lines or the traveled street surfaces. Any items which create an obstruction of the public right-of-way or sidewalk, and any items within the traveled portion of the public right-of-way or sidewalk, and items which remain on the untraveled portion of public right-of-way or any untraveled road or alley for a period of 48 hours, shall be deemed abandoned and to constitute a nuisance subject to removal from the real property by the city with or without notice.

(c) The department may abate the nuisance and remove abandoned personal property from public real property and assess costs thereof by administrative hearing process or court action, as determined by the department director or his/her designee. In the alternative, the department may remove the personal property from the public real property and dispose of or use the personal property in any manner that the department so chooses, without notice or assessment of costs.

(d) It shall not be a defense to this article that the public works department of the city has been contacted for a bulk waste pick up, if the items were placed on the curb or right-of-way prior to the pick up date assigned by the public works department.

(C91, § 17-4.03; O.13,518, 13,718, 14,010, 15,191)

Sec. 42-362. Notice of violations—Administrative penalties and appeal to director.

(a) If the public works department determines that a violation of section 42-348(25) or section 42-348(26) has been committed, the public works deputy director is authorized to issue a notice of violation imposing an administrative penalty upon any person who commits an act or fails to perform an act causing such nuisance.

(b) The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to and served upon the violator. Service of the notice may be by regular mail or delivery in person. Penalties shall be paid in full within 30 days of the issuance of the notice.

(d) Such notice shall include:

(1) A statement that the violator has a right to appeal regarding the violation; and

(2) A statement that the violator may file a written request for hearing with the public works director or his or her authorized representative. The appeal must be made within 30 days of issuance of the notice and identify the notice of violation appealed from, state the basis for the appeal, and the violator's name, mailing address, email address, and daytime telephone number. The public works director or his authorized representative will review the appeal on the basis of the record and will notify the violator by mail, telephone or email of the decision as promptly as is reasonably possible. The appeal shall stay payment of the administrative penalty until the appeal is decided. If issuance of the notice of violator is upheld, the violator shall have 30 days from issuance of the appeal decision to pay the administrative penalty.

(e) Penalties assessed pursuant to notice of violation shall be paid by the violator in full as directed in the notice within 30 days of its issuance. Corrective action as required pursuant to notice of violation shall be completed by the violator as directed in the notice within 30 days of its issuance.

(f) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the action to abate provided for in sections 42-351, unless the violator refuses to correct the violation and pay the scheduled administrative penalty, or the director determines that immediate prosecution pursuant to abatement, misdemeanor or municipal infraction prosecution pursuant to sections 42-351 and 42-364, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this article. The public works department shall maintain a record of all administrative penalties charged or other enforcement actions taken.

(O.15,877)

Editor's note—Prior to reenactment by Ord. No. 15,877, § 1, adopted March 20, 2020, Ord. No. 15,191, § 1, adopted June 10, 2013, repealed § 42-362 which pertained to hearings to contest notice of violation and derived from Code 1991, § 17-4.04; Ord. No. 13,518; Ord. No. 13,718; Code 2000, § 42-362; Ord. No. 14,319.

Sec. 42-363. Administrative hearings for administrative penalties.

Recipients of notice of violation imposing an administrative penalty pursuant to section 42-362

whose appeal pursuant to section 42-362(d) is denied by the public works director, or his or her designee, may request an administrative hearing in writing, which is either hand-delivered to

the city clerk no later than seven calendar days from the date of the decision, or sent to the city clerk via regular mail postmarked by official U.S. postal service cancellation and not by postage meter no later than seven calendar days from the date of the decision. Such request for hearing shall be made pursuant to section 42-358.02(b). The conduct of such administrative hearing shall be as set forth in sections 42-358.02(c), (d) and (e). If the recipient of the notice of violation chooses to have an agent duly authorized by the recipient to file a request for an administrative hearing and/or to represent him/her at the hearing, such agent must be identified in a notarized statement filed with the request for administrative hearing.
(O.15,877)

Editor's note—Prior to reenactment by Ord. No. 15,877, § 1, adopted March 20, 2020, Ord. No. 15,191, § 1, adopted June 10, 2013, repealed § 42-363 which pertained to hearings regarding cost of abatement and derived from Code 1991, § 17-5; Ord. No. 13,518; Ord. No. 13,718; Ord. No. 13,648; Ord. No. 13,718, and from Code 2000, § 42-363; Ord. No. 13,900; Ord. No. 13,941; Ord. No. 13,993; Ord. No. 14,319.

Sec. 42-364. Civil actions; alternative relief.

(a) Any person who fails to perform an act required by this article or who commits an act prohibited by this article shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(b) Proceeding with the administrative hearing, civil action, or emergency action as authorized in this article does not preclude the city from seeking alternative relief from a court in the same action or as a separate action, including but not limited to an order for abatement or injunctive relief.

(c) In addition to other remedies set forth in this article, when it is determined by the department that a nuisance exists and/or that a person is a habitual violator, the city may file a civil action in the district court seeking an order enjoining the person from further violation of this article on real property owned or controlled by such person or real property where such person acts as an agent, tenant, or lessee of any residential dwelling, commercial establishment and/or real property within the city. The city may further request that upon entry of the injunction the court allow the city to abate further violations without notice and/or seek an order of contempt.
(C91, § 17-6; O.13,518, 13,648, 15,191)

Secs. 42-365—42-390. Reserved.

ARTICLE VII. LITTERING*

Sec. 42-391. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Aircraft means any contrivance known or invented that is used or designated for navigation or for flight in the air. The term "aircraft" shall include helicopters and lighter-than-air dirigibles and balloons.

Authorized private receptacle means such a litter collection and storage receptacle as required and authorized in division 2 of article II of chapter 98 of this Code.

Handbill means any printed or written matter, any sample or device, dodger, circular, leaflet, pamphlet, newspaper, magazine, paper booklet, or any other printed or otherwise reproduced original or copies of any literature.

Litter means any decomposable or nondecomposable solid or other waste material.

Newspaper means any newspaper of general circulation as defined by general law, any newspaper duly entered with the United States Postal Service in accordance with federal statute or regulation, and any newspaper filed and recorded with any recording officer as provided by general law and, in addition thereto, means and includes any periodical or current magazine regularly published with not less than four issues per year, and sold to the public.

Vehicle means every device in, upon, or by which any person or property is or may be

*__Cross reference—__Solid waste, ch. 98.

transported or drawn upon a highway, including devices used exclusively upon stationary rails or tracks.
(C54, § 3A-1; O.6164; C62, § 3A-1; O.8463; C75, C79, C91, § 16-65)

Cross reference—Definitions generally, § 1-2.

Sec. 42-392. Depositing in public and private places.

No person shall throw or deposit litter in or upon any stream or body of water, street, sidewalk or public park, cemetery or other public place or upon private property within the city except in public receptacles or in authorized private receptacles for collection, in such a manner so as to prevent litter properly placed in the receptacle from being scattered or being carried or deposited by the elements or animals outside of such receptacle.
(C54, § 3A-2; O.6164; C62, § 3A-2; O.8463; C75, C79, C91, § 16-66)

Sec. 42-393. Construction of receptacles to prevent scattering.

Public receptacles or authorized private receptacles shall be located in a sufficient number of appropriate places throughout the city for the deposit and collection of litter, and such receptacles shall be constructed, maintained and cleaned in such a manner as to prevent litter properly placed in them from being scattered or being carried or deposited by the elements or animals outside of such receptacle.
(C54, § 3A-3; O.6164; C62, § 3A-3; O.8463; C75, C79, C91, § 16-67)

Sec. 42-394. Sweeping into gutters.

No person, including but not limited to a person owning or occupying a place of business, shall sweep into or deposit in any manner in any gutter, street, or other public place within the city the accumulation of litter from any building or lot or from any public or private sidewalk, parking lot or driveway. Persons, including but not limited to persons owning and occupying places of business within the city, shall keep the sidewalks and parking in front of their premises free of litter.
(C54, § 3A-4; O.6164; C62, § 3A-4; O.8463; C75, C79, C91, § 16-68)

Sec. 42-395. Vehicle loads.

No person shall move any vehicle within the city unless such vehicle is so constructed or loaded as to prevent any load, contents or litter from being blown or deposited upon any street, alley or other public place. If any person shall move any vehicle within the city, the wheels or tires of which carry onto or deposit in any public place mud, dirt, sticky substances, litter or foreign matter of any kind, such person shall remove such matter the same day.
(C54, § 3A-5; O.6164; C62, § 3A-5; O.8463; C75, C91, § 16-69)

Cross reference—Traffic and vehicles, ch. 114.

Sec. 42-396. Throwing or distributing handbills.

No person shall throw or deposit or cause to be thrown or deposited any handbill in or upon any sidewalk, street or other public place within the city.
(C54, § 3A-7; O.6164; C62, § 3A-7; O.8463; C75, C79, § 16-71; O.10,672; C91, § 16-71(a))

Cross reference—Advertising, ch. 6.

Sec. 42-397. Posting notices.

No person shall post or affix any notice, poster, or other paper or device, calculated to attract the attention of the public, to any lamp post, public utility pole, or shade tree in the public right-of-way, or upon any public property, or public structure or building, except as may be authorized or required by law.
(C54, § 3A-12; O.6164; C62, § 3A-12; O.8463; C62, § 3A-8; C75, C79, C91, § 16-72; O.13,783)

Sec. 42-398. Placing handbills on vehicles.

No person shall place any handbill in or upon any vehicle not owned or controlled by such person.
(C54, § 3A-8; O.6164; C62, § 3A-8; O.8463; C62, § 3A-9; C75, C79, C91, § 16-73)

Cross references—Advertising, ch. 6; traffic and vehicles, ch. 114.

Sec. 42-399. Depositing handbills on vacant premises.

No person shall throw or deposit any handbill in or upon any private premises, whether owned by such person or not, which are temporarily or continuously uninhabited or vacant. Nothing provided in this section shall prevent the owner or person in control of such property from properly and securely storing such materials thereon.
(C54, § 3A-9; O.6164; C62, § 3A-9; O.8463; C62, § 3A-10; C75, C79, C91, § 16-74)

Sec. 42-400. Distributing handbills and newspapers at private premises.

(a) No person shall throw, deposit, or distribute any handbill or newspaper in or upon private premises which are inhabited unless:

(1) Any such handbills or newspapers are wrapped, bound or secured in such a manner as to prevent them from being carried or deposited by the elements upon public or private property; and

(2) Any such handbills or newspapers are placed at any of the following locations or in any of the following manners:

a. Anywhere on the private premises with the express consent of the owner or occupant;

b. At the front door step;

c. Hung or placed on the front door knob or handle;

d. Hung on a hook placed for the purpose of receiving handbills or newspapers;

e. Placed in a secondary mailbox or other reception device intended for handbills or newspapers and not the U.S. mail; or

f. By handing directly to a person present in or upon such private premises.

(b) (1) No person shall throw, deposit, or distribute any handbill or newspaper in or upon private premises when the owner or occupant specifically requests in writing no handbill or newspaper delivery by any means be made to his or her premises, and such writing has been provided to the publisher and/or distributor of such handbill or newspaper.

(2) A publisher of a newspaper or handbill may, at its own expense, conduct an annual mail and/or direct delivery survey of occupants of residences without curbside mailboxes. If such a survey is conducted; and

a. a survey card is mailed or delivered to each such residence annually; and

b. the survey card clearly states the occupant's right to refuse delivery of the publisher's publication; and

c. the survey card clearly states the occupant's right to immediately stop delivery of the publisher's publication; and

d. the survey card is preaddressed to the publisher, with postage prepaid or guaranteed,

then unless the occupant has previously requested no delivery under subsection (b)(1) above, the publisher may assume express consent exists to deliver the newspaper or handbill in the private driveway of occupants who do not return the survey card which states the occupant's desire to discontinue delivery of the publication.

(c) This section shall not apply to the distribution of mail by the United States Postal Service.
(C54, § 3A-10; O.6164; C62, § 3A-10; O.8463; C62, § 3A-11; C75, C79, C91, § 16-75; O.13,980)

Sec. 42-401. Dropping from aircraft.

No person in an aircraft shall throw out, drop, or deposit within the city any litter, handbill, or any other object, provided that the city council may waive the terms of this section upon application.
(C54, § 3A-11; O.6164; C62, § 3A-11; O.8463; C62, § 3A-12; C75, C79, § 16-76; O.9824; C91, § 16-76)

Cross reference—Aviation, ch. 22.

Sec. 42-402. Responsibility to maintain premises free of litter.

The owner or person in control of any private property shall at all times maintain the premises free of litter; provided, however, that this section shall not prohibit the storage of litter in authorized private receptacles for collection.
(C54, § 3A-14; O.6164; C62, § 3A-14; O.8463; C62, § 3A-13; C75, C79, C91, § 16-77)

Sec. 42-403. Clearing of private property by city.

(a) *Notice to remove.* The environmental health officer is authorized and empowered to notify the owner of any open or vacant private property within the city or the agent of such owner to properly dispose of litter located on such owner's property which is dangerous to public health, safety, or welfare. Such notice shall be by certified mail addressed to the owner at his or her last known address.

(b) *Action upon noncompliance.* Upon the failure, neglect or refusal of any owner or agent so notified to properly dispose of litter dangerous to the public health, safety, or welfare within a time set by the environmental health officer or his or her designee, after receipt of written notice provided for in subsection (a) of this section or within this set time after the date of such notice, if the notice is returned to the city post office department because of inability to make delivery thereof, provided the notice was properly addressed to the last known address of such owner or agent, the environmental health officer is authorized and empowered to pay for the disposing of such litter or to order its disposal by the city.

(c) *Assessment of costs.* When the city has effected the removal of litter from private property or has paid for its removal, the actual cost of removal of such litter shall be paid by the owner of the property and shall be assessed against such property and collected as set forth in sections 102-131 to 102-136 of this Code, in the same manner as provided for the removal of snow and ice from sidewalks.
(C54, § 3A-15; O.6164; C62, § 3A-15; O.8463; C62, § 3A-14; C75, C79, § 16-78; O.9835; C85, § 16-78; O.11,048; C91, § 16-78; O.13,013)

Sec. 42-404. Evidence of violation.

Whenever litter is thrown, deposited, dropped, or dumped from any vehicle, boat, aircraft, or other private conveyance not carrying passengers for hire, it shall be prima facie evidence that the operator of the conveyance shall have violated this article.
(C62, § 3A-15; O.8463; C75, C79, C91, § 16-79)

Sec. 42-405. Enforcement.

All law enforcement agencies, officers, and officials of the city or of any agency licensed by such officers or agencies or any official of any organization established by this city are authorized, empowered and directed to enforce compliance with this article. In addition, the city council is authorized to appoint or direct the establishment or deputization of organizations or individuals to enforce this article, and any person observing a violation of this article may initiate prosecution therefor through appropriate legal officers.
(C62, § 3A-16; O.8463; C75, C79, C91, § 16-80)

Sec. 42-406. Penalty.

Any person who fails to perform an act required by this article or who commits an act prohibited by this article shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C54, § 3A-16; O.6164; C62, § 3A-16; O.8463; C62, § 3A-17; C75, C79, C85, § 16-81; O.11,030; C91, § 16-81; O.15,608)

Sec. 42-407. Legally authorized disposal.

Nothing contained in this article shall be construed to apply to legally designated places used for the authorized disposal of litter.
(C62, § 3A-18; O.8463; C75, C79, C91, § 16-82)

Secs. 42-408—42-425. Reserved.

ARTICLE VIII. SNOW DISPOSAL*

Sec. 42-426. Illegal dumping.

No person shall throw, deposit, place, drop or spill snow being hauled upon the streets, sidewalks, or other public rights-of-way.
(O.16,175)

Sec. 42-427. Civil violations and penalties.

Any person who violates or resists the enforcement of any of the provisions of this article shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(O.16,175)

Secs. 42-428—42-450. Reserved.

ARTICLE IX. USE AND MAINTENANCE OF DRAINAGE FACILITIES

DIVISION 1. ILLICIT DISCHARGES INTO THE MUNICIPAL SEPARATE STORM SEWER SYSTEM OR WATERS OF THE STATE

Sec. 42-451. Definitions.

The definitions found in sections 42-28 and 42-477 shall apply to the provisions of this division, provided, however, that the following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Best management practices (BMP) means schedules of activities, prohibition of practices, maintenance procedures, structural controls, source area controls, treatment requirements, operating procedures, outdoor storage containment and other management practices to prevent or reduce pollutants in runoff entering waters of the state.

Department means the city department of public works.

Discharge means the release of water and any elements, compounds, and particles contained within or upon, from property owned or controlled by an individual, individuals, or entity and where the release originates on said property.

Groundwater means a water of the state which occurs beneath the surface of the earth in a saturated geological formation of rock or soil.

Illicit connection means any connection to the MS4 that is not composed entirely of stormwater and is not authorized by a separate NPDES permit or included in an approved SWPPP.

Illicit discharge means any discharge to a MS4 that is not composed entirely of stormwater, except for discharges authorized by a NPDES permit or any other discharge not requiring a NPDES permit such as water line flushings, landscape irrigation, fire fighting, and similar discharges.

Prohibited non-stormwater means stormwater containing any measurable pollutants, unless authorized by a NPDES permit.

Stormwater means water runoff from precipitation, including snowmelt runoff.

Water pollution means the contamination or alteration of the physical, chemical, biological or radiological integrity of any water of the state or the MS4 by a source resulting in whole or in part from the activities of humans, which is harmful, detrimental, or injurious to public health, safety or welfare, to domestic, commercial, industrial, agricultural, or recreational use or to livestock, wild animals, bird, fish, or other aquatic life.

Waterways means the ditches, private drainageways, private drainage pipes, ponds, lakes, rivers, streams, private drainage intakes, or any collection of water on private property within the city which is not a part of the MS4 system.
(O.14,484)

Cross reference—Definitions generally, § 1-2.

*__Editor's note—__**Ord. No. 16,175, § 1, adopted Sept. 12, 2022, amended Art. VIII in its entirety to read as herein set out. Former Art. VIII, §§ 42-426—42-432, pertained to snow dump, and derived from Ord. No. 13,662; Ord. No. 14,184; Ord. No. 15,608.

Sec. 42-452. Declaration of purpose.

The city council finds, determines and declares it to be conducive to the health, welfare, safety and convenience of the city and its residents to provide for the regulation of non-stormwater discharge and deposit to the MS4 and waters of the state within the city by establishing methods for controlling the introduction of pollutants into the MS4 and waters of the state within the city in order to comply with the requirements of the city's NPDES permit.
(O.14,484)

Sec. 42-453. Prohibition of illicit discharges or deposits into MS4 and waters of the state.

No person shall deposit, discharge, or permit or cause to be deposited or discharged into the MS4 or water of the state within the city anything other than stormwater, except for allowable non-stormwater or pollutants for which (i) an NPDES permit has been issued and (ii) such discharge or deposit is in compliance with the MS4 NPDES permit.
(O.14,484)

Sec. 42-454. Prohibition of illicit connections.

No person shall construct or use a connection to the MS4 or waters of the state without approval of the city. No person shall use a connection to the MS4 or water of the state which was not approved by the city in the past as documented in plans, maps, or equivalent records and approved by an authorized employee of the city.
(O.14,484)

Sec. 42-455. Prohibition of obstruction of waterways.

No person shall deposit or permit to be deposited dirt, debris or any other thing in an amount which could cause an obstruction to the flow of the MS4 or a waterway either upstream or downstream from the point of deposit.
(O.14,484)

Sec. 42-456. Inspection and order to abate or terminate connection to MS4 or waters of the state.

The department of public works may enter at all reasonable times and as often as necessary in or upon any private or public property for the purpose of investigating waterways, facilities, conditions and practices which may be a violation of this division and to determine compliance with this division; including the right to take samples and examine and copy records and the performance of additional duties defined by state and federal laws. The requirements of this division shall be enforced by the department of public works. The director shall have full authority to declare a violation and issue notices provided for in this division and to take action as required and permitted by this division. The director shall have all powers and authority necessary to cause the abatement of violations under this article. The director shall have the authority to terminate access to the MS4 of a person violating this division if such termination would abate or reduce an illicit discharge pursuant to 42-458.
(O.14,484)

Sec. 42-457. Notice of violations—Administrative penalties.

(a) The director is authorized to issue a notice of violation imposing an administrative penalty upon any person who fails to perform an act required by this division or who commits an act prohibited by this division.

(b) The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to the violator by the director. Service of the notice may be by regular mail or delivery in person. Penalties shall be paid in full within 30 days of the issuance of the notice.

(d) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in section 42-465, unless the violator refuses

to correct the violation and pay the scheduled administrative penalty, or the director determines that immediate prosecution pursuant to misdemeanor or municipal infraction prosecution pursuant to section 1-15 is, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this division. The public works department shall maintain a record of all violations, administrative penalties charged or other enforcement actions taken.
(O.14,484)

Sec. 42-457.01. Administrative hearings.

Recipients of notice of violation pursuant to this article may request an administrative hearing as set forth in section 42-358.02(b) of this chapter. The conduct of such administrative hearing shall be as set forth in sections 42-358.02(c), (d) and (e) of this chapter. If the recipient of the notice of violation chooses to have an agent duly authorized by the recipient to file a request for an administrative hearing and/or to represent him/her at the hearing, such agent must be identified in a notarized statement filed with the request for administrative hearing.
(O.15,250, 15,877)

Sec. 42-458. Determination of illicit discharges as public nuisance and notice of abatement.

(a) Discharges in violation of this division are deemed to constitute a public nuisance.

(b) If the director determines that a discharge in violation of this division has occurred or is occurring, such nuisance may be abated and enforced against and the costs of such abatement invoiced and assessed as set forth in and pursuant to article VI of chapter 42 of the Code.
(O.14,484, 15,250)

Sec. 42-459. Right to assess costs of abatement by city.

When the city abates an illicit discharge pursuant to article VI of chapter 42, the city may

assess the actual costs of abating such illicit discharge to the owner of the real estate found to be in violation of this division.
(O.14,484, 15,250)

Sec. 42-460. Assessment of costs of abatement by city.

The actual cost of abating illicit discharges to the MS4 from public or private property shall be paid by the owner of the real property determined to be the source of such discharge, in violation of this division, and such costs shall be assessed against such real estate if not paid by the owner.
(O.14,484, 15,250)

Sec. 42-461. Certification of assessment for collection.

Upon adoption by the city council, the schedule of assessments for the abatement of the illicit discharge to the MS4 from public or private property and the resolution approving such shall be certified by the city clerk to the county auditor for collection in the manner provided by law.
(O.14,484)

Sec. 42-462. Reserved.

Editor's note—Ord. No. 15,250, § 1, adopted Jan. 13, 2014, repealed § 42-462, which pertained to allocation of cost and derived from Ord. No. 14,484.

Sec. 42-463. Reserved.

Editor's note—Ord. No. 15,250, § 1, adopted Jan. 13, 2014, repealed § 42-463, which pertained to notice of right to administrative hearing on public nuisance and derived from Ord. No. 14,484.

Sec. 42-464. Reserved.

Editor's note—Ord. No. 15,250, § 1, adopted Jan. 13, 2014, repealed § 42-464, which pertained to administrative hearing for public nuisance and assessment of costs of removal and derived from Ord. No. 14,484.

Sec. 42-465. Criminal and civil penalties.

(a) Any person who fails to perform an act required by this division or who commits an act prohibited by this division or who resists the enforcement of any section of this division shall be guilty of a misdemeanor punishable by a fine as provided by section 1-15 of this Code.

(b) Any person who fails to perform an act required by this division or who commits an act prohibited by this division or who resists the enforcement of any section of this division shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(O.14,484, 15,608)

Sec. 42-466. Right of city to seek alternative relief.

The city may seek alternative relief from the court, including an order for abatement or injunctive relief, in the event that the city files a simple misdemeanor charge, issues a notice of administrative penalty, and/or files a municipal infraction for the same violation of this division.
(O.14,484)

Secs. 42-467—42-475. Reserved.

DIVISION 2. USE AND MAINTENANCE OF PUBLIC DRAINAGEWAYS, PRIVATE DRAINAGEWAYS AND PRIVATE DRAINAGE PIPES

Sec. 42-476. Title.

This division shall be known as the drainage facilities maintenance ordinance.
(O.14,484)

Sec. 42-477. Definitions.

The definitions found in sections 42-28 and 42-451 shall apply to the provisions of this subdivision, provided however that the following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Adequate maintenance* or *adequately maintain* means taking all necessary and appropriate action to protect and preserve the structural integrity of a drainage facility, and periodically cleaning it to remove debris and sediment, all as provided in this article so, that the natural

or designed stormwater flow within the drainage facility is maintained and preserved.

(2) *City stormwater drainage area* means an area of land owned by the city or upon which the city has an easement for stormwater flowage allowing it to maintain such flow, and upon which is located a public drainageway, storm sewer or stormwater detention basin or any combination of such facilities.

(3) *Drainage facilities* means and includes a city stormwater drainage area, a constructed channel, a private drainageway, a private drainage pipe, a public drainageway or a storm sewer.

(4) *Private drainageway* or *drainageway* means a ditch on private property, which can, in the opinion of the director, be maintained and function adequately for the drainage of naturally occurring stormwater and surface water.

(5) *Private drainage pipe* or *drainage pipe* means and includes a pipe designed and intended to drain private property, or both private and public property, which is located in whole or in part on private property. For purposes of this definition, private property shall be deemed to include property owned by governmental entities other than the city.

(6) *Property owner* or *owner*, as used in this article, means the fee title owner or contract purchaser of the property, or party in possession thereof under foreclosure, forfeiture or other judicial proceeding. *Owner* shall also be deemed to include a former fee title owner, contract purchaser of property or party in possession thereof under foreclosure, forfeiture or other judicial proceeding, who installed or allowed the installation of a substandard private drainage pipe upon private property or in a drainageway without city approval.

(7) *Public drainageway* means a ditch on property owned by the public or on private property for which the city has an easement for stormwater flowage. For purposes of this definition, private property shall be deemed to include property owned by governmental entities other than the city.

(8) *Public storm sewer* means a pipe designed and intended for the drainage of stormwater, located on city property, in city street right-of-way, or on a city easement.

(O.14,484)

Cross reference—Definitions generally, § 1-2.

Sec. 42-478. Statement of policy regarding maintenance of drainage facilities.

It is the city's policy that the city will perform major maintenance (repair, replacement, major grading) and routine maintenance (mowing, cleaning, minor grading) of stormwater drainage facilities on city property and in city maintained street rights-of-way. It is further the city's policy that the city will perform major maintenance (repair, replacement, major grading) and routine maintenance (mowing, cleaning, minor grading) of stormwater drainage facilities in permanent stormwater drainage easement areas which have been accepted by the city and in which the city has reserved the right to repair, replace and maintain those facilities and has expressly accepted responsibility for routine maintenance. Major and routine maintenance of all other stormwater drainage facilities situated on private property shall be the responsibility of the owners of the properties upon which such facilities are located, except as hereinafter provided.

(O.14,484)

Sec. 42-479. City approval required for construction of private drainage pipes or related facilities or for connection to city drainage facilities.

Persons other than authorized city personnel or city contractors are prohibited from working on or making alterations or additions to city drainage facilities, including the making of connections or attachments to any city storm sewer, or to any city maintained constructed channel,

without prior approval and issuance of permit by the city engineer. All proposed new installations of or improvements to driveway pipes or aprons, private drainage pipes or private drainageways or related facilities, running immediately to, from, or in city maintained street rights-of-way, city easement area or city stormwater drainage area, must be reviewed by the city engineer and, if approved, shall be installed in accordance with city standards and specifications. All permitted improvements shall be subject to inspection by the city engineer prior to final approval.
(O.14,484, 15,690)

Sec. 42-480. Piping of private drainageways.

The owner of any property, across or through which a private drainageway passes, shall be prohibited from installing a drainage pipe to enclose such drainageway in whole or in part without prior approval and issuance of permit by the city engineer. All proposed new drainage pipes to be installed on private property shall be installed in accordance with city standards and specifications. All permitted improvements shall be subject to inspection by the city engineer prior to final approval.
(O.14,484, 15,690)

Sec. 42-481. Removal of substandard drainage pipes and related facilities.

When a private drainage pipe or related facilities have been placed upon private property or in a city maintained street right-of-way, in a city maintained easement area, or in a city stormwater drainage area, and when it is determined by the city engineer that such drainage pipes or related facilities do not meet city standards and specifications, thereby endangering public safety or public or private property, or causing frequent maintenance problems, the city engineer may issue an order to the owner of such private property or to the person who installed such substandard drainage pipe or related facilities, directing that such substandard facilities be removed and that the drainage pipes and/or related facilities be brought up to minimum city standards and specifications. Whether the existing substandard drainage pipes and/or related facilities were constructed prior to or after the adoption of this subdivision, the city may require the person who constructed or who owns, operates or maintains such substandard drainage pipe or related facility to remove and replace the facility to minimum city standards and specifications at the sole expense and responsibility of such person.
(O.14,484, 15,690)

Sec. 42-482. Required maintenance of public drainageways on private property, private drainageways and private drainage pipes.

The owner of any property, across or through which a public drainageway, a private drainageway or private drainage pipe passes, shall maintain said drainageway or drainage pipe, as hereafter provided.

(1) The owner of private property upon which is situated a public drainageway or a private drainageway as herein defined shall maintain such drainageway in conformance with the following requirements:

   a. The property owner shall periodically inspect the drainageway and shall remove litter and debris.

   b. The property owner shall not place or allow the placement of trees, bushes, shrubs, brush, or other plant materials within the drainageway without the prior written consent of the director.

   c. The property owner shall not place or allow the placement of yard debris as defined in chapter 98 or soil within the drainageway.

   d. The property owner shall not place or allow the placement of rock or broken concrete within the drainageway without the prior written consent of the director.

e. The property owner shall not regrade the drainageway without the prior written consent of the director.

f. The property owner shall not erect or construct any structure within the drainageway without the prior written consent of the director.

g. The property owner shall, upon direction of the director, remove from the drainageway any structure, trees, bushes, shrubs, brush, weeds, soil, rock, yard debris or other debris which the director determines has adversely impacted the drainage capacity of the drainageway.

(2) The owner of private property upon which is situated a private drainage pipe as herein defined shall maintain such drainage pipe in conformance with the following requirements:

a. The property owner shall periodically inspect the drainage pipe and shall remove therefrom litter, debris and silt.

b. The property owner shall periodically inspect all inlets to and outlets from said drainage pipe and shall remove therefrom litter, debris and silt which would impede surface water or stormwater from entering or exiting said drainage pipe.

c. The property owner shall, upon direction of the director, remove from the drainage pipe any litter, debris, or silt which the director determines has adversely impacted the drainage capacity of the drainage pipe.

(O.14,484)

Sec. 42-483. Enforcement.

The director and the city engineer shall be authorized to enforce this subdivision as hereinafter provided.
(O.14,484, 15,690)

Sec. 42-484. Enumeration of stormwater drainage nuisances.

The following are nuisances that may be prosecuted as provided in article VI of this chapter:

(1) The installation or maintenance of a substandard drainage pipe in a private drainageway, in a city street right-of-way, in a city maintained easement area, or in a city stormwater drainage area, resulting in the flooding of properties adjacent to said drainageway either upstream or downstream from said pipe or in said watershed, or resulting in the obstruction or surcharging of or damage to public drainageways, public storm sewers, sanitary sewers or the MS4.

(2) Failing to adequately maintain or periodically clean a private drainage pipe installed in a private drainageway, resulting in the flooding of properties adjacent to said drainageway either upstream or downstream from said pipe or in said watershed, or resulting in the obstruction or surcharging of or damage to public drainageways, public storm sewers, sanitary sewers or the MS4.

(3) Failing to adequately maintain or periodically clean a public drainageway on private property or a private drainageway, resulting in the flooding of properties adjacent to said drainageway either upstream or downstream from the inadequately maintained or cleaned portion thereof, or resulting in the obstruction or surcharging of or damage to public drainageways, public storm sewers, sanitary sewers or the MS4.

(O.14,484, 15,690)

Sec. 42-485. Notice of abatement.

If the director or city engineer determines that a storm water drainage nuisance as described in section 42-484 of this division has occurred or is occurring, such nuisance may be abated and enforced against and the costs of such abatement invoiced and assessed as set forth in and pursuant to article VI of chapter 42 of the Code. The

city may cause the removal of a substandard drainage pipe, or the cleaning or repair of an improperly maintained public drainageway on private property, private drainageway or private drainage pipe, after providing the owner of the real property upon which is located the substandard private drainage pipe, or the improperly maintained drainageway or drainage pipe with notice of the need to abate the nuisance by removing such substandard private drainage pipe or by cleaning or repairing such improperly maintained drainageway or drainage pipe.
(O.14,484, 15,250, 15,690)

Sec. 42-486. Right to assess costs of abatement by city.

When the city removes an illicit discharge pursuant to article VI, chapter 42, the city may assess the actual costs of removing such illicit discharge to the owner of the real estate found to be in violation of this division.
(O.14,484, 15,250)

Sec. 42-487. Assessment of costs by city.

(a) The actual cost of removing a substandard drainage pipe from public or private property shall be paid by the owner of the real property upon which such pipe is located, or shall be paid by the property owner who caused such drainage pipe to be installed, and such costs shall be assessed against such real estate if not paid by the owner.

(b) The actual cost of maintaining or repairing a public drainageway on private property, a private drainageway or a private drainage pipe shall be paid by the owner of the real property upon which such drainageway or drainage pipe is located, and such costs shall be assessed against such real estate if not paid by the owner.
(O.14,484)

Sec. 42-488. Reserved.

Editor's note—Ord. No. 15,250, § 1, adopted Jan. 13, 2014, repealed § 42-488, which pertained to certification of assessment for collection and derived from Ord. No. 14,484.

Sec. 42-489. Reserved.

Editor's note—Ord. No. 15,250, § 1, adopted Jan. 13, 2014, repealed § 42-489, which pertained to allocation of cost and derived from Ord. No. 14,484.

Sec. 42-490. Reserved.

Editor's note—Ord. No. 15,250, § 1, adopted Jan. 13, 2014, repealed § 42-490, which pertained to notice of right to administrative hearing on public nuisance and derived from Ord. No. 14,484.

Sec. 42-491. Reserved.

Editor's note—Ord. No. 15,250, § 1, adopted Jan. 13, 2014, repealed § 42-491, which pertained to administrative hearing for public nuisance and assessment of costs of removal and derived from Ord. No. 14,484.

Sec. 42-492. Notice of violation; administrative penalties; corrective action order.

(a) The director, or such other designated officers or officials with enforcement authority, is authorized to issue a notice of violation imposing an administrative penalty upon any person who fails to perform an act required by this division or who commits an act prohibited by this division.

(b) The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to and served upon the violator. Service of the notice may be by regular mail or by delivery in person.

(d) Penalties assessed pursuant to notice of violation shall be paid by the violator in full as directed in the notice within 30 days of its issuance.

(e) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in section 42-493, unless the violator refuses to correct the violation and pay the scheduled administrative penalty, or the city engineer or the director determines that immediate enforcement action by misdemeanor or municipal infrac-

tion prosecution pursuant to section 1-15 is, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this article. The engineering department shall maintain a record of all violations, administrative penalties charged or other enforcement actions taken.
(O.14,484)

Sec. 42-492.01. Administrative hearings.

Recipients of notice of violation pursuant to this article may request an administrative hearing as set forth in section 42-358(b) of this chapter. The conduct of such administrative hearing shall be as set forth in sections 42-358.02(c), (d) and (e) of this chapter. If the recipient of the notice of violation chooses to have an agent duly authorized by the recipient to file a request for an administrative hearing and/or to represent him/her at the hearing, such agent must be identified in a notarized statement filed with the request for administrative hearing.
(O.15,250)

Sec. 42-493. Criminal and civil penalties.

(a) Any person who fails to perform an act required by this division or who commits an act prohibited by this division shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(b) Seeking a civil penalty as authorized in this section does not preclude the city from seeking alternative relief, including any order for abatement or injunctive relief, from the court in the same action or as a separate action.
(O.14,484, 15,608)

Sec. 42-494. City maintenance of public drainageways on private property, private drainageways and private drainage pipes.

(a) When flooding, erosion or siltation conditions exist in a public drainageway on private property, in a private drainageway or in a private drainage pipe which present an imminent threat to public safety or to public property, the director may in his/her discretion, clean, repair, or construct stormwater drainage facilities on such property as necessary to avert such threat. Except in case of emergency declared by the mayor pursuant to section 2-168, the director shall, prior to entering upon private property for such purpose, obtain authorization to enter thereon and to perform such work from the owner of the property.

(b) When flooding, erosion or siltation conditions exist in a public drainageway on private property, in a private drainageway or in a private drainage pipe which present a threat of damage to private property, the city may in its discretion, at the request of affected property owner, clean, repair, or construct stormwater drainage facilities on such property as necessary to avert such threat, provided that it is determined that such condition is not the result of inadequate maintenance of such drainageway or drainage pipe as herein required of the property owner, or has not otherwise been caused by the property owner. The director shall assess each such situation and shall report his or her findings and conclusions to the city council for its determination. The city council's determination in that regard shall be consid-

ered final and binding. The following conditions and standards shall apply to all such work on private property:

(1) The owner of property, upon which or adjacent to which a public or private drainageway or private drainage pipe is located, may petition the city to clean such drainageway or drainage pipe, or to repair or construct drainage facilities on such property or adjacent thereto. Such petition must be on the form prescribed by the director, must be executed by all property owners upon which or along which is situated that portion of the drainageway or drainage pipe where such work is to be performed, and must authorize city personnel or the city's contractor to enter upon such property to perform the work requested. The director shall determine on which portion of the drainageway or drainage pipe the work shall be performed to effectuate the efficient and safe flow of water.

(2) The city will undertake the preparation of necessary plans and specifications for the work, including scope of the work, means of performing the work, schedule for completion of the work, and size and type of any materials and equipment necessary to perform the work, and will advise the property owner of the work it intends to undertake upon or adjacent to such property.

(3) Property owners who petition the city to perform such work shall, as part of their petition, agree to accept the work as proposed by the city, agree to maintain such private drainageway or drainage pipe after cleaning by the city, agree to maintain any improvements repaired or constructed by the city, and agree to defend, indemnify and hold the city and its agents, employees, or contractors harmless from any and all liability of any nature to the property owner for personal injury, property damage, or any other form of damage arising out of the work.

(4) Property owners who petition the city to perform such work shall be responsible for removing all obstructions, objects, or vegetation that the city deems necessary to perform such work.

(5) Property owners who petition the city to perform such work shall be responsible for providing all materials deemed necessary to perform the work.

(6) The cleaning, repair, or construction of stormwater drainage facilities on private property shall not apply to or be available to property owners or developers upon which new private construction projects or development projects are occurring or will occur. All such work required in support of a private construction project or development project shall be performed by the property owner or developer as part such project.

(O.14,484)

Sec. 42-495. Property owner responsible for city cost for drainage improvements.

When a stormwater drainage deficiency exists on public street rights of way or on any other city stormwater drainage area which requires correction, as determined by the director, and the adjacent property owner(s) requests improvements over and above the minimum necessary improvements which would be necessary to mitigate said deficiency, as determined by the director, then the director may direct that the additional improvements be made; provided that the conditions and standards of section 42-494 are met and that the requesting property owner(s) shall be responsible for all additional costs associated with the improvements over and above the minimum necessary improvements.
(O.14,484)

Sec. 42-496. City makes no warranty against damage due to stormwater hazards.

(a) Neither the city's acquisition of stormwater drainage easements and maintenance of existing stormwater drainage facilities thereon, nor the

city's cleaning or repair of stormwater drainage facilities, shall constitute a warranty against stormwater hazards, including but not limited to flooding, erosion, or standing water.

(b) The city's performance of cleaning, maintenance, construction or repair work on private drainageways does not constitute acceptance of responsibility by the city for the existence of particular storm drainage problems on such property; or acceptance of dedication, ownership, or future maintenance responsibility for any such private drainageway. The performance of such work by the city is for the assistance of private property owners concerning storm drainage problems on their property, which if improved, would also prevent endangerment of public safety or damage to or destruction of public or private property, or have a public benefit.
(O.14,484)

Secs. 42-497—42-549. Reserved.

ARTICLE X. TREE REMOVAL AND MITIGATION

Sec. 42-550. Title.

This article shall be known as the tree removal and mitigation ordinance and may be cited as such.
(O.14,889)

Sec. 42-551. Purpose.

The city council finds that the city contains many canopied areas containing trees of significant size, value and quantity that contribute in a positive way to the human and animal environment. Trees and associated vegetation that are properly maintained increase property values, maintain the natural ecology, temper the effects of extreme temperatures and winds, reduce runoff, prevent erosion, and help create and maintain the identity and visual character of the city. The purpose of this chapter is to encourage the preservation of canopied areas and mature trees on private land, and to require the preservation or mitigation of trees during the development process.

The city council further declares its intent to adopt policies for the preservation and planting of trees on city property and to consider tree preservation and replacement in the design and implementation of public works projects.
(O.14,889)

Sec. 42-552. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Baseline aerial photography (BAP) shall refer to any aerial photographs and other credible data that identifies the location of mature trees and the boundaries of canopied areas as of a known date.

Canopied area means an area of tree cover, measured planimetrically in square feet, from baseline aerial photography.

Diameter at breast height (DBH) means the diameter of the tree measured 4.5 feet from the ground.

Director means the community development director of the city or the director's designee.

Mature tree means all tree species of 12 inches or more in diameter at breast height.

Replacement tree means a tree required to be planted pursuant to this article in replacement of trees removed.

Tree removal and mitigation plan means a plan which identifies trees or canopied areas to be preserved and those to be removed, and provides for the planting of any required replacement trees in compliance with this article.

Tree removal means the destruction or removal of a tree, or the removal of more than 25 percent of the crown or root system of a tree in a single growing season. Tree removal does not include normal tree trimming or pruning undertaken for the purpose of maintaining and preserving a tree in accordance with ANSI 300 Part 1.
(O.14,889)

Sec. 42-553. Scope.

(a) Any person seeking city approval of any of the following development activities is subject to the requirements of this article. No city permits or approvals shall be given for any of the following development activities until the applicant has received approval of a tree removal and mitigation plan as provided in this article for the affected property.

(1) A grading permit pursuant to article II, of chapter 42;

(2) A site plan pursuant to article V, of chapter 82; or,

(3) A subdivision plat or plat of survey pursuant to chapter 106 of this Code.

(b) Any person may voluntarily seek approval of a tree removal and mitigation plan pursuant to this article.

(c) This article does not apply to public improvement projects or to activities on city property or within the public rights-of-way. Public improvement projects, and activities on city property or within the public rights-of-way shall be subject to city policies for the preservation and planting of trees on city property, and are to consider tree preservation and replacement in the design and implementation of public works projects.
(O.14,889)

Sec. 42-554. Required information.

Any person seeking city approval of a tree removal and mitigation plan shall submit three copies of the plan containing the following information:

(1) A statement from the landowner or the landowner's representative explaining why the proposed amount of tree removal is required.

(2) The names, addresses and telephone numbers of the land owner(s) and the individual or business responsible for the tree removal.

(3) A time schedule indicating the anticipated starting and completion dates of the tree removal.

(4) An affirmative statement signed by an owner of the property or by the person responsible for the tree removal, acknowledging that they are required to limit any tree removal to that identified in the approved tree removal and mitigation plan, and are further required to cause any replacement trees to be planted and maintained in conformance with such plan and this article.

(5) One of the following on one or more sheets no greater than 24 by 36 inches in size and at scale that reasonably allows for the review and confirmation of the information contained therein:

a. *Option A.* A survey or scalable drawing of the planned development overlaid upon an aerial photograph containing the following information:

(i) Location of the canopied areas to be preserved, the canopied areas existing on or after May 1, 2009, that have already been removed, and any additional canopied areas to be removed, based on the available baseline aerial photography and any additional information known to the applicant.

(ii) If applicable, the citation to any law or governmental regulation that requires such tree removal, the location of the trees so required to be removed, and evidence that there is no economically feasible alternative that would materially reduce the required amount of such tree removal.

(iii) The calculation of the amount of canopied area existing on or after May 1, 2009, that has already been removed, and the

calculation of the amount of existing canopied area to be removed.

(iv) The calculation of the number of replacement trees required by this article, and the species and location for the placement of any such replacement trees.

b. *Option B.* A survey or scalable drawing of the planned development overlaid upon a tree survey containing the following information:

(i) Location of the canopied areas to be preserved, the canopied areas existing on or after May 1, 2009, that have already been removed, and any additional canopied areas to be removed, based on the available baseline aerial photography and any additional information known to the applicant.

(ii) The location of all mature trees identified by size in DBH and species, with a separate listing of the DBH and species of all such mature trees to be removed. Trees located within an area which is designated on the plan as an area that is not to be disturbed and from which there is to be no tree removal, need not be individually identified. The identification of mature trees may be determined by actual survey or by any a sampling method determined to be reasonable and accurate by the director.

(iii) The calculation of the amount of canopied area existing on or after May 1, 2009, that has already been removed.

(iv) If applicable, a statement from a certified arborist evaluating the quality of the mature trees proposed to be removed and identifying those trees to be considered for removal without penalty or mitigation due to species type, age, disease, damage and other factors.

(v) If applicable, the citation to any law or governmental regulation that requires such tree removal, the location of the trees so required to be removed, and evidence that there is no economically feasible alternative that would materially reduce the required amount of such tree removal.

(vi) The calculation of the number of replacement trees required by this article, and the species and location for the placement of any such replacement trees.

(6) A plan for the protection of the existing trees which are identified to remain, demonstrating compliance with the standards for protection of existing trees set forth in section 42-555(a).

(7) The schedule for the planting of any replacement trees in conformance with the requirements of section 42-555(h).

(O.14,889)

Sec. 42-555. Tree protection and mitigation standards.

(a) *Protection of existing trees.* Any mature tree or canopied area identified for preservation in an approved tree removal and mitigation plan shall be protected during any development activity in accordance with policies approved by the director. Preference shall be given to preserving mature trees of a species recommended for use at such trees' locations in the list of recommended tree species approved by the city council by resolution.

(b) *Mitigation option A.* If the applicant has chosen to provide the information required under Option A in section 42-554, the tree removal and mitigation plan shall provide mitigation for the removal of canopied area by providing one replacement tree for each 2,000 square feet of canopied area removed or to be removed after May 1, 2009.

Sec. 42-553. Scope.

(a) Any person seeking city approval of any of the following development activities is subject to the requirements of this article. No city permits or approvals shall be given for any of the following development activities until the applicant has received approval of a tree removal and mitigation plan as provided in this article for the affected property.

(1) A grading permit pursuant to article II, of chapter 42;

(2) A site plan pursuant to article 9, of chapter 135; or,

(3) A subdivision plat or plat of survey pursuant to chapter 106 of this Code.

(b) Any person may voluntarily seek approval of a tree removal and mitigation plan pursuant to this article.

(c) This article does not apply to public improvement projects or to activities on city property or within the public rights-of-way. Public improvement projects, and activities on city property or within the public rights-of-way shall be subject to city policies for the preservation and planting of trees on city property, and are to consider tree preservation and replacement in the design and implementation of public works projects.
(O.14,889, 15,819)

Sec. 42-554. Required information.

Any person seeking city approval of a tree removal and mitigation plan shall submit three copies of the plan containing the following information:

(1) A statement from the landowner or the landowner's representative explaining why the proposed amount of tree removal is required.

(2) The names, addresses and telephone numbers of the land owner(s) and the individual or business responsible for the tree removal.

(3) A time schedule indicating the anticipated starting and completion dates of the tree removal.

(4) An affirmative statement signed by an owner of the property or by the person responsible for the tree removal, acknowledging that they are required to limit any tree removal to that identified in the approved tree removal and mitigation plan, and are further required to cause any replacement trees to be planted and maintained in conformance with such plan and this article.

(5) One of the following on one or more sheets no greater than 24 by 36 inches in size and at scale that reasonably allows for the review and confirmation of the information contained therein:

a. *Option A.* A survey or scalable drawing of the planned development overlaid upon an aerial photograph containing the following information:

(i) Location of the canopied areas to be preserved, the canopied areas existing on or after May 1, 2009, that have already been removed, and any additional canopied areas to be removed, based on the available baseline aerial photography and any additional information known to the applicant.

(ii) If applicable, the citation to any law or governmental regulation that requires such tree removal, the location of the trees so required to be removed, and evidence that there is no economically feasible alternative that would materially reduce the required amount of such tree removal.

(iii) The calculation of the amount of canopied area existing on or after May 1, 2009, that has already been removed, and the

ment tree for each 2,000 square feet of canopied area removed or to be removed after May 1, 2009.

Tree removal shall be allowed without mitigation under this option A when the applicant has demonstrated that such tree removal is required to conform with any applicable law or governmental regulation or infrastructure requirements including, but not limited to, streets, sidewalks, and stormwater detention, and there is no economically feasible alternative that would materially reduce the required amount of tree removal.

(c) *Mitigation option B.* If the applicant has chosen to provide the information required under Option B in section 42-554, the tree removal and mitigation plan shall provide mitigation for the loss of canopied area existing on or after May 1, 2009, that has already been removed, and for any existing mature trees to be removed, in accordance with the following rations:

(1) One replacement tree shall be provided for each 2,000 square feet of canopied area existing on or after May 1, 2009, that has already been removed; and,

(2) Replacement trees shall be provided for each mature tree to be removed based upon the diameter at breast height (DBH) of the removed tree in the following rations:

DBH of Removed Tree in Inches	*Ration of Replacement Trees to Removed Tree*
At least 12 and less than 18	1 : 1
At least 18 and less than 24	2 : 1
For each increment of 6 inches of DBH above 24 inches, one additional replacement tree shall be provided.	

Tree removal shall be allowed without mitigation under this option B when the applicant has demonstrated that such tree removal qualifies under any of the following criteria:

(i) Trees that are dead or dying from causes beyond the owner's control.

(ii) Trees of a species that is not permitted for use as a street tree;

(iii) Trees that must be removed to conform with any applicable law or governmental regulation or infrastructure requirements including, but not limited to, streets, sidewalks, and stormwater detention, when there is no economically feasible alternative that would materially reduce the required amount of tree removal.

(d) *Mitigation for improper tree removal.* If the tree removal is performed in violation of an approved tree removal and mitigation plan, or if tree removal is performed without an approved tree removal and mitigation plan under circumstances which reasonably demonstrates that such tree removal was performed in anticipation of redevelopment for the purposes of avoiding the mitigation requirements under this article, then one replacement tree shall be planted for every 700 square foot increment of canopied area removed as determined by examination of the baseline aerial photography.

(e) *Replacement trees.* Replacement trees shall be of a species on the list of recommended tree species approved by the city council by resolution, and approved by the director for use at the proposed location. Native species are preferred for replacement trees. Replacement trees shall be of an overstory species and at least one and one-half inches in caliper and not more than two inches in caliper measured six inches above grade. However, understory, ornamental and coniferous trees may be substituted for up to 30 percent of the required overstory replacement trees, subject to the following replacement ratios: Two evergreen trees at least six feet tall, or three understory or ornamental trees at least one inch in caliper measured six inches above grade may be substituted for a required overstory replacement tree.

(f) *Credit for required trees.* Trees required to be planted by the landscape standards in the chapter 135 of this Code, including those planted

which the variance is granted, shall be deemed a violation of this article subject to enforcement under section 42-557.
(O.14,889)

Sec. 42-557. Enforcement.

(a) The zoning enforcement officer shall enforce this article.

(b) No person shall engage in or cause any activity to be done in violation of any provision of this article.

(c) When a tree removal and mitigation plan has been approved by the city for a parcel, no person shall engage in any tree removal activities upon that parcel in excess of the activities identified in the approved plan.

(d) No building permit, site plan, grading permit, plat of survey or subdivision plat shall be approved for any development upon a parcel subject to an approved tree removal and mitigation plan which has not been timely implemented until the requirements of that plan have been satisfied, or an amended tree removal and mitigation plan is submitted and approved to coordinate the mitigation plantings with the redevelopment of the parcel.

(e) Persons who fail to perform an act required by the provisions of this article or who commit an act prohibited by the provisions of this article shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of the City Code.

(f) The city may obtain injunctive relief to enforce the provisions of this chapter.
(O.14,889)

ARTICLE XI. STORMWATER MANAGEMENT STANDARDS FOR DEVELOPMENT AND REDEVELOPMENT FOR GRADING PERMITS, SITE PLANS AND PLAT APPROVALS

Sec. 42-558. Adoption of Iowa Stormwater Management Manual.

The City of Des Moines hereby adopts the Iowa Stormwater Management Manual (ISWMM), as such may be amended from time to time, for management of stormwater. The ISWMM is written as a guideline recommending certain techniques and advising against others in order to accomplish goals related to managing water volume and quality. Therefore, where the ISWMM states a design element or technique is "Essential" it is required by the City of Des Moines unless otherwise not required by State law. Where ISWMM states a design element or technique is "Target" such design element or technique is desired by the City of Des Moines and every effort shall be made to accomplish.

In cases where ISWMM does not speak to a stormwater issue, such as sizing or installation of pipes, the City of Des Moines follows the Iowa State-wide Urban Design and Specifications (SUDAS) as modified by City of Des Moines General Supplemental Specifications to SUDAS or streambank stabilization in the Iowa River Restoration Toolbox as applicable.

It is intended that this article be construed to be consistent with Chapter 42, Article II, Grading, Soil Erosion and Construction Site Runoff Control, Chapter 50 Floodplains, Chapter 106 Subdivisions, Chapter 135 Planning and Design, as well as any other applicable local, state or federal regulation.

The requirements of this article should be considered minimum requirements, and where any provision of this article imposes restrictions different from those imposed by any other section of this Code, or any other governmental rule or regulation, or other provision of law, whichever provisions are more restrictive shall take precedence.
(O.16,073, 16,428)

Sec. 42-559. Definitions.

Definitions in this section, other than those defined below, shall have the meaning as set out in the Iowa Stormwater Management Manual. The definitions found in this article shall apply to the provisions of this article, provided, however that the following words, terms and phrases, when used in this article, shall have the mean-

ings ascribed to them in this section, except where the context clearly indicates a different meaning:

Applicant means a property owner or his or her representative who has filed an application for development or redevelopment pursuant to chapters 42, 106 and 135 of this Code.

Benefitted property means the property identified in the stormwater management plan and in the stormwater facility maintenance agreement as being served by Best Management Practices.

Best Management Practices or *BMP* means physical stormwater practices or structures determined to be practices used to reduce pollutant loads, discharge volumes, peak flow discharge rates, and detrimental changes in stream temperature that affect water quality and habitat. BMPs can be structural or non-structural. Non-structural BMPs focus on preserving open space, protecting natural systems, and incorporating existing landscape features such as wetlands and stream corridors into a site plan to manage stormwater at its source. Structural BMPs include constructed ponds, pavement systems, oil/grease separators, planted vegetative areas such as grassed swales, bioretention and other infiltration based practices, outlet structures and other constructed facilities intended to manage stormwater.

Buffer means a vegetative area, including trees, shrubs, and herbaceous vegetation, that exists or is established to protect a stream system, lake, or reservoir area.

Building means the same definition as in section 106-2 of this Code, with the addition that structures not intended for shelter such as a pergola, trellis, gazebo and any other constructed obstacle shall also be considered to be buildings and shall be reviewed for impact on stormwater management.

City engineer means the city engineer or his or her duly authorized designee.

City stormwater requirements means the standards, sizing criteria, BMPs and other requirements established in this section.

Construction site means a site or common plan of development or sale on which construction activity, including clearing, grading and excavating, results in soil disturbance. A construction site is considered one site if all areas of the site are contiguous with one another and one entity owns all areas of the site.

Dedication means the deliberate appropriation of property by its owner for general public use.

Developer means a person, persons, or entity who undertakes land disturbance activities.

Development means any manmade change to improved or unimproved real estate, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operations whether as a single site or part of a larger common plan of development. *Development* may include, but is not limited to, *construction site*.

Director means the director of the city public works department or his or her duly authorized representative.

Drainage easement means a legal right granted by a landowner to a grantee allowing the use of private land for stormwater management purposes.

Iowa Stormwater Management Manual or *ISWMM* means the Iowa Stormwater Management Manual publication, by whatever name, as amended from time to time by Iowa Department of Natural Resources in collaboration with Iowa Stormwater Education Program.

Land disturbance activity means any activity which changes the volume or peak flow discharge rate of rainfall runoff from the land surface. This may include the grading, digging, cutting, scraping, or excavating of soil, placement of fill materials, paving, construction, substantial removal of vegetation, tree clearing, or any activity which bares soil or rock or involves the diversion or piping of any natural or man-made watercourse.

Landowner means the legal or beneficial owner of land, including those holding the right to purchase or lease the land, or any other person holding proprietary rights in the land.

Native vegetation means vegetation originating naturally in the central Iowa region of the state. Native vegetation is not to be confused with all existing vegetation. Area preserved in native vegetation shall not contain noxious or invasive weeds as identified by the Iowa Code Chapter 317.1A.

Redevelopment means any manmade change to a previously developed site, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operations whether as a single site or part of a larger common plan of development. *Redevelopment* may include, but is not limited to, *construction site*.

Responsible party means the person or entity responsible for the maintenance of the stormwater management facilities pursuant to the SFMA.

Stormwater facility maintenance agreement or *SFMA* means that covenant and easement agreement as described in section 42-564 that has been approved in writing by the city engineer which is binding on all subsequent owners of land and benefitted property served by the BMPs and is recorded in the applicable county recorder's office, including those SFMAs and development agreements in existence on February 1, 2022.

Stormwater management means the use of BMPs to reduce stormwater runoff pollutant loads, discharge volumes, peak flow discharge rates, and improve stream quality.

Stormwater management plan or *SWMP* means the plan demonstrating how stormwater management will be accomplished as described in section 42-562.

Stormwater pollution prevention plan or *SWPPP* means a plan that is designed to minimize the accelerated erosion, sediment, and other pollutant runoff at a site before, during and after construction activities.

Surface water flowage easement or *overland flowage easement* means an easement granted to the city which includes a legally described flow path where stormwater from large storm events can be transported across property not owned by the city. No buildings or obstructions, including without limitation, fences, trees, bushes, or vegetation may be constructed or placed within the easement that block the flow of water without the prior written approval of the city engineer. (O.16,073, 16,428)

Sec. 42-560. Applicability.

Stormwater management will be deemed necessary in the following circumstances:

(a) Any new development of land adding more than 10,000 square feet of new impervious area shall provide stormwater management as described in this article. This threshold is a cumulative amount of new square footage and may be reached over time in increments. At such time that a development site exceeds 10,000 cumulative square feet of new impervious area the site will be required to come into compliance with this article.

(b) Any redevelopment adding more than 10,000 square feet of new impervious area but disturbing less than 50% of the site shall provide stormwater management at the water quality volume standard and the channel protection standard. This threshold is a cumulative amount of new square footage and may be reached over time in increments.

(c) Any redevelopment disturbing 50 percent or more of a site shall be required to meet the same stormwater management standards as a new development. This threshold is a cumulative amount of square footage disturbed by redevelopment and may be reached over time in increments.

(d) For purposes of this section, impervious areas and surfaces shall be determined using all building permits issued by the city's permit and development center, county assessor's records, and other applicable city records. Impervious area added prior to September 6, 1977 will not be counted towards the 10,000 square feet and 50 percent redevelopment requirements.

(e) Exemptions: The following activities shall be exempted from meeting the stormwater management standards of this ordinance:

(1) Removal and replacement of impervious area exactly matching location and area.

(2) Logging or agricultural activity that is consistent with an approved soil conservation plan or timber management plan prepared or approved by the appropriate agency, as applicable.

(3) Additions or modifications to single family structures.

(4) Repairs to any stormwater management BMP deemed necessary by the city.

(O.16,073, 16,428)

Sec. 42-561. Stormwater standards.

When applicable as described below, all development and redevelopment sites shall meet the requirements of the Unified Sizing Criteria, as described within the Iowa Stormwater Management Manual (ISWMM) and as noted below, unless stormwater management has been designated for an alternative off-site location or some other exemption or allowance has been prior approved by the city engineer.

(a) *Small storm criteria:*

(1) *Recharge volume standard:* Structural or non-structural practices or techniques shall be employed to minimize the amount of stormwater runoff by capture, infiltration, evapotranspiration or reuse the runoff expected to the greatest extent possible. The target goal of this criteria is to eliminate runoff created by the 1-inch rainfall event. However, the developer may demonstrate, to the satisfaction of city staff, that this standard is not achievable or feasible at a site due to variables such as incompatible soils for infiltration, contaminated sites, high groundwater table, and/or ultra-urban environments.

(2) *Water quality volume standard:* Practices or techniques shall be employed that capture and treat runoff from a 1.25" rainfall event, as further defined within the ISWMM.

(3) *Channel protection standard:* Practices or techniques shall be employed that provide extended detention of the 1-year, 24-hour storm event—with release rates established as per methods defined within the ISWMM manual to provide a minimum drawdown period of 24 hours. If the calculations result in a computed orifice diameter of less than three inches, the final design may instead use a 3-inch orifice as the control for the channel protection (CPv) event. In this case, the final routing modeling of the practice may end up showing that the allowable CPv release rate is exceeded.

(b) *Large storm criteria:*

(1) Practices and techniques shall be employed that limit allowable peak release rates that are anticipated to occur post-development during the 5-year through 100-year, 24-hour storm events to levels no greater than the peak rate expected to be caused by the 5-year storm event under existing site conditions. Existing conditions are defined as those that are present at the time that the construction commences. However, any sites that have impervious areas that were constructed without proper permit and/or planning approval from the city will not be allowed to count those areas as impervious area and must instead use natural conditions for those areas to determine the allowable release rate. For purposes

of this section, any impervious areas added to a site prior to September 6, 1977 will be deemed as legal regardless of whether proper permits were obtained or not.

(2) Natural conditions are defined as meadow in good condition, with times of concentrations calculated and curve numbers selected based on those natural surface conditions and drainage patterns. Curve numbers shall be selected based on the hydrologic soil group for site soils, but the weighted curve number used to determine allowable release rates for the site to be served by the detention practice shall not exceed a curve number of 58 unless demonstrated by a geotechnical report that a higher curve number is warranted, however, in no case shall the curve number exceed 71.

(3) Soil group information shall be determined from current county soil maps as available through the NRCS. If a soil group type has not been identified for a given location, the natural condition shall be assumed to be hydrologic soil group B and the post-developed condition shall be assumed to be hydrologic soil group C, unless geotechnical studies are provided for city review that provide evidence for use of another soil group for analysis.

(4) Redevelopment sites that have existing stormwater management facilities in place and/or are required to do so as part of an existing approved site plan, subdivision plat, or grading plan, as of January 1, 2025 are required to maintain those practices unless the storage volume and/or treatment practices are incorporated into a new stormwater management facility or facilities.

(5) Detention of events larger than the 100-year storm event are not required, however, the design of auxiliary spillways should safely convey flows from the 500-year, 24-hour storm event or per DNR Dam Codes and requirements.

(6) Surface water flowage easements shall be provided as needed to reserve a safe and clear path for the width of expected concentrated flows for this type of event. Detention events larger than the 100-year can occur and surface water conveyance for those events should be considered.

(O.16,073, 16,428)

Sec. 42-562. Stormwater Management Plan (SWMP) requirements.

(a) The purpose of a SWMP is to identify in detail how stormwater runoff will be managed from a site including specifications on what stormwater management techniques and facilities will be used and where they will be located. It is the policy of the City of Des Moines that stormwater management is planned and designed early in the development process so that developments are built in harmony with nature versus forcing stormwater management to fit a development site design.

(b) A SWMP, prepared and certified by a professional engineer, architect, or landscape architect licensed in the state and familiar with stormwater management methods and techniques, must be submitted by the applicant for approval by the city engineer.

(c) The following items must be submitted with grading plan, site plan, or plat applications:

(1) *Report and narrative information.*

a. Cover sheet including project name, location, engineer and developer contact information.

b. Table of contents indicating sections and page numbers.

c. Professional certification from Iowa licensed engineer.

d. Summary of any previous studies or master plans.

e. Natural conditions and runoff analysis summary.

f. Description and explanation of storm water analysis (i.e. computer generated hydrographs.

g. Summary of SWMP detailing compliance with design standards.

h. Natural resources inventory:

i. Soil conditions (karst, hydric, etc.).

ii. Forest cover.

iii. Topography.

iv. Wetlands/prairie potholes.

v. Streams and floodplains.

vi. Review of FEMA FIRM maps.

vii. Other native vegetative areas.

viii. Environmentally sensitive areas.

1. Archeological and/or cultural resources.

2. Wildlife areas.

ix. Wellhead protection and drinking water supply management areas.

x. Areas of existing stormwater storage.

(2) *Soil management plan.* A soil management plan is required to evaluate topsoil quantities before and after construction and ensure compliance with NPDES general permit no. 2. Depending on intended use of soil to meet stormwater requirements, the following may be applicable:

a. Review NRCS or USGS soils maps or geotechnical reports if applicable.

b. Identify where topsoil is to be stripped, stockpiled and replaced.

c. Identify locations where soil quality restoration techniques are proposed to be used to manage water quality treatment requirements.

d. Geotechnical reports, if applicable.

e. U.S. Army Corps of Engineers Section 404 Permit, if applicable.

f. Local or DNR Floodplain Development Permit, if applicable.

(3) *Dams.* Where dams are proposed in any subdivision, they shall be designed by a registered professional engineer. A preliminary engineering report including soil investigations and design procedures shall be submitted to the city engineer for review. When such dam is constructed, the subdivider's engineer shall certify to the city engineer that the dam is constructed in accordance with the approved plans and specifications.

(4) *Calculations.* Provide exhibits demonstrating how calculated and assumptions made, including:

a. Runoff coefficient and/or curve number calculations (allowable release rates).

b. Time of concentration calculations.

c. Water volume infiltrated.

d. Small storm criteria calculations required and proposed.

e. Large storm criteria calculations required and proposed.

f. Storm system capacity calculations (outlet control, pipe capacity, swale/ditch capacity, erosion control and emergency dissipation measures, downstream capacity calculations).

g. Runoff and routing hydrographs.

h. Floodplain modeling if applicable and base flood elevations.

(5) *Project summary.*

a. Identify method(s) and location of proposed post-construction stormwater management BMPs.

i. Map indicating drainage area of each post-construction BMP.

b. Discuss how proposed management methods comply with requirements.

c. Post-construction BMP maintenance plan.

i. Operation and maintenance of post-construction BMPs.

d. Identify post development stormwater impacts to adjacent properties and mitigation measures for any potential impacts.

e. Offsite/downstream conditions and runoff analysis if applicable.

(6) *Maps.*

a. Existing drainage contour map illustrating and labeling pre-development drainage patterns, basins, swales/ditches, creeks, river, streams, etc. and any other relevant on-site or off-site information.

b. Proposed drainage contour map illustrating and labeling post development drainage patterns, areas for which stormwater management will be provided, conveyance methods (pipes, swales, etc.) and any other relevant on-site or off-site information.

i. Location of existing and proposed buildings, roads, parking areas, utilities and

ii. Stormwater management facilities and erosion/sediment control, easements, ROWs;

iii. Preliminary stormwater storage estimation;

iv. Proposed land use;

v. Existing and proposed drainage patterns;

vi. Limits of clearing and grading.

c. Map(s) identifying where stormwater runoff enters and leaves the project limits.

d. Watershed area delineations.

e. Floodplain delineations.

f. Natural Resources Inventory Map.

(7) *BMP operation and maintenance plan.*

a. The applicant shall provide to the city an operation and maintenance plan detailing the operation and maintenance and repair procedures for all stormwater BMPs. These plans will identify the parts of components of a stormwater BMP that will need maintained. The operation and maintenance plan will also identify the responsible party.

b. The ongoing operation and maintenance procedures must be documented in the SFMA.

(O.16,073, 16,428)

Sec. 42-563. Stormwater Management Plan application process.

(a) A SWMP must be submitted by the applicant for approval by the city engineer.

(b) The city engineer shall review the SWMP for conformance with the objectives set forth in this article. Each plan will be evaluated on its own merits according to the particular characteristics of the project and the site to be developed.

(c) The city engineer shall approve or disapprove a complete SWMP per grading permit, site plan, and/or plat approval process, as applicable.

(d) Sustainable stormwater management practices identified in the ISWMM, such as rain gardens, bioswales, permeable pavement, or other such technologies, may be utilized and may be required when determined reasonably practicable by the city engineer.

(e) An applicant desiring a full or partial waiver of compliance with this section may make a written application on forms supplied by the city engineer. Waiver applicants must show that incorporation of stormwater management standards set forth in this article are not possible to install due to exceptional physical limitations of the site. If a waiver is granted, the applicant must develop and incorporate other measures, which the applicant can demonstrate to the satisfaction of the city engineer comply with the requirements of this article to the

extent reasonably possible. Requests for waivers shall be granted or denied, in writing by the city engineer.

(f) Prior to approval of the subdivision plat, site plan, grading permit or SWMP, or the issuance of any permit that has a SWMP requirement, the applicant or property owner must execute a SFMA that shall be binding on all benefited property in compliance with section 42-564.

(g) Prior to approval and recording of the SFMA, the applicant and property owner on which the BMPs are located shall be responsible for the maintenance of the BMPs to their design capacity unless or until the city engineer agrees in writing to a transfer of such responsibility to another person or entity or responsible party. (O.16,073)

Sec. 42-564. Stormwater Facility Maintenance Agreement (SFMA) requirements.

(a) The Stormwater Facility Maintenance Agreement is comprised of a maintenance/repair easement and a maintenance agreement and permanent covenant approved by the city engineer. The SFMA shall be recorded with the appropriate county recorder's office by the applicant or property owner at their expense and they shall provide a copy of the recoded SFMA to the city engineer. The SFMA shall reference the operation and maintenance requirements for the BMPs included in the SWMP and provide for periodic inspections by the responsible party to ensure that the BMPs are maintained in proper working condition to meet the SWMP requirements. If operation and maintenance requirements are updated, the current version will be appended to the SWMP that is on file with the city.

(b) Maintenance and repair easement requirements. The easement shall provide for access to the BMPs and the benefitted property at reasonable times for inspection and maintenance purposes by the responsible party and for the city or the city's designee for inspection for maintenance purposes, at the city's discretion, to ensure that the BMPs are maintained in proper working condition to meet the SWMP requirements, and to the city for regular or special assessments of property owners to ensure that the BMPs are maintained in proper working condition.

(c) Maintenance agreement and covenant requirements. The maintenance agreement shall provide that maintenance of all BMPs shall be ensured through the creation of a maintenance covenant that must be approved by the city engineer and recorded as part of the SFMA. As part of such covenant, a schedule shall be developed for when and how often maintenance will occur to ensure proper function of the stormwater BMPs. The covenant shall also include plans for periodic inspections to ensure proper performance of the BMPs. As determined to be needed by the city engineer or director, the maintenance agreement and covenant may require the following:

(1) Removal of litter, sediment and debris.

(2) Requirements for vegetation management. The vegetation shall not be removed or changed without the prior written consent of the city engineer or director except for BMPs that must be moved in accordance with the SWMP.

(3) No yard debris as defined in chapter 98 of this Code, soil or rocks or concrete, or similar materials, shall be placed within a BMP without the prior written consent of the city engineer or director.

(4) The area of the BMPs shall not re-graded without the prior written consent of the city engineer or director.

(5) Any action that will render a BMP inoperable or will significantly decrease its functioning is prohibited.

(O.16,073)

Sec. 42-565. Stormwater Facility Maintenance Agreement process.

(a) Responsible party inspections. All BMPs must undergo, at the minimum, an annual inspection by the responsible party to document maintenance and repair needs and ensure compliance with the requirements of this article. Any required maintenance identified by inspection must be corrected by the responsible party within 30 days of identification of such maintenance and repair needs. In the event the identified maintenance or repair cannot be completed within 30 days of notice or identification, the responsible party must contact the city with 30 days of notice to explain why repair or maintenance cannot be completed within 30 days and provide a plan acceptable to the city engineer or director for completing repair or maintenance.

(b) All responsible party maintenance records must be maintained by the responsible party for at least five years.

(c) The inspection and maintenance requirement may be increased as deemed necessary by the city engineer or director to ensure proper functioning of the BMPs after a city inspection has been completed and a violation has been documented pursuant to section 42-566(b).

(d) City inspection of stormwater BMPs. Inspection programs may be established by the city engineer or director on any reasonable basis, including but not limited to: routine inspections; random inspections; inspections based upon complaints or other notice of possible violations; inspection of drainage basins or areas identified as higher than typical sources of sediment or other contaminants or pollutants; inspections of businesses or industries of a type associated with higher than usual discharges of contaminants or pollutants or with discharges of a type which are more likely than the typical discharge to cause violations of state or federal water or sediment quality standards or the NPDES stormwater permit; and joint inspections with other agencies inspecting under environmental or safety laws. Inspections may include but are not limited to: reviewing maintenance and repair records; sampling discharges, surface water, groundwater, and material or water in BMPs, and evaluating the condition of BMPs.

(e) Right of entry for inspection. When any new stormwater BMP is installed on private property, or when any new connection is made between private property and a public drainage facility as defined in section 42-477 of this chapter, sanitary sewer or combined sewer, the property owner shall grant to city the right to enter the property at reasonable times and in a reasonable manner for the purpose of inspection. This includes the right to enter a property when city has a reasonable basis to believe that a violation of this article is occurring or has occurred, and to enter when necessary for abatement of a public nuisance or correction of a violation of this article.

(f) Records of installation, maintenance and repair activities. Upon request, the Responsible Party shall submit to the city engineer a maintenance and inspection report including all records of the installation and of all maintenance and repairs conducted for up to the previous five years. These records shall be made available to the city during inspection of the SBMP and at other reasonable times upon request.

(g) As-built drawings.

(1) At the time of final completion of the BMP, as-built drawings shall be prepared and provided to the city for all BMPs to determine compliance with the SWMP design.

(2) If deemed necessary by the city during the life of the BMPs, the city engineer may request updated as-built drawing of BMPs to determine compliance with the SWMP design.

(3) At such time as a property owner or applicant, including developers, transfers control of BMPs to a homeowner association, the city or other responsible party, the developer shall provide notice to the city engineer and the city may require the responsible party complete updated as-built drawings of the BMPs, and the city shall have the right to confirm that

the BMPs are in compliance with the SWMP design. prior to transfer. A maintenance bond or letter of credit shall be provided to the city for any required work to stormwater BMPs to correct to as-built standard prior to transfer of ownership or responsibility. After transfer of ownership or responsibility, the bond or letter of credit will be released by the city.

(O.16,073)

Sec. 42-566. Enforcement.

(a) The department of public works or city engineer may enter at all reasonable times and as often as necessary in or upon any private property for the purpose of investigating BMP which may be maintained in violation of this article and to determine compliance with this article; including the right to take samples and examine and copy records and the performance of additional duties defined by state and federal laws. The requirements of this article shall be enforced by the department of public works or the city engineer. The director or city engineer shall have full authority to declare a violation and issue notices provided for in this article and to take action as required and permitted by this article. The director or city engineer shall have all powers and authority necessary to cause the abatement of violations under this article. The director shall have the authority to terminate access to the municipal storm water system of a person or entity violating this article if such termination would abate a violation pursuant to this article.

(b) The city engineer or director or his designee is authorized to issue a notice of violation imposing an administrative penalty upon any person or entity or responsible party who fails to perform an act required by this section, including the benefitted property owner(s) or the property owners or parties responsible for the maintenance in accordance with the SFMA for the cost of repair work.

(1) The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(2) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to the violator by the director or city engineer. Service of the notice may be by regular mail or delivery in person. Penalties shall be paid in full within 30 days of the issuance of the notice.

(3) Such notice shall include:

i. a statement that the violator has a right to appeal regarding the violation; and

ii. a statement that the violator may file a written request for hearing with the director or city engineer, as applicable, or his or her authorized representative. The appeal must be made within 30 days of issuance of the notice and identify the notice of violation appealed from, state the basis for the appeal, and the violator's name, mailing address, email address, and daytime telephone number. The director or city engineer, or his or her authorized representative will review the appeal on the basis of the record and will notify the violator by mail, telephone or email of the decision as promptly as is reasonably possible. The appeal shall stay payment of the administrative penalty until the appeal is decided. If issuance of the notice of violator is upheld, the violator shall have 30 days from issuance of the appeal decision to pay the administrative penalty.

(4) Penalties assessed pursuant to notice of violation shall be paid by the violator in full as directed in the notice within 30 days of its issuance. Corrective action as required pursuant to notice of violation shall be completed by the violator as directed in the notice within 30 days of its issuance. The public works department or engineering department, as applicable, shall maintain a record of all administrative penalties charged or other enforcement actions taken.

(5) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in section 1-15 of this Code, unless the violator refuses to correct the violation and pay the scheduled administrative penalty, or the director determines that immediate prosecution pursuant to misdemeanor or municipal infraction prosecution pursuant to section 1-15 is, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this article.

(c) Recipients of notice of violation imposing an administrative penalty pursuant to this section whose appeal pursuant to this section is denied by the director or city engineer, or his or her designee, may request an administrative hearing in writing, which is either hand-delivered to the city clerk no later than seven calendar days from the date of the decision, or sent to the city clerk via regular mail postmarked by official U.S. postal service cancellation and not by postage meter no later than seven calendar days from the date of the decision. Such request for hearing shall be made pursuant to section 42-358.02(b). The conduct of such administrative hearing shall be as set forth in sections 42-358.02(c), (d) and (e). If the recipient of the notice of violation chooses to have an agent duly authorized by the recipient to file a request for an administrative hearing and/or to represent him/her at the hearing, such agent must be identified in a notarized statement filed with the request for administrative hearing.

(d) Failure to maintain BMPs in violation of this article or the SFMA are deemed to constitute a public nuisance.

(e) If the director or the city engineer determines that a violation of this article, has occurred or is occurring, such nuisance may be abated and enforced against and the costs of such abatement invoiced and assessed as set forth in and pursuant to article VI of chapter 42 of the Code and this section. The city may correct a violation by performing all necessary work to place the BMPs in proper working condition after providing the responsible party with notice of the need to abate such nuisance, that if not abated the city will cause such abatement, the costs of abatement and that the city will assess the costs for such abatement. The notice shall be provided to the benefitted property owner(s) or the property owners or parties responsible for the maintenance in accordance with the SFMA and provide at least a 24 hour period for abatement of the nuisance prior to the city's abatement action, provided, however, that the city may cause such abatement without prior notice in the event that such failure to repair presents an imminent risk of harm to person or property, and the director or city engineer declares an emergency on account thereof.

(f) When the city abates the nuisance pursuant to article VI, chapter 42, the city may assess the actual costs of such abatement to the benefitted property owner(s) or the property owners or parties responsible for the maintenance in accordance with the SFMA for the cost of repair work, in addition to taking any other action provided for in this section.

(g) Any person who fails to perform an act required by this article or who commits an act prohibited by this article or who resists the enforcement of any section of this article shall be guilty of a misdemeanor punishable by a fine as provided in section 1-15 of this Code.

(h) Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter or who resists the enforcement of any section of this article shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(i) The public works department or city engineer may enter at all reasonable times in or upon any or public private property to inspect and investigate work being done which is not in compliance with the requirements of this article and to inspect and investigate conditions and practices which may be a violation of this article. The director or city engineer shall have the authority to issue an order in writing to the owner of the property and/or any person engaged

in such activities on the property, ordering such person or persons to cease and desist from construction activities due to failure to implement or maintain the SWMP or to maintain any BMPs therein identified. The order shall be delivered by personal service unless any of the above cannot be found within the city, in which event notice shall be by ordinary mail addressed to the person's last known address and by posting a copy of the notice in a conspicuous place at the construction site.

(1) Construction activities shall cease on the date stated in the city engineer's or director's order and shall not recommence without the prior written approval of the city engineer.

(2) The person to whom the notice is directed may make a written request to the city engineer or director, as appropriate, for a reconsideration and hearing on the cease and desist order and/or abatement order within ten days from the issuance of the order, provided, however, that work on such property shall cease pending the outcome of the hearing.

(3) The request for hearing shall (1) contain the address of the person requesting the hearing and to which all further notices shall be mailed or served, and (2) shall state the basis for the appeal.

(4) The hearing shall be scheduled to be held as soon as practicable and no later than 14 days after the request for hearing was filed with the city engineer or director. The person requesting the hearing shall be notified in writing or by telephone of the date and place of such hearing at least three days in advance thereof. At such hearing the city engineer or director and the person requesting the hearing may be represented by counsel, examine witnesses, and present evidence as necessary.

(5) If the city engineer or director determines that the violation has created a public nuisance, the city engineer may order abatement of the nuisance by whatever means the city engineer or director may determine appropriate.

(6) The determination of the city engineer or director shall be a final administrative decision.

(7) In the event that the abatement as ordered by the city engineer or director is not performed, the city engineer or director may cause the abatement of the nuisance and assess the costs of abatement to the property in compliance with this article.

(j) The city is not precluded from seeking alternative relief from the court, including an order for abatement or injunctive relief, in the event that the city files a misdemeanor citation, notice of administrative penalty, and/or files a municipal infraction for the same violation of this article.
(O.16,073)

ARTICLE XII. NUISANCE VEGETATION MANAGEMENT

Sec. 42-567. Definitions.

The definitions found in sections 42-28, 42-451 and 42-477 shall apply to the provisions of this article, provided, however, that the following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Building shall mean any structure designed or intended for the support, enclosure, shelter, or protection of persons, animals, or property, but not including signs, general advertising signs, or wireless telecommunication towers.

City shall mean the City of Des Moines, Iowa.

Code, unless the context clearly requires otherwise, shall mean and refer to the Municipal Code of the City of Des Moines as amended from time to time.

Conservation easement means an easement in, servitude upon, restriction upon the use of, or

other interest in land owned by another, created for any of the purposes set forth in section 457A.1 of the State Code of Iowa.

Developed lot is any parcel of real property within the corporate limits of the city upon which there is any type of building, whether partial or complete, or upon which any preliminary grading or excavation for purposes of development has occurred. A parcel of land shall not be considered developed and utilized solely because of the preparation, approval, and recordation of a plat; the installation of streets; or the installation of utility lines.

Development shall have the same meaning as provided in section 135-12.6 of this Code.

Farmland means a parcel of land, not less than five contiguous acres in area, suitable and actively used for the production of farm products.

Farm products shall have the same meaning as defined in Iowa Code section 352.2(7) or any successor provision thereto.

Flower garden is a garden or part of a garden where plants that flower are purposely-planted, grown, and displayed.

Forest shall have the same meaning as defined in Iowa Code section 161A.42 or any successor provision thereto.

Garden is a plot of ground where plants other than lawn grasses are intentionally cultivated.

Hazard is any weed, grasses, or other herbaceous vegetation which interferes with: (1) any sidewalk or the traveled portion of any roadway or alley; or (2) with visibility at any intersection, or traffic control light or device; or (3) constitutes a reasonable health, safety, or fire hazard; or (4) otherwise endangers life or property.

Native vegetation means any indigenous plant species originally found in the state's prairies, excluding any noxious weeds.

Natural area is an area of forest, wetlands, waterways, or areas certified as wildlife habitat.

Noxious weeds mean the same as the definition provided by Iowa Code section 317.1A or the Iowa Administrative Code, or any successor statute or regulation thereto, as amended.

Property owner is the legal title-holder to any parcel of land. Property owner shall also mean and include any contract purchaser(s) of any parcel of land.

Purposely-planted means a plant that was intentionally planted by a human in a certain space with the intent to cultivate such plant in such space.

Undeveloped area is any real property within the city limits that is not a developed lot.

Vacant lot shall mean any property of less than one acre in size that has not been improved by the installation of a building, home, or other structural improvements or that was previously improved by the installation of a building, home, or other structural improvement but all such improvements have been removed from the property.

Vegetable garden is a garden where fruits, vegetables, and herbs are purposely-planted and grown for personal or household use.

Waterway means water occurring in any river, stream, or creek having definite banks and bed with visible evidence of the flow of water.

Weed(s) means: (1) any plant which is not intentionally cultivated or maintained and is unsightly; or (2) any undesirable or noxious plant as defined in Iowa Code Chapter 317 and any related regulations found in the Iowa Administrative Code; or (3) any plant which constitutes a hazard. Intentionally cultivated or maintained means the plant is routinely cared for by any person to foster the plant's growth or cared for to prevent overgrowth, disease, or decay. Intentionally cultivated or maintained includes planting, watering, fertilizing, trimming, cutting, or pruning.

Weed official is the neighborhood inspections administrator or designee hereby given the authority to enforce the provisions of this chapter.

Wetlands are an area of two or more acres in a natural condition that is mostly under water or waterlogged during the spring growing season and is characterized by vegetation of hydric soils.

Woody perennials are plants that live two or more years that create stiff structures above ground that they use through their lives. Woody perennials shall include trees, shrubs, and vines. (O.16,346)

Sec. 42-568. Duties of owners.

(1) The property owner of all developed lots within the city shall keep the property free from weeds.

(2) Property owners of developed lots may not allow grass on such lot to exceed ten inches in height.

(3) Property owners of developed lots may not allow for the uncontrolled growth of vegetation in areas unfit or unreasonable for such growth as determined by the weed official.
(O.16,346)

Sec. 42-569. Exceptions.

The following shall be exceptions to the requirements of section 42-568:

(1) Vegetable garden. Plants located within vegetable gardens shall be permitted to exceed ten inches in height if such gardens are maintained free from weeds;

(2) Flower garden. Plants, including ornamental grasses as well as natural grasses, located within flower gardens, shall be permitted to exceed ten inches in height if such gardens are maintained free from weeds;

(3) Woody perennials. Purposefully-planted woody perennials shall be permitted to exceed ten inches in height if they are planted and maintained in compliance with this code of ordinances and all other applicable laws;

(4) Native vegetation. Purposefully-planted native vegetation shall be permitted to exceed ten inches in height provided they do not constitute a nuisance under this Code;

(5) Weeds and other growth on any undeveloped area shall be permitted to exceed ten inches in height if any of the following apply:

a. Due to terrain or other factors naturally occurring on the parcel, such parcel is not amenable to weed control by any practical means; or

b. The undeveloped area is not located in such proximity to any developed area that uncontrolled weed growth thereon will constitute a nuisance or hazard to developed areas; or

c. Such weed growth or growth of vegetation with a height of more than ten inches is located a distance of 100 feet or more from any public street, publicly-owned property, or any developed area.

(6) Vegetative growth necessary to combat soil erosion on an active construction site may be permitted to exceed ten inches on a temporary basis at the discretion of the weed official. A construction site shall be considered active if there is a current building, grading, or other city-issued permit and work has been performed in the past 60 days;

(7) Land owned or managed by the city;

(8) Legally recorded and recognized conservation easements;

(9) Any farmland located within the city;

(10) Any natural area located within the city.

This section shall not be construed so as to permit the growing of noxious weeds as defined in Iowa Code Chapter 317
(O.16,346)

Sec. 42-570. Notice to property owner.

At least ten days prior to the abatement of the growth as authorized by this chapter, the weed official shall give notice of the proposed action in one of the following manners:

(1) By publication in a daily newspaper of general circulation in the city, notifying such property owners that unless such weeds, vines, brush, bushes, and noxious weeds as defined by the Iowa Code or the City Code, or other growths are cut or destroyed before the dates stated in the notice, the city will cut or destroy such weeds, vines, brush, bushes, and noxious weeds or other growths and assess the cost thereof to the property owner(s); or

(2) By causing a dated and signed placard to be posted in a conspicuous place on each lot found to be in violation of this chapter, the placard to state that the lot is in violation of this article, and that failure of the property owner to abate the growths within ten days of the date stated on the placard will result in the city abating the violation and assessing the actual costs and an administrative fee against the property; or

(3) By regular mail and certified mail to the property owner(s) as shown by the records of the county assessor, the notice to state that the referred lot is in violation of this article, and that failure of the owner to abate the growth within ten days of the date of the notice will result in the city abating the growth and assessing the actual costs and an administrative fee against the property.

The notice provided to the property owner shall provide directions to appeal the cited violation.
(O.16,346)

Sec. 42-571. Failure to comply.

(1) In the event that property owners fail to comply with a notice for violations of this article, the weed official shall have all powers and authority necessary to cause the abatement of the nuisance in accordance with this article. If entry onto real property for the purposes described in this section is refused, an administrative search warrant may be obtained as provided in section 1-19 of this Code. Such work completed by the city or its designee shall be done at the expense of the property owner. An invoice for the work and an administrative fee shall be sent to the owner upon completion of the work.

(2) Should the property owner not make payment in full for the costs due following abatement of the violations by the city or the city's designee, the costs due shall be assessed against the lot and collected in the same manner as a property tax.
(O.16,346)

Sec. 42-572. Compliance with other codes.

Compliance with this Code shall not be construed as to allow for violation of other city, state, or federal laws, ordinances, codes, or regulations.
(O.16,346)

Sec. 46-583. One- and two-family dwellings on a single access road.
Sec. 46-584. Commercial and industrial access roads.
Sec. 46-585. Multi-family residential developments—Access roads.
Sec. 46-586. One- or two-family residential developments—Access roads.
Sec. 46-587. Emergency responder communications enhancement systems.
Sec. 46-588. Replacement of battery-powered smoke alarm.

ARTICLE I. IN GENERAL

Sec. 46-1. Permits required.

(a) It shall be unlawful for any person to use a building or premises or engage in any activities for which a permit is required by this chapter without first having obtained such permit. Permits are required from the fire prevention bureau for the uses listed in subsections (b) through (f) of this section.

(b) The fire code official, as defined in the International Fire Code, is authorized to issue operational permits for the operations set forth in fire code sections 105.5.1 through 105.5.58 of the International Fire Code and as stated below in this subsection in addition to the following facilities or uses, and the fee for each such installation or use shall be the amount established in the schedule of fees adopted by the city council by resolution:

(1) Acetylene generator. To operate an acetylene generator having a carbide capacity of five pounds or greater.

(2) Inspection, maintenance and certification of fire appliances.

(3) Operation for conducting a fireworks or fire, open flames or flammable material display or compound, use or store of pyrotechnic special effects material (see section 46-215 of this chapter).

(c) The fire code official is authorized to issue construction permits for work as set forth in sections 105.6.1 through 105.6.25. of the fire code and the following. The fee for issuance of such permit shall be the amount established in the schedule of fees adopted by the city council by resolution:

(1) Demolition of a fire protection system (without replacement or modification).

(d) Exemption for certain classes of applicants. Persons performing work or operations for the federal government or the state may obtain permits for such work or operations without paying the permit fees described in this section.

(e) A permit shall be required for open-flame decorative devices/fire pits pursuant to section 46-73. Outdoor fireplaces or grills burning untreated wood or charcoal used solely for the non-commercial preparation of food shall not be required to obtain a permit.

(f) The permit fees required by this section shall be doubled whenever a permit is not obtained prior to conducting the activities described in this section. No additional permits shall be issued to any person who owes the city the double fee established in this subsection.
(O.15,546, 15,666, 15,860, 16,318, 16,521)

Sec. 46-2. Fire zones and boundaries.

For the purpose of this chapter, the entire city is declared to be and is established a fire district, and such fire district shall be known and designated as fire zones no. 1, no. 2, no. 3, and no. 4, and shall include such territory or portions of the city as follows:

(1) *Fire zone no. 1.* Fire zone no. 1 shall be all that district east and west of the Des Moines River, within the following boundaries.

a. East of Des Moines River. Beginning on the east bank of the Des Moines River at the projected centerline of East Vine Street, thence east along the centerline of East Vine Street to the centerline of East Seventh Street, thence north along the centerline of East Seventh Street to the centerline of East Locust Street, thence west along the centerline of East Locust Street to the centerline of East Sixth Street, thence north along the centerline of East Sixth Street to the centerline of Des Moines Street, thence west along the centerline of Des Moines Street and the westerly projection thereof to the east bank of the Des Moines River, thence continuing on said westerly projection to the west bank of the Des Moines River; thence south along the west bank of the Des Moines River to the westerly

projection of the centerline of East Vine Street; thence east along the westerly projection of East Vine Street to the point of beginning.

b. West of Des Moines River. Beginning on the west bank of the Des Moines River at the centerline of Center Street, thence west along the centerline of Center Street to the centerline of Third Street, thence south along the centerline of Third Street to the centerline of Park Street, thence west along the centerline of Park Street and along the centerline of Keosauqua Way to the centerline of Ninth Street, thence south along the centerline of Ninth Street to the centerline of Pleasant Street, thence west along the centerline of Pleasant Street to the centerline of Tenth Street, thence south along the centerline of Tenth Street to the centerline of High Street, thence west along the centerline of High Street to the centerline of Twelfth Street, thence south along centerline of Twelfth Street to the centerline of Mulberry Street, thence east along the centerline of Mulberry Street to the centerline of Tenth Street, thence south along the centerline of Tenth Street to the centerline of Vine Street, thence east along the centerline of Vine Street and the easterly projection thereof to the west bank of the Des Moines River, thence north along the west bank of the Des Moines River to the point of beginning.

(2) *Fire zone no. 2.* Fire zone no. 2 shall be all that district lying outside of fire zone no. 1 but within the boundaries defined as follows:

a. West Des Moines River. Beginning on the west bank of the Des Moines River at the south right of way line of the MacVicar Freeway, thence west along the south right of way line of the MacVicar Freeway to the projection north of the centerline of Fifteenth Street, thence south along the projection north and along the centerline of Fifteenth Street to the intersection of centerline of Fifteenth Street and the centerline of Sixteenth Street, thence south along the centerline of Sixteenth Street to the main line track of the Chicago, Rock Island & Pacific Railroad Company, thence southeasterly along the tracks to the centerline of Vine Street, thence east along the centerline of Vine Street extended to the west bank of the Des Moines River, thence north along the west bank of the Des Moines river to the point of beginning.

b. East of Des Moines River. Beginning on the east bank of the Des Moines River at the centerline of Des Moines Street, thence east along the centerline of Des Moines Street to the centerline of East Sixth Street, thence north along the centerline of East Sixth Street to the south right of way line of the MacVicar Freeway, thence west along the south right of way line of the MacVicar Freeway to the east bank of the Des Moines River, thence continuing along the south right of way line of MacVicar Freeway to the west bank of the Des Moines River, thence south along the west bank of the Des Moines River to the westerly projection of the centerline of Des Moines Street, thence east along said westerly projection to the point of beginning.

(3) *Fire zone no. 3.* Fire zone no. 3 shall be all that district lying outside of fire zone no. 1 and no. 2 but within the boundaries defined as follows:

a. Beginning at the centerline of Ingersoll Avenue intersecting with the centerline of Fifteenth Street, thence west along the centerline of Ingersoll Avenue to the centerline of Martin Luther King Jr. Parkway,

thence south along the centerline of Martin Luther King Jr. Parkway to the north bank of the Raccoon River, thence east along the Raccoon River to confluence of the Des Moines and Raccoon Rivers, thence north along the west bank of the Des Moines River to the centerline of West Martin Luther King Jr Parkway, thence east along the centerline of West Martin Luther King Jr. Parkway and along the centerline of East Martin Luther King Jr. Parkway to the centerline of Southeast 6th Street, thence north along the centerline of Southeast 6th Street to the centerline of East Vine Street, thence west along the centerline of East Vine Street and along the centerline of Vine Street to the main track of the Chicago, Rock Island & Pacific Railroad Company; thence northwest along the tracks to the centerline of Sixteenth Street, thence north along the centerline of Sixteenth Street to the intersection of the centerline of Fifteenth Street and the centerline of Sixteenth Street; thence northeast and north along the centerline of Fifteenth Street to the point of beginning.

(4) *Fire zone no. 4.* Fire zone no. 4 shall include all that part of the city not included in fire zones no. 1, 2, and 3.

(O.15,546, 16,318, 16,377, 16,521)

Sec. 46-3. Violations.

(a) Any person who fails to perform an act required by the provisions of this chapter, or who commits an act prohibited by the provisions of this chapter, shall be guilty of a misdemeanor punishable by fine as provided by section 1-15, or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15, subject to the simple misdemeanor minimum fines below in subsections (c), (d) and (e).

(b) The fire department may also proceed under public nuisance provisions set forth in this code, and/or pursue any other remedy available at law, to address any failure to perform an act required by the provisions of this chapter or any action prohibited by the provisions of this chapter.

(c) A person who sells consumer fireworks to a person who is less than 18 years of age commits a simple misdemeanor, punishable by a fine of not less than $250.00. A person who is less than 18 years of age who purchases consumer fireworks commits a simple misdemeanor, punishable by a fine of not less than $250.00.

(d) A person who uses or explodes consumer fireworks in violation of this article commits a simple misdemeanor, punishable by a fine of $200.00.

(e) A person who uses or explodes display fireworks while the use of such devices is in violation of this article commits a simple misdemeanor, punishable by a fine of not less than $250.00.

(O.15,546, 15,586, 16,365)

Sec. 46-4. Municipal infractions.

(a) The first violation of chapter 46 within the calendar year shall be deemed the first offense punishable by a civil penalty not to exceed $750.00, plus inspection fees where applicable. The second and each subsequent violation of chapter 46 within a calendar year shall be a repeat offense, punishable by a civil penalty not to exceed $1,000.00, plus inspection fees where applicable.

(b) When enforcement is sought through a municipal infraction proceeding, the fire chief or the chief's authorized representative may enter into consent orders, assurances of voluntary compliance, or other similar documents establishing an agreement with the person responsible for the violation. Such orders will include specific action to be taken by the person responsible for the violation to correct said violation within a time period specified by the order.

(O.15,546, 16,521)

Sec. 46-5. Notice of violation—Administrative penalties—Corrective action order.

(a) The fire department is authorized to issue a notice of violation imposing administrative penalties upon any person who fails to perform an act required by chapter 46 of this Code or who commits an act prohibited by said chapter.

(b) Such notice of violation may include a corrective action order requiring compliance with the violated code section within 30 days.

(c) The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(d) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to and served upon the violator. Service of the notice upon the violator may be by regular mail or certified mail or by delivery in person. Such notice shall include:

(1) A statement that the violator has a right to appeal regarding the violation; and

(2) A statement that the violator may file a written appeal with the fire marshal or the marshal's authorized representative. The appeal must be made within 30 days of issuance of the notice and must identify the notice of violation appealed from and state the basis for the appeal, the violator's name, mailing address, email address, and daytime telephone number. The fire marshal or the marshal's authorized representative will consider the appeal on the basis of the appeal and record and will notify the violator by mail or email of the decision as promptly as is reasonably possible. The appeal shall stay payment of the administrative penalty and performance of the corrective action until the appeal is decided. If issuance of the notice of violation is upheld, the violator shall have 30 days from issuance of the appeal decision to pay the administrative penalty and to perform the corrective action.

(e) Penalties assessed pursuant to notice of violation shall be paid by the violator in full as directed in the notice within 30 days of its issuance. Corrective action as required pursuant to notice of violation shall be completed by the violator as directed in the notice within 30 days of its issuance.

(f) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in sections 46-3 and 46-4 unless:

(1) The violator refuses to correct the violation and pay the scheduled administrative penalty, or

(2) The fire chief or the chief's authorized representative determines that immediate enforcement action by misdemeanor or municipal infraction prosecution pursuant to sections 46-3 and 46-4, by public nuisance procedure, or any other remedy available at law is necessary to achieve compliance with the requirements of this chapter in view of the particular circumstances of the case.

The fire department shall maintain a record of all violations, administrative penalties charged, or other enforcement actions taken.
(O.15,546, 15,860, 16,318, 16,521)

Sec. 46-6. Liability for damages.

(a) The city or any employee is not liable for damages to a person or property as a result of any act or failure to act in the enforcement of this chapter, unless the act of enforcement constitutes false arrest.

(b) This chapter shall not be construed to relieve from or lessen the responsibility of any person owning, operating, or controlling any equipment or structure regulated in this chapter for damages to a person or property caused by its defects, nor shall the city or any city employee be held as assuming any such liability because of the inspections authorized by this chapter or any approvals issued under this chapter.
(O.15,546, 16,521)

Sec. 46-7. Fire protection system inspection permits.

All fire protection system(s), as defined in the International Fire Code and required by the fire chief, shall be inspected and shall have an approved tag affixed to them showing the date of inspection and the identity of the person inspecting them. No fire protection system shall be inspected by any person unless he or she has first obtained a permit from the fire prevention bureau. Such permit shall be issued to any person successfully passing a standard qualifying examination for the fire protection system and any other requirements adopted by the bureau.
(O.15,546, 16,318)

Secs. 46-8—46-30. Reserved.

ARTICLE II. FIRE DEPARTMENT*

Sec. 46-31. Title; references.

Except for purposes of administration and organization, this article shall be known and may be cited as "fire department." For the purpose of this article, the term "fire division" shall be synonymous with and refer to the fire department.
(O.15,546)

Sec. 46-32. Chief.

(a) *Appointment; responsibility.* The chief of the fire department, also known as the fire chief, shall be appointed by the city manager and responsible to the manager for the functions of the fire department.

(b) *Supervision of department.* The chief of the fire department shall supervise and direct the fire department.

(c) *Absence or disability.* In the absence or disability of the chief of the fire department, the city manager shall designate an assistant fire chief to act as chief of the fire department during such absence or disability.

(d) *Powers and duties generally.* The chief of the fire department shall be responsible for the protection of life and property against fire, prevention and extinguishment of fires, and the removal of fire hazards. The chief of the fire department shall see that all provisions of law or ordinance passed for the protection of the city against fire are enforced.

(e) *Authority to prescribe rules and regulations.* The fire chief shall have the power to promulgate and establish, with the approval of the city manager, rules and regulations for the government of the fire department.

(f) *Property and equipment.* The fire chief shall be responsible for the care, maintenance, and custody of all property and equipment of the fire department.
(O.15,546, 16,521)

Sec. 46-33. Reserved.

Editor's note—Ord. No. 16,149, § 1, adopted June 27, 2022, repealed § 46-33, which pertained to copies of fire and medical records and reports and derived from Ord. No. 15,546.

Sec. 46-34. Organization base of geographical districts.

The fire department shall be organized on the basis of geographical districts of the city. Its personnel and equipment shall be assigned by the chief of the fire department, with the approval of the city manager, to the various geographical districts. Insofar as possible, these assignments shall be made in such a manner that all areas of the city have adequate fire protection.
(O.15,546)

Secs. 46-35—46-60. Reserved.

ARTICLE III. CODE

Sec. 46-61. Adoption of International Fire Code.

(a) This chapter shall consist of the International Fire Code, 2024 edition, published by the International Code Council, Inc., and known commonly and referenced in this chapter

*__Cross reference—__Departments, § 2-536 et seq.

as the "International Fire Code" and as the "fire code," which volume is incorporated in this chapter by this reference as fully as though set forth in this chapter in its entirety, excepting only such portions as are stated to be deleted therefrom and such amendments or additional provisions as are set forth in this article.

(b) This chapter and all provisions incorporated in this chapter, by reference or otherwise, shall be known as the fire prevention code, may be cited as such, and will be referred to in this chapter as such and as "this code," "this article," or "this chapter." Further references made in this chapter to chapters will be to chapters of the International Fire Code. References to section numbers not preceded by "46-" will be to sections in the International Fire Code.
(O.15,546, 15,860, 16,318, 16,521)

Sec. 46-62. Deletions.

The following sections are hereby deleted from the International Fire Code adopted in section 46-61 of this article and are of no force or effect in this chapter:

(1) Sections 101.1, 608.13.4 Item #5, 806.1.1 Exception #2, Exemption for 105.5.36.

(2) Appendix A.

(3) Section 907.6.3 Exceptions #1, 2, and 4 (see section 46-475 of this chapter).

(O.15,546, 15,860, 16,318, 16,521)

Sec. 46-63. Amendments and additions.

(a) Article I of this chapter and the remaining sections in this chapter are and represent amendments and additions to the requirements contained in the International Fire Code. Where the requirements conflict with those of the International Fire Code, the requirements of this chapter shall prevail.

(b) The following sections of the International Fire Code are deleted and are amended as follows:

(1) Section 113.4, except section 113.4.1 thereof which is not amended or deleted and remain incorporated in this chapter (see sections 46-3, 46-4, and 46-5 of this chapter.)

(2) Section 5608.2 (see article VI of this chapter).

(3) Section 6104, except 6104.1 and 6104.3, which are not amended or deleted and remains incorporated in this chapter (see article VIII of this chapter).

(4) Section 4104.2 (see section 46-66 of this chapter).

(5) Section 1101.4 (see section 46-68 of this chapter).

(6) Section 307.4.2 (see section 46-72 of this chapter).

(7) Section 503.2.1 (see section 46-442 of this chapter).

(8) Section 505.1 (see section 46-443 of this chapter).

(9) Section 507.5.1.1. (see section 46-445 of this chapter).

(10) Section 507.5.5 (see section 46-445 of this chapter).

(11) Section 508.1 (see section 46-456 of this chapter).

(12) Section 508.1.3 (see section 46-456 of this chapter).

(13) Section 903.2.1.1 (see section 46-469 of this chapter).

(14) Section 903.2.1.2 (see section 46-469 of this chapter).

(15) Section 903.2.1.3 (see section 46-469 of this chapter).

(16) Section 903.2.1.4 (see section 46-469 of this chapter).

(17) Section 903.2.2 (see section 46-469 of this chapter).

(18) Section 903.2.3 (see section 46-469 of this chapter).

(29) Section 903.3.1.1.4 (see section 46-588 of this chapter).

(O.15,546, 15,860, 15,939, 16,318, 16,333, 16,521)

Sec. 46-64. Appeals.

(a) Other than notices of immediate enforcement action by misdemeanor or municipal infraction prosecution or other remedies at law, or public nuisance violations addressed through procedures set forth elsewhere in this code, any person affected by a decision of the building official, fire chief or the designee of either may request and shall be granted a hearing before the building and fire code board of appeals on the decision if the person files in the permit and development center a written petition requesting a hearing and setting forth a brief statement of the grounds within 15 days after receiving notice of the decision. Upon receipt of the petition, the permit and development center shall set a time and place for the hearing and shall give the petitioner written notice thereof at least three days before the hearing, unless such notice requirement is waived in writing by the petitioner. The hearing shall be commenced not later than 30 days after the day on which the petition was filed, unless for good cause shown the building official grants a postponement in writing.

(b) At the hearing the petitioner shall be given an opportunity to be heard to show why the decision of the building official, fire chief, or either's designee should be modified or withdrawn. The building official or fire chief or designee shall have the opportunity to be heard to show why their decision should be affirmed.

(c) After the hearing as provided in this section, the building and fire code board of appeals shall affirm, modify, or withdraw the decision of the building official, fire chief, or either's designee. The decision of the building and fire code board of appeals is the final administrative decision.

(d) The proceedings at any hearing before the board, including the findings and decision of the building official, fire chief, or either's designee, if applicable, shall be summarized, reduced to writing, and entered as a matter of public record in the permit and development center. This record shall include a copy of every notice or order issued in connection with the matter.

(O.15,546, 16,521)

Sec. 46-65. Inspections for multi-family dwellings.

Group R-3 and R-4 (formerly referred to as R division 3) occupancies shall be inspected upon request of the occupant. Fire department personnel will not be responsible for the inspection of group R-1 and R-2 (formerly referred to as R division 1) occupancies, except hotels and dormitories. The Neighborhood Inspection Division shall be responsible for enforcement of the housing code and fire safety requirements as provided in article IV of chapter 26 of the City Code.

(O.15,546, 15,860, 16,318, 16,521)

Sec. 46-66. Open flame cooking devices.

Delete section 4104.2 and insert in lieu thereof the following new section:

4104.2 Open-flame cooking devices. Charcoal burners, other open-flame cooking devices, and other devices that produce ashes or embers shall not be operated on balconies or within 20 feet (6096 mm) of combustible construction. Location of LP containers shall comply with section 6104.

Exceptions:

1. One- and two-family dwellings, constructed in accordance with the International Residential Code.

2. LP-gas cooking devices having LP-gas container with a water capacity not greater than 20 pounds.

(O.15,546, 16,521)

Sec. 46-67. Single and multiple station smoke alarms.

Listed single and multiple-station smoke alarms complying with UL 268 shall be installed in accordance with provisions of this code and the household fire warning equipment provision of NFPA 72. Smoke alarms in dwelling units shall be addressable with sounder bases and monitored by the building fire alarm system as a supervisory signal only. Mini horns in dwelling units are not required if notification from a building fire alarm system is through the smoke alarms with sounder bases. Section 46-67 only applies to the R-1, R-2, R-4 and I-1 occupancies as defined in the International Fire Code. Single and multi-station smoke alarms shall be installed in locations detailed in sections 907.2.11.
(O.15,546, 15,860, 16,318)

Sec. 46-68. Owner notification for retroactive provisions.

(a) Upon the issuance of a building permit under chapter 26 of the City Code and determination by the fire code official that alterations are needed to the existing building to provide a minimum degree of fire and life safety to persons occupying said building, the property owner has three calendar years from the date of issuance of the building permit to comply with the requirements of chapter 11 of the International Fire Code in effect at the time of permit issuance that apply to the building in question. If, at the end of the initial three-year period, the fire code official determines that the property owner has made substantial progress in bringing the property into compliance, the fire code official may grant a single two-year extension to the owner to complete such work. If, however, the fire code official determines that substantial progress has not been made by the property owner by the end of the initial three-year period or, when applicable, the property owner fails to complete the work during the two-year extension period, then the property will be subject to compliance with the retroactive requirements of chapter 11 in effect at the end of the initial three-year period or, when applicable, the two-year extension period that apply to the building in question.

(b) Upon determination by the fire code official that alterations are needed to an existing building to provide a minimum degree of fire and life safety to persons occupying said building and/or to provide for fire prevention and response within said building, the fire code official may require the property owner to comply with some or all of the requirements of chapter 11 of the International Fire Code in effect at the time of such determination, and may require the property owner to comply with the specified requirements within the time period set forth in written notice given by the fire code official to the property owner, not to exceed three calendar years from the date of said notice or as dictated in the International Fire Code, whichever is longer.
(O.15,546, 15,860)

Sec. 46-68.1. Group I-2, Condition 2.

The following text shall be added to the end of section 1103.5.3:

> The automatic sprinkler system shall be installed as established by section 46-68 of the city code.

(O.16,318, 16,521)

Sec. 46-69. Securing fire-damaged premises after fire event.

Section 115 of the international fire code is amended by adding a new section 115.8 to read as follows:

Section 115.8 Securing fire-damaged premises after fire event.

(1) The following definitions apply to this section:

"Fire event" means a response by the Des Moines Fire Department to extinguish a fire within a building, dwelling or other structure that commences with the dispatching of fire department resources and concludes with the fire officer in charge terminating the incident.

"Fire-damaged structure" means a building, dwelling or other structure

within the corporate limits of the city that has been partially burned during a fire event.

"Nuisance" means injurious or dangerous to public safety and constituting an emergency requiring immediate abatement pursuant to article VI, chapter 42 of the city code and/or other applicable city code section(s).

"Property owner" means the record titleholder(s) and/or contract purchaser(s) of the real property upon which a fire-damaged structure is located.

(2) A fire-damaged structure in an unsecured condition may be determined by a designated fire department official, in his or her sole discretion, to constitute a nuisance.

(3) The designated fire department official may but is not required to give notice to the property owner(s) of such a determination of nuisance requiring immediate abatement, and a hearing regarding the existence of the nuisance pursuant to section 42-358.02(c) of this code may be held if practical under the circumstances, but shall not be required to be held if impractical under the circumstances, prior to abatement of the nuisance by the property owner or the city.

(4) A fire-damaged structure determined to constitute a nuisance shall be secured by the property owner(s), at the property owner's sole expense, in accordance with this section and within the time allowed by the designated fire department official, in his or her sole discretion, unless the designated fire official determines that securing of the fire-damaged structure during the fire event is required.

(5) Prior to securing a fire-damaged structure determined to constitute a nuisance, the property owner(s) shall remove or cause to be removed all living beings from such structure.

(6) The property owner(s) shall secure all windows, doors, and other structural openings of the fire-damaged structure determined to constitute a nuisance to prevent access by unauthorized persons.

(7) A fire-damaged structure determined to constitute a nuisance which cannot be properly secured from access to the interior by the use of window locks, door locks, padlocks, or other appropriate locking mechanisms, shall be secured by the property owner(s) as follows:

a. Completely enclosing over all structural openings (windows, doors, roof openings) on the exterior of such fire-damaged structure with plywood; or

b. Completely enclosing such fire-damaged structure with a temporary snow fence of not less than forty-eight (48") inches in height; or

c. By any different and/or additional measures set forth in any written notice given by the designated fire department official to the property owner(s).

(8) If the property owner(s) fails to secure a fire-damaged structure determined to constitute a nuisance in accordance with the requirements of this section, or if the designated fire official determines that securing of the fire-damaged structure during the fire event is required, the fire chief or his or her designee, who may include the development services department director or his or her designee, may cause such fire-damaged structure

to be secured and assess the costs thereof against the real property upon which such fire-damaged structure is located for collection in the same manner as a property tax, following hearing in accordance with article VI, chapter 42 of the city code and/or other applicable city code sections.

(9) Property owner(s) shall be joint and severally liable for performing the actions required by this section and for any property assessments arising from failure to perform such actions.

(O.15,546, 16,318, 16,521)

Sec. 46-70. Vacant premises.

(a) Section 311.1 of the International Fire Code is amended to read as follows:

311.1 General. Permanently or temporarily unoccupied buildings, structures, premises or portions thereof, including tenant spaces, shall be safeguarded and maintained in accordance with sections 311.1.1 through 311.6.

(b) Section 311.1.1 of the International Fire Code is amended to read as follows:

311.1.1 Abandoned premises. Buildings, structures, and premises for which an owner cannot be identified or located by dispatch of a certificate of mailing to the last known or registered address, which persistently or repeatedly become unprotected or unsecured, which have been occupied by unauthorized persons or for illegal purposes, or which present a danger of structural collapse or fire spread to adjacent properties may be considered abandoned, declared unsafe and abated by demolition or rehabilitation in accordance with chapters 26, 42 and/or 60 of the city code, as applicable.

(c) Section 311.2 of the International Fire Code is amended to read as follows:

311.2 Safeguarding vacant premises. Permanently or temporarily unoccupied buildings, structures, premises, or portions thereof (collectively "premises") shall be secured and protected by persons owning or in charge or control of such premises in accordance with sections 311.2.1 through 311.2.3.

(d) Section 311 of the International Fire Code is amended by adding a new section 311.7 as follows:

Section 311.7 Compliance. The fire code official may notify the person(s) owning, or in charge or control of, a vacant building, structure, premises or portion thereof (collectively "premises") of failure to comply with any of the requirements of sections 311.2 to 311.4 and may require compliance by such person(s) within the time set forth in the notice. If compliance does not occur within the time set forth in the notice, the fire chief or the chief's designee may seek available remedies, including but not limited to abatement and assessment of costs pursuant to chapters 26, 42 and/or 60 of the city code, as applicable.

(O.15,546, 15,860, 16,318, 16,521)

Sec. 46-71. Reserved.

Editor's note—Ord. No. 16,521, § 1, adopted Dec. 8, 2025, repealed § 46-71, which pertained to bonfires and derived from Ord. No. 15,860.

Sec. 46-72. Recreational fires.

Insert new section 105.5.36.1 with the following language:

Section 105.5.36.1 Permit Required. A permit shall be obtained prior to conducting any type of recreational fire.

Exception: Outdoor fireplaces or grills burning untreated wood or charcoal used solely for the non-commercial preparation of food. Such fires shall be extinguished upon completion of the food preparation. Such fires shall be conducted in an appliance that: provides for air entrainment underneath the fuel source, provides a cooking grate, and provides a non-combustible cover.

(O.15,860, 16,521)

Sec. 46-73. Open-flame decorative devices/fire pits.

Insert new section 105.5.58 of the International Fire Code with the following language:

Section 105.5.58 Permit Required. A permit shall be obtained prior to installing or using an open flame decorative device/fire pit.

Exception: One- and two-family dwellings.

Insert new section 308.5 with the following language:

Section 308.5 Open-flame Decorative Devices/Fire Pits. Open-flame decorative devices/fire pits shall comply with the restrictions identified in section 308.3.1 of the fire code.

Insert new section 308.5.1 with the following language:

Section 308.5.1. Gas Fired Open-flame Decorative Devices/Fire Pits. An approved emergency shut-off valve designed to close in the event of a fire or other emergency shall be provided. The valve shall be capable of being activated by a switch within 75-feet of the fueled device. The switch shall be labeled "EMERGENCY FUEL SHUT-OFF" and shall be provided with ready access.
(O.15,860, 16,318, 16,521)

Sec. 46-74. Administrative permits.

Insert new section 106.2.2.1 with the following language:

106.2.2.1 Administrative permits. The fire code official shall have the authority to adopt policies and procedures regarding the required documentation and permit processes for additions or remodeling of existing systems where they are deemed to not require a full set of submittal documentation. Such permits shall still meet the intents of the applicable codes and a full set of construction documents shall be submitted for approval upon request of the fire code official.
(O.16,521)

Sec. 46-75. Parking garage sprinkler design.

Insert new section 903.3.1.1.4 Parking garages.

903.3.1.1.4 Parking garages. Sprinkler systems shall be designed in accordance with Extra Hazard (Group 1) of NFPA 13 for parking garages where located one or more stories below an A, B, E, I, M, or R occupancy.
(O.16,521)

Secs. 46-76—46-90. Reserved.

ARTICLE IV. HAZARDOUS SUBSTANCES

Sec. 46-91. Scope.

This article shall apply to the release of hazardous substances and the notification, cleanup, and recovery of costs associated with the mitigation of hazardous conditions.
(O.15,546, 16,521)

Sec. 46-92. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Assisted political entity means any city, county, township, or the state entering into an I.C. ch. 28E agreement with the city, the purpose of which is to render assistance to such political entity in cases of hazardous conditions within its jurisdiction or affecting the environment of its jurisdiction as defined in this chapter creating a hazardous substance emergency.

Cleanup means the removal of the hazardous substances to a place where the waste will not cause any danger to persons or the environment, in accordance with the state statutes, rules, and regulations therefor, or the treatment of the material as defined in this article to eliminate the hazardous condition, including the restoration of the area to a general good appearance without noticeable odor as far as practicable. The term "cleanup" includes all actions necessary to contain, collect, identify, analyze, treat,

disperse, remove, or dispose of a hazardous substance and to restore the situs from which such hazardous substance was cleaned up.

Hazardous condition means any situation involving the actual, imminent, or probable spillage, leakage, or release of a hazardous substance:

(1) Within the city or onto city property located outside the city which, because of the quantity, strength, and toxicity of the hazardous substance, its mobility in the environment and its persistence, creates an immediate or potential danger to the public health or safety; or

(2) Onto land, into the waters within the state or into the atmosphere, but outside the city, which, because of the quantity, strength, and toxicity of the hazardous substance, its mobility in the environment and its persistence, creates an immediate or potential danger to the public health or safety of persons or property within the city.

The term "hazardous condition" includes any accident involving hazardous materials required to be reported under I.C. § 321.266(4).

Hazardous substance means any substance or mixture of substances that presents a danger to the public health, safety, or environment and includes but is not limited to a substance that is toxic, corrosive, flammable, or an irritant or that, in confinement, generates pressure through decomposition, heat, or other means. The following are examples of substances which, in sufficient quantity, may be hazardous: acids; alkalis; explosives; fertilizers; heavy metals such as chromium, arsenic, mercury, lead and cadmium; industrial chemicals; paint thinners; paints; pesticides; petroleum products; poisons; radioactive materials; sludges; and organic solvents. The term "hazardous substance" includes any hazardous waste identified or listed by the administrator of the United States Environmental Protection Agency under the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act of 1976; any toxic pollutant listed under section 307 of the federal Water Pollution Control Act of 1976 as amended to January 1, 1977; any hazardous substance designated under section 311 of the federal Water Pollution Control Act as amended to January 1, 1977; any hazardous material designated by the Secretary of Transportation under the Hazardous Materials Transportation Act; or any hazardous substance listed under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980.

Person means a natural person, his or her heirs, executors, administrators, or assigns, and also includes a firm, partnership, or corporation, its or their successors or assigns or any other similar legal entity or the agent of any of such.

Responsible person means the person, whether the owner, agent, lessor, or tenant, in charge of the hazardous substance being stored, processed, or handled or the owner or bailee transporting hazardous wastes or substances, whether on public ways or grounds or on private property, where the spill would cause danger to the public or to any person or to the environment.

Treatment means a method, technique, or process, including neutralization, designed to change the physical, chemical, or biological character or composition of a hazardous substance so as to neutralize it or to render the substance nonhazardous, safer for transport, amenable for recovery, amenable for storage, or to reduce it in volume. Treatment includes any activity or processing designed to change the physical form or chemical composition of hazardous substance to render it nonhazardous.
(O.15,546, 16,521)

Cross reference—Definitions generally, § 1-2.

Sec. 46-93. Notifications.

When a hazardous condition is created, the responsible person shall notify the fire department immediately upon discovery of the condition but in no instance later than 30 minutes after the discovery of the hazardous condition.
(O.15,546)

Sec. 46-94. Cleanup required.

Whenever a hazardous condition is created by the deposit, injection, dumping, spilling, leaking, or placing of a hazardous substance so that the hazardous substance or a constituent of the

hazardous substance may enter the environment or be emitted into the air or discharged into any waters, including groundwaters, the fire chief or the chief's designee may remove or provide for the removal and disposal of the hazardous substance at any time, unless the fire chief or the chief's designee determines such removal will be properly and promptly accomplished by the responsible person. If the responsible party does not initiate and complete cleanup within the time designated by the fire department, the city may proceed to remedy the hazardous condition by performing the necessary cleanup services.
(O.15,546, 16,521)

Sec. 46-95. Loss, burden, or costs and charges.

(a) A responsible person, except as otherwise provided in this article, shall be liable to the city for all cleanup costs incurred by the city, including but not limited to chemical damage, contamination of equipment, and the use of consumable materials, but shall not be liable for those losses, burdens, or costs normally associated with response to fire emergencies which do not involve hazardous conditions. Charges for such cleanup costs shall be billed and collected by the city unless otherwise provided by an I.C. ch. 28E agreement or other contract. However, the costs of any cleanup requiring less than one hour of emergency service shall not be charged against the responsible person.

(b) An assisted political entity shall be liable to the city for all costs incurred by the city, including but not limited to use of personnel, chemical damages, contamination of equipment, and the use of consumable materials, the amount of such costs to be determined by a per-hour fee based on actual costs to the city approved by the city council. These costs shall be billed directly to the assisted political entity by the city.

(c) The city manager shall determine the costs to the city of providing the services of the city in an amount equal to the actual costs to the city expended in responding to hazardous conditions. The costs as determined by the city manager shall be promulgated as a schedule of fees, which the city manager shall review and revise not less than once a year. Fees established by the city manager shall be charged to and collected from the responsible person as provided in this section.
(O.15,546, 16,521)

Secs. 46-96—46-120. Reserved.

ARTICLE V. RESERVED*

Secs. 46-121—46-210. Reserved.

ARTICLE VI. FIREWORKS AND PYROTECHNIC SPECIAL EFFECTS MATERIAL

Sec. 46-211. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Consumer fireworks means those fireworks as defined by Iowa Code section 727.2 and includes the below described First-Class Consumer Fireworks and Second-Class Consumer Fireworks.

First-class consumer fireworks means the following Consumer Fireworks, as described in American Pyrotechnics Association Standard 87-1, chapter 3.

(1) Aerial shell kits and reloadable tubes.

(2) Chasers.

(3) Helicopter and aerial spinners.

(4) Firecrackers.

(5) Mine and shell devices.

(6) Missile-type rockets.

(7) Roman candles.

(8) Sky rockets and bottle rockets.

(9) Multiple tube devices under this definition that are manufactured in

*__Editor's note—__Ord. No. 16,521, § 1, adopted Dec. 8, 2025, repealed § 46-121, which pertained to welding and cutting, calcium carbide and acetylene—Permits required and derived from Ord. No. 15,546.

accordance with American Pyrotechnics Association Standard APA 87-1, section 3.5.

Second-class consumer fireworks means the following consumer fireworks, as described in American Pyrotechnics Association Standard 87-1, chapter 3.

(1) Cone fountains.

(2) Cylindrical fountains.

(3) Flitter sparklers.

(4) Ground and hand-held sparkling devices, including multiple tube ground and hand-held sparkling devices that are manufactured in accordance with American Pyrotechnics Association Standard 87-1, section 3.5.

(5) Ground spinners.

(6) Illuminating torches.

(7) Toy smoke devices that are not classified as novelties pursuant to American Pyrotechnics Association Standard 87-1, section 3.2.

(8) Wheels.

(9) Wire or dipped sparklers that are not classified as novelties pursuant to American Pyrotechnics Association Standard 87-1, section 3.2.

Display fireworks includes any explosive composition, or combination of explosive substances, or article prepared for the purpose of producing a visible or audible effect by combustion, explosion, deflagration, or detonation, and includes fireworks containing any explosive or flammable compound, or other device containing any explosive substance. Display fireworks do not include consumer fireworks.

Fireworks means consumer fireworks and display fireworks. Fireworks does not include novelties as defined in American Pyrotechnics Association Standard 87-1, chapter 3 and that comply with the labeling regulations promulgated by the United States Consumer Product Safety Commission.
(O.15,546, 15,586, 16,521)

Cross reference—Definitions generally, § 1-2.

Sec. 46-212. Prohibitions.

(a) It shall be unlawful to manufacture fireworks within the city limits.

(b) It shall be unlawful to sell display fireworks within the city limits.

(c) It shall be unlawful for a person to possess, use, or explode display fireworks except in possession of and in compliance with all requirements of a permit issued under section 46-215.

(d) It shall be unlawful for a person to use or explode consumer fireworks within the city limits on any day or time other than July 3 from 9:00 am to 10:00 pm, July 4 from 9:00 am to 11:00 pm, or December 31 from 9:00 am to 11:59 pm.

(e) No consumer fireworks may be used or exploded on city property or public right of way and may only be used or exploded on private property by or with the consent of the owner of the property.
(O.15,546, 15,586, 15,619, 16,474, 16,521)

Sec. 46-213. Sale of consumer fireworks.

(a) It shall be unlawful for a person to offer for sale, expose for sale, or sell at retail consumer fireworks, unless a person is a retailer or community group as defined in Iowa Code chapter 100 and possesses and complies with all requirements of a consumer fireworks seller license issued by the state fire marshal. Consumer fireworks may only be sold during the dates and times as allowed under Iowa Code chapter 100 and in zoning districts permitted by this code.

(b) It shall be unlawful for a person to sell consumer fireworks to a person less than 18 years of age and it shall be unlawful for a person who is less than 18 years of age to purchase consumer fireworks.

(c) The following information must be stated in an easily readable type size and prominently posted at the place of payment at each location selling consumer fireworks:

(1) The use or explosion of consumer fireworks within the city limits is prohibited; and

(2) A violation of section 46-212(d) prohibiting the use or explosion of consumer

fireworks within the city limits constitutes a simple misdemeanor, punishable by a fine of $200.00.

(O.15,546, 15,586, 15,671, 16,365, 16,521)

Sec. 46-214. Reserved.

Editor's note—Ord. No. 15,619, § 1, adopted Oct. 9, 2017, repealed § 46-214, which pertained to restrictions on use of consumer fireworks and derived from Ord. No. 15,546; Ord. No. 15,586.

Sec. 46-215. Permits required.

(a) For the purpose of this article, a permit shall be obtained to:

(1) Use or explode display fireworks, except for display fireworks at the Iowa State Fairgrounds by the Iowa State Fair Board.

(2) Compound, store, or use pyrotechnic special effects material.

(3) Conduct a display involving fire, open flames, or flammable material other than fireworks or pyrotechnic special effects material.

(b) Application for a permit required by this article shall be made through the city's permitting process to the fire prevention bureau at least 14 days in advance of the display, use storage, or compounding.

(O.15,546, 15,586, 15,671, 16,318, 16,521)

Sec. 46-216. Insurance and indemnification for permit.

(a) Unless otherwise specified in this section, the applicant for the permit required by this article shall, at the time application is made for a permit, attach thereto a certificate of insurance naming the applicant as insured and showing liability insurance coverage with a limit of not less than $5,000,000.00, provided that the fire chief or finance director at his or her discretion or the city council may at its discretion require a greater amount. The type of liability insurance to be required shall be determined by the city's finance director or designee. The insurance shall inure to the use and benefit of any person who suffers damage either to person or property because of the display, use, or explosion of display fireworks, the compounding, storage, or use of pyrotechnic special effects material, or the display involving fire, open flames, or other flammable material other than fireworks or pyrotechnic special effects material. The applicant shall further comply with all insurance and indemnification provisions set forth in the permit required by this article.

(b) Notwithstanding the foregoing, if a display involving fire, open flames, or other flammable material other than display fireworks or pyrotechnic special effects material is to be held outside in an open area using non-detonating materials and is determined by the fire chief to be a low-hazard display, then the applicant for the permit required by this article for such a display shall, at the time application is made for a permit, attach thereto a certificate of insurance naming the applicant as insured and showing liability insurance coverage with a limit of not less than $2,000,000.00, provided that the fire chief or finance director at his or her discretion may require a greater amount. The type of liability insurance to be required shall be determined by the city's finance director or designee. The insurance shall inure to the use and benefit of any person who suffers damage either to person or property because of the display involving fire, open flames, or other flammable material other than display fireworks or pyrotechnic special effects material. The applicant shall further comply with all insurance and indemnification provisions set forth in the permit required by this article.

(O.15,546, 15,586, 16,521)

Sec. 46-217. Seizure of fireworks.

The fire chief may seize, take, remove, or cause to be removed at the expense of the owner all stocks of fireworks offered or exposed for sale, used, stored, or held in violation of this chapter.

(O.15,546, 15,586, 16,521)

Sec. 46-218. Firework operator certification.

Add the following exception to section 5601.4:

Exception: Persons in charge of using or exploding Display Fireworks or pyrotechnic special

effect operations may be less than 21 years of age if they possess a valid PGI display fireworks operator certification or equivalent certification approved by the fire code official.
(O.15,546, 15,586, 16,521)

Secs. 46-219—46-245. Reserved.

ARTICLE VII. FLAMMABLE AND COMBUSTIBLE LIQUIDS

Sec. 46-246. Special liquid tank requirements.

The storage of class I or II flammable or combustible liquids in aboveground tanks is prohibited in fire zone nos. 1 and 2 and 3, as defined in section 46-2 of this chapter; an exception may be made at a construction site if requested in writing and approved by the fire chief.
(O.15,546, 16,318, 16,521)

Secs. 46-247—46-275. Reserved.

ARTICLE VIII. LIQUEFIED PETROLEUM GASES

Sec. 46-276. Scope.

This article shall apply to all storage and handling of liquefied petroleum gas and the installation of all equipment pertinent to systems for such uses.
(O.15,546)

Sec. 46-277. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Liquefied petroleum gas means any material which is composed predominantly of any of the following hydrocarbons or mixtures of them: propane, propylene, butane (normal butane or isobutane), and butylenes.

Liquefied petroleum gas equipment means all containers; apparatus; safety devices; piping, not including utility distribution piping systems; and equipment pertinent to the storage and handling of liquefied petroleum gas. Gas-consuming appliances shall not be considered as being liquefied petroleum gas equipment.
(O.15,546, 16,521)

Cross reference—Definitions generally, § 1-2.

Sec. 46-278. Permit and reports of installations.

(a) A permit shall be obtained for each installation of liquefied petroleum gas employing one or more container(s) in the individual or aggregate amount of equal to or more than 150 gallons or 636 pounds aggregate. Prior to making such an installation, an installer shall submit plans to the fire prevention bureau, and if compliance with the requirements of the fire prevention code is shown by such plans, a permit shall be issued.

(b) An annual permit shall be obtained for the operation and maintenance of a liquefied petroleum gas installation for each year after the system has been installed and approved, as required in subsection (a) of this section.

(c) Installers shall maintain a record of all installations for which a permit is not required by subsection (a) of this section, but not including installation of gas-burning appliances and replacing of portable cylinders, and shall have it available for inspection by the fire prevention bureau.
(O.15,546, 16,318)

Sec. 46-279. Location of containers.

(a) No liquefied petroleum gas installation shall be permitted in fire zone nos. 1 and 2 and 3 of the fire district as defined in section 46-2 of this chapter.

Exemptions:

(1) Special approval by the fire chief, or the fire chief's designee, for a temporary installation no more than 180 days.

(2) Containers that are not larger than 20 pounds, located outside a building, and are dedicated to cooking purposes.

(b) The aggregate capacity of any one installation shall not exceed 1,000 gallons of water capacity, except that in particular installations this limit may be altered at the discretion of the fire marshal or the fire marshal's designee after due consideration of all factors involved. Bulk plants, gas utility plants, container charging operations, and larger amounts of storage shall be governed by approved national standards and state regulations.

(c) Containers and first-stage regulating equipment shall be located outside of buildings, other than buildings especially provided for this purpose, except that small department of transportation containers and regulating equipment may be used indoors under the following conditions:

(1) If temporarily used for demonstration purposes and the container has a maximum water capacity of 20 pounds.

(2) If used with a completely self-contained gas hand torch or similar equipment and the container has a maximum water capacity of 2½ pounds.

(d) Each individual container shall be located in accordance with Table 6104.3 of the fire code.

(e) Containers installed for use shall not be stacked one above the other. Containers of 1,000 gallons or less shall be set on concrete pads of sufficient size to prevent tipping. Concrete blocks or bricks shall not be used.

(f) The minimum separation between liquefied petroleum gas containers and flammable liquid tanks shall be 20 feet, and the minimum separation between a container and the centerline of the dike shall be ten feet.

ARTICLE IX. TENTS

Sec. 46-316. Reserved.

Editor's note—Ord. No. 16,521, § 1, adopted Dec. 8, 2025, repealed § 46-316, which pertained to distance and derived from Ord. No. 15,546.

Sec. 46-317. Reserved.

Editor's note—Ord. No. 16,521, § 1, adopted Dec. 8, 2025, repealed § 46-317, which pertained to permit requirements and derived from Ord. No. 15,546.

Sec. 46-318. Approval required.

Delete Exception #2 of section 105.5.51 of the International Fire Code and insert in lieu thereof the following new section:

105.5.51 Temporary membrane structures, special event structures and tent.

Exceptions:

2. Individual 10' × 10' tents arranged in a linear row no wider than 10'.

(O.16,318, 16,521)

Secs. 46-319—46-429. Reserved.

ARTICLE X. FIRE DEPARTMENT INSPECTIONS

Sec. 46-430. Fire department permit inspections; cost of initial inspection included in permit fee; fee for follow-up inspections.

Whenever the provisions of this chapter require the issuance of a permit and payment of a permit fee in connection with the operation or maintenance of any facility, the permit fee for such activity shall be deemed to include payment of all costs incurred by the fire department for the initial routine inspection that it conducts in connection with the issuance of said permit. Permit fees shall not be deemed to include payment of costs incurred by the fire department for follow-up inspections deemed necessary by the department to obtain or confirm compliance with the requirements of this chapter for the issuance of such permits. The fees for follow-up inspections shall be in the amounts and calculated as provided in the schedule of fees adopted by the city council by resolution. The fee for a follow-up inspection conducted to obtain or confirm compliance with a specification, regulation, permit condition, or fire department order, after a permittee is informed of a violation thereof, shall be

expressed in such schedule as hourly rates which are to be based on the average salary, benefit, and overhead costs to the city of the inspectors providing follow-up inspection services. Follow-up inspection services shall be charged on the basis of the number of hours of inspector time spent providing follow-up inspection services, multiplied by the applicable hourly rates in the schedule.
(O.15,546, 16,521)

Sec. 46-431. Fee for follow-up inspection to be charged to persons violating provisions of this chapter.

Any person who is notified of or charged with a violation of any provision of this chapter or of a fire department order shall pay a fee for follow-up inspections deemed necessary by the department to obtain or confirm compliance with such provision or order. The fees for follow-up inspections shall be in the amounts and calculated as provided in the schedule of fees adopted by the city council by resolution. The fee for a follow-up inspection conducted to obtain or confirm compliance with a specification, regulation, permit condition, or fire department order, after the responsible person is informed of a violation thereof, shall be expressed in such schedule as hourly rates which are to be based on the average salary, benefit, and overhead costs to the city of the inspectors providing follow-up inspection services. Follow-up inspection services shall be charged on the basis of the number of hours of inspector time spent providing follow-up inspection services, multiplied by the applicable hourly rates in the schedule.

Secs. 46-432—46-440. Reserved.

ARTICLE XI. ACCESS AND IDENTIFICATION

Sec. 46-441. Outdoor venue access.

Insert new section 503.1.4 with the following language:

503.1.4 Outdoor Venue Access. A 10 ft. wide emergency access road designed to support a 36,000 lb. weight load shall be provided within 350-feet of all portions of an outdoor venue designed and used for public gathering events (e.g. soccer complex, park, skate park, sports fields, amphitheaters) to facilitate emergency vehicle access.

Exception: The fire code official is authorized to increase the dimension of 350 feet where emergency access roads cannot be installed because of the location on property, topography, waterway, nonnegotiable grades, or other similar conditions, frequency of use and an approved alternative means of emergency access is provided.
(O.15,860, 16,521)

Sec. 46-442. Fire access road clear height.

Delete section 503.2.1 and insert in lieu thereof the following new section:

503.2.1 Dimensions. Fire apparatus access roads shall have a minimum unobstructed width of not less than 20 feet (6096 mm), exclusive of shoulders, except for approved security gates in accordance with section 503.6, and an unobstructed vertical clearance of not less than 14 feet (4268 mm).
(O.15,546, 16,521)

Sec. 46-443. Premise identification.

Delete section 505.1 and insert in lieu thereof the following new section:

505.1 Address identification. New and existing buildings shall be provided with approved address identification. The address identification shall be legible and placed in a position that is visible from the street or road fronting the property. Address identification characters shall contrast with their background. Address numbers shall be Arabic numbers or alphabetical letters. Numbers shall not be spelled out. Numbers and letters shall be a minimum height and a minimum stroke width as dictated by Table 505.1. Where required by the fire code official, address identification shall be provided in additional approved locations to facilitate emergency response. Where access is by means of a private road and the building cannot be viewed from the public way, a

monument, pole, or other sign or means shall be used to identify the structure. Address identification shall be maintained.

Table 505.1
Minimum Height and Stroke Width[a, b]

Distance from the Centerline of the Public Way (ft.)		*Minimum Height (in.)*	*Minimum Stroke Width (in.)*
Less than 100		4	½
100	199	6	¾
200	299	8	1
For each additional 100		Increase 2	Increase ½

[a] Exterior suite identification, minimum height shall be 4 inches and stroke width shall be ½ inch.

[b] Interior suite identification, minimum height shall be 2 inches and stroke width shall be ¼ inch.

(O.15,546, 16,521)

Sec. 46-444. Fire and emergency vehicle access.

Insert new section 511 with the following language:

Section 511 Fire and Emergency Vehicle Lanes.

Section 511.1. General. Fire and emergency vehicle lanes shall be provided and maintained in accordance with section 511.1 through 511.6, and referred to as fire lanes in this ordinance.

Section 511.2 Purpose. The requirement that Fire Lanes be established in certain parking areas and the enforcement of restrictions on parking in such Fire Lanes established in this chapter are designed to ensure adequate access to commercial, office, multi-family, and other high density use facilities by fire-fighting and other emergency vehicles.

Section 511.3. Designation. The fire code official may designate fire lanes on private and public property as deemed necessary for the protection of life and property.

Section 511.4 Obstruction. No person shall park or place a vehicle or other obstruction in a designated fire lane that would prevent such fire lane from being immediately accessible to emergency vehicles, or deter or hinder emergency vehicles from gaining immediate access to the fire lane. A written request to the jurisdictional fire code official for temporary obstruction of a fire lane shall be submitted for approval.

Section 511.5 Signs and markings. Wherever a fire lane has been designated, the code official shall cause appropriate signs and markings to be placed identifying such fire lanes. Signs or markings shall be maintained in a clean and legible condition at all times and shall be replaced or repaired when necessary to provide adequate visibility. Fire lanes may be established or relocated at the time of plan review, pre-construction site inspection, and/or post-construction site inspection, as well as any time during the life of the occupancy as needed to provide and maintain emergency vehicle access. All designated fire lanes shall be clearly marked in the following manner:

(1) Vertical curbs shall be painted red on the top and side, extending the length of the designated fire lane. Rolled curbs or surfaces without curbs shall have a red six (6) inch wide stripe painted the length of the designated fire lane. One of the following identification lettering methods shall be utilized:

a. The words "NO PARKING — FIRE LANE (Except for Emergency Vehicles)" shall be stenciled with three (3) inch white letters and a minimum three-quarter (¾) inch stroke on the face of the curbing, or in the absence of vertical curbing, on the red stripe, and spaced at fifty (50) foot intervals or portions thereof, or

b. The pavement adjacent to the painted curbs shall be marked with minimum eighteen (18) inch in height block lettering with a minimum three (3) inch brush stroke reading: "NO PARKING — FIRE LANE."

Lettering shall be red and spaced at fifty (50) foot intervals or portions thereof.

(2) Signage identifying fire lanes shall conform to the following: Fire lane signs shall be 18 inches tall × 12 inches wide with red letters on a white reflective background to read "Fire Lane No Parking Except For Emergency Vehicles" or similar verbiage as approved by the fire code official. Fire lane signs shall be placed 2—4 feet from the edge of the Fire Lane. The bottom of fire lane signs shall be between five (5) and seven (7) feet from the ground. Intermediate fire lane signs shall be set every one hundred (100) feet in a continuous fire lane. The BEGINS sign shall mark the beginning of a fire lane and shall be mounted below the first fire lane sign. The ENDS sign shall mark the ending of a fire lane and shall be mounted below the last fire lane sign. The BEGINS and ENDS signage may be omitted by the fire code official due to the location of the fire lane. Signs may be placed on a building when approved by the fire code official.

Section 511.6 Maintenance. The owner, manager, or person in charge of any property upon which designated fire lanes have been established shall provide marking as required above and shall maintain fire lanes at their expense as often as needed to clearly identify the designated area as being a fire lane.

(O.15,546, 16,318, 16,521)

Sec. 46-445. Fire hydrants.

Delete section 507.5.1.1 and insert in lieu thereof the following new section:

507.5.1.1 Hydrant for fire department connections. Buildings equipped with a fire department connection installed in accordance with section 912 shall have a fire hydrant located on a fire access road within 100 feet (30 m) of the fire department connection as measured by an approved route around the exterior of the building.

Exceptions:

1. The distance shall be permitted to exceed 100 feet (30 m) where approved by the fire code official.
2. Buildings without standpipes and having a floor area less than 40,000 square feet.
3. Existing buildings without standpipes.

Delete section 507.5.5 and insert in lieu thereof the following new section:

507.5.5 Clear space around hydrants. A 5-foot (1524 mm) horizontal clear space shall be maintained around the circumference of fire hydrants, as measured from the center-point of the hydrant, except as otherwise required or approved.

Insert new section 507.5.7 with the following language:

507.5.7 Fire Hydrant Markers and Identification Color. When required by the fire code official, hydrant locations shall be identified by the installation of an approved reflective marker. Both public and private hydrants shall comply with and be painted to Local Water Utility specifications.

Insert new section 507.5.8 with the following language:

507.5.8 Fire Hydrant Installation. Fire hydrants shall be installed with the grade mark on the fire hydrant at the level of finished grade. The large diameter connection shall be installed such that the connection is oriented facing the fire department access road.

(O.15,546, 16,318, 16,521)

Secs. 46-446—46-455. Reserved.

ARTICLE XII. SPECIAL OCCUPANCY REQUIREMENTS

Sec. 46-456. Fire command centers.

Delete section 508.1 and insert in lieu thereof the following new section:

508.1 General. Where required by other sections of this code, Table 508.1, and in all buildings classified as high-rise buildings by the International Building Code, a fire command center for fire department operations shall be provided and shall comply with sections 508.1.1 through 508.1.7.

Insert new section Table 508.1 with the following language:

Table 508.1
Fire Command Center Thresholds

Occupancy	*Threshold Requiring a Fire Command Center*
Group A	5,000 occupants
Group E	100,000 gross square feet
Group I	50,000 gross square feet
Group R-1	Greater than 200 dwelling units or sleeping units
Any Occupancy	200,000 gross square feet

Delete section 508.1.3 and insert in lieu thereof the following new section:

508.1.3 Size. The fire command center shall be not less than 0.015 percent of the total building area of the facility served or 200 square feet (19 m^2) in area, whichever is greater, with a minimum dimension of 0.7 times the square root of the room area or 10 feet (3048 mm), whichever is greater.

Exception:

1. Where a fire command center is required by Table 508.1, the fire command center shall have a minimum size of 96 square feet (9 m^2) with a minimum dimension of 8 feet (2438 mm) only where approved by the fire code official.
2. Where a fire command center is required by Table 508.1 and the building is less than 500,000 gross square feet, the fire command center shall be permitted to be a shared space (such as a fire pump room or fire riser room) where approved by the fire code official.

(O.15,546, 16,318, 16,521)

Sec. 46-457. Emergency power.

Insert new section 1201.4 with the following language:

Section 1201.4 Shutdown of Energy Systems. In addition to the requirements of NFPA 110 for a remote manual stop, a switch of an approved type shall be provided to disable the power source. The switch shall be provided at an approved location.

Insert new section 1201.5 with the following language:

Section 1201.5 Secondary Power Supply Signs. Main electrical disconnects and main breaker panels supplied by the generator shall be provided with approved signs. Additionally, doors accessing power systems shall be provided with approved signs. Approved signs shall contain the word CAUTION in black letters at least 2 inches (50 mm) high on a yellow background. Such warning signs shall be placed so as to be readily discernible.

(O.15,546, 15,860, 16,521)

Sec. 46-458. Reserved.

Editor's note—Ord. No. 15,860, § 1, adopted Feb. 10, 2020, repealed § 46-458, which pertained to fire doors and derived from Ord. No. 15,546.

Secs. 46-459—46-468. Reserved.

ARTICLE XIII. FIRE PROTECTION SYSTEMS

Sec. 46-469. Automatic fire sprinkler requirements.

Delete section 903.2.1.1 and insert in lieu thereof the following new section:

903.2.1.1 Group A-1. An automatic sprinkler system shall be provided throughout stories

containing Group A-1 occupancies and throughout all stories from the Group A-1 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 6,000 square feet (557.5 m^2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. The fire area contains a multiple-theater complex.

Delete section 903.2.1.2 and insert in lieu thereof the following new section:

903.2.1.2 Group A-2. An automatic sprinkler system shall be provided throughout stories containing Group A-2 occupancies and throughout all stories from the Group A-2 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 1,500 square feet (139 m^2).
2. The fire area has an occupant load of 50 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

Delete section 903.2.1.3 and insert in lieu thereof the following new section:

903.2.1.3 Group A-3. An automatic sprinkler system shall be provided throughout stories containing Group A-3 occupancies and throughout all stories from the Group A-3 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 6,000 square feet (557.5 m^2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

Delete section 903.2.1.4 and insert in lieu thereof the following new section:

903.2.1.4 Group A-4. An automatic sprinkler system shall be provided throughout stories containing Group A-4 occupancies and throughout all stories from the Group A-4 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 6,000 square feet (557.5 m^2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

Delete section 903.2.2 and insert in lieu thereof the following new section:

903.2.2 Group B. An automatic sprinkler system shall be provided throughout buildings containing a Group B occupancy where one of the following conditions exists:

1. A Group B fire area exceeds 12,000 square feet (557.5 m^2).
2. A Group B fire area is located more than three stories above grade plane.
3. The combined area of all Group B fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (1115 m^2).
4. As required by 903.2.2.1 & 903.2.2.2

Delete section 903.2.3 and insert in lieu thereof the following new section:

903.2.3 Group E. An automatic sprinkler system shall be provided throughout stories containing Group E occupancies and throughout all stories from the Group E occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 1,500 square feet (139 m^2).

2. The fire area has an occupant load of 50 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

Delete section 903.2.4 and insert in lieu thereof the following new section:

903.2.4 Group F-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group F-1 occupancy where one of the following conditions exists:

1. A Group F-1 fire area exceeds 6,000 square feet (557.5 m^2).
2. A Group F-1 fire area is located more than three stories above grade plane.
3. The combined area of all Group F-1 fire areas on all floors, including any mezzanines, exceeds 12,000 square feet (1115 m^2).
4. A Group F-1 occupancy is used to manufacture lithium-ion or lithium metal batteries.
5. A Group F-1 occupancy is used to manufacture vehicles, energy storage systems, or equipment containing lithium-ion or lithium metal batteries where the batteries are installed as part of the manufacturing process.

Delete section 903.2.7 and insert in lieu thereof the following new section:

903.2.7 Group M. An automatic sprinkler system shall be provided throughout buildings containing a Group M occupancy where one of the following conditions exists:

1. A Group M fire area exceeds 6,000 square feet (557.5 m^2).
2. A Group M fire area is located more than three stories above grade plane.
3. The combined area of all Group M fire areas on all floors, including any mezzanines, exceeds 12,000 square feet (1115 m^2).

Delete section 903.2.9 and insert in lieu thereof the following new section:

903.2.9 Group S-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group S-1 occupancy where one of the following conditions exists:

1. A Group S-1 fire area exceeds 6,000 square feet (557.5 m^2).
2. A Group S-1 fire area is located more than three stories above grade plane.
3. The combined area of all Group S-1 fire areas on all floors, including any mezzanines, exceeds 12,000 square feet (1115 m^2).
4. A Group S-1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 5,000 square feet (464 m^2).
5. A Group S-1 fire area used for the storage of lithium-ion or lithium metal powered vehicles where the fire area exceeds 500 square feet (46.4 m^2).

Delete section 903.2.9.1 and insert in lieu thereof the following new section:

903.2.9.1 Repair garages. An automatic sprinkler system shall be provided throughout all buildings used as repair garages in accordance with section 406.8 of the International Building Code, as shown:

1. Buildings not more than one story above grade plane, with a fire area containing a repair garage exceeding 3,500 square feet (325 m^2).
2. Buildings with repair garages servicing vehicles parked in basements.
3. A Group S-1 fire area used for the repair of commercial motor vehicles where the fire area exceeds 3,500 square feet (325 m^2).
4. A Group S-1 fire area used for the storage of lithium-ion or lithium metal powered vehicles where the fire area exceeds 500 square feet (46.4 m^2)

Delete section 903.2.11.1.3 and insert in lieu thereof the following new section:

903.2.11.1.3 Basements. Where any portion of a basement is located more than 75 feet (22,860 mm) from openings required by section 903.2.11.1, the basement shall be equipped throughout with an approved automatic sprinkler system.

Delete section 903.3.1.2 and insert in lieu thereof the following new section:

903.3.1.2 NFPA 13R sprinkler systems. Automatic sprinkler systems in Group R occupancies shall be installed throughout in accordance with NFPA 13, unless allowed to be sprinklered in accordance with NFPA 13D by the International Building Code.

Delete section 903.4.3 and insert in lieu thereof the following new section:

903.4.3 Alarms. An approved weather proof audible device suitable for outdoor use with 110 candela visual signal shall be connected to every automatic sprinkler system. The audible device shall be a horn style device that produces a "tri-tone" signal in accordance with NFPA 72. Such sprinkler water-flow alarm devices shall be activated by water flow equivalent to the flow of a single sprinkler of the smallest orifice size installed in the system. A weather-proof horn-strobe shall be installed on a separate Notification Appliance Circuit (NAC) or shall be installed as an addressable device that is able to function as if the alarm is on a separate NAC. This alarm shall be included in any battery and voltage drop calculations. This device shall only operate on active water flow from the sprinkler system, shall not be able to be silenced, and shall continue to be active until water flow has stopped and the fire alarm panel has been reset. The alarm device(s) shall be provided on the exterior of the building in an approved location adjacent to each fire department connection. Where a fire alarm system is installed, actuation of the automatic sprinkler system shall actuate the building fire alarm system.

(O.15,546, 15,860, 16,318, 16,521)

Sec. 46-470. Standpipe requirements.

Insert new section 905.3.8 with the following language:

905.3.8 Building Footprint and Access. Where the most remote portion of a floor or story is more than 400 feet from a hose connection or fire department access road the fire code official is authorized to require standpipes to be provided in approved locations. Class I manual standpipes shall be allowed.

(O.15,546, 16,521)

Sec. 46-471. Fire alarm requirements.

Insert new section 907.1.4 with the following language:

907.1.4 FACP (Fire Alarm Control Panels). Each building shall have no more than 1 FACP. Installation of fire alarm panel shall be not exceed six feet in height measured from the floor to the top of the unit.

Exception: Suppression system releasing panels are not required to meet the height requirement or the limitation in the number of panels.

(O.15,546, 16,333, 16,521)

Sec. 46-472. Smoke and heat vent requirements.

Delete section 910.2.1 and insert in lieu thereof the following new section:

910.2.1 Group F-1 or S-1. Smoke and heat vents installed in accordance with section 910.3 or a mechanical smoke removal system installed in accordance with section 910.4 shall be installed in buildings and portions thereof used as a Group F-1 or S-1 occupancy having more than 30,000 square feet (2787 m^2) of undivided area. In occupied portions of a building equipped throughout with an automatic sprinkler system in accordance with 903.3.1.1, where the upper surface of the story is not a roof assembly, a mechanical smoke removal system in accordance with section 910.4 shall be installed.

Exception: Group S-1 aircraft repair hangars.

(O.15,546, 16,521)

Sec. 46-473. Fire pump requirements.

Delete section 914.3.1.2 and insert in lieu thereof the following new section:

914.3.1.2 Water supply to required fire pumps. Required fire pumps shall be supplied by connections to a minimum of two water mains located in different streets. Separate supply piping shall be provided between each connection to the water main and the pumps. Each connection and the supply piping between the connection and the pumps shall be sized to supply the flow and pressure required for the pumps to operate.

Exception: Two connections to the same main shall be permitted provided the main is valved such that an interruption can be isolated so that the water supply will continue without interruption through at least one of the connections.

(O.15,546, 16,521)

Sec. 46-474. High-rise buildings automatic sprinkler retrofit requirement.

Insert new exception number 5 in section M102.1 with the following language:

M102.1 High-rise buildings.

Exceptions:

5. Buildings comprised of individually-owned dwelling units (as of November 1, 2020), as defined in the International Fire Code.

(O.15,939, 16,521)

Sec. 46-475. Initiating device identification.

Delete exceptions #1, 2, and 4 of section 907.6.3.

(O.16,318, 16,521)

Sec. 46-476. Monitoring.

Delete section 907.6.6 and insert in lieu thereof the following new section:

907.6.6 Monitoring. Fire alarm systems required by this chapter or by the International Building Code shall be monitored by a central station approved and listed under UL 827 in accordance with NFPA 72. Information required to be transmitted to the central station shall be as set forth in section 907.6.3

Exception:

Monitoring station is not required for:

1. Automatic sprinkler and fire alarm systems in one- and two-family dwellings.

(O.16,318, 16,521)

Secs. 46-477—46-483. Reserved.

ARTICLE XIV. EGRESS

Sec. 46-484. Reserved.

Editor's note—Ord. No. 15,860, § 1, adopted Feb. 10, 2020, repealed § 46-484, which pertained to exit illumination and derived from Ord. No. 15,546.

Sec. 46-485. Reserved.

Editor's note—Ord. No. 16,521, § 1, adopted Dec. 8, 2025, repealed § 46-485, which pertained to walking surface and derived from Ord. No. 15,546; Ord. No. 15,860; Ord. No. 16,318.

Sec. 46-486. Reserved.

Editor's note—Ord. No. 15,860, § 1, adopted Feb. 10, 2020, repealed § 46-486, which pertained to locks and derived from Ord. No. 15,546.

Sec. 46-487. Reserved.

Editor's note—Ord. No. 16,318, § 1, adopted Jan. 8, 2024, repealed § 46-487, which pertained to exit signs and derived from Ord. No. 15,546; Ord. No. 15,860.

Sec. 46-488. Handrails.

Insert new section 1014.5 item #6 with the following language:

6. Handrails within a dwelling unit or serving an individual dwelling unit of groups R-2 and R-3 shall be permitted to be interrupted at one location in a straight stair when the rail terminates into a wall or ledge and is offset and immediately continues.

(O.15,860, 16,521)

Sec. 46-489. Reserved.

Editor's note—Ord. No. 16,318, § 1, adopted Jan. 8, 2024, repealed § 46-489, which pertained to guards and derived from Ord. No. 15,860.

Sec. 46-490. Reserved.

Editor's note—Ord. No. 16,318, § 1, adopted Jan. 8, 2024, repealed § 46-490, which pertained to emergency escape and derived from Ord. No. 15,860.

Secs. 46-491—46-497. Reserved.

ARTICLE XV. FUEL FIRED APPLIANCES

Sec. 46-498. Fuel fired appliances.

Insert new section 1108.1 with the following language:

1108.1 Protection of Fuel Fired Appliances. Where required or upon notification from the fire code official an existing building or tenant space containing a fuel fired appliance(s) shall be protected with 1 hour rated construction enclosure or a limited area sprinkler system complying with section 903.3.8.

Exception: Buildings protected by an approved automatic fire sprinkler system complying with section 903.3.1.1 or 903.3.1.2.

Insert new section 1108.2 with the following language:

1108.2 CSST Bonding Requirements in Rental Dwellings. All rental dwellings shall be bonded in accordance with sections NFPA 54, unless deemed technically infeasible by the fire code official.

Insert new section 1108.3 with the following language:

1108.3 CSST Bonding Requirements for Alterations, Repairs, or Additions. For other than rental dwelling units, where alterations, repairs or additions requiring a permit to occur, CSST shall be bonded in accordance with NFPA 54, unless deemed technically infeasible by the fire code official.

(O.15,546, 15,860, 16,318, 16,521)

Secs. 46-499—46-509. Reserved.

ARTICLE XVI. SPECULATIVE BUILDINGS

Sec. 46-510. High-piled storage.

Insert new section 3202.2 with the following language:

3202.2 Definitions.

SPECULATIVE BUILDING. A Group S, F, or M occupancy having an interior clear height greater than 12 feet (3657 mm) where high-piled storage may accrue and the client leasing or the occupant owner does not know the commodity that will be stored or the method of storage.

Insert new section 3206.2.2 with the following language:

3206.2.2 Speculative building. Group S, F, and M speculative buildings that have an interior clear height greater than 12 feet where high piled storage may accrue shall comply with this chapter.

Insert new section 3206.4.2 with the following language:

(1) *3206.4.2 Sprinkler design.*

a. *3206.4.2.1 General.* The design of automatic sprinkler systems for the protection of Group F, H, M, or S occupancies containing high-piled storage or high-challenge commodities over an area equal to or greater than 2,500 ft.^{2} (232 m^2) and designed for the protection of hazardous materials stored more than one pallet high in Group F, H, M, or S occupancies, shall be in accordance with this section. This section does not apply to miscellaneous storage within the scope of NFPA 13.

b. *3206.4.2.2 Requirements for all plan submittals.* See sections 903.1.9 and 3201.3 for plan submittal requirements.

c. *3206.4.2.3 Minimum design requirements for speculative warehouses.* The design of the automatic sprinkler system for speculative warehouses

shall be based on storage of a cartoned Class A non-expanded plastic to the available storage height. The storage height shall be determined by subtracting 48 inches as measured from the highest point of the roof for ESFR and 30 inches for area density applications.

d. *3206.4.2.4 Minimum requirements for client leased or occupant-owned warehouses.*

1. The design of an automatic sprinkler system for client leased or occupant owned buildings containing high piled storage shall be based on the requirements of NFPA 13. The responsible Fire Protection Contractor shall perform a survey of the building to determine commodity classification, storage configuration, building height, and other information related to the development of an appropriate sprinkler system design. The Contractor shall also make reasonable efforts to meet with the building owner or operator to understand seasonal or customer related fluctuations to the stored commodities, storage height, and configuration.

2. The sprinkler design shall be based on the most demanding requirements determined through the on-site survey and discussions with the building owner or operator. Technical Report shall clearly define the basis for determining the commodity and sprinkler design selection, along with how the commodities will be isolated or separated, and the referenced design document(s), including NFPA 13 or the current applicable Factory Mutual Data Sheets. If a specific fire test is used as the basis of design, a copy of the fire test report shall be provided at the time of plan review.

e. *3206.4.2.5 Required information at plan submittal.* All plans, hydraulic calculations and technical reports shall be submitted with the plan submittal form. The individual submitting the design package shall ensure that all of the required information requested on the plan submittal form is included.

f. *3206.4.2.6 Minimum plan information requirements.* In addition to the requirements of NFPA 13, the following information shall be included in the plans or technical report.

1. *3206.4.2.6.1 Classes I through IV and Group A plastic commodities.*

i. An owner's certificate in accordance with NFPA 13. The design criteria, e.g., NFPA 13, Factory Mutual Data Sheet, or a specific fire test report.

ii. A Water Supply Flow & Pressure Test Report performed within 90 days of the plan submittal.

iii. The type of design, e.g., Control Mode Density/ Design Area Method; Specific Application Control Mode Method; Suppression Mode Method, including appropriate code references.

iv. A description of the stored commodities and how the commodity classification was determined.

v. A layout of the proposed storage arrangement. If the storage is in racks, a plan and elevation detail

illustrating rack heights, flue dimensions, and arrangement. This detail is not required for speculation warehouses.

vi. The aisle dimensions between each storage array.

vii. If a high challenge commodity is separated using fire-resistive construction, the boundary of the fire-resistive construction shall be illustrated.

viii. A data sheet for the backflow preventer. If a data sheet is not available, the design professional shall include a statement addressing the minimum required pressure loss.

ix. A data sheet for each installed automatic sprinkler.

x. A data sheet for each pipe hanger used to hang or support the sprinkler piping.

xi. If a fire pump will be installed or used, the manufacturer's factory test curve shall be included in the submittal.

xii. A cross-section view illustrating obstructions to the ceiling sprinklers, e.g., lights, structural members, cable trays, electrical bus ducts, and HVAC ductwork.

2. *3206.4.2.6.2 Hazardous materials.* In addition to the requirements of this section, the following information shall be included in a hazardous materials technical report:

i. A hazardous materials inventory statement.

ii. For flammable & combustible liquids, an analysis of the miscibility of Class I liquids, the size and type of the packaging, the packaging materials of construction, and if the containers have a pressure relieving mechanism.

iii. For Level 2 or 3 aerosols, a statement indicating that the aerosols are cartoned or uncartoned.

g. *3206.4.2.7 Identification of sprinkler system capabilities and limitations.* A label shall be permanently installed at or adjacent to each sprinkler riser. When a building contains more than four risers, the sign shall be located at an approved location inside the building. The minimum sign dimension is 6-inches (152 mm) high by 4-inches (101 mm) wide. The sign shall specify the capabilities and limitations of the automatic sprinkler system. The sign shall include the following information:

1. The design base or basis, including the edition used.

2. A statement indicating if the sprinkler design is control mode density area method, control mode specific application, suppression mode, or any combination thereof.

3. When used, all of the storage conditions stipulated NFPA 13 for Special Designs.

4. The maximum storage height.

5. The minimum required aisle width.

6. If storage is in racks, the maximum rack width and minimum transverse and longitudinal flue widths.

7. Storage Capabilities: Commodities designed to be protected by the automatic sprinkler system.
8. Limits on storage heights of idle wood and plastic storage.
9. Limits on storage heights of miscellaneous Group A plastic, tire, and rolled paper storage.
10. Locations where in-rack sprinklers are required.
11. Locations where horizontal and/or vertical barriers are required.
12. Information explaining the manufacturer, sprinkler identification number, k-factor, and operating temperature of the overhead sprinklers protecting the high-piled storage.
13. Fire Protection Contractor contact information.

(2) The following example illustrates a suggested label or sign:

Automatic Sprinkler System
Capabilities & Limitations

Stored Commodity	Class I water miscible flammable liquids in 1 & 5 gallon polyethylene containers in fiberboard cartons
Design Documents	NFPA 13, 2013 edition & NFPA 30
Design Type	Control Mode, Density/ Area Method
Max. Storage Height	25 feet
Min. Aisle Width	8 feet
Max. Rack Width	9 feet
Flue Dimensions	Longitudinal: Min. 6 inches Transverse: Min. 3 inches
System Capabilities	Class I-IV commodities, stored commodity, solid pile or palletized Group A plastics to 12 feet; rack storage of Group A plastics to 25 feet.
Idle Pallets	6 feet maximum storage height
Tire Storage	5 feet maximum storage height
Rolled Paper Storage	5 feet maximum storage height
In-rack sprinklers	In-rack sprinklers are required at each of 3 rack tiers containing the stored commodity. In-rack sprinklers are Tyco/ Central FS-B, 17/32" orifice, QR 155°F element, SIN TY0041
Horizontal Barriers	Required at each rack tier containing the stored commodity.
Ceiling Sprinkler	Tyco ELO-231B, ¾" orifice, SR 286°F element, upright, SIN TY0030
FP Contractor	ABC Sprinkler Co. Designer: John Smith

(O.15,546, 15,860, 16,318, 16,521)

Secs. 46-511—46-519. Reserved.

ARTICLE XVII. CONSTRUCTION AND REMODELING

Sec. 46-520. Purpose.

Delete section 3301.2 and insert in lieu thereof the following new section:

3301.2 Purpose. This chapter prescribes minimum safeguards for construction, alteration, and demolition operations to provide reasonable safety to life and property from fire and other emergencies during such operations.

(O.15,546, 16,521)

Sec. 46-521. Access.

Insert new section 3307.1.4 with the following language:

Section 3307.1.4 Construction Site Access. Approved fire apparatus access roads shall be provided for every facility, building, or portion of a building as soon as construction commences. The fire apparatus access road shall comply with the requirements of section 503.2 and this section and shall extend to within

100 feet (30,480 mm) of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility.

Exception: The fire code official is authorized to increase the dimension of 100 feet (30,480 mm) where:

(1) The building is equipped throughout with an approved automatic sprinkler system that is fully functional and installed in accordance with section 903.3.1.1, 903.3.1.2, or 903.3.1.3.

(2) Fire apparatus access roads cannot be installed because of location on property, topography, waterways, nonnegotiable grades or other similar conditions, and an approved alternative means of fire protection is provided.

(O.15,546, 16,318, 16,521)

Sec. 46-522. Stairways.

Delete section 3307.1.2 and insert in lieu thereof the following new section:

3307.1.2 Stairways required. Where building construction exceeds 30-feet (9,144 mm) in height above the lowest level of fire department vehicle access, a temporary or permanent stairway shall be provided. As construction progresses, such stairway shall be extended to within one floor of the highest point of construction having secured decking or flooring.

(O.15,860, 16,318, 16,521)

Sec. 46-523. Standpipes.

Delete section 3307.5 and insert in lieu thereof the following new section:

3307.5 Where required. In buildings required to have standpipes by section 905.3.1, not less than one standpipe shall be provided for use during construction. Such standpipe shall be installed prior to construction exceeding 30-feet (9,144 mm) in height above the lowest level of fire department vehicle access. Such standpipe shall be provided with fire department hose connections at approved locations complying with section 3311.1. As construction progresses, such standpipes shall be extended to within one floor of the highest of construction having secured decking or flooring.

(O.15,860, 16,318, 16,521)

Secs. 46-524—46-529. Reserved.

ARTICLE XVIII. SPECIAL EVENTS

DIVISION 1. GENERAL

Sec. 46-530. Scope.

Special events including trade shows and exhibitions, outdoor assembly events, outdoors mazes, special amusement buildings, and special scaffolding structures shall comply with this chapter and section 1032. Temporary indoor vehicle displays and vehicle competition or demonstrations shall comply with this chapter and section 314.

(O.15,546, 16,318, 16,521)

Sec. 46-531. Site plans.

A detailed site plan shall be submitted to the fire code official with each permit application for approval.

(1) *Outdoor events:* The permit application and site plan shall be submitted a minimum of 30 business days prior to the event. Site plans shall include, but not be limited to:

a. The means of egress.

b. Location and width of exits and aisles.

c. Location of exit signs.

d. Location of fencing or means used to confine attendees.

e. Total square footage of enclosed space.

f. Location and arrangement of all tents, booths, or cooking equipment.

g. Locations of fire apparatus access roads.

h. Location of fire protection equipment.

i. Type and location of heating and electrical equipment where applicable.

j. Location of temporary staffed water stations and permanent water fountains.

(2) *Trade shows and exhibitions:* The permit application and site plan shall be submitted a minimum of 30 business days prior to the event. Site plans shall include, but not be limited to:

a. The means of egress.

b. Location and width of exits and aisles.

c. Location of exit signs.

d. Total square footage of space.

e. Location and arrangement of all booths and cooking equipment.

f. Location of all fire protection equipment.

g. Type and location of heating and electrical equipment where applicable.

h. Location of covered or multi-level exhibits or booths.

(3) *Mazes:* The permit application and site plan shall be submitted a minimum of 30 business days prior to the event. Site plans shall include, but not be limited to:

a. Means of egress.

b. Location and width of exits and aisles.

c. Location of exit signs.

d. Total square footage of space.

e. Location and arrangement of all booths and cooking equipment.

f. Location of all fire protection equipment.

g. Location of means to confine attendees.

h. Locations of fire apparatus access roads.

i. Type and location of heating and electrical equipment where applicable.

j. Locations of structures.

At time of permit application, the event coordinator shall submit a letter from the property owner authorizing the use of the site, the address of the site, dates and hours of operation, and names and 24-hour phone numbers of at least two principals.

(4) *Temporary indoor vehicle displays:* The permit application and site plan shall be submitted a minimum of 10 business days prior to the display of electric, liquid- or gas-fueled vehicles, boats or other motor craft. Floor plans shall include, but not be limited to:

a. The means of egress.

b. Location and width of exits and aisles.

c. Location of exit signs.

d. Total square footage of space.

e. Location and arrangement of all booths and cooking equipment.

f. Location of all fire protection equipment.

g. Type and location of heating and electrical equipment where applicable.

h. Location and size of exhibits and booths.

i. Location of structures.

Exception: Auto dealerships.

(5) *Vehicle competition or demonstration:* The permit application and site plan shall be submitted a minimum of 10 business days prior to the competition or demonstration of electric, liquid- or gas-

fueled vehicles, boats or other motor craft. A floor plan shall include, but not be limited to:

a. The means of egress.

b. Location and width of exits and aisles.

c. Location of exit signs.

d. Total square footage of space.

e. Location and arrangement of all booths and cooking equipment.

f. Location of all fire protection equipment.

g. Type and location of heating and electrical equipment where applicable.

h. Location and size of exhibits and booths.

i. Location of structures.

j. Location of fire apparatus access roads where applicable.

(O.15,546, 16,521)

DIVISION 2. GENERAL REQUIREMENTS

Sec. 46-532. Access for firefighting and medical services.

Approved vehicle access for fire fighting and medical services shall be provided in accordance with sections 503 of the International Fire Code and 46-444 of this Code.
(O.15,546, 16,318, 16,521)

Sec. 46-533. Combustible storage.

Combustible materials stored at special events shall be stored in approved locations and containers.
(O.15,546)

Sec. 46-534. Crowd managers.

Crowd managers shall be provided where the fire code official determines that an indoor or outdoor gathering warrants crowd control. Crowd managers shall be in accordance with section 403.11.3.1.
(O.15,546, 16,318, 16,521)

Sec. 46-535. Decorative materials and furnishings.

Curtains, drapes, and decorations including, but not limited to drapes, signs, banners, acoustical materials, cotton, hay, fabric, paper, straw, moss, split bamboo, and wood chips, shall be flame resistant as demonstrated by testing in accordance with NFPA 701, or provide documentation of flame retardancy. Field flame test shall be in accordance with section 807. Materials that cannot be treated for flame retardancy shall not be used unless approved by the fire code official. This includes but is not limited to oilcloth, tarpaper, nylon, plastic cloth, and other plastic materials.
(O.15,546, 16,318, 16,521)

Sec. 46-536. Fire protection equipment clearance.

Clearance around all fire protection equipment shall be in accordance with section 901.4.7.
(O.15,546, 16,521)

Sec. 46-537. Fire extinguishers.

Fire extinguishers shall be in accordance with section 906 and NFPA 10.
(O.15,546, 16,521)

Sec. 46-538. Fire watch.

Fire watch shall be in accordance with section 403.11.1.
(O.15,546, 16,318, 16,521)

Sec. 46-539. Fireworks, pyrotechnics.

Fireworks and pyrotechnics shall comply with chapter 56 [of the International Fire Code].
(O.15,546, 16,521)

Sec. 46-540. Housekeeping.

The special event area and related areas shall be kept free from combustible debris at all times.
(O.15,546)

Sec. 46-541. LP-gas heaters.

Fuel supplies for liquefied-petroleum gas-fired heaters shall comply with chapter 61 of the International Fire Code.
(O.15,546, 16,521)

Sec. 46-542. Open flame devices.

Open flame devices shall comply with section 308.
(O.15,546, 16,521)

Sec. 46-543. Waste disposal.

Combustible debris shall not be accumulated at special events. Combustible debris, rubbish, and waste material shall be removed from special events at the end of each shift of work. Combustible debris, rubbish, and waste material shall not be disposed of by burning on the site unless approved.
(O.15,546, 16,521)

DIVISION 3. TRADE SHOWS AND EXHIBITIONS

Sec. 46-544. General.

Trade shows and exhibitions conducted within any occupancy shall comply with chapter 31 [of the International Fire Code].
(O.15,546, 16,318, 16,521)

Sec. 46-545. Vehicles.

Liquid- and gas-fueled and electric vehicles, boats, or other motor-craft and equipment used for display, competition, or demonstration within a building shall be in accordance with section 314.
(O.15,546, 16,521)

Sec. 46-546. Means of egress.

Means of egress shall comply with this section and the requirements of chapter 10.

(1) *Travel distance.* The maximum travel distance from any point in an exhibit to an exit access aisle shall not exceed 50 feet (15240 mm).

(2) *Aisles.*

a. *Aisle width.* Minimum aisle width inside a trade show or exhibition shall comply with the following:

b. *Square footage of trade show or exhibition minimum aisle width:*

Greater than 15,000 square feet (1393 m^2)	10 feet (3048 mm)
5,000 square feet (465 square meters) to 15,000 square feet (1393 m^2)	8 feet (2438 mm)
Less than 5,000 square feet (465 m^2)	6 feet (1829 mm)

(3) *Obstructions.* Aisles shall be kept clear of all obstructions, including but not limited to, fixtures and displays of goods for sale, chairs, tables, product, displays, vehicles, and trailer tongues.

(4) *Exit signs.* Exit signs shall be visible from all locations in the occupancy.
(O.15,546, 16,521)

Sec. 46-547. Exhibit construction and materials.

The materials used for an exhibit shall comply with section 3104 and chapter 8:

(1) Materials shall be one of the following:

a. Noncombustible or limited-combustible materials.

b. Wood that is greater than ¼-inch (6 mm) nominal thickness.

c. Wood ¼-inch (6 mm) nominal thickness or less that is pressure-treated fire-retardant wood meeting the requirements of NFPA 703, Standard for Fire Retardant Impregnated Wood and Fire Retardant Coatings for Building Materials. The product shall be marked or labeled by the manufacturer. The product shall not be painted or similarly modified until the material has been inspected and the marking or labeling verified, or provide documentation acceptable to the fire code official.

(2) Flame retardant materials. Materials shall comply with chapter 8.

(3) Wall and ceiling coverings. Textile wall coverings, such as carpeting and similar products used as wall or ceiling finishes, shall comply with chapter 8.

(4) Other Materials. Materials not listed above shall be limited to those that comply with chapter 8. Plastics used in trade shows and exhibitions with an occupant load of 300 or more shall be Class A or Class B. Plastics used in trade shows and exhibitions with an occupant load of less than 300 shall be Class A, Class B, or Class C.

(O.15,546, 16,318, 16,521)

Sec. 46-548. Combustible materials storage.

(a) *Quantity.* Combustible materials shall be limited to a one-day supply.

(b) *Location.* Storage of combustible materials behind exhibits, booths, or tents is prohibited. Combustible materials, including but not limited to wood crates, paper, and cardboard boxes, shall be stored outside the building in an approved area or in a storeroom having a fire-resistance rating of at least one hour and protected by an approved automatic fire-extinguishing system.
(O.15,546, 16,521)

Sec. 46-549. Covered exhibits and booths.

Fire Protection—Automatic sprinkler systems. An approved sprinkler system shall be provided in covered exhibits and booths exceeding 300 square feet (2787 m^2). Each level of multi-level exhibit booths shall be protected throughout, including the uppermost level where the uppermost level is covered with a ceiling.
(O.15,546)

Sec. 46-550. Multi-level booths.

Construction documents for all multi-level exhibits shall be approved and stamped by a licensed structural engineer or architect and shall be submitted with the permit application. This includes any exhibit where a live load is proposed above the exhibit area floor level, regardless of the accessibility of the area to the public. Upper levels of multi-level booths with an occupant load greater than ten persons shall have at least two remote exits.
(O.15,546)

Sec. 46-551. Hazardous materials.

Hazardous materials shall comply with this section and chapters 50 through 67.

(1) Specific prohibitions. The following hazardous materials shall not be stored, handled, or used in trade shows and exhibitions:

a. Division 1.1, 1.2, 1.3, and 1.5 explosives as classified by the U.S. Department of Transportation.

b. Detonable, Class I, and Class II organic peroxides.

c. Class I-A flammable liquids.

d. Class 4 and Class 3 oxidizers.

e. Class 4 and Class 3 (unstable) reactive materials.

f. Class 3 water-reactive materials.

g. Pyrophoric materials.

h. Highly toxic materials.

i. Toxic gases.

j. Fueling or defueling of flammable or combustible that are stored or used as liquids, cryogenics, or compressed gases.

(O.15,546, 16,521)

Sec. 46-552. Demonstration cooking and warming equipment or devices.

(a) General. Cooking and warming devices for demonstration purposes only shall be in accordance with section 4104

(b) Public Isolation. Equipment and devices shall be isolated from the public by not less than 4 feet (1219 mm) or by a noncombustible 3-sided barrier between the equipment and devices and the public.

(c) Protection. Single-well cooking equipment using combustible oils or solids shall meet the following:

(1) A noncombustible lid shall be immediately available. The lid shall be of sufficient size to cover the cooking well completely.

(2) The cooking surface shall not exceed 288 square inches (1858 cm^2).

(3) The equipment shall be placed on a noncombustible surface.

(4) The equipment shall be separated from each other by a horizontal distance of not less than 2 feet (609 mm).

(d) Cooking equipment shall be separated from combustible materials by a horizontal distance of at least 2 feet (609 mm).

(e) Butane. Butane for cooking equipment shall be limited to one 10 oz cylinder and one spare in storage, of the same size, per appliance. Storage location shall be approved by the fire code official.

(1) Portable butane-fueled appliances. Portable butane-fueled appliances are allowed in restaurants and in attended commercial food catering operations where fueled by not more than two 10 oz (296 ml) LP-gas capacity, nonrefillable butane containers that have a water capacity not exceeding 1.08 lb (0.489 kg) per container. The containers shall be directly connected to the appliance, and manifolding of containers is not permitted. Storage of cylinders is limited to 24 containers, with an additional 24 permitted where protected by a 2-hour fire-resistance-rated barrier.

(O.15,546, 16,521)

DIVISION 4. OUTDOOR ASSEMBLY EVENTS

Sec. 46-553. General.

Outdoor assembly events shall be in accordance with section 3107 and chapter 10 of the International Fire Code.
(O.15,546, 16,318, 16,521)

Sec. 46-554. Occupant load.

The fire code official shall establish an occupant load for the event site.
(O.15,546)

Sec. 46-555. Exits.

Exits shall comply with chapter 10 of the International Fire Code and be as remote from each other as practical and shall be provided as follows:

Occupant Load	*Minimum Number of Exits*
1 to 500	2
501 to 1,000	3
1,001 or 1,500	4
Each additional 500 persons	36 additional inches of exit width

(1) *Width.* The aggregate clear width of exits shall be a minimum of 36 inches wide (914 mm) for each 500 persons to be accommodated.

(2) *Signs.* Exits shall be identified with signs that read "EXIT." The signs shall be weather-resistant with lettering on a contrasting background. The lettering shall be of sufficient height and brush stroke to be immediately visible from 75 feet (22,860 mm). Placement of the exit signs shall be approved by the fire code official.

(O.15,546, 16,318, 16,521)

Sec. 46-556. Concession stands, food booths, and retail booths.

(a) *General.* Concession stands, food booths, and retail booths shall be in accordance with section 3108.

(1) *Distances.* A minimum of 20 feet (6096 mm) shall be provided between every 150 linear feet (45,720 mm) of booth space. A minimum of 30 feet (9144 mm) shall be provided between booths used for cooking and the vehicles, generators, or any other internal combustion engines. A minimum of 30 feet (9144 mm) shall be provided between booths used for cooking and amusement rides or devices.

(b) *Cooking appliances or devices.*

(1) *Public isolation.* Cooking appliances or devices shall be isolated from the public by not less than 4 feet (1219 mm) or by a non-combustible 3-sided barrier between the equipment and devices and the public.

(2) *Protection.* Single-well cooking equipment using combustible oils or solids shall meet the following:

a. A noncombustible lid shall be immediately available. The lid shall be of sufficient size to cover the cooking well completely.

b. The cooking surface shall not exceed 288 square inches (18,580 cm^2).

c. The equipment shall be placed on a noncombustible surface; and

d. The equipment shall be separated from each other by a horizontal distance of not less than 2 feet (609 mm).

(3) *Liquefied petroleum gas (LP-gas).* LP-gas shall be in accordance with chapter 61 of the International Fire Code and NFPA 58.

a. *Maximum number and quantity.* A maximum of a total aggregate water capacity of 50 gallons (189 L) of LP-gas is permitted at one concession stand or booth used for cooking.

b. *LP-gas high-pressure cylinder hoses.* Hoses shall be designed for a working pressure of 350 PSIG (2413 kPa) with a safety factor of 5 to 1 and shall be continuously marked with LP-GAS, PROPANE, 350 PSI (2413 kPa) WORKING PRESSURE, and the manufacturer's name or trademark. Hose assemblies, after the application of couplings, shall have a design capability of 700 PSIG (4826 kPa). Hose shall not exceed 12 feet (3658 mm) unless approved by the fire code official.

c. *LP-gas low-pressure cylinder hoses.* Hoses with a working pressure of 5 psig shall be allowed when a fix regulator is set a 5 psi and is connected directly to the LP GAS cylinder. The hose shall not exceed 12 feet (3658 mm) unless approved by the fire code official.

(4) *Storage of containers.* Containers shall be stored in accordance with chapter 61 of the International Fire Code.

(c) *Generators / electrical.* The generators shall be installed at least 10 feet (3048 mm) from combustible materials; shall be isolated from the public by physical guard, fence, or enclosure installed at least 3 feet (914 mm) away from the internal combustion power source; and be provided with a compliant portable fire extinguisher per section 906 of the International Fire Code and NFPA 10.

(d) *Temporary water stations.* When outdoor temperatures are expected to exceed 90°F (32.2°C), the event sponsor shall provide and maintain a minimum of one water station for each 5,000-projected attendance. The water station shall include adequate water supply, cups, and a means for rapid replenishing of exhausted water. Each water station shall be located as far apart as practicable to allow ease of access for event attendees.
(O.15,546, 15,860, 16,318, 16,521)

DIVISION 5. MOBILE FOOD VEHICLES

Sec. 46-557. General.

Mobile food vehicles that are temporarily or permanently stored on a property where food items are processed or prepared and sold to the public shall comply with section 4106 of the International Fire Code.

Exception: Food peddlers operating a retail food establishment from a vehicle designated to be readily movable in which food is sold or given away but not composed, compounded, thawed, reheated, cut, cooked, processed, or prepared.
(O.15,546, 16,318, 16,521)

Sec. 46-558. Reserved.

Editor's note—Ord. No. 16,318, § 1, adopted Jan. 8, 2024, repealed § 46-558, which pertained to hoods and derived from Ord. No. 15,546.

Sec. 46-559. Reserved.

Editor's note—Ord. No. 16,318, § 1, adopted Jan. 8, 2024, repealed § 46-559, which pertained to fire extinguishers and derived from Ord. No. 15,546.

Sec. 46-560. Liquefied petroleum gas (LP-gas).

LP-gas shall be in accordance with chapter 41 and chapter 61 of the International Fire Code and NFPA 58.

(1) *LP-gas cylinder hoses.* Hoses shall be designed for a working pressure of 350 psig (2413 kPa) with a safety factor of 5 to 1 and shall be continuously marked with LP-GAS, PROPANE, 350 PSI WORKING PRESSURE, and the manufacturer's name or trademark. Hose assemblies, after the application of couplings, shall have a design capability of 700 psig (4826 kPa). Hose assemblies shall be leak tested at the time of installation at not less the operating pressure of the system in which they are installed.

(O.15,546, 16,318, 16,521)

Sec. 46-561. Location.

Mobile food vehicles shall not be located inside of or within 20 feet (6096 mm) of buildings, tents, canopies, or membrane structures.
(O.15,546, 16,318, 16,521)

DIVISION 6. SPECIAL AMUSEMENT BUILDINGS

Sec. 46-562. General.

Special amusement buildings shall be in accordance with this section and section 411 of the International Building Code.

Exception: Amusement buildings or portions thereof, which are without walls or a roof and are constructed to prevent the accumulation of smoke.
(O.15,546, 16,521)

Sec. 46-563. Use of combustible decorative materials.

Use of combustible decorative materials shall be in accordance with chapter 8.
(O.15,546, 16,521)

Sec. 46-564. Assistance.

Adult monitors with flashlights shall be available to provide assistance in the event someone becomes lost or disoriented. One adult monitor shall be provided for every 60 persons.
(O.15,546)

Sec. 46-565. Automatic sprinkler system.

Special amusement buildings shall be equipped throughout with an automatic sprinkler system in accordance with chapter 9.
(O.15,546, 16,521)

Sec. 46-566. Temporary special amusement buildings.

Where the special amusement building is temporary, the sprinkler water supply shall be of an approved temporary means.
(O.15,546, 16,318)

DIVISION 7. MAZES

Sec. 46-567. General.

Mazes, including but not limited to corn stalk or hedge mazes, shall be in accordance with this section.

(1) *Safe refuge areas.* Safe refuge areas shall be established outside of the maze or building and structure, and shall not be closer than 50 feet (15240 mm).

(2) *Paths.* Paths throughout the maze shall be a minimum of 36 inches (914 mm) in width and shall be clear and unobstructed width.

(3) *Separation.* A minimum of 20 feet (6096 mm) shall be provided between mazes and buildings and structures. The 20-foot (6096 mm) clearance shall be free from vegetation and obstructions.

(4) *Means of egress.* Each exit shall be a minimum of 6 feet (1828 mm) wide.

a. *Travel distance.* The maximum travel distance to reach an exit access shall not exceed 75 feet (22,860 mm). The travel distance shall be determined by using the maze path.

b. *Number.* The travel distance required to reach an exit access shall determine the number of exits required. Locking devices shall remain unlocked on exits when the maze is occupied.

c. *Exit signs.* Exit signs shall be provided next to or above each exit. The lettering shall be a minimum of 12 inches (305 mm) high with 2-inch (51mm) brushstroke. The signs shall read EXIT with lettering in a color contrasting to the sign's background.

(O.15,546, 16,521)

Sec. 46-568. Event plans.

The following plans shall be submitted to the fire code official.

(a) *General fire safety plan.* The plan shall include, but not be limited to, procedures that shall be used to prevent over-drying of vegetation throughout the site, documentation of decorative materials flame-retardancy, and the maximum number of attendees.

(b) *Security plan.* The plan shall document who shall provide security (e.g., off-duty police officers, sheriff's posse, employees). All security personnel shall be provided with a 2-way radio and flashlight.

(c) *Evacuation plans.* The plan shall document the responsibilities of all on-site employees. The plan shall also document how attendees will be evacuated and where they will be evacuated.

(d) *Maze rules.* Maze rules shall be posted at maze entrance.

(O.15,546, 16,521)

Sec. 46-569. Employee responsibilities.

Each employee shall be familiar with the evacuation plan and with fire extinguisher locations. Documentation of training shall be provided to the fire code official.

(1) *Guides.* An employee shall be responsible for guiding a group of not more than 14 attendees through the maze. Each employee shall be provided with a minimum of one flashlight and two-way radio. The employees shall be responsible for detecting and reporting fire or smoke to a competent person posted at the maze main entrance and begin evacuation procedures.

(2) *Main entrance employee.* Each maze shall be manned by an employee at the entrance. The employee shall be capable of communicating with the employees and shall be provided with a cellular telephone. When the main entrance employee receives a report of smoke, fire, or injury, the employee shall immediately call 9-1-1.

(O.15,546, 16,521)

Sec. 46-570. Watering.

Corn stalk and hedge mazes shall be provided with sufficient water and at a frequency that prevents the vegetation from becoming dry or brittle. Failure to comply with this provision is an imminent hazard, and the fire code official shall issue a stop order.

(O.15,546, 16,521)

Sec. 46-571. Buildings and structures.

When buildings and structures are intended to be occupied by attendees, the building and structure shall comply with section 3105.

(O.15,546, 16,521)

DIVISION 8. COVERED MALL BUILDINGS

Sec. 46-572. General.

Temporary use of the common pedestrian area within a covered mall building for promotional, Group A, Group E, Group M, or similar activities shall be in accordance with section 3108.
(O.15,546, 16,521)

Sec. 46-573. General requirements.

(a) *Main aisle width.* Main aisles shall be a minimum of 10 feet (3048 mm) in width or the minimum required means of egress width, whichever is greater, and shall be maintained in accordance with chapter 10. Main aisles shall not be obstructed.

(b) *Cross aisle width.* Cross aisles shall be a minimum of 15 feet (4572 mm) in width or the required means of egress width, whichever is greater, and shall be maintained in accordance with chapter 10.

(c) *Fueled equipment.* Liquid- or gas-fueled or electric appliances, tools, apparatus, craft, or vehicles shall be displayed in a mall in accordance with section 314. LP-gas powered floor maintenance machines may be used when in accordance with chapter 61.
(O.15,546, 16,521)

Sec. 46-574. Combustible decorative materials.

Combustible decorative materials shall be in accordance with chapter 8.
(O.15,546, 16,521)

Secs. 46-575—46-579. Reserved.

ARTICLE XIX. FIRE DEPARTMENT ACCESS

Sec. 46-580. Aerial access.

Delete section D105.3 and insert in lieu thereof the following new section:

D105.3 Proximity to building. At least one of the required access routes meeting this condition shall be positioned along a minimum of one-fourth of the building perimeter and located within the minimum and a maximum dictated by the table below, Table D105.3. The arrangement of the aerial fire apparatus access road shall be approved by the fire code official and may be discontinuous with approval.

Building Height (ft)		*Distance from Building (ft)*	
Minimum	*Maximum*	*Minimum*	*Maximum*
30	40	15	50
40	50	15	40
50	N/A	15	30

(O.15,546, 16,318, 16,521)

Sec. 46-581. Reserved.

Editor's note—Ord. No. 16,318, § 1, adopted Jan. 8, 2024, repealed § 46-581, which pertained to access points and derived from Ord. No. 15,546; Ord. No. 15,860.

Sec. 46-582. Reserved.

Editor's note—Ord. No. 16,318, § 1, adopted Jan. 8, 2024, repealed § 46-582, which pertained to remoteness and derived from Ord. No. 15,546; Ord. No. 15,860.

Sec. 46-583. One- and two-family dwellings on a single access road.

Delete section D107.1 exception #2 and insert in lieu thereof the following new section:

2. The number of dwelling units on a single fire apparatus access road shall not be increased unless alternative fire and life safety measures have been provided, as determined by the fire code official. Even when alternative fire and life safety measures have been implemented, at no time shall the number of dwelling units on a single fire apparatus access road exceed 60 units.

(O.15,546, 16,521)

Sec. 46-584. Commercial and industrial access roads.

Insert new section D104.4 with the following language:

D104.4 Public Streets. Where two fire apparatus access roads are required, they both shall be public streets. Where public streets are not

available, both access roads or private streets shall be designed, constructed, and maintained as public streets.

(O.15,860, 16,521)

Sec. 46-585. Multi-family residential developments—Access roads.

Insert new section D106.4 with the following language:

D106.4 Public Streets. Where two or more fire apparatus access roads are required, all streets throughout the development shall be public streets complying with city code and policy in design and installation standards.

Exemption: Where a fire apparatus access road only serves an isolated portion of the development for compliance with IFC 503, and that isolated portion would not require two fire apparatus access roads, all as determined by the fire code official, such fire apparatus access road may be but shall not be required to be a public street.

D106.4.1 Alternative to Public Streets. Where public streets are not required for the development other than as specified in IFC appendix D or the exemption in city code section 106.4 applies, the fire apparatus access roads shall be permitted, but not required, to be privately owned when the following requirements are met and are recorded as an easement in favor of the city on the development plat:

1. All fire apparatus access roads shall meet the requirements of IFC 503 and IFC appendix D including the design capacity, width, turn radius, turnarounds, and lengths.
2. The access easement granted to the city for access to and use of the privately owned fire apparatus access road shall comply with the following:
   - 2.1 Will be a permanent easement releasable only by resolution of the city council.
   - 2.2 Will indicate which of the properties are responsible for maintaining the road to provide all-weather driving capabilities.
   - 2.3 Will prohibit any structures from being built within 15 feet on either side of the fire apparatus access road, as measured from the back of the road curb. The distance can be reduced to 7 feet in limited locations where there is sufficient space across the road as approved in advance by the fire department.
3. Fire Lane requirements of section 511, as set forth in city code section 46-444, shall be met for the privately owned fire apparatus access road.
4. Portions of roads, driveways, or other pavement that are not needed for compliance with IFC 503.1.1 shall not be required to comply with this section.

(O.15,860, 16,471, 16,521)

Sec. 46-586. One- or two-family residential developments—Access roads.

Insert new section D107.3 with the following language:

D107.3 Public Streets. Where two or more fire apparatus access roads are required, all streets throughout the development shall be public streets complying with city code and policy in design and installation standards.

Exemption: Where a fire apparatus access road only serves an isolated portion of the development for compliance with IFC 503, and that isolated portion would not require two fire apparatus access roads, all as determined by the fire code official, such fire apparatus access road may be but shall not be required to be a public street.

D107.3.1 Alternative to Public Streets. Where public streets are not required for the development other than as specified in IFC Appendix D or the exemption in city code section 107.3 applies, the fire apparatus access roads shall

be permitted, but not required, to be privately owned when the following requirements are met and are recorded as an easement in favor of the city on the development plat:

1. All fire apparatus access roads shall meet the requirements of IFC 503 and IFC Appendix D including the design capacity, width, turn radius, turn arounds and lengths.

2. The access easement granted to the city for access to and use of the privately owned fire apparatus access road shall comply with the following:

   2.1 Will be a permanent easement releasable only by resolution of the city council.

   2.2 Will indicate which of the properties are responsible for maintaining the road to provide all-weather driving capabilities.

   2.3 Will prohibit any structures from being built within 15 feet on either side of the fire apparatus access road, as measured from the back of the road curb. The distance can be reduced to 7 feet in limited locations where there is sufficient space across the road as approved in advance by the fire department.

3. Fire Lane requirements of section 511, as set forth in city code section 46-444, shall be met for the privately owned fire apparatus access road.

4. Portions of roads, driveways or other pavement that are not needed for compliance with IFC 503.1.1 shall not be required to comply with this section.

(O.15,860, 16,471, 16,521)

Sec. 46-587. Emergency responder communications enhancement systems.

Delete Exemption #4 of section 510.1 of the International Fire Code and insert in lieu thereof the following new exemption:

4. Buildings, three-stories or less, with an aggregate floor area of less than 50,000 ft^2 and less than 5,000 ft^2 below grade.

(O.16,521)

Sec. 46-588. Replacement of battery-powered smoke alarm.

Upon replacement of a smoke or heat alarm with an existing primary power source of a battery, the new smoke or heat alarm must comply with the power supply requirements of NFPA 72 section 29.9.1.

(O.16,521)

ARTICLE I. IN GENERAL

Secs. 50-1—50-25. Reserved.

ARTICLE II. FLOODPLAIN DEVELOPMENT

Sec. 50-26. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

100-year flood or *base flood* means a flood, the magnitude of which has a one-percent chance of being equaled or exceeded in any given year. All determinations of the 100-year flood level shall be based on data provided by the Federal Insurance Administration. If the Federal Insurance Administration has not provided sufficient data to make a determination, the city shall obtain, review and reasonably utilize data available from the state department of natural resources and from any other source in making such determination.

100-year flood elevation or *base flood elevation* means the elevation that floodwaters would reach at a particular site during the occurrence of the 100-year flood.

Accessory structure means a structure which is on the same parcel of the property as the principal structure to be insured and the use of which is incidental to the use of the principal structure.

Basement means any enclosed area of a building which has its floor below ground level (subgrade) on all sides.

Compensatory storage means an excavated hydrologically and hydraulically equivalent volume of storage created to offset the loss of existing flood storage.

Development means any manmade change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials. "Development" does not include the following:

(1) Small development activities (except for filling, grading and excavating) valued at less than $500.00;

(2) Normal maintenance of structures such as re-roofing, replacing roofing tiles and replacing siding;

(3) Exterior and interior painting, papering, tiling, carpeting, cabinets, counter tops and similar finish work;

(4) Basement sealing;

(5) Repairing or replacing damaged or broken window panes;

(6) Repairing plumbing systems, electrical systems, heating or air conditioning systems and repairing wells or septic systems; or

(7) Other repairs necessary to keep a structure in a safe and habitable condition that do not trigger a building permit, provided they are not associated with a general improvement of the structure or repair of a damaged structure.

Factory-built home means any structure, designed for residential use, which is wholly or in substantial part made, fabricated, formed or assembled in manufacturing facilities for installation or assembly and installation on a building site. For the purposes of this article, factory-built homes include mobile homes, manufactured homes and modular homes and also include park trailers, travel trailers and other similar vehicles placed on a site for greater than 180 consecutive days.

Flood means a general and temporary condition of partial or complete inundation of normally dry land areas resulting from the overflow of streams or rivers or from the unusual and rapid accumulation or runoff of surface waters from any source.

Flood insurance rate maps (FIRMs) means the official maps prepared as part of, but published

separately from, the Flood Insurance Studies which delineate both the flood hazard areas and the risk premium zones applicable to the city.

Flood insurance studies means the Polk County Flood Insurance Study dated February 1, 2019, including but not limited to Panels 19153C0189F, 0195F, 0215F, 0220F, 0327F, 0329F, 0335F, 0340F, 0345F, 0355F, 0360F, 0365F, 0370F, 0380F, and the Warren County Flood Insurance Study dated November 16, 2018, including but not limited to Panels 19181C0043G, 0044G, 0065G, 0068G, 0132G, 0151G, 0152G, 0156G, all of which are made a part of this article by reference, together with the flood profiles and all explanatory material contained therein, subject to any amendments thereto adopted by ordinance enacted by the city council pursuant to section 50-33. The flood insurance studies are reports published by the Federal Emergency Management Agency (FEMA) for the city and issued together with the flood insurance rate maps. Said studies contain such background data as the base flood discharge and water surface elevation that were used to prepare the flood insurance rate map. The flood insurance studies shall be on file in the office of the city engineer.

Floodplain means any land area susceptible to being inundated by water from any source during the 100-year flood. The floodplain includes all areas designated as "A-" zones on the flood insurance rate maps, including but not limited to A, AE, A1—A30, AH and AO.

Floodproofing and *floodproofed* mean any combination of structural and nonstructural additions, changes or adjustments to structures, including utility and sanitary facilities, which will reduce or eliminate, and/or have reduced or eliminated, flood damage to such structures.

Floodway means the channel of a river or other watercourse and the adjacent land areas designated to carry the waters of a 100-year flood without increasing the water surface elevation of that flood more than 1.0 foot. Floodways include the areas designated as floodway areas within Zone AE on the flood insurance rate maps in the flood insurance studies. The city council may by ordinance designate additional floodway areas which have been identified through engineering studies.

Highest adjacent grade means the highest natural elevation of the ground surface, prior to construction, next to the proposed walls of a structure.

Historic structure means any structure that is:

(1) Listed individually in the National Register of Historic Places (a listing maintained by the Department of the Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;

(2) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;

(3) Individually listed on the state register of historic places; or

(4) Individually designated as a city landmark.

Lowest floor means the floor of the lowest enclosed area in a building or factory-built home, including a basement, except that when the lowest enclosed area satisfies all of the criteria set forth in the following subsections, the lowest floor is the floor of the next highest enclosed area that does not satisfy such criteria:

(1) The enclosed area is designed to flood to automatically equalize hydrostatic pressure from flood forces on exterior walls by allowing for the entry and exit of floodwaters through walls or openings which satisfy the requirements of subsection 50-34(4) of this article.

(2) The enclosed area is unfinished (i.e., not carpeted, drywalled, etc.) and is used solely for low damage potential uses such as building access, parking or storage.

(3) All machinery and service facilities contained in the enclosed area shall meet all applicable performance standards set forth in section 50-34.

(4) The enclosed area is not a basement, as defined in this section.

Market value means the value of a structure determined using the most recent applicable county assessor's building valuation, or, if determined necessary by the city engineer, by independent appraisal provided by an applicant and verified and approved by the city engineer.

Minimum flood protection elevation means, for all floodplain areas except areas designated as AO zones on the flood insurance rate maps, the elevation of three feet above the 100-year flood elevation. The additional elevation above the 100-year flood elevation is also known as "freeboard". For all areas designated as AO zones on the rate maps, the minimum flood protection elevation shall be equal to the depth as specified on the rate map above the highest adjacent grade plus one foot, or, if no depth is specified, at least three feet above the highest adjacent grade.

New construction means structures for which the start of construction commenced on or after the effective date of a floodplain management regulation (ordinance) adopted by the city and includes any subsequent improvements to such structures.

Recreational vehicle means a vehicle which is:

(1) Built on a single chassis;

(2) Four hundred square feet or less when measured at the largest horizontal projection;

(3) Designed to be self-propelled or permanently towable by a light-duty truck; and

(4) Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Start of construction includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition placement or other improvement was within 180 days of the permit date. The *actual start* means either the first placement of permanent construction of a structure on a site, such as the pouring of a slab or footing, the installation of piles, the construction of columns, any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling, nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory structures, such as garages or sheds not occupied as dwelling units and not part of the main structure. For a substantial improvement, the *actual start of construction* means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Structure means anything constructed or erected with a fixed location on the ground or attached to something having a fixed location on the ground. Structures include but are not limited to buildings, sheds, cabins, factory-built homes, gas or liquid storage tanks, monument signs, grain storage facilities and/or other similar uses.

Substantial damage means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before-damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

Substantial improvement means any reconstruction, rehabilitation, repairs, addition, modification, or other improvement of a structure, which satisfies either of the following criteria:

(1) The cost of which equals or exceeds 50 percent of the market value of the structure before the start of construction of the improvement.

(2) Any addition which increases the original floor area of a building or factory-built

home by 25 percent or more. All additions constructed after February 4, 1981, shall be added to any proposed addition in determining whether the total increase in original floor space would exceed 25 percent.

The term "substantial improvement" includes structures which have incurred substantial damage, regardless of the actual repair work performed. The term does not, however, include either: (i) any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement officer and which are the minimum necessary to ensure safe living conditions: or (ii) any alteration which will not preclude the structure's continued designation as a "historic structure."

Variance means a grant of relief by the city council from the terms of this chapter pursuant to section 50-35(c).

Violation means the failure of a structure or other development to be fully compliant with the requirements of this chapter. A structure or other development without a certificate of compliance or other evidence of compliance with the requirements in section 50-34 is presumed to be in violation until such time as that documentation is provided.
(C79, § 12-1; O.10,027, 10,225; C85, § 12-1; O.10,991; C91, § 12-1; O.11,773, 13,201, 15,722, 15,919, 15,985, 16,043)

Cross reference—Definitions generally, § 1-2.

Sec. 50-27. Title.

This article shall be known, cited and referred to as the "Floodplain Development Regulations of the City of Des Moines, Iowa."
(C79, § 12-2; O.10,027; C91, § 12-2)

Sec. 50-28. Findings of fact.

Statutory authority. The Legislature of the State of Iowa has in Chapter 414, Code of Iowa, as amended, delegated the power to cities to enact zoning regulations to secure safety from flood and to promote health and the general welfare.

It is declared that the floodplain areas of the city are subject to periodic inundation which can result in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the health, safety, and general welfare of the community. These losses, hazards and related adverse effects are caused by the occupancy of floodplain areas by uses vulnerable to flood damages which create hazardous conditions as a result of being inadequately elevated or otherwise protected from flood and by the cumulative effect of floodplain construction on flood flows, which causes increases in flood heights and floodwater velocities. This article relies upon engineering methodology for analyzing flood hazards which is consistent with the standards established by the state department of natural resources.
(C79, § 12-3; O.10,027; C85, § 12-3; O.10,991; C91, § 12-3; O.15,722)

Sec. 50-29. Purpose.

It is the purpose of this article to promote the public health, safety and general welfare by minimizing those flood losses described in section 50-28 of this article with provisions designed to:

(1) Restrict or prohibit uses which are dangerous to health, safety or property in times of flood or which cause excessive increases in flood heights or velocities.

(2) Require that uses vulnerable to floods, including public utilities which serve such uses, be protected against flood damage at the time of initial construction.

(3) Ensure that eligibility is maintained for property owners in the community to purchase flood insurance through the National Flood Insurance Program.

(4) Protect individuals from buying lands which may not be suited for their intended purposes because of flood hazard.

(C79, § 12-4; O.10,027; C91, § 12-4, 15,311)

Sec. 50-30. Interpretation and conflicts.

(a) In their interpretation and application, the sections of this article shall be held to be minimum requirements for the promotion of the public health, safety, and general welfare.

(b) This article is not intended to interfere with, abrogate, or annul any other ordinance, rule or regulations, statute, or other provision of law. Where any section of this article imposes restrictions different from those imposed by any other section of this article or any other provision of any ordinance, rule or regulation, or other provision of law, whichever provisions are more restrictive or impose higher standards shall control.

(c) This article is not intended to abrogate any easement, covenants, or other private agreement or restriction, provided that where the sections of this article are more restrictive or impose higher standards or regulations than such easement, covenant, or other private agreement or restriction, the requirements of this article shall govern.

(d) If any section, subsection, sentence, clause or phrase of this chapter is held to be unconstitutional and invalid for any reason, such decision shall not affect the validity of the remaining portions of this chapter. The city council hereby declares that it would have passed this chapter and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases may be declared unconstitutional or invalid. To this end the provisions of this chapter are severable.
(C79, § 12-5; O.10,027; C91, § 12-5; O.15,722)

Sec. 50-31. Warning and disclaimer of liability.

The degree of flood protection required by this article is considered reasonable for regulatory purposes and is based on engineering and scientific methods of study. Larger floods may occur on rare occasions. Flood heights may be increased by manmade or natural causes, such as ice jams and bridge openings restricted by debris. This article does not imply that areas outside the floodplain areas or land uses permitted within the floodplain areas will be free from flooding or flood damages. This article shall not create liability on the part of the city or any officer or employee thereof for any flood damages that result from reliance on this article or any administrative decision lawfully made under this article.
(C79, § 12-6; O.10,027; C91, § 12-6)

Sec. 50-32. Amendments.

The regulations or provisions of this article may from time to time be amended, supplemented, changed or repealed by the city council, after notice to the Federal Emergency Management Agency and the state department of natural resources.
(C79, § 12-7; O.10,027; C85, § 12-7; O.10,991; C91, § 12-7)

Sec. 50-32.05. Administration.

(a) The city engineer is hereby designated to administer and implement the provisions of this chapter.

(b) The duties of the city engineer under this chapter shall include, but not be limited to:

(1) Review of all applications for certificates of compliance to assure that sites are reasonably safe from flooding and that the performance standards of this chapter have been satisfied.

(2) Review all applications for certificates of compliance to assure that all necessary permits have been obtained from those governmental agencies from which approval is required by federal or state law, including, but not limited to and when applicable, the Iowa Department of Natural Resources for floodplain structure(s) and section 404 of the federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. § 1334.

(3) Review all subdivision proposals and other new development, including manufactured home parks, to determine whether such proposals will be reasonably safe from flooding.

(4) Record and maintain a record of: (i) elevation of the lowest floor (including basement) of all new or substantially improved structure; or (ii) the elevation to which all new or substantially improved structures have been floodproofed.

(5) Issue certificates of compliance for all approved applications.

(6) Notify adjacent communities and the state department of natural resources prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Emergency Management Agency.

(7) Keep a record of all permits, appeals, and such other transactions and correspondence pertaining to the administration of this chapter.

(8) Maintain the accuracy of the community's flood insurance rate maps when;

a. Development placed within the floodway results in any of following:

1. An increase in the base flood elevations, or

2. Alteration to the floodway boundary.

b. Development placed in Zones A, AE, AH and A1—A30 that does not include a designated floodway that will cause a rise of more than one foot in the base elevation; or

c. Development relocates or alters a channel.

Within six months of the completion of the development, the applicant shall submit to FEMA all scientific and technical data necessary for a letter of map revision.

(9) Maintain any certificates of floodproofing, and information on the elevation (in relation to North American Vertical Datum 1988) of the level of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structures have been floodproofed, the elevation (in relation to North American Vertical Datum 1988) to which the structures were floodproofed.

(10) Maintain records of damage, reconstruction, rehabilitation, repairs, additions, modifications, or other improvements to buildings within floodplain areas.

(11) Perform site observations at time of building permit issuance to ensure compliance with the standards of this chapter.

(O.15,311, 15,722, 15,919, 15,985)

Sec. 50-33. Floodplain boundaries.

(a) The boundaries of the floodplain areas are shown on the flood insurance rate maps contained within the flood insurance studies. The city council may by ordinance designate additional floodway areas which have been identified through engineering studies.

(b) The general location of the floodplain boundaries shall be determined by scaling distances on the flood insurance rate maps; however, when a more precise determination is needed as to the exact location of the boundary in relation to a particular property, the determination shall be based upon elevation, using the elevation reference mark set forth in the flood insurance studies. If the elevation reference mark has been obliterated, a new mark, referenced to the North American Vertical Datum of 1988 if located on the Polk County Flood Insurance Rate Maps dated February 1, 2019, or the Warren County Flood Insurance Rate Maps dated November 16, 2018, shall be provided by the city engineer utilizing precise level crews of either the city or the Federal Insurance Administration. The elevation of the property in question shall be shown in a report prepared by a person registered as both a land surveyor and professional engineer under state laws, which report shall be approved by the city engineer as to method and form.

(c) If such report indicates that the boundary in question is significantly different from the boundary shown on the flood insurance rate maps, such report shall be forwarded by the city engineer to the state department of natural

resources and to the Federal Emergency Management Agency for their examination. If both the state department of natural resources and the Federal Emergency Management Agency notify the city that they are in concurrence with such report, the city engineer shall thereafter recommend that the city council pass an ordinance changing the boundary in question.

(d) If the city council passes an ordinance changing the boundary in question or adding a new floodway area, the ordinance number and the date of the change shall be recorded by the city engineer on the flood insurance rate maps.

(e) In floodplain areas where the flood insurance study has not provided floodway and 100-year flood elevation information, the applicant shall be responsible for providing the state department of natural resources with sufficient technical information for the computation of such information. The city shall seek the concurrence of the department of natural resources before issuing a building permit in such areas.
(C79, § 12-8; O.10,027; C85, § 12-8; O.10,991, 11,545; C91, § 12-8; O.15,311, 15,722)

Sec. 50-34. Performance standards.

No structure or land shall hereafter be placed to a use and no structure shall be constructed, located, expanded, converted to a new use or structurally altered without full compliance with the terms of this chapter. All development within floodplain areas must be consistent with the need to minimize flood damage and shall meet the following applicable performance standards:

(1) All structures and factory-built homes (whether or not placed in existing factory-built home parks or subdivisions) for which the start of construction commenced on or after February 4, 1981, or to which substantial improvements have been made on or after February 4, 1981, shall be:

a. Adequately anchored to prevent flotation, collapse or lateral movement of the structure during conditions of flooding. Anchorage systems may include, but are not limited to, use of over-the-top or frame tied ground anchors;

b. Constructed with materials and utility equipment resistant to flood damage;

c. Constructed by methods and practices minimizing flood damage; and

d. Unless otherwise provided in this section 50-34, constructed with (i) machinery and equipment serving the building, such as electric meter and panel box, water heater, and heating, air conditioning, and ventilation equipment (including ductwork), elevated or floodproofed equal to or above the minimum flood protection elevation; and (ii) service utilities such as plumbing, electric service, gas service, and water/gas meters designed and installed to be watertight and withstand inundation or elevated equal to or above the minimum flood protection elevation.

e. Reviewed to assure that all necessary permits have been received from those governmental agencies from which approval is required by federal or state law, including, but not limited to and when applicable, the Iowa Department of Natural Resources for floodplain structure(s) and section 404 of the federal Water Pollution Control Act of 1972, 22 U.S.C. §1334.

(2) All residential buildings and factory-built homes (whether or not placed in existing factory-built home parks or subdivisions) for which the start of construction commenced on or after February 4, 1981, or to which substantial improvements have been made on or after February 4, 1981, shall have the lowest floor, including basement, elevated equal to or above the minimum flood protection elevation. Machinery and

equipment serving the building, such as electric meter and panel box, water heater, and heating, air conditioning and ventilation equipment (including ductwork), shall also be elevated equal to or above the minimum flood protection elevation, and service utilities such as plumbing, electric service, gas service, and water/gas meters must be designed and installed to be watertight and withstand inundation or elevated equal to or above the minimum flood protection elevation. Elevation shall be achieved by means of compacted fill or by such other methods, including piers, as the city engineer determines to be adequate to support the structure as well as withstand the various forces and hazards associated with flooding.

(3) All nonresidential buildings for which the start of construction commenced on or after February 4, 1981, or to which substantial improvements have been made on or after February 4, 1981, shall have the lowest floor, including basement, elevated equal to or above the minimum flood protection elevation or shall be floodproofed to the minimum flood protection elevation. Machinery and equipment serving the building, such as electric meter and panel box, water heater, and heating, air conditioning and ventilation equipment (including ductwork), shall also be elevated or floodproofed equal to or above the minimum flood protection elevation; and service utilities such as plumbing, electric service, gas service, and water/gas meters must be designed and installed to be watertight and withstand inundation or elevated equal to or above the minimum flood protection elevation. When floodproofing is utilized, a professional engineer registered in the state shall certify that the floodproofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the 100-year flood and that the structure, below the minimum flood protection elevation, is watertight with walls substantially impermeable to the passage of water. A record of the certification indicating the specific elevation, in relation to North American Vertical Datum, to which any buildings are floodproofed shall be maintained by the office of the building official.

(4) Within all buildings and factory-built homes (whether or not placed in existing factory-built home parks or subdivisions) for which the start of construction commenced on or after February 4, 1981, or to which substantial improvements have been made on or after February 4, 1981, any enclosed areas below the lowest floor shall be designed to automatically equalize hydrostatic pressure from flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement either must be certified by a registered professional engineer or must meet the following criteria:

a. A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided.

b. The bottom of all openings shall be no higher than one foot above grade.

c. Openings may be equipped with screens, louvers, valves, or other coverings or devices, provided that they permit the automatic entry and exit of floodwaters.

d. Such enclosed areas shall be used solely for parking of vehicles, building access and low damage potential storage.

(5) Utility and sanitary systems shall satisfy the following criteria:

a. All new and replacement sanitary sewer systems shall be designed to minimize or eliminate infiltration of floodwaters into the system as well as the discharge of effluent into floodwaters. Wastewater treatment facilities shall be provided with a

level of flood protection equal to or above the minimum flood protection elevation.

b. On-site waste disposal systems shall be located or designed to avoid impairment to the system or contamination from the system during flooding.

c. New or replacement water supply systems shall be designed to minimize or eliminate infiltration of floodwaters into the system. Water supply treatment facilities shall be provided with a level of protection equal to or above the minimum flood protection elevation.

d. Utilities such as gas and electrical systems shall be located and constructed to minimize or eliminate flood damage to the system and the risk associated with such flood damaged or impaired systems.

(6) Flood control structural works such as levees and floodwalls shall provide, at a minimum, protection from a 100-year flood with a minimum of three feet of design freeboard and shall provide for adequate interior drainage. In addition, structural flood control works shall be approved by the state department of natural resources.

(7) Storage of materials and equipment that are flammable, explosive or injurious to human, animal or plant life is prohibited unless stored indoors and elevated equal to or above the minimum flood protection elevation. Other material and equipment must either be:

a. Similarly elevated;

b. Not subject to major flood damage and anchored to prevent movement due to floodwaters; or

c. Readily removable from the area within the time available after flood warning.

(8) No development shall affect the capacity or conveyance of the channel or floodway of any tributary to the main stream, drainage ditch or other drainage facility or system.

(9) All subdivisions shall be consistent with the need to minimize flood damages and shall have adequate drainage provided to reduce exposure to flood damage. Development associated with subdivision proposals shall meet the applicable performance standards. Subdivision proposals intended for residential development shall provide all lots with a means of vehicular access that will remain dry during occurrence of the 100-year flood. Proposals for subdivisions and other proposed developments, including proposals for manufactured home parks and subdivisions, greater than five acres or 50 lots, whichever is the lesser, shall include 100-year flood elevations for those areas located within the floodplain.

(10) Detached garages, sheds and similar accessory structures that are incidental to a single-family (single-household) or two-family (two-household) residential use are exempt from the minimum flood protection elevation requirements, provided all of the following criteria are met:

a. The structure shall not be used for human habitation, and shall be used solely for low flood damage potential purposes such as vehicle parking and limited storage.

b. The structure shall be designed to have low flood damage potential. Those portions of the structures located below the minimum flood protection elevation must be constructed of flood-resistant materials as determined by the Federal Emergency Management Agency.

c. The structure shall be constructed and placed on the building site so as to offer minimum resistance to the flow of floodwaters.

d. The structure shall be firmly anchored to prevent flotation, col-

lapse and lateral movement which may result in damage to other structures.

e. The structure's service facilities such as electrical, heating, ventilation, plumbing, and air conditioning equipment shall be elevated or floodproofed to a level equal to or above the minimum flood protection elevation.

f. The structure's walls shall include openings that satisfy the provisions of subsection (4) of this section.

g. The owner of the structure must sign a non-conversion agreement whereby the owner agrees not to modify the enclosed area in any way that would make it more susceptible to flood damage. The agreement must contain a legal description sufficient to identify the property upon which the structure is located, and be recorded at the owner's expense with the applicable county recorder. The agreement shall allow the city the right to inspect the enclosed area at any time.

(11) Recreational vehicles shall not be placed on sites within the areas designated as A1—A30, AO, AE, and AH on the flood insurance rate maps or in other approximate "A-" zones for which base flood elevation data has been obtained or provided by IDNR or the city engineer, unless the recreational vehicle will:

a. Be on the site for fewer than 180 consecutive days;

b. Be fully licensed and ready for highway use; or

c. Meet the permit, elevation and anchoring requirements for a factory-built home.

A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by disconnect-type utilities and security devices, and has no permanent attached additions.

(12) Pipeline river and stream crossings shall be buried in the streambed and banks, or otherwise sufficiently protected to prevent rupture due to channel degradation and meandering or due to the action of flood flows, and shall be constructed, operated, and maintained so as not to create premature overbank flow or excessive scour to the channel or banks. Spoil material resulting from the construction of a pipeline crossing shall be disposed of in a manner which will not obstruct low flow or flood flows.

(13) In the AH and AO zones as shown by the flood insurance rate maps, all structures on slopes for which the start of construction commenced on or after February 4, 1981, or to which substantial improvements have been made after February 4, 1981, shall have adequate drainage paths to guide floodwaters around and away from the structure.

a. In AO zones, as designated on the flood insurance rate map, the minimum flood protection elevation for all new construction and substantial improvements of residential structures shall be equal to or above the number of feet as specified on the flood insurance rate map plus one foot (or a minimum of three feet, if no number is specified) above the highest adjacent grade to the structure, and the minimum flood protection elevation for all new construction and substantial improvements of nonresidential structures shall (i) be equal to the number of feet as specified in the flood insurance rate map plus one foot (or a minimum of three feet, if no number is specified) above the highest adjacent grade, or (ii) together with attendant utility and sanitary facilities be completely floodproofed so that below the base

flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

b. In AH zones, as designated on the flood insurance rate map, the minimum flood protection elevation for all new construction and substantial improvements of residential structures shall be equal to or above the elevation as specified on the flood insurance rate map plus one foot, and the minimum flood protection elevation for all new construction and substantial improvements of nonresidential structures shall (i) be equal to or above the number of feet as specified in the flood insurance rate map plus one foot, or (ii) together with attendant utility and sanitary facilities, be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

(14) All encroachments, including fill, new construction, substantial improvements, and other development, within a designated floodway are hereby prohibited unless it has been demonstrated to the reasonable satisfaction of the city engineer through hydrologic and hydraulic analysis performed in accordance with standard engineering practices that the proposed encroachment will not result in any increase in flood levels within the flood plain during the occurrence of a 100-year flood.

a. No development shall be permitted in the floodway that would result, individually or collectively, in any increase in the base flood elevation. Consideration of the effects of any development on flood levels shall be based upon the assumption that an equal degree of development would be allowed for all similarly situated lands. Notwithstanding the foregoing sentence, a structure, associated fill, or another potential obstruction owned, operated, or maintained by a local, state or federal governmental entity, whose location in the floodway provides a substantial public benefit, such as bridge embankments, water supply intake structures, and water wells with appurtenant fill, may be allowed if the resulting increase in flood levels is mitigated by purchase of flooding easements or execution of other appropriate agreements with the owners of property on which flooding would be increased.

b. No development shall affect the capacity or conveyance of the channel or floodway of any tributary to the main stream, drainage ditch or any other drainage facility or system.

c. Structures, if permitted, shall have a low flood damage potential and shall not be used for human habitation.

d. Storage of materials or equipment that are buoyant, flammable, explosive or injurious to human, animal or plant life is prohibited.

e. Watercourse alterations or relocations must be designed to maintain the flood carrying capacity within the altered or relocated portion. In addition, such alterations or relocations must be approved by the department of natural resources.

f. Pipeline and river crossings shall be buried in the steambed and banks or otherwise sufficiently protected to prevent rupture due to channel degradation and meandering or due to the action of flood flows.

(15) For any development in the floodplain in Zones A, AE, AH and A1—A30 for which no floodway is delineated, documentation must be provided to the city, in the form and to the extent required by the city engineer, demonstrating that such development will not cause a rise of more than one foot in the base flood elevation.

(16) Any addition to a structure or factory-built home (whether or not placed in an existing factory-built home park or subdivision) constructed on or after February 4, 1981, which addition increases the original floor area of the applicable structure or factory-built home by any amount, shall comply with subsections (a) through (e) of subsection 1 of this section.

a. Any addition constructed on or after February 4, 1981 to a residential building or factory-built home (whether or not placed in an existing factory-built home park or subdivision), which addition increases the original floor area of the applicable structure or factory-built home by any amount, shall have its lowest floor, including basement, elevated equal to or above the minimum flood protection elevation. Machinery and equipment serving the building, such as electric meter and panel box, water heater, and heating, air conditioning and ventilation equipment (including ductwork), shall also be elevated equal to or above the minimum flood protection elevation; and service utilities such as plumbing, electric service, gas service, and water/gas meters must be designed and installed to be watertight and withstand inundation or elevated equal to or above the minimum flood protection elevation. Elevation of the addition shall be achieved by means of compacted fill or by such other methods, including piers, as the city engineer determines to be adequate to support the structure as well as withstand the various forces and hazards associated with flooding.

b. Any addition constructed on or after February 4, 1981 to a nonresidential building, which addition increases the original floor area of the applicable structure by any amount, shall have its lowest floor, including basement, elevated equal to or above the minimum flood protection elevation or shall be floodproofed to the minimum flood protection elevation. Machinery and equipment serving the building, such as electric meter and panel box, water heater, and heating, air conditioning and ventilation equipment (including ductwork), shall also be elevated or floodproofed equal to or above the minimum flood protection elevation; and service utilities such as plumbing, electric service, gas service, and water/gas meters must be designed and installed to be watertight and withstand inundation or elevated equal to or above the minimum flood protection elevation. When floodproofing is utilized, a professional engineer registered in the state shall certify that the floodproofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the 100-year flood and that the structure, below the minimum flood protection elevation, is watertight with walls substantially impermeable to the passage of water. A record of the certification indicating the specific elevation, in relation to North American Vertical Datum, to which any additions are floodproofed shall be maintained by the office of the building official.

(17) Unless otherwise specified in this subsection, development in the floodplain shall result in no net loss of natural floodplain storage, and compensatory storage equal to at least 1.5 times the volume of floodplain storage displaced shall be provided for all development above grade in the floodplain. All required compensatory storage shall be located at a hydraulically equivalent site on the same cross-section or as demonstrated by modeling provided by the applicant and prepared by an engineer licensed in the State of Iowa. For developments that are required to have stormwater detention facilities, the storage volume required to meet the city's stormwater management regulations for the 100-year flood event does not count as credit towards satisfying the compensatory storage requirement.

a. The following development projects are required to meet a compensatory storage requirement in accordance with this subsection equal to at least 1.0 times the volume of floodplain storage displaced, rather than equal to at least 1.5 times the volume of floodplain storage displaced:

i. Projects undertaken wholly within the geographic area mapped by the city engineer and generally described as the Des Moines River floodplain from the centerline of the East University Avenue bridge to a point that is 1,400 feet east of the centerline of the Southeast 14th Street bridge and the Raccoon River floodplain from the centerline of the Southwest 9th Street bridge to the confluence with the Des Moines River.

b. The following development projects are not required to meet the compensatory storage requirement unless specifically required by the city engineer after review of the initial certificate of compliance application:

i. Minor projects clearly having negligible impact, such as street/parking lot resurfacing/rehabilitation, certain utility infrastructure and appurtenances (e.g. hydrants, poles, manholes, underground pipes), bridge/culvert rehabilitation projects, landscaping, property maintenance, stream rehabilitation, restoration of natural floodplain functions, and minor water quality features which typically pose no increased fill or flood potential and do not inhibit the free flow of water.

ii. Flood protection of existing buildings for floodplain volume displaced by the building and within the area of ten feet adjacent to said building.

(18) All new structures constructed on fill in the floodplain must be constructed on properly designed and compacted fill that has appropriate protection from erosion and scour. Compacted fill must be placed, compacted, and sloped to minimize shifting, slumping, and erosion during the rise and fall of flood water. Where shallow foundations will bear on compacted fill material, a geotechnical investigation report must be prepared in accordance with the International Building Code, published by the International Code Council, as adopted and amended in chapter 26 of this Municipal Code. Records of soil testing and inspection must be provided to the city prior to prior to obtaining a certificate of occupancy.

(C79, § 12-9; O.10,027, 10,225; C85, § 12-9; O.10,991; C91, § 12-9; O.13,012, 13,201, 15,311, 15,722, 15,919, 15,985, 16,043)

Sec. 50-35. Certificate of compliance.

(a) *Required.* An application for a certificate of compliance, also known as a floodplain development permit, shall be filed with the city permit and development center and a certificate of compliance must be issued pursuant to subsection (c) of this section prior to commencement of any proposed development or encroachment within a floodplain area. No application for any of the following shall be approved respecting proposed development within a floodplain area unless a certificate of compliance has been issued pursuant to subsection (c) of this section:

(1) Site plan or alternate design documentation approval, pursuant to article 9 of chapter 135 of this Code.

(2) Grading permit approval, pursuant to section 42-86 of this Code.

(3) Building permit approval, pursuant to chapter 26 of this Code.

(4) Subdivision approval, pursuant to chapter 106 of this Code.

(5) Issuance of certificate of zoning compliance, pursuant to section 134-1.7 of chapter 134 of this Code.

(6) Development plan approval, pursuant to division 11 (R-5), division 12 (R-6), division 13 (PUD), division 14 (PBP) and division 23 (C-4) of article III of chapter 134 this Code if approved prior to December 15, 2019, and pursuant to legacy PUD approval in chapters 134 and 135 of this Code if approved on or after December 15, 2019.

(b) *Required information.* Every application for a certificate of compliance shall contain the following information, which information shall be provided for city review and consideration prior to issuance of a certificate of compliance pursuant to subsection (c) of this section:

(1) A description of the work for which application is to be made.

(2) A description of the land on which the proposed work is to be done (i.e., lot, block, tract, street address or similar description) that will readily identify and locate the work to be done.

(3) Indication of the use or occupancy for which the proposed work is intended.

(4) A report showing the elevation, in relation to National Geodetic Vertical Datum, of the lowest floor, including basement, of a building and of the level to which a building is to be floodproofed. In addition, such report shall include such information regarding the elevation of the 100-year flood and flood velocities during the 100-year flood as the city engineer deems reasonably necessary for the purpose of this article. Such report shall be prepared by a professional engineer registered under state laws, which report shall be approved by the city engineer as to method and form.

(5) For buildings being improved or rebuilt, the estimated cost of improvements and market value of the building prior to the improvements.

(6) Volumetric calculations demonstrating compensatory storage when required by this article.

(7) Geotechnical investigation report and records of soil testing and inspection when required by this article.

(8) A recorded copy of the applicable nonconversion agreement, showing the book and page number and recording date, for detached garages, sheds, and similar accessory structures to which section 50-34(10) of this article applies.

(9) Such other information as the city engineer deems reasonably necessary for the purpose of this article.

(c) *Determination and action.* The city engineer shall review each floodplain development application and shall, within a reasonable time, make a determination as to whether the proposed development meets the applicable performance standards of section 50-34 of this article and, on the basis of such determination, shall issue or deny the certificate of compliance. For a denial, the

applicant shall be informed, in writing, of the specific reasons therefore and shall have the right to appeal to the city council for a variance of the requirements of this article on the grounds that (i) the city engineer made an erroneous determination or (ii) an exception or modification should be made to the full application of the performance standards of section 50-34 of this article in order to avoid unnecessary hardship to the applicant or to further the public interest. The city council shall authorize such a variance only as follows:

(1) Variances shall only be issued upon (i) a showing of good and sufficient cause, (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of the variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public or conflict with existing local codes or ordinances.

(2) Variances shall not be issued within any designated floodway if any increase in flood levels during the 100-year flood would result. Consideration of the effects of any development on flood levels shall be based upon the assumption that an equal degree of development would be allowed for similarly situated lands.

(3) Variances shall only be granted upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

(4) In cases where the variance involves a lower level of flood protection for buildings than what is ordinarily required by this article, the applicant shall be notified in writing over the signature of the city engineer that: (i) the issuance of a variance will result in increased premium rates for flood insurance up to amounts as high as $25.00 for $100.00 of insurance coverage and (ii) such construction increases risks to life and property. This statement shall be maintained as a required record under section 50-35(e) below.

(5) All variances granted shall have the concurrence or approval of the department of natural resources.

(6) In addition to the above conditions in this subsection, variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.

All actions by the city council in granting or denying appeals shall be by written decision setting forth the specific reasons therefore. The city council may attach such conditions to the granting of an exception or modification as it deems necessary to further the purposes of this article. If an appeal is granted by the city council, the city engineer shall thereafter issue a certificate of compliance.

(d) *Construction and use as provided in application and plans.* Certificates of compliance issued on the basis of approved plans and applications authorize only the use, arrangement and construction set forth in such approved plans and applications and no other use, arrangement or construction. Any use, arrangement or construction at variance with that authorized shall be deemed a violation of this article and shall be punishable as provided in section 50-36 of this article. The applicant shall be required to submit certification by a professional engineer or land surveyor, as appropriate, registered in the state, that the finished fill, building floor elevations, floodproofing, or other flood protection measures were accomplished in compliance with this article prior to the use or occupancy of any structure.

(e) *Required records.* The city engineer shall compile and maintain records of actions taken on all requests for a certificate of compliance, including justification for issuance or denial. The city permit and development center shall compile and maintain records of the elevation, in relation

to National Geodetic Vertical Datum, of the lowest floor, including basement, of all new and substantially improved buildings within floodplain areas.
(C79, § 12-10; O.10,027; C85, § 12-10; O.10,991; C91, § 12-10; O.11,773, 13,269, 15,311, 15,722, 15,819, 15,919)

Sec. 50-36. Penalties.

Any person who fails to perform an act required by this article or who commits an act prohibited by this article shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code, or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C79, § 12-11; O.10,027; C91, § 12-11; O.15,608)

Sec. 54-213. Violations.

ARTICLE I. IN GENERAL

Sec. 54-1. Cleanliness of premises.

Every person owning or occupying premises in the city is required to keep them clean and free from all offensive material which is likely to engender offensive odors and sights.
(C42, § 35-4; C54, C62, § 24-74; C75, C79, C91, § 13-37)

Secs. 54-2—54-30. Reserved.

ARTICLE II. ADMINISTRATION AND ENFORCEMENT*

DIVISION 1. GENERALLY

Sec. 54-31. Enforcement.

Except as otherwise provided, the environmental health division shall enforce this chapter. Every member of the police department, upon being advised or discovering that any of the sections of this chapter is being violated, may make a report of the violation through the chief of the police department to the community development department.
(C42, § 35-33; C54, C62, § 24-81; C75, C79, § 13-44; O.9830; C91, § 13-44; O.13,012)

Sec. 54-32. Civil violations and penalties.

(a) Any person who violates or resists the enforcement of any of the sections of this chapter shall be guilty of a municipal infraction punishable by a civil penalty of $100.00 for the initial offense and $200.00 for each repeat offense. Each day that a municipal infraction occurs constitutes a separate offense. Any person who violates a section of this chapter after having previously been found guilty of violating the same section of this chapter at the same location or at a different location shall be guilty of a repeat offense. This municipal infraction penalty shall be in addition to the penalties provided for in section 1-15 of this Code.

(b) Seeking a civil penalty as authorized in this section does not preclude the city from seeking alternative relief, including an order for abatement or injunctive relief, from the court in the same action or as a separate action.
(C85, § 13-2; O.11,030, 11,445; C91, § 13-2)

Secs. 54-33—54-60. Reserved.

DIVISION 2. ENVIRONMENTAL HEALTH OFFICER

Sec. 54-61. Appointment; powers and duties.

(a) There is established in the city, within the community development department, the environmental health division, which shall be under the direction and supervision of the environmental health officer. The environmental health officer shall be appointed by and responsible to the director of the community development department. Such officer shall be responsible for those matters pertaining to health and sanitation in the community over which the city has jurisdiction by virtue of ordinance, statute or agreement and shall carry out those health policies assigned by the city council and the city manager.

(b) Whenever the environmental health official or his or her designee finds a public nuisance exists which requires immediate action to protect the public health and safety, such official may issue an order reciting its existence and requiring that action be taken as he or she deems necessary. The action required by such official shall depend upon the nature of the nuisance, the danger to the public which the nuisance presents, the condition and deterioration of the premises and the time reasonably necessary to take the required action. If the owner does not comply with the order within the time specified in such order, such official may authorize the taking of that action specified in the order. Any costs incurred may be assessed against the property or a personal judgment taken against the responsible party.

(c) A copy of the order shall be sent to all owners reasonably known to the environmental health officer or his or her designee at their last known addresses. Notice of the order shall be

*__Cross reference—__Administration, ch. 2.

given to all owners, tenants, and other persons holding a property interest in the premises who are reasonably known to such official. The method by which such notice shall be given shall be that method which shall give such notice within the shortest practicable period of time, considering the nature of the emergency and any difficulties in notifying the owners. If an owner or other person holding a property interest in the premises cannot be found, an affidavit shall be completed by the person attempting to locate such person, describing the efforts made, and held on file.
(C54, § 24-1; O.5730, 5860; C62, § 24-1; O.7721; C75, C79, § 13-1; O.9830, 10,154; C91, § 13-1; O.13,012, 13,137)

Secs. 54-62—54-90. Reserved.

ARTICLE III. FILLING OR DRAINING OF DEPRESSIONS AND EXCAVATIONS

Sec. 54-91. Duty of owner or occupant of premises.

When any depression or excavation upon any lot or premises in the city shall from any cause whatsoever become the repository of stagnant water or any other decayed or offensive substance, liquid or solid, the owner or occupant of the premises, within three days after receiving written notice from the environmental health division, shall cause such depression or excavation upon any of such premises to be drained or filled with clean earth within the time specified in the notice.
(C42, § 35-19; C54, C62, § 24-17; C75, C79, § 13-18; O.9830; C91, § 13-18; O.13,012)

Sec. 54-92. Breeding places for mosquitoes.

No person shall allow stagnant water likely to afford breeding places for mosquitoes within the corporate limits, including stagnant water in fish ponds, swimming pools, tires, open barrels, ravines and other substances holding water. When such a situation is discovered the environmental health division shall notify the owner and occupant of the property on which the violation exists, in writing, of the remedial action required and shall allow a specified time reasonable for performance of the required action. Failure on the part of the owner and occupant of the property to take such remedial action shall be a violation of this section.
(C75, § 13-18.01; O.9037; C79, § 13-18.01; O.9830; C91, § 13-18.01; O.13,012)

Sec. 54-93. Authority of council.

(a) The city council may at any time, by resolution, order and require any lot or parcel of land in the city, subject at any time to be covered with stagnant water, to be filled and raised or adequately drained and shall also fix a reasonable time for the completion of the work.

(b) Upon the passage of such resolution a copy thereof shall be issued by the city clerk and shall be served upon the owner of the lot or parcel of land, either personally or by leaving a copy of the resolution at his or her usual place of residence. Service may be proved by the return of the person making it, endorsed on the back of the original copy of the resolution issued by the city clerk. The return of service shall be filed in the office of the city clerk after having been duly served.

(c) If the owner of such lot or parcel of land shall be a nonresident of the city, notice shall be given by the city clerk by publication in two newspapers of general circulation published in the city once each week for two consecutive weeks. Publication may be proved by the affidavit of the publisher or appropriate representative of the newspaper in which the publication was made, which shall be filed with the city clerk.
(C42, § 35-20; C54, C62, § 24-18; C75, C79, C91, § 13-19)

Sec. 54-94. Work done by city.

If the owner of any lot or parcel of land shall, after notice in the manner provided in section 54-93 of this article, neglect or refuse to fill and raise or adequately drain a lot or parcel of land as designated in such resolution, within the time therein specified, to the height prescribed therein, the city council may cause such filling and raising to be done, and the cost thereof, including incidental expenses, shall be assessed against the

property and shall also be a lien on the lot and parcel of land from the time of adopting the resolution.
(C42, § 35-21; C54, C62, § 24-19; C75, C79, C91, § 13-20)

Sec. 54-95. Supervision of work by city.

Whenever the city council shall cause any lot or parcel of land to be raised and filled or drained in consequence of the neglect or refusal of the owner, within the time specified, to comply with the order of the city council requiring the work to be done, the work, whether executed by contract or otherwise, shall be performed under the supervision of the department of public works.
(C42, § 35-22; C54, C62, § 24-20; C75, C79, C91, § 13-21)

Sec. 54-96. Duty of department of public works upon completion of work.

Upon the completion of the filling and raising or draining of any lot or parcel of land by the department of public works, that department shall ascertain the cost thereof, including the cost of notices, preparing the assessment and the schedule. It shall also ascertain what portion of the cost is by law and city ordinance assessable upon the property filled and raised or drained and shall prepare and file with the city clerk a report thereof, together with a schedule showing the separate lots or parcels of land subject to assessment for the cost, the names of the owners thereof, as far as practicable, and the amount to be assessed against each lot and parcel of land.
(C42, § 35-22; C54, C62, § 24-21; C75, C79, C91, § 13-22)

Sec. 54-97. Notice of filing of report; objections to proceedings; assessment.

After the report and schedule referred to in section 54-96 of this article is filed, the city clerk shall give notice by publication in two newspapers published in the city, once each week for two consecutive weeks, that the report and schedule are on file and that prior to a date named, which must be at least 20 days after the first publication of the notice, all objections to the schedule and the assessment proposed and the prior proceedings on account of errors, irregularities or inequalities must be made in writing and filed with the city clerk. The council, after hearing the objections and making necessary corrections, shall by resolution assess upon the lots and parcels of land, upon which such improvements were made, the entire cost of the filling and raising or draining or so much thereof as may be by law or ordinance assessable as shown in the schedule as corrected and approved.
(C42, § 35-21; C54, C62, § 24-22; C75, C79, C91, § 13-23)

Sec. 54-98. Interest on assessment; lien.

The amount of any assessment made pursuant to this article shall bear interest at six percent per annum from the date of the assessment and shall be certified to the county auditor, shall be placed on the tax list, shall be a lien, shall bear interest and shall be collected the same as special taxes levied for street improvements.
(C42, § 35-23; C54, C62, § 24-23; C75, C79, C91, § 13-24)

Sec. 54-99. Tax.

If the owner of any lot or parcel of land, the assessment of which is embraced in any certificate provided for in section 54-100 of this article, shall, within 30 days after the assessment is made, promise and agree in writing, endorsed on such certificate or in a separate agreement, that in consideration of having the right to pay his or her assessment in installments he or she will not make any objection because of any illegality or irregularity as to the assessment or levy of the tax upon and against his or her property and will pay the assessment or tax with interest at six percent per annum. Such tax as levied shall be payable in four equal installments, which shall mature and be payable at the time and in the manner provided for assessments for street improvements. If no such promise and agreement in writing is made, the whole of the tax, with interest, shall mature at one time and shall be due and payable, with interest, on the date of assessment and shall be collected at the next succeeding March semiannual payment of ordinary taxes.
(C42, § 35-23; C54, C62, § 24-24; C75, C79, C91, § 13-25)

Sec. 54-100. Assessment certificates.

When the contract with the contractor for raising and filling or draining lots or parcels of land as provided in this article shall provide for the payment of the cost of raising and filling or draining such lots and parcels of land in assessment certificates, the city clerk shall issue and deliver to the contractor assessment certificates for the amount assessed to such property for raising and filling or draining by the contractor. Each such certificate shall state the amount of one or more assessments and shall designate the property assessed and the owner thereof and shall transfer to the contractor, assigns or bearer the assessment and shall authorize him or her to collect and receive the amount thereof, with interest at the rate of six percent per annum, by any method provided by law. The amount of the assessment with interest may be paid by the taxpayer to the county treasurer, who shall receipt for the payment and cause the amount thereof to be applied to the payment of the certificate issued therefor or may pay the assessment to the city clerk, who shall apply the amount to the payment of such certificates.
(C42, § 35-24; C54, C62, § 24-25; C75, C79, C91, § 13-26)

Secs. 54-101—54-125. Reserved.

ARTICLE IV. MANURE

Sec. 54-126. Removal.

The owner or occupant or tenant or keeper of any boarding, sales, livery stable or other stable or other premises where any horse, mule, cow or other domestic animal is kept shall remove or cause to be removed all manure from such stable or premises at least twice weekly from March 15 to December 1 or more often as deemed necessary and once a week from December 1 to March 15. The owner, occupant, tenant or keeper shall be required to store in flyproof receptacles, not accessible to flies, all such manure pending its removal.
(C42, § 35-25; C54, C62, § 24-64; C75, C79, § 13-27; O.9830; C91, § 13-27)

Sec. 54-127. Use as fertilizer.

From June 1 to October 1, manure shall not be used as fertilizer on gardens, lots or other open areas, unless and until thoroughly mixed with soil and so covered with soil that flies will not be attracted thereto.
(C42, § 35-26; C54, C62, § 24-65; C75, C91, § 13-28)

Sec. 54-128. Dumping.

No manure shall be dumped or left on the street, sidewalk, alley or open area or lot in any inhabited section nor shall it be used to grade, in whole or in part, any sidewalk, street, alley, open area or lot in such section.
(C42, § 35-27; C54, C62, § 24-66; C75, C79, § 13-29; O.9830; C91, § 13-29)

Sec. 54-129. Conveying through streets.

Manure shall be conveyed through the streets in the city in such vehicles only as are properly protected against flies by suitable covering.
(C42, § 35-28; C54, C62, § 24-67; C75, C79, C91, § 13-30)

Sec. 54-130. Stacking for fertilizer.

All manure stacked or piled for fertilizing purposes on any truck farm or garden in a thickly settled neighborhood shall be so stacked or piled at a distance of not less than 50 feet from any buildings used, in whole or in part, for dwelling purposes. It shall be stored in a closed bin or screened receptacle so as to prevent access of flies thereto.
(C42, § 35-29; C54, C62, § 24-68; C75, C79, C91, § 13-31)

Sec. 54-131. Duty of owner's agent.

Whenever the duty is put upon the owner of any premises, stable, lot, open area or public place in this article in the owner's absence, his or her agent shall comply with this article. For the purposes thereof any person receiving or collect-

ing rent or attending to such property in any manner shall be deemed to be the agent of the owner.
(C42, § 35-30; C54, C62, § 24-69; C75, C79, C91, § 13-32)

Sec. 54-132. Receptacles.

Every person owning, controlling, operating or having in charge any stable, barn or other place where horses, mules, cows or other livestock are kept shall have and maintain at all times upon the premises a flytight receptacle of sufficient dimensions for the purpose of containing the droppings of manure from stock. The receptacle shall have a top or lid so arranged as to be flytight and to exclude therefrom all flies and therein to deposit promptly all droppings from stock. The lid shall be kept thereon, except when necessarily open for the purpose of depositing therein or removing therefrom, and shall be closed in such a manner as to prevent the ingress of flies. Every person having or keeping manure in the city shall cause the manure to be removed from the premises at least once a week or more often if required by the department of building.
(C42, § 35-31; C54, C62, § 24-70; C75, C79, § 13-33; O.9830; C91, § 13-33)

Sec. 54-133. Removal from streets and alleys.

All receptacles for manure from any animal mentioned in this article and the receptacles for filth, offal, debris or refuse of any kind located in any street, alley or public place shall be removed therefrom by the owner, agent or occupant of the premises adjoining the place where the receptacle is located.
(C42, § 35-32; C54, C62, § 24-71; C75, C79, C91, § 13-34)

Secs. 54-134—54-160. Reserved.

ARTICLE V. RAT AND PEST CONTROL

Sec. 54-161. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Business building means any structure, whether public or private, that is adapted for occupancy for transaction of business; for rendering of professional service; for amusement; for the display, sale or storage of goods, wares or merchandise; or for the performance of work or labor, including hotels, apartment buildings, tenement houses, roominghouses, office buildings, public buildings; and stores, theaters, markets, restaurants, grain elevators, abattoirs, warehouses, workshops and factories. It shall also include all outbuildings, sheds, barns and other structures on premises used for business purposes.

Health officer means the health officer or any employee or representative authorized by such officer who shall be the legally designated city health official and who shall have the responsibility for administering and enforcing this article.

Occupant means the individual who or partnership or corporation that uses or occupies any premises or building or part or fraction thereof, whether the actual owner or tenant. For vacant premises or buildings or vacant portions thereof, the owner, agent or custodian shall have the responsibility as occupant.

Owner means the actual owner, agent or custodian of the premises or building, whether individual, partnership or corporation. The lessee shall be construed as the "owner" for the purpose of this article when building agreements hold the lessee responsible for maintenance and repairs.

Rat eradication means the elimination or extermination of rats either on premises or within or without buildings by any or all of the measures accepted by the public health procedures or pest control service.

Rat harborage means any condition which provides shelter or protection for rats, thus favoring

their multiplication and continued existence in, under or outside of any structure or on any premises.

Ratproofing applies to a form of construction to prevent the ingress of rats into business buildings from the exterior or from one business building or establishment to another. It consists essentially of treatment with material, impervious to rat gnawing, of all actual or potential openings in exterior walls, ground or first floor, basement, roof and foundation that may be reached by rats from the ground by climbing or by burrowing.
(C42, § 42-1.01; O.5024; C54, § 46-1; O.6730; C62, § 46-1; O.8899; C75, C79, § 13-63; O.9830; C91, § 13-63)

Cross reference—Definitions generally, § 1-2.

Sec. 54-162. Ratproofing of business buildings.

All business buildings in the city shall be ratproofed, freed of rats and maintained in a ratproof and ratfree condition.
(C42, § 42-1.02; O.5024; C54, C62, § 46-2; C75, C79, C91, § 13-64)

Sec. 54-163. Notice to begin work.

Upon receipt of a written notice or order from the health officer, the owner of any business building specified therein shall take immediate measures for ratproofing the building.
(C42, § 42-1.03; O.5024; C54, C62, § 46-3; C75, C79, § 13-65; O.9830; C91, § 13-65)

Sec. 54-164. Failure to complete work as required by notice.

Unless the work and improvements have been completed by the owner in the time specified in the written notice required by section 54-163, in no event to be less than 15 days, or within the time to which a written extension may have been granted by the health officer, the owner shall be deemed guilty of an offense under this article.
(C42, § 42-1.03; O.5024; C54, C62, § 46-4; C75, C79, § 13-66; O.9830; C91, § 13-66)

Sec. 54-165. Failure to begin and maintain work of eradication.

Whenever the health officer notifies the owner or occupant of any building or any premises, improved or vacant, or any open lot or alley in the city in writing that there is evidence of rat infestation, the owner or occupant shall immediately institute rat eradication measures and shall continuously maintain such measures until the premises are declared by the health officer to be free of rat infestation. Unless such measures are undertaken within five days after receipt of the notice, it shall be construed as a violation of this article, and the owner or occupant shall be held responsible therefor.
(C42, § 42-1.04; O.5024; C54, § 46-5; O.6730; C62, § 46-5; C75, C79, § 13-67; O.9830; C91, § 13-67)

Sec. 54-166. Duty of owners.

The owners of all ratproofed business buildings are required to maintain the premises of such buildings in a ratproof condition and to repair all breaks or leaks that may occur in the ratproofing without a specific order of the health officer.
(C42, § 42-1.05; O.5024; C54, C62, § 46-6; C75, C79, § 13-68; O.9830; C91, § 13-68)

Sec. 54-167. Inspection by health officer.

The health officer is empowered to make unannounced inspections of the interior and exterior of business buildings to determine full compliance with this article. When any evidence is found indicating the presence of rats or openings through which rats may again enter a business building, the health officer shall serve the owner or occupant with a notice or order to abate the conditions found.
(C42, § 42-1.06; O.5024; C54, C62, § 46-7; C75, C79, § 13-69; O.9830; C91, § 13-69)

Sec. 54-168. Authority to order major repairs.

Whenever conditions inside or under occupied business buildings provide extensive harborage for rats, the health officer is empowered, after due notification in accordance with section 54-163 of this article, to order ratproofing pursuant to that section and rat eradication pursuant to section

54-165 of this article. He or she may also order, if necessary, the installation of suitable concrete floors in basements or replacements of wooden first or ground floors with concrete or other major repairs to facilitate rat eradication.
(C42, § 42-1.07; O.5024; C54, C62, § 46-8; C75, C79, § 13-70; O.9830; C91, § 13-70)

Sec. 54-169. Institution of condemnation and destruction proceedings in unoccupied buildings.

Whenever conditions inside or under unoccupied buildings provide extensive harborage for rats, the health officer is empowered to require compliance with section 54-164 of this article. If such conditions are not corrected within a time period specified by the health officer, the health officer is empowered to institute condemnation and destruction proceedings.
(C42, § 42-1.08; O.5024; C54, C62, § 46-9; C75, C79, § 13-71; O.9830; C91, § 13-71)

Sec. 54-170. Barns and sheds.

Whenever conditions inside or under sheds, barns and other structures on all premises provide extensive harborage for rats, the health officer is empowered, after due notification in accordance with section 54-163 of this article, to institute condemnation and destruction proceedings.
(C42, § 42-1.08; O.5024; C54, C62, § 46-10; C75, C79, § 13-72; O.9830; C91, § 13-72)

Sec. 54-171. Removal of ratproofing; making new openings.

Under this article the occupant, owner, contractor, public utility company, plumber or any other person shall not remove and fail to restore in a like condition the ratproofing from any business building for any purpose. No person or agent shall make any new openings that are not closed or sealed against the entrance of rats.
(C42, § 42-1.09; O.5024; C54, C62, § 46-11; C75, C79, C91, § 13-73)

Sec. 54-172. Construction, remodeling or repair to comply.

No person shall construct, repair or remodel any business building, stable, market or other structure covered by this article, unless it shall render the building or other structure ratproof in accordance with this article. This section applies only to such construction, repairs, remodeling or installation as affect the ratproof condition of any building or other structure.
(C42, § 42-1.10; O.5024; C54, C62, § 46-12; C75, C79, C91, § 13-74)

Sec. 54-173. Buildings where foodstuffs are handled.

No person shall occupy any new or existing business buildings wherein foodstuffs are to be stored, kept, handled, sold, held or offered for sale without complying with section 54-172 of this article. Unless there is compliance with this section, no city license or permit to conduct or carry on such business, as defined in this section, will be issued.
(C42, § 42-1.11; O.5024; C54, C62, § 46-13; C75, C79, C91, § 13-75)

Sec. 54-174. Storage of animal feed.

All food and feed within the city for feeding chickens, cows, pigs, dogs, birds, horses and other animals shall be stored in ratfree and ratproof containers, compartments or rooms unless stored in a ratproof building.
(C42, § 42-1.12; O.5024; C54, C62, § 46-14; C75, C79, § 13-76; O.9830; C91, § 13-76)

Sec. 54-175. Garbage and dead animals.

Within the corporate limits, all garbage or refuse consisting of waste animal or vegetable matter upon which rats, dogs, or other animals may feed and all small dead animals shall be placed and stored until collected in covered containers of a type permitted by section 98-58 of this Code. No person shall dump or place on any premises, land or waterway any dead animals or any waste vegetable or animal matter of any kind.
(C42, § 42-1.13; O.5024; C54, C62, § 46-15; O.8181; C75, C79, C91, § 13-77)

Sec. 54-176. Accumulation of garbage, rubbish and trash.

No person shall place, leave, dump or permit to accumulate any garbage, rubbish or trash in any

building, dwelling, or on any premises, improved or vacant, or on any open lot or alley in the city so that such shall or may afford food or harborage for rats.
(C42, § 42-1; O.5024; C54, C62, § 46-16; C75, C79, § 13-78; O.9830; C91, § 13-78)

Sec. 54-177. Storage of lumber, barrels, bottles, cans and containers.

No person shall permit to accumulate on any premises, improved or vacant, or on any open lot or alley in the city lumber, boxes, barrels, bottles, cans, containers or materials if such may be determined by the health officer to constitute a rat harborage. The health officer is empowered to order such materials or articles placed on open racks that are elevated not less than 18 inches above the ground and evenly piled or stacked or may otherwise order such materials or articles be stored in such a manner so as to not constitute a rat harborage. This section shall not apply to any person manufacturing or dealing in such articles or commodities.
(C42, § 42-1.16; O.5024; C54, C62, § 46-17; C75, C79, § 13-79; O.9830; C91, § 13-79)

Secs. 54-178—54-230. Reserved.

ARTICLE VI. ENTERTAINMENT ARCADES

Sec. 54-211. Definitions.

The following terms as used in this article shall have the following meanings:

Entertainment arcade means any place to which the public is admitted wherein one or more coin or slug-operated or electrically, electronically, or mechanically controlled still or motion picture machines. projectors, or video cassettes are maintained for the purpose of showing still or motion pictures or videos, or where other forms of entertainment is viewed for a fee; provided, however, "entertainment arcade" shall not include any building or portion of a building which constitutes an assembly occupancy as defined by chapter 26 of this Code and shall not include hotels or motels.

Person means employee, agent, partner, director, officer, stockholder, or manager of any entertainment arcade.
(O.13,749)

Sec. 54-212. Requirements for booths and partitions.

(a) Booths, stalls or rooms within an entertainment arcade shall be maintained open, with no doors, curtains, or other closure devices of any kind.

(b) Dividers, partitions, or walls separating or enclosing viewing booths, stalls or rooms within an entertainment arcade shall be solid with no openings or holes through to the other side. A door otherwise required by chapter 26 of this Code is not considered an opening or hole for purposes of this subsection.
(O.13,749)

Sec. 54-213. Violations.

(a) No person shall maintain an entertainment arcade that is not in compliance with the requirements of section 54-212 of this article.

(b) No person shall knowingly allow or permit any act of sexual intercourse, sodomy, oral copulation, or masturbation to be committed in an entertainment arcade, or knowingly permit or allow an entertainment arcade to be used as a place in which solicitations for sexual intercourse, sodomy, oral copulation, or masturbation openly occur.

ARTICLE I. IN GENERAL

Secs. 58-1—58-25. Reserved.

ARTICLE II. HISTORIC DISTRICTS

Sec. 58-26. Purpose.

It is declared as a matter of public policy that the protection, enhancement and perpetuation of districts of historical and cultural significance is required in the interest of the health, prosperity, safety and welfare of the public. The purpose of this article is to:

(1) Promote the educational, cultural, economic and general welfare of the public through the protection, enhancement and perpetuation of districts of historical and cultural significance;

(2) Safeguard the heritage of the city by preserving districts in the city which reflect the elements of its cultural, social, economic, political, historical, aesthetic and architectural significance;

(3) Stabilize and improve property values and the equity held by the citizens in their property;

(4) Foster civic beauty and pride and enhance civic design;

(5) Protect and enhance the city's attraction to tourists and visitors;

(6) Strengthen the economy of the city;

(7) Facilitate the rehabilitation and revitalization of certain older neighborhoods; and

(8) Provide for a variety of living experiences within the city for both old and new residents.

(C79, § 2-205.43; O.9937; C91, § 2-205.43)

Sec. 58-27. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alteration means any action to change, modify, reconstruct, remove or demolish any exterior features of an existing structure. For the purposes of this article, ordinary maintenance and repair to correct any deterioration, decay or damage to a structure and to restore the structure as nearly as practicable to its condition prior to such deterioration, decay or damage are excluded from the definition of the term "alteration," provided such work does not involve a change in type of building materials. For the purposes of this article, changes made in the type and design of storm windows and in the color of the outer surfaces of a structure are considered to be ordinary maintenance and repair.

Applicant means the party making application for a certificate of appropriateness from the historic preservation commission.

Commission means the historic preservation commission.

Construction means the act of building, erecting or placing any structure on a site.

Exterior features means the architectural style, general design and general arrangement of the exterior of a building or other structure, including the kind and texture of the building material and the type and style of all windows, doors, light fixtures, signs and other appurtenant fixtures. For an outdoor advertising sign, the term "exterior features" means the style, material, size and location of the sign.

Plan of preservation means a prioritized list of the needed work and the timeframe for completing work, accompanied by appropriate written and illustrative materials such as photographs, plans, and printed and written documentation.

Property owner means an individual or corporation who is the owner of real estate for taxation purposes.

Structure means anything constructed or erected with a fixed location on the ground or attached to something with a fixed location on the ground. Among other things, structures include buildings, walls, fences, gates, towers,

mobile homes, billboards, poster panels, utility poles, streets, sidewalks, alleys and hard-surfaced parking areas. For the purposes of this article, freestanding flagpoles and yard lights are excluded from the definition of the term "structure."
(C79, § 2-205.44; O.9937; C91, § 2-205.44; O.14,231)

Cross reference—Definitions generally, § 1-2.

Sec. 58-28. Designation criteria.

(a) For the purpose of this article, a historic district designation may be placed upon any area containing contiguous pieces of real estate under diverse ownership which:

(1) Are significant in American history, architecture, archaeology and culture; and

(2) Possess integrity of location, design, setting, materials, workmanship, feeling and association; and

(3) Are associated with events that have been a significant contribution to the patterns of our history; or

(4) Are associated with the lives of persons significant in our past; or

(5) Embody the distinctive characteristics of a type, period, or method of construction or represent the work of a master or possess high artistic values or represent a significant and distinguishable entity whose components may lack individual distinction;

(6) Have yielded or may be likely to yield information important in prehistory or history.

(b) Designation of an area as a historic district shall be proposed either by the city council on its own motion or by the filing of a petition with the development services department, on a standard form approved by that department, which shall be furnished by that department upon request. Each such petition shall include but not be limited to the following:

(1) Signatures of the owners of 51 percent of the total number of parcels of real estate within the proposed district, excluding parcels owned by governmental bodies, provided that each parcel, within the meaning of this subsection, shall constitute a separate parcel for property tax assessment purposes, as shown in the records of the county assessor on the date of the filing of the petition.

(2) A vicinity map showing the general location of the proposed district.

(3) The legal description of the boundary of the proposed district.

(4) A statement documenting the area's historical, architectural and cultural significance.

(5) A plat, at a scale of not more than 400 feet to the inch, showing the existing uses of all properties within the proposed district.

(c) The development services department shall submit a description of the proposed district or the petition describing the proposed district, if a petition has been filed, to the historical division of the state department of cultural affairs for its report and recommendations. If the historical division determines that the proposed district does not meet the requirements of state law for designation as a historic district, no further action shall be taken toward designation of the proposed district. The report and recommendations of the historical division shall be made available for public viewing at the office of the development services department.
(C79, § 2-205.45; O.9937; C91, § 2-205.45; O.13,010, 16,344)

State law reference—Areas of historical significance, I.C. § 303.34.

Sec. 58-29. Procedures.

(a) The procedures of this section shall apply to all proposals for designation of historic districts, provided such proposals meet the criteria set forth in section 58-28 of this article. The procedures of this section shall also apply to all proposed amendments to the boundaries of existing historic districts, which amendments may be initiated by the city council, the historic preservation commission or the plan and zoning commis-

sion. The procedures of this section shall also apply to all proposals for repeal of an existing historic district, which may be proposed either by the city council on its own motion or by the filing of a petition signed by the owners of 51 percent of the total number of parcels of real estate within the proposed district, excluding parcels owned by governmental bodies, provided that each parcel, within the meaning of this subsection, shall constitute a separate parcel for property tax assessment purposes, as shown in the records of the county assessor on the date of the filing of the petition.

(b) Each such proposal shall be scheduled for separate public hearings before the historic preservation commission and the plan and zoning commission, except that no such hearing shall be held before the historic preservation commission on the proposal for designation of the city's first historic district. The historic preservation commission shall give prior notice of the time, date, place and subject matter of such hearing. Such notice shall be served by regular mail addressed to each property owner of land included within such proposal at his or her last known address, or if the address of any such property owner is unknown, such notice shall be served by regular mail addressed to "owner" at the street address of the property in question. After public hearing, the historic preservation commission and the plan and zoning commission shall each forward its report and recommendations concerning such proposal to the city council.

(c) Upon receipt of such reports and recommendations, the city council shall schedule a public hearing to consider such proposal and shall provide notice of such hearing as required by law. After public hearing, the city council shall act to approve, approve with modification, or disapprove such proposal. In so acting the city council may delete area from the original proposal, but the council shall not add area which was not included in the original proposal. The designation, amendment or repeal of a historic district shall each be completed on the effective date of an ordinance relating thereto. A copy of each such ordinance shall be forwarded to the historical division of the state department of cultural affairs.

(C79, § 2-205.46; O.9937; C91, § 2-205.46; O.14,231)

Sec. 58-30. Historic preservation commission.

(a) A historic preservation commission is created. The commission shall consist of six at large members and two residents from each designated historic district. At the time of their appointment, each member shall have a demonstrated interest in historic preservation, and at least four of the at large members shall have at least one of the following professional qualifications by education, training or experience: architect, landscape architect, urban planner, structural or civil engineer, historian, architectural historian, sociologist, archeologist, real estate broker, real estate attorney or builder. No appointment of an at-large member shall be effective if it results in the appointment of a third at-large member without the required professional qualifications. As soon as practical, but in any event within one year after their initial appointment to the commission, each person appointed to the commission shall attend at least one training seminar providing training on the duties of a local historic preservation review commission. The chair of the commission shall promptly report to the city council the name of any member of the commission who does not timely satisfy this training requirement. All references in this code to the historic preservation commission shall be interpreted to refer to the historic preservation commission.

(b) Each member of the city council other than the mayor may recommend a candidate to fill one of the at large positions on the commission. The mayor may recommend candidates to fill each of the positions required to be held by a resident of a designated historic district. If the recognized neighborhood association for a recognized historic district has provided the city council with a list of at least three qualified candidates, the mayor shall recommend one of those candidates to fill any position required to be held by a resident of that district. The commission shall endeavor to provide the city council with a list of at least three qualified candidates willing to accept appointment to the commission whenever a vacancy occurs in any at large position, or in any position required to be held by a resident of a specific district when a

list of qualified candidates has not been provided by the recognized neighborhood association for that district. Each commission member shall be appointed for a term of three years.

(c) The commission annually, during December, shall elect a chair and vice chair from among its members. The development services department is hereby designated as the secretary and staff of the commission; and the office of the development services department shall be the office of the commission.

(d) The meetings of the commission shall be held at the call of the chair and at such other times as the commission or its staff may determine. All meetings of the commission shall be open to the public. The commission shall keep minutes of its proceedings, showing the vote of each member on each question, or if absent and failing to vote, indicating that fact, and shall keep written records of its other official actions, all of which shall be on file in the office of the development services department and shall be a public record. A majority of the membership of the commission shall be necessary to constitute a quorum.

(e) The commission shall have the following powers and duties:

(1) The commission shall review and act upon all applications for a certificate of appropriateness, pursuant to section 58-31 of this article.

(2) The commission shall adopt the rules and regulations necessary to carry out its powers, duties and responsibilities. These shall include the adoption of the 1983 or later revised edition of the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings and the establishment of additional design guidelines, standards and criteria for reviewing and approving applications for certificates of appropriateness, pursuant to section 58-31 of this article, provided that all such design guidelines, standards and criteria shall be approved by the city council and shall be copied and made available to property owners within each historic district.

(3) The commission shall review and make recommendations to the city council concerning all proposals for designation of historic districts, all proposed amendments to the boundaries of existing historic districts, and all proposals for repeal of existing historic districts, pursuant to section 58-29 of this article. However, no such recommendations shall be made by the commission until after the designation of the city's first historic district.

(4) The commission shall cooperate with property owners and city agencies and departments to develop preservation solutions and plans, pursuant to section 58-33 of this article.

(5) The commission shall further the efforts of historic preservation in the city by making recommendations to the city council and city commissions and boards on preservation issues, when appropriate, by encouraging the protection and enhancement of structures with historical, architectural or cultural value, and by encouraging persons and organizations involved in preservation activities.

(6) The commission may request written or oral evidence from experts to aid in its deliberations in appropriate cases.

(7) The commission shall not obligate itself or the city in any financial undertaking, unless authorized to do so by the city council.

(8) The commission may make a recommendation to the historical division of the state department of cultural affairs for the listing of a historical district or site in the National Register of Historic Places and may conduct a public hearing thereon.

(9) The commission may adopt a list of alterations for which a certificate of appropriateness may be administratively granted by

the development services department on behalf of the commission pursuant to section 58-32 of this article.

(C79, § 2-205.47; O.9937, 10,232, 10,715; C85, § 2-205.47; O.11,385; C91, § 2-205.47; O.11,788, 11,964, 11,965, 13,010, 13,365, 13,686, 13,909, 14,148, 15,880, 16,344)

Cross reference—Boards, commissions, committees and agencies, § 2-1046 et seq.

Sec. 58-31. Certificate of appropriateness required.

(a) No individual or corporation shall undertake the construction of a structure within a historic district or the alteration of any exterior features of a structure within a historic district, nor shall the development services department issue a building permit for any such proposed construction or alteration, unless a certificate of appropriateness has been granted by the historic preservation commission.

(b) Application for a certificate of appropriateness shall be filed with the development services department. Each application shall include plans showing the proposed appearance, texture, materials, shapes and sizes of the work to be done and such additional information as deemed necessary by the historic preservation commission. An application may include a plan of preservation and, if a certificate of appropriateness is granted based on such plan, it shall be valid for one year and renewable for one additional year with the approval of the commission. Before an application may be filed with the development services department, the applicant shall pay to the city treasurer a fee of $10.00 to be credited to the general fund of the city; provided, however, that if the application is for work also requiring a building permit, the fee shall not be required.

(c) All applications received before the closing date, to be established by the commission, shall be considered by the commission at its next regularly scheduled meeting. In acting upon each application, the commission shall consider the following:

(1) Design guidelines, standards and criteria developed by the commission and approved by the city council, pursuant to subsection 58-30(e)(2) of this article.

(2) Standards for rehabilitation promulgated by the Secretary of the Interior.

(3) The relationship of proposed changes to exterior features of structures in the neighborhood.

Furthermore, it is the intent of this article that the commission shall be reasonable in its judgments and shall endeavor to approve proposals for alteration of structures of little historical, architectural and cultural value, except when such a proposal would seriously impair the historical values and character of the surrounding area. Also, the commission shall be sympathetic to proposals utilizing energy saving modifications, such as solar panels.

(d) When an application involves the proposed demolition of a building which is defined by the district's National Register nomination to be either a pivotal or contributing structure, the commission shall not issue a certificate of appropriateness until the following conditions have been satisfied:

(1) The city shall advertise that the owner will entertain offers from any person or governmental agency desiring to purchase such building and the lot upon which it stands, provided the prospective purchaser agrees to preserve and rehabilitate the building in accordance with the recommended procedures in the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

(2) When it has been determined by the commission that such building must be moved to mitigate adverse impact, in lieu of the requirements of subsection (d)(1) of this section, the city shall advertise that the owner will entertain offers from any person or governmental agency desiring to purchase such building, provided the prospective purchaser agrees to cause such building to be moved by a professional mover in accordance with the recommended approaches in the Department of the Interior's "Moving Historic Buildings."

(3) The city shall publish such advertisement in a newspaper of general circulation within the city, in both a legal notice and a classified advertisement, once a month for three months for contributing structures and once a month for six months for pivotal structures.

(4) Upon the affirmative vote of a majority of the full membership of the commission, the advertising requirements of this subsection (d)(3) of this section may be waived when such waiver is determined to be in the public interest.

If the conditions of this subsection have been satisfied and no entity has purchased the building for purpose of rehabilitating or moving it, the commission shall consider the demolition proposal at its next regularly scheduled meeting.

(e) After reviewing such application for a certificate of appropriateness, the commission shall approve, approve with modification, or disapprove the application, in whole or in part. If an application is approved or approved with modification by the commission, the development services department shall thereafter issue a certificate of appropriateness. The findings of the commission on each application shall be contained in a written resolution setting forth the full reason for its decision and the vote of each member participating therein. Such resolution shall be placed on file for public inspection in the office of the development services department within five business days after the meeting at which the application was acted upon. A copy of such resolution shall be emailed, mailed or delivered to the applicant.

(f) Any party aggrieved by any decision of the commission may appeal the commission's action to the city council. Such an appeal must be in writing and must be filed with the city clerk no later than ten business days after the filing of the resolution, unless the city council waives such ten-day requirement upon a showing of good and sufficient cause. The city council shall fix a reasonable time for a public hearing on the appeal, give public notice thereof as well as due notice to the applicant and to the appellant, if different from the applicant, and decide the appeal within a reasonable time. At such hearing any party may appear in person or by agent or attorney. In deciding such appeal, the city council shall consider whether the commission has exercised its powers and followed the guidelines established by law and ordinance and whether the commission's action was patently arbitrary or capricious.

(g) If not satisfied with the decision of the city council, any party to the appeal before the council may appeal to the county district court within 60 days after the council's decision.

(h) Certificates of appropriateness issued on the basis of approved plans and applications authorize only the construction or alteration set forth in such approved plans and applications and no other construction or alteration. It shall be the duty of the development services department to inspect from time to time any work performed pursuant to such a certificate to ensure compliance with the requirements of such certificate, regardless of whether or not a building permit is required for such work. If it is found that such work is not being carried out in accordance with the certificate, the development services department shall issue a stop work order. Any construction or alteration at variance with that authorized shall be deemed a violation of this article and shall be punishable as provided in section 58-34 of this article.
(C79, § 2-205.48; O.9937, 10,313; C91, § 2-205.48; O.13,010, 13,365, 14,231, 16,344)

Sec. 58-32. Administrative approval of certificate of appropriateness.

(a) The historic preservation commission may adopt a list of alterations for which a certificate of appropriateness may be administratively granted pursuant to this article, provided that any such list or amendment thereto shall be approved by the city council and shall be published and made available to property owners within each historic district.

(b) The development services director or the director's designee may issue a certificate of appropriateness for any alteration on the approved list which the development services director or the director's designee determines may be granted

in harmony with the intent and purposes of this article. The certificate of appropriateness shall not be issued until the third day after a notice of intent to issue such certificate is posted in the office of the development services department and emailed to the chair and each member of the commission.

(c) The development services director shall not issue a certificate of appropriateness for an alteration if the chair or vice-chair of the commission directs that the application be considered by the commission.

(d) The decision of the development services director to issue a certificate of appropriateness in accordance with this section may be appealed to the city council in the same manner as a decision of the commission.
(C91, § 2-205.4801; O.11,965, 13,010, 14,231, 16,344)

Sec. 58-33. Remedy of dangerous conditions.

(a) City enforcement agencies and departments shall give the historic preservation commission 30 days' prior notice of any proposed order which may affect the exterior features of any structure within a historic district by directing the removal, alteration or demolition of such structure for the purpose of remedying conditions determined to be dangerous to life, health or property.

(b) The commission shall have the power to require that the work not materially change the exterior features of the structure when the danger to life, health or property may be abated without detracting from the exterior appearance of the structure. In such cases it shall be the responsibility of the commission and the city agency or department to cooperate with the property owner in an attempt to achieve a preservation solution whereby the dangerous conditions will be corrected with minimal adverse effects to exterior features.

(c) If a preservation solution is not developed within a reasonable time, the city agency or department shall proceed to issue and enforce its proposed order. If agreement is reached on a preservation solution, a plan of preservation shall be prepared. Such plan shall include immediate building stabilization if necessary, a prioritized list of the needed work, a timeframe for completing the work, and identification of anticipated sources of funding the work. Such plan shall be approved by the commission and shall be signed by the chair of the commission, the property owner and the head of the city agency or department.
(C79, C91, § 2-205.49; O.9937, 14,231)

Sec. 58-34. Enforcement, violations and penalties.

(a) It shall be the duty of the development services department to enforce this article and to bring to the attention of the city council any violations or lack of compliance with this article.

(b) Appropriate actions and proceedings may be taken by law or in equity to prevent any violation of this article; to prevent unlawful construction; to recover damages; and to restrain, correct, or abate a violation, and these remedies shall be in addition to the penalties described in section 1-15 of this Code.
(C79, § 2-205.50; O.9937; C91, § 2-205.50; O.13,010, 16,344)

Sec. 58-35. Applicability.

This article shall be inapplicable to the construction or alteration of any structure within a historic district where a permit for the performance of such work was issued by the development services department prior to the effective date of the ordinance enacted pursuant to this article, including the subject property within the boundaries of such historic district.
(C79, § 2-205.51; O.9937; C91, § 2-205.51; O.13,010, 16,344)

Sec. 58-36. Conflict with other laws.

(a) This article is not intended to interfere with, abrogate, or annul any other ordinance, rule, statute, or other provision of law. Where any section of this article imposes restrictions different from those imposed by any other section of this article or any other ordinance, rule,

statute, or other provision of law, whichever provisions are more restrictive or impose higher standards shall control.

(b) This article is not intended to abrogate any easement, covenants, or other private agreement or restriction, provided that where the sections of this article are more restrictive or impose higher standards or regulations than such easement, covenant, or other private agreement or restriction, the requirements of this article shall govern.
(C79, § 2-205.52; O.9937; C91, § 2-205.52(a), (b))

Secs. 58-37—58-54. Reserved.

ARTICLE III. LANDMARKS

Sec. 58-55. Historic preservation commission.

(a) The historic preservation commission shall consider the nomination of landmarks and landmark sites and the alteration of landmarks and landmark sites, including both those located within and outside of locally designated historic districts.
(O.14,135, 14,231, 16,183, 16,344)

Sec. 58-56. Purpose.

It is declared as a matter of public policy that the protection, enhancement, perpetuation and use of improvements of special character or special historical or aesthetic interest or value is a public necessity and is required in the interest of health, prosperity, safety and welfare of the people. The purpose of this article is to:

(1) Effect and accomplish the protection, enhancement and perpetuation of such improvements which represent or reflect elements of the city's cultural, social, economic, political and architectural history;

(2) Safeguard the city's historic, aesthetic and cultural heritage, as embodied and reflected in such improvements;

(3) Stabilize and improve property values;

(4) Foster civic pride in the beauty and accomplishments of the past;

(5) Protect and enhance the city's attractions to residents, tourists, and visitors and serve as a support and stimulus to business and industry;

(6) Strengthen the economy of the city; and

(7) Promote the use of landmarks for the education, pleasure and welfare of the people of the city.
(C75, § 2-205.03; O.9322; C79, C91, § 2-205.03)

Sec. 58-57. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alteration means any action to change, modify, reconstruct, remove or demolish any exterior features of an existing structure. For the purpose of this article, ordinary maintenance and repair to correct any deterioration, decay or damage to a structure and to restore the structure as nearly as practicable to its condition prior to such deterioration, decay or damage are excluded from the definition of the term "alteration," provided such work does not involve a change in type of building materials. For the purposes of this article, changes made in the type and design of storm windows and in the color of the outer surfaces of a structure are considered to be ordinary maintenance and repair.

Applicant means the party making application for a certificate of appropriateness.

Capable of earning a reasonable return means having the capacity under reasonably efficient and prudent management of earning a reasonable return.

Certificate of appropriateness means a certificate authorizing plans for alterations, construction, removal or demolition of a landmark or an improvement on a landmark site.

Commission means the historic preservation commission.

Construction means the act of building, erecting or placing any structure on a site.

Exterior features means the architectural style, general design and general arrangement of the exterior of a building or other structure, including the kind and texture of the building material and the type and style of all windows, doors, light fixtures, signs and other appurtenant fixtures. For an outdoor advertising sign, the term "exterior features" means the style, material, size and location of the sign.

Historic district means an area designated by the city council as a historic district pursuant to article 2 of this chapter.

Improvement means any building, structure, place, parking facility, fence, gate, wall, work of art or other object constituting a physical betterment of real property, or any part of such betterment.

Improvement parcel means a unit of property which includes a physical betterment constituting an improvement and the land embracing the site thereof, which is treated as a single entity for the purpose of levying real estate taxes. However, the term "improvement parcel" shall also include any unimproved area of land which is treated as a single entity for such tax purposes.

Landmark means any improvement which has a special character or special historical or aesthetic interests or value as part of the development, heritage or cultural characteristics of the city, state or nation and which has been designated as a landmark pursuant to this article.

Landmark site means a parcel of land of historic significance which has substantial value in tracing the history of humans or upon which an historic event has occurred and which has been designated as a landmark site under this article, or an improvement parcel or part thereof on which is situated a landmark and any abutting improvement parcel or part thereof used as and constituting part of the premises on which the landmark is situated.

Notice to proceed means authorization by the city council for work which would require a certificate of appropriateness, but which work does not meet the applicable standards for issuance of a certificate of appropriateness.

Owner means any person having such right to, title to, or interest in any improvement so as to be legally entitled to, upon obtaining the required permits and approvals from the city's agencies having jurisdiction over building construction, to perform with respect to such property any construction, alteration, removal, demolition or other work.

Person in charge means the person possessed of the freehold of an improvement or parcel of land or a lesser estate therein, a mortgagee or vendee in possession, assignee of rents, receiver, executor, trustee, lessee, agent or any other person directly or indirectly in control of an improvement or parcel of land.

Principal improvement or building means any primary building upon a landmark site or improvement parcel.

Structure means anything constructed or erected with a fixed location on the ground or attached to something with a fixed location on the ground. Among other things, structures include buildings, walls, fences, gates, towers, mobile homes, billboards, poster panels, utility poles, streets, sidewalks, alleys and hard-surfaced parking areas. For the purposes of this article, freestanding flagpoles and yard lights are excluded from the definition of the term "structure."

(C75, § 2-205.04; O.9322; C79, § 2-205.04; O.10,559; C91, § 2-205.04; O.14,135, 14,231, 16,344)

Cross reference—Definitions generally, § 1-2.

Sec. 58-58. Designation criteria.

(a) For purpose of this article, a landmark or landmark site designation may be placed on any site, natural or improved, including any building, improvement or structure located thereon that possesses integrity of location, design, setting, materials, workmanship, feeling and association and that:

(1) Is significant in American history, architecture, archaeology and culture;

(2) Is associated with events that have made a significant contribution to the broad patterns of our history;

(3) Is associated with the lives of persons significant in our past;

(4) Embodies the distinctive characteristics of a type, period, or method of construction, or represents the work of a master, or possesses high artistic values, or represents a significant and distinguishable entity whose components may lack individual distinction; or

(5) Has yielded or may be likely to yield information important in prehistory or history.

(b) Ordinarily cemeteries, birthplaces, or graves of historical figures; properties owned by religious institutions or used for religious purposes; structures that have been moved from their original locations; reconstructed historic buildings; properties primarily commemorative in nature; and properties that have achieved significance within the past 50 years shall not be considered eligible for the landmark designation. However, such properties will qualify if they fall within the following categories:

(1) A religious property deriving primary significance from architectural or artistic distinction or historical importance.

(2) A building or structure removed from its original location which is significant primarily for architectural value, or which is the surviving structure most importantly associated with a historic person or event.

(3) A birthplace or grave of a historical figure of outstanding importance, if there is no appropriate site or building directly associated with his or her productive life.

(4) A cemetery which derives its primary significance from graves of persons of transcendent importance, from age, from distinctive design features, or from association with historic events.

(5) A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived.

(6) A property primarily commemorative in nature, if design, age, tradition or symbolic value has invested it with its own historical significance.

(7) A property achieving significance within the past 50 years, if it is of exceptional importance.

(c) The historic preservation commission may adopt specific operating guidelines for landmark and landmark site designations, providing such are in conformity with this article.
(C75, § 2-205.05; O.9322; C79, § 2-205.05; O.10,559; C91, § 2-205.05; O.14,135, 16,344)

Sec. 58-59. Application for designation.

The owner of an improvement or parcel of land seeking landmark or landmark site designation, or a group of persons or association by petition signed by at least 50 eligible electors of the city may request a designation of a landmark or a landmark site by submitting an application for such designation to the development services department on a form furnished by the department. The historic preservation commission or city council, in addition, may, on its own motion, initiate proceedings for the designation of a landmark or a landmark site.
(C75, § 2-205.06; O.9322; C79, § 2-205.06; O.10,559; C91, § 2-205.06; O.13,010, 14,135, 14,231, 15,448, 16,344)

Sec. 58-60. Procedures.

(a) The historic preservation commission shall consider the nomination of landmarks and landmark sites, and make a report and recommendation on such nomination to the city plan and zoning commission and city council as provided below.

(b) Notice that an application for designation of a landmark or landmark site is being considered shall be given to the owner of the parcel on which

the proposed landmark is situated or which is part of the proposed landmark site in accordance with the following:

(1) Such notice shall be served by certified mail, addressed to the owner at his or her last known address as such appears in the records of the county treasurer's office, or if there is no name on such records, such notice may be served by regular mail addressed to "owner" at the street address of the property in question.

(2) Such owner shall have the right to confer with the historic preservation commission prior to final action by the commission on the application.

(3) The historic preservation commission may, in addition, hold the public hearing of the proposed designation by giving notice as required by law.

(c) After such investigation by the historic preservation commission, but in no case more than 60 days after the receipt of the complete application, the application for designation shall be recommended for approval or disapproval. Such recommendation shall be in writing and shall state the reasons for recommending approval or disapproval. The recommendation may limit itself to the proposed landmark or landmark site as described in the application or may include modifications thereof. Such recommendation shall be forwarded to and filed with the plan and zoning commission, within five days after making such recommendation.

(d) Upon receipt of such recommendation, the plan and zoning commission shall schedule a public hearing at a specific place, date and time, not more than 30 days after such receipt, by giving notice as required by law.

(e) Within 30 days after the public hearing, the plan and zoning commission shall forward such application to the city council, together with the recommendation of the historic preservation commission. The plan and zoning commission may adopt the recommendation of the historic preservation commission as its own or may prepare a written recommendation of its own. The plan and zoning commission may limit itself to the proposed landmark or landmark site or may include modifications thereof. If the modification requires an additional public hearing, the plan and zoning commission shall hold such hearing before forwarding the application to the city council.

(f) Upon receipt of such recommendation, the council shall schedule a public hearing to consider the recommendation at a specific place, date and time, not more than 30 days after such receipt, by giving notice as required by law.

(g) The city council, after public hearing, may approve, approve with modification, or disapprove the recommendation of the plan and zoning commission by a majority vote of its membership. If the plan and zoning commission shall have failed to act within the time limit set forth in this section, the city council may, nevertheless, approve, approve with modification, or disapprove the proposed landmark or landmark site as originally proposed or modified by a majority vote of its membership.
(C75, § 2-205.07; O.9322, 9605; C79, § 2-205.07; O.10,559; C91, § 2-205.07; O.13,365, 14,135, 14,231, 16,344)

Sec. 58-61. Effect of approval of designation.

(a) Following a designation of a landmark or landmark site, the city clerk shall immediately file the description of such landmark or landmark site with the development services department and shall thereafter record the description of such landmark or landmark site in the office of the county recorder.

(b) Any designation made under this article shall be in full force and effect from and after the date of recording.

(c) A landmark or landmark site designation may be amended or rescinded by the same process as for the designation of a landmark. The historic preservation commission and plan and zoning commission shall have the same powers to recommend disapproval of an amendment or rescission of a designation as a landmark

or as a landmark site as they had to recommend disapproval of an original designation as a landmark or as a landmark site.

(d) If agreed to by the owner, at such time as a landmark or landmark site has been properly recorded, the city council may cause to be prepared and erected on such property, at city expense, a suitable plaque declaring that such property is a landmark or landmark site. Such plaque shall be so placed as to be easily visible to passing pedestrians. If a landmark, the plaque shall state the accepted name of the landmark, the date of its construction, and other information deemed proper by the city council. If a landmark site which is not the site of a landmark building, such plaque shall state the common name of the site and such other information deemed appropriate by the city council.

(e) In addition to those duties already specified in this article, the historic preservation commission shall:

(1) Actively work for the passage of enabling legislation which would permit the granting of full or partial tax exemptions to properties it has designated under this article in order to encourage landmark owners to assist in carrying out the intent of this article.

(2) Work closely with the state historic preservation officer in attempting to include such properties designated as landmark or landmark sites on the National Register of Historic Places.

(3) Work for the continuing education of the citizens of the city about the historic heritage of this city and the landmark and landmark sites designated under this article.

(4) Solicit funds for the purpose of landmark preservation in the city. Such funds, upon acceptance by the city council, shall be placed in a special city account for such purpose.

(C75, § 2-205.08; O.9322; C79, § 2-205.08; O.10,559; C91, § 2-205.08; O.13,010, 14,135, 14,231, 16,344)

Sec. 58-62. Construction, reconstruction, demolition and exterior alteration; certificate of appropriateness.

(a) No owner or person in charge of a landmark or landmark site shall reconstruct, alter, or demolish all or any part of the exterior of such property or construct any improvement upon such designated property or cause or permit any such work to be performed upon such property until a certificate of appropriateness has been applied for and obtained for such work pursuant to this section. The development services department shall not issue a permit for any such work until a certificate of appropriateness for such work is first obtained.

(b) The historic preservation commission shall consider applications for the alteration of landmarks and landmark sites located within historic districts, and make a decision on such matters as provided below. The historic preservation commission shall consider applications for the alteration of landmarks and landmark sites located outside historic districts and make a decision as provided below.

(c) All applications concerning landmarks received before the closing date to be established by the commission, shall be considered by the commission at its next regularly scheduled meeting.

(d) In acting upon such application, the commission shall consider:

(1) Design guidelines, standards and criteria developed by the historic preservation commission and approved by the city council, pursuant to subsection 58-30(e)(2) of this Code.

(2) Standards for rehabilitation promulgated by the Secretary of the Interior.

(3) The comprehensive plan for the city and any adopted urban renewal plan for the area.

(4) For an application respecting construction, reconstruction or exterior alteration other than on the principal improvement, the proposed work would adversely

change, destroy or affect any exterior feature of the improvement upon which such work is being done, or, if it is new construction, it would lack harmony with the landmark site and whether the proposed work would be appropriate for and consistent with the purpose of this article.

(5) For an application respecting new construction of principal improvements upon a landmark site, the proposed work would adversely affect the aesthetic quality of the site or lack harmony with the external appearance of other improvements on the site or upon neighboring sites.

(6) For an application respecting demolition of all or part of a landmark or an improvement within a landmark site, the condition of the landmark or improvement within a landmark site is determined to be dangerous to life, health or property, and such condition cannot be abated without demolishing such landmark or improvement within a landmark site or part thereof.

(e) If an application is approved or approved with modification by the commission, the development services department shall thereafter issue a certificate of appropriateness. The findings of the commission on each application shall be contained in a written resolution setting forth the full reason for its decision and the vote of each member participating therein. Such resolution shall be placed on file for public inspection in the office of the development services department within five business days after the meeting at which the application was acted upon. A copy of such resolution shall be emailed, mailed or delivered to the applicant.

(f) Any party aggrieved by any decision of the historic preservation commission may appeal the commission's action to the city council. Such an appeal must be in writing and must be filed with the city clerk no later than ten business days after the filing of the resolution mentioned in subsection (d) of this section, unless the city council waives such ten-day requirement upon a showing of good and sufficient cause. The city council shall fix a reasonable time for a public hearing on the appeal, shall give public notice thereof as well as due notice to the applicant and to the appellant, if different from the applicant, and shall decide the appeal within a reasonable time. At such hearing any party may appear in person or by agent or attorney. In deciding such appeal, the city council shall consider whether the commission has exercised its powers and followed the guidelines established by law and ordinance, and whether the commission's action was patently arbitrary or capricious. A vote of six-sevenths of the membership of the city council shall be required to reverse any decision of the commission.

(g) If not satisfied with the decision of the city council, any party to the appeal before the council may petition the county district court for a writ of certiorari within 30 days after the council's decision.

(h) Certificates of appropriateness issued on the basis of approved plans and applications authorize only the construction or alteration set forth in such approved plans and applications and no other construction or alteration. It shall be the duty of the development services department to inspect from time to time any work performed pursuant to such a certificate to ensure compliance with the requirements of such certificate, regardless of whether or not a building permit is required for such work. If it is found that such work is not being carried out in accordance with the certificate, the development services department shall issue a stop work order. Any construction or alteration at variance with that authorized shall be deemed a violation of this article and shall be punishable as provided in section 58-67.

(C75, § 2-205.09; O.9322, 9605; C79, § 2-205.09; O.10,559; C91, § 2-205.09; O.13,010, 13,365, 14,135, 14,231, 16,344)

Sec. 58-63. Determination of unnecessary hardship.

(a) In addition to the appeal rights granted to an appellant pursuant to section 58-62 of this article, if an application for a certificate of

appropriateness is denied, or approved subject to conditions not acceptable to the applicant, the applicant may appeal to the city council for a notice to proceed if the applicant establishes to the satisfaction of the council that there is unnecessary hardship in the strict application of the provisions of this article.

(b) A notice to proceed may not be granted unless the applicant provides proof that all of the following facts and conditions exist:

(1) The land or improvement in question cannot yield a reasonable return if the proposed construction, removal, alteration or demolition is not permitted.

(2) The plight of the applicant is due to unique circumstances.

(3) The hardship is the result of the application of this article and is not the result of any act or omission of the applicant.

(c) Any relief granted shall be in conformance with the objectives of this article and shall be limited to the minimum required to effect substantial justice and shall be in harmony with the general purpose and intent of this article.

(d) In granting a notice to proceed, the council shall prescribe any conditions that it deems necessary.

(e) A notice to proceed pursuant to this section shall relate solely to proposed plans accompanying the application or otherwise submitted to the council for official consideration prior to issuance of the notice to proceed. It shall be unlawful to deviate from the plan, including any modifications required as a condition of approval of such plan by the council, upon which issuance was granted, unless an amended notice to proceed shall be applied for and issued.

(f) The council exercising or performing its powers, duties or functions under this article with respect to any landmark or improvement within a landmark site may apply or impose, with respect to the construction, removal, alteration, demolition or use of such improvement, regulations, limitations, determinations or conditions which are more restrictive than those prescribed or made by or pursuant to other provisions of law applicable to such activities, work or use.
(C75, § 2-205.10; O.9322; C79, § 2-205.10; O.10,559, C91, § 2-205.10; O.13,365, 14,135)

Sec. 58-64. Maintenance and repair.

(a) Every person in charge of a landmark or other improvement upon a landmark site shall keep in good repair all of the exterior portions of such improvements and all interior portions thereof which, if not so maintained, may cause or tend to cause the exterior portions of such improvement to deteriorate, decay or become damaged or otherwise to fall into a state of disrepair. This subsection shall be in addition to all other provisions of law requiring such improvements to be kept in good repair. Such conditions shall be considered dangerous conditions and shall follow the process set forth in section 58-33.

(b) Such governmental enforcement agency shall give the historic preservation commission or landmark review board, as applicable, 30 days' prior notice of any proposed order or direction which affects or may affect the exterior appearance of the landmark. The commission or board shall have the power to require that the work not materially change the exterior appearance of the landmark or improvement on the landmark site where the danger of life, health or property may be abated without detracting from the exterior appearance of same.
(C75, § 2-205.11; O.9322; C79, § 2-205.11; O.10,559; C91, § 2-205.11; O.14,135, 14,231, 16,344)

Sec. 58-65. Extension of time for action.

Whenever, under this article, the historic preservation commission or the plan and zoning commission is required within a prescribed period of time to make any determination or perform any act in relation to any application for designation or for a certificate of appropriateness, the applicant may extend such period of time by his or her written consent filed with the development services department.
(C75, § 2-205.12; O.9322; C79, § 2-205.12; O.10,559; C91, § 2-205.12; O.14,135, 14,231, 16,344)

Sec. 58-66. Applicability.

This article shall be inapplicable to the construction, removal, alteration or demolition of any landmark or any improvement on a landmark site where a permit for the performance of such work was issued by the development services department prior to the effective date of the recording of such designation or amended or modified designation pursuant to this article.
(C75, § 2-205.14; O.9322; C79, § 2-205.14; O.10,405; C79, § 2-205.13; O.10,559; C91, § 2-205.13; O.13,010, 16,344)

Sec. 58-67. Enforcement, violations and penalties.

(a) It shall be the duty of the development services department to enforce this article and to bring to the attention of the city council any violations or lack of compliance with this article.

(b) Appropriate actions and proceedings may be taken by law or in equity to prevent any violation of this article; to prevent unlawful construction; to recover damages; and to restrain, correct or abate a violation, and these remedies shall be in addition to the penalties described in section 1-15 of this Code.
(C75, § 2-205.13; O.9322, 10,405; C79, § 2-205.14; C91, § 2-205.14; O.13,010, 16,344)

Sec. 58-68. Separability.

If any provision of this article or the application thereof to any person or circumstances is held invalid, the remainder of this article and the application of such provision to other persons or circumstances shall not be affected thereby.
(C75, § 2-205.15; O.9322, C79, § 2-205.15; O.10,405; C91, § 2-205.15)

ARTICLE IV. HISTORIC REVIEW OF PROPOSED DEMOLITION

Sec. 58-69. Purpose.

It is declared as a matter public policy that the review and consideration for the potential continuation of use and historic documentation of buildings and structures of historic, cultural or architectural significance is in the interest of the health, prosperity, safety and welfare of the public. The purpose of this article is to provide adequate opportunities for the review and exploration of viable alternatives to demolition and the completion of a historical record of buildings and structures that contain features of architectural merit and are historically significant. This article shall not serve to preclude or cause any delay to the procedures for historic district or landmark designation contained elsewhere in this chapter.
(O.15,405)

Sec. 58-70. Historic review.

(a) An application made under section 26-303 for a demolition permit of all or part of a building or structure and an application made under the plumbing code (chapter 26, article XI) for a plumbing permit for the disconnection of sewer service in preparation of such demolition, on property that is not otherwise subject to the requirement of a certificate of appropriateness under sections 58-31 or 58-62, shall be subject to the procedures for historic review set forth in this article.

(b) The community development director or his designee shall conduct an initial review within ten days of the submittal of the completed application for a demolition permit or related plumbing permit. The community development director shall notify members of the historic preservation commission of the application for proposed demolition of an entire single-family building that is, or is greater than, 80 years old, an entire building other than single family that is, or is greater than, 50 years old or an entire building that appears to contain features of architectural merit. Following such initial review, issuance of a demolition permit in accordance with section 26-303 and related plumbing permit in accordance with the plumbing code shall be authorized if it is determined that the building or structure proposed for demolition constitutes any of the following:

(1) Is a single-family building or structure less than 80 years old or a building or structure other than single-family less than 50 years old and contains no features of architectural merit.

(2) Is an imminent threat to the public health or safety.

(3) Is limited to a deck, porch, steps, stoops or similar structural element.

(4) Is limited to a building addition that is less than 80 years old and contains no features of architectural merit.

(5) Is a single-family building that is, or is greater than, 80 years old or a building or structure other than single-family that is, or is greater than, 50 years old, contains no features of architectural merit and the community development director has determined it is not historically significant.

(c) If, following initial review, the community development director has determined that the building or structure proposed for demolition is a single-family building or structure that is, or is greater than, 80 years old or a building or structure other than single-family that is, or is greater than 50 years old and/or contains features of architectural merit, is deemed historically significant but does not meet the criteria for landmark designation set forth in section 58-58, development services department staff shall be directed to work with the owner of the building or structure to determine, within 30 days, whether any alternatives to demolition are feasible. Such alternatives to be considered may include, but are not limited to, the following:

(1) Rehabilitation of the building or structure with the assistance of federal or state tax incentives or other private financial assistance.

(2) Adapting the building or structure to a viable new use.

(3) Finding a new owner who is interested in purchasing, preserving and rehabilitating the building or structure.

(4) Incorporating the building or structure into the owner's plans for redevelopment of the site.

(5) Assisting the owner in finding an alternative site for its proposed redevelopment.

(6) Moving the building or structure to an alternative site.

If the development services department staff and the owner of the building or structure do not reach an agreement on a feasible alternative to demolition, then with the guidance of development services department staff, the owner will be required to document and photograph the exterior and interior of the building or structure and provide the city with a copy of such documentation and photographs. The owner will further be required to salvage for re-use as many fixtures and as much material as possible from the building or structure. Provided that owner has conducted the documentation and salvage to the satisfaction of the community development director, then issuance of a demolition permit in accordance with section 26-303 and related plumbing permit in accordance with the plumbing code shall be authorized.

(d) If, following initial review, the community development director has determined that the building or structure proposed for demolition is a single-family building or structure that is, or is greater than, 80 years old or a building or structure other than single-family that is, or is greater than 50 years old and/or contains features of architectural merit, is deemed historically significant and meets the criteria for landmark designation set forth in section 58-58, the application for demolition or related plumbing permit shall be referred to the city council for review at a regularly scheduled city council meeting held within 20 days of the date of referral. The owner of the building or structure and, if applicable, any designated legal agent shall be provided notice of the time and location of city council review by certified mail and by regular mail at the addresses provided in the application for demolition permit. At such meeting, the city council will consider oral and written comments from all interested parties and determine whether or not to refer the application for proposed demolition or related plumbing work to the historic preservation commission for further study and review. If the city council determines not to refer the application to the historic preservation commission, then with the guidance of develop-

ment services department staff, the owner will be required to document and photograph the exterior and interior of the building or structure and provide the city with a copy of such documentation and photographs. The owner will further be required to salvage for re-use as many fixtures and as much material as possible from the building or structure. Provided that the owner has conducted the documentation and salvage to the satisfaction of the community development director, then issuance of a demolition permit in accordance with section 26-303 and related plumbing permit in accordance with the plumbing code shall be authorized.

(e) If the application for proposed demolition of the building or structure is referred by the city council to the historic preservation commission, the historic preservation commission shall be directed at regularly scheduled and/or special meetings of the historic preservation commission to work with the owner of the building or structure to determine, within 90 days, whether any alternatives to demolition are feasible. Such alternatives to be considered may include, but are not limited to, the following:

(1) The building or structure can be considered for landmark designation.

(2) Rehabilitation of the building or structure with the assistance of federal or state tax incentives or other private financial assistance.

(3) Adapting the building or structure to a viable new use.

(4) Finding a new owner who is interested in purchasing, preserving and rehabilitating the building or structure.

(5) Incorporating the building or structure into the owner's plans for redevelopment of the site.

(6) Assisting the owner in finding an alternative site for its proposed redevelopment.

(7) Moving the building or structure to an alternative site.

If the historic preservation commission and the owner of the building or structure do not reach an agreement on a feasible alternative to demolition, then with the guidance of development services department staff, the owner will be required to document and photograph the exterior and interior of the building or structure and provide the city with a copy of such documentation and photographs. The owner will further be required to salvage for re-use as many fixtures and as much material as possible from the building or structure. Provided that owner has conducted the documentation and salvage to the satisfaction of the community development director, then issuance of a demolition permit in accordance with section 26-303 and related plumbing permit in accordance with the plumbing code shall be authorized.

Sec. 60-198. Service by public utilities.
Sec. 60-199. Approval for occupancy.
Sec. 60-200. Costs.
Sec. 60-201. Public nuisance renovation agreements.

ARTICLE I. GENERAL

Sec. 60-1. Title.

This chapter and all provisions incorporated in this chapter, by reference or otherwise, shall be known as the Housing Code and hereafter will be referred to as this "chapter".
(O.16,392)

Sec. 60-2. Scope.

Unless otherwise specified herein, the provisions of this article I and article II of this chapter shall apply to the maintenance, repair, equipment, use, and occupancy of all residential rental structures, accessory structures, and premises now in existence or hereafter constructed, rehabilitated, renovated, or converted to residential use within the corporate limits. Unless otherwise specified herein, the provisions of article III apply to all premises within the corporate limits.

The provisions of this chapter shall constitute the minimum requirements and standards for premises, structures, equipment and facilities for provision of light, ventilation, space, heating, sanitation, protection from the elements, a reasonable level of safety from fire and other hazards, a reasonable level of sanitary maintenance, and for a workmanlike level of continued property maintenance to maintain and improve the city's housing stock.
(O.16,392)

Sec. 60-3. Intent.

Unless otherwise specified herein, this chapter shall be interpreted to ensure public health, safety, and welfare as they are affected by the occupancy and maintenance of residential structures, accessory structures and premises occupied, and/or under notice of violation, as rental units, owner-occupied structures and nonresidential structures. This chapter shall further be interpreted to require structures to be maintained in good condition and good repair using a workmanlike level of maintenance so as to stabilize and improve the housing and commercial building stock of the city. Existing structures that do not comply with these provisions shall be altered or repaired to provide the level of workmanship, health and safety required herein.
(O.16,392)

Sec. 60-4. Application of other codes.

(1) This chapter shall adopt the International Property Maintenance Code ("IPMC"), 2021 edition, published by the International Code Council and any standard, national, and international codes adopted in the Municipal Code of the City of Des Moines.

(2) Where the City of Des Moines Municipal Code is the subject of reference in this chapter, it will be referred to as "the Municipal Code."
(O.16,392)

Sec. 60-5. Deletions.

The following sections and/or references are hereby deleted from the 2021 International Property Maintenance Code, and are of no force or effect in this chapter:

(1) Section 103 Code compliance agency;

(2) Section 107 Means of Appeal;

(3) Section 108 Board of Appeals;

(4) Section 111.4.2 Method of Service;

(5) Section 111 Transfer of Ownership;

(6) Section 111.7 Placarding;

(7) Section 113 Demolition;

(8) Section 307 Handrails and Guardrails.
(O.16,392)

Sec. 60-6. Amendments and additions.

The remaining sections of this chapter represent amendments and additions to the requirements contained in any of the referenced codes. In the event of a conflict between any of the provisions contained in any of the referenced codes and this chapter, the requirements of this chapter prevail.
(O.16,392)

Sec. 60-7. Powers.

(1) The administrator is hereby authorized and directed to enforce the provisions of this chapter. The administrator shall have the authority to render interpretations of this chapter and to adopt policies and procedures to clarify the application of its provisions. Such interpretations and polices shall be consistent with the intent and purpose as set out in this chapter. Such policies and procedures shall not have the effect of waiving requirements specifically provided in this chapter.

(2) The administrator shall make all of the required inspections or shall accept reports of inspections by approved agencies or individuals. Reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual.

(3) The administrator is authorized, subject to any approval required by the Municipal Code, to consult with and engage any subject matter expert as the administrator deems necessary to interpret and enforce any provisions of this chapter requiring specialized knowledge, training, or experience.

(4) The administrator shall keep and maintain all records of inspections, licenses, extensions, housing appeals board actions, fines, modifications, and all other records maintained by the division for such time period as required by any applicable federal, state, or local law or policy.

(5) The administrator is authorized to enter into renovation agreements and agreements to extend time for compliance with this chapter.
(O.16,392)

Sec. 60-8. Right of entry.

Where it is necessary to make an inspection to enforce the provisions of this chapter, or whenever the administrator has reasonable cause to believe that there exists in a structure or upon any premises a condition in violation of this chapter, the administrator is authorized to enter the structure or premises at reasonable times to inspect or perform the duties imposed by this chapter, so long as the following procedures are followed:

(1) If such structure or premises is occupied, the administrator shall first present credentials to the occupant and request entry;

(2) If such structure or premises is unoccupied, the administrator shall first make a reasonable effort to locate the owner, the authorized management agent or other persons having charge or control of the structure or the premises and request entry from such person;

(3) If the administrator's entry is refused, the administrator may pursue a municipal infraction and/or obtain an administrative search warrant as provided by law to gain entry onto the premises or into the structure for the purpose of inspection or otherwise as provided by law.

(O.16,392)

Sec. 60-9. Identification.

The administrator shall carry proper identification when inspecting structures or premises in the performance of duties under this chapter.
(O.16,392)

Sec. 60-10. Modifications.

(1) Whenever there are practical difficulties involved in carrying out the provisions of this chapter, the administrator shall have the authority to grant modifications for individual cases upon application of the owner(s) or authorized management agent.

(2) An appeal for a modification must:

(a) Set out the code requirement from which the modification is sought;

(b) Detail what effect the modification will have in the health and safety of the occupants and the integrity of the structure; and

(c) Explain what effect the modification would have on the maintenance of the premises or building.

(3) Before granting a modification, the administrator shall find that:

(a) Strict compliance with a specific code requirement relating to the structure or premises would be impossible or impractical;

(b) Such impossibility or impracticality has not been caused or created by the owner, the authorized management agent, or any other employee, agent, or representative thereof;

(c) The modification is in compliance with the intent and purpose of the Code; and

(d) Such modification does not lessen the health, life, and fire safety requirements or the integrity of the structure.

(4) An owner(s) or authorized management agent may appeal a denial of a modification to the housing appeals board.

(5) The administrator shall record, or cause to be recorded, documentation of all granted modifications within the division's official records.

(6) For any modification previously granted by the administrator, the administrator may revoke the modification upon a showing that the basis for granting the modification no longer exists or upon a showing that a condition of the modification has been violated.

(a) Before revoking a modification, the administrator shall notify the owner(s) or authorized management agent of the reason for the requested revocation and the right to appeal such revocation.

(O.16,392)

Sec. 60-11. Alternative materials, design, methods of construction, and equipment.

The provisions of this chapter are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this chapter provided that any such alternative has been approved by the city.

(1) An alternative material, design or method of construction shall be approved by city staff where it is found:

(a) The proposed material, design or method of construction is satisfactory and complies with the intent of the provisions of this chapter; and

(b) The proposed material, design or method of construction is not less than the equivalent in quality, strength, effectiveness, fire resistance, durability, and safety of that prescribed in this chapter.

(2) The use of used materials that meet the requirements of this chapter for new materials may be permitted. Materials, equipment, and devices shall not be reused unless such elements are in good repair or have been reconditioned and tested where necessary, placed in good condition, and approved by the administrator.

(3) Materials, design, equipment, and devices approved shall be constructed and installed in accordance with any conditions of such approval.

(4) Where the alternative material, design, or method of construction is not approved, the administrator shall issue a decision in writing and state the reasons the alternative was not approved.

(5) An owner(s) or authorized management agent may appeal a denial of an alternative material, design, or method of construction to the housing appeals board.

(O.16,392)

Sec. 60-12. Stop work order.

(1) Whenever the administrator finds any work regulated by this chapter is being performed in a manner contrary to the provisions of this chapter or in a dangerous or unsafe manner, the Administrator is authorized to issue a stop work order.

(2) A stop work order shall be in writing and shall be posted at the site of the violation(s) and a copy shall also be provided to the owner(s), to the authorized management agent, and/or to the person doing the work. Upon issuance of a stop work order, the cited work shall cease immediately. The stop work order shall state the reason for the order and the conditions under which the cited work is authorized to resume.

(3) Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe conditions, shall be subject to enforcement as set out in this chapter.
(O.16,392)

Sec. 60-13. Emergency action.

Whenever, in the opinion of the administrator, there is imminent danger due to an unsafe condition(s), emergency action shall be required, and the administrator may seek authority to have the premises and/or structure vacated and/or may order the necessary work to be done to remove the imminent danger with or without notice, including, but not limited to, the boarding up of openings, to render such structure and/or premises temporarily safe whether or not any legal procedure herein described has been instituted; and may cause such other action to be taken as the administrator deems necessary to mitigate or eliminate such emergency. Such action shall be completed to standards adopted by the city in Appendix A of the 2021 IPMC.
(O.16,392)

Sec. 60-14. Costs of emergency actions.

Costs of emergency actions shall be billed to the owner(s) and if unpaid will be collected as a special assessment, personal judgment, or any other collection measure the city deems appropriate.
(O.16,392)

Sec. 60-15. Collection of costs.

(1) Costs imposed upon the owner in the enforcement of this chapter shall be payable to the city within 30 days of the date of notice which will be provided to the owner or authorized management agent as designated in the business account maintained with the division; and

(2) The invoice shall include notice that if unpaid the amount due will be collected as a special assessment, personal judgment, or any other collection measure the city deems appropriate.
(O.16,392)

Sec. 60-16. Closing streets or sidewalks.

When necessary for public safety, the administrator is authorized to temporarily close or order closing of structures, sidewalks, streets, public ways and places adjacent to unsafe structures, and prohibit the same from being utilized.
(O.16,392)

Sec. 60-17. Civil actions; alternative relief.

(1) Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of the Municipal Code.

(2) Proceeding with an administrative hearing, civil action, or emergency action as authorized in this chapter does not preclude the city from seeking alternative relief from a court in the same action or as a separate action, including but not limited to an order for abatement, injunctive relief, or vacation of the premises.

(3) In addition to other remedies set forth in this chapter, when the administrator determines that a nuisance exists and/or that a person is a habitual violator, the city may file a civil action in the district court seeking an order enjoining the person from further violation of this chapter on any premises owned or controlled by such person or real property where such person acts as an agent, tenant, or lessee of any structure or premises within the city. The city may further request that upon entry of the injunction the court allow the city to abate further violations without notice and/or seek an order of contempt.
(O.16,392)

Sec. 60-18. Ordinance not limiting.

The responsibilities imposed under this chapter shall not limit or abridge any duty, requirement, obligation or liability created by another provision of law, or under contract between parties. (O.16,392)

Sec. 60-19. Definitions.

Unless otherwise expressly stated, or the context clearly indicates a different intention, the following terms have the following meanings and shall be so construed wherever they appear in this article:

Accessory structure means a structure on the same lot, separate from, and of a nature customarily incidental and subordinate to the principal structure. Trailers, semi-trailers, tents, motor vehicles, and component parts thereof shall not be considered accessory structures. A structure which might otherwise be considered an accessory structure, but which is connected to the principal structure by a breezeway or other extension of the principal structure containing a functional roof and floor shall, for the purposes of this chapter lose its status as an accessory structure, be deemed part of the principal structure, and be subject to all restrictions applicable to a principal structure.

Administrator means the administrator of the division or their designee. The administrator is the code official for this chapter and shall be the authorized representative for the enforcement of this chapter and for the administration of the division.

Anchored means secured in a manner that provides positive connection.

Authorized management agent means any person appointed by the owner(s) who has charge, care, or control of any rented structure or premises. Such person shall be authorized to accept service of communications from the city.

Basement means that portion of a structure which is partially or completely below grade.

Bathroom means a room containing a toilet and sink and which may also contain a bathtub, shower, or other fixtures or equipment.

Carbon monoxide alarm(s) means one or more devices comprised of a sensor, control components, and an alarm notification appliance in a single unit operated from a power source either in the unit or obtained at the point of installation which detect carbon monoxide gas for the purpose of alerting occupants to its presence. The alarm notification appliance must issue a distinct audible signal and may also issue a visible light alert. Carbon monoxide alarms include but are not limited to combination carbon monoxide alarm/smoke alarms. All carbon monoxide alarms must meet the standards established by the Underwriters Laboratories (UL), the National Fire Protection Association (NFPA) Standard 720, and be UL Listed in accordance with UL 2034.

City means the City of Des Moines, Iowa.

Common area means those areas of premises and structures that are available for use by all residents of rental units but that remain under the ownership, possession, and control of the owner.

Condominium means a single-household dwelling unit located within a multi-unit structure where ownership of each unit is separately held by deed.

Cooking facility means a room or portion thereof designated and/or customarily used as a place for the preparation and sanitation of food and containing equipment and appliances customarily associated therewith including, but not limited to: Sink, stove, refrigerator, oven, freezer, or any other similar appliance or fixture.

Corporate limits means the geographical limits of the City of Des Moines as set forth in Municipal Code section 2-1.

Cost(s) means all inspection fees, re-inspection fees, fines, civil penalties, eviction costs, demolition costs, asbestos survey, landfill fees, title searches, mailings, postings, photographs, research fees, copy fees, administrative costs, and legal costs, and any other expenditure of time or money incurred from the enforcement of this chapter incurred by the division in the enforcement of this chapter and for all other fees as set out in the schedule of fees as adopted by the city council.

Detached means a structural element which is physically disconnected from another and that would require connection to provide a positive connection.

Deterioration means the state of being weakened, disintegrated, corroded, rusted, or decayed.

Duplex means a structure containing exactly two attached dwelling units under the same ownership.

Dwelling unit means a single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.

Easement means that portion of land or property reserved for present or future use by a person or agency other than the owner(s)of the real estate.

Equipment means tangible personal property that is generally non-expendable, functionally complete for its intended purpose, and may or may not be considered a fixture to the premises.

Exit means a continuous and unobstructed means of access to a public way, including intervening doors, doorways, corridors, exterior exit balconies, ramps, stairways, smoke-proof enclosures, horizontal exits, exit passageways, exit courts, and yards.

Exterior property means the open space on the premises, adjacent public way(s) and on adjoining property under the control of the owner(s) or authorized management agent of such premises that is outside of any structure located on the premises.

Fuel-burning appliance means any device which utilizes combustible fuel and produces heat.

Garbage or *rubbish* may be used interchangeably and mean animal or vegetable waste resulting from the handling, preparation, cooking, and/or consumption of food and all other combustible and non-combustible waste materials.

Good condition means structurally sound with no obvious maintenance or repair required and all major components and materials still functioning as intended.

Good repair means fit for human habitation in accordance with all applicable codes. Everything operates as it should, and the property is clean and well maintained inside and out. There is no wasting or neglect of the property, and it is maintained in good condition.

Grade means the finished ground level adjoining any structure at all exterior walls.

Guards means a building component or a system of building components located at or near the open sides of elevated walking surfaces that minimizes the possibility of a fall from the walking surface to a lower level.

Habitable space means space in a structure for living, sleeping, eating, or cooking. Bathrooms, toilet rooms, closets, halls, storage, or utility space and similar areas are not considered habitable spaces.

Historic building means any building or structure that is one or more of the following:

(1) Listed or certified as eligible for listing by the state historic preservation office or the keeper of the National Register of Historic Places in the National Register of Historic Places;

(2) Designated as historic under an applicable state or local law; or

(3) Certified as a contributing resource within a National Register or state or locally recognized historic district.

Hotel shall have the same meaning as used in section 6A-1 of Appendix F of the Municipal Code.

Imminent danger means a condition which could cause serious or life-threatening injury or death within a short period of time if the condition is not remediated.

Infestation means the presence of insects, rats, vermin, or other pests within or contiguous to a structure or premises of insects, rodents, vermin or other pests.

Knockout panel means a piece of material over a hole in a door, window or other openable access into another unit in a multi-unit structure that is intended to be removed to allow for access to another unit within the same structure for the purpose of emergency egress.

Labeled means equipment, materials or products to which have been affixed a label, seal, symbol or other identifying mark of a nationally recognized testing laboratory, inspection agency or other organization concerned with product evaluation that maintains periodic inspection of the production of the above-labeled items and whose labeling indicates either that the equipment, material or product meets identified standards or has been tested and found suitable for specified purpose.

Lead-based paint means any liquid substance applied or intended for application to surfaces containing more lead by weight than the percentage allowed by federal regulations now existing or hereafter adopted, calculated as lead metal in the total nonvolatile content of such liquid substance or in the dry film of such liquid substance after application.

Luminaire means a complete lighting unit affixed to a structure consisting of a light source and a hard-wired power supply.

Mobile home means any vehicle without motive power and so designed, constructed, or reconstructed as a dwelling unit to permit the vehicle to be used as a place for human habitation by one or more persons. It may also include any such vehicle with motive power not registered as a motor vehicle in this state. A mobile home is factory-built housing built on a chassis. A mobile home may not be construed to be a travel trailer or other form of recreational vehicle. A mobile home shall be construed to remain a mobile home, subject to all regulations pertaining thereto, whether or not wheels, axles, hitches or other appurtenances of mobility are removed and regardless of the nature of the foundation provided.

Multi-unit structure means any structure containing two or more units. A duplex is not considered a multi-unit structure for purposes of this chapter.

Neglect means the lack of proper maintenance for a structure or premises or any part thereof.

Neighborhood inspection division or *division* means the division within the city's organizational structure charged with the duty to inspect premises and structures for compliance with this chapter, and may also mean, as the context indicates, a member of that division.

Nuclear family member means a parent, grandparent, child, grandchild, non-marital partner, stepchild, or spouse.

Occupancy means the purpose for which a building or portion thereof is utilized or occupied.

Occupant means any individual living or sleeping in a structure or portion thereof or having possession of a space within a structure.

Openable area means the part of a window, skylight, or door which is available for unobstructed ventilation, and which opens directly to the outdoors.

Opening protective has the same meaning as set forth in NFPA 80 as may be amended from time to time.

Overhang extension means any portion of a structure or any element anchored thereto that extends beyond the structure's exterior walls at a height of eight feet or more above grade.

Owner, for purposes of this chapter, except article III, means the holder of legal title of any premises. For purposes of this definition, a contract purchaser will be deemed an owner only if the real estate purchase contract has been filed of record in the office of the recorder for the county in which the premises are located.

Owner, for the purposes of article III, means any person, agent, firm or corporation having legal or equitable interest in the dwelling unit(s); or a recorded interest as shown in the official records of the state or county as holding legal or equitable title to the real estate; or otherwise having control of the real estate or dwelling unit(s), including but not limited to the guardian of the estate of any such person, the executor or

administrator of the estate of such person who is ordered to take possession or control of the real estate by the court.

Pest elimination means the control and elimination of insects, rodents or other pests by eliminating their harborage places; by removing or making inaccessible material that serve as the food or water; or by other approved pest elimination methods.

Premises means a lot, plot, or parcel of land, easement or public way, including any structure or other improvement thereon.

Public way means any sidewalk, street, alley, right-of-way or similar place of land essentially unobstructed from the ground to the sky, which is deeded, dedicated or otherwise permanently appropriated to the public for public use.

Rent or rental means to allow the use and/or occupancy of any structure and/or premises or any portion thereof by any person who is not the owner thereof whether allowed in exchange for any consideration or not.

Rental structure(s) means a structure containing at least one rented dwelling unit or rooming unit which is occupied by one or more persons who is not the owner(s).

Residential means the use of a structure or part thereof providing living accommodation for one or more persons.

Rooming house means a structure containing rooming units.

Rooming unit means any room or group of rooms forming a single habitable unit occupied or intended to be occupied for sleeping or living that does not contain cooking facilities.

Sink means a fixed bowl or basin with running water and drainpipe for washing

Structure means that which is built, assembled, or constructed or a portion thereof.

Tenant means a person, corporation, partnership, entity or group, not the legal owner(s) of record, renting and occupying a structure or portion thereof.

Toilet means a plumbing fixture consisting of a water-flushable container used for urinating and defecating.

Toilet room means a room containing a toilet or urinal but not a bathtub or shower.

Townhome (row houses) means a single-household dwelling unit constructed in a group of three or more attached units in which each unit extends from the foundation to roof and with open space on at least two sides.

Unlawful structure means one found in whole or in part to be occupied by more persons than permitted under this chapter, or was erected, altered, used, or occupied contrary to law.

Ventilation means the natural or mechanical process of supplying conditioned or unconditioned air to, or removing such air from, any space.

Workmanlike means repairs, maintenance work, alterations or installations that are required, directly or indirectly, by this chapter which shall be executed and installed in accordance with the manufacturer's instructions in a skilled manner, generally plumb, level, square, in line, undamaged, without marring adjacent work, using compatible materials approved for the use, like in nature and look to remaining material if there is a partial replacement or repair, to maintain the structure and premises in good condition, and in compliance with all applicable code requirements,.
(O.16,392)

Secs. 60-20—60-23. Reserved.

ARTICLE II. RENTAL PROPERTY MAINTENANCE CODE

DIVISION 1. [GENERALLY]

Subdivision I. Powers, Duties and Enforcement

Sec. 60-24. General.

The administrator shall cause inspections to be made to determine the condition of rental structures, rooming houses, accessory structures,

and the premises upon which the foregoing are located within the corporate limits and may issue notices as provided in this chapter.
(O.16,392)

Sec. 60-25. Exceptions.

The following are exempt from this article:

(1) Structures and premises owned, licensed, and/or operated by any governmental unit or governmental agency.

(2) Single-household dwellings occupied by the owner(s) or members of the owner's nuclear family. If the owner does not reside in the dwelling, the owner(s) must register the names of the nuclear family members who reside in the dwelling with the administrator every three years or notify the division if there is a change in occupancy when such change occurs.

(3) A duplex if the owner(s) occupies one of the dwelling units and the other dwelling unit is occupied by a member of the owner's nuclear family.

(4) Nonresidential occupancies.

(5) Hotels.

(6) Where a nonresidential business or activity or a state-licensed or state-approved use occupies a portion of a structure and the structure also contains any area which would otherwise be subject to this article, this article shall be and remain applicable to all areas of such structure and premises not exempted by this section.

(O.16,392)

Secs. 60-26—60-29. Reserved.

Subdivision II. Inspections and Notice

Sec. 60-30. Rental business license required.

No owner(s) shall rent any dwelling unit or rooming unit unless that owner(s) holds a valid rental business license for such property.
(O.16,392)

Sec. 60-31. Required owner(s) or authorized management agent information.

(1) The owner(s) of any residential rental structure in the city who resides in Polk County or any county contiguous thereto shall provide the administrator the owner's physical address, email address, tax identification number and telephone number(s).

(2) The owner(s) of any residential rental structure located in the city who resides outside Polk County or any contiguous county shall provide the administrator with the information required in section 60-31(1) and the name, physical addresses, email address, tax identification number, and telephone number(s) of an individual over the age of 18 who shall reside in Polk County or any county contiguous thereto and who shall be designated as the authorized management agent responsible for maintenance of the property and for receiving notice and service of process.
(O.16,392)

Sec. 60-32. Application for a business account and/or rental business license.

(1) Every owner of any residential rental structure within the city shall establish a business account with the city submitting a complete rental application. Each owner shall only be required to establish a single business account with the city and may associate all of that owner's rental structures with that single account.

(2) All the information set forth in section 60-31 shall be required in order for a rental business account and rental business license application to be considered complete.

(3) An application for a rental license shall be automatically rejected if there is not appropriate zoning classification for the number of units that are listed on the rental license application.

(4) No rental license will be issued unless a complete application has been submitted.

(5) The owner must request a rental business license for each rental structure at least 90 days prior to rental occupancy. Notwithstanding the foregoing, each owner of a rental unit that is a distinct real estate parcel shall be required to have a rental business license for each separate parcel. The license will be issued upon an approved completed application and the property passing a rental inspection.

(6) Upon transfer of a property that has a current rental business license and will continue to be used as a rental property:

(a) the transferee shall establish a business account and a rental business license;

(b) the property shall remain subject to any active notice of violation previously issued under this chapter and the violations must be abated so as to bring the property into compliance with this chapter;

(c) the renewal inspection will be scheduled on the same schedule as the renewal for the previous owner; and

(d) an administrative fee in the amount set forth in the schedule of fees adopted by the city council may be charged for the transfer of an existing license to a new owner.

(7) If the information provided in the rental business license application does not include the information required in section 60-31 of this article, a research fee will be charged in the amount set forth in the schedule of fees adopted by the city council by resolution for compensation for staff time in collecting the additional information. Each request for information will result in an additional research fee.

(8) Sixty days prior to the expiration date of the rental business license, the division will mail or email a notification to the property owner(s), and the authorized management agent that the notice of the expiration of the license is in their account. The notice will include the expiration date of the license and pertinent information for contacting the division. Failure by the division to send the notice of expiration does not eliminate the obligation of the owner(s) to request a renewal inspection and failure to obtain the inspection will result in expiration of the rental business license.

(9) The owner(s) or authorized management agent(s) shall be required to update the business account information provided in the application within ten days of any change in information, including but not limited to a change in the telephone number(s), mailing address, physical address, email information, authorized management agent or ownership of the property.

(10) It is the responsibility of the owner(s) or authorized management agent to contact the division to set the date and time of all inspections.

(11) A business license application may be rejected if the owner or authorized management agent has a substantiated history of violations of this chapter, the Uniform Residential Landlord and Tenant Act, any Fair Housing Act, or other similar Civil Rights statutes, ordinances, or regulations.
(O.16,392)

Sec. 60-33. Inspection, notice of violation and method of service.

(1) Following submission of a completed application and prior to issuance of a business rental license and in accordance with the schedule set forth in section 60-35 of this chapter, the administrator or designee shall inspect or cause to be inspected each rental structure, accessory structure(s), and premises located within the city.

(2) The owner or their authorized management agent shall provide sufficient notice to tenants of the time and date of the inspection in compliance with state law.

(3) Failure by the owner or their authorized management agent to appear for the inspection may result in a failing inspection.

(4) If the administrator determines that the structure(s) and/or premises are being maintained in violation of this chapter, the administrator shall provide notice of the violation(s) to the owner(s) and authorized management agent of

the premises to the physical and email address designated in the business account maintained with the division.

(5) If there is no application or business account on file with the division, the administrator shall provide notice of the violation to the physical address for the owner of the property as shown in the records of the county assessor. Such notice shall:

(a) Be in writing;

(b) Include a description of the real estate sufficient for identification;

(c) Describe the violation and remedial action required;

(d) State that all violations must be corrected within 30 days from receipt of this notice;

(e) Advise that if a violation still exists upon re-inspection, the administrator will suspend a valid rental business license;

(f) Advise that upon failure of the owner(s) or authorized management agent to arrange for a re-inspection within 30 days from receipt of the notice, it will be presumed the violations have not been abated and administrator will suspend a valid rental business license and refer the owner(s) or authorized management agent to the city legal department to pursue a municipal infraction or other appropriate remedy;

(g) Advise of the right to file an appeal of a violation set out in the notice of violation and the amount of the appeal fee; and

(h) Include a statement of the right of the division to collect unpaid costs by personal judgment, collection, or assessment to be collected as a property tax.

(6) Units that are vacant in a multi-unit structure and will not be occupied during the duration of the rental business license shall be inspected to confirm that no safety violations exist that would threaten the health or safety of the other occupants in the structure. The fee for the inspection of the vacant unit shall be as set forth in the schedule of fees adopted by the city council. The administrator shall denote in the division's records that the vacant unit is not fit for rental occupancy but that shall not prevent the issuance of a rental business license for the remainder of the structure not so designated. If the owner wishes to allow occupancy of a vacant unit that was previously denoted as unfit for occupancy, the owner shall request, and the unit shall pass a rental inspection in that unit prior to allowing rental occupancy.
(O.16,392)

Sec. 60-34. Renovation agreement.

(1) If an owner cannot abate any violations of this chapter within the time allowed in the notice of violation because of weather constraints or extraordinary circumstances not of the owner(s)' or authorized management agent's making or are beyond the owner's or authorized management agent's control they may request an extension of time to abate such violation(s).

(2) An owner(s) or authorized management agent may make a request accompanied by the fee set forth in the schedule of fees adopted by the city council, for an extension that is specific to the structure or premises and must show that:

(a) Timely compliance with this chapter is impractical;

(b) The extension does not violate the intent and purpose of the Municipal Code; and

(c) Such extension does not endanger the life, health, or safety of the occupants or the integrity of the structure.

(3) At the administrator's discretion, information regarding the proposed extension, including, but not limited to proposed scope of work, project budget, project schedule, and proof of financial ability to complete the repair(s) identified in the proposed scope of work may be requested and, if requested, must be provided by the owner(s) or authorized management agent prior to approval.

(4) If an extension of time is granted, the owner(s) or authorized management agent and the administrator shall enter into a written renovation agreement setting forth the terms and conditions of any approved time extension.

(5) Upon execution of a renovation agreement, a temporary rental business license will be issued which will expire upon the date set for completion of the repairs or abatement as set out in the agreement.

(6) An owner(s) or authorized management agent may appeal a denial of an extension to the housing appeals board.
(O.16,392)

Sec. 60-35. Compliance and rental business license.

(1) Upon submission and approval of a completed rental business license application, establishment of a business account with the division, completion of satisfactory inspection, and payment of all required costs, the division shall issue a rental business license. Notice of the issuance will be provided by email or regular mail to the owner or authorized management agent as designated in the business account or rental business license application maintained with the division.

(2) The division shall send an invoice by email or regular mail to owner(s) and authorized management agent at the email or physical address on file with the division for all costs owed.

(a) Rental inspection fees will be charged in the amount set forth in the schedule of fees adopted by the city council.

(b) Costs imposed upon the owner in the enforcement of this chapter shall be payable within 30 days of the date of billing and if unpaid will be collected as a special assessment, personal judgment, or any other collection measure the city deems appropriate.

(c) Structures referred for legal action will be inspected as necessary to enforce this chapter and any and all associated costs will be billed as set out in the schedule of fees adopted by the city council.

(3) The rental business license issued under this article shall contain the following information:

(a) The owner(s) name(s);

(b) The name of the authorized management agent;

(c) Contact information, including email and physical addresses and telephone number(s)for the owner(s) and the authorized management agent;

(d) The local address and type of structure;

(e) The number of units;

(f) The date of inspection;

(g) The date of issuance; and

(h) The license expiration date.

(i) Any conditions imposed on the license by the division such as identification of any units subject to section 60-33(5) of this chapter.

(4) A rental business license will be issued for the following periods:

LICENSE CATEGORY I	
1 or 2 units — No violations on first inspection	License length 3.5 years
3 plus units — No violations on first inspection	License length 2.5 years
1. Must have valid business account information on file prior to inspection; 2. Must have had no founded maintenance complaints since the last inspection; 3. Must have no outstanding costs due the division for the property; 4. Must be current on property taxes and special assessments due the division for the property; and 5. Must have had no nuisance clean ups or impounds since the last renewal license was issued.	

LICENSE CATEGORY II	
1 or 2 units—Not more than 8 violations per unit	License length 2.5 years
3 to 12 units—Violations Not more than 1.5 violations per unit and common areas	License length 1.5 years

LICENSE CATEGORY II	
More than 13 units—Violations Not more than 1 per unit and common areas	License length 1.5 years
1. Must have valid rental business license information on file before extension of the license; 2. Must have had no more than one founded maintenance complaint since the last inspection; 3. Must have no outstanding fees due the division for the property; and 4. Must be current on taxes and special assessments due the division for the property	

LICENSE CATEGORY III	
1 to 2 units—More than 8 violations or HAB referral	License renewal length 1.5 years
3 through 12 units—More than 1.5 violations per unit per building and common areas or HAB referral	License renewal length 9 months
More than 13 units—More than 1 violation per unit per building and common areas or HAB referral	License renewal length 9 months

(5) The owner(s) of a multiple-household structure shall display a copy of the rental business license in a common hallway of each building or in the on-site management office. The owner(s) of single-household dwelling unit or duplex must provide a copy of the rental business license upon request.

(6) Newly constructed or renovated rental structure(s) issued a certificate of occupancy will be required to make application for a rental business license, pay a registration fee in the amount set forth in the schedule of fees adopted by the city council when the certificate of occupancy is issued.

(a) Residential apartment buildings will be issued a rental business license valid for 2.5 years.

(b) Single-household structures and duplexes will be issued a rental business license valid for 3.5 years.

(c) Thereafter applications and license re-inspections will occur in accordance with this article.

(O.16,392)

Sec. 60-36. Rental complaints.

(1) Tenants may submit complaints about alleged violations of this chapter to the division only after written notice has been given to the owner or authorized management agent and the owner has failed to correct the complaint within seven days of such notice.

(2) Upon the division's receipt of the complaint and confirmation that the tenant provided opportunity for the owner to make correction within seven days and the correction has not been made, the division shall provide notice of the complaint to the owner or authorized management agent.

(a) Notice of the complaint under this subparagraph shall contain the following:

(i) The owner(s) name(s);

(ii) The name of the authorized management agent;

(iii) Contact information, including email and physical addresses and telephone number(s)for the owner(s) and the authorized management agent

(iv) The local address including unit number(s);

(v) The date of tenant notice under subsection (1) above;

(vi) The date of issuance of notice under this subsection (2);

(vii) Notice that correction of alleged violations or demonstration that violations do not exist or have been abated must be delivered to the division within seven days of the date of the notice issued under this subsection (2).

(b) Upon notification to the division that the alleged violations specified in the notice of complaint persist following the expiration of the seven-day period in subsection (2)(a)(vii), the division may schedule and conduct an inspection with the owner.

(c) If the division's inspection determines that violations exist that are not a result of intentional or reckless action by the tenant, a notice of violation will be issued to the owner pursuant to section 60-33 of this Code.

(d) If the violations identified at the inspection of the rental complaint have not been corrected upon the compliance date identified in the notice of violation, the rental business license may be suspended.

(e) The time requirements referenced in this section are not applicable in situations deemed an emergency by the administrator or their designee.

(O.16,392)

Sec. 60-37. Revocation or suspension of a rental business license.

(1) If an owner fails to comply with the provisions of this chapter following notice and an opportunity to comply, the administrator may revoke or suspend the rental business license for the property.

(2) If the administrator determines that a condition(s) constituting an imminent threat to health, life, or safety exists on the premises or within any structure thereon or emanates therefrom, the administrator may revoke or suspend the rental business license for the property until such condition is abated.

(3) Operation of a rental property without a rental business license may be prosecuted as a municipal infraction.

(4) An owner may appeal the revocation or suspension of a rental business license to the housing appeals board pursuant to section 60-41.

(5) Structures that are deemed to be a public nuisance in accordance with section 60-192 of this Code shall have their rental business licenses revoked.

(O.16,392)

Sec. 60-38. Penalty for noncompliance with chapter 60.

(1) If, after notice of violation of this chapter and a reasonable amount of time has been afforded to the owner to correct any violations has passed and the owner has failed to correct such violations, the owner shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(2) The administrator may impose a fine for any violation of this chapter in the amount set forth in the schedule of administrative penalties adopted by the city council, including but not limited to the following:

(a) For each day the owner fails to arrange for an inspection within the time set forth in this chapter.

(b) For each violation not corrected within the time designated in the notice of violation or within such time the owner has been granted an extension of time.

(i) Failure to arrange for a timely re-inspection shall give rise to a presumption that the violation was not corrected and a fine shall be imposed accordingly.

(ii) Violations not corrected in the allotted time shall be subject to the maximum fine, retroactive to the original date set forth in the violation notice.

(c) The administrator shall have the authority to impose the maximum fine, a lesser fine, or to waive the fine upon good cause shown.

(O.16,392)

Sec. 60-39. Reserved.

DIVISION 2. [HOUSING APPEALS BOARD]

Sec. 60-40. Housing appeals board.

(1) There is established a board known as the housing appeals board (hereinafter "board").

(2) The board shall be composed of seven members. At least three members must possess familiarity and knowledge of matters related to property maintenance beyond that of an ordinary person gained through education, training, experience, or any combination thereon. Additionally, at least one member must have a demonstrated

interest in historic preservation. No city employee or elected official shall be permitted to serve on the board. Not more than three members shall be owners of rental structures within the city. Each member shall serve a three-year term.

(3) If the city council by resolution finds that no suitable person with the required qualifications is available for appointment to fill a board vacancy that has remained open for at least two months, then the city council may appoint a representative of the general public to fill the vacancy. The member so appointed shall not be reappointed unless the city council, by resolution, finds that no suitable person with the required qualifications is then available for appointment to the board.

(4) The housing appeals board shall elect a chair from its membership who will serve for a term of one year. The chair shall be the administrative officer and shall preside at meetings and hearings.

(5) Quorum shall be a majority of the appointed members at the time of the meeting; however, quorum shall not be less than three members.
(O.16,392)

Sec. 60-41. Powers and duties.

The housing appeals board shall have the power to hear and decide appeals filed with the administrator for any of the reasons set forth in section 60-42. In addition, the board may consider requests from the administrator seeking the revocation of a modification previously granted by the board upon a showing that the basis for granting the modification no longer exists or upon a showing that a condition of the modification has been violated.
(O.16,392)

Sec. 60-42. Appeals.

(1) *Appeal rights.* Any person directly affected by a decision of the administrator, issued under this chapter shall have the right to appeal to the housing appeals board provided that written application is filed within ten days after the date the decision or order was mailed or emailed and shall be accompanied by payment of a filing fee charged in the amount set forth in the schedule of fees adopted by the city council. Items that in the determination of the administrator constitute a threat to life and/or safety are not appealable.

(2) *Bases for appeal.* The following shall be the sole bases for appeal to the board:

(a) The administrator has incorrectly applied the provisions of this chapter based on a mistake of law or fact;

(b) This chapter or some part thereof does not apply;

(c) The requirements of this chapter are adequately satisfied by other means which the appellant presented to the administrator who denied such alternative means, methods, or equipment;

(d) A decision of the administrator or the division is arbitrary or not based upon the evidence presented.

(3) *Contents and timing of appeal.*

(a) A written appeal shall be filed within ten days of the date of the written decision or notice appealed from accompanied by payment of a filing fee charged in the amount set forth in the schedule of fees adopted by the city council. The filing fee shall be refunded if the board finds that the objection is valid and grants the relief requested by the appeal.

(b) The written appeal shall state:

(i) Those violations that are being contested;

(ii) The reasons for contesting the stated violations; and

(iii) The relief requested.

(c) In addition to the requirements of subsection (3)(b), an appeal of a denial by the administrator of a request for modifications, use of an alternative material, method, or equipment or a renovation agreement shall include:

(i) The code requirement for which the modification, request for use of an

alternative material, method or equipment or a renovation agreement is sought;

(ii) details of the reason(s) for the requested modification, request for use of an alternative material, method or equipment or a renovation agreement;

(iii) What effect the modification, request for use of an alternative material, method or equipment, or a renovation agreement will have on the health and safety of the occupants;

(iv) What effect the modification, request for use of an alternative material, method or equipment, or a renovation agreement will have on the ongoing maintenance of the premises or structure.

(O.16,392)

Sec. 60-43. Housing appeals board notices.

At least ten days before any board meeting, the administrator shall notify the appellant and all board members of the date, time, and location of the hearing.
(O.16,392)

Sec. 60-44. Hearing.

(1) At the hearing the appellant and/or a person representing the appellant and the city shall have the opportunity to be heard, to call witnesses, and to be represented by counsel.

(2) In all appeals, the burden is on the appellant to show that the administrator or division's decision was based upon a mistake of law or fact, or that the decision was arbitrary and capricious, or that the provisions of this chapter were incorrectly applied, or to prove that a modification, request for use of an alternative material, method or equipment, or a renovation agreement outweighs any resulting detriment to the public health, safety, and welfare and ongoing maintenance of the building.

(3) Following conclusion of the hearing, the board shall issue a ruling which must be based only upon the evidence presented and applicable law.

(4) The administrator shall provide a copy of the written appeal decision of the board to the owner(s) and authorized management agent including the amount of the fine imposed if any, by email or by regular mail to the email and/or physical address on file with the division.

(5) The administrator shall keep an accurate record of the proceedings.

(6) A copy of the minutes shall be issued to all members of the board prior to the next board meeting.

(7) The board shall adopt rules of procedure governing the conduct of hearings before it.
(O.16,392)

Sec. 60-45. Stay upon appeal.

When an appeal is filed under this article, the administrator may stay all administrative proceedings regarding the appeal until the appeal is decided, unless a violation appealed from is deemed to be an immediate threat to the health, safety, and welfare of the occupants or public.
(O.16,392)

Secs. 60-46—60-59. Reserved.

DIVISION 3. [REQUIREMENTS]

Subdivision I. Generally Applicable Standards

Sec. 60-60. General maintenance.

Equipment, systems, devices, and safeguards required by this chapter or a previous regulation or code under which the structure or premises was constructed, altered, or repaired shall be maintained in good repair. No owner(s) or authorized management agent, or occupant shall cause any service, facility, equipment or utility that is required under this article to be removed from, shut off from, or discontinued for any occupied rental structure except for such temporary interruption as necessary while repairs

or alterations are in progress. The requirements of this chapter are not intended to provide the basis for removal or abrogation of fire protection and safety systems and devices in existing structure. Except as otherwise specified herein, the owners' authorized management agent shall be responsible for the maintenance of structures and premises. Any structure that was in compliance on the day previous to the effective date of this chapter will be deemed legal non-conforming until such time as renovation shall dictate compliance with current codes. Items that previously passed inspections but are through subsequent inspection found to be in a violation of this chapter are subject to enforcement.
(O.16,392)

Sec. 60-61. Structural members.

All structural members shall be maintained structurally sound and capable of supporting the imposed loads.
(O.16,392)

Sec. 60-62. Handrails and guards.

Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

(1) Handrails shall have minimum and maximum heights of 30 inches and 38 inches respectively, measured vertically from the nosing of the treads and shall be provided on at least one side of the stairway. All required handrails shall be continuous the full length of the stairs for four or more risers from a point directly above the top riser of the flight to a point directly above the lowest riser of the flight. Continuous handrails shall be permitted to be interrupted by newel posts at turns and at one location in straight stairs when the rail terminates into a wall or ledge and is offset and immediately continues. Ends shall be returned or shall terminate in newel posts or safety terminals. Handrails adjacent to a wall shall have space of not less than one and one-half inches between the wall and the handrail.

(2) Handrails with circular cross section shall have an outside diameter of at least one and one-quarter inches and not greater than two inches or shall provide equivalent graspability.

(3) Guards shall be required for those portions of open-sided walking surfaces, including floors, stairs, porches, balconies, ramps, and landings, driveways, sidewalks, patios and decks that are located more than 30 inches measured vertically to the floor or grade below at any point within 36 inches horizontally to the edge of the open side. Insect screening shall not be considered as a guard.

   (a) For one- and two-family dwellings and within individual dwelling units in a multiple family occupancy, required guards shall be not less than 36 inches in height.

   (b) For multiple-family occupancies, required guards shall be not less than 42 inches in height.

(4) Every exterior and interior flight of stairs having more than four continuous risers shall have a handrail on at least one side of the stair(s).

(O.16,392)

Sec. 60-63. Building security.

Doors, windows or hatchways for dwelling units and rooming units shall be provided with devices designed to provide security for the occupants and property within.

(1) Doors providing access to a rental unit from a common area or exterior property shall be equipped with a deadbolt lock or other mechanism approved by the city designed to be readily openable from the side from which egress is to be made without the need for keys, special knowledge or effort and shall have a minimum lock throw of one inch. Such deadbolt or other mechanism approved by the city shall be installed according to the manufacturer's specifications and maintained in good condition. For the

purposes of this section, a sliding bolt shall not be considered an acceptable deadbolt lock.

(2) Openable windows located in whole or in part within six feet above ground level or a walking surface below that provide access to a dwelling unit or rooming unit that is rented, leased or let shall be equipped with a window sash locking device.

(3) Basement hatchways that provide access to a dwelling unit or rooming unit shall be equipped with devices that secure the units from unauthorized entry.

(O.16,392)

Sec. 60-64. Stairs and walking surfaces.

Every stair, ramp, landing, balcony, porch, deck, or other walking surface shall be maintained in good condition and good repair.
(O.16,392)

Sec. 60-65. Responsibility.

The owner(s) or authorized management agent of a rental property within the city shall maintain the structures and premises in compliance with the requirements in this article and any code as adopted and referenced in the Municipal Code. A person shall not permit another person to occupy premises which are not in a safe and sanitary condition, and which do not comply with the requirements of this chapter.
(O.16,392)

Sec. 60-66. Repairs.

All repairs shall be done in a workmanlike manner and the premises shall be maintained in a safe and sanitary condition. All work must be done in accordance with the 2021 International Property Maintenance Code, and any other applicable standard, national, and international codes as adopted by the Municipal Code of the City of Des Moines.
(O.16,392)

Subdivision II. Exterior Property Areas

Sec. 60-67. Sanitation.

All exterior property and premises shall be maintained in a clean, safe, and sanitary condition. The occupant shall keep that part of the exterior property which such occupant occupies or controls in a clean and sanitary condition.
(O.16,392)

Sec. 60-68. Grading and drainage.

All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water. All properties shall have positive drainage away from foundation or mobile home.

This section shall not apply to any retention areas and reservoirs approved by the city.
(O.16,392)

Sec. 60-69. Sidewalks and driveways.

(1) All privately-owned sidewalks, walkways, stairs, driveways, ramps, parking spaces and similar areas shall be kept in good repair and maintained free from hazardous conditions.

(2) A defective condition exists when it exhibits one or more of the following characteristics:

(a) Vertical separations equal to three-fourth inch or more;

(b) Horizontal separations equal to three-fourth inch or more;

(c) Holes or depressions equal to three-fourth inch or more;

(d) Spalling over 50 percent of a single square or panel of sidewalk with one or more depressions equal to one-half inch or more;

(e) A single square or panel of sidewalk cracked in such a manner that no part thereof has a piece greater than one square foot, or is cracked in such a manner that it constitutes danger or potential danger to the public;

(f) A sidewalk with any part thereof missing to the full depth;

(g) A deviation on the staked and constructed grade equal to three-fourth inch or more;

(h) Covered in whole or in part with weeds or other plants, garbage, junk, rubbish, debris, solid waste, bird or animal droppings or any nuisances, obstructions or hazards which makes or tends to make pedestrian travel either dangerous or impractical.

(3) Gravel drives or parking areas must be maintained with a surface area consisting of a uniform layer of gravel evenly distributed, and must be free of bare spots, ruts, and vegetation. The consistency of the surface must be tightly bound and consistently graded. All defects must be repaired with clean fill material consistent with the existing drive or parking area that does not contain dirt, sticks, construction debris or other foreign material.
(O.16,392)

Sec. 60-70. Nuisance vegetation.

Properties must be maintained in compliance with chapter 42, article XII.
(O.16,392)

Sec. 60-71. Rodent harborage.

All structures, exterior property and premises shall be kept free from rodent harborage and infestation. Where rodents are found, they shall be promptly exterminated by an approved process which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent further re-infestation.
(O.16,392)

Sec. 60-72. Trees.

Dead, diseased, dying, or damaged trees, or portions thereof, shall not be permitted to stand or create a hazard to residents on the property or on neighboring properties.
(O.16,392)

Sec. 60-73. Accessory structures.

All accessory structures shall be structurally sound and in good condition.
(O.16,392)

Sec. 60-74. Motor vehicles.

No owner shall allow for motor vehicles on the property that are in violation of other provisions of the municipal code.
(O.16,392)

Sec. 60-75. Swimming pools.

Swimming pools shall be maintained in a clean and sanitary condition, and in good repair.
(O.16,392)

Sec. 60-76. Swimming pool enclosures.

Private swimming pools, hot tubs and spas, capable of containing water more than 24 inches in depth shall comply with security and fencing requirements in chapter 26 of this Code of Ordinances.
(O.16,392)

Subdivision III. General Maintenance Exterior Structure

Sec. 60-77. General maintenance.

(1) The exterior of a structure shall be maintained in good repair, structurally sound and sanitary so as not to pose a threat to public health, safety, or welfare. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeled, flaked, and chipped paint shall be eliminated, and surfaces repainted

(2) All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust or corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.

(3) Soffit, fascia, and trim must be in good repair and impervious to weather.
(O.16,392)

Sec. 60-78. Premises identification.

Principal structures shall have approved address numbers, building numbers, or building identification placed in a position to be plainly legible from the public way fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or Roman letters. Numbers or letters shall be not less than four inches (102 mm) in height with a minimum stroke width of 0.5 inch (12.7 mm).
(O.16,392)

Sec. 60-79. Foundation walls.

All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
(O.16,392)

Sec. 60-80. Exterior walls.

All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface-coated where required to prevent deterioration. All siding and masonry joints as well as those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather-resistant and watertight.
(O.16,392)

Sec. 60-81. Roofs and drainage.

The shingles and flashing shall be in good condition and weather tight. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters, and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a nuisance.
(O.16,392)

Sec. 60-82. Overhang extensions.

Overhang extensions shall be maintained in good repair and be properly anchored so as to be kept in a good condition. Where required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.
(O.16,392)

Sec. 60-83. Stairways, decks, porches and balconies.

Every exterior stairway, deck, porch, and balcony and all appurtenances attached thereto, shall be maintained structurally sound in good repair with proper anchorage and capable of supporting the imposed loads.
(O.16,392)

Sec. 60-84. Chimneys and towers.

All chimneys, cooling towers, smokestacks, and similar appurtenances shall be maintained structurally safe and sound and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating material, such as paint or similar surface treatment.
(O.16,392)

Sec. 60-85. Gates.

Exterior gates, gate assemblies, operator systems if provided, and hardware shall be maintained in good condition. Latches at all entrances shall tightly secure the gates
(O.16,392)

Sec. 60-86. Windows, skylights and door frames.

(1) Every door and frame, window or skylight shall be kept in good condition, good repair and weather tight. All glazing materials shall be maintained free from cracks and holes.

(2) Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.

(3) All openable windows in habitable rooms, inclusive of all bathrooms shall be supplied with approved tight-fitting screens of not less than 16 mesh per inch. All screen doors required for ventilation shall be supplied with 16 mesh per inch. Every screen door shall have a self-closing device in good working order.

(4) Exterior doors, door assemblies, operator systems if provided, and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door.

(5) Every basement hatchway shall be maintained to prevent the entrance of rodents, rain, and surface drainage water.
(O.16,392)

Secs. 60-87—60-99. Reserved.

Subdivision IV. Interior

Sec. 60-100. Unit identification.

Individual units of a multi-unit structure shall be clearly identifiable by letters or numbers observable from the common area or exterior property of such structure.
(O.16,392)

Sec. 60-101. General.

The interior of a structure and equipment therein shall be maintained in good repair, good condition and in a sanitary condition. Occupants shall keep that part of the structure which they occupy or control in a clean and sanitary condition. Every owner(s) of a multi-unit structure, shall maintain, the common areas of the structure and premises in a clean and sanitary condition.
(O.16,392)

Sec. 60-102. Interior surfaces.

All interior surfaces, including windows and doors, shall be maintained in good repair and good condition. Peeled, flaked, and chipped paint shall be repaired, removed, or covered. Cracked or loose plaster, decayed wood, and other defective surface conditions shall be corrected.
(O.16,392)

Sec. 60-103. Interior door.

Every interior door shall fit within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers, or tracks as intended by the manufacturer for the attachment hardware.
(O.16,392)

Sec. 60-104. Accumulation of rubbish or garbage.

(1) Exterior property and premises, and the interior of every rental structure, shall be free from any accumulation of rubbish or garbage. Every occupant of a structure shall dispose of all rubbish in a clean and sanitary manner by placing such rubbish in approved containers. The owner of every occupied rental structure shall supply approved covered containers for garbage until it is removed from the premises for disposal.

(2) Recycling bins shall be provided for all multi-unit dwellings over four units.

(3) All covered containers for garbage and recycling shall be stored within a dumpster enclosure constructed in compliance with the Municipal Code of the City of Des Moines, Iowa.
(O.16,392)

Sec. 60-105. Infestation.

All structures shall be kept free from insect and rodent infestation. Where insects or rodents are found, they shall promptly be exterminated by processes that will not be injurious to health or property. After pest elimination, proper precautions shall be taken to prevent reinfestation.

(a) *Owner.* The owner(s) of any structure shall be responsible for pest elimination within the structure and premises except as noted in subsection (b) of this section.

(b) *Single occupant.* The occupant of a single-family dwelling shall be responsible for extermination. However, in the event the infestation is a direct result of the owner(s) failure to maintain the property in accordance with this chapter, the owner shall be responsible for extermination.

(O.16,392, 16,413)

Secs. 60-106—60-109. Reserved

Subdivision V. Habitable Space

Sec. 60-110. General.

No area shall be used as a habitable space, dwelling unit, or rooming unit unless all requirements for habitable space within this chapter have been met.
(O.16,392)

Sec. 60-111. Minimum room widths.

A habitable room, other than a kitchen, shall be not less than seven feet in any plan dimension. Kitchens shall have a minimum clear passageway of three feet between counter-fronts and appliances or counter-fronts and walls.
(O.16,392)

Sec. 60-112. Minimum ceiling heights.

Habitable spaces, hallways, corridors, laundry areas, bathrooms, toilet rooms, and habitable basement areas shall have a clear ceiling height of not less than seven feet.

Exceptions:

(1) In one- and two-unit dwellings, beams or girders may be spaced not less than four feet on center and projecting not more than six inches below the required ceiling height.

(2) Basement rooms in one- and two-unit dwellings occupied exclusively for laundry, study, or recreation purposes, may have a ceiling height of not less than six feet eight inches, with not less than six feet four inches of clear height under beams, girders, ducts, and similar obstructions.

(3) Rooms occupied exclusively for sleeping, study, or similar purposes may have a sloped ceiling over all or part of the room but must have a clear ceiling height of at least seven feet over not less than one-third of the required minimum floor area. In calculating the floor area of such rooms, only those portions of the floor area with a clear ceiling height of five feet or more shall be included.
(O.16,392)

Sec. 60-113. Bedroom and living room requirements.

Every bedroom and living room shall comply with the following:

(1) *Room area.* Every living room shall contain not less than 120 square feet, and every bedroom shall contain not less than 70 square feet and every bedroom occupied by more than one person shall contain not less than 50 square feet of floor area per each occupant thereof.

(2) *Access for bedrooms.* Bedrooms shall not constitute the only means of access to other bedrooms or habitable spaces and shall not serve as the only means of egress from other habitable space. This requirement shall not apply to units that contain fewer than two bedrooms.

(3) *Bathroom accessibility.* Every bedroom shall have access to not less than one toilet and one sink without passing through another bedroom. Every bedroom in a dwelling unit shall have access to not less than one toilet and sink located in the same story or an adjacent story as the bedroom.

(4) *Prohibited occupancy.* Kitchens and uninhabitable spaces shall not be used for sleeping purposes.
(O.16,392)

Sec. 60-114. Overcrowding.

(1) Dwelling units shall not be occupied by more occupants than permitted by the minimum area requirements.

Table 60-114 Minimum Area Requirements

Space	*1—2 Occupants*	*3—5 Occupants*	*6 or more Occupants*
Living room	120 square feet	120 square feet	150 square feet
Dining room	No requirement	80 square feet	100 square feet

Table 60-114 Minimum Area Requirements			
Space	*1—2 Occupants*	*3—5 Occupants*	*6 or more Occupants*
Bedrooms	Shall comply with section 60-113		

(2) The minimum occupancy area required by table 60-114 shall not be included as a sleeping area in determining the minimum occupancy area for sleeping purposes. Sleeping areas shall comply with section 60-113.

(3) Combined living room and dining room spaces shall be deemed to comply with the requirements of Table 60-114 if the total area is equal to that required for separate rooms and if the space is located so as to function as a combination living room/dining room.
(O.16,392)

Subdivision VI. Light and Ventilation

Sec. 60-115. Light.

(1) Every habitable space shall have at least one window of approved size as required by section 60-116 facing directly to the exterior property allowing sufficient supply of natural light into the space. The minimum total glazed area for every habitable space shall be eight percent of the floor area of such room. Wherever walls or other portions of a structure face a window of any room and such obstructions are located less than three feet from the window and extend to a level above that of the ceiling of the room, such window shall not be deemed to face directly to the exterior property and shall not be included as contributing to the required minimum total window area for the room.

Exception: Where natural light for rooms or spaces without exterior glazing areas is provided through an adjoining room the unobstructed opening to the adjoining room shall be at least eight percent of the floor area of the interior room or space, but not less than 25 square feet. The exterior glazing area shall be based on the total area being served.

(2) Every common hall and stairway in residential occupancies, other than in one- and two-unit dwellings, shall be lighted at all times with at least one 60-watt standard incandescent light bulb for each 200 square feet of floor area or equivalent illumination, provided that the spacing between lights shall not be greater than 30 feet.

(3) Other spaces shall be provided with natural or artificial light sufficient to permit the maintenance of sanitary conditions, and the safe occupancy of the space and utilization of the appliances, equipment and fixtures.
(O.16,392, 16,413)

Sec. 60-116. Ventilation.

(1) Every habitable space shall have at least one openable window. The total openable area of the window in every room shall be equal to at least 45 percent of the minimum glazed area required in section 60-115 of this article.

Exception: Where rooms and spaces without openings to the outdoors are ventilated through an adjoining room, the unobstructed opening to the adjoining room shall be at least eight percent of the floor area of the interior room or space, but not less than 25 square feet. The Ventilation opening to the outdoors shall be based on a total floor area being ventilated.

(2) Every bathroom and toilet room shall comply with the ventilation requirements for habitable spaces, except that a window shall not be required in such spaces equipped with a mechanical ventilation system. Air exhausted by a mechanical ventilation system from a bathroom or toilet room shall discharge to the outdoors and shall not be recirculated.

(3) Clothes dryer exhaust systems shall be independent of all other systems and shall be exhausted outside the structure in accordance with the manufacturer's instructions. Transition ducts used to connect the dryer to the exhaust duct system shall be a single length that is listed and labeled in accordance with UL 215 8A. Transition ducts shall be a maximum of eight feet in length and shall not be concealed within construction. This requirement shall not apply to listed and labeled condensing (ductless) clothes dryers.
(O.16,392)

Sec. 60-117. Cooking facilities and food preparation.

Unless approved through the certificate of occupancy, cooking facilities or appliances shall not be permitted in any rooming unit or dormitory unit. Small cooking appliances such as coffee pots and microwave ovens shall not be considered to be cooking appliances.

Exception: Where specifically approved in writing by the administrator.

All spaces to be occupied for food preparation purposes shall contain suitable space and equipment to store, prepare and serve foods in a sanitary manner. There shall be adequate facilities and services for the sanitary disposal of food wastes and refuse, including facilities for temporary storage.
(O.16,392)

Secs. 60-118—60-123. Reserved.

Subdivision VII. Plumbing

Sec. 60-124. General.

Plumbing fixtures and connections to an approved water source shall be properly installed and maintained in good repair and good condition, and shall be kept free from obstructions, leaks and defects and be capable of performing the function for which such plumbing fixtures and connections are designed. All plumbing repairs and or replacement of plumbing components must be installed in a workmanlike manner.
(O.16,392)

Sec. 60-125. Plumbing system hazards.

(1) Where it is found that a plumbing system in a structure or its connection constitutes a hazard to the occupants or the structure by reason of inadequate service, inadequate venting, cross connection, back siphonage, improper installation, deterioration or damage or for similar reason, the administrator shall require the defects to be corrected to eliminate the hazard.

(2) Lead service line replacement. Lead water service lines for rental structures must be replaced no later than July 1, 2034. If a plumbing permit is pulled for a sewer replacement or repair of water service at a rental structure prior to July 1, 2034, all lead water service lines shall be removed at the time such permitted work is undertaken. The permit shall not be closed, and a final inspection shall not be completed until the lead water service has been replaced in its entirety.
(O.16,392)

Sec. 60-126. Required facilities.

(1) Every dwelling unit shall contain its own bathtub or shower, bathroom sink, toilet, and kitchen sink which shall be maintained in a sanitary, safe, working condition. The bathroom sink shall be placed in the same room as the toilet or located in close proximity to the door leading directly into the toilet room. A kitchen sink shall not be used as a substitute for the required bathroom sink.

(2) Every rooming house shall contain at least one toilet, bathroom sink, and bathtub or shower shall be supplied for each four rooming units therein. Toilet rooms and bathrooms serving rooming units shall have access by traversing not more than one flight of stairs and shall have access from a common hall or passageway.
(O.16,392)

Sec. 60-127. Privacy.

Toilet rooms and bathrooms shall provide privacy and shall not constitute the only passageway to a hall or other space, or to the exterior. A door and interior locking device shall be provided for all common or shared bathrooms and toilet rooms in a multiple unit dwelling.
(O.16,392)

Sec. 60-128. Water system supply and sanitary drainage.

Every sink, bathtub, shower, toilet, or other plumbing fixture shall be properly connected to

either a public water system or a private water system tested in accordance with state law and connected to either a public sanitary sewer system or an approved private sewage disposal system in good condition and good repair. All kitchen sinks, bathroom sinks, laundry facilities, bathtubs, and showers shall be supplied with hot and cold running water in sufficient volume and at pressures adequate to enable the fixtures to function properly, safely, and free from defects and leaks.
(O.16,392)

Sec. 60-129 Water heating facilities.

Water heating facilities shall be properly installed, maintained, and capable of providing an adequate amount of water to be drawn at every required sink, bathtub, shower, and laundry facility at a minimum temperature of 110 degrees Fahrenheit or 43 degrees Celsius. A gas-burning water heater shall not be located in any bathroom, toilet room, bedroom, or other habitable space normally kept closed, unless adequate combustion air is provided. An approved combination temperature and pressure relief valve and relief valve discharge pipe shall be properly installed and maintained on water heaters.
(O.16,392)

Secs. 60-130—60-135. Reserved.

Subdivision VIII. Electrical

Sec. 60-136. General.

Electrical equipment, connections, wiring and appliances shall be properly installed and maintained in good condition and good repair and in compliance with required permits.
(O.16,392)

Sec. 60-137. Facilities required.

Every occupied rental structure shall be provided with an electrical system and connection in compliance with the requirements of the Municipal Code.
(O.16,392)

Sec. 60-138. Service.

The size and usage of appliances and equipment shall serve as the basis for determining the need for additional facilities in accordance with the applicable standard, national, and international codes. Every rental dwelling unit shall be served by its own three-wire 120/240-volt, single phase electrical service having a rating of not less than 60 amperes.
(O.16,392)

Sec. 60-139. Electrical hazard.

Where it is found that the electrical service in or connecting to a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, improper fusing, insufficient receptacle and lighting outlets, improper wiring or installation, deterioration or damage, or for similar reasons, the administrator shall require the defects to be corrected to eliminate the hazards.
(O.16,392)

Sec. 60-140. Receptacles.

Every habitable space in a rental dwelling shall contain not less than two separate and remote receptacle outlets. Every laundry area shall contain not less than one grounding-type receptacle or a receptacle with a ground fault circuit interrupter. Every bathroom shall contain not less than one receptacle. Any new bathroom receptacle outlet shall have ground fault circuit interrupter protection. All electrical outlets shall have the appropriate faceplate cover for the location.
(O.16,392)

Sec. 60-141. Luminaires.

Every public hall, interior stairway, toilet room, kitchen, bathroom, laundry room, boiler room, and furnace room shall contain not less than one electric luminaire.
(O.16,392)

Sec. 60-142. Wiring.

Flexible cords shall not be used for permanent wiring, or for running through doors, windows, or cabinets, or concealed within walls, floors or ceilings.
(O.16,392)

Subdivision IX. Mechanical

Sec. 60-143. Mechanical equipment.

Mechanical heating units, boilers, appliances, air conditioning units, fireplaces, fuel-burning appliances, cooking appliances and water heating appliances shall be properly installed and maintained in good repair and good condition.
(O.16,392)

Sec. 60-144. Heating equipment.

When the temperature is below 60 degrees Fahrenheit, every rental dwelling unit and rooming unit shall be provided with heating facilities capable of maintaining a minimum room temperature of 68 degrees Fahrenheit at a point of three feet above the floor and two feet from exterior walls in all habitable spaces, bathrooms and toilet rooms.

Exceptions: When the outdoor temperature is below the winter outdoor design temperature for the locality, maintenance of the minimum room temperature shall not be required provided that the heating system is operating at its full design capacity. The winter outdoor design temperature for the locality shall be as indicated in Appendix D of the International Plumbing Code.
(O.16,392)

Sec. 60-145. Separation of shared forced air heating sources.

Shared forced air heating sources are unsafe and shall be eliminated so each dwelling unit has a separate heating source with the elimination of shared vents and ductwork.
(O.16,392)

Sec. 60-146. Inspections of mechanical equipment.

The administrator may require an independent inspection and certification of mechanical heating units, boilers, appliances, air conditioning units within or connected to a rental structure by an Iowa contractor licensed to work on such systems. Upon request, the owner shall provide a statement from the contractor to the division stating that the system has been inspected, is operating as intended, and is in good condition and good repair.

The administrator may require an independent inspection and certification of any fireplace within a rental unit by an individual qualified by specialized knowledge, training, or experience to conduct such inspection and certification. Upon request, the owner shall provide a statement from the inspector to the division stating that the fireplace has been inspected, is operating as intended, and is in good condition and good repair.
(O.16,392)

Secs. 60-147—60-165. Reserved.

Subdivision X. Fire Safety

Sec. 60-166. General.

Systems, devices, and equipment to detect a fire, actuate an alarm, or suppress or control a fire or any combination of the foregoing shall be maintained in good condition and good repair at all times.
(O.16,392)

Sec. 60-167. Means of egress.

A safe, continuous and unobstructed path of travel shall be provided from any point in a structure to the public way. Means of egress shall comply with the International Fire Code. Means of egress doors shall be readily openable from the side from which egress is to be made without the need for keys, special knowledge or effort, except where the door hardware conforms to that permitted by another applicable code.
(O.16,392)

Sec. 60-168. Emergency escape and rescue openings.

Required emergency escape and rescue openings shall be maintained in accordance with the code in effect at the time of construction, and both of the following:

1. Required emergency escape and rescue openings shall be operational from the inside of the room without the use of keys or tools.
2. Bars, grilles, grates or similar devices are permitted to be placed over emergency escape and rescue openings provided that the minimum net clear opening size complies with the code that was in effect at the time of construction and the unit is equipped with smoke alarms installed in accordance with the applicable provisions of the International Building Code. Such devices shall be releasable or removable from the inside without the use of a key, tool or force greater than that which is required for normal operation of the escape and rescue opening.

(O.16,392)

Sec. 60-169. Fire resistance ratings.

Fire-resistance rated construction required by the International Fire Code within rental structures including fire walls, fire barriers, and fire partitions shall be maintained. Openings made therein for the passage of pipes, electrical conduit, wires, ducts, air transfer and any other reason shall be protected with code-approved methods capable of resisting the passage of smoke and fire. Openings through fire-resistance-rated assemblies shall be protected by self- or automatic-closing doors of code approved construction meeting the fire protection requirements for the assembly.
(O.16,392)

Sec. 60-170. Opening protectives.

Opening protectives shall be maintained in an operative condition in accordance with NFPA 80. The application of field-applied labels associated with the maintenance of opening protectives shall follow the requirements of the approved third-party certification organization accredited for listing the opening protective. Fire doors and smoke barrier doors shall not be blocked or obstructed, or otherwise made inoperable.
(O.16,392)

Sec. 60-171. Knockout panels.

All knockout panels are deemed to be a hazardous means of egress and shall be eliminated and prohibited from new installation.
(O.16,392)

Sec. 60-172. Exit signs.

In common areas of multi-unit structures, every exit doorway or change of direction of a corridor shall be marked with a lighted exit sign or other approved Exit sign, having letters of contrasting color from the material on which they are placed, at least six inches high.
(O.16,392)

Sec. 60-173. Fire extinguishers.

(1) Unless otherwise excepted, portable fire extinguishers having a minimum rating of 2-A:10-B:C shall be installed in all rental structures in conspicuous locations where they will be readily accessible and immediately available for use. These locations shall be along normal paths of travel and shall located so that no person will have to travel more than 75 feet from any point to reach the nearest extinguisher. Extinguishers shall not be obstructed or obscured from view; in rooms or areas in which visual obstruction cannot be completely avoided, means shall be provided to indicate the locations of extinguishers.

Exceptions:

1. Single dwelling unit structures and duplexes.
2. Multi-unit rental structures where each unit is provided with a portable fire extinguisher having a minimum rating of 1-A:10-B:C

(2) Hand-held portable fire extinguishers, not housed in cabinets, shall be installed on the hangers or brackets supplied. Hangers or brackets

shall be securely Anchored to the mounting surface in accordance with the manufacturer's installation instructions.

(3) Cabinets used to house portable fire extinguishers shall not be locked, except where fire extinguishers are subject to malicious use. Cabinets with break-front panels shall be provided with breaker bars or hammers designed for accessing the extinguisher during a fire emergency.

(4) Fire extinguishers shall be inspected at least once per year and shall have an approved tag showing the date of last inspection or recharge and the identity of the licensed person inspecting or recharging.
(O.16,392)

Sec. 60-174. Smoke alarms.

(1) Listed single- and multiple-station smoke alarms complying with UL 217 shall be installed in all of the following locations:

(a) Every dwelling unit shall have an approved smoke alarm on the ceiling or wall outside of each separate sleeping area in the immediate vicinity thereof.

(b) Every sleeping area shall have an approved smoke alarm inside such sleeping area.

(c) Every story within a dwelling unit, including basements and cellars, but not including crawlspaces and uninhabitable attics, shall have an approved smoke alarm. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level, provided that the lower level is less than one full story below the upper level.
(O.16,392)

Sec. 60-175 Carbon monoxide alarms.

(1) Carbon monoxide alarms are required in rental structures and rooming houses if the structure is served by a fuel-burning appliance or has an attached garage. Installations shall be in accordance with the International Fire Code, the manufacturer's specifications and in the following locations:

(a) Carbon monoxide alarms shall be installed outside of each separate sleeping area in the immediate vicinity of the bedrooms.

(b) Where a fuel-burning appliance is located within a bedroom or its attached bathroom, carbon monoxide detection shall be installed within the bedroom.
(O.16,392)

Sec. 60-176. Fire alarm systems.

All fire alarm or suppression systems that have been installed shall be maintained in good condition and good repair at all times. Fire alarm or suppression systems shall be inspected at least once a year and shall have an approved tag showing the date of the last inspection and the identity of the licensed person inspecting it. All plans for the installation of a new fire alarm or suppression system shall be approved by the fire marshal before the system is installed.
(O.16,392)

Sec. 60-177. Combustible materials.

(1) Combustible materials shall not be stored in furnace rooms, in or on stairways, or under stairways unless the stairway is protected by a one-hour fire separation. Charcoal burners and open flame cooking devices which produce ashes or embers shall not be operated or stored on combustible balconies or within ten feet of combustible construction with the exception of:

(a) Single Unit dwellings and Duplexes; or

(b) The cooking device is an LP-gas burner connected to (one) 20-pound LP gas container.
(O.16,392)

Secs. 60-178—60-189. Reserved.

ARTICLE III. BLIGHTED STRUCTURE CODE

DIVISION 1. GENERALLY

Sec. 60-190. General.

When a structure, equipment, or premises is found by the administrator to be unsafe or dangerous, or when a structure or premises is found unfit for human occupancy, or is found unlawful, such structure, equipment, or premises shall be deemed a public nuisance pursuant to the provisions of this chapter.
(O.16,392)

Sec. 60-191. Vacation and abatement.

Any structure or premises declared to be a public nuisance and unfit for human habitation or use, and so designated by the administrator, shall immediately be vacated and the nuisance shall be abated by repair, rehabilitation, demolition, or any other city-approved corrective action. The owner(s) shall be responsible for the vacation and abatement of the nuisance at such owner's expense. If not brought into compliance by such owner(s), then the nuisance may be abated by the city at the owner's expense. Both the owner of a mobile home and the owner of the land upon which the mobile home sits shall be responsible for vacation and abatement of the public nuisance.
(O.16,392)

Sec. 60-192. Unsafe and dangerous structure or premises.

For the purpose of this article, any structure or premises that has any or all of the conditions or defects described below shall be considered dangerous and a public nuisance:

(1) Any structure or portion thereof that, in the opinion of the administrator is likely to partially or completely collapse, or to become detached or dislodged, or fail or give way.

(2) The structure or any remnant or component part thereof is neglected, damaged, dilapidated, unsecured or abandoned so as to become an attractive nuisance or hazard to the public.

(3) Any structure that the administrator determines is unfit for human occupancy meaning that such structure is unsafe, unlawful or, because of the degree to which the structure is in disrepair or lacks maintenance, is unsanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this code, or because the location of the structure constitutes a hazard to the occupants of the structure or to the public.

(4) Structural members that have evidence of deterioration or that are not capable of safely supporting all nominal loads and load affects.

(5) Foundation systems that are not firmly supported by footings, are not plumb and free from open cracks and breaks, are not properly anchored or are not capable of supporting all nominal loads and resisting all load effects.

(6) Roof or roofing components that have defects that admit rain, roof surfaces with inadequate drainage, or any portion of the roof framing that is fatigued or without proper anchorage and incapable of supporting all nominal loads and resisting all load effects.

(7) Any structure, because of lack of sufficient or proper fire-resistance-rated construction or fire protection systems, is determined by the administrator to be a threat to life or health.

(8) Any structure that is found to be dangerous to the life, health, property, or safety of the public or the occupants of the structure by not providing minimum safeguards to protect or warn occupants in the event of fire, or that contains unsafe fire suppression equipment.

(9) Stairs, decks, porches, balconies, walking systems, landings, and all similar

appurtenances attached thereto, including guards and handrails that are not structurally sound, not properly anchored or that are anchored with connections not capable of supporting all nominal loads and resisting all load effects.

(10) Mechanical equipment, appliances, fireplaces, boilers, solid fuel-burning appliances, cooking appliances and water heating appliances shall be properly installed and maintained in good condition and good repair.

(11) Where it is found that a plumbing system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service inadequate venting, cross connection, back siphonage, improper installation, deterioration or damage or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

(12) Where it is found that the electrical system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, improper fusing, insufficient receptacle and lighting outlets, improper wiring or installation, deterioration, or damage, or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

(13) Where any fire safety components are not maintained and do not function as intended or do not have the fire resistance required by the code under which the building was constructed or altered, such components or portions thereof shall be deemed unsafe conditions in accordance with Section 114.1.1 of the International Fire Code. Components or portions thereof determined to be unsafe shall be repaired or replaced to conform to that code under which the building was constructed or altered. Where the condition of components is such that any building, structure or portion thereof presents an imminent danger to the occupants of the building, structure or portion thereof, the fire code official shall act in accordance with Section 114.2 of the International Fire Code.

(O.16,392)

Sec. 60-193. Structure to be placarded.

At the time a structure or premises is declared to be a public nuisance, the administrator shall cause to be posted at each entrance to the structure, the structure or portion thereof a notice to read "DANGER — PUBLIC NUISANCE UNSAFE OR UNFIT FOR HUMAN OCCUPANCY. ADMINISTRATOR NEIGHBORHOOD INSPECTION DIVISION, CITY OF DES MOINES." This notice shall remain posted until the required repairs, demolition, or removal is completed. Until required repairs are made or the structure or premises are demolished or removed, the notice shall not be removed, and no person shall enter the structure except to make the required repairs or to demolish the structure. (O.16,392)

Sec. 60-194. Defacing and removing placard.

No person shall deface or remove the placard, except as authorized by the administrator. (O.16,392)

Sec. 60-195. Emergency measures to vacate.

If one or more of the following exists, the administrator is hereby authorized and empowered to order and require the owner(s) and/or occupant(s) to vacate the premises immediately:

(1) There is imminent danger of failure of collapse of a structure that endangers life;

(2) Any structure or part of a structure has fallen, and life is endangered by occupation of the structure; or

(3) There is actual or potential danger to the building occupants or those in proximity of any structure because of explosives, explosive fumes or vapors or the pres-

ence of toxic fumes, gases or materials, or operation of defective or dangerous equipment.

(O.16,392)

Sec. 60-196. Public nuisance notice procedure.

(a) At the time a structure or premises is declared to be a public nuisance under this article except for any violation under section 60-195, the department shall provide notice to the owner(s) and legally interested parties shall be notified in writing.

(b) The notice shall contain:

(1) The name and last known address of those receiving notice;

(2) The legal description of the subject real estate and its street address including lot or unit number as applicable;

(3) A description of the conditions that constitute the nuisance and the remedial action required to abate the nuisance;

(4) A deadline for abatement of the nuisance;

(5) A statement the city council may approve legal action at the expiration of the deadline for abatement of the nuisance if a renovation agreement is not entered into or the nuisance is not otherwise abated prior to the deadline.

(6) A statement of the right of the division to collect unpaid costs by personal judgment, collection, or assessment to be collected as a property tax.

(c) The notice shall be served in the manner of an original notice pursuant to the Iowa Rules of Civil Procedure.

(O.16,392)

Sec. 60-197. Referral to city council.

Any and all structures or premises determined to be public nuisances under this article, which are not brought into compliance in the time required, or for which a renovation agreement has not been entered into, and against which no emergency procedure for removal has been undertaken pursuant to this article shall be referred to the city council.

(1) If the city council finds that a public nuisance exists and confirms the action of the administrator, it shall direct the legal department to file an action for nuisance abatement in district court or take other appropriate action.

(2) If the city council finds that the structure or premises is not a public nuisance, it shall revoke the determination of the administrator and direct such other action as it finds appropriate.

(3) If the city abates the nuisance, the city council shall direct the abatement costs to be collected as a personal judgment against the current owner(s) of the structure and the real estate and may be collected against any other person or entity who owned the property while declared a public nuisance. The city may also assess the abatement costs against the property to be collected as a property tax.

(4) If the city council determines the structure can be renovated, the city council may authorize the administrator to enter into a renovation agreement or other extension of time pursuant to section 60-201 of this chapter, authorize and direct the city's legal representatives to release liens and judgments or dismiss pending litigation, or take other or additional action to allow the structure's renovation.

(O.16,392)

Sec. 60-198. Service by public utilities.

The administrator shall have the authority to request disconnection of any utility serviced to the building, structure or system regulated by this code in case of emergency where necessary to eliminate an immediate hazard to life or property or where such utility connection has been made without approval. The administrator shall notify the serving utility and, whenever

possible, the owner and occupant of the building, structure, or service system of said request prior to taking such action.
(O.16,392)

Sec. 60-199. Approval for occupancy.

The owner of a structure declared to be a public nuisance shall not thereafter allow it to be occupied or used until approval is secured from the administrator and all necessary permits have been issued, inspected, and closed. The public nuisance designation may be removed by the administrator upon the owner or their representative eliminating the nuisance at the property or for other good cause.
(O.16,392)

Sec. 60-200. Costs.

(1) Inspection fees and re-inspection fees and all other costs associated with any enforcement action will be charged in the amount set forth in the schedule of fees adopted by the city council.

(2) Costs imposed upon the owner in the enforcement of this article shall be payable within 30 days of the date of billing and if unpaid will be collected as a special assessment, personal judgment, or any other collection measure deemed appropriate.

(3) Structures referred to the legal department for prosecution will be inspected as necessary to enforce the code and associated costs will be billed as set out in the schedule of fees adopted by the city council.
(O.16,392)

Sec. 60-201. Public nuisance renovation agreements.

(1) If an owner cannot abate any violations of this chapter within the time allowed in the notice of violation because of weather constraints, extensive scope of work, or extraordinary circumstances not of the owner(s)' or authorized management agent's making or are beyond the owner's or authorized management agent's control they may request an extension of time to abate such violation(s).

(2) An owner(s) or authorized management agent may make a request accompanied by the fee set forth in the schedule of fees adopted by the city council, for an extension that is specific to the structure or premises and must show that:

(a) Timely compliance with this chapter is impractical;

(b) The extension does not violate the intent and purpose of the Municipal Code; and

(c) Such extension does not endanger adjacent properties or the integrity of the structure.

(3) At the administrator's discretion, information regarding the proposed extension, including, but not limited to proposed scope of work, project budget, project schedule, and proof of financial ability to complete the repair(s) identified in the proposed scope of work may be requested and, if requested, must be provided by the owner(s) or authorized management agent prior to approval.

(4) If an extension of time is granted, the owner(s) or authorized management agent and the Administrator shall enter into a written renovation agreement setting forth the terms and conditions of any approved time extension.
(O.16,392)

Article III. Improving Our Neighborhoods Program

Sec. 61-85. Establishment of the Improving Our Neighborhoods Program.

ARTICLE I. GENERAL AND PROPERTY MAINTENANCE

DIVISION 1. GENERAL

Sec. 61-1. Title.

Chapter 61 shall be known as "Property Maintenance" and hereafter referred to as this "chapter".
(O.16,407)

Sec. 61-2. Scope.

It is the intent of the City of Des Moines, through the adoption of this chapter, to establish a mechanism to ensure all properties are free of exterior code violations and to set forth guidelines for the maintenance of all properties; to protect residential and commercial districts from becoming blighted through the lack of maintenance and security due to vacant properties; to establish a Vacant Property Registration program; and to establish the Improving Our Neighborhoods subsidy program.

Unless otherwise specified herein, the provisions of article I and article II of this chapter shall apply to the maintenance, repair, use, and occupancy of all equipment, structures, accessory structures, and premises now in existence or hereafter constructed, rehabilitated, or renovated within the corporate limits.
(O.16,407)

Sec. 61-3. Intent.

Unless otherwise specified herein, this chapter shall be interpreted to ensure public health, safety, and welfare as they are affected by the condition of such properties within the city. This chapter shall further be interpreted to require structures to be maintained in good condition and good repair using a workmanlike level of maintenance so as to stabilize and improve the building stock of the city. Existing structures that do not comply with these provisions shall be altered or repaired to provide the level of workmanship, health and safety required herein.
(O.16,407)

Sec. 61-4. Conflicting provisions.

If the provisions of this chapter are inconsistent with one another or if they conflict with provisions found in other adopted ordinances or regulations of the city, the more restrictive provision governs unless otherwise expressly stated. The more restrictive provision is the one that imposes more stringent controls.
(O.16,407)

Sec. 61-5. Powers.

(1) The administrator is hereby authorized and directed to enforce the provisions of this chapter. The administrator shall have the authority to render interpretations of this chapter and to adopt policies and procedures to clarify the application of its provisions. Such interpretations and polices shall be consistent with the intent and purpose as set out in this chapter. Such policies and procedures shall not have the effect of waiving requirements specifically provided in this chapter.

(2) The administrator is authorized, subject to any approval required by the Municipal Code, to consult with and engage any subject matter expert as the administrator deems necessary to interpret and enforce any provisions of this chapter requiring specialized knowledge, training, or experience.

(3) The administrator shall keep and maintain all records of inspections, licenses, extensions, administrative hearings, fines, modifications, contracts, and all other records maintained by the division for such time period as required by any applicable federal, state, or local law or policy.

(4) The administrator is authorized to enter into renovation agreements and agreements to extend time for compliance with this chapter.

(5) The administrator is authorized to enter into contractual agreements in fulfillment of the Improving Our Neighborhoods Program, established within article III.
(O.16,407)

Sec. 61-6. Exemptions.

Except with respect to any property upon which the administrator or their designee in their sole discretion determines an emergency exists, property shall be exempt from the requirements of this chapter if either of the following conditions exist.

(a) The property is under construction and the contractor has applied for and is covered by a valid building or trade permit(s).

(b) The structure(s) and/or premises are owned, licensed, and/or operated by any governmental unit or governmental agency.

At such time either of the qualifications for exemption cease to exist, the property shall be subject to the requirements of this chapter. (O.16,407)

Sec. 61-7. Identification.

The administrator, or any designee thereof, shall carry proper city-issued identification when inspecting structures or premises in the performance of duties under this chapter. (O.16,407)

Sec. 61-8. Definitions.

Unless otherwise expressly stated, or the context clearly indicates a different intention, the following terms have the following meanings and shall be so construed wherever they appear in this article:

Accessory structure means a structure on the same lot, separate from, and of a nature customarily incidental and subordinate to the principal structure. Trailers, semi-trailers, tents, motor vehicles, and component parts thereof shall not be considered accessory structures. A structure which might otherwise be considered an accessory structure, but which is connected to the principal structure by a breezeway or other extension of the principal structure containing a functional roof and floor shall, for the purposes of this chapter lose its status as an accessory structure, be deemed part of the principal structure, and be subject to all restrictions applicable to a principal structure.

Administrator means the administrator of the division or their designee. The administrator is the code official for this chapter and shall be the authorized representative for the enforcement of this chapter and for the administration of the division.

Authorized management agent means any person appointed by the owner(s) who has charge, care, or control of any structure or premises. Such person shall be authorized to accept service of communications from the city.

City means the City of Des Moines, Iowa.

Corporate limits means the geographical limits of the City of Des Moines as set forth in Municipal Code section 2-1.

Cost(s) means all inspection fees, re-inspection fees, fines, civil penalties, eviction costs, demolition costs, asbestos survey, landfill fees, title searches, mailings, postings, photographs, research fees, copy fees, administrative costs, and legal costs, and any other expenditure of time or money incurred from the enforcement of this chapter incurred by the division in the enforcement of this chapter and for all other fees as set out in the schedule of fees as adopted by the city council.

Department means the neighborhood services department of the city.

Deterioration means the state of being weakened, disintegrated, corroded, rusted, or decayed.

Director means the neighborhood services director.

Dwelling unit means a single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.

Easement means that portion of land or property reserved for present or future use by a person or agency other than the owner(s) of the real estate.

Equipment means tangible personal property that is generally non-expendable, functionally complete for its intended purpose, and may or may not be considered a fixture to the premises.

Evidence of vacancy means any condition or circumstance that on its own, or combined with other conditions or circumstances present, would lead a reasonable person to believe that a property is vacant. Such conditions may include, but not are limited to, disconnection of utility services, broken windows and or doors, overgrown or dead vegetation, including lawns, shrubbery and other plantings; accumulation of abandoned personal property, trash or waste; visible lack of maintenance of any building or structure on the property, including accessory structures; graffiti on or other defacement of buildings or structures on the property; and any other condition or circumstance reasonably indicating that the premise is not occupied.

Exterior property means the open space on the premises, adjacent public way(s) and on adjoining property under the control of the owner(s) or authorized management agent of such premises that is outside of any structure located on the premises.

Extermination means the control and elimination of insects, rats, or other pests by elimination of harborage places; by removing or making inaccessible materials that serve as food; by poison spraying, fumigation, trapping or by any other approved pest elimination method.

Foreclosure means the process, either judicial or non-judicial, invoked by the owner(s) or holder of a mortgage, by which a property placed as security for a real estate loan in which the mortgage holder is notified of a default, the filing of a foreclosure, sold at public or private sale to satisfy the debt of the borrower in the event of a default by the borrower under the terms of the promissory note or mortgage.

Garbage or rubbish may be used interchangeably and mean animal or vegetable waste resulting from the handling, preparation, cooking, and/or consumption of food and all other combustible and non-combustible waste materials.

Good condition means structurally sound with no obvious maintenance or repair required and all major components and materials still functioning as intended.

Good repair means fit for human habitation in accordance with all applicable codes. Everything operates as it should, and the property is clean and well maintained inside and out. There is no wasting or neglect of the property, and it is maintained in good condition.

Grade means the finished ground level adjoining any structure at all exterior walls.

Habitual violator means any person who is found to have violated this article three or more times within a 36-month period at any address in the city.

Infestation means the presence of insects, rats, vermin, or other pests within or contiguous to a structure or premises of insects, rodent's vermin or other pests.

Inoperable motor vehicle means a vehicle which cannot be driven upon the public street for reasons including but not limited to being unlicensed, wrecked, abandoned, in a state of disrepair, or incapable of being moved under its own power.

Junk means all old or scrap copper, brass, lead, or any other non-ferrous metal; old rope, rags, batteries, paper, trash, rubber debris, waste, used lumber or salvaged wood; dismantled or inoperable motor vehicles, unsafe vehicles, machinery and appliances or parts of such vehicles, machinery or appliances; iron, steel, or other old or scrap ferrous material; old discarded glass, tin ware, plastic, or old discarded household goods or hardware; cut brush, including dead or decaying plant material, except a contained compost pile or orderly stacked firewood if cut in lengths less than or equal to four feet and stored at least 18 inches above the ground surface.

Legally occupied means a structure or premises that complies with all applicable provisions of the Municipal Code including, but not limited to Building Code, Electrical Code, Fire Code,

Nuisance Code, and any other applicable state, national, and international codes as adopted by the Municipal Code.

Mortgagee means the person or entity that is the owner(s) or holder of a mortgage, deed of trust or similar instrument encumbering real property as security for a promissory note or other debt.

Mobile home means any vehicle without motive power and so designed, constructed, or reconstructed as a dwelling unit to permit the vehicle to be used as a place for human habitation by one or more persons. It may also include any such vehicle with motive power not registered as a motor vehicle in this state. A mobile home is factory-built housing built on a chassis. A mobile home may not be construed to be a travel trailer or other form of recreational vehicle. A mobile home shall be construed to remain a mobile home, subject to all regulations pertaining thereto, whether or not wheels, axles, hitches or other appurtenances of mobility are removed and regardless of the nature of the foundation provided.

Municipal Code means the City of Des Moines Municipal Code when it is the subject of reference in this chapter.

Neglect means the lack of proper maintenance for a structure or premises or any part thereof.

Occupancy means the purpose for which a building or portion thereof is utilized or occupied.

Occupant means any individual living or sleeping in a structure or portion thereof or having possession of a space within a structure.

Overhang extension means any portion of a structure or any element anchored thereto that extends beyond the structure's exterior walls at a height of eight feet or more above grade.

Owner, for the purposes of chapter means any person, agent, firm or corporation having legal or equitable interest in the premises; or a recorded interest in the official records of the state or county as holding title to the real estate; or otherwise having control of the real estate or dwelling unit(s), including but not limited to the guardian of the estate of any such person, the executor or administrator of the estate of such person who is ordered to take possession or control of the real estate by the court.

Premises means a lot, plot, or parcel of land, easement, or public way, including any structure or other improvement thereon.

Public way means any sidewalk, street, alley, right-of-way or similar place of land essentially unobstructed from the ground to the sky, which is deeded, dedicated or otherwise permanently appropriated to the public for public use.

Property improvement division (hereinafter "division") means the division within the city charged with the duty to inspect premises and structures for compliance with this article, and may also mean, as the context indicates, a member of that division.

Structure means that which is built, assembled, or constructed or a portion thereof.

Vacant property means any property, including any building or structure thereon, shows evidence of vacancy and that is not legally occupied.

Workmanlike means repairs, maintenance work, alterations or installations that are required, directly or indirectly, by this chapter which shall be executed and installed in accordance with the manufacturer's instructions in a skilled manner, generally plumb, level, square, in line, undamaged, without marring adjacent work, using compatible materials approved for the use, like in nature and look to remaining material if there is a partial replacement or repair, to maintain the structure and premises in good condition, and in compliance with all applicable code requirements.
(O.16,407)

Secs. 61-9—61-12. Reserved.

DIVISION 2. NOTICE OF VIOLATION, APPEAL, COMPLIANCE, AND COSTS

Sec. 61-13. Inspections.

The administrator or designee shall be authorized to inspect or cause to be inspected property located within the city to ensure compliance with this chapter.
(O.16,407)

Sec. 61-14. Alternative materials and methods.

The provisions of this chapter are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this chapter provided that any such alternative has been approved by the city.

(1) An alternative material, design or method of construction may be approved by city staff where it is found:

(a) The proposed material, design or method of construction is satisfactory and complies with the intent of the provisions of this chapter; and

(b) The proposed material, design or method of construction is not less than the equivalent in quality, strength, effectiveness, fire resistance, durability, and safety of that prescribed in this chapter.

(2) The use of used materials that meet the requirements of this chapter for new materials may be permitted. Materials, equipment, and devices shall not be reused unless such elements are in good repair or have been reconditioned and tested where necessary, placed in good condition, and approved by the administrator.

(3) Materials, design, equipment, and devices approved shall be constructed and installed in accordance with any conditions of such approval.

(4) Where the alternative material, design, or method of construction is not approved, the administrator shall issue a decision in writing and state the reasons the alternative was not approved.

(5) An owner(s) or authorized management agent may appeal a denial of an alternative material, design, or method of construction to the director.
(O.16,407)

Sec. 61-15. Renovation agreement.

(1) If an owner cannot abate any violations of this chapter within the time allowed in the notice of violation because of weather constraints or extraordinary circumstances not of the owner(s)' or authorized management agent's making or are beyond the owner's or authorized management agent's control they may request an extension of time to abate such violation(s).

(2) An owner(s) or authorized management agent may make a request accompanied by the fee set forth in the schedule of fees adopted by the city council, for an extension that is specific to the property and must show that:

(a) Timely compliance with this chapter is impractical;

(b) The extension does not violate the intent and purpose of the Municipal Code; and

(c) Such extension does not endanger the life, health, or safety of the occupants or the integrity of the structure or any neighboring structure.

(3) At the administrator's discretion, information regarding the proposed extension, including, but not limited to proposed scope of work, project budget, project schedule, and proof of financial ability to complete the repair(s) identified in the proposed scope of work may be requested and, if requested, must be provided by the owner(s) or authorized management agent prior to approval.

(4) If an extension of time is granted, the owner(s) or authorized management agent and the administrator shall enter into a written renovation agreement setting forth the terms and conditions of any approved time extension.

(5) An owner(s) or authorized management agent may appeal a denial of an extension to the director.
(O.16,407)

Sec. 61-16. Notice to abate.

(1) Notice to abate a violation shall be given prior to city action to enforce the provisions of this chapter, except that in the event of an emergency, such notice as is practical under the circumstances, if any is practical, shall be given; provided, however, that nothing herein shall require notice in an emergency if impractical. If notice to abate a violation is given pursuant to this article, said notice shall contain the following information:

(a) A description, to the extent possible, of the conditions that constitute the violation;

(b) A description of the location of the violation;

(c) A statement that the person liable for the presence of the violation must correct the violation within the reasonable time set forth in the notice and in accordance with this article; and

(d) A statement that upon failure to comply with this chapter within the time set forth in the notice, the person so notified of the violation shall be deemed liable for the violation, and that the City may enter onto the real property and cause the conditions which constitute the violation to be abated and assess the costs of abatement against the real property for collection in the same manner as a property tax, following administrative hearing process if a hearing is requested or court action as applicable.

(e) If the division elects to follow the administrative hearing procedure set forth in this article, the notice shall also contain a statement that the person notified, or the person's duly authorized agent as identified in a notarized statement provided by the person notified, may file a written request for an administrative hearing as set forth in section 61-18 of this article.

(2) Notice of costs of abatement shall be given prior to city assessment of such costs. If notice of costs of abatement is given following administrative hearing procedure or emergency action pursuant to this article, said notice shall contain the following information:

(a) A statement that upon failure to make full payment as directed in the notice within the time set forth in the notice, the city may assess the costs of abatement against the real property for collection in the same manner as a property tax, following administrative hearing if requested.

(b) A statement that the person notified, or the person's duly authorized agent as identified in a notarized statement provided by the person notified, may file a written request for an administrative hearing on costs of abatement only, as set forth in section 61-18 of this article.

(O.16,407)

Sec. 61-17. Service of notice.

Notices given pursuant to this article shall be served by certified mail and regular mail, postage prepaid, to all persons deemed responsible for the violation, and to all other parties required by law or by departmental policy or procedure to receive such notices, at their last known mailing addresses as shown by the records of the county auditor, and if deemed appropriate by administrator or his/her designee, at their last known mailing addresses as shown by any other available public record. In addition to and concurrently with mailing, notice may be delivered by a peace officer, process server, or any other method deemed appropriate. Failed attempts to locate the person responsible for the violation shall be documented by the division.
(O.16,407)

Sec. 61-18. Administrative hearings.

(1) Recipients of notices pursuant to this article are not entitled to administrative hearings, and administrative hearings shall not be held, if the division elects to solely bring civil action to abate the violation and collect costs for abatement rather than to follow the administrative hearing procedure, as stated in the notice.

(2) Recipients of notices pursuant to this article for which the division elects to follow the administrative hearing procedure, as stated in the notice, may request an administrative hearing as follows:

(a) Requests shall be made in writing, and either hand-delivered to the city clerk no later than 30 calendar days from the date of the notice or sent to the city clerk via regular mail postmarked by official U.S. postal service cancellation and not by postage meter no later than 30 calendar days from the date of the notice.

(b) Each request for hearing shall contain the name, address, electronic mail (e-mail) address and daytime telephone number of any person requesting a hearing and of any attorney and/or agent duly authorized by the person who has received the notice to represent him/her at the hearing.

(c) Each request for hearing shall set out the requester's basis for the appeal.

(d) Failure to request a hearing within 30 calendar days from the date of the notice shall be deemed a waiver of the right to contest the validity of the determination of violation and/or determination of costs stated in the notice, as applicable. The information set forth in the notice will be deemed to be valid, and abatement and/or assessment of abatement costs will proceed as indicated in the notice.

(3) All administrative hearings requested in compliance with this section shall proceed as follows:

(a) Shall be scheduled by the city clerk to occur as soon as practical following the date of the notice.

(b) Shall be held before a hearing officer and be conducted informally. The department and the person in receipt of the notice may be represented by counsel or duly authorized agent, and examine witnesses, and present evidence.

(c) The person requesting the hearing shall be notified in writing by regular mail or by electronic mail (e-mail), or by phone of the date and time for the hearing at least three business days in advance thereof.

(d) For hearings following notice to abate a violation, the hearing officer shall either find that a violation exists, or void or reverse the notice. If the hearing officer finds that a violation exists and evidence of plans for abatement are presented at the hearing by the recipient of the notice, the hearing officer may grant additional reasonable time for the abatement of the violation by the recipient of the notice prior to city abatement of the violation.

(e) For hearings following notice of costs of abatement, the hearing officer shall either uphold the amount billed, reduce the amount billed, or waive the costs, and shall not determine any other issue relating to the violation abatement including but not limited to any issue that may have been raised at a hearing following notice to abate a violation. Any costs not waived by the hearing officer may be assessed against the real property for collection in the same manner as a property tax.

(f) If an owner(s) or their representative fails to appear at the hearing, they shall be considered in default and the requested relief shall not be granted.

(4) The determination of the hearing officer shall be in writing, including findings of fact, and is the final administrative decision of the city.

(a) Any party aggrieved by the determination of the hearing officer pursuant to this article may challenge whether the officer exceeded proper jurisdiction or otherwise acted illegally by commencing a certiorari action in the district court for Polk County, Iowa. The petition to initiate a certiorari action must be filed within 30 days after the entry of the final determination unless an extension of time is allowed by the reviewing court pursuant to Division XIV of the Iowa Rules of Civil Procedure. The city manager is

hereby authorized to initiate a certiorari on behalf of the city when the city manager, in consultation with the city attorney, deems it necessary and appropriate.

(b) The filing of an action in the district court challenging the determination of the hearing officer does not automatically stop the city from taking action pursuant to such determination. Unless the city has been served with an order from the district court directing otherwise, the city may proceed with enforcement of a determination.

(5) Request for an administrative hearing does not stay an action by the city for alternative relief as allowed by law.
(O.16,407)

Sec. 61-19. Violations enforced by civil action.

Notices pursuant to this article for which the department elects to proceed by civil action shall be served in the manner set forth in section 61-17 of this article and shall contain all information set forth in section 61-17 of this article as well as a statement that the city may file a civil action and seek a court order relating to the existence, abatement, and recovery of costs of the violation.
(O.16,407)

Sec. 61-20. Civil infractions; alternative relief.

(1) Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of the Municipal Code.

(2) Proceeding with an administrative hearing, civil action, or emergency action as authorized in this chapter does not preclude the city from seeking alternative relief from a court in the same action or as a separate action, including but not limited to an order for abatement, injunctive relief, or authorization to make repairs.

(3) In addition to other remedies set forth in this chapter, when it is determined by the administrator that a violation exists and/or that a person is a habitual violator, the city may file a civil action in the district court seeking an order enjoining the person from further violation of this chapter on real property owned or controlled by such person or real property where such person acts as an agent, tenant, or lessee of any residential dwelling, commercial establishment and/or real property within the city. The city may further request that upon entry of the injunction the court allow the city to abate further violations without notice and/or seek an order of contempt.
(O.16,407)

Sec. 61-21. Penalty for non-compliance.

(1) If, after notice of violation of this chapter and a reasonable amount of time has been afforded to the owner to correct any violations has passed and the owner has failed to correct such violations, the owner shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(2) The administrator may impose a fine for any violation of this chapter in the amount set forth in the schedule of administrative penalties adopted by the city council, including but not limited to the following:

(a) For each day the owner fails to arrange for an inspection within the time set forth in this chapter.

(b) For each violation not corrected within the time designated in the notice of violation or within such time the owner has been granted an extension of time, may be subject to the maximum fine, retroactive to the original date set forth in the violation notice.

(3) The administrator shall have the authority to impose the maximum fine, a lesser fine, or to waive the fine upon good cause shown.

(4) Notwithstanding any other provision of this chapter to the contrary, the department shall not enforce any violation of division 3 of this chapter against any property or owner who

has applied for and been approved for participation in the Improving Our Neighborhoods (ION) program established by article III of this chapter. The exemption from enforcement set forth in this subsection shall only apply to properties or owners who are in compliance with the requirements of the ION program as set forth in that program's policies, procedures, guidelines, and any written agreements entered into for purposes of participation in the ION program.

(5) Notwithstanding any other provision of this chapter to the contrary, the department shall not enforce any violation of division 3 of this chapter against any residential, owner-occupied structure when the owner of such structure would be considered a low- or moderate-income person as defined by the United States Department of Housing and Urban Development during any fiscal year for which the city council has not provided funding in that year's budget for the Improving Our Neighborhoods (ION) program established by article III of this chapter.
(O.16,407)

Sec. 61-22. Collection of costs.

(1) Costs imposed upon the owner in the enforcement of this chapter shall be payable to the city within 30 days of the date of notice which will be provided to the owner or authorized management agent; and

(2) The invoice shall include notice that if unpaid the amount due will be collected as a special assessment, personal judgment, or any other collection measure the city deems appropriate.
(O.16,407)

Sec. 61-23. Ordinance not limiting.

The responsibilities imposed under this chapter shall not limit or abridge any duty, requirement, obligation or liability created by another provision of law, or under contract between parties.
(O.16,407)

Secs. 61-24, 61-25. Reserved.

DIVISION 3. MAINTENANCE STANDARDS

Subdivision I. Exterior Property Area

Sec. 61-26. General maintenance.

Equipment, systems, devices, and safeguards required by this chapter or a previous regulation or code under which the structure or premises was constructed, altered, or repaired shall be maintained in good repair. The requirements of this chapter are not intended to provide the basis for removal or abrogation of fire protection and safety systems and devices in existing structure(s). Except as otherwise specified herein, the owner or their authorized management agent shall be responsible for the maintenance of structures and premises. Items that previously passed inspections but are through subsequent inspection found to be in violation of this chapter are subject to enforcement.
(O.16,407)

Sec. 61-27. Repairs.

All repairs shall be done in a workmanlike manner and the premises shall be maintained in a safe and sanitary condition. All work must be done in accordance with any other applicable standard, national, and international codes as adopted by the Municipal Code.
(O.16,407)

Sec. 61-28. Sanitation.

All exterior property and premises shall be maintained in a clean, safe, and sanitary condition.
(O.16,407)

Sec. 61-29. Grading and drainage.

All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water. All properties shall have positive drainage away from foundation or mobile home.

This section shall not apply to any retention areas and reservoirs approved by the city.
(O.16,407)

Sec. 61-30. Sidewalks, driveways, and parking spaces.

(1) All privately-owned sidewalks, driveways, parking spaces and similar areas shall be kept in good repair and maintained free from hazardous conditions. A defective condition exhibits one or more of the following characteristics:

(a) Covered in whole or in part with weeds or other plants, garbage, junk, rubbish, debris, solid waste, bird or animal droppings or any violations, obstructions or hazards which makes or tends to make pedestrian travel either dangerous or impractical.

(b) Trip hazards or other breaks, shifts or separations or deterioration as visible from a public space.

(2) Gravel drives or parking areas must be maintained with a surface area consisting of a uniform layer of gravel evenly distributed, and must be free of bare spots, ruts, and vegetation. The consistency of the surface must be tightly bound and consistently graded. All defects must be repaired with clean fill material consistent with the existing drive or parking area that does not contain dirt, sticks, construction debris or other foreign material.
(O.16,407)

Sec. 61-31. Nuisance vegetation.

Properties must be maintained in compliance with chapter 42, article XII.
(O.16,407)

Sec. 61-32. Rodent harborage.

All structures, exterior property and premises shall be kept free from rodent harborage and infestation. Where rodents are found, they shall be promptly exterminated by an approved process which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent further re-infestation.
(O.16,407)

Sec. 61-33. Accessory structures.

All accessory structures shall be structurally sound and in good condition.
(O.16,407)

Sec. 61-34. Motor vehicles.

No owner shall allow for inoperable motor vehicles or motor vehicles that are in violation of other provisions of the Municipal Code on the property.
(O.16,407)

Secs. 61-35—61-42. Reserved.

Subdivision II. Exterior Structure

Sec. 61-43. General maintenance.

(1) The exterior of a structure shall be maintained in good repair, structurally sound and sanitary so as not to pose a threat to public health, safety, or welfare. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeled, flaked, and chipped paint shall be eliminated, and surfaces repainted.

(2) All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust or corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.

(3) Soffit, fascia, and trim must be in good repair and impervious to weather.
(O.16,407)

Sec. 61-44. Premises identification.

Principal structures shall have approved address numbers, building numbers, or building identification placed in a position to be plainly legible from the public way fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or Roman letters. Numbers or letters

shall be not less than four inches (102 mm) in height with a minimum stroke width of 0.5 inch (12.7 mm).
(O.16,407)

Sec. 61-45. Structural members.

All structural members shall be maintained structurally sound and capable of supporting the imposed loads.
(O.16,407)

Sec. 61-46. Foundation walls.

All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
(O.16,407)

Sec. 61-47. Exterior walls.

All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface-coated where required to prevent deterioration. All siding and masonry joints as well as those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather-resistant and watertight.
(O.16,407)

Sec. 61-48. Roofs and drainage.

The shingles and flashing shall be in good condition and weather tight. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters, and downspouts shall be maintained in good repair and free from obstructions.
(O.16,407)

Sec. 61-49. Overhang extensions.

Overhang extensions shall be maintained in good repair and be properly anchored so as to be kept in a good condition. Where required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.
(O.16,407)

Sec. 61-50. Stairways, decks, porches and balconies.

Every exterior stairway, deck, porch, and balcony and all appurtenances attached thereto, shall be maintained structurally sound in good repair with proper anchorage and capable of supporting the imposed loads.
(O.16,407)

Sec. 61-51. Chimneys and towers.

All chimneys, cooling towers, smokestacks, and similar appurtenances shall be maintained structurally safe and sound and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating material, such as paint or similar surface treatment.
(O.16,407)

Sec. 61-52. Gates.

Exterior gates, gate assemblies, operator systems if provided, and hardware shall be maintained in good condition. Latches at all entrances shall tightly secure the gates.
(O.16,407)

Sec. 61-53. Windows, skylights and door frames.

(1) Every door and frame, window or skylight shall be kept in good condition, good repair and weather tight. All glazing materials shall be maintained free from cracks and holes.

(2) Exterior doors, door assemblies, operator systems if provided, and hardware shall be maintained in good condition. All doors must be secured from unwanted entry.

(3) Every basement hatchway shall be maintained to prevent the entrance of rodents, rain, and surface drainage water and secure from unwanted entry.
(O.16,407)

Secs. 61-54—61-61. Reserved.

ARTICLE II. VACANT PROPERTY REGISTRY

Sec. 61-62. General.

(1) The administrator shall cause inspections to be made to determine the condition of all structures and premises exhibiting evidence of vacancy within the corporate limits and may issue notices as provided in this chapter.

(2) This article shall apply to vacant properties with residential, accessory, or commercial occupancies or improvements located thereon.

(3) This article shall also apply to properties that are the subject of a foreclosure action as set out in this article.

This article shall be considered cumulative and not superseding of, or subject to, any other law or provision relating to the same subject but shall rather be an additional remedy available to the city above and beyond any other state, county or local law or regulation.
(O.16,407)

Sec. 61-63. Vacant property registration and licensing required.

(1) Any owner(s) of any vacant property located within the city shall register the property as required by this chapter within ten days of a property becoming vacant.

(2) No owner(s) shall own any vacant property unless that owner(s) holds a valid vacant property registry business license for such property.
(O.16,407)

Sec. 61-64. Exceptions.

In addition to the exemptions provided in section 61-6, property shall not be required to comply with the requirements of this article if all of the following conditions exist:

(1) The property is not the subject of foreclosure; and

(2) The property is listed in the applicable multiple listing service(s) or other substantial competent evidence of active marketing; and

(3) The property has remained vacant less than 180 days; and

(4) The outward appearance of the property is being maintained.

At such time any of the conditions for the exception ceases to exist, the property shall be subject to the requirements of this article.
(O.16,407)

Sec. 61-65. Properties in foreclosure.

Any mortgagee who files a foreclosure or notice of lis pendens on a vacant property shall comply with the registration requirements of this chapter, within ten days of such filing.
(O.16,407)

Sec. 61-66. Required owner or authorized management agent information.

(1) Owner(s) of vacant property who reside in Polk County or any county contiguous thereto shall provide the division with their physical address, email address, tax identification number and telephone numbers.

(2) Owner(s) of vacant property who reside outside Polk County or any contiguous county shall provide the administrator with their physical address, email address, tax identification number and telephone numbers and the name, physical addresses, email address, tax identification number, and telephone number of an individual over the age of 18 who shall reside in Polk County or any county contiguous thereto and who shall be designated as the "authorized management agent" responsible for maintenance of the property and for receiving notice and service of process.

(3) Owner(s) of vacant property shall provide the division with the name of insurance carrier, agent, and contact information that provides coverage to the vacant property.
(O.16,407)

Sec. 61-67. Application for vacant property license.

(1) Every owner of any vacant property within the city shall establish a business account with the city by submitting a complete vacant property license application. Each owner shall only be required to establish a single business account with the city and may associate all the owner's vacant properties with that single account.

(2) All the information set forth in section 61-66 shall be required for a vacant property registry business account and vacant property registry license application to be considered complete.

(3) No vacant property registry license will be issued unless a complete application has been submitted.

(4) Upon transfer of a property that has a current vacant property registry business license and will continue to be a vacant property:

(a) The transferee shall establish a business account and a vacant property registry business license;

(b) The property shall remain subject to any active notice of violation previously issued under this chapter and the violations must be abated so as to bring the property into compliance with this chapter;

(c) The renewal inspection will be scheduled on the same schedule as the renewal for the previous owner; and

(d) An administrative fee in the amount set forth in the schedule of fees adopted by the city council may be charged for the transfer of an existing license to a new owner.

(5) The owner(s) or authorized management agent(s) shall be required to update the business account information provided in the application within ten days of any change in information, including but not limited to a change in the telephone number(s), mailing address, physical address, email information, authorized management agent or ownership of the property.

(6) The owner(s) of the property shall be required to update the business account information anytime a change in information is made, including but not limited to mailing address, physical address, email information, change in authorized management agent or sale of the property.

(7) If the information provided in the vacant property registry business license application does not include the information required in section 61-66 of this article, a research fee will be charged in the amount set forth in the schedule of fees adopted by the city council by resolution for compensation for staff time in collecting the additional information. Each request for information will result in an additional research fee.

(8) Sixty days prior to the expiration date of the vacant property registry business license, the division will mail or email a notification to the property owner(s), and the authorized management agent that the notice of the expiration of the license is in their account. The notice will include the expiration date of the license and pertinent information for contacting the division. Failure by the division to send the notice of expiration does not eliminate the obligation of the owner(s) to submit a renewal application and payment for the vacant property registry business license.
(O.16,407)

Sec. 61-68. Compliance and vacant property registration license.

(1) Upon submission and approval of a completed vacant property registry business license application, establishment of a business account with the division, completion of satisfactory inspection, and payment of all required costs, the division shall issue a vacant property registry business license. Notice of the license issuance will be provided by email or regular mail to the owner or authorized management agent as designated in the business account or vacant property registry business license application maintained with the division.

(2) The division shall send an invoice by email or regular mail to owner(s) and authorized management agent at the email or physical address on file with the division for all costs owed.

(a) Inspection fees will be charged in the amount set forth in the schedule of fees adopted by the city council.

(b) Costs imposed upon the owner in the enforcement of this article shall be payable within 30 days of the date of billing and if unpaid will be collected as a special assessment, personal judgment, or any other collection measure the city deems appropriate.

(c) Properties referred for legal action will be inspected as necessary to enforce this article and any and all associated costs will be billed as set out in the schedule of fees adopted by the city council.

(3) The vacant property registry business license issued under this article shall contain the following information:

(a) The owner(s) name(s);

(b) The name of the authorized management agent;

(c) Contact information, including email and physical addresses and telephone number(s)for the owner(s) and the authorized management agent;

(d) The local address;

(e) The date of issuance; and

(f) The license expiration date.

(O.16,407)

Sec. 61-69. Revocation of vacant property license.

(1) If an owner fails to comply with the provisions of this chapter following notice and an opportunity to comply, the administrator may revoke or suspend the vacant property registry business license for the property.

(2) Operation of a vacant property without a vacant property registry business license may be prosecuted as a municipal infraction.

(3) An owner may appeal the revocation or suspension of a vacant registry business license by requesting an administrative hearing, pursuant to section 61-18.

(4) Structures that are under enforcement per chapter 60, article III of the Municipal Code shall have their vacant property registry business licenses revoked.

(O.16,407)

Sec. 61-70. Registration of vacant structure.

For so long as the property remains vacant, or subject to a notice of lis pendens or a foreclosure action, a registration fee shall be due from the owner or authorized management agent, as applicable under the circumstances, each year not later than the fifteenth day of the month following the month in which the original registration was made. The annual registration fee shall be set out it the schedule of fees adopted by the city council for each year it remains registered.

(O.16,407)

Sec. 61-71. Security requirements.

(1) The owner or authorized management agent shall secure vacant structures subject to this article, so they are not accessible to unauthorized persons.

(2) Broken and/or boarded windows shall be secured with glass by replacement or repair and reglazing.

(3) Boarded up, broken doors or other entry points shall be repaired in a workmanlike manner.

(4) Should the city find the structure open and unsecured the structure will be immediately boarded as an emergency action with no prior notice.

(O.16,407)

Sec. 61-72. Additional authority as to maintenance and security.

The division shall have authority to require the owner, mortgagee, and authorized management agent implement additional maintenance

and security measures as may be reasonably required to prevent decline of the vacant property.
(O.16,407)

Sec. 61-73. Emergency actions.

If the administrator determines that a violation exists which constitutes an emergency requiring immediate abatement, the city may perform any emergency action necessary to abate the violation without prior notice or abatement hearing.
(O.16,407)

Sec. 61-74. Cost of emergency actions.

Costs of emergency actions shall be payable within 30 days of the date of billing and if unpaid will be collected as a special assessment, personal judgment, or any other collection measure the city deems appropriate.
(O.16,407)

Secs. 61-75—61-84. Reserved.

ARTICLE III. IMPROVING OUR NEIGHBORHOODS PROGRAM

Sec. 61-85. Establishment of the Improving Our Neighborhoods Program.

(1) The city council finds, determines, and declares it to be conducive to the benefit of residents and the health of the city's neighborhoods and in compliance with the requirements of this chapter, that a subsidy program be established to assist qualifying property owners(s) to make repairs to the exterior of their properties, which help to encourage home ownership and investment in the community. This program shall be named the Improving Our Neighborhoods Program (hereinafter "ION Program"). The city council shall have the right to suspend or terminate this program.

(2) The administrator shall establish ION Program policies, procedures, and guidelines (hereinafter "ION Policies and Procedures").
(O.16,407)

Article VIII. Community Mediation

Sec. 62-191. Voluntary community mediation.

ARTICLE I. IN GENERAL

Sec. 62-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Arrest means the taking of a person into custody when and in the manner authorized by law or military authority due to an accusation or suspicion that the person committed a crime.

City manager means the City Manager of the City of Des Moines, or his or her designee, or any acting or interim city manager.

Commission or human rights commission means the Des Moines Human Rights Commission.

Conviction means any adjudication of guilt or sentence arising from a verdict or plea of guilty or no contest or the equivalent in relation to a crime, including a sentence of incarceration, a suspended sentence, a sentence of probation, a sentence of unconditional discharge, or a diversion program.

Criminal record means information regarding a conviction, arrest, or pending criminal charge.

Covered multifamily dwelling means:

(1) A building consisting of four or more units of such building having one or more elevators; and

(2) Ground floor units in other buildings consisting of four or more units.

Disability means the physical or mental impairment that substantially limits one or more of the major life activities of a person; a record of this impairment; or being regarded as having such an impairment. Disability does not include current, illegal use of or addiction to a controlled substance as defined in section 102 of the Controlled Substance Act (21 USC 802). In reference to employment, under this chapter, the term "disability" also means the physical or mental condition of a person which constitutes a substantial handicap, but is unrelated to such person's ability to engage in a particular occupation.

Discriminate, discrimination, or discriminatory means any significant and unreasonable difference in treatment because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability or familial status and includes any and all of the illegal discriminatory practices enumerated in this chapter. This term shall also mean to separate, to segregate, or to make a distinction against any persons, because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability or familial status. This term shall also include any significant and unreasonable difference in treatment because of a person's association with another of a different age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability or familial status. This term also means any additional protected class or classes as are identified and/or defined by Iowa Code Chapter 216.

Dwelling means any building, structure, or portion thereof, including but not limited to trailer courts, trailer parks, or mobile home courts, whether such building or portion is constructed or is to be constructed, which is occupied as or designed or intended for occupancy as a residence or sleeping place of one or more persons or families and any vacant land or real estate which is offered for sale, rent, or lease for the construction or location thereof of any such building, structure, or portion thereof or real property usable for purposes of human habitation or for the construction thereon of a residential facility.

Educational institution includes any preschool, elementary or secondary school, community college, area education agency, or postsecondary college or university and their governing boards.

Employee includes any person employed by an employer but does not include an individual employed by that person's parents, spouse, or child or in the domestic service of any person.

Employer includes, but is not limited to, any person in this city employing four or more persons; any person acting directly or indirectly for an employer; and the city and any other governmental

entity or any board, commission, department, or agency thereof employing persons whose employment or any part thereof is within this city.

Employment agency includes any person or governmental agency undertaking, with or without compensation, to procure employees or opportunities to work, or to procure, recruit, refer, or place employees or any person holding itself equipped to do so.

Familial status means one or more individuals who have not attained the age of 18 years being domiciled with:

(1) A parent or another person having legal custody of such individual; or

(2) The designee of such parent or other person having such custody of the individual, with the written permission of such parent or other person.

The protections afforded against discrimination on the basis of familial status shall apply to any person who is pregnant or is in the process of securing legal custody of any individual who has not attained the age of 18 years.

Financial institution includes any person regularly engaged in the business of lending money or guaranteeing such loans on dwellings.

Gender identity means a gender-related identity of a person, regardless of the person's assigned sex at birth.

Illegal discriminatory practice means those practices specified as illegal or discriminatory in articles III and V of this chapter and in sections 62-101, 62-102, 62-103, 62-104, 62-166, 62-168, 62-169 of this chapter or as otherwise specified as illegal in this chapter.

Inquiry means any direct or indirect conduct intended to gather information, using any mode of communication, including but not limited to a box or blank that seeks to elicit information about an applicant's criminal record on an employment application form.

Interview means any direct contact by the employer with the applicant, whether in person or by telephone, to discuss the employment being sought or the applicant's qualifications.

Labor organization includes any organization which exists for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms, or conditions or privileges of employment or of mutual aid or protection in connection with employment.

Non-violent misdemeanor offense means a misdemeanor offense excluding an offense involving assault, disorderly conduct, harassment in the first or second degree, interference with official acts, animal abuse, animal torture, or sexually predatory offense.

Owner includes the owner, lessee, sublessee, assignee, agent, or other person having the right to sell, rent, lease, or transfer any housing accommodation or real property within the corporate limits.

Pending criminal charge means an existing accusation that a person has committed a crime, lodged by a prosecutor, law enforcement agency or military authority through an indictment, complaint, or other formal charge, where the accusation has not yet resulted in a final judgment, acquittal, conviction, plea, dismissal or withdrawal.

Person includes, but is not limited to, one or more individuals, partnerships, associations, labor organizations, corporations, legal representatives, mutual companies, trusts, trustees, trustees in bankruptcy or receivers, fiduciaries, joint stock companies, unincorporated organizations, and the state, county and city and any other governmental entity and any of their respective departments, divisions, boards, commissions, officials, agents and employees.

Public accommodations includes any person who caters or offers his or her goods, services, facilities, privileges, advantages, and accommodations to the public, (including but not limited to) state and local governmental units and tax-supported district of whatever kind. (see Iowa Code § 216.2(a)(12)

Real estate broker includes any person, licensed or not, who, either for a fee or other valuable consideration or without fee, sells, purchases, exchanges, rents, negotiates, or attempts to negotiate the sale, purchase, exchange, or rental of a

dwelling as a regular practice, whether for himself or herself or another person, or who acts as a go-between for a would-be-purchaser and seller of a dwelling.

Real estate salesperson or *agent* includes any person, licensed or not, employed by a real estate broker to perform or to assist in the performance of any or all of the functions of a real estate broker, whether individually or for another person, or who acts as a go-between for would-be-purchasers and sellers of housing accommodations or real property on behalf of a real estate broker or individually.

Respondent means the person accused in any illegal discriminatory practices and any other person identified in the course of investigation and notified as required.

Sex means gender. It includes but is not limited to pregnancy, childbirth, and related medical conditions; and women affected by pregnancy, childbirth or related medical conditions shall be treated the same for all purposes covered by this chapter.

Sexual orientation means actual or perceived heterosexuality, homosexuality or bisexuality. *Sexual orientation* does not include participation in acts which are prohibited by law.

Source of income means money, funds, income, and support, payable directly or indirectly to or on behalf of a renter or buyer of housing, derived from any pension, annuity, child support, or alimony, or any tax supported federal, state or local funds, including but not limited to, social security, supplemental security income, temporary assistance for needy families, family investment program, general relief, food stamps, unemployment compensation, housing choice voucher rent subsidies, and similar rent subsidy programs.
(C54, § 2-418; O.5775; C62, § 2-418; O.7738; C62, § 25A-1; O.8291, 8565, 8920; C75, § 2-312; O.9337; C79, § 2-312; O.10,244; C91, § 2-312; O.11,784, 12,072, 13,922, 13,965, 15,067, 15,283, 15,781, 16,083)

Cross reference—Definitions generally, § 1-2.

Sec. 62-1.1. State Code protected classes adopted.

(a) The protected classes in section 62-42 of this chapter include all protected classes as are identified and/or defined by Iowa Code Chapter 216 as now enacted or hereinafter amended from time to time.

(b) The protected classes in section 62-71 and 62-166 of this chapter include all protected classes as are identified and/or defined by Iowa Code section 216.6 as now enacted or hereinafter amended from time to time.

(c) The protected classes in sections 62-101 and 62-103 of this chapter include the protected classes as are identified and/or defined by Iowa Code sections 216.8 and 216.12 applied respectively as now enacted or hereinafter amended from time to time.

(d) The protected classes in sections 62-136 and 62-137 of this Chapter include the protected classes as are identified and/or defined by Iowa Code sections 216.7(1) and 217.7(2) applied respectively as now enacted or hereinafter amended from time to time.

(e) The protected classes in section 62-104 of this chapter include the protected classes as are identified and/or defined by Iowa Code section 216.8 as now enacted or hereinafter amended from time to time.

(f) The protected classes in section 62-169 of this chapter include the protected classes as are identified and/or defined by Iowa Code Chapter 216 except age and familial status as now enacted or hereinafter amended from time to time.
(O.15,067)

Sec. 62-2. Complaints filed.

(a) Any person claiming to be aggrieved by an illegal discriminatory practice, as defined in this chapter, may file, personally or by an attorney, with the human rights commission or any staff member of the commission, a sworn complaint setting forth the particulars of the alleged discrimination or discriminatory practices and including the name and address of the person alleged to have committed the illegal discrimina-

tory practice and such other particulars as may be required by the commission. Upon the filing of the complaint, the complainant shall be informed of the confidentiality of the commission's investigation and conciliation efforts, and the complainant's cooperation in maintaining the nonadversarial environment such confidentiality fosters shall be sought by commission staff.

(b) Any complaint must be filed within 300 days after the complainant knew or should have known of the most recent act constituting the alleged illegal discriminatory practice.

(c) A complaint may be amended at any time before the final order is entered.
(C62, § 2-430; O.7079, 7738; C62, § 25A-13; O.8920; C75, § 2-321; O.9337; C79, § 2-321; C85, § 2-321; O.11,468; C91, § 2-321; O.13,922, 14,778)

Sec. 62-3. Procedure for processing complaints.

(a) Whenever a verified complaint is filed pursuant to this chapter, a true copy of the complaint shall be transmitted to the person alleged to have committed the illegal discriminatory practice, referred to as the "respondent," within ten days with a bill of particulars setting out the dates and facts upon which the complaint is based. Upon receipt of the complaint, the respondent shall be advised of the right to file a written response to the allegations of the complaint, of the right to counsel and the right to present evidence at any stage of the investigation and hearing and shall be informed of the confidentiality of the human rights commission's investigation and conciliation efforts and the respondent's cooperation in maintaining the nonadversarial environment such confidentiality fosters shall be sought by commission staff.

(b) The director of the human rights commission shall appoint a member of the commission staff who, under the supervision of the director, shall make a prompt and full investigation of the alleged illegal discriminatory practice and forward to the director a summary of the investigation. If a complainant or respondent fails or refuses to provide information requested for an investigation, the director may issue a subpoena for that information.

(c) The director and staff member may determine during the investigation that the complaint has no validity or is not within the jurisdiction of the commission. Upon such determination the complaint may be closed with a ministerial finding of no probable cause or no jurisdiction and the complainant and respondent shall be so notified by regular mail at their last known addresses and by electronic mail if an email addresses is known. The complainant may appeal such ministerial finding to the chair, vice-chair, and secretary of the commission within ten days of the mailing of the notification. If complainant timely appeals, respondent shall be notified and given ten days to respond with reasons the appeal should not be granted.

(d) If it is determined by the director that no probable cause exists for the complaint, or any part of the complaint, the complainant and respondent shall be promptly notified in writing by regular mail and electronic mail if an email address is known and the case shall be closed, or in the case of mixed determinations of cause and no probable cause, the investigation of the portion(s) determined to have no probable cause shall be closed, unless this finding is appealed to the chair, vice-chair, and secretary of the commission within ten days of the mailing of the notification. If complainant timely appeals, respondent shall be notified and given ten days to respond with reasons the appeal should not be granted.

(e) Appeals of ministerial findings closing any portion of a complaint shall be determined by the chair, vice chair, and secretary of the commission. The complaint and information on file with the commission concerning the complaint and the appeal shall be considered according to commission rules. The chair, vice-chair, and secretary shall either affirm the director's decision, reverse the director's decision, or remand to the director and staff for further investigation. If the director's decision is affirmed, a final order shall be entered and the complainant and respondent shall be promptly notified. If the director's decision is reversed or remanded staff shall be directed to proceed accordingly with notice sent to the complainant and respondent.

(f) If the director determines that probable cause exists for crediting the allegations in the complaint, the staff shall proceed with conciliation and persuasion under the director's supervision.

(g) An investigation shall be deferred if the same complaint has been filed with an agency with duties and powers similar to the commission which is proceeding with its own investigation of the complaint. The commission's investigation may be stayed pending the completion of the other agency's investigation if it is determined by the executive director to be in the best interests of the commission.
(C54, § 2-423; O.5775; C62, § 2-423; O.7738; C62, § 25A-14; O.8291, 8920; C75, § 2-322; O.9337; C79, § 2-322; C85, § 2-322; O.11,468; C91, § 2-322; O.11,784, 13,911, 15,838, 15,968)

Sec. 62-4. Additional proceedings on housing discrimination.

(a) The human rights commission shall investigate the alleged discriminatory housing practice and make its determination no later than 100 days after a complaint is filed unless any of the following applies:

(1) It is impracticable to make the determination within that time period;

(2) The commission has approved a mediation agreement relating to the complaint; or

(3) If the commission is unable to complete the investigation within the time period, provided the commission shall notify the complainant and respondent in writing of the delay.

(b) The commission, upon written notice, may amend the complaint to join a person, not named in the complaint, as an additional or substitute respondent if, in the course of the investigation, the commission determines that the person should be alleged to have committed an illegal discriminatory practice. The procedure shall be as follows:

(1) Notice shall be served no later than ten days after the filing of an amended complaint or identification of such substitute or additional respondent.

(2) The commission shall include in a notice to a respondent an explanation of the basis for the determination that the person is properly joined as a respondent.

(3) The added or substitute respondent may file, not later than ten days after receipt of the notice, an answer to such complaint.

(c) The commission shall, during the period beginning with the filing of a complaint and ending with the filing of a charge or a dismissal by the commission, to the extent feasible, engage in mediation with respect to the complaint in accordance with the following:

(1) A mediation agreement is an agreement between a respondent and the complainant and is subject to commission approval.

(2) A mediation agreement may provide for binding arbitration or other method of dispute resolution. Dispute resolution that results from a mediation agreement may authorize appropriate relief, including monetary relief.

(3) A mediation agreement shall be made public unless the complainant and respondent agree otherwise, and the commission determines that disclosure is not neces-

sary to further the purposes of this chapter relating to unfair or discriminatory practices in housing or real estate.

(4) The proceedings or results of mediation shall not be made public or used as evidence in a subsequent proceeding under this chapter without the written consent of the persons who are party to the mediation.

(d) When the commission has reasonable cause to believe that a respondent has breached a mediation agreement, the commission shall refer this matter to its attorney with a recommendation that a civil action be filed for the enforcement of the agreement. The attorney may commence a civil action in the appropriate district court not later than the expiration of 90 days after referral of the breach.

(e) If the commission concludes, following the filing of a complaint, that prompt judicial action is necessary to carry out the purposes of this chapter relating to illegal or discriminatory housing or real estate practices, the commission may authorize a civil action for appropriate temporary or preliminary relief pending final disposition of the complaint in accordance with the following:

(1) Upon receipt of the commissions's authorization, the commission's attorney shall promptly file the action.

(2) A temporary restraining order or other order granting temporary relief under this section is governed by the applicable Iowa rules of civil procedure.

(3) The filing of a civil action under this section does not affect the initiation or continuation of administrative proceedings in regard to an administrative hearing.

(f) The commission shall determine based on the facts whether probable cause exists to believe that a discriminatory housing or real estate practice has occurred or is about to occur in accordance with the following:

(1) The commission shall prepare a final investigative report.

(2) A final report under this section may be amended by the commission if additional evidence is later discovered.

(g) If the commission determines that probable cause exists to believe that a discriminatory housing or real estate practice has occurred or is about to occur, the commission shall immediately issue a determination unless the commission determines that the legality of a zoning or land use law or ordinance is involved. If the commission determines that the matter involves the legality of a state statute, the commission shall not issue a determination and shall immediately refer the matter to the attorney for the commission for appropriate action.

(h) A determination issued by the commission shall:

(1) Consist of a short and plain statement of the facts on which the commission has found probable cause to believe that a discriminatory housing or real estate practice has occurred or is about to occur.

(2) Be based on the final investigative report.

(3) Not be limited to the facts or grounds alleged in the complaint.

(i) Not later than 20 days after the commission issues a determination, unless it is impracticable to do, the commission shall send a copy of the determination with information concerning the election under section 62-106 of this chapter to the following persons:

(1) Each respondent, together with a notice of the opportunity for a public hearing as provided under this section and section 62-8 of this article.

(2) Each aggrieved person on whose behalf the complaint was filed.

If the commission is unable to send a copy of the determination within 20 days, it shall notify the parties in writing of the delay.

(j) If the commission determines that no probable cause exists to believe that a discriminatory housing or real estate practice has occurred or is about to occur, the commission shall promptly dismiss the complaint.

(k) The commission shall not issue a determination under this section regarding an alleged discriminatory housing or real estate practice after the beginning of the trial of a civil action commenced by the aggrieved party under federal or state law seeking relief with respect to that discriminatory housing or real estate practice.

(l) If a timely election is not made under section 62-106 of this chapter, the commission shall provide an opportunity for a hearing on the charges in the complaint in accordance with the following:

(1) Except as provided by subsection (l)(2) of this section, the hearing shall be conducted in accordance with this section and section 62-8 of this article.

(2) A hearing under this section shall not be continued regarding an alleged discriminatory housing or real estate practice after the beginning of the trial of a civil action commenced by the aggrieved person under federal or state law seeking relief with respect to that discriminatory housing or real estate practice.

(m) If the commission determines at a hearing under this section that a respondent has engaged or is about to engage in a discriminatory housing or real estate practice, the commission may order the appropriate relief, including actual damages, reasonable attorney's fees, court costs, and other injunctive or equitable relief. Such order may, to vindicate the public interest, assess a civil penalty against the respondent in an amount not to exceed those established by I.C. § 216.15A.
(C91, § 2-322.01; O.11,784, 12,072, 13,922)

Sec. 62-5. Conciliation and persuasion.

Immediately after a finding of probable cause pursuant to this article or sooner, if the complainant and respondent consent, the staff and the executive director of the human rights commission shall endeavor to eliminate the illegal discriminatory practice by conciliation and persuasion. If the complaint is successfully resolved to the satisfaction of the commission, complainant and respondent through conferences, conciliation and persuasion, it shall be formalized in a binding written agreement signed by a representative of the commission, complainant and respondent, and the commission shall furnish both the complainant and respondent with a copy of terms of the conciliation.
(C62, §§ 2-432, 2-433; O.7079; C62, §§ 2-432, 2-433; O.7738; C62, § 25A-15; O.8920; C75, § 2-323; O.9337; C79, C91, § 2-323; O.11,784)

Sec. 62-6. Failure to honor commitment.

The human rights commission may investigate a conciliated complaint filed pursuant to this article at a later date to ensure that the respondent is complying with the terms of the conciliation. In any case where the respondent has made commitments in the conciliation and the commission finds that the commitments have not been kept, it may open all of its files, previous complaints and proceedings involving the respondent for public inspection and proceed with such further steps it finds appropriate including initiation of a proceeding in Polk County district court to effectuate the purposes of this chapter.
(C62, § 2-435; O.7079, 7738; C62, § 25A-16; O.8920; C75, § 2-324; O.9337; C79, C91, § 2-324)

Sec. 62-7. Confidentiality.

(a) If a complaint filed pursuant to this chapter is successfully conciliated or it is found that no discrimination was practiced, the names of the parties to the complaint and all proceedings with regard to such parties and the place of alleged discrimination shall be and remain confidential unless otherwise agreed by mutual consent of the parties; provided, however, that the terms of the conciliation may be published. This section shall not prohibit disclosure made in connection with the conduct of an investigation or any disclosure to the Iowa civil rights commission or a similar government agency conducting an investigation involving illegal discriminatory practices.

(b) The members of the human rights commission and its staff shall not disclose the filing of a complaint, the information gathered during the investigation, or the endeavor to eliminate such illegal discriminatory practice by conciliation or persuasion except when such disclosure is made in connection with the conduct of the investigation, including enforcement of a subpoena. The identity of individuals interviewed shall remain

confidential except as the disclosure of their identity becomes necessary at the time of public hearing.

(c) If a complaint is not successfully conciliated and a determination has been made to proceed to public hearing, the executive director shall promptly forward to the respondent the names and addresses of those persons who shall be called as witnesses at such public hearing.
(C62, §§ 2-432, 2-433; O.7079; C62, §§ 2-432, 2-433; O.7738; C62, § 25A-15; O.8920; C62, § 25A-17; C75, § 2-325; O.9337, 9539; C79, § 2-325; O.10,656; C85, § 2-325; O.11,468; C91, § 2-325; O.13,922)

Sec. 62-8. Public hearing.

(a) In the event of failure to eliminate illegal discriminatory practice by means of conciliation and persuasion, the human rights commission may hold a public hearing if the executive director determines that the circumstances warrant, in accordance with the following:

(1) Hearings shall be conducted by the full commission or the commission may direct the chair of the commission to designate three members of the commission or a disinterested third party to act as a hearing officer to conduct the hearing.

(2) Where the chairperson has designated a panel of commissioners to serve as hearing officers at a public hearing, the chair shall designate one member of the panel to act as presiding commissioner. All rulings and determinations shall be made on majority rule.

(3) The hearing shall be held not less than ten days after the respondent has been served with a statement of the charges made in the complaint and a notice of the time, place, and nature of the hearing.

(4) Such written notice shall be delivered by personal service as in civil actions or by certified mail, return receipt requested.

(5) If a party fails to appear in a public hearing after proper service of a notice, the person conducting the hearing may proceed and make a decision in the absence of the party.

(6) The burden of proof shall be on the commission.

(b) The respondent shall have the right to file an answer to the statement of charges, to appear at the hearing in person, to be represented by an attorney at the respondent's own expense or by any other person, to examine and cross examine witnesses, and to present evidence.

(c) Oral proceedings shall be open to the public and shall be recorded either by mechanized means or by certified shorthand reporters. Oral proceedings or any part thereof shall be transcribed at the request of any party at his or her or its expense. The recording or stenographic notes of oral proceedings or the transcription thereof shall be filed with and maintained by the commission for at least five years from the date of decision. Notice of public hearing shall be disseminated among local news media at least five days prior to the date of the hearing.

(d) A complaint or any part thereof may be amended by the complainant or by the commission at any time before the final order is entered in the case. However, if an amendment requires proof of additional facts, the commission shall, if circumstances reasonably warrant such action, allow the respondent sufficient time to gather evidence to rebut such facts, which shall include the granting of a continuance or any other relief that may be reasonably appropriate.

(e) After a review of the transcript, the evidence, and the briefs, the hearing commissioners or the hearing officer shall issue in writing the findings of fact, conclusions of law and the order, then recommend such to the commission for its adoption, modification or rejection. Costs incurred by the commission for the public hearing may be equitably taxed as between the parties as circumstances warrant in the judgment of the hearing officer or the commission.

(f) When the commission presides at the reception of evidence in a public hearing, the decision of the commission is a final decision. When the commission did not preside at the reception of

the evidence in a public hearing, the hearing commissioners or the hearing officer shall make a proposed decision.

(g) Upon receipt of the hearing commissioner's or hearing officer's proposed decision, the commission shall forward a copy of the proposed decision to each of the parties. The commission shall include a notice of the date, time and place of the meeting at which the commission shall review the proposed decision. The notice shall also advise the parties of their appeal rights. An appeal shall be filed within 20 days after the receipt of notice of the commission's final decision.

(h) The commission may adopt, modify or reject the hearing commissioner's or hearing officer's proposed decision or it may remand the case to the hearing commissioners or hearing officer for the taking of such additional evidence and the making of such further recommended findings of fact, conclusions of law, decision and order as the commission deems necessary. Upon completing its review of the hearing commissioner's or hearing officer's proposed decision, the commission shall cause the appropriate order to be issued.

(i) The commission shall, within 60 days of the date it receives the proposed decision, review the proposed decision at the commission meeting. The commission shall consider all timely filed appeals, exceptions and briefs at the time it reviews the proposed decision.

(j) If the commission fails to issue an order within 60 days from the date the hearing commissioners or the hearing officer issues recommendations, the proposed findings shall become final.

(k) If the commission concurs with the hearing commissioners or the hearing officer, it shall issue an order requiring the respondent to cease and desist from the illegal discriminatory practice and to take such affirmative action as the hearing officer or hearing commissioners found appropriate to remedy the illegal discriminatory practice. Such affirmative action may include but is not limited to the following:

(1) Hiring, reinstatement or upgrading of employees with or without pay. Interim earned income and unemployment compensation shall operate to reduce the pay otherwise allowable.

(2) Admission or restoration of individuals to a labor organization or admission or participation in a guidance program, apprenticeship training program, on-the-job training program or other occupational training or retraining program, with the utilization of objective criteria in the admission of individuals to such programs.

(3) Admission of individuals to a public accommodation or an educational institution.

(4) Sale, exchange, lease, rental, assignment or sublease of real property to an individual.

(5) Extension to all individuals of the full and equal enjoyment of the advantages, facilities, privileges and services of the respondent denied to the complainant because of the discriminatory or unfair practice.

(6) Reporting as to the manner of compliance.

(7) Posting notices in conspicuous places in the respondent's place of business in a form prescribed by the commission and inclusion of notices in advertising material.

(8) Payment to the complainant of damages for an injury caused by the discriminatory or unfair practice, which damages shall include actual damages suffered by the complainant, court costs and reasonable attorney's fees.

(l) If the commission disagrees with any portion of the order so proposed, it may hold a hearing which shall be limited solely to its points of disagreement, at which hearing the complainant, respondent and the commission staff shall be given an opportunity to be heard and after

which it may accept, amend, or reject the questioned action and shall issue its order pursuant to its conclusion at such hearing.
(C62, § 2-434; O.7079, 7738; C62, § 25A-17; O.8920; C62, § 25A-18; C75, § 2-326; O.9337; C79, § 2-326; O.10,244, 10,256; C91, § 2-326; O.11,784, 13,922, 15,711)

Sec. 62-9. Judicial review.

(a) Any complainant or respondent claiming to be aggrieved by a final order of the human rights commission or by the commission's refusal to

issue an order, may obtain judicial review thereof, and the commission may obtain an order of court for the enforcement of commission orders, in a proceeding as provided in this section.

(b) Such proceeding shall be brought in the Polk County district court according to the Iowa rules of civil procedure and this chapter.

(c) Such proceeding shall be initiated by the filing of a petition in the court and the service of a copy thereof upon the city clerk, a representative of the commission and upon the respondent or complainant. Thereupon the commission shall file with the court a transcript of the record of the hearing before it. The court shall have jurisdiction of the proceeding according to this chapter.

(d) An objection that has not been urged before the commission shall not be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances.

(e) Any party may move the court to remit the case to the commission in the interest of justice for the purpose of adducing additional specified and material evidence and seeking findings thereon, provided such party shall show reasonable grounds for the failure to adduce such evidence before the commission.

(f) The court may affirm the commission action or remand to the commission for further proceedings. The court shall reverse, modify, or grant any other appropriate relief from the commission action, equitable or legal and including declaratory relief, if substantial rights of the complainant have been prejudiced because the commission action is:

(1) In violation of constitutional or statutory provisions;

(2) In excess of the authority of the commission;

(3) In violation of commission rule;

(4) Pursuant to unlawful procedure;

(5) Affected by other error of law;

(6) In a contested case, unsupported by substantial evidence in the record made before the commission when that record is viewed as a whole; or

(7) Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

(g) An aggrieved or adversely affected party to the judicial review proceeding may obtain a review of any final judgment of the district court under this chapter by appeal to the supreme court. The appeal shall be taken as in other civil cases, although the appeal may be taken regardless of the amount involved.

(h) The commission's copy of a transcript of testimony shall be available to all parties for examination at all reasonable times, without cost, and for the purpose of judicial review of the commission's orders.

(i) The commission may appear in court by its own attorney.

(j) Unless otherwise directed by the commission or court, commencement of review proceedings under this section shall operate as a stay of any order of the commission.

(k) Petitions filed under this section shall be heard expeditiously and determined upon the transcript filed without requirement for printing.

(l) If a proceeding for judicial review is not instituted by a complainant or respondent within 30 days from the service of an order of the commission under section 62-8 of this article, the commission may obtain an order of the court for the enforcement of such order upon showing that the respondent is subject to the jurisdiction of the commission and resides or transacts business within the county in which the petition for enforcement is brought.

(C62, § 25A-19; O.8920; C75, § 2-327; O.9337; C79, § 2-327; O.9745; C91, § 2-327)

State law reference—Similar provisions, I.C. § 216.17.

Sec. 62-10. Temporary injunction.

If, at any time after a complaint is filed pursuant to this chapter, it shall appear to the human rights commission that there is reason to believe that the party charged has violated this chapter and there is reason to believe that the person charged is about to do acts which would make compliance with an order of the commission to alleviate the grievance difficult, the commission may request the attorney for the commission to seek a temporary injunction or other order granting preliminary or temporary relief, restraining the respondent from violation of this chapter.
(C62, § 2-434; O.7079, 7738; C62, § 25A-17; O.8920, C62, § 25A-20; C75, C79, C91, § 2-328; O.11,784, 13,922)

Sec. 62-11. Administration of chapter.

The human rights commission shall be the administrative agency of this chapter and shall promulgate rules and procedures to govern, expedite and effectuate this chapter and its own actions under this chapter. A copy of such rules shall be filed with the city clerk after adoption by the commission.
(C62, § 25A-18; O.7738, 8920; C62, § 25A-21; C75, § 2-329; O.9337; C79, C91, § 2-329)
Cross reference—Administration, ch. 2.

Sec. 62-12. Attorney.

The city attorney or a member of his or her staff shall be the attorney for the human rights commission, except the commission may hire or retain an attorney, other than the city attorney or a member of his or her staff, on a per-diem basis to represent it when, in the opinion of the commission, there is a conflict of interest between the commission and another city department, commission or board because of representation of such department, commission or board by the city legal department. In assigning a member of his or her staff, the city attorney shall make such assignment the first priority of such attorney's duties, up to and including the assignment of such attorney on a full-time basis to the commission whenever the commission deems such assignment necessary. The city attorney shall cooperate with the commission to ensure it receives the legal representation and counsel commensurate with its mission.
(C62, § 25A-19; O.7738, 8920; C62, § 25A-22; C75, C79, C85, § 2-330; O.11,468; C91, § 2-330)

Sec. 62-13. Director.

(a) Subject to the review and direction of the city manager after consultation with the commission, the director of the human rights commission shall serve as the principal administrative officer of the commission. The director shall be a person skilled in human relations, knowledgeable by training and experience in civil rights law and procedure with sufficient management and communication skills to effectuate the purposes of this chapter and work effectively within the established parameters of city government. The city manager shall conduct a performance evaluation at least ten days before the commission's annual meeting, at which meeting the commission shall review the city manager's evaluation of the director's performance for the year.

(b) In addition to such evaluation, the commission may from time to time, as it deems it necessary or advisable, confer with the city manager regarding the relative strengths and weaknesses of the director's job performance and the steps needed to maximize or correct the job performance. If such steps are not promptly taken with a measurable improvement in the performance of duty by the director, the commission may initiate appropriate action including directing the city manager to consider and initiate the director's removal, subject to section 62-41(l).
(C62, § 25A-20; O.7738, 8920; C62, § 25A-23; C75, C79, C85, § 2-331; O.11,468; C91, § 2-331; O.13,922, 15,283)

Sec. 62-14. Construction of chapter.

This chapter shall be construed broadly to effectuate its purpose.
(C62, § 25A-24; O.8920; C75, C91, § 2-332)

Sec. 62-15. Effect of remedies.

The remedies contained in this chapter shall be exclusive, and the provisions of section 1-15 of this Code shall not apply.
(C54, § 2-421; O.5775; C62, § 2-421; O.7738; C62, §§ 25A-4, 25A-5; O.8291, 8920; C75, § 2-315; O.9337; C79, § 2-315; O.10,244; C91, § 2-315(c); O.13,922)

Sec. 62-16. Sixty-day administrative release.

(a) A person claiming to be aggrieved by an illegal discriminatory practice must initially seek administrative relief by filing a complaint with the commission in accordance with section 62-2. After the proper filing of a complaint with the commission, a complainant may subsequently commerce an action for relief in the district court if all of the following conditions have been satisfied:

(1) The complainant has timely filed the complaint with the commission as provided in section 62-2(b); and

(2) The complaint has been on file with the commission for at least 60 days and the commission has issued a release to the complainant pursuant to subsection (b) of this section.

(b) Upon a request by the complainant, and after the expiration of 60 days from the timely filing of a complaint with the commission, the commission shall issue to the complainant a release stating that the complainant has a right to commence an action in the district court. A release under this subsection shall not be issued if a finding of no probable cause has been made on the complaint, a conciliation agreement has been executed under section 62-5, the commission has served notice of hearing upon the respondent pursuant to section 62-8, or the complaint is closed as an administrative closure and two years have elapsed since the issuance date of the closure.

(c) An action authorized under this section is barred unless commenced within 90 days after issuance by the commission of a release under subsection (b) of this section. If a complainant obtains a release from the commission under subsection (b) of this section, the commission is barred from further action on the complaint.

(d) Venue for an action under this section shall be in the county in which the respondent resides or has its principal place of business, or in the county in which the alleged unfair or discriminatory practice occurred.

(e) The district court may grant any relief in an action under this section which is authorized by this chapter to be issued by the commission. The district court may also award the respondent reasonable attorney's fees and the court costs if the court finds that the complainant's action was frivolous.
(O.14,520)

Secs. 62-17—62-40. Reserved.

ARTICLE II. COMMISSION*

Sec. 62-41. Established; appointment; composition; terms.

(a) There is established in the city government a commission to be known as the Des Moines Civil and Human Rights Commission.

(b) This commission shall consist of seven members broadly representative of the community.

(c) Commission members shall be appointed by the city council. All appointments shall be for a term of three years until the first Monday in April of the year in which the term ends. No member shall be appointed to serve more than two consecutive terms.

(d) The commission shall elect a chair, vice-chair, and secretary and such other officers as it deems appropriate from its members on an annual basis.

(e) Officers shall serve in their respective offices for a term of one year or until their successors shall be appointed and qualified.

*__Cross reference—__Boards, commissions, committees and agencies, § 2-1046 et seq.

(f) Any four members shall constitute a quorum.

(g) All commission members shall serve without compensation.

(h) If any member dies or resigns, a successor shall be appointed to serve for the unexpired period of the member's term.

(i) The commission may name subcommittees which in its judgment will aid in effectuating the purposes of this chapter and may empower it to study the problems of prejudice, intolerance, bigotry, and discrimination in any fields of human relationships within the purview of this chapter.

(j) In addition to the general requirements applicable to boards, commissions, committees and agencies under Chapter 2 Article VI of this Code, commission members are subject to the removal or retention requirements as stated in the commission rules and regulations and the city council may remove or retain a commission member pursuant to those rules.

(k) The appointment of the director shall be made by the city manager. The director shall be compensated in such amount as the city manager shall fix. The director shall serve at the pleasure of the city manager.

(l) The removal of the director must be approved by a majority vote of all commission members and concurrence of the city manager. Removal may be initiated by either the commission or the city manager.

(m) The director may recommend to the city manager additional personnel deemed necessary to carry out the purposes of this chapter.

(n) The expenses of activities shall be paid out of the funds appropriated for the purpose. The commission shall in addition be authorized to receive gifts and grants from any other sources to carry on its work.
(C54, § 2-419, O.5775; C62, § 2-419; O.7738; C62, § 25A-2; O.7745, 8920; C75, § 2-313; O.9337; C79, § 2-313; O.10,265; C85, § 2-313; O.11,468; C91, § 2-313; O.11,788, 13,922, 14,006, 15,283, 15,598)

Sec. 62-42. Powers and duties of commission and director.

(a) The human rights commission shall have the power and duty to:

(1) Initiate, receive, hear, and investigate complaints of discrimination by or against any person or group and to make a report to the city council of any violations of this chapter and of any illegal discrimination found to exist and issue orders to remedy such discrimination.

(2) Seek to conciliate complaints.

(3) Direct the attorney for the commission to petition the district court to seek a subpoena for books, papers, records and any other material evidence necessary to the investigation and hearings of any complaint filed pursuant to this chapter.

(4) Hold hearings upon any complaint filed against any respondent pursuant to section 62-2 of this chapter; demand witnesses and compel their attendance, and compel respondents to produce for examination any books, papers, and materials relating to any matters material to the subject of the complaint; and administer oaths and take the testimony of any person under oath. Such hearings may be held by the commission itself or by duly appointed hearing officers. There shall be issued findings of fact, recommendations and orders. If a witness either fails or refuses to obey a demand issued by the commission, the commission may petition the district court having jurisdiction for issuance of a subpoena, and the court shall in a proper case issue the subpoena.

(5) From time to time, but not less than once a year, render to the city council a written report of its activities and recommendations; hold regular meetings as otherwise required by this Code, including an annual meeting in September of each year at which officers shall be elected, the city manager's evaluation of the director's performance shall be reviewed,

and the commission's annual report to the city council, if not already filed, shall be approved and forwarded to the city clerk for receipt and filing by the city council; hold a joint meeting with the city council at least once each year.

(6) Formulate and carry out a comprehensive educational program designed to prevent and eliminate discrimination because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability or familial status, including the provision of training and educational services to businesses, professional groups, and educational agencies requesting workshops, seminars, or speakers to address specific issues and concerns within the purview of this chapter, as well as maintaining as a part of the commission's formal educational program a series of public forums addressing upon a rotating basis the various matters within this chapter about which there is the need to increase public awareness and response. The commission shall prepare and distribute a brochure explaining its mission, purpose, and procedures for dissemination within the city and shall publish and distribute a quarterly newsletter of its activities and concerns. The commission's educational and training efforts shall be undertaken in cooperation with any private, quasi-public, or public organization, agency, or association offering its support to such endeavor by providing staff to be trained to assist in the workshops and seminars sponsored by the commission, by providing clerical support services or professional expertise in the preparation and release of the brochure and newsletter, or providing financial support for the commission's educational and training program.

(7) Adopt such rules and regulations as may be necessary to govern, expedite, and effectuate this chapter and keep a record of its activities and minutes of its meetings.

(8) Investigate and study housing patterns and group relationships within the city and the extent of discrimination, prejudice and segregation in public accommodations, employment, apprenticeship programs, on-the-job training programs, housing and public, private, and vocational schools because of age, sex, sexual orientation, gender identity, race, religion, creed, color, national origin, ancestry, disability or familial status and the effect of such discrimination, and segregation in public accommodations, employment, apprenticeship programs, on-the-job training programs, housing patterns and public, private and vocational schools; and advise and cooperate with the mayor, the board and officials with relation to any such problems. The commission shall from time to time make recommendations to the mayor, the city council, the city manager, agencies, and officials, for the betterment of housing patterns and intergroup relationships within the community.

(9) Devise and recommend to the mayor and city council ways and means of discouraging and combating prejudice, intolerance, and bigotry in all groups and in their relations with one another.

(10) Discover all practices and policies calculated to create conflicts and tensions and recommend ways and means for their elimination.

(11) Report and recommend means of eliminating any unfair or unjust discrimination against any person or group which would be deemed detrimental to the best interests of the community.

(12) Enlist the cooperation of all racial, religious, educational, community, civic, business, fraternal, and benevolent associations and all other groups, associations and societies and all constructive community forces and talents that might be helpful to it in discharging its duties.

(13) Cooperate with federal, state, and city agencies, citizens, citizen organizations, the board of education, and parochial

and private schools in formulating and developing courses of education to accomplish the objectives of this chapter.

(14) Initiate and conduct voluntary surveys; assemble pertinent data, confer with groups and hold hearings; and expedite the work of the commission by making investigations and surveys through subcommittees.

(15) Endeavor by persuasion and education to induce public and private owners, lay and professional organizations of the housing industry, contractors, and lending institutions to institute nondiscriminatory practices in the procurement and financing of housing accommodations, according to one's ability to pay, without regard to age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability or familial status.

(16) Assist in creating advisory agencies which will aid in effectuating the purposes of this chapter, which may be authorized to study the problem of discrimination in all or specific fields or instances of discrimination because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability or familial status and which may be authorized to foster, through community effort or otherwise, good will, cooperation and conciliation among the groups and elements of the population of this city and make recommendations to the commission for the development of rules and procedures, and for the programs of formal and informal education, which the commission may recommend to the appropriate local agency. Advisory agencies shall be composed of representative citizens serving without pay. The commission may itself make the studies and perform the acts authorized by this subsection. The commission may, by voluntary conference with parties in interest, endeavor by conciliation and persuasion to eliminate discrimination in all the stated fields and to foster good will and cooperation among all elements of the population of this city.

(17) Act as a deferral agency of the Iowa Civil Rights Commission, the equal employment opportunity commission and of other regulatory governmental agencies deemed appropriate; receive such complaints as the state commission may refer; investigate and process them in the same manner as a complaint originally filed with the city commission; and report its investigative results, findings, conclusions, recommendations and orders to the state commission or other agency.
