(18) Apply for and maintain referral agency status with the Iowa Civil Rights Commission as set out in I.C. § 216.1 et seq., and the administrative rules promulgated pursuant to such chapter in the Iowa Administrative Code; correct any deficiencies which prevent the referral status being granted, including seeking any necessary city council action; and negotiate and present for city council approval and consent a referral contract with the Iowa Civil Rights Commission, including a provision that charges involving city staff as complainants or respondents, or otherwise aggrieved parties or alleged perpetrators, may be referred to and may be accepted by the Iowa Civil Rights Commission for investigation and determination.

(19) Any of the powers and duties described above may be delegated to the city manager or to the director.

(20) Engage in community mediation of matters, disagreements or disputes among persons the subject of which are voluntarily submitted to the commission by all involved parties pursuant to section 62-191 of this chapter.

(b) The director shall exercise the following powers and duties:

(1) Perform such duties as the commission or city manager may direct or delegate.

(2) Assist the commission in exercising its powers and performing its duties as set out in this chapter.

(3) Under the direction of the city manager, supervise and manage the staff of the commission.

(4) Report to the commission and the city manager at each monthly meeting the activities and performance of duties of the director and commission staff. Copies of this report shall be submitted to the mayor and city manager.

(5) Develop a plan and procedure to prevent any case being on file with the commission for more than 120 days without having been preliminarily screened for probable cause.

(6) Design and implement an orientation and ongoing training program for all staff and commissioners with emphasis on the commission's mandate, mission, and importance of each commissioner's participation and attendance.

(7) Perform any and all responsibilities set out in this chapter to be performed by the director.

(8) Perform any and all other tasks and duties which the commission deems necessary or appropriate to effectuate the purposes of this chapter as assigned by the city manager after consulting with the commission.

(9) Prepare and submit for commission comment and approval and city manager review the annual comprehensive report of the commission's activities and recommendations to the city council pursuant to this chapter.

(10) Under the direction of the city manager, act as the legislative liaison for the commission for all matters within the purview of this chapter.

(11) Under the direction of the city manager, actively seek grants and other types of funding consistent with the commission's mission for presentation to and consideration of the commission after official approval and direction from the commission and council.

ARTICLE III. DISCRIMINATORY EMPLOYMENT PRACTICES*

Sec. 62-71. Enumerated.

It shall be an illegal discriminatory employment practice for:

(1) An employer to fail or to refuse to hire or to discharge any individual or otherwise to discriminate against any individual with respect to such individual's compensation, terms, conditions or privileges of employment, or to limit, segregate, or classify employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect such individual's status as an employee, because of such individual's age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability. Sexual harassment is a prohibited discriminatory practice.

*__Cross reference—__Businesses, ch. 30.

(2) A labor organization or the employees, agents, or members thereof to refuse to admit to membership any applicant; to expel any member; to limit, segregate, or classify its membership or applicants for membership; or to classify or fail or refuse to refer for employment any individual in any way which would adversely affect such individual's status as an employee or as an applicant for employment or to otherwise discriminate against any applicant for membership or any member in the privileges, rights or the benefits of such membership because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability or to discriminate against any employer or any person employed by an employer because of age, race, religion, creed, color, sex, sexual orientation, national origin, ancestry or disability.

(3) An employer, employment agency, labor organization or the employees, agents or members thereof to directly or indirectly print or circulate or cause to be printed or circulated any advertisement, statement, or publication or to use any form of application for employment or membership or to make any inquiry in connection with prospective employment or membership which expresses, directly or indirectly, any limitation, specification, or discrimination as to age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability.

(4) Any employer, employment agency, labor organization or employees, agents or members thereof to discriminate in hiring, classifying, procuring, recruiting, referring, or placing persons for employment because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability.

(5) An employer, labor organization, employment agency, or employees, agents or members thereof to discharge, expel, harass, or otherwise discriminate against any person because such person has opposed any practice forbidden under this chapter or has filed a complaint, testified or assisted in any proceeding under this chapter.

(6) Any person to aid, abet, incite, compel or coerce the doing of any of the practices declared illegal or discriminatory by this chapter.

(C54, § 2-421; O.5775; C62, § 2-421; O.7738; C62, §§ 25A-4, 25A-5; O.8291, 8920; C75, § 2-315; O.9337; C79, § 2-315; O.10,244; C91, § 2-315(a); O.13,965, 15,067)

Sec. 62-71.1. Criminal record inquiry for employment purposes.

(a) In connection with the proposed employment of any person, it shall be an illegal discriminatory employment practice for an employer to include a criminal record inquiry on any application for employment. It shall further be an illegal discriminatory employment practice for an employer, but not private schools providing a regular course of instruction for any part of kindergarten through high school education, to engage in any of the following activity:

(1) To make any inquiry regarding or to require any person to disclose or reveal any convictions, arrests, or pending criminal charges during the application process, including but not limited to any interview. However, if the applicant voluntarily discloses any information regarding the applicant's criminal record at the interview, the employer may discuss the criminal record disclosed by the applicant.

The application process shall begin when the applicant inquiries about the employment being sought and shall end when an employer has extended a conditional offer of employment to the applicant.

(b) Employers shall comply with any obligations arising under federal or state law relating to authorization for background checks, notifying applicants about adverse hiring decisions

based on an applicant's criminal history, and any other matters involving use of criminal record information.
(O.16,083)

Sec. 62-72. Exemptions.

Nothing in this article shall be construed to apply to the following:

(1) The employment of individuals to render personal service to the person or the employer or members of the employer's family.

(2) Any employer who regularly employs fewer than four individuals. For purposes of this chapter, individuals who are members of the employer's family shall not be counted as employees.

(3) The employment of individuals for work within the home of the employer if the employer or members of the employer's family reside therein during such employment.

(4) Any exempt qualifications for employment imposed by a bona fide religious institution or its educational facility, association, corporation, or society as specified in I.C. § 216.6(6)(d).

Nothing in section 62-71.1 shall be constructed to apply to the following:

(5) The United States or any agency thereof.

(6) The state or any of its political subdivisions other than the city.

(7) Any employer inquiry on an application or in an interview that is required by federal or state law or regulation.

ARTICLE IV. DISCRIMINATORY HOUSING PRACTICES*

Sec. 62-101. Enumeration of illegal practices.

(a) It shall be an illegal discriminatory housing practice for any person, or for any owner or person acting for an owner of rights to a dwelling, with or without compensation, including but not limited to persons licensed as real estate brokers or salespersons, attorneys, auctioneers, appraisers, agents or representatives by power of attorney or appointment, or any person acting under court order, deed of trust, or will to:

(1) Refuse to sell, lease or rent after making of a bona fide offer; refuse to show or represent that a dwelling is unavailable; or refuse to negotiate for the sale, lease or rental of any dwelling or refuse to sublease or assign or otherwise make unavailable or deny a dwelling to any person because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status, or source of income.

(2) Directly or indirectly advertise or in any other manner indicate or publicize that the purchase, rental, lease, assignment, or sublease of any dwelling or any part, portion or interest therein, by persons of any particular race, color, sex, sexual orientation, gender identity, creed, religion, national origin, ancestry, disability, familial status, or source of income, is unwelcome, objectionable, not acceptable, or not solicited.

(3) Include in the terms, conditions or privileges of any sale, lease, sublease, rental, assignment or other transfer of any dwelling, any clause, condition or restriction discriminating against any person in the use or occupancy of the dwelling because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status, or source of income.

*__Cross references—__Housing code, § 26-436 et seq.; public housing, ch. 90.

(4) Discriminate in the furnishing of any facilities or services for any dwelling because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status, or source of income.

(5) Make, utter, print, publish or circulate or cause to be made, printed, uttered, published or circulated any notice, statement or advertisement; announce a policy; use any form of application with respect to the sale, purchase, lease, rental or financing of dwelling; or make any record or inquiry in connection with the prospective purchase, rental or lease of a dwelling which either records the race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status, or source of income of applicants or indicates directly or indirectly any preference, limitation, specification or discrimination on the basis of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status, or source of income or an intention to make any such preference, limitation, specification or discrimination.

(6) Discriminate against any other person because the latter has opposed any practice forbidden under this chapter or has filed a complaint, testified, or assisted in a proceeding under this chapter.

(7) Coerce, intimidate, threaten, or interfere with any person in the exercise or enjoyment of, or on account of that person having exercised or enjoyed, or on account of that person having aided or encouraged any other person in the exercise or enjoyment of, any right granted or protected by this chapter.

(8) Aid, incite, compel, coerce, or participate in the doing of any act declared to be a discriminatory housing practice under this section; attempt, directly or indirectly, to commit any act declared by this section to be a discriminatory practice; or attempt in any fashion to coerce, intimidate, compel, threaten, interfere, or in any other fashion force any person not to cooperate or participate in any hearing or other proceeding conducted by the human rights commission or its staff.

(9) For profit, induce or attempt to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person of a particular race, sex, sexual orientation, gender identity, color, creed, religion, ancestry, national origin, disability or familial status, or with a particular source of income.

(10) Steer or channel a prospective buyer into or away from an area because of race, sex, sexual orientation, gender identity, creed, religion, national origin, ancestry, color, disability, familial status, or source of income, by action by a real estate broker or salesperson which is intended to influence the choice of a prospective dwelling buyer on the basis of racial, religious, national origin, sex, sexual orientation, gender identity, religion, national origin, color, disability, ancestry, familial status, or source of income.

(11) Deny another person access to or membership or participation in a multiple-listing service, real estate brokers' organization or other service, organization, or facility relating to the business of selling or renting dwellings or discriminate against a person in terms or conditions of access, membership, or participation in such organization because of race, color, creed, sex, sexual orientation, gender identity, religion, ancestry, national origin, disability, familial status, or source of income.

(b) As used in this subsection, the term "residential real-estate-related transaction" means any of the following: (i) the making or purchasing of loans, accepting mortgages or providing other financial assistance for purchasing, constructing, improving, repairing, or maintaining a dwelling or secured by residential real estate; (ii) the selling, brokering, or appraising of

residential real property. It shall be an illegal discriminatory housing practice for any person, owner or person acting for an owner, of rights to dwelling, with or without compensation, including but not limited to persons licensed as real estate brokers, salespersons or entities whose business includes engaging in residential real-estate-related transactions to discriminate against any person in making available such a transaction or in the terms or conditions of such a transaction, because of race, color, creed, religion, sex, sexual orientation, gender identity, ancestry, disability, familial status, national origin, or source of income to discriminate in rates, terms, conditions or provisions of any such financial assistance or in the extension of services in connection therewith because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status, or source of income of the applicant for such loan or funds or of the would-be-purchaser or lessee or prospective occupant of dwelling or of the racial makeup of the neighborhood in which the property is located.

Editor's note—Ord. No. 15,781, § 2, states: This ordinance shall be in full force and effect from and after September 1, 2019, following its passage and publication as provided by law.

Sec. 62-102. Illegal discriminatory practices based on disability.

(a) A person shall not discriminate in the sale or rental or otherwise make unavailable or deny a dwelling to a buyer or renter because of a disability of any of the following persons:

(1) That buyer or renter.

(2) A person residing in or intending to reside in that dwelling after it is sold, rented, or made available.

(3) A person associated with that buyer or renter.

(b) A person shall not discriminate against another person in the terms, conditions, or privileges of sale or rental of a dwelling or in the provision of services or facilities in connection with the dwelling because of a disability of any of the following persons:

(1) That person.

(2) A person residing in or intending to reside in that dwelling after it is sold, rented, or made available.

(3) A person associated with that person.

(c) For the purpose of this section only, discrimination includes any of the following circumstances:

(1) A refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by the person if the modifications are necessary to afford the person full enjoyment of the premises. For a rental, a landlord may, where reasonable to do so, condition permission for a modification on the renter's agreement to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted.

(2) A refusal to make reasonable accommodations in rules, policies, practices, or services, when the accommodations are necessary to afford the person equal opportunity to use and enjoy a dwelling.

(3) In connection with the design and construction of covered multifamily dwellings for first occupancy after March 16, 1992, a failure to design and construct those dwellings in a manner that meets the following requirements:

a. The public use and common use portions of the dwellings are readily accessible to and usable by disabled persons.

b. All doors designed to allow passage into and within all premises within

the dwellings are sufficiently wide to allow passage by disabled persons in wheelchairs.

c. All premises within the dwellings contain the following features of adaptive design:

1. An accessible route into and through the dwelling.
2. Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations.
3. Reinforcements in bathroom walls to allow later installation of grab bars.
4. Usable kitchens and bathrooms so that a person in a wheelchair can maneuver about the space.

(d) Compliance with the appropriate requirements of the American National Standard for buildings and facilities providing accessibility and usability for physically handicapped people, commonly cited as ANSI A 117.1, satisfies the requirements of subsection (c)(3)c of this section.

(e) Nothing in subsections (a), (b) and (c) of this section requires that a dwelling be made available to a person whose tenancy would constitute a direct threat to the health or safety of other persons or whose tenancy would result in substantial physical damage to the property of others.
(C91, § 2-316.01; O.11,784, 12,072)

Sec. 62-103. Exemptions; applicability.

(a) Nothing in sections 62-101 and 62-102 of this article shall be construed to apply to the following:

(1) The rental or leasing of a dwelling in a building which contains dwellings for not more than two families living independently of each other, if the owner resides in one of such dwellings.

(2) Any exempt qualifications imposed by a bona fide religious institution as specified in I.C. § 216.12(1)(a).

(3) The rental or leasing of less than four rooms within a single dwelling by the occupant or owner of such dwelling, if the occupant or owner resides in the dwelling.

(4) The rental or leasing of a dwelling within which residents of both sexes must share a common bathroom facility on the same floor of the building. This exemption does not apply to race, color, creed, religion, sexual orientation, gender identity, national origin, ancestry, disability or familial status basis, or on the basis of source of income.

(5) The rental or leasing of a dwelling in a building which contains dwellings for not more than four families living independently of each other, if the owner resides in one of the dwellings for which the owner qualifies for the homestead tax credit under I.C. § 425.1.

(b) Nothing in sections 62-101 and 62-102 of this article regarding familial status shall apply with respect to housing for older persons. As used in this subsection, the term "housing for older persons" means housing:

(1) Provided under any state or federal program that is specifically designed and operated to assist elderly persons, as defined in the state or federal program, that the human rights commission determines to be consistent with determinations made by the Secretary of Housing and Urban Development;

(2) Intended for and solely occupied by persons 62 years of age or older; or

(3) For 80-percent occupancy by at least one person 55 years of age or older per unit, and providing significant facilities and services specifically designed to meet the physical or social needs of the persons, and the housing facility must publish and adhere to policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons 55 years of age or older.

(c) None of the exemptions stated in subsections (a) and (b) of this section shall apply to advertising.

(d) Nothing in section 62-101(b) prohibits a person engaged in the business of furnishing appraisals of real property to take into consideration factors other than race, color, religion, creed, national origin, ancestry, sex, sexual orientation, gender identity, disability, familial status, or source of income.

(e) The protection against source of income discrimination in section 62-101 of this article shall not:

(1) Require a person to rent to any participant receiving a source of income for the sole reason that the individual has such income source. Section 62-101 does not create a preference for persons with a source of income over those without such income source.

(2) Prohibit a person from refusing to lease a dwelling to a potential or current renter who is relying on a rent subsidy source of income administered by the city municipal housing agency or other city department, or administered by any other entity, for payment of part or all of the rent for a dwelling, if and when the entity administering the applicable source of income, or the U.S. Department of Housing and Urban Development determine that:

a. The rent for the dwelling exceeds the fair market rent authorized by the U.S. Department of Housing and Urban Development or by other regulations or contract requirements governing the applicable rent subsidy source of income; or

b. The person is not eligible or qualified for participation in the applicable rent subsidy program due to federal or local regulations and requirements, insufficient program funding, or other determinations made by the U.S. Department of Housing and Urban Development or by the entity administering the applicable rent subsidy source of income.

(f) Nothing in section 62-101 of this article prohibits any person, and any owner or person acting for an owner of rights to a dwelling, with or without compensation, from:

(1) Determining the ability of any potential buyer or renter to pay a purchase price or pay rent by:

a. Verifying, in a commercially reasonable manner, the source of income and amount thereof of the potential buyer or renter, including any rental or purchase payments or portions of thereof that will be made by other individuals or entities providing the source of income, on the same basis as payments to be made directly by the potential buyer or renter.

b. Evaluating, in a commercially reasonable manner, the prospective stability, security, and credit worthiness of the potential buyer or renter or any source of income of the potential buyer or renter, including any rental or purchase payments or portions thereof that will be made by other individuals or entities providing the source of income.

c. Refusing to consider income derived from any criminal activity.

(2) Obtaining and retaining records regarding a lessee's or purchaser's race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status, or source of income, when and for the sole purpose that such records are required for compliance with a federal, state, or local funding, loan, grant, or tax credit program, or federal, state, or local property development, rehabilitation, or redevelopment program, used, in whole or in part, to construct, operate, or maintain a housing project, or sharing said records with the applicable federal, state or local agency administering said program.

(3) Renting or selling a dwelling in accordance with restrictions for unit affordability, project unit mixes, area median income, owner-occupancy, or similar requirements, as required for compliance with a federal, state, or local funding, loan, grant, or tax credit program, or federal, state, or local property development, rehabilitation or redevelopment program, used, in whole or in part, to construct, operate, or maintain a housing project.

(C91, § 2-316.02; O.11,784, 12,072, 13,965, 15,067, 15,781, 16,083)

Editor's note—Ord. No. 15,781, § 2, states: This ordinance shall be in full force and effect from and after September 1, 2019, following its passage and publication as provided by law.

Sec. 62-104. Threat of force or intimidation; penalty.

(a) A person commits a public offense if the person, whether or not acting under color of law, by force or threat of force, intentionally intimidates or interferes with or attempts to interfere with a person under any of the following circumstances:

(1) Because of the person's race, color, creed, sex, sexual orientation, gender identity, religion, national origin, ancestry, disability, familial status, or source of income, and because the person is or has been selling, purchasing, renting, occupying, or financing, contracting for, or negotiating for the sale, purchase, rental or occupation of any dwelling, or applying for or participating in a service, organization, or facility relating to the business of selling or renting dwellings.

(2) Because the person is or has been doing any of the following:

a. Participating, without discrimination because of race, color, creed, sex, sexual orientation, gender identity, religion, national origin, ancestry, disability, familial status, or source of income, in an activity service, organization, or facility described in subsection (a)(1) of this section.

b. Affording another person the opportunity or protection to so participate.

c. Lawfully aiding or encouraging other persons to participate, without discrimination because of race, color, sex, sexual orientation, gender identity, religion, national origin, ancestry, disability, familial status, or source of income, in an activity, service, organization, or facility described in subsection (a)(1) of this section.

(b) Any person who fails to perform an act required by this section or who commits an act prohibited by this section shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(C91, § 2-316.03; O.11,784, 13,965, 15,067, 15,608, 15,781)

Editor's note—Ord. No. 15,781, § 2, states: This ordinance shall be in full force and effect from and after September 1, 2019, following its passage and publication as provided by law.

Sec. 62-105. Effect on other law.

This article does not affect a reasonable local or state restriction regarding maximum number of occupants permitted to occupy a dwelling.

(C91, § 2-316.04; O.11,784)

Sec. 62-106. Civil action.

(a) A complainant, a respondent, or an aggrieved person on whose behalf the complaint was filed pursuant to this chapter may elect to have the charges asserted in the complaint decided in a civil action as provided by section 62-107 of this article in accordance with the following:

(1) The election must be made not later than 20 days after the date of receipt by the electing person of service under subsection 62-4(h)(2) of this chapter, or for the human rights commission not later than 20 days after the date of such service.

(2) The person making the election shall give notice to the commission and to all other complainants and respondents to whom the election relates.

(3) The election to have the charges of a complaint decided in a civil action as provided in this subsection is only available if it is alleged that there has been a violation of section 62-101 or 62-102 of this article.

(b) An aggrieved person may, as provided I.C. § 216.16A, file a civil action in district court not later than two years after the occurrence of the termination of an alleged discriminatory housing or real estate practice or the breach of a mediation agreement entered into in section 62-4 of this chapter, whichever occurs last, to obtain appropriate relief with respect to the discriminatory housing or real estate practice or breach in accordance with the following:

(1) The two-year period does not include any time during which a public hearing under sections 62-4 and 62-8 of this chapter is pending with respect to a complaint or charge based on the discriminatory housing or real estate practice. This subsection does not apply to actions arising from a breach of a mediation agreement.

(2) An aggrieved person may file an action under this subsection whether or not a discriminatory housing or real estate complaint has been filed under section 62-2 of this chapter and without regard to the status of any discriminatory housing or real estate complaint filed under that section.

(3) However, an aggrieved person shall not file an action under this subsection with respect to an alleged discriminatory housing or real estate practice that forms the basis of a charge issued by the commission if the commission has begun a hearing on the record under sections 62-4 and 62-8 of this chapter with respect to the charge.

(4) If the commission has obtained a mediation agreement with the consent of an aggrieved person, the aggrieved person shall not file an action under this subsection with respect to the alleged discriminatory practice that forms the basis for the complaint except to enforce the terms of the agreement.

(C91, § 2-322.02; O.12,072)

State law reference—Similar provisions, I.C. § 216.16A.

Sec. 62-107. Additional civil proceedings.

(a) Additional civil proceedings are available in the area of discriminatory housing practices as follows:

(1) If timely election is made under section 62-106 of this article, the parties are entitled to all rights, protections and remedies provided by I.C. § 216.17A.

(2) An aggrieved person may intervene in the action.

(3) If the district court finds that a discriminatory housing or real estate practice has occurred or is about to occur, the district court may grant any relief that a court may grant in a civil action under I.C. § 216.17A.

(4) If monetary relief is sought for the benefit of an aggrieved person who does not intervene in the civil action, the district court, as provided by I.C. § 216.17A, shall not award the monetary relief if that aggrieved person has not complied with discovery orders entered by the district court.

(b) An order of the human rights commission under sections 62-4 and 62-8 of this chapter and a commission order that has been substantially affirmed by judicial review do not affect a contract, sale, encumbrance, or lease that was consummated before the commission issued the order and involved a bona fide purchaser, encumbrancer, or tenant who did not have actual notice of the charge issued under this section.

(c) If the human rights commission issues an order with respect to a discriminatory housing practice that occurred in the course of a business subject to a licensing or regulation by a

governmental agency, the commission, not later than 30 days after the date of issuance of the order, shall do all of the following:

(1) Send copies of the findings and the order to the governmental agency.

(2) Recommend to the governmental agency appropriate disciplinary action.

(d) If the commission issues an order against a respondent against whom another order was issued within the preceding five years under section 62-4 or 62-8 of this chapter, the commission shall send a copy of each order issued under that section to the state attorney general.

(e) On application by a person alleging a discriminatory housing practice or by a person against whom a discriminatory practice is alleged, the district court may, as provided by I.C. § 216.17A, appoint an attorney for the person.

(f) In an action under this section, if the district court finds that a discriminatory housing or real estate practice has occurred or is about to occur, the district court may, as provided by I.C. § 216.17A, award or issue to the plaintiff one or more of the following:

(1) Actual and punitive damages.

(2) Reasonable attorney's fees.

(3) Court costs.

(4) Subject to subsection (g) of this section, any permanent or temporary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in the practice or ordering appropriate affirmative action.

(g) Relief granted under this section does not affect a contract, sale, encumbrance, or lease that was consummated before the granting of the relief and involved a bona fide purchaser, encumbrancer, or tenant who did not have actual notice of the filing of a complaint under section 62-2 of this chapter or a civil action under this section.

(h) On the request of the human rights commission, the attorney may intervene in an action under this section if the commission certifies that the case is of general public importance. The attorney may obtain the same relief available to the attorney under subsection (i) of this section.

(i) On the request of the human rights commission, the commission's attorney shall file a civil action in district court for appropriate relief if the commission has reasonable cause to believe that any of the following applies:

(1) A person is engaged in a pattern or practice of resistance to the full enjoyment of any housing right granted by section 62-161 or 62-102 of this chapter.

(2) A person has been denied any housing right granted by this chapter and that denial raises an issue of general public importance.

(j) In an action under this section, the district court may, as provided by I.C. § 216.17A, do any of the following:

(1) Order preventive relief, including a permanent or temporary injunction, restraining order, or other order against the person responsible for a violation of housing rights as necessary to ensure the full enjoyment of the housing rights granted by this chapter.

(2) Order another appropriate relief, including the awarding of monetary damages, reasonable attorney's fees, and court costs.

(3) To vindicate the public interest, assess a civil penalty against the respondent in an amount not to exceed those established by I.C. § 216.17A as follows:

a. Fifty thousand dollars for a first violation.

b. One hundred thousand dollars for a second or subsequent violation.

(k) A person may intervene in an action under this section if the person is any of the following:

(1) An aggrieved person to the discriminatory housing or real estate practice.

(2) A party to a mediation agreement concerning the discriminatory housing or real estate practice.

(l) The attorney, on behalf of the commission or other party at whose request a subpoena is issued, may enforce the subpoena in appropriate proceedings in district court.

(m) A court in a civil action brought under this section or the commission in an administrative hearing under sections 62-4 and/or 62-8 of this chapter may award reasonable attorney's fees to the prevailing party and assess court costs against the non-prevailing party.

ARTICLE V. DISCRIMINATORY PUBLIC ACCOMMODATIONS PRACTICES*

Sec. 62-136. Enumerated.

It shall be an illegal discriminatory public accommodations practice for any person, owner, lessor, lessee, sublessee, proprietor, manager, superintendent, agent, or employee of any place of public accommodation to:

(1) Refuse or deny to any person because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability the accommodations, advantages, facilities, goods, services, or privileges thereof or otherwise discriminate, separate, segregate or make a distinction against any person because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability in the furnishing of such accommodations, advantages, facilities, goods, services or privileges.

(2) Directly or indirectly print or circulate or cause to be printed or circulated any advertisement, statement, publication or use any form of application for entrance and membership which expresses, directly or indirectly, any limitation, specification or discrimination as to race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability or indicate or publicize that the patronage of persons of any particular race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability is unwelcome, objectionable, not acceptable, or not solicited.

(3) Discriminate against any other person because such person has opposed any practice forbidden under this chapter or has filed a complaint, testified or assisted in any proceeding under this chapter.

(4) Aid, incite, compel, coerce, or participate in the doing of any act declared to be a discriminatory accommodations practice under this section, or attempt, directly or indirectly, to commit any act declared by this section to be a discriminatory practice.

(C62, §§ 25A-8, 25A-9; O.7738, 8291, 8920; C75, § 2-317; O.9337; C79, § 2-317; C91, § 2-317(a); O.13,965, 15,067)

Sec. 62-136.1. Commercial tenancy discrimination.

It shall be an illegal discriminatory practice for any person, owner, lessor, lessee, sublessee, proprietor, manager, superintendent, agent, or employee of any commercial space to refuse or deny to any person because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry or disability the rental, leasing, subleasing, licensing, transferring, use, occupancy, tenure or enjoyment, of commercial space or the beneficial use of its facilities, goods, services, or privileges thereof or otherwise discriminate, separate, segregate or make a distinction against any person because of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, age, ancestry or disability in the offering or furnishing of commercial space, or beneficial use of its facilities, goods, services or privileges thereof.

The provisions of this section shall not be construed by negative implication or otherwise to narrow or restrict any part or portion of section 62-136 or any other provisions of this chapter.

Sec. 62-137. Exemptions.

Nothing in this article shall be construed to apply to the following:

(1) Any exempt qualifications imposed by a bona fide religious institution as specified in I.C. § 216.7(2)(a).

(2) The rental or leasing to transient individuals of fewer than six rooms within a single housing accommodation by the occupant or owner of such housing accommodation if the occupant or owner or members of the occupant's or owner's family reside therein.

(3) Restrictions based on sex on the rental or leasing of housing accommodations by nonprofit corporations.

(4) Restrictions based on sex on the rental or leasing of housing accommodations which the owner can show were operated for the purpose of providing housing for persons of any one sex prior to January 21, 1972.

ARTICLE VI. DISCRIMINATORY MUNICIPAL PRACTICES*

Sec. 62-166. Illegal practices.

It shall be an illegal discriminatory municipal practice for the city or any employee, official, agent or representative of the city to refuse or deny to any person, because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status or source of income, the services, advantages, facilities or privileges offered by the city or otherwise to discriminate, separate, segregate, or make a distinction against any person, because of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status or source of income, in the furnishing of such services, advantages, facilities or privileges.

(C62, § 25A-10; O.7738, 8291, 8920; C75, § 2-318; O.9337; C79, C91, § 2-318; O.13,922, 13,965, 15,067, 15,781)

Editor's note—Ord. No. 15,781, § 2, states: This ordinance shall be in full force and effect from and after September 1, 2019, following its passage and publication as provided by law.

Sec. 62-167. Reasonable accommodation.

The city declares its intent to make reasonable accommodation in rules, policies, practices, or services, when the accommodations are necessary to afford a person with a disability equal opportunity to use and enjoy a dwelling. Any person seeking reasonable accommodation in any rules, policies, practices, or services of the city, other than those adopted by the city in its capacity as a municipal housing agency, shall make application in the manner provided in section 2-1233 of this Code. Any person seeking reasonable accommodation in any rules, policies, practices, or services adopted by the city in its capacity as a municipal housing agency shall make application to the director of housing services.

(C91, § 2-318.01; O.13,383)

Sec. 62-168. City contracts.

The city and all of the contracting departments, divisions, boards, commissions, officials, agents and employees shall include in all contracts a provision obligating the contractor not to commit any of the illegal discriminatory employment practices set forth in this chapter and shall require such contractor to include the same provision in all subcontracts.

(C54, § 2-422; O.5775; C62, § 2-422; O.7738; C62, § 25A-11; O.8920; C75, § 2-319; O.9337; C79, C91, § 2-319; O.13,922)

Sec. 62-169. Nondiscrimination in urban renewal projects.

Nondiscrimination clauses shall be included in all leases and contracts which the city proposes to enter into with respect to the lease, sublease,

transfer, use, occupancy, tenure, or enjoyment of any land in an urban renewal project, in substantially the following form:

(1) *Leases.* The lessee herein covenants by and for the lessee and the lessee's heirs, executors, administrators and assigns, and all persons claiming under or through them, and this lease is made and accepted upon and subject to the following conditions: That there shall be no discrimination against or segregation of any person or group of persons on account of race, religion, creed, color, sex, sexual orientation, gender identity, national origin, ancestry, disability, familial status or source of income, in the leasing, subleasing, transferring, use, occupancy, tenure or enjoyment of the premises herein leased, nor shall the lessee or any person claiming under or through the lessee establish or permit any such practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, sublessees, subtenants or vendees in the premises herein leased.

(2) *Contracts.* In contracts relating to the sale, transfer, or leasing of land, or any interest therein acquired by the city, within any urban renewal area or project, the provisions in subsection (1) of this section in substantially the forms set forth shall be included, and such contracts shall further provide that such provisions shall be binding upon and shall obligate the contracting party and any subcontracting party or other transferees under such instrument.

(C54, § 2-425.01; O.6076; C62, § 2-425.01; O.7738; C62, § 25A-12; O.8291, 8920; C75, § 2-320; O.9337; C79, C91, § 2-320; O.13,965, 15,067, 15,781)

ARTICLE VII. DISCRIMINATORY EDUCATION, CREDIT, OTHER PRACTICES

Sec. 62-172. Illegal credit practices.

(a) It shall be an illegal discriminatory practice for any:

(1) Creditor to refuse to enter into a consumer credit transaction or impose finance charges or conditions more onerous than those regularly extended by that creditor to consumers of similar economic backgrounds because of age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical disability or familial status.

(2) Persons authorized or licensed to do business in this state pursuant to I.C. chs. 524, 533, 536, or 536A to refuse to loan or extend credit or impose terms or conditions more onerous than those regularly extended to persons of similar economic backgrounds because of age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical disability or familial status.

(3) Creditor to refuse to offer credit life or health and accident insurance because of age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical disability or familial status. Refusal by a creditor to offer credit life or health and accident insurance based upon the age or physical disability of the consumer shall not be an unfair or discriminatory practice if such denial is based solely upon bona fide underwriting considerations not prohibited by I.C. title XIII, subtitle 1.

(b) The provisions of this section shall not be construed by negative implication or otherwise to narrow or restrict any other provisions of this chapter.

(O.16,083)

Sec. 62-173. Dwelling tenancy discrimination.

(a) It shall be an illegal discriminatory practice for an owner of a dwelling to deny a prospective tenant or to remove or evict a current tenant based on the tenant's five-year-old arrests or convictions for non-violent misdemeanor offenses under Iowa law, municipal or county ordinance or their equivalent categorization of offense if from another jurisdiction outside the state.

(b) Nothing in this section shall be construed to apply to a participant in a federal, state or local government housing assistance program that requires denial of a prospective tenant, or the removal or eviction of a current tenant based on such prior arrests or convictions.

ARTICLE VIII. COMMUNITY MEDIATION

Sec. 62-191. Voluntary community mediation.

The commission, in its mission to establish mutual understanding and respect among persons within the city, may engage in mediation of matters, disagreements or disputes between persons which may have a real or perceived discriminatory impact or consequence and which may not constitute an illegal discriminatory practice under this chapter, or of any other dispute regarding human relations or rights. The commission shall promulgate rules and procedures for voluntary mediation in accordance with section 62-11, which rules and procedures shall include the following:

(1) Mediation shall be initiated only after the commission has received a formal request for mediation services signed by all involved parties and the director. The director or one of its designees shall preside over the mediation and shall use conference, conciliation, and persuasion with the involved parties and any resolution shall be embodied in a conciliation agreement signed by all involved parties and the director.

(2) If director or its designee is unable, after reasonable efforts, to resolve the matter, disagreement or dispute through mediation, the director or its designee shall declare an impasse, withdraw and not participate further. The director or its designee may advise the involved parties of such appropriate or available remedies as may exist to further pursue the resolution of the matter, disagreement or complaint.

*__Cross references—__Administration, ch. 2; streets, sidewalks, skywalks and other public places, ch. 102.

ARTICLE I. IN GENERAL

Sec. 66-1. Composition; function.

The public library of the city is comprised of the main library and all branch libraries established by the city. It shall function as a free public library for city residents.
(C75, § 2-333; O.8957; C79, C91, § 2-333)

Sec. 66-2. Use by nonresidents.

The library board of trustees may authorize the use of the library by nonresidents by any one or more of the following ways:

(1) Lending the books or other materials of the library to nonresidents on the same terms and conditions as to residents of the city or upon payment of a special nonresident library fee.

(2) Establishing depositories of library books or other materials to be loaned to nonresidents.

(3) The transportation of books or other library materials by mobile or other conveyance for lending to nonresidents.

(4) Establishing branch libraries for lending books or other library materials to nonresidents.

(C75, § 2-339; O.8957; C79, C91, § 2-339)

Sec. 66-3. Operation and maintenance account.

All money appropriated by the city council from the general fund for the operation and maintenance of the library shall be set aside by the finance director in an account for the library and shall be paid out only upon the orders of the library board of trustees, signed by its president and secretary.
(C42, § 97-3; C54, C62, § 27-4; C75, § 2-340; O.8957; C79, C91, § 2-340)

Sec. 66-4. Annual report.

The library board of trustees shall make a report to the city council immediately after the close of the municipal fiscal year. This report shall contain statements of the condition of the library, the number of books added thereto, the number circulated, the number not returned or lost, the amount of fines collected, and the amount of money expended in the maintenance of the library during the year, together with such further information required by the council.
(C75, § 2-341; O.8957; C79, C91, § 2-341)

Secs. 66-5—66-30. Reserved.

ARTICLE II. BOARD OF TRUSTEES*

Sec. 66-31. Composition; appointment.

The board of trustees of the public library, referred to as the "board," consists of five members. All board members shall be appointed by the mayor with the approval of the council.
(C75, § 2-334; O.8957; C79, C85, § 2-334; O.11,385; C91, § 2-334)

Sec. 66-32. Qualifications of members.

All members of the library board of trustees shall be bona fide citizens and residents of the city and shall be 18 years of age or over.
(C75, § 2-335; O.8957; C79, C91, § 2-335)

Sec. 66-33. Organization.

Appointments to the library board of trustees shall be for six years, except to fill vacancies. Each term shall commence on July 1. Appointments shall be made every two years of one-third the total number of the board as nearly as possible.
(C75, § 2-336; O.8957; C79, C85, § 2-336; O.11,385; C91, § 2-336)

Sec. 66-34. Powers and duties.

The library board of trustees shall have and exercise the power and duty to:

(1) Meet and elect from its members a president, a secretary, and such other officers as it deems necessary. The finance director shall serve as treasurer of the board but shall not be a member of the board.

*__Cross reference—__Boards, commissions, committees and agencies, § 2-1046 et seq.

(2) Have charge, control and supervision of the public library, its appurtenances and fixtures, and rooms containing such.

(3) Direct and control all of the affairs of the public library.

(4) Employ a librarian, such assistants and employees as may be necessary for the proper management of the library, and fix their compensation; provided, however, that prior to such employment, the compensation of the librarian, assistants, and employees shall have been fixed by a majority of the members of the board voting in favor thereof.

(5) Remove by a two-thirds vote of the board such librarian, assistants, or employees for misdemeanor, incompetency, or inattention to the duties of such employment, subject to I.C. ch. 35C.

(6) Select, or authorize the librarian to select, and make purchases of books, pamphlets, magazines, periodicals, papers, maps, journals, other library materials, furniture, fixtures, stationery, and supplies for the library.

(7) Authorize the use of the library by nonresidents of the city and fix charges therefor.

(8) Make and adopt, amend, modify, or repeal bylaws, rules and regulations, not inconsistent with state law or local ordinance, for the care, use, government, and management of the library and the business of the board, fixing and enforcing penalties for violation thereof.

(9) Have exclusive control of the expenditures of all funds allocated for library purposes by the city council and of all moneys available by gift or otherwise for the erection of library buildings and of all other moneys belonging to the library, including fines and rentals collected under the rules adopted by the board.

(10) Accept gifts of real property, personal property, or mixed property and devises and bequests, including trust funds; take title to such property in the name of the library; execute deeds and bills of sale for the conveyance of such property; and expend the funds received from such gifts, for the improvement of the library.

(11) Keep records of its proceedings.

(12) Enforce the performance of conditions on gifts, donations, devises and bequests to or for the library and accepted by the city, taking such action as may be necessary to do so against the city council.

(13) In its discretion, make agreements with Polk County historical associations, where such exist, and set apart the necessary room and to care for such articles as may come into the possession of the association; in its discretion, purchase necessary receptacles and materials for the preservation and protection of such articles as are in its judgment of a historical and educational nature and pay for such out of the funds allocated for library purposes.

(14) Contract with the board of trustees of the central Iowa regional library system to strengthen local public library services throughout such region.

(C42, §§ 97-2, 97-3; C54, C62, §§ 27-2, 27-3; C75, § 2-337; O.8957; C79, C91, § 2-337)

Sec. 66-35. Power to contract for use of library.

(a) The library board of trustees may contract with boards of trustees of other free public libraries or with any other city, school corporation, private or semiprivate organization, institution of higher learning, township or county or with the trustees of any county library district for the use of the library by their respective residents.

(b) Such a contract may be terminated at any time by mutual consent of the contracting parties. It may also be terminated by the vote of a majority of the electors represented by either of the contracting parties. Such a termination proposition shall be submitted to the electors by the governing body of a contracting party upon a written petition of not less than five percent in number of the electors who voted for governor in the territory of that party at the last general

election. The petition must be presented to the governing body no less than 40 days before the election. The proposition may be submitted at any election provided by law that is held in the territory of the party seeking to terminate the contract.

State law reference—Similar provisions, I.C. § 723.1.

Sec. 70-33. Trials for violation of section 70-31 or 70-32; allegation as to number.

Any person guilty of violating section 70-31 or 70-32 of this article may alone be tried and convicted thereof, but it must be alleged in the information and proved on the trial that three or more persons were engaged therein.
(C62, § 32-4.02; O.7788; C75, C79, C91, § 17-9)

Sec. 70-34. Command to leave or disperse.

No person in the near vicinity of a disorderly assembly or riot, whether an active participant or not, and who has been commanded by any law enforcement officer to leave the vicinity or disperse shall fail or refuse to do so without justifiable cause.
(C62, § 32-4.03; O.7789; C75, C79, C91, § 17-10)

State law reference—Similar provisions, I.C. § 723.3.

Sec. 70-35. Disorderly houses.

(a) For the purpose of this section, the term "disorderly house" shall mean and include any building, house, enclosure or place where riotous, noisy or disorderly conduct or loud or unusual noises or loud, profane or vulgar language or drunkenness, quarreling or fighting is engaged in or permitted; or to which prostitutes and vagrants resort.

(b) No person shall keep, maintain, operate, or be concerned in keeping, maintaining or operating within the city any illegal gambling place; disorderly house; house of prostitution; place where illegal narcotics are kept, used, or sold; or place where intoxicating liquor is illegally kept, sold or served. No person shall frequent or be found in any such place or be employed therein.

(c) No person knowing the character or reputation of any such place shall transport others to or from the place.
(C42, §§ 106-4, 106-5; C54, C62, § 32-5; C75, C79, C85, § 17-11; O.11,567; C91, § 17-11)
State law reference—Similar provisions, I.C. § 723.4.

Sec. 70-36. Disturbing peace or quiet.

(a) No person shall act with a purpose, or with willful or wanton disregard, to disturb or aid in disturbing the peace, quiet or good order of or disrupt or aid in disrupting any person or assembly, place or meeting, public or private, by doing any of the following:

(1) An act of violence or by any act likely to produce violence or by engaging in fighting, threatening or tumultuous behavior except that participants in athletic contests may engage in such conduct which is reasonably related to that sport,

(2) By making any unreasonably loud noise to cause public inconvenience, annoyance or alarm, or recklessly creating a risk of public inconvenience, annoyance or alarm,

(3) By addressing abusive language, threats, or gestures to any person present which the person knows or reasonably should know is likely to provoke a violent reaction by another,

(4) Without lawful authority or color of authority, otherwise engage in conduct intended to disrupt a lawful assembly or meeting of persons.

(b) Nothing contained in subsection (a) of this section shall be held to prohibit peaceful picketing, public speaking, the ordinary conduct of a legitimate business, or other lawful expressions of opinion not in contravention of other laws.
(C42, § 106-2; C54, C62, § 32-6; O.7990; C75, C79, C91, § 17-12; O.15,828)
State law reference—Similar provisions, I.C. § 723.4.

Sec. 70-37. Standing, loitering and obstructing persons.

(a) No person shall congregate, stand, loaf or loiter upon any street, sidewalk, bridge or crossing so as to obstruct the street, sidewalk, bridge or crossing or hinder or prevent persons passing or attempting or desiring to pass thereon.

(b) No person shall congregate, stand, loaf or loiter in or in front of any hall, lobby, doorway, passage or entrance of any public building, theater, hotel, eating house, lodginghouse, office building, store, shop, office or factory or other like building so as to obstruct such place or hinder or prevent persons walking along or into or out of such place or attempting or desiring to do so.

(c) No person shall sit upon or lean upon or against any railing or other barrier about any area, entrance, basement or window to obstruct the light or prevent passage of persons or tenants occupying the building to which such area, entrance, basement or window belongs.

(d) No person shall stand, loaf, loiter, or remain in or in the immediate vicinity of or frequent a public transportation terminal, whether publicly or privately owned, unless there present with intent to use or to accompany or meet a person using the public transportation there offered or to use one or some of the accessory convenience facilities operated at such terminal for the use of travelers.

(e) No person shall congregate, stand, loiter, or remain in any parking garage, whether publicly or privately owned, so as to interfere with the property of others or with any person's ability to use the services afforded by the garage, unless present there with the intent to park or use any other services afforded by the garage.
(C42, § 106-3; C54, C62, § 32-28; O.8216; C75, § 17-13; O.9424; C79, C91, § 17-13; O.11,798)

Sec. 70-38. Loitering on public property.

No persons shall collect, assemble or group together and, after being so collected, assembled or grouped together, stand or loiter on any sidewalk, parking or any street corner or at any other place in the city to the hindrance or obstruction to free passage of any person passing on or along any sidewalk or street in the city.
(C54, § 32-28.01; O.6519, 6547; C62, § 32-28.01; O.8216; C75, C79, C91, § 17-14)

Sec. 70-39. Loitering near government buildings.

(a) No person shall congregate, stand, loaf or loiter in or in front of or around any school or other public building occupied in whole or in part

by any governmental subdivision, including any agency, body, department, office, board or commission and the like thereof, so as to obstruct, hinder, prevent or disrupt the normal functions carried on therein or thereat or so as to obstruct, hinder or prevent persons passing by or into or out of the school or other public building or attempting or desiring to do so.

(b) Nothing contained in subsection (a) of this section shall be held to prohibit peaceful picketing, public speaking, the ordinary conduct of a legitimate business, or other lawful expressions of opinion not in contravention of other laws.

ARTICLE III. OFFENSES AGAINST PUBLIC SAFETY

Sec. 70-66. False reports to or communications with public safety entities.

(a) It shall be unlawful for a person to report or cause to be reported false information to a fire department, a law enforcement authority, or other public safety entity, knowing that the information is false, or to report the alleged occurrence of a criminal act, knowing the act did not occur.

(b) It shall be unlawful for a person to telephone an emergency 911 communications center, knowing that the person is not reporting an emergency or otherwise needing emergency information or assistance.

(c) It shall be unlawful for a person to knowingly provide false information to a law enforcement officer who enters the information on a citation.
(C42, § 112-5; C54, C62, § 32-7; C75, C79, § 17-17; C54, § 32-7.01; O.5983, 5989; C62, § 32-7.01; C75, C79, § 17-18; C85, §§ 17-16, 17-17; O.10,946, 11.567; C91, §§ 17-16—17-18; O.13,385)

State law reference—Similar provisions, I.C. § 718.6.

Sec. 70-66.1. False reports to or communications with public safety entities based on membership in or association with a protected class.

(a) It shall be unlawful for a person to report or cause to be reported false information to a fire department, a law enforcement authority, or other public safety entity, knowing that the information is false, or to report the alleged occurrence of a criminal act, knowing the act did not occur if the report is based in whole or part on the reported or accused person's membership in or association with a protected class identified and/or defined in chapter 62 of this Code or I.C. ch. 216.

(b) A person who commits an act in violation of this section shall be guilty of a misdemeanor punishable by a fine of $855.00 or shall be guilty of a municipal infraction punishable by a civil penalty of $750.00 and, for a repeat violation, a civil penalty of $1,000.00.
(O.16,084)

Sec. 70-67. Resisting officer.

No person shall resist or obstruct the chief of police, any police officer, or any member of the fire department or other city officer or employee in the performance of any official duty.
(C42, § 112-1; C54, C62, § 32-36; C75, C79, C91, § 17-19)

State law reference—Similar provisions, I.C. § 718.4.

Sec. 70-68. Placing stench bombs in public assembly.

No person shall place in any theater, school or public assembly of persons or public place any stench bombs, sneezing powders or tear gas or any substance obnoxious to the smell or any substance intended to create sneezing, tears or any bodily discomfort.
(C42, § 108-8; C54, C62, § 32-39; C75, C79, C91, § 17-20)

Sec. 70-69. Definition of noxious substance.

Unless otherwise expressly stated or the context clearly indicates a different intention, the follow-

ing term shall, for the purpose of sections 70-70 and 70-71 of this article, have the meaning in this section:

Noxious substance means any substance or material or any device containing a substance or material, which contains any of the following materials, has any of the following effects, or which may be described in any of the following ways: stench bombs, sneezing powder, tear gas, mustard gas, phosgene gas, chlorine gas, chloracetophenone (CN), orthochlorobenzal-malononitrile (CS), oleoresin capsicum, or any other obnoxious substances or nauseating gases or mixtures of chemicals designed to produce and capable of producing vile, injurious or nauseating odors or gases or which produce tears, sneezing or any other bodily discomfort.
(C42, § 108-9; C54, C62, § 32-40; C75, § 17-21; Repealed by O.9472, Reenacted by O.9492; C79, C91, § 17-21)

Cross reference—Definitions generally, § 1-2.

Sec. 70-70. Sale of noxious substances or devices.

(a) No person shall sell, offer for sale or keep for sale any noxious substance or any device which releases a noxious substance, as defined in section 70-69 of this article, unless such has been certified as not being a hazardous substance pursuant to the provisions of the Federal Hazardous Substances Act of 1961, 15 USC 47.

(b) If a noxious substance or device is classified as a hazardous substance pursuant to the provisions of the federal act mentioned in subsection (a) of this section, the provisions of that act and of regulations promulgated pursuant thereto shall control as to the limitations on the sale or possession of such substances or devices. No person shall sell, offer for sale, or keep for sale any noxious substance or device which releases a noxious substance which is not controlled by the provisions of the federal act unless the device is accompanied by a complete description of the device's capabilities and effects, including the following:

(1) Whether the particular device fires a stream or mist and the scope of the stream or mist.

(2) The maximum range of the particular device.

(3) The effect that a breeze or wind may have on the accuracy of the stream or spray.

(4) The effects that the particular device or substance will have on an individual who is sprayed.

(5) The antidote or recommended treatment for the effects of the substance.

(C75, § 17-21.01; O.9492; C79, C91, § 17-21.01)

Sec. 70-71. Use of noxious substances.

No person shall maliciously or without just cause release or cause or procure to be released in any private home, place of business or place of public gathering any noxious substance which results in bodily injury to any person from such release. Nothing contained in this section shall prevent the use of noxious substances by peace officers in the proper performance of their duties or by any person in the lawful protection of a person or property.
(C75, § 17-21.02; O.9492; C79, C91, § 17-21.02)

Sec. 70-72. Abandoned or unattended refrigerators.

It shall be unlawful for any person to abandon or otherwise leave unattended any refrigerator, icebox, or similar container, with doors that may become locked, outside of buildings and accessible to children or to allow any such refrigerator, icebox, or similar container to remain abandoned or unattended outside of a building on premises in the person's possession or control and so accessible to children.
(C42, § 108-1.01; O.5503; C54, C62, § 32-1; C75, C79, § 17-22; C42, § 108-1.02; O.5503; C54, C62, § 32-2; C75, C79, § 17-23; C42, § 108-1.03; O.5503; C54, C62, § 32-3; C75, C79, C85, § 17-24; O.11,567; C91, §§ 17-22—17-24)

State law reference—Similar provisions, I.C. § 727.3.

Sec. 70-73. Emptying flammable liquids into sewers.

No person shall deposit into any public sewer or into any sewer connecting with a public sewer

any flammable liquid, including but not limited to benzine, benzol, naphtha, gasoline or any other liquid product of petroleum.
(C42, § 108-10; C54, C62, § 32-37; C75, C79, C85, § 17-25; O.11,567; C91, § 17-25)

Sec. 70-74. Swimming.

(a) No person shall bathe or swim in the Des Moines River or Raccoon River, except as authorized by the city council by resolution if the person has obtained a permit from the Iowa Department of Natural Resources, or in any other unsupervised place within the city or within a city-owned park, except by written permission of the park and recreation director per section 74-112(a) of this Code.

(b) Nothing contained in this section shall be construed to prohibit swimming or bathing at any regular municipal bathhouse or other public bathing place under such rules and regulations as may be prescribed by the city park and recreation board.
(C42, §§ 113-1 to 113-3; C54, § 32-41; O.5927; C62, § 32-41; O.8653; C75, C79, C91, § 17-26; O.15,018)

Sec. 70-75. Cutting holes in ice.

(a) No person shall cut or make air holes of any size or for any purpose whatsoever in the ice in the Des Moines River or Raccoon River or in any lake or pond within the corporate limits without first obtaining permission of the chief of police.

(b) Any person cutting or making any holes in the ice as provided for in subsection (a) of this section shall erect and maintain a sufficient warning which shall be readily recognizable and, where necessary, shall erect and maintain a fence or barrier around such hole not less than ten feet from the edge of the hole.
(C42, §§ 113-4, 113-5; C54, C62, § 32-19; C75, C79, C91, § 17-33)

Sec. 70-76. Sale or exchange of daggers, brass knuckles.

No person shall exhibit for sale, exchange, gift or any other purpose, in any showcase, show

window or other place exposed to public view, any dagger, Bowie knife, stiletto, butterfly knife, switchblade knife or other knife or instrument which opens by hand pressure applied to a button or other device in the handle of the knife or by operation of inertia, gravity or both; throwing stars or any other martial arts weapon; brass knuckles or knuckles of lead, brass or other metal or materials, nor shall any person display any sign, poster, cartoon or card, suggesting the keeping for sale, exchange or gift of any of the articles described in this section. Nothing in this section shall be deemed to prohibit the display of such articles for educational or historical purposes.
(C42, § 108-2; C54, C62, § 32-42; C75, C79, C85, § 17-34; O.11,567; C91, § 17-34)

Sec. 70-77. Possession of knives by minors.

(a) No minor under 18 years of age shall possess, own or carry on or about his or her person, whether concealed or not, within the city any knife which opens by hand pressure applied to a button, lever, switch, or other device in the handle of the knife or by operation of inertia, gravity or both.

(b) No person shall furnish to any minor under 18 years of age, by gift, sale, or otherwise, any such knife.
(C75, § 17-34.01; O.9036; C79, § 17-34.01; C85, § 17-34.01; O.11,567; C91, § 17-34.01)

Sec. 70-78. Knives on school property.

No person shall possess, own or carry on or about his or her person, whether concealed or not, any knife on primary or secondary school property within the city, with the exception of a knife furnished by such school system or specifically authorized by such school system, and then only in connection with the specific activity for which so authorized.
(C75, § 17-34.02; O.9036; C79, C91, § 17-34.02)

Sec. 70-79. Use of blowguns; throwing objects.

No person shall use any blowgun or similar device or throw any stone, stick or other substance in such a manner as to hit, injure or endanger any person, window or other property.
(C42, § 108-4; C54, § 32-43; O.5911; C62, § 32-43; O.8808; C75, C79, C91, § 17-35)

Sec. 70-80. Use of slings or slingshots.

No person shall keep, possess, sell, give, use, fire, shoot or discharge any sling, slingshot, wrist slingshot or wrist-supported slingshot of any type or kind within the corporate limits.
(C62, § 32-43.01; O.8808; C75, C79, C91, § 17-35.01)

Sec. 70-81. Airguns and BB guns.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Airgun means any gun, including handguns, capable of propelling a pellet or other projectile from the barrel of such gun by nonexplosive means, such as compressed air, CO_2 or other gas.

BB gun means any airgun capable of propelling a BB or other projectile from the barrel by means of a spring mechanism or air.

Shoot, fire, or discharge means the act of triggering the mechanism of an airgun or BB gun so that it propels a pellet, BB or other projectile from the barrel of such gun.

(b) No person shall shoot, fire, or discharge any airgun or BB gun, except pursuant to sections 70-82 and 70-84 of this article and section 22-59 of this Code, within the city or within a city-owned park without written permission of the chief of police. Such permission shall limit the time and place of shooting and may be revoked by the chief of police.

(c) No person under the age of 18 shall shoot, fire or discharge any airgun or BB gun unless under the direct supervision of an adult.

(d) No person shall shoot, fire or discharge any airgun or BB gun at any live animal or bird unless express written permission to do so has been granted by the chief of police, except as provided in section 22-59 of this Code.
(C75, § 17-35.02; O.9036; C79, C91, § 17-35.02; O.13,999, 14,903)

Cross reference—Definitions generally, § 1-2.

Sec. 70-82. Use of airguns and BB guns.

(a) Airguns and BB guns may be fired or discharged within the city by persons for target shooting purposes without written permission of the chief of police in the following situations:

(1) In connection with educational programs of a public or private school under the supervision of school personnel.

(2) At enclosed shooting ranges or firing ranges, either in target competition or in practice, under the continuing supervision of the owner or his or her designee.

(3) In any park areas specifically designed for such and designated by the city park and recreation board, under such rules as that board may enact to ensure the safety of participants and others.

(4) In enclosed private buildings.

(b) No person shall shoot, fire or discharge any airgun or BB gun under authority of this section in such fashion that the discharged pellet, projectile or BB travels beyond the building in which such airgun or BB gun is fired or, for outdoor shooting, beyond the boundaries of the designated shooting area in which the person is shooting.
(C75, § 17-35.03; O.9036; C79, C91, § 17-35.03, 14,903)

Sec. 70-83. Trapping.

No person shall set or use a steel, claw, or box trap outside of any structure or building for the purpose of taking, killing, maiming, wounding, ensnaring, trapping, or capturing an animal or which is injurious to persons or animals, except for the following:

(1) Any trap designed for the primary use of capturing mice, rats, gophers, moles, or aquatic rodents which are trapped in water.

(2) Any trapping by a governmental unit to capture animals which are creating a public nuisance or for the protection of public or private property.

(3) Any trapping by a business licensed by the state department of natural resources to trap and relocate nondomestic animals or wildlife.

(4) Live trapping with cage or box traps by landowners or tenants for relocation outside of the city limits of any nondomestic animal or wildlife that presents a nuisance or danger to any person or property.
(C75, § 17-35.04; O.9224; C79, § 17-35.04; O.9912; C91, § 17-35.04; O.13,223, 13,619)

Cross reference—Animals, ch. 18.

Sec. 70-84. Hunting.

(a) No person shall pursue, hunt, kill, snare, net, search for, shoot at, stalk, or lie in wait for any game, animal, or bird with an airgun, BB gun, firearm, bow and arrow, or any other thrown or propelled device within the city limits except as provided in subsections (b), (c), (d) and (e) of this section, and sections 70-81(d) and 22-59 of this Code.

(b) Licensed bow hunters meeting the requirements established by the state department of natural resources (DNR) may hunt antlerless deer within the areas designated as the "Des Moines Special Deer Management Zones" on public or private property, under all the following conditions:

(1) Hunting may occur only on dates designated by the DNR as bow hunting season in the Des Moines Special Deer Management Zone (zone) by persons who are at least 18 years of age and licensed for such hunting, and this license must be carried on his or her person;

(2) Hunters must have written permission from the property owner and must carry that written permission form on his or her person and the portion of the special deer management zone map which verifies that the property is within the zone;

(3) Hunters cannot carry an uncased bow within 100 feet of any residence or within 75 feet of any trail, road or building;

(4) Hunters must have a permit issued by the director of the park and recreation depart-

ment and comply with the terms and conditions of such permit. A permit application fee of $10.00 shall be paid by hunters to the park and recreation department from August 1—31. The application fee shall be $20.00 for applications received after August 31st during the current deer hunting season.

(5) Upon application of the property owner, the director of the park and recreation department may issue a permit which waives the 100 feet residency requirement as provided in subsection (b)(3) of this section and provide for a lesser distance. Such waiver permit may be issued only after an on-site inspection by the park and recreation department and a determination by the director that the hunt may be safely performed. Such waiver permit may include special hunt restrictions to ensure the safety of the hunt and must adhere to the distance requirements provided in subsection (b)(3) of this section from adjoining properties;

(6) Hunters must take all shots from an elevated stand and shoot no further than 25 yards;

(7) Hunters must comply with all rules of the state department of natural resources for hunting in such zone; and

(8) Hunters must take all deer meat to be processed or given to charity.

(c) Bow hunting for deer may occur in Des Moines Water Works Park according to the requirements of this Code if permitted by resolution of the city water works board of trustees, which resolution may impose greater restrictions than are provided in this Code. No hunting may occur in any other park owned by the city and operated by the park and recreation department except bow hunting for deer during the dates designated by the DNR as bow hunting season within the areas designated as the "Des Moines Special Deer Management Zones" with written permit issued by the park and recreation director, which permit may limit the dates, time of day and area that hunting is allowed. No hunting may occur within 75 feet of any city-owned recreational trail or on any other property owned or leased by the city, other than the water works park, except as provided in section 22-59 of this Code.

(d) Licensed bow hunters meeting the requirements established by the state department of natural resources (DNR) may hunt antlered deer within the areas designated as the special deer management zones on public or private property, under all the following conditions:

(1) All conditions listed in subsection (b) above must be met.

(2) A limited number of antlered deer may be taken according to an incentive program that may be adopted by the county deer task force and approved by the state department of natural resources (DNR).

(e) Hunting, including but not limited to hunting for deer and waterfowl, may occur on private property subject to compliance with each of the following limitations:

(1) All such hunting activities must be conducted in compliance with all rules and regulations imposed by the Code of Iowa and the Iowa Department of Natural Resources, including, but not limited to, all licensing provisions of the Iowa Department of Natural Resources.

(2) No firearm may be used for any such hunting activity except a shotgun, muzzle loading rifle, or BB gun rifle. Pistols shall not be used for hunting.

(3) The property must be a minimum of 20 contiguous acres or more in size, located within the A-1 agricultural district, and assessed as agricultural property for property tax purposes.

(4) The hunters must either be under the direct supervision of a record titleholder of the property, or have in their possession written permission from a record titleholder of the property to hunt on such property.

(5) No person shall hunt with a bow or BB gun rifle within 100 feet of a public park or public street, highway or recreational trail; and no person shall hunt with a

firearm within 200 yards of a public park or public street, highway or recreational trail.

(6) A person shall not hunt with a bow or BB gun rifle within 100 feet of a building inhabited by people or domestic livestock or within 100 feet of a feedlot as defined in I.C. § 481A.123, and no person shall hunt with a firearm within 200 yards of a building inhabited by people or domestic livestock or within 200 yards of a feedlot, unless the owner or tenant of such building or feedlot has given consent.

(7) A person shall not shoot any firearm, BB gun or arrow on or over any public waters, highways, streets, alleys or recreational trail, or any railroad right-of-way.

(8) No person shall hunt with a shotgun using slugs or with a muzzle loading rifle except for deer hunting from an elevated stand or platform at least ten feet above the ground, and without the aid of other persons used to drive or concentrate the deer in the vicinity of the hunter.

(f) Any violation of this section is punishable as provided in section 1-15 of this Code.
(C91, § 17-35.05; O.12,050, 13,608, 13,741, 13,999, 14,131, 14,524, 14,587, 14,710, 14,903, 15,252)
Cross reference—Animals, ch. 18.

Sec. 70-85. Concealed weapons.

(a) No person shall carry under his or her clothes or concealed about his or her person any of the following:

(1) A pistol or other firearm.

(2) Brass knuckles or knuckles of lead, brass or other metal or materials.

(3) An airgun of any description.

(4) A dagger, Bowie knife, stiletto, butterfly knife, switchblade knife or other knife or instrument which opens automatically by hand pressure applied to a button or other device in the handle of the knife or by operation of inertia, gravity or both.

(5) A throwing star or any other martial arts weapon.

(6) A dangerous weapon, instrument or device as defined by I.C. ch. 702.

(b) This section shall not be construed to prohibit any officer of the United States or of any state, any person having an authorized permit or any peace officer from wearing or carrying such weapons as may be convenient, necessary and proper for the discharge of his or her official duties.
(C42, § 108-3; C54, C62, § 32-44; C75, C79, C85, § 17-36; O.11,266, 11,567; C91, § 17-36)
State law reference—Similar provisions, I.C. § 724.4.

Sec. 70-86. Discharging firearms.

(a) No person shall fire or discharge any cannon, gun, pistol or other firearm within the city, except as provided in this section or for hunting as permitted by section 70-84.

(b) Blank charges may be discharged from firearms at a burial or memorial service held at a public or private cemetery or upon public property in recognition of or honoring any deceased person or class of deceased people when:

(1) The discharge is conducted by a Congressionally recognized veteran's organization, an active or reserve branch of the armed forces, or a law enforcement agency;

(2) No more than seven people participate in the discharge, and

(3) No more than three rounds are discharged from any one weapon, and the total time elapsed at any one event from the first discharge to the last discharge is not more than three minutes.

(c) Blank charges may be discharged from firearms if the chief of police has been given at least 48 hours' notice of the proposed discharge and the discharge is part of:

(1) An educational event sponsored and supervised by public or private school officials upon public school property, or upon the property of any private school, college or university; or

(2) A theatrical performance in which actors or actresses or both take part in person in a performance given in what is commonly

called a theater to which admission may be had by payment of a fee or by purchase and presentation of a ticket or token obtained for money and to which the public generally may gain admission.

(d) Discharge of firearms is permitted at target ranges authorized by the state law enforcement academy or as otherwise authorized for law enforcement officials.

(e) Discharge of a pistol or shotgun loaded with specialized pyrotechnics for the purpose of controlling birds and mammals may be authorized by the chief of police. Such authorization shall limit the time and place of such firing and may be revoked at the discretion of the chief of police.

(f) Discharge of a shotgun, loaded with no larger than no. 6 shot, for purposes of education or professional shooting exhibitions may be authorized by the chief of police if approved by the Iowa Department of Natural Resources (DNR) Shooting Sports Coordinator or other DNR designee. Such authorization shall limit the time and place of the discharge and may be revoked at the discretion of the chief of police.
(C42, § 108-1; C54, C62, § 32-45; O.8653; C75, C79, C85, § 17-37; O.10,970, 11,076, 11,173; C91, § 17-37; O.13,586, 13,999, 14,878, 14,903, 15,144)

Sec. 70-87. Use of bows and arrows generally.

Except as provided in section 70-84 of this article, no person shall shoot a bow and arrow within the city, except pursuant to sections 70-88, 70-89, and 70-90 of this article, without permission from the chief of police, which permission shall limit the time and place of shooting and may be revoked by the chief of police. In this section and in sections 70-88, 70-89 and 70-90 of this article, the term "shoot a bow and arrow" means to place the nock of the arrow in the string of a bow or of any other object and to release the arrow in such fashion that, when the string is pulled and released, the arrow thrusts forward.
(C62, § 32-45.01; O.8819; C75, C79, C91, § 17-37.01; O.13,608, 14,903)

Sec. 70-88. Restrictions on use of bows and arrows.

No person shall shoot a bow and arrow within the city limits except as follows:

(1) Any person may participate in a supervised program of physical education or competitive sports in a public or private school.

(2) Any person may shoot a bow and arrow at a public or private lane or range that has been certified by the Archery Range and Retailers Organization or the National Field Archery Association.

(3) Any participant may shoot a bow and arrow in a tournament which either has been approved by the city manager or his or her designee at least one week prior to the time of the tournament and for which tournament rules have been submitted to the city manager or his or her designee or which is conducted at a licensed lane or range.

(4) Any person may shoot a bow and arrow on private or school property, provided the requirements of section 70-89 of this article are met.

(5) A properly licensed qualified person may shoot a bow and arrow for hunting as provided in section 70-84 of this article.
(C62, § 32-45.02; O.8819; C75, C79, C91, § 17-37.02; O.13,608, 14,903)

Sec. 70-89. Use of bows and arrows on private or school property.

No person shall shoot a bow and arrow in such fashion that it travels beyond the boundaries of the private or school property on which the person is shooting. Except as provided in section 70-84 of this article, any person shooting a bow and arrow on private or school property shall direct the arrow toward a backdrop composed of a substance which will not allow the arrow to pass through, and such backdrop must extend at least five feet beyond the target on the top and both sides and must extend from the bottom of the target to the

ground. The target shall be constructed and installed so that the target face cannot move more than two inches in any direction.
(C62, § 32-45.03; O.8819; C75, C79, C91, § 17-37.03; O.13,608, 14,903)

Sec. 70-90. Use of bows and arrows for hunts.

No person shall shoot a bow and arrow within the city limits at any living being such as an animal, bird, fish, or fowl, except as provided in section 70-84 of this article.
(C62, § 32-45.04; O.8819; C75, C79, C91, § 17-37.04; O.13,608, 14,903)

Sec. 70-91. Use of bows and arrows by minors.

No person shall furnish to any minor under 15 years of age, by gift, sale, or otherwise, any arrows or components thereof unless such minor is participating in a supervised school program or is practicing at an approved public or private archery lane or range or is practicing on the private property of the supervising adult.
(C62, § 32-45.05; O.8819; C75, C79, C91, § 17-37.05)

ARTICLE IV. OFFENSES AGAINST PUBLIC HEALTH*

Sec. 70-121. Selling poisons.

Except as otherwise provided, it shall be unlawful to vend, sell, dispense, or give away any poison enumerated in I.C. § 205.5 or sodium chlorate or crude carbolic acid or any other potent poisons, without affixing to the bottle, box, vessel, or package containing the poison a label containing the name of the poison, either printed or plainly written; the word "poison" printed in red ink; and the name and place of business of the distributor, manufacturer, wholesaler or dealer. Every package or container which contains ammonia water; concentrated lye; denatured alcohol; formaldehyde; benzol; carbon tetrachloride; or commercial hydrochloric, nitric, sulfuric or oxalic acids shall be labeled with the name of the poison, which label shall bear the name and place of business of the distributor, manufacturer, wholesaler, or dealer and the most available antidote and the word "poison" printed in red ink in a conspicuous place thereon.
(C42, § 108-7; C54, C62, § 32-33; C75, C79, C91, § 17-38)

State law reference—Similar provisions, I.C. § 207.5.

Sec. 70-122. Lead poisoning.

(a) No person shall use any battery casing, lead-containing box, case or other lead-containing device as fuel for cooking or heating.

(b) No person shall sell or give to any person or allow any person to remove from his or her premises any battery casing, lead-containing box, case or other lead-containing device when the seller or giver has or should have reason to believe that such material will be used as fuel for cooking or heating.
(C62, § 32-33.01; O.8258; C75, C79, C91, § 17-39)

Sec. 70-123. Public consumption of alcohol.

A person shall not use or consume alcoholic liquor, wine or beer upon the public streets, sidewalks or highways, except this prohibition shall not apply to the consumption of wine or beer on a sidewalk along a bona fide parade route while a parade is in progress or along any street, sidewalk or highway which has been temporarily closed by action of the city council during the period of temporary closure.
(C42, § 106-10; C54, C62, § 32-27; O.7316, 8895; C75, C79, C85, § 17-40; O.11,128; C91, § 17-40)

Cross reference—Alcoholic beverages, ch. 10.

Sec. 70-124. Glue sniffing.

(a) As used in this section, the term "model glue" means any glue or cement commonly used in the building of model airplanes, boats and

automobiles and containing toluene, acetone or other solvent or chemical having the property of releasing toxic vapors.

(b) No person shall, for the purpose of causing a condition of intoxication, euphoria, excitement, exhilaration, stupefaction, or dulling of the senses or nervous system, intentionally smell or inhale the fumes from any model glue.

(c) This section shall not apply to the inhalation of any anesthesia for medical or dental purposes.

(d) No person shall intentionally possess any type of model glue for the purpose of using the glue in the manner prohibited by this section.
(C62, § 32-27.03; O.7720; C75, C79, C91, § 17-43)

Sec. 70-125. Smoking prohibited.

(a) *Prohibition.* A person shall not smoke in a parking garage or ramp owned by the City of Des Moines except in designated smoking areas clearly marked by signs.

(b) *Smoking defined.* For purposes of this section "smoke" or "smoking" means to carry or exercise control over a lighted cigar, cigarette, pipe, or other lighted smoking equipment.
(O.14,632)

Editor's note—Section 2 of Ord. No. 14,632, adopted Feb. 26, 2007, states that this section shall be in full force and effect on May 1, 2007.

Cross reference—Definitions generally, § 1-2.

Sec. 70-177. Prostitution, pimping or pandering prohibited.

No person shall engage in prostitution, pimping or pandering as defined in section 70-176 of this division and I.C. ch. 725.
(C42, § 106-11; C54, C62, § 32-38; C75, § 17-44; O.9590; C75, C79, C85, § 17-45; O.10,834, 11,567; C91, § 17-45)

State law reference—Similar provisions, I.C. § 725.1.

Sec. 70-178. Leasing premises for prostitution.

It shall be unlawful for a person to rent or let any building, structure or part thereof or any boat, trailer or other place offering shelter or seclusion knowing or having reason to know that the lessee or tenant is using such for the purposes of prostitution and to not, immediately upon acquiring such knowledge, terminate the tenancy or effectively put an end to such practice of prostitution in such place.
(C42, § 106-11; C54, C62, § 32-38; C75, § 17-44; O.9590; C75, C79, § 17-45; C85, § 17-45.01; O.10,834; C91, § 17-45.01)
State law reference—Similar provisions, I.C. § 725.4.

Sec. 70-179. Transportation for purpose of prostitution.

No person shall knowingly transport, offer to transport or knowingly aid or assist in transporting any person in, on, over or through public property by means of a motor vehicle for the purpose of prostitution.
(C85, § 45.02; O.10,834; C91, § 17-45.02; O.14,101)
Cross reference—Traffic and vehicles, ch. 114.

Sec. 70-180. Use of public property for purpose of prostitution.

(a) No person shall behave in or upon any public property in a manner in and under circumstances by which such person manifests the purpose of inducing, inviting, enticing, persuading, soliciting or procuring another to commit an act of prostitution.

(b) The violator's conduct must be such as to demonstrate a specific intent to induce, invite, entice, persuade, solicit or procure another to commit an act of prostitution.

(c) Intent to induce, invite, entice, persuade, solicit or procure another to commit an act of prostitution shall be shown by specific acts which may, but need not, include any of the following:

(1) Repeatedly beckoning to, stopping or attempting to stop or engage passersby in conversation;

(2) Repeatedly stopping or attempting to stop motor vehicle operators by hailing, waving of arms, or any other bodily gesture; or

(3) Repeatedly interfering with the free passage of other persons.

(C85, § 17-45.03; O.10,834, 10,945; C91, § 17-45.03)

Sec. 70-181. Public exposure.

(a) Except as provided in this section, no person shall expose the following parts of such person's body to another in any public place or in any place where such exposure is seen by another person located in any public place:

(1) A woman's nipple, the areola thereof, or full breast, except as necessary in the breast feeding of a baby.

(2) The pubic hair, pubes, perineum, or anus of a male or female; the penis or scrotum of a male; or the vagina of a female, excepting such body parts of prepubescent infants of either sex.

(b) This section shall not apply to limited or minimal exposures incident to the use of public restrooms or locker rooms or such other places where such exposures occur incident to the prescribed use of those facilities.

(c) This section shall not apply to exposures occurring in live stage plays, live theatrical performances, or live dance performances conducted in a theater, concert hall or similar establishment which is primarily devoted to theatrical performances.

State law reference—Similar provisions, I.C. § 709.9.

Sec. 70-182. Public defecation and urination.

It shall be unlawful for any person to urinate or defecate in or upon any street, alley, sidewalk, skywalk bridge, skywalk corridor or other place

open to public view, provided that this section shall not apply to private restrooms or public facilities designated for such purpose.
(C85, § 17-46.01; O.11,170; C91, § 17-46.01)

Sec. 70-183. Use of public property for drug trafficking.

(a) No person shall behave in or upon any public property in a manner in and under circumstances by which he or she manifests the purpose of inducing, inviting, enticing, persuading, soliciting or procuring another to conduct an illegal drug transaction.

(b) The violator's conduct must be such as to demonstrate a specific intent to induce, invite, entice, persuade, solicit or procure another to conduct an illegal drug transaction.

(c) Intent to induce, invite, entice, persuade, solicit or procure another to conduct an illegal drug transaction shall be shown by specific acts which may, but need not, include any of the following:

(1) Repeatedly beckoning to, stopping or attempting to stop or engage passersby in conversation;

(2) Repeatedly stopping or attempting to stop motor vehicle operators by hailing, waving of arms, or any other bodily gesture; or

(3) Repeatedly interfering with the free passage of other persons.

(C91, § 17-47; O.11,656)

Sec. 70-184. Drug paraphernalia.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Controlled substance has the same meaning as contained in the Uniform Controlled Substances Act, I.C. ch. 124.

Drug paraphernalia.

(1) The term "drug paraphernalia" means all equipment, products and materials of any kind which are used, intended for use or designed for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, concealing, containing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance in violation of I.C. ch. 124, commonly known as the Uniform Controlled Substances Act. It includes but is not limited to the following:

a. Kits used, intended for use or designed for use in planting, propagating, cultivating, growing or harvesting of any species of plant which is a controlled substance or from which a controlled substance can be derived.

b. Kits used, intended for use or designed for use in manufacturing, compounding, converting, producing, processing, or preparing controlled substances.

c. Isomerization devices used, intended for use or designed for use in increasing the potency of any species of plant which is a controlled substance.

d. Testing equipment used, intended for use or designed for use in identifying or in analyzing the strength, effectiveness or purity of controlled substances, except for such equipment of a peace officer or any person acting as an agent of or under the direction of any police agency.

e. Scales and balances used, intended for use or designed for use in weighing or measuring controlled substances.

f. Diluents and adulterants, such as quinine, hydrochloride, mannitol, mannite, dextrose or lactose, used, intended for use or designed for use in cutting controlled substances.

g. Separation gins and sifters used, intended for use or designed for use in

removing twigs and seeds from or in otherwise cleaning and refining marijuana.

h. Blenders, bowls, containers, spoons, and mixing devices used, intended for use or designed for use in compounding controlled substances.

i. Capsules, balloons, envelopes and other containers used, intended for use or designed for use in packaging small quantities of controlled substances.

j. Containers and other objects used, intended for use or designed for use in storing or concealing controlled substances.

k. Hypodermic syringes, needles and other objects used, intended for use or designed for use in primarily injecting controlled substances into the human body.

l. Objects used, intended for use or designed for use in ingesting, inhaling, or otherwise introducing heroin, marijuana, cocaine, methamphetamine, hashish or hashish oil into the human body, such as:

1. Metal, wooden, acrylic, glass, stone, plastic or ceramic pipes with or without screens, permanent screens, hashish beads or punctured metal bowls.
2. Water pipes, chamber pipes, carburetor pipes, electric pipes, air-driven pipes, bongs, ice pipes or chillers.
3. Carburetor tubes and devices.
4. Smoking and carburetion masks.
5. Roach clips, meaning objects used to hold burning materials, such as a marijuana cigarette that has become too small or too short to be held in the hand.
6. Miniature cocaine spoons and cocaine vials.

(2) In determining whether an object is drug paraphernalia for the purpose of enforcing this section, the following factors should be considered in addition to all other logically relevant factors:

a. Statements by an owner or by anyone in control of the object concerning its use.

b. Prior convictions, if any, of an owner or anyone in control of the object under any state or federal law relating to any controlled substances.

c. The proximity of the objects in time and space to a direct violation of the Uniform Controlled Substances Act, I.C. ch. 124.

d. The proximity of the object to controlled substances.

e. The existence of any residue of a controlled substance on the object.

f. Direct or circumstantial evidence of the intent of any owner or of anyone in control of the object to deliver it to persons whom he or she knows or should reasonably know intend to use the object to facilitate a violation of the Uniform Controlled Substances Act, I.C. ch. 124. The innocence of an owner or of anyone in control of the object as to a direct violation of the Uniform Controlled Substances Act, I.C. ch. 124, should not prevent a finding that the object is intended for use or designed for use as drug paraphernalia.

g. Instruction, oral or written, provided with the object concerning its use.

h. Descriptive materials accompanying the object which explain or depicts its use.

i. The manner in which the object is displayed for sale.

j. Whether the owner or anyone in control of the object is a legitimate supplier of like or related items to

the community, such as a licensed distributor or dealer of tobacco products.

k. Direct or circumstantial evidence of the ratio of sales of the object to the total sales of the business enterprise.

l. The existence and scope of legitimate uses for the objects in the community.

m. Expert testimony concerning its use.

(b) No person shall use or shall possess with intent to use drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of the Uniform Controlled Substances Act, I.C. ch. 124.

(c) No person shall deliver, possess with intent to deliver, or manufacture with intent to deliver drug paraphernalia, intending that the drug paraphernalia will be used or knowing or under circumstances where one should reasonably know that it will be used or knowing that it is designed for use to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance in violation of the Uniform Controlled Substances Act, I.C. ch. 124.

DIVISION 3. SPECIFIED CRIME PROPERTY

Sec. 70-211. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bootlegging means the illegal sale or service of alcoholic liquor, wine, or beer in violation of chapter 10 of this Code or I.C. ch. 123.

Chief of police means the person who has the responsibility to supervise and direct the police department, as defined by section 86-27 of this Code, and for purposes of this division may include his or her designee.

Controlled substance means a drug, substance or immediate precursor as defined by I.C. ch. 204.

Gambling means games of skill or chance as defined by I.C. ch. 99B and prohibited by I.C. ch. 725.

Owner means any person, agent, firm, corporation, association, or a partnership, including a mortgagee in possession, in whom is vested all or part of the legal title to property or all or part of the beneficial ownership and the right to present use and enjoyment of the premises.

Person means any natural person, association, partnership, corporation, or other legal entity capable of owning or using property.

Prostitution, pimping, and pandering means those acts or activities as defined by section 70-176 of this chapter or by I.C. ch. 725.

Specified crime property means any structure, including the real property upon which it is situated, in which activity involving the unauthorized delivery, possession or manufacture of a controlled substance, illegal gambling, bootlegging, prostitution, pimping or pandering, disorderly house under section 70-35 of this chapter, or any criminal activity involving a weapon such as but not limited to discharging, carrying concealed, or assault with a weapon is occurring or has occurred, except when a resident, owner, tenant, or landlord sought law enforcement assistance or other emergency assistance for the victim of abuse, a victim of a crime, or an individual in an emergency, if it is established that either: (1) the resident, owner, tenant or landlord seeking assistance had a reasonable belief that the emergency assistance was necessary to prevent the perpetration or escalation of the abuse, crime, or emergency, or (2) in the event of abuse, crime, or other emergency, the emergency assistance was actually needed.

Structure means any building, building complex or structure, including but not limited to edifice, units, or any portion thereof, and the real property upon which such building, building complex or structure is situated.
(C91, § 17-85; O.11,804, 13,308, 13,663, 14,678, 15,502)

Cross reference—Definitions generally, § 1-2.

Sec. 70-212. Prohibited.

No person shall use or allow to be used any structure as specified crime property. When the structure and the property upon which it is situated are owned by different persons, each person shall not use or allow to be used such structure and property as specified crime property.
(C91, § 17-86; O.11,804, 13,308)

Sec. 70-213. Penalties.

Any person who violates the provisions of section 70-212 or section 70-220 of this division shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C91, § 17-87; O.11,804, 13,648, 14,678, 15,502)

Sec. 70-214. Procedure for enforcement.

(a) When the chief of police has a reasonable belief that a structure is being used or maintained as a specified crime property, the chief of police shall notify the owner of record in writing that the structure has been declared to be a specified crime property.

(b) A reasonable belief that a structure is being used as specified crime property may be found from but is not limited to evidence of drug paraphernalia in or around the structure; an increase in vehicular or pedestrian traffic in or around the structure; observations of the exchange of money; verified citizen complaints of bootlegging; unauthorized delivery or manufacture of a controlled substance; illegal gambling, bootlegging, prostitution, pimping or pandering; police case investigation reports indicating activity of disorderly house or crimes involving weapons; and any other activity which leads a police officer to reasonably believe violations of this division exist.
(C91, § 17-88; O.11,804, 14,678)

Sec. 70-215. Notice.

The notice required in section 70-214 of this division shall notify the owner of record in writing that a structure owned by him or her has been declared to be a specified crime property, and such notice shall contain the following information:

(1) The street address and a description sufficient for identification of the premises on which the structure is located; and

(2) A statement that the chief of police has found the structure to be in violation of this division, with an explanation as to why the structure has been declared a specified crime property.

(C91, § 17-89; O.11,804)

Sec. 70-216. Service of notice.

(a) A copy of the notice given pursuant to this division shall be served on the owner or an agent at least 20 days prior to the commencement of any judicial action by the city. Service shall be made either personally or by mailing a copy of the notice by registered or certified mail, postage prepaid, return receipt requested, to each person at his or her address as it appears in the records of the county auditor. In the event that notice is impossible to be served as set out above, a copy of the notice may be posted at the property if ten days have elapsed from the service or mailing of the notice to the owner and no response or reply has been received by the city from the owner during that period of time.

(b) The failure of any owner to receive actual notice of the determination of the chief of police shall not preclude future proceedings under this division.
(C91, § 17-90; O.11,804, 13,663)

Sec. 70-217. Administrative appeal.

(a) Upon receipt of a notice of specified crime property as set out in sections 70-215 and 70-216 of this division, the owner of record may chal-

lenge such notice by filing a request for an administrative hearing. Such request shall be in writing and filed with the city clerk or his or her designee within ten days of the service of the notice of specified crime property. A copy of this division shall be available at the city clerk's office upon request.

(b) Failure to request a hearing within such time period or to attend a scheduled hearing shall be deemed a waiver of the right to such a hearing.

(c) Upon filing of a request for an administrative hearing, further judicial action pursuant to this division shall be stayed pending the outcome of the administrative hearing.
(C91, § 17-91; O.11,804, 13,663)

Sec. 70-218. Conduct of hearing.

(a) The hearing held pursuant to this division shall be conducted before a hearing officer designated by the city manager within a reasonable period of time, but not to exceed 15 business days, excluding Saturdays, Sundays and city holidays, from the date of a written demand therefor. Such hearing may be continued for good cause. A notice of hearing, including the time, date and location of the hearing, shall be made by mailing a copy of the notice by first class mail, postage prepaid to the owner of record.

(b) The sole issue before the hearing officer shall be whether there exists a reasonable belief that the structure was being used as specified crime property as described in the declaration of specified crime property made pursuant to section 70-214. The hearing officer shall decide only that either (i) there is a reasonable belief that the structure was used as specified crime property and that the provisions of this division shall apply, or (ii) there is not a sufficient reasonable belief that the structure was being used as specified crime property and that the procedures of this division as to the notice being appealed shall be permanently stayed. A finding of no reasonable belief however shall not preclude a future independent complaint, investigation and notice of specified crime property.

(c) The decision of the hearing officer shall be issued within four days of the hearing and the owner of record shall be notified consistent with the notice provisions of this division.

(d) The decision of the hearing officer shall be final.
(C91, § 17-92; O.11,804, 13,663, 14,678)

Sec. 70-219. Effect of notice.

(a) Subsequent to the declaration and notice that there exists a specified crime property, an owner shall have the opportunity to abate the illegal activity within ten days. If a landlord/tenant relationship exists, the owner/landlord may be deemed to have abated the activity upon demonstration that he or she has taken legal action under I.C. § 562A.27A or any other applicable statute to terminate the rental agreement, or if immediate termination of the rental agreement is not permitted by law, has delivered a written notice to cure to the tenant or tenants under I.C. § 562A.27 or any other applicable statute, and continues in good faith to follow abatement procedures and provides the chief of police with copies of all notices served in accordance with I.C. ch. 562A.

(b) If after 20 days the chief of police determines that a specified crime property has not been abated, a notice of fine and an order of abatement shall be filed in compliance with I.C. § 364.22.
(C91, § 17-93; O.11,804, 14,678)

Sec. 70-220. Right to summon emergency assistance—Landlord prohibitions.

(a) A landlord shall not prohibit or limit a resident's or tenant's rights to summon law enforcement assistance or other emergency assistance by or on behalf of a victim of abuse, a victim of a crime, or an individual in an emergency.

(b) A landlord shall not impose monetary or other penalties on a resident or tenant who exercises the resident's or tenant's right to summon law enforcement assistance or other emergency assistance.

(c) Penalties prohibited by this subsection include all of the following:

(1) The actual or threatened assessment of penalties, fines, or fees.

(2) The actual or threatened eviction, or causing the actual or threatened eviction, from the premises.

(d) This subsection shall not be construed to prohibit a landlord from recovering from a resident or tenant an amount equal to the costs incurred to repair property damage if the damage is caused by law enforcement or other emergency personnel summoned by the resident or tenant.

(e) This section does not prohibit a landlord from terminating, evicting, or refusing to renew a tenancy or rental agreement when such action is premised upon grounds other than the resident's or tenant's exercise of the right to summon law enforcement assistance or other emergency assistance by or on behalf of a victim of abuse, a victim of a crime, or an individual in an emergency.

(f) For purposes of this section, *"resident"* means a member of a tenant's family and any other person occupying the dwelling unit with the consent of the tenant.

ARTICLE VI. OFFENSES AGAINST PROPERTY

DIVISION 1. GENERALLY

Sec. 70-246. Criminal mischief.

A person commits criminal mischief who does either of the following:

(1) Intentionally disinters human remains from a burial site without lawful authority.

(2) Intentionally disinters human remains that have state and national significance from a historical or scientific standpoint for the inspiration and benefit of the United States without the permission of the state archaeologist.

(C42, § 109-1; C54, C62, § 32-23; O.7791; C75, C79, C91, § 17-55)

State law reference—Similar provisions, I.C. §§ 716.5, 716.6.

Sec. 70-247. Damaging awnings, lamps, gas or water lines, railings or fences.

No person shall cut or in other manner intentionally damage any awning, lamppost, lamp, gas or water line, railing, fence or other property not owned by such person.
(C42, § 109-1; C54, C62, § 32-24; C75, C79, C91, § 17-56)

State law reference—Similar provisions, I.C. §§ 716.5, 716.6.

Sec. 70-248. Grade stakes.

No person shall remove, break or in any way injure any grade stake, stone or other mark or monument set by or under the authority of the city engineer or any of his or her assistants to designate grades, corners, lines or benchmarks, or in any manner erase or deface any letters or figures thereon.
(C42, § 109-2; C54, C62, § 32-25; C75, C79, C91, § 17-57)

Sec. 70-249. Interference with tools, instruments, animals used by city.

No person negligently or willfully shall interfere with, injure, deface or remove any implement, tool, receptacle, utensil or animal while being used by the city or by any of its agents or employees in the service of the city.
(C42, § 112-6; C54, C62, § 32-26; C75, C79, C91, § 17-58)

State law reference—Similar provisions, I.C. §§ 714.2(3)—(5), 716.5, 716.6.

Sec. 70-250. Occupying building unlawfully.

No person shall move into any room, house or building without authority or permission from the owner or his or her authorized agent.
(C42, § 109-4; C54, C62, § 32-32; C75, C79, C91, § 17-59)

Secs. 70-251—70-274. Reserved.

DIVISION 2. GRAFFITI

Sec. 70-275. Purpose and intent.

The purpose of this division is to prevent the spread of graffiti and to require and provide for its removal from city and other public and private property. The presence of graffiti on both city and other public and private buildings, structures, or places causes blight within the city, which leads to a deterioration of property values for surrounding properties and neighborhoods, to the detriment of the city. The city council finds and determines that graffiti is a public nuisance which must be abated to avoid the detrimental impact on the city.
(O.15,648)

Sec. 70-276. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Graffiti means any marking, inscription, drawing, picture, letter, number, symbol or other defacement or other written communication, etched, scratched, or made with spray paint, paint, ink, chalk, dye, or similar substance, or in any manner, on any public or private property, including, but not limited to, streets, sidewalks, buildings, walls, bridges, fences, or other structures which was made without the consent and under the direction of the owner of such property

Minor means a person under 18 years of age.

Spray paint means any liquified or semi-liquified substance that when released under pressure will produce a colored substance where sprayed without the use of any other implement or mechanism.
(C85, § 17-70; O.11,105; C91, § 17-80, 15,648)

Cross reference—Definitions generally, § 1-2.

Sec. 70-277. Graffiti prohibited.

No person shall by use of any substance whatsoever, inclusive of spray paint, mark, create, make or inscribe graffiti upon any public or private property, including but not limited to streets, sidewalks, buildings, walls, bridges, fences or other structures, sidewalk or other property privately held without the consent and under the direction of the owner
(C85, § 17-81; O.11,562; C91, § 17-81; O.13,083, 15,648)

Sec. 70-278. Penalty.

Any person who violates section 70-277 shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

ARTICLE VII. SALE OF PRODUCTS CONTAINING PSEUDOEPHEDRINE IN COMBINATION WITH OTHER ACTIVE INGREDIENTS

Sec. 70-300. Purpose.

The illegal manufacture of methamphetamine continues to rise in Polk County and in Central Iowa exposing children and other innocent victims to the caustic manufacturing process and causing those children and other victims incalculable harm. The manufacture and use of methamphetamine continues to cause an increase in crime and a strain on the resources of Polk County. It is therefore in the public interest to place reasonable conditions on the sale of products

necessary to manufacture methamphetamine, products containing pseudoephedrine in combination with other active ingredients.
(O.14,414)

Sec. 70-301. Definitions.

[The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:]

Secs. 74-59—74-90. Reserved.

ARTICLE IV. FACILITIES

Sec. 74-91. Public meetings and organized uses and permits issued by the parks and recreation director.

Public meetings—religious, political or otherwise—including picnic parties and entertainment for charitable or religious purposes, may be held in any city park upon first obtaining permission from the parks and recreation director or his or her designee. Such assemblages shall be conducted in a lawful and orderly manner, shall be under the supervision of the parks and recreation department supervising staff and shall occupy such ground as may be reserved for them. Permits shall be obtained from the parks and recreation director for use of parks and facilities by organized groups and individuals for all such purposes, including athletic and sporting activities.

(O.15,788, 16,529)

Sec. 74-92. Consumption of alcohol; intoxication.

(a) It is unlawful for any person to use, possess or consume beer, wine or alcoholic liquor on or in any city parks, trails, land and facilities managed by the parks and recreation department including all park roads and parking areas in parks, except in accordance with all federal, state and local laws and by issuance of a permit or pursuant to a concession agreement and either:

(1) Approval of the parks and recreation board; or

(2) Such use, possession or consumption is within an enclosed park shelter; or

(3) Such use, possession or consumption is within the Clare and Miles Mills Rose Garden, Sylvan Theater, Lilac Arboretum, Simon Estes Amphitheater or the Gray's Lake Park Christine Hensley Terrace and Terrace building and designated outdoor areas; or

(4) Such use, possession or consumption is within specified areas of the Principal

Riverwalk including Long Look Garden, Brenton Skating Plaza and plaza adjacent to World Food Prize building; or

(5) Such use, possession or consumption is allowed within the fields and stands at Carney Softball Park, James W. Cownie Soccer Park and Baseball Park, Savage Softball Fields at Easttown Park, and George Davis Softball Park when said park facilities are in use for adult events unless other fields at said park facilities are in use for youth events; or

(6) Such use, possession or consumption is within the park between Tenth and Fifteenth Streets and Grand Avenue and Locust Street a/k/a "Western Gateway Park"; or

(7) Within Riverview Park or in conjunction with the Prairie Meadows Riviera Amphitheater at Riverview Park.

(b) The permit must be obtained from the parks and recreation director or his or her designee.

(c) Use, possession or consumption of beer or wine is allowed pursuant to a concession agreement covering:

(1) Birdland Marina service building and designated outdoor areas.

(d) In addition to the above requirements, a state liquor control license and approval of the parks and recreation board is required in order to use, possess or consume keg beer or alcoholic liquor, except that parks and recreation board approval is not required for use, possession or consumption within "Western Gateway Park," Birdland Marina and Christine Hensley Terrace and Terrace building and designated outdoor areas.

(e) No person shall be intoxicated or simulate intoxication in a city park.

Cross references—Animals, ch. 18; vegetation, ch. 122.

Sec. 74-94. Fires.

No person shall kindle, build, maintain, or in any way light a fire in any city park, parkland or recreational property or facility, except in a permanent barbecue grill provided by the city, or by permit from the parks and recreation director after a determination that such fire creates no hazards to the park or to persons in the immediate vicinity when requirements of the permit are followed. Any fire in a permanent barbecue grill provided by the city or permitted for use by the parks and recreation director shall be enclosed within the fireplace or barbecue grill and continuously under the care and control of a competent person from the time it is kindled until it is extinguished. Said fire shall not impact or cause damage to any person, park improvement, plant or animal life.
(O.15,788, 16,314, 16,529)

Cross reference—Fire prevention and protection, ch. 46.

Sec. 74-95. Firearms, weapons, fireworks and explosives.

(a) No person shall use firearms or other weapons within any city park, community recreation center or recreational facility unless permitted under section 70-86 of this Code.

(b) No person shall use or possess explosives or fireworks as defined in article VI of chapter 46 of this Code and novelties as defined in American Pyrotechnics Association Standard 87-1, Chapter 3, in any city park, community recreation center or recreational facility.
(O.15,788, 16,085, 16,529)

Cross references—Fire prevention and protection, ch. 46; offenses and miscellaneous provisions, ch. 70.

Sec. 74-96. Containers; materials; belongings.

In all city parks, trails, land and facilities managed by the parks and recreation department including all park roads and parking areas in parks, no person shall:

(a) Bring into, use or possess a bottle, jar, drinking cup or other container made of glass, except by approval of the parks and recreation director by permit for a special event or when a liquor, wine or beer license has been obtained;

(b) Litter the ground or any fixture with any form of material. All waste material shall be deposited in receptacles provided for that purpose or shall otherwise be legally disposed of elsewhere. Park waste receptacles shall not be used for dumping trash or rubbish introduced in that form to the park; or

(c) Store or leave belongings unaccompanied, nor store or leave belongings in a manner that impedes use of said facilities and properties by others.

(O.15,788, 16,085, 16,278, 16,529)

Cross reference—Solid waste, ch. 98.

Sec. 74-97. Lakes, ponds and lagoons.

(a) No person shall throw or place any foreign or waste substance in any lake, pond, lagoon or swimming beach in any public park.

(b) Boats and other personal watercraft are not permitted in lakes and ponds, with the exception of Gray's Lake, without the permission of the parks and recreation director.

(c) No person shall fish from or dangle any object from the Gray's Lake watercraft rental dock, the Gray's Lake swimming beach, the Gray's Lake pedestrian bridges, MacRae Park Boardwalk or any pedestrian bridges in any city park.

(d) Where fishing is permitted at lakes, ponds and lagoons, only rod and reel or pole fishing are allowed.

(O.15,788, 16,210, 16,314, 16,405, 16,529)

Cross reference—Waterways, ch. 130.

Sec. 74-98. Posted notices.

No person shall enter upon any land owned or leased to the city and under the jurisdiction of the parks and recreation department and conduct activities thereon in disregard of signs or posted notices forbidding those activities.
(O.15,788)

Sec. 74-99. Dogs and other pets.

(a) No dog or other pet shall be allowed to run at large in any city park or multi-use recreational trail or other hard or soft surface trail.

(b) Any dog or other pet shall be deemed to be found running at large unless the owner carries such dog or other pet; leads such animal by a chain, strap, or rope not exceeding six feet in length; or keeps any such animal confined in an automobile in compliance with section 18-55 of this Code.

(1) However, a service dog or dog employed by and under the control of an authorized person for the sole use of waterfowl control and management and trained for such purpose, except for a high risk dog as defined in section 18-41 of this Code, and accompanying such person shall not be deemed to be running at large, even though restraints as described in this section are not used. Such person shall keep the service dog under control and shall be liable for any damage done to the premises or facilities by the dog.

(c) No dog in a designated off leash area in any public park shall be deemed at large if such dog and owner or person given charge of the dog

are in compliance with section 18-55(a)(6) of this Code. High risk dogs must be on a leash while in such designated off leash area in compliance with section 18-56 of this Code.

(d) No person shall bring, lead, ride or otherwise allow a horse or similar animal to enter or remain in any city park, parkland, or recreational facility other than allowed for service purposes by federal or state law.
(O.15,788, 16,085, 16,405, 16,529)

Cross reference—Dogs generally, § 18-41 et seq.

Sec. 74-100. Park facility hours.

The hours of operation for all public parks, community recreation centers, aquatic centers, pools, wading pools, splash pools, spraygrounds, and city recreational facilities, except for the Greater Des Moines Botanical Garden, A. H. Blank Park Zoo, Principal Park, and Prairie Meadows Riviera Amphitheater at Riverview Park, shall be established by the Des Moines parks and recreation board by vote at one board meeting. The parks and recreation director shall thereafter have authority to adjust such hours, for a period of one season, unless otherwise directed by the Des Moines parks and recreation board. The hours of the Brenton Skating Plaza and support pavilion shall be established by the parks and recreation director. For the purposes of this section, "one season" shall mean the first weekend in April through the last weekend in October or the Monday following the last weekend of October up to the first weekend in April.

(a) No person or vehicle shall enter or remain in any public park, community recreation center or recreational facility at times inconsistent with those set by this section without special permission from the parks and recreation director for such persons or group of persons and their respective vehicle(s) to remain there. Such permit shall not allow use of the park for more than two (2) hours prior to its opening time or more than two (2) hours after its closing time, unless issued in compliance with section 74-101.

(b) No person or vehicle shall enter or remain in or on any city park, inclusive of municipal golf courses, from 10:00 p.m. until 6:00 a.m.

Exceptions are made for:

(1) *Clubhouses and related facilities on golf courses.* These facilities may remain open until 2:00 a.m.

(2) *Concerts at the Simon Estes Riverfront Amphitheater.* This facility may remain open until 12:00 a.m. (midnight).

(3) *Prairie Meadows Riviera Amphitheater at Riverview Park.* This facility may remain open until 12:00 a.m. (midnight).

(4) *Birdland Marina.* This facility may remain open until 11:00 p.m.

(5) *Brenton Skating Plaza.* This facility may remain open until 12:00 a.m. (midnight).

(6) *Western Gateway Park and John and Mary Pappajohn Sculpture Park.* This facility may remain open until 12:00 a.m. (midnight).

(7) *Gray's Lake Park.* This facility may remain open from 6:00 a.m. until 10:00 p.m. from November 1—March 31 and from 5:00 a.m. until 10:00 p.m. from April 1—October 31.

(8) *Principal Riverwalk* (excluding trails and trail heads, which follow multi-use recreational trails hours, and the Hub Spot and Rotary Riverwalk Park, which follow standard park hours): These facilities may remain open until 2:00 a.m.

(9) *Multi-use recreational trails.* These facilities shall be open at all times.

(10) *James W. Cownie Soccer Park, James W. Cownie Baseball Park, George Davis Softball Park, Savage Softball Fields at Easttown Park and Carney Softball Park.* These facilities may be open until 12:00 a.m. (midnight).

Sec. 74-101. Overnight use of parks by special permit.

(a) Purpose. The city's parks and park facilities are not designed for unlimited overnight use. The unlimited use of city parks after hours of operation, such as for camping or storage of personal property, interferes with the rights of others to use the parks for the recreational, leisure and environmental purposes for which they are intended. The purpose of this section is to allow the city's parks to be maintained in a clean and accessible condition and to protect the health, safety and welfare of the city and its residents, while recognizing that infrequent overnight use, subject to reasonable conditions, can be beneficial to the recreational, cultural or educational needs of the community.

(b) For the purpose of this section, overnight use shall mean remaining in or being in a park during hours when the park is not open for operation without a permit issued pursuant to subsection (c) of this section. Unpermitted overnight use shall be subject to prohibitions, disposition and removal pursuant to chapter 102, article VI, and sections 102-8 and 102-615, of this Code.

(c) The city parks and areas within such park in which overnight use is permitted and the conditions on such use, including camping, may be established by the parks and recreation director with the consultation of the parks and recreation board. Overnight use shall be allowed only by permit issued by the director. No more than ten days of overnight use per calendar year per park shall be allowed. No person shall be permitted overnight use of a city park for more than three days per calendar year per park, unless permitted by the city manager for a compelling recreational, cultural or educational need of the community. Commercially manufactured tents designed for no more than eight persons may be permitted with overnight use of a park, although no other buildings or structures as defined in chapter 134 of this Code or which are regulated by chapters 26 or 42 of this Code shall be allowed for overnight use.

(d) Overnight use of the parks for city sponsored or hosted events, activities, and programs shall be exempt from the requirements of this section.

(e) Moorage at the Birdland Marina pursuant to a rental agreement shall be exempt from the requirements of this section.

Sec. 74-102. Signage in parks, land and facilities managed by the parks and recreation department.

Only signs which are city signs, or sponsorship or donor signage authorized by an agreement with the city, are permitted on or in city parks, land and facilities managed by the parks and recreation department. Such signs shall be deemed to be city signs and are under the control of the parks and recreation department. Temporary signage in connection with an event during the time of the event may be permitted by the director of parks and recreation.

(O.15,788, 16,085)

Sec. 74-103. Baseballs; softballs.

(a) No one shall throw, hit or play with a baseball in any city park except in areas clearly designated as baseball fields.

(b) No one shall throw, hit or play with a softball in any city park except in areas clearly designated as softball fields.

(O.15,788, 16,405, 16,529)

Sec. 74-104. Golf balls.

No one shall drive, hit or play with a golf ball in any city park.

(O.15,788)

Sec. 74-105. Power-driven model airplanes.

No one shall fly, glide or play with a power-driven model airplane in any city park except in areas clearly designated by a sign posted in a conspicuous place permitting such activity.

(O.15,788)

Sec. 74-106. Responsibility of parent or guardian.

No parent, guardian or custodian of a minor shall knowingly allow the minor to do any act prohibited by any park rules or by this article.
(O.15,788)

Sec. 74-107. Beaches.

(a) Swimming and wading in bodies of water in the parks is permitted only within the marked area adjacent to designated swimming beaches, except by written permission of the parks and recreation director.

(b) Swimming and wading adjacent to authorized swimming beaches shall be permitted only inside the buoys and only during the swimming season as established by the parks and recreation board. The director may extend or shorten the swimming season or may eliminate or close areas adjacent to such beaches as authorized swimming areas with due regard for weather conditions and public safety.

(c) Watercraft are not allowed within the buoys at the swimming beach.

(d) No person shall change clothes in a park except in a restroom or other authorized place designated for such activity.

(e) No person shall swim, dive or enter the water within marked areas adjacent to any swimming beach while wearing or carrying an air or gas tank for the purpose of underwater breathing, in the activity commonly known as skindiving or scuba diving, without special permission from the parks and recreation director.

(f) No person shall disregard notices, prohibitions or directions on any beach sign or disobey the lawful order of any public officer or parks and recreation department staff.

(g) No person shall act at any swimming beach or in the water in such a manner as to jeopardize the safety and health of that person or others.

(h) Nothing contained in this section shall be construed to prohibit swimming or wading (i) in the conduct of official duties, or (ii) when fishing or seining for minnows at such times and places as may be authorized.
(O.15,788, 16,314, 16,529)

Sec. 74-108. Peddling.

No person shall sell or offer for sale, hire or lease anything in any recreation facility or park without a permit from the parks and recreation director.
(O.15,788)

Sec. 74-109. Photographs and cinematic productions.

No person shall take still photographs or shoot video, including by use of a drone, for a commercial purpose in any park, recreation facility or park road, exclusive of the Greater Des Moines Botanical Garden, Principal Park or A.H. Blank Park Zoo, without a permit from the parks and recreation director. No such permit shall be required of a commercial photographer or videographer who has been hired to take still photographs or video of an individual, a group or gathering in any such locations for non-commercial use by such individual, group or gathering.
(O.15,788, 16,085)

Sec. 74-110. Multi-use recreational trails.

(a) *Definitions.*

(1) "Multi-use recreational trail" is defined pursuant to section 114-1 of this Code and excludes a bicycle lane within the city right-of-way.

(2) "Electric personal assistive mobility devices" is defined as a self-balancing device with two non-tandem wheels, designed to transport not more than one person, and operated by an electric propulsion system. A Segway is an example device.

(3) "Single user electric device" means a device with or without handlebars designed to be stood or sat upon by the

operator, and powered by electric motor that is capable of propelling the device with or without human propulsion. An One Wheel is an example device.

(b) *Permitted uses.* Except as otherwise provided, the following recreation, transportation, fitness and other similar uses are permitted on multi-use recreational trails:

(1) Persons walking, jogging or running;

(2) Persons utilizing or operating a non-motorized device, such as a bicycle, skateboard, inline skates, scooter, wheelchair, or other similar activities;

(3) Persons utilizing or operating an electric-motorized device of one horsepower or less, such as bicycles as defined in section 114-677 of this Code, single user electric devices, electric personal assistive mobility devices, or other similar activities in compliance with chapter 114, division 1 of this Code;

(4) Persons with mobility impairments or disabilities using manually operated or power-driven wheelchairs and manually powered mobility aids for the purpose of locomotion;

(5) Persons with mobility impairments or disabilities using another power-driven mobility device for the purpose of locomotion, as provided in 28 CFR 35; and

(6) Official emergency vehicles and authorized maintenance vehicles as necessary to perform the duties of the operator.

(c) *Uses not permitted.* Except as otherwise provided, the following uses are not permitted on multi-use recreational trails:

(1) Motorized vehicles, except where the trail utilizes an existing road, street or highway and except by authorized personnel for the purpose of maintenance;

(2) Equestrian uses; and

(3) Skateboards are not permitted on portions of trails that utilize an existing park road except at designated crossings as indicated by surfacing markings and or signage.

(d) *Hours of permitted use.* Multi-use recreational trails shall be open for use by the public for recreation and transportation at all times, except for the following:

(1) Hours of use of sections of trails may be limited by the parks and recreation director;

(2) Sections of trails may be closed temporarily by the parks and recreation director for emergency situations; and

(3) Sections of trails may be closed temporarily by the parks and recreation director for improvement projects.

(e) *Official signs.* Every user of a recreational trail shall observe and obey any and all official signs posted along a recreational trail, including, but not limited to, speed limits, hours of use, surface markings, stop signs, yield signs and trail closures.

(f) *Reasonable speed.* Each person using the trail shall travel at a speed that is reasonable and prudent under the conditions then existing and shall not travel in such a manner as to constitute a willful or wanton disregard for the safety of persons or property.

(O.15,788, 16,085, 16,314, 16,405, 16,529)

Cross reference—Traffic and vehicles, ch. 114.

Sec. 74-111. Smoking prohibited.

(a) No person shall smoke upon the premises of any city park or recreation facility property, including sports facilities, golf courses, trails and community recreation centers.

(b) No person shall smoke within 25 feet of the entrance to any city park or recreation facility property. For purposes of this section "smoke" or "smoking" means to carry or exercise control over a lighted cigar, cigarette, pipe, or other lighted smoking equipment.

(c) No person shall use tobacco of any kind upon the premises of any city or recreation facility property, including sports facilities, golf courses, trails and community recreation centers.

"Tobacco" means any product made or derived from tobacco that is intended for human use, including both cigarettes and tobacco products as both are defined in Iowa Code section 453A.1, and includes any kind of vapor product as defined in Iowa Code section 453A.1 or any kind of electronic smoking device. "Electronic smoking devices" means any device that can be used to deliver an aerosolized solution that may or may not contain nicotine to the person inhaling from the device, including, but not limited to, an e-cigarette, e-cigar, e-pipe, vape pen, e-hookah, or other simulated smoking device. Nicotine products approved by the United States Food and Drug Administration for tobacco cessation shall be allowed in or on park property.

(d) This section does not apply to the Greater Des Moines Botanical Garden, A.H. Blank Park Zoo or Principal Park.
(O.15,788, 16,085, 16,529)

Sec. 74-112. Sledding, ice skating, cross-country skiing and snowshoeing at parks and golf courses.

(a) The city council finds that the following are valuable recreational activities and are favored by considerations of social policy:

(1) Sledding in city parks and in designated areas in municipal golf courses ("sledding"); and

(2) Skating on designated ponds in city parks and on man-made, temporary ice surfaces created by or under the authority of the parks and recreation department ("temporary ice rinks") in municipal golf courses or city parks ("ice skating"); and

(3) Cross-country skiing and snowshoeing in designated areas in municipal golf courses and in parks ("cross-country skiing and snowshoeing").

(b) The city council further finds that the parks and recreation department budget does not contain sufficient funds to provide for supervision or inspection or grooming of sledding hills in city parks and golf courses, ponds and temporary ice rinks in parks and municipal golf courses for ice skating, and cross-country skiing and snowshoeing trails in municipal golf courses and parks. As a result of the inability to supervise or groom the sledding hills, skating ponds, temporary ice surfaces and cross-country skiing and snowshoeing trails, such surfaces are uneven and may contain bumps, dips, ramps, ice, or thinning ice, trees and other hard and fixed objects in close proximity to a sledding or ice skating or skiing area and other dangers associated with numerous people utilizing various devices to proceed rapidly down icy or snowy inclines and enjoying various forms of recreational skating activities, cross-country skiing and snowshoeing. As sledding, ice skating, cross-country skiing and snowshoeing can be dangerous activities, the city council finds that persons desiring to sled in city parks or golf courses, to skate on ponds in city parks or temporary ice rinks, to cross-country ski and snowshoe in municipal golf courses and parks have the obligation to inspect the sledding, ice skating, and skiing area conditions prior to using such areas. In balancing the social policies favoring family friendly but potentially dangerous sledding, ice skating, cross-country skiing and snowshoeing activities and the economic policies which prevent the city from supervising or inspecting or grooming such surfaces and areas, the city council finds that:

(1) Sledding is allowed in areas and during times designated by the parks and recreation director at municipal golf courses or parks designated by the director;

(2) Ice skating is allowed at temporary ice rinks designated by the parks and recreation director at municipal golf courses and at ponds within parks designated by the director during times designated by the director; and

(3) Cross-country skiing and snowshoeing are allowed at municipal golf courses designated by the park and recreation director, except on tees and greens, during the times designated by the director and at city parks.

(c) Winter recreational activities, including skating, sledding, ice fishing, snowshoeing and skiing, are not permitted in or on the water or ice of Gray's Lake.

ARTICLE I. IN GENERAL

Secs. 78-1—78-9. Reserved.

Sec. 78-10. Limitation on retail premises.

No person shall engage in the business of displaying for sale, or selling, food, beverages or merchandise within the city from any vehicle, trailer, tent, or temporary structure or from any temporary location or place, except:

(1) *Permitted premises.* Activities conducted in compliance with a certificate of zoning compliance issued pursuant to section 134-1.7, entirely within a building in compliance with chapter 134 or in conformance with a site plan approved pursuant to article 9 of chapter 135.

(2) *Yard sales.* The casual and occasional sales of used household goods by the owner thereof to the public, on a nonreceiving basis, if the seller, at the time of the sale, is not engaged for profit in the business of selling goods of that or a similar nature, so long as such sales are not conducted in excess of four consecutive days and no more than two times annually.

(3) *Licensed use of right-of-way.* Sales activities conducted in compliance with an entertainment district license, a sidewalk sales permit, a farmers' or public market permit, or a sidewalk cafe license or lease issued for the premises pursuant to article VII of chapter 102 of this Code.

(4) *Street use permit.* Sales activities conducted in compliance with a street use permit issued pursuant to article XVI of chapter 102 of this Code.

(5) *Conditional use.* Sales activities conducted pursuant to conditional use approval by the zoning board of adjustment pursuant to article 6 of chapter 134 of this Code.

(6) *Peddlers.* Sales activities conducted in compliance with a peddlers license issued pursuant to article II of this chapter.

(7) *Transient merchants.* Sales activities by a transient merchant which are conducted in compliance with a transient merchant license issued pursuant to article III of this chapter, or which are exempt from the requirement to obtain a transient merchant license under section 78-62.

(8) *Parks.* The sale of food and beverages in public parks and rivers with permission of the park and recreation board.

(9) *Emergency response sites.* Sales of food and beverages at the site of an emergency or disaster with the permission of the police chief, fire chief or public works director.

(10) *Mobile venders*. Sales activities by a mobile vender which are conducted in compliance with a mobile vender license issued pursuant to article V of this chapter.

(O.14,807, 15,362, 15,819)

Sec. 78-11. Criminal and civil penalties.

(a) No person shall engage in or cause any activity to be done in violation of any provision of this chapter.

(b) Persons who fail to perform an act required by the provisions of this chapter or who commit an act prohibited by the provisions of this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code, or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(c) The city may obtain injunctive relief to enforce the provisions of this chapter.

(O.14,853, 15,608)

Secs. 78-12—78-24. Reserved.

ARTICLE II. PEDDLERS

Sec. 78-25. Purpose.

The purpose of this article is to protect residents of the city against fraud, and to ensure the safety of the residents by protecting them from intrusion into the privacy of their homes by licensing and regulating peddlers.

(O.15,155)

Sec. 78-26. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Peddler means any person carrying goods, merchandise or offering services who sells or offers for sale such goods, merchandise, or services from house to house including any person who takes orders house to house for goods, merchandise or services for later delivery.

Peddling means the selling or offering for sale services, goods or merchandise which are carried by a person from house to house including the taking of orders house to house for goods, merchandise, or services for later delivery.
(C42, §§ 57-1, 57-3, 57-4, 57-5; C54, C62, §§ 36-8, 36-16, 36-17, 36-19; O.7539, 8461, 8834; C62, § 36-1; C75, C79, C91, § 9-96; O.14,186, 15,155, 15,578)

Cross reference—Definitions generally, § 1-2.

Sec. 78-27. License and bond required.

(a) Any person engaging in peddling in this city without first obtaining a license as provided in this article shall be in violation of this article.

(b) No peddlers license shall be issued until the applicant has delivered to the city clerk a cash bond for no less than $200.00 per license or $1,000.00 for an employer employing a group of five or more license applicants.

(1) The bond shall be held to indemnify and pay the city any penalties or costs incurred in the enforcement of any of the sections of this article and indemnify or reimburse any purchaser of services, goods, wares, merchandise or stock for any judgment which may be obtained by a purchaser for damages in any action commenced within three months from the date of purchase, due to misrepresentations as to the kind, quality or value of such services, goods, wares, merchandise or stock, whether the misrepresentations were made by the owner or by his or her servants, agents or employees, either at the time of making the sale or through any advertisement of any character, printed or circulated, with reference to such stock of goods, wares, merchandise, services or any part thereof.

(2) The balance of the bond shall be released by the city clerk and returned to the applicant or employer upon request by the applicant or employer at any time more than four months after expiration of the peddlers license(s) for which the cash bond was provided, unless the city clerk has received notice of a pending action in the state or federal courts seeking a judgment upon a claim eligible for payment from the bond. Except as otherwise provided by court order, the city clerk shall not release any bond during the pendency of any such action.

(C62, § 36-2; O.8834; C75, C79, C91, § 9-97; O.15,155)

Sec. 78-28. Exemptions.

This article shall not apply to the following:

(1) Persons making door-to-door sales for the purpose of a community improvement or benefit approved by the city council on behalf of nonprofit, tax-exempt corporations; or

(2) Persons licensed as a salvage dealer under division 2 of article VIII of chapter 30 of this Code; or

(3) Persons licensed as a solicitor under article IV of this chapter; or

(4) Persons delivering and selling goods or merchandise to established customers; or

(5) Persons having written permission from a street use permit holder to make sales within the street area closed for an event.

(C42, § 57-7; C54, C62, § 36-2; O.8189, 8834; C62, § 36-3; C75, C79, § 9-98; O.9694; C91, § 9-98; O.14,186, 14,745, 15,155)

Sec. 78-29. Application for license.

An application shall be filed with the city clerk for a license required under this article. The applicant shall provide the following information:

(1) Applicant's name, e-mail address, if any, and local phone number or cell phone number;

(2) Permanent and local address, business address, business e-mail address, and phone number, if any;

(9) An Iowa sales tax permit number or a letter from the Iowa Department of Revenue confirming a sales tax permit is not required;

(10) A Department of Criminal Investigation criminal history report/record for applicant from the state of applicant's residence for the previous five years to include pending charges, such report or record must be dated no more than 30 days prior to the application;

(11) Whether applicant has been listed on any sex offender registry within the last five years;

(12) Whether applicant has had a peddlers license suspended, revoked, or denied by this or any other city in the last five years and the reasons therefore;

(13) The dates of any previous peddlers licenses issued by the city clerk.

(C62, § 36-5; O.8834; C75, C79, C91, § 9-100; O.15,155, 15,777)

Sec. 78-30. Issuance of license; fee; appeal.

(a) The city clerk, upon review of the license application with the police department and any other appropriate department or agency, shall determine whether a license will be issued to the applicant. A waiting period of not less than three business days from the date of the application shall be in effect to provide sufficient time for the city clerk's fact gathering process to be completed in a reasonable period. In making his/her decision, the clerk shall consider the following factors:

(1) The information in the application is found to be correct.

(2) All information required has been provided and the application is complete.

(3) The required bond is paid.

(4) Applicant does not have a peddlers license under suspension or revocation under this article.

(b) Upon the city clerk deciding the factors have been satisfied by the applicant a license shall issue upon payment of the bond and the nonrefundable fee in advance as set in the schedule of fees adopted by the city council by resolution.

(c) A denial of a license may be appealed in the same manner and under the same procedures stated at section 78-34 of this article.

(C42, §§ 57-1, 57-3, 57-4, 57-5; C54, C62, §§ 36-10, 36-12, 36-16, 36-17, 36-19; O.7539, 8461, 8834; C62, § 36-6; C75, § 9-101; O.9140; C79, C85, § 9-101; O.11,548; C91, § 9-101; O.15,155)

Sec. 78-31. Display of license.

Each peddler shall at all times while doing business in this city keep in his or her possession the license provided for in section 78-30 of this article and shall leave a copy of the license with

each prospective customer while peddling as evidence that he or she has complied with all requirements of this article.
(C62, § 36-7; O.8834; C75, C79, C85, § 9-102; O.11,602; C91, § 9-102; O.15,155)

Sec. 78-32. Transferability of license.

No peddler's license shall be sold or transferred. The license must be issued in the name of the person actually peddling.
(C62, § 36-8; O.8834; C75, C79, C85, § 9-103; O.11,602; C91, § 9-103)

Sec. 78-33. Licenses for short period.

Licenses may be issued to peddlers for periods of one week for each week for which such license is granted, one month for each month for which such license is granted, or for a period of three months for a fee for each respective time period in the amount set in the schedule of fees adopted by the city council by resolution.
(C42, §§ 57-2, 57-6; C54, C62, §§ 36-11, 36-20; O.8834; C62, § 36-9; C75, § 9-104; O.9140; C79, C85, § 9-104; O.11,548; C91, § 9-104; O.14,186)

Sec. 78-34. Suspension, revocation, or denial of license and appeal.

(a) *Suspension, revocation or denial.* Any license issued pursuant to this article shall be either summarily suspended or revoked by the city clerk for violation of this article or for misrepresentation of facts in the application. A license may be denied for failure to meet the factors stated in section 78-30(a) of this article.

(b) *Notice and appeal process.* A summary suspension, revocation or denial, shall be promptly communicated to the applicant or the applicant's representative by phone at the phone number provided in the application. Written notice shall also be mailed by U.S. mail to the applicant at the business address identified in the application informing the applicant of the suspension, revocation or denial, the reasons therefore, and the applicant's right to appeal to a hearing officer pursuant to Chapter 3 of this Code. The only issue on appeal shall be whether the suspension, revocation or denial is supported by a preponderance of the evidence.

(c) *Effect or suspension or revocation.* A suspension shall be for the amount of time stated in the suspension which may be for up to one year. A licensee whose license has been revoked shall not be eligible for another such license for two years after such revocation.
(C42, § 57-10; C54, C62, § 36-10; O.8834; C75, C79, § 9-105; O.10,723; C85, § 9-105; O.11,602; C91, § 9-105; O.15,155)

Sec. 78-35. Prohibited acts.

(a) No peddler shall conduct peddling with any person situated in a motor vehicle upon any public street, alley, driveway access, or public way.

(b) No peddler shall conduct peddling upon any part of the public right-of-way along a parade route on the day of any permitted parade.

(c) No peddler shall conduct peddling within 1,800 feet of the perimeter of a street closure, or inside such perimeter, for an event where a street use permit has been issued unless written permission from the street use permit holder has been obtained.

(d) No peddler shall conduct peddling between the hours of 9:00 p.m. and 9:00 a.m.

(e) No peddler shall do business or attempt to do business upon any property on which has a posted notice prohibiting peddling or soliciting.

(f) No peddler shall harass, intimidate, coerce or threaten any individual to induce a sale.

(g) No peddler shall falsely or fraudulently misrepresent the quality, character or quantity of any article, item or commodity offered for sale or sell any unwholesome or tainted food or foodstuffs.

(h) No peddler shall conduct business in such a manner as to endanger the public health, welfare, or safety of the public.

(1) *Yard sales.* The casual and occasional sales of used household goods by the owner thereof to the public, on a nonreceiving basis, if the seller, at the time of the sale, is not engaged for profit in the business of selling goods of that or a similar nature, so long as such sales are not conducted in excess of four consecutive days and no more than two times annually.

(2) *Licensed use of right-of-way.* Sales activities conducted in compliance with an entertainment district license, a sidewalk sales permit, a farmers' or public market permit, or a sidewalk cafe license or lease issued for the premises pursuant to article VII of chapter 102 of this Code.

(3) *Street use permit.* Sales activities conducted in compliance with a street use permit issued pursuant to article XVI of chapter 102 of this Code.

(4) *Conditional use.* Sales activities conducted pursuant to a conditional use approval by the zoning board of adjustment pursuant to article 6 of chapter 134 of this Code.

(5) *Peddlers.* Sales activities conducted in compliance with a peddler's license issued pursuant to article II of this chapter.

(6) *Parks.* The sale of food and beverages in city parks with permission of the department director.

(7) *Emergency response sites.* Sales of food and beverages at the site of an emergency or disaster with the permission of the police chief, fire chief or public works director.

(8) *Mobile venders*. Sales activities by a mobile vender which are conducted in compliance with a mobile vender license issued pursuant to article V of this chapter.

(9) *Transient merchant premises permit* means a permit issued to the owner of real estate to allow a transient merchant or a mobile food vender to operate on the owner's real estate subject to the provisions of articles III and IV of chapter 78.

(O.14,807, 15,362, 15,489, 15,819)

Sec. 78-62. Exceptions.

The following sales by transient merchants do not require a license under this article; however, section 78-74 of this article shall apply to the conduct of all sales by transient merchants:

(1) The sale of food located within the area known as Cowles Commons and bounded by Locust, Walnut and 3rd Streets and the extension of 4th Street.

(2) The sale of raw fruits and/or vegetables.

(3) The sale of natural Christmas trees during the months of November and December.

*__Editor's note—__Ord. No. 14,807, § 1, adopted Nov. 10, 2008, effective Jan. 15, 2009, repealed the former Art. III, §§ 78-61—78-68, 78-69.01—78-74, and enacted a new Art. III as set out herein. The former Art. III pertained to similar subject matter and derived from Code 1942, §§ 53-1—53-6, 53-8—53-10 and Code 1991, §§ 9-118—9-130, 9-132, as amended. See the Code Comparative Table for complete derivation.

(4) Sales activities by a charitable, educational or religious organization which is exempt from taxation under section 501(c)(3) of the United States Internal Revenue Code when the proceeds thereof shall be applied to the payment of the expenses thereof and to the charitable or religious object for which the charitable or religious society exists, provided that such sales are not conducted by such organization in excess of three consecutive days in any seven-day period at the same location.

(5) Sales activities conducted on property zoned for retail sales use and owned by a non-profit corporation where such sales activities are sponsored by the non-profit corporation and are limited to the weekends in the months of June through August.

(O.14,807, 14,966, 15,489)

Editor's note—Ord. No. 14,966 stated "Sec. 2. Paragraph (1) of Section 78-62 shall become effective January 1, 2011, to allow the pushcart operators who were formerly exempt from the licensing requirements time to obtain a transient merchant license. All other provisions of this ordinance shall be in full force and effect from and after its passage and publication as provided by law."

Sec. 78-63. Reserved.

Sec. 78-64. Licenses and permits required.

(a) Except for premises listed in subsection b, the owner or tenant of premises upon which a transient merchant or mobile food vender operates shall obtain a transient merchant premises permit as provided in this article before allowing for sale of any food, goods, wares or merchandise in the city.

(b) The following premises are exempt from the requirements of subsection a:

(1) Premises upon which sales occur that are exempt from license pursuant to section 78-62.

(2) Mobile vender zones.

(3) City parkland.

(c) Except for those exempt activities identified in section 78-62, every transient merchant shall, before offering for sale any food, goods, wares or merchandise in the city, obtain a license for their sale from the city clerk as provided in this article.

(d) A three-day transient merchant license shall permit the operation of the licensed business during three consecutive days. A thirty-day transient merchant license shall permit the operation of the licensed business during 30 consecutive days. An annual transient merchant license shall permit the operation of the licensed business for 365 consecutive days.

(O.14,807, 15,489)

Sec. 78-65. Reserved.

Sec. 78-66. Application for license—All applicants.

Every transient merchant shall apply to the city clerk for a transient merchant license at least three business days prior to use by providing the following information upon a form to be provided by the city clerk:

(1) The full name, age, permanent address and phone number of the applicant.

(2) A description of the merchandise or food to be sold.

(3) The business name and address.

(4) The starting date and duration of the proposed sale.

(5) If known, the address of the private property where the sale will be held, and the name and address of the property owner or person in control of that property.

(6) If known, a written statement from the property owner or person in control of the property listed in subsection (5) of this section that the applicant is authorized to use the property for a sale on the proposed dates.

(7) The period of time the applicant has been engaged in the same or similar business,

and the jurisdictions in which the applicant has previously conducted business in the last year.

(8) A description of the structure, vehicle, tent, trailer or other configuration from which the sale will be conducted.

(9) The application must be accompanied by a copy of all required permits and licenses, including but not limited to, a retail sales tax permit issued by the Iowa Department of Revenue. Applicant is required to obtain and establish in its application that it has obtained insurance of the type and in the amounts specified by section 78-66.01.

(10) Written permission from a street use permit applicant if the proposed location for sales are within 1,800 feet of the perimeter of a street use closure for an event when an application is on file with the city clerk for a street use permit or when the street use permit has been issued.

(11) A description of how bathroom facilities will be provided to satisfy the requirements of section 78-67.

(O.14,807, 14,966, 15,357, 15,489)

Sec. 78-66.01. Application for license—Licensees selling food.

In addition to the requirements in section 78-66, any transient merchant selling food must include in its application the information in section 78-204 and must comply with the requirements of sections 78-204.5, 78-205 and 78-212(g), except that automobile liability insurance must have a limit of not less than $500,000.00 per occurrence, combined single limit. Merchants operating under a valid transient merchant license on the effective date of this amendment are exempt from the requirement of a Type 1 hood with fire suppression system on any vehicle already in use until the first inspection following December 31, 2017, at which time the vehicle must comply with all existing fire codes. The requirements of section 78-204(7)(c) and section 78-212(g) apply to transient merchants beginning on January 1, 2018.
(O.15,489)

Sec. 78-67. Application for a transient merchant premises permit.

At least three business days prior to allowing a transient merchant or mobile food vender, currently licensed by the city, to operate on premises within the city, an owner or lessee of the premises must obtain a transient merchant premises permit from the city clerk. The application for the permit must be on a form provided by the city clerk and must demonstrate to the satisfaction of the city clerk and the zoning administrator that the premises meet the following requirements:

(1) All applicable requirements of this article, the City Code, the Iowa Code and the Iowa Administrative Code.

(2) The premises is within a commercial or industrial zoning district.

(3) The premises is not on a parcel having a residential use as its principle use.

(4) Trailers, vehicles, tents, equipment, and areas used for the storage, display or sale of food or merchandise will be located only on a paved surface outside required setback for structures under chapters 134 and 135 and outside any required fire lanes and drive approaches.

(5) The premises has at least three paved off-street parking spaces dedicated to the transient merchant or mobile vender operations and is served by a paved driveway from a public right-of-way. Property located in DX1, DX2 and DXR zoning districts are exempt from the off-street parking requirement. For purposes of this subsection, a transient merchant or mobile vender may share parking with an existing business on the site only if available parking is sufficient to serve the normal operations of both. If the operation of a transient merchant or mobile vender at the site has caused an

overflow of customer or employee parking into the street or other private parking lots in the vicinity within the past year, shared parking is presumed to be insufficient.

(6) The premises must have a dumpster enclosure unless the premises is legally in use by a licensed transient merchant on the effective date of this amendment, in which case a dumpster enclosure must be provided within one year after the issuance of a premises permit. The requirement for a dumpster enclosure may be waived if permit holder can establish to the satisfaction of the neighborhood inspection zoning administrator that it has a non-residential alternative location for taking its garbage.

(7) Only one transient merchant or mobile vender currently licensed by the city is allowed to operate on the parcel at any time.

(8) The permit holder must provide a paved area for display and sale by the transient merchant. This provision does not apply to premises that are covered by a valid transient merchant license on the effective date of this ordinance if a premises permit is applied for on or before the expiration of the existing transient merchant license. This exemption terminates when a premises permit is not timely renewed or is denied for any reason. The owner of the premises must comply with all zoning requirements relating to the premises.

(9) If the transient merchant or mobile vender is selling or serving food, the premises must also:

a. Assure that the transient merchant or mobile vender complies with the requirements established by Iowa Administrative Code § 481-31 for a food establishment other than a food processing plant.

b. Provide bathroom facilities for the business workers and customers on the licensed premises or by agreement for the use of bathroom facilities located within a reasonable distance from the licensed facilities that are open the same hours as the transient merchant or mobile vendor.

c. The premises must not be located within 100 feet of any public entrance into the waiting of service area of any street level restaurant operating on the date of the application. This provision does not apply to premises permits issued to locations at which any transient merchant is legally operating within a 100 feet of an existing restaurant on the effective date of this ordinance; however, this provision applies if a permit lapses for any period of time or if a restaurant subsequently begins operations within 100 feet of the premises, then this provision applies to all future applications.

(O.14,807, 14,966, 15,489, 15,640, 15,819)

Sec. 78-68. Cash bond.

(a) Except as provided in paragraph (b) below, no transient merchant license shall be issued until the applicant has delivered to the city clerk a cash bond as set out in the schedule of fees. The bond shall be held to indemnify and pay the city any penalties or costs incurred in the enforcement of any of the sections of this article and indemnify or reimburse any purchaser of food, goods, wares, merchandise or stock for any judgment which may be obtained by a purchaser for damages in any action commenced within three months from the date of purchase, due to misrepresentations as to the kind, quality or value of such food, goods, wares, merchandise or stock, whether the misrepresentations were made by the owner or by his or her servants, agents or employees, either at the time of making the sale or through any advertisement of any character, printed or circulated, with reference to such stock of food, goods, wares or merchandise or any part thereof.

(b) The balance of the bond shall be released by the city clerk and returned to the applicant upon request by the applicant at any time more than four months after expiration of all transient merchant licenses for which the cash bond was provided, unless the city clerk has received notice of a pending action in the state or federal courts seeking a judgment upon a claim eligible for payment from the bond. Except as otherwise provided by court order, the city clerk shall not release any bond during the pendency of any such action.
(O.14,807, 15,489)

Sec. 78-69. License and permit fee.

(a) The applicant for a transient merchant license or a transient merchant premises permit shall pay a fee at the time of filing the application in the amount set in the schedule of fees adopted by city council by resolution.

(b) In the event the application for a transient merchant license or a transient merchant premises permit is denied or withdrawn by the applicant, either all or a portion of the license fee in an amount set in the schedule of fees adopted by the city council shall be retained by the city to defray the administrative costs incurred.
(O.14,190, 15,489)

Sec. 78-69.01. Reserved.

Editor's note—Ord. No. 15,489, § 1, adopted July 25, 2016, repealed § 78-69.01, which pertained to priority of street use events, refund of license fee and derived from Ord. No. 14,807.

Sec. 78-70. License or permit issuance.

(a) A transient merchant license or transient merchant premises permit shall not be issued more than fifteen days in advance of the commencement of the term of the license.

(b) A transient merchant license or transient merchant premises permit shall be denied to any applicant who has operated a transient merchant business or transient merchant premises in material violation of any of the requirements of this article or any other chapter of this Code within the prior 180 days.

(c) The city clerk or the city clerk's designee shall, upon satisfaction that the information provided in an application for a transient merchant license or transient merchant premises permit is true and correct, and that the requirements of this article for issuance of the license or permit have been satisfied, and upon payment of the license or permit fee and posting of a cash bond, if required by this article, issue the license.

(d) The city clerk shall deny any application for the operation of a transient merchant business or transient merchant premises that does not conform with all applicable requirements of this article, the City Code, the Iowa Code and the Iowa Administrative Code.
(O.14,807, 15,489)

Sec. 78-70.01. Appeal of denial.

(a) The denial of an application for a transient merchant license or transient merchant premises permit may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code.

(b) In the event an application for a transient merchant license or transient merchant premises permit is denied, the city clerk or the city clerk's designee shall cause notice of such denial to be promptly communicated to the applicant or the applicant's representative by phone at the phone number provided in the application. Written notice shall also be sent by first class mail to the applicant at the business address identified in the application informing the applicant of the denial, the reasons therefore, and the applicant's right to appeal the denial to an administrative hearing officer by filing a written notice of appeal with the city clerk within ten business days after the date of such notice.
(O.14,807, 15,130, 15,489)

Sec. 78-71. Transferability of license or permit.

Transient merchant licenses or transient merchant premises permits issued under this article shall not be transferable.
(O.14,807, 15,489)

Sec. 78-72. Renewal of license or permit.

Annual and thirty-day transient merchant licenses may be renewed for the same period so long as there have been no violations of this article, upon payment of the fee required by section 78-69 of this article and upon posting of the cash bond required by section 78-68 of this article. Three-day transient merchant licenses are not subject to renewal. Transient merchant premises permits may be renewed so long as there have been no violations of this article, upon payment of the fee required by section 78-69 of this article.
(O.14,807, 15,489)

Sec. 78-73. Suspension or revocation of license or permit.

(a) Upon complaint or reasonable suspicion that a licensee or permit holder or the licensee's or permit holder's employees or agents has furnished any false information required under this article or has violated or failed to comply with any of the requirements of this article or any other chapter of this Code, the city clerk or the city clerk's designee may cause the matter to be investigated. If the city clerk or the city clerk's designee finds that the licensee or permit holder or the licensee's or permit holder's employees or agents has furnished any false information required under this article or has violated or failed to comply with any of the requirements of this article or any other chapter of this Code, the city clerk or the city clerk's designee may give notice to the licensee of the city's intent to suspend or revoke the license, or to deny its renewal.

(b) Notice of the city's intent to suspend, revoke, or deny the renewal of a license or permit and a brief summary of the factual basis for such remedial action shall be served upon the licensee or permit holder. Such notice shall inform the licensee or permit holder of the time, date and place of a meeting where the licensee or permit holder may meet with the city clerk or the city clerk's designee for the purpose of presenting additional information regarding the intended remedial action and the factual basis therefore, and that a final decision on appropriate remedial action will made after the schedule time for such meeting. Such notice shall be served upon the licensee or permit holder by personal service or by service upon a cashier, 18 years of age or older, for the business where business is conducted, or by regular mail addressed to the licensee at the licensee's business address as shown on the application a minimum of five business days prior to the date set for the meeting.

(c) If, after the scheduled meeting and after consideration of all the available information including any information provided at the meeting by the licensee or permit holder, the city clerk or the city clerk's designee makes a finding based on substantial evidence that a violation of this article or another chapter of this Code did in fact take place as alleged, the city clerk or the city clerk's designee may suspend or revoke the license or permit or deny its renewal; the determination of whether to so suspend or revoke the license or permit or deny its renewal shall be in the discretion of the city clerk or the city clerk's designee and shall be dependent upon the circumstances surrounding the violation and its severity. The decision to suspend, revoke or deny renewal of a license or permit shall be in writing and shall identify the basis for such action. The decision shall be promptly served in the same manner as required for the service of the notice required under subsection (b), and shall not be effective until ten days after so served. The decision shall also give notice that it may be appealed to an administrative hearing officer by filing a notice of appeal with the city clerk within ten business days of the date of the decision.

(d) The decision of the city clerk or the city clerk's designee to suspend, revoke or deny renewal of a license or permit pursuant to this section may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code.

(e) A licensee or permit holder whose license or permit has been revoked or denied for renewal shall not be eligible for a license or permit under this article for a period of 180 days after such revocation or denial of renewal.
(O.14,807, 15,130, 15,489)

Sec. 78-74. Restrictions on operations of transient merchants and transient merchant premises.

(a) Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit shall not sell to any person located on any public street, alley, driveway access, or public way.

(b) Only one sign is allowed on premises that are subject to a transient merchant premises permit. Such sign shall be located outside the required front yard setback area designated by chapter 135 of this Code. Such sign shall have a single face or two parallel faces, with each face not to exceed 24 square feet in area. Such sign shall be securely anchored so as to prevent its displacement by weather. Vehicle signs painted or attached directly to the body of the vehicle shall not be subject to this limitation.

(c) Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit shall not use any display that exceeds the height of 15 feet.

(d) Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit shall display wares or products using anchoring or affixing such wares or products in such a manner so as to prevent their displacement by weather conditions.

(e) Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit shall not conduct business within the setback area designated by chapter 135 of this Code. Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit are only allowed to sell, display or store merchandise or equipment within the boundaries of the area designated for the operation of such business in a permit issued pursuant to this article.

(f) Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit must display the license required by this article and a valid sales tax permit in a manner that it is readily visible to the public during operation.

(g) Transient merchants shall operate the business in a manner that does not violate any applicable food and sanitation laws.

(h) Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit shall remove all equipment, temporary structures, garbage, and any vehicle or trailer used in the operation of the business from the licensed premises and the underlying parcel at any time not open for business and during hours business is prohibited. This section does not apply to temporary closures of the business of up to 30 minutes two times during allowed hours of operations. This requirement does not apply to the sale of raw fruits and vegetables, natural Christmas trees, live plants and nursery stock.

(i) Private property owner shall not allow, permit or authorize any person to conduct a transient sale or allow a mobile food vender to operate on the premises without a premises permit required by this article.

(j) Private property owners or lessees shall not allow, permit, or authorize the use of any property within the control of the private property owner or lessee in violation of any of the sections of this article.

(k) Transient merchants and mobile food venders operating on premises subject to a transient merchant premises permit shall not operate the business in a manner that violates the Noise Control Ordinance of the City of Des Moines set forth in article IV of chapter 42 of this Code.

(l) Only one transient merchant or mobile vender may operate on premises with permit at any time.

(m) Hours of operation. Transient merchants are permitted to operate between 5:30 a.m. and 1:30 a.m. the following day unless the premises is located within 125 feet of any residentially-zoned property. Within 125 feet of a residential property, transient merchants are allowed to operate between 8:00 a.m. and 10:30 p.m. on the same day. For any transient merchant licensed to operate on the effective date of this amendment, the transient merchant is allowed to operate between 5:30 a.m. and 1:30 a.m. the following

day as long as the transient merchant is operating with a license on the same premises it operated on the effective date of this amendment and its ownership does not change. If a license lapses for any period of time, the licensee is not permitted to operate outside of 8:00 a.m. to 10:30 p.m. the same day within 125 feet of a residential property. For purposes of this section, DX1, DX2 and DXR, are not considered residentially zoned property.

(n) The display and sale area cannot exceed 1,000 square feet, with no side exceeding 50 feet in length.

ARTICLE V. MOBILE FOOD VENDERS†

Sec. 78-200. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Certified food protection manager is a person who holds an active certified food protection manager certificate from a program approved by the National Conference for Food Protection.

Fire marshal shall mean any individual designated by the fire chief to serve as the city fire marshal, or to perform the duties of the fire marshal under this article.

Food service establishment shall have that meaning established by § 481-30.2 of the Iowa Administrative Code.

Meter hood means a bag owned by the city and issued to a mobile vender for temporary use during the term of the mobile vender's license. Subject to the requirements of this article, the meter hood may be placed over a parking meter to reserve and hold a parking space within the mobile vender zones for use by the mobile vender to whom the meter hood was issued. However, nothing in this article shall be interpreted as authorizing a mobile vender vehicle to be parked at a location which would not otherwise then be available for general public use, unless the use of such location is specifically limited to use by mobile vender vehicles.

Mobile vender means a person engaged in the business of selling food or beverages from a mobile vender vehicle. For purposes of operation in a city park pursuant to section 74-210, the term "mobile vender" includes a transient merchant licensed to sell food pursuant to Article III. A transient merchant licensed to sell food and operating in a city park must comply with all relevant provisions in Article III, including specifically, but not limited to, the requirements of sections 78-66 and 78-66.01.

†__Cross reference—__Mobile food venders in designated parks, § 74-210.

Mobile vender vehicle means a motorized vehicle or trailer used for the sale of food or beverages for immediate consumption.

Restaurant means a food service establishment which derives at least 50 percent of its gross receipts from the sale of food for immediate consumption on the premises.

Tow vehicle means a motorized vehicle used to pull a trailer used as a mobile vender vehicle.

Zone means the mobile vender zones as defined in section 78-201 of this article.
(O.15,362, 15,447, 15,489)

Sec. 78-202. Reserved.

Editor's note—Ord. No. 15,447, § 1, adopted Feb. 17, 2016, repealed § 78-202, which pertained to pilot project—Transitional provisions and derived from Ord. No. 15,362; Ord. No. 15,418.

Sec. 78-203. License required.

(a) Every mobile vender shall, before offering for sale any food or beverages in the city, obtain a license for their sale from the city clerk as provided in this article.

(b) A mobile vender license authorizes the operation of a mobile vender vehicle upon the public streets within the mobile vender zones or locations set forth in subsection 78-201(a), subject to the regulations set forth in this article and to any applicable conditions set forth in a temporary use permit or approved conditional use.

(c) A separate mobile vender license shall be required for each mobile vending vehicle.
(O.15,362, 16,046)

Sec. 78-204. Application for license.

(a) Every mobile vender shall apply to the city clerk for a mobile vender license at least three business days prior to use by providing the following information upon a form to be provided by the city clerk, and paying the application fee in the amount set in the schedule of fees adopted by the city council by resolution:

(1) The full name, age, permanent address and phone number of the applicant.

(2) The business name and address.

(3) A description of the motorized vehicle or trailer from which the sale will be conducted, including the license plate number, and the length of the motorized vehicle or the trailer and tow vehicle.

(4) A summary of the cuisine of food to be sold.

(5) The period of time the applicant has been engaged in the same or similar business, and the jurisdictions in which the applicant has previously conducted business in the last year.

(6) The application must be accompanied by a copy of a retail sales tax permit issued to the applicant by the Iowa Department of Revenue.

(7) If the mobile vender sells food or beverages other than prepackaged items that do not require hot or cold handling procedures, then the application shall also contain the following:

a. A copy of the mobile food unit license issued by the Iowa Department of Inspections and Appeals for the mobile vender vehicle.

b. A copy of the appropriate food establishment license issued by the Iowa Department of Inspection and Appeals for any commissary kitchen or other premises where food is prepared for sale from the mobile vender vehicle, and the name and contact information for the individual or business responsible for the operation of such kitchen or premises.

c. The name of one or more certified food protection managers employed by the business and a copy of their current certification as a certified food protection manager.

d. The addresses of the businesses or facilities at which any fat, oil or grease generated in the operation of the mobile vender business are disposed of, including the contact information for the individual or business responsible for the operation of each such business or facility. Any change in the businesses or facilities used for the disposal of such fat, oil and grease shall be reported to the city clerk in writing by the mobile vender within three business days of the first use of a the new business or facility.

e. A certificate of annual compliance issued by the fire marshal pursuant to section 78-204.5 identifying that the mobile vender vehicle has been inspected within the prior six months and determined to be in compliance with the fire code.

(8) The location where the mobile vender vehicle will be regularly parked when not in use.

(9) Evidence of liability insurance for operation of the mobile vender vehicle, or the tow vehicle if the mobile vender vehicle is a trailer, providing the coverages required by section 78-205.

(b) A mobile vender shall notify the city clerk in writing of any change to the information provided pursuant to subsection a, above, within five business days of such change.
(O.15,362, 15,447)

Sec. 78-204.5. Inspection.

(a) If an applicant for a mobile vender license proposes to sell food or beverages other than prepackaged items that do not require hot or cold handling procedures, the mobile vender vehicle must be inspected by the fire marshal and determined to be in compliance with the fire code as provided in this section.

(b) An applicant for a mobile vender license who sells food or beverages other than prepackaged items that do not require hot or cold handling procedures shall pay an inspection fee to the city clerk in the amount set in the schedule of fees adopted by the city council by resolution. The city clerk shall direct the applicant to contact the fire marshal to schedule an inspection of the mobile vender vehicle and to present the receipt to the fire marshal as proof of payment of the inspection fee.

(c) Upon direction by the city clerk after paying the inspection fee, the applicant shall contact the fire marshal to schedule an inspection of the mobile vender vehicle and shall cooperate in scheduling and completing the inspection.

(d) If the fire marshal determines after inspection that the mobile vender vehicle satisfies the applicable requirements of the fire code, the fire marshal shall issue a certificate of annual compli-

ance identifying that the mobile vender vehicle has been inspected and determined to be in compliance with the fire code.
(O.15,447)

Sec. 78-205. Insurance.

Every mobile vender shall maintain liability insurance for operation of the mobile vender vehicle, or the tow vehicle if the mobile vender vehicle is a trailer, and provide proof of the following coverages in its application for a mobile vender license and any time upon request by the city clerk:

(1) An insurance policy or policies, or certificate of insurance, issued by an insurance company having an A.M. Best rating of no less than B+. The policy(ies) shall include commercial general liability insurance coverage and automobile liability insurance coverage, or the equivalent thereof, for the owner of the mobile vender vehicle and tow vehicle if applicable, and for the mobile vender business if different from the vehicle owner. The commercial general liability insurance shall include coverage for bodily injury, death and property damage with limits of liability of not less than $1,000,000.00 per occurrence and aggregate combined single limit. The automobile liability insurance shall include coverage for bodily injury, death and property damage with limits of liability of not less than $1,000,000.00 per occurrence, combined single limit.

(2) The certificate of insurance referred to in this section shall provide that the insurance policy or policies have been endorsed to provide 30 days advance written notice of cancellation, 45 days advance written notice of non-renewal, and ten days advance written notice of cancellation due to nonpayment of premium, and that these written notices shall be provided by e-mail, facsimile, delivery or regular mail to the city clerk.

(3) The cancellation or other termination of any required insurance policy shall automatically revoke and terminate the mobile vender license, unless another policy(ies), complying with this section, shall be provided and in effect at the time of such cancellation or termination. The city clerk shall immediately issue written notification of the revocation of the mobile vender license.

(O.15,362)

Sec. 78-206. Cash bonds.

(a) Except as provided in paragraph (c) below, no mobile vender license shall be issued until the applicant has delivered to the city clerk a cash bond as set out in the schedule of fees. The bond shall be held to indemnify and pay the city any penalties or costs incurred in the enforcement of any of the sections of this article and indemnify or reimburse any purchaser of food or beverages for any judgment which may be obtained by a purchaser for damages in any action commenced within three months from the date of purchase, due to misrepresentations as to the kind, quality or value of such food or beverages, whether the misrepresentations were made by the owner or by his or her agents or employees, either at the time of making the sale or through any advertisement of any character, printed or circulated, with reference to such food or beverages.

(b) A single bond may be used for all licenses obtained by the same mobile vender.

(c) The balance of the bond shall be released by the city clerk and returned to the applicant upon request by the applicant at any time more than four months after expiration of all mobile vender licenses for which the cash bond was provided, unless the city clerk has received notice of a pending action in the state or federal courts seeking a judgment upon a claim eligible for payment from the bond. Except as otherwise provided by court order, the city clerk shall not release any bond during the pendency of any such action.
(O.15,362, 15,489)

Sec. 78-207. Meter hoods or metered parking.

(a) In order to operate in a downtown mobile vender zone, a mobile vender, is required to obtain a meter hood to be issued by the city clerk

for each licensed mobile vender vehicle. If the mobile vender vehicle, or the mobile vender vehicle and tow vehicle if the mobile vender is a trailer, is longer than 20 feet and no longer than 25 feet the mobile vender may elect to obtain a second meter hood from the city clerk. If the mobile vender vehicle is a trailer, and the mobile vender vehicle and tow vehicle are longer than 25 feet, the mobile vender is required to obtain a second meter hood to be issued by the city clerk

(b) The annual fee for the use of the first and second meter hoods issued with each mobile vender license shall be in the amount set in the schedule of fees adopted by the city council by resolution.

(c) To secure the return of each meter hood at the expiration or termination of the mobile vender license, a deposit in the amount set in the schedule of fees adopted by the city council by resolution shall be collected by the city clerk for each meter hood so issued, including replacement hoods. Upon request to the city clerk and return of the meter hood in good condition, excepting ordinary wear, the city clerk shall cause the deposit to be refunded to the mobile vender by mailing payment to the address of record for such vender.

(d) In the event any meter hood is lost, stolen or damaged, the mobile vender may obtain a replacement meter hood upon payment of the replacement hood fee and deposit in the amounts set in the schedule of fees adopted by the city council by resolution.

(e) A mobile vender must pay for parking fees at a meter for both the tow vehicle and the mobile vender vehicle for a permitted or approved location outside a mobile vendor zone.
(O.15,362, 15,489, 16,046)

Sec. 78-208. License issuance.

(a) A mobile vender license shall be denied to any applicant who has operated a mobile vender business in material violation of any of the requirements of this article or any other chapter of this Code within the prior 180 days.

(b) The city clerk or the city clerk's designee shall, upon satisfaction that the information provided in an application for a mobile vender license is true and correct and that the requirements of this article for issuance of the license have been satisfied, and upon payment of the cash bond required by section 78-206 and the meter hood fee, if required to operate, and deposit required by section 78-207, issue the license and one or two meter hoods as provided in section 78-207. The license shall identify whether the mobile vender is limited to the sale of prepackaged food and beverages that do not require hot or cold handling procedures.

(c) The city clerk shall deny any application for the operation of a mobile vender business that does not conform with all applicable requirements of this article, the City Code, the Iowa Code and the Iowa Administrative Code.

(d) In the event an application for a mobile vender license is denied, the city clerk or the city clerk's designee shall cause notice of such denial to be promptly communicated to the applicant or the applicant's representative by phone at the phone number provided in the application. Written notice shall also be sent to the applicant at the business address identified in the application informing the applicant of the denial, the reasons therefore, and the applicant's right to appeal the denial to an administrative hearing officer by filing a written notice of appeal with the city clerk within ten business days after the date of such notice.

(e) If no appeal from the denial of a license is timely filed, or if the denial is not reversed upon final disposition of any appeal, the city clerk shall promptly refund the refundable portion of the application fee, as set in the schedule of fees adopted by the city council by resolution.

(f) A mobile vender license shall be effective for one year, or the portion thereof remaining after issuance of the license until the following March 1st. All mobile vender licenses shall expire on March 1st.
(O.15,362, 15,447, 15,489)

Sec. 78-209. Appeal of denial.

The denial of an application for a mobile vender license may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code.
(O.15,362)

Sec. 78-210. Transferability of license.

(a) Mobile vender licenses issued under this article are not transferable between individuals or businesses.

(b) A mobile vender may apply to transfer their mobile vender license to another mobile vender vehicle as follows:

(1) The mobile vender shall file an amended application meeting the requirements of section 78-204 for the new mobile vender vehicle and shall return the mobile vender license previously issued for the original mobile vender vehicle.

(2) The mobile vender shall pay the transfer fee in the amount set forth in the schedule of fees adopted by the city council by resolution.

(c) The city clerk or the city clerk's designee shall, upon satisfaction that the information provided in the amended application for a mobile vender license is true and correct, and that the requirements of this article for issuance of the amended license have been satisfied, issue the new license.
(O.15,362)

Sec. 78-211. Suspension or revocation of license.

(a) Upon complaint or reasonable suspicion that a licensee or the licensee's employees or agents has furnished any false information required under this article or has violated or failed to comply with any of the requirements of this article or any other provisions of this Code, the city clerk or the city clerk's designee may cause the matter to be investigated. If the city clerk or the city clerk's designee finds that the licensee or the licensee's employees or agents has furnished any false information required under this article or has violated or failed to comply with any of the requirements of this article or any other provisions of this Code, the city clerk or the city clerk's designee may give notice to the licensee of the city's intent to suspend or revoke the license, or to deny its renewal.

(b) Notice of the city's intent to suspend, revoke, or deny the renewal of a license and a brief summary of the factual basis for such remedial action shall be served upon the licensee. Such notice shall inform the licensee of the time, date and place of a meeting where the licensee may meet with the city clerk or the city clerk's designee for the purpose of presenting additional information regarding the intended remedial action and the factual basis therefore, and that a final decision on appropriate remedial action will made after the schedule time for such meeting. Such notice shall be served upon the licensee by personal service or by service upon a cashier for the business at a licensed premises, or by regular mail addressed to the licensee at the licensee's business address as shown on the application a minimum of five business days prior to the date set for the meeting.

(c) If, after the scheduled meeting and after consideration of all the available information including any information provided at the meeting by the licensee, the city clerk or the city clerk's designee makes a finding based on substantial evidence that a violation of this article or another provision of this Code did in fact take place as alleged, the city clerk or the city clerk's designee may suspend or revoke the license or deny its renewal; the determination of whether to so suspend or revoke the license or deny its renewal shall be in the discretion of the city clerk or the city clerk's designee and shall be dependent upon the circumstances surrounding the violation and its severity. The decision to suspend, revoke or deny renewal of a license shall be in writing and shall identify the basis for such action. The decision shall be promptly served in the same manner as required for the service of the notice required under subsection (b), and shall not be effective until ten days after so served. The decision shall also give notice that it may be appealed to an administrative hearing

officer by filing a notice of appeal with the city clerk within ten business days of the date of the decision.

(d) If the city clerk or the city clerk's designee upon investigation of a complaint or reasonable suspicion, makes a finding based upon substantial evidence that a licensee or the licensee's employees or agents has again furnished any false information required under this article or again has violated or failed to comply with any of the requirements of this article or any other provisions of this Code which are the same as, or of a similar nature to, violations which were determined to have occurred within the prior 18 months in a decision issued pursuant to subsection (c) above, the city clerk or the city clerk's designee may decide to suspend, revoke or deny the license without another meeting with the licensee. The determination of whether to so suspend or revoke the license or deny its renewal shall be in the discretion of the city clerk or the city clerk's designee and shall be dependent upon the circumstances surrounding the violations and their severity. The decision to suspend, revoke or deny renewal of a license shall be in writing and shall identify the basis for such action. The decision shall be promptly served in the same manner as required for the service of the notice required under subsection (b), and shall not be effective until ten days after so served. The decision shall also give notice that it may be appealed to an administrative hearing officer by filing a notice of appeal with the city clerk within ten business days of the date of the decision.

(e) The decision of the city clerk or the city clerk's designee to suspend, revoke or deny renewal of a license pursuant to this section may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code.

(f) A licensee whose license has been revoked or denied for renewal shall not be eligible for another such license for a period of 180 days after such revocation or denial of renewal.
(O.15,362, 15,447)

Sec. 78-212. General regulations.

(a) *Hours of operation.*

(1) *Downtown mobile vender zones.* Between 1:30 a.m. and 5:30 a.m., no mobile vender vehicle shall be open for business within the downtown mobile vender zones. Between 1:45 a.m. and 5:30 a.m., no mobile vender vehicle may be parked within the downtown mobile vender zones.

(2) *Neighborhood mobile vender zones.* No mobile vender vehicle shall be open for business within a neighborhood mobile vender zone at any time outside the hours of operation established for that mobile vender zone in section 78-201. No mobile vender vehicle shall be parked within a neighborhood mobile vender zone at any time outside the hours of operation established for that mobile vender zone in section 78-201, except that the mobile vender shall be allowed 15 minutes beyond the end of such hours of operation to prepare the mobile vender vehicle for movement.

(3) *Permitted or approved locations outside mobile vendor zones.* Between the hours set for the permitted or approved event but in no case longer than five hours at a metered parking space.

(b) *Allowed locations.*

(1) No mobile vender shall conduct any sale from a mobile vender vehicle which is not lawfully parked in a parallel parking space in a mobile vender zone.

(2) No mobile vender shall conduct any sale from a parking space which is designated as an accessible parking space with a blue meter, or designated as a 30 minute parking space with a green meter, or designated as restricted for residential permit parking only.

(3) No mobile vender shall conduct any sale from a mobile vender vehicle located within 100 feet of any public entrance into the waiting or service area of any street level restaurant then open for business.

(4) During the time that any part of a street is closed for an event for which a street use permit has been issued, and except as allowed within the event area by the

party holding the street use permit, no mobile vender shall conduct any sale within the affected blocks or within two blocks of the affected blocks. For purposes of this section:

a. A "block" is the entire right-of-way of a public street extending from the centerline of an intersecting street or the lateral centerline of any river bridge, to the centerline of the next intersecting street or the lateral centerline of any river bridge, whichever is closer; and,

b. The "affected blocks" are any blocks containing any portion of the street closure for which the street use event has been issued.

(c) *Mobile vender vehicle.*

(1) Any motorized vehicle used as a mobile vender vehicle shall be no larger than 37 feet long and eight and one-half feet wide. Any trailer used as a mobile vender vehicle together with the tow vehicle shall be no larger than 37 feet long, and eight and one-half feet wide.

(2) Except for the storage and preparation of food and beverages at a separate kitchen or commissary kitchen, all storage and preparation of food and beverages offered for sale by a mobile vender shall occur within a fully enclosed space within the mobile vender vehicle.

(3) A trailer used as a mobile vender vehicle may be detached from the tow vehicle for leveling, but the tow vehicle must remain in front of the trailer at all times while the trailer is parked in a mobile vender zone.

(4) A mobile vender vehicle shall not have a second story or any interior space used for customer service or seating.

(d) *Display of license.* The license required by this article and a valid sales tax permit for such business shall be displayed within the mobile vender vehicle a manner such that it is readily visible to all persons seeking to conduct business with the mobile vender.

(e) *Sale of merchandise.* No mobile vender shall offer any merchandise or wares for sale other than food and beverages for immediate consumption. If the license identifies that the mobile vender is limited to the sale of prepackaged food and beverages that do not require hot or cold handling procedures, the vender shall not offer any other items for sale.

(f) *Meter hoods.*

(1) No mobile vender shall cause or permit any meter hood issued to them to be placed over any parking meter outside the mobile vender zones at any time. No mobile vender shall cause or permit any meter hood issued to them to be placed over any parking meter inside the mobile vender zones at any time between 1:45 a.m. and 5:30 a.m. Any meter hood found being used in violation of this paragraph may be immediately confiscated by any police officer or community development inspector who shall cause it to be returned to the city clerk. Confiscation of a meter hood may include cutting, ripping or destroying the meter hood if required for its prompt removal.

(2) No person shall place a meter hood over the parking meter for a parking space that is then occupied by any vehicle other than the mobile vender vehicle operated by the mobile vender to whom the meter hood was issued.

(3) When a parking meter is covered by a mobile vender bag, no person shall park any vehicle in the corresponding parking space except the mobile vender vehicle operated by the mobile vender to whom the meter hood was issued. Violation of this paragraph shall also constitute illegal parking in violation of a traffic control device.

(4) No mobile vender shall conduct any sale from a mobile vender vehicle within the downtown mobile vender zones unless such vehicle, including the tow vehicle if applicable, is lawfully parked in one or two metered parallel parking spaces with

the corresponding parking meters covered by a meter hood issued for that mobile vender vehicle.

(5) Nothing in this article shall be interpreted as authorizing a mobile vender vehicle to be parked at a location which is not then available for general public use, but for the use of the meter hood, unless the use of such location is specifically limited to use by mobile vender vehicles.

(6) Mobile venders shall cooperate with any person authorized to place a street closure bag or restricted parking bag over a parking meter then covered by a meter hood, including but not limited to promptly and temporarily removing the meter hood to allow a street closure bag to be placed over the meter and under the hood.

(g) *Food safety.* Any mobile vender who offers food or beverages for sale, other than prepackaged items that do not require hot or cold handling procedures, shall be subject to the following additional requirements:

(1) A valid mobile food unit license for the mobile vender vehicle shall be displayed within the mobile vender vehicle in a location that is readily visible to all customers.

(2) Any such mobile vender who is not a certified food protection manager shall employ at least one certified food protection manager; shall maintain a copy of their certification(s) as a certified food protection manager in the mobile vending vehicle; and shall produce the certification documents for inspection upon request by any police officer or community development department inspector.

(3) No mobile vender shall operate the business in a manner that violates any applicable food and sanitation laws.

(h) *Noise.* No mobile vender shall operate the business in a manner that violates the Noise Control Ordinance of the City of Des Moines set forth in article IV of Chapter 42 of this Code. No person shall offer for sale or sell anything from a mobile vending vehicle by shouting or raised voice.

(i) *Use of street and sidewalk.* No mobile vender shall place any tables, chairs, furniture, equipment, signage or other material on the ground, streets or sidewalks. No mobile vender shall place any food, materials or equipment on the ground or on tables, chairs, or shelves that are not incorporated into the mobile vending vehicle.

(j) *Trash receptacles.* A mobile vender shall provide one or more trash receptacles readily accessible to its customers either in or attached to the mobile vender vehicle. All such trash receptacles and all accumulations of trash and litter shall be removed from the site by the mobile vender before departing.

(k) *All sales from sidewalk side.* No mobile food vender shall conduct any sales from outside the mobile vender vehicle. All sales activities and the transfer of food and beverages to the customer shall occur only on the sidewalk side of the mobile vender vehicle. No mobile vender shall sell to any person situated in a motor vehicle. However, nothing in this paragraph shall be interpreted to prohibit such reasonable accommodation as may be needed to serve a customer with a disability. This requirement does not apply to mobile venders operating on private property.

(l) *Grease disposal.*

(1) All fat, oil and grease generated in the operation of a mobile vender business shall be disposed of at the business or facility identified in the mobile vender's application for a license. Any change in the businesses or facilities used for the disposal of such fat, oil and grease shall be reported to the city clerk in writing by the mobile vender within three business days of the first use of a the new business or facility.

(2) All fat, oil and grease generated in the operation of a mobile vender business shall be disposed of in compliance with the requirements of division 5, article III

of chapter 118 regarding the discharge of fat, oil and grease by food service establishments.

Secs. 82-4—82-30. Reserved.

ARTICLE II. PLAN AND ZONING COMMISSION*

Sec. 82-31. Created.

There is created a city plan and zoning commission. The plan and zoning commission is designated and appointed as the zoning commission pursuant to I.C. § 414.6.
(C42, § 96-1; C54, C62, § 2-388; C75, § 2-175; O.9322; C79, C91, § 2-175; O.13,297)

Sec. 82-32. Appointment of members.

The plan and zoning commission shall consist of 15 members.
(C42, § 96-2; C54, C62, § 2-389; C75, § 2-176; O.9322; C79, C85, § 2-176; O.11,385; C91, § 2-176; O.11,823, 13,297, 13,909)

Sec. 82-33. Qualifications of members.

All members of the plan and zoning commission shall be qualified by knowledge or experience to act in matters pertaining to the development and execution of a city plan. No person holding an elective office in the municipal government shall be eligible to appointment or service upon the commission.
(C42, § 96-3; C54, C62, § 2-390; C75, § 2-177; O.9322; C79, C85, § 2-177; O.11,385; C91, § 2-177; O.13,297)

Sec. 82-34. Term of office.

The terms of office of members of the plan and zoning commission shall be for five years. The expiration date for all terms of office shall be the first Monday in July.
(C42, § 96-4; C54, C62, § 2-391; C75, § 2-178; O.9322; C79, C91, § 2-178; O.11,823, 13,297)

Sec. 82-35. Meetings.

(a) *Regular.* The plan and zoning commission shall hold regular meetings, at least once each month, at a time and place it may determine by resolution.

***Cross reference—**Boards, commissions, committees and agencies, § 2-1046 et seq.

(b) *Special.* Special meetings of the plan and zoning commission may be held upon the call of the chair or upon written request signed by three commission members. At least 24 hours' notice shall be given of any special meeting.
(C42, §§ 96-6, 96-7; C54, C62, §§ 2-393, 2-394, 2-395; C75, § 2-180; O.9322, 9967; C79, C91, § 2-180; O.13,297)

Sec. 82-36. Joint meetings with city council.

Joint meetings with the city council and plan and zoning commission shall be held at least two times per year with the first meeting focused on the annual work plan and the second meeting focused on long range planning issues. The long range planning meeting will conclude with a determination by the council and commission of the appropriate amount of time to be devoted to long range planning for the fiscal year.
(C42, § 96-29; C54, C62, § 2-397; C75, § 2-181; O.9322; C79, C85, § 2-181; O.11,286; C91, § 2-181)

Sec. 82-37. Quorum.

Eight members of the plan and zoning commission shall constitute a quorum for the transaction of business, but eight affirmative votes shall be required to approve any public improvement.
(C42, § 96-8; C54, C62, § 2-398; C75, § 2-182; O.9322; C79, C91, § 2-182; O.13,297)

Sec. 82-38. Rights of chair.

In the matter of motions or of voting, the chair of the plan and zoning commission shall have the same rights with reference thereto as the other members of the commission.
(C42, § 96-9; C54, C62, § 2-399; C75, § 2-183; O.9322; C79, C91, § 2-183; O.13,297)

Sec. 82-39. Officers.

The officers of the plan and zoning commission shall be a chair, a vice-chair and a second vice-chair, who shall perform the usual duties pertaining to such offices. These officers shall be chosen by the commission from its members. The vice-chair shall perform all the duties of the chair, during the absence or disability of the chair. The second vice-chair shall perform all the duties of the chair, during the absence or disability of both the chair and vice-chair. All officers shall be elected for a term of one year, at the second regular meeting in January of each year.
(C42, § 96-10; C54, C62, § 2-400; C75, § 2-184; O.9322; C79, C85, § 2-184; O.11,286; C91, § 2-184; O.11,823, 13,297, 14,040)

Sec. 82-40. Relationship to city council and city manager.

(a) In its role as an advisory body to the city council, the plan and zoning commission is a key factor in the growth and development of the city. Participation by the commission, its individual members and through the established commission committee structure is of critical importance to the community. The commission will be involved in the decision-making process for all planning and development issues.

(b) The detailed and formal role of the commission and planning staff and their relationship to the city manager's office and the council shall be established and governed by a written policy adopted by resolution of the council. Such policy shall implement the following goals and objectives:

(1) Subject to the overall supervision of the city manager, the city planning staff, consisting of the following divisions of the community development department, shall be under the direction of the planning director:
   a. Development and planning division.
   b. Neighborhood planning division.
   c. Planning and urban design division.

(2) The planning director shall be charged with the responsibility of looking at the longterm and visioning issues related to growth, development of longterm planning and comprehensive planning.

(3) The commission, planning director and planning staff shall jointly prepare and submit an annual work program for the planning staff to the city manager and

city council for review and approval each year. After city council approval of the annual work program, the commission shall work for execution of the annual work program and shall report on the progress of such work to the city council. Proposed changes to the approved annual work program shall be reviewed by the commission and the city manager prior to submission to the city council for review and approval.

(4) The commission and the planning director shall be involved in the development of the operating budget for the planning staff for submission to the city council.

(5) A formal communication system between the city manager, planning director and the commission shall be established.

(6) The basic mission and informational needs of each of the committees of the commission shall be identified.

(7) The commission may present specific capital improvement proposals to the city manager and shall be involved in reviewing the capital improvement needs of the city.

(8) The director shall be given opportunity to express the recommendation of the commission and the director's professional opinion on planning issues as part of the regular city council meetings.

(C91, § 2-185; O.11,981, 13,010)

Editor's note—The written policy referred to in subsection (b) of this section was adopted by Roll Call No. 93-1419 on April 19, 1993.

Sec. 82-41. Quarterly reports.

The plan and zoning commission should provide, as elements of its quarterly reports, site plans, subdivisions, legacy planned unit developments and work program status together with a perspective on long-range planning issues.

(C54, C62, § 2-403; C75, § 2-187; O.9322; C79, C85, § 2-187; O.11,286; C91, § 2-187; O.15,819)

Sec. 82-42. Approval of public improvements.

No public building, bridge, viaduct, street fixture, public structure or appurtenance shall be located or erected or site thereof obtained, nor shall any permit be issued by any department of the municipal government for the erection or location thereof, unless and until the design and proposed location of any such improvement shall have been submitted to the plan and zoning commission and its recommendations thereon obtained. The requirement for recommendations shall not act as a stay upon action of any such improvement if the commission, after 30 days' written notice requesting such recommendations, shall have failed to file the recommendations.

(C42, § 96-14; C54, C62, § 2-405; O.7552; C75, § 2-189; O.9322; C79, C91, § 2-189; O.13,297, 14,147)

Sec. 82-43. Plats and subdivisions.

All plans, plats, replats of subdivisions or resubdivisions of land embraced within the corporate limits that are laid out in lots, or plats with the streets, alleys, or other portions of such intended to be dedicated to the public in the city shall first be submitted to the plan and zoning commission and its recommendation obtained before approval or acceptance by the city council.

(C42, § 96-15; C54, C62, § 2-406; C75, § 2-194; O.9322; C75, C79, C91, § 2-190)

Sec. 82-44. Streets, parks, public improvements.

No plan for any street, park, parkway, boulevard, trafficway, riverfront, or other public improvement affecting the city plan shall be finally approved by the city or the character or location thereof determined unless such proposal shall first have been submitted to the plan and zoning commission and the latter shall have had 30 days within which to file its recommendations thereon.

(C42, § 96-16; C54, C62, § 2-407; C75, § 2-195; O.9322; C75, C79, C91, § 2-191; O.13,297)

Sec. 82-45. Improvements or changes.

No improvements or change shall be made in any park, parkway, boulevard, playground or other public place, until a plan for such improvement has been made and submitted to the plan and zoning commission.
(C42, § 96-22; C54, C62, § 2-408; C75, § 2-196; O.9322; C75, C79, C91, § 2-192; O.13,297)

Sec. 82-46. Councilmembers' attendance at meetings.

The members of the city council may attend the meetings of the plan and zoning commission for the purpose of study, consultation or discussion of any of the problems coming before the commission.
(C42, § 96-17; C54, C62, § 2-409; C75, § 2-197; O.9322; C75, C79, C91, § 2-193; O.13,297)

Sec. 82-47. Assistance of officers and employees.

All city officers and employees shall give such aid and assistance to the plan and zoning commission and its members as will enable the commission most effectively to perform its duties. The city clerk and the directors of the several city departments are authorized and directed to furnish to the commission, upon its request, any record, document, ordinance, plat, map, chart or other information which may be in possession of such city clerk or department and which the commission may need for its consideration in connection with its duties.
(C42, § 96-17; C54, C62, § 2-410; C75, § 2-198; O.9322; C75, C79, C91, § 2-194; O.13,297)

Sec. 82-48. Investigation and report of committees.

Whenever any plan, plat or proposal shall be submitted to the plan and zoning commission by the city council or any member thereof, the plan, plat or proposal shall be referred immediately to the proper committee of the commission. This committee shall, with a reasonable promptness, make such investigation as may be necessary or required and report the result of its investigation to the commission.
(C42, § 96-23; C54, C62, § 2-412; C75, § 2-200; O.9322; C75, C79, C91, § 2-196; O.13,297)

Sec. 82-49. Promptness in making reports.

The plan and zoning commission shall be prompt in making its reports on all plans or proposals submitted to it by the city council or any member thereof. If a request is made in writing by the city council or by the member submitting the plan or proposal for a report within a stated time, the commission shall, if reasonably possible, make its report within such time. If a report is not made by the commission within 30 days after submission of any plan or proposal to it by the city council or any member thereof, it shall be assumed that the commission has no report to make, and the plan or proposal shall be construed as approved by the commission.
(C42, § 96-24; C54, C62, § 2-413; C75, § 2-201; O.9322; C75, C79, C91, § 2-197; O.13,297)

Sec. 82-50. Validity of contracts.

The failure of the city council or the plan and zoning commission to comply with any of the sections of this chapter shall in no sense or manner invalidate any contract or obligation of the city otherwise valid and shall not be any basis of objection or reason for failure to pay any special assessment that may be levied or any other obligation due and owing to the city, and shall in no manner affect validity of any improvements pending, except insofar as such shall be binding upon the city by virtue of the incorporation of the provisions in the statutory enactments of the state.
(C42, § 96-30; C54, C62, § 2-417; C75, § 2-205; O.9322; C75, C79, C91, § 2-200; O.13,297)

Secs. 82-51—82-75. Reserved.

ARTICLE III. COMPREHENSIVE PLAN

Sec. 82-76. Preparation.

The plan and zoning commission shall promptly work out, adopt and submit to the city council for its consideration and action thereon a comprehensive plan for the general development

of the city and shall lay out and submit a program for carrying the comprehensive plan into effect.
(C42, § 96-25; C54, C62, § 2-414; C75, § 2-202; O.9322; C75, C79, C91, § 2-201; O.13,297)

Sec. 82-77. Hearings.

Before adopting the comprehensive plan or any part of it or any substantial amendment thereof, the plan and zoning commission shall hold at least one public hearing thereon. The adoption of the plan or part or amendment thereof shall be by motion of the commission carried by the affirmative vote of not less than two-thirds of the members of the commission. After adoption of such plan or amendment by the commission, a copy of the plan or amendment, together with the report and recommendation of the commission, shall be forwarded to the city council, and the council may approve the plan or amendment, following public hearing and publication as required by state law. When such plan or any modification or amendment thereof shall receive the approval of the council, the plan until subsequently modified or amended shall constitute the official city plan.
(C75, § 2-202.01; O.8958, 9322; C75, C79, C91, § 2-202; O.11,753, 13,243, 13,297, 15,819)

Sec. 82-78. Amendment.

When the comprehensive plan has been adopted as provided in this article, no substantial amendment or modification thereof shall be made without such proposed change being first referred to the plan and zoning commission for its recommendation. If the commission disapproves the proposed change, it may be adopted by the city council only by the affirmative vote of at least six-sevenths of all the membership of the council.
(C75, § 2-202.02; O.8958, 9322; C75, C79, C91, § 2-203; O.13,297)

Sec. 82-79. Fees.

An owner of property may initiate an amendment to the comprehensive plan affecting property owned by him or her by depositing a fee in the amount set in the schedule of fees adopted by the city council by resolution, and submitting a written request for amendment of the comprehensive plan to the community development department. Where the city council initiates an amendment at the request of one or more owners of affected property, the required fee shall be paid within a reasonable period of time after council action. No further action shall be taken as to any such proposed amendment for which a fee is required until the fee has been paid. Under no circumstances shall the required fee be refunded upon failure of the proposed amendment to be approved.

ARTICLE VII. STRATEGIC PLANNING COMMISSION†

Sec. 82-276. Public purpose.

On December 18, 1995, by roll call no. 95-4610, the city adopted a citywide strategic plan titled "Des Moines, Today and Tomorrow," which identifies community goals and priorities. The city council desires to periodically establish a commission to advise the city council regarding the updating and implementation of the citywide strategic plan.
(C91, § 2-390; O.13,498, 14,046)

Sec. 82-277. Creation.

When the city council determines it appropriate to update the citywide strategic plan, it shall by resolution establish a strategic planning commission. Once so created, the commission shall thereafter exist until terminated by resolution of the city council.
(C91, § 2-391; O.13,498, 14,046)

Sec. 82-278. Qualifications and nominations.

(a) The strategic planning commission shall have 19 members. All nominations to the strategic planning commission are subject to confirmation by the city council.

(b) The mayor and council members shall each nominate one member to the commission.

(c) The airport authority board, plan and zoning commission, park and recreation board, urban design review board and board of trustees of the library shall each nominate one of their members to be a member of the commission.

(d) Downtown Partnership, Inc., may nominate one of the members of its board or staff to be a member of the commission.

(e) Des Moines Neighbors may nominate one of the members of its executive committee to be a member of the commission.

(f) Polk-Des Moines Taxpayers Association may nominate one of the members of its board or staff to be a member of the commission.

(g) The Des Moines Independent School District may nominate one of the members of its board or staff to be a member of the commission.

DIVISION 2. URBAN DESIGN REVIEW BOARD*

Sec. 82-336. Created; composition; appointments.

(a) There is created in and for the city an urban design review board, which shall be an advisory board composed of eleven members. The membership of the urban design review board shall consist of: four Iowa registered architects, one of whom must have significant experience in the restoration of historic buildings; two Iowa registered landscape architects; one developer, realtor or real estate broker; and four at large citizen representatives, one of whom must have a demonstrated interest in historical renovation and restoration.

(b) Each ward councilmember may recommend candidates for appointment to two positions on the urban design review board. The mayor and the two at large council members may each recommend candidates for appointment to one position on the urban design review board.

(c) The term of each member shall be three years expiring on June 30th, except that the terms of three of the initial members shall be for one year, and the terms of four of the initial members shall be for two years.

(d) The economic development administrator, or their designee, shall serve as an ex officio member of the board.

(O.14,147, 16,343)

Sec. 82-337. Officers.

At its first meeting each calendar year, the urban design review board shall elect a chair and

*__Editor's note—__Ord. No. 14,147, § 1, adopted Oct. 7, 2002, repealed the former div. 2 and enacted a new division as set out herein. The former div. 2, §§ 82-336—82-339, pertained to the urban development board and derived from Code 1962, §§ 59A-2, 59A-3, 59A-5, 59A-5.01; Ord. No. 7380; Ord. No. 8553; Code 1975, Code 1979, and Code 1985, §§ 2-346, 2-347, 2-349, 2-350; Ord. No. 11,385; Ord. No. 11,557; Code 1991, §§ 2-346, 2-350; Ord. No. 13,290; Ord. No. 13,910; and Ord. No. 14,045. Prior to the repeal and reenactment of div. 2 by Ord. No. 14,147, Ord. No. 14,045, § 1, adopted Jan. 28, 2002, changed the title of div. 2 from "Urban Renewal Board" to "Urban Development Board".

vice-chair from its own members who shall serve in such capacities for a period of one year or until their successors shall be elected and qualified. (O.14,147)

Sec. 82-338. Duties.

(a) The urban design review board shall advise the city council regarding:

(1) The design of public improvements pursuant to section 82-42 and the exterior design of major projects pursuant to section 82-339.

(2) Whether a proposed urban renewal project's design qualifies for funding from tax increment revenues under the applicable urban renewal plan.

(3) Recommended approval of urban renewal plans and plan amendments.

(4) The selection of urban renewal sites for clearance or rehabilitation, and problems relating to acquisition, clearance or rehabilitation of property, relocation of displaced persons, and disposition of acquired property.

(5) The operation of the skywalk system pursuant to section 102-321.

(b) The board shall recommend one of its members to serve on the strategic planning commission pursuant to section 82-278. (O.14,147, 16,343)

Sec. 82-339. Architectural review.

(a) The urban design review board shall review, evaluate, and make recommendations to the city council concerning architectural plans and concepts of:

(1) The exterior design of major projects involving new construction or installation of buildings, parking facilities, and landscaping improvements to be owned or leased by the city and used for civic or municipal purposes. Major projects shall not include exterior repairs or maintenance where the design is not substantially altered. Major projects are defined as those for which construction costs, excluding land costs, are in excess of $1,000,000.00.

(b) The urban design review board may undertake a preliminary review of all major projects as defined in this section during the schematic design phase. The materials submitted for the preliminary review of a building project may include a site plan, building plan and elevations, and a perspective, model or other three-dimensional representation sufficient to convey the project in its context.

The urban design board shall undertake a final design review based on the submittal of the following materials: site plan, building plan and elevations, a landscaping plan, a perspective, model or other three-dimensional representation of the project in its surroundings, and materials samples to show finishes, textures and colors. Such review shall occur at the first scheduled meeting of the urban design review board that is scheduled 12 calendar days after all required review materials have been submitted to staff.

The city manager shall be responsible for conducting a design review of all nonmajor construction, installation, remodeling, and renovation projects.

(c) The urban design review board shall review, evaluate and make recommendations to the city council regarding the exterior design of buildings, site plans, and open space plans for property which the city intends to convey or lease through the urban renewal process and for all real estate development projects proposed to receive tax increment financing incentives.

All proposed urban renewal projects shall be presented by the developer or city staff to the board at a public meeting. The board shall complete its review and submit its recommendation to the city council as soon as possible, but in any event within 30 days of the initial presentation of the project to the board. The city council shall then act to approve, modify, or disapprove the recommendations regarding design of the proposed urban renewal project. The stated time requirements are dependent upon complete and adequate materials having been submitted by

the developer at the time of final submittal. Complete and adequate materials shall be defined by the specific urban renewal offering requirements for the property. The review, evaluation and recommendation shall be guided by the applicable urban renewal plan requirements and associated urban renewal documents.

ARTICLE IX. PUBLIC ARTS PROGRAM*

Sec. 82-400. Establishment of a public arts program.

There is hereby established a public arts program as set forth in this article.
(O.14,005, 14,344)

Sec. 82-401. Purpose.

The purpose of the public arts program is to:

(1) Enhance the city's physical environment and public spaces;

(2) Provide an educational component to each public art project.

(3) Integrate the work and thinking of artists into the planning, design and construction of eligible city facilities, buildings, infrastructure, parks and other public facilities and spaces, and private sector projects;

(4) Celebrate the multi-cultural and diverse character of the city's residential and commercial neighborhoods and citizens;

(5) Contribute a sense of citizen ownership and pride in public facilities and spaces;

(6) Mitigate potential adverse impacts of construction;

(7) Engage the citizens, neighborhoods, businesses, and community organizations of the city in creative partnerships with artists;

(8) Support, educate, and assist citizens, neighborhoods, businesses, and organizations with their community activities;

(9) Integrate public art and aesthetic elements in city projects that stimulate the eye, mind and spirit of the public, and serve as cultural, educational, and tourism resources that celebrate and promote Iowa and the city's unique qualities, it's character, cultural heritage, history, pride and sense of place.

(10) Assist in community initiated projects.
(O.14,005, 14,344)

Secs. 82-402—82-408. Reserved.

Sec. 82-409. Funding, appropriations, and use of funds.

(a) The goal of the public arts program is to annually fund the public arts fund at a level equal to 1½ percent of the amount of general obligation funds appropriated for capital improvements through the city's capital improvement program, for the purpose of enhancing the city's physical environment and public spaces and achieving the other objectives identified in section 82-401. The public arts fund shall be a separate city account created to hold any funds allocated by the city or received from any other source which are held exclusively for the purpose of implementing the programs and policies described in this article.

(b) Commencing with the preparation of the capital improvement program for the 2002/2003 fiscal year, the city manager shall provide to the city council and the public estimates of the total amount of general obligation funds to be allocated for capital improvements in the capital improvement program, and the amount of funds proposed by the city manager to be allocated to the public arts fund in each of the next five fiscal years.

*__Editor's note—__Ord. No. 14,344, § 1, adopted June 21, 2004, repealed §§ 82-402—82-408 and 82-410—82-414 of art. IX. Said sections pertained to the public arts commission and derived from Ord. No. 14,005. As Ord. No. 14,344 eliminated the public arts commission, the title of art. IX has been changed from "Public Arts Commission" to "Public Arts Program" at the discretion of the editor.

__Cross reference—__Boards, commissions, committees and agencies, § 2-1046 et seq.

(c) The city manager shall timely submit the manager's budget recommendations for the public arts program for receipt by the city council at its first meeting in September of each year. The city manager's budget recommendations shall identify and prioritize proposals for use of the public arts funds.

(d) Appropriate use of program funds. The public arts fund shall support the following uses:

(1) The selection, acquisition and display of works of art, which may be an integral part of the project, or placed in, on or about the project or other public space.

(2) Design, planning and pre-design service contracts, fees and commissions of artists, architects, engineers and other design professionals.

(3) Expenses for technical assistance provided by architects and/or engineers to artists, in order to design, document and/or certify the artwork.

(4) Repair and maintenance of city public artworks.

(5) Public arts program administrative expenses, relating to acquiring, developing, or maintaining public art.

(6) Participation by citizens or costs of communicating with and receiving input from citizens, working with professional artists, introduction of public art to children, and education of the public about the county's rich cultural and artistic heritage.

(7) Documentation and public education material for the public arts program.

(8) Pilot or demonstration projects of the public arts program.

(9) Contracting with a non-profit agency to administer a public arts program to support the foregoing uses.

(e) Distribution of funds. In the event the city has contracted with a non-profit agency to administer the public arts program, the city manager is hereby authorized to make any necessary payments under such contract from the available funds appropriated to the public arts fund.

Sec. 86-27. Chief of police.

(a) *Supervision of department.* The chief of police shall supervise and direct the police department.

(b) *Appointment; responsibility.* The chief of police shall be appointed by the city manager and shall be responsible to the city manager for police department functions.

(c) *Duties as marshal.* The chief of police shall perform the duties and shall be the marshal of the city.

(d) *Disability.* In the disability of the chief of police, the city manager shall designate a sworn member of the police department to act as chief during such disability.

(e) *Duty to enforce laws, ordinances.* The chief of police shall see that all laws of the state, the sections of this Code and the provisions of other city ordinances are enforced. When any violation thereof shall occur, he or she shall cause the person so offending to be apprehended and charges filed. He or she shall conduct investigations to detect violations of the law and shall cause all sections of this Code and other ordinances relating to offenses against public morals, decency, public peace and quiet and public safety to be enforced to the suppression of such offenses.

(f) *Authority to prescribe rules and regulations.* The chief of police shall have the power and authority, subject to the approval of the city manager, to prescribe rules and regulations for the conduct and management of the police department. Such regulations may provide for payment of sums, not exceeding in the aggregate the sums appropriated therefor, as are deemed necessary for detecting and bringing to trial and punishment persons guilty of violating state laws or sections of this Code or city ordinances when such expenses are not otherwise provided by law. Any regulations providing for such payment shall prescribe maintenance of a special cash fund within the police department from which to pay such sums, for funding thereof to maintain a certain minimum cash balance, for strict accounting, and for such security measures as are reasonably necessary to comply with the provisions of I.C. § 22.1 et seq., to protect the public interest and save harmless the payees of such sums.

(g) *Power to arrest.* The chief of police and all police officers under his or her supervision shall have power to arrest all persons in the city found in the act of violating any law, section of this Code or provision of other city ordinance or aiding or abetting in any such violation, and if a public offense has in fact been committed and the police officer shall have reasonable grounds for believing that the person to be arrested has committed such public offense.

by police officers in the course of an investigation and to charge for such service a fee to cover the cost of copying or reproducing the records. However, copies or reproductions of the reports required by state law and designated confidential shall not be made available to the public.

(b) The chief of police or his or her designee is further authorized to prepare and deliver upon request a copy or reproduction of records made by police officers in the course of a motor vehicle accident investigation and to charge for such service a fee to cover the cost of copying or reproducing the records. However, copies or reproductions of the reports required by state law and designated confidential shall not be made available to the public.

(c) The chief of police or his or her designee is further authorized to deliver upon request photographic copies of police investigative scenes and to charge for such service a fee to cover the cost of reproducing the photographs.

(d) The chief of police or his or her designee is further authorized to prepare and deliver upon request an abstract of the arrest record of any person and to charge for such service a fee to cover the cost of compiling said abstract.

(e) The chief of police or his or her designee is further authorized to prepare and deliver upon request a copy or reproduction of trip logs indicating calls for police service and to charge for such service a fee to cover the cost of copying or reproducing the logs.

(f) The chief of police or his or her designee is further authorized to prepare and deliver upon request a verification of theft of property from a specifically named victim and to charge for such service a fee to cover the cost of producing said verification.

(g) The chief of police or his or her designee shall permit persons to view police investigative reports and arrest records under supervision for a reasonable period of time, and there shall be no charge for such viewing. Persons viewing such records or reports shall be permitted to make notes on their own paper from said records or reports but no person shall be permitted to make notes, marks or erasures on any such reports or records. However, reports required by state law and designated confidential shall not be made available to the public.

(h) Except for tapes designated confidential, the chief of police or his or her designee shall permit persons to listen to and record excerpts of dispatch tapes within 30 days of a recorded call to the police department. A service fee shall be collected for recording reproductions made by the police department for a requestor. The requestor must supply a blank cassette tape for such reproductions.

(i) Except for tapes designated confidential, the chief of police or his or her designee shall permit persons to observe and record excerpts of video tapes originally recorded by the police department within 30 days of the recorded event. A service fee shall be collected for recording reproductions made by the police department for a requestor. The requestor must supply a blank VHS type tape for such reproductions.

(j) The chief of police shall have authority, subject to the approval of the city manager, to prescribe rules and regulations relating to the furnishing, making, and handling of all said copies, reproductions, and abstracts and the terms and conditions upon which they shall be made available.
(C54, § 39-10.01; O.6175, 6253, 6711; C62, § 39-10.01; O.8148, 8480, 8774; C75, C79, § 2-130; O.10,143; C85, § 2-130; O.11,531, 11,594; C91, § 2-130; O.11,830, 13,689, 14,180, 16,150)

Sec. 86-30. Fingerprint services; fees.

(a) The chief of police or his or her designee is authorized to provide fingerprinting service to individuals requesting such service for but not limited to the purpose of employment, licensing or permits and to charge a fee to cover the cost of such service. The fee shall be in the amount set in the schedule of fees adopted by the city council by resolution.

(b) The chief of police is authorized to establish reasonable times in which the fingerprinting service may be offered to the public.
(C79, § 2-130.01; O.10,614; C85, § 2-130.01; O.11,531; C91, § 2-130.01; O.14,180)

Sec. 86-30.1. Bond processing fee.

The chief of police or his or her designee is hereby authorized to charge and collect an administrative fee for processing bonds for pretrial detainees who are released on bond from the city temporary holding facility. The fee shall be in the amount set in the schedule of fees adopted by the city council by resolution.
(O.14,180)

Sec. 86-30.2. Junking certificate fee.

(a) *Authority for fee.* The chief of police or his or her designee is hereby authorized to charge and collect an administrative fee for processing applications for authority to obtain junking certificates on motor vehicles pursuant to I.C. § 321.90(2). The fee shall be in the amount set in the schedule of fees adopted by the city council by resolution.

(b) *Exemption.* Any person that has a contract with the city for impounding, towing or storage of motor vehicles shall be exempt from the fee authorized at subsection 86-30.2(a) on vehicles impounded, towed, or stored as a result of any violation of this Code.
(O.14,316)

Sec. 86-31. Organization, appointments and assignments.

The chief of police shall have supervision of the organization of the police department, including the establishment or revision of divisions or sections, the appointment and assignment of supervisors, and the assignment of all police department personnel, subject to the control and direction of the city manager.
(C54, § 39-11; O.5781, 5975; C62, § 39-11; C75, C79, C85, § 2-131; O.11,531; C91, § 2-131)

Sec. 86-32. Impersonating officer.

No private citizen shall adopt or wear upon any street or in any public place the official uniform worn by the city police department or a uniform likely to be confused with such official uniform, nor shall any person, not a member of the police department, represent himself or herself as or assume to be a police officer.

Sec. 86-37. Records of members of police reserves.

The city personnel officer shall keep an accurate record of all members of the police reserves and their dates of admission and discharge.
(C62, § 39-25; O.7778; C75, § 2-139; O.9262; C79, C91, § 2-139)

Sec. 86-38. Uniform and insignia of police reserves.

During their hours of duty, members of the police reserves shall wear a uniform, which shall be that prescribed by the chief of police. They shall also wear a badge of office upon their outer garments and in plain view, which uniform and badge shall identify their membership in the police reserves.
(C62, § 39-26; O.7778; C75, § 2-140; O.9262; C79, C91, § 2-140)

Sec. 86-39. Sidearms of police reserves.

A member of the police reserves may carry a sidearm on his or her person while in uniform and on duty, which uniform shall be that prescribed by the chief of police. However, no member of the police reserves shall carry sidearms until he or she has been certified by the Des Moines Regional Police Academy to carry weapons.
(C62, § 39-28; O.7778; C75, § 2-142; O.9262; C79, C91, § 2-142)

Sec. 86-40. Employment status of police reserves.

Members of the police reserves shall be considered city employees while they are performing police duties as authorized and directed by the chief of police. They shall receive a salary from the city of $1.00 per year. Members while in such employment status shall not be subject to all provisions of chapter 2 of this Code or this chapter, except that the members shall be subject to the sections applicable to the police department.
(C62, § 39-29; O.7778; C75, § 2-143; O.9262; C79, § 2-143; O.10,646; C91, § 2-143)

Sec. 86-41. Automatic dialing alarms.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Alarm subscriber means any person owning, leasing, renting, or using any protected premises where an automatic dialing alarm system is installed.

Automatic dialing alarm system means any robbery, burglary, or fire alarm, including all equipment, apparatus and connecting telephone lines and cables thereof, which, when activated, automatically dials specific designated telephone numbers, which are preset into the alarm system, and conveys a prerecorded telephone message to the receiving party when the automatically dialed telephone number is answered.

Crime alert number means any telephone number or series of numbers assigned by the telephone company to the police department communications center for the purpose of receiving

emergency police calls or calls relating to the occurrence of crimes, accidents, injuries, or calls of any type or nature for which the calling party requests police assistance. The crime alert number includes the telephone number 911 or any number designated as the crime alert radio dispatcher or police emergency telephone number.

Fire alarm number means any telephone number or series of numbers assigned by the telephone company to the fire department communications center for the purpose of receiving emergency fire calls or calls relating to the occurrence of fires, accidents, injuries, or calls of any type or nature for which the calling party requests assistance from the fire department. The fire alarm number includes the telephone number 911 or any number designated as the fire alarm telephone number.

Protected premises means any property, real or personal, building or any part thereof in which an automatic dialing alarm system is installed and operational.

(b) *Standards for use.* The following standards shall apply in the use of automatic dialing alarms:

(1) Automatic dialing alarms shall signal the fire department communications centers using telephone numbers assigned for such purpose by the fire chief.

(2) The prerecorded alarm message of automatic dialing alarm systems shall clearly, concisely and audibly state in the English language that it is a fire alarm, the name and address of the protected premises, the name of the subscriber or other person who will be called in sequence by such alarm system to assist the fire department in its investigation of the alarm, and that the alarm system is silent or audible on the protected premises.

(3) Automatic dialing alarms shall not commence a new dialing sequence after completion of the first dialing sequence unless such system is programmed not to resignal the communications centers.

(c) *Signalling crime alert or fire alarm numbers prohibited.* No automatic dialing alarm system shall be installed, constructed or wired to signal or connect into the crime alert or fire alarm number. No person shall install, own, lease, operate or maintain any automatic dialing alarm system which signals or connects into the crime alert or fire alarm number.
(C75, § 2-144; O.8992; C79, § 2-144; O.10,585; C91, § 2-144)

ARTICLE III. UNBIASED POLICING

Sec. 86-42. Policy statement.

The City of Des Moines and the Des Moines Police Department shall be committed to the unbiased, equitable treatment of all. Department employees shall treat all in a fair, impartial and objective manner, in accordance with law, and without consideration of their individual demographics as defined in this article.
(O.15,906)

Sec. 86-43. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this article, except where the context clearly indicates a different meaning:

Biased policing means differential treatment in the performance of law enforcement duties or delivery of police services towards a person or classes of persons when one or more individual demographics was a motivating factor in the action taken. If a person's individual demographics played a motivating factor in the city employee's decision, then that personal characteristic was a motivating factor of the action taken.

Fair and impartial treatment means persons, irrespective of individual demographics, are treated in the same manner under the same or similar circumstances. Reasonable concessions and accommodations may be made, when dealing with individuals with physical, developmental or mental disabilities, injury, illness, deafness, blindness, substance abuse disorders or similar conditions, individuals whose primary language

is a language other than English, individuals of various cultural backgrounds, and individuals of youthful age, or when information about a person legally necessitates different treatment.

Individual demographics means personal characteristics to include, but not limited to: race, creed, color, ethnicity, national origin, ancestry, religion, age, gender, sex, gender identity/expression, sexual orientation, socioeconomic status, disability, immigration status, familial status, housing status, occupation, language fluency, cultural group, political status, or source of income, or any other identifiable characteristics.

Police services means actions and activities that contribute to the overall well-being and safety of the public. These tasks include but are not limited to: crime prevention and investigation, preventive patrol, traffic control, traffic accidents, medical emergencies and lifesaving services, assistance at fire scenes, public information and education.

Racial profiling means that form of biased policing where a motivating factor of the action taken is based on an individual's race, color, ethnicity, religion or national origin rather than on the individual's behavior or on information of the type and kind customarily and reasonably relied upon in identifying the individual as having engaged in prohibited activity. Racial profiling includes but is not limited to vehicle, pedestrian, and bicycle stops where race, color, ethnicity, religion or national origin was a motivating factor for the stop or enforcement action taken during the stop.

Specific subject description-based identification means a reasonably detailed physical description of the personal identifying characteristics of a potential suspect or victim, including but not limited to age, sex, ethnicity, race, or English language proficiency.
(O.15,906)

Sec. 86-44. Prohibitions and procedures.

(a) *Fair and impartial treatment.*

(1) Biased policing is prohibited both in enforcement of the law and the delivery of police services by any employee.

(2) Racial profiling is prohibited both in enforcement of the law and the delivery of police services by any employee. Discriminatory pretextual stops are prohibited under state and federal law and are also prohibited by this ordinance.

(3) Employees shall exercise their authority and act to accord fair and impartial treatment to all persons.

(4) Employees shall not consider individual demographics when performing law enforcement duties or delivering police services except when such characteristics are part of a specific subject description-based identification.

(5) Employees shall not use any terms, language or remarks that are derogatory, tend to belittle, show contempt for or defame any individual demographic, except when necessary to include such terms, language or remarks used by another for the preparation of official reports or testimony.

(6) Employees must be able to articulate reasonable suspicion or probable cause supporting any police action.

(7) Employees shall not take any law-enforcement action based on information from members of the public or other employees that they know, or reasonably should know, under all circumstances present is the product of, or motivated by, bias based on individual demographics unless the circumstances indicate that harm is imminent or a crime has been committed.

(b) *Department policies and procedures accessible to the public.* Hard copies shall be available upon request in accordance with Iowa Code Chapter 22. Department's personnel policies and standard operating procedures shall be made available to the public through publication on the city's website as soon as practicable in accordance with Iowa Code Chapter 22.
(O.15,906)

Sec. 86-45. Complaints and compliance.

(a) Employees who witness or who are aware of instances of biased policing or racial profiling shall report the incident to a supervisor and shall provide all information known to them before the end of the shift during which they make the observation or become aware of the incident or as soon thereafter as practicable under the circumstances; where use of force occurs, officers have a duty to intervene to prevent or stop the use of unreasonable force by another officer when it is safe and a reasonable opportunity exists. Where appropriate, employees are encouraged to intervene at the time the biased policing or racial profiling incident occurs and in any event shall report such biased policing or racial profiling to a supervisor as soon as practicable under the circumstances.

(b) Any employee who opposes any practice occurring in violation of this article shall not be discriminated against in any manner for opposing such practice, testifying, assisting or participating in any investigation, proceeding or hearing arising out of this article.

(c) Supervisors shall ensure the working environment is free of bias and free of racial profiling. This oversight responsibility may include periodic inspections of body and in-car audio/video systems, traffic stop data, reports and field inspections during police/citizen interactions. Supervisors shall:

(1) Take the appropriate action when a violation of this article occurs.

(2) Ensure that there is no retaliation for individuals reporting such violations.

(d) Any person claiming to be aggrieved or to have witnessed biased policing or racial profiling may file a complaint. No person shall be discouraged, intimidated, or coerced from filing such a complaint, nor shall any person be discriminated or retaliated against because he or she has filed a complaint of this nature.

(1) While the civil and human rights commission will not have jurisdiction to investigate or adjudicate alleged violations of this ordinance, the commission staff shall educate the public about the complaint process and shall offer to assist, and shall assist individuals in preparing and filing a biased policing or racial profiling complaint with the Iowa Civil Rights Commission. The ICRC has jurisdiction over racial profiling complaints against law enforcement as such complaints allege discrimination in public accommodations by a local government unit that offers services to the public based on the individual demographics prohibited by the Iowa Civil Rights Act, Iowa Code § 216.7. See also, Iowa Code § 216.2(13) as now adopted or hereinafter amended. The remedies afforded by the Iowa Civil Rights Act are not exclusive and do not foreclose a person from asserting any remedies he or she may have based on the federal or Iowa Constitutions, federal or Iowa Codes, or common law.

(2) All complaints of biased policing or racial profiling brought to the city shall be directed to the department's office of professional standards (OPS) or the Des Moines Civil and Human Rights Commission, or to both. If directed to the Des Moines Civil and Human Rights Commission, the Commission shall perform an intake function and also notify OPS. If directed to OPS, OPS shall perform an intake function and notify the Des Moines Civil and Human Rights Commission of the filed complaint.

(3) OPS will conduct a thorough investigation, consistent with the established citizen complaint process, for review by supervisory staff and the chief of police. The completed investigation with findings and recommendations will be reviewed by a committee consisting of the city manager, civil and human rights commission director, and city attorney. The committee will provide their insight and advice to the chief of police who is responsible for the disposition.

(4) If the complaint is substantiated, the department will take appropriate measures commensurate to the severity of the substantiated complaint.

(5) OPS shall maintain data relating specifically to complaints of biased policing and racial profiling. Information shall be provided to the chief of police or designated authority in a manner most suitable for administrative review, problem identification, and development of appropriate corrective actions to prevent biased policing and racial profiling.

(O.15,906)

Sec. 86-46. Training.

At least annually all sworn officers shall receive and participate in training and guidance in regard to unbiased policing and prohibited racial profiling while conducting law enforcement activities and police services, which training shall include de-escalation, cultural diversity, cultural competency, and implicit bias and may include, but is not limited to: training on subjects related to police ethics, police-citizen interaction, standards of conduct, conducting motor vehicle stops, and related topics suitable for preventing incidents of biased policing and racial profiling.
(O.15,906)

Sec. 86-47. Annual review.

This topic and policy under this article will be reviewed annually and the city manager shall certify such review to the city council no later than the first day of the fiscal year.

ARTICLE I. IN GENERAL

Sec. 90-1. Municipal housing agency powers and governing board.

(a) The city has determined it to be in the public interest for the city to directly exercise its municipal housing powers under I.C. § 403A.1 et seq. The city is the designated municipal housing agency for the city. The governing body of the municipal housing agency shall be the municipal housing governing board, referred to in this chapter as the "governing board", consisting of the city council. The governing board shall comply with the procedural rules of the city council and shall have final jurisdiction over all matters of the municipal housing agency. The city manager or his or her designee is authorized to direct, administer, and manage the agency as a division of housing services within the department of neighborhood services.

(b) The mayor or mayor pro tem shall preside at all meetings of the governing board and shall execute agreements, deeds and other documents using his/her title of Mayor of the City of Des Moines.
(C91, § 2-344.01; O.12,097, 13,214, 13,966, 14,837, 15,695, 16,080)

Sec. 90-2. Powers reserved by governing board.

(a) For the purposes of this chapter, the following powers are specifically reserved to the governing board, including:

(1) To ratify or modify all programs and projects initiated by the housing services board within 45 days of board action or adoption.

(2) Approval and acceptance of all state or federal grants or subsidies, including the approval of all grant applications.

(3) The acquisition, mortgage, sale or conveyance of municipal housing agency real property.

(4) The exercise of the power of eminent domain.

(5) The undertaking of debt, including the issuance of bonds, or the execution of any form of loan or promissory note.

(6) The representation and defense of the municipal housing agency in all disputes, claims, actions or lawsuits, including the settlement of all such matters.

(7) a. The purchase, lease, sale or exchange of supplies, equipment, and materials and procurement of services or work to the extent unencumbered funds are available, when such contracts or agreements exceed the amount of $250,000.00 or when the city manager or director of neighborhood services determine that governing board consideration is necessary due to the expedited timing of such contracts or agreements. All references to the city council in Subdivision V, Procurement Division of Chapter 2, Administration of Article V, Departments of Division 3, Finance of this Code shall be deemed to mean the governing board in their application as provided in this chapter, provided that such references pertain to the governing board doing business on behalf of the Des Moines Municipal Housing Agency.

b. In addition to the purchasing and procurement powers set forth in section (7)a. above, the governing board may approve Competitive Proposal Contracts (a/k/a "negotiated procurement") for the procurement of goods and services submitted by the city manager or the director of neighborhood services or his or her designee which comply with the procurement policies of the United States Department of Housing and Urban Development (HUD) as set forth in HUD procurement handbook No. 7460.8 REV 2, as amended, doing business on behalf of the Des Moines Municipal Housing Agency, when such Competitive Proposal Contracts exceed the amount of

$250,000.00 or when the city manager or director of neighborhood services determine that governing board consideration is necessary due to the expedited timing of such contracts.

(b) As the governing body of the municipal housing agency, the governing board shall retain final jurisdiction over all municipal housing projects.
(C91, § 2-344.07; O.13,214, 13,966, 16,080)

Sec. 90-3. Administrative and support services.

The city shall provide and the division of housing services shall utilize services of the city, including but not limited to engineering services, personnel services, legal services, accounting services, payroll services, property acquisition services, contract procurement and administrative services, purchasing services, financial services, fire services, police services and general administrative services, to administer, operate and maintain municipal housing agency programs and property. The reasonable cost of providing such city services shall be paid by the public housing special revenue fund.
(C91, § 2-344.10; O.13,214, 15,695)

Sec. 90-4. Operating emergencies.

(a) In the event of an operating emergency as determined by the city manager, the city manager may procure, by purchase or lease, or may authorize in writing the procurement administrator of the housing services division, or the director of the neighborhood services department, or the housing services board to procure, by purchase or lease, in the open market without filing a requisition, purchase order, request for proposals or estimate therefor and without advertisement, any goods and/or services that could not have been reasonably foreseen or anticipated, for immediate delivery or furnishing to meet such operating emergency. A full written account of any such operating emergency, together with a requisition for the goods or services required therefor, shall be submitted immediately to the city manager and shall be open to public inspection for a period of at least one year subsequent to the date of the emergency purchases. If the amount so expended for such operating emergency exceeds $50,000.00, the city manager, at the next immediate governing board meeting, shall formally communicate the emergency expenditure in a full written account to the governing board. This exercise of the authority invested in the city manager in respect to purchases to meet such bona fide operating emergencies shall not be dependent upon the mayor governing the city by proclamation.

(b) In the event of an operating exigency as determined by the city manager, the city manager may temporarily extend any contract for the provision of goods and/or services to the municipal housing agency, provided that the city manager shall determine and report such to the governing board. If the governing board does not concur that the continued provision of such goods and/or services to the city by the current provider is vital to the city's interests and that the procurement of a new contract for the provision of such goods and/or services by competitive bid or request for proposals is impractical within the time remaining under the current contract, such contract shall be terminated within the time required by the governing board.

(c) Procurement and contract extension authorized by this section shall comply with the emergency procurement policies of the United States Department of Housing and Urban Development (HUD) as set forth in HUD procurement handbook No. 7460.8 REV 2, as amended.
(O.16,080)

Secs. 90-5—90-30. Reserved.

ARTICLE II. HOUSING SERVICES BOARD*

Sec. 90-31. Established.

(a) There is established in and for the city as a successor commission to the public housing board, the housing services board, referred to in

*__Editor's note—__Ord. No. 15,036, § 1, adopted August 29, 2011, amended Art. II in its entirety to read as herein set out. Former Art. II, §§ 90-31—90-35, pertained to public housing board, and derived from Code 1991, §§ 2-344.02—2-344.06, as amended.

__Cross reference—__Boards, commissions, committees and agencies, § 2-1046 et seq.

this article as "the board," for the purpose of carrying out the provisions of this chapter and this Code. Each member of the public housing board shall continue to serve on the housing services board after expiration of the member's term of office until his or her successor is appointed and confirmed.

(b) The board shall consist of nine members, each having the right to vote. The mayor and each council person shall appoint one member of the board. The mayor shall appoint one additional member from the Polk County Housing Continuum or an individual performing one of the functions below who shall be confirmed as provided in section (d) below. All appointments shall be for three years, provided, however, that each member shall hold over until his or her successor is appointed and confirmed. Any vacancies occurring in the membership shall be filled in accordance with sections 2-1046 and 2-1047 of this Code. Any member may be removed by a majority vote of the city council. The terms of board members shall expire on June 30 of the year in which their terms expire. All appointments after the original appointments shall be in accordance with sections 2-1046 and 2-1047 of this Code.

(c) All nominations to the board are subject to confirmation by the city council.

(d) The neighborhood services director or his or her designee shall select and recommend for council member appointment one member of the board who shall be either a current resident of a Des Moines Municipal Housing Agency-owned unit or a resident of a unit where rent is subsidized by the Section 8 program.
(O.15,036, 15,695, 16,080, 16,193, 16,234)

Sec. 90-32. Residency requirement.

To be eligible to be appointed a member of the housing services board, the appointee must be a resident of the city.
(O.15,036)

Sec. 90-33. Organization, quorum and board action.

The board shall elect a chairperson from its own membership. The board shall in a timely manner adopt board policies and procedures to govern the proceedings of the board in accordance with section 2-1055 of this Code. The presence of greater than fifty percent of the appointed members of the board shall constitute a quorum for the transaction of business. All actions of the board shall be by resolution or motion, and the affirmative vote of at least a majority of the members present at the meeting shall be required for the passage of either action.
(O.15,036, 16,234)

Sec. 90-34. Meeting and minutes.

The board shall hold one public meeting each month, at such time as the board shall establish in its policies and procedures. Minutes of each meeting shall be kept, and all resolutions and minutes shall be open to public inspection. Board meetings shall be conducted in compliance with all applicable state or federal laws including, but not limited to I.C. ch. 21 pertaining to open meetings.
(O.15,036)

Sec. 90-35. Powers and duties.

The board is delegated the following authority:

(1) Initiate programs or projects, including grant applications that further the policies and plans of the city's municipal housing agency, including tenant conduct and relations, in accordance with applicable local, state or federal laws, rules or regulations.

(2) Interact with other governmental agencies with respect to the application for and implementation of grants and other funding programs.

(3) Review and comment on the department director's annual operating and capital budgets prior to their submission to the city manager.

(4) a. Buy, lease, sell or exchange supplies, equipment and materials and procure services or work to the extent unencumbered funds are available when such contracts or agreements

exceed the amount set forth in Subdivision V, Procurement Division of Chapter 2, Administration of Article V, Departments of Division 3, Finance, but do not exceed the amount of $250,000.00, and when such contracts or agreements have not been presented by the city manager or director of neighborhood services to the governing board for approval due to the expedited timing thereof. All references to the city council in Subdivision V, Procurement Division of Chapter 2, Administration of Article V, Departments of Division 3, Finance of this Code shall be deemed to mean the board in their application as provided in this chapter, provided that such references pertain to the board doing business on behalf of the Des Moines Municipal Housing Agency.

b. In addition to the purchasing and procurement powers set forth in section (4)a. above, the public housing board may approve Competitive Proposal Contracts (a/k/a "negotiated procurement") for the procurement of goods and services submitted by the city manager or the director of neighborhood services or his or her designee which comply with the procurement policies of the United States Department of Housing and Urban Development (HUD) as set forth in HUD procurement handbook No. 7460.8 REV 2, as amended, doing business on behalf of the Des Moines Municipal Housing Agency, when such Competitive Proposal Contracts do not exceed the amount of $250,000.00 and when such contracts have not been presented by the city manager or director of neighborhood services to the governing board for approval due to the expedited timing thereof.

(5) Oversight of the development of municipal housing agency real property in accordance with governing board approved housing projects.

(O.15,036, 15,695, 16,080)

Secs. 90-36—90-60. Reserved.

ARTICLE III. HOUSING SERVICES DIVISION OF THE NEIGHBORHOOD SERVICES DEPARTMENT*

Sec. 90-61. Director of neighborhood services.

(a) The city manager and the chair of the housing services board may discuss the performance of the director of neighborhood services or his or her designee at appropriate times.

(b) The director of neighborhood services or his or her designee shall be responsible for the following:

(1) The professional implementation of the policies, programs, and plans adopted by the housing services board and for representing the position of the board with regard thereto.

(2) Assisting the board in official communications.

(3) Preparation of an annual operating and capital budget included as part of the total city budget.

(4) Assisting the board in the initiation of programs and projects including grant applications for governing board ratification.

(5) Supervision of the division of housing services and its employees.

(6) All municipal housing agency operations and activities.

*__Editor's note—__Ord. No. 16,080, § 1, adopted Nov. 15, 2021, amended the title of Art. III to read as herein set out. Formerly, said article was entitled "Housing Services Division of the Community Development Department."

(7) Maintenance and protection of municipal housing agency real property.

(8) Other duties assigned by the city manager.

(C91, § 2-344.08; O.13,214, 13,966, 15,695, 16,080)

Sec. 90-62. Division of housing services personnel.

All personnel of the division of housing services shall be city employees. All personnel and labor relations matters relating to employees of the division of housing services or relating to administrative or support services provided by the city shall remain the responsibility of and under the control of the city manager in accordance with I.C. § 20.1 et seq. The director of neighborhood services shall report to the city manager with respect to these specific areas.

Article XIII. Emergency Repair of Public Improvements

Sec. 94-360. Contracts for emergency repair of public improvements.

ARTICLE I. IN GENERAL

Sec. 94-1. Applicability.

The provisions of articles II through X of this chapter shall apply to street and sewer improvements constructed and paid for in whole or in part by special assessments levied pursuant to I.C. ch. 384. The provisions of this article shall apply to all construction contracts entered into by the city for public improvement projects within the city. The provisions of Article VII shall apply to all public improvement projects bid pursuant to Iowa Code Chapter 26 with an estimated total cost exceeding the competitive bid threshold established in accordance with Iowa Code Chapter 26. The provisions of Article XI shall apply to construction of public improvements constructed by other than the city.
(C42, § 80-1; O.5320; C54, C62, § 44-1; C75, § 18-1; O.9591; C79, C91, § 18-1; O.11,653, 16,235)

Sec. 94-2. Duty of officers.

(a) *City manager.* The city manager shall advise the city council with respect to the needs, method of financing, plans, specifications, form of contract, proposed assessments and all other matters respecting public improvements.

(b) *Chief civil engineer.* The person performing the duties of chief civil engineer shall be the city engineer and shall be responsible for the preparation of plans and specifications for any public improvement; advising the city council and the city manager as to the general utility, necessity or efficiency of any proposed public improvement; the preparation of resolutions of necessity, schedules of assessments, valuations; and any other duties and functions as may be assigned by state law, by this Code, by other city ordinances or by the city manager.

(c) *Director of finance.* The director of finance or authorized representative shall advise the city manager upon the method of financing any proposed public improvement.

(d) *City attorney or deputy city attorney.* The city attorney or the deputy city attorney for the infrastructure and services division shall advise the city council and city manager as to the proper legal procedure in ordering or constructing any public improvement and in assessing and financing the public improvement.
(C42, §§ 80-2, 80-4; O.5320; C54, C62, § 44-2; O.7482; C75, § 18-2; O.9091; C79, C91, § 18-2; O.11,653)

Sec. 94-3. Conflict of interest in public improvements and property acquisition.

(a) No city employee, officer or agent shall participate in selection, award, or administration of a contract for the construction of a public improvement or a consulting contract for a public improvement project, nor shall any employee, officer, or agent participate in the acquisition of property or property interests for a city project or operation, if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when any of the following has a financial or other interest in a contractor selected for award of a public improvement construction contract, in a consulting firm on a public improvement project, or in a property or property interest to be acquired in conjunction with a city project or operation:

(1) The employee, officer or agent;

(2) Any member of the employee's, officer's or agent's immediate family;

(3) The employee's, officer's or agent's partner; or

(4) An organization which employs or is about to employ any of the persons listed in this subsection.

The city's officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from city contractors or consultants, from potential city contractors or consultants, from parties to subagreements with city contractors, or from persons from whom the city is acquiring a property or property interest. Any employee, officer or agent who violates this section may be subject to appropriate disciplinary action.

(b) This section is in addition to the conflict of interest prohibitions found in sections 2-423, 2-713 and 2-1054 of this Code.

(c) Exceptions under federal law. To the extent allowed by applicable federal law or regulation, the city council may permit exceptions to conflicts of interest under this section which do not constitute a violation of applicable provisions of state law. The grant of such exceptions shall be specifically conditioned upon approval by the appropriate federal agency.

ARTICLE II. VALUATION COMMITTEE*

Sec. 94-31. Created; composition; appointment of members.

As an aid in determining valuations under this chapter, the city council shall appoint, as provided in I.C. § 384.46, three appraisers skilled in the knowledge of real estate values within the city. Such appraisers shall be appointed by the city council at the time of its informal hearing on each project from a list of qualified individuals who shall be retained for such service.
(C42, § 80-3; O.5320; C54, C62, § 44-3; C75, C79, C85, § 18-3; O.11,385; C91, § 18-3; O.13,307)

Sec. 94-32. Term; reappointment.

Members of the valuation committee shall serve as to one or more improvements or for any length of time not exceeding one year. Any member may be reappointed.
(C42, § 80-3; O.5320; C54, C62, § 44-4; C75, C79, C91, § 18-4)

Sec. 94-33. Compensation.

The members of the valuation committee shall receive compensation at an hourly rate for time actually employed in performing committee duties equivalent to range 30A, step 5 of the city salary schedule.
(C42, § 80-3; O.5320; C54, C62, § 44-5; O.8622; C75, C79, § 18-5; O.9729; C85, § 18-5; O.11,276; C91, § 18-5)

Sec. 94-34. Allocation of compensation charges.

Compensation of members of the valuation committee shall be a proper incidental expense chargeable to any proposed improvement.
(C42, § 80-3; O.5320; C54, C62, § 44-6; C75, C79, C91, § 18-6)

Sec. 94-35. Secretary.

The valuation committee shall designate one of its members as secretary. The secretary shall attend all meetings; shall have charge of all books, papers and records; and shall keep a record of all valuations fixed by the committee.
(C42, § 80-3; O.5320; C54, C62, § 44-8; C75, C79, C91, § 18-8; O.11,653)

Sec. 94-36. Qualification of members.

The members of the valuation committee shall be persons skilled in the knowledge of real estate values within the city and possessing the qualifications which will justify the reception of their testimony in the state district court in and for the county, as experts upon real estate valuations.
(C42, § 80-3; O.5320; C54, C62, § 44-10; C75, C79, C91, § 18-9)

Sec. 94-37. Duties.

The duties of the valuation committee shall consist of viewing the affected properties and determining the present fair market value of each property with the proposed public improvement completed and thereafter furnishing a written report of the fair market value of each lot within the district subject to proposed assessment when ordered by the city council or the city manager.
(C42, § 80-3; O.5320; C54, C62, § 44-11; C75, C79, C91, § 18-10)

ARTICLE III. SPECIAL ASSESSMENT RECORDS

Sec. 94-66. Required.

The city clerk shall provide and keep in his or her office the necessary files and books for the preservation of the records of all special assessments levied by the city pursuant to this chapter. Files are to be properly indexed and numbered in a systematic manner.
(C42, § 92-1; C54, C62, § 44-12; C75, C79, C91, § 18-11)

Sec. 94-67. Copies of assessment proceedings.

The city clerk shall file and preserve a complete copy of all of the proceedings of the city council concerning any special assessment made pursuant to this chapter, together with all objections, requests for agricultural deferment, requests for assessment credit, recommendations or petitions filed with the city clerk and addressed to the city council relative to the special assessment.
(C42, § 92-2; C54, C62, § 44-13; C75, C79, C91, § 18-12; O.11,653)

Sec. 94-68. Records for improvements.

The city clerk shall keep on file a complete copy of the schedule of assessments, the plat, the plans and the contract and specifications for each improvement, the cost of which is to be paid by a special assessment against the real estate abutting upon or benefitted by such public improvement.
(C42, § 92-3; C54, C62, § 44-14; C75, C79, C91, § 18-13)

Secs. 94-69—94-95. Reserved.

ARTICLE IV. DEFAULT FUND*

Sec. 94-96. Applicability of article.

This article applies only to assessments levied under I.C. ch. 384 after the effective date of the ordinance from which this section derives.
(C75, § 18-24.01; O.9591; C79, § 18-24.01; O.10,660; C79, C85, § 18-15; O.11,230; C91, § 18-15)

Sec. 94-97. Collection credited to schedule.

The city treasurer shall credit to the schedule of special assessments all collections received from the county treasurer. These collections shall include those for the default fund consisting of not more than ten percent of the total estimated cost of the improvement included in the assessment in addition to all incidentals.
(C42, § 92-4; O.4825; C54, C62, §§ 44-16, 44-17; C75, C79, §§ 18-15, 18-16; O.10,660; C79, C85, § 18-16; O.11,230; C91, § 18-16)

Sec. 94-98. Use of fund.

The default fund collected by the city treasurer shall be used to pay unpaid assessments as set out in section 94-100 of this article and unforeseen costs and expenses incidental to improvement and assessment, including payments made by the city for tax sales, scavenger tax sales or redemption from tax sales. No part of the cost of the improvement or incidentals shall be deducted from the fund by any city officer or employee.
(C42, § 92-4; O.4825; C54, C62, § 44-18; C75, C79, C85, § 18-17; O.11,230; C91, § 18-17)

Sec. 94-99. Refunds to property owners.

All rebates under this article shall be made in accordance with article VI of this chapter. No more shall be rebated or refunded to a property owner than was contributed by him or her to the default fund. In no event shall there be rebated or refunded to property owners in any schedule amounts, respectively, in excess of the default fund originally approved by decree of the district court, nor shall there be any rebate or refund to

*__State law reference—__Special assessments, I.C. § 384.37 et seq.

property owners in excess of the cash in the hands of the city treasurer after all lawful charges and deductions have been made therefrom.
(C42, § 92-4; O.4825; C54, C62, § 44-19; C75, C79, C85, § 18-18; O.11,230; C91, § 18-18)

Sec. 94-100. Unpaid assessments.

All unpaid special assessments with associated interest thereon shall be deducted from the default fund before rebate to property owners under article VI of this chapter.
(C42, § 92-4; O.4825; C54, C62, § 44-22; C75, § 18-21; O.9591; C79, C85, § 18-21; O.11,230; C91, § 18-21)

Secs. 94-101—94-125. Reserved.

ARTICLE V. GENERAL DEFAULT FUND

Sec. 94-126. Applicability of article.

This article applies only to certificates and bond schedules for assessments levied under I.C. ch. 384.
(C79, § 18-25.01; O.10,660; C85, § 18-25; O.11,230; C91, § 18-25)

Sec. 94-127. Account to be kept.

The city treasurer shall set up an account on the books in his or her office a fund known as the default fund composed of items collected from the county treasurer pursuant to this article in accordance with I.C. § 384.44.
(C42, § 92-5; O.4825; C54, C62, § 44-26; C75, C79, § 18-25; O.10,660; C79, C85, § 18-25.01; O.11,230; C91, § 18-25.01)

Sec. 94-128. Source.

The items collected from the county treasurer for the default fund shall be the proceeds of the collection of special assessments uncalled for by the holders of special assessment certificates for the particular project upon which the default fund assessment is made.
(C42, § 92-5; O.4825; C54, C62, § 44-27; C75, C79, C85, § 18-26; O.11,230; C91, § 18-26)

Secs. 94-129—94-155. Reserved.

ARTICLE VI. CONSOLIDATED IMPROVEMENT FUND

Sec. 94-156. Account to be kept.

The city treasurer shall set up an account on the books in his or her office a fund known as the consolidated improvement fund.
(C42, § 92-6; O.4825; C54, C62, § 44-30; C75, C79, C91, § 18-29)

Sec. 94-157. Manner of collection, control, use and disposal.

The consolidated improvement fund shall be collected, controlled, used and disposed of in the manner provided for in I.C. § 384.68(4) and (5) and this article after all bonds, interest, penalties, deficits, defaulted installments and proper charges against the proceeds for the collection of any special assessment levied under I.C. ch. 384 for each public improvement are fully paid.
(C42, § 92-6; O.4825; C54, C62, § 44-31; C75, § 18-30; O.9591; C79, C85, § 18-30; O.11,230; C91, § 18-30)

Sec. 94-158. Refund to property owners.

Annually the engineering department shall prepare a schedule proposing refund of unused default installments and/or payments on all assessment schedules that are beyond ten years and seven months from the date of certification to the county treasurer.
(C42, § 92-6; O.4825; C54, C62, § 44-32; C75, § 18-31; O.9591; C79, C85, § 18-31; O.11,230; C91, § 18-31)

Sec. 94-159. Determination of refunds and procedures.

The engineering department shall research the records of the county treasurer during preparation of the refund schedule and collect information to determine which property owners are due a refund based upon the following guidelines:

(1) The property owner named in the original schedule of assessments must have made payments in full.

(2) All payments were made by such named property owner on time or, if sold for taxes, were redeemed by the named property owner within the allowable time to pay.

(3) If all payments were not paid by the named property owner but were paid by someone else, no refund is allowed.

(4) If all payments were not paid, the unpaid amounts shall be recorded and deducted, including interest, from the default funds collected for the assessment schedule.

(C42, § 92-6; O.4825; C54, C62, § 44-33; C75, C79, C85, § 18-32; O.11,230; C91, § 18-32)

Sec. 94-160. Calculation of refunds.

Refund of the unused portion of the default fund shall be made to those property owners who qualify under section 94-159 of this article. Refunds shall be calculated as follows:

(1) All unpaid installments and/or payments, associated interest on such unpaid installments and/or payments, and all costs associated with preparation of the refund schedule and preparation of and mailing of notices of the refund shall be deducted from the amount of default funds actually collected to determine the default funds available for refund.

(2) The default funds available for refund shall be divided among or spread over all parcels originally shown on each individual assessment schedule in the same ratio as the default funds each parcel theoretically paid was to the total default fund shown on the original assessment schedule.

(3) If the amount of the assessment for any parcel was adjusted by decree of the district court, the refund as calculated shall be based upon the amount of the assessment under the district court decree.

(4) Refund shall not be made to the property owner on that portion of default funds available for refund which was paid as part of any assessment subsidy program nor to those portions of default funds which relate to deficiency assessments or agriculturally deferred assessments not actually paid at the time the schedule required by section 94-158 of this article is prepared.

(C85, § 18-32.01; O.11,230; C91, § 18-32.01)

Sec. 94-161. Exception for holders of bonds.

The holders of any bonds in default may file a claim upon the consolidated improvement fund for payment of principal and interest on such bonds. Payment, if allowed, shall be made in the order of allowance of these claims, provided that the claims are upon a bond not more than ten years in default.

(C42, § 92-6; O.4825; C54, C62, § 44-34; C75, C79, C91, § 18-33; O.11,653)

Sec. 94-162. Council approval.

The engineering department shall present the refund schedule to the city council for approval. Within two weeks after city council approval of the refund schedule, the engineering department shall mail notices by ordinary mail addressed to the last known addresses of such property owners as best determinable from county or city records relevant to the payment of such special assessments, notifying such property owners that a refund schedule has been approved and instructing the property owners how to file for such refund.

(C42, § 92-6; O.4825; C54, C62, § 44-35; C75, § 18-34; O.9591; C79, C85, § 18-34; O.11,230; C91, § 18-34)

Sec. 94-163. Contents of notice.

The notice referred to in section 94-162 of this article shall inform the property owners named in the original schedule of assessments, describing generally the improvement, that claims will be received against the balance in such schedule until the day fixed in the notice and that all funds remaining in such schedule after allowing all proper claims will be transferred to the

consolidated improvement fund, and all rights and title of such property owners therein will be forfeited.
(C42, § 92-6; O.4825; C54, C62, § 44-37; C75, C79, § 18-36; C85, § 18-34.01; O.11,230; C91, § 18-34.01)

Sec. 94-164. Time to file for refund.

To claim a refund pursuant to this article, a property owner must file for refund with the city treasurer within 180 days after the city council approval of the refund schedule. The claim for refund must show that the property owners fulfill the requirements of section 94-159 of this article. The city treasurer shall make payment in accordance with standard city procedures.
(C42, § 92-6; O.4825; C54, C62, § 44-36; C75, C79, C85, § 18-35; O.11,230; C91, § 18-35; O.11,653)

Sec. 94-165. Transfer of funds.

All default fund balances that are not refundable and/or that are not claimed under the policy of this article shall be transferred to the consolidated improvement fund and shall become the property of the city, subject to the rights of holders of special assessments bonds as provided in state law.
(C42, § 92-6; O.4825; C54, C62, § 44-37; C75, C79, C85, § 18-36; O.11,230; C91, § 18-36)

Sec. 94-166. Notice of transfer to property owners.

The balances in any schedule of assessments levied under I.C. ch. 384 shall not be transferred to the consolidated improvement fund until notice has been given to the property owners named in the original schedule who have paid all assessments for the project in question.
(C42, § 92-6; O.4825; C54, C62, § 44-35; C75, § 18-34; O.9591; C79, § 18-34; C85, § 18-37; O.11,230; C91, § 18-37; O.11,653)

Sec. 94-167. Amount of refunds.

Under this article, no property owner named in any schedule of assessments shall be entitled to any amount in excess of that paid in by him or her to the original default and deficiency fund set forth in the schedule, without interest.
(C42, § 92-6; O.4825; C54, C62, § 44-39; C75, C79, C91, § 18-38)

Sec. 94-168. Payment of refunds.

Refunds made pursuant to this article shall be paid by the city treasurer in accordance with a schedule prepared by the city engineer and approved by the city council. Refunds shall be payable only to the owner who was originally assessed and then only upon an affidavit being filed by each property owner giving his or her name, address, legal description of the property assessed, and setting forth a sworn statement that the property owner has paid all the special assessment upon the property upon which a refund from the default and deficiency fund is demanded. The right of any person to any refund under this article shall not be transferable or assignable, at law or in equity. The facts alleged in the affidavit shall be verified by the city engineer and the city treasurer and upon their joint approval shall be confirmed by the city council. Upon confirmation the city treasurer shall have authority to rebate or refund the amount approved within 30 days after confirmation.
(C42, § 92-6; O.4825; C54, C62, § 44-40; C75, C79, C85, § 18-39; O.11,230; C91, § 18-39; O.11,653)

Sec. 94-169. Transfer of balance remaining in special assessment fund.

After all bonds issued in payment of the cost of any street or sewer improvement and all proper charges have been paid or set aside for payment from the funds received from the collection of special assessments made therefor and there remains in such funds a sum in excess of the default fund, any amount remaining in excess of the default fund for which no claim is made, as well as any future income therefrom, shall be transferred to the consolidated improvement fund and used for any purpose for which such fund may be used.
(C42, § 92-7; O.4825; C54, C62, § 44-42; C75, C79, § 18-41; C85, § 18-40; O.11,230; C91, § 18-40; O.11,653)

ARTICLE VII. ADVERTISING AND RECEIVING OF BIDS*

Sec. 94-196. Opening of bids.

The city engineer or his or her designee shall preside at the public opening convened to open and announce the amount of the bids for public improvements bid pursuant to Iowa Code Chapter 26 with an estimated total cost exceeding the competitive bid threshold established in accordance with Iowa Code Chapter 26. The sufficiency and compliance of the bid security to the bid requirements shall be determined before the bid is opened. Those bids submitted with insufficient or noncompliant bid security shall not be opened, read or announced. After the bid is opened, it shall be reviewed by the engineering representative for its conformity with the city's invitation to the bidders and bid requirements. Thereafter all bids determined to be sufficient shall be read by the engineering representative. The reading of a bid or the reading of a bid under advisement shall not operate as a waiver of any defects or deficiencies in the bid or in the bid security, and the city council may reject any bid if it is determined prior to the council's acceptance thereof that the bid or bid security is insufficient. The bid tabulation submitted to the city council shall include a brief description of such defect or irregularity. The city council may thereafter waive any and all such defects or irregularities upon determining such waiver to be in the best interest of the city.
(C62, § 44-44; O.7321; C75, C79, § 18-43; O.10,660; C85, § 18-43; O.11,442; C91, § 18-42; O.11,653, 15,879, 16,235)

Sec. 94-197. Tie low bids.

If identical low bids are received on a given public improvement project bid pursuant to Iowa Code Chapter 26 with an estimated total cost exceeding the competitive bid threshold established in accordance with Iowa Code Chapter 26, both or all by bidders deemed to be responsible, award of the contract will be determined by toss of a coin if both or all of the identical low bidders concur in advance to such resolution. Failing such total concurrence by the time of the first meeting of the council following receipt of bids, the council may either reject all bids or award the contract based upon its determination of which bidder is the most responsible following notice to the identical low bidders and hearing before the council. This section shall not be controlling in those areas where a different type of resolution of tie bids is required by the source or manner of funding of all or a part of the costs of a project.
(C85, § 18-44; O.11,441; C91, § 18-43; O.11,653, 16,235)

Sec. 94-198. Disqualification of bidders.

Upon the recommendation of the city engineer, the city council may disqualify a contractor or subcontractor from bidding on future public improvement construction or repair contracts or from participating in such as a subcontractor for a period of up to three years. A contractor or subcontractor may be disqualified upon a determination by the city council that the contractor or subcontractor has:

(1) Continually failed or refused to remove and replace materials or work found by the city engineer not to be in reasonably close conformity with the contract documents or to correct such material or work so as to cause such materials or finished product to be reasonably acceptable work;

(2) Continually and, in the judgment of the city engineer, without good cause therefor failed to carry on the work in an acceptable manner or refused to comply with a written order of the engineer within a reasonable time;

(3) Failed to perform with its own organization the work as required or otherwise assigned or disposed of work or the contract or any part thereof without approval of the city council;

(4) Forfeited a bid bond and failed to enter into the contract upon an offer of award by the city council in response to a prior

*__State law reference—__Bid procedures, I.C. § 384.95 et seq.

advertisement for bids for the same project or any combination of projects involving the project for which award is currently being considered;

(5) Failed to comply with nondiscrimination requirements of the standard specifications or special provision;

(6) Habitually failed to comply with the city's program to encourage utilization of disadvantaged business enterprises (DBE) subcontractors on city public improvement projects;

(7) Failed to comply with the requirement to pay prevailing wages, as required by federal law or article XI of this chapter;

(8) Been disqualified, suspended, or debarred by an agency of the state or federal government;

(9) Subcontracted, employed, or otherwise used services, for work of the city, of one who is disqualified by the city, except to fulfill agreements for work on existing contracts;

(10) Been convicted of or pled guilty or nolo contendere to a charge of engaging in any conspiracy, combination, or other unlawful act in restraint of trade or of similar charges in any federal court or a court of this or any other state; or

(11) Offered or given gifts or gratuities to employees of the city in violation of state law or has had as his or her employee a person who was at the time also a city employee.

(C91, § 18-44; O.11,653)

Sec. 94-199. Procedure for disqualification.

(a) If the city engineer determines that cause exists to disqualify a contractor or subcontractor from future participation in or bidding upon public improvement construction or repair projects for any of the reasons set for in section 94-198 of this article and further determines to recommend disqualification to the city council, the city engineer shall so notify the affected contractor or subcontractor. The notice shall set forth the reasons supporting disqualification and the proposed period for disqualification and shall be sent to the contractor or subcontractor by certified mail, return receipt requested.

(b) Upon written request of the contractor or subcontractor filed within ten days of mailing of the notice provided in subsection (a) of this section, the city engineer shall schedule a hearing at which the contractor or subcontractor may present evidence or argument why he or she should not be disqualified. Such hearing shall be scheduled and held within ten days of receipt of request therefor. The city engineer's recommendation shall be issued within 30 days of the conclusion of the hearing and shall be mailed to all parties participating in the hearing. If the city engineer's recommendation is to disqualify the contractor or subcontractor, the city engineer shall set out therein the recommended period of disqualification, not to exceed three years, and shall forward a copy thereof to the city council.

(c) If the city council does not act upon the city engineer's recommendation to disqualify a contractor or subcontractor within 30 days of its receipt, the recommendation shall be considered accepted. Disqualification shall commence upon the earlier of the expiration of the 30-day period or council action accepting the city engineer's recommendation to disqualify.

ARTICLE VIII. SPECIAL ASSESSMENT SUBSIDY

Sec. 94-226. Assessment credit required.

The city has allocated from the general fund a sum sufficient to provide a subsidy, in accordance with criteria and limitations set out in this article, to homeowners resident within the corporate limits whose homes are located on parcels assessed for certain projects for the construction of sanitary, storm and combined sewers, street grading, paving, curbing and gut-

tering. Public improvement subsidy shall also be available each year for projects for construction of sidewalks.
(C62, § 44-46; O.8371, 8418, 8552, 8804; C75, § 18-45; O.8996, 9309, 9479; C79, § 18-45; O.9731, 9837, 9969, 10,098, 10,664; C85, § 18-45; O.11,052; C91, § 18-45; O.11,936)

Sec. 94-227. Method of payment.

The public improvement special assessment subsidy shall be paid by the finance director by issuing warrants charged against the general fund payable to the county treasurer.
(C62, § 44-47; O.8371, 8455; C75, § 18-46; O.9309; C79, C85, § 18-46; O.11,052; C91, § 18-46; O.11,936)

Sec. 94-228. Application required.

(a) As used in this section, the term "member of the family" is defined as a relationship to the homeowner and his or her spouse and includes father, mother, grandfather, grandmother, son, daughter, grandson, granddaughter, niece and nephew.

(b) Each homeowner believed to be qualified for receipt of a subsidy provided for in this article may make application for such subsidy by filing on a form to be provided a verified statement with the city engineer showing:

(1) The applicant's status as head of the household and the total annual income as defined in subsection (c) of this section.

(2) The applicant makes his or her domicile on a parcel which has been assessed for a public improvement within the meaning of I.C. § 384.1 et seq., or repair, replacement, or reconstruction of a sidewalk which

has been assessed under I.C. § 364.1 et seq., and the applicant has a recorded legal or equitable title to the parcel.

(3) The street frontage, expressed in linear feet, of the assessed parcel relative to which the application for subsidy is being made.

(4) The applicant expressly waives any confidentiality as to all sources of information necessary for verification of income, whether from employment, social security benefits, interest or dividends, rental income, room and board receipts or any other regularly received income as more fully set out in subsection (c) of this section.

(c) An applicant's total annual income for the 12-month period immediately preceding the date of application shall be computed by including the following factors:

(1) The applicant's earnings.

(2) The spouse's earnings and earnings of all other members of the family who share the household, if the employment of the spouse or other family members is a definite characteristic of family life. Excluded is the income of any household resident who is not a member of the family but included are any funds contributed or paid to the family on a regular basis by such person.

(3) Other income regularly received by the applicant or his or her family from any source, except the payment of monthly social security benefits for educational purposes to the children of individuals entitled to disability or old-age social security insurance benefits.

(4) Payments to the head of the household for support of a minor or payments nominally to a minor for his or her support but controlled for his or her benefit by the head of the household or a resident family member other than the head who is responsible for his or her support.

(5) Income from the rental units in the property based upon the difference between the following (cannot be less than $0.00):

a. Gross rental income.

b. On the basis of an average of experience for two or more years' expenditures for mortgage principal and interest, mortgage insurance premium, service charges, hazard insurance, real estate taxes and special assessments, maintenance and repairs, heating and utilities, ground rent, and other cash expenditures for the property, such as advertising vacancies. If the applicant has not owned the property for two or more years, the engineering department shall estimate the income and expenditures on the available experience.

(d) Any person making a false statement, claim or affidavit for the purpose of obtaining the subsidy provided for in this article or any two or more persons who conspire and confederate together to make such false statement, claim or affidavit or to assist another to so make shall be recommended to the county attorney for criminal prosecution. (C62, § 44-48; O.8371, 8455, 8804; C75, § 18-47; O.8996, 9479, 9600; C79, § 18-47; O.10,003; C85, § 18-47; O.11,052; C91, § 18-47; O.11,936)

Sec. 94-229. Eligibility.

(a) As used in this section, the term "designated neighborhood" is defined as a portion of the city that has been designated by the city council by resolution as a specific area or neighborhood in which special funding and resources are to be allocated for the planning and implementation of various neighborhood and infrastructure improvements as identified in the approved neighborhood plans.

(b) The city engineer shall certify eligibility and requisition payment of the special assessment subsidy, plus interest, except with regard to persons referred to in subsection (e) of this section when all of the criteria in this subsection are fully met for the 1989 program and each successive year thereafter. To be eligible for a special assess-

ment subsidy, the applicant must have a recorded legal or equitable title to the parcel and meet the following guidelines:

(1) The applicant is a head of household and the adjusted annual income, as defined in accordance with subsection (c) of this section is at or below 80 percent of the median income guidelines for the Des Moines Metropolitan Statistical Area as established by the U.S. Department of Housing and Urban Development Block Grant (CDBG) programs (called median income guidelines) for the year in which the resolution of necessity for construction of the public improvement is approved by the city council, or for I.C. ch. 364 assessments the year in which the final assessment schedule is adopted by city council. The amount of the subsidy shall be calculated in accordance with subsection (d) of this section as further limited in this section.

(2) The applicant resides within a designated neighborhood and is a head of household and the adjusted annual income, as defined in accordance with subsection (c) of this section, is above 80 percent through and including 120 percent of the median income guidelines for the year in which the resolution of necessity for construction of the public improvement is approved by the city council, or for I.C. ch. 364 assessments the year in which the final assessment schedule is adopted by the city council. The amount of the subsidy shall be calculated in accordance with subsection (e) of this section as further limited in this section.

However, if the assessed parcel has a frontage of more than 80 feet, the subsidy shall be for only that portion of the assessment which is applicable to the lot which bears the applicant's domicile and has a frontage of not more than 80 feet. The frontage on a lot owned by the applicant on which no dwelling is located and which is contiguous to the lot on which the domicile is located may be used to allow the applicant to qualify for the maximum 80-foot credit if the lot on which the domicile is located has a frontage of less than 80 feet. The contiguous lot with the highest assessed value shall be used when two or more contiguous lots would otherwise qualify. Lots which are contiguous to and under the same ownership as lots qualifying under this subsection and which do not front on either the street used to determine the frontage on such qualifying lots or on a street parallel to such street shall be considered as part of such qualifying lots; subsidy extended to such lots shall not exceed the subsidy extended to the qualifying lots.

(c) An applicant's adjusted annual income shall be computed as the total annual income of all members of the family, less:

(1) The income of any family member, other than the head of the household or his or her spouse, who is under 18 years of age or is a full-time student.

(2) The first $300.00 of the income of a secondary wage earner who is the spouse of the head of the household.

(3) An amount equal to $300.00 for each member of the family residing in the household, other than the head of the household or his or her spouse, who is under 18 years of age or who is 18 years of age or older and is disabled or handicapped or a full-time student.

(4) Nonrecurring income, as determined by the finance department.

(5) Five percent of the family's gross income, ten percent for elderly families over 60 years of age.

(6) Extraordinary medical expenses, defined to mean medical expenses in excess of 7½ percent of total family income, where not compensated for or covered by insurance and where reported on the applicant's federal and state income tax returns.

(7) An amount equal to the sums received by the head of the household or his or her spouse from or under the direction of any public or private nonprofit child placing agency for the care and maintenance of one or more persons who are under 18 years of age and where placed in the household by such agency.

(8) Unusual occupational expenses not compensated for by the employers, such as special tools and equipment, but only to the extent to which such expenses exceed normal and usual expenses incidental to the type of employment engaged in by the employee.

(9) Amounts paid by the family for the care of children or sick or incapacitated family members when determined to be necessary to employment of the head of household or spouse, except that the amount deducted shall not exceed the amount of income received by the family member thus released. No person in the family shall be entitled to more than one exemption.

(d) If applicant meets the criteria in subsection (c) of this section, the applicant will be required to pay an assessment equal to three percent of the applicant's adjusted annual income for assessments resulting from storm sewer and/or flood control construction projects; three percent of the applicant's adjusted annual income for assessments resulting from sidewalk construction, repair, replacement, or reconstruction projects; and five percent of the applicant's adjusted annual income for assessments resulting from other types of construction projects per section 94-226 of this article; while the remaining amount of the assessment will be paid as an assessment subsidy up to the maximum frontage width of 80 feet in accordance with subsection (b) of this section.

(e) If the applicant resides within a designated neighborhood and if the city council has approved community development block grant (CDBG) funds to be utilized as supplemental assessment subsidy to pay the applicant's portion of the special assessment in accordance with subsection (d) of this section, applicants above 80 percent through and including 120 percent of median income guidelines shall receive assessment subsidy as defined in this subsection. If the applicant meets the criteria, the applicant will be required to pay a reduced assessment based upon the applicant's adjusted annual income as follows as a percentage of the median income guidelines:

Income (percent)	*Portion of Assessment Paid by Applicant (percent)*
Above 80 and including 90	50
Above 90 and including 100	70
Above 100 and including 110	80
Above 110 and including 120	90
Above 120 of median income	100

The applicant's assessment resulting from all types of construction projects per section 94-226 of this article will be reduced as shown, while the remaining amount of the assessment will be paid as an assessment subsidy up to the maximum frontage width of 80 feet in accordance with subsection (b) of this section.

(f) Any person receiving reimbursement under I.C. § 425.23 of an amount payable upon a special assessment, as verified by the engineering department, shall have such amount deducted from the subsidy provided for in this section. No person shall be entitled to a duplication of benefits by virtue of participation in both the state and city programs.
(C62, § 44-49; O.8371, 8455, 8699, 8804; C75, § 18-48; O.8996, 9479, 9600; C79, § 18-48; O.9837, 9969, 10,003, 10,268, 10,388, 10,664; C85, § 18-48; O.10,975, 11,052, 11,307; C91, § 18-48; O.11,936)

Sec. 94-230. Board of review.

(a) All decisions of the city engineer to grant or deny application for subsidy made in accordance with the criteria set out in section 94-229 of this article shall be final when in accord with the evidence the applicant is required to submit by section 94-228 of this article.

(b) When the applicant asserts that the decision of the city engineer is not in accord with the evidence submitted, the matter shall, on request of the applicant, be submitted for review to the physical services task force of the central advisory board. Such board of review shall examine the application submitted to the city engineer and determine whether the decision of the city engineer is in accord with the evidence contained therein.

(c) If the board of review determines that the decision of the city engineer was not in accord with the verified application, a report will be sent to the city manager with a recommendation for appropriate remedial action.
(C62, § 44-51; O.8371, 8455; C75, C79, § 18-50; O.10,003; C91, § 18-50; O.11,936)

Sec. 94-231. Administration.

The city manager shall take responsibility for making such procedural and administrative determinations as shall be required and not in conflict with the provisions and intent of this article.
(C62, § 44-52; O.8371; C75, C79, C91, § 18-51)

Sec. 94-232. Real estate interests included.

(a) For the purposes of this article, the expression "legal or equitable title" shall include the following:

(1) The rights of persons occupying as a surviving spouse.

(2) Persons occupying under contract of purchase.

(3) Persons occupying under devise or by operation of the inheritance laws where the whole interest passes or where the divided interest is shared only by persons related or formerly related to each other by blood, marriage or adoption.

(4) Persons occupying under deed which conveys a divided interest where the divided interest is shared only by persons related or formerly related to each other by blood, marriage or adoption.

Provided, however, that such interests are conveyed or vested prior to the city council resolution initiating the public improvement for which an assessment subsidy is sought and that such interests are recorded in the office of the county recorder for the county.

(b) The expression "legal or equitable title" shall not, for the purposes of this article, include a leasehold, an option to buy, or a contract of purchase, the vendor and vendee of which contract were previously landlord and tenant with respect to the same real estate parcel and signed subsequent to January 1, 1972, unless the circumstances of the transaction clearly support a conclusion that the change of relationship from a landlord and tenant to vendor and vendee was not made for the purpose of obtaining benefit of the subsidy provided in this article and shall not include any other interest in real property acquired solely for the purpose of obtaining the subsidy provided for in this article.
(C62, § 44-53; O.8371, 8455; C75, C79, C85, § 18-52; O.11,052; C91, § 18-52; O.11,936)

Sec. 94-233. Scope.

(a) The public improvement special assessment subsidy provided for each year in this article shall be limited to the projects during each year for sanitary, storm and combined sewers; street grading, paving, curbing and guttering; and sidewalks for which the resolution of necessity is adopted after December 16, 1986 and on or before December 15, 1987 or for like period in each successive year following December 15, 1987, or for sidewalk replacement under I.C. § 364.1 et seq., for like period.

(b) No application for assessment subsidy shall be received by the city engineer after 180 days from the date of the city council's adoption of the resolution of necessity relating to the particular assessment project for which the assessment credit is sought, except as provided in subsection (c) of this section. No application related to the replacement, repair, and reconstruction of a sidewalk shall be received by the city engineer after 180 days from the hearing on the final adoption of the assessment schedule and acceptance of the work.

(c) For the joint Hamilton drain project between the city and the county, no application for assessment subsidy shall be received by the city engineer after 180 days from the date of the county board of supervisor's adoption of the resolution of necessity for the Hamilton drain assessment project.

ARTICLE IX. AMORTIZATION PERIOD FOR SPECIAL ASSESSMENTS

Sec. 94-261. Amortization period for public improvements.

The period of amortization for public improvement projects for opening, establishing or grading streets and the construction of Portland cement concrete or asphalt concrete street improvements, storm sewers, sanitary sewers, water mains, pedestrian underpasses and overpasses, sewage pumping stations, disposal or treatment plants, drainage conduits, channels and levees, street lighting, parking facilities, and appurtenant facilities is established as ten years. The period of amortization for public improvement projects for the construction of sidewalks is established as five years. The period of amortization shall be calculated commencing from the date of adoption by the city council of the resolution levying assessments and conditional deficiency assessments for the completed public improvements, in such manner as to coincide with the maturity and collection of annual assessment installments pursuant to I.C. § 384.65.
(C75, § 18-55; O.9334; C79, C91, § 18-55; O.14,091)

Sec. 94-262. Three-year amortization period.

The period of amortization, to be computed in the same manner as established in section 94-261 of this article, is established as three years for the repair of street grading, street surfacing with oil, gravel, oil and gravel or chloride, to be calculated in the same manner as provided in section 94-261 of this article.
(C75, § 18-56; O.9334; C79, C91, § 18-56)

Sec. 94-263. Special amortization periods.

When the council determines that the period of amortization under sections 94-261 and 94-262 of this article of a public improvement should be for a different time period than established, the council may so provide for such period by amendment to this article, prescribing the appropriate amortization period as may be applicable to these specific public improvements.
(C75, § 18-57; O.9334; C79, C91, § 18-57)

Sec. 94-264. Waiver of certain deficiencies.

All special assessment conditional deficiencies of less than $100.00 against any lot are forgiven, and the county treasurer and the city engineer are authorized to delete the amounts from their records of conditional deficiency assessments.
(C75, § 18-58; O.9334; C79, C91, § 18-58; O.13,014)

Sec. 94-265. Application of amortization since July 1, 1975.

This article shall be applicable to all conditional deficiency assessments made in connection with public improvements undertaken pursuant to I.C. ch. 384 at any time commencing with July 1, 1975.
(C75, § 18-59; O.9334; C79, C91, § 18-59)

Secs. 94-266—94-290. Reserved.

ARTICLE X. DIVISION OF CONDITIONAL DEFICIENCIES

Sec. 94-291. Application to subdivision of land.

No plat for the subdivision of land against which there is a conditional deficiency may be approved by the city council until the engineering department has approved a schedule for the division of conditional deficiency. When such a schedule has been provided to and approved by the city council, it shall be certified to the county treasurer as soon as practicable after the plat is approved.
(C79, § 18-60; O.9665, 9732; C91, § 18-60)

Sec. 94-292. Submission of request.

Requests for division of conditional deficiencies shall be submitted to the department of engineering pursuant to sections 94-291 and 94-294 of this article. A copy of the schedule for the division of

conditional deficiency shall be submitted to the plan and zoning department pursuant to sections 106-74 and 106-103 of this Code.
(C79, § 18-61; O.9665, 9732, 10,664; C91, § 18-61)

Sec. 94-293. Schedule.

(a) A schedule for division of conditional deficiency prepared after certification of a final assessment schedule shall provide for proration of the conditional deficiency over all lots into which the affected land has been subdivided.

(b) If the certification of a final assessment schedule is subsequent to the approval of a schedule for division of conditional deficiency as provided for in this article, the final assessment schedule shall be deemed to supersede the schedule for division of conditional deficiency.

(c) Upon approval of a plat by the city council and certification of the related schedule for division of conditional deficiency by the city council to the county treasurer, a copy of such related schedule shall be sent by the engineering department to the community development department along with the legal description of the land before its subdivision.
(C79, § 18-62; O.9665; C91, § 18-62; O.13,014)

Sec. 94-294. Fee.

A fee in an amount no less than $25.00 and not to exceed $500.00 shall be charged to the subdivider for review of each request for division of conditional deficiency. The fee shall be paid prior to the engineering department's approval of a request submitted under this article.
(C79, § 18-63; O.9665, 10,664; C91, § 18-63)

ARTICLE XI. PRIVATE CONTRACTS FOR CONSTRUCTION

Sec. 94-321. Procedures for approval of three party contract.

(a) Prior to the commencement of construction of any street or sewer improvements associated with subdivision development, site plan development, or any private construction project, involving the construction of streets or sewers which are to be dedicated to and maintained by the city, the construction of private sewers upon city property or street rights-of-way, or the construction of private streets or private sewer mains serving more than one building, the person desiring to construct such improvements shall make application to the city engineer for approval of the private construction contract pursuant to which the such improvements will be constructed. The application shall be in the form of a letter requesting approval and shall be accompanied by reproducible Mylars of engineering design drawings of such improvements approved by the city engineer, executed originals of all proposed contracts for the construction of such improvements, the contractor's surety bond for the performance, payment and maintenance of such work, and a certificate of insurance evidencing insurance coverages as required by the engineering department. The application shall also be accompanied by payment of an administrative fee for the city's costs of processing and approving the contract and accepting the work performed thereunder, together with an inspection and testing fee for the city's costs of inspecting and testing the work performed under the contract, said fees to be calculated upon the basis of the schedule of fees adopted by the city council by resolution. All such proposed contracts shall be three-party contracts in substantially the form provided and required by the engineering department. Under such contract, the city is to be a named third-party beneficiary of the contractor's obligations and commitments with regard to the construction of the improvements and an obligee under the contractor's bond. Surety bonds and insurance certificates shall likewise be in substantially the form provided and required by the engineering department.

(b) Upon receipt of an application requesting approval accompanied by all required documentation, and upon payment of fees as required in subsection (a) above, the city engineer shall make a recommendation to the city council as to the approval or rejection of the proposed contract, taking into consideration the following:

(1) The financial responsibility of the contractor.

(2) The past record of transactions and experience with the contractor, including the quality of workmanship; the number of liens, claims or complaints filed; and the number of repairs made on prior public improvement construction projects involving that contractor.

(3) The adequacy of the contractor's equipment and materials.

(4) The contractor's demonstrated ability to complete performance of the work.

(5) The conformity of the proposed contract and related documents with the requirements of this section.

(c) A proposed contract may be rejected upon a determination by the city council that the contractor has:

(1) Without good cause therefor failed to carry on or complete prior work under a three-party contract in an acceptable manner or refused to comply with a written order of the engineer with regard thereto within a reasonable time;

(2) Failed to perform prior work under a three-party contract in reasonably close conformity with the plans and specifications therefor or in reasonably close conformity with the city's design standards;

(3) Failed or refused to remove and replace materials or work found by the city engineer not to be in reasonably close conformity with the plans and specifications or city design standards, as applicable, or failed to correct such material or work so as to cause such materials or finished product to be reasonably acceptable work;

(4) Assigned or disposed of work or the contract or any part thereof without approval of the city engineer; or

(5) Offered or given gifts or gratuities to city employees in violation of state law or has had as its employee a person who was at the time also a city employee.

(d) If the city engineer determines to recommend rejection of the contract to the city council, the city engineer shall so notify the affected contractor. The notice shall set forth the reasons supporting rejection of the proposed contract, shall indicate that the contractor may appeal the city engineer's determination in that regard, and shall be sent to the contractor by certified mail, return receipt requested.

(e) Upon written request of the contractor filed within ten days of mailing of the notice provided in subsection (c) of this section, the city engineer shall schedule a hearing at which the contractor may present evidence or argument why his or her proposed contract should not be rejected. Such hearing shall be scheduled and held within ten days of receipt of request therefor. The city engineer's recommendation shall be issued within 30 days of the conclusion of the hearing, shall be mailed to all parties participating in the hearing, and shall be forwarded to the city council for consideration. If the city engineer's recommendation is to reject the proposed contract, the city engineer shall notify the contractor by certified mail, return receipt requested, of the date, time, and location of the city council meeting at which the city engineer's recommendation will be presented to the city council for consideration.

(f) The city council may accept or reject the city engineer's recommendation with respect to the proposed contract, but if the city council determines to reject the proposed contract, the reasons for rejection shall be set forth in the council resolution memorializing that action.

(g) In the event a contract is rejected, the administrative portion of the fee will be retained and the inspection and testing portion of the fee shall be refunded to the applicant.
(C91, § 18-64; O.13,046, 14,173)

Sec. 94-322. Disqualification of contractors.

Upon the recommendation of the city engineer, the city council may disqualify a contractor from participating in the construction of public improvements under three-party contracts as provided in section 94-321 of this article for a period of up to three years. A contractor may be disqualified upon a determination by the city council that the

contractor has failed to meet any of the criteria set forth or has failed to perform as required in subsection 94-321(b) of this article.
(C91, § 18-65; O.13,046)

Sec. 94-323. Procedure for disqualification.

(a) If the city engineer determines to recommend disqualification to the city council as provided in section 94-322 of this article, the city engineer shall so notify the affected contractor. The notice shall set forth the reasons supporting disqualification and the proposed period for disqualification, shall indicate that the contractor may appeal the city engineer's determination in that regard, and shall be sent to the contractor by certified mail, return receipt requested.

(b) Upon written request of the contractor filed within ten days after the contractor's receipt of the notice provided in subsection (a) of this section, the city engineer shall schedule a hearing at which the contractor may present evidence or argument why he or she should not be disqualified from future participation in three-party contracts for the construction of public improvements. Such hearing shall be scheduled and held within ten days of receipt of the request therefor. The city engineer's recommendation shall be issued within 30 days of the conclusion of the hearing and shall be mailed to all parties participating in the hearing. If the city engineer's recommendation is to disqualify the contractor, the recommendation shall include the recommended period of disqualification, not to exceed three years. The city engineer's recommendation shall be forwarded to the city council for consideration, and the city engineer shall notify the contractor of the date, time, and location of the city council meeting at which the city engineer's recommendation will be presented to the city council for consideration.

(c) The city council may accept or reject the city engineer's recommendation to disqualify a contractor on the basis of the criteria set forth in subsection 94-321(b) of this article, but the reasons for rejection shall be set forth in the council resolution memorializing that action. If the city council does not act upon the city engineer's recommendation to disqualify a contractor within 30 days of its receipt, the recommendation shall be considered accepted. Disqualification shall commence upon the earlier of the expiration of such 30-day period or the council action accepting the city engineer's recommendation to disqualify.
(C91, § 18-66; O.13,046)

Sec. 94-324. Failure to complete improvements; collection against bond.

Where a bond has been posted and required bonded improvements have not been constructed or installed as set forth by the terms of the three-party contract and the bond, the city council may cause notice of contractor's default to be served upon the contractor and the contractor's surety, therein demanding full performance within a specified period of time. If the contractor or the surety does not perform as required within the time specified in the default notice, the city council may thereupon declare such bond to be due and shall draw upon the bond funds in an amount sufficient to cover the costs of completion of the improvements. The principals and sureties shall be jointly and severally liable as their obligations may appear on the bond for completing all required improvements.

ARTICLE XII. SPECIAL ASSESSMENT SUBSIDY FOR DRAINAGE IMPROVEMENT PROJECTS

Sec. 94-351. Established.

(a) The city has allocated from the stormwater management revenues a sum sufficient to provide a subsidy, as described in section 94-355, to property owners whose properties were assessed for the Dean's Lake I, Dean's Lake II, Hamilton Drain, or Fiftieth and Franklin drainage improvement projects. The amount of the assessment subsidy shall be equal to the monthly stormwater management charges accrued against such properties.

(b) For purposes of this article, the term "property owner" or "owner" shall mean the owner of record of a property or the party in possession

thereof under lease or contract who paid special assessments applicable to the property, and who is responsible for payment of municipal utility charges against the property, including water service charges, sewer service charges, solid waste collection service charges, and stormwater management charges.

(c) For purposes of this article, the term "property" shall mean those properties against which the city has certified special assessments for the Dean's Lake I, Dean's Lake II, Hamilton Drain, or Fiftieth and Franklin drainage improvement projects.
(C91, § 18-68; O.13,079, 14,359)

Secs. 94-352—94-354. Reserved.

Editor's note—Ord. No. 14,359, § 1, adopted July 26, 2004, repealed §§ 94-352—94-354 which pertained to initial application and annual recertification required, eligibility, and appeal of city engineer's determination, respectively, and derived from Code 1991, §§ 18-69—18-71; Ord. No. 13,079; and Ord. No. 13,229.

Sec. 94-355. Method of advancing subsidy credits.

(a) The city engineer shall advance an assessment subsidy credit provided in this article to the city water works, with direction to credit the amount of the subsidy for each property to the stormwater management portion of the account for each property for each monthly billing by the city water works.

(b) The assessment subsidy credits accumulated from the period of September 1, 2002 through October 31, 2003, shall be credited as a lump sum to the combined services charges on each property owner's city water works account. Such accumulated credit shall be applied to city water works accounts beginning during the month of September, 2004 and continuing until said accumulated credit is expended or a refund is granted. In the event that a property owner ceases to own and occupy or reside at the property before such accumulated credit has been expended, the property owner shall receive reimbursement for such unexpended subsidy amount less the amount of combined services fees due at the time of the refund request.

(c) Assessment subsidy credits remaining after the accumulated credits described in section 94-355(b) have been made shall continue thereafter as a credit in the amount of the monthly stormwater management charges on the property owner's monthly city water works account billing.

(d) The monthly assessment subsidy credits shall continue until the entire assessment against the property has been reimbursed or until June 30, 2024, the termination date of stormwater management charges pursuant to section 118-29 of the Code, whichever occurs first, so long as the person continues to own and occupy or reside at the property.
(C91, § 18-72; O.13,079, 14,359)

Sec. 94-356. Administration.

The city manager shall make all procedural and administrative determinations necessary to implement this article not in conflict with the provisions and intent of this article.
(C91, § 18-73; O.13,079)

Sec. 94-357. Limitations.

(a) In no case shall the city's assessment subsidy credit pursuant to this article and/or pursuant to article VIII of this chapter exceed the amount of the assessment paid or to be paid by the property owner for drainage improvements.

(b) Properties whose drainage improvement special assessments have been paid in full pursuant to article VIII of this chapter shall not be eligible for further subsidy credit pursuant to this article.

(c) Any person making a false statement, claim or affidavit for the purpose of obtaining the subsidy credit provided for in this article for any two or more persons who conspire and confederate together to make such false statement, claim or affidavit or to assist another to do so shall be recommended to the county attorney for criminal prosecution.

ARTICLE XIII. EMERGENCY REPAIR OF PUBLIC IMPROVEMENTS

Sec. 94-360. Contracts for emergency repair of public improvements.

When emergency repair of a public improvement is necessary and the delay of advertising and a public letting might cause serious loss or injury to the city, the mayor, as the chief official of the city, or the city manager, as the chief officer of the city, shall each have authority to make a finding of the necessity to institute emergency proceedings under I.C. § 384.103 and shall procure a certificate from a competent licensed professional engineer or registered architect, certifying that emergency repairs are necessary. The mayor and the city manager shall each have authority to accept, enter into and make payment under a contract for emergency repairs without holding a public hearing and advertising for bids in accordance with I.C. § 384.103.

ARTICLE II. COLLECTION AND DISPOSAL

DIVISION 1. GENERALLY

Sec. 98-26. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(a) *Appliances* include, but are not limited to, refrigerators, freezers, kitchen ranges, air conditioning units, dehumidifiers, water heaters, furnaces, thermostats, clothes washers, clothes dryers, dishwashers, microwave ovens, and fluorescent light fixtures (excluding bulbs). These items may contain Polychlorinated Biphenyl (PCB), capacitors, refrigerants and components containing mercury which are restricted by law from being disposed of at a landfill.

Authority means the Metro Waste Authority, successor agency to the Des Moines Metropolitan Area Solid Waste Agency.

(b) *Reserved.*

(c) *Capacitor* means a device for accumulating and holding a charge of electricity that consists of conducting surfaces separated by a dielectric fluid.

City-owned container means those solid waste containers which the city purchases and provides to the owners or occupants of residential premises for the placement of solid waste for collection by the city.

Complex or residential buildings means two or more adjacent buildings defined as residential premises that share a common address and ownership.

(d) *Director* means the director of public works or any authorized employee or representative who shall have responsibility for administering and enforcing this chapter.

Disposal site means a sanitary landfill transfer station or other facility for receiving or disposing of solid waste.

(e) *Extra trash* item means one 33-gallon trash bag or one box no larger than 24 × 24 × 36 inches with a maximum weight of 40 pounds.

(f) *Reserved.*

(g) *Reserved.*

(h) *Hazardous substance* has the same meaning and definition as appears in I.C. § 455B.381 and includes but is not limited to explosive materials, rags or other wastes soaked in volatile and inflammable materials; drugs, poisons; radioactive materials; highly combustible materials; and other materials which may present a special hazard to collection or disposal personnel or equipment or to the public.

Hazardous waste has the same meaning and definition as appears in I.C. § 455B.411 and includes but is not limited to fly ash or other fine or powdery material and other material which may present a special hazard to collection or disposal personnel or equipment or to the public.

(i) *Reserved.*

(j) *Reserved.*

(k) *Reserved.*

(l) *Large item* means an item that does not fit in a 33-gallon trash bag or box no larger than 24 × 24 × 36 inches. Large items include, but are not limited to, a table, a couch, a loveseat, a mattress, a box spring, four kitchen chairs, five boxes or bags (maximum 40 pounds each), or five rolls of carpet (four foot length by 18 inches in diameter).

(m) *Multifamily residential premises* means a multiple-family dwelling building, an apartment building, a condominium, or a complex of residential buildings, containing five or more individual living units.

Multiple chamber incinerator means any incinerator used to dispose of combustible refuse by burning, consisting of three or more refractory lined combustion furnaces in series, physically separated by refractory walls, interconnected

by gas passage ports or ducts and employing adequate design parameters necessary for maximum combustion of the material to be burned, the refractories having a pyrometric cone equivalent of 31, tested according to the method described in the American Society for Testing and Materials, method C-24-56.

(n) *Reserved.*

(o) *Owner* means and includes, the record titleholder, or any person residing in, renting, leasing, occupying, operating or transacting business in any premises, and as between such parties the duties, responsibilities, liabilities and obligations imposed in this chapter shall be joint and several.

(p) *Person* means and includes an individual or group or association of individuals; a firm or any member thereof; a corporation, or any executive officer, manager, person in charge or employee thereof; and the use of a pronoun specifying one gender shall include both genders.

(q) *Reserved.*

(r) *Recyclable materials* means newspaper, corrugated containers, magazines, catalogs, junk mail, kraft bags, bimetal and ferrous cans, aluminum cans, glass containers, recyclable plastics, and paper food cartons, whether alone or in combination.

Residential premises means and includes single-family dwellings and any multiple-family dwelling up to and including four separate living units or family quarters. Garden-type apartments and row-type housing units shall be considered residential premises regardless of the total number of such apartments or units which may be included in a given housing development.

Rubble means dirt, stone, brick, or similar inorganic material, or street sweepings.

(s) *Solid waste* means useless, unwanted or discarded materials resulting from commercial, industrial, domestic and agricultural operations and other normal community activities. Wastes which are solid or semisolid containing insufficient liquid to be free-flowing are considered to be solid wastes and include in part the following: garbage; rubbish; ashes and other residue of incineration; street refuse or sweepings; dead animals; solid animal waste; decrepit automobiles and parts thereof; agricultural, commercial and industrial wastes; construction and demolition wastes; sewage treatment solid residue. For purposes of sections 98-74 and 98-75, the term "solid waste" shall have the meaning prescribed by this section except that it shall not include solid waste resulting from residential, farming, manufacturing, mining, or commercial activities on land owned or leased by the person conducting such activities if the dumping or depositing of such on that land does not violate other sections of this Code or city ordinances or statutes or regulations adopted by the state or federal government, but it shall include such solid waste which has come into the possession or control of a person because of the operation by that person of a collection, hauling, disposal, or other waste disposition service. For purposes of sections 98-74 through 98-76, the term "solid waste" shall not include rubble or a reasonable amount of organic material gathered and suitably contained for purposes of composting or fertilizing agricultural or floral plots. "Solid waste" shall not include yard debris.

(t) *Transfer station* means an intermediate solid waste disposal facility, the principal business of which is the transferring of loads of solid waste, with or without reduction of volume, from one transportation unit to another for ultimate disposal at a solid waste disposal site. The term includes an intermediate facility, as described in this definition, at which materials of a like or similar kind are also isolated, segregated, or otherwise gathered as an incident to such activities for salvage and reutilization by recycling through one or more commercial facilities; however, the term shall not include junkyards, salvage yards, or the collection, processing or transferring exclusively of recyclable materials.

(u) *Reserved.*

(v) *Reserved.*

(w) *Reserved.*

(y) *Yard debris* means grass clippings, leaves, garden wastes, brush, or tree branches or trimmings two inches or less in diameter.

DIVISION 2. PROCEDURES

Sec. 98-52. Intent of division.

It is the intent of this division to provide for certain collection and disposal procedures relative to solid waste.

(C62, § 52A-25; O.8074; C75, § 16-92; O.8987; C79, C91, § 16-92)

Sec. 98-53. Enforcement.

The director of public works shall enforce this division.

(C62, § 52A-26; O.8074; C75, C79, § 16-93; O.9835; C91, § 16-93)

Sec. 98-54. Collection.

The city proposes to provide solid waste collection service to remove solid wastes from residential premises subject to the following conditions, prohibitions and requirements:

(1) Such collection shall be made on a weekly basis not less than 52 times per annum in accordance with schedules to be developed by the city manager. If such scheduled weekly collection is deferred to a following day to conform to holiday observances or weather conditions, the city will pick up an allowed number of containers as specified in this section from allowed locations as specified in this section which is commensurate with the elapsed time since the last previous collection.

(2) The city manager is authorized and empowered, jointly, to change or amend such schedules from time to time as he or she shall deem necessary.

(3) Collection of solid waste shall be made from streets unless specifically approved by the public works director for alley or alternate collection, pursuant to the following:

a. Whenever solid waste is collected from the street, residents desiring to have solid waste collected by the city shall cause it to be deposited upon the parking or terrace adjacent to and within approximately 18 inches of the near edge of the roadway in front of their premises and three feet away from any other object, including other solid waste containers.

b. As to residential premises approved for alley pickup, solid waste or solid waste containers shall be placed adjacent to the alley right-of-way and three feet away from any other object, including other solid waste containers.

c. No solid waste or solid waste containers shall be deposited by any person upon any sidewalk, crosswalk, or roadway, or upon any alley right-of-way, so as to obstruct or block pedestrian movement or vehicular traffic.

d. No person shall deposit solid waste or solid waste containers upon the parking or terrace of the street in front of premises more than 12 hours before the date designated for solid waste collection. No person shall allow solid waste containers to remain on the parking or terrace of the street in front of that person's premises for more than 12 hours after the date designated for solid waste collections.

e. The city manager is authorized and directed to promulgate regulations by which the city manager or his or her designee shall grant an exception to the street or alley collection points described in this subsection and shall provide back yard service for collection of solid waste contain-

ers at residential premises in which the persons residing therein have physical limitations which prevent them from placing their solid waste containers at the street or alley collection point.

f. No person shall place an appliance for collection unless such person shall have affixed to said appliance an appliance disposal sticker in a clearly visible location, and shall have scheduled the collection of said appliance in advance through the public works department at its 24-hour customer service center. Appliances shall not be placed for collection more than 12 hours prior to the scheduled collection time established by the public works department.

g. No person shall place an extra trash item for collection unless such person shall have affixed an extra trash sticker to such extra trash item prior to its collection.

h. No person shall place a large item for collection unless such person shall have affixed a large item disposal sticker to said item in a clearly visible location prior to its collection, and shall have scheduled the collection of said large item through the public works department. Large items shall not be placed for collection more than 12 hours prior to the scheduled collection time established by the public works department.

i. Solid waste will only be collected from a residential premises if it is placed for collection in a city-owned container billed to that residence, or if it is placed for collection as an extra trash item or a large item as provided in subsections g. and h. above.

(4) The number of containers to be collected per residential premises per week shall not exceed the number of city-owned containers billed to the residence and extra trash and large items with the appropriate stickers unless during specified periods by council resolution in response to council-perceived temporary needs or objectives or is permitted by a declaration of a collection emergency by the city manager.

(5) Any failure to comply with this section or sections 98-58 or 98-69 of this division by the owner of such residential premises shall relieve the city of its obligation to collect such solid waste therefrom which is not in compliance therewith as to type, preparation, volume or place of storage, but in all cases such solid waste from such premises as meets the requirements of such section shall be collected as provided in this section.

(6) No person, unless pursuant to contract with the city permitting that person to collect and remove rubbish and refuse or unless that person is a city employee acting under the direction of the city council and the city manager, shall collect or remove any rubbish or refuse which has been deposited or placed by another person on the parking or curb along the roadway adjoining the latter's premises for collection by the city as provided in city ordinances.

(7) Upon application by the owner of property, demonstrating that a particular property is unoccupied and uninhabitable due to disrepair; due to damage by flood, storm, or fire; or due to the fact that it is undergoing renovation or reconstruction, the director may temporarily suspend the collection of solid waste from such premises and direct that the property not be charged the monthly charge for solid waste collection service as provided in this division. Such application shall be made in writing to the public works department on the form provided by the department for that purpose. The applicant shall therein verify that the property is not occupied and shall identify

the conditions that make it uninhabitable. The public works department may require verification of uninhabitability in the form of reports, orders, or permits issued by the community development department or the fire department. If the premises is unoccupied and uninhabitable due to flood, storm, or fire damage or due to renovation or reconstruction, the applicant shall be required to arrange for interim collection of damage or construction debris from the premises and to identify and verify the existence of those arrangements in the application. Collection services shall not be suspended for more than a period of one month, but such suspension shall be renewable monthly upon oral request for up to five additional months. No additional period of suspension shall thereafter be granted unless the owner makes reapplication for suspension of collection service as provided in this subsection.

(C62, § 52A-2; O.8074, 8896; C75, § 16-95; O.8987, 9382; C79, § 16-95; O.9906; C85, § 16-95; O.11,409, 11,499, 11,515, 11,563; C91, § 16-95; O.13,189, 14,064, 14,228, 15,664)

Sec. 98-55. Charges for collection service.

(a) A monthly collection fee shall be charged by the city and collected from each owner or occupant of a "residential premises" as defined in section 98-26 of this Code served by solid waste collection service as provided in section 98-54 of this division, except as to those owners or occupants of residential premises for whom a subsidized rate is established in subsection (c) of this section. Said monthly fee shall be in payment for collection and disposal of solid waste as defined, and shall be collected in full each month from all owners or occupants of residential premises except as to those owners or occupants for whom a subsidized rate is allowed as provided in subsection (c) of this section. The fee per month for city-owned solid waste containers, excluding yard debris containers, assigned to a residential premises shall be as follows:

City-owned Solid Waste Containers Type	*Rates Prior to July 1, 2025*	*Rates on and after July 1, 2025*
	The fee per month	
First 64-gallon	$14.56	$16.81
First 96-gallon	$15.66	$17.91
Additional 64-gallon	$12.35	$14.60
Additional 96-gallon	$13.45	$15.70

(b) The solid waste collection fee shall be billed to the "owner" as herein defined every month, payable in advance within 30 days from date of such billing.

(c) A subsidized rate of $10.00 per month for one city-owned 64-gallon wheeled container and a subsidized rate of $11.00 per month for one city-owned 96-gallon wheeled container (a) for the first container assigned to a residential premises (no reduction will be allowed for each additional container) shall be allowed and authorized by the city for each owner of a residential premises served by solid waste collection service who (1) as the record titleholder of the residential premises, has filed claim for tax reimbursement and has established eligibility for such reimbursement under the provisions for property tax relief for elderly and disabled contained in the I.C. §§ 425.16-425.37, with reference to such residential premise, or as a renter of the residential premise, has filed a claim for reimbursement of rent constituting property taxes paid and has established eligibility for such State of Iowa Rent Reimbursement program under the provisions of I.C. §§ 425.18-425.37, with reference to such residential property; (2) has waived any right to confidentiality relating to all income tax information obtainable through the state department of revenue; and (3) has filed an application with the city reciting such facts and asking for the benefits of this provision subject to verification by the state department of revenue.

(1) Such subsidized rate shall be on a 12-month period basis, shall commence on the first day of the first month of the first monthly billing period following approval of the application therefore and shall be valid thereafter for a 12-month period unless the applicant is for any reason disqualified as a claimant under the I.C. §§ 425.16-425.37. In event of

such disqualification, the owner's or renter's eligibility for such subsidized rate shall terminate at the termination of the billing period in which such disqualification occurs and shall be billed at the rate prescribed by subsection (a) of this section, unless and until the owner's or renter's qualification is reviewed and eligibility for such subsidized rate is re-established pursuant to a new application to the city for the subject premises. In any event, each such application must be reviewed at least 30 days before the end of the 12-month period aforesaid and approved as aforesaid in order for such subsidized rate to be effective for a succeeding 12-month period, and annually upon such schedule thereafter, failing which the eligibility for such subsidized rate shall automatically cease at the end of the current 12-month period. Subsidized rate application forms shall be available at city hall in such form, manner and location as the city manager shall direct. Such applications shall be as informal as possible and may be made by the owner or renter of a residential premises, or may be made on behalf of such owner or renter by any person or institution reasonably expected to act in accordance with the wishes and best interests of the owner or renter, as applicable.

(2) Termination of city allowance of subsidized rate for any cause, other than loss of status as a qualified claimant for reimbursement under said act or by lapse of time as aforesaid, shall occur only by action of the city council after reasonable notice and hearing. Said notice shall identify the reason for loss of eligible status and shall be served in the manner of service of original notice at least ten days before date of hearing. Appeal to the courts shall be permitted the applicant in any manner allowed by the Iowa rules of civil procedure within time limitations as therein stated.

(d) The subsidized rate per month per subsection (c) above shall be shown each month on the owner's or renter's billing statement for solid waste collection service.

(e) A fee of $1.00 shall be charged for each extra trash item sticker and a fee of $5.00 shall be charged for each large item sticker.

(f) A fee of $35.00 (7 - $5.00 stickers) shall be charged for the sale of an appliance disposal sticker to cover the cost of collection, demanufacturing, and disposal of appliances as defined in section 98-26.

(g) Appliance disposal stickers, extra trash stickers, and large item stickers shall be made available at multiple retail locations, a listing of which shall be available at the Public Works Department's 24 hour Customer Service Center. The city manager shall direct the distribution of appliance disposal stickers, extra trash stickers, and large item stickers to retailers under such distribution and auditing procedures as the city manager shall establish upon the advice of the finance director. Such stickers shall be made available to members of the public at retail outlets at a cost not exceeding $35.00 for appliance disposal, $1.00 for extra trash, and $5.00 for large items. The city manager shall make said stickers available only to retailers who agree to market same at the above indicated retail price.

(h) The owner of a multiple-family dwelling with four separate living units or family quarters may, upon prior arrangement with the director with respect to day and location of collection, verification of number of units, and execution of a hold harmless agreement in favor of the city, arrange for city collection and disposal of solid waste placed by residents of such multiple-family dwelling in one or more dumpsters of not more than eight cubic yards capacity each. Such placement and collection of solid waste shall in all other respects be conducted as provided in section 98-54 of this division. A fee of $9.73 prior to July 1, 2025 and a fee of $11.98 per dumpster per month for the period beginning on and after July 1, 2025 shall be charged by the city and collected from the owner or owners of such multiple-family dwelling, which fee shall be in addition to the per unit solid waste collection and disposal fee charged as provided in (a) above.

(i) The owner or occupant of a residential premises may request a one-time container exchange for a change in container size free of charge. Such free of charge exchange will be allowed for both a solid waste container and a yard waste container. For each additional exchange, there will be a $25.00 service fee.

(j) Upon request of the owner, the director of public works is authorized and empowered to except from city solid waste collection a residential premises that is adjacent to a multifamily residential premises if such dwellings are commonly owned, are not separated by a street or public alley, and were being served by private solid waste collection as of January 1, 2005. When either the multifamily residential premises or the adjacent residential premises change ownership the residential premises shall be served by city solid waste collection.

Editor's note—Ord. No. 15,772, § 2, states: This ordinance shall be in full force and effect as of July 1, 2019.

Sec. 98-56. Assessment of unpaid charges.

The collection of solid waste, as provided by this division, from residential premises and maint-

tenance of the availability of such service, whether or not such service is used regularly or at all by the owner of such residential premises, is declared a benefit to the premises at least equal to the monthly charges specified in section 98-55 of this division. If the owner of a residential premises fails to pay the monthly charge as provided in section 118-159 of this Code, the monthly charge may be assessed as a lien against the property benefitted as provided by I.C. § 384.84.
(C62, § 52A-29; O.8074; C75, § 16-97; O.9006; C79, § 16-97; C91, § 16-97; O.13,166)

Sec. 98-57. Billing procedure and collection of delinquent accounts.

The procedures for billing of the solid waste collection charges provided in section 98-55 of this division and for the collection of delinquent solid waste collection charges shall be as provided in sections 118-158 and 118-159 of this Code.
(C62, § 52A-30; O.8074; C75, § 16-98; O.9006; C79, C91, § 16-98; O.11,696, 13,166)

Sec. 98-58. Container specifications.

(a) Only city-owned containers provided by the city shall be used for the placement of solid waste for collection by the city. City-owned containers shall be assigned to a particular residential premises and shall remain at that residential premises in the event the owner or occupant moves. If a city-owned container is lost or stolen from a residential premises, the owner or occupant of the residential premises shall report such event to the public works department's 24-hour customer service center. In the event of loss or theft, a replacement city-owned container or containers shall be provided to the owner or occupant at the owner's or occupant's cost.

(b) Disposable cardboard boxes not larger than 24 by 24 by 36 inches may be used for extra trash or yard debris not weighing more than 40 pounds. Tree limbs and brush placed for collection as yard debris may be securely tied in bundles not larger than 48 inches long and 18 inches in diameter and weighing not more than 40 pounds.

(c) Extra trash and large bulky items such as furniture, large tree limbs, automobiles and major parts thereof and appliances that cannot be reduced to fit approved containers shall not be collected; provided that special arrangements can be made for the collection of appliances, extra trash, and large items as provided in section 98-54(3)g.
(C62, § 52A-3; O.8074, 8180; C75, § 16-99; O.8987, 9577; C79, C91, § 16-99; O.13,350, 14,064, 14,228)

Sec. 98-59. Treatment pending collection.

All solid waste consisting of waste animal and vegetable matter, which may attract flies, dogs or rodents, shall be drained of all excess liquid, wrapped in paper or disposable containers, and placed or stored, until collected, in covered suitable containers as described in section 98-58 of this division.
(C62, § 52A-4; O.8074; C75, C79, C91, § 16-100)

Sec. 98-60. Accumulations hazardous to health.

No person shall permit to accumulate on any premises, improved or vacant, or on any public place quantities of solid waste, either in containers or not, that shall constitute a health or sanitation hazard.
(C62, § 52A-5; O.8074; C75, C79, C91, § 16-101)

Sec. 98-61. Accumulations hazardous to property.

No person shall permit to accumulate quantities of solid waste within or close to any building, unless the waste is stored in containers in such a manner as not to create a health or fire hazard.
(C62, § 52A-6; O.8074; C75, C79, C91, § 16-102)

Sec. 98-62. Permit to haul waste.

No person shall engage in the business of removing or hauling residential, commercial or industrial solid waste from the premises of others, other than those resulting from construction or demolition activities, unless such person shall have first applied for and received a permit to do so from the city. Such permits shall be issued and renewed on an annual basis for a fiscal year commencing July 1 of each year.
(C62, § 52A-7; O.8074; C75, § 16-103; O.9137; C79, § 16-103; O.10,489; C91, § 16-103)

Sec. 98-63. Waste hauler's permit requirements.

(a) An application for a permit required by section 98-62 of this division shall be filed with the city clerk and shall contain the following information:

(1) The name and address of the applicant.

(2) The vehicles to be used.

(3) General information concerning the routes to be traveled and places to be served.

(4) A statement by the applicant that all of the requirements of this section 98-63, as well as other applicable requirements of this chapter, shall be complied with at all times during the period of the permit.

(b) No permit shall be issued or renewed unless the vehicles to be used meet the following requirements:

(1) Construction of the vehicles shall be such that rubbish or bulk material loaded therein or transported thereby shall be securely contained. A truck with open sides, such as a stake-body truck, must have some type of paneling installed on the interior of the stakes so as to prevent the loss of any rubbish or bulk material. Plywood or hardboard may be used to line the interior; however, large sections of cardboard will not be acceptable.

(2) All vehicles shall be equipped with a permanently attached covering over the bed of the vehicle or with a suitable tarpaulin. The tarpaulin must be constructed in such a manner so that both sides and the end of the tarpaulin can be securely tied down or loaded so as to prevent the rubbish or bulk material from being blown or allowed to escape.

(3) All vehicles other than stake-body types must be equipped with a tailgate of rigid construction of at least 1½ feet which, when closed, shall securely hold and contain all rubbish and bulk material. Acceptable paneling as indicated in this subsection may be used in lieu of a tailgate only on stake-body vehicles.

(4) Any compaction-type vehicle must be equipped with a tightfitting tarpaulin or other means to prevent rubbish or other material from being blown or allowed to escape from the hopper area.

(c) All vehicles licensed under this section shall prominently display the permit number on the upper or lower left corner of the windshield of the vehicle upon a decal to be furnished by the city.
(C79, § 16-103.01; O.10,489; C85, § 16-103.01; O.11,548; C91, § 16-103.01; O.15,297)

Sec. 98-63.5. Permit fees.

(a) An applicant for a waste hauler's permit shall submit the annual permit fee and the fee for each vehicle to the city clerk at the time of filing the application.

(b) An applicant who files for renewal less than 30 days prior to the date of permit expiration shall pay a late fee at the time of filing the application.

(c) If the application is denied or if the application is withdrawn before final action is taken by the city clerk, a portion of the application fee shall be retained by the city clerk for the cost of administration.

(d) The permit fee, its nonrefundable portion, the fee for each vehicle, and the late fee for a waste hauler's permit shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(O.14,187, 15,297)

Sec. 98-64. Waste hauler's liability insurance.

(a) No permit required by section 98-62 of this division shall be issued or renewed until the applicant shall have obtained insurance coverage from an insurance company licensed to do business in the state, providing insurance coverage of minimum liability in the amount of $1,000,000.00 combined single limit each for general liability and for automobile liability. A policy written with an umbrella form will be acceptable. Insurance coverage must be maintained for the period the permit is in effect.

(b) The applicant shall furnish evidence to the city of the required insurance coverage by submitting a certificate of insurance. The certificate of insurance shall provide that the insurance cannot be cancelled or terminated until 30 days' notice by registered mail of such cancellation or termination shall have been given to the city.
(C79, § 16-103.02; O.10,489; C91, § 16-103.02)

Sec. 98-65. Permit exemptions.

Vehicles owned and operated by the authority or the city or operated under contract to either shall be deemed to be engaged in a public service function exempt from the requirements of section 98-62 of this of this division.
(C62, § 52A-8; O.8074; C75, § 16-104; O.8987; C79, C91, § 16-104; O.13,350)

Sec. 98-66. Suspension and revocation of permits.

(a) Any permit issued pursuant to this division may be revoked for violations of this division. No revocation shall issue except upon notice delivered to the permittee by mailing the notice in the regular mail addressed to the permittee at the address listed on the application a minimum of ten days prior to the date set for the hearing before the city manager or his or her designee. Such notice shall inform the permittee of the time, date and place of the hearing; the purpose of the hearing; and shall set out the reasons therefor. However, if a violation of this division is of such nature that the violation is deemed to be an immediate hazard by the public works director and such report is submitted to the city clerk in writing, the city clerk shall be authorized to temporarily suspend the permit until notice can be given and a hearing held.

(b) If, after such a hearing, the city manager or his or her designee makes a finding based on substantial evidence that a violation of this division did in fact occur as alleged, the city manager or his or her designee may continue suspension of or may revoke the permit; the determination of whether to revoke such permit shall be in the discretion of the city manager or his or her designee and shall be dependent upon the circumstances surrounding the violation and its severity.

(c) The decision of continued suspension or revocation made by the city manager or his or her designee may be appealed to the city council. In order to appeal such decision, written notice of appeal must be filed with the city clerk within three days after receipt of the decision. Failure to file such written notice of appeal shall constitute a waiver of the right to appeal the decision of continued suspension or revocation of the city manager or his or her designee.

(d) The notice of appeal shall state the grounds for such appeal and shall be delivered personally or by certified mail to the city clerk. The hearing of such appeal shall be scheduled at the next regular council meeting, if such notice is received by 5:00 p.m. on the Wednesday before the next regular council meeting. If notice is not received by the designated time, the hearing will be scheduled for the next following council meeting, if notice is received within three days after receipt of the decision by the city manager or his or her designee. The hearing may be continued for good cause. The hearing shall be confined to the record made before the city manager or his or her designee and the arguments of the parties or their representatives, but no additional evidence shall be taken. After such hearing the city council may affirm or reverse the order of the city manager or his or her designee. Such determination shall be contained in a written decision and shall be filed with the city clerk within three days after the hearing or any continued session thereof.

(e) If the city council affirms the action of the city manager or his or her designee continuing the suspension or revocation, the city council shall so state and order in its written decision.

(f) A permittee whose permit has been revoked shall not be eligible for another permit to haul waste for a period of two years.
(C62, § 52A-27; O.8074; C75, C79, C85, § 16-105; O.11,452; C91, § 16-105)

Sec. 98-67. Protection of hauling vehicles.

No person shall haul any solid wastes upon the city streets, alleys or public places in any manner except in a vehicle or container so equipped as to

prevent the blowing or leakage or dropping off of any of the contents on such public streets or on private property therein.
(C62, § 52A-9; O.8074, 8464; C75, C79, C91, § 16-106)

Sec. 98-68. Authorized disposal sites.

No person licensed under section 98-62 of this division shall haul or cause to be hauled any solid waste material of any kind, other than that resulting from construction or demolition activities, to any disposal place or site or area other than the following:

(1) A sanitary disposal site operating under permit from the state department of natural resources pursuant to I.C. ch. 455B; or

(2) A solid waste transfer station licensed and operating pursuant to section 98-76 of this division.

(C62, § 52A-10; O.8074; C75, § 16-107; O.9137; C79, C91, § 16-107; O.13,350)

Sec. 98-69. Hazardous substances and hazardous wastes.

No person shall deposit in a solid waste container or otherwise offer for city collection any hazardous substance or hazardous waste as defined in section 98-26. Hazardous substances and hazardous wastes shall be transported by the owner, responsible person or his or her agent to a place of safe deposit or disposal as prescribed by the rules and regulations of the state department of natural resources. Persons improperly disposing of hazardous solid waste materials by placing them for collection at the curb shall be responsible for all costs incurred by the city on account thereof, including but not limited to costs associated with injury to city or authority personnel, damage to city or authority property, or cleanup of city or authority property or equipment.
(C62, § 52A-11; O.8074; C75, § 16-108; O.8987, 9137; C79, § 16-108; O.9835; C91, § 16-108; O.13,350)

Sec. 98-70. Littering.

No owner shall throw, rake, deposit, place, drop or spill yard debris, as defined in division 1 of this article, litter, solid waste, waste material or other foreign material upon the streets, sidewalks, or other public rights-of-way or city property except as provided in sections 98-58 and 98-115 of this division. In any proceedings charging a violation of this section, proof that the particular violation described constitutes a violation of this section, together with proof that the violator was the owner of the residential dwelling, commercial establishment and/or real estate from which the yard debris, litter, solid waste, waste material or other foreign material was removed, shall be deemed to create a rebuttable presumption that such violator was the party violating this section.
(C62, § 52A-12; O.8074; C75, C79, C91, § 16-109; O.13,350, 14,792)

Sec. 98-71. Disposition of inert materials.

The prohibitions contained in this division shall not apply to the placing of inert wastes, not potentially injurious to health or the public welfare, where permission to place such materials has been obtained from the owner or responsible agent, nor to the filling in or grading of property with earth, mud, ashes or similar materials providing such actions are in compliance with all other applicable local and state laws.
(C62, § 52A-15; O.8074; C75, C79, C91, § 16-112)

Sec. 98-72. Disposition in accordance with instructions.

(a) Each application for a permit to haul solid waste under section 98-62 of this division and each application for license for a transfer station under section 98-76 of this division shall contain an undertaking to the effect that, as a condition of the grant by the city of such a permit or such a license and the validity of such permit and such license once granted, such applicant shall deliver or cause to be delivered all solid waste coming within his or her control to a sanitary disposal site operating under permit from the state department of natural resources pursuant to I.C. ch. 455B.

(b) Failure on the part of any such permittee under section 98-62 or the licensee under section 98-76 of this division to in fact cause such solid

waste to be so delivered shall be cause for the city council on reasonable notice and hearing to revoke such permit or license.

(c) If a permit or license issued is revoked by the city council for such cause, the permittee or licensee shall be ineligible for reinstatement or renewal thereof or for a new permit or license for a period of 12 months from the date of such revocation.

(d) Each person charged with responsibility for the ultimate disposition of solid waste, other than that collected under the city residential solid waste collection program, shall cause the solid waste to be delivered to a permittee or licensee as described in this division. Failure to do so shall constitute a violation of this division.
(C62, § 52A-16; O.8074; C75, § 16-113; O.9137; C79, C91, § 16-113; O.13,350)

Sec. 98-73. Materials excluded from agency deposit sites.

At the discretion of the authority, certain materials may be excluded from those solid wastes which may be deposited at an authority landfill site. These excluded materials may include junk automobile bodies and similar bulky objects which may require special processing prior to disposal; trees and tree limbs, unless they have been cut into pieces not exceeding ten feet in length; burning materials or materials containing hot or live coals; hazardous materials; and other materials which the agency deems necessary to exclude. However, hazardous materials may be deposited upon the receipt of written permission of a responsible official or attendant of the agency and subject to any special instructions issued with such permission. Hazardous material shall include explosive materials, materials contaminated by infectious or contagious disease, fly ash or other fine or powdery material, and other material which may present a special hazard to landfill personnel, equipment or to the public.
(C62, § 52A-17; O.8074; C75, C79, C91, § 16-114; O.13,350)

Sec. 98-74. Unauthorized disposal sites.

No person shall operate or permit the operation on his or her property of a disposal site in the city for the disposal of solid waste of any kind, excepting rubble, from any source other than construction or demolition activities.
(C75, § 16-115.01; O.8986; C79, C91, § 16-115.01)

Sec. 98-75. License required for private landfill sites for construction or demolition materials.

(a) No person shall operate or permit the operation on his or her property of a disposal site in the city for the disposal of solid waste from construction or demolition activities unless such person shall have first applied for and received a license to do so from the city. Such a license shall be issued by the city council upon application by such person filed with the zoning enforcement officer; must be accompanied by a conditional use approval by the city board of adjustment, and a state permit issued by the appropriate state agency to conduct a construction or demolition materials disposal operation on the site in question; must demonstrate full present and contemplated compliance with the specific subsections of this section and the operational details and physical site proposals contained in plans accompanying the application, as well as the ability to do so; and shall be subject to annual renewal by the city council as set forth in this section. In reviewing the demolition landfill site application, the city council must weigh the need for such landfill to economically dispose of demolition and construction rubble against the inherent hazard, evaluated on the information and criteria in this subsection, and with professional advice as required. Such need must likewise be weighed against the potential for site pollution or danger to persons or property who might predictably have direct or indirect contact with the site. To merit approval for licensing, such proposed operation must be demonstrated by the application to be operationally feasible and to be substantially free of negative environmental effect as it is proposed to be operated upon the site proposed. The application for a license to operate a disposal site for the disposal of solid waste from construction or demolition activities shall be accompanied by the documentation described in this subsection. Plans for construction and demolition landfills shall be prepared under the

direct supervision of a registered engineer in conformity with I.C. ch. 542B. Such requirement shall not preclude the inclusion in the application of reports of geologists, architects, landscape architects, or such other disciplines as may be necessary or desirable to substantiate proposals contained in the application. The plans shall show conformance to the following requirements:

(1) *Location of site.* The location of the site shall conform to the following:

a. The site shall be located outside of floodplain or riverfront land unless such requirement is waived by the appropriate state agency.

b. If the site is within 1,000 feet of a federal or state highway or major city thoroughfare, the site must be satisfactorily screened by natural objects, planting, fences or other.

c. The site shall be at least 1,000 feet from any existing well that draws water for human or livestock consumption unless hydrologic conditions are shown to be such that a greater or lesser distance is proper.

(2) *Zoning and land use.* The application will be accompanied by a copy of the conditional use approval issued for such operation on the site by the city board of adjustment and the plan submitted with the application shall:

a. Be accompanied by a map showing all zoning within 1,000 feet surrounding the site. The plan shall also indicate the land use proposed for the site after the filling is completed, although such indication shall not be binding upon the city. A proposed land use which will be an impediment to the city's execution of its general plan will not be approved.

b. Indicate the land use shown for the site area in the future in the general plan for the city.

(3) *Site plan.* The following particulars shall be included in maps of the site plan, as set forth in this subsection, and shall accompany the application:

a. A map of the disposal site and immediate surroundings, on which a north arrow and scale of drawing are indicated. Generally, a scale of less than one inch to 100 feet will not be approved.

b. The boundaries of the disposal site shall be shown thereon with sufficient data, including legal description, that a land surveyor can easily locate the boundary. Natural and manmade monuments indicating the boundary shall be noted. Where the site is located in an undeveloped area, four-inch boundary markers at least six feet high and painted a bright color shall be used to identify the boundary so that field inspection teams can easily identify the site.

c. Two-foot contours of the existing terrain shall be shown thereon.

d. All existing utilities, including storm and sanitary sewers, which lead up to or cross the site shall be shown thereon.

e. Existing and future drainage shall be shown thereon along with any proposed storm sewers.

f. The location of the drill holes required by subsection (a)(6)a, of this section shall be shown thereon.

g. Two-foot contours of the final proposed terrain shall be shown on a separate drawing.

(4) *Vicinity map.* A map showing the area in the vicinity of the site, which shall be known as the vicinity map, shall be submitted, of a scale of one inch to 600 feet or less. The area covered by the vicinity map shall be sufficient to contain the following:

a. Location of test holes for the monitoring of water quality and the findings from each.

b. Streets and street names, as well as all existing public rights-of-way on and adjacent to the site.

c. The nearest fire hydrants. Generally, if there is not a fire hydrant adjacent to the entrance drive and within 300 feet of the active portion of the landfill site, a fire hydrant shall be so installed and connected with an appropriate extension of the water main. If covering and compacting is performed daily or if other equivalent means of providing fire protection are available, this requirement may be waived by the city council (see subsection (a)(7)d of this section).

d. The haul road routes from the nearest city truck route.

e. Proposed screening of the site from highways, streets, parks and residences and other amenities, as well as the schedule of installation of such; such screening shall meet the requirements of chapter 134 of this Code and shall have been demonstrated to and approved by the board of adjustment.

f. All private wells within 1,000 feet of the site shall be located and identified thereon.

g. All occupied homes and buildings on the site or within 1,000 feet of the boundaries thereof shall be shown, with their addresses and uses indicated, by color coding or otherwise.

(5) *Traffic.* The haul routes shown in the plan shall be reviewed by the department of engineering and the chief civil engineer, who shall make recommendations thereon to the city council. Such haul routes shall be chosen to avoid undue hardships to residents living adjacent to them and to minimize the likelihood of premature deterioration of city streets so chosen.

(6) *Soils and geology.*

a. The plans shall contain a description of the drill holes shown on the site plan, which shall be sufficient in number to prepare geological cross sections of the site, to facilitate a determination of the acceptability of the site location.

b. The water table depth and bedrock depth shall be indicated. If the bedrock is excessively deep, it may be estimated.

c. A soil report shall be provided which indicates the acceptability of the soil on the site for cover material and the stability of the slopes after the fill is complete. The vulnerability of the soil classification to erosion shall also be indicated.

(7) *Operating site.*

a. The estimated active life of the site and the total cubic dimensions of the area to be filled shall be indicated.

b. The volume of construction and demolition material expected annually and on the peak days shall be indicated.

c. The number, size and shape of cells of demolition material shall be indicated.

d. The approximate depth and type of cover material shall be indicated. The volume of cover material needed for the entire site shall be indicated as well as the source and soil classification of the cover material and frequency of covering. Once-a-week compacting of demolition material and covering with dirt will be acceptable, provided a bulldozer with a blade, operator on call, and a stockpile of cover material are available at all times on the site if a fire occurs. More frequent covering and compacting may be required by the city if it is deemed necessary to

abate a nuisance and shall be mandatory if the requirements of subsection (a)(4)c of this section for fire hydrants are not met.

e. The times at which the gates will be open as well as provisions for maintaining the fence at locations required in this section shall be indicated.

f. The intended continuing vector control, principally rat abatement and mosquito abatement, shall be indicated.

g. The personnel and equipment planned to operate the site, and the hours and days of the week when they will be on the site, shall be indicated.

(8) *Summary of environmental controls.* Expected environmental impact problems, with specific treatment or controls intended to eliminate or mitigate negative effects of each, shall be listed.

(9) *Insurance.*

a. The applicant shall file a certificate of insurance evidencing the issuance to the applicant of liability insurance which shall protect the public and any and all persons from injury which may be sustained because of the operation or condition of the landfill and that the applicant carries insurance which meets the requirements of the state worker's compensation law. Proof of such insurance shall show a minimum cancellation time of ten days and shall embody a requirement that the city shall have a right to such notice before such cancellation can become effective. The proof shall specify evidence of the following forms of insurance protection:

1. Liability insurance covering all operations performed by the licensed applicant and all persons in the licensed applicant's direct employment.

2. Public liability insurance covering all operations performed by any subcontractor or independent contractor to whom a portion of the operations may have been assigned or which in the future be assigned or by any person or legal entity acting for or on behalf of the licensed applicant at or on the site.

3. Motor vehicle bodily injury insurance and property damage liability insurance on motor vehicles employed on the site, whether or not owned by the licensed applicant or by either the subcontractors or independent contractors under contract to the licensee or by any other person or legal entity acting for or on behalf of the licensed applicant at or on the site.

b. The main protection shall be as follows:

1. Public liability insurance, $250,000.00 per person, $500,000.00 per accident.

2. Motor vehicle bodily injury, $250,000.00 per person, $500,000.00 per accident.

c. The city shall be named as an additional insured under all liability policies without expense to it.

(b) *License fee.* An annual license fee of $800.00 payable to the city treasurer shall accompany the initial application for the license and each application for renewal of the license.

(c) *Renewal requirements.* An application for renewal need comply with the documentation requirements of subsection (a) of this section only if there has been a substantial change in the conditions or circumstances on or off the site which significantly affects the proposed operation or its effects during the proposed renewal period, except that a showing must be made in such application that required insurance is in

force and has continued in force during the current license year. The application for such renewal must specifically negate or affirm the existence of any such circumstances or conditions and shall be documented accordingly. The application for renewal must also be accompanied by a showing of a current permit, issued by the appropriate state agency, for the operation of the construction or demolition materials landfill site. The zoning enforcement officer, upon receipt of such application for renewal, shall process the application as though it were an initial application for the license and shall report his or her findings and recommendations thereon, which shall be reviewed by the city council before issuance of the renewal.

(d) *Site accessibility.* The location of the fence and gates, which shall be provided to exclude people from the active fill site, shall be shown. They shall be located to prevent illegal dumping, children from playing on the site, and debris from being blown off the site. The fence shall be at least six feet high and composed of a metal fabric, and it shall comply with all street intersection setback requirements. The fence shall be constructed before landfill operations begin. For purposes of this subsection, the term "active fill site" shall mean that portion of the land covered by the license which is in fact regularly receiving waste, whether or not at the instance of the applicant. The applicant shall maintain any unfenced area free of solid waste, and in the event of accumulation of waste upon or abutting the site, the director of building may require the applicant to install such further fencing as can ensure that the then-active remainder of the site shall remain free of unauthorized or improper accumulation of solid waste.

(e) *Signs.* A prominent legible sign shall be provided at all site entrances indicating the name of the site owner and operator and emergency telephone numbers.

(f) *Public agencies.* Neither the city nor any other public agency shall be required to obtain the license required by this section, but each such public body shall file with the council before beginning operation and annually thereafter evidence of substantial compliance with all subsections of this section except the requirements of subsections (a)(2), (a)(9), and (b) of this section. It is, however, specifically provided that such exemption from licensing shall not operate to exempt the city or other public agencies from any other specific requirements of law relating to or regulating such operation to which such operation would be otherwise subject.

(g) *Plan content mandatory.* The operational details and physical site proposals contained in the plans filed with an application which has been approved by the city council shall be obligatory and binding upon the licensee, who shall conform to each such detail and proposal unless specifically relieved of such conformance by the city council.

(h) *Revocation or denial of license renewal.* If there is a substantial failure on the part of the licensee to conform to the requirements of state or federal statutes or regulations or the requirements set out in this section, as well as those made obligatory and binding upon the licensee because of their inclusion in the application and approval by the city council or other city ordinances, the city manager shall report the noncompliance to the city council, which shall set a public hearing thereon and direct that the notice of the time, date and place of the public hearing and of the city manager's report be given to the licensee. Such hearing shall occur not less than ten days after such notice has been mailed to the licensee at the address shown in the application or such other address as has been provided by the licensee during the period of the license. If, upon such hearing, the city council shall find substantial noncompliance by the licensee with any of such requirements, the city council may revoke the license or, if such determination is made while an application for renewal is pending, may deny renewal of the license. Notice of such revocation or denial following such hearing may be either by formal notice to the licensee at the appropriate address or by so advising representatives of the licensee personally present at such hearing or by any other means reasonably calculated to apprise the licensee of such revocation or such denial. No person whose license shall have been revoked or the renewal thereof denied pursuant to this

section and no successors or assigns or other legal entities in which such person shall have a substantial interest may obtain a license pursuant to this section within the city for a period of two years from the date of cessation of activities at such landfill site pursuant to such revocation or denial. The operation of a disposal site without having a presently valid license to do so shall be prohibited.
(C75, § 16-115.02; O.8986, 9153; C79, C91, § 16-115.02; O.11,776, 13,013, 13,350, 15,819)

Sec. 98-76. Transfer station license.

(a) *Required.* No person shall operate or permit the operation on his or her property of a transfer station in the city unless such person shall have first applied for and received a license to do so from the city. A license to operate a transfer station shall be issued by the city council upon application filed with the zoning enforcement officer. The application must be accompanied by any state permit required by state law or regulation and issued by the appropriate state agency to conduct a transfer station operation on the site in question; must demonstrate full present and contemplated compliance with the zoning regulations in chapter 134, and the specific subsections of this section and the operational details and physical site proposals contained in plans accompanying the application, as well as the ability to do so; and shall be subject to annual renewal by the city council as set forth in this section. In reviewing such application, the city council must weigh the need for the transfer station against the potential for site pollution, danger to persons or property likely to have direct or indirect contact with the site, the feasibility of the operation, the likelihood of freedom from negative environmental effect of such operation, and such other factors as shall reflect the public interest in balance against the interests of the applicant to operate such a facility on the site in question.

(b) *Information required and site plans.* The application for a license to operate a transfer station shall be accompanied by plans prepared under the direct supervision of a registered engineer in conformity with I.C. ch. 542B. The site as shown on the plans shall physically conform to the following requirements, and the application shall contain either sufficient written information to show such conformity or it shall be shown by depiction of physical detail on the plan, as applicable:

(1) *Site.* The site shall be located outside floodplain or riverfront land unless such requirement is waived by the appropriate governmental agency. The boundaries of the site shall be shown on the plan with sufficient data, including legal description, that a land surveyor can easily locate the boundaries. Two-foot contours of the existing terrain shall likewise be shown on the plan. Proposed screening of the site from highways, streets, parks, residences and other amenities, as well as the schedule of installation of such, shall be shown; such screening shall meet the requirements of chapter 134 of this Code and shall have been demonstrated to and approved by the board of adjustment. The site shall be enclosed with a chainlink fence not less than six feet in height, which fence shall completely surround all portions of the site intended to be used in connection with the operation of the transfer station. The location of such fence and of the access gates through such fence shall be shown on the plan.

(2) *Permits.* The application will be accompanied by a copy of the conditional use approval for such operation by the board of adjustment and by a copy of the permit issued by the applicable state agency, each approving the operation of a transfer station on the site.

(3) *Vehicular travel.* The plan shall show the areas on the site over which haul vehicles and transfer equipment will travel. Such areas shall be hard surfaced, and the thickness and composition of such surfaces shall be shown on the plans. Barricades of a semipermanent nature, affixed to the ground, shall be placed to prevent vehicular travel on unsurfaced areas on the site; the location of such barricades shall be shown on the plan. The haul

road routes from the nearest city truck route shall be shown and identified on the plan. Such routes shall be reviewed by the department of engineering and the chief civil engineer, who shall make recommendations thereon to the city council. Such haul roads shall be chosen to avoid undue hardship to residents living adjacent to them and to minimize the likelihood of premature deterioration of city streets so chosen.

(4) *Unloading area.* All unloading, compacting and transfer activities shall be conducted within a fully enclosed structure. Each such structure shall be clearly depicted on the plan, with dimensions, in such fashion as to clearly show the type and location of equipment, the proposed routing of unloading and transfer vehicles, all vehicle entrance and exit facilities to and from such structure, and the waiting area for unloading vehicles, which shall be sufficient to accommodate expected traffic. Such structures and waiting area shall be of sufficient size and appropriate design as will ensure that the volume of vehicles expected on site at any one time can be accommodated without spillover on surrounding streets.

(5) *Drainage and sewers.* Floor surfaces in each unloading, compacting and transfer structure shall be so constructed that they can be cleaned by flushing and that they will permit the draining of liquids without ponding; all such floor surfaces shall be equipped with floor drains or a sump pump and with a trap or other mechanical device which shall prevent the passage of solids, which system shall be connected to a sanitary sewer. A storm drainage system for the site shall provide adequate storm drainage with minimum ponding and shall connect to a storm sewer. All interior drainage lines from the unloading, compacting and transfer areas as well as other drainage lines within the site shall be adequate to handle volumes of water and liquids which may be expected. All drainage and sewer systems, floor drains, floor surface construction and locations of connections to sewers shall be clearly identified in the plan, showing dimensions and composition where appropriate.

(6) *Sanitation and environmental control.* All solid waste shall be confined to unloading, compacting and transfer structures, and all solid waste remaining at the transfer station at the end of each day shall be stored in leakproof, flyproof, and rodentproof containers. Vector control, principally rat abatement and mosquito abatement, shall be the responsibility of the operator. The transfer station site shall be kept in a suitably clean and sanitary condition at all times. The application shall list the provisions at the site and the schedule for cleaning vehicles, structures and grounds, as well as the intended continuing vector control.

(7) *Fire prevention.* Burning of solid waste, either open or controlled, is prohibited at the transfer station site. If a fire hydrant is not located adjacent to the property and within 300 feet of the unloading, compacting and transfer structure, a fire hydrant shall be so installed and connected to an appropriate extension of the water main. The location of the nearest hydrants to the transfer station shall be shown on the plan, as shall such installations and extensions, where applicable.

(8) *Equipment.* The transfer station shall be so designed and maintained that the operational failure of one component part will not result in a total shutdown of the operation. An inventory of the equipment to be used in connection with the unloading, compacting and transfer operation shall be contained in the application, as well as a list of backup equipment available or, failing direct availability, the sources from which such equipment shall be obtained in time of need.

(9) *Prohibited materials.* Sewage solids or liquids and hazardous wastes shall not be unloaded or accepted at the transfer

station. Solid waste material of such bulk as cannot be accommodated by direct transfer shall likewise be excluded from the transfer station.

(10) *Recycling.* If the operation of the transfer station includes isolation, segregation and gathering of materials of a like or similar kind for salvage and reutilization by recycling, the equipment, methods and proposed operation in connection therewith shall be fully depicted and described in the application. Solid waste which is received at the transfer station site and which is not thereat separated for recycling may only be disposed of by hauling to a sanitary disposal project which has been approved by the appropriate governmental agency and which is legally operating. Scavenging at the transfer station site shall be prohibited, and all materials so separated and gathered for salvage and reutilization by recycling shall be retained in suitable containers as described in this division until removed by appropriate vehicles to off-site destinations.

(11) *Personnel and hours.* The personnel planned to operate the site, the times during which the gates will be open, and the hours and days of the week during which the site will be open to receive solid waste shall be indicated in the application. Appropriate signs meeting the requirements of chapter 134 of this Code for the zoning district in which located shall be located at all entrance gates, shall be lighted if appropriate, shall identify such hours, shall list prohibited materials, and shall contain such further information as will ensure conformance of visitors to the site to the requirements of this section. An attendant shall be on duty at the site at all times when it is open for public use.

(12) *Insurance.*

a. The applicant shall file a certificate of insurance evidencing the issuance to the applicant of liability insurance which shall protect the public and any and all persons from injury which may be sustained because of the operation or condition of the transfer station and that the applicant carries insurance which meets the requirements of the state worker's compensation law. Proof of such insurance shall show a minimum cancellation time of ten days and shall embody a requirement that the city shall have a right to such notice before such cancellation can become effective. The proof shall specify evidence of the following forms of insurance protection:

1. Liability insurance covering all operations performed by the licensed applicant and all persons in the licensed applicant's direct employment.
2. Public liability insurance covering all operations performed by any subcontractor or independent contractor to whom a portion of the operations may have been assigned or which in the future may be assigned, or by any person or legal entity acting for or on behalf of the licensed applicant at or on the site.
3. Motor vehicle bodily injury insurance and property damage liability insurance on motor vehicles employed on the site, whether or not owned by the licensed applicant or by either the subcontractors or independent contractors under contract to the licensee or by any other person or legal entity acting for or on behalf of the licensed applicant at or on the site.

b. The main protection shall be as follows:

1. Public liability insurance, $250,000.00 per person, $500,000.00 per accident.

2. Motor vehicle bodily injury, $250,000.00 per person, $500,000.00 per accident.

c. The city shall be named as an additional insured under all liability policies without expense to it.

(13) *License and renewal.* An annual license fee of $800.00 payable to the city treasurer shall accompany the initial application for the license and each application for renewal of the license. The provisions for renewal of the license for construction or demolition materials disposal sites shall likewise apply to the annual renewal of a transfer station license.

(14) *Public agencies.* Neither the city nor any other public agency shall be required to obtain the license required by this section, but each such public body shall file with the council before beginning operation and annually thereafter evidence of substantial compliance with all subsections of this section except the requirements of subsections (a) and (b)(12), (13) and (15) of this section. It is, however, specifically provided that such exemption from licensing shall not operate to exempt the city or other public agencies from any other specific requirements of law relating to or regulating such operation to which such operation would be otherwise subject.

(15) *Revocation or denial.* The provisions for revocation or denial of renewal of a license for construction or demolition materials disposal sites shall apply to the license and licensee of a transfer station.

(c) *Delivery of waste.* Every person operating a transfer station licensed under this section shall deliver or cause to be delivered all solid waste coming within the control of the transfer station to a sanitary disposal site operating under permit from the state department of natural resources pursuant to I.C. ch. 455B.
(C75, § 16-115.03; O.8986, 9137, 9153; C79, C85, § 16-115.03; O.11,363; C91, § 16-115.03; O.11,776, 13,013, 13,350, 14,471, 15,819)

Sec. 98-77. Conditions subject to abatement.

(a) If any private solid waste disposal operation within the corporate limits is found to be conducted in a way detrimental to the health and welfare of the public or contrary to this division, the city shall notify the owner of the land upon which such operation is being carried on and the operator thereof in writing of the objectionable conditions and give them a reasonable time, not less than ten days, to correct the condition.

(b) If the owner or operator or both fail to correct such conditions within such time, the city manager is authorized to seek abatement of such conditions as a public nuisance and to abate such nuisance in such manner as any court of competent jurisdiction may direct. The abatement shall be considered of benefit to the owner of the land, and the cost of such corrective action shall be chargeable to the owner. If not paid, the cost shall constitute a lien upon the premises and shall be assessed in the manner of a special assessment and collected in the same manner as general taxes as is provided by law.
(C62, § 52A-19; O.8074; C75, C79, C91, § 16-116)

Sec. 98-78. Authority disposal fees.

Gate fees paid to the authority for the use of the public solid waste disposal facilities shall be in accordance with the posted and published schedule of fees of the authority.
(C62, § 52A-24; O.8074; C75, C79, C91, § 16-118; O.13,350)

Sec. 98-79. Penalty.

Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C62, § 52A-32; O.8074; C75, § 16-119; O.9137; C79, C85, § 16-119; O.11,030; C91, § 16-119; O.14,792, 14,798, 15,608)

Sec. 98-79.02. Administrative penalties—Notice of violations.

(a) The director of public works or his or her designated representative or any police officer is authorized to impose an administrative penalty upon any owner of any real estate who violates section 98-70 or 98-117(b). The administrative penalty for such violation shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(b) Penalties shall be paid in full within 30 days of the issuance of the notice.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to the violator by the director of public works or his or designated representative or any police officer. Service of the notice may be by regular mail or delivery in person. Such notice shall include:

(1) A statement that the violator has a right to an administrative hearing regarding the violation;

(2) A statement that the violator may file a written request for hearing as set forth in section 98-79.05. The request of hearing shall stay payment of the administrative penalty until the hearing is decided. If issuance of the notice of violation is upheld, the violator shall have 30 days from issuance of the hearing decision to pay the administrative penalty.

(O.14,792, 14,798)

Sec. 98-79.05. Administrative hearing.

A person to whom a notice of administrative penalty has been issued may request an administrative hearing for review of the finding that a violation occurred pursuant to the administrative appeal process set forth in chapter 3 of this Code by filing a written notice of appeal with the city clerk within ten business days after the date of the decision appealed from. Failure to timely file a written notice of appeal shall constitute a waiver of any right to appeal the decision.

(O.14,792, 15,664)

Sec. 98-79.07. Right of city to seek alternative relief.

The city is not precluded from seeking alternative relief from the court, including an order for abatement or injunctive relief, in the event that the city issues a notice of violation and/or files a municipal infraction for the same violation of this division.

(O.14,792)

Sec. 98-80. Exceptions.

Excepted from this division shall be those substances which might be considered solid wastes within the definitions of sections 98-26 but that retain their utility because of resource recovery operations conducted by or sponsored by the city; substances which lend themselves to waste stream reduction objectives under city programs; and substances, the ultimate disposition of which are governed by an approved facilities plan of the Environmental Protection Agency or an approved comprehensive plan of the state department of natural resources. Except as provided by subsection 98-76(d) of this division, the functions of the city and of others implementing such operations and programs under contract with or in concert with the city shall likewise be exempt from this division.

(C85, § 16-119.01; O.11,455; C91, § 16-119.01)

Secs. 98-81—98-111. Reserved.

DIVISION 3. RECYCLABLE MATERIALS AND YARD DEBRIS

Sec. 98-112. Title.

This division may be cited as the "recyclable materials and yard debris ordinance."

(C91, § 16-119.02; O.11,900, 13,405)

Sec. 98-113. Separation of yard debris required; establishment of recycling program for multifamily residential premises required.

(a) All persons owning or residing in a residential premises shall separate from solid waste generated at that premises all yard debris,

as defined in this division, and shall dispose of the yard debris only as provided in this division.

(b) Every person owning or operating a multifamily residential premises shall establish a program for the collection and disposal of recyclable materials generated by the residents of all living units as provided in this division.
(C91, § 16-119.04; O.11,900, 13,405)

Sec. 98-114. Curbside recycling at residential premises and other approved premises.

(a) The city has established a voluntary single stream curbside recycling program, pursuant to which recyclable materials are collected at curbside in blue wheeled carts provided by the city for that purpose. Persons owning or residing in residential premises who elect to participate in the curbside recycling program shall place recyclable materials unsorted in the blue recyclable materials wheeled cart for bi-weekly collection.

(b) Consistent with the Metro Waste Authority's business recycling program, the city will allow owners of premises other than residential premises as defined in section 98-26 to elect to participate in the city's curbside recycling program if the solid waste collection provider for such premises does not offer recycling service and the premises is located on an established residential route. The property owner must verify that their current solid waste collection provider does not provide recycling services in order to participate. The city will charge a one-time $90.00 fee for the purchase of each recyclable materials cart. There will be a $40.00 annual fee (per cart) for the collection service. Such customers may purchase up to five recyclable materials carts.
(C91, § 16-119.05; O.11,900, 13,254, 13,405, 14,228, 14,919)

Sec. 98-115. Disposal of yard debris.

(a) The provisions of subsection 98-54(5) of this article to the contrary notwithstanding, yard debris will be collected from residential premises only in bags, containers, boxes, or bundles designated for that purpose as provided in this section. All persons owning or residing in residential premises shall dispose or provide for the disposal of yard debris by placing the yard debris for curbside collection by the city in separate bags, solid waste containers, or boxes designated as provided in subsection (b) of this section for the collection of yard debris, or in bundles, or, for single-family residences, by composting the yard debris upon such premises as provided in this section.

(b) Yard debris may be placed for collection at curbside on any regular collection day along with other solid waste in:

(1) A degradable bag bearing the Compost It! logo of the Metro Waste Authority and sold for that purpose by the Metro Waste Authority;

(2) A 64- or 96-gallon solid waste container with a green lid issued by the public works department designating such container for use for collection of yard debris;

(3) A cardboard box not larger than 24 × 24 × 36 inches or degradable store brand yard waste paper bag bearing a sticker issued by the Metro Waste Authority designating such box or bag for use for collection of yard debris; or

(4) A bundle of tree limbs or brush no larger than 48 inches long and 18 inches in diameter secured by twine or cord and Christmas trees each bearing a Metro Waste Authority yard debris sticker.

Such bags, containers, boxes, or bundles, when placed for collection, shall not contain more than 40 pounds of yard debris.

(c) There shall be no limit on the number of bags, containers, boxes, or bundles of yard debris that may be placed for collection on a single collection day, unless a limit is temporarily imposed by the city manager in an emergency situation.

(d) As an alternative to the placement of yard debris in bags, containers, boxes, or bundles for curbside collection, persons owning or residing

in single-family residences may dispose of yard debris by composting, if such composting meets the following requirements:

(1) Composting may be conducted on the premises of a single-family residence only if the lot upon which the residence is located has an area of not less than 5,000 square feet.

(2) A compost pile shall not be located less than 50 feet from any neighboring dwelling.

(3) Each compost pile shall be fenced to screen it from view from neighboring residences and to prevent wind from scattering debris.

(4) Compost piles shall be established and maintained in accordance with recognized guidelines or those provided to the city's solid waste collection customers or otherwise published by the public works department; provided, however, that household food waste, scrap food or garbage shall not be composted with or added to a yard debris compost pile.

(5) Compost piles which are not properly fenced resulting in the dispersal of debris or which create odors resulting in complainants by neighboring residents or which, in the judgment of the public works department sanitation superintendent or the office of environmental health, create a risk of fire or other threat to public health, safety, or welfare shall, when so ordered by the sanitation superintendent or the office of environmental health, be removed from the premises and disposed of by curbside collection as provided in this section.

(6) Yard debris that did not originate upon or which was not collected from the residential lot upon which a compost pile is established shall not be added to such compost pile; provided, however, that a communal compost pile may be established and shared by two or more single-family residences upon approval by the sanitation superintendent.

(e) The city may refuse to collect any bag or container of yard debris if it contains material other than yard debris or if it contains more than 65 pounds of yard debris.
(C91, § 16-119.06; O.11,900, 13,254, 14,228, 14,733, 15,664)

Sec. 98-116. Recycling at multifamily residential premises.

(a) *Responsibility of owner or operator.* It shall be the responsibility of the owner or operator of a multifamily residential premises to establish an appropriate system for the separation and separate storage, collection, and disposal of recyclable materials consistent with recycling market requirements and with the requirements of this section. Compliance with the requirements of this section shall be a condition precedent to the issuance of rental inspection certificates for all multifamily residential premises in the city.

(b) *Bulk containers for storage and collection of materials.* The owner or operator of a multifamily residential premises shall provide or shall arrange for the provision of a sufficient number of bulk containers to store all recyclable materials which are generated by residents and which accumulate in the interval between collection of such materials.

(c) *Location of bulk containers.* Bulk containers for the storage of recyclable materials may be located on the premises of a multifamily residential premises or on property immediately adjacent thereto, provided that the permission of the owner of such adjacent property is obtained in writing and provided that the proposed location of the bulk containers meets all applicable zoning and planning and design requirements. Bulk containers for the storage of recyclable materials may be located in designated parking stalls for the multifamily residential premises or in the setback or side yard thereof, provided that the owner or operator thereof obtains the permission of the director of the community development department or a design alternative, as

applicable, therefor if such is required by chapter 135 of this Code. The location of bulk containers for the storage of recyclable materials shall not interfere with private or public sidewalks, walkways, or driveways; with roads, streets, or highways; or with entrances and exits of private or public buildings. The owner or operator of a multifamily residential premises shall ensure that each dwelling unit has reasonable access to all necessary bulk containers.

(d) *Construction and maintenance specifications for bulk containers.* Bulk containers for the storage of recyclable materials shall be durable, watertight and made of metal or plastic; shall be marked with the recycling symbol or other acceptable markings clearly indicating its intended use for storage of recyclable materials; and shall be acceptable to the director of the community development department. Bulk containers for the storage of recyclable materials shall have lids, if necessary, to avert a public nuisance and protect the marketing quality of recyclable materials. Such lids must remain closed except when recyclable materials are being placed in or removed from the bulk container. Bulk containers for the storage of recyclable materials shall be clearly marked with both the recycling symbol and with the type of material to be deposited in the container. Bulk containers shall remain on the premises at all times. The number of such containers shall be sufficient to handle the volume of recyclables which accumulate between collection intervals. The owner or operator of the multifamily residential premises shall maintain bulk containers in good repair and in a clean and sanitary condition, free of offensive odors and the presence of flies and vermin, and shall maintain the location of such bulk containers free of all litter and spillage of recyclable materials. If one or more of such bulk containers becomes filled with recyclable materials prior to the scheduled collection day, the owner or operator of the multifamily residential premises shall immediately collect and dispose of such materials or shall arrange for the immediate collection and disposal of such materials by its contract waste hauler, all as required in this section.

(e) *Collection of recyclable materials.* The owner or operator of a multifamily residential premises shall either collect and dispose of recyclable materials as provided in this section or shall contract with a waste hauler, licensed pursuant to sections 98-62 through 98-67 of division 2 of this article, for the collection and disposal of recyclable materials from the bulk storage containers located on the premises. If the owner or operator of the multifamily residential premises determines that he or she will not collect and dispose of recyclable materials generated at the premises, such owner or operator shall contract with a private waste hauler, licensed as provided in sections 98-62 through 98-67 of division 2 of this article, for the provision of such service. In that event, the owner or operator shall provide a copy of the contract with the private waste hauler to the city and shall promptly advise the city of any cessation of such service by the private waste hauler. When a private waste hauler provides solid waste collection services to a multifamily residential premises, the bulk containers for the storage of recyclable materials shall be located on such premises at a location agreed upon by the owner or operator of the premises and the private waste hauler.

(f) *Disposal of recyclable materials.* The owner or operator of multifamily residential premises or his or her authorized waste haulers shall provide for the disposal of recyclable materials at a qualified recycling facility approved for that purpose by the director of community development.

(g) *Enforcement.* This section shall be enforced by the community development department as part of its rental inspection program, and housing inspectors are authorized to inspect all multifamily residential premises for compliance with this section. Upon application of the owner or operator of a multifamily residential premises not exceeding ten units in size, showing inability to comply with the bulk container location requirements of this section due to lack of space for bulk containers and inability to obtain an off-site location therefor, the director of the community development department is authorized to waive the requirements of this section. Failure to comply with this section shall be grounds for denial or revocation of a rental inspection certificate, pursuant to the procedures set forth in article IV of chapter 26 of this Code.
(C91, § 16-119.06A; O.13,405, 15,819)

Sec. 98-117. Prohibited acts.

(a) Persons owning or residing in a residential premises shall not place yard debris for collection as disposable waste mixed with other solid wastes or in bags, containers, boxes, or bundles not designated for the collection of such materials. Violation of this subsection is a municipal infraction punishable as provided in section 98-79 of this article.

(b) Persons owning or residing in a residential premises shall not place other solid wastes in bags, containers, boxes, or bundles designated for yard debris, nor shall they place other solid wastes for collection with recyclable materials. Violation of this subsection is a municipal infraction punishable as provided in section 98-79 of this article.

(c) Persons owning or residing at a residential premises shall not compost yard debris except in compliance with section 98-115 of this division. Failure to comply with a notice or order from the city with respect to establishment, maintenance, or removal of a compost pile shall constitute a municipal infraction punishable as provided in section 98-79 of this article.

(d) The city may reject any bags or containers placed for collection in violation of subsection (a) or (b) of this section. Upon rejection of a bag or container, the bag or container will be placed upon the violator's property, and the violator will be required to correct the violation before placing the bag or container for collection again. If bags or containers are persistently placed for collection in violation of subsection (a) or (b) of this section, a violation notice may be left at the violator's residence or upon an empty solid waste container or may be mailed to the violator's residence.

(e) Persons residing in a multifamily residential premises and owners of other premises which are participating in the city's curbside recycling program shall not place other solid wastes for collection with recyclable materials. Violation of this subsection is a municipal infraction punishable as provided in section 98-79 of this article.

(f) The owner or operator of a multifamily residential premises shall establish a program meeting the requirements of this section for the storage and collection of recyclable materials generated by the residents of such premises. Failure to comply with this subsection shall constitute a municipal infraction punishable as provided in section 98-79 of this article and shall be grounds for denial or revocation of the rental inspection certificate for the premises.
(C91, § 16-119.07; O.11,900, 13,254, 13,405, 14,919)

Sec. 98-118. Sale and issuance of bags, stickers and city-owned containers designated for yard debris.

The Metro Waste Authority shall be responsible for the sale and issuance of bags and stickers designated for yard debris for cardboard boxes and tree limb or brush bundles. The public works department shall be responsible for the sale and issuance of the 64- and 96-gallon green lid city-owned solid waste containers for yard debris. The charge for yard debris containers for each 64-gallon green lid container is at $8.34 per month and $10.42 per month for each 96-gallon open lid container plus a one-time fee of $25.00 for container processing, billed and collected pursuant to sections 98-55, 98-56, and 98-57 of this chapter.
(C91, § 16-119.08; O.11,900, 13,254, 13,350, 13,702, 14,228, 14,733, 15,664)

ARTICLE I. IN GENERAL & BORDER AREAS

DIVISION 1. GENERALLY

Sec. 102-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Border area means all property between the lot lines or property lines and the curblines upon the public streets or travelled street surfaces, if no curbing is constructed.

Carriage walk means a paved portion of the city right-of-way within the border area, constructed by the adjacent property owner for the purpose of connecting the curbline of a public street or travelled street surface, if no curbing is constructed, to the private property line at the edge of the street right-of-way.

Property owner and *owner of property* are synonymous and are defined in section 102-123 of this chapter.
(C85, § 23-2.01; O.11,361; C91, § 23-2.02; O.13,000, 16,478)

Cross reference—Definitions generally, § 1-2.

Sec. 102-2. Reserved.

Editor's note—Ord. No. 16,478, § 1, adopted June 30, 2025, repealed § 102-2, which pertained to maintenance of border area and derived from Code 1985, § 23-2.03; Ord. No. 11,361; Code 1991, § 23-2.03; Ord. No. 13,314; Ord. No. 14,164; Ord. No. 15,588; Ord. No. 15,775. The user's attention is directed to § 102-21 et seq.

Sec. 102-3. Penalties.

(a) Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter or who violates or resists the enforcement of the provisions of this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

(b) In addition to the fines or penalties provided for in section 102-3(a), violations of section 102-21 constitute public nuisances subject to abatement and enforcement pursuant to the procedures set forth in article VI of chapter 42 of this Code.

(c) Seeking a civil penalty as authorized in this section does not preclude the city from seeking alternative relief, including but not limited to any order for abatement or injunctive relief from the court in the same action or as a separate action.
(C85, § 23-2.04; O.11,361, 11,583; C91, § 23-2.04; O.13,648, 15,588, 15,608, 16,478)

Sec. 102-3.5. Administrative penalties—Notice of violations.

(a) The director of public works or his or her designated representative or any police officer is authorized to impose an administrative penalty upon any owner or tenant or lessee of any real estate who fails to maintain the border area. The administrative penalty for such violation shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(b) Penalties shall be paid in full within 30 days of the issuance of the notice.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to the violator by the director of public works or his or her designated representative or any police officer. Service of the notice may be by regular mail or delivery in person. Such notice shall include:

(1) a statement that the violator has a right to an administrative hearing regarding the violation;

(2) a statement that the violator may file a written request for hearing as set forth in section 102-126.07. The request of hearing shall stay payment of the administrative penalty until the hearing is decided. If issuance of the notice of violation is upheld, the violator shall

have 30 days from issuance of the hearing decision to pay the administrative penalty.
(O.15,775)

Sec. 102-4. Use of coasters, skateboards and similar devices.

(a) No person upon a skateboard, coaster, or similar device shall operate or use such on any street, highway, alley, or parking garage.

(b) No person upon a skateboard, coaster, or similar device shall operate or use such on any work of art, sculpture or monument or on any planter, freestanding flower or tree box, flower bed or garden, fountain or park equipment, nor shall such devices be used on any public stairway or access ramps, including those built for use by persons with disabilities, nor on any area designed and used for public seating in an amphitheater or similar area.
(C42, § 111-3; C54, C62, § 54-3; C75, C79, C85, § 23-3; O.11,188; C91, § 23-3; O.15,000)

Sec. 102-5. Abandoned property declared nuisance.

No person shall abandon, leave or place in any street, alley or public place property of any kind. Any property so abandoned, left or placed in any such street, alley or public place and any property abandoned, left or placed by any person on any private property is declared to be a public nuisance and an obstruction and a menace to the public welfare, comfort, safety and health.
(C42, § 89-7; C54, C62, § 54-4; O.7199; C75, C79, C91, § 23-4)

Sec. 102-6. Removal of abandoned property.

The city manager or his or her authorized representative shall look after the removal of the obstruction and abatement of the nuisance described in section 102-5 of this article as soon as possible after receiving a report.
(C42, § 89-8; C54, C62, § 54-5; O.7199; C75, C79, C91, § 23-5)

Sec. 102-7. Custody of abandoned property; expenses.

The city manager or his or her authorized representative shall take possession of any article of property abandoned, left or placed on public or private property, under sections 102-5 and 102-6 of this article and if the property is believed to have any value to keep it and attempt to find the owner thereof. The city manager or his or her authorized representative shall maintain a place to keep any such article until it is claimed or otherwise disposed of. The city shall have a lien thereon for the reasonable expenses incurred and value or cost of the time and effort necessary in taking, removing and storing the article and for the value of the storage and may retain possession until any and all liens are discharged.
(C42, § 89-9; C54, C62, § 54-6; O.7199; C75, C79, C91, § 23-6)

Sec. 102-8. Disposition of abandoned property.

If any abandoned property as referred to in sections 102-5, 102-6 and 102-7 of this article has been or is kept for 30 days or more without being claimed, it may be disposed of by the city manager or his or her authorized representative. If the city manager elects to sell the property, it may be sold ten days after notice of the proposed sale has been given by one publication in any newspaper published in the city. The city may be a bidder at the sale. If at any such sale an amount is bid in excess of the charges or lien of the city, the excess shall be used at the discretion of the city manager.
(C42, § 89-10; C54, C62, § 54-7; O.7199; C75, C79, C91, § 23-7; O.16,381)

Sec. 102-9. Bonfires.

No person, either by himself or herself or through his or her employee, agent or servant, shall rake or place leaves, grass or any rubbish or material on any street, sidewalk, parking, alley or public grounds or set fire to or attempt to burn or to burn the material on any street, sidewalk, border area, alley or public ground.
(C42, § 89-13; C54, C62, § 54-8.01; C75, C79, C85, § 23-8; O.11,583; C91, § 23-8)

Editor's note—Ord. No. 14,329, § 1, adopted April 5, 2004, repealed §§ 102-10—102-13 which pertained to street parade permit required, application; issuance of permit, fee, form; funeral processions excepted from permit; and authority of chief of police for parades and processions, respectively, and derived from Code 1942, §§ 93-1—93-3; Code 1954 and Code 1962, §§ 30-2, 54-9—54-11, 54-14; Ord. No. 8084; Code 1975 and Code 1979, §§ 23-9—23-11, 23-14, 27-2, 30-2; Code 1991, §§ 23-9—23-11, 23-14, 27-2; Ord. No. 13,734; and Ord. No. 13,753.

Sec. 102-14. Reporting chapter violations.

Every police officer shall promptly report any violation of this chapter and shall promptly file information in the associate district court against any person willfully violating this chapter.

DIVISION 2. BORDER AREAS

Sec. 102-21. Maintenance of border area.

(a) The abutting property owner shall maintain the border area in a well-kept and safe condition free from defects, garbage, junk, rubbish, debris, solid waste, nuisances, obstructions (other than those obstructions permitted in this section) or any other hazards, except as permitted in section 98-54 or 98-58 of this Code; provided, however the property owner shall not be required to remove diseased trees or dead or fallen tree limbs.

(b) The abutting property owner may intentionally plant grass, flowers, shrubs, and plants, which shall exclude trees, in the border, subject to the following restrictions:

(1) No noxious weeds, as declared in Iowa Code 317.1A, or edible plants shall be allowed.

(2) No turfgrass shall exceed 12 inches in height.

(3) No flowers, shrubs, or plants shall exceed 36 inches in height. Flower stalks from the following plants are exempt from the 36 inch height requirement:

a. Lily
b. Daylily
c. Hosta
d. Iris
e. Coneflower
f. Bellflower
g. Yarrow
h. Astilbe
i. Poppy
j. Milkweed
k. Yucca
l. Columbine
m. Allium
n. Lupine
o. Veronica
p. Larkspur
q. Marigold
r. Zinnia
s. Snapdragon

(4) Said grass, flowers, shrubs, and plants shall not fully or partially obstruct any portion of any signs or traffic control devices.

(5) Said grass, flowers, shrubs, and plants shall not grow on or attach to any signs, signposts, or traffic control devices.

(c) The abutting property owner may place landscaping edging for the purpose of providing a border for intentionally planted grass, flowers, shrubs, and plants in the border area, subject to the following restrictions:

(1) No edging material may be used except landscaping blocks made of stone, brick or concrete or formed concrete.

(2) Where landscaping brick or blocks are used, edging material may only be single

level and may not be stacked to increase the height of the edging above a single level.

(3) Where formed concrete is used, the height may not exceed six inches, the depth may not exceed eight inches, and width may not exceed eight inches.

(d) Only turfgrass less than 12 inches in height, ground cover only as approved by the fire chief or fire marshal, or concrete pavement or pavers flush with the surrounding finished grade, shall be located within five feet of any fire hydrant.

(e) Only turfgrass less than 12 inches in height shall be located within five feet of any utility or light pole, sign post/pole, traffic control device, utility boxes or access points or any item placed within the border by the city, franchisee, or other licensed user of the right-of-way.

(f) All grass, flowers, shrubs, plants, groundcover, landscape edging, carriage walks, and retaining walls planted, placed or constructed by or for the property owner shall be at the property owner's sole risk and cost. The city shall not be required to incur any cost associated with such materials planted, placed or constructed by or for the property owner.

(g) In the event the city is required to restore any portion of the border area, such restoration shall be limited to turfgrass only.

(h) All grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls planted, placed or constructed in the border area shall be subject to all requirements of chapters 122, 134 and 135 of this Code.

(i) All grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls located within the vision clearance triangle shall be subject to the requirements of sections 114-14, 114-14.01, and 114-14.02 of this Code.

(j) The location of said grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls shall not interfere with access to, installation, construction, repair, reconstruction, relocation, or maintenance of any utilities located and/or operated within the border area. All grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls placed within the border area shall be subject to existing and future utilities within the border area. In the event said grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls are impacted, removed or damaged for the installation, construction, repair, reconstruction, relocation or maintenance of the border area, the property owner shall be solely responsible for the replanting or reconstruction of any items placed or planted in the border by the property owner. All damage to utilities resulting from the planting or placement of said grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls shall be at the sole cost of the property owner.

(k) The location of said grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls shall not interfere with access to, installation, construction, repair, reconstruction, relocation or maintenance of any public improvements located and/or operated within the border area. All grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls placed within the border area shall be subject to existing and future public improvements within the border area. In the event said grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls are impacted, removed or damaged for the installation, construction, repair, reconstruction, relocation or maintenance of the border area, the property owner shall be responsible for the replanting or reconstruction of any items placed or planted in the border by the property owner. All damage to utilities and/or the public right-of-way resulting from the planting of said grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls shall be at the sole cost of the property owner.

(l) Said grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls shall not encroach upon any portion of the roadway, alley, or sidewalk which

decrease the width of a sidewalk to less than four feet or the width of an alley to less than ten feet.

(m) All carriage walks, as defined in article I, section 102-1, shall be subject to the requirements in section 102-22.

(n) The abutting property owner may place mulch or landscaping rock as groundcover in the border. Rocks may not exceed two inches in diameter.

(n) A retaining wall may be placed within the border area where required to retain soil to prevent movement or erosion. When a retaining wall is placed in the border, a license shall be required subject to the requirements of sections 102-605 and 102-606 of this Code.

(o) The abutting property owner shall keep the border area free of any structures, materials or objects, except grass, flowers, shrubs, plants, groundcovers, landscape edging, carriage walks, and retaining walls as allowed herein, breakaway mailboxes or other obstructions approved by the city through a process provided for in this Code.

(p) Initial installation, repair, and maintenance of all groundcover, landscape edging, carriage walks, and retaining walls shall be subject to the permit requirements in article IX, division 2.

(q) The abutting property owner may be liable for damages caused by failure to maintain the border area.

(r) This section shall not apply to multi-use recreational trails, traffic control devices, traffic signs, parking meters, newspaper boxes, United States postal boxes or those erected for home delivery, or street trees planted in conformance with city standards that do not constitute a safety hazard, obstruction of view or nuisance.
(O.16,478)

Sec. 102-22. Carriage walks.

(a) If the owner or occupant of any property abutting a city street desires to construct a carriage walk within the city street right-of-way, it shall be the responsibility of the owner or occupant of the abutting property to protect and maintain the carriage walk constructed in the city right-of-way. The city or any other person, firm or governmental entity having utility, traffic control or other equipment in the city right-of-way where the carriage walk is situated shall not have any duty to protect or repair the carriage walk if it is destroyed, damaged, disturbed or adversely impacted due to the repair, maintenance or replacement of any such equipment.

(b) A maximum of one carriage walk per property may be constructed using concrete or brick.

(c) The carriage walk cannot exceed five feet in width and must be constructed a minimum of 40 feet from midblock and intersection pedestrian crossings. Where designated pedestrian crossings are not present at an intersection, the 40 feet shall be measured from end of the intersection radius return.

(d) All carriage walks shall be subject to the permit requirements in article IX, division 2. A sidewalk permit as outlined in section 102-75 shall not be required for the construction of a carriage walk.

(e) All carriage walks shall comply with requirements outlined in sections 102-21 and 102-3.5 of this Code.

ARTICLE II. SIDEWALKS

DIVISION 1. GENERALLY

Sec. 102-41. Horses or vehicles.

No person shall push, draw, lead or drive any horse, cart, wagon or other vehicle upon any sidewalk except in crossing the sidewalk to go into a yard or lot nor shall any person leave any horse, cart, wagon or other vehicle upon any sidewalk so as to obstruct its free use. Manually operated or power-driven wheelchairs, manually-powered mobility aids, and other power driven mobility devices used by persons with a mobility

disability for the purpose of locomotion, as provided in 28 CFR 35, shall be permitted upon sidewalks.
(C42, § 111-8; C54, C62, § 54-2; C75, C79, C91, § 23-2; O.15,000)

Sec. 102-42. Maintenance.

(a) The owner of any property abutting a public sidewalk shall maintain the sidewalk in a safe condition, in a state of good repair, and free from defects. The abutting property owner may be liable for damages caused by failure to maintain the sidewalk.

(b) In the sole discretion of the department director and if funds and personnel are available for the same, the city inspector may, but is not required to, conduct voluntary inspections of city sidewalks following receipt of a sidewalk complaint to assure that the owners of property abutting sidewalks are complying with the maintenance requirements imposed above.

(c) (1) If, through sidewalk complaint and voluntary inspection or otherwise, it comes to the attention of a city inspector that an owner of property abutting a sidewalk is not complying with the maintenance requirements imposed above, then the city inspector may cause to be served upon the property owner, by certified mail at the property owner's last known address as shown by the records of the county auditor, notice of the sidewalk defect and of the requirement to cure said defect and/or reconstruct the defective sidewalk or a portion thereof within 180 days from the date of said notice.

(2) In response to said notice, the property owner may submit a written request to the city inspector for an 180 day extension of time to cure the sidewalk defect and/or reconstruct the defective sidewalk, for a total period, as extended, of up to 360 days from the date of the notice to cure and/or reconstruct.

(3) Said notice, if given, shall also state the nature of any immediate or interim repairs or precautions required to be undertaken by the property owner following notice but prior to repair of the sidewalk defect, including but not limited to temporary asphalt wedges, barricading, and placement of protective devices.

(4) Said notice, if given, shall also state that if the property owner does not make the required immediate or interim repairs, and/or cure the sidewalk defect and/or reconstruct the sidewalk within 180 days from the date of the notice or within such extended time as approved by the city inspector, the city may pursue action against the property owner for civil infraction, and/or may give notice and take action pursuant to sections 102-83 and 102-84 of this Code, and/or may pursue any other legally available remedy. Failure of the abutting property owner to complete the maintenance within 180 days from the date of the notice or within such extended time as approved by the city inspector may be punishable as a municipal infraction by a civil penalty pursuant to section 1-15 of this Code.

(d) Curing of sidewalk defect and/or sidewalk reconstruction as ordered by this section shall be undertaken by property owners in accordance with division 2 of this article, except that the following Code sections shall not apply: sections 102-71, 102-74, 102-81, 102-91, 102-92 and 102-93.

(e) The department director may, in his or her sole discretion, establish policies and procedures relating to income-based subsidies, and to reimbursement of part or all of the cost to repair a sidewalk defect determined by the city inspector at time of inspection to have been caused by city activities and/or city trees, for property owners receiving notice of sidewalk defect. Any subsidies or reimbursements authorized in

accordance with such policies shall be subject to funding availability, as determined by the department director in his or her sole discretion.

(f) In the sole discretion of the department director and if funds and personnel are available for the same, the public works department, at the request of the city inspector, may, but is not required to, place barricades or other devices or materials in such places as may serve to protect the public from sidewalks not in compliance with the maintenance requirements imposed above. If such protective devices are placed by the department, they shall not be removed until all sidewalk defects are corrected. Premature removal of the protective devices may be punishable as a municipal infraction by a civil penalty pursuant to section 1-15 of this Code, which penalty shall be available to the city as a remedy in addition to all other legally available remedies.

(g) The department director shall keep records of all sidewalk complaints received, all voluntary sidewalk inspections conducted, notices of defects sent, protective devices placed and sidewalk work done by the city for a period of three years from the date of the action and shall, to the extent required by open records law, make the same available to all persons who claim to have been damaged or injured as a result of the failure to maintain a sidewalk by an abutting property owner.

(h) This section shall not apply to multi-use recreational trails as defined pursuant to section 114-1 of this Code.

(i) Nothing set forth in this section shall be construed so as to prevent or preclude the city, or the department(s) and department director(s) responsible for enforcement of this article, from taking any emergency action or nuisance abatement action, including but not limited to notice and assessment of costs, as deemed appropriate pursuant to chapter 42 of this Code in the event that sidewalk defects are determined by the department director to constitute a nuisance.
(C85, § 23-2.01; O.11,361; C91, § 23-2.01; O.13,314, 14,092, 14,164, 14,800, 15,107)

Sec. 102-43. Definitions—Maintenance of sidewalks.

As used in divisions 1 and 2 of this article, the following words have the following meanings:

City inspector means any city employee designated by the department director to undertake the city's inspection and notice actions as set forth in divisions 1 and 2 of this article.

Defect or *defective condition* means a public sidewalk has a defect or defective condition when it exhibits one or more of the following characteristics:

(1) Vertical separations equal to three-fourth inch or more;

(2) Horizontal separations equal to three-fourth inch or more;

(3) Holes or depressions equal to three-fourth inch or more;

(4) Spalling over 50 percent of a single square or panel of sidewalk with one or more depressions equal to one-half inch or more;

(5) A single square or panel of sidewalk cracked in such a manner that no part thereof has a piece greater than one square foot, or is cracked in such a manner that it constitutes danger or potential danger to the public;

(6) A sidewalk with any part thereof missing to the full depth;

(7) A deviation on the staked and constructed grade equal to three-fourth inch or more;

(8) Covered in whole or in part with weeds or other plants, garbage, junk, rubbish, debris, solid waste, bird or animal droppings or any nuisances, obstructions or hazards which makes or tends to make pedestrian travel either dangerous or impractical.

Department director means the director of any city department charged with enforcement of any section of divisions 1 and 2 of this article, or his or her designee.

Maintain or *maintenance* means the duty to remove and replace a public sidewalk, or a portion of a public sidewalk, all work to be performed in accordance with established city specifications in effect at the time the work is commenced, so as to render the sidewalk free from defect.

Property owner or *owner* means the record holder of legal title, and the contract purchaser, if there is one of record, and may be referred to as "person" in division 2 of this article.

Sidewalk means the paved portion of that area between the curb lines of the roadway and the adjacent property lines intended for the use of pedestrians.

DIVISION 2. CONSTRUCTION

Sec. 102-71. Authority to order.

The city council may, by its own initiation or petition, approve or order the construction or reconstruction of permanent sidewalks upon any street, highway, avenue, public ground, landing or marketplace within the corporate limits.
(C62, § 54-88; O.7944; C75, C79, C91, § 23-77; O.11,811)

Sec. 102-72. Procedure for levy of special assessments.

(a) *Construction of new sidewalk.* If the resolution ordering construction of a new sidewalk provides that all or any portion of the costs thereof shall be assessed against the lots or parcels of land in front of which or abutting which the sidewalk shall be constructed, the procedures for making and levying a special assessment pursuant to this division and for an appeal of the assessment shall be the same procedures as are provided in I.C. § 384.37 et seq., pertaining to special assessments.

(b) *Reconstruction of existing sidewalk.* If the resolution ordering reconstruction of an existing sidewalk provides that all or any portion of the costs thereof shall be assessed against the lots or parcels of land in front of which or abutting which the sidewalk shall be reconstructed, the procedures for making and levying a special assessment pursuant to this division and for an appeal of the assessment shall be the same procedures as are provided in I.C. §§ 364.12—364.13B, 384.59—384.67, and 384.72—384.75, inclusive.
(C62, § 54-89; O.7944; C75, § 23-78; O.9095; C79, C91, § 23-78; O.11,811)

Sec. 102-73. Plans and specifications.

Permanent sidewalks shall be constructed and/or reconstructed in accordance with the current edition of the SUDAS Design Manual and the SUDAS Standard Specifications as adopted by city council and current edition of the City of Des Moines Supplemental Specifications to the SUDAS Standard Specifications. Sidewalks shall be constructed of brick, stone, Portland cement concrete or architectural pavers, all of which shall be subject to approval by the city engineer.
(C54, § 54-91; O.6483; C62, § 54-91; O.7944; C62, § 54-94; C75, § 23-83; O.9095; C79, C91, § 23-83; O.11,811, 15,107)

Sec. 102-74. Notice to owners fronting on proposed sidewalk.

(a) If the resolution ordering construction of sidewalks provides that the costs thereof shall be assessed against the lots or parcels of land in front of which the sidewalk shall be constructed, upon passage of the resolution for construction, the notice shall be given to the owners or agents of property fronting on the proposed sidewalk that the city council has ordered its construction.

(b) The notice shall state the following:

(1) The type, width, class, and location of the sidewalk to be constructed and the date of the passage of the resolution for construction.

(2) Unless the sidewalk is constructed by the owner within 30 days after service of the notice, the city will cause the sidewalk to be constructed by the city contractor or by the city, as may be prescribed in the

resolution ordering construction, and the entire cost thereof assessed against the property.

(3) If the property owner constructs the sidewalk, the owner must obtain a permit therefor from the city and must construct it in accordance with this division and other laws and ordinances or plans and specifications approved by the city council and on file in the office of the city clerk.

(c) Notice shall be served by certified mail sent to the last known address of the owners or agents.
(C42, § 87-3; O.5339; C54, § 54-92; O.6483; C62, § 54-92; O.7944; C62, § 54-95; C75, § 23-84; O.9095; C79, C91, § 23-84; O.11,811)

Sec. 102-75. Permit required.

(a) No person shall construct, reconstruct or remove any sidewalk either for the purpose of rebuilding or replacing the sidewalk whether ordered by the city council or not, or proceed with the work of removing the present sidewalk, excavating, filling or depositing material for the construction or reconstruction of any sidewalk, unless such person shall obtain a permit from the building official or his or her designee. However, no sidewalk permit shall be required for a sidewalk section which is included in the construction, reconstruction or removal of the driveway approach, when such work is undertaken pursuant to a driveway approach permit issued under article V of this chapter.

(b) City work forces and city contractors are exempt from the permit requirement when engaged in the construction or reconstruction of sidewalks at the direction of and on behalf of the city.
(C42, § 87-13; O.5339; C54, § 54-93; O.6483; C62, § 54-93; O.7944; C62, § 54-108; C75, § 23-97; O.9095; C79, C85, § 23-97; O.11,583; C91, § 23-97; O.11,811, 13,010, 15,107)

Sec. 102-76. Compliance agreement required with permit application.

Any person desiring a permit to construct, reconstruct or remove any sidewalk shall, upon application for the permit, agree in writing that he or she will, in the removal, construction, reconstruction or in the repair of such sidewalk, comply with this Code and other city ordinances and with the specifications for sidewalks as prepared by the city engineer and approved by the city council. Such work shall be done under the direction and supervision of and subject to the inspection and approval of the city engineer or his or her duly authorized representative.
(C42, § 87-13; O.5339; C54, § 54-94; O.6483; C62, § 54-94; O.7944; C62, § 54-109; C75, C79, C91, § 23-98)

Sec. 102-77. Permit fees.

The fee for a permit to construct, reconstruct or remove any sidewalk shall be in the amount(s) set forth in the approved schedule of fees on file in the office of the city clerk. A copy of the permit, together with the written agreement referred to in section 102-76 of this division, shall be filed and preserved with the building official or his or her designee.
(C42, § 87-13; O.5339; C54, § 54-95; O.6027, 6483; C62, § 54-95; O.7944; C62, § 54-110; O.8450; C75, § 23-99; O.9095; C79, § 23-99; O.10,649; C85, § 23-99; O.11,583; C91, § 23-99; O.11,748, 13,010, 15,107)

Sec. 102-78. Permit fee exemption.

The federal government, the state or any political subdivision of the state shall be exempt from payment of the fees prescribed in section 102-77 of this division.
(C62, § 54-95.01; O.7461, 7944; C62, § 54-111; C75, C79, § 23-100; O.10,371; C85, § 23-100; O.11,583; C91, § 23-100)

Sec. 102-79. Determination of propriety of work; commencement and completion dates; extension of time.

Before granting any permit to remove, construct, reconstruct or repair any sidewalk, the building official or the building official's designee shall determine the propriety of the work and shall state in all permits issued when the work is to be commenced and when the

sidewalk is to be completed. The time of completion for the construction or reconstruction of any sidewalk may be extended by the building official or his or her designee when in his or her judgment the extension is deemed necessary; however, for permits issued to property owners for cure of sidewalk defects and/or sidewalk reconstruction ordered under section 102-43 of this Code, the permit shall not be extended beyond the time allowed by the city inspector pursuant to section 102-43(c).
(C42, § 87-13; O.5339; C54, § 54-96; O.6483; C62, § 54-96; O.7944; C62, § 54-112; C75, § 23-101; O.9095; C79, C85, § 23-101; O.11,583; C91, § 23-101; O.13,010, 15,107)

Sec. 102-80. Permits issued in compliance with resolution or division.

All permits for the construction or reconstruction of sidewalks shall be issued in compliance with the resolution of the city council ordering the construction or reconstruction. All permits for the construction or reconstruction of sidewalks not ordered by resolution of the city council shall be issued in compliance with this division and of the same width, line and material in each respective block and shall conform in width, line and material with sidewalks laid in each respective block.
(C42, § 87-13; O.5339; C54, § 54-97; O.6483; C62, § 54-97; O.7944; C62, § 54-113; C75, C79, C91, § 23-102)

Sec. 102-81. Withholding permit issuance.

The building official or his or her designee may withhold the issuance of any permit for the construction or reconstruction of any sidewalk for a sufficient period to determine the necessity for the construction of such sidewalk.
(C42, § 87-13; O.5339; C54, § 54-98; O.6483; C62, § 54-98; O.7944; C62, § 54-114; C75, § 23-103; O.9095; C79, C85, § 23-103; O.11,583; C91, § 23-103; O.13,010, 15,107)

Sec. 102-82. Direction and supervision of work; inspection.

All sidewalks, constructed, reconstructed, removed, renewed, restored and repaired and the work thereof shall be done under the direction and supervision of and subject to the inspection and approval of the city engineer or his or her duly authorized representative.
(C42, § 87-14; O.5339; C54, § 54-99; O.6483; C62, § 54-99; O.7944; C62, § 54-115; C75, C79, C91, § 23-104)

Sec. 102-83. Failure to comply with division; notice.

Whenever any sidewalk is constructed, reconstructed or repaired which does not conform to this division and with the specifications referred to in this division or where any sidewalk is removed, constructed, reconstructed or repaired without obtaining a permit therefor as provided in this division or is not restored, constructed, reconstructed or repaired at the time provided for and stated in the permit obtained, the department director may serve upon the property owner or his or her agent and upon the contractor or party interested and doing such work a notice to obtain a permit therefor, if not already obtained, or if the sidewalk is in the course of construction to stop the work, and if the sidewalk work has been completed to obtain a permit therefor to construct, reconstruct or repair sidewalk within five days from the receipt of notice, as the case may be, in the proper manner and of proper materials as required by this division and specifications referred to in this division.
(C42, § 87-14; O.5339; C54, § 54-100; O.6483; C62, § 54-100; O.7944; C62, § 54-116; C75, § 23-105; O.9095; C79, C91, § 23-105; O.15,107)

Sec. 102-84. Failure to comply with notice; work done by city.

If the property owner or the contractor or any one of them shall fail to comply with this division, after notice by certified mail, the city engineer may cause the sidewalk to be constructed, reconstructed or repaired in a proper manner and of proper materials and report to the city council the complete cost thereof if known. The cost shall be assessed to the property fronting thereon and in the manner provided in section

102-72 of this division for assessing the cost of constructing, reconstructing or repairing of sidewalks.
(C42, § 87-14; O.5339; C54, § 54-101; O.6483; C62, § 54-101; O.7944; C62, § 54-117; C75, § 23-106; O.9095; C79, C91, § 23-106; O.15,107)

Sec. 102-85. Barricades and signal lights.

Whenever any material of any kind shall be deposited on any street, avenue, highway, passageway or alley, for the construction, reconstruction or repair of any sidewalk or approaches thereto, or when any sidewalk is being built, repaired or removed or if from any other cause the sidewalk is in a dangerous condition, it shall be the duty of all persons having an interest therein, either as owner, agent, contractor or as owner or lessee of the property in front of or along which such material may be deposited or such dangerous condition exists, to put in conspicuous places at each end of the sidewalk and at each end of any pile of material deposited in the street, at twilight each day, a sufficient number of approved signal lights or flares and to keep them burning during the entire night and to erect sufficient barricades both at night and in the daytime to secure the sidewalk.
(C42, § 87-15; O.5339; C54, § 54-102; O.6483; C62, § 54-102; O.7944; C62, § 54-118; C75, C79, C91, § 23-107)

Sec. 102-86. Liability for injury or damage.

The person using the street for any of the purposes specified in this division shall be liable for all injuries or damage to persons or property arising from any wrongful act or negligence of such person or his or her agents or employees or for any misuse of the privileges conferred by this division or for any failure to comply with this division.
(C42, § 87-15; O.5339; C54, § 54-103; O.6483; C62, § 54-103; O.7944; C62, § 54-119; C75, C79, C91, § 23-108)

Sec. 102-87. Interference with work; damaging.

No person shall knowingly or willfully drive any vehicle or livestock upon any portion of any sidewalk or approach thereto while in the course of construction, reconstruction or repair or upon any portion of any completed sidewalk or approach thereto, and no person shall remove or destroy any part or all of any sidewalk or approach thereto or remove, destroy, mar or deface any sidewalk at any time.
(C42, § 87-16; O.5339; C54, § 54-104; O.6483; C62, § 54-104; O.7944; C62, § 54-120; C75, C79, C91, § 23-109)

Sec. 102-88. Reserved.

Editor's note—Ord. No. 15,107, § 1, adopted May 21, 2012, effective July 1, 2012, repealed § 102-88, which pertained to repair and maintenance generally and derived from Code 1942, § 87-17; Ord. No. 5339; Code 1954, § 54-105; Ord. No. 6483; Code 1962, § 54-105; Ord. No. 7898, 7944; Code 1962, § 54-121; Code 1975; Code 1979; Code 1991, § 23-110; Ord. No. 11,811.

Sec. 102-89. Cost of repair.

The cost of repairing sidewalks and of taking up or removing dangerous sidewalks due to emergency or nuisance determinations, pursuant to section 102-43(i) and/or chapter 42 of this Code, shall be paid by the owners of the property fronting thereon and shall be assessed against such property in accordance with section 102-72 of this division. This section shall not apply to multi-use recreational trails as defined pursuant to section 114-1 of this Code.
(C42, § 87-17; O.5339; C54, § 54-106; O.6483; C62, § 54-106; O.7944; C62, § 54-122; C75, C79, C91, § 23-111; O.11,811, 14,164, 15,107)

Sec. 102-90. Funds to pay cost of repairs.

The cost of repairing sidewalks shall be paid from the fund appropriated for the purpose, and assessments when collected shall be credited to such fund. The cost may also be paid from the sidewalk fund or any other proper fund as provided for by law or ordinance or resolution of the city council.
(C42, § 87-17; O.5339; C54, § 54-112; O.6483; C62, § 54-112; O.7944; C62, § 54-128; C75, C79, C91, § 23-117; O.11,811)

Sec. 102-91. Temporary sidewalks generally.

The city council may by resolution order the construction or reconstruction of temporary sidewalks upon any street, avenue, highway or public ground within the corporate limits.
(C42, § 87-18; O.5339; C54, § 54-113; O.6483; C62, § 54-113; O.7944; C62, § 54-129; C75, C79, C91, § 23-118)

Sec. 102-92. Specifications and assessment of costs of temporary sidewalks.

The resolution ordering the construction or reconstruction of temporary sidewalks shall prescribe the width, grade and location of the sidewalk and may provide that the costs thereof may be assessed against the property in front of which or abutting which the sidewalk shall be laid in accordance with section 102-72 of this division.
(C42, § 87-18; O.5339; C54, § 54-114; O.6483; C62, § 54-114; O.7944; C62, § 54-130; C75, C79, C91, § 23-119; O.11,811)

Sec. 102-93. Procedures for construction of temporary sidewalks.

Except as otherwise provided in this section and sections 102-91 and 102-92 of this division and by statute, the procedures for the construction or reconstruction of temporary sidewalks shall be the same as is provided in this division for the construction or reconstruction of permanent sidewalks.
(C42, § 87-18; O.5339; C54, § 54-115; O.6483; C62, § 54-115; O.7944; C62, § 54-131; C75, C79, C85, § 23-120; O.11,583)

Sec. 102-94. Alternative procedures.

In addition to this division, sidewalks may be constructed, reconstructed and financed by any method provided in state law.
(C62, § 54-143.01; O.7221, 7944; C62, § 54-132; C75, C79, C91, § 23-121)

Sec. 102-95. Construction of heated sidewalk.

(a) If the owner or occupant of any property abutting a city street desires to construct a heated sidewalk within the city street right-of-way, the owner or occupant shall so state in its permit application. It shall be the responsibility of the owner or occupant of the abutting property to protect and maintain the sidewalk and sidewalk heating system constructed in the city right-of-way. The city or any other person, firm or governmental entity having utility, traffic control or telecommunications equipment in the city right-of-way where the heated sidewalk is situated shall use reasonable care to avoid damaging or destroying the sidewalk heating system, but shall not have any duty to protect or repair the sidewalk heating system if same is destroyed, damaged, disturbed or adversely impacted due to the repair, maintenance or replacement of any such equipment.

(b) The sidewalk permit applicant shall provide the following information with respect to such sidewalk:

(1) A drawing signed by the owner and/or occupant of the abutting property showing the proposed location of the heating system within the sidewalk on city right-of-way, and showing the connection point or points where such system will be connected to the glycol heating/pumping equipment, which equipment shall be located on the property abutting the city right-of-way.

(2) A statement from the abutting property owner stating that it understands and agrees to the conditions outlined in this section.

(c) The only type of sidewalk heating system which will be allowed to be installed in a sidewalk constructed in city right-of-way shall be glycol circulated in PVC piping installed when the concrete sidewalk is poured, unless an alternate system is approved by the city engineer. The owner or occupant of the abutting property shall be allowed to place flush mounted monuments in the sidewalk surface indicating the presence of a heated sidewalk heating system, and advising who should be contacted if the sidewalk will be disturbed by construction or excavation activities.

(d) It is the responsibility of the owner of the heated sidewalk (owner) to repair any and all damage to the heated sidewalk resulting from work done by a contractor working within the city right-of-way with an excavation permit (contractor). The contractor is responsible for the cost to repair the sidewalk as per city specifications. The owner, or a representative thereof, must complete repairs to the heated sidewalk system within the time period outlined in the contractor's excavation permit. If the heated sidewalk repairs are not completed within the specified time frame and time extension arrangements have not been made between the owner and the contractor, the contractor may replace the sidewalk without repairing the heated sidewalk system.

DIVISION 3. SNOW AND ICE REMOVAL

Sec. 102-121. Intent of division.

It is the intent of this division to provide for certain procedures relative to removal of snow and ice from sidewalks and private property and for certain penalties for failure to comply with this division.
(C85, § 23-164.04; O.10,949; C91, § 23-164.04; O.14,386)

Sec. 102-122. Enforcement.

The director of public works or his or her designated representative or any police officer shall enforce this division.
(C85, § 23-164.05; O.10,949; C91, § 23-164.05)

Sec. 102-123. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Hearing officer means the city manager or designated representative.

Person means and includes an individual or group or association of individuals; a firm or any member thereof; a corporation or any executive officer, manager, person in charge or employee thereof; and the use of a pronoun specifying one gender shall include both genders.

Owner means the record title holder or the contract purchaser, if any. Where the city holds title to real estate, which by operation of state law is under the charge and supervision or management and control of an independent board, utility, or enterprise, such board, utility or enterprises shall be considered the owner of the real estate.

Snow season means the period beginning October 15 and ending April 15.
(C85, § 23-164.06; O.10,949; C91, § 23-2.02; O.13,000; C91, § 23-164.06; O.13,943)
Cross reference—Definitions generally, § 1-2.

Sec. 102-124. Obligation of owner or person in possession of real estate to remove snow or ice from a public sidewalk.

(a) The owner or tenant or lessee of any real estate abutting a public sidewalk shall remove snow and ice from the sidewalk within a reasonable time but in no case more than 48 hours following the cessation of the weather event by which such snow or ice was deposited; provided, however, that in extraordinary weather circumstances the director of public works or his or her designated representative may provide additional time for removal under this section.

(b) In any proceedings charging a violation of this section, proof that the particular violation described constitutes a violation of this section, together with proof that the particular violator was the owner, agent, tenant, or lessee of the residential dwelling, commercial establishment and/or real estate upon which the violation occurred, shall be deemed to create a rebuttal presumption that such violator was the party violating this section.

(c) The owners or tenants or lessees of the abutting real estate upon which a violation of this division is found shall be jointly and severally responsible for compliance with this division

and jointly and severally liable for any fines or administrative penalties or assessments imposed under this division.

(d) The owner or tenants or lessee of any real estate abutting a multi-use recreational trail which also serves as a public sidewalk bordering a public street shall only be required to remove snow or ice for a width of four feet upon such public sidewalk.

(e) When ice has formed upon any public sidewalk so that it cannot be reasonably removed, the owner or tenant or lessee of the abutting real estate shall within 48 hours following the cessation of the weather event by which such ice was deposited, keep such ice sprinkled with sand or deicing chemicals in such manner as to provide traction and prevent the sidewalk from being dangerous to persons using the sidewalk. Nothing in this section shall be construed to be a substitute for the removal of ice, as required in subsection (a) of this section. This subsection shall only apply when ice cannot be reasonably removed; however, all accumulations of ice shall be removed as soon as practical.
(C42, § 90-1; O.5363; C54, C62, § 54-185; C75, C79, C85, § 23-165; O.10,949, 11,583; C91, § 23-165; O.13,943, 14,164, 14,386)

Sec. 102-125. Reserved.

Editor's note—Ord. No. 14,386, § 1, adopted Nov. 8, 2004, repealed § 102-125, which pertained to treatment of unremovable ice and derived from Code 1942, § 90-9; Ord. No. 5363; Code 1954; Code 1962, § 54-193; Code 1975; Code 1979, § 23-174; Code 1985, § 23-166; Ord. No. 10,949; Ord. No. 11,583; Code 1991, § 23-166; and Ord. No. 13,943.

Sec. 102-126. Deposit on public property.

(a) No person shall remove or cause to be removed snow or ice from private property and deposit such snow or ice or cause the snow or ice to be deposited upon any public right-of-way, street, avenue, alley, public square or other city property within the city.

(b) No person shall remove or cause to be removed snow or ice from a public sidewalk or from a driveway approach in the public right-of-way and deposit or cause to be deposited such snow or ice upon the traveled portion of any public right-of-way, street, avenue, alley, public square or other city property within the city.

(c) Nothing in this section shall prohibit the removal of snow or ice from a public sidewalk or from a driveway approach in the public right-of-way, and the deposit of such snow or ice on the public border area abutting such sidewalk or driveway.

(d) In any proceedings charging a violation of this section, proof that the particular violation described constitutes a violation of this section, together with proof that the violator was the owner, agent, tenant or lessee of the residential dwelling, commercial establishment and/or real estate from which the snow or ice was removed, shall be deemed to create a rebuttable presumption that such violator was the party violating this section.
(C85, § 23-167; O.11,048, 11,583; C91, § 23-167; O.13,943, 14,386)

Sec. 102-126.05. Administrative penalties—Notice of violations.

(a) The director of public works or his or her designated representative or any police officer is authorized to impose an administrative penalty upon any owner or tenant or lessee of any real estate who fails to remove snow or ice from the abutting sidewalks or multi-use trails as required by this division or upon any person who removes or deposits, or causes to be removed and deposited snow or ice in violation of this division. The administrative penalty for such violations shall be as provided in the schedule of administrative penalties adopted by the city council by resolution.

(b) Penalties shall be paid in full within 30 days of the issuance of the notice.

(c) Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued to the violator by the director of public works or his or her designated representative or any police officer. Service of the notice may be by regular mail or delivery in person. Such notice shall include:

(1) A statement that the violator has a right to an administrative hearing regarding the violation;

(2) A statement that the violator may file a written request for hearing as set forth in section 102-126.07. The request of hearing shall stay payment of the administrative penalty until the hearing is decided. If issuance of the notice of violation is upheld, the violator shall have 30 days from issuance of the hearing decision to pay the administrative penalty.

(O.14,386)

Sec. 102-126.07. Administrative hearing.

(a) A person to whom a notice of administrative penalty has been issued for violation of sections 102-21, 102-124 and/or 102-126 may request an administrative hearing for review of the finding that a violation occurred pursuant to and in conformance with chapter 3 of this Code.

(b) A request for hearing on a notice of administrative penalty shall be made in writing and filed with the city clerk within ten calendar days of the date of issuance of the notice. Such request shall include the address of the violator and state the basis for the appeal.

(O.14,386, 15,408, 15,775, 15,809, 16,478)

Sec. 102-127. Reserved.

Editor's note—Ord. No. 15,608, § 1, adopted Sept. 11, 2017, repealed § 102-127, which pertained to municipal infractions and derived from Code 1985, § 23-168; Ord. No. 10,949; Ord. No. 11,583; Code 1991, § 23-168; Ord. No. 13,943; Ord. No. 14,386.

Sec. 102-128. Right of city to seek alternative relief.

The city is not precluded from seeking alternative relief from the court, including an order for abatement or injunctive relief, in the event that the city issues an administrative penalty, a notice of violation, and/or files a municipal infraction for the same violation of this chapter.

(C85, § 23-169; O.10,949; C91, § 23-169; O.13,943, 14,386, 15,775)

Sec. 102-129. Removal by city of snow or ice.

(a) Whenever snow or ice shall have remained on any sidewalk in violation of section 102-124 of this division, the city may cause such snow or ice to be removed, after providing the owner of the abutting real property with notice of the need to remove such snow or ice and that if not removed the city will cause such removal and will assess the costs for such removal. Service of the notice shall be by posting at the property, or by regular or certified mail, addressed to the owner of the abutting real estate. The notice shall provide at least 24 hours to remove the snow or ice prior to the city's removal. Provided, however, that the city may cause such removal without prior notice in the event that an emergency is declared by the director of public works or his or her designated representative.

(b) Whenever snow or ice shall be removed from private property and deposited upon any public right-of-way, street, avenue, alley, public square or other city property in violation of section 102-126 of this division, the city may cause such snow or ice to be removed, after providing the person who removed and deposited or caused to be deposited such snow or ice with notice of the need to remove such snow or ice and that if not removed the city will cause such removal and will assess the costs for such removal. Service of the notice shall be by posting at the property, or by regular or certified mail, addressed to the owner of the abutting real estate. The notice shall provide at least 24 hours to remove the snow or ice prior to the city's removal. Provided, however, that the city may cause such removal without prior notice in the event that an emergency is declared by the director of public works or his or her designated representative.

(C42, § 90-2; O.5363; C54, C62, § 54-186; C75, C79, § 23-167; C85, § 23-170; O.10,949, 11,048, 11,583; C91, § 23-170; O.14,386)

Sec. 102-130. Right to assess costs of removal by city.

(a) When the city removes snow or ice under section 102-129 of this division, the city may assess the actual cost of removing such snow from the real estate abutting the sidewalk found to be in violation of section 102-124 of this division pursuant to sections 102-129 through 102-136 of this division, in addition to taking any other action provided for in this division.

(b) When the city removes snow or ice under section 102-129 of this division, the city may assess the actual cost of removing such snow from the real estate of the person who removed and deposited or caused to be deposited such snow or ice found to be in violation of section 102-126 of this division pursuant to sections 102-129 through 102-136 of this division, in addition to taking any other action provided for in this division.
(C85, § 23-170.01; O.10,949, 11,583; C91, § 23-170.01; O.13,943, 14,386)

Sec. 102-131. Assessment of costs of removal by city.

(a) The actual cost of removing snow or ice from the sidewalks in violation of section 102-124 of this division shall be paid by the owner of the real estate abutting the sidewalk and shall be assessed against such real estate.

(b) The actual cost of removing snow or ice from the sidewalks in violation of section 102-126 of this division shall be paid by the person who removed and deposited or caused to be deposited such snow or ice the real estate abutting the sidewalk and shall be assessed against the real estate owned by such person.
(C42, § 90-3; O.5363; C54, C62, § 54-187; C75, C79, § 23-168; C85, § 23-170.02; O.10,949; C91, § 23-170.02; O.13,943, 14,386)

Sec. 102-132. Notice of right to hearing regarding assessments.

(a) When the city removes snow or ice pursuant to section 102-129, a notice shall be given of the right to a hearing regarding costs of the removal. The notice shall contain the following information:

(1) A description, to the extent possible, of the violation of section 102-124 or 102-126;

(2) A description of the location where snow or ice was removed;

(3) An indication of the date and time that the city caused the removal, and that the costs of the removal will be assessed against the real estate abutting the sidewalk from which the removal occurred, or against the real estate owned by the person removing or depositing such snow or ice or causing such deposit, for collection in the same manner as a property tax, or to be collected as a personal judgment;

(4) An itemization of the costs incurred by the city in the removal of the snow or ice;

(5) That the person notified, or the person's duly authorized agent, may file a written request for hearing as set forth in this division; and

(6) That failure to make a written request for a hearing within ten calendar days of receipt of the notice shall be considered a waiver of the right to a hearing and it will be thereafter conclusively presumed that the violation and removal occurred and costs will be assessed against the abutting real estate without further notice.

(b) Service of the notice provided for in subsection (a) hereof shall be by regular mail and certified mail, addressed to the owner of the real estate abutting the sidewalk upon which the violation occurred for violations under sections 102-124 or 102-126.

Editor's note—Ord. No. 13,943, § 1, adopted May 7, 2001, repealed the former § 102-132 and enacted a new section as set out herein. The former § 102-132 pertained to schedule of assessments for removal by city and derived from Code 1942, § 90-4; Ord. No. 5363; Code 1954 and Code 1962, § 54-188; Code 1975 and Code 1979, § 23-169; Code 1985, § 23-170.03; Ord. No. 10,949; Ord. No. 11,048; Ord. No. 11,583; and Code 1991, § 23-170.03.

Sec. 102-133. Administrative hearing for assessment of costs for removal of snow or ice.

(a) Any person in receipt of a notice of right to hearing regarding assessment for removal of snow or ice by the city may have, upon request, an appeal hearing with a hearing officer to determine if the assessment shall be placed against the subject real estate.

(b) A request for hearing shall be made in writing and filed with the city clerk within ten calendar days of the receipt of the notice.

(c) Each request for hearing shall contain the address of the person requesting the hearing and to which all further notices shall be mailed or served and shall state the basis for the appeal.

(d) The hearing shall be held pursuant to and in conformance with chapter 3 of this Code.
(O.13,943, 14,386, 15,408)

Editor's note—Ord. No. 13,943, § 1, adopted May 7, 2001, repealed the former § 102-133 and enacted a new section as set out herein. The former § 102-132 pertained to notice for filing objections to schedule of assessment and derived from Code 1942, § 90-5; Ord. No. 5363; Code 1954 and Code 1962, § 54-189; Code 1975 and Code 1979, § 23-170; Code 1985, § 23-170.04; Ord. No. 10,949; and Code 1991, § 23-170.04.

ARTICLE III. STREETS AND ALLEYS

DIVISION 1. GENERALLY

Secs. 102-166—102-190. Reserved.

DIVISION 2. ACCEPTANCE

Sec. 102-191. Conform to specifications.

No street or alley which shall be dedicated to public use by any proprietor of ground in the city shall be deemed a public street or alley or under the use or control of the city council nor shall such streets or alleys be in any manner bladed, improved or repaired unless the streets or alleys shall conform to the regular width of the streets or alleys designated by the city council, after recommendation by the community development director or the city plan and zoning commission as applicable pursuant to chapter 135 of this Code, for that area and unless such streets or alleys shall first be brought to such grade as shall be recommended by the city engineer and adopted by the city council. No street or alley dedicated to public use shall be deemed a public street or alley nor under the use or control of the city council, unless it has been accepted by resolution of the city council or by adoption by the city council of an acknowledged plat containing the street or alley.
(C42, § 81-1; C54, C62, § 54-219; C75, C79, C91, § 23-206; O.15,819)

Sec. 102-192. Improvement.

No city officer, employee or agent shall perform or order performed any improvement, work, repair or grading done upon any street or alley dedicated to the city if its cost shall be payable out of city funds, unless the street or alley has been accepted and confirmed as provided by section 102-191 of this division.
(C42, § 81-2; C54, C62, § 54-220; C75, C79, C85, § 23-207; O.11,583; C91, § 23-207)

Secs. 102-193—102-220. Reserved.

DIVISION 3. NAMING OF STREETS

Sec. 102-221. Division lines.

There are hereby established, for the purpose of naming the city streets, division lines as follows:

(1) *Line A.* A line beginning at the intersection of the centerline of Vine Street with the middle of the channel of the Des Moines River, thence westerly along the centerline of Vine Street and the westerly projection of the centerline of Vine Street to the north right-of-way line of C., R.I. & P. Railway, thence westerly along the north right-of-way line of the C., R.I. & P. Railway to the centerline of the Fleur Drive bridge over the Raccoon River, thence southwesterly along the centerline of the Fleur Drive bridge and the centerline of Fleur Drive to the centerline of West Martin Luther King, Jr. Parkway; thence west along the centerline of West Martin Luther King, Jr. Parkway to the centerline of Martin Luther King, Jr. Parkway, thence northerly along the centerline of Martin Luther King, Jr. Parkway to the north right-of-way line of C., R.I. & P. Railway, thence westerly along the north right-of-way line of the C. R.I. and P. Railway to the intersection with the east and west centerline of section 7-78-24, thence west along the centerline of section 7-78-24 and sections 12 and 11, township 78, range 25, to the west city limits, designated as and called line A.

(2) *Line B.* A line beginning at the intersection of East Vine Street with the Des Moines River, thence easterly along the centerline of East Vine Street and along the westerly projection of the centerline of East Vine Street to the intersection with the north track of the C., R.I. & P. Railway main line to the intersection with the westerly projection of the centerline of East Court Avenue at East Twentieth Street, thence east along the centerline of East Court Avenue and the westerly projected centerline of East Court Avenue to the west line of Laurel Hill Cemetery, thence eastward to the city limits on a line parallel to the centerline of sections 5 and 6, township 78, range 23, designated as and called line B.

(3) *Line C.* A line beginning at a point in the channel of the Des Moines River, which is on a line connecting the centerline of Vine Street west of the Des Moines River and the centerline of East Vine Street east of the Des Moines River, thence following the middle of the channel of the Des Moines River in a northerly and westerly direction to where it intersects with the southerly projection of the centerline of First Street south of Guthrie Avenue, thence north along the southerly projected centerline of First Street and the centerline of First Street to the intersection of the centerline of Sheridan Avenue, thence east along the centerline of East Sheridan Avenue to the southerly extension of the centerline of First Street north of East Sheridan Avenue, thence north along the centerline of First Street and north along the northerly projected centerline of First Street from Euclid Avenue to Douglas Avenue, thence north along the centerline of First Street to the north city limits, designated as and called line C.

(4) *Line D.* A line beginning at a point in the channel of the Des Moines River, which is on a line connecting the centerline of Vine Street west of the Des Moines River and the centerline of East Vine Street east of the Des Moines River, thence following the middle of the channel of the Des Moines River in a southerly direction to a point which is the intersection of the

channel of the Des Moines River and the centerline of South Union Street projected in a northerly direction to the channel, thence southerly along the projected centerline of South Union Street and the centerline of South Union Street and along the southerly projected centerline of South Union Street to intersect with the centerline of Indianola Avenue, thence southerly in a straight line to the intersection of the centerline of Hartford Avenue and the centerline of South Union Street, thence south along the centerline of South Union Street and the projected centerline of South Union Street to the south city limits, designated as and called line D.

(C42, § 86-10; C54, C62, § 54-144; C75, C79, § 23-122; O.10,651; C91, § 23-122; O.14,397)

Sec. 102-222. Southwest.

(a) *Numerical streets.* All numerically named streets south of line A and west of line D shall have the word "southwest" as a part of the name thereof, preceding the number.

(b) *Named streets.* All named streets south of line A and west of line D shall have the word "southwest" as a part of the name thereof, if it is determined by the city council that there is a lack of continuity with existing east/west streets because of a major barrier, such as the airport.

(C42, § 86-11; C54, C62, § 54-145; C75, C79, C85, § 23-123; O.11,290; C91, § 23-123)

Sec. 102-223. Southeast.

All numerically named streets south of line B and east of line D shall have the word "southeast" as a part of the name thereof, preceding the number.

(C42, § 86-12; C54, C62, § 54-146; C75, C79, C91, § 23-124)

Sec. 102-224. East.

(a) *Numerical streets.* All numerically named streets north of line B and east of line C shall have the word "east" as a part of the name thereof, preceding the number.

(b) *Named streets.* All named streets east of lines C and D, having names identical with streets west of such lines except for the provision made in this division, shall have the word "east" as a part of the name thereof, preceding the name.

(C42, §§ 86-13, 86-14; C54, C62, §§ 54-147, 54-148; C75, C79, C91, § 23-125)

Sec. 102-225. Place and court.

All streets west of lines C and D, between and extending parallel to streets bearing consecutive numbers, shall take the number of the street having the lower consecutive number, to which shall be added the word "place." All such streets east of lines C and D shall have the word "court" added to the number thereof.

(C42, § 86-15; C54, C62, § 54-149; C75, C79, C91, § 23-126)

Sec. 102-226. Existing streets not affected.

It is not the intent and purpose under sections 102-221 to 102-225, inclusive, of this division to change the names of streets named by the city council, and all streets so named are not affected by the terms of such sections.

(C42, § 86-16; C54, C62, § 54-150; C75, C79, C85, § 23-127; O.11,583; C91, § 23-127)

Sec. 102-227. Placing and maintaining signs at corners of blocks.

Numbers or signs bearing the names of the traveled streets of the city so as to be easily legible to persons passing along the streets shall be placed and maintained by the department of engineering at the corners of blocks.

(C42, § 86-17; C54, C62, § 54-151; C75, C79, C91, § 23-128)

Secs. 102-228—102-255. Reserved.

DIVISION 4. TEMPORARY CLOSING

Sec. 102-256. Required for construction or repair.

Whenever any portion of any city street, highway, avenue or alley shall be in the process of construction or repair, the department of engineer-

ing, in cooperation with the department of public works and upon receiving appropriate clearance from police and fire personnel, may cause the roadway along it or such portion thereof as may, in the judgment of the department of engineering be deemed advisable, to be closed against public travel and use. No such street, highway, avenue or alley shall be closed for more than 60 days at any one time nor for a longer time than shall be necessary for the proper completion, seasoning and hardening of paving, unless otherwise provided by resolution of the city council. Access along one side of that street, highway, avenue or alley shall be kept open for use by pedestrians to the maximum extent practical.
(C42, § 91-9; C54, C62, § 54-230; C75, C79, § 23-231; O.10,649; C85, § 23-231; O.11,535; C91, § 23-231)

Sec. 102-257. Signs, barricades and other traffic control devices.

Whenever the department of engineering shall order any portion of any street, highway, avenue or alley to be closed for construction or repair, it shall cause proper warning signs, barricades and other traffic control devices to be placed and maintained until the proper completion of the repairs along the portion of the street so closed. The signs, barricades and any other traffic control devices so placed shall meet the requirements of the latest adopted edition of the Iowa Manual on Uniform Traffic Control Devices, including lighting devices and reflectorization or illumination for use during the hours of darkness.
(C42, § 91-2; C54, C62, § 54-231; C75, C79, C85, § 23-232; O.11,535; C91, § 23-232)

Sec. 102-258. Duties of contractors.

Any contractor engaged in construction or repairs of streets shall erect and maintain at his or her own expense warning signs, barricades and other traffic control devices as provided in section 102-257 of this division. In addition, whenever so ordered by the department of engineering, the contractor shall also keep upon such work a guard during hours that shall be prescribed. The guard shall be charged with the duty of properly guarding and protecting the signs, barricades and other devices erected as provided in this section. The guard shall have the powers of a police officer for the proper enforcement of this division. Upon failure of any contractor to maintain signs, barricades, other traffic control devices or a guard as provided in this section, the department of engineering shall cause such to be done. All costs of the work and materials, including the guard's compensation, shall then be charged to the contractor and deducted from the amount payable under the contract.
(C42, § 91-3; C54, C62, § 54-232; C75, C79, § 23-233; O.10,649; C85, § 23-233; O.11,535; C91, § 23-233)

Sec. 102-259. Driving vehicles or animals over closed streets.

Whenever any portion of any street, highway, avenue or alley shall be closed by order of the department of engineering, as provided in this division, no person shall drive any vehicle or livestock over the portion of such street, highway, avenue, or alley so closed or remove, disturb or interfere with any sign, barricade, guard or other traffic control device along the street, highway, avenue, or alley. Violation of this division shall be a misdemeanor as provided in section 1-15 of this Code.
(C42, § 91-4; C54, C62, § 54-233; C75, C79, C85, § 23-234; O.11,535; C91, § 23-234)

Sec. 102-260. Notice posted on portion of closed street.

Whenever the department of engineering shall cause any portion of any street, highway, avenue or alley to be closed, as provided in this division, it shall cause to be conspicuously posted upon each end of the portion of street, highway, avenue or alley so closed and upon intersecting streets, highways, avenues or alleys proper signs stating that such street or portion thereof is closed to public travel.
(C42, § 91-5; C54, C62, § 54-234; C75, C79, C85, § 23-235; O.11,535; C91, § 23-235)

Secs. 102-261—102-285. Reserved.

DIVISION 5. VACATION AND CONVEYANCE

Sec. 102-286. Procedures.

(a) *Application.* Any person holding an interest in real estate may file an application with the community development department for the vacation or vacation and conveyance of any street or alley adjoining such real estate. The application shall contain the following:

(1) The name, address and telephone number of the applicant and the legal description, if known by the applicant, of the real estate owned by the applicant adjacent to the street or alley sought to be vacated.

(2) A description of the street, alley, or portion thereof sought to be vacated.

(3) Proof of payment to the city treasurer of the required fee for an application to vacate a street or alley.

(4) A consent to the proposed vacation on a form acceptable to the legal department signed by all owners of land adjoining the portion of street or alley sought to be vacated. However, such consents are not needed if the street or alley is not open and in regular use.

(5) The interest, if any, in the vacated right-of-way sought to be conveyed to the owners of the adjoining property.

(b) *Investigation and recommendation.* The plan and zoning commission shall make a timely report and recommendation to the city council regarding such application. In preparing its report and recommendation the commission may hold a public hearing thereon. However, if the right-of-way sought to be vacated is for use as a sidewalk cafe in conformance with the adopted Design Standards for Sidewalk Cafes, or is otherwise determined by the city traffic engineer to have no significant impact upon the public use of the right-of-way, the city manager may instead present a staff report and recommendation to the city council without review by the commission

(c) *Initial determination.* Upon receipt of the report and recommendation of the plan and zoning commission or city manager, the city council shall determine if the city is interested in pursuing the proposed vacation. No further action shall be taken under this section if the council determines that the city is not interested in pursuing the proposed vacation.

(d) *Documentation.* Upon instruction by the city council, the city staff shall prepare the necessary documents and proposed legislation to complete the vacation, or vacation and conveyance as appropriate.

(e) *Final action.* Upon completion of the necessary documents and proposed legislation and receipt of the estimated publication and recording expense as determined by the city clerk, the proposed vacation, or vacation and conveyance shall be presented to the city council for its consideration. The council shall consider the matter at a public hearing as provided by law. Upon a finding that there is no public need for the right-of-way, the council may approve the vacation or vacation and conveyance of the right-of-way subject to such conditions and reservations as the council deems to be in the public interest.

(f) *Fee.* The required fee for a petition to vacate a street or alley shall be in the amount set in the schedule of fees adopted by the city council by resolution. The required fee and the publication costs collected pursuant to paragraph (e), above, shall not be refundable. If the proposed vacation is rejected by the city council, the recording expense deposited by the applicant shall be refunded. Such fees and costs are in addition to the purchase price set for such conveyance in accordance with city policies.

ARTICLE IV. SKYWALKS*

Sec. 102-316. Title.

This article shall be known and may be cited and referred to as the "skywalk ordinance" of the city.
(C79, § 23-236; O.9781; C91, § 23-236)

Sec. 102-317. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Nodal area means an area in the skywalk system where a pedestrian has the choice of two or more paths of travel, such as the intersection of two or more skywalk corridors, the intersection of one or more skywalk corridors and one or more vertical access facilities, or the connection of a skywalk bridge to a non-endpoint of a skywalk corridor. The primary public purpose of a nodal area is to provide sufficient area for pedestrians from different pathways to change paths and to use and enjoy aesthetic and functional amenities that enhance the skywalk system. Therefore, a nodal area should be of greater dimension than the intersecting pathways. Each nodal area which exceeds the area of the skywalk corridors included in it shall be deemed dedicated to such public purpose if an easement therefor is offered to the city and accepted by the city council.

Skywalk bridge means a skywalk-level bridge from building or structure face to building or structure face which spans one and only one street or alley and which continues the skywalk system pathway in a direction perpendicular or nearly perpendicular to the face of the building or structure to which it attaches. The primary public purpose of a skywalk bridge is to permit public pedestrian travel at the skywalk level across open spaces, such as streets, sidewalks, alleys and land where a building is set back from the public right-of-way. Each skywalk bridge shall be deemed dedicated to such public purpose upon passage of a resolution so stating by the city council.

Skywalk corridor means a skywalk-level pathway of the skywalk system which is within, along or on top of a building or is part of a separate structure over private property and whose termini are skywalk bridges, other skywalk corridors or an opening in a building through which the skywalk corridor connects to an adjacent building. The primary public purpose of a skywalk corridor is the accommodation of public pedestrian travel from point to point at or near the second story level. Each skywalk corridor shall be deemed dedicated to such public purpose upon the acceptance of an easement for such corridor by the city council.

Skywalk system means the planned skywalk system shown on the skywalk system plan map and includes skywalk corridors, nodal points within public easements, skywalk bridges and vertical access facilities planned, at any given time, for inclusion in the skywalk system, as well as those already included in the system.

Vertical access facility means a pathway for pedestrians to move between the skywalk level skywalk corridors and the ground level public sidewalk and consists of an escalator, stairs, elevator or other means of vertical transfer or a combination thereof, as well as the pathways between a skywalk corridor and the skywalk level access to the means of vertical transfer and the pathway between the ground level access to the means of vertical transfer and the public sidewalk. The primary public purpose of a vertical access facility is to allow pedestrians to move between the skywalk level and ground level sidewalk systems. Each vertical access facility shall be deemed a part of the skywalk system upon the acceptance of its designation as such by the city council. However, each vertical access facility shall remain under the control of those with interests in the property on which it is located.

Sec. 102-318. Purposes and policy.

The city finds and declares that it is the responsibility of the city to coordinate and integrate the development of the transportation system for downtown, including streets, parking facilities and accommodations, sidewalks, skywalks, bus stops and taxi stops, related street signs, traffic control devices, markings and regulations and other related structures and facilities, and further finds and declares that the development of a skywalk-level sidewalk system (to be known as the skywalk system) in the skywalk district, as an integral part of the transportation system, is a benefit to the public in that it (i) enables pedestrians with or without physical disabilities to move in an enclosed second story skywalk system protected from adverse weather and vehicles, (ii) reduces pedestrian-vehicle conflicts at the street level, (iii) encourages a more efficient use of public parking facilities, (iv) promotes increased and more efficient pedestrian travel within the downtown, (v) encourages shopping and economic growth in the urban renewal area and other adjacent portions of the downtown area by inducing redevelopment, remodeling and more intensive retail, commercial and residential use, thereby increasing employment opportunities and increasing the tax base for the city and other taxing jurisdictions, and (vi) provides an opportunity for aesthetic improvements, particularly at nodal areas of the skywalk system. Therefore, it is the policy of the city to participate in developing the public skywalk system shown on the skywalk system plan map by constructing the skywalk bridges across the public rights-of-way and by obtaining easements for skywalk corridors and nodal points under the provisions and within the limitations of this article.

Sec. 102-319. Skywalk district and skywalk map.

(a) The skywalk district is the area enclosed by the following described boundary:

The west bank of the Des Moines River from the north line of Grand Avenue to the south line of Court Avenue; the south line of Court Avenue from the west bank of the Des Moines River to the west line of Fifth Avenue; the west line of Fifth Avenue from the south line of Court Avenue to the north line of Cherry Street; the north line of Cherry Street from the west line of Fifth Avenue to the west line of Thirteenth Street; the west line of Thirteenth Street from the north line of Cherry Street to the north line of Walnut Street; the north line of Walnut Street from the west line of Thirteenth Street to the west line of Sixteenth Street; the west line of Sixteenth Street from the north line of Walnut Street to the south line of Locust Street; the south line of Locust Street from the west line of Sixteenth Street to the east line of vacated Eleventh Street; the east line of vacated Eleventh Street from the south line of Locust Street to the north line of Grand Avenue; the north line of Grand Avenue from the east line of 11th Street to the east line of 12th Street; the east line of 12th Street from the north line of Grand Avenue to the south line of relocated High Street; the south line of relocated High Street from the east line of 12th Street to the west line of 6th Avenue; the west line of 6th Avenue from the south line of High Street to the north line of Center Street; the north line of Center Street from the west line of 6th Avenue to the west line of 7th Street; the west line of 7th Street from the north line of Center Street to the north line of Crocker Street; the north line of Crocker Street from the west line of Seventh Street to the east line of relocated Third Street; the east line of relocated Third Street from the north line of Crocker Street to the north line of Watson Powell, Jr. Way; the north line of Watson Powell, Jr. Way from the east line of Third Street to the east line of Second Avenue; the east line of Second Avenue from the north line of Watson Powell, Jr. Way to the north line of Grand Avenue; and the north line of Grand Avenue from the east line of Second Avenue to the west bank of the Des Moines River.

(b) The planned skywalk system shall be shown on the skywalk system plan map. The skywalk system plan map shows the general location of each part of and appurtenance to the entire planned skywalk system to within a distance of one-quarter of the length of the block on either

side of its indicated location. Where a planned skywalk corridor is shown on the map over the length of an alley, it indicates that the skywalk corridor will be located within a building on property on either side of the alley or, if the city vacates or leases the air rights over the alley, it may be located within a building extending into such air space. Wherever it is located, and unless otherwise agreed by all property interests affected, property interests on both sides of the alley shall have the right to connect to a skywalk corridor:

(1) By paying the cost of connection; and

(2) If the skywalk corridor is in or over an alley,

a. Either by obtaining waivers from all affected property interests abutting such alley skywalk corridor of any claims against the city for loss of access, air, light or view occasioned by construction of such skywalk corridors, or by agreeing to indemnify, defend and hold harmless the city from any claims against the city for loss of access, air, light or view to result from such construction;

b. By paying a pro rata share of the costs for support of such skywalk corridor on the side of the alley on which such property interest is located, which pro rata share is two times the pro rata share fraction set forth in subsection (b)(2)c of this section; and

c. By paying a pro rata share of the cost of construction and operation, maintenance and repair of that skywalk corridor. The pro rata share for each property abutting such alley skywalk corridor and connected to the skywalk system shall be a fraction whose numerator is the lineal frontage of such property adjacent to such alley skywalk corridor and whose denominator is the product of two multiplied by the total lineal frontage of all property having access to the skywalk system and abutting such alley skywalk corridor on the same side of such alley as the property whose pro rata share is being calculated. However, if a property interest on either side of such skywalk corridor agrees in an approved skywalk agreement to provide an equivalent skywalk corridor within its building by the same deadline for which such skywalk corridor otherwise must be constructed over the alley before (i) the city enters a skywalk agreement which requires present construction of such alley skywalk corridor and (ii) a property interest has entered a construction contract for such skywalk corridor, then any obligation to construct such portion of alley skywalk corridor shall terminate, and such property interest providing the equivalent skywalk corridor shall not be obligated for any costs for any skywalk corridor actually constructed over such alley, and those constructing such alley corridor shall bear the entire costs thereof.

(c) The skywalk system plan map shall not be amended to relocate any such skywalk corridor or skywalk bridge a distance of more than one-quarter of the length of the block from the location shown thereon, unless all property interests who would have had the right of connection as a consequence of the prior location consent to such relocation and to an acceptable alternative plan for providing such property interests access to the relocated portion of the skywalk system without any additional cost to the city.

(d) The exact location of existing portions of the skywalk system shall be shown on the official skywalk map.

(e) All the notations, references and other matters shown on the skywalk system plan map and on the official skywalk map at the time each is adopted by the city council are incorporated in and made a part of that map.

(f) The skywalk system plan map and the official skywalk map shall each be on file in the office of the city clerk and shall bear the signature of the mayor, attested by the city clerk, under the certification that the document is the map referred to in this section.

(g) The city council may from time to time adopt and place on file a new skywalk system plan map or a new official skywalk map which shall supersede the prior version of such map.

(h) If, in accordance with this article, changes are made in the skywalk system or other matters portrayed on the skywalk system plan map or on the official skywalk map, the respective map shall be appropriately changed and the ordinance or resolution number and date of the change shall be recorded by the city clerk on the affected map.

(i) The skywalk system plan map shall only be amended by ordinance. The official skywalk map shall be deemed amended by each resolution accepting an easement for a skywalk corridor or accepting completed construction of a skywalk bridge and may be amended otherwise by resolution.
(C79, § 23-238; O.9781, 10,043, 10,438; C91, § 23-238; O.13,970, 14,564, 14,565, 15,006, 15,464)

Sec. 102-320. Skywalk committee/urban design review board.

(a) The powers and duties formerly held by the skywalk commission under this Code have been transferred to the urban design review board created by section 82-336 and to the skywalk committee created below.

(b) The urban design review board and the skywalk committee are hereby designated as the successors to the skywalk commission. The urban design review board shall have all those advisory duties and responsibilities not constituting the exercise of some portion of the power of the city, formerly held by the skywalk commission under the various skywalk agreements between the city and the owners, tenants and occupants of property within the skywalk system. The skywalk committee shall have all those powers and duties constituting the exercise of some portion of the power of the city, formerly held by the skywalk commission under the various skywalk agreements between the city and the owners, tenants and occupants of property within the skywalk system.

(c) A five member skywalk committee is hereby created. The membership of the skywalk committee shall consist of two members nominated by the urban design review board from its members, and three members nominated by the Des Moines Skywalk Association. The three members nominated by the association shall consist of an ownership representative who shall be an owner of an interest in property containing a skywalk corridor, or an officer of a business which owns such property; a tenant representative who shall be an owner of an interest in a business which leases property containing a skywalk corridor, or an officer of such a business; and an Association representative who serves on the governing board of the association. All such nominations shall be subject to approval by the city council. In the event that any nomination is rejected by the city council or not approved within 60 days of receipt by the city clerk, the nominating body shall promptly proceed with nominating a qualified alternate candidate.

(d) The term of the two members of the skywalk committee who are members of the urban design review board shall terminate concurrent with the termination of their term on the board. The term of all other members shall be three years. Any of the three members nominated by the Des Moines Skywalk Association who cease to hold the qualifications for appointment to the seat they hold on the skywalk committee shall automatically cease to be a member of the skywalk committee.
(C79, § 23-240; 0.9781, 10,031, 10,229, 10,589; C85, § 23-240; O.11,169, 11,385, 11,546; C91, § 23-240; O.13,910, 14,045, 14,147, 14,308, 15,352)

Sec. 102-321. Advisory powers of urban design review board.

The urban design review board shall review and advise the city council on the following:

(1) Any proposed amendment to this article;

(2) Any proposed amendment to any other ordinance that may affect the skywalk system;

(3) Any proposed amendment to the skywalk system plan map or the official skywalk map;

(4) Any proposed location or change in location of a skywalk corridor or vertical access facility;

(5) The policy and design standards for skywalk bridges;

(6) Any request to extend the three-year period for reconstruction of a destroyed skywalk corridor; and

(7) Such other matters as it determines should be brought to the city council's attention.

(C85, § 23-240.01; O.11,385; C91, § 23-240.01; O.13,910, 14,045, 14,147)

Sec. 102-322. Decision powers of skywalk committee.

For the purpose of this article, the skywalk committee shall:

(1) Establish minimum standards for operation, maintenance and repair of the skywalk system. The term "operation" shall include heating, cooling, lighting, cleaning and providing surveillance for the skywalk system.

(2) Establish the policy and approve the design for the skywalk logo, skywalk maps and route directories, skywalk directional signs and store and building name signs and building directories.

(3) Approve erection of sculpture, plantings, or supports for public announcements or artwork or other amenities in any part of a nodal area on a public easement, the dimensions of which exceed the minimum skywalk corridor dimensions.

(4) Approve or disapprove a request by any person to change the hours of operation for any portion of the skywalk system, except vertical access facilities, provided such change does not reduce the hours that portion of the skywalk system is open below the minimum hours provided in this article. A request to so change the hours a portion of the skywalk system is open signed by all private property interests on the portion of the skywalk system affected by the change shall be deemed granted upon notice to the skywalk committee. A request to extend the hours a portion of the skywalk system shall remain open shall be granted upon evidence that there will be substantial usage of that portion of the system during such hours, provided those persons requesting such extension of hours present the committee with an executed agreement providing for payment of all operation and repair costs on that portion of skywalk system during such hours. The skywalk committee may approve or may approve subject to such reasonable conditions as are necessary to protect the interests of other persons along the affected portion of the skywalk system or may disapprove a request to change hours of operation, but if the skywalk committee does not approve subject to condition or disapproves a proposed change in hours within 15 days of the date such request is filed with the skywalk committee, the proposed change shall be deemed approved.

(5) Upon its own notice or upon the complaint of any person, determine whether or not a skywalk corridor constructed or otherwise provided by a private property interest conforms to the minimum design standards for skywalk corridors contained in this article. Any private property interest may submit plans for the construction or other provision of a skywalk corridor to the skywalk committee for determination as to whether or not such plans conform to such minimum design standards.

(C85, § 23-240.02; O.11,385; C91, § 23-240.02; O.13,910, 14,045)

Sec. 102-323. Variances.

(a) The skywalk committee shall approve or approve with such reasonable conditions as the committee may determine or disapprove a request for a variance from the requirement for minimum clearance of a skywalk corridor or a skywalk bridge over an alley, provided that the committee may grant such variance only when it is satisfied under the evidence before it that:

(1) Because of exceptional topographical conditions or other extraordinary or exceptional circumstances, the strict application of the terms of this article actually prohibits connection of a property to the

skywalk system in a manner reasonably similar to that of other property in the skywalk district;

(2) The plight in question is due to unique circumstances shown by the evidence and is not of the making of any person with a property interest in any property abutting on such skywalk corridor or skywalk bridge; and

(3) The requested variation shall be in harmony with the intended spirit and purpose of this article, provided, further, that no variance shall be granted which provides for a minimum clearance of a skywalk corridor or skywalk bridge over an alley of less than 13 feet eight inches over the highest point of the surface of such alley.

(b) The applicant for such variance shall have the burden to present evidence and to prove that the conditions for granting a variance have been satisfied.

(c) The decision on an application for variance shall be made after a public hearing. Notice of such public hearing shall be given at least ten days prior to the date of the public hearing by publication once in a newspaper of general circulation in the city and by registered or certified mail addressed to the last known address of all persons with a property interest in each property abutting on such alley. The applicant shall pay the city an application fee of $5.00 and the actual costs of notice of the public hearing.

(d) Within ten days after the date the skywalk committee renders its decision, any person aggrieved by such decision may appeal to the city council by written notice of such appeal directed to the city clerk, the skywalk committee and all persons with a property interest in each property abutting on such alley. The city council shall consider such appeal at a public hearing held after at least ten days' notice given in the same manner as for the original hearing before the skywalk committee. The appellant shall pay the city a fee of $5.00 and the actual costs of notice of the public hearing. The city council may grant or deny a variance on the same basis as the skywalk committee.

(C85, § 23-240.03; O.11,385; C91, § 23-240.03; O.13,910, 14,045)

Sec. 102-324. Changes of hours, conditions.

When any portion of the skywalk system extends to serve only a single building or business, and no further, and when the building or business served is not regularly open to the public throughout the minimum hours of operation for the skywalk system provided in this article, the skywalk committee, with the written consent of all private property interests associated with the building or business, may approve a reduction in the hours of operation of that portion of the skywalk system serving only that single building or business, so that portion of the skywalk system shall be closed for public pedestrian travel during all or a portion of the hours in which the building or business is not regularly open to the public. However, in no event shall the skywalk committee approve such a reduction in the minimum hours of operation so as to close the affected portion of the skywalk system during any of the hours in which the building or business is regularly open. Any associated private property interest at any time may revoke its consent to such a reduction in hours by filing a written notice of revocation with the skywalk committee. Upon receipt by the skywalk committee of such notice from any associated private property interest, the prior approval granted by the committee to the reduction in hours shall be deemed revoked, and the affected portion of the skywalk system shall be required to remain open in accordance with the minimum hours of operation for the skywalk system provided in this article.

(C85, § 23-240.04; O.11,385; C91, § 23-240.04; O.13,910, 14,045)

Sec. 102-325. Arbitration.

(a) Any person aggrieved by a decision of the skywalk committee made under a decision power granted it in section 102-322 of this article may request binding arbitration by a written request filed with the secretary of the committee within ten days after receipt of the decision. Thereafter,

within five days, the skywalk committee and the party requesting arbitration shall each appoint one arbitrator. Within five days of their mutual appointment, those two arbitrators shall select a third arbitrator who shall chair the arbitration panel. The arbitration panel shall schedule a public hearing within ten days of such final selection, and the city clerk shall publish notice of the hearing and shall notify affected property owners and tenants by mail. Any interested person may present evidence or argument at the hearing. The arbitration panel shall have the power to reach the same decisions pursuant to the same standards as the skywalk committee. If the majority of the arbitration panel does not render its written decision and reasons within ten days of its hearing, the decision of the skywalk committee shall prevail. Each party shall pay for the costs of the arbitrator it appoints, and the arbitration panel shall apportion all additional costs of arbitration as justice warrants.

(b) For purposes of this section, the city manager, on behalf of the city, shall be a person who may request arbitration or appeal of a decision of the skywalk committee to the same extent that any other person can.
(C85, § 23-240.05; O.11,385; C91, § 23-240.05; O.11,793, 13,910, 14,045)

Sec. 102-326. Application to be included in skywalk system.

(a) No person may construct a portion of or connection from a property interest granted the right of connection by section 102-319 or by subsection 102-329(l) of this article to the skywalk system without approval of the city.

(b) The city council shall receive and consider an application for the development of a portion of or connection to the skywalk system from an applicant who effectively represents all properties, except those owned by the city and those already traversed by a portion of the skywalk system, to be traversed by the proposed portion of or connection to the skywalk system with the power of attorney to commit such properties to the skywalk usages and restrictions provided by this article. The city council shall receive the advice of the urban design review board before acting on the application.

(c) In determining the priority of construction and location of skywalk bridges, the city council shall give favorable consideration to construction of such bridges to blocks in which all necessary property interests grant the city the right to all easements necessary to complete or extend the skywalk system to all faces of the block and necessary to permit connection to the skywalk system by those property interests within the block that are granted such right of connection by this article, which easements shall come into being at such time as the city council determines they are necessary for such purposes.

(d) The city council shall grant the application to construct a portion of the skywalk system and shall construct any necessary bridges over public rights-of-way at public expense according to specifications on file in the city clerk's office and shall grant the application to construct a connection to the skywalk system if:

(1) The applicant:

a. Demonstrates that the proposed portion of the skywalk system or connection thereto is part of the skywalk system as shown on the skywalk system plan map or as included on the map by amendment or is a connection thereto allowed by section 102-319 or by subsection 102-329(l) of this article;

b. Grants the city at no cost an easement for public pedestrian travel through and over all skywalk corridors across such private property and, further, grants the city the right to an easement for public pedestrian travel through and over any future skywalk corridor across such property that is or may become necessary to extend the skywalk system beyond such property to an adjacent property, which easement shall come into being at such time as the city council determines it is necessary for such extension of the skywalk sys-

tem. Such easements shall be deemed dedicated to public pedestrian travel only during the hours that such skywalk corridors are open according to the terms of this article. Each such easement for a skywalk corridor shall provide as direct a pathway across such property to the skywalk system connections to other property as is reasonable and practical. The location of each such easement shall be the location approved by the city council. Such private property interests shall have the right to change the location of a skywalk corridor easement upon notification to and approval by city council upon the advice of the urban design review board, which approval shall not be unreasonably withheld, and upon completion of construction of such relocated portions of the skywalk system;

c. Signs a skywalk agreement with the city to construct all portions of or connections to the skywalk system to be built at private expense according to minimum design standards for the skywalk system and to abide by all terms and conditions of the skywalk agreement and all terms and conditions of this article as are in effect on the date such skywalk agreement is made; and

(2) The city council determines that the city can finance its obligations or, in the alternative, if the applicant agrees that the city can perform its obligations or any part of them as soon as the city council determines it can finance them.

(C79, § 23-241; O.9781; C91, § 23-241; O.13,910, 14,045, 14,147)

Sec. 102-327. City's responsibilities.

(a) In the approved portions of the skywalk system, the city shall construct the skywalk bridges over public rights-of-way according to specifications on file in the city clerk's office and shall assume the cost of construction of that portion of the skywalk bridges which is over the public right-of-way.

(b) If any city-owned skywalk bridge is so damaged or destroyed that it is not usable, the city shall immediately create a temporary vertical access facility to the ground level and back up to the skywalk level around such damage, and the city shall rebuild the skywalk bridge at city expense as soon as practicable.

(c) The city shall construct any skywalk corridors, nodes, or vertical access facilities in city-owned buildings.

(d) If any skywalk corridor or vertical access facility in a city-owned building is so damaged or destroyed that it is no longer usable, the city shall immediately either provide a temporary route around the damaged portion or create a temporary vertical access facility to the ground level and back up to the skywalk level around such damage, and the city shall rebuild the skywalk corridor or vertical access facility at public expense as soon as possible and in any event within three years, unless the city council for good cause shown extends the three-year period.

(e) The city shall pay for the maintenance, repair and operational expenses for that portion of the skywalk system which traverses a city-owned building and shall pay the same share of such expenses for all skywalk bridges connecting to such city-owned building as if the city were a private property interest.

(C79, § 23-242; O.9781, 9854; C91, § 23-242)

Sec. 102-328. Obligations of private property interests.

(a) In addition to granting the easements required by section 102-326 of this article, the owners of any private property interest traversed by the skywalk system and the skywalk-level tenants of such property (referred to in this section as "the private property interests") and their successors or assigns:

(1) May grant the city at no cost an easement for skywalk purposes for so much of a nodal area as exceeds the skywalk corridor easement. The location of these ease-

ments shall be as approved by the city council and shall be shown on the official skywalk map. The private property interests shall have the right to change the location of such nodal area easements upon notification to and approval by the city council upon the advice of the urban design review board, which approval shall not be unreasonably withheld, and upon construction of the relocated portions of the skywalk system. The private property interests shall have the right to terminate any such nodal area easement upon three weeks' written notice to the city council.

(2) Shall construct or otherwise provide at their own expense all portions of the skywalk system traversing their property and shall construct or provide such skywalk system according to the minimum design standards and criteria of this article.

(3) If the portion of the skywalk system traversing private property is so damaged or destroyed as to be unusable, shall be responsible for providing either an immediate temporary route around the damaged portion or construction of a temporary route to the ground level and a temporary route back to the skywalk system at the other end of the damaged portion and shall rebuild or otherwise replace the damaged portion of the skywalk system as soon as is reasonable, but in any event within three years, unless the city council for good cause shown extends the three-year period, subject to such reasonable conditions as it may impose, for such reasonable period of time as is necessary to complete the repairs or replacement. Any person aggrieved by the decision of the city council may request binding arbitration by the same procedure as provided in subsection 102-325 of this article.

(4) Shall be responsible for the costs of operation, maintenance and repair of that portion of the skywalk system traversing their private property and shall be responsible for that share of such costs for each skywalk bridge connected to their private property as is determined by the following ratio: 1/N, where N equals the number of private properties connected to such skywalk bridge at any given time which are subject to a skywalk agreement then in existence, all in conformance to the operation, maintenance and repair standards set by the skywalk committee. If a particular private property interest fails to fulfill its responsibilities for operation, maintenance or repair after notice to do so from the city, the city shall secure such operation, maintenance or repair and assess the cost of performing such operation, maintenance or repair against the private property upon reasonable notice and hearing before the city council.

(5) Shall be responsible for providing surveillance of and on that portion of the skywalk system traversing their private property and for providing surveillance of and on each skywalk bridge connected to their private property, all in conformance to or exceeding the standards for such surveillance set by the skywalk committee. If, as a result of such surveillance or otherwise, a private property interest has knowledge of a violation of law, such private property interest, in its sole discretion, either shall undertake the initial action to handle the situation itself or shall immediately contact the city police department. The city shall be responsible at least to provide customary city police protection to the skywalk bridges and skywalk corridors in the same manner as it provides police protection to other private and public properties within the city limits. If a particular private property interest fails to fulfill its responsibilities for surveillance after notice to do so from the city, the city shall secure such surveillance and assess the cost of performing such surveillance against the private property upon reasonable notice and hearing before the city council.

(6) May enhance, to the extent they choose, a nodal area dedicated to the city by erec-

tion of sculpture, artwork, plantings or other amenities as approved by the skywalk committee.

(7) Shall provide liability insurance for the portion of the skywalk system traversing their property in an appropriate amount, naming the private parties and the city as insureds, and shall carry casualty insurance in an amount sufficient to rebuild the skywalk system that traverses their private property.

(8) Shall be entirely responsible for any additional construction or costs necessary to provide security or separation between the skywalk system and the private property.

(b) Private property interests that are party to a skywalk agreement entered into after April 1, 1992 and their successors and assigns shall become members in good standing of a business organization that provides skywalk security and surveillance pursuant to a valid I.C. ch. 28E agreement with the city. The obligation set forth in this subsection shall not apply to the federal government.

(c) The obligation of a private property interest shall cease if it transfers its interest to another who assumes its obligation under this article. The obligations of the private property interests and their successors and assigns shall cease if the private property is taken by an exercise of the power of eminent domain or if the portion of the skywalk system traversing their property is formally abandoned by the city as part of the skywalk system. In addition, any time after 30 years from the date they entered a skywalk agreement, all private property interests in a property or their successors or assigns may jointly terminate their obligations upon two years' written notice to the city council, which notice may be given at any time after 28 years from the date of such skywalk agreement; provided, however:

(1) If the city makes significant capital repairs or replacements to a skywalk bridge abutting on such private property interests' property on or before 15 years from the date of their skywalk agreement, they cannot so terminate their skywalk agreement until 25 years after completion of such significant capital repairs and replacements or 30 years from the date of their skywalk agreement, whichever is later; provided that in such event the prior written notice referred to in this subsection may be given at any time after 23 years from the completion of such significant capital repairs and replacements or 28 years from the date of their skywalk agreement, whichever is later; and

(2) If the city makes significant capital repairs or replacements to a skywalk bridge abutting on such private property interests' property after 15 years from the date of their skywalk agreement, they cannot so terminate their skywalk agreement until any time on or after 40 years from the date of their skywalk agreement; provided that in such event the prior notice referred to in this subsection may be given at any time after 38 years from the date of their skywalk agreement.

Significant capital repairs or replacements shall include only those capital repairs or replacements for which the city expends money not derived from insurance or the proceeds of a judgment awarded the city in an amount which exceeds 50 percent of the original cost of the skywalk bridge to which such capital repairs or replacements are to be made as such original cost is increased or decreased by the change in the index for "Building Cost" for Kansas City contained in Engineering News-Record from the date of award of the contract for original construction of the skywalk bridge to the last known figure for such component prior to the date of first action by the city council on such proposed significant capital repairs or replacements.

(C79, § 23-243; O.9781, 9854, 10,229; C85, § 23-243; O.10,883; C91, § 23-243; O.11,793, 13,910, 14,045, 14,147)

Sec. 102-329. Development criteria.

(a) There shall be at most one skywalk bridge per block face; provided, however, that a second skywalk bridge may be constructed in a block face if:

(1) At least one of the blocks to be connected by such skywalk bridge has at least 1,500 persons regularly employed or residing within such block;

(2) A property in such block to be connected to such skywalk bridge has at least 500 persons regularly employed or residing and does not have any other connection to the skywalk system shown on the skywalk system plan map;

(3) Such skywalk bridge shall be connected to a skywalk corridor which is shown on the skywalk system plan map; and

(4) There shall be a vertical access facility accessible from such skywalk bridge in each block connected by such skywalk bridge.

(b) There shall be at least one vertical access facility in each block accessible to and usable by the handicapped. However, in the event two adjoining blocks are consolidated by the vacation of the intervening street and are occupied by single building, one vertical access facility may be used to serve the two consolidated blocks if two or more other vertical access facilities are also maintained in adjoining blocks at locations immediately accessible from a skywalk bridge connecting to the two consolidated blocks. A vertical access facility may utilize an existing vertical transfer system in a private property traversed by the skywalk system.

(c) All doors in the public skywalk system shall be built entirely at private expense, except that doors at the end of a skywalk bridge connecting to city property or within city property shall be built at city expense.

(d) The method of transfer between skywalk corridors in different buildings of different heights shall be accessible to and usable by handicapped persons.

(e) The skywalk system shall be maintained free of all obstructions, except that sculpture, plantings, supports for public announcements or artworks or other amenities, as approved by the skywalk committee, may be erected in those portions of the nodal areas, skywalk corridors or skywalk bridges which exceed 14 feet in width and which have been dedicated for public skywalk purposes. Where a public utility contracts to provide public communication equipment and service in one or more such locations, the owner or lessee of such location shall be entitled to the proceeds from such contract.

(f) Skywalk corridors shall conform to the following minimum design standards:

(1) *Width.* Skywalk corridors shall have a minimum width of 14 feet free and clear of any obstructions or intrusions. However, in the following circumstances, the lesser widths specified may be allowed:

a. Where a column, pipe or other integral structural feature or member of an existing building will intrude into a skywalk corridor, such corridor and the easement therefor shall be for that narrower width for the minimum distance which is necessary to prevent such intrusion.

b. Where a skywalk corridor is constructed over an alley or vacated alley between existing buildings, and where a column, pipe or other integral structural feature or member of an existing building or buildings restrict the available width for construction of the skywalk corridor, such corridor and the easement therefor shall be of the maximum width that can reasonably be constructed, such reduced width shall be for the minimum distance possible, and no portion of the corridor shall be less than 13 feet free and clear of any obstructions or intrusions.

c. Where the easement for a skywalk corridor is in a building corridor already constructed as of July 3, 1980, such skywalk corridor shall have a

minimum width of 12 feet free and clear of any obstructions or intrusions.

d. The city council in its discretion may accept a right to an easement for a skywalk corridor 14 feet in width and may restrict the actual width of the easement for a skywalk corridor to no less than 12 feet in those situations where on one side of the skywalk corridor any barricade wall or other physical barrier or obstruction, including but not limited to chainlink mesh, clear glass or other material, which stands or is erected or placed between such corridor and the abutting private property interest, meets all of the following criteria during the regular hours the building or business in which the skywalk corridor is located is open:

1. Such physical barrier or obstruction comprises no more than 40 percent of the area of the vertical plane between floor and ceiling running parallel to and at the edge of such corridor through such property interest.

2. In those open portions of such areas where such barrier does not extend from floor to ceiling, the private property interest may place or stand temporary obstructions within the 14-foot right to an easement area but without the 12-foot easement on the open side, so long as no such obstruction shall be placed or stood within the 14-foot right to an easement width which exceeds 36 inches in height measured from the floor and/or the ceiling; provided, however, that any such temporary obstruction affixed to the ceiling must not extend lower than seven feet above the floor. Where such open spaces exist on both sides of such corridor, such intrusion shall be limited to a total of two feet divided between the two sides of the corridor at the private property interest's discretion; provided, however, that the amount of intrusion on each side of the corridor shall be uniform for the length of such corridor through the private property.

Doors which are normally closed but which open into a skywalk corridor shall not be deemed barriers, obstructions, or intrusions as referred to in this subsection. Doors that are provided for fire protection or for atmospheric pressure control with a total opening width of ten feet eight inches or more shall not be deemed barriers, obstructions or intrusions as referred to in this subsection.

(2) *Height.* Skywalk corridors shall have a minimum height of nine feet or the existing ceiling height of the space through which the corridor is to pass, whichever is lower, free and clear of any obstructions or intrusions except at those points of the corridor where a beam, pipe or other similar structural feature of the existing building requires a lower height for that minimum distance necessary to pass such beam, pipe or other similar structural feature.

(3) *Delineation.* Skywalk corridors shall be readily identifiable and distinguishable from the surrounding parts of the buildings through which they pass. The skywalk corridor may be delineated by different floor coverings, by walls or by physical barriers.

(4) *Lighting.* There shall be artificial lighting capable of providing a minimum intensity at every point along the skywalk corridor floor of either:

a. 30 footcandles; or

b. an amount equivalent to the recommended illumination standards for Transition Spaces, Public, Independent Passageways (ages 65 and older),

as identified in The Lighting Handbook, Tenth Edition (the "Lighting Handbook"), published by the Illuminating Engineering Society. Lighting controls intended to reduce artificial light output and conserve energy are acceptable as long as the recommended minimum standards in the Lighting Handbook are met. For new construction and reconstruction of existing skywalk lighting systems, the illumination shall meet the average/minimum uniformity ratios identified in the Lighting Handbook.

Lighting fixtures shall be recessed in or attached in immediate proximity to the ceiling, except that hanging or pendant fixtures will be permitted which do not invade the minimum skywalk corridor height. If additional lighting fixtures must be provided, they shall be supplied with electricity in such a manner that the interruption of service in any circuit inside the building will not result in total interruption of the required lighting.

(5) *Heating and cooling.* The skywalk corridor must be serviced by heating and cooling equipment capable of sustaining skywalk corridor temperatures between 65 degrees and 85 degrees Fahrenheit at all times.

(6) *Minimum clearance over alleys.* Any skywalk corridor constructed over an alley shall have a minimum clearance over the surface of the alley of 14 feet six inches, unless a variance is granted in accordance with section 102-323 of this article which permits a lower minimum clearance over an alley.

(g) The only signs that will be allowed in skywalk corridors and skywalk bridges are skywalk logos, skywalk map and route directories, skywalk directional signs and skywalk building identification signs as approved by the skywalk committee. The private property interests shall be allowed to erect store or building name signs and building directories on the sidewalls of skywalk corridors with approval by the skywalk committee and shall be allowed to erect any signs they wish on the private property adjacent to the skywalk corridors, so long as these signs are not so similar to skywalk graphics as to cause confusion.

(h) Skywalk corridors shall conform to such minimum design standards for skywalk corridors as exist at the time the easement for the corridor comes into being.

(i) Skywalk bridges shall have a minimum width of 14 feet and a minimum height of nine feet, both free and clear of any obstructions or intrusions; shall have a minimum clearance over the traveled portion of streets of 16 feet six inches and over the surface of alleys of 14 feet six inches, unless a variance is granted in accordance with subsection 102-323 of this article which permits a lower minimum clearance over an alley; and shall conform to such other minimum design standards as are adopted from time to time by the city council and kept on file in the city clerk's office. However, if the city council determines to incorporate into the skywalk system any skywalk bridges existing as of the effective date of the ordinance from which this article derives, such bridges need not meet the minimum standards of this subsection. Doors that are provided for fire protection or for atmospheric pressure control with a total opening width of ten feet eight inches or more shall not be deemed as obstructions or intrusions as referred to in this subsection. Such doors shall be located at the building face or within the building. One set of intermediate structural supports may be located not less than every 100 feet where necessary to avoid bridge spans exceeding 100 feet, and a clear opening width of at least 12 feet shall be provided at each support location, provided that the clear open width may be less than 14 feet for only that minimum distance necessary to provide such support, which minimum distance shall not exceed two feet measured parallel to the length of the bridge.

(j) Structural foundations and supports for skywalk bridges shall be built outside the public right-of-way lines wherever possible. They shall be built at private expense, except for those

structural foundations and supports on that end of a skywalk bridge which connects to a city-owned building.

(k) Those skywalk bridges, skywalk corridors and vertical access facilities which are designated by the city council as fire exits or paths to fire exits must be open in accordance with the applicable city fire ordinances, as may be from time to time amended, and all fire prevention code requirements as to the construction of skywalk corridors to a point of access to the outside must be observed. Private property interests may not use skywalk bridges or skywalk corridors as fire exits without specific permission from the city council.

(l) If there is no plan for a person's property to be traversed by the skywalk system, as shown by the skywalk system plan map, and if such person's property touches a property which is traversed by an existing portion of the skywalk system, such person may apply for connection to the skywalk system under section 102-326 of this article.
(C79, § 23-244; O.9781, 9854, 9900, 9982, 10,031, 10,052, 10,589, 10,666; C91, § 23-244; O.11,793, 13,910, 13,996, 14,045, 14,564, 15,178)

Sec. 102-330. Standards of usage.

(a) The skywalk corridors and skywalk bridges shall be open for public pedestrian travel between the hours of 6:00 a.m. and 2:00 a.m. seven days a week, except that the skywalk corridors and skywalk bridges or portions thereof shall be open for such additional hours as the skywalk committee may approve in accordance with subsection 102-322(4) of this article and except that portions of the skywalk corridors and skywalk bridges shall be open for such reduced hours as the skywalk committee may approve in accordance with subsection 102-324 of this article. The vertical access facilities shall be open during the regular building or business hours of the building or business in which they are located, but not in excess of the hours the skywalk corridors they serve are open.

(b) During the hours when a portion of the skywalk system is open, it shall be available for use by the general public without restriction as to age, sex, religion, race, national origin or physical disability. During the hours when a portion of the skywalk system is open, no private property interest whose property is traversed by that portion of the skywalk system shall block or close that portion of the skywalk system designated as open.

(c) It shall be unlawful for persons to collect, assemble or group together and after being so collected, assembled or grouped together to stand or loiter on any portion of the skywalk system to the hindrance or obstruction of free passage of any person passing on or along such skywalk system.

(d) It shall be unlawful for persons to congregate, stand, loaf or loiter in or in front of any doorway, passage or entrance to any portion of the skywalk system so as to obstruct the doorway, passage or entrance or to hinder or prevent persons walking along or into or out of the skywalk system or attempting or desiring to do so.

(e) Groups of three or more persons who do not immediately leave the vicinity or disperse when asked to do so by any member of the public or by a police officer shall be presumed to have congregated, stood, loafed or loitered in violation of subsection (c) or (d) of this section, but it shall not be necessary to request such people to move, leave the vicinity or disperse in order to prove a violation of subsection (c) or (d) of this section.

(f) No more than two persons at any one time shall use a skywalk bridge as a locus for peaceful picketing, public speaking, leafleting, or other lawful expressions of opinion not in contravention of other laws, and no person shall conduct such activities in any portion of the skywalk system except on a skywalk bridge. It shall be unlawful to conduct such activities in such a manner as to block, obstruct or hinder any use of the skywalk system or normal activities in the adjacent buildings or properties.

(g) No person shall bring, allow or permit an animal to be in the skywalk system, except that a person with a disability or a person training a service animal has the right to be accompanied by a service animal, as defined in section 18-41 of this Code and as provided by 28 CFR 35, which is under control.

(h) Other than wheelchairs, motorized wheelchairs or electric scooters used by handicapped persons and vehicles used in operating, maintaining and repairing the skywalk system, no person shall use or operate a motor vehicle, moped, bicycle, skateboard or roller skates in the skywalk system.

(i) No person shall play a radio, tape recorder, or other sound-amplifying device in the skywalk system so as to permit the sound from the radio, tape player or other sound-amplifying device to be audible to another person, except that peace officers and security personnel may play radios tuned to official police or security frequencies and except that persons in those businesses along the skywalk system may continue to play radios, tape recorders or other sound-amplifying devices as is usual in the course of business.

(j) No person shall stand or sit on any radiator or other fixture in the skywalk system, except on a bench or seat provided in that portion of a nodal area outside the skywalk corridor.

(k) No person shall erect any advertising or signs, other than official skywalk system signs approved by the skywalk committee, in any skywalk corridor or skywalk bridge, except that store or building name signs or building directories may be permitted by the skywalk committee on the sidewalls of skywalk corridors, and except that temporary street banner signs announcing a public event or service attached to the exterior of skywalk bridges may be permitted providing that specific approval is granted under regulations established by the city council. No person shall erect any sign on property adjacent to the skywalk system that is so similar to an official skywalk sign or graphics as to cause confusion.

(l) No person shall be upon or remain upon any skywalk corridor or skywalk bridge roof without the authorization of the skywalk committee unless use of such roof is for a bona fide maintenance activity or emergency.

(m) No person shall use or consume alcoholic liquor, wine or beer in any skywalk corridor or skywalk bridge during the hours when such skywalk corridor or skywalk bridge is open for public pedestrian travel.

(n) No person shall enter upon any portion of the skywalk system, its skywalk bridges or corridors and conduct activities thereon in disregard of signs or posted notices as promulgated or authorized by the skywalk committee.

(o) No person shall willfully fail or refuse to comply with any lawful order or direction of a peace officer invested by law with authority to patrol the skywalk system and its skywalk bridges and corridors.

(p) Violation of this section shall be punishable as a simple misdemeanor.

Secs. 102-331—102-355. Reserved.

ARTICLE V. DRIVEWAYS

Sec. 102-356. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abandoned driveway approach means a driveway approach no longer used or whose condition is such that it may no longer be used in accordance with the terms and conditions of this article.

Commercial driveway approach means a driveway approach providing access to an office, retail or institutional building; to an industrial or commercial development; or to an apartment building having nine or more dwelling units.

Curb drop means any depression in the curbing along the traveled portion of a street right-of-way originally designed or later created to facilitate passage of motor vehicles between that street and any private property adjacent to it.

Driveway approach means any area between the right-of-way line of any public street and the traveled portion of that street used for the

purpose of providing access for motor vehicles from the traveled way of the public street to any private property adjacent to the street.

Driveway width means the width of the driveway approach in feet measured at the right-of-way line of any public street except where the driveway radii are greater than the distance between the right-of-way line and traveled portion of that street, in which case the width of the driveway approach shall be measured at the end of the driveway radii on private property.

Permanent driveway approach means a driveway approach constructed on a street which is improved with permanent street surfacing. Such permanent driveway approaches can only be surfaced with Portland cement or asphaltic concrete in conformance with construction plans and specifications on file in the city clerk's office.

Residential driveway approach means a driveway approach providing access to a single-family residence, to a duplex, or to an apartment building containing eight or less dwelling units.

Temporary driveway approach means a driveway approach surfaced with a material other than Portland cement or asphaltic concrete in conformance with construction plans and specifications, on file in the office of the building official.
(C62, § 54-221; O.7371; C75, C79, § 23-208; O.9963; C85, § 23-208; O.11,583; C91, § 23-208; O.13,010)

Cross reference—Definitions generally, § 1-2.

Sec. 102-357. Compliance with article.

No person shall construct or replace any driveway approach or curb drop without first complying with this article.
(C62, § 54-222; O.7371; C75, C79, C85, § 23-209; O.11,583; C91, § 23-209)

Sec. 102-358. Permit.

No person shall cut into, remove or destroy any part of any curb along the edge of any traveled way or construct, reconstruct or remove a permanent or temporary driveway approach without first securing a permit for a driveway approach, except that no permit is required for restoring an existing temporary driveway approach to an unimproved street at such time as the street is paved.
(C62, § 54-223; O.7371; C75, C79, § 23-210; O.9963; C85, § 23-210; O.11,583; C91, § 23-210)

Sec. 102-359. Application to construct.

Prior to the construction or emplacement of any driveway approach, any person having a vested interest in the parcel of land to which the approach will run or the person who is to perform the work incident to the construction or emplacement of the driveway approach shall file an application in the office of the building official. The application shall contain the following information:

(1) The name of the owner of the parcel of land to which the proposed driveway approach will run.

(2) The name of the applicant, if the application is made by a person other than the owner of the parcel of land to which the approach will run.

(3) The location of the parcel of land, legal description, or other means of specific identification.

(4) The type of materials to be used in the construction or replacement thereof.

(5) The name and address of the contractor or other person who is to undertake the work incident to the construction or replacement of the driveway approach.

(6) Attached to or as a part of the application, a plat showing the parcel of land, the location and the nature of parking or driveway improvements upon the land and the proposed location and design of the driveway approach and curb drop showing its proposed dimensions and design. All plats for commercial driveway approaches shall contain either the written approval of the city engineer or that of the building official issued during a site plan review pursuant to article 9 of chapter 135 of this Code.

(7) Other information as may be deemed necessary by the building official or the city engineer.

(C62, § 54-224; O.7371; C75, C79, § 23-211; O.9963; C85, § 23-211; O.11,583; C91, § 23-211; O.13,010, 15,819)

Sec. 102-360. Amendments to application.

If it is determined that the proposed construction or replacement will not be in conformity with this article or the provisions of any other law or regulation or will create a traffic hazard, the building official shall advise the applicant of all necessary changes. The applicant shall file such amendments to his or her application as may be necessary to incorporate the changes. If amendments are sufficient to show the necessary changes, the building official shall issue the permit as provided in this article. If the proposed construction or replacement is in conformity with this article and is denied by the building official upon the recommendation of the city engineer based upon the creation of a traffic hazard, the applicant may, within 30 days of the denial, appeal the decision to the city council.

(C62, § 54-225; O.7371, 8450; C75, C79, § 23-212; O.9963; C85, § 23-212; O.11,583; C91, § 23-212; O.13,010)

Sec. 102-361. Permit fees.

(a) In order to defray the costs of administering this article, the fees for permits to construct a residential curb drop and/or driveway approach, to construct a commercial curb drop and/or driveway approach, and to construct a temporary driveway approach, shall be in the amounts set forth in the approved schedule of fees on file in the office of the city clerk.

(b) If a permanent sidewalk has not been constructed in the area of a permanent driveway approach, a permanent sidewalk section shall be constructed through the permanent driveway approach, unless the requirement for the sidewalk has been waived by the city engineer.

(c) The fees in subsection (a) of this section shall be paid at the office of the building official, and no permit shall be issued until such fee has been paid.

(C62, § 54-225; O.7371, 8450; C75, § 23-213; O.9125; C79, § 23-213; O.9963; C85, § 23-213; O.11,583; C91, § 23-213; O.11,748, 13,010, 15,112)

Sec. 102-362. Permit fee exemptions.

The federal government, the state or any political subdivision of the state shall be exempt from payment of the fees prescribed in section 102-361 of this article.

(C62, § 54-225.01; O.7461, 7496; C75, C79, § 23-214; O.10,371; C85, § 23-214; O.11,583; C91, § 23-214)

Sec. 102-363. Permit issuance.

If the proposed driveway approach conforms to all sections of this article and shall be constructed in accord with all construction plans and specifications described in section 102-369 of this article and shall otherwise meet the requirements of all other laws and regulations, the building official shall issue a permit for construction, to be issued in the name of the owner. No permit shall be issued if the proposed construction will be in violation of this article or of any other law or regulation.

(C62, § 54-225; O.7371, 8450; C75, C79, § 23-215; O.9963; C85, § 23-215; O.11,583; C91, § 23-215; O.13,010)

Sec. 102-364. Disqualification of permit applicants.

Any person who has previously violated any section of this article shall not be granted any permit under this article pertaining to the location at which the violation exists unless and until the conditions causing the prior violation at the location have been remedied.

(C62, § 54-226; O.7371; C75, C79, C91, § 23-216)

Sec. 102-365. Indemnification.

The applicant for a permit required by this article shall, as owner or as authorized agent of the owner, execute a covenant indemnifying the city against all claims for damages of any kind and against all judgments predicted upon such claims which may arise by virtue of the construction of the driveway approach; the storage or emplacement of any equipment, tools or materials incident thereto; and the performance of all work incidental to such construction.

(C62, § 54-227; O.7371; C75, C79, C91, § 23-217)

Sec. 102-366. Duration and renewal of permit.

Each permit issued under this article shall be valid for a period of six months from the date of issuance. However, when curb drops and driveway approaches are constructed in conjunction with a major building project, a longer period not in excess of 18 months may be specified on the permit. The construction of any approach or curb drop shall be commenced under the permit within the period specified in such permit. Any such permit may be renewed for the initial period by payment of an additional fee of $5.00 to the building official.
(C62, § 54-229.04; O.7371; C75, C79, C85, § 23-218; O.11,583; C91, § 23-218; O.13,010)

Sec. 102-367. Reservation of right to remove.

The city specifically reserves the right and power to remove any driveway approach or part thereof if removal is deemed necessary as a matter of public safety.
(C62, § 54-229.02; O.7371; C75, C79, C91, § 23-219)

Sec. 102-368. Grounds for removal; notice; costs.

(a) The following shall be grounds for immediate removal of a driveway approach by the city at the expense of the present owner of the property served or formerly served thereby and for restoration of the curb drop and driveway approach to grade by the city at the owner's expense:

(1) Construction of a driveway approach without a permit.

(2) Construction of a driveway approach which does not conform to the permit issued, to this article or to any other provision of law.

(3) Abandonment of use of a driveway approach.

(b) The city engineer shall give notice to the present owner of the property served or formerly served by such a driveway approach that the driveway approach to his or her property is not in compliance with this article or other provision of law, specifying the deficiency. If the owner after receiving notice shall for a period of 30 days neglect or refuse to correct the deficiency, the city council may order removal and restoration. The actual cost of the work shall be assessed against the property and shall be collected in like manner as other special assessments.
(C62, § 54-229; O.7371; C75, C79, C85, § 23-220; O.11,583; C91, § 23-220)

Sec. 102-369. Plans and specifications.

All driveway approaches and curb drops shall be constructed in accordance with the plans and specifications for such construction adopted by the city council for such work and filed in the offices of the city engineer and of the city clerk.
(C62, § 54-228; O.7371, 7488; C75, C79, § 23-221; O.9963; C85, § 23-221; O.11,583; C91, § 23-221)

Sec. 102-370. Conformity of construction.

No permittee, his or her agent, servant, contractor or employee shall construct any driveway approach in any manner not in conformity with the application and the permit and this article.
(C62, § 54-229.01; O.7371; C75, C79, C91, § 23-222)

Sec. 102-371. Maintenance; abandonment.

The persons holding the legal title to or actual control of the land to which the approach runs shall maintain the driveway approach and any public sidewalk therewith or across which the approach runs in a safe condition of repair and free from defects. The person holding the legal title to the land to which the approach runs shall remove the driveway approach and restore the curb when the approach is abandoned.
(C62, § 54-229.03; O.7371; C75, C79, C91, § 23-223)

Sec. 102-372. Time limit for completion.

(a) The construction of any driveway approach shall be completed within 30 days after its commencement. However, if weather conditions, other forces of nature or circumstances beyond the control of the permittee make construction within such period impossible, upon written application by the permittee to the city engineer

and if such conditions are found to exist, construction shall be completed within 30 days after termination of the conditions, to be determined by the city engineer.

(b) Failure to complete construction within the time limit established in subsection (a) of this section shall result in a new permit having to be secured for construction at such location.
(C62, § 54-229.05; O.7371; C75, C79, C85, § 23-224; O.11,583; C91, § 23-224)

Sec. 102-373. Parking space served by approach.

No driveway approach permit shall be issued unless the proposed driveway approach shall lead to a space on private property upon which one or more vehicles predictably expected to use the approach may be parked without protruding into the street right-of-way.
(C62, § 54-229.07; O.7371; C75, C79, C91, § 23-225)

Sec. 102-374. Curb drop location limitations.

(a) A curb drop shall not be constructed within an intersection, unless the only street frontage to a parcel of ground falls within the intersection; provided, however, that at a tee intersection a curb drop may be constructed opposite the street which does not extend through the intersection at a location approved by the city engineer.

(b) A curb drop shall not be constructed beyond the property line extended at any location except where joint driveways are constructed across a property line to serve two adjoining properties or one property and an alley. Such joint drive approaches and curb drops shall be considered as a single approach, and the curb drop and shall conform to this article.

(c) A curb drop shall not extend into a crosswalk.

(d) A curb drop shall not extend closer than 48 inches to a drainage intake unless the intake can be located entirely within the driveway approach. If the drainage intake falls within the curb drop, it shall be reconstructed at the permittee's expense and in accordance with city specifications.

(e) The beginning of the curb drop for a driveway approach shall be no closer than five feet to the curb radius point at an intersection.

(f) Where there is a raised median in the street, the nearest edge of the curb drop for a driveway approach shall not be closer than 20 feet from the end of the median measured at right angles to the median. This does not apply to driveway approaches centered on median openings.

(g) No two commercial driveway approaches serving the same property shall be constructed closer than 60 feet measured between the two nearest edges of the driveway approaches, except that the city engineer may recommend approval of driveway approaches with a minimum separation of 34 feet under the following conditions:

(1) Two-way drives serving a single parking lot with 90-degree parking and the drive approaches are centered on the parking lot aisles;

(2) One-way drives serving a commercial building or parking lot where the traffic flow and parking layout will provide for one-way operation at each drive, with one drive serving as an entrance drive and the second drive serving as an exit drive; or

(3) Other special conditions or combination of conditions where the minimum driveway spacing is necessary to provide reasonable access to the property; provided, however, that street frontage of insufficient length to satisfy all the requirements of this section for two separate driveway approaches does not constitute such a special condition warranting reduced driveway spacing and such minimum separation is determined by the city engineer not to create a traffic hazard. Estimated driveway volumes of greater than 100 vehicles per day, street speed limit greater than 30 miles per hour, inadequate sight distance, and other

conditions may be considered singly or in combination to constitute a traffic hazard.

(h) On two-way streets with four or more lanes of traffic without separation by a raised median or barrier and on the approach lanes of one-way streets with three or more lanes or on the approach lanes of a street with a raised median or barrier, no commercial driveway approach shall be constructed closer than 60 feet from the nearest edge of the driveway approach to the curb radius at a signalized intersection. On the exit lanes at a signalized intersection, on a one-way street with three or more lanes, or on a street with a raised median or barrier, a commercial driveway approach may be constructed closer than 60 feet from the intersection but shall not be constructed closer than 20 feet from the intersection as measured pursuant to this article.
(C62, § 54-229.11; O7371; C75, C79, § 23-229; C91, § 23-227)

Sec. 102-375. Number and width limitations.

(a) In general the number of driveway approaches to a property shall be the minimum number required to serve the development or proposed development of the property. In addition the following limitations or driveway approaches shall apply:

(1) The total width of driveway approaches shall not exceed 60 percent of the property frontage of any parcel of land.

(2) Residential driveway approaches providing access to a building containing eight or less dwelling units shall be from eight feet to 24 feet wide and shall be constructed with a return radius or taper of from two feet to 15 feet.

(3) Commercial driveway approaches shall be from 15 feet to 36 feet wide and shall be constructed with a return radius of from ten feet to 20 feet.

(4) When the curb drops and driveway approaches serve an industrial or commercial development with significant vehicular or truck traffic or a multifamily residential development, the curb drop and driveway approach shall be constructed in accordance with requirements set by the city engineer, notwithstanding the limitations on width set forth in this article, but in no event shall such driveway approach width exceed 52 feet.

(b) The application for a driveway approach under this section may be required, by the city engineer, to contain an independent traffic engineering study to justify the proposed design.
(C62, § 54-229.10; O.7371, 8234; C75, C79, § 23-228; O.9963; C85, § 23-228; O.11,583; C91, § 23-228)

Sec. 102-376. Service stations.

No driveway approach or curb drop shall be constructed to any parcel of land containing any oil-draining pit or fuel-dispensing appliance which is within 15 feet of a street right-of-way line.
(C62, § 54-229.11; O.7371; C75, C79, C91, § 23-229)

Sec. 102-377. Conditions for building permit issuance.

The issuance of a curb drop and driveway approach permit shall be a condition precedent to the issuance of a building permit under other sections of this Code when the proposed building will require any new curb drop or driveway approach or substantial alteration of any existing curb drop or driveway approach.
(C62, § 54-229.12; O.7371; C75, C79, C91, § 23-230)

Sec. 102-378. Streets being paved or reconstructed.

When existing streets are paved or reconstructed, driveway approaches and curb drops serving existing developed property shall be located or relocated in conformance with this article, except the city council, individually on a case-by-case basis or by endorsing its approval of the paving or reconstruction plans, may waive any of the driveway approach or curb drop

location limitations for an existing driveway if it determines that by doing so no traffic hazard will be created.
(C79, § 23-230.01; O.9963; C85, § 23-230.01; O.11,583; C91, § 23-230.01)

Sec. 102-379. Alleys.

(a) In general the requirements for driveway approaches to alleys shall conform to the requirements for streets; however, variations may be considered on an individual basis by the city engineer.

(b) Nothing in this article shall preclude perpendicular or angle parking adjacent to an alley, provided that no portion of a parked vehicle shall encroach upon the alley width and provided that sufficient space behind each stall, inclusive of the alley width, is available for vehicle maneuvering in accordance with the requirements of article 6 of chapter 135 of this Code behind each stall, inclusive of the alley width.
(C79, § 23-230.02; O.9963; C85, § 23-230.02; O.11,583; C91, § 23-230.02; O.15,819)

ARTICLE VI. PROHIBITED CAMPING*

Sec. 102-406. Definitions.

Unless the context requires otherwise the following definitions apply to this article:

Campsite means any place where bedding, sleeping bag, or other material used for bedding purposes, or any stove or fire is placed, established, or maintained for the purpose of maintaining a temporary place to live, whether or not such place incorporates the use of any tent, lean-to, shack, or any other structure, or any vehicle or part thereof.

Local agency means an organization skilled and experienced in services to the homeless and associated human services. The city is not restricted to working with one local agency.

Personal property means any item reasonably recognizable as belonging to a person and having apparent utility or monetary value.

To camp means to set up or to remain in or at a campsite.
(O.16,382)

Sec. 102-407. Sleeping on sidewalks, streets, alleys or doorways prohibited.

(a) No person may sleep on public sidewalks, streets, alleys, doorways at any time as a matter of individual and public safety.

(b) No person may sleep in any pedestrian or vehicular entrance to public or private property abutting a public sidewalk.

(c) In addition to any other remedy provided by law, any person found in non-compliance of this section may be immediately removed from the premises.
(O.16,382)

Sec. 102-408. Camping prohibited.

No person may occupy a campsite in or upon any sidewalk, street, alley, lane, public right of way, park, bench, or any other publicly owned property or under any bridge or viaduct, unless authorized by the city manager or their designee or otherwise specifically authorized by section 74-101.
(O.16,382)

Sec. 102-409. Removal of campsite on public property.

Upon discovery of a campsite on public property, removal of the campsite by the city may occur under the following circumstances:

(a) Prior to removing the campsite, the city shall post a notice at the campsite. The

Sec. 102-410. Offense and fine.

(a) It is the city council's intent that this article shall be utilized for compliance purposes to discourage non-compliant behavior and not as a general enforcement mechanism.

(b) A person who is not a minor and who fails to comply with sections 102-407 or 102-408 commits a simple misdemeanor, punishable by a fine of $15.00 and specifically excludes imprisonment.

(c) For any person who fails to comply with sections 102-407 or 102-408, prior to carrying out those sections, a police officer shall offer a one-time transport as time allows to the shelter location or provide directions to the shelter location. A person who refuses to accept the shelter space offered and fails to comply with this article shall be deemed to be in non-compliance of sections 102-407 or 102-408 as applicable.

(O.16,382, 16,504)

Sec. 102-411. Disposition and release of personal property.

(a) At the time of removal, items having no apparent utility or monetary value and items in an unsanitary condition may be immediately discarded. Weapons, drug paraphernalia, items appearing to be stolen, and evidence of a crime may be retained as evidence by the city until an alternate disposition is determined.

(b) All personal property removed from the campsite which is not disposed of, or retained as evidence pursuant to subsection (a) above, shall be stored by the city for no less than 30 days in accordance with city policy.

(c) The owner of personal property which is not disposed of or retained as evidence pursuant to subsection (a) above, may request return of the property in accordance with city policy. The owner of personal property may appeal a decision by the city not to return property stored pursuant to subsection (b) above pursuant to the administrative appeal process set forth in chapter 3 of this Code by filing a written notice of appeal with the city clerk within 30 days commencing on the date of posting the notice of removal of the personal property. Failure to timely file a written notice of appeal shall constitute a waiver of any right to contest such decision. The administrative hearing officer's authority on appeal shall be limited to ordering personal property that is stored pursuant to subsection (b) above to be provided to the appellant.

DIVISION 2. ENTERTAINMENT DISTRICT LICENSE

Sec. 102-486. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Entertainment district means a specifically identified area or zone of the city, other than residential, which is composed of a group or organization of businesses such as restaurants and bars and shall allow the district to offer food, nonalcoholic beverages, merchandise or entertainment on a portion of the public sidewalk. The district may allow associated signage, planters, flowerpots, artwork, or historic markers or plaques on a portion of the public sidewalk within the entertainment district except the public sidewalk may not be obstructed beyond the portion needed for two directional pedestrian traffic.
(C91, § 23-19.01; O.13,042, 13,735)

Cross reference—Definitions generally, § 1-2.

Sec. 102-487. Required.

No person, group, or organization shall use a portion of the public sidewalk, except where otherwise authorized by ordinance or council resolution, for the sale of food, beverage, merchandise, or any other wares or for the purpose of entertainment without an entertainment district license as provided in this division.
(C91, § 23-19.02; O.13,042, 13,735)

Sec. 102-488. Application.

Any organization or group applying for an entertainment district license shall make written application to the city clerk. No license shall be issued unless an application containing the following information is first completed:

(1) The name, address and phone number of the sponsoring organization or group.

(2) The name, address and phone number of a person who will be responsible for the operation and conduct of the activities in the district.

(3) A diagram and a description of the area to be declared an entertainment district.

(4) The names of the businesses which will be in the district and a signed release from each business owner or operator agreeing to the use of the sidewalk which fronts the business for entertainment district purposes.

(5) Number of vendors/entertainers, their names, and permanent addresses, if known.

(6) Type of entertainment or food to be offered.

(7) A certificate of insurance issued by an insurance company licensed to do business in this state, providing commercial general liability insurance (ISO CG 00 01 10 93 or its equivalent replacement addition or non-ISO equivalent) including an aggregate per location endorsement and a minimum limit of liability of $1,000,000.00 per occurrence, and workers compensation insurance to the extent required by the Code of Iowa, and the city's additional insured endorsement, governmental immunities endorsement and cancellation and material change endorsement, and any other types of insurance endorsement as deemed necessary by the city's risk management office based on the nature of the activities to take place.

(C91, § 23-19.03; O.13,042, 13,735)

Sec. 102-489. Issuance.

Upon the city clerk determining that an organization or group has complied with the terms of section 102-488 above, the chief of police, city engineer and community development director agree that the proposed district and its activities will not disrupt pedestrian and vehicular traffic in the area; that no other application has been submitted within 30 days of filing which proposes a similar geographic location for the district; that

no other licenses have been issued for conduct in the district, including but not limited to, a farmer's or public market license, whose operation or conduct will be disrupted by the grant of an entertainment district license; that the ordinances of the city or laws of the state will be obeyed in the conduct of the entertainment district; and upon payment of the appropriate fees, the city clerk shall issue a license to conduct an entertainment district. In the event of a denial of the permit, the city clerk shall state the reason therefor on the face of the application and so inform the applicant.
(C91, § 23-19.04; O.13,042, 13,735)

Sec. 102-490. Duration.

The entertainment district license shall be issued in the name of the sponsoring organization and shall be valid through December 31 of the year in which the license is issued.
(C91, § 23-19.05; O.13,042)

Sec. 102-491. Fee.

(a) The applicant for an entertainment district license shall pay a license fee to the city clerk at the time of filing the application in the amount set in the schedule of fees adopted by the city council by resolution.

(b) In the event the application is withdrawn by the applicant or is denied either initially or on appeal, either all or a portion of such fee in an amount set in the schedule of fees adopted by the city council by resolution shall be retained by the city to defray the administrative costs incurred.
(C91, § 23-19.06; O.13,042, 13,735; 14,174)

Sec. 102-492. Appeal of denial.

An entertainment district license denial may be appealed to the city council within ten days of the denial by submitting a written request for appeal to the city clerk. The city council shall consider the denial at its next regular meeting and shall either affirm the denial or direct the city clerk to issue the license upon receipt of the appropriate fees. The city council shall base its decision upon a review of the application, the reasons for denial, and any statements from interested parties. If more than one application has been submitted which proposes an entertainment district in similar geographic locations, the council shall consider the following criteria to determine which application to grant:

(1) Experience in managing an entertainment district.

(2) For which purpose an entertainment district will be used.

(C91, § 23-19.07; O.13,042)

Sec. 102-493. Conduct of licensee.

(a) An entertainment district licensee as well as all agents, employees, or representatives shall comply with all applicable ordinances of this Code and laws of the state.

(b) No person shall erect booths, tables, or display merchandise, provide entertainment or in any other manner participate in an entertainment district's activities without the express consent of the licensee and the participating business.

(c) An entertainment district licensee as well as all agents, employees, members, or representatives shall remove upon request any sign, planter, flowerpot, artwork, or historic marker or plaque causing a safety hazard or an obstruction to the orderly flow of pedestrian or vehicular traffic within the entertainment district. The chief of police, city engineer, community development director or their designees may determine if any such safety hazard or obstruction exists requiring such removal.

DIVISION 3. SIDEWALK SALE PERMIT

Sec. 102-521. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Sidewalk sale means the offering of merchandise for sale to the public by any person, persons or organization when such merchandise is displayed on a portion of, or entirely on a public sidewalk or public place not designed for vehicular traffic.

(C85, § 23-20; O.11,251; C91, § 23-20; O.13,736)

Cross reference—Definitions generally, § 1-2.

Sec. 102-522. Required.

No person shall conduct a sidewalk sale, as defined in this division, without having first obtained a permit as provided in this division.

(C85, § 23-20.01; O.11,251; C91, § 23-20.01)

Sec. 102-523. Application.

Any person applying for a permit to conduct a sidewalk sale shall make written application to the city clerk at least 30 days prior to the proposed date of the sidewalk sale. No permit shall be issued unless an application containing the following information is first completed:

(1) The name, address and phone number of the applicant and/or the sponsoring organization he or she represents.

(2) The location of the sale and the names of the businesses which the proposed sale will front.

(3) If such businesses are not participating in the sale, written permission from the owners permitting the sale in the proposed location.

(4) The proposed date of the sale and its hours of operation.

(5) The number of merchants involved in the sale and their names and permanent addresses.

(6) The type of merchandise to be sold.

(C85, § 23-20.02; O.11,251; C91, § 23-20.02)

Sec. 102-524. Issuance.

Upon the city clerk determining that a person applying for a sidewalk sale permit has complied with the terms of section 102-523 of this division, the police and engineering departments agree that the proposed sale will not unreasonably disrupt pedestrian and vehicular traffic in the area, that the other sections of this division and this Code and city ordinances will be obeyed in the conduct of the sidewalk sale, and upon payment of the appropriate fees, the city clerk shall issue a permit to conduct a sidewalk sale. If the permit is denied, the city clerk shall state the reasons therefor on the face of the application and shall so inform the applicant. No sidewalk sale permit shall be issued for a sale within any residential zone of the city.

(C85, § 23-20.03; O.11,251; C91, § 23-20.03)

Sec. 102-525. Appeal of denial.

Any sidewalk sale permit denied may be appealed to the city council within ten days of the denial by submitting a written request for appeal to the city clerk. The city council shall consider the denial at its next regular meeting and shall either affirm the denial or direct the city clerk to issue the permit upon receipt of the appropriate fees. The city council shall base its decision upon a review of the application, the reasons for denial and any statements from interested parties.

(C85, § 23-20.04; O.11,251; C91, § 23-20.04)

Sec. 102-526. Duration.

(a) The sidewalk sale permit shall be issued in the name of the individual or sponsoring organization and contain the date(s) of the sale and shall be valid for one sale not to exceed five consecutive days.

(b) No more than three sidewalk sale permits may be issued for any location in any 12-month period.

(C85, § 23-20.05; O.11,251; C91, § 23-20.05; O.13,736)

Sec. 102-527. Fee.

(a) The applicant for the sidewalk sale permit shall pay a permit fee to the city clerk at the time of filing the application in the amount set in the schedule of fees adopted by the city council by resolution.

(b) If the application is withdrawn by the applicant or denied either initially or on appeal, either all or a portion of such fee in an amount set in the schedule of fees adopted by the city council by resolution shall be retained by the city to defer the administrative costs incurred.
(C85, § 23-20.06; O.11,251; C91, § 23-20.06; 0.14,174)

Sec. 102-528. Conduct of permittee.

A sidewalk sale permittee as well as all agents, employees or representatives shall comply with the following in conducting a sale:

(1) No person shall conduct a sidewalk sale from 10:00 p.m. until 8:00 a.m. the following day.

(2) No person shall erect booths, tables or display merchandise in such a manner so as to block pedestrian or vehicular traffic.

(3) No person shall conduct a sidewalk sale without the cooperation, participation or permission of the person whose permanent business is located immediately adjacent to the sidewalk sale.

(4) No person shall leave his or her merchandise, booths, tables or display cases on the site of the sale after 10:00 p.m., regardless of the fact that the sale may continue the following day at 8:00 a.m.

(5) No person shall sell merchandise of a type that is not originally sold by the permanent business located immediately adjacent to the sidewalk sale.

(6) No person shall sell food, beverage or provide entertainment.

(C85, § 23-20.07; O.11,251; C91, § 23-20.07; O.13,736)

Secs. 102-529—102-555. Reserved.

DIVISION 4. FARMERS' OR PUBLIC MARKET

Sec. 102-556. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Farmers' or public market means a sale of products, the majority of which have been produced in the state, including but not limited to raw fresh vegetables, fruit, honey, herbs, flowers, plants, nuts, baked goods or handcrafted items which conform to all applicable city, county or state health and safety provisions, particularly state department of agriculture and land stewardship regulations, and which are offered for sale by any person, business, or organization on a portion of or entirely on a public street, sidewalk, alley, park or public place during set hours, no more than two days per week within a one-year period.

Market manager means a person who or organization which holds a farmers' or public market permit and who organizes the participants of the market, promulgates regulations for the conduct of the market consistent with section 102-564 of this division, and generally is responsible for the operation of the market.
(C91, § 23-20.08; O.13,023)

Cross reference—Definitions generally, § 1-2.

Sec. 102-557. Required.

No person shall conduct a farmers' or public market, as defined in section 102-556 of this division, without first having obtained a permit as provided in sections 102-558 and 102-559 of this division. This shall not apply to activities sponsored by and held at the state fairgrounds.
(C91, § 23-20.09; O.13,023)

Sec. 102-558. Application.

Any person applying for a permit to conduct a farmers' or public market shall make written application to the city manager's office at least 30 days prior to the first proposed date for the

market. No permit shall be issued unless an application containing the following information is first completed:

(1) The name, address and phone number of the applicant and/or market manager he or she represents.

(2) The proposed location of the market and the names of any businesses which the market will front.

(3) If such businesses are not participating in the market, a copy of the notice sent to such businesses of the market, its location and duration.

(4) The proposed dates of the market and its hours of operation.

(5) The number of vendors involved in the market, their names, and permanent addresses.

(6) The type of merchandise to be sold.

(7) A certificate of insurance demonstrating compliance with all insurance requirements. The amount and type of liability insurance to be required shall be determined by the city's finance director or designee and are hereby, by reference, made a part of the permit application form.

(C91, § 23-20.10; O.13,023, 13,737, 15,104)

Sec. 102-559. Issuance.

Upon the city clerk determining that a person or organization applying for farmers' or public market permit has complied with the terms of section 102-558 of this division; the chief of police, the city engineer, and, if a market is held in a park, the director of park and recreation and the park and recreation board agree that the proposed sale will not reasonably disrupt pedestrian and vehicular traffic in the area of the market; that no other application has been submitted which proposes a similar geographic location for the market; that the city ordinances will be obeyed in the conduct of the market; and upon payment of the appropriate fees, the city clerk shall issue a permit to conduct a farmers' or public market. If the permit is denied, the city clerk shall state the reason therefor on the face of the application and shall so inform the applicant. No farmers' or public market permit shall be issued for a market within any residential zone of the city.
(C91, § 23-20.11; O.13,023)

Sec. 102-560. Appeal of denial.

Any farmers' or public market permit denial may be appealed to the city council within ten days of the denial by submitting a written request for appeal to the city clerk. The city council shall consider the denial at its next regular meeting and shall either affirm the denial or direct the city clerk to issue the permit upon receipt of the appropriate fees. The city council shall base its decision upon a review of the application, the reasons for denial, and any statements from interested parties. If more than one application has been submitted which proposes a farmers' or public market in similar geographic locations, the council shall consider the following criteria to determine which application to grant:

(1) Experience in managing a farmers' or public market.

(2) For what purpose the proceeds of the farmers' or public market will be used.

(C91, § 23-20.12; O.13,023)

Sec. 102-561. Duration.

The farmers' or public market permit shall be issued in the name of the market manager and contain the dates of the sale and shall be valid through December 31 of the year in which the market is held.
(C91, § 23-20.13; O.13,023)

Sec. 102-562. Fee.

(a) The applicant for a farmers' or public market permit shall pay a permit fee to the city clerk at the time of filing the application in the amount set in the schedule of fees adopted by the city council by resolution.

(b) In the event the application is withdrawn by the applicant or denied either initially or on appeal, either all or a portion of such fee in an

amount set in the schedule of fees adopted by the city council by resolution shall be retained by the city to defray the administrative costs incurred.
(C91, § 23-20.14; O.13,023, 13,737; 14,174)

Sec. 102-563. Market manager's responsibilities.

(a) Under this division, the market manager's responsibilities shall be to:

(1) Contact the city engineer to arrange for the appropriate signs and/or barriers to control traffic and/or parking in the area of the market, including but not limited to obtaining street closing permits and any other permit required by this Code.

(2) Provide, maintain, and remove portable toilets, the requisite number to be designated by the environmental health officer.

(3) Ensure that trash containers are provided in the market and that the market area is reasonably free of trash during and at the close of the market.

(b) Failure to comply with any of the subsections in subsection (a) of this section shall be punishable as a simple misdemeanor and may result in the revocation of the farmers' or public market permit.
(C91, § 23-20.15; O.13,023)

Sec. 102-564. Conduct of permittee.

A farmers' or public market permittee as well as all agents, employees or representatives shall comply with the following in conducting a farmers' or public market:

(1) No person shall conduct a farmers' or public market from 10:00 p.m. until 7:00 a.m. the following day.

(2) No person shall erect booths, tables, or display merchandise in such a manner so as to block pedestrian or vehicular traffic.

(3) No person shall erect booths, tables, or display merchandise or in any other manner participate in a farmers' or public market without the express consent of the market manager.

DIVISION 5. SIDEWALK CAFES

Sec. 102-575. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Community development director means the head of the community development department or that person's duly authorized representative.

Design standards and operational requirements for sidewalk cafes means those standards and requirements adopted by resolution of the city council for the design and operation of a sidewalk cafe upon city property occupied under authority of a sidewalk cafe permit or lease.

Sidewalk cafe means the use of a portion of the public sidewalk by an adjoining business for the operation of an outdoor service area for the sale of food and beverages.

Sidewalk cafe lease means a lease agreement approved by the city granting the lessee the right to lease a vacated portion of the public sidewalk or other property owned by the city, for the operation of a sidewalk cafe for a term not exceeding three years. The leased area may be used for the sale of alcoholic beverages and for the placement of semi-permanent improvements for the term of the lease, subject to obtaining all necessary licenses and permits.

Sidewalk cafe permit means a permit agreement approved by the city granting the permit holder the right to use a portion of the public sidewalk or other property owned by the city, for the operation of a sidewalk cafe for a term not exceeding three years. The permitted area cannot be used for the sale of alcoholic beverages, and the permitted area must be cleared and restored for public use during all hours the business is not in operation and open to the public.
(O.14,574, 15,161)

Sec. 102-576. Sidewalk cafes.

(a) Any person seeking to operate a sidewalk cafe upon the public sidewalk or other property owned by the city shall make application for a sidewalk cafe permit or a sidewalk cafe lease to the permit and development center upon a form to be provided by the city staff for that purpose. Each application for a sidewalk cafe permit or lease shall be accompanied by payment of an application fee in the amount set in the schedule of fees adopted by the city council by resolution.

(b) The community development director, or his designee, may sign a sidewalk cafe permit agreement on behalf of the city if the permit agreement complies with the requirements of this division and is in the form of sidewalk cafe permit agreement approved by resolution of the city council, with such additions and changes as may be required by the community development director and approved by the city legal department.

(c) Following approval of an application for a sidewalk cafe lease by the community development director, the real estate division manager may sign a sidewalk cafe lease agreement on behalf of the city. For renewal sidewalk cafe lease agreements, following approval of an application for a sidewalk cafe lease by the community development director, the real estate division manager may sign such renewal if the leased premises was leased for use as a sidewalk cafe in the current or preceding calendar year, the lease is in good standing, and the lease agreement complies with the requirements of this division, and is in the form of a sidewalk cafe lease agreement approved by resolution of the city council, with such additions and changes as may be required by the real estate division manager and approved by the city legal department.

(d) Any decision by the community development director to deny a sidewalk cafe lease or permit shall be set forth in a written decision which identifies the basis for such denial. The decision shall be promptly served upon the applicant by personal service, by service upon a cashier at the business address shown on the application, or by regular mail addressed to the applicant at such business address. If the denial is for reasons other than that the proposed site of the sidewalk cafe is needed for a public purpose, the decision shall also give notice that it may be appealed to an administrative hearing officer by filing a notice of appeal with the city clerk within ten business days of the date of the decision. If the denial is, in whole or in part for the reason that the proposed site of the sidewalk cafe is needed for a public purpose, the decision shall also give notice that it may be appealed to the city council by filing a notice of appeal with the city clerk within ten business days of the date of the decision.

(e) The decision of the community development director to deny a sidewalk cafe permit or lease pursuant to this subsection for reasons other than that the proposed site of the sidewalk cafe is needed for a public purpose may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code. If the denial is, in whole or in part for the reason that the proposed site of the sidewalk cafe is needed for a public purpose, the decision may be appealed to the city council pursuant to section 102-578.

(f) Any sidewalk cafe lease agreement for premises that were not leased for use as a sidewalk cafe in the current or preceding calendar year shall not be effective until the proposed lease area has been vacated and approved by the city council.

(g) No sidewalk cafe permit agreement shall be issued until the applicant has paid the rental in the amount set in the schedule of fees adopted by the city council by resolution. No sidewalk cafe lease agreement shall be issued until the applicant has paid the fair market lease rate, as determined by the real estate division.

(h) The real estate division manager shall monitor and keep a record of all sidewalk cafe leases issued pursuant to this division, with a copy provided to the community development director. The community development director shall monitor and keep a record of all sidewalk cafe permits issued pursuant to this division.

(i) The community development director shall be responsible for enforcement of any violations of the requirements for all sidewalk cafe permits and sidewalk cafe leases issued pursuant to this division.
(O.14,574, 15,161, 15,882)

Sec. 102-577. Suspension, revocation or non-renewal for cause.

(a) Upon complaint or reasonable suspicion that a permit holder or lessee, their employees or agents, have violated or failed to comply with any of the requirements of the sidewalk cafe permit agreement or lease agreement or any provision of this Code, the community development director may cause the matter to be investigated. If the community development director finds that the permit holder or lessee, their employees or agents, have materially violated or failed to comply with any of the requirements of the applicable permit agreement or lease agreement or any provisions of this Code, the community development director may give notice to the permit holder or lessee of the city's intent to suspend or revoke the permit or lease, or to deny its renewal.

(b) Notice of the city's intent to suspend, revoke, or deny the renewal of a sidewalk cafe permit agreement or lease agreement and a brief summary of the factual basis for such remedial action shall be served upon the permit holder or lessee. Such notice shall inform the permit holder or lessee of the time, date and place of a meeting where the permit holder or lessee may meet with the community development director for the purpose of presenting additional information regarding the intended remedial action and the factual basis therefore, and that a final decision on appropriate remedial action will made after the schedule time for such meeting. Such notice shall be served upon the permit holder or lessee by personal service or by service upon a cashier for the business at the leased or permitted premises, or by regular mail addressed to the permit holder or the lessee at the business address shown on the permit agreement or lease agreement a minimum of five business days prior to the date set for the meeting.

(c) If, after the scheduled meeting and after consideration of all the available information including any information provided at the meeting by the permit holder or lessee, the community development director makes a finding based on substantial evidence that a material violation of this article or another provision of this Code did in fact take place as alleged, the community development director may revoke or temporarily suspend the permit or lease or deny its renewal; the determination of whether to so suspend, revoke or deny renewal of a sidewalk cafe permit agreement or lease agreement shall be in the discretion of the community development director and shall be dependent upon the circumstances surrounding the violation and its severity. The decision to suspend, revoke or deny renewal of a permit agreement or lease agreement shall be in writing and shall identify the basis for such action. The decision shall be promptly served in the same manner as required for the service of the notice required under subsection (b), and shall not be effective until ten days after the date of the decision. The decision shall also give notice that it may be appealed to an administrative hearing officer by filing a notice of appeal with the city clerk within ten business days of the date of the decision.

(d) The decision of the community development director to suspend, revoke or deny renewal of a sidewalk cafe permit agreement or lease agreement pursuant to this section may be appealed pursuant to the administrative appeal process set forth in chapter 3 of this Code.

(e) Any violation for nonpayment of rent shall not be subject to the requirements of this division and shall be subject to the termination provisions contained in the permit or lease agreement.
(O.15,161, 15,882)

Sec. 102-578. Denial, revocation or non-renewal for public purpose.

(a) If an application for a sidewalk cafe lease or permit is denied by the community development director, in whole or in part for the reason that the proposed site of the sidewalk cafe is needed for a public purpose, the decision may be

appealed to the city council by filing a notice of appeal with the city clerk within ten business days of the date of the decision. If such an appeal is timely filed, the community development director shall present the matter to the city council for consideration at a public hearing.

(b) If the community development director determines, with the concurrence of the city manager, that a sidewalk cafe permit agreement or lease agreement should be revoked because the city property occupied by a sidewalk cafe is needed for a public purpose, the community development director shall present the matter to the city council for consideration at a public hearing.

(c) Notice of the public hearing required by this section, and of the city council's intent to consider the denial or revocation of the sidewalk cafe permit agreement or lease agreement shall be served upon the permit holder or lessee by personal service or by service upon a cashier for the business at the leased or permitted premises, or by regular mail addressed to the permit holder or the lessee at the business address shown on the application a minimum of five business days prior to the date set for the public hearing.

(d) If upon the close of the public hearing the city council makes a finding that the property occupied by the sidewalk cafe is needed for a public purpose the city council may revoke the permit or lease or deny its renewal effective upon a specified date, which in the absence of an emergency shall be not less than 45 days after the date of the hearing.

ARTICLE VIII. ENCROACHMENTS

Sec. 102-596. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Barrier means a man-made object, other than a bollard, which is used to obstruct the passage of vehicles and to separate pedestrian and vehicular traffic.

Border area means as defined in section 102-1.

Bollard means a vertical post designed and used to obstruct the passage of vehicles and to separate pedestrian and vehicular traffic.

Breakaway mailbox means a mailbox approved by the U.S. Postal Service and used for the curbside delivery of mail, which is supported by a wood post no greater in cross section than four inches square or by a post with a strength no greater than a two-inch diameter standard steel pipe. Two such posts may be used to support a cluster of four or more mailboxes.

City engineer means the head of the engineering department or the engineer's duly authorized designee.

Department means any city department charged with the enforcement of any section enumerated in this article.

Department director means the head of any city department or that person's duly authorized designee.

Encroachment, in addition to its usual meaning, means any tent or other material configured or used for habitation or shelter, architectural projection, chimney, stairway, platform, step, railing, door, grate, vault, sign, banner, canopy, marquee, awning, newsrack, trash container, bench, vehicle impact protection device, areaway, obstruction, retaining wall, opening or structure, or failure to maintain the border area as provided in section 102-21 of this Code.

Event venue means a structure that hosts gatherings of people with a seating capacity of 2,500 or more.

Newspaper delivery receptacle means a device for receiving and containing newspapers delivered for and at the request of a subscriber to the newspaper.

Newsrack means an encroachment in the form of an unmanned device for the vending or free distribution of newspapers or news periodicals; provided, however, that this definition shall not include newspaper delivery receptacles.

Public property, in addition to its usual meaning, means any street, highway, avenue, alley, sidewalk, skywalk bridge, public place or other real property owned or controlled by the city.

Vehicle means as defined in section 114-1.

Vehicle impact protection device means a device that is designed, engineered, and sited so as to effectively separate areas of pedestrian and vehicular travel and prevent vehicles from entering areas which are solely intended for pedestrian use and travel and shall be comprised of bollards, barriers, or a combination of both.

Cross reference—Definitions generally, § 1-2.

Sec. 102-597. Nuisances.

This article shall not be construed as authorizing the creation or maintenance of a nuisance.
(C42, § 82-3; C54, C62, § 54-30; C75, C79, § 23-25; O.10,411, 10,482; C91, § 23-25)

Sec. 102-598. Damages.

Any injury or damage to persons or property occurring in consequence of the construction, use or maintenance of any of the encroachments described in this article or because of any defect therein shall be paid by the person using or maintaining such encroachment.

After July 1, 2003, the responsibility for damage to a mailbox upon public property by the city, its officers, employees and agents, shall be limited to replacement of the damaged mailbox by the city with a breakaway mailbox of a standard design and color selected by the city. The owner of any mailbox remaining upon public property after July 1, 2003, shall be deemed to have agreed to this limitation as a condition of the owner's continued use of the public right-of-way.
(C42, § 82-42; C54, C62, § 54-31; C75, C79, § 23-26; O.10,411, 10,482; C91, § 23-26; O.14,236)

Sec. 102-599. Inspections.

The city manager or his or her authorized agent is authorized to inspect, at any time, the different encroachments mentioned in this article.
(C42, § 82-9; C54, C62, § 54-32; C75, C79, § 23-27; O.10,411, 10,482; C91, § 23-27)

Sec. 102-600. Authority to make alterations.

The city manager or his or her authorized agent shall have the authority to place in any area, room or vault under, in or upon the surface of any public property any pipe or conduit for carrying electric or telephone wires, gas or water or to alter, extend or repair such pipes or conduits. Pipes or conduits shall, at all times, be placed so as to interfere as little as possible with the use of such areas, rooms or vaults. The city manager or his or her authorized agent is authorized to enter such areas, rooms or vaults for any purpose in connection with the legitimate use of such public property.
(C42, § 82-9; C54, § 54-33; O.5995; C62, § 54-33; C75, C79, §§ 23-28, 23-29; O.10,411; C79, § 23-28; O.10,482; C91, § 23-28)

Sec. 102-601. Records.

The city engineer shall keep a record of all encroachments under, in, upon or over the surface of any public property, with the accurately computed area of the encroachment, and the fee for each as prescribed by this article. A separate detailed record shall be kept by the city engineer of the newsracks and trash containers maintained on public property pursuant to section 102-608 of this article.
(C42, § 82-9; C54, § 54-34; O.5995; C62, § 54-34; O.7930; C75, § 23-30; O.9500; C79, § 23-30; O.10,411; C79, § 23-29; O.10,482; C85, § 23-29; O.11,583; C91, § 23-29)

Sec. 102-602. Areaway permit.

(a) The engineering department will issue areaway permits for placement of encroachments as defined by subsections 102-608(g) of this article.

(b) Areaway permits are an annual permit with renewal on April 1st of each year.

(c) Areaway permits are issued for temporary encroachments within the city right-of-way. These encroachment types may include: building-mounted signage, awnings/canopies, trash receptacles, planters, bike racks, or other temporary or removable obstructions.

(d) Areaway permits shall be subject to the areaway permit fees set forth in the schedule of fees.
(C85, § 23-29.01; O.11,406, 11,583; C91, § 23-29.01; O.15,883)

Sec. 102-603. Barricades and warning devices.

Whenever the placing or causing of any encroachment under, in, upon or over the surface of any public property may present a hazard to public safety, the person responsible therefor shall secure the encroachment in a manner as required by the state manual on uniform traffic control devices.
(C42, § 89-1; C54, C62, § 54-35; C75, C79, § 23-31; O.10,411; C79, § 23-30; O.10,482; C91, § 23-30)

Sec. 102-604. Exemptions from article.

Nothing in this article shall be held in any way to prohibit or regulate the maintenance or placement of the following:

(1) Manholes, pits or covers in connection with the construction and operation of any water, telephone, gas or electric connections, pipes or conduits or the use of any public property by public service corporations to whom such right has been granted by franchise.

(2) Footings or foundations of buildings constructed in accordance with the city building code.

(3) Any official flag which projects over public property at least eight feet above grade and not closer than two feet from a curbline measured horizontally.

(4) Any fascia sign on and parallel to any wall or building at least eight feet above grade and projecting 18 inches or less over public property.

(5) Temporary encroachments that are regulated under the city building code, provided that encroachments closer than four feet to the curbline shall receive the approval of the city engineer.

(6) Encroachments within the skywalk system. Any such encroachments shall be regulated under article IV of this chapter.

(7) Newspaper delivery receptacles when installed by any person who publishes a newspaper of general circulation, as defined by state law, for and at the request of subscribers to the newspaper, so long as the receptacles do not encroach in, upon or over the traveled portion of the public way.

(8) Fire escapes.

(9) Portable flower pots and planters, not permanently attached to the sidewalk, provided: i) an unobstructed pathway over the sidewalk is maintained having a width of at least six feet, or the full width of any sidewalk less than six feet wide; ii) the pot or planter occupies less than eight square feet of area; iii) the pot or planter does not create a hazard to pedestrian or vehicular travel; and iv) no signage is placed on the pot or planter.

(10) Breakaway mailboxes.

(11) Mailboxes constructed prior to May 1, 2003, that are not breakaway mailboxes. However, the burden of establishing that an existing mailbox was constructed prior to May 1, 2003, shall be upon the owner. Any mailbox, when replaced, shall be replaced with a breakaway mailbox.

(12) The use of a sidewalk or other city-owned property for a sidewalk cafe operated pursuant to a sidewalk cafe permit agreement or sidewalk cafe lease agreement pursuant to section 102-576.

(13) Retaining walls constructed in the border area, prior to July 1, 2025, when the following qualifications are met:

a. The burden of establishing that the retaining wall was constructed prior to July 1, 2025, shall be upon the owner.

b. A license must be in place within 60 days of notification to the property owner by the city, if the city determines that the retaining wall is not exempt from acquiring a license under this section.

c. Any retaining wall, when replaced, shall require a new license.

(C42, §§ 82-1, 82-12; C54, §§ 54-36, 54-37; O.5995; C62, §§ 54-36 to 54-36.04, 54-37; O.7930, 7956, 7983, 8086; C75, §§ 23-32, 23-33; O.9500; C79, §§ 23-32, 23-33; O.10,411; C79, § 23-31; O.10,482; C91, § 23-31; O.14,230, 14,236, 14,574, 15,161, 15,883, 16,478)

Sec. 102-605. License construct.

Except as provided in subsection 102-610(d) of this article, no person shall construct, use or maintain any temporary or removeable encroachment not provided for in subsection 102-602 under, in, upon or over the surface of any public property, unless and until a written license is obtained from the city pursuant to this article. No such license shall be required for any encroachment exempted pursuant to section 102-604 of this article.

(C42, § 82-1; C54, § 54-37; O.5995; C62, § 54-37; O.7930. 7983, 8086; C75, § 23-33; O.9500; C79, § 23-33; O.10,411; C79, § 23-32; O.10,482; C85, § 23-32; O.11,583; C91, § 23-32; O.15,883)

Sec. 102-606. Application for license.

An applicant interested in obtaining a license to construct or maintain a temporary or removeable encroachment shall provide the following information to the city engineer:

(1) The name, address and telephone number of the applicant.

(2) The name, address and telephone number of a responsible person whom the city may notify or contact at any time concerning the encroachment.

(3) The exact location and dimensions of the encroachment. The applicant shall also provide a plat of survey and metes and bounds legal description to define the licensed area, if determined necessary by the city engineer.

(4) With respect to vehicle impact protection devices, the applicant shall submit detailed plans showing the location and dimensions of all proposed vehicle impact protection devices and their associated footings, device spacing, color and material, color of the reflective band, and dimensions to existing utilities in the border area (surface and subsurface). If the plan identifies vehicle impact protection devices outside of the border area, said plan must clearly identify the border area boundary. The applicant shall also provide a plat of survey and metes and bounds legal description to define the licensed area, if determined necessary by the city engineer.

(C79, § 23-33; O.10,411, 10,482, 10,569; C85, § 23-33; O.11,583; C91, § 23-33; O.15,660, 15,883)

Sec. 102-607. Criteria for issuance of license.

(a) No license required under this article shall be granted for any encroachment until the required fee has been paid, sufficient proof of insurance, which sufficiency shall be determined in the sole discretion of the city engineer, and until all items required in section 102-606 have been filed with and approved by the city engineer.

(b) No license shall be granted or renewed for any encroachment when it would unreasonably obstruct the rights of travel which the general public has on any public property or would unreasonably interfere with or impede the flow of pedestrian or vehicular traffic.

(c) No license shall be granted or renewed for any encroachment that would be placed or erected upon a sidewalk so as to occupy more than 25

percent of the width of the sidewalk and a minimum sidewalk width of six feet must be maintained at all times.

(d) No license shall be granted or renewed for any encroachment that would be placed or erected at a street corner within the vision clearance triangle described in section 114-14 of this Code.

(e) No license shall be granted or renewed for any sign which extends over the surface of any public property when the city has contracted

with another public body to prohibit the encroachment of signs over the surface of such public property.

(f) No license shall be granted or renewed for any permanent encroachments under, in, upon or over the surface of any public alley or street right-of-way, such as steps, stairways, building footings, architectural projections, and balcony overhangs. All permanent encroachments shall require vacation of the right-of-way and purchase of a permanent easement for building encroachment.
(C42, § 82-2; C54, § 54-38; O.5995; C62, § 54-38; O.7397, 7930; C75, § 23-34; O.9500; C79, § 23-34; O.10,411, 10,482; C91, § 23-34; O.15,883)

Sec. 102-608. Special restrictions for newsracks and trash containers.

(a) In addition to the general regulations set forth in this article, newsracks and trash containers on public property are subject to this section.

(b) No newsrack shall be located:

(1) Within five feet of any fire hydrant, fire or police alarm box, or other emergency facility.

(2) Within two feet of any marked crosswalk or any driveway.

(3) Where it restricts access to a bus shelter or a bus bench.

(4) Where it interferes with loading or unloading at the front and rear doors of buses.

(5) On any handicap access ramp.

(6) In such a manner as to reduce the clear space for the passageway of pedestrians on sidewalks to a continuous and unobstructed width of less than six feet.

(7) On the right-of-way of any street where parking is prohibited on both sides for all or any portion of the day or within 50 feet of such street on the right-of-way of any intersecting street, except that this shall not apply to DX1, DX2, or DXR commercial district zoned areas.

(8) Within the vision clearance triangle as defined in section 114-14 of this Code.

(c) Newsracks on public street rights-of-way shall only be placed either:

(1) Not more than one foot back from the face of the curb;

(2) Not more than six inches from a public utility pole or a traffic sign pole located near the curb; or

(3) Parallel to the wall of a building and not more than six inches from the wall.

Newsracks placed near the curb shall be placed so that the opening through which newspapers or news periodicals are dispensed does not face the curbline.

(d) No newsrack shall exceed five feet in height or two feet in depth. The maximum width of a newsrack shall be computed by multiplying by two and one-half feet the number of laterally installed vending compartments, which number shall not include vending compartments installed on top of other such compartments.

(e) A newsrack which is permitted through an areaway permit may be moved to a new site without the requirement of a new application and fee, provided that a site plan showing the exact new location is filed with the city engineer no later than the next business day of the city after the move and provided that the placement of the newsrack at the new site is in compliance with this article and any other applicable legal requirements.

(f) No privately owned trash container shall be located on a public street right-of-way, other than alleys, except for those containers required to facilitate solid waste collection from residential premises by the city pursuant to sections 98-51 through 98-58, inclusive, of this Code.

(g) All privately owned newsracks and trash containers on public property shall obtain a valid areaway permit, issued by the engineering department.

(h) No privately owned newsracks and trash containers shall be placed on public property if such placement would cause such public property to fail to comply with the Americans with Disabilities Act.

(i) It shall be the responsibility of the owner/user of any newsrack/trash container placed on public property to maintain an accurate up-to-date listing with the city engineer of the locations at which each such newsrack/trash container is placed.
(C79, § 23-35; O.10,411, 10,482, 10,569; C85, § 23-35; O.11,406, 11,583; C91, § 23-35; O.15,819, 15,883)

Sec. 102-609. Reserved.

Editor's note—Ord. No. 15,883, § 1, adopted April 20, 2020, repealed § 102-609, which pertained to newsracks within skywalk system and derived from Code 1979, § 23-35.01; Ord. No. 10,569; Code 1985, § 23-35.01; Ord. No. 11,583; Code 1991, § 23-35.01; Ord. No. 13,910; Ord. No. 14,045.

Sec. 102-610. License issuance, expiration; proration of fee; temporary placement of newsracks.

(a) The city engineer shall review the information provided by each applicant and may grant a license which he or she determines to be in compliance with this article and any other applicable legal requirements. If the city engineer elects to proceed with a license for an encroachment, the city engineer shall draft a license agreement and send the agreement to the applicant for signature.

(b) Upon receipt of the original version of the license agreement executed by the applicant, and authorization is requested to construct, use, and or maintain an encumbrance within city-owned property, including public right-of-way, a license may be granted for a period of up to three years. Any license granted for a period of more than three years must be approved by the city council, after notice and a public hearing is held as required by law. The fee for each license shall be negotiated between the city and licensee but in no event shall such fee be less than the fair market value of the interest which a licensee shall acquire.

(c) Any person desiring to immediately place one or more newsracks on public property shall have the right to so place such a newsrack prior to the filing of the application and the payment of the fee, provided that the newsrack is placed and thereafter maintained in such a manner as to be in compliance with this article and any other applicable legal requirements and provided that the required application is filed and the required fee paid no later than the next business day of the city after the newsrack is so placed.

(d) When authorization is requested to construct, use and maintain vehicle impact protection devices pursuant to this article in the border area, a license may be granted for a period of up to three years by the city engineer, or upon approval of the city council for such a period exceeding three years as the city council may determine after notice and hearing as required by law. The fee or rental for such space shall be negotiated between the city and the licensee but in no event shall such fee or rental be less than the fair market value of the interest which a licensee shall acquire.

Sec. 102-610.1. License of vehicle impact protection devices.

The city engineer is authorized to grant a license for vehicle impact protection devices in the border area that meet the requirements set forth in this article, all other applicable provisions of the Municipal Code, and the following requirements:

(1) Vehicle impact protection devices must be immediately adjacent to and border an event venue as defined in this article.

(2) Applicant shall demonstrate to the satisfaction of the city engineer that there is not sufficient room within applicant's adjacent property for the location of vehicle impact protection devices to adequately provide protection for the size of crowds using the event venue.

(3) All vehicle impact protection devices shall be located outside of the vision clearance triangle in accordance with section 114-14 of the municipal code. Vehicle impact protection devices shall be located outside a 5 foot × 5 foot area at the top of the Americans with Disability Act (ADA) curb ramp at intersections.

(4) Vehicle impact protection devices shall not be linked in any manner, including with ropes or chains. Bollards shall be no larger than 12 inches in diameter, no higher than four feet from the top of sidewalk, and they must have a white or yellow reflective band. Barriers shall be no longer than 15 feet and no higher than four feet from the top of sidewalk.

(5) Vehicle impact protection devices shall be a minimum of 30 inches from the back of curb and, when possible, placed in line with street furniture, light poles, and tree wells. In accordance with section 102-607(b), devices within the accessible path for pedestrians as defined by the ADA must be a minimum of 48 inches from perimeter edge to perimeter edge. Outside of the accessible path, the minimum distance from perimeter edge to perimeter edge can be reduced to 36 inches. Removable or retractable bollards can be spaced closer than 36 inches, but for no more than a continuous distance of 50 feet and they cannot be placed within the accessible path.

(6) The design, installation, location, size, spacing, color and height of all vehicle impact protection devices within the border area must comply with the applicable requirements of the Americans with Disabilities Act and its implementing regulations. It is the obligation of the licensee to comply with those requirements at its sole cost and expense at all times, including the cost of moving or removing those vehicle impact protection devices that do not comply as determined by the city engineer.

(7) Vehicle impact protection devices shall be repaired and maintained to the appearance consistent with what was approved by the city engineer for installation. Licensee shall be responsible for maintaining and repairing the vehicle impact protection devices, including but not limited to any alterations or damage caused by third parties.

(8) Vehicle impact protection devices granted a license are placed within the border area at licensee's sole risk and cost. The city shall not be required to incur any cost associated with the vehicle impact protection devices.

(9) The location of vehicle impact protection devices and their associated footings shall not interfere with access to any utilities located and/or operated within the border area. All licenses for vehicle impact protection devices shall be issued subject to existing and future utilities within the border area. The license agreement shall provide that, in the event any vehicle impact protection devices are impacted, removed or damaged for the installation, construction, repair, reconstruction, relocation or maintenance of utilities within the border area, licensee shall be solely responsible for the repair and reinstallation of all vehicle impact protection devices at licensee's sole expense. All damage to utilities resulting from the installation, maintenance and use of vehicle impact protection devices shall be at the sole cost of the licensee.

(10) Licensee shall obtain all required permits and licenses required therein, including but not limited to sidewalk permits and/or ROW excavation permits.

(11) Additional requirements as may be deemed advisable by the city engineer with respect to a specific location.

(O.15,660)

Sec. 102-611. Indemnification.

In addition to any terms and conditions negotiated between the city and the licensee, upon

signing a license under this article, the licensee shall be deemed to have agreed to hold the city harmless from and indemnified against all damages arising from the construction, use or maintenance of the encroachment. Any person who publishes a newspaper of general circulation as defined by state law and who installs delivery receptacles for such newspaper in accordance with subsection 102-604(7) of this article, shall be deemed to have agreed to hold and shall hold the city harmless from and indemnified against all damages arising from the installation, placement, use or maintenance of such receptacles.
(C42, § 82-2; C54, § 54-43; O.5995; C62, § 54-43; O.7930, 7983; C75, C79, § 23-39; O.10,411; C79, § 23-37, O.10,482; C85, § 23-37; O.11,583; C91, § 23-37; O.15,883)

Sec. 102-612. Insurance.

Before granting a license under this article, the city engineer may require liability insurance in an amount satisfactory to the city engineer and sufficient to hold the city harmless from and indemnified against all damages arising from or growing out of the construction, use or maintenance of such encroachment, when the city engineer has determined that such insurance is required by the public interest; provided, however, that such liability insurance shall not be required with respect to any newsrack licensed under this article.
(C42, § 82-2; C54, § 54-44; O.5995; C62, § 54-44; O.7930; C75, § 23-40; O.9500; C79, § 23-40; O.10,411; C79, § 23-38; O.10,482; C91, § 23-38; O.15,883)

Sec. 102-613. Failure to secure or renew license.

(a) Any person failing to secure a license required under this article shall cause the subject encroachment to be removed immediately from the public property and the public property restored to its condition prior to the installation of the encroachment.

(b) Any encroachment license not renewed on or before its date of expiration shall automatically expire, and the encroachment used or maintained thereunder shall immediately be removed by the licensee without further notice from the city engineer and the public property restored to a condition acceptable to the city engineer.

(c) Any license issued pursuant to this article which has expired may be reinstated by payment of the required fee plus an administrative charge of ten percent for each month or part thereof for which the fee is overdue, up to a maximum of 100 percent of the original fee.

(d) Any encroachment with an expired license which has reached a penalty of 30 percent may be dealt with in accordance with subsections 102-615(b) and (c) and section 102-617 of this article when the city engineer deems such action appropriate.
(C42, § 82-15; C54, § 54-46; O.5995; C62, § 54-46; O.7930, 8504; C75, § 23-42; O.9500; C79, § 23-42; O.10,411; C79, § 23-39; O.10,482; C85, § 23-39; O.11,406, 11,583; C91, § 23-39; O.15,143, 15,660)

Sec. 102-614. Revocation of license.

(a) In addition to any terms negotiated between the city and the licensee, the city engineer may revoke any license issued under this article for any of the following reasons:

(1) Failure to comply with the requirements of the license, this article, other applicable provisions of this code, or any other applicable legal requirements.

(2) Fraud, deceit or misrepresentation in connection with an application for a license.

(3) City engineer determination that the space where an encroachment is located shall be required for public use.

(4) For any other reason in the city's interest.

(b) When a license is revoked by the city engineer pursuant to (3) or (4), the grantee shall be entitled to a partial fee refund for any remaining portion of the license term, which refund shall be prorated to the month of removal of the encroachment. In all other cases where a license

is revoked, no refund of any portion of the required annual fee shall be paid to the grantee.

(c) The city engineer may revoke a license and order removal of the encroachment and restoration of the public property to its condition prior to the installation of the encroachment by giving written notice of such revocation and order.
(C42, §§ 82-2, 82-10, 82-11, 82-14; C54, §§ 54-40, 54-41, 54-42; O.5995; C62, §§ 54-40, 54-41, 54-42; O.7397, 7930; C75, §§ 23-36, 23-37, 23-38; O.9500; C79, §§ 23-36, 23-37, 23-38; O.10,411; C79, § 23-40; O.10,482; C91, § 23-40; O.14,147, 15,660, 15,883)

Sec. 102-615. Removal.

(a) *License.* Whenever the city engineer has revoked a license required under this article or the license has expired, the owner or user of the subject encroachment shall cause it to be removed immediately from the public property.

(b) *Three day notice.* Whenever a department finds any encroachment constructed, used or maintained without the required license having been secured or maintained in effect, the director of that department may, as an alternative to any other remedy allowed by this Code, order the removal of the encroachment by giving written notice of such order by certified mail to the address of the owner or user of the encroachment, if known, or, if such address is not known, he or she may post such notice on or next to the encroachment. The notice shall state the name, address and telephone number of the department director; the location and a description of the encroachment; that the encroachment is in violation of the requirements of this article; that the owner or user is ordered to cause immediate removal of the encroachment from the public property; that the encroachment may be removed and stored, as applicable, by the city for a period of time in accordance with city policy, but not less than 30 days after the date of removal designated in the notice, which date of removal shall be no less than three days after the date the notice was mailed or first posted, as the case may be. If such notice is given and the encroachment is still on public property after the date specified in the notice, the department director may cause removal and storage, as applicable, of the encroachment for a period of time no less than 30 days in accordance with city policy.

(c) *Removal without notice.* As an alternative to any other remedy allowed by this Code and notwithstanding any other section of this article, a department director may cause immediate removal and storage, as applicable, for a period of time no less than 30 days from the date of removal in accordance with city policy, of any encroachment on public property where its construction, use or maintenance unreasonably endangers the safety of persons or property or unreasonably interferes with or impedes the flow of pedestrian or vehicular traffic. Any person aggrieved by the removal of an encroachment pursuant to this section may appeal the city's decision to remove and store the encroachment, as applicable, pursuant to the administrative appeal process set forth in chapter 3 of this Code by filing a written notice of appeal with the city clerk within 30 days commencing on the date of the city's removal of the encroachment. Failure to timely file a written notice of appeal shall constitute a waiver of any right to contest the city's decision to remove and store, as applicable, the encroachment.

(d) *Pre-removal hearing.* Following the service of a notice under subsection (b) above, the owner or user of the encroachment may appeal the city's decision to remove the encroachment pursuant to the administrative appeal process set forth in chapter 3 of this Code by filing a written notice of appeal with the city clerk within 3 days from the date of the notice to remove. Failure to timely file a written notice of appeal shall constitute a waiver of any right to contest the city's decision to remove the encroachment. The administrative hearing officer's authority in a pre-removal appeal hearing shall be limited to a review of the city decision to remove the encroachment from its present location.

(e) *Post-removal hearing.* The owner or user of the encroachment may appeal the city's decision under subsection (b) or (c) to retain and store the property or for property damage, loss, or disposal, of the encroachment pursuant to the

administrative appeal process set forth in chapter 3 of this Code by filing a written notice of appeal with the city clerk within 30 days commencing on the date of the city's removal of the encroachment. Failure to timely file a written notice of appeal shall constitute a waiver of any right to contest to appeal such decision. The administrative hearing officer's authority on appeal shall be limited to ordering personal property that is stored by the city to be provided to the appellant.
(C42, § 82-15; C54, § 54-46; O.5995; C62, § 54-46; O.7930; C62, § 54-47; C75, C79, § 23-43; O.10,411; C79, § 23-41; O.10,482; C85, § 23-41; O.11,583; C91, § 23-41; O.15,143, 15,660, 16,381)

Sec. 102-616. City council hearings; notice.

(a) At least ten days prior to the date of any city council hearing required under section 102-615 of this article, the city engineer shall send by certified mail with return receipt a written notice to the address of the responsible person designated in the application for the license, or if no such application was filed, to the address of the owner or user of the encroachment or, if the identity of the owner or user is unknown, the city engineer shall post such notice on or in the near vicinity of the encroachment. The notice shall state the address and telephone number of the city engineer; the subject matter to be discussed at the hearing; and the date, time and place of the hearing.

(b) At any city council hearing required under section 102-615 of this article, the owner or user of the subject encroachment may be represented by legal counsel, may call witnesses and present evidence on his or her behalf.
(C79, § 23-42; O.10,411, 10,482; C91, § 23-42; O.15,143, 15,883)

Sec. 102-617. Violation constitutes a public nuisance.

(a) Every encroachment, the removal of which is required by this article, shall also constitute a public nuisance subject to abatement and enforcement pursuant to the procedures set forth in article VI of chapter 42 of this Code.

(b) The processes set forth in this article are not exclusive remedies for the city and alternate relief may be sought pursuant to any other sections of this Code or Iowa law that may be applicable, as well as any terms negotiated between the city and the licensee.
(C42, § 82-15; C54, § 54-46; O.5995; C62, § 54-46; O.7930; C62, § 54-47; C75, C79, § 23-43; O.10,411, 10,482; C85, § 23-43; O.11,583; C91, § 23-43; O.15,143, 15,608, 15,883)

ARTICLE IX. RIGHT-OF-WAY OCCUPANCY

DIVISION 1. GENERALLY

Sec. 102-656. Legislative findings; statement of purpose and intent.

(a) The city council makes the following findings and adopts the following statement of purposes:

(1) The city's street and alley rights-of-way are owned or held by the city primarily for the purpose of pedestrian and vehicular passage and for the city's provision of essential public safety services, including police, fire, and emergency medical response services; and public health services, including sanitary sewer, water, and storm drainage services.

(2) Pedestrian and vehicular passage, and the public safety and public health services mentioned in subsection (a)(1) of this section should in all cases be considered and treated as the dominant and preeminent uses of public rights-of-way.

(3) All other uses of public rights-of-way, including use for the provision of utility services, private communication services, and private utility services, must in all cases be subordinate to the use of the rights-of-way for pedestrian and vehicular passage and for the provision of the public safety and public health services mentioned in subsection (a)(1) of this section.

(4) In order to provide for the health, safety and well-being of its citizens, as well as to ensure the structural integrity of its streets and the use of the rights-of-way, the city strives to keep its rights-of-way in a state of good repair and free from unnecessary encumbrances. Although the general population bears the financial burden for the upkeep of the rights-of-way, a primary cause for the early and excessive deterioration of its rights-of-way is their frequent excavation by persons whose equipment is located therein.

(5) Right-of-way obstructions disrupt the flow of vehicular and pedestrian traffic and are a source of frustration for merchants, business owners and the general population who either incur travel delays due to such obstructions or who must change travel plans to avoid such obstructions. Persons whose equipment is located within the right-of-way are a primary cause of these frequent obstructions.

(6) The city recognizes that it holds the rights-of-way within its geographical boundaries as an asset in trust for its citizens. The city and other public entities have invested millions of dollars in public funds to acquire, build, and maintain the right-of-way. It also recognizes that some persons, by placing their equipment in the right-of-way and charging the citizens of the city for goods and services delivered thereby, are using for private gain this property held by the city for the public good. Although such services are often necessary or convenient for the citizens, such persons receive revenue and/or profit through their use of public property.

(7) In response to the findings in this subsection, the city council amends article VI of this chapter by enacting new divisions 1 and 2 of this article relating to right-of-way administration and right-of-way permits, and division 3 of this article relating to franchises, licenses, or leases for use of city rights-of-way. The city council explicitly finds and declares that this section enacting new divisions 1 and 2 of this article impose reasonable regulations on the placement and maintenance of equipment within city rights-of-way or to be placed therein at some future time. Under this article, persons disturbing and obstructing the rights-of-way will bear a fair share of the financial responsibility for their integrity. This article also provides for the recovery of out-of-pocket and projected costs from persons using the public rights-of-way. Finally, this article provides for uniform procedures and standards for the franchising, licensing, and leasing of rights-of-way for private or commercial use.

(8) The city council finds that it is in the public interest to provide for the payment of right-of-way permit fees by all persons using and occupying the right-of-way for the purpose of operating their businesses. This provides equity by requiring all users of the right-of-way to pay compensation to the city so that it may recoup the costs imposed on the city attributable to such use.

(9) In these situations, the city council desires to exercise its lawful police power and common law authority and all statutory authority which is available to it, including but not limited to the powers conferred on it under its Charter and under this Code and I.C. chs. 362 through 392. The city council finds and determines that the public interest will be best protected by adopting this article regulating the use and occupancy of public rights-of-way, conditioned upon the payment of right-of-way permit fees.

(10) The city council does not intend in this article to provide for the creation or establishment of a franchise or license for general and longterm use of the right-of-way by any person, nor does the council intend to provide for the creation or establishment of a permit for general or longterm use of the right-of-way, except as to limited, shortterm right-of way permits provided for in section 102-707 of this article.

(11) The city council recognizes that this article represents a significant departure from existing city policies and procedures regarding the regulation of private use of city rights-of-way. The city council further recognizes that city staff charged with enforcing this article will require a significant amount of time to fully implement it, and that those regulated by this article will likewise require a significant amount of time to familiarize themselves with this article and its requirements and to come into compliance therewith. Accordingly, this article provides in detail for the phased implementation of its provisions.

(b) The city manager and city engineer are directed, during the implementation phase, to give those regulated by this article advice, assistance, and adequate opportunity to comply with its requirements. The city manager and city engineer are further charged with the responsibility of developing and promulgating implementation regulations consistent with the phased implementation sections of this article. Furthermore, the city engineer is directed to periodically report to the city council on the status and progress of implementation, to report to the city council any unanticipated problems in implementing this article, and to report to the city council and seek formal approval of any changes to or delays in the implementation schedule.

Sec. 102-657. Definitions.

The definitions in this section apply to divisions 1 through 3 of this article. References to sections are, unless otherwise specified, references to sections in this Code. Defined terms remain defined terms whether or not capitalized in the text. The following words, terms and phrases, when used in divisions 1 through 3 of this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Applicant means any person requesting permission to excavate or obstruct a right-of-way.

City cost or *city cost component* means the direct and indirect costs borne by the city for management of public rights-of-way, including but not limited to pavement management, traffic management, risk management, financial management, cost recovery, infrastructure oversight, budget analysis, recordkeeping, legal assistance, systems analysis, application processing and checking, issuing permits, inspecting job sites, creating and updating mapping systems, degradation costs, construction costs, operating costs, disruptive costs, and including other costs the city may incur in managing public rights-of-way and in performing all of the tasks required by this article.

City engineer means the city engineer, as director of the engineering department, or his or her designee.

City manager means the city manager or his or her designee.

City utilities or *city enterprises* means any city-owned and/or city-operated utility other than the city stormwater management utility.

Communications system means any telephone or telegraph system or any other system of cables, wires, fibers, or conduits and any related equipment, facilities, manholes or overhead poles operated and maintained for communications purposes, or operated for the purpose of transmitting data, but excluding cable television systems franchised to provide that service by the city.

Customer means any person who purchases any utility services provided by a utility or any other person occupying or using the right-of-way.

Disruptive cost or disruptive cost component means the cost the city will incur that is reasonably related to the disruption or interruption of normal vehicular and/or pedestrian usage of the right-of-way.

Department means the city engineering department.

Department inspector means any person authorized by the city engineer to carry out inspections related to divisions 1 and 2 of this article.

Disruptive cost or disruptive cost component means the cost the city will incur that is reasonably related to the disruption or interruption of normal vehicular and/or pedestrian usage of the right-of-way.

Downtown business district means the portion of the city lying within and bounded by the following: on the east by Southeast Fourteenth Street, on the north by Interstate 235 (McVicar Freeway), on the west by Fleur Drive, and on the south by the Raccoon and Des Moines Rivers.

Emergency means a condition that poses a clear and immediate danger to life or health or of a significant loss of property or which prevents the performance of or threatens to cause a delay in the performance of vital city operations or activities.

Equipment means any tangible thing located in any right-of-way, including underground and in-ground irrigation facilities and site plan approved tree wells, but excluding street trees required pursuant to city subdivision regulations and other ornamental plantings.

Excavate means to dig into or in any way remove or physically disturb or penetrate any part of a right-of-way.

Excavation permit means the permit which, pursuant to divisions 1 and 2 of this article, must be obtained before a person may excavate a right-of-way.

Excavation permit fee means money paid to the city by an applicant for an excavation permit to cover the costs as provided in section 102-711.

Franchisee means any person who has been granted a franchise by the city for the use or occupancy of right-of-way or who is granted a franchise for the use or occupancy of right-of-way in accordance with division 3 of this article.

High-intensity corridor means a corridor where the city engineer has determined that no new utilities can be installed in the right-of-way, until such time as a public common corridor can be developed.

In, when used in conjunction with a right-of-way, means over, above, in, within, on or under a right-of-way.

Lessee means any person to whom the city has granted a lease to use or occupy the right-of-way or to whom the city grants a lease to use or occupy the right-of-way in accordance with division 3 of this article.

Licensee means any person to whom the city has issued a license to use or occupy a right-of-way or to whom the city issues a license to use or occupy a right-of-way in accordance with division 3 of this article.

Local exchange area means an area, as established under regulations of the state, in which intra-area communications service is provided by an incumbent local exchange carrier and/or a competitive local exchange service provider or carrier, as such entities are defined and regulated pursuant to state or federal law and regulation.

Local representative means the person or designee of such person authorized by a registrant to accept service and to make decisions for that registrant regarding all matters within the scope of divisions 1 and 2 of this article.

Long distance carrier means the operator of a long distance system.

Long distance system means a communications system furnishing communications services between stations located in different local exchange areas.

Non-allocable right-of-way management program costs or *non-allocable costs* means right-of-way management costs which will be incurred by the city, but which will not be allocable to particular users of the right-of-way and which cannot be recovered through permit fees.

Obstruct means to impede the free and unrestricted use of the right-of-way by others or to place any tangible object upon the surface of a right-of-way so as to hinder free and open passage over that or any part of the right-of-way, or so as to effectively impede the free and unrestricted use of the right-of-way by others.

Obstruction permit means the permit which, pursuant to divisions 1 and 2 of this article, must be obtained before a person may obstruct a right-of-way.

Obstruction permit fee means money paid to the city by an applicant for an obstruction permit to cover the costs as provided in section 102-711.

Outlay and expense or all outlay and expense means the full and actual costs and expenses incurred by the city, including interest, benefits and overhead where applicable, and including but not limited to all contract or employee expense, all equipment usage or rental, materials, testing, outside experts, attorneys' fees including overhead expenses of the city's staff attorneys, and all costs and expenses of litigation as they are incurred by the city.

Permit or right-of-way permit means a permit to excavate or obstruct a right-of-way issued by the city pursuant to division 2 of this article or a permit to excavate a right-of-way issued pursuant to the provisions of this article, as those provisions existed prior to September 14, 1998.

Permittee means any person to whom a permit to excavate or obstruct a right-of-way has been issued by the city pursuant to division 2 of this article or any person to whom a permit to excavate a right-of-way has been issued pursuant to the provisions of this article, as those provisions existed prior to September 14, 1998.

Person means any natural or corporate person, business association or other business entity, including but not limited to a partnership, a sole

proprietorship, a political subdivision, a public or private agency of any kind, a utility, a successor or assign of any of the foregoing, or any other legal entity.

Probation means the status of a person that has not complied with the conditions of division 1 or 2 of this article.

Probationary period means the one-year period which commeces on the date that a person has been notified in writing that he or she has been put on probation.

Registrant means any person who has registered as required under division 1 of this article due to the fact that the person:

(1) Has or seeks to have its equipment located in any right-of-way; or

(2) In any way occupies or uses or seeks to occupy or use the right-of-way or any equipment located in the right-of-way.

For purposes of the regulatory provisions of this article, as set forth in section 102-661.01, registrant includes any person who uses or occupies the right-of-way, regardless whether the city has implemented the registration provisions of this article, and regardless whether such person has registered with the city as required by this article, but excludes SWF permittees.

Restoration means the process by which an excavated or obstructed right-of-way is returned to its proper and required condition pursuant to the city's utility accommodation and street restoration specifications.

Restoration fee means an amount of money paid to the city by a permittee to cover the cost of restoration as provided and required in section 102-717.

Right-of-way means the surface and space above and below any public street, boulevard, road, highway, freeway, lane, alley, court, sidewalk, parkway, tunnel, viaduct, or bridge which has been officially dedicated for public travel and which has traditionally been used for the provision of utility services to the public, in which the city has an interest in law or in equity, whether held in fee or other estate or interest, or as a trustee for the public; provided, however, that skywalks, sidewalks within public cemeteries, and sidewalks and trails within public parks and on river levees shall not be considered right-of-way available for private or commercial use under this article.

Right-of-way permit fee means either the excavation permit fee or the obstruction permit fee or both, depending on the content, required by divisions 1 and 2 of this article.

Right-of-way user means any person who has equipment located in any right-of-way, or who occupies or uses the right-of-way or any equipment in the right-of-way, and includes registrants, franchisees, licensees, lessees and unregistered users as herein defined.

Service or utility service means and includes:

(1) The services provided by a corporation organized for the purposes set forth in I.C. § 476.1 et seq., or provided by a public utility as therein defined; and

(2) Those services for which cities have been granted franchising authority pursuant to I.C. § 364.2, including electric light and power, heating, telegraph, cable television, district telegraph and alarm, motorbus, trolley bus, street railway or other public transit, water works, or gasworks services provided to customers within the city.

Small wireless facility ("SWF") means a wireless facility that meets the following requirements:

(1) Each antenna is no more than six cubic feet in volume.

(2) a. All other equipment associated with the small wireless facility is cumulatively no more than 28 cubic feet in volume.

b. For purposes of this subparagraph, volume shall be measured by the external displacement of the primary equipment enclosure, not the internal volume of such enclosure. An associated electric meter, concealment, telecommunications demarcation box, ground-based enclosures,

battery backup power systems, grounding equipment, power transfer switch, cutoff switch, cable, conduit, and any equipment that is concealed from public view within or behind an existing structure or concealment may be located outside of the primary equipment enclosure and shall not be included in the calculation of the equipment volume.

(3) The city has determined that the design and installation of the small wireless facility reasonably matches the aesthetics of an existing utility pole or wireless support structure that incorporates decorative elements.

(4) The city has determined that the small wireless facility will not result in any noncompliance by the city with the federal Americans With Disabilities Act.

(5) The city has determined that the small wireless facility will not impair, interfere with, or preclude the safe and effective use of facilities already located in the public right-of-way for pedestrian, vehicular, utility or other city public right-of-way purposes.

Small wireless facility public right-of-way use permittee or SWF permittee means any person to whom a small wireless facility public right-of-way use permit, also known as a SWF permit, has been issued by the city for the placement of a small wireless facility within the right-of-way in accordance with division III of this article.

Supplementary application means an application made to excavate or obstruct more of the right-of-way than allowed in, or to extend the duration of, a permit that has already been issued.

System or utility system means all equipment which a person has that is located in public right-of-way and that is used to provide a service either to the person or to others as part of the person's business.

Transfer means the sale, assignment, or conveyance, in whole or in part, of a registrant's, franchisee's, or licensee's equipment in the right-of-way to another person; the sale, assignment, or conveyance, in whole or in part, of a registrant's, franchisee's, or licensee's business, whether pursuant to sale, merger, or reorganization, to another person; or the sale, assignment, or conveyance, in whole or in part, of a franchisee's franchise or a licensee's license to another person.

Transferee means the person to whom a registrant's, franchisee's, or licensee's equipment in the right-of-way is sold, assigned, or conveyed, in whole or in part; to whom a registrant's, franchisee's, or licensee's business is sold, assigned, or conveyed, in whole or in part; or to whom a franchisee's franchise or a licensee's license is sold, assigned, or conveyed, in whole or in part.

Unit or *unit of equipment* means utility equipment placed in the right-of-way at individual location(s) and that is not part of and/or is measured separately from a lineal-footage equipment system.

Unregistered right-of-way user or unregistered user means any person who has equipment located in any right-of-way, or who occupies or uses the right-of-way or any equipment in the right-of-way, but is not registered as required by section 102-661.

Unused equipment means equipment located in the right-of-way which has remained unused for six months or more and for which the registrant is unable to provide proof that it has either a plan to begin using that equipment within the next 12 months or a potential purchaser or user of that equipment for the same purpose. Unused equipment shall not be deemed to include equipment which is installed as backup equipment to be used in the event of damage to or outage of equipment which is being used or which is installed to provide capacity to meet future service needs.

Utility accommodation and street restoration specifications means the utility accommodation and street restoration specifications approved by the city council on June 24, 1991, pursuant to roll call no. 91-2686.

Utility pole means a pole or similar structure owned or installed by or on behalf of a SWF

permittee that is designed specifically for and used to carry one or more small wireless facilities and/or transmission equipment or wires for wireless telecommunications service use and that meets the following requirements:

(1) The utility pole does not exceed the greater of ten feet in height above the tallest utility pole, as defined in Iowa Code Section 8C.2, existing on or before July 1, 2017, located within 500 feet of the proposed new, replacement, or modified utility pole, or 40 feet in height above ground level, unless a greater height is allowed by chapter 102 of this Code.

(2) Other than a utility pole replacing an existing pole, the utility pole is not located within an underground district designated by city council resolution or ordinance prior to submittal of the pole application.

(3) Other than a utility pole replacing an existing pole, the utility pole is not located within an area zoned and used for single-family residential use.

(4) The city has determined that the utility pole will not result in any noncompliance by the city with the federal Americans With Disabilities Act.

(5) The city has determined that the utility pole will not impair, interfere with, or preclude the safe and effective use of facilities already located in the public right-of-way for pedestrian, vehicular, utility or other city public right-of-way purposes.

Unless otherwise described, for purposes of the Right-of-Way Management Ordinance, a "utility pole" is considered a "small wireless facility".

Cross reference—Definitions generally, § 1-2.

Sec. 102-658. Administration.

The city engineer, as the director of the engineering department, shall be the principal city official responsible for the administration of the rights-of-way; of registration by users of the rights-of-way; of right-of-way permits; of the franchising, licensing, and leasing of the use of rights-of-way; and of all sections of this Code and city ordinances relating thereto. The city engineer may delegate any or all of his or her duties under this article.
(O.13,638)

Sec. 102-659. Utility coordination committee.

There is created a utility coordination committee. This committee shall be mandatory and advisory to the city engineer. It shall be composed of all registrants and SWF permittees to assist the city in establishing appropriate policies and procedures for regulating the use of rights-of-way to preserve and maximize its asset value to all users, to improve the coordination of work performed in the rights-of-way, and to improve the quality of construction work performed therein.
(O.13,638, 15,761)

Sec. 102-660. Persons subject to registration, permitting and licensing.

(a) Each person who occupies, uses, or seeks to occupy or use the right-of-way or any equipment located in the right-of-way or who has or seeks to have equipment located in any right-of-way shall register with the department. No person may construct, install, repair, remove, or relocate equipment located in any right-of-way or perform any other work on or use any equipment or any part thereof located in any right-of-way, without first being registered with the department. No person shall obstruct or excavate in any street right-of-way without obtaining appropriate permits as required by division 2 of this article.

(b) No person shall construct a tree well in any right-of-way unless such tree well is shown in an approved site plan or a permit for such has been obtained pursuant to division 2 of this article.

(c) No person shall construct an irrigation system in any right-of-way unless a permit for such has been obtained pursuant to division 2 of this article.

(d) No person shall plant a street tree or any ornamental plantings in the right-of-way unless either a permit for such has been obtained pursuant to chapter 122 of this Code or a garden lease has been obtained pursuant to chapter 74 of this Code. Persons constructing or maintaining tree wells or irrigation systems in the right-of-way or planting or maintaining street trees or ornamental plantings in the right-of-way shall not be deemed to use or occupy the right-of-way for purposes of this division and shall not be required to register such use.

(e) A person having a franchise from the city, or a franchise or similar rights from the state of Iowa, for the use of city right-of-way for the provision of a utility service shall be required to register as provided in this division, obtain right-of-way permits and pay right-of-way permit fees to excavate in or obstruct the right-of-way as provided in division 2 of this article. However, if such franchise provides for the payment of a franchise fee, the franchisee shall not be required to pay permit fees in addition to the franchise fee.

(f) City utilities and enterprises and public utilities which occupy and use right-of-way, other than by easement granted of record by the city, for the provision of utility and enterprise services shall be required to register as provided in this division. All city utilities and enterprises and public utilities which occupy and use right-or-way shall obtain right-of-way permits and pay right-of-way permit fees to excavate in or obstruct the right-of-way as provided in division 2 of this article. Work crews and contractors performing work in the right-of-way on behalf of the city and/or public utility shall be required to obtain right-of-way permits and pay right-of-way permit fees to excavate in or obstruct the right-of-way as provided in division 2 of this article.

(g) Governmental entities or agencies of the federal government, the state, or the county which occupy and use right-of-way for the provision of communications or utility services for governmental purposes shall be required to comply with the registration requirements of this division, except the insurance and bonding requirements associated therewith. Such governmental entities and agencies shall be required to obtain right-of-way permits and pay right-of-way permit fees to excavate in or obstruct the right-of-way as provided in division 2 of this article. Such governmental entities or agencies shall be exempt from the licensing requirements of division 3 of this article.
(O.13,638, 14,043, 14,314, 14,366, 15,386, 15,909)

Sec. 102-661. Registration.

(a) For the purposes of this article, registration will consist of completing a registration form and providing registration information to and as required by the city engineer, and providing evidence of liability insurance.

(b) The information provided to the department at the time of registration shall include but not be limited to the following:

(1) Each registrant's name, registration certificate number, address and e-mail address, if applicable, and telephone and facsimile numbers.

(2) The name, address, and e-mail address, if applicable, and telephone and facsimile numbers of a local representative. The local representative shall be available at all times. Current information regarding how to contact the local representative in an emergency shall be provided at the time of registration.

(3) If the registrant is a corporation, a copy of the certificate required to be filed under I.C. ch. 490, as recorded and certified to by the secretary of state.

The registrant shall keep all of the information listed in this subsection current at all times by immediately providing to the department information of proposed or approved changes therein.

(c) Each registrant shall be required to provide a certificate of insurance to the department at the time of registration and to complete that part of the registration form pertaining to insurance and liability. The certificate of insurance shall demonstrate compliance with the insurance and indemnification requirements applicable to registrant's use and occupancy of the city right-of-way, as defined and set forth in this article,

including but not limited to insurance against claims for bodily injury, including death, as well as claims for property damage, arising out of the following:

(1) Use and occupancy of the right-of-way by the registrant, its officers, agents, employees and permittees; and

(2) Construction, reconstruction, repair, maintenance, replacement, monitoring, locating, and use of equipment in the right-of-way by the registrant, its officers, agents, employees and permittees, including but not limited to protection against liability arising from completed operations, damage of underground equipment and collapse of property.

The amount of insurance to be required in each instance shall be determined by the city finance director or designee.
(O.13,638, 14,043, 15,092)

Sec. 102-661.01. Application of regulatory provisions to unregistered users and occupants of the right-of-way.

The regulatory provisions of this division, and of division 2 of this article, including but not limited to sections 102-662 through 102-672, 102-674, 102-709, 102-720, 102-724, 102-725 and 102-726 shall apply to users and occupants of the right-of-way who fail to register as herein provided and required, and the city engineer shall enforce the regulatory provisions of this article as to such unregistered users and occupant; provided that the city engineer may in his or her discretion, after the required date of registration for any user or occupant of the right-of-way, refuse to issue right-of-way permits to such unregistered user or occupant, and may refuse to recognize the status of such person as a user or occupant of the right-of-way.
(O.14,202)

Sec. 102-662. Registrant reporting obligations.

(a) *Operations.* A registrant who intends to construct or emplace new equipment in the right-of-way or who intends to undertake a major maintenance project shall, on or before April 1, file a construction and major maintenance plan with the department. Such plan shall be submitted using a format designated or approved by the city engineer and shall contain the information determined by the city engineer to be necessary to facilitate the coordination and reduction in the frequency of excavations and obstructions of rights-of-way. The plan shall include but not be limited to the following information: (i) the specific locations and the beginning and ending dates of all projects to be commenced during the next calendar year (in this section, a next-year project), and (ii) the tentative locations and beginning and ending dates for all projects contemplated for the two-year period following the next calendar year (in this section, a two-year project). The term "project" in this section shall include both next-year projects and two-year projects. By January 1 of each year the department will have available for inspection in its offices a composite list of all projects of which it has been informed in the annual plans. All registrants are responsible for keeping themselves apprized of the current status of this list. Thereafter, by February 1, each registrant may change any project in the list of next-year projects, and must notify the city engineer and all of the

registrants of all such changes in the list. Notwithstanding the foregoing, a registrant may at any time join in a next-year project of another registrant that was listed by the other registrant.

(b) *Registrants limited to projects identified in construction and major maintenance plan.* A registrant who does not file a construction and major maintenance plan with the department as provided in subsection (a) of this section may be denied right-of-way permits to construct or emplace new equipment or to engage in major maintenance of existing equipment in the right-of-way during the two-year period succeeding the date upon which such plan was due. A registrant who seeks to undertake a project to construct or emplace new equipment in the right-of-way or to undertake a major maintenance project as to existing equipment, which project is not identified in the construction and major maintenance plan for the year in which the registrant seeks to undertake the project, may be denied a right-of-way permit for such project. This subsection shall not apply to emergency repair projects or utility service extension projects which the registrant could not have anticipated for inclusion in the construction and major maintenance plan.

(c) *Annual update of information.* Each registrant is required to maintain such records of the location of its equipment in the rights-of-way within the city and such other records as the city engineer may require as will permit and enable the proper and efficient enforcement of this article. Each registrant shall annually make such reports, in such form as the city engineer may require. Each registrant shall annually certify that the records on file in the city engineer's office are accurate and complete. If the city engineer determines that information contained in such records is erroneous, he or she may require the registrant to conduct an independent audit of such records at the registrant's expense to verify the accuracy and completeness of the information.

(d) *Exemptions.* Registrants who own or occupy buildings abutting a city right-of-way on either side thereof and who have or desire to establish utility or telecommunications connections between such buildings and whose utility or telecommunications equipment is or will be contained within ducts or tunnels which cross, rather than run parallel in, city rights-of-way or who have or will have less than 300 lineal feet of such ducts or tunnels in city rights-of-way are exempt from the requirement of submitting construction and major maintenance plans with respect to:

(1) The construction of ducts or tunnels for such equipment;

(2) The maintenance of equipment within such ducts or tunnels; and

(3) The placement of additional utility or telecommunications equipment (pipes, wires, or cables) within such ducts or tunnels.

(O.13,638)

Sec. 102-663. Mapping data required of registrants.

(a) Under this division, each registrant shall provide to the department information indicating the horizontal and vertical locations, relative to the boundaries of the right-of-way, of all equipment which it owns or over which it has control and which is located in any right-of-way. With respect to equipment which was in place as of December 31, 1998, the registrant may satisfy this requirement by providing copies of maps showing equipment locations which were developed and kept by the registrant in the ordinary course of business, provided that if such maps do not show the location of all such existing equipment, the registrant will be required to field locate equipment not shown on such maps and provide mapping data for such equipment. With respect to equipment which the registrant places within the right-of-way after December 31, 1998, the registrant shall provide mapping data with the specificity and in the format required by the department for inclusion in the mapping system used by the department, as more specifically provided in the city's utility accommodation and street restoration specifications.

(b) Within six months of the acquisition, installation, or construction of additional equipment or any relocation, abandonment, or disuse of

existing equipment, each registrant shall supplement the mapping information required in this section.

(c) Mapping data provided to the city by registrants shall be for the exclusive use of the city in administering the use and occupancy of the public right-of-way within the city and shall not be provided to or relied on by any person for any other purpose. Persons working in the right-of-way shall be required to make use of the state one-call system for utility location, and shall not be entitled to rely on city mapping data for that purpose. At the request of any registrant, any information requested from the department with respect to the location or type of equipment which that registrant maintains or plans to install in the right-of-way, which qualifies as trade-secret information under I.C. § 550.1 et seq., shall be treated as trade-secret information in accordance with I.C. § 22.1 et seq., pertaining to examination of public records.

(d) A registrant's provision of mapping data to the city as required in this section shall not relieve the registrant of its obligation to provide utility accommodation information to the city upon request or direction of the city engineer. Utility accommodation information is such information which is not required to be filed with the city, but may be necessary from time to time for the city to carry out its duties, including but not limited to information regarding the depth and location of a registrant's equipment in the right-of-way with respect to known monuments or other utility equipment; information regarding the type of equipment in place in the right-of-way, the general type of service it provides, and a general description of the customers it serves; and information with respect to the age and service life of equipment in place in the right-of-way.
(O.13,638)

Sec. 102-664. Location of equipment.

(a) *Underground.* Within the underground district, all cables, wires, fibers, pipes and conduits in connection with any utility system shall be placed underground, except where aboveground connection to buildings or other locations aboveground is reasonably necessary. Such aboveground connection shall be by means of poles located, as far as reasonably practicable, within alleys.

(b) *Aboveground.* Outside the underground district, cables, wires, fibers, pipes and conduits in connection with any utility system may be placed either underground or on poles aboveground, except when undergrounding is required pursuant to the city's subdivision or site plan requirements as expressed in this Code. No such poles shall be installed or erected and no license or permit for such shall be issued until the city engineer has approved the proposed location of such poles.

(c) *High-density corridors.* The city engineer shall assign specific corridors within the right-of-way or any particular segment thereof as may be necessary for each type of equipment that is within the right-of-way pursuant to current technology, or that the city engineer expects will someday be located within the right-of-way. Registrants shall, when installing or replacing equipment in the right-of-way, place and locate such equipment in the appropriate corridor, either as provided in the city's utility accommodation and street restoration specifications or as ordered by the city engineer. Excavation and obstruction permits issued by the department, involving the installation or replacement of equipment in the right-of-way, may designate the proper corridor for the equipment, and permittees shall be required to install or place such equipment in the location therein specified.

(d) *Nuisance.* Any equipment found in a right-of-way which has not been registered, or which is found (i) in a location other than the location specified therefor in the city's utility accommodation and street restoration specifications, or (ii) in a location other than the location specified therefor by the city engineer, or (iii) in a location other than the location shown on the maps filed in the office of the city engineer by the person owning or operating that equipment, shall be deemed to be a nuisance, and the city may exercise any remedies or rights it has at law or in equity, including but not limited to bringing an action for nuisance abatement, pursuant to sec-

tion 42-349, in which the city may seek the abatement of the nuisance or authority to take possession of the equipment.

(e) *Limitation of space.* The city engineer shall have the power to prohibit or limit the placement of new or additional equipment within the right-of-way if there is insufficient space to accommodate all of the requests of registrants or persons to occupy and use the right-of-way. In making such decisions, the city engineer shall strive to the extent possible to accommodate all existing and potential users of the right-of-way, but shall be guided primarily by considerations of the public interest, the public's need for the particular utility service, the condition of the right-of-way, the time of year with respect to essential utilities, the protection of existing equipment in the right-of-way, and future city plans for public improvements and developmental projects which have been determined to be in the public interest.
(O.13,638)

Sec. 102-665. Relocation or removal of equipment; payment of city costs due to improper location of equipment.

(a) Under this article, the city engineer shall order the removal or relocation of equipment, as he or she deems appropriate, if the city engineer determines at any time that:

(1) A registrant's or permittee's continued use of the public right-of-way will unduly burden the city or the public in its use of that property;

(2) The public right-of-way which the registrant or permittee is using or occupying will be required for municipal purposes;

(3) The registrant's or permittee's equipment at a particular location will interfere with:

a. A present or future city use of the right-of-way;

b. A public improvement undertaken or to be undertaken by the city;

c. An economic development project in which the city has an interest or investment; or

d. The public's safety or convenience in using the right-of-way for ordinary travel; or

(4) The public health, safety and welfare requires it.

(b) Registrants under this division, permittees under division 2 of this article, and franchisees, licensees, and lessees under division 3 of this article whose equipment is located in the right-of-way in a position at variance with the corridors established in the city's utility accommodation and street restoration specifications, or at variance with the location specified therefor by the city engineer, or aboveground in an area which the city council has designated as part of the underground district pursuant to amendment of the definition thereof found at section 1-2, shall, no later than at the time of next reconstruction or excavation by the department of the area where its equipment is located or sooner if ordered by the city, move that equipment to its assigned location within the right-of-way, unless this requirement is waived by the city.

(c) Registrants under this division, permittees under division 2 of this article, and franchisees, licensees, and lessees under division 3 of this article shall promptly and at their own expense, with due regard for seasonal working conditions, permanently remove their equipment or relocate their equipment within the right-of-way, whenever the city engineer orders such removal or relocation, and shall at their sole expense restore the right-of-way to its proper and required condition pursuant to the city's utility accommodation and street restoration specifications.

(d) If a city work crew or a city contractor encounters equipment in the right-of-way (i) in a location other than the location specified therefor in the city's utility accommodation and street restoration specifications, or (ii) in a location other than the location specified therefor by the city engineer, or (iii) in a location other than the location shown on the maps filed in the office of

the city engineer by the person owning or operating that equipment; and if such improper location of equipment prevents the performance of city operations or activities or prevents or delays the performance of work under contract, the registrant, permittee, franchisee, licensee, or lessee whose improperly placed equipment occasioned such delay in performance or nonperformance shall be required to reimburse the city for all outlay and expense thereby incurred by the city.

(e) Nothing contained in this division shall be construed to prevent the city council from exercising the right of the city to change the boundaries to increase or decrease the size of the underground district.

(f) The removal or relocation of SWF permittees' equipment shall be subject to the terms of the SWF permit.
(O.13,638, 15,761)

Sec. 102-666. Preexcavation equipment location.

(a) In addition to complying with the requirements of I.C. § 480.1 et seq., pertaining to one-call excavation notice system before the start date of any right-of-way excavation, each registrant, permittee, SWF permittee, franchisee, licensee, or lessee who has equipment located in the area to be excavated shall be responsible to mark the horizontal and approximate vertical placement of all such equipment.

(b) Any registrant, permittee, SWF permittee, franchisee, licensee, or lessee whose equipment is less than 20 inches below a concrete or asphalt surface shall notify and work closely with the excavation contractor in an effort to establish the exact location of its equipment and the best procedure for excavation.
(O.13,638, 15,761)

Sec. 102-667. Damage to other equipment.

(a) When any city department performs work in the right-of-way and finds it necessary to maintain, support, or move a registrant's, permittee's, franchisee's, licensee's, or lessee's equipment in order to protect it, the costs associated therewith will be billed to that person and must be paid within 30 days from the date of billing. In such event, the city engineer or city department performing such work shall notify the affected registrant, permittee, franchisee, licensee, or lessee, informing such person of the action it intends to take with respect to such equipment and affording such person the opportunity to review and comment on the action proposed to be taken. If circumstances permit it, the city engineer or city department performing the work may allow the affected registrant, permittee, franchisee, licensee, or lessee to take the action necessary to maintain, support, or move its equipment.

(b) Each registrant, permittee, franchisee, licensee, or lessee shall be responsible for the cost of repairing any equipment in the right-of-way which it or its equipment damages. Each registrant, permittee, franchisee, licensee, or lessee shall be responsible for the cost of repairing any damage to the equipment of another registrant, permittee, franchisee, licensee, or lessee occurring during the city's response to an emergency occasioned by that registrant's equipment.
(O.13,638)

Sec. 102-668. Right-of-way vacation.

If the city vacates a right-of-way wherein a franchisee's licensee's, or SWF permittee's equipment is located, the city may in its discretion reserve, to and for itself and all franchisee's licensee's or SWF permittee's having equipment in the vacated right-of-way, the right to install, maintain and operate any equipment in the vacated right-of-way and to enter upon such right-of-way at any time for the purpose of reconstructing, inspecting, maintaining or repairing the equipment. If the vacation requires the relocation of the equipment of a registrant under this division or of a permittee under division 2 of this article, and:

(1) If the vacation proceedings are initiated by that registrant or permittee, the registrant or permittee must pay the relocation costs; or

(2) If the vacation proceedings are initiated by the city or by another governmental entity, the registrant or permittee must pay the relocation costs unless otherwise agreed to by the city or such other governmental entity.

(O.13,638, 15,761)

Sec. 102-669. Indemnification and liability.

(a) The city does not, because of the acceptance of a registration required by this division or the grant of a right-of-way permit, assume any liability for:

(1) Bodily or other injuries to any individual or person, for damage to property, including loss of use thereof, or for loss of service claims;

(2) Claims or penalties of any sort resulting from the installation, presence, maintenance, or operation of equipment by registrants or activities of registrants; or

(3) Damage to the registrant's or permittee's equipment, or for damage to the equipment of another registrant or permittee.

(b) A registrant, by registering with the department, and a permittee, by accepting a permit under this division or division 2 of this article, shall be required, and shall be deemed to have agreed, to release the city from all claims and to defend, indemnify, and hold the city harmless from all outlay and expense and from claims and suits for damages of any kind, arising out of the construction, presence, installation, maintenance, repair or operation of its equipment in the right-of-way or out of any activity undertaken by it in or near a right-of-way, whether or not any act or omission complained of is authorized, allowed, or prohibited by a right-of-way permit. Each registrant or permittee shall further be required to agree and shall be deemed to have agreed that it will not bring or cause to be brought any action, suit or other proceeding claiming damages or seeking any other relief against the city on any claim, nor shall it bring or cause to be brought any action, suit or other proceeding for any award arising out of the presence, installation, maintenance or operation of its equipment or any activity undertaken by it in or near a right-of-way, whether or not the act or omission complained of is authorized, allowed or prohibited by a right-of-way permit. This section is not, as to third parties, a waiver of any defense or immunity otherwise available to a registrant, to a permittee, or to the city, and the registrant or permittee, in defending any action on behalf of the city, shall be entitled to assert in any action every defense or immunity that the city could assert in its own behalf.

(O.13,638)

Sec. 102-670. No special duty created.

Divisions 1 through 3 of this article are enacted to protect the general health, welfare, and safety of the public at large, and no special duty is created as to any registrant, permittee, SWF permittee, franchisee, licensee, or lessee by the enactment of this article or by acceptance of registration, by issuance of a permit or license, or by grant of a franchise or lease.

(O.13,638, 15,761)

Sec. 102-671. Abandoned and unused equipment.

(a) Under this article, a registrant, franchisee, or licensee who has determined to discontinue its operations in the city, in whole or in part, or who has discontinued use of part or all of its equipment in the right-of-way, must either:

(1) Provide information satisfactory to the city engineer that its obligations for its equipment in the right-of-way under this division and division 2 of this article have been lawfully assumed by another registrant, franchisee, or licensee; or

(2) Submit to the city engineer a proposal and instruments for transferring ownership of its equipment to the city. If a registrant, franchisee, or licensee proceeds under this subsection, the city may, at its option:

a. Assume ownership of and responsibility for the equipment; or

b. Refuse transfer of ownership to the city and require the registrant, at its own expense, to remove the equipment.

(b) A registrant, franchisee, or licensee who fails to comply with subsection (a) of this section and whose equipment remains unused for a period of two years shall be deemed to have abandoned such equipment. Equipment of a registrant, franchisee, or licensee which fails to comply with subsection (a) of this section and which remains unused for two years shall be deemed to be abandoned. Abandoned equipment is deemed to be a nuisance. The city may, with respect to abandoned equipment which is deemed a nuisance, exercise any remedies or rights it has at law or in equity, including but not limited to:

(1) Bringing an action for nuisance abatement, pursuant to section 42-349, in which the city may seek the abatement of the nuisance and/or authority to take possession of the equipment; or

(2) Requiring removal of the equipment by the registrant, franchisee, or licensee.

Any registrant, franchisee, or licensee who has unused equipment in any right-of-way shall remove it from the right-of-way during the next scheduled excavation, unless this requirement is waived by the city engineer.

(c) A registrant, franchisee, or licensee who abandons or ceases use of its equipment as provided in this section and whose proposal to transfer such equipment to the city is accepted by the city shall, nonetheless, be allowed to remove wires or cables from underground conduits and to remove movable equipment from underground vaults or handholes if the city engineer determines that such removal can be accomplished without damaging such conduits or vaults, and provided such removal can be accomplished without extensive excavation or longterm obstruction of the right-of-way. Such removal shall be accomplished pursuant to appropriate right-of-way permits, which may include conditions regarding the manner of removal and schedule for removal.
(O.13,638)

Sec. 102-672. Sale, assignment or change in use of registrant's equipment or business prohibited without city's consent.

(a) Under this article, a registrant shall not transfer its equipment located in the right-of-way or its business to any other person without giving the city engineer 90 days' prior written notice of such proposed transfer and without obtaining the prior consent of the city to such transfer. In such notice, the registrant shall clearly identify the proposed transferee, giving the name and address of a representative of the transferee who is authorized to discuss and provide information to the city regarding the transfer. As a condition of such consent, the proposed transferee shall be required to register and to indicate its proposed use of public right-of-way as provided in section 102-660. The city may refuse consent to a proposed transfer if it determines that the proposed transferee lacks the expertise, experience, financial resources or sufficient personnel required to maintain the registered equipment and/or the right-of-way associated therewith or if the proposed transferee's right to use or occupy the city right-of-way has previously been revoked, cancelled, or terminated or if such right is then under suspension or if the proposed transferee is then in default of any of its obligations under this article. The transferee of a registrant's equipment or business or license shall not be entitled to enter upon public rights-of-way for the purpose of operating or maintaining the equipment registered under this division unless and until it completes the formal transfer of such equipment or business, and obtains the city's consent to such transfer. Notwithstanding the foregoing, no transfer of a registrant's business shall be deemed to have occurred for purposes of this subsection when a registrant is a publicly held entity whose stock is traded on recognized stock exchanges, and where transfer of ownership of the business has effectively occurred due to stock sales or trading in the open market. However, if a merger, consolidation, transfer or disposal of substantially all of such a registrant's assets occurs, the city shall, upon written notice to the registrant, have the right, in its sole discretion and without cause or further showing,

to order the registrant to cease its use and occupancy of the right-of-way. Upon notice to the city by such a registrant of such merger, consolidation, transfer or disposal of assets, the city shall have six months within which to order the registrant to cease its use and occupancy of the right-of-way.

(b) A registrant shall not change the use of its equipment without giving the city 90 days' prior written notice of such proposed change in use and without obtaining the prior written consent of the city engineer to such change in use. In such notice, the registrant shall clearly and completely set forth the proposed change in use of equipment, how it would be accomplished, including any excavations required to accomplish such change, and projections as to the future maintenance implications of such change in use. In such notice, the registrant shall also provide the name and address of a representative of the registrant who is authorized to discuss and provide information to the city regarding such change in use of equipment. The city engineer's consent to such change in use may be withheld if he or she determines that the proposed use of the equipment at that location would be incompatible with or would likely damage or endanger other uses of the right-of-way, would involve a higher level of maintenance activities than the present use, would involve more street excavation or greater traffic disruption than the present use, or would be otherwise inappropriate.

(c) In lieu of this section, the consent to transfer provisions of section 102-770 shall apply to registrants whose use of the right-of-way has been authorized pursuant to a franchise, license, or lease.
(O.13,638)

Sec. 102-673. Reservation of regulatory and police powers.

(a) The city, by registering a person under section 102-660 or by issuing of a right-of-way permit under division 2 of this article or a license or SWF permit under division 3 of this article or by granting a franchise or a lease under division 3 of this article, does not surrender or to any extent lose, waive, impair, or lessen the lawful powers and rights which it has or which may be vested in the city under the state constitution, state law, and the City Charter to regulate the use of the right-of-way by such persons. All such persons, by registration or by acceptance of a right-of-way permit, SWF permit, franchise, license, or lease are deemed and shall be held to agree that all lawful powers and rights, regulatory power, or police power, or otherwise as are or may be from time to time vested in or reserved to the city, shall be in full force and effect and subject to the exercise thereof by the city at any time. All such persons are further deemed to acknowledge that their rights are subject to the regulatory and police powers of the city to adopt and enforce general ordinances necessary to the safety and welfare of the public and are deemed to have agreed to comply with all applicable general laws and ordinances enacted by the city pursuant to such powers.

(b) Any conflict between the provisions of a registration or of a right-of-way permit, SWF permit, franchise, license, or lease and any other lawful exercise of the city's regulatory or police powers shall be resolved in favor of the city's exercise of its lawful powers.
(O.13,638, 15,761)

Sec. 102-674. Severability.

If any section, subsection, sentence, clause, phrase, or portion of this division or of divisions 2 through 5 of this article is for any reason held invalid or unconstitutional by any court or administrative agency of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portions thereof. If a regulatory body or a court of competent jurisdiction should determine by a final, nonappealable order that any registration or permit issued under this division or division 2 of this article or any portions thereof is illegal or unenforceable, any such registration or permit granted or deemed to exist under this article shall be considered as a revocable registration or permit, terminable by either party without cause upon giving 60 days' written notice to the other party. The requirements and conditions of such a revocable registration or permit shall be the

same requirements and conditions as set forth in the registration or permit, respectively, except for conditions relating to the term of the permit and the right of termination. If a registration or permit shall be considered revocable as provided in this article, the registrant or permittee must acknowledge the authority of the city council to issue such revocable registration or permit and the power to revoke it.
(O.13,638)

Sec. 102-675. Existing franchises.

If a conflict of language occurs between the provisions of this article and a franchise existing on September 14, 1998, or between the provisions of this article and a lease of vacated right-of-way, existing on September 14, 1998, the conflict shall be resolved by honoring the terms of the franchise or lease until it expires.
(O.13,638)

Sec. 102-676. Construction of article.

Nothing in this article shall be construed as an acquiescence in or ratification of the occupancy or use of any public right-of-way in the city by any person occupying the right-of-way without legal right, nor shall this article be construed as conferring the right to occupy or use any public right-of-way within the city upon any such person illegally or without authority occupying the right-of-way.
(O.13,638)

Secs. 102-677—102-705. Reserved.

DIVISION 2. RIGHT-OF-WAY PERMITS

Sec. 102-706. Interference with use of right-of-way.

When working in public rights-of-way, permittees under this division shall not unreasonably interfere with the safety, health, and convenience of the public in the public's use thereof for ordinary travel, nor shall they interfere with public safety or public health services provided by the city to its residents by means of the public rights-of-way.
(O.13,638)

Sec. 102-707. Permits required.

(a) Except as otherwise provided in this article, no person shall excavate or obstruct any right-of-way without first obtaining an excavation permit, obstruction permit, tree well permit, or irrigation system permit, as described in this subsection, from the city engineer issued pursuant to this division.

(1) *Excavation permit.* An excavation permit is a permit which allows the holder to excavate in a specified city right-of-way and to hinder free and open passage over and use of the specific portion of right-of-way by placing equipment described therein, to the extent and for the duration specified therein.

(2) *Obstruction permit.* An obstruction permit is a permit which allows the holder to hinder free and open passage over and use of the specified portion of the right-of-way by placing equipment described therein on the right-of-way for the duration specified therein.

(3) *Tree well permit.* A tree well permit is a permit which allows the holder to construct a tree well in the right-of-way in the area between the property line and the back of the curb, provided such tree well has been approved as part of a site plan.

(4) *Irrigation system permit.* An irrigation system permit is a permit which allows the holder to construct an irrigation system or any part thereof in the right-of-way immediately adjacent to the permit holder's abutting property.

(b) No person may excavate or obstruct the right-of-way beyond the date specified in the permit unless such person:

(1) Makes a supplementary application for another right-of-way permit before the expiration of the initial permit; and

(2) A new permit or permit extension is issued.

(c) It shall be the responsibility of the owner or occupant of the abutting property to protect and maintain a treewell or irrigation system which it constructs or installs in the city right-of-way. Neither the city nor any other person, firm or governmental entity having utility, traffic control or telecommunications equipment in the city right-of-way where a treewell or irrigation system is situated shall have any duty to protect, repair or restore such treewell or irrigation system if same is destroyed, damaged, disturbed or adversely impacted due to the repair, maintenance or replacement of any such equipment. Persons installing tree wells or irrigation systems in the right-of-way pursuant to a permit issued under this section shall acquire no right or interest in the right-of-way allowing the continued use of the right-of-way for such purpose, nor shall such persons be entitled to make claim against the city or any other person, firm or governmental entity having utility, traffic control or telecommunications equipment in the city right-of-way due to damage, disruption or removal of such facilities. Tree wells and irrigation systems placed in the right-of-way pursuant to permit issued under this section shall be considered emplaced in the right-of-way at the city's sufferance and shall be subject to the city's right to remove or disrupt the tree well or irrigation system with or without prior notice to the permit holder, during the course of constructing, repairing, maintaining, or replacing any city equipment or other facilities in the right-of-way, whether such work is performed by city work crews or city contractors.

(d) Except as otherwise provided in this article, no person shall occupy any portion of the right-of-way or obtain an obstruction permit or excavation permit for the purpose of providing or maintaining ongoing utility services without first obtaining a franchise, license, or SWF permit from the city.
(O.13,638, 14,463, 15,761)

Sec. 102-708. Permit applications; plans and specifications; insurance; indemnification.

(a) Before any permit required by this article shall be issued, an application shall be made to the city engineer. A permit application will be accepted only if all of the following conditions have been met and the permit applicant has:

(1) If required, registered with the department pursuant to section 102-660.

(2) Fulfilled all obligations related to prior permits, including but not limited to the restoration of the right-of-way, and payment to the city of all money due for the following:

a. Prior obstruction or excavation permits;

b. Any loss, damage, or expense suffered by the city as a result of the applicant's prior excavations or obstructions of the rights-of-way or any emergency actions taken by the city in connection therewith;

c. Restoration of the right-of-way by the city or the city's contractor; and

d. Fines assessed to the applicant pursuant to section 102-710.

(3) Submitted a completed permit application form, which includes (i) all required attachments, and (ii) scaled drawings showing the location and area of the proposed project and the location of all existing and proposed equipment, and which states or identifies the following:

a. The place, extent and purpose of the contemplated work including the identity of and location in the right-of-way at which any excavation is to be made.

b. The time when the work is to be commenced and the time it is to be completed.

c. For whom and in connection with what abutting property, if any, the work is to be performed.

d. To what street main, if any, the sewer, water, or gas connection is to be made or to what electric or telephone line, if any, the electric or telephone connection is to be made.

e. The name of the person or contractor who will do the work, the person who will be in charge thereof, and the public registration number issued by the state labor commissioner pursuant to I.C. ch. 91C for all contractors to be involved in the work for which the permit is sought.

(4) Provided as-built maps or GIS mapping data for all equipment which it has placed in the right-of-way in the past.

(5) Corrected deficiencies, if any, in prior restoration work performed by it.

(b) Plans and specifications shall be filed with an application for a permit to make an excavation involving the construction or installation of equipment within the right-of-way. Plans and specifications shall be in sufficient detail to identify the exact type of equipment to be constructed or installed in the right-of-way, and the horizontal and vertical location of such equipment within the right-of-way, with respect to right-of-way/property lines and established monuments, which location shall be established on such plans according to available existing records. Except where plans and specifications have been provided to the city pursuant to an application for a grading permit under section 42-87 or pursuant to the requirements of articles II and III of chapter 110 of this Code and articles IV, V and VI of chapter 118 of this Code, detailed plans and specifications shall not be required for individual excavations, such as individual water, sewer, gas, electric, or telephone connections to a building. Unless a regulation approved and issued by the city engineer provides otherwise, a simple sketch on the application form provided by the city, including the dimensions of the proposed excavation in reference to permanent landmarks, shall be provided for individual excavations.

(c) If an applicant for an excavation permit is not qualified to perform right-of-way restoration work as provided in section 102-717, the application shall contain a stipulation that the applicant shall immediately notify the city engineer upon completion of the work done in connection with the excavation and that the applicant shall pay the actual costs that the city incurs in the refilling, replacement of pavement, and restoration and maintenance of the right-of-way by the city work crews or contractor working on behalf of the city, which costs shall be billed to the applicant following completion of the right-of-way restoration work and paid by the applicant in accordance with section 102-717(f) of this code.

(d) Applications for obstruction and excavation permits shall be accompanied by an insurance certificate as required by section 102-709, unless such certificate has been previously filed with the department and is still in effect. Applications for excavation permits, and obstruction permits when required as provided for in section 102-717(i), shall further be accompanied by a surety or performance and maintenance bond or other form or security as required by section 102-717, as applicable, unless such bond has been previously filed with the department and is still in effect.

(e) Except as otherwise provided in section 102-730, all applications for a permit under this article shall contain a stipulation that the applicant shall indemnify and hold harmless the city from any and all costs, expenses or liability for damages or injuries to persons or property or liability of any kind whatsoever arising from or growing out of any excavation or trench or surface restoration for which the permit is issued pursuant to this article.

(f) Permits for the construction or installation of equipment in the right-of-way, which is to be owned or operated by a franchised or licensed utility, shall be issued in the name of the franchisee or licensee. Permits for the construction or installation of equipment in the right-of-way, which is to be owned by the city water works, may be issued either in the name of the water works or in the name of its contractor. Permits for the construction or installation of equipment in the right-of-way, which is to be owned by a city utility or enterprise, may be

issued either in the name of the municipal utility or enterprise or in the name of its contractor. Permits for the construction or installation of equipment in the right-of-way, which is to be owned or operated by an abutting property owner, may in the city engineer's discretion be issued either in the name of the abutting property owner or the abutting property owner's contractor. Permits for construction in the right-of-way of underground sewer, water, gas, electric, or telephone connections to an abutting property shall be issued in the name of the abutting property owner's contractor.
(C42, § 84-2; C54, C62, § 54-65; O.7397; C75, C79, C85, § 23-54; O.11,711; C91, § 23-54; O.11,993, 13,638, 15,092, 15,188, 15,909)

Sec. 102-709. Liability insurance.

(a) Before any permit required by this article shall be issued, the applicant shall place or have on file in the office of the city engineer a certificate of insurance evidencing the existence of liability insurance deemed adequate by the city to cover the risk presented by the work being undertaken in the right-of-way. The amount and type of insurance to be required in each instance shall be determined by the city finance director or designee, and such requirements are by this reference made part of the permit application form. When the applicant is required by the terms of the permit and this article to fill and restore the excavation or trench, the insurance shall remain in full force and effect until the maintenance period provided for in this article has expired and work under the permit has been completed.

(b) This section shall not apply where indemnification and hold harmless have been provided to the city by the city water works pursuant to the requirements of chapter 26 of this Code or by a franchised utility pursuant to the requirements of articles II and III of chapter 110 of this Code and articles IV, V and VI of chapter 118 of this Code.
(C42, § 84-2; C54, C62, § 54-66; O.7397; C75, C79, C85, § 23-55; O.11,469, 11,711; C91, § 23-55; O.13,010, 13,638, 15,092)

Sec. 102-710. Administrative penalties for scheduled violations.

(a) The city engineer is authorized to impose administrative penalties upon persons who commit the following violations of this article:

(1) Failure to obtain permit;

(2) Failure to provide required notification of emergency trenching or excavations;

(3) Failure to provide required traffic control devices;

(4) Failure to restore as required;

(5) Failure to properly secure steel plates;

(6) Failure to provide required notification for inspection by plumbing inspector;

(7) Failure of restoration within the maintenance period;

(8) Failure to restore street cuts within the period provided in the permit;

(9) Failure to comply with permit conditions;

(10) Failure to comply with orders issued by the city engineer or the city engineer's designee;

(11) Failure to complete work within the time provided in the permit, or within a time extension of the permit granted by the city engineer or the city engineer's designee;

(12) Failure to provide factually accurate, truthful or complete information in making application for a permit; or

(13) Working, storing equipment or materials, or parking vehicles outside the permit area.

The administrative penalty for each violation shall be as provided in the schedule of administrative penalties adopted by the city council by resolution. Notice of violation, with the applicable penalty for such violation noted thereon, shall be issued by the city engineer to the violator. Penalties shall be paid in full within 30 days of the issuance of the notice at the city's permit and development center.

(b) The administrative penalties set out in the schedule of administrative penalties shall be charged in lieu of the fines and penalties provided for in section 102-3, unless the violator refuses to correct the violation and pay the scheduled administrative penalty, or the city engineer determines that immediate enforcement action by misdemeanor or municipal infraction prosecution pursuant to section 102-3 is, in view of the particular circumstances of the case, necessary to achieve compliance with the requirements of this article. The city engineer shall maintain a record of all violations, administrative penalties charged or other enforcement actions taken and shall make available such performance record to the building official when refusal to issue a permit pursuant to section 102-713 is being contemplated. The applicant shall be liable for any and all costs incurred by the city because of such violations.
(C42, § 84-4; C54, C62, § 54-71; O.8450; C75, § 23-56; O.9125; C79, C85, § 23-56; O.11,711; C91, § 23-56; O.13,010, 13,638, 14,202, 14,463)

Sec. 102-711. Permit fees.

(a) *Excavation permit fee.* An excavation permit fee shall be charged to every person who makes application to excavate in the right-of-way. The excavation permit fee shall be determined by the city engineer and shall be in an amount sufficient to recover the following costs:

(1) The city cost component, the disruptive cost component, and the inspection cost component; and

(2) The GIS cost component, which is the cost of creating and maintaining information on a geographical information system (GIS) mapping system.

In addition, the city engineer may in appropriate circumstances include a degradation cost component in the calculation of excavation permit fees, which is to recover the accelerated depreciation of the right-of-way which will result from the excavation to take place thereon.

Such fee shall, in part, be based on the size of the area to be excavated or impacted by the excavation; the duration that the area will be unavailable for public use; the amount of vehicular, bicycle, and pedestrian traffic that is disrupted thereby; and such other factors as the city engineer shall deem appropriate.

(b) *Obstruction permit fee.* An obstruction permit fee shall be charged to every person who makes application to undertake activities in the right-of-way which will result in the obstruction of vehicular or pedestrian traffic. The obstruction permit fee shall be determined by the city engineer and shall be in an amount sufficient to recover the following costs:

(1) The city cost component, the disruptive cost component, and the inspection cost component.

(2) The GIS cost component, which is the cost of creating and maintaining information on a geographical information system (GIS) mapping system.

Such fee shall, in part, be based on the size of the area to be obstructed or impacted by the obstruction; the duration that the area will be unavailable for public use; the amount of vehicular, bicycle, and pedestrian traffic that is disrupted thereby; and such other factors as the city engineer shall deem appropriate.

(c) *Computation of disruptive cost component for permitting purposes.* The disruptive cost is the cost the city will incur in managing the vehicular and/or pedestrian traffic which will be disrupted by permitted excavation and/or obstruction activities in the right-of-way. The city engineer shall determine the disruptive cost component of the fees for excavation and obstruction permits by using economic and accounting principles. Fees may vary from one location to another based on: the size of the area to be obstructed; the duration that the right-of-way or parts of it will be unavailable for public use and travel; the proximity of businesses and enterprises which rely in whole or in part on access by members of the public or the delivery of supplies or raw materials; the importance of the particular right-of-way to the traveling public; the use of the particular right-of-way for emergency vehicles and the availability of alternate routes; the traffic volumes carried by the particular right-of-way; the amount of vehicular, bicycle, and pedestrian traffic that is reasonably likely to be

disrupted thereby; the traffic control measures and activities which the city will have to undertake to appropriately manage the disruption of traffic, including maintenance of special traffic control signage or signals, and the provision of traffic control personnel; and the loss of revenues to the city, including but not limited to the loss of parking revenues due to loss of access to parking spaces or facilities.

(d) *Computation of inspection cost component.* A schedule of fees for inspection services shall be developed by the city engineer to recover the costs incurred by the department in having its inspectors conduct inspections of street restoration work undertaken in connection with excavation permits issued to permittees. The base fee for an inspection shall be expressed in such schedule as a per square foot fee for the area to be excavated or obstructed or impacted by excavation or obstruction. The fee for a follow-up inspection, conducted to obtain or confirm compliance with a specification, regulation, permit condition or city engineer's order, after a permittee is informed of a violation thereof, shall be expressed in such schedule as hourly rates which are to be based on the salary, benefit, and overhead costs to the city of the inspectors providing follow-up inspection services. Follow-up inspection services shall be charged to permittees on the basis of the number of hours of inspector time spent providing follow-up inspection services with respect to work performed in connection with each permit, multiplied by the applicable hourly rates in the schedule.

(e) *Payment of permit fees.* Permit fees, computed as provided in this section by the city engineer, shall be paid by the permittee prior to issuance of the excavation or obstruction permit, unless in the discretion of the city engineer permission is given to pay such fee within 30 days after billing therefor by the city.

(f) *Plan review fee*. A plan review fee shall be charged to any person or permit applicant who submits plans and specifications for review by the city as required by section 102-708. The plan review fee is intended to recover the salary, benefit, and overhead costs to the city of the city employees reviewing such plans and specifications, and shall be based on the size of the area proposed to be excavated. The plan review fee shall be in the amount set in the schedule of fees adopted by the city council by resolution.

(g) *Payment of plan review fee.* If the plans and specifications are submitted for review and approval prior to application for an excavation permit, the plan review fee shall be paid prior to the city engineer's approval of such plans and specifications, or prior to city's acceptance of the permit application. If the plans and specifications are submitted for review as part of an application for an excavation permit, the plan review fee shall be paid prior to issuance of the permit.

(h) *Fees doubled during probation.* All permit fees shall be doubled during a probationary period.

(i) *Refund after revocation of permit.* Permit fees which were paid in connection with a permit which the city engineer has revoked for a breach as provided in section 102-729 are not refundable.

(j) *Schedule of fees.*

(1) The permit fees to be paid in each instance shall be determined by the city engineer by reference to a schedule of permit fees, which shall be developed in conformance with the requirements of I.C. ch. 480A, shall be updated as needed prior to each construction season, and shall be approved by the city council by resolution.

(O.13,638, 14,043, 14,202, 14,463, 15,386, 15,761, 15,909)

Sec. 102-712. Issuance of permits.

(a) Except as otherwise provided in this section, when the application made in accordance with sections 102-708 and 102-709 shall be approved, and the certificate of insurance and the bond, when applicable, or receipt of deposit in lieu of bond by the city treasurer as provided for in this article, shall be approved and placed on file in the office of the city engineer, the excavation permit or obstruction permit, as the case may be, shall be issued to the applicant to allow for the particular work specified in the

application to commence. The city engineer may impose conditions, restrictions, or requirements upon the issuance of the permit and the performance of the applicant thereunder in order to protect the public health, safety and welfare; to ensure the structural integrity of the right-of-way; to maximize efficient use of the right-of-way; to protect the property and safety of other users of the right-of-way; and to minimize the disruption and inconvenience to the traveling public, which conditions, restrictions, or requirements shall be stated on the face of the permit or communicated to the permittee in writing by the city engineer. The permit shall specifically state that it is issued subject to all stipulations of the applicant made in applying for the permit and that the work shall be done in accordance with the detailed plans and specifications approved in connection with the application and in accordance with any and all further conditions, restrictions, or requirements stated on the permit.

(b) Immediate notice shall be given to the city engineer whenever emergency work must be commenced prior to application for a permit under this article. Such notice shall be given no later than upon the first business day after commencement of such emergency work, and application for an excavation permit shall be made within three business days of the commencement of the work.

(c) Except as otherwise provided in this subsection, a permit shall not be issued to excavate in a permanently improved street within the first four years following completion and acceptance by the city council of the improvement project. In such instances applicants shall determine and submit for approval of the city engineer alternative methods of making the utility service connections; provided, however, the city engineer may give written permission for a street excavation permit to be issued in such instances upon determining that one or more of the following conditions exists:

(1) An emergency endangering life or property exists which warrants allowing the requested excavation;

(2) An interruption of essential utility service is threatened unless the requested excavation is allowed;

(3) The public work for which the excavation is requested is mandated by city, state or federal legislation;

(4) There is no other reasonable means of providing utility service to a property except by allowing the requested excavation; or

(5) The requested excavation is in the best interest of the general public.

(O.13,638, 14,202, 15,092)

Sec. 102-713. Refusal to issue permit.

The city engineer may refuse to issue the permits provided for in this article to any former permit holder who has intentionally violated the sections of this Code relating to excavations in or obstruction of any public right-of-way or who has failed to conform to the requirements of any previously issued permit or who has violated the orders or instructions of city officials issued pursuant to this article.

(C42, § 84-9; C54, C62, § 54-72; O.7397; C75, C79, C85, § 23-59; O.11,711, 13,010; C91, § 23-59; O.13,010, 13,638)

Sec. 102-714. Records.

The department shall keep a duplicate copy of each permit issued as provided in this division corresponding to each original permit issued and shall provide a copy of each such permit to the city permit and development center for filing with the detailed plans and specifications as approved by city staff. Permits shall be regularly numbered in the order issued. Each permit shall contain the name of the person to whom it is issued, the location of the premises, the purpose of any excavation and the time at which work under it shall be commenced and completed. The permit shall not take effect until the time stated therein, nor shall any work be done under it until such time. The permit shall expire at the time stated thereon for completion unless an extension is granted in writing by the city engineer; provided, however, that the obligation to restore the right-of-way, and the obligation to

provide and maintain insurance and bonds to the city in connection with such work shall remain in effect until restoration of the right-of-way is completed.
(C42, § 84-3; C54, C62, § 54-68; O.7397; C75, C79, § 23-60; C85, § 23-60; O.11,711; C91, § 23-60; O.13,010, 13,638)

Sec. 102-715. On-site exhibit of permit; contractor identification signage.

(a) One copy of the permit required by this article shall be kept and exhibited at every work site for which an excavation permit has been issued for a period of five days or more.

(b) Persons performing work pursuant to an excavation permit shall display their name, address, and telephone number on all motor vehicles and equipment, including tractors, trailers, and wheeled equipment capable of being driven or towed on the street, which are utilized in performing such work. This shall not apply to personal or privately owned vehicles used solely to transport workers to a job site or to rental vehicles or equipment utilized in performing the work if the name, address, and telephone number of the rental company appears on such vehicles or equipment. Utility service companies which provide such service to residential, commercial, and industrial customers on a citywide basis and whose customer or emergency service telephone number is published in a city telephone directory and is available to city residents without long distance charge need only display the name of the company on company-owned vehicles and equipment utilized in performing work in the right-of-way. Contractors and their subcontractors working in the right-of-way on behalf of such utility service companies shall display their name, address, and telephone number on all motor vehicles and equipment as required in this subsection.

(c) The information required by subsection (b) of this section shall be exhibited in at least two locations on the vehicle and shall be either a temporary magnetic or permanent decal or painted lettering of a type and size, and with a contrasting color, rendering it legible from a distance of not less than 50 feet.
(C42, § 84-3; C54, C62, § 54-69; O.7397; C75, C79, C85, § 23-61; O.11,711; C91, § 23-61; O.13,010, 13,638)

Sec. 102-716. Coordination with paving project.

If the application for a permit required by this division is for the purpose of making an excavation or trench in any street ordered by the city council to be permanently improved, the applicant shall promptly notify the city engineer of the issuance of the permit so that the excavation or trenching can be coordinated with the work of the paving project as the city engineer deems appropriate. Work under such permit shall in no event commence before the requirements of this section are satisfied.
(C91, § 23-62; O.11,711, 13,638)

Sec. 102-717. Right-of-way restoration; performance and maintenance bond or other form of security requirements for excavation permit; surety bond requirements for obstruction permit.

(a) *Restoration required.* The work to be done under an excavation permit issued pursuant to this article and the restoration of the right-of-way as required in this division must be completed within the dates specified in the permit. In addition to its own work, the permittee must restore or pay for the restoration of the general area of the work, and the surrounding areas, including the paving, its foundations and any special features, to its proper and required condition in accordance with the city's utility accommodation and street restoration specifications, unless the city engineer deems other or additional specifications must be utilized in order to secure proper restoration. Further, the permittee shall inspect the area of the work and use reasonable care to maintain the same condition for 48 months thereafter. If special features in the right-of-way at a proposed excavation site, including but not limited to special sidewalk surfaces, heated sidewalks, underground vaults, areaways, and landscaping, cannot be preserved or protected, the City must be notified prior to the applicant beginning work.

(b) *Performance and maintenance bond.* An applicant for an excavation permit shall, at the time of application for an excavation permit, post a performance bond in an amount determined by the city engineer to be sufficient to cover the cost of restoring the right-of-way to its proper and required condition pursuant to the city's utility accommodation and street restoration specifications and in accordance with the current restoration cost schedule established by resolution of the city council. If at the conclusion of the 48-month period after completion of the restoration of the right-of-way, the department determines that the right-of-way has been properly restored, the surety on the performance bond shall be released.

(c) *Bond condition.* The bond shall be conditioned upon:

(1) The faithful performance of the right-of-way restoration work required under this article, or payment of the restoration costs incurred by the city; and

(2) The faithful performance of the terms of the permit, the provisions of this article, and any other requirements provided by law.

If the applicant fails or neglects to properly restore the right-of-way to its proper condition within the time for completion set forth in the permit, or within a reasonable time after notice by the city engineer of such failure or neglect, or fails to pay the restoration costs incurred by the city or fails or neglects to properly maintain the right-of-way to its proper condition within a reasonable time after notice by the city engineer of such failure or neglect, or fails to pay the maintenance costs incurred by the city, the right-of-way shall be restored or maintained by the city and the costs thereof, as certified by the city engineer, shall be promptly paid by the applicant or bonding company as the case may be.

(d) *Alternate forms of security.* In lieu of filing a performance bond in connection with each excavation permit application, an applicant may, in the discretion of the city engineer, be allowed to post with the city treasurer an alternate form of security in the form of an annual performance bond, letter of credit, certificate of deposit, or certified check in an amount deemed sufficient by the city engineer, but in no event less than $25,000.00, to secure the applicant's performance of all restoration work which the applicant will

become responsible for during the next 12-month period in accordance with the current restoration cost schedule established by resolution of the city council upon the recommendation of the city engineer. Such alternate form of security shall be conditioned upon the applicant's performance as provided in subsection (c) of this section. If the costs as certified by the city engineer during such year are less than such letter of credit, certificate or deposit, or certified check, or if the maintenance period provided for in the permit has expired with the applicant having satisfied all of its restoration and maintenance responsibilities, the balance thereof shall upon request be returned to the applicant. If it appears to the city engineer at any time after issuance of a permit that the security so provided by letter of credit, certificate of deposit, or certified check is inadequate to secure the performance of all such restoration work, the city engineer may require the permittee to increase such security. If the costs during such year exceed the amount of such additional security provided by letter of credit, certificate of deposit, or certified check, the applicant shall be required to pay such difference to the city. Such excess costs shall be paid before any subsequent application by the applicant for a permit under this article may be processed by the department. If the city incurs any outlay and expense in collecting its costs from the applicant, such outlay and expense shall be paid by the applicant or bonding company in addition to other amounts due.

(e) *Bond for licensed plumbing contractors.* A licensed plumbing contractor may satisfy the requirements of subsections (a) through (d) of this section by maintaining on file with the department a surety bond in the amount of $5,000.00 for the period running concurrently with the plumbing contractor's license, so long as such bond specifically provides coverage for any and all street excavations undertaken pursuant to this article during such period, unless the city engineer determines such bond amount is insufficient to cover the anticipated cost of restoration of the right-of-way for which the permit is sought. A plumbing contractor qualified to perform street right-of-way restoration work who chooses to perform the street right-of-way restoration work itself or through its qualified subcontractor or independent contractor must comply with subsections (a) through (d) and (g) through (i) of this section.

(f) *Restoration by city or city contractor.* If an applicant for an excavation permit is not qualified to perform right-of-way restoration work as provided in this division and requests in the permit application to have the city or the city's contractor restore the right-of-way, the applicant shall pay the costs thereof within 30 days of billing. If, during the 48 months following such restoration, the pavement settles due to the permittee's improper backfilling, the permittee shall pay to the city, within 30 days of billing, the cost of repairing the pavement.

(g) *Restoration by permittee.* An applicant for an excavation permit who has been determined qualified to perform right-of-way restoration work as provided in this section and who intends to itself restore the right-of-way shall so indicate in its application for an excavation permit. The permittee shall perform the work in accordance with the city's utility accommodation and street restoration specifications, unless the city engineer deems other or additional specifications must be utilized in order to secure proper restoration. The city engineer shall have the authority to prescribe the manner and extent of the restoration and may do so in written procedures of general application or on a case-by-case basis. The city engineer in exercising this authority shall be guided by the following standards and considerations: the number, size, depth and duration of the excavations, disruptions or damage to the right-of-way; the preexcavation condition of the right-of-way; the remaining life expectancy of the right-of-way affected by the excavation; whether the relative cost of the method of restoration to the permittee is in reasonable balance with the prevention of the accelerated depreciation of the right-of-way that would otherwise result from the excavation, disturbance or damage to the right-of-way; and the likelihood that the particular method of restoration would be effective in slowing the degradation of the right-of-way that would otherwise take place. Methods of restoration may include but are not limited to patching, replacement of the right-of-way base, and milling and overlay of the entire area of the right-of-way

affected by the work. By choosing to restore the right-of-way itself, the permittee guarantees its work and shall maintain it for 48 months following its completion. During this 48-month period, the permittee shall, upon notification from the department, correct all restoration work to the extent necessary using the method required by the department. Such work shall be completed within the period of time allotted therefor as set forth in the notice from the department. If the permittee fails to restore the right-of-way in the manner and to the condition required by the department or fails to satisfactorily and timely complete all repairs required by the department, the city, at its option, may do such work or cause its contractor to do such work. In that event, the permittee shall pay to the city, within 30 days of billing, all costs incurred by the city in restoring the right-of-way.

(h) *Identity of person performing restoration work.* Any person restoring a permanently improved street shall provide permanent identification of the person performing the restoration work and the month and year such work was performed by imprint or medallion within the restored surface, as provided in the city's utility accommodation and street restoration specifications.

(i) *Bond for obstruction permit.* If the city engineer determines in his or her sole discretion that an obstruction permit applicant's proposed use of the right-of-way poses a risk of damage to the right-of-way, the city engineer may require such applicant to post a surety bond before the obstruction permit is issued. Such bond, if required, shall be placed on file with and approved by the city engineer; shall be in the minimum amount of $5,000.00 or such other amount determined by the city engineer to be sufficient to cover the anticipated cost of damage to the right-of-way; and shall be conditioned to ensure removal of the obstruction and restoration of the right-of-way and all public improvements thereon by or before the expiration date of such obstruction permit or such extended time as may be granted by the city engineer.

(C42, § 84-5; C54, C62, § 54-73; C75, C79, § 23-62; C91, § 23-63; O.11,711, 13,638, 14,202, 14,463, 15,092, 15,188)

Sec. 102-718. Qualification to perform right-of-way restoration work.

(a) The city engineer shall determine the qualifications of permit applicants to perform right-of-way restoration work as provided in section 102-717. In determining if an applicant is qualified to perform right-of-way restoration work, the city engineer may consider any of the following factors, which the applicant shall be obligated to demonstrate to the satisfaction of the city engineer:

(1) The financial responsibility of the applicant.

(2) The city's past record of transactions and experience with the applicant, including the quality of workmanship on past right-of-way restoration projects; the number of liens, claims or complaints filed regarding such past projects; and the number of repairs made on prior right-of-way restoration projects involving that applicant.

(3) The adequacy of the applicant's equipment and materials.

(4) The competency and experience of the applicant's managerial and supervisory personnel in performing right-of-way restoration work.

(5) The applicant's demonstrated ability to complete performance of right-of-way restoration work or work of a similar nature.

(b) The city engineer may decline to qualify an applicant for the performance of right-of-way restoration work if the city engineer determines that the applicant has not demonstrated satisfactory compliance with the criteria in subsection (a) of this section or if the city engineer determines that the applicant has:

(1) Without good cause therefor failed to carry on or complete prior right-of-way restoration work or work of a similar nature in an acceptable manner or refused to comply with a written order of the engineer with regard thereto within a reasonable time;

(2) Failed to perform prior right-of-way restoration work or work of a similar nature

in reasonably close conformity with the plans and specifications therefor, or in reasonably close conformity with the city's design standards or the city's utility accommodation and street restoration specifications;

(3) Failed or refused to remove and replace materials or work found by the city engineer not to be in reasonably close conformity with the plans and specifications or city's utility accommodation and street restoration specifications, as applicable, or failed to correct such material or work so as to cause such materials or finished product to be reasonably acceptable work; or

(4) Offered or given gifts or gratuities to city employees in violation of state law or has had as its employee a person who was at the time also a city employee.

(c) If the city engineer determines not to qualify an applicant to perform right-of-way restoration work, the city engineer shall so notify the affected applicant. The notice shall set forth the reasons supporting the city engineer's determination not to qualify the applicant and shall indicate that the city engineer's determination shall be considered final unless the applicant files a written request for review with the city manager within 30 days of the applicant's receipt of notice thereof. The notice shall be sent to the applicant by certified mail, return receipt requested.

(d) Upon written request of the applicant received within 30 days of mailing of the notice provided in subsection (c) of this section, the city manager shall schedule and hold a hearing thereon, as provided in section 102-802. At such hearing, the applicant may present evidence or argument why it should be qualified to perform right-of-way restoration work.
(C91, § 23-63.01; O.13,638, 15,092, 15,188)

Sec. 102-719. Disqualification of person previously qualified to perform right-of-way restoration work.

(a) Upon a determination by the city engineer that a person previously qualified to perform right-of-way restoration work has failed to meet any of the criteria set forth in subsection 102-718(a) or has failed to perform as provided in subsection 102-718(b), the city engineer may disqualify such person from the further performance of such work, as provided in this section. Upon making such determination, the city engineer shall give notice to the affected party of his or her determination and shall therein set forth the reasons supporting disqualification and the proposed period for disqualification and shall indicate that the city engineer's determination shall be considered final unless the applicant files a written request for review with the city manager within 30 days of the applicant's receipt of notice thereof.

(b) Upon written request of the affected party received within 30 days after the affected party's receipt of the notice provided in subsection (a) of this section, the city manager shall schedule and hold a hearing thereon, as provided in section 102-802. At such hearing, the affected party may present evidence or argument why it should not be disqualified from performance of right-of-way restoration work.
(C91, § 23-63.02; O.13,638)

Sec. 102-720. Joint applications.

Registrants are encouraged to make joint application for permits to excavate or obstruct the right-of-way at the same place and time. Registrants who join in a scheduled obstruction or excavation performed by the city or a city contractor, whether or not it is a joint application by two or more registrants or a single application, are not required to pay the obstruction and degradation portions of the permit fee. Registrants who apply for permits for the same obstruction or excavation, which is not performed by the city or a city contractor, may share in the payment of the obstruction or excavation permit fee. Registrants must agree among themselves as to the portion each will pay and indicate such on their applications.
(C42, § 84-6; C54, C62, § 54-74; C75, C79, § 23-63; C91, § 23-64; O.11,711, 13,638)

Sec. 102-721. Supplementary applications.

(a) A right-of-way permit is valid only for the area of the right-of-way specified in the permit. No permittee may perform any work outside the

area specified in the permit, except as provided in this section. Any permittee who determines that an area greater than that specified in the permit must be obstructed or excavated must, before working in that area:

(1) Make application for a permit extension and pay any additional fees necessitated thereby; and

(2) Be issued a new permit or permit extension.

(b) A right-of-way permit is valid only for the dates specified in the permit. No permittee may begin work before the permit start date or, except as provided in this subsection, continue working after the end date. If a permittee does not finish the work by the permit end date, it must make application for a new permit for the additional time it needs and receive the new permit or an extension of the old permit before working after the end date of the previous permit. This supplementary application must be submitted and completed before the permit end date.
(C91, § 23-64.01; O.13,638)

Sec. 102-722. Permittee's other obligations.

(a) Obtaining a right-of-way permit does not relieve a permittee of its duty to obtain all other necessary permits, licenses, and authority and to pay all fees required by any other city, county, state, or federal rules, laws or regulations.

(b) A permittee shall comply with all requirements of local, state and federal laws, including I.C. § 480.1 et seq., pertaining to underground facilities information (one-call excavation notice system).

(c) A permittee shall perform all work in conformance with all applicable codes and established rules and regulations, and is responsible for all work done in the right-of-way pursuant to its permit, regardless of who performs the work.

(d) Except in an emergency and with the approval of the city engineer, no right-of-way obstruction or excavation may be performed when seasonally prohibited or when conditions are unreasonable for such work.

(e) A permittee shall not so obstruct a right-of-way that the natural free and clear passage of water through the gutters or other waterways shall be interfered with.

(f) Work under a permit shall be conducted within the permit area, and work vehicles, equipment and materials shall be stored within the permit area. Private vehicles may not be parked within or adjacent to a permit area. The loading or unloading of trucks adjacent to a permit area is prohibited unless specifically authorized by the permit.

(g) A permittee shall comply with all conditions stated in the permit, and with orders issued by the city engineer or the city engineer's designated representative with respect to work being performed under the permit.

(h) A permittee shall complete all work authorized by a permit within the time provided in the permit, or within a time extension of the permit granted by the city engineer or the city engineer's designee.

(i) A permittee shall provide factually accurate, truthful and complete information in making application for a permit.
(C91, § 23-64.02; O.13,638, 14,463)

Sec. 102-723. Denial of permit.

(a) *Mandatory denial.* Except in an emergency, no right-of-way permit will be issued:

(1) To any person required by section 102-660 to be registered who has not done so;

(2) To any person required by section 102-662 to file an annual report who has failed to do so;

(3) For any next-year project not listed in the construction and major maintenance plan, and not exempted from such requirement, pursuant to section 102-662;

(4) For any project which requires the excavation of any portion of a permanently improved street which was constructed or reconstructed within the preceding four years, unless the city engineer has given

permission for the issuance of the permit for such project pursuant to subsection 102-712(c);

(5) To any person who has failed within the past three years to comply or is not in full compliance with the requirements of divisions 1 through 3 of this article;

(6) To any person who has outstanding debt owed to the city;

(7) To any person as to whom there exists grounds for the revocation of a permit under section 102-728; and

(8) If, in the discretion of the city engineer, the issuance of a permit for the particular date and/or time would cause a conflict or interfere with an exhibition, celebration, festival, or any other event. The city engineer, in exercising this discretion, shall be guided by the safety and convenience of ordinary travel of the public over the right-of-way, and by considerations relating to the public health, safety and welfare.

(b) *Permissive denial.* The city engineer may deny a permit in order to protect the public health, safety and welfare; to prevent interference with the safety and convenience of ordinary travel over the right-of-way; or when necessary to protect the right-of-way and its users. In determining to deny a permit, the city engineer may, in his or her discretion, consider one or more of the following factors: the extent to which right-of-way space where the permit is sought is available; the competing demands for the particular space in the right-of-way; the availability of other locations in the right-of-way or in other rights-of-way for the equipment of the particular company; the applicability of this article or other regulations of the right-of-way that affect location of equipment in the right-of-way; the degree of compliance of the applicant with the terms and conditions of its franchise, license or lease, divisions 1 and 2 of this article, and other applicable ordinances and regulations; the degree of disruption to surrounding communities and businesses that will result from the use of that part of the right-of-way; the condition and age of the right-of-way, and whether and when it is scheduled for total or partial reconstruction; and the balancing of the costs of disruption to the public and damage to the right-of-way against the benefits to that part of the public served by the expansion into additional parts of the right-of-way.

(c) *Discretionary issuance.* Notwithstanding subsections (a) and (b) of this section, the city engineer may issue a permit in any case where the permit is necessary to:

(1) Prevent substantial economic hardship to a customer of the permit applicant;

(2) Allow such customer to materially improve its utility service; or

(3) Allow a new economic development project.

(C91, § 23-64.03; O.13,638)

Sec. 102-724. Construction and installation requirements; certification by permittee.

(a) When working in public rights-of-way, permittees under this article shall not unreasonably interfere with the safety, health, and convenience of the public in the public's use thereof for ordinary travel along and over the rights-of-way, nor shall they interfere with public safety or public health services provided by the city to its residents by means of the public rights-of-way.

(b) All work performed in the right-of-way by a registrant or permittee, including but not limited to the construction, installation, repair, maintenance, or replacement of equipment, shall be done in conformance with the city's utility accommodation and street restoration specifications. Equipment shall be constructed or installed in the right-of-way at a location as required by subsections 102-664(a) through (c) and shall be constructed as shown and placed in the location as shown on the plans and specifications therefor submitted in connection with the permit application, unless the permittee makes a written request to the city engineer to approve a change in location of such equipment. In no event shall equipment be constructed or installed in the right-of-way at a location other than that shown on the plans and specifications without the prior written consent of the city engineer.

(c) Within 30 days after completing the construction or installation of any equipment for which a permit was required, the permittee shall certify to the city engineer, on a form provided for that purpose by the department, that the equipment was constructed or installed at the location shown on the plans and specifications therefor submitted with the permit application or at an alternate location approved by the city engineer. This shall be in addition to the requirement stated in section 102-663 that mapping data be supplemented within six months after completion of the construction or installation of such equipment.

(d) Equipment constructed or installed at a location other than shown on the plans and specifications or at a location other than the alternate location approved by the city engineer shall be subject to immediate removal or relocation at the direction of the city engineer.

(e) No person shall leave or keep open any excavation or vault on, in or under any right-of-way. All excavations and vaults shall be protected in accordance with the city's utility accommodation and street restoration specifications.
(C91, § 23-64.04; O.13,638)

Sec. 102-725. Inspection.

(a) When the work under any permit issued pursuant to this article is completed, the permittee shall notify the city engineer.

(b) The permittee shall make the work site available to the department inspector and to all others as authorized by law for inspection at all reasonable times during the execution and upon completion of the work.

(c) At the time of inspection, the department inspector may order the immediate cessation of any work which poses a serious threat to the life, health, safety or well-being of the public.

(d) The department inspector may issue an order to the registrant for any work which does not conform to the applicable standards, conditions or codes. The order shall state that failure to correct the violation will be cause for revocation of the permit. Within ten days after issuance of the order, the registrant shall present proof to the city engineer that the violation has been corrected. If such proof has not been presented within the required time, the city engineer may revoke the permit pursuant to section 102-728.
(C91, § 23-64.05; O.13,638)

Sec. 102-726. Work done without permit.

(a) *Emergency situations.* Each registrant under this article shall immediately notify the city engineer of any event regarding its equipment which it considers to be an emergency. The registrant may proceed to take whatever actions are necessary in order to respond to the emergency. Within two business days after the occurrence of the emergency, the registrant shall apply for the necessary right-of-way permits, pay the fees associated therewith and fulfill the rest of the requirements necessary to bring itself into compliance with divisions 1 and 2 of this article for the actions it took in response to the emergency. If a storm, flood, or other citywide emergency event causes system-wide damages to the equipment of a utility service company, requiring emergency repairs without obtaining the necessary right-of-way permits, the city council may, upon request by the company sustaining such damage, waive or modify the requirement that permits be obtained after the making of emergency repairs in response to such event. If the city engineer becomes aware of an emergency regarding a registrant's equipment, the department may attempt to contact the local representative of each registrant affected or potentially affected by the emergency. In any event, the department may take whatever action it deems necessary in order to respond to the emergency, the cost of which shall be borne by the registrant whose equipment occasioned the emergency.

(b) *Nonemergency situations.* Except in an emergency, any person who obstructs or excavates a right-of-way without a permit must subsequently obtain a permit, pay double the normal fee for such permit, pay double all the other fees required by this Code, deposit with the department the fees necessary to correct any damage to the right-of-way and comply with all of the requirements of divisions 1 and 2 of this article. In lieu of requiring such person to pay double the fees as

provided in this subsection, the city engineer may assess an administrative penalty against such person as provided in subsection 102-710(a).
(C91, § 23-64.06; O.13,638)

Sec. 102-727. Supplementary notification by permittee.

If the obstruction or excavation of the right-of-way begins later or ends sooner than the date given on the permit, the permittee shall notify the department of the accurate information as soon as this information is known. If the obstruction of a right-of-way is of a shorter duration than that estimated on the permit application, the department will, upon request, refund or credit to the permittee a proportionate amount from that part of the permit fee which was based on the duration of the obstruction.
(C91, § 23-64.07; O.13,638)

Sec. 102-728. Revocation.

(a) Permittees hold right-of-way permits as a privilege and not as a right. The city reserves the right, as provided in this section, to revoke any right-of-way permit, without fee refund, for a substantial breach of the terms and conditions of any statute, ordinance, rule or regulation or any condition of the permit. A substantial breach by the permittee shall include but shall not be limited to the following:

(1) The violation of any material provision of the right-of-way permit;

(2) An evasion or attempt to evade any material provision of the right-of-way permit or the perpetration or attempt to perpetrate any fraud or deceit upon the city or its citizens;

(3) Any material misrepresentation of fact in the application for a right-of-way permit;

(4) The failure to maintain the required bonds and/or insurance;

(5) The failure to complete the work in a timely manner; or

(6) The failure to correct a condition indicated on an order issued pursuant to section 102-725.

(b) If the city engineer determines that the permittee has committed a substantial breach of a term of condition of any statute, ordinance, rule, regulation or any condition of the permit, the city engineer shall make a written demand upon the permittee to remedy such violation. The demand shall state that continued violations may be cause for revocation of the permit. Further, a substantial breach, as stated in this subsection, will allow the city engineer, at his or her discretion, to place additional or revised conditions on the permit.

(c) Within 24 hours of receiving notification of the breach, the permittee shall contact the city engineer with a plan, acceptable to the city engineer, for its correction. The permittee's failure to so contact the city engineer or the permittee's failure to submit an acceptable plan or the permittee's failure to reasonably implement the approved plan shall be cause for immediate revocation of the permit. Further, the permittee's failure to so contact the city engineer or the permittee's failure to submit an acceptable plan or permittee's failure to implement the approved plan shall automatically place the permittee on probation for one full year. From time to time, the city engineer may establish a list of permit conditions which, if breached, will automatically place the permittee on probation for one full year, such as but not limited to working out of the allotted time period or working on right-of-way grossly outside of the permit.

(d) If a permittee, while on probation, commits a breach as outlined in this section, the permittee's permit will automatically be revoked, and the permittee will not be allowed further permits for one full year, except for emergency repairs.

(e) If a permit is revoked, the permittee shall also reimburse the city for the city's reasonable costs, including restoration costs and the costs of collection and reasonable attorneys' fees, incurred in connection with such revocation.
(C91, § 23-64.08; O.13,638)

Sec. 102-729. City's remedies not exclusive.

The remedies provided in divisions 1 through 3 of this article and in other chapters in this Code are not exclusive or in lieu of other rights and remedies that the city may have at law or in

equity. The city is authorized to seek legal and equitable relief for actual or threatened injury to the public rights-of-way, including damages to the rights-of-way, whether or not caused by a violation of any of the sections of this article or other sections of this Code.
(C91, § 23-64.09; O.13,638)

Sec. 102-730. Duty to defend, indemnify and hold harmless.

Except where the duty to defend, indemnify, and hold the city harmless has been undertaken by the city water works pursuant to the requirements set out in chapter 26 of this Code or by a utility pursuant to the requirements set out in articles II and III of chapter 110 and articles IV, V, and VI of chapter 118 of this Code, every applicant for a right-of-way permit shall execute, as part of its permit application, an agreement to defend, indemnify, and hold harmless the city from any and all costs, expenses, or liability for damages or injuries to persons or property or liability of any kind whatsoever arising from or growing out of any obstruction, excavation, or restoration work within the right-of-way by the applicant for which a permit is required pursuant to this article.
(C91, § 23-65; O.11,711, 13,638)

Sec. 102-731. Sewer and water connections.

All excavations for sewer and water connections shall be left unfilled and the connections left exposed until inspected by the building official. Any person making any excavation for such connections shall notify the building official at the time the connection is completed in order that it may be properly inspected before the work of refilling is commenced.
(C42, § 84-6; C54, C62, § 54-75; C75, C79, § 23-64; C91, § 23-66; O.11,711, 13,010, 13,638)

Sec. 102-732. Tunneling.

No person shall tunnel under the surface of any right-of-way in the city for the purpose of making any gas, sewer, water, steam heating pipe, underground electric, telecommunications, telephone, or cable television connection without special permission from the city engineer.
(C91, § 23-66.01; O.13,638)

Sec. 102-733. Traffic control devices, lighting and plating.

(a) The public shall be protected at all excavations or trenches or open vaults in the right-of-way by the placement of proper traffic control devices, lighting and plating as specified in the state manual on uniform traffic control devices and applicable provisions of the city's utility accommodation and street restoration specifications.

(b) Every person making such an excavation or trench shall maintain any and all protection required under subsection (a) of this section until the trench or excavation has been refilled and the street, pavement, sidewalk or curb has been restored to its proper condition as provided in the city's utility accommodation and street restoration specifications.
(C91, § 23-66.02; O.13,638)

Secs. 102-734—102-760. Reserved.

DIVISION 3. FRANCHISE, LICENSE OR SMALL WIRELESS FACILITY PUBLIC RIGHT-OF-WAY USE (SWF) PERMIT FOR RIGHT-OF-WAY USE*

Sec. 102-761. Franchise, license or SWF permit required.

(a) Except as otherwise provided in this article, no person shall occupy or use public right-of-way on a citywide basis for the purpose of providing utility services to private customers without first obtaining a franchise from the city as provided and required by I.C. § 364.2, or obtaining a SWF permit from the city, unless such utility service is provided by a governmental entity having jurisdiction and authority to provide such service within the city.

***Editor's note—**Ord. No. 15,761, § 1, adopted April 8, 2019, amended the title of Div. 3 to read as herein set out. Formerly, said division was entitled "Franchise or License for Right-of-Way Use".

(b) Except as otherwise provided in this article, no person shall occupy or use any portion of the right-of-way for the purpose of operating or conducting a private business without first obtaining a license from the city.

(c) The city shall not grant, issue, or enter into any franchise, license or SWF permit that grants or allows exclusive use or occupancy of the right-of-way. Any person seeking a franchise or license for use of city right-of-way shall register with the city engineer as provided in sections 102-660 and 102-661. Any person seeking a franchise, license, or SWF permit for use of city right-of-way shall make application for a franchise, license, or SWF permit, as applicable, as provided in this division.

(d) An application for a franchise, license, or SWF permit for occupancy or use of a right-of-way shall be filed with the city engineer on a form provided by the city and shall include all registration information required to be submitted pursuant to section 102-661, if applicable.
(C91, § 23-66.03; O.13,638, 15,761)

Sec. 102-762. Grant of franchise; persons eligible.

(a) Under this division, franchises will be granted in accordance with the procedures provided therefor in I.C. ch. 364. The terms and conditions of a franchise shall be subject to negotiation between the franchise applicant and the city and shall be incorporated into the form of an ordinance. A franchise shall not be considered to have been granted by the city unless and until the form and provisions of the franchise ordinance have been approved and adopted by the city council, the grant of the franchise has been approved by the city electorate at an election, and the franchise has been duly recorded, all as required by I.C. ch. 364. The proposal to grant a franchise shall not be submitted at an election until the city council has duly passed and approved the ordinance containing the proposed franchise.

(b) A franchise will be granted only when the following conditions are met:

(1) The franchise applicant provides or proposes to provide a utility service to all of the city residents or to all of the residents within a given area of the city; or

(2) The franchise applicant provides or proposes to provide utility service within the city or within a given part thereof and is by law required to provide universal service within its service area; and

(3) The franchise applicant proposes that it be authorized to utilize any and all street and alley rights-of-way within the city or within a given part thereof for the purpose of providing such service; or

(4) The city council determines that the franchise applicant will ultimately require authorization to utilize any and all street and alley rights-of-way within the city or within a given part thereof for the purpose of providing such service; and

(5) The franchise applicant has obtained a certificate of public convenience and necessity from the state utilities board for the provision of that service, if required, and has met all other legal requirements to provide the utility service.

(c) Persons providing utility services, except local exchange telephone services, on the effective date of the ordinance from which this subsection derives:

(1) Which are not franchised by the city; and

(2) Which possess a certificate of public convenience and necessity from the Iowa utilities board for the provision of that service, if required; or

(3) Which provide utility service to all or a substantial proportion of the residents of the city, or to all or a substantial proportion of the residents of a given part of the city; and

(4) Which utilize all or a substantial proportion of the street and/or alley rights-of-way within the city, or within a given part of the city, for the purpose of providing such service;

shall be required to obtain a franchise for the continued provision of that utility service and for the continued use and occupancy of city street rights-of-way for that purpose.

(d) Pursuant to I.C. § 364.2(4)(a), as amended during the 1998 Session of the Iowa legislature, persons providing local exchange telephone service under the circumstances identified in subsection (c) of this section shall be exempt from the obligation to obtain a franchise as therein provided, but shall be required to obtain a communications system license, all as provided and required in this article and in article III of chapter 110 of this Code.
(C91, § 23-66.04; O.13,638)

Sec. 102-762.01. Persons eligible for issuance of SWF permit.

The following persons shall not be eligible for the grant of a franchise or a license, but shall instead be eligible for the issuance of a SWF permit for the use of the right-of-way in accordance with Iowa Code Chapter 8C and in accordance with all zoning and design requirements of this Code:

(1) Any person, and/or any person acting on behalf of another person, engaged in the business of providing wireless telecommunications services or the wireless telecommunications infrastructure required for wireless telecommunications services and who submits an application in accordance with this article and/or in accordance with chapter 134 of this Code, as applicable, for the purpose of installing a small wireless facility, a utility pole, or both in the right-of-way.

(O.15,761)

Sec. 102-763. Persons eligible for issuance of license.

(a) The following persons shall not be eligible for the grant of a franchise or SWF permit, but shall instead be eligible for the issuance of a license for the use of the right-of-way at the discretion of the city engineer:

(1) a. A person who provides or proposes to provide utility services to all residents within the city or to all residents within a given part thereof but who intends to utilize for that purpose only certain street or alley rights-of-way constituting only a small portion of the street or alley rights-of-way within the city or within that part of the city; or

b. A person who the city determines can provide such service by utilizing only certain street or alley rights-of-way constituting only a small portion of the street or alley rights-of-way within the city or within a given part of the city.

(2) The owner of two or more properties which abut a street or alley right-of-way on either side thereof and which properties are zoned for multifamily, commercial, or industrial use, who desires to use such street and/or alley right-of-way to provide a private service connection between two or more buildings or facilities located on such properties.

(3) The owner of two or more properties within the boundaries of the city, which properties are used collectively as a campus for residential, business, and/or educational purposes, who desires to use the streets and/or alleys connecting said properties to provide a private service connection not to exceed a four-block radius or 10,000 equivalent linear feet between two or more buildings or facilities located on such properties.

(4) A person who provides or proposes to provide wholesale services and/or support to its customers or clients who use the person's equipment and facilities within the city right-of-way. Upon request by such person for license, or for license renewal or license amendment increasing the equivalent linear footage of the person's equipment within the right-of-way existing on the effective date of the ordinance from which this section derives by ten percent or greater, the city engineer shall review the then-anticipated cost of

relocation and removal of the person's proposed equipment and restoration of the city right-of-way due to said relocation or removal, and prior to issuing such license, or renewal or amendment, the city engineer may, in his or her sole discretion, require such person to make payment to the city of an upfront deposit payment or to post a performance and maintenance bond in the amount as more fully described in subsection (a)(5)(d) of this section, and to be used as more fully described in subsection (a)(5)(d) of this section. Nothing set forth herein relieves such person of its obligation to additionally pay applicable fees, or to remove and/or relocate its equipment following its license term and/or renewal(s) thereof following city engineer order, or to otherwise comply with all provisions of this Code applicable to such person's use of the city right-of-way.

(5) A person who provides or proposes to provide a private service connection that does not cross a street or alley right-of-way between two or more buildings or facilities on either side thereof in accordance with subsection (a)(2) of this section, or that exceeds a four-block radius or 10,000 equivalent linear feet in accordance with subsection (a)(3) of this section, and who, in the discretion of the city engineer, fulfills all of the following criteria:

a. Owns a minimum of one property used for non-residential purposes within the boundaries of the city, as determined by the records of the county assessor and/or auditor within which county the property is located, for the duration of the initial license term and renewal(s) thereof; and

b. Provides a broad based public benefit to the city and its residents in the form of economic activity, and/or job creation, and/or the promotion of the health, safety or welfare of the city's residents; and

c. Does or will own the proposed equipment within the right-of-way, and whose proposed use of the right-of-way has a minimal current impact and minimal anticipated future impact on such right-of-way, and of the use thereof by the city or other parties allowed by the city pursuant to this article; and

d. Prior to license issuance, or to license renewal or amendment increasing the equivalent linear footage of the person's equipment within the right-of-way existing on the effective date of the ordinance from which this section derives by ten percent or greater, either pays to the city an upfront deposit payment or posts a performance and maintenance bond in the full amount recommended by the city engineer, including the anticipated cost of relocation and removal of such person's proposed equipment, plus the anticipated cost of restoration of the right-of-way due to said relocation or removal in the greater of the amount of $25,000.00 or the amount calculated pursuant to the city's utility accommodation and street restoration specifications and in accordance with the current restoration cost schedule established by resolution of the city council. Said deposit payment shall be held in separate account by the city, and any interest gained thereon shall be paid to the city. Said bond shall be in a form approved by the city engineer and city legal department, subject to the requirements of section 102-717(b)—(c) of this Code, and issued and/or renewed for the duration of the license issued pursuant to this section and all renewal(s) thereof and for a 48-month period following termination of such license and renewal(s). Upon request by such person for license renewal or amendment, the city engineer shall review the

amount of the deposit or bond, as applicable, and the then-anticipated cost of relocation and removal of such person's equipment and restoration of the city right-of-way due to said relocation or removal, and prior to issuing such renewal or amendment the city engineer may, in his or her sole discretion, require such person to pay additional funds to the deposit or increase the amount of the bond, as applicable, to account for inflation or other factors. Following full removal by such person of all of its equipment from the right-of-way and restoration thereof to the satisfaction of the city engineer, as required at the end of the license term or renewal(s) thereof or by order of the city engineer, then the deposit shall be reimbursed by the city to such person or the surety on the bond shall be released, as applicable. If such person fails to remove all of its equipment from the right-of-way and restore the right-of-way to the satisfaction of the city engineer at the end of the license term or renewal(s) thereof or following order of the city engineer, the deposit shall be deemed forfeited and shall not be returned to such person or the surety on the bond shall not be released, as applicable. Such forfeited deposit or unreleased bond may be used by the city to pay and/or reimburse all of the city's costs related to the removal or relocation of such person's equipment from the right-of-way and restoration of the right-of-way, or such forfeited deposit may be transferred to a general account to be used by the city, when and as determined in the sole discretion of the city engineer, to pay and/or reimburse all of the city's costs related to the removal or relocation of any abandoned equipment in the right-of-way and restoration of the right-of-way associated with any city project or city repair or maintenance activity. Nothing set forth herein relieves such person of its obligation to additionally pay applicable fees, or to remove and/or relocate its equipment following its license term and/or renewal(s) thereof or following city engineer order, or to otherwise comply with all provisions of this Code applicable to such person's use of the city right-of-way.

(b) Appeals of the city engineer's decisions regarding eligibility for the issuance of a license for the use of the right-of-way may be made pursuant to section 102-802 of this Code.
(C91, § 23-66.05; O.13,638, 15,120, 15,761)

Sec. 102-764. Authority to issue license and SWF permit; form of license and SWF permit.

(a) Licenses and SWF permits required by this division shall be issued by the city engineer. The city engineer shall review each application and shall issue each license or SWF permit which he or she determines to be in compliance with the requirements of this division and any other applicable legal requirements. In issuing a license, the city engineer may require a change in the proposed location of the licensee's equipment where necessary to avoid interference with other equipment placed within the public right-of-way.

(b) Licenses issued pursuant to this division shall be in writing, shall be executed by the licensee, and shall not take effect until approved by the legal department. The form of licenses to be issued pursuant to this division shall be uniform, but shall be subject to periodic review and modification.

(c) SWF permits issued pursuant to this division shall be in writing, uniform, and subject to periodic review and modification.
(C91, § 23-66.06; O.13,638, 15,761)

Sec. 102-765. Limit on term of franchises and SWF permits; limit on initial or renewal term of licenses.

(a) No franchise for use of the public right-of-way shall be granted for a term in excess of 25 years.

(b) No license for use of the public right-of-way issued by the city engineer shall be issued or renewed for a term in excess of five years.

(c) Every license issued by the city prior to July 1, 1998 for use or occupancy of public rights-of-way shall terminate on the date provided in the license, or if no such termination is provided in the license, the license shall terminate on the earlier of the tenth anniversary of its issuance or July 1, 2008.

(d) SWF permits shall not be limited in duration, provided, however, that the construction of a small wireless facility or a utility pole permitted by SWF permit shall commence no later than two years following the date that the permit is issued, or two years after any appeals related thereto are exhausted.
(C91, § 23-66.07; O.13,638, 15,761)

Sec. 102-766. Compensation required; franchise fees.

(a) No franchise for use of public right-of-way shall be granted, and no license for the use of public right-of-way shall be issued without requiring the grantee or licensee thereof to compensate the city for such use by payment of a reasonable and competitively neutral fee.

(b) All franchises granted by the city shall require the franchisee to pay an annual franchise fee. The franchise fee shall be provided for in the franchise ordinance.

(c) Franchise fees shall be paid at the city treasurer's office. The acceptance of any such fee payment by the city shall not be construed as an acknowledgment that the amount paid is the correct amount due, nor shall such acceptance of payment be construed as a release of any claim which the city may have for additional sums due and payable. Franchisees shall, within 90 days of the date of a written request from the city engineer, provide the city with an annual audit of the fees paid to the city during the reporting period indicating that the fee paid the city during that period is equal to the franchise fee due for such period. If such audit results in a determination that an additional amount of franchise fee is owing to the city for the prior year, such additional amount shall be due and payable immediately, together with interest at the rate of ten percent per year calculated from the due dates for the franchise fee payments in question. The city manager may waive the audit requirement when he or she determines that the franchise fee amount owing to the city is too minimal to justify audit.

(d) Nothing in this division shall be construed to limit the liability of a franchisee or licensee for all applicable federal, state and local taxes.

(e) Nothing in this division shall be construed to prevent the city council from exercising the right of the city to change the amount of any of the fees required by this division.
(C91, § 23-66.08; O.13,638, 15,386, 15,421, 15,422, 15,909)

Sec. 102-766.01. Access to equipment trenches and ducts.

(a) Franchisees and licensees may be requested by the city to provide access to equipment trenches or ducts at locations designated by the city in order for the city to install city equipment therein. Such installation shall be undertaken so as not to impact the applicable franchisee's or licensee's equipment or use of the trench or duct. Such access shall be at no cost to the city; shall not require separate access agreement; shall not occur until at least 90 calendar days' notice is given by the city to the applicable franchisee or licensee; and shall not occur until approval by the applicable franchisee or licensee is granted, which approval shall not be unreasonably withheld. Franchisees and licensees shall be obligated to respond to the city's notice requesting access within 30 calendar days from the date stated on such notice, and if approved, the applicable

franchisee or licensee shall be required to cooperate with the city to coordinate the access within a reasonable timeframe.

(b) In the event of an emergency relating to a building permit, the city shall contact the owner of the small wireless facility and/or utility pole, as applicable, at issue and provide the owner with a reasonable opportunity, given the nature of the emergency, to alleviate such emergency or participate with the city to make any repairs necessary to alleviate such emergency. If the owner of the small wireless facility and/or utility pole, as applicable, does not respond in a timely manner, as determined by the city given the nature of the emergency, the city may remove or make alterations to the small wireless facility as necessary to ensure public safety. For purposes of this subsection, "emergency" means exigent and extraordinary circumstances under which the physical or electrical failure of a utility pole, wireless support structure, or small wireless facility threatens imminent physical harm to persons or there is a substantial likelihood of imminent and significant harm to property.
(O.15,421, 15,422, 15,761)

Sec. 102-766.02. Reporting requirements.

On or before January 1 of each year, all licensees shall make a detailed report to the city engineer on the right-of-way usage reporting form provided by the city for that purpose, setting forth the amount of equipment that each such user has in city street rights-of-way, measured in equivalent lineal feet and/or on a per-unit basis, as applicable and as instructed on such form.
(O.15,909)

Sec. 102-767. Application for initial issuance of a license; registration required.

A person desiring to obtain a license as required in this division shall register such proposed use and occupancy of public right-of-way pursuant to division 1 of this article, shall make application for a license for such use and occupancy as provided in this article, and shall pay an application fee for initial issuance of the license. The application fee for initial issuance of a license and any future changes thereto shall be effective upon its inclusion in a schedule of fees adopted by the city council by resolution. The application for initial issuance of a license shall be filed with the city engineer not less than 60 days prior to the proposed effective date of the license and shall be filed upon a form provided by the city for that purpose. The application shall include, at a minimum, the following information:

(1) The name, address and telephone number of the applicant.

(2) The name, address and telephone number of a responsible person whom the city may notify or contact at any time or in case of emergency concerning the equipment or utility system.

(3) A statement of the purpose for the equipment or system proposed for installation in the public right-of-way, the type of service it will provide, and the intended customers which it will serve.

(4) Any additional information which the city engineer in his or her discretion may require.

(C91, § 23-66.09; O.13,638, 14,202)

Sec. 102-768. Issuance and renewal of licenses and SWF permits; revocation and cancellation.

(a) Prior to the initial issuance of a license for use or occupancy of public right-of-way, the city engineer shall conduct a review of the licensee's background to determine the licensee's ability to meet the requirements stated in subsection (e) of this section. If on the basis of such review the city engineer determines that it would not be appropriate to issue the license, the city engineer shall give notice of intent not to issue the license as provided in subsection (g) of this section.

(b) To obtain renewal of a license, the licensee shall file a renewal application with the city engineer on the form provided by the city and pay an application fee for renewal of the license. The renewal application fee and any future changes thereto shall be effective upon its inclusion in a schedule of fees adopted by the city

council by resolution. The renewal application shall be filed with the city engineer not less than 180 days prior to the expiration of the initial or any renewal term of the license. Upon receipt of the renewal application, the city engineer shall conduct a review of the licensee and the licensee's prior use of the public right-of-way to determine the licensee's continued compliance with the requirements stated in subsections (c) and (e) of this section. If on the basis of such review the city engineer determines that the licensee and the licensee's prior use of the public right-of-way comply with all requirements stated in subsections (c) and (e) of this section, the city engineer may renew the license for an additional term of up to five years. If on the basis of such review the city engineer determines that the licensee and the licensee's use of public right-of-way do not comply with one or more of the requirements stated in subsections (c) and (e) of this section, the city engineer shall give notice of intent not to renew the license as provided in subsection (g) of this section. If a licensee holds multiple licenses for use or occupancy of various rights-of-way within the city for the same or similar purpose, the licensee shall be required to renew all such licenses under a single license at such time as the earliest issued license expires.

(c) In determining the length of the term of an initial or a renewal license, the city engineer shall take into consideration the likelihood that the city will require the use of the licensed right-of-way for municipal purposes or that such use of the licensed right-of-way will unduly burden the city or the public in its use of the licensed right-of-way during the proposed term of the license. A license shall not be issued or renewed if the city engineer determines that any of the following conditions exist in the right-of-way proposed for licensing:

(1) There is insufficient space in the right-of-way to accommodate the proposed use, given the other existing uses thereof;

(2) The proposed private utility service connection would interfere with or conflict with existing or planned city equipment or utility equipment located or to be located in the right-of-way;

(3) Such use is incompatible with adjacent public or private uses of that right-of-way;

(4) Such use would involve an unacceptably high frequency of repair or maintenance to the private utility service equipment thereby requiring excessive excavation in or obstruction of the right-of-way; or

(5) The construction or installation of such private utility service equipment would interfere with a public improvement undertaken or to be undertaken by the city or with an economic development project in which the city has an interest or investment.

(d) If during the term of any license the city engineer determines that the license should be revoked due to the licensee's failure to comply with any of the requirements stated in subsection (e) of this section, the city engineer shall give notice of intent to revoke such license as provided in subsection (g) of this section.

(e) The following shall constitute grounds for refusal to issue or renew a license, or for revocation of a license for use or occupancy of public right-of-way:

(1) The licensee's failure to observe or comply with any of the following:

a. The licensee's use or prior use of public right-of-way has been conducted in full and timely compliance with all laws and regulations applicable thereto, and the licensee has complied fully and in a timely manner with the requirements of any previously issued license, and with the orders or instructions of city officials issued pursuant to this chapter; or

b. The licensee is current in the payment of license fees, if applicable, and the licensee has made such payments fully and when due.

(2) The licensee's commission of any of the following acts:

a. The licensee has made a misleading statement or a material

misrepresentation in connection with an application for initial issuance or renewal of a license, in connection with its registration of its use of the public right-of-way or in connection with its use of public right-of-way; or

b. The licensee has transferred or attempted to transfer its equipment, its business, or its license to another person or has made a change in use of its equipment, without giving the city notice thereof and obtaining city consent thereto.

(f) The city engineer shall give notice of intent to cancel such license as provided in subsection (g) of this section if during the term of any license the city engineer determines that:

(1) The licensee's continued use of the public right-of-way will unduly burden the city or the public in its use of that property;

(2) The public right-of-way for which the license was issued will be required for municipal purposes during the term of the license;

(3) The licensee's equipment at a particular location will interfere with:

a. A present or future city use of the right-of-way;

b. A public improvement undertaken or to be undertaken by the city;

c. An economic development project in which the city has an interest or investment; or

d. The public's safety or convenience in using the right-of-way for ordinary travel;

(4) The public health, safety and welfare requires it; or

(5) The continued existence of the license is not in the city's best interests.

(g) Notice of intent not to issue a license for use of the public right-of-way shall be given to the applicant, either by certified mail, return receipt requested, or by actual service or delivery thereof, which notice shall be given not more than 30 days after submission of the application. Notice of intent not to renew a license for use of the public right-of-way shall be given to the licensee, either by certified mail, return receipt requested, or by actual service or delivery thereof, which notice shall be given not more than 90 days after submission of the renewal application. Notice of intent to revoke or cancel a license shall also be given to the licensee. The notice shall set forth the grounds for refusal to issue or renew or for revocation or cancellation and shall inform the applicant or licensee of the right to an appeal hearing upon request. Such request for hearing shall be filed in writing with the city manager, and the hearing shall be scheduled and held as provided in section 102-802. At the hearing, the applicant or licensee shall have the burden of establishing that the grounds asserted in the notice do not exist.

(h) Upon the effective date of revocation or cancellation as provided in the city engineer's notice thereof, or upon the effective date specified in the city engineer's written decision upon the licensee's appeal, the licensee shall be required to cease its use and occupancy of the right-of-way or to remove or relocate its equipment therefrom, as provided in the notice or decision. Equipment not removed or relocated from the right-of-way as required in such notice or order shall be considered a nuisance and may be removed, relocated, or taken possession of by the city, at the licensee's expense. Except in emergency circumstances, the requirement to relocate, remove, or cease use of equipment shall be suspended during the pendency of any appeal taken by a licensee pursuant to division 4 of this article.

(i) Notwithstanding the notice and hearing requirements of subsection (g) of this section, the city engineer may in emergency circumstances order the immediate relocation or removal of equipment from the right-of-way and may, upon the licensee's failure to comply with such order, immediately remove, relocate, or take possession of such equipment at the licensee's expense.

(j) SWF permit applications shall be subject to denial in accordance with the provisions of Iowa Code Section 8C.7A and 8C.7C. SWF permits

shall be subject to revocation and/or cancellation in the event that the SWF permittee fails to comply with all provisions set forth in the SWF permit, or as otherwise set forth in Iowa Code Chapter 8C. A SWF permit may be modified upon city approval following written application by a SWF permittee, or in accordance with the following when applicable:

(1) If the city undertakes any maintenance, public improvement project, or reconstruction of property or equipment which requires the modification, relocation, or reconstruction of the small wireless facility or utility pole, in which event such work and the costs thereof shall be the responsibility of the building permittee or its successor.

(2) If a project is undertaken necessitating the modification, relocation, or reconstruction of the small wireless facility or utility pole for a private commercial purpose, in which event the city may require the owner or successor to modify, relocate, or reconstruct the small wireless facility or new utility pole upon prepayment of the costs of such work by the private commercial entity whose project facilitates the need for such work.

(C91, § 23-66.10; O.13,638, 14,202, 15,761, 15,909)

Sec. 102-769. Failure to secure, renew or comply.

(a) Any person who fails to secure a franchise, license, or SWF permit required under this division or any franchisee, licensee, or SWF permittee who fails to comply with the requirements of the respective franchise, license, or SWF permit, or this division, or with any other applicable legal requirements shall, upon notification of such violation by the city engineer, immediately act either to abate the violation or to cease its use and occupancy of the right-of-way and remove its equipment or system from the right-of-way.

(b) The city reserves the right either to remove or to disconnect and render inoperative any equipment or system in the right-of-way under franchise or license which is used or maintained contrary to this article; provided, however, that the city will give written notice of its intent to take such action, including the date upon which such action will be taken, to the affected franchisee or licensee not less than seven days prior to taking such action.

(C91, § 23-66.11; O.13,638, 15,761)

Sec. 102-770. Transfer of franchise, license, business, or equipment without city's consent; change in use of equipment without city's consent.

(a) A franchise granted by the city council pursuant to this division shall not be transferred to any other person without the prior consent of the city council. A franchisee shall not transfer its franchise, its business, or its equipment in the right-of-way to another person without giving the city council 90 days' prior written notice of such proposed transfer and without the prior consent of the city council. In such notice the franchisee shall clearly identify the proposed transferee, giving the name and address of a representative of the transferee who is authorized to discuss and provide information to the city regarding the transfer. The city council may, as a condition of its consent to such transfer, require the transferee to make application for a franchise as provided in section 102-767 of this division and to register its proposed use of the public right-of-way as provided in section 102-660 of this article. Upon receipt of the such application by a transferee, the city engineer shall conduct a review of the transferee and its prior and proposed use of the public right-of-way to determine the transferee's compliance or ability to comply with the requirements stated in subsections 102-

768(c) and (e), and shall report the results of such investigation to the city council. The city council may refuse consent to a proposed franchise transfer if it determines that the proposed transferee lacks the expertise, experience, financial resources or sufficient personnel required to maintain the franchised equipment and/or the right-of-way associated therewith, or if the city has previously revoked or cancelled a franchise or license or terminated a lease held by the proposed transferee, or if the proposed transferee, is then in default of any of its obligations under this article. If a franchise includes provisions regarding transfer which are more specific than those included in this subsection, the more specific provisions of the franchise shall prevail over the provisions of this subsection.

(b) A license issued or a lease granted pursuant to this division shall not be transferred to any other person without the prior written consent of the city engineer. A licensee or lessee shall not transfer the license or lease, the business, or the equipment in the right-of-way to another person without giving the city engineer 90 days' prior written notice of such proposed transfer and without the prior written consent of the city engineer. In such notice, the licensee or lessee shall clearly identify the proposed transferee, giving the name and address of a representative of the transferee who is authorized to discuss and provide information to the city regarding the transfer. The city engineer may, as a condition of consent to such transfer, require the transferee to make application for such license or lease as provided in this division and to register its proposed use of the public right-of-way as provided in section 102-660 of this article. Upon receipt of the such application by a transferee, the city engineer shall conduct a review of the transferee and the prior and proposed use of public right-of-way to determine the transferee's compliance or ability to comply with the requirements stated in subsections 102-768(c) and (e). The city engineer may refuse consent to a proposed transfer if he or she determines that the proposed transferee lacks the expertise, experience, financial resources or sufficient personnel required to maintain the equipment and/or the right-of-way associated therewith, or if the city has previously revoked or cancelled a franchise or license or terminated a lease held by the proposed transferee, or if the proposed transferee is then in default of any of its obligations under this article.

(c) The transferee of a franchisee's or licensee's equipment, business, franchise, or license shall not be entitled to enter upon public rights-of-way for the purpose of operating or maintaining such equipment unless and until it completes the formal transfer of such equipment, business, franchise or license and obtains the city's consent to such transfer.

(d) A franchisee, licensee, or SWF permittee shall not change the use of its equipment without giving the city 90 days' prior written notice of such proposed change in use. In such notice, the franchisee, licensee, or SWF permittee shall clearly and completely set forth the proposed change in use of equipment, how it would be accomplished, including any excavations required to accomplish such change, and projections as to the future maintenance implications of such change in use. Any proposed change in use of a franchisee's, licensee's, or SWF permittee's equipment shall require the prior approval of the city engineer. For franchisees and licensees, such approval may be withheld if the city engineer determines that the proposed use of the equipment at that location would be incompatible with or would likely damage or endanger other uses of the right-of-way, would involve a higher level of maintenance activities than the present use, would involve more street excavation or greater traffic disruption than the present use, or would be otherwise inappropriate. For SWF permittees, such approval may be withheld if the city engineer determines that the proposed use of the equipment at that location is subject to denial in accordance with the provisions of Iowa Code Section 8C.7A and/or 8C.7C.

(e) Notwithstanding the foregoing, no transfer of a franchisee's, licensee's, or SWF permittee's business shall be deemed to have occurred for purposes of this subsection when the franchisee, licensee, or SWF permittee is a publicly held entity whose stock is traded on recognized stock exchanges, and where transfer of ownership of the business has effectively occurred due to stock

sales or trading in the open market. However, if a merger, consolidation, transfer or disposal of substantially all of such a franchisee's, licensee's assets occurs, or if there is an assignment of its interest in a franchise or license granted or issued by the city under this division, the city shall, upon written notice to the franchisee or licensee have the right, in its sole discretion and without cause or further showing, to terminate the franchise or license. Upon notice to the city by such a franchisee or licensee of such merger, consolidation, transfer or disposal of its assets or assignment of its interest in a franchise, license, or lease granted or issued by the city, the city shall have six months within which to terminate the franchise or license. The provisions of a franchise or of a franchise regulatory ordinance with respect to the merger, consolidation, transfer or disposal of substantially all of the franchisee's assets or assignment of its interest in a franchise shall control over this subsection.

(f) Notwithstanding the foregoing, in approving the lease of any vacated city right-of-way, the city council may provide for the lessee's transfer or assignment of the leasehold interest without the prior consent of the city. Leases of vacated city right-of-way in existence on the effective date of the ordinance from which this section derives which provide for the lessee's transfer or assignment of its leasehold interest without the prior consent of the city, or which have a different consent requirement than is provided in this division, shall remain in effect, may be renewed, and shall prevail over the consent to transfer provisions of this section.

(g) Notwithstanding the foregoing, the city engineer's consent shall not be required for the transfer of a license issued pursuant to this division if such transfer is contemporaneous with and incidental to the transfer of two or more parcels of real estate from one person or entity to another person or entity; if the improvements on such parcels are interconnected by the licensed equipment for the purposes of providing integrated internal communications, electrical, heating or cooling services to the improvements on such parcels; and if the licensed equipment will continue to be utilized for the same purpose or purposes after the transfer is completed. However, the transferee shall notify the city engineer of such transfer within 30 days after its completion and shall provide evidence satisfactory to the city engineer that it has complied with this subsection and has assumed all obligations of the transferor with respect to the license.

(h) SWF permittees shall notify the city engineer within 60 days of any transfer of business and/or equipment ownership described in this section. The person to whom the business and/or equipment ownership is transferred shall be subject to all terms set forth in the initially issued SWF permit and subject to compliance with this Code.
(C91, § 23-66.12; O.13,638, 15,761)

Sec. 102-771. Amendment to license.

If a licensee with a current license issued pursuant to this division proposes to expand, reduce, relocate or modify any portion of its equipment or system within public right-of-way, the licensee shall file an application for an amendment to the current license with the city engineer, shall pay the administrative application fee as provided in section 102-767 of this division and pay a deposit or post a bond if required pursuant to section 102-763 of this division, and shall further comply with all other applicable requirements pursuant to section 102-763 of this division. An application for an amendment to a current license shall include relevant new information of the type required in connection with the initial application for a license. If approved, the amended license shall be issued by the city engineer in the same manner as the original license. However, if the amendment involves only one or more new hook-on connections to the licensed utility system and if the new connections will be made entirely through existing underground utility conduit or ducts so as not to require any excavation in the public right-of-way or by means of overhead wires or cables between existing utility poles, the licensee shall not be required to pay an additional administrative fee as part of the application for amendment.
(C91, § 23-66.13; O.13,638, 15,120)

Sec. 102-772. Duties of licensee and SWF permittee.

(a) No license or SWF permit required under this division or amendment to such license shall be issued for any equipment or system until the required fees have been paid and until a complete application has been filed with and approved by the city engineer.

(b) The licensee's equipment or system shall be installed or constructed in accordance with applicable industry standards, the city's utility accommodation and street restoration specifications, and the terms and conditions imposed by the city. The SWF permittee's equipment shall be designed, installed and constructed in accordance with the requirements of the SWF permit and of Iowa Code Section 8C.7A and 8C.7C, as applicable, including but not limited to the following requirements:

(1) The design and installation of any proposed small wireless facility reasonably matches the aesthetics of an existing utility pole or wireless support structure that incorporates decorative elements.

(2) For any proposed wireless facility to be mounted, installed, maintained, modified, operated or replaced on or adjacent to a new or replacement utility pole, such pole shall be of a similar appearance as an existing utility pole and located within a 500-foot radius of the existing utility pole. For purposes of this subsection, "utility pole" is as defined in Iowa Code Section 8C.2.

(3) Any proposed small wireless facility will not result in any noncompliance by the city with the Federal Americans With Disabilities Act.

(4) Any proposed small wireless facility will not impair, interfere with, or preclude the safe and effective use of facilities already located in the public right-of-way for pedestrian, vehicular, utility or other city public right-of-way purposes.

(5) Any proposed utility pole does not exceed the greater of 10 feet in height above the tallest utility pole, as defined in Iowa Code Section 8C.2, existing on or before July 1, 2017, located within 500 feet of the proposed new, replacement, or modified utility pole, or 40 feet in height above ground level, unless a greater height is allowed by chapter 102 of this Code.

(6) Other than a utility pole replacing an existing pole, any proposed utility pole is not located within an underground district designated by city council resolution or ordinance prior to submittal of the pole application.

(7) Other than a utility pole replacing an existing pole, the utility pole is not located within an area zoned and used for single-family residential use.

(c) If it becomes necessary to excavate or obstruct any public right-of-way in connection with the installation, construction, reconstruction, repair, operation, disconnection or removal of a licensee's or SWF permittee's equipment or system, the licensee or SWF permittee shall first obtain a permit from the city to do so in accordance with division 2 of this article.

(d) The licensee or SWF permittee shall maintain its equipment and all parts of its system in good condition, order and repair.

(e) The licensee or SWF permittee shall be responsible for repairing or reimbursing other licensed or franchised utilities or other persons or entities lawfully using the right-of-way for any damage to their property caused by negligence of the licensee or its agents, employees or contractors in connection with the installation, construction, reconstruction, repair, operation, disconnection or removal of the licensee's equipment or system.

(f) No license or SWF permit required under this division shall be issued to authorize placement of a utility system in any space which is required for public use.
(C91, § 23-66.14; O.13,638, 15,761)

Sec. 102-773. Indemnification.

It shall be a term and condition of any license issued pursuant to this division that, as part of

the consideration supporting the issuance of such license and the city's permission thereby to occupy and use the public right-of-way of the city, the licensee shall agree to indemnify, protect, save and hold harmless and defend the city from and against any and all liability, losses and damages to property, or bodily injury or death to any person, including payments made under worker's compensation laws, arising out of or in any way connected with the installation, construction, reconstruction, repair, operation, disconnection or removal of the licensee's system. The licensee shall pay all reasonable expenses incurred by the city in defending itself with regard to any of such claims, including all out-of-pocket expenses such as attorneys' fees and the value of any services rendered by the legal department or any other city officers or employees. If any litigation on account of any such claims shall be commenced against the city, and upon receipt by the licensee of written notice of such litigation from the city, the licensee shall defend the litigation at its own cost and expense. The record of any judgment rendered against the city on account of such claims shall be conclusive as against the licensee and shall entitle the city to recover the full amount thereof with interest and costs and attorneys' fees incurred by the city. The right of action therefor shall accrue to the city as soon as judgment shall have been rendered. The city shall fully cooperate with the licensee's defense of any such claim or action.
(C91, § 23-66.15; O.13,638)

Secs. 102-774—102-800. Reserved.

DIVISION 4. APPEALS

Sec. 102-801. Appeal to city council.

(a) Any person who is aggrieved by a decision of the department or of the city engineer with respect to the denial of registration required by this article or with respect to the denial or revocation of a right-of-way permit or who believes that the fees imposed on such person pursuant to this article do not conform to the requirements of I.C. § 480A.1 et seq., may request in writing that such denial, revocation, or fee imposition be reviewed by the city council.

(b) Such person shall file his or her written request for review with the city clerk within 30 days after the occurrence complained of and shall set forth therein the factual and legal basis for his or her objection to the action taken by the department or city engineer. The city council shall render its decision in writing on such request for review within 60 days after the timely filing of the request for review as provided in this section. Such written decision shall be mailed to the party requesting review.

(c) If the city council affirms the decision or action complained of and if the appealing person is still aggrieved by such decision or action, the appealing person may do either of the following:

(1) With the consent of the city council, have the matter finally resolved by binding arbitration. Binding arbitration shall be before an arbitrator agreed to by both the city council and the appealing person. If the parties are unable to agree on an arbitrator, the matter shall be resolved by a three-person arbitration panel made up of one arbitrator selected by the city council, one arbitrator selected by the appealing person, and one arbitrator selected by the other two arbitrators. The cost and expense of a single arbitrator shall be borne equally by the city and the appealing person. If a three-person arbitration panel is selected, each party shall bear the expense of its own arbitrator, and the parties shall jointly and equally bear the cost and expense of the third arbitrator and of the arbitration. Each party to the arbitration shall pay its own costs, disbursements, and attorney fees.

(2) Bring an action for declaratory ruling in district court to review the decision of the city council.

(C42, § 84-6; C54, C62, § 54-76; C75, C79, § 23-65; C85, § 23-67; O.11,711; C91, § 23-67; O.13,638)

Sec. 102-802. Appeals to city manager.

(a) Any person who is aggrieved by a decision or action of the department or of the city engineer with respect to any other matter covered or

regulated by this article may request in writing that such decision or action be reviewed by the city manager. Upon receipt of such request, the city manager may undertake to make a determination of the appeal or may assign the appeal to an administrative hearing officer for determination.

(b) Such person shall file his or her written request for review with the city manager's office within 30 days after the occurrence or action complained of and shall set forth therein the factual and legal basis for his or her objection to the decision made or action taken by the department or city engineer. The city manager shall render a decision in writing on such request for review within 60 days after the timely filing of the request for review as provided in this section. Such written decision shall be mailed to the party requesting review or participating in the hearing.

(c) If the city manager or hearing officer affirms the decision or action complained of and if the appealing person is still aggrieved by such decision or action, the appealing person may make further appeal to the city council as provided in section 102-801 of this division.

(d) If the city council affirms the decision or action complained of and if the appealing person is still aggrieved by such decision or action, the appealing person may bring an action for declaratory ruling in district court to review the decision of the city council.
(C42, § 84-7; C54, C62, § 54-77; C75, C79, § 23-66; C91, § 23-67.01; O.11,711, 13,638)

Sec. 102-803. Appeals relating to small wireless facility public right-of-way use (SWF) permits.

In lieu of the appeal processes set forth in sections 102-801 and 102-802, the following process shall be followed for appeals relating to SWF permits:

(1) A party aggrieved by the final action of the city, either by its affirmative action on a permit, term or condition, or rate, or by its inaction, may bring an action for review in any court of competent jurisdiction, except that if the final action of the city was the denial of a conditional or special use permit pursuant to chapter 134 of this Code, the party must first seek review under Iowa Code Section 414.10 and chapter 134 of this Code if deemed applicable by the city's community development director and if permitted under federal law.

(2) If a SWF permittee and the city cannot resolve a dispute relating to emergency action as set forth in section 102-766.01 above, any party may file an action concerning an alleged violation under section 102-766.01 or under Iowa Code Section 8C.7B in the district court for the county in which the violation is alleged to have occurred, for any appropriate remedy, including the removal of a small wireless facility deemed by the court to be in violation of Iowa Code Chapter 8C or the Iowa Electrical Safety Code. However, this section shall not preclude a party from bringing an action pursuant to the Iowa Electrical Safety Code or 47 CFR Section 1.1401 et seq.

DIVISION 5. IMPLEMENTATION

Sec. 102-831. City engineer authorized to promulgate implementing regulations.

The city engineer is authorized to develop, as he or she determines necessary and expedient, regulations to implement this article, including but not limited to regulations relating to the application of the obstruction permitting requirement to routine utility or building maintenance activities and minor utility service connections, regulations relating to the requirement that detailed plans and specifications or sketches be submitted as part of excavation permit applications, and regulations further deferring the effective date of particular sections of this article.
(C91, § 23-67.05; O.12,099, 13,334, 13,638)

Sec. 102-832. Procedure for promulgation of implementing regulations.

(a) Regulations proposed by the city engineer to implement this article shall be in writing and shall be promulgated as follows and in the order listed:

(1) The city engineer shall file the proposed regulation with the city clerk.

(2) The city clerk shall publish notice of intent to approve the regulation and of the time and place of a public hearing thereon, including therein a description of the regulation and its proposed effective date, and stating that it is on file in the office of the city clerk.

(3) The city engineer shall promulgate the proposed regulation among the members of any class of right-of-way users which will be directly and particularly affected by a proposed regulation.

(4) The city engineer shall notify the city council of the proposed effective date of the regulation and provide a copy thereof to the city council for its review.

(5) The city engineer shall hold a public hearing on the proposed regulation.

(6) After council review of the proposed regulation, the city engineer shall formally approve and issue the regulation and cause the city clerk to publish it prior to its effective date as provided by I.C. § 362.5.

The city engineer's failure to promulgate a proposed regulation to a member of a class of right-of-way users which will be directly and particularly affected by a proposed regulation shall not impair the effect of the regulation.

(b) If, upon its review of a regulation proposed by the city engineer as provided in subsection (a) of this section, the city council determines that such regulation is inconsistent with this chapter of this Code or is inconsistent with any applicable state or federal law or regulation or is otherwise objectionable, the city council may direct that the proposed regulation shall not be published and shall not take effect. Regulations approved by the by the city engineer shall be effective upon their publication.
(C91, § 23-67.06; O.12,099, 13,638)

Sec. 102-833. Legal effect of regulations approved by city engineer.

Regulations approved by the city engineer, after promulgation, public hearing, and council review as provided in this division, shall have the effect of law. Any person who fails to perform an act required by such regulations or who commits an act prohibited by such regulations shall be guilty of a misdemeanor punishable as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

ARTICLE X. GRADES

Sec. 102-861. City datum established.

The datum plane or base of levels for establishing the grades of any streets within the corporate limits shall be the low water mark at the junction of the Des Moines River and Raccoon River as described in Ordinance No. 60, passed on March 14, 1870, which is indicated by the following benchmarks:

The triangle mark on the water table at the base of the cornerstone on the northeast corner of the Municipal Building (city hall) at the southwest corner of East First and Grand Avenue is 28,932/1,000 feet above datum plane. A United States Geological Survey standard disk, stamped "TRAV. Sec. 102-862. Calculation.

The grade of streets shall be calculated for the tops of the curbs or the tops of the sidewalks at the curblines and if the corner of the streets is mentioned the curb corner or the intersection of the curblines is meant.

(C42, § 85-2; C54, C62, § 54-80; C75, C79, C91, § 23-69)

Sec. 102-863. Ordinance required to establish or change.

The grade of any street or alley shall not be established or changed except by an ordinance duly passed therefor.

(C42, § 85-3; C54, C62, § 54-81; C75, C79, C91, § 23-70)

Sec. 102-864. Nonconforming grade.

For any street, highway or alley which has been improved by paving or curbing and the grade thereof as indicated by such improvement differs from the established grade, that grade shall be and is so changed and established as to conform to the grade shown by the improvement. However, nothing in this section shall be construed as changing any such special sidewalk grade established where permanent sidewalks have been built thereon.

(C42, § 85-4; C54, C62, § 54-82; C75, C79, C91, § 23-71)

Sec. 102-865. Uniformity between intersections.

All grades on any street, highway or alley shall be uniform between the grade points given, and the grade of the alley in any block shall conform to the grade of the street intersecting such alley and shall be uniform between streets unless the grades thereof are otherwise established by ordinance.

(C42, § 85-5; C54, C62, § 54-83; C75, C79, C91, § 23-72)

Sec. 102-866. Permits.

No person shall make or cause to be made any change in the established or natural grade of any street, alley or public place or deposit or cause to be deposited any earth, material or other substance therein or make or cause to be made any excavation therein without first procuring the necessary permit as required by this chapter.

(C42, § 85-9; C54, C62, § 54-84; O.7397; C75, C79, C91, § 23-73)

Sec. 102-867. Unauthorized change.

No person owning or occupying any real estate in the city shall permit any change in the established or natural grade of any street, alley or public place or permit to be deposited any earth, material or other substance therein or permit any excavation to be made therein adjoining premises owned or occupied by any such person for more than three days after knowledge thereof is received.

(C42, § 85-10; C54, C62, § 54-85; C75, C79, C91, § 23-74)

Sec. 102-868. Corner marks.

No person or his or her agent shall remove any stone or other mark made or set by the authority of the city engineer to designate any established corner, line or benchmark of the city. When it becomes necessary to have the stone or other mark relocated for the purpose of opening any street or alley, a person shall request the city engineer to remove and replace the stone or mark. Upon receipt of the application the city engineer shall remove and replace the stone, mark or other device as soon as practicable.

(C42, § 85-6; C54, C62, § 54-86; C75, C79, C91, § 23-75)

Sec. 102-869. Grade stakes.

No person shall injure, pull up, break off or erase any letter or figure or in any manner deface any grade stakes set by authority of the city engineer.
(C42, § 85-7; C54, C62, § 54-87; C75, C79, C91, § 23-76)

ARTICLE XI. ENVIRONMENTAL ASSESSMENT AND REMEDIATION ACTIVITIES ON CITY PROPERTY*

DIVISION 1. GENERALLY

Secs. 102-896—102-920. Reserved.

DIVISION 2. LICENSE

Sec. 102-921. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Environmental assessment or assessment means the process of reviewing the history of use of a particular property and obtaining soil and/or groundwater samples therefrom for the purpose of determining if any form of environmental pollution exists upon the property.

Environmental remediation or remediation means the process of removing and/or treating contaminated soils or groundwater that are found to exist on a property so as to bring such soils or groundwater within acceptable levels or limits for such contaminants, as determined by appropriate environmental agencies of the state or federal government.
(C91, § 23-67.13; O.13,334)

Cross reference—Definitions generally, § 1-2.

*__**Cross reference—**Environment, ch. 42.

Sec. 102-922. Required.

(a) No person shall engage in any environmental assessment or remediation activities upon or in any city property, including but not limited to streets, avenues, highways, alleys, parks, or other public places within the city, without first obtaining a license for such activities from the city permit and development center. No such license shall authorize the installation of wells or boreholes upon the paved portion of any street or highway right-of-way or upon any street or highway median, except upon express authorization of the city council.

(b) Environmental assessment or remediation projects undertaken by or on behalf of other governmental entities, which involve access to city property, shall be subject to the licensing requirements of this division, but the licensees for such projects shall be exempt from payment of license fees as required in this division. If such assessment or remediation work is to be performed by the employees of another governmental entity, the governmental licensee shall be exempt from the insurance and performance bond requirements of this division.

(c) Firms performing environmental assessment or remediation work on city property on behalf of the city pursuant to city contract and prospective purchasers of city property who desire to conduct an environmental assessment of those properties prior to completing the purchase thereof shall be exempt from the licensing requirements of this division, provided that the city may require such firms or purchasers to procure such insurance and/or performance bond as the city deems necessary and prudent under the circumstances.
(C91, § 23-67.03; O.12,099, 13,334)

Sec. 102-923. Application; information; cost where work done by city.

(a) Before a license is issued pursuant to this division, an application shall be made to the city permit and development center on a form provided by the city. The application shall identify the following:

(1) The place, extent and purpose of the contemplated work including a description of

the streets, alleys, or city properties upon which the activities are to be undertaken;

(2) The nature of the environmental contaminants to be assessed or remediated, the method of assessment or remediation, the probable source of such contaminants, and the party responsible for such contamination, if known;

(3) The time when assessment and/or remediation activities are to be commenced and completed;

(4) For whom and in connection with what property the activities are to be undertaken; and

(5) The name of the person engaged in doing the work and the person in charge thereof.

(b) The applicant shall include a simple sketch with its application showing the location of each monitoring well, injection or recovery well, or borehole which it proposes to install or make, with appropriate references to the location of sidewalks, curbs, driveways, utility poles, and other permanent landmarks.

(c) Each license issued pursuant to this division shall be subject to the following terms, requirements, and conditions, whether or not stated in the license, and individual licenses may impose additional or more stringent terms, requirements, or conditions:

(1) The licensee shall undertake and complete the assessment or remediation activities upon city property in a prudent and responsible manner, in conformance with all applicable laws and regulations, and shall properly operate and maintain any wells or boreholes which it installs, including city property immediately adjacent thereto.

(2) The licensee shall follow the procedures provided in I.C. § 480.1 et seq., regarding obtaining locator service prior to the commencement of any excavation or drilling activities on city property.

(3) Within a reasonable time after completion of each step of any of the activities on the city property, the licensee shall cause any tools, equipment, or materials placed thereon to be removed.

(4) The licensee shall promptly remove and properly abandon any well or borehole which it installed upon city property when the well or borehole is no longer needed for the purposes as originally installed or when it is notified by the city that the city property upon which a particular well or borehole is located is required for municipal purposes, including but not limited to street, sewer, traffic control, or water utility construction or repair.

(5) The licensee shall, at its own expense, properly remove, abandon, and fill each well or borehole that it installs upon city property and if necessary file a well closure report or other appropriate documentation with state or federal officials.

(6) The licensee shall restore the city property upon which it conducted assessment or remediation activities to the condition it was in prior to the commencement of such activities, to the satisfaction of the city engineer,

(7) The licensee shall accept all responsibility and liability for damage to underground facilities owned or operated by the city, which damages are occasioned by drilling or excavation work or by the installation, operation, or maintenance of wells or boreholes by the licensee or its agents, regardless whether the city provided locator services for such facilities.

(8) If the licensee fails to properly maintain any well or borehole or the city property immediately adjacent thereto or fails to remove a well or borehole after being advised that the city property upon which it is located is required for municipal purposes or fails to properly restore city property as required in this section, the city may either (i) deny the licensee access thereto, or (ii) declare the well or borehole a nuisance, cause such to be removed, and

assess the costs of abatement against the licensee or its property, all as provided in article VI of chapter 24 of this Code.

(9) The licensee shall indemnify and hold harmless the city from any and all costs, expenses or liability for damages or injuries to persons or property or liability of any kind whatsoever arising from or growing out of any environmental assessment or remediation activity for which a license has been issued pursuant to this division.

(C91, § 23-67.04; O.12,099)

Sec. 102-924. Liability insurance and performance bond.

(a) Before a license is issued as provided in this division, the applicant shall cause an insurance policy or certificate of insurance to be placed on file with the city permit and development center, evidencing coverages in the type and amount required by the city. The type and amount of insurance to be required shall in each instance be determined by the city's risk manager. The insurance policy or certificate shall include the city as an additional named insured, shall be issued by an insurance company licensed to do business in the state, and shall provide that the insurance may not be canceled or terminated except upon the giving of ten days' written notice to the city of the cancellation or termination.

(b) Before a license is issued as provided in this division, the applicant shall file with the city permit and development center a performance bond in an amount sufficient to cover the estimated cost of removal and proper abandonment of all wells and boreholes to be installed on city property, the cost of restoration of city property, and potential damage to city facilities occasioned by the proposed assessment and remediation activities to be undertaken, all in accordance with the current schedule of costs established by resolution of the city council upon the recommendation of the city engineer, such schedule to remain on file in the office of the city clerk. The bond shall be for the faithful performance of the terms of the license, this division and any other requirements provided by law. If the applicant fails to pay the costs and/or damages incurred by the city, fails or neglects to properly remove wells or boreholes, fails to restore city property to its proper condition within a reasonable time, or fails to maintain city property, after notice of such failure or neglect from the city engineer, the costs shall be paid or the work shall be performed by the city, and the costs thereof, as certified by the city engineer, shall be promptly paid by the licensee or bonding company, as the case may be. The bond shall be retained by the city until the licensee satisfactorily performs pursuant to all requirements, conditions, or provisions as provided in the license agreement or this division.

(c) Upon approval of the permit and development center, the license applicant may deposit with the city treasurer a cash bond, certificate of deposit, or a certified check payable to the city treasurer. The city treasurer's receipt therefor shall be attached to the application in lieu of the performance bond required in subsection (b) of this section. If the costs as certified by the city engineer are less than such deposit, or if the licensee has satisfied any and all maintenance, removal, or restoration responsibilities, the balance of the deposit shall be returned to the applicant. If the costs exceed the amount of the deposit, the licensee shall be liable to the city for such difference. Such excess costs shall be paid before any subsequent application by the licensee for a license under this division may be processed by the city permit and development center.

(d) In lieu of the bond provided in subsection (b) of this section or the deposit provided in subsection (c) of this section, an applicant or licensee may, upon the prior approval of the permit and development center, provide a performance bond in the minimum amount of $10,000.00 to cover all assessment and/or remediation work to be performed or being performed by or on behalf of the applicant/licensee at various license sites within the city. The bond shall comply in all respects with the bonding requirements set forth in subsection (b) of this section. If the permit and development center should at any time determine that a bond provided pursuant to this subsection is insufficient in amount to cover all outstanding work undertaken or to be undertaken by a licensee, it may require the licensee to provide

additional security therefor by increasing the amount of its bond or by providing an additional bond.

(e) If the city incurs additional expense, including but not limited to attorney fees, in collecting its costs from the licensee, such additional expenses shall be paid by the licensee or bonding company, as the case may be. The licensee's performance bond shall be retained until such time as the licensed premises is properly restored and all wells and boreholes are properly removed and closed, as provided in this division. The permit and development center is authorized to execute bond release documents upon review and approval thereof by the legal department.
(C91, § 23-67.05; O.12,099, 13,334)

Sec. 102-925. Fines for scheduled violations.

(a) The schedule of fines provided in section 102-710 of this chapter shall apply to violations of this division. Notice of violation with the applicable fine for such violation noted thereon shall be issued by the city engineer to the violator. Fines shall be paid in full within 30 days of the issuance of the notice at the office of the building department.

(b) The fines set out in subsection 102-710(a) of this chapter shall be charged in lieu of the enforcement penalties provided for in section 102-3 of this chapter, unless the violator refuses to correct the violation and pay the scheduled fine, or the city engineer determines, in view of the particular circumstances of the case, that immediate enforcement action pursuant to section 102-3 of this chapter is necessary to achieve compliance with the requirements of this division. The city engineer shall maintain a record of all violations, fines charged or other enforcement actions taken with respect to each licensee and may consider that record in determining whether to renew or issue any new license to a particular licensee.
(C91, § 23-67.06; O.12,099)

Sec. 102-926. Fee; issuance and renewal.

(a) Upon approval of the application, certificate of insurance and performance bond, or receipt of deposit in lieu of the bond, and payment of a license fee as provided in this section, the license shall be issued to the applicant, allowing commencement of those assessment and/or remediation activities approved by the permit and development center and described in the license.

(b) Licenses for environmental assessment or remediation may be issued either to the person who will be conducting the environmental assessment or remediation activities or to the person on whose behalf such work will be performed or to both. The permit and development center, in consultation with the legal department, shall determine the appropriate parties to be licensed under the circumstances of each case.

(c) A license for environmental assessment and remediation activities may be issued for an initial period of up to one year, and may be renewed for additional periods of one year as provided in this section. The application for initial issuance of a license shall be accompanied an application fee, plus an annual fee to be charged per well or borehole to be placed on city property. The application for renewal of a license shall be accompanied an application fee, plus an annual fee to be charged per well or borehole in place or to be placed on city property.

(d) If during the term of the license, the licensee desires to place additional wells or boreholes or to conduct additional assessment or remediation activities on city property at the licensed site, or desires to place additional wells or boreholes or to conduct additional assessment or remediation activities on city property immediately adjacent to the licensed site, the licensee shall make application in writing to amend its license, including therewith a plat of the location of such additional activities, wells, or boreholes. Such application shall be accompanied by a license amendment processing fee, together with the required annual fee per well or borehole to be placed on city property, as provided in subsection (c) of this section. If the permit and development center declines to approve any particular well or borehole site proposed by the applicant or licensee, that portion of the fee attributable to such well or borehole shall be refunded to the applicant or licensee.

(e) The license may include such provisions, requirements and conditions as the permit and development center shall determine necessary to protect the city's interests, not inconsistent with this chapter. All such licenses proposed for issuance by the permit and development center shall be subject to review and approval by the legal department.

(f) The fees provided in this section shall not apply to assessment or remediation activities being conducted by or on behalf of the city. The city council reserves the right to waive the fees as to assessment or remediation activities being conducted on city property by or on behalf of any other governmental entity.

(g) The permit and development center may renew licenses for environmental assessment or remediation activities upon city property for such additional period of time as is necessary for completion of the work, but all such renewals shall be discretionary upon the city engineer's determination that continued utilization of city property for that purpose will not unduly burden the city or the public in its use of city property and that such renewal is in the city's best interests. If the city engineer determines not to renew a license, notice of such determination shall be given to the licensee pursuant to section 102-928 of this division.

(h) The application fee for initial issuance of a license, the application fee for renewal or amendment of a license, and the annual fee per well or borehole placed on city property shall be in the amounts set in the schedule of fees adopted by the city council by resolution.
(C91, § 23-67.07; O.12,099, 13,334, 14,229)

Sec. 102-927. Activities by city work crews or city contractors.

No license shall be required for environmental assessment or remediation activities being performed by city work crews or by contractors performing such work on behalf of the city, provided that the city may require its contractors to procure such insurance and/or performance bond as the city deems necessary and prudent under the circumstances.
(C91, § 23-67.08; O.12,099, 13,334)

Sec. 102-928. Refusal to issue or renew; revocation.

(a) The city engineer may, after notice and hearing, refuse to issue or renew or revoke any license provided for under this division for any of the following reasons:

(1) Failure to comply with the requirements of this division or any other applicable legal requirements.

(2) Fraud, deceit or misrepresentation in connection with an application for a license.

(3) The city's determination that the licensed city property, or the property for which a license is requested, will be required for municipal purposes.

(4) Failure to conform to the requirements of any previously granted license, or violation of the orders or instructions of city officials issued pursuant to this division.

(b) The city engineer's notice of intent not to issue or renew a license shall be mailed to the licensee by certified mail, return receipt requested, not more than 30 days after submission of the application or renewal request, as the case may be. Notice of license revocation shall also be mailed to the licensee by certified mail, return receipt requested. The notice shall set forth the reasons for refusal to issue or renew or for revocation and shall inform the applicant or licensee of the right to an appeal hearing upon request. Such request for hearing shall be filed in writing with the city engineer not more than ten days after the applicant's or licensee's receipt of notice from the city engineer. Such hearing shall be held within 30 days of the filing of the request therefor, unless the time for the hearing is extended by mutual agreement. At the hearing, the applicant or licensee shall have the burden of establishing its entitlement to a license. The city engineer shall issue a written decision on the appeal within 30 days of the conclusion of the hearing.

(c) If a license is refused or revoked upon the basis that the city property licensed or proposed for licensing is required for municipal purposes, the applicant or licensee shall not be entitled to appeal. However, in that event, the licensee shall be entitled to a partial fee refund to be computed

on the basis of 1/12 of the required annual fee multiplied by the number of unexpired whole months of the year remaining in the license term. In all other cases where a license is revoked, no refund of any portion of the required annual fee shall be paid to the grantee.
(C91, § 23-67.09; O.12,099)

Sec. 102-929. Records.

The permit and development center shall maintain a record of each license issued pursuant to this division. Licenses shall be regularly numbered in the order issued. The license shall contain the name of the person to whom it is issued, the location of the private property and city property upon which environmental assessment or remediation activities are being undertaken, and the schedule pursuant to which such activities are to be commenced and completed. The license shall not take effect until the time stated therein, nor shall any work be performed under it until such time. The license shall expire at the time stated thereon for completion unless renewed as provided in this division.
(C91, § 23-67.10; O.12,099)

Sec. 102-930. License to be exhibited on-site.

One copy of the license required by this division shall be kept at the work site and exhibited to any police officer, inspector or agent of the city engineer asking for the license. Any person performing work pursuant to such license shall provide signage at the work site in accordance with the city's utility accommodation and street restoration specifications, giving clear notice to the traveling public of the name, address, and telephone number of the contractor performing the work.
(C91, § 23-67.11; O.12,099)

Sec. 102-931. Separate street excavation permit.

If, during the course or environmental assessment or remediation activities on street or highway rights-of-way within the city, the licensee will be required to engage in any excavation or trenching work, the licensee will be required to obtain a separate street excavation permit pursuant to article IX of this chapter.

ARTICLE XII. NUMBERING OF BUILDINGS*

Sec. 102-961. House numbers.

There are established, as division lines for the purpose of numbering buildings, the following lines:

(1) *Line A.* A line beginning at the intersection of the centerline of Vine Street with the middle of the channel of the Des Moines River; thence westerly along the centerline of Vine Street to the intersection of the projected centerline of Vine Street and the north right-of-way line of C., R.I. & P. Railway; thence westerly along the north right-of-way line of the C., R.I. & P. Railway to the intersection with the east and west centerline of section 7-78-24; thence west along the centerline of section 7-78-24 and sections 12 and 11, Township 78, Range 25, to the west city limits, designated as and called line A.

(2) *Line B.* A line beginning at the intersection of East Vine Street with the Des Moines River; thence easterly along the centerline of East Vine Street and along the westerly projection of the centerline of East Vine Street to the intersection with the north track of the C., R.I. & P. Railway main line to the intersection with the westerly projection of the centerline of East Court Avenue at East Twentieth Street; thence east along the centerline of East Court Avenue and the westerly projected centerline of East Court Avenue to the west line of Laurel Hill Cemetery; thence eastward to the city

*__Cross reference—__Painting house numbers on curbing, § 30-156 et seq.

limits on a line parallel to the centerline of Sections 5 and 6, Township 78, Range 23, designated as and called line B.

(3) *Line C.* A line beginning at a point in the channel of the Des Moines River, which is on a line connecting the centerline of Vine Street west of the Des Moines River and the centerline of East Vine Street east of the Des Moines River; thence following the middle of the channel of the Des Moines River in a northerly and westerly direction to where it intersects with the southerly projection of the centerline of First Street south of Guthrie Avenue; thence north along the southerly projected centerline of First Street and the centerline of First Street to the intersection of the centerline of Sheridan Avenue; thence east along the centerline of East Sheridan Avenue, to the southerly extension of the centerline of First Street, north of East Sheridan Avenue; thence north along the centerline of First Street and north along the northerly projected centerline of First Street from Euclid Avenue to Douglas Avenue; thence north along the centerline of First Street to the north city limits, designated as and called line C.

(4) *Line D.* A line beginning at a point in the channel of the Des Moines River, which is on a line connecting the centerline of Vine Street west of the Des Moines River and the centerline of East Vine Street east of the Des Moines River; thence following the middle of the channel of the Des Moines River in a southerly direction to a point which is the intersection of the channel of the Des Moines River and the centerline of South Union Street projected in a northerly direction to the channel; thence southerly along the projected centerline of South Union Street and the centerline of South Union Street, and along the southerly projected centerline of South Union Street to intersect with the centerline of Indianola Avenue; thence southerly in a straight line to the intersection of the centerline of Hartford Avenue and the centerline of South Union Street; thence south along the centerline of South Union Street and the projected centerline of South Union Street to the south city limits, designated as and called line D.

Cross reference—Buildings and building regulations, ch. 26.

Sec. 102-962. Assigning numbers.

(a) *North and south streets.* All buildings on the west side of streets extending in a northerly and southerly direction shall be assigned even numbers, and all buildings on the east side of such streets shall be assigned odd numbers.

(b) *East and west streets.* All buildings on the south side of streets extending in an easterly and westerly direction, west of lines C and D, shall be assigned even numbers, and all buildings on the north side of these streets shall be assigned odd numbers. All buildings on the south side of easterly and westerly streets east of lines C and D shall be assigned odd numbers, and all buildings on the north side of these streets shall be assigned even numbers.

(C42, §§ 86-2, 86-3; C54, C62, §§ 54-153, 54-154; C75, C79, C91, § 23-130)

Sec. 102-963. House number plats.

The numbering of buildings shall be in accordance with plats on file in the development services department. These plats shall be preserved and extended by the development services director or designee in accordance with the plans of such plats as new streets are opened.

(C42, § 86-4; C54, C62, § 54-155; C75, C79, C91, § 23-131; O.16,329)

Sec. 102-964. Notice of street number.

The zoning enforcement officer or designee as established by policy shall deliver to each owner, agent or lessee making application therefor and furnishing him or her with a description of the premises and an accurate statement of the location thereon of the building for which a number

is sought a notice of street number or, if a discrepancy in street address is discovered and corrected, a notice of change of address for the affected property, showing the number to be placed on the building.
(C42, § 86-5; C54, C62, § 54-156; C75, C79, § 23-132; O.10,651; C91, § 23-132; O.13,010, 16,164, 16,329)

Sec. 102-965. Display.

The owner, agent or lessee of any building in the city owned, controlled or occupied by him or her and not bearing a proper number shall place or cause to be placed on the building in a conspicuous place, as near as may be to the main entrance thereto so that it may be easily seen from the street extending in front of the building, its number as shown in the notice issued by the building director.
(C42, § 86-6; C54, C62, § 54-157; C75, C79, C91, § 23-133)

Sec. 102-966. Size and material.

The digits comprising the numbers placed on the building shall be not less than four inches in height and shall be painted on wood, glass or metal or shall be cut from metal and so colored as to be easily read.
(C42, § 86-7; C54, C62, § 54-158; C75, C79, C91, § 23-134; O.16,329)

Sec. 102-967. Enforcement.

The zoning enforcement officer or designee shall enforce this article respecting the duty of owners, agents or lessees to number buildings. Any person refusing to number a building as provided in this article or who shall fail to do so for a period of 30 days after being notified in writing by the zoning enforcement officer or designee to do so shall be deemed guilty of a simple misdemeanor. The zoning enforcement officer or designee may proceed to place a suitable number on the building and shall report the cost thereof to the city council. The council may assess the cost thereof against the property for collection in the same manner as a special assessment.
(C42, § 86-8; C54, C62, § 54-159; O.7588; C75, C79, C85, § 23-135; O.11,583; C91, § 23-135; O.13,010, 16,329)

ARTICLE XIII. MOVING OF HOUSES AND HEAVY EQUIPMENT*

Sec. 102-996. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

House mover means any person who engages in the business or work of house moving in any way within the city.

House moving means the moving of any house, building, structure or any part thereof, except structures or parts of structures less than 15 feet wide and less than 12 feet high, from one location to another when moving requires traveling upon, across, along or over any street, avenue, highway, thoroughfare, alley, sidewalk or other public ground in the city.
(C62, § 54-160; O.7176; C75, C79, C91, § 23-136)
Cross reference—Definitions generally, § 1-2.

Sec. 102-997. House mover's license required.

No person shall engage in the business of house moving unless and until he or she has obtained a license therefor.
(C62, § 54-161; O.7176; C75, C79, C91, § 23-137)

Sec. 102-998. House mover's license application.

Any person intending to engage in the business of house moving shall file a written application for a house mover's license in the department of engineering. The application shall set forth in such detail as may be required by the city engineer the applicant's qualifications and experience, the kind or type of equipment he or she intends to use and whether or not he or she owns

*__Cross references—__Buildings and building regulations, ch. 26; traffic and vehicles, ch. 114; permit for moving buildings, § 122-7.

such equipment, and other information as may be necessary to determine his or her qualifications as a house mover.
(C62, § 54-162; O.7176; C75, C79, C85, § 23-138; O.11,583; C91, § 23-138)

Sec. 102-999. House mover's bond.

The applicant for a house mover's license shall file a bond, with the application, with an approved corporate surety in the penal sum of $25,000.00, conditioned that all work done under the license shall be done in a good and workmanlike manner, in accordance with all sections of this Code and all city ordinances relating to house moving, and that the applicant will pay to the city or to any person injured all damages for injuries to persons or property, including but not limited to damages to any street, curb, sidewalk or any other public property caused by negligence, fault or mismanagement of the applicant or any person in his or her employ or due to any other cause in doing any work under the license or permit.
(C62, § 54-163; O.7176; C75, C79, C91, § 23-139; O.14,245)

Sec. 102-1000. House mover's license fee and term.

The fee for a license as a house mover shall be a fee in the amount set in the schedule of fees adopted by the city council by resolution, and the license shall expire on April 1 of each year.
(C62, § 54-164; O.7176, 7330; C75, C79, C91, § 23-140; O.14,174)

Sec. 102-1001. Insurance.

(a) Before any license required by section 102-997 of this article is issued, the applicant shall obtain insurance as described in this section and provide a certificate of insurance disclosing such compliance. Such insurance shall include coverage for workers' compensation, automobile liability and general liability. Workers' compensation insurance shall be provided if required of the licensee under I.C. ch. 85. If workers' compensation insurance is required, employer's liability insurance shall be included with limits of not less than $100,000.00 each accident for bodily injury by accident, $100,000.00 each accident for bodily injury by disease, and a policy limit of $500,000.00 for bodily injury by disease. Automobile liability insurance shall be in an amount of not less than $1,000,000.00 combined single limit. General liability insurance shall be comprehensive or commercial general liability insurance coverage in an amount of not less than $1,000,000.00 for each occurrence and/or general aggregate combined single limit. Both the automobile liability and general liability insurance policies shall include contractual liability coverage. The general liability insurance policy shall also include in its definition of an insured contract the indemnification of a municipality when required either by ordinance or contract or otherwise. All insurance policies under this section shall provide that they may not be cancelled without 30 days' written notice to the city.

(b) Indemnification. Licensee shall defend, pay on behalf of, indemnify and hold harmless the city, its elected and appointed officials, employees and volunteers and others working on behalf of the city, against any and all claims, demands, suits, or loss, including any and all outlay and expense connected therewith, by reason of bodily injury, death, damage to property or loss of use thereof, which arises out of the activities of the licensee, or others affiliated with licensee, while operating under permissions granted by this license.

(c) Waiver of subrogation. Licensee shall release the city, its elected and appointed officials, employees and volunteers and others working on behalf of the city, from liability or responsibility for any injury, damage, liability, loss or expense incurred by the licensee or others affiliated with the licensee, by way of subrogation or otherwise, for any loss or damage to property caused by fire or any other casualty while arising out of the activities of the licensee, or other affiliated with licensee, while operating under permissions granted by this license.
(C62, § 54-165; O.7176; C75, C79, C85, § 23-141, O.11,201, 11,583; C91, § 23-141; O.14,245)

Sec. 102-1002. Issuance of house mover's license.

Upon payment of the proper fee and the filing of the bond and insurance policy as required in

this article and after obtaining the approval of the city engineer, the city engineer shall issue to the applicant a house mover's license.
(C62, § 54-166; O.7176; C75, C79, C85, § 23-142; O.11,583; C91, § 23-142)

Sec. 102-1003. Revocation of house mover's license.

Any person who shall, in any application for a house mover's license or house moving permit, make any false or untrue statement or who shall violate this article or who shall fail to pay any costs or expense incurred by the city as a result of his or her operations or whose bond or insurance as required in this article has been cancelled or otherwise terminated shall, upon such finding, have his or her license revoked.
(C62, § 54-167; O.7176; C75, C79, C91, § 23-143)

Sec. 102-1004. Transferability of house mover's license or permit.

No license or permit issued pursuant to this article shall be transferable.
(C62, § 54-168; O.7176; C75, C79, C91, § 23-144)

Sec. 102-1005. House moving permit.

No person shall move any house, building or structure or part thereof except that which is less than 15 feet wide and less than 12 feet high, unless and until he or she has obtained a house moving permit, which shall not be issued to anyone except a person licensed as a house mover under this article.
(C62, § 54-169; O.7176; C75, C79, C85, § 23-145; O.11,583; C91, § 23-145)

Sec. 102-1006. Application for house moving permit.

Any person desiring a house moving permit as required in this article shall file an application in the office of the city engineer at least 30 days prior to the commencement of the work. The application shall contain the following:

(1) The date and time of moving the house, structure or building.

(2) The detailed statement setting forth the proposed route to be followed in moving the structure, the equipment to be used and specifying the person in charge of the moving operation.

(3) The location of the premises to which the structure is to be moved and the zoning classification thereof.

(4) The name of the owner of the structure and the name of the owner of the premises to which it is being moved and showing that the applicant is entitled to move the house.

(5) A plot plan of the location to which the structure is to be moved, showing the exact proposed location of the structure, the boundaries of the lot upon which the structure is to be placed, and the dimensions of the lot.

(6) A statement showing the maximum length and width, including eaves and loaded height, of the structure to be moved. Verification of the dimensions of the loaded structure shall be provided to the city by the applicant and shall become a part of the application. In addition, the mover shall verify that the designated route will accommodate the structure to be moved. Damages due to variances from the verified dimensions shall be the responsibility of the house mover.

(7) An agreement that the house mover shall indemnify and hold the city harmless from any claims or damages for injuries to persons or property resulting from the moving of the structure for which the permit is requested.

An agreement that the applicant shall immediately report any damage done by the moving operation to any street, sidewalk, alley, curb, avenue, boulevard, highway, tree or other public property and that the applicant will upon demand pay the cost of repair occasioned by the damage to the city.

Upon receiving the application, the city engineer shall notify the community development department of the proposed move. The community development department shall notify the recognized neighborhood organization for

the proposed house location, and any other recognized neighborhood organization along the proposed route. The notification shall include the name and phone number of the owner of the structure to be moved or a representative of the moving company that residents can contact for additional information.
(C62, § 54-170; O.7176, 7397; C75, C79, C91, § 23-146; O.14,245)

Sec. 102-1007. Utility company consents.

The applicant for a permit required under section 102-1005 of this article shall file with the application the consent of the electric energy company, the telephone company and any franchise cable television company, and any communications company or other utility with overhead wires across the proposed route, to use the proposed route.
(C62, § 54-171; O.7176; C75, C79, C85, § 23-147; O.11,583; C91, § 23-147; O.14,245)

Sec. 102-1008. House moving permit fees.

The fees for house moving permits shall be in the amounts set in the schedule of fees adopted by the city council by resolution. This fee shall be paid at the time the application is filed.
(C62, § 54-172; O.7176, 7330; C75, § 23-148; O.9125, 9161; C79, C91, § 23-148; O.14,174)

Sec. 102-1009. Issuance of house moving permit.

Upon the filing of the application with the city engineer and payment of the fee as required in this article and upon the approval of the city engineer, and the director of public works, a house moving permit shall be issued by the city in accordance with this article.
(C62, § 54-173; O.7176, 7397; C75, C79, C91, § 23-149; O.14,245)

Sec. 102-1010. Denial of house moving permit.

(a) When, in the judgment of the city engineer or the director of public works, the proposed work will result in an undue hazard to traffic or undue damage to streets, avenues, boulevards, thoroughfares, highways, curbs, sidewalks, trees or other public or private property, the house moving permit shall be denied and the reasons therefor endorsed upon the application. In the review process, the preservation of the urban forest, and the preservation of historically and/or architecturally significant houses shall be given strong consideration.

(b) The permit shall also be denied if the structure will not comply with pertinent sections of this Code or city ordinances or state laws relating to electrical and plumbing requirements of new structures, unless the owner has obtained a building permit to correct the violations, or if the power, gas, telephone or cable company refuses to consent to the operations or if the structure will not comply with the zoning or the planning and design requirements affecting the proposed location.
(C62, § 54-174; O.7176, 7397; C75, C79, C91, § 23-150; O.14,245, 15,819)

Sec. 102-1011. Restrictions on house moving permit.

(a) A permit issued pursuant to section 102-1009 of this article may be restricted if, in the judgment of the city engineer, the moving operations would create undue traffic congestion or hazards. The city engineer may require police escorts or temporary removal of traffic control devices for the moving operations, or he or she may restrict or specify the hours during which the moving operation must be accomplished.

(b) A permit issued shall not become valid for moving a structure unless the house mover provides written notice to each residence or commercial property along the planned route at least seven calendar days prior to the planned move, using printed notices that identify the proposed date, time and route for the move, the size of the structure to be moved, and the anticipated effects of the move, such as temporary cutoff of utility service, temporary removal of parking on the street, or other effects.

(c) If legally parked vehicles on the proposed route will interfere with the move, the house mover shall notify the city engineer and shall install temporary emergency no parking signs along such portions of the route as may be

needed at least 24 hours prior to the start of the move, and shall promptly remove such signs after the move is completed.

(d) If traffic signs, traffic signals or other existing city facilities along the proposed route will interfere with the move and will require adjustment or relocation to allow the move, the house mover shall notify the city engineer at least seven

calendar days prior to the planned move, and shall pay the costs for any such adjustment or relocation as directed by the city engineer.

(e) The cost of these requirements shall be borne by the house mover.
(C62, § 54-175; O.7176, 7397; C75, C79, C85, § 23-151; O.11,583; C91, § 23-151; O.14,245)

Sec. 102-1012. Parking permission.

No person shall stop, stand or park a house, equipment, material or structure upon privately owned property without first having obtained the consent of the owner or person in charge of that property. Upon complaint of the owner or person in charge, failure of the person to obtain consent is declared to be a misdemeanor.
(C62, § 54-175.01; O.7330; C75, C79, C91, § 23-152)

Sec. 102-1013. Equipment.

(a) All equipment used in the house moving operation must be equipped with adequate warning flares and lights.

(b) The house mover shall at all times comply with the state statutes pertaining to wheel loadings.

(c) The house mover shall not use any equipment, which travels upon the streets, avenues, boulevards, highways, alleys, sidewalk or other public grounds, that is not equipped with rubber tires. Tire chains shall not be used on city roadways.
(C62, § 54-176; O.7176; C75, C79, C91, § 23-153; O.14,245)

Sec. 102-1014. Placement of equipment.

All caster wheels or other rolling gear shall be placed under the house, structure, or building to be moved in such a manner that the measurement of the maximum outside width of casters, wheels or rolling gear shall be at least two feet less than the width of the traveled portion of the roadway upon which the house, structure or building is to be moved.
(C62, § 54-177; O.7176; C75, C79, C91, § 23-154)

Sec. 102-1015. Report of damage.

The house mover shall report any damage done to any street, avenue, highway, boulevard, alley, sidewalk, curb, tree, telephone or light poles or wires, or to any other public or private property, except property owned by the house mover or the structure being moved, to the director of public works within 12 hours from and after the occurrence. Failure to report damage as required in this section shall be a misdemeanor.
(C62, § 54-177.01; O.7176, 7397; C75, C79, C91, § 23-155)

Sec. 102-1016. Payment for damages.

The house mover shall upon demand pay any damages resulting from any injury to any person or property, which injury is required to be reported to the director of public works under section 102-1015 of this article. Nothing in this section shall be construed to prevent the house mover from contesting any claim in good faith in any court.
(C62, § 54-177.02; O.7176, 7397; C75, C79, C85, § 23-156; O.11,583; C91, § 23-156)

Sec. 102-1017. Reconstruction.

The work proposed by the permit obtained pursuant to section 102-1009 of this article shall be completed within six months from the date the house, structure or building is moved.
(C62, § 54-177.03; O.7176; C75, C79, C85, § 23-157; O.11,583; C91, § 23-157)

Sec. 102-1018. Permit for moving construction machinery or for vehicle with indivisible load.

The city engineer may upon application and with good cause being shown therefor issue permits for the movement of construction machinery being temporarily moved on streets, roads, or highways and for vehicles with indivisible loads carried thereon which exceed the maximum dimensions and weights specified in state law. Permits so issued may be single-trip permits or annual permits. All permits shall be in writing and shall be carried in the cab of the vehicle for which the permit has been issued and shall be available for inspection at all times. The vehicle

and load for which the permit has been issued shall be open to inspection by any peace officer or to any authorized agent of any permit granting authority. When in the judgment of the city engineer the movement of a vehicle with an indivisible load or construction machinery which exceeds the maximum dimensions and weights will be unduly hazardous to public safety or will cause undue damage to streets, avenues, boulevards, thoroughfares, highways, curbs, sidewalks, trees or other public or private property, the permit shall be denied and the reasons therefor endorsed upon the application. Permits shall designate the date, time and route upon which loads and construction machinery may be moved.
(C42, §§ 88-23 to 88-25; C54, C62, §§ 54-178 to 54-182; O.7397; C75, §§ 23-158—23-162; O.9161; C79, C91, § 23-158)

Sec. 102-1019. Escorts for oversize or overweight vehicles.

All movements of mobile homes and other vehicles, the width of which, including any load, exceeds the roadway lane width of the highway or street being traversed, shall be under escort. All other movements of oversize or overweight vehicles, if in the judgment of the department of engineering may be unduly hazardous, shall be under escort.
(C75, § 23-159; O.9161; C79, C91, § 23-159)

Sec. 102-1020. Load limits per axle.

(a) The gross weight on any axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with this article shall not exceed the maximum axle load prescribed in I.C. § 321.463, except that construction machinery being temporarily moved on streets, roads, or highways may have a gross weight of 36,000 pounds on any single axle equipped with minimum size 26.5-inch by 25-inch flotation pneumatic tires and a maximum gross weight of 20,000 pounds on any single axle equipped with minimum size 18-inch by 25-inch flotation pneumatic tires, provided that the total gross weight of the vehicle or a combination of vehicles does not exceed a maximum of 126,000 pounds, and except that a manufacturer of machinery or equipment manufactured or assembled in this state may be granted a permit for the movement of such machinery or equipment mounted on pneumatic tires with axle loads exceeding the maximum axle load prescribed in I.C. § 321.463 for distances not to exceed 25 miles at a speed not greater than 20 miles per hour. The movement of such machinery or equipment shall be over a specified route between the place of assembly or manufacture and a storage area, shipping point, proving ground, experimental area, weighing station, or another manufacturing plant.

(b) Special mobile equipment, as defined in I.C. § 321.1(75), is not subject to the requirements for distance in feet between the extremes of any group of axles or the extreme axles of the vehicle or combination of vehicles as required by this article when being moved upon the highway.

(c) Trailers registered in the state as of March 31, 1983 for the 1983 registration year used exclusively in the transportation of soil conservation equipment are not subject to the requirements for distance in feet between the extremes of any group of axles or the extreme axles of the vehicle or combination of vehicles as are required under I.C. § 321.463.
(C75, § 23-160; O.9161; C79, C85, § 23-160; O.10,807, 11,583; C91, § 23-160)

Sec. 102-1021. Annual permits for vehicles with indivisible loads.

Under this article, annual permits shall be issued in accordance with the following:

(1) Vehicles with indivisible loads having an overall width not to exceed 12 feet five inches or mobile homes including appurtenances not to exceed 12 feet five inches and an overall length not to exceed 75 feet zero inches may be moved for unlimited distances. The vehicle and load shall not exceed the height of 13 feet ten inches and the total gross weight as prescribed in I.C. § 321.463.

(2) Vehicles with indivisible loads, including mobile homes and factory-built structures, having an overall width not to exceed 14 feet six inches and an overall length not to exceed 85 feet zero inches shall be restricted to trip distances not to

exceed 50 highway and street miles in total aggregate. The vehicle and load shall not exceed the height as prescribed in I.C. § 321.456 and the total gross weight as prescribed in I.C. § 321.463.

(3) Vehicles with indivisible loads having an overall length not to exceed 100 feet zero inches shall be restricted to trip distances not to exceed 50 highway and street miles in total aggregate. The vehicle and load shall not exceed the width as prescribed in I.C. § 321.454 and the total gross weight as prescribed in I.C. § 321.463.

(4) All movements of mobile homes and other vehicles, the width of which, including any load, exceeds the roadway lane width of the street or highway being traversed, shall be under escort.

(C75, § 23-160; O.9161; C79, C85, § 23-161; O.10,807, 11,583; C91, § 23-161)

Sec. 102-1022. Single-trip permits for vehicles with indivisible loads.

Under this article, single-trip permits shall be issued in accordance with the following:

(1) Vehicles with indivisible loads having an overall width not to exceed 40 feet zero inches, an overall length not to exceed 120 feet zero inches, or a total gross weight not to exceed 100,000 pounds may be moved, provided the gross weight on any one axle shall not exceed the maximum prescribed in I.C. § 321.463 pursuant to rules adopted pursuant to I.C. § 17A.1 et seq. The height of the vehicles and loads shall be limited only to height limitations of underpasses, bridges, power lines and other established height restrictions on the specified route. A mobile home shall not be moved under this section if the actual mobile home width exceeds 12 feet five inches or length exceeds 65 feet six inches, excluding hitch or any overhang. The vehicle with load shall be accompanied by an escort as required by rules adopted pursuant to I.C. § 17A.1 et seq.

(2) Vehicles with indivisible loads exceeding the width, length, and total gross weight provided in subsection (1) of this section may be moved in special or emergency situations, provided the gross weight on any one axle shall not exceed the maximum prescribed in I.C. § 321.463. The vehicle and load shall be accompanied by an escort as required by rules adopted pursuant to I.C. § 17A.1 et seq. The issuing authority may impose any special restrictions as deemed necessary on movements by permit under this subsection.

(3) Vehicles or combinations of vehicles consisting of construction machinery being temporarily moved on streets, roads, and highways with a maximum total gross weight limitation and a single axle weight limitation prescribed in I.C. § 321E.7, an overall width not to exceed 14 feet zero inches, an overall length not to exceed 80 feet zero inches may be moved for unlimited distances over specified routes when accompanied by an escort as required by rules adopted pursuant to I.C. § 17A.1 et seq. The height of the vehicle or combination of vehicles shall be limited only to the height limitations of underpasses, bridges, power lines, and other established height restrictions on the specified route.

(4) The city engineer may refuse to issue a permit for a vehicle with an indivisible load of 15 feet zero inches or more when in his or her judgment the movement will be unduly hazardous to public safety or cause undue damage to streets, highways, curbs, trees, sidewalks or other public or private property. The permit shall be denied and the reasons therefor endorsed upon the application.

(C75, § 23-162; O.9161; C79, C85, § 23-162; O.10,807, 11,583; C91, § 23-162)

Sec. 102-1023. Movement times.

(a) Movements by permit in accordance with this article shall be permitted only during the hours indicated on the permit.

(b) No movement by permit shall be allowed on a Sunday, a holiday, after 12:00 noon on a Saturday, after 12:00 noon on a day preceding a

holiday and holiday weekend, or during a special event when abnormally high traffic volumes can be expected.
(C75, § 23-163; O.9161; C79, C91, § 23-163)

Sec. 102-1024. Financial responsibility.

(a) In accepting a permit under this article, the party receiving the permit shall be deemed to have agreed to hold and shall hold the city harmless from and indemnified against all damages arising from or growing out of the movement authorized by the permit.

(b) Prior to the issuance of any permit, the applicant for a permit shall be required to file proof of financial responsibility or to post a bond not to exceed $10,000.00 with the issuing authority. Such bond shall be used as security for repair or replacement of official signs, signals, and roadway foundations, surfaces, or structures which may be damaged or destroyed during the movement of a vehicle and load operating under such permit.
(C75, § 23-164; O.9161; C79, C91, § 23-164)

Sec. 102-1025. Fees for permits.

(a) The fees for annual and single trip permits shall be in the amount set in the schedule of fees adopted by the city council by resolution.

(b) The city may charge a permit applicant for the cost of trimming trees and removal and replacement of natural obstructions or official signs and signals or other public or private property required to be removed during the movement of a vehicle and load. In addition to the fees provided in this section, the annual fee for a permit for special mobile equipment, as defined in I.C. § 321.1(75), operated pursuant to I.C. § 321E.7(2), shall be in the amount set in the schedule of fees adopted by the city council by resolution.
(C75, § 23-164.01; O.9161; C79, C85, § 23-164.01; O.10,807, 11,583; C91, § 23-164.01; O.14,174)

Sec. 102-1026. Use of highways of interstate system.

Use of the National System of Interstate and Defense Highways within the corporate limits is prohibited and shall not be used for any oversize or overweight movement under this article.
(C75, § 23-164.02; O.9161; C79, C91, § 23-164.02)

Sec. 102-1027. License required for driver of escort vehicle.

Any operator of an escort vehicle, serving as an escort in the movement of vehicles and loads of excess size and weight under permits as required by this article, shall have a valid operator's or chauffeur's license.
(C75, § 23-164.03; O.9161; C79, C91, § 23-164.03)

Secs. 102-1028—102-1055. Reserved.

ARTICLE XIV. METER PITS

Sec. 102-1056. Defective covers, rims or appliances.

It is declared a public nuisance for any person or any public utility whose funds are not subject to the administration or control or in the possession of the city council or the city treasurer to construct, install, maintain, operate or use in any street, alley or public grounds of the city a meter pit which is or may become unsafe for the traveling public or which has a cover, rim or appliance connected therewith which is defective, loose, cracked, broken or without safety devices to prevent tipping when stepped upon. No meter pit, part or appliance shall be installed, maintained, operated or used without compliance with article VIII of this chapter.
(C42, § 89-16; O.4795; C54, C62, § 54-213; C75, C79, C91, § 23-200)

Sec. 102-1057. Safety requirements; approval of design.

All meter pits located in any street, alley or public ground of the city shall have a metal cover of such weight and thickness and so fitted into a metal rim and having such safety devices and appliances attached to and a part thereof as will

cause such cover to be stable and prevent it from tipping or becoming unstable, displaced or unsafe when walked upon by pedestrians or by ordinary travel over the cover. Meter pit covers, rims and appliances installed in strict accord with the design approved by the city engineer shall be deemed in compliance with this article so long as such device or appliance is properly maintained and operated.
(C42, § 89-17; O.4795; C54, C62, § 54-214; C75, C79, § 23-201; O.10,649; C91, § 23-201)

Sec. 102-1058. Repairing or refilling.

The city engineer is authorized and directed to notify by mail, at the last known address, the owner, occupant or any person in possession of the property for the convenience and benefit of which any meter pit was installed or is being used and the consumer being served through it of any insufficiency of the cover of any such meter pit and of any defective or unsafe condition of the cover thereof or of any appliance connected therewith and directing the repair thereof within 30 days or the abandonment of such meter pit within 30 days by filling such pit and placing the surface over the location thereof in safe condition for ordinary travel. A copy of this notice shall be forwarded to any utility delivering service through any such meter pit.
(C42, § 89-18; O.4795; C54, C62, § 54-215; C75, C79, § 23-202; O.10,649; C91, § 23-202)

Sec. 102-1059. Cessation of service by public utility.

Any utility delivering its service through any meter pit is directed and required to remove its meter therefrom and discontinue serving the consumer at the end of 30 days after notice is given either the owner, occupant, person in possession or the consumer by the city engineer of the defective or unsafe condition of the cover or any appliance connected therewith, unless the repairs required by the city engineer are made sooner.
(C42, § 89-19; O.4795; C54, C62, § 54-216; C75, C79, C91, § 23-203)

Sec. 102-1060. Withdrawal of permission.

Any consent, license, permit or permission issued or granted for the construction or installation of any meter pit in any street, alley or public ground of the city shall be vacated, cancelled and withdrawn upon failure to make the repairs required by the city engineer within 30 days after notice to do so as provided in this article.
(C42, § 89-20; O.4795; C54, C62, § 54-217; C75, C79, C91, § 23-204)

Sec. 102-1061. Securing of covers.

It is declared a violation of this article for any person to fail to replace any meter pit cover after removing it in as secure a position as the condition of the cover and devices for securing it will reasonably permit. It is the duty of such person discovering, upon attempting to replace such cover, that the condition of the cover and the devices do not allow the cover to be placed and to remain in a secure position to immediately inform the city engineer of such condition and hazard.
(C42, § 89-21; O.4795; C54, C62, § 54-218; C75, C79, § 23-205; O.10,649; C91, § 23-205)

Sec. 102-1062. Inability to finance repairs.

Any owner desirous of complying with the city engineer's order to repair pursuant to this article, but unable to secure and pay for such repairs within the 30-day period, may elect to have the city make the necessary repairs and have the costs thereof assessed against the property for collection in the same manner as a property tax.
(C79, § 23-205.01; O.10,649; C91, § 23-205.01)

ARTICLE XV. FAULTY WATER SERVICE*

Sec. 102-1091. Repairs.

(a) Whenever the public works director or his or her designee finds a public nuisance exists because of a faulty water service which is releasing or discharging water upon or under the city streets and/or sidewalks, the director shall:

(1) Bring such conditions to the immediate attention of the city council for a declara-

*__Cross reference—__Water generally, § 118-586 et seq.

tion of public nuisance and authorization to issue a notice to the owner of such declaration and of the time within which such condition must be corrected.

(2) If by virtue of weather conditions such water is freezing upon the city streets and/or sidewalks or if by virtue of such release or discharge the city streets and/or sidewalks are being undermined so as to necessitate immediate action to protect the public health, issue an order to abate such nuisance reciting its existence and requiring that such action be taken as the officer deems necessary. Compliance with such order must be within 48 hours after receiving notice thereof.

(b) If the owner provides a consent and waiver authorizing the city to undertake such repairs and to assess the costs against the property or if the owner does not comply with an order to abate the public nuisance within the time allowed, the public works director or his or her designee shall authorize the taking of the corrective action specified in the order. Any costs incurred shall be assessed against the property for collection in the same manner as a property tax.
(C79, § 23-174.01; O.10,315; C91, § 23-174.01)

Secs. 102-1092—102-1120. Reserved.

ARTICLE XVI. STREET USE PERMIT

Sec. 102-1121. Purpose.

(a) *General.* The streets in possession of the city are primarily for the use of the public in the ordinary way. However, under proper and uniform circumstances special street use may be allowed subject to reasonable municipal regulation and control. Therefore, this article is enacted to regulate and control the use of streets pursuant to a street use permit to the end that the health, safety and general welfare of the public and the good order of the city can be protected and maintained.

(b) *Standard street use permit.* A standard street use permit allows for the temporary closure of streets in a commercial and/or residential district. The purpose of a temporary closure of streets can be a timed event, activity, block party, festival, or events of similar character and nature, over a one- to five-day period, or a total of five days over a 30-day period.

(c) *Annual street use permit.* An annual street use permit allows for the temporary closure of a street either for recurring events of one hour or less in duration and provided the dates for closure are approved in advance by the street use team, or when the street use is part of a farmer's or public market and a farmer's or public market permit is also obtained as required by section 102-557 of this chapter.
(O.13,738, 14,329)

Sec. 102-1122. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

City means the City of Des Moines, in the County of Polk, in the State of Iowa.

Entertainment district means a specifically identified area or zone of the city, other than residential, which is composed of a group or organization of businesses such as restaurants and bars.

Farmer's or public market means the sale of products, the majority of which have been produced in the state, including but not limited to, raw fresh vegetables, fruit, honey, herbs, flowers, plants, nuts, baked goods or handcrafted items which conform to all applicable city, county or state health and safety provisions, particularly state department of agriculture regulations, and which are offered for sale by any person, persons, business, or organization on a portion of, or entirely on a public street, sidewalk, alley, park or public place during set hours, no more than two days per week within a one-year period.

Person means any natural person, his or her heirs, executors, administrators or assigns, firm, partnership, association, corporation, company or organization, its or their successors or assigns, or the agent of any of them.

Residential event means a neighborhood-centered activity on a non-primary street in an area that is not zoned commercial or industrial.

Street means that portion of the public right-of-way normally used for vehicular traffic and including the abutting bicycle lanes and sidewalks except for any portion of the sidewalk that has been leased or licensed.

Timed event means any event, activity, competition or race, not including the use of motorized vehicles, involving three or more people for which the successful completion relies upon a participant's time or order of finish which obstructs the free flow of pedestrian or vehicular traffic on the streets, sidewalks, alleys or public places of the city.
(O.13,738, 14,329, 14,745, 15,648)

Sec. 102-1123. Permit required.

A standard or annual street use permit is required for the temporary closure of any portion of a street for any timed event, activity, block party, festival, or events of similar character and nature. Events conducted on city park property are exempt when approved by the park and recreation director or his or her designee.
(O.13,738, 14,107, 14,329)

Sec. 102-1123.01. Permits not transferable.

Street use permits issued under this division are not transferable to any other person or entity.
(O.14,329)

Sec. 102-1123.02. Exemptions.

(a) Nothing in this article shall be construed as requiring a street use permit for funeral processions.

(b) Nothing in this article shall be construed as requiring a street use permit for parades as defined in article XVII, section 102-1170 of this Code.
(O.14,329)

Sec. 102-1123.03. Authority of chief of police for street use events.

The chief of police is empowered to prescribe the conditions governing any street use event under this article, including the designation of the routes to be followed, held or proposed to be held on any public street. If the public interest so requires, he or she may for limited periods of time prohibit or restrict parking on any street where unrestricted or restricted parking is permitted under this code. Signs may be placed, police officers stationed or other steps taken to inform the public of special regulations.
(O.14,329)

Sec. 102-1124. Street use team.

(a) The street use team shall consist of representatives of the city departments of engineering (traffic and transportation division), police, fire, city clerk, public works, park and recreation, finance (risk manager), and community development (building safety division). Other city representatives or outside representatives will be added as necessary.

(b) The street use team may require the person or representative of the group applying for a street use permit to be present when the street use team meets regarding the application for a permit. At that time, the applicant may be required to provide any additional information that is reasonably necessary to make a fair determination.

(c) The street use team may also require the person or representative of the group applying for a street use permit to meet with the police department and/or traffic and transportation staff to discuss their traffic control barricade plan and police staffing needs for the event.
(O.13,738, 14,329, 14,745, 15,289)

Sec. 102-1125. Application.

(a) *Contents.* A written application for a street use permit by persons or groups desiring the same shall be made on a form provided by the city manager's office and shall be filed with the

city manager's office. The application shall set forth the following information regarding the proposed street use:

(1) The name, address, telephone number, facsimile number and e-mail address of the applicant(s) or sponsor(s) of the event and contact person(s).

(2) If the proposed street use is to be conducted for, on behalf of, or by an organization, the name, address, and telephone number of the headquarters of the organization and of the authorizing responsible heads of such organization.

(3) The date(s) and duration of time for which the requested use of the street is proposed to occur.

(4) An accurate description of that portion of the street proposed to be used including a map or diagram of proposed locations of food stands, generators, dumpsters, trash receptacles, temporary restroom facilities, or any other noise or odor generating item proposed to be used, placement of banners and temporary inscriptions or markings in the closed portion of the street to be used, and full description of event route if applicable including street closure times.

(5) The estimated number of participants/attendees.

(6) The proposed use, described in detail, including a description of the activities planned.

(7) After initial filing of the application, any additional information may be requested that the street use team deems reasonably necessary to make a fair determination as to whether a permit should be issued, including but not limited to a crowd control/security plan and a traffic control barricade plan. These plans can be prepared by an outside contractor or the person or representative of the group applying for a street use permit. There will be an additional fee charged if city staff prepares the traffic control barricade plan or the crowd control/security plan.

(b) *Deadline for applications.*

(1) Applications that include a commercially zoned district must be submitted not less than 90 calendar days prior to the date of the event. Applications received less than 90 days in advance will be assessed the late fee set in the schedule of fees and may be denied.

(2) Applications limited to a residential district must be submitted not less than 30 calendar days prior to the date of the event. Applications received less than 30 days in advance will be assessed the late fee set in the schedule of fees and may be denied.

(c) *Petition required.*

(1) For all street closure applications with planned street closures at any one location lasting more than 1 hour except events taking place entirely in a residentially zoned district, a petition is required designating the proposed areas of the street to be used and the time of the proposed use. The petition shall be signed by more than 60 percent of the business owners either abutting or within a building that abuts the portion of the street to be closed for more than one hour.

(2) A good faith attempt shall be made to obtain signatures from all business owners/managers either abutting or within a building that abuts the portion of the street to be closed for more than one hour.

(3) Applications with petitions that do not have more than 60 percent approval pursuant to this section will be denied unless appealed pursuant to section 102-1133 of this division.

(4) The petition form shall be available from the street use team and when completed the petition may be verified by the street use team.

(5) Applicants who have obtained a farmers or public market permit for the current year pursuant to sections 102-556 through 102-564 are exempt from the petition required by this section.

(d) *Notice.* The applicant shall provide notice of the event to all residents and commercial tenants, owners, lessees, and to the respective business or neighborhood association satisfactory to the street use team. Such notice shall include maps, closure times, and contact information.
(O.13,738, 13,753, 13,923, 14,329, 14,745, 15,289, 15,648, 15,789, 15,831)

Sec. 102-1126. Application process.

(a) Upon receipt of a completed street use permit application, the non-refundable application fee(s), petition, map, and any accompanying materials, the city manager's office shall immediately forward copies of the application to the street use team.

(b) The team shall evaluate the application and materials using the standards found elsewhere in this article or other city ordinances. The team shall either approve with conditions as necessary to control potential odor and/or noise issues to ensure the safety of the public and provide for an orderly event, or deny the application. Upon approval, the city manager's office shall issue the permit, including any special provisions or conditions.

(c) The approval or denial of a completed application by the team shall be made to the applicant as soon as reasonably practicable.
(O.13,738, 14,329, 15,648, 15,789)

Sec. 102-1127. Related licenses and permits/ vendor exception.

(a) All related licenses and permits required by the Des Moines Municipal Code shall be obtained by licensee/permittee, except banner license requirements do not apply under this article. Proposed banners and inscriptions or markings are subject to the approval of the street use team. The street use team will advise which additional licenses and permits may be required based upon information provided by the applicant.

(b) A vendor that has permission to operate within the street closure may operate under the street use permit if authorized by the street use permit holder and shall not be required to obtain a license or permit while participating in the event except for either the sale of alcoholic beverages, or sales made where a sidewalk café lease or license has been issued.
(O.13,738, 14,329, 14,745, 15,648)

Sec. 102-1128. Fire apparatus access road.

Fire apparatus access roads shall be provided as required in the currently adopted International Fire Code, unobstructed access width of not less than 20 feet and unobstructed vertical clearance of not less than 13 feet six inches.
(O.13,738, 14,329, 14,745)

Sec. 102-1128.1. Clear passage on sidewalks.

A six-foot clear passage on all sidewalks must be maintained during the street closure.
(O.14,745)

Sec. 102-1128.2. Access to businesses.

(a) Access to businesses that abut the street closure shall be maintained during the normal business hours of the affected business.

(b) Access to businesses within the street closure for deliveries shall be maintained up to one hour before the event opens.

(c) Service vehicles present for the event shall not block entrances to businesses.
(O.14,745, 15,789)

Sec. 102-1128.3. Clean up required.

(a) Trash and litter shall be cleaned up in the permitted street closure area and within a one block radius of the permitted street closure area upon the end of the event.

(b) All grease spills on the street that occur during the street closure shall be cleaned off if not prevented with a protective covering.
(O.15,789)

Sec. 102-1129. Reserved.

Editor's note—Ord. No. 14,329, § 1, adopted April 5, 2004, repealed § 102-1129 which pertained to standards for issuance and derived from Ord. No. 13,738.

Sec. 102-1130. Criteria and standards in reviewing street use permit applications.

The criteria to be considered in reviewing street use permit applications may include:

(1) Whether the applicant appeared at the street use meeting at the request of the street use team and/or supplied information requested by the street use team.

(2) Whether the time and size of the event would substantially interrupt the safe and orderly movement of pedestrian and vehicular traffic in the vicinity of the event's location;

(3) Whether the concentration of persons at the event would unduly interfere with proper fire and police protection of, or other emergency service through, the event or to areas adjacent to the event's location;

(4) Whether the estimated number of participants or the size or type of event equipment is sufficient to close a street or if there is an alternative available to closing a street;

(5) Whether another street use permit has already been granted for substantially the same time and location;

(6) Whether the size or time of the event would require so great a diversion of the city police department as to prevent normal police protection of the city or to prevent adequate police protection at another previously scheduled city-wide event;

(7) Whether a recurring event conflicts with the requested location and time.

(8) Whether city personnel necessary to regulate and monitor the event can reasonably be made available.

(9) Whether the event is reasonably likely to cause injury to persons or property and there is adequate planning for crowd control or participants;

(10) Whether adequate sanitation or other health facilities will be available at the event;

(11) Whether there is a sufficient number of parking places within a reasonable distance to accommodate the number of vehicles expected;

(12) Whether the time, size, or nature of the events are compatible with the normal activity at that location;

(13) Whether the proposed use or event will have a significantly adverse environmental impact;

(14) Whether negative police or other official reports of past activities sponsored by the same applicant or in the same location merit a recommendation of denial; or

(15) Whether the sponsor, applicant, their employees or agents have violated the Des Moines Municipal Code at past events.

(16) Whether applicant(s) have paid the city all fees due and owing under any chapter of the Des Moines Municipal Code.

(17) Whether the sponsor, applicant, their employees or agents have followed all conditions which may have been placed on a prior street use permit including, but not limited to, the placement of potential noise and/or odor generating items or have caused excess noise and/or odors at past events.

(O.13,738, 14,329, 14,745, 15,789)

Sec. 102-1130.1. Buffer zone.

(a) A street use permit shall not be granted when the proposed location is within 1,800 feet of the perimeter of the street closure and conflicts with the time of another street use permit,

unless the event organizer/applicant of the earlier applied for street use permit approves of the issuance of the street use permit proposed for a location closer than 1,800 feet to the perimeter of the street closure for the event. This subsection does not apply to events that occur four or more times per calendar year, or to City of Des Moines' department events.

(b) The holder of a street use permit may give written permission to peddlers and transient merchants to operate within 1,800 feet of the perimeter of their event as provided under sections 78-66 and 78-35.
(O.14,745, 15,289)

Sec. 102-1131. Fees.

(a) An applicant who seeks a street use permit shall pay the applicable nonrefundable application fee(s) in the amount(s) set in the schedule of fees adopted by the city council by resolution. The applicable fee(s) shall be paid at the time of application. Applicants who have obtained a farmers or public market permit for the current year pursuant to sections 102-556 through 102-564 are exempt from the application fee.

(b) If the permitted use will require use of any city equipment or services, to include but is not limited to traffic control and barricade plan creation and/or review or crowd control/ security plan creation and/or review, the applicant shall pay in advance when requested by the street use team, otherwise upon billing pursuant to subsection (c) of this section, either the actual costs or estimated costs when actual costs are not known for use of that equipment and those services in accordance with the schedule of rental and service fees approved by the city council.

(c) The applicant shall pay, within 30 days of billing, any additional actual costs due according to the schedule of fees approved by the city council by resolution.

(d) If a street use event is cancelled and police officers have reported for duty to work the street use event, the applicant shall pay for two hours of police service due within 30 days of billing.
(O.13,738, 13,753, 13,894, 13,923, 14,329, 15,289, 15,831)

Sec. 102-1132. Insurance.

(a) The applicant for a street use permit agrees to indemnify, and hold harmless the city, its employees, and agents, and to purchase and maintain liability insurance as per the requirements set forth in the city's risk management special events policy.

(b) The amount and type of liability insurance to be required in the city's risk management special events policy shall be determined by the city's finance director or designee and are hereby, by reference, made a part of the permit application form. The requirements of insurance shall be determined using objective standards including, but not limited to, the size and nature of the event, the number of expected participants, and the potential for physical injury or property damage caused by participants.

(c) As evidence of the applicant's ability to perform the conditions of the permit, the applicant shall furnish a certificate of insurance at the time of application to the city manager's office.
(O.13,738, 14,329, 15,104)

Sec. 102-1133. Appeal procedure.

(a) The street use team's decision to approve or deny a street use permit may be appealed to the city council by making a request to the city clerk in writing that the appeal be placed on the next council meeting agenda.

(b) The decision of the city council shall be a final determination and shall be subject to review in District Court of Polk County as may be provided by law. Any party aggrieved by the decision may seek review thereof but in no event later than 30 days after the date of the final determination.
(O.13,738, 14,329)

Sec. 102-1134. Revocation of a street use permit.

A street use permit for any event in progress may be revoked and the event terminated by the chief of police, or designees, or the fire chief, or designees if the safety of the public is imminently endangered by activities generated during the event; the participants engage in violent or

destructive behavior causing injury to persons or damage to property; or if there is a major violation of the conditions of the permit such that the standards of issuance are no longer met. (O.13,738, 14,329)

Sec. 102-1135. Violations.

No person shall:

(1) Hold, sponsor or be in charge of any activity for which a street use permit is required without possessing a valid street use permit;

(2) Violate any condition placed upon a street use permit;

(3) Provide false or inaccurate information on a written application for a street use permit;

(4) Knowingly participate in an activity for which a street use permit is required without a valid street use permit having been granted; or after a permit has been revoked pursuant to section 102-1134, of this division.

(5) Disobey or encourage others to disobey this section after a police officer has informed him or her of any provisions of this section or the terms of the street use permit that he or she is violating; or

(6) Violate any other subsection of this article.
(O.13,738, 14,329)

Sec. 102-1136. Reserved.

Editor's note—Ord. No. 15,608, § 1, adopted Sept. 11, 2017, repealed § 102-1136, which pertained to penalties and derived from Ord. No. 13,738; Ord. No. 14,329.

ARTICLE XVII. PARADE PERMIT

Sec. 102-1170. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Chief of police means the city chief of police or the chief's designees in the police department.

City means the City of Des Moines, in the County of Polk, in the State of Iowa.

City clerk means the city clerk or the clerk's designees in the city clerk's office.

Parade means any march, procession or other similar activity consisting of persons, animals, vehicles or things, or a combination thereof, upon any public street ordinarily used for vehicular traffic, which requires a street closing or otherwise requires police officers to stop or reroute vehicular traffic because the participants in the parade will not comply with the normal and usual traffic regulations or controls.

Person means any natural person, his or her heirs, executors, administrators or assigns, firm, partnership, association, corporation, company or organization, its or their successors or assigns, or the agent of any of them.
(O.14,329)

Sec. 102-1171. Permit required.

No person shall engage in or conduct any parade unless a parade permit is issued by the chief of police.
(O.14,329)

Sec. 102-1172. Exceptions.

This article shall not apply to the following:

(1) Funeral processions; and

(2) A governmental agency acting within the scope of its functions.
(O.14,329)

Sec. 102-1173. Application.

(a) A person seeking a parade permit shall file an application under oath with the city clerk's office on a form provided by the city clerk a copy of which shall be immediately delivered to the chief of police and to the street use team as designated under article XVI, section 102-1124 of this chapter.

(b) For single, non-recurring parades, an application for a permit shall be filed at least four days and not more than one year before the parade is proposed to commence. For good cause shown, the chief of police may waive the four days limit. Good cause shall be shown when the application can be processed in compliance with the provisions of this chapter in sufficient time to allow the parade to proceed as scheduled and without hazard to the public safety given due consideration of the date, time, place, anticipated number of participants, and the city services required in connection with the parade.

(c) For parades held on a regular or recurring basis on a substantially similar route, an application for a permit shall be filed at least 60 days and not more than one year before the parade is proposed to commence. For good cause shown, the chief of police may waive the 60 days limit. Good cause shall be shown when the application can be processed in compliance with the provisions of this chapter in sufficient time to allow the parade to proceed as scheduled and without hazard to the public safety given due consideration of the date, time, place, anticipated number of participants, and the city services required in connection with the parade

(d) The application shall set forth the following information:

(1) The name, address, telephone number, facsimile number and e-mail address of the person seeking to conduct the parade.

(2) If the proposed parade is to be conducted for, on behalf of, or by an organization, the name, address, and telephone number of the headquarters of the organization and of the authorizing responsible heads of such organization.

(3) The date and duration of time for which the parade is proposed to occur.

(4) The route proposed to be traveled, including the starting point, termination point, assembly and dispersal areas, including a map, a barricade plan and crowd control/security plan if required per subsection (d)(8) of this section.

(5) The approximate number of persons who, and animals and vehicles which will constitute such parade and the type of animals and descriptions of the vehicles.

(6) The time at which units of the parade will begin to assemble.

(7) The intervals of space to be maintained between units of the parade.

(8) After initial filing of the application, any additional information that the chief of police or the chief's designee deems reasonably necessary to a fair determination as to whether a permit should be issued, including but not limited to a crowd control/security plan and a traffic control barricade plan. These plans can be prepared by an outside contractor or the person or representative of the group applying for a parade permit. There will be an additional fee charged if city staff prepares the crowd control/security plan or the traffic control barricade plan.

(O.14,329, 15,289)

Sec. 102-1174. Fees.

(a) The applicant shall pay to the city a non-refundable application fee when the application is filed in the amount set in the schedule of fees adopted by the city council by resolution.

(b) If the parade will require use of any city equipment or services, to include but is not limited to traffic control and barricade plan creation and/or review or crowd control/security plan creation and/or review, the applicant shall pay in advance, otherwise upon billing pursuant to subsection (d) of this section, either the actual costs or estimated costs when actual costs are not known for use of that equipment and those services in accordance with the schedule of fees approved by the city council and subsection (c) of this section.

(c) The fees for police services shall be determined by the chief of police based upon the number of officers reasonably necessary for vehicular and pedestrian traffic control issues brought about due to the parade based on the parade route, the time of day, date, day of the

week, duration, general vehicular and pedestrian traffic conditions along the parade route, size in terms of participants and spectators, number of intersections blocked, marked and unmarked intersections along the parade route, and the need to detour or preempt citizen travel on adjoining streets and sidewalks together with the number of marked and unmarked intersections and traffic control devices in the detour area. The speech content of the parade shall not be a factor in determining the number of officers necessary for traffic control.

(d) The applicant shall pay, within 30 days of billing, any additional actual costs due according to the schedule of fees approved by the city council by resolution.

(e) If a parade is cancelled and police officers have reported for duty to the parade, the applicant shall pay for two hours of police service due within 30 days of billing.

(f) The fees under this section shall not apply to parades conducted for the primary purpose of public issue speech protected by the First Amendment to the U.S. Constitution.
(O.14,329, 15,289, 15,831)

Sec. 102-1175. Standards for issuance.

The chief of police shall issue a parade permit as provided for in this article when, from the consideration of the application and from other information as may otherwise be obtained, it appears that:

(1) The conduct of the parade will not substantially interrupt the safe and orderly movement of other pedestrian or vehicular traffic in or contiguous to the route or location of the parade;

(2) The conduct of the parade will not require the diversion of so great a number of city police officers to properly police the line of movement and the areas contiguous thereto as to prevent normal police protection of the city;

(3) The concentration of persons, animals and/or vehicles caused by the parade will not interfere unduly with proper fire and police protection of or ambulance service to areas contiguous to the parade or other areas of the city;

(4) The conduct of the parade is not reasonably likely to cause injury to persons or property;

(5) The proposed parade is scheduled to move from its point of origin to its point of termination expeditiously and without unreasonable delays en route;

(6) There are sufficient parking places near the parade to accommodate the number of vehicles reasonably expected;

(7) The applicant has prepaid fees according to section 102-1174 and has paid those fees for past parades, if any;

(8) The proposed parade is not for the primary purpose of advertising any product, goods or event that is primarily for private profit, and the parade itself is not primarily for profit provided, however, the prohibition against advertising any product, goods or event shall not apply to signs identifying organizations or sponsors furnishing or sponsoring exhibits or structures used in the conduct of the parade;

(9) No parade permit application for the same time and location is already granted or has been received and will be granted;

(10) No parade permit application for the same time but not location is already granted or has been received and will be granted, and the police resources required for that prior parade are so great that in combination with the subsequent proposed application, the resulting deployment of police services would have an immediate and adverse effect upon the welfare and safety of persons and property;

(11) No event is scheduled elsewhere in the city where the police resources required for that event are so great that the deployment of police services for the proposed parade would have an immediate and adverse effect upon the welfare and safety of persons and property;

(12) The proposed parade will not interfere with previously scheduled maintenance or repair work to be carried out on the streets or public ways to be used; and

(13) The applicant and parade organizers will comply with the requirements under this article.

(O.14,329)

Sec. 102-1176. Notice and appeal procedure.

(a) The chief of police will either issue the parade permit or deny it within 30 days after the application is filed. In the case of applications filed less than 30 days prior to the proposed parade the chief of police will act on the application as soon as reasonably practicable but not less than 48 hours prior to the proposed start time of the parade unless extenuating circumstances prevent notice to be made in that time frame. If denied the notice shall state the reasons for denial. The notice of issuance or denial shall be served by personal delivery, regular or certified mail or in any other fashion reasonably calculated to provide notice to the applicants.

(b) The decision of the chief of police may be appealed to the city council by making a request to the city clerk in writing that the issue of the parade permits issuance or denial be placed upon the next council meeting agenda. If the council is not scheduled to meet prior to the proposed parade then a special council meeting may be called to hear the appeal.

(c) The decision of the city council shall be based upon the standards contained in section 102-1175 and shall be a final determination subject to review in District Court of Polk County as may be provided by law. Any party aggrieved by the decision may seek review thereof but in no event later than 30 days after the date of the final determination.

(O.14,329)

Sec. 102-1177. Alternative permit.

(a) The chief of police, in denying an application for a parade permit, may authorize the conduct of the parade at a date, time, location, or route different from that named by the applicant in consideration of the standards in section 102-1175. An applicant desiring to accept an alternate permit shall, within five days after notice of the action of the chief of police, file a written notice of acceptance with the chief of police.

(b) An alternate parade permit shall conform to the requirements of, and shall have the effect of, a parade permit issued under this article.

(O.14,329)

Sec. 102-1178. Special parking authority.

The chief of police has the authority to prescribe special parking regulations when, in connection with a parade if the public interest so requires, he or she may for limited periods of time prohibit or restrict parking on any street where unrestricted or restricted parking is permitted under this code. Signs may be placed, police officers stationed or other steps taken to inform the public of special regulations.

(O.14,329)

Sec. 102-1179. Termination of a parade.

A parade in progress may be terminated by the chief of police, the fire chief or their designees, if the safety of the public is imminently endangered by activities generated during the parade; the participants engage in violent or destructive behavior causing injury to persons or damage to property; or if there is a major violation of the conditions of the permit such that the standards of issuance are no longer met.

(O.14,329)

Sec. 102-1180. Violations.

No person shall:

(1) Hold, sponsor or be in charge of any activity for which a parade permit is required without possessing a valid parade permit;

(2) Violate any condition placed upon a parade permit;

(3) Provide false or inaccurate information on a written application for a parade permit;

(4) Knowingly participate in an activity for which a parade permit is required without a valid parade permit having been granted; or after a permit has been terminated pursuant to section 102-1179 of this article;

(5) Disobey or encourage others to disobey this section after a police officer has informed him or her of any provisions of this section or the terms of the street use permit that he or she is violating;

(6) Hamper, obstruct, impede, or interfere with any parade or with any person, vehicle, or animal participating or used in a parade; or

(7) Violate any other provision of this article. (O.14,329)

ARTICLE I. IN GENERAL

Sec. 106-1. Title.

This chapter shall be known, cited and referred to as the "subdivision regulations" of the city. (C62, § 55-1; O.7716; C75, § 24-1; O.9305; C75, C79, C91, § 24-2)

Sec. 106-2. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alley means a public or private right-of-way primarily designed to serve as secondary access to the side or rear of those properties whose principal frontage is on some other street.

Applicant means a proprietor or subdivider of land proposed to be subdivided or his or her representative.

Auditor's plat means a subdivision plat required by either the county auditor or the county assessor and prepared by a registered land surveyor under the direction of the county auditor.

Bond means cash deposits, surety bonds or instruments of credit in an amount and form satisfactory to the city attorney and finance director or their authorized representatives.

Building means any structure, excluding signs and billboards, designed or intended for the support, enclosure, shelter or protection of persons, animals or property.

Building line means a line on a plat between which line and public right-of-way line no buildings or other structures may be erected.

City engineer means the chief civil engineer of the city or his or her designated representative.

Cluster subdivision means an alternative to conventional subdivision development wherein variable lot sizes are permitted in conjunction with a minimum lot size standard and which retains the same types and density of uses established by the applicable regulations and restrictions of chapter 134 of this Code.

Commission means the city plan and zoning commission.

Comprehensive plan means the current comprehensive plan for the general development of the city adopted by the city council pursuant to section 82-77 of this Code, including any part of such plan and any amendment to such plan separately adopted.

Construction plan means the maps or drawings prepared by a registered professional engineer accompanying a plat and showing the specific location and design of improvements to be installed in the subdivision in accordance with the requirements of the city engineer and the plan and zoning commission.

Design standards means the design standards policy manual for construction of public improvements approved by the commission and adopted by the city council.

Drainageway, improved means an improved ditch with invert protection, graded slopes and controlled velocities.

Drainageway, natural means an existing ditch in as natural a condition as possible and which can be maintained as such in the opinion of the city engineer.

Escrow means a deposit of cash with the city in lieu of an amount required and still in force under the surety bond and placed in an identified separate account by the city treasurer.

Flood fringe means the portion of a floodplain between a floodway and the outer limits of a 100-year flood.

Floodway means the channel of a stream or other watercourse and the adjacent land areas required to carry and discharge a 100-year flood.

Grade means the slope of a road, street or other public way, specified in percent of vertical to horizontal measurements.

Improvement means any drainage ditch, roadway, parkway, storm sewer, sanitary sewer, water main, sidewalk, pedestrian way, or other facility for which the city may ultimately assume

the responsibility for maintenance and operation or which may affect an improvement for which city responsibility is established.

Lot means a tract of land in a subdivision intended as a unit for the purpose, whether immediate or future, of transfer of ownership or for building development and represented and identified by a letter or number designation on a plat.

Model building means a building used initially for display purposes which typifies the type of units that will be constructed in the subdivision.

Official plat means either a subdivision plat or an auditor's plat that meets the requirements of I.C. § 354.1 et seq., and this chapter and that has been filed for record in the offices of the county recorder, auditor and assessor.

Parcel means a part of a tract of land.

Permit and development center coordinator means the individual assigned to manage the city permit and development center.

Planning director means the planning director of the city or his or her designated representative.

Plans of record means plans prepared by a registered professional engineer showing his or her signature and certifying that the public improvements have been constructed as shown.

Plat means a graphical representation of the subdivision of land, prepared by a registered land surveyor, having a number or letter designation for each lot and a succinct name or title that is unique.

Plat, major means any subdivision plat, which incorporates a new street.

Plat, minor means any subdivision plat, which does not include a new street.

Plat of survey means the graphical representation of a survey of one or more parcels of land, including a complete and accurate description of each parcel within the plat, prepared by a registered land surveyor.

Proprietor means any person who has a recorded interest in land sought to be subdivided under this chapter, including a person selling or buying the land pursuant to a contract, but excluding persons holding a mortgage, easement or lien interest.

Registered land surveyor means a land surveyor properly licensed and registered in the state who engages in the practice of land surveying pursuant to I.C. ch. 542B.

Registered professional engineer means an engineer properly licensed and registered in the state who engages in the practice of engineering pursuant to I.C. ch. 542B.

Right-of-way means a strip of land to be dedicated as a roadway, walkway, or another special use established and shown on a final plat as separate and distinct from the adjoining lots and not included within the dimensions of such lots.

Standard specifications means the standard specifications for construction of public improvements adopted by the city council.

Street, dead-end means a street permanently or temporarily closed to through traffic.

Street, major means a street that provides for traffic movement between collector or arterial streets and local streets and direct access to abutting property.

Street, minor means a local service street used primarily for access to abutting property.

Street tree means a tree in a public place, street, special easement, or right-of-way adjoining a street.

Structure means anything constructed or erected with a fixed location on the ground, or attached to something having a fixed location on the ground.

Subdivider means any person who:

(1) Having an interest in the land causes it, directly or indirectly, to be divided into a subdivision or to be included in a proposed subdivision;

(2) Directly or indirectly, sells, leases, or develops or offers to sell, lease, or develop

or advertise for sale, lease, or development any interest, lot, parcel, site, unit, or plat in a proposed subdivision; or

(3) Engages, directly or through an agent, in the business of selling, leasing, developing or offering for sale, lease, or development a subdivision or any interest, lot, parcel, site, unit, or plat in a proposed subdivision.

Subdivision means a tract of land divided or proposed to be divided into three or more parcels, whether by subdivision plat, plat of survey, or otherwise; the act of creating a subdivision.

Tract means an aliquot part of a section within the United States public land survey system, a lot within an official plat, or a government lot.

Urban transportation plan means a part of the comprehensive plan providing for the development of traffic circulation throughout the city in a manner that will safely accommodate increased traffic volume at optimal speeds.

Zoning ordinance means the official zoning ordinance of the city, together with any and all amendments thereto, set forth in article X of chapter 22 and in chapter 134 of this Code.
(C42, § 3A-1; O.4972; C54, C62, § 55-1; O.7716; C62, § 55-2; O.8251; C75, § 24-2; O.9305; C75, C79, § 24-1; O.9726; C85, § 24-1; O.11,191, 11,611; C91, § 24-1; O.13,004, 13,289, 14,708)

Cross reference—Definitions generally, § 1-2.

Sec. 106-3. Policy.

(a) It is declared to be the policy of the city to consider the subdivision of land and the subsequent development of the subdivided plat as subject to the control of the city to ensure orderly and planned development in conformance with the comprehensive plan.

(b) Land to be subdivided shall be of such character that it can be used safely for building purposes without danger to health or peril from fire and flood and shall not be subdivided until adequate utilities, drainage, streets and similar improvements exist or are satisfactorily provided.

(c) The existing and proposed improvements shall conform to and be properly related to the proposals shown in the comprehensive plan, and it is intended that this chapter shall supplement and facilitate the enforcement of the provisions and standards contained in building and housing codes, the zoning ordinance and the comprehensive plan.

(d) A plat of survey may be approved in lieu of a subdivision plat when the permit and development coordinator, with the concurrence of the planning director and city engineer, determines that each parcel has access to all necessary public utilities and all necessary public improvements are in place.
(C75, § 24-3; O.9305; C79, C85, § 24-3; O.11,611; C91, § 24-3; O.13,004, 16,074)

Sec. 106-4. Purposes.

(a) This chapter is adopted to:

(1) Protect and provide for the public health, safety, and general welfare of the city.

(2) Guide the future growth and development of the city, in accordance with the comprehensive plan.

(3) Provide for adequate light, air, and privacy, and secure safety from fire and flooding.

(4) Guide public and private policy and action in order to provide adequate and efficient transportation, water, sewerage, schools, parks, playgrounds, recreation, and other public requirements and facilities.

(5) Provide the most beneficial relationship between the uses of land and buildings and circulation of traffic in and adjacent to proposed development and the pedestrian traffic movements appropriate to the various uses of land and buildings, and provide for the proper location and width of streets and building lines.

(6) Establish reasonable standards of design and procedures for subdivisions, in order to further the orderly layout and use of

land, and ensure proper legal descriptions and monumenting of subdivided land.

(7) Ensure that public facilities are available and will have a sufficient capacity to serve the proposed subdivision.

(8) Prevent the pollution of air, streams, and ponds; ensure the adequacy of drainage facilities; safeguard the water table; and encourage the wise use and management of natural resources throughout the city in order to preserve the integrity, stability, and beauty of the community and the value of land.

(9) Preserve as much as possible the natural beauty and topography of the city and ensure appropriate development with regard to these natural features.

(10) Provide for due consideration to be given to the preservation of canopied areas and mature trees and to provide for the mitigation of canopied areas and mature trees which are removed for development.

(11) Provide for open spaces through the most efficient design and layout of the land.

(12) Provide for the extent and manner in which streets shall be graded and improved and the extent to which water, sewer and other utility services shall be provided to protect the public health and general welfare.

(b) To the extent the applicant has complied with the remaining sections of this chapter and the design standards, standard specifications and any other standards set by the city engineer, it shall be presumed that the policies and purposes set forth in subsection (a) of this section have been addressed.
(C75, § 24-4; O.9305; C79, C85, § 24-4; O.11,611; C91, § 24-4; O.14,890)

Sec. 106-5. Jurisdiction.

(a) The city's review and approval of subdivisions pursuant to this chapter shall apply to the subdivision of land within the city boundaries and, under the authority of I.C. § 354.9, to the subdivision of land within the area that includes all land within two miles of the city boundaries.

(b) The subdivision of land within the city boundaries or within the area that includes all land within two miles of the city boundaries shall be of no effect unless a subdivision plat or plat of survey for such subdivision has received final approval from the city and such plat has been recorded in the office of the county recorder.

(c) No building permit shall be issued for any parcel of land within a subdivision unless the subdivision plat or plat of survey for such subdivision has received final approval from the city and has been recorded in the office of the county recorder, except as provided for in this chapter.

Further, no excavation of land or construction of improvements for a proposed subdivision shall commence except as provided for in this chapter.

(d) Notwithstanding subsections (a) through (c) of this section, the city council may by resolution waive the city's right to review a subdivision within the area that includes all land within two miles of the city boundaries, provided the following conditions are met:

(1) The city has received certification from the county that the subdivision complies with all county ordinances and regulations;

(2) The city council has determined that the subdivision will not conflict with the extension of existing city streets and other city rights-of-way; and

(3) The city council has determined that the subdivision will not interfere with development under the comprehensive plan.

The city council shall not act to waive the city's right to review a subdivision until after it has received the recommendations of the plan and zoning commission. If the city council acts to waive the city's right to review, the city clerk shall deliver a certified copy of the city council resolution to the subdivider for recordation with the plat.
(C42, § 3A-2; O.4972; C54, C62, § 55-2, O.7716; C62, § 55-3; O.8542; C75, § 24-4; O.9305; C75, C79, C85, § 24-5; O.11,611; C91, § 24-5; O.13,004)

Sec. 106-6. Interpretation and conflict.

(a) In its interpretation and application, this chapter shall be held to be the minimum requirements to further orderly community growth and to promote the public health, safety, and general welfare.

(b) This chapter is not intended to interfere with, abrogate, or annul federal, state or local statute, rule, regulation, or other provision of law.

(c) This chapter is not intended to abrogate any easement, covenants, or other private agreement or restriction.
(C75, § 24-6; O.9305; C79, C85, § 24-6; O.11,611; C91, § 24-6(a)—(c))

Sec. 106-7. Amendments.

Any regulation or section of this chapter may be amended from time to time by the city council. However, such amendments shall not become effective until after study and report by the plan and zoning commission and until after public notice and hearing before the commission and the city council.
(C42, § 3A-7; O.4972; C54, C62, § 55-7; O.7716; C62, § 55-9; C75, § 24-26; O.9305; C75, C79, C85, § 24-9; O.11,611; C91, § 24-9)

Sec. 106-8. Compliance with conditions.

Under this chapter, each applicant has the duty of compliance with reasonable conditions laid down by the plan and zoning commission for design, dedication, improvement, and use of the land so as to conform to the physical and economical development of the city and to the safety and general welfare of the future lot owners. To that end, the commission may require that a proprietor incorporate certain regulations in this chapter as deed restrictions. Such regulations shall be intended to protect the character and value of the surrounding development and shall also tend to secure the most appropriate character of development in the property which is subdivided.
(C42, § 3A-4; O.4972, 5105; C54, § 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, § 24-20; O.9305; C75, C79, C85, § 24-10; O.11,611; C91, § 24-10)

Sec. 106-9. Acre subdivision.

Whenever a tract of land is subdivided and the plat shows one or more lots containing more than one acre of land so situated that such lot might eventually be further subdivided into smaller lots, the plan and zoning commission may require that the plat allow for the future opening of streets and the ultimate extension of adjacent streets. Easements providing for the

future opening and extension of such streets may be required as a condition to approval of the plat.
(C42, § 3A-4; O.4972, 5105; C54, § 55-4, O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, § 24-13; O.9305; C75, C79, C85, § 24-11; O.11,611; C91, § 24-11)

Sec. 106-10. Auditor's plats.

With regard to auditor's plats, the plan and zoning commission and the council shall have the right to waive provisions governing preliminary approval and public improvements outlined in article II and in division 1 of article III of this chapter, providing there is on file with the commission a copy of the request of the county auditor or county assessor ordering such plat and a letter from the county auditor stating that the plat as submitted is satisfactory.
(C42, § 3A-2; O.4972; C54, C62, § 55-2; O.7716; C62, § 55-3; O.8542; C75, § 24-5; O.9305; C75, C79, C85, § 24-12; O.11,611; C91, § 24-12)

Sec. 106-11. Area plan.

If a tract of land proposed for subdivision is a part of a larger area that could reasonably be subdivided, the community development department may prepare a possible plan of such larger undeveloped area to be used by the plan and zoning commission and the city council as an aid in judging the proposed plat. The city engineer shall cooperate in the preparation of this plan and shall furnish surveys and data as may be deemed necessary.
(C42, § 3A-2; O.4972; C54, C62, § 55-2; O.7716; C62, § 55-3; O.8542; C75, § 24-6; O.9305; C75, C79, C85, § 24-13; O.11,611; C91, § 24-13; O.13,015)

Sec. 106-12. Variations and exceptions.

(a) Whenever the tract proposed to be subdivided is of such unusual size or shape or is surrounded by such development or unusual conditions that the strict application of the requirements contained in this chapter would result in substantial hardships or injustices, the applicant, at time of preliminary plat application, may request a modification or variation of such requirements. The plan and zoning commission shall review and make its recommendation concerning such request at the time of consideration of the preliminary plat. Within 30 days thereafter, the recommendation of the commission concerning such requested variation or modification shall be placed upon the agenda for the next regularly scheduled meeting of the city council.

(b) All such variations and exceptions granted under this chapter shall be in harmony with the intended spirit of this chapter and granted with the view toward protecting the public welfare and interest of the city and surrounding areas.
(C54, § 55-4.01; O.6229; C62, § 55-4.01; O.7716; C62, § 55-6; C75, § 24-23; O.9305; C75, § 24-16; O.9353; C79, C85, § 24-16; O.11,611; C91, § 24-16)

Sec. 106-13. Fees.

(a) Before a preliminary plat, a plat of survey or an amendment to an approved plat may be considered by the city, the applicant shall deposit a fee in the amount set in the Schedule of Fees adopted by the city council by resolution. In addition to said fee, the applicant shall pay the costs for any required notification to property owners as determined and established by the community development department.

(b) Resubmission of a plat due to amendments required or made to the plat as previously submitted may be made once without additional fee. Thereafter, the resubmitted plat shall not be considered by the plan and zoning commission until the applicant has deposited the additional fee in the amount set in the Schedule of Fees adopted by the city council by resolution.

(c) An application made for property wholly owned by the federal government may be made without paying the fee described in this section.

Sec. 106-14. Enforcement, violations and penalties.

(a) It shall be the duty of the zoning enforcement officer to enforce this chapter and to bring to the attention of the city council any violations or lack of compliance with this chapter.

(b) Appropriate actions and proceedings may be taken by law or in equity to prevent any violation of this chapter; to prevent unlawful construction; to recover damages; to restrain, correct, or abate a violation; and to prevent illegal occupancy of a building, structure or premises, and these remedies shall be in addition to the penalties described in section 1-15 of this Code.

(c) Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.

ARTICLE II. APPLICATION, PROCEDURE AND APPROVAL PROCESS

DIVISION 1. GENERALLY

Sec. 106-41. General procedure.

(a) Whenever a subdivision of land is proposed, the subdividing owner or his or her authorized agent shall apply for and secure approval of such proposed subdivision in accordance with the following procedure:

(1) Subdivision plats and cluster subdivisions.
   a. Preapplication conference with staff.
   b. Preliminary plat approval by the plan and zoning commission.
   c. Final plat approval by the city council.
   d. Assurance for completion of improvements.

(2) Plat of survey.
   a. Preapplication conference with staff.
   b. Plat of survey approval by permit and development coordinator.

(b) No contract shall be made for the sale of any part of the proposed subdivision and no permit for the erection of a structure in such proposed subdivision shall be granted until compliance with the procedures set out in subsection (a) of this section, except as provided in subsection 106-72(h) of this article.
(C75, § 24-19; O.9305; C79, § 24-19; O.10,561; C85, § 24-19; O.11,191; C91, § 24-19; O.13,004)

Secs. 106-42—106-70. Reserved.

DIVISION 2. MAJOR PLATS AND CLUSTER SUBDIVISIONS

Sec. 106-71. Preapplication conference.

Whenever a major plat of any tract or parcel of land located within the platting jurisdiction of the city is proposed, the applicant shall submit to the city permit and development center a request for a preapplication conference. The conference shall include the applicant, his or her engineer and appropriate city staff. The purpose of the conference shall be to acquaint city staff with the proposed subdivision and acquaint the applicant and his or her engineer with procedures and with the regulations and policies that might relate to the subdivision. The applicant shall furnish a legal description of the property to be subdivided at the time he or she submits his or her request for a preapplication conference, and the conference shall be held within 15 days of such request.
(C42, § 3A-2; O.4972; C54, C62, § 55-2; O.7716; C62, § 55-3; O.8542; C75, § 24-3; O.9305; C75, C79, § 24-21; O.10,561; C85, § 24-21; O.11,611; C91, § 24-21; O.13,004)

Sec. 106-72. Preliminary plat approval by commission.

(a) After completion of the preapplication conference required in section 106-71 of this division and if the applicant wishes to proceed to subdivide the property that was the subject of such preapplication conference, he or she shall cause to be prepared a preliminary plat of such

subdivision and shall submit 13 copies of such preliminary plat and such other information as is required in this section to the city permit and development center for preliminary study and recommendation.

(b) The preliminary plat shall be drawn to a scale of not less than one inch to 100 feet, shall be certified by a registered professional engineer and a registered land surveyor and shall show the following:

(1) Title and complete legal description of the tract of land to be subdivided, showing north point, scale, date, certification by the surveyor staking the lots, and the names, addresses and telephone numbers of the owner, subdivider and surveyor/engineer.

(2) Existing and proposed contour intervals of not more than two feet; provided, however, that a minimum of two contours shall be shown on any plat. If the applicant does not propose to grade any portion of the subject property, he or she shall so indicate on the plat.

(3) The location of property lines, existing and proposed public easements, and all such surface features as buildings, railroads, utilities, watercourses, canopied areas and similar items affecting the development; also, the general location and size of all existing and proposed subsurface features such as storm and sanitary sewers, water mains, culverts, gas mains, underground electric lines or cables, and drainpipes. The preliminary plat must be accompanied by a tree removal and mitigation plan containing the information required by section 42-554 of the tree removal and mitigation ordinance.

(4) A vicinity sketch or key map at a scale of not more than 500 feet to the inch shall be shown on or shall accompany the proposed plat. Such map shall show existing streets and alleys and neighboring subdivisions or undeveloped property.

(5) All existing adjacent subdivisions, streets and tract lines of acreage parcels together with the names of record owners of unsubdivided parcels of land immediately adjoining the proposed subdivision and between it and the nearest existing streets.

(6) The sites proposed for streets, alleys, parks, open areas, school property, other areas of public use and outlot areas set aside for future development, all assigned a progressive letter with the proposed use clearly designated.

(7) The zoning district classification of the tract of land to be subdivided.

(8) Proposed street paving widths, the radii of curvature of streets, maximum grades for streets, and changes in grades of streets in accordance with division 1 of article III of this chapter, the design standards and the standard specifications.

(9) A soils report for the tract of land to be subdivided prepared by a registered professional engineer experienced in soils investigation showing general soil conditions and including recommendations as to the adaptability of such soils for the proposed development. This requirement may be waived at the discretion of the city engineer.

(10) All established floodway or flood fringe encroachment limits.

(11) A drainage report prepared in accordance with the design standards by a registered professional engineer.

(12) The numbered address of each proposed lot assigned pursuant to article XII of chapter 102 of this Code.

(c) Upon submission of such preliminary plat, the permit and development center coordinator shall retain three copies and forward copies to city departments, county agencies and utilities, as appropriate. The permit and development center coordinator shall instruct the city departments, county agencies and utilities to complete their review of the preliminary plat and forward their comments concerning the plat to the city

permit and development center within 14 days after the date of submission of such plat to the city permit and development center.

(d) Upon receipt of comments from the appropriate city departments, county agencies and utilities, the permit and development center coordinator shall prepare a report on the preliminary plat which shall incorporate the comments and concerns of the city departments, county agencies and utilities. To ensure compatibility with the city's planning goals and policies, such report shall be reviewed with the planning director, after which the permit and development center coordinator, in consultation with the planning director, shall prepare a recommendation on the preliminary plat and forward such recommendation to the applicant. The planning director shall forward the plat and recommendation to the plan and zoning commission for consideration.

(e) Before approving a preliminary plat, the commission shall hold a public hearing. The commission shall determine if such preliminary plat conforms to the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter and shall approve, conditionally approve or reject such plat within 45 days after the date of submission to the city permit and development center. Unless the applicant agrees in writing to an extension of time, the preliminary plat shall be deemed approved if the commission does not act within such 45-day period.

(f) The permit and development center coordinator shall promptly notify the applicant of the commission's recommendations regarding the plat. Decisions of the commission rejecting or conditionally approving a preliminary plat may be appealed to the city council by the applicant. Appeal shall be made, without cost, by written notification received by the city clerk within 30 days after the date of the determination of the commission. The city council shall decide all appeals by public hearing within 30 days after the written notification has been received by the city clerk, or as soon as practical thereafter in the event that the public hearing is continued by resolution of the city council. A majority vote of the city council shall be necessary to overturn or modify the action of the plan and zoning commission.

(g) The commission's action for approval or conditional approval, or the city council's action for approval or conditional approval on appeal if applicable, shall be null and void unless the final plat is submitted to the city permit and development center within 270 days after the date of such action as applicable; provided, however, that the permit and development center coordinator may grant, upon written request of the applicant, up to a 90-day extension for submittal of the final plat to the city permit and development center.

(h) Subject to approval of the permit and development center coordinator, one model building may be constructed prior to final approval of the plat, provided:

(1) The model building shall be constructed on a designated parcel on the proposed plat;

(2) The designated parcel shall derive its access from an existing open street;

(3) The designated parcel shall meet all minimum bulk regulations of the zoning district in which it is located;

(4) The designated parcel is not located in an area where a future street or other improvement is proposed;

(5) The designated parcel shall be shown as a lot in the proposed plat; and

(6) If the designated parcel is sold prior to completion of the plat, the subdivider shall:

a. Ensure the installation of required improvements for the parcel; and

b. Obtain all documents from the subsequent proprietors, mortgage holders and lienholders required as attachments to plats under I.C. § 354.1 et seq.

(i) If the applicant desires to commence construction of any required improvement after approval of the preliminary plat, but prior to approval of the final plat by the city council, he or she shall comply with the contractor's bond requirements set forth in division 2 of article III of this chapter.

(j) Grading of the site shall comply with the following:

(1) If the applicant proposes to grade, strip, excavate, fill, undertake or cause any earth change on the site or stockpile any granular construction materials in excess of 5,000 cubic yards on the site, he or she shall submit to the city permit and development center an application for a grading permit, containing all of the information set forth in section 42-87 of this Code. The application for the grading permit shall be processed in the manner set forth in section 42-88 of this Code.

(2) An application for grading permit may be submitted at the time the preliminary plat is submitted to the city permit and development center, or at any time thereafter, but in no event shall the applicant proceed to grade, strip, excavate, fill, undertake or cause any earth change on the site or stockpile any granular construction material in excess of 5,000 cubic yards on the site until after approval of the preliminary plat and issuance of the grading permit by the city engineer.

(3) The bond requirements set forth in division 2 of article III of this chapter shall apply to the installation and construction of permanent soil erosion control measures on areas of the site to be dedicated to the city.

(C42, §§ 3A-2, 3A-3; O.4972; C54, C62, §§ 55-2, 55-3; O.7716; C62, § 55-4; C75, §§ 24-3, 24-10; O.9305, C75, § 24-22; O.9455; C79, § 24-22, O.9726, 10,561; C85, § 24-22; O.11,191, 11,611; C91, § 24-22; O.13,289, 14,890, 15,481)

Sec. 106-73. Final plat approval.

(a) Within 270 days after approval of the preliminary plat by the plan and zoning commission, or by the city council on appeal if applicable, plus any extensions granted by the permit and development center coordinator pursuant to subsection 106-72(e) of this division, the applicant shall submit to the city permit and development center for its review and recommendation five copies of a final plat of the subdivision made from an accurate survey certified by a registered land surveyor and drawn to a scale of 100 feet to the inch or larger, which plat shall contain the following information:

(1) The boundaries of the plat, the right-of-way lines and width of all proposed streets and alleys, and lines for any parks, open areas, school property, other areas of public use and outlot areas set aside for future development accurately established by sufficient information, including dimensions and angles or bearings. The boundaries of the plat shall be accurately described and shall give reference to two section corners within the United States public land survey system in which the plat lies or, if the plat is a subdivision of any portion of an official plat, two established monuments within the official plat. All streets, alleys, parks, open areas, school property, other areas of public use and outlot areas set aside for future development shall be assigned a progressive letter and shall have the proposed use clearly designated.

(2) The right-of-way lines, width and names of adjoining streets and alleys.

(3) All lot lines, with applicable addresses and all easements, accurately established by sufficient information, including dimensions and angles or bearings.

(4) All surveying dimensions and requirements as set forth in division 1 of article III of this chapter.

(5) A complete legal description and list of proprietors of the property to be subdivided, showing the location and extent, points of compass, scale of plat, and certification and name of the surveyor responsible for staking the lots. All adjoining properties shall be identified, and where such adjoining properties are a part of an official plat, the name of that plat shall be shown.

(6) An outline of all property to be reserved by deed covenant for the common use of subsequent property owners in the subdivision.

(7) A proposed consent to plat statement and proposed dedication statement for all property within the plat to be designated for streets, alleys, parks, open areas, school property, or other public use.

(8) All other information required under I.C. § 354.6.

(b) Upon submission of such proposed final plat with all required documents and information, the permit and development center coordinator shall retain three copies and forward copies to city departments, county agencies and utilities as appropriate. The permit and development center coordinator shall instruct the city departments, county agencies and utilities to complete their review of the proposed final plat and forward their comments concerning the plat to the permit and development center within 21 days after the date of submission of such final plat to the permit and development center.

(c) The permit and development center coordinator shall determine if the proposed final plat conforms to the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter and shall approve, conditionally approve or reject such plat. The permit and development center coordinator shall notify the applicant of the action regarding the proposed final plat within 30 days after the date of submission thereof to the permit and development center. Unless the applicant agrees in writing to an extension of time, the proposed final plat shall be deemed approved if the permit and development center coordinator does not act within such 30-day period.

(d) The applicant may make a written appeal, in whole or in part, of the action of the permit and development center coordinator to the plan and zoning commission. Such written appeal must be submitted to the permit and development center within 30 days after the date of final action by the permit and development center coordinator.

(e) If an appeal occurs, the commission, in conformity with the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter, shall hear and decide such appeal within 30 days of the date the appeal is submitted to the permit and development center. If the commission does not act within such 30-day period, the portion of the permit and development center coordinator's action appealed from shall be deemed reversed.

(f) The permit and development center coordinator shall promptly notify the applicant of the commission's decision on the appeal. Decisions of the commission rejecting or conditionally approving a final plat may be appealed by the applicant to the city council. Appeal shall be made, without cost, by written notification received by the city clerk within 30 days after the date of the determination of the commission. The city council shall decide all appeals by public hearing within 30 days after the written notification has been received by the city clerk, or as soon as practical thereafter in the event that the public hearing is continued by resolution of the city council. A majority vote of the city council shall be necessary to overturn or modify the action of the plan and zoning commission.

(g) The action for approval or conditional approval shall be null and void unless a complete application for final plat approval is submitted to the city council within one year after the date on which action on such plat was taken by the permit and development center coordinator, or by the plan and zoning commission or city council on appeal as applicable; provided, however, that the permit and development center coordinator may grant, upon written request of the applicant, a 90-day extension for submittal of the final plat to the city council.
(C42, §§ 3A-2, 3A-3; O.4972; C54, C62, §§ 55-2, 55-3; O.7716; C62, § 55-4; O.8542; C75, §§ 24-7, 24-11; O.9305; C85, § 24-23; O.11,611; C91, § 24-23; O.11,816, 13,289, 15,481)

Sec. 106-74. Final approval by city council.

(a) Within one year after the date on which action on the proposed final plat is taken by the permit and development center coordinator, plus any extensions granted by the permit and develop-

ment center coordinator pursuant to subsection 106-73(g) of this division, the applicant shall apply for final plat approval by the city council by submitting the following items to the permit and development center:

(1) Twenty copies of the proposed final plat as recommended for approval.

(2) A statement by the proprietors and their spouses, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer authorized to take the acknowledgment of deeds. The statement by the proprietors shall also include a dedication to the public of all lands within the plat that are designated for streets, alleys, ways, parks, open areas, school property, improvements or other public use.

(3) A statement from the mortgage holders or lienholders, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer authorized to take the acknowledgement of deeds. An affidavit and bond, as provided for in I.C. § 354.12, may be recorded in lieu of the consent of the mortgage or lienholder. When a mortgage or lienholder consents to the subdivision, a release of mortgage or lien shall be recorded for any areas and improvements conveyed to the city council or dedicated to the public.

(4) An opinion by an attorney at law admitted to practice in the state who has examined the abstract of title of the land being platted, which abstract shall be dated no earlier than 30 days prior to the date set for city council action on approval of the plat. The opinion shall state the names of the proprietors and holders of mortgages, liens, or other encumbrances on the land being platted and shall note the encumbrances, along with any bonds securing the encumbrances. Utility easements shall not be construed to be encumbrances for the purpose of this section.

(5) All public easements required by the city engineer for access to and for construction, maintenance and operation of improvements.

(6) Statement of compliance with section 106-138 of this chapter.

(7) A subdivision bond as required under division 2 of article III of this chapter.

(8) A copy of the schedule for the division of conditional deficiency as required under article X of chapter 94 of this Code.

The application shall be considered complete for approval by the city council only after the proposed final plat has been recommended for approval pursuant to section 106-73 of this division and after all items referenced in this subsection have been submitted in their proper form to the permit and development center. Following a recommendation for approval of the proposed final plat pursuant to section 106-73 of this division, the date all items referenced in this subsection are submitted in their proper form shall be the date of application for final plat approval by the city council.

(b) Upon submission of the complete application for final plat approval by the city council, the permit and development center coordinator shall:

(1) Forward a copy of all documents required under subsection (a) of this section to the legal department for review.

(2) Forward copies of the plat to the city engineer and the planning director for review and certification.

(3) Forward a copy of any subdivision bond to the legal department for review and approval.

(4) Forward a copy of any schedule for the division of conditional deficiency to the engineering department for review and approval.

If all documents required under subsection (a) of this section are given necessary approval or certification, the permit and development center coordinator shall cause the application for final

plat approval to be placed upon the agenda for the next regularly scheduled meeting of the city council.

(c) The city council shall study such final proposed plat and shall determine whether it conforms with the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter and shall determine whether it conforms to the comprehensive plan. The council shall further give consideration to the possible burden on public improvements and to a balance of interests between the proprietors, future purchasers and the public interest in the plat. The council shall act to approve, conditionally approve or reject the plat. The council shall not issue final approval of the plat unless the plat conforms to I.C. §§ 355.8, 354.6 and 354.11, and this chapter. If the council disapproves the plat, it shall state how the plat is objectionable. As part of plat approval, the council shall approve any dedication to the public of all lands within the plat that are designated for streets, alleys, ways, parks, open areas, school property or other public use.

(d) The council shall review and approve the subdivision bond in the manner set forth in division 2 of article III of this chapter.

(e) The council shall review, approve and certify to the county auditor the schedule for division of conditional deficiency in the manner set forth in article X of chapter 94 of this Code.

(f) The permit and development center coordinator shall promptly notify the applicant of the city council's action on the final plat.
(C42, § 3A-2; O.4972; C54, C62, § 55-2; O.7716; C62, § 55-3; O.8542; C75, § 24-8; O.9305; C75, § 24-24; O.9353; C79, § 24-24; O.9726, 9847, 10,561; C85, § 24-24; O.11,611; C91, § 24-24; O.13,289)

Sec. 106-75. Issuance of building permits.

(a) Upon approval of the subdivision final plat by the council, the city clerk shall certify such approval on the plat.

(b) Within 30 days after approval of the final plat by the city council, the applicant shall cause the certified final plat with all attachments required under I.C. § 354.1 et seq., to be recorded in the office of the county recorder and shall cause an exact copy of the plat to be filed in the offices of the county auditor and assessor. The applicant shall then notify the city clerk in writing that the plat has been recorded in compliance with I.C. § 354.1 et seq. Following recording of the certified final plat and notification to the city clerk, the applicant may proceed to offer, sell, lease or develop any interest in a tract of land, lot, or parcel, within the plat.

State law reference—Similar provisions, I.C. § 354.18.

(c) The city clerk shall confirm that the certified final plat has been recorded and shall forward exact copies of the plat to city departments, county agencies and utilities as appropriate. The building official may then proceed to issue building permits for lots contained within such plat.

(d) Unless written application for an extension of time is granted by the city council, approval of the final plat by the council shall become null and void if the plat is not recorded within 30 days after the approval date. The permit and development center coordinator shall notify the county recorder in writing if the final plat becomes null and void.

(C75, § 24-25; O.9305; C79, § 24-25; O.9847, 10,561; C85, § 24-25; O.11,611; C91, § 24-25; O.13,015, 13,289)

DIVISION 3. MINOR PLATS

Sec. 106-101. Preapplication conference.

Whenever a minor plat of any tract or parcel of land located within the platting jurisdiction of the city is proposed, the applicant shall submit to the city permit and development center a request for a preapplication conference. The conference shall include the applicant, his or her engineer and appropriate city staff. The purpose of the conference shall be to acquaint the city staff with the proposed subdivision and acquaint the applicant and his or her engineer with the procedures and with the regulations and policies that might relate to the subdivision. The applicant shall furnish a legal description of the property to be subdivided at the time he or she submits his or her request for a preapplication conference, and the conference shall be held within 15 days of such request.

(C42, § 3A-2; O.4972; C54, C62, § 55-2; O.7716; C62, § 55-3; O.8542; C75, § 24-3; O.9305; C75, C79, § 24-27; O.10,561; C85, § 24-27; O.11,611; C91, § 24-27; O.13,004)

Sec. 106-102. Plat approval by commission.

(a) After completion of the preapplication conference required in section 106-101 of this division and if the applicant wishes to proceed to subdivide the property that was the subject of such preapplication conference, he or she shall cause to be prepared a preliminary plat and proposed final plat of such subdivision and shall submit 13 copies of such preliminary plat and five copies of such final plat and such other information as is required in this section to the city permit and development center for its study and recommendation.

(b) Such plats shall be drawn to a scale of not less than one inch to 100 feet. The preliminary plat shall be certified by a registered professional engineer and a registered land surveyor, and the final plat shall be certified by a registered land surveyor and shall contain the following:

(1) The preliminary plat shall show the following:

a. Title and complete legal description of the tract of land to be subdivided, showing north point, scale, date, certification by the surveyor staking the lots, and the names, addresses, and telephone numbers of the owner, subdivider and surveyor/engineer.

b. Existing and proposed contour intervals of not more than two feet; provided, however, that a minimum of two contours shall be shown on any plat. If the applicant does not propose to grade any portion of the subject property, he or she shall so indicate on the plat.

c. The location of property lines, existing and proposed public easements, and all such surface features as buildings, railroads, utilities, watercourses, canopied areas, and similar items affecting the development; also, the location and size of all existing and proposed subsurface features such as storm and sanitary sewers, water mains, culverts, gas mains, underground electric lines or cables, and drainpipes. The preliminary plat must be accompanied by a tree removal and mitigation plan containing the information required by section 42-554 of the tree removal and mitigation ordinance.

d. A vicinity sketch or key map at a scale of not more than 500 feet to the inch shall be shown on or shall accompany the proposed plat. Such map shall show existing streets and alleys and neighboring subdivisions or undeveloped property.

e. All existing adjacent subdivisions, streets and tract lines of acreage parcels, together with the names of record owners of unsubdivided parcels of land immediately adjoining the proposed subdivision and between it and the nearest existing streets.

f. The sites proposed for parks, open areas, school property, other areas of public use and outlot areas set aside for future development, all assigned a progressive letter with the proposed use clearly designated.

g. The zoning district classification of the tract of land to be subdivided.

h. All established floodway and flood fringe encroachment limits.

i. A soils report for the tract of land to be subdivided prepared by a registered professional engineer experienced in soils investigation showing general soil conditions and including recommendations as to the adaptability of such soils for the proposed development. This requirement may be waived at the discretion of the city engineer.

j. A drainage report prepared in accordance with the design standards by a registered professional engineer.

k. The numbered address of each proposed lot assigned pursuant to article XII of chapter 102 of this Code.

(2) The proposed final plat shall show the following:

a. An outline of all property to be reserved by deed covenant for the common use of subsequent property owners of the subdivision.

b. All surveying dimensions and requirements set forth in division 1 of article III of this chapter.

c. All lot lines, with applicable addresses and all easements, accurately established by sufficient information, including dimensions and angles or bearings.

d. The boundaries of the plat and lines for any parks, open areas, school property, other areas of public use and outlot areas set aside for future development accurately established by sufficient information, including dimensions and angles or bearings. The boundaries of the plat shall be accurately described by giving reference to two section corners within the United States public land survey system in which the plat lies or, if the plat is a subdivision of any portion of an official plat, two established monuments within the official plat. All parks, open areas, school property, other areas of public use and outlot areas set aside for future development shall be assigned a progressive letter and shall have the proposed use clearly designated.

e. A complete legal description and list of proprietors of the property to be

subdivided, showing the location and extent, points of compass, scale of plat, and certification and name of the engineer or surveyor responsible for staking the lots. All adjoining properties shall be identified, and where such adjoining properties are a part of an official plat, the name of that plat shall be shown.

f. A proposed consent to plat statement and proposed dedication statement for all property within the proposed plat to be designated for parks, open areas, school property, improvements or other public use.

g. All other information required under I.C. § 354.6.

(c) Upon submission of such plats, the permit and development center coordinator shall retain three copies of the preliminary plat and three copies of the proposed final plat and shall forward copies to city departments, county agencies and utilities as appropriate. The permit and development center coordinator shall instruct the city departments, county agencies and utilities to complete their review of the plats and forward their comments concerning the plats to the city permit and development center within 20 days after the date of submission of such plats to the city permit and development center.

(d) Upon receipt of comments from the appropriate city departments, county agencies and utilities, the permit and development center coordinator shall prepare a report on the plats which shall incorporate the comments and concerns of the city departments, county agencies and utilities. To ensure compatibility with the city's planning goals and policies, such report shall be reviewed with the planning director, after which the permit and development center coordinator, in consultation with the planning director, shall prepare a recommendation on the plats and forward such recommendation to the applicant. The planning director shall forward the preliminary plat and recommendation to the plan and zoning commission for consideration.

(e) The commission shall determine if the preliminary plat conforms to the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter and shall approve, conditionally approve or reject such plat within 45 days after the date of submission thereof to the city permit and development center. Unless the applicant agrees in writing to an extension of time, the preliminary plat shall be deemed approved if the commission does not act within such 45-day period.

(f) Before approving the preliminary plat, the commission may in its discretion hold a public hearing, notice of which shall be given as provided by law.

(g) After approval of the preliminary plat by the commission, the permit and development center coordinator shall determine if the proposed final plat conforms to the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter and shall approve, conditionally approve or reject such plat within ten days after the date of approval of the preliminary plat by the commission. Unless the applicant agrees in writing to an extension of time, the proposed final plat shall be deemed approved if the permit and development center coordinator does not act within such ten-day period.

(h) The permit and development center coordinator shall promptly notify the applicant of the action taken by the commission and the permit and development center coordinator regarding the plats.

(i) The applicant may make a written appeal, in whole or in part, of the action of the permit and development center coordinator to the commission. Such written appeal must be submitted to the city permit and development center within 30 days after the date of final action by the permit and development center coordinator.

(j) If an appeal occurs, the commission, in conformity with the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter, shall hear and decide such appeal within 30 days of the date the appeal is submitted to the city permit and development center. If the commission does not act within such 30-day period, the por-

tion of the permit and development center coordinator's action appealed from shall be deemed reversed.

(k) The permit and development center coordinator shall promptly notify the applicant of the commission's decision on the appeal.

(l) The action for approval or conditional approval shall be null and void unless a complete application for final plat approval is submitted to the city council within six months after the date on which action on such plat was taken by the permit and development center coordinator; provided, however, that the permit and development center coordinator may grant, upon written request of the applicant, a 90-day extension for submittal of the final plat to the city council.

(m) If the applicant desires to commence construction of any required improvement after approval of the preliminary plat, but prior to approval of the final plat by the city council, he or she shall comply with the contractor's bond requirements set forth in division 2 of article III of this chapter.

(n) Grading of the site shall comply with the following:

(1) If the applicant proposes to grade, strip, excavate, fill, undertake or cause any earth change on the site or stockpile any granular construction material in excess of 5,000 cubic yards on the site, he or she shall submit to the city permit and development center an application for a grading permit, containing all of the information set forth in section 42-87 of this Code. The application for the grading permit shall be processed in the same manner set forth in section 42-88 of this Code.

(2) An application for grading permit may be submitted at the time the preliminary and final plats are submitted to the city permit and development center or at any time thereafter, but in no event shall the applicant proceed to grade, strip, excavate, fill, undertake or cause any earth change on the site or stockpile any granular construction material in excess of 5,000 cubic yards on the site until after approval of the preliminary plat and issuance of the grading permit by the city engineer.

(3) The bond requirements set forth in division 2 of article III of this chapter shall apply to the installation and construction of permanent soil erosion control measures on areas of the site to be dedicated to the city.

(C42, §§ 55-2, 55-3; O.4972; C54, C62, §§ 55-2, 55-3; O.7716; C62, § 55-4; O.8542; C75, §§ 24-3, 24-7, 24-10, 24-11; O.9305; C75, § 24-28; O.9455; C79, § 24-28; O.9726, 10,561; C85, § 24-28; O.11,611; C91, § 14-28; O.11,816; C91, § 24-28; O.13,289, 14,890)

Sec. 106-103. Final approval by city council.

(a) Within one year after the date on which action on the proposed final plat is taken by the permit and development center coordinator, plus any extensions granted by the permit and development center coordinator pursuant to subsection 106-102(l) of this division, the applicant shall apply for final plat approval by the city council by submitting the following items to the city permit and development center:

(1) Twenty copies of the proposed final plat as recommended for approval.

(2) A statement by the proprietors and their spouses, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer authorized to take the acknowledgment of deeds. The statement by the proprietors shall also include a dedication to the public of all lands within the plat that are designated for parks, open areas, school property, improvements or other public use.

(3) A statement from the mortgage holders or lienholders, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer authorized to take the acknowledgement of deeds. An affidavit and bond as provided for in I.C. § 354.12, may be recorded in lieu of the consent of the mortgage or lienholder.

When a mortgage or lienholder consents to the subdivision, a release of mortgage or lien shall be recorded for any areas and improvements conveyed to the city council or dedicated to the public.

(4) An opinion by an attorney at law admitted to practice in the state who has examined the abstract of title of the land being platted, which abstract shall be dated no earlier than 30 days prior to the date set for city council action on approval of the plat. The opinion shall state the names of the proprietors and holders of mortgages, liens, or other encumbrances on the land being platted and shall note the encumbrances, along with any bonds securing the encumbrances. Utility easements shall not be construed to be encumbrances for the purpose of this section.

(5) All public easements required by the city engineer for access to and for construction, maintenance and operation of improvements.

(6) Statement of compliance with section 106-138 of this chapter.

(7) A subdivision bond as required under division 2 of article III of this chapter.

(8) A copy of the schedule for the division of conditional deficiency as required under article X of chapter 94 of this Code.

The application shall be considered complete for approval by the city council only after the proposed final plat has been recommended for approval pursuant to section 106-102 of this division and after all items referenced in this subsection have been submitted in their proper form to the city permit and development center. Following a recommendation for approval of the proposed final plat pursuant to section 106-102 of this division, the date all such items referenced in this subsection are submitted in their proper form shall be the date of application for final plat approval by the city council.

(b) Upon submission of the complete application for final plat approval by the city council, the permit and development center coordinator shall:

(1) Forward a copy of all documents required under subsection (a) of this section to the legal department for review.

(2) Forward copies of the plat to the city engineer and the planning director for review and certification.

(3) Forward a copy of any subdivision bond to the legal department for review and approval.

(4) Forward a copy of any schedule for the division of conditional deficiency to the engineering department for review and approval.

If all documents required under subsection (a) of this section are approved or certified, the permit and development center coordinator shall cause the application for final plat approval to be placed upon the agenda for the next regularly scheduled meeting of the city council.

(c) The city council shall study such final proposed plat and shall determine whether it conforms with the standards and requirements outlined in I.C. § 354.1 et seq., and this chapter and shall determine whether it conforms to the comprehensive plan. The council shall further give consideration to the possible burden on public improvements and to a balance of interests between the proprietors, future purchasers and the public interest in the plat. The council shall act to approve, conditionally approve or reject the plat. The council shall not issue final approval of the plat unless the plat conforms to I.C. §§ 355.8, 354.6 and 354.11 and this chapter. If the council disapproves the plat, it shall state how the plat is objectionable. As part of plat approval, the council shall approve any dedication to the public of all lands within the plat that are designated for parks, open areas, school property or other public use.

(d) The council shall review and approve the subdivision bond in the manner set forth in division 2 of article III of this chapter.

(e) The council shall review, approve and certify to the county auditor the schedule for division of conditional deficiency in the manner set forth in article X of chapter 94 of this Code.

(f) The permit and development center coordinator shall promptly notify the applicant of the city council's action on the final plat.

(C42, § 3A-2; O.4972; C54, C62, § 55-2; O.7716; C62, § 55-3; O.8542; C75, § 24-8; O.9305; C75,

Sec. 106-104. Issuance of building permits.

(a) Upon approval of the subdivision final plat by the council, the city clerk shall certify such approval on the plat.

(b) Within 30 days after approval of the final plat by the city council, the applicant shall cause the certified final plat with all attachments required under I.C. § 354.1 et seq., to be recorded in the office of the county recorder and shall cause an exact copy of the plat to be filed in the offices of the county auditor and assessor. The applicant shall then notify the city clerk in writing that the plat has been recorded in compliance with I.C. § 354.1 et seq. Following recording of the certified final plat and notification to the city clerk, the applicant may proceed to offer, sell, lease or develop any interest in a tract of land, lot, or parcel within the plat.

(c) The city clerk shall confirm that the certified final plat has been recorded and shall forward exact copies of the plat to city departments, county agencies and utilities as appropriate. The building official may then proceed to issue building permits for lots contained within such plat.

(d) Unless written application for an extension of time is granted by the city council, approval of the final plat by the council shall become null and void if the plat is not recorded within 30 days after the approval date. The permit and development center coordinator shall notify the county recorder in writing if the final plat becomes null and void.

Secs. 106-105—106-130. Reserved.

ARTICLE III. IMPROVEMENTS

DIVISION 1. GENERALLY

Sec. 106-131. Conformance to applicable rules and regulations.

(a) The applicant shall submit construction plans of all sidewalks, streets and alleys; storm, sanitary and footing drain sewers; utility services; and improved drainageways to the city permit and development center prior to or at the time of submission of the proposed subdivision final plat. The construction plans shall comply with the design standard specifications, and, with the exception of sidewalk improvements, all required improvements shall be designed by a registered professional engineer. In addition to the requirements established in this division, all subdivision plats shall comply with the following plans, laws, rules and regulations:

(1) All applicable sections of state law, as amended.

(2) All applicable sections of this Code, as amended.

(3) The comprehensive plan and the urban transportation plan of the city.

(4) All applicable rules of the Iowa Administrative Code.

(5) The design standards and standard specifications and other applicable standards and requirements of all boards, commissions, departments, agencies and officials of the city adopted pursuant to any law or ordinance.

(6) All applicable federal statutes, rules and regulations.

(b) When the design standards and standard specifications are not applicable or complete for any particular situation or are not applicable to a proposed modification in an improvement design, the city engineer shall set all necessary additional standards. Plat approval shall be withheld if a subdivision is not in conformity with the regulations and requirements established in subsection (a) of this section.
(C75, § 24-36; O.9305; C79, § 24-36; O.9726; C85, § 24-36; O.11,611; C91, § 24-36)

Sec. 106-132. Platting of land.

In the design of any subdivision plat, due consideration shall be given to the preservation of scenic and historic sites, drainageways, stands of

fine trees, marshes, lakes and ponds, and watersheds and shall be in accordance with the following:

(1) *Suitability of land.* Land subject to improper surface or subsurface drainage, excessive erosion, or steep or unstable slopes and which, for these reasons, is unsuitable for development shall not be platted for any use that will constitute a danger to health, safety, or property. Land subject to flooding within the floodway limits as established by the U.S. Army Corps of Engineers or the state department of natural resources shall only be developed for usage allowed within an FW floodway zoning district and in accordance with article II of chapter 50 of this Code. Land located within the flood fringe may be platted subject to the applicable requirements set forth by the U.S. Army Corps of Engineers, the state department of natural resources, article II of chapter 50 of this Code, article X of chapter 22 of this Code and chapter 134 of this Code and the plan and zoning commission.

(2) *Block design.*

a. The lengths, widths, and shape of blocks shall be suited for the planned use of the land, zoning requirements, and need for convenient access, control and safety of street traffic and the limitations of topography.

b. Two dimensions of a block in a residential area shall not be less than 600 feet in length between street lines unless dictated by unusual topography or other limiting factors of good design.

c. Blocks shall have sufficient width to provide for two tiers of lots of appropriate depth except where otherwise required to separate residential development from through traffic. Public rights-of-way for interior pedestrian walks shall be not less than ten feet in width and shall be provided near the center and entirely across any block which is 900 feet or more in length where such is necessary to provide adequate pedestrian circulation or access to schools, commercial areas, churches, parks, transportation facilities, or other residences.

(3) *Lot design.* The lots shall be designed to provide a proper architectural orientation with regard to sunlight, air, abutting street or other rights-of-way, and lot grades for the buildings contemplated. In addition the development of lots shall conform to the following:

a. Corner lot lines shall have an extra width over that required in the zoning district in which the property is located to permit adequate building setbacks from side streets.

b. Lot depth should generally not exceed three times the lot width.

c. Lot depth should generally follow municipal boundary lines rather than cross them.

d. Double frontage and reverse frontage lots may be approved at the time of final plat approval where necessary to provide separation of residential development from through traffic or overcome specific disadvantages of terrain and orientation.

e. Residential lots fronting or backing on a railroad right-of-way or on major streets shall be platted with a minimum depth of 150 feet to permit increased distances between the buildings and trafficways.

f. Minimum lot dimensions and lot area shall conform to the requirements of the zoning ordinance. Each lot shall have an average depth of at least 100 feet.

g. Any lot not served by a sanitary sewer shall have a lot area of not less than one acre.

h. When land is subdivided into larger lots than typically required for building, such lots shall be arranged in

such a manner as to allow for the opening of future streets and logical further subdivision of the lots.

i. Depth and width of lots reserved or laid out for commercial or industrial use shall be adequate to provide for the off-street service and parking facilities required by the type of use and development contemplated.

j. Where application of the building setback requirements of the zoning ordinance would not properly safeguard the character of adjacent existing development or because of unusual physical condition, more restrictive setback lines may be established by the commission.

k. No land shall be reserved by the subdivider unless the land is of sufficient size and shape to be of some practical use or service as determined by the commission. All areas to be reserved shall be clearly described on the plat.

l. If a tract being subdivided contains a water body, or portion thereof, lot lines shall be so drawn as to distribute the entire ownership of the water body among the owners of adjacent lots. The commission may approve an alternative plan of ownership and use, provided the ownership of and responsibility for safe maintenance of the water body is placed on private entities. Where a watercourse separates the buildable area of a lot from the street by which it has access, provisions shall be made for suitable vehicular/pedestrian access.

(4) *Surveying requirements.*

a. The applicant shall have a registered land surveyor install permanent control monuments at least 30 days prior to the conveyance of the first lot after the recording of the final plat.

b. Permanent control monuments shall be constructed of reasonably permanent material solidly embedded in the ground and capable of being detected by commonly used magnetic or electronic equipment. The registered land surveyor shall affix to the top of the monument reasonably inert material bearing an embossed or stencil cut marking of his or her state registration number.

c. Control monuments and additional monuments shall be placed at locations required by state law. Additional control monuments may be required by the city engineer.

d. All dimensions, both linear and angular, necessary for locating boundaries of the subdivided area or of the lots, streets, alleys, easements, and building line setback and any other similar public or private uses shall be shown on the final plat. The linear dimensions shall be expressed in feet and decimals of a foot. The angular dimensions shall be expressed in degrees and minutes and, if required, seconds.

e. All radii, arc and chords, points of tangency, central angles for all curvilinear streets, and radii for rounded corners shall be shown in the final plat.

f. All surveyor's monuments, together with their descriptions shall be shown on the final plat.

g. All distances shall be shown on the final plat in feet to the nearest $^1/_{100}$ of a foot, and in accordance with the definition of the international foot. All measurements shall refer to the horizontal plane.

h. The course of every boundary line shown on the plat shall be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the

boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line having a shown course. All bearings and angles shown shall be given to at least the nearest minute of arc.

i. The minimum unadjusted acceptable error of closure for all subdivision boundaries shall be 1:10,000 and shall be 1:5,000 for any individual lot.

(5) *Tree preservation and mitigation.* The proposed tree removal and mitigation plan shall comply with the requirements of the tree removal and mitigation ordinance codified in article X of chapter 42 of this Code.

(6) *Scenic and historic sites and natural features.* The design of any subdivision shall give due consideration to the preservation of scenic and historic sites, drainageways, marshes, lakes and ponds, and watersheds.

(7) *Buffer strips.* Buffer strips include treatment of railroad rights-of-way and limited access highways. Wherever the proposed subdivision contains or is adjacent to a railroad right-of-way or limited access highway or where lots back onto a public street, the subdivision shall provide the following treatment: In residential districts a buffer strip at least 25 feet in depth, in addition to the required lot depth, shall be provided adjacent to a railroad right-of-way. This strip shall be a part of the platted lots and shall contain planted materials approved by the planning director. The plat shall contain the following restriction lettered on the face: Buffer strip to be planted by subdivider and maintained by property owners; erection of any aboveground structure is prohibited.

(8) *Plats straddling municipal boundaries.* Wherever access to the subdivision is required across land outside the corporate limits, the commission may request that access be legally established, subject to approval of the city engineer to ensure that the access road is adequately improved, or that a bond has been duly executed and is sufficient to ensure construction of the access road.

(9) *Final plat approval.* Approval of the final plat by the council is subject to installation of improvements designated in this division, together with a bond that such improvements shall be installed. The city engineer shall be responsible for approving all plans and specifications for the required improvements and shall ensure adequate inspection of construction for compliance with the approved plans and specifications and for issuing a certificate of satisfactory completion upon the acceptable completion of the work.

(C42, §§ 3A-3, 3A-4; O.4972, 5105; C54, §§ 55-3, 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, §§ 24-11, 24-17, 24-18; O.9305; C75, C79, C85, § 24-37; O.11,611; C91, § 24-37; O.13,289, 14,890)

Sec. 106-133. Street layout.

(a) *Generally.* Street layout in a subdivision shall be in compliance with the following:

(1) In any new subdivision the street layout and construction shall conform to the current comprehensive plan, urban transportation plan and the design standards. In areas where such plans may not apply, the streets shall be designed and located in proper relation to existing and proposed streets, terrain, natural features such as streams and tree growth, public convenience and safety, proposed use of the land served by such streets, and suitable development of the adjoining area.

(2) Proposed streets shall extend to the boundary line of the tract being subdivided unless prevented by topography or other physical conditions or unless, in the opinion of the plan and zoning commission, such extension is not necessary or desir-

able for the coordination of the layout of the subdivision or for the suitable development of the adjacent tracts.

(3) The following shall apply to all subdivision streets within the city:

a. Grading. All public streets shall be graded to their full right-of-way width unless special conditions warrant the waiving of this requirement by the city engineer. Finished grade, cross section and profiles for each street shall be approved by the city engineer.

b. Paving. Road base and paving shall be installed in accordance with the standard specifications.

(b) *Relation to adjoining street system.* The arrangement of streets in new subdivisions shall provide for the continuation and proper intersection of the principal streets with existing streets and shall provide for proper projection to accommodate the extension of improvements on adjoining property that has not been subdivided. The width of such streets in new subdivisions shall comply with the requirements established by the design standards. If a principal street in an existing subdivision is continued in the new subdivision, the applicant shall provide for the removal of any vehicular turnaround on such street, and the applicant shall be responsible for the construction or reconstruction of driveways and sidewalks and regrading made necessary as a result of such removal.

(c) *Half streets.* Where an existing dedicated half street is adjacent to the tract being subdivided, the other half of the street right-of-way shall be dedicated and built by the subdivider. Half street dedications for new streets are not permitted, except where the city council may require extension of an existing street and (i) all adjacent owners agree to construct the full street or (ii) the city is the owner of the other half of the proposed street and gives the subdivider permission to build over the street at the subdivider's expense.

(d) *Relation to railroad right-of-way or limited access highways.* The relation of streets to railroad rights-of-way or limited access highways shall be as follows:

(1) In commercial and industrial districts, provisions shall be made on each side of a railroad right-of-way or limited access highway for streets approximately parallel to such right-of-way or highway at a distance suitable for the appropriate commercial or industrial use of the land. In no instance shall this be less than 150 feet.

(2) Streets parallel to the railroad right-of-way or limited access highway shall, when intersecting a major street, be located at a minimum distance of 250 feet from such right-of-way or highway. Such distance, where desirable and practicable, shall be determined with due consideration of the minimum distance required for the future separation of grades by means of appropriate approach gradients. Location of minor streets immediately adjacent and parallel to railroad right-of-way shall be avoided.

(e) *Limited access.* Access to major streets may be limited as follows:

(1) Wherever the proposed subdivision contains or is adjacent to a major street, adequate protection of residential properties, limitations of access, and the separation of through and local traffic shall be considered. Where feasible there shall be a reserved frontage strip with screen planting, provided by the subdivider and maintained by the owner, plus a nonaccess deed restriction covering such strip or provision of a frontage road.

(2) There shall be no reserve strips controlling access to streets. Frontage roads may be included in the final plat with the concurrence of the commission.

(f) *Intersections.* Street intersections shall be in compliance with the following:

(1) Streets shall intersect each other at as nearly right angles as permitted by topog-

raphy or other limiting factors of good design. There shall not be more than four street approaches at any intersection.

(2) The number of new intersections with major streets shall be held to a minimum. Wherever practicable the distance between such intersections shall not be less than 1,200 feet. Property lines at street intersections need not be rounded unless required by the commission or recommendation of the city engineer.

(3) Minor streets need not continue across major or collector streets. However, if the centerlines of such minor streets approach the major streets from opposite sides thereof, such centerlines shall be directly aligned or offset a minimum distance of 125 feet.

(g) *Dead-end streets.* Dead-end streets shall be in compliance with the following:

(1) *Permanent dead-end street.* Where a street does not extend to the boundary of the subdivision and its continuation is not required by the commission for access to adjoining property, its terminus should normally not be nearer to such boundary than 50 feet. However, the commission may require the reservation of an appropriate easement to accommodate the extension of drainage facilities, pedestrian traffic or utilities. A turnaround shall be provided at the end of a permanent dead-end street in accordance with the design standards and standard specifications. Permanent dead-end streets shall not have a length greater than 660 feet from the centerline of the intersecting street to the center of the turnaround.

(2) *Temporary dead-end street.* Where a street extends to the boundary of a subdivision and its continuation may be required by the commission for future access to adjoining property, such street shall be provided with a vehicular turnaround in accordance with the design standards and standard specifications. Such vehicular turnaround shall not be required for temporary dead-end streets having a depth of one lot or less. The commission may require the reservation of appropriate easements to accommodate the extension of drainage facilities, pedestrian traffic, utilities, or paving turnaround.

(h) *Street right-of-way and paving widths.* The minimum right-of-way and paving widths of all proposed streets shall be those specified in the design standards.

(i) *Street grades.* Grades of streets shall be in compliance with the following:

(1) The maximum street grades shall not exceed those established in the design standards except as otherwise permitted by the city engineer to compensate for unusual terrain.

(2) All changes in street grades shall be connected by vertical curves and shall be designed for safe stopping sight distances as determined by the city engineer in accordance with the design standards and American Association of State Highway Transportation Officials (AASHTO) standards.

(3) Wherever practicable, street grades shall be established in such a manner to avoid excessive grading or removal of ground cover and tree growth and general leveling of the terrain. However, grades so established shall be such as to minimize hazards by maintaining adequate sight distances based on the street type and anticipated traffic volume.

(j) *Street radii of curvature.* Circular curves shall have a radius of curvature on the centerline set forth in the design standards. Any variations to these standards shall be subject to approval by the city engineer.

(k) *Required street improvements.* Required street improvements shall be as follows:

(1) *Street trees.* The applicant shall provide for the planting of shade trees in accordance with the design standards.

(2) *Signing and barricading.* Street name signs and dead-end street barricades shall be provided and erected by the developer in accordance with the adopted standards and specifications of the city engineer.

(C42, § 3A-4; O.4972, 5105; C54, § 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, §§ 24-14, 24-15, 24-16; O.9305; C75, C79, § 24-38; O.9847, 10,561; C85, § 24-38; O.11,611; C91, § 24-38)

Sec. 106-134. Sanitary sewers.

(a) Under this chapter, the applicant shall construct sanitary sewers and provide a connection for each lot in conformance with the standard specifications. All sewers shall be designed by a registered professional engineer and sized with capacity to permit ultimate development of the sewer service area. The sewer lines shall be constructed to the extremities of the development where necessary to accommodate future extension. Sewage treatment plants and pumping stations, if necessary, shall be designed and constructed in conformance with the design standards and specification requirements of the state department of natural resources and shall be subject to approval by the city engineer.

(b) The applicant shall dedicate all sewers and convey permanent maintenance easements to the city for all sanitary sewers required by the city engineer. These easements shall have a minimum width of 15 feet on each side of the sewer centerline and such additional width as deemed necessary by the city engineer to ensure access by city maintenance equipment.

(c) Where existing and adequate sewer lines for connection are not located within a reasonable distance, as determined by the city engineer, installation of private sewer facilities or septic tanks may be permitted subject to the requirements and approval of the city and the county.

(C42, § 3A-4; O.4972, 5105; C54, § 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, § 24-22; O.9305; C75, C79, C85, § 24-39; O.11,611; C91, § 24-39)

Sec. 106-135. Storm sewers or drainageways.

(a) Under this chapter, the applicant shall construct storm sewers in conformance with the design standards and standard specifications. Where improved drainageways are recommended by the city engineer, they shall be designed in conformance with such design standards to ensure the improvements necessary to properly accommodate storm flows in a manner to control erosion and possible loss and damage to life, land, and property. If a drainageway is proposed over an area with existing physical features such as streams, ponds, ravines, wooded areas, or other natural features, the width and location of the drainageway shall be approved by the plan and zoning commission following recommendation of the city engineer in order to protect the existing physical features.

(b) All storm drainage facilities shall be designed by a registered professional engineer and sized with capacity to permit ultimate development of the drainage basin, and the improvements shall be constructed to the extremities of the development where necessary to accommodate future extension.

(c) The subdivider shall dedicate to the city all public storm drainage facilities required by the city engineer so as to provide for the drainage of stormwater through the development. The subdivider shall convey permanent storm sewer maintenance easements to the city for all such facilities. The minimum width for storm sewer easements shall not be less than 30 feet. Natural or improved drainageway easements shall have a width that complies with the design standards. Bridges and culverts shall be constructed only at locations approved by the city engineer in accordance with the design standards.

Sec. 106-136. Reserved.

Editor's note—Ord. No. 16,074, § 1, adopted Nov. 1, 2021, effective Feb. 1, 2022, repealed § 106-136, which pertained to stormwater runoff control and derived from Code 1975, § 24-41; Ord. No. 9305; Code 1979; Code 1991, § 24-41; Ord. No. 14,708. The user's attention is directed to § 42-558 et seq.

Sec. 106-137. Sidewalks.

Sidewalks shall be constructed by the subdivider on all new and existing streets, within the street right-of-way and public pedestrian walk right-of-way in accordance with the standard specifications. However, in the interest of a better arrangement of pedestrian circulation and to accommodate special design features of the development, this requirement may be waived or alternative locations required as approved by the plan and zoning commission and the council. (C42, § 3A-4; O.4972, 5105; C54, § 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, § 24-22; O.9305; C75, C79, C85, § 24-42; O.11,611; C91, § 24-42)

Sec. 106-138. Utilities.

(a) All utility lines and mains including telephone, electric, cable television and street lighting lines; gas and water mains; and other necessary facilities, except electric lines in excess of 15,000 volts, shall be installed under ground in the subdivision. The subdivider shall be responsible for making the necessary arrangements with the utility companies for installation of such facilities. Such utility lines shall be installed in such a manner so as not to interfere with other underground utilities. Incidental appurtenances, such as transformers and their enclosures, pedestal-mounted terminal boxes, meters and meter cabinets may be placed above ground subject to the approval of the city engineer, but shall be located so as not to be unsightly or hazardous to the public. Such incidental appurtenances shall be in accordance with the design standards.

(b) Water distribution systems, including the number and location of fire hydrants, shall be designed by a registered professional engineer and approved by the city water board prior to installation by the subdivider.
(C42, § 3A-4; O.4972, 5105; C54, § 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, § 24-22; O.9305; C75, C79, C85, § 24-43; O.11,611; C91, § 24-43)

Sec. 106-139. Standards for cluster subdivisions.

(a) *Minimum size.* The minimum size of the area to be included in a cluster subdivision shall be five acres.

(b) *Density.* The maximum number of dwelling units to be erected within the cluster subdivision shall not exceed the number of dwelling units allowed by the zoning district in which the cluster subdivision is located.

(c) *Principal permitted use.* Only those types of dwelling units allowed by the zoning district in which the cluster subdivision is located shall be permitted.

(d) *Bulk regulations.* Lots, yards and heights shall be in compliance with the following:

(1) Lot area shall not be less than 75 percent of the minimum permitted by the zoning district in which the cluster subdivision is located.

(2) Lot area per dwelling unit shall not be less than 75 percent of the minimum permitted by the zoning district in which the cluster subdivision is located.

(3) Front yard shall not be less than 75 percent of the minimum permitted by the zoning district in which the cluster subdivision is located.

(4) Side yard shall not be less than 75 percent of the minimum permitted by the zoning district in which the cluster subdivision is located.

(5) Rear yard shall not be less than 75 percent of the minimum permitted by the zoning district in which the cluster subdivision is located.

(6) Building height shall be the same as allowed by the zoning district in which the cluster subdivision is located.

(7) Contiguous lots shall be grouped in such a manner so as to provide open space, and no more than 15 lots may be grouped in a continuous row.

(e) *Open space.* At least ten percent of the gross area of the cluster subdivision shall be reserved as public or private open space, as follows:

(1) *Private open space.*

a. If the open space is to be privately owned, such area shall be delineated on the subdivision plat with an appropriate notation indicating the manner in which such open space is reserved and that such reservation shall be for the benefit of all future purchasers of property within the subdivisions for a period of 21 years, subject to renewal as provided in I.C. § 614.24.

b. If the open space is to become an open space for all property owners within the cluster subdivision, its ownership and maintenance shall be by an undivided interest of all owners of property located within the cluster subdivision or by a homeowners' association that is a legal entity.

1. If the ownership and maintenance of the common open space is to be by private homeowners' association, the following shall be filed with the city: proposed bylaws of the homeowners' association fully defining the functions, responsibilities and operating procedures of the association. The proposed bylaws shall include and not be limited to the following:

i. Automatically extending membership in the association to all owners of dwelling units within the subdivision.

ii. Granting to each owner of a dwelling within the subdivision the right to use and enjoy the open space.

iii. Place any responsibility for operating and maintenance in the association.

iv. Giving every owner of a dwelling unit voting rights in the association.

v. If the subdivision will combine rental and for sale dwelling units, stating the relationship between the renters and the homeowners' association and the right that renters shall have to the use of the open space.

2. If the owners of property within the cluster subdivision are to have an undivided interest in the area designated as open space, there shall be filed with the city permit and development center documentation evidencing such ownership interest, including adequate provisions for maintenance of such open space by such owners.

c. If the open space is not to become an open space for all property owners within the cluster subdivision, the following notations shall be set forth on the final subdivision plat and shall be included in appropriate deed restrictions to future purchasers for those lots or parts thereof included within the boundaries of such open spaces:

1. No structures, permanent or temporary, other than yard recreational equipment, arbors, trellises, flagpoles, statuary or similar decorative items, shall be constructed, erected or placed upon or within the area designated as open space, nor shall the grade, elevation or contours of any part of such area be changed or altered in any manner whatsoever.

2. To the extent that a lot or part thereof is included within that area designated as open space, it shall be the responsibility of the owner of such lot or part thereof to maintain such designated open space area.

(2) *Public open space.*

a. If any of the open spaces are to be publicly owned, such areas shall be at least ten percent of the gross area of the cluster subdivision but in no case shall it be less than one acre in size.

b. The proposed dedication of land to the city shall be referred to the park and recreation department for report and recommendation prior to action on the final plat by the city council.

DIVISION 2. ASSURANCE FOR COMPLETION AND MAINTENANCE

Sec. 106-166. Improvement and subdivision bonds.

(a) *Completion of improvements.* All applicants shall be required to complete all street, sanitary sewer and other improvements as required in this chapter and as specified in the construction plans approved by the city engineer and in the proposed final subdivision plat approved by the permit and development center coordinator and to dedicate the improvements to the city, free and clear of all liens and encumbrances on the property and the dedicated improvements.

(b) *Performance bonds.* The following performance bonds shall be given:

(1) *Contractor's bond.* After approval of the preliminary plat, the applicant may submit to the city permit and development center a written request to commence construction of any required improvement. Such request shall include satisfactory documentation that all conditions to

the preliminary plat approval have been resolved, two sets of construction plans required by this chapter for such improvement and four copies of all contracts required under subsection (d) of this section. If the city engineer approves the request to commence construction, the contractor whose name appears on the improvement contracts shall post a contractor's bond estimated by the city engineer as sufficient to secure to the city the satisfactory construction, installation and acceptance of the required improvement. Such bond shall comply with all requirements of state law.

(2) *Subdivision bond.* If the city council has not acknowledged completion or accepted all of the improvements required to be installed in such subdivision pursuant to subsection 106-167(c) of this division at the time of submission of the plat for final approval by the city council, the applicant shall post a subdivision bond estimated by the city engineer as sufficient to secure to the city the satisfactory construction, installation and acceptance of all such required improvements remaining to be constructed, installed, accepted and/or dedicated to the city. Such subdivision bond shall not be required to secure those improvements that are secured by a contractor's bond approved pursuant to subsection (b)(1) of this section.

(3) *Compliance; time periods.* All bonds shall comply with all statutory requirements and shall be satisfactory to the city legal department as to form, sufficiency, and manner of execution as set forth in this chapter. The planning director shall recommend a time period on each bond, and the required improvements shall be completed within the time period specified on each bond. The time period on each bond shall not exceed three years from the date of final plat approval by the city council, unless an extension of the completion date for sidewalk improvements is granted by the city council in accordance with section 106-168 of this division.

(4) *Approval.* All bonds shall be approved by the city council as to amount, surety and conditions. The council, upon recommendation of the planning director at any time during the period of a bond, may accept a substitution of principal or surety on the bond.

(5) *Street trees.* No bond shall be required for street trees. Upon construction of a building on a lot in the subdivision, the street trees required for that lot shall be installed before a certificate of occupancy may be issued.

(c) *Costs of improvement.* All required improvements shall be constructed by the applicant, at his or her sole expense, without reimbursement from the city in any manner.

(d) *Required contracts.* Contracts for construction of improvements shall be required as follows:

(1) Prior to commencement of construction of any required improvement, the applicant shall submit to the city engineer copies of all contracts entered into by the applicant for the construction of such improvement. The form of such contract shall be substantially that as set forth in the design standards and standard specifications.

(2) The city engineer shall thereafter recommend approval or rejection of each such contract, taking into consideration the following:

a. Financial responsibility of the contractor.

b. Past record of transactions and experience with the contractor, including quality of workmanship; the number of liens, claims or complaints filed; and the number of repairs made.

c. Adequacy of the contractor's equipment and materials.

d. The contractor's demonstrated ability to complete performance.

e. Conformity of the proposed contract with the requirements of this section.

(3) If the city engineer recommends approval of a contract, the contract shall be submitted to the city council for its approval and execution. If the city engineer recommends rejection of a contract, the applicant may appeal such decision to the city council which, if it deems the city engineer's recommendation incorrect on the basis of the criteria in this subsection, may approve and execute such contract.

(e) *Failure to complete improvements.* Where a bond has been posted and required bonded improvements have not been constructed or installed as set forth by the terms of the bond, the city council may thereupon declare such bond to be due and shall draw upon the bond funds in an amount sufficient to cover the costs of completion of the improvements. The principals and sureties shall be severally and jointly liable as their obligations may appear on the bond for completing all required improvements.
(C42, § 3A-4; O.4972, 5105; C54, § 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, § 24-22; O.9305; C75, C79, § 24-31; O.9726, 10,561; C85, § 24-31; O.11,079, 11,611; C91, § 24-31; O.13,289)

Sec. 106-167. Inspection of improvements.

(a) *General procedure.* The city engineer shall provide for inspection of required subdivision improvements during construction to ensure their satisfactory completion. Such inspection during construction shall be conducted by city personnel under the direct supervision of the city engineer or, if approved in writing by the city engineer, by technically qualified personnel under the supervision of the applicant's engineer. If the applicant's engineer supervises inspection, such inspection shall be conducted in accordance with the requirements of the city engineer and as outlined in the design standards and standard specifications.

(b) *Fees for construction inspection.* Prior to the acceptance of an improvement by the city, the applicant shall pay the city the actual costs incurred by the city for inspection during the construction. These costs shall include but are not limited to the cost of contract preparation, printing, administration, field inspection, materials testing, as-built surveys, preparation of plans of record, and engineering review for compliance.

(c) *Certificate of satisfactory completion.* The applicant shall notify the city engineer in writing upon final completion of any required improvement. If such improvement has been satisfactorily completed in accordance with the design standards and standard specifications and the approved construction plans, the city engineer shall cause to be issued a certificate of satisfactory completion as to such improvement. Upon submission of such certificate, the city council shall acknowledge completion and acceptance of such improvement, in accordance with established procedure at the point of completion of some or all of the improvements therein.

(d) *Reduction of bond.* Upon completion of 50 percent or more of the required bonded improvements in a subdivision and upon written request by the contractor or applicant, as applicable, the city council may reduce a subdivision bond in an amount recommended by the city engineer that is sufficient to cover the costs of completion of the required improvements. No subdivision bond shall be reduced below 25 percent of the original principal amount.
(C75, § 24-32; O.9305; C79, C85, § 24-32; O.11,611; C91, § 24-32)

Sec. 106-168. Waiver of improvements or extensions of completion date for sidewalk improvements.

(a) At any time after final subdivision plat approval, the city council, after recommendation by the planning director and subject to appropriate conditions, may waive the requirement for construction of any improvement or, with regard only to sidewalk improvements, may extend the completion date set forth in the bond. Such waiver or extension may be granted only upon a determination by the council that it is justified because of incompatible grades, future planning or inadequate or nonexistent connection facilities, and that it will not adversely affect the public health, safety or general welfare.

(b) No such extension of the completion date for sidewalk improvements shall be granted if 70 percent or more of the lots in the subdivision are developed with buildings. If 45 percent or more, but less than 70 percent, of the lots are so developed, such extension shall not exceed one year. If 20 percent or more, but less than 45 percent, of the lots are so developed, such extension shall not exceed two years. If less than 20 percent of the lots are so developed, such extension shall not exceed three years. Only one extension may be granted.

(c) With regard to any extension granted pursuant to this section, the applicant shall have the option of discharging his or her obligation under the bond to complete the sidewalk improvements by payment in cash to the city of an amount estimated by the city engineer as sufficient to cover the costs of completion of the improvements.

(C42, § 3A-4; O.4972, 5105; C54, § 55-4; O.6642; C62, § 55-4; O.7585, 7716; C62, § 55-5; O.8400, 8542; C75, § 24-21; O.9305; C75, C79, § 24-33; O.9726; C85, § 24-33; O.11,079, 11,611; C91, § 24-33)

Sec. 106-169. Issuance of building permits and certificates of occupancy.

(a) Except as set forth in subsection (b) of this section, no certificate of occupancy for any building in the subdivision shall be issued prior to the completion of street, water, and sanitary sewer improvements and dedication of such to and acceptance by the city or the entity responsible for the operation and maintenance of such improvement, as specified in the approved construction plans and in the official plat for the subdivision.

(b) No certificate of occupancy shall be issued for the final ten percent of lots in a subdivision or, if ten percent is less than two lots, for the final two lots of a subdivision, until all required improvements required for the plat have been fully completed, dedicated to and accepted by the city.

(C75, § 24-34; O.9305; C79, C85, § 24-34, O.11,079, 11,611; C91, § 24-34)

Sec. 106-170. Maintenance of improvements.

(a) After acceptance of required subdivision improvements by the city council, the applicant shall maintain all such improvements free of defects for the time period established in the contract for the improvements.

(b) The applicant shall post a maintenance bond estimated by the city engineer as sufficient to secure to the city the satisfactory maintenance and condition of all required improvements. Such maintenance bond shall be in a form satisfactory to the city legal department and shall be in effect for the entire maintenance period established in the contract for the improvements.

(C75, § 24-35; O.9305; C79, § 24-35; O.9847; C85, § 24-35; O.11,611; C91, § 24-35)

ARTICLE IV. SUBDIVISION BY PLAT OF SURVEY

Sec. 106-196. General procedure and limitations.

Whenever a subdivision of land is proposed by a plat of survey, the subdividing owner or the owner's authorized agent shall apply for and secure approval of such proposed plat of survey in accordance with the procedure set forth in this article.

(C91, § 24-45; O.13,004)

Sec. 106-197. Preapplication conference.

Whenever a subdivision of land is proposed by a plat of survey, the applicant shall submit to the city permit and development center a request for a preapplication conference. The conference shall include the applicant and appropriate city staff. The purpose of the conference is to acquaint city staff with the proposed subdivision and acquaint the applicant with the regulations and policies that might relate to the subdivision. The applicant shall furnish a legal description of the property to be subdivided at the time of submission of the request for a preapplication conference, and the conference shall be held within 15 days of such request.

(C91, § 24-46; O.13,004)

Sec. 106-198. Approval of plat.

(a) After completion of the preapplication conference required in section 102-197 of this article and if the applicant wishes to proceed to divide the property that was the subject of such preap-

plication conference, the applicant shall cause to be prepared a plat of survey of the tract to be divided and shall submit four copies of such plat and such other information as is required in this section to the city permit and development center for its study and determination.

(b) The plat of survey shall be drawn to a scale of not less than one inch to 100 feet, shall be certified by a registered land surveyor and, together with any necessary attachments, shall show the following:

(1) All surveying dimensions and requirements set forth in subsection 106-132(4) of this chapter.

(2) All parcel boundary lines, with applicable addresses and all easements, accurately established by sufficient information, including dimensions and angles or bearings.

(3) A complete legal description and list of proprietors of the property to be divided, showing the location and extent, points of compass, scale of plat, and certification and name of the surveyor responsible for staking the parcels. All adjoining properties shall be identified, and where such adjoining properties are a part of an official plat, the name of that plat shall be shown.

(4) Copies of proposed easements for the extension of water; sanitary and storm sewer; gas, electrical, cable television and telephone service to the parcels.

(5) If any parcel created by the plat of survey is not individually developable under the applicable zoning and land use regulations, such parcel shall be identified as an "outlot." The permit and development coordinator may require the plat to also show the adjoining parcel with which the outlot is to be assembled for development.

(6) The location of each existing structure and the setback of each such structure from the boundary lines.

(c) Upon submission of four copies of such plat and all required attachments, the permit and development center coordinator shall forward copies to city departments as appropriate. The permit and development center coordinator shall instruct the city departments to complete their review of the plat and forward their comments concerning the plat to the city permit and development center within 15 days after the date of submission of such plat to the city permit and development center.

(d) Upon receipt of comments from the appropriate city departments, the permit and development center coordinator shall, with the concurrence of the planning director and city engineer, determine if the proposed plat of survey conforms to the standards and requirements outlined in section 106-132 of this chapter, excluding subsection (7), and in subsection (b) of this section and shall approve, conditionally approve or reject such plat of survey within 30 days after the date of submission thereof to the permit and development center. No plat of survey shall be approved except upon an express finding that each parcel has access to all necessary public utilities and that all necessary public improvements are in place. The permit and development center coordinator shall promptly notify the applicant of the determination.

(e) The permit and development center coordinator, with the concurrence of the planning director and city engineer, may waive the requirement for construction of any improvement or may approve a plat of survey subject to the restriction that no certificate of occupancy will be granted for the property until the improvement is completed, when they determine that such waiver is justified because of incompatible grades, future planning or inadequate or nonexistent connection facilities, and that such waiver will not adversely affect the public health, safety or general welfare.
(C91, § 24-47; O.13,004, 14,169, 15,323)

Sec. 106-199. Appeals.

(a) Under this article, the applicant may appeal the determination of the permit and development coordinator to the plan and zoning commission. Appeal shall be made, without cost, by

written notification received by the department of community development within 30 days after the date of the determination by the permit and development center coordinator.

(b) The commission shall decide all appeals within 30 days after the written notification has been received by the department of community development, provided the appellant may agree to a longer time period not to exceed 60 days after receipt of the written notification. Failure to decide the appeal within such period shall have the effect of overturning the coordinator's action and approving the plat of survey as appealed. Except as provided in this section, the affirmative vote of at least eight commission members shall be necessary to overturn or modify the action of the coordinator. At the commission meeting, the appealing party shall be presented a reasonable opportunity to present his or her views.

(c) Decisions of the commission may be appealed to the city council in the same manner as appeals from the action of the coordinator, provided a majority vote of the city council shall be necessary to overturn or modify the action of the commission.

(d) In making its decision on an appeal, an appellate body shall determine whether the coordinator's decision is in conformity with the requirements of this article. Each decision of an appellate body shall be in writing and shall be filed in the office of the department of community development, and notice of such decision shall be mailed by the department of community development, within two business days after its filing, to all parties to the appeal.
(C91, § 24-48; O.13,004, 13,289)

Sec. 106-200. Enforcement.

No building permit and no certificate of occupancy shall be issued for any structure located on a subdivision created by a plat of survey unless such plat of survey has been approved as set forth in this article and the plat of survey and all required easements have been filed of record.
(C91, § 24-49; O.13,004)

ARTICLE I. IN GENERAL

Secs. 110-1—110-25. Reserved.

ARTICLE II. CABLE TELEVISION

Sec. 110-26. Purpose and scope.

The purpose of this article is to require that all cable television systems within the city operate pursuant to city franchise and this article and to regulate such activity consistent with the Federal Cable Communications Policy Act of 1984, the Federal Communications Commission rules and regulations promulgated thereunder, as well as any and all other applicable statutes and regulations.
(C62, § 12A-1; O.8370, 8570; C75, C79, § 26-1; O.10,554; C91, § 26-1)

Sec. 110-27. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Basic service means any service tier which includes the retransmission of local television broadcast signals.

Cable television system or CATV system means a system of antennas, cables, wires, lines, towers, waveguides, or other conductors, converters, equipment or facilities designed and constructed for the purpose of producing, receiving, transmitting, amplifying and distributing audio, video and other forms of electronic or electrical signals, located in the city. Any such system that serves only subscribers in one or more multiple-unit dwellings under common ownership, control or management, no part of which system uses the city right-of-way, is not included in this definition.

Channel means a six-megahertz band for transmission of visual and audio signals for television.

Connection, existing means the connection of the cable or wire to a television or radio receiver when the house drop has previously been installed.

Connection, new means the installation of a house drop and the connection of the cable or wire to a television or radio receiver.

Converter means a device capable of providing more than the number of channels on a standard television receiver.

Distortion means the departure, during transmission or amplification, from the received signal waveform from that of the original transmitted waveform.

Franchise means a legal contract between the city and a person, which contract contains terms and conditions for constructing and operating a cable television system.

Ghost images means weak or shadowy images in the received picture, offset from the primary image.

Grantee means a person holding a franchise to operate a cable television system within the corporate limits of the city.

Gross revenues from all cable services means any and all compensation, in whatever form, exchange, or otherwise, derived from the grantee's CATV operation within the franchise area, including but not limited to revenues from subscriber rates, pay services, leased channels, advertising, installations, connection charges, data transmission, microwave activity, provided no tax on service furnished by the grantee imposed directly on any subscriber or user by a local, state or federal governmental unit and collected by the grantor for such entity shall be included.

House drop means the wire or cable that connects each building or home to the main (trunk) cable.

Outlet means the point of connection of the cable or wire to a television or radio receiver.

Pay television means cable programming services which are billed at a separate rate on a per-view, per-channel, per-tier or any other subscription basis.

Person means any individual or any corporation, partnership, business, firm or other organization.

Subscriber means a person who purchases cable television services.
(C62, § 12A-2; O.8370, 8570; C75, C79, § 26-2; O.10,554; C91, § 26-2; O.13,388)

Cross reference—Definitions generally, § 1-2.

Sec. 110-28. Grant of authority.

(a) The grantee has a nonexclusive right and privilege to construct, erect, operate, maintain and remove in, upon, along, across, above, over and under the streets, alleys, public ways and public places, including any and all public easements held by the city for utility purposes laid out or dedicated and all extensions thereof and additions thereto in the city poles, wires, cables, underground conduits, manholes, and other cable conductors and fixtures necessary for the maintenance and operation in the city of a cable communications system, to be used for the sale and distribution of cable services to the city residents.

(b) The grantee shall conduct its operations at all times during the life of its franchise in accordance with the provisions of both the franchise and this article and shall be subject to all lawful exercises by the city of its police powers.
(C79, § 26-3; O.10,554; C91, § 26-3)

Sec. 110-29. Compliance with applicable law.

All cable television activity within the city shall be undertaken pursuant to a franchise granted by the city and shall be in accord with this article. A grantee shall at all times comply with the rules and regulations of the Federal Communications Commission as well as with all other applicable statutes, ordinances and regulations. Federal Communications Commission rules and regulations shall in all cases be controlling if any part of this article or any cable television franchise is in conflict with any Federal Communications Commission rules and regulations.
(C62, § 12A-3; O.8370, 8434, 8570; C75, C79, § 26-3; O.10,554; C79, C91, § 26-4)

Sec. 110-30. Signal quality.

A grantee shall deliver a picture in black and white or in color that is undistorted, free from ghost images, and accompanied by proper sound to subscribers with typical standard production television sets in good repair. A grantee shall transmit signals of sufficient strength to produce good pictures with good sound at all outlets throughout the city without causing cross modulation in the cables or interfering with other electrical or electronic systems.
(C62, § 12A-4; O.8370, 8570; C75, C79, § 26-4; O.10,554; C79, C91, § 26-5)

Sec. 110-31. Operation and maintenance.

A grantee shall perform the following with regard to the operation and maintenance of a cable television system:

(1) Maintain an office within the city open to the public during all normal business hours with a directory listed telephone. The office shall be equipped with adequate telephone line capability and staff to enable complaints and requests for repairs or adjustments to be received on a 24-hour basis. Staffing of the office shall include a local system manager with the authority to make timely resolutions of operating emergencies and subscriber complaints.

(2) Maintain a repair and maintenance crew which responds to subscriber complaints or requests for service with appropriate repairs or service within 24 hours of receipt of the complaint. Upon failing to correct total loss of customer service within 72 hours, an amount equal to 1/30 of the subscriber's monthly charges shall be credited to the subscriber's account for each 24-hour period following the receipt of the subscriber complaint during which no service is provided. No charge shall be made to the subscriber for maintenance or repair services unless the service call is a result of damage caused by the subscriber.

(3) Construct and maintain all parts of the CATV system in good working condition throughout the entire franchise period.

(4) Accept this subsection as the direction from the city council to extend cable services to the underground district described in section 102-657 of this Code.

(5) Disconnect cable service without charge after request of a subscriber for termination of service.

(6) Render efficient service, make repairs promptly and properly, and interrupt service only for good cause and for the shortest time possible. Such interruptions, insofar as possible, shall be preceded by notice and shall occur during periods of minimum system use.

(7) Distribute television signals to subscribers as required by the Federal Communications Commission.

(8) Take all necessary steps to ensure that its operations do not interfere with television reception of persons who are not subscribers, and that its system does not interfere with, obstruct or hinder in any manner the operation of the various other utilities and/or electronic or radar surveillance systems serving the city residents.

(9) Provide, upon request, services, facilities and equipment for production of programming on the public access channel at a cost which allows the grantee to recoup its actual expenses of providing such services, facilities and equipment.

(10) Provide, on request, assistance to any person seeking to develop the necessary skills to produce programs on the public access channels and cooperate with any person wishing to organize training workshops in connection with the use of the access channels.

(C62, § 12A-5; O.8370, 8570; C75, C79, § 26-5; O.10,554; C79, C91, § 26-6)

Sec. 110-32. Service standards deviations.

The grantee shall continue, through the term of the franchise, to maintain the technical, operational, and maintenance standards and quality of service set forth in this article. If the city council finds that the grantee has failed to maintain the standards and quality of service in this article, the grantee shall make such improvements necessary to bring the system into conformity with the grantee's representations in its grantee's proposal. Failure to make such improvements within 90 days may constitute sufficient grounds to terminate the franchise.
(C79, § 26-7; O.10,554; C91, § 26-7)

Sec. 110-33. Continuity of service.

(a) All cable television subscribers shall receive continuous service so long as their financial and other obligations to the grantee are satisfied. If the grantee elects to overbuild, rebuild, modify or sell the system or the city council gives notice of its intent to terminate the franchise or if the franchise is not renewed, for whatever reason, the grantee shall take all reasonable steps within its control to act so as to ensure that all subscribers receive continuous, uninterrupted service regardless of the circumstances. If the grantee changes or if a new operator acquires the system, the grantee shall cooperate with the city and new grantee or operator in maintaining continuity of service to all subscribers. During such interim period, the grantee shall be entitled to the CATV system revenues for any period during which it actually operates the system, in order to cover the reasonable costs for continuing its services.

(b) The grantee shall immediately and fully inform the city manager of any cessation of operations of 72 or more hours duration, its causes, and the steps being taken to remedy such crises. If the grantee, for whatever reason, fails to operate the system for four consecutive days, the city manager shall so inform the city council which may, at its option, elect to take any and all steps necessary to itself temporarily operate the system or designate a temporary operator until such time as a permanent operator is selected. If the city assumes responsibility for the temporary operation of the CATV system for the grantee, the grantee shall reimburse the city for all reasonable costs associated with such operation from system revenues, whether collected by the city or by the grantee.
(C79, § 26-8; O.10,554; C91, § 26-8)

Sec. 110-34. Complaint procedure.

(a) The city manager or his or her designee shall be responsible for the city's continuing administration of the CATV franchise, including the grantee's complaint procedures.

(b) The grantee shall establish standard procedures for receiving, acting upon, and resolving subscriber complaints, which procedures shall be in writing and filed with the city manager's office. The grantee shall furnish a notice of such procedures to each subscriber at the time of initial subscription to the system.

(c) The grantee shall keep at its general corporate offices a maintenance service log which records the nature of each service complaint, the date and time it was received, and the disposition of the complaint, including the time and date of resolution. This log shall be made available upon request for inspection by the city manager. All service complaint records shall be retained on file for a period consisting of the most recent two years.

(d) When there are a number of similar complaints made or when there appear, in the judgment of the city manager, circumstances indicative of unreliable and/or poor quality cable service being delivered to subscribers, the city manager shall have the right and authority to compel the grantee at its own expense to test, analyze, and report on the performance of the system. Such report shall be delivered to the city manager no later than 14 days after the city manager formally notifies the grantee of its need to review performance and shall include the following information: the nature of the complaints which precipitated the special tests; the specific system components which were tested, the equipment used and procedures employed in the testing; the results of such tests; and the method in which the subscriber complaints were resolved.

(e) The city manager may, if the circumstances appear to merit such attention, require that such tests and analyses be supervised and/or conducted by an independent professional engineer with the requisite expertise in cable television operations who is not a member of the staff of the grantee. The engineer responsible for the testing shall sign all records of the special tests and shall prepare a report interpreting the results of the tests and recommending corrective actions to be taken by the grantee. The grantee shall forward to the city manager such records without revisions, deletions or substitutions.

(C62, § 12A-5.01; O.8945; C75, C79, § 26-5.01; O.10,554; C79, C91, § 26-9)

Sec. 110-35. Program alteration prohibited.

All programs of broadcasting stations carried by a grantee on the cable communications system shall be carried without alteration in compliance with Federal Communications Commission regulations.

(C62, § 12A-6; O.8370, 8570; C75, C79, § 26-6; O.10,554; C79, C91, § 26-10)

Sec. 110-36. Removal of existing antennas.

A grantee shall in no way tamper with or remove an existing television antenna without the owner's consent.

(C62, § 12A-7; O.8570; C75, C79, § 26-7; O.10,554; C79, C91, § 26-11)

Sec. 110-37. Safety requirements.

A grantee shall at all times employ reasonable care in the installation and maintenance of a cable television system and shall install and maintain such system in accordance with commonly accepted good engineering methods and practices. A grantee shall install and maintain its wires, cables, fixtures, and other equipment in accordance with the requirements of article III of this chapter and article III of chapter 26 and article IV of chapter 118 and of this Code pertaining to electricity. All structures, lines, equipment, or connections in, over, under, or upon the streets, sidewalks, alleys and public ways or places of the city shall at all times be kept and maintained in a safe condition and in good working order and repair and shall not in any way interfere with any installation of the city or of any public utility serving the city.

(C62, § 12A-8; O.8370, 8570; C75, C79, § 26-8; O.10,554; C79, C91, § 26-12)

Sec. 110-38. Conditions on street occupancy.

A grantee shall be allowed to use the city streets, alleys, rights-of-way and other public ways and places, including any and all public easements held by the city for utility purposes, for the construction and operation of its cable television system pursuant to the granting of a franchise; provided, however, that in such use and occupancy a grantee shall be subject to all applicable city ordinances, including but not limited to

article III of this chapter and article IV of chapter 118 of this Code pertaining to excavations for underground cables and chapter 102 of this Code pertaining to streets and sidewalks.
(C62, § 12A-9; O.8370, 8570; C75, C79, § 26-9; O.10,554; C79, C91, § 26-13)

Sec. 110-39. Placement and use of poles.

(a) Where poles or other wire-holding structures already serving the city are available for use by any grantee, but the grantee does not make arrangements for such use, the city may require a grantee to use such poles and structures if the city determines that the public convenience would be enhanced thereby and if the terms of the use available to the grantee are just and reasonable.

(b) Where the city or a public utility serving the city desires to make use of the poles or other wire-holding structures of a grantee but agreement with a grantee cannot be reached, the city may require the grantee to permit such use for such consideration and upon such terms as the city shall deem to be just and reasonable, if the city determines that the use would enhance the public convenience and would not unduly interfere with a grantee's operations.

(c) No grantee shall erect or maintain any poles or aerial wires or cables within any underground districts which have been established by the city or which may be established by the city. Furthermore, no poles or aerial wires or cables shall be installed or maintained in any area where other utilities are required by law to be underground or where such other utilities are already installed underground.
(C62, § 12A-10; O.8370, 8570; C75, C79, § 26-10; O.10,554; C79, C91, § 26-14)

Sec. 110-40. Removal of equipment upon expiration of franchise.

Upon the expiration or termination of any cable television franchise, a grantee shall remove its poles, cable television transmission and distribution systems, and all other appurtenances from the streets, sidewalks and public ways of the city, when ordered to do so by the city, and shall restore the streets, sidewalks and public ways to their original condition, unless, upon such expiration or termination, the CATV system including all such equipment is transferred to a subsequent grantee to be utilized pursuant to a franchise granted by the city. If a grantee refuses to remove such items or fails to remove such items in a reasonable time after notification by the city, the city shall have the right and authority to remove such poles, cable television transmission and distribution systems and other appurtenances from the city streets, sidewalks, and public ways. The grantee shall reimburse the city for all reasonable costs associated with such removal.
(C62, § 12A-11; O.8370, 8570; C75, C79, § 26-11; O.10,554; C79, C91, § 26-15)

Sec. 110-41. Revocation of franchise.

(a) For a material breach of the terms and conditions of the grantee's cable television system franchise and the subsequent failure of the grantee to correct its default under or noncompliance with the terms of its franchise, the city council shall revoke the franchise and all rights of grantee thereunder. A material breach of the franchise shall include but not be limited to the grantee's:

(1) Violation of any material provision of the franchise or any material rule, order, regulation or determination of the city council made pursuant to the franchise;

(2) Attempt to evade any material provision of the franchise or to practice any fraud or deceit upon the subscribers, the city or the general public;

(3) Failure to begin or complete system construction or system extension as provided in the franchise;

(4) Failure to provide the types of services required in this article;

(5) Failure to restore service after 96 consecutive hours of interrupted service, except where the city manager has been fully informed regarding such crisis and the steps being taken to remedy the crisis as required in subsection 110-33(b) of this article; or

(6) Material misrepresentation of a fact in the application for or negotiation of the

franchise or in any other appearance before or document submitted to the city council or to subscribers.

(b) The city council shall not revoke the grantee's franchise if the interruption in service is without fault of the grantee or occurs as a result of circumstances beyond its control; however, the grantee shall not be excused by mere economic hardship nor by misfeasance or malfeasance of its shareholders, directors, officers, or employees.

(c) Upon a material breach, the city manager shall make written demand that the grantee immediately comply with any such provision, rule, order, or determination under or pursuant to its franchise. If the violation by the grantee continues for a period of 90 days following such written demand without the submission of written proof that the corrective action has been taken or is being actively and expeditiously pursued, the city manager may recommend revocation of the franchise to the city council. The city manager shall cause to be served upon grantee, at least 20 days prior to the date of such city council hearing, a written notice of intent to request such revocation and the time and place of the hearing. Public notice shall be given not less than four days or more than 20 days prior to the hearing and shall include a description of the issue which the city council is to consider.

(d) The city council shall hear and consider the issue and shall hear any person interested therein and shall determine, in its discretion, whether or not any violation by the grantee of the franchise has occurred.

(e) If the city council determines that a violation of the franchise has occurred, the city council shall, by resolution, declare that the franchise of the grantee shall be revoked and terminated unless there is compliance within such period as the city council may fix, such period not to be less than 60 days, provided no opportunity for compliance shall be granted for a violation because of fraud or misrepresentation.

(f) At the expiration of such period, the city council shall determine whether the grantee has achieved compliance. The city council then may revoke the franchise forthwith on finding that the grantee has failed to achieve compliance or may further extend the period, at its discretion.
(C79, § 26-16; O.10,554; C91, § 26-16)

Sec. 110-42. Service rules and regulations of grantee.

A grantee shall have the right to prescribe reasonable service rules and regulations regarding access channels not inconsistent with the provisions of the grantee's franchise, this article, or any other city ordinances and not inconsistent with the laws of the state and the United States. Such rules shall be filed with the city. A grantee shall also submit to the city the form of its service agreements between the grantee and its subscribers and shall furnish any amendments or alterations to the service agreement.
(C62, § 12A-12; O.8370, 8570; C75, C79, § 26-12; O.10,554; C79, C91, § 26-17)

Sec. 110-43. Subscriber service rates.

(a) The city shall follow the Federal Communications Commission rate regulations in its regulation of cable television basic service rates and charges, notwithstanding any different or inconsistent provisions in the franchise or in this Code.

(b) When the city shall pass upon such cable television rates and charges, the city shall provide a reasonable opportunity for consideration for the views of interested parties.
(C62, § 12A-13.01; O.8938; C75, § 26-13.01; O.9413; C79, § 26-13.01; O.10,554; C79, C91, § 26-18; O.12,044, 12,081)

Sec. 110-44. Franchise fee.

(a) Within 60 days after the end of each quarter of the grantee's fiscal year, the grantee shall pay to the city a franchise fee equivalent to five percent of gross revenues from all cable services for that quarter.

(b) The grantee shall, within 90 days of the close of its fiscal year, provide the city with an annual audit of gross revenues prepared by a certified public accountant with an auditor's cer-

tification that the total of the fees paid to the city during the reporting period is equal to the franchise fee due for such period.
(C62, § 12A-13.03; O.8945; C75, § 26-13.03; O.9478; C79, § 26-13.03; O.10,554; C79, C91, § 26-19; O.13,107, 13,388)

Sec. 110-45. Maps, plats and reports.

A grantee shall submit to the city engineer upon request maps and plats showing all existing and proposed cable television installations in the city. A grantee shall make periodic reports, but not less than annually, to the city concerning cable television operations. A grantee shall submit with such reports any and all business records necessary to make a full and complete presentation of its CATV operations within the city.
(C62, § 12A-14; O.8370, 8570; C75, C79, § 26-14; O.10,554; C79, C91, § 26-20)

Sec. 110-46. Emergency use of facilities.

If any emergency or disaster occurs, a grantee shall, upon request of the city manager, make its facilities available to the city for emergency use during the emergency or disaster.
(C62, § 12A-15; O.8370, 8570; C75, C79, § 26-15; O.10,554; C79, C91, § 26-21)

Sec. 110-47. Public access; service to city; service to independent community school district.

(a) A grantee shall provide at least one specially designated noncommercial public access channel available to the public on a first come, nondiscriminatory basis.

(b) In addition to the noncommercial public access channel, a grantee shall provide at least one specially designated channel to the city and at least one specially designated channel to the Des Moines Independent Community School District. Such channels shall be provided to the city and the school district free of charge during the term of any cable television franchise. Furthermore, a grantee shall also supply, pursuant to section 110-44(b) of this article, installation and equipment to public primary and secondary schools and to any municipally owned buildings located within the city upon the request of the board of directors of the Des Moines Independent Community School District or upon request of the city council, as the case may be, unless it is commercially impracticable for the grantee to comply with this requirement.

(c) A grantee may, at its own election, provide similar services without cost to private schools, including parochial or other religious schools.

(d) If any one of the public access governmental or educational channels become fully utilized, the grantee shall make every reasonable effort to make a second access channel available to the public.

(e) A grantee shall provide public access, governmental, or educational users with the services, facilities and equipment pursuant to the requirements of subsections 110-31(9) and (10) of this article.
(C62, § 12A-16; O.8370, 8434, 8570; C75, C79, § 26-16; O.10,554; C79, C91, § 26-22)

Sec. 110-48. Change of control of grantee.

Prior approval of the city council shall be required where ownership or control of more than 25 percent of the right of control of a cable television system franchise grantee is acquired by a person or several persons acting in concert, none of whom already owns or controls 25 percent or more of such right of control, singularly or collectively. Any such acquisition occurring without prior approval of the city council shall constitute a violation of a grantee's franchise.
(C62, § 12A-17; O.8370, 8570; C75, C79, § 26-17; O.10,554; C79, C91, § 26-23)

Sec. 110-49. Inspection of records.

The city shall have the right, power, and authority to inspect the records of any cable television system franchise grantee at the premises of such grantee during the normal business hours of any working day or at any other reasonable time and place, providing the grantee is given no less than seven days' notice.
(C62, § 12A-18; O.8370, 8570; C75, C79, § 26-18; O.10,554; C79, C91, § 26-24)

Sec. 110-50. Performance evaluation hearings.

(a) The city council and the grantee shall hold franchise performance evaluation public hearings within 30 days of the sixth and 12th anniversary dates of the grantee's award or renewal of the franchise in conjunction with or in addition to any such hearings required by federal and state law.

(b) Special evaluation hearings may be held at any time during the term of the franchise at the request of the city or the grantee.

(c) All evaluation hearings shall be open to the public. A grantee shall notify its subscribers of all evaluation hearings by announcement on at least two channels of its system between the hours of 7:00 p.m. and 9:00 p.m., for five consecutive days preceding each session. In addition, notice of the evaluation hearing shall be published in a nonlegal section of a newspaper published at least once weekly and having general circulation in the city at least once not less than four days nor more than 20 days before the evaluation hearing.

(d) Issues which may be discussed at any scheduled or special evaluation hearing shall include but not be limited to identification of future cable-related community needs and interests, franchise fee, penalties, free or discounted services, application of new technologies, system performance, services provided, programming offered, customer complaints, privacy, amendments to this article, judicial and Federal Communications Commission rulings, line extension policies, and grantee or city rules.
(C79, § 26-25; O.10,554; C91, § 26-25)

Sec. 110-51. Supervision and inspection.

The city shall have the right to supervise any construction or installation work performed by any grantee in the city and make such inspections as it finds necessary to ensure compliance with the terms of any cable television franchise, this article or other pertinent provisions of law.
(C62, § 12A-19; O.8370, 8570; C75, C79, § 26-19; O.10,554; C79, C91, § 26-26)

Sec. 110-52. Filings and communications with regulatory agencies.

Copies of all petitions, applications and communications and reports submitted by any grantee to the Federal Communications Commission, Securities and Exchange Commission, or any other federal or state regulatory commission or agency having jurisdiction in regard to any matters affecting cable television within the corporate limits shall also be submitted simultaneously to the city council.
(C62, § 12A-20; O.8370, 8570; C75, C79, § 26-20; O.10,554; C79, C91, § 26-26.01)

Sec. 110-53. Discrimination prohibited.

A cable television system franchise grantee shall not, as to rates, charges, services, service facilities, rules and regulations, or in any other respect, make or grant any undue preference or advantage to any person, nor subject any person to prejudice or disadvantage. Nothing in this section, however, shall be deemed to prohibit promotional campaigns to stimulate basic service subscriptions to the system or deemed to prohibit the charging of special rates for such service so long as that rate is not in excess of the basic service charge approved by the city council. A grantee shall not discriminate against any person on the basis of race, religion, creed, color, sex, national origin or ancestry. Furthermore, a grantee shall also take affirmative action to recruit employees from members of minority groups.
(C62, § 12A-21; O.8370, 8570; C75, C79, § 26-21; O.10,554; C79, C91, § 26-26.02)

Sec. 110-54. Rights of individuals.

(a) No signals shall be transmitted from a subscriber terminal for purposes of monitoring individual viewing patterns or practices without the express written permission of the subscriber. The request for such permission shall be contained in a separate document with a prominent statement that the subscriber is authorizing the permission in full knowledge of its provision. The authorization shall be revokable at any time by the subscriber without penalty of any kind whatsoever. Such authorization shall be required for each type or classification of two-way cable communications activity planned; except that the grantee shall be entitled to conduct systemwide or individually addressed "sweeps" for the purpose of verifying system integrity, controlling return-path transmission, or billing for pay services.

(b) The grantee or any of its agents or employees shall not, without the specific written authorization of each subscriber involved, sell, or otherwise make available to any party, except as is necessary to the conduct of the grantee's business:

(1) Lists including the name and address of such subscriber; or

(2) Any list which identifies the individual viewing habits of such subscriber.

(C79, § 26-26.03; O.10,554; C91, § 26-26.03)

Sec. 110-55. Hold harmless.

(a) A grantee shall at all times defend, indemnify, protect, and hold harmless the city from and against any and all liability, losses, and damage to property or bodily injury or death to any person, including payments made under worker's compensation laws, which may arise out of or be caused by the erection, construction, replacement, removal, maintenance or operation of a grantee's cable television system and caused by any act or failure to act on the part of a grantee, its agents, officers, servants, or employees. A grantee shall hold the city harmless against any damages resulting from legal action which may be brought against it in connection with the establishment or operation of a grantee's cable television system in the city and shall defend at its own expense any action brought against the city because of the erection, construction, replacement, removal, maintenance or operation of a grantee's cable television system.

(b) This hold harmless and indemnity agreement shall include any claim arising out of the nonobservance by the grantee of the provisions of any laws, statutes, ordinances, resolutions, regulations or rules duly promulgated by any governmental entity which may be applicable, directly or indirectly, to rights, privileges, and authority, and the obligations and liabilities assumed by the grantee under the franchise and/or the nonobservance by the grantee of any of the terms and conditions of the franchise and/or the granting of the franchise by the city.

(c) The grantee shall pay all reasonable expenses incurred by the city in defending itself with regard to all damages, penalties or other claims resulting from the acts of the grantee, its assigns, employees, agents, invitees, or other persons. The expenses shall include all out-of-pocket expenses such as attorney's fees, and shall include the value of any service rendered by the city attorney or any other city officers or employees.

(C62, § 12A-23; O.8370, 8570; C75, C79, § 12A-23; O.10,554; C79, C91, § 26-26.04)

Sec. 110-56. Insurance.

A grantee shall promptly, after the granting of a grantee's cable television system franchise, provide public liability insurance for personal injuries and/or death growing out of any one accident or other cause in the following amounts: $100,000.00 as to any one person, $500,000.00 as to any one occurrence for injury or death to persons, and $100,000.00 for damages to property, with, as to grantee, so-called umbrella coverage of at least $5,000,000.00; worker's compensation insurance as provided by state law; and automobile insurance with limits of not less than $100,000.00/$500,000.00 of public liability coverage and automobile property damage insurance with a limit of not less than $100,000.00 covering all automotive equipment, with, as to grantee, so-called umbrella coverage of at least $5,000,000.00. A grantee shall maintain such insurance with insurance underwriters authorized to do business in the state satisfactory to the city. All policies shall name the city, its employees, servants, agents and officers as additional named insured parties. In addition, the city shall receive at least 30 days' prior written notice of any cancellation or change in any such insurance policy. A grantee shall furnish the city with a certificate of insurance from the grantee's carrier indicating that there is such insurance coverage as provided in this section, and if requested by the city shall submit to the city two certified copies of the policies.

(C62, § 12A-24; O.8370, 8570; C75, C79, § 26-24; O.10,554; C79, C91, § 26-26.05)

Sec. 110-57. Payment of costs.

In the granting of any cable television franchise, the city shall be governed by the applicable provisions of I.C. § 364.1 et seq., or such other enactments of the general assembly which might

amend or supersede such sections. Furthermore, any person asking the city council to initiate the submission of the question of granting a cable television franchise to the electors of the city or any person petitioning the city council to so submit the cable television franchise question shall pay the costs incurred in holding such franchise election.
(C62, § 12A-26; O.8370, 8570; C75, C79, § 26-26; O.10,554; C79, § 26-26.07; C91, § 26-26.06)

Secs. 110-58—110-85. Reserved.

ARTICLE III. COMMUNICATIONS SYSTEMS WITHIN PUBLIC RIGHT-OF-WAY

Sec. 110-86. Definitions.

The definitions found at section 102-657 of this Code shall apply to this article. The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Communications system means any telephone or telegraph system or any other system of cables, wires, fibers, or conduits, and any related equipment, facilities, manholes or overhead poles, operated and maintained for communications purposes, or operated for the purpose of transmitting data, but excluding cable television systems franchised to provide that service by the city.
(C85, § 26-49; O.10,993; C91, § 26-49; O.13,637)
Cross reference—Definitions generally, § 1-2.

Sec. 110-87. Technical standards.

All technical standards governing installation, construction, reconstruction, repair, operation, disconnection and removal of a communications system licensed under this article shall be in accordance with all applicable Federal Communications Commission and other federal, state and city laws and regulations.
(C85, § 26-54; O.10,993; C91, § 26-54; O.11,931, 13,637)

Sec. 110-88. License fees.

(a) A license fee shall, to the extent allowed by the constitution and laws of the state, be assessed on all new licenses issued for use or occupancy of the right-of-way for telecommunications uses upon and after the city council's approval by resolution of a schedule of license fees for use of the city right-of-way. The schedule of fees for use of the city right-of-way shall reflect the diminution in the functional utility of the right-of-way for use by the city and shall be based upon such factors as the value or rental value of private property abutting the right-of-way to be used and the licensee's avoided cost in using city right-of-way as opposed to establishing a private right-of-way for the licensed use upon abutting private property. The schedule of fees for use of the city right-of-way shall establish such fees in terms of per-linear-foot charges for the right-of-way used, and assuming a use width of not more than ten feet, with the schedule reflecting the per-foot value of such right-of-way in identified segments of the city.

(b) In addition to being required to pay a license fee as provided in subsection (a) of this section, communication system licensees may, to the extent allowed by I.C. § 480A.1 et seq., be required to provide in-kind services as compensation for such use, including but not limited to:

(1) The installation by the licensee of city equipment in the trenches excavated by or in the duct banks constructed by the licensee; and/or

(2) Access to such trenches or ducts so that the city can install its equipment therein.

A communication system licensee who provides such services as utility services, as defined in article IX of chapter 102 of this Code, may, to the extent allowed by I.C. § 480A.1 et seq., also be required to provide the city access to the communications services to be provided by the licensee, at no cost equivalent to the services of a T-1 line, such service to be provided at a location to be designated by the city, or payment to the city of the equivalent value of such service to be provided at the location as an additional quarterly fee.

(c) License fees shall be paid at the city treasurer's office. The acceptance of any license fee payment by the city shall not be construed as an acknowledgment that the license is valid or that the amount paid is the correct amount due, nor shall such acceptance of payment be construed as a release of any claim which the city may have for additional sums due and payable. The licensee shall, within 90 days of the close of the license year, provide the city with an annual audit of the fees paid to the city during the reporting period indicating the fee paid the city during that period is equal to the license fee due for such period. If such audit results in a determination that an additional amount of license fee is owing to the city for the prior license year, such additional amount shall be due and payable immediately, together with interest at the rate of ten percent per year calculated from the due dates for the quarterly license fee payments in question. The city manager may waive the audit requirement when he or she determines that the license fee amount owing to the city is too minimal to justify audit.

(d) The licensee shall pay interest at the rate of ten percent per year on any overdue license fee calculated from the due date thereof.

(e) Nothing in this article shall be construed to limit the liability of the licensee for all applicable federal, state and local taxes.

(f) Nothing in this article shall be construed to prevent the city council from exercising the right of the city to change the amount of any of the fees required by this section.
(C85, § 26-56; O.10,993; C91, § 26-56; O.13,637)

Sec. 110-89. Aboveground cables, wires, conduits and poles; undergrounding required in underground district.

(a) Within the underground district, as defined at section 1-2 of this Code, all cables, wires, fibers and conduits in connection with any communications system shall be placed underground, except where aboveground connection to buildings or other locations aboveground is reasonably necessary, and except where they can be located in private structures. Such aboveground connection shall be by means of poles located, as far as reasonably practicable, within alleys.

(b) Outside the underground district, cables, wires, fibers and conduits in connection with any communications system may be placed either underground or on poles aboveground, except when undergrounding is required pursuant to the city's subdivision or site plan requirements as expressed in this Code. No such poles shall be installed or erected, and no license or permit for such shall be issued, until the city engineer has approved the proposed location of such poles.
(C85, § 26-61; O.10,993; C91, § 26-61; O.13,637)

Sec. 110-90. Appeals.

Any person who believes that the license fee imposed on such person pursuant to this article does not conform to the requirements of I.C. § 480A.1 et seq., may request in writing that such decision or action be reviewed by the city council, pursuant to section 102-801 of this Code. Any person who is aggrieved by a decision of the department or of the city engineer with respect to the issuance, denial, revocation or suspension of a license for a telecommunications system may request in writing that such decision or action be reviewed by the city manager, pursuant to section 102-802 of this Code.
(C91, § 26-61.01; O.13,637)

Sec. 110-91. Construction of article.

Nothing in this article shall be construed as an acquiescence in or ratification of the occupation of any of the public right-of-way or public places of the city by any person occupying the right-of-way or public place without legal right, nor shall this article be construed as conferring the right to occupy any of the public rights-of-way or public places of the city upon any such person illegally or without authority occupying the right-of-way or public place.
(C85, § 26-62; O.10,993; C91, § 26-62; O.13,637)

ARTICLE I. IN GENERAL

Sec. 114-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alley applies to that part of a public highway extending into or intersecting blocks between streets.

Arterial is synonymous with the term "through" or "thru" when applied to city streets and highways.

Authorized emergency vehicles means vehicles of the fire department, police vehicles, ambulances and emergency vehicles owned or operated by the United States, the state or any subdivision of the state or any municipality therein, and such privately owned or operated ambulances or rescue or disaster vehicles as are designated or authorized by the director of the state department of transportation under I.C. § 321.451.

Bicycle means a metal device consisting of but not limited to two wheels arranged tandem, united by a frame with the seat of the operator upon it, propelled by the feet of the operator acting on pedals connected with one of the axles and steered by a handlebar guiding the direction of the front wheel. The term "bicycle" includes every device propelled by human power upon which any person may ride, having two tandem wheels, either of which is over 16 inches in diameter. This term also includes every tricycle with a wheel which is over 24 inches in diameter.

Bicyclist means a person operating a bicycle as defined by the Iowa State Code.

Business district means the territory contiguous to and including a street or highway when 50 percent or more of the frontage thereon for a distance of 300 feet or more is occupied by buildings in use for business.

Connecting roadway means that roadway allowing access from one street to another street or from one direction of a divided highway to another direction.

Controlled access facility includes the terms "fully controlled access facility" and "partially controlled access facility." Such highways or streets may be freeways open to use by all customary forms of street and highway traffic or they may be parkways from which trucks, buses, and other commercial vehicles shall be excluded.

Crosswalk means that portion of a roadway ordinarily included within the prolongation or connection of the lateral lines of sidewalks at intersections, or any portion of a street distinctly indicated for pedestrian crossing by lines or other markings on the surface.

Curb applies to the outer boundaries or the raised margins of the traveled portion of a street.

Curb bump-out means an expansion of the curb line, painted or raised, into the lane of the roadway adjacent to the curb (typically a parking lane) for a portion of a block either at an intersection or mid-block.

Delinquent parking ticket means a parking ticket that has not been paid within 30 days of issuance.

Driver means every person who drives or is in actual physical control of a vehicle.

Electric vehicle charging station means a public or private parking space that is served by battery charging station equipment that has as its primary purpose the transfer of electric energy (by conductive or inductive means) to a battery or other energy storage device in an electric vehicle.

Electric vehicle charging station usage means active charging of an electric vehicle, at a public or private parking space, that is served by battery charging station equipment. Active charging requires that the vehicle parked in the space is being electronically charged by the installed equipment (by conductive or inductive means).

Flashing beacon means a section of a standard traffic signal head having an amber or red lens in each face, which is illuminated by intermittent flashes.

Fully controlled access facility means a highway, street or road which gives preference to through

traffic by providing access connections at interchanges with selected public roads only and by prohibiting crossings at grade or direct access at driveway connections; owners or occupants of abutting land or other persons have no right or easement of access, light, air or view because of the fact that their property abuts upon such controlled access facility or for any other reason.

Habitual violator means a person who has allowed four or more parking tickets issued on a single motor vehicle to become delinquent.

Intersection or *street intersection* means the area embraced within the prolongation or connection of the lateral curblines or, if none, the lateral boundary lines of the roadways of two streets which join one another at or approximately at right angles, or the area within which vehicles traveling upon different streets joining at any other angles may come in conflict.

Laned highway means a highway or street, the roadway of which is divided into three or more clearly marked lanes for vehicular traffic.

Metal tire means every tire, the surface of which in contact with the highway is wholly or partly of metal or other hard, nonresilient material.

Motor truck means every motor vehicle designed primarily for carrying livestock, merchandise, freight of any kind, or over nine persons as passengers.

Motor vehicle means every self-propelled device in, upon, or by which any person or property is or may be transported or drawn upon a public highway or street. Terms such as "car," "automobile," "truck," "bus," and "motorcycle" are synonymous with the term "motor vehicle."

Motorcycle means every motor vehicle having a saddle or seat for the use of the rider and designed to travel on not more than three wheels in contact with the ground, including a motor scooter and a bicycle with motor attached, but excluding a tractor.

Multi-use recreational trail means a way or place, the use of which is controlled by the city as an owner of real property, designated by the multi-use recreational trail maps, as approved by resolution by the city council, and no multi-use recreational trail shall be considered as a street or highway.

Operator means every person who drives or is in actual physical control of a vehicle upon a highway.

Operator of a bicycle or *person operating a bicycle* includes a minor who has the use and control of a bicycle with the knowledge and consent of the minor's parent or guardian.

Park or *parking* means the standing of a vehicle, whether occupied or not, upon a street otherwise than momentarily for the purpose of and while actually engaged in receiving or discharging passengers, loading or unloading of goods or merchandise or in obedience to traffic regulations, signs or signals or an involuntary stopping of the vehicle because of causes beyond the control of the operator.

Park roads means roads within city parks, the use of which is controlled by the city as an owner of real property in accordance with I.C. § 321.251, and no park road shall be considered as a street or highway.

Parking meter means and includes any device or multi-space meter not inconsistent with this chapter placed or erected for the regulation of parking by authority of this chapter. Each parking meter space or zone installed shall indicate by proper legend the legal parking time established by the city.

Parking meter district means that area designated by ordinance which shall be subject to this chapter and includes those streets or parts of streets upon which parking meters are installed and in operation. A district may include one or more time and rate zones.

Parking meter space means any space or zone so designated within a parking meter district. More than one motorcycle may be parked in a parking meter space, provided each such motorcycle is parked with the rear wheel no more than 18 inches from the curb and with the front of such motorcycle facing away from that curb. No motorcycle may share a parking meter space with a motor vehicle having more than two

wheels. No motorcycle shall extend beyond the limits of the parking space in violation of section 114-640 of this chapter.

Partially controlled access facility means a highway or street especially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have only a controlled right or easement of access, light, air or view because of the fact that their property abuts upon such controlled access facility or for any other reason.

Pedestrian means a person going on foot or a person using a pedestrian conveyance.

Pedestrian conveyance means any human-powered device by which a pedestrian may move other than by walking or by which a pedestrian may move another person, including but not limited to a wheelchair, stroller, skateboard, scooter, or other similar device. *Pedestrian conveyance* also includes an electric personal assistive mobility device, and any other device used to move a person sitting or standing on the device regardless of whether the device is powered by an electric motor, so long as the electric motor produces less than 750 watts. *Pedestrian conveyance* does not include a bicycle.

Pedestrian crossing signals means traffic signals erected for the purpose of regulating or stopping traffic in order that pedestrians might cross a street.

Pneumatic tire means every tire in which compressed air is designed to support the load.

Police officer or *peace officer* means every officer of the city police department or any officer authorized to direct or regulate traffic or to make arrests for violations of traffic regulations in addition to its meaning in I.C. § 801.4(7).

Private road or driveway means every way or place in private ownership and used for vehicular travel by the owner and those having express or implied permission from the owner, but not by other persons.

Railroad means a carrier of persons or property upon cars, other than streetcars, operated upon stationary rails.

Railroad signal means any device, whether manually, electrically or mechanically operated, by which traffic is directed to stop at a railroad crossing by means of alternating flashing red lights and when deemed necessary by use of gates.

Residence district means the territory contiguous to and including a highway not comprising a business district or a school district, where 40 percent or more of the frontage on such highway for a distance of 300 feet or more is occupied by dwellings or dwellings and buildings in use for business.

Right-of-way means the privilege of the immediate use of the highway.

Road work zone means the portion of a street or highway which is identified by posted or moving signs as the site of construction, maintenance, survey, or utility work. The zone starts upon meeting the first sign identifying the zone and continues until a posted or moving sign indicates that the work zone has ended.

Roadway means that portion of a highway improved, designed or ordinarily used for vehicular travel.

Safety zone means the area or space officially set apart within a roadway for the exclusive use of pedestrians and which is protected or is so marked as to be plainly visible at all times while set apart as a safety zone.

School crossing signals means traffic signals erected for the purpose of regulating or stopping traffic in order that a school child might cross a street.

School district means the territory contiguous to and including a highway for a distance of 200 feet in either direction from a school facility.

Semitrailer means every vehicle without motive power designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that some part of its weight and that of its load rests upon or is carried by another vehicle.

Sidewalk means that portion of a street between the curblines, or the lateral lines of a roadway, and the adjacent property lines intended for the use of pedestrians.

Sign, advertising means a sign that is not an identification or directional sign.

Sign, building or wall means a sign other than a roof sign, which is supported by a building or wall, and is further defined as follows:

(1) *Sign, fascia* means a single-faced building or wall sign which is parallel to its supporting wall.

(2) *Sign, projecting* means a building or wall sign other than a fascia sign.

Sign, directional means a sign for the purpose of traffic control which is located on private property.

Sign, identification means one of the following types of signs:

(1) *Type one* means an on-premises sign that displays no more than the name, numerical address and crest or insignia of an occupant of the premises.

(2) *Type two* means an on-premises sign that displays no more than the name, occupation or profession of an occupant of the premises, name of any building on the premises or the trademark of the occupant.

Sign, internally illuminated means a sign illuminated by an artificial light source not visible but which reaches the eye through a diffusing medium.

Snowmobile means any self-propelled vehicle designed for travel on snow, ice or land steered by wheels, skis or runners and propelled by endless belt-type tread.

Solid tire means every tire of rubber or other resilient material which does not depend upon compressed air for the support of the load.

Stand or *standing* means the halting of a vehicle, whether occupied or not, other than for the purpose of and while actually engaged in receiving or discharging passengers.

Stop or *stopping* means:

(1) When required, the complete cessation of movement.

(2) When prohibited, any stopping of a vehicle except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic control sign or signal.

Street or *highway* means the entire width between property lines of every way or place of whatever nature when any part thereof is open to the use of the public, as a matter of right, for purposes of vehicular traffic.

Street intersection means the area embraced within the prolongation or connection of the lateral curblines or, if none, the lateral boundary lines of the roadways of two streets which join one another at or approximately at right angles, or the area within which vehicles traveling upon different streets joining at any other angles may come in conflict.

Through street or highway means every street or highway or portion thereof at the entrances to which vehicular traffic from intersecting streets and highways is required by law to stop or yield before entering or crossing the street or highway and when stop or yield signs are erected as provided in this chapter or such entrances are controlled by a police officer or traffic control signal.

Time means Central Standard Time or Central Daylight Saving Time as may be in current use in this city.

Time zone means that period of time during which a vehicle may park at a parking meter as designated by ordinance or other sections of this chapter.

Traffic means pedestrians, ridden or herded animals, vehicles, and other conveyances and devices, either singly or together, while using any street for purposes of travel, standing, stopping or parking.

Traffic control devices means all signs, signals, markings and devices not inconsistent with this chapter placed or erected by authority of the city

council or the official having jurisdiction, for the purpose of regulating, warning or guiding traffic.

Traffic control signal means any device, whether manually, electrically or mechanically operated, by which traffic is alternately directed to stop and to proceed.

Trailer means every non-motorized device designed for carrying persons or property and designed to be drawn by a motor vehicle.

Travel trailer means every non-motorized device used, manufactured or constructed to permit its use as a conveyance upon the public streets and highways and designed to permit its use as a place of human habitation by one or more persons.

Vehicle means every self-propelled device in, upon, or by which any person or property is or may be transported or drawn upon a public highway or street, excepting devices moved by human power, including a low-speed electric bicycle and a pedestrian conveyance or used exclusively upon stationary rails or tracks. Terms such as "car," "automobile," "truck," "bus" and "motorcycle" shall be synonymous with the term "vehicle."

Sec. 114-3. Identification of funeral processions.

A funeral composed of a procession of vehicles shall be identified as such by the lighting of vehicle headlights, which shall be kept lighted during the time the vehicles are in the procession.
(C62, § 30-3; O.8084; C75, C79, C91, § 27-3)

Sec. 114-4. Driving through processions.

No driver of a vehicle shall drive between the vehicles comprising a funeral or other authorized procession while they are in motion and when such vehicles are conspicuously designated as required in this article. This section shall not apply at intersections where traffic is controlled by traffic control signals or police officers.
(C62, § 30-4; O.8084; C75, C79, C91, § 27-4)

Sec. 114-5. Driving in processions.

Each driver in a funeral or other procession shall drive as near to the right-hand edge of the roadway as practicable and safe.
(C62, § 30-5; O.8084; C75, C79, C91, § 27-5)

Sec. 114-6. Use of coasters, roller skates and similar devices restricted.

No person upon roller skates or riding in or by means of any coaster, toy vehicle or similar device shall go upon any roadway except while crossing a street at a crosswalk and except upon streets set aside as play streets when and as authorized by city ordinance.
(C62, § 30-6; O.8084; C75, C79, C91, § 27-6)

Sec. 114-7. Coasting or sliding in streets.

No person shall coast or slide upon any sled, device or vehicle upon or across any traveled street or highway unless such highway shall have been closed temporarily by authority of the city council for the purpose of permitting sliding or coasting thereon.
(C62, § 30-7; O.8084; C75, C79, C91, § 27-7)

Sec. 114-8. Climbing on vehicles prohibited.

No person shall jump or climb or hang upon any moving vehicle on any street, alley or other public ground or place without the permission of the driver.
(C62, § 30-8; O.8084; C75, C79, C91, § 27-8)

Sec. 114-9. Clinging to moving vehicle.

No person riding on any motorcycle, bicycle, sled, roller skates, coaster, scooter or similar device shall cling to or attach himself or herself or his or her vehicle to any other moving vehicle upon the public highway.
(C62, § 30-9; O.8084; C75, C79, C91, § 27-9)

Sec. 114-10. Boarding or alighting from moving vehicles.

No person shall board or alight from any vehicle on the public highway while it is in motion.
(C62, § 30-10; O.8084; C75, C79, C91, § 27-10)

Sec. 114-11. Riding on portion of vehicle not intended for passengers.

No person shall ride on any vehicle upon any portion thereof not designed or intended for the use of passengers. This section shall not apply to an employee engaged in the necessary discharge of a duty or to a person riding within a truck body in space intended for merchandise.

Sec. 114-14. Intersections sight distance at street intersection.

(a) On a corner lot where a setback or side yard exists, except for utility poles, fire hydrants, traffic signals, parking meters, standard United States postal and mail boxes, street tree trunks in approved locations, legally parked cars, and traffic control devices, no objects which obstruct vision shall be allowed between a height of two feet and ten feet above the edge of the traveled roadway grades of intersecting streets within the vision clearance triangular, whose two sides are measured based on Intersection Sight Distance Table in subsection (c) of this section, and whose third side is a line connecting said two sides (See the 2-Way Stop Control figures in subsection (d) of this section for a visual depiction). For intersections controlled all ways by traffic control devices or traffic control signals, the first vehicle stopped on one approach should be visible to the first vehicle stopped on each of the other approaches (See the All-Way Stop Control figure and Signal Control figure in the Intersection Sight Distance figures in subsection (d) of this section for a visual depiction.

(b) At a street intersection involving one-way streets, special sight distance conditions, unusual intersection configuration, such as right turn on red at a traffic signal or other unusual conditions, the city engineer shall determine the limits of the intersection sight distance zone. Such intersections include but are not limited to:

(1) Large parkways.

(2) Medians dividing the street.

(3) Property at a higher grade than street level.

(4) Y intersections.

(5) T intersections.

(6) Offset intersections.

(7) Roundabouts.

Sec. 114-14.01. Removal of vision obstructions.

(a) Except as provided in subsection (b) of this section, when the city engineer inspects an intersection and finds a violation of section 114-14 of this article, the adjoining property owner shall be directed by certified mail to remove the vision obstruction within 15 days of receipt of the notice to remove the obstruction. If the adjoining property owner fails to remove the obstruction, the city engineer shall report the violation to the public works director who shall cause the obstruction to be removed, and the public works director shall report the costs to the city council for assessment against the property pursuant to I.C. § 364.12(3)(h).

(b) When the city engineer inspects an intersection and finds an obstruction in violation of section 114-14 of this article and determines that a hazardous condition exists which constitutes an immediate danger to public safety, such obstruction shall be immediately reported to the forestry division of the public works department for enforcement action pursuant to section 122-10 or section 42-360 of this Code.

(C79, § 27-14.01; O.10,693; C91, § 27-14.01; O.11,650, 11,952, 15,925)

Sec. 114-14.02. Obstruction of enforcement.

No person shall hinder, obstruct or otherwise interfere with the agents or employees of the engineering department or the public works department while engaged in carrying out this chapter.

(C91, § 27-14.02; O.11,952)

Sec. 114-15. Rental company responsibilities—Parking violations.

Whenever a rental vehicle is involved in a parking violation described in this chapter com-

mitted by a customer or employee of the rental company, the company shall be chargeable with the violation and shall be required to pay any parking fine resulting from such violation if not paid by the violator.
(O.14,244)

Sec. 114-16. Reserved.

Sec. 114-17. Misdemeanor to violate registration provisions.

A person shall not drive or move, nor shall an owner knowingly permit to be driven or moved, upon the highway a vehicle of a type required to be registered under this chapter which is not registered, or for which the appropriate fees have not been paid, except as provided in Iowa Code § 321.109, subsection 3.

Secs. 114-21—114-31. Reserved.

Sec. 114-32. Registration card carried and exhibited—Exception.

(a) A vehicle's registration card shall at all times be carried in the vehicle to which it refers and shall be shown to any peace officer upon the officer's request.

(b) This section shall not apply when the registration card is being used for the purpose of making application for renewal of registration or upon a transfer of registration for that vehicle.
(O.15,808)

State law reference—Similar provisions, I.C. § 321.32.

Secs. 114-33—114-36. Reserved.

Sec. 114-37. Display of plates.

(a) Registration plates issued for a motor vehicle other than an autocycle, motorcycle, motorized bicycle, or truck tractor shall be attached to the motor vehicle, one in the front and the other in the rear. The registration plate issued for an autocycle, motorcycle, or other vehicle required to be registered hereunder shall be attached to the rear of the vehicle. The registration plate issued for a truck tractor shall be attached to the front of the truck tractor. The special plate issued to a dealer shall be attached on the rear of the vehicle when operated on the highways of this state.

(b) Registration plates issued for a motor vehicle which is model year 1948 or older, and reconstructed or specially constructed vehicles built to resemble a model year 1948 vehicle or older, other than a truck registered for more than five tons, autocycle, motorcycle, or truck tractor, may display one registration plate on the rear of the vehicle if the other registration plate issued to the vehicle is carried in the vehicle at all times when the vehicle is operated on a public highway.

(c) It is unlawful for the owner of a vehicle to place any frame around or over the registration plate which does not permit full view of all numerals and letters printed on the registration plate.
(O.15,808)

State law reference—Similar provisions, I.C. § 321.37.

Sec. 114-38. Plates—Method of attaching—Imitations prohibited.

Every registration plate shall at all times be securely fastened in a horizontal position to the vehicle for which it is issued so as to prevent the plate from swinging and at a height of not less than 12 inches from the ground, measuring from the bottom of the plate, in a place and position to be clearly visible and shall be maintained free from foreign materials and in a condition to be clearly legible. An imitation plate or plates imitating or purporting to imitate the official registration plate of any other state or territory of the United States or of any foreign government shall not be fastened to the vehicle.

(a) A person, except those expressly exempted under I.C. § 321.176, shall not operate any motor vehicle upon a street in the city limits unless the person has a driver's license issued by the state department of transportation valid for the vehicle's operation.

(b) A person operating a commercial motor vehicle shall not have more than one driver's license. A nonresident of Iowa may operate a commercial motor vehicle in the city limits if the nonresident has been issued a license by another state, a nonresident commercial driver's license, or a driver's license issued by a foreign jurisdiction which the federal highway administration has determined to be issued in conformity with the federal commercial driver testing and licensing standards, if the license, commercial driver's license, or driver's license is valid for the vehicle operated. A person who operates a commercial motor vehicle upon the streets of this city without having been issued a driver's license valid for the vehicle operated commits a simple misdemeanor.
(O.14,374)

Sec. 114-174A. Operation of motor vehicle with expired license.

A person shall not operate a motor vehicle upon a street in this city with an expired driver's license.

State law reference—Similar provisions, I.C. § 321.178.

Secs. 114-179—114-192. Reserved.

Sec. 114-193. Restrictions on licenses.

A person shall not operate a motor vehicle in any manner in violation of the restrictions imposed on a restricted license issued to that person by the state department of transportation.
(O.14,374)

Secs. 114-194—114-215. Reserved.

Sec. 114-216. Unlawful use of license or nonoperator's identification card.

It is a simple misdemeanor for any person to:

(1) Display or cause or permit to be displayed or have in the person's possession a canceled, revoked, suspended, fictitious, or fraudulently altered driver's license or nonoperator's identification card.

(2) Lend that person's driver's license or nonoperator's identification card to another person or knowingly permit the use of the license by another.

(3) Display or represent as one's own a driver's license or nonoperator's identification card not issued to that person.

(4) Fail or refuse to surrender to the department upon its lawful demand a driver's

license or nonoperator's identification card which has been suspended, revoked, or canceled.

(5) Permit an unlawful use of a driver's license or nonoperator's identification card issued to that person.

(O.14,374)

Secs. 114-217, 114-218. Reserved.

Sec. 114-219. Permitting unauthorized minor to drive.

A person shall not cause or knowingly permit the person's child or ward under the age of 18 years to drive a motor vehicle upon any street when the minor is not authorized under I.C. ch. 321.

(O.14,374)

Sec. 114-220. Permitting unauthorized person to drive.

A person shall not knowingly authorize or permit a motor vehicle owned by the person or under the person's control to be driven upon a highway by a person who is not issued a driver's license valid for the vehicle's operation.

Secs. 114-221—114-228. Reserved.

ARTICLE III. OBEDIENCE TO TRAFFIC LAWS

DIVISION 1. GENERALLY

Sec. 114-229. Obedience to peace officers.

No person shall willfully fail or refuse to comply with any lawful order or direction of any peace officer invested by law with authority to direct, control, or regulate traffic.

(C62, § 30-21; O.8084; C75, C79, § 27-25; C91, § 27-229; O.11,650)

State law reference—Similar provisions, I.C. § 321.229.

Sec. 114-229.01. Police to direct traffic; directing traffic at fire or emergency.

(a) Officers of the police department are authorized to direct all traffic by voice, hand or signal in conformance with this chapter. If a fire or other emergency occurs or to expedite traffic or to safeguard pedestrians, officers of the police department may direct traffic as conditions may require, notwithstanding this chapter.

(b) Officers of the fire department, when at the scene of a fire, may direct or assist the police in directing traffic at the fire or in the immediate vicinity.

(C62, § 30-20; O.8084; C75, C79, § 27-24; C91, § 27-229.01; O.11,650)

Sec. 114-230. Obedience by public officers.

The sections of this chapter applicable to the drivers of vehicles upon the highways shall apply to the driver of any vehicle owned by or used in the service of the United States government, the state or any county, city, town, district or any other political subdivision of the state, subject to the specific exceptions set forth in this chapter or exceptions set forth in state law with reference to authorized emergency vehicles.

(C62, § 30-22; O.8084; C75, C79, § 27-26; C91, § 27-230; O.11,650)

State law reference—Similar provisions, I.C. § 321.230.

Sec. 114-231. Emergency vehicles.

(a) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected perpetrator of a felony or in response to an incident dangerous to the public or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section.

(b) The driver of any authorized emergency vehicle may:

(1) Park or stand an authorized emergency vehicle, irrespective of the restrictions of this chapter.

(2) Disregard laws or regulations governing direction of movement for the minimum

distance necessary before an alternative route that conforms to the traffic laws and regulations is available.

(c) The driver of a fire department vehicle, police vehicle or ambulance may:

(1) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.

(2) Exceed the maximum speed limits so long as the driver does not endanger life or property.

(d) The exemptions granted to an authorized emergency vehicle under subsection (b) of this section and for a fire department vehicle, police vehicle or ambulance, as provided in subsection (c) of this section, shall apply only when such vehicle is making use of an audible signaling device meeting the requirements of I.C. § 321.433 or a visual signaling device approved by the state department of transportation, except that use of an audible or visual signaling device shall not be required when exercising the exemption granted under subsection (c)(2) of this section when the vehicle is operated by a peace officer pursuing a suspected violator of the speed restrictions imposed by or pursuant to this chapter, for the purpose of determining the speed of travel of suspected violator.

(e) This section shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall this section protect the driver from the consequences of the driver's reckless disregard for the safety of others.
(C62, § 30-23; O.8084; C75, C79, § 27-27; C91, § 27-231; O.11,650, 13,340)

State law reference—Similar provisions, I.C. § 321.231.

Secs. 114-232, 114-233. Reserved.

Sec. 114-234. Pushcarts and animal-drawn vehicles.

Every person propelling any pushcart or riding an animal upon a roadway and every person driving any animal-drawn vehicle shall be subject to the relevant sections of this chapter applicable to the driver of any vehicle.
(C62, § 30-24; O.8084; C75, C79, § 27-28; C91, § 27-234; O.11,650, 15,083)

State law reference—Similar provisions, I.C. § 321.234.

Sec. 114-234.01. All-terrain vehicles.

An all-terrain vehicle shall be operated on a highway only between sunrise and sunset and only when the operation on the highway is incidental to the vehicle's use for agricultural purposes. A person operating an all-terrain vehicle on a highway shall have a valid motor vehicle license, and the vehicle shall be operated at speeds of less than 30 miles per hour. When operated on a highway, an all-terrain vehicle shall have a bicycle safety flag which extends not less than five feet above the ground attached to the rear of the vehicle. The bicycle safety flag shall be triangular in shape with an area of not less than 30 square inches, shall be dayglow in color, and shall be in lieu of the reflective equipment required by I.C. § 321.383.
(C91, § 27-234.01; O.11,650)

State law reference—Similar provisions, I.C. § 321.234A.

Sec. 114-234.02. Snowmobiles.

(a) No person shall operate a snowmobile nor shall any snowmobile be operated within the city limits upon any plowed or unplowed roadway or alley unless:

(1) The roadway or alley shall not be passable by conventional motor vehicles because of snow or ice coverage; or

(2) Because of snow, ice, or storm conditions, the city manager has authorized the use of snowmobiles citywide as necessary to meet the emergency needs of the public. In such event, snowmobiles may be operated where and when necessary to deal with such emergency needs during that authorized period.

(b) No person shall operate a snowmobile nor shall any snowmobile be operated:

(1) On any sidewalk within the city limits.

(2) On any portion of the street lying between the sidewalk and the roadway within the city limits.

(3) Within any city-owned park, except upon such portion of a city-owned park as shall be designated by the city park and recreation board and approved by the city council.

(C62, §§ 30-168.01, 30-168.02; O.8810; C75, C79, §§ 27-175.01, 27-175.02; C91, §§ 27-234.02, 27-234.03; O.11,650)

Sec. 114-235. Reserved.

Sec. 114-236. Vehicle and parking restrictions in snow conditions.

(a) As used in this section, the term "snow tires" means tires designed for use when there are conditions of snow or ice on the highways and meeting the requirements which shall be promulgated by rule of the director of the state department of transportation pursuant to I.C. § 321.236(12).

(b) When conditions of snow or ice exist on the traffic surface of a designated snow route, it is unlawful for the driver of a vehicle to impede or block traffic if the driving wheels of the vehicle are not equipped with snow tires, tire chains or nonslip differential.

(c) Any person charged with impeding or blocking traffic for lack of snow tires, chains or nonslip differential shall have the charge dismissed upon a showing to the court that his or her motor vehicle was equipped with a nonslip differential.

(d) Standing or parking of vehicles upon a street designated as a "snow route" shall be prohibited at any time when snow route snow-removal operations are in progress and before such operations have resulted in the removal or clearance of snow from such streets curb to curb.

(e) Standing or parking of vehicles upon streets, except those streets where allowed in subsection (f) below, in designated "odd/even side snow parking" zones, shall be prohibited at any time when city-wide snow-removal operations are in progress and before such operations have resulted in the removal or clearance of snow from such city streets curb to curb.

(f) Parking shall be allowed on streets that allow parking on both sides of the street or one side of the street during city-wide snow removal operations in the "odd/even side snow parking" zones on alternating sides of the street as follows:

(1) On odd numbered dates on the side of the street with odd numbered addresses, and for streets without numbered addresses, on the north or east side; and

(2) On even numbered dates on the side of the street with even numbered addresses, and for streets without numbered addresses, on the south or west side; and

(3) This exception shall not apply to snow route streets and where parking is prohibited on both sides of the street.

"Odd/even side snow parking" zones are designated in division 11 of article XVI of this chapter.

(g) Standing or parking of vehicles shall be allowed during city-wide snow removal operations on the streets or portions of streets designated in the central business district in division 12 of article XVI of this chapter.

(h) The parking prohibitions of section 114-358 of this chapter apply to this section.

(i) A person who violates the provisions of subsections (d) or (e) of this section shall pay a fine of $35.00.

(C62, § 30-660.01; O.8267; C75, § 27-675.01; O.9008; C79, § 27-675.01; C91, § 27-236; O.11,650, 14,244, 14,891, 14,963, 15,126)

Sec. 114-236.01. Snow route locations designated.

On the streets of portions of streets designated in division 4 of article XVI of this chapter, it shall be unlawful, when official signs have been erected

giving notice of the designation of such streets as a snow route, to operate a motor vehicle contrary to section 114-236(d).
(C62, § 30-660.02; O.8267; C75, C79, § 27-675.02; C91, § 27-236.01; O.11,650, 14,891)

Sec. 114-236.015. Odd/even side snow parking zones designated.

On the streets or portions of streets designated in division 11 of article XVI of this chapter as within an "odd/even side snow parking" zone, it shall be unlawful, when official signs have been erected per section 114-236.02 giving notice of the designation of such streets as within an odd/even side snow parking zone, to operate a motor vehicle contrary to section 114-236(e).
(O.14,891, 15,056, 15,126)

Cross reference—Odd/even side snow parking zones, § 114-4175.

Sec. 114-236.02. Erection of signs.

The city engineer shall place and maintain signs indicating a snow route at the entrances to the street or part thereof affected and along its length, except where parking is prohibited at all times. The city engineer shall place and maintain signs indicating an odd/even side snow parking zone at the entrances to the streets which are on the boundaries of an area of streets designated as an odd/even side snow parking zone and along streets within these designated areas that have parking prohibited on one side. These signs shall conform to the specifications set forth in the manual on uniform traffic control devices adopted by the state department of transportation.

DIVISION 2. TRANSPORTATION SAFETY COMMITTEE*

Sec. 114-241. Created; composition; appointment; terms.

(a) There is established in and for the city a transportation safety committee.

(b) The transportation safety committee shall consist of 12 voting members. Eight of the members shall be appointed by the city council. One member shall be appointed by each council member with two members appointed by the mayor. The two members appointed by the mayor shall consist of a Des Moines Street Collective Board Member, or similarly focused organization, and a state of Iowa licensed professional engineer with transportation experience. One member shall be appointed by the superintendent of the Des Moines Independent Community School District to represent the interest of the schools citywide. One member shall be a Des Moines Area Regional Transit Authority staff member appointed by the Des Moines Area Regional Transit Authority to represent the interest of transit citywide. One member shall be appointed by the executive director of the Polk County Health Department to represent the perspective and issues involving transportation and health. One member shall be an Iowa Department of Transportation staff member appointed by the Iowa Department of Transportation District One Engineer to provide input and insights relative to state routes within Des Moines as well as other matters that may be impacted by or might impact state-wide practices to promote active transportation and safety.

(c) The term of office of each of the eight appointed members of the transportation safety committee shall be for staggered terms of three years. The expiration date for all terms of appointed members shall be December 31. Each member of the city council may recommend a candidate to fill one position on the board. Any of

*__Editor's note—__Ord. No. 15,589, § 1, adopted June 26, 2017, amended the title of Div. 2 to read as herein set out. Formerly, said division was titled "Traffic Safety Advisory Committee."

Cross reference—Boards, commissions, committees and agencies, § 2-1046 et seq.

the two members nominated by the mayor who cease to hold the qualifications for appointment to the seat they hold on the transportation safety committee shall cease to be a member of the transportation safety committee.

(d) Notwithstanding section 2-1059 regarding term limits, only the members of the transportation safety committee representing the Des Moines Independent Community School District, the Des Moines Area Regional Transit Authority, the Polk County Health Department and the Iowa Department of Transportation may be appointed and serve more than two full terms.

(e) Any five members shall constitute a quorum.

(f) Primary staff support for the transportation safety committee shall be provided by the city traffic engineer or a designee. Additional staff support shall be provided by a member of the Des Moines Police Department.
(C85, § 2-363; O.11,385; C91, § 2-363; O.11,788, 13,909, 14,987, 15,222, 15,528, 15,589, 16,330)

Sec. 114-242. Duties.

The transportation safety committee shall advise the city council on matters relating to the safe and efficient use of all transportation modes within the City of Des Moines. These transportation modes include but are not limited to motor vehicles, bicycles, and pedestrian modes used as part of the transportation system. The transportation system includes, but is not limited to, streets, sidewalks, and related transportation facilities.

The transportation safety committee shall advise the city council on all elements of the City of Des Moines transportation network including all council-approved plans related to transportation. The transportation safety committee shall, as it determines necessary, provide a public forum to hear citizen comments and requests regarding transportation matters on existing, new, or potential transportation facilities.

The transportation safety committee shall have the following duties:

(1) Advise the city council and make recommendations on any matter pertaining to the safe and efficient movement of all transportation modes.

(2) Review all proposed transportation project designs for the city's transportation system and recommend appropriate revisions to such designs as needed to provide compliance with the city's approved transportation plans and policies.

(3) Discuss the implementation of the city's Transportation Safety Action Plan at two regular meetings per year. At these meetings, the Committee will receive progress updates from staff on the Transportation Safety Action Plan, and provide high level and broad-based input towards the Transportation Safety Action Plan's implementation, support and any outreach and community engagement efforts. Periodic updates will be provided by the city staff to the city council of the progress of the Transportation Safety Action Plan as well as to other boards. Commissions or committees of the city.

(4) Perform such other and further duties as the city council may from time to time place upon the committee.

(C85, § 2-364; O.11,385; C91, § 2-364, 15,589, 16,330)

DIVISION 3. AUTOMATED TRAFFIC ENFORCEMENT

Sec. 114-243. Civil automated traffic enforcement.

(a) *Policy statement.* Having been presented with information and opinions concerning Automated Traffic Enforcement ("ATE"), the Des Moines City Council finds as follows:

(1) The use of ATE advances public interests of traffic safety and safety of emergency responders, as well as the interests of Des Moines taxpayers in cost effective enforcement of traffic laws;

(2) The use of ATE devices which capture an image of only the rear license plate strikes a desirable balance between the above stated public interests and privacy interests of the motoring public;

(3) The National Law Enforcement Telecommunications System ("Nlets") is a cost effective means for determining ownership of vehicles detected as traveling in violation of traffic laws within the city limits of Des Moines; and

(4) The technology underlying ATE is self-calibrating and reliable, and its accuracy is readily verifiable.

(b) *General.* The City of Des Moines, in accordance with the police powers authorized it by the State of Iowa for governing safe traffic flow and pursuant to Iowa Code section 321P, may deploy, erect or cause to have erected an automated traffic enforcement system for making video images of vehicles that fail to obey red light traffic signals at intersections designated by the city manager or his designee or fail to obey speed regulations at other locations in the city. The system may be managed by the private contractor that owns and operates the requisite equipment with supervisory control vested in the city's police department. Video images shall be provided to the police department by the contractor for review. The police department will determine which vehicle owners are in violation of the city's traffic control ordinances and are to receive a notice of violation for the offense.

(c) *Definitions.* The following phrases or terms when used in this section shall have the meanings ascribed to them herein:

Automated traffic enforcement system means an electronic system consisting of a photographic, video, or electronic camera and a vehicle sensor installed to work in conjunction with an official traffic controller or police department employee to automatically produce photographs, video or digital images of each vehicle violating a standard traffic control device or speed restriction.

Vehicle owner means the person or entity identified by the Iowa Department of Transportation, or registered with any other state vehicle registration office, as the registered owner of a vehicle. However, if the motor vehicle is the subject of a security agreement with a right of possession in the debtor, the debtor is deemed the owner, or if the motor vehicle is leased as defined in Iowa Code section 321.493, the lessee is deemed the owner for this section.

(d) *Offense.*

(1) The vehicle owner shall be liable for a civil penalty as imposed below if such vehicle crosses a marked stop line or the intersection plane at a system location when the traffic signal for that vehicle's direction is emitting a steady red light or red arrow.

(2) The vehicle owner or vehicle driver if the vehicle owner submitted evidence that the owner was not operating the motor vehicle at the time of the violation shall be liable for a civil penalty as imposed below if such vehicle travels at a speed above the posted speed limit.

(3) The violation may be rebutted by a showing that a stolen vehicle report was made on the vehicle encompassing the time period in question.

(4) The notice of violation shall not be reported to the Iowa Department of Transportation or similar department of any other state for the purpose of being added to the vehicle owner's driving record.

(e) *Penalty and appeal.*

(1) Any violation of subsection (d)(1) or subsection (d)(2) above shall be considered for a notice of violation for which a civil penalty in the amount specified in the schedule of administrative penalties adopted by city council by resolution shall be imposed, payable to the city at the city's finance department or a designee.

(2) A recipient of an automated traffic enforcement notice of violation may dispute the notice of violation by requesting an administrative hearing pursuant to chapter 3 or by requesting issuance of a municipal infraction by the police department. The owner of a motor vehicle who receives a citation for speeding may

submit evidence at the hearing that the owner was not operating the motor vehicle at the time of the violation. As part of the proceeding, the owner shall provide the name and address of the person who was operating the motor vehicle at the time of the violation. The request for an administrative hearing or issuance of a municipal infraction must initially be made within 30 days of the date that the notice of violation is issued. If the recipient of an automated traffic notice of violation who requests an administrative hearing is not satisfied with the determination of the hearing officer, he or she may request the police department to issue a municipal infraction within 30 days of the date of determination. If a timely request is made to the police department for the issuance of a municipal infraction, the city may issue a municipal infraction or dismiss the notice.

ARTICLE IV. TRAFFIC SIGNS, SIGNALS AND MARKINGS

Sec. 114-255. Authority to install traffic control devices.

The city engineer shall place and maintain or shall cause to be placed and maintained traffic control signs, signals and devices when and as required under this chapter and other city traffic ordinances and may place and maintain or may cause to be placed and maintained additional traffic control devices as he or she may deem necessary to regulate traffic under this chapter or under city traffic ordinances or under state law or to guide or warn traffic.

(C62, § 30-25; O.8084; C75, C79, § 27-29; C91, § 27-255; O.11,650)

State law reference—Authority to install traffic control signs, signals and devices, I.C. § 321.255.

Sec. 114-256. Obedience to official traffic control devices.

The driver of any vehicle shall obey the instruction of any official traffic control device applicable thereto placed in accordance with this chapter and other city traffic ordinances, unless otherwise directed by a police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this chapter.

(C62, § 30-26; O.8084; C75, C79, § 27-30; C91, § 27-256; O.11,650)

State law reference—Similar provisions, I.C. § 321.256.

Sec. 114-256.01. Location of traffic control devices at intersections.

Traffic control devices shall be installed and maintained at the intersections designated in subdivision II of division 3 of article XVI of this chapter, and the driver of a vehicle shall obey the instruction of any such traffic control device as provided in this chapter.

(C62, § 30-35; O.8084; C75, C79, § 27-39; C91, § 27-256.01; O.11,650)

Sec. 114-256.02. Location of traffic control devices at other than intersections.

Traffic control devices shall be installed and maintained at the locations other than intersections designated in subdivision III of division 3 of article XVI of this chapter, and the driver of a vehicle shall obey the instruction of any such traffic control device as provided in this chapter.

(C62, § 30-106; O.8084; C75, C79, § 27-113; C91, § 27-256.02; O.11,650)

Sec. 114-256.03. Traffic control devices required for enforcement purposes.

No section of this chapter for which signs are required shall be enforced against an alleged violation if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular

section does not state that signs are required, such section shall be effective without signs being erected to give notice thereof.
(C62, § 30-27; O.8084; C75, C79, § 27-31; C91, § 27-256.03; O.11,650)

Sec. 114-256.04. Obedience to no-turn signs and turning markers.

Whenever authorized signs are erected indicating that no right turn or left turn or U-turn is permitted, no driver of a vehicle shall disobey the directions of any such sign, and when authorized marks, buttons, or other indications are placed within an intersection indicating the course to be traveled by vehicles turning at the intersection, no driver of a vehicle shall disobey the directions of such indications.
(C62, § 30-28; O.8084; C75, C79, § 27-32; C91, § 27-256.04; O.11,650)

Sec. 114-257. Traffic control signal legend.

(a) Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend. These lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) *Green indication.*

a. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited.

b. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by the arrow, or other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

c. Unless otherwise directed by a pedestrian control signal as provided in section 114-257.03 of this article, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) *Steady yellow indication.*

a. Vehicular traffic facing a steady circular yellow signal or a steady yellow arrow signal is thereby warned that the related green movement is being terminated, and vehicular traffic shall no longer proceed into the intersection and shall stop. If the stop cannot be made in safety, a vehicle may be driven cautiously through the intersection.

b. Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian control signal as provided in section 114-257.03 of this article, are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right-of-way to all vehicles.

(3) *Steady red indication.*

a. Vehicular traffic facing a steady red signal alone shall stop before entering the crosswalk on the near side of the intersection or, if none, before entering the intersection and shall remain standing until a green indication is shown. A right turn shall be permitted at an intersection by vehicular traffic which has come to a complete stop unless a sign is in place prohibiting such a turn. Vehicular traffic on a one-way

highway facing a steady red signal may, after making a stop pursuant to this subsection, cautiously enter the intersection and make a left turn onto an intersecting one-way highway on which traffic travels to the left, unless a sign is in place prohibiting such a turn. Any turn made pursuant to this subsection shall be made in such a manner that it does not interfere with other vehicular or pedestrian traffic lawfully using the intersection.

b. Unless otherwise directed by a pedestrian control signal as provided in section 114-257.03 of this article, pedestrians facing a steady red signal alone shall not enter the roadway unless they can do so safely and without interfering with any vehicular traffic.

(b) If an official traffic control signal is erected and maintained at a place other than an intersection, this section shall be applicable except those subsections which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

(C62, § 30-29; O.8084, 8229, 8807; C75, C79, § 27-33; O.10,337; C91, § 27-257; O.11,650)

Sec. 114-257.01. Prohibited turn on red.

No person shall make a right or left turn with a vehicle after coming to a stop in obedience to a red signal until a green indication or flashing yellow arrow indication is shown at the following locations:

(1) At the intersection of Hickman Road, Merle Hay Road and Merklin Way, prohibiting right turns from eastbound Hickman Road to southbound Merle Hay Road or Merklin Way and from northbound Merle Hay Road to eastbound Hickman Road or southbound Merklin Way.

(2) At the intersection of Easton Boulevard, Avenue Frederick M. Hubbell and East Twenty-fifth Street, prohibiting right turns from eastbound Easton Boulevard to southbound East Twenty-fifth Street or westbound Avenue Frederick M. Hubbell or prohibiting right turns from southbound Frederick M. Hubbell Avenue to westbound Easton Boulevard.

(3) At the intersection of Mulberry Street and Fifth Avenue, prohibiting right turns from eastbound Mulberry Street to southbound Fifth Avenue.

(4) At the intersection of Court Avenue, and Water Street, prohibiting right turns from eastbound Court Avenue to southbound Water Street and from northbound Water Street to eastbound Court Avenue.

(5) At the intersection of Grand Avenue and Thirty-first Street, prohibiting right turns from northbound Thirty-first Street to eastbound Grand Avenue and southbound Thirty-first Street to westbound Grand Avenue.

(6) At the intersection of Grand Avenue and Fleur Drive, prohibiting right turns from eastbound Grand Avenue to southbound Fleur Drive.

(7) At the intersection of the Eighth Street Service Road west of the viaduct at Mulberry Street, prohibiting right turns from northbound Eighth Street Service Road to eastbound Mulberry Street.

(8) At the intersection of Eighth Street and Mulberry Street, prohibiting right turns from westbound Mulberry Street to northbound Eighth Street.

(9) At the intersection of Eighth Street and Mulberry Street, prohibiting right turns from northbound Eighth Street to eastbound Mulberry Street.

(10) At the intersection of East Thirty-third Street and Frederick M. Hubbell Avenue, prohibiting right turns from southbound East Thirty-third Street to westbound Frederick M. Hubbell Avenue.

(11) At the intersection of Forty-second Street and Center Street, prohibiting right turns from southbound Forty-second Street to westbound Center Street.

(12) At the intersection of Martin Luther King Jr Parkway and Interstate 235 Eastbound Exit Ramp, prohibiting right turns from eastbound Interstate 235 to southbound Martin Luther King Jr Parkway.

(13) At the intersection of Grand Avenue and Ninth Street, prohibiting left turns from westbound Grand Avenue to southbound Ninth Street.

(14) At the intersection of Hickman Road and 6th Avenue, prohibiting right turns from eastbound Hickman Road to southbound 6th Avenue.

Sec. 114-257.02. Flashing signals.

(a) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal, it shall require obedience by vehicular traffic as follows:

(1) *Flashing red (stop signal).* When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked or, if none, before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(2) *Flashing yellow (caution signal).* When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(b) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in section 114-341 of this chapter.
(C62, § 30-31; O.8084; C75, C79, § 27-35; C91, § 27-257.02; O.11,650)

Sec. 114-257.03. Pedestrian control signals.

Whenever special pedestrian control signals exhibiting the words "walk" or "don't walk" are in place, such signals shall indicate as follows:

(1) *Walk.* Pedestrians facing such signals may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(2) *Don't walk.* No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his or her crossing on the walk signal shall proceed to a sidewalk or safety island while the don't walk signal is showing.
(C62, § 30-30; O.8084; C75, C79, § 27-34; C91, § 27-257.03; O.11,650)

Sec. 114-257.04. Stop when traffic obstructed.

No driver shall enter an intersection or a marked crosswalk unless there is sufficient space on the other side to accommodate the vehicle he or she is operating without obstructing the passage of other vehicles or pedestrians, notwithstanding any traffic control signal indication to proceed.
(C62, § 30-157; O.8084; C75, C79, § 27-164; C91, § 27-257.04; O.11,650)

Editor's note—Ord. No. 15,583, § 1, adopted May 22, 2017, repealed § 114-257.06, which pertained to Ingersoll bus lane traffic restrictions and derived from Ord. No. 14,227.

Sec. 114-258. Reserved.

Sec. 114-259. Display of unauthorized signs, signals or markings.

(a) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official parking sign, curb or other marking, traffic control device or railroad sign or signal or which attempts to direct the movement of traffic or which hides from view or interferes with the effectiveness of any official traffic control device or any railroad sign or signal, and no person shall place or maintain upon any highway any traffic sign or signal bearing thereon any commercial advertising. This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs, giving useful directional information of a type that cannot be mistaken for official signs.

(b) The following signs interfere with the effectiveness of traffic control devices and are prohibited:

(1) All illuminated, projecting advertising or identification signs which are located over the surface of the city street right-of-way within 25 feet of the intersection of the property lines at any signalized intersection, to a point 16 feet above grade.

(2) All illuminated fascia advertising or identification signs located from nine to 14 feet above grade, within five feet of any signalized intersection measured along the property line.

(3) All illuminated advertising or identification signs located from nine to 14 feet above grade, within the triangular area

formed by the city street right-of-way lines and a line drawn through points ten feet away from the intersection of the property lines at a signalized intersection.

(4) All signs using or containing a light source wherein the light from that light source is concentrated into a flood, beacon or ray by means of any lens reflector or other light-concentrating or -intensifying device and wherein the light source, lens or other light-concentrating or -intensifying device is so displayed that it is visible to a motorist driving on a public way.

(5) All whirling, undulating, fluttering signs, flashers or chasers that contain an exposed lamp with a rating of more than 11 watts or an inert gas tube with a rating of more than 60 milliamps wherein the lamp or tube is visible to a motorist driving on a public way. If inside frosted lamps or exposed lamps with a diffusing screen are used, no lamps shall exceed a rating of 25 watts.

(c) Every such prohibited sign, signal or marking is declared to be a public nuisance and may be removed without notice.

ARTICLE V. OPERATION OF VEHICLES

DIVISION 1. ACCIDENTS

Sec. 114-262. Damage to vehicle.

The driver of any vehicle involved in an accident resulting only in damage to a vehicle which is driven or attended by any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible, but shall forthwith return to and in every event shall remain at the scene of such accident until he or she has fulfilled the notice and aid requirements of I.C. § 321.263. Every such stop shall be made without obstructing traffic more than is necessary. Any person failing to stop or comply with these requirements under such circumstances shall be guilty of a simple misdemeanor.

DIVISION 2. MOTORCYCLES AND MOTORIZED BICYCLES

Sec. 114-275. Operation.

(a) *Applicability of chapter.* All sections of this chapter shall apply to the operators of motorcycles and motorized bicycles to the extent reasonable and practicable.

(b) *Riders.*

(1) *Motorized bicycles.* A person operating a motorized bicycle on the highways shall not carry any other person on the vehicle.

(2) *Motorcycles.* A person shall not operate or ride a motorcycle on the highways with another person on the motorcycle unless the motorcycle is designed to carry more than one person. The additional passenger may ride upon the permanent and regular seat if designed for two persons, or upon another seat firmly attached to the motorcycle at the rear of the operator. The motorcycle shall be equipped with footrests for the passenger unless the passenger is riding in a sidecar or enclosed cab. The motorcycle operator shall not carry any person nor shall any other person ride in a position that will interfere with the operation or control of the motorcycle or the view of the operator.

(c) *Sitting position.* A person operating a motorcycle or motorized bicycle shall ride only upon the vehicle's permanent and regular attached seat. Every person riding upon the vehicle shall be sitting astride the seat, facing forward, with one leg on either side of the vehicle.

(d) *Use of traffic lanes.* Persons shall not operate motorcycles or motorized bicycles more than two abreast in a single lane. Except for persons operating such vehicles two abreast, a motor vehicle shall not be operated in a manner depriving a motorcycle or motorized bicycle operator of the full use of a lane. A motorcycle or motorized bicycle shall not be operated between lanes of traffic or between adjacent lines or rows of vehicles. The operator of a motorcycle or motorized bicycle shall not overtake and pass in the same lane occupied by the vehicle being overtaken unless the vehicle being overtaken is a motorcycle or motorized bicycle.

(e) *Use of headlights.* A person shall not operate a 1977 or later model year motorcycle or any model year motorized bicycle upon the highways without displaying at least one lighted headlamp of the type prescribed by the state department of transportation. However, this section is subject to the exceptions with respect to parked vehicles as provided in this chapter.

(f) *Carrying of packages.* The operator of a motorcycle or motorized bicycle shall not carry any package, bundle, or other article which prevents the operator from keeping both hands on the handlebars.

(g) *Handlebars.* A person shall not operate a motorcycle or motorized bicycle with handlebars more than 15 inches in height above that portion of the seat occupied by the operator.

(h) *Parades.* The sections of this division do not apply to motorcycles or motorized bicycles when used in a parade authorized by a proper permit pursuant to chapter 102 of this Code.

(i) *Bicycle safety flags required on motorized bicycles.* When operated on a highway, a motorized bicycle shall have a bicycle safety flag which extends not less than five feet above the ground attached to the rear of the motorized bicycle. The bicycle safety flag shall be triangular in shape with an area of not less than 30 square inches and shall be dayglow in color.
(C85, § 27-175.03; O.10,937; C91, § 27-275; O.11,650)

State law reference—Similar provisions, I.C. § 321.275.

Sec. 114-276. Use of electronic communication device while driving.

(a) For purposes of this section:

(1) *"Electronic message"* includes images visible on the screen of a hand-held electronic communication device including a text-based message, an instant message, a portion of electronic mail, an internet site, a social media application, or a game.

(2) *"Engage in a call"* means talking or listening on a mobile telephone or other portable electronic communication device.

(3) *"Hand-held electronic communication device"* means a mobile telephone or other portable electronic communication device capable of being used to write, send, or view an electronic message. "Hand-held electronic communication device" does not include a voice-operated or hands-free device which allows the user to write, send, or view an electronic message without the use of either hand except to activate or deactivate a feature or function. "Hand-held electronic communication device" does not include a wireless communication device used to transmit or receive data as part of a digital dispatch system. "Hand-held electronic communication device" includes a device which is temporarily mounted inside the motor vehicle, unless the device is a voice-operated or hands-free device.

(4) The terms *"write"*, *"send"*, and *"view"*, with respect to an electronic message, mean the manual entry, transmission, or retrieval of an electronic message, and include playing, browsing, or accessing an electronic message.

(b) A person shall not use a hand-held electronic communication device to write, send, or view an electronic message while driving a motor vehicle unless the motor vehicle is at a complete stop off the traveled portion of the roadway.

(1) A person does not violate this section by using a global positioning system or navigation system or when, for the purpose of engaging in a call, the person selects or enters a telephone number or name in a hand-held mobile telephone or activates, deactivates, or initiates a function of a hand-held mobile telephone.

(2) The provisions of this subsection relating to writing, sending, or viewing an electronic message do not apply to the following persons:

a. A member of a public safety agency, as defined in Iowa Code § 34.1, performing official duties.

b. A health care professional in the course of an emergency situation.

c. A person receiving safety-related information including emergency, traffic, or weather alerts.

d. Nothing in this section shall be construed to authorize a peace officer to confiscate a hand-held electronic communication device from the driver or occupant of a motor vehicle.

e. A violation of this section shall not be considered a moving violation for purposes of this chapter or rules adopted pursuant to this chapter.

DIVISION 3. SPEED

Sec. 114-277. Reckless driving.

(a) Any person who drives any vehicle in such manner as to indicate either a willful or a wanton disregard for the safety of persons or property is guilty of reckless driving.

(b) Every person convicted of reckless driving shall be guilty of a simple misdemeanor.
(C62, § 30-167; O.8084; C75, C79, § 27-174; C91, § 27-277; O.11,650, 14,374)

Sec. 114-277A. Careless driving.

(a) A person commits careless driving if the person intentionally operates a motor vehicle on a public road or highway in any one of the following ways:

(1) Creates or causes unnecessary tire squealing, skidding, or sliding upon acceleration or stopping.

(2) Simulates a temporary race.

(3) Causes any wheel or wheels to unnecessarily lose contact with the ground.

(4) Causes the vehicle to unnecessarily turn abruptly or sway.

(b) A person convicted of violating this section shall pay the scheduled fine in the amount stated at I.C. § 805.8A, subsection 6, paragraph c.
(O.14,374)

Sec. 114-278. Drag racing.

No person shall engage in any motor vehicle speed contest or exhibition of speed on any street or highway, and no person shall aid or abet any motor vehicle speed contest or speed exhibition on any street or highway, except that a passenger shall not be considered as aiding and abetting. The term "motor vehicle speed contest" or "exhibition of speed" is defined as one or more persons competing in speed in excess of the applicable speed limit in vehicles on the public streets or highways.

Secs. 114-282, 114-283. Reserved.

Sec. 114-284. Open containers in motor vehicles—Drivers.

A driver of a motor vehicle upon a public street or highway shall not possess in the passenger area of the motor vehicle an open or unsealed bottle, can, jar, or other receptacle containing an alcoholic beverage. "Passenger area" means the area designed to seat the driver and passengers while the motor vehicle is in operation and any area that is readily accessible to the driver or a passenger while in their seating positions, including the glove compartment. An open or unsealed receptacle containing an alcoholic beverage may be transported in the trunk of the motor vehicle. An unsealed receptacle containing an alcoholic beverage may be transported behind the last upright seat of the motor vehicle if the motor vehicle does not have a trunk.
(O.15,808)

State law reference—Similar provisions, I.C. § 321.284.

Sec. 114-285. General restrictions.

(a) Any person driving a motor vehicle on a highway shall drive the vehicle at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface, and width of the highway and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit the person to bring it to a stop within the assured clear

distance ahead, such driver having the right to assume, however, that all persons using such highway will observe the law.

(b) Except as modified in this chapter, the lawful speed in any business, school, or residence district shall be 25 miles per hour. Any speed in excess thereof shall be unlawful.
(C62, § 30-169; O.8084; C75, C79, § 27-176; C91, § 27-285; O.11,650)

Sec. 114-288. Control of vehicle; reduced speed.

(a) A person operating a motor vehicle shall have the vehicle under control at all times.

(b) A person operating a motor vehicle shall reduce the speed to a reasonable and proper rate when:

(1) Approaching and passing a person walking in the traveled portion of the public highway.

(2) Approaching and passing an animal which is being led, ridden, or driven upon a public highway.

(3) Approaching and traversing a crossing or intersection of public highways or a bridge, sharp turn, curve, or steep descent in a public highway.

(4) Approaching and passing an emergency warning device displayed in accordance with rules adopted under I.C. § 321.449 or an emergency vehicle displaying a revolving or flashing light.

(5) Approaching and passing a slow moving vehicle displaying a reflective device as provided by I.C. § 321.383.

(6) Approaching and passing through a sign-posted construction or maintenance zone upon the public highway.

(C62, § 30-171; O.8084; C75, C79, § 27-178; O.9897; C85, § 27-178; O.11,305; C91, § 27-288; O.11,650)

Sec. 114-289—114-293. Reserved.

Sec. 114-294. Impeding traffic by slow speed.

No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with the law. Peace officers are authorized to enforce this section by direction to drivers. The apparent willful disobedience of this section and refusal to comply with the direction of an officer in accordance with this section shall constitute a violation of this chapter and shall be punishable as a scheduled violation in the amount stated at I.C. § 805.8A, subsection 8.

DIVISION 4. OVERTAKING AND PASSING

Sec. 114-297. Driving on right-hand side of roadway.

(a) A vehicle shall be driven upon the right half of the roadway upon all roadways of sufficient width, except as follows:

(1) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement.

(2) When an obstruction exists making it necessary to drive to the left of the center of the roadway, provided any person doing so shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway within such distance as to constitute an immediate hazard.

(3) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon.

(4) Upon a roadway restricted to one-way traffic.

(b) Any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic upon all roadways or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, an alley, a private road or a driveway.

(c) A vehicle shall not be driven upon any roadway, having four or more lanes for moving traffic and providing for two-way movement of traffic, to the left of the centerline of the roadway, except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (a)(2) of this section. This subsection shall not be construed as prohibiting the crossing of the centerline making a left turn into or from an alley, a private road, or a driveway.
(C62, § 30-132; O.8084, 8626; C75, C79, § 27-140; C91, § 27-297; O.11,650)

Sec. 114-298. Meeting and yielding.

Except as otherwise provided in section 114-297 of this division, persons on horseback or in vehicles, including motor vehicles, meeting each other on the public highways shall yield one-half of the traveled way thereof by turning to the right.
(C62, § 30-133; O.8084, 8626; C75, C79, § 27-141; C91, § 27-298; O.11,650)

State law reference—Similar provisions, I.C. § 321.298.

Sec. 114-299. Overtaking a vehicle.

The following shall govern the overtaking and passing of vehicles proceeding in the same direction subject to those limitations, exceptions and special rules stated:

(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle and shall not increase the speed of his or her vehicle until completely passed by the overtaking vehicle.

(C62, § 30-134; O.8084; C75, C79, § 27-142; C91, § 27-299; O.11,650)

State law reference—Similar provisions, I.C. § 321.303.

Sec. 114-304. Reserved.

Sec. 114-305. One-way roadways and rotary traffic islands.

(a) Upon a roadway designated and sign-posted for one-way traffic, a vehicle shall be driven only in the direction designated.

(b) A vehicle passing around a rotary traffic island shall be driven only to the right of such island.
(C91, § 27-305; O.11,650)

State law reference—Similar provisions, I.C. § 321.305.

Sec. 114-305.01. Locations of one-way streets.

The streets or parts of streets set out in division 5 of article XVI of this chapter are designated as one-way streets, and vehicular traffic shall move thereon only in the direction indicated, when signs are erected giving notice thereof.
(C62, § 30-247; O.8084; C75, C79, § 27-257; C91, § 27-305.01; O.11,650)

Sec. 114-305.02. Erection of signs for one-way streets.

The city engineer shall place and maintain signs indicating the direction of lawful traffic movement at every intersection of the streets designated in division 5 of article XVI of this chapter where movement of traffic in the opposite direction is prohibited.
(C62, § 30-248; O.8084; C75, C79, § 27-258; C91, § 27-305.02; O.11,650)

Sec. 114-305.03. One-way street parking.

(a) Unless prohibited by this Code or other city ordinances regulating or restricting the parking or standing of vehicles on the streets as designated in division 5 of article XVI of this chapter, vehicles may be stopped or parked on such one-way streets with the lefthand wheels adjacent to and within 18 inches but not closer than two inches of the lefthand curb of such streets. Any motorcycle may be stopped or parked with its rear wheel within 18 inches of the lefthand curb.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-249; O.8084, 8754; C75, C79, § 27-259; C91, § 27-305.03; O.11,650, 14,244, 16,470)

Sec. 114-305.04. One-way alleys designated.

(a) All alleys less than 20 feet in width within any business district shall be one-way alleys. Except for the portion of such alleys in which two-way traffic is permitted, all east and west alleys in any business district shall be traversed from east to west, and all north and south alleys shall be traversed from south to north.

(b) The north and south alley between Rollins Avenue and Crocker Street from Forty-first Street to Forty-second Street shall be traversed from south to north.

(c) The east and west alley between East Twenty-first Street and East Twenty-second Street, just north of East University Avenue, shall be traversed from west to east.

(d) The east and west alley between Second Avenue and Third Street, 160 feet south of Court Avenue, shall be traversed from east to west.

(e) The east and west alley between Second Avenue and Third Street, 310 feet south of Court Avenue, shall be traversed from west to east.
(C62, § 30-245; O.8084, 8839; C75, C79, § 27-255; O.10,638; C85, § 27-255; O.11,402; C91, § 27-305.04; O.11,650, 13,218)

Sec. 114-305.05. Erection of signs for one-way alleys.

The city engineer shall place and maintain signs indicating the direction of lawful traffic movement at every intersection of the alleys designated in section 114-305.04, and vehicular traffic shall move thereon only in the direction indicated when such signs are erected.
(C62, § 30-246; O.8084; C75, C79, § 27-256; C91, § 27-305.05; O.11,650)

Sec. 114-306. Marking of traffic lanes; rules for travel.

(a) The city engineer is authorized to mark traffic lanes upon the roadway of any street or highway where a regular alignment of traffic is necessary.

(b) Whenever any roadway has been divided into three or more clearly marked lanes for traffic, the following rules in addition to all others consistent with this section, shall apply:

(1) A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from that lane until such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

(3) Official signs may be erected directing slow moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction, and drivers of vehicles shall obey the directions of every such sign.

(4) Vehicles moving in a lane designated for slow moving traffic shall yield the right-of-way to vehicles moving in the same direction in a lane not so designated when such lanes merge to form a single lane.

(C62, § 30-137; O.8084; C75, C79, § 27-145; C91, § 27-306; O.11,650)

State law reference—Similar provisions, I.C. § 321.306.

Sec. 114-306.01. Traffic lanes allocated.

No person shall operate a vehicle in violation of the signs erected or pavement markings installed giving notice of the allocation of lanes of the street designated in this section. The director of traffic and transportation shall cause necessary and appropriate signs to be posted or necessary pavement markings installed along the street designated as follows, informing the general public of the restrictions:

(1) On Southeast First Street, from Southwest Water Street to Indianola Road, one lane

northbound, one lane southbound, and the center lane northbound and southbound left turn only.

(2) On Sixth Avenue, from Ascension Street to Euclid Avenue, two lanes northbound, two lanes southbound, and the center lane northbound and southbound left turn only.

(3) On Southwest Ninth Street, from West Street to Wade Street, one lane northbound, one lane southbound, and the center lane northbound and southbound left turn only.

(4) On Southwest Ninth Street, from a point 230 feet south of McKinley Avenue to a point 300 feet south thereof, two lanes northbound, two lanes southbound, and the center lane northbound and southbound left turn only.

(5) On Easton Boulevard, from East Twenty-second Street to Avenue Frederick M. Hubbell, one lane eastbound, one lane westbound, and the center lane eastbound and westbound left turn only.

(6) On Bell Avenue, from 200 feet east of Fleur Drive to 150 feet west of Druid Hill Drive, one lane eastbound, one lane westbound, and center lane eastbound and westbound left-turn only.

(7) On Grand Avenue, from West Third Street to East Sixth Street, one lane eastbound and the remaining lanes westbound.

(8) On Crocker Street, from Sixteenth Street to Nineteenth Street, two lanes westbound and one lane eastbound.

(9) On Hickman Road, from 400 feet west of Thirtieth Street to Fortieth Place, two lanes eastbound, two lanes westbound and the center lane eastbound and westbound left turn lane.

(10) On Hickman Road, from a point 300 feet west of Beaver Avenue to Fifty-seventh Street, two lanes eastbound, two lanes westbound and the center lane eastbound and westbound left turn lane.

(11) On University Avenue, from Twenty-fourth Street to 650 feet west of Forty-eight Street, two lanes eastbound, two lanes westbound, and the center lane eastbound and westbound left turn only.

(12) On Beaver Avenue, from Urbandale Avenue to a point 290 feet north of Madison Avenue, and from Shawnee Avenue to Aurora Avenue, one lane northbound, one lane southbound, and the center lane northbound and southbound left turn only.

(13) On Lower Beaver Road, from Douglas Avenue to Valdez Drive (west leg), on lane northbound, one lane southbound, and the center lane northbound and southbound left turn only.

(14) On East Court Avenue, from a point 500 feet east of East Seventh Street to a point 300 feet west of East Fourteenth Street, one lane eastbound, one lane westbound, and the center lane eastbound and westbound left turn only.

(15) On Ingersoll Avenue, from a point 160 feet west of Fourteenth Street to a point 170 feet east of Forty-second Street, one lane eastbound, one lane westbound, and the center lane eastbound and westbound left turn only.

(16) On Scott Avenue, from a point 150 feet west of Southeast Fourth Street to Southeast Sixth Street, one lane eastbound, one lane westbound, and the center lane eastbound and westbound left turn only.

DIVISION 5. TURNING AND STARTING AND SIGNALS ON STOPPING AND TURNING

Sec. 114-311. Turning at intersections.

The following shall be applicable when the driver of a vehicle intends to turn:

(1) Right at an intersection. Both the approach for a right turn and a right turn shall be made as close as practical to the right-hand curb or edge of the roadway.

(2) Left on two-way streets. At any intersection where traffic is permitted to move in both directions on each street entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the centerline thereof and by passing to the right of such centerline where it enters the intersection, and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the centerline of the roadway being entered.

(3) Left on other than two-way streets.

a. At any intersection where traffic is restricted to one direction on one or more of the streets, both the approach for a left turn and a left turn shall be made as close as practical to the left-hand curb or edge of the roadway.

b. The city engineer is authorized to place markers, buttons, or signs within or adjacent to intersections indicating the course to be traveled by vehicles turning at such intersections; the course to be traveled as so indicated may conform to or be other than as prescribed by this section.

(C62, §§ 30-141, 30-142; O.8084; C75, C79, § 27-149; C62, § 30-140; O.8084; C75, C79, § 27-148; C91, § 27-311; O.11,650)

State law reference—Similar provisions, I.C. § 321.311.

Sec. 114-311.01. Limitations on turning around.

(a) The driver of any vehicle shall not turn his or her vehicle so as to proceed in the opposite direction (sometimes referred to as a U-turn) upon any street in a business district when official traffic control devices are erected and shall not upon any other street so turn a vehicle unless such movement can be made in safety and without interfering with other traffic.

(b) No person shall make a U-turn with a vehicle within any intersection where traffic is controlled by a traffic control signal.
(C62, § 30-143; O.8084; C75, C79, § 27-150; C91, § 27-311.01; O.11,650)

Sec. 114-311.02. Certain U-turns prohibited.

No driver of any motor vehicle shall make a U-turn within 200 feet of any traffic channelizing island.
(C62, § 30-144; O.8084; C75, C79, § 27-151; C91, § 27-311.02; O.11,650)

Sec. 114-311.03. Prohibited right turns.

No person shall make a right turn with a vehicle at the following location: at the intersection of Pennsylvania Avenue and Walker Street, prohibiting right turns from northbound Pennsylvania Avenue to eastbound Walker Street.
(C85, § 27-151.01; O.11,547; C91, § 27-311.03; O.11,650)

Sec. 114-312. Reserved.

Sec. 114-313. Starting parked vehicle.

No person shall start or otherwise put in motion a vehicle which is stopped, standing or parked unless and until such movement can be made with reasonable safety.
(C85, § 27-175.04; O.10,937; C91, § 27-313; O.11,650)

State law reference—Similar provisions, I.C. § 321.313.

Sec. 114-314. Signal required for turning.

No person shall turn a vehicle from a direct course upon a street unless and until such movement can be made with reasonable safety and then only after a clearly audible signal by sounding the horn, if any pedestrian may be affected by such movement, or after giving an appropriate signal in the manner provided in this division, if any other vehicle may be affected by such movement.
(C62, § 30-147; O.8084; C75, C79, § 27-154; C91, § 27-314; O.11,650)

State law reference—Similar provisions, I.C. § 321.314.

Sec. 114-315. Continuous signal of intent to turn.

A signal of intention to turn right or left shall be given continuously during not less than the last 100 feet traveled by the vehicle before turning when the speed limit is 45 miles per hour or less and a continuous signal during not less than the last 300 feet when the speed limit is in excess of 45 miles per hour.
(C62, § 30-148; O.8084; C75, C79, § 27-155; C91, § 27-315; O.11,650)

State law reference—Similar provisions, I.C. § 321.315.

Sec. 114-316. Signal upon slowing down or stopping.

No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided in this division to the driver of any vehicle immediately to the rear when there is opportunity to give such signal.
(C62, § 30-149; O.8084; C75, C79, § 27-156; C91, § 27-316; O.11,650)

State law reference—Similar provisions, I.C. § 321.316.

Sec. 114-317. Signal by hand and arm or signal device.

(a) The signals required under this division may be given either by means of the hand and arm as provided in section 114-318 of this division or by a mechanical or electrical directional signal device or light of a type approved by the state department of transportation and conforming to the sections of this chapter relating thereto.

(b) Directional signal devices shall be designed with white, yellow or amber lamps to be displayed on the front of vehicles and with lamps of red, yellow or amber to be displayed on the rear of vehicles. Such devices shall be capable of clearly indicating any intention to turn either to the right or to the left and shall be visible and understandable during both daylight and darkness from a distance of at least 100 feet from the front and rear of a vehicle equipped therewith.

(c) No person shall sell or offer for sale or operate on the city highways any vehicle subject to registration under state law which has never been registered in this or any other state prior to January 1, 1954, unless the vehicle is equipped with a directional signal device of a type approved by the state department of transportation and is in compliance with subsection (b) of this section. Motorcycles, motor scooters, bicycles with motor attached and semitrailers and trailers less than 40 inches in width are exempt from this section.

(d) When a vehicle is equipped with a directional signal device, such device shall at all times be maintained in good working condition. No directional signal device shall project a glaring or dazzling light. All directional signal devices shall be self-illuminated when in use while other lamps on the vehicle are lighted.

(e) Whenever any vehicle or combination of vehicles is disabled or for other reason may present a vehicular traffic hazard requiring unusual care in approaching, overtaking or passing during the hours of darkness, the operator may display on such vehicle or combination of

vehicles four directional signals of a type complying with this section relating to directional signal devices in simultaneous operation.

State law reference—Similar provisions, I.C. § 321.317.

Sec. 114-318. Method of giving hand and arm signals.

All signals required under this division which may be given by hand and arm shall, when so given, be given from the left side of the vehicle, and the following manner and interpretation thereof is suggested:

(1) *Left turn.* Hand and arm extended horizontally.

(2) *Right turn.* Hand and arm extended upward.

(3) *Stop or decrease of speed.* Hand and arm extended downward.

(C62, § 30-151; O.8084; C75, C79, § 27-158; C91, § 27-318; O.11,650)

State law reference—Similar provisions, I.C. § 321.318.

DIVISION 6. RIGHT-OF-WAY

Sec. 114-319. Approaching or entering intersections.

(a) When two vehicles enter an intersection from different highways or public streets at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(b) The rule in subsection (a) of this section is modified at through streets and as otherwise stated in this chapter.
(C62, § 30-152; O.8084; C75, C79, § 27-159; C91, § 27-319; O.11,650)

State law reference—Similar provisions, I.C. § 321.319.

Sec. 114-319.02. Locations of three-way stop intersections.

The following intersections are hereby designated as three-way intersections. Stop signs shall be installed and maintained at the following intersections and the driver of a vehicle approaching these intersections from the directions hereinafter designated shall stop in accordance with this chapter before entering these intersections:

(1) East Douglas Avenue and East Thirty-eighth Street. The driver of a vehicle approaching this intersection from the south, east and west shall stop before entering the intersection.

(2) Pennsylvania Avenue and East Washington Avenue. The driver of a vehicle approaching this intersection from the east, north and south shall stop before entering the intersection.

Sec. 114-319.04. Location of five-way stop intersections.

The following intersections are designated as five-way stop intersections. Stop signs shall be installed and maintained at the following intersections, and the driver of a vehicle approaching these intersections from any direction shall stop in accordance with this chapter before entering the intersections:

(1) Forty-ninth Street, Woodland Avenue and Country Club Boulevard.

(2) Sixtieth Street, Cummins Parkway and Clark Street.

(C62, § 30-552; O.8084; C75, C79, § 27-564; C91, § 27-319.04; O.11,650, 13,858, 16,299)

Sec. 114-320. Yielding for left turns.

The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to all vehicles approaching from the opposite direction which are within the intersection or so close to the intersection, alley, private road or driveway as to constitute an immediate hazard, then the driver, having so yielded and having given a signal when and as required by this chapter, may make such left turn.

(C62, § 30-153; O.8084, 8626; C75, C79, § 27-160; O.10,245; C91, § 27-320; O.11,650)

State law reference—Similar provisions, I.C. § 321.320.

Sec. 114-320.01. Prohibited left turns.

No person shall make a left turn with a vehicle at the following locations:

(1) At the intersection of East Euclid Avenue and Des Moines Freeway (Interstate Highway 235), prohibiting left turns from westbound East Euclid Avenue to southbound ramp, and prohibiting left turns from eastbound East Euclid Avenue to the northbound entrance ramp.

(2) At the intersection of Sixth Avenue and Mercy Drive, prohibiting left turns from westbound Mercy Drive to southbound Sixth Avenue, between 3:00 p.m. and 6:00 p.m.

(3) At the intersection of Forty-second Street and Des Moines Freeway (Interstate Highway 235), prohibiting left turns from southbound Forty-second Street to the eastbound entrance ramp.

(4) At the intersection of Southwest Ninth Street and Tuttle Street, prohibiting left turns from the southbound service road of Southwest Ninth Street to Tuttle Street.

(5) Reserved.

(6) At the intersection of Hickman Road and Sixty-first Street, prohibiting left turns from eastbound Hickman Road to northbound Sixty-first Street, between 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m., Monday through Saturday.

(7) At the intersection of Fleur Drive and Iowa Highway 5, prohibiting left turns from southbound Fleur Drive to the eastbound Iowa 5 entrance ramp, and prohibiting left turns from northbound Fleur Drive to the westbound Iowa 5 entrance ramp.

(8) At the intersection of Iowa Highway 28 and Iowa Highway 5, prohibiting left turns from southbound Iowa 28 to the eastbound Iowa 5 entrance ramp, and prohibiting left turns from northbound Iowa 28 to the westbound Iowa 5 entrance ramp.

(9) At the intersection of Forty-first Street and University Avenue, prohibiting left turns and through movements from southbound Forty-first Street to and/or across University Avenue.

(10) At the intersection of East Diehl Avenue and a private driveway 220 feet west of Southeast Fourteenth Street, prohibiting left turns northbound from the driveway to East Diehl Avenue.

(11) At the intersection of Fifty-seventh Street and a private driveway 350 feet north of Douglas Avenue, prohibiting left turns eastbound from the driveway to Fifty-seventh Street.

(12) At the intersection of Grand Avenue and a private driveway 500 feet west of 19th Street, prohibiting left turns northbound from the driveway to Grand Avenue.

(13) At the intersection of Grand Avenue and a private driveway 1,140 feet west of 19th Street, prohibiting left turns northbound from the driveway to Grand Avenue.

(14) At the intersection of Forty-second Street and Chamberlain Avenue, prohibiting left turns and through movements from eastbound Chamberlain Avenue to and/or across Forty-second Street.

Sec. 114-320.02. Reserved.

Editor's note—Ord. No. 15,172, § 1, adopted March 11, 2013, repealed § 114-320.02, which pertained to Walnut Transit Mall turning restrictions and derived from Code 1985, § 27-152.01; Ord. No. 10,748; Code 1991, § 27-320.02; Ord. No. 11,650.

Sec. 114-321. Entering through highways.

The driver of a vehicle shall stop or yield as required by this chapter at the entrance to a through highway and shall yield the right-of-way to other vehicles which have entered the intersection from the through highway or which are approaching so closely on the through highway as to constitute a hazard. The driver having so yielded may proceed cautiously and with due care enter the through highway.
(C62, § 30-154; O.8084; C75, C79, § 27-161; C91, § 27-321; O.11,650)

State law reference—Similar provisions, I.C. § 321.321.

Sec. 114-321.01. Signs required at through streets.

Whenever any section of this Code or city ordinance designates and describes a through street, the city engineer shall place and maintain a stop or yield sign on every street intersecting such through street unless traffic at any such intersection is controlled at all times by traffic control signals. However, at the intersection of two such through streets or at the intersection of a through street and a heavy traffic street not so designated, stop signs or traffic control signals may be erected at the approaches of either of such streets as may be determined by the city engineer upon the basis of an engineering and traffic study.
(C62, § 30-331; O.8084; C75, C79, § 27-342; O.10,696, 10,730; C91, § 27-321.01; O.11,650)

Sec. 114-321.02. Location of through streets.

The streets or parts of streets set out in division 6 of article XVI of this chapter are designated as through streets and shall be controlled by stop or yield signs as indicated in this division, and connecting roadways at intersections designated shall be controlled by stop or yield signs as indicated.
(C62, § 30-332; O.8084; C75, C79, § 27-343; O.10,730; C91, § 27-321.02; O.11,650)

Sec. 114-322. Entering stop or yield intersection.

(a) The driver of a vehicle shall likewise stop or yield in obedience to a stop or yield sign as required in this chapter at an intersection where a stop or yield sign is erected at one or more entrances thereto although not a part of a through highway. He or she shall proceed cautiously, yielding to vehicles not so obliged to stop or yield which are within the intersection or approaching so closely as to constitute a hazard, but may then proceed.

(b) The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions or shall stop if necessary and shall yield the right-of-way to any pedestrian legally crossing the roadway on which he or she is driving and to any vehicle in the intersection or approaching on another highway so closely as to constitute a hazard. The driver having so yielded may proceed with caution.
(C62, § 30-155; O.8084; C75, C79, § 27-162; C91, § 27-322; O.11,650)

State law reference—Similar provisions, I.C. § 321.322.

Sec. 114-323. Backing vehicle on street or highway.

No person shall cause a vehicle to be moved in a backward direction on a street or highway unless and until he or she can do so with reasonable safety, and he or she shall yield the right-of-way to any approaching vehicle on the street or highway or intersecting street or highway thereto which is so close thereto as to constitute an immediate hazard.
(C62, § 30-162; O.8084; C75, C79, § 27-169; C91, § 27-323; O.11,650)

State law reference—Similar provisions, I.C. § 321.323.

Sec. 114-324. Operation upon approach of emergency vehicles.

(a) Upon the immediate approach of an authorized emergency vehicle, with any lamp or device displaying a red light or flashing red light from directly in front thereof or when the driver is giving audible signal by siren, exhaust whistle or bell, the driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to and as close as possible to the right-hand edge or curb of the highway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

(b) This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway.
(C62, § 30-156; O.8084; C75, C79, § 27-163; C91, § 27-324; O.11,650)

State law reference—Similar provisions, I.C. § 321.324.

ARTICLE VI. PEDESTRIAN RIGHTS AND DUTIES

Sec. 114-325. Obedience to traffic signals.

(a) Pedestrians shall be subject to traffic control signals at intersections as declared in this chapter, but at all other places pedestrians shall be accorded the privileges and shall be subject to the restrictions stated in sections 114-327 to 114-330 of this article.

(b) Any person failing to heed the command of an automatic traffic control signal shall be subject to punishment as provided in subsection 1-15(b) of this Code.
(C62, § 30-122; O.8084; C75, C79, § 27-130; C91, § 27-325; O.11,650)

State law reference—Similar provisions, I.C. § 321.325.

Sec. 114-326. Reserved.

Sec. 114-327. Right-of-way.

Where traffic control signals are not in place or in operation, the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian or a person riding a bicycle crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection, except as otherwise provided in this chapter.
(C62, § 30-123; O.8084; C75, C79, § 27-131; C91, § 27-327; O.11,650, 16,409)

State law reference—Similar provisions, I.C. § 321.327.

Sec. 114-327.01. Designation of crosswalks and establishment of safety zones.

The city engineer is authorized to:

(1) Designate and maintain, by appropriate devices, marks, or lines upon the surface of the roadway, crosswalks at intersections and at such other places as he or she may deem necessary where there is particular danger to pedestrians crossing the roadway.

(2) Establish safety zones of such kind and character and at such places as he or she may deem necessary for the protection of pedestrians.

(C62, § 30-131; O.8084; C75, C79, § 27-139; C91, § 27-327.01; O.11,650)

Sec. 114-328. Pedestrian safety, yielding.

(a) Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

(b) No pedestrian shall cross a roadway with a speed limit of 30 miles per hour or higher or in any business or school district other than in a crosswalk.
(C62, § 30-124; O.8084; C75, C79, § 27-132; C91, § 27-328; O.11,650, 15,770)

State law reference—Similar provisions, I.C. § 321.328.

Sec. 114-328.01. Pedestrian safety, use of medians.

(a) The city council makes the following findings and adopts the following statement of purposes of this section:

(1) Pedestrian fatalities increased in the United States by 46% from 2009 to 2016,

with the largest increases in urban arterial streets, according to the Insurance Institute for Highway Safety.

(2) Fifty percent of pedestrians who are struck by a vehicle travelling at 30 miles per hour are killed; as speed increases, a higher percentage of people struck are killed, according to the U. S. Department of Transportation, *Literature Review on Vehicle Travel Speeds and Pedestrian Injuries* (2000).

(3) The National Association of City Transportation Officials Urban Street Design Guide (2011) states that a median or island should be at least six feet wide where pedestrians are present. This is consistent with the Public Rights-of-Way Accessibility Guidelines promulgated by the United States Access Board which specify that a pedestrian refuge in a street must have a top surface width of six feet, excluding curbs.

(4) The city engineer has determined based on city GIS maps and/or, where appropriate, site visits that the intersections listed in subsection (b) of this section do not have medians or islands of adequate width for pedestrian refuge; therefore, pedestrians should be prohibited from standing, sitting or staying in the medians at these intersections for any purpose other than to cross the street.

(b) For streets with a speed limit of 30 miles per hour or higher, pedestrians are prohibited from standing, sitting or staying on a median for any purpose other than to cross the street unless the width of the top surface of the median, excluding the curbs is at least six feet wide. This prohibits pedestrians from standing, sitting or staying on a median at the following intersections in the city:

(c) Section 114-328.01(b) does not apply to:

(1) Police officers, peace officers and parking enforcement personnel of the police department or employees of the fire department while performing official duties of the city.

(2) Employees or contactors for the city or other individuals authorized by the city to perform construction or maintenance work on city streets or rights-of-way, while performing construction or maintenance work on the street provided that proper street signage is used and streets are blocked off as required by the city.

(3) Any individual responding to an emergency in the street.

(C62, § 30-125; O.8084; C75, C79, § 27-133; C91, § 27-328.01; O.11,650, 15,770, 16,061, 16,276)

Sec. 114-329. Duty of driver to exercise due care.

(a) Notwithstanding section 114-328 of this article, every driver of a vehicle shall exercise due care to avoid colliding with any pedestrian upon any roadway and shall give warning by sounding the horn when necessary and shall exercise due care upon observing any child or any confused or incapacitated person upon a roadway.

(b) Every driver of a vehicle shall yield the right-of-way to pedestrian workers engaged in maintenance or construction work on a street whenever the driver is notified of their presence by a flagperson or a warning sign.

(C62, § 30-126; O.8084; C75, C79, § 27-134; C91, § 27-329; O.11,650)

State law reference—Similar provisions, I.C. § 321.329.

Sec. 114-330. Use of crosswalks.

Pedestrians shall move, whenever practicable, upon the right half of crosswalks.

(C62, § 30-127; O.8084; C75, C79, § 27-135; C91, § 27-330; O.11,650)

State law reference—Similar provisions, I.C. § 321.330.

Sec. 114-331. Soliciting rides.

(a) No person shall stand in a roadway for the purpose of soliciting a ride from the driver of any private vehicle.

(b) Nothing in this section or chapter shall be construed to prevent any pedestrian from standing on that portion of the highway or roadway, not ordinarily used for vehicular traffic, for the purpose of soliciting a ride from the driver of any vehicle.

(C62, § 30-128; O.8084; C75, C79, § 27-136; C91, § 27-331; O.11,650)

State law reference—Similar provisions, I.C. § 321.331.

Sec. 114-332. White canes restricted to blind persons.

No person except one wholly or partially blind shall carry or use on any public street, highway or sidewalk a cane or walking stick white in color or white tipped with red.
(C62, § 30-129; O.8084; C75, C79, § 27-137; C91, § 27-332; O.11,650)

State law reference—Similar provisions, I.C. § 321.332.

Sec. 114-333. Duty of drivers to blind pedestrians.

(a) Any driver of a vehicle or operator of a motor-driven vehicle who approaches or comes in contact with a person wholly or partially blind carrying a cane or walking stick white in color or white tipped with red or being led by a guide dog wearing a harness and walking on either side of or slightly in front of such blind person shall immediately come to a complete stop and take such precautions as may be necessary to avoid accident or injury to such person.

(b) It shall be unlawful for any person to carry a cane or walking stick such as prescribed in I.C. § 321.332 contrary to this section or to fail to heed the approach of a person lawfully so carrying a cane or walking stick white in color or white tipped with red or being led by a guide dog or assistive animal, as defined in I.C. § 216C.11, or to fail to immediately come to a complete stop and take precautions against accident or injury to such person.

Secs. 114-334—114-339. Reserved.

Sec. 114-340. Driving through safety zones.

No vehicle shall at any time be driven through or within a safety zone.
(C62, § 30-161; O.8084; C75, C79, § 27-168; C91, § 27-340; O.11,650)

State law reference—Similar provisions, I.C. § 321.340.

Sec. 114-340.01. Driving in zones of quiet.

Whenever authorized signs are erected indicating a zone of quiet, no person operating a motor vehicle within any such zone shall sound the horn or other warning device of the vehicle except in an emergency.
(C62, § 30-159; O.8084; C75, C79, § 27-166; C91, § 27-340.01; O.11,650)

Sec. 114-340.02. Driving on sidewalks.

No person shall drive a vehicle upon any sidewalk or within any sidewalk area except at a permanent or temporary driveway.
(C62, § 30-163; O.8084; C75, C79, § 27-170; C91, § 27-340.02; O.11,650)

Sec. 114-340.03. Driving on public lands.

(a) As used in this section, the term "public land" shall mean any land owned by the city, the county, the state, or the federal government, not specifically designated a public park, which lies within the law enforcement jurisdiction of the city police department. The term shall include levees constructed and located along the banks of the Des Moines and Raccoon Rivers in this city.

(b) It shall be unlawful for any person to ride or drive any motorized vehicle upon any public land except upon established roads and ways designated and marked for such purpose on such land, and no person shall exceed a speed limit of 20 miles per hour upon any such road or way.

(c) The owner of public land as set forth in subsection (a) of this section shall cause to be erected at the entrance to or borders of such land signs which state that motor vehicles are prohibited thereon. The sign shall identify the governmental entity which owns or controls the land.

(d) Nothing contained in this section shall be construed to forbid the owner of public land as set forth in subsection (a) of this section from designating specific areas upon which motorized vehicles may be ridden or driven other than on established roads and ways.
(C79, § 27-170.01; O.9934; C91, § 27-340.03; O.11,650)

Sec. 114-340.04. Encroachment on end portion of dead-end streets or culs-de-sac for recreational activities.

(a) At the request of an abutting property owner, the city council shall determine whether to allow an encroachment for recreational activities at the end portion of a dead-end street or cul-de-sac.

(b) Before granting such request the city council shall hold a hearing upon such proposed encroachment with written notice of such hearing mailed to each abutting property owner by certified mail, return receipt requested, at least ten days prior to the date of the hearing. The city council shall determine at the public hearing whether the encroachment necessary to the anticipated recreational activity may be safely erected, maintained and utilized as proposed and whether such recreational activity is compatible with maintaining reasonable use of the street right-of-way by the other abutting owners and their families, business and social visitors and invitees.

(c) Upon approval of such encroachment, the abutting owner who is desirous of erecting and maintaining such encroachment over, upon or in the public right-of-way shall secure a license or lease for such encroachment pursuant to article VIII of chapter 102 of this Code; provided, however, in issuing such license or lease the city engineer shall require pursuant to section 102-612 liability insurance in an amount not less than $100,000.00 general liability coverage with the city named as an additional insured on the policy.

(d) Upon the granting of such a license or lease for encroachment, the city engineer shall cause an appropriate warning sign to be installed in accordance with the provisions of the state manual on uniform traffic control devices as most recently adopted by the state department of transportation. Whenever such signs are erected no person shall drive a vehicle upon any such street or portion thereof, except those persons whose residences are within the encroachment area, their families, business or social visitors and invitees, or drivers of emergency vehicles, and then all such drivers shall exercise the greatest care in driving upon such street or portion thereof.

(e) Any such encroachment already existing in the public right-of-way prior to the effective date of the ordinance from which this section derives shall be brought to the attention of the city council by the city engineer so that this section may be followed.

ARTICLE VIII. STOPPING, STANDING AND PARKING*

Sec. 114-354.01. Buses.

(a) The operator of a bus shall not stop such vehicle upon any street at any place for the purpose of loading or unloading passengers or their baggage other than at a bus stop, bus stand or passenger loading zone, except in an emergency.

(b) The operator of a bus shall enter a bus stop, bus stand or passenger loading zone on a public street in such a manner that the bus, when stopped to load or unload passengers or baggage, shall be in a position with the right front wheel of the vehicle not further than 18 inches from the curb and the bus approximately parallel to the curb so as not to impede unduly the movement of other vehicular traffic.

(c) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-679; O.8084; C75, C79, § 27-694; C91, § 27-354.01; O.11,605, 14,244, 16,470)

Secs. 114-355, 114-356. Reserved.

Sec. 114-357. Parking on viaducts.

(a) No person shall park or permit a vehicle to stand on any viaduct within the city.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-673; O.8084; C75, C79, § 27-688; C91, § 27-357; O.11,650, 14,244, 16,470)

Sec. 114-358. Prohibited in specified places.

(a) No person shall stop, stand or park a vehicle, except when necessary to avoid a conflict with other traffic or in compliance with the directions of a police officer or traffic control device, in any of the following places:

(1) On a sidewalk.

(2) In front of or within two feet of a public or private driveway.

(3) Within an intersection.

(4) On a crosswalk.

(5) Within 25 feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway.

(6) Between a safety zone and the adjacent curb or within ten feet of points on the curb immediately opposite the ends of a safety zone.

(7) Within 50 feet of the nearest rail of a railroad crossing, except when parked parallel with such rail and not exhibiting a red light.

*__Cross references—__Outdoor parking lot, § 30-126 et seq.; zoning ordinance, ch. 134.

(8) Alongside or opposite any street excavation or obstruction when such stopping, standing or parking would obstruct traffic.

(9) On the roadway side of any vehicle stopped or parked at the edge or curb of a street.

(10) Adjacent to or on the center parkway or dividing area of any divided street.

(11) In front of a curb cut or ramp which is located on public or private property in a manner which blocks access to the curb cut or ramp.

(12) Adjacent to or in front of a curb bump-out when such stopping, standing or parking would obstruct traffic.

(13) Within a minimum of 40 feet approaching an intersection and within 25 feet following an intersection.

(14) Within a minimum of 25 feet of a marked crosswalk not located within an intersection.

(b) No person shall stop, stand or park a vehicle, except when necessary to avoid a conflict with other traffic or in compliance with the directions of a police officer or traffic control device, in any of the following places:

(1) Within five feet of a fire hydrant.

(2) Within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of the entrance when property signposted.

(3) Where any official traffic control device prohibits stopping or parking.

(4) Within a distance up to 150 feet from an intersection, where the city traffic engineer has determined that parking in such area would restrict the turning movement or visibility of traffic on an approaching side street and has caused official parking restriction signs to be installed to clearly identify the restricted parking area.

(c) No person shall stop, stand or park a vehicle, except when necessary to avoid a conflict with other traffic or in compliance with the directions of a police officer or traffic control device, upon any street when the stopping, standing or parking is prohibited by the sections of this chapter relating to removal of snow or ice from the streets.

(d) A person who violates the provisions of this section shall pay a $35.00 fine.
(C62, § 30-663; O.8084, 8817, 8855; C75, C79, § 27-678; C91, § 27-358; O.11,650, 14,244, 14,518, 15,577, 16,421, 16,470)

State law reference—Similar provisions, I.C. § 321.358.

Sec. 114-359. Moving vehicles of others into prohibited areas.

No person shall move a vehicle not owned by him or her into any area prohibited by this article or an unlawful distance away from a curb.
(C62, § 30-668; O.8084; C75, C79, § 27-683; C91, § 27-359; O.11,650)

State law reference—Similar provisions, I.C. § 321.359.

Sec. 114-360. Parking in spaces in front of assembly places.

(a) A space of 25 feet is reserved at the side of the street in front of every theater, auditorium, hotel having more than 25 sleeping rooms, office building having more than three stories or other building where large assemblages of people are being held. No motor vehicle shall be left standing, parked or stopped within these spaces except in taking on or discharging passengers or freight or picking up tickets, and then only for a length of time necessary for such purposes, provided that such spaces shall first be marked by signs with the words "no parking - loading zone" or "no parking - ticket pick-up" thereon, as appropriate, or the curbing adjacent thereto painted with yellow paint.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-671; O.8084; C75, C79, § 27-686; O.10,418; C91, § 27-360; O.11,650, 14,244, 16,470)

State law reference—Similar provisions, I.C. § 321.360.

Sec. 114-361. Parking at right-hand curb.

(a) Except as otherwise provided in this chapter and including as specifically provided in section 114-305.03 of this chapter as to one-way streets, every vehicle stopped or parked upon a roadway where there is an adjacent curb shall be stopped or parked with the righthand wheels of the vehicle parallel with and within 18 inches but not closer than two inches of the righthand curb.

(b) It shall be unlawful to drive any vehicle against or upon any curb damaging any part thereof.

(c) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-661; O.8084; C75, C79, § 27-676; C91, § 27-361; O.11,650, 14,244, 16,470)

State law reference—Similar provisions, I.C. § 321.361.

Sec. 114-361.01. Angle parking.

(a) The initiation of angle parking at any location where such parking is not in existence is prohibited except at the following locations:

(C62, § 30-672; O.8084; C75, § 27-687; O.9308; C79, § 27-687; C91, § 27-361.11; O.11,650, 14,244, 16,470)

Sec. 114-361.12. Parking under bridge or viaduct.

(a) No person shall park a motor vehicle under any bridge or viaduct within the city when signs giving notice of the regulation have been posted under the bridge or viaduct.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-674; O.8084; C75, C79, § 27-689; C91, § 27-361.12; O.11,650, 14,244, 16,470)

Sec. 114-361.13. Parking continuously in one place more than 24 hours.

(a) No person shall park any vehicle and permit it to remain standing upon any public street or public metered lot in the city continuously and in one place for a period of more than 24 hours except as specified in subsection 114-361.13(b).

(b) Vehicles and trailers owned or operated by city departments, or used for work directly under contract or subcontract with the city shall be exempt from sections 114-361.13(a) and 114-632.

(c) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-675; O.8084, 8777; C75, C79, § 27-690; O.10,421; C91, § 27-361.13; O.11,650, 14,244, 16,470, 16,511)

Sec. 114-361.14. Parking for certain purposes prohibited.

(a) No person shall stand or park a vehicle upon any roadway for the principal purpose of:

(1) Advertising.

(2) Displaying it for sale.

(3) Washing, greasing or repairing it, except for repairs necessitated by an emergency.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-676; O.8084; C75, C79, § 27-691; C91, § 27-361.14; O.11,650, 14,244, 16,470)

Sec. 114-361.15. Erection of temporary signs prohibiting parking near excavations and obstructions.

(a) No person shall excavate or obstruct any street until he or she shall have first obtained a permit authorizing such excavation.

(b) The city engineer may authorize the erection of temporary no parking signs alongside or opposite the area of excavation if the stopping, standing or parking of vehicles therein would obstruct traffic.

(c) A person who parks a vehicle in violation of the no parking signs erected by authority of this section shall pay a fine of $20.00.
(C62, § 30-677; O.8084; C75, C79, § 27-692; C91, § 27-361.15; O.11,650, 14,244, 16,470)

Sec. 114-361.16. Parking on culs-de-sac and on dead-end streets.

(a) When signs are erected giving notice thereof, no person shall park a motor vehicle on any cul-de-sac.

(b) When signs are erected giving notice thereof, no person shall park in the turnaround area nor at any place between the posted sign and the dead end of a dead-end street.

(c) A person who violates any provision of this section shall pay a fine of $20.00.
(C75, § 27-692.01; O.9139; C79, § 27-692.01; C91, § 27-361.16; O.11,650, 14,244, 16,470)

Sec. 114-361.17. No parking on emergency order of chief of police.

(a) The chief of police may, upon issuance of an emergency order, cause temporary no parking signs to be posted on or about streets of the city. No person shall park in violation of signs so posted.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-678; O.8084; C75, C79, § 27-693; C91, § 27-361.17; O.11,650, 14,244, 16,470)

Sec. 114-361.18. Special parking permits.

Except as provided by section 114-361.17 of this article, the sections of this chapter regulating the parking and standing of vehicles shall not apply to a vehicle parking or standing in accord with a permit issued by the city engineer. (C62, § 30-678.01; O.8846; C75, § 27-693.01; O.9218; C79, § 27-693.01; C91, § 27-361.18; O.11,650)

Sec. 114-361.19. Special parking permit issuance.

(a) The city traffic engineer is authorized to issue a special parking permit for a vehicle, trailer or container to park or stand or for any other use on a public street where such parking, standing or use is otherwise prohibited or regulated by the provisions of this chapter. Application therefor shall list one or more specific vehicles, trailers, containers or uses, shall be directed to the office of the city traffic engineer, and shall contain information as the city traffic engineer shall deem pertinent to the application. Such permit shall only be issued when the city traffic engineer reasonably determines that said parking, standing or use is required in the performance of a public service or to satisfy a public need under the guidance of section 114-361.21 of this article. Such permit shall grant permission for parking, standing or other use in a specific area of a public street or way in the city.

(b) The city traffic engineer is authorized to issue a special parking permit for the use of parking spaces or other specific areas of a public street or way in the city in conjunction with a street use permit issued under article XVI of chapter 102 of this Code.

(c) The effective period of the permit may be a set number of days, not to exceed one year, and the inclusive dates of the permit shall be clearly displayed thereon. The permit may also specify the time or times of day when such parking is authorized as well as the days of the week to which it is limited.

(d) Except in situations of immediate emergency or in unique situations which have been recognized and approved by the city traffic engineer, such parking shall be prohibited during specific hours in locations where signs are currently in place prohibiting parking during those hours.

(e) The permit shall be clearly displayed in the window of the vehicle or on the trailer or container for which it is issued.

(f) Applicants are required to pay an application fee, the daily meter rate fee and the meter hood fee of the reserved meter(s) for the time period the meters are reserved, not less than a 24-hour period, except as specified in subsection 114-361.19(h). Payment is required at the time the permit is issued. The charges for the application fee, daily meter rate fee, and the meter hood fee may be waived or reduced by the city traffic engineer or his or her designated representative in accordance with policy adopted by the city council by resolution.

(g) The application fee, meter hood fee and daily meter rate fee as may be reduced in accordance with city council adopted policy are set out in the schedule of fees adopted by the city council by resolution. The daily meter rate charged for hooding parking meters shall be calculated using the specific parking meter district location of the meter(s) to be hooded and the daily meter rates designated in section 114-643 of this Code and be calculated based upon a 12-hour day. The daily meter rate fee shall be an additional fee only during normal days of parking meter operations as designated in section 114-644 of this Code. A meter hood fee will be charged for days when the daily meter rate fee is not charged.

(h) Vehicles, trailers and containers owned or operated by governmental agencies, or used for work directly under contract or subcontract with the city shall be exempt from the application fee, daily meter rate fee and meter hood fee requirements.

(i) A person who parks a vehicle in violation of any provision of this section or of the terms of the special parking permit shall pay a fine as set out in the schedule of fees.
(C75, § 27-693.02; O.9218; C79, § 27-693.02; O.10,600; C85, § 27-693.02; O.11,548; C91, § 27-361.19; O.11,650, 13,727, 14,084, 14,195, 14,244, 14,533, 14,556, 14,811, 15,454, 15,750, 15,778)

Sec. 114-361.20. Parking permitted by special act of city council.

The city traffic engineer reserves the right to revoke the permit if requirements of the permit are not followed or there are unforeseen impacts to motorized or non-motorized traffic flow as a

result of permit issuance. The city council may upon application of any interested person review the issuance, revocation, or denial of any permit issued under this article by the city engineer, either individually or collectively, and, after determining the applicability of the pertinent provisions of section 114-361.21 of this article, direct the issuance, modification or revocation of the permit.
(C75, § 27-693.03; O.9218; C79, § 27-693.03; C91, § 27-361.20, O.11,650, 15,454)

Sec. 114-361.21. Standards for issuance of special parking permits.

For the purposes of the city traffic engineer issuing a special parking permit pursuant to subsection 114-361.19(a) of this article on the basis of whether proposed parking, standing or use is required in the performance of a public service or to satisfy a public need, such required parking, standing or use may generally include but not be limited to the following use of a parking space or specific area:

(1) Funeral vehicles during performance of funeral service.

(2) Moving vans in actual service.

(3) Vehicles or equipment parked to facilitate special events.

(4) Charter buses or school buses parked for special events.

(5) Construction vehicles while delivering materials, special equipment (e.g., concrete trucks), or mobile construction equipment in use.

(6) Vehicles involved in utility or city construction or maintenance work in streets right-of-way.

(7) Vehicles containing cable or public TV remote facilities in actual service.

(8) Temporary moving storage containers in actual service for adjacent properties.

(9) Dumpsters in actual service for adjacent construction activity.

ARTICLE IX. MISCELLANEOUS RULES

Sec. 114-362. Unattended motor vehicles.

(a) No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition and removing the key, or, when standing upon any perceptible grade, without effectively setting the brake thereon and turning the front wheels to the curb or side of the highway.

(b) A person who violates any provision of this section shall pay a fine of $10.00.
(C62, § 30-680; O.8084; C75, C79, § 27-695; C91, § 27-361.22; O.11,650; C91, § 27-362; O.14,244)
State law reference—Similar provisions, I.C. § 321.362.

Sec. 114-363. Obstruction to driver's view.

(a) No person shall drive a vehicle when it is so loaded or when there are in the front seat such number of persons, exceeding three, as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle.

(b) No passenger in a vehicle shall ride in such position as to interfere with the driver's view ahead or to the sides or to interfere with his or her control over the driving mechanism of the vehicle.
(C62, § 30-12; O.8084; C75, C79, § 27-12; C91, § 27-363; O.11,650)
State law reference—Similar provisions, I.C. § 321.363.

Sec. 114-364. Sound system operation in vehicle.

No person operating or in control of a motor vehicle on a street or in a public place shall operate or permit the operation of a sound system in the vehicle so as to produce a vibration or sound that is clearly detectable at a distance of 50 feet from the vehicle between the hours of 7:00 a.m. and 7:00 p.m. or clearly detectable at a distance of 25 feet from the vehicle between the hours of 7:00 p.m. to 7:00 a.m.

Sec. 114-365. Reserved.

Sec. 114-366. Acts prohibited on fully controlled access facilities.

(a) It is unlawful for a person, except a person operating highway maintenance equipment or an authorized emergency vehicle, to do any of the following on any controlled access facility designated in division 7 of article XVI of this chapter:

(1) Drive a vehicle over, upon or across a curb, central dividing section, or other separation or dividing line.

(2) Make a left turn or a semicircular or U-turn at a maintenance crossover where an official sign prohibits the turn.

(3) Drive a vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation, section or line.

(4) Drive any vehicle into the controlled access facility from a local service road except through an opening provided for that purpose in the dividing curb or dividing section or dividing line which separates the service road from the controlled access facility property.

(b) As to a fully controlled access facility, it is also unlawful except as otherwise provided by this section to:

(1) Drive a vehicle into the facility from a local service road.

(2) Stop, park or leave standing a vehicle, attended or unattended, upon the paved portion.

(3) Stop, park or leave standing a vehicle, whether attended or unattended, upon the shoulders, or the right-of-way except at designated rest areas or if an emergency or other dire necessity occurs.

(C85, § 27-175.06; O.10,937, 11,305; C91, § 27-366; O.11,650)

State law reference—Similar provisions, I.C. § 321.366.

Sec. 114-366.01. Points of access.

(a) No person shall have any right of ingress or egress to, from or across the controlled access facility except at points permitted by the state department of transportation and the city department of engineering.

(b) Applications for changes in or for additional points of access shall state the following:

(1) The proposed location expressed in terms of stations and feet, referring to the official state department of transportation plans and specifications for the controlled access facility.

(2) The proposed use of the access point.

(3) The use for which the abutting properties to be served is zoned, if any.

(4) The legal description of the abutting properties to be served and the names of the owners thereof.

(c) Applications shall be filed with the city engineer and shall be executed and acknowledged by all of the owners of the abutting properties to be served by the access points requested.

(d) All access points and curb openings shall be constructed at the expense of the abutting owners under the direction of and in accordance with the specifications of the state department of transportation in order to safeguard the condition of the controlled access facility.

(e) Changes in and additional access points may be granted only with the approval and consent of the state department of transportation and upon the conditions required by such authorities. Applications for changes in and additional access points shall be considered with regard to the effect thereof upon the safety of the users of the controlled access facility in relation to the use and development of the abutting properties involved.

(f) This section shall apply to all controlled access facilities within the city.

(C62, § 30-311; O.8084; C75, C79, § 27-322; C91, § 27-366.01; O.11,650)

Sec. 114-366.03. Pedestrians on freeway.

No person shall walk upon, along or across any portion of the right-of-way of the Des Moines Freeway, also known as Interstate Highway 235 and as the MacVicar Freeway, when such right-of-way has been enclosed by fence, except for persons engaged in construction, maintenance, or law enforcement thereon and except for persons present thereon in connection with leaving or removing a disabled vehicle or giving aid to the injured. Any violation of this section shall be punishable as provided in section 1-15 of this Code. Nothing in this section shall be construed as prohibiting pedestrian traffic upon regularly established bridges or pedestrian overpasses or underpasses which cross the right-of-way.
(C62, § 30-327; O.8084; C75, C79, § 27-338; C91, § 27-366.03; O.11,650)

Sec. 114-366.04. Bicycles, horses.

No person shall drive, ride, or lead any horse or other animal upon any portion of the Des Moines Freeway, also known as Interstate Highway 235 and as the MacVicar Freeway, nor shall any person ride or drive any bicycle or vehicle other than a motor vehicle upon that freeway. Any violation of this section shall be punishable as provided in section 1-15 of this Code. Nothing in this section shall be construed as prohibiting the otherwise lawful transportation of a horse, other animal, bicycle, or other vehicle within or upon a motor vehicle upon the freeway, nor shall this section be construed as prohibiting the otherwise lawful towing of a trailer or other vehicle thereon by means of a motor vehicle.
(C62, § 30-328; O.8084; C75, C79, § 27-339; C91, § 27-366.04; O.11,650)

Sec. 114-366.05. Stopping, standing or parking.

(a) No person shall stop, park or leave standing any vehicle, whether attended or unattended, within any fenced portion of the right-of-way of the Des Moines Freeway, also known as Interstate Highway 235 and as the MacVicar Freeway, except duly authorized construction, maintenance and law enforcement vehicles and vehicles present for the purpose of servicing or removing a disabled vehicle or aiding the injured. This subsection shall not apply to the driver of any vehicle which is disabled in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving a disabled vehicle in such position.

(b) The driver of a disabled vehicle shall, if possible, stop or push the vehicle off the paved or improved part of the main traveled part of the right-of-way. Whenever any peace officer finds a vehicle standing upon such right-of-way in violation of this section or disabled, such officer is authorized to remove the vehicle or to cause the driver or other person in charge of the vehicle to remove the vehicle.

(c) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-329; O.8084; C75, C79, § 27-340; C91, § 27-366.05; O.11,650, 14,244, 16,470)

Sec. 114-367. Following fire apparatus.

The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than 500 feet or drive into or park such vehicle within the block where fire apparatus has stopped in answer to a fire alarm.
(C62, § 30-164; O.8084; C75, C79, § 27-171; C91, § 27-367; O.11,650)

Sec. 114-371. Cleaning up highway after wreck.

Any person removing a wrecked or damaged vehicle from a highway shall remove any glass or other injurious substance dropped upon the highway from such vehicle.
(C62, § 30-17; O.8084; C75, C79, § 27-17; C91, § 27-371; O.11,650)

Sec. 114-372. Passing school bus.

(a) The driver of a vehicle, including the driver of a vehicle operating on a private road or driveway, when meeting a school bus with flashing amber warning lamps shall reduce the vehicle's speed to not more than 20 miles per hour, and shall bring the vehicle to a complete stop when the school bus stops and the stop signal arm is extended. The vehicle shall remain stopped until the stop signal arm is retracted after which time the driver may proceed with due caution.

(b) The driver of a vehicle, including the driver of a vehicle operating on a private road or driveway, overtaking a school bus shall not pass a school bus when red or amber warning signal lights are flashing. The driver shall bring the vehicle to a complete stop no closer than 15 feet from the school bus when it is stopped and the stop arm is extended, and the vehicle shall remain stopped until the stop arm is retracted and the school bus resumes motion.

(c) A person convicted of a violation of this section is guilty of a simple misdemeanor punishable as provided in section 1-15.

Secs. 114-382, 114-383. Reserved.

DIVISION 2. LIGHTING

Sec. 114-384. Lighted lamps required.

(a) Every vehicle upon a street or highway within the city at any time from sunset to sunrise and at any other time when there is not sufficient light to render clearly discernible persons and vehicles on the highway at a distance of 500 feet ahead shall display lighted lamps and illuminating devices as, respectively, required in this division for different classes of vehicles.

(b) Whenever a requirement is declared in this division as to the distance from which certain lamps and devices shall render objects visible or within which such lamps or devices shall be visible, the provision shall apply during the times stated in subsection (a) of this section upon a straight level unlighted highway under a normal atmospheric condition unless a different time or condition is expressly stated.

(c) This section shall not apply when an accident extinguishes such light and renders a vehicle incapable of use, and when the person in control of the vehicle erects, at the earliest opportunity after the accident, such proper light at or near the vehicle as will give warning of the presence of the vehicle.
(C62, § 30-1717; O.8084; C75, C79, § 27-1745; C91, § 27-384; O.11,650)

State law reference—Similar provisions, I.C. § 321.384.

Sec. 114-385. Headlamps on motor vehicles.

Every motor vehicle other than a motorcycle shall be equipped with at least two headlamps with at least one on each side of the front of the motor vehicle. The headlamps shall comply with requirements and limitations set forth in this chapter.
(C62, § 30-1718; O.8084; C75, C79, § 27-1746; C91, § 27-385; O.11,650)

State law reference—Similar provisions, I.C. § 321.385.

Sec. 114-386. Headlamps on motorcycles.

Every motorcycle shall be equipped with at least one and not more than two headlamps which shall comply with the requirements and limitations of this chapter.

State law reference—Similar provisions, I.C. § 321.386.

Sec. 114-387. Rear lamps.

Every motor vehicle and every vehicle which is being drawn at the end of a train of vehicles shall be equipped with a lighted rear lamp exhibiting a red light plainly visible from a distance of 500 feet to the rear. All lamps and lighting equipment originally manufactured on a motor vehicle shall be kept in working condition or shall be replaced with equivalent equipment.
(C62, § 30-1720; O.8084; C75, C79, § 27-1748; C91, § 27-388; O.11,650; C91, § 27-387)

State law reference—Similar provisions, I.C. § 321.387.

Sec. 114-388. Illumination of rear plates.

Either the rear lamp or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear registration plate and render it clearly legible from a distance of 50 feet to the rear. When the rear license plate is illuminated by an electric lamp other than the required rear lamp, such two lamps shall be turned on or off only by the same control switch at all times whenever headlamps are lighted.

DIVISION 3. BRAKES

Sec. 114-430. Required.

Every motor vehicle, trailer, semitrailer, motorcycle and bicycle used upon the public highways of the city shall be provided with brakes that comply with I.C. § 321.430.
(C62, § 30-1729; O.8084; C75, C79, § 27-1757; C91, § 27-430; O.11,650)

Sec. 114-431. Reserved.

DIVISION 4. MISCELLANEOUS EQUIPMENT

Sec. 114-432. Horns and warning devices.

Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet, but no horn or other warning device shall emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall, when reasonably necessary to ensure safe operation, give audible warning with his or her horn, but shall not otherwise use the horn when upon a highway.
(C62, § 30-1730; O.8084; C75, C79, § 27-1758; C91, § 27-432; O.11,650)

State law reference—Similar provisions, I.C. § 321.432.

Sec. 114-432.01. Loud signalling at night.

Loud signaling devices of a vehicle shall not be used during the period of from one hour after sunset to one hour before sunrise, unless absolutely necessary to avoid accidents.
(C62, § 30-1732; O.8084; C75, C79, § 27-1760; C91, § 27-432.01; O.11,650)

Sec. 114-433. Sirens and bells prohibited.

No vehicle shall be equipped with nor shall any person use upon a vehicle any siren, whistle or bell, except as otherwise permitted in this section. It is permissible but not required that any commercial vehicle be equipped with a theft alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning sign. Any authorized emergency vehicle may be equipped with a siren, whistle, or bell, capable of emitting sound audible under normal conditions from a distance of not less than 500 feet and of a type approved by the state motor vehicle department. The siren shall not be used except when the vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which event the driver of such vehicle shall sound the siren when necessary to warn pedestrians and other drivers of his or her approach.
(C62, § 30-1731; O.8084; C75, C79, § 27-1759; C91, § 27-433; O.11,650)

Sec. 114-434. Reserved.

Editor's note—Ord. No. 15,083, § 1, adopted Feb. 27, 2012, repealed § 114-434, which pertained to bicycle sirens or whistles and derived from Code 1991, § 27-434; Ord. No. 11,650. The user's attention is directed to § 114-677 et seq.

Sec. 114-435. Reserved.

Sec. 114-436. Mufflers, prevention of noise.

Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke, and no person shall use a muffler cutout, bypass or similar device upon a motor vehicle on a highway.
(C91, § 27-436; O.11,650)

State law reference—Similar provisions, I.C. § 321.436.

Sec. 114-437. Reserved.

Sec. 114-438. Windshields and windows.

(a) No person shall drive a motor vehicle equipped with a windshield, sidewings, or side or rear windows which do not permit clear vision.

(b) No person shall operate on the highway a motor vehicle equipped with a front windshield, a side window to the immediate right or left of the driver, or a sidewing forward of and to the left or right of the driver which is excessively dark or reflective so that it is difficult for a person outside the motor vehicle to see into the motor vehicle through the windshield, window or sidewing. "Excessively dark or reflective" means that the windshield, front side windows or front sidewings do not meet the minimum measurable standard of transparency established by rules promulgated by the state department of transportation.
(C62, § 30-13; O.8084; C75, C79, § 27-13; O.10,639; C91, § 27-438; O.11,650, 13,992)

State law reference—Similar provisions, I.C. § 321.438.

Sec. 114-439. Windshield wipers.

The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow, or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of the vehicle.
(C91, § 27-439; O.11,650)

State law reference—Similar provisions, I.C. § 321.439.

Sec. 114-440. Restrictions on tires.

Every solid rubber tire on a vehicle shall have rubber on its entire traction surface at least one inch thick above the edge of the flange of the entire periphery. Any pneumatic tire on a vehicle shall be considered unsafe if it has:

(1) Any part of the ply or cord exposed.

(2) Any bump, bulge or separation.

(3) A tread design depth of less than 1/16 of an inch measured in any two or more adjacent tread grooves, exclusive of tie bars or, for those tires with tread wear indicators, worn to the level of the tread wear indicators in any two tread grooves.

(4) A marking indicating "not for highway use," "for racing purposes only," "unsafe for highway use."

(5) Tread or sidewall cracks, cuts or snags deep enough to expose the body cord.

(6) Such other conditions as may be reasonably demonstrated to render it unsafe.

(7) Been regrooved or recut below the original tread design depth, excepting special tires which have extra undertread rubber and are identified as such, or if a pneumatic tire was originally designed without grooves or tread, the safety standards therefor shall be established by the director of the state department of transportation.

(C62, § 30-1734; O.8084; C75, C79, § 27-1762; O.10,245; C91, § 27-440; O.11,650)

State law reference—Similar provisions, I.C. § 321.440.

Sec. 114-441. Metal tires prohibited.

No person shall operate or move on any highway any motor vehicle, trailer or semitrailer having any metal tire in contact with the roadway.
(C62, § 30-1735; O.8084; C75, C79, § 27-1763; C91, § 27-441; O.11,650)

State law reference—Similar provisions, I.C. § 321.441.

Sec. 114-442. Projections on wheels.

No tire on a vehicle moved on a highway shall have on its periphery any block, stud, flange, cleat, or spike or any other protuberances of any

material other than rubber which projects beyond the tread of the traction surface of the tire, except that it shall be permissible to use:

(1) Farm machinery with tires having protuberances which will not injure the highway.

(2) Tire chains of reasonable proportions upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid.

(3) Pneumatic tires with inserted ice grips or tire studs projecting not more than 1/16 inch beyond the tread of the traction surface of the tire upon any vehicle from November 1 of each year to April 1 of the following year, except that a school bus and fire department emergency apparatus may use such tires at any time.

(C62, §§ 30-1736, 30-1737; O.8084; C75, C79, § 27-1764; C91, § 27-442; O.11,650)

Secs. 114-443, 114-444. Reserved.

Sec. 114-445. Use of safety belts and safety harnesses required.

(a) Except for motorcycles or motorized bicycles, 1966 model year or newer motor vehicles subject to registration in this state shall be equipped with safety belts and safety harnesses which conform with federal motor vehicle safety standards specified in I.C. § 321.445 subsection 1.

(b) The driver and front seat occupants of a type of motor vehicle which is subject to registration in this state, except a motorcycle or a motorized bicycle, shall each wear a properly adjusted and fastened safety belt or safety harness any time the vehicle is in forward motion on a street or highway in this state, except that a child under 18 years of age shall be secured as required under section 114-446 of this division. This subsection does not apply to the following:

(1) The driver or front seat occupants of a motor vehicle which is not required to be equipped with safety belts or safety harnesses under rules adopted by the state department of transportation.

(2) The driver and front seat occupants of a motor vehicle who are actively engaged in work which requires them to alight from and reenter the vehicle at frequent intervals, providing the vehicle does not exceed 25 miles per hour between stops.

(3) The driver of a motor vehicle while performing duties as a rural letter carrier for the United States Postal Service. This exemption applies only between the first delivery point after leaving the post office and the last delivery point before returning to the post office.

(4) Passengers on a bus.

(5) A person possessing a written certification from a health care provider licensed under I.C. chs. 148 or 151 on a form provided by the state department of transportation that the person is unable to wear a safety belt or safety harness due to physical or medical reasons. The certification shall specify the time period for which the exemption applies. The time period shall not exceed 12 months, at which time a new certification may be issued, unless the certifying physician is from a United States military facility, in which case the certificate may specify a longer period of time or a permanent exemption.

(6) Front seat occupants of an authorized emergency vehicle while they are being transported in an emergency. However, this exemption does not apply to the driver of the authorized emergency vehicle.

(c) The driver and front seat passengers may be each charged separately for improperly used or unused equipment under subsection (b) of this section. However, the driver shall not be charged for a violation committed by a passenger who is 14 years of age or older unless the passenger is unable to properly fasten a seat belt due to a temporary or permanent disability. The owner of the motor vehicle may be charged for equipment violations under subsection (a) of this section.

State law reference—Similar provisions, I.C. § 321.445.

Sec. 114-446. Child restraint devices.

(a) A child under one year of age and weighing less than 20 pounds who is being transported in a motor vehicle subject to registration under state law, except a school bus or motorcycle, shall be secured during transit in a rear-facing child restraint system that is used in accordance with the manufacturer's instructions.

(b) A child under six years of age who does not meet the description in subsection (a) and who is being transported in a motor vehicle subject to registration under state law, except a school bus or motorcycle, shall be secured during transit by a child restraint system that is used in accordance with the manufacturer's instructions.

(c) A child at least six years of age but under 18 years of age who is being transported in a motor vehicle subject to registration under state law, except a school bus or motorcycle, shall be secured during transit by a child restraint system that is used in accordance with the manufacturer's instructions or by a safety belt or safety harness of a type approved under section 114-445.

(d) This section does not apply to the following:

(1) Peace officers acting on official duty.

(2) The transportation of children in 1965 model year or older vehicles, authorized emergency vehicles, buses, or motor homes, except when a child is transported in a motor home's passenger seat situated directly to the driver's right.

(3) The transportation of a child who has been certified by a physician licensed under I.C. ch. 148 as having a medical, physical, or mental condition that prevents or makes inadvisable securing the child in a child restraint system, safety belt or safety harness.

(4) A back seat occupant of a motor vehicle for whom no safety belt is available because all safety belts are being used by other occupants or cannot be used due to the use of a child restraint system in the seating position for which a belt is provided.

(e) The operator who violates subsection (a), (b) or (c) of this section is guilty of a misdemeanor and subject to a scheduled fine as required under I.C. § 805.8. Violations shall be charged as follows:

(1) An operator who transports a passenger under 14 years of age in violation of subsections (a), (b) or (c) may be charged with a violation of this section.

(2) If a passenger 14 years of age or older is unable to properly fasten a seatbelt due to a temporary or permanent disability, an operator who transports such a person in violation of subsection (c) may be charged with a violation of this section. Otherwise, a passenger 14 years of age or older who violates subsection (c) shall be charged in lieu of the operator.

(3) If a child under 14 years of age, or a child 14 years of age or older who is unable to fasten a seatbelt due to a temporary or permanent disability, is being transported in a taxicab in a manner that is not in compliance with subsection (a), (b) or (c), the parent, legal guardian, or other responsible adult traveling with the child shall be served with a citation for a violation of this section in lieu of the taxicab operator. Otherwise, if a passenger being transported in the taxicab is 14 years of age or older, the citation shall be served on the passenger in lieu of the taxicab operator.

(f) A person who is first charged for a violation of subsection (a) or (b) of this section and who has not purchased or otherwise acquired a child restraint system shall not be convicted if the person produces in court, within a reasonable time, proof that the person has purchased or otherwise acquired a child restraint system which meets federal motor vehicle safety standards.

(g) Failure to use a child restraint system, safety belts, or safety harnesses as required by this section does not constitute negligence nor is the failure admissible as evidence in a civil action.

(h) For purposes of this section, "child restraint system" means a specially designed seating system, including a belt-positioning seat or a booster seat, that meets federal motor vehicle safety standards specified in I.C. § 321.446.

Sec. 114-460.02. Limitation in the use of streets by certain vehicles.

(a) The city council may by ordinance deny or restrict the use of any street to certain types of vehicles when the recommendation for such restriction has been submitted to the city council by the city engineer on showing that such use would either tend to destroy the pavement or create a hazard endangering the public safety, health or morals.

(b) When signs are erected giving notice of such restrictions, any person failing to comply with the notice shall be deemed guilty of a misdemeanor.
(C62, § 30-1740; O.8084; C75, C79, § 27-1767; C91, § 27-460.02; O.11,650)

Sec. 114-460.03. Maximum load limit for certain designated bridges and viaducts.

(a) There is fixed for users of the following bridges and viaducts the maximum load limit, including the weight of the vehicle, together with trailer or other attachments thereto, designated for each bridge or viaduct:

(1) East Payton Avenue, over the creek south of Easter Lake, a maximum load limit of 14 tons per straight truck, 21 tons per truck plus semitrailer, and 24 tons per truck plus trailer. Maximum load limit of 24 tons for all vehicles.

(2) Southwest Ninth Street Viaduct, over Martin Luther King Jr Parkway, a maximum load limit of 20 tons.

(b) The city engineer shall post adequate warning signs at each end of the bridge. This notice shall state the maximum load limit permitted by this section.

(c) When official signs are erected giving notice thereof, it shall be unlawful for any person to drive, pull or otherwise propel any vehicle exceeding the maximum load limit provided in this section onto the bridges and viaducts.

Sec. 114-471. City truck routes designated.

(a) Every commercial vehicle which has a gross weight of up to but not exceeding 12,000 pounds, loaded or unloaded, shall have free and unrestricted use of all paved city streets.

(b) Every commercial vehicle which has a gross weight in excess of 12,000 pounds, loaded or unloaded, shall not be operated at any time upon any of the city streets or parts of streets except the streets which are specifically designated for their use in division 8 of article XVI of this chapter, except that such vehicles may be operated on any paved street or parts of streets for the purpose of delivering or picking up materials or merchandise and then only by entering such street at the intersection nearest the destination of the vehicle and proceeding thereon no farther than the nearest intersection thereafter. Those streets or parts of streets designated in division 8 of article XVI of this chapter are established as truck routes, on which a vehicle having a gross weight in excess of 12,000 pounds will have free and unrestricted use.

(c) Nothing in this article shall be construed to prohibit the Des Moines Metropolitan Transit Authority from operating their passenger buses upon any streets or parts of streets within the city which are or shall be designated as bus routes.

(d) For the purpose of this article, street identification signs posted on a blue background designate official truck routes. Street identification signs posted on a green background designate streets prohibited to commercial vehicles over 12,000 pounds except as allowed in subsection (b) of this section.

(e) No person shall permit a commercial vehicle owned or controlled by him or her to be operated directly or through an agent, employee or other person on city streets except as otherwise allowed in this section.

ARTICLE XII. CRIMINAL AND CIVIL RESPONSIBILITY*

Sec. 114-482. Penalties.

Any person who fails to perform an act required by this chapter or who commits an act prohibited by this chapter shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C62, § 30-1742; O.8084; C75, C79, § 27-1769; C91, § 27-482; O.11,650, 15,608)

State law reference—Similar provisions, I.C. § 321.482.

Sec. 114-483. Road work zone violations.

The scheduled fine for any moving traffic violation under this chapter, as provided in I.C. § 805.8A and made applicable to city ordinances by I.C. § 805.8, shall be doubled if the violation occurs within any road work zone, as defined in section 114-1 of this chapter.
(O.14,374)

Sec. 114-484. Offenses by owners.

(a) It is unlawful for the owner or any other person employing or otherwise directing the driver of any vehicle to require or knowingly to permit the operation of such vehicle upon a highway in any manner contrary to law.

(b) The owner of a vehicle shall not be held responsible for a violation of a provision regulating the stopping, standing or parking of a vehicle, whether the provision is contained in this chapter or state law or an ordinance or other regulation or rule, if the owner establishes that at the time of the violation the vehicle was in the custody of an identified person other than the owner pursuant to a lease as defined in I.C. ch. 321F. The furnishing to the clerk of the county district court where the charge is pending of a copy of the certificate of responsibility prescribed by I.C. § 321F.6 that was in effect for the vehicle at the time of the alleged violation shall be prima facie evidence that the vehicle was in the custody of an identified person other than the owner within the meaning of this section, and the charge against the owner shall be dismissed. The clerk of the district court then shall cause a uniform citation and complaint to be issued against the lessee of the vehicle, and the citation shall be served upon the defendant by ordinary mail directed to the defendant at the address shown in the certificate of responsibility.

(c) If a peace officer has reasonable cause to believe the driver of a motor vehicle has violated section 114-262 or 114-264 of this chapter, the officer may request any owner of the motor vehicle to supply information identifying the driver. When requested, the owner of the vehicle shall identify the driver to the best of his or her ability. However, the owner of the vehicle is not required to supply identification information to the officer if the owner believes the information is self-incriminating.
(C85, § 27-175.07; O.10,937; C91, § 27-484; O.11,650)

State law reference—Similar provisions, I.C. § 321.484.

Sec. 114-485. Procedure upon arrest.

(a) Whenever a peace officer has reasonable cause to believe that a person has violated any section of this chapter punishable as a simple, serious, or aggravated misdemeanor, such officer may:

(1) Immediately arrest such person and take the person before a magistrate; or

(2) Without arresting the person, either:

a. Prepare a written citation to appear in court containing the name and address of such person; the driver's license number, if any; the registration number, if any, of the person's vehicle; the offense charged; and the time and place the person shall appear in court; or

b. Prepare a memorandum of the alleged traffic violation containing the name and address of such person, the registration number, if any, of the person's vehicle, the offense alleged to have been committed,

*__Editor's note—__Ord. No. 15,608, § 1, adopted Sept. 11, 2017, amended the title of Ch. 114, Art. XII to read as herein set out. Formerly, said article was entitled "Criminal Responsibility."

and such other information as may be prescribed by the state commissioner of public safety with the concurrence of the state director of transportation.

(b) If the officer prepares either a citation or a memorandum as provided in this section, the alleged offender shall be requested to sign it. If the person signs, the person may be released without arrest. If a citation is issued, the signing shall constitute a written promise to appear as stated in the citation. A copy of the citation shall be presented to the person named therein. If a memorandum is prepared, the original shall be retained by the officer, and a copy shall be sent to the state department of transportation, and a copy shall be presented to the person named therein.

(c) For preparing the summons or memorandum referred to in this section, there shall be charged to the person named in the summons or memorandum, upon conviction, a fee of $2.00. The fee shall be assessed as part of the court costs.

(d) The number of copies and the form of the citations and memoranda authorized by this section shall be as prescribed by the state commissioner of public safety with the concurrence of the state director of transportation.

(e) This section shall not apply to a traffic offense which must be charged upon a uniform citation and complaint as provided in I.C. § 805.6.
(C62, § 30-1743; O.8084, 8778; C75, C79, § 27-1770; C91, § 27-485; O.11,650)

State law reference—Similar provisions, I.C. § 321.485.

Sec. 114-485.01. Notice on illegally parked vehicles.

Whenever any motor vehicle without a driver is found parked or stopped in violation of any of the restrictions imposed by this chapter or any other city ordinance or by state law, the officer, designated city employee, agent or government partner finding such vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its owner or user and shall conspicuously affix to such vehicle a citation-complaint in writing, on a form as provided in section 114-485.04 of this article, for the owner to appear to the charge against him or her at the city clerk's office or in the county district court as designated in the citation-complaint.
(C62, § 30-1744; O.8084, 8878; C75, C79, C85, § 27-1771; O.11,305; C91, § 27-485.01; O.11,650, 16,367)

Sec. 114-485.02. Habitual violator.

(a) For the purposes of this article, a delinquent parking citation-complaint is one which has not been paid within 30 days of the date upon which the violation occurred.

(b) Any person who has allowed four or more overtime and/or illegal parking citation-complaints issued on a motor vehicle or registration plate to become delinquent shall be deemed to be a habitual violator.

(c) No person shall park a vehicle and permit it to remain standing upon any public street or public metered lot or city-owned parking facility when there are four or more delinquent parking citation-complaints outstanding against that vehicle.

(d) A violation of this section shall place such vehicle in the status of an illegally parked vehicle, and the vehicle may be dealt with pursuant to section 114-485.11 of this article.

(e) A person who violates any provision of this section shall pay a fine of $30.00.
(C85, § 27-1772; O.11,504; C91, § 27-485.02; O.11,650, 11,896, 14,244)

Sec. 114-485.04. Form and use of parking citation-complaint forms.

Parking citation-complaints shall be issued by the police department, the department of engineering, agents, government partners and by officers and other designated personnel upon serially numbered sets of parking citation-complaint forms, each copy of each set to be clearly imprinted with the citation-complaint number. Copies of the citation-complaint forms shall be used as follows: one to be used as a notice of violation to be delivered to the owner of the vehicle, or affixed to the vehicle illegally parked, as provided

in sections 114-485 and 114-485.01 of this article; one to be placed on file with the city clerk which may be proceeded upon as a simple notice pursuant to I.C. § 321.236 which, if admitted, may be paid to the city clerk as specified in the citation-complaint or which, if denied, shall be sworn to by an officer as an information and filed in the county district court upon the filing of a written request to receive a date for entering a court appearance and plea as provided in this article; and one to be retained for record purposes by the police department. Citation-complaints which are denied as provided in this article shall be filed in the traffic division of the office of the clerk of the county district court and prosecuted pursuant to law.
(C62, § 30-1746; O.8084, 8778; C75, C79, C85, § 27-1773; O.11,305; C91, § 27-485.04; O.11,650, 15,126, 16,367)

Sec. 114-485.05. Payment or contest of parking citation-complaint.

Parking citation-complaints shall be paid at the office of the city clerk within 30 days of the date issued unless the owner of the vehicle contests the parking citation-complaint by filing a written request within seven business days of the issuance of the citation for administrative review or for an appearance date before the county district court. The written request for administrative review shall be filed in the office of the city clerk and shall stop the running of the 30-day period for payment. Upon a decision of the administrative review panel to uphold the parking citation-complaint, the period for payment set out in this section shall resume.
(C91, § 27-485.05; O.11,650)

Sec. 114-485.06. Administrative review panel.

An administrative review panel comprised of the city clerk or the city clerk's designee, as chairperson of the panel, and two other city employees appointed by the city manager to serve upon such panel shall, at the written request of the owner of the vehicle, review the facts and circumstances upon which a citation was issued and shall decide whether the parking citation-complaint should be voided or should be upheld.
(C91, § 27-485.06; O.11,650)

Sec. 114-485.07. Action following administrative review.

If the administrative review panel determines the parking citation-complaint should be voided, such action shall be promptly taken by the city clerk. If the administrative review panel upholds the parking citation-complaint, it shall be paid within the period set out in section 114-485.05 of this article, unless the owner of the vehicle wishes to deny the parking citation-complaint and files with the city clerk, within seven business days of the administrative review panel's decision, a written request to receive a date upon which to appear and enter a plea to the parking citation-complaint before the county district court. Failure to timely pay a parking citation-complaint after administrative review or to timely request an appearance date shall render the parking citation-complaint delinquent and subject to section 114-485.02 of this article.
(C91, § 27-485.07; O.11,650)

Sec. 114-485.08. Assignment of court appearance date.

Upon the written request of the owner of the vehicle, filed pursuant to section 114-485.05 or 114-485.07 of this article, the city clerk shall fix the date upon which an appearance and plea to the charges contained in the parking citation-complaint must be entered in the district court. The city clerk shall forward the citation-complaint to the city prosecutor for filing in the traffic division of the office of the clerk of the district court.
(C91, § 27-485.08; O.11,650)

Sec. 114-485.09. Failure to pay or to contest.

(a) Failure to pay a parking citation-complaint within 30 days of its issuance or to timely contest such citation under this article shall render the charges contained herein admitted.

(b) Except for handicapping parking violations under section 114-616 of this chapter. The fine on all other parking violations in this chapter or chapter 22 of this Code are increased by $5.00 if the parking violation is not paid within 30 days of the date upon which the violation occurred, unless the parking violation is timely contested pursuant to section 114-485.05 of this Code. If the parking violation is timely contested then the provisions of section 114-485.05 of the code shall apply for purposes of the stopping and starting of the 30-day period.
(C91, § 27-485.09; O.11,650, 14,244)

Sec. 114-485.11. Removal and impoundment of illegally parked vehicles.

The police department, the department of public works, acting through the director of public works, or the department of community development, acting through the director of community development, may remove and impound vehicles or cause vehicles to be removed and impounded when the vehicles are stopped or parked in violation of this chapter or other city ordinances and, in so doing, may employ such means as are reasonably necessary. Impounded vehicles shall be stored in a location designated by the city.
(C62, § 30-1752; O.8084, 8777; C75, C79, § 27-1779; O.10,362; C91, § 27-485.11; O.11,650, 13,483)

Sec. 114-485.12. Right of owner to redeem impounded vehicle.

(a) The registered owner or person having a legal entitlement to possession of a motor vehicle impounded pursuant to section 114-485.11 of this article may redeem the vehicle by paying the city's towing contractor an amount sufficient to cover all of the towing contractor's charges attributable to the towing and storage of the vehicle. If a hearing pursuant to the administrative appeal process set forth in chapter 3 of this Code is held and the administrative hearing officer determines there was no probable cause to impound the vehicle, the costs attributable to the impoundment and storage not to exceed 15 days shall be refunded by the city clerk through the normal procurement process.

(b) If a motor vehicle was impounded pursuant to section 114-485.02 of this article, all delinquent parking citation-complaints must be satisfied.

(c) If the vehicle is not redeemed until a final determination has been entered pursuant to the administrative appeal process set forth in chapter 3 of this Code, the vehicle may be redeemed upon payment of all charges referred to in section 114-485.16 of this article less any portion thereof subject to refund under paragraph (a) above.
(C62, § 30-1753; O.8084, 8777; C75, C79, § 27-1780; O.10,362; C91, § 27-485.12; O.11,650, 11,896, 14,203, 15,131, 16,436)

Sec. 114-485.13. Failure of owner to claim impounded vehicle.

If an impounded vehicle is not claimed by the owner within ten days after impoundment, the unclaimed vehicle shall be placed in the status of and shall be deemed an abandoned vehicle as provided by state law. However, the vehicle may be declared abandoned within the ten-day period by commencing the notification process provided by state law.
(C62, § 30-1754; O.8084, 8777; C75, C79, § 27-1781; O.10,362; C91, § 27-485.13; O.11,650, 13,535)

Sec. 114-485.14. Notice of impoundment.

When a vehicle has been impounded pursuant to this chapter, the registered owner of the vehicle shall be sent, by certified mail to the owner's last known address of record within 72 hours of the impoundment, excluding weekends and holidays, a notice of the impoundment along with a description of any personal property contained within the vehicle and of the right to a hearing pursuant to this article. Notice personally presented within such period to the owner or person having a legal entitlement to possession shall satisfy the mailing requirement. The notice shall identify: i) that the owner or any person having a legal entitlement to possession of the vehicle may appeal whether there was probable cause to impound the vehicle by filing a notice of appeal with the city clerk within ten business days of the date of such notice; and ii) if the appeal results in a determination that there was

no probable cause to impound the vehicle, the costs attributable to the impoundment and storage not to exceed 15 days will be refunded.
(C79, § 27-1782; O.10,362, 10,681; C91, § 27-485.14; O.11,650, 15,131)

Sec. 114-485.15. Right to hearing.

(a) The registered owner or a person having a legal entitlement to possession of a vehicle impounded pursuant to this article has a right to a post-seizure administrative hearing before an administrative hearing officer pursuant to the administrative appeal process set forth in chapter 3 of this Code to determine whether there was probable cause to impound the vehicle and any personal property contained within the vehicle, provided the registered owner or person having a legal entitlement to possession files a written notice of appeal with the city clerk's office within ten business days of the date of the notice of the impoundment.

(b) Failure to request a hearing within such time period or to attend a scheduled hearing on such appeal shall be deemed a waiver of the right to such a hearing.
(C79, § 27-1783; O.10,362, 10,681; C91, § 27-485.15; O.11,650, 13,535, 15,131)

Sec. 114-485.16. Conduct of hearing.

The post-seizure administrative hearing provided in this article shall be conducted pursuant to the administrative appeal process set forth in chapter 3 of this Code. If the administrative hearing officer determines there was no probable cause to impound the vehicle, the costs attributable to the impoundment and storage not to exceed fifteen days shall be refunded pursuant to section 114-485.12 of this article. The decision of the hearing officer shall in no way affect any criminal proceeding in connection with the impoundment in question. Criminal charges, if any, may only be challenged in the appropriate court.
(C79, § 27-1784; O.10,362, 10,681; C85, § 27-1784; O.11,289; C91, § 27-485.16; O.11,650, 15,131)

Sec. 114-485.17. Probable cause to impound.

For the purposes of this article, the term "probable cause to impound" shall mean such a state of facts as would lead a person of ordinary care and prudence to believe there was a breach of law for which the vehicle may be removed and impounded under section 114-485.11 of this article.
(C79, § 27-1785; O.10,362; C91, § 27-485.17; O.11,650)

Sec. 114-485.18. Reserved.

Editor's note—Ord. No. 15,131, § 1, adopted Sept. 10, 2012, repealed § 114-485.18, which pertained to right to appeal hearing officer's decision and derived from Code 1979, § 27-1786; Ord. No. 10,362; Code 1991, § 27-485.18; Ord. No. 11,650.

Sec. 114-485.19. Reserved.

Editor's note—Ord. No. 15,131, § 1, adopted Sept. 10, 2012, repealed § 114-485.19, which pertained to appeal process and derived from Code 1979, § 27-1786.01; Ord. No. 10,362; Code 1991, § 27-485.19; Ord. No. 11,650.

Sec. 114-485.20. Designation of garages private storage of impounded vehicles.

At least once each year the city council shall take bids from privately owned garages for schedules of fees for towing and storing impounded vehicles or vehicles taken up because of being illegally parked. Thereupon, the city council shall designate such of the bidders as shall be geographically located to tow and store such vehicles at a minimum cost, if city facilities are not available for towing or storing vehicles to be impounded. The chief of police is authorized to direct the private garage designated by the city and located nearest to the vehicle to tow and store the vehicle until disposed of as provided in this article. Such garage is authorized to retain the vehicle until the fees for towing and storage on the basis of the bid shall be paid.
(C62, § 30-1760; O.8084; C75, C79, § 27-1787; C91, § 27-485.21; O.11,650; C91, § 27-485.20)

Secs. 114-486—114-491. Reserved.

Sec. 114-492. Peace officer's authority.

Any peace officer is authorized to stop any vehicle to require exhibition of the driver's motor vehicle license; to serve a summons or memorandum of traffic violation; to inspect the condition of the vehicle; to inspect the vehicle with reference to size, weight, cargo, log book, bills of lading or other manifest of employment, tires and safety equipment; or to inspect the registration certificate, the compensation certificate, travel order, or permit of the vehicle. All peace officers as defined in this chapter may, having reasonable grounds that equipment violations exist, conduct spot inspections.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-688; O.8084; C75, C79, C85, § 27-702.01; O.10,768; C91, § 27-610; O.11,650, 13,600, 14,244, 14,486, 15,110, 15,165, 16,470)

Sec. 114-611. Bus loading zones.

(a) When signs are erected giving notice thereof, no person shall park any vehicle, other than a bus for the purpose of loading or unloading passengers at any of the locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(1) If days and times are indicated on the sign, bus loading and unloading is allowed only during those dates and times.

(2) Unless posted otherwise, such bus shall not park for such purpose for a time exceeding 20 minutes.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 390-688.01; O.8755; C75, C79, § 27-703; C91, § 27-611; O.11,650, 14,244, 15,278, 16,470)

Sec. 114-612. Passenger loading and unloading zones.

(a) When signs are erected giving notice thereof, no person shall park any vehicle for other than the purpose of loading or unloading passengers at any time or at the times specified in this section at any of the locations designated in division 9 of article XVI of this chapter as subject to such restriction:

(1) Passenger loading and unloading, 7:00 a.m. to 6:00 p.m., Monday through Friday.

(2) Passenger loading and unloading, 7:00 a.m. to 6:00 p.m., Monday through Friday, 20 minutes only.

(3) Passenger loading and unloading, 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m., Monday through Friday.

(4) Passenger loading and unloading, 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m., 20 minutes only, Monday through Friday.

(5) Passenger loading and unloading, ten minutes only.

(6) Passenger loading and unloading, 7:00 a.m. to 6:00 p.m., 20 minutes only.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-686.01; O.8283, 8925; C75, C79, § 27-703.01; O.10,615; C91, § 27-612; O.11,650, 13,066, 13,282, 14,244, 15,165, 16,470)

Sec. 114-612.01. Handicapped passenger loading and unloading zones.

(a) When signs are erected giving notice thereof, no person shall park any vehicle for other than the purpose of loading or unloading handicapped passengers, at any time, or during the times specified in this section, at any of the locations designated in division 9 of article XVI of this chapter as subject to such restrictions:

(1) Handicapped passenger loading and unloading, one hour limit only, 24 hours daily.

(2) Handicapped passenger loading and unloading, 30 minutes limit only, 24 hours daily.

(b) No person shall park a vehicle in a space designated as a loading and unloading zone for physically handicapped persons unless the vehicle displays, in a manner visible from outside such vehicle, a special handicapped parking identification device issued by the state department of transportation and only when the vehicle is being used, either as operator or passenger, by the individual to whom the device has been issued or by or for another individual who is confined to a wheelchair or is otherwise so physically handicapped as to have significant difficulty or insecurity in walking and who has been issued a permanent or temporary special handicapped parking identification device issued by the state department of transportation, that is properly displayed as noted above.

(c) Para-transit vehicles licensed by the City of Des Moines, emergency rescue vehicles licensed as "official" state, county or city vehicles by the State of Iowa and Des Moines Area Regional Transit (DART) para-transit vehicles will automatically meet all of the requirements for loading and unloading in any designated handicapped loading and unloading spaces, unless their parking in a handicapped loading and unloading designated area is related to a life threatening emergency, they shall abide by the posted time limit for use of that area.

(d) Handicapped loading and unloading areas shall be designated by a handicapped parking sign bearing the international symbol of accessibility, with a supplementary message or sign placard indicating that the area is a handicapped loading zone and also indicating the designated time limit allowed for use of that space and by no other means. Painting of the curbing or the pavement in some alternative manner is not sufficient designation and will not be permitted.

(e) A person who violates any provision of this section shall pay a fine as defined in section 114-616(c).
(O.15,187)

Sec. 114-613. Taxicab stands.

(a) No person shall stop, stand, or park a vehicle other than a taxicab in a taxicab stand designated in division 9 of article XVI of this chapter as subject to such restriction and appropriately signed, except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in loading or unloading passengers when stopping does not interfere with any taxicab waiting to enter or about to enter the zone.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-689; O.8084; C75, C79, § 27-704; C91, § 27-613; O.11,650, 14,244, 16,470)

Sec. 114-613.01. Reserved.

Editor's note—Ord. No. 15,750, § 1, adopted Feb. 25, 2019, repealed § 114-613.01, which pertained to parking in spaces designated for resident parking permits and derived from Ord. No. 14,123; Ord. No. 14,244; Ord. No. 14,722.

Sec. 114-613.02. Parking in spaces designated for City of Des Moines Municipal Employee Permit Parking.

(a) When official signs are erected, no person shall park a vehicle in a parking space designated as a space for City of Des Moines Municipal Employee Permit Parking unless the vehicle properly displays a municipal employee parking permit.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(O.14,635, 16,470)

Sec. 114-614. Parking spaces for police department personnel.

(a) When official signs are erected no person except police department personnel shall park a vehicle in those spaces and at those locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-690; O.8084; C75, C79, § 27-705; O.9994; C91, § 27-614; O.11,650, 14,244, 16,470)

Sec. 114-614.01. Parking spaces for city vehicles.

When official signs are erected no vehicles except official city vehicles shall be parked in those spaces and at those locations designated in division 9 of article XVI of this chapter as subject to such restriction.
(C91, § 27-614.01; O.13,239)

Sec. 114-614.02. Parking spaces for fire department vehicles.

When official signs are erected, no vehicles except official fire department vehicles shall be parked in those spaces and at those locations designated in division 9 of article XVI of this chapter as subject to such restriction.
(C91, § 27-614.02; O.11,743)

Sec. 114-615. Parking spaces for juvenile court officials.

When official signs are erected no person except juvenile court officials shall park a vehicle in those spaces and at those locations designated in division 9 of article XVI of this chapter as subject to such restriction.
(C62, § 30-691; O.8084; C75, C79, § 27-706; C91, § 27-615; O.11,650)

Sec. 114-616. Parking in spaces for physically handicapped persons.

(a) When official signs are erected, no person shall park a vehicle in a parking space designated as a space for physically handicapped persons unless the vehicle displays, in a manner visible from outside such vehicle, a special identification device issued by the state department of transportation and the vehicle is being used, either as operator or passenger, by the individual to whom the device has been issued or another individual who is confined to a wheelchair or is otherwise so physically handicapped as to have significant difficulty or insecurity in walking.

(b) Parking spaces for the physically handicapped shall be in locations which are as convenient as is feasible to the exits from or

entrances to the garages, metered lots, and public employee lots of the municipal parking system.

(c) A person who violates any provision of this section shall pay a fine of $200.00 for each violation or the fine as established in section 805.8A, subsection 1, paragraph "c" of the Iowa State Code, whichever is greater.
(C62, § 30-693; O.8084; C75, § 27-707; O.9360; C79, § 27-707; O.9628; C91, § 27-616; O.11,650, 14,244, 15,316)

Sec. 114-616.01. Parking in loading zones designated for physically handicapped persons.

(a) When official signs are erected, as noted in section 14-612.01(d), no person shall even momentarily stop a vehicle in a loading zone area designated as a space for physically handicapped persons to load and unload, unless their vehicle properly displays, in a manner visible from outside such vehicle, an official handicapped identification placard or handicapped designated license plates, issued by the state department of transportation and, only when the vehicle is being used, either as operator or passenger by the individual to whom the handicapped placard or handicapped license plate have been issued.

(b) Designated loading and unloading areas for the physically handicapped shall be in locations which are as convenient as is feasible to the exits from or entrances to accessible residential facilities.

(c) The installation of handicapped loading and unloading areas will be considered by the city traffic engineer or their designated representative, based on each individual request and based on the information provided in each request. The requestor must provide the following as proof of need.

(1) A written request for the installation of a handicapped loading and unloading area, stating the exact area where needed.

(2) Written approval/agreement from the adjacent property owner(s) for the installation of a handicapped loading and unloading area.

(3) Provide individual proof of residence, for each requestor, at this location.

(4) Provide a statement from the requestor giving the reason(s) why a handicapped loading zone is necessary or preferred over any other type of designated loading or unloading zone.

(d) A person who violates any provision of this section shall pay a fine as defined in section 114-616(c).
(O.15,187)

Sec. 114-617. Handicapped parking spaces required; penalty.

(a) The city and any other political subdivision which provides on-street parking areas within a business district shall by ordinance define and establish a business district and shall designate not less than two percent of the total parking spaces within each business district as handicapped parking spaces. A new nonresidential facility in which construction has been completed on or after July 1, 1991, providing parking to the general public shall provide handicapped parking spaces as follows:

Total Parking Spaces in Lot or Facility	*Required Minimum Number of Handicapped Parking Spaces*
10 to 25	1
26 to 50	2
51 to 75	3
76 to 100	4
101 to 150	5
151 to 200	6
201 to 300	7
301 to 400	8
401 to 500	9
501 to 1,000	2% of total
1,001 and over	20 plus 1 for each 100 over 1,000

(b) A person may also set aside handicapped parking spaces on the person's property, provided each parking space is clearly and prominently designated as a parking space. The use of a

handicapped parking space by a motor vehicle not displaying such a handicapped identification device or by a motor vehicle displaying such a device but not being used by a handicapped person, as operator or passenger, shall be guilty of a misdemeanor punishable by fine as provided by section 1-15 of this Code or shall be guilty of a municipal infraction punishable by a civil penalty as provided by section 1-15 of this Code.
(C79, § 27-707.01; O.10,067; C85, § 27-707.01; O.11,229, 11,492; C91, § 27-617; O.11,650, 11,876, 13,369, 15,608)

Sec. 114-618. Handicapped parking space signs.

Handicapped parking spaces shall be designated by a handicapped parking sign bearing the international symbol of accessibility, and by no other means. Painting the international symbol of accessibility on the pavement alone is not sufficient designation of the handicapped parking spaces.
(C79, § 27-707.02; O.10,067; C91, § 27-618; O.11,650, 15,606)

Sec. 114-618.01. Handicapped passenger loading and unloading signs.

Handicapped loading and unloading spaces shall be designated by a handicapped parking sign bearing the international symbol of accessibility, with the addition of a supplementary message indicating the designated spaces are for loading and unloading and that a specific time limit exists, and by no other means. Painting the international symbol of accessibility on the pavement, painting curbs or other methods of designating these spaces are not sufficient to properly designate the handicapped parking loading and unloading spaces.
(O.15,187)

Sec. 114-619. Business district delineated.

For purposes of this article, the business district shall be constituted of all the streets and avenues located within the area bounded by the south side of Mulberry Street at Tenth Street; thence east to the west side of Sixth Avenue; thence south to the south side of Cherry Street; thence east to the east side of Fifth Avenue; thence north to the south side of Court Avenue; thence east to the east side of First Street; thence north to the north side of Grand Avenue; thence west to the east side of Second Avenue; thence north to the south side of Watson Powell Jr Way, but not including Watson Powell Jr Way; thence west to the east side of Eighth Street; thence south to the north side of Pleasant Street; thence west to the west side of Tenth Street; thence south to the south side of Mulberry Street.

Sec. 114-623. Parking spaces for United States Marshals.

(a) When official signs are erected, no person except United States Marshals shall park a vehicle in those spaces and at those locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C85, § 27-709.01; O.10,747; C91, § 27-623; O.11,650, 14,244, 16,470)

Sec. 114-624. Parking spaces for Department of the Treasury.

(a) When official signs are erected no person except Department of the Treasury officials shall park a vehicle in those spaces and at those locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C85, § 27-709.02; O.10,806; C91, § 27-624; O.11,650, 14,244, 16,470)

Sec. 114-625. One-hour parking between 9:00 a.m. and 4:00 p.m.

(a) Subject to all other sections of this article and when signs are erected giving notice thereof, no person shall park a vehicle continuously in any one block for more than one hour between the hours of 9:00 a.m. and 4:00 p.m., except Sundays, New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day, at any of the locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-696; O.8084; C75, C79, § 27-710; C91, § 27-625; O.11,650, 11,891, 14,244, 16,470)

Sec. 114-626. Two-hour parking.

(a) Subject to all other sections of this chapter and when signs are erected giving notice thereof, no person shall park a vehicle continuously in any one block for more than two hours at any of the locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-696.01; O.8915; C75, C79, § 27-710.01; C91, § 27-626; O.11,650, 14,244, 16,470)

Sec. 114-627. Two-hour parking between 9:00 a.m. and 4:00 p.m.

(a) Subject to all other sections of this chapter and when signs are erected giving notice thereof, no person shall park a vehicle continuously in any one block for more than two hours between the hours of 9:00 a.m. and 4:00 p.m., except Sundays, New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day, at any of the locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-697; O.8084; C75, C79, § 27-711; C91, § 27-627; O.11,650, 11,891, 14,244, 16,470)

Sec. 114-627.1. Two-hour parking between 9:00 a.m. and 9:00 p.m.

(a) Subject to all other sections of this chapter and when signs are erected giving notice thereof, no person shall park a vehicle continuously in any one block for more than two hours between the hours of 9:00 a.m. and 9:00 p.m., except Sundays, New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day, at any of the locations designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) A person who violates any provision of this section shall pay a fine of $20.00.
(O.16,511)

Sec. 114-628. Parking signs required.

Whenever by this chapter or any city ordinance any parking time limit is imposed or parking is prohibited on designated streets, the city engineer shall erect appropriate signs giving notice thereof, and no such regulations shall be effective unless the signs are erected and in place at the time of any alleged offense.
(C62, § 30-698; O.8084; C75, C79, § 27-712; C91, § 27-628; O.11,560)

Sec. 114-628.01. Parking in municipal buildings.

(a) No person shall park any vehicle across any line or marking or in an area designated as a public parking space in a city-owned or controlled parking garage or city-owned or controlled parking lot in such a manner that the vehicle shall not be entirely within the parking area designated by lines, markings or traffic control signing which indicates the limits of a designated parking space.

(b) A person who violates such provision of this section shall pay a fine of $20.00.
(O.14,506, 16,470)

Sec. 114-629. Overtime parking.

(a) No person shall cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked overtime or beyond the period of legal parking time at any location designated in division 9 of article XVI of this chapter as subject to such restriction.

(b) Any person violating this section shall be deemed guilty of a simple misdemeanor. The fine for overtime parking is $5.00 if paid within 30 days of the date upon which the violation occurred. Any ticket which is not paid within 30 days of issuance shall be deemed delinquent. The fine for delinquent overtime parking tickets is $10.00.
(C62, § 30-699; O.8084; C75, C79, § 27-713; C91, § 27-629; O.11,650, 14,195)

DIVISION 2. LOADING OR UNLOADING ON SPECIFIED STREETS

Sec. 114-630. Prohibited within certain downtown areas between 4:00 p.m. and 6:00 p.m.

(a) No person shall stop, stand or park a vehicle for the purpose of unloading and delivering or picking up and loading of any articles or materials of any kind, between the hours of 7:00 a.m. and 9:00 a.m. and 4:00 p.m. and 6:00 p.m., upon any of the streets within the boundary of the downtown area, not including alleys, as set forth in subsection (b) of this section.

(b) The downtown area shall be an area commencing at the southwest corner of the intersection of Sixteenth Street and Mulberry Street; thence easterly along the south curbline of Mulberry Street to the southwest corner of the intersection of Fifth Avenue and Mulberry Street; thence southerly along the west curbline of Fifth Avenue to the southwest corner of the intersection of Fifth Avenue and Court Avenue; thence easterly along the south curbline of Court Avenue to the west bank of the Des Moines River; thence northerly to Center Street; thence westerly along the north curbline of Center Street to the northwest corner of Ninth Street and Center Street; thence southerly along the west curbline of Ninth Street to the northwest corner of the intersection of Ninth Street and High Street, thence westerly along the north curbline of High Street to the northwest corner of the intersection of High Street and Ingersoll Avenue; thence westerly along the north curbline of Ingersoll Avenue to the northwest corner of the intersection of Eighteenth Street and Ingersoll Avenue; thence southerly along the west curbline of Eighteenth Street to the southwest corner of the intersection of Eighteenth Street and Locust Street; thence easterly along the south curbline of Locust Street to the southwest corner of the intersection of Locust Street and Sixteenth Street; thence southerly along the west curbline of Sixteenth Street to the point of beginning.

(c) A person who violates any provision of this section shall pay a fine of $20.00.
(C62, § 30-1495; O.8084; C75, § 27-1528; O.9595; C79, § 27-1528; C91, § 27-630; O.11,650, 14,244, 16,470)

Sec. 114-631. Trucks.

(a) Within the area described in subsection (b) of this section, all drivers or operators of any truck with a length that exceeds 35 feet are prohibited from loading or unloading at any street curbs where parking is prohibited, between the hours of 7:00 a.m. and 6:00 p.m., without first obtaining a permit from the city engineer as provided in section 114-361.19 of this chapter.

(b) The area where parking is prohibited under subsection (a) of this section is the area commencing at the southwest corner of the intersection of Sixteenth Street and Mulberry Street; thence easterly along the south curbline of Mulberry Street to the southwest corner of the intersection of Fifth Avenue and Mulberry Street; thence southerly along the west curbline of Fifth Avenue to the southwest corner of the intersection of Fifth Avenue and Court Avenue; thence easterly along the south curbline of Court Avenue to the west bank of the Des Moines River; thence northerly to Center Street; thence westerly along the north curbline of Center Street to the northwest corner of Ninth Street and Center Street; thence southerly along the west curbline of Ninth Street to the northwest corner of the intersection of Ninth Street and High Street; thence westerly along the north curbline of High Street to the northwest corner of the intersection of High Street and Ingersoll Avenue; thence westerly along the north curbline of Ingersoll Avenue to the northwest corner of the intersection of Eighteenth Street and Ingersoll Avenue; thence southerly along the west curbline of Eighteenth Street to the southwest corner of the intersection of Eighteenth Street and Locust Street; thence easterly along the south curbline of Locust Street to the southwest corner of the intersection of Locust Street and Sixteenth Street; thence southerly along the west curbline of Sixteenth Street to the point of beginning.

Sec. 114-640.03. Reserved.

Editor's note—Ord. No. 15,750, § 1, adopted Feb. 25, 2019, repealed § 114-640.03, which pertained to residency requirements for issuance of a resident parking permit and derived from Ord. No. 14,122; Ord. No. 14,722; Ord. No. 15,658.

Sec. 114-641. Installation, construction and maintenance of meters.

In the parking meter district the city traffic engineer shall cause parking meters or appropri-

ate signage to be installed for the metered parking spaces designated in section 114-640 of this division. The parking meters may be either multi-space parking meters or pay stations or be single space parking meters and shall be devices that take payment and measure the permissible, predetermined metered time for permitted parking. Metered time is credited to an individual metered parking space for payment of the applicable parking rate and such metered time runs continuously from the time of payment until expiration. The city traffic engineer shall be responsible for the regulation, control, operation, maintenance and use of parking meters. Each device shall be constructed to display a record of legal permitted metered parking time for the metered parking space upon payment method. Each device or display record shall indicate when the lawful metered parking period has expired. The right of such vehicle to occupy such metered parking space shall cease upon expiration of the metered parking period.
(C62, § 27-1505; O.8084; C75, § 27-1538; O.9227; C79, § 27-1538; C85, § 27-1538; O.11,426; C91, § 27-640; O.11,650, 15,658, 16,095, 16,470)

Sec. 114-642. Operation of meters.

(a) Except in a period of emergency determined by an officer of the fire or police department or in compliance with the directions of a police officer or traffic control sign or signal, no vehicle shall be parked within a designated metered parking space except pursuant to the terms and conditions regulating parking space, as indicated on installed signs or parking meters.

(b) Upon a vehicle entering a metered parking space, meter payment shall immediately be made in a single space meter serving that parking space or, if the parking space is not served by a single space meter, at any functioning multi-space parking meter or pay station, and no vehicle shall continue to be parked or remain in the parking space beyond the expiration of the period of parking time prescribed by the meter serving the parking space.

(c) No vehicle shall be parked in a metered parking space where a person has made payment for the purpose of extending the parking time for that vehicle beyond the maximum parking time limit for that parking space as established in section 114-643.

(d) No vehicle shall be parked in a metered parking space served by a single space meter that is out of order.

(e) A person who violates any provision of this section shall pay a fine as set for in section 114-645.
(C62, § 30-1506; O.8084, 8754; C75, § 27-1539; O.9227; C79, § 27-1539; C91, § 27-641; O.11,650, 15,658, 16,095)

Sec. 114-643. Parking meter rates and time zones.

(a) Three parking meter rate and time zones within the parking meter district designated as zone I, zone II and zone III shall be established and may subsequently be amended by resolution adopted by the city council. The parking meter rate and time zones may be comprised of contiguous or non-contiguous area. Zone I shall designate a peak pricing area and all zones shall designate the locations of handicapped meter parking spaces. The resolution establishing the parking meter rate and time zones together with all appended zone maps and descriptions incorporated therein shall be filed in the office of the city clerk. The following parking rates, peak pricing parking rates and maximum parking time limits for each zone are as follows:

Zone	*Parking Rate per hour*	*Peak Pricing Parking Rate per hour*	*Maximum Parking Time Limit*
I	$1.25	$1.75	4 hours
II	$0.75	None	None
III	$0.25	None	None

(b) No vehicle shall be parked in a metered parking space in Zone I beyond the maximum parking time limit.

(c) At the direction of the city traffic engineer, temporary reduced parking meter rates may be charged during all or any designated times of meter operation for any parking spaces for up to six months, as an incentive to attract additional parking customers during times when unused spaces are available. Such temporary reduced rates shall be charged only when a preliminary

analysis has indicated that total parking revenues will increase at the parking spaces where such reduced rates are proposed. The implementation of temporary reduced rates shall be subject to the prior review and approval of the city manager and city attorney to ensure compliance with any financial obligations of the parking facilities system. Any time that temporary reduced rates are charged, the city traffic engineer shall conduct an analysis to determine the impact on actual revenues and shall terminate the temporary reduced rates if such rates have an adverse impact on actual revenues to the parking facilities system.

Sec. 114-645. Parking related fines.

A person who violates any provision of this section shall pay a fine of $20.00 unless otherwise provided.
(C62, § 30-1509; O.8084; C75, § 27-1542; O.9561; C79, § 27-1542; O.10,576; C85, § 27-1542; O.11,504; C91, § 27-644; O.11,650, 14,244, 15,658, 16,095, 16,470)

Sec. 114-646. Use of parking spaces.

(a) No part of a vehicle shall be parked in a metered parking space parallel to the curb in a manner that infringes upon another metered parking space. No part of a vehicle shall be parked outside the designated lines or markings for an angled metered parking space. Payment shall be made for the total number of parking spaces occupied by a vehicle, with or without a trailer, that is too large to be confined to a single metered parking space and such vehicle shall be parked in a manner that occupies the least number of required metered parking spaces.

(b) No motorcycle shall be parked in a metered parking space unless each motorcycle is parked with its rear wheel no further than 18 inches from the curb and the front of each motorcycle faces away from the curb. No motorcycle shall be parked in a metered parking space that is also occupied by a vehicle that exceeds two wheels. No part of a motorcycle shall extend outside the metered parking space.
(C62, § 30-1510; O.8084; C75, C79, § 27-1543; C91, § 27-645; O.11,650, 13,785, 14,244, 16,095, 16,470)

Sec. 114-647. Injuring or tampering with meter.

No person shall deface, injure, tamper with, open or willfully break, destroy or impair the usefulness of any parking meter installed under this chapter. A person who violates this provision shall be guilty of a simple misdemeanor punishable under section 1-15 of this Code.
(C62, § 30-1511; O.8084; C75, C79, § 27-1544; C91, § 27-646; O.11,650, 16,470)

Sec. 114-648. False or unapproved payment prohibited.

No vehicle may be parked in a metered parking space where a person has deposited or caused to be deposited any false or unapproved form of payment.
(C62, § 30-1512; O.8084; C75, C79, § 27-1545; C91, § 27-647; O.11,650, 16,095, 16,470)

Sec. 114-649. Special parking meter fund created.

There is created a fund to be known as special parking meter fund to which shall be credited all receipts from parking meter fees and any other receipts or revenues derived in any manner from the use or operation of parking meters.
(C62, § 30-1513; O.8084; C75, C79, § 27-1546; C91, § 27-648; O.11,650)

Sec. 114-650. System of accounting established.

The director of finance is directed to establish a system of accounts relating to the purchase, use, operation, maintenance, repair and control of parking meters and the receipts and disbursements in any manner connected therewith, including the amount of any contract entered into by the city council or city manager with any person respecting the use, operation, maintenance and repair of parking meters or parts thereof in the installation or transportation charges connected therewith in accordance with any contract.
(C62, § 30-1514; O.8084; C75, C79, § 27-1547; C91, § 27-649; O.11,650, 15,658)

Sec. 114-651. Deposit of collections with city treasurer.

All receipts, fees or revenues in any manner collected from parking meters shall be deposited with the city treasurer, who shall enter the amount thereof upon the city's parking meter records or accounts.
(C62, § 30-1515; O.8084; C75, § 27-1548; O.9227; C79, § 27-1548; C91, § 27-650; O.11,650)

Sec. 114-652. Manner of collecting monies from meters.

All monies shall be collected from parking meters under the direction and control of the city traffic engineer. All monies so collected shall be deposited by the city treasurer. The maintenance and operation shall be under the supervision, direction and control of the city traffic engineer.
(C62, § 30-1517; O.8084; C75, § 27-1550; O.9227; C79, § 27-1550; C91, § 27-652; O.11,650, 15,658, 16,095)

Sec. 114-653. Designation of collectors; disposition of monies collected.

The city traffic engineer shall designate city employees or contracted persons under its supervision to make regular collections of the money deposited in parking meters. The person so designated shall remove from the parking meters the coin box contained therein, placing it in a locked coin-collection cart provided for collection purposes and shall deliver such locked coin-collection cart to the counting room or bank designated by the city treasurer, where the coin-collection cart will be unlocked, the coins contained therein counted, and deposited in the special parking meter fund.
(C62, § 30-1518; O.8084; C75, § 27-1551; O.9227; C79, § 27-1551; C91, § 27-653; O.11,650, 13,815, 15,658, 16,095)

Sec. 114-654. Reserved.

Editor's note—Ord. No. 15,658, § 1, adopted May 7, 2018, repealed § 114-654, which pertained to time zones in parking meter districts and derived from Code 1962, § 30-1521; Ord. No. 8084; Code 1975; Code 1979, § 27-1554; Code 1991, § 27-654; Ord. No. 11,650.

Sec. 114-655. Reservation of powers.

Nothing in this division shall be construed as prohibiting the city from providing for bus stops, taxicab stands and other matters of similar nature, including the loading or unloading of trucks, vans or other commercial vehicles.

Sec. 114-666. Adjustment of rates.

(a) The rates established in this division may be adjusted by resolution of the city council so long as such adjustment is consistent with city council established guidelines for free or reduced rate parking and the city council finds each such adjustment to be in the best interest of the city and without jeopardy to the city's ability to achieve and maintain bond financing for its parking facilities system.

(b) The rates established in this division may be adjusted by the city council in conjunction with city council approval of an economic development grant, loan or other financial assistance for job creation or job retention provided that any

reduction of rates will not have an adverse impact on actual revenues to the parking facilities system.

(c) At the direction of the city traffic engineer, temporary reduced monthly or daily rates may be charged in any parking garage for up to six months, or temporary reduced monthly rates may be charged in any parking garage for up to 12 months in conjunction with a contemplated long-term parking arrangement, as an incentive to attract additional parking customers during times when unused spaces are available. Such temporary reduced rates shall be charged only when a preliminary analysis has indicated that total parking revenues will increase in the garage or garages where such reduced rates are proposed. The implementation of temporary reduced rates shall be subject to the prior review and approval of the city manager and city attorney to ensure compliance with any parking system revenue bond covenants and restrictions relating to tax exemption. Any time that temporary reduced rates are charged, the city traffic engineer shall conduct an analysis to determine the impact on actual revenues and shall terminate the temporary reduced rates if such rates have an adverse impact on actual revenues to the parking facilities system.

(d) At the discretion of the city traffic engineer, the base prepaid special event rate of $5.00 may be increased up to $20.00 in any parking garage based on the anticipated increased parking demand related to the special event.

DIVISION 7. ELECTRIC VEHICLE CHARGING STATIONS

Sec. 114-676. Operations.

The city traffic engineer is hereby authorized and directed to operate electric vehicle charging stations in the city-operated public parking garages and surface lots within the city traffic engineer's discretion. Rates charged for public use of electric vehicle charging stations shall be those established in section 114-676A of this subchapter unless the city council directs otherwise as provided in section 114-676B of this subchapter.
(O.16,410)

Sec. 114-676A. Rates for electric vehicle charging stations.

Subject to section 114-676B of this subchapter, the following rates shall be charged at city-operated public parking garages and surface lots:

(a) *Usage fee:* The usage fee for anyone using an electric vehicle charging station shall be $0.16 per kilowatt hour, except as provided in section 114-676B.

(b) *Idling:* If a vehicle is plugged into an electric vehicle charging station for 30 minutes after a charging session has ended, the fee assessed on the account paying for the charge shall be $5.00 plus an additional fee of $1.25 for each 15 minute period thereafter. The city traffic engineer may implement a system that allows the billing system to notify people that their charging is complete prior to assessing the idling fee.

(c) *Failure to use charger:* Failure to use a charger while occupying marked space at an electric vehicle charging station is prohibited. A person violating this provision shall pay a fine as set forth in section 114-645. This fine shall be enforced as a parking meter violation under the Municipal Code.

(O.16,410)

Sec. 114-676B. Adjustment of rates.

The rates established in this division may be adjusted by resolution of the city council so long as such adjustment and the city council finds each such adjustment to be in the best interest of the city and without jeopardy to the city's ability to achieve and maintain bond financing for its parking facilities system.
(O.16,410)

ARTICLE XIV. BICYCLES AND PEDICABS*

DIVISION 1. BICYCLES

Sec. 114-677. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bicycle means either of the following:

(1) A device having up to four wheels and having at least one saddle or seat for the use of a rider which is propelled by human power.

(2) A device having up to four wheels with fully operable pedals and an electric motor of one horsepower or less.

Multi-use trail means a way or place, the use of which is controlled by the city as an owner of real property, designated by the multi-use recreational trail maps, as approved by resolution by the city council, and no multi-use trail shall be considered as a street or highway.
(O.15,083)

Sec. 114-678. Alteration of serial frame number.

It shall be unlawful for any person to willfully or maliciously remove, destroy, mutilate or alter the manufacturer's serial frame number of any bicycle.
(O.15,083)

*__Editor's note—__Ord. No. 15,083, § 1, adopted Feb. 27, 2012, amended Art. XIV in its entirety to read as herein set out. Former Art. XIV, §§ 114-677—114-698, pertained to similar subject matter, and derived from Code 1942, §§ 20-87, 21-4, 21-6, 21-6.01, 21-8—21-19, 21-36. See the Code Comparative Table for complete derivation. Futhermore, Ord. No. 15,487, adopted July 11, 2016, amended the title of Art. XIV to read as herein set out. Formerly, said Art. XIV was entitled "Bicycles."

Sec. 114-679. Sirens and whistles prohibited.

A bicycle shall not be equipped with and a person shall not use upon a bicycle any siren or whistle. This section shall not apply to bicycles ridden by peace officers in the line of duty.
(O.15,083)

Sec. 114-680. Lamps and reflectors.

(a) Every bicycle ridden at any time from sunset to sunrise and at such other times when conditions such as fog, snow, sleet, or rain provide insufficient lighting to render clearly discernible persons and vehicles on the highway at a distance of 300 feet ahead shall be equipped with a lamp on the front exhibiting a white light visible from a distance of at least 300 feet to the front.

(b) Every bicycle shall be equipped with a lamp on the rear exhibiting a red light visible from a distance of 300 feet to the rear; except that a red reflector may be used in lieu of a rear light.

(c) Equivalent equipment such as headlamps and red light attachments to the arm or leg may be used in lieu of a lamp on the front and a red light on the rear of the bicycle.

(d) A peace officer riding a police bicycle is not required to use either front or rear lamps if duty so requires.
(O.15,083)

Sec. 114-681. Stopping.

Every bicycle used upon the city streets, sidewalks, highways, park roads or multi-use trails shall be able to come to a complete stop within a safe distance.
(O.15,083)

Sec. 114-682. Applicability of motor vehicle laws.

Every person operating a bicycle upon the city streets, highways, park roads, or multi-use trails shall be subject to this chapter and other city traffic ordinances and the state statutes applicable to the drivers of motor vehicles, except as to special regulations in this chapter and except as

to those provisions of ordinances and statutes which by their nature can have no application or those provisions for which specific exceptions have been set forth regarding police bicycles.
(O.15,083)

Sec. 114-683. Obedience to signals.

Every person operating a bicycle shall obey the directions of official traffic signals, signs and other control devices applicable to other vehicles, unless otherwise directed by a police officer, and shall obey direction signs relative to turns permitted, unless such person dismounts from the bicycle, when he or she shall then obey the regulations applicable to pedestrians.
(O.15,083)

Sec. 114-684. Improper riding.

(a) A person propelling a bicycle on any street, sidewalk, highway, park road or multi-use recreational trail, shall not ride other than upon or astride a permanent and regular seat attached to the bicycle and shall not use a bicycle to carry more persons at one time than the number of persons for which the bicycle is designed and equipped.

(b) This section does not apply to the use of a bicycle in a parade or special event authorized by the city.
(O.15,083)

Sec. 114-685. Carrying packages.

No person operating a bicycle upon a street, sidewalk, highway, park road or multi-use trail shall carry any package, bundle or article which prevents the rider from keeping at least one hand upon the handlebars.
(O.15,083)

Sec. 114-686. Control with hands on handlebars

The operator of a bicycle upon a street, sidewalk, highway, park road or multi-use trail shall keep the bicycle under control at all times and at all times during operation shall have one or both hands upon the handlebars and the feet engaged with the braking device if the braking device is designed to be actuated by the feet.
(O.15,083)

Sec. 114-687. Place of riding.

(a) Any person operating a bicycle upon a roadway at a speed less than the normal speed of traffic moving in the same direction shall ride as close as practicable to the right-hand curb or edge of the roadway except under any of the following situations:

(1) When overtaking and passing another bicycle vehicle proceeding in the same direction.

(2) When preparing for a left turn at an intersection or into a private road or driveway.

(3) When reasonably necessary to avoid conditions (including, but not limited to, fixed or moving objects, vehicles, bicycles, pedestrians, animals, surface hazards, or substandard width lanes) that make it unsafe to continue along the right-hand curb or edge. For purposes of this section, a "substandard width lane" is a lane that is too narrow for a bicycle and a vehicle to travel safely side by side within the lane.

(4) A facility that would allow bicycle traffic on the left side of the roadway.

(b) Any person operating a bicycle upon a roadway which carries traffic in one direction only and has two or more marked traffic lanes, may ride as near the left-hand curb or edge of such roadway as practicable.

(c) When so riding upon any multi-use trail with other cyclists, there shall not be more than two abreast.

(d) This section does not apply to the use of a bicycle in a parade or special event authorized by the city.
(O.15,083)

Sec. 114-688. Bicycle lanes.

(a) Whenever a bicycle lane has been established on a roadway, any person operating a bicycle upon the roadway moving in the same direction may ride within the bicycle lane.

(b) Any person operating a bicycle within a bicycle lane may move out of the lane when overtaking and passing another bicycle, vehicle, or pedestrian within the lane or about to enter the lane if such overtaking and passing cannot be done safely within the lane.

(c) No person operating a bicycle shall leave a bicycle lane until the movement can be made with reasonable safety and then only after giving an appropriate signal.

(d) No person shall drive a motor vehicle in a bicycle lane established on a roadway except as follows:

(1) To park where parking is permitted.

(2) To enter or leave the roadway.

(3) To prepare for a turn within a distance of 200 feet from the intersection.

(O.15,083)

Sec. 114-689. Emerging from alley or driveway.

The operator of a bicycle emerging from an alley, driveway or building shall, upon approaching a sidewalk or the sidewalk area extending across any alleyway or driveway, yield the right-of-way to all pedestrians approaching on the sidewalk or sidewalk area and upon entering the roadway shall yield the right-of-way to all vehicles approaching on the roadway.
(O.15,083)

Sec. 114-690. Operation on sidewalk.

Bicycles may be operated upon the public sidewalks in a careful and prudent manner and except where signs are erected to prohibit riding on the sidewalk. Every person lawfully operating a bicycle upon a public sidewalk, shall yield the right-of-way when approaching a pedestrian and shall give an audible signal before overtaking and passing.
(O.15,083)

Sec. 114-691. Clinging to other vehicles.

No person riding upon any bicycle on a street, sidewalk, highway, park road or multi-use trail shall attach the bicycle or himself or herself to any moving vehicle by tow rope, hand grip or otherwise.
(O.15,083)

Sec. 114-692. Following emergency vehicles.

No person riding a bicycle shall follow closer than 500 feet of an emergency vehicle as defined by Iowa Code section 321.1 which has emergency lights and/or siren activated, and shall not stop, park, or leave a bicycle within 500 feet of an emergency vehicle stopped in response to an emergency.
(O.15,083)

Sec. 114-693. Parking.

No person shall leave a bicycle lying on its side on any sidewalk, or shall park a bicycle on a sidewalk in any other position, so that there is not an adequate path for pedestrian traffic.
(O.15,083)

Sec. 114-694. Reckless operation.

No person shall operate a bicycle with willful or wanton disregard for the safety of persons or property.
(O.15,083)

DIVISION 2. PEDICABS

Sec. 114-695. Definitions.

(a) *Pedicab* means a device having up to four wheels that transports or is capable of transporting passengers on an attached single bench passenger seat, powered by pedals. A Pedicab may be propelled solely by human power or by human power assisted by a motor of no greater than 750 watts operating as a Class 1 low-speed electric bicycle, as defined in Section 321.1(36A) of the Iowa Code.

(b) *Pedicab business* means the business of operating one or more pedicabs for the recreational or physical transportation of the general public for profit, not-for-profit, or as a free service accepting tips or displaying advertising.
(O.15,487, 16,371)

Sec. 114-696. Compliance with division 1, bicycles.

Every operator of a pedicab shall comply with all provisions of division 1, bicycles, except section 114-684, improper riding.
(O.15,487)

Sec. 114-697. License required.

Every pedicab shall have affixed to the back of the pedicab a current City of Des Moines pedicab license, which is clearly visible to others using the roadway. All city ordinances related to operating a business within the City of Des Moines apply.
(O.15,487, 16,371)

Sec. 114-698. License application.

(a) Applications for a pedicab license must be submitted to the City of Des Moines Traffic Engineer and approved prior to operating a pedicab.

(b) Requirements for approval:

(1) Provide to the traffic engineer a certificate of a general liability insurance policy covering the operation of the pedicab(s) including coverage for bodily injury, death and property damage with limits of liability not less than $1,000,000.00 per occurrence and aggregate combined single limit. Insurance must be effective for same period as the license remains valid and effective.

(2) The certificate of insurance referred to in this section shall provide that the insurance policy or policies have been endorsed to provide 30 days advance written notice of cancellation, 45 days advance written notice of non-renewal, and ten days advance written notice of cancellation due to nonpayment of premium, and that these written notices shall be provided by e-mail, facsimile, delivery, or regular mail to the traffic engineer.

(3) The cancellation or other termination of any required insurance policy shall automatically revoke and terminate the pedicab license.

(c) The pedicab license shall be valid and effective from January 1 to December 31 of the year approved.
(O.15,487, 16,371)

Sec. 114-699. Prohibitions.

(a) No person under the age of 16 shall operate a pedicab.

(b) No person shall operate a pedicab without a pedicab license.

(c) No person shall operate a Class 2 or 3 low-speed electric bicycle as a pedicab.

(d) No person shall operate a pedicab on a street with a posted speed limit of 35 miles per hour or greater, except for the purpose of crossing the street.

(e) No person, while operating a pedicab, shall stop on a street with a posted speed limit of 35 miles per hour or greater in order to pick up or drop off passengers.
(O.15,487, 16,371)

Sec. 114-700. Penalty.
