PREFACE

This Code constitutes a recodification of the general and permanent ordinances of the City of Huntsville, Alabama.

Source materials used in the preparation of the Code were the 1982 Code, which embraced ordinances adopted through February 12, 1981 and ordinances subsequently adopted by the city council. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of the Code. By use of the comparative tables appearing in the back of this Code, the reader can locate any section of the 1982 Code, and any subsequent ordinance included herein.

The chapters of the Code have been conveniently arranged in alphabetical order, and the various sections within each chapter have been catchlined to facilitate usage. Notes which tie related sections of the Code together and which refer to relevant state law have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this Code.

Chapter and Section Numbering System

The chapter and section numbering system used in this Code is the same system used in many state and local government codes. Each section number consists of two parts separated by a dash. The figure before the dash refers to the chapter number, and the figure after the dash refers to the position of the section within the chapter. Thus, the second section of chapter 1 is numbered 1-2, and the first section of chapter 6 is 6-1. Under this system, each section is identified with its chapter, and at the same time new sections can be inserted in their proper place by using the decimal system for amendments. For example, if new material consisting of one section that would logically come between sections 6-1 and 6-2 is desired to be added, such new section would be numbered 6-1.5. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject and, in the case of divisions, may be placed at the end of the article embracing the subject. The next successive number shall be assigned to the new article or division. New chapters may be included in the same manner. If the new material is to be included between chapters 12 and 13, it will be designated as chapter 12.5. Care should be taken that the alphabetical arrangement of chapters is maintained when including new chapters.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a chapter of the Code, the number to the left of the colon indicates the number of the chapter. In the case of an appendix to the Code, the letter immediately to the left of the colon indicates the letter of the appendix. The following are typical parts of codes of ordinances, which

may or may not appear in this Code at this time, and their corresponding prefixes:

CODE	CD1:1
CODE APPENDIX	CDA:1
CODE COMPARATIVE TABLES	CCT:1
STATE LAW REFERENCE TABLE	SLT:1
CODE INDEX	CDi:1

Index

The index has been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the index itself which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this system, the publication will be kept up-to-date. Subsequent amendatory legislation will be properly edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up-to-date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

This publication was under the direct supervision of Roger D. Merriam, Senior Code Attorney, and John Welch, Code Editor, of the Municipal Code Corporation, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to the late Ms. Sylvia E. Garvin, Assistant City Attorney, Ms. Erin Dunagan, Assistant City Attorney, and Mr. Chuck Hagood, City Clerk-Treasurer, for their cooperation and assistance during the progress of the work on this publication. It is hoped that their efforts and those of the publisher have resulted in a Code of Ordinances which will make the active law of the city readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the city's affairs.

ADOPTING ORDINANCE

ORDINANCE NO. 03-248

AN ORDINANCE PROVIDING FOR THE REPEAL OF THE 1982 CODE OF THE CITY OF HUNTSVILLE, COUNTY OF MADISON, STATE OF ALABAMA; PROVIDING FOR THE ADOPTION AND ENACTMENT OF A NEW CODE OF THE CITY OF HUNTSVILLE, COUNTY OF MADISON, STATE OF ALABAMA; PROVIDING FOR THE REPEAL OF CERTAIN ORDINANCES NOT INCLUDED THEREIN, EXCEPT AS HEREIN EXPRESSLY PROVIDED; PROVIDING FOR THE EFFECTIVE DATE OF SUCH CODE AND PENALTY FOR THE VIOLATION THEREOF; AND PROVIDING FOR THE MANNER OF AMENDING SUCH CODE; AND PROVIDING WHEN THIS ORDINANCE SHALL BECOME EFFECTIVE.

WHEREAS, ON THE 27TH DAY OF MARCH, 2003, AT A REGULAR MEETING OF THE CITY COUNCIL OF THE CITY OF HUNTSVILLE, ALABAMA, THE FOLLOWING RESOLUTION WAS ADOPTED:

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF HUNTSVILLE, ALABAMA, AS FOLLOWS:

"1. That the City Council of the City of Huntsville proposes to repeal the 'Code of Ordinances, City of Huntsville, Alabama' adopted and approved on the 13th day of May, 1982, and to consider the adoption of a new revision and codification of its ordinances and the adoption of such Code by ordinance, as provided by Code of Alabama, 1975, Sections 11-45-7 and 11-45-8 and to adopt by reference as a part of such Code the following technical codes: Standard Unsafe Building Abatement Code, 1985 Edition; Standard Building Code, 1997 Edition; National Electrical Code, 1996 Edition; Standard Gas Code, 1997 Edition; NFPA Pamphlet Nos. 54 and 58; Standard Mechanical Code, 1997 Edition; Standard Housing Code, 1988 Edition; Standard Plumbing Code, 1997 Edition; Life Safety Code 101, 1997 Edition; Standard Fire and Prevention Code, 1994 Edition; National Fire Codes, 1998 Edition; and Alabama misdemeanor laws and Alabama traffic laws as provided in the Code of Alabama, 1975. The Council will hold a public hearing thereon at the regular meeting of the City Council to be held at the Council Chamber in the City Administration Building of Huntsville, Alabama, on the 24th day of April, 2003 at 6:00 P.M. Said Code shall be known as the 'Code of Ordinances of the City of Huntsville, Alabama.'

"2. This resolution shall be published once a week for two (2) successive weeks in a newspaper of general circulation in the City of Huntsville, Alabama, as provided by the Code of Alabama, 1975, Sections 11-45-7 and 11-45-8, as amended, the first of which publications shall be made on or before the 9th day of April, 2003. A copy of this resolution and of said publications shall be carefully preserved by the City Clerk in his office as part of the public records of his office.

"3. Three (3) copies of said proposed Code of Ordinances of the City of Huntsville, Alabama, and of each said technical codes adopted in such Code shall be filed in the office of the City Clerk by the 28th day of March, 2003, for

use and examination by the public from that date through the 24th day of April, 2003, as provided by Code of Alabama, 1975, Sections 11-45-7 and 11-45-8, as amended."

ADOPTED this the 27th of March, 2003.

/s/ Sandra Moon
President of the City Council
of the City of
Huntsville, Alabama

APPROVED this the 27th day of March, 2003.

/s/ Loretta Spencer
Mayor of the City of
Huntsville, Alabama

AND WHEREAS, THE CITY COUNCIL OF THE CITY OF HUNTSVILLE, ALABAMA, NOW FINDS THAT SAID RESOLUTION HAS BEEN COMPLIED WITH.

ACCORDINGLY, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HUNTSVILLE, ALABAMA, AS FOLLOWS:

Section 1. That the Code of Ordinances, consisting of Chapters 1 to 27, each inclusive, together with the codes mentioned in said resolution, is hereby adopted and enacted as the "Code of Ordinances of the City of Huntsville, Alabama." Such Code shall be treated and considered as a new and original comprehensive ordinance which shall supersede all other general and permanent ordinances passed by the City Council on or before the 14th day of November, 2002, to the extent provided in Section 2 hereof.

Section 2. That all provisions of such Code shall be in full force and effect from and after the 24th day of April, 2003, and all ordinances of a general and permanent nature enacted on or before the 14th day of November, 2002, and not included in such Code or recognized and continued in force by reference therein are hereby repealed from and after the 24th day of April, 2003, except as hereinafter provided. No resolution of the City, not specifically mentioned, is hereby repealed.

Section 3. That the repeal provided for in Section 2 hereof shall not affect any of the following:

(a) Any offense or act committed or done or any penalty or forfeiture incurred or any contract or right established or accruing before the effective date of such Code;

(b) Any ordinance promising or guaranteeing the payment of money for the City or authorizing the issuance of any bonds of the City or any evidence of the City's indebtedness;

(c) Any contract or obligation assumed by the City;

(d) Any ordinance prescribing zoning or subdivision regulations, or zoning of particular property;

(e) Any right or franchise granted by the City;

(f) Any ordinance dedicating, naming, establishing, locating, opening, widening, paving, etc., any street or public way in the City;

(g) Any appropriation ordinance, or ordinance levying or imposing any tax;

(h) Any ordinance which, by its own terms, is effective only for a stated or limited time;

(i) Any ordinance providing for local improvements and assessing or appropriating taxes therefor;

(j) Any ordinance dedicating or accepting any subdivision plat;

(k) Any ordinance or resolution not in conflict with such Code regulating traffic on specific streets or portions thereof or in specific areas of the City;

(l) Any ordinance enacted after the 14th day of November, 2002.

Section 4. That whenever in this Ordinance or such Code an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in this Ordinance or such Code the doing of any act is required or the failure to do any act is declared to be unlawful, and no specific penalty is provided therefor, the violation of any such provision shall be punishable by a fine of not less than one dollar ($1) nor more than five hundred dollars ($500); and in addition may be punishable by imprisonment or hard labor for the City, or a combination thereof, for a period not exceeding six (6) months, as is provided by Section 1-7 of such Code.

Section 5. That any and all additions and amendments to such Code, when passed in such form as to indicate the intention of the City Council to make the same a part thereof, shall be deemed to be incorporated in such Code so that reference to the Code of Ordinances of the City of Huntsville, Alabama, shall be understood and intended to include such additions and amendments.

Section 6. That in case of the amendment of any section of such Code for which a penalty is not provided, the general penalty as provided in Section 4 of this Ordinance and Section 1-7 of such Code shall apply to the section as amended; or in case such amendment contains provisions for which a penalty, other than the aforementioned general penalty, is provided in another section in the same chapter, the penalty so provided in such other section shall be held to relate to the section so amended, unless such penalty is specifically repealed therein.

Section 7. That a copy of such Code shall be kept on file in the office of the City Clerk preserved in loose-leaf form or in such other form as the City Council may consider most expedient. It shall be the express duty of the City Clerk or someone authorized by the Clerk to insert in their designated places all amendments or ordinances which indicate the intention of the City Council to make the same a part of such Code when the same have been printed or reprinted in page form, and to extract from such Code all provisions which may be from time to time repealed by the City Council. A copy of such Code shall be available for all persons desiring to examine the same.

Section 8. That it shall be unlawful for any person to change or amend by additions or deletions, any part or portions of the Code, or to insert or delete pages or portions thereof, or to alter or tamper with such Code in any manner whatsoever which will cause the law of the City of Huntsville to be misrepresented thereby. Any person violating this section shall be punished as provided in Section 4 of this Ordinance.

Section 9. That all ordinances or parts of ordinances in conflict herewith are, to the extent of such conflict, hereby repealed.

Section 10. This Ordinance shall become in full force and effect in accordance with the law of Alabama.

Section 11. This Ordinance shall take effect as provided by law after passage, approval and publication.

ADOPTED this the 24th day of April, 2003.

/s/ Sandra Moon
President of the City Council
of the City of
Huntsville, Alabama

APPROVED this the 24th day of April, 2003.

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code Book and are considered "Includes." Ordinances that are not of a general and permanent nature are not codified in the Code Book and are considered "Omits."

In addition, by adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

Sec. 1-1. How Code designated and cited.

The ordinances embraced in this and the following chapters shall constitute and be designated the "Code of Ordinances of the City of Huntsville, Alabama," and may be so cited.
(Code 1982, § 1-1)

State law reference—Codification of ordinances, Code of Ala. 1975, § 11-45-7.

Sec. 1-2. Definitions and rules of construction.

The following definitions and rules of construction shall apply to this Code and to all ordinances unless the context or the terms of the provision require otherwise:

Generally. When provisions conflict, the specific shall prevail over the general. All provisions shall be liberally construed so that the intent of the city council may be effectuated. Words and phrases shall be construed according to the common and approved usage of the language; but technical words, technical phrases and words and phrases that have acquired peculiar and appropriate meanings in law shall be construed according to such meanings. Provisions shall be interpreted and applied so as to be the minimum requirements adopted for the promotion of the public health, safety, comfort, convenience and general welfare. In the event of conflicts between provisions, the more stringent provision controls. It is intended that no provision of this Code conflict with any federal or state law intended to preempt municipal jurisdiction with respect to the subject matter contained in this Code; and the provisions of this Code shall be construed, whenever possible, to avoid such conflict.

Acts. References to acts are to acts of the Alabama Legislature, as published in the Acts of Alabama. Acts passed after 1978 are referenced to the act number, which number includes the last two digits of the year of enactment. All other acts are referenced to act number and year of enactment. All references to acts are followed by a parenthetical reference to the page number in the Acts of Alabama upon which the act begins. The page number reference is for information purposes only. All references to acts are to such acts as amended.

Bond. When a bond is required, an undertaking in writing shall be required.

City. The term "city" means the City of Huntsville, Alabama.

City council. The terms "city council" and "council" mean the City Council of the City of Huntsville, Alabama.

Clerk and *treasurer.* The terms "city clerk" and "city treasurer" refer to the clerk-treasurer of the city.

Code. The term "Code" means the Code of Ordinances of the City of Huntsville, Alabama, as designated in section 1-1.

Code of Ala. 1975. The abbreviation "Code of Ala. 1975" means the Code of Alabama, 1975, as now or hereafter amended. Any reference to an act found in the Code of Alabama, 1975, by short title is a reference to such act as amended.

Computation of time. In computing any period of time, the day of the act, event or default from which the designated period of time begins to run shall not be included. The last day of the period so designated shall be included, unless it is a Saturday, a Sunday or a legal holiday, in which event the period runs until the end of the next day that is not a Saturday, a Sunday or a legal holiday. When the period of time prescribed or allowed is less than seven days, intermediate Saturdays, Sundays and legal holidays shall be excluded in the computation.

Conjunctions. In a provision involving two or more items, conditions, provisions or events, which items, conditions, provisions or events are connected by the conjunction "and," "or" or "either . . . or," the conjunction shall be interpreted as follows:

(1) "And" indicates that all the connected terms, conditions, provisions or events apply.

(2) "Or" indicates that the connected terms, conditions, provisions or events apply singly or in any combination.

(3) "Either . . . or" indicates that the connected terms, conditions, provisions or events apply singly but not in combination.

Corporate limits. The term "corporate limits" means the corporate limits of the city.

County. The term "county" means Madison County, Alabama; Limestone County, Alabama; or any other county in which the city may be located, as appropriate.

Delegation of authority. A provision that authorizes or requires a city officer or city employee to perform an act or make a decision authorizes such officer or employee to act or make a decision through subordinates.

Gender. Words of one gender include all other genders and also include firms, partnerships, corporations and other legal entities, as appropriate.

Health department, board of health and *health officer.* References to the health department are to the county health department or any of its designees. References to the board of health are to the county board of health or any of its designees. References to the health officer are to the county health officer or any of his designees.

Includes. The term "includes" does not limit a term to a specified example.

Joint authority. Words giving a joint authority to three or more persons give such authority to a majority of such persons.

May. The term "may" is to be construed as being permissive and not mandatory.

Month. The term "month" means a calendar month.

Number. Words in the singular include the plural. Words in the plural include the singular.

Oath. A solemn affirmation is the equivalent to an oath, and a person shall be deemed to have sworn if such person makes such an affirmation.

Officers, departments, etc. References to officers, departments, boards, commissions or employees are to city officers, city departments, city boards, city commissions and city employees.

Owner. The term "owner," as applied to property, includes any part owner, joint owner, sole tenant, tenant in partnership, joint tenant or tenant by the entirety of the whole or part of such property.

Person. The term "person" means any human being, any governmental or political subdivision or public agency, any public or private corporation, any partnership, any firm, association or other organization, any receiver, trustee, assignee, agent, or other legal representative of any of the foregoing or any other legal entity.

Personal property. The term "personal property" means any property other than real property.

Preceding, following. The terms "preceding" and "following" mean next before and next after, respectively.

Week. The term "week" means a period of seven consecutive days.

Writing. The term "writing" includes any form of recorded message capable of comprehension by ordinary visual means.

Year. The term "year" means a calendar year.
(Code 1982, §§ 1-2, 1-9)

State law reference—Similar rules of statutory construction, Code of Ala. 1975, § 1-1-1 et seq.

Sec. 1-3. Catchlines of sections; history notes; references.

(a) The catchlines of the several sections of this Code printed in boldface type are intended as mere catchwords to indicate the contents of the section and are not titles of such sections, or of any part of the section, nor unless expressly so provided shall they be so deemed when any such section, including the catchline, is amended or reenacted.

(b) History notes, cross references and state law references that appear in this Code after sections or subsections or that otherwise appear in footnote form are provided for the convenience of the user of the Code and have no legal effect.

(c) Unless specified otherwise, all references to chapters or sections are to chapters or sections of this Code.
(Code 1982, § 1-3)

State law reference—Similar rules of statutory construction, Code of Ala. 1975, §§ 1-1-14, 1-1-15.

Sec. 1-4. Effect of repeal of ordinances.

(a) Unless specifically provided otherwise, the repeal of an ordinance does not revive any previously repealed ordinance.

(b) The repeal or amendment of an ordinance does not affect any punishment or penalty incurred before the repeal took effect, nor does such repeal or amendment affect any suit, prosecution or proceeding pending at the time of the amendment or repeal.
(Code 1982, § 1-4)

Sec. 1-5. Amendments to Code; effect of new ordinances; amendatory language.

(a) All ordinances adopted subsequent to this Code that amend, repeal or in any way affect this Code may be numbered in accordance with the numbering system of the Code and printed for inclusion in the Code. Portions of this Code repealed by subsequent ordinances may be excluded from this Code by omission from affected reprinted pages.

(b) Amendments to provisions of this Code may be made with the following language: "Section (chapter, article, division or subdivision, as appropriate) of the Code of Ordinances of the City of Huntsville, Alabama, is hereby amended to read as follows: . . . ." The section (chapter, article, division, or subdivision) should be set out in full.

(c) If a new section, subdivision, division, article or chapter is to be added to the Code, the following language may be used: "Section (chapter, article, division or subdivision, as appropriate) of the Code of Ordinances of the City of Huntsville, Alabama, is hereby created to read as follows: . . . ." The section (chapter, article, division, or subdivision) should be set out in full.

(d) All provisions desired to be repealed should be repealed specifically by section, subdivision, division, article or chapter number, as appropriate, or by setting out the repealed provisions in full in the repealing ordinance.
(Code 1982, § 1-6)

Sec. 1-6. Supplementation of Code.

(a) Supplements to this Code shall be prepared and printed whenever authorized or directed by the city. A supplement to this Code shall include all substantive permanent and general parts of ordinances adopted during the period covered by the supplement and all changes made thereby in the Code. The pages of the supplement shall be so numbered that they will fit properly into the Code and will, where necessary, replace pages that

have become obsolete or partially obsolete. The new pages shall be so prepared that when they have been inserted, the Code will be current through the date of the adoption of the latest ordinance included in the supplement.

(b) In preparing a supplement to this Code, all portions of the Code that have been repealed shall be excluded from the Code by their omission from reprinted pages.

(c) When preparing a supplement to this Code, the person authorized to prepare the supplement may make formal, nonsubstantive changes in ordinances and parts of ordinances included in the supplement, insofar as necessary to do so in order to embody them into a unified code. For example, the person may:

(1) Arrange the material into appropriate organizational units.

(2) Supply appropriate catchlines, headings and titles for chapters, articles, divisions, subdivisions and sections to be included in the Code and make changes in any such catchlines, headings and titles or in any such catchlines, headings and titles already in the Code.

(3) Assign appropriate numbers to chapters, articles, divisions, subdivisions and sections to be added to this Code.

(4) Where necessary to accommodate new material, change existing numbers assigned to chapters, articles, divisions, subdivisions or sections.

(5) Change the words "this ordinance" or similar words to "this chapter," "this article," "this division," "this subdivision," "this section" or "sections _____ to _____" (inserting section numbers to indicate the sections of the Code that embody the substantive sections of the ordinance incorporated in this Code).

(6) Make other nonsubstantive changes necessary to preserve the original meaning of the ordinances inserted in this Code.

(Code 1982, § 1-7)

Sec. 1-7. General penalty; continuing violations.

(a) In this section the term "violation of this Code" means any of the following:

(1) Doing an act that is prohibited or made or declared unlawful, an offense, a violation or a misdemeanor by ordinance or by rule or regulation authorized by ordinance.

(2) Failure to perform an act that is required to be performed by ordinance or by rule or regulation authorized by ordinance.

(3) Failure to perform an act if the failure is prohibited or is made or declared unlawful, an offense, a violation or a misdemeanor by ordinance or by rule or regulation authorized by ordinance.

(b) In this section, the term "violation of this Code" does not include the failure of a city officer or city employee to perform an official duty unless it is specifically provided that the failure to perform the duty is to be punished as provided in this section.

(c) A person convicted of a violation of this Code shall be punished by a fine not exceeding $500.00, or by imprisonment in the city jail or hard labor for a period not exceeding six months, or by any combination thereof, except:

(1) When in the enforcement of Code of Ala. 1975, § 32-5A-191 or 32-5A-191.3, such penalty shall not exceed the fines and sentences of imprisonment or hard labor as provided by state law;

(2) When a provision of this Code provides a particular penalty expressly applicable to certain violations, the express penalty shall be the penalty imposed upon conviction for those certain violations; or

(3) For violations of chapter 7, article V, pertaining to minimum housing standards; chapter 7, article VII, pertaining to the unsafe building abatement code; chapter 7, article VI, pertaining to nonresidential building maintenance standards; chapter 12, article IV, pertaining to junk, litter and inoperable vehicles; chapter 27, article III, pertaining to weeds and over-

grown grass; section 17-6, pertaining to graffiti; section 22-35, pertaining to refrigerators and similar containers; section 17-5, pertaining to unattended receptacles; and chapter 7, article II, pertaining to administration and enforcement of building regulations, and article III, pertaining to building contractors, the following penalty shall be imposed:

a. Over a 24-month period, upon first conviction, a fine of not less than $100.00 or more than $500.00, or imprisonment for not more than ten days.

b. Upon a second conviction, a fine of not less than $200.00 or more than $500.00, or imprisonment for not more than 30 days, or both such fine and imprisonment.

c. Upon a third or subsequent conviction, a fine of not less than $500.00 and imprisonment in jail for a period not to exceed six months. Such sentence shall include a mandatory sentence of not less than two days in jail, which shall not be subject to suspension or probation.

(d) Notwithstanding the provisions of subsection (c) of this section, the penalty imposed upon a corporation shall consist of the fine only, plus costs of court.

(e) Except as otherwise provided by law or ordinance, with respect to violations of this Code that are continuous with respect to time, each day that the violation continues is a separate offense. Except as otherwise provided by law or ordinance, with respect to violations that are not continuous with respect to time, each act constitutes a separate offense.

(f) The imposition of a penalty does not prevent suspension or revocation of a license, permit or franchise or other administrative sanctions.

(g) Violations of this Code that are continuous with respect to time are a public nuisance and may be abated by injunctive or other equitable relief. The imposition of a penalty does not prevent injunctive relief.
(Code 1982, §§ 1-6, 1-7)

State law reference—Limitations on penalties, Code of Ala. 1975, § 11-45-9.

Sec. 1-8. Severability.

The sections, subsections, paragraphs, sentences, clauses and phrases of this Code and all provisions adopted by reference in this Code are severable so that if any section, subsection, paragraph, sentence, clause or phrase of this Code or of any provision adopted by reference in this Code is declared unconstitutional or invalid by a valid judgment of a court of competent jurisdiction, such judgment shall not affect the validity of any other section, subsection, paragraph, sentence, clause or phrase of this Code or of any provision adopted by reference in this Code; for the council declares that it is its intent that it would have enacted this Code and all provisions adopted by reference in this Code without such invalid or unconstitutional provisions.
(Code 1982, § 1-10)

Sec. 1-9. Provisions deemed continuation of existing ordinances.

The provisions of this Code, insofar as they are substantially the same as legislation previously adopted by the city relating to the same subject matter, shall be construed as restatements and continuations and not as new enactments.
(Code 1982, § 1-8)

Sec. 1-10. Code does not affect prior offenses or rights.

(a) Nothing in this Code or the ordinance adopting this Code affects any offense or act committed or done, any penalty or forfeiture incurred, or any contract or right established before the effective date of this Code.

(b) The adoption of this Code does not authorize any use or the continuation of any use of a structure or premises in violation of any city ordinance on the effective date of this Code.
(Code 1982, § 1-4)

Sec. 1-11. Certain ordinances not affected by Code.

Nothing in this Code or the ordinance adopting this Code affects the validity of the following ordinances or portion of ordinances. Such ordinances or portions of ordinances continue in full force and effect to the same extent as if published at length in this Code:

(1) That is an administrative or personnel ordinance, not mentioned in this Code or inconsistent with this Code.

(2) Annexing property into the city.

(3) Deannexing property or excluding property from the city.

(4) Describing the boundaries of the city.

(5) Promising or guaranteeing the payment of money or authorizing the issuance, sale or security of bonds or other instruments of indebtedness.

(6) Authorizing or approving any contract, deed or agreement.

(7) Making or approving any appropriation or budget.

(8) Granting any right or franchise.

(9) Providing for salaries, benefits, or terms or conditions of employment of city officers or employees codified in this Code, or creating or amending any department, division or other agency of city government, or any employment classification or position, whether elected or appointed, not codified in this Code.

(10) Creating or amending the powers of an authority, board or commission not codified in this Code.

(11) Making appointments to positions, offices or boards.

(12) Calling or ordering an election.

(13) Adopting or amending the comprehensive plan.

(14) Providing for local improvements or levying or imposing any special assessment.

(15) Dedicating, establishing, naming, locating, relocating, opening, paving, widening, repairing or vacating any street.

(16) Establishing the grade of any street or sidewalk.

(17) Dedicating, accepting or vacating any plat or subdivision, or prescribing or accepting subdivision regulations.

(18) Levying or imposing taxes not codified in this Code.

(19) Providing traffic or parking regulations for specific locations or routing buses in a manner not inconsistent with this Code.

(20) Pertaining to zoning, including but not limited to the basic zoning ordinance and its amendments and ordinances rezoning specific property.

(21) That is temporary, although general in effect.

(22) That is special, although permanent in effect.

(23) The purpose of which has been accomplished.

Sec. 1-12. Resolutions not affected by Code.

Nothing in this Code or the ordinance adopting this Code affects the validity of any resolution not mentioned in this Code and not inconsistent with this Code.

Sec. 1-13. Official holidays.

The official holidays of the city are declared as follows:

New Year's Day.

Martin Luther King's Birthday (as nationally observed).

Memorial Day.

Independence Day.

Labor Day.

Veterans' Day.

Thanksgiving Day.

Christmas Day.

Two floating holidays granted at the discretion of the mayor.

A third floating holiday taken at the discretion of the employee with the approval of the department head.

(Ord. No. 86-30, § 1, 2-20-1986)

Sec. 1-14. Fiscal year.

The fiscal year of the city shall begin on October 1 and end on September 30 of each year.

ARTICLE I. IN GENERAL

Sec. 2-1. Issuance of summons and complaints to appear in municipal court in lieu of arrest.

(a) Whenever an officer of the police department has made an arrest of a person without a warrant for violation of any class C misdemeanor or any violation of a city ordinance not involving violence, threat of violence, alcohol or drugs, except for traffic offenses which are otherwise provided by law, such officer may issue a summons and complaint (citation) to such person to appear in the municipal court of the city at a time and place certain to answer the charge. Each such summons and complaint shall contain a written promise to appear at the designated time and place as evidenced by the defendant's signature on the summons and complaint. If any person refuses to give a written recognizance to appear by placing his signature on the summons and complaint, the officer shall take such person into custody and bring him before any officer or official who is authorized to approve bond.

(b) Whenever a city magistrate or municipal judge is presented with probable cause sufficient to authorize the issuance of an arrest warrant for a violation occurring within the city of a class C misdemeanor or any violation of a city ordinance not involving violence, threat of violence, alcohol or drugs, the magistrate or judge may, in his discretion, elect to issue a summons and complaint ordering the accused to appear in the municipal court at a date and time certain to answer the charge against him.

(c) Any city employee who is designated a code enforcement officer by the department head of the city departments and divisions listed in this subsection, and any inspector or enforcement officer of the county health department, when acting as an enforcement officer of any health or sanitation ordinance of the city with respect to a violation occurring within the city, is authorized to issue a summons and complaint to persons found by him to be in violation of the particular ordinance, code, or codes enforced by the employee's department or division. This summons and complaint shall order such person to appear in municipal court at a date and time certain to answer the charge against him. The applicable departments or divisions are as follows:

(1) Animal control.

(2) Inspection.

(3) City clerk-treasurer.

(4) Community development.

(5) Engineering.

(6) Fire.

(7) Public works.

(8) Natural resources and environmental management.

(9) Madison County Health Department.

(d) Each summons shall:

(1) Be in writing.

(2) State the name of the court.

(3) State the name of the accused.

(4) State the address of the accused, if known.

(5) State a description of the offense charged, including the ordinance number.

(6) State the date, time and place of the offense.

(7) Set forth the date and time the accused is to appear in municipal court.

(8) Set forth the address of the municipal court.

(9) Be signed by the officer issuing or serving the citation.

(10) State an explanation to the person cited of the ways in which he may settle his case.

(11) Set forth a warning in bold type that willful failure to appear as directed is a misdemeanor and that a warrant for failure to appear will be issued in such an event.

(e) A summons delivered to or served upon a person accused of committing an offense in violation of a city ordinance shall place a duty upon such person to appear in municipal court at the

time and date indicated, and it shall be unlawful for any such person to fail to appear as directed in such citation or summons. Failure to appear at the time and date directed shall be prima facie evidence of a willful failure to appear, and the court may cause a warrant to be issued for the accused on a failure to appear charge.

Editor's note—Ord. No 22-733, § 2, 3, adopted Sep., 22, 2022, renumbered the former § 2-61 as § 2-62 and reserved § 2-61 for future use. The historical notation has been retained with the amended provisions for reference purposes.

Sec. 2-62. Oath of office.

On the first Monday in November after each municipal election, the mayor or mayor-elect, and members, and/or members-elect, of the city council shall meet in the city council chambers at the City Hall at 5:00 p.m., unless another place or time is designated, to take and subscribe the oath of office. On the same date, council shall assemble to conduct an organization meeting as provided in section 2-63.
(Ord. No. 94-788, § 2-12, 11-22-1994; Ord. No. 20-953, § 1, 10-22-2020; Ord. No. 21-558, § 1, 7-8-2021, eff. 10-14-2021; Ord. No. 22-733, § 2, 9-22-2022)

State law reference—Organizational meeting, Code of Ala. 1975, § 11-43-44.

Sec. 2-63. Election of officers.

(a) Following the oath of office, the members of the city council shall assemble in the city council chambers at City Hall at a time designated by city council to elect, by a majority vote of the council membership, a president, a president pro tempore, a third presiding officer from among their number. If no member receives a majority of votes for the office of president, a vote shall be taken for the office of president pro tempore. The member receiving a majority of votes for the office of president pro tempore shall preside and serve as president until such time as a president is elected. After a vote is taken for the office of president pro tempore, a vote shall be taken for the office of third presiding officer.

(b) At the first regular council meeting in October of each year (except for years in which there is a municipal election), the council shall elect new officers and reorganize the council for the coming year. The presiding officer shall declare all offices and committee assignments vacant and shall yield the chair to the city clerk-treasurer to preside until election of a president or president pro tempore. As soon as the president, president pro tempore, and third presiding officer have been elected, the city council shall then be considered as organized for the transaction of business of the city council. After the organization meeting, the city council shall meet at least twice each month for the transaction of the business of the city and shall meet more often if required by the president of the council. Special meetings shall be called as provided in Code of Ala. 1975, § 11-43-50 and according to the following provisions:

(1) The president of the city council may call for a special meeting.

(2) The mayor may request the president of the council to call a special meeting. Such request shall be in writing and shall state the purpose and time of the special meeting. Such request shall be signed by the mayor.

(3) Two members of the city council may request the president of the council to call a special meeting. Such request shall be in writing and shall state the purpose and time of the special meeting. Such request shall be signed by the councilmembers making the request.

(4) If the president of the council refuses to call a special meeting at the request of the mayor or two councilmembers, the president of the council shall notify the mayor or the two councilmembers of the denial of the request. After such notification, or if the president fails to notify the mayor or the two councilmembers within 24 hours of the request, the mayor or the two councilmembers making the request may then call for a special meeting.

(5) No special meeting or emergency meeting shall be called unless the appropriate notification can be provided to the public in accordance with the Code of Ala. 1975, § 36-25A-3.

(Ord. No. 94-788, § 2-15, 11-22-1994; Ord. No. 99-607, 7-22-1999; Ord. No. 21-558, § 3, 7-8-2021, eff. 10-14-2021)

Sec. 2-66. Duties and responsibilities of council president.

(a) *Supervisory capacity*.

(1) The president of the council shall act as the department head to coordinate the council office staff and operations of the office; except that any personnel matter regarding the hiring of or disciplinary action involving a member of the council office staff shall be approved by a majority of the members of the city council. The administrative aide to the council shall perform the supervisory responsibilities authorized under sections 2.2(E) and 11 of the personnel policies and procedures manual which include but are not limited to assigning and directing the work of and evaluating the performance of the other city council office employees.

(2) At the appropriate time each year, the council president shall solicit from each councilmember an annual performance evaluation of the administrative aide to the council. The council president shall consider the administrative aide's performance evaluations submitted by each councilmember, including his/her own, in preparing the final performance evaluation of the administrative aide. A copy of each councilmember's evaluation shall be attached to the annual performance evaluation prepared by the council president.

(b) *Representation at functions*. The president of the council shall represent the council at official and civic functions as requested. If the president is not able to attend, the president pro tempore shall attend in the president's place as representative of the council. If both the president and president pro tempore are unable to attend, other councilmembers shall be contacted, in order of seniority if possible, until a replacement representative is available.

(c) *Approval of documents*. The president of the council shall sign and approve all documents and have all responsibility and authority as required of department heads of other city departments. In the case of purchase requisitions and expenditures by councilmembers, a simple majority vote of the council membership may override an approval or disapproval by the council president.

(d) *Preside at meetings*. The president of the council shall preside at regular council meetings, work sessions, special meetings, emergency meetings, and employee hearings held by the city council.

(Ord. No. 94-788, § 2-18, 11-22-1994; Ord. No. 96-693, 9-26-1996; Ord. No. 97-857, 11-20-1997; Ord. No. 21-558, § 5, 7-8-2021, eff. 10-14-2021)

Sec. 2-67. City council committee election; city council committee, board and commission appointments and assignments.

(a) At the first regular meeting after any city council reorganization meeting, the city council will elect members of the committees, commissions and boards as may be required by state law or properly adopted city ordinance or resolution. The standard nominating and voting procedure for election to council offices will be followed. A majority vote of the council membership shall be required for approval. Specifically, without excluding any other applicable committee, board or commission, the council shall elect the following:

(1) A member of the council shall be elected by the council to serve as its representative to the city planning commission. To facilitate coordination, the same member may serve as the council's representative to the metropolitan planning organization or in the alternative, another councilmember may be elected to serve as the council's representative to the metropolitan planning organization.

(2) A member of the council shall be elected by the council to serve as its representative to the research park board.

(3) A member of the council shall be elected by the council to serve as its representative to the historic preservation commission.

(4) The council, from time to time, shall elect other members as representatives as may be required.

(b) The council president shall make appointments and assignments of councilmembers and others to represent the president and council, on the following boards, committees and commissions. The president of the council shall not serve on any of the committees.

(1) Top of Alabama Council of Governments (TARCOG), two appointments—Councilmembers.

(2) Community Action Agency of Huntsville/Madison and Limestone Counties, Inc., one appointment—General appointment.

(3) Advisory Commission on Accessibility, one appointment—Ccouncilmember.

(4) City of Huntsville Insurance Committee, two appointments—Councilmembers.

(c) The council president, with majority concurrence of the council, may create committees of members of the council to study any issue before the council. Any such committee may make recommendations to the council, but no committee shall be empowered to make any final decision on any matter before it for consideration. In addition to two councilmembers, committees may include other city officials, staff or citizens at large. Whenever a committee is created, its duties, any limitation on the scope of its duties, and the times, places, and periods of time for which the committee may operate shall be determined by the council president with the concurrence of the council. The council president may serve as an ex officio member of all committees. Committee meetings shall be open to the public and shall comply with the requirements of this article and state law.

Sec. 2-68. Organization and appointment of finance committee.

At the first regular meeting of the council following the organization meeting, the president of the council shall appoint one member of the council as chairman of the finance committee and one other member of the council as vice-chairman of the finance committee. The president of the council shall not serve on the finance committee.
(Ord. No. 94-788, § 2-20, 11-22-1994)

Sec. 2-69. Composition and duties of the finance committee.

(a) The finance committee is composed of two city councilmembers, the director of finance, the mayor, and city administrator. A councilmember shall be named by the president of the council to be the chairman.

(b) The finance committee shall have the following duties:

(1) *Supervision of revenue and income.* The finance director shall maintain supervision of all revenue arising from all and every source whatsoever from which the city may derive any revenue whatsoever. The director shall also maintain supervision of all expenditures and financial obligations of the city including debt, capital plans, and any other items that have impact on the financial health of the city. The director shall prepare reports of financial standing for the chairman to report to the council at its meetings.

(2) *Examination of revenues and expenditures.* The finance committee shall review reports from the finance director and city administration to compare budget versus actual standing of the city's finances. The chairman shall report the standing and obligations at each council meeting. The committee will act as a liaison between city administration and council for in depth looks at financial matters affecting the City of Huntsville.

DIVISION 2. COUNCIL RULES*

Sec. 2-91. Scope.

For the orderly transaction of the public business, the provisions of this division are adopted for the government of the city council.
(Ord. No. 94-788, § 2-17, 11-22-1994)

Sec. 2-92. Rule 1. Agenda.

(a) Prior to any meeting of the council, the president of the city council shall establish and make public ("publish") an agenda. No item for which paperwork has not been submitted to the city council by 3:00 p.m. on Tuesday prior to the scheduled meeting thereof shall be considered by the city council at such meeting unless two-thirds of the council membership have provided verbal or written consent to the council president for such consideration. Upon council approval, the item may be added to the published agenda up until noon prior to the scheduled meeting. The provisions of this subsection shall apply to work sessions as well as regular sessions of the city council. The agenda for any special meeting will be established at the time of notice of such special meeting.

(b) At the meeting of the council, items not on the published agenda established by the president may be added by motion for consideration or action by a councilmember during the "Adoption of the Agenda" as provided in section 2-97(3). Items can be offered for introduction at any time during a regular council business meeting. A change in the order of the agenda items may be made by the president or by request of a simple majority of the council membership.

(c) Each item submitted must be sponsored by a member of the council or the mayor. An item of administrative nature may be submitted by a department, board or agency of the city administration or by city utilities if that item relates directly to the business of the department. Department items must be submitted through the mayor. Each item submitted must be identified with the sponsor's name. The president of the city council may delete any item not properly submitted.

(d) Resolutions and ordinances sponsored by council members shall be reviewed by the legal department before introduction.

(e) Any item on the published agenda for which unanimous consent of all councilmembers present is required may be considered for action by the council only if the president or presiding officer states the title of the item or items during the time of the regular council business meeting for "Adoption of the Agenda" as provided in section 2-97(3).

(f) An item established on the published agenda may be removed or postponed by the sponsor without approval of the city council prior to the meeting or prior to the agenda being adopted by council at the meeting. If the sponsor will not be present at the meeting, he/she may submit a written request to remove or postpone the item to the appropriate presiding officer prior to the meeting. Otherwise, once an item is established on an adopted agenda, it may be postponed only upon an affirmative vote of a majority of the council membership. This rule shall not preclude more than one councilmember from sponsoring the same item.

Sec. 2-93. Rule 2. Call to order.

At the appointed hour, the president of the city council shall take the chair, call the council to order and if a quorum is present, proceed to business. Those members present and absent will be noted in the minutes of the meeting.
(Ord. No. 94-788, § 2-17 (rule 2), 11-22-1994)

Sec. 2-94. Rule 3. Quorum.

A majority of the council membership shall constitute a quorum.

State law reference—Similar provisions, Code of Ala. 1975, § 11-43-48.

Sec. 2-95. Rule 4. President pro tempore.

If the president shall be absent, the president pro tempore shall act as president.
(Ord. No. 94-788, § 2-17 (rule 4), 11-22-1994)

Sec. 2-96. Rule 5. Third presiding officer.

If the president and the president pro tempore shall be absent, the third presiding officer shall act as president pro tempore.
(Ord. No. 94-788, § 2-17 (rule 5), 11-22-1994)

Sec. 2-97. Rule 6. Order of business.

At all meetings, business shall be taken up and disposed of generally in the following order. The council president may adjust the format from time to time, as deemed necessary, to provide for the orderly conduct of council business.

(1) Invocation.

(2) Pledge of allegiance.

(3) Adoption of the agenda. Any addition or change to the agenda will be addressed, and any items on the published agenda for which unanimous consent is requested or required, shall be announced, as provided in subsection 2-92(b).

(4) Approval of the minutes of previous meeting(s). Any changes or additions shall be recorded and the minutes approved as corrected. The minutes shall be signed by the presiding officer.

(5) Special recognitions by the mayor.

(6) Special recognition and honorary resolutions by the council. Items submitted under this category must be presented for agenda assignment to the council president or council president pro tempore by close of business one calendar week prior to the scheduled meeting.

a. Special recognition resolutions for presentation at council meeting. (Presentations at council meetings shall be limited to direct city-related interests only.)

b. Special recognition resolutions for presentation at other than council meetings. (Presentations other than direct city-related interests—personal accomplishments, civic events, educational accomplishments, athletics, etc.)

c. Special recognitions other than by resolution.

(7) Announcements or presentations the president or presiding officer deems necessary or appropriate.

(8) Matters where an outside legal representative employed by the city or city agency is present.

(9) Public hearings to be held.

(10) Public hearings to be set.

(11) Public comments on agenda items.

a. Anyone wishing to address the council on any agenda item shall register to speak on the public communications roster prior to the meeting by contacting the council office during regular business hours on the day of the meeting.

b. Each speaker shall state their name, home address, and city of residence

for the record, or name and city of residence only if the home address was provided on the public comments roster. Each speaker may address the council for three minutes. The city clerk-treasurer or presiding officer shall be responsible for keeping time on each speaker. This time is provided for making comments to the city council or bringing items to the attention of the city council, relating to the specific content of items on the meeting agenda. Speakers shall use this time to offer opinions, concerns, or ideas about city matters. Council members shall listen without engaging in dialog. Appointments to engage in dialog will be honored. Speakers shall refrain from making comments regarding the good name and character of any individuals. Any extension of time beyond the three-minute limit shall require approval of a majority of the council.

(12) Mayor comments. This time will be provided to make comments to the city council or bring an item or issue to the attention of the city council relating to city business and not on the meeting agenda.

(13) Councilmember comments. This time will be provided for councilmembers to make comments to the city council or to bring an item or issue to the attention of the city council relating to city business and not on the meeting agenda.

(14) Finance committee report. The finance committee shall regularly provide a report to the council at regularly scheduled council meetings regarding the financial status of the city and any items of interest that may come before the council for consideration.

(15) Board appointments to be voted on. No board appointment may be made at the same meeting where the nomination is made unless there is unanimous consent of the membership of the council.

(16) Board appointment nominations. Nominations for city council board appointments must be made at one meeting and voted on at a subsequent meeting (except as provided in subsection (15) of this section), provided that no nominations shall be made sooner than at any regular meeting of the council in the month preceding the month during which the term of the board position for which the nomination is being made expires. Nominations shall not be made from the floor without prior verification that the nominee meets the seat requirements and written notice is provided to the council president or presiding officer with the name of the nominee, full name of the board, and appropriate term dates for the nomination.

(17) Huntsville utilities items.

(18) Routine items from the city attorney's office.

(19) Unfinished business items for action.

(20) New business items for consideration or action. These items may be consolidated and adopted/approved in one motion unless any councilmember requests an item to be removed for discussion. The reading of each item may be waived unless a councilmember requests otherwise.

(21) New business items for introduction.

(22) Non-agenda public comments.

a. Anyone who did not have the opportunity to address the council during the public comments portion of the meeting may sign a second public comments roster prior to the conclusion of subsection (20) in this section.

b. Each speaker shall state their name, home address, and city of residence for the record, or name and city of residence only if the home address was provided on the second public comments roster. Each speaker may address the council for three minutes.

The city clerk-treasurer or presiding officer shall be responsible for keeping time on each speaker. This time is provided for making comments to the city council or bringing items to the attention of the city council relating to city business, whether or not such items are on the meeting agenda. Speakers shall use this time to offer opinions, concerns, or ideas about city matters. Council members shall listen without engaging in dialog. Appointments to engage in dialog will be honored. Speakers shall refrain from making comments regarding the good name and character of any individuals. Items which cannot be resolved within the three-minute time limit may either be referred to the city administration or, at the request of councilmember, be scheduled for discussion in a separate meeting. Any extension of time beyond the three-minute limit shall require approval of a majority of the council.

(23) Other business to come before council.

(24) Adjournment.

(Ord. No. 94-788, § 2-17 (rule 6), 11-22-1994; Ord. No. 96-1023, §§ 1—5, 12-19-1996; Ord. No. 98-321, § 1, 4-23-1998; Ord. No. 00-404, 5-11-2000; Ord. No. 07-604, § 2, 6-28-2007; Ord. Sec. 2-98. Rule 7. Procedural rules.

Except as provided in this division, the council shall adhere to the procedural rules contained in the latest edition of Robert's Rules of Order, Newly Revised.

(Ord. No. 94-788, § 2-17 (rule 7), 11-22-1994)

Sec. 2-99. Rule 8. Points of order.

The president of the council shall preserve order and decorum in the transaction of business during each sitting of the council, and on points of order may speak in preference to any councilmember.

(Ord. No. 94-788, § 2-17 (rule 8), 11-22-1994)

Sec. 2-100. Rule 9. Questions of order.

The president of the council shall decide all questions of order, but from his decision an appeal may be taken, which appeal shall be decided without debate. The question shall be, "Shall the decision of the president of the council stand?", and such question must be approved by a two-thirds vote of the council membership.

(Ord. No. 94-788, § 2-17 (rule 9), 11-22-1994)

Sec. 2-101. Rule 10. Calling members to order.

If in speaking, or if in any way, a councilmember should violate any rule, the president of the council or any councilmember may call him to order.

(Ord. No. 94-788, § 2-17 (rule 10), 11-22-1994)

Sec. 2-102. Rule 11. Priority of speakers.

When two or more councilmembers shall speak at the same time, the president of the council shall decide who is entitled to speak; however, a councilmember shall always have priority over any speaker not a member of the city council.

(Ord. No. 94-788, § 2-17 (rule 11), 11-22-1994)

Sec. 2-103. Rule 12. Public comment on claims, lawsuits.

The council shall not hear public comment on formally filed claims or lawsuits.

(Ord. No. 94-788, § 2-17 (rule 12), 11-22-1994)

Sec. 2-104. Rule 13. Confidentiality.

Whenever the city attorney advises the council that a matter presented to the council or to any councilmember, whether verbally or in writing, should, in the opinion of the city attorney, remain confidential, the council shall abide by the request of the city attorney and shall refrain from any public comment, discussion or dissemination of information with regard to the matter.

(Ord. No. 94-788, § 2-17 (rule 13), 11-22-1994)

Sec. 2-105. Rule 14. Motions.

When a motion is made, it shall be stated by the president of the council if verbal; if in writing, it shall be read by the clerk-treasurer; and on the request of the president or any councilmember, all motions shall be put in writing. When so stated or read, the president of the council shall put all motions to the vote of the councilmembers.
(Ord. No. 94-788, § 2-17 (rule 14), 11-22-1994)

Sec. 2-106. Rule 15. Amended motions.

In all cases where an amendment is offered and seconded, the question shall be taken on the motion, resolution or ordinance as amended.
(Ord. No. 94-788, § 2-17 (rule 15), 11-22-1994)

Sec. 2-107. Rule 16. Lost amendment.

If an amendment is lost, the original motion, resolution or ordinance shall be put upon its passage.
(Ord. No. 94-788, § 2-17 (rule 16), 11-22-1994)

Sec. 2-108. Rule 17. Motion to adjourn.

A motion to adjourn shall always be in order and shall be decided without second and any debate.
(Ord. No. 94-788, § 2-17 (rule 17), 11-22-1994)

Sec. 2-109. Rule 18. Priority of previous question.

The previous question shall have precedence over all other motions (except a motion to adjourn and a motion to lay on the table), and shall, if sustained by a two-thirds vote of the council membership present, preclude all debate and all amendments.
(Ord. No. 94-788, § 2-17 (rule 18), 11-22-1994)

Sec. 2-110. Rule 19. Ordinances, resolutions in writing.

Any ordinance or resolution presented to the council for consideration or action must be in writing.
(Ord. No. 94-788, § 2-17 (rule 19), 11-22-1994)

Sec. 2-111. Rule 20. Reconsideration of question.

Any councilmember having voted with the majority on any question may move for a reconsideration of the question at that meeting or at the next regular meeting of the council.
(Ord. No. 94-788, § 2-17 (rule 20), 11-22-1994)

Sec. 2-112. Rule 21. Adoption of ordinance or resolution.

No ordinance or resolution intended to be of permanent operation shall be adopted by the council at the same meeting at which it is introduced unless unanimous consent of those present is given for the immediate consideration of such ordinance or resolution, such consent to be shown by a vote taken by ayes and nays; and the names of the members voting shall be entered upon the minutes; and no ordinance or resolution intended to be of permanent operation shall become a law

unless on its final passage a majority of the members elected to the council shall vote in its favor.
(Ord. No. 94-788, § 2-17 (rule 21), 11-22-1994)

State law reference—Similar provisions, Code of Ala. 1975, § 11-45-2(b).

Sec. 2-113. Rule 22. Voting.

(a) A councilmember may or may not vote on any item at his option.

(b) Unless otherwise expressly provided by ordinance or state law, any matter presented to the council for action, regardless of whether the council is acting in its legislative capacity or otherwise, shall be approved only upon the affirmative vote of a majority of the council membership.
(Ord. No. 94-788, § 2-17 (rule 22), 11-22-1994)

Sec. 2-114. Rule 23. Recording of ayes and nays.

Whenever requested by one or more councilmembers, the ayes and nays shall be taken. The clerk shall record the ayes and nays whenever taken.
(Ord. No. 94-788, § 2-17 (rule 23), 11-22-1994)

Sec. 2-115. Rule 24. Entering of protest on minutes.

The president or any member of the council shall have the right to have his protest to the passage of any measure entered on the minutes if it is in respectful language, of which the president of council shall judge.
(Ord. No. 94-788, § 2-17 (rule 24), 11-22-1994)

Sec. 2-116. Rule 25. Riders, qualifications must be pertinent.

Nothing shall be introduced as a rider or as a condition or qualification to any ordinance unless the same shall be pertinent to the subject of the ordinance.
(Ord. No. 94-788, § 2-17 (rule 25), 11-22-1994)

Sec. 2-117. Rule 26. Committee recommendations.

A majority of any committee shall be sufficient to make a recommendation to the council.
(Ord. No. 94-788, § 2-17 (rule 26), 11-22-1994)

Sec. 2-118. Rule 27. Temporary abandonment of chair by president.

The president of the council may at any meeting call the president pro tempore to the chair temporarily for a stated purpose; and if the president pro tempore is not present or declines, the designated presiding third officer may be called.
(Ord. No. 94-788, § 2-17 (rule 27), 11-22-1994)

Sec. 2-119. Rule 28. Censure authorized.

If the president of the council or any councilmember shall willfully violate any of the rules promulgated in this division, he shall suffer such censure as the council may direct. Any censure must be approved by a two-thirds vote of the remaining councilmembers. Censure may include public criticism and admonition.
(Ord. No. 94-788, § 2-17 (rule 28), 11-22-1994)

Sec. 2-120. Rule 29. Filling of vacancies.

If any vacancy should occur in the office of mayor or any councilmember, such vacancy shall be filled in accordance with Code of Ala. 1975, § 11-43-87.
(Ord. No. 94-788, § 2-17 (rule 29), 11-22-1994)

Sec. 2-121. Rule 30. Suspension of rules.

Except as otherwise provided by state law, any one of the rules promulgated in this division may be suspended by the vote of two-thirds of the councilmembers present at any meeting of the council, but never by less than a majority of the council membership.

ARTICLE IV. FINANCIAL POLICIES*

DIVISION 1. GENERALLY

Sec. 2-151. Investment policy.

(a) *Generally.* It is the policy of the city to invest city funds in a manner which will ensure maximum security with sufficient liquidity to meet daily cash flow demands while providing the highest investment return on municipal funds. The investment of all city funds is the responsibility of the finance department. The director of finance and employees whom he may designate are authorized to invest city funds consistent with this policy.

(b) *Scope.*

(1) Pursuant to Code of Ala. 1975, §§ 11-81-19—11-81-21, this section applies to all municipal funds of the city.

(2) This section applies to all transactions involving the financial assets and related activities of all municipal funds of the city.

(c) *Objectives.*

(1) Safety of principal is the foremost objective of the investment policy of the city. Investment transactions shall seek to avoid capital losses, whether they be from security defaults or erosion of market value. Investments of the city shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, the city shall diversify its portfolio to avoid incurring unreasonable risks inherent in overinvesting in specific instruments, individual financial institutions or investments with similar maturities.

(2) Another objective is that the city's investment portfolio will remain sufficiently liquid to enable the city to meet all operating requirements which might be reasonably anticipated. An additional objective is to attain a maximum investment yield on available funds taking into account the city's investment risk constraints and the cash flow characteristics of the portfolio.

(d) *Authority, prudence and ethics.*

(1) Management responsibility for the investment program is delegated to the director of finance, who shall establish written procedures for the operation of the investment program consistent with this investment policy. Such procedures shall include explicit delegation of authority to the persons responsible for transactions. No person shall engage in an investment transaction except as provided under the terms of this section and the procedures established under this section. The director of finance shall be responsible for all transactions undertaken and shall establish a system of controls to regulate investment activities of officials with responsibilities under this section.

(2) Investments shall be made with judgment and care, under circumstances then prevailing, which the persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The standard of prudence to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and exercising due diligence shall be relieved of personal responsibility for any change in an individual security's credit risk or market price, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

(3) Officers and employees involved in the investment process shall refrain from

*__Cross references—__Any ordinance promising or guaranteeing the payment of money or authorizing the issuance, sale or security of bonds or other instruments of indebtedness saved from repeal, § 1-11(5); taxation, ch. 24.

personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Full disclosure shall be made by officers and employees who may have material financial interests in financial institutions that conduct business with the city, and they shall further disclose any large personal investments or financial activities that could be related to the performance of the city's portfolio.

(e) *Internal controls and reporting requirements.* The director of finance shall establish a system of internal control designated to prevent losses of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the city. Annually, the director of finance shall report on the investment program and investment activity. The report shall include a comparison of investment returns and may recommend policies and improvements that might be made in the investment program.

(f) *Instruments, maturities and risks.*

(1) The city may invest municipal funds in accordance with Code of Ala. 1975, tit. 11.

(2) It is the policy of the city to diversify its investment portfolio to minimize the risk of loss resulting from over-investing funds in a specific maturity, a specific financial institution or a specific class of security instruments. With the exception of U.S. Treasury securities, no more than 50 percent of the city's investment portfolio will be invested in a single security type or with a single financial institution. Investments of the city shall be made in instruments whose maturities do not exceed five years. In order to ensure adequate liquidity without market risk, investments shall have maturity dates at or prior to the time cash is prudently projected to be required to meet disbursement needs.

(g) *Collateralization, safekeeping and custody.*

(1) It is the city's policy that any bank or financial institution in the State of Alabama that invest city municipal funds shall be a qualified public depository certified by the Alabama state treasurer according to the Security for Alabama Funds Enhancement act(SAFE Act), Code of Ala. 1975, § 41-14A-1, et seq., as amended from time to time.

(2) All amounts of deposit made, and certificate of deposits (CDs) issued in excess of amounts insured by the FDIC and FSLIC shall be collateralized with securities of the United States government, federal agencies which represent the full faith and credit of the United States, or otherwise authorized by state law. The collateral for each deposit or certificate of deposit shall have a market value equal to at least 100 percent of the excess amounts insured by the FDIC and FSLIC.

(3) It is the policy of the city to require from each authorized financial institution holding city funds a listing of securities pledged as collateral to protect the city's investment. This listing of collateral shall be provided to the city by each institution for deposits held on June 30 and December 31 of each year. All investment securities purchased by the city and all collateral on deposits of the city shall be held in a custodian account maintained by a trust department of a bank insured by the FDIC, in the Federal Reserve Bank or by the city. The trust department shall issue a safekeeping receipt to the city listing the specific instrument, rate of return, maturity date and other pertinent information.

(h) *Authorized financial institutions.*

(1) The city finance director shall maintain the list of approved banks or financial institutions for investment purposes that have offices located in the city.

(2) Before accepting funds or engaging in investment transactions with the city, the supervising officer at each institu-

tion shall submit a certification that the officer has reviewed this section and agrees to disclose potential conflicts or risks to public funds that might arise out of business transactions between the institution and the city. All financial institutions shall agree to undertake reasonable efforts to preclude imprudent transactions involving city funds.

Sec. 2-152. Budget management.

(a) *Purpose*. It is the purpose of this section to establish a comprehensive system for budgeting and financial management which furthers the capacity of the mayor and the city council to plan and finance the services which the city provides for its citizens.

(b) *Definitions*. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Department means the department of the city under the general supervision and control of the mayor.

(c) *Duties of the director of the finance department relative to the city budget.* The director of the finance department shall:

(1) Assist the mayor and the city council in the preparation and explanation of the proposed budget ordinance, including the coordination and analysis of department goals and objectives, and departmental budget requests;

(2) Assist departments in preparing their statement of goals and objectives, budget requests and reporting of program performance;

(3) Administer its responsibilities under this section so that the policy decisions and budget determination of the mayor and the city council are implemented to the fullest extent possible within the concepts of proper management; and

(4) Provide the mayor and the city council with budget information.

(d) *Budget data to be submitted to director of finance by departments and other parties.*

(1) Each department, on the date and in the form and content prescribed by the department of finance, shall prepare and forward to the director of finance the following program and financial information:

a. If requested, the goals and objectives of the department programs, together with proposed supplements, deletions and revisions to such programs.

b. If requested, its proposed plans to implement the goals and objectives, including estimates of future service needs, planned methods of administration, proposed modification of existing program services and establishment of new program services, and the estimated resources needed to carry out the proposed plan.

c. The budget requested to carry out its proposed plans in the succeeding fiscal year.

d. Where applicable, a report of the estimated revenues for the succeeding fiscal year.

(2) The department proposals prepared under subsection (d)(1) of this section shall describe the relationships of their programs services to those of other departments.

(3) If any department fails to transmit the program and financial information required under subsection (d)(1) on the specified date, the department of finance may prepare such information.

(4) All boards, commissions, agencies and organizations seeking appropriations from the city shall have a budget classification

of "city agency transfers" or "outside agency appropriations", and shall submit budget information to the department of finance on or before the date requested, budgetary plans and data, which may include a long-range plan covering a period of not less than five years, setting forth the organization's projected goals, objectives and financial needs year by year.

(e) *Formulation and presentation of mayor's proposed budget ordinance.*

(1) The mayor shall formulate a budget ordinance to be recommended to the city council after considering each department's proposed programs and financial plan. The budget ordinance thereby submitted shall include the following:

a. Recommended appropriations for the operations of the city departments;

b. Recommended appropriations for the city's capital improvements programs; and

c. Identified sources of revenues to be available to the city to finance the recommended appropriations for operations and capital improvements.

(2) The proposed budget ordinance shall be presented by the mayor to the city council according to the timetable established as provided in this section. The mayor's presentation shall include an explanatory report which summarizes recommended goals, plans and appropriations and shall contain the following information:

a. The program goals and objectives that the mayor recommends to guide the decisions on the proposed program plans and budget appropriations;

b. The program and budget recommendations of the mayor for the succeeding fiscal year;

c. A revised estimate of city revenues for the current fiscal year and an estimate for the succeeding fiscal year;

d. A summary of estimated expenditures for the current fiscal year and those recommended by the mayor for the succeeding fiscal year; and

e. Any additional information which will facilitate understanding of the mayor's proposed budget ordinance by the city council and the public.

(f) *Responsibilities of the city council as to consideration and adoption of the budget ordinance.* The city council shall:

(1) Consider the budget ordinance recommended by the mayor, including proposed goals and policies, tax rate and other revenue changes and long-range program plans;

(2) Adopt alternatives to the budget ordinance which it deems appropriate; however, in no event shall authorized expenditures exceed estimated revenues and resources.

(g) *Timetable for adoption of budget ordinance.*

(1) In order to provide for an orderly procedure for the adoption of the annual budget ordinance, the mayor, the president of the city council and the chairperson of the city council finance committee shall agree upon a timetable for the formulation of the mayor's proposed budget ordinance and for the city council's hearings, deliberations and adoption of the ordinance. The timetable for the budget shall be established prior to June 1 of each year.

(2) The budget timetable shall include adequate time for the mayor and the city council to consider the budget requests of the departments.

(3) The mayor shall transmit to the city council a proposed budget ordinance set-

ting forth the mayor's financial program for the ensuing fiscal year by September 1 of each year.

(4) The policy of the city shall be that, by September 30 of each year, the city council shall adopt a budget ordinance making appropriations for the ensuing fiscal year.

(h) *Six-month budget review.* By May 1 of each year, the mayor and director of finance shall make a report to the city council of the revenues and expenditures of the city and its departments for the first six months of the fiscal year. After the review, the city council shall make budget adjustments that the city council deems advisable.

(i) *Contingency reserves.*

(1) The policy of the city shall be to maintain a portion of the fund balance of the general fund as a reserve for contingencies and unexpected financial events, which shall be referred to as a "reserve for contingencies."

(2) The city's goal in the adopted budget is to establish a reserve for contingencies equal to at least 11.5 percent of the general fund's estimated revenues, without regard to revenue from grants. The mayor may recommend any amount in excess of this goal as the reserve in the budget proposal, or a reserve for any other fund of the city, which is subject to approval by the city council in the adopted budget.

(3) The reserve amount shall be included in the mayor's budget proposal to the city council, and the adopted budget.

(4) If the city must utilize the general fund reserve for contingencies to balance appropriations within estimated revenues of any fiscal year, subsequent adopted budgets must include a plan to restore the reserve amount to the stated goal until such is fully restored.

(j) *General administration of programs and appropriations.*

(1) The finance department shall maintain financial records and account for the financial activities in compliance with best established practices and generally accepted accounting principles. The finance department will maintain a fund accounting system that includes the number and types of funds necessary to satisfy the legal requirements and operational needs of the city.

(2) The finance department shall establish and maintain a chart of accounts in compliance with best established practices and accounting requirements. The chart of accounts shall include revenue, expenditure and other required accounts that shall provide city officials and the public meaningful financial information about city financial activities and demonstrate compliance with city budget ordinances and legal requirements.

(3) The revenue and appropriation budgets of the city's funds shall be categorized as follows: revenue, personnel, operating, departmental capital, city agency transfers, outside agency appropriations, debt service, debt-related items, transfers with city funds, and capital projects spending.

(4) The city council shall adopt the budgets in the budget ordinance as follows, which represents the level of city council budgetary control:

a. For the expenditure accounts of departments, by personnel, operating and departmental capital.

b. For the funds accounting for the budgets of the city's long-range capital improvement plans, by budget category, except that accounts categorized as "capital project spending" shall be adopted at the subcategory level as presented in the long-range capital improvement plans.

c. For appropriations categorized as "city agency transfers" or "outside agency appropriations," by individual account.

d. For all other revenue and appropriation accounts, by budget category.

(5) The director of finance is authorized to adjust the estimated revenues or appropriations among the accounts within a budget category or subcategory to the extent the increases and decreases offset. An increase or decrease in the total amount of any budget category or subcategory must be authorized by the city council in advance. An increase or decrease to an appropriation categorized as "city agency transfers" or "outside agency appropriations" must be authorized by the city council in advance. In the event of an emergency or unusual situation, the director of finance is authorized to adjust an appropriation that must ordinarily be authorized by the city council pursuant to this paragraph, upon notification and approval of the city council president and city council finance committee chairperson.

(6) The mayor, mayor's designee or the city council is authorized to approve travel expenses of any officer or employee of the city who travels outside the city limits, which are incurred for the purpose of improving or furthering the city's goals or its business. Such approval by the mayor or mayor's designee shall be in writing stating the purpose and the object of such travel. Such approval by the city council shall be by resolution setting forth the purpose and the object of such travel. All travel and related expenses shall be administered in compliance with city personnel policies and procedures.

(Ord. No. 90-462, §§ 1—9, 9-27-1990; Ord. No. 94-764, 11-22-1994; Ord. No. 95-659, 9-28-1995; Ord. No. 95-861, 12-28-1995; Ord. No. 15-527, 8-13-2015)

Sec. 2-153. Disposal of surplus real property.

(a) The purpose of this section is to provide a procedure for the disposition of certain real property owned by the city, which property has been declared surplus to the needs of the city under the provisions of Code of Ala. 1975, § 11-47-20.

(b) No real property owned by the city and administered by a general fund department of the city shall be advertised or offered for sale on behalf of the city, and no negotiations concerning the disposition of any such property shall occur by any officer or agent of the city until such property has been declared surplus by appropriate ordinance or resolution duly adopted by the city council.

(c) Upon any declaration by the city council that any real property owned by the city and described in subsection (b) of this section is surplus to the needs of the city, the council shall first proceed to make certain findings as follows:

(1) The council shall first determine that the property is not needed by some other department or division of the city. If the property is not needed by any general fund department of the city and not needed by any other board or division of the city, the council shall determine if an accurate survey and description is available with respect to the property. If an accurate survey and description of the property is not available, the director of finance shall be authorized to have a survey and description prepared by an engineer or land surveyor.

(2) If the property is suitable for subdivision or development, the director of finance shall be authorized to determine whether or not the property should be subdivided and public improvements installed prior to being offered for sale. If the council elects to subdivide and install improvements prior to sale, the mayor and director of finance shall be authorized to employ an engineer to develop a plan for the subdivision of the property and for the installation of improvements upon the property. No plan for subdivision of the property will be authorized by the council except upon approval of the plan by the planning commission of the city and subject to filing of the plat in the office of the judge of probate of the county. Division of any property owned by the city into two or more parts or parcels for the purpose of sale or development shall be considered a subdivision.

(3) If the property is not suitable for development, but would only be useful to an adjoining owner to use in conjunction with adjacent and adjoining property, all adjoining owners shall be requested in writing to acknowledge in writing whether or not they have an interest in purchasing the property for such use. If the owners of adjacent property are interested in purchase, the director of finance shall invite bids from all such interested persons to be opened by the director and presented to the council.

(4) If the property is suitable for development, the property shall be advertised as provided in this section.

(5) No property shall be sold by the council until an appraisal has been received by the council, either from an independent appraiser employed by the mayor or from a staff appraiser of the city, as the council may elect; however, no such appraisal shall be made public until after bids have been received by the director of finance.

(6) Property suitable for subdivision or development shall be sold only after a suitable notice with respect to the proposed sale has been placed by the director of finance in a newspaper having general circulation within the city, the advertisement to appear at least ten days prior to the time announced for the receipt of bids. The council may determine, prior to any advertisement, that the property will not be sold for less than an established price, in which case such minimum price shall be referred to in the advertisement. Prior to the publication of any notice to advertise any such property for sale, the director of finance shall consult with appropriate city departments to determine the need for the reservation of any rights-of-way or easements with respect to the property. Sale may be by public bid or by public auction. The council shall not be obligated

to accept any bid, either at an advertised sale or auction, unless such fact is referred to in the notice.

(d) The director of the public works services department shall, upon completion of any street improvement project, report any remnants or surplus property to the council for disposition.

(e) Upon approval by the council for sale of any property declared surplus as provided in this section, the mayor shall proceed to deliver a deed to the property in accordance with the authorization by the council; and the proceeds shall be delivered to the city clerk-treasurer.

(f) This section shall not apply to the disposition of industrial or research park property or to the disposition of any property for which a disposition procedure has been or is otherwise determined by the council.

State law reference—Disposition of unneeded real estate, Code of Ala. 1975, § 11-47-20 et seq.

Sec. 2-154. Service charge for bad checks.

(a) The city clerk-treasurer is authorized to charge and collect bad check charges of not more than the greater of either $30.00 or an amount equal to the actual charge by the depositary institution for return of unpaid or dishonored instruments assessed for any check, draft, negotiable order of withdrawal or like instrument drawn on a bank or other depositary institution given by any person in full or partial payment of any tax, license fee or other fee due the city, or other assessments of the city, if such instrument is dishonored or not paid for any reason by such institution.

(b) The bad check charge shall be a legal charge against the person who tendered the dishonored or unpaid instrument and shall not be deemed a finance charge or interest.
(Ord. No. 91-326, §§ 2, 3, 5-23-1991; Ord. No. 05-892, § 1, 10-27-2005)

State law reference—Service charge for bad check, Code of Ala. 1975, § 13A-9-13.1.

Sec. 2-155. Admission fee discount to city residents.

(a) Any board or agency created solely by the city under its general police powers which charges a fee for admission to any facility under the operation and control of such board or agency shall offer a ten percent discount off the regular admission fee to any resident of the city.

(b) This section shall not apply to any other discount (including senior citizen discounts) or promotional offer by any such board or agency where the regular admission fee is discounted by ten percent or more or to the Trolley at the Huntsville Depot. In addition, this section shall not apply to any admission fee charged for a special event, or any event involving a nongovernmental individual, association or corporation, as a promoter or copromoter of the event.

(c) Presentation of a driver s license or other photographic identification card or badge which includes a city address as the presenter s residence address shall constitute sufficient proof of residency within the corporate limits of the city.
(Ord. No. 97-428, §§ 1—3, 6-26-1997)

Sec. 2-156. Conference and travel policy.

There is adopted a conference and travel policy for the city. A copy of the policy shall be kept on file in the office of the city clerk-treasurer.
(Ord. No. 93-576, 9-9-1993)

Sec. 2-157. Pre-approval of legal and professional services.

Any expenditure out of the legal and professional services line item in the city council s department budget must be preapproved in writing by no less than four out of five councilmembers. Any expenditure requested to be charged against the city council s legal and professional services budget line item by an individual councilmember, without prior written approval of at least four councilmembers, shall not be honored by the finance department, and shall become the personal debt of the councilmember who requested the expenditure.
(Ord. No. 01-761, 9-27-2001)

Sec. 2-158. Payment by credit card.

(a) Any office, department, agency, board or commission of the city is authorized to accept payment by credit card, charge card and debit card issued by any bank, foreign lender, domestic lender or credit card bank as defined in the Alabama Credit Card Act, sections 5-20-2 through 5-20-16, Code of Ala. 1975. The payment may be for, but is not limited to, taxes, license and registration fees, court fines, costs and penalties, building permits, filing fees, assessments against property, parks and recreation fees, parking fees, rental expenses, event admissions and garbage collection fees.

(b) A service fee will be added, at the discretion of the city, to the payment in an amount not to exceed the transaction fee charged by the credit card issuer or processor. Payment of the service fee is not refundable. The service fee may be added and collected directly by the city, or added and collected by the city's processer.

(c) With the approval of the city council, the mayor is authorized to enter into appropriate agreements with one or more credit card issuers or other appropriate parties as needed to facilitate the acceptance of credit card payment. Each agreement must provide that it may be cancelled without penalty at any time by the city upon reasonable notice. No agreement shall exceed three years in term.

(d) No person making payment by credit card shall be relieved of liability for the face amount of the payment except to the extent that the city realizes full and final payment of the underlying obligation in cash or its equivalent. If full and final payment is not made by the credit card issuer or other guarantor of payment in the credit card transaction, the underlying obligation shall survive and the city shall retain all remedies for enforcement which would have applied if the credit card transaction had not occurred.

(e) A city employee who accepts a credit card payment in accordance with this section and any applicable policy, rule or regulation of the city shall not thereby incur any personal liability for the final collection of such payments.

(f) The clerk-treasurer is authorized to establish policies, rules and regulations governing the acceptance of payment for municipal services by credit card and to disseminate them to all employees.

(Ord. No. 13-844, 11-7-2013)

Sec. 2-159. [Debt management policy.]

(a) *Purpose.*

(1) The city recognizes the foundation of any well-managed debt program is a comprehensive debt management policy. A debt management policy sets forth the parameters for issuing debt and managing the outstanding debt portfolio of the city, and provides guidance to decision makers regarding the purposes for which debt may be issued, types and amounts of permissible debt, timing and method of sale that may be used, and structural features that may be incorporated. Adherence to a debt management policy helps to ensure that government maintains a sound debt position and that credit quality is protected.

(2) This debt management policy will help:

a. Promote high quality debt management decisions;

b. Maintain order and discipline throughout the debt issuance process;

c. Promote consistency and continuity in the decision making process;

d. Demonstrate a commitment to long-term financial planning objectives; and

e. Ensure that debt management decisions are viewed positively by rating agencies and the investment community and by citizens of the city.

(b) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Build America Bonds or *BABs* means the same as the term "Build America Bonds" as

defined by the Internal Revenue Code, and shall include Recovery Zone Economic Development Bonds issued under Section 1400U-2 of the Internal Revenue Code.

City clerk-treasurer means the person holding the title of city clerk-treasurer of the city or, if the city shall determine to vest primary responsibility for the enforcement of the provisions of this policy charged to the city clerk-treasurer in another officer of the city, then from such date the terms shall be interpreted to mean such other officer of the city.

Finance director means the person holding the title of director of finance of the city or, if the city shall determine to vest primary responsibility for the enforcement of this policy in another officer of the city, then from such date the terms shall be interpreted to mean such other officer of the city.

Internal Revenue Code means of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder.

IRS means the United States Internal Revenue Service.

Policy means the debt management policy prescribed by this section.

Ten-year capital improvement plan means the long-range plan for expanding and maintaining the city's capital infrastructure as adopted by city council resolution from time to time.

(c) *Implementation.* The policy shall be implemented by the mayor and finance director as authorized by the city council. Comprehensive debt management guidelines shall provide for the following:

(1) Full and timely payment of principal and interest on all outstanding debt.

(2) Debt shall be incurred only for those purposes as provided by applicable state law.

(3) Capital improvements should be planned, approved and financed in accordance with city ordinances and (with the exception of unanticipated extraordinary capital improvements) the ten-year capital improvement plan development process and/or other long-term capital planning models of the city.

(4) The payment of debt shall be secured by the full faith and credit of the city, in the case of general obligation bonds or warrants, and by the pledge of specified, limited revenues in the case of revenue bonds and warrants. The city shall not pledge any city revenues to debt issued by conduit entities formed within the city. The city shall have no moral obligation to repay the holders of debt issued by conduit issuers or other public entities within the city.

(5) Principal and interest retirement schedules shall be structured to:

a. Achieve a low borrowing cost for the city;

b. Accommodate the debt service payments of existing debt; and

c. Respond to perceptions of market demand.

Shorter maturities shall always be encouraged to demonstrate to rating agencies that debt is being retired at a sufficient pace.

(6) Debt issued shall generally be limited to obligations with serial and term maturities but may be sold in the form of capital appreciation obligations or other structures if circumstances warrant.

(7) The average life of the debt incurred should be no greater than the projected average life of the assets being financed.

(8) The city shall select a method of debt sale that shall maximize the financial benefit to the city. Such sales can be competitive or negotiated, depending upon the project and market conditions. All methods of sale shall be subject to council approval.

(9) The city shall maintain good communications with credit rating agencies to ensure complete and clear understanding of the creditworthiness of the city.

(10) Every financial report, official statement/offering circular, and annual information statement shall follow a policy of accurate disclosure of financial conditions and operating results. All financial reports and annual information statements shall conform to guidelines issued by the Government Finance Officers Association, the Municipal Securities Rulemaking Board ("MSRB"), and the Securities and Exchange Commission to meet the disclosure needs of rating agencies, underwriters, investors and citizens.

(d) *Debt limitations.*

(1) *Legal limitations.* All debt issuances will be accomplished in compliance with applicable federal regulations, the Alabama Constitution, applicable state statutes, city ordinances, and all other applicable legal constraints.

(2) *Public policy limitations.*

a. The city shall assess all financial alternatives for funding capital improvements prior to issuing debt. Pay-as-you-go financing should be considered before issuing any debt. Pay-as-you-go financing may include: intergovernmental grants from federal, state, and other sources; current revenues and financial balances; public/private partnerships; and lease payments. Once the city has determined that "pay-as-you-go" is not a feasible financing option, the city may use short-term or long-term debt to finance capital projects.

b. All capital improvements and financings for capital improvements (with the exception of unanticipated extraordinary capital improvement requirements) will be made in accordance with an adopted ten-year capital improvement plan and/or other long-term capital planning models of the city.

c. General obligation warrants will be used to finance only those capital projects or improvements that have been determined to be essential to the maintenance or development of the city. Debt may be issued to finance long-term capital improvements, economic development initiatives, other property and equipment used in the furtherance of the mission of the city and for public improvements related to the quality of life of the citizens of the city. The city will not issue debt for the purpose of funding short-term assets with useful lives of less than three years.

d. Capital projects financed through the issuance of debt shall be financed over a period not to exceed the expected useful life of the project financed.

e. Long-term debt will only be used for capital projects that feasibly cannot be financed from current revenue sources, in conjunction with the ten-year capital improvement plan and/or other long-term capital planning models of the city.

f. Current operations will not be funded from the proceeds of borrowed funds.

g. In general, the city will limit the term of its tax-supported debt to 20 years, arranging for the repayment of long-term debt on a level-payment basis, unless special circumstances dictate otherwise, in which case the special circumstances will be disclosed in the associated financing plans, and as otherwise specified herein.

(3) *Financial limitations.*

a. The city will strive to maintain the highest debt service coverage ratios practicable consistent with its long-term financial objectives.

b. The city will closely monitor the absolute amounts and year-to-year trends of key financial ratios. The city recognizes that specific ratios, in and of themselves, may or may not depict an accurate assessment of the

financial health of the city and may be affected temporarily by national or local economic conditions. It also recognizes, however, that negative trends for an extended period over multiple years are signals that must not be overlooked and will become a part of the annual reporting process of the finance department to the mayor and city council. Ratios to be monitored consist of the following:

1. General obligation debt as a percent of actual market value of property;
2. Debt per capita;
3. Debt service as a percent of general governmental expenditures;
4. Percent of total debt to be retired after ten years; and
5. Unreserved and undesignated general fund balance as a percent of general fund revenue.

c. Revenue debt levels will be monitored periodically and evaluated in terms of other debt service coverage ratios, trends in those ratios, and against covenants contained within the applicable financing documents.

d. The city recognizes the potential contingent impact that poorly conceived or structured debt sold by conduit issuers incorporated within the city can have on the reputation of the city and the marketability of its debt. When entertaining a petition to authorize the formation of any conduit issuer the city shall undertake to impose certain minimum standards respecting debt issued by such entity including, without limitation, minimal credit ratings and/or levels of collateral securing the debt and limitations, the purposes for which such debt may be issued and requirements on the types of purchasers to which the debt may be marketed. With respect to hospital/medical authorities and boards, entities formed under Code of Ala. 1975, tit. 11, ch. 99A or ch. 99B, and certain other special purpose public entities, the name of the city shall not be used in the title of such issuer unless required by state law and no information respecting the city may be used in any debt offering materials circulated by such entity absent an express disclaimer in such materials that the information is being provided for information purposes only about the city and that the city has no obligation, legal, moral or otherwise, for the repayment of such debt.

e. The authorizing proceedings for any short-term obligations issued by the city shall describe the purpose of the proposed debt, the circumstances under which it is being issued, and the term and size limitations thereof.

(e) *Use of derivatives.*

(1) The city recognizes that, while generally not utilized by the city, in certain circumstances interest rate swaps and other derivatives can be appropriate interest rate management tools and when properly utilized can increase the city's financial flexibility and provide opportunities for interest rate savings or reduced risks. Derivatives should be addressed in the city's overall debt and investment management policies.

(2) Swaps and other derivatives will not be used for speculation. For purposes of this policy, speculation means taking additional risks, unrelated to the city's business, in an effort to increase returns. The city will follow rules and processes similar to those the city would follow when evaluating the suitability of any significant investment.

(3) Swaps and other derivatives may be used when they achieve a specific objective consistent with the city's overall debt and investment management policies. Swaps and other derivatives may be used, for

example, to lock-in a current market fixed rate or, alternatively, to create advantages through creating exposure to variable rates of interest. Swaps and other derivatives may be used to produce interest rate savings, alter the pattern of debt service payments, and cap, limit, or hedge variable rate payments. The city will only enter into swaps and other derivatives in accordance with the requirements of applicable state law.

(4) Reasons to use interest rate swaps, swaptions and other derivatives include, but are not limited to:

a. Reducing interest expense;

b. Hedging and actively managing interest rate, basis, and other risks;

c. Optimizing capital structure (e.g., to achieve targeted debt allocation); and

d. Achieving appropriate asset/liability match.

(5) The city will evaluate this use of derivatives subsection at least annually based on current market practices and credit concerns.

(f) *Debt structuring practices.*

(1) In general, the city will limit the term of its tax-supported debt to 20 years, arranging for the repayment of long-term debt on a level-payment basis, unless special circumstances dictate otherwise, in which case the special circumstances will be disclosed in the associated financing plans, and as otherwise specified herein.

(2) Revenue debt, or supporting debt, likewise will not exceed the useful life of the assets being financed but may be structured for a longer term than the city's tax-supported debt.

(3) The city will structure repayments of debt so as to recapture as rapidly as possible the credit capacity of the city for future needs.

(4) The city may choose to structure debt repayment so as to wrap-around existing obligations or to achieve other financial policy goals.

(5) Redemption features of city debt - mandatory, special and optional - shall be incorporated into debt issued by the city based on the specific needs of the city and then-current market conditions.

(6) In general, the city will issue fixed-rate debt and will not utilize variable rate debt or derivatives such as swaps or swaptions as financing vehicles. Provided, however, the city may use variable rate debt for short-term financings (i.e., financings for a period of less than three years) and specific projects that would benefit from a variable rate structure or that may require optional redemption provisions that are not available through a traditional fixed rate financing.

(7) Other structuring practices.

a. Capitalized interest will not be utilized for general obligation debt. Capitalized interest may be used on a limited basis with revenue/self-supported debt during the construction process and for that period of time when revenues for the financed project are developing consistent with federal tax laws.

b. Principal deferrals may be utilized on a limited basis during the construction of the project for a revenue/self-supported project or during an initial period of time during which revenues, such as from the establishment of a tax increment finance district, are realized. Otherwise, other than in connection with creating a "wrap-around" debt structure, principal deferrals will be discouraged.

c. The city shall use such other practices as it deems necessary and appropriate to obtain the lowest overall financing costs for the city over the term of the financing. For example, credit enhancement vehicles may be utilized, such as bond insurance or letters of credit from suitably rated banks, may be used provided that a present value benefit is produced when compared to issuing the debt without such credit enhancement. In the event credit enhancement is not cost effective, the city may still utilize credit enhancement subject to a finding by the finance director that determines that such enhancement meets the city's financing goals and objectives.

(g) *Debt issuance practices.*

(1) *Method of sale.* The city may elect to sell debt through a negotiated or competitive sale, or by a process that utilizes requests for proposals from financial institutions to purchase the debt. The method selected by the city for the sale of its obligations will depend on various factors including, but not limited to, the size and complexity of the transaction, current market conditions and other factors applicable to the city at the time of sale. The determination of which method of sale to follow will be made on either an issue by issue basis, for a series of issues or for a part of a specific financing program.

(2) *Refunding criteria.*

a. The city may advance refund outstanding obligations when advantageous, legally permissible, and when net present value savings equal or exceed the greater of $200,000.00 or four percent. Exceptions may be made only upon the recommendation of the finance director and the approval of the mayor and city council.

b. The city may currently refund outstanding obligations when advantageous, legally permissible, and when net present value savings equal or exceed the greater of $200,000.00 or three percent. Exceptions may be made only upon the recommenda-

tion of the finance director and the approval of the mayor and city council.

c. The provisions of the foregoing subparagraphs a. and b. notwithstanding, the city may choose to refund debt, on either an advance or current basis, without regard to the net present value test, when the existing financial structure or bond covenants impinge on prudent and sound financial management. In such a case, the restructuring is subject to a finding by the finance director that the restructuring is in the overall best interests of the city.

d. The principal maturity schedule of refinancing debt will be structured as to generally conform to the schedule of the refinanced debt, unless special circumstances dictate otherwise, in which case the special circumstances will be disclosed in the associated refinancing plan. Savings the city may realize in such refinancing may be realized in the form of an up-front payment or through a reduction in debt service payments, or a combination of both, based on the city's best interest and requirements.

(3) *Selection and use of financial providers.* The city's finance director shall be responsible for the selection process for securing professional services that are required to develop, monitor, and implement the city's debt management program. Consultants providing advice or counsel to the city shall be independent. The financial advisor, bond counsel, and underwriter for any issuance of debt shall be separate entities having no relationship with one another.

a. The finance director will request the recommendation of the city attorney in selecting bond counsel which will also be approved by the mayor and city council. Bond counsel will be from a nationally recognized firm with significant experience in tax matters and legal requirements associated with the sale of governmental debt.

b. The financial advisor will be selected based upon the recommendation of the finance director to the mayor and city council. The financial advisor will be from a regionally or nationally recognized firm with experience in the capital planning, structuring and sale of governmental debt. Any financial advisor utilized by the city also capable of providing underwriting services shall be prohibited from participating in the underwriting of any debt for the city for a period of one year from the date of termination of its contract for financial advisory services.

c. Underwriters will be selected based upon the recommendation of the finance director to the mayor and city council. The underwriters shall be regionally or nationally recognized with demonstrated experience in the underwriting of governmental debt.

d. Other services providers, such as paying agents, escrow agents, verification agents, and trustees will also be selected based upon the recommendation of the finance director to the mayor and city council.

(h) *Debt management practices.*

(1) *Arbitrage rebate monitoring and filing.* The city shall minimize the cost of arbitrage rebate and yield restriction while strictly complying with federal and state law.

a. The city shall maintain investment allocations by source of funds and record pro rata interest income of the commingled bond funds monthly.

b. Project cash flows shall be carefully planned to insure the applicability of rebate exceptions, if feasible.

c. Rebate computations should be performed annually, but no less often than every five years until the obligations mature.

d. It is the city's policy to segregate current arbitrage earnings for future payment or credit, and to enter the amount as a liability on the books.

e. The city shall report to the IRS as required and shall make rebate payments as required by federal law.

f. The city shall structure its financings in such a way as to reduce or eliminate future arbitrage rebate liability, wherever feasible.

(2) *Federal and state loan compliance practices—Continuing disclosure.* The finance director will be responsible for providing ongoing disclosure information through Electronic Municipal Markets Access System ("EMMA") (or any such other system subsequently authorized by the MSRB or the SEC) and for maintaining compliance with disclosure standards promulgated by state and national regulatory bodies. The finance director will consult with the city's financial advisors and bond counsel in meeting the city's continuing disclosure and other compliance obligations. The city will conduct an annual review of all of the continuing disclosure requirements outlined in each financing and provide certifications and additional information as appropriate.

(3) *Market and investor relations efforts.* The finance director, in conjunction with the city's financial advisor, will maintain ongoing contact with and supply information to the rating agencies and through its continuing disclosure obligations. The city will provide full and prompt disclosure of all material events through the national reporting system and will respond to inquiries and questions from the underwriting and investor communities as appropriate.

(4) *Investment of proceeds of city debt.*

a. The investment of all public funds is subject to certain state restrictions in addition to any restrictions contained within the warrant ordinance or other financing documents.

b. The city clerk-treasurer will be responsible for the investment of proceeds of all tax-exempt obligations and obligations issued as BABs.

c. The city clerk-treasurer will consult with the finance director, when appropriate, the city's financial advisor and other deputies of the city, to determine projected spend-down schedules in order to determine the optimum investment for the city of debt proceeds consistent with the Internal Revenue Code.

(i) *Compliance procedure and policy for tax-exempt governmental obligations and Build America Bonds.*

(1) *Purpose and need for policy.* To help ensure that the city takes all actions reasonably necessary to ensure the continuing tax-exempt status of its governmental obligations (and the continuing eligibility for the receipt of direct payments from the federal government respecting obligations issued as Build America Bonds), the city council has adopted this subsection to address conformance to applicable IRS post-issuance compliance requirements for tax-exempt governmental obligations, and obligations intended to be treated as Build America Bonds, issued by the city.

This policy documents existing practices and describes various procedures and systems designed to identify on a timely basis facts relevant to demonstrating compliance with the requirements that must be satisfied subsequent to the issuance of tax-exempt governmental obligations in order that the interest on such obligations be, or continue to be, excludable from gross income for federal income tax purposes, and obligations issued as BABs in order that such obligations be, and con-

tinue to be, treated as "Build America Bonds" for purposes of the Internal Revenue Code.

(2) *Policy.* As a present or intended issuer of tax-exempt governmental obligations and BABs, the city is required by the terms of Sections 103 and 141-150 of the Internal Revenue Code, and the Treasury Regulations promulgated thereunder (the "Treasury Regulations"), to take certain actions subsequent to the issuance of such obligations to ensure the continuing tax-exempt status of such obligations and to take actions to ensure continued eligibility for interest subsidy payments in connection with BABs. Additionally, Section 6001 of the Internal Revenue Code and Section 1.6001-1(a) of the Treasury Regulations impose record retention requirements on the city with respect to its tax-exempt governmental obligations and BABs. This subsection "Compliance Procedure and Policy for Tax-Exempt Governmental Obligations and Build America Bonds" is to help facilitate the efforts of the city in complying with the city's compliance obligations under applicable provisions of the Internal Revenue Code and the Treasury Regulations.

a. *Responsible parties.* The city clerk-treasurer shall be the party primarily responsible for implementing and monitoring the city's compliance requirements under applicable provisions of the Internal Revenue Code and Treasury Regulations as they pertain to the investment of proceeds of tax-exempt obligations and BABs issued by the city. The finance director shall be the party primarily responsible for monitoring the city's compliance requirements with respect to all other applicable provisions of the Internal Revenue Code and Treasury Regulations. Each of the city clerk-treasurer and finance directors will be assisted by the staff of said officer and by other city staff and officials when appropriate. Such officers will also be assisted in carrying out post-issuance compliance requirements by the following:

1. Bond counsel (the law firm primarily responsible for providing bond counsel services for the city);
2. Financial advisor (the entity primarily responsible for providing financial advisor services to the city);
3. Paying agent (the person(s), entity (entities), or city officer(s) primarily responsible for providing paying agent services for the city); and
4. Rebate analyst (the entity (entities) primarily responsible for providing rebate analyst services for the city).

With respect to the investment of proceeds of tax-exempt obligations and BABs, the city clerk-treasurer shall be responsible for assigning compliance responsibilities to members of such officer's staff, other staff of the city, the financial advisor, bond counsel, the paying agent, and the rebate analyst as the city clerk-treasurer deems appropriate. For all other purposes of this policy the finance director shall be responsible for assigning compliance responsibilities to members of such officer's staff, other staff of the city, the financial advisor, bond counsel, the paying agent, and the rebate analyst as the finance director deems appropriate. Each of the city clerk-treasurer and finance directors shall utilize such other professional service organizations as are necessary to ensure compliance by the city with this policy.

b. *Special pre-issuance and post-issuance policies respecting BABs.* In con-

nection with the issuance and sale of each series of BABs by the city, the finance director shall:

1. Consult with the Financial Advisor on methods to help ensure that no maturities of any direct pay BABs are issued with more than a de minimis amount of original issue premium including, without limitation, (i) negotiating terms in the purchase contract or such other commitment or agreements between the city and the underwriter(s) or purchaser(s) that expressly prohibit any maturities from having beyond a de minimis amount of original issue premium; (ii) negotiating with the underwriter(s) or purchaser(s) of such obligations to minimize to the extent feasible and practicable the number of days between the sale date and the date such obligations are issued and delivered; (iii) obtaining from the underwriter(s) or purchaser(s) of such obligations a certificate representing the issue price thereof; and (iv) negotiating such other provisions as the financial advisor may advise in order to minimize or prevent any such original issue premium. (This action will be the primary responsibility of the financial advisor);

2. Determine the extent to which records of any secondary market trading activity for direct pay BABs are available through the MSRB's Electronic Municipal Markets Access System ("EMMA"), and if such information is so available shall monitor EMMA on a regular basis between the date of sale and the closing date of any issue of direct pay BABs to identify whether and to what extent secondary market trading activity involved the sale of more than a de minimum amount of premium on any of the maturities of such BABs (This action will be the primary responsibility of the financial advisor);

3. Monitor the use of proceeds of BABs to ensure compliance with the requirements that (i) all proceeds (other than amounts placed in a reasonably required reserve fund and used to pay costs of issuance) are used to pay capital costs; and (ii) no more than two percent of the principal amount of the obligations are used to pay costs of issuance;

4. Maintain records respecting the expenditure of all proceeds of such obligations to help ensure the timely and proper expenditure of all such proceeds in accordance with the Internal Revenue Code and Treasury Regulations;

5. Consult with the financial advisor in computing, and have the financial advisor independently compute and certify, (i) the amount of "available project proceeds" (i.e., proceeds from the sale of such BABs less no more than two percent of such proceeds to pay costs of issuance plus investment earnings on such proceeds) of such issue, (ii) such amount as may be used to fund a reasonably required reserve fund, and (iii) the overall costs of issuance of such BABs and the amount of proceeds from the sale of such BABs used to pay such costs of issuance;

6. Maintain detailed records of all expenditures of available project proceeds to ensure the same (less such amount as shall be used in a reasonable required reserve fund) are expended only for capital expenditures;
7. Consult with the financial advisor in computing, and have the purchaser(s) or underwriter(s) independently compute and certify, the amount of interest payable on each interest payment date;
8. Consult with the financial advisor in computing, or have an independent consultant (which such consultant may be, but is not required to be, the purchaser(s), underwriter(s) or financial advisor) compute, the proper amount of refundable credit to be reported on IRS Form 8038-CP;
9. File, or enter into an agreement on behalf of the city with the paying agent or such other third party as the finance director shall deem appropriate to cause to be filed, the IRS Form 8038-CP in accordance with the time requirements of the Internal Revenue Code (which, for purposes of direct pay BABs bearing interest at a fixed rate, shall be the periods described in Section 4(c) of this policy);
10. Ensure, or cause a consultant (which may be the paying agent or such other consultant as the finance director may identify) to ensure, that all filings with the IRS identify the city as the recipient of interest subsidies receivable and contain the correct information needed to transmit payment thereof; and
11. Undertake appropriate actions to ensure compliance with the Federal Davis-Bacon Act and regulations issued with respect thereto with regard to labor matters in connection with capital projects financed with proceeds of Recovery Zone Economic Development Bonds.

c. *Post-issuance compliance actions.* With respect to each issue of tax-exempt governmental obligations and BABs issued by the city:
   1. The finance director shall obtain from bond counsel and store a transcript of principal documents pertaining to such transaction;
   2. The finance director shall cause bond counsel to confirm that bond counsel has timely filed with the IRS an Information Return for Tax-Exempt Governmental Obligations, Form 8038-G and a Form 8038-B in the case of BABs (the action of filing such returns shall be the primary responsibility of bond counsel);
   3. For each issue of BABs, the finance director shall file with the IRS, no earlier than 90 days nor later than 45 days before each interest payment date, Form 8038-CP to ensure payment of the BABs direct federal payment (the finance director may contract, on behalf of the city, with the paying agent or such other consultant as identified by the finance director to make such filings);
   4. The city clerk-treasurer shall (i) cause bond counsel to identify proceeds of tax-exempt governmental obligations and BABs that must be yield-restricted; and (ii) in consultation with bond counsel monitor the investments of any yield-restricted funds to ensure that the yield

on such investments does not exceed the yield to which such investments are restricted;

5. The finance director shall cause a rebate analyst or such other consultant engaged by the city to determine whether the rebate requirements of Section 148(f) of the Internal Revenue Code are applicable with respect to each issue of tax-exempt governmental obligations and BABs issued by the city, taking into account whether the city is eligible for any of the temporary periods for unrestricted investments and any of the spending exceptions to such rebate requirements. The finance director shall contact the rebate analyst (and, if appropriate, bond counsel) prior to the fifth anniversary of the date of issuance of each issue of tax-exempt governmental obligations and BABs of the city and each fifth anniversary thereafter to arrange for calculations of the rebate requirements with respect to such tax-exempt governmental obligations and BABs. If a rebate payment is required to be made by the city, the finance director shall prepare or cause to be prepared the Arbitrage Rebate, Yield Reduction and Penalty in Lieu of Arbitrage Rebate, Form 8038-T, and submit such Form 8038-T to the IRS with the required rebate payment. If the city is entitled to recover a rebate payment previously paid, the finance director shall prepare or cause to be prepared the Request for Recovery of Overpayments Under Arbitrage Rebate Provisions, Form 8038-R, with respect to such rebate recovery, and submit such Form 8038-R to the IRS.

d. *Procedures for monitoring, verification, and inspections.* The finance director shall (i) institute such procedures as the finance director shall deem necessary and appropriate to monitor the use of the proceeds of tax-exempt governmental obligations and BABs issued by the city, (ii) confirm that no impermissible private activity or business use is being conducted on the financed facilities; and (iii) confirm that proceeds are spent in accordance with the expectations described in the applicable tax certificate or tax compliance agreement. The clerk-treasurer shall verify that the interest rate on investments of proceeds of such obligations does not exceed the yield on such obligations (to the extent bond counsel has advised the city that such investments are required to be yield restricted).

e. *Record retention requirements.* The finance director shall collect and retain the following records with respect to each issue of tax-exempt governmental obligations and BABs of the city and with respect to the facilities financed with the proceeds of such obligations:

1. Audited financial statements of the city;
2. Appraisals, demand surveys, or feasibility studies with respect to the facilities to be financed with the proceeds of such obligations;
3. Publications, brochures, and newspaper articles related to the financing;
4. Trustee or paying agent statements;

5. Records of all investments and the gains (or losses) from such investments;
6. Paying agent or trustee statements regarding investments and investment earnings;
7. Reimbursement resolutions and expenditures reimbursed with the proceeds of such obligations;
8. Allocations of proceeds to expenditures (including costs of issuance);
9. Contracts entered into for the construction, renovation, or purchase of such facilities;
10. An asset list or schedule of all financed depreciable property and any depreciation schedules with respect to such assets or property;
11. Records of the purchases and sales of financed assets;
12. Private business uses of such facilities that arise subsequent to the date of issue through leases and subleases, licenses, management contracts, research contracts, naming rights agreements, or other arrangements that provide special legal entitlements to nongovernmental persons and copies of any such agreements or instruments;
13. Arbitrage rebate reports and records of rebate and yield reduction payments;
14. Resolutions or other actions taken by the governing body subsequent to the date of issue with respect to such obligations;
15. Formal elections authorized by the Internal Revenue Code or Treasury Regulations that are taken with respect to such obligations;
16. Documents related to guaranteed investment contracts or certificates of deposit, credit enhancement transactions, and financial derivatives entered into subsequent to the date of issue;
17. Copies of all Form 8038-Ts and Form 8038-Rs filed with the IRS; and
18. The transcript prepared with respect to such tax-exempt governmental obligations and BABs.

The records collected by the finance director shall be stored in any format deemed appropriate by the finance director and shall be retained for a period equal to the life of the tax-exempt governmental obligations and BABs with respect to which the records are collected (which shall include the life of any warrants issued to refund any portion of such tax-exempt governmental obligations or to refund any refunding warrants) plus three years.

f. *Reissuance.* The following policies relate to compliance with rules and regulations regarding the reissuance of obligations for federal law purposes. The finance director will:

1. Identify and consult with bond counsel regarding any post-issuance change to any terms of an issue of tax-exempt obligations or BABs which could potentially be treated as a reissuance for federal tax purposes; and
2. Confirm with bond counsel whether any "remedial action" in connection with a "change in use" (as such terms are defined in the Internal Revenue Code and Treasury Regulations) would be treated as a reissu-

ance for tax purposes and, if so, confirm the filing of any new IRS Form 8038-G.

g. *Other post-issuance actions.* If, in consultation with the mayor, the city council, the financial advisor, bond counsel, the paying agent, the rebate analyst, the city clerk, the city attorney, or any other city officials or relevant advisors the finance director determines that any additional action not identified in this policy must be taken to continue the tax-exempt status of any issue of governmental obligations of the city (or the status of obligations issued as BABs), the finance director shall take such action if the finance director has the authority to do so. If, after consultation with the mayor, the city council, the financial advisor, bond counsel, the paying agent, the rebate analyst, the city clerk, the city attorney, or any other city officials or relevant advisors the finance director determines that this policy must be amended or supplemented to continue the tax-exempt status of any issue of governmental obligations of the city (or the status of obligations issued as BABs), the finance director shall recommend to the city council that this policy be so amended or supplemented.

(3) *Responsibility.* Enforcement of this subsection with respect to the investment of proceeds of tax-exempt obligations and BABs shall be the primary responsibility of the city clerk-treasurer and, with respect to all other matters, shall be the primary responsibility of the finance director, although each of the city clerk-treasurer and finance director may delegate, as such officer deems reasonable or necessary, and or all such functions to staff within the office of the finance director, or to the financial advisor, bond counsel, the paying agent or rebate analyst.

Sec. 2-182. Purpose and application.

(a) *Purpose.* The purpose of this division is to provide for the fair and equitable treatment of all persons involved in public procurement by the city, to maximize the purchasing value of public funds in procurement, and to provide safeguards for maintaining a procurement system of quality and integrity.

(b) *Application.* This division applies to contracts for the procurement of commodities and services entered into by the city after November 26, 1996. When the procurement involves the expenditure of federal assistance or federal contract funds, the procurement shall be conducted in accordance with any mandatory applicable federal law and regulations. Nothing in this division shall prevent any public agency from complying with the terms and conditions of any grant, gift or bequest that is otherwise consistent with law.

(Ord. No. 96-864, art. 1, 11-14-1996)

Sec. 2-183. Procurement officer.

(a) The director of finance or his written designee shall serve as the principal public purchasing official for the city and shall be responsible for the procurement of supplies and services in accordance with this division.

(b) In accordance with this division, the director of finance or his written designee shall oversee the functions of procurement services for the purposes of soliciting and encouraging competition while complying with all applicable state and local laws to obtain quality commodities and services at the lowest possible cost.

(c) Except in cases of emergency, as described in section 2-184(g), neither the director of finance nor any written designee nor any other officer or employee of the city shall make purchases in the name of the city on the credit of the city, or create any debt or liability against the city, unless the expenditure has been previously authorized by the city council, or unless the funds for such expenditure have been appropriated by the city council, either specifically or in the annual budget of the city. In all cases where the amount involved is more than required for competitive bidding, procurement services shall proceed to issue invitations for bids and to open the bids at the time and place stated in the invitation for bids, and shall report the results of such bids to the city council, who shall accept or reject such bids and shall in all respects act as the awarding authority for all such purchases.

(d) The director of finance may delegate authority in writing to purchase certain commodities or services to other city officials, if such delegation is deemed necessary for the effective procurement of those items. Any such procurements made pursuant to any such delegated authority remain subject to all requirements for authorization and approval as set forth in this division. The city engineer is authorized to procure construction services for public improvement projects as defined by Code of Ala. 1975, tit. 39 (Code of Ala. 1975, § 39-1-1 et seq.) and in accordance with the provisions of this division.

(Ord. No. 96-864, art. 2, 11-14-1996)

Sec. 2-184. Source selection and contract formation.

(a) *Generally.* All procurements for the city shall be awarded in accordance with the applicable provisions of the Code of Ala. 1975, tits. 39 and 41 (Code of Ala. 1975, §§ 39-1-1 et seq., 41-1-1 et seq.) and in accordance with the provisions of this division.

(b) *Invitations for bids.* For those types of contracts meeting threshold requirements for competitive bids, invitations for bids shall be issued and shall include specifications and all contractual terms and conditions applicable to the procurement.

(1) *Public notice.* Public notice of the invitation for bids shall be given a reasonable time prior to the date set forth for the opening of the bids. Such notice shall include posting all bids on a suitable bulletin board outside the procurement services office of the city. Such notice may also include publication in a newspaper of general circulation and shall state the place, date and time of the bid opening.

(2) *Bonds.* Bid bonds, performance bonds, and labor and material bonds or other security may be requested for supply contracts or service contracts as procurement services deems advisable to protect the city's interests, and in conformance with the Code of Ala. 1975, tits. 39 and 41 (Code of Ala. 1975, §§ 39-1-1 et seq., 41-1-1 et seq.). Bid or performance bonds shall not be used as a substitute for a determination of a bidder or offeror's responsibility.

(3) *Bid openings.* Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. For the purpose of designating the time of opening, the clock located in the city council chambers, first floor of the municipal building, 308 Fountain Circle, Huntsville, Alabama, shall serve as the official clock of record. The amount of each bid, and such other relevant information together with the name of each bidder shall be recorded; the record and each bid shall be open to public inspection. Late bids will not be accepted nor considered.

(4) *Bid acceptance and bid evaluation.* Bids shall be unconditionally accepted without alteration or correction, except as authorized in this division. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery and suitability for a particular purpose. The invitation for bids shall set forth the evaluation criteria to be used. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. Any bid determined to be nonresponsive to the requirements will be rejected.

(5) *Correction or withdrawal of bids; cancellation of awards.* Corrections or withdrawal of inadvertently erroneous bids before or after bid opening, or cancellation of awards or contracts based on such bid mistakes, may be permitted where appropriate. Mistakes discovered before bid opening may be modified or withdrawn by written notice received by procurement services prior to the time set for bid opening. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the city or fair competition shall be permitted except as authorized by Code of Ala. 1975, tits. 39 and 41 (Code of Ala. 1975, §§ 39-1-1 et seq., 41-1-1 et seq.).

(6) *Resident responsible bidder.* If the contract is for the purchase of personal property and the city receives a bid from a person deemed to be a responsive, responsible, resident bidder which bid is no more than three percent greater than the bid of the lowest responsive, responsible, nonresident bidder, the city may award the contract to such responsive, responsible, resident bidder. For the

purposes of this section, the term "resident bidder" shall be defined in accordance with Code of Ala. 1975, § 41-16-50.

(7) *Determination of nonresponsibility.* If a bidder or offeror who otherwise would have been awarded a contract is found nonresponsible, a written determination of nonresponsibility, setting forth the basis of the finding, shall be prepared by procurement services. The failure of a bidder or offeror to supply prompt information in connection with an inquiry with respect to responsibility may be grounds for a determination of nonresponsibility with respect to such bidder or offeror. A copy of the determination shall be sent promptly to the nonresponsible bidder or offeror. The final determination shall be made part of the contract file and be made a public record.

(8) *Award.* Upon the approval of the city council, contracts shall be awarded with reasonable promptness by appropriate written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids.

(9) *Reporting of anticompetitive practices.* When for any reason collusion or other anticompetitive practices are suspected among any bidders or offerors, the director of finance or his written designee shall seek advice from the city attorney's office and, where appropriate, shall transmit a notice of the relevant facts to the district attorney and the state attorney general.

(c) *Specifications.* All specifications shall be drafted so as to promote overall economy for the purposes intended and encourage competition in satisfying the city's needs, and shall not be unduly restrictive. The policy as set forth in this section applies to all specifications and empowers procurement services to approve or disapprove all specifications, including but not limited to those prepared for the city by architects, engineers, designers and draftsmen.

(1) *Brand name or equal specification.* Brand name or equal specifications may be used when procurement services determines in writing that:

a. No other design or performance specification or qualified products list is available;

b. Time does not permit the preparation of another form of purchase description, not including a brand name specification;

c. The nature of the product or the nature of the city's requirements makes use of a brand name or equal specification suitable for the procurement; or

d. Use of a brand name or equal specification is in the city's best interests.

(2) *Required characteristics.* Unless procurement services determines in writing that the essential characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design, functional or performance characteristics which are required.

(3) *Nonrestrictive use of brand name or equal.* Where a brand name or equal specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of describing the standard of quality, performance and characteristics desired and is not intended to limit or restrict competition.

(4) *Brand name specification.* Since use of a brand name specification is restrictive of product competition, it may be used only when the director of finance or his written designee is provided with a written determination from the requesting department head that only the identified brand

name item will satisfy the city's needs. The director of finance shall seek to identify sources from which the designated brand name item can be obtained and shall solicit such sources to achieve whatever degree of price competition is practicable. If only one source can supply the requirement, the procurement shall be made under the provisions of section 2-184(f).

(d) *Small purchases.*

(1) *Generally.* Any contract not exceeding the amount required for competitive bidding as outlined in state competitive bid laws may be made in accordance with the small purchase procedures authorized in this subsection. Contract requirements shall not be artificially divided so as to constitute a small purchase under this subsection. Procurement services shall adopt operational procedures to facilitate small purchases. Such operational procedures shall provide for obtaining adequate and reasonable competition for the supply or service being purchased. Further, such operational procedures shall require the proper accounting for the funds expended and facilitate an audit of the small purchase made.

(2) The small-dollar threshold shall be established at an amount equal to one-half of the competitive bid threshold as provided in Code of Ala. 1975, § 41-16-50(a), as amended. For purchases equal to this amount up to the amount requiring competitive bidding under state law, procurement shall, insofar as practicable, obtain written competitive price quotes from not fewer than three businesses. The award shall be made to the lowest responsive and responsible business submitting a written quotation. All written quotations obtained pursuant to this section shall be maintained as a public record in accordance with applicable law.

(3) For purchases under the small-dollar threshold, procurement services shall adopt operational procedures for making said purchases. Such operational procedures shall provide for obtaining adequate and reasonable competition for the supply or service being purchased. Further, such operational procedures shall require the proper accounting for the funds expended and facilitate an audit of the small purchase made.

(e) *Professional services.* For the purpose of procuring professional services as defined by the competitive bid laws of the state, any department requiring such services may procure them on its own behalf or with the assistance of procurement services. Any such contract, with a value greater than required for competitive bidding, will require the approval of the city council in the form of a professional services contract.

(f) *Sole-source procurement.* A contract may be awarded without competition when the director of finance or his designee receives in writing a valid justification from the requesting department head/division manager that there is only one source for the required supply or service item or, by the nature of an item, the bid cannot be awarded by competition. Such written justification shall include specific facts which support the conclusion that there is only one source. Procurement services shall conduct a good-faith review of available sources and conduct negotiations, as appropriate, as to price, qualifications, delivery and terms. Sole-source justifications must receive the approval of the director of finance and the mayor.

(g) *Emergency procurements.* Notwithstanding any other provisions of this division, the director of finance may make or authorize others to make emergency procurements of commodities or services, when there exists an emergency affecting public health, safety or convenience; provided that such emergency procurements shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor as approved by the director of finance shall be included in the contract file. As soon as practical, a record of each emergency procurement shall be made and shall set forth the contractor's name, the amount

of the contract, and a listing of the items procured under the contract. Such emergency actions and the reason shall be acknowledged by resolution and made public by the city council as soon as possible.

Sec. 2-185. Contract clauses.

All city contracts for commodities or services shall include provisions necessary to define the responsibilities and rights of the parties to the contract. The director of finance or his designee, after consultation with the city attorney, may issue clauses appropriate for supply or service contracts, addressing among others the following subjects:

(1) The unilateral right of the city to order in writing changes in the work within the scope of the contract;

(2) The unilateral right of the city to order in writing temporary stopping of the work or delaying performance that does not alter the scope of the contract;

(3) Variations occurring between estimated quantities of work in contract and actual quantities;

(4) Defective pricing;

(5) Liquidated damages;

(6) Specified excuses for delay, nonperformance, or nondelivery;

(7) Termination of the contract for default;

(8) Termination of the contract in whole or in part for the convenience of the city; or

(9) Indemnity of the city by the vendor.

(Ord. No. 96-864, art. 4, 11-14-1996)

Sec. 2-186. Joint purchasing.

As authorized by Code of Ala. 1975, § 41-16-50, the city and any governing bodies within the county, including but not limited to the county commission, the city school board, the county school board, the governing boards of instrumentalities of the county and the city, any state-funded university or college within the county and any governing body in adjoining counties, may jointly purchase commodities or services by entering into a joint agreement by similar ordinances, in the case of municipalities, or resolutions, in the case of other contracting agencies mentioned in this section.
(Ord. No. 96-864, art. 5, 11-14-1996)

Sec. 2-187. Ethics in public contracting.

(a) *Criminal penalties.* To the extent that violations of the ethical standards of conduct set forth in this section constitute violations of the Alabama Criminal Code (Code of Ala. 1975, § 13A-1-1 et seq.) or Code of Ala. 1975, tit. 36, ch. 25 (Code of Ala. 1975, § 36-25-1 et seq.), they shall be punishable as provided in such sections. Such penalties shall be in addition to the civil sanctions set forth in this section.

(b) *Employee conflict of interest.* A city employee or any member of a city employee's immediate family who holds a financial interest in a disclosed blind trust shall not be deemed to have a conflict of interest with regard to matters pertaining to that financial interest. It shall be unethical for any city employee to participate directly or indirectly in a procurement contract when the city employee knows that:

(1) The city employee or any member of the city employee's immediate family has a direct financial interest pertaining to the procurement contract; or

(2) Any other person, business or organization with whom the city employee or any member of a city employee's immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement contract.

(c) *Gratuities and kickbacks.*

(1) *Gratuities.* It shall be unethical for any person to offer, give or agree to give any city employee or former city employee, or for any city employee or former city employee to solicit, demand, accept or agree to accept from another person a

gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal for a contract or subcontract.

(2) *Kickbacks.* It shall be unethical for any payment, gratuity or offer of employment to be made by or on behalf of a vendor under a contract to any employee associated with the vendor, as an inducement for the award of a contract or order. It shall likewise be unethical for an employee to accept any payment, gratuity or offer of any employment made by a vendor to an employee as an inducement for award of any contract or purchase order.

(d) *Use of confidential information.* It shall be unethical for any employee or former employee knowingly to use information derived from their employment with the city for actual or anticipated personal gain, or for the actual or anticipated personal gain of any other person during that employment.

(e) *Sanctions.*

(1) *Employees.* The mayor may impose any one or more of the following sanctions on a city employee for violations of the ethical standards in this section:

a. Oral or written warnings or reprimands;

b. Suspensions with or without pay for specified periods of time;

c. Demotion; or

d. Termination of employment.

(2) *Nonemployees.* The mayor may impose any one or more of the following sanctions on a nonemployee for violations of the ethical standards:

a. Written warnings or reprimands; or

b. Termination of contracts.

(f) *Recovery of value transferred or received in breach of ethical standards.* The value of anything transferred or received in breach of the ethical standards of this section by a city employee or a nonemployee may be recovered from both the city employee and the nonemployee.

(g) *Relationship to state ethics law.*

(1) *Compliance required.* Employees are required to comply with Code of Ala. 1975, tit. 36, ch. 25 (Code of Ala. 1975, § 36-25-1 et seq.). Provisions of this section are considered to be additive to the code of ethics for public officials, employees, etc., and are not intended to conflict in any way with state law.

(2) *Recovery of kickbacks by the city.* Upon a showing that a vendor made a kickback to a city employee or public official in connection with the award of a contract or order, it shall be conclusively presumed that the amount was included in the price of the contract or order and ultimately borne by the city and will be recoverable from the recipient. In addition, that amount may also be recovered from the vendor making such kickbacks. Recovery from one offending party shall not preclude recovery from other offending parties.

State law reference—Bribery and corrupt influence, Code of Ala. 1975, § 13A-10-60 et seq.

Sec. 2-188. Purchases with Federal Transit Administration funds.*

(a) *FTA Circular 4220.1F.* Any procurement action made with the use of funds from the Federal Transit Administration must comply with the provisions of 49 CFR Part 18 and FTA

*__Note—__This section has no force or effect outside of FTA funded procurements.

Circular 4220.1F, as the same may be amended and supplemented from time to time. In addition to complying with all state and local laws and regulations, the City of Huntsville, Alabama will comply with the FTA C4220.1f requirements that are not identified in state and local laws and regulations.

(b) *Mandatory procurement standards.* The City of Huntsville, Alabama will adhere to the following procurement standards when using FTA funding:

(1) *Written standards of conduct.*

a. *Criminal penalties.* To the extent that violations of the ethical standards of conduct set forth in this section constitute violations of the Alabama Criminal Code (Code of Ala. 1975, § 13A-1-1 et seq.) or Code of Ala. 1975, tit. 36, ch. 25 (Code of Ala. 1975, § 36-25-1 et seq.), they shall be punishable as provided in such sections. Such penalties shall be in addition to the civil sanctions set forth in this section.

b. *Employee conflict of interest.* A city employee or any member of a city employee's immediate family who holds a financial interest in a disclosed blind trust shall not be deemed to have a conflict of interest with regard to matters pertaining to that financial interest. It shall be unethical for any city employee to participate directly or indirectly in a procurement contract when the city employee knows that:

i. The city employee or any member of the city employee's immediate family has a direct financial interest pertaining to the procurement contract; or

ii. Any other person, business or organization with whom the city employee or any member of a city employee's immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement contract.

c. *Gratuities and kickbacks.*

i. *Gratuities*. It shall be unethical for any person to offer, give or agree to give any city employee or former city employee, or for any city employee or former city employee to solicit, demand, accept or agree to accept from another person a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal for a contract or subcontract.

ii. *Kickbacks*. It shall be unethical for any payment, gratuity or offer of employment to be made by or on behalf of a vendor under a contract to any employee associated with the vendor, as an inducement for the award of a contract or order. It shall likewise be unethical for an employee to accept any payment, gratuity or offer of any employment made by a vendor to an employee as an inducement for award of any contract or purchase order.

d. *Use of confidential information.* It shall be unethical for any employee or former employee knowingly to use information derived from their employment with the city for actual or anticipated personal gain, or for the actual or anticipated personal gain of any other person during that employment.

e. *Sanctions.*

i. *Employees.* The mayor may impose any one or more of the following sanctions on a city employee for violations of the ethical standards in this section:

- Oral or written warnings or reprimands;
- Suspensions with or without pay for specified periods of time;
- Demotion; or
- Termination of employment.

ii. *Nonemployees.* The mayor may impose any one or more of the following sanctions on a nonemployee for violations of the ethical standards:

- Written warnings or reprimands; or
- Termination of contracts.

f. *Recovery of value transferred or received in breach of ethical standards.* The value of anything transferred or received in breach of the ethical standards of this section by a city employee or a nonemployee may be recovered from both the city employee and the nonemployee.

g. *Relationship to state ethics law.*

i. *Compliance required.* Employees are required to comply with Code of Ala. 1975, tit. 36, ch. 25 (Code of Ala. 1975, § 36-25-1 et seq.). Provisions of this section are considered to be additive to the code of ethics for public officials, employees, etc., and are not intended to conflict in any way with state law.

ii. *Recovery of kickbacks by the city.* Upon a showing that a vendor made a kickback to a city employee or public official in connection with the award of a contract or order, it shall be conclusively presumed that the amount was included in the price of the contract or order and ultimately borne by the city and will be recoverable from the recipient. In addition, that amount may also be recovered from the vendor making such kickbacks. Recovery from one offending party shall not preclude recovery from other offending parties.

(2) *Contract administration system.* A system for contract administration is maintained to ensure contractor conformance with the terms, conditions and specifications of contracts or purchase orders and to ensure adequate and timely follow-up of all purchases. The administration of contracts is the function of the Procurement Division of the finance department, with continuous and ongoing support and interaction of public transit to ensure all FTA requirements are met.

Consideration will be given to the type of contract and the specific requirements of each. As a general guide, the following will be monitored and documented:

- Contractor conformance with the contract price.
- Contractor conformance with the delivery and/or completion dates.

- Compliance with the specifications of product or construction requirements.
- Payment of any required security or performance deposits by the contractor.
- Compliance with rules and regulations for contracts of the funding source.
- Document whether contractors have met the terms, conditions and specifications of the contract.

All goods and services to be procured must be eligible under the federal law that authorized the FTA assistance award and any applicable regulations.

(3) *Written protest procedures.*

a. *Right to protest.* Any actual or prospective bidder, offeror, or contractor who is aggrieved in connection with the solicitation or award of a contract may protest to the city attorney, or designated representative. The protest shall be submitted in writing within 14 days after such aggrieved person knows or should have known of the facts giving rise thereto.

b. *Authority to resolve protests.* The city attorney, or designated representative, shall have the authority, prior to the commencement of an action in court concerning the controversy, to settle and resolve a protest of an aggrieved bidder, offeror, or contractor, actual or prospective, concerning the solicitation or award of a contract.

c. *Decision*. All protest decisions will be in writing, including protests resolved by mutual agreement. If the protest is not resolved by mutual agreement, the city attorney, or designated representative, shall promptly issue a decision in writing. The decision shall:

i. State the reasons for the action taken; and

ii. Inform the protestant of its right to judicial or administrative review.

d. *Notice of decision.* A copy of the decision under subsection (c) of this section shall be mailed or otherwise furnished immediately to the protestant and any other party intervening.

e. *Finality of decision.* A decision under subsection (c) of this section shall be final and conclusive, unless fraudulent.

f. *Stay of procurement during protests.* In the event of a timely protest under subsection (a) of this section, the City of Huntsville shall not proceed further with the solicitation or with the award of the contract until the city attorney, or designated representative, after consultation with the Procurement Supervisor and the Director of Parking and Public Transit, Alabama, makes a written determination that the award of the contract without delay is necessary to protect substantial interests of the City of Huntsville.

g. *Entitlement of costs.* In addition to any other relief, when a protest is sustained and the protesting bidder or offeror should have been awarded the contract under the solicitation but is not, then the protesting bidder or offeror shall be entitled to the reasonable costs incurred in connection with the solicitation, including bid preparation costs other than attorney's fees.

h. *Disclosure of protests.* The City of Huntsville shall in all instances disclose information regarding protests to the FTA and shall keep the FTA informed about the status of the protest.

i. *Exhaust all administrative remedies.* A protester must exhaust all

administrative remedies with the City of Huntsville before pursuing a protest with FTA.

In the event that all local protest procedures have been exhausted the actual or prospective bidder, offeror, or contractor who is aggrieved in connection with the solicitation or award of a contract may protest to the Federal Transit Administration (FTA) through FTA Region IV, 230 Peachtree Street NW, Suite 800, Atlanta, GA 30303, or by calling (404) 865-5600.

The protester must deliver its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five working days of the date when the protester has received actual or constructive notice of the recipient's final decision. Likewise, the protester must provide its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five working days of the date when the protester has identified other grounds for appeal to FTA.

As provided in the Common Grant Rule for governmental recipients, FTA will limit its review of third party contract protests as follows:

a. *The recipient's procedural failures.* FTA will consider a protest if the recipient:

   i. Does not have protest procedures;

   ii. Has not complied with its protest procedures; or

   iii. Has not reviewed the protest when presented an opportunity to do so.

b. *Violations of federal law or regulations.* FTA will not consider every appeal filed by a protestor of an FTA recipient's protest decision merely because a federal law or regulation may be involved. Instead, FTA will exercise discretionary jurisdiction over those appeals involving issues important to FTA's overall public transportation program. FTA will refer violations of federal law for which it does not have primary jurisdiction to the federal authority having proper jurisdiction.

c. *Violations of state or local law or regulations.* FTA will refer violations of state or local law to the state or local authority having proper jurisdiction.

(4) *Prequalification system.* The City of Huntsville does not prequalify vendors. The city may, however at some point, prequalify bidders, offerors and products for procurement purposes. The decision of whether to require prequalification for eligibility to participate in procurement shall be made separately for every procurement and shall be approved by the procurement supervisor, in coordination with public transit.

The city may prequalify bidders, offerors and products for procurement purposes if:

a. The city ensures that all prequalification lists it uses are current;

b. The city ensures that all prequalification lists it uses include enough qualified sources to provide maximum full and open competition; and

c. The city permits potential bidders or offerors to qualify during the solicitation period (from the issuance of the solicitation to its closing date). The city is not required to hold a particular solicitation open to accommodate a potential supplier that submits products for approval before or during that solicitation nor must the city expedite or shorten prequalification evaluations of bidders, offerors, or products presented for review during the solicitation period.

(5) *System for ensuring most efficient and economic purchase*. The City of Huntsville, Alabama will ensure the most efficient and economic purchases are made by determining the following:

a. Consider whether to consolidate or break out the procurement to obtain the most economical purchase. Absent efforts to foster greater opportunities for Disadvantaged Business Enterprises (DBEs), the city shall not split a larger procurement merely to gain the advantage of micro-purchases or small purchase procedures.

b. *Options*. The city shall justify as needed all option quantities included in every solicitation and contract.

c. *Lease versus purchase*. It is usually less economical to lease equipment than to purchase it; however, there are some instances where this is not true. If a decision is made to lease equipment, a "Lease vs. Purchase" analysis should be undertaken.

d. In certain situations, the city equipment requirements may be more economically filled by rental than by purchase. The decision to rent rather than purchase must be made on an individual basis. Rental/lease should be used where it is in the best interest of the city and the purchasing policy will apply.

e. Available state and local intergovernmental agreements for procurement or use of common goods and services are utilized whenever possible, as applicable. When obtaining goods or services in this manner, all federal requirements, required clauses, and local procurement policies will be complied with.

(6) *Procurement policies and procedures.* The policies and procedures as outlined in this ordinance are carried out and overseen by the positions below to ensure effective and efficient contracts and compliance with all federal, state, and local, laws and regulations:

a. Accounting and Budget Supervisor—Department of Finance administers budget policies and records, performing fiscal analysis and providing advice pertaining thereto, planning and directing the work of accounting and other staff in the maintenance of accounting, auditing, and fiscal records, and interacting with city officials and managers concerning accounting or fiscal needs.

b. Procurement Supervisor—Department of Finance administers procurement services of the City of Huntsville's Finance Department to ensure providing efficient and reliable procurement services for a wide variety of commodities and services to city departments and outside agencies in compliance with municipal ordinances and state laws.

c. Accountant III—Department of Parking and Public Transit oversees and administers grant funds, maintaining financial and management control of federal funds, for compliance with federal, state, and local ordinances and laws, with an emphasis on FTA grant requirements.

d. Facilities Construction Projects Coordinator—Department of General Services Facilities Project Office performs project management, supervises and coordinates multiple construction projects from conceptual development through final completion.

e. Facilities Construction Projects Estimator—Department of General Services Facilities Project Office performs construction estimating, supervises and coordinates costing

for construction projects from conceptual development through final completion.

(7) *Independent cost estimate.* According to the Common Grant Rule, the City of Huntsville, Alabama will perform a cost or price analysis in connection with every procurement action above the simplified acquisition threshold to establish an independent cost estimate before receiving bids or proposals.

(8) *A&E geographic preference.* The City of Huntsville, Alabama does not have a policy allowing geographical preference for A&E providers. The City of Huntsville, Alabama may identify a geographical preference for A&E providers on occasion, depending on the type and complexity of the project involved.

(9) *Unreasonable qualification requirements.* The City of Huntsville, Alabama will not have solicitation requirements which unduly restrict competition.

(10) *Unnecessary experience and excessive bonding.* The City of Huntsville, Alabama will not require unnecessary experience or excessive bonding.

(11) *Organizational conflict of interest.* The City of Huntsville, Alabama will analyze each planned acquisition in order to identify and evaluate potential organizational conflicts of interest as early in the acquisition process as possible, and avoid, neutralize, or mitigate potential conflicts before contract award. An organizational conflict of interest means that because of other activities, relationships, or contracts, a contractor is unable or potentially unable, to render impartial assistance or advice to the grantee; a contractor's objectivity in performing the contract work is or might be otherwise impaired; or a contractor has an unfair competitive advantage.

An organizational conflict of interest occurs when any of the following circumstances arise:

a. *Lack of impartiality or impaired objectivity*. When the contractor is unable, or potentially unable, to provide impartial and objective assistance or advice to the recipient due to other activities, relationships, contracts, or circumstances.

b. *Unequal access to information*. The contractor has an unfair competitive advantage through obtaining access to nonpublic information during the performance of an earlier contract.

c. *Biased ground rules*. During the conduct of an earlier procurement, the contractor has established the ground rules for a future procurement by developing specifications, evaluation factors, or similar documents.

(12) *Arbitrary action.* Taking any arbitrary action in the procurement process, such as awarding to other than the most favorable contractor, will not be taken by the City of Huntsville, Alabama.

(13) *Brand name restrictions.* All specifications shall be drafted so as to promote overall economy for the purposes intended and encourage competition in satisfying the city's needs, and shall not be unduly restrictive. The policy as set forth in this section applies to all specifications and empowers procurement services to approve or disapprove all specifications, including, but not limited to, those prepared for the city by architects, engineers, designers and draftsmen.

a. *Brand name or equal specification.* Brand name or equal specifications may be used when procurement services determines in writing that:

i. No other design or performance specification or qualified products list is available;

ii. Time does not permit the preparation of another form of purchase description, not including a brand name specification;

iii. The nature of the product or the nature of the city's requirements makes use of a brand name or equal specification suitable for the procurement; or

iv. Use of a brand name or equal specification is in the city's best interests.

b. *Required characteristics.* Unless procurement services determines in writing that the essential characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design, functional or performance characteristics which are required.

c. *Nonrestrictive use of brand name or equal.* Where a brand name or equal specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of describing the standard of quality, performance and characteristics desired and is not intended to limit or restrict competition.

d. *Brand name specification.* Since use of a brand name specification is restrictive of product competition, it may be used only when the director of finance or his written designee is provided with a written determination from the requesting department head that only the identified brand name item will satisfy the city's needs. The director of finance shall seek to identify sources from which the designated brand name item can be obtained and shall solicit such sources to achieve whatever degree of price competition is practicable. If only one source can supply the requirement, the procurement shall be made under the provisions of subsection (b)(38) herein.

(14) *Geographic preferences.* The City of Huntsville, Alabama will not utilize any geographic preferences with procurements using FTA funding, unless allowable A&E services.

(15) *Contract period of performance limitation*. The period of performance generally should not exceed the time necessary to accomplish the purpose of the contract. The City of Huntsville, Alabama will not enter into any contract for rolling stock or replacement parts with a period of performance exceeding five years inclusive of options. All other types of contracts (supply, service, leases of real property, revenue and construction, etc.) will be based on sound business judgment. Additional factors to be considered include competition, pricing, fairness and public perception. Once a contract has been awarded, an extension of the contract term length that amounts to an out of scope change will require a sole source justification.

(16) *Written procurement selection procedures.* The city selection procedures and the solicitation(s) identify all requirements that offerors must fulfill and identify all other factors to be used in evaluating bids or proposals. The process is outlined in forms (9) Procurement Summary Form; and, (10) Procurement Decision Matrix in subsection (c)(9) and (10) herein.

(17) *Solicitation prequalification criteria.* The City of Huntsville, Alabama does not use prequalification requirements in solicitations as it is defined by FTA. The City of Huntsville, Alabama does use technical prequalification's that are termed prequalification in the city's procurement policy language. These technical qualifications are essential in two-step procurements and qualifications-based procurements, such as construction contracts. If at some future point the city determines to prequalify for eligibility

that determination will be made separately for every procurement and follow the requirements below.

The city may prequalify bidders, offerors and products for procurement purposes if:

a. The city ensures that all prequalification lists it uses are current;

b. The city ensures that all prequalification lists it uses include enough qualified sources to provide maximum full and open competition; and

c. The city permits potential bidders or offerors to qualify during the solicitation period (from the issuance of the solicitation to its closing date). The city is not required to hold a particular solicitation open to accommodate a potential supplier that submits products for approval before or during that solicitation nor must the city expedite or shorten prequalification evaluations of bidders, offerors, or products presented for review during the solicitation period.

(18) *Award to responsible contractors.* Upon the approval of the city council, contracts shall be awarded with reasonable promptness by appropriate written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids.

(19) *Sound and complete agreement.* All city contracts for commodities or services shall include provisions necessary to define the responsibilities and rights of the parties to the contract. The director of finance or his designee, after consultation with the city attorney, may issue clauses appropriate for supply or service contracts, addressing among others the following subjects:

a. The unilateral right of the city to order in writing changes in the work within the scope of the contract;

b. The unilateral right of the city to order in writing temporary stopping of the work or delaying performance that does not alter the scope of the contract;

c. Variations occurring between estimated quantities of work in contract and actual quantities;

d. Defective pricing;

e. Liquidated damages;

f. Specified excuses for delay, nonperformance, or non-delivery;

g. Termination of the contract for default;

h. Termination of the contract in whole or in part for the convenience of the city; or

i. Indemnity of the city by the vendor.

(20) *No splitting (micro-purchase).* The City of Huntsville, Alabama shall define small purchases in three ways and states in (1) that contract requirements shall not be artificially divided so as to constitute a small purchase under this subsection:

a. *Generally*. Any contract not exceeding the amount required for competitive bidding as outlined in state competitive bid laws may be made in accordance with the small purchase procedures authorized in this subsection. Contract requirements shall not be artificially divided so as to constitute a small purchase under this subsection. Procurement services shall adopt operational procedures to facilitate small purchases. Such operational procedures shall provide for obtaining adequate and reasonable competition for the supply or service being purchased. Further, such operational procedures shall require the proper accounting for the funds expended and facilitate an audit of the small purchase made.

b. The small-dollar threshold shall be established at an amount equal to

one-half of the competitive bid threshold as provided in Code of Ala. 1975, § 41-16-50(a), as amended, but shall not exceed the prevailing micro purchase threshold set by the Federal Transit Administration. For purchases equal to this amount up to the amount requiring competitive bidding under state law, procurement shall, insofar as practicable, obtain written competitive price quotes from not fewer than three businesses. The award shall be made to the lowest responsive and responsible business submitting a written quotation. All written quotations obtained pursuant to this section shall be maintained as a public record in accordance with applicable law.

c. For purchases under the small-dollar threshold, procurement services shall adopt operational procedures for making said purchases. Such operational procedures shall provide for obtaining adequate and reasonable competition for the supply or service being purchased. Further, such operational procedures shall require the proper accounting for the funds expended and facilitate an audit of the small purchase made.

(21) *Fair and reasonable price determination [micro-purchase].* The city will obtain fair and reasonable pricing for all micro-purchases. Micro-procurement awards will be distributed equitably among qualified bidders. The determinations will be made and acknowledged with the following statement stamped on all appropriate invoices:

"The expenditures have been examined and determined that each reflects a reasonable price based on market prices offered by the vendors to the general public."

(22) *Micro-purchase Davis-Bacon.* The City of Huntsville, Alabama adheres to the Davis-Bacon Act for prevailing wage and hour restrictions that applies to construction contracts over $2,000.00.

(23) *Price quotations (small purchase).* Insofar as it is practical, as determined by the City of Huntsville, Alabama for small-dollar purchases as defined in section 2-188(20)(b) up to the amount required for competitive bids, written competitive prices will be solicited from at least three businesses. Award shall be made to the responsive and responsible business offering the lowest quoted price. Such written quotes shall be maintained.

(24) *Clear, accurate, and complete specification.* The city will have written selection procedures for procurement transactions. All solicitations shall:

a. Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features that unduly restrict competition. The descriptton may include a statement of the qualitative nature of the material, product, or service to be procured and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use.

The use of brand name product specifications should be avoided if at all possible. "Brand name or equal" purchase descriptions may only be used when an adequate specification cannot otherwise be provided. When using a "brand name or equal" purchase description, the salient physical and functional characteristics of the brand name product must be clearly set forth in the specification.

b. Identify all requirements that offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(25) *Adequate competition—Two or more competitors*. The City of Huntsville, Alabama will utilize the sealed bid method of procurement according to the threshold requirement, when there are two or more bidders that are willing and able to compete effectively for the business.

(26) *Firm fixed price (sealed bid).* Firm fixed price contracts arising out of sealed bids that have been publicly solicited may include an economic price adjustment provision, incentive, or both, but will remained fixed irrespective of the contractor's cost experience in performance of contract.

(27) *Selection on price (sealed bid).* The successful bidder will be selected on the basis of price and those price-related factors listed in the solicitation including, but not limited to, transportation costs, life cycle costs, and discounts expected to be taken. Contractor selection may not be determined on the basis of other factors whose costs cannot be measured at the time of award, unless as allowable by FTA under other circumstances.

(28) *Discussions unnecessary (sealed bid).* With sealed bids, discussions are not the normal practice.

(29) *Advertised/publicized (sealed bid) (RFP).* Public notice of the invitation for bids shall be given a reasonable time prior to the date set forth for the opening of the bids. Such notice shall include posting all bids on a suitable bulletin board outside the procurement services office of the city. Such notice may also include publication in a newspaper of general circulation and shall state the place, date and time of the bid opening.

(30) *Adequate number of sources solicited (sealed bid) (RFP).* In order to address that an adequate number of sources are solicited subsection (b)(29) above requires all invitation for bids be published. Public notice of the invitation for bids shall be given a reasonable time prior to the date set forth for the opening of the bids. Such notice shall include posting all bids on a suitable bulletin board outside the procurement services office of the city. Such notice may also include publication in a newspaper of general circulation and shall state the place, date and time of the bid opening. The City of Huntsville, Alabama will ensure that two or more responsible bidders are willing and able to compete effectively for the business.

(31) *Sufficient bid time (sealed bid).* The City of Huntsville's Request for Bid Procedure is a solicitation of a bid opening for 15 days to allow sufficient time to prepare bids before the date of bid opening. All departments can request a longer bid solicitation time to accommodate sufficient time to prepare bids on specifications of a more complex or extensive nature.

(32) *Bid opening (sealed bid).* Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. For the purpose of designating the time of opening, the clock located in the city council chambers, first floor of the municipal building, 308 Fountain Circle, Huntsville, Alabama, shall serve as the official clock of record. The amount of each bid, and such other relevant information together with the name of each bidder shall be recorded; the record and each bid shall be open to public inspection. Late bids will not be accepted nor considered.

(33) *Responsiveness (sealed bid).* Each proposal must be submitted in accordance with the City of Huntsville, Alabama's RFP requirements. A proposal that is not completed or submitted as required by the RFP will be rejected as "non-

responsive." Proposals may be disqualified and rejected for any of (but not limited to) the following causes:

a. Failure to use the proposal forms furnished by the city;

b. Lack of signature by an authorized representative on the proposal form;

c. Failure to properly complete the proposal form and proposer compliance;

d. Evidence of collusion among proposers;

e. Unauthorized alteration of the proposal form;

f. Failure to submit a bid bond, if required; or

g. For public improvement projects only, failure to note the general contractor license number or a note that the bid amount is less than $50,000.00.

(34) *Lowest price (sealed bid).* The City of Huntsville, Alabama will award sealed bids to the lowest responsive and responsible bidder, and will document sound business reasons if any or all bids are rejected.

(35) *Rejecting bids (sealed bid).* Bids shall be unconditionally accepted without alteration or correction, except as authorized in this division. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery and suitability for a particular purpose. The invitation for bids shall set forth the evaluation criteria to be used. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. Any bid determined to be nonresponsive to the requirements will be rejected.

(36) *Evaluation (RFP).* Public transit complies with the following for evaluation of RFP:

a. *Section 2-184(b)(4) of this ordinance.* Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this division. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery and suitability for a particular purpose. The invitation for bids shall set forth the evaluation criteria to be used. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. Any bid determined to be nonresponsive to the requirements will be rejected.

b. *FTA C4220.1F mandates.*

i. All evaluation factors and their relative importance will be specified in the solicitation. Numerical or percentage ratings or weights need not be disclosed.

ii. A method is in place for technical proposal review and selecting awardees by utilizing an evaluation team.

(37) *Price and other factors (RFP).* The City of Huntsville, Alabama reserves the right to accept or reject any or all items covered in a bid request, or any portion(s) thereof, waive formalities, re-advertise and/or take such other steps decreed necessary and in the best interest of the City of Huntsville, Alabama. The City of Huntsville, Alabama reserves the right to make an award in whole or part to one or more proposers whenever deemed necessary and in the best interest of the City of Huntsville, Alabama.

The award will be made to the responsive and responsible proposer providing the best value to the City of Huntsville,

Alabama based on the City of Huntsville's sole discretion in making this determination. This determination may involve all or some of the following factors: price, conformity to specifications, financial ability to meet the contract, previous performance, facilities and equipment, availability of repair parts, experience, delivery promise, terms of payments, compatibility as required, other costs, and other objective and accountable factors which are reasonable.

In the event only one proposer responds to a request for the proposal, the City of Huntsville, Alabama may reject the proposal and negotiate the purchase or contract, providing the negotiated price is lower than the proposal prices.

(38) *Sole source if other award is infeasible*. A contract may be awarded without competition when the director of finance or his designee receives in writing a valid justification from the requesting department head/division manager that there is only one source for the required supply or service item or, by the nature of an item, the bid cannot be awarded by competition. Such written justification shall include specific facts which support the conclusion that there is only one source. Procurement services shall conduct a good-faith review of available sources and conduct negotiations, as appropriate, as to price, qualifications, delivery and terms. Sole-source justifications must receive the approval of the director of finance and the mayor.

(39) *Cost analysis required (sole source/single bid)*. The City of Huntsville, Alabama will perform cost analysis for all sole source and single bid actions.

(40) *Evaluation of options.*

a. *Evaluation exclusive of options.* The solicitation will state that the City of Huntsville, Alabama will evaluate offers for award purposes by including only the price for the basic requirement; i.e., options will not be included in the evaluation for award purposes.

b. *Evaluation of options.* The solicitation will state that except when it is determined not to be in the best interest of the City of Huntsville, Alabama we will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the city to exercise the option(s).

(41) *Cost or price analysis.* The City of Huntsville, Alabama will perform cost or price analysis for all procurement actions.

(42) *Written record of procurement history.* The City of Huntsville, Alabama shall maintain records, written or electronic, detailing procurement history. Records shall be retained for a minimum of three years. The records will include, but not be limited to, the following:

a. The rationale for the method of procurement;

b. Selection of contract type;

c. Reasons for contractor selection or rejection; and

d. The basis for the contract price.

(43) *Exercise of options.* The city may include options in contracts. An option is a unilateral right in a contract by which, for a specified time, the purchaser may elect to purchase additional equipment, supplies, or services called for by the contract, or may elect to extend the term of the contract. If the choice is made to include options, the following requirements apply:

a. *Evaluation of options.* Option quantities or periods contained in the contractor's bid or offer must be evaluated in order to determine contract award. When options have not been evaluated as part of the

award, the exercise of such options will be considered a sole source procurement.

b. *Exercise of options.* The authority must ensure that the exercise of an option is in accordance with the terms and conditions of the option stated in the initial contract awarded. An option may not be exercised unless it is determined that the option price is better than prices available in the market or that the option is the more advantageous offer at the time the option is exercised.

(44) *Out of scope changes*. The City of Huntsville, Alabama will consider all contract change that is not within the scope of the original contract a sole source procurement.

(45) *Advance payments.* The City of Huntsville, Alabama does not make advance payments utilizing FTA funds.

(46) *Progress payments.* The City of Huntsville, Alabama's constructions and technical services contracts provide for progress payments based on milestone completion.

(47) *Time and materials contracts.* The City of Huntsville, Alabama will comply with the Common Grant Rule for governmental recipients. Time and material contracts will only be utilized if:

a. After determining that no other contract type is suitable; and

b. The contract specifies a firm ceiling price that the contractor may not exceed except at its own risk.

(48) *Cost plus percentage of cost.* The City of Huntsville, Alabama will comply with the Common Grant Rule that expressly prohibits the use of the cost plus a percentage of cost method of contracting and the percentage of construction cost method of contracting.

(49) *Liquidated damages provisions.* The city may use liquidated damages if it reasonably expects to suffer damages through delayed contract completion, or if weight requirements are exceeded, and the extent or amount of such damages are uncertain and would be difficult or impossible to determine. Rate and measurement standards must be calculated to reasonably reflect city costs should the standards not be met, and must be specified in the solicitation and contract. The assessment for damages must be established at a specific rate per day for each day beyond the contract's delivery date or performance period. The contract file must include a record of the calculation and rational for the amount of damages established. Any liquidated damages recovered must be credited to the project account involved unless FTA permits otherwise.

(50) *Piggybacking*. The City of Huntsville, Alabama will not participate in the Assignment of Rights contracts, considered as "piggybacking," that assigns contractual rights to other recipients to purchase property or services from awarded contracts unless the following requirements are met:

a. Determine that the original contract price remains fair and reasonable,

and the original contract provisions are adequate for compliance with all federal requirements.

b. Perform a price analysis if one was not performed for the original contract.

c. Ensure the contractor's compliance with FTA's Buy America requirements and execution of all the required Buy America pre-award review and post-delivery review certifications are met.

d. Review the original contract to be sure that the quantities the assigning recipient acquired, coupled with the quantities the acquiring recipi-

ent seeks, do not exceed the amounts available under the assigning recipient's contract.

(51) *Qualifications exclude price (A&E and other services).* Price is excluded as an evaluation factor on qualifications-based procurement methods.

(52) *Serial price negotiations (A&E and other services).* The following requirements apply to this procurement method:

a. Negotiations are conducted with only the most qualified offeror; and

b. Failing agreement on price, negotiations with the next most qualified offeror and, if necessary, negotiations with successive offerors in descending order must be conducted until a contract award can be made to the offeror whose price the recipient believes is fair and reasonable.

(53) *Bid security (construction over $100,000.00).* Bid bonds, performance bonds, and labor and material bonds or other security may be requested for supply contracts or service contracts as procurement services deems advisable to protect the city's interests, and in conformance with the Code of Ala. 1975, tits. 39 and 41 (Code of Ala. 1975, §§ 39-1-1 et seq., 41-1-1 et seq.). Bid or performance bonds shall not be used as a substitute for a determination of a bidder or offeror's responsibility.

Both FTA and the Common Grant Rules generally require each bidder to provide a bid guarantee equivalent to five percent of its bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid to ensure that the bidder will honor its bid upon acceptance.

(54) *Performance security (construction over $100,000.00).* Bid bonds, performance bonds, and labor and material bonds or other security may be requested for supply contracts or service contracts as procurement services deems advisable to protect the city's interests, and in conformance with the Code of Ala. 1975, tits. 39 and 41 (Code of Ala. 1975, §§ 39-1-1 et seq., 41-1-1 et seq.). Bid or performance bonds shall not be used as a substitute for a determination of a bidder or offeror's responsibility.

Both FTA and the Common Grant Rules generally require the third party contractor to obtain a performance bond for 100 percent of the contract price. A "performance bond" is obtained to ensure completion of the obligations under the third party contract.

(55) *Payment security (construction over $100,000.00*). The City of Huntsville, Alabama will comply with the Common Grant Rules requiring the third party contractor to obtain a standard payment bond for 100 percent of the contract price. The "payment bond" will be obtained to ensure that the contractor will pay all people supplying labor and material for the third party contract as required by law. The following minimum bonding policy amounts will be utilized:

a. *Less than $1,000,000.00.* Fifty percent of the contract price if the contract price is not more than $1,000,000.00;

b. *More than $1,000,000.00 but less than $5,000,000.00.* Forty percent of the contract price if the contract price is more than $1,000,000.00 but not more than $5,000,000.00; or

c. *More than $5,000,000.00.* Two and one half million dollars if the contract price is more than $5,000,000.00.

(56) *Federal clauses.* The City of Huntsville, Alabama will ensure that all applicable FTA clauses and certifications are included in any procurement actions that may utilize FTA funds exceeding the micro-purchase limit and construction contracts over $2,000.00. To ensure that all FTA clauses and certifications are included in the FTA funded procure-

ment, the procurement division uses a solicitation preparation checklist similar to the form under subsection (c). If it is determined that FTA compliance is required, public transit will use FTA C4220.1F, as amended, "Provisions, Certifications, Reports, Forms, and Other Matrices of Third Party Provisions," subsection (c) of this section.

(57) *Single response to competitive solicitations.* The City of Huntsville, Alabama will determine and document why only one response was received by 1) Reviewing specifications for undue restrictiveness, and 2) surveying potential sources that chose not to submit a bid or proposal. A cost analysis will be completed and documented for all single response competitive solicitations.

(58) *Veteran's preference.* The City of Huntsville, Alabama will ensure that contractors working on a capital project funded using such assistance give a hiring preference, to the extent practicable, to veterans (as defined in 5 U.S.C. section 2108) who have the requisite skills and abilities to perform the construction work required under the contract. This shall not be understood, construed or enforced in any manner that would require an employer to give preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or former employee.

(59) *SAM/EPLS (debarment/suspension).* The City of Huntsville, Alabama will comply with Debarment and Suspension Regulations and Guidance of Transportation (DOT) regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200 apply to each third party contract at any tier of $25,000.00 or more, to each third party contract at any tier for a federally required audit (irrespective of the contract amount), and to each third party contract at any tier that must be approved by an FTA official irrespective of the contract amount. See 2 CFR Part 1200. The City of Huntsville, Alabama will apply DOT's debarment and suspension requirements to itself and each third party contractor at every tier to the extent required by DOT's regulations that incorporate the requirements of Office of Management and Budget (OMB), "Guidelines to Agencies on Government-wide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180.

Debarment and suspension certification will be collected from the prospective third party contractor, a clause in the third party contract requiring disclosure will be included and the Excluded Parties List System (EPLS) will be checked at www.sam.gov.

(60) *Disputes/breach.* The City of Huntsville, Alabama will comply with the Common Grant Rules for evaluating and resolving third party contract disputes.

a. The City of Huntsville, Alabama will evaluate and resolve third party contract claims and litigation resulting from a contractor's violation, default, or breach of its third party contracts. The City of Huntsville, Alabama will also resolve any claims and litigation the contractor may present against it. The following information in connection with third party contract disputes in which it is involved will be provided to FTA:

i. A list of disputes involving third party contracts and potential third party contracts that:

- Have a value exceeding $100,000.00,
- Involve a controversial matter, irrespective of amount, or
- Involve a highly publicized matter, irrespective of amount.

ii. The following information about each dispute:

- A brief description of the dispute,

- The basis of disagreement, and
- If open, how far the dispute has proceeded, or
- If resolved, the agreement or decision reached, and
- Whether an appeal has been taken or is likely to be taken.

iii. The City of Huntsville, Alabama will report as outlined below whenever disputes happen:

- In its next quarterly Milestone Progress Report, and
- At its next Project Management Oversight review, if any.

iv. The City of Huntsville, Alabama will keep its FTA project manager informed about disputes with which it is involved and any unusual activity.

b. The City of Huntsville, Alabama will maintain adequate documentation in its project files of the facts, events, negotiations, applicable laws, and a legal evaluation of the likelihood of success in any potential litigation involving the dispute as may be needed to justify FTA's concurrence in any compromise or settlement, should FTA concurrence become necessary.

c. An audit may be used to demonstrate that any settlement costs, if incurred, are necessary, reasonable, adequately documented, and appropriate for FTA support. The audit will be conducted in accordance with "Generally Accepted Auditing Standards" as defined by the American Institute of Certified Public Accountants.

d. If the City of Huntsville, Alabama intends to request FTA's permission to use federal assistance to support payments to a third party contractor to settle a dispute, or intends to request increased federal assistance for that purpose, the information outlined in 1.a—c will be followed and provided.

e. The City of Huntsville, Alabama will take reasonable measures to pursue its rights and remedies available under law, including settlement, particularly if failure to do so would jeopardize the federal interest in the project or cause the recipient to seek additional federal assistance.

(61) *Terminations*. Sections 2-185(7), (8), and (9) specifically identify termination clauses appropriate for supply or services contracts.

a. Section 2-185(7) termination of the contract for default;

b. Section 2-185(8) termination of the contract in whole or in part for the convenience of the city; or

c. Section 2-185(9) indemnity of the city by the vendor.

In accordance with FTA C4220.1F termination for cause and termination for convenience provision must be included in third party contracts exceeding $10,000.00.

(62) *DBE*. The City of Huntsville, Alabama will comply with the Common Grant Rules' affirmative action and FTA's Disadvantaged Business Enterprise requirements, the DBE PROGRAM—49 CFR PART 26, and the Public Transit Division of the City of Huntsville, Alabama will post on the City of Huntsville Alabama's website the Disadvantaged Business Enterprise Program as approved by the FTA.

(63) *Buy America Pre-Award Review (Steel or manufactured products)*. The City of Huntsville, Alabama will comply with Buy America requirements as set forth

in 49 U.S.C. 5323(j) and 49 C.F.R. 661.6, by including in all construction contracts and acquisition of goods and rolling stock valued at more than $150,000.00, the required Buy America Certification clauses to ensure contractor compliance. The certification clauses require the contractor to ensure that sub-contractors also comply with the Buy America requirements.

(64) *Buy America pre-award/post delivery audits—Rolling stock >$150,000.00.* The City of Huntsville, Alabama will comply with the Buy America Pre-Award/Post Delivery Audits for Rolling Stock as set forth un 49 U.S.C. 5323 and 49 C.F.R. Part 663 by including the required Buy America language that the Contractor agrees to comply with 49 U.S.C. § 5323(l) and FTA's implementing regulation at 49 C.F.R. Part 663 and must submit certifications as listed in the language and certify they comply. The city will conduct pre-award audit and certify that vehicle meets specifications and the FMVSS compliance requirements. Upon delivery, post delivery of the same MUST be completed and certify that vehicle meets requirements. Documentation must be kept on file. The city utilized a standard matrix to confirm audit and certification elements have been met.

(65) *Transit vehicle manufacturer (TVM) certification—Rolling stock*. The City of Huntsville, Alabama will comply with TVM Certification requirements as set forth in 49 CFR 26.49 for rolling stock procurements funded by FTA by obtaining TVM compliance certifications prior to any award. The city will require, as a condition of being authorized to bid on transit vehicle procurements funded by FTA, each TVM certify compliance of the DBE program for transit vehicle manufacturers as referenced in 49 CRF Part 26. The city will confirm and document confirmation, prior to award, that the manufacturer(s) are certified by utilizing the FTA TVM certified list at https://www.transit.dot.gov/regulations-and-guidance/civil-rights-ada/eligible-transit-vehiclemanufacturers. The city will submit transit vehicle award reporting form within 30 days of award at https://www.surveymonkey.com/r/vehicleawardreportsurvey.

(66) *Bus testing.* The City of Huntsville, Alabama will comply with 49 CFR Part 665 by certifying the bus models submitted to Altoona following the effective date, October 31, 2016, received a passing score before FTA funds can be spent on that vehicle. The city will be in possession a copy of the Altoona Bus Testing Report before final acceptance of the first vehicle. Bus testing is not required for unmodified mass-produced vans, including vans with raised roof or wheelchair lift or ramps, offered in the four-year/100,000-mile service life category.

(67) *Lobbying certification*. The City of Huntsville, Alabama will comply with Part 200 Appendix II (I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) by including lobbying certification in agreements, contracts, and subcontracts exceeding $100,000.00. The city will obtain signed certifications from all potential contractors with the contractors' bids or responses. The city will require all prime contractors to obtain certifications from bidders prior to awards for subcontracts in excess of $100,000.00. This requirement will flow down to all subcontracts at every tier that exceeds $100,000.00.

(68) *Brooks Act/qualifications-based procurements.* The City of Huntsville, Alabama will follow qualifications exclude price (A&E and other services) as outlined under subsection (51) herein. Qualifications-based proposal procedures are required for projects related to or leading to a construction project. These procedures will be when contracting for architectural and engineering services, program management, construction management, feasibility studies, preliminary engineer-

ing, design, architectural, engineering, surveying, mapping, and related services. The Brooks Act Procedures will be used when contracting for A&E services as defined in 40 U.S.C. sections 1101—1104 and 49 U.S.C. section 5325(b)(1). The following requirements will apply:

a. An offeror's qualifications must be evaluated.

b. Price is excluded as an evaluation factor.

c. Design-build services will be procured through means of qualifications-based competitive proposal procedures based on the Brooks Act. The qualification-based competitive proposal procedures of the Brooks Act will be used when the preponderance of the work to be performed is considered to be for architectural and engineering, program management, construction management, feasibility studies, preliminary engineering, design, architectural, engineering, surveying, mapping, or related A&E services. It will not be used when the preponderance of the work to be performed are services other than those listed in the previous sentence, unless required by state law.

Qualifications-based procurement procedures will not be used to acquire other types of services if those services are not directly in support of, directly connected to, directly related to, or do not lead to construction, alteration, or repair of real property. Even if a contractor has performed services listed herein in support of a construction, alteration, or repair project involving real property, selection of that contractor to perform similar services not relating to construction may not be made through the use of qualifications-based procurement procedures.

(69) *Design-bid-build.* All design-bid-build procurement methods will have separate contracts for design services and for construction. All design services will use qualifications-based procurement procedures, in compliance with applicable federal, state and local law and regulations.

(70) *Design-build.* The City of Huntsville, Alabama will procure design-build services through means of qualifications-based competitive proposal procedures based on the Brooks Act. The Brooks Act qualification-based competitive proposal procedures for design-build will be used when the preponderance of the work to be performed is considered to be for architectural and engineering, program management, construction management, feasibility studies, preliminary engineering, design, architectural, engineering, surveying, mapping, or related A&E services. When the preponderance of the work to be performed are services other than those listed in the previous sentence, the qualifications-based competitive proposal procedures will not be used, unless required by state law.

(71) *Tag-ons.* The City of Huntsville, Alabama, or its contractors, will not expand the scope of original contracts (property or services) that constitutes a major deviation, or cardinal change, to the contract.

(72) *Federal cost principles.* Federal cost principals, according to FAR Part 31, will be utilized to determine allowable costs to be incurred on third party cost-reimbursement contracts financed with federal funds.

(73) *Revenue contracts.* The City of Huntsville, Alabama's goal is to maximize all non-farebox revenues through contractual or other appropriate arrangements for assets without interfering with transit use. The revenue files will document economic analysis demonstrating that revenue contracts allowing use of federally funded assets will not interfere with transit

operations and use. The type and extent of revenue contracts will be reviewed and determined on a case by case basis and in accordance with federal regulations. Determinations will be derived from the following:

a. *Limited contract opportunities.* If there are several potential competitors for a limited opportunity (such as advertising space on the side of a bus), the City of Huntsville, Alabama will use a competitive process to permit interested parties an equal chance to obtain that limited opportunity.

b. *Open contract opportunities.* If one party seeks access to a public transportation asset (such as a utility that might seek cable access in a subway system), and the City of Huntsville, Alabama is willing and able to provide contracts or licenses to other parties similarly situated (since there is room for a substantial number of such cables without interfering with transit operations), then competition would not be necessary because the opportunity to obtain contracts or licenses is open to all similar parties.

c. The City of Huntsville, Alabama will work with FTA to determine the appropriate procedures for joint development projects.

(74) *Signature authority.*

a. The director of finance or his written designee shall serve as the principal public purchasing official for the city and shall be responsible for the procurement of supplies and services in accordance with this division.

b. In accordance with this division, the director of finance or his written designee shall oversee the functions of procurement services for the purposes of soliciting and encouraging competition while complying with all applicable state and local laws to obtain quality commodities and services at the lowest possible cost.

c. Except in cases of emergency, as described in section 2-184(g), neither the director of finance nor any written designee nor any other officer or employee of the city shall make purchases in the name of the city on the credit of the city, or create any debt or liability against the city, unless the expenditure has been previously authorized by the city council, or unless the funds for such expenditure have been appropriated by the city council, either specifically or in the annual budget of the city. In all cases where the amount involved is more than required for competitive bidding, procurement services shall proceed to issue invitations for bids and to open the bids at the time and place stated in the invitation for bids, and shall report the results of such bids to the city council, who shall accept or reject such bids and shall in all respects act as the awarding authority for all such purchases.

d. The director of finance may delegate authority in writing to purchase certain commodities or services to other city officials, if such delegation is deemed necessary for the effective procurement of those items. Any such procurements made pursuant to any such delegated authority remain subject to all requirements for authorization and approval as set forth in this division. The city engineer is authorized to procure construction services for public improvement projects as defined by Code of Ala. 1975, tit. 39 (Code of Ala. 1975, § 39-1-1 et seq.) and in accordance with the provisions of this division.

(75) *Oversight of sub-recipients.* The City of Huntsville, Alabama follows and internal program management and oversight plan that addresses the following:

a. Review contracts and sub-recipient agreements in accordance with records sampling procedures to ensure they contain all FTA third-party procurement requirements.

b. The Accountant III, or its designee, performs periodic site visits, depending on the complexity of the contract, project, or agreement.

c. Randomly selects and reviews operational documents and procurement documents, i.e., contracts and agreements, performance reports, check lists, etc.

d. Documents general observations.

e. Notes any deficiencies.

(76) *State/local government purchasing schedules.* The city may acquire products and services from state contracts that have been established by the State of Alabama for the purpose of consolidating volume purchases for products and services. The city may acquire products and services directly from state contract vendors in lieu of competitively procuring such products and services itself through the methods of procurement small purchases and large purchases. When obtaining products and services from state contracts, public transit is responsible for ensuring compliance with all federal requirements and inclusion of all required clauses and certifications. It will be determined that state contracts were awarded with full and open competition and were not subject to geographical preferences. Where Buy America certifications are required, they will be obtained prior to entering into a purchase order.

(c) *Forms, templates, matrices and checklists.* The City of Huntsville, Alabama will use forms, templates, matrices and checklists similar to the following to assist with FTA assisted procurements:

1) **Procurement Decision Matrix**

Method of Procurement

Micro-Purchase	Small Purchase

8) Sole Source Justification Form

CITY OF HUNTSVILLE
JUSTIFICATION FOR EXEMPTION FROM COMPETITIVE BIDDING
Rev 12/03/2015

DATE:
FROM:
TO: Procurement Services

Title 41 Section 16 of the Code of Alabama 1975 as amended requires a competitive bid for contracts whose value exceeds $15,000.00. Under exceptional circumstances, such contracts may be awarded without bidding. Because these circumstances are quite specific, we have a duty to justify, document, and memorialize such cases to firmly establish that a claim for exemption is in accordance with the law:

- **VENDOR:**
- **PRODUCT/SERVICE:**
- **ESTIMATED EXPENDITURE: $**

This procurement is exempt from competitive bid because it is a contract for:

1. **[ ] Sole Source:**
2. Services or a product having only one vendor or supplier - §41-16-51(a)(13) **[ ] WPC Provision:**

Purchase of equipment, supplies, or materials needed, used, and consumed in the normal and routine operation of any waterworks system or sanitary sewer system owned by a municipality and no part of the operating expenses have been paid from revenues derived from taxes or from appropriations of the state, county, or municipality - §41-16-51(b)(7)

3. **[ ] Professional Services:**

Professional services involving an attorney, physician, architect, teacher, superintendent of construction, artist, appraiser, engineer, consultant, certified public accountant, public accountant, or other individual possessing a high degree of professional skill where the personality of the individual plays a decisive part - §41-16-51(a)(3)

4. **[ ] Impossible to Compete:**

Purchase of personal property which by its very nature is impossible to award by competitive bidding - §41-16-51(a)(13)

5. **[ ] Security or Safety:**

Services or purchase of product related to, or having an impact upon, security plans, procedures, assessments, measures, or systems, or the security or safety of persons, structures, facilities, or infrastructures - §41-16-51(a)(15)

6. **[ ] Cooperative Purchasing Program (not valid for FTA Grantee):**

Services or purchase of a product offered through a national or regional governmental cooperative purchasing program approved by the Alabama Department of Examiners of Public Accounts §41-16-51(a) (16)

7. **[ ] Other:** exempt item not specifically listed above:

8. [ ] **FTA Sole Source:** See next page

Attach requesting department justification and supporting vendor statements to this page.

Requesting Department Head	Department
Procurement Supervisor	Finance Director
Legal Department	Mayor or Administrator

FTA Applicable Sole Source Justification
Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids, or competitive proposals and at least one of the following circumstances applies:

Check one:

- ☐ The item is available only from a single source (sole source justification is attached).
- ☐ The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation (documented emergency condition is attached).
- ☐ FTA authorizes noncompetitive negotiations (letter of authorization is attached).
- ☐ After solicitation of a number of sources, competition is determined inadequate (record of source contacts is attached).
- ☐ The item is an associated capital maintenance item as defined in 49 U.S.C. §5307(a)(1) that is procured directly from the original manufacturer or supplier of the time to be replaced (price certification attached).

ANALYSIS GUIDELINES

1. ***DIRECT MATERIAL***
   - A. Analyze Purchased Parts: Provide a consolidated price analysis of material quantities included in the various tasks, orders, or contract line items being proposed and the basis for pricing (vendor quotes, invoice prices, etc.).
   - B. Subcontracted Items: Analyze the total cost of subcontract effort and supporting written quotations from the prospective subcontractors
   - C. Other:
     - (1) Raw Material: Review any materials in a form or state that requires further processing. Analyze priced quantities of items required for the proposal. Consider alternatives and total cost impact.
     - (2) Standard Commercial Items: Analyze proposed items that the offeror will provide, in whole or in part, and review the basis for pricing. Consider whether these could be provided at lower cost from another source.
2. ***MATERIAL OVERHEAD***
   Verify that this cost is not computed as part of labor overhead (item 4) or General and Administrative (G&A) (Item 6).

3. ***DIRECT LABOR***
   Analyze the hourly rate and the total hours for each individual (if known) and discipline of direct labor proposed. Determine whether actual rates or escalated rates are used. If escalation is included, analyze the degree (percent) and rationale used. Compare percentage of total that labor represents for each bid.

4. ***LABOR OVERHEAD***
   Analyze comparative rates and ensure these costs are not computed as part of G&A. Determine if Government Audited rates are available,

5. ***OTHER DIRECT COSTS***
   - A. Special Tooling/Equipment. Analyze price and necessity of specific equipment and unit prices.
   - B. Travel. Analyze each trip proposed and the persons (or disciplines) designated to make each trip. Compare and check costs.
   - C. Individual Consultant Services. Analyze the proposed contemplated consulting. Compare to independent estimate of the amount of services estimated to be required and match the consultants' quoted daily or hourly rate to known benchmarks.
   - D. Other Costs. Review all other direct charge costs not otherwise included in the categories described above (e.g., services of specialized trades, computer services, preservation, packaging and packing, leasing of equipment and provide bases for pricing. Scan for duplication or omissions.

6. *GENERAL AND ADMINISTRATIVE EXPENSE*
See notes on labor overhead above and check whether the base has been approved by a Government audit agency for use in proposals.

7. *ROYALTIES*
If more than $250, analyze the following information for each separate royalty or license fee; name and address of licenser; date of license agreement; patent numbers, patent application serial numbers, or other basis on which the royalty is payable; brief description (including any part of model numbers or each contract item or component on which the royalty is payable); percentage or dollar rate of royalty per unit; unit price of contract item; number of units; and total dollar amount of royalties,

8. *SUBTOTAL ESTIMATED COST*
Compare the total of all direct and indirect costs excluding Cost of Money and Fee or Profit. Note reasons for differences.

9. *CONTRACT FACILITIES CAPITAL AND COST OF MONEY*
Analyze the offeror's supporting calculations and compare to known standards.

10. *SUBTOTAL ESTIMATED COST*
This is the total of all proposed costs excluding Fee or Profit. Determine the competitive range. Question outliers.

11. *FEE OR PROFIT*
Review the total of all proposed Fees or Profit. Remember that the FTA prohibits cost plus percentage of cost contracting.

12. *TOTAL ESTIMATED COST AND FEE OR PROFIT*
Analyze the range of total estimated costs including Fee or Profit, and explain variance to independent estimate. Identify areas for negotiation or areas to be challenged. Explain your conclusions regarding fair and reasonable pricing.

13. *DISCOUNTS*
Review basis for Discounts and range between offers.

ATTACH NARRATIVE COST ANALYSIS MEMO ADDRESSING ITEMS AS INSTRUCTED ABOVE.

b. **Price Analysis Form**

PRICE ANALYSIS FORM

The evidence compiled by a price analysis includes:

- Developing and examining data from multiple sources whenever possible that prove or strongly suggest the proposed price is fair.
- Determining when multiple data consistently indicate that ta given price represents a good value for the money.
- Documenting data sufficiently to convince a third party that the analyst's conclusions are valid.

CHECK	DETERMINATION
	Comparison with competing suppliers' prices or catalog pricing (online or hard copy) for the same item. *(Complete comparison matrix and attach supporting quotes or catalog pages.)*
	Comparison of proposed pricing with in-house estimate for the same item. *(Attach signed in-house estimate and explain factors influencing any differences found. Complete summary matrix.)*
	Comparison of proposed pricing with historical pricing from previous purchases of the same item, coupled with market data such as Producer Price Index (PPI) or Inflation Rate over the corresponding time period. *(Attach data*

	and historical price record.)
	Analysis of price components against current published standards, such as labor rates, dollars per pound, etc. to justify the price reasonableness of the whole. *(Attach analysis to support conclusions drawn.)*

e. **Piggybacking Checklist**

Definition: Piggybacking is the post-award use of a contractual document/process that allows someone who was not contemplated in the original procurement to purchase the same supplies/equipment through that original document/process. ("FTA Dear Colleague" letter, October 1, 1998).

WORKSHEET	YES	NO
1. Have you obtained a copy of the contract and the solicitation document, including the specifications and any Buy America Pre-award or Post- Delivery audits?		
2. Does the solicitation and contract contain an express "assignability" clause that provides for the assignment of all or part of the specified deliverables?		
3. Did the Contractor submit the "certifications' required by Federal regulations? See BPPM Section 4.3.3.2.		
4. Does the contract contain the clauses required by Federal regulations? See BPPM Appendix A1.		
5. Were the piggybacking quantities included in the original solicitation; i.e., were they in the original bid and were they evaluated as part of the contract award decision?		
6. If this is an indefinite quantity contract, did the original solicitation and resultant contract contain both a minimum and maximum quantity, and did these represent the reasonably foreseeable needs of the parties to the contract?		
7. If this piggybacking action represents the exercise of an option in the contract, is the option provision still valid or has it expired?		
8. Does your State law allow for the procedures used by the original contracting agency: e.g., negotiations vs. sealed bids?		
9. Was a cost or price analysis performed by the original contracting agency documenting the reasonableness of the price? Obtain a copy for your files. Have you performed a market analysis of the prices to be paid and have you determined the price to be fair and reasonable and in the best interests of the Agency?		
10. If the contract is for rolling stock or replacement parts, does the contract term comply with the five-year term limit established by FTA? See FTA Circular 4220.1F, Chapter IV, 2 (14) (i).		
11. Was there a proper evaluation of the bids or proposals? Include a copy of the analysis in your files.		
12. If you will require changes to the vehicles (deliverables), are they "within the scope" of the contract or are they "cardinal changes"? See BPPM Section 9.2.1.		

Note: This worksheet is based upon the policies and guidance expressed in (a) the FTA Administrator's "Dear Colleague" letter of October 1, 1998, (b) the *Best Practices Procurement Manual*, Section 6.3.3—*Joint Procurements of Rolling Stock and "Piggybacking,"*

k. **Procurement Services Work Instructions 07.3 – Requirement for FTA Clauses on City-wide Contracts**
Rev N/R Date: 08/06/2018

PROCUREMENT SITUATION:
FTA funding of certain purchases of goods and services related to the operation of a Public Transit System is contingent on contracts for these qualified goods and services having specific terms and condition clauses included as well as our standard terms and conditions. Contracts for purchases specifically for the Public Transit Department will routinely include the appropriate clauses, but other city-wide contract in which Public Transit participates may have to include certain FTA clauses for their purchases to be compliant and insure continued funding critical to operation.

PROCESS:
Procurement Services has added a line on the Solicitation Preparation Checklist to notify Public Transit of an Invitations for Bids (IFB) or Request of Proposals (RFP) that has the potential of being utilized by Public Transit in an amount sufficient to warrant the inclusion of certain FTA clauses. (See Exhibit 1 below). Public transit will research for potential compliance issues and will supply a set of clauses appropriate to the contract contemplated (See Exhibit 2 below). The checklist and response will be a part of the bid package and kept on file subject to current document retention rules.

BENEFIT:
This process provides auditable evidence of our awareness of FTA requirements and an affirmative process for contract compliance.

Secs. 2-189—2-220. Reserved.

ARTICLE V. PERSONNEL POLICIES

Sec. 2-221. Manual adopted.

The Personnel and Policy Procedures Manual as adopted and amended by the city is adopted by reference. A copy of the manual as amended is on file in the office of the city clerk-treasurer. (Ord. No. 90-152, 5-10-1990; Ord. 08-776, 8-28-2008)

Sec. 2-222. Cell phone policy.

This section establishes the city's policy concerning the use of city cell phones that are provided to employees and officials for their official use, and establish the means by which the city will reimburse its employees and officials who use their personal cell phone for city business. In this section, the term "cell phone" means a mobile communication device having telephone capabilities, and the term "cell phone allowance" means the amount paid to employees to reimburse them for use of their personal cell phone for city business. The term "city phone" means a cell phone owned by the city and any related equipment used with it.

(1) *Eligibility*.

a. *Elected officials*. The city will not provide an elected official a city phone but will provide a cell phone allowance at the request of the official.

b. *Employees*. An employee may be furnished a city phone or receive a cell phone allowance only in the following situations:

1. Job responsibilities of the employee are such that it is in the city's best interest that the

employee be able to communicate by cell phone for work-related reasons on a regular basis, and the use of other communications equipment, including a pager, is impractical;

2. The employee can significantly enhance work-related personal safety with a cell phone; or

3. The mayor or his/her designee requires the employee to be available by cell phone whenever possible.

The city will furnish a city phone to an employee only when it is practical to share it with other employees, or as directed by the mayor or his/her designee. All other employees will receive a cell phone allowance when they qualify according to this policy.

(2) *City phones*.

a. *Approval*. The city will provide a city phone to an employee who qualifies under this policy at the discretion of the employee's department head.

b. *Authorized uses.* The use of a city phone shall be for official use, except in the case of emergencies. City phones cannot be used at any time in violation of local, state or federal laws, nor for the purpose of personal financial gain, nor in violation of any departmental work rules.

c. *Authorized city cell phone vendors*. Only vendors authorized by the city, in accordance with state law, will provide service related to city phones.

(3) *Cell phone allowance.*

a. *Approval*. Department head will submit a written or email request to the finance director for an employee to receive a cell phone allowance, to include employee's name, employee number, job title, basis for request, and monthly amount requested.

The finance department will ensure the request is complete as required by this policy, obtain employee acknowledgement of this policy's requirements, and obtain approval of the request from the mayor or his/her designee when required.

b. *Payment*. An employee or official authorized to receive a cell phone allowance will receive a monthly payment, which will be included in his city payroll check. The payment will begin the first full month after approval, or as is consistent with finance department payroll policy.

c. *Taxability*. The cell phone allowance paid to an employee or official may be subject to or exempt from federal and state income taxes based on the regulations in effect from time to time.

d. *Maximum amount*. The amount of reimbursement must be consistent with the cost the employee is reasonably expected to incur for using his/her personal cell phone for city business, and in the best interest of the city, all communication options considered. The maximum amount is $35.00 per month, except in special high-use cases approved by the mayor or his/her designee, for which the maximum amount is $70.00 per month. These maximum amounts may be modified in the annual budget ordinance, and the amounts paid to any employee may be increased or decreased at any time at the discretion of the city.

(4) *Responsibilities*.

a. Department heads will establish policies to help ensure compliance with the terms of this policy and the Personnel Policies and Procedures Manual by department employees.

b. Employees furnished a city phone will use the device in compliance with the Personnel Policies and Procedures Manual, including those that pertain to city-owned information technology equipment. The city reserves the right to review all electronic records on city issued phones and to obtain relevant information from the telephone company or carrier, if the city administration considers in its sole discretion that there is a legitimate business reason to do so. Thus, employees do not have a reasonable expectation of privacy with respect to the use of city issued cell phones and by use of such devices, do consent to all city sponsored monitoring. While employees receiving cell phone allowances applicable to the business use of their personal cell phone may generally have an expectation of privacy on their personal cell phones, there may be times when the city will have the right or duty to obtain access for business purposes to the electronic records relevant to the employee's business use of that personal cell phone. Such occasions may arise with respect to the city's duty to preserve or produce evidence relevant to anticipated or ongoing litigation or otherwise obtain access for law enforcement purposes.

c. Employees using a city phone, or personal cell phone for city business purposes, will not use it in a manner that would jeopardize the safety of themselves or others. Specifically, employees shall comply with Alabama state law as set forth in Code of Alabama, § 32-5A-350 which prohibits a person from operating a motor vehicle on a public road, street, or highway in Alabama while using a wireless telecommunication device (as defined within the statute) to write, send, or read a text-based communication (as defined therein) except in certain specific circumstances detailed within the state statute.

d. Employees who receive a cell phone allowance agree to provide their cell phone number to their supervisor, to accept and make city business calls on their phone when required by their supervisor, not represent the cell phone he/she uses as the property of the city.

e. An employee must sign an acknowledgement of the terms of the policy that pertain to the employee prior to being issued a city phone or receiving a cell phone allowance.

(5) *Administration*. The finance department will administer this policy as directed by the mayor or his/her designee, is authorized to periodically require an employee to submit evidence that the cost of using his personal cell phone for city business is commensurate with his cell phone allowance, and is authorized to evaluate compliance with this policy.

(Ord. No. 06-1141, 11-9-2006; Ord. No. 15-528, 8-13-2015)

ARTICLE VI. MISCELLANEOUS POLICIES

Sec. 2-251. City attorney authorized to institute lawsuits.

The city attorney, or an assistant city attorney under the supervision of the city attorney, shall have the authority to institute, in a court of competent jurisdiction, all legal proceedings in the name of the city, except eminent domain petitions, real estate foreclosure proceedings, and actions for the breach of written contracts or other proceedings which by law specifically require city council action, upon the direction and/or approval of the mayor.

(Ord. No. 88-586, § 1, 11-10-1988)

Sec. 2-252. Defense and indemnification—Agencies, boards and members.

(a) Any officer or employee of the City of Huntsville, Alabama, employed in any department of the city which is under the general supervision and control of the mayor, who is sued in connection with his or her official duty, or any agency or board created or established by the City Council of the City of Huntsville, Alabama (excluding any private, not for profit corporation) which is sued in connection with an official act or decision of such agency or board, or any officer, employee or member of such agency or board who is sued in connection with his or her official duty, shall be represented in the defense of such suit by the city attorney, an assistant city attorney, or a private attorney designated by the city attorney except in the situation where the officer, employee, agency or board is represented by an attorney pursuant to a contract of insurance with regard to such suit.

(b) In the event the city attorney or an assistant city attorney does not provide representation to the officer, employee, agency or board, and the officer, employee, agency or board, or officer, employee or member of such agency or board, is not represented by an attorney pursuant to a contract of insurance with regard to such suit, the city attorney shall select a private attorney to represent the officer, employee, agency or board, or officer, employee or member of such agency or board. No private attorney selected by the city attorney to represent an officer or employee shall be paid an hourly rate exceeding $200.00 per hour, prior to October 1, 2015, and $225.00 per hour on or after October 2, 2015, through September 30, 2017, and $250.00 per hour on or after October 1, 2017. Such hourly rate shall be determined by the city attorney based upon the private attorney's level of experience and expertise. The private attorney shall confirm in writing the fee arrangement.

(c) Any officer or employee of the City of Huntsville, Alabama, or any officer, employee or member of any agency or board, which is sued in connection with his or her official duty, shall notify the city attorney of such suit as soon as possible. Failure of such officer, employee or member to notify the city attorney within ten days of service of such suit shall relieve the City of Huntsville, or the agency or board with whom such officer, employee or member is affiliated, from any duty to represent the officer, employee or member in the defense of the suit or to pay any judgment which may result there from except as otherwise may be required by law.

(d) If the City of Huntsville, Alabama, an officer or employee of the City of Huntsville, Alabama, or an agency or board (or an officer, employee or member thereof) is represented by a private attorney with regard to any suit filed against the City of Huntsville, any officer or employee of the City of Huntsville employed in any department of the city which is under the general supervision and control of the mayor, or any agency or board of the City of Huntsville, Alabama, the city attorney shall request a status report concerning the suit from such other attorney on a regular, monthly basis.

(e) Nothing in this section shall interfere in any way with the right of any officer, employee or member sued in connection with his or her official duty, to provide his or her own legal counsel at his or her own expense. In such event, the City of Huntsville shall be relieved of any responsibility to represent the officer, employee or member in the defense of such suit.

(f) All billings paid to private attorneys from the funds of the City of Huntsville, Alabama, for the defense of lawsuits as provided herein, including interim billings, shall be reviewed by the city attorney as to reasonableness, and the payment thereof is subject to a determination of reasonableness by the city attorney.

(g) This section does not address payment of any judgment rendered against any officer, employee or member (except to bar payment of any judgment as provided in paragraph (c), and nothing herein shall be construed to bind or obligate the city to pay any judgment rendered against any officer, employee or member except as otherwise may be required by law.

(h) Section 13 of the Personnel Policies and Procedures Manual of the City of Huntsville provides for the scheduling of a disciplinary

hearing in appropriate cases, before an impartial hearing officer selected from a pool of eligible persons designated by the city council. Each person named as a hearing officer under section 13 of the City of Huntsville Personnel Policies and Procedures Manual shall be paid at an hourly rate of $200.00 per hour, prior to October 1, 2015, and $225.00 per hour on or after October 2, 2015, through September 30, 2017, and $250.00 per hour on or after October 1, 2017.

(i) Ordinance No. 93-19A, as amended, provides for hearing officers to be appointed by the City Council of the City of Huntsville, to preside over tax disputes arising between the City of Huntsville and taxpayers. Each person named as a hearing officer under Ordinance No. 93-19A, as amended, shall be paid at an hourly rate of $200.00 per hour, prior to October 1, 2015, and $225.00 per hour on or after October 2, 2015, through September 30, 2017, and $250.00 per hour on or after October 1, 2017.
(Ord. No. 93-335, §§ 1—7, 6-24-1993; Ord. No. 96-350, § 1, 5-23-1996; Ord. No. 06-1220, §§ 1—7, 12-21-2006; Ord. No. 15-324, §§ 1—3, 5-28-2015)

Sec. 2-253. Same—City officers and employees.

(a) Any officer or employee of the city employed in any department of the city which is under the general supervision and control of the mayor who is sued in connection with his official duty shall be represented in the defense of such suit by the city attorney, or an assistant city attorney in the office of the city attorney designated by the city attorney except in the following situations:

(1) The city is a codefendant in the suit and, in the opinion of the city attorney, there is a conflict in the defenses of the city and the officer or employee.

(2) Two or more officers or employees are sued in connection with claims arising out of the same set of circumstances and, in the opinion of the city attorney, there is a conflict in their defenses.

(3) Representation by the city attorney's office is impracticable.

(4) The officer or employee is represented by an attorney pursuant to a contract of insurance with regard to such suit.

(b) If the city does not provide representation to the officer or employee for reasons set forth in subsection (a)(1)—(3) of this section, the city attorney shall select a private attorney to represent the officer or employee after consultation with such officer or employee. No private attorney selected by the city attorney to represent an officer or employee shall be paid an hourly rate exceeding $125.00 per hour. Such hourly rate shall be determined by the city attorney based upon the private attorney's level of experience and expertise. The private attorney shall confirm in writing the fee arrangement. Except in circumstances approved by the city attorney, only one attorney will be compensated by the city for the defense of an officer or employee.

(c) Any officer or employee who is sued in connection with his official duty shall notify the litigation manager of such suit as soon as possible. Failure of such officer or employee to notify the city attorney within ten days of service of such suit shall relieve the city from any duty to represent the officer or employee in the defense of the suit or to pay any judgment which may result from the suit except as otherwise may be required by law.

(d) If the city is represented by a private attorney with regard to any suit filed against the city or any officer or employee of the city employed in any department of the city which is under the general supervision and control of the mayor, the city attorney shall request a status report concerning the suit from such other attorney on a regular, monthly basis.

(e) Nothing in this section shall interfere in any way with the right of any officer or employee sued in connection with his official duty to provide his own legal counsel at his own expense. In such event, the city shall be relieved of any responsibility to represent the officer or employee in the defense of such suit.

(f) All billings paid to private attorneys from the funds of the city for the defense of lawsuits as provided in this section, including interim

billings, shall be reviewed by the city attorney as to reasonableness; and the payment is subject to a determination of reasonableness by the city attorney.

(g) This section does not address payment of any judgment rendered against any officer or employee (except to bar payment of any judgment as provided in subsection (c) of this section), and nothing in this section shall be construed to bind or obligate the city to pay any judgment rendered against any officer or employee except as otherwise may be required by law.
(Ord. No. 93-336, §§ 1—7, 6-24-1993; Ord. No. 96-349, § 1, 5-23-1996)

Sec. 2-254. Same—Attorneys for city.

Whenever any city employee employed by the city as a legal service provider, as defined in Code of Ala. 1975, § 6-5-572(2), shall be sued for damages arising out of the performance of his official duties in the course of his employment, the city shall provide defense counsel for such legal service provider in such legal service liability action and shall indemnify such legal service provider from any judgment rendered against him in such suit.

DIVISION 2. ADMINISTRATION DEPARTMENT*

Sec. 2-322. Administration department established.

(a) The administration department is hereby created. The administration department provides the administrative and logistics structure necessary for the orderly operations of certain offices supporting the duties of the mayor, city council, and the various departments of the city. Where necessary to advance administrative, personnel, and financial processes, the department shall be under the supervision of the city administrator, serving as department head.

(b) Offices assigned to the administration department shall be the office of the mayor; the communications office; the office of economic and urban development; and the office of diversity, equity, and inclusion.
(Ord. No. 23-322, § 1, 4-27-2023)

Sec. 2-323. Office of the mayor established.

The office of the mayor is hereby created as a division of the administration department. This office shall provide the necessary organizational structure to which the mayor's immediate staff is assigned and shall perform the essential functions supporting the mayor in his role as chief executive of the city, including the mayor's supervision and oversight of the various departments of the city.
(Ord. No. 23-322, § 1, 4-27-2023)

Sec. 2-324. Position of city administrator established.

(a) The position of city administrator is hereby created and assigned to the office of the mayor. The city administrator, whose qualifications are established by the mayor, shall be appointed by the mayor, subject to the approval of the city council as provided by law. The city administrator shall hold office for the term of the mayor making the appointment. The city administrator shall be under the general supervision and control of the mayor. Generally, the city administrator shall be available to councilmembers to respond to requests for information related to city programs or activities pertinent to the performance of a councilmember's duties.

DIVISION 5. FINANCE DEPARTMENT

Sec. 2-415. Finance department established; term of office; bond.

(a) The finance department is hereby created. The department of finance shall be under the general supervision and control of the director of finance. The positions of city treasurer and city auditor are established and consolidated, including all duties, responsibilities, and authorities as prescribed to those positions by state code. The city treasurer-auditor shall be designated as the director of finance. The director of finance, who may also be referred to as finance director, shall be a department head of the city and shall be appointed by the mayor subject to the approval of the city council as provided by law.

(b) The finance department shall be comprised of the divisions, employees, units, and functions that are under the general supervision, management, and control of the director of finance who

shall plan, organize, and direct the activities and develop and implement the policies and procedures of the finance department and its divisions.

(c) The finance director shall hold office for the term of the mayor making the appointment and until a successor is appointed and qualified. The finance director shall be under the general supervision and control of the mayor, who establishes the qualifications of the position, and shall administer the department in accordance with city policies and procedures, generally accepted accounting principles, and the laws of the State of Alabama.

(d) For the faithful discharge of the duties of his office and the safe custody of municipal funds, the finance director shall make bond with surety approved by the mayor in such sum as the city council may prescribe, the premium of which shall be paid by the city. Where the duties of the finance director are being performed in the finance director's absence, the person performing those duties shall be bonded.
(Ord. No. 23-155, § 8, 3-9-2023)

Sec. 2-416. Finance director duties.

The director of finance, acting directly or through subordinates or designees, shall exercise the powers now or hereafter conferred and discharge the duties now or hereafter imposed upon the office by the laws of the state and the ordinances and resolutions of the city. Except for those duties or powers conferred or delegated by state law or city ordinance or resolution upon some other official, officer or employee of the city, the director of finance shall have charge of the administration of the financial affairs of the city. The powers and duties of the finance director include, but are not necessarily limited to, each of the following:

(1) *Department head.* The director of finance shall be the department head of the finance department. As department head, the finance director shall plan, assign, and supervise the work of all personnel of his department through subordinate supervisors or directly. The finance director prepares the annual budget for his department. The finance director shall act as liaison between his office and private citizens, organizations, and businesses; city officials, officers, department heads, departments, boards, commissions and agencies; and other governmental entities and public agencies. Work is reviewed through audits, periodic reports, and program evaluations.

(2) *Assistance to mayor.* In matters related to his office and, more broadly, the operations of the city through its various departments, the finance director shall serve as an executive director of the city, directly assisting and advising the mayor in management of the city. He shall prepare special reports and attend special meetings as may be required by the mayor. The finance director shall assist and collaborate with the mayor in the development, implementation, and furtherance of city goals, plans, and policies.

(3) *City council duties.* The finance director shall be available to councilmembers to respond to requests for information or questions related to matters under the general control of the finance director which are pertinent to the performance of the councilmember's duties. In matters related to his department, the finance director shall prepare special reports and attend special meetings as may be required by the city council.

(4) *City auditor duties.*

a. Auditing; claims and demands; issuance of warrants. The finance director shall submit all claims, requisitions, and demands against the city to the city council at its next regular meeting for its approval, unless already provided for by ordinance or resolution, and upon its being approved by the city council and the passage of ordinances carrying it into effect when necessary, said finance director shall issue warrant on the city treasury for the amount of such claim, requisition,

or demand. Before issuing any warrant, the finance director shall audit the claim, certify to its correctness, and keep a record thereof, which record shall also show to what department or departments it is chargeable.

b. Books and accounts. The finance director shall keep a convenient set of books in which there shall be kept a separate account with each collecting officer of the city. He shall keep a separate account with each department for which a separate appropriation shall have been made, crediting the amount of the appropriation and charging warrants drawn against the same. He shall keep such other accounts as may be necessary to show the financial condition of the city and of each department thereof at all times. He shall not allow the amount appropriated for any item of expense to be drawn on for any other purpose. He shall not allow any warrant to be drawn unless sufficient funds actually be in the treasury to the credit of the fund upon which such warrant is drawn unless specifically authorized by an ordinance.

c. Internal audits. With approval of the mayor, the finance director shall inspect and audit any accounts or records of financial transactions which may be maintained in any office, department or agency of the city government apart from or subsidiary to the accounts kept in his office. In addition, the finance director is responsible for managing the annual audit contract and coordinating the timely completion of the city's annual independent audit and development of an effective plan for the resolution of any internal control weaknesses or deficiencies identified in the annual audit report.

(5) *Custodian of funds; warrants; records and reports, interest on warrants.*

a. The finance director shall be the custodian of the funds of the city, keeping an accurate record of the funds of the several departments, and shall keep books showing accurately the financial condition of the city.

b. [Disbursement.]

1. The finance director shall pay out money only upon warrants drawn by the officers authorized by applicable law to draw warrants upon the treasury, and when paid shall keep safely the warrants so drawn. Such warrants shall be drawn by the finance director on the city treasury the warrants showing to what department the same is to be charged, and the city council may authorize the finance director to draw such warrants on the city treasury, or one of the city depositories, without the approval of the mayor; except, that in all instances the approval of the mayor shall have first been inscribed upon the voucher for the payment of which such warrant is drawn. No warrant shall be drawn except by authority of law or ordinance.

2. Notwithstanding any provision of this Code to the contrary, whenever the payment of city funds is required or authorized by warrant drawn upon the city treasury approved, or the invoice thereof approved, by the mayor, such payment instead may, where authorized by law, be made by electronic funds transfer or by a check drawn upon the appropriate city depository, which check

shall be signed by the mayor and countersigned by the finance director.

3. All authorized payments made by electronic funds transfers shall be under the supervision and control of the finance director and such payments shall be coordinated and submitted through the finance department and in accordance with all applicable laws. The finance director is responsible to ensure that such payments are initiated, executed, and approved in a secure manner, and in accordance with all applicable laws, and may establish policies and procedures relative thereto.

c. No expenditure shall be allowed unless the same shall have been duly authorized in accordance with the financial policies of the city.

d. The finance director shall keep a record of all warrants presented for payment which are unpaid for want of funds and shall pay them when funds are available in the order of their presentation.

e. The finance director shall make report as required by state law and the city council of the financial condition of the account of each department authorized to draw on the city treasury and shall make a quarterly statement, under oath, of the financial condition of the city to the city council.

f. If no interest is stipulated to be paid on warrants drawn upon the city treasury and not paid for want of funds, then the legal rate shall be allowed from the time of presentation, which time shall be endorsed by the finance director on the warrant with his signature, but no interest shall be paid on such warrants after notice has been posted in the office of the finance director or in the office of the mayor that such warrants will be paid on demand.

(6) *Tax administration; licenses.* The finance director shall oversee the administration and enforcement, including auditing, assessment, and collection, of the city's tax laws in accordance with applicable state and city laws, including chapter 15 of this Code. The finance director shall issue city business licenses and shall have general supervision and control over the city's licensing division, which includes the administration and enforcement of business licenses and related regulatory matters associated therewith, including alcoholic beverage licensure, bingo operations, vehicles for hire, and residential solicitation.

(7) *Collection of monies.* The finance director shall collect all special assessments, license fees and other revenues of the city for whose collection the city is responsible and receive all money receivable by the city from the county, state, or federal government, or from any court, or from any office, department or agency of the city.

(8) *Financial policies and programs.* The finance director shall, in accordance with and pursuant to applicable law, including chapter 2, article IV of this Code, administer the financial policies and programs of the city including, but not necessarily limited to, the investment of city funds, budgeting and financial management, debt management, and procurement and contract administration.

(9) *Debt.* Unless otherwise provided for by applicable law, the finance director shall have supervision over the preparation of all materials involved with the issuance of warrants, bonds and other evidences of indebtedness (hereinafter referred to in this division as "debt"), including without limitation resolutions, ordinances, debt

instruments, requests for proposals by financial institutions for loans to be evidenced by debt instruments, advertisements for sale of debt, amortization schedules for debt, preparation of debt prospectuses, conduct of sale of debt, and delivery of debt instruments, compliance with federal tax regulations as respects debt the interest on which is exempt from federal income taxation, and all similar matters, all subject to provisions of law and municipal ordinances, applicable thereto.

(10) *Payroll.* The finance director shall prepare and execute the city's payroll and related processes.

(11) *Financial accounting, reporting and record-keeping.* Except for those duties conferred on or delegated or assigned to other city officers or employees by applicable law, the finance director shall perform, or oversee and supervise the performance of, the financial accounting, reporting, and record-keeping activities of the city, including, but not necessarily limited to, the day-to-day management of accounts payable and general ledger activities; and the timely and accurate preparation of all monthly, quarterly, and annual financial statements, schedules, and reports, including the annual comprehensive financial report.

(12) *Inventory and tracking of city property; listing evaluation of property.* The finance director shall prepare and keep on file an up-to-date inventory of, and shall track, all the capital assets of the city. In securing such inventory and tracking, the director of finance shall have the right to call upon any officer, agent, or employee of the city for any desired information at the discretion of the mayor. The inventory shall also show the approximate value of each asset.

(13) *Grant management.* Unless expressly delegated or assigned to other city officers or employees, the finance director is responsible for the oversight and administration of grant-related financial activity for the city, including proper budgeting and accounting for grants, tracking and reporting of grant activity, reviewing of financial reports generated by recipient departments, identifying and investigating issues that might arise with respect to the management of grants, assisting with grant submittals, establishing financial policies and procedure for grant management, and meeting the requirements under federal law of non-federal entities expending federal awards (single audit).

(14) *Moneys to be paid over.* The finance director shall receive from the officers, employees, and agents of the city all money belonging to the city received or collected by them. The finance director shall deposit all money so received in authorized depositories.

(15) *Public depository; liability for loss.* The city council hereby directs that those qualified public depositories, defined and designated as such pursuant to the Code of Ala. 1975, tit. 41, ch. 14A, are depositories where the finance director shall deposit public money, with interest being paid thereon and security given therefor by the depository. As to deposits made under the authority of an ordinance of the council, neither the finance director nor his bondsmen if the finance director has exercised due care shall be further liable for any loss occasioned thereby.

(16) *Additional duties.* The finance director, in addition to the enumerated duties, shall perform related work as required, and shall perform any and all duties that may be required of him by ordinance or resolution. The position classification specification developed and implemented through the department of human resources may provide for such marginal duties as may be required for the position consistent with the duties set forth herein.

(Ord. No. 23-155, § 8, 3-9-2023; Ord. No. 25-388, § 19, 5-22-2025)

Sec. 2-417. Absence of finance director; assumption of powers and duties.

Whenever the finance director shall be absent from his office or shall be unable to discharge the powers and duties of his office, the deputy finance director shall immediately assume the powers and duties of the office as acting finance director during such time, or, if at the direction of the mayor, the city administrator, or his designee, shall immediately assume the powers and duties of the office as acting finance director during such time.

DIVISION 3. AIR POLLUTION CONTROL BOARD

Sec. 2-1331. Created.

The Air Pollution Control Board is created.
(Ord. No. 96-25, § 1(3), 3-28-1996)

Sec. 2-1332. Membership.

(a) The Air Pollution Control Board shall consist of seven members to be appointed for the following staggered terms: Of the members first appointed, five shall be appointed by the mayor as follows: one member shall serve for two years; two members shall serve for three years; two members shall serve for four years; of the members first appointed, two shall be appointed by the city council and shall serve for five years. Continued absence of any member from regular meetings of the board shall, at the discretion of the appointing authority, be grounds for removal from office.

(b) Immediately after March 28, 1996, the mayor and city council shall appoint members of the board pursuant to the provisions of this section. Thereafter, the terms of all members shall be five years; except that upon the expiration of the term of any board member, such member shall continue to serve until his successor is appointed.
(Ord. No. 96-25, §§ 1(3), 2, 3-28-1996)

Sec. 2-1333. Quorum; officers; rules, regulations.

(a) Four members of the Air Pollution Control Board shall constitute a quorum for the transaction of business. No board member shall act in any case in which he has a personal interest. Any official action of this board must be by majority vote of those present and voting.

(b) The Air Pollution Control Board shall elect its own officers and shall keep, or cause to be kept, a full and complete record of all its proceedings, which record shall set forth the reasons for the board's decisions. The records of the board shall be open to public inspection during business hours.

(c) The Air Pollution Control Board shall establish rules and regulations for its own procedure consistent with the provisions of this division and applicable laws of the state. The board shall hold regular meetings at least once each calendar quarter at any time fixed by rule or resolution of the board. The chairman, or any three members of the board or the Air Pollution Control Officer, may call a special meeting for any stated purpose on at least 24 hours' notice to each member by mail or telephone.
(Ord. No. 96-25, § 1(3)(a)—(c), 3-28-1996)

Sec. 2-1334. Powers and duties.

The Air Pollution Control Board shall have the following powers and duties, where such powers and duties are not in conflict with or duplication of any powers and duties specifically conferred on the air pollution control officer by ordinance or resolution adopted by the city council and where such powers and duties of the board are consistent with the Alabama Air Pollution Control Act of 1971 (Code of Ala. 1975, § 22-28-1 et seq.) and rules and regulations adopted under the authority of that act:

(1) To hold such hearings as are authorized or required by the air pollution control rules and regulations of the city as adopted by the city council.

(2) To have the authority required to carry out all of the duties and functions of the board under the terms of the air pollution control rules and regulations of the city.

(3) To make recommendations to the mayor and the city council concerning the passage or amendment of any ordinance of the city concerning air pollution control and concerning the air pollution control rules and regulations of the city.

(4) To encourage voluntary cooperation by persons and affected groups to achieve the purposes of the air pollution control regulations of the city.

(5) To encourage and conduct studies, investigations and research relating to air contaminations and air pollution and their causes, effects, prevention, abatement and control.

(6) To determine by means of field studies and sampling the degree of air contamination and air pollution in the city and their several parts.

(7) To make a continuing study of the effects of the emission of air contaminants from motor vehicles on the quality of the outdoor atmosphere of the city and its several parts and make recommendations to appropriate public and private bodies with respect to the methods of abatement.

(8) To collect and disseminate information and conduct educational and training programs relating to air contamination and air pollution.

(9) To advise, consult and cooperate with agencies of the state, local governments, industries, other states, interstate or interlocal agencies and the federal government, and with interested persons or groups.

(10) To consult, upon request, with any person proposing to construct, install or otherwise acquire any air contaminant source or device or system for its control, concerning the efficiency of such device or system, or the air pollution problems which may be related to the source, device or system. Nothing in any such consultation shall be construed to relieve any person from compliance with the act, the regulations, or any other provision of law.

(11) To provide for the establishment of advisory committees, appointment of the membership of such committees, scope of investigation, and other duties, of such committees.

(12) To require from any responsible person reports containing information as may be required by the air pollution control officer concerning location, size and height of contaminant outlets, processes employed, fuels used, the nature and time periods or duration of emissions, and such other information as is relevant to air pollution.

(Ord. No. 96-25, § 1(3)(d), 3-28-1996)

DIVISION 4. EARLYWORKS MUSEUMS BOARD*

Sec. 2-1351. Created.

The Board formerly designated as the Alabama Constitution Village Board is hereby renamed and shall henceforth be known as the Earlyworks Museums Board (the "board").

(Ord. No. 95-535, § 1, 8-10-1995; Ord. No. 25-197, §§ 1, 2, 3-27-2025)

Sec. 2-1352. Membership.

The Earlyworks Museums Board shall consist of nine members serving in numbered places to be appointed as follows:

(1) Of the members first appointed, three members shall serve one year, two of which shall be appointed by the mayor and one of which shall be appointed by the city council; three members shall be appointed by the council and shall serve initial terms of two years; three members shall be appointed by the council and shall serve initial terms of three years. Vacancies shall be filled for unexpired terms in the manner in which original appointments are made. The terms of all appointed members next appointed after the expiration of the original terms shall be three years.

(2) The members of the board shall receive no compensation whatever for their services, nor shall they receive compensation or per diem for attending meetings; however, actual and necessary expenses, in amounts no greater than those appropriated by the city council, incurred in the performance of their duties, may be paid.

(Ord. No. 95-535, § 1(1), (5), 8-10-1995; Ord. No. 25-197, § 2, 3-27-2025)

Sec. 2-1353. Quorum action by board.

Five members of the Earlyworks Museums Board of the city shall constitute a quorum for the transaction of business. No member shall act in any case in which he has a personal interest. Actions by the board shall be by majority of those present.

(Ord. No. 95-535, § 1(2), 8-10-1995; Ord. No. 25-197, § 2, 3-27-2025)

Sec. 2-1354. Treasurer.

The Earlyworks Museums Board shall elect from its membership a treasurer and such assistant treasurers as it deems advisable. The treasurer elected by the board shall have custody of all funds of the board other than those funds appropriated by the city council, subject to the control of the board.

(Ord. No. 95-535, § 1(4), 8-10-1995; Ord. No. 25-197, §§ 2, 3, 3-27-2025)

Sec. 2-1355. Operation of facilities.

The Earlyworks Museums Board is granted custody and control of the Earlyworks Children's Museum and adjacent property and the Alabama Constitution Village and adjacent property. The board is also granted custody and control of the structures adjacent to the old Memphis and Charleston Depot (the "Depot") known as the "Roundhouse" and "Eunice's" until January 15, 2027, at which time custody and control of the Roundhouse and Eunice's shall return to the City of Huntsville. All property related to the Depot, other than the Roundhouse and Eunice's,

*__Editor's note—__Ord. No. 25-197, § 2, adopted March, 27, 2025, amended the title of Div. 4 to read as herein set out. The former Div. 4 title pertained to the Alabama Constitution Village Board.

shall be under the custody and control of the City of Huntsville effective upon the adoption, approval and publication of this division.
(Ord. No. 95-535, § 1(3), 8-10-1995; Ord. No. 25-197, §§ 2, 4, 3-27-2025)

Sec. 2-1356. Powers.

The Earlyworks Museums Board shall have the authority to:

(1) Do the acts and things necessary to carry out the objectives and purposes set forth in this division;

(2) Acquire by purchase, gift or loan any money, securities, objects of historical or artistic value, and other property, other than real property, for museum purposes and uses;

(3) Buy and sell, and otherwise deal, in the name of the city, in property necessary to carry out its objectives;

(4) Cooperate with any public or private corporation or organization;

(5) Do any lawful act necessary or expedient to improve such museum facilities for the people of the city;

(6) Provide for exhibitions, particularly to students of the public schools, and in general to the population of the city, depicting the role of the city and the county in the formation of the state, with particular emphasis on the portrayal of life during the era when the state was being formed and while the city served as the site of the first Constitutional Convention and as its first (temporary) capital;

(7) Encourage by appropriate means the cultivation of interest in the cultural and social value of Alabama Constitution Village, and recognition of the impact of the city upon the development and growth of the state;

(8) Provide for the exhibitions of the commercial, industrial and transportation aspects of the city's heritage;

(9) Encourage by appropriate means the cultivation of interest in the evolution of commerce, industry and transportation in North Alabama and recognition of the impact of these factors upon the development and growth of the city and its environs;

(10) Encourage by appropriate means the cultivation of children's interest in STEAM (Science, Technology, Engineering, Art and Math) through exhibits, programs, technology, etc. at the Earlyworks Children's Museum; and

(11) Provide rules and regulations for its governance and the governance of its officials, employees and personnel under contract to it, and of any premises or property which may, from time to time, be in its custody provided such rules and regulations are in accordance with and do not conflict with or otherwise violate any provision of this Code or other ordinance or resolution of the city.

In the exercise of its power, the board shall have no power or authority to obligate the city beyond the amount appropriated by the city council for its purposes.
(Ord. No. 95-535, § 1(6), 8-10-1995; Ord. No. 25-197, §§ 2, 5, 3-27-2025)

Sec. 2-1357. Management, custody, and control of objects of historical significance.

The management, custody and control of objects of historical significance or other objects belonging to the city which the city council may by resolution place under the control and management of the Earlyworks Museums Board shall be vested in the board; and the board shall exercise, subject to the control of the city council, all the powers of the city with respect to establishing, maintaining, and operating the facilities contemplated in this division.
(Ord. No. 95-535, § 1(7), 8-10-1995; Ord. No. 25-197, § 2, 3-27-2025)

Sec. 2-1358. Budgets, appropriations, financial procedures.

(a) The Earlyworks Museum Board shall submit to the mayor, on or before June 30 of each year, a detailed budget of estimated expenditures

for the fiscal year commencing October 1 of that year. The city council may set aside and appropriate for the use of the board, for the maintenance of the Alabama Constitution Village or the Earlyworks Children's Museum, and for the other authorized purposes of the board, either all or such part of such estimated budget as may be available or is deemed proper by the city council.

(b) Funds, other than those appropriated by the city council, shall be administered by the board and expended by it for authorized purposes only, for the operation of the Alabama Constitution Village and the Earlyworks Children's Museum, including the carrying out of any of the objectives or purposes set forth in this division, and all pertinent books and records shall at all times be subject to inspection and audit by the city clerk or finance director, or other person designated by the mayor or the city council.

(c) For the purpose of coordinating the accounting with that used in the department of finance of the city, the director of finance is authorized to determine the method of accounting for all receipts and expenditures of the board, including the form of vouchers and general accounting records. (Ord. No. 95-535, § 1(8), 8-10-1995; Ord. No. 25-197, §§ 2, 6, 3-27-2025)

DIVISION 5. ANIMAL SERVICES ADVISORY COMMITTEE*

Sec. 2-1381. Created.

The Animal Services Advisory Committee is created.

Sec. 2-1382. Membership.

(a) The Animal Services Advisory Committee shall be composed of seven members appointed as provided in this division; and each member shall be a resident of the city who has a recognized interest in the preservation and quality of animal life, as follows:

(1) Place one shall be a practicing veterinarian licensed in the city and a member of the county veterinarian association, and shall be appointed to the committee by the city council.

(2) Places two, three, four, and five shall be members from the community at large and shall be nominated and appointed by the city council.

(3) Places six and seven shall be members from the community at large and shall be appointed by the mayor.

(b) The Director of the Animal Services Center and the Director of the Huntsville/Madison County Health Department, or his designee, shall serve as ex officio (nonvoting) members of the committee. The ex officio members shall serve throughout the length of the respective terms of the directors.

(c) Initially, places one and two shall be appointed for three-year terms; places three and four shall be appointed for two-year terms; and places five, six and seven shall be appointed for one-year terms. After the initial terms, each place shall be appointed for three-year terms.

(d) An appointee shall cease to be a member of the committee upon the appointee's death or resignation or upon the appointee's ceasing to reside in the city. Appointments to fill any vacancies on the committee shall be made only for the unexpired portion of the term so vacated.

(e) Committee members shall serve without compensation, except that committee members may be reimbursed for reasonable and necessary expenses which are incurred in the performance of their duties provided that sufficient funds have been appropriated for that purpose by the city council.

Sec. 2-1383. Organization and meetings.

(a) The Animal Services Advisory Committee shall meet and organize as soon as possible after appointments. The committee shall annually

*__Cross reference—__Animals, ch. 5.

elect from among its members a chairman, vice-chairman and a secretary. The committee, after election of its own officers, shall keep or cause to be kept a full and complete record of all of its proceedings. Such records shall set forth the reasons for the committee's decisions. The records of the committee shall be open for public inspection at the office of the director of the animal control center during normal business hours.

(b) The Animal Services Advisory Committee shall establish rules and regulations for its own procedures consistent with the provisions of this section. The committee shall hold regular meetings at least once every calendar month at any time fixed by rule or resolution of the committee. The chairman or any three members of the committee may call a special meeting for any stated purpose on at least 24 hours' notice to each member by mail or telephone. Four members of the Animal Services Advisory Committee shall constitute a quorum for the transaction of business. No committee member shall act in any case in which he has a personal interest. Any official action of this committee must be by majority vote of those present and voting.

Sec. 2-1384. Assistance.

The Director of the Animal Services Center shall furnish services from his staff to assist the Animal Services Advisory Committee on its functions.

Sec. 2-1385. Authority and duties generally.

The Animal Services Advisory Committee shall have the following duties and authority:

(1) As a principal function, to advise and give recommendations to the Director of the Animal Services Center on the management of the city's Animal Services Center and program.

(2) To hold public hearings and conduct public meetings at which citizens of the city are invited to comment on any aspect of the animal control program.

(3) To make recommendations to the Director of the Animal Services Center concerning

the organization, administration, financing and/or regulations of the Animal Services Department of the city.

(4) To assist the Director of the Animal Services Center in collecting and disseminating information and conducting educational programs relating to the activities and programs that are being carried out by the animal control program.

(5) To encourage voluntary cooperation of interested citizens and affected groups to achieve the goals and objectives of the animal control program.

(6) To form subcommittees to assist in carrying out its functions.

(7) To submit periodic reports to the mayor, city council and Director of the Animal Services Center concerning activities of the committee.

DIVISION 6. BEAUTIFICATION BOARD

Sec. 2-1401. Created.

The Beautification Board is created.

Sec. 2-1402. Membership.

(a) The beautification board shall be composed of 21 members, 18 of which shall be appointed by the city council and three of which shall serve as provided in this section.

(b) Members of the board shall be appointed and serve as follows:

(1) The city council shall appoint 18 members, to numbered places one through 18, to serve for a term of three years, and until their successors shall be appointed and qualified. Six members shall be appointed each year with terms commencing on October 1st of the year of appointment and expiring on September 30th of the third year following appointment.

(2) The operation green team director, or such other person as the director designates.

(3) The executive director of the Huntsville Botanical Garden, during his or her term as such.

(4) A member of the county legislative delegation who represents any portion of the city selected by the entire county delegation, for a term designated by the delegation, but such term shall not exceed the term of the designee in such legislative office.

(c) No person shall be eligible to serve on the board who is not a bona fide resident citizen of the City of Huntsville. However, any current member of the board who is not a bona fide resident citizen of the City of Huntsville at the time this ordinance is enacted shall be allowed to complete his or her term.

(d) Vacancies on the board shall be filled by appointment in the same manner and on the same conditions provided for initial members. Appointments to fill vacancies shall be for the unexpired term. An appointee shall cease to be a member upon resignation to the city council, by no longer being a resident of the City of Huntsville, or upon two-thirds vote of the board for failure to attend meetings. However, any current board member who is not a citizen of the City of Huntsville at the time the ordinance is adopted shall be permitted to complete his or her term.

(e) The members of the board shall serve without compensation but may be reimbursed for the reasonable and necessary expenses actually incurred in the performance of their duties, provided, however, such expenses shall be limited to such amounts as may be appropriated by the city council.
(Ord. No. 10-65, 2-11-2010; Ord. No. 11-259, § 1, 5-12-2011; Ord. No. 14-971, § 1, 1-8-2015; Ord. No. 21-559, § 1, 7-8-2021)

Sec. 2-1403. Organization and meetings.

(a) The Beautification Board shall hold regular meetings at such time and place within the city as it may determine; provided, however, that the board shall hold at least one meeting every 90 days.

(b) At the first meeting of the board, the members shall elect one of its number as the chairman and one of its number as secretary. The board shall have the discretion to split the duties of secretary between a recording secretary and a corresponding secretary. Thereafter, the board shall annually elect from among its number a chairman and secretary or secretaries and such other officers as it may from time to time determine necessary and appropriate for the conduct of board proceedings. The ex officio members of the board shall not be eligible to be officers.

(c) Vacancies in the office of chairman and secretary and in other offices as herein provided shall be filled by the board from among the membership of the board for the unexpired term.

(d) The chairman of the board or any six members of the board may call a meeting at any time.

(e) The chairman and any nine members of the board shall constitute a quorum for the conduct of business at all regular or special meetings.

(f) A thorough record of all meetings of the board shall be kept by the secretary. On the call of any member, the vote upon any pending question shall be taken by ayes and nays and the same shall be entered on the record. A record of the proceedings of the board shall be open to the mayor and to any member of the city council and to the public at all reasonable times. All meetings of the board shall be open to the public.
(Ord. No. 11-259, § 2, 5-12-2011)

Sec. 2-1404. Appropriations.

The city council shall appropriate such funds from the general fund which it may deem necessary for the reasonable and necessary expenses of the Beautification Board.

Sec. 2-1405. Powers and duties.

The beautification board shall have the following powers and duties:

(a) Create committees and subcommittees composed entirely of members of the board, or composed of members of the board along with nonmember citizens of the City of Huntsville selected by the board.

(b) Plan and conduct a City of Huntsville Beautification Awards program for businesses located in the City of Huntsville. The board may also charge and collect an administrative fee to participate in the program.

(c) Plan and conduct programs to recognize those homeowners or businesses that have shown significant initiative in beautifying their properties and to report any eyesore property (business or home) to the City of Huntsville for action if deemed appropriate.

(d) At the request of the green team director, the beautification board may assist in the City of Huntsville Green Team's programs.

(Ord. No. 86-136, 3-27-1986; Ord. No. 14-971, § 2, 1-8-2015)

DIVISION 7. BURRITT MEMORIAL COMMITTEE*

Sec. 2-1421. Created.

The Burritt Memorial Committee is created.

Sec. 2-1422. Membership.

(a) The Burritt Memorial Committee shall consist of ten members.

(b) A majority of the membership of the committee shall be composed of members of the female sex. No member of the committee may be an officer or employee of the city.

(c) The members of the committee shall be appointed by the city council to serve as follows: two members to serve until October 1, 1956, and until their successors are elected and qualified;

*__Editor's note—__The purposes, structure, and composition of the Burritt Memorial Committee are dictated by the last will and testament of the late Dr. William Henry Burritt.

__Cross reference—__Cemeteries, ch. 9.

two members to serve until October 1, 1957, and until their successors are elected and qualified; two members to serve until October 1, 1958, and until their successors are elected and qualified; two members to serve until October 1, 1959, and until their successors are elected and qualified; two members to serve until October 1, 1960, and until their successors are elected and qualified. At the first regular meeting of the city council in the month of September of each year, the council shall select successors of the members of the committee whose term expires on October 1 following, and the persons so selected shall become members of the committee on October 1 following and shall hold such position for a period of five years and until their successors are elected and qualified. Should the city council fail to elect such members at its first meeting in September of each year, it shall do so at any succeeding regular meeting. A member of the committee may succeed himself or herself if the city council desires to reelect him or her. Whenever a vacancy occurs in the membership of the committee by resignation, death or any cause, the city council shall immediately fill such vacancy by electing another person to membership on the committee, who shall serve for the remainder of the unexpired term of the member he or she succeeds and until his or her successor is elected and qualified.

(d) No member of the committee shall receive any compensation for his or her services.

(e) Notwithstanding the foregoing, effective October 1, 2010, the term of each member shall be three years, and the term of each member who has served for three or more years in his or her current term shall expire on October 1, 2010, but each such member shall continue to hold such position until his or her successor is elected and qualified.

(f) Notwithstanding the foregoing, the membership of the committee shall change as follows:

(1) Effective October 1, 2009, the committee shall consist of 13 members,

(2) Effective October 1, 2010, the committee shall consist of 17 members, and

(3) Effective April 1, 2022 the committee shall consist of 17 members in numbered places one through 17.

(Ord. No. 09-1208, 12-17-2009; Ord. No. 22-72, § 1, 2-10-2022)

Sec. 2-1423. Officers, rules of order.

Within ten days after the Burritt Memorial Committee has been appointed and qualified as provided in this division, the committee shall meet and elect its own officers and prescribe its own rules of order. Thereafter, the committee shall meet monthly. The committee shall keep accurate minutes of each meeting, and they shall be available for inspection by the mayor or any member of the city council.

Sec. 2-1424. Duties.

(a) The Burritt Memorial Committee shall be vested with the management, control and supervision of the Dr. William Henry Burritt Museum and Park.

(b) The overall duties of the committee shall be to supervise and govern the maintenance and operation of the park and museum. The committee shall have full authority to employ and discharge employees in carrying out their duties. The committee shall, within 30 days following its appointment, after being constituted as provided in this division, and yearly thereafter on or before September 1, adopt a detailed budget of estimated expenditures for the coming year, which shall be transmitted in a formal communication to the city council. Upon its receipt, the city council shall make suitable provisions for the appropriation from the Dr. William Henry Burritt Memorial Fund as provided for in this section for the use of the committee for the performance of its duties as set out in this division. The committee may, in its discretion, make a small charge for those viewing the museum, which amount shall be transmitted daily to the city clerk-treasurer for deposit by the city clerk-treasurer in the Burritt Memorial Fund.

Secs. 2-1425—2-1450. Reserved.

DIVISION 8. CITY TREE COMMISSION*

Sec. 2-1451. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Adopted standards means those standards of tree maintenance, trimming clearances, and methods of protecting trees during construction, adapted from recognized national standards (such as the National Arborist Association, International Society of Arboriculture, etc.) recommended for local adoption by the tree commission and ratified by the city council.

Owner means the possessor of title to the land on which particular trees stand, or his agent; in the case of a tree on public rights-of-way, utility easements or land on which another public interest has been granted, ownership rights and responsibilities are as defined in section 27-52 in the absence of other specific provisions by deed or other binding agreement.

Public land means any land belonging to the city. For the purposes of this definition, federal, state and county land is excluded from this category unless the city has specifically assumed responsibility for its maintenance.

Shrub. See *Trees and shrubs.*

Trees and shrubs means all woody vegetation, whether naturally occurring or planted. Rights, responsibilities and standards applying to trees shall, from a legal standpoint, apply to shrubs as well.

Tree bank means a noncommercial nursery where trees and shrubs are maintained for transplanting to school grounds or to other public lands or public rights-of-way, utility easements, or land on which another public interest has been granted.

Tree commission means the city forestry horticulture supervisor, any member of the tree commission, or any individual assigned or contracted by the tree commission, acting in pursuit of the objectives of this division within its scope and within the bounds of law.

Tree removal, commercial, means commercial practices, including pruning of trees, and removal of trees in the following situations: trees on property approved for occupancy by the inspection department, trees being removed under contract in the course of utility or right-of-way maintenance, or trees being removed by any person who receives compensation commercially. This shall not be construed to include bona fide loggers, individuals personally removing or working on trees on their own land, or heavy equipment operators whose work may include whole tree removal as a normal element of site preparation.

Tree service, commercial, means commercial practices, including pruning, cavity filling, wound treatment, bracing, cabling, and other repairs; the feeding of trees; protection of trees from lightning, insects and disease. For the purposes of this definition, any licensed commercial tree service operator shall be authorized to provide tree removal services as defined in this section.

Utility, private, means a commercial service distributed by use of the public streets, alleys and easements of the city by use of the facilities and fixtures located in such places but not regulated by the state public service commission.

Utility, public, means a service distributed by wire, pipe or airwaves to customers and either regulated by the state public service commission (as in the case of telephone service) or not regulated by the state public service commission but established as a municipal utility (as in the case of water, electric, and gas service).

(Ord. No. 96-952, §§ 1—4, 11-25-1996)

Cross reference—Definitions generally, § 1-2.

Sec. 2-1452. Created.

The Tree Commission is created.

Sec. 2-1453. Membership.

(a) The Tree Commission shall consist of eight voting members and nonvoting ex officio members as follows:

(1) One employee of the city's utility company having knowledge of both engineering problems and tree maintenance problems;

*__Cross reference—__Vegetation, ch. 27.

(2) One professional forester, botanist or horticulturist employed by an agency of government or an educational institution having knowledge of urban forestry problems and licensed as required in the state for the conduct of his profession;

(3) Two professional members such as licensed tree service operators, licensed architects or landscape architects, licensed landscaping contractors or others as appropriate;

(4) Four other voting members selected at large from the residents of diverse parts of the city and chosen for their knowledge of, concern about and participation in issues affecting the city's tree population; and

(5) As nonvoting ex officio members, representatives of the departments of community development, recreation and landscape management, public works services, parking and public transit, the inspection division and the forestry horticulture supervisor.

(b) The utilities employees shall be appointed by the general manager of the utility company; the forester, botanist or horticulturist shall be appointed by the city council; one professional member and two at-large members shall be appointed by the mayor and like numbers by the city council.

(c) All terms of office of voting members shall be two years, except that the initial terms of the professional and at-large members shall be staggered according to the direction of the appointing authorities. Vacancies caused by death, resignation or otherwise shall be filled for the unexpired term in the same manner as the original appointments were made. Members will continue to serve after the expiration of their appointed terms until replacements are made and installed.

(d) Any member who fails to attend more than three regular meetings within a 12-month period, without justification satisfactory to the remaining members of the commission, will be considered to have resigned his appointment and will be replaced for the balance of his term by the appointing authority.

(e) All appointed members will serve without pay though the city may choose to reimburse members for out-of-town travel in the line of duty and other expenses incurred with prior consent of the mayor's office.

Sec. 2-1454. Meetings; officers.

The Tree Commission shall conduct regular meetings and other called meetings as needed. It shall make its own rules of order, keep records of its proceedings, and annually elect from its voting members a chairman, vice-chairman, and such other officers as it may deem necessary; the forestry horticulture supervisor shall act as its secretary-treasurer. A majority of its voting members shall constitute a quorum for the transaction of business.

Sec. 2-1455. Duties.

(a) The Tree Commission shall:

(1) Study problems involving the city's tree population, determine needs, compose and annually review a city tree plan, and seek ways to implement needed work;

(2) Develop standards of tree maintenance and other specifications such as to foster the city's tree population, protect persons and property against injury, provide for safe and efficient passage of persons, vehicles and utilities through recognized rights-of-way;

(3) Act as the board of appeals, to review contested decisions and actions of the forestry horticulture supervisor;

(4) Assist the community and its officials in disseminating information about protection, maintenance and improvement of the city's tree population;

(5) Propose such legislation as may be needed and practicable to pursue the end for which the Tree Commission was created;

(6) Plan and coordinate an annual Arbor Week observance each year in cooperation with schools, conservation organizations, and other interested parties; and

(7) Monitor the licensure of tree service companies practicing in the city and initiate action toward enforcement of this division and chapter 27, article II.

(b) The Tree Commission may undertake and participate in cooperative projects, including but not limited to the following:

(1) Recycling of leaves, chips, firewood, logs and other byproducts of tree maintenance;

(2) Development of tree planting systems in conjunction with other public and/or private agencies;

(3) Development and use of a tree bank in cooperation with other public and/or private agencies;

(4) Development of a botanical garden for the city;

(5) Education of the public concerning tree maintenance;

(6) Providing technical advice and assistance to developers, builders, contractors, etc., in the selection and protection of naturally occurring trees during the development of wooded areas; and

(7) Communication with such professional and technical services as it may see fit within the scope of this division.

(c) The Tree Commission shall compose annually and present to the mayor's office during the month of July a city tree plan; and upon its acceptance and approval, it shall constitute the official comprehensive plan for the management of the city's tree population.

Sec. 2-1456. Priorities.

(a) The Tree Commission, with the assistance of the forestry horticulture supervisor, shall develop an orderly process for identifying public tree needs, including, but not limited to, maintenance, removals, planting, replacement and public education, and shall be empowered to purchase or contract for needed products and services within the city's normal fiscal limitations.

(b) The Tree Commission shall establish priorities for reports made by the forestry horticulture supervisor.

Sec. 2-1457. Budget.

The budget for all technical and administrative activities planned for the Tree Commission shall be developed by the forestry horticultural supervisor. The city council will appropriate funds for the same as items in the natural resources and environmental management department budget.

Sec. 2-1458. Authorization to conduct financial transactions.

The Tree Commission is empowered to accept and use donations to obligate authorized public funds and to conduct other financial business in conformity with established procedures of the city in the proper conduct of its assigned work.

Sec. 2-1541. Established.

There is established in the city an historic preservation commission which is designated and shall be known as "The Huntsville Historic Preservation Commission."
(Code 1982, § 10-41)

Sec. 2-1542. Members; terms; vacancies.

(a) The Historic Preservation Commission created in this division shall be composed of nine members, including one member of the city council designated by it, the manager of planning and the manager of inspection. The members of the commission first appointed, except the manager of planning, the manager of inspection and the member of the city council, who shall all serve by virtue of and whose terms shall correspond with the respective terms of their offices, shall serve for terms of one, two, three, four, five and six years respectively, as shall be specified by the mayor at the time of their appointment. Thereafter, the members of the commission, except the ex officio members, shall serve for terms of six years.

(b) At the expiration of the term or the death or resignation of any member, the resulting vacancy shall be filled for the unexpired term of such member in the same manner as provided in subsection (a) of this section.

(c) No distinction shall be made between the ex officio members and other members of the commission.

(d) At least three of the members appointed by the mayor shall reside in and own homes in an historic preservation district within the city at the time of their appointment. At any time that there are fewer than three members of the commission appointed by the mayor who are resident owners, the next subsequent appointments shall be limited to such persons until there are three such appointed members.
(Code 1982, § 10-42)

Sec. 2-1543. Duties, powers.

The Historic Preservation Commission is vested with all of the duties and powers authorized to be delegated to such a commission under the terms of Code of Ala. 1975, §§ 11-68-4—11-68-12, and under the terms of Act No. 1307 of 1971 and enumerated in such statutes and act. To the extent there are any conflicts between such statutes and such act, such statutes shall control; however, no action shall be taken by the commission concerning any property within any historic preservation district without prior notice to the owner of the property, according to the rules of the commission; and no owner may be required to open his property to any tour of any kind for public viewing.

DIVISION 13. HUNTSVILLE ICE SKATING COMPLEX BOARD OF CONTROL

Sec. 2-1561. Created.

The Huntsville Ice Skating Complex Board of Control is created.

Sec. 2-1562. Membership.

(a) The Huntsville Ice Skating Complex Board of Control shall consist of seven members.

(b) The terms of the members of the initial board shall be and are made by the city council as follows:

Position No.	*Term (years)*
1	5
2	3
3	1
4	5
5	5

Position No.	*Term (years)*
6	3
7	1

(c) Thereafter, at the end of the stated term of each member of the initial board, all appointments to positions 1, 3, 5 and 7 of the board shall be appointed by the city council; and all appointments to positions 2, 4 and 6 of the board shall be appointed by the mayor. Each appointment shall be for a term of three years. Vacancies in any position shall be filled for any unexpired term by the governing authority who originally made the appointment to that position.

(d) In addition, the mayor shall have the authority with the approval by a majority of the city council to appoint two ex officio directors who shall have the authority to attend all meetings of the board and be recognized and enter into all discussions on matters before the board. These ex officio members shall have the same rights as other directors to vote on matters coming before the board, but such ex officio members shall not serve as officers. The ex officio directors shall serve for such term as may be determined by the mayor, but not to exceed the mayor's term. Any regular or ex officio directors may be reappointed for one or more successive terms.

Sec. 2-1563. Officers.

The members of the Huntsville Ice Skating Complex Board of Control shall, in accordance with the bylaws of the board of control, elect one of their number as chairman, one of their number as vice-chairman, one of their number as secretary, and one of their number as treasurer. One person may serve as secretary and treasurer. Officers shall be entitled to succeed themselves. Vacancies shall be filled by the board for the unexpired terms.

Sec. 2-1564. Quorum; conflicts, action by board.

Four members of the Huntsville Ice Skating Complex Board of Control shall constitute a quorum for the transaction of business. No member shall act in any case in which he has a personal financial interest. Actions of the board of control shall be by majority of those present.

Sec. 2-1565. Policies.

The Huntsville Ice Skating Complex Board of Control shall have the authority to adopt written policies and guidelines for usage of the ice skating and related facilities, including rates, a copy of which shall be furnished to the mayor and the city council. These policies may provide for the manager or director to negotiate agreements for use of the facilities, but all such agreements shall be subject to the approval of the board of control. The policies and guidelines may be amended, from time to time, at the discretion of the board of control, provided that copies of all such amendments are furnished to the mayor and council.

Sec. 2-1566. Expenses of members; salaries of employees.

The members of the Huntsville Ice Skating Complex Board of Control shall receive no compensation whatever for their services, nor shall they receive compensation or per diem for attending meetings; however, actual and necessary expenses incurred in the performance of their duties may be paid. The board of control shall not be required to adhere to the general salary structure of the city general fund in connection with the hiring of employees; however at the annual budget review meeting with the council, the board of control and the council will review the employees' salary structure of the board of control.

Sec. 2-1567. Treasurer; bond; duties; assistants.

The Huntsville Ice Skating Complex Board of Control shall elect from its members a treasurer and such assistant treasurers as it deems advisable, each of whom shall give bond with corporate surety in the amount of $10,000.00, payable to the board of control and to the city, with condition to discharge faithfully all the duties of their respective offices. The expenses or premiums of such bond shall be paid by the board of control out of its revenues. The treasurer elected by the board of control shall have custody and, subject to the

direction of the board of control, control of all operating revenues and funds of the board of control. The treasurer shall have the right, subject to direction of the board of control, to invest and reinvest all operating revenues and funds of the board of control in such deposits and investments that are, at such time, approved deposits or investments for city funds.

Sec. 2-1568. Powers.

(a) The Huntsville Ice Skating Complex Board of Control is granted custody of and authorized to maintain, control, operate and manage for and on behalf of the city the present Huntsville ice skating complex or any new complex to be constructed and owned by the city (collectively, the "facility"). They shall adopt from time to time, amend and repeal bylaws, rules and regulations governing the facility provided such bylaws and rules and regulations are not in conflict with this division or any laws of the state. They shall have the power to arrange, sponsor, contract for and conduct programs, tournaments, shows, exhibitions, contests, skating leagues, performances, meetings, skating lessons and other recreational activities in the facility for the advancement of the cultural and civic interest and welfare of the citizens of the city.

(b) Subject to the requirements of this division or any laws of the state, the additional powers which the board of control may exercise in order to effectuate the purposes delineated in subsection (a) of this section shall include but are not necessarily limited to the following:

(1) Charge, establish and revise fees for admission, parking and other events conducted at the facility;

(2) Rent, lease or otherwise provide all or any part of the facility for tournaments, shows, leagues, programs, lessons, exhibitions, contests, performances, skating leagues and other recreational activities;

(3) Acquire, hold, sell and otherwise dispose of any personal property, subject, in the case of any acquisition of personal property, to a budget approved by the council or the available excess funds of the board not needed for any current year's expenditures;

(4) Subject to the provisions of section 2-1570, make, enter into and execute such contracts, agreements, and other instruments and take such other actions as may be necessary or convenient to accomplish any purpose of the board or to exercise any power that is either expressly granted to the board or must, by necessary implication, be exercisable by it in order to accomplish any purpose in this division;

(5) Receive and accept, in the name of the city, from any source, aid, contributions, bequests and devises, whether in the form of money, property, labor or other things of value, to be held, used and applied by the board to carry out the purposes expressed in this division, subject to any lawful condition upon which they may be given or made;

(6) Subject to the limitations set forth in section 2-1570, appoint, employ and contract with such employees and agents, including, without limitation, managers, teachers, professional skating instructors, attorneys, accountants, financial experts, fiscal agents and such other advisors, consultants and agents as may be in the judgment of the board necessary or desirable, and to fix their compensation;

(7) Enter into such management and other contracts as may in the judgment of the board be necessary or desirable in order to delegate and perform more effectively, efficiently or economically the day-to-day operations of the facility as well as various clerical, accounting and administrative functions for which the board may become responsible in the exercise of the powers conferred upon it in this division;

(8) If not otherwise provided by the city, and subject to the limitations set forth in section 2-1570, procure or agree to procure from any insurance company, insurance protecting any member of the board

of control, the board or the facility from liabilities under broad form coverages and errors and omission coverages;

(9) Accumulate all income, operating revenues and other funds of the board not required for immediate use and apply all such accumulated funds to the cost of extensions, renovations, repairs and improvements to the facility, as may be determined by the board; however, no such extensions, renovations, improvements or repairs shall obligate the city beyond the amounts, if any, appropriated by the city to the board for such purposes;

(10) Arrange, contract for, conduct, lease or sponsor a skate or pro shop for the repair, rental and sale of skates and related items and to arrange, contract for, conduct, lease and sponsor a snack bar and any other related activities necessary or useful for the enjoyment of the facility;

(11) In general, and subject to the limitations and conditions as provided, exercise such other powers necessary or incidental to the powers conferred in this division, or conducive to the attainment of the purposes of the board; and

(12) Establish and maintain deposit and investment accounts in the name of the board with banks, savings and loans and other institutions, including but not limited to money market funds, and make all deposits and withdrawals as the board of control may authorize.

Sec. 2-1569. Advertising authorized.

The Huntsville Ice Skating Complex Board of Control may advertise its facility, programs, tournaments, shows, exhibitions, performances, events and other recreational activities on behalf of the city and may expend such funds as may be appropriated to it for that purpose or such additional funds as may be in the possession of the board in excess of the amounts necessary to meet any expenditures required to be paid by the board of control. No material for the advertising and promotion carried on by the board shall directly promote any privately owned business or entity.

Sec. 2-1570. Purchases and contracts.

(a) The board shall have the power to make contracts in the name of the board for the purposes set forth in section 2-1568 and for acquisition of personal property or services to be used in furtherance of the purposes for which the board has been created, and to execute all contracts necessary or convenient for such purposes; however, the board shall have no power or authority to obligate the city beyond the amount appropriated by the council for its purposes.

(b) In making expenditures for personal property or services authorized in this division, the board of control shall, in all respects, comply with Code of Ala. 1975 tit. 41, ch. 16 (Code of Ala. 1975, § 41-16-1 et seq.); however, as to property that is stocked or purchased in quantity by the purchasing agent of the city, the board may requisition such property from the inventory of the city at cost; and where tangible personal property is to be acquired by the board which is the same or substantially similar to like property acquired by the purchasing agent of the city, the board of control may request that the needs of the city and the board be acquired by joint bid and purchase, in which case the property shall be acquired by the purchasing agent of the city and transferred to the board of control at the unit or pro rata price.

(c) The board of control shall designate a person employed by the board or the city to act as the board's purchasing agent and may provide, by resolution or bylaw entered upon the minutes of the board, that the purchasing agent so designated shall have the authority to act as awarding authority for and on behalf of the board in all or any specified class of purchases; however, if a bid is received for an item of personal property to be purchased or contracted for from a person who has continuously maintained a place of business within the city for which a business license has been paid to the city during the current and immediately preceding license year, deemed to be a responsible bidder, which such bid is no more than three percent greater than the bid of the lowest responsible bidder, and where such personal property is either manufactured within the city or regularly warehoused and stored for dis-

tribution at a place within the city, the awarding authority shall award the contract to such resident responsible bidder.
(Ord. No. 97-887, § 2, 11-20-1997; Ord. No. 98-29, § 1, 1-22-1998; Ord. No. 02-52, 2-14-2002)

Sec. 2-1571. Budget.

In accordance with the terms of section 2-152, the Huntsville Ice Skating Complex Board of Control shall submit a detailed budget of estimated expenditures for the fiscal year commencing October 1 of each year and a five-year capital plan. The council shall set aside and appropriate for the use of the board, for the maintenance and operation of the facility, and for the other authorized purposes of the board, either all or such part of such estimated budget as may be available or is by the council deemed proper. Notwithstanding an approved budget, the board of control shall not be prevented from expending its excess funds not needed to meet its anticipated yearly expenses for such purchases, improvements, renovations, repairs and extensions as the board may deem best advisable, so long as the city does not become obligated beyond the amount appropriated in such budget.

Sec. 2-1572. Officers and employees.

The Huntsville Ice Skating Complex Board of Control shall have the power to appoint a manager and such other officers and employees as it may deem necessary and desirable, and to fix its duties, authorities and compensation. The manager of the facility appointed by the board shall be responsible to the board of control for the day-to-day administration of the facility and for the supervision and control of the other officers and employees of the board.

Sec. 2-1573. Audit.

At least once each year, the Huntsville Ice Skating Complex Board of Control shall appoint an independent public accountant to conduct an examination or review in accordance with generally accepted auditing standards of all books and accounts of the board of control since the preceding examination, and to make a full report in writing, under oath, which shall be submitted by the board to the council, the city clerk-treasurer and the mayor at its first meeting after the completion of such report.

DIVISION 14. HUNTSVILLE-MADISON COUNTY CONVENTION AND VISITORS BUREAU BOARD OF DIRECTORS

Sec. 2-1591. Created.

The Huntsville-Madison County Convention & Visitors Bureau Board of Control is created.

Sec. 2-1592. Membership.

(a) The Huntsville-Madison County Convention & Visitors Bureau Board of Directors shall consist of seven members whose appointments and terms shall be as follows:

(1) Of the members first appointed, three members from the current board of the Huntsville Convention & Visitors Bureau shall be appointed, one by the mayor for a term of three years and two by the city council for a term of one and two years respectively.

(2) Two members from the current advisory committee of the Madison County Tourism Board and one member at-large shall be appointed by the county commission for terms of one year, two years and three years respectively.

(3) One member from the Von Braun Center Board of Control shall be appointed by that board for a term of four years.

(4) Following the initial terms, the term of all appointed members shall be for four years. Vacancies shall be filled for the unexpired term by the appointing agencies in the same manner in which original appointments were made.

(5) The city council and the county commission may each, at their discretion, appoint one ex officio, nonvoting member to the Huntsville-Madison County Convention & Visitors Bureau Board of Directors.

(b) The members of the board of directors shall receive no compensation for their services, nor shall they receive compensation or per diem for attending meetings; however, actual and necessary expenses, in amounts no greater than those appropriated by the city council, incurred in the performance of their duties, may be paid.

Sec. 2-1593. Quorum.

Four members of the Huntsville-Madison County Convention & Visitors Bureau Board of Directors shall constitute a quorum for the transaction of business. No member shall act in any case in which he has a personal financial interest. Actions of the board shall be by a majority of those present. The time and place of meetings shall be posted, and legal notice shall be given as required by state law.

Sec. 2-1594. Officers.

The members of the Huntsville-Madison County Convention & Visitors Bureau Board of Directors shall, in accordance with the bylaws of the board, elect one of their members as chairman, one of their members as vice-chairman, one of their members as secretary, and one of their members as treasurer. Officers shall be entitled to succeed themselves. Vacancies shall be filled by the board by election for any unexpired terms.

Sec. 2-1595. Staff.

The Huntsville-Madison County Convention & Visitors Bureau Board of Directors shall have the power to appoint a director and such other officers and employees as it may deem necessary and desirable and to fix its duties, authorities and compensation. The director of the Huntsville-Madison County Convention & Visitors Bureau appointed by the board shall be responsible to the board for the day-to-day administration of the bureau and for the supervision and control of the other officers and employees of the board.

Sec. 2-1596. Powers.

(a) The Huntsville-Madison County Convention & Visitors Bureau Board of Directors is granted custody of and authorized to maintain, control, operate and manage for and on behalf of the city and the county the Huntsville-Madison County Convention & Visitors Bureau. This agency shall be a full-service public organization responsible for marketing the city-county as a convention site and tourist destination; to increase lodging tax and sales tax receipts, thus increasing the economic base for the city and the county. The board of directors shall adopt from time to time, amend and repeal bylaws, rules and regulations governing the operations of the Huntsville-Madison County Convention & Visitors Bureau provided such bylaws and rules and regulations are not in conflict with this division or any laws of the state.

(b) The board of directors shall have the power to:

(1) Appoint officers, hire employees and fix their compensation;

(2) Make contracts;

(3) Set policy and oversee programs necessary to bring convention delegates and visitors into the community in an effort to increase visitor spending and thereby boost the economic base in the city and the county; and

(4) Execute all instruments necessary or convenient to promote the city and the county as a convention site and visitor destination.

(c) The board of directors shall be a municipal board of the city, a municipal corporation of the state, subject to the terms of that certain "Agreement Between the City and the Madison County Commission for the Creation of the Huntsville-Madison County Convention and Visitors Bureau" as manifested by city Resolution No. 91-122, adopted and approved on March 26, 1991, and as the agreement shall be from time to time amended between the city and the county. Any provision of this section to the contrary notwithstanding, the lawful contracts of the board shall be the contracts of the city to the extent authorized in this division, all property of the board shall be the property of the city subject to management and control of the board, and all employees of the board shall be employees of the city but shall be entitled to the benefits and subject to the

terms of the bylaws and the personnel policies and procedures as may be approved by the board, and not the benefits or general personnel policies and procedures of the city pertaining to the city's general fund employees who serve under the general administration of the mayor.

Sec. 2-1597. Custody of funds.

The Huntsville-Madison County Convention & Visitors Bureau Board of Directors shall elect from its members a treasurer and such assistant treasurers as it deems advisable, each of whom shall give bond with corporate surety in the amount of $10,000.00, payable to the board and to the city and the county commission jointly, condition to discharge faithfully all the duties of their respective offices. The expenses or premiums of such bond shall be paid by the board. The treasurer elected by the board shall have custody of all funds of the board.

Sec. 2-1598. Budget.

The Huntsville-Madison County Convention & Visitors Bureau Board of Directors shall submit to the mayor and county commission chairman a detailed budget of estimated expenditures for the fiscal year commencing October 1 of that year. The city council shall set aside and appropriate for the use of the board not less than half of the lodging tax receipts generated by the five percent city lodging tax. An agreement with the county will be signed outlining the appropriation of funds from the county to the Huntsville-Madison County Convention & Visitors Bureau. The county funds will be comprised of the lodging tax receipts generated by the one-half percent regional lodging tax. It is the intent of both the city and the county commission that the respective appropriations shall be not less than $605,000.00, and $200,000.00 annually.

Sec. 2-1599. Audit.

At least once each year, the Huntsville-Madison County Convention & Visitors Bureau Board of Directors shall appoint an independent public accountant to conduct an examination in accordance with generally accepted auditing standards of all books and accounts of the board since the preceding examination, and to make a full report in writing, under oath, which shall be submitted by the board to the council and mayor and the county commission at its first meeting after the completion of such report.

Sec. 2-1600. Advertising.

The Huntsville-Madison County Convention & Visitors Bureau is authorized by the board of directors to advertise and promote city- and county-owned and operated facilities, including but not limited to the Von Braun Center, Huntsville Museum of Art, Huntsville Depot Museum, Constitution Hall Village, Burritt Museum and Park and other cultural and recreational facilities of the city and county. In addition, the bureau may include in its advertising and promotional efforts, material directly advertising and promoting the use of tourist or visitors attractions operated by the state, the county, the city or any public corporation operating within the county, including the U.S. Space & Rocket Center, the Huntsville-Madison County Marina & Port Authority, Monte Sano State Park, and the various parks and recreational facilities of the city and the county. In addition, the bureau may advertise, as part of its general advertising and promotional efforts, the existence of publicly owned and operated landmarks and structures and also the publicly designated historical preservation districts and historical structures of the city and county. No material for the advertising and promotion carried on by the bureau shall directly promote any privately owned business or facility; however, informational material and maps may designate the geographical location, within the city and the county of shopping centers, hotels, restaurants, golf courses, etc., and particular businesses by name where all such businesses in a particular class are identified on a nondiscriminatory basis. The bureau shall also make published promotional material available to the public on a nondiscriminatory basis.

Sec. 2-1601. Advisory committee.

(a) In order to assist the staff of the Huntsville-Madison County Convention & Visitors Bureau in formulating and carrying out its tourism and convention advertising and promotional pro-

grams, there is created a convention and tourism advisory committee composed of seven members to be appointed by the mayor (two appointments), city council (two appointments), and county commission (three appointments).

(b) The advisory committee shall be comprised of persons from the hospitality industry, including representatives from hotels and motels, restaurants, attractions and museums, transportation agencies (airlines, car rental agencies), although appointments would not be limited to persons in these categories.

(c) Each member of the advisory committee shall serve for a term of two years.

(d) Expenses of the advisory committee incurred in the performance of its duties shall be paid by the board; however, no member shall receive compensation for his services.

DIVISION 15. HUNTSVILLE-MADISON COUNTY EMERGENCY MANAGEMENT BOARD*

Sec. 2-1621. Created.

The Huntsville-Madison County Emergency Management Board is created.

Sec. 2-1622. Created; membership.

(a) The Huntsville-Madison County Emergency Management Board shall consist of five members who shall be designated as serving in places 1, 2, 3, 4, and 5, all of whom must be resident citizens of Madison County, and who shall be appointed as follows:

(1) Two members to be appointed by the city council to serve in places 1 and 3.

(2) Two members to be appointed by the Madison County Commission to serve in places 2 and 4.

(3) One member to be appointed by the City Council of the City of Madison.

(b) Each person who is elected to serve as a member of the Huntsville-Madison County Emergency Management Board shall, before entering upon his duties, take an oath in writing, which oath shall be substantially as follows:

> I, _____, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of Alabama, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter. And I do further swear (or affirm) that I do not advocate, nor am I a member of any political party or organization that advocates, the overthrow of the government of the United States or of this state by force or violence; and that during such time as I am a member of the Huntsville-Madison County Emergency Management Board, I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence.

(c) Members of the board shall be selected as follows:

(1) The member for place No. 1 selected by the city council.

(2) The member for place No. 2 selected by the Madison County Commission.

(3) The member for place No. 3 selected by the city council.

(4) The member for place No. 4 selected by the Madison County Commission.

(5) The member for place No. 5 selected by the City Council of the City of Madison.

(d) At the first regular meeting of the city council in the month of June of each year, at which an appointment of the Huntsville-Madison County Emergency Board shall be made by the city council, the council shall elect a successor of

*__State law references__—Emergency management, Code of Ala. 1975, § 31-9-1 et seq.; local emergency management, Code of Ala. 1975, § 31-9-10 et seq.

the member of the board whose term expires on July 1, following, and the person so elected shall become a member of the board on July 1 following and shall hold such position for a period of five years and until his or her successor is elected and qualified. Should the city council fail to elect a successor as set forth in this section at the meeting in June, it may do so at any succeeding regular meeting of such body. A member of the board may succeed himself if reelected.

(e) The members of the Huntsville-Madison County Emergency Management Board shall serve without compensation but may be reimbursed for their reasonable and necessary expenses incurred in the performance of their duties.

(f) Members of the board may be removed from office in the same manner and on the same grounds provided by the general law of this state for the impeachment and removal of other officers, as set out in Section 175 of the 1901 Constitution of Alabama. The director may be removed by impeachment in the same manner, or by a two-thirds vote of the board, subject to the approval of the city council, the Madison County Commission and the City Council of the City of Madison.

(g) Whenever a vacancy occurs in the membership of the board by resignation, inaction, death or other cause, if the member is an appointee of the city, the city council shall immediately fill the vacancy by electing another person to membership on the board, who shall serve for the remainder of the unexpired term of the member he succeeds and until his successor is elected and qualified. The appointment to the board of any member shall set forth the designated place to be occupied by the member.
(Ord. No. 13-655, § 1, 9-26-2013)

Sec. 2-1623. Organization.

At the first meeting of the Huntsville-Madison County Emergency Management Board, the members shall elect one of the members as chairman and one of the members as secretary; thereafter, the board shall annually elect from its members a chairman and a secretary. Vacancies in the office of the chairman and secretary shall be filled by the board if and when such vacancies shall occur.

Sec. 2-1624. Meetings.

The Huntsville-Madison County Emergency Management Board shall hold regular meetings at least once each month, at such time and place as may be determined by the board, and other meetings at such times and places as its members may elect. The chairman of the board, or any three members of the board, may call a meeting at any time he or they consider that the business demands that a meeting be held. The chairman and two members, or any three members of the board in the absence of the chairman, shall constitute a quorum. A true record of all the proceedings of all meetings of the board shall be kept by the secretary. At the call of any member, the vote of any pending question shall be taken by ayes and nays. The meeting shall be open to any member of the governing body and to the public at all times; and a copy of the record, certified by the secretary, shall be competent evidence in all courts.

Sec. 2-1625. Powers and duties.

The Huntsville-Madison County Emergency Management Board is vested, subject to the control of the city council, with all the powers of the City of Huntsville with respect to establishing, maintaining and operating an emergency management agency, and in addition, to such powers as shall be vested in said board by the Madison County Commission and the City Council of the City of Madison. The board shall not have the have the power to sue or to be sued, nor shall any title to any property be vested in said board; but any property or interest in property accruing to it shall be jointly vested in the City of Huntsville, Alabama, Madison County, Alabama, and the City of Madison, Alabama and shall be held by the Board for the City of Huntsville, Madison County and the City of Madison.
(Ord. No. 13-655, § 2, 9-26-2013)

Sec. 2-1626. Annual reports.

The Huntsville-Madison County Emergency Management Board shall make an annual report to the city council, the Madison County Commission and the City Council of the City of Madison, showing in detail the operations and accomplishments of the board for its preceding fiscal year,

the physical condition of the property under the care of the board and any other matters of public interest connected with the board.
(Ord. No. 13-655, § 3, 9-26-2013)

Sec. 2-1627. Appropriations to board.

The board will prepare and submit an annual budget to each participating member entity (City of Huntsville, Madison County and City of Madison). The city council shall appropriate such sum from the general fund as it may deem necessary for the operation of the Huntsville-Madison County Emergency Management Board based upon population of the participating member entities and other criteria.

DIVISION 18. METRO-KIWANIS SPORTSPLEX ADVISORY COMMITTEE

Sec. 2-1701. Created.

The Metro-Kiwanis Sportsplex advisory committee is created.
(Ord. No. 95-538, § 1, 8-10-1995)

Sec. 2-1702. Membership.

(a) The Metro-Kiwanis Sportsplex advisory committee shall be composed of a total of five members appointed from residents of the city who have a recognized interest in the activities which take place at the Metro-Kiwanis Sportsplex. Initial members of the committee shall be appointed as follows: one for a term of one year, two for a term of two years, and two for a term of three years.

(b) Two of the members of the committee shall be members in good standing of the Kiwanis Club of Metropolitan Huntsville. One shall be an

initial two-year member, and the other shall be an initial three-year member. The Kiwanis Club of Metropolitan Huntsville, by duly adopted resolution, shall propose a list of nominees (not less than three in number) for each of these two member positions to the mayor. The mayor shall appoint from each of these two lists of nominees a member to serve on the committee. In the case of a vacancy resulting from the expiration of the stated term of membership on the committee, the Kiwanis Club shall, not more than 90 or less than ten days prior to the expiration of such term, by duly adopted resolution, propose a list of nominees (not less than three in number) for each member position which is to become vacant. In the case of a death or resignation, such list shall be proposed within 30 days following the occurrence of the vacancy.

(c) Of the other members of the committee, the member initially serving a term of one year shall be appointed by the mayor. The other two committee members, one serving an initial term of two years and the other serving an initial term of three years, shall be appointed by the city council. Each of these three members shall be a participant in the activities conducted at the facility.

(d) As the terms of all the members expire, their successors shall be appointed for terms of three years by the appointing authority. A vacancy occurring during the term of an appointment shall be filled by the appropriate appointing authority for the remainder of the unexpired term.

(e) An appointee shall cease to be a member upon resignation, upon ceasing to be a resident of the city, or as otherwise provided by ordinance or law.

(f) The committee members shall serve without compensation.
(Ord. No. 95-538, §§ 2, 5, 8-10-1995)

Sec. 2-1703. Organization and meetings.

(a) The Metro-Kiwanis Sportsplex advisory committee shall meet and organize as soon as possible after appointments. The committee shall elect annually from among its members a chairman and a secretary. The committee, after election of its own officers, shall keep or cause to be kept a full and complete record of all of its proceedings. Such records shall set forth the reasons for the committee's decisions. The records of the committee shall be open for public inspection at the office of the manager of recreation services during normal business hours.

(b) The sportsplex advisory committee shall establish rules and regulations for its own procedures consistent with the provisions of this division. The committee shall hold regular meetings at least once every other calendar month from March through September at any time fixed by rule or resolution of the committee. During the period from October through February, meetings shall be held as determined necessary by a majority of the committee. The chairman or any three members of the committee may call a special meeting for any stated purpose on at least 24 hours' notice to each member by mail or telephone. Three members of the sportsplex advisory committee shall constitute a quorum for the transaction of business. No committee member shall act in any case in which he has a personal interest. Any official action of this committee must be by majority vote of those present and voting.
(Ord. No. 95-538, § 3, 8-10-1995)

Sec. 2-1704. Authority and duties generally.

(a) The Metro-Kiwanis Sportsplex advisory committee shall have the following duties and authority:

(1) The principal function of the sportsplex advisory committee is to advise and give recommendations to the manager of recreation services on the long range planning, coordination of tournaments, and promotion of the sportsplex facility.

(2) To encourage, provide for and coordinate the cooperation and assistance of citizens with programs and tournament activities at the sportsplex facility.

(b) No action of the committee shall be binding upon the city or any of its officers or employees. The authority of the committee is advisory only. (Ord. No. 95-538, § 4, 8-10-1995)

DIVISION 19. MUSEUM BOARD

Sec. 2-1731. Created.

The museum board is created.

Sec. 2-1732. Membership.

(a) The museum board shall consist of 13 members to be appointed by the city council for a term of six years. Vacancies shall be filled for unexpired terms in the manner in which original appointments are made. All members who are presently serving shall be permitted to serve out the term for which they have been appointed.

(b) The members of the museum board shall receive no compensation whatever for their services, nor shall they receive compensation or per diem for attending meetings; however, actual and necessary expenses, in amounts no greater than those appropriated by the city council, incurred in the performance of their duties, may be paid.
(Ord. No. 09-876, § 1, 10-8-2009)

Sec. 2-1733. Quorum; conflicts; actions by board.

Seven members of the museum board shall constitute a quorum for the transaction of business. No member shall act in any case in which he has a personal interest. Actions of the board shall be by majority of those present.
(Ord. No. 09-876, § 2, 10-8-2009)

Sec. 2-1734. Officers; bonds required.

The museum board shall elect from its membership a treasurer and such assistant treasurers as it deems advisable, each of whom shall give bond with corporate surety in the amount of $10,000.00, payable to the city, and conditioned upon the faithful discharge of the duties of such person. The expense or premium of such bonds shall be paid by the museum board. The treasurer elected by the museum board shall have custody of all funds of the board, subject to the control of the museum board.

Sec. 2-1735. Powers.

(a) The museum board is authorized and directed to operate the Huntsville Museum. Such board shall adopt from time to time, amend and repeal bylaws, rules and regulations governing the facilities of the city entrusted to its operation and management provided such bylaws and rules and regulations are not in conflict with this section or any laws of the state related to museum establishment and maintenance.

(b) The museum board shall have the power to:

(1) Do the acts and things necessary to carry out the objectives and the purposes set forth in this division;

(2) Acquire by purchase, gift or loan any money, securities, objects of art, and other property, other than real property, for museum purposes and uses;

(3) Buy and sell, and otherwise deal, in the name of the city, in property necessary to carry out its objectives;

(4) Cooperate with any public or private corporation or organization;

(5) Do any lawful act necessary or expedient to improve museum facilities for the people of the city;

(6) Provide for the exhibition, particularly to students of the public schools and in general to the population of the city, of statuary and all forms of the graphic and decorative arts and other fine arts;

(7) Encourage by appropriate means the cultivation of artistic talents and recognition of artistic achievements;

(8) Provide rules and regulations for its governance and the governance of its officials, employees and personnel under contract to it, and of any premises or property which may, from time to time, be in its custody;

provided such rules and regulations are in accordance with and do not conflict with or otherwise violate any provision of this Code or other ordinance or resolution of the city. In the exercise of its power, the Museum Board shall have no power or authority to obligate the city beyond the amount appropriated by the city council for its purposes.

Sec. 2-1736. Management, custody and control of objects of art; no right to sue or be sued.

The management, custody and control of any sculptures, paintings and other objects of art belonging to the city which the city council may by resolution place under the control and management of the Museum Board shall be vested in the Museum Board, and the board shall exercise, subject to the control of the city council, all the powers of the city with respect to establishing, maintaining and operating a museum of fine arts, which shall bear the name of Huntsville Museum of Art; however, the board shall coordinate museum policy with the Burritt Museum of the city, to the end that the last will and testament of Dr. William Henry Burritt will at all times be observed, and to the end that the policies of the two boards shall not conflict. Any conflicting policy of the two Museum Boards, certified to the council by either body, shall be resolved by resolution of the city council.

Sec. 2-1737. Budget, appropriations; financial procedures.

(a) The Museum Board shall submit to the mayor, on or before June 30 of each year, a detailed budget of estimate expenditures for the fiscal year commencing October 1 of that year. The city council may set aside and appropriate for the use of the board, for the maintenance of the museum, and for the other authorized purposes of the board, either all or such part of such estimated budget as may be available, or as may be deemed proper.

(b) The amounts appropriated from time to time by the city council for the support and maintenance of the museum shall be held by the treasurer of the board, and shall be paid out only for approved expenditures, upon vouchers approved by the board, or upon vouchers approved by the chairman or vice-chairman of the board. In all cases of payments made upon the approval of vouchers by the chairman or vice-chairman, such approval and payment shall be submitted to and reviewed by the board at its next regular meeting. All such vouchers shall be retained in the office of the board as part of the permanent records of the board.

(c) Funds, other than those appropriated by the city council, shall be administered by the Museum Board and expended by it for authorized purposes only, for the operation of the Huntsville Museum of Art, including the carrying out of any of the objectives or purposes set forth in this section, and all pertinent books and records shall at all times be subject to inspection and audit by the city clerk-treasurer of the city, or other person designated by the mayor or the city council.

(d) For the purpose of coordinating the accounting with that used in the office of the city clerk-treasurer, the city clerk-treasurer is authorized to determine the method of accounting for all receipts and expenditures of the Museum Board, including the form of vouchers and general accounting records.

Sec. 2-1738. Yearly audit required.

At least once each year, the Museum Board shall appoint independent public accountants to

conduct an examination in accordance with generally accepted auditing standards of all books and accounts of the board not kept by the city clerk-treasurer since the preceding examination and to make a full report in writing, under oath, which shall be submitted by the board to the council and mayor at its first meeting after the completion of such report.

Sec. 2-1739. Purchases; contracts.

Subject to the limitations provided in this division, the Museum Board shall have the power to make contracts in the name of the board for the acquisition of property or services to be used in furtherance of the purposes for which the board has been created, and to execute all contracts necessary or convenient for such purposes; however, the board shall have no power or authority to obligate the city beyond the amount appropriated by the council for its purposes. In making expenditures for personal property or services authorized in this division, the board shall, in all respects, comply with the competitive bid law of the state, Code of Ala. 1975, § 41-16-1 et seq.; however, as to property that is stocked or purchased in quantity by the purchasing agent of the city, the board may requisition such property from the inventory of the city at cost; and where tangible personal property is to be acquired by the board which is the same or substantially similar to like property acquired by the purchasing agent of the city, the board may request that the needs of the city and the board be acquired by joint bid and purchase, in which case such property shall be acquired by the purchasing agent of the city and transferred to the board at the unit or pro rata price. The board shall designate a person employed by the board to act as the board's purchasing agent, and may provide, by resolution or bylaw entered upon the minutes of the board, that the purchasing agent so designated shall have the authority to act as awarding authority for and on behalf of the board in all or any specified class of purchases; however, if a bid is received for an item of personal property to be purchased or contracted for from a person who has continuously maintained a place of business within the city for which a business license has been paid to the city during the current and immediately preceding license year, deemed to be a responsible bidder, which such bid is no more than three percent greater than the bid of the lowest responsible bidder, and where such personal property is either manufactured within the city or regularly warehoused and stored for distribution at a place within the city, the awarding authority shall award the contract to such resident responsible bidder.

(Ord. No. 97-55, § 2, 1-23-1997)

Sec. 2-1834. Powers.

The Von Braun Center Board of Control is granted custody of and authorized to maintain, control, operate and manage for and on behalf of the city, the Von Braun Center heretofore established. The board shall adopt from time to time, amend and repeal bylaws, rules and regulations governing the facilities of the Von Braun Center provided such bylaws, rules and regulations are not in conflict with this section or any laws of the state. The board shall have the power to:

(1) Arrange, sponsor and conduct programs and exhibits in the center for the advancement of the cultural, civic and scientific

interest and welfare of the citizens of the city, and for the advancement of the humanities;

(2) Promote, sponsor and operate in the center exhibitions and recreational activities;

(3) Charge fees for admission;

(4) Rent or lease all or part of the center for exhibitions, shows, performances or meetings;

(5) Accept or receive in the name of the city gifts, bequests and devises; and

(6) Do all things necessary or convenient to carry out the powers explicitly given in this section.

(Ord. No. 97-55, § 3, 1-23-1997)

Sec. 2-1835. Advertising.

The Von Braun Center Board of Control may advertise its facilities, programs and events on behalf of the city and may expend such funds as may be appropriated to it for that purpose.
(Ord. No. 97-55, § 4, 1-23-1997)

Sec. 2-1836. Purchases; contracts.

Subject to the limitations provided in this division, the Von Braun Center Board of Control shall have the power to make contracts in the name of the board for the acquisition of personal property or services to be used in furtherance of the purposes for which the board has been created, and to execute all contracts necessary or convenient for such purposes; however, the board shall have no power or authority to obligate the city beyond the amount appropriated by the council for its purposes. In making expenditures for personal property or services authorized in this division, the board shall, in all respects, comply with Code of Ala. 1975, tit. 41, ch. 16 (Code of Ala. 1975, § 41-16-1 et seq.); however, as to property that is stocked or purchased in quantity by the city, the board may requisition the property from the inventory of the city at cost; and where tangible personal property is to be acquired by the board which is the same or substantially similar to like property acquired by the city, the board may request that the needs of the city and the board be acquired by joint bid and purchase, in which case the property shall be acquired by the city and transferred to the board at the unit or pro rata price. The board shall designate a person employed by the board to act as the board's purchasing agent, and may provide, by resolution or bylaw entered upon the minutes of the board, that the purchasing agent so designated shall have the authority to act as awarding authority for and on behalf of the board in all or any specified class of purchases; however, if a bid is received for an item of personal property to be purchased or contracted for from a person who has continuously maintained a place of business within the city for which a business license has been paid to the city during the current and immediately preceding license year, deemed to be a responsible bidder, which such bid is no more than three percent greater than the bid of the lowest responsible bidder, and where such personal property is either manufactured within the city or regularly warehoused and stored for distribution at a place within the city, the awarding authority shall award the contract to such resident responsible bidder.
(Ord. No. 97-55, § 5, 1-23-1997)

Sec. 2-1837. Officers.

The members of the Von Braun Center Board of Control shall, in accordance with the bylaws of the board, elect one of their number as chairman, one of their number as vice-chairman, and one of their number as secretary-treasurer. Officers shall be entitled to succeed themselves as provided for in the bylaws of the board. Vacancies in any office shall be filled by the board for any unexpired term.
(Ord. No. 97-55, § 6, 1-23-1997; Ord. No. 23-202, 3-23-2023)

Sec. 2-1838. Manager, officers, and employees.

The Von Braun Center Board of Control shall have the power to appoint a manager and such other officers and employees as it may deem necessary and desirable, and to fix their duties, authorities and compensation. The manager of the Von Braun Center appointed by the board

shall be responsible to the board for the day-to-day administration of the center and for the supervision and control of the other officers and employees of the board.
(Ord. No. 97-55, § 7, 1-23-1997)

Sec. 2-1839. Bonds or insurance required.

The Von Braun Center Board of Control shall assure that appropriate controls are in place to assure the proper and safe handling of all funds and the record keeping of all financial accounts and business transactions. The board shall assure that appropriate bonds or insurance policies are in place to protect the board and the City of Huntsville, Alabama against financial losses due to mishandling, theft, fraud, embezzlement of funds or other similar actions or inactions on the part of board members, officers, or employees. The board shall pay for the costs or premiums of such bonds or insurance.
(Ord. No. 97-55, § 8, 1-23-1997; Ord. No. 23-202, 3-23-2023)

Sec. 2-1840. Compensation.

The members of the Von Braun Center Board of Control shall receive no compensation whatever for their services, nor shall they receive compensation or per diem for attending meetings; however, actual and necessary expenses, in amounts no greater than those appropriated by the city council, incurred in the performance of their duties, may be paid. Employees' salaries shall adhere to the general salary structure of the city's general fund, as far as practical, and at the annual budget review meeting with the council, the Von Braun Center Board of Control and the city council will review the employees salary structure of the board.
(Ord. No. 97-55, § 9, 1-23-1997)

Sec. 2-1841. Budget required.

The Von Braun Center Board of Control shall submit to the mayor, on or before June 30 of each year, a detailed budget of estimated expenditures for the fiscal year commencing October 1 of that year. The city council shall set aside and appropriate for the use of the board, for the maintenance and operation of the Von Braun Center, and for the other authorized purposes of the board, either all or such part of such estimated budget as may be available or is, by the city council, deemed proper.
(Ord. No. 97-55, § 10, 1-23-1997)

Sec. 2-1842. Yearly audit required.

At least once each year, the art museum shall appoint independent public accountants to conduct an examination in accordance with generally accepted auditing standards of all books and accounts of the Von Braun Center Board of Control not kept by the city clerk-treasurer since the preceding examination and to make a full report in writing, under oath, which shall be submitted by the board to the council and mayor at its first meeting after the completion of such report.
(Ord. No. 97-55, § 12, 1-23-1997)

Sec. 2-1843. Policies of the board.

The Von Braun Center Board of Control shall, as soon as possible, generate a set of written policies and guidelines for usage of the facilities and rates to be charged for usage, whereupon the policy, and all revisions to the policy, will be delivered to the city council and mayor. The policy shall not be changed or amended unless the proposed change is first presented in writing to the mayor and city council at least ten days prior to its adoption.

DIVISION 25. HUNTSVILLE TENNIS CENTER BOARD OF CONTROL*

Sec. 2-1881. Established; members, terms vacancies.

(a) There is hereby created and established in the city a board to be known as the Huntsville Tennis Center Board of Control, referred to in this article as the "board," which shall consist of seven members, whose appointments and terms shall be as follows:

(b) The names and terms of the members of the initial board shall be and hereby are made by the city council as follows:

Position No.	*Term*
1	3 years
2	2 years
3	1 year
4	3 years
5	2 years
6	1 year
7	3 years

(c) Thereafter, at the end of the stated term of each member of the initial board, all appointments to positions 1, 2, 3, 4, and 5 of the board shall be appointed by the city council and all appointments to positions 6 and 7 of the board shall be appointed by the mayor. Each appointment shall be for a term of three years. Vacancies in any position shall be filled for any unexpired term by the governing authority who originally made the appointment to that position.

(d) In addition, the mayor shall have the authority with the approval by a majority of the city council to appoint two ex officio directors who shall have the authority to attend all meetings of the board and be recognized and enter into all discussions on matters before the board, but who shall serve for such term as may be determined by the mayor but not to exceed the mayor's term. Any regular or ex officio directors may be reappointed for one or more successive term(s).
(Ord. No. 04-829, § 1, 10-28-2004)

Sec. 2-1882. Officers.

The members of the board shall, in accordance with the by-laws of the board, elect one of their number as chairman, one of their number as vice chairman, one of their number as secretary and one of their number as treasurer. One person may serve as secretary and treasurer. Officers shall be entitled to succeed themselves. Vacancies shall be filled by the board for the un-expired terms.
(Ord. No. 04-829, § 2, 10-28-2004)

Sec. 2-1883. Quorum; conflicts, action by board.

Four members of the board shall constitute a quorum for the transaction of business. No member shall act in any case in which he has a personal financial interest. Actions of the board shall be by majority of those present.
(Ord. No. 04-829, § 3, 10-28-2004)

Sec. 2-1884. Policies.

The board shall have the authority to adopt written policies and guidelines for usage of the tennis complex and related facilities at John Hunt Park, including rates, a copy of which shall be furnished to the mayor and the council of the city (the "council"). Said policies may provide for the manager or director to negotiate agreements for use of the facilities, but all such agreements shall be subject to the approval of the board. The policies and guidelines may be amended, from time to time, at the discretion of the board, provided that copies of all such amendments are furnished to the mayor and council.
(Ord. No. 04-829, § 4, 10-28-2004; Ord. No. 05-217, § 1, 3-22-2005)

*__Editor's note—__Ord. No. 04-829, §§ 1—12, adopted Oct. 28, 2004, did not expressly amend this Code; hence, inclusion of its provision as div. 25, §§ 2-1881—2-1892, of ch. 2, art. VIII was at the editor's discretion.

Sec. 2-1885. Expenses of members; salaries of employees.

The members of the board shall receive no compensation whatever for their services, nor shall they receive compensation or per diem for attending meetings; provided, however, that actual and necessary expenses, incurred in the performance of their duties, may be paid. The board shall not be required to adhere to the general salary structure of the city general fund in connection with the hiring of employees, provided, however, that at the annual budget review meeting with the council, the board and the council will review the employees' salary structure of the board.
(Ord. No. 04-829, § 5, 10-28-2004)

Sec. 2-1886. Treasurer; bond; duties; assistants.

The board shall elect from its members a treasurer and such assistant treasurers as it deems advisable, each of whom shall give bond with corporate surety in the amount of $10,000.00, payable to the board to the city, with condition to discharge faithfully all the duties of their respective offices. The expenses or premiums of such bond shall be paid by the board out of its revenues. The treasurer elected by the board shall have custody and, subject to the direction of the board, control of all operating revenues and funds of the board. The treasurer shall have the right, subject to direction of the board, to invest and reinvest all operating revenues and funds of the board in such deposits and investments that are, at such time, approved deposits or investments for city funds.
(Ord. No. 04-829, § 6, 10-28-2004)

Sec. 2-1887. Powers.

(a) The board is hereby granted custody of and authorized to maintain, control, operate and manage for and on behalf of the city, the new Huntsville Tennis Center at John Hunt Park, including any future additions thereto, (collectively the "facility"), which is owned by the city. The board shall adopt from time to time, amend and repeal bylaws, rules and regulations governing the facility; provided, however, that such bylaws and rules and regulations are not in conflict with this article or any laws of the state. They shall have the power to arrange, sponsor, contract for and conduct programs, tournaments, shows, exhibitions, contests, tennis leagues, meetings, tennis lessons and other recreational activities at the facility for the advancement of the recreational, athletic, cultural and civic interest and welfare of the citizens of the city.

(b) Subject to the requirements of this article or any laws of the state, the additional powers which the board may exercise in order to effectuate the foregoing purposes shall include, but not necessarily be limited to, the following:

(1) Charge, establish and revise fees for use, parking, and other events conducted at the facility;

(2) Rent, lease or otherwise provide all or any part of the facility for tournaments, shows, leagues, programs, lessons, exhibitions, contests, performances, tennis leagues and other recreational activities;

(3) Acquire, hold, sell and otherwise dispose of any personal property, subject, in the case of any acquisition of personal property, to the available excess funds of the board not needed for any current year's expenditures;

(4) Subject to the provisions of section 2-1889 hereof, make, enter into and execute such contracts, agreements, and other instruments and to take such other actions as may be necessary or convenient to accomplish any purpose of the board referenced herein or to exercise any power that is either expressly granted to the board hereunder or must, by necessary implication, be exercisable by it in order to accomplish any purpose herein;

(5) Receive and accept, in the name of the city, from any source, aid, contributions, bequests and devises, whether in the form of money, property, labor or other things of value, to be held used and applied by the board to carry out the purposes herein

expressed, subject to any lawful condition upon which the same may be given or made;

(6) Subject to the limitations set forth in section 2-1889, appoint, employ and contract with such employees and agents, including, without limitation, managers, teachers, professional tennis instructors, attorneys, accountants, financial experts, fiscal agents and such other advisors, consultants and agents as may be in the judgment of the board necessary or desirable, and to fix their compensation. The foregoing notwithstanding, all city employees assigned to the Tennis Center at Brahan Spring Park, as of the date of adoption of the ordinance enacting this division, shall become employees of the board and shall continue to receive the same salary, plus approved cost of living adjustments, step raises and health insurance benefits, as they would have received had they remained employees of the city (hereinafter the "retained employees"). The retained employees shall be guaranteed such salary for a period of no less than one year from the date of transfer of employment to the board, subject to satisfactory job performance. All accrued annual leave, sick leave, and compensatory time off, subject to the carry-over caps of the city, shall follow the retained employees, and shall not be diminished by the board. Upon termination of employment, any remaining leave of any such retained employee shall be paid out by the board as provided under the personnel policies and procedures of the city. For purposes of this division only, retained employees using accrued leave shall be deemed to be using leave which was accrued first in time. For purposes of this division, and for a period of one year from the date of transfer of employment, any retained employee shall be treated in the same manner as all other city employees in connection with city job openings;

(7) Enter into such management and other contracts as may in the judgment of the board be necessary or desirable in order to delegate and perform more effectively, efficiently or economically the day-to-day operations of the facility as well as various clerical, accounting and administrative functions for which the board may become responsible in the exercise of the powers herein conferred upon it;

(8) If not otherwise provided by the city, and subject to the limitations of section 2-1889, procure or agree to procure from any insurance company, insurance protecting any member of the board, the board or the facility from liabilities under broad form coverages and errors and omission coverages;

(9) Accumulate all income, operating revenues and other funds of the board not required for immediate use and apply all such accumulated funds to the cost of extensions, renovations, repairs and improvements to the facility, as may be determined by the board; provided, however, that no such extensions, renovations, improvements or repairs shall obligate the city beyond the amounts, if any, appropriated by the city to the board for such purposes;

(10) Arrange, contract for, conduct, lease or sponsor a pro shop for the sale, rental, or repair of tennis rackets, equipment, and related items and to arrange, contract for, conduct, lease and sponsor a snack bar and any other related activities necessary or useful for the enjoyment of the facility;

(11) In general, and subject to the limitations and conditions as are now or may hereafter be provided, to exercise such other powers necessary or incidental to the powers conferred herein, or conducive to the attainment of the purposes of the board; and

(12) Establish and maintain deposit and investment accounts in the name of the board with banks, savings and loans and other institutions (including, but not lim-

ited to, money market funds) and to make all deposits and withdrawals therefrom as the board may authorize.
(Ord. No. 04-829, § 7, 10-28-2004; Ord. No. 05-217, § 2, 3-22-2005)

Sec. 2-1888. Advertising authorized.

The board may advertise its facility, programs tournaments, shows, exhibitions, performances, events and other recreational activities on behalf of the city and may expend such funds as may be appropriated to it for that purpose or such additional funds as may be in the possession of the board in excess of the amounts necessary to meet any expenditures required to be paid by the board. No material for the advertising and promotion carried on by the board shall directly promote any privately owned business or entity.
(Ord. No. 04-829, § 8, 10-28-2004)

Sec. 2-1889. Purchases and contracts; limitations.

(a) The board shall have the power to make contracts in the name of the board for the purposes set forth in section 2-1887 hereof and for acquisition of personal property or services to be used in furtherance of the purposes for which the board has been created, and to execute all contracts necessary or convenient for said purposes; provided, however, the board shall have no power or authority to obligate the city beyond the amount appropriated by the council for its purposes.

(b) In making expenditures for personal property or services herein authorized, the board shall, in all respects, comply with the competitive bid law of the state, Code of Ala. 1975, § 41-16-50 et seq.; provided, however, that as to property that is stocked or purchased in quantity by the purchasing agent of the city, the board may requisition said property from the inventory of the city at cost; and further provided, that where tangible personal property is to be acquired by the board which is the same or substantially similar to like property acquired by the purchasing agent of the city, then the board may request that the needs of the city and the board be acquired by joint bid and purchase, in which case said property shall be acquired by the purchasing agent of the city and transferred to the board at the unit or pro-rata price.

(c) The board shall designate a person employed by the board of the city to act as the board's purchasing agent, and may provide, by resolution or bylaw entered upon the minutes of the board, that the purchasing agent so designated shall have the authority to act as awarding authority for and on behalf of the board in all or any specified class of purchases; provided, however, that in the event a bid is received for an item of personal property to be purchased or contracted for from a person who has continuously maintained a place of business within the city for which a business license has been paid to the city during the current and immediately preceding license year, deemed to be a responsible bidder which such bid is no more than three percent greater than the bid of the lowest responsible bidder, and where such personal property is either manufactured within the city or regularly warehoused and stored for distribution at a place within the city, the awarding authority shall award said contract to such resident responsible bidder.
(Ord. No. 04-829, § 9, 10-28-2004)

Sec. 2-1890. Budget.

In accordance with the terms of the city's budget management ordinance (Ord. No. 90-462) [section 2-152 of this Code], the board shall submit a detailed budget of estimated expenditures for the fiscal year commencing October 1 of each year and a five-year capital plan. The council shall set aside and appropriate for the use of the board, for the maintenance and operation of the facility, and for the other authorized purposes of the board, such part of such estimated budget as may be available or is, by the council, deemed proper. The foregoing notwithstanding, the city is not obligated to make any annual appropriation to the board. Notwithstanding an approved budget, the board shall not be prevented from expending its excess funds not needed to meet its anticipated yearly expenses for such purchases, improvements, renovations, repairs and exten-

sions as the board may deem best advisable, so long as the city does not become obligated beyond the amount appropriated in such budget.
(Ord. No. 04-829, § 10, 10-28-2004)

Sec. 2-1891. Officers and employees.

The board shall have the power to appoint a manager and such other officers and employees as they may deem necessary and desirable, and to fix their duties, authorities and compensation. The manager of the facility appointed by the board shall be responsible to the board for the day-to-day administration of the facility and for the supervision and control of the other officers and employees of the board.
(Ord. No. 04-829, § 11, 10-28-2004)

Sec. 2-1892. Audit.

At least once each year the board shall appoint an independent public accountant to conduct an examination or review in accordance with generally accepted auditing standards of all books and accounts of the board since the preceding examination, and to make a full report thereof in writing, under oath, which shall be submitted by the board of council, clerk-treasurer of the city, and mayor at its first meeting after the completion of such report. The foregoing notwithstanding, the city, through its finance department, is authorized to conduct an examination or review of all books and accounts of the board at any time, provided reasonable notice of such examination or review is provided to the board by the city.
(Ord. No. 04-829, § 12, 10-28-2004)

DIVISION 26. HUNTSVILLE MUSIC BOARD

Sec. 2-1900. Membership.

(a) Of the regular members first appointed, four members shall serve initial terms of one year, and five members shall serve initial terms of two years. Vacancies shall be filled for unexpired terms in the manner in which original appointments are made. The terms of all appointed members next appointed after the expiration of the original terms shall be two years. Members may be appointed to one additional term upon the expiration of their initial term on the board.

(b) All members shall be appointed by the mayor.

(c) All members shall be residents of Madison or Limestone County, Alabama.

(d) An appointee shall cease to be a member of the board upon the appointee's death or resignation or upon the appointee's ceasing to reside in Madison or Limestone County, Alabama. Appointments to fill any vacancies on the committee shall be made only for the unexpired portion of the term so vacated.

(e) Members shall receive no compensation whatsoever for their services, nor shall they receive compensation or per diem for attending meetings; provided, however, that actual and necessary expenses, in amounts no greater than those appropriated by the city council, incurred in the performance of their duties, may be paid.
(Ord. No. 19-1051, § 1, 11-21-2019)

Sec. 2-1901. Ex officio members.

The city's manager of urban and long range planning or his/her designee and the director of urban development or his/her designee shall serve as non-voting, ex officio members of the board. An ex officio member shall not be eligible to serve as an officer of the board.
(Ord. No. 19-1051, § 2, 11-21-2019)

Sec. 2-1902. Quorum action by board.

Five regular members of the city music board shall constitute a quorum for the transaction of business. No member shall act in any case in which he or she has a personal interest. Actions by the board shall be by majority of those present.
(Ord. No. 19-1051, § 3, 11-21-2019)

Sec. 2-1903. Meetings.

The city music board shall hold regular meetings at such time and place within the city as it may determine; provided, however, that the board shall hold at least one meeting every 90 days.
(Ord. No. 19-1051, § 4, 11-21-2019)

Sec. 2-1904. Music board goals.

The goals of the city music board are as follows:

(1) Help establish, promote and maintain the city as a music friendly city;

(2) Increase the profile of the city's music scene;

(3) Provide support in implementing long-term music audit recommendations that will foster music sector growth for the benefit of the city and its citizens;

(4) Connect with other cities to share best practices, information and talent exchange;

(5) Support music education within the community;

(6) Lead the research and development of a Huntsville Music Month;

(7) Help establish, promote, and assist with music related commerce (festivals, conferences, etc.);

(8) Advocate for the sustainability of the music sector in the city, including the affordability of living and working spaces; and

(9) Support the development of a music economy in the city.

(Ord. No. 19-1051, § 5, 11-21-2019)

Sec. 2-1905. Duties.

The city music board shall have the following duties:

(1) Performing research and providing guidance to the city and outside industry with regard to policies and projects;

(2) Support local authorities, communities, and development within the city to protect existing music spaces and the creation of new music opportunities;

(3) Increase the resilience and sustainability of the music sector in the city;

(4) Assisting with and supporting music industry development;

(5) Conducting strategic planning exercises for various music initiatives;

(6) Reviewing of licensing and legislation, and recommending updates;

(7) Participating in marketing and promotion efforts for the regional music scene;

(8) Liaising with complementary arts organizations.

(Ord. No. 19-1051, § 6, 11-21-2019)

Sec. 2-1906. Chairman, secretary, officers and committees.

At the first meeting of the city music board, the members shall elect one of its number as the chairman and one of its number as secretary. Thereafter, the board shall annually elect from among its number a chairman and secretary and such other officers as it may from time to time determine necessary and appropriate for the conduct of board proceedings. The music board may also create from among its members committees as it deems appropriate to further the accomplishment of its goals and duties.

inclusion of such notice on the city's website and by publication in a newspaper of general circulation of the City of Huntsville, Alabama.

Exhibit A

THE CITY OF HUNTSVILLE, ALABAMA GRIEVANCE PROCEDURE UNDER THE AMERICANS WITH DISABILITIES ACT

This Grievance Procedure is established to meet the requirements of the Americans with Disabilities Act of 1990 ("ADA"). It may be used to file a complaint alleging discrimination on the basis of disability in employment practices or in the provision of services, activities, programs or benefits by the City of Huntsville. For regular, full-time City employees, the City's Personnel Policies and Procedures govern employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, telephone number of the complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.

A Title I ADA related complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than thirty (30) calendar days after the alleged violation to:

Byron K. Thomas
Director of Human Resources and ADA Coordinator
City Administration Building
308 Fountain Circle
Huntsville, AL 35801
Telephone (256) 427-5240/Fax (256) 427-5245
ADA.CoordTitleI@hsvcity.com

A Title II ADA related complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than sixty (60) calendar days after the alleged violation to:

Melissa S. Stokes
Compliance Coordinator and ADA Coordinator
City Administration Building
308 Fountain Circle
Huntsville, AL 35801
Telephone (256) 427-7182/Fax (256) 427-7039
ADA.CoordTitleII@hsvcity.com

Within fifteen (15) calendar days after receipt of the complaint, the ADA Coordinator or his/her designee will meet with the complainant to discuss the complaint and the possible resolutions. Within fifteen (15) calendar days of the meeting, the ADA Coordinator or his/her designee will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the City of Huntsville and offer options for substantive resolution of the complaint.

If the response by ADA Coordinator or his/her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision of ADA Coordinator to the Huntsville City Council in writing within fifteen (15) calendar days after receipt of the response by filing a request for a review and hearing with the President of the City Council with a copy of the appeal request being submitted also to the ADA Coordinator.

The President of the City Council shall schedule a hearing before the City Council within-in forty-five (45) calendar days of the date of receipt of the appeal to discuss the complaint and possible resolutions. Within thirty (30) calendar days after the hearing, the City Council shall render a decision in a format accessible to the complainant.

Exhibit B

NOTICE UNDER THE AMERICANS WITH DISABILITIES ACT

Title I: The City of Huntsville, Alabama, does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under Title I of the Americans with Disabilities Act of 1990 ("ADA"). Anyone with a Title I ADA related issue should contact Byron K. Thomas, ADA Coordinator, at City Administration Build-

ing, 308 Fountain Circle, Huntsville, AL 35801, Telephone: (256) 427-5240, Fax: (256) 427-5245, Email: ADA.CoordTitleI@hsvcity.com.

Title II: In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Huntsville, Alabama, will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities. Anyone with a Title II ADA related issue should contact Melissa S. Stokes, ADA Coordinator, at City Administration Building, 308 Fountain Circle, Huntsville, AL 35801, Telephone: (256) 427-7182, Fax: (256) 427-7039, Email: APA.CoordTitleII@hsvcity.com.

Effective Communication: The City of Huntsville will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in the City of Huntsville's programs, services and activities, including qualified sign language interpreters, documents in Braille, and other ways of making information and communications accessible to people who have speech, hearing, or vision impairments.

Modifications to Policies and Procedures: The City of Huntsville will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services and activities. For example, individuals with service animals are welcomed in City of Huntsville offices, even where pets are generally prohibited.

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a program, service or activity of the City of Huntsville related to Title I of the ADA, should contact Byron K. Thomas, ADA Coordinator, at City Administration Building, 308 Fountain Circle, Huntsville, AL 35801, Telephone: (256) 427-5240, Fax: (256) 427-5245, Email: ADA.CoordTitleI@hsvcity.com, as soon as possible but no later than 48 hours before the scheduled event.

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a program, service or activity of the City of Huntsville related to Title II of the ADA, should contact Melissa S. Stokes, ADA Coordinator, at City Administration Building, 308 Fountain Circle, Huntsville, AL 35801, Telephone: (256) 427-7182, Fax: (256) 427-7039, Email: ADA.CoordTitleI@hsvcity.com, as soon as possible but no later than 48 hours before the scheduled event.

The ADA does not require the City of Huntsville to take any action that would fundamentally alter the nature of its programs or services, or impose an undue financial or administrative burden.

Complaints that a program, service or activity of the City of Huntsville related to Title I of the ADA is not accessible to persons with disabilities should be directed to Byron K. Thomas, ADA Coordinator, at City Administration Building, 308 Fountain Circle, Huntsville, AL 35801, Telephone: (256) 427-5240, Fax: (256) 427-5245, Email: ADA.CoordTitleI@hsvcity.com.

Complaints that a program, service or activity of the City of Huntsville related to Title II of the ADA is not accessible to persons with disabilities should be directed to Melissa S. Stokes, ADA Coordinator, at City Administration Building, 308 Fountain Circle, Huntsville, AL 35801, Telephone: (256) 427-7182, Fax: (256) 427-7039, Email: ADA.CoordTitleII@hsvcity.com.

The City of Huntsville will not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services or reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons who use wheelchairs.

ARTICLE XI. POLICE CITIZENS ADVISORY COUNCIL*

Sec. 2-2131. Establishment.

There is hereby established within the City of Huntsville, Alabama, an advisory council to be known as the Huntsville Police Citizens Advisory Council (HPCAC) of Huntsville, Alabama.
(Ord. No. 10-361, § 1, 6-10-2010)

Sec. 2-2132. Purpose.

(a) To promote productive police and community interaction by assisting the police in achieving a greater understanding of the complex social fabric of the community.

(b) To provide an effective organization that will address the concerns of the community by promoting cooperative citizen-police programs that will improve the outcomes of police and citizen interactions and community policing. The HPCAC advocates the principle that the administration of equitable law enforcement includes community involvement and personal responsibility.

(c) To establish independent study of Huntsville Police Department (HPD) directives, to recommend procedures, programs, organizational structure or legislation to improve the efficiency and effectiveness of the police department.

(d) To keep the chief of police, city council, and the mayor apprised of actions taken by the department which create community concern or controversy.

(e) To foster trust between the police department and the community, thereby ensuring equal protection and service for all citizens.
(Ord. No. 10-361, § 2, 6-10-2010; Ord. No. 21-564, § 1, 7-22-2021)

Sec. 2-2133. Role.

The HPCAC will serve in an advisory capacity to the police department on behalf of citizens regarding issues relevant to police and community relations including, but not limited to:

(1) Reviewing a quarterly summary of all complaints on record with the internal affairs division and evaluate trends with the said review to take place in a closed executive session;

(2) Evaluating conditions of employment (both civilian and sworn personnel) including recruiting, hiring, training, disciplinary actions, firing, and promotional practices of both civilian and sworn personnel;

(3) Participating in the annual report and strategic plan outlining objectives, challenges, and successes;

(4) Participate in the incident review board by assignment from the chairman.
(Ord. No. 10-361, § 3, 6-10-2010; Ord. No. 21-564, § 2, 7-22-2021)

Sec. 2-2134. Responsibilities.

(a) To conduct themselves in a manner becoming of a member of the advisory council and its purpose.

(b) To meet on a monthly basis with command staff of the police department and when meetings are deemed necessary either by the HPCAC chairman or the chief of police.

(c) To review a summary of the disposition of all complaints or disciplinary actions from the internal affairs division and request additional information about a case, as needed, in order to make recommendations to the chief of police.

---

*__Editor's note—__Ord. No. 10-361, §§ 1—12, adopted June 10, 2010, was included as Art. XI, §§ 2-2131—2-2142 at the discretion of the editor.

Note—Section II of Ordinance No. 21-564 provides for an effective date of August 1, 2021.

(d) To participate on a rotating basis after training on use of force in all officer involved shooting incidents, also known as an incident review board (IRB).

(e) To provide a quarterly summary of activities to the city council in a regularly scheduled public meeting.

(f) To proactively engage citizens across all socio-economic sectors to foster better police and community relations.

(g) To facilitate communication between the police department and the community regarding general issues and concerns expressed by citizens that have been presented to individual members of the HPCAC, a police officer, or brought before the HPCAC during a scheduled meeting. The HPCAC is not, in any circumstance, a replacement for the activity of the internal affairs division and will not submit a complaint on behalf of a citizen to the internal affairs division.

(h) To aide police in identifying trouble areas requiring special police or other governmental actions.

(i) To educate citizens with regard to police responsibilities and limitations.

(j) To provide opportunity for the development of mutual understanding and respect between citizens and the police.
(Ord. No. 10-361, § 4, 6-10-2010; Ord. No. 21-564, § 3, 7-22-2021)

Sec. 2-2135. Membership.

(a) The HPCAC shall be comprised of citizens who are both highly respectful of community needs and perceptions as well as holding professional police officers in high regard while expecting accountability.

(1) Citizens who are appointed shall demonstrate the ability to be objective through experience that requires strong interpersonal relationship skills and a highly developed sense of compassion and empathy. Ideally, appointees will have invested time in activities to foster good community relations with police such as community watch initiatives and safety festivals. After appointment, every member shall make a commitment to complete two of any of these opportunities within approximately 18 months of appointment to learn about police work:

Crisis intervention training short course.

Why police do what they do; and

Citizen police academy.

(2) Appointment to the HPCAC is contingent upon a commitment to attending the citizens police academy (unless previously accomplished) and completion of use of force training (prerequisite for incident review board participation) within their first year on the council. Additionally, every member shall commit to completing at least one police ride along per year. Failure to complete training and at least one police ride along per year shall be grounds for the chair recommending removal of the member to appointing official.

(b) HPCAC members shall be appointed by city council and the mayor with the intention to represent the community at large.

(c) HPCAC members must be citizens of Huntsville and pass a background check performed by the internal affairs division of the police department. No member shall have any pending criminal charges or convictions for crimes within the last ten years.

(d) The HPCAC shall be made up of 13 members. The members shall be nominated for appointment as follows: three by the mayor from the city at large and two by each member of the city council with places as follows:

Places 1, 2, and 3: Mayor at large

Places 4 and 5: Council member District 1

Places 6 and 7: Council member District 2

Places 8 and 9: Council member District 3

Places 10 and 11: Council member District 4

Places 12 and 13: Council member District 5

All current HPCAC members as of August 1, 2021 shall be placed in numbered places.

(e) At the enactment of this article, the initial terms for all odd-numbered places shall be two years, and initial terms for all even-numbered places shall be four years. As initial terms expire, all subsequent terms shall be for four years.

(f) The HPCAC shall elect a chairman, vice-chairman, and secretary in the first meeting after November 1 of each year to serve a one-year term.

(g) The HPCAC will be supported by staff of the city communication department and an administrative assistant employed by the city to publish meeting notices, minutes, and promote outreach activities planned by the members and approved by the officers.

(h) The city shall appropriate in the annual budget funding required for HPCAC events and operations in addition to staff.
(Ord. No. 10-361, § 5, 6-10-2010; Ord. No. 12-681, § 1, 8-23-2012; Ord. No. 21-564, § 4, 7-22-2021; Ord. No. 23-944, § 1, 11-16-2023)

Sec. 2-2136. Meetings.

(a) All meetings shall be held in a public forum at a timeframe or manner conducive to public participation and announced in advance. Closed meetings may be conducted as permitted in accordance with the Code of Ala. 1975, §36-25A-7.

(b) The HPCAC will host four public education meetings a year on topics of interest or concern to the community and hold quarterly executive session meetings to review the summary of complaints made to internal affairs. All other meetings will be at the discretion of the chair.

(c) All requests for information from the HPCAC regarding the police department will be forwarded to the chief of police.

(d) The HPCAC will address concerns which may require action outside the scope of the police department's authority by forwarding the concern and recommendations to the mayor and city council for action.

(e) Problems or concerns that can be addressed by the police department shall be forwarded to the chief of police.

Secs. 2-2143—2-2159. Reserved.

ARTICLE XII. ELECTRONIC RECORDS AND ELECTRONIC SIGNATURES

Sec. 2-2160. Purpose; scope; limitations.

(a) *Purpose*. The purpose of this article is to exercise the authority granted to the city council pursuant to section 8-1A-17 and section 8-1A-18 of the Alabama Uniform Electronic Transactions Act, Chapter 1A of Title 8 of the Code of Ala. 1975 (UETA), to determine whether, and the extent to which, city agencies will create and retain electronic records and convert written records to electronic records, send and accept electronic records and electronic signatures to and from other persons and otherwise create, generate, communicate, store, process, use, and rely upon electronic records and electronic signatures.

(b) *Scope*. To the fullest extent permitted by the UETA, consistent therewith, and subject to the limitations therein, this article is intended to authorize the use of electronic records and electronic signatures in the conduct of the official business of the city-by-city agencies and the conduct of official business with city agencies by any person. Such use shall be in accordance with and subject to the provisions of the UETA and this article. This article does not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

(c) *Limitations*. Notwithstanding anything to the contrary contained in this article or the UETA:

(1) In no event shall any legal or binding recognition or effect be given to a record purported to be executed by a city signatory using an electronic signature, if the execution is not duly authorized in accordance with applicable law; and

(2) In the event that any electronic signature is found by a city agency to have been used or applied to a city record in violation of this article, the UETA, or any other law, the electronic signature shall be null and void and the city record signed electronically using the unlawful, fraudulent, unauthorized or otherwise improper electronic signature shall also be null and void, discontinued, and unenforceable against the city.

(Ord. No. 22-142, § 1, 3-10-2022)

Sec. 2-2161. Definitions.

The definitions set forth in section 8-1A-2 of the UETA are expressly incorporated into this

article by reference as if fully set forth herein. In addition, as used in this article, each of the following words have the following meanings:

City agency means an executive, legislative, or judicial agency, department, board, commission, authority, institution, or instrumentality of the city.

City signatory means a person who is an elected or appointed official, officer, employee, agent, or legal representative of a city agency who executes a document on behalf of the city or a city agency.

Electronic media protocol officer means the director of the city's information technology systems department or any one or more of his/her designees or subordinates; or such other or additional person as may be designated by the mayor.

UETA means the Alabama Uniform Electronic Transactions Act, Chapter 1A of Title 8 of the Code of Ala. 1975, as such act may be amended at any time and from time to time.

(Ord. No. 22-142, § 1, 3-10-2022)

Sec. 2-2162. Creation and retention of electronic records.

(a) To the fullest extent permitted by the UETA, in accordance therewith, subject to the limitations therein, and subject to the provisions of this article, city agencies are hereby authorized to create and retain electronic records and to convert written records to electronic records, pursuant to section 8-1A-17(b) of the UETA. Any such electronic records will be retained in compliance with applicable law including section 8-1A-12 of the UETA and the requirements of the Local Government Records Commission ("LGRC"). A city agency may create a retrievable electronic record or copy, by optical scan or otherwise, of paper original documents or make other images or paper copies which accurately reproduce the originals and may destroy original paper documents so copied as specified in the Records Disposition Authority ("RDA") issued by the LGRC under the authority granted by section 41-13-5 and sections 41-13-22 through 24 of the Code of Ala. 1975. The city clerk-treasurer may exercise oversight over the retention and conversion of electronic records.

(b) Notwithstanding anything to the contrary contained in this article or the UETA, an electronic document retains the characteristics of the original document, including whether or not the document is a public record or is confidential or otherwise protected from disclosure.

(Ord. No. 22-142, § 1, 3-10-2022)

Sec. 2-2163. Use of electronic signatures and electronic records.

(a) *Use authorized; limitations.*

(1) *Authorization*. To the fullest extent permitted by the UETA, in accordance therewith, subject to the limitations therein, and subject to the provisions of this article, city agencies, subject to subsection (2) below, are hereby authorized to send and accept electronic records and electronic signatures to and from other persons and otherwise create, generate, communicate, store, process, use, and rely upon electronic records and electronic signatures, pursuant to section 8-1A-18(a)(2) of the UETA.

(2) *Limitations*.

a. In the case of deeds and other instruments that are to be notarized, acknowledged, verified, or made under oath, the use of electronic records and electronic signatures shall be as determined by the city attorney, subject to applicable laws, including those governing real estate transactions and notaries;

b. The mayor may, but is not obligated to, elect for each city agency under his/her supervision and control whether electronic signatures or electronic records will be used for particular types of transaction or documents of that city agency, or (ii) delegate such authority, in whole or part, to the head of a city agency; and

c. The use of electronic records or electronic signatures may be limited or refused by a city agency upon the advice of the city attorney.

(b) In accordance with section 8-1A-18(b) of the UETA, use of electronic records and electronic signatures will comply, at a minimum, with the following requirements:

(1) Provide an identical copy of the original signed and executed document to the signer.

(2) Ensure non-repudiation; that the signer cannot deny the fact that he or she electronically signed the document.

(3) Capture information about the process used to capture signatures (i.e. create an audit trail), including but not limited to:

a. IP address.

b. Date and time stamp of all events.

c. All web pages, documents, disclosures, and other information presented.

d. What each party acknowledged, agreed to, and signed.

(4) Encrypt, end-to-end, all communication within the signature process. Encryption technologies shall comply with state encryption standards, including the requirements that cryptographic modules be validated to the current Federal Information Processing Standards (FIPS).

(c) The information contained in subsection (a) constitutes the minimum that is required for a valid electronic signature. Subject to subsection (d) below, any authorized person within a city agency may require additional reasonable information from a signer in order to establish the identity and signature authority of the signer. The electronic media protocol officer may provide additional requirements subject to this article and the UETA.

(d) Subject to the requirements set forth in subsection (a) above, the electronic media protocol officer of the city is hereby authorized to oversee the use of electronic records and electronic signatures by city agencies, and to otherwise facilitate the implementation of this article through the development of policies, protocols, or recommendations that specify each of the following:

(1) The manner and format in which the electronic records shall be created, generated, sent, communicated, received, and stored and the systems established for those purposes.

(2) If electronic records must be signed by electronic means, the type of electronic signature required, the manner and format in which the electronic signature shall be affixed to the electronic record, and the identity of, or criteria that shall be met by, any third party used by a person filing a document to facilitate the process.

(3) Control processes and procedures as appropriate to ensure adequate preservation, disposition, integrity, security, confidentiality, and auditability of electronic records.

ARTICLE XIII. CONTROL OF ACCESS TO CITY OWNED, CONTROLLED AND LEASED PREMISES*

Sec. 2-2175. Definitions; purpose.

(a) *Definitions.* The following words, terms, and phrases, when used in this article, shall have the following definitions, except where the context clearly indicates a different meaning:

Access areas means, collectively, controlled areas, open meeting areas, public meeting areas, private work areas, and restricted areas.

*__Editor's note—__Ord. No. 25-194, § 1, adopted March, 27, 2025, set out provisions intended for use as §§ 2-2160—2-2165. Inasmuch as there were already provisions so designated, said section has been codified herein as §§ 2-2175—2-2180 at the discretion of the editor.

City administrator. When the term "city administrator" is used in this article it means the city administrator of the city and his designees, which include those to whom he has delegated or assigned some or all of his authority under this article.

Controlled areas means areas of public facilities where access is open to members of the public for the conduct of municipal or other authorized business.

Member of the public means an individual who is a part of the general population, or the public at large. The term also includes members of the media. The term does not include city officials, officers, or employees; law enforcement personnel in the performance of their duties; or members of city boards, commissions, committees, or other city agencies while performing their duties.

Open meeting areas means areas of public facilities where meetings subject to the Alabama Open Meetings Act are being conducted.

Private work areas means individual offices, work stations, or work spaces of city officials, officers, or employees.

Protected information means private information, whether oral or written, of a private person or a city official, officer, or employee, which is protected from disclosure by applicable law, including, but not limited to, confidential tax information, protected employee records, protected health information, social security numbers, and proprietary information, and in which the person to whom it belongs has a reasonable expectation of privacy.

Public facilities means city owned, controlled, or leased premises, or portions thereof, dedicated, designed, or intended for specific uses related to the business, governmental functions, and operations of the city, and that do not include public places that are characterized as traditional public forums, nor are they considered to be designated public forums.

Public meeting areas means areas of public facilities where meetings that are not subject to the Alabama Open Meetings Act are being conducted by a city official, officer, or employee for a specific purpose for the benefit of the general public, or a portion thereof.

Record. The term "to record," or its derivations, mean the capturing of images, audio, or both, by means of a camera, cell phone, audio recorder, or other device.

Restricted areas means areas of public facilities where access is closed to members of the general public because of the nature of the facility, the nature of the area, or the work or activity being performed or conducted therein, or for the safety or privacy of persons or property.

(b) *Purpose.*

(1) The purpose of this article is to provide for the control of access to public facilities, and information and persons contained therein, by members of the public through view-point neutral reasonable time, place, and manner restrictions in order to: (i) protect the safety and security of persons and property, (ii) promote the orderly and efficient administration of city business, (iii) accommodate use by members of the public consistent with the purpose of the public facilities, (iv) prevent disruption of city operations, (v) prevent interference with city officials, officers, and employees in the performance of their duties, (vi) protect the privacy of persons, which includes crime victims, and (vii) prevent the unauthorized access to confidential or otherwise protected information, including from incidental disclosure.

(2) This article is not intended to control access to a public place, as that term is defined in section 23-201 of this Code, characterized as a traditional public forum or a designated public forum in accordance with chapter 23, article VI of this Code governing organized events.

(3) This article is not intended to control access to public facilities by city officials, officers, or employees; law enforcement personnel in the performance of their

duties; or members of city boards, commissions, committees, or other city agencies while performing their duties.

(4) Access to public facilities that are venues primarily used for the arts, entertainment, or sporting events, or that are recreation, community, learning, or senior centers, that are open to members of the public, or portions thereof, are not controlled by this article, but by specific policies governing those venues.

(5) Access to the courtrooms of municipal judges, and associated offices, or portions thereof, shall be as prescribed by the presiding municipal court judge.

(6) The inspection and copying of a public record of the city pursuant to applicable state law is not governed by this article.

(Ord. No. 25-194, § 1, 3-27-2025)

Sec. 2-2176. Administration of access to public facilities.

(a) Unless otherwise provided for by this article or by any other law, contract, or policy of the city, the city administrator is authorized to oversee, manage, and control public access to public facilities by members of the public consistent with this article. The city administrator is also authorized to delegate such authority on a facility by facility, or case by case, basis to his designees, including, but not necessarily limited to, his subordinates, other city officers or employees, or law enforcement or security personnel of the city. The city administrator's authority to oversee, manage, and control public access to public facilities by members of the public does not extend to those facilities which are under the control, whether by contract or by law, of other persons.

(b) The city administrator is hereby authorized, subject to the availability of appropriated funds, to employ whatever means he deems necessary or appropriate to distinguish between the types of access areas defined herein, including, but not limited to, the use of physical barriers and signage. The city administrator shall also have the authority to develop and implement procedures to regulate and control public access within public facilities to accomplish the purposes of this article.

(Ord. No. 25-194, § 1, 3-27-2025)

Sec. 2-2177. Public facilities are non-public forums or limited public forums.

(a) *Non-public forums.* For purpose of public access, both physically and to information contained therein, all public facilities regulated under this article are non-public forums for constitutional purposes, except as provided by subsection (b) below.

(b) *Limited public forums.* For the purpose of public access, both physically and to information contained therein, the following public facilities regulated under this article are limited public forums for constitutional purposes as follows:

(1) Open meeting areas during the conduct of a meeting which is subject to the Alabama Open Meetings Act are limited public forums for the purpose for which the meetings are convened.

(2) Public meeting areas during the conduct of the meeting are limited public forums for the purpose for which the meetings are convened.

(Ord. No. 25-194, § 1, 3-27-2025)

Sec. 2-2178. Access to enter.

(a) *Access to enter.* License or privilege to enter and remain in a public facility by a member of the public shall be by permission in accordance with subsection (b) of this section. Permission may be rescinded verbally or in writing by the city administrator.

(b) *Permission to access.* Permission to access a public facility shall be as follows:

(1) *Restricted areas.* Members of the public are not allowed to enter restricted areas without the express written permission of the city administrator if the city administrator determines that access is appropriate under the circumstances in order to conduct city business. It is a violation of this article for any member of

the public to knowingly enter or remain in a restricted area without the permission of the city administrator, or if the permission has been expressly rescinded.

(2) *Private work areas.* Members of the public are not allowed to enter private work areas without the express permission of the city official, officer, or employee of the particular private work area. It is a violation of this article for any member of the public to knowingly enter or remain in a private work area without the permission of the particular city official, officer, or employee of the particular private work area, or if the permission has been expressly rescinded.

(3) *Controlled areas.* Permission to access controlled areas by members of the public shall be in accordance with the access policy of the particular public facility in which the controlled area is located, which may include, but not necessarily be limited to, weapons detection, sign in upon entry, escorted access, or key-card access. It is a violation of this article for any member of the public to knowingly enter or remain in a controlled area without the proper permission, or if the permission has been expressly rescinded.

(4) *Open meeting areas; public meeting areas.* Permission to access open meeting areas or public meeting areas by members of the public shall be in accordance with the access policy of the particular public facility in which such areas are located. Where there is no prescribed access policy then permission to enter such areas shall be deemed to be automatically given, unless rescinded. It is a violation of this article for any member of the public to knowingly enter or remain in an open meeting area or a public meeting area without the proper permission, or if the permission has been expressly rescinded.

(Ord. No. 25-194, § 1, 3-27-2025)

Sec. 2-2179. Access to information; recording.

(a) It shall be a violation of this article for a member of the public to knowingly record, or attempt to record, within any public facility except as follows:

(1) In accordance with the Alabama Open Meetings Act, a meeting of a governmental body in an open meeting area, except while the meeting is in executive session, may be openly recorded by any person in attendance by means of a tape recorder or any other means of sonic, photographic, or video reproduction provided the recording does not disrupt the conduct of the meeting. The governmental body may adopt reasonable rules for the implementation of this subsection.

(2) Public meetings which are being conducted by a city official, officer, or employee, for a specific purpose for the benefit of members of the public, or a portion thereof, in a public meeting area may, with the permission of the city official, officer, or employee conducting the meeting, be openly recorded by any person in attendance by means of a tape recorder or any other means of sonic, photographic, or video reproduction provided the recording does not disrupt the conduct of the meeting.

(3) A member of the public may openly record within that portion of a public facility that is a lobby generally open to members of the public unless that person is advised not to: (i) by posted signage, (ii) by the city administrator if the act of recording unreasonably interferes with access to or use of the lobby by other members of the public, (iii) by the city administrator if the act of recording unreasonably interferes with the conduct of city business, or (iii) by a person being recorded if that person asks not to be recorded. The public lobby does not include any room, elevator, rest area, kitchen,

waiting room, or corridor accessible by members of the public that is beyond a lobby entrance of the public facility.

(4) A member of the public may openly record his or her private meeting with one or more city officials, officers, or employees, provided that all attendees of the meeting consent to being recorded.

(5) Except in the case of members of the city council, media requests for appointments to interview city officials, officers, or employees, shall be made through the city's communications department. Persons who have been requested to grant interviews to the media have the right to decline to be interviewed or recorded.

(b) Notwithstanding anything to the contrary contained in this section, it is a violation of this article for a member of the public to knowingly record protected information of another.
(Ord. No. 25-194, § 1, 3-27-2025)

Sec. 2-2180. Enforcement.

(a) *Penalties.* The general penalty provisions of section 1-7 of this Code shall apply to a violation of this article.

(b) *Trespass.* A member of the public who violates a provision of this article is interfering with governmental operations and no longer has the license or privilege to remain in the public facility. The city administrator is hereby authorized on behalf of the city to request that person to immediately cease the offending conduct and, if the person fails to comply with the request, to order that person not to enter or remain in the public facility. Entering or remaining in the public facility after being ordered not to do so may subject the person to prosecution for criminal trespass pursuant to the Code of Ala. 1975, § 13A-7-4.

City licensee or *licensee* means the holder of a license issued pursuant to this chapter.

City licensed premises means the licensed premises of a city licensee.

Licensee's parking area means any parking lot or garage or other area outside the building, room, or area encompassed within the city licensed premises, when any part of such parking lot or garage or other area is adjacent to the city licensed premises, and when such parking lot or garage or other area is owned, rented, leased, regulated, controlled, or provided, directly or indirectly, by such licensee.

Manager means each person responsible for the management of an establishment and shall include the designated person in charge.

Owner means each individual owner of a sole proprietorship, officer of a corporation, and partner or member of an association, except as to incorporated clubs the term shall mean such individuals who, under the bylaws of such clubs, have the jurisdiction over the possession and sale of alcoholic beverages therein.

State alcoholic beverage control laws mean the alcoholic beverage control laws of the state as set forth in Code of Ala. 1975, tit. 28 and the rules and regulations promulgated thereunder by the ABC board, as such laws may be amended or superseded from time to time.

(b) Where not otherwise defined in subsection (a) of this section, the words, terms and phrases, when used in this chapter, shall have the meanings and rules of construction ascribed to them in section 1- 2 of this Code, except where the context clearly indicates a different meaning.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-2. Interpretation and construction of chapter; territorial application.

(a) This chapter shall be deemed as an exercise of the police power of the city for the protection of the public welfare, health, peace, temperance, safety, and morals of the people of the city, and shall have force and effect throughout the corporate limits.

(b) The provisions of this chapter shall be construed according to and in conformity with the state alcoholic beverage control laws and nothing in this chapter shall be construed to excuse noncompliance with any federal or state law or other city law.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-3. Duties and powers of city clerk-treasurer generally.

The city clerk-treasurer shall administer and enforce the licenses imposed by this chapter. He shall have the power to enter upon the premises of any city licensed premises and to examine, or cause to be examined by any agent or representative designated by him for that purpose, any books, papers, records, memoranda, or other documents bearing upon the administration or enforcement of this chapter.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-4. Compliance with state alcoholic beverage control laws.

(a) It shall be unlawful and a violation of this chapter for any person to do anything or commit any act or omission constituting a misdemeanor under the state alcoholic beverage control laws, which includes rules or regulations promulgated by the ABC board the violation of which have been denominated by the Code of Ala. 1975, § 28-3-20 as constituting a misdemeanor; which laws are incorporated herein by reference as if fully set forth.

(b) Where the state alcoholic beverage control laws described in subsection (a) of this section refer to a state license, class of license, licensee, or licensed premises, the terms shall also mean and include a city license, class of license, licensee, or licensed premises.

(c) Subject to the provisions of this chapter governing hours of operation and motion pictures and shows, where the aforementioned state alcoholic beverage control laws, which includes the Code of Ala. 1975, § 28-3A-25, establish unlawful acts or offenses relative to state licensees, their servants, agents, or employees, or to state licensed premises, in such case city licensees, their servants, agents, or employees, and city licensed premises, shall be subject to the same requirements, and failure to comply with same shall be a violation of this chapter.
(Ord. No. 11-654, § 1, 9-22-2011)

(a) The penalty provisions of section 1-7 of this Code shall apply to a violation of this chapter.

(b) This chapter is enacted for the protection of the health, morals, comfort, and welfare of the community and any violation of this chapter is declared to be a nuisance as being injurious thereto.
(Ord. No. 11-654, § 1, 9-22-2011)

Secs. 3-6—3-20. Reserved.

ARTICLE II. UNLAWFUL ACTS AND OFFENSES

Sec. 3-21. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Authorized licensed premises means a place, whether publicly or privately owned or controlled, that is properly licensed, which includes the proper class of license, in accordance with this chapter.

Authorized special event means a special event in a public park in the central city area hosted by a bona fide non-profit entity holding a bottle permit issued in accordance with section 3-23.

Banquet establishment means a duly licensed establishment, operated for profit, whether or not a profit is made, that provides facilities for gatherings or events, which includes private events, and which establishment does not hold a city license for the on-premises sale of alcoholic beverages.

Banquet services means the services, staffing, or equipment provided by a banquet establishment. The term shall not include the providing of alcoholic beverages.

Brown bagging means the bringing, taking, or carrying of any alcoholic beverage into any business holding, or required to hold, a city business license (whether or not the business holds a city license for alcoholic beverages) by a customer, member, guest, invitee, or patron thereof.

Fundraiser means a social function held for the purpose of raising donations for a bona fide non-profit organization duly formed in accordance with federal and state tax laws and where no proceeds derived from the event are paid to any person hosting the fundraiser and where all of the net proceeds of the fundraiser are used for the bona fide nonprofit.

Guest means an invitee of the owner or person in control or possession of a premises, the host of

the event, or a member of a private club, provided the invitation is not to members of the general public or a substantial portion thereof.

Host means to organize, sponsor, conduct, host, or hold an event, and includes the person hosting the event.

Illegal sales means any sale, keeping for sale, or offering for sale of any alcoholic beverages without the benefit of the proper city license, which includes the proper class of license, issued pursuant to this chapter.

Illegal sales premises means a place, whether publicly or privately owned or controlled, where there are illegal sales of alcoholic beverages, which may include a private club and a private dwelling typically known as a "shot house", where alcoholic beverages are sold or offered or kept for sale by the drink or in any quantity less than 3.4 fluid ounces, or sold or offered or kept for sale for consumption on the premises where sold.

Open container means any bottle, can, cup, glass, or other receptacle containing any alcoholic beverage which is open, which has been opened, which has its seal broken, or which has had its contents partially removed.

Other city business licensee means the holder of a business or privilege license issued by the city that does not include an alcoholic beverage license issued pursuant to this chapter.

Private club means a club that is limited to members of the club and their guests and which does not hold a city license for the on-premises sale of alcoholic beverages.

Private dwelling means a private residential dwelling, which includes its curtilage and yard.

Private event means a private party, banquet, seminar, prom, reception, wedding, reunion, fundraiser, or other such occasion, which is by invitation only to guests of the host, and which is hosted by persons that do not receive, either directly or indirectly, any form of consideration therefor, which shall not be construed to include gifts suited for the occasion, such as wedding or birthday presents, or donations which are strictly voluntary in the case of a fundraiser.

Private premises means premises that are, at the time, closed or inaccessible to the general public, which may include private clubs and private dwellings.

Private use means the possession, display, or consumption of alcoholic beverages, which does not include the sale thereof, on private premises by the occupants, residents, or members thereof, and their guests.

Public place means a place, whether publicly or privately owned or controlled, to which the general public, or a substantial portion thereof, has access or that is open to the general public, or a substantial portion thereof. The term includes common areas of apartments, condominiums, and other multi-unit buildings to the extent access to such areas is not restricted to the occupants or residents of the building and their guests. The term does not include a place that is, at the time, closed or inaccessible to the general public.

Sale or *sell* is as defined by the state alcoholic beverage control laws. The term includes the indirect sale of alcoholic beverages through the use of tickets, cover charges, door charges, gate fees, membership fees, or other like charges or other forms of consideration that entitle a person to possess or consume alcoholic beverages.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-22. Prohibitions concerning open containers, drinking in public places, and upon illegal sales premises.

(a) *State open container law.* It is a violation of this chapter for any person to violate the Alabama Open Container Law, Code of Ala. 1975, § 32-5A-330.

(b) *Prohibition against drinking in a public place.* Except for a place that is an authorized licensed premises or except in the case of an authorized special event, it shall be unlawful for any person to have in an open container or to drink any alcoholic beverage at any public place, which includes vehicles located on a public place, that the person knows or should know is not an authorized licensed premises or an authorized

special event. It shall be unlawful for any person to knowingly allow a violation of this subsection (b) to occur at a public place under that persons care, custody, or control.

(c) *Prohibitions regarding illegal sales premises.* It shall be unlawful for any person to purchase any alcoholic beverage at or from an illegal sales premises, or to drink any alcoholic beverage or have an open container, upon an illegal sales premises, which the person knows or should know is an illegal sales premises. It shall be unlawful for any person to knowingly allow a violation of this subsection (c) to occur on premises under that persons care, custody, or control.

(d) *Private use.* Nothing in this section shall be construed to prevent private use on private premises, provided that in no event are illegal sales allowed.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-23. Bottle permit for authorized special event.

(a) Purpose; application required. It is the goal of the city to promote the use and enjoyment of public parks in the central city area, as that area is delineated in section 18-31 of this Code, by allowing attendees, excluding minors, of an authorized special event to bring, take, or carry, in original unopened containers, beer or table wine only into the event for their personal consumption during the event. Subject to the eligibility requirements of this section, any bona fide nonprofit organization duly formed in accordance with federal and state tax laws that is hosting a special event in a public park in the central city area, that does not include the sale of alcoholic beverages, is eligible to apply to the city clerk-treasurer for a bottle permit on forms provided by the city clerk-treasurer. The permit would allow attendees of the event, excluding minors, to bring, take, or carry, in original unopened containers, beer or table wine only into the event for their personal consumption during the event.

(b) Approval process. The city clerk-treasurer, as a part of the application process, may require information of the applicant, consistent with section 3-84 of this chapter, which he determines to be appropriate in order to determine eligibility and suitability. Upon submittal of a completed application an investigation may be conducted in accordance with section 3-86.

(c) Requirements for issuance. Bottle permits will be issued for qualified entities hosting special events in public parks in the central city area only where each of the following requirements is met:

(1) The special event must be free of charge and not involve any type of fee or other form of remuneration for those attending the event, which includes ticket sales, entrance fees, and cover charges. This prohibition does not preclude duly licensed vendor sales, excluding alcoholic beverage sales.

(2) For profit entities may provide voluntary contributions for the special event, but may not act as a host of the event.

(3) The event may not be licensed for the sale of alcoholic beverages.

(4) Attendees of the event, excluding minors, may bring, take, or carry, in original unopened containers, beer or table wine only into the event for their personal consumption during the event. Kegs shall not be allowed. The host of the event shall in no event furnish any alcoholic beverages to the attendees of the event.

(5) No open containers shall be removed from the event area and it shall be the responsibility of the host of the event to ensure compliance with this provision.

(6) A sign shall be posted at each entrance of the event notifying attendees that the event holds a bottle permit allowing attendees of the event, excluding minors, to bring, take, or carry, in original unopened containers, beer or table wine only into the event for their personal consumption during the event.

(7) The duration of the event shall be limited to the time specified in the approved bottle permit.

(8) The applicant shall, where required to do so by the city clerk-treasurer, obtain a lease from the city council for use of the public space, which may include indemnification and insurance requirements. All required permitting for the event shall be obtained, which may include a special event permit pursuant to chapter 23, article VI of this Code.

(d) Where all of the eligibility requirements are met for qualified applicants, the city clerk-treasurer shall report his findings to the liquor license review committee, which is authorized, on behalf of the city council, to issue a bottle permit for an authorized special event. Permits may be issued for a one-time event or a reoccurring event, at the discretion of the committee. In addition, the committee may attach reasonable conditions to the permit, not inconsistent with this chapter or state alcoholic beverage control laws, which it deems relevant for the public health, safety, and general welfare, which may include security requirements for the event.

(e) Failure to comply with the permitting requirements or conditions shall constitute a violation of this section.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-24. Removal of alcoholic beverage in open container; consumption restricted to premises.

(a) It shall be unlawful for any person to take from any authorized licensed premises any open container.

(b) It shall be unlawful for any licensee, its owner, manager, servant, agent, or employee, to knowingly allow any person to take from the authorized licensed premises any open container.

(c) It shall be unlawful for any city on-premises licensee, its owner, manager, servant, agent, or employee, to sell, provide, serve, or allow consumption of alcoholic beverages within any areas of an establishment that are not a part of the authorized licensed premises.

(d) It shall be unlawful for any city licensee, its owner, manager, servant, agent, or employee, to knowingly allow any person to have an open container upon or allow any person to consume any alcoholic beverage in or upon the licensee's parking area; provided however, that if such licensee shall post and maintain a legible, painted or printed sign in at least two separate prominent places on such licensee's parking area, with sufficient illumination directed thereon to be clearly visible during the hours of darkness while such place of business is open, in letters of not less than three inches in height, stating:

WARNING
DRINKING ALCOHOLIC BEVERAGES ON THIS LOT
PROHIBITED BY CITY ORDINANCE
UP TO $500 FINE AND/OR 6 MONTHS IN JAIL FOR VIOLATION

or in substantially similar appropriate language, such signs shall constitute prima facie evidence that such licensee, its owner, manager, servant, agent, or employee, is not operating in violation of this subsection (d).
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-25. Prohibitions against brown bagging, exceptions.

(a) *Brown-bagging prohibited.*

(1) Consistent with the rules and regulations promulgated by the ABC board, it shall be unlawful for a licensee holding a city license issued pursuant to this chapter to allow on the city licensed premises the consumption or possession of any type of alcoholic beverage which the licensee is not authorized to sell. Further, the practice of brown bagging or customers bringing on the licensed premises their own alcoholic beverages is prohibited on city licensed premises. This brown bagging provision shall not apply to alcoholic beverages, for which the appropriate Alabama tax has been paid, which are brought on the premises of a class I club (not operated for pecuniary gain) licensees. The same prohibitions concerning the practice of brown bagging shall also apply in regard to other city business licensees, their customers, and their premises.

(2) It shall be unlawful for a city licensee or other city business licensee, their respective owners, managers, servants, agents, or employees, to knowingly allow the practice of brown bagging to occur on the premises for which the license is held.

(3) It shall be unlawful for a customer, member, guest, invitee, or patron of a city licensee or other city business licensee to violate the prohibition of brown bagging.

(b) *Exception for private events at banquet establishments.*

(1) Notwithstanding the foregoing prohibitions in subsection (a) of this section, it shall not be unlawful for any person hosting a private event held at a banquet establishment to furnish alcoholic beverages, not for sale, to the guests or attendees of the private event.

(2) Notwithstanding the foregoing prohibitions in subsection (a) of this section, it shall not be unlawful for a duly licensed banquet establishment to provide facilities, which includes banquet services, for a private event provided:

a. The person hosting the event furnishes the alcoholic beverages, not for sale, for the event.

b. No person, which includes those hosting or attending the event, is charged, either directly or indirectly, by the banquet establishment for the furnishing of alcoholic beverages. Prima facie proof of a violation of this section shall occur when the banquet establishment charges an event that does not include alcoholic beverages less than a private event that includes alcoholic beverages for the same facilities, which includes banquet services. The banquet establishment shall post in a visible location on the premises all charges and fees for its facilities and banquet services, which shall be available for inspection upon request by the city clerk-treasurer or by the chief of police during normal business hours.

c. No person connected with the banquet establishment, which includes as owner, manager, servant, agent, or employee, or those that otherwise have a profit or pecuniary interest in the premises or the establishment, shall host a private event at the banquet establishment where alcoholic beverages are served or provided.

d. The area where the private event is held shall have adequate lighting, which means ambient lighting that is adequate for the purposes of observing the operation of or patrons within the premises.

e. The banquet establishment shall be responsible for providing adequate security for a private event based on the number or anticipated number of attendees, the nature of the event, and the prior history of the same or similar events.

(c) Nothing in this section shall be construed to allow a violation of state and local laws concerning persons under the legal drinking age to occur at a banquet establishment.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-26. Persons under the legal drinking age.

(a) It shall be unlawful and a violation of this chapter for any person to do anything or commit any act or omission that is in violation of the state alcoholic beverage control laws governing persons under the legal drinking age, which includes the Code of Ala. 1975, §§ 28-1-5 and 28-3A-25(a)(3), (19) and (22), and 20-X-6-.09 of the Rules of the ABC Board.

(b) Where the violations of this section are committed or allowed to occur on the city licensed premises by the licensee, its owner, manager, servant, agent, or employee, it shall be a violation of this chapter and, in such cases, the city

licensed premises has been conducted in a manner prejudicial to the welfare, health, peace, temperance, safety, or morals of the public and the city license shall be subject to action being taken against it.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-27. Arts and Entertainment District.

(a) *Definitions.* The following words, terms, phrases, when used in this section, shall have the meanings ascribed to them in this subsection (a), except where the context clearly indicates a different meaning:

Approved container means a purple-colored, non-glass container not exceeding a volume of 16 fluid ounces, which is provided to a customer by the seller who is an arts and entertainment district permittee, bearing the name or logo of the district or the name or logo of the arts and entertainment district permittee.

Arts and entertainment district or *district* means the district established hereinafter in subsection (b) of this section, as such district may be from time to time amended.

Arts and entertainment district area or *area* means public places within the art and entertainment district, except for an excluded public place.

Arts and entertainment district event means a chapter 23 special event that meets each of the following criteria:

(1) The event is open to the general public and may or may not include an admission fee for entrance into the event.

(2) The purpose of the event is to promote local arts, culture, or entertainment, through a venue that is consistent with the purpose of the arts and entertainment district.

Arts and entertainment district permittee or *permittee* means an on-premise retail city licensee permitted by the city in accordance with subsection (f) of this section.

Chapter 23 special event means a special event governed by chapter 23, article VI of this Code.

Excluded public place means a public place within the arts and entertainment district that is not included within the arts and entertainment district area as follows:

(1) A public building, facility, garage, or parking lot that is posted with signage at each entrance or in conspicuous places that no open containers of alcoholic beverages are allowed on the premises;

(2) Property privately owned or controlled that is posted with signage at each entrance or in conspicuous places that no open containers of alcoholic beverages are allowed on the premises;

(3) An area being used for a chapter 23 special event that is posted with signage at each entrance or in conspicuous places occupied by the event that no open containers of alcoholic beverages are allowed on the premises;

(4) An area being used for a chapter 23 special event that is licensed to sell alcoholic beverages or that holds a bottle permit issued under section 3-23; or

(5) The premises of a city licensee.

(b) *Purpose*.

(1) *Purpose of section*. The purpose of this section is:

a. To establish districts authorized by Code of Ala. 1975, § 28-3A-17.1, within which certain conduct that is otherwise prohibited by this article is permitted, specifically, regulations against possessing an open container and drinking in a public place under section 3-22(b), regulations against removal of open containers under subsections 3-24(a) through (c), regulations against allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee under subsection 3-24(d), and regula-

tions against brown bagging on the premises of another city business licensee under subsection 3-25(a); and

b. To establish regulations governing the district.

(2) *Purpose of arts and entertainment districts*. In addition to the foregoing, the purpose of establishing an arts and entertainment district is to enhance the public enjoyment of the district and to promote local arts, culture, and entertainment, while, at the same time, protecting existing uses and preserving the unique character of each district.

(2) Notwithstanding anything in this section to the contrary, at any time and from time to time, the arts and entertainment districts established in this section may be enlarged, reduced, modified, or eliminated, in whole or part, and the regulations set forth in this section are subject to amendment at any time and from time to time. No vested rights shall be acquired by or be conferred upon any person as a result of the establishment of an arts and entertainment district or permitting under this section.

(3) In the event the arts and entertainment district established by this section falls below the number of alcoholic beverage licensees required for the establishment of the district according to Code of Ala. 1975, § 28-3A-17.1, then the city may amend this section to either eliminate the arts and entertainment district or modify the district so as to remain in compliance with Code of Ala. 1975, § 28-3A-17.1, unless applicable state alcoholic beverage control laws allow for continuance of a once-established district regardless of the number of alcoholic beverage licensees remaining.

(4) Where this section provides for the opening of a portion of the arts and entertainment district, that portion that is opened shall not have fewer than the required number of alcoholic beverage licensees.

(5) Reserved.

(d) *Opening of the district.*

(1) *Regular hours of district.* The regular hours of operation for the district shall be between the hours of 12:00 noon to 10:00 p.m. daily; provided, however, in the case of New Year's Eve/New Year's Day, the regular hours of operation shall be between the hours of 12:00 noon on December 31st to 1:00 a.m. on January 1st.

(2) *Arts and entertainment district event.*

a. An event organizer of a chapter 23 special event that is an arts and entertainment district event, including an organized event on private property that requires city event services in accordance with subsection 23-202(d) of this Code, may request, with the organizer's application for a chapter 23 special event permit and on forms provided by the city, that the arts and entertainment district, or a portion thereof specified in the request, be opened during the chapter 23 special event.

b. The request shall be processed with the application for a chapter 23 special event permit and the event organizer, as that term is defined in chapter 23, article VI of this Code, shall be responsible for all costs incurred by the city as a result of the opening of the district during

the chapter 23 special event, including safety, traffic and crowd control; clean-up costs; and the use of city equipment. City services necessitated by the conduct of the chapter 23 special event independent of the opening of the arts and entertainment district shall be governed by chapter 23, article VI of this Code.

c. The event organizer that requests that only a portion of the district be opened shall be responsible for the costs associated with delineating the partial opening of the district. A partial opening of the district and the manner of delineating the opening shall be subject to the approval of the event administrator.

d. The event administrator, as that term is defined in chapter 23, article VI of this Code, shall have the authority to determine whether the proposed event meets the definition of an arts and entertainments district event, based on recommendations that he may elect to obtain from the city's planning division, and to approve, approve with conditions, or disapprove the opening of all or a portion of the district during the special event based on the grounds for denying a special event permit or other public health, safety, or general welfare concerns. No appeal or other right of review shall be available to an event organizer who has had its request to open the district denied.

(3) *City-sponsored opening of the district*. At any time and from time to time, the city, through the mayor or his designee, may elect to sponsor the opening of all or a portion of the arts and entertainment district.

(e) *Conduct in the entertainment district.*

(1) The regulations of subsection 3-22(b) of this article, concerning the possession of an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the arts and entertainment district area during the hours of operation of the arts and entertainment district. Otherwise, the regulations of subsection 3-22(b) shall apply.

(2) The regulations of subsections 3-24(a) through (c) of this article, concerning removal of an open container from an authorized licensed premises, shall not apply in the case of the removal of an approved container of alcoholic beverages from the premises of the arts and entertainment district permittee providing the same, during the hours of operation of the arts and entertainment district. Otherwise the regulations of subsections 3-24(a) through (c) shall apply.

(3) The regulations of subsection 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the arts and entertainment district area during the hours of operation of the arts and entertainment district. Otherwise, the regulations of subsection 3-24(d) shall apply.

(4) The regulations of subsection 3-25(a) of this article, concerning brown bagging on the premises of another city business licensee, shall not apply in the arts and entertainment district area during the hours of operation of the district in the case of alcoholic beverages in an approved container. Otherwise the regulations of subsection 3-25(a) shall apply. Nothing in this subsection (4) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk cafe areas of the city licensee.

(5) It shall be unlawful for any person to re-use or to knowingly allow the re-use of

an approved container for an alcoholic beverage and nothing in this section shall be construed to authorize the same.

(6) Nothing in this section shall be construed to authorize any person to violate the state's open container law found at Code of Ala. 1975, § 32-5A-330.

(7) Nothing in this section shall be construed to authorize any person to violate the state and city's laws against under-age drinking.

(f) *Permitting*.

(1) *Qualifications*. In order to qualify for an arts and entertainment district permit, an applicant shall meet each of the following:

a. The applicant shall be a city licensee that is authorized by the city to sell alcoholic beverages at retail for on-premises consumption; and

b. No adverse criminal, quasi-criminal, or administrative action shall be pending or shall have been taken in the immediately preceding 12-month period against the city licensee or its owner related to the retail license or the operation of the city licensed premises.

(2) *Application process; permit duration*. A city licensee that meets the qualification of subsection (1) above may apply with the city clerk's office to become an arts and entertainment district permittee by filling out a form provided by the city. The city clerk-treasurer may deny a permit if the applicant does not meet the qualifications stated in subsection (1) above. The applicant may appeal the denial of the application for a permit to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the denial. A permit shall be valid for a license year, at the end of which a renewal application must be made.

(3) *Action against permit*. A permit may be revoked, suspended, or not renewed by the city clerk-treasurer if the permittee or applicant for renewal no longer meets the qualifications stated in subsection (1) above. The permittee or applicant for renewal may appeal the adverse decision of the city clerk-treasurer to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the adverse action.

(g) *Security*.

(1) *Temporary closure of district*. At any time and from time to time, the chief of police shall have the authority to temporarily close the arts and entertainment district, or portions of the district, which includes the authority to require persons to disperse from the area, should he, in his sole discretion, determine it is appropriate to do so in order to protect the public health, safety, or general welfare. The arts and entertainment district shall remain closed until the chief of police allows the district to be re-opened. The city shall not be responsible for any costs incurred by any person as a result of the closing and the city shall still be entitled to a reimbursement for city services provided in connection with the opening of the district for an arts and entertainment district event.

(2) *Number of permits*. The chief of police shall have the authority at any time and from time to time to limit the number of arts and entertainment district permits issued in a given license year should he, in his discretion, determine that it is in the interest of public, health, safety, or general welfare to do so. In such event, permits shall be issued on a first come, first serve basis based on the time a completed application is submitted to the office of the city clerk-treasurer. If there is a question as to first in time, the city clerk-treasurer is authorized to conduct a random drawing to decide the issue.

(2) Notwithstanding anything in this section to the contrary, at any time and from time to time, the entertainment district established in this section may be enlarged, reduced, modified, or eliminated, in whole or part, and the regulations set forth in this section are subject to amendment at any time and from time to time. No vested rights shall be acquired by or be conferred upon any person as a result of the establishment of the entertainment district or permitting under this section.

(3) In the event the entertainment district established by this section falls below the number of retail liquor licensees required for the establishment of the district according to Code of Ala. 1975, § 28-3A-17.1(d), then the city may amend this section to either eliminate the entertainment district or modify the district so as to remain in compliance with section 28-3A-17.1, unless applicable state alcoholic beverage control laws allow for continuance of a once-established district regardless of the number of retail liquor licensees remaining.

(d) *Opening of the district*.

(1) *Regular hours of district.* The regular hours of operation for the entertainment district shall be between the hours of 12:00 noon and 11:00 p.m., daily; provided, however, in the case of New Year's Eve/ New Year's Day, the regular hours of operation shall be between the hours of 12:00 noon on December 31st and 1:00 a.m. on January 1st

(2) *Chapter 23 special event opening of district*.

a. An event organizer of a chapter 23 special event, including an organized event on private property that requires city event services in accordance with section 23-202(d) of this Code, may request, with the organizer's application for a chapter 23 special event permit and on forms provided by the city, that the entertainment district be opened during the chapter 23 special event.

b. The request shall be processed with the application for a chapter 23 special event permit and the event organizer, as that term is defined in chapter 23, article VI of this Code, shall be responsible for all costs incurred by the city as a result of the opening of the district during the chapter 23 special event, including safety, traffic and crowd control; clean-up costs; and the use of city equipment. City services necessitated by the conduct of the chapter 23 special event independent of the opening of the entertainment district shall be governed by chapter 23, article VI of this Code.

c. The event administrator, as that term is defined in chapter 23, article VI of this Code, shall have the authority to approve, approve with conditions, or disapprove the opening of the district during the special event based on the grounds for denying a special event permit or other public health, safety, or general welfare concerns. No appeal or other right of review shall be available to an event organizer who has had its request to open the district denied.

(3) *City-sponsored opening of the district*. At any time and from time to time the city, through the mayor or his designee, may elect to sponsor the opening of all or a portion of the entertainment district.

(e) *Conduct in the entertainment district.*

(1) The regulations of section 3-22(b) of this article, concerning the possession of an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the entertainment district area during the hours of operation of the entertainment district. Otherwise, the regulations of section 3-22(b) shall apply.

(2) The regulations of section 3-24(a) through (c) of this article, concerning removal of an open container from an authorized licensed premises, shall not apply in the case of the removal of an approved container of alcoholic beverages from the premises of the entertainment district permittee providing the same, during the hours of operation of the entertainment district. Otherwise the regulations of section 3-24(a) through (c) shall apply.

(3) The regulations of section 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the entertainment district area during the hours of operation of the entertainment district. Otherwise, the regulations of section 3-24(d) shall apply.

(4) The regulations of section 3-25(a) of this article, concerning brown bagging on the premises of an other city business licensee, shall not apply in the entertainment district area during the hours of operation of the district in the case of alcoholic beverages in an approved container. Otherwise the regulations of section 3-25(a) shall apply. Nothing in this subsection (4) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk cafe areas of the city licensee.

(5) It shall be unlawful for any person to re-use or to knowingly allow the re-use of an approved container for an alcoholic beverage and nothing in this section shall be construed to authorize the same.

(6) Nothing in this section shall be construed to authorize any person to violate the state's open container law found at Code of Ala. 1975, § 32-5A-330.

(7) Nothing in this section shall be construed to authorize any person to violate the state and city's laws against under-age drinking.

(f) *Permitting*.

(1) *Qualifications*. In order to qualify for an entertainment district permit an applicant shall meet each of the following:

a. The applicant shall be a city licensee that is authorized by the city to sell alcoholic beverages at retail for on-premises consumption; and

b. No adverse criminal, quasi-criminal, or administrative action shall be pending or shall have been taken in the immediately preceding 12-month period against the city licensee or its owner related to the retail license or the operation of the city licensed premises.

(2) *Application process; permit duration*. A city licensee that meets the qualification of subsection (1) above may apply with the city clerk's office to become an entertainment district permittee by filling out a form provided by the city. The city clerk treasurer may deny a permit if the applicant does not meet the qualifications stated in subsection (1) above. The applicant may appeal the denial of the application for a permit to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the denial. A permit shall be valid for a license year, at the end of which a renewal application must be made.

(3) *Action against permit*. A permit may be revoked, suspended, or not renewed by the city clerk-treasurer if the permittee or applicant for renewal no longer meets the qualifications stated in subsection (1) above. The permittee or applicant for renewal may appeal the adverse decision of the city clerk-treasurer to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the adverse action.

(g) *Security*.

(1) *Temporary closure of district*. At any time and from time to time, the chief of police shall have the authority to temporarily close the entertainment district, which includes the authority to require persons to disperse from the area, should he, in his sole discretion, determine it is appropriate to do so in order to protect the public health, safety, or general welfare. The entertainment district shall remain closed until the chief of police allows the district to be re-opened. The city shall not be responsible for any costs incurred by any person as a result of the closing and the city shall still be entitled to a reimbursement for city services provided in connection with the opening of the district for a chapter 23 special event.

(2) *Number of permits*. The chief of police shall have the authority at any time and from time to time to limit the number of entertainment district permits issued in a given license year should he, in his discretion, determine that it is in the interest of public, health, safety, or general welfare to do so. In such event, permits shall be issued on a first come, first serve basis based on the time a completed application is submitted to the office of the city clerk-treasurer. If there is a question as to first in time, the city clerk-treasurer is authorized to conduct a random drawing to decide the issue.

(4) An area being used for a chapter 23 special event that is licensed to sell alcoholic beverages; or

(5) The premises of a city licensee.

On-premise retailer means an on-premise alcoholic beverage retailer located within the district that holds a license from the state and city authorizing the retail sale of alcoholic beverages for on-premise consumption.

(b) *Purpose*.

(1) *Purpose of section*. The purpose of this section is as follows:

a. With regard to on-premise retailers, to establish a district authorized by Code of Ala. 1975, § 28-3A-17.1, within which certain conduct that is otherwise prohibited by this article is permitted, specifically, regulations against possessing an open container and drinking in a public place under subsection 3-22(b), regulations against removal of open containers under subsections 3-24(a) through (c), regulations against

allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee under subsection 3-24(d), and regulations against brown bagging on the premises of an other city business licensee under subsection 3-25(a);

b. With regard to breweries, to establish a district within which certain conduct that is otherwise prohibited by this article is permitted, specifically, regulations against possessing an open container and drinking in a public place under subsection 3-22(b), regulations against allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee under subsection 3-24(d), and regulations against brown bagging on the premises of an other city business licensee under subsection 3-25(a); and

c. To establish regulations governing the district.

(2) *Purpose of arts and entertainment district*. In addition to the foregoing, the purpose of establishing an arts and entertainment district is to enhance the public enjoyment of the district and to promote local arts, culture, and entertainment, while, at the same time, protecting existing uses and preserving the unique character of each district.

(c) *Butler Green Arts and Entertainment District established*.

(1) Subject to subsections (2) and (3) of this subsection (c), there is hereby established the following named and generally described district, the Butler Green Arts and Entertainment District, which is also shown on the appended map incorporated herein by reference, which district shall constitute an entertainment district pursuant to Code of Ala. 1975, § 28-3A-17.1:

A tract of land located in the North half of Sections 02 and 03, both of which are in Township 4 South, Range 1 West of the Huntsville Meridian, Madison County, Alabama, more particularly described as commencing at a point in the center of Clinton Ave W; said point is further described as being located at the intersection of the road centerlines of Hicks Pl NW and Clinton Ave W; thence Southwesterly along the centerline of Clinton Ave W a distance of 587 feet; thence Northwesterly and parallel to Hicks Pl NW a distance of 20 feet to the Northern edge of pavement of Clinton Ave W and also the Point of Beginning.

Thence from the Point of Beginning, continue Northwesterly and parallel to Hicks Pl NW a distance of 221 feet to a point on the Southern edge of pavement of Hicks Ave NW; thence Southwesterly and parallel to Clinton Ave W a distance of 502 feet to a point on the Western edge of pavement of Lowry St NW; thence Northwesterly along the Western edge of pavement of Lowry St NW a distance of 205 feet to a point at the beginning of a curve to the left; thence Northwesterly around said curve to the left having a chord distance of 34 feet to a point on the Southern edge of pavement of Hall Ave NW; thence Southwesterly along the Southern edge of pavement of Hall Ave NW a distance of 1,270 feet to a point on the Eastern edge of pavement of Triana Blv NW; thence West a distance of 75 feet to a point located on the Western edge of pavement of Triana Blv NW and on the North right-of-way (ROW) of 4th Ave NW; thence continue West along the North ROW of 4th Ave NW a distance of 696 feet; thence North and parallel to Triana Blv NW a distance of 320 feet to a point located on the South ROW of 3rd Ave NW; thence West along the South ROW of 3rd Ave NW a distance of 641 feet; thence South and parallel to Triana Blv NW a distance of 354 feet; thence West and parallel to 3rd Ave NW a distance of 364 feet; thence South and parallel to Triana Blv NW a distance of 277 feet to a point at the beginning of a curve to the left;

thence Southeasterly around said curve to the left having a chord distance of 91 feet to a point located on the North ROW of Governors Dr SW; thence East along the North ROW of Governors Dr SW a distance of 300 feet; thence North and parallel to Triana Blv NW a distance of 17 feet; thence East and parallel to Governors Dr SW a distance of 430 feet to a point located on the West ROW of 9th St NW; thence North along the West ROW of 9th St NW a distance of 292 feet; thence East and parallel to Governors Dr SW a distance of 32 feet to a point on the Eastern edge of pavement of 9th St NW and also on the South ROW of 4th Ave NW; thence East along the South ROW of 4th Ave NW a distance of 941 feet to a point on the Eastern edge of pavement of Triana Blv NW; thence South along the Eastern edge of pavement of Triana Blv NW a distance of 281 feet to a point at the beginning of a curve to the left; thence Southeasterly around said curve to the left having a chord distance of 50 feet to a point located on the Northern edge of pavement of Governors Dr SW; thence East along the Northern edge of pavement of Governors Dr SW a distance of 322 feet to a point on the Northern edge of pavement of Clinton Ave W; thence Northeasterly along the Northern edge of pavement of Clinton Ave W a distance of 1,678 feet to the Point of Beginning. Said tract of land contains 29.70 Acres more or less.

(2) Notwithstanding anything in this section to the contrary, at any time and from time to time, the district established in this section may be enlarged, reduced, modified, or eliminated, in whole or part, and the regulations set forth in this section are subject to amendment at any time and from time to time. No vested rights shall be acquired by or be conferred upon any person as a result of the establishment of the district or permitting under this section.

(3) In the event the entertainment district established by this section falls below the number of alcoholic beverage licensees required for the establishment of the district according to Code of Ala. 1975, § 28-3A-17.1, then the city may amend this section to either eliminate the entertainment district or modify the district so as to remain in compliance with section 28-3A-17.1, unless applicable state alcoholic beverage control laws allow for continuance of a once-established district regardless of the number of alcoholic beverage licensees remaining.

(d) *Opening of the district*.

(1) *Regular hours of district.* The regular hours of operation for the arts and entertainment district shall be between the hours of 12:00 noon and 11:00 p.m., daily; provided, however, in the case of New Year's Eve/New Year's Day, the regular hours of operation shall be between the hours of 12:00 noon on December 31st and 1:00 a.m. on January 1st.

(2) *Chapter 23 special event opening of district*.

a. An event organizer of a chapter 23 special event that is an arts and entertainment district event, including an organized event on private property that requires city event services in accordance with section 23-202(d) of this Code, may request, with the organizer's application for a chapter 23 special event permit and on forms provided by the city, that the district be opened during the chapter 23 special event.

b. The request shall be processed with the application for a chapter 23 special event permit and the event organizer, as that term is defined in chapter 23, article VI of this Code, shall be responsible for all costs incurred by the city as a result of the opening of the district during the chapter 23 special event, includ-

ing safety, traffic and crowd control; clean-up costs; and the use of city equipment. City services necessitated by the conduct of the chapter 23 special event independent of the opening of the district shall be governed by chapter 23, article VI of this Code.

c. The event administrator, as that term is defined in chapter 23, article VI of this Code, shall have the authority to determine whether the proposed event meets the definition of an arts and entertainments district event, based on recommendations that he may elect to obtain from the city's planning division, and to approve, approve with conditions, or disapprove the opening of the district during the special event based on the grounds for denying a special event permit or other public health, safety, or general welfare concerns. No appeal or other right of review shall be available to an event organizer who has had its request to open the district denied.

(3) *City-sponsored opening of the district*. At any time and from time to time the city, through the mayor or his designee, may elect to sponsor the opening of the district.

(e) *Exemptions in the district for on-premise retailers and their customers.* In the case of on-premise retailers who are district permittees and their customers, each of the following shall apply:

(1) The regulations of subsection 3-22(b) of this article, concerning the possession of an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-22(b) shall apply.

(2) The regulations of subsections 3-24(a) through (c) of this article, concerning removal of an open container from an authorized licensed premise, shall not apply in the case of the removal of an approved container of alcoholic beverages from the premises of an on-premise retailer who is a district permittee during the hours of operation of the district. Otherwise the regulations of subsections 3-24(a) through (c) shall apply.

(3) The regulations of subsection 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the district area during the hours of operation of the district by a customer wearing an approved wristband. Otherwise, the regulations of subsection 3-24(d) shall apply.

(4) The regulations of subsection 3-25(a) of this article, concerning brown bagging on the premises of another city business licensee, shall not apply in the district area during the hours of operation of the district in the case of alcoholic beverages in an approved container. Otherwise the regulations of section 3-25(a) shall apply. Nothing in this subsection (4) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk café areas of the city licensee.

(f) *Exemptions in the district for breweries and their customers*. In the case of breweries who are district permittees and their customers, each of the following shall apply:

(1) The regulations of subsection 3-22(b) of this article, concerning the possession of an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of beer in an approved container within the confines of the district

area during the hours of operation of the district. Otherwise, the regulations of subsection 3-22(b) shall apply.

(2) The regulations of subsection 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of beer in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-24(d) shall apply.

(3) The regulations of subsection 3-25(a) of this article, concerning brown bagging on the premises of an other city business licensee, shall not apply in the district area during the hours of operation of the district in the case of beer in an approved container. Otherwise the regulations of section 3-25(a) shall apply. Nothing in this subsection (2) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk café areas of the city licensee.

(g) *Required conduct in the district*.

(1) Nothing in this section shall be construed to relieve a brewery, its servants, agents, or employees from complying with the hours of sale set forth in section 3-133(b) of this article or those set forth in the state alcoholic beverage control laws.

(2) For beer that will be removed from the licensed premises for off-premise consumption, a brewery, its servants, agents, and employees, shall furnish the beer to its customers in authorized unopened containers, which shall remain sealed while on the brewery's licensed premises.

(3) No person shall remove an open container of alcoholic beverages from the district.

(4) All alcoholic beverages possessed or consumed within the district shall be obtained from district permittees.

(5) It shall be unlawful for any person to re-use or to knowingly allow the re-use of an approved container for an alcoholic beverage and nothing in this section shall be construed to authorize the same.

(h) *Permitting*.

(1) *Qualifications*. In order to qualify for a permit under this subsection, an applicant shall meet each of the following conditions:

a. The applicant shall be a city licensee that is an on-premise retailer or a brewery; and

b. No adverse criminal, quasi-criminal, or administrative action shall be pending or shall have been taken in the immediately preceding 12-month period against the city licensee or its owner related to its license or the operation of the city licensed premises.

(2) *Application process; permit duration*. A city licensee that meets the qualification of subsection (1) above may apply with the city-clerk's office to become a district permittee by filling out a form provided by the city. The city clerk treasurer may deny a permit if the applicant does not meet the qualifications stated in subsection (1) above. The applicant may appeal the denial of the application for a permit to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the denial. A permit shall be valid for a license year, at the end of which a renewal application must be made.

(3) *Action against permit*. A permit may be revoked, suspended, or not renewed by the city clerk-treasurer if the permittee or applicant for renewal no longer meets the qualifications stated in subsection (1) above. The permittee or applicant for renewal may appeal the adverse decision of the city clerk-treasurer to the liquor license review committee by filing a written notice of

appeal with the city clerk-treasurer within 15 days after the adverse action.

(4) *Number of permits*. The chief of police shall have the authority at any time and from time to time to limit the number of district permits issued in a given license year should he, in his discretion, determine that it is in the interest of public, health, safety, or general welfare to do so. In such event, permits shall be issued on a first come, first serve basis based on the time a completed application is submitted to the office of the city clerk-treasurer. If there is a question as to first in time, the city clerk-treasurer is authorized to conduct a random drawing to decide the issue.

(i) *Security*.

(1) *Temporary closure of district*. At any time and from time to time, the chief of police shall have the authority to temporarily close the district, which includes the authority to require persons to disperse from the area, should he, in his sole discretion, determine it is appropriate to do so in order to protect the public health, safety, or general welfare. The district shall remain closed until the chief of police allows the district to be re-opened. The city shall not be responsible for any costs incurred by any person as a result of the closing and the city shall still be entitled to a reimbursement for city services provided in connection with the opening of the district for a Chapter 23 special event.

(j) Nothing in this section shall be construed to authorize any person to violate the state's open container law found at Code of Ala. 1975, § 32-5A-330.

(k) Nothing in this section shall be construed to authorize any person to violate the state and city's laws against under-age drinking.

(l) Nothing in the section shall be construed to authorize a brewery to operate contrary to the state alcoholic beverage control laws governing manufacturers, including Code of Ala. 1975, § 28-3A-6.

(Ord. No. 17-089, § 1, 2-23-2017; Ord. No. 19-477, § 9, 6-27-2019; Ord. No. 19-517, § 2, 6-27-2019; Ord. No. 21-1182, § 3, 12-2-2021)

Sec. 3-30. MidCity Arts and Entertainment District.

(a) *Definitions.* The following words, terms, phrases, when used in this section, shall have the meanings ascribed to them in this subsection (a), except where the context clearly indicates a different meaning.

Arts and entertainment district event means a chapter 23 special event that meets each of the following criteria:

(1) The event is open to the general public and may or may not include an admission fee for entrance into the event.

(2) The purpose of the event is to promote local arts, culture, or entertainment, through a venue that is consistent with the purpose of the arts and entertainment district.

Brewery means a brewery located within the district that holds a manufacturers license from the ABC board and city, which is authorized by law to sell beer at retail for off-premises consumption.

Chapter 23 special event means a special event governed by chapter 23, article VI of this Code.

Customer means an individual who is not a minor, as that term is defined by the state alcoholic beverage control laws, that possesses an alcoholic beverage provided by a district

permittee for consumption in the district area during the hours of the operation of the district.

District means the MidCity Arts and Entertainment District established hereinafter in subsection (c) of this section, as such district may be from time to time amended.

District area or *area* means public places within the district, except for an excluded public place.

District permittee or *permittee means* the holder of a permit issued by the city pursuant to subsection (h) of this section.

Excluded public place means a public place within the district that is not included within the district area as follows:

(1) A public building, facility, garage, or parking lot that is posted with signage at each entrance or in conspicuous places that no open containers of alcoholic beverages are allowed on the premises;

(2) Property privately owned or controlled that is posted with signage at each entrance or in conspicuous places that no open containers of alcoholic beverages are allowed on the premises;

(3) An area being used for a chapter 23 special event that is posted with signage at each entrance or in conspicuous places occupied by the event that no open containers of alcoholic beverages are allowed on the premises;

(4) An area being used for a chapter 23 special event that is licensed to sell alcoholic beverages; or

(5) The premises of a city licensee.

On-premise retailer means an on-premise alcoholic beverage retailer located within the district that holds a license from the state and city authorizing the retail sale of alcoholic beverages for on-premise consumption.

(b) *Purpose*.

(1) *Purpose of section*. The purpose of this section is as follows:

a. With regard to on-premise retailers, to establish a district authorized by Code of Ala. 1975 § 28-3A-17.1, within which certain conduct that is otherwise prohibited by this article is permitted, specifically, regulations against possessing an open container and drinking in a public place under subsection 3-22(b), regulations against removal of open containers under subsections 3-24(a) through (c), regulations against allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee under subsection 3-24(d), and regulations against brown bagging on the premises of another city business licensee under subsection 3-25(a);

b. With regard to breweries, to establish a district within which certain conduct that is otherwise prohibited by this article is permitted, specifically, regulations against possessing an open container and drinking in a public place under subsection 3-22(b), regulations against allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee under subsection 3-24(d), and regulations against brown bagging on the premises of another city business licensee under subsection 3-25(a); and

c. To establish regulations governing the district.

(2) *Purpose of arts and entertainment district*. In addition to the foregoing, the purpose of establishing an arts and entertainment district is to enhance the public enjoyment of the district and to promote local arts, culture, and entertainment,

while, at the same time, protecting existing uses and preserving the unique character of each district.

(c) *MidCity Arts and Entertainment District established.*

(1) Subject to subsections (2) and (3) of this subsection (c), there is hereby established the following named and generally described district, the MidCity Arts and Entertainment District, which is also shown on the appended map incorporated herein by reference, which district shall constitute an entertainment district pursuant to Code of Ala. 1975, § 28-3A-17.1:

A tract of land located in Section 31, Township 03 South, Range 01 West of the Huntsville Meridian, Madison County, Alabama, more particularly described as commencing at a point located at the Center of the East Boundary of said Section 31; thence from the Point of Commencement, North 89 Degrees 29 Minutes 27 Seconds West, a distance of 1649.34 feet to the Point of Beginning; thence from the Point of Beginning, South 01 Degree 09 Minutes 38 Seconds East, a distance of 478.49 feet to a point at the beginning of a curve to the left; thence around said curve to the left, with a radius of 302.91 feet, a chord distance and bearing of South 45 Degrees 08 Minutes 24 Seconds West, a distance of 261.20 feet to a point; thence South 89 Degrees 56 Minutes 57 Seconds West, a distance of 215.53 feet to a point; thence North 84 Degrees 03 Minutes 03 Seconds West, a distance of 140.69 feet to a point; thence North 87 Degrees 46 Minutes 31 Seconds West, a distance of 106.32 feet to a point; thence North 11 Degrees 20 Minutes 26 Seconds West, a distance of 124.69 feet to a point; thence North 19 Degrees 39 Minutes 33 Seconds West, a distance of 25.67 feet to a point; thence North 03 Degrees 59 Minutes 54 Seconds West, a distance of 508.61 feet to a point; thence North 89 Degrees 35 Minutes 04 Seconds West, a distance of 17.44 feet to a point; thence North 01 Degree 02 Minutes 15 Seconds East, a distance of 347.32 feet to a point; thence North 01 Degree 40 Minutes 42 Seconds East, a distance of 806.52 feet to a point; thence South 88 Degrees 20 Minutes 52 Seconds East, a distance of 378.25 feet to a point; thence North 05 Degrees 37 Minutes 10 Seconds West, a distance of 346.19 feet to a point; thence North 11 Degrees 29 Minutes 23 Seconds West, a distance of 322.44 feet to a point; thence South 82 Degrees 36 Minutes 19 Seconds West, a distance of 230.88 feet to a point; thence North 27 Degrees 24 Minutes 23 Seconds East, a distance of 85.09 feet to a point; thence North 47 Degrees 52 Minutes 51 Seconds East, a distance of 486.51 feet to a point; thence North 77 Degrees 04 Minutes 57 Seconds East, a distance of 157.38 feet to a point; thence South 71 Degrees 44 Minutes 55 Seconds East, a distance of 465.34 feet to a point; thence South 85 Degrees 03 Minutes 59 Seconds East, a distance of 42.15 feet to a point; thence South 71 Degrees 19 Minutes 01 Second East, a distance of 385.82 feet to a point; thence South 69 Degrees 06 Minutes 26 Seconds East, a distance of 715.75 feet to a point; thence South 09 Degrees 53 Minutes 18 Seconds East, a distance of 102.45 feet to a point; thence South 09 Degrees 20 Minutes 41 Seconds West, a distance of 274.61 feet to a point; thence South 04 Degrees 20 Minutes 05 Seconds West, a distance of 270.89 feet to a point; thence South 03 Degrees 46 Minutes 30 Seconds West, a distance of 344.34 feet to a point; thence South 05 Degrees 20 Minutes 02 Seconds West, a distance of 94.08 feet to a point; thence South 04 Degrees 35 Minutes 03 Seconds West, a distance of 544.97 feet to a point; thence South 03 Degrees 32 Minutes 36 Seconds West, a distance of 81.50 feet to a point; thence North 89 Degrees 28 Minutes 33 Seconds West, a distance of 1301.81 feet back to the Point of Beginning. Said tract containing 99.98 Acres, more or less.

(2) Notwithstanding anything in this section to the contrary, at any time and from time to time, the district established in this section may be enlarged, reduced, modified, or eliminated, in whole or part, and the regulations set forth in this section are subject to amendment at any time and from time to time. No vested rights shall be acquired by or be conferred upon any person as a result of the establishment of the district or permitting under this section.

(3) In the event the entertainment district established by this section falls below the number of alcoholic beverage licensees required for the establishment of the district according to section 28-3A-17.1, Code of Ala. 1975, then the city may amend this section to either eliminate the entertainment district or modify the district so as to remain in compliance with section 28-3A-17.1, unless applicable state alcoholic beverage control laws allow for continuance of a once-established district regardless of the number of alcoholic beverage licensees remaining.

(d) *Opening of the district*.

(1) *Regular hours of district.* The regular hours of operation for the arts and entertainment district shall be between the hours of 12:00 noon and 11:00 p.m., daily; provided, however, in the case of New Year's Eve/New Year's Day, the regular hours of operation shall be between the hours of 12:00 noon on December 31st and 1:00 a.m. on January 1st.

(2) *Chapter 23 special event opening of district*.

a. An event organizer of a chapter 23 special event that is an arts and entertainment district event, including an organized event on private property that requires city event services in accordance with section 23-202(d) of this Code, may request, with the organizer's application for a chapter 23 special event permit and on forms provided by the city, that the district be opened during the chapter 23 special event.

b. The request shall be processed with the application for a chapter 23 special event permit and the event organizer, as that term is defined in chapter 23, article VI of this Code, shall be responsible for all costs incurred by the city as a result of the opening of the district during the chapter 23 special event, including safety, traffic and crowd control; clean-up costs; and the use of city equipment. City services necessitated by the conduct of the chapter 23 special event independent of the opening of the district shall be governed by chapter 23, article VI of this Code.

c. The event administrator, as that term is defined in chapter 23, article VI of this Code, shall have the authority to determine whether the proposed event meets the definition of an arts and entertainments district event, based on recommendations that he may elect to obtain from the city's planning division, and to approve, approve with conditions, or disapprove the opening of the district during the special event based on the grounds for denying a special event permit or other public health, safety, or general welfare concerns. No appeal or other right of review shall be available to an event organizer who has had its request to open the district denied.

(3) *City-sponsored opening of the district*. At any time and from time to time the city, through the mayor or his designee, may elect to sponsor the opening of the district.

(e) *Exemptions in the district for on-premise retailers and their customers.* In the case of on-premise retailers who are district permittees and their customers, each of the following shall apply:

(1) The regulations of subsection 3-22(b) of this article, concerning the possession of

an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-22(b) shall apply.

(2) The regulations of subsections 3-24(a) through (c) of this article, concerning removal of an open container from an authorized licensed premise, shall not apply in the case of the removal of an approved container of alcoholic beverages from the premises of an on-premise retailer who is a district permittee during the hours of operation of the district. Otherwise, the regulations of subsections 3-24(a) through (c) shall apply.

(3) The regulations of subsection 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the district area during the hours of operation of the district by a customer wearing an approved wristband. Otherwise, the regulations of subsection 3-24(d) shall apply.

(4) The regulations of subsection 3-25(a) of this article, concerning brown bagging on the premises of another city business licensee, shall not apply in the district area during the hours of operation of the district in the case of alcoholic beverages in an approved container. Otherwise, the regulations of section 3-25(a) shall apply. Nothing in this subsection (4) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk café areas of the city licensee.

(f) *Exemptions in the district for breweries and their customers*. In the case of breweries who are district permittees and their customers, each of the following shall apply:

(1) The regulations of subsection 3-22(b) of this article, concerning the possession of an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of beer in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-22(b) shall apply.

(2) The regulations of subsection 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of beer in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-24(d) shall apply.

(3) The regulations of subsection 3-25(a) of this article, concerning brown bagging on the premises of another city business licensee, shall not apply in the district area during the hours of operation of the district in the case of beer in an approved container. Otherwise, the regulations of section 3-25(a) shall apply. Nothing in this subsection (2) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk café areas of the city licensee.

(g) *Required conduct in the district*.

(1) Nothing in this section shall be construed to relieve a brewery, its servants, agents, or employees from complying with the hours of sale set forth in section 3-133(b) of this article or those set forth in the state alcoholic beverage control laws.

(2) For beer that will be removed from the licensed premises for off-premise consumption, a brewery, its servants, agents, and employees, shall furnish the beer to its customers in authorized unopened containers, which shall remain sealed while on the brewery's licensed premises.

(3) No person shall remove an open container of alcoholic beverages from the district.

(4) All alcoholic beverages possessed or consumed within the district shall be obtained from district permittees.

(5) It shall be unlawful for any person to re-use or to knowingly allow the re-use of an approved container for an alcoholic beverage and nothing in this section shall be construed to authorize the same.

(h) *Permitting*.

(1) *Qualifications*. In order to qualify for a permit under this subsection, an applicant shall meet each of the following conditions:

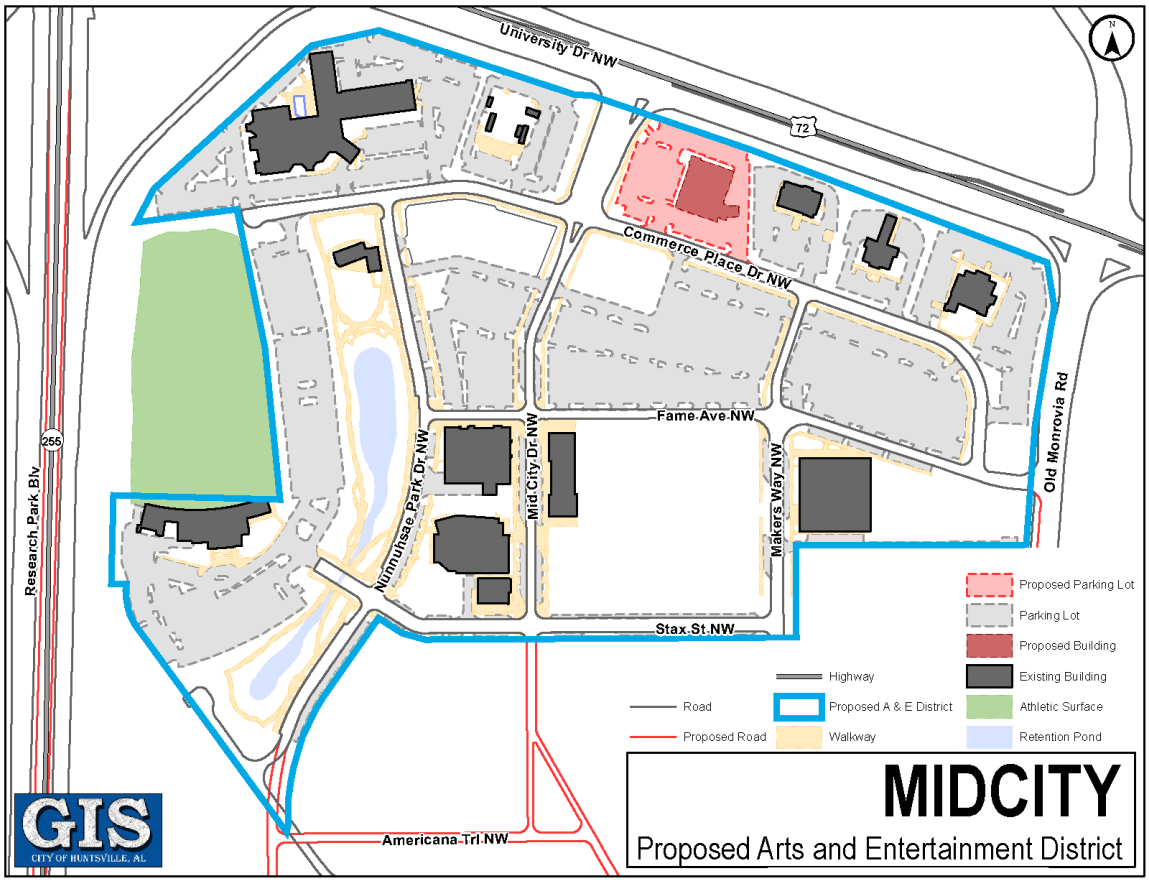
a. The applicant shall be a city licensee that is an on-premise retailer or a brewery; and

b. No adverse criminal, quasi-criminal, or administrative action shall be pending or shall have been taken in the immediately preceding 12-month period against the city licensee or its owner related to its license or the operation of the city licensed premises.

(2) *Application process; permit duration*. A city licensee that meets the qualification of subsection (1) above may apply with the city-clerk's office to become a district permittee by filling out a form provided by the city. The city clerk-treasurer may deny a permit if the applicant does not meet the qualifications stated in subsection (1) above. The applicant may appeal the denial of the application for a permit to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the denial. A permit shall be valid for a license year, at the end of which a renewal application must be made.

(3) *Action against permit*. A permit may be revoked, suspended, or not renewed by the city clerk-treasurer if the permittee or applicant for renewal no longer meets the qualifications stated in subsection (1) above. The permittee or applicant for renewal may appeal the adverse decision of the city clerk-treasurer to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the adverse action.

(4) *Number of permits*. The chief of police shall have the authority at any time and from time to time to limit the number of district permits issued in a given license year should he, in his discretion, determine that it is in the interest of public, health, safety, or general welfare to do so. In such event, permits shall be issued on a first come, first serve basis based on the time a completed application is submitted to the office of the city clerk-treasurer. If there is a question as to first in time, the city clerk-treasurer is authorized to conduct a random drawing to decide the issue.



(i) *Security*.

(1) *Temporary closure of district*. At any time and from time to time, the chief of police shall have the authority to temporarily close the district, which includes the authority to require persons to disperse from the area, should he, in his sole discretion, determine it is appropriate to do so in order to protect the public health, safety, or general welfare. The district shall remain closed until the chief of police allows the district to be re-opened. The city shall not be responsible for any costs incurred by any person as a result of the closing and the city shall still be entitled to a reimbursement for city services provided in connection with the opening of the district for a chapter 23 special event.

(j) Nothing in this section shall be construed to authorize any person to violate the state's open container law found at Code of Ala. 1975 § 32-5A-330.

(k) Nothing in this section shall be construed to authorize any person to violate the state and city's laws against under-age drinking.

(l) Nothing in the section shall be construed to authorize a brewery to operate contrary to the state alcoholic beverage control laws governing manufacturers, including Code of Ala. 1975 § 28-3A-6.

(Ord. No. 21-173, § 1, 3-25-2021; Ord. No. 21-1182, § 4, 12-2-2021; Ord. No. 22-270, § 1, 4-28-2022; Ord. No. 24-868, § 1, 11-21-2024)

Sec. 3-31. Bridge Street Arts and Entertainment District.

(a) *Definitions.* The following words, terms, phrases, when used in this section, shall have the meanings ascribed to them in this subsection (a), except where the context clearly indicates a different meaning.

Approved container means a purple colored, non-glass container not exceeding a volume of 16 fluid ounces, which is provided to a customer by the seller who is a district permittee, bearing the name or logo of the permittee.

Arts and entertainment district event means a Chapter 23 special event that meets each of the following criteria:

(1) The event is open to the general public and may or may not include an admission fee for entrance into the event.

(2) The purpose of the event is to promote local arts, culture, or entertainment, through a venue that is consistent with the purpose of the arts and entertainment district.

Brewery means a brewery located within the district that holds a manufacturers license from the ABC board and city, which is authorized by law to sell beer at retail for off-premises consumption.

Chapter 23 special event means a special event governed by Chapter 23, Article VI of this Code.

Customer means an individual who is not a minor, as that term is defined by the state alcoholic beverage control laws, that possesses an alcoholic beverage provided by a district permittee for consumption in the district area during the hours of the operation of the district.

District means the Bridge Street Arts and Entertainment District established hereinafter in subsection (c) of this section, as such district may be from time to time amended.

District area or *area* means public places within the district, except for an excluded public place.

District permittee or *permittee* means the holder of a permit issued by the city pursuant to subsection (h) of this section.

Excluded public place means a public place within the district that is not included within the district area as follows:

(1) A public building, facility, garage, or parking lot that is posted with signage at each entrance or in conspicuous places that no open containers of alcoholic beverages are allowed on the premises;

(2) Property privately owned or controlled that is posted with signage at each entrance or in conspicuous places that no open containers of alcoholic beverages are allowed on the premises;

(3) An area being used for a Chapter 23 special event that is posted with signage at each entrance or in conspicuous places occupied by the event that no open containers of alcoholic beverages are allowed on the premises;

(4) An area being used for a Chapter 23 special event that is licensed to sell alcoholic beverages; or

(5) The premises of a city licensee.

On-premise retailer means an on-premise alcoholic beverage retailer located within the district that holds a license from the state and city authorizing the retail sale of alcoholic beverages for on-premise consumption.

(b) *Purpose.*

(1) *Purpose of section.* The purpose of this section is as follows:

a. With regard to on-premise retailers, to establish a district authorized by section 28-3A-17.1, Code of Ala. 1975, within which certain conduct that is otherwise prohibited by this article is permitted, specifically, regulations against possessing an open container and drinking in a public place under subsection 3-22(b),

regulations against removal of open containers under subsections 3-24(a) through (c), regulations against allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee under subsection 3-24(d), and regulations against brown bagging on the premises of another city business licensee under subsection 3-25(a);

b. With regard to breweries, to establish a district within which certain conduct that is otherwise prohibited by this article is permitted, specifically, regulations against possessing an open container and drinking in a public place under subsection 3-22(b), regulations against allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee under subsection 3-24(d), and regulations against brown bagging on the premises of another city business licensee under subsection 3-25(a); and

c. To establish regulations governing the district.

(2) *Purpose of arts and entertainment district.* In addition to the foregoing, the purpose of establishing an arts and entertainment district is to enhance the public enjoyment of the district and to promote local arts, culture, and entertainment, while, at the same time, protecting existing uses and preserving the unique character of each district.

(c) *Bridge Street Arts and Entertainment District established.*

(1) Subject to subsections (2) and (3) of this subsection (c), there is hereby established the following named and generally described district, the Bridge Street Arts and Entertainment District, which is also shown on the appended map incorporated herein by reference, which district shall constitute an entertainment district pursuant to section 28-3A-17.1, Code of Ala. 1975:

(2) Notwithstanding anything in this section to the contrary, at any time and from time to time, the district established in this section may be enlarged, reduced, modified, or eliminated, in whole or part, and the regulations set forth in this section are subject to amendment at any time and from time to time. No vested rights shall be acquired by or be conferred upon any person as a result of the establishment of the district or permitting under this section.

(3) In the event the entertainment district established by this section falls below the number of alcoholic beverage licensees required for the establishment of the district according to section 28-3A-17.1, Code of Ala. 1975, then the city may amend this section to either eliminate the entertainment district or modify the district so as to remain in compliance with section 28-3A-17.1, unless applicable state alcoholic beverage control laws allow for continuance of a once-established district regardless of the number of alcoholic beverage licensees remaining.

(d) *Opening of the district.*

(1) Regular hours of district. The regular hours of operation for the entertainment district shall be between the hours of 4:00 pm to 10:00 pm on Thursday and between the hours of 12:00 noon to 10:00 p.m. on Friday, Saturday, and Sunday.

(2) Chapter 23 special event opening of district.

a. An event organizer of a Chapter 23 special event that is an arts and entertainment district event, including an organized event on private property that requires city event services in accordance with section 23-202(d) of this Code, may request, with the organizer's application for a Chapter 23 special event permit and on forms provided by the city, that the district be opened during the chapter 23 special event.

b. The request shall be processed with the application for a Chapter 23 special event permit and the event organizer, as that term is defined in Chapter 23, Article VI of this Code, shall be responsible for all costs incurred by the city as a result of the opening of the district during the Chapter 23 special event, including safety, traffic and crowd control; clean-up costs; and the use of city equipment. City services necessitated by the conduct of the Chapter 23 special event independent of the opening of the district shall be governed by Chapter 23, Article VI of this Code.

c. The event administrator, as that term is defined in Chapter 23, Article VI of this Code, shall have the authority to determine whether the proposed event meets the definition of an arts and entertainments district event, based on recommendations that he may elect to obtain from the city's planning division, and to approve, approve with conditions, or disapprove the opening of the district during the special event based on the grounds for denying a special event permit or other public health, safety, or general welfare concerns. No appeal or other right of review shall be available to an event organizer who has had its request to open the district denied.

(3) City-sponsored opening of the district. At any time and from time to time the city, through the mayor or his designee, may elect to sponsor the opening of the district.

(e) *Exemptions in the district for on-premise retailers and their customers.* In the case of on-premise retailers who are district permittees and their customers, each of the following shall apply:

(1) The regulations of subsection 3-22(b) of this article, concerning the possession of an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-22(b) shall apply.

(2) The regulations of subsections 3-24(a) through (c) of this article, concerning removal of an open container from an authorized licensed premise, shall not apply in the case of the removal of an approved container of alcoholic beverages from the premises of an on-premise retailer who is a district permittee during the hours of operation of the district. Otherwise, the regulations of subsections 3-24(a) through (c) shall apply.

(3) The regulations of subsection 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of alcoholic beverages in an approved container within the confines of the district area during the hours of operation of the district by a customer wearing an approved wristband. Otherwise, the regulations of subsection 3-24(d) shall apply.

(4) The regulations of subsection 3-25(a) of this article, concerning brown bagging on the premises of another city business licensee, shall not apply in the district

area during the hours of operation of the district in the case of alcoholic beverages in an approved container. Otherwise, the regulations of section 3-25(a) shall apply. Nothing in this subsection (4) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk café areas of the city licensee.

(f) *Exemptions in the district for breweries and their customers.* In the case of breweries who are district permittees and their customers, each of the following shall apply:

(1) The regulations of subsection 3-22(b) of this article, concerning the possession of an open container or drinking an alcoholic beverage in a public place, shall not apply in the case of the possession or consumption of beer in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-22(b) shall apply.

(2) The regulations of subsection 3-24(d) of this article, concerning allowing an open container or consumption of alcoholic beverages on the parking area of a city licensee, shall not apply in the case of the possession or consumption of beer in an approved container within the confines of the district area during the hours of operation of the district. Otherwise, the regulations of subsection 3-24(d) shall apply.

(3) The regulations of subsection 3-25(a) of this article, concerning brown bagging on the premises of another city business licensee, shall not apply in the district area during the hours of operation of the district in the case of beer in an approved container. Otherwise, the regulations of section 3-25(a) shall apply. Nothing in this subsection (2) shall be construed to allow brown bagging on city licensed premises, which includes patios or sidewalk café areas of the city licensee.

(g) *Required conduct in the district.*

(1) Nothing in this section shall be construed to relieve a brewery, its servants, agents, or employees from complying with the hours of sale set forth in section 3-133(b) of this article or those set forth in the state alcoholic beverage control laws.

(2) For beer that will be removed from the licensed premises for off-premise consumption, a brewery, its servants, agents, and employees, shall furnish the beer to its customers in authorized unopened containers, which shall remain sealed while on the brewery's licensed premises.

(3) No person shall remove an open container of alcoholic beverages from the district.

(4) All alcoholic beverages possessed or consumed within the district shall be obtained from district permittees.

(5) It shall be unlawful for any person to re-use or to knowingly allow the re-use of an approved container for an alcoholic beverage and nothing in this section shall be construed to authorize the same.

(h) *Permitting.*

(1) *Qualifications.* In order to qualify for a permit under this subsection, an applicant shall meet each of the following conditions:

a. The applicant shall be a city licensee that is an on-premise retailer or a brewery; and

b. No adverse criminal, quasi-criminal, or administrative action shall be pending or shall have been taken in the immediately preceding 12-month period against the city licensee or its owner related to its license or the operation of the city licensed premises.

(2) *Application process; permit duration.* A city licensee that meets the qualification of subsection (1) above may apply with the city-clerk's office to become a district permittee by filling out a form provided by the city. The city clerk treasurer may deny a permit if the applicant does not meet the qualifications stated in subsection (1) above. The applicant may appeal

the denial of the application for a permit to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the denial. A permit shall be valid for a license year, at the end of which a renewal application must be made.

(3) *Action against permit.* A permit may be revoked, suspended, or not renewed by the city clerk-treasurer if the permittee or applicant for renewal no longer meets the qualifications stated in subsection (1) above. The permittee or applicant for renewal may appeal the adverse decision of the city clerk-treasurer to the liquor license review committee by filing a written notice of appeal with the city clerk-treasurer within 15 days after the adverse action.

(4) *Number of permits.* The chief of police shall have the authority at any time and from time to time to limit the number of district permits issued in a given license year should he, in his discretion, determine that it is in the interest of public, health, safety, or general welfare to do so. In such event, permits shall be issued on a first come, first serve basis based on the time a completed application is submitted to the office of the city clerk-treasurer. If there is a question as to first in time, the city clerk-treasurer is authorized to conduct a random drawing to decide the issue.

(i) *Security.*

(1) *Temporary closure of district.* At any time and from time to time, the chief of police shall have the authority to temporarily close the district, which includes the authority to require persons to disperse from the area, should he, in his sole discretion, determine it is appropriate to do so in order to protect the public health, safety, or general welfare. The district shall remain closed until the chief of police allows the district to be re-opened. The city shall not be responsible for any costs incurred by any person as a result of the closing and the city shall still be entitled to a reimbursement for city services provided in connection with the opening of the district for a Chapter 23 special event.

(j) Nothing in this section shall be construed to authorize any person to violate the state's open container law found at § 32-5A-330, Code of Ala. 1975.

(k) Nothing in this section shall be construed to authorize any person to violate the state and city's laws against under-age drinking.

(l) Nothing in the section shall be construed to authorize a brewery to operate contrary to the state alcoholic beverage control laws governing manufacturers, including § 28-3A-6 Code of Ala. 1975.
(Ord. No. 22-300, § 1, 5-12-2022)

Secs. 3-32—3-50. Reserved.

ARTICLE III. LICENSES

DIVISION 1. GENERALLY

Sec. 3-51. City license required; application of business license chapter.

(a) It shall be unlawful for any person who has not been licensed to do so under the appropriate provisions of this chapter to sell, offer for sale, or have in his possession for the purpose of sale any alcoholic beverages.

(b) All applicable provisions of chapter 15 of this Code, not inconsistent with the provisions of this chapter, are hereby referred to and made a part of this chapter to the same extent as if herein set out in full.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-52. Transfer of state license; new city license required.

(a) No city license issued under the provisions of this chapter shall be transferred or assigned from one location to another or from one licensee to another person.

(b) Where a city licensee makes application with the ABC board for a transfer of its state license from one location to another or from one licensee to another person, then the transferee must obtain approval from the city for the state transfer and, in addition, must apply for a new city license for the new location or new person and meet all the requirements of this chapter for the new license. The transferee shall have 60 days from the date the transfer application is made with the state to complete the transfer process and obtain a new city license, subject to extensions granted by the city clerk-treasurer upon written request for good cause shown. In the case of a location transfer, no business regulated by this chapter shall be conducted at the proposed location until the process is complete and a new license has been issued for the new location.

(c) In the case of failure to complete the transfer process and obtain a new city license in a timely manner, where the ABC board in accordance with state alcoholic beverage control laws allows the original licensee to resume control and operation of the licensed premises, then the original city licensee shall also be allowed to resume its operations at the original location.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-53. Change of ownership, management, or name of licensee; expansion of city licensed premises.

(a) *Change of ownership, etc.* Subject to section 3-52 concerning state transfers and new city licenses, city licenses shall be deemed to expire, terminate, or otherwise be void when there is a substantial change of ownership in the licensee; when a licensed establishment is leased, rented, or abandoned; or when possession is otherwise surrendered to another person. A city license issued to a corporation does not terminate by transfer of ownership of its stock, and a new license is not required even with a complete change in ownership of the capital stock of a corporate licensee, although the provisions of subsection (d), below, shall apply.

(b) *Temporary closure or interruption.* Upon the death of an individual city licensee, sale of the licensed business, temporary closing of the licensed business, or other interruption in the operation of a licensed business, the city license shall immediately be delivered to the city clerk-treasurer, to be held pending the reopening of said business according to this chapter. However, where there is a surviving partner in a partnership entity possessing a city license, or a surviving spouse of a deceased licensee, such survivor may complete the current license year operating as a city licensee, having the same rights and responsibilities as the named licensee, without obtaining a new city license, provided: (1) the survivor notifies the city clerk-treasurer in writing within 20 days after the death of the licensee, and (2) the survivor is otherwise qualified to hold a city license. A surviving spouse or partner must complete a new application in his/her own name and receive approval prior to operation the next license year.

(c) *New officers or directors of licensed corporations.* When a licensed corporation elects new officers or directors, said corporation shall notify the city clerk-treasurer in writing within 20 days thereafter. Such notification shall contain the names, positions, social security numbers, places of birth, dates of birth, home addresses, and how long the newly-elected officials have lived at said addresses. No person shall serve as a director or officer of a licensed corporation who is otherwise unqualified to obtain an original city license in their own name, and the city license shall be subject to action being taken against the license, where the person continues to hold the position of director or officer with the licensed corporation. This section shall not apply to corporations whose shares are customarily and regularly traded or sold on recognized stock exchanges.

(d) *New shareholders of licensed corporations.* When ownership of 20 percent or more of a corporation's shares is transferred or there accrues a 20 percent transfer of shares since the licensing year began, a corporation shall notify the city-treasurer in writing within 20 days thereafter. The letter shall contain the name of the persons to whom the stock was transferred, social security number, place of birth, date of birth, home

address, how long the stock transferee has lived at that address, and what quantity of shares was transferred. No person shall own shares through transfer or accrual in a licensed corporation who is otherwise unqualified to obtain an original city license in their own name. The license review committee shall have discretion in determining the qualifications of any transferee of stock shares, and may, in its discretion, suspend the corporation's license during the period of time that the unqualified shareholder retains ownership of said shares, subject to the right of appeal to the city council in accordance with section 3-91. This section shall not apply to corporations whose shares are customarily and regularly traded or sold on recognized stock exchanges.

(e) *Noncorporate licensees.* When a noncorporate licensee has a change of ownership effecting 20 percent or more thereof, the licensee shall notify the city clerk-treasurer in writing within 20 days thereafter, and a new application shall be submitted by the new entity created by such change of ownership. No person shall become the owner or otherwise be interested in the operation of a noncorporate city licensed premises who is otherwise unqualified to obtain an original license in their own name.

(f) *Additional information.* Additional information concerning licensed businesses and persons associated therewith shall be submitted when requested by the city clerk-treasurer.

(g) *Change of trade name.* In the event a city licensee changes its trade name during a license year, the licensee must notify the city clerk-treasurer within 20 days of such change.

(h) *Expansion of licensed premises.* All expansions of city licensed premises shall be subject to the city's approval. Whenever a licensee proposes to expand its city licensed premises it shall make application therefor with the city clerk-treasurer and shall submit such relevant information as the city clerk-treasurer may require. The application for expansion shall be considered by the license review committee, on behalf of the city council, in accordance with this article and the committee's decision is subject to the same right of appeal as for original license applications.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-54. Duration.

Licenses issued under the provisions of this chapter shall be valid for the license year which shall begin on January 1 of each year and expire on December 31 of each year.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-55. Licenses conditional.

(a) All licenses issued pursuant to this chapter shall be conditioned upon the holder thereof continuing to meet the requirements and qualifications of licensing and, failing therein, it shall be a violation of this chapter.

(b) All licenses issued under this chapter shall be conditioned upon the holder thereof being duly licensed by the ABC board and any failure to be so licensed or any suspension or revocation of such licensing shall cause an automatic denial, suspension, or revocation of a city license without the need for notice or an opportunity to be heard. Where a suspended state ABC board license is reinstated, then the city's license shall be automatically reinstated unless the city takes action against the city license.
(Ord. No. 11-654, § 1, 9-22-2011)

Secs. 3-56—3-80. Reserved.

DIVISION 2. APPLICATION, LICENSING REQUIREMENTS, ETC.

Sec. 3-81. Classification and qualifications of licensing.

(a) *Classifications.* Subject to subsection (b) of this section, upon approval of an application, the city clerk-treasurer is authorized to issue alcoholic beverage licensing in accordance with the classifications and qualifications established by the state alcoholic beverage control laws and this chapter.

(b) *Zoning requirements.* Where the city's zoning laws, which includes variances or special exceptions granted pursuant thereto, establish certain requirements, qualifications, or conditions for city licensees or city licensed premises, which includes the requirement that an on-premises retailer maintain a minimum in sales of meals or other items, it shall be a requirement, qualification, or condition for licensing under this chapter, and failure to comply therewith shall constitute a violation of this chapter.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-82. Application filing fee for license.

There is required, as a filing fee to cover the costs of processing and investigating each application filed with the city for an alcoholic beverage license of any kind or class, the sum of $100.00; and the city clerk-treasurer shall not accept any application for any such license not accompanied by payment to the city. The filing fee shall be retained by the city to cover the expenses of processing and investigating the application, whether or not the application results in approval or denial; however, the filing fee for special events license applications shall be $25.00.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-83. When application for license refused.

(a) The city clerk-treasurer shall not accept an application for an alcoholic beverage license from any applicant which has had a license application for the same classification of license at the same location denied within 180 days immediately preceding the date of application; however, the liquor license review committee may vote to consider any such application upon written request where the committee finds a substantial change in the ownership or circumstances with respect to the application. The committee's decision regarding whether to so consider such application is final.

(b) The city clerk-treasurer shall not accept an application for an alcoholic beverage license from an applicant whose state license has been denied, or is under suspension or revocation.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-84. Application.

(a) *Generally.* Each applicant for a license shall make application to the city as required in this section. The application shall be upon an appropriate form supplied by the city clerk-treasurer for such purpose and shall be signed and verified by oath or affirmation by the owner if a natural person or, in the case of an association, partnership, or limited liability company, by a member or partner, or in the case of a corporation by an executive officer, or any person specifically authorized by the corporation to sign the application to which shall be attached written evidence of his authority.

(b) *Contents generally.*

(1) For purposes of this subsection (b), the term information shall mean information of any kind or in any form specified by the application, which may include but is not necessarily limited to documentation, statements, certifications, evidence, site plans, reports, and instruments.

(2) Every applicant for a license, in addition to information required under the state alcoholic beverage control laws, which includes the rules and regulations promulgated by the ABC board governing applications, shall also provide, as part of such application, information which the city clerk-treasurer determines is relevant for a determination of qualification of licensing and compliance with this chapter and the laws of the state and city, which includes detailed information about:

a. The applicant, which includes formation documents for a business or non-profit entity;

b. Persons having ownership, control, or management of or an interest in the establishment to be licensed, which includes identifying information, residency history, contact information, background information, and criminal history;

c. The funding of the business;

d. Past licensing;

e. The proposed city licensed premises, which includes its location and a site plan that includes patios and parking areas;

f. On-premises meal preparation and service, which, in the case of mandatory on-premises meal preparation and service, shall include the description of a fully functional kitchen;

g. Premises operation, which includes security personnel and their background, which includes criminal history; and

h. The ownership or lease of the proposed city licensed premises, which includes, in the case of a tenancy, the landlord and his interest in or control of the proposed licensee, if any.

(c) *Security plan.*

(1) For purposes of this subsection (c) the term *approved security plan* means the security plan approved by the chief of police in accordance with this subsection, as such plan may be amended from time to time as hereinafter provided. The approved security plan shall constitute the minimum security measures which must be taken by the licensee and nothing in this subsection (c) shall be construed to prevent the licensee, at any time and from time to time, from implementing additional or more stringent security measures above the minimum approved security plan without the need to obtain the approval of the chief of police.

(2) An applicant for an on-premises license with a maximum occupancy exceeding 250 persons shall submit a proposed security plan with its application. The plan shall explain in detail the security measures which the applicant proposes to use for the proposed city licensed premises and proposed licensee's parking area, which includes security personnel, methods of crowd control, prevention of underage drinking, access control of minors under the age of 19 in the case of class I lounge liquor retailers, security lighting, and such other security measures the chief of police may require based on the proposed location, the class of license, the proposed occupancy number, prior history, and whether the establishment will have entertainment.

(3) The plan shall be subject to the approval of the chief of police and, once approved, shall be a qualification for and condition of licensing. It shall be a violation of this chapter for the licensee to fail to follow the approved security plan.

(4) At any time or from time to time the licensee may request in writing that the chief of police reduce the approved security measures contained in the approved security plan where the applicant is able to demonstrate to the satisfaction of the police chief that the remaining security measures are adequate under the circumstances to protect the public health, safety, and general welfare. At any time and from time to time the police chief may require an enhancement in the security measures contained in the approved security plan where he determines such enhancement is required in order to protect the public health, safety, or general welfare due to occurrences on the licensed premises or licensee's parking area.

(d) *Fingerprints.* As a part of the application process the city clerk-treasurer may require that persons having ownership, control, or management of or an interest in the establishment to be licensed, as well as its security personnel, submit fingerprints to the chief of police who shall forward the fingerprints to the appropriate agencies for identification and investigation.

(e) *Duty to update.* Subject to section 3-53, a licensee shall have an ongoing duty to notify the city clerk-treasurer in writing of any applicable changes in: (1) the persons having ownership, control, or management of or an interest in the licensee, (2) the licensee's security personnel,

and (3) the landlord and his interest in or control of the licensee. The licensee may be required to make application for such changes, which shall be processed as for an original application, subject to the same rights of appeal.

(f) *False information.* It shall be unlawful for an applicant to knowingly submit false or incorrect information with an application. In the event any false, incorrect, or incomplete information is found on an application for a license, the license is subject to denial, action being taken against it, or other appropriate action, and no waiver, estoppel, or laches will run against the city, in connection with any false, incorrect, or incomplete information made by an applicant on an application.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-85. Notice.

(a) All applicants for a license shall provide written notification in accordance with this section to all current owners of real property, as shown in the records on file in the tax assessor's office, and occupants of residential dwellings, which are located within 500 feet of the property to be licensed, which includes the proposed licensee's parking area, as measured from the external boundary of the property to be licensed, which includes the proposed licensee's parking area.

(b) The notice shall include the date and time the application is scheduled to be voted on by the license review committee, the location of the meeting, and such other information the city clerk-treasurer may require, which includes the right of interested persons to appear before the committee, and also of their right to appeal any ruling of the committee to the city council. Notice shall be sent via U.S. Mail, proper postage prepaid to said owners and occupants and notice shall be completed at least one week before the meeting at which the application is scheduled to be acted upon by the committee.

(c) The applicant shall file with the city clerk-treasurer a list of the names and street addresses to which notice was sent and shall certify that the required notice was given. In lieu of notice being sent by first class mail, the city clerk-treasurer is authorized to require that notice be sent by certified mail, return receipt requested, as proof of delivery, which proof shall be submitted to the city clerk-treasurer upon request.

(d) Nothing herein shall be construed to prevent, as a part of the investigation required in section 3-86, the city clerk-treasurer or chief of police from contacting or notifying owners or occupants of real property adjacent to or in the vicinity of the proposed city licensed premises about the pending application and to advise them of their right to be heard on the application.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-86. Investigations.

Upon receipt of a completed application the city clerk-treasurer and chief of police shall each conduct or cause to be conducted an investigation and inquire into all matters and things contained in the application as well as other matters relevant to the pending application and to submit their findings to the license review committee for its consideration, on behalf of the city council, after the investigation is complete, together with recommendations for action.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-87. License review committee.

(a) There is created, for the purpose of assisting the city council in reviewing and approving applications for licenses and performing other matters specifically assigned to the committee by this chapter, a committee to be known as the license review committee. The committee shall assist the city council in the consideration and special investigation of all applications for licensing under this chapter. The committee shall be composed of the city clerk-treasurer or an administrative officer of the clerk-treasurer's office designated by the city clerk-treasurer; the chief of police or an officer of the police department designated by the chief of police; and the director of planning or an employee of the planning department designated by the director of planning.

(b) The committee shall meet on the first and third Thursday of each month to review applications which are in order for consideration. Prior to acting upon any application, the committee shall hold a hearing at which the applicant or his representative, any person required to receive notice of the meeting, and any member of the public who wishes may be heard on the application.

(c) The committee, based upon the factors set forth in section 3-89, may, on behalf of the city council, approve or deny an application. However, no license application may be acted upon at the same meeting where it is introduced. In approving a license the committee may attach reasonable conditions, not inconsistent with this chapter or the state alcoholic beverage control laws, which it deems necessary for the public health, safety, and general welfare.

(d) If an application for a license is denied by the committee, the applicant may appeal to the city council by filing a notice of appeal with the city clerk-treasurer prior to the next regular meeting of the council. In the event an application for a license is approved, any member of the public, which includes owners or occupants of nearby property, may appeal to the city council by filing a notice of appeal with the city clerk-treasurer prior to the next regular meeting of the council. The city council shall set a hearing on any such appeal within a reasonable time. The decision of the council shall be final.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-88. Appeal to city council.

(a) Upon receipt of an appeal from the license review committee, the city clerk-treasurer will notify the city council of the appeal and the city council shall set a hearing on any such appeal within a reasonable time thereafter. Notice of the date and time of the appeal shall be given to the appellant, the applicant if different than the appellant, and any person, willing to provide his address, that provided testimony for or against an application to the liquor license review committee. At the hearing on the appeal, all interested persons, which include but are not necessarily limited to those persons notified of the hearing, shall have the right to present evidence, the right to introduce witnesses, and the right to be represented by an attorney.

(b) The city council shall render a decision within 30 days after the conclusion of the hearing. In approving a license the city council may attach reasonable conditions, not inconsistent with this chapter or the state alcoholic beverage control laws, which it deems necessary for the public health, safety, and general welfare. The city council's decision shall be final.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-89. Qualification for licensing.

(a) In considering the application for a city license, whether by the liquor license review committee or the city council on appeal, all relevant factors may be considered, which includes, among others and without limitation, the following:

(1) Compliance with this chapter and the state alcoholic beverage control laws, which includes classification specific requirements or qualifications for licensing;

(2) Compliance with other city ordinances, rules, and regulations, which includes the city's zoning laws and any variances or special exceptions granted pursuant thereto;

(3) Suitability of the applicant and persons having ownership, control, or management of or an interest in the establishment to be licensed;

(4) Any required security plan and suitability of security personnel;

(5) Location of the premises, which includes adjacent or nearby uses;

(6) Information contained in the application, which includes criminal history;

(7) Results of the investigation conducted in accordance with section 3-86;

(8) Testimony presented at any hearings conducted on the application, which

includes testimony of the owners or occupants of nearby property as well as the general public; and

(9) Impact upon the welfare, health, peace, temperance, morals, and safety of the public.

(b) In an appeal to the city council, the city council may consider the decision of the license review committee and any reasons given therefor.

(c) No applicant shall be deemed eligible for a license under this chapter nor shall an application be approved without having first obtained all required permits from the health department, and without fully meeting applicable requirements of the technical codes of the city, the fire prevention codes of the state and of the city, the zoning laws of the city, and other applicable city laws which regulate the business or the premises.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-90. Issuance of license; security.

(a) Upon the approval of a license, the city clerk-treasurer shall issue the license to the applicant upon the payment of the required fee. Before any city license may be issued to a retailer that sells liquor for on-premises consumption, except for a special events retailer, such licensee shall deliver to and maintain with the city clerk-treasurer a bond, payable to the city in the penal sum of $8,000.00, which bond shall be executed by some surety company authorized to do business in the state and in the city, and conditioned to promptly pay to the city all such amounts as may become due to the city under the terms of chapter 15, article IV, chapter 24, article IV and any other amount which may become due to the city for privilege license, sales, use, or gross receipts taxes after the date of such bond. If by reason of any liabilities existing against the bond or against any additional bond provided for, it should appear to the city clerk-treasurer that such bond does not provide full security of $8,000.00 after deducting existing liability, the city clerk-treasurer, as often as such condition may exist, shall demand additional bond of $8,000.00 or more; and it shall be the duty of such licensee to furnish bond within ten days after such demand.

(b) In lieu of any bond, which it may be or become the duty of the licensee to furnish under subsection (a) of this section, such licensee may, at the discretion of the city clerk-treasurer, deposit with the city clerk-treasurer cash or readily marketable securities, satisfactory in form and content to the city clerk-treasurer of a value equivalent to the amount of security contemplated in this section to be provided by the suretyship of surety upon bond. Any such collateral securities, or letter of credit, which may be impaired in value by existing liabilities there against, or otherwise, shall be restored or repaired by furnishing additional securities or bond, so that at all times revenues to become due shall be secured to the extent of $8,000.00 or more.

(c) It shall be unlawful for any licensee to do any business in the city while in default in the provision of security as contemplated in this section, regardless of any amount of licenses or taxes which he may have heretofore paid.

(d) Such bond shall include the endorsement to the effect that such bond shall not be canceled without notice of cancellation being served on the city clerk-treasurer, in writing, by certified mail, at least 30 days prior to the date of cancellation.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-91. Suspension by liquor license review committee.

(a) *Suspension authorized.*

(1) Subject to the license holders right to appeal the decision of the committee as hereinafter provided, the liquor license review committee may, upon the petition of the city clerk-treasurer, suspend a city license for up to a period of one year for cause where the licensee, or any partners, members, officers, or directors of the licensee, has or have violated this chapter or any state alcoholic beverage control laws, or where the city licensed premises has been conducted in a manner

prejudicial to the welfare, health, peace, temperance, safety, or morals of the public.

(2) Action against a license shall be commensurate with the grounds for the action and, where appropriate, shall be progressive in nature, unless the grounds for the action warrant that harsher action be taken.

(3) Nothing in this section shall be construed to prevent the city council from taking action against a city license in accordance with applicable law, which includes section 15-56 of this Code.

(b) *Process.*

(1) The license review committee, upon petition by the city clerk-treasurer, shall set a hearing on the matter as soon as practicable. Notice of the hearing, the basis for the proposed action, and the opportunity to be heard shall be provided by the committee in the same manner as set forth subsection 15-56(c) of this Code. If a party fails to appear at the hearing of the matter the license review committee may proceed with the hearing and render a decision in the absence of the party.

(3) Following the hearing the committee may take the actions as specified in subsection (c) of this section.

(4) Notification of the liquor license review committee's decision shall be mailed to the licensee in the same manner as the notice of the hearing as provided hereinabove.

(5) In the event the committee takes action against a city license, the license holder may appeal the decision to the city council by filing a written notice of appeal stating the basis of the appeal with the city clerk-treasurer within 15 days after the committee's decision. The city council shall set a hearing on the appeal as soon as practicable, and proceed in accordance with section 15-56(c) of this Code; provided, however, the council need not provide the appellant with the grounds for action. Following the hearing, the city council may take the actions specified in subsection (c) of this section.

(c) *Actions.*

(1) A city license may be suspended for up to one year and any licensee, which includes its owners, whose license is suspended shall be, at the discretion of the liquor license review committee or city council in the case of an appeal, ineligible to have any license under this chapter until the expiration or removal of the suspension period. A suspension may provide for automatic removal of the suspension upon the completion of remedial action.

(2) During a period of suspension no new or different alcoholic beverage license will be issued to any other applicant for the same location or in the same business name, as that of the suspended licensee; provided, however, this section is not intended to prohibit innocent landlords or lessors from exercising contractual rights under a rental agreement or a written lease in the event of default by a tenant or lessee.

(3) Immediately following a final decision to take action against a city license, a notice thereof shall be mailed to the ABC board.

(4) During a period of suspension, no alcoholic beverages may be possessed on the city licensed premises, nor may a licensee, its owners, managers, servants, agents, or employees, permit others to bring, possess, or consume alcoholic beverages on the city licensed premises during such period.

(5) During the period of suspension of a city license, the licensee shall post a sign, supplied by the city clerk-treasurer, on the city licensed premises stating that their license has been suspended and state the applicable period of suspension. The sign shall be displayed in a conspicuous location in or on a front window or door and shall be readily visible from outside the premises.

(d) *Emergency closure.*

(1) For purposes of this subsection (d) the term emergency means an occurrence upon a city licensed premises or the licensee's parking area that poses an immediate threat to the health or safety of the public, which includes the patrons or employees of the establishment and public officials, and that demands immediate closure of the licensed establishment in order to properly respond to the emergency.

(2) The chief of police may order an immediate closure of a city on-premises licensee without the need for prior notice or an opportunity to be heard in the case of an emergency. The licensee may reopen as soon as the emergency is over.

(Ord. No. 11-654, § 1, 9-22-2011)

Secs. 3-92—3-130. Reserved.

DIVISION 3. OPERATION

Sec. 3-131. Operation of city licensed premises, etc.

(a) Subject to section 3-173 concerning motion pictures and shows, where state alcoholic beverage controls laws, which includes chapter 20-X-6 of the rules and regulations promulgated by the ABC board, regulate the operation of licensed premises, which includes provisions applicable to state licensees, their servants, agents, or employees, the operation of city licensed premises, which includes city licensees, their servants, agents, and employees, shall be subject to the same operational requirements under city licensing, and failure to comply with same shall constitute a violation of this chapter.

(b) Where state alcoholic beverage control laws have specific requirements or conditions for a state licensee, which includes those that are classification specific, the requirements or conditions shall also apply in the case of city licensees, which includes membership requirements in the case of club licensees.

(c) Where state alcoholic beverage control laws have record keeping requirements of its licensees and the right of inspection of state licensed premises such requirements and right of inspection shall also apply in the case of city licensees and city licensed premises.

(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-132. Hours and days of operation of state liquor stores.

No state liquor store shall remain open for business during the hours from 9:00 p.m. to 9:00 a.m. There shall be no state liquor store operated on any Sunday.

(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-133. Hours of sale and operation.

(a) *Retail licensees.* It shall be unlawful for any retail licensee, its owner, manager, servant, agent, or employee, to sell, offer for sale or to serve, or to dispense for reward, or offer to serve, or dispense for reward, or to allow the consumption of alcoholic beverages upon the city licensed premises, on the days and during the hours hereinafter enumerated as follows:

(1) Prohibited hours for on-premises lounge liquor retailers and special events retailers shall be from 2:00 a.m. to 10:00 a.m. weekdays, which includes Saturdays, and from 2:00 a.m. to 1:00 p.m. Sundays; for all other on-premises licensed retailers prohibited hours shall be every day from 2:00 a.m. to 10:00 a.m.

(2) Prohibited hours for off-premises class II lounge liquor retailers shall be every day from 1:00 a.m. to 8:00 a.m.; for all other off-premises retailers prohibited hours shall be every day from 1:00 a.m. to 7:00 a.m.

(b) *Other licensees.* It shall be unlawful for any manufacturer, importer, or wholesaler, or the owners, managers, servants, agents, or employees of the same, to sell, trade, or barter in alcoholic beverages between the hours of 9:00 p.m. of any Saturday and 2:00 a.m. of the following Monday.

(c) *Business hours for class I lounge liquor retailers.* It shall be unlawful for any class I lounge liquor retail licensee to remain open, or for any owner, manager, servant, agent, or employee to allow or cause said licensee to remain open, to the general public between the hours of 2:15 a.m. and 10:00 a.m. on any weekday, which includes Saturdays, and between 2:15 a.m. and 1:00 p.m. on any Sunday.

(d) *Hours proscribed by zoning ordinance.* Notwithstanding anything to the contrary in this section, where the city's zoning laws, which includes variances and special exceptions granted under the authority of the zoning ordinance, provide for more restrictive hours than those set forth in subsections (a), (b), or (c) of this section, such hours shall apply in lieu of the foregoing and it shall be a violation of this chapter for any licensee, its owner, manager, servant, agent, or employee to sell, offer for sale or to serve, or to dispense for reward, or offer to serve, or dispense for reward, or to allow the consumption of alcoholic beverages upon the city licensed premises, or, in the case of a class I lounge liquor retailer, to be opened for business or to allow or cause the same to be opened for business, during the prohibited hours established by the zoning laws.

(e) *Entertainment district hours.* Notwithstanding anything to the contrary contained in this section, unless prohibited by state alcoholic beverage control laws, on a day when an entertainment district established under article II of this chapter is open, then the hours of sale and operation provided for in subsection (a)(1) of this section and the business hours for class I lounge liquor retailers provided for in subsection (c) of this section will be extended to include the open hours of the particular entertainment district for those on-premises alcoholic beverage retailers that are holders of a permit issued by the city under the entertainment district regulations in article II of this chapter; otherwise the provisions of subsections (a)(1) and (c) of this section shall apply. Where an entertainment district is open outside of the regular hours for the particular district, then the chief of police shall provide at least 24 hours advance written notice of the opening to each such permit holder within the affected entertainment district, or portion thereof.
(Ord. No. 11-654, § 1, 9-22-2011; Ord. No. 17-088, § 3, 2-23-2017; Ord. No. 19-81, § 1, 2-28-2019)

Sec. 3-134. Employees of licensees.

(a) It shall be unlawful for any waiter, waitress, dancer, or model employed by an on-premises licensee to sit at tables with the customers or members and guests while so employed and during the time that the establishment is open for business. It shall be unlawful for any person to knowingly allow a violation of this subsection (a) to occur on city licensed premises under that persons care, custody, or control.

(b) It shall be unlawful for any person at the time employed or engaged on the city licensed premises as an entertainer, model, or dancer to also serve as a waiter or waitress while so employed. It shall be unlawful for any person to knowingly allow a violation of this subsection (b) to occur on city licensed premises under that persons care, custody, or control.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-135. Service of alcoholic beverages on patios or around swimming pool areas.

Any city on-premises licensee may serve alcoholic beverages as authorized by their license on patios or around swimming pool areas adjacent to or connected with the main city licensed premises. Said serving area shall be located so as not to be a nuisance nor readily visible from a church or school premises, shall be fenced or otherwise contained, shall have direct access from the interior of the licensed premises, shall not be located in any required parking area, and shall not be installed on a temporary or occasional basis.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-136. Criminal conduct; breaches of the peace.

(a) *Criminal conduct.*

(1) City licensees shall be accountable to the city for the criminal conduct which occurs

or is suffered to occur on any part of the city licensed premises. Where such criminal conduct is allowed, caused, permitted, or suffered to occur by the licensee, its owner, manager, servant, agent, or employee, such licensee's license shall be subject to action being taken against it.

(2) Any city licensee, or owner thereof, violating any criminal law or statute of the state, whether or not occurring on the city licensed premises, may be cause for action being taken against the license.

(b) *Breaches of the peace.*

(1) It shall be the duty of each owner and designated person in charge of any retail city licensed premises, while open to the public, to maintain order upon the premises and to exclude from the premises any person who is drunk and disorderly or who commits any breach of the peace, or who uses offensive, disorderly, threatening, abusive, or insulting language, conduct, or behavior, with the intent to provoke a breach of the peace, or whereby a breach of the peace might be occasioned. The same duty shall also apply to such activity that occurs upon the licensee's parking area during the licensee's hours of operation and within one hour after closing.

(2) It shall be the duty of each owner or designated person in charge of any city licensed retailer to immediately make an appropriate report by telephone to the police division of each assault, assault and battery, or affray occurring on the city licensed premises while such premises are open for business, and occurring on the licensee's parking area during licensee's hours of operation and within one hour of closing. It shall further be the duty of the person to make a written report of such incidents to the police division and to the county sheriff within 36 hours. Failure to make either report shall be grounds for action being taken against the license.

(3) Repeated breaches of the peace, affrays, assaults, assaults and batteries, or the repeated presence of disorderly persons upon the premises of a licensee during hours of operation or licensee's parking area during licensee's hours of operation and within one hour after closing shall be grounds for action being taken against the license. In addition, repeated incidents of vandalism, breaches of the peace, disorderly conduct, or other violations of state and local laws, which unreasonably interfere with the peace, quiet, comfort, and repose of persons of ordinary sensibilities in the neighborhood where such incidents may be attributable to the presence in the neighborhood of the licensed establishment shall also be grounds for action being taken against the license.

Secs. 3-137—3-170. Reserved.

DIVISION 4. ENTERTAINMENT ESTABLISHMENTS

Sec. 3-171. Entertainment permit.

(a) An on-premises city licensee that has any form of entertainment, whether live or taped, shall apply for an entertainment permit with the city clerk-treasurer, on forms provided by the city clerk-treasurer, which shall entitle the holder thereof to conduct the form of entertainment noted on the application. There shall be no charge for the permit or the application therefor. The permit shall be a one-time permit issued subject to and conditioned upon the permit holder's compliance and continued compliance with applicable provisions of this chapter that regulate entertainment or entertainment establishments, and with applicable provisions of the zoning laws, which includes variances and special exceptions granted under the authority of the zoning ordinance, that regulate on-premises licensees with entertainment. Permits shall be posted in a conspicuous place next to the city license.

(b) In the event of a permit holder's failure to so comply, the city clerk-treasurer may revoke the permit upon the occurrence of a third viola-

tion in any given 12-month period, subject to the right of the permit holder to appeal the revocation to the license review committee. The decision of the license review committee is final. Upon revocation of a permit entertainment shall no longer be conducted on the city licensed premises for the time period specified in the revocation, provided such period shall not exceed six months. The permit may be reinstated upon re-application in accordance with subsection (a) above.

(c) The permit issued pursuant to this section shall be in addition to any privilege or business license that might be required in accordance with chapter 15 of this Code, and revocation of the permit shall not revoke the privilege license. (Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-172. Dancers in lounges.

(a) It shall be unlawful for any city on-premises lounge liquor retail licensee, or for the owner or manager of any such licensee, to employ any person under the age of 19 years to perform as a dancer, to allow or sponsor any contest or program where persons under the age of 19 are allowed to perform as dancers, or for any person under the age of 19 years to perform as a dancer, on any such premises, and as a form of entertainment for the patrons of the establishment.

(b) It shall be the duty of every city on-premises lounge liquor retail licensee, and of the owner or designated person in charge, to at all times see that all persons employed or allowed to perform as dancers on the premises are not under the age of 19 years; and the licensee, its owner, or designated person in charge, shall have the burden of establishing the age of any such person employed or allowed to perform upon the inquiry of the chief of police or any officer of the police division. Upon the trial of any cause under this section, proof of the failure of the licensee, owner or designated person in charge to furnish adequate proof upon the request of the chief of police or any officer of the police division shall create a presumption that the person is under the age of 19 years, and the burden to prove otherwise shall rest upon the licensee, owner, or designated person in charge. (Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-173. Motion pictures and shows.

(a) *Definitions.* The following words, terms, and phrases, when used in this section, shall have the meanings ascribed to them in this subsection (a), except where the context clearly indicates a different meaning:

Knowingly means having actual or constructive knowledge of the character and content of the subject matter. A person has constructive knowledge if a reasonable inspection under the circumstances would disclose the nature of the subject matter and the failure to inspect for the purpose of avoiding such disclosure.

Mainstream establishment means:

(1) Any theater, movie house, performing arts center, civic center, concert hall, museum, gallery, or educational institution with: (i) live performances of plays, operas, concerts, dances, ballets, or dramatic performances of serious artistic merit; (ii) representational or visual works of serious artistic merit, such as paintings, sculptures, and photographs; or (iii) motion pictures, films, or video taped works of serious artistic merit, provided that no such establishment shall offer movies with a Motion Picture Association of America rating of NC-17 or greater, which includes any such succeeding MPAA ratings; and

(2) Where such performances, exhibitions, or showings of serious artistic merit comprise at least 80 percent of all performances, exhibitions, or showings of the establishment; and

(3) Where less than 30 percent of gross revenues of the establishment (which includes, for purposes of determining the percentage of gross revenues, the entire gross revenues of an establishment where only a portion of the establishment is a premises licensed to sell alcoholic beverages, provided such establishment is under common possession, ownership, and control) are attributable, directly (by way of directly invoiced charges for alcoholic beverages) or indirectly (by way of cover

charges, tickets, or other charges for the price of admission, which offset the cost of the alcoholic beverage), to the sale of alcoholic beverages.

Nudity means the showing of the human male or female genitals, pubic area, or buttocks with less than a fully opaque covering, or the showing of the female breast with less than a fully opaque covering of any portion below the top of the darkened area surrounding the nipple, or the depiction of covered male genitals in a discernibly turgid state.

Sexual conduct means the performance of acts or simulated acts of masturbation, homosexuality, sodomy, sexual intercourse, or physical contact with a person's clothed or unclothed genitals, pubic area, buttocks or a female breast.

(b) *Nudity or sexual conduct.* It shall be unlawful for any owner, manager, servant, agent, or employee of any on-premises city licensee, knowingly to exhibit, allow, engage in, participate in, or be connected with any motion picture, show, performance, or other presentation upon the city licensed premises which, in whole or in part, depicts nudity or sexual conduct.

(c) *Exceptions.* This section shall not apply to performances, exhibitions, or showings in a mainstream establishment which are not distinguished or characterized by an emphasis on matter or activities depicting, displaying, describing, or featuring nudity or sexual conduct, in that the depiction, display, description, or featuring is incidental to the primary purpose of the performance, exhibition, or showing; and which are not intended to provide sexual stimulation or sexual gratification to the patrons.

(d) Nothing in this section shall be construed to allow any activity which is in violation of state or federal laws.
(Ord. No. 11-654, § 1, 9-22-2011)

Sec. 3-174. Protection of minors in entertainment establishments.

(a) *Purpose.* The purpose of this section is to protect minors and to protect against underage drinking in entertainment establishments licensed for on-premises consumption.

(b) *Definitions.* The following words, terms, and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Adequate security measures means security measures that are adequate for the policing and enforcement of this chapter, which measures shall include:

(1) Adequately lighted performance areas where alcoholic beverages are sold, served, or consumed or, in the case of civic center arenas or stadiums, performance areas that have segregated sections set apart for the selling, serving, or consuming of alcoholic beverages, which sections are limited to persons 21 years of age and above;

(2) Tamperproof measures that identify persons of legal drinking age; and

(3) Provision of a sufficient number of security personnel based on the size or anticipated size of the audience or based on a prior history for the same or a similar event.

Open-air performance area means a performance area that is in an outdoor amphitheater, park, or other open space, and which may be covered by a temporary tent or enclosure for protection from the elements.

Performance area means that portion of the establishment where entertainment is provided and shall include the staging or screening area and the seating section or other area where patrons view the entertainment. The term shall not include areas or rooms separated from the performance area by a wall or partition which cannot be reached or accessed except through a door or doors.

Restaurant means that portion of an establishment:

(1) That is licensed pursuant to this chapter as a restaurant liquor retailer; or

(2) That is licensed pursuant to this chapter to sell beer or table wine for on-premises consumption and which meets the definition of a restaurant under the state alcoholic beverage control laws and this chapter.

Sporting event means live or taped sporting events which include athletic competitions, team sports, sporting exhibitions, equestrian events, and figure skating.

Staging area means that part of a performance area that is used to present or contain the entertainment such as stages, rings, rinks, and band stands.

(c) *Minors prohibited in licensed entertainment establishments.* It shall be unlawful for any licensee, directly or indirectly by the owner, manager, servant, agent, or employee of the same, or for any owner, manager, servant, agent, or employee of the same to admit within a non-licensed area, or a concession or performance area of a licensed entertainment establishment as a patron a person under the legal drinking age.

(d) *Exemptions.* Subject to state and local laws concerning alcoholic beverages and minors, the prohibition in subsection (c) of this section shall not apply:

(1) To the performance area of a licensed dinner entertainment establishment provided:

a. The performance area is adequately lighted at all times that alcoholic beverages are being served or consumed;

b. A full menu of food items shall be available for service and consumption at all times that alcoholic beverages are being served or consumed within the performance area and if food service or consumption is suspended within the performance area by the establishment during a show or performance, then the establishment shall also suspend the service and consumption of alcoholic beverages within the same performance area; and

c. Within the performance area, alcoholic beverages shall be served and consumed only at tables used for dining.

(2) To nonlicensed areas if such areas are separated from licensed performance areas by a partition or wall sufficient to control access and the access points are controlled by management.

(3) To concession areas that are outside of or separated from the performance area if:

a. There is a partition or wall separating the concession area from the performance area that is sufficient to control access and access points are controlled by management;

b. The concession area is adequately lighted at all times that alcoholic beverages are being sold, served or consumed thereon; and

c. Alcoholic beverages are not removed or allowed to be removed from the concession area.

(4) To performance areas of licensed entertainment establishments that have adequate security measures in place, and that do not have stadium or row seating in the performance area, except for open-air performance areas.

(5) To performance areas of civic center arenas or stadiums, which includes sports stadiums, that have adequate security measures in place.

(e) *Pre-approval of premises.*

(1) The chief of police, or his designee, may require any entertainment establishment to submit for approval plans evidencing compliance with the provisions of this section which includes plans for security, lighting, access, and identification of persons of legal drinking age. In such event, failure to follow or operate in accordance with the approved plans shall constitute a violation of this section.

(2) An entertainment establishment may request of the chief of police, or his designee, a pre-approval of plans evidencing compliance with the provisions of this section which includes plans for security, lighting, access, and identification of persons of legal drinking age. In such event, failure to follow or operate in accordance with the approved plans shall constitute a violation of this section.

(f) *Preservation of alcoholic beverage laws.* Nothing in this section shall be construed to allow activity which is contrary to state or local alcoholic beverage control laws which includes without limitation laws regulating minors and laws regulating admittance by persons under 19 years of age to alcoholic beverage lounge licensees. (Ord. No. 11-654, § 1, 9-22-2011)

ARTICLE I. IN GENERAL

Secs. 4-1—4-30. Reserved.

ARTICLE II. BINGO

DIVISION 1. GENERALLY

Sec. 4-31. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Authorized organization means and includes any bona fide nonprofit religious or charitable organization or bona fide educational, fraternal, civic or service organization or a bona fide organization of veterans which by its charter, certificate of incorporation or constitution operates without profit to its members, provided that the principal location of each such organization (defined as being where a majority of the organization's assets are located) shall have existed within the corporate limits of the city and have been duly qualified as an organization under section 501(c) of the United States Internal Revenue Code for a period of 23 months immediately prior to applying for a license under this article.

Bingo means and includes a specific game of chance, commonly known as bingo, in which prizes are awarded on the basis of designated numbers or symbols on a card conforming to numbers or symbols selected at random by the operator of the game and which are placed by the persons playing or participating in the game on cards or sheets of paper which contain or set out numbered spaces, upon which such designated numbers or symbols may be placed by the persons playing or participating in the game.

Bingo session means a series of consecutive games which are continuous except for a break of no more than 15 minutes during the course of the session.

License means a license issued pursuant to the provisions of this article.

(Ord. No. 96-192, § 1, 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Cross reference—Definitions generally, § 1-2.

Sec. 4-32. Authority.

It shall be lawful for any authorized organization, upon obtaining a license to conduct the game of bingo within the corporate limits of the city subject to the provisions of this article and subject to Amendment No. 387 to the state constitution of 1901. It shall be unlawful for any person, including any nonprofit organization, its officers, employees or agents, whether for charitable or educational purposes or otherwise, to operate any bingo game for prizes or money within the corporate limits of the city without first having obtained a license as provided in this article.

(Ord. No. 96-192, § 2, 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-33. Expenses.

No item of expense shall be incurred or paid in connection with the holding, operating or conducting of any game of bingo under any license except those reasonable expenses that are necessarily expended for bingo supplies and equipment, prizes, bookkeeping or accounting services, janitorial services, security services, trash pickup (dumpster) services and utilities, if any, and license fees. The fees for accounting services, janitorial services, security services, trash pickup and utilities shall be paid out of bingo proceeds only at a pro rata share of the total monthly bill or charges for such expenses, reflecting the percentage resulting from dividing the number of days the facility was open (for any reason) into the number of days bingo games were conducted at the facility. Rent, mortgage loans or other amounts paid or incurred for the use or ownership of the premises upon which bingo games are conducted shall not be paid out of or deducted from the proceeds of any bingo game. All allowable expenses shall be paid for by check from the organization's bingo checking account.

(Ord. No. 96-192, § 9, 7-11-1996; Ord. No. 99-223, § 3, 4-8-1999; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-34. Advertising games.

No game of chance to be conducted under any license issued under this article shall be advertised as to its location, the time when it is to be or has been played, or the prizes awarded or to be awarded, by means of newspapers, radio, television or sound trucks or by means of billboards, posters or handbills or any other means addressed to the general public; except that one sign not exceeding 60 square feet in area may be displayed on or adjacent to the premises owned or occupied by a licensed authorized organization, provided that any such sign must be permitted by the city inspection division and must comply with the city's zoning ordinance (app. A of this Code). This section does not prohibit the licensed authorized organization from posting information about its sanctioned bingo games and sessions on the authorized organization's social media platforms.
(Ord. No. 96-192, § 10, 7-11-1996; Ord. No. 23-520, § 3, 7-13-2023)

Sec. 4-35. Statement of receipts, expenses.

Within 45 days after the conclusion of any annual period (December 1 through November 30), and within 15 days after the expiration of any weekly license, the authorized organization which conducted a bingo game, and its members who were in charge, shall each furnish to the city finance director a statement, in a format approved and provided by the city finance director, subscribed by the member in charge and affirmed by him as true, under the penalties of perjury, showing the amount of the gross receipts derived from the game and each item of expense incurred or paid and each item of expenditure made or to be made with a description of the merchandise purchased or the services rendered; a list of prizes offered and given, with their respective values; the net proceeds derived from such game and the use to which such proceeds have been or are to be applied; and it shall be the duty of each licensee to maintain and keep such books and records as may be necessary to substantiate the particulars of each such statement. A copy of all bingo checking account monthly bank statements shall be attached to the financial statement required by this article.
(Ord. No. 96-192, § 11, 7-11-1996; Ord. No. 99-223, § 4, 4-8-1999; Ord. No. 16-966, § 1, 1-12-2017; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-36. Examination of books and records; examination of managers; disclosure of information.

The city finance director or any officer designated by him shall have power to examine or cause to be examined the books and records of any licensed organization so far as they may relate to bingo, including the maintenance, control and disposition of net proceeds derived from bingo or from the use of its premises for bingo, and to examine any manager, officer, director, agent, member or employee under oath in relation to the conduct of any such game under any such license or the use of its premises for bingo, as the case may be. Failure to cooperate with the city finance director in the exercise of his authority under this section shall constitute a violation of this article.
(Ord. No. 96-192, § 12, 7-11-1996; Ord. No. 99-223, § 5, 4-8-1999; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-37. Offense; forfeiture of license; ineligibility to apply for license.

Any person who shall do any of the following shall be guilty of a misdemeanor and shall forfeit any license issued under this article and be ineligible to apply for a city bingo license for a period of two years thereafter:

(1) Fail to submit to the city finance director a prior year's financial statement, and annual financial statements thereafter as required by this article for the renewal of a bingo license;

(2) Make any false statement in any application for any license authorized to be issued under this article;

(3) Fail to keep a separate bingo checking account and such books and records as

shall fully and truly record all transactions connected with the conducting of bingo;

(4) Falsify or make any false entry in any books or records so far as they relate in any manner to the conduct of bingo or to the disposition of the proceeds;

(5) Fail to list a member working a bingo session pursuant to section 4-79;

(6) Divert or pay any portion of the net proceeds of any game of bingo to any person except in furtherance of one or more of the lawful purposes defined in this article;

(7) Allow anyone under the age of 19 years to play a game of bingo or allow anyone under the age of 19 years to conduct or assist in the conduct of any game of bingo; or

(8) Violate any of the provisions of this article or of the state constitution relating to the conduct of bingo in the city or of any term of any license issued under this article.

(Ord. No. 96-192, § 13, 7-11-1996; Ord. No. 99-223, § 6, 4-8-1999; Ord. No. 23-520, § 1, 7-13-2023)

Secs. 4-38—4-60. Reserved.

DIVISION 2. GENERAL RESTRICTIONS

Sec. 4-61. Governance.

Any game of bingo licensed under this article shall be subject to the restrictions in this division in addition to such other restrictions as may be provided in this article or contained in the state constitution.

(Ord. No. 96-192, § 3 (intro. ¶), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-62. Time and place.

No person, firm, association, corporation or organization shall conduct any game of bingo except at the time and place approved by the city bingo review committee.

(Ord. No. 96-192, § 3(B), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-63. Conduct only by licensed members.

No person shall hold, operate or conduct any game of bingo under any license except an active member of the authorized organization to which the license is issued; and no person shall assist in the holding, operating or conducting of any game of bingo under such license except such an active member or a member of an organization or association which is an auxiliary to the licensee or a member of an organization or association of which such licensee is an auxiliary.

(Ord. No. 96-192, § 3(C), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-64. Age restrictions for participants.

No person under the age of 19 years shall be permitted to play any game of bingo, nor shall any person under the age of 19 years be permitted to conduct or assist in the conduct of any game of bingo.

(Ord. No. 96-192, § 3(D), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-65. Presence of underaged persons prohibited.

No person under the age of 19 years shall be allowed in the room where a bingo game is being played during any bingo session.

(Ord. No. 96-192, § 3(E), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-66. Limitations on granting of license.

No bingo license shall be issued to any nonprofit organization unless such organization shall have been in existence within the corporate limits of the city and have been duly qualified as an organization under section 501(c) of the United States Internal Revenue Code for at least 23 months immediately prior to the issuance of the license.

(Ord. No. 96-192, § 3(F), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-67. Premises.

Bingo games shall be operated only on the premises owned or leased by the nonprofit organization operating the bingo game. If the premises are leased, the rate of rental shall not be based, in whole or in part, on a percentage of receipts or profits resulting from the operation of bingo games. Rental shall not be paid from the proceeds of bingo games.
(Ord. No. 96-192, § 3(G), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-68. Consulting, operating limited.

No person shall enter into any contract with any person to have that person operate bingo games or concessions on behalf of the nonprofit organization; nor shall any person pay consulting fees to any person for any services performed in relation to the operation or conduct of a bingo game.
(Ord. No. 96-192, § 3(H), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-69. Lending of name or identity by nonprofit organization prohibited.

A nonprofit organization shall not lend its name or allow its identity to be used by any other person or entity in the operation or advertising of a bingo game in which the nonprofit organization is not directly and solely operating the bingo game.
(Ord. No. 96-192, § 3(I), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-70. Limitation on value of prizes.

The total value of prizes given by any nonprofit organization for the playing of bingo games shall not exceed $1,000.00 in cash or gifts of equivalent value during any bingo session and $2,000.00 in cash or gifts of equivalent value during any calendar week.
(Ord. No. 96-192, § 3(J), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-71. Intermission.

Bingo sessions which are held on the same day shall not have an intermission of more than 30 minutes between sessions; and at the beginning of the first session, bingo cards good for all the games listed on the program of play for both sessions may be purchased by the players. Additional cards for games listed on the program of play can be sold at a reduced price during the intermission.
(Ord. No. 96-192, § 3(K), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-72. Weekly limitation on sessions.

No more than two bingo sessions shall be held by a licensed nonprofit organization in any one calendar week.
(Ord. No. 96-192, § 3(L), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-73. Remuneration limited.

No person, by whatever name or composition, shall take any salary, expense money, or fees (unless authorized by this article) as remuneration for services rendered in the operation of any bingo game.
(Ord. No. 96-192, § 3(M), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-74. Use of proceeds.

The entire net proceeds of any game of bingo, as determined under section 4-33, shall be devoted exclusively to charitable and educational purposes. None of the proceeds shall be expended for fraternal or social purposes.
(Ord. No. 96-192, § 3(N), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-75. Limitation on use of premises.

No more than one organization licensed under this article shall conduct bingo games at the same premises on the same day. No more than three organizations shall be licensed to conduct bingo games at the same premises.
(Ord. No. 96-192, § 3(O), 7-11-1996; Ord. No. 98-739, 9-24-1998; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-76. Membership of sponsoring organization.

Each nonprofit organization, as a condition precedent to receiving a bingo license under this article, shall have at least 50 active members who reside within the corporate limits of the city, shall have at least four general membership meetings annually where minutes of the meeting are kept, shall elect officers at least annually, and all classes of members shall be eligible for election to all offices by popular ballot of the entire membership. In addition, each applicant for a license shall provide substantial evidence that it has habitually and continually sponsored charitable or educational projects within the corporate limits of the city where funds were raised for such projects by participation of the membership for a period of 23 months immediately preceding the application.
(Ord. No. 96-192, § 3(P), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-77. Violation; penalty.

The unauthorized conduct of a bingo game or any willful violation of any provision of this article shall constitute and be punishable as a misdemeanor.
(Ord. No. 96-192, § 3(Q), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-78. Accounting record required.

An accurate accounting record shall be maintained for each bingo session showing the gross amount of money taken in from a fee, sale of game packs, sale of game sheets and other bingo paraphernalia during each bingo session; the total number of winners for each bingo game and the amount received by each winner of a game; the total amount that was given away during each bingo session; and the net amount of each bingo session to be deposited in the organization's bingo checking account. The net amount shall be deposited in the bingo checking account within four days after the bingo session. If bingo sessions are held on the same day as provided in this article, the accounting records can be for both sessions. These accounting records and a copy of each deposit slip shall be attached to the bingo financial statements that are required to be submitted to the city finance director.
(Ord. No. 96-192, § 3(R), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-79. List of session workers.

Prior to each bingo session, there shall be maintained by the bingo chairman, and posted in view of the general public at each entrance, a list of all members working at that bingo session, showing at least their name and position of responsibility; and the bingo chairman or the person in charge shall wear a name tag showing his name.
(Ord. No. 96-192, § 3(S), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-80. Program of play required.

At the beginning of each bingo session, a program of play shall be provided to each player and anyone else who requests a copy, showing the number, order and type of bingo games to be played, along with the amount of the winning prize or "pot" for each bingo game. All the rules for the game of bingo, including how and when the winning prize will be divided or split, shall be listed on the program of play also. No game shall be played by whatever title or name that is not listed on the program of play. If bingo sessions are played on the same day as provided in this article, the program of play for both sessions may be provided at the beginning of the first session for both sessions.
(Ord. No. 96-192, § 3(T), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-81. Announcement of prize and winners of each game.

At the beginning of each bingo game, the person calling the game shall announce the amount of the prize for that bingo game. At the end of each bingo game, the person calling the game shall announce the number of winners for that bingo game and how much each winner received.
(Ord. No. 96-192, § 3(U), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-82. Restriction on callers.

No bingo caller shall be allowed to call bingo games for more than one organization unless such caller is a member of each organization for which he is calling games.
(Ord. No. 96-192, § 3(V), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-83. Restriction on chairman.

No person who is a member of more than one organization shall be allowed to be a bingo chairman for more than one organization at the same time.
(Ord. No. 96-192, § 3(W), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-84. Notification of change of chairman required.

The city finance director shall be notified in writing within 30 calendar days by any organization licensed under this article after any change in the organization's bingo chairman.
(Ord. No. 96-192, § 3(X), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-85. Separate bingo checking accounts required.

All organizations licensed under this article to play bingo shall be required to maintain a separate checking account for bingo operations, into which all bingo funds are deposited and from which all bingo disbursement checks are written. The bingo checking account is in addition to any other checking or savings accounts maintained by the organization.
(Ord. No. 96-192, § 3(Y), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-86. Reserved.

Editor's note—Ord. No. 06-592, adopted July 13, 2006, repealed § 4-86, which pertained to instant bingo. See also the Code Comparative Table.

Sec. 4-87. Responsibility for violations.

In addition to any person directly responsible for a violation of this article, the elected or appointed officials, officers or directors of social, fraternal, civic, religious, or other nonprofit charitable organizations conducting bingo operations shall also be responsible for violations of this article.
(Ord. No. 96-192, § 3(AA), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-88. Limitation on persons allowed to play.

No member of any organization granted a bingo license under this article who manages, calls or helps conduct any bingo game during a session shall be allowed to play bingo at any bingo game during such session.
(Ord. No. 96-192, § 3(BB), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-89. Gambling prohibited.

No person who has been convicted of any gambling offense, or of any crime involving moral turpitude, under the laws of the state, the laws of the United States, the laws of any other state, or the ordinances of any municipality, shall be involved in the operation of any licensed bingo game within the corporate limits of the city. No organization licensed to conduct bingo games under the provisions of this article shall conduct any bingo game at a building, hall or facility which is owned or under the control of any person who has been convicted of any gambling offense or any crime involving moral turpitude under the laws of the state, the laws of the United States, the law of any other state, or the ordinances of any municipality.
(Ord. No. 96-192, § 3(CC), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-90. Sale of concessions prohibited.

No person licensed to operate bingo games shall permit any other person to sell concessions or to undertake any other type of fundraising activity of any kind whatsoever on the day of any bingo session at the location of the bingo game.
(Ord. No. 96-192, § 3(DD), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-91. Financial statement.

All payments of any kind made by any person from the proceeds of any bingo game, except for cash prizes awarded during any bingo game, must be made by check from the organization's bingo checking account. Copies of all canceled checks (both sides of each check), all deposit slips and monthly bank statements must be attached to and submitted with any financial statement required by this section.
(Ord. No. 96-192, § 3(EE), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-92. Exceptions in the event of casualty loss.

Notwithstanding the provisions of this ordinance to the contrary, in the event an organization licensed under the provisions of this chapter is unable to occupy the premises licensed for its bingo games as a result of fire, flood, weather related damage, intentional destruction, damage beyond the control of the organization, or other Act of God which renders the premises unsafe for occupancy (as determined by appropriate Code Enforcement Personnel of the City of Huntsville), then, in such event, the licensed organization shall be permitted to apply for a temporary license to conduct bingo games at a premises currently used by up to three other organizations licensed to conduct bingo games, provided that no more than one organization shall conduct bingo games at the same premises on the same day. A temporary license issued pursuant to this section shall be valid for no more than 12 months from the date of approval thereof, or until the premises vacated due to damage is determined to be available for occupancy by the Inspection Department of the City of Huntsville, whichever first occurs.
(Ord. No. 06-1085, 11-9-2006; Ord. No. 23-520, § 1, 7-13-2023)

Secs. 4-93—4-120. Reserved.

DIVISION 3. LICENSE

Sec. 4-121. Required.

No person shall conduct any game of bingo except under a license issued pursuant to this division.
(Ord. No. 96-192, § 3(A), 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-122. Application and renewal.

(a) Each applicant for a bingo license shall file with the city finance director a written application in a form prescribed by the clerk-treasurer duly executed and verified. The application form may be modified as required by the bingo review committee.

(b) Each new applicant shall pay a $100.00 nonrefundable bingo application filing fee with the city finance director together with a completed bingo license application.

(c) In each application, there shall be designated an active member of the applicant organization under whom the game of bingo is to be conducted, and there shall be appended to the application a statement executed by the member so designated that he will be responsible for the conduct of such bingo game in accordance with the terms of the license and the provisions of this article and the state constitution. There shall be appended to the application a copy of a deed, lease and/or sublease, if applicable, executed in the name of the licensee, for the premises upon which the bingo game is to be conducted. Each bingo license application shall include the following information, items or attachments:

(1) Date of application.

(2) Legal name of the firm, association, corporation or organization.

(3) Actual or trade name of the firm, association, corporation or organization.

(4) Current mailing address and telephone number of the firm, association, corporation or organization and the address for the last two years, if different from the current address.

(5) Location address where bingo games are to be conducted.

(6) Days of the week bingo games are to be played.

(7) Time of day at which bingo games are to be played.

(8) Date the firm, association, corporation or organization was established in the city.

(9) Name, date of birth, current address and telephone number of each current officer or director of the firm, association, corporation or organization.

(10) Name, date of birth, current address and telephone number of the organization's bingo committee members.

(11) Date the firm, association, corporation or organization was incorporated.

(12) Copy of the certificate of incorporation.

(13) Copy of the organization's or association's charter. If the organization is affiliated with any state, national or international organization, the organization must submit a copy of the authorization or evidence of affiliation issued by the state, national or international organization.

(14) Copy of the organization's bylaws.

(15) Date the organization was approved as an organization under section 501(c) of the United States Internal Revenue Code.

(16) Copy of the organization's 501(c) exemption.

(17) Copy of the current active membership roster, including but not limited to the name, address and telephone number of all members, which must number at least 50, a majority of which shall reside within the corporate limits of the city.

(18) Name, address and telephone number of the owner of the real estate where bingo games will be conducted.

(19) A copy of the deed to the property upon which bingo games will be conducted.

(20) A copy of any lease or sublease pertaining to the property upon which bingo games will be conducted.

(21) A copy of the organization's financial statements for the previous two years.

(22) A copy of the sign permit issued by the city inspection division if the organization is going to display a sign.

(23) A list of all charitable or educational donations, including the dollar amount or value, made during the past 23 months.

(24) A completed city annual privilege license tax application.

(25) A statement attached to the bingo application as to the specific purpose to which the entire net proceeds of such bingo games are to be devoted.

(26) A statement that all persons signing the application have received and read a copy of this article.

(27) A $100.00 bingo application fee.

(d) No person who holds a bingo license from the county to operate a game of bingo outside the corporate limits of the city shall be allowed to operate a game of bingo within the corporate limits of the city. Any person who has had a license revoked or denied by the county commission shall not be allowed to apply to operate a game of bingo within the corporate limits of the city for a period of two years from the date of such revocation or denial, whichever is applicable.

(e) As a prerequisite for the renewal of any license issued under this division, the licensee must submit to the city finance director a statement containing the information required in subsections (c)(9) and (10) of this section. In addition, the licensee must submit a prior year's annual (December 1 through November 30) bingo financial statement, in a format approved by the city finance director, to be used by the bingo review committee, to determine the renewal eligibility of each licensee. The financial statement is due on or before January 15. If any of the information required in this section for the original application for any bingo license has changed as

of the date of any application for a license renewal, then such information shall be submitted in connection with a renewal application.
(Ord. No. 96-192, § 4, 7-11-1996; Ord. No. 99-223, § 1, 4-8-1999; Ord. No. 99-516, § 1, 6-24-1999; Ord. No. 16-966, § 2, 1-12-2017; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-123. Issuance and duration of license.

(a) The city finance director shall cause to be investigated the qualifications of each applicant and the merits of each application with due expedition after the filing of the application. The clerk-treasurer shall deliver to the review committee the application, together with the supporting documents and a detailed report of the results of his investigation to determine that the applicant is duly qualified to be licensed to conduct bingo under this article; that the members of the applicant designated in the application to conduct bingo are bona fide active members of the applicant and are persons of good moral character and have not violated any provision of this article or been convicted of a felony or, if convicted, have received a full pardon; that such games are to be conducted in accordance with the provisions of this article, and that the proceeds are to be disposed of as provided by this article; and if the committee is satisfied that no commission, salary, compensation, reward or fee whatsoever will be paid or given to any person holding, operating or conducting or assisting in the holding, operation and conduct of any such games, the committee shall authorize the issuance of a license to the applicant for the conduct of bingo upon payment of a license fee of $500.00 for each license year. Where the application indicates that bingo will be conducted for a period of time limited to one calendar week, the license fee shall be $25.00; and the license shall be limited to the period of time designated in the application. As provided by Code of Ala. 1975, § 40-9-13, Shrine Charitable Amusement & Fund Raising Events, Cahaba Shrine Temple, and the Huntsville Shrine Club are exempt from the payment of a privilege license fee but are subject to all other provisions of this article.

(b) Any person granted a new bingo license shall be allowed to start playing bingo upon issuance of the license by the city finance director.

(c) If during any licensing year any of the information contained in the application changes, the bingo licensee must, within 30 calendar days after the change occurs, submit to the city finance director a statement in writing containing the changes. The statement shall be signed, sworn to and notarized in the same manner as the original application as provided for in this article. The failure of an organization to submit the statement in writing containing the changes within the 30 calendar days after the change occurs shall be cause for revocation by the bingo committee of the bingo license of the firm, association, corporation or organization.

(d) There is created for the purpose of assisting the city finance director a committee known and designated as the bingo review committee, which shall be composed of seven members to be appointed as follows: five members shall be appointed by the city council for a term of two years and may be affiliated with a licensed organization; one member shall be the administrative assistant to the mayor; and one member shall be an employee of the police department designated by the chief of police. Vacancies will be filled in the same manner as the original appointments. The city finance director or his designated representative shall serve as an advisor to the committee. The committee shall assist the city finance director in the consideration and special investigation of the applications required to be reviewed. The committee may require any applicant to submit additional evidence that the applicant has habitually and continually sponsored charitable or educational projects within the community as required, and may require, as a condition precedent to consideration of the application, that verified information concerning the projects be furnished by the applicant. The committee shall review and investigate applicants assigned to it by the city finance director. The committee shall elect a chairman, vice-chairman and secretary and adopt its own procedural rules. The chairman, vice-chairman and secretary shall be subject to re-election annually. The

committee, in reviewing an application assigned to it by the city finance director, shall consider all relevant findings compiled by the city finance director. The committee may conduct a full financial analysis and investigation of the application. The committee shall make a determination of whether or not the organization for which a bingo license is sought is a bona fide nonprofit organization and whether or not the proceeds are to be applied in accordance with this article. In addition, the committee shall review all statements of receipts and expenses filed and report any violations to the city finance director. The committee shall hold such regular meetings as may be determined by the committee. The chairman or any two members of the committee may call a special meeting at any time; however, notice of the time and place of any special meeting must be given to all members. The city finance director shall issue a license approved by the committee within ten days from the date of such approval.
(Ord. No. 96-192, § 5, 7-11-1996; Ord. No. 99-223, § 2, 4-8-1999; Ord. No. 23-520, § 2, 7-13-2023)

Sec. 4-124. Hearing.

No application for a license under this article shall be denied by the committee until after a hearing, held on due notice of the applicant, at which the applicant shall be entitled to be heard upon the qualifications of the applicant and the merits of the application. If the application for a license is denied by the committee, the applicant may appeal to the city council by filing a notice of appeal to the city finance director within ten days from the date of denial. The city council shall set a hearing on the appeal within a reasonable time. The decision of the city council shall be final.
(Ord. No. 96-192, § 6, 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-125. Form of license.

Each license shall be in such form as shall be prescribed by the city finance director and shall contain a statement of the name and addresses of the member or members of the licensee under whom the games will be conducted, the place where and the dates and times when such games are to be conducted and the specific purposes to which the entire net proceeds of such games are to be devoted.
(Ord. No. 96-192, § 7, 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

Sec. 4-126. Control; suspension/revocation of license.

The city finance director shall exercise rigid control and close supervision over all games of bingo conducted under a license, and shall have the power and authority to suspend any such license, and after notice and hearing, to revoke the license for violation of any provision of such license, or of this article.
(Ord. No. 96-192, § 8, 7-11-1996; Ord. No. 23-520, § 1, 7-13-2023)

ARTICLE I. IN GENERAL

Sec. 5-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Altered or *sterilized (spay, neuter, sterilize, "fix")* means surgical removal or modification of reproductive organs by a licensed veterinarian such that the animal can no longer produce offspring.

Animal means any organism of the kingdom Animalia other than a human being, especially a mammal, fish, bird or reptile.

Animal rescue organization or agency means a not-for-profit organization or agency with tax-exempt status under Section 501(c)(3) of the United States Internal Revenue Code, with the mission and practice, in whole or in significant part, of rescuing and placing animals in permanent homes, and which does not obtain animals from a breeder or broker for profit or compensation.

Animal shelter means the HAS facility or other director-approved facility which houses and cares for stray, homeless, impounded, surrendered or abandoned animals.

At large means any animal off the property of its owner or person in charge and not carried by such person, or kept in effective closure, or under control by means of a leash, or any animal on the real property of its owner or person in charge not under restraint.

Attack means any aggressive physical contact initiated by an animal, or any aggressive contact or behavior initiated by the animal which necessitates defensive action by any person to prevent bodily harm.

Bird means any warm-blooded vertebrate of the class Aves that has a body covered with feathers and forelimbs modified into wings.

Bitten means seized with the teeth or claws, so that the skin of the person or animal seized has been nipped or gripped, or has been wounded or pierced, and includes suspected or confirmed contact of saliva with a break or abrasion of the skin or with any mucous membrane, as determined by a licensed physician.

Cage means an enclosed structure that confines animals and restricts access of other animals.

Caged means confined in a cage, which may include a vehicle, in such a way that the free movement of any animal is restricted so that the caged animal is prevented from biting or attacking a person or animal.

Cat means any member of the domestic feline family four months of age or older.

Commercial transaction means an interaction between two or more parties in which a live animal is exchanged for cash, goods, services or something of value.

Community cat means any free roaming cat that may be cared for by one or more residents of the immediate area who is/are known or unknown; a community cat may or may not be feral. Community cats are ear tipped, sterilized and have received at least one vaccination against rabies. Community cats are exempt from any licensing, stray, abandonment and at-large provisions directed towards owned animals. A community cat may also be defined as a cat 'found' outside that is brought to an animal shelter and not yet sterilized/ear tipped.

Community cat caregiver means a person who provides care, including food, shelter or medical care to a community cat, while not being considered the owner, custodian, harborer, controller or keeper of a community cat or to have care or charge of a community cat, as identified and recognized by the director. Caregivers must make every effort to minimize the impact on local wildlife, feed the proper quantity of food for the number of cats in appropriate food containers, discard food containers daily and feed only on their property or with the permission of another landowner (city, state or federal public property). Community cat caregivers may redeem community cats from the shelter without proof of ownership and are exempt from any charges and/or fees.

Community cat diversion means sterilizing, ear tipping and vaccinating a cat large enough for spay/neuter that is found outside and returning him to his original location as opposed to admitting to a shelter.

Corral means any uncovered, enclosed parcel of land in which animals, typically horses or cattle, are kept.

Dangerous animal means an animal, except a dog used by law enforcement officials for legitimate law enforcement purposes, regardless of its species or breed, that has bitten, attacked, or caused physical injury to a human being or a domesticated animal without provocation; has repeatedly bitten or caused physical injury to humans or domesticated animals; has attacked in a manner which requires a defensive action by any person to prevent bodily injury; or consistently chases, snaps, hisses, snarls, growls, barks or displays other aggressive behavior at human beings or domestic animals without reason or provocation.

Dangerous dogs class means a court-ordered seminar taught by HAS to address proper care and ownership of dogs determined to be dangerous.

Director means the director of the department of animal services or Huntsville Animal Services (HAS).

Dog means any member of the domestic canine family four months of age or older.

Domesticated animal means any tame domesticated dog, cat, guinea pig, hamster, ferret, rabbit, or other domesticated animal regularly kept as a pet; tame horses, and typically non-aggressive livestock such as cattle, sheep or goats. Domesticated animal shall not include any feral animal running at large or owned, but not yet tamed.

Ear tipping means the removal of the quarter-inch tip of a community cat's left ear, performed while the cat is under anesthesia, in compliance with any applicable federal or state law, and under the supervision of a licensed veterinarian, designed to be the universal identification that the community cat is sterilized and lawfully vaccinated against rabies at least once. Caregivers must make every effort to booster the rabies vaccination as per the manufacturer's instructions.

Exotic animal (includes wild animal) means an animal which would ordinarily be confined to a zoo, or one which would ordinarily be found in a wilderness of this or any other country; or a species of animal not indigenous to the United States or to North America or which causes zoonotic diseases or one which otherwise causes a reasonable person to be fearful of significant destruction of property or of bodily harm, the latter including but not limited to raccoons, bobcats, coyotes, wolves, hybrid wolves, Vietnamese potbellied pigs, monkeys and other such animals. Wild or exotic animals specifically include all species of reptiles but do not include animals of a species customarily used in the state as ordinary household pets; animals of a species customarily used in the state as domestic farm animals, fish confined in an aquarium, birds or insects.

Foster means a director-approved person, animal shelter or animal rescue agency that can temporarily shelter, nurture and care for an adoptable HAS animal until a permanent home or placement is available.

Fowl means a domestic bird used in the market or household for food consumption, such as a chicken, duck, goose, guinea, peafowl, turkey, pheasant, pigeon or other avian species.

HAS means the City of Huntsville Animal Services Department, including the city animal shelter, places designated or used as such by the city as a place of temporary confinement of HAS animals held under the authority of this chapter, and HAS personnel.

Hog means any member of the porcine family.

Horse means any member of the equine family.

Humane means characterized by tenderness, compassion and sympathy for animals.

Humane trap means an enclosure in which an animal can be caught without causing injury, pain or undue suffering to the animal after being caught.

Immunization against rabies means the injection, in a manner approved by the state health officer and the state veterinarian, of anti-rabies vaccine approved by the state health officer and the state veterinarian. The administration of anti-rabies vaccine to species other than those for which reliable immunization data is available shall be a violation of Code of Ala. 1975, tit. 3, ch. 7A (Code of Ala. 1975, § 3-7A-1 et seq.).

Impounded means the animal is taken into the custody of law enforcement or HAS officers and confined in the animal service center or other such similar facility as may be approved by the director.

Keep means confine, harbor and allow to remain.

Kennel means an establishment or structure used for harboring, raising, training or boarding animals.

Kitten means any member of the domestic feline family less than four months of age.

Microchip means a permanent method of electronic identification. Each chip has a unique number that is detected using a microchip scanner, and includes an owner's identifying information.

Microchipping means injecting a microchip under the skin and between the shoulder blades of a domesticated dog or cat.

Nuisance animal means an animal that threatens the safety of or damages a member of the general public or interferes with the ordinary use and enjoyment of another's property.

Offer for sale means to sell, offer for sale or adoption, advertise for the sale of, barter, auction, give away, or exchange through a commercial transaction any dog, cat, kitten, or puppy.

Owner means any person having a right of property in an animal, or who keeps or harbors an animal, or who has it in his care, or acts as its custodian, or who permits an animal to remain on or about any premises occupied by him.

PAWS class means court-ordered seminar taught by HAS to address proper care and ownership of domesticated animals.

Pen means an enclosure for housing and feeding small animals.

Person in charge means any person in whose charge the animal is being kept, and all the responsible adult members of the household in which an animal is kept or allowed or suffered to remain.

Pet shop means a retail establishment, business or store where live animals are sold, exchanged, bartered or offered for sale as pets to the general public. Such definition shall not include an animal shelter or animal rescue organization as defined in this section.

Pet supply store means a retail establishment, business or store which sells pet food, animal supplies and pet accessories to the general public, and which may also sell, exchange, barter or offer for sale live animals as pets to the general public.

Physical injury means impairment of physical condition or substantial pain.

Proof of sterilization means a letter certificate signed by a state licensed veterinarian that describes the pet by name, description, breed, color, age, gender, and owner's name and indicates that the animal's reproductive organs have been surgically removed in order to render the animal unable to reproduce or may be established by physical examination by the director.

Public nuisance means any animal, or any condition resulting from an animal, that unreasonably annoys human beings, endangers the life or health of other animals or persons, or substantially interferes with the rights of citizens, other than its owners, to enjoyment of life or property.

Puppy means any member of the domestic canine family less than four months of age.

Quarantine means confinement under the direct care, custody, control and supervision of a licensed veterinarian for a period of ten days subsequent to the date of the exposure to rabies, or as otherwise directed by the health officer.

Reptile means any cold-blooded vertebrate of the class reptilian that has a body covered with scales. This includes, but is not limited to, the families of snakes, lizards, chelonians, crocodilians and Tuataria.

Run means an enclosed structure that confines animals and restricts access to or from other animals.

Serious physical injury means physical injury which creates a substantial risk of death, or which causes serious and protracted disfigurement, protracted impairment of health, or protracted loss or impairment of the function of any bodily organ.

Shelter/neuter/return (SNR) means the process by which a community cat is brought to HAS, neutered, and returned to its community.

Stable means a building for the lodging and feeding of horses, cattle, etc.

Stray animal means any animal running at large, the owner or person in charge of which is unknown.

Trap/neuter/return (TNR) means the process of humanely trapping, sterilizing, vaccinating against rabies and ear tipping community cats and returning them to their original location.

Unattended means the animal is not in visual range of an owner, responsible party, or person in charge.

Unsafe structure, building or property means a building, structure and surrounding premises found to be dangerous to the life, health, property or safety of the public or the occupants of the structure. *Vicious animal* means any animal that is known to have bitten or attacked a person or other animal without provocation or cause; or, additionally, in the case of a dog, one that is known by the owner or person in charge to chase moving vehicles, or to charge persons on public streets, in public parks or public park areas, whether or not such dog has actually bitten or attacked a person or other domestic animal; or any dog that has been trained as a guard dog and has bitten or attacked a person or other animal. (Ord. No. 95-693, § 5-1, 10-12-1995; Ord. No. 99-1036, § 1, 12-9-1999; Ord. No. 14-89, § 1, 2-27-2014; Ord. No. 18-952A, §§ 1, 2(A.—E.), 11-1-2018; Ord. No. 18-1089, § 1, 12-20-2018)

Cross reference—Definitions generally, § 1-2.

Sec. 5-2. Department of animal services.

(a) HAS shall be under the general supervision and control of the director of the city's animal services department. The director shall be a department head of the city and shall be appointed by the mayor subject to the approval of the city council as provided by law. The director shall hold office for the term of the mayor making the appointment. The director shall administer the department in accordance with city policies and procedures and the laws of the state. Generally, the director shall be available to councilmembers to respond to requests for information or questions related to matters under the general control of the director which are pertinent to the performance of a councilmember's duties.

(b) All enforcement officers assigned to HAS shall be known as HAS officers and shall provide animal control and services. Any provisions of this chapter referring to the director shall also mean and include any authorized employee acting in his stead and under his supervision.

(c) The policies, programs, procedures, and activities of HAS, as established by the director, shall be in furtherance of advancing the following goals:

(1) Maximize the live release of all healthy and treatable domestic animals received into HAS care;

(2) Development of routine and positive relationships with private animal rescue organizations to pursue joint programs that facilitate the release of HAS animals into the care of the partner agencies as a component of the department's active foster and adoption programs;

(3) Intake procedures of domestic animals that meet modern standards for shelter medicine and seek to identify the owner of owned domestic animals. All methods of identification should be attempted at intake, including use of microchips and similar emerging technologies;

(4) Foster care programs to provide for the temporary care of HAS animals during mandatory hold periods and while awaiting adoption;

(5) Pre-selection of HAS animals for permanent care solutions during mandatory hold periods;

(6) A single web-based source for listing and advertising all domestic animals at HAS to include initial listing as a component of intake processing of all animals and ensure daily updates to the site;

(7) Defined standards of care of all domestic animals housed at HAS that meet the standards for modern shelter medicine;

(8) Accurate recordkeeping of all animals housed at HAS. Publish interim monthly reports providing outcomes for animals received at HAS; and following audit, publish an annual report (calendar year based) providing aggregated annual statistics for all animals received and their outcomes. Reports shall be published on the City of Huntsville website for free, public access; and

(9) Required director approval before any euthanasia procedure. Authority to perform euthanasia shall be retained by the director. The euthanasia policy shall include all conditions that must be met prior to conducting any euthanasia procedure.

(Ord. No. 95-693, § 5-2(b), 10-12-1995; Ord. No. 96-845, 10-28-1996; Ord. No. 07-69, 2-8-2007; Ord. No. 18-952A, § 4, 11-1-2018)

Cross reference—Department of public safety, § 2-301 et seq.

Sec. 5-3. Disposition of fees.

All moneys collected, as provided for in this chapter, shall be turned over and delivered forthwith to the city clerk-treasurer.

(Ord. No. 95-693, § 5-3, 10-12-1995)

Sec. 5-4. Citations and warrants.

When any animal is found by the director or by a HAS officer to be in violation of any provision of this chapter, except those provisions of section 5-6 involving violence to animals or as otherwise provided in this chapter and the person responsible becomes known to the director or to a HAS officer, he may issue a citation to the owner or person in charge for such violation, directing him to appear in the municipal court at a time and a date stated in the citation to answer to charges of violations of this chapter; and such charges shall be stated in the citation. For violations of section 5-6 involving violence or a threat of violence against an animal, no prosecution shall be commenced and no arrest made pursuant to this section except upon affidavit made before and warrant issued by a judge or magistrate of municipal court.

(Ord. No. 95-693, § 5-4, 10-12-1995; Ord. No. 18-952A, § 1, 11-1-2018)

State law reference—Citations, Code of Ala. 1975, § 11-45-9.1.

Sec. 5-5. Minimum penalties.

Any person violating any provision of this chapter shall be punished as provided by section 1-7; however, when any person is found guilty of violating any provision of this chapter for which a fine is provided and imposed, in addition to such other punishment as may be provided by the court, the minimum fines shall apply as follows:

Violation Code	Offense	First Offense	Second Offense	Third Offense or Subsequent Offense
200	Failure to restrain or confine dog or cat	$25.00	$50.00	$100.00
201	Failure to register or obtain license/permit for animal	$15.00	$25.00	$50.00
202	Failure to confine a female dog or cat in estrus (season/heat)	$25.00	$50.00	$200.00
203	Failure to attach current license tag to animal	$15.00	$25.00	$50.00
204	Failure to attach current rabies tag to animal	$15.00	$25.00	$50.00
205	Confining animal or animals in pen less than minimum area or improper distance from occupied dwelling	$15.00	$25.00	$50.00
207	Cruelty to animals	$200.00	$500.00	Court only
208	Maintaining a nuisance animal	$25.00	$50.00	$100.00
210	Allowing another animal other than a dog or cat to run at large	$25.00	$50.00	$100.00
211	Failure to obtain rabies vaccination	$20.00	$25.00	$50.00
213	Misuse of animal trap	$25.00	$50.00	$100.00

At the judge's discretion, the fine for an offense may be waived/refunded upon proof that the owner or person in charge has successfully completed the PAWS class.

The fines listed in this section are in addition to all applicable court costs.
(Ord. No. 95-693, § 5-5, 10-12-1995; Ord. No. 09-389, § 2, 5-14-2009; Ord. No. 18-952A, § 5, 11-1-2018)

State law reference—Penalties for ordinance violations, Code of Ala. 1975, § 11-45-9.

Sec. 5-6. Cruelty to animals prohibited.

(a) It shall be unlawful if a person in charge:

(1) Fails to provide clean, fresh potable water and food which is adequate for the animal's size, age, and physical condition. The water shall be either free flowing or provided in a removable receptacle that is properly secured to prevent tipping and rendering it useless, and shall also be of an adequate amount given the size of the animal and the environment in which the animal is kept to prevent the animal from overheating or dehydrating. The food provided to the animal shall be suitable for the animal's physical condition and age and in sufficient quality and quantities to maintain an adequate level of nutrition for the animal.

(2) Overrides, overworks, overloads or overdrives any animal, causing physical pain or suffering;

(3) Beats, tortures, injures, torments, poisons, deprives of necessary sustenance or mutilates any animal, causing physical pain, suffering or death;

(4) Fails to provide adequate medical treatment for any sick, diseased or injured animal or any animal suffering from any type of parasitic infestation;

(5) Keeps any animal under insanitary or inhumane conditions which are detrimental to the animal's health and general welfare, fails to properly groom the animal, including cutting or maintaining the animal's hair to an optimum length and condition appropriate for the animal's breed, or fails to maintain the animal in a condition of good order or cleanliness which increases the probability of transmission of disease, animal discomfort or suffering;

(6) Teases, molests, baits or harasses any animal;

(7) Sets any rabbit, raccoon, fox or other such animal loose for the purpose of chasing or hunting the animal or conducting a race using such animal;

(8) Promotes, permits, stages, holds, manages, conducts, carries on, or attends any game, exhibition, contest, fight or combat involving one or more animals or involving animals and humans;

(9) Fails to provide adequate shelter and space for an animal:

a. Any animal that is habitually kept outside or repeatedly left outside unattended shall be provided with a structurally sound, moisture-proof and wind-proof shelter large enough to keep the animal reasonably clean and dry. A shelter which does not adequately protect the animal from temperature extremes or precipitation, or which does not provide adequate ventilation or drainage, shall not comply with this section. Adequately protecting the animal from temperature extremes shall be determined by the HAS officer based on the breed, body condition, medical condition, hair coat, and age of the animal. Generally, the inside of the shelter should be maintained above 40°f and below 90°f.

b. An animal's shelter and bedding and other accessible space shall be maintained in a manner which minimizes the risk of the animal contracting disease, being injured or becoming infested with parasites.

c. Shelter for an animal is defined and interpreted as a structure having four sides in addition to a roof and floor with one side having an entrance or an igloo type structure specifically designed for outdoor housing of an animal. The animal shall be able to enter, stand, sit, lie down and turn around in the shelter in a normal manner. A barrel, keg, or drum shall not be considered shelter. Transport carriers designed to move an animal from one location to another and which do not have solid walls shall not be considered shelter.

d. The shelter and surrounding area shall be kept clean of accumulated feces, water, mud, garbage and any other debris, and shall provide at least one dry location for the animal to rest or stand.

e. The shelter shall be placed in an area that provides protection from the elements, including wind and rain, and direct rays of the sun, when sunlight is likely to cause overheating or discomfort.

(10) Transports or carries any animal in a motor vehicle unless the animal is safely enclosed within the vehicle or protected by a cab or container, cage, cross-tether, or other device to prevent the animal from falling out of or being thrown from the vehicle;

(11) Places or confines an animal or allows an animal to be placed or confined in a motor vehicle under such conditions or for such a period of time as to endanger the health or welfare of the animal because of temperature, lack of food or water, or such other conditions as may reasonably be expected to cause suffering, disability or death;

(12) Restrains an unattended animal with a leash or tether, or fixed point chaining or tethering the animal, to a stationary object, including but not limited to a house, tree, fence, post, garage, or shed.

(13) Maintains any reptile in a manner that is deleterious to its health and well-being. Poor husbandry, poor nutrition and/or lack of proper preventative care are all considered cruel and deleterious to the welfare of the reptile and are unlawful; or

(14) Sets loose any reptile that is not native to the climate of North Alabama.

(b) Any person who unlawfully or maliciously kills, disables, disfigures or injures any animal shall be guilty of a misdemeanor; but this subsection shall not be construed as prohibiting the dehorning of cattle.

(c) The violation of any provision of this section shall constitute a misdemeanor and shall result in the removal of the animal when the director or an enforcement officer determines that such removal is necessary for the safety of the animal.

(Ord. No. 95-693, § 5-11, 10-12-1995; Ord. No. 99-1036, § 2, 12-9-1999; Ord. No. 09-1017, § 1, 11-6-2008; Ord. No. 18-952A, § 6, 11-1-2018)

State law reference—Cruelty to animals, Code of Ala. 1975, § 13A-11-14.

Sec. 5-7. Abandoning animals prohibited.

It shall be unlawful for any person to transport any domestic animal or any exotic animal, including reptiles, into the city and subsequently abandon or set loose the animal with the intent of avoiding the responsibility for its custody and care. Further, it shall be unlawful for any person to transport any domestic animal or any exotic animal, including reptiles not native to the climate of North Alabama, out of the city limits and subsequently abandon or set loose the animal with the intent of avoiding the responsibility for its custody and care.

(Ord. No. 95-693, § 5-12, 10-12-1995; Ord. No. 99-1036, § 3, 12-9-1999)

State law reference—Destruction of abandoned animals by SPCA, Code of Ala. 1975, § 3-1-8.

Sec. 5-8. Public nuisance.

It shall be unlawful for any person to own, keep, possess or maintain an animal in such a manner as to constitute a public nuisance. By way of example and not of limitation, the following acts or actions by an owner or person in charge of an animal are declared to be public nuisances and are therefore unlawful:

(1) Allowing or permitting an animal to damage the property of anyone other than its owner, including but not limited to getting into or turning over garbage containers, or damaging gardens, flowers and vegetables, or defecating upon the property of another.

(2) Maintaining an animal in an insanitary environment which results in offensive odors or danger to the animal or to the public health, safety or welfare; or failing to maintain the animal in a condition of good order and cleanliness which increases the probability of disease transmission.

(3) Maintaining the owner's property in a manner that is offensive, annoying or dangerous to the public health, safety or welfare of the community because of the number, type, variety, density or location of animals on the property.

(4) Allowing or permitting an animal to bark, whine, howl, crow or cackle in an excessive or untimely fashion so as to interfere with the reasonable use and enjoyment of neighboring premises.

(5) Maintaining an animal that is diseased or dangerous to the public health without adequate medical treatment.

(6) Maintaining an animal that habitually or repeatedly chases, snaps at, attacks or barks at pedestrians, joggers, bicycles or other vehicles, or animals being walked on a leash.

(Ord. No. 95-693, § 5-13, 10-12-1995)

Sec. 5-9. Noisy animals.

(a) It shall be unlawful and a nuisance for any person to keep on a residential lot or premises within the city any animal or group of animals,

known to such person habitually, continuously or intermittently to make or emit sounds or noises of such volume and nature as unreasonably to interfere with or disturb the peace, quiet, comfort and repose of a person of ordinary sensibilities within the neighborhood in the reasonable use and enjoyment of adjacent property.

(b) It shall be unlawful and a nuisance for any person to keep on any tract, lot or premises within the city any animal or group of animals, whether housed in a corral, kennel, building or other structure, under such circumstances that the sounds or noises emitted by such animals are of such volume and nature as unreasonably to interfere with or disturb the peace, quiet, comfort and repose of persons of ordinary sensibilities in the reasonable use and enjoyment of any adjacent property used for residential purposes.

(c) Any owner or person in charge violating this section shall be guilty of maintaining a nuisance; however, no prosecution shall be commenced and no arrest made pursuant to this section except upon affidavit made before and warrant issued by a municipal judge or magistrate of the city.

(Ord. No. 95-693, § 5-14, 10-12-1995)

Cross reference—Noise, § 12-231 et seq.

Sec. 5-10. Odor from animals.

(a) It shall be unlawful and a nuisance for any person to keep on a residential lot or premises within the city any animal or group of animals, known to such person habitually, continuously or intermittently to create offensive odors so as to interfere with the reasonable use and enjoyment of adjacent property or neighboring premises.

(b) It shall be unlawful and a nuisance for any person to keep on any tract, lot or premises within the city any animal or group of animals, whether housed in a corral, stable, pen, kennel, building or other structure, under such circumstances that the odor interferes with the reasonable use and enjoyment of adjacent property or neighboring premises.

(c) Any owner or person in charge violating this section shall be guilty of maintaining a nuisance; however, no prosecution shall be commenced and no arrest made pursuant to this section except upon affidavit made before and warrant issued by a municipal judge or magistrate of the city.

(Ord. No. 95-693, § 5-15, 10-12-1995)

Sec. 5-11. Sanitation of premises in which animals are kept.

(a) It shall be unlawful for any owner or person in charge to keep or maintain a yard, run, corral, pen, stable or any enclosure in which animals are kept in such an insanitary condition that the lives, or health of the public generally, of the owner, person in charge, his family or the animals contained shall be endangered. This condition will be deemed to exist when the yard, pen or enclosure shows evidence of not being cleaned daily (each day). The presence in or about such yard, pen, stable or enclosure of flies, the live larvae of flies, roaches, rats or other vermin or conditions that permit or favor the growth, existence or development of such vermin or conditions shall be prima facie evidence of failure to comply with this section. All debris and residue shall be removed daily and disposed of in a proper and sanitary manner. All yards, runs, corrals, pens, stables or enclosures in which animals are kept shall comply with all pertinent regulations of the health department.

(b) Any owner or person in charge of a corral, pen, stable or enclosure wherein animals are kept shall be required to contain and treat all stormwater runoff from such corral, pen, stable or enclosure so as to meet the pollutant limitations included in the city National Pollutant Discharge Elimination System (NPDES) stormwater permit issued by the state department of environmental management. A retention pond shall be required at such places if containment and treatment of stormwater runoff without a retention pond will result in stormwater discharge that is not within effluent discharge limitations as provided in the city's NPDES permit.

(Ord. No. 95-693, § 5-16, 10-12-1995)

Sec. 5-12. Humane traps.

(a) The director or any HAS officer is authorized, in order to apprehend animals in violation of this chapter, which are otherwise

difficult to apprehend, to use traps humanely designed to capture such animals by placing the traps upon any public property of the city, upon the right-of-way of any public street or highway, or upon the private property of any person granting permission.

(b) It shall be the duty of the director or a HAS officer to check such traps daily and remove captured animals to HAS where they shall be disposed of as otherwise provided in this chapter.

(c) It shall be unlawful for any person to molest or tamper with any such trap, or to remove any animal captured in any such trap, or to interfere with the director or HAS officer in setting or servicing any such trap.

(d) Any owner or person in charge of any premises within the city may set his own humane trap on such premises for the purpose of trapping and removing any domesticated animals, except songbirds, which have entered the premises. The owner or person in charge shall notify the director or an HAS officer prior to setting his own humane trap. Use of one's own humane trap pursuant to this section shall be coordinated with the director or HAS officer to make sure such trapping is conducted at times consistent with the operating hours of HAS, it being the intent of this section that no captured animal remain trapped for more than 12 hours. It shall be the duty of the owner or person in charge to check such traps daily and bring any captured domesticated animals to HAS where they shall be disposed of as otherwise provided in this chapter. It shall be a violation of this chapter for any owner or person in charge of any premises to do any of the following:

(1) Use any trap to capture or remove songbirds;

(2) Use any trap on any premises not his own or not under his charge;

(3) Fail to inspect any trap at least every 12 hours;

(4) Fail to deliver any domesticated animal captured to HAS or to the animal's owner, if known, within 12 hours of its entrapment; and if the animal's owner is unknown, fail to notify HAS within 12 hours of its entrapment;

(5) Fail to exercise reasonable care and diligence to avoid injury to the trapped animal; or

(6) Use or permit to be used any leg hold trap, snare or other inhumane trapping method or device unless authorized by the health officer, appropriate state or federal official, or director.

(e) The director may authorize citizens to use city-owned traps for trapping domesticated animals, including SNR and TNR traps. Before any person shall be permitted to obtain a humane trap from HAS for use on his own premises or premises over which he is in charge, such person shall sign an agreement that he has been advised that the acts or failures to act enumerated in this section constitute a violation of this chapter.

(f) Any owner or person in charge of any dog or cat captured in a humane trap that is off the premises of the owner or person in charge shall be prima facie presumed to have allowed, suffered or permitted such animal to be or run at large. If at any time a dog or cat is captured by use of such trap and the owner or person in charge is known or becomes known to the director or a HAS officer, such owner or person in charge shall be given a citation to appear in the municipal court as provided in section 5-4.
(Ord. No. 95-693, § 5-17, 10-12-1995; Ord. No. 18-952A, §§ 1, 7, 11-1-2018)

Sec. 5-13. Animals on unsafe property.

(a) *Unsafe structure or building*. It shall be unlawful for any person to keep or maintain any animal inside or upon the property or premises, including any outside fenced area or yard, of any structure, dwelling or building, that has been designated unsafe and occupancy prohibited by a city housing or building official as stated in section 7-354 of this Code.

(b) *Right of entry.* Any HAS officer or police officer is hereby authorized to enter the property or premises, including any outside fenced area or yard, of any building, structure, dwelling, apart-

ment, or apartment house, that has been designated unsafe and occupancy prohibited by a city housing or building official as stated in section 7-354 of this Code, to investigate, retrieve, capture and/or remove animals.

(c) *Confinement and disposition of animals seized.* Any animal removed pursuant to this section shall be deemed to be an animal running at large, and shall be subjected to the confinement, care and disposition procedures set forth in sections 5-72 through 5-75 of this Code.
(Ord. No. 18-616, § 1, 8-23-2018; Ord. No. 18-952A, § 1, 11-1-2018)

Sec. 5-14. Stray animals.

Any person within the city finding any animal running at large about his residence or the residence of which he is in charge may take custody of the animal and deliver the animal to the director, or any HAS officer, as an at-large or stray animal whether or not the owner or person in charge of the animal is actually known, and whether or not there is any license tag or identification affixed to the animal. This section is not applicable to community cats, as determined by the director.
(Ord. No. 95-693, § 5-54, 10-12-1995; Ord. No. 99-1036, § 7, 12-9-1999; Ord. No. 18-952A, §§ 1, 8, 11-1-2018)

Editor's note—Ord. No. 18-952A, § 8, adopted Nov. 1, 2018, renumbered the former § 5-111 as § 5-14.

Sec. 5-15. Transporting animals into city for purpose of impounding.

It shall be unlawful for any person to drive or bring or attempt to drive or bring any animal into the city for the purpose of having the animal impounded; however, dogs and cats brought in from outside the city may be accepted by the director or a HAS officer, at the director's discretion, from the owner or other person in charge for immediate disposal or adoption only.
(Ord. No. 95-693, § 5-40, 10-12-1995; Ord. No. 18-952A, § 9, 11-1-2018)

Editor's note—Ord. No. 18-952A, § 9, adopted Nov. 1, 2018, renumbered the former § 5-50 as § 5-15.

Sec. 5-16. Violations of this chapter.

Except as otherwise provided in this chapter, any person violating or aiding or abetting the violation of any provision of this chapter, or counterfeiting or forging any certificate or tag, or making any misrepresentation in regard to any matter prescribed by this chapter or rule promulgated under this chapter or except as otherwise provided, or resisting, obstructing or impeding any authorized officer in enforcing the provisions of this chapter, or refusing to produce for immunization any animal in his possession for which anti-rabies vaccine is recognized and recommended, or for failing to report an animal bite, shall be guilty of a misdemeanor, and for the purpose of enforcing this chapter, shall be fined not less than $25.00 or more than $500.00.
(Ord. No. 95-693, § 5-99, 10-12-1995; Ord. No. 18-952A, § 10, 11-1-2018)

State law reference—Penalties for ordinance violations, Code of Ala. 1975, § 11-45-9.

Sec. 5-17. Authority of health officer.

The health officer or his authorized agent shall have the authority to quarantine or require confinement of any or all animals in any part or all of the city for such period of time and in such manner as he may determine whenever he considers such quarantine or confinement necessary for the control of rabies. The health officer or his authorized agent shall have the right at any time to move or cause to be moved to HAS or place designated by him for observation or examination any animal which is reasonably suspected to be afflicted with rabies, or which has bitten or otherwise injured a human being in such manner as would permit or favor the transmission of the virus of rabies, if such animal should be afflicted with rabies, or which has been or is reasonably suspected to have bitten or injured, or to have been in contact with another animal afflicted or reasonably suspected of being afflicted with rabies; and it shall be unlawful for any person to hinder, obstruct or interfere with the health officer or his authorized agent or deputy in the exercise of the authority conferred upon him. It shall be the

duty of the health officer to destroy, or cause to be destroyed, any animal found to be afflicted with rabies.
(Ord. No. 95-693, § 5-96, 10-12-1995; Ord. No. 18-952A, §§ 1, 11, 11-1-2018)

Editor's note—Ord. No. 18-952A, § 11, adopted Nov. 1, 2018, renumbered the former § 5-102 as § 5-17.

Sec. 5-18. Disposal of animals impounded under Title 3, Animals, Chapter 7A, Rabies of the Code of Alabama.

Except as otherwise provided in subsection 5-75(c), any cats, dogs and ferrets impounded in accordance with the provisions of Title 3, Animals, Chapter 7A, Rabies, of the Code of Alabama, may be humanely destroyed and disposed of when not redeemed by the owner within seven days.
(Ord. No. 18-952A, § 12, 11-1-2018)

Sec. 5-19. Experimental animals.

It shall be unlawful for any person, pet store, animal shelter or animal rescue agency to sell, give, trade, barter or transfer any animals to any person, hospital, educational institution, laboratory, or animal dealer for the purpose of medical/biological teaching, research, study or experimentation of any kind.
(Ord. No. 18-952A, § 13, 11-1-2018)

Sec. 5-20. Unlawful to sell, barter or give away animal.

Without the prior written approval of the director, it shall be unlawful for any person to do any of the following:

(1) Sell, give, trade, barter or give away a live animal as part of a commercial transaction on any street, highway, public right-of-way, parking lot, carnival, or sidewalk; or

(2) Display or offer for sale, trade or barter, or display or offer to give away a live animal as part of a commercial transaction, if the act of selling or giving away the live animal is to occur on any street, highway, public right-of-way, parking lot, carnival, or sidewalk.

Animal adoption events held by an animal shelter or animal rescue agency, as defined by the standards set forth in subsection 5-72(c), that are otherwise compliant with all other provisions of this chapter, are not prohibited by this section.

Secs. 5-21—5-40. Reserved.

ARTICLE II. DOGS AND CATS

DIVISION 1. GENERALLY

Sec. 5-41. License—Required; fee.

(a) The owner or person in charge of any dog and/or cat which is more than four months of age and resides in the city shall annually register the dog and/or cat as to sex, breed, description, name and address of the owner or person in charge, and name of the dog and/or cat if any. At the time of such registration, such owner or person in charge shall, upon providing proof of a valid rabies vaccination, obtain a license for such dog and/or cat and shall pay a license tax or fee as follows:

(1) Spayed or neutered: $10.00; or

(2) Unspayed or unneutered: $50.00.

However, when a license is issued for a dog or cat too young to be subjected to alteration because it is less than four months old at the time the license is issued, and the dog or cat is altered subsequent to the beginning of the next license year, upon proof of sterilization, the director may issue a license at no charge for the following license year.

(b) An owner or person in charge of a dog and/or cat, upon providing proof that the animal meets the criteria provided in subsection (a) and also that the animal has been sterilized, may choose to purchase a lifetime license rather than the annual license required under subsection (a). The lifetime license tax or fee shall be as follows:

(1) Spayed or neutered: $35.00.

(2) Unspayed or unneutered: Not available; exception that an unspayed or unneu-

tered annual license may be converted to a lifetime license within one year of license purchase upon proof of alteration.

(c) An owner or person in charge of a dog and/or cat, upon providing proof that the animal meets the criteria provided in subsection (a) and also that the animal has been sterilized may be eligible for a lifetime license provided the owner or person in charge shows proof of an annual income of $25,000.00 or less or participation in such programs as Medicaid, Social Security Disability, or Supplemental Nutrition Assistance Program.

(d) Upon the written recommendation of a licensed veterinarian, a waiver may be granted to the spay or neuter requirement when it is determined that age or health reasons may be reason for exemption. In those cases, the fee appearing in subsection (a)(1) above will be charged.

(e) Proof of alteration (spaying or neutering) may be accomplished by providing a proof of sterilization letter or certificate signed by a state licensed veterinarian which describes the pet by name, description, breed, color, age, gender and owner name. Otherwise, alteration may be determined by the director upon physical examination of the animal.

(f) This section does not apply to community cats.

(Ord. No. 95-693, § 5-26, 10-12-1995; Ord. No. 03-1065, § 1, 12-18-2003; Ord. No. 10-677, § 1, 9-23-2010; Ord. No. 14-89, § 2, 2-27-2014; Ord. No. 18-952A, §§ 15, 16, 11-1-2018)

State law reference—Rabies control, Code of Ala. 1975, § 3-7A-1 et seq.

Sec. 5-42. Same—Issuance.

(a) At the time of registration under this article, such owner or person in charge shall obtain a license for such dog or cat issued by the director or his agent and shall be issued a metal tag or decal suitable for affixing to the license tag as evidence of such license, effective for one year from the date of issue. The license must be renewed each year on or before the anniversary date of issue. Each person renewing a license more than 30 days after the anniversary date shall be charged a $10.00 late fee. No valid license tag or valid decal shall be issued for any dog or cat until such dog or cat has been inoculated against rabies in accordance with state law. The provisions of this section shall not apply to dogs or cats whose owners are nonresidents, temporarily within the city for a period not exceeding 30 days.

(b) The owner or person in charge shall, at all times, keep the tag affixed to the dog or cat. It shall be unlawful for any owner or person in charge to fail to comply fully with all requirements of this section by failing to obtain a license or otherwise. It shall also be unlawful for any person, except the owner or person in charge, or his agent, except for purposes of grooming or bathing, to remove a tag from a dog or cat tagged under the provisions of this section. It shall be unlawful for any person to place an unissued tag upon any dog or cat, to procure a tag from the city or its agent by fraud or misrepresentation, or to disfigure or alter the words or figures upon a tag.

(c) The mayor, upon recommendation of the director and the city clerk-treasurer, shall authorize any licensed veterinarian, or any other appropriate agent, to accept applications for issuance of, on behalf of the city, the license required in this article. Such agent shall be required to post bond as directed by the city clerk-treasurer, and at the expense of the city, to ensure the collection and payment of all amounts that may at any time be due the city under the agreement. As payment for such issuance, the agreement may allow up to ten percent of the cost of such license, or $1.00, whichever is greater, to be retained by the agent as compensation for services to the city.

(Ord. No. 95-693, § 5-27, 10-12-1995; Ord. No. 18-952A, § 17, 11-1-2018)

Sec. 5-43. Harboring dogs or cats.

It shall be unlawful for any person to own, harbor, control, or keep more than three dogs or cats, four months old or older, which are frequently outside the residence and on the premises. This

section is not applicable to community cats, or a community cat caregiver, as designated by the director.
(Ord. No. 95-693, § 5-28, 10-12-1995; Ord. No. 18-952A, § 18, 11-1-2018)

Sec. 5-44. Duty to restrain.

(a) *Dogs*. It shall be the duty of every owner or person in charge of a dog to keep the animal under effective restraint, while the dog is within the city, whether or not the dog is upon or away from his premises. It shall be unlawful for the owner or person in charge of any dog to fail to keep the animal under effective restraint. Proof that a dog is not properly restrained, whether on or off the premises of the owner or person in charge, shall be prima facie evidence of a violation. Negligent failure to provide or maintain effective restraint shall not be a defense. Competent evidence that the failure was occasioned by an unforeseeable and independent act of a third person shall shift the burden on the city to prove otherwise.

(1) It shall be the duty of every person owning or having the custody or control of a dog to physically restrain the dog when such dog is left unattended outside. The dog must be restrained so as to prevent the dog from leaving the premises of its owner or from coming in contact with public right-of-way or the property of another.

(2) Dogs may be restrained by means of a trolley system, or a runner attached to a pulley on a cable run, if the following conditions are met:

a. Such restraint shall be fixed in such a manner to allow the dog free use of the restraint without it becoming tangled, wrapped around an object or shortened to prevent injury or strangulation.

b. The restraint shall also be an appropriate weight for the dog and shall be affixed to a proper fitting harness or collar with a swivel attachment. The collar shall be properly fitted to the dog, made of a suitable material other than metal that does not cause damage to the dog's skin, and affixes the dog to a pulley or runner.

c. Only one dog shall be tethered to each cable run.

d. The tether shall be attached to a properly fitting harness or collar worn by the dog. Choke collars, pinch collars and prong collars are prohibited for purposes of tethering a dog to a cable run.

e. There shall be a swivel on both ends of the tether to minimize tangling of the tether.

f. The tether and cable run shall be of adequate size and strength to effectively restrain the dog. The size and weight of the tether shall not be excessive, as determined by the HAS officer, considering the age, size and health of the dog.

g. The length of the tether from the cable run to the dog's harness should allow access to a reasonable available exercise area and should allow continuous access to water and shelter. The pulley system shall be of appropriate configuration to confine the dog to the owner's property, to prevent the tether from extending over an object or an edge that could result in injury to the dog, and to prevent the tether from becoming tangled with or impeded by other objects or dogs.

h. The dog is at least six months of age or older.

(3) Dogs may be restrained by confining within a fenced yard or enclosure so long as there is an adequate space for exercise based on a dimension of at least 200 square feet for the first dog, and an additional 100 square feet for each additional dog, up to three dogs, including a dry area for each animal to rest or stand. Provided further that said enclosure shall be made of chain link, or

similar type materials, and shall be of sufficient height to prevent the dog from escaping.

(4) The use of underground electric fencing systems shall satisfy physical restraint so long as the owner assures:

a. The underground electric fence system is in working order;

b. The animal is trained in accordance with the fencing system;

c. The animal is wearing a functional fence collar;

d. The property is clearly and prominently marked indicating the existence of the underground electronic fencing system with a minimum of one sign on the property;

e. The underground electronic fencing system shall not allow the animal to progress closer than ten feet in proximity to any public sidewalk, public street or other public right-of-way;

(5) Underground electronic fencing is prohibited for dogs deemed to be dangerous as defined in section 5-1.

(6) A dog that can snap or bite a person through a fence shall not be considered enclosed by the fence or properly restrained.

(7) Multiple dogs that fight each other shall not be kept within the same enclosure.

(b) *Cats.* It shall be unlawful for the owner or any person having custody or control of any cat within the city to allow such cat to be a nuisance, cause destruction or damage to the property of another, or to run at large; however, no prosecution shall be commenced and no arrest made pursuant to this section except upon affidavit made before and warrant issued by a judge or magistrate of municipal court. This section is not applicable to community cats, or a community cat caregiver, as determined by the director.
(Ord. No. 95-693, § 5-29, 10-12-1995; Ord. No. 18-952A, § 19, 11-1-2018)

Sec. 5-45. Confinement of dogs or cats during estrus (heat).

(a) Every female dog or cat in estrus (heat) will be confined by the owner or person in charge in a solid-floored building or structure designed so that the dog or cat cannot come into contact with the ground underneath the floor or with the ground surrounding the structure, so that the scent from the cat or dog will not be transmitted to the neighborhood, or to places where other cats or dogs on the owner's premises are kept. If at any time the scent from a female cat or dog in heat is found to be causing a disturbance to cats or dogs in the neighborhood, it shall be the duty of the owner or person in charge of the dog or cat to confine, immediately, the dog or cat in such a manner as to avoid a disturbance.

(b) Every female dog or cat in estrus (heat) shall be confined in a building or structure by the owner or person in charge in such a manner that the female dog or cat cannot come into contact with another dog or cat except for planned breeding.

(c) It shall be unlawful for the owner or person in charge of any such cat or dog to fail to comply fully with this section. Any person in violation shall be punished as provided by section 5-5.
(Ord. No. 95-693, § 5-30, 10-12-1995)

Sec. 5-46. Chaining of dogs or cats.

Animals shall not be tied or chained in a manner that presents a hazard to themselves or to the general public.
(Ord. No. 95-693, § 5-36, 10-12-1995)

Sec. 5-47. Duty of owner to remove overturned or scattered garbage.

It shall be the duty of the owner or person in charge of any dog or cat which has been allowed or suffered by such person to run at large, to pick up and remove to the landfill, or to a secure authorized container, any garbage or refuse which the animal has caused to be overturned, spilled or scattered upon any residential lot occupied for human habitation, or upon any adjacent right-

of-way, upon demand from the owner or occupant, or upon demand of the director or any HAS officer under the supervision of the director. It shall be unlawful for any such person to fail or refuse to do so; however, no prosecution shall be commenced and no arrest made pursuant to this section except upon affidavit made before and warrant issued by a duly appointed municipal judge or magistrate of the city.
(Ord. No. 95-693, § 5-37, 10-12-1995; Ord. No. 18-952A, § 1, 11-1-2018)

Sec. 5-48. Duty of owner for removal of feces.

(a) It shall be the duty of the owner or person in charge of any dog or cat to remove and dispose of any feces deposited by the animal upon the grounds of any public park or public place, upon any residential lot of another occupied for human habitation, or upon any adjacent right-of-way, and will be done on demand by the owner or occupant or the director or any HAS officer.

(b) It shall be unlawful for any person to fail or refuse to remove such feces; however, no prosecution shall be commenced and no arrest made pursuant to this section except upon affidavit made before and warrant issued by a municipal judge or magistrate.
(Ord. No. 95-693, § 5-38, 10-12-1995; Ord. No. 18-952A, § 1, 11-1-2018)

Sec. 5-49. Companion dog accompanying disabled person (blind, deaf, etc.).

No owner, lessee, proprietor, manager, superintendent, agent or employee of any place of public accommodation, amusement or recreation, including but not limited to any inn, hotel, restaurant, eating establishment, barbershop, billiard parlor, store, public conveyance, theater, motion picture house, public educational institution or elevator, shall refuse to permit a companion dog to accompany a disabled person entering such place or making use of the accommodations available when such person is being accompanied by a companion dog provided such companion dog is wearing a harness, such disabled person shall present for inspection credentials issued by an accredited school for training companion animals.
(Ord. No. 95-693, § 5-39, 10-12-1995)

Sec. 5-50. Restrictions on the sale of dogs and cats.

(a) A pet shop or pet supply store may offer for sale only those dogs, cats, puppies, and kittens obtained from and in cooperation with HAS, an animal shelter, or an animal rescue organization or agency as defined in section 5-1.

(b) Every pet shop or pet supply store offering for sale any dog, cat, puppy or kitten shall display a label stating the name and address of the organization supplying said animal on the animal's cage.

(c) A pet shop or pet supply store shall not offer for sale a puppy or kitten that is younger than eight weeks old.

(d) Every pet shop or pet supply store offering for sale any dog, cat, puppy or kitten shall maintain records for each animal offered for sale. The records shall be maintained for a minimum of 12 months after the date of the transaction, and shall be available for inspection by any HAS officer or law enforcement officer. The records shall include the following information for each transaction:

(1) A description and photograph of the animal;

(2) The monetary value of any cash, services, or goods exchanged for the animal;

(3) The name, address and phone number of the organization (HAS, animal shelter or animal rescue organization or agency) from which said pet store or pet supply store acquired said animal; and

(4) The name, address and phone number of the new owner of the animal.

(Ord. No. 18-1089, § 2, 12-20-2018)

Editor's note—Ord. No. 18-952A, § 9, adopted Nov. 1, 2018, renumbered the former § 5-50 as § 5-15. Subsequently, Ord. No. 18-1089, § 2, adopted Dec. 20, 2018 adopted a new § 5-50 as laid out herein.

Secs. 5-51—5-70. Reserved.

DIVISION 2. IMPOUNDMENT

Sec. 5-71. Reserved.

Editor's note—Ord. No. 18-952A, § 3, adopted Nov. 1, 2018, repealed § 5-71, which pertained to stray dogs or cats and derived from Ord. No. 95-693, § 5-31, 10-12-1995.

Sec. 5-72. Confinement of dogs or cats running at large; confinement of dogs or cats turned in by owner or person in charge; disposition of dogs or cats confined.

(a) Any dog or cat found running at large within the city is declared to be a nuisance and shall be seized by the director or a HAS officer, confined at HAS or temporarily placed with a director-approved foster resource or animal rescue agency, photographed for identification purposes, and cared for in a humane manner, subject to the owner's rights of redemption stated below. In addition to, or in lieu of confining a dog or cat found unlawfully at large, when the owner or person in charge of the dog or cat is known to the director or HAS officer, the director or HAS officer shall return the dog or cat to the owner or person in charge. The owner or person in charge may be cited in accordance with the provisions in this article. This section may not be applicable to community cats, as determined by the director.

(b) Upon confinement of a dog or cat, HAS shall scan the animal for a microchip, and check for tags, tattoos or other identifying information to make reasonable efforts to ascertain the identity of and notify the owner or person in charge of such dog or cat of its confinement and of the conditions under which possession of such animal may be regained. Unless determined otherwise by the director, sterilization and microchipping of all animals impounded by HAS shall be mandatory and the owner or person in charge shall bear the cost associated therewith. The owner or person in charge shall have 30 days to update the microchip with correct identification information.

(c) If not claimed by the owner or person in charge within three days, the city may transfer ownership of any dogs or cats held by HAS to an approved adoption applicant, or any animal rescue agency that can provide proof of Internal Revenue Service 501(c)(3) nonprofit status and is otherwise approved and authorized by the director provided the approved agency, upon obtaining possession of each such dog or cat, shall agree not to release the animal to any person other than the owner or person in charge until the following requirements have been met:

(1) Dogs and cats three months of age or older have received a rabies inoculation;

(2) Dog and cats have been microchipped. The new owner or person in charge shall have 30 days to update the microchip with correct identification information; and

(3) Dogs over eight weeks old and cats weighing at least one and one-half pounds have been sterilized in conformity with current Guidelines for Standards of Care in Animal Shelters established by The Association of Shelter Veterinarians, unless the director or other licensed veterinarian determines that the animal has a medical condition preventing successful sterilization.

(d) The city shall not knowingly transfer ownership under subsection (c) of this section of any dog or cat known to have bitten a person or animal without justifiable provocation before written notification and disclosure to the new owner.

(e) The city shall not transfer ownership under subsection (c) of this section of any dog or cat that is maimed or diseased and, in the opinion of the director, not suitable for adoption. This subsection, however, shall not be construed to preclude temporary transfer or placement of a HAS dog or cat that is injured, maimed, diseased or has a significant health condition, immediately after intake, to a director-approved foster resource, or animal rescue agency as defined by the standards set forth in subsection 5-72(c), subject to the owner's rights of redemption. Irremediably suffering animals may be euthanized without delay, upon a written determination made by a licensed veterinarian or the director.

(f) If the owner of an injured animal is unknown and the animal has been hospitalized by a licensed veterinarian for a period of three days, the animal may be released to the veterinarian upon his request.

(g) Any dog or cat turned in by the owner or person in charge shall be available for immediate adoption in accordance with section 5-73, or for transfer in accordance with this section but shall otherwise be confined for a period of not less than three days provided space is available at the discretion of the director.

(h) Any litters of two or more kittens or puppies found running at large within the city shall be seized by the director or HAS officer and made available for immediate adoption or placement as determined by the director.

(i) Community cat diversion programs shall operate at the discretion and under the supervision of the director.
(Ord. No. 95-693, § 5-32, 10-12-1995; Ord. No. 18-952A, §§ 1, 20, 11-1-2018)

Sec. 5-73. Redemption and adoption.

(a) The owner or person in charge entitled to possession of any dog or cat confined under the provisions of this article, may recover possession of such dog or cat upon payment of the charges set forth in section 5-74 to the director provided such owner or person in charge entitled to recover possession of any dog or cat three months of age or older shall produce a certificate of sterilization, and a certificate or evidence satisfactory to the director that such dog or cat has, within 12 months prior to confinement, been inoculated for rabies, and that all required license fees have been paid for the current year. If the owner or person in charge entitled to possession of any dog or cat so confined is unable to produce a certificate of sterilization, and a certificate or satisfactory evidence of inoculation for rabies and of proper licensing of the dog or cat within the 12-month period prior to the confinement of the dog or cat, before the director shall release the dog or cat, fees shall be paid for the sterilization, inoculation and city license; and

The owner or person in charge entitled to possession of any dog or cat may avoid payment of the redemption fee if the animal has not been sterilized (spayed or neutered) and the owner or person in charge agrees to pay for the sterilization of the animal at the time of redemption as well as securing a license for the animal. In such cases, the animal may be delivered by HAS personnel to a state licensed veterinary office for sterilization and the owner or person in charge shall recover the animal from that office after the sterilization is complete and payment has been tendered to the director in accordance with fees established in section 5-74. At the discretion of and under the supervision of the director, sterilization of animals may be performed at HAS by a properly licensed veterinarian. Unless determined otherwise by the director, sterilization and microchipping of all animals impounded by HAS shall be mandatory and the owner or person in charge shall bear the cost of the sterilization, redemption and a license.

(b) It shall be unlawful for any person to secure any dog or cat from HAS without authority to do so.

(c) It shall be unlawful for any employee of HAS to redeem any dog or cat or become directly or indirectly interested in the redemption of any dog or cat not owned by such employees of HAS prior to its impoundment.

(d) Based on the information provided during the adoption process, the director or his representative has the right to deny the request to adopt an animal if he feels that the person is unable to provide a suitable home to care for the animal properly and prevent it from being a nuisance. A home visit by HAS may be required within the first year of adoption.

(e) Upon approval to adopt an animal from HAS, the adoption agreement shall be signed. Failure to agree to the terms of the adoption agreement shall be grounds for disqualification.

(f) Animals shall be sterilized in accordance with the terms of the adoption agreement.

(g) It shall be unlawful for the owner or person in charge of any such cat or dog to fail to comply fully with this section. Any person in violation shall be punished as provided in section 5-5.

(Ord. No. 95-693, § 5-33, 10-12-1995; Ord. No. 99-1036, § 5, 12-9-1999; Ord. No. 14-89, § 3, 2-27-2014; Ord. No. 18-952A, §§ 1, 21, 11-1-2018)

Sec. 5-74 Charges for confinement and caring shall be amended to read as follows:

(a) The city shall charge and collect fees from owners who redeem their animals or persons seeking to adopt abandoned animals as set forth below.

(b) The fee schedule will not include applicable charges for any license or rabies vaccination that is required by this article or other applicable law.

(c) Animals may not be adopted by original owners or their immediate family members so as to avoid paying a violation fine or redemption fee.

(d) At the discretion of the director, fees may be waived or reduced.

(e) All intergovernmental agreements must align with the City of Huntsville's established fee schedule, with the partnering entity solely responsible for collecting any costs from its residents or service users, as the city will directly invoice the partnering organization for all services rendered.

Sec. 5-75. When disposal may take place.

(a) Except as set forth in section 5-18 and subsection 5-75(c), after a dog or cat has been confined for at least five days, and no owner or person in charge has been identified, or if the owner or person in charge entitled to possession fails to make application for the release of such dog or cat, as provided in this article, or fails to pay the charges as provided in this article, or fails to pay for the proper inoculation for rabies, or if such satisfactory evidence as required by section 5-73 was not provided, or if ownership is not transferred by the city in accordance with section 5-72, then such dog or cat is declared a nuisance and a danger to the health, safety and welfare of the city and the director or authorized HAS officer may cause such dog or cat humanely to be destroyed as provided in this article; however, any puppy or kitten under two weeks old or whose eyes have not opened may be humanely disposed of immediately upon being impounded when found to be in violation of this chapter.

(b) The director, or any HAS officer authorized by the director to carry a firearm, assisting in impounding any dog or cat shall have the authority to shoot and kill such dog or cat if in attempting to capture the dog or cat or in otherwise keeping the dog or cat, it shall become an immediate hazard to the safety of the person or to the safety of persons or animals in the immediate vicinity.

(c) Any confined dog or cat that is injured or diseased may, as an act of mercy, be humanely destroyed immediately after inspection by a veterinarian, or by the director or his representative, if it is agreed that such destruction is necessary to prevent unnecessary suffering, to prevent the spread of disease, or because the animal is incurable.

ARTICLE III. ANIMALS OTHER THAN DOGS AND CATS SPECIFICALLY

DIVISION 1. GENERALLY

Sec. 5-101. Reserved.

Editor's note—Ord. No. 18-952A, § 10, adopted Nov. 1, 2018, renumbered the former § 5-102 as § 5-16.

Sec. 5-102. Reserved.

Editor's note—Ord. No. 18-952A, § 11, adopted Nov. 1, 2018, renumbered the former § 5-102 as § 5-17.

Sec. 5-103. Keeping of hogs.

(a) It shall be unlawful for any person to keep hogs within the city, except on established farms where hogs have been kept continuously since prior to the passage or amendment to this section; and under circumstances where no noise, odor or pollution violation or nuisance is occasioned; and at a place more than 300 yards from any residence, business house, church or schoolyard other than the residence of the owner or person in charge of the hogs.

(b) All hogs in transit or housed or penned for sale at a duly authorized marketing place within the city shall be removed by sale, slaughtering or otherwise within eight days. All pens or enclosures wherein the hogs are kept shall have concrete floors with ample drains and water connections, as approved by the health department. These pens and enclosures shall be cleaned daily with suitable insecticides or deodorants, or both, as approved by the health department, so that fly control is satisfactorily maintained.
(Ord. No. 95-693, § 5-46, 10-12-1995)

Sec. 5-104. Keeping exotic, wild animals; keeping vicious and/or poisonous animals; keeping venomous reptiles.

(a) It shall be unlawful for any owner or person in charge to keep any wild or exotic animal on his premises unless such animal is registered with the HAS. Registration shall be required within 30 days of residency within the city.

(b) It shall be unlawful for a private individual to keep, maintain or house a venomous reptile.

(c) It shall be unlawful for any owner or person in charge to suffer, allow or permit any animal that is vicious or presumed to be vicious to be off the premises of the owner or person in charge unless the animal is caged or leashed and muzzled and under effective restraint so as to prevent it from attacking or injuring a person or another animal.

(d) It shall be unlawful for the owner or person in charge to keep or permit to be kept on any residential premises any vicious or poisonous animal for display or for exhibition purposes either gratuitously or for a fee.

(e) It shall be unlawful to display an exotic animal or reptile unless a permit for such display has been obtained from the city animal control.

(f) Privately owned poisonous or vicious animals shall not be allowed on any public street, sidewalk or other public way except in a fully enclosed cage or with adequate structural restraint. Any vicious or poisonous animal shall be securely and humanely confined or bound in such a manner as to prevent such animal from biting or attacking or frightening a person or another animal. The use of a leash, with or without a muzzle, shall not be considered adequate restraint.

(g) The provisions of this section shall not apply to lawfully operated and located pet shops, zoological gardens, scientific research laboratories, circuses, veterinarians harboring such animals for purposes of providing professional medical treatment, or wildlife rehabilitators with proper permits. The confinement of wild or exotic animals must meet the regulations promulgated by the state wildlife commission, the minimum standards under the animal welfare act and all applicable rules promulgated by the United States Department of Agriculture. In addition to meeting these minimum standards, all such venomous reptiles and all such wild or exotic animals shall be confined, restrained and controlled in fully enclosed quarters and in such manner that the physical safety or property of any person lawfully entering the premises shall not be endangered, and so as to prevent escape of any such animal.

(Ord. No. 95-693, § 5-47, 10-12-1995; Ord. No. 99-1036, § 4, 12-9-1999; Ord. No. 18-952A, § 1, 11-1-2018)

Sec. 5-105. Distance of corrals, pens or stables from dwellings.

It shall be unlawful for any owner or person in charge to keep any animal or fowl in the city in any corral, stable or pen any part of which is within 150 feet of a dwelling occupied by a person other than the owner or person in charge of the animal or fowl or if such dwelling is not occupied, owned by a person other than the owner or person in charge of the animal or fowl; however, this section shall not apply to enclosures in which animals or fowl have been continuously kept before May 10, 1979; and provided this section not apply to horses kept in publicly owned facilities, not otherwise creating any nuisance and kept under the sanitary conditions of this chapter.

(Ord. No. 95-693, § 5-48, 10-12-1995)

Sec. 5-106. Minimum area of corrals.

It shall be unlawful for any person to keep any animal in any corral in the city unless such corral has a minimum area of 12,000 square feet for one animal and an additional 10,000 square feet for each additional animal kept, to every portion of which each and every animal shall have free and unrestricted access.

(Ord. No. 95-693, § 5-49, 10-12-1995)

Sec. 5-107. Minimum area of pens.

It shall be unlawful for any person to keep any animals, including fowl, in any pen in the city unless such pen has a minimum area of 15 square feet of space for each animal or fowl to which space each animal or fowl shall have access.

(Ord. No. 95-693, § 5-50, 10-12-1995)

Sec. 5-108. Capturing or killing birds; abatement of birds; city declared bird sanctuary.

(a) It shall be unlawful for any person to pursue, injure, capture, kill or destroy any songbird of any kind, at any time, within the city.

This section shall not be construed so as to apply to the director, the HAS officers or to any law enforcement officer when a nuisance exists or when there is a hazard to health or safety which in the judgment of such officer cannot be otherwise remedied.

(b) The entire area of the city is designated as a bird sanctuary.
(Ord. No. 95-693, § 5-51, 10-12-1995; Ord. No. 18-952A, § 1, 11-1-2018)

Sec. 5-109. Horses not to stand in streets unless hitched or attended.

It shall be unlawful for any owner or person in charge to allow a horse to stand in any street within the city unless the owner or person in charge is in attendance or the horse is securely hitched. Any horse not so attended or securely hitched shall be considered to be at large.
(Ord. No. 95-693, § 5-52, 10-12-1995)

Cross reference—Streets, sidewalks and other public places, ch. 23.

Sec. 5-110. Farm animals, exotic animals or reptiles running at large.

(a) It shall be unlawful for the owner or person in charge of any farm animal, exotic animal or reptile to cause, permit or allow any such farm animal, exotic animal or reptile to run or to be at large. It shall be the special duty of the owner or person in charge of all premises where any farm animal, exotic animal or reptile is kept to see that no farm animal, exotic animal or reptile kept upon the premises is permitted or allowed to be in violation of this article. The fact that a particular farm animal, exotic animal or reptile has been kept on a particular premises, together with its subsequent appearance at large, shall raise a prima facie presumption that the owner or person in charge of the premises committed or authorized the violation, and the burden of proof shall be upon the owner or person in charge to prove otherwise. Any owner or person in charge in violation of this subsection shall be fined a minimum of $25.00 for the first offense and for the second offense within 12 months shall be fined a minimum of $50.00. Any owner or person in charge violating this section more than twice within 12 months shall be considered a habitual offender and shall be cited as set forth in subsection (b) of this section.

(b) Any owner or person in charge who repeatedly and habitually allows, suffers or permits any farm animal, exotic animal or reptile unlawfully to run or be at large shall be fined not less than $100.00. Proof of three violations by the same owner or person in charge with respect to any farm animal, exotic animal or reptile kept on the premises within a 12-month period shall be prima facie proof that the owner or person in charge is a habitual offender; and the burden of proof shall be upon the owner or person in charge to prove otherwise.

DIVISION 2. IMPOUNDMENT

Sec. 5-131. Impoundment authorized; disposal of farm animals, exotic animals, or reptiles.

(a) Any farm animal, exotic animal or reptile found to be running at large within the city is declared to be a nuisance and shall be seized and confined by the director or a HAS officer, and shall be cared for in a humane manner for a period of not less than five days.

(b) When such farm animal has been seized and confined, the director or authorized enforcement officer shall proceed to sell the animal at public auction to the highest bidder for cash within the legal hours of sale in front of HAS, or another location as designated by the director, after first giving five days' notice of time and place of sale, together with a description of the animal to be sold, by posting a notice at a conspicuous place at HAS, and by publication one time in a newspaper published in the city. The proceeds from the sale shall be paid to the city clerk-treasurer. Any farm animal that is not claimed by its owner and is not purchased when placed at public auction shall become the property of the city and may be disposed of in a humane manner at the discretion of the director.

(c) After an exotic animal or reptile has been confined for the period of time as required by subsection (a) of this section, and if the owner or person in charge fails to make application for the release of such exotic animal or reptile, or fails to pay the charges as provided in this article, such exotic animal or reptile shall become the property of the city and shall be disposed of in a humane manner.

(Ord. No. 95-693, § 5-57, 10-12-1995; Ord. No. 99-1036, § 10, 12-9-1999; Ord. No. 18-952A, §§ 1, 24, 11-1-2018)

Sec. 5-132. Charges for advertising and care of impounded animals.

The city shall be entitled to and shall receive the sum of $100.00 for impounding and keeping each and every farm animal, exotic animal or reptile, plus the cost of advertising farm animals as set forth in section 5-131, plus the additional sum of $10.00 for each day or fraction of a day that each of such animals (farm animal, exotic animal or reptile) is kept and cared for by the city pending the redemption or sale, plus the cost of any veterinary services deemed necessary to the well-being and life of the animal (farm animal, exotic animal or reptile).

(Ord. No. 95-693, § 5-58, 10-12-1995; Ord. No. 99-1036, § 11, 12-9-1999; Ord. No. 03-1065, § 2, 12-18-2003; Ord. No. 18-952A, § 25, 11-1-2018)

Sec. 5-133. Owner entitled to proceeds of sale.

The owner of any farm animal seized, impounded and sold under the provisions of this article shall have the right within 60 days after the sale to receive from the city clerk-treasurer the proceeds of such sale as set forth in section 5-131 less any applicable fine, and less the charges set forth in section 5-132, upon making proper and satisfactory proof of ownership of the farm animal so sold as demanded by the city clerk-treasurer.

(Ord. No. 95-693, § 5-59, 10-12-1995; Ord. No. 99-1036, § 12, 12-9-1999)

ARTICLE IV. DEAD ANIMALS*

Sec. 5-151. Penalties.

Any person who violates or fails or refuses to obey or comply with this article shall, upon conviction, be punished, in addition to such other punishment, including a term of community service, as may be provided by the court, by minimum fines and penalties, for a first conviction of $100.00 or by imprisonment for not more than ten days; for conviction of a second offense committed within one year after the date of the first offense, such person shall be punished by a fine of $200.00 or by imprisonment for not more than 30 days or by both such fine and imprisonment; for conviction of a third or subsequent

offense committed within one year after the date of the first offense, such person shall be punished by a fine of $500.00 or by imprisonment for not more than three months or by both such fine and imprisonment.
(Ord. No. 97-812, § 1, 11-20-1997)

State law reference—Penalties for ordinance violations, Code of Ala. 1975, § 11-45-9.

Sec. 5-152. Disposal limited.

It shall be unlawful for any person to dispose of any dead animal except as provided in this article.
(Ord. No. 95-693, § 5-116, 10-12-1995)

Sec. 5-153. Disposal generally.

The owner or person in charge of animals that die or are killed in his possession or custody, other than such as are slaughtered for food, within 24 hours shall notify the appropriate city official, as set forth in section 5-154, of such dead animal and request its removal as provided in section 5-155, or shall cause the remains of such animals to be buried at least two feet below the surface of the ground in accordance with this article. Animals dying from any communicable disease whatsoever shall be reported to the city in accordance with section 5-154. No such animal shall be buried sufficiently near a residence or in such a manner as to create a nuisance. In no case shall a dead horse, bull, mule, cow or other large animal be buried within 300 feet of a residence.
(Ord. No. 95-693, § 5-117(a), 10-12-1995)

Sec. 5-154. Appropriate city official notification.

(a) A small dead animal such as a dog or cat shall be reported to the director or a HAS officer.

(b) A large dead animal such as a horse, mule, cow or hog shall be reported to the director of public works services.

(c) Animals dying from any communicable disease shall be reported to the health department in addition to being reported to the appropriate official for removal.
(Ord. No. 95-693, § 5-118, 10-12-1995; Ord. No. 18-952A, §§ 1, 26, 11-1-2018; Ord. No. 19-367, § 1, 5-23-2019)

Sec. 5-155. Removal by the city.

When a citizen request is made to HAS for removal of a small dead animal from a city right-of-way or the citizen's property, which is unrelated to an animal business or service, or when a request is made to the director of public works services for removal of a large dead animal from a city right-of-way or the citizen's property, which is unrelated to an animal business or service, it shall thereupon be the duty of the official receiving the request to demand of such person his name and address, including street and house number, and a description of the dead animal. Immediately upon receipt of the information demanded, the official receiving the request shall cause the remains of such dead animal to be removed and buried at least two feet below the surface of the ground or to be burned. If the death is due to a communicable disease, the remains shall be burned. However, the director or a HAS officer may require that the requesting party place the small dead animal in a securely fastened plastic bag or similar container and make the container accessible at the curb or at such other place upon the property as he may direct.
(Ord. No. 95-693, § 5-119, 10-12-1995; Ord. No. 18-952A, §§ 1, 27, 11-1-2018)

Sec. 5-156. Fees for removal by city.

For removal of any large dead animal such as a horse, mule, cow or hog, the owner or person in charge of such animal requesting its removal by the city shall be charged the fee as established by the department of public works services; and such fee shall bear a direct relationship to the cost of disposal. It shall be unlawful for any person liable for the expenses of such removal to fail to pay such fees.
(Ord. No. 95-693, § 5-120, 10-12-1995)

Secs. 5-157—5-169. Reserved.

ARTICLE V. VICIOUS OR DANGEROUS ANIMALS

Sec. 5-170. Reserved.

Editor's note—Ord. No. 18-952A, § 3, adopted Nov. 1, 2018, repealed § 5-170, which pertained to definitions and derived from Ord. No. 09-389, § 1, 5-14-2009.

Sec. 5-171. Declaration of a dangerous animal.

(a) A HAS officer or law enforcement officer shall investigate any incidents involving any animal reported to be dangerous.

(b) If an animal, which is unowned and has been reported to be dangerous, bites a person, the animal shall be quarantined and destroyed pursuant to Code of Ala. 1975, § 3-7A-9(b). For purposes of this subsection, "bites" means the same as "has been exposed" as defined in Code of Ala. 1975, § 3-7A-1(4).

(c) Upon the determination of a magistrate that there is probable cause to believe that an owned animal is dangerous and has caused serious physical injury or physical injury to a human being or has documentation history of causing physical injury to a human being or has a documented history of causing physical injury to a human being, a law enforcement officer or HAS officer shall impound the animal pending a final disposition of a petition to declare the animal to be dangerous. The owner of the animal shall be liable for the costs and expenses incurred in impounding, feeding and providing veterinary care or treatment for the animal.

(d) If a magistrate determines that there is probable cause to believe that an owned animal is dangerous and has caused, without provocation, serious physical injury or death to a domesticated animal, a law enforcement officer or HAS officer may impound the animal, subject to the discretion of the director, pending disposition of a petition to declare the animal to be dangerous. If impounded, the owner of the animal shall be liable for the costs and expenses incurred in the impounding, feeding and providing veterinary care or treatment for the animal. If the animal is not impounded, all other provisions of this section shall still apply.

(e) The city shall file a petition in municipal court to declare the animal dangerous. The owner of the animal shall be served with a copy of the petition.

(f) An animal that is the subject of a dangerous animal investigation may not be relocated and ownership shall not be transferred pending the outcome of the investigation and hearing to determine whether to declare the animal to be dangerous.

(g) The court hearing shall be held within 30 days. At the hearing, the city shall present evidence that the animal is dangerous, including whether the animal caused physical injury or serious physical injury to a human being, whether the animal caused physical injury or serious physical injury to a domesticated animal, whether the animal was provoked or abused in any way, whether the animal has a history of aggressive behavior, and all other such conditions relating to the time, location, nature of the attack, nature of the animal, and any such additional evidence as the court may find relevant.

(1) If the court determines that the animal is dangerous and has caused serious physical injury or death to a human being, the court shall order the animal humanely euthanized by a certified euthanasia technician;

(2) If the court determines that the animal is dangerous, but has not caused serious physical injury or death to a human being, the court shall issue orders authorized in this division.

(h) Any judicial determination in municipal court that an animal is dangerous may be appealed to circuit court within 14 days. The animal shall remain impounded pending the outcome of the appeal and a final disposition of the case.
(Ord. No. 09-389, § 1, 5-14-2009; Ord. No. 09-501, § 1, 5-28-2009; Ord. No. 18-952A, § 1, 11-1-2018)

Sec. 5-172. Exceptions.

An animal may not be declared dangerous in any of the following circumstances, if sufficient evidence is presented and proven during the court hearing:

(1) When an injury or damage was sustained by a person who at the time of the injury or damage was committing a willful trespass or other tort upon the premises occupied by the owner of the animal with the intent to commit a crime or was

committing a crime, or was teasing, tormenting, abusing, or assaulting the animal, or who can be shown to have repeatedly, in the past, provoked, tormented, abused, or assaulted the animal;

(2) When the animal was protecting or defending a person within the immediate vicinity of the animal from an attack or assault;

(3) When the animal was responding to pain or injury or protecting itself, its kennel, or its offspring while it and the offspring were confined to the property of the owner;

(4) When a person or domestic animal was disturbing the natural functions of the animal such as sleeping or eating.

Growling, hissing, or barking alone shall not constitute grounds upon which to find an animal to be dangerous.
(Ord. No. 09-389, § 1, 5-14-2009)

Sec. 5-173. Animal declared dangerous, but not ordered destroyed.

(a) If a court determines that an animal is dangerous, but does not order that the animal be destroyed because evidence was insufficient to determine that the animal caused serious physical injury to a human, the owner of the animal shall comply with the following requirements in addition to any other requirement imposed by order of the court:

(1) Within 30 days of the issuance of the order declaring the animal to be dangerous, the owner of the animal shall be required to register the animal with the HAS. All certificates of registration required to be obtained under this section shall only be issued to persons 19 years of age or older which represent evidence of the following:

a. Copy of a current certificate of rabies vaccination;

b. Copy of a current color photograph of the animal depicting the size, color and any other distinguishing markings;

c. Certification that the animal will be confined to a proper enclosure when the animal is outdoors and unattended;

d. Certification that the animal has been neutered, spayed, or otherwise sterilized unless medically not needed, as determined by a licensed veterinarian;

e. Certification that the animal has been permanently identified by tattooing or injecting of an identification microchip using standard veterinary procedures and practices; and the certification shall include the name, address, and phone number of the veterinarian performing the identification procedure;

f. Copy of a policy of insurance, such as homeowners, or a surety bond in the amount of not less than $100,000.00 covering the medical or veterinary costs, or both, resulting from any future dangerous action of the animal;

g. A notarized affidavit from the owner of the dangerous animal stating that the animal will be under the control of a person 19 years or older when the animal is not in a proper enclosure or inside a building and that the animal will not be allowed outside the property of its owner except in emergencies, for normal or necessary medical or health related treatment, or for exercise as allowed under section 5-174; and

h. Certification that the owner of the dangerous animal has completed a two-hour training class on the subject of caring for and controlling aggressive and dangerous animals as presented by the animal control.

(2) All registrations, certifications and requirements of this subsection shall be re-submitted to HAS annually for the life of the animal, or until the dangerous animal determination is removed by a court of competent jurisdiction.

(b) If the owner fails to provide a proper enclosure for the dangerous animal within 14 days or fails to provide any of the requirements listed under subsection (a) for dangerous animal registration to the court within 45 days of the issuance of the court's declaration that the animal is dangerous, the animal shall be humanely euthanized.

(c) The owner of the dangerous animal shall pay an annual fee to register the animal pursuant to the provisions of this act. The amount of the dangerous animal registration fee shall be $100.00.

(d) A HAS officer or law enforcement officer may make whatever inquiry, investigation, or on-site inspection deemed necessary to ensure compliance with this division and any court order issued pursuant to this article.

(e) Prior to a dangerous animal being sold or given away, the owner shall advise the new prospective owner in writing that the animal has been declared to be dangerous by a court and shall provide HAS the name, address, and telephone number of the new owner. The new owner, if a resident of the city, shall comply with all the requirements of the act, including submitting of all filings required under subsection (a), and any applicable court orders relating to the animal purchased.

(Ord. No. 09-389, § 1, 5-14-2009; Ord. No. 18-952A, § 1, 11-1-2018)

Sec. 5-174. Walking or exercising an animal declared dangerous.

No owner of an animal which has been declared to be dangerous shall allow the animal out of its proper enclosure without proper supervision and adequate restraint.

(1) Proper enclosure for a dangerous animal shall be suitable to prevent the entry of the general public and that:

a. Is capable of being locked with a key, key pad, or combination lock when the animal is within the structure or when the structure is unattended;

b. Has secure sides, a secure top and a secure concrete, or other comparable material, bottom and is attached securely at all sides. All four sides of the fence or pen must be sunk at least one foot into the ground to prevent the animal from digging out;

c. Provides adequate ventilation and protection from the elements;

d. Exhibits a sign conspicuously posted upon the property and the pen or structure containing the following: "Dangerous Animal - No Trespassing;" and

e. Is constructed to allow the animal to stand normally and without restriction and shall not be less than 200 square feet.

(2) When exercising the animal outside of its proper enclosure, the exercise area shall be enclosed by a fence sufficient to prevent the animal from escaping the enclosure by jumping over, going through, or going under the fence.

(3) When walking the animal in any public or open area, the animal shall be securely leashed in a manner to afford the owner optimum control over the animal with a leash no longer than four feet in length and muzzled with a device sufficient to prevent the biting of persons or other animals.

(4) No person under the age of 19 shall exercise or walk an animal declared dangerous.

(Ord. No. 09-389, § 1, 5-14-2009; Ord. No. 18-952A, § 28, 11-1-2018)

Sec. 5-175. Animal declared dangerous.

The owner of an animal which has been declared to be dangerous by a court may petition the municipal court to remove the dangerous animal designation 18 months after the judicial

declaration was issued. A copy of the petition shall be filed with the municipal court and the city attorney. The court may remove the dangerous animal designation and eliminate any requirements of this act if the owner of the animal has not violated this act or any orders of the court, and if the court is satisfied from the evidence that the animal no longer presents a danger.
(Ord. No. 09-389, § 1, 5-14-2009)

Sec. 5-176. An attack by an animal declared dangerous.

(a) If an animal that has previously been declared by a court to be dangerous, when unprovoked, shall cause serious physical injury or kill a human being, the owner of the animal shall be guilty of a misdemeanor and subject to no less than a $500.00 fine and imprisonment up to six months, as determined by the court.

(b) If an animal that has not been declared by a court to be dangerous attacks and causes serious physical injury or death to any human being, and the owner of the animal had prior knowledge of the dangerous propensities of the animal, yet demonstrated a reckless disregard of the propensities under the circumstances, the owner of the animal shall be guilty of a misdemeanor and subject to no less than a $250.00 fine and imprisonment up to six months, as determined by the court.

(c) In addition to any fines imposed by the court, a person guilty of violating subsections (a) and (b) of this section shall pay all expenses, including, but not limited to, shelter, food, veterinary expenses for boarding and veterinary expenses necessitated by impoundment of the animal, medical expenses, as approved by the court, incurred by a victim from an attack by a dangerous animal and other expenses required for the destruction of the animal.

(d) An owner of an animal declared to be dangerous by a court who does not contain the animal in a proper enclosure shall be guilty of a misdemeanor and subject to no less than a $250.00 fine and imprisonment up to six months, as determined by the court.

(e) An owner of an animal declared to be dangerous by a court who has been adjudicated guilty of subsection (d) of this section and subsequently fails to contain a dangerous animal in a proper enclosure shall be guilty of a misdemeanor and shall forfeit ownership of the animal. If the animal, at the determination of the director, is not suitable for rehabilitation and adoption, the animal shall be humanely euthanized.

(f) Any person who knowingly makes a false report to a law enforcement officer or HAS officer that an animal is dangerous is guilty of a misdemeanor and subject to a fine not to exceed $500.00 and imprisonment up to six months, as determined by the court.
(Ord. No. 09-389, § 1, 5-14-2009; Ord. No. 18-952A, § 1, 11-1-2018)

ARTICLE I. IN GENERAL

Sec. 6-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Aircraft means any contrivance now known or hereafter invented, used or designed for navigation of or flight in the air, except a parachute or other device used primarily as safety equipment.

Airport means the Huntsville International Airport, Carl T. Jones Field.

Chief of police means the chief of police or his designee.

Executive director means the chief operating officer at the airport, or such person who may from time to time be authorized to act for the airport authority.

Emergency medical services (EMS) landing site means a site used for the landing and taking off of EMS helicopters that is located at or as near as practical to a medical emergency or at or near a medical facility and: (1) has been designated as EMS landing site by the chief of police or his agent using criteria that the chief of police has determined is reasonable and prudent for the safe operation of EMS helicopters, and (2) is adequate and available for medical response to a mass casualty event, and (3) may or may not be marked as a permitted helipad in accordance with the zoning regulations of the city, and (4) is used only for emergency medical purposes.

Emergency use facility means an area for accommodating helicopters in support of emergency public safety agency operations, but it is not used as a heliport for any other purpose.

Helicopter means any contrivance now known or hereafter invented, used for or designed for navigation of flight in the air which is defined or regulated by the Federal Aviation Administration (FAA) as a rotorcraft.

Helipad means any area meeting all pertinent federal, state and local safety standards which has been designated by the chief of police as a landing area for helicopters.

Temporary helicopter landing site means a site, other than an emergency medical service landing site at or near a medical facility, which is used for landing and taking off of helicopters and: (1) is used or intended to be used for less than one year, except for recurrent annual events, and (2) is not marked or lighted to be distinguishable as a heliport and (3) is not used exclusively for helicopter operations.

(Code 1982, § 6-1; Ord. No. 09-520, § 1, 6-25-2009)

Cross reference—Definitions generally, § 1-2.

Sec. 6-2. Aircraft owned by the government or licensed by foreign governments.

The provisions of this chapter shall not apply to public aircraft of the federal government, or of a state, or territory, or of a political subdivision of a state or territory, or to aircraft licensed by a foreign country with which the United States has a reciprocal agreement covering operation of such aircraft.

(Code 1982, § 6-8; Ord. No. 09-520, § 2, 6-25-2009)

Sec. 6-3. Permits for certain flights.

No person shall make exhibition flights by carrying banners on or operating a loudspeaking device from any aircraft flying within or over the corporate limits of the city without first obtaining a permit to do so from the chief of police and payment of a permit fee of $25.00 for each flight. The chief of police shall issue such permit if the person who will operate the aircraft, in carrying out any of the objects named in this section, is duly licensed by the Federal Aviation Administration, the aircraft to be used is licensed by the agency and the safety or lives of the inhabitants of the city will not be endangered by the proposed flight. The permits provided for in this section may be issued by the chief of police for periods of not longer than six months rather than for individual flights if the safety or lives of the inhabitants of the city will not be endangered by such permit and a permit fee of $100.00 is paid. Such

six months' permit shall be revoked by the chief of police upon violation of any provision of federal, state or local law.
(Code 1982, § 6-3; Ord. No. 09-520, § 3, 6-25-2009)

Sec. 6-4. Dropping objects from aircraft prohibited.

No person in any aircraft shall cause or permit to be thrown out, discharged or dropped, within the corporate limits of the city, any object or thing, except loose water or lose sand ballast when absolutely essential to the safety of the occupants of the aircraft.
(Code 1982, § 6-4; Ord. No. 09-520, § 4, 6-25-2009)

Sec. 6-5. Landing at other than established airport.

Except in case of emergency, no person shall land any aircraft within the corporate limits of the city, except upon a regularly established airport field or landing site designated by the chief of police.
(Code 1982, § 6-6; Ord. No. 09-520, § 5, 6-25-2009)

Sec. 6-6. Place of landing or taking off.

Except in emergencies, no person who is in control of an aircraft shall cause or permit it to land or take off except at a place approved by the Federal Aviation Administration and established in accordance with the zoning regulations of the city or a landing site designated by the chief of police.
(Code 1982, § 6-33; Ord. No. 09-520, § 6, 6-25-2009)

Sec. 6-7. Helicopter landings.

(a) It shall be unlawful for any person to land any helicopter on any runway or other property which has not been previously designated as a helipad by the chief of police in accordance with the zoning regulations of the city. However, this section shall not apply to helicopter landings conducted by state or federal military personnel on property owned or under their control, or helicopter landings conducted by other persons by special permit from the chief of police at approved EMS landing sites, emergency landing sites, or temporary landing sites.

(b) The chief of police shall keep a list of designated locations suitable for EMS landings sites, emergency landing sites, and temporary landing sites. Such sites shall be designated for use only if the safety or lives of the inhabitants of the city will not be endangered by this use.

(c) Indemnity as required by the city must be provided to protect the city from any action, claim, damage, suit or cost with respect to the landing of helicopters on the property by the permittee.
(Ord. No. 84-730, 10-25-1984; Ord. No. 09-520, § 7, 6-25-2009)

Sec. 6-8. Special event landings and take off.

(a) The chief of police may issue a one time use permit for aircraft to land and take off at a specified pre-designated temporary landing site for the purpose of medical service providers, emergency responder agencies, or military contractors to conduct: training exercises, aircraft demonstrations, or aircraft displays. The chief of police shall issue such permit if the person who will operate the aircraft, in carrying out any of the activities named in this section, is duly licensed by the Federal Aviation Administration (FAA), the aircraft to be used is licensed by the FAA and the safety or lives of the inhabitants of the city will not be endangered by the proposed activities. Aircraft landings conducted by state or federal military personnel are exempt from this section.

(b) A person seeking issuance of a special event landing permit shall file an application during regular business hours with the police department on forms provided by the city.

(1) Time for filing an application is as follows:

a. An application to land an aircraft may be filed any time beginning 12 months prior to the date of event but no later than ten business days preceding the date of the proposed event.

b. If the event will require the closing of any public street, highway, road or other such public way dedicated primarily for use by vehicular traffic, the application to land an aircraft

may be filed any time beginning 12 months prior to the date of event but no later than 30 business days preceding the date of the proposed event.

(2) All applications will be stamped by the city with the date and time of receipt in order to ensure that the use of the public area requested is on a first-come, first-served basis.

(3) The following information shall be required on an application to land an aircraft:

a. The name and type of the event along with the dates and times for arrival and departure of the aircraft;

b. The name, date of birth, address and contact information of the person completing the application;

c. The name, address and contact information of at least two persons who will be responsible for checking and maintaining the suitability and safety of the landing site;

d. The name, address and contact information of the organization, group, company, etc., that is sponsoring the event, including authorizing agent;

e. The name, address and contact information of the organization, group, company, individual, etc., that owns the aircraft;

f. A description of the aircraft to include number of crew members and passengers and pilot information;

g. The purpose of the event;

h. A description of the landing site, to include: Provisions for additional lighting for night landings and take-offs; provisions for securing the landing zone against pedestrians, animals and vehicles entering the area; provisions for security, traffic control, crowd control, fire protections and emergency medical coverage; any hazardous material aboard the aircraft, to include hazard class, quantity, special handling or packaging, etc.; provisions for aircraft to be fueled on site; radio or other contact between the aircraft and personnel on the ground;

i. The owner of the landing zone to include address and contact information;

j. A statement of any special circumstances which are material to the permit requested; and

k. Such other relevant information as the director of public safety may reasonably require in regard to the application.

(4) The applicant must include a notarized statement that indicates permission has been obtained for the event's use of private property or property under the control or jurisdiction of any board, agency or other governmental entity.

(c) If the special event for which a permit is sought by any private entity is a training exercise conducted by, or in conjunction with, the federal government, a state government, or a government of a political subdivision thereof, the permit fee shall be waived for all participants in the training exercise.

ARTICLE II. HUNTSVILLE INTERNATIONAL AIRPORT*

DIVISION 1. GENERALLY

Sec. 6-41. Enforcement personnel.

All police officers and public safety officers appointed by the airport authority shall be sworn in by any judge of the municipal court. Notwithstanding, all such persons shall be vested with full authority to act as police officers upon appointment by the airport authority.

*__State law reference—__Authority to establish, maintain and operate airports, Code of Ala. 1975, § 4-4-3.

Sec. 6-42. Sales, solicitations of products and services at airport.

It shall be unlawful for any person to solicit, sell or provide any product, commodity or service, including any limousine, taxi or U-drive-it service, on the property of the Huntsville International Airport without first obtaining consent from the airport authority, which consent may be conditioned upon such person's entering into a contract or obtaining a permit from the airport authority. Any such activity shall be conducted in accordance with the provisions of such contract or permit.
(Code 1982, § 6-41)

Secs. 6-43—6-60. Reserved.

DIVISION 2. TRAFFIC REGULATION BY AIRPORT AUTHORITY*

Sec. 6-61. Generally.

(a) The executive director is empowered to determine, in accordance with previously conducted surveys, the directional movement of traffic (so that vehicular traffic shall be required to proceed one way) and maximum rates of speed over and along various sections of the roadways open to public use upon the airport authority property.

(b) The executive director is empowered to place or cause to be placed portable or permanent signs or markings, similar to signs and markings erected upon public roadways, to warn the traveling public of regulations or restrictions upon the directional movement and maximum rates of speed permitted over and along the various sections of airport roadways.

(c) During the time the signs or markings are in place, it shall be unlawful to drive an automobile or other motor vehicle over and along portions of the ways so designated except in conformity with regulations and restrictions as posted.

(d) All regulations and restrictions imposed under this section, and all surveys upon which such regulations and restrictions are based, shall be kept on file in the office of the executive director for inspection by the public.

(e) The executive director is authorized to make additional surveys, as warranted by the traffic conditions at the airport, in order to determine if changes in the directional movement of traffic or maximum rates of speed are needed.
(Code 1982, §§ 6-9, 6-10; Ord. No. 88-17, §§ 2, 3, 1-14-1988)

Sec. 6-62. Vehicles not to be driven over airport area.

It shall be unlawful for any person to operate or drive any land motor vehicle or ride such vehicle over or across any part of the area embraced in what is known as the Huntsville International Airport, except in areas properly designated by the airport authority.
(Code 1982, § 6-12)

Secs. 6-63—6-80. Reserved.

DIVISION 3. MOTOR VEHICLE PARKING†

Sec. 6-81. Parking areas; rules and regulations; signs; unlawful parking.

(a) The airport authority is authorized and empowered to determine which areas on the airport property shall be used for parking of automobiles and other motor vehicles and to designate by appropriate signs and markings to warn the public of such regulations; and the airport authority shall adopt rules and regulations pertaining to the areas established for parking, limited parking, prohibited parking, parking meter zones and time for such parking period, for bus stops, taxicab stands and loading of trucks and prepare a plat designating such areas; and such plat shall be placed on file in the office of the airport manager for inspection by the public.

*__Cross references—__Boards, commissions, committee and authorities, § 2-1291 et seq.; traffic and vehicles, ch. 25.

†__Cross reference—__Traffic and vehicles, ch. 25.

(b) In exercising this authority, the airport authority may designate certain areas on airport property where only agents, visitors and employees may park their vehicles.

(c) From and after such time as signs are in place, which signs shall be so designated and worded as to warn the public of the regulations, it shall be unlawful for any person to park or leave standing an automobile or motor vehicle on airport property within the city except in conformity with these regulations.
(Code 1982, § 6-56)

Sec. 6-82. Parking meter areas.

The airport authority is authorized to establish parking meter areas on the loop road leading into the airport from its intersection with Martin Road extended to the point where that road intersects Martin Road extended at the exit from the airport.
(Code 1982, § 6-57)

Sec. 6-83. Installation, construction, maintenance, operation of parking meters.

In parking meter areas, there shall be installed parking meters upon the curb or sidewalk immediately adjacent to the parking spaces provided for by rules and regulations adopted by the airport authority; and the airport manager shall be responsible for the regulation, operation and use of such parking meters. The airport authority shall be responsible for the maintenance of such parking meters. Each parking meter shall be so set and arranged as to display a signal showing legal parking upon the deposit of the appropriate coin of lawful money of the United States of America, for the period of time prescribed by such meters. Each device or parking meter shall be arranged so that the expiration of the time limit is well indicated by a proper visible signal that the lawful parking period is expired and in such cases the right of such vehicle to occupy the space; and the operator, owner, possessor or manager shall be subject to the penalties provided in section 1-7.
(Code 1982, § 6-58)

Sec. 6-84. Collection and disposition of parking meter deposits.

It shall be the duty of the airport manager in behalf of the airport authority to collect or cause to be made regular collections of the money deposited in parking meters, and it shall be his duty to remove from the parking meters or cause to be removed from the parking meters the coins so deposited in such meters and for the airport authority to retain the money so deposited for the regulation and control of traffic upon the airport and also to defray the expense of paying for and installing the parking meters, and to provide for the cost of regulating, supervising, maintaining, inspecting, operating and controlling of traffic upon the airport, the use of the parking meters installed under this article.
(Code 1982, § 6-59)

Sec. 6-85. Checking of parking spaces and parking meters; report of violation; notice to owner or operator; fee.

It shall be the duty of the chief of police, the officers of the police department, and of any peace officer or special police officer employed by the airport authority to check the parking spaces and meters located upon the airport as designated by the airport manager, and to report the violation of this article in the following manner:

(1) The chief of police or other officer shall keep an account of and report the number of each parking meter which indicates that the vehicle occupying the parking space adjacent to such parking meter is or has been parked in violation of any of the provisions of this article, the date and hour of such violation, the make and the state license number of such vehicle, and any other facts a knowledge of which is necessary to a thorough understanding of the circumstances attending such violation.

(2) He shall attach to such vehicle a notice stating that it has been parked in violation of this article and instructing the owner or operator to report to a certain designated place and at a certain desig-

nated time to the municipal court in regard to such violation. Each such owner or operator may, within five days after such notice was attached to such vehicle, pay the sum of $10.00 to the municipal court as a penalty for and in full satisfaction of a parking meter violation.

(3) If the violator does not appear in response to the notice affixed to such motor vehicle within a period of five days, the municipal court shall send to the owner of the motor vehicle to which the notice was affixed a letter informing him of the violation and warning him that if such letter is disregarded for a period of seven days, a summons will be issued requiring his appearance in municipal court and an additional late fee will be assessed.

(4) If the violator does not appear in response to the notice affixed to such motor vehicle or to the letter sent to the owner of the motor vehicle by the municipal court within seven days after such written notice is sent to the owner of the motor vehicle, such owner or person shall be guilty of a misdemeanor regardless of the disposition of the case for parking meter violations.

(Code 1982, § 6-60; Ord. No. 88-18, § 1, 1-14-1988)

Sec. 6-86. Overtime parking; deposit of coin to extend time.

It shall be unlawful for any person to cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked overtime or beyond the period of legal parking time established and described on the parking meter; or to deposit in any parking meter any coin for the purpose of parking beyond the maximum legal parking time for the particular parking meter zone.

ARTICLE I. IN GENERAL

Sec. 7-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Building official, when it appears in the International Codes, means the director of the inspection department.

Contractor, appearing without reference to a specific type of contractor defined in this section, means all contractors defined in this section, unless the context clearly indicates otherwise.

Department of building safety, when it appears in the International Codes, means the inspection department.

Electrical contractor means any person who is engaged in the business of installing electrical power or control systems; or maintaining, altering or repairing any electrical wiring devices, equipment or any other electrical apparatus, and who has a state masters certification from the State of Alabama Electrical Board or who has successfully passed a comparable exam as administered by a local authority, subject to the provisions of sections 7-134 and 7-135.

Gas contractor means any person engaged in or proposing to engage in the business of contracting to do, or of superintending, the installation, maintenance or repair of gas systems and/or gas work, and who is certified as a master gasfitter by the Alabama State Plumbers and Gasfitters Examining Board.

General contractor means any person who, for a fixed price, commission, fee or wage, undertakes to construct or superintend or engage in the construction, alteration, maintenance, repair, rehabilitation, remediation, reclamation or demolition of any commercial building, project or improvement, and who is licensed by the State Licensing Board for General Contractors.

Heating and air conditioning contractor means any person who for hire is engaged in the installation or service and repair of heating and air conditioning systems and who is certified by the State of Alabama Board of Heating and Air Conditioning Contractors.

Plumbing contractor means any person engaged in or proposing to engage in the business of contracting to do, and/or of superintending, the installation, maintenance or repair of plumbing, and who is certified as a master plumber by the Alabama State Plumbers and Gasfitters Examining Board.

Residential contractor means any person who constructs a residential building or structure for sale or who, for a fixed price, commission, fee or wage, undertakes or offers to undertake the construction or superintending of the construction of any building or structure which is not over three floors in height and which does not have more than four units in an apartment complex, or the repair, improvement or re-improvement, to be used by another as a residence, and who is licensed by the State Homebuilders Licensure Board. A residential contractor may contract for commercial work where the cost of the undertaking is less than $50,000.00.

Subcontractor/specialty contractor means a contractor other than a plumbing, general, residential, heating/air conditioning, gas or electrical contractor who, for a fixed price, commission, fee or wage, is engaged in the business of making minor repairs (no structural work except as provided within this definition) to buildings or structures or erecting or altering specific items (no structural work except as provided within this definition) to buildings or structures or the installation of specialty products, such as but not limited to storm doors and windows, tile, carpets, aluminum awnings or siding, swimming pools, kitchen cabinets, alarm systems, elevators, sound systems and sign installation. Approved subcontractors/specialty contractors are allowed to do structural work when working as a subcontractor under the direct supervision of a licensed general contractor or a property owner authorized to act as his own general contractor. Subcontractors/specialty contractors must have any certification required by state law.

Cross reference—Definitions generally, § 1-2.

Sec. 7-2. Application of chapter.

All the provisions of this chapter shall apply with equal force to both public and private buildings within the jurisdiction.
(Ord. No. 98-629, § A(7-2), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-3. Violations.

Any person who shall violate a provision of or fail to comply with this chapter, or with any of its requirements or who shall erect, construct, alter, demolish or move any structure, or has erected, constructed, altered, repaired, moved or demolished a building or structure in violation of a detailed statement or drawing submitted and approved under this chapter, or shall fail to comply with an order made under the provisions of this chapter, shall be guilty of a violation of this chapter. Each such person shall be deemed guilty of a separate offense for each and every day or portion of a day during which any violation of any of the provisions of this chapter is committed or continued.
(Ord. No. 98-629, § A(7-3), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-4. Certification as to improvements prerequisite to certificate of occupancy in residential subdivision.

The director of the inspection department shall not issue a certificate of occupancy in any residential subdivision until he shall have received from the city engineer certification that the improvements in the subdivision pertaining to that particular lot have been constructed according to plans and specifications as approved by the city, and will be accepted for maintenance by the city at such time as the remaining public improvements within the subdivision have been completed and accepted by the city.
(Ord. No. 98-629, § A(7-4), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-5. Easements.

(a) It shall be unlawful for any person to build, construct or erect, or cause to be built, constructed or erected, any building or structure over, along or upon any utility, drainage or sanitary sewer easement in the city limits.

(b) Any building or structure built or erected in violation of subsection (a) of this section shall be subject to abatement and removal as a nuisance in addition to being subject to other sanctions of law or in equity.
(Code 1982, § 7-144; Ord. No. 05-80, § A, 3-10-2005)

State law reference—Nuisances, Code of Ala. 1975, § 6-5-120 et seq.

Sec. 7-6. Application of building code.

(a) The provisions of section 508 of the Standard Building Code (Accessibility for the Physically Handicapped), as published by the Southern Building Code Congress International, Inc., Birmingham, Alabama, 1988 edition, as adopted by Ordinance No. 89-481 on October 26, 1989, shall apply to existing structures and installations subject to exemptions and exceptions as follows: The provisions of this section apply to existing structures and installations in occupancy groups A, B, I (group 1 only), M, R (hotels and motels only), and S (automotive parking structures only) only.

(b) All parking spaces designated for parking by persons with disabilities for parking by persons with disabilities as required by table 1 shall be designated with standard painted lines, signs and symbols as established by Resolution No. 93-756. Access ramps shall be constructed in accordance with the design standards outlined in Resolution No. 93-756.

(1) One in every eight of accessible spaces, but not less than one must be designated as "van accessible." However, this designation is not required if all accessible spaces are 132 inches wide with a 60-inch access isle.

(2) Compliance with this section shall be accomplished at the expense of the owner, lessee, designated agent or person in control of the property for existing buildings and parking lots within 30 days from the receipt of notice from the parking division manager that the property in question is to be modified in compliance with this section. Compliance with this section for proposed structures shall be by the building inspection division.

(3) Compliance shall be accomplished after consultation with the director of public works services or his duly authorized and designated assistants and in accordance with a plan recommended or approved by him. In approving such plan, the director shall require, where practicable, that parking spaces and access ramps be located so as to be reasonably convenient to entrances accessible to the general public for persons with disabilities.

(4) Any person who has received a notice to comply with the ordinances from the director of public works services, within 30 days from the receipt of the notice, may appeal the notice to the board of examinations and appeals for construction industries pursuant the Southern Building Code.

(5) Any order of compliance issued by the parking division manager as the board shall specify a specific but reasonable time for compliance. It shall be unlawful and an offense for any person to fail, after notice from the director of public works services, to comply with the provisions of this section. Failure to comply will result in the issuance of a citation to the proper authority and an appearance before a municipal judge. Maintenance of the parking and ramp provisions of this section will be at the expense of the owner, lessee, designated agent or person in control of the property. Failure to maintain these provisions will be punishable after proper notice and by the issuance of a citation and an appearance before a municipal judge.

(c) The provisions of this section as to retrofit design and location of marked spaces and access ramps to existing buildings and structures shall be enforced by the director of public works services or his duly authorized and designated assistant. Any structural modifications, items of work and requirements covered by the adopted Standard Building Code shall be referred to and shall be the responsibility of the manager of inspection.

(d) Enforcement of compliance for providing handicapped parking spaces and associated access to the doors and structures shall be provided by the manager of inspection. Design approval for handicapped parking spaces and associated access to the building doors for new facilities shall be obtained from the director of public works services or his duly authorized and designated assistants.

(e) It shall be unlawful for any person to park, stop or store any vehicle or to store or display any materials or products, whether for sale or not, in such a way that will block access into or out of a handicapped parking space or block access to designated handicapped ramps, access aisles and/or walkways. Handicapped parking spaces and ramps shall be located and protected to prevent their obstruction by any means.

(f) Nothing in this section shall relieve any person from the responsibility of securing an appropriate permit from the building official when otherwise requested by the law or ordinance.

(Ord. No. 93-755, §§ 1—6, 11-9-1993; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-7. Portable storage structure permit fee regulations.

(a) *Definitions.* For the purposes of this section, the following term shall have the respective meaning ascribed by this section:

Portable storage structure means a transportable storage structure that is designed and used primarily for the storage of household goods, personal items and other materials for use on a limited basis on residential property. Such structures are uniquely designed for their ease of loading to and from a transport vehicle. The trailer portion of a tractor trailer, boxcars and shipping containers shall also be considered portable storage structures when expressly used for the purposes of on-site storage in residential districts.

(b) *Levy of permit fee.* There is hereby levied and imposed a portable storage structure permit fee in the amount of $10.00 upon every person engaging in the placement of a portable storage structure on a residential lot without an active building permit. Each portable storage structure permit is a conditional permit and is issued by the Zoning Administrator of the City of Huntsville, Alabama, under the terms and conditions as governed by Ordinance No. 08-529 as adopted by the City Council for the City of Huntsville, Alabama, on July 31, 2008.

(Ord. No. 08-778, §§ 1, 2, 8-28-2008)

Editor's note—Ord. No. 08-778, §§ 1, 2, adopted August 28, 2008, did not specifically amend the Code; hence, inclusion herein as § 7-7, was at the discretion of the editor. See also the Code Comparative Table.

ARTICLE II. ADMINISTRATION AND ENFORCEMENT*

DIVISION 1. GENERALLY

Secs. 7-41—7-60. Reserved.

*__Cross reference—__Administration, ch. 2.

DIVISION 2. PERMITS, CERTIFICATES OF OCCUPANCY AND INSPECTIONS

Sec. 7-61. Issuance of permits and certificates of occupancy.

(a) Any owner, authorized agent or contractor who desires to construct, enlarge, alter, repair, move, demolish or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by the technical codes, or to cause any such work to be done, shall first make application to the building official and obtain the required permit for the work, except permits shall not be required for the following work:

(1) Any portable heating appliance;

(2) Any portable ventilation equipment;

(3) Any portable cooling unit;

(4) Any steam, hot or chilled water piping within any heating or cooling equipment regulated by this chapter;

(5) Replacement of any part which does not alter its approval or make it unsafe;

(6) Any portable evaporative cooler; or

(7) Any self-contained refrigeration system containing ten pounds (4.54 kg) or less of refrigerant and actuated by motors of one horsepower (746 W) or less;

(8) Floor covering;

(9) Painting and wallpapering;

(10) Fencing;

(11) Retaining walls retaining less than four feet of earth;

(12) Swimming pools with less than 18 inches of water.

No person, firm or corporation shall erect, construct, enlarge, alter, repair, move, remove, convert or demolish any building or structure, or cause such work to be done when the reasonable cost of the material and labor for such work is in excess of $250.00 or if structural work is involved

in any amount, without first obtaining a permit for such building or structure from the building official.

(b) No building permit shall be issued where sanitary sewer service is not available to the building being constructed, erected, remodeled or repaired without the written approval of the county health officer.

(c) No certificate of occupancy shall be issued until all required inspections (and septic tank if required), are approved and recorded.

(d) No building permit shall be issued to any person for the construction, erection, remodeling or repair of any building within the city except the bona fide owner of the land on which the building is to be constructed, erected, remodeled or repaired, or to a duly licensed contractor. The director of the inspection department may require such proof as may be necessary to ensure that such building, upon completion, shall be used for the use of the owner.

(e) Any permit issued shall become invalid unless the work authorized by it shall have been commenced within six months after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of six months after the time the work is commenced; provided, that for cause, one or more extensions of time, for periods not exceeding 90 days each, may be allowed, in writing, by the director of the inspection department. When mandated by an official housing notice from the Huntsville Community Development Department, work must be started and completed by the time the department's "official notice" sets forth.

(f) If any person commences work in or on a building or structure before obtaining the necessary permits from the inspection department, the permit fee may be doubled.
(Ord. No. 98-629, § A(7-9), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-62. Inspection and approval of equipment.

The inspection department shall not inspect or approve any plumbing, electrical wiring, gas piping or gas burning equipment in any building within the city unless such work is done by a person duly licensed by the city or a person doing work on their own property may do the following work on their own residence in which they live: building, electrical, plumbing, and mechanical with proper permits as provided for in this chapter.
(Ord. No. 98-629, § A(7-10), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-63. Equipment hidden from view.

When any building, plumbing, gas, mechanical or electrical equipment is to be hidden from view by the permanent placement of parts of the building, the person installing the equipment shall notify the inspection department and such equipment shall not be concealed until it has been inspected and approved by the inspection department or until 24 hours, exclusive of Saturdays, Sundays and holidays, shall have elapsed from the time of such notification; provided that on large installations, where concealment of equipment proceeds continuously, the person installing the equipment shall give the inspection division due notice, the inspections shall be made periodically during the progress of the work.
(Ord. No. 98-629, § A(7-11), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-64. Connection to installations.

(a) It shall be unlawful for any person to make any connection from a supply of gas or electricity or to supply gas or electricity to any gas or electrical equipment for the installation of which a permit is required, or which has been disconnected or ordered to be disconnected by the inspection department, until a certificate has been issued by the inspection department, authorizing the connection and use of such equipment. Before a certificate of occupancy can be issued, all required inspections, subcontractor's list, and any other legally mandated releases must be completed.

(b) Temporary power may be allowed on an individual case with temporary approval of gas, mechanical, building, electrical, and plumbing

and completion of all required applications. The following are requirements for residential temporary power:

(1) The house must be lockable.

(2) The service must be complete (three-inch PVC conduit installed; grounding service; meter base; disconnect).

(3) All rough-in and framing inspections must be approved.

(4) All plumbing, electrical, gas, mechanical, and general contractors must call in their 60-day temporary power inspections.

(5) The sheetrock must be hung (mudding and taping not mandatory). (The HVAC unit must be shut down and supply and return vents covered before any sanding of wood, sheetrock, etc. are to be done.)

(6) Any lines not made hot must be properly secured to the side of the panel box.

(7) Exterior outlets requiring ground fault breakers must be complete and energized.

(8) Lines to be made hot must be code compliant.

(9) Electrical contractor must activate all circuits to be used.

(10) Activation of HVAC unit must be code compliant.

(11) The request must be made in the name of the permitted contractor.

(12) Forms and conditions to be completed include:

a. Request for temporary power.

b. If occupied before agreement, power can be removed. (meter)

(c) Huntsville utility requirements to be completed before temporary power can be obtained:

(1) The house cannot be lived in (occupied).

(2) Need a pre-release number.

(3) Need a posted building permit on the property.

(4) Must have permanent house numbers affixed to the house.

(5) Temporary pole must be removed before temporary power can be made available. (Cannot have both temporary pole and temporary/permanent power).

(6) Overhead/underground service will require siding installation (bricklayers, aluminum siding, etc.).

(7) Application and utility deposit for temporary service must be completed.

(Ord. No. 98-629, § A(7-12), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-65. Right of entry; repair of dangerous equipment.

The director of the inspection department or his assistant shall have the right during reasonable hours to enter any building or premises in the discharge of his official duties, or for the purpose of making any inspection, re-inspection, or test of the building or equipment contained in the building, or its installation. When any building or equipment is found by the director of the inspection department or his assistant to be dangerous to persons or property because it is defective or defectively installed, the person responsible for the building or equipment shall be notified in writing and shall make any changes or repairs required in the judgment of the director of the inspection department or his assistant to place such equipment in safe condition; and if such work is not completed within 15 days, the director of the inspection department or his assistant shall have the authority to disconnect or order the discontinuance of electric, gas or plumbing equipment. In cases of emergency, where necessary for safety to persons or property, or where electrical, gas or plumbing equipment may interfere with the work of the fire division, the director of the inspection department or his assistant shall have the authority to immediately disconnect or cause the disconnection of any electrical, gas or plumbing equipment.

(Ord. No. 98-629, § A(7-13), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-66. Permits for public buildings.

The director of the inspection department shall not issue any building permit for the construction

of any public building or structure within the city, except upon receipt of satisfactory evidence that the board, commission or body having jurisdiction over the authorization and financing of the construction has submitted the location, character and extent of the construction to the planning commission pursuant to Code of Ala. 1975, § 11-52-11, and evidence that the construction has been approved, or that the board, commission or body has by two-thirds of its membership overruled the disapproval. A statement from the director of urban development or their authorized representative that all requirements under Code of Ala. 1975, § 11-52-11, shall be accepted by the director of the inspection department as full compliance with this section.
(Ord. No. 98-629, § A(7-14), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-67. Waiver of permit fees.

(a) Notwithstanding anything to the contrary in this article, any permit fee of any kind required under, or pursuant to, this article in connection with the construction of any project formally acknowledged by the City Council of the City of Huntsville as including a capital investment of a minimum of $100,000,000.00, and employing a minimum of 1,000 people in jobs not previously made available within the corporate limits of the City of Huntsville by the entity responsible for constructing the project (or the entity's subsidiaries or affiliates), is hereby waived.

(b) The provisions of this section shall not be construed as eliminating the requirement to apply for, and receive, applicable permits before engaging in the classification of work authorized by such permits, nor shall they be construed as modifying or eliminating any other City of Huntsville regulatory provisions regarding the construction of buildings or other structures or facilities within the City of Huntsville. This section only addresses eligibility for waiver of permit fees.

(12) A representative from the minimum housing board to be selected by the city council;

(13) The city clerk-treasurer or his designee;

(14) One person selected by the mayor;

(15) Director of planning or the assistant planning director if designated by the director of planning;

(16) One contractor engaged primarily in the business of fire safety to be selected by the city council.

(Ord. No. 98-629, § A(7-15), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-92. Term of office.

(a) The city clerk-treasurer or his designee shall serve on the board of examinations and appeals for construction industries only during the term of employment of the city clerk-treasurer, or the city clerk-treasurer's designee shall serve only during his term of employment with the city, but not to exceed the term of the city clerk-treasurer who designates him.

(b) The director of planning or the assistant director of planning shall serve only during the term of employment of the director of planning, or the assistant director of planning shall serve only during his term or employment with the city in the capacity, but not to exceed the term of the director of planning who designates him.

(c) All other members shall be appointed for a term of three years.

(d) A vacancy shall exist upon the expiration of an appointed term, and no member whose term has expired shall hold over until his successor is appointed.

(e) All members who were serving on September 30, 2004 shall be permitted to serve out the term for which they shall have been appointed, the provisions of this section notwithstanding.
(Ord. No. 98-629, § A(7-16), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-93. Quorum.

Eight members of the board of examinations and appeals for construction industries shall constitute a quorum. No board member shall act in any case in which he has a personal interest. Any official action of this board must be by a majority vote of those present and voting.
(Ord. No. 98-629, § A(7-17), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-94. Election of officers and records of proceedings.

The board of examinations and appeals for construction industries will elect its own officers

and shall keep or cause to be kept a full and complete record of all its proceedings which shall set forth the reasons for its decisions.
(Ord. No. 98-629, § A(7-18), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-95. Procedure.

The board of examination and appeals for construction industries shall establish rules and regulations for its own procedure not inconsistent with the provisions of this chapter. The board shall hold regular meetings at least once each calendar month at any time fixed by rule or resolution of the board. The chairman or any three members of the board may call special meetings for any stated purpose on at least 24 hours notice to each member in person, by mail or by telephone.
(Ord. No. 98-629, § A(7-19), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-96. Duties and powers.

The board of examinations and appeals for construction industries shall have the following powers and duties in the licensing and regulation of all persons engaged in the construction industries:

(1) To administer a recognized standard examination designed to test the qualifications for electrical contractors, and other contracting categories, and may include painters, steel erectors, flooring, landscaping, blasting, excavating, glass and glazing, masonry, paving, concrete and specialty contractors, but not limited to such contractors. Such examinations by the board shall be written. An oral examination may be given on special request designed for the purpose of determining whether or not a license may be issued to a contractor.

(2) To formulate applications for licenses for all of the categories of contractors set out in subsection (1) of this section. The board shall require that each application be accompanied with an application fee as established by the board, not to exceed $75.00. The board may hold examinations once every quarter. Applications must be filed at least three weeks prior to the date of examination. Applications will be for a specific examination on a specific date, and the examination must be taken on that date or application shall become null and void. An applicant not taking the examination on the date applied for, or not passing the examination, shall file a new application with the same requirements as listed in this subsection. The board may require identification prior to the applicant's being admitted for examination.

(3) To make recommendations to the city council regarding types of licenses to be used in the construction industries, and the scope of the operations under the different types of licenses, and the fees for all licenses and applications connected with the construction industries.

(4) To make continuing study of all building codes of the city and to make recommendations from time to time to the city council as to changes or additions to the technical building codes to the end that the general public will be protected in its business relations with contractors and tradesmen, and that better construction will prevail in the city.

(5) To receive complaints or charges against all persons for violating the provisions of this chapter relating to any person licensed by the city.

(6) To suspend or revoke or cause to be suspended or revoked any license issued by the city to a contractor or tradesman in the construction industries by the city, but only after the person charged with the violation has been given a ten-day written notice and full opportunity to be heard in his own person or by counsel of his choice and through such witnesses as he may desire.

(Ord. No. 98-629, § A(7-20), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-97. Variances.

The board of examinations and appeals for construction industries shall have the power, upon proper request, to grant a variance in all construction technical building codes which may, at the time, have been adopted by the city when the literal enforcement of these codes will create an unnecessary hardship on the property owner, provided that in the opinion of the board no hazard of life or property is created and the intent of the code is substantially adhered to. Any variance granted shall become invalid six months after issuance unless a permit to perform the work authorized by the variance has been issued. In granting any variance, the board may prescribe appropriate conditions and safeguards in conformity with this chapter. Violations of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of this chapter and punishable as provided in section 7-3 and section 1-7.
(Ord. No. 98-629, § A(7-21), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-98. Decisions.

(a) Every decision of the board of examinations and appeals for construction industries shall be final, subject, however, to such remedy as any aggrieved party might have at law or in equity. The decision of the board shall be made known to the applicant in writing. Every decision shall be promptly filed in the office of the inspection department.

(b) The board of examinations and appeals for construction industries shall, in every case, reach a decision without unreasonable or unnecessary delay.

(c) If a decision of the board of examinations and appeals for construction industries reverses or modifies a refusal, order or disallowance of the inspection department or varies the application of any provision of any technical building codes duly adopted by the city, the inspection department shall immediately take action in accordance with such action.
(Ord. No. 98-629, § A(7-27), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-99. Legal advisor.

The city attorney, or an assistant city attorney designated by the city attorney, shall serve as legal advisor to the board of examinations and appeals for construction industries.
(Ord. No. 98-629, § A(7-28), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

ARTICLE III. CONTRACTORS*

Sec. 7-131. Construction on one's own land.

Notwithstanding any of the provisions of this article, any property owner may build his own building on his own land for commercial, rental or personal use without obtaining a general or residential contractor license, provided:

(1) The building is not to exceed 2½ stories in height or 5,000 square feet in area or is classified for other than group A, E, I, and H occupancies;

(2) The building is not offered for sale, sold or otherwise transferred for a period of one year after completion of construction;

(3) The proper permits are obtained.

(4) He complies with all building standards set forth in the building codes.

However, the property owner shall not make any plumbing, electrical, mechanical or gas installation unless he holds a valid license for these installations.
(Ord. No. 98-629, § A(7-25), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-132. Building, plumbing, electrical or mechanical work on one's own personal residence.

Nothing in this chapter shall prevent any homeowner from installing or maintaining build-

ing, mechanical, plumbing and electrical, within their own property boundaries, providing such work is done by themselves and is used exclusively by them or his family. Such privilege does not convey the right to conflict with any provisions of the laws of the state that govern these types of installations, or to violate any of the provisions of the plumbing, electrical, mechanical or building codes, nor is it to be construed as exempting any such property owner from obtaining permits and paying the required fees and passing required inspections.
(Ord. No. 98-629, § A(7-26), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-133. License.

It shall be the duty of every contractor to pay a license tax as provided in chapter 15, article II of the Code of Ordinances and to register his name in a book provided for that purpose with the inspection department, giving full name, residence and place of business, and in case of removal from one place to another in the city, to have made corresponding changes in the register accordingly.
(Ord. No. 98-629, § A(7-5), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-134. Re-examination for failure to obtain license or an inactive license.

(a) All electrical contractors who took the Master Block examination administered by this city who fail to renew their license shall be required to apply for and take the State of Alabama Electrical Board's Master Electrical Examination. The State of Alabama Electrical Certification must be current when applying for a City of Huntsville Electrical License.

(b) A person holding a valid City of Huntsville electrical license in the electrical industry may place the license in an inactive status for two years upon the payment of a fee each year, equal to the minimum annual license fee required for such license. An electrical license placed in an inactive status may be renewed in such inactive status annually for an additional three years upon the payment each year of the proper fee and proof that such licensee has been engaged full time in the electrical trade for at least six of the last preceding 12 months. A valid inactive electrical license may be converted to an active license in the electrical trade upon meeting all requirements except the examination otherwise required.
(Ord. No. 98-629, § A(7-22), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-135. Exemption from examination.

Any electrical contractor who holds a current license from another local authority will not be subject to the examination provided in this article in order to obtain a license to engage in an activity for which he had achieved a passing grade on an examination administered by such local authority when such examination has been approved by the board of examinations and appeals for construction industries as being comparable to the examination required by this city, provided such other local authority extends to the contractors of this city the same privilege of being licensed upon showing of proof that a comparable examination has been passed by them. All other fees and requirements required for the issuance of a license must be met.
(Ord. No. 98-629, § A(7-23), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-136. Holders of state license.

No contractor licensed or certified by a board properly authorized by the state will be subject to any of the examinations provided in this article but shall be licensed upon payment of the proper fee, the proof of a state license as a contractor and compliance with other licensing requirements.
(Ord. No. 98-629, § A(7-24), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-137. Contractor insurance.

(a) Any person engaged as a contractor shall be covered by a public liability insurance policy to include coverage known as manufacturers and contractors liability and products and completed operations, issued by a solvent insurance com-

pany, licensed to do business in the state and city, which policy shall be subject to the minimum limitations specified in this section.

(b) For every contractor, the policy shall provide a minimum coverage for all damages arising out of the bodily injury to any one person of $100,000.00 and bodily injury in any one accident with an aggregate amount of $100,000.00. This policy shall provide minimum coverage for all damages to the property of others of $100,000.00 arising out of any one accident with an aggregate amount of $100,000.00. The minimum coverage for one occurrence must be $200,000.00. These limits apply to both public liability and completed operations.

(c) Such policy shall include an endorsement acceptable to the city clerk-treasurer providing for ten days prior written notification to the city clerk-treasurer of a material change or cancellation of such policy. A certificate of insurance signed by the authorized agent of the company shall be filed with the inspection department and shall remain on file there.

(d) Upon failure or refusal to comply with the provisions of this section, the license of such person to engage in business in the city shall ipso facto be revoked.
(Ord. No. 98-629, § A(7-6), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-138. Identification of contractors' vehicles.

There shall be displayed on all motor vehicles regularly used by all contractors in carrying on business, signs on each side, giving the name, address and telephone number of the contractor in letters not less than two inches in height.
(Ord. No. 98-629, § A(7-7), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

Sec. 7-139. Use of name by other contractor.

No person shall allow his name to be used, directly or indirectly, by any other person engaged as a contractor for the purpose of obtaining a permit or for construction of any work unless such person whose name is to be used shall actually supervise and receive payment for such work.
(Ord. No. 98-629, § A(7-8), 9-10-1998; Ord. No. 05-80, § A, 3-10-2005)

ARTICLE IV. TECHNICAL CODES*

DIVISION 1. GENERALLY

Sec. 7-171. Technical codes.

The following generally described technical codes, as hereinafter more specifically set forth, and as hereinafter deleted, modified or amended, in this article, are adopted by the city council by reference pursuant to Code of Ala. Code 1975 § 11-45-8:

2018 International Residential Code: Covers one- and two-family dwellings, and townhomes not over three stories and live and work units complying with section R101.2 of the 2018 International Building Code.

2018 International Building Code: Covers all buildings and structures not covered in the 2015 International Residential Code.

2018 International Existing Building Code: Covers all work performed on existing buildings and structures.

2017 National Electrical Code: Covers all work electrical work performed as listed.

2018 International Fuel Gas Code and NFPA pamphlet numbers NFPA 54, 2015 edition and NFPA 58, 2017 edition: Covers all gas work performed as listed.

---

*__Editor's note—__Ord. No. 21-1006, §§ 1, 2, adopted November 18, 2021, effective January 1, 2022, amended article IV in its entirety to read as herein set out. Former article IV, division 2, § 7-190, division 3, §§ 7-191—7-192, division 4, §§ 7-193, 7-194, division 5, §§ 7-195, 7-196, division 6, §§ 7-197, 7-198, division 7, §§ 7-199, 7-200, division 8, §§ 7-201, 7-202, division 9, §§ 7-203, 7-204, pertained to similar subject matter. See Code Comparative Table for complete derivation.

2018 International Mechanical Code: Covers all mechanical work performed as listed.

2018 International Plumbing Code: Covers all plumbing work performed as listed.

2018 International Swimming Pool and Spa Code: Covers all swimming pool and spa work performed as listed.

Alabama Energy Codes (2015 International Energy Conservation Code and ANSI/ASHRAE/IES Standard 90.1—2013, as amended at any time and from time to time by the rules promulgated by the Alabama Energy and Residential Codes Board): covers the energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in residential and commercial structures.

A copy of said technical codes shall be kept on file in the office of the city clerk-treasurer.
(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

DIVISION 2. GENERAL DEFINITIONS

Sec. 7-190. Definitions.

The following shall apply to the technical codes adopted by this article:

(1) Any reference to the "municipality", "jurisdiction" or "convening body" shall mean the City of Huntsville, Alabama.

(2) Any reference to the "legal counsel of the municipality" shall mean the city attorney.

(3) Whenever the words "chief administrator" appears in the technical codes, they shall mean the Mayor of the City of Huntsville.

(4) Whenever the words "means of appeal" appear in the technical codes, they shall mean Board of Examination and Appeals for Construction Industries.

(5) Whenever the words "the Department of Building Safety" appear in the technical codes, they shall mean the City of Huntsville Inspection Department.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

DIVISION 3. INTERNATIONAL RESIDENTIAL CODE

Sec. 7-191. Adoption; edition; copies.

(a) Subject to subsection (b), there is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of establishing rules and regulations within the city for the construction, alteration, equipment, use and occupancy, location, removal and demolition of buildings or structures, including permits and penalties, a certain code known as the International Residential Code, 2018 edition, Chapters 1—10; 44 and appendixes "E", "H," and "J," published by the International Code Council, Inc., save and except such portions as are deleted, modified or amended in this division; and the provisions of such code shall be controlling as provided in this section.

(b) Any plumbing work must meet the 2018 International Plumbing Code, as deleted, modified or amended in division 6; any mechanical work must meet the 2018 International Mechanical Code, as deleted, modified or amended in division 7; any gas work must meet the 2018 International Fuel Gas Code, as deleted, modified or amended in division 8; any electrical work must meet the 2017 National Electrical Code, as deleted, modified or amended in division 9; any swimming pool and spa work must meet the 2018 International Swimming Pool and Spa Code, as deleted, modified or amended in division 10; and any energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in structures shall meet the Alabama Energy Codes, as deleted, modified or amended in division 11.
(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-192. Deletions, modifications and amendments.

The International Residential Code, 2018 edition, Chapters 1—10; 44 and appendixes "E",

"H," and "J," as adopted in this division, are deleted, modified and amended with state law references, if any, as follows:

(1) Subsection [EB] R102.7 entitled "Existing Structures" shall be amended to read as follows:

"The legal occupancy of any structure existing on the date of adoption of this Code shall be permitted to continue without change, except as is specifically covered in this Code or as is deemed necessary by the Building Official for the general safety and welfare of the occupants and the public."

(2) Delete Subsection R104.10.1 "Flood hazard areas" in its entirety.

(3) Reserved.

(4) Delete Subsection R105.2 "Work exempt from Permit" in its entirety.

(5) Delete Subsection R105.2.2 "Repairs" in its entirety.

(6) Delete Subsection R105.2.3 "Public service agencies" in its entirety.

(7) Delete Subsection R105.3.1.1 "Determination of substantially improved or substantially damaged existing buildings in flood hazard areas." in its entirety.

(8) Delete Subsection R106.1.4 "Information for construction in flood hazard areas" in its entirety.

(9) Amend Subsection R108.3 "Building permit valuations" to read as follows:

Building permit valuation shall include total value of the work for which a permit is being issued, such as electrical, gas, mechanical, plumbing equipment and other permanent systems, including materials and labor.

Building permits for the construction of, alterations to, repairs to, and/or additions to, buildings or other residential structures governed by this code shall be assessed in the following manner:

(a) For alterations to, repairs to, and/or additions to, buildings or to other residential structures governed by this code, the permit fee shall be the greater of $25.00 or the amount of the total contract price multiplied by .0055 of the full estimated cost of work for each building or structure; however, this section shall not apply to the repair of any building whenever the reasonable cost of the material and labor for such repair is not in excess of $250.00 and no structural work is involved.

(b) Valuation for new construction of residential one- and two- family dwellings the building permit fees shall be based on multiplying the heated area square footage by $15.00, the unheated areas and unheated basement area square footage by $7.50 and adding the results. The permit fee will be calculated on the value of the sum of the total valuation from above multiplied by .0055.

(c) Valuation for new townhomes/single family attached dwellings governed by this code, the permit fee shall be the greater of $25.00 or the amount of the total contract price multiplied by .0055 of the full estimated cost of work for each townhome/single family attached dwelling.

(d) For the moving of any building or structure, the fee shall be $25.00.

(e) For the demolition of Residential 1 and 2 family dwellings, the fee shall be $25.00.

(f) For the setup or installation of a manufactured home/mobile home the permit fee shall be $15.00.

(g) For retaining walls constructed of any material and retaining more than four feet of earth above the footing, the permit fee shall be greater of $25.00 or the amount of the contract amount of the wall construction multiplied by .0055.

If for any reason an installation does not pass inspection, an additional inspection

shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(10) Subsection R109.1.2 "Plumbing, mechanical, gas, and electrical systems inspection" shall be amended to read:

"Rough inspection of plumbing, mechanical, gas and electrical systems, including low voltage wiring, shall be made prior to covering or concealment, before fixtures or appliances are set or installed, and prior to framing inspection."

(11) Subsection R109.1.3 "Floodplain inspections" shall be deleted in its entirety.

(12) Add Subsection R109.1.5.2 "Temporary power inspection"-Construction of new one-and-two family residential structures will require 30-day temporary power prior to the final inspection, in order to verify equipment safety and operation for all electrical, mechanical, gas and plumbing systems. The permit holder of record will schedule the inspection. Deficiencies noted in all equipment and systems shall be corrected and scheduled by the permit holder for re-inspection prior to final inspection. Upon re-inspection, if noted deficiencies have not been corrected, the Building Official shall be authorized to assess additional fees as necessary to be paid by the permit holder of record.

(13) Section R110 "Certificate of Occupancy" shall be amended to read as follows:

a. Amend subsection R110.1 "Use and occupancy" to read:

"No building or structure shall be used or occupied, and no change in the existing occupancy classification of a building or structure or portion thereof shall be made until the building official has issued a certificate of occupancy or letter of completion therefore as provided herein. Issuance of a certificate of occupancy or letter of completion shall not be construed as an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction. Certificates presuming to give authority to violate or cancel the provisions of this code or other ordinances of the jurisdiction shall not be valid.

Exception: Certificates of occupancy are not required for work exempt from permits."

b. Amend subsection [EB] R110.2 "Change in use" to read:

"Changes in the character or use of an existing structure shall not be made except as specified in the 2018 International Existing Building Code."

c. Amend subsection R110.3 "Certificate of Letter of Completion issued" to read:

"After the building official inspects the building or structure and finds no violations of the provisions of this code or other laws that are enforced by the Inspection Department, the building official shall issue a certificate of occupancy or letter of completion which shall contain the following:

1. The building permit number.
2. The address of the structure.
3. The name and address of the owner.
4. A description of that portion of the structure for which the certificate is issued.
5. A statement that the described portion of the structure has been inspected for compliance with the requirements of this code.
6. The name of the building official.

7. Any special stipulations and conditions of the building permit."

d. Subsection R110.4 "Temporary Occupancy" shall be deleted in its entirety.

e. Amend subsection R110.5 "Revocation" to read:

"The building official shall, in writing, suspend or revoke a certificate of occupancy issued under the provisions of this code wherever the certificate is issued in error, or on the basis of incorrect information supplied, or where it is determined that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this code."

(14) Section R112 "Board of Appeals" shall be deleted in its entirety.

(15) Amend subsection 201.3 "Terms defined in other codes" to read:

"Where terms are not defined in this code such terms shall have the meanings ascribed in other codes publications of the International Code Council and as defined per NFPA 70".

(16) Amend Section R202 "Definitions" The following definitions to read as:

"(RB) ACCESSORY STRUCTURE. As defined in the definition of the City of Huntsville Appendix A- Zoning Ordinance, Article 3.—Definitions, 3.1.—Interpretation. Accessory structure. A supplementary structure detached from a principal building on the same lot and customarily incidental and subordinate to the principal building or use, containing no plumbing facilities other than one laundry sink and/or one toilet, and meeting the requirements of section 73.8 with the exception that plumbing facilities may be allowed in an accessory structure that is used as a bathhouse in conjunction with a swimming pool, provided such bathhouse does not exceed 180 square feet in area."

(RE) READY ACCESS (TO). Signifies access without the necessity for removing a panel or similar obstruction. "Attic or roof furnaces shall not be installed in any location inaccessible for inspection or repair. The space in which any attic furnace is installed shall be accessible by an opening and passageway as large as the largest part of the furnace, but not less than 22 inches by 36 inches and shall be continuous from opening to the furnace location. Every passageway in the attic shall have a solid continuous flooring 24 inches wide from the entrance opening to the furnace. A permanent light shall be provided in the passageway and appliance area. A ladder, pull down, disappearing type, or permanent stairway fastened to the building shall be provided leading to the attic opening or roof. All exterior ladders shall be metal. The requirements for a ladder, pull down disappearing type, or permanent stairway fastened to the building may be waived for the replacement of units installed before January 1986, in one - and two-family dwellings, provided a means of providing access to the units for inspection are met."

"(RB) Townhouse/Townhome and single family attached dwelling. A single-family dwelling unit constructed in a group of three or more attached units in which each unit extends from foundation to roof and with a yard or public way on not less than two sides. Per the City of Huntsville Zoning Ordinance Appendix A- Article 13, each single family attached dwelling shall be constructed on its own lot. Structures which are constructed by design as a single-family dwelling unit as noted in this definition, in which each individually single-family dwelling unit doesn't reside on its own fee simple lot shall be consider an apartment type R-2 occupancy and must follow the International Building Code.

(17) Amend Table R301.2(1) "CLIMATIC AND GEOGRAPHIC DESIGN CRITERIA" to read as:

a. Where weathering requires a higher strength concrete or grade of masonry than necessary to satisfy the structural requirements of this code, the frost line depth strength required for weathering shall govern.

The weathering column shall be filled in with the weathering index, "negligible," "moderate" or "severe" for concrete as determined from Figure R301.2(4). The grade of masonry units shall be determined from ASTM C34, C55, C62, C73, C90, C129, C145, C216 or C652.

b. Where the frost line depth requires deeper footings than indicated in Figure R403.1(1), the frost line depth strength required for weathering shall govern. The jurisdiction shall fill in the frost line depth column with the minimum depth of footing below finish grade.

c. The jurisdiction shall fill in this part of the table to indicate the need for protection depending on whether there has been a history of local subterranean termite damage.

d. The jurisdiction shall fill in this part of the table with the wind speed from the basic wind speed map [Figure R301.2(5)A]. Wind exposure category shall be determined on a site-specific basis in accordance with Section R301.2.1.4.

e. The outdoor design dry-bulb temperature shall be selected from the columns of 971/2-percent values for winter from Appendix D of the International Plumbing Code. Deviations from the Appendix D temperatures shall be permitted to reflect local climates or local weather experience as determined by the building official. [Also see Figure R301.2(1).]

f. The jurisdiction shall fill in this part of the table with the seismic design category determined from Section R301.2.2.1.

g. The jurisdiction shall fill in this part of the table with (a) the date of the jurisdiction's entry into the National Flood Insurance Program (date of adoption of the first code or ordinance for management of flood hazard areas), (b) the date(s) of the Flood Insurance Study and (c) the panel numbers and dates of the currently effective FIRMs and FBFMs or other flood hazard map adopted by the authority having jurisdiction, as amended.

h. In accordance with Sections R905.1.2, R905.4.3.1, R905.5.3.1, R905.6.3.1, R905.7.3.1 and R905.8.3.1, where there has been a history of local damage from the effects of ice damming, the jurisdiction shall fill in this part of the table with "YES." Otherwise, the jurisdiction shall fill in this part of the table with "NO."

i. The jurisdiction shall fill in this part of the table with the 100-year return period air freezing index (BF-days) from Figure R403.3(2) or from the 100-year (99 percent) value on the National Climatic Data Center data table "Air Freezing Index-USA Method (Base 32°F)."

j. The jurisdiction shall fill in this part of the table with the mean annual temperature from the National Climatic Data Center data table "Air Freezing Index-USA Method (Base 32°F)."

k. In accordance with Section R301.2.1.5, where there is local historical data documenting structural damage to buildings due to topographic wind speed-up effects, the jurisdiction shall fill in this part of the table with "YES." Otherwise, the jurisdiction shall indicate "NO" in this part of the table.

l. In accordance with Figure R301.2(5)A, where there is local historical data documenting unusual wind conditions, the jurisdiction shall fill in this part of the table with "YES" and identify any specific requirements. Otherwise, the jurisdiction shall indicate "NO" in this part of the table.

m. In accordance with Section R301.2.1.2 the jurisdiction shall indicate the wind-borne debris wind zone(s). Otherwise, the jurisdiction shall indicate "NO" in this part of the table.

n. The jurisdiction shall fill in these sections of the table to establish the design criteria using Table 1a or 1b from ACCA Manual J or established criteria determined by the jurisdiction.

o. The jurisdiction shall fill in this section of the table using the Ground Snow Loads in Figure R301.2(6).

(18) Delete Section R301.2.4 "Floodplain Construction" in its entirety.

(19) Amend Subsection R302.1 "Exterior Walls" to read:

Construction, projections, openings and penetrations of exterior walls of dwellings and accessory buildings shall comply with Table R302.1 (1); or dwellings equipped throughout with an automatic sprinkler system shall compline with Table R302.1 (2).

Exceptions.

1. Walls, projections, openings or penetrations in walls perpendicular to the line used to determine the fire separation distance.
2. Walls of individual dwellings and their accessory structures located on the same lot.
3. Foundation vents installed in compliance with this code are permitted.

(20) Amend subsection R302.2.2 "Common Wall" to read.

Common walls separating townhouses shall be separated by a 2-hour fire-resistance-rated wall assemblies tested in accordance with ASTM E119, UL 263 or Section 703.3 of the International Building Code. The common wall shared by two townhouses shall be constructed without plumbing or mechanical equipment, ducts or vents in the cavity of the common wall. The wall shall be rated for fire exposure from both sides and shall extend to and be tight against exterior walls and the underside of the roof sheathing. Electrical installations shall be in accordance with NFPA 70. Penetrations of the membrane of common walls for electrical outlet boxes shall be in accordance with Section R302.4.

Exception:

Where a fire sprinkler system in accordance per NFPA 13D is provided, the common wall shall not be less than a 1-hour fire-resistance-rated wall assembly tested in accordance with ASTM E 119, UL263 or Section 703.3 of the International Building Code.

(21) R302.3 Two-family dwellings. Amend to read "Dwelling units in two-family dwellings shall be separated from each other by a wall and floor/ceiling assemblies having not less than a 1-hour fire-resistance rating where tested in accordance with ASTM E 119 or UL 263

or Section 703.3 of the 2018 International Building Code." Fire resistance-rated floor/ceiling and wall assemblies shall extend to and be tight against the exterior wall, and wall assemblies shall extend from the foundation to the underside of the roof sheathing.

Exception: Where a fire sprinkler system in accordance per NFPA 13D is provided, the wall shall not be less than a 1/2-hour fire-resistance-rated wall assembly tested in accordance with ASTM E 119, UL263 or Section 703.3 of the International Building Code.

(22) R302.13 Fire protection of floors.

Floor assemblies that are not required elsewhere in this code to be fire-resistance rated, shall be provided with a 1/2-inch (12.7 mm) gypsum wallboard membrane, 5/8-inch (16 mm) wood structural panel membrane, or equivalent on the underside of the floor framing member. Penetrations or openings for ducts, vents, electrical outlets, lighting, devices, luminaires, wires, speakers, drainage, piping and similar openings or penetrations shall be permitted.

Exceptions:

1. Floor assemblies located directly over a space protected by an automatic sprinkler system in accordance with NFPA 13D, or other approved equivalent sprinkler system.
2. Floor assemblies located directly over a crawl space not intended for storage or for the installation of fuel-fired or electric-powered heating appliances.
3. Portions of floor assemblies shall be permitted to be unprotected where complying with the following:
   3.1. The aggregate area of the unprotected portions does not exceed 80 square feet (7.4 m2) per story.
   3.2. Fireblocking in accordance with Section R302.11.1 is installed along the perimeter of the unprotected portion to separate the unprotected portion from the remainder of the floor assembly.
4. Wood floor assemblies using dimension lumber or structural composite lumber equal to or greater than 2-inch by 10-inch (50.8 mm by 254 mm) nominal dimension, or other approved floor assemblies demonstrating equivalent fire performance.

(23) R302.14 Combustible insulation clearance. Amend to read

Combustible insulation shall be separated not less than 3 inches (76 mm) from recessed luminaires, fan motors and other heat-producing devices.

Exception: Where heat-producing devices are listed for lesser clearances, combustible insulation complying with the listing requirements shall be separated in accordance with the conditions stipulated in the listing.

"Recessed luminaries installed in the building thermal envelope shall meet the requirements of current State of Alabama Adopted Residential Energy Code."

(24) R303.1 Habitable rooms. Amend Exception #1 to read "The glazed areas need not be openable where the opening is not required by Section R310 and a whole-house mechanical ventilation system is installed in accordance with the 2018 International Mechanical Code."

(25) R303.3 Bathrooms. Amend Exception to read: "The glazed areas shall not be required where artificial light and a local exhaust system are provided. The minimum local exhaust rates shall be determined in accordance with the 2018 International Mechanical Code. Exhaust air from the space shall be exhausted directly to the outdoors."

(26) R303.4. Mechanical Ventilation. Amend to read, "Where the air infiltration rate of a dwelling unit is 5 air changes per hour or less where tested with a blower door at a pressure of 0.2 inch w.c (50 Pa) in accordance with the current State of Alabama Adopted Residential Energy Code, the dwelling unit shall be provided with whole-house mechanical ventilation in accordance with the 2018 International Mechanical Code".

(27) R303.5.1 Intake openings. Exception #2 & #3 Amended to read,

2. "Vents and chimneys serving fuel-burning appliances shall be terminated in accordance with the applicable provisions 2018 International Mechanical Code."
3. "Clothes dryer exhaust ducts shall be terminated in accordance with 2018 International Mechanical Code."

(28) R307.1 Space required. Amend to read: "Fixtures shall be spaced in accordance with Figure R307.1, and in accordance with the requirements of the 2018 International Plumbing Code

(29) Delete Subsection R309.3 "Flood Hazard Areas" in its entirety.

(30) R309.5 Fire Sprinklers. Amend to read, "Private garages shall be protected by fire sprinklers where the garage wall has been designed based on Table R302.1(2), Footnote a. Sprinklers in garages shall be connected to an automatic sprinkler system that complies with the 2018 International Plumbing Code. Garage sprinklers shall be residential sprinklers or quick-response sprinklers, designed to provide a density of 0.05 gpm/ft2. Garage doors shall not be considered obstructions with respect to sprinkler placement."

(31) Amend Section R313 "Automatic Fire Sprinkler Systems" to read:

a. R313.1 Townhomes automatic fire sprinkler systems. Amend to read:

If an automatic residential fire sprinkler system is installed in townhouses, the design must be in accordance with NFPA 13D.

b. R313.2 One- and two-family dwellings automatic fire sprinkler systems. Amend to read:

If an automatic residential fire sprinkler system is installed in One- and two-family dwellings, the design must be in accordance with NFPA 13D.

(32) Section R322 Flood-Resistant Construction. Delete in entirety.

(33) Delete Table 403.1(1), Table 403.1(2), & Table 403.1(3) "Minimum Width and Thickness for Concrete Footings for Light-Frame Construction" in its entirety.

(34) Amend Subsection R403.1.1 "Minimum Size" to read:

The minimum size for concrete footings shall be in accordance with this section:

(a) Perimeter footings: Minimum depth of concrete shall be 12 inches by 16 inches wide unless brick veneer or masonry units are to be used for the structure, then the minimum width shall be 20 inches wide. Two (2) No. 5 reinforcing bars or Three (3) No. 4 bars, continuous at three inches above footing bottom and three inches from each side shall be used in the footings. Bottom of footing shall be a minimum of two feet below finished grade.

(b) Interior footings: Minimum size of concrete footing shall be 12 inches deep by 16 inches wide for required length unless masonry units are to be used, then the minimum width shall be 20 inches wide. Two (2) No. 5 reinforcing bars or Three (3) No. 4 bars, continuous at three inches above footing bottom and three inches from each side shall be used in the footing.

(c) Where slab and turned down footing construction is used, these minimum requirements shall not be applicable.

(d) Minimum pier footing size shall be 20 inches square by 12 inches of depth. No minimum depth of bottom of footing below finished grade is specified."

Exception: Footing designs accompanied by a geotechnical study conducted from an Alabama Licensed Engineer.

(35) Amend Subsection R403.1.7 "Footings on or adjacent to slopes" to read:

"On all building sites in the slope development district and other sites with identifiable or suspected potentially unstable subsurface soil conditions, the building applications for permitting shall be accompanied by a geotechnical study conducted by and bearing the expertise in the science of soil mechanics.

The test and analysis requirements shall be as set forth in the slope development study, section VIII, subsection C, paragraph 4 as follows:

A. Geotechnical studies: field and laboratory.

1) Field studies:

a) Residential lots: borings as required per design geotechnical study.

b) Acceptable subsurface exploration methods: test pit excavations; soil test borings; mechanical or electrical cone borings.

c) Rock coring, if required: Minimum of five feet of rock coring per boring.

d) Soil and rock classification according to (ASTM) procedures.

2) Minimum soil properties tests (natural or fill soils):

a) Shear strength (as required for analysis).

b) Standard classification tests (ASTM).

c) Consolidation tests (as required).

d) Shrink/swell potential (if applicable).

3) Groundwater data: Each boring shall be measured for groundwater.

4) Analyze slope stability and structure performance:

a) Stability analyses should be performed on the best, worst, and average soil and embankment conditions:

1) Sliding wedge and slip circle analyses should be performed on the uphill side of any cut embankment.

2) Slip circle analyses should be performed on all fill embankments.

b) Based on the analyses, the lowest safety factors should be reported for each method along with all of the design conditions.

c) Structure performance should be analyzed with respect to bearing capacity and settlement.

The application shall contain a design footing and foundation meeting the requirements set forth in the adopted slope development study, section VIII, subsection C, paragraph 5 as follows:

5) Recommended design standards:

a) Safety factors for stability: Minimum safety factor of 1.5 with adequate data, including triaxial shear tests, multiple analyses (sliding wedge infinite slope and slip circle analyses)

and confident groundwater (piezometer) measurements and control.

b) Where soil and rock data indicated a large variation in strength, analyses should be reported for the worst conditions encountered. Safety factor for bearing capacity: Minimum safety factor of 3.0.

c) Allowable settlement: Maximum settlement between column footings shall not exceed the angular distortion ration D/L (D-deflection inches, L - length between columns inches) as follows: Limiting Settlement

High continuous brick walls	.0005—0.001
One-story brick buildings	.001
Reinforced concrete frame	.0025
Reinforced concrete curtain wall	.003
Steel Frame, continuous	.002
Steel Frame, simple	.005

d) Expansive soils: 2018 International Residential Code Subsection R403.1.8 sets requirements and Section 1808.6 of the 2018 International Building Code.

This design must be performed by, and bear the seal of, an engineer or architect registered in the state.

The engineer or architect shall inspect and certify that, to the best of his knowledge, the construction of the footing and foundation has been accomplished according to the required design. The certification must be on record before a certification of occupancy can be issued."

(36) Delete subsections R403.1.7.1—R403.1.7.4 in its entirety.

(37) Amend Subsection R404.1.1 "Design required" to read: (adding #3 condition)

Concrete or masonry foundation walls shall be designed in accordance with accepted engineering practice where either of the following conditions exists:

1. Walls are subject to hydrostatic pressure from ground water.
2. Walls supporting more than 48 inches (1219 mm) of unbalanced backfill that do not have permanent lateral support at the top or bottom.
3. All freestanding or cantilevered retaining walls constructed of any material and retaining more than four feet of earth above the footing shall be designed and the drawings sealed by an engineer or architect registered in the state.

(38) Amend Section R405.1. "Concrete or masonry foundations" to read:

Drains shall be provided around concrete or masonry foundations that retain habitable space below grade. Drainage tiles, gravel or crushed stone drains, perforated pipe or other approved systems or materials shall be installed at or below the top of the footing or below the bottom of the slab and shall discharge by gravity or mechanical means into an approved drainage system. Gravel or crushed stone drains shall extend not less than 1 foot (305 mm) beyond the outside edge of the footing and 6 inches (152 mm) above the top of the footing and be covered with an approved filter membrane material. The top of open joints of drain tiles shall be protected with strips of building paper. Except where otherwise recommended by the drain manufacturer, perforated drains shall be surrounded with an approved filter membrane or the filter membrane shall cover the washed gravel or crushed rock covering the drain. Drainage tiles or perforated pipe shall be

placed on not less than 2 inches (51 mm) of washed gravel or crushed rock not less than one sieve size larger than the tile joint opening or perforation and covered with not less than 6 inches (152 mm) of the same material.

For crawl spaces that retain earth the grading shall be done around every foundation in such manner that storm water shall drain away from the building. The crawl space underneath the ground floor must be so graded as to drain to a point at the exterior foundation wall where a drainpipe must be provided through the foundation wall leading from the building to a point of discharge, so that the crawl space under the building will be adequately drained at all times. The grade of the crawl space and the grade of the drainpipe must be established at an elevation that is sufficient enough to prevent storm water from backing up under the building from the point of discharge. The drainpipe shall be a minimum of four inches in diameter and graded with a slope not less than one-eighth inch per foot towards the point of discharge.

(39) Delete subsection R408.7 "Flood resistance" in its entirety.

(40) Amend Subsection R506.2.3 "Vapor Retarder" to read:

"A 6-mil polyethylene or approved vapor retarder with joints lapped not less than 6 inches shall be placed between the concrete slab and the base course or the prepared sub-grade where no base courses exist.

Exception: The vapor retarder may be omitted:

1. From detached garages, detached accessory/utility structures without heat.

2. From driveways, walks, patios, and other flatwork not likely to be enclosed and heated at a later date."

(41) Delete Subsection R602.5 "Interior nonbearing walls in its entirety.

(42) Amend Subsection R1003.11.3 "Gas Appliances" to read:

"Flue lining systems for gas appliances shall be in accordance with the 2018 International Mechanical Code."

(43) Amend Subsection R1003.14 "Flue Area (Appliance)" to read:

"Chimney flues shall not be smaller in area than that of the area of the connector from the appliance [See Table R1003.14(1) and R1001.11(2)]. The sizing of a chimney flue to which multiple-appliance venting systems are connected shall be in accordance with the 2018 International Mechanical Code."

(44) Amend Appendix H Subsection AH105.2 Footings to read: Footings shall be designed as required per the amended subsection R403.1.1 "Minimum Size".

(45) Delete Appendix J Subsection AJ102.4.1 "Energy efficiency" to read "Replacement windows shall comply with current state Energy Code adopted by the Alabama Energy and Residential Code Board"

(46) Delete Appendix J Subsection AJ102.4.4 "Window control devices" in its entirety.

(47) Delete Appendix J Subsection AJ102.5 "Flood Hazard Areas" in its entirety.

(48) Amend Appendix J Subsection AJ301.2 "Water Closets" to read:

"When any water closet is replaced with a newly manufactured water closet, the replacement water closet shall comply with the requirements of the 2018 International Plumbing Code."

(49) Delete Appendix J Subsection AJ301.3 "Electrical" in its entirety.

(50) Amend Appendix J Subsection AJ501.1 "Newly Constructed Elements" to read:

"All newly constructed elements, components, and systems shall comply with the requirements of this code.

Exceptions: Operable windows may be added without requiring compliance with the light and ventilation requirements of Section R303."

DIVISION 4. INTERNATIONAL BUILDING CODE

Sec. 7-193. Adoption; edition; copies.

(a) Subject to subsection (b), there is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of establishing rules and regulations within the city for the construction, alteration, equipment, use and occupancy, location, removal and demolition of buildings or structures, including permits and penalties, a certain code known as the International Building Code, 2018 edition, Chapters 1—12 and 14—31; 33; 34; and 35 and appendix "C", published by the International Code Council, Inc., save and except such portions as are deleted, modified or amended in this division; and the provisions of such code shall be controlling as provided in this section.

(b) Any energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in structures shall meet the Alabama Energy Codes, as deleted, modified or amended in division 11.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-194. Deletions, modifications and amendments.

The International Building Code 2018 edition, Chapters 1—12 and 14—31; 33; 34; and 35 and appendix "C", as adopted in this division, are deleted, modified and amended as follows:

(1) Delete subsection 101.4.4 "Property Maintenance", in its entirety.

(2) Delete subsection 101.4.5 "Fire Prevention", in its entirety.

(3) Amend subsection 101.4.6 "Energy", to read.

The current State of Alabama Commercial Energy Code as adopted by the Alabama Energy and Residential Codes Board shall apply to all matters governing the design and construction of buildings for energy efficiency. The compliance to the current State of Alabama Commercial Energy Code must be verified by a State of Alabama Licensed Third-Party Energy Consultant or a State of Alabama Registered Design Professional

(4) Amend subsection (A)102.6. "Existing Structures", to read:

"The legal occupancy of any structure existing on the date of adoption of this code shall be permitted to continue without change, except as is specifically covered in this code, or as deemed necessary by the building official for the general safety and welfare of the occupants and the public."

(5) Amend subsection (A) 103.3 "Deputies" to read:

"In accordance with the prescribed procedures of this jurisdiction and with the concurrence of the appointing authority, the building official shall have the authority to appoint a deputy building official, the related technical officers, inspectors, plan examiners, and other employees. Such employees shall have powers as delegated by the building official.

(6) Delete subsection [A] 104.10.1 "Flood hazard areas." in its entirety.

(7) Delete subsection [A] 105.1.1 "Annual Permit", in its entirety.

(8) Delete subsection [A] 105.1.2 "Annual Permit Records", in its entirety.

(9) Delete subsection [A)]105.2 "Work Exempt Form Permit", in its entirety.

(10) Delete subsection [A] 105.2.3 "Public Service Agencies", in its entirety.

(11) Amend section [A] 105.3 to include item #8, "Include a contract indicating the cost of the proposed work to be signed by

the property owner, building owner and by the builder or contractor proposing to complete work indicated in contract."

(12) Delete section [A] 108 "Temporary Structures and Uses", in its entirety.

(13) Amend subsection 109.3 "Building Permit Valuations" to read:

Building permit valuation shall include total value of the work for which a permit is being issued, such as electrical, gas, mechanical, plumbing equipment and other permanent systems, including materials and labor.

Building permits for the construction of, alterations to, repairs to, and/or additions to, buildings or other structures governed by this code shall be assessed in the following manner:

(a) For new construction of, alterations to, repairs to, and/or additions to, buildings or to other structures governed by this code, the permit fee shall be the greater of $50.00 or the amount of the total contract price multiplied by .0055 of the full estimated cost of work for each building or structure; however, this section shall not apply to the repair of any building whenever the reasonable cost of the material and labor for such repair is not in excess of $250.00 and no structural work is involved.

(b) For the moving of any building or structure, the fee shall be $25.00

(c) For the demolition of interior or partial demolition of commercial buildings and structures, the fee shall be $50.00.

(d) For the full demolition of commercial buildings or structures, the fee shall be $100.00.

(e) For retaining walls constructed of any material and retaining more than four feet of earth above the footing, the permit fee shall be the greater of $50.00 or the contract amount of the wall construction multiplied by .0055.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(14) Delete subsections (A) 110.3.1 through (A) 110.3.6.

Amend subsection (A) 110.3. "Required inspections" to read

BUILDING

(1) *Footing Inspections:* Inspections are required for setbacks, footing depth and widths, and steel rebar.

(2) *Monolithic Slabs:* This inspection is to take place after plumbing and electrical inspections if applicable.

(3) *Foundation Inspection:* Made after grading of crawlspace area, placement of piers, anchor bolts, 4" drain and installation of floor system prior to installing subflooring.

(4) *Pre-insulation Inspection:* This inspection is to be made when shingles, sheathing, windows and doors are installed. Mechanical, electrical, plumbing, and gas inspections need to be made "if applicable", prior to this inspection. Brick ties should be installed over a moisture impermeable house wrap. When this inspection has passed, brick and insulation may be installed.

(5) *Framing Inspection:* This inspection is to be made after any framing corrections have taken place and after the building has been insulated. If framing corrections have been

made, the framing inspection will be passed, and drywall may be installed.

(6) *Temp 30:* To obtain power to the structure, an affidavit must be signed by the contractor, permanent building number posted, and building can be locked. Building cannot be occupied until receipt of the Certificate of Occupancy.

(7) *Above Ceiling Inspection:* This inspection, (typically applicable on commercial projects), is to be done after all trade inspections and is to view ceiling supports, fire caulking of rated walls and penetrations. If acoustical ceiling is not to be used this inspection is still mandatory for fire caulk inspection prior to painting walls.

(8) *Final Inspection:* When the building has been completed and mechanical, electrical, plumbing, and gas inspections "if applicable" have been completed, you may request the building final inspection.

ELECTRICAL

(1) *Slab Inspection:* If any electrical lines are installed in the slab or concealed in concrete walls.

(2) *Underground:* All conduits and direct burial cable placed in the ground must be inspected prior to covering.

(3) *Rough-in Inspection:* When wires are pulled and stapled prior to installation of sheetrock, "No insulation is to be installed prior to rough-in inspection." All areas of renovations where sheetrock has been removed will also require a rough-in inspection.

(4) *Temp 30:* The following are required: permanent house numbers, the building is lockable, the meter base and main panel are installed, and a receptacle with GFCI protection.

(5) *Final Inspection:* When all fixtures, plugs and appliances are installed. All electrical work should be completed at this time.

(6) *Electrical Final for HVAC (If separate):* Air conditioning final to be made when all electrical lines and disconnects are completed to heat and air units.

MECHANICAL & GAS

(1) *Slab*: To be made if gas lines or mechanical work is run under or through the slab. Inspection is to be made before the work is covered.

(2) *Rough-In Inspection / Wall Rough:* When all gas lines and refrigeration lines that are to be concealed are run inside structure prior to insulation and drywall. All ductwork in concealed locations must be inspected prior to installation of drywall.

(3) *Above Ceiling Inspection:* This inspection, (typically applicable on commercial projects), is to be done after grid is installed and before ceiling tiles are placed. Inspection will verify equipment installation, service clearances, fire dampers, duct work and registers.

(4) *Final Inspection:* When all gas appliances are installed and completed, and all mechanical work finished. Service clearance area around all indoor and outdoor units must be provided based on code and manufacturer requirements.

PLUMBING

(1) *Slab*: To be made before gravel and poly are installed over pipes and water lines.

(2) *Sewer / Water Lines:* To be made before sewer lines and water lines are covered.

(3) *Rough-in:* To be made when all plumbing pipes are stubbed-out and

pressure tested prior to sheetrock being hung. (No insulation is to be installed prior to this inspection.)

(4) *30 Day Temporary:* To be made when the sewer and rough ins have been passed. (This inspection must be requested by the plumber.)

(5) *Final:* To be made when fixtures are set, and plumbing is completed and in working order.

(15) Amend subsection 110.3.8 "Energy Efficiency Inspections" to read "The compliance to the Current State of Alabama Energy Code must be verified by a State of Alabama Licensed Third-Party Energy Consultant or a State of Alabama Licensed Design Professional."

(16) Delete subsection [A] 111.3 "Temporary Occupancy" in its entirety.

(17) Delete section [A] 113 "Board of Appeals" in its entirety.

(18) Amend subsection 201.3 "Terms defined in other codes" to read:

"Where terms are not defined in this code such terms shall have the meanings ascribed in other codes publications of the International Code Council and as defined per NFPA 70".

(19) Amend Section 202 "Definitions" The following definition to read as:

"[A] Townhouse/Townhome. A single-family dwelling unit constructed in a group of three or more attached units in which each unit extends from foundation to roof and with a yard or public way on not less than two sides. Structures which are constructed as a Single-family dwelling unit as noted in this definition, in which each individually single-family dwelling unit doesn't reside on its own fee simple lot shall be consider an apartment type R-2 occupancy and must follow the International Building Code.

(20) Amend subsection 603.1.3 "Electrical" to read:

"The use of electrical wiring methods with combustible insulation, tubing, raceways and related components shall be permitted when installed in accordance with the limitations of NFPA 70.

(21) Amend subsection [F] 903.2.9 "Group S-1" to read:

An automatic sprinkler system shall be provided throughout all buildings containing a Group S-1 occupancy where one of the following conditions exists:

1. A Group S-1 fire area exceeds 12,000 square feet (1115 m2).
2. A Group S-1 fire area is located more than three stories above grade plane.
3. The combined area of all Group S-1 fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 m2).
4. A Group S-1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 5,000 square feet (464 m2).
5. A Group S-1 occupancy used for the storage of upholstered furniture or mattresses exceeds 2,500 square feet (232 m2).

Exception: Self-service storage facilities not greater than one story above grade where all storage spaces can be accessed directly from the exterior.

(22) Amend subsection 1404.11.4 "Grounding" to read:

"Grounding of metal veneers on buildings shall comply with the requirements of the NFPA 70."

(23) Delete subsection 1603.1.6 "Flood design data" in its entirety.

(24) Delete subsection 1612 "Flood Loads" in its entirety.

(25) Delete subsection 1804.5 "Grading and Filling in Floodways" in its entirety.

(26) Amend subsection 1808.7 "Footings on or Adjacent to Slopes" to read:

"On all building sites in the slope development district and other sites with identifiable or suspected potentially unstable subsurface soil conditions, the building applications for permitting shall be accompanied by a geotechnical study conducted by and bearing the expertise in the science of soil mechanics.

The test and analysis requirements shall be as set forth in the slope development study, section VIII, subsection C, paragraph 4 as follows:

(A) Geotechnical studies: field and laboratory.

(1) Field studies:

(a) Residential lots: borings as required per design geotechnical study.

(b) Acceptable subsurface exploration methods: test pit excavations; soil test borings; mechanical or electrical cone borings.

(c) Rock coring, if required: Minimum of five feet of rock coring per boring.

(d) Soil and rock classification according to (ASTM) procedures.

(2) Minimum soil properties tests (natural or fill soils):

(a) Shear strength (as required for analysis).

(b) Standard classification tests (ASTM).

(c) Consolidation tests (as required).

(d) Shrink/swell potential (if applicable).

(3) Groundwater data: Each boring shall be measured for groundwater.

(4) Analyze slope stability and structure performance:

(a) Stability analyses should be performed on the best, worst, and average soil and embankment conditions:

1) Sliding wedge and slip circle analyses should be performed on the uphill side of any cut embankment.

2) Slip circle analyses should be performed on all fill embankments.

(b) Based on the analyses, the lowest safety factors should be reported for each method along with all of the design conditions.

(c) Structure performance should be analyzed with respect to bearing capacity and settlement.

The application shall contain a design footing and foundation meeting the requirements set forth in the adopted slope development study, section VIII, subsection C, paragraph 5 as follows:

(5) Recommended design standards:

(a) *Safety factors for stability*: Minimum safety factor of 1.5 with adequate data, including triaxial shear tests, multiple analyses (sliding wedge infinite slope and slip circle analyses) and confident groundwater (piezometer) measurements and control.

(b) Where soil and rock data indicated a large variation in strength, analyses should be reported for the worst conditions encountered. Safety factor for bearing capacity: Minimum safety factor of 3.0.

(c) *Allowable settlement*: maximum settlement between column footings shall not exceed the angular distortion ration D/L (D-deflection inches, L—length between columns inches) as follows: Limiting Settlement

(d) *Expansive soils:* 2018 International Residential Code Subsection R403.1.8 sets requirements and Section 1805.8 of the 2018 International Building Code.

This design must be performed by, and bear the seal of, an engineer or architect registered in the state.

The engineer or architect shall inspect and certify that, to the best of his knowledge, the construction of the footing and foundation has been accomplished according to the required design. The certification must be on record before a certification of occupancy can be issued."

(27) Delete subsection 1808.7.1 "Building Clearance from Ascending Slopes" in its entirety.

(28) Delete subsection 1808.7.2 "Footing Setback from Descending Slope Surface" in its entirety.

(29) Delete 1808.7.3 "Pools" in its entirety.

(30) Amend subsection 1907.1 "General" to read:

The thickness of concrete floor slabs supported directly on the ground shall be not less than 31/2 inches (89 mm). A 6-mil (0.006 inch; 0.15 mm) polyethylene vapor retarder with joints lapped not less than 6 inches (152 mm) shall be placed between the base course or subgrade and the concrete floor slab, or other approved equivalent methods or materials shall be used to retard vapor transmission through the floor slab.

Exception: A vapor retarder is not required:

1. For detached structures accessory to occupancies in Group R-3, such as garages, utility buildings or other unheated facilities.
2. For buildings of other occupancies where migration of moisture through the slab from below will not be detrimental to the intended occupancy of the building.
3. For driveways, walks, patios and other flatwork that will not be enclosed at a later date.
4. Where approved based on local site conditions.

(31) Amend subsection 2701.1 "Scope" to read:

"The provisions of this chapter and NFPA 70 shall govern the design, construction, erection and installation of the electrical components, appliances, equipment and systems used in buildings and structures covered by this code. The International Fire Code, and the NFPA 70 shall govern the use and maintenance of electrical components, appliances, equipment and

systems. The International Existing Building Code and NFPA 70 shall govern the alteration, repair, relocation, replacement and addition of electrical components, appliances, or equipment and systems."

DIVISION 5. INTERNATIONAL EXISTING BUILDING CODE

Sec. 7-195. Adoption; edition; copies.

There is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of establishing rules and regulations within the city for the construction, alteration, equipment, use and occupancy, location, removal and demolition of buildings or structures, including permits and penalties, a certain code known as the International Existing Building Code, 2018 edition, Chapters 1—16, published by the International Code Council, Inc., save and except such portions as are deleted, modified or amended in this division; and the provisions of such code shall be controlling as provided in this section.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-196. Deletions, modifications and amendments.

The International Existing Building Code, 2017 edition, Chapter 1—16; as adopted in this division, are deleted, modified and amended as follows:

(1) Amend subsection (A) 101.4.2 to read "The legal occupancy of any building existing on the date of the adoption of this code shall be permitted to continue without change, except as is specifically covered in this code, the International Fire Code, the International Building Code, or the International Residential Code, or as is deemed necessary by the code official for the general safety and welfare of the occupants and the public."

(2) Add subsection 101.4.3 "Maintenance" to read:

"Building and parts thereof shall be maintained in a safe and sanitary condition. All existing devices or safeguards shall be maintained in all buildings. The owner or the owner's designated agent shall be responsible for the maintenance of the building. To determine compliance with this subsection, the code official shall have the authority to require a building to be re-inspected. Except where specifically permitted by this code, the code shall not provide the basis for removal or abrogation of fire protection and safety systems and devices in existing buildings."

(3) Amend subsection (A) 103.1 Creation of enforcement agency. to read "The Department of Building Safety is hereby created and is to be known as The City of Huntsville Inspection Department, and the official in charge shall be known as the Director of Inspection Services. All future references to "the Department of Building Safety' shall mean "the City of Huntsville Department of Inspections". All future references to the "code official" shall mean "the Director of Inspection Services".

Delete subsection (A) 104.2.1 "Determination of substantially improved or substantially damaged existing buildings and structures in flood hazard areas" in its entirety.

Delete subsection (A) 104.10.1 "Flood hazard areas". in its entirety.

(4) Delete subsection 105.1.1 "Annual Permit" in its entirety.

(5) Delete subsection 105.1.2 "Annual Permit Records" in its entirety.

(6) Delete subsection 105.2 "Work Exempt from Permit" in its entirety.

(7) Delete subsection 105.2.2 "Repairs" in its entirety.

(8) Delete subsection 105.2.3 "Public Service Agencies" in its entirety.

(9) Amend subsection (A) 108.3 "Building permit valuations" to read "The applicant for a permit shall provide an estimated permit value, verified by a signed contract submitted at the time of application. Permit valuations shall include total value of work including materials and labor for which the permit is being issued, such as electrical, gas, mechanical, plumbing equipment, and permanent systems. If, in the opinion of the code official, the valuation is underestimated on the application, the permit shall be denied unless the applicant can show detailed estimates to meet the approval of the code official. Final building permit valuation shall be set by the code official."

(10) Delete subsections (A) 109.3.1 through (A) 109.3.6.

Amend subsection (A) 109.3. "Required inspections" to read

BUILDING

(1) *Footing Inspections:* Inspections are required for setbacks, footing depth and widths, and steel rebar.

(2) *Monolithic Slabs*: This inspection is to take place after plumbing and electrical inspections if applicable.

(3) *Foundation Inspection*: Made after grading of crawlspace area, placement of piers, anchor bolts, 4" drain and installation of floor system prior to installing subflooring.

(4) *Pre-insulation Inspection*: This inspection is to be made when shingles, sheathing, windows and doors are installed. Mechanical, electrical, plumbing, and gas inspections need to be made "if applicable", prior to this inspection. Brick ties should be installed over a moisture impermeable house wrap. When this inspection has passed, brick and insulation may be installed.

(5) *Framing Inspection:* This inspection is to be made after any framing corrections have taken place and after the building has been insulated. If framing corrections have been made, the framing inspection will be passed, and drywall may be installed.

(6) *Temp 30:* To obtain power to the structure, an affidavit must be signed by the contractor, permanent building number posted, and building can be locked. Building cannot be occupied until receipt of the Certificate of Occupancy.

(7) *Above Ceiling Inspection*: This inspection, (typically applicable on commercial projects), is to be done after all trade inspections and is to view ceiling supports, fire caulking of rated walls and penetrations. If acoustical ceiling is not to be used this inspection is still mandatory for fire caulk inspection prior to painting walls.

(8) *Final Inspection*: When the building has been completed and mechanical, electrical, plumbing, and gas inspections "if applicable" have been completed, you may request the building final inspection.

ELECTRICAL

(1) *Slab Inspection*: If any electrical lines are installed in the slab or concealed in concrete walls.

(2) *Underground:* All conduits and direct burial cable placed in the ground must be inspected prior to covering.

(3) *Rough-in Inspection*: When wires are pulled and stapled prior to installation of sheetrock, "No insulation is to be installed prior to rough-in inspection." All areas of renovations where sheetrock has been removed will also require a rough-in inspection.

(4) *Temp 30:* The following are required: permanent house numbers, the building is lockable, the meter base and main panel are installed, and a receptacle with GFCI protection.

(5) *Final Inspection:* When all fixtures, plugs and appliances are installed. All electrical work should be completed at this time.

(6) *Electrical Final for HVAC (If separate):* Air conditioning final to be made when all electrical lines and disconnects are completed to heat and air units.

MECHANICAL & GAS

(1) *Slab*: To be made if gas lines or mechanical work is run under or through the slab. Inspection is to be made before the work is covered.

(2) *Rough-In Inspection / Wall Rough:* When all gas lines and refrigeration lines that are to be concealed are run inside structure prior to insulation and drywall. All ductwork in concealed locations must be inspected prior to installation of drywall.

(3) *Above Ceiling Inspection:* This inspection, (typically applicable on commercial projects), is to be done after grid is installed and before ceiling tiles are placed. Inspection will verify equipment installation, service clearances, fire dampers, duct work and registers.

(4) *Final Inspection*: When all gas appliances are installed and completed, and all mechanical work finished. Service clearance area around all indoor and outdoor units must be provided based on code and manufacturer requirements.

PLUMBING

(1) *Slab*: To be made before gravel and poly are installed over pipes and water lines.

(2) *Sewer / Water Lines*: To be made before sewer lines and water lines are covered.

(3) *Rough-in:* To be made when all plumbing pipes are stubbed-out and pressure tested prior to sheetrock being hung. (No insulation is to be installed prior to this inspection.)

(4) *30 Day Temporary:* To be made when the sewer and rough ins have been passed. (This inspection must be requested by the plumber.)

(5) *Final*: To be made when fixtures are set, and plumbing is completed and in working order.

(11) Amend subsection (A) 109.3.8 to be number (A) 109.3.2

(12) Amend subsection (A) 110.1 "Altered area use and occupancy classification change" to read "Altered areas of a building shall not be used or occupied until the code official has issued a notice of completion or certificate of occupancy, as required by the City of Huntsville Inspection Department. Relocated buildings shall not be used or occupied and change in the existing use or occupancy classification of a building or portion thereof shall not be made until the code official has issued a certificate of occupancy therefor as provided herein. Issuance of a notice of completion or certificate of occupancy shall not be construed as an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction."

(13) Delete subsection (A) 110.3 "Temporary occupancy" in its entirety.

(14) Delete section 112 "Board of Appeals" in its entirety.

(15) Amend subsection 116.6 "Hearing" to read:

"Any person ordered to take emergency measures shall comply with such order forthwith. Any affected person shall thereafter, upon petition to the Board of

Examination and Appeals for Construction Industries, be afforded a hearing as described in this code."

(16) Delete subsection 502.3 "Flood hazard areas" in its entirety."

(17) Amend subsection "707.1 Minimum requirements." To read.

Level 1 alterations to existing buildings or structures do not require the entire building or structure to comply with the energy requirements of the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board. The alterations shall conform to the energy requirements of the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board as they relate to new construction only.

(18) Amend subsection "810.1 Minimum requirements." To read.

Level 2 alterations to existing buildings or structures do not require the entire building or structure are permitted without requiring the entire building or structure to comply with the energy requirements of the current State of Alabama Energy Code or Residential Energy Code as adopted by the Alabama Energy and Residential Codes Board. The alterations shall conform to the energy requirements of the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board as they relate to new construction only.

(19) Amend subsection "907.1 minimum requirements" to read.

Level 3 alterations to existing buildings or structures do not require the entire building or structure are permitted without requiring the entire building or structure to comply with the energy requirements of the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board. The alterations shall conform to the energy requirements of the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board as they relate to new construction only.

(20) Delete subsection (BS) 1103.3 "Flood Hazard Areas" in its entirety.

(21) Amend subsection 1107.1 "Minimum requirements" to read.

Additions to existing buildings shall conform to the energy requirements of the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board as they relate to new construction.

(22) Delete subsection 1201.4 "Flood Hazard Areas" in its entirety.

(23) Delete subsection (BS) 1301.3.3 "Compliance with flood hazard provisions" in its entirety.

(24) Amend subsection 1401.2 "Conformance" to read:

"The building shall be safe for human occupancy as determined by the International Fire Code. Any repair, alteration, or change of occupancy undertaken within the moved structure shall comply with the requirements of this code applicable to the work being performed. Any field-fabricated elements shall comply with the requirements of the International Building Code or the International Residential Code as applicable."

(25) Amend subsection 1301.3.2 "Compliance with Other Codes" to read:

Buildings that are evaluated in accordance with this section shall comply with the International Fire Code."

(26) Delete subsection (BS) 1301.3.3 "Compliance with flood hazard provisions." in its entirety.

(27) Amend subsection 1401.2 "Conformance" to read:

"The building shall be safe for human occupancy as determined by the International Fire Code. Any repair, alteration or change of occupancy undertaken within the moved structure shall comply with the requirements of this code applicable to the work being performed. Any field-fabricated elements shall comply with the requirements of the International Building Code or the International Residential Code as applicable."

(28) Delete subsection (BS) 1402.6 "Flood Hazard Areas" in its entirety.

(1) Amend subsection 101.2 "Scope" to read:

"The provisions of this code shall apply to the erection, installation, alterations, repair use or maintenance of plumbing systems within this jurisdiction. The installation of fuel gas distribution piping and equipment, fuel gas-fired water heaters and water heater venting systems shall be regulated by the International Fuel Gas Code. Provisions in the appendices shall not apply unless specifically adopted.

Exception: Plumbing systems in existing buildings undergoing repair, alteration, or additions, and change of occupancy shall be permitted to comply with the International Existing Building Code."

(2) Delete Section 106.1.1 "Annual permit" in its entirety.

(3) Delete Section 106.1.2 "Annual permit records" in its entirety.

(4) Delete subsection 106.2 "Work Exempt from Permit" in its entirety.

(5) Amend subsection 106.3.1 "Construction documents" to read:

Construction documents, engineering calculations, diagrams and other shall be submitted with each application for a permit. The code official shall require construction documents, computations and specifications to be prepared designed by a registered design professional required by state law. Construction documents shall be scale and shall be of sufficient clarity to indicate the nature and extent of the work proposed and show detail that the work conforms to the provisions of this code. Construction documents for buildings more than two stories in height shall indicate where penetrations will be

made pipes, fittings and components and shall indicate the materials and methods for maintaining required structural safety, resistance rating and fireblocking.

Exception: The code official shall have the authority waive the submission of construction documents, calculations or other data if the nature of the work applied such that reviewing of construction documents is not necessary to determine compliance with this code.

(6) Delete Section 106.5.1 "Approved construction documents" in its entirety.

(7) Amend subsection 106.5.3 "Expiration" to read:

Every permit issued by the code official under the provisions of this code shall expire by limitation and become null and void if the work authorized by such permit is not commenced within 180 days from the date of such permit, or if the work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 180 days. Before such work can be recommenced, a new permit shall be first obtained.

(8) Amend subsection 106.5.4 "Extensions" to read:

Any permittee holding an unexpired permit shall have the right to apply for an extension of the time within which the permittee will commence work under that permit when work is unable to be commenced within the time required by this section for good and satisfactory reasons. The code official shall extend the time for action by the permittee for a period not exceeding 180 days if there is reasonable cause.

(9) Delete subsection 106.5.6 "Retention of construction documents" in its entirety.

(10) Amend subsection 106.6.2 "Fee Schedule" to read:

The fees for all plumbing work shall be as indicated in the following schedule:

(a) For residential one- and two-family dwellings with plumbing work governed by this code, the permit shall be the amount assessed in the following manner:

An issuing fee of.....	$ 25.00
In addition:	
For each plumbing fixture or trap or set of fixture on one trap (including water and drainage piping).....	2.50
For each house sewer .	5.00
For each house sewer having to be replaced or repaired.....	5.00
Hot water heater, electric-water piping only.....	2.50
Dishwasher	2.50
Garbage grinder.....	2.50
For installation, alteration, or repair of water piping and/or treating equipment	5.00
For repair or alteration of drainage or venting piping.....	5.00
For vacuum breakers or backflow protective devices, installed subsequent to the installation of the piping or equipment served one (1) to five (5).....	2.50
Rain leader and roof drain piping (interior).	2.50

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(b) For the plumbing work for a manufactured home/mobile home the permit fee shall be $15.00.

(c) For commercial buildings or commercial structures with plumbing work governed by this code, the permit shall be the amount assessed in the following manner:

An issuing fee of.	$ 50.00
In addition:	
For each plumbing fixture or trap or set of fixture on one trap (including water and drainage piping)	2.50

(3) *Rough-in*: To be made when all plumbing pipes are stubbed-out and pressure tested prior to sheetrock being hung. (No insulation is to be installed prior to this inspection.)

(4) *30 Day Temporary*: To be made when the sewer and rough ins have been passed. (This inspection must be requested by the plumber.)

(5) *Final*: To be made when fixtures are set, and plumbing is completed and in working order.

(13) Delete Section 109 "Means of Appeal" in its entirety.

(14) Amend subsection 201.3 "Terms defined in other codes" to read:

"Where terms are not defined in this code such terms shall have the meanings ascribed in other codes publications of the International Code Council and as defined per NFPA 70".

(15) Amend Section 301.3 "Connections to drainage system" delete the Exception in its entirety.

(16) Delete subsection 312.10 "Inspection and testing of backflow prevention assemblies" in its entirety.

(17) Delete subsection 312.10.1 "Inspections" in its entirety.

(18) Delete subsection 312.10.2 "Testing" in its entirety.

(19) Amend Section 410.4 "Substitutions" to read:

"Where restaurants provide drinking water in a container free of charge, drinking fountains shall not be required in those restaurants. In other occupancies where drinking fountains are required, removable type water dispensers shall be permitted to be substituted for not more than 50 percent of the required number of drinking fountains. Approved permanently installed type bottle filler may be used as a substitution for the required drinking fountain(s)."

(20) Amend subsection 413.3 "Size of floor drains" to read;

"Floor drains shall have a drain outlet not less than 3 inches in diameter."

(21) Amend Section 414.1 "Approval" to read:

" Sanitary floor sink drains shall be a minimum of 3 inches and shall conform to the requirements of ASME A112.6.7."

(22) Amend Section 424.1 Approval to read:

"Urinals shall conform to ASME A112.19.2/ CSA B45.1, ASME A112.19.19 or CSA B45.5/IAPMO Z124. Urinals shall conform to the water consumption requirements of Section 604.4. Water-supplied urinals shall conform to the hydraulic performance requirements of

ASME A112.19.2/CSA B45.1 or CSA B45.5/IAPMO Z124. The use of non-water or water-less urinals is prohibited.

(23) Delete subsection 602.3.4 "Disinfection of system" in its entirety.

(24) Amend subsection 606.1 "Location of full-open valves" to read:

Full-open valves shall be installed in the following locations:

1. On the water distribution supply pipe at the entrance into the structure.
2. On the discharge side of every water meter.
3. On the base of every water riser pipe in occupancies other than multiple-family residential occupancies that are two stories or less in height and in one- and two family residential occupancies.
4. On the top of every water down-feed pipe in occupancies other than one- and two-family residential occupancies.
5. On the entrance to every water supply pipe to a dwelling unit, except where supplying a single fixture equipped with individual stops.
6. On the water supply pipe to a gravity or pressurized water tank.
7. On the water supply pipe to every water heater.
8. All pot fillers to be equipped with approved shut-off valves.

(25) Amend subsection 604.8 "Water pressure-reducing valve or regulator" to read:

Where water pressure within a building exceeds 80 psi (552 kPa) static, an approved water pressure-reducing valve conforming to ASSE 1003 or CSA B356 with strainer shall be installed to reduce the pressure in the building water distribution piping to not greater than 80 psi (552 kPa) static. The water pressure-reducing valve must be either be installed inside the building or inside an approved enclosure that is design per ASSE 1060. Backflow preventer must be installed per section 608 and 608.15.

Exception: Service lines to sill cocks and outside hydrants, and main supply risers

where pressure from the mains is reduced to 80 psi (552 kPa) or less at individual fixtures.

(26) Section 606.2, Location of shutoff valves. Delete item #2 in its entirety.

(27) Amend subsection 607.2.1 " Circulation systems and heat trace systems for maintaining heated water temperature in distribution systems." to read:

For Group R2, R3 and R4 occupancies that are three stories or less in height above grade plane, the installation of heated water circulation and temperature maintenance systems shall be in accordance with Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board. For other than Group R2, R3 and R4 occupancies the installation of heated water circulation and heat trace systems shall be in accordance with the Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board.

(28) Amend subsection 701.2 "Connection to sewer required" to read:

"Every building in which plumbing fixtures are installed and all premises having drainage piping shall be connected to a public sewer, where available, or an approved private sewer disposal system in accordance with the Inspection Department and the Madison County Health Department."

(29) Amend subsection 701.3 "Separate sewer connection" to read:

"Every independent building having plumbing fixtures installed and intended for human habitation, occupancy or use on premises abutting on a street, alley or easement in which there is a public sewer shall have a separate connection with the sewer. All sewer installations must follow the City of Huntsville Water Pollution Control Manual.

(30) Add new subsection 703.7 "Building sewer minimum size" to read:

All building sewers shall be a minimum of 4" inch in size and shall be tested out to the easement or other approved location."

(31) Add new subsection 704.1.1 "Minimum size drainage piping" to read:

All 1 ½" inch drainage piping is prohibited in horizontal underground applications."

(32) Amend subsection 705.3.3 "Mechanical joint coupling. Mechanical joint couplings for hubless pipe and fittings shall consist of an elastomeric sealing sleeve and a metallic shield that comply with CISPI 310, ASTM C1277 or ASTM C1540. The elastomeric sealing sleeve shall conform to ASTM C564 or CSA B602 and shall be provided with a center stop. Mechanical joint couplings shall be installed in accordance with the manufacturer's instructions. The use of rubber couplings without shear bands in horizontal underground applications shall be prohibited.

(33) Amend subsection 904.1 "Required vent extensions" to read:

"The vent system serving each building drain shall have not less than one vent pipe that extends to the outdoors. All open vent pipes that extend through a roof shall be terminated at least 8 inches above the roof, except that where a roof is occupied as a habitable space for any purpose, the vent shall be extend to 7 feet above the roof if the vent termination is within 6 feet of the occupied space."

(34) Add subsection 912.1.2 "Prohibited horizontal wet vent design" to read:

"On a horizontal wet vent, water closets cannot wash past another fixture trap without a vent or being revented."

DIVISION 7. INTERNATIONAL MECHANICAL CODE

Sec. 7-199. Adoption; edition; copies.

(a) Subject to subsection (b), there is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of establishing rules and regulations within the city for the construction, alteration, equipment, use and occupancy, location, removal and demolition of buildings or structures, including permits and penalties, a certain code known as the International Mechanical Code, 2018 edition, Chapters 1—11,14, 15 and appendix "A", published by the International Code Council, Inc., save and except such portions as are deleted, modified or amended in this division; and the provisions of such code shall be controlling as provided in this section.

(b) Any energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in structures shall meet the Alabama Energy Codes, as deleted, modified or amended in division 11.
(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-200. Deletions, modifications and amendments.

The International Mechanical Code, 2018 edition, Chapters 1—11,14,15 and appendix "A" as adopted in this division, are deleted, modified and amended as follows:

(1) Amend subsection 101.2 "Scope", to read:

"This code shall regulate the design, installation, maintenance, alteration and inspection of mechanical systems that are permanently installed and utilized to provide control of environmental conditions and related processes within buildings. This code shall also regulate those mechanical systems, system components, equipment and appliances specifically addressed herein. The installation of fuel gas distribution piping and equipment, fuel gas-fired appliance venting systems shall be regulated by the International Fuel Gas Code.

Exception: Mechanical systems in existing buildings undergoing repair, alterations, or additions, and change occupancy shall be permitted to comply with the International Existing Building Code."

(2) Delete subsection (A) 106.1.1 "Annual permit" & subsection (A) 106.1.2 "Annual permit records" in its entirety.

(3) Amend subsection 106.5.2 "Fee Schedule" to read:

Permit valuation shall include total value of the work for which a permit is being issued, such valuation shall include all materials and labor.

(a) For residential one- and two-family dwellings with mechanical work governed by this code, the permit shall be the amount assessed in the following manner:

An issuing fee of. . . . . $ 25.00

In addition:

Fee for heating, ventilation, duct, air conditioning, and refrigeration systems shall be ten ($10.00) for the first one thousand dollars ($1000.00) of valuation of the installation plus two ($2.00) dollars for each additional one thousand ($1000.00) dollars or fraction thereof.

Repairs, alterations, and additions to an existing system where cost is over five hundred ($500.00) dollars shall be two ($2.00) dollars per each one thousand ($1000.00) dollars or fraction thereof in valuation. Where alterations, repairs, and additions to an existing system where the cost is under five hundred ($500.00) dollars where an inspection is required, the fee shall be five ($5.00) dollars.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged

at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(b) For commercial buildings or commercial structures with mechanical work governed by this code, the permit shall be the amount assessed in the following manner:

An issuing fee of. . . . . $ 50.00

In addition:

Fee for heating, ventilation, duct, air conditioning, and refrigeration systems shall be ten ($10.00) for the first one thousand dollars ($1000.00) of valuation of the installation plus two ($2.00) dollars for each additional one thousand ($1000.00) dollars or fraction thereof.

Repairs, alterations, and additions to an existing system where cost is over five hundred ($500.00) dollars shall be two ($2.00) dollars per each one thousand ($1000.00) dollars or fraction thereof in valuation. Where alterations, repairs, and additions to an existing system where the cost is under five hundred ($500.00) dollars where an inspection is required, the fee shall be five ($5.00) dollars.

In all buildings, except one (1) and two (2) family dwellings using self-contained air conditioning units less than two tons, the fee charged shall be for the total cost of all units combined (see above for the rate). Minimum fee shall be $50.00.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(4) Amend subsection 107.2 "Required inspections and testing" to read

MECHANICAL & GAS

(1) *Slab*: To be made if gas lines or mechanical work is run under or through the slab. Inspection is to be made before the work is covered.

(2) *Rough-In Inspection / Wall Rough*: When all gas lines and refrigeration lines that are to be concealed are run inside structure prior to insulation and drywall. All ductwork in concealed locations must be inspected prior to installation of drywall.

(3) *Above Ceiling Inspection*: This inspection, (typically applicable on commercial projects), is to be done after grid is installed and before ceiling tiles are placed. Inspection will verify equipment installation, service clearances, fire dampers, duct work and registers.

(4) *Final Inspection*: When all gas appliances are installed and completed, and all mechanical work finished. Service clearance area around all indoor and outdoor units must be provided based on code and manufacturer requirements.

(5) Delete Section 109 "Means of Appeal" in its entirety.

(6) Amend subsection 201.3 "Terms defined in other codes" to read:

"Where terms are not defined in this code such terms shall have the meanings ascribed in other codes publications of the International Code Council and as defined per NFPA 70".

(7) Amend Section 202 "General Definitions" the following definitions to read as:

"Ready Access (To)" to read:

"That which enables a device, appliance or equipment to be directly reached, without requiring the removal or movement of any panel or similar obstruction

[see "Access (to)] Appliances located on the roof or other elevated locations shall be capable of being reached without requiring potable ladders, chairs, etc. A ladder pull down disappearing type or permanent stairway fastened to the building shall be provided leading to the attic opening or roof, unless approved by the Building Official. This requirement may be waived for the replacement of units installed before January 1986, in one- and two-family dwellings, provided a means of providing access to the units for inspection purposes exists."

(8) Amend subsection 301.2 "Energy utilization" to read:

"Heating, ventilating and air-conditioning systems of all structures shall be designed and installed for efficient utilization of energy in accordance with the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board; compliance to the current State of Alabama Energy Code must be verified by a State of Alabama Licensed Third-Party Energy Consultant or a State of Alabama Registered Design Professional."

(9) Amend subsection 301.16 Flood Hazard" to read:

"For structures located in the flood hazard areas, mechanical systems, equipment and appliances shall be located in accordance with Article 62 of the City of Huntsville Zoning Ordinance."

(10) Amend subsection 303.3 "Prohibited locations" to read:

"Fuel-fired appliances shall not be located in, or obtain combustion air from, any of the following rooms or spaces:

(A) Sleeping rooms

(B) Bathrooms

(C) Toilet rooms

(D) Storage closets

(E) Surgical rooms

Exception: This section shall not apply to the following appliances:

(1) Direct-vent appliances that obtain all combustion air directly from the outdoors.

(2) Solid fuel-fired appliances provided that the room is not a confined space and the building is not of unusually tight construction.

(3) Appliances installed in a dedicated enclosure in which all combustion air is taken directly from the outdoors, in accordance with Chapter 7. Access to such enclosure shall be through a solid door, weather-stripped in an approved manner and equipped with an approved self-closing device.

(11) Add subsection 306.3 Appliances in attics to be accessible" to read:

"All appliances in attics must be accessible and meet the requirements as found in the definition of Ready Access (To). Attics containing appliances shall be provided with an opening and unobstructed passageway large enough to allow removal of the largest appliance. The passageway shall be not less than 30 inches (762 mm) high and 22 inches (559 mm) wide and not more than 20 feet (6096 mm) in length measured along the centerline of the passageway from the opening to the appliance. The passageway shall have continuous solid flooring not less than 24 inches (610 mm) wide. A level service space not less than 30 inches (762 mm) deep and 30 inches (762 mm) wide shall be present at the front or service side of the appliance. The clear access opening dimensions shall be not less than 20 inches by 30 inches (508 mm by 762 mm), and large enough to allow removal of the largest appliance.

(12) Add subsection 306.3.1.1 "Disconnect Location" to read:

"Disconnecting means shall be within 6 feet and readily accessible from the appliance. The disconnecting means may be installed on or within the appliance. The disconnecting means shall not be located on panels that are designed to allow access to the appliance and shall not cover the manufacture's labeling. "

(13) Amend subsection 306.4.1 "Electrical requirements" to read:

"A lighting fixture controlled by a switch located at the required passageway opening and a receptacle outlet shall be provided at or near the appliance location in accordance with the NFPA 70.

(14) Amend subsection: 306.5. "Equipment and appliances on roofs or elevated structures" shall read:

"All equipment and appliances on roofs or elevated structures shall meet definition on regulations for Ready Access (To)." Where equipment requiring access or appliances are located on an elevated structure or the roof of a building such that personnel will have to climb above grade to access such equipment or appliances, an interior or exterior means of access shall be provided. Such access shall not require climbing over obstructions greater than 30 inches (762 mm) in height or walking on roofs having a slope greater than 4 units vertical in 12 units horizontal (33-percent slope). Such access shall not require the use of portable ladders. Where access involves climbing over parapet walls, the height shall be measured to the top of the parapet wall. Permanent ladders installed to provide the required access shall comply with the following minimum design criteria:

1. The side railing shall extend above the parapet or roof edge not less than 30 inches (762 mm).
2. Ladders shall have rung spacing not to exceed 14 inches (356 mm) on center. The uppermost rung shall be not greater than 24 inches (610 mm) below the upper edge of the roof hatch, roof or parapet, as applicable.
3. Ladders shall have a toe spacing not less than 6 inches (152 mm) deep.
4. There shall be not less than 18 inches (457 mm) between rails.
5. Rungs shall have a diameter not less than 0.75-inch (19 mm) and be capable of withstanding a 300-pound (136.1 kg) load.
6. Ladders over 30 feet (9144 mm) in height shall be provided with offset sections and landings capable of withstanding 100 pounds per square foot (488.2 kg/m2). Landing dimensions shall be not less than 18 inches (457 mm) and not less than the width of the ladder served. A guard rail shall be provided on all open sides of the landing.
7. Climbing clearance. The distance from the centerline of the rungs to the nearest permanent object on the climbing side of the ladder shall be not less than 30 inches (762 mm) measured perpendicular to the rungs. This distance shall be maintained from the point of ladder access to the bottom of the roof hatch. A minimum clear width of 15 inches (381 mm) shall be provided on both sides of the ladder measured from the midpoint of and parallel with the rungs except where cages or wells are installed.
8. Landing required. The ladder shall be provided with a clear and unobstructed bottom landing area having a minimum dimension of 30 inches (762 mm) by 30 inches (762 mm) centered in front of the ladder.
9. Ladders shall be protected against corrosion by approved means.

10. Catwalks installed to provide the required access shall be not less than 24 inches (610 mm) wide and shall have railings as required for service platforms.

    Exception: This section shall not apply to Group R-3 occupancies.

(15) Amend subsection [F] 311.1 "Required" to read:

"Approved smoke and heat vents shall be installed in the roofs of one story buildings where required by the International Fire Code. Smoke and heat vents shall be designed and installed in accordance with the International Fire Code.

Exception: This section does not apply to one- and two-family dwellings built on a fee simple lot."

(16) Amend subsection 312.1 "Load calculations" to read:

"Heating and cooling systems design loads for the purpose of sizing systems, appliances and equipment shall be determined in accordance with the procedures described in the ASHRAE/ACCA Standard 183. Alternatively, design loads shall be determined by an approved equivalent computation procedure, using the design parameters specified in the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board;"

(17) Amend 514.1 "General" to read:

"Energy recovery ventilation systems shall be installed in accordance with this section. Where required for purposes of energy conservation, energy recovery ventilation systems shall comply with the manufactures requirements and with the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board. Compliance with the current State of Alabama Energy Code must be verified by a State of Alabama Licensed Third-Party Energy Consultant or a State of Alabama Licensed Design Professional."

(18) Add subsection 602.2.1 "HVAC and furnace closet" to read:

Any installation or design combination in which a HVAC unit, appliance and/or furnace installations is installed in a confined closet with an open plenum area were a wall louver or louvered door is utilized to convey return air flow, shall be prohibited from having any open indirect waste receptor, hub drain, floor drain or other open drainage device in which condensation drains, water heater drains & relief lines discharges into the sanitary sewer.

(19) Amend subsection 602.2.1.1 "Wiring" to read:

"Combustible electrical or electronic wiring methods and materials, optical fiber cable, and optical fiber raceway exposed within a plenum shall have a peak optical density not greater than 0.50, an average optical density not greater than 0.15, and a flame spread not greater than 5 feet when tested in accordance with NFPA 262 or shall be installed in metal raceways or metal sheathed cable. Combustible optical fiber and communication raceways exposed within a plenum shall be listed and labeled as having a peak optical density not greater than 0.5, an average optical density not greater than 0.15, and a flame spread distance not greater than 5 feet (1524 mm) when tested in accordance with UL2024. Wiring, cable, and raceways addressed in this section shall be listed and labeled as plenum rated and shall be installed in accordance with the NFPA 70. "

(20) Amend subsection 603.6.1 "Flexible air ducts" to read:

"Flexible air ducts, both metallic and non-metallic, shall be tested in accordance with U.L. 181. Such ducts shall be listed and labeled as Class 0 or Class 1 flexible air connectors and shall be installed in accordance with Section 304.1 Bends in flexible duct shall be made such that the

centerline radius of the bend is at least one duct diameter. Ducts should extend a few inches beyond the end of the point of attachment before bending. Ducts shall not be kinked or compressed. In one- and two-family dwellings where a flex duct attaches to a straight boot, a 90-degree elbow shall be used."

(21) Amend subsection 603.9 "Joints, seams, and connections, to read:

"All longitudinal and transverse joints, seams, and connections in metallic and non-metallic ducts shall be constructed, installed and sealed as specified in SMACNA HVAC Duct Construction Standards-Metal and Flexible and SMACNA/NAIMA Fibrous Glass Duct Construction Standards. Joints, longitudinal and transverse seams and connections in ductwork shall be securely fastened and sealed with welds, gaskets, mastics (adhesives), mastic-plus-embedded-fabric systems, liquid sealants or tapes. Tapes and mastics used to seal fibrous glass ductwork shall be listed and labeled in accordance with UL 181A and shall be marked "181 A-P" for pressure-sensitive tape, "181 A-M" for mastic or "181 A-H" for heat-sensitive tape. Tapes and mastics used to seal metallic and flexible air ducts and flexible air connectors shall comply with UL 181B and shall be marked "181 B-FX" for pressure-sensitive tape or "181 B-M" for mastic. Duct connections to flanges of air distribution system equipment shall be sealed and mechanically fastened. Mechanical fasteners for use with flexible nonmetallic air ducts shall comply with UL 181B and shall be marked "181 B-C." Closure systems used to seal all ductwork shall be installed in accordance with the manufacturer's instructions.

Exception: For ducts having a static pressure classification of less than 2 inches of water column (500 Pa), additional closure systems shall not be required for continuously welded joints and seams and locking-type joints and seams. This exception shall not apply to snaplock and button-lock type joints and seams located outside of conditioned spaces. "

(22) Amend subsection 604.1 "General" shall read:

"Duct insulation shall conform to the requirements of Sections 604.2 through 604.13 and with the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board. Compliance with the current State of Alabama Energy Code must be verified by a State of Alabama Licensed Third-Party Energy Consultant or a State of Alabama Licensed Design Professional. All ducts located in unconditioned spaces including but not limited to attics, crawl spaces, basements, and garages as well as those located outside of the building must be insulated.

(23) Amend subsection 606.1 "Controls required" to read:

"Air distribution systems shall be equipped with smoke detectors listed and labeled for installation in air distribution systems, as required by this section. Duct smoke detectors shall comply with UL 268A. Other smoke detectors shall comply with UL 268.

Exception: This section does not apply to one- and two-family dwellings built on a fee simple lot."

(24) Amend subsection 606.2.1 "Return air systems" to read:

"Except in one- and two-family dwellings built on a fee simple lot, smoke detectors shall be installed in return air systems with a design capacity greater than 2000 cfm ($0.9m^3/s$), in the return air duct or plenum up steam of any filters, exhaust air connections, outdoor air connections, or decontamination equipment and appliances.

Exception: Smoke detectors are not required in the return air system where all portions of the building served by the air distribution system are protected by

area smoke detectors connected to a fire alarm system in accordance with the International Fire Code. The area smoke detection system shall comply with Section 606.4."

DIVISION 8. INTERNATIONAL FUEL GAS CODE/NFPA 54 AND 58

Sec. 7-201. Adoption; edition; copies.

(a) Subject to subsection (b), there is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of establishing rules and regulations within the city for the construction, alteration, equipment, use and occupancy, location, removal and demolition of buildings or structures, including permits and penalties, a certain code known as the International Fuel Gas Code, 2018 edition, Chapters 1—8 and appendices "A", "B", "C", and "D" as published by the International Code Council, Inc., and NFPA pamphlet numbers NFPA 54, 2015 edition and NFPA 58, 2017 edition, published by the National Fire Protection Association, save and except such portions as are deleted, modified or amended in this division; and the provisions of such codes shall be controlling as provided in this section. The 2018 International Fuel Gas Code shall apply to the piping and the installation of both natural and liquefied petroleum gases within the City of Huntsville, Alabama. NFPA pamphlet numbers NFPA 54, 2015 edition and NFPA 58, 2017 edition shall apply to handling and storage of liquefied petroleum gases within the City of Huntsville, Alabama.

(b) Any energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in structures shall meet the Alabama Energy Codes, as deleted, modified or amended in division 11.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-202. Deletions, modifications and amendments.

The International Fuel Gas Code, 2018 edition, Chapters 1—8 and appendices "A", "B", "C", and "D" and NFPA pamphlet numbers NFPA 54, 2015 edition and NFPA 58, 2017 edition, as published by the National Fire Protection Association, as adopted in this division, are deleted, modified and amended as follows:

(1) Amend subsection 101.2 "Scope", to read:

"This code shall apply to the installation of fuel-gas piping systems, fuel-gas utilization equipment and related accessories in accordance with Sections 101.2.1 through 101.2.5.

Exception: As an alternative to the provisions of this code, fuel-gas piping systems, fuel-gas utilization equipment and related accessories in existing buildings that are undergoing repairs, alterations, changes in occupancy or construction of additions shall be permitted to comply with the provisions of the International Existing Building Code."

(2) Delete subsection [A] 106.1.1 "Annual permit" & subsection [A] 106.1.2 "Annual permit records" in its entirety.

(3) Amend subsection 106.5.2 "Fee Schedule", to read:

The fees for all fuel gas work shall be as indicated in the following schedule:

(a) For residential one- and two-family dwellings with fuel gas work governed by this code, the permit shall be the amount assessed in the following manner:

An issuing fee of..... $ 25.00

In addition:

For each permit shall be paid as required at the time of filing application. Other permit fees shall be based on the total British Thermal Unit, hereafter referred to as BTU, input load for the installation shall be as follows:

a. 150,000 BTU or less ..... $ 25.00

b. 150,001 BTU to 250,000 BTU 30.00

c. 250,001 BTU to

	500,000 BTU	35.00
d.	500,001 BTU to 1,000,000 BTU...	40.00
e.	1,000,001 BTU to 1,500,000 BTU...	65.00
f.	1,500,001 BTU to 3,000,000 BTU...	100.00
g.	Over 3,000,000 BTUs	150.00

Permit fees for an unsafe service ("Lock Off") shall be $25.00.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(b) For commercial buildings or commercial structures with fuel gas work governed by this code, the permit shall be the amount assessed in the following manner:

An issuing fee of..... $ 50.00

In addition:

Fees shall be based on the total British Thermal Unit, hereafter referred to as BTU, input load for the installation shall be as follows:

a.	150,000 BTU or less	$ 25.00
b.	150,001 BTU to 250,000 BTU	30.00
c.	250,001 BTU to 500,000 BTU	35.00
d.	500,001 BTU to 1,000,000 BTU...	40.00
e.	1,000,001 BTU to 1,500,000 BTU...	65.00
f.	1,500,001 BTU to 3,000,000 BTU...	100.00
g.	Over 3,000,000 BTUs	150.00

Permit fees for an unsafe service ("Lock Off") shall be $50.00.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(4) Amend subsection 107.2 "Required inspections and testing" to read

MECHANICAL & GAS

(1) *Slab*: To be made if gas lines or mechanical work is run under or through the slab. Inspection is to be made before the work is covered.

(2) *Rough-In Inspection / Wall Rough*: When all gas lines and refrigeration lines that are to be concealed are run inside structure prior to insulation and drywall. All ductwork in concealed locations must be inspected prior to installation of drywall.

(3) *Above Ceiling Inspection*: This inspection, (typically applicable on commercial projects), is to be done after grid is installed and before ceiling tiles are placed. Inspection will verify equipment installation, service clearances, fire dampers, duct work and registers.

(4) *Final Inspection*: When all gas appliances are installed and completed, and all mechanical work finished. Service clearance area around all indoor and outdoor units must be provided based on code and manufacturer requirements.

(5) Delete Section 109 "Means of Appeal" in its entirety.

(6) Amend subsection 201.3 "Terms defined in other codes" to read:

"Where terms are not defined in this code such terms shall have the meanings ascribed in other codes publications of the International Code Council and as defined per NFPA 70".

(7) Amend Section 202 "General Definitions" The following definitions to read as:

"[M] Ready Access (To)" to read:

"That which enables a device, appliance or equipment to be directly reached, without requiring the removal or movement of any panel or similar obstruction [see "Access (to)] Appliances located on the roof or other elevated locations shall be capable of being reached without requiring potable ladders, chairs, etc. A ladder pull down disappearing type or permanent stairway fastened to the building shall be provided leading to the attic opening or roof, unless approved by the Building Official. This requirement may be waived for the replacement of units installed before January 1986, in one- and two-family dwellings, provided a means of providing access to the units for inspection purposes exists."

(8) Amend subsection 301.2 "Energy utilization" to read:

"Heating, ventilating and air-conditioning systems of all structures shall be designed and installed for efficient utilization of energy in accordance with the current State of Alabama Energy Code as adopted by the Alabama Energy and Residential Codes Board; compliance to the current State of Alabama Energy Code must be verified by a State of Alabama Licensed Third-Party Energy Consultant or a State of Alabama Registered Design Professional."

(9) Delete subsection 303.7 "Pit locations" in its entirety.

(10) Amend subsection [M] 306.1 "Access for maintenance and replacement" to read:

" Clearances around appliances, control devices, heat exchangers and HVAC components that utilize energy shall be accessible for inspection, service, repair and replacement without disabling the function of a fire-resistance-rated assembly or removing any permanent construction, other appliances, or any other piping or ducts not connected to the appliance being inspected, serviced, repaired or replaced. A level working space not less than 30 inches (762 mm) deep and 30 inches (762 mm) wide shall be provided in front of the control side to service an appliance. (See definition "Ready Access To)"

(11) Amend subsection 401.5 "Identification" to read:

For other than steel pipe, exposed piping shall be identified by a yellow label marked "Gas" in black letters. All two (2) pound systems must be marked and identified for the entire developed length of the pipping. The marking shall be spaced at intervals not exceeding 5 feet (1524 mm). The marking shall not be required on pipe located in the same room as the appliance served.

(12) Amend Subsection 402.3 "Sizing" to read:

"All gas piping shall be sized to natural gas standards to the point of exterior connection. Piping shall be sized to natural gas standards using one of the following:

1. Pipe sizing tables or sizing equations in accordance with section 402.4 or 402.5 as applicable.
2. The sizing tables included in a listed piping system's manufacturer's installation instruction.
3. Other approved engineering methods."

(13) Amend subsection 403.5.3 "Copper and copper alloy tubing" to read:

"Copper tubing shall comply with standard "K" or "L" of ASTM B88 or ASTM B280. Copper and coper alloy tubing shall not be used if the gas contains more than an average of 0.3 grains of hydrogen sulfide per 100 standard cubic feet of gas (0.7 milligrams per 100 liters). Underground copper tubing must be protected and must comply with ASTM B88 or ASTM B280. Underground copper may only be used between the tank and house piping or as approved by the code official. Interior copper and copper alloy tubing is only allowed to be used between rigid piping and appliances."

(14) Delete subsection 403.5.4 "Aluminum tubing" in its entirety.

(15) Amend subsection 403.5.5 "Corrugated stainless-steel tubing" to read:

"Corrugated stainless steel tubing shall be tested and listed in compliance with the construction, installation and performance requirements of ANSI LC 1/CSA 6.26. Tubing must be continuous from the supply to the demand. No splicing or joining of tubing will be allowed.

All fittings must be continuously accessible.

All fittings and manifolds must be readily accessible. (See definitions)

Installations shall be made in accordance with the manufacture's installation procedures or instructions except where the manufacture's procedures or instructions conflict with this or other sections of this code, as adopted by the City of Huntsville. A copy of the manufacturer's instructions and procedures must be available at the jobsite for review by the code official."

(16) Amend subsection 404.12 "Minimum burial depth" to read:

"Underground piping systems shall be installed a minimum depth of 12 inches below grade, except as provided for in Section 404.12.1. No gas piping shall be placed underground closer than 8 inches from a water pipe or sewer line.

(17) Amend subsection 404.12.1 "Individual outdoor appliances" to read:

Individual gas piping to outdoor lights, grills, other appliance and equipment shall be installed at a minimum depth of 12 inches below finish grade. If a minimum of 12 inches of cover cannot be maintained, the pipe shall be installed in conduit or bridged (shielded). Buried gas metal piping shall be welded connection and properly electrically isolated and protected."

(18) Amend subsection 406.4.1 "Test pressure" to read:

The test pressure to be used shall be not less than 11/2 times the proposed maximum working pressure, with a minimum test pressures as followed:

Low pressure (not in excess of one (1) psig) gas piping shall withstand a pressure of at least ten (10) psig for a period of not less than ten (10) minutes without showing any drop in pressure or as stated in 406.4.2 "test duration".

A two (2) psig gas piping system shall withstand a test of thirty-five (35) psig for a period of not less than thirty (30) minutes.

For a two (2) psig system you must have a connected load of at least 450 MBH and/or approval from the Huntsville Utility Gas Department prior to installation.

Higher pressure (above 2 psig) piping shall withstand a test of at least fifty (50) psig, but never less than twice the maximum operating pressure of the system. The duration of the test shall not be less than twenty-four (24) hours. No drop in pressure will be permitted. A chart of recorded tests shall be provided to the gas inspector.

(19) Amend subsection 409.5.1 "Located within same room" to read:

"Equipment shutoff valves shall be located in the same room as the appliance. The shutoff valve shall be within 6 feet (1829 mm) of the appliance, and shall be upstream of the union, connector or quick disconnect device it serves. Shutoffs must be accessible without removing panels and must be located at the front or side of the appliance and out of the heat source. Appliance shutoff valves located in the firebox of a fireplace shall be installed in accordance with the appliance manufacturer's instructions."

(20) Amend subsection 503.7 "Single-wall metal pipe" to read:

"Single-wall gas vents shall not be used within any building or within five (5) feet of any building within the city limits of the City of Huntsville, unless specified by the equipment manufacturer. Single-wall gas vents where allowed shall comply with Sections 503.7.1 through 503.7.13."

(21) Amend subsection 503.10.1 "Where required" to read:

"A vent connector shall be used to connect an appliance to a gas vent, chimney, or single-wall metal pipe, except where the gas vent, chimney, or single-wall metal pipe directly connected to the equipment. All single-wall metal pipe shall be as short as practical to achieve connection."

(22) Amend subsection 503.10.2.2 "Vent connectors located in unconditioned areas" to read:

"Where the vent connector used for an appliance having a draft hood or a category I appliance is located in or passes through attics, crawl spaces or other unconditioned spaces, that portion of the vent connector shall be listed Type B or Type L or listed vent material or listed material having equivalent insulation properties."

(23) Amend subsection 602.1 "General" to read:

"Decorative appliances for installation in approved solid fuel-burning fireplaces shall be tested in accordance with ANSI Z21.60/CSA 6.26 and shall be installed in accordance with the manufacture's installation instructions."

(24) Amend subsection 602.2 "Flame safeguard device" to read:

"Decorative appliances for installation in approved solid fuel-burning fireplaces shall utilize a direct ignition device, an igniter or a pilot flame to ignite the fuel at the main burner and shall be equipped with a flame safeguard device. The flame safeguard device shall automatically shut off the fuel supply to a main burner or group of burners when the means of ignition of such burners becomes inoperative."

(25) Amend subsection 603.1 "General" to read:

"Log lighters are prohibited."

(26) Amend subsection 609.2 "Placement" to read:

"The following provisions apply to floor furnaces.

(1) *Floors*. Floor furnaces shall not be installed in the floor of any doorway, stairway landing, aisle or passageway of any enclosure, public or private, or in an exit way from any such room or space.

(2) *Walls and corners*. The register of a floor furnace with a horizontal warm-air outlet shall not be placed closer than 6 inches to the nearest wall. A distance of at least 18 inches from adjoining sides of the floor furnace register to walls shall be provided to eliminate the necessity of occupants walking over the warm-air discharge. The remaining sides shall be permitted to be placed not closer than 6

inches to a wall. Wall-register models shall not be placed closer than 6 inches to a corner.

(3) *Draperies*. The furnace shall be placed so that a door, drapery or similar object cannot be nearer than 12 inches to any portion of the register of the furnace.

(4) *Floor construction*. Floor furnaces shall not be installed in concrete floor construction built on grade.

(5) *Thermostat*. The controlling thermostat for a floor furnace shall be located within the same room or space as the floor furnace or shall be located in an adjacent room or space that is permanently open to the room or space containing the floor furnace.

(6) No equipment shall be installed below ground level at installation location. Seepage pans and basins are prohibited."

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

DIVISION 9. NATIONAL ELECTRICAL CODE

Sec. 7-203. Adoption; edition; copies.

(a) Subject to subsection (b), there is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of establishing rules and regulations within the city for the construction, alteration, equipment, use and occupancy, location, removal and demolition of buildings or structures, including permits and penalties, a certain code known as the National Electrical Code, 2017 edition, Article 90 and Chapters 1—9, published by the National Fire Prevention Association, Inc., save and except such portions as are deleted, modified or amended in this; and the provisions of such code shall be controlling as provided in this section.

(b) Any energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in structures shall meet the Alabama Energy Codes, as deleted, modified or amended in division 11.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-204. Deletions, modifications and amendments.

The National Electrical Code, 2017 edition of NFPA 70, Article 90 and Chapters 1—9 as adopted in this division, are deleted, modified and amended as follows:

(1) Add subsection 90.4 (A) "Fees" to read:

Permit valuation shall include total value of the work for which a permit is being issued, such valuation shall include all materials and labor. Before any permit is granted for the installation or alteration of electrical equipment, the person making application for permit shall pay such fee(s) to the City of Huntsville Inspection Department.

The fees for all electrical work shall be as indicated in the following schedule:

(A) For residential one- and two-family dwellings electrical work governed by this code shall be the amount assessed in the following manner:

(a) For New Construction:

(1) For service entrance not exceeding two hundred twenty-five (225) amperes, a permit fee of ($25.00) dollars plus twenty ($.20) cents for each burning opening, toggle switch, or receptacle plus thirty ($.30) cents for each power opening or receptacle.

(2) For service entrance not exceeding four hundred (400) amperes, a permit fee of thirty ($30.00) dollars plus twenty ($.20) cents for each burning opening, toggle switch, or

receptacle plus thirty ($.30) cents for each power opening or receptacle.

(3) For service entrance over four hundred (400) amperes through eight hundred amperes, a permit fee of forty ($40.00) dollars plus twenty ($.20) cents for each burning opening, toggle switch, or receptacle plus thirty ($.30) cents for each power opening or receptacle.

(4) For service entrance exceeding eight hundred (800) amperes, a permit fee of fifty ($50.00) dollars plus one (1) percent of the total contract price.

(b) For additions, alterations, repairs, and service changeovers less than ($1000) dollars total labor and materials and service changeovers less than (800) eight hundred amperes:

One permit fee of ($25.00) dollars plus one (1) percent of the cost of the total contract price.

(c) For additions, alterations, repairs, and service changeovers more than ($1000) dollars total labor and materials and service changeovers more than (800) eight hundred amperes:

One permit fee of forty ($40) dollars plus one (1) percent of the cost of the total contract price.

(d) For a temporary pole permit a fee of $25.00.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(B) For commercial buildings or commercial structures with electrical work governed by this code, shall be the greater of $50.00 or the amount assessed in the following manner:

(a) For new construction of, alterations to, repairs to, and/or additions to, buildings or to other structures multiply total cost of the contract value by .01 (1%).

(b) For low voltage wiring for new construction, renovations, alternations and or repairs of commercial projects total cost of the contract value multiplied by .01 (1%).

(c) For a temporary electrical pole permit for commercial construction the fee shall be $50.00.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(2) Add new subsection 230.85 'Emergency Disconnects" to read:

For one- and two-family dwelling units, all service conductors shall terminate in disconnecting means having a short-circuit current rating equal to or greater than the available fault current, installed in a readily accessible outdoor location.

If more than one disconnect is provided, they shall be grouped. Each disconnect shall be one of the following:

(1) Service disconnect marked as follows:

EMERGENCY DISCONNECT,
SERVICE DISCONNECT

(2) Meter disconnects per 230.82(3) and marked as follows:

EMERGENCY DISCONNECT,
METER DISCONNECT,
NOT SERVICE EQUIPMENT

(3) Other listed disconnect switches or circuit breakers on the supply side of each service disconnect that are suitable for use as service equipment and marked as follows:

EMERGENCY DISCONNECT,
NOT A SERVICE EQUIPMENT

Markings shall comply with 110.21(B)

(3) Amend subsection 440.14 "Location" to read:

"Disconnecting means shall be within 6 feet and readily accessible from the HVAC or refrigerating equipment. The disconnecting means may be installed on or within the HVAC or refrigerating equipment. (See 210.63) The disconnecting means shall not be located on panels that are designed to allow access to the HVAC or refrigeration equipment and shall not cover manufacturers labeling."

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

DIVISION 10. INTERNATIONAL SWIMMING POOL AND SPA CODE

Sec. 7-205. Adoption; edition; copies.

(a) Subject to subsection (b), there is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of establishing rules and regulations within the city for the construction, alteration, equipment, use and occupancy, location, removal and demolition of buildings or structures, including permits and penalties, a certain code known as the International Swimming Pool and Spa Code, 2018 edition, published by the International Code Council, Inc., save and except such portions as are deleted, modified or amended in this division; and the provisions of such code shall be controlling as provided in this section.

(b) Any energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in structures shall meet the Alabama Energy Codes, as deleted, modified or amended in division 11.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-206. Deletions, modifications and amendments.

The International Swimming pool and Spa code, 2018 edition, Chapters 1—11 as adopted in this division, are deleted, modified and amended as follows:

(1) Amend subsection 105.6.2 "Fee Schedule", to read:

Swimming pool permit valuation shall include total value of the work for which a permit is being issued, such as electrical, gas, mechanical, plumbing equipment and other permanent systems, including materials and labor.

The fees for all swimming pool and spa work shall be as indicated in the following schedule:

(A) Building permits for the construction of, alterations to, repairs to, and/or additions to, buildings or other residential structures governed by this code shall be assessed in the following manner:

(a) For new, alterations to, repairs to, and/or additions to, swimming pools and spas for residential structures governed by this code, the permit fee shall be the greater of $25.00 or the amount of the total contract price multiplied by .0055 of the full estimated cost of work for each building or

structure; however, this section shall not apply to the repair of any building whenever the reasonable cost of the material and labor for such repair is not in excess of $250.00 and no structural work is involved.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections.

(B) For commercial swimming pool and spa work governed by this code, shall be the greater of $50.00 or the amount assessed in the following manner:

(a) For new, alterations to, repairs to, and/or additions to, swimming pools and spas for commercial structures governed by this code, the permit fee shall be the greater of $50.00 or the amount of the total contract price multiplied by .0055 of the full estimated cost of work for each building or structure; however, this section shall not apply to the repair of any building whenever the reasonable cost of the material and labor for such repair is not in excess of $250.00 and no structural work is involved.

If for any reason an installation does not pass inspection, an additional inspection shall be made after the installation has been changed so as to conform to the requirements set forth in the article. A re-inspection fee may be charged at the rate as follows: 1st re-inspection $25.00, 2nd re-inspection $50.00, 3rd re-inspection $75.00, 4 or more re-inspections $100.00.

(2) Section [A] "Means of Appeals" shall be deleted in its entirety.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

DIVISION 11. ALABAMA ENERGY CODES

Sec. 7-207. Adoption; edition; copies.

There is hereby adopted, and incorporated herein by reference as if set out at length in this section, for the purpose of regulating the energy-efficient building envelopes and installation of energy-efficient mechanical, lighting and power systems in residential and commercial structures, the International Energy Conservation Code, 2015 Edition, published by the International Code Council, Inc., and the ANSI/ASHRAE/IES Standard 90.1—2013, as such code or standard is or may be amended at any time and from time to time by the rules promulgated by the Alabama Energy and Residential Codes Board, including, but not necessarily limited to, Ala. Admin. Code §§ 305-2-4-.08 and 305-2-4-.10, which such amendments of said board are incorporated herein by reference as if set out at length in this section (which said code and standard as amended by said board are referred to in this article as the "Alabama Energy Codes"); save and except such portions of such Alabama Energy Codes as are deleted, modified or amended in this division; and the provisions of such codes shall be controlling as provided in this section.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Sec. 7-208. Deletions, modifications and amendments.

The Alabama Energy Codes, as adopted in this division, are deleted, modified and amended as follows:

(1) Compliance with the Alabama Energy Codes must be verified by a State of

Alabama Licensed Third-Party Energy Consultant or by a State of Alabama Registered Design Professional.

(2) Alabama Energy Codes compliance steps throughout the construction process.

a. *Step one:* Prior to beginning construction and/or at plan review submission for all project other than residential one- and two-family dwellings, the building permit applicant/designer is required to submit a simple document confirming that the proposed project design is in compliant with the Alabama Energy Codes.

b. *Step two*: Submit a simple document from your chosen energy verifier to confirm that compliance is achieved in concealed spaces prior to requesting a framing inspection and applying drywall. (Inspection requests for a framing inspection will not be accepted without this documentation.)

c. *Step three*: Before the certificate of occupancy can be issued, a final energy certificate confirming the project is in full compliance with the Alabama Energy Codes must be submitted from energy verifier.

(Ord. No. 21-1006, § 2, 11-18-2021, eff. 1-1-2022)

Cross reference—Definitions generally, § 1-2.

Sec. 7-312. Remedial.

This article is declared to be remedial and shall be construed to secure its beneficial interests and purposes, which are public safety, health and general welfare through structural strength, stability, sanitation, adequate light and ventilation, and safety to life and property from fire and other hazards incident to the construction, alteration, repair, removal, demolition, use or occupancy of residential buildings and accessory structures.
(Ord. No. 90-174, § 101.2, 4-26-1990)

Sec. 7-313. Scope.

(a) The provisions of this article shall apply to all buildings, all accessory structures located on residential property, used or unused, designed or intended to be used for human habitation or the storage of materials associated with human habitation.

(b) This article establishes minimum standards for occupancy and does not replace or modify standards otherwise established for construction, replacement or repair of buildings except such as are contrary to the provisions of this article.

(c) Buildings or structures moved into or within the jurisdiction shall comply with the requirements of the applicable building code as adopted by the City of Huntsville for new buildings to the extent determined by the building official.
(Ord. No. 90-174, § 101.3, 4-26-1990; Ord. No. 07-171, § 2, 3-8-2007)

Sec. 7-314. Existing buildings.

(a) Alterations, repairs or rehabilitation work may be made to any existing building without requiring the building to comply with all the requirements of this article provided the alteration, repair or rehabilitation work conforms to the requirements of this article for new construction. The housing official shall determine, subject to appeal to the board of adjustments and appeals, the extent, if any, to which the existing building shall be made to conform to the requirements of this article for new construction.

(b) Alterations, repairs or rehabilitation work shall not cause an existing building to become unsafe as defined in section 7-352.

(c) If the occupancy classification of an existing building or structure is changed, the building or structure shall be made to conform with the requirements for the new occupancy classification as determined by the building official.

(d) Repairs and alterations, not covered by the preceding subsections of this section, restoring a building to its condition previous to damage or deterioration, or altering it in conformity with the provisions of this article or in such manner as will not extend or increase an existing nonconformity or hazard, may be made with the same kind of materials as those of which the building is constructed, but not more than 25 percent of the roof covering of a building shall be replaced in any period of 12 months unless the entire roof covering is made to conform with the requirements of this article for new buildings.
(Ord. No. 90-174, § 101.4, 4-26-1990)

Sec. 7-315. Special historic buildings and districts.

The provisions of this article relating to the construction, alteration, repair, enlargement, restoration, relocation or moving of buildings or structures shall not be mandatory for existing buildings or structures identified and classified by the state or local jurisdiction as historic buildings when such buildings or structures are judged by the housing official to be safe and in the public interest of health, safety and welfare regarding any proposed construction, alteration, repair, enlargement, restoration, relocation or moving of buildings within fire districts. The applicant must submit complete architectural and engineering plans and specifications bearing the seal of a registered professional engineer or architect.
(Ord. No. 90-174, § 101.5, 4-26-1990)

Sec. 7-316. Maintenance.

(a) All buildings or structures, both existing and new, shall be maintained in a sanitary and safe condition. All devices or safeguards which are required by this article in a building when erected, altered or repaired shall be maintained in good working order. All fixtures, devices or attachments to a building or structure shall be properly installed, maintained and kept in good working order and free from defects. The owner or his agent shall be responsible for the maintenance of buildings, structures and premises.

(b) All mobile homes, house trailers and manufactured homes, whether used or unused, designed or intended to be used for human habitation shall be maintained in a safe and sanitary condition. All devices, systems, facilities, safeguards, structural members or other parts shall be properly installed, maintained and kept in good working order. Unless otherwise required, repairs necessary to restore the structure to its original condition prior to any decay, deterioration or damage may be made with the same kind, type and size of materials with which the structure was constructed, provided such repairs and materials meet the minimum standards set forth by the HUD Manufactured Home Standards Program.
(Ord. No. 90-174, § 101.6, 4-26-1990)

Sec. 7-317. Application of zoning ordinance.

Nothing in this article shall be construed to cancel, modify or set aside any provision of the zoning ordinance (app. A of this Code) of the authority having jurisdiction.
(Ord. No. 90-174, § 101.7, 4-26-1990)

Sec. 7-318. Violations and penalties.

Any person who shall violate a provision of this article, or fail to comply with this article, or with any of its requirements, or who shall erect, construct, repair, alter, demolish, or move any building or structure, or has erected, constructed, repaired, altered, demolished or moved any building or structure in violation of this article shall be guilty of a misdemeanor. Each such person shall be deemed guilty of a separate offense for each and every day, or portion of a day, during which a violation of any provision of this article is committed or continued, and, upon conviction of such violation, shall be punished as provided in section 1-7.
(Ord. No. 90-174, § 108, 4-26-1990)

Secs. 7-319—7-340. Reserved.

DIVISION 2. ADMINISTRATION AND ENFORCEMENT*

Sec. 7-341. Enforcement officer.

There is established by the applicable governing body provisions for the enforcement of this article by the housing official.
(Ord. No. 90-174, § 102.1, 4-26-1990)

Sec. 7-342. Restrictions on employees.

An officer or employee of the code enforcement division shall not be financially interested in the furnishing of labor, materials or appliances for the construction, alteration, repair, or maintenance of a building, or in the making of plans or specifications for a building unless he is the owner of the building. Such officer or employee shall not engage in any work or activity which is inconsistent with his duties or with the interests of the department.
(Ord. No. 90-174, § 102.2, 4-26-1990)

Sec. 7-343. Records.

The housing official shall keep or cause to be kept a record of the business of the department.
(Ord. No. 90-174, § 102.3, 4-26-1990)

Sec. 7-344. Right of entry.

(a) The housing official shall enforce the provision of this article; and he, or his duly authorized representative, upon presentation of proper identification to the owner, agent or tenant in charge of such property, may enter any building, structure, dwelling, apartment, apartment house or premises, during all reasonable hours, except in cases of emergency where extreme hazards are known to exist which may involve the potential loss of life or severe property damage, in which case these limitations do not apply.

(b) No person, owner, or occupant of any building, structure, or premise shall refuse to permit entry into any building, structure, or premises or onto any property by the housing official or his authorized representative after proper credentials are displayed at a reasonable hour for the purpose of inspections pursuant to this article. Any person violating this section shall be guilty of a misdemeanor and subject to the fines and penalties as stated in section 1-7 of this Code.
(Ord. No. 90-174, § 103.1, 4-26-1990; Ord. No. 07-171, § 3, 3-8-2007)

*__Cross reference—__Administration, ch. 2.

Sec. 7-345. Requirements not covered by article.

Any requirement, not specifically covered by this article found necessary for the safety, health and general welfare of the occupants of any dwelling shall be determined by the housing official subject to appeal to the housing board of adjustments and appeals.
(Ord. No. 90-174, § 103.3, 4-26-1990)

Sec. 7-346. Liability.

Any officer or employee, or member of the housing board of adjustments and appeals, charged with the enforcement of this article, in the discharge of his duties shall not thereby render himself liable personally, and he is relieved from all personal liability for any damage that may accrue to persons or property as a result of any act required or permitted in the discharge of his duties. Any suit brought against any officer or employee because of this article shall be defended by the department of law until the final termination of the proceedings.
(Ord. No. 90-174, § 103.4, 4-26-1990)

Sec. 7-347. Reports.

The housing official shall annually submit a report to the chief administrator covering the work of the department during the preceding year. He shall incorporate in that report a summary of the decisions of the housing board of adjustments and appeals during the year.
(Ord. No. 90-174, § 103.5, 4-26-1990)

Sec. 7-348. Letter of compliance.

A letter indicating compliance with the provisions of this article may, upon request, be issued by the housing official.
(Ord. No. 90-174, § 103.6, 4-26-1990)

Sec. 7-349. Permits.

Any owner, authorized agent or contractor who desires to construct, enlarge, alter, repair, move, demolish or change a building or structure, or to cause any such work to be done, shall first make application to the inspection division of the city and obtain the required permit.
(Ord. No. 90-174, § 110, 4-26-1990)

Sec. 7-350. Inspections.

The housing official, fire official, building official, or other authorized representatives shall make or cause to be made inspections to determine the condition of residential buildings and premises in the interest of safeguarding the health and safety of the occupants of such buildings and of the general public. For the purpose of making such inspections, the housing official, or his agent, is authorized to enter, examine and survey at all reasonable times all residential buildings and premises. The owner or occupant of every residential building or the person in charge shall give the housing official free access to such residential building and its premises at all reasonable times for the purpose of such inspection, examination and survey.
(Ord. No. 90-174, § 104, 4-26-1990; Ord. No. 07-171, § 4, 3-8-07)

Sec. 7-351. Hardships.

Where the literal application of the requirements of this article would appear to cause undue hardship on an owner or tenant or when it is claimed that the true intent and meaning of this article or any of the regulations in this article have been misconstrued or wrongly interpreted, the owner of such building or structure, or his duly authorized agent, may appeal the decision of the housing official to the housing board of adjustments and appeals, as set forth in section 7-354.
(Ord. No. 90-174, § 105, 4-26-1990)

Sec. 7-352. Substandard residential buildings.

(a) Substandard shall mean a structure that does not meet the requirements of Division 3, Minimum Standards for Basic Equipment and Facilities, of this article. For a structure in violation of the minimum standards as set out in Division 3 of this article to be classified as substandard, the deficiencies which are present must not be so severe as to create an unsafe condition.

(b) Whenever the housing official determines that there are reasonable grounds to believe there has been a violation of this article or any rule or regulation adopted pursuant to this article, which causes a property to be in a substandard condition, he shall give notice of such alleged violation to the responsible person. Such notice shall:

(1) Be in writing.

(2) Include a listing of the violations.

(3) Allow 120 days time from the date the notice is issued to make the required repairs.

(4) State that, if violations are not corrected within the stated time, the housing official may institute legal proceedings charging the person with a violation of this article.

(c) *Service of notice* shall be as follows:

(1) By delivery to the owner personally, or by leaving the notice at the usual place of abode of the owner with a person of suitable age and discretion; or

(2) By depositing the notice in the United States Postal Service addressed to the owner at his last known address with postage prepaid; or

(3) By posting and keeping posted for 24 hours a copy of the notice in a conspicuous place on the premises to be repaired.

(d) When a residential building is to be demolished, it shall be done in accordance with the provisions of Alabama Code Section 11-40-30 *et seq.*, as may be amended.
(Ord. No. 90-174, § 103.2, 4-26-1990; Ord. No. 07-171, § 5, 3-8-2007)

Cross reference—Weed lien and unsafe building demolition assessment, § 14-4.

Sec. 7-353. Designation of unfit dwellings and legal procedure for condemnation.

Any dwelling, dwelling unit or accessory structure which is so damaged, decayed, dilapidated, unsanitary, vermin-infested or unsafe that it creates a hazard to the health or safety of the occupants or the public, or one which lacks illumination, ventilation, or sanitary facilities adequate to protect the health or safety of the occupants or the public, or otherwise meets the definition of unsafe building as defined in this article shall be condemned as unfit for human habitation and shall be declared an unsafe building. Procedures for such condemnation and abatement shall be carried out in the following manner:

(1) *Notice.* The housing official shall prepare and issue a notice of unsafe building directed to the owner or mortgagee of record of the building or structure. The notice shall contain, but not be limited to, the following information:

a. The street address and legal description of the building, structure or premise.

b. A statement indicating that the building or structure has been declared unsafe by the housing official, and a detailed report documenting the conditions determined to have rendered the building or structure unsafe.

c. A statement advising that the owner has the option to repair or demolish the structure, and

1. If the building or structure is to be repaired, all necessary permits shall be acquired and work commenced within 30 days from the issue date of the notice and work completed within 60 days from the issue date of the notice.

2. If the building or structure is to be demolished, all required permits for demolition shall be acquired and work commenced within 30 days from the issue date of the notice and the demolition completed within 60 days from the issue date of the notice.

d. A statement advising that any person having legal interest in the property may appeal the notice by the housing official to the housing board of adjustments and appeals.

(2) *Service of notice.* Service of notice shall be as follows:

a. By delivery to the owner or mortgagee personally, or by leaving the notice at the usual place of abode of the owner with a person of suitable age and discretion; or

b. By certified mail, postage prepaid, return receipt requested, to each person at the address as it appears on file with the tax collector's office. If the addresses are not available on any person required to be served notice, the notice addressed to such person shall be mailed to the address of the building or structure which is the subject of the notice; or

c. By posting, within three days of the date of the mailing, a copy of the notice within three feet of an entrance to the building or structure. If there is no entrance, the notice may be posted in any conspicuous place on the premises which are the subject of the notice.

(Ord. No. 90-174, § 309, 4-26-1990; Ord. No. 07-171, § 6, 3-8-2007)

Sec. 7-354. Occupancy prohibited.

(a) Once the housing official designates a building or structure as unsafe he shall immediately post a placard of such finding at the location of the building or structure. Any person who shall remove or who shall allow the removal of the placard designating the premises as unsafe shall be guilty of a misdemeanor and subject to the fines and penalties as stated in section 1-7 of this Code.

(b) Any person who shall occupy a designated unsafe structure or any owner or other person responsible for the premises who allows any person or animal, as defined in section 5-1 of this Code, to occupy or enter a designated unsafe structure shall be guilty of a misdemeanor and subject to the fines and penalties as stated in section 1-7 of this Code.

(Ord. No. 90-174, § 106, 4-26-1990; Ord. No. 07-171, § 7, 3-8-2007; Ord. No. 18-622, § 1, 8-23-2018)

Cross reference—Boards, commissions, committee and authorities, § 2-1291 et seq.

Sec. 7-355. Housing board of adjustments and appeals.

(a) There is created a board to be known as the housing board of adjustments and appeals, consisting of seven members appointed by the city council. The members shall be residents of the governed area. Members shall be appointed for a term of five years. Vacancies and unexpired terms shall be filled in the same manner as original appointments are made. Any one or more members of the board shall be subject to removal or replacement by the appointing authority. The members of the board shall serve without compensation.

(b) The members of the housing board shall elect a chairman and a vice-chairman. The housing official or his designated representative shall act as secretary to the board, but shall not be a member of the board.

(c) The board shall establish a date for meetings each month on which date all appeals or requests for extension of time on file shall be considered and acted upon by the board. Regular or special meetings may be called by the chairman at any time. Reasonable notice of the place, time and date of such meetings shall be given to all the board members and all interested parties in each case to be heard by the board.

(d) All minutes of the board meeting shall be public records, and the secretary to the board shall keep all records and perform such additional duties as the board may deem proper.

(e) The duties of the housing board of adjustments and appeals shall be to:

(1) Consider and determine appeals whenever it is claimed that the true intent and meaning of this article or any of its regulations have been misconstrued or wrongly interpreted.

(2) Permit, in appropriate cases where the application of the requirement of this article in the allowance of the stated time for the performance of any action required under this article would appear to cause undue hardship on an owner, one or more extensions of time, not to exceed 120 days each, from the date of such decision of the board. Applications for additional extensions of time shall be heard by the board. Such requests for extensions of time shall be filed with the housing official not less than 30 days prior to the current final date for compliance.

(f) An appeal shall not be considered where an appeal case has been previously decided involving the same violation.

(g) The housing board of adjustments and appeals shall establish its own rules of procedure for accomplishment of its duties and functions, but such rules shall not be in conflict with the provisions of this article and the laws of the state.

(h) All decisions of the housing board of adjustments and appeals to vary the application of any provision of this article or to modify an order of the housing official shall specify in what manner such variance or modification is made, the condition upon which it is made, and the reasons. Every decision shall be in writing. A copy of all decisions shall be promptly filed in the office of the housing official and shall be open to public inspections. The secretary shall notify the appellant in writing of the final action of the board.

(i) Any decision rendered by the housing board of adjustments shall constitute a final and binding decision for purposes of appeal.

(j) Any person who fails to appear at a hearing set in accordance with the provisions stated in this article shall constitute a waiver of his

right to an administrative hearing on all violations contained within the disputed official notice. (Ord. No. 90-174, § 107, 4-26-1990; Ord. No. 07-171, § 8, 3-8-2007)

Sec. 7-356. Appeals.

Any person receiving written notice from the housing official of deficiencies in his property

under this article may, within 21 days following the date of such notice, enter an appeal in writing to the housing board of adjustments and appeals. Such appeal shall be signed by all appellants and shall:

(1) Identify the subject building or structure by street address or legal description;

(2) Identify the appellant's legal interest in the subject building or structure;

(3) Identify the specific housing official order or the specific section of these articles being appealed and the number of the official notice issued by the housing official;

(4) Identify the official mailing address of all appellants.

If a variance or modification is requested, the appellant must state the variance or modification requested, the reasons, and the hardship or conditions upon which the appeal is made.
(Ord. No. 07-171, § 9, 3-8-2007)

Sec. 7-357. Violations, interference, and failure to comply with final order.

(a) Any owner, person, agent, manager, operator, firm or corporation who shall violate a provision of this article, or fail to comply therewith, or with any of the requirements thereof, or who shall erect, construct, alter, demolish or move any building or structure, or has erected, constructed, altered, repaired, moved or demolished a building or structure in violation of this article shall be guilty of a separate offense for each and every violation of the provisions of this article and for each and every day that the violation continues, and shall be guilty of a misdemeanor and subject to the fines and penalties as stated in section 1-7 of this Code.

(b) Any person who obstructs or interferes with the implementation of any action required by the final order of the housing official or the board of adjustment shall be guilty of a misdemeanor and subject to the fines and penalties as stated in section 1-7 of this Code.

(c) Any owner who after an order of the housing official or the decision of the board of adjustment becomes final fails or refuses to comply with such order shall be guilty of a misdemeanor and shall be subject to the fines and penalties as set forth in section 1-7 of this Code.
(Ord. No. 07-171, § 10, 3-8-2007)

Secs. 7-358—7-380. Reserved.

DIVISION 3. MINIMUM STANDARDS FOR BASIC EQUIPMENT AND FACILITIES

Subdivision I. In General

Sec. 7-381. Compliance required.

No person shall occupy as owner-occupant or let or sublet to another for occupancy any dwelling or dwelling unit designed or intended to be used for the purpose of living, sleeping, cooking, or eating; nor shall any vacant dwelling building be permitted to exist which does not comply with the requirements of this division.
(Ord. No. 90-174, § 301, 4-26-1990)

Sec. 7-382. Roominghouses.

(a) *Compliance exceptions.* No person shall operate a roominghouse, or shall occupy or let to another for occupancy any rooming unit in any roominghouse, except in compliance with the provisions of every section of this article except for the provisions of sections 7-381, 7-383 and 7-388.

(b) *License required.* No person shall operate a roominghouse unless he holds a valid roominghouse license.

(c) *Water closet, lavatory and bath facilities.* At least one flush water closet, lavatory basin and bathtub or shower, properly connected to water and sewer system and in good working condition, shall be supplied for each four rooms within a roominghouse wherever such facilities are shared. All such facilities shall be located on the floor they serve within the dwelling so as to be reasonably accessible from a common hall or passageway to all persons sharing such facilities.

(d) *Water heater required.* Every lavatory basin and bathtub or shower shall be supplied with hot water at all times.

(e) *Minimum floor area for sleeping purposes.* Every room occupied for sleeping purposes by one person shall contain at least 70 square feet of floor space. Every room occupied for sleeping purposes by more than one person shall contain at least 50 square feet of floor space for each occupant.

(f) *Exit requirements.* Every rooming unit shall have safe, unobstructed means of egress leading to safe and open space at ground level, as required by the building code of the applicable governing body.

(g) *Sanitary conditions.* The operator of every roominghouse shall be responsible for the sanitary maintenance of all walls, floors and ceilings, and for maintenance of a sanitary condition in every other part of the roominghouse, and shall be further responsible for the sanitary maintenance of the entire premises where the entire structure or building is leased or occupied by the operator.
(Ord. No. 90-174, § 308, 4-26-1990)

Sec. 7-383. Facilities required.

(a) *Sanitary facilities.* Every dwelling unit shall contain not less than a kitchen sink, lavatory, tub or shower, and a water closet, all in good working condition and properly connected to an approved water and sewer system. Every plumbing fixture and water and waste pipe shall be properly installed and maintained in good sanitary working condition free from defects, leaks and obstructions.

(b) *Location of sanitary facilities.* All required plumbing fixtures shall be located within the dwelling unit and be accessible to the occupants. The water closet, tub or shower, and lavatory shall be located in a room affording privacy to the user by means of a properly installed and fitted door, complete with proper hardware in good working order. Bathrooms shall be accessible from habitable rooms, hallways, corridors, or other protected or enclosed areas. Bathrooms shall not open directly into or from a kitchen or other food preparation area.

(c) *Hot and cold water supply.* Every dwelling unit shall have connected to the kitchen sink, lavatory, and tub or shower an adequate supply of both cold and hot water. All water shall be supplied through an approved distribution system connected to a potable water supply.

(d)*Water heating facilities.* Every dwelling unit shall have water heating facilities which are properly installed and maintained in a safe and good working condition and capable of heating water to such a temperature as to permit an adequate amount of water to be drawn at every required kitchen sink, lavatory basin, bathtub or shower at a temperature not less than 120 degrees Fahrenheit. Minimum storage capacity of such water heating facilities shall be equivalent to 30 gallons (104l). Such water heating facilities shall be capable of meeting the requirements of this subsection when the dwelling or dwelling unit heating facilities are not in operation. Apartment houses may use a centralized water heating facility capable of heating an adequate amount of water as required by the applicable plumbing code as adopted by the city (division 6, article IV of this chapter) to not less than 120 degrees Fahrenheit.

(e) *Heating facilities.*

(1) Every dwelling unit shall have permanent heating facilities which are capable of safely and adequately heating all habitable rooms and bathrooms to a temperature of 68 degrees Fahrenheit at a distance three feet above floor level, under minimum winter conditions.

(2) All heating appliances, equipment and systems and their parts shall be properly installed and maintained in accordance with the provisions of the applicable code of the inspection division of the city, whether gas, electric, mechanical, or any other.

(3) Unvented fuel burning heaters shall be prohibited except for gas heaters listed for unvented use and the total input rating of

the unvented heaters is less than 30 Btu per hour per cubic foot of room content. Unvented fuel burning heaters shall be prohibited in bedrooms or in any area used for sleeping.

(f) *Kitchen facilities.* Every dwelling unit shall have a kitchen area equipped with the following minimum facilities:

(1) Food preparation surfaces that are impervious to water and free from defects which might trap food or liquids.

(2) Cabinets, shelving or drawers for the storage of food, cooking utensils and eating utensils.

(3) Properly installed facilities for the installation of a permanent or freestanding cookstove, either electric or gas. Portable electric cooking equipment shall not fulfill this requirement.

(4) All cooking equipment shall be maintained in a safe and good working condition. Portable cooking equipment employing flame shall be prohibited.

(g) *Garbage disposal facilities.* Every dwelling unit shall have adequate garbage disposal facilities or garbage storage containers, of a type and location approved by the city.

(h) *Fire protection.* A person shall not occupy as owner-occupant or let to another for occupancy any building or structure which does not comply with the applicable provisions of the fire prevention code of the city (article II of chapter 13).

(i) *Smoke detector systems.* Every dwelling unit shall be provided with an approved smoke detector, continuously powered by the electrical service of the dwelling unit, and installed in accordance with the electrical and fire prevention codes of the city (division 3, article IV of this chapter and article II of chapter 13). When activated, the detector shall initiate an alarm which is audible in all rooms used for sleeping. Single-family dwellings constructed prior to August 1, 1985, that are occupied by the owner may use smoke detectors powered by batteries.
(Ord. No. 90-174, § 302, 4-26-1990; Ord. No. 07-171, § 11, 3-8-2007)

Sec. 7-384. Light and ventilation.

(a) *Windows.* Every habitable room shall have at least one window or skylight facing directly to the outdoors. The minimum total window area, measured between stops, for every habitable room shall be eight percent of the floor area of such room. Whenever walls or other portions of structures face a window of any such room and such light-obstructing structures are located less than three feet from the window and extend to a level above that of the ceiling of the room, such window shall not be deemed to face directly to the outdoors and shall not be included as contributing to the required minimum total window area. Whenever the only window in a room is a skylight-type window in the top of such room, the total window area of such skylight shall be equal to at least 15 percent of the total floor area of the room.

(b) *Ventilation.*

(1) Every habitable room shall have at least one window or skylight which can easily be opened, or such device as will adequately ventilate the room. The total openable window area in every habitable room shall equal at least 45 percent of the minimum window area size or minimum skylight-type window size, as required, or shall have other approved, equivalent ventilation.

(2) Year-round mechanically ventilating conditioned air systems may be substituted for windows, as required in this section, in rooms other than rooms used for sleeping purposes. Window-type air conditioning units are not included in this exception.

(c) *Bathroom.* Every bathroom shall comply with the light and ventilation requirements for habitable rooms, except that no window or skylight shall be required in adequately ventilated bathrooms equipped with an approved ventilating system.

(d) *Electric lights and outlets.* Where there is electric service available to the building structure, every habitable room or space shall contain at least two separate and remote electrical receptacle outlets. Bedrooms shall have, in addition, at

least one wall switch controlled lighting fixture or outlet. In kitchens, two separate and remote electrical receptacle outlets and a wall or ceiling type lighting fixture controlled by a wall switch shall be required. An electrical receptacle outlet rendered inaccessible by appliances shall not be considered as one of the required outlets in a kitchen area. Every hall, water closet compartment, bathroom, laundry room or furnace room shall contain at least one wall or ceiling type light fixture. In bathrooms and water closet compartments, the light fixture shall be controlled by a wall switch. In addition to the light fixture in every bathroom and laundry room, there shall be provided at least one electrical receptacle outlet. Any bathroom, kitchen or outside electrical receptacle outlet shall have ground-fault circuit interrupter (GFI) protection.

(e) *Light in public halls and stairways.* Every common hall and inside stairway in every building, other than one-family dwellings, shall be adequately lighted at all times with an illumination of at least one footcandle intensity at the floor in the darkest portion of the normally traveled stairs or passageway.
(Ord. No. 90-174, § 303, 4-26-1990; Ord. No. 07-171, § 12, 3-8-2007)

Sec. 7-385. Electrical systems.

Every electrical outlet and fixture, all electrical wiring and equipment, and their components shall be installed, maintained and connected to a source of electric power in accordance with the electrical code as adopted by the city, as administered by the inspection division.
(Ord. No. 90-174, § 304, 4-26-1990)

Sec. 7-386. Dwelling space requirements.

(a) *Required space in dwelling unit.* Every dwelling unit shall contain at least 150 square feet of floor space for the first occupant and at least 100 additional square feet of floor area per additional occupant. The floor area shall be calculated on the basis of the total area of all habitable rooms.

(b) *Required space in sleeping rooms.* In every dwelling unit, any room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space. Any room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant.

(c) *Minimum ceiling height.*

(1) Habitable (space) rooms other than kitchens, storage rooms and laundry rooms shall have a ceiling height of not less than seven feet. Hallways, corridors, bathrooms, water closet rooms and kitchens shall have a ceiling height of not less than seven feet measured to the lowest projection from the ceiling.

(2) If any room in a building has a sloping ceiling, the prescribed ceiling height for the room is required in only half the room area. No portion of the room measuring less than five feet from the finished floor to the finished ceiling shall be included in any computation of the minimum room area.

(Ord. No. 90-174, § 306.3, 4-26-1990)

Sec. 7-387. Occupancy of dwelling unit below grade.

No basement or cellar space shall be used as a habitable room or dwelling unit unless:

(1) The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness;

(2) The total window area in each room is equal to at least the minimum window area size as required in section 7-384(a);

(3) Such required minimum window area is located entirely above the grade of the ground adjoining such window area; and

(4) The total of openable window area in each room is equal to at least the minimum as required under section 7-384(b)(1).

(Ord. No. 90-174, § 306.4, 4-26-1990)

Sec. 7-388. Sanitation requirements.

(a) Every owner of a multiple dwelling shall be responsible for maintaining in a clean and sanitary condition the shared or common areas of the dwelling and premises.

(b) Every tenant of a dwelling unit shall keep in a clean and sanitary condition that part of the dwelling, dwelling unit and premises which he occupies or which is provided for his particular use.

(c) Every tenant of a dwelling or dwelling unit shall dispose of all his garbage and any other organic waste which might provide food for rodents and all rubbish in a clean and sanitary manner by placing it in the garbage disposal facilities or garbage or rubbish storage containers.

(d) It shall be unlawful for the owner or occupant of a residential building, structure or property to utilize the premises of such residential property for the open storage of any abandoned motor vehicle, icebox, refrigerator, stove, glass, building material, building rubbish or similar items. It shall be the duty and responsibility of every such owner or occupant to keep the premises of such residential property clean and to remove from the premises all such abandoned items as listed in this subsection, including but not limited to weeds, dead trees, trash, garbage, etc., upon notice from the housing official.

(e) Every occupant of a single-dwelling building and every owner of a building containing two or more dwelling units shall be responsible for the extermination of any insects, rodents or other pests within the building or premises; however, the extermination of wood-destroying organisms, insects or pests shall, in all cases, be the responsibility of the building owner.

(f) Every tenant of a dwelling unit shall keep all plumbing fixtures in the unit in a clean and sanitary condition and shall be responsible for the exercise of reasonable care in their proper use and operation.
(Ord. No. 90-174, § 307, 4-26-1990)

Secs. 7-389—7-410. Reserved.

Subdivision II. Exterior and Interior of Structures

Sec. 7-411. Foundation.

(a) The building foundation system shall be maintained in a safe manner and capable of supporting the load which normal use may cause to be placed on the system.

(b) Every manufactured home shall be secured to the ground by means of an anchoring system, or other foundation system, that is designed to resist overturning, uplift and lateral movement of the manufactured home from wind or other forces.
(Ord. No. 90-174, § 305.1, 4-26-1990)

Sec. 7-412. Exterior walls.

Every exterior wall shall be free of holes, cracks, breaks, loose or rotting boards or timbers, and any other conditions which might admit rain or dampness to the interior portions of the building. All siding material shall be kept in good repair and sound condition.
(Ord. No. 90-174, § 305.2, 4-26-1990)

Sec. 7-413. Roofs.

(a) Roofs shall be structurally sound and maintained in a safe manner and have no defects which might admit rain or cause dampness in the walls, ceilings or interior portion of the building.

(b) All portions, additions or sections of a roof, including but not limited to fascia, eaves, soffit, sheathing, rafter tails, barge rafters, vent screening, gutters, downspouts, roof jacks, and lead or metal flashing, shall be complete with all trim strips, moldings, brackets, braces and supports in accordance with common building practices. No item shall display signs of deterioration, abuse or improper installation that could be construed to affect the purpose of that item or cause damage to the immediate area or roof structure, that could allow dampness or admit rain to the interior of the building.
(Ord. No. 90-174, § 305.3, 4-26-1990)

Sec. 7-414. Means of egress.

Every dwelling unit shall have safe, unobstructed means of egress with minimum ceiling height of seven feet leading to safe and open space at ground level. Stairs shall have a minimum headroom of six feet eight inches. In a multifamily building or structure a safe, continuous and unobstructed path of travel to a safe and open space or public way shall be provided. All means of egress doors shall be readily openable from the

side from which egress is made without the use of keys or tools, and shall be equipped with the proper hardware.
(Ord. No. 90-174, § 305.4, 4-26-1990; Ord. No. 04-947, 12-9-2004)

Sec. 7-415. Stairs, porches and appurtenances.

Every inside and outside stair, porch and any appurtenance shall be safe to use and capable of supporting the load that normal use may cause to be placed thereon and shall be kept in sound condition and good repair.
(Ord. No. 90-174, § 305.5, 4-26-1990)

Sec. 7-416. Protective railings.

Protective railings shall be required on any unenclosed area over 30 inches from the ground level or on any steps containing four risers or more.
(Ord. No. 90-174, § 305.6, 4-26-1990)

Sec. 7-417. Windows.

(a) Every window shall be substantially weathertight, watertight and rodentproof, and shall be kept in sound working condition and good repair.

(b) Every window sash shall be fully supplied with glass window panes or an approved substitute which are open without open cracks or holes.

(c) Window sashes shall be properly fitted and weathertight within the window frame.

(d) Every window required for light and ventilation for habitable rooms shall be capable of being easily opened and secured in position by proper window hardware.
(Ord. No. 90-174, §§ 305.7—305.10, 4-26-1990)

Sec. 7-418. Exterior doors.

(a) Every exterior door, basement or cellar door and hatchway shall be substantially weathertight, watertight and rodentproof, and shall be kept in sound working condition and good repair.

(b) Every exterior door shall be provided with properly installed hardware that is maintained to ensure reasonable ease of operation to open, close and secure in an open or closed position, as intended by the manufacturer of the door and the attached hardware.

(c) Exterior door frames shall be properly maintained and shall be affixed with weatherstripping and thresholds as required to be substantially weathertight, watertight and rodent and insect restrictive when the door is in a closed position.

(d) Exterior door jambs, stops, headers and moldings shall be securely attached to the structure, maintained in good condition without splitting or deterioration that would minimize the strength and security of the door in a closed position. Hasp lock assemblies shall be prohibited for use on any exterior door of a dwelling unit.
(Ord. No. 90-174, §§ 305.11, 305.12, 4-26-1990)

Sec. 7-419. Screens.

Dwelling units which do not have an adequate mechanical air conditioning system shall have screens on all exterior windows and doors used or required for ventilation. Screens on windows and doors shall be properly fitted to the opening, properly stretched, and properly maintained, without rips, tears or other defects. All screen doors and storm doors shall be equipped with a self-closing device.
(Ord. No. 90-174, § 305.13, 4-26-1990)

Sec. 7-420. Protective treatment.

(a) All exterior wood surfaces, including but not limited to doors, door and window frames, cornices, porches, trim, balconies, decks and other structures shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective treatment or covering.

(b) All metal surfaces subject to rust and/or corrosion, including ornamental or wrought iron, shall be painted or otherwise coated to inhibit such rust and/or corrosion, and all surfaces with rust and/or corrosion present shall be stabilized and painted, coated or otherwise treated to in-

hibit and prevent future rust and/or corrosion. Oxidation stains shall be removed from exterior surfaces. All finish siding must be of a material intended, designed and suitable for exterior use and shall be weather resistant and watertight.

(c) Any peeling, flaking, and/or chipped paint shall be eliminated and the surface shall be repainted or otherwise protected.

(d) All masonry joints must be sufficiently tuck pointed with mortar and shall be maintained to insure watertightness and airtightness.
(Ord. No. 90-174, § 305.14, 4-26-1990; Ord. No. 04-947, 12-9-2004)

Sec. 7-421. Accessory structures.

All accessory structures, including but not limited to detached garages, storage buildings, play houses, walls, and other structures shall be maintained and kept in good repair and in sound structural condition. All sections of this Code are applicable as determined by the housing official subject to standard appeal as outlined in section 7-355.
(Ord. No. 90-174, § 305.15, 4-26-1990; Ord. No. 04-947, 12-9-2004; Ord. No. 07-171, § 13, 3-8-2007)

Sec. 7-422. Interior floors, walls and ceilings.

(a) Every floor, interior wall and ceiling shall be substantially rodentproof, shall be kept in sound condition and good repair, and shall be safe to use and capable of supporting the load which normal use may cause to be placed thereon.

(b) Every toilet, bathroom and kitchen floor surface shall be constructed and maintained so as to be substantially impervious to water and so as to permit such floor to be easily kept in a clean and sanitary condition.
(Ord. No. 90-174, § 305.16, 4-26-1990)

Sec. 7-423. Structural supports.

Every structural element of the dwelling shall be maintained structurally sound and show no evidence of deterioration which would render it incapable of bearing normal loads.
(Ord. No. 90-174, § 305.17, 4-26-1990)

Sec. 7-424. Protective railings for interior stairs.

Interior stairs and stairwells more than four risers high shall have handrails located in accordance with the requirements of the applicable building code as adopted by the city. Handrails or protective railings shall be capable of bearing normally imposed loads and maintained in good condition.
(Ord. No. 90-174, § 305.18, 4-26-1990; Ord. No. 07-171, § 14, 3-8-2007)

Sec. 7-425. Firestopping and draftstopping.

(a) Firestopping shall be maintained to cut off all concealed draft openings both horizontal and vertical and to form a fire barrier between floors and between the upper floor and the roof space.

(b) Draftstopping shall be maintained to cut off all concealed draft openings in floor/ceiling assemblies and in attics.
(Ord. No. 90-174, § 305.19, 4-26-1990)

Sec. 7-426. Interior doors.

(a) Every existing interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

(b) Every interior door shall be provided with proper hardware, securely attached and maintained in good working condition. Hasp lock assemblies shall be prohibited for use on any interior door within a dwelling unit.

(c) Privacy of bathrooms shall be afforded by a door complete with privacy hardware intended by the manufacturer for that purpose.
(Ord. No. 90-174, §§ 305.20—305.22, 4-26-1990)

Sec. 7-427. Skirting.

(a) Existing skirting shall be maintained free from broken or missing sections, pieces or cross members. Skirting shall be securely attached and sized from the ground to the lower outside perimeter of the structure.

(b) Replacement or new skirting shall be constructed of materials intended for exterior use and properly sized and mounted to prevent free access to the crawl space of the structure. Crawl space access grille or door shall be sized according to local code requirements.
(Ord. No. 90-174, § 305.23, 4-26-1990)

ARTICLE VI. NONRESIDENTIAL BUILDING MAINTENANCE STANDARDS

DIVISION 1. GENERALLY

Sec. 7-461. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning. Words not defined in this section shall have the meanings stated in the applicable building, mechanical, plumbing, gas, fire prevention, housing, and electrical codes as adopted by the city. Words not defined in these codes or in this section have the meanings in Webster's Ninth New collegiate Dictionary, as revised. Whenever the terms "building," "structure" and "premises" are used in this article, they shall be construed as though followed by the term "or any part thereof."

Accessory structure means any secondary structure the use of which is incidental to that of the main building or structure used, designed or intended to be used for the storage of items or materials, including but not limited to garages, sheds, barns and storage buildings.

Addition means any extension or increase in floor area or height of a building or structure.

Alter and *alteration* mean any change or modification in construction or occupancy.

Applicable governing body means the city council.

Approved means approved by the housing official, or other authority having jurisdiction, of the city.

Basement means that portion of a building between floor and ceiling, which is partly below and partly above grade, but so located that the vertical distance from the grade to the floor below is less than the vertical distance from grade to ceiling; however, the distance from grade to ceiling shall be at least four feet six inches.

Board means the board of adjustments and appeals.

Building means any structure built for the support, shelter or enclosure of persons, animals, chattels or property of any kind which has enclosing walls for 50 percent or more of its perimeter. For the purpose of this article, each portion of a building separated from other portions by a fire wall shall be considered as a separate building.

Building official means the manager of inspection or his duly authorized representative.

Cellar means that portion of a building the ceiling of which is entirely below grade or is less than four feet six inches above grade.

Chief administrator means the mayor.

Division means the code enforcement division of the department of community development of the city.

Dwelling means, when used in this article without other qualifications, a building occupied exclusively for residential purposes by not more than two families.

Egress means an exit or means of getting out from a building, structure, dwelling, dwelling unit or room.

Housing official means the manager of community development, or his duly authorized representative, or such other person charged by the mayor with the administration and enforcement of this article.

Infestation means the presence of any insects, rodents or other pests within or around a dwelling or dwelling unit.

Inspection division and *department* means the inspection division of the city.

Manufactured building means any mobile home, house trailer or other structure, transportable in

one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities.

Nonresidential building means any building or structure used exclusively for purposes other than residential human habitation or its support.

Nuisance means and includes the following:

(1) Any public nuisance known at common law or in equity jurisprudence.

(2) Any attractive nuisance which may prove detrimental to children, whether in a building or structure, on the premises of a building, or upon an unoccupied lot. This includes but is not limited to abandoned wells, shafts, basements or excavations; abandoned refrigerators or iceboxes; abandoned motor vehicles; any structurally unsound fences or structures; or any lumber, trash, fences, debris, litter or vegetation which may prove hazardous for inquisitive minors.

(3) Whatever is dangerous to human life or is detrimental to health or safety, as determined by the housing, building, fire or health official.

(4) Inadequate sewer or plumbing facilities.

(5) Inadequate or obstructed means of egress.

(6) Whatever renders air, food or drink unwholesome or detrimental to the health of human beings, as determined by the housing, building, fire or health official.

Openable area means that part of a window or door that is available for unobstructed ventilation and which opens directly to the outdoors.

Operator means any person who has charge, care or control of a building.

Owner means the holder of the title in fee simple and any person, group of persons, firm, company, association or corporation in whose name tax bills on a property is submitted. It shall also mean any person who, alone or jointly or severally with others, has:

(1) Legal title to any building or structure, with or without accompanying actual possession; or

(2) Charge, care, or control of any building or structure as owner, executor, administrator, trustee, guardian of the estate of the owner, mortgagee or vendee in possession, assignee of rents, lessee, or other person in control of a building; or their duly authorized agents.

Any such person representing the actual owner shall be bound to comply with the provisions of this article, and of rules and regulations adopted pursuant to this article, to the same extent as if he were the owner. It is his responsibility to notify the actual property owner of the reported infractions or violations of this article pertaining to the subject property.

Plumbing means the practice, materials and fixtures used in the installation, maintenance, extension or alteration of all piping, fixtures, appliances and appurtenances in connection with any of the following: sanitary drainage or storm drainage facilities, the venting system and the public or private water supply systems, within or adjacent to any building, structure or conveyance; also, the practice and materials used in the installation, maintenance, extension or alteration of stormwater, liquid waste or sewage, and water supply systems of any premises to their connection with any point of public disposal or other acceptable terminal.

Premises means a lot, plot or parcel of land, including the buildings or structures.

Public area means an unoccupied open space adjoining a building and on the same property that is permanently maintained accessible to the fire department and free of all encumbrances that might interfere with its use by the fire department.

Repair means the replacement of existing work with the same kind or type of material used in the existing work, not including additional work that would change the structural safety of the building

or structure, or that would affect or change required exit facilities, a vital element of an elevator, plumbing, gas piping, wiring of heating installations, or that would be in violation of a provision of law or ordinance. The term "repair" or "repairs" shall not apply to any change of construction.

Required means required by some provision of this article or another applicable code of the city.

Residential building means a building in which families or households live or in which sleeping accommodations are provided, and all dormitories. Such buildings shall include but are not limited to dwellings, multiple dwellings and roominghouses.

Structure means that which is built or constructed, an edifice or building of any kind, or any piece of work that is built, erected or composed of parts joined or fastened together in some manner. The term "structure" shall be construed as if followed by the words "or part thereof."

Supplied means paid for, furnished, or provided by or under the control of an owner or operator.

Value and *valuation,* as applied to a building or structure, mean the estimated cost to replace the building or structure in kind.

Ventilation means the process of supplying and removing air by natural or mechanical means to and from any space.

Yard means an unoccupied open space other than a court.
(Ord. No. 95-634, § 202, 9-28-1995; Ord. No. 07-171, § 15, 3-8-2007)

Cross reference—Definitions generally, § 1-2.

Sec. 7-462. Remedial.

This article is declared to be remedial and shall be construed to secure its beneficial interests and purposes, which are public safety, health and general welfare through structural strength, stability, sanitation, adequate light and ventilation, and safety to life and property from fire and other hazards incident to the maintenance, alteration, repair, removal, demolition, use and occupancy of nonresidential buildings and structures.
(Ord. No. 95-634, § 101.2, 9-28-1995)

Sec. 7-463. Scope.

The provisions of this article shall apply to all buildings that are used, designed or intended to be used for purposes other than residential human habitation, regardless of when such building may have been constructed. This article establishes minimum standards for maintenance and use and does not replace or modify standards otherwise established for occupancy, construction, replacement, alteration or repair of buildings except such as are contrary to the provisions of this article. Buildings or structures moved into or within the jurisdiction shall comply with the requirements of the building code, as adopted by the city, for new buildings.
(Ord. No. 95-634, § 101.3, 9-28-1995; Ord. No. 07-171, § 16, 3-8-2007)

Sec. 7-464. Existing buildings.

(a) The provisions of this article shall apply to all buildings that are used or designed for purposes other than residential human habitation. In the event of legal mixed use occupancy, portions of a building used for residential purposes shall conform to the requirements of the housing code and any other applicable codes as adopted by the city. All other portions of the building shall conform to the requirements of this article.

(b) Alterations, repairs or rehabilitation work may be made to any existing building without requiring the building to comply with all the requirements of this article provided the alteration, repair or rehabilitation work conforms to the requirements of this article for new construction. The housing official shall determine, subject to appeal to the board of adjustments and appeals, the extent, if any, to which the existing building shall be made to conform to the requirements of this article for new construction.

(c) If the occupancy classification of an existing building or structure is changed, the building or structure shall be made to conform with the requirements for the new occupancy classification as determined by the building official.

(d) Repairs and alterations not covered by the preceding subsections of this section, restoring a building to its condition prior to damage or dete-

rioration, or altering it in conformity with the provisions of the building code or in such a manner as will not extend or increase a nonconformity or create a hazard, may be made with the same kind of materials as those of which the building was constructed.

(e) Alterations, repairs or rehabilitation work shall not cause an existing building to become unsafe as defined in section 7-502.
(Ord. No. 95-634, § 101.4, 9-28-1995; Ord. No. 07-171, § 17, 3-8-2007)

Sec. 7-465. Special historic buildings and structures.

The provisions of this article relating to the construction, maintenance, use, alteration, repair, enlargement, restoration, relocation, or moving of buildings or structures shall not be mandatory for existing buildings or structures identified and classified by the state or local jurisdiction as historic buildings when such buildings or structures are judged by the housing official to be safe and when enforcement of the provisions of this article would be inconsistent with laws or regulations applicable to such buildings.
(Ord. No. 95-634, § 101.5, 9-28-1995)

Sec. 7-466. Maintenance.

All nonresidential buildings or structures, both existing and new, shall be maintained in a safe and sanitary condition and in a good state of repair. All devices or safeguards required in a building when erected, altered or repaired shall be maintained in good working order. All fixtures, devices or attachments to a building or structure shall be properly installed, maintained and kept in good working order and free from defects. The owner or his designated agent shall be responsible for the maintenance of such buildings, structures and premises.
(Ord. No. 95-634, § 101.6, 9-28-1995)

Sec. 7-467. Application of zoning ordinance.

Nothing in this Code shall be construed to cancel, modify or set aside any provision of the zoning ordinance of the city (app. A of this Code).
(Ord. No. 95-634, § 101.7, 9-28-1995)

Sec. 7-468. Violations and penalties.

Any person who shall violate a provision of this article, or shall fail to comply with this article, or with any of its requirements, or who shall erect, construct, repair, alter, demolish or move any building or structure, or who has erected, constructed, repaired, altered, demolished, or moved any building or structure in violation of this article shall be guilty of a misdemeanor. Each such person shall be deemed guilty of a separate offense for each and every day during which a violation of any provision of this article is committed or continued, and, upon conviction, shall be punished as provided by section 1-7.
(Ord. No. 95-634, § 108, 9-28-1995)

Secs. 7-469—7-490. Reserved.

DIVISION 2. ADMINISTRATION AND ENFORCEMENT*

Sec. 7-491. Enforcement officer.

There are established by the city provisions for the enforcement of this article by the manager of the community development division or his duly authorized representative.
(Ord. No. 95-634, § 102.1, 9-28-1995)

Sec. 7-492. Restrictions on employees.

No code enforcement officer or employee of the division of community development shall be financially interested in the furnishing of labor, materials or appliances for the construction, alteration, repair, maintenance of a building, or in the making of plans or specifications for a building, unless he is the owner of the building. Such officer or employee shall not engage in any work or activity which is inconsistent with his duties or with the interests of the division of community development.
(Ord. No. 95-634, § 102.2, 9-28-1995)

Sec. 7-493. Records.

The housing official shall keep or cause to be kept a record of the business of the division.
(Ord. No. 95-634, § 102.3, 9-28-1995)

*__Cross reference—__Administration, ch. 2.

Sec. 7-494. Right of entry.

The housing official shall enforce the provisions of this article and, upon presentation of the proper identification to the owner, agent, tenant or other person in charge of such property, he or his duly authorized representative may enter any building, structure or premises, during all reasonable hours, except in cases of emergency where extreme hazards are known to exist which may involve the potential loss of life or severe property damage, in which case the limitations of this section shall not apply.
(Ord. No. 95-634, § 103.1, 9-28-1995)

Sec. 7-495. Nonconforming nonresidential buildings; unsafe nonresidential buildings.

All nonresidential buildings or structures which are unsafe, unfit for use, or not provided with adequate egress, which constitute a fire hazard, or which are otherwise dangerous to human life, or which constitute a hazard to safety or health due to inadequate maintenance, dilapidation, obsolescence or abandonment, or which otherwise meets the definition of unsafe building as defined in this article are considered unsafe buildings. All such buildings or structures are considered illegal and shall be abated by repair and rehabilitation or by demolition in accordance with the provisions of article V of this chapter as adopted by the city.
(Ord. No. 95-634, § 103.2.1, 9-28-1995; Ord. No. 07-171, § 18, 3-8-2007)

Sec. 7-496. Requirements not covered by article.

Any requirement, not specifically covered by this article, found necessary for the safety, health and general welfare of the general public or the occupants of a nonresidential building shall be determined by the housing official, subject to appeal to the board of adjustments and appeals.
(Ord. No. 95-634, § 103.3, 9-28-1995)

Sec. 7-497. Reports.

The housing official shall keep a record of inspections, notices and other information relating to the enforcement of this article.
(Ord. No. 95-634, § 103.4, 9-28-1995)

Sec. 7-498. Letter of compliance.

A letter indicating compliance with the provisions of this article may be issued by the housing official.
(Ord. No. 95-634, § 103.5, 9-28-1995)

Sec. 7-499. Permits.

Any owner, authorized agent or contractor who desires to construct, enlarge, alter, repair, move, demolish or change a building or structure, or to cause any such work to be done, shall first make application to the inspection division of the city and obtain the required permit.
(Ord. No. 95-634, § 110, 9-28-1995)

Sec. 7-500. Inspections.

The housing official shall make or cause to be made inspections to determine the condition of nonresidential buildings and premises in the interest of safeguarding the health, safety and welfare of the occupants, tenants and the general public. For the purpose of making such inspections, the housing official or his agent is authorized to enter, examine and survey at all reasonable times all nonresidential buildings and premises. The owner, tenant or the person in charge shall give the housing official free access to such buildings and its premises at all reasonable times for the purpose of such inspections.
(Ord. No. 95-634, § 104, 9-28-1995)

Sec. 7-501. Hardships.

Where the literal application of the requirements of this article would appear to cause undue hardship on an owner or tenant, or when it is claimed that the true intent and meaning of this article or any of its regulations have been misconstrued or wrongly interpreted, the owner of such building or structure, or his duly authorized agent, may appeal the decision of the housing official to the board of adjustments and appeals, as set forth in section 7-505.
(Ord. No. 95-634, § 105, 9-28-1995)

Sec. 7-502. Substandard nonresidential buildings.

(a) Whenever the housing official determines that there are reasonable grounds to believe there has been a violation of the nonresidential building

minimum maintenance code, or any rule or regulation adopted pursuant to such code, he shall give notice of such alleged violation to the responsible person. Such notice shall:

(1) Be put in writing;

(2) Include a listing of the violations;

(3) Allow 120 days from the date the notice is issued to make the required repairs; and

(4) State that if the violations are not corrected within the stated time, the issuing official may institute legal proceedings charging the person with a violation of this article.

(b) Service of notice shall be as follows:

(1) By delivery to the owner personally, or by leaving the notice at the usual place of abode of the owner with a person of suitable age and discretion;

(2) By depositing the notice in the United States Postal Service addressed to the owner of record at his last known address with postage prepaid; or

(3) By posting and keeping posted for 24 hours a copy of the notice in a conspicuous place on the premises to be repaired.

(Ord. No. 95-634, §§ 103.2.2, 103.2.3, 9-28-1995)

Sec. 7-503. Demolitions.

When a nonresidential building is to be demolished, it shall be done in accordance with all applicable federal, state and local laws, including any applicable ordinances of the city.

(Ord. No. 95-634, § 103.2.4, 9-28-1995)

Sec. 7-504. Board of adjustments and appeals.

(a) The housing board of adjustments and appeals created pursuant to section 7-355 is designated as the board of adjustments and appeals for purposes of this article. All powers, duties and functions of the board of adjustments and appeals for this article are delegated to the housing board of adjustments and appeals.

(b) The duties of the board of adjustments and appeals shall be to:

(1) Consider and determine appeals whenever it is claimed that the true intent and meaning of this article or any of its regulations have been misconstrued or wrongly interpreted.

(2) Permit, in appropriate cases where the application of the requirement of this article in the allowance of the stated time for the performance of any action required under this article would appear to cause undue hardship on an owner, one or more extensions of time not to exceed 120 days each, from the date of such decision of the board. Applications for additional extensions of time shall be heard by the board. Such requests for extensions of time shall be filed with the housing official not less than 30 days prior to the current final date for compliance.

(c) An appeal shall not be considered where an appeal case has been previously decided involving the same violation.

(d) All decisions of the housing board of adjustments and appeals to vary the application of any provision of this article or to modify an order of the housing official shall specify in what manner such variance or modification is made, the condition upon which it is made, and the reasons. Every decision shall be in writing. A copy of all decisions shall be promptly filed in the office of the housing official and shall be open to public inspection. The secretary shall notify the appellant in writing of the final action of the board.

(Ord. No. 95-634, § 106, 9-28-1995; Ord. No. 07-171, § 19, 3-8-2007)

Sec. 7-505. Appeals.

Any person receiving written notice from the housing official of deficiencies in his property under this article may, within 30 days following the date of such notice, enter an appeal, in writing, to the board of adjustments and appeals. Such appeal shall state the location of the property, the date of the notice of violations, and the number of such notice. The appellant must state

the variance or modification requested, the reasons for such request, and the hardship or conditions upon which appeal is made.
(Ord. No. 95-634, § 107, 9-28-1995)

Cross reference—Boards, commissions, committee and authorities, § 2-1291 et seq.

Sec. 7-506. Dangerous structures.

Any nonresidential building or accessory structure which is so damaged, decayed, dilapidated, unsanitary, vermin-infested or unsafe that it creates a hazard to the health or safety of the occupants or the public, or one which lacks illumination, ventilation or sanitary facilities adequate to protect the health or safety of the occupants or the public, or otherwise meets the definition of unsafe building as defined in this article shall be condemned as unfit for human habitation and shall be declared an unsafe building. Procedures for such condemnation, and its abatement, shall be carried out in accordance with the provisions as set out in section 7-353 of this Code.
(Ord. No. 95-634, § 305, 9-28-1995; Ord. No. 07-171, § 20, 3-8-2007)

Cross reference—Environmental management, ch. 12.

Secs. 7-507—7-530. Reserved.

DIVISION 3. MINIMUM STANDARDS FOR BASIC EQUIPMENT AND FACILITIES

Subdivision I. In General

Sec. 7-531. Compliance with division.

No person shall occupy as owner-occupant or let or sublet to another for occupancy any nonresidential structure or building, nor shall any vacant nonresidential building or structure be permitted to exist which does not comply with the requirements of this division.
(Ord. No. 95-634, § 301, 9-28-1995)

Sec. 7-532. Facilities required.

(a) *Sanitary facilities.* Sanitary facilities shall be installed and in compliance with all applicable codes and ordinances of the city. Every plumbing fixture and water and waste pipe shall be properly installed and maintained in good working condition free from defects, leaks and obstructions.

(b) *Location of sanitary facilities.* Water closets and urinals shall be located in a room affording privacy to the user by means of a properly installed and fitted door, complete with proper hardware in good working order.

(c) *Heating facilities.* All heating appliances, equipment and systems, and their parts shall be properly installed and maintained in good working order in accordance with the provisions of the applicable codes of the inspection division of the city.

(d) *Employees' facilities.* A minimum of one water closet and drinking facilities shall be available to employees. Drinking facilities shall be a drinking fountain, water cooler, bottled water cooler, or disposable cups and a sink or water dispenser. Drinking facilities shall not be located in toilet rooms or bathrooms.
(Ord. No. 95-634, § 302, 9-28-1995; Ord. No. 04-946, 12-9-2004)

Sec. 7-533. Electrical systems.

Every electrical outlet and fixture, all electrical wiring and equipment, and their components shall be installed, maintained and connected to a source of electric power in accordance with the electrical code as adopted by the city, as administered by the inspection division.
(Ord. No. 95-634, § 303, 9-28-1995)

Sec. 7-534. Occupiable work spaces.

Indoor occupiable work spaces shall be supplied with heat during winter months capable of maintaining a minimum temperature not less that 65 degrees Fahrenheit at three feet above floor level during the period the spaces are occupied. *Exception:* Processing, storage or operation areas that require cooling or special temperature conditions.
(Ord. No. 04-946, 12-9-2004)

Secs. 7-535—7-550. Reserved.

Subdivision II. Exterior and Interior of Structures

Sec. 7-551. Foundation.

(a) The building foundation system shall be maintained in a safe manner and capable of supporting the load which normal use may cause to be placed on it.

(b) Every manufactured building shall be secured to the ground by means of an anchoring system, or other foundation system, that is designed to resist overturning, uplift, and lateral movement of the manufactured building from wind or other forces.
(Ord. No. 95-634, § 304.1, 9-28-1995)

Sec. 7-552. Exterior walls.

Every exterior wall shall be free of holes, cracks, breaks, loose or rotting boards or timbers, missing siding material or any other conditions which might admit rain or dampness to the interior portions of the building. All siding material shall be kept in good repair and sound condition.
(Ord. No. 95-634, § 304.2, 9-28-1995)

Sec. 7-553. Roofs.

(a) Roofs shall be structurally sound and maintained in a safe manner, complete with an approved finish material, and have no defects which might admit rain or cause dampness in the walls, ceilings, or interior portion of the building.

(b) All portions, additions or sections of a roof, including but not limited to fascia, eaves, soffit, sheathing, rafter tails, barge rafters, vent screening, gutters, downspouts, roof jacks, and lead or metal flashing, shall be complete with all trim strips, moldings, brackets, braces and supports in accordance with common building practices. No item shall display signs of deterioration, abuse or improper installation that could be construed to affect the purpose of that item or cause damage the immediate area or roof structure, that could allow dampness or admit rain to the interior of the building.
(Ord. No. 95-634, § 304.3, 9-28-1995)

Sec. 7-554. Means of egress.

Every unit shall have safe, unobstructed means of egress.
(Ord. No. 95-634, § 304.4, 9-28-1995)

Sec. 7-555. Stairs, porches and appurtenances.

Every inside and outside stair, porch and any appurtenance shall be safe to use and capable of supporting the load that normal use may cause to be placed on such places and shall be kept in sound condition and good repair.
(Ord. No. 95-634, § 304.5, 9-28-1995)

Sec. 7-556. Protective railings.

Protective railings shall be erected in accordance with the applicable building code as adopted by the city and shall be kept in sound condition and good repair.
(Ord. No. 95-634, § 304.6, 9-28-1995; Ord. No. 07-171, § 21, 3-8-2007)

Sec. 7-557. Windows.

(a) Every window shall be properly fitted and kept in sound working condition and good repair.

(b) Every window sash shall be fully supplied with glass window panes or an approved substitute which are free of cracks or holes. Window sashes shall be properly fitted and within the window frame.
(Ord. No. 95-634, § 304.7, 9-28-1995)

Sec. 7-558. Exterior doors.

(a) Every exterior door, basement or cellar door and hatchway shall be properly fitted and kept in sound working condition and in good repair.

(b) Every exterior door shall be provided with properly installed hardware that is maintained to ensure reasonable ease of operation to open, close and secure in an open or closed position, as intended by the manufacturer of the door and the attached hardware.

(c) Exterior door frames shall be properly maintained and in good repair. Exterior door jambs, stops, headers and moldings shall be securely

attached to the structure, maintained in good condition without splitting, damage or deterioration that would minimize the strength and security of the door in a closed position.
(Ord. No. 95-634, § 304.8, 9-28-1995)

Sec. 7-559. Protective treatment.

(a) All exterior wood surfaces, including but not limited to doors, door and window frames, cornices, porches, trim, balconies, decks and other structures shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective treatment or covering.

(b) All metal surfaces subject to rust or corrosion, including ornamental or wrought iron, shall be painted or otherwise coated to inhibit such rust or corrosion, and all surfaces with rust or corrosion present shall be stabilized and painted, coated or otherwise treated to inhibit and prevent future rust or corrosion. Oxidation stains shall be removed from exterior surfaces. All finish siding must be of a material intended, designed and suitable for exterior use and shall be weather resistant and watertight.

(c) Any peeling, flaking, or chipping paint shall be eliminated and the surface shall be repainted or otherwise protected.

(d) All masonry joints must be sufficiently tuck pointed with mortar and shall be maintained to insure watertightness and airtightness.
(Ord. No. 95-634, § 304.9, 9-28-1995; Ord. No. 05-156, § 1, 3-10-2005)

Sec. 7-560. Accessory structures.

Garages, storage buildings and all other secondary or accessory structures shall be maintained and kept in good repair and in sound structural condition. All sections of this article are applicable as determined by the housing official subject to standard appeal as outlined in section 7-505.
(Ord. No. 95-634, § 304.10, 9-28-1995)

Sec. 7-561. Interior floors, walls and ceilings.

Every floor, interior wall and ceiling shall be kept in sound condition and good repair and shall be safe to use and capable of supporting the load which normal use may cause to be placed on such places.
(Ord. No. 95-634, § 304.11, 9-28-1995)

Sec. 7-562. Structural supports.

Every structural element of a building under this division shall be maintained structurally sound and show no evidence of deterioration or damage which would render it incapable of bearing normal loads.
(Ord. No. 95-634, § 304.12, 9-28-1995)

Sec. 7-563. Protective railings for interior stairs.

Interior stairs and stairwells more than four risers high shall have handrails located in accordance with the requirements of the applicable building code as adopted by the city. Handrails or protective railings shall be capable of bearing normally imposed loads and maintained in good condition.
(Ord. No. 95-634, § 304.13, 9-28-1995; Ord. No. 07-171, § 22, 3-8-2007)

ARTICLE VIII. SWIMMING POOLS

Sec. 7-611. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Family pool means a swimming pool used or intended to be used solely by the owner, operator

*__Editor's note__—Ord. No. 07-171, § 23, adopted March 8, 2007, repealed Art. VII, §§ 7-591 and 7-592, which pertained to unsafe building abatement. At the editor's discretion, this article and its sections have been reserved.

or lessee and his family and by friends invited to use it without payment of any fee, and is considered a body of water in an artificial or semiartificial receptacle or other container, whether located indoors or outdoors, but is not to include swimming pools operated and maintained in conjunction with or by clubs, motels, hotels, community associations or private clubs.
(Code 1982, § 7-109)

Cross reference—Definitions generally, § 1-2.

Sec. 7-612. Violations.

Any person violating any provisions of this article or violating any rule or requirement enacted by the health department under this article shall be guilty of a misdemeanor.
(Code 1982, § 7-111)

Sec. 7-613. Enclosure required; specifications; modifications.

(a) Every outdoor family swimming pool shall be completely surrounded by a fence or wall not less than four feet in height, which shall be so constructed as not to have openings, holes or gaps larger than four inches in any dimension except for doors and gates; and if a picket fence is erected or maintained, the horizontal dimension shall not exceed four inches. A dwelling house or accessory building may be used as part of such enclosure.

(b) All gates or doors opening through such enclosures shall be equipped with a self-closing and self-latching device for keeping the gate or door securely closed at all times when not in actual use, except that the door of any dwelling which forms a part of the enclosure need not be so equipped.

(c) This requirement shall be applicable to all new family pools constructed after June 11, 1959, other than indoor pools, and shall apply to all existing pools which have a minimum depth of 18 inches of water. No person in possession of land within the city, either as owner, purchaser, lessee, tenant or a licensee, upon which is situated a family swimming pool having a minimum depth of 18 inches shall fail to provide and maintain such fence or wall as provided in this section.

(d) The health department may make modifications in individual cases, upon a showing of good cause with respect to the height, nature or location of the fence, wall, gates or latches, or their necessity, provided the protection as sought under this section is not reduced. The health department may permit other protective devices or structures to be used so long as the degree of protection afforded by the substitute devices or structures is not less than the protection afforded by the wall, fence, gate and latch described in this section.
(Code 1982, § 7-110)

Secs. 7-614—7-699. Reserved.

ARTICLE IX. FENCES

Sec. 7-700. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Fence or *fencing* means any structure, including without limitation fences, barriers, or walls, constructed or erected of man-made or natural materials, or a combination thereof, to provide a barrier, either physical or visual, for the purpose of protecting property, enclosing property, providing for security or privacy, or for properly containing activities on the property.

Fenced lot means a lot or parcel of real property within the corporate limits of the city containing a fence regulated by this article, which lot may or may not contain improvements.

Improvement means any building, or unit or portion thereof, including without limitation buildings used for residential or non-residential purposes.

Owner/person in control means all or any person(s):

(1) Whose name appears as owner of record in the tax assessor's office of the fenced lot;

(2) Who has title to all or any portion of the fenced lot, with or without accompanying actual possession; or

(3) Any person in charge, care or control of any fenced lot including without limitation any owner, executor, administrator, trustee, guardian of the estate of the owner, mortgagee or vendee in possession, or assignee of rents, lessee or any other person in control of an improvement; or their duly authorized agents. The term shall not include federal, state or municipal owners.

(Ord. No. 07-409, § 1, 5-10-07)

Sec. 7-701. Exceptions.

The provisions of this section shall not apply to:

(1) Temporary construction fences installed to protect the public from injury during construction or to maintain security for development and where there is a current building permit issued for such activity (the fencing must be removed at completion of construction);

(2) Fencing for agricultural purposes or enclosure of livestock; or

(3) Fences utilized to surround or enclose public utility installations, public schools or other public buildings.

(4) Hedges, shrubs, bushes, trees, or other plantings.

(5) Retaining walls.

(Ord. No. 07-409, § 1, 5-10-07)

Sec. 7-702. Materials.

(a) It shall be unlawful to erect or maintain any barbed wire, concertina or razor wire, or electric fencing on a residentially zoned lot or parcel of property.

(b) Fences containing man-made materials shall be composed of materials manufactured, designed, and intended for such purposes and shall not include scrap materials, doors, or other such salvaged materials. Fences shall be of materials of a uniform and consistent style.

(c) The wooden portion of fences shall be of a decay resistant wood, or shall be covered with paint, stain or other such substance which preserves the wood from deterioration, dilapidation or decay.

(d) Fences containing natural materials, such as rock or stone, shall be of a uniform and consistent style, free of loose or missing material, and properly maintained so as not to create a potential hazard, and shall not include scrap materials, doors, or other such salvaged materials.

(Ord. No. 07-409, § 1, 5-10-07; Ord. No. 08-1206, 1-8-2009)

Sec. 7-703. Maintenance.

(a) It shall be the responsibility of the owner/person in control of the fenced lot to maintain the fence in good and proper condition and repair, free of loose or missing material, and free of any defects, damage or decay so as to not present a potential safety hazard and so that at all times it presents a neat and orderly appearance to surrounding property owners and to the general public.

(b) Fences shall be properly installed, constructed, and maintained to be vertical, self supporting, and secured in a fashion to resist leaning, falling, collapse or partial collapse, and so as not to create a potential safety hazard.

(Ord. No. 07-409, § 1, 5-10-07)

Sec. 7-704. Enforcement.

(a) *Notice of violation.* If the owner/person in control of the fenced lot shall fail or refuse to comply with the provisions of this article, the director of the community development division or other officer of the community development division may cause to be served upon such owner notice requiring such owner to comply with this article. Such notice shall, unless provided for otherwise: (i) be served in person, by first class mail, or by posting on the premises in a conspicuous place; (ii) describe the nature of the violation; (iii) require compliance within a time stated in the notice; and (iv) where an extension of time is provided for under the terms of this article, provide that in lieu of compliance, an extension of

time may be requested by making a written request to the board of adjustments and appeals within a specified time stated in the notice.

(b) *Officials charged with enforcement.* The director of the community development division or any code officer of such division is responsible for the administration and enforcement of this article.

(c) *Issuance of summons and complaint [citation].* In the enforcement of this article, the director of the community development division, any code officer of such division, or any law enforcement officer legally authorized to enforce municipal ordinances may proceed in accordance with section 2-1 of this Code. Nothing herein shall be construed to prevent the obtaining of a warrant with respect to any alleged offense in lieu of issuing a summons and complaint [citation].

(d) Notwithstanding anything contained to the contrary in this article, an owner/person in control may be required to immediately remedy a violation of this article where there is an immediate threat to the public health or safety if the violation is allowed to continue. In such case, there shall be no extensions of time allowed for compliance.
(Ord. No. 07-409, § 1, 5-10-07)

Sec. 7-705. Board of adjustments and appeals.

The housing board of adjustments and appeals created by section 7-354 of this Code is designated as the board of adjustments and appeals for this article; and all powers, duties and functions of the board of adjustments and appeals under this article are delegated to and shall be performed by the housing board of adjustments and appeals.
(Ord. No. 07-409, § 1, 5-10-07)

Sec. 7-706. Requests for extension of time.

Any person receiving official written notice of a violation of this article, or his duly authorized agent, may, within the time specified in said notice for requesting an extension, enter a request for an extension of the date or time for compliance to the housing board of adjustments and appeals. Such request must be in writing and must state the location of the property, the date of the notice of violation of this article, and the official notice number. The request must also state the hardship or reason for the request for additional time, and the amount of time that is requested. No request for an extension filed later than the time specified in said notice shall be acted upon by the housing board of adjustments and appeals unless the housing official shall consent thereto.

ARTICLE I. IN GENERAL

Sec. 8-1. Farm products not to be sold except at curb market.

It shall be unlawful for any person to use any other place within the city except the location designated for a curb market for the sale of farm products.
(Code 1982, § 18-326)

Sec. 8-2. Perishable foods not to be peddled on streets.

(a) For the purpose of this section, the definitions of the terms "nonperishable" and "perishable" food are adopted as follows:

Nonperishable food means any foodstuff or beverage that is preserved and packaged in such a manner that it may be stored for a long period of time (60 days or longer) without refrigeration and remain in a palatable and healthful state.

Perishable food means any foodstuff or beverage which does not meet the definition of "nonperishable food," and any nonperishable foodstuff which is removed from its container or wrapper, or which is in a damaged container or wrapper which does not secure it from contamination.

(b) It shall be unlawful for any person to peddle through the streets of the city any perishable foods. It shall not be unlawful to peddle through the streets frozen prepackaged ice cream and other frozen perishable food so long as the item is delivered to the customer, frozen in sealed packages prepared by the manufacturer, and properly labeled with all required permitting information. This section does not permit peddling upon the dedicated right-of-way of any public street or sidewalk in the central city area as defined in section 18-31.

(c) Off-street sale of prepared food from any vehicle or other temporary location or facility is prohibited except under a permit from the county health department; however, any such temporary location or facility shall meet the following minimum requirements:

(1) The building, vehicle or other facility must be equipped with such utilities and sanitary facilities as the county health department requires.

(2) No such vehicle or facility is permitted to remain at any one location for longer than ten days or for any shorter period of time specified in their permit.

(3) At the end of the permit period, any vehicle or temporary structure must be removed from applicable regulations.

(d) It shall not be unlawful to sell or offer for sale produce, vegetables and fruits from vehicles temporarily parked in light industrial, heavy industrial, highway commercial, or neighborhood business areas from the hours of 9:00 a.m. through one hour after sunset, provided the following conditions are met:

(1) Vehicles are not parked on the road right-of-way;

(2) The area is kept free of litter and in a sanitary condition;

(3) Adequate access and off-street parking for customers is provided;

(4) There is no preparation of the produce prior to sale except for paring or peeling that may be necessary for display or division;

(5) All cut surfaces of fruit and vegetables intended for sale must be covered in such a manner as to exclude flies and other vermin; and

(6) No prepared foods be offered for sale without a permit except for honey and sorghum molasses if meeting department of agriculture or health department regulations.

(Code 1982, § 18-327; Ord. No. 82-125, § I, 5-7-1982; Ord. No. 88-334, § 19-49, 7-14-1988)

Sec. 8-3. Display of vehicles for sale.

(a) It shall be unlawful for any person to display or offer for sale more than one vehicle on a lot or parcel of real property, or permit such action to be done.

(b) It shall be unlawful for any owner, tenant or person in charge of a lot or parcel of real property to display or offer for sale more than one vehicle on the lot or parcel of real property, or permit such action to be done.

(c) It shall be unlawful for any person to display or offer for sale, or any owner, tenant or person in charge of a lot or parcel of real property to display or offer for sale, or permit such action to be done, any vehicle upon the public right-of-way or other public property; however, this section shall not prohibit a person from operating a vehicle, bearing a "for sale" sign, upon a public right-of-way or from parking such vehicle in a permissible parking space located upon and within such public right-of-way for a period of time reasonably necessary for such person to accomplish a purpose unrelated to the display or offering for sale of the vehicle. In addition to applicable penalties, any vehicle found to be in violation of this section may be towed away, impounded and stored until redeemed at the owner's expense.

(d) Subsections (a) and (b) of this section shall not apply to any person properly licensed by the city to engage in the business of selling vehicles at the location designated upon such license.

(e) Any person properly licensed by the city to engage in business at a particular location on December 16, 1999, who may otherwise be affected by this section shall be allowed to continue its business pursuant to the terms of such license until such time as the business ceases to operate for a period of six months or the person fails to renew its business license for that location.
(Ord. No. 99-1075, §§ 1—5, 12-16-1999)

Sec. 8-4. Private correctional facilities.

(a) *Definition*. Private correctional facilities are privately owned or operated uses which include monitoring and control of the offender population, including juveniles, persons on pretrial status, on prerelease status, probationers, parolees or persons incarcerated to serve a sentence.

(b) *Management plan*.

(1) Owners or operators of private correctional facilities shall submit to the police chief a management plan describing the management and operation of the facility including: names and addresses of the entities that own the facility and manage the program; name and address of a local responsible person; name and phone number of the responsible governmental contracting agency; names and locations of existing facilities owned or operated by the ownership or management entities; length of the contract period; types of offenders housed; number and qualifications of the staff of the facility; and an emergency plan which details how the facility will deal with emergencies and how and under what circumstances contact is made with local emergency and safety officials. Additionally, a plan for perimeter security shall be filed with and included as a part of the management plan. Any changes or amendments to the management plan and any change in the owner, operator or local responsible person shall be submitted to the police department.

(2) Management plans, including changes or amendments thereto, shall require the approval of the police chief. The police chief may require additional information and may require revisions to the plan including additional security measures, such as additional fencing or other barriers, cameras, lighting, guards, sign-in and sign-out sheets, curfew for residents, guard dogs, sirens and direct alarms with the police department. The police chief may require revisions to the plan at any time based on then-current factors or conditions.

(3) It shall be unlawful for any person to operate or for any owner, operator or local responsible person to allow the operation of a private correctional facility not in conformance with the approved management plan.

(c) *Inspection*. The police chief may conduct periodic inspections of private correctional facilities to determine compliance with then-current approved management plan. Such inspections may be announced prior to the conduct of the inspection or may be unannounced.

(d) *Continuing violation*. Each day that a violation of this section continues shall be a separate offense.

(e) *Promulgation of rules and regulations*. The police chief is authorized to promulgate any rules or regulations necessary for the implementation of this section.

ARTICLE II. MASSAGE PARLORS*

DIVISION 1. GENERALLY

Sec. 8-41. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Establishment means a place of business or operation of any kind.

Massage parlor means:

(1) Any establishment, building, room or place other than a regularly licensed hospital, medical clinic, nursing home or dispensary; or

(2) The offices of a physician, a surgeon, an osteopath or a massage therapist where nonmedical, nonsurgical, nonosteopathic and nonchiropractic manipulative exercises, massages or procedures are practiced upon the human body for other than cosmetic or beautifying purposes, with or without the use of mechanical or other devices, by anyone not a physician, surgeon, chiropractor, osteopath, massage therapist or of a similarly registered status;

and shall include any place where baths, exercises or similar services are offered.

Massage therapist means a person who has graduated from a recognized massage therapy school or has successfully completed testing into the American Massage Therapy Association or other professional massage organization of equivalent professional membership standards. A recognized massage therapy school means any school or institution of learning which has for its purpose the teaching of the theory, method, profession or work of massage therapy. Such school shall show current membership in good standing in the American Massage Therapy Association or other professional massage organization of equivalent professional membership standards.

Massage therapy means the manipulation of soft tissue for therapeutic purposes and may include, but is not limited to, effleurage, petrissage, tapotement, compression, vibration, friction, nerve strokes and other Swedish movements which may include the use of oils, salt glows and hot and cold packs. Massage therapy shall not include diagnosis or any service or procedure for which a license to practice medicine, chiropractic or podiatry is required by law; nor shall it apply to athletic trainers, technicians or physical therapists who act under the prescription or supervision of a person holding an unlimited license to practice medicine or surgery.

Masseur (male) and *masseuse* (female) mean a person who practices any one or more of the arts of body massage, either by hand or mechanical apparatus, oil rubs, corrective gymnastics, mechanotherapy, including color therapy, dietetics, hot packs, cabinet, tub, shower, sitz, vapor, steam or any other special type of bath.
(Code 1982, § 18-396; Ord. No. 90-169, § 2, 4-10-1990)

Cross reference—Definitions generally, § 1-2.

Sec. 8-42. Declaration of findings.

Businesses operating massage parlors are businesses affecting the public health, safety and general welfare. Such businesses have been used in the city and elsewhere as fronts for the conduct of prostitution, assignation and lewdness; and in order to protect the public interest, health, safety and general welfare, it is necessary that such businesses be regulated in order to prevent their use for unlawful and illegal activities, and in order to protect the public health and safety.
(Code 1982, § 18-397)

Sec. 8-43. Health and sanitary requirements.

Any massage parlor licensed by the city shall at all times comply with all health regulations, rules and requirements promulgated by the county department of health. Any premises used for the purposes of a massage parlor shall during all hours of operation be made open and available to inspection by the county department of health for the purpose of assuring compliance with health rules, regulations and requirements. Each massage parlor shall be equipped with toilet and lavatory facilities for patrons and separate readily available toilet and lavatory facilities for employees, and each operating area shall be equipped with a hand lavatory.
(Code 1982, § 18-401)

Sec. 8-44. Cleanliness of equipment.

(a) No towels, washcloths or other linen items shall come in contact with the body of any customer or patron at a massage parlor that has not been boiled and laundered since last used.

(b) Every person applying or administering massages shall cleanse his hands thoroughly by washing them with soap and hot water before attending or massaging any person.

(c) Any person while applying or administering massages shall be clothed from the shoulders to the knees by a robe, smock or other opaque apparel so that the patron or customer shall be protected from bodily contact with the person applying or administering the massage except for the hands and arms of the person applying or administering the massage.

(d) Any massage parlor licensed pursuant to this article shall be equipped with running hot and cold water and with all appliances, furnishings and materials as may be necessary to enable persons employed in and about the massage parlor to comply with the provisions of this article.
(Code 1982, § 18-402)

Sec. 8-45. Access to establishment.

It shall be unlawful for any person to render any service to the public upon the premises of a massage parlor except during the time that the establishment is open with free access by the public, during which time all portions of such establishment shall be open to the inspection of any inspector of the county health department and to the chief of police and any officer of the police department.
(Code 1982, § 18-403)

Sec. 8-46. Treatment.

No masseur, masseuse or other employee or attendant in any massage parlor shall apply or administer any massage or other treatment to any person behind locked doors.
(Code 1982, § 18-404)

Sec. 8-47. Use as dormitory.

No massage parlor shall be used as and for a dormitory or place of sleep, nor shall any license under this article permit any massage parlor to be so used.
(Code 1982, § 18-405)

Sec. 8-48. Indecent activities generally.

(a) No owner or manager of a massage parlor shall authorize or tolerate in his establishment any activity or behavior prohibited by the laws of the state or the ordinances of the city, including such laws proscribing acts of prostitution, sodomy, adultery, fornication, or any lewd or obscene act or performance.

(b) Any conviction of the manager or any employee of a massage parlor of a violation of the laws and ordinances mentioned in subsection (a) of this section shall be grounds for revocation of the license of the establishment as provided in this article.
(Code 1982, § 18-406)

Sec. 8-49. Prohibited conduct by employees.

It shall be unlawful for any masseur, masseuse, attendant or person employed in a massage parlor to massage or in any way touch the genital organs of another in connection with any massage or other service rendered by the establishment, or to advertise or offer any massage or physical touching of the genital organs of another in connection with such service. Any person violating the provisions of this section shall upon conviction be punished as provided in section 1-7; and in addition to such penalty, it shall be grounds for revocation of the license of the owner or manager of the establishment.
(Code 1982, § 18-407)

Annotation—It is a valid exercise of the municipal police power to prohibit the touching of the genital organs of another. *Thompson v. Huntsville,* 57 Ala. App. 607 (1976).

Secs. 8-50—8-70. Reserved.

DIVISION 2. LICENSE

Sec. 8-71. Required.

It shall be unlawful for any person to operate a massage parlor without first having acquired from the city clerk-treasurer a business license for the operation of that business as required by chapter 15, article II.
(Code 1982, § 18-398)

Sec. 8-72. Massages at licensed location only.

No massages shall be administered or applied by any licensee under this article or any employee, operator or attendant while working for such licensee, except in or upon the premises or regular place of business of the licensee where the license is regularly displayed and at the place and location designated for the operation of the massage parlor in the license.
(Code 1982, § 18-400)

Sec. 8-73. Health examination.

No applicant for a license to conduct or operate a massage parlor shall be granted a license for such purpose unless he shall first present to the city a written verification by a licensed physician, bearing a date not more than 20 days prior to the date of application, evidencing that the applicant and those persons to be employed by the applicant in and about the operation of the massage parlor are free of any contagious, infectious or communicable disease. No masseur, masseuse or other employee or attendant applying or administering massages shall be employed in any massage parlor subsequent to April 20, 1974, without having first obtained a written verification from a licensed physician bearing a date not more than 20 days prior to such date, that the person or employee is free of any contagious, infectious or communicable disease; and such masseur, masseuse or other employee or attendant of any massage parlor shall at all times while on duty or working in any massage parlor have upon his person such written medical verification.
(Code 1982, § 18-399)

Sec. 8-74. Revocation.

Any license issued under this division by the city may be revoked by the city upon the violation of any section, requirement or provision of this article by the licensee or any agent, attendant or other employee of the licensee, provided the licensee shall first be notified of the violation and be afforded a hearing before the city council. Written notice of any violation under this article and any hearing on such violation before the city council may be given to the licensee by delivering the notice by hand to the licensee, or in his absence to

any adult person employed by the licensee at the licensed premises, or the deposit of the notice postage prepaid with the United States Postal Service and addressed to the licensee at the licensed premises, not less than ten days prior to such hearing before the city council. The licensee may present such evidence as he shall wish to the city council. In the event of any revocation of a license for the operation of a massage parlor in accordance with this section, the licensee shall not be entitled to the issuance of a subsequent license for the operation of a massage parlor in the city within 12 months following the date of revocation.

of buying, selling or bartering in secondhand goods without complying with the terms of this article.
(Code 1982, § 18-365; Ord. No. 16-965, § 3, 1-12-2017)

DIVISION 2. PRECIOUS METAL AND STONES*

Sec. 8-113. Notice to chief of police.

Any person within the corporate limits of the city who engages in the business of purchasing precious metals or precious stones, or any person who purchases precious metals or precious stones, pursuant to an advertisement wherein the proposed purchaser holds himself out as such purchaser or offers to buy precious metals or precious stones shall, before engaging in such business or enterprise, notify the chief of police by letter that such business or enterprise will be conducted; and the notice shall contain the name of the person who is conducting the business and the address at which such business will be conducted.
(Code 1982, § 18-366)

Sec. 8-114. Records.

(a) Every person engaging in the business or enterprise of purchasing precious metals or precious stones shall provide and keep a book and enter in the book, as each purchase or acquisition is made, the following information:

(1) The name, date of birth and driver's license number of the seller. If the seller does not have a driver's license, other adequate and positive identification which shall be required before a purchase is made shall be shown.

(2) The time and date of the purchase.

(3) An accurate and detailed description of the item purchased, which shall include any marking or inscription, the make and pattern, if available, the marker or style, if appropriate. Each description shall be detailed and accurate and shall include a reference to the size, weight and height. Where appropriate, an indication shall be made whether the item was made for use by a male or a female. If precious stones are purchased, the kind, size and setting of the stones, together with such other information which may be necessary or useful in making a positive identification of the item purchased, shall be indicated. Where several individual items are part of a matched set or class of items, each separate item need not be described separately so long as the description used accurately describes the class or set of items, including their number.

(b) Such book shall be kept for six months next subsequent to any purchase and shall be open to inspection, during business hours, to any authorized law enforcement officer who may make a request to examine the book.
(Code 1982, § 18-367)

Sec. 8-115. Packaging; time of resale.

Every item purchased from one seller shall be separately packaged, or kept separately, and not intermingled or confused with items purchased from another seller, for a period of ten calendar days following the mailing of the report of purchase as required in this article; however, this provision shall not apply to coins which may be intermingled or disposed of immediately. No person engaging in the business or enterprise of purchasing precious metals or precious stones shall sell or otherwise dispose of; or permit to be sold or otherwise disposed of; or remove or permit to be removed from his place of business; or intermingle with other jewelry or stones; or alter, change or deface; or permit to be altered, changed or defaced any such precious metals or precious stones purchased until after the expiration of ten calendar days from the notification to the chief of police of the purchase, as required in this article; however, such items may be removed from the place of business for storage or safekeeping to another place within the jurisdiction of the city approved by the chief of police prior to such removal. It is the intent of this article that the purchase of coins for their metal value is covered

*__Editor's note—__Ord. No. 16-965, § 2, adopted January 12, 2017, added this division.

by this article insofar as such purchases must be recorded under section 8-114; however, no reports of such purchases are required to be made to the chief of police.
(Code 1982, § 18-368)

Sec. 8-116. Reports to chief of police required.

Each precious metals and stones dealer shall report to the chief of police, using the designated reporting system, a description of every precious metal and precious stone received by him/her in a manner and time as set out herein.

(1) *Reporting timeline.* All precious metals and stones received by a dealer shall be reported within 72 hours of the transaction.

(2) *Report contents.* Reports shall include all information described and set forth in section 8-114.

(3) *Computerized reporting.*

a. Every precious metals and stones dealer shall transmit all required reports to the chief of police by means of electronic transmission, using the designated reporting system. Said electronic transmission shall be through a modem or similar device, and in such a format that the data is capable of direct electronic entry into the Huntsville Police Department's designated system used for identifying and tracing lost, stolen, and sought-after property.

b. The chief of police shall establish the format and requirements for the transmission of data and may restrict the scope of the items that are to be electronically reported. A transaction reported by electronic transmission shall not be reported on paper forms unless the chief of police so requests. Each precious metals and stones dealer shall pay to the city a fee of $0.50 per transaction required to be electronically reported if the electronic report transmitted to the chief of police is erroneous, duplicative, or in an incorrect or incompatible format, or if no electronic report of the transaction is transmitted.

(4) *Amendments to reports and formats.* If, after establishing the format and requirements for the transmission of computerized reports of transactions, the chief of police alters the required format, precious metals and stones dealers shall be given at least 30 days to comply with the new format requirements.

(5) *Unlawful to violate this section.* It shall be unlawful for any person to violate any provision of this section.

(Code 1982, § 18-369; Ord. No. 16-965, § 3, 1-12-2017; Ord. No. 18-576, § 2, 8-9-2018)

Sec. 8-117. Purchase or acquisition from minors.

It shall be unlawful for any person engaged in the business of purchasing precious metals or precious stones to purchase or receive from any person less than 19 years of age any precious metals or precious stones.
(Code 1982, § 18-370; Ord. 16-965, § 3, 1-12-2017)

Sec. 8-118. Premises to be open for inspection.

The area and the premises where any person regulated by this article stores or keeps precious metals and stones purchased or acquired in the business shall be open to inspection to any police officer or official of the city at all times during business hours. It shall be unlawful to deny such an inspection or otherwise violate this section.
(Ord. No. 16-965, § 3, 1-12-2017)

Sec. 8-119. Concealment of items.

It shall be unlawful for any precious metals and stones dealer to conceal any precious metals and stones or other items regulated by this article from any official who may inspect the premises under section 8-118.
(Ord. No. 16-965, § 3, 1-12-2017)

Sec. 8-120. Cancellation and revocation of license.

The conviction of any person licensed to engage in the business regulated by this article for violating any of the provisions of this article, or the conviction of any agent, servant or employees of any licensed person for a violation of any of the provisions of this article, while such servant, agent or employee was acting in the line and scope of employment in the business, shall be cause for the revocation of the business license. (Ord. No. 16-965, § 3, 1-12-2017)

DIVISION 3. SECONDHAND GOODS*

Sec. 8-121. Record of purchases.

(a) At the time of any transaction other than renewals, extensions or redemptions, every secondhand dealer shall immediately record in English the following information by using ink or other indelible medium or in a computerized record approved by the police department:

(1) A complete, detailed and accurate description of each item including, but not limited to, any trademark, identification number, serial number, model number, brand name, or other identifying mark on such an item.

(2) The purchase price, amount of money loaned or cash advanced.

(3) Date and time the item of property was received by the secondhand dealer, and the unique alpha and/or numeric transaction identifier that distinguishes it from all other transactions in the secondhand dealer's records.

(4) Full name, traceable serial number from the form of valid identification presented, current residence address, current telephone number, date of birth, race, height, sex and signature of the person from whom the item of property was acquired or purchased.

(5) The maturity date of the pawn transaction; the amount due on maturity date; the monthly rate; and any pawn charges.

(b) The secondhand dealer shall require the presentation of one of the following forms of identification, from the person from whom the property is acquired or purchased:

(1) Valid state-issued driver's license.

(2) Any valid state-issued or armed services-issued identification that includes a photograph of the person listed on the identification, to include a traceable serial number. Photocopies will not be made of any federal or military identification.

(c) The secondhand dealer must take color digital photographs to be submitted to the Huntsville Police Department as digital images. The format specified by the police department shall cross reference the transaction that the photographs are associated with and shall depict the following:

(1) *All distinctive or unique jewelry, artwork and/or any item that has distinguishing marks, writings, numbers or engravings*. A photograph shall be taken of the item and the distinguishing mark, writing, number or engraving. Questions regarding the photographs of items should be directed to the police property crimes unit supervisor or his designee.

(2) *Each individual involved in the transaction*. A photograph of the person from whom the property is acquired that is taken at the time of the transaction by the secondhand dealer is preferred for identification purposes; however, a photograph of a valid state-issued driver's license or identification card of the seller is acceptable. The photograph taken by the secondhand dealer shall be for identification purposes, and shall include an identifiable front facial close-up view of the person who pawned or sold the item. Hats, sunglasses, scarves, or other clothing that may hide facial features may not be worn in the photograph. The secondhand dealer shall inform the person

*__Editor's note—__Ord. No. 16-965, § 2, adopted January 12, 2017, added this division.

that he or she is being photographed by displaying a sign of sufficient size in a conspicuous place in the premises.

(d) Items that are re-pawned by the same individual shall not need to be recorded as a new item in the designated system, but shall be linked to the previous pawn entry.
(Ord. No. 16-965, § 3, 1-12-2017; Ord. No. 18-576, § 3, 8-9-2018)

Sec 8-122. Reports to chief of police required.

Every secondhand dealer shall report to the chief of police, using the designated reporting system, a description of every secondhand good received by him/her in a manner and time as set out herein.

(1) *Reporting timeline*. All secondhand goods received by a dealer shall be reported within 72 hours of the transaction.

(2) *Report contents*. Reports shall include all information described and set forth in section 8-121.

(3) *Computerized reporting.*

a. Every secondhand dealer shall transmit to the chief of police, by means of electronic transmission through a modem or similar device, in such a format that the data are capable of direct electronic entry into the Huntsville Police Department's computerized system for identifying and tracing lost, stolen, and sought-after property, the information required by section 8-121.

b. The chief of police shall establish the format and requirements for the transmission of data and may restrict the scope of the items that are to be electronically reported. A transaction reported by electronic transmission shall not be reported on paper forms unless the chief of police so requests. Each secondhand dealer shall pay to the city a fee of $0.50 per transaction required to be electronically reported if the electronic report transmitted to the chief of police is erroneous, duplicative, or in an incorrect or incompatible format, or if no electronic report of the transaction is transmitted.

(4) *Amendments to reports and formats*. If, after establishing the format and requirements for the transmission of computerized reports of transactions, the chief of police alters the required format, secondhand dealers shall be given at least 30 days to comply with the new format requirements.

(5) *Unlawful to violate this section*. It shall be unlawful for any person to violate any provision of this section.
(Ord. No. 16-965, § 3, 1-12-2017; Ord. No. 18-576, § 4, 8-9-2018)

Sec. 8-123. Purchases to be retained for fifteen days in original state; exception.

(a) It shall be unlawful for any secondhand dealer to sell or otherwise dispose of any secondhand goods, or permit any secondhand goods to be sold or otherwise disposed of, or remove or permit to be removed any secondhand goods from such person's place of business, or intermingle any secondhand goods with other secondhand goods, or to alter, change or deface, or permit to be altered, changed or defaced, any secondhand goods, until after the expiration of 15 business days from the date of the purchase or acquisition thereof, except as noted herein.

(b) Salvage yards that purchase salvage metals such as iron, aluminum, aluminum cans, copper, brass, bronze, and other scrap metals and alloys are permitted to intermingle property from multiple transactions and may remove the items from their premises for resale, provided all the requirements set forth in section 8-121 of the City Code have been met.

(c) Secondhand dealers that purchase automobiles or other vehicles shall maintain the automobiles or other vehicles on the business premises in the same condition which they were purchased or otherwise received for seven calendar

days before crushing, dismantling or otherwise disposing of said automobiles or other vehicles. Prior to any alteration or disposal of said vehicle, the secondhand dealer shall verify vehicles through the website provided by the state (https://scrap.mvtrip.alabama.gov/) to check for any theft or other criminal activity associated with the vehicle, as provided by state law. The provisions of this subsection shall not apply to a "pledged goods" transactions governed by the Alabama Pawn Shop Act, Code of Ala. 1975, § 5-19A-1 et seq. This ordinance does not apply to vehicles purchased from a business duly licensed by the city, or vehicles that are purchased from the original title holder. However, if the title has been signed on the back, the vehicle shall be held for seven days.
(Ord. No. 16-965, § 3, 1-12-2017; Ord. No. 18-576, § 5, 8-9-2018)

Sec. 8-124. Purchase or acquisition from minors.

It shall be unlawful for any secondhand dealer to purchase or acquire in any manner any secondhand goods from any person less than 19 years of age.
(Ord. No. 16-965, § 3, 1-12-2017)

Sec. 8-125. Premises to be open for inspection.

The area and the premises where any person regulated by this article stores or keeps secondhand goods purchased or acquired in the business shall be open to inspection to any police officer or official of the city at all times during business hours. It shall be unlawful to deny such an inspection or otherwise violate this section.
(Ord. No. 16-965, § 3, 1-12-2017)

Sec. 8-126. Concealment of items.

It shall be unlawful for any secondhand dealer to conceal any secondhand goods or other items regulated by this article from any official who may inspect the premises under section 8-125.
(Ord. No. 16-965, § 3, 1-12-2017)

Sec. 8-127. Cancellation and revocation of license.

The conviction of any person licensed to engage in the business regulated by this article for violating any of the provisions of this article, or the conviction of any agent, servant or employees of any licensed person for a violation of any of the provisions of this article, while such servant, agent or employee was acting in the line and scope of employment in the business, shall be cause for the revocation of the business license.

*__Editor's note—__**Editor's note—**Ord. No. 16-103, § 1, adopted Feb. 11, 2016, amended Art. IV in its entirety to read as herein set out. Former Art. IV, §§ 8-151—8-316, pertained to similar subject matter. For prior history, see Code Comparative Table.

State law reference—Authority to license and regulate vehicles for hire, Code of Ala. 1975, § 11-51-101.

whether paid upon solicitation, demand or contract, or voluntarily, or intended as a gratuity or donation.

Courtesy vehicle means an unmetered motor vehicle operated exclusively by, or under contract with, any motel, hotel, convention or civic center, hospital, business or other entity for the convenience of its customers, guests, patients, or clients, provided there is no direct or separate remuneration required of the passengers. Such term shall include specially equipped courtesy vehicles used for the transportation of the physically disabled, chronically ill, and their attendants, including a motor vehicle that is wheelchair accessible.

Eligible livery vehicle is as defined in section 8-151 of this article.

Transportation network vehicle or *TNV* is as defined in section 8-341 of this article.

Vehicle for hire means any motor vehicle or other vehicle of whatever name called, which is used or operated for the purpose of transporting persons upon the public streets with the intent to receive compensation for providing such transportation.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-142. Exclusions from the operation of this article.

(a) This article shall not apply to the following:

(1) Vehicles operated by a governmental agency;

(2) Vehicles tendering transportation services not for compensation;

(3) Vehicles operated solely as courtesy vehicles;

(4) Discharge of a passenger inside the city limits, where such passenger was picked up outside the city limits by a licensed vehicle for hire operating under another local jurisdiction having regulatory authority over the operations of the vehicle for hire that would otherwise be subject to the provisions of this article;

(5) Vehicles operated as ambulances or other pre-hospital service providers;

(6) Vehicles operated for the transportation of passengers between the vicinity of their residence and the vicinity of their places of work, charging, if any charge, only a fee calculated to reasonably cover expenses, in an arrangement commonly known as a "car pool" or "van pool";

(7) Vehicles operated by funeral homes in conjunction with the providing of funeral services;

(8) Vehicles used for the transportation of pupils to and from school or to and from school activities, and which are owned, operated, rented or leased by the Huntsville Board of Education or by any private school located within the city;

(9) Vehicles used for the transportation of persons to and from church or to and from church activities, and which are owned, operated, rented or leased by any church located within the city; and

(10) Vehicles which the city does not have the federal or state authority to regulate.

(b) Exclusion from the provisions of this article in accordance with subsection (a) shall not be construed as relieving any person from otherwise complying with applicable federal, state or local laws, ordinances or regulations, including chapter 15 of this Code governing business licenses.

(c) Vehicles, and the operation thereof, otherwise excluded in subsection (a) of this section shall not be relieved from compliance with the provisions of this article in the event such vehicles are used or operated in such a manner as would cause them to come within the regulatory purview of this article.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-143. Violation; penalty.

(a) Unless excluded from this article under section 8-142, it shall be unlawful for any person to operate or allow or cause to be operated a

vehicle for hire in the city that is not an eligible vehicle for hire duly authorized in accordance with this article.

(b) An offense against a provision of this article shall be a violation which shall be governed by the provisions of section 1-7 of this Code.

Vehicle authorization means that a particular vehicle is authorized by the city to operate as a certified vehicle for hire.

Vehicle for hire means any motor vehicle or other vehicle of whatever name called, which is used or operated for the purpose of transporting persons upon the public streets with the intent to receive compensation for providing such transportation.

Vehicle for hire company or *company* means a person engaged in a business that owns, leases, or controls one or more vehicles for hire and drives or allows or causes any such vehicle to be driven upon the public streets in order to transport passengers for compensation.

Vehicle permit number or *permit number* means the number assigned by the city and displayed on or maintained in each vehicle, as required under this division.

Wheelchair accessible means a motor vehicle that a passenger in a wheelchair may enter and exit independently or with assistance while seated in a wheelchair that is equipped with operative features for wheelchair users that meet or exceed the requirements of section 8-243 of this division.

(b) *Notice methods.*

(1) *Notice by city.* Unless expressly provided otherwise, all written notice required to be provided by a city enforcement official under this division shall be, at the enforcement official's option, delivered personally, or sent by certified mail, return receipt requested, or by first class U.S. mail, to the last-known address the enforcement official has on file of the person to whom notice is required to be sent under the provisions of this division. Unless otherwise expressly provided for in this division, written notices shall be deemed served or received as follows: if by personal delivery, upon delivery; if by first class U.S. mail, three days after mailing; or if by certified mail, upon receipt.

(2) *Notice to city enforcement official.* Unless otherwise expressly provided for in this division, all written notice required to be provided to an enforcement official under this division shall be provided using any one of the methods, at the option of the person sending the notice, prescribed in subsection (b)(1) above. Unless otherwise expressly provided for in this division, written notices shall be deemed served or received as set forth in subsection (b)(1) above.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-152. Use of online enabled application or digital dispatch services; information to passengers; obstruction of enforcement.

(a) For purposes of this section, the term "enforcement official" means the chief of police, other law enforcement officers of the city, the director of parking and public transit, and their respective subordinates or designees.

(b) Nothing provided in this division shall be construed to prohibit or limit the utilization of an online-enabled application (app) or digital platform for the provision of prearranged ride services by a certified company that is not a transportation network company, as that term is defined in section 8-341 of this article.

(c) It shall be unlawful for a certified company using an on-line enabled application (app) or digital platform for the provision of prearranged ride services, including the company's agents, servants, or employees, to disable, eliminate or otherwise prevent access to the company's mobile application by an enforcement official, for purpose of interfering with or obstructing the enforcement of this division, or to otherwise take an action intended to obstruct or interfere with the enforcement of this division by an enforcement official.

(d) All certified companies that use an online enabled application (app) or digital platform for the provision of prearranged ride services shall, at a minimum, display on its online-enabled application or digital platform to actual or potential passengers, prior to pick up, a recent photograph of the driver, the type of vehicle, and the driver's first name.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-153. Violation.

It shall be a violation of this division for a driver or a vehicle for hire company, its servants, agents, or employees, to fail to comply with the applicable provisions of this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-154. Penalty.

An offense against a provision of this division shall be a violation which shall be governed by the provisions of section 1-7 of this Code.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-155. Right to amend division.

By its issuance of certificates, licenses, authorizations, or other approvals provided for in this division, the city does not waive and expressly reserves the right to, at any time and from time to time, amend or repeal any of the provisions of this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Secs. 8-156—8-180. Reserved.

Subdivision II. Certificate and Business License Requirements

Sec. 8-181. Required.

Unless excluded from this article under section 8-142, it shall be unlawful for a driver or a vehicle for hire company to operate or allow or cause to be operated a vehicle for hire upon the public streets without having then in force a certificate of public convenience and necessity and city business license required under this division. A certified company shall notify its affiliated drivers if its certificate or license is no longer in effect.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-182. Uncategorized vehicles for hire.

(a) Notwithstanding anything to the contrary contained in this division, a vehicle for hire that does not fall into one of the categories of eligible livery vehicles may, nevertheless, apply for, on forms provided by the city, a temporary certificate of public convenience and necessity from the director of parking and public transit in order to operate on a temporary basis, not to exceed nine months, should the director, in his sole discretion, determine that the proposed category of vehicle for hire is one that should be available to serve the public convenience and necessity and issuance of the temporary certificate would not

be contrary to the public health, safety, and general welfare. Notwithstanding the foregoing, a temporary certificate shall not be issued for the same or a substantially similar category of vehicle for hire that the city council has considered for addition to this division within the preceding two-year period.

(b) If the director has issued a temporary certificate under subsection (a) of this section, then he shall, within six months after issuance of the temporary certificate submit to the city council for its consideration an amendment to this division to add the particular category of vehicle being operated under the temporary certificate. If this division is amended to add the new category of vehicle for hire as an eligible livery vehicle then the holder of the temporary certificate shall, in order to continue to operate, obtain a certificate of public convenience and necessity within thirty days of the amendment to this division. If this division is not amended to add the new category of vehicle for hire by the end of the nine-month permit period, then the temporary certificate and the business license shall immediately be deemed to expire without the necessity of further action by the city and the holder thereof shall immediately cease to operate.

(c) The issuance of a temporary certificate shall be conditioned upon complying with the insurance and inspection requirements of this division, obtaining a business license, and such other conditions that the director deems appropriate under the circumstances in order to protect the public health, safety, and general welfare. A vehicle for hire being operated under a temporary certificate shall be operated on the public streets by the holder of a chauffeur's license.

(d) The issuance of a temporary certificate under this section shall not be construed to grant the holder thereof any vested right or property interest in the temporary certificate, the use of the public streets to operate a vehicle for hire, an amendment to this division to accommodate the particular category of vehicle for hire, or the issuance of a certificate of public convenience and necessity.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-183. Filing fee; application for certificate.

Every company that desires a certificate of public convenience and necessity to operate an eligible livery upon the public streets shall pay a filing fee of $50.00 and make a written application for a certificate to the city council upon forms to be furnished by the city clerk-treasurer, verified under oath stating:

(1) The name, address, and telephone number of the applicant, specifying, in the case of an unincorporated association, partnership, or firm, the names and addresses of each member or general partner thereof, and the quantum of interest of each member or general partner; and specifying in the case of a corporation, the names and addresses of each stockholder of a corporation whose shares are not publicly traded, officer, and director, with the number of shares of stock owned or held by each officer and director.

(2) The amount(s) of all unpaid judgments against the applicant, each member, general partner, officer, or director; the nature of the transaction or acts giving rise to said judgments; and, the name and location of the court in which and the date on which each was entered.

(3) All misdemeanors or felonies of which the applicant and any member or general partner thereof, if an unincorporated association, partnership, or firm, and any officer or director, if a corporation, has been convicted, stating the names and locations of the courts in which and the date on which such convictions were had and the penalties imposed therefor.

(4) The applicant's proposed base of operation.

(5) The number of vehicles which the applicant proposes to operate.

(6) A description of the proposed insignia, trade name, and proposed color scheme for each vehicle. In the case of taxicab companies, the trade name must contain the word "taxicab," "taxi," or "cab."

(7) A description of any and all services the applicant proposes to provide.

(8) Any other relevant information which the city clerk-treasurer, police department, or department of parking and public transit may require.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-184. Finding of council.

No certificate of public convenience and necessity shall be granted to operate a vehicle for hire until the city council shall have determined, by resolution, that the company is qualified, the vehicle is an eligible livery vehicle and that the public convenience and necessity requires the proposed eligible livery vehicle service.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-185. Notice of hearing.

Before making any finding as to whether public convenience and necessity justify the issuance of a certificate of public convenience and necessity for the proposed eligible livery vehicle, the city council shall cause to be published, in a newspaper of general circulation in the city, a notice stating that such application has been made; the number of vehicles for which such application has been made; and that a public hearing shall be held to determine whether public convenience and necessity require such services on the date fixed therein, which date must be not less than seven days after the date of such publication.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-186. Basis for issuance generally; issuance.

In making the findings of public convenience and necessity required by section 8-184, the city council shall take into consideration the number of certified vehicles for hire already in operation in the city; whether existing transportation is adequate to meet the public need; the probable effect of additional certified vehicles for hire on local traffic conditions; the character, experience, and responsibility of the applicant; and that the service which the applicant proposes to give is adequate and is in compliance with the requirements of this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-187. Number of taxicabs.

In order to better control and regulate the taxicab operations within the city, the city council shall not make a finding that the public convenience and necessity justify the issuance of a taxicab certificate of public convenience and necessity unless the application therefor shall provide for the operating of at least three taxicabs. The intent being that no certificate for taxicab service shall be granted to any person, unless such applicant operates three or more taxicabs.
(Ord. No. 16-103, § 1, 2-11-2016; Ord. No. 19-993, § 1, 11-7-2019)

Sec. 8-188. Issuance of certificate.

(a) If the city council shall find that further eligible livery vehicles are required by public convenience and necessity, and if the city council shall find from the statements contained in the application for a certificate of public convenience and necessity that the applicant is qualified and able to perform such public transportation, and that the applicant is able to conform with the provisions of this division, then the city council shall adopt a resolution certifying that the public convenience and necessity require the proposed eligible livery vehicle service. Such resolution may contain any qualifications or limitations the city council deems appropriate to impose in order to protect the public and to promote the safe, efficient, and effective use of the public streets. It shall be unlawful and a cause for suspension or revocation of a certificate and business license for any person, including drivers and companies, to operate or allow or cause to be operated any certified vehicle for hire contrary to any qualifications or limitations imposed by the city council in the resolution adopted in accordance with this section.

(b) Where a resolution provides for a specified number of vehicles for hire to operate under a certificate, then the certificate holder may add up to four vehicles per calendar year during the

term of the certificate, provided that the director of parking a public transit determines that the certificate holder, at the time of the request for additional vehicles, is operating in accordance with the provisions of this division. Where a resolution provides for a specified number of vehicles for hire to operate under a certificate and the certificate holder desires to add more than four vehicles to the specified number in any given year during the term of the certificate, then the holder must apply for an amendment to the certificate, which shall be acted upon by the city council in the same manner as the original application. All such additional vehicles shall be subject to the same qualifications and limitations, if any, imposed on the initially certified vehicles by the city council. Notwithstanding anything to the contrary in this subsection (b), in no event shall a certificate holder be allowed to add additional vehicles if the holder is operating less than the approved number of vehicles, including the specified number and additionally approved vehicles, if any, at the time of the request for additional vehicles.

(c) The resolution adopted by the city council pursuant to the provisions hereof shall be known as the certificate of public convenience and necessity and shall entitle the holder thereof the non-exclusive right to apply for a city business license subject to complying with all applicable conditions to issuance of the business license and requirements of this division. The certificate of public convenience and necessity shall be conditioned upon compliance with section 8-189, concerning issuance of a business license and vehicle authorization, within the time provided by that section.

(d) Each certificate shall be valid for up to a ten year period from the date of issuance, unless terminated, revoked, or abandoned sooner, or unless the category of the certified vehicle is eliminated from the definition of an eligible livery vehicle category. In addition, a vehicle for hire company that is operating a vehicle licensed on or before January 1, 2015, pursuant to an already-issued certificate is hereby granted, subject to compliance with applicable provisions of this division, an extension of the term of its certificate for up to a ten-year period starting the later of January 1, 2015, or the expiration stated in the certificate, unless terminated, revoked, or abandoned sooner, or unless the category of the certified vehicle is eliminated from the definition of an eligible livery vehicle category.

(e) The issuance of a certificate of public convenience and necessity and city business license shall not be construed to create a vested property interest or right of any type in favor of the holder thereof.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-189. Issuance of a business license.

(a) *Business license.*

(1) A certificate holder authorized to operate taxis shall have 60 days after the adoption of the resolution certifying the public convenience and necessity to exercise the certificate by obtaining a business license from the city clerk-treasurer and by having at least three vehicles authorized and in operation in accordance with the requirements of this division; otherwise the certificate for public convenience and necessity and the authorization for licensure shall be deemed automatically rescinded. The director of parking and public transit may grant a 60-day extension for good cause shown. All other certified companies shall have six months from the date of issuance of the certificate to exercise the certificate by obtaining a business license from the city clerk-treasurer and by having at least one vehicle authorized and operating in accordance with the requirements of this division; otherwise the certificate for public convenience and necessity and the authorization for licensure shall be deemed automatically rescinded.

(2) Upon the certificate holder's compliance with the applicable provisions of this division and the city's business license code, and the certificate holder's establishment of a base of operation, then the city clerk-treasurer shall issue to the

certificate holder a business license after payment of the appropriate business license tax.

(3) The business license shall be deemed to include such qualifications and limitations which the city council has imposed in its certificate of public convenience and necessity and non-compliance with such qualifications and limitations shall be a violation of this division.

(Ord. No. 16-103, § 1, 2-11-2016; Ord. No. 19-993, § 2, 11-7-2019)

Sec. 8-190. Insurance.

(a) Before a business license can be issued under this division the certificate holder shall file with the city clerk-treasurer a certificate of insurance that the certificate holder and each vehicle for hire to be operated is insured against public liability in the minimum limits required by the Alabama Public Service Commission but in any event not less than, in the case of special shuttles and pedicabs that are defined as pedal carriages in section 8-244 of this division, $100,000.00 for personal injury to any one person in any one accident, and $500,000.00 for personal injury to two or more people in any one accident, and $50,000.00 for property damage in any one accident, and, in the case of all other vehicles for hire, $100,000.00 for personal injury to any one person in any one accident, and $300,000.00 for personal injury to two or more people in any one accident, and $50,000.00 for property damage in any one accident, which insurance policy and certificate shall provide that the City of Huntsville shall be given at least 30 days' prior notice of cancellation. Such policy shall not be canceled or suspended, either by the insured or the insurer, unless at least 30 days' notice in writing of the intention to cancel or suspend policy has been filed with the city clerk-treasurer, and upon such suspension or cancellation of insurance, the vehicle authorization of the certified vehicles for hire of said insured shall stand automatically suspended until such time as an acceptable policy and certificate of insurance shall be on file with the city clerk-treasurer. The company shall notify its affiliated drivers that its insurance is not in effect and that the vehicle authorizations have been automatically suspended, without action being required by the city. Any vehicle licensed under this division with an original seating capacity of more than eight passengers shall be insured in the minimum limits of as required by the Alabama Public Service Commission, but in no case for less than the limits required in this provision.

(b) Proof of insurance must be physically present in each certified vehicle while it is being operated and present it to an enforcement official upon request.

(Ord. No. 16-103, § 1, 2-11-2016; Ord. No. 18-575, § 1, 8-9-2018)

Sec. 8-191. Renewal.

Upon the certification by the holder that there have been no changes in the information submitted as a prerequisite to the issuance of a certificate and a business license, including the required insurance coverage, and upon the approval of the city clerk-treasurer, a business license issued to a certificate holder may be renewed annually for additional periods of one year each from the date of expiration for so long as the certificate of public convenience and necessity authorizing such licensure has not been revoked, suspended, abandoned, has expired according to its terms, or is otherwise no longer in effect; provided, however, that any business license not renewed after March 1 each year shall be deemed abandoned. A 60-day extension may be granted by the city clerk-treasurer for good cause shown.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-192. Operating fewer taxicabs than authorized.

It shall be unlawful and cause for suspension or revocation of a certificate of public convenience and necessity and business license for a certificate holder that has been issued a certificate of public convenience and necessity to operate taxicabs upon the public streets, to fail to have in operation at least three taxicabs for a period of time exceeding 60 days out of any period of 90 days,

unless the director of parking and public transit has granted a 60-day extension for good cause shown.
(Ord. No. 16-103, § 1, 2-11-2016; Ord. No. 19-993, § 3, 11-7-2019)

Sec. 8-193. Changes reported.

Any change in the information furnished in the application for a certificate of public convenience and necessity or business license issued pursuant to this division must be reported to the city clerk-treasurer and director of parking and public transit in writing within twenty days and failure to so report may be cause for suspension or revocation of the certificate of public convenience and necessity, and any license issued pursuant thereto.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-194. Transfer.

A certificate of public convenience and necessity issued under this division is not transferable.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-195. Action against business license and certificate.

(a) Upon the recommendation of the director of parking and public transit or the chief of police, the city clerk-treasurer may petition the city council to take action against a business license issued under this division in accordance with section 15-56 of this Code, which includes the notice and hearing requirements set forth therein. In addition to the reasons stated in section 15-56(a) of this Code, each of the following shall also constitute grounds for action being taken against the license:

(1) If the licensee or those acting on its behalf make any false statement or misrepresentation on any applications made under this division, including applications for a certificate of public convenience and necessity or a business license issued under this division.

(2) Failure of the licensee to maintain any of the general qualifications required in this division in order to obtain a certificate or business license.

(3) If the licensee or those acting on its behalf violates a provision of this division, which includes the operation of a certified vehicle for hire by a person who does not hold a then-current chauffer's license, if a chauffeur's license is required to operate the vehicle under subdivision II of this division.

(b) The action taken against a business license shall automatically constitute the same action being taken against the certificate of public convenience and necessity of the affected licensee; provided, however, in order to permanently revoke a certificate of convenience and necessity the director of parking and public transit or chief of police must recommend and the city clerk-treasurer must petition the city council that, at the same time and in the same proceeding, the certificate of public convenience and necessity be permanently revoked based on the same grounds that warrant action being taken against the business license, and the certificate holder must be notified that permanent revocation is being considered. The permanent revocation of the certificate shall constitute a permanent revocation of the business license and shall disqualify the certificate holder from holding a certificate, and, should the city council expressly make the determination, the immediate family members, officers, directors, general partners, members, or mangers, as the case may be, shall also be disqualified from holding a certificate.

(c) It shall be unlawful for any person, including the company or a driver, to operate or allow or cause to be operated a vehicle for hire under a license or certificate during the effective period of an adverse action taken against the license or certificate.
(Ord. No. 16-103, § 1, 2-11-2016; Ord. No. 22-70, § 1, 2-10-2022)

Secs. 8-196—8-211. Reserved.

Subdivision III. Chauffeur's License

Sec. 8-212. Exclusions; required.

(a) This subdivision, consisting of sections 8-212 through 8-216, shall not apply to drivers of carriages or pedicabs and the reference to "certified vehicles for hire" in this subdivision shall not mean carriages or pedicabs.

(b) It shall be unlawful for any person to operate a certified vehicle for hire who does not possess a valid city chauffeur's license.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-213. Chauffer's license.

(a) *Application; fee.* Every person desiring to drive a certified vehicle for hire shall pay a fee of $25.00 and shall make a written application to

the chief of police, on forms furnished by the chief of police. The application shall be verified under oath stating:

(1) The name, address, and age of the applicant. The minimum age is 21.

(2) The applicant's place of residence for two years immediately preceding his/her current address.

(3) A full description of the applicant, including his/her race, height, weight, color of eyes and hair, scars or marks.

(4) The names and addresses of the applicant's employers during the last five years prior to his/her application.

(5) All misdemeanors and felonies for which the applicant has been convicted. The applicant shall state the name and location of the court and the date on which each such conviction was rendered and the penalty imposed.

(6) Whether applicant has previously held a license anywhere as a driver or chauffeur and whether such license has been revoked, or suspended, and, if so, for what cause.

(7) The number of the applicant's valid driver's license unless exempt under state law.

(8) Any other relevant information, which the police department may require.

(b) *Attachments to application.* Every applicant for a city chauffeur's license, at the time of submitting his/her application, shall:

(1) Be photographed by the police department.

(2) Exhibit his/her valid driver's license for inspection, unless exempt under state law.

(3) Submit to the State of Alabama a request for a driving record check on the Alabama Department of Public Safety record request form; and criminal record check on the appropriate Alabama Bureau of Investigation criminal history release form.

(c) *Issuance of chauffeur's license.*

(1) No vested property right or property interest of any type is acquired by a chauffeur's license issued to any person under this subdivision.

(2) All chauffeurs' licenses are revocable and subject to suspension in accordance with the provisions of this subdivision and are to be exercised only in conformance with the provisions of this division.

(3) Upon the receipt of the information provided for in subsections (a) and (b) of this section, the chief of police or such other member of the police department as he/she may designate shall issue a temporary city chauffeur's license to the applicant, which shall be valid for a period not to exceed 45 days, if he/she shall find that the applicant holds a valid state driver's license, unless exempt under state law, and the applicant is a fit and proper person to drive a certified vehicle for hire, considering the information submitted in his/her application or otherwise found to exist; otherwise such temporary license shall be denied. The temporary chauffeur's license may be revoked at any time by the chief of police for cause and such revocation shall be final and not subject to appeal.

(4) Upon receipt of the information on official forms received from the department of public safety and Alabama Bureau of Investigation as provided for in subsection (b), the chief of police or other member of the police department as he/she may designate shall issue a city chauffeur's license to the applicant, if he/she shall find that the applicant is a fit and proper person to drive a certified vehicle for hire considering the information submitted from the state's record check from the department of public safety and criminal history record from the Alabama Bureau of Investigation. The city chauffeur's license may be denied based on any disqualifying information the chief of police shall have found to exist, and

written notice of the denial shall be provided to the applicant and shall contain the grounds for denial.

(d) *Duration, renewal, display.*

(1) A city chauffeur's license shall in no event be valid for more than four years from the date of issuance and may be renewed each third year by re-application with the police department. Such application shall include all information required by the chief of police including updated criminal history and driving records check required in section 8-213, and shall be subject to the same approval criteria and process, including the right of appeal in case of denial, as the initial application process.

(2) City chauffeur's license shall be displayed on the dash of all taxicabs in a manner so that they may be seen clearly from all seating positions in the vehicle. In the case of other vehicles for hire a driver shall keep his or her chauffeur's license in his/her possession or in a readily accessible place in the vehicle while it is being operated and present it upon request to a passenger or potential passenger, the chief of police or other a law enforcement officer of the city, or the director of the department of parking and public transit or city personnel operating under the director's supervision.

(e) *Change of address; loss of chauffeur's license.* Every city chauffeur licensed as such pursuant to this division shall within five working days notify the chief of police of any change of his/her address or loss of his/her city chauffeur's license, or temporary chauffeur's license. A lost, destroyed or mutilated chauffeur's license shall be replaced upon payment of a fee of $10.00.

(f) *Transfer*. The city chauffeur's license issued under this division shall enable the holder thereof to operate a certified vehicle for hire for a certified company. The city chauffeur's license shall be nontransferable or assignable from one person to another person.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-214. Suspension; revocation.

(a) *For a violation of division.*

(1) After the issuance of a chauffeur's license, the chief of police may, upon conviction by a court of competent jurisdiction, for an offense against any provision of this division, suspend the chauffeur's license issued hereunder of such person convicted for a period of time not to exceed 90 days.

(2) Upon a second conviction, the chauffeur's license for such person convicted may be permanently revoked by the chief of police.

(b) *Other grounds.* The chief of police may revoke or suspend a chauffeur's license as follows:

(1) Upon conviction by a court of competent jurisdiction of a crime that would otherwise disqualify that person from being issued a chauffeur's license;

(2) If the issuance of the chauffeur's license is based on a false statement or misrepresentation to the city; or

(3) For failure to maintain any of the general qualifications or eligibility requirements required in this subdivision for a chauffeur's license.

(c) *Notice of action*. Except where this division provides for an automatic action against a chauffeur's license, before a chauffeur's license is revoked or suspended the chief of police shall provide written notice to the license holder of the proposed action, stating the grounds therefor, and providing the holder with an opportunity, upon request, to present to the chief of police evidence as to why the chauffeur's license should not be revoked or suspended; provided, however, if, in the opinion of the chief of police, the health or safety of the public is immediately threatened the chief may immediately suspend, orally or in writing, the chauffeur's license, and upon such immediate suspension the holder of the chauffeur's license may proceed to request a hearing as hereafter provided.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-215. Appeal of denial, suspension; revocation.

(a) Except where this division provides for an automatic action against a chauffeur's license, in which case no appeal is provided for, in order to appeal the denial, suspension, or revocation of a chauffeur's license, the license holder must, within fifteen days after receiving the police chief's notice, provide to the police chief a written notice requesting a hearing. The notice requesting a hearing shall set forth the reason(s) why the holder disagrees with the action of the chief, the names of any witnesses, a list of any documents that will be submitted at the hearing, and whether the holder will be represented at the hearing and the name of the counsel or representative of choice of the possessor. Failure to file a timely appeal shall cause the chief's decision to be final, unless the chief waives the failure for good cause shown.

(b) The chief of police shall set a hearing within 30 days of the date a request for a hearing has been received; provided, however, in the event of immediate suspension, the hearing shall be set within ten days from the date the written notice requesting a hearing has been received. Notice of the hearing shall be sent to the holder and shall state the hearing date, time, and location.

(c) Within 20 days of the conclusion of the hearing, the chief of police shall render a decision, which may include, but not be limited to, the following:

(1) Upholding or reversing his denial.

(2) Suspension, for a designated period of time or until a violation has been remedied, of the chauffeur's license.

(3) Revocation of the chauffeur's license for a minimum of one year.

(d) The chief of police shall provide a written notice of the decision to the holder.

(e) *Appeal of adverse decision.*

(1) A holder that receives an adverse decision may appeal the decision of the chief of police to the license review committee, consisting of the director of parking and public transit, the city clerk-treasurer, and the city administrator, or their respective designees, by filing a written notice of appeal with the chief of police. The notice of appeal shall be filed within ten days of receiving the notice of the decision of the chief of police and shall state the grounds for appeal, the names of any witnesses and their anticipated testimony, a list of any documents that will be submitted, and whether the applicant will be represented at the hearing and the name of the counsel or representative of choice of the applicant. Failure to file a timely appeal shall cause the chief's decision to be final. The filing of the notice of the appeal will not delay the effectiveness of any suspension or revocation.

(2) Upon receipt, the chief of police shall schedule the hearing before the license review committee, and shall send notice of the date, time, and place of the hearing to the holder.

(3) The chief of police, or his designee, shall be present at the hearing before the license review committee and shall be allowed to present evidence in support of his decision. The license review committee may affirm, reverse or modify the decision appealed from. The decision of the license review committee shall be final.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-216. Business license.

Nothing in this subdivision III shall be construed to exempt an affiliated driver that operates a vehicle for hire for a vehicle for hire company as an independent contractor of the company from obtaining a business license as may be required pursuant to chapter 15 of this Code.

(Ord. No. 16-103, § 1, 2-11-2016)

Secs. 8-217—8-239. Reserved.

Subdivision IV. Vehicle Authorization; Conditions and Inspection of Vehicles

Sec. 8-240. Vehicle authorization.

(a) In order for a vehicle to be authorized to be operated on the public streets each of the following conditions must be met:

(1) The certificate holder shall file with the city a description of the vehicle, which includes the make, model, passenger seating capacity, year of manufacture, state license number, the V.I.N. number thereof, and the name and address of the owner.

(2) The vehicle must be of the type authorized under the certificate of public convenience and necessity and not exceed the number of vehicles that may be allowed under the certificate.

(3) The vehicle must meet the requirements of this division for that type of eligible livery vehicle.

(4) The vehicle must meet applicable standards, pass all required inspections, and be duly insured in accordance with this division.

(5) The vehicle shall not be authorized to operate under another certificate of public convenience and necessity.

(6) The applicable business license tax shall be paid.

(b) Upon compliance with the foregoing conditions, the city will issue vehicle authorization upon the city assigning a vehicle permit number for that vehicle that vehicle shall be authorized to operate in conformance with this division. Taxis and airport shuttles shall display the permit number on the exterior of the vehicle as required in section 8-241(c)(2). All other vehicles for hire shall maintain a copy of their permit number on their person or at a readily accessible place inside the vehicle.

(c) No person, which includes a certificate holder or driver, shall operate or allow or cause to be operated a vehicle for hire unless and until that vehicle has a vehicle authorization. There is no vested right in a vehicle authorization and such authorization may be acted against in accordance with this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-241. Vehicle standards.

(a) *In general.* Every certified vehicle for hire operated upon the public streets of the city shall be kept clean, sanitary, fit and of good appearance, and in a safe condition for the transportation of passengers.

(b) *Taxis*. In addition to all other applicable requirements of this division, all taxicabs shall conform to the following standards:

(1) The color scheme for taxicabs shall be the same as that proposed in the application for a certificate and all taxicabs within a company must be the same. A diagram of the vehicle with colors, color number, name, and any logo must be attached. Any changes must be approved by the director of parking and public transit.

(2) Each taxicab operated under this division shall have a securely affixed roof light with the words "taxicab," "taxi," or "cab," or the company name printed thereon; and, in addition, the telephone number or company name may be printed thereon in such manner as to be visible at all times. The roof light shall also be equipped with a top light actuated when the meter is in the hired mode and such light must be visible at all times and in all directions 360 degrees. Taxicabs may be equipped with an advertising sign known in the trade as a "taxi topper" that is a triangular shaped sign with a static, non-movable, non-digital display, and that is no larger than 42 inches by 15 inches with advertising allowed only on the left and right side of the sign. There is no vested right to maintain a taxi topper on a taxi.

(3) Each taxicab shall be equipped with a taximeter conforming to the provision of section 8-271.

(c) *Airport shuttles, special shuttles, and taxis*. In addition to all other applicable requirements of this division, all airport shuttles, special shuttles, and taxicabs shall conform to the following:

(1) The trade name of the company must be placed on the outside of each front door (sliding door in the case of vans or rear corner panel) of each airport shuttle, special shuttle, or taxicab in letters not less than three inches in height, in a permanent manner, and in contrasting color to background.

(2) The permit number assigned to each taxicab, special shuttle, or airport shuttle, by the city shall be placed on both sides of the body and on the front end and rear end of each taxicab, special shuttles, or airport shuttle in numerals three inches in height. Said number must be visible from all sides of the vehicle.

(d) *Age of eligible livery vehicles or certified vehicles for hire.* Except in the case of classic or vintage limousines, at the time of the initial and each annual inspection thereafter an eligible livery vehicle or certified vehicle for hire shall be no older than ten model years of age from the current model year (as measured from June 30 of the calendar year following the model year), unless the certified company requests in writing that the director of parking and public transit grant a waiver to this requirement. The waiver may be issued only if the vehicle meets or exceeds applicable standards and requirements of this division. An age waiver may be renewed annually upon application, inspection, and approval of the director of parking and public transit.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-242. Standards for carriages.

In addition to all other applicable standards and requirements of this division, all horse drawn carriages shall conform to the following standards:

(1) Carriage services shall not operate on any of the public streets of the city except on those public streets as approved by the City of Huntsville's Traffic Engineering or Police Department.

(2) Carriages shall not exceed 12 feet in length or six feet in width and must be authentically styled passenger carriages.

(3) All animals used to pull such carriages on the public streets must be equipped with a diapering apparatus that prevents the droppings of such animal from being deposited on the city streets and must be properly shod for street surfaces.

(4) All carriages must have proper lighting for nighttime operation including headlights, taillights, turn signals, and reflectors, continuously maintained in operating condition, and must display a slow moving vehicle emblem.

(5) All carriages and horses must be transported by truck or trailer to permitted locations.

(6) Only horses and mules in good health with adequate muscle tone and proper body conditions and have been certified as fit to work by a licensed equine veterinarian will be used to pull carriages.

(7) No equine will be used to pull a carriage if it has injuries or wounds, is lame, or unsound in one or more limbs or which has any other ailment without a specific written approval by a licensed equine veterinarian.

(8) The hooves of working horses or mules will be properly shod with appropriate shoes. Shoes which are designed to prevent slipping and absorb shocks will be utilized when working on paved surface.

(9) Each carriage animal will be properly sized relative to weight, size, and load capacity of carriage it will pull and the terrain over which it will operate.

(10) Working carriage animals shall be examined by a licensed equine veterinarian at least once per year and shall receive all necessary immunizations and

be dewormed at appropriate intervals to control internal parasites. Carriage animals must be examined by a licensed equine veterinarian upon request of the City of Huntsville Animal Control Director, or their designee, to insure compliance with these requirements.

(11) Horses must be removed from the streets during extremely hot or cold weather, as determined by the animal control director, or their designee.

(12) Carriage horse and mules shall not be worked more than three consecutive hours without a rest period with a maximum of nine hours worked per day. A ten-minute rest period shall be provided every hour during the work period.

(13) Carriage horse and mules shall not be worked more than six consecutive days without being provided a rest period of at least one day before the resumption of work.

(14) Fresh water shall be made available and each animal given the opportunity to drink during each rest period and during the hourly ten-minute break.

(15) Owners/drivers shall be knowledgeable in equine husbandry, training, and emergency first-aid. They must be knowledgeable in the proper use and maintenance of harnesses, tacks, and carriages or have in their employ a manager with such expertise.

(16) Carriage operators who have been convicted of animal cruelty shall have the carriage license revoked.

(17) This carriage license shall not be transferable.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-243. Standards for wheelchair accessible vehicles.

Subject to any applicable federal and state requirements for vehicles that are wheelchair accessible, in addition to all the other applicable requirements of this division, a vehicle that is wheelchair accessible must comply with the following special requirements:

(1) Vehicles that are wheelchair accessible must be designated by the manufacturer as a van or be built exclusively for wheelchair access and must have the following equipment:

a. Electrically or hydraulically operated lift mechanisms or ramps with a nonskid surface to accommodate the loading and unloading of a passenger confined to a wheelchair;

b. A positive means of securing a wheelchair to the inside of the vehicle to prevent any lateral, forward, backward or vertical motion of the wheelchair within the vehicle;

c. A rear-view mirror which enables the chauffeur to view the passengers;

d. Outside rear-view mirrors on both sides of the vehicle; and

e. Emergency exit door or doors at the rear of the vehicle.

(2) A vehicle that is wheelchair accessible may accept as passengers wheelchair-confined persons when such persons remain in a sitting position within the chair during transport or transfer to a seat after loading.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-244. Standards for pedicabs.

(a) *Definitions, etc.*

(1) *Definitions*. For purposes of this section, the following terms shall have the following meanings:

Cycle rickshaw means a pedicab with three wheels operated by one person for the purpose of, or capable of, transporting up to two passengers in seats or on a platform made a part of or otherwise attached to the cycle rickshaw. The term does not include a bicycle built for two where the operators are seated one behind

the other, nor shall it include the operation of a bicycle with trainer or beginner wheels affixed thereto, nor does it include a wheelchair or other vehicle with the purpose of operation by or for the transportation of a disabled person.

Destination point means a predetermined location that is a part of the scheduled itinerary of a pedicab established by the certificate holder.

Driver shall have the meaning ascribed to the term in section 8-151. The term does not include an individual who merely pedals the pedicab, but who does not otherwise control the operation of the pedicab, including its steering or braking.

Entertainment district means an arts and entertainment district or entertainment district established in chapter 3, article II of this Code.

Passenger shall have the meaning ascribed to the term in section 8-151, and includes an individual who pedals the pedicab, but who does not otherwise control the operation of the pedicab.

Pedal carriage means a pedicab with four or more wheels operated by one or more persons for the purpose of, or capable of, transporting up to sixteen passengers in seats or on a platform made a part of or otherwise attached to the pedal carriage. The term does not include a bicycle with trainer or beginner wheels affixed thereto, nor shall it include a wheelchair or other vehicle with the purpose of operation by or for the transportation of a disabled person, nor does it include a tricycle built for a child or an adult with a seat for only one operator and no passenger.

Pedicab shall have the meaning ascribed to the term in section 8-151, and shall include either a pedal carriage or a cycle rickshaw, or both; provided, however, a pedal carriage may have an electric motor assist that supplements, but that does not replace, the use of human power to pedal the carriage.

(2) *Requirements of section*. In addition to all other applicable requirements of this division, a pedicab and its operation shall comply with the requirements of this section, which includes conditions, if any, imposed hereunder. It shall be unlawful for a driver to operate, or for a certificate holder to allow or cause to be operated, a pedicab in violation of the requirements of this section.

(3) *Types of pedicabs allowed to operate as a vehicle for hire*. Only cycle rickshaws and pedal carriages shall be allowed to operate as pedicabs.

(4) In accordance with section 8-188 of this article, the city council may eliminate either a cycle rickshaw or pedal carriage, or both, from the definition of an eligible livery vehicle category.

(b) *Pedicab operating area; additional pedicab operating areas; prohibited routes; conditions*.

(1) *Boundaries defined*. Subject to subsections (3) and (4) below, the pedicab operating area is bounded by the northern margin of Governors Drive on the south, the eastern margin of Memorial Parkway on the west, the southern margin of Pratt Avenue and University Drive on the north, and the western margin of California Street and Andrew Jackson Way on the east. While the afore-stated roadways are used to define the boundaries of the operating area, such roadways are not included within the operating area.

(2) *Additional operating areas*. Subject to subsections (3) and (4) below, upon written request of a certificate holder for a particular date, time, and duration the director of parking and public transit may, at his discretion, approve additional pedicab operating areas for that certificate holder.

(3) *Prohibited routes*. Notwithstanding anything to the contrary in this section, at any time and from time to time, the director of parking and public transit or the chief of police may declare that a pedicab is prohibited from operating on all or any portion of a public right-of-way within the pedicab operating area or additional operating area. Notice of the prohibition shall be provided to the certificate holder as soon as practicable, except in the case of emergencies when no prior notice is required.

(4) *Conditions*. At any time and from time to time, the director of parking and public transit may attach such conditions to the operation of a pedicab as he deems appropriate in order to protect the public health, safety, and general welfare, which includes requiring the use of an escort vehicle or additional equipment on specific routes. Such conditions shall be provided by the director in writing to the certificate holder.

(c) *Receiving and discharging passengers*.

(1) The director of parking and public transit may, at any time and from time to time, establish passenger pick-up and discharge points for pedicabs. In the event such pick-up and discharge points are designated by the director, those points shall be instead of the destination points established by the certificate holder. It shall be unlawful for the driver to pick-up or discharge passengers at other than said director-designated points, if such points are established.

(2) A driver shall not receive or discharge passengers upon the roadway, but shall pull to the extreme righthand side of the road or to the sidewalk and there receive or discharge passengers, except upon one-way streets where passengers may be discharged at either side of the roadway in the absence of a sidewalk. As an exception, when access to curb space is blocked by parked vehicles, drives may pull to the extreme righthand lane, and stop to expeditiously receive or discharge passengers from the right side of the vehicle. Nothing in this section shall be construed to permit the parking of a vehicle at any place where parking is otherwise restricted or prohibited.

(3) Drivers shall not stop to load or unload passengers or their belongings in the intersections of any street, crosswalks or in any manner or other location that would be considered unsafe. No pedicab shall load or unload in any such manner that will in any way impede or interfere with the orderly flow of traffic on the streets.

(4) While the pedicab is in route between destination points or director-designated points, pedicab drivers shall not allow passengers to discharge from or for additional passengers to board the pedicab.

(5) In no event shall a pedicab driver accept street hails.

(d) *Driver requirements*. In addition to other requirements of this division, pedicab drivers shall:

(1) Have in their possession proof of insurance and a valid state driver's license, which the driver shall present upon the request of the chief of police or director of parking and public transit.

(2) Not allow any other individual to operate or control the pedicab.

(3) Not transport more than the manufactured recommended maximum number of passengers or exceeding the manufacturer's recommended weight limit.

(4) Not permit more passengers to be carried in a pedicab than for which there is proper seating, and at no time shall a driver allow any passenger to ride in any area of the pedicab not specifically designed or designated as a seat.

(5) Not permit any passenger 12 years of age or younger to ride in a pedicab unaccompanied by an adult.

(6) Operate the pedicab only within the pedicab operating area or additional pedicab operating area, as the case may be.

(7) Not operate the pedicab in excess of 15 miles per hour.

(8) Not permit a passenger to stand up in the pedicab while it is in motion.

(9) Not drive the pedicab on the sidewalks or within a designated bike lane.

(10) Subject to subsection (h) operate the pedicab in conformance with applicable state laws, including, but not limited to, the rules of the road.

(e) *Hours of operation*. It shall be unlawful for a driver to operate a pedicab on the public streets on weekdays between the hours of 7:00 a.m. to 9:00 a.m. and between the hours 4:00 p.m. to 6:00 p.m.; provided, however, the director of parking and public transit may waive the prohibition for hours of operation when a special event is scheduled to occur in the operating area and the operation of the pedicab would not be likely to unreasonably impede vehicular traffic in the area or otherwise pose an unreasonable safety risk. The director may attach conditions to the waiver, including the area within which the pedicab may operate.

(f) *Pedicab specifications and equipment*. In addition to other requirements of this division, no person shall operate a pedicab unless the vehicle meets the following minimum specifications:

(1) Unibody frame construction.

(2) Four wheels in the case of a pedal carriage and three wheels in the case of a cycle rickshaw.

(3) Rubber on all wheels and the wheels shall be of a size appropriate for the pedicab with no mismatched wheels per the design of the vehicle.

(4) In the case of a pedal carriage, the width at its widest point shall not exceed seven feet, the length shall not exceed 20 feet, and the height shall not exceed 12 feet.

(5) A fully operational horn or bell.

(6) Headlights that have a projecting beam of at least 200 feet in the case of a cycle rickshaw and 300 feet in the case of a pedal carriage, which shall be clearly visible during darkness and must be illuminated when state law requires a motor vehicle's lights to be illuminated.

(7) Flashing taillights that are visible from at least 500 feet.

(8) Mirror(s) affixed to the pedicab to reflect to the driver a view of at least 200 feet from the rear of the pedicab.

(9) Brake lights and turn signals for left and right turn, which turn signals are affixed to the front and rear of the vehicle.

(10) In the case of a pedal carriage, working running lights along the outermost parts of the front, sides, and rear of the vehicle so as to make the vehicle clearly visible to motorists at night.

(11) In the case of a cycle rickshaw, reflectors on the spokes of all wheels, front pedicab frame, and a red reflector mounted on each side of the rear of the pedicab, at least one inch from the outer edge and centered.

(12) Hydraulic, mechanical disk, or drum brakes that are unaffected by wet conditions and that control the front and rear of the pedicab.

(13) A mounted a triangular "slow-moving vehicle" reflector on the rear of the vehicle. The reflector shall have an orange florescent center and red reflective borders. The reflector shall be at least 16 inches wide at the bottom and at least 14 inches in height.

(14) Body paint with bright, reflective tape.

(15) Trailers shall not be affixed to a pedicab.

(16) Except for an electric motor assist, pedicabs shall not be motorized. If an electric motor assistance is installed, it must meet all manufacturer standards and be inspected by a certified mechanic on an annual basis.

(17) Pedicabs without an electric motor assist shall have clearly visible on the vehicle its serial number. Pedicabs with an electric motor assist shall have clearly visible on the vehicle its manufacturer's vehicle identification number.

(g) *Identification*. Before the certificate holder shall place any pedicab into service, the holder shall identify such vehicle with the initials of the certificate holder's name followed by a dash and a permit number assigned by the director of parking and public transit, which number shall be of a size and color designated by the director and shall not be used on any other vehicle.

(h) *Conduct*.

(1) No music or amplified sound shall be played, nor yelling or conversation be conducted, nor generator be used on or in connection with a pedicab in such a manner that it would violate the city's noise ordinance.

(2) Glassware of any type, including bottle, cups or plates, is prohibited in a pedicab while it is in operation upon the public streets.

(i) *Alcohol in a pedicab*.

(1) A certificate holder or driver commits an offense if he or she provides an alcoholic beverage to a passenger for a fee or otherwise.

(2) A certificate holder or pedicab driver commits an offense if he or she provides or stocks any alcoholic beverage in the pedicab.

(3) Notwithstanding anything to the contrary in this division, open containers of alcoholic beverages may be possessed and alcoholic beverages may be consumed by passengers in a pedicab while it is being operated on the public streets or is otherwise in a public place only if: (i) the passengers have obtained alcoholic beverages from an entertainment district permittee during the hours of operation of the district in accordance with and subject to the regulations governing the entertainment district, and (ii) the pick-up and discharge of passengers is only done within an entertainment district. Otherwise, the regulations against possessing an open container and drinking in a public place under section 3-22(b) of this Code shall apply.

(4) It shall be unlawful for the driver of the pedicab to allow his or her passenger to consume, or to possess an open container of, alcoholic beverages in the pedicab contrary to the provisions of the foregoing subsection (g)(3).

(5) The pedicab driver shall not allow consumption of alcoholic beverages by persons under the age of 21. If alcoholic beverages are present on a pedicab, the pedicab driver shall not transport persons under the age of 21 on the pedicab.

(6) Nothing in this subsection (g) shall be construed to allow conduct that is otherwise against the alcoholic beverage control laws of the state, including the Alabama Open Container Law, Code of Ala. 1975, § 32-5A-330.

(j) *Federal and state law*. Nothing in this section shall be construed to allow a pedicab to be operated contrary to applicable federal and state laws, including low speed vehicle laws, the rules of the road, and laws that govern vehicle equipment requirements, and where there is a conflict between this section and applicable federal or state laws, the more restrictive law shall apply.

(Ord. No. 16-103, § 1, 2-11-2016; Ord. No. 18-575, § 2, 8-9-2018)

Sec. 8-245. Vehicle inspections.

(a) *Inspections*.

(1) *Required*. No person shall operate or allow or cause to be operated a vehicle for

hire until the vehicle has been inspected as prescribed in this section under the direction of the chief of police and director of parking and public transit and found to be in safe operating condition, clean, sanitary, fit and of good appearance, and meeting the applicable standards and requirements of this division.

(2) *Inspection criteria.* To pass inspection a vehicle for hire shall, at a minimum, meet applicable state laws governing vehicle equipment, including requirements for child passenger restraints and safety belts for front seat occupants, and shall pass an inspection of vehicle components, as applicable for the particular type of eligible livery vehicle, outlined by the director of parking and public transit and identified on an approved city vehicle inspection sheet.

(b) *Authority to inspect, inspectors.*

(1) *Department inspections.* The inspecting of eligible livery vehicles or certified vehicles for hire shall be under the control and direction of the chief of police and the director of parking and public transit. The chief of police and the director and parking and public transit are hereby authorized to use such members of or persons assigned to their respective departments as they may designate as deputies and inspectors, to carry out the provisions of this division, including performing vehicle inspections.

(2) *Private inspections.* In lieu of using department designated personnel to conduct inspections, the chief of police and the director of parking and public transit are hereby authorized to accept or require inspections, in whole or part, be performed by a private technician or mechanic that is ASE (Automotive Service Excellence) certified (series A) or meeting the Federal Motor Carrier Safety Administration (FMCSA) inspector qualifications of 40 C.F.R. § 396.19, or any succeeding federal regulation, and that is not an employee of a vehicle for hire company. In the case of private inspections, the qualified inspector shall be required to certify to the city that the vehicle meets the inspection criteria established in subsection (a) of this section. The director of parking and public transit shall provide to a certificate holder an approved private inspection form to be completed and certified to by the private inspector.

(3) *Wheelchair equipment inspections.* In the case of vehicles that are wheelchair accessible, inspections of wheelchair accessibility equipment and related features shall be performed by dealers having National Mobility Equipment Dealers Association (NMEDA) Quality Assurance Program (QAP) accreditation or other similar nationally recognized accreditation programs for dealers. The inspectors shall be required to certify to the city that the wheelchair accessibility equipment and related features comply with the standards set forth in section 8-243.

(c) *Frequency of inspections; notification of inspections; fee.*

(1) *Random inspections.* The chief of police and director of the department of parking and public transit are hereby authorized to maintain constant vigilance over all certified vehicles for hire to see that they are kept in a condition of continued fitness for public use in compliance with this division and to that end are hereby authorized to make such incidental on-the-road or random inspections as they deem advisable.

(2) *Non-routine scheduled inspections.* The chief of police and the director of parking and public transit are hereby authorized to inspect or require or cause to be inspected all certified vehicles for hire from time to time or on complaint of any citizen as often as may be necessary. Such non-routine inspections shall be scheduled in advance in accordance with the scheduling provisions of this subsection (c).

(3) *Routine scheduled inspections.* The chief of police and the director of parking and public transit, shall inspect or require or cause to be inspected all certified vehicles for hire on a routine basis as follows:

a. Except for carriages and pedicabs, all vehicles that undergo department inspections shall be inspected at least every six months;

b. Carriages, pedicabs, and vehicles that undergo private inspections shall be inspected at least every 12 months; and

c. Wheelchair accessibility equipment and features of a vehicle shall be inspected at least every 12 months.

(4) *Scheduling of routine and non-routine inspections.*

a. In the case of routine and non-routine department inspections, the chief of police or the director of parking and public transit shall send written notice to a certificate holder of the date, time, and place of a scheduled routine or non-routine inspection.

b. In the case of routine private inspections, the inspection must be conducted annually no more than 30 days prior to the date of business license expiration, but in no case any longer than one year from the date of the last inspection.

c. In the case of non-routine private inspections, the chief of police or the director of parking and public transit shall send written notice to a certificate holder that the certificate holder must have performed a non-routine inspection by a stated date.

(5) *Requested inspections.* In the case of vehicles which undergo department inspections, a certificate holder may request in writing to the director of the department of parking and public transit inspection of a vehicle certified in accordance with the provisions of this division. Such request shall be at the director's option and shall be conducted within three working days of a proper written request to the director of the department of parking and public transit. Where the director of requires or allows a department inspection to be performed, the vehicle is to be delivered to such place at such time specified or the inspection shall be deemed waived until the next scheduled or requested inspection.

(6) *Fee; cost of inspection.* In the case of department inspections, a fee in the amount of $25.00 for each vehicle is hereby established for each routine, non-routine, or requested scheduled inspection. In the case of private inspections,

the certificate holder shall be responsible for paying the costs of private inspections.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-246. Vehicles failing inspection; out of service.

(a) If, after a department inspection, including a scheduled, requested, or incidental on the road or random inspection, a certified vehicle for hire is found, in the enforcement official's opinion, not to be in a safe condition for the transportation of passengers, or is being operated without the required insurance coverage, the vehicle shall be placed out of service.

(b) If a certified vehicle fails to comply with provisions of this division, which includes applicable inspection criteria, that do not implicate passenger safety, then the vehicle may be placed out of service by the city enforcement official, or may be allowed by the official to continue in operation provided the noted deficiencies are corrected within the time stated in the notice of the deficiencies. If the deficiencies are not corrected within the stated time, then the vehicle shall be placed out of service. The notice of deficiencies shall be provided to the certificate holder either at the time of the inspection by giving it to the person presenting the vehicle for inspection or by the other methods prescribed in subsection 8-151(b)of this division.

(c) Any vehicle not returned to service within 60 days from the date the vehicle is taken out of service shall be deemed permanently out of service, and the vehicle authorization for that vehicle shall automatically be forfeited without further action being required by the city. A 60-day extension may be granted by the director of the department of parking and public transit for good cause shown.

(d) If a vehicle does not pass a private inspection, it shall be unlawful for the certified holder or the driver to operate or allow or cause the vehicle to be operated until the vehicle is re-inspected and passes inspection. The vehicle authorization for that vehicle shall be deemed automatically rescinded until the vehicle passes inspection.

(e) Where a vehicle is taken out of service by the city, the inspector or other city official shall remove the applicable documentation evidencing the vehicle authorization, which may include the inspection sticker and the private inspection certification sheet.

(f) Where vehicle authorization has been forfeited under this section, any business license tax paid on a per vehicle basis shall be deemed to be forfeited for that vehicle.

(g) It shall be unlawful for any person, which includes a driver or company, to operate, or to allow or cause to be operated, any certified vehicle for hire that has been deemed out of service; that, where applicable, does not have a current, valid inspection sticker affixed to the vehicle; or that, where applicable, does not have a copy of the then-current private inspection certification and driver's card inside the vehicle.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-247. Inspection sticker; inspection certification.

(a) *Vehicle inspection stickers.* A certified vehicle for hire that has undergone a vehicle inspection must have affixed a current inspection sticker issued by the department of parking and public transit.

(1) Inspection stickers shall be issued to a vehicle for hire at the time of a routine scheduled inspection.

(2) No inspection sticker shall be issued until the vehicle has successfully completed all required inspection criteria, proof of current insurance has been presented, and current city and county licenses have been presented for inspection.

(3) The inspection sticker shall remain valid for the period indicated on the sticker as long as all requirements of the inspection by the department of parking and public transit are complied with.

(4) A temporary sticker may be authorized for a specific time period to allow a vehicle for hire to comply with non-safety requirements of the inspection. If the

requirements are not met in the time period allowed, the temporary sticker shall become void and must be removed from the vehicle.

(5) It shall be unlawful to operate or allow or cause to be operated a vehicle for hire that does not have a current valid inspection sticker. The company under which it operates is subject to loss of its certificate of public convenience and necessity.

(b) *Vehicle and equipment certifications.* A wheelchair accessibility equipment that has undergone a private inspection as allowed or required under this division must have somewhere readily accessible inside the vehicle a copy of the then-current private inspection certification sheet issued by a qualified mechanic or technician that the vehicle has passed inspection and shall produce it upon the demand of the chief of police or another a law enforcement officer of the city, or the director of the department of parking and public transit or city personnel operating under the director's supervision. It shall be unlawful to operate or allow or cause to be operated a privately inspected vehicle for hire that does not have a copy of the then-current private inspection certification current in a readily accessible place inside the vehicle. The company under which it operates is subject to loss of its certificate of public convenience and necessity.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-248. Review of action against vehicle authorization.

Except where this division provides for an automatic action against a vehicle authorization, in which case no right of review is provided for, a certificate holder shall have the right to request that the director of parking and public transit review the decision of an inspector or other enforcement official to take a vehicle permanently out of service by providing to the director a written notice specifying the basis for the request within 15 days from the date the action is taken. The director, in response, may: (1) order a department or private re-inspection of the vehicle, at the company's cost, (2) schedule a hearing on the matter by providing the certificate holder with notice of the time, date, and location of the hearing, (3) may uphold the action, reverse the action, or allow additional time to come into compliance with the applicable provisions of this division. The director's decision is final. The filing of the request with the director will not delay taking the vehicle out of service.
(Ord. No. 16-103, § 1, 2-11-2016)

Secs. 8-249—8-270. Reserved.

Subdivision V. Taximeters and Vehicle for Hire Rates

Sec. 8-271. Taximeters.

(a) *Taximeters required for all taxis*. It shall be unlawful to own and operate or cause to be operated any taxicab upon the streets or thoroughfares of the city, unless such taxicab is equipped with a practical standard taximeter in good and workable condition designed to accurately measure distance traveled, and to record the time the vehicle is in waiting. Upon the taximeter there shall be indicated by means of figures the fare charged.

(b) *Readability*. Indications of the amount of fare shall never be obscured from the view of any passenger. All openings through which any indications or markings are viewed at any time by the passenger shall be of such location, size, and design that the indications or markings may be read with accuracy. This shall be construed to mean, among other things, that between sunset and sunrise the face of any taximeter shall be illuminated by a suitable light so arranged as to throw a continuous steady light thereon and render the meter clearly readable to a passenger in the rear seat.

(c) *Seal*. Adequate provision shall be made for sealing all taximeters in such manner that no adjustments, alterations, or replacements can be made that may affect in any way the indications, the time or mileage rates or, in general, the accuracy of the taximeter. Every taximeter shall be sealed by the chief of police or an inspector or deputy duly authorized by the chief of police or the director of the department of parking and public transit. It shall be unlawful for any person to operate or allow or cause to be oper-

ated a taxicab equipped with a taximeter that is not sealed or has a mutilated or destroyed seal; provided, however, that upon request, the director of the department of parking and public transit, is authorized to issue a temporary permit to operate a taxicab without a sealed taximeter until the next scheduled or requested inspection, if the director of the department of parking and public transit finds that such taximeter required some adjustment, alteration or replacement which has been made.

(d) *Use of flag*. It shall be unlawful for the driver of a taxicab to have the taximeter in a mode as to denote that such vehicle is not employed while carrying passengers or have the taximeter in a recording position when such vehicle is not actually employed, or to fail to put such taximeter in a non-recording mode at the termination of each and every service. Meters may not be operated in the time mode while the cab is in motion (no hot meters). No switches bypassing the top light are allowed.

(e) *Changing size of tires, gears cables, etc.* It shall be unlawful for any person to operate or allow or cause to be operated a taxicab with tires of a smaller size than those which were on the taxicab at the time the taximeter was last inspected and sealed, without first having the taxicab re-inspected. It shall also be unlawful to operate or allow or cause to be operated a taxicab utilizing any gears, cables, computer chips or other parts that could affect meter rates other than those on the taxicab when the taximeter was last inspected and sealed without first having the taxicab re-inspected.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-272. Vehicle for hire rates.

(a) *Taxicabs*.

(1) All taxicabs must base their charges on taximeters. The maximum rate is the rate authorized and recorded on a properly working and properly sealed taximeter. The passenger may be charged less than the maximum rate reflected on the taximeter.

(2) The maximum rate to be charged for a trip to one destination by any taxicab shall be $5.00 for the first one-half-mile and $0.125 for each additional one-twentieth-mile. ($5.00 for the first one-half-mile and $2.50 for each mile thereafter.)

(3) A driver may, in addition to the metered rate, require a waiting charge to be paid which shall not exceed the rate of $25.00 per hour, regardless of the number of passengers. Such waiting time shall include the time when the taxicab is not in motion, beginning with the time of arrival at the place to which it has been called or time consumed while it is standing at the direction of the passenger; but no charge shall be made for the first five minutes after arrival or for time lost on account of inefficiency of the taxicab or its operator or the time consumed by the premature response to a call or traffic conditions. A fare shall not be considered to be terminated until the taxicab is available for service to another customer.

(4) All taxicabs operated within or under the certificate of public convenience and necessity of the same entity must charge the same rate.

(5) Maximum rates charged must be displayed on each taxicab on the rear quarter panel in a size no smaller than one-inch letters with drop charges, rate per mile, and waiting time.

(6) Maximum rates must be posted at the Huntsville International Airport and in all bus stations in a manner prescribed by the director of the department of parking and public transit.

(7) Response cards must be placed in each taxicab in a manner clearly visible to passengers; referring persons with questions or comments to the City of Huntsville Public Transit Division and listing the phone number and vehicle permit number.

(8) It shall be unlawful for the company or the driver of a taxicab to charge any passenger a fare for the use of such taxicab which is in excess of the rate

established by this division and displayed on a properly working and inspected taximeter. Passengers shall have the right to pro-rate charges among themselves as they see fit. In the event the passengers cannot reach agreement as to their respective share of the total fare, the driver then shall be allowed to collect the fare to the point of final destination from the first passenger engaging the taxicab.

(9) No driver shall allow or permit any other person to occupy or ride in such taxicab unless the person or persons first employing the taxicab shall consent to the acceptance of additional passengers.

(10) If the metered fare for any trip to or from the Huntsville International Airport is less than $15.00, a minimum fare of $15.00 may be charged. On trips originating or terminating at the Huntsville International Airport, an additional $2.00 may be charged for each additional passenger, excluding children under the age of six years.

(11) Every taxicab driver shall, upon the request of a passenger, give a receipt upon payment of the fare. The receipt shall indicate the beginning and ending points of the trip, the fare charged, the date, the company's name, and the vehicle number, and shall be signed by the driver.

(b) *Vehicles for hire other than taxis.* Vehicles for hire other than taxis may charge on a per trip (flat fee) or per hour (time elapsed) basis, or a combination thereof, and vehicles for hire that are non-motorized may charge on a per trip or per hour basis, or combination thereof, conditioned as follows:

(1) Airport shuttles may also charge based on a per person fee.

(2) Limousines, luxury vehicles, and special shuttles shall, as a minimum base rate, charge $35.00 an hour, excluding other fees and gratuities, without prorating the first hour.

(3) Vehicles for hire that charge in whole or part on an hourly basis shall not prorate the first hour.

(4) The rates shall be uniformly applied to all passengers and shall be posted in each vehicle in a place visible to the passenger, except that companies that use an online enabled application (app) or digital platform to arrange for passenger service may post the rates in the online application (app) and on the company's website.

(c) All rates for any vehicle for hire shall be placed on file by letter to the director of parking and public transit.

(d) The driver is permitted to collect the amount owed from any passenger but it shall be left to the passengers to prorate the amount charged among themselves.

(e) At any time and from time to time the city council may amend this section to provide for a change in the amount of rates or the method for setting rates applicable to some or all vehicles for hire. In such event the amendatory action shall apply to then-current and future certified companies and their vehicles.
(Ord. No. 16-103, § 1, 2-11-2016; Ord. No. 22-70, § 2, 2-10-2022)

Sec. 8-273. Unauthorized fares.

(a) No company or driver shall demand or suggest that any passenger or prospective passenger pay a fare larger than that authorized in this division.

(b) No company or driver shall demand or suggest that any passenger pay an amount that exceeds the posted rate.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-274. Credit cards.

(a) By January 1, 2016, all certified vehicle for hire companies, except for carriages and pedicabs, shall require their drivers to accept all major credit, debit, and charge cards (collectively "credit cards" for the purposes of this section) as payment for services rendered and shall accept any and all risk of nonpayment.

(b) In the case of certified companies that accept credit cards, no additional charge shall be levied against a passenger for use of credit cards, nor shall any passenger be refused service for their use of credit cards. Drivers shall not set a minimum or maximum charge for any credit card transactions. Drivers shall provide all credit card paying customers with a truncated copy of their sales draft or charge receipt clearly showing the amount and date of the transaction, company's name and telephone number, the driver's certified vehicle permit number, and the transaction's authorization approval code. The truncated sales draft or receipt shall not include the credit card's expiration date or any more than the last four digits of the credit card's number.

(c) In the case of certified companies that accept credit card payments, the vehicle shall be equipped with a fully-functioning wireless device that provides a secure credit card processing method, satisfies all Payment Card Industry Data Security Standard ("PCI DSS") requirements, and (i) encrypts any information transmitted to authenticate a credit card payment transaction for approval, (ii) generates a truncated printed sales draft or charge receipt, and (iii) accepts cards affiliated with all major credit card associations including, but not limited to, MasterCard, Visa, American Express, and Discover Network. Manual imprinting machines are prohibited.
(Ord. No. 16-103, § 1, 2-11-2016)

Secs. 8-275—8-300. Reserved.

Subdivision VI. Operations

Sec. 8-301. Street hails; soliciting passengers.

(a) Except in the case of taxis, no driver shall accept or respond to passengers' or potential passengers' requests for service via traditional street hail, including hand gestures and verbal statements.

(b) No driver shall respond to calls for another company intercepted from a scanner or other radio monitoring device, or, except in the case of taxis, cruise in search of passengers.

(c) *Soliciting passengers.*

(1) For the purpose of this section, the term "solicit" means an appeal by a driver upon a public street using words or gestures to elicit immediate patronage of a vehicle for hire by attempting to direct people to a vehicle for hire that is parked, stopped, standing, or moving upon a public street.

(2) No certified vehicle for hire driver shall solicit passengers, except in the case of taxis drivers and then only in accordance with the following subsection (c)(3).

(3) No taxicab driver shall solicit passengers except when sitting in the driver's seat or standing immediately adjacent thereto, or in any manner to annoy, obstruct the movement of, or follow any person for the purpose of soliciting patronage. In addition, no taxi driver shall stop or stand, even momentarily, in the driving lanes of a public street in order to solicit passengers.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-302. Pre-arranged services; additional passengers.

(a) *Pre-arranged services.*

(1) For those vehicles for hire that are defined to include transportation on a pre-arranged basis, it shall be unlawful for the company or driver to fail to demonstrate prearrangement by presenting upon request of the director of parking and public transit or chief of police, or their respective designees, proof of pre-arrangement, including a copy of the reservation or an electronic record made in advance of passenger pick-up.

(2) For those vehicles for hire that are defined to include transportation on a pre-arranged basis, it shall be unlawful for a company or driver to transport additional

passengers under a separate arrangement at the same time that the vehicle is engaged under a prior arrangement.

(3) Nothing herein shall be construed to prevent those vehicles for hire whose definition does not include transportation on a pre-arranged basis to arrange in advance to transport passengers for compensation.

(b) *Additional passengers.* It shall be unlawful of a driver of a certified vehicle for hire to pick-up additional passengers while proceeding to the destination of any passengers then occupying the vehicle except in the case of a taxi and then only with the consent of all the passengers.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-303. Number of passengers and luggage.

(a) No certified company or driver shall allow more passengers to be transported than the number of available seats that are required by applicable state law to be equipped with operative safety belts.

(b) No certified company or driver shall allow more children to be transported than the number for which operative child passenger restraint devices are available for children within the legal age limit requiring such devices.

(c) No driver shall carry any luggage exceeding the vehicle's storage volume or load-carrying capacity regardless of the number of passengers occupying the vehicle.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-304. Prohibition against discrimination.

(a) With respect to passengers and potential passengers, a certified company shall adopt a policy of non-discrimination on the basis of destination, race, color, national origin, religion, sex (including pregnancy), disability, age, sexual orientation or gender identity, and shall notify its affiliated drivers of such policy.

(b) Drivers shall comply with all applicable laws regarding non-discrimination against passengers or potential passengers and shall comply with the non-discrimination policy set forth in subsection (a) above.

(c) Drivers shall comply with all applicable laws relating to accommodation of service animals and shall not refuse to load mobility aids, such as wheel chairs and walkers, which can fit into a standard truck or rear storage compartment of a vehicle.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-305. Two or more destinations; single destination.

(a) If a certified vehicle for hire is carrying two or more passengers to different destinations, the driver shall be the sole judge of the order in which such passengers shall be delivered to their destination and the shortest possible route shall be followed.

(b) Any certified vehicle for hire driver charging on a per mile basis shall take the most direct route possible that will carry the passenger to his/her destination safely and expeditiously, unless the passenger requests otherwise.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-306. Requiring passenger to wait.

No passenger in a certified vehicle for hire shall be kept waiting longer than five minutes before proceeding to his/her announced destination, unless the passenger otherwise agrees to wait.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-307. Record and reports of operations.

(a) Every certified company shall keep accurate books and records of account of its operations in the city at the company's base of operations for a minimum of one year.

(b) Every certified company shall keep a record on any of its affiliated drivers who were alleged to have committed a violation of this division or their terms of service or who have been suspended

or banned from driving for the company, including any zero-tolerance complaints and the outcome of the investigation into those complaints.

(c) Except in the case of carriages and pedicabs, every certified company shall, with regard to its operations in the city, create and retain a written or electronic record of all pick-up and drop-off information, including the name of the driver, the time of pickup and delivery and the number of passengers.

(d) At any time and from time to time the director of parking and public transit may request and the company shall provide, at no cost to the city and in the manner and form prescribed by the director of parking and public transit, records or reports concerning the company's operations in the city.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-308. Base of operations; registered agent; customer service number.

(a) All certified companies must maintain a base of operations. The base of operations shall be suitably staffed by qualified and knowledgeable representatives of the company who are available during regular business hours to accept or respond to notices and inquiries of the city in its administration and enforcement of this division and where records required to be maintained under this division are kept. Failure to maintain a base of operation shall be a violation of this division and cause for action being taken against the company's business license and the certificate of need and necessity.

(b) The location of the base shall not be changed without first notifying the director of parking and public transit.

(c) Companies must be authorized to conduct business in this state and maintain an agent for service of process in the state.

(d) At a minimum a certified company shall maintain a customer service telephone number that shall be staffed with suitable personnel who are able to assist consumers with complaints or inquiries during normal business hours. The telephone number shall be posted with the director of parking and public transit.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-309. Sale of vehicle.

(a) All companies, upon the sale or other disposition or removal of a vehicle from its service shall, within ten working days, notify in writing the city clerk-treasurer and the director of the department of parking and public transit of such sale or other disposition.

(b) All identification markings and the inspection sticker shall be removed prior to delivery of the vehicle upon sale or other disposition thereof.

(c) The permit number issued for vehicles within a company may be transferred to a new or replacement vehicle within the same company, so long as all requirements of this division are met, but not from person to person. The transfer of a permit number to a new or replacement vehicle shall not increase the amount of business license tax owed.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-310. Trailers.

No trailer or semi-trailer shall be attached or secured to a certified vehicle for hire while it is being used to transport passengers.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-311. Driver requirements; conduct.

(a) No driver shall sleep or doze in any certified vehicle for hire in any place generally open to the public in the city.

(b) A driver must be clean and neat in appearance.

(c) A driver of a certified vehicle for hire shall be at least 21 years of age.

(d) A driver shall have obtained and have in their possession a valid driver's license unless exempted by state law.

(e) A driver must be physically capable of operating a vehicle in a safe manner. A driver shall not be impaired by fatigue, illness or other

medical conditions to an extent that would render him/her incapable of safely operating a vehicle or would pose a liability to himself/herself, his/her passengers or the general public.

(f) Each driver of a certified vehicle for hire while operating such vehicle upon the public streets of the city shall comply with all of the traffic regulations of the State of Alabama and the city and shall not commit any act that would threaten the health or safety of his/her passengers or the general public, which includes an act which would constitute a violation of driving while under the influence laws of the state.

(g) No driver of any certified vehicle for hire shall use or authorize the use of the vehicle for an illegal purpose.

(h) No driver shall operate a vehicle or be in actual physical control of a vehicle while under the influence of alcohol and/or any substance, which impairs the mental or physical faculties of such person to a degree, which renders him/her incapable of safely operating the vehicle.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-312. Lost property.

It shall be the duty of the driver of a certified vehicle for hire to carefully search such vehicle immediately after the termination of business for any property lost or left therein and any such property, unless sooner claimed or delivered to the owner, shall be taken to and deposited with the police department within 24 hours after the finding thereof. The police department, unless the same is sooner claimed by the owner, shall dispose thereof in the manner prescribed by law for lost and stolen property.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-313. Cleaning of vehicle.

It shall be the duty of the company or driver operating any certified vehicle for hire to keep and maintain any such vehicle at all times in a safe, comfortable, clean, and sanitary condition. The seats, floors, steps, running boards, upholstery, and baggage compartments of any such vehicle shall be thoroughly cleaned in such a manner as to be free of visible dirt, dust, soil, trash, and rubbish of every description; the interior shall be thoroughly sprayed or wiped at least once during each 24-hour period with a liquid disinfectant of adequate strength and efficiency so that every portion of the surface of the interior of the vehicle shall be covered or come in contact with such disinfecting fluid.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-314. Out-of-town vehicle for hire.

(a) Any vehicle for hire company that is not a certified vehicle for hire company in the city, but is authorized to operate a vehicle for hire by another jurisdiction, may bring passengers using the vehicle certified by another jurisdiction into the city from their jurisdiction of origin, but may not, except as allowed in subsection (b) of this section, pick up or allow or cause to be picked up any passenger for any destination or accept any business within the city.

(b) Vehicles for hire that are limousines or vehicles with an original seating capacity of more than ten that are authorized to operate as a vehicle for hire by another jurisdiction may, on a temporary and limited basis and with the express written approval of the director of parking and public transit, pick up a passenger for a destination or accept any business within the city.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-315. Refusal to pay fare.

It shall be unlawful for a passenger to refuse to pay the agreed or established fare. A driver may request proof of ability to pay fare prior to transporting.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-316. Alcoholic beverages.

Any alcoholic beverage transported in a certified vehicle for hire shall be in its closed original container.
(Ord. No. 16-103, § 1, 2-11-2016)

Secs. 8-317—8-340. Reserved.

DIVISION 3. TRANSPORTATION NETWORK COMPANY VEHICLES

Sec. 8-341. Definitions; methods for notice.

(a) *Definitions*. The following words, terms and phrases, when used in this division shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Affiliated driver means a driver that operates a transportation network vehicle for a sponsoring company, including as an owner, servant, agent, employee, or independent contractor of the sponsoring company.

Base of operation means a transportation network company's fixed base of operation from which the company conducts its business and which is suitably staffed by qualified and knowledgeable representatives of the company who are available during regular business hours to accept or respond to notices and inquiries of the city in its administration and enforcement of this division and where records required to be maintained under this division are kept.

Certificate holder means a transportation network company that has obtained and maintains a certificate of public convenience and necessity pursuant to this division.

Certificate of public convenience and necessity or *certificate* shall mean the certificate issued to a transportation network company pursuant to a resolution of the city council, adopted in accordance with the terms of this division, that authorizes the holder thereof to obtain a business license and to cause to be operated through its affiliated drivers, in conformance with the certificate and the terms of this division, a transportation network vehicle for the convenience and necessity of the public.

Chief of police means the chief of police of the city or his/her designees or subordinates. The chief of police may designate persons assigned to the police department or other city departments as deputies or inspectors to carry out the provisions of this division to the extent allowed by law.

City business license or *business license* means the business license issued by the city clerk-treasurer in accordance with chapter 15 of this Code.

City clerk-treasurer means the city clerk-treasurer of the city or his/her designees or subordinates.

City enforcement official or *enforcement official* means the persons authorized to administer and enforce the provisions of this division on behalf of the city as specified in this division.

Compensation means any money, thing of value, payment, consideration, reward, tip, donation, gratuity, or profit paid, accepted, or received in exchange for transportation of a passenger, whether paid upon solicitation, demand or contract, or voluntarily, or intended as a gratuity or donation.

Director of parking and public transit or *director* means the director of the department of parking and public transit of the city or his/her designees or subordinates. The director of parking and public transit may designate persons assigned to the department of parking and public transit as deputies or inspectors to carry out the provisions of this division to the extent allowed by the law.

Driver authorization means the right of a transportation network vehicle driver to operate his or her transportation network vehicle upon the public streets in accordance with this division.

Operate means the business of transporting a passenger for compensation upon the public streets and which includes any time when: (1) an affiliated driver is logged onto the transportation network company's online-enabled application or digital platform, (2) an affiliated driver has accepted a ride request, (3) an affiliated driver is on route to pick up a passenger, or (4) a passenger is in the vehicle.

Original seating capacity means a vehicle's originally designed seating capacity, inclusive of the driver and the passengers, prior to any type of customization, modification, or conversion.

Pre-arranged basis means a written or electronically transmitted reservation made in advance of passenger boarding from a specific location for the exclusive use of transportation network vehicle by a passenger or passengers who determine the trip's points of destination and timing.

Public street means any public street, road, alley, or any other such right-of-way within the corporate limits.

Sponsoring company means a transportation network company that is certified and licensed under this division that provides a sponsorship certification to the city for its affiliated drivers in accordance with this division.

Trade dress means a unique visual element associated with a transportation network company that is attached to the vehicle while the vehicle is being operated so that the public and passengers can readily identify the vehicle as being associated with that particular company.

Transportation network company or *company* means a person, not otherwise certified and licensed as another type of vehicle for hire company, that is engaged in a business that uses an online-enabled application (app) or digital platform to connect actual or potential passengers to an affiliated driver of a transportation network vehicle. Hereafter referred to as "TNC."

Transportation network vehicle means an unmetered motor vehicle, not operated on a fixed route, with a maximum original seating capacity of eight, which does not meet the definition of a limousine or luxury vehicle, as those terms are defined in section 8-151 of this article, and that is used to transport passengers for compensation upon the public streets on a pre-arranged basis by means of an online-enabled application (app) or digital platform to connect actual or potential passengers with drivers using their personal vehicles that they own, lease, or are otherwise authorized to drive. Hereafter referred to as "TNV." Nothing in this definition shall be construed to exclude from the definition of a TNV an SUV that is not a luxury vehicle.

Transportation network vehicle driver or *driver* means an individual operating a TNV.

Unmetered means that the vehicle is not equipped with a taximeter or is not then-currently certified and authorized as a taxi under division 2 of this article.

(b) *Notice methods.*

(1) *Notice by city.* Unless expressly provided otherwise, all written notice required to be provided by a city enforcement official under this division shall be, at the enforcement official's option, delivered personally, or sent by certified mail, return receipt requested, or by first class U.S. mail, or sent by electronic mail with record of delivery confirmation through electronic mail return-receipt, or by confirmation that the electronic mail was accessed, downloaded or printed, to the base of operation. Unless otherwise expressly provided for in this division, written notices shall be deemed served or received as follows: if by personal delivery, upon delivery; if by first class U.S. mail, three days after mailing; if by certified mail, upon receipt; or if by electronic mail, at the beginning of the next working day.

(2) *Notice to city enforcement official*. Unless otherwise expressly provided for in this division, all written notice required to be provided to an enforcement official under this division shall be provided using any one of the methods, at the option of the person sending the notice, prescribed in subsection (b)(1) above. Unless otherwise expressly provided for in this division, written notices shall be deemed served or received as set forth in subsection (b)(1) above.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-342. Use of online enabled application or digital dispatch services; information to passengers; obstruction of enforcement.

(a) For purposes of this section, the term "enforcement official" means the chief of police, other law enforcement officers of the city, the director of parking and public transit, and their respective subordinates or designees.

(b) It shall be unlawful for a TNC, its agents, servants, or employees, to disable, eliminate or otherwise prevent access to the company's mobile application by an enforcement official, for the purpose of interfering with or obstructing enforcement of this division, or to otherwise take an action intended to obstruct or interfere with the enforcement of this division by an enforcement official.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-343. Violation.

It shall be a violation of this division for a driver or a company, its servants, agents, or employees, to fail to comply with the applicable provisions of this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-344. Penalty.

An offense against a provision of this division shall be a violation which shall be governed by the provisions of section 1-7 of this Code.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-345. Right to amend division.

By its issuance of certificates, licenses, authorizations, or other approvals provided for in this division, the city does not waive and expressly reserves the right to, at any time and from time to time, amend or repeal any of the provisions of this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-346. Certificate and license required.

It shall be unlawful for a company to operate or allow or cause to be operated a TNV without having then in force a certificate of public convenience and necessity and city business license required under this division. A TNC shall notify its affiliated drivers if its certificate or license is no longer in effect. It shall be unlawful for an affiliated driver to operate a TNV for a company that the driver knows does not hold a current certificate and business license issued under this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-347. Filing fee; application for certificate.

Every TNC that desires a certificate of public convenience and necessity to operate or allow or cause to be operated a TNV upon the public streets shall pay a filing fee of $50.00 and make a written application for a certificate to the city council upon forms to be furnished by the city clerk-treasurer.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-348. Finding of council.

No certificate of public convenience and necessity shall be granted to a TNC until the city council shall have determined, by resolution, that the company is qualified and that the public convenience and necessity requires the proposed TNV service.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-349. Basis for issuance generally; issuance.

In making the findings of public convenience and necessity required by section 8-348, whether existing transportation is adequate to meet the public need; the probable effect of additional certified vehicles for hire on local traffic conditions; the character, experience, and responsibility of the applicant; and that the service which the applicant proposes to give is adequate and is in compliance with the requirements of this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-350. Issuance of certificate.

(a) If the city council shall find that further eligible vehicles for hire, as that term is defined in section 8-141(a) of this article, are required by public convenience and necessity, and if the city council shall find from the statements contained in the application for a certificate of public convenience and necessity that the applicant is qualified and able to perform such public transportation, and that the applicant is able to conform with the provisions of this division, then the city council shall adopt a resolution certifying that the public convenience and necessity require the proposed TNV service.

(b) The resolution adopted by the city council pursuant to the provisions hereof shall be known as the certificate of public convenience and necessity and shall entitle the holder thereof the non-exclusive right to obtain a business license and to cause to be operated through its affiliated drivers, in conformance with the certificate and the terms of this division, a TNV for the convenience and necessity of the public. The certificate of public convenience and necessity shall be conditioned upon compliance with section 8-351, concerning issuance and exercise of a business license.

(c) Unless terminated, revoked, or abandoned sooner, each certificate shall be valid for up to a one-year period from the date of issuance and shall be automatically renewed each year thereafter for up to a period of ten years.

(d) The issuance of a certificate of public convenience and necessity and city business license shall not be construed to create a vested property interest or right of any type in favor of the holder thereof.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-351. Issuance of a business license.

(a) A TNC shall have six months from the date of issuance of the certificate to exercise the certificate by obtaining a business license from the city clerk-treasurer and by having at least one vehicle authorized and operating in accordance with the requirements of this division; otherwise the certificate for public convenience and necessity and the authorization for the business license shall be deemed automatically rescinded.

(b) As a prerequisite to the issuance of a business license the certificate holder shall have established its base of operation, obtained the insurance required of the company under section 8-352, and paid the appropriate business license tax in the amount of $2,000.00. Upon appropriate verification of compliance with the foregoing requirements, the city clerk-treasurer shall issue to the certificate holder a business license.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-352. TNC and affiliated driver's insurance.

(a) *Insurance required.* Before a TNC or an affiliated driver of a transportation network company can operate or allow or cause to be operated a TNV, an affiliated driver of a TNC or the company on the behalf of its affiliated driver shall obtain and maintain in full force and effect automobile insurance that covers the driver under each of the following circumstances:

(1) The moment an affiliated driver logs on to the TNC's online-enabled application or platform until the driver accepts a request to transport a passenger, and from the moment the driver completes the transaction on the online-enabled application or platform or the ride is complete, whichever is later, until the driver either accepts another ride request on the online-enabled application or platform or logs off the online-enabled application or platform, which shall be known for purposes of this section as "period one."

(2) The moment an affiliated driver accepts a ride request on the TNC's on-line enable application or platform until the driver completes the transaction on the online-enabled application or platform or until the ride is complete, whichever is later, which shall be known for purposes of this section as "period two."

(b) *Coverage required during period one.*

(1) During period one, automobile insurance requirements are: Automobile liability insurance in the amount of at least $50,000.00 for death and bodily injury per person, $100,000.00 for death and bodily injury per incident, and $25,000.00 for property damage.

(2) Automobile liability insurance in the amounts required in paragraph (1) of this subsection (b) shall be maintained by a TNC and provide coverage in the event an affiliated driver's own automobile liability policy excludes coverage accord-

ing to its policy terms or does not provide coverage of at least the limits required in paragraph (1) of this subsection (b).

(c) *Coverage requirements during period two.*

(1) During period two, automobile insurance requirements are: Primary automobile liability insurance that provides at least $1,000,000.00 for death, bodily injury, and property damage.

(2) The coverage requirements of this subsection (c) may be satisfied by any of the following:

a. Automobile insurance maintained by the affiliated driver of the TNC.

b. Automobile insurance maintained by the TNC.

c. Any combination of a. and b.

(d) If insurance maintained by an affiliated driver under subsections (b) or (c) has lapsed or does not provide the required coverage, insurance maintained by a TNC shall provide the coverage required by this section beginning with the first dollar of a claim and shall have the duty to defend the claim.

(e) Coverage under an automobile insurance policy maintained by a TNC may not be made dependent on a personal automobile insurer first denying a claim and a personal automobile insurance policy may not be required to first deny a claim.

(f) Insurance required by this section may be placed with an insurer authorized to do business in the state, or with an eligible surplus lines insurer in accordance with Code of Ala. 1975, § 27-10-20.

(g) The driver of a TNV shall carry proof of coverage satisfying this section on their person or at a readily accessible place inside the vehicle at all times while the vehicle is being operated and present it to an enforcement official upon request. If the insurance is maintained by the TNC such proof of the insurance shall, at a minimum, identify the TNC's insurance company, policy number, and effective dates of the policy. Proof of insurance may be displayed electronically through the TNC's digital platform in accordance with Code of Ala. 1975, § 32-7A-6. In the event of an accident, the driver shall provide this insurance coverage information to the directly interested parties, automobile insurers, and investigating police officers, upon request pursuant to state law. Upon request, a driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers, whether he or she was operating the vehicle during period one or period two at the time of an accident.

(h) In a claims coverage investigation, a TNC shall provide, upon request, information concerning the on-line or operational status of an affiliated driver to the relevant parties.

(i) Before a business license can be issued under this division the certificate holder that is a TNC shall file with the city clerk-treasurer a certificate of insurance evidencing the company-required insurance under this section, which insurance policy and certificate shall provide that the City of Huntsville shall be given at least 30 days' prior notice of cancellation. Such policy shall not be canceled or suspended, either by the insured or the insurer, unless at least 30 days' notice in writing of the intention to cancel or suspend policy has been filed with the city clerk-treasurer, and upon such suspension or cancellation of insurance, the right to operate or cause to be operated a TNV for said insured shall stand automatically suspended, without action being required by the city, until such time as an acceptable policy and certificate of insurance shall be on file with the city clerk-treasurer. The company shall notify its affiliated drivers that its insurance is not in effect and that the right to operate or cause to be operated a TNV has been automatically suspended.

(j) Nothing in this section shall be construed to excuse compliance with state mandated coverage requirements for motor vehicles, including the requirements under the Motor Vehicle Safety-Responsibility Act, Chapter 7, Title 32, Code of Ala. 1975, as such may be amended from time to time.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-353. Renewal.

Upon the certification by the certificate holder that there have been no changes in the information submitted as a prerequisite to the issuance of a certificate and a business license, including the required insurance coverage, and upon the approval of the city clerk-treasurer, a business license issued to a certificate holder may be renewed annually for additional periods of one year each from the date of expiration for so long as the certificate of public convenience and necessity authorizing such license has not been revoked, suspended, abandoned, expired according to its terms, or is otherwise no longer in effect; provided, however, that any business license not renewed after March 1 each year shall be deemed abandoned. A 60-day extension may be granted by the city clerk-treasurer for good cause shown.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-354. Transfer.

A certificate of public convenience and necessity issued under this division is not transferable.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-355. Action against business license and certificate.

(a) *Action against business license and certificate.*

(1) Upon the recommendation of the director of parking and public transit or the chief of police, the city clerk-treasurer may petition the city council to take action against a business license issued under this division in accordance with section 15-56 of this Code, which includes the notice and hearing requirements set forth therein. In addition to the reasons stated in section 15-56(a) of this Code, each of the following shall also constitute grounds for action being taken against the license:

a. If the licensee or those acting on its behalf make any false statement or misrepresentation on any applications made under this division, including applications for a certificate of public convenience and necessity or a business license issued under this division.

b. Failure of the licensee to maintain any of the general qualifications required in this division in order to obtain a certificate or business license.

c. If the licensee or those acting on its behalf violates a provision of this division.

(2) The action taken against a business license shall automatically constitute the same action being taken against the certificate of public convenience and necessity of the affected licensee; provided, however, in order to permanently revoke a certificate of convenience and necessity the director of parking and public transit or chief of police must recommend and the city clerk-treasurer must petition the city council that, at the same time and in the same proceeding, the certificate of public convenience and necessity be permanently revoked based on the same grounds that warrant action being taken against the business license, and the certificate holder must be notified that permanent revocation is being considered. The permanent revocation of the certificate shall constitute a permanent revocation of the business license and shall disqualify the certificate holder from holding a certificate, and, should the city council expressly make the determination, the officers, directors, general partners, members, or managers, as the case may be, shall also be disqualified from holding a certificate.

(3) It shall be unlawful for any person, including the company or a driver, to operate or allow or cause to be operated a TNV under a license or certificate during the effective period of an adverse action taken against the license or certificate.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-356. Driver's authorization required.

It shall be unlawful for any person to operate or allow or cause to be operated a TNV without the driver's authorization required by this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-357. Sponsorship and driver authorization.

(a) *Disqualifying factors.* For purposes of this section, the term "disqualifying factor" means any of the following:

(1) The person has had more than three moving violations in the immediately preceding three-year period, or one major violation in the immediately preceding three-year period, including any of the following:
   a. Attempting to evade the police.
   b. Reckless driving.
   c. Driving on a suspended or revoked license.

(2) The person has been convicted within the past seven years of any of the following:
   a. Driving under the influence of drugs or alcohol.
   b. Fraud.
   c. A sexual offense.
   d. The use of a motor vehicle to commit a felony.
   e. Any crime involving property damage.
   f. Theft.
   g. An act of violence.
   h. An act of terror.
   i. A felony.

(3) The person is a match in the National Sex Offender Registry Database.

(4) The person does not possess a valid driver's license.

(5) The person is not at least 19 years of age.

(b) *Sponsorship.* In order for an affiliated driver of a TNC to operate its TNV the driver must be sponsored by the TNC with which he or she is affiliated. Nothing in this division shall be construed to prevent a driver from being sponsored by more than one company at the same time or to prevent the holder of a chauffeur's license from operating as an affiliated driver of a TNC. In order to sponsor an affiliated driver a TNC shall:

(1) Conduct, or have a nationally accredited third-party conduct for each driver, annually, each of the following:
   a. A local and national criminal background check, using the person's social security number, which shall include:
      (i) Multi-State/Juris Criminal Records Locator or other similar commercial nationwide database with validation (primary source search); and
      (ii) National Sex Offender Registry database.
   b. A driving record check in the driver's state of licensure.

(2) Obtain from each driver each of the following:
   a. The legal name, address, and age of the individual.
   b. A legible copy of the driver's license and motor vehicle registration.
   c. A description of the driver's vehicle, which includes the make, model, year of manufacture, state license number, the V.I.N., and the owner of the vehicle if different than the driver.

(3) Have on file with the director of parking and public transit a current sponsorship certification from an authorized representative of the company, which the company shall submit annually by January 31 with its renewal for a business license, stating under oath that:
   a. All affiliated drivers' vehicles are in compliance with the standards and

requirements of this division and have passed their required inspections.

b. The insurance required in section 8-352 is in full force and effect.

c. The company has conducted, or has had a third-party conduct, the required criminal background and driving record checks for each driver outlined above in subsection (b)(1) of this section, and any annual renewals required, and has obtained the required information outlined above in subsection (b)(2) of this section; and

d. Each affiliated driver does not have a disqualifying factor, as that term is defined in subsection (a) of this section.

(c) *Driver authorization.* The receipt by the director of the department of parking and public transit of the sponsorship certification required from the sponsoring company shall constitute a driver authorization for all affiliated drivers sponsored by the company to operate their TNV for the sponsoring company. The sponsoring company shall maintain the list of its affiliated drivers that the company is currently sponsoring to operate in the city.

(d) *Random audit.* In order to verify compliance with the sponsorship requirements of this section, once during any calendar year the director of parking and public transit may conduct a random audit of the sponsorship information and records on file with the sponsoring company. The random audit may be conducted on up to 25 of the sponsoring company's affiliated drivers that are selected by the director from among 100 driver names or unique identifying numbers supplied to the city by the company. It shall be a violation of this subsection (d) for a company to fail to comply with an audit request. Where the results of the audit demonstrate non-compliance with the sponsorship requirements of this section, the sponsoring company shall be in violation of this section and shall be subject to action being taken against its certificate or business license.

(e) Driver authorization shall automatically expire or terminate, without action being required by the city, as follows:

(1) On February 1 of each year for every affiliated driver of a sponsoring company unless the sponsoring company has provided a new sponsorship certification to the director;

(2) For a driver that is no longer affiliated with a sponsoring company; or

(3) For every affiliated driver of a sponsoring company upon the sponsoring company no longer operating or being allowed to operate in the city for whatever reason.

It shall be unlawful for a company or driver to operate or allow or cause to be operated a transportation network vehicle when the driver authorization has terminated or expired under this subsection.

(f) It shall be unlawful for a driver to operate, or for a sponsoring company to knowingly allow or cause an affiliated driver to operate, a TNV if that driver does not meet the qualifications necessary for company sponsorship.

(g) Upon the request of a passenger or potential passenger, the chief of police or another a law enforcement officer of the city, or the director of the department of parking and public transit or city personnel operating under the director's supervision, a driver of a TNV, while the vehicle is in operation as a TNV, shall present proof that it is an affiliated driver of a TNC and that it is authorized to operate a TNV for the company with which it is affiliated.

(h) No vested property right or property interest of any type is acquired by the driver authorization.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-358. Business license.

Notwithstanding anything to the contrary contained in this Code, an affiliated driver of a TNC that is working for the company as an independent contractor shall not be required to obtain a business license from the city so long as

the company has obtained and maintains an annual business license to conduct business as a transportation network company.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-359. Vehicle authorization.

In order for a TNV to be authorized to be operated on the public streets the vehicle must meet applicable standards and requirements of this division for a TNV, pass all required inspections, and be duly insured in accordance with this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-360. Vehicle standards.

(a) A TNV operated upon the public streets of the city shall be kept clean, sanitary, fit and of good appearance, and in a safe condition for the transportation of passengers.

(b) In addition to all other applicable requirements of this division, a TNV shall have the company's trade dress, as approved by the director of parking and public transit. The trade dress shall be attached in a readily visible location on the exterior of the TNV while it is being operated and shall be of sufficient size to be seen from a distance of 25 feet.

(c) A TNV shall be no older than ten model years of age from the current model year (as measured from June 30 of the calendar year following the model year).
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-361. Vehicle inspections.

(a) *Inspections*.

(1) *Required*. No person shall operate or allow or cause to be operated a TNV until the vehicle has been inspected as prescribed in this section and found to be in safe operating condition, clean, sanitary, fit, of good appearance, and meeting the applicable standards and requirements of this division. The vehicle inspection requirements established by this division shall be met no later than 30 days after the vehicle is first placed into service as a TNV.

(2) *Inspection criteria*. To pass inspection a TNV shall, at a minimum, meet applicable state laws governing vehicle equipment and, in addition, shall pass an inspection of the following vehicle components:

a. Foot brakes;
b. Emergency brakes;
c. Steering mechanism;
d. Windshield;
e. Rear window and other glass;
f. Windshield wipers;
g. Headlights;
h. Tail lights;
i. Turn indicator lights;
j. Stop lights;
k. Front seat adjustment mechanism;
l. Doors;
m. Horn;
n. Speedometer;
o. Bumpers;
p. Muffler and exhaust system;
q. Condition of tires, including tread depth;
r. Interior and exterior rearview mirrors;
s. Safety belts and air bags for driver and passenger(s); and
t. Heater, defroster and air conditioning.

(b) *Inspections*. Inspections shall be performed by a private technician or mechanic that is ASE (Automotive Service Excellence) certified (series A) or meeting the Federal Motor Carrier Safety Administration (FMCSA) inspector qualifications of 40 C.F.R. § 396.19, or any succeeding federal regulation, and that is not an employee of the TNC. The qualified mechanic or technician inspecting the vehicle shall issue to the driver a vehicle inspection sheet certifying that the vehicle has passed inspection. It shall be the responsibility of the sponsoring company to confirm that a TNV has passed the required inspections.

(c) *Frequency of inspections.*

(1) No later than the thirty-first day after a TNV is initially placed into service and annually thereafter within 20 days of the anniversary date the TNV was initially placed into service, the vehicle must pass prescribed inspection.

(2) The chief of police and director of the department of parking and public transit are hereby authorized to maintain constant vigilance over all TNV to confirm they are kept in a condition of continued fitness for public use in compliance with this division and to that end are hereby authorized to make such incidental or random on-the-road inspections as they deem advisable, provided that, such inspections shall be conducted only when the vehicle is being operated under this division.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-362. Vehicles failing inspection; out of service.

(a) If, after an incidental or on the road or random inspection, a TNV is found, in the enforcement official's opinion, not to be in a safe condition for the transportation of passengers, or is being operated without the required insurance coverage, the vehicle shall be placed out of service. The enforcement official shall note the deficiencies in writing and provide a copy to the driver and the driver's sponsoring company. The enforcement official will place the vehicle back in service as soon as the sponsoring company notifies the enforcement official that the noted deficiencies have been remedied.

(b) It shall be unlawful for a driver to operate, or for the sponsoring company to knowingly allow or cause to be operated, a TNV that is out of service under this section.

(c) The chief of police shall notify a sponsoring company if the TNV of an affiliated driver has been taken out of service under the provisions of this section. Upon receiving such notification, the TNC shall remove the affiliated driver from the platform.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-363. Inspection certification.

(a) Subject to section 8-361(c)(1), while the vehicle is being operated, a TNV must have somewhere readily accessible inside the vehicle, either in hard copy form or through the way bill on the driver's app, a copy of the then-current certified vehicle inspection sheet issued by a qualified mechanic or technician that the vehicle has passed inspection and shall produce it upon the demand of the chief of police or another law enforcement officer of the city, or the director of the department of parking and public transit or city personnel operating under the director's supervision. If the driver fails to produce the certified inspection sheet upon request, the driver shall have 24 hours from the time of the request to produce, at the city office or police precinct designated by the enforcement official, a copy of the certified inspection sheet, or evidence, such as a sworn statement from the driver, that the TNV was placed into service within the 31 days prior to the law enforcement officer's request as permitted under section 8-361(c)(1). If the driver fails to produce the certified inspection sheet or other acceptable evidence within the time provided, the TNV shall be deemed out of service until the certified inspection sheet or other acceptable evidence is produced in accordance with this subsection (a). The enforcement official shall notify the sponsoring company that a TNV has been deemed out of service under this subsection (a). Upon receiving such notification, the TNC shall remove the affiliated driver from the platform.

(b) It shall be unlawful for a driver to operate, or for the for the driver's sponsoring company to knowingly allow or cause to be operated, a TNV that is deemed out of service under this section.

(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-364. Rates; disclosures.

(a) TNV may charge on a per mile (distance traveled), per trip (flat fee) or per hour (time elapsed) basis, or a combination thereof, conditioned as follows:

(1) The rates shall be uniformly applied to all passengers, and the rates, including

the method of calculating the fare, shall be posted in the online application (app) and on the company's website.

(2) If the rates, including the method of calculating the fare, vary from the normally posted rate on the company website and the application (app), then the company must require that the passenger positively acknowledge on the application device used to summons the driver that they agree to the rate structure being charged for the trip requested. The company shall provide potential passengers with the option of obtaining an estimated fare before the passenger engages the service.

(3) The company shall disclose to the passenger prior to the passenger entering the TNV if it is operating during a period of dynamic pricing. The company shall also provide the passenger an option to be notified when the time of dynamic pricing is no longer in effect. In addition to this notice, the company shall notify the passenger as soon as practicable of this same information, if the passenger requests this option.

(4) The company may charge incidental and additional charges provided that it shall notify a passenger of all such charges that may be added to the charge before the passenger accepts the transportation. Notwithstanding the foregoing, in no event shall the company or driver charge an incidental or additional charge on the basis of a person's disability.

(5) Upon completion of a ride, the TNC shall transmit to the passenger an electronic receipt, either by electronic mail or via text message. The message shall document the point of origin and destination of the ride, the total distance and duration of the ride, the total fare paid including the base fare and any additional charges, and the driver's first name and the contact information for the company's customer service department, including the department's email address or a hyperlink to a contact form.

(b) The company's software application or website shall display to a potential passenger or a passenger before the passenger enters the vehicle a picture of the driver assigned to transport the passenger and the make and model of the vehicle the driver is approved to use, including the license plate number of the vehicle. The company shall make available on the mobile application and the receipt provided to the passenger, the contact information for their customer service department, including the department's email address or a hyperlink to a contact form.

(c) Nothing in this division shall be construed to prevent a TNC from providing free service or discounted rates so long as the company does not discriminate in doing so.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-365. Unauthorized fares.

(a) No company or driver shall demand or suggest that any passenger or prospective passenger pay a fare larger than that authorized in this division.

(b) No company or driver shall demand or suggest that any passenger pay an amount that exceeds the passenger-accepted rate.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-366. Street hails; airport service; soliciting passengers.

(a) No TNV driver shall accept or respond to passengers' or potential passengers' requests for service via traditional street hail, including hand gestures and verbal statements.

(b) No TNV driver shall pick up a passenger on any portion of the Huntsville International Airport without proper authorization from the Huntsville-Madison County Airport Authority. Additionally, no driver shall pick up or discharge any passenger in any designated taxicab stands, whether at the airport, or otherwise.

(c) *Soliciting passengers.*

(1) For the purpose of this section, the term "solicit" means an appeal by a driver upon a public street using words or gestures to elicit immediate patronage of a vehicle for hire by attempting to direct people to a TNV that is parked, stopped, standing, or moving upon a public street.

(2) No TNV driver shall solicit passengers.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-367. Pre-arrangement.

Pre-arranged services. It shall be unlawful for a TNC or a TNV driver to fail to demonstrate prearrangement by presenting upon request of the director of parking and public transit or chief of police, or their respective designees, proof of pre-arrangement, including a copy of the reservation or an electronic record made in advance of passenger pick-up.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-368. Number of passengers and luggage.

(a) No TNC or TNV driver shall allow more passengers to be transported than the number of available seats that are equipped with operative safety belts.

(b) No TNC or TNV driver shall allow more children to be transported than the number for which operative child passenger restraint devices are available for children within the legal age limit requiring such devices.

(c) No driver shall carry any luggage exceeding the vehicle's storage volume or load-carrying capacity regardless of the number of passengers occupying the vehicle.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-369. Prohibition against discrimination.

(a) With respect to passengers and potential passengers, a TNC shall adopt a policy of non-discrimination on the basis of destination, race, color, national origin, religion, sex (including pregnancy), disability, age, sexual orientation or gender identity, and shall notify its affiliated drivers of such policy.

(b) TNV drivers shall comply with all applicable laws regarding non-discrimination against passengers or potential passengers and shall comply with the non-discrimination policy set forth in subsection (a) above.

(c) TNV drivers shall comply with all applicable laws relating to accommodation of service animals and shall not refuse to load mobility aids, such as wheelchairs and walkers, which can fit into a standard truck or rear storage compartment of a vehicle.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-370. Two or more destinations; single destination.

(a) If a TNV is carrying two or more passengers to different destinations, the driver shall be the sole judge of the order in which such passengers shall be delivered to their destination and the shortest possible route shall be followed.

(b) Any TNV driver charging on a per mile basis shall take the most direct route possible that will carry the passenger to his/her destination safely and expeditiously, unless the passenger requests otherwise.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-371. Record and reports of operations; cooperation with law enforcement.

(a) Every TNC shall keep accurate books and records of account of its operations in the city at the company's base of operations for a minimum of one year.

(b) Every TNC shall keep a record on any of its affiliated drivers who were alleged to have committed a violation of this division or their terms of service or who have been suspended or banned from driving for the company, including any zero-tolerance complaints and the outcome of the investigation into those complaints. In addition, every TNC shall maintain records of its

affiliated drivers for at least two years after the date on which the driver's activation on the company's digital network has ended.

(c) With regard to its operations in the city, a TNC shall create and retain, for at least a two-year period, individual trip records, in written or electronic format, which includes pick-up and drop-off information, the name of the driver, the time of pickup and delivery of passengers.

(d) In order to provide reasonable response in traffic incident investigations, a TNC must provide upon the request of the police chief or his designees, factual information regarding the company's affiliated drivers and vehicles so as to determine whether or not a particular driver was active on the company's dispatch system application, in route to a passenger location, or engaged with a passenger at a specific time and date. Where a warrant or other legal process is necessary in order to obtain the requested information, a TNC shall cooperate with law enforcement officials in obtaining and promptly responding to such legal process.

(e) A TNC shall cooperate to the fullest extent reasonably possible with law enforcement to provide information about specific law enforcement incidents potentially involving an affiliated driver or an affiliated driver's TNV. If local, state, or federal law enforcement asserts that access to such information must be immediate to prevent a reasonable threat of death, or serious physical injury, to a person, then the company, or any driver, shall provide that information immediately. A TNC shall provide an emergency contact number to the chief of police for such instances. In all other law enforcement situations, such information shall be provided promptly in response to the issuance of a subpoena to review such records. Any failure to comply with this subsection shall result in the immediate suspension of the company's certificate and business license. Where a warrant or other legal process is necessary in order to obtain the requested information, a TNC shall cooperate with law enforcement officials in obtaining and promptly responding to such legal process.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-372. Base of operations; registered agent; customer service number.

(a) A TNC must maintain a base of operations. The base of operations shall be suitably staffed by qualified and knowledgeable representatives of the company who are available during regular business hours to accept or respond to notices and inquiries of the city in its administration and enforcement of this division and where records required to be maintained under this division are kept. Failure to maintain a base of operation shall be a violation of this division and cause for action being taken against the company's business license and the certificate of need and necessity.

(b) The location of the base shall not be changed without first notifying the director of parking and public transit.

(c) Companies must be qualified to do business in the state and must maintain an agent for service of process in the state.

(d) At a minimum a TNC shall maintain accessibility to a customer service representative via telephone or electronic mail that shall be staffed with suitable personnel who are able to assist consumers with complaints or inquiries during normal business hours.

(e) A TNC shall provide a 24/7 emergency contact number to the city in the case of emergencies.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-373. Trailers.

No trailer or semi-trailer shall be attached or secured to a TNV while it is being used to transport passengers.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-374. Driver requirements; conduct.

(a) A driver must be clean and neat in appearance.

(b) A driver must be physically capable of operating a vehicle in a safe manner. A driver shall not be impaired by fatigue, illness or other medical conditions to an extent that would render

him/her incapable of safely operating a vehicle or would pose a liability to himself/herself, his/her passengers or the general public.

(c) Each driver of a TNV, while operating such vehicle upon the public streets of the city, shall comply with all of the traffic regulations of the State of Alabama and the city and shall not commit any act that would threaten the health or safety of his/her passengers or the general public, which includes an act which would constitute a violation of driving while under the influence laws of this state.

(d) No driver of any TNV shall use or authorize the use of the vehicle for an illegal purpose.

(e) No driver shall operate a vehicle or be in actual physical control of a vehicle while under the influence of alcohol and/or any substance, which impairs the mental or physical faculties of such person to a degree, which renders him/her incapable of safely operating the vehicle.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-375. Lost property.

It shall be the duty of the driver of a TNV to carefully search such vehicle immediately after the termination of business for any property lost or left therein and any such property, unless sooner claimed or delivered to the owner, shall be taken to and deposited with the police department within 24 hours after the finding thereof. The police department, unless the same is sooner claimed by the owner, shall dispose thereof in the manner prescribed by law for lost and stolen property.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-376. Cleaning of vehicle.

It shall be the duty of the driver of a TNV to keep and maintain any such vehicle at all times in a safe, comfortable, clean, and sanitary condition. The seats, floors, steps, running boards, upholstery, and baggage compartments of any such vehicle shall be thoroughly cleaned in such a manner as to be free of visible dirt, dust, soil, trash, and rubbish of every description.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-377. Out-of-town vehicles.

A TNC certified by a jurisdiction other than the city may cause or allow an affiliated driver to bring passengers using the vehicle certified by another jurisdiction into the city from their jurisdiction of origin, but may not allow or cause the driver to pick up any passenger from any destination or accept any business within the city, unless the TNC is also certified in accordance with this division.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-378. Refusal to pay fare.

It shall be unlawful for a passenger to refuse to pay the agreed or established fare. A driver may request proof of ability to pay fare prior to transporting.
(Ord. No. 16-103, § 1, 2-11-2016)

Sec. 8-379. Alcoholic beverages.

Any alcoholic beverage transported in a TNV shall be in its closed original container.
(Ord. No. 16-103, § 1, 2-11-2016)

(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-401. License required.

(a) It shall be unlawful for any person to sell, offer for sale, or advertise for sale at a going out of business sale or a distress merchandise sale any goods, wares, or merchandise, whether it be his property or that of another, unless a license for such sale has been issued pursuant to this article and is in effect.

(b) Such license must be displayed in a prominent place on the premises wherein any such sale is being conducted, and the number and date of issue of the license must be displayed in any advertising of the sale.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-402. Application.

An applicant for a license to conduct a going out of business sale or a distress merchandise sale shall file an application with the city's clerk-treasurer at least 30 days prior to such sale; provided, however, that the said 30-day period may be waived in writing by the clerk-treasurer to whom the application is made for good cause shown. The application shall be made upon forms prescribed by the Commissioner of Revenue of the State of Alabama pursuant to Code of Ala. 1975, § 8-13-1 et seq., signed and verified by the applicant and shall include the following information:

(1) Name and address of the applicant and also the name of the true owner if the applicant is not such true owner;

(2) Name, location, and time of the proposed going out of business sale or distress merchandise sale;

(3) Inventory of the goods, wares, or merchandise, on hand and on order, which the applicant intends to offer for sale at a going out of business sale or distress merchandise sale. The inventory shall show the quantity, kind, or grade of each item, the wholesale cost thereof, and the name of the supplier from whom each item was acquired;

(4) A statement of the average, highest, and lowest inventory at the wholesale cost thereof at the applicant's place of business during the year next preceding the filing of the application. When the applicant operates more than one retail outlet and said outlets are supplied from a warehouse or warehouses operated by applicant, then the amount of inventory in said warehouse or warehouses attributable to the retail outlet wherein the sale hereunder is to be conducted shall be calculated as follows:

a. The total volume of merchandise handled in said warehouse or warehouses during the year next preceding the filing of the application under this article shall be determined;

b. The percentage of such year's total volume sold through the retail outlet wherein the sale hereunder is being conducted shall next be determined;

c. The percentage so determined of the merchandise on hand at said warehouse or warehouses at the time of the filing of the application hereunder shall be attributable to the concerned outlet and shall be included as part of the inventory set forth in the application;

(5) A list of goods, wares, or merchandise received by the applicant during the three months next preceding the filing of the application;

(6) A statement that the applicant will discontinue the business for which the license is requested, provided such sale is a going out of business sale, the date when such termination will be effected and that the applicant will not use or authorize the use of his trade, business, or firm name for a period of one year immediately following the expiration of a license issued to him under this article; provided, however, that if such name is being used in connection with another establishment operated by applicant presently located within the State of Alabama at a different location, then the trade, business, or firm name may be used at such other location, but not at the location where the sale is conducted and not at another location established by applicant after the application is made; and

(7) Such other information as the commissioner of revenue may prescribe.

(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-403. Bond.

(a) Every applicant for a going out of business sale or distress merchandise sale license shall execute and file with the clerk-treasurer a good and sufficient bond in the sum of $2,500.00 or nine percent of the wholesale value of the inventory as set forth in the application, whichever is greater, with two or more sureties thereon, approved by said clerk-treasurer or with the surety thereon a surety company authorized to do business in the State of Alabama, which bond in any event shall be approved by the clerk treasurer, payable to the city for benefit of the city and the State of Alabama, and shall be conditioned upon faithful observance of all the conditions of this article and shall also indemnify any purchaser at such sale who suffers any loss by reason of misrepresentation in said sale.

(b) Such bond shall continue in effect for one year after the termination of the sale for which it is made.

(c) The licensee shall notify the clerk-treasurer of any action filed as a result of the operation hereby licensed. Any purchaser claiming to have been damaged by misrepresentation in such going out of business sale or distress merchandise sale may maintain an action against the licensee making such misrepresentations and may join as party defendant the surety or sureties on the bond.

(d) If an action is filed by any purchaser or purchasers at a licensed sale within one year after the termination of the sale, the bond shall remain in force and effect until all actions are concluded and the judgment or judgments, if any, paid in full.

(e) In the event the applicant fails to observe all of the provisions of this article in conducting such sale for which the bond is given, the bond will be deemed to be forfeited, and the city attorney may recover in an action in the circuit court of the county in which the bond was given the amount of the bond from applicant and his sureties for the use and benefit of the city and/or the State of Alabama.

(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-404. Public hearing on application.

The clerk-treasurer, or his designee, shall conduct a public hearing not later than two weeks after an application has been filed. At least one week prior to such hearing the clerk-treasurer shall publish, at the expense of the applicant, a notice of the hearing in a local newspaper of general circulation. The clerk-treasurer may require that a record be made of the public hearing and that the testimony at such hearing be under oath.

(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-405. Investigation.

(a) When an application for a license to conduct a going out of business sale or distress merchandise sale is filed, the clerk-treasurer shall make such investigation as he deems necessary prior to the public hearing hereinafter provided.

(b) The applicant shall pay to the clerk-treasurer at the time the application is filed a fee of $10.00 for making such an investigation, and if the clerk-treasurer deems it necessary to have an independent inventory or audit of the applicant's books made, he shall advise the applicant of the cost of such independent inventory or audit and applicant shall pay such amount to the city to be used to pay the cost of such inventory and/or audit.

(c) The applicant's refusal to pay the fee and costs hereinabove provided and his refusal to permit examination of his books and records or his goods, wares and merchandise is ground for refusal by the clerk-treasurer to issue a license.

(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-406. Bona fide merchant.

No license for a going out of business sale or a distress merchandise sale shall be issued except to a bona fide licensed merchant of the City of Huntsville, and no such license shall be granted

to an applicant who sets up an establishment or who acquires an interest in an establishment solely or principally for the purpose of conducting a going out of business sale or distress merchandise sale. A bona fide licensed merchant of the City of Huntsville may utilize a professional third party liquidator to conduct such sales on behalf of said merchant.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-407. Fee.

(a) For a license for a going out of business sale or distress merchandise sale issued for 30 days or less, the applicant shall pay to clerk-treasurer, for the use and benefit of the City of Huntsville, a license fee in accordance with the following schedule:

(1) $50.00 if inventory is $10,000.00 or less.

(2) $100.00 if inventory is over $10,000.00 but less than $25,000.00.

(3) $200.00 if inventory is over $25,000.00 but less than $50,000.00.

(4) $300.00 if inventory is over $50,000.00 but not over $100,000.00.

(5) $400.00 if inventory is over $100,000.00 but not over $200,000.00.

(6) $500.00 if inventory is over $200,000.00.

(b) For a license renewal of 30 days or less, the applicant shall pay an additional license fee of $100.00.

(c) The applicant shall also pay to the clerk-treasurer an issuing fee of $25.00 for each license issued hereunder, and for each renewal of such license.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-408. Issuance of license.

A license shall be issued to an applicant when the clerk-treasurer is satisfied after investigation that:

(1) The applicant intends to discontinue his business at the location designated in the application on the date specified therein if such sale is a going out of business sale;

(2) The applicant's inventory, on hand and on order, is not out of proportion to the stock normally carried by such applicant;

(3) The applicant has not purchased or otherwise acquired goods, wares, or merchandise for the purpose of conducting a going out of business sale or distress merchandise sale;

(4) The goods, wares, or merchandise to be offered for sale are those of a bona fide merchant of the State of Alabama;

(5) No misrepresentation of the goods to be sold has been made or will be practiced; and

(6) The applicant has complied with the provisions of this article in all other respects not specifically set forth in this section.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-409. Restrictions on issuance.

No license shall, under any circumstances, be granted to any persons, applicant, or owner within a period of two years after the termination of any going out of business sale by such person, applicant, or owner, held or conducted under this article. No person, applicant, or owner who has been convicted of violating any of the provisions of this article relating to the conduct of going out of business sales or distress merchandise sales shall be granted a license for such sale or sales or be employed, in any manner at or in connection with any going out of business sale or distress merchandise sale licensed hereunder for a period of ten years after such conviction.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-410. Surrender of business license.

At the time a license is issued hereunder for a going out of business sale, the applicant shall surrender to the clerk-treasurer all licenses held by him at that time for the regular operation of his business at the location where such sale is to be held, and the same shall no longer be of force and effect.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-411. Certain time limitations; duration of license.

A license for a going out of business sale or distress merchandise sale shall be limited to a period of 30 consecutive business days, exclusive of Sundays and legal holidays. No license shall be issued for a period that will include any of the days between November 15 through December 31, inclusive, and no going out of business sale or distress merchandise sale may be conducted during that period. If a licensee does not sell the quantity of goods, wares, or merchandise permitted under this article, he may apply for, and the clerk-treasurer may grant an extension of 30 days upon good cause shown.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-412. Revocation of license.

The clerk-treasurer issuing a license for a going out of business sale or distress merchandise sale may revoke or suspend the same if any licensee sells, offers for sale, or advertises for sale any goods, wares, or merchandise in addition to those specified under section 8-416, violates any of the provisions of this article or any other law relating to the business so licensed, or otherwise fails to comply with the terms of this article.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-413. Use of trade name.

It shall be unlawful for any person to use the trade, business, or firm name of a licensee for a period of one year after the expiration of a license issued under this article, if such license is issued for a going out of business sale; provided, however, that an applicant may continue the use of such name at a different location if it has been, and is at the time the application is filed, being used at a different location within the City of Huntsville by applicant.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-414. Sale hours.

No going out of business sale or distress merchandise sale shall be held at times other than regular store hours of the applicant, except that the clerk-treasurer may make reasonable provision for extra evening hours upon good cause shown by the applicant.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-415. Advertising.

A licensee shall not advertise a going out of business sale or distress merchandise sale earlier than seven days prior to the date on which the sale is licensed to begin. Advertising of such sales shall state the number of the license issued pursuant to this article and the date when the sale is to begin and, during the last 15 days of such sale, shall clearly and prominently state the date upon which the sale shall end.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-416. Sales limited to existing inventory.

(a) During any going out of business sale or distress merchandise sale, it shall be unlawful for a licensee to sell, offer for sale, or advertise for sale any goods, wares, or merchandise which were not included in the inventory filed with his application or added to his stock as permitted in this section.

(b) During any licensed going out of business sale or distress merchandise sale, no additions shall be made to the stock of merchandise set forth in the inventory attached to the application for the license; provided, however, that the applicant may add new stock not to exceed ten percent of the dollar value of the inventory of goods, wares, or merchandise on hand as shown in the inventory attached to the application filed pursuant to this article; and provided further, that the addition of ten percent shall include the goods, wares, or merchandise on order as shown in the application. The purpose of said additions to inventory shall be only to maintain reasonably balanced selections.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-417. Daily report of merchandise.

A licensee in a going out of business sale or distress merchandise sale shall file with the probate judge issuing the license a daily report under oath of merchandise received. The report

shall show the quantity, kind, and grade of each item received, the supplier of each item, and the wholesale value thereof. Failure to report any receipt of goods while a license is in force is ground for revocation of the license, in the discretion of the probate judge issuing the same.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-418. False bidders.

No person who is not a bona fide potential purchaser shall act at any going out of business sale or distress merchandise sale as bidder, or what is commonly known as a "capper," "booster," or "shiller," or offer or make any false bid to buy any article sold or offered for sale at any going out of business sale or distress merchandise sale.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-419. Licensee responsible.

The person to whom a license has been granted under this article, or his authorized representative, shall remain in continuous attendance at all times while a going out of business sale or distress merchandise sale is being conducted, and he shall be responsible for any violation of the provisions of this article.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-420. Penalties for violation.

(a) A person convicted of a willful violation of any of the provisions of this article shall be fined not more than $100.00 and may be imprisoned for not more than one week, or both.

(b) Each separate sale, offering for sale, or advertising for sale at a going out of business sale or distress merchandise sale of any goods, wares, or merchandise in violation of the provisions of this article constitutes a separate offense.

(c) No person shall be deemed guilty of a willful violation of this article if they complied with the provisions of Code of Ala. 1975, § 8-13-1 et seq.
(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-421. Exclusions for certain sales.

In the following cases, the provisions of this article shall not apply:

(1) Sales for the estate of a decedent by the personal representative, or his agent, according to law or by the provisions of the will.

(2) Sales of property conveyed by deed of trust, mortgage, or judgment or ordered to be sold according to the mortgage, judgment, or order.

(3) Sales of all agricultural produce and livestock arising from the labor of the seller or other labor under his control on or belonging to his real or personal estate and not purchased or sold for speculation.

(4) All sales under legal process.

(5) Sales by a licensed pawnbroker or loan company which is selling or offering for sale unredeemed pledges of chattels as provided by law.

(6) Sales made on properties acquired by, or under contract to be acquired by the United States of America, the State of Alabama, Madison County, the City of Huntsville, and/or any of their respective agencies, subsidiaries or authorities, pursuant to the power of eminent domain, or under threat of acquisition by eminent domain.

(7) Sales of automobiles by an auctioneer licensed under the laws of the State of Alabama.

(8) Sales of fire, smoke, or water damaged merchandise by a licensed business establishment continuing in business. Such sales shall be limited to 12 regular business days.

(9) Sales of perishable merchandise by a licensed business establishment continuing in business. Such sales shall be limited to seven regular business days.

(Ord. No. 16-890, § 1, 11-17-2016)

Sec. 8-422. Sunset date.

Unless extended by act of the city council, this article shall expire on December 31, 2017.

(Ord. No. 16-412, § 1, 6-23-2016)

Sec. 9-51. Purchase of spaces—Form of agreement.

(a) Any person desiring to purchase a burial space in Maple Hill Cemetery shall execute an agreement with the city in the following form:

"AGREEMENT" between City of Huntsville, herein referred to as "the city," and _____/_____/_____, herein referred to as "the Purchaser."

WITNESSETH:

The City does hereby agree to sell to the Purchaser, and the Purchaser does hereby agree to purchase from the City Block _____, Lot _____, Space _____ according to the plan and survey of Maple Hill Cemetery in the City of Huntsville, Alabama, a map of the said cemetery being on file in the Office of the City Clerk-Treasurer upon the conditions herein set out for the purchase price of $_____ Dollars ($_____), to be paid contemporaneously with the execution hereof.

The said space is sold subject to the following conditions which are agreed to by the parties hereto:

(1) The said space shall be used for burial of a human body and such use shall at all times be subject to the rules, regulations, and laws of the city now or hereafter in force.

(2) In the event Purchaser pays the purchase price by check or bank draft and said draft is not paid due to insufficient funds then City may, at its option, declare this contract terminated in which all of the rights of the Purchaser shall cease and the city may, and is hereby authorized to, disinter and remove from the said space any human body or remains thereof then buried in said space and bury the same at such other place or places as it may select.

(3) In the event the Purchaser pays the purchase price contemporaneously with the execution of this Agreement, and complies with all rules, regulations, and laws of the city relating to the aforementioned burial space, the city will thereupon convey the same to Purchaser, such conveyance to contain a provision that the said space shall be used only for burial of a human body, and use thereof shall at all times be subject to the rules, regulations, and laws of the city then or thereafter in force.

(4) No person, organization, corporation, or other entity who purchases a space in Maple Hill Cemetery following the date of adoption of this ordinance, shall sell, transfer, or convey such space to another person, organization, corporation, or other entity, for a sum greater than the original purchase price, as established under this Article, without first having offered such space to the City of Huntsville for repurchase at the original purchase price. If the City of Huntsville fails to exercise its "right of first refusal" within sixty days (60) of receipt of a space owner's written "Intent to sell, transfer or convey for a price greater than the original purchase price," then the "right of first refusal" shall be deemed "waived" by the city and the space owner shall be allowed to sell, transfer, or convey, the space without any price limitation.

ARTICLE II. BURRITT MEMORIAL MUSEUM AND PARK

Sec. 10-31. Construction of article.

This article shall be liberally construed.
(Code 1982, § 10-16)

Sec. 10-32. Dr. William Henry Burritt Museum and Park and Dr. William Henry Burritt Museum and Park fund created.

(a) There is created and established the Dr. William Henry Burritt Museum and Park and Dr. William Henry Burritt Museum and Park fund.

(b) The Dr. William Henry Burritt Museum and Park consists of the home of the late Dr. William Henry Burritt, located on Roundtop Mountain in the county and approximately 160 acres of land surrounding the home, together with all furnishings, including books, pictures, furniture and furnishings used in and about the home of the late Dr. William Henry Burritt.

Sec. 10-33. Burritt Memorial fund.

(a) The city clerk-treasurer is designated as the depository with whom the trustee under the last will and testament of Dr. William Henry Burritt, deceased, shall deposit the $10,000.00 per year as provided in the will for the purposes designated in this article; and the First National Bank of Huntsville, Alabama, is designated as the depository in which the city clerk-treasurer shall deposit the funds to the account of the Burritt Memorial fund. All expenditures from the fund shall be made upon warrants signed by the city clerk-treasurer, upon substantiation by appropriate vouchers as submitted by the committee created in chapter 2, article VIII, division 7 of this Code, and upon approval of the expenditures by the city council; however, $3,000.00 per year shall be used from the Burritt Memorial fund for the maintenance of the Dr. William Henry Burritt house, including the present yard and sufficient area that may be added to the present yard to further develop the yard from time to time as may be appropriate; and the remaining $7,000.00 from the $10,000.00 annuity shall be used each year to maintain and develop the park on the remainder of the land.

(b) The city clerk-treasurer is made responsible for the maintenance of complete financial records showing income and disbursement from the fund and the making of an annual audit of the fund and the submission of the records to the city council, and the trustee as appointed under the last will and testament of Dr. William Henry Burritt, deceased.

the city, and in the interest of the general welfare of the inhabitants of the city, county and state;

(2) The promotion and preservation of its educational, cultural and economic interest, opportunities and advantages through the preservation and protection of historic buildings, structures, places and areas of historic interest located in the district are desirable;

(3) The preservation, protection and maintenance of the buildings, structures, places and landmarks in the history of the territory and the state and of the city is necessary and desirable as being commemorative of the events, circumstances, persons and architecture associated with the district;

(4) Such buildings, structures and places are tangible reminders of such events, circumstances, persons and architecture; and

(5) The preservation and protection of appropriate settings and environment for such buildings, structures, places and areas are necessary for the promotion, development and preservation of the economy, commerce and industry of the state and the city by the preservation and protection of such buildings, structures, places and areas and of appropriate settings and environments, and the preservation of the economic value of property within the district is necessary and desirable and in the public interest.

(Code 1982, § 10-52)

Sec. 10-63. Subdivisions of district; construction.

The area described in this section shall comprise "The Huntsville Historic Preservation District"; however, the district is further subdivided into four parts, which are designated as "The Twickenham Historic Preservation District," "The Old Town Historic Preservation District," "The Alabama A & M University Historic Preservation District," and "The Five Points Historic Preservation District," respectively. No building or structure shall be erected, constructed or reconstructed, altered, restored or renovated within the district unless a certificate of appropriateness shall have been issued by the historic preservation commission, in accordance with the procedures, powers and duties of the commission and in accordance with the rules, regulations and requirements of the commission adopted pursuant to law, the district being more specifically described as follows:

ARTICLE II. AMBULANCES*

DIVISION 1. GENERALLY

Sec. 11-31. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Ambulance means any privately owned motor vehicle used for the transporting of persons who are wounded, ill, injured or sick, and includes but is not restricted to emergency vehicles used for such purpose. The term "ambulance" is expressly distinguished from governmentally operated vehicles serving the same purpose as described in this definition. The term "ambulance" shall not be construed to include vehicles operated by organizations approved by or affiliated with the Huntsville-Madison County emergency management board while such vehicles are being used by members of approved organizations to respond to an emergency officially declared according to the rule of the board.

Owner means every person having use or control of any passenger-carrying or motor-propelled ambulance, whether as owner, operator, lessee or otherwise.

(Code 1982, § 4-1)

Cross reference—Definitions generally, § 1-2.

Sec. 11-32. Prerequisites for operation of ambulance.

No person shall engage in the business of operating an ambulance on the public streets of the city unless he shall have acquired in the following order an appropriate license from the health care authority and a certificate of convenience and necessity as required in this article, and unless he shall have paid all privilege licenses and privilege taxes as required by the ordinances of the city and shall have filed with the city clerk-treasurer a policy of insurance executed and delivered by a company licensed by the state department of insurance under the terms of which the insurance company provides coverage for injuries to persons or property for which the insured may become legally liable to pay as a result of the operation of the ambulances in the following amounts and under the following conditions:

(1) For each ambulance, such insurance policy shall provide insurance coverage in the amount of $1,000,000.00 for personal injury or death arising from any one accident and $50,000.00 for property damage liability and uninsured motorist's liability coverage in the sum of $20,000.00 per person for bodily injury liability and $40,000.00 per accident for bodily injury liability or $500,000.00 combined single limit liability with $1,000,000.00 excess liability coverage whether the operation of any such vehicle is by such person, his agent, servant or employee, or by any person in possession of such vehicle.

(2) The insurance coverages required by this section shall at all times be maintained for the full amount. The policy of insurance required by this section to be filed with the city clerk-treasurer shall contain a clause obligating the company issuing the policy to give not less than 30 days' written notice to the city clerk-treasurer before its cancellation. Notice of cancellation shall not relieve the company issuing such policy of liability for any injury or claim arising before the cancellation becomes effective. The cancellation of any such policy shall have the effect of suspending the permit of such person to operate the ambulances covered by the permit until a new policy complying with the provision of this section is filed with the city clerk-treasurer.

(3) Every insurance policy required under this section shall contain a provision for a continuing liability under the policy to the full amount, notwithstanding any recov-

ery, that the liability of the insurer shall not be affected by the insolvency or the bankruptcy of the insured, and that until the policy is canceled the insurance company will not be relieved from liability on account of nonpayment of premium, or any act or omission by the named assured. Such policy of insurance shall be further conditioned for the payment of any and all judgments, up to the limits of such policy, recovered against any person other than the owner, his agent or employee, who may operate the policy with the consent or acquiescence of the owner.

(4) In order to meet the policy filing requirements in this section, as an alternative, the insured may file a binder of liability and property damage insurance as required in this section and a letter from the insuring agent which shall state that the coverage is bound, the name of the company, the effective date of coverage, the limits of liability and a list of all vehicles covered and proof that the agent has the ability to bind the issuing company. The policy of insurance so bound shall be filed with the city clerk-treasurer within 60 days of the effective date of coverage.

Secs. 11-33—11-50. Reserved.

DIVISION 2. CERTIFICATE OF CONVENIENCE AND NECESSITY

Sec. 11-51. Number of applications by each person.

No person shall apply for a certificate of convenience and necessity in any case where an application has been disapproved on behalf of such person within six months next preceding the date of its filing.

(Code 1982, § 4-3)

Sec. 11-52. Application for certificate.

All persons applying to the city council for a certificate of convenience and necessity for the operation of one or more ambulances shall first obtain and have an appropriate license from the health care authority and then file with the city clerk-treasurer a sworn application containing the following information or documentation:

(1) The name of the applicant and trade name, if any, under which he intends to conduct his business; and if the applicant is a partnership, the name of each member, whether a limited or general partner and the name under which the partnership business is to be conducted; and if the applicant is a corporation, the name of the corporation and the name of each one of its officers.

(2) The business address and resident address of the applicant; and if the applicant is a partnership, the business address of the partnership and the resident address of each partner, whether he is a limited or general partner; and if the applicant is a corporation, the address of the corporation and the resident address of each one of its officers.

(3) The number of ambulances actually owned and/or leased and the number of ambulances actually operated by such applicants on the day of application, if any.

(4) A description of each such ambulance, including the make, model, year of manufacture and state license number.

(5) The location or station address of each such ambulance.

(6) A description of the proposed color scheme, insignia, trade style and/or any other distinguishing characteristics of the proposed ambulance design.

(7) A copy of the applicant's license from the health care authority.

(8) Any other documentation requested by the city clerk-treasurer for purposes of investigation.

(Code 1982, § 4-4)

Sec. 11-53. Investigation.

Before any application is acted upon, the city clerk-treasurer shall cause an investigation to be made and shall report his findings in writing to the council on the following:

(1) The demand of the public for additional ambulance service.

(2) The adequacy of the existing ambulance service.

(3) The financial responsibility and experience of the applicant.

(4) The applicant's ability to provide ambulance service at a level equal to the current community standard for prehospital care.

(5) Such other relevant facts as the council may deem necessary or advisable.

(Code 1982, § 4-5)

Sec. 11-54. Resolution by council; public hearing.

(a) No certificate shall be granted until the city council shall determine by resolution that the public convenience and necessity require the proposed ambulance service.

(b) In determining whether the public convenience and necessity require the operation of an ambulance or ambulances for which an application is made, the council shall hold such public hearing as it may deem necessary and advisable to determine that fact.

(Code 1982, § 4-6)

Sec. 11-55. Grounds for denial of certificate.

The following shall be prima facie grounds for denial of a certificate:

(1) The applicant or one of the partners, if the applicant is a partnership, or one or more of the officers of the corporation, if the applicant is a corporation, if the policy of such corporation will be directed, controlled or managed by such partner or officer, has been convicted of a felony or crime involving moral turpitude unless five years shall have elapsed since his discharge from a penal institution, or having been discharged from probation, during which period of time there is no evidence of the probable commission of other felonies or crimes involving moral turpitude.

(2) The applicant or one or more of the partners, if the applicant is a partnership, or one or more of the officers of the corporation, if the applicant is a corporation, if the policy of the corporation will be directed, controlled and managed by such persons who have ever been convicted of doing business in violation of this article.

(Code 1982, § 4-7)

Sec. 11-56. Certificate not transferable.

Each certificate issued pursuant to the provisions of this article shall be separate and distinct and shall not be transferable from the person to whom issued to another person.

(Code 1982, § 4-8)

Sec. 11-57. Annual report.

Every certificate holder shall file annually with the city clerk-treasurer a report of equipment and capabilities, which shall include, among other things, any change in equipment, and any change in the information required by section 11-52, and a certified audit of financial operations.

(Code 1982, § 4-9)

Sec. 11-58. Destruction of ambulance.

Any certificate holder whose ambulance has been destroyed involuntarily, or who voluntarily destroys any ambulance, shall, as a matter of right, upon written application to the city clerk-treasurer within 30 days after such destruction, and upon satisfactory evidence presented to the city clerk-treasurer of such destruction, be issued a new certificate for the operation of no greater number of ambulances than those so destroyed, provided the certificate holder has complied with all the provisions of this article.

(Code 1982, § 4-10)

Sec. 11-59. Sale or transfer of title to ambulance.

Whenever a certificate holder sells or transfers title to, assigns a lease to or subleases an ambulance, and within 30 days after such sale, transfer, assignment or sublease, purchases or leases another ambulance or a like number of other ambulances, the certificate holder shall, as a matter of right, upon written application to the city clerk-treasurer within 30 days of such purchase or lease, be issued a new certificate for the operation of no greater number of ambulances than those operated prior to the sale, transfer, assignment or sublease, and provided the certificate holder has complied with all the provisions of this article.
(Code 1982, § 4-11)

Sec. 11-60. Grounds for suspension and revocation.

The city council may suspend and revoke any certificate issued under the provisions of this article in the following cases:

(1) If council finds the certificate holder is not providing adequate service.

(2) The certificate holder fails to operate the ambulance in accordance with the provisions of this article.

(3) The certificate holder shall cease to operate any ambulance for a period of 60 consecutive days without having obtained permission for cessation of such operation from the council.

(4) The certificate holder fails to file any report required by section 11-57.

(Code 1982, § 4-12)

Sec. 11-61. Surrender of certificate.

Certificates issued under this article which have been suspended or revoked by the council shall, forthwith, be surrendered to the city clerk-treasurer; and the operation of any ambulance or ambulances covered by such certificates shall cease.

ARTICLE I. IN GENERAL

Sec. 12-1. Stormwater management manual adopted.

The stormwater management manual of the city department of public works services, 1991 edition, as amended through the adoption date of this Code, is adopted.
(Ord. No. 91-375, § 1, 6-13-1991; Ord. No. 91-432, 8-22-1991; Ord. No. 93-273, 5-13-1993; Ord. No. 94-186, 3-24-1994; Ord. No. 94-265, 4-14-1994; Ord. No. 98-3, § 22, 2-12-1998)

Sec. 12-2. Defiling or polluting water supply.

It shall be unlawful for any person to throw, sweep, dump, pour or otherwise deposit in or around the water of Big Spring, Brahan Spring, the filter plant, the wells, the reservoirs or any pipe connected with the waterworks of the city any article or substance which would tend to defile or pollute the water.
(Code 1982, § 23-6)

Secs. 12-3—12-30. Reserved.

ARTICLE II. AIR POLLUTION*

Sec. 12-31. Rules for control and abatement adopted.

The air pollution rules and regulations as heretofore adopted by the city council, pursuant to Ordinance No. 72-156 on July 27, 1972, and as amended by Ordinance Nos. 73-18, 75-180, 76-334, 78-150, 80-152, 82-297, 86-18, 86-523, 92-107, 93-709, 94-74, 95-839, 97-41, 98-153, 99-494, 00-811, 01-730, 03-143, 04-485, 07-568, 16-009, 17-486, and 22-886 as recommended by the air pollution control board of the city, are adopted by reference, with copies being kept on file permanently in the office of the city clerk.
(Code 1982, § 12-36; Ord. No. 00-811, § 1, 11-9-2000, Ord. No. 01-730, § 1, 9-13-2001, Ord. No. 03-143, § 1, 4-10-2003, 04-485, § 1, 8-12-2004; Ord. No. 07-568, § 1, 7-26-2007; Ord. No. 16-009, § 1, 3-10-2016; Ord. No. 22-886, § 1, 12-15-2022; Ord. No. 24-959, § 1, 1-23-2025)

Sec. 12-32. Amendments to rules for control and abatement.

There are hereby adopted as amendments to the rules and regulations to govern the control and abatement of air pollution within the city by reference, as the same were adopted pursuant to Ordinance No. 72-156 on the 27th day of July, 1972, and amended by Ordinance No. 73-18, Ordinance No. 75-180, Ordinance No. 76-334, Ordinance No. 78-150, Ordinance No. 80-152, Ordinance No. 82-297, Ordinance No. 86-18, Ordinance No. 86-523, Ordinance No. 92-107, Ordinance No. 93-709, Ordinance No. 94-74, Ordinance No. 95-839, Ordinance No. 97-41, Ordinance No. 98-153, Ordinance No. 99-494, Ordinance No. 00-811, Ordinance No. 01-730, Ordinance No. 03-143, Ordinance No. 04-485, Ordinance No. 07-568, Ordinance No. 11-507, Ordinance No. 16-009, Ordinance No. 17-486, and Ordinance No. 22-886 the proposed amendments to the rules and regulations as recommended by the air pollution control board of the city, entitled "Proposed Amendments to the Rules and Regulations for the Control of Air Pollution within the City of Huntsville, Alabama," and further identified by the signature of the city clerk and the date of 23rd day of January, 2025, appearing on the first page, with a copy being kept on file permanently in the office of the city clerk.
(Ord. No. 03-143, § 1, 4-10-2003; Ord. No. 07-568, § 1, 7-26-2007; Ord. No. 16-009, § 1, 3-10-2016; Ord. No. 22-886, § 1, 12-15-2022; Ord. No. 24-959, § 1, 1-23-2025)

ARTICLE III. BLASTING*

DIVISION 1. GENERALLY

Sec. 12-61. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Director and *manager* mean the manager of the natural resources and environmental management division or in his absence, his authorized representative.

Division means the natural resources and environmental management division.

Explosives means any substance, chemical compound or mechanical mixture that is commonly used for the purpose of producing an explosion to demolish a structure and to fragment rock for mining, quarrying, excavation and construction. Initiating devices (detonators, detonating cords, etc.) are also included under this definition.
(Ord. No. 89-482, § III, 8-30-1989)

Cross reference—Definitions generally, § 1-2.

Sec. 12-62. Penalties.

Any person who violates or fails or refuses to obey or comply with any provision of this article or submits any false information required by this article shall be guilty of a misdemeanor.
(Ord. No. 89-482, § XV, 8-30-1989)

Sec. 12-63. Purpose.

This article establishes standards intended to eliminate and reduce unnecessary and excessive airblast overpressures, ground vibrations, and dust which are physically harmful and otherwise detrimental to individuals and the community in the enjoyment of life, property and conduct of business. The standards established in this article apply to the detonation of explosives used to demolish a structure and to fragment rock for mining, quarrying, excavation, and construction within the city limits.
(Ord. No. 89-482, § I, 8-30-1989)

Sec. 12-64. Scope; jurisdiction.

This article in no way replaces or negates the requirements pertaining to explosives as contained in the Standard Fire Prevention Code, 1994 edition, as amended, or any rule or regulations of any governmental agency. The Standard Fire Prevention Code is administered by the chief of the fire department.
(Ord. No. 89-482, § II, 8-30-1989)

Sec. 12-65. Exemptions.

Nothing contained in this article shall be construed as applying to the regular military or naval forces of the United States, the duly authorized militia of the state, or to the police and fire departments in the proper performance of their duty.
(Ord. No. 89-482, § XVIII, 8-30-1989)

Sec. 12-66. Citations.

The director and any person acting under his supervision is authorized to issue citations to appear in municipal court to answer charges of violations of any of the provisions of this article.
(Ord. No. 89-482, § XVI, 8-30-1989)

State law reference—Citations, Code of Ala. 1975, § 11-45-9.1.

Sec. 12-67. Exceptions based on undue hardship.

(a) Applications for a permit for exception from the standards or requirements designated in this article may, on the basis of undue hardship, be made to the director. Any permit granted under this article shall contain all conditions upon which the permit has been granted and shall specify a reasonable time that the permit shall be effective. The director may grant the exception as applied for only if:

(1) The activity or operation will be of a temporary duration, i.e., a limited number

*__State law references—__Alabama Explosives Safety Act of 1963, Code of Ala. 1975, § 8-17-240 et seq.; local regulation of explosives, Code of Ala. 1975, §§ 11-43-60, 8-17-251.

of blasts at a specific site, and cannot be done in a manner that would comply with this article;

(2) No other reasonable alternative is available to the applicants; and

(3) Applicants represent, and the director finds, that blasting as permitted will not violate recognized safety standards.

(b) Upon the issuance of any exception permit, the director may prescribe any reasonable conditions or requirements he deems necessary to minimize adverse effects upon the community.
(Ord. No. 89-482, § XVII, 8-30-1989)

Sec. 12-68. Inspection and monitoring.

The director or his authorized representative may conduct tests and observe any authorized blasting operations, and may also order that persons holding blasting permits measure the ground vibration and airblast overpressure during blasting operations using approved instrumentation.
(Ord. No. 89-482, § XI, 8-30-1989)

Sec. 12-69. Notifications.

(a) Any person detonating explosives shall first notify the director that a blast is planned. Such notification shall be received at least four hours prior to the planned detonation and shall give the time (within 30 minutes), location where the blasting is to be done, the amount of explosives to be used, and the name and business address of the person responsible for the blasting operation.

(b) A 24-hour notification is required for blasting operations to be conducted on Saturdays and Sundays and for those blasting operations performed after 5:00 p.m. local time on weekdays. This additional notification period is needed to allow sufficient time to coordinate monitoring of the blast at times which are not considered by personnel of the division to be normal work hours. The notification may be given orally over the telephone; however, the burden of proof as to whether the notification was in fact received rests with the person responsible for the blasting operation.
(Ord. No. 89-482, § IX, 8-30-1989)

Sec. 12-70. General restrictions.

(a) When blasting operations, other than blasting operations at limestone quarries, are performed within 2,000 feet of any structure, railway or highway, the blast shall be covered before detonation with a minimum of three feet of clean fill dirt and/or a mat constructed so that it is capable of preventing fragments from being thrown.

(b) Blasting detonations are allowed only during daylight hours, but not earlier than 7:00 a.m. local time.

(c) A certified blaster and at least one other person shall be present during the firing of all blasts.
(Ord. No. 89-482, § VIII, 8-30-1989)

Sec. 12-71. Vibration and airblast overpressure levels.

(a) Except as otherwise authorized in this article, the allowable ground vibration and airblast overpressure levels resulting from the detonation of explosives are as follows:

(1) For ground vibration, levels not to be exceeded at any time are 0.50 inch per second peak particle velocity for frequencies below 40 Hz and 2.00 inches per second for frequencies equal to and greater than 40 Hz; except that if the measured ground vibration level continuously exceeds 0.50 inch per second particle velocity after a period of one second following the maximum particle velocity, the charge weight per delay shall be reduced so that the particle velocity does not exceed 0.50 inch per second.

(2) For airblast overpressure, levels not to be exceeded at any time are 129 peak dB_L (linear) – 0.1 Hz high-pass system; 128 peak dB_L (linear) – two Hz high-pass system; and 124 peak dB_L (linear) – five or six Hz high-pass system.

(b) The requirements established within this section apply to any property of concern but no closer than at or beyond the property line of property under the control—through ownership or lease or other contractual arrangement—of persons having the blasting operation performed. Where a conflict exists regarding the location or determination of which property line applies, the nearest building structure shall be considered as being at or beyond the property line of persons having the blasting operation performed.
(Ord. No. 89-482, § VII, 8-30-1989)

Sec. 12-72. Instrumentation.

(a) A three-component direct reading velocity instrument with a frequency response of five Hz or below to 200 Hz and adhering to the design criteria for portable seismographs as outlined in U.S. Department of Interior, Bureau of Mines report RI 8506, "Measurement of Blast-Induced Ground Vibrations and Seismograph Calibration," shall be used for determining compliance with the ground vibration limits specified in section 12-71. The minimum frequency ranges for ground vibration instrumentation are two to 150 Hz for quarry blasting and five to 200 Hz for construction and excavation blasting. The maximum allowable peak particle velocity shall apply to each of the three components.

(b) An airblast channel having a frequency range of 0.1 to 200 Hz, two to 200 Hz, or five or six Hz to 200 Hz on a blasting seismograph shall be used for determining compliance with the airblast overpressure levels specified in section 12-71. The instrumentation shall adhere to the design criteria and operational guidelines as outlined in U.S. Department of Interior, Bureau of Mines report RI 8508, "Airblast Instrumentation and Measurement Techniques for Surface Mine Blasting."

(c) Instruments shall be operated in accordance with the instrument manufacturer's instructions. Instrument measurements shall be considered valid only when ambient levels are less than 0.1 inch per second and ten dB_L lower than the levels of the explosive blast being measured. Therefore, all instruments shall be set to trigger no higher than 0.3 inch per second and 118 dB_L on two Hz high-pass systems for monitoring purposes.
(Ord. No. 89-482, § X, 8-30-1989)

Sec. 12-73. Records.

Persons responsible for blasting operations shall maintain a record of each blast. All records shall

be retained at least three years and shall be available for inspection by the director and shall contain the following minimum data:

(1) Name of person responsible for the blasting operation.

(2) Location, date and time of blast.

(3) Name of blaster in charge.

(4) Type of material blasted.

(5) Number of holes, burden and spacing.

(6) Diameter and depth of holes.

(7) Types of explosives used.

(8) Amount of explosives used.

(9) Maximum amount of explosives per delay period of eight milliseconds or greater.

(10) Maximum number of holes per delay period of eight milliseconds or greater.

(11) Method of firing and type of circuit.

(12) Weather conditions (including such factors as wind directions, etc.).

(13) Height or length of stemming.

(14) If mats or other protections were used.

(15) Type of detonators used and delay periods used.

(16) Seismograph and airblast readings when measured.

State law reference—Records, Code of Ala. 1975, § 8-17-246.

Sec. 12-74. Blasters certification.

(a) *Generally.* Blasters certificates, whether issued in the name of an individual or of a corporation or other entity, shall bear the name, address and photograph of the person whose qualifications have been tested with respect to such certificate. Any such certificate issued to a corporation or other entity shall be valid only during the time that the qualifying individual is supervising the blasting operations being conducted. Blasters certificates are valid for three years from the date of issuance. In addition to the qualifications specified in subsection (b) of this section, such person must satisfy each of the following qualifications:

(1) Present evidence of training, knowledge and experience in the handling and use of explosives;

(2) Be knowledgeable of federal, state and local laws and regulations pertaining to explosives;

(3) Pass a qualifying written or oral examination demonstrating such training, experience and knowledge; and

(4) Demonstrate a minimum of one year's hands-on experience in the handling and use of explosives.

(b) *Qualifications.* A blasters certificate shall not be issued unless the applicant:

(1) Is at least 21 years of age;

(2) Has not within three years from the date of the application been convicted of a willful violation of any provision of this article; and

(3) Has not knowingly withheld information and has not made any false or fictitious statement intended or likely to deceive in connection with the application.

(c) *Application for certificate.* Applications for a blasters certificate shall be filed in a manner and form prescribed by the director and shall give all the information necessary to enable the director to make the required determinations.

(d) *Certificate fee.* A fee of $200.00 shall be paid at the time the application for a blasters certificate is submitted. Fees shall be made payable to the city. Any applicant failing to obtain a certificate because of not passing the qualifying examination before reexamination must submit a new application and fee. The fees collected will be used to provide continuing education courses to certified blasters.

(e) *Revocation of blasters certificate.* Any blasters certificate issued by the director may be revoked by the director, after notice and hearing, for any of the following causes:

(1) A willful violation of any provision of this article;

(2) Unintentional but repeated violations of any of the provisions of this article;

(3) Conviction of a felony by a court of law; and

(4) Willful and intentional falsification of information submitted on an application for a blasting permit or an application for a blasters certificate.

(f) *Continuing education.* In order to retain a valid blasters certification, each blaster must attend and complete one eight-hour continuing education course for each three years. One continuing education course will be administered by the division each three years. The cost for the course shall be funded by certification fees. Any other continuing education courses taken to satisfy this minimum requirement shall be approved in advance by the director.

Secs. 12-75—12-100. Reserved.

DIVISION 2. PERMIT*

Sec. 12-101. Required.

Any person detonating explosives within the city limits shall first obtain authorization for such activity from the director in the form of a blasting permit.
(Ord. No. 89-482, § IV(A), 8-30-1989)

Sec. 12-102. Applications.

Applications for blasting permits required by this division shall be in the form prescribed by the director and shall give all the information necessary to enable the director to make the determinations required in this division.
(Ord. No. 89-482, § IV(E), 8-30-1989)

*__State law reference—__Municipal explosives use permit, Code of Ala. 1975, § 8-17-248.

Sec. 12-103. Fees.

(a) Fees for a permit required by this division shall be paid at the time of application in the following amounts:

Projected Cubic Yards	*Base Price +*	*Cost per Cubic Yard*
0—300	$250.00	$0.15
301—1,000	250.00	0.25
1,001—2,500	250.00	0.30
2,501—10,000	250.00	0.33
Over 10,000	250.00	0.35

In no event shall the permit fees exceed $9,000.00 in a calendar year for the same blasting location. Fees shall be made payable to the city and shall be nonrefundable.

(b) Projections for cubic yardage shall be provided to the director at the time of application.

(c) Projections shall be supported by surveys, bid proposals and/or contractor expertise. The director shall have final judgment on projected cubic yardage. If the director disputes the projected cubic yardage, he shall notify the applicant in writing, within 30 days, of the reason. The applicant may at any time provide an engineering survey, certified by a professional engineer, to substantiate any cubic yardage projections. This survey shall be recognized as true and accurate by the director.
(Ord. No. 89-482, § IV(K), (L), 8-30-1989)

State law reference—Municipal explosives use permit fee, Code of Ala. 1975, § 8-17-248(d).

Sec. 12-104. Certificate required.

Blasting permits shall be issued only to persons possessing a valid blasters certificate issued by the director. Any blaster receiving certification from any department or agency of the state, issued after appropriate testing of the qualifications to handle and use explosives, is exempt from having to obtain a blasters certificate from the director.
(Ord. No. 89-482, § IV(B), 8-30-1989)

Sec. 12-105. Action on application.

The director shall act, within a reasonable time, on an application for a blasting permit and shall notify the applicant in writing of its approval, conditional approval or denial.
(Ord. No. 89-482, § IV(F), 8-30-1989)

Sec. 12-106. Denial of application.

In the event of a denial of a blasting permit, the director shall notify the applicant in writing of the reason for denial. Service of this notification may be made in person or by mail, and such service may be proved by the written acknowledgement of the persons served or affidavit of the person making the service.
(Ord. No. 89-482, § IV(G), 8-30-1989)

Sec. 12-107. Bond required.

Before a blasting permit is issued, the applicant shall file with the director a corporate bond in the principal sum of $500,000.00, or a public liability insurance policy, including explosion, collapse and underground coverage with identical limits, for the purpose of the payment of all damages to persons or property which may arise from or be caused by the conduct of any act authorized by the blasting permit upon which any legal judgment results. The principal sum of the bond shall be increased to $1,000,000.00 if a person applies for more than one blasting permit at a time. The director may specify a greater or lesser amount when, in his opinion, conditions at the location of the proposed blasting operation indicate that a greater or lesser amount would be sufficient for the purposes of payment of all damages to persons or property which may arise from or be caused by the conduct of such blasting. Public agencies are exempt from the bond requirements of this section.
(Ord. No. 89-482, § VI, 8-30-1989)

State law reference—Required insurance, Code of Ala. 1975, § 8-17-248(e).

Sec. 12-108. Compliance with conditions.

Blasting permits may be issued subject to specific conditions, consistent with standards provided in this division, in which case the conditions shall be specified in writing. The holder of a blasting permit shall comply with conditions contained in such permit as well as all applicable provisions of this article. Commencing blasting operations under such a blasting permit shall be deemed acceptance of all the conditions specified.
(Ord. No. 89-482, § IV(C), 8-30-1989)

Sec. 12-109. Expiration.

Blasting permits shall expire on the date specified on the face of the permit. In no event, however, may a blasting permit be issued which has an expiration date of longer than one year from the date of issuance in the case of blasting operations at limestone quarries or other mining operations, or one calendar month from the date of issuance for blasting operations at all other locations.
(Ord. No. 89-482, § IV(J), 8-30-1989)

Sec. 12-110. Transfer.

A blasting permit shall not be transferable whether by operation of law or otherwise, either from one location to another, or from one person to another.
(Ord. No. 89-482, § IV(I), 8-30-1989)

Sec. 12-111. Display.

A person who has been granted a blasting permit shall keep such permit under file at the site or on display at all times where the blasting operation is located and shall make such permit readily available for inspection by the director or his representative.
(Ord. No. 89-482, § IV(D), 8-30-1989)

Sec. 12-112. Reports.

Persons possessing valid blasting permits shall submit a report each month to the director. The report shall be submitted no later than the seventh of each month and shall contain for each blasting permit the following:

(1) The amount of each type of explosive used;

(2) The number of blasts (firings);

(3) The location of the blasts; and

(4) The maximum ground vibration and airblast overpressure levels measured for each blast and the approximate distance of the seismograph from the blast.

(Ord. No. 89-482, § XIV, 8-30-1989)

Sec. 12-113. Revocation.

Any blasting permit granted by the director may be revoked, after notice and hearing, for any of the following causes:

(1) Failure to comply with the provisions of this article;

(2) Failure to comply with any conditions of the blasting permit; or

(3) For any other cause if, in the judgment of the director, continuance of the permit is not consistent with the purposes of this article.

ARTICLE IV. JUNK, LITTER AND INOPERABLE VEHICLES*

DIVISION 1. GENERALLY

Sec. 12-151. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Commercial premises means any premises used in connection with the operations of a duly licensed business, including without limitation wholesale, retail, manufacturing, industrial, processing, compounding, storage, salvaging, building, consulting, sales, professional service, food service and repair businesses. Businesses which otherwise meet the definition of a "commercial premises" but which do not have a current privilege license to operate as such business or which are located on the same lot or parcel or housed in the same structure as a residence shall be classified and regulated as a "non-commercial premises".

Enclosed structure means any building, garage, accessory structure, or other structure excluding motorized and nonmotorized vehicles, having four enclosing walls and a roof, built according to and in compliance with all applicable building, zoning, fire or other codes of the city and which screens the contents of the enclosed structure so as not to be visible from adjacent public or private property, including without limitation public rights-of-way.

Code officer means an officer or employee of the code enforcement section of the community development division of the city.

Garbage means the animal and/or vegetable waste resulting from the handling, preparation, cooking or consumption of food or food products.

Inoperable vehicle means: (1) any vehicle that is in a state of disrepair, disassembly or damage, including without limitation a flat tire, that renders the vehicle inoperable or incapable of being used for its designed or intended purpose, incapable of being moved under its own power, or legally inoperable; (2) any vehicle that is being retained as a source of parts for another vehicle; (3) any parts of a vehicle located separately from the vehicle; or (4) any vehicle being stored or retained by a vehicle repair or storage business in the ordinary course of business.

Junk means and includes all metals, whether ferrous or nonferrous, including but not limited to any used or secondhand parts of machinery; plumbing fixtures, or their parts; parts of an automobile, truck, bus, motorcycle or other motor vehicle; gas or electrical appliances or fixtures, or their parts; household hardware; wire; cable; bearings; valves; pipes and pipe fittings; building materials; wood; or any other used or secondhand metal articles, including motor vehicles.

*__Editor's note—__Ord. No. 05-157, § 1, adopted March 10, 2005, amended art. IV of this chapter in its entirety. Prior to amendment, art. IV, §§ 12-151, 12-152, 12-171—12-175, 12-191, 12-192, 12-201—12-203, pertained to similar subject matter and derived from Ord. No. 90-202, §§ 2, 3.1, 3.2, 4.1—4.3, adopted May 10, 1990; and Ord. No. 97-811, § 1, adopted Nov. 20, 1997.

Cross references—Solid waste, ch. 22; traffic and vehicles, ch. 25.

Litter means all waste material which can be or is subject to being blown from place to place or scattered by the elements, including but not limited to paper, cardboard, cartons, boxes, plastics, rags, cloth, fibers and fabrics, leather, polyethylene, and polystyrenes.

Motorized vehicle means any vehicle which is self-propelled, and shall include but is not limited to automobiles, trucks, buses, vans, motorcycles, motor homes, riding lawn mowers, golf carts, dune-buggies, tractors, and motorized recreational or agricultural vehicles.

Non-commercial premises means any premises upon which any structure is being used or is intended for use as a residence or place of abode including without limitation single family dwellings, duplexes, apartments, hotels, motels, trailer parks, or camp yards. Businesses which otherwise meet the definition of a "commercial premises" but which do not have a current privilege license to operate as such business or which are located on the same lot or parcel or housed in the same structure as a residence shall be classified and regulated as a " non-commercial premises".

Nonmotorized vehicle means any vehicle that is not self-propelled, and shall include but is not limited to boats, airplanes, camping trailers, utility trailers, boat trailers and horse trailers.

Premises means any lot, yard, plot, tract, parcel or other piece of land or property located within the city.

Public property means any real property, including appurtenances on such property, which is owned, maintained or controlled by the city or any other county, state, or federal governmental entity, and shall include any street, avenue, road, drive, lane, boulevard, alley, highway, park or other property owned, operated or controlled by the city, or any other public governmental entity for the use, benefit or enjoyment of the general public.

Retail establishment means any commercial establishment that maintains as a part of its business any merchandise, goods or wares, including but not limited to gas or electric appliances or parts; plumbing fixtures, or parts; lawn mowers or lawn mower parts; machinery, equipment, implements, utensils; building materials or supplies; vehicles; or other items displayed for sale to the general public, including without limitation building supply companies, lumberyards, nurseries, secondhand stores, thrift stores, or similar commercial establishments.

Scrap means other materials or waste, including but not limited to old cordage; ropes; rubber; bottles and other glass; tin or aluminum cans; buckets; tree branches, tree limbs and tree stumps; or other waste or refuse not otherwise classified as junk, litter or garbage.

Screened area means: (1) an enclosed structure; (2) a solid or otherwise non-transparent vertical wall or fence of a minimum height of eight feet measured from the ground level at any point which is maintained in good condition and repair and which screens the contents of the screened area so as not to be visible from the ground level of adjacent public or private property, including without limitation public rights-of-way; (3) natural objects, plantings, structures or other appropriate means which are a minimum height of eight feet from the ground level at any point which are neat and well maintained and which screen the contents of the screened area so as not to be visible from the ground level of adjacent public or private property, including without limitation public rights-of-way; or (4) any combination of the foregoing.

Vehicle means any device in, upon or by which any person or property is or may be transported, carried or drawn from one place to another, and shall include but is not limited to motorized and non-motorized vehicles, boat trailers, utility trailers, horse trailers, bicycles, carts, tractors or other devices.

Vehicle repair or storage business means any establishment or place of business which stores or repairs vehicles including without limitation garages, repair shops, body shops and towing services.

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-152. Penalties.

In addition to such other punishment, including a term of community service, as may be

provided for by the court, any person who violates or fails or refuses to obey or comply with any provision of this article shall, upon conviction, be punished in accordance with the following:

(1) Over a 24-month period, upon first conviction, a fine of not less than $100.00 or more than $500.00, or imprisonment for not more than ten days.

(2) Upon a second conviction, a fine of not less than $200.00 or more than $500.00, or imprisonment for not more than 30 days, or both such fine and imprisonment.

(3) Upon a third or subsequent conviction, a fine of not less than $500.00 and imprisonment in jail for a period not to exceed six months. Such sentence shall include a mandatory sentence of not less than two days in jail, which shall not be subject to suspension or probation.

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-153. Enforcement.

(a) *Notice of violation.* Where official written notice is required under the terms of this article before a person may be cited or arrested for a violation of this article, such notice shall, unless provided for otherwise: (i) be served in person, by first class mail, or by posting on the premises in a conspicuous place; (ii) describe the nature of the violation; (iii) require compliance within a time stated in the notice; and (iv) where an extension of time is provided for under the terms of this article, provide that in lieu of compliance, an extension of time may be requested by making a written request to the board of adjustments and appeals within a specified time stated in the notice in accordance with section 12-155.

(b) *Officials charged with enforcement.* The director of the community development division or any code officer of such division is responsible for the administration and enforcement of this article.

(c) *Issuance of summons and complaint [citation].* In the enforcement of this article, the director of the community development division, any code officer of such division, or any law enforcement officer legally authorized to enforce municipal ordinances may proceed in accordance with section 2-1 of this Code. Nothing herein shall be construed to prevent the obtaining of a warrant with respect to any alleged offense in lieu of issuing a summons and complaint [citation].

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-154. Board of adjustments and appeals.

The housing board of adjustments and appeals created by section 7-354 is designated as the board of adjustments and appeals for this article; and all powers, duties and functions of the board of adjustments and appeals are delegated to and shall be performed by the housing board of adjustments and appeals.

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-155. Requests for extension of time.

Unless an appeal for an extension of time is expressly prohibited under the terms of this article, any person receiving official written notice of a violation of this article, or his duly authorized agent, may, within the time specified in said notice for requesting an extension, enter a request for an extension of the date or time for compliance to the board of adjustments and appeals. Such request must be in writing and must state the location of the property, the date of the notice of violation of this article, and the official notice number. The request must also state the hardship or reason for the request for additional time, and the amount of time that is requested. No request for an extension filed later than the time specified in said notice shall be acted upon by the housing board of adjustments and appeals unless the housing official shall consent to such extension for good cause shown.

DIVISION 2. PRIVATE PROPERTY

Subdivision I. In General

Sec. 12-171. Duties of owners.

It shall be the duty of the owner, tenant or any person in control of or charge of any premises to maintain the premises in compliance with the provisions of this division.
(Ord. No. 05-157, § 1, 3-10-2005)

Subdivision II. Litter and Garbage

Sec. 12-172. Violation.

It shall be unlawful and a violation of this article for any person or entity, including without limitation the owner, tenant or person in control of or charge of any premises to fail to maintain the premises free from litter and garbage unless the litter and garbage is containerized and stored in such a manner as to prevent it from being blown, deposited or otherwise scattered by the elements, animals, birds or any other means. Containers and storage practices shall conform to the requirements set forth in chapter 22, article III.
(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-173. Notice and extensions.

Before a person may be cited or arrested for a violation of this subdivision, he shall be served with at least 24 hours notice in accordance with section 12-153 of this article. No appeals for an extension of time for compliance shall be allowed for a violation of this subdivision.
(Ord. No. 05-157, § 1, 3-10-2005)

Secs. 12-174—12-190. Reserved.

Subdivision III. Inoperable Vehicle, Scrap and Junk

Sec. 12-191. Non-commercial premises.

It shall be unlawful and a violation of this article for any person or entity, including without limitation the owner, tenant, or person in control of or charge of any non-commercial premises to store or keep upon said premises any inoperable vehicle, scrap or junk unless housed in an enclosed structure and in such a manner as to prevent a health, fire or safety hazard as defined by the laws of the state and the ordinances of the city.
(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-192. Commercial premises.

It shall be unlawful and a violation of this article for any person or entity, including without limitation the owner, tenant, or person in charge of any commercial premises to store or keep upon said premises any inoperable vehicle, scrap or junk unless housed in a screened area and in such a manner as to prevent a health, fire or safety hazard as defined by the laws of the state and the ordinances of the city, provided:

(1) Materials, goods and/or supplies which are normally stored, displayed or kept outside on the premises of duly licensed building supply companies, lumberyards, plumbing supply companies, nurseries, and similar commercial establishments need not be contained in a screened area so long as they are stored in such a manner so as to prevent overgrowth with grass and/or weeds and the harboring of rats, mice, insects, reptiles, and other vermin; or so as to prevent any health, fire or safety hazard.

(2) Merchandise, goods or supplies that are displayed on the premises of duly licensed retail establishments for the purpose of temporary special promotional sales need not be in a screened area so long as they are displayed in a manner so as to prevent any health, fire or safety hazard while so displayed.

(3) Vehicles, boats, agricultural or industrial equipment, and lawn and garden equipment that are displayed for sale on the premises of establishments that are duly licensed for the sales of such items need not be in a screened area, provided they are not inoperable vehicles.

(4) Building materials located on premises where a valid permit is in existence for construction or repairs need not be in a screened area.

(5) Repaired or stored vehicles on the premises of or being retained as a part of a duly licensed vehicle repair or storage business which are invoiced and awaiting repair or customer pick-up may be temporarily stored in parking spaces outside the screened area for a period not to exceed 30 total days; provided, such temporary storage shall not exceed the available on-premises parking for the business.

(6) Where necessary for the conducting of business, a screened area may include entrances and exits provided such entrances and exits shall not be wider or more numerous than reasonably necessary for the conducting of business and further provided that such entrances and exits shall remain closed when not in use and shall screen the contents of the screened area from view when closed.

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-193. Enforcement.

Before a person may be cited or arrested for a violation of this subdivision, he shall be served with at least 30 days notice in accordance with section 12-153 of this article; except in the case of repaired or stored vehicles on the premises of or being retained as a part of a vehicle repair or storage business which are awaiting repair or customer pick-up, in which case notice of at least 24 hours shall be served in accordance with section 12-153 of this article. No appeals for an extension of time for compliance shall be allowed in the case of repaired or stored vehicles on the premises of or being retained as a part of a vehicle repair or storage business which are awaiting repair or customer pick-up.

DIVISION 3. PUBLIC PROPERTY

Subdivision I. Inoperable Vehicles on Public Property

Sec. 12-201. Inoperable motorized vehicles on public property.

It shall be unlawful and a violation of this article for any person to abandon, place, leave, store or park any inoperable motorized vehicle owned by or in possession or control of him upon any public property in the city. For the purposes of this section, any motorized vehicle located on public property without a current and proper license plate affixed thereto shall be deemed to be an inoperable motorized vehicle abandoned and improperly stored.

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-202. Nonmotorized vehicles on public property.

It shall be unlawful and a violation of this article for any person to abandon, place, leave, store or park any nonmotorized vehicle owned by or in possession or control of him upon any public property in the city.

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-203. Notice and extensions.

Before a person may be cited or arrested for a violation of this subdivision, he shall be served with at least 24 hours notice by affixing said notice to the vehicle or by serving notice upon the owner, if known, by the methods set forth in section 12-153. No appeals for an extension of time for compliance shall be allowed for a violation of this subdivision.

(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-204. Impoundment and due process hearing.

(a) In addition to the enforcement and penalty provisions provided for in division 1 of this article, if the vehicle is not removed from the public right-of-way within the required time, the director of the community development division or any code officer of such division or a law enforcement

officer may cause the vehicle to be removed and impounded in accordance with chapter 25, article II, division 2 of this code.

(b) The owner or person entitled to possession of any vehicle which is removed or towed from public property under the provisions of this subdivision shall be entitled to an immediate due process hearing before the chief of police as provided in chapter 25, article II, division 2.
(Ord. No. 05-157, § 1, 3-10-2005)

Subdivision II. Vehicles Being Towed or Repaired

Sec. 12-205. Violation.

(a) Notwithstanding anything to the contrary in this division, it shall be unlawful and a violation of this article for any person who is the owner, manager or person in charge of any vehicle repair shop or body repair shop to abandon, leave, store or park any vehicle being repaired, awaiting repair, or awaiting pick-up after repair upon any public property, including without limitation the public right-of-way.

(b) Notwithstanding anything to the contrary in this division, it shall be unlawful and a violation of this article for any person who is the owner, manager or person in charge of any vehicle towing service to abandon, leave, store or park any towed vehicle upon any public property, including without limitation the public right-of-way.
(Ord. No. 05-157, § 1, 3-10-2005)

Sec. 12-206. Enforcement.

For purposes of this subdivision, no notice shall be required and no appeals for an extension of time for compliance shall be allowed for a violation of this subdivision.

ARTICLE V. NOISE*

DIVISION 1. GENERALLY

Sec. 12-231. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

A-weighted sound level means the sound pressure level as measured with the sound level meter using the A weighing network. The standard unit notation is dB(A).

Ambient noise means background noise.

Audible sound means any sound for which the information content of that sound is transferred to the listener, such as but not limited to understanding of spoken speech, comprehension of whether a voice is raised or normal, or comprehension of musical rhythms.

Commercial premises means any premises where offices, clinics, kennels, shopping and service establishments exist.

Construction means any and all activity incidental to the erection, demolition, assembling, altering, installing or equipping of buildings, structures, roads or appurtenances, including land clearing, grading, excavating and filling.

Construction equipment means any equipment or devices, such as but not limited to pile drivers, power shovels, derricks, hoist tractors, loaders, rollers, concrete hauling motor vehicles, pavement breakers, bulldozers, crawler-tractors, rotary drills and augers, cranes, ditchers, trenchers, scrapers, wagons, pumps, compressors and pneumatic power equipment, or other mechanical apparatus operated by fuel or electric power in the construction, repair or demolition of any building, structure, land, street, alley, waterways or appurtenances.

dB(A) means the composite abbreviation for A-weighted sound level in decibels.

***Cross reference—**Noisy animals, § 5-9.

State law reference—Disorderly conduct, Code of Ala. 1975, § 13A-11-7.

Decibel means a logarithmic unit of measure of 10 used in measuring magnitudes of sound. The symbol is dB.

Domestic power equipment means any equipment or device rated at 15 horsepower or less and used for home or building repairs and grounds maintenance.

Emergency work means any activities performed for the purpose of preventing or alleviating physical trauma or property damage threatened or caused by an existing or imminent peril.

Hard test site means any test site having the ground surface covered with concrete, asphalt, packed dirt, gravel or similar reflective material for more than half the distance between the microphone target point and the microphone location point.

Highways means the streets, alleys and highways within the city limits.

Industrial premises means any premises where manufacturing, processing or fabrication of goods or products takes place. For purposes of this article, all railroad rights-of-way are considered to be industrial premises.

Land use category means the actual existing utilization of the land regardless of its designation by the city zoning board.

Microphone line means the unmarked reference line running parallel to the vehicle path and passing through the microphone.

Microphone target point means the unmarked location on the center of the lane of travel that is closest to the microphone.

Motor vehicle means any self-propelled vehicle.

Motorcycle means any motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three wheels, but excluding a tractor.

Motor-driven cycle means every motorcycle and every motor scooter with a motor which does not exceed five brake horsepower, including every bicycle with a motor attached.

Muffler means an apparatus consisting of a series of chambers or baffle plates designed for the purpose of transmitting gases while reducing sound emanating from such apparatus.

Noise means any sound which annoys or disturbs humans or which causes or tends to cause an adverse psychological or physiological effect on humans.

Noise control officer means the director of the air pollution control office of the city.

Premises of public access means the outdoor portion of a privately owned parcel of real property which is readily accessible to the general public and onto which the general public is or has been invited to enter on a continuous or recurrent basis. Examples include, but are not limited to, parking areas, gasoline dispensing facilities, and outdoor shopping and dining establishments. For purposes of this definition, roofed structures with open walls, such as parking garages, pavilions and gazebos shall be considered outdoor portions of a parcel of real property.

Property line means that real or imaginary line and its vertical extension which separates real property owned or controlled by any person from contiguous real property owned or controlled by another person, or separates real property from the public premises.

Public premises means all real property, including appurtenances on the property, which is owned or controlled by any public governmental entity and shall include streets, alleys, parks and waterways.

Recreational and educational activity means any game, sport or other activity, whether on public or private property, which a person is pursuing for educational purposes or for the purpose of amusement and enjoyment, but shall not include recreational motorized vehicles or the use of equipment which amplifies sound.

Recreational motorized vehicle means all recreational vehicles, whether or not duly licensed and registered, including but not limited to commercial or noncommercial racing vehicles,

motorcycles, go-carts, snowmobiles, amphibious craft, campers and dune buggies, but not including motorboats.

Residential premises means any premises where single or multiple dwelling units exist and shall include schools, churches, hospitals, nursing homes and similar institutional facilities.

Soft test site means any test site having the ground surface covered with grass, other ground cover, or similar absorptive material for half or more of the distance between the microphone target point and the microphone location point.

Sound means energy that is transmitted by longitudinal pressure waves in air or other material and is the objective cause of the sensation of hearing.

Sound amplification system means any radio, tape player, compact disc player, loudspeaker or other electronic device used for the amplification of sound.

Sound level means a measure of the level of a sound with a weighing network in the measurement chain.

Sound level meter means an apparatus or instrument including a microphone, amplifier, attenuator, output meter and frequency weighing networks for the measurement of sound levels.

Vehicle means any device in, upon, or by which any person or property is or may be transported or drawn upon a highway, except devices moved by human power or used exclusively upon stationary rails or tracks.

Cross reference—Definitions generally, § 1-2.

Sec. 12-232. Purpose.

(a) This article is enacted to protect, preserve and promote the health, safety, welfare, peace and quiet for the citizens of the city through the reduction, control and prevention of excessive or unreasonably loud or raucous sound or noise. It is the intent of this article to establish standards that will eliminate and reduce unnecessary and excessive vehicle and community noises which are physically harmful and otherwise detrimental to individuals and the community in the enjoyment of life, property, and conduct of their affairs.

(b) Nothing in this article is intended to deter individuals from lawfully exercising the individual right of freedom of speech or any other freedom guaranteed under the Constitutions of the United States of America or of the State of Alabama, and this article is intended to facilitate activities that are vital to the conduct of the normal pursuits of life within and consistent with the context and settings of the community.
(Ord. No. 86-297, § 1, 5-8-1986; Ord. No. 21-449, § 2, 5-27-2021)

Sec. 12-233. Application exceptions.

This article shall apply to the operation of all motor vehicles, both upon public premises and on other public or private premises; and it shall be unlawful for any person to operate a motor vehicle either upon or off the public streets without complying with this article; except however, the following vehicles are exempt from the operation of this article:

(1) Any motor vehicle engaged in a professional or amateur sanctioned competitive sports event on public or private property where such events are otherwise a lawful and permitted use of the property.

(2) Agricultural equipment either on job site or traveling on highways when used and maintained in accordance with manufacturer's specifications.

(3) Any vehicle operated by any federal or state military organization and designed for use in field operations, but not including vehicles such as staff cars and personnel carriers designed primarily for normal highway use.

(Ord. No. 86-297, § 7, 5-8-1986; Ord. No. 94-100, § 7, 2-10-1994)

Sec. 12-234. Undue hardship.

(a) Except in the case of "vehicles" being operated on the "public right-of-way", as those terms are defined in division 3 of this article, a

person may make application to the noise control officer, on forms provided by said officer, for a waiver from the applicable provisions of this article based on a showing of undue hardship.

(b) The noise control officer, after consulting appropriate resources as may be necessary, must grant the waiver to the extent that the applicant has established as follows:

(1) That:

a. Additional time is reasonably necessary for the applicant to alter or modify his activity or operation to comply with this article; or

b. The activity, operation, or noise/sound source will be of a temporary duration, and cannot reasonably be done in a manner that would comply with this article; and

(2) That no other reasonable alternative which would comply with the provisions of this article is available to the applicant; and

(3) That the proposed activity, operation, or noise/sound would not violate recognized safety standards; and

(4) That the proposed activity, operation, or noise/sound would not endanger the public health, safety or general welfare.

(c) The noise control officer shall be entitled to prescribe any reasonable conditions he deems necessary in consideration of all relevant factors in order to mitigate adverse effects upon the community or the surrounding neighborhood. Such conditions shall be contained in the waiver and the waiver shall specify a reasonable time that the waiver shall be effective.

(d) The noise control officer shall act upon an application for a waiver within 14 days from the date said officer receives a completed application. An individual aggrieved by the denial of a waiver or the conditions of a waiver may appeal said denial or said conditions to the Circuit Court of Madison County within 14 days after the date of the noise control officer's decision.

(e) Failure of a person to comply with the terms of the waiver, shall be a violation of this article.

(Ord. No. 86-297, § 8, 5-8-1986; Ord. No. 94-100, § 8, 2-10-1994; Ord. No. 21-449; § 3, 5-27-2012)

Sec. 12-235. Instrumentation.

Equipment used in making sound level measurements shall meet the following requirements:

(1) *Sound level meter.* Sound level meters shall be of type 1, 2 or S2A, meeting the requirements of the American National Standards Institute, Inc., or its successor bodies.

(2) *Sound level calibrator.* An acoustic calibrator of the coupler type, accurate to within ±0.5 dB, shall be utilized for the calibration of sound level meters.

(3) *Windscreen.* A properly installed windscreen recommended by the manufacturer of the sound level meter shall be used.

(4) *Calibration.* Each sound measuring instrument shall be returned to the manufacturer or its authorized service center or other qualified laboratory for calibration once every three years. Calibrations shall be to standards traceable to the National Bureau of Standards.

(Ord. No. 86-297, § 5, 5-8-1986; Ord. No. 94-100, § 5, 2-10-1994)

Sec. 12-236. Instrument operator training.

Persons conducting sound level measurements under the provisions of this article shall be trained by a recognized school or a person whose qualifications have been approved by the noise control officer. This training shall include but is not limited to techniques of sound measurements and operation of sound measuring instruments.

(Ord. No. 86-297, § 6, 5-8-1986; Ord. No. 94-100, § 6, 2-10-1994)

Sec. 12-237. General prohibition.

(a) It shall be unlawful for any person to intentionally or recklessly make, assist in making, continue, cause to be made or continued, or, with regard to premises upon which they have control or charge of, permit to be made or continued, any unreasonably loud or raucous sound or noise within the jurisdictional limits of the city. Unreasonably loud or raucous sound or noise includes sound or noise that:

(1) Would unreasonably disturb, injure, or endanger the comfort, repose, health, peace, or safety of a reasonable person of ordinary sensitivity within the area of audibility; or

(2) Is so harsh, prolonged, unnatural, or unusual in time or place as to: (i) cause unreasonable discomfort to a reasonable person of ordinary sensitivity within the area of audibility, or (ii) unreasonably interfere with the peace, comfort, or enjoyment of life or property of a reasonable person of ordinary sensitivity within the area of audibility given the overall context, which includes the nature of the area and its zoning.

(b) The prohibition in subsection (a) above shall not apply in the case of the exemptions set forth in section 12-262 of this article.
(Ord. No. 21-449, § 4, 5-27-2021)

Secs. 12-238—12-260. Reserved.

DIVISION 2. COMMUNITY NOISE LEVEL STANDARDS*

Sec. 12-261. Exceptions.

The provisions of this division do not apply to vehicles located on public rights-of-way, which are regulated under division 3 of this article.
(Ord. No. 94-100, § 3, 2-10-1994; Ord. No. 21-449, § 6, 5-27-2021)

*__Editor's note—__Ordinance No. 21-449, § 5, adopted May 27, 2021, amended the title of division 2 as herein set out. Previous division 2 pertained to community noise level standards (vehicles on public premises excepted).

Sec. 12-262. Exemptions.

The sound levels in section 12-265 shall not apply to sounds emitted from the following:

(1) Any bell or chime from any clock, school or church.

(2) Any siren, whistle, horn or bell used by emergency vehicles or any other alarm systems used in case of fire, collision, civil defense, burglary, police activity or imminent danger; however, no burglar alarm shall remain activated for more than 15 minutes after being activated and further provided that no burglar alarm shall be allowed to produce alarm sounds in excess of those specified in section 12-265 for more than 15 minutes in any two-hour period.

(3) Any activity of a temporary duration which is permitted by law and for which a license or permit has been granted by the city, including but not limited to parades, sporting events, concerts and firework displays.

(4) Any construction equipment operated upon residential, commercial, industrial or public premises during the time period between 7:00 a.m. and 10:00 p.m.; however, operation of construction equipment between the hours of 10:00 p.m. and 7:00 a.m. shall not exceed the maximum sound levels specified in section 12-265, and further provided that such equipment shall be equipped with a properly installed muffler in good working order.

(5) Any domestic power equipment operated upon any residential, commercial, industrial or public premises during the time period between 7:00 a.m. and 10:00 p.m. provided that such equipment does not exceed a sound level of 80 dB(A) when measured at a minimum of 25 feet from the noise source, and further provided that between the hours of 10:00 p.m. and 7:00 a.m. such equipment does not exceed the maximum sound levels specified in section 12-265.

(6) Any emergency work.

(7) Any detonation of explosives used to fragment rock for mining, quarrying, excavation and construction.

(8) Any recreational and educational activity, including but not limited to school bands and neighborhood ball games, provided that between the hours of 10:00 p.m. and 7:00 a.m. such activity does not exceed the maximum sound levels specified in section 12-265.

(9) Licensed refuse collection vehicles operated during the time period between 7:00 a.m. and 10:00 p.m.; however, sounds emitted from licensed refuse collection vehicles operated upon or within 150 feet of any residential premises between the hours of 10:00 p.m. and 7:00 a.m. shall not exceed the maximum sound levels specified in section 12-265.

(10) Aircraft.

(11) Animals.

(12) Reserved.

(13) Noise sources within multifamily dwellings, office and apartment complexes, condominiums and similar structures occupied by more than one tenant which impact only those persons within the same dwelling, complex or building.

(Ord. No. 86-297, § 3.2, 5-8-1986; Ord. No. 88-663, § 1(3.2), 1-12-1988; Ord. No. 94-100, § 3.2, 2-10-1994; Ord. No. 21-449, § 7, 5-27-2021)

Sec. 12-263. Method of enforcement.

(a) The noise control officer, or any sworn peace officer, shall be responsible for enforcing all of the provisions of this division. Where a violation of any provision of this article is found, the noise control officer and any person acting under his supervision are authorized to:

(1) Appear before a municipal court magistrate to make an affidavit under oath and request that a summons be issued for a person where there is probable cause for believing that the person is in violation of this article, requiring the person to appear in municipal court to answer charges of the violation.

(2) Serve as a witness, and to provide evidence of the violation, at the request of a person who has registered a noise complaint and wish to appear before a municipal court magistrate for the purpose of making an affidavit under oath and requesting that a summons be issued for the person where there is probable cause to believe that the person is in violation of this article, requesting the person to appear in the municipal court to answer charges of the violation.

(b) Where the provisions of this division are enforced by a sworn peace officer, the peace officer shall proceed with enforcement under any method available to him pursuant to the laws of the state.

(Ord. No. 86-297, § 3.4, 5-8-1986; Ord. No. 88-663, § 1(3.4), 1-12-1988; Ord. No. 99-766, 9-23-1999)

Sec. 12-264. Measurement procedure.

The sound level meter shall be operated in accordance with the instrument manufacturer's instructions and as follows:

(1) *Microphone orientation.* The microphone shall be pointed towards the allegedly offensive noise source unless the instrument manufacturer's instructions specifically indicate otherwise.

(2) *Meter setting.* The meter shall be set for the A-weighted network and slow response mode.

(3) *Calibration.* An external calibration check and battery check shall be made before and after each use.

(4) *Meter readings.* The recorded reading shall be the highest sound level obtained with the allegedly offensive noise source in operation, disregarding unrelated peaks due to extraneous ambient noises.

(5) *Ambient conditions.* Measurements shall be made only when the A-weighted ambi-

ent sound level, including wind effects and all sources other than the noise source being measured, is at least ten dB(A) lower than the sound level of the noise source being measured; however, no source shall emit noise in excess of 86 dB(A) when measured 25 feet or more from the source.

(6) *Sound level measurement.* Sound levels shall be measured at the approximate location of the property line or the boundary of the public premises, at a height of at least four feet above the immediate surrounding surface.

(7) *System distance.* In no case shall the operator or observer be closer than two feet from the system's microphone, nor shall he locate himself between the microphone and the noise source being measured.

(Ord. No. 86-297, § 3.3, 5-8-1986; Ord. No. 88-663, § 1(3.3), 1-12-1988; Ord. No. 94-100, § 3.3, 2-10-1994)

Sec. 12-265. Sound levels by receiving land use.

(a) No person shall operate, cause to be operated or generate any source of sound in such a manner as to create a sound level which exceeds the following limits when measured at or within the property line of the receiving land use:

Sound Levels by Receiving Land Use

Receiving Land Use Category	*Time*	*Sound Level Limit dB(A)*
Residential, public space open space, agricultural, institutional property	7:00 a.m.—10:00 p.m.	55
	10:00 p.m.—7:00 a.m.	50
Commercial or business	At all times	62
Industrial	At all times	70

When a noise source can be identified and its sound measured in more than one land use category, the sound level limits of the most restrictive land use category shall apply.

(b) (1) No person shall operate, cause to be operated, or generate any source of sound which is electronically amplified, or permit to be operated any sound amplification system such that the audible sound is discernible by the human ear at or within the property boundary of any adjoining or nearby residential premises between the hours of 10:00 p.m. and 7:00 a.m. The immediately foregoing provision of this subsection (1) shall not apply to amplified sound generated from within an arts or entertainment district established in chapter 3, article II of this Code, during the weekend (Friday and Saturday) regular hours of operation of such district and the New Year's Eve/New Year's Day regular hours of operation of such district.

(2) The operation or generation of any electronically amplified sound originating from any commercial or industrial establishment used to page or notify individuals or to announce information shall not be permitted at any time if the audible sound is discernible by the human ear at or within the property boundary of any residential premises.

(Ord. No. 86-297, § 3.1, 5-8-1986; Ord. No. 88-663, § 1(3.1), 1-12-1988; Ord. No. 93-312, § 2, 5-27-1993; Ord. No. 94-100, § 3.1, 2-10-1994; Ord. No. 21-1183, § 1, 12-2-2021)

DIVISION 3. NOISE AND SOUND ASSOCIATED WITH VEHICLES*

Sec. 12-291. Purpose; method of enforcement.

(a) This division is intended to address unreasonably loud or raucous sound or noise associated with vehicles, which includes vehicles

*__Editor's note—__Ord. No. 21-449, § 8, adopted May 27, 2021, amended division 3 in its entirety to read as herein set out. Former division 3, §§ 12-291—12-297, pertained to motor vehicles and sound amplification systems on public premises and sound amplification systems on premises of public access, and derived from Ord. No. 86-297, §§ 4.1.1, 4.1.2, 4.1.4, 4.1.5, 4.2, 4.3, 5-8-1986; Ord. No. 93-312, §§ 3, 4, 5-27-1993; Ord. No. 94-100, §§ 4.1.1, 4.1.2, 4.1.4, 4.1.5, 4.3, 2-10-1994; Ord. No. 09-242, § 3, 3-26-2009.

being operated on the public right-of-way which is preserved for the traveling public to be used in a safe and orderly manner free from unnecessary and dangerous distractions. In addition, this section addresses the enforcement challenges presented when attempting to measure decibel levels produced by movable vehicles using stationary sound equipment.

(b) The chief of police, and officers under his supervision, are hereby authorized to enforce the provisions of this division. Violations shall subject persons to citation to appear in municipal court, or other lawful enforcement action.
(Ord. No. 21-449, § 8, 5-27-2021)

Sec. 12-292. Definitions; exemptions.

(a) When used in this section, the following words, terms or phrases shall have the following meanings:

Public right-of-way means any public street, road, alley, highway, or other way in the corporate limits of the city dedicated or used for vehicular travel, which includes public parking spaces upon or adjacent thereto.

Vehicle means a device in, upon, or by which a person or property is or may be transported or drawn upon a public right-of-way, which includes self-propelled and human-powered vehicles.

(b) Sounds emitted from the operation of an emergency vehicle or in connection with an emergency are exempt from the application of this division.
(Ord. No. 21-449, § 8, 5-27-2021)

Sec. 12-293. Motor vehicles.

(a) It shall be unlawful for any person to operate a motor vehicle within the city limits that is so out of repair, altered, maintained, loaded, or operated in such manner as to create unreasonably loud, grating, grinding, rattling or disturbing noise, which includes engaging in jackrabbit starts, spinning tires, racing engines, or other such operation.

(b) It shall be unlawful for any person to operate a motor vehicle within the city limits that is not equipped with a muffler in good working order and in constant operation, and that has been modified to decrease the sound-dampening effectiveness of the muffler, such as use of a muffler cut-out, bypass, a muffler without baffles, or similar device.
(Ord. No. 21-449, § 8, 5-27-2021)

Sec. 12-294. Penalty.

Any person who violates section 12-293 shall upon conviction be punished, in addition to such other punishment as may be provided by the court, by fines and penalties as follows:

(1) For a first citation within a 12-month period of time, by a fine of $50.00, except as provided in subsection 12-294(d) below.

(2) For a second citation, within a 12-month period of time, by a fine of $250.00.

(3) For a third or subsequent citation, within a 12-month period of time, by a fine of $500.00 or by imprisonment for not more than ten days or by both such fine and imprisonment.

(4) For a first citation, as determined by the court, an offender may be eligible to produce proof of repair to avoid the additional fine.

(Ord. No. 25-77, § 5, 2-13-2025)

Editor's note—Ord. No. 25-77, §§ 1—5, adopted Feb. 13, 2025, renumbered the former §§ 12-294—12-297 as §§ 12-295—12-298 and enacted a new § 12-294 as set out herein. The historical notation has been retained with the amended provisions for reference purposes.

Sec. 12-295. Standing motor vehicles.

No person shall operate or permit the operation of any motor vehicle with a gross vehicle weight rating (GVWR) in excess of 10,000 pounds, or any auxiliary equipment attached to such a vehicle, for a period longer than ten minutes in any hour while the vehicle is stationary, for reasons other than traffic congestion, within 150 feet of residential premises, between the hours of 10:00 p.m. and 7:00 a.m. the following day.
(Ord. No. 21-449, § 8, 5-27-2021; Ord. No. 25-77, § 1, 2-13-2025)

Editor's note—See note at § 12-294.

Sec. 12-296. Licensed refuse collection vehicles.

No person shall operate or permit the operation of refuse collection vehicles within 150 feet of residential premises between the hours of 10:00 p.m. and 7:00 a.m., except when emergency work is being performed.
(Ord. No. 21-449, § 8, 5-27-2021; Ord. No. 25-77, § 2, 2-13-2025)
Editor's note—See note at § 12-294.

Sec. 12-297. Horns and signaling devices.

No person shall sound any horn or signaling device from a vehicle on any public right-of-way, except as a danger warning, and then only for a reasonable period of time.
(Ord. No. 21-449, § 8, 5-27-2021; Ord. No. 25-77, § 3, 2-13-2025)
Editor's note—See note at § 12-294.

Sec. 12-298. Vehicle sound amplification systems.

(a) No person shall operate or cause to be operated any sound amplification system, which includes any mechanical or electronic sound-making device or equipment that produces, reproduces, enhances, or amplifies sound, from, within, or upon a vehicle on the public right-of-way in such a manner as to be plainly audible to any person at least 25 feet from the vehicle from which the sound is emitted. Measurement of the audible sound shall be by the auditory senses, without enhancement by a mechanical device such as a microphone or hearing aid.

(b) This section shall make no distinction between stopped, standing, parked or moving vehicles as long as the vehicle is upon the public right-of-way.

(c) Possession by a person of the sound amplification system in subsection (a) of this section shall be prima facie evidence that the person operated the system.

(d) This section shall not apply to the event conduct of an organized event that is a sound event for which a special event permit has been issued in accordance with chapter 23, article VI of this Code, provided that the event conduct is in compliance with any sound-event conditions set forth in the special event permit. Otherwise, this section shall apply.

(2) Violate the provision of any permit issued pursuant to this article, including the stormwater management manual incorporated herein by reference;

(3) Fail or refuse to comply with any lawful order or notice to abate or remediate a violation of this article issued by the city engineer;

(4) Violate the provisions of conditions and safeguards established in connection with the enforcement and administration of this article, including conditions or safeguards imposed by the director of city engineering in connection with permits or approvals issued pursuant to this article; or

(5) Fail to maintain any low impact development/green infrastructure element or detention pond required pursuant to the stormwater management manual.

The violation of or the noncompliance with each individual requirement, rule, order or regulation, and each day's continuation thereof, shall constitute a separate and distinct offense.

(b) Where the city engineer has issued a verbal warning or notice of violation (NOV) pursuant to the stormwater management manual,

the city engineer may allow the alleged violator a period of remediation before a citation is issued for a violation hereunder.

(c) *Penalty*. The penalty provisions of section 1-7 of this Code shall apply to a violation of this article.

(d) *Injunctive relief*. In addition to the imposition of the penalties herein described and other remedies provided by law, the city shall have the right to injunctive relief for a violation of this article.

(e) *Remedies not exclusive.*

(1) This article shall be cumulative to and in furtherance of any statutory, common law, or other legal right, duty, power, or authority possessed by the city. Compliance with this article shall not excuse any person from compliance with any other federal, state or local law, ordinance, regulation, rule or order.

(2) Nothing in this article shall limit the authority of the city engineer to take such other or additional enforcement action as may be allowed under the stormwater management manual.

(g) *Existing authorities*. Nothing in this article shall be construed to limit the existing authority of the city to enforce rules and regulations regarding: (a) charges, limits and restrictions on the discharge of waste into the sanitary sewerage system of the city; (b) health or sanitation ordinances of the city enforced by the county health department; or (c) ordinances governing the sanitation of premises where animals are kept.

(f) *Providing false information and tampering prohibited*. It shall be unlawful for any person to provide false information to the city engineer or anyone working under the city engineer's supervision when such person knows or has reason to know that the information provided is false, whether such information is required by this article or any approval granted under this article.
(Ord. No. 20-1062, § 1, 12-17-2020)

Editor's note—Ord. No. 20-1062, § 1, adopted December 17, 2020, repealed the former § 12-332, and enacted a § 12-332 as set out herein. The former § 12-332 pertained to Purpose; stormwater management manual; conditions and derived from Ord. No. 15-951, § 1, 1-14-2016.

Sec. 12-333. Penalties and injunctions.

(a) A violation of this article shall be punishable as provided in section 1-7.

(b) In addition to all other remedies provided by law, the city shall have the right to injunctive relief for any violation of this article.
(Ord. No. 15-951, § 1, 1-14-2016)

Sec. 12-334. Authority of city engineer.

(a) The city engineer shall have the authority to administer and enforce this article on behalf of the city.

(b) The city engineer shall have the authority to issue grading permits as required under this article. Any grading permit exemption authorized by the city engineer under this article shall not be construed as relieving the party responsible for the identified activity from making on-site drainage improvements that may be required or from compliance with the zoning ordinance of the city or any other applicable laws or regulations.

(c) The city engineer shall have the authority to review all building permit applications prior to their issuance by the inspection division to ensure compliance with the provisions of this article. Building permit applications are exempted from review by the city engineer if the structure which is the subject of such application is to be remodeled within its existing walls and no grading is to occur on the site or is a residential dwelling on a single lot within an approved subdivision with an approved grading plan that establishes the stormwater drainage pattern for the site. No building permit, unless exempted as indicated in this article, shall be issued by the inspection division until an application for such building permit has been approved by the city engineer. The exemptions listed in this article shall not be construed as relieving the party responsible for the identified activity from on-site drainage improvements that may be required in accordance with adopted building and construc-

tion codes or from compliance with the zoning ordinance of the city or any other applicable laws or regulations.

(d) The city engineer is authorized to enter upon the premises of any land within the city for which a grading or building permit application has been filed to inspect the site before, during and upon conclusion of any land disturbance activity to determine compliance with this article.

(e) In cases where the city engineer is authorized to review building permits prior to issuance or has issued a grading permit, a certificate of occupancy shall not be issued until the city engineer has determined compliance with this article.

(f) The city engineer, or an employee of his department designated by him, is authorized to issue a citation to any person found by him to be in violation of this article, including the stormwater management manual. The citation shall order the person to appear in the municipal court at a date and time certain to answer the charges against him.

(g) The city engineer is authorized to issue a stop work order with regard to any grading or other land disturbance activity that is being done contrary to the provisions of this article or in a dangerous or unsafe manner. Such notice shall be in writing, shall be delivered to the owner of the property, his agent, or the person doing the work, and shall state the conditions under which work may be resumed.
(Ord. No. 15-951, § 1, 1-14-2016)

Sec. 12-335. Stormwater management manual standards.

In the enforcement and administration of this article, the city engineer shall apply the standards set forth in section 2.1.1 of the stormwater management manual.
(Ord. No. 15-951, § 1, 1-14-2016)

Sec. 12-336. Grading without a grading plan.

(a) Development of a site shall conform to the stormwater discharge pattern established in an existing grading plan that includes the site, unless a deviation from such plan is required or allowed by the city engineer in accordance with this article, including the stormwater management manual. Deviations from the established drainage pattern shall require the approval of the city engineer before the issuance of a building permit in accordance with this article, including the stormwater management manual. It shall be a violation of this article for the holder of a building permit or grading permit to fail to follow the established drainage pattern for the site or the approved deviations. The city engineer may withhold approval of the issuance of a certificate of occupancy until either the established drainage pattern or the approved deviations are met.

(b) For construction that includes grading and where there is no grading plan in place that establishes the stormwater discharge pattern for the site, the city engineer may condition the building permit to include requirements designed to carry stormwater discharge to public drainage easements or facilities, or to private drainage easements or facilities that are designed and authorized to accommodate said drainage. The building permit holder shall grade the site to conform to such required conditions. The city engineer may withhold approval of the issuance of a certificate of occupancy until such required conditions have been met.
(Ord. No. 15-951, § 1, 1-14-2016)

Sec. 12-337. Surface stabilization measures on sites not regulated under a grading permit.

(a) When used in this section, the following words, terms, and phrases shall have the following meanings:

Graded site means: (1) a site with grading that is under an active building permit, (2) a site being graded in preparation for construction prior to the issuance of a building permit, or (3) a site with grading where the building permit has expired prior to completion of construction. The term includes public and private easements and rights-of-way located on or immediately adjacent to the site.

Inclement weather period means a prolonged period of heavy rain, high winds, frost or similar weather conditions that render installing permanent stabilization measures unattainable due to such conditions.

Permanent stabilization measures mean maintaining a graded site with a full stand of grass, allowed impervious surface, or other approved permanent stabilization measures.

Person in control means, where there is no active building permit, the owner or person in possession or control of the graded site, and, where there is an active building permit, the holder of a building permit issued for construction on the graded site.

Surface stabilization measures mean maintaining a graded site with either permanent stabilization measures in place or temporary stabilization measures in place, or both.

Temporary stabilization measures mean maintaining a graded site with straw, seed, silt fencing, or other approved temporary stabilization measures.

(b) *Coverage of section*. This section is intended to govern graded sites that are not being regulated under an active grading permit. Nothing in this article shall be construed to relieve any person from complying with other applicable federal, state, and local laws, including, but not limited to, landscaping requirements under the city's zoning ordinance, foundation drainage requirements under the city's building code, and federal and state environmental regulations, including NPDES permitting requirements.

(c) *Surface stabilization for graded sites*. It shall be a violation of this article for the person in control of a graded site to fail to maintain, in good condition, order, and repair, surface stabilization measures in place on the site that prevent mud, dirt, water, debris and other construction materials from being washed, blown or otherwise deposited on adjacent public or private property, including, without limitation, public rights-of-way.

(d) *Surface stabilization required prior to issuance of certificate of occupancy*.

(1) Subject to subsection (2) below, as a condition to the issuance of a certificate of occupancy after completion of construction on a graded site, the building permit holder shall have permanent stabilization measures in place on the graded site as may be approved by the city engineer.

(2) During an inclement weather period the building permit holder may apply with the city engineer for a waiver from the foregoing permanent stabilization requirement. The city engineer, in her sole discretion, may approve the waiver, subject to each of the following conditions:

a. Permanent stabilization measures shall be in place on that portion of the graded site that has public easements and rights-of-way.

b. Temporary stabilization measures shall be in place on the remainder of the graded site.

c. Within three months from the date of the issuance of the certificate of occupancy the applicant for the waiver shall be responsible for having full stabilization measures in place on the site and, failing therein, said applicant shall be in violation of this article.

Secs. 12-338—12-360. Reserved.

DIVISION 2. STORMWATER MANAGEMENT BOARD*

Sec. 12-361. Created.

The city stormwater management board is created.

(Ord. No. 91-87, § 6(a), 6-13-1991)

*__Cross reference—__Boards, commissions, committee and authorities, § 2-1291 et seq.

Sec. 12-362. Members.

(a) The stormwater management board shall consist of five members appointed by the mayor and approved by a majority vote of the city council.

(b) Each member shall be appointed for a term of three years, except that in the first instance one member shall be appointed for a term of three years, two for a term of two years and two for a term of one year; and thereafter each member appointed shall serve for a term of three years or until a successor is duly appointed. In addition to the five regular members provided for in this subsection, two alternate members shall be appointed, in like fashion, as the regular members, to serve on such board at the call of the chairman only in the absence of regular members and while so serving shall have and exercise the power and authority of regular members. Alternate members shall be appointed to serve for three-year terms. All members shall be eligible for reappointment. Two of the regular members and one alternate shall be registered civil engineers. One of the regular members shall be a hydrologist. The remaining two regular members and one alternate shall be appointed from the community at large.

(c) All members shall be residents of the city. No member shall hold an elective office, nor shall any member be an employee of the county or the city. All members shall serve as such without compensation. No member shall exercise the powers and duties delegated to such member by this article in connection with any matter pending before the board in which such member has a pecuniary or direct interest or would be financially affected by the final result.

(d) Members may be removed by the mayor for continued absence from meetings of the board or for other just cause.
(Ord. No. 91-87, § 6(a), 6-13-1991)

Sec. 12-363. Organization.

Within ten days after its appointment, the stormwater management board shall elect one of its members as chairman and another as vice-chairman. The city engineer shall appoint the secretary to the board who shall be the custodian of the minutes and records of the proceedings of the board.
(Ord. No. 91-87, § 6(b), 6-13-1991)

Sec. 12-364. Duties and procedure.

The stormwater management board shall adopt such rules and regulations as it may deem necessary to conduct its business. The board shall hear all appeals as provided in this division. The board shall meet at regular monthly intervals with the day and time to be determined by the chairman or as otherwise prescribed in chapter 21, article III. If no appeals have been filed and there is no business pending, the chairman may cancel the meeting at any time after the seventh day before its scheduled date.
(Ord. No. 91-87, § 6(c), 6-13-1991; Ord. No. 98-5, § 3, 2-12-1998)

Sec. 12-365. Quorum, voting and conflict of interest.

Four members of the stormwater management board shall constitute a quorum. The concurring vote of four members of the board shall be required to reverse any order, requirement, decision or determination of the city engineer or to decide in favor of the applicant on any matter upon which it is required to pass under or to effect any variation in this article or the regulations and technical guidelines adopted pursuant to this article. No member of the board shall vote on any matter in which he has a direct or indirect pecuniary or personal interest. The alternate member, if available, shall replace any member who has a conflict of interest.
(Ord. No. 91-87, § 6(d), 6-13-1991)

Sec. 12-366. Appeals from decisions of the city engineer.

(a) Appeals to the stormwater management board may be taken by any person aggrieved by a decision of the city engineer arising out of the regulations and technical guidelines promulgated pursuant to this article. A notice of appeal must be filed with the city engineer and the stormwater management board within 15 days after such decision of the city engineer specifying the grounds

of appeal. The city engineer shall transmit to the board all papers constituting the record upon which the decision appealed from was taken. The board shall give public notice of the hearing of the appeal, as well as due notice to the parties in interest, and shall decide the matter within a reasonable time.

(b) A decision of the stormwater management board reversing or varying any order, requirement, decision or determination of the city engineer or in favor of the applicant on any matter upon which it is required to pass shall be in writing and shall specify in what manner such variations shall be made, the conditions upon which they are to be made and the reasons for such decision.

(c) Every decision of the stormwater management board shall be final, subject, however, to such remedy as any aggrieved party may have at law or in equity. Every decision shall indicate the vote of each member of the board upon the decision and shall be entered into the board's minutes and filed in the office of the city engineer. A copy of each decision shall be delivered by mail or otherwise to the appellant.
(Ord. No. 91-87, § 6(e), 6-13-1991; Ord. No. 98-5, § 4, 2-12-1998)

Sec. 12-367. Appeals from decisions of the director of natural resources.

Appeals to the stormwater management board may be taken by any person denied a BMP plan approval or a holder whose BMP plan approval is revoked or suspended under chapter 21, article III, division 2. This appeal shall be commenced and conducted in the manner prescribed in section 21-358.
(Ord. No. 91-87, § 6(f), 6-13-1991; Ord. No. 98-5, § 5, 2-12-1998)

Sec. 12-368. Powers.

(a) The stormwater management board shall have the following powers:

(1) Hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by the city engineer in the enforcement of this article or any regulation or technical guideline promulgated pursuant to this article or the manager of the natural resources and environmental management division as provided in section 21-358.

(2) Authorize upon appeal from a decision of the city engineer in specific cases such variance from the terms of this article, or any regulation or technical guideline promulgated pursuant to this article, as will not be contrary to the public interest, where owing to special conditions, a literal enforcement of the provisions of this article, or of any regulation or technical guideline promulgated pursuant to this article, will result in unnecessary hardship.

(b) In deciding appeals under subsection (a)(2) of this section, the stormwater management board shall consider all relevant factors, including but not limited to all technical evaluations, all standards specified in the regulations and technical guidelines promulgated pursuant to this article, and the following:

(1) The danger that materials may be swept onto other lands to the injury of others.

(2) The danger to life and property due to flooding or erosion damage.

(3) The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner.

(4) The importance of the services provided by the proposed facility to the community.

(5) The necessity of the facility to a waterfront location, in the case of a functionally dependent facility.

(6) The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use.

(7) The compatibility of the proposed use with existing and anticipated development.

(8) The safety of access to the property in times of flood for ordinary and emergency vehicles.

(9) The expected heights, velocity, duration, rate of rise and sediment transport of the floodwaters and the effects of wave action, if applicable, expected at the site.

(10) The cost of providing governmental services during and after flood conditions, including maintenance and repair of public utilities and facilities such as sewer, gas, electrical and water systems, and streets and bridges.

(c) Upon consideration of the factors listed in this section, and the objectives of this article, the stormwater management board may attach such conditions to the granting of a variance as it deems necessary to further such objectives.

ARTICLE VII. WATER WELLS*

DIVISION 1. GENERALLY

Sec. 12-401. Removal from city distribution system.

In the event of any private well system's failing to comply with any of the provisions of sections 12-402—12-404, the manager of the city water system is empowered and directed to disconnect and remove in an appropriate manner the property served by the well system from the city distribution system.
(Code 1982, § 23-163)

Sec. 12-402. Connection to city water system.

It shall be unlawful for any person, owner, tenant or one having in charge property upon which a well is located to make or cause to be made, or permit to continue to exist, any physical connection between a well and its pumping system, and the water distribution system of the city. Valving, check, manual or automatic, placed between the private supply and the distribution system of the city shall not constitute satisfactory compliance with the provisions of this section.
(Code 1982, § 23-160)

Sec. 12-403. Use as discharging point.

It is declared to be unlawful and dangerous to the public health for any well within the city to be employed as a discharge point for any waters or waste of any kind, liquid, inorganic or organic.
(Code 1982, § 23-161)

Sec. 12-404. Industrial plants.

Industrial plants, using wells for industrial water and water from the city distribution system for human use and consumption, shall, in addition to maintaining complete physical separation of the two supplies, paint all pipes carrying the industrial supply red.
(Code 1982, § 23-162)

Sec. 12-405. Covering and screening of wells and cisterns.

The owner or proprietor of any lot or parcel of ground within the city upon which is located a well or cistern shall be required to keep such well or cistern securely covered for the protection of anyone coming upon the property and protected from surface water and contamination, such covering to be of concrete or other sanitary material, subject to the approval of the health department; however, the covering and protection required in this section shall not be construed to prevent the owner or proprietor from maintaining a sufficient opening through which to draw, pump or otherwise remove water from such well or cistern provided such opening is to be screened or covered so as to prevent the entrance of mosquitoes.
(Code 1982, § 23-164)

*__Cross reference—__Utilities, ch. 26.

State law reference—Water wells, Code of Ala. 1975, § 22-24-1 et seq.

Sec. 12-406. Dangerous wells filled in.

When in the opinion of the health officer a private well system fails to meet any of the conditions set out in sections 12-402—12-404, or if so poorly maintained and protected as to allow a danger to animals and children, and is further considered to be a menace to public health, the well shall be ordered to be filled in a manner approved by the health officer and the city engineer.
(Code 1982, § 23-165)

Sec. 12-407. Abandoned wells.

It shall be unlawful for any person owning or having control over any parcel of real property within the corporate limits of the city upon which the parcel of real property is located any abandoned well, to allow or permit the well to remain open. It shall be the duty of any such person who owns or has control over such property to completely and adequately seal such abandoned well in such a manner that there will be no danger from the abandoned well to any person who may come upon the property, whether such person's entry upon the property is lawful or otherwise.
(Code 1982, § 23-166)

Sec. 12-408. Bond required of persons engaged in business of well digging, repairing, etc.

(a) It shall be the duty of every person licensed to engage in the business of digging, drilling, boring, constructing, enlarging or repairing any well used or to be used for the withdrawal or securing of water in the city before engaging in such business, to give a bond, payable to the city, in the sum of $1,000.00. Such bond shall be executed by some suitable surety company, duly authorized to do business in the city, as surety. Such bond shall be approved by the city clerk-treasurer and filed with him, and conditioned that any person engaged in the business of digging, drilling, boring, constructing, enlarging or repairing of wells will faithfully observe all the laws of the state and the ordinances of the city pertaining to such business. The city shall be indemnified and saved harmless from all claims arising from accidents and damages of any character whatsoever caused by the negligence of such person doing such work, or by unfavorable or inadequate work done by such person.

(b) The bond to be given in accordance with the provisions of this section shall be in the following form:

BOND

KNOW ALL MEN BY THESE PRESENTS:

That we, _____, hereinafter called principal and _____, as surety, are held and firmly bound unto the City of Huntsville, a municipal corporation, in the sum of $1,000.00, for the payment of which well and truly to be made, we hereby bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents:

The condition of the foregoing obligation is such, however, that,

WHEREAS, the principal is engaged in the business of digging, drilling, boring, constructing, enlarging and repairing of wells in the city. If the principal shall faithfully observe all ordinances and laws of the city pertaining to the business, whether now or hereafter enacted, together with all rules and regulations established under the authority of such laws or ordinances, and shall perform in a workmanlike manner all work undertaken by the principal in the prosecution of the business and shall indemnify and save harmless the city from all liability occasioned or arising from acts done or omitted by the principal, his servants and agents, in doing the work, or from any unfaithful or inadequate work; and shall defend all suits brought against the city, based in whole or in part, upon any act or default for which the principal is responsible, and shall pay the costs and expenses and shall pay any damage that any person may sustain by reason of violation of the laws, ordinances or regulations of the city by the principal or its servants or agents in the prosecution of the business, this bond shall be void, otherwise to remain in full force and effect.

Any person injured in person or property by reason of any violation of the laws, ordinances or regulations of the city by the principal, or by any act, default or omission constituting a breach of any of the conditions of this bond, may maintain a suit or action on this bond for such injury.

If the surety shall so elect, this bond may be canceled by giving 30 days' notice in writing to the city clerk-treasurer; and this bond shall be deemed canceled at the expiration of 30 days, the surety remaining liable, however, subject to all the terms, conditions and provisions of this bond, for any act covered by this bond which may have been committed by the principal up to the date of such cancellation.

IN WITNESS WHEREOF, the principal and surety have executed this bond and affixed their seals at Huntsville, Alabama, on this the _____ day of _____, 20____.

_____ (SEAL)

_____ (SEAL)

_____ (SEAL)

(c) The bond shall be for the benefit of all persons injured or aggrieved by any violation of or neglect to observe the provisions of any rule, regulation, law or ordinance of the city.

(d) Any person who engages in the digging, drilling, boring, constructing, enlarging or repairing of any well in the city without first filing with the clerk-treasurer the bond required in this section and securing the approval of such bond by the city clerk-treasurer shall be guilty of a misdemeanor.
(Code 1982, §§ 23-167—23-170)

Secs. 12-409—12-430. Reserved.

DIVISION 2. PERMIT

Sec. 12-431. Required to dig, enlarge, or repair.

It shall be unlawful for any person to dig, drill, bore, construct, enlarge or repair any well for the withdrawal of water in the city until a permit has been obtained from the city council.
(Code 1982, § 23-156)

Sec. 12-432. Application; information to be shown.

Any person desiring to dig, drill, bore, construct, enlarge or repair any well for the withdrawal of water in the city shall, before commencing such work, make application for the permit required by this division to the city council. The application shall be made in writing, subscribed and sworn to by the person owning the premises on which the well is located or proposed to be located, or by an officer of the corporation owning the premises on which the well is located or proposed to be located, and also by the person having charge of the actual work of digging, drilling, boring, constructing, enlarging or repairing such well. It shall be made on such form as may be prescribed and furnished by the city clerk-treasurer and shall contain complete and accurate information with respect to the size, depth, location, approximate capacity, ownership and use of such well and any other pertinent information, including a statement of the purpose for which the supply from such well is to be used and where the surplus or overthrow water is to be discharged. The person making the application shall attach to the application a copy of the permit to perform such work obtained from the health department. It shall be unlawful for any person to make any false or misleading statement in any such application.
(Code 1982, § 23-157)

Sec. 12-433. Permit to specify work authorized; failure to comply.

Each permit issued as required in this division shall specify clearly the work which is authorized to be done, and it shall be unlawful for any person to dig, drill, bore, construct, enlarge or repair any well in the city for the withdrawal of water contrary to or not authorized by the terms of the permit issued for the work. No permit shall be issued by the city in the absence of a properly issued health department permit.
(Code 1982, § 23-158)

ARTICLE VIII. MAINTENANCE AREAS

DIVISION 1. PLATTED LANDS

Sec. 12-500. Coverage; findings; purpose.

(a) *Coverage.*

(1) This division is intended to govern lands that require final plat or boundary plat approval pursuant to the subdivision regulations of the planning commission of the City of Huntsville, Alabama.

(2) Except in the case of lands which are subject to post-construction stormwater management controls, platted lands which were already subject to a recorded common area maintenance agreement entered into with the city prior to the adoption of this article, which includes for private subdivisions, shall be grandfathered under and subject to the already existing common area maintenance agreement, which includes any further subdivision or resubdivision of said lands. Subsequent platting of said grandfathered lands shall contain plat notes suitable in form and content to the city attorney which are similar to or consistent with those required under section 12-502(a)(2) and (3) below, and the mayor of the city, on behalf of the city, is hereby authorized, directed and empowered to enter into and execute, as may be appropriate, such documents or plat notes as may be necessary or appropriate in connection with said agreement and corresponding plat note.

(b) *Findings and purpose.*

(1) In connection with lands that are to be platted in accordance with the subdivision regulations of the planning commission of the city, there are areas within a subdivision/development that will contain certain private improvements, infrastructure, systems, facilities, features, amenities or areas, which are dependent upon private maintenance, which if not properly performed would negatively impact upon the public health, safety, morals and general welfare, including those of the general public as well as the residents and occupants of the subdivision/development. The city is desirous of establishing a maintenance agreement as a means to facilitate the performance of the private maintenance obligations for a subdivision/development and a means whereby the city may, but is not obligated to, perform what would otherwise be private responsibilities, and to receive reimbursements therefor so as to prevent the expenditure of municipal funds so as to prevent burdening the general taxpayers with the cost of said maintenance.

(2) Section 10.4 of the zoning ordinance of the city, concerning private streets and private subdivisions, as one of the conditions for approval, requires in section 10.4.3. the following: "Adequate provision must be made, as shown on the approved plan, for maintenance of private streets, private accessways and common areas to the standard practiced in the city for maintenance of public streets and areas by use of a homeowners association or other agreement approved by the city attorney." The city is desirous of establishing a maintenance agreement that fulfills said condition for approval.

(3) As a condition of final plat or boundary plat approval, section 2.11 of the city stormwater management manual requires private owners to enter into an agreement with the city in order to perform, or provide for, certain long-term maintenance obligations in connection with the post-construction stormwater management program plan. The city is desirous of establishing a maintenance agreement that will satisfy said requirement.

(Ord. No. 22-226, § 1, 3-24-2022)

Sec. 12-501. Definitions.

The following words, terms, and phrases, when used in this division shall have the following meanings ascribed to them in this section, unless the context clearly indicates a different meaning.

Maintenance area means and refers to each of the following:

(1) In the case of a multiple lot (i.e. two lots or more) subdivision/development, which includes private subdivisions: Common areas for the common benefit, enjoyment or use of owners, occupants or guests of lands contained within the subdivision/development, which common areas include those designated on the plat as "Common Area", "Common Property", or other similar words to that effect;

(2) In the case of a single lot subdivision/development that is developed, whether at the time of final/boundary platting or sometime thereafter, as a residential condominium development: Exterior common elements, including access ways, for the benefit of the condominium unit owners, whether or not such common elements are designated on the plat as "Common Elements";

(3) In the case of a multiple lot or single lot (residential or non-residential leaseholds or condominiums) subdivision/development: Areas that are or will be designated on the final/boundary plat as "Private Detention Area", "Private Stormwater Management Area", or similar words to that effect, or areas that otherwise contain private drainage improvements or features that are subject to post-construction stormwater management controls, that will not be or are not within a public easement in favor of the city or will not be or are not dedicated to and accepted by the city as public; and

(4) In the case of private subdivisions: Private rights-of-way, access-ways, streets, and alleys, inclusive of islands thereupon or within; and

(5) Additional areas dedicated, denominated or used as a maintenance area for the subdivision/development or any other real property, after the lands have been final/boundary platted.

Post-construction stormwater management controls means and refer to post-construction stormwater management structural and non-structural controls, and a schedule for periodic inspections, required in accordance with the city's stormwater management manual, as such may be superseded or amended from time to time.

Private subdivision means and refers to a subdivision/development that is subject to the provisions of section 10.4 of the zoning ordinance of the city ("Zoning Ordinance") as such section may be amended at any time and from time to time.

Subdivision/development means and refers to the platted lands or lands to be platted, as such lands are now or hereafter constituted, enlarged, developed, subdivided or resubdivided.
(Ord. No. 22-226, § 1, 3-24-2022)

Sec. 12-502. Maintenance agreement required for plat approval.

(a) *Requirement.* As an express condition precedent to approval by the planning commission of the city of any final/boundary plat of any real property located within city's planning jurisdiction, which contains a maintenance area, is or is proposed to be a private subdivision, or is subject to post-construction stormwater management controls:

(1) Each owner, who is the grantee in each deed or other conveyance recorded in the real estate records in the office of the judge of probate of the county in which the lands of the subdivision/development are located, of the fee simple title to all or any portion of the lands embraced by the subdivision/development (excluding, however, (i) any governmental entity owning any interest in any lands within said subdivision/development dedicated to and accepted by the public such as public streets and rights-of-way and (ii) any person holding any interest in such lands solely as security for the performance or satisfaction of any obligation), shall enter into a maintenance

agreement and access easement with the city that is substantially in the form and substance as hereinafter set forth; and

(2) The holder of any lien or encumbrance which grants title (including as a contract purchaser but only if said interest is of record) to all or any portion of the lands embraced by the final/boundary plat shall execute an acknowledged ratification on the face of such plat so as to give full force and effect to said maintenance agreement and access easement; and

(3) The final plat/boundary plat shall contain a plat note suitable in form and content to the city attorney or his/her designee which incorporates by reference said maintenance agreement and access easement.

(b) *Mayor authorized.* The mayor is hereby authorized, directed and empowered to enter into and execute said maintenance agreement and access easement, and corresponding plat note, on behalf of the city for each such final/boundary plat.

(c) *Maintenance agreement and access easement.* The following maintenance agreement and access easement, which shall constitute a covenant running with the land as to the real property made the subject of such plat, shall be incorporated by reference into each such plat:

STATE OF ALABAMA)
:
COUNTY OF)
MADISON

MAINTENANCE AGREEMENT AND ACCESS EASEMENT

This MAINTENANCE AGREEMENT AND ACCESS EASEMENT ("Agreement"), is made and entered into as of the ____ day of _____, ____, by and between/among _____ (hereinafter referred to as "Developer(s)") and the City of Huntsville, a municipal corporation in the State of Alabama (hereinafter referred to as "City")(referred to collectively hereinafter as "Parties"):

WITNESSETH:

WHEREAS, Developer(s) is the owner of the real property described in Exhibit "A" attached hereto (the "Developer Property"), which is embraced by the Final Plat/Boundary Plat of the _____ Subdivision/Development (the "Plat"), a copy of which is attached hereto as Exhibit "B"; and

WHEREAS, Developer(s) intends to subdivide or develop the Developer Property into lots or units for development, sale or lease and may subdivide, resubdivide or develop the Developer Property into phases and may add additional property to the Subdivision/Development (the "Subdivision/Development"); and

WHEREAS, Developer(s) has submitted said Plat to the Planning Commission of the City of Huntsville, Alabama (the "Planning Commission") for its approval; and

WHEREAS, the Subdivision/Development will include certain private improvements, infrastructure, systems, facilities, features, amenities or areas, which are dependent upon private upkeep, including their maintenance, operation, repair, replacement, inspection, or restoration, which private upkeep will not be at public expense; and

WHEREAS, based on the findings and purpose set forth in Section 12-500(b) of the Code of Ordinances of the City of Huntsville, Alabama (hereinafter referred to as "City Code"), which section is incorporated herein by reference as if fully set forth herein, and as consideration for and in connection with the approval of the Subdivision/Development in accordance with Chapter 12, Article III, Division 1 of the City Code, the Parties are desirous of entering into this Agreement.

NOW, THEREFORE, for and in consideration of (a) the premises which are deemed a material part of this Agreement and, by this reference, are incorporated herein, (b) the mutual agreements, covenants, provisions and terms of this Agreement set forth herein, (c) the execution, acknowledgment and delivery of this Agreement by the Parties hereto, and (d) other good and valuable consideration, the receipt and suf-

ficiency of all of which is hereby expressly acknowledged by City and Developer(s), and intending to be legally bound hereby, City and Developer(s) agree and covenant with and unto each other, as follows:

Section 1. Definitions.

(a) **In general.** The following capitalized and non-capitalized words, terms and phrases when used in this Agreement, including the foregoing premises, shall have the meanings/rules of construction ascribed to them in this section, except where the context clearly indicates a different meaning or unless otherwise more specifically defined in this Agreement. Words in the single number include the plural number, and words in the plural number include the singular. The words "shall" and "will" are mandatory, and "may" is permissive. Words not defined shall be given their common and ordinary meaning:

(1) General terms/rules of construction.

City means and refers to the City of Huntsville, Alabama, and where necessary to perform the acts contemplated hereinafter, shall include its officials, officers, employees, contractors, and agents.

City Engineer means and refers to the Director of Engineering of the City and his/her designees or subordinates.

Conjunctions. In a provision involving two or more items, conditions, provisions or events, which items, conditions, provisions or events are connected by the conjunction "and," "or" or "either . . . or," the conjunction shall be interpreted as follows:

a. "And" indicates that all the connected terms, conditions, provisions or events apply.

b. "Or" indicates that the connected terms, conditions, provisions or events apply singly or in any combination.

c. "Either . . . or" indicates that the connected terms, conditions, provisions or events apply singly but not in combination.

Include. The term include, including its derivations, does not limit a term to a specified example.

Maintenance Area means and refers to each of the following:

a. In the case of a multiple lot (i.e. two lots or more) Subdivision/Development, which includes Private Subdivisions: Common areas for the common benefit, enjoyment or use of owners, occupants or guests of lands contained within the Subdivision/Development, which common areas include those designated on the Plat as "Common Area", "Common Property", or other similar words to that effect;

b. In the case of a single lot Subdivision/Development that is developed, whether at the time of final/boundary platting or sometime thereafter, as a residential condominium development: Exterior common elements, including access ways, for the benefit of the condominium unit owners, whether or not such common elements are designated on the Plat as "Common Elements";

c. In the case of a multiple lot or single lot (residential or non-residential leaseholds or condominiums) Subdivision/Development: Areas that are or will be designated on the Plat as "Private Detention Area", "Private Stormwater Management Area", or similar words to that effect, or areas that otherwise contain private drainage improvements or features that are identified on the Post-Construction Stormwater Management Program Plan, that are not or will not be within a public easement in favor of the city or will not be or are not dedicated to and accepted by the City as public;

d. In the case of Private Subdivisions: Private rights-of-way, access-ways, streets, and alleys, inclusive of islands thereupon or within; and

e. Additional areas as hereinafter provided for in Section 9.

Post-Construction Stormwater Management Program Plan means and refers to the plan set forth in Exhibit "C" attached hereto, as such plan may be amended at any time and from time to time, which plan includes post-construction activities related to stormwater drainage features identified therein that will require performance of post- construction stormwater management, including structural and non-structural controls, and a schedule for periodic inspections, in accordance with the City's Stormwater Management Manual, as such may be superseded or amended from time to time.

Private Owner means and refers to any person or entity who is the grantee in each deed or other conveyance recorded in the real estate records in the Office of the Judge of Probate of the County in which the Subdivision/Development is located of the fee simple title to all or any portion of the real property embraced by the Subdivision/Development, except for and excluding (i) a Public Owner and (ii) a Security Owner. This term "Private Owner" by definition shall include any owner of the Maintenance Area including an Association contemplated by Section 8. below.

Private Owners' Lot/Unit means and refers to any lands within the Subdivision/Development owned by Developer(s) or a Private Owner other than the Public Areas.

Private Subdivision means and refers to a subdivision or development that is subject to the provisions of section 10.4 of the Zoning Ordinance of the City of Huntsville, Alabama, ("Zoning Ordinance") as such section may be amended at any time and from time to time.

Public Areas mean and refer to any lands, including improvements situated thereon, within the Subdivision/Development dedicated/conveyed to and accepted by/on behalf of the public such as public streets and rights-of-way, public greenways, and public easements.

Public Owner means and refers to any governmental entity owning any interest in any Public Areas.

Security Owner means and refers to any person or entity holding any interest in the Subdivision/Development solely as security for the performance or satisfaction of any obligation; provided, however, in the event a Security Owner succeeds to the right, title and interest of a Private Owner in and to any portion of the Subdivision/Development for any reason (whether by nonjudicial foreclosure, judicial foreclosure, conveyance in lieu of foreclosure or otherwise) then, in that event, and from and after the date of acquisition of title, said Security Owner shall become a Private Owner as to such portion of the Subdivision/Development and thus subject to the duties, liabilities, obligations and responsibilities of a Private Owner under this Agreement.

Subdivision/Development shall have the same meaning ascribed to it in the premises and shall mean and refer to the Developer Property as now or hereafter constituted, enlarged, developed, subdivided or resubdivided.

(2) Definitions concerning Maintenance Obligations. The following capitalized terms are Maintenance Obligations included under this Agreement:

General Maintenance means and refers to general maintenance, repair and upkeep, including control of grass and weeds, removal of junk and litter, and pest and rodent control, but shall not include maintenance which is performed

by the City in accordance with applicable ordinances governing maintenance of Public Areas.

Private Amenities Maintenance means and refers to the maintenance of all present or future private improvements, amenities, and features, including bath houses, fountains, lakes, walkways, trails, lighting, signage, ways, parking lots, playgrounds, ponds, pools, recreational areas and equipment, tennis courts, swimming pools, and other water features; which maintenance shall include General Maintenance, Water Quality Control, and any such other maintenance required to prevent the property from becoming a nuisance.

Private Drainage Feature Maintenance means and refers to the maintenance of all present or future private detention or retention ponds, culverts, drains, pipes, swales, berms, ditches, and other private drainage systems or improvements, which are: (1) denominated on the Plat as being private, (2) which are not within a public drainage easement, or (3) which have not been dedicated to and accepted by the City as public; which maintenance shall include: General Maintenance, Water Quality Control, SWMPP Maintenance, and maintenance of the side slopes, erosion and siltation/sedimentation control, security, water levels, and any such other maintenance necessary for aesthetics, functionality and safety.

Private Subdivision Improvements Maintenance means and refers to maintenance, operation, replacement, repair and restoration of all present or future private infrastructure within a Private Subdivision, whether within or without a Maintenance Area, that is to be privately owned, operated, and maintained for the use and benefit of the Subdivision/Development rather than being dedicated/conveyed to and accepted by the City as public, including: (1) private drainage systems and features, including detention or retention ponds, culverts, drains, pipes, swales, berms, and ditches, (2) private rights-of-way, streets, access ways and alleys inclusive of all improvements thereon and appurtenant thereto such as sidewalks, signage and lighting, (3) private sanitary sewer facilities inclusive of all infrastructure and equipment appurtenant thereto, and (4) any other private infrastructure now existing or hereafter established; which maintenance, operation, replacement, repair and restoration shall include General Maintenance, Water Quality Control, Private Drainage Feature Maintenance, and any and all maintenance, operation, restoration, replacement and repair necessary for aesthetics, functionality and safety.

Public Improvements Maintenance means and refers to the maintenance of all public drainage improvements or features including public detention or retention ponds, culverts, drains and ditches and other public improvements, which maintenance shall include General Maintenance and Water Quality Control, but shall not include maintenance which is performed by the City in accordance with applicable ordinances governing maintenance of public easements.

Repair/Restoration Maintenance means and refers to the repair/restoration of the Maintenance Area, including the private streets and private ways and improvements thereon, which repairs or restorations are necessitated due to the City's construction, maintenance or repair of any public infrastructure such as sanitary sewer and storm drainage infrastructure within said Maintenance Area. Such repair/restoration shall include restoration of landscaping, curb and gutter repairs, maintenance of any temporary pavement, final asphalt patching or replacement of improvements. The City shall only be obligated to bring any required fill materials to grade.

SWMPP Maintenance means and refers to the obligations set forth in Subsection 2(d) below.

Water Quality Control means and refers to the control of water quality for algae, pond scum and any other such similar conditions.

Section 2. Maintenance Obligations.

(a) Developer(s) and each Private Owner shall be jointly and severally responsible for the continuous and proper maintenance, operation, replacement, repair or restoration of any and all Maintenance Areas, including Public Areas situated thereon, and the Private Subdivision Improvements, within the Subdivision/Development, without expenditure of municipal funds (the "Maintenance Obligations").

(b) Such Maintenance Obligations shall be in conformance with all applicable laws, regulations, standards and specifications, now existing or hereafter established, including section 10.4 of the Zoning Ordinance, the subdivision regulations, state nuisance laws, City ordinances and codes governing nuisances, and the Stormwater Management Manual, as such may be superseded or amended from time to time; and conformance with same shall be as determined by the City.

(c) Such Maintenance Obligations include: (i) within the Maintenance Area, General Maintenance, Water Quality Control, Public Improvements Maintenance, Private Drainage Feature Maintenance, Private Subdivision Improvements Maintenance, Private Amenities Maintenance, and Restoration/Repair Maintenance, and (ii) without the Maintenance Area, Private Subdivision Improvements Maintenance.

(d) SWMPP Maintenance includes each of the following "Post-Construction Stormwater Management Program Plan Obligations" as additional Maintenance Obligations:

(1) Inspections that are required pursuant to the Post-Construction Stormwater Management Program Plan, which inspections shall be performed annually, or at such other frequency as the City Engineer may require or allow, by a properly qualified credentialed inspector (QCI) or a qualified credentialed professional (QCP), as defined by the Alabama Department of Environmental Management (ADEM), to insure compliance with the Post-Construction Stormwater Management Program Plan, including its design standards and maintenance requirements;

(2) Remediation, in a manner as may be approved or prescribed by the City Engineer, of deficiencies identified by an inspection, including inspections performed by or on behalf of the City, which remediation may include replacement, repair, restoration, or mitigation work, and which remediation shall be completed upon verification by an engineer's report within forty five (45) days after the date of the inspection, or such additional time as the City Engineer may allow; provided, however, if the inspection identifies a public safety or public health hazard, then the remediation shall be performed immediately; and

(3) Retention of inspection reports and remediation efforts reports for a period of five years, which shall be provided to the City Engineer upon request.

Section 3. Default in Maintenance Obligations. Upon the failure of Developer(s) or a Private Owner to perform said Maintenance Obligations, and after any notice and opportunity to cure required by Section 7. hereof, the City shall have the right but not the obligation to perform, or have performed on its behalf, the Maintenance Obligations, in whole or part, and shall have the right to receive joint and several full reimbursement from Developer(s) and each Private Owner the costs of such Maintenance Obligations and the costs of collection of the same as set forth in Section 5. below.

Section 4. Grant of Access and Maintenance Easement. Developer(s), for itself and for each Private Owner, Public Owner and Security Owner, hereby grants City, and City's authorized agents, contractors, and employees, a continuous, permanent and irrevocable right of entry, access,

ingress and egress easement across, along, over, under and through the Maintenance Area, drives, ways, private utility or drainage easements, and other portions of the Subdivision/Development unimproved with a building/structure in order to perform as contemplated in this Agreement, and in accordance with applicable federal, state, and local laws governing post-construction stormwater management, as such laws may be amended or superseded from time to time, including: (a) inspection of the Maintenance Area or Private Subdivision Improvements; and (b) upon default by Developer(s) or a Private Owner of the Maintenance Obligations, to perform the Maintenance Obligations whenever City deems necessary. The easement contained herein shall run with the land as a burden to the Subdivision/Development and shall pass with the conveyance of all or any portion thereof, whether specifically referred to or not in any said conveyance.

Section 5. Recovery of Maintenance Obligations Costs and Collection Costs. In the event that City performs any Maintenance Obligations, City shall have the unconditional right to recover jointly and severally from Developer(s) or any one or more or all of the Private Owners (a) the costs and expenses of all labor, equipment, fuel, materials, services, supplies and similar items used in such performance ("Maintenance Obligations Costs"), and (b) the sum of all costs, disbursements and expenses (including reasonable attorneys and engineering fees) incurred in collecting the same, together with all statutory pre- and post-judgment interest ("Collection Costs").

Each Private Owner, by the acceptance of a conveyance for such Private Owners' Lot/Unit, whether or not expressed in such conveyance, is hereby deemed to agree and covenant to pay to City the Maintenance Obligations Costs and Collection Costs. All such Maintenance Obligations Costs and Collection Costs shall be both (a) the personal obligation of the Private Owner at the time when the Maintenance Obligations Costs and Collection Costs are incurred by City and (b) a charge and lien on such Private Owners' Lot/Unit.

The City shall be reimbursed for all Maintenance Obligations Costs and Collection Costs within twenty (20) days after City's written demand for the same.

As security for the prompt and faithful payment of the Maintenance Obligations Costs and the Collection Costs, City shall have, and is hereby granted, a lien (the "City Lien") against both the Maintenance Area and each Private Owners' Lot/Unit, which City Lien is and shall be paramount and prior to all liens on the Maintenance Area and each Private Owners' Lot/Unit except for and subject to (a) the lien for current and future ad valorem taxes and (b) the lien of a construction or first mortgage held by an institutional or private lender.

In the event Developer(s) or any Private Owner shall fail to pay City the Maintenance Obligations Costs and the Collection Costs after said written demand for the same, City may pursue any one or more remedies for collection of the same (legal, equitable or otherwise) concurrently or consecutively (despite any defense of election of remedies or similar doctrines) including a suit for money damages against Developer(s) or one or more or all of Private Owners or enforcement of the City Lien against the Maintenance Area or any one or more of the Private Owners' Lots/Units, whether by nonjudicial foreclosure, judicial foreclosure or otherwise.

Section 6. Reimbursement of Maintenance Obligations Costs and Collection Costs.

(a) Subject to Subsection (b), any Private Owner (including Developer(s)) who has paid to City any Maintenance Obligations Costs and Collection Costs shall have the unconditional right to recover jointly and severally from any other Private Owner (including Developer(s)) the amount by which such paying Private Owner's payment to City exceeds his/her/its "Prorata Share". As used herein, the term "Prorata Share" means a fraction, (a) the numerator of which is one and (b) the denominator of which is the total number of Private Owners' Lots/Units within the Subdivision/Development, including lots within phases that have received final/boundary plat approval, and lots within phases which have not been finaled in which case the calculation is

based on the lots as shown on the Plat or, in the case of a condominium development, on the recorded condominium plat; excluding however the Maintenance Area.

For example, and for illustration purposes only, assuming (i) the total Maintenance Obligations Costs and Collection Costs incurred by City in one instance is $20,000.00, (ii) the total number of Private Owners' Lots within the Subdivision/Development are 50, and (iii) "Private Owner Smith" has paid City $1,000.00 for Maintenance Obligations Costs and Collection Costs, then "Private Owner Smith" may recover from one or more of the remaining Private Owners (including Developer(s)) up to each other Private Owner's Prorata Share the aggregate sum of $600.00 calculated as follows:

$$\$1{,}000.00 - (\$20{,}000.00 \times {}^{1}/50) = \$600.00$$

A Private Owner's right of reimbursement from any one or more other Private Owners (including Developer(s)) shall in no way defeat, impair, prevent or prohibit City's recovery of Maintenance Obligations Costs and/or Collection Costs from Developer(s) or any Private Owner.

(b) The right of prorata reimbursement does not apply in the case of a single lot Subdivision/Development that is an apartment complex with leasehold units.

Section 7. Notice and Cure. Except in the event of an immediate threat to the public health, safety, morals, general welfare or to public property in which event the City shall not be required to give Developer(s) or any then-current Private Owner within the Subdivision/Development any notice or opportunity to cure, the City shall not perform the Maintenance Obligations until it has first given Developer(s), the then-current Private Owner of the Maintenance Area, or any then-current Private Owner within the Subdivision/Development notice of (a) the need to perform Maintenance Obligations identified in the notice and (b) thirty (30) days after the date of such notice within which to cure and perform the same, subject to the right of the City Engineer, at his/her discretion, to grant an extension of the cure period for good cause shown upon written request. Such notice may be given in City's absolute and sole discretion and option in any one of the following ways:

(a) By posting written notice upon the Maintenance Area; or

(b) By written notice given by (i) personal delivery, or (ii) overnight commercial courier, or (iii) facsimile transmission or (iv) United States First Class Certified Mail, postage prepaid, Return Receipt Requested, and addressed to the Developer(s), the then-current Private Owner of the Maintenance Area, or any then-current Private Owner within the Subdivision/Development, as appears from the then-current records in the Office of the Tax Assessor of the County in which the Subdivision/Development is located; or

(c) By written notice left at the residence of the principal of the Developer(s) or the residence of the authorized agent of the Association or the residence of any then-current Private Owner within the Subdivision/Development; or

(d) Publication of ten (10) days written notice in a newspaper of general circulation published in the City or in the County in which the Subdivision/Development is located.

Section 8. Association/Restrictions/Other Maintenance.

(a) Nothing contained in this Agreement shall be construed or deemed as prohibiting the Developer(s) or the Private Owners from: (1) forming an owners, homeowners, condominium owners, business owners, or residence association (the "Association"), or (2) creating and establishing covenants, restrictions or restrictive covenants (the "Restrictions"), for the benefit, construction, governance, insurance, maintenance, operation, repair or regulation, of the Subdivision/Development, the Maintenance Area or Private Subdivision Improvements. Such Association or Restrictions may, inter alia, establish and impose construction, governance, insurance, maintenance, operating, repair or regulatory obligations and responsibilities equal to or greater than those set forth in this Agreement, but shall not abrogate, impair, hinder, lessen or extinguish those imposed by this Agreement, nor shall they affect or supersede the City's rights and remedies under this Agreement.

(b) Nothing contained in this Agreement shall be construed to affect private maintenance responsibilities which are outside the scope of this Agreement.

Section 9. Additional Areas. In the event that any portion of the Subdivision/Development that is not designated as Maintenance Area on the Plat is/are hereafter dedicated, denominated or used as a Maintenance Area for the Subdivision/Development or any other real property, then such other portions shall be ipso facto included within the term "Maintenance Area" and subjected to this Agreement.

Section 10. Termination of Developer(s)'s Liability. Notwithstanding anything contained in this Agreement to the contrary, each Developer(s)'s liability under this Agreement will terminate when that Developer(s) is no longer a Private Owner.

Section 11. Remedies Cumulative/No Third-Party Beneficiaries.

(a) The City's rights and remedies under this Agreement shall be in addition to any other rights and remedies it might now or hereafter have under any federal, state or local law.

(b) This Agreement shall not be construed or applied to confer any rights or benefits to third-parties.

Section 12. Authority and Power. Each party covenants, represents and warrants to each other party that it has complete and unrestricted authority, power and right to enter into, execute and deliver this Agreement.

Section 13. Recordation. This Agreement shall be recorded by City at Developer(s)'s prepaid expense in the real estate records in the Office of the Judge of Probate of each County in which the Developer(s) Property is located.

Section 14. Covenants Running with the Land. This Agreement and each of its agreements, covenants, provisions and terms are covenants running with the land as to the Developer(s) Property and the Subdivision/Development and shall be binding on City, Developer(s) and Private Owners (and, if applicable, Association) and all persons and entities claiming through or under them for a period of twenty-five (25) years from the date this Agreement is filed for record in the Office of the Judge of Probate of the County in which the Subdivision/Development is located, after which time this Agreement shall be automatically extended for successive periods of ten (10) years each unless an instrument signed by the City, Developer(s) and a majority of the then Private Owners has been filed for record in such Probate Judge's Office, agreeing to abolish or amend this Agreement in whole or in part.

Section 15. No Liability. Anything in this Agreement to the contrary notwithstanding, it is expressly agreed, intended and understood that (a) neither City nor any Public Owner nor any Security Owner has any duty, liability, obligation or responsibility to maintain or repair the Maintenance Area or Private Subdivision Improvements within the Subdivision/Development, (b) in no event shall this Agreement be construed to impose any such duty, liability, obligation or responsibility on the City or on any Public Owner or on any Security Owner, (c) the operation, maintenance and repair of the Maintenance Area or Private Subdivision Improvements within the Subdivision/Development is at all times the direct and sole duty, liability, obligation and responsibility of Developer(s) and each Private Owner, and (d) neither the City nor the Public Owners nor their respective agents, employees or assigns, shall be liable to Developer(s) or any Private Owner or any other person or entity for (i) the manner in which any of them exercise, or for the failure or refusal of any of them to exercise any authority or right granted to them herein, whether discretionary or not; (ii) the failure or refusal of Developer(s) or any Private Owner to comply with any of the agreements, covenants, provisions and terms hereof; or (iii) the failure or refusal of City to enforce any one or more of the agreements, covenants, provisions and terms hereof against Developer(s) or any Private Owner, and their respective heirs, personal representatives, successors or assigns.

Section 16. Miscellaneous.

(a) Entire Agreement/Merger. This Agreement, along with all exhibits and attachments or other documents affixed hereto or referred to herein (including the Plat), embodies the entire agreement, intent and understanding of City and Developer(s) as to the transactions contemplated and evidenced hereby and merges herein all prior and contemporaneous agreements, covenants, discussions, representations, statements and understandings heretofore made between City and Developer(s) as to such transactions, whether written, oral or both. Any agreements, covenants, representations, statements or understandings by and between City and Developer(s) as to such transactions not contained herein are and shall be null and void, unenforceable and of no force and effect.

(b) Applicable Law/Jurisdiction/Venue. This Agreement is made in, and thus shall be construed, controlled, enforced, governed and interpreted in accordance with its plain meaning in accordance with the internal laws of, the State of Alabama, without regard to principles of conflicts of laws. For any action concerning this Agreement (a) jurisdiction shall be in the appropriate state or federal courts sitting in Alabama and (b) venue (i) in Alabama state courts shall be in Madison County, Alabama and (ii) in Alabama federal courts shall be in the United States District Court for the Northern District of Alabama, Northeastern Division.

(c) Severability. If, for any reason or no reason, any agreement(s), covenant(s), provision(s), or term(s) of this Agreement (whether material to the bargain of City and Developer(s) or not) should be declared illegal, null and void, unconstitutional or unenforceable, in whole or in part, by any court of competent jurisdiction, the offending portion of this Agreement shall be deemed severed herefrom as though the same was never a part hereof; provided, however, the remainder of this Agreement shall not be impaired and shall remain in full force and effect according to its remaining agreements, covenants, provisions and terms.

(d) Binding Effect. City's and Developer(s)'s respective heirs, personal representatives, successors and assigns (including, but not limited to, the Private Owners and the Association) shall be fully bound by this Agreement and each and every agreement, covenant, provision and term hereof just as they are bound. Each and every agreement, covenant, provision and term of this Agreement inures, and shall inure, to the benefit of City, it successors and assigns, and shall be binding upon or inure to the benefit of the Developer(s) and its heirs, personal representatives, successors and assigns (including the Private Owners and the Association).

(e) Amendment, etc. Neither this Agreement nor any agreement, covenant, provision or term hereof, shall be amended, changed or modified in any respect, nor may any estoppel, novation or waiver regarding the same be effectuated, without City, Developer(s), and a majority of the then Private Owners (and, if applicable, the Association), first executing a writing, in equal dignity to this Agreement, embodying their complete and full agreement and understanding as to such amendment, change, modification, novation or waiver.

(f) Captions. The captions of this Agreement are for convenience and reference only and in no way define, describe, extend or limit the intent or scope of this Agreement.

(g) Incorporation of Exhibits. This Agreement hereby incorporates by reference and makes a part hereof all exhibits referred to herein and appended hereto.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed under their respective seals and delivered as of the date first above written.

ARTICLE II. FIRE CODES*

Sec. 13-31. Adoption of fire code(s).

(a) *Adoption*. In accordance with section 11-45-8(c), Code of Ala., 1975, as amended, the city council hereby adopts by reference the International Fire Code, 2021 edition (hereafter referred to as "IFC 2021"), as published by the International Code Council, including Appendix Chapters "C", "D" (Excluding section D107), and "E", as such code including said appendix chapters may be amended from time to time, with the following additions, insertions, deletions and changes:

(1) Section 101.1 is revised to read as follows:

"These regulations are to be known as the Fire Code of the City of Huntsville, Alabama and shall be hereinafter referred to as "this code"."

(2) Section 104.6 is revised to read as follows:

"The fire code official should keep official records as required by Section 104.6.1 through 104.6.4. Such official records should be retained for not less than 5 years or for as long as the structure or activity to which such records relate remains in existence, unless otherwise provided by other regulations.

(3) Section 104.6.1 is revised to read as follows:

"A record of approvals should be maintained by the fire code official and should be available for public inspection during business hours in accordance with applicable laws."

(4) Section 104.6.2 is revised to read as follows:

"The fire code official should keep a record of each inspection made, including notices and orders issued, showing the findings and disposition of each."

(5) Section 104.6.3 is revised to read as follows:

"The fire department should keep a record of fires occurring within its jurisdiction and of facts concerning the same, including statistics as to the extent of fires and the damage caused thereby, together with other information as required by the code official."

*__Editor's note—__Ord. No. 05-363, § 1, adopted June 9, 2005, amended former art. II of this chapter in its entirety. Prior to amendment, art. II, §§ 13-31, 13-32, pertained to the fire prevention code and derived from the 1982 Code, §§ 11-16, 11-17; and Ord. No. 98-1018, § 1, adopted Jan. 28, 1998.

(6) Section 104.6.4 is revised to read as follows:

"Application for modification, alternative methods or materials and the final decision of the fire code official should be in writing and should be officially recorded in the permanent records of the fire code official."

(7) Section 104.9 is revised to read as follows:

"Where there are practical difficulties involved in carrying out the provisions of this code, the fire code official shall have the authority to grant modifications for individual cases, provided that the fire code official shall first find that special individual reason makes the strict letter of the code impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, life, and fire safety requirements. The details of action granting modifications should be recorded and entered in the files of the fire department of fire prevention."

(8) Section 105.2.4 is revised to read as follows:

"The fire code official should examine or cause to be examined applications for permits and amendments thereto within a reasonable time after filing. If the application or the construction documents do not conform to the requirements or pertinent laws, the fire code official should reject such application in writing, stating the reasons thereof. If the fire code official is satisfied that the proposed work or operation conforms to the requirements of this code and laws and ordinances applicable thereto, the fire code official should issue a permit therefor as soon as practicable."

(9) Section 105.3.4 is revised to read as follows:

"Where permits are required and on the request of a permit application, the fire code official is authorized to issue a conditional permit to occupy the premises or portion thereof before the entire work or operations on the premises is completed, provided that such portion or portions will be occupied safely prior to full completion or installation of equipment and operations without endangering life or public welfare. The fire code official should notify the permit applicant in writing of any limitations or restrictions necessary to keep the permit area safe. The holder of a conditional permit shall proceed only to the point for which approval has been given, at the permit holder's own risk and without assurance that approval for the occupancy or the utilization of the entire premises, equipment or operations will be granted."

(10) Section 105.3.7 is revised to read as follows:

"The fire code official should issue all permits required by this code on an approved form furnished for that purpose. The permit should contain a general description of the operation or occupancy and its location and any other information required by the fire code official. Issued permits should bear the signature of the fire code official or other approved legal authorization."

(11) Section 106.2 is revised to read as follows:

"The fire code official should examine or cause to be examined the accompanying construction documents and should ascertain by such examinations whether the work indicated and described is in accordance with the requirements of this code."

(12) Section 106.4 is revised to read as follows:

"One set of construction documents should be retained by the fire code official for a period of not less than 180 days from the date completion of the permitted work, or as required by state or local laws. One set of approval construction documents shall be returned to the applicant, and

said set shall be kept on the site of the building or work at all times during which the work authorized thereby is in progress."

(13) Section 112.4 is revised to read as follows:

"Violation penalties. Penalty provisions for a violation of this code are as set forth in Section 13-31(c) of the Code of Ordinances of the City of Huntsville, Alabama, as the same may be amended from time to time, and are specifically incorporated herein by reference."

(14) Section 114.1.2 is revised to read as follows:

"Where an apparent structural hazard is caused by the faulty installation, operation or malfunction of any of the items or devices governed by this code, the fire code official should within a reasonable amount of time notify the building code official in accordance with Section 114.1."

(15) Section 1103.5.3 is revised to read as follows:

"Group I-2, Condition 2. In addition to the requirements of Section 1103.5.2, existing buildings of Group I-2, Condition 2 occupancy shall be equipped throughout with an approved automatic sprinkler system in accordance with section 903.3.1.1. The automatic sprinkler system shall be installed as established by a compliance schedule accepted by the Authority Having Jurisdiction."

(16) Section 5704.2.9.6.1 is revised to read as follows:

"Locations where above-ground tanks are prohibited. Storage of Class I and II liquids in above-ground tanks outside of buildings is prohibited within the limits established by any applicable law, rule, regulation, code or ordinance of the City of Huntsville, Alabama."

(17) Section 5706.2.4.4 is revised to read as follows:

"Locations where above-ground tanks are prohibited. The storage of Class I and II liquids in above-ground tanks is prohibited within the limits established by any applicable law, rule, regulation, code or ordinance of the City of Huntsville, Alabama."

(18) Section 5806.2 is revised to read as follows:

"Limitations. Storage of flammable cryogenic fluids in stationary containers outside of buildings is prohibited within the limits established by any applicable law, rule, regulation, code or ordinance of the City of Huntsville, Alabama."

(19) Section 6104.2 is revised to read as follows:

"Maximum capacity within established limits. Within the limits established by any applicable law, rule, regulation, code or ordinance of the City of Huntsville, Alabama, restricting the storage of liquefied petroleum gas for the protection of heavily populated or congested areas, the aggregate capacity of any one installation shall not exceed a water capacity of 2,000 gallons (7570L).

Exception: In particular installations, this capacity limit shall be determined by the fire code official, after consideration of special features such as topographical conditions, nature of occupancy, and proximity to buildings, capacity of proposed LP-gas containers, degree of fire protection to be provided and capabilities of the local fire department."

save and except such portions as are deleted, modified or omitted in this section 13-31, of which code not less than three copies have been and are now filed in the office of the city clerk-treasurer, and the code is adopted and incorporated as fully as if set at length in this section

13-31; and the provisions of such code shall be controlling within the corporate limits of the city.

(b) The foregoing code adopted in subsection (a) of this section 13-31 shall be known and referred to as the Fire Code of the City of Huntsville, Alabama ("Huntsville Fire Code").

(c) Persons who shall violate a provision of the Huntsville Fire Code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directives of the fire marshal, or of a permit or certificate used under the provisions of the Huntsville Fire Code, shall be guilty of a violation of this section 13-31 and shall be subject to the general penalty provisions as set forth in section 1-7 of this Code of Ordinances, including without limitation subsection (e) of said section 1-7 concerning continuing violations, which provisions of section 1-7 are specifically incorporated herein by reference as if fully set forth.
(Ord. No. 05-363, § 1, 6-9-2005; Ord. No. 18-491, § 1, 7-12-2018; Ord. No. 21-751, § 1, 10-14-2021, eff. 1-1-2022)

Sec. 13-32. Board of appeals.

(a) Subject to subsection (b) of this section 13-32, the board of examinations and appeals for construction industries (hereafter referred to as "board of appeals"), as established in chapter 7, article II, division III of this Code of Ordinances, shall hear and decide appeals of orders, decisions or determinations made relative to the application and interpretation of the Huntsville Fire Codes.

(b) Upon proper application, the board of appeals shall have the following authority and powers:

(1) To hear and decide appeals based on a claim that the intent of the Huntsville

Fire Codes or the rules legally adopted thereunder have been incorrectly interpreted;

(2) To hear and decide appeals based on a claim that the provisions of the Huntsville Fire Codes do not fully apply;

(3) To hear and decide appeals based on a claim that an equivalent method of protection or safety is available and is more appropriate given the particular circumstances; and

(4) Upon proper request, to grant a variance from the provisions of the Huntsville Fire Codes which may, at the time, have been adopted by the city when the literal enforcement of these codes will create an unnecessary hardship on the property owner, provided that in the opinion of the board no hazard of life or property is created and the intent of the code is substantially adhered to. Any variance granted shall become invalid six months after issuance unless a permit to perform the work authorized by the variance has been issued. In granting any variance, the board may prescribe appropriate conditions and safeguards in conformity with this chapter. Violations of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of this chapter and punishable as provided in section 1-7 of this Code of Ordinances.

(Ord. No. 05-363, § 1, 6-9-2005)

Sec. 13-33. Fireworks.

(a) *Definitions.* When used in this section, the following terms shall have the meanings ascribed to them in this subsection, unless the context clearly indicated a different meaning:

APA Standard 87-1A or *APA Standard* means the 2018 American Pyrotechnic Association standard for the construction, classification, approval, and transportation of consumer fireworks.

Fireworks means any composition or device prepared for the purpose of producing a visible or an audible effect for entertainment purposes by combustion, deflagration, explosion, or detonation, which includes, but is not limited to, "Fireworks, 1.3G" and "Fireworks, 1.4G", as

those terms are defined in the Huntsville Fire Code. The term does not include toy paper pistol caps which contain less than twenty-five hundredths' grains of explosive compounds, model rockets, emergency signal flares, matches, trick matches, and cigarette loads.

Consumer fireworks means "Fireworks, 1.4G" as that term is defined by the Huntsville Fire Code.

Novelties or *novelty device* means a device that meets, where applicable, the general requirements of APA Standard Section 2.4 and the specific requirements of APA Standard Section 3.2.1.

Sell means to exchange for money, including barter, exchange, gift, or offer thereof, and each transaction made by any person, whether as principal proprietor, salesperson, agent, association, copartnership, or one or more individuals.

Sparkling devices means consumer fireworks that are ground-based or hand-held devices that produce a shower of white, gold, or colored sparks as their primary pyrotechnic effect. Additional effects may include a colored flame, an audible crackling effect, an audible whistle effect, and smoke. These devices do not rise into the air, do not fire inserts or projectiles into the air, and do not explode or produce a report (a mild audible crackling-type effect is not considered to be a report.) Ground-based or hand-held devices that produce a cloud of smoke as their sole pyrotechnic effect are also included in this category.

(b) The possession, manufacture, storage, sale, handling, and use of fireworks are hereby prohibited, with the following exceptions:

(1) The storage and handling of fireworks as allowed in Section 5604 of the Huntsville Fire Code.

(2) The manufacture, assembly and testing of fireworks as allowed in Section 5605 of the Huntsville Fire Code.

(3) The use of fireworks for fireworks displays as allowed in Section 5608 of the Huntsville Fire Code.

(4) The possession, storage, sale, handling, and use of the specific types of fireworks that are expressly allowed by subsections (c) and (d) of this section, provided that such fireworks and facilities comply with the 2006 edition of NFPA 1124, CPSC 16 CFR Parts 1500 and 9 CFR Parts 100-185, as may be applicable for novelties and consumer fireworks.

(c) Novelties. Subject to subsection (e), the possession, storage, sale, handling, and use of novelties is expressly allowed inside the city limits.

(d) Sparkling devices. Subject to subsection (e), the possession, storage, sale, handling, and use of the following types of sparkling devices, and no other, are expressly allowed inside the city limits:

(1) Fountain, cone that meets, where applicable, the general requirements of APA Standard Section 2.4, the specific requirements of APA Standard Section 3.2.2.8, and the specific requirements of APA Standard Section 3.2.4;

(2) Fountain, cylindrical that meets, where applicable, the general requirements of APA Standard Section 2.4, the specific requirements of APA Standard Section 3.2.2.9, and the specific requirements of APA Standard Section 3.2.4;

(3) Ground spinner that meets, where applicable, the general requirements of APA Standard Section 2.4, the specific requirements of APA Standard Section 3.2.2.11, provided, however, no reports are allowed, and the specific requirements of APA Standard Section 3.2.4;

(4) Illuminating torch that meets, where applicable, the general requirements of APA Standard Section 2.4, the specific requirements of APA Standard Section 3.2.2.12, and the specific requirements of APA Standard Section 3.2.4; and

(5) Wheel that meets, where applicable, the general requirements of APA Standard Section 2.4, the specific requirements of

APA Standard Section 3.2.2.16, and the specific requirements of APA Standard Section 3.2.4.

(e) The fire chief may, at any time and from time to time, suspend the outdoor use of novelties and sparkling devices inside the city limits where he/she determines, in his/her sole discretion, that drought conditions, or other weather-related conditions, warrant suspension due to an increase in the likelihood of fires. It shall be unlawful to use novelties and sparkling devices during any such suspension period after a verbal warning to cease from fire or law enforcement officers, and shall subject the novelties and sparkling devices to seizure and destruction in accordance with subsection (g) below.

(f) Prohibition. No person under 18 years of age shall discharge, ignite, or explode novelties or sparkling devices unless in the company of a person of at least 18 years of age.

(g) Fireworks possessed, manufactured, stored, sold, handled, or used in violation of this section shall be subject to seizure and destruction by the fire chief or his/her designees or subordinates.

(h) Notwithstanding any provision of this section or the Huntsville Fire Code to the contrary, in no event shall any person be allowed to possess, manufacture, store, sell, handle, or use fireworks in violation of applicable state law.

(i) The penalty provisions of section 1-7 of this Code shall apply to a violation of this section.
(Ord. No. 05-504, § 1, 6-23-2005; Ord. No. 22-470, § 1, 6-23-2022; Ord. No. 23-454, § 1, 6-8-2023)

ARTICLE III. OPEN BURNING*

DIVISION 1. GENERALLY

Sec. 13-61. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Contractor means the primary contractor/builder or subcontractor for a particular construction site for which a building permit has been issued.

Director or *manager* means the manager of the natural resources and environmental management division or in his absence, his designated representative.

Fire extinguishing equipment means an approved ten-pound ABC fire extinguisher or any other equipment approved in writing in advance by the fire marshal.

Fire marshal means the officer or other designated authority or their duly authorized representative charged with the administration and enforcement of the fire prevention code. He or his duly authorized representative is charged with the responsibility for investigation of all fires that occur within the city.

Open burning means the burning of any matter in such a manner that the products of combustion resulting from the burning are emitted directly into the ambient air without passing through an adequate stack, duct or chimney.
(Ord. No. 92-672, § 2, 11-12-1992)

Cross reference—Definitions generally, § 1-2.

Sec. 13-62. Purpose.

This article is enacted to protect, preserve and promote the safety and welfare of the citizens of the city through the reduction, control and prevention of open burning.
(Ord. No. 92-672, § 1, 11-12-1992)

Sec. 13-63. Method of enforcement.

The director and any person acting under his supervision, the fire marshal and any person acting under his supervision, and any law enforcement officer is authorized to issue citations to appear in municipal court to answer charges of violations of any of the provisions of this article.
(Ord. No. 92-672, § 8, 11-12-1992)

*__State law reference—__Open burning, Code of Ala. 1975, § 9-13-11.

Sec. 13-64. Penalties.

Any person who violates or fails or refuses to obey or comply with any provision of this article shall upon conviction be punished, in addition to such other punishment, including a term of community service, as may be provided by the court, by minimum fines and penalties, for a first conviction of $100.00 or by imprisonment for not more than ten days. For conviction of a second offense committed within one year after the date of the first offense, such person shall be punished by a fine of $200.00 or by imprisonment for not more than 30 days or by both such fine and imprisonment. For conviction of a third or subsequent offense committed within one year after the date of the first offense, such person shall be punished by a fine of $500.00 or by imprisonment for not more than three months or by both such fine and imprisonment.

(Ord. No. 92-672, § 7, 11-12-1992; Ord. No. 97-813, § 1, 11-20-1997)

State law reference—Penalties for ordinance violations, Code of Ala. 1975, § 11-45-9.

Sec. 13-65. Exemptions.

Nothing contained in this article shall be construed as applying to the regular military or naval forces of the United States, the duly authorized militia of the state, or the police and fire departments in the proper performance of their duty.
(Ord. No. 92-672, § 9, 11-12-1992)

Sec. 13-66. Exceptions based on undue hardship.

Applications for a permit for exception from the standards or requirements designated in this article may, on the basis of undue hardship, be made to the director. Any permit granted under this article shall contain all conditions upon which the permit has been granted and shall specify a reasonable time the permit shall be effective. The director may grant the exception as applied for only if the applicant represents and the director finds that open burning as permitted will not violate recognized safety standards, that no other reasonable alternative is available to the applicant, and that the burning can be conducted in such a manner as to be consistent with the purposes of this article. Upon the issuance of any exception permit, the director may prescribe any reasonable conditions or requirements he deems necessary to minimize adverse effects upon the community.
(Ord. No. 92-672, § 6, 11-12-1992)

Sec. 13-67. Compliance.

No person shall cause, suffer, allow or permit open burning except as specifically permitted by this article.
(Ord. No. 92-672, § 3, 11-12-1992)

Sec. 13-68. Exceptions to prohibition.

(a) Open burning may be conducted, subject to the limitations as spelled out in the open burning permit which is issued upon approval by the director. This grant of exception shall in no way relieve the person responsible for such open burning from the consequences of or the damages or injuries resulting from such burning. The director shall issue no open burning permits without the prior approval of the fire marshal or his designated representative. The fire marshal's approval shall be based upon his judgment as to the fire safety potential of the proposed open burning activity.

(1) Open burning of leaves and small tree limbs, less than three inches in diameter, at a residence where collection for such material is not available. The determination of availability will be made by the director. Burning of trees or limbs cut as a commercial service by tree surgeons, landscapers or other persons is prohibited.

(2) Open burning for the disposing of materials grown on that tract of land may be conducted provided the following conditions are met:

a. Burning is done using an air curtain destructor or other approved device, at suitable sites as approved by the director, when such device is operated in a manner satisfactory to the director, and with a valid open burning permit obtained from the director.

b. The burning will take place on days and hours designated by the director. Designated days of burning will always be tentative and will be regulated according to weather conditions.

(b) Open burning as specified below may be conducted, subject to the limitations as spelled out in the safety permit which is issued upon approval by the fire marshal. This grant of exception shall in no way relieve the person responsible for such open burning from the consequences of or the damages or injuries resulting from such burning.

(1) Ceremonial fires (such as school bonfires) when the fires are approved, ignited and extinguished by fire department personnel. Each school will be permitted one permit per year.

(2) Fires set between October 1 and April 30 for the purpose of providing warmth to

workers at construction sites for which a building permit has been issued, providing the following conditions are met:

a. The fire is contained in a noncombustible container not to exceed 55 U.S. gallons, with the opening covered by an ash screen.

b. Fire containers shall be located a minimum of 25 feet from any structure, tree or bush.

c. Fire containers shall be located a minimum of 25 feet from electrical lines and/or electrical service.

d. Only clean fuel not containing garbage, rubber, plastics, metals, shingles, treated lumber, or other hazardous materials is permitted.

e. Fire extinguishing equipment shall be located within five feet of the fire container.

f. Fires shall be extinguished when no worker is in attendance.

g. The contractor shall apply in advance for a safety permit issued in his name from the fire marshal and shall be held liable for all permit violations on the burn site.

(c) Open burning activities as specified below may be conducted without either an open burning permit or a safety permit. Notification of intent to conduct such activity as specified below shall be made to the director 24 hours prior to the time the open burning activity is to begin. The person conducting any of the following open burning activities shall be responsible for the consequences of such activities and all damages or injuries resulting from such open burning:

(1) Fires set for the training and instruction of public or private firefighting personnel, provided that all requirements of the asbestos demolition and renovation NESHAP (National Emission Standard for Hazardous Air Pollutants), codified at 40 CFR Part 60 Subpart M, are met.

(2) Fires set by or at the direction of responsible fire control agencies for the prevention, elimination or reduction of a fire hazard.

(3) Smokeless flares or safety flares for the combustion of waste gases.

(4) Fires used for agricultural, horticultural and silvicultural purposes, when specifically recommended by the state extension service or the state forestry commission, provided such fires are conducted only in situations where the actual burning is at least 1,000 feet from the closest occupied building.

(5) Fires used to destroy pests, germs, dead animals, etc., when the open burning is being conducted in accordance with or under the direct supervision of personnel of the local or state health department.

(d) No open burning permit, safety permit or notification is required for fires used for cooking of food, including barbecues and outdoor fireplaces. Only clean fuel not containing garbage, rubber, plastics or other refuse is permitted. In multifamily occupancies, grills, barbecues, heating appliances, and portable outdoor fire pits shall not be stored, used, or kindled on any balcony or under any overhanging portion or within ten feet of any structure.

(e) Portable outdoor fire pits used at one- and two-family dwellings are allowed as long as they are used in accordance with the manufacturer's instructions.

(1) Portable outdoor fire pits shall be used only on brick, concrete, stone, or other masonry surfaces.

(2) Portable outdoor fire pits shall be a minimum ten feet away from building, structures, any flammable items, vehicles, and property lines. Portable outdoor fireplaces shall not be used under any trees, electric lines, or trellises.

(3) Portable outdoor fire pits shall be equipped from the manufacturer with an ash screen. Only clean fuel may be used not contain-

ing any garbage, rubber, plastics, treated lumber, or any other hazardous materials.

(4) Portable outdoor fire pits shall not be overload beyond their capacity.

(5) Portable outdoor fire pits shall not be used during windy conditions or periods where there is a "no burn order" in effect.

(6) Portable outdoor fire pits shall be constantly attended while in use and there shall be an available means available to extinguish the fire either by a portable fire extinguisher or water.

(Ord. No. 92-672, § 4, 11-12-1992; Ord. No. 07-569, § 1, 7-26-2007; Ord. No. 18-491, § 2, 7-12-2018)

DIVISION 2. OPEN BURNING PERMITS AND SAFETY PERMITS

Sec. 13-81. Permits.

Open burning permits and safety permits may be issued subject to specific conditions, consistent with standards provided in this division, in which case the conditions shall be specified in writing. The holder of a permit shall comply with conditions contained in such permit as well as all applicable provisions of this article.
(Ord. No. 92-672, § 5(A), 11-12-1992)

Sec. 13-82. Permit applications.

(a) Applications for open burning permits shall be in the form prescribed by the director and shall give all the information necessary to enable the director to make the determinations required in this division. Applications should be submitted a minimum of three days prior to the requested burn date.

(b) Application for safety permits shall be in the form prescribed by the fire marshal and shall give all the information necessary to enable the fire marshal to make the determination required in this division. Applications shall be submitted a reasonable time in advance of the time requested for burning.
(Ord. No. 92-672, § 5(B), 11-12-1992)

Sec. 13-83. Action on application.

(a) The director shall act, within a reasonable time, on an application for an open burning permit and shall notify the applicant in writing of its approval, conditional approval or denial. The director shall not issue an open burning permit for any open burning activity subject to an open burning prohibition imposed by the Alabama Forestry Commission or the Alabama Department of Environmental Management during such time that the open burning prohibition is in effect.

(b) The fire marshal shall act, within a reasonable time, on an application for a safety permit and shall notify the applicant in writing of its approval, conditional approval or denial. The fire marshal shall not issue a safety permit for any open burning activity subject to an open burning prohibition imposed by the Alabama Forestry Commission or the Alabama Department of Environmental Management during such time that the open burning prohibition is in effect.
(Ord. No. 92-672, § 5(C), 11-12-1992; Ord. No. 07-569, § 1, 7-26-2007)

Sec. 13-84. Permit fees.

(a) Open burning permit fees in the amount of $250.00 per permit shall be paid at the time of application. Fees shall be made payable to the city and shall be nonrefundable.

(b) Safety permits shall be issued at no charge to the applicant.
(Ord. No. 92-672, § 5(D), 11-12-1992; Ord. No. 07-569, § 1, 7-26-2007; Ord. No. 22-988, § 1, 12-15-2022)

Sec. 13-85. Transfer.

Open burning permits and safety permits shall not be transferable whether by operation of law or otherwise, either from one location to another, or from one person to another.
(Ord. No. 92-672, § 5(F), 11-12-1992)

Sec. 13-86. Expiration of permit.

Open burning permits and safety permits shall expire on the date specified on the face of the permit. In no event, however, may an open burning permit be issued which has an expiration date of longer than ten days from the burn start date. Notwithstanding the expiration date specified on the face of the permit, an open burning permit or safety permit shall expire immediately upon imposition of an open burning prohibition by the Alabama Forestry Commission or the Alabama Department of Environmental Management that applies to the open burning activity authorized by the open burning permit or safety permit.
(Ord. No. 92-672, § 5(G), 11-12-1992; Ord. No. 07-569, § 1, 7-26-2007)

Sec. 13-87. Display of permits.

Permits shall be displayed and available for inspection at the open burning site by any and all persons who may request to see the permits.
(Ord. No. 92-672, § 5(H), 11-12-1992)

Sec. 13-88. Revocation of permit.

(a) *Open burning permits.* Any open burning permit granted by the director may be revoked, after notice and hearing, for any of the following causes:

(1) Failure to comply with the provisions of this article.

(2) Failure to comply with any conditions of the open burning permit.

(3) For any other cause if, in the judgment of the director, continuance of the permit is not consistent with the purposes of this article.

(b) *Safety permits.* Any safety permit granted by the fire marshal may be revoked for any of the following causes:

(1) Failure to comply with the provisions of this article.

(2) Failure to comply with any conditions of the safety permit.

(3) For any other cause if, in the judgment of the fire marshal, continuance of the permit is not consistent with the purposes of this article.

ARTICLE I. IN GENERAL

Sec. 14-1. Premises to be kept clean.

It shall be unlawful for any person in the city to allow the house or building in which people live or are employed or the premises around the house or the alley or street abutting the premises to become or remain in an unsanitary or unsightly condition.
(Code 1982, § 12-1)

Sec. 14-2. Right of entry of health officer.

The health officer or his duly appointed assistant shall have the right to enter any house or any premises to ascertain whether or not conditions are sanitary, and any interference with the performance of this duty either by act or words of intimidation on the part of the owner or occupant shall be unlawful and punished as a misdemeanor.
(Code 1982, § 12-2)

Sec. 14-3. Spitting.

It shall be unlawful for any person to spit upon the sidewalks or on floors of churches, public buildings or other public places in the city.
(Code 1982, § 12-7)

Sec. 14-4. Weed lien and unsafe building demolition assessment.

Whenever the city avails itself of the collection procedures provided in sections 11-40-30 et seq., and 11-67-60 et seq., of the Code of Alabama, to recover the costs of (1) abating a weed nuisance, or (2) demolishing an unsafe structure, the following costs shall be imposed for the benefit of the Madison County Tax Collector as a cost of collection, and shall be collected and withheld by the Madison County Tax Collector at such time as the applicable weed lien or unsafe building demolition assessment is collected by the Madison County Tax Collector.

Type of lien or assessment	*Tax Collector Cost*
Weed lien	$ 50.00
Unsafe building demolition assessment	100.00

ARTICLE II. MOSQUITO CONTROL

Sec. 14-31. Powers of health officer in enforcement of article; failure to comply with article.

For the purpose of enforcing the provisions of this article, the health officer or his accredited agent under his authority may at all reasonable times enter in and upon any premises within his jurisdiction. It shall be unlawful for any person charged with any of the duties imposed by this article to fail within the time designated by this article, or within the time stated in the notice of the health officer, as the case may be, to perform such duties or to carry out the measures necessary to the satisfaction of this article.
(Code 1982, § 12-111)

Sec. 14-32. Standing water and high grass, shrubbery, weeds prohibited.

It shall be unlawful for any person to have, keep, maintain, cause or permit within the corporate limits of the city any collection of standing water or flowing water in which mosquitoes breed or are likely to breed unless such collection of water is treated so as to effectually prevent such breeding, or any high grass, shrubbery or weeds in which mosquitoes might harbor or shelter.
(Code 1982, § 12-112)

Sec. 14-33. Collections of water prohibited by article.

Collections of water prohibited by this article shall include those contained in ditches, pools, ponds, cisterns, tanks, shallow wells, barrels, troughs, except horse or watering troughs in

frequent use, urns, cans, boxes, bottles, tubs, buckets, defective house-roof gutters, tanks of flush toilets or other similar water containers.
(Code 1982, § 12-113)

Sec. 14-34. Methods of treating to prevent mosquito breeding.

The methods of treatment of any collection of water prohibited by this article shall be approved by the health officer and may be one or more of the following:

(1) Screenings with wire netting of at least 16 meshes to the inch each way or with any other material that will prevent the ingress or egress of mosquitoes.

(2) Complete emptying every seven days of unscreened containers, together with their thorough drying and cleaning.

(3) Using a larvicide approved and applied under the direction of the health officer.

(4) Covering completely the surface of the water with kerosene, petroleum or paraffine oil once in seven days.

(5) Cleaning and keeping sufficiently free of vegetation and other obstruction and stocking with mosquito-destroying fish.

(6) Filling and draining to the satisfaction of the health officer or his accredited representative.

(7) Proper disposal by removal and destruction of tin cans, boxes, broken or empty bottles and similar articles likely to hold water.

(Code 1982, § 12-114)

Sec. 14-35. Prevention of breeding after notice.

The natural presence of mosquito larvae in standing or running water shall be evidence that mosquitoes are breeding there; and failure to prevent such breeding within 24 hours after notice by the health officer, his authorized agent or representative, shall be deemed a violation of this article.
(Code 1982, § 12-115)

Sec. 14-36. Cutting grass, shrubbery, weeds.

Grass, shrubbery and weeds must be kept cut close to prevent harboring or sheltering mosquitoes as well as to disclose any tin cans, bottles or any other water receptacles that might be lying hidden there.
(Code 1982, § 12-116)

Cross reference—Vegetation, ch. 27.

Secs. 14-37—14-60. Reserved.

ARTICLE III. RATPROOFING*

Sec. 14-61. Failure to abate or remove foulness.

It shall be unlawful for any person, whether owner or tenant, to fail promptly to remove or abate any source of foulness, or cause of sickness hazardous to public health, upon order of the health officer or his duly authorized representative.
(Code 1982, § 12-131)

Sec. 14-62. Garbage to be stored in ratproof containers.

All garbage, decaying vegetables or similar substances shall be stored in containers with tightfitting lids or in containers that are ratproof.
(Code 1982, § 12-132)

Sec. 14-63. Business houses to be ratproofed, freed of rats.

All business houses where food is stored, restaurants, hotels and other places where food is served, all slaughterhouses, all public structures in which foodstuffs may be stored, and all other business houses where rats may be harbored shall be kept and maintained in a ratfree condition. Such structures shall be ratproofed in order to prevent the entry of rats into and upon the premises. The keeping or maintaining of such houses or structures in other than ratproof condition is declared to be a nuisance.
(Code 1982, § 12-133)

*__State law reference—__Structural pest control permits, Code of Ala. 1975, § 2-28-1 et seq.

Sec. 14-64. Inspection of buildings and premises.

The health officer or his duly authorized representative is empowered to make such interior or exterior inspection of premises or buildings as, in his opinion, may be necessary to determine that full compliance with this article has been made.

ARTICLE IV. SMOKING IN PUBLIC PLACES

Sec. 14-91. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Employee means any person who is employed by an employer for compensation or profit.

Employer means any person, partnership, corporation, association, or other entity, that employs one or more persons.

Place of employment means any area under the control of an employer to which employees have access during the course of employment, including, but not limited to work areas, employee lounges, employee restrooms, conference rooms and employee cafeterias. A private residence is not a place of employment.

Public or *public place* means any area that is used by the general public, or that is a place of business or employment, or that is a public meeting area, and includes, but is not limited to: stores, offices and other commercial establishments, restaurants, public and private educational institutions, health care facilities, nursery and convalescent homes, government buildings, public transportation vehicles, parks, arenas, stadiums, and other areas as described in section 14-95.

Smoking or *smoke* includes the carrying, holding, or possession of lighted smoking materials in any form, including but not limited to, the possession of lighted cigarettes, cigars, pipes, or any other tobacco products.
(Ord. No. 89-89, § 18-500, 3-21-1989; Ord. No. 93-112, 3-11-1993; Ord. No. 05-713, § 1, 8-23-2005)

Cross reference—Definitions generally, § 1-2.

Sec. 14-92. Penalty.

(a) Any person who willfully smokes in an area where smoking is prohibited under this article; or any business proprietor or person in charge of a public place who fails or refuses to designate smoking and nonsmoking areas or facilities as required in this article; or, who being asked to do so fails or refuses to enforce the designations; or any employer who fails or refuses to adopt and implement a written smoking policy for the workplace which shall reasonably accommodate, insofar as possible as provided in this article, the preferences of smoking and nonsmoking employees shall be guilty of an offense and shall be subject to punishment by a fine of not less that $1.00 nor more than $500.00 for each such offense. Each day any violation of this article shall continue shall constitute a separate offense.

(b) In addition to the fines established by this section, the city council shall be authorized to suspend or revoke any business license or permit issued by the city for repeated violations of this article involving the licensed premises.
(Ord. No. 89-89, § 18-507, 3-21-1989; Ord. No. 05-713, § 2, 8-23-2005)

State law reference—Penalties for ordinance violations, Code of Ala. 1975, § 11-45-9.

Sec. 14-93. Noncompliance with law.

Nothing in this article excuses noncompliance with any federal or state law, other city ordinance, or any rule or regulation which prohibits smoking.
(Ord. No. 89-89, § 18-508(a), 3-21-1989)

Sec. 14-94. Enforcement.

The provisions of this article are enforceable by any duly sworn police officer employed by the city,

the county health officer or his duly authorized representative, or as otherwise allowed by law for prosecution of offenses.

Notice of the provisions of this article shall be given to all applicants for a business license in the city.
(Ord. No. 89-89, § 18-506, 3-21-1989; Ord. No. 05-713, § 3, 8-23-2005)

Sec. 14-95. Offenses.

Except as provided in section 14-96, smoking or the use of any lighted tobacco product is prohibited in all public places, including, but not limited to, the following:

(1) Any commercial establishment, including, but not limited to, retail stores, restaurants, banks, office buildings and offices;

(2) Any vehicle of public transportation, including but not limited to, local trains, buses, taxicabs and limousines;

(3) Libraries, schools or other educational facilities, museums, auditoriums and art galleries;

(4) Any public health care facilities, health clinics or ambulatory care facilities, including, but not limited to, laboratories associated with the rendition of health care treatment, hospitals, rest homes, doctors' offices and dentists' offices;

(5) Any building, facility, or automotive vehicle owned, operated or controlled by the city;

(6) Any place of entertainment or recreation, including but not limited to, ball fields or any other area established or constructed for the primary purpose of organized recreational or sporting events, stadiums, gymnasiums, theaters, concert halls, bingo halls, arenas and swimming pools;

(7) Any other enclosed area used by the public or serving as a place of work.

(Ord. No. 05-713, § 4, 8-23-2005)

Editor's note—Ord. No. 05-713, § 4, adopted Aug. 23, 2005, amended former § 14-95 of the Code in its entirety. Prior to amendment, § 14-95 pertained to exceptions and derived from Ord. No. 89-89, § 18-502, adopted March 21, 1989; and Ord. No. 93-112, § 1, adopted March 11, 1993.

Sec. 14-96. Exceptions.

Section 14-95 and the restrictions imposed therein shall not apply to:

(1) An entire room or hall which is used for private social functions, provided that the event is under the control of the sponsor of the function and not of the proprietor or person in charge of the establishment or hall;

(2) Private clubs or organizations to which special membership is required;

(3) A restaurant or class 3 or 4 lounge (as those terms are defined in section 3-131 of this Code) clearly designated by the owner or proprietor as smoking, as provided in section 14-98. Any restaurant or class 3 or 4 lounge not clearly designated by the owner or proprietor as smoking, as provided in section 14-98, shall be subject to the prohibition against smoking or the use of lighted tobacco products provided in section 14-95;

(4) A private, enclosed office if all persons present consent and if the employer's policy permits smoking in such an area; this exception shall not be construed to permit smoking in the reception areas, lobbies, hallways, and other common areas in offices or commercial facilities;

(5) Limousines where the driver and all passengers affirmatively consent to smoking in such vehicle;

(6) Performers upon the stage, provided that the smoking is part of a theatrical production;

(7) A tobacco specialty retail shop;

(8) Hotel and motel rooms rented to guests, except for those rooms designated by the hotels and motels as "no-smoking" rooms.

(Ord. No. 05-713, § 5, 8-23-2005)

Editor's note—Ord. No. 05-713, § 5, adopted Aug. 23, 2005, amended former § 14-96 of the Code in its entirety. Prior to amendment, § 14-96 pertained to offenses and derived from Ord. No. 89-89, § 18-501, adopted March 21, 1989.

Sec. 14-97. Restaurants and class 3 or 4 lounges.

(a) It shall be the responsibility of the owner of a restaurant or Class 3 or 4 lounge to designate his/her establishment as either smoking or non-smoking in accordance with section 14-98.

(b) For establishments designated as non-smoking, no smoking by any persons (employees or patrons) at anytime will be allowed in any part of the enclosed or unenclosed areas of the establishment. In addition to the foregoing, no smoking will be allowed within 20 feet of any entrance to a non-smoking establishment. Following the effective date of the ordinance adopting this section, an establishment designated as non-smoking shall not be allowed to convert to a smoking establishment within the same license (calendar) year.

(c) For establishments designated as smoking, smoking by patrons shall be allowed throughout all areas generally occupied by patrons. No person under 19 years of age shall be admitted on the premises of an establishment designated as smoking as a patron or employee; and it shall be unlawful for the owner, business agent, manager or other person having control of any such establishment to admit any minor under 19 years of age to the premises as a patron or employee.

(d) A smoking establishment may be converted to a non-smoking establishment at any time subject to the provisions of this article governing non-smoking establishments.

(e) Smoking may be permitted in hotel, motel, inn, bed and breakfast, and lodging rooms that are rented to guests designated as "smoking rooms." A facility which offers such rooms for rent to guests may add additional language to the required signage (see section 14-98, subsection (1)) after "NO SMOKING" stating "lodging rooms are available for guests who smoke" in matching letters and signage.

(f) No public place within section 14-95, other than those places enumerated as exceptions under section 14-96, shall be designated as a smoking area in its entirety.

(Ord. No. 05-713, § 6, 8-23-2005)

Editor's note—Ord. No. 05-713, § 6, adopted Aug. 23, 2005, amended former § 14-97 of the Code in its entirety. Prior to amendment, § 14-97 pertained to designation of smoking areas and derived from Ord. No. 89-89, § 18-503, adopted March 21, 1989.

Sec. 14-98. Responsibility of proprietors.

The proprietor or other person having control of any area within sections 14-95 or 14-96 shall:

(1) Prominently post a sign clearly indicating the words "SMOKING" or "NO SMOKING", whichever may be appropriate, or the international "NO SMOKING" symbol consisting of a pictorial representation of a burning cigarette enclosed in a red circle with a bar across it. The proprietor or other person having control of such building or public place shall clearly and conspicuously post such sign in every room, building or other areas where smoking is regulated by this article;

(2) No smoking signs shall be posted conspicuously in the entrance and lobby of every restaurant, theatre, auditorium, stadium, ball field, arena, concert hall, bingo hall, gymnasium, etc., stating that smoking is prohibited therein; and in the case of motion picture theatres such information shall be shown upon the screen prior to the showing of each feature motion picture.

(3) Request persons smoking or using tobacco products in violation of this article to stop or to leave.

(Ord. No. 89-89, § 18-504, 3-21-1989; Ord. No. 05-713, § 7, 8-23-2005)

Sec. 14-99. Regulation of smoking in the workplace.

(a) Each employer in the city shall implement and maintain a written smoking policy for its employees.

(b) The employer may implement a smoking policy which prohibits smoking in any place of employment of the employer.

(c) The employer may implement a smoking policy which allows for smoking in its place of employment; however, in situations where smok-

ers and nonsmokers must work in close proximity and nonsmokers will be exposed to smoke, the preferences of the nonsmoker shall prevail.

(d) An employer is not required by this provision to incur any expense for making structural or other physical modifications to accommodate the preferences of nonsmoking or smoking employees.

(e) The smoking policy shall be announced within three weeks of adoption to all employees working in the place of employment and posted conspicuously in all workplaces under the employer's control.

(f) No employer shall discharge or otherwise discriminate against any employee by reason of his insistence of his rights as provided in this section.
(Ord. No. 89-89, § 18-505, 3-21-1989; Ord. No. 91-92, 3-19-1991; Ord. No. 93-112, § 2, 3-11-1993)

Sec. 14-100. Regulation of smoking in municipal buildings and vehicles.

All smoking is prohibited in the following public places:

(1) Smoking is prohibited in all buildings and facilities owned, operated or controlled by the city or an agency of the city; and

(2) Smoking is prohibited in all automotive vehicles owned or operated by the city.

(Ord. No. 89-89, § 18-509, 3-21-1989; Ord. No. 93-112, § 3, 3-11-1993)

Cross reference—Traffic and vehicles, ch. 25.

Sec. 14-101. Regulation of smoking on property adjoining Huntsville Hospital.

(a) Smoking is prohibited on the following streets and sidewalks:

(1) Saint Clair Avenue (north and south sides) from Turner Street to Madison Street;

(2) Gallatin Street (east and west sides) from Saint Clair Avenue to Longwood Drive;

(3) Sivley Road (north and south sides) from Turner Street to Gallatin Street;

(4) Governors Drive (north side) from Montgomery Street to California Street;

(5) Turner Street (east side) from Sivley Road to Saint Clair Avenue;

(6) Montgomery Street (east and west sides) from Governors Drive to Sivley Road;

(7) Governors Drive (south side) from Harvard Road to Madison Street/Whitesburg Drive;

(8) California Street (east and west sides) from Governors Drive to Lowell Drive;

(9) Lowell Drive (north and south sides) from California Street to Franklin Street; and

(10) Franklin Street (east and west sides) from Governors Drive to Lowell Drive.

(b) This section shall not apply within moving motor vehicles.

(c) This section shall be in effect only upon Huntsville Hospital providing designated smoking areas at both Huntsville Hospital Main and Huntsville Hospital for Women and Children, and shall remain in effect only upon Huntsville Hospital maintaining designated smoking areas at the two inpatient facilities.
(Ord. No. 18-1136, § 1, 1-10-2019)

Secs. 14-102—14-129. Reserved.

ARTICLE V. SWIMMING POOLS

Sec. 14-130. Definitions.

[The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:]

City shall mean the City of Huntsville, Alabama.

City council shall mean the city council of the City of Huntsville, Alabama.

Clerk-treasurer shall mean the clerk-treasurer for the City of Huntsville, Alabama.

Code enforcement officer shall mean an officer or employee of the code enforcement section of community development.

Community development shall mean the community development division of the City of Huntsville.

Director shall mean the director of community development, or his agent.

Owner of property shall mean the legal titleholder, or lessee, or occupant of property, or the agent of the legal titleholder or lessee in charge, possession or control of the property.

Swimming pool shall mean a pool, tank, or container designed and intended for swimming whether constructed of plastic, fiberglass, gunite, concrete, plastic, or any other material.
(Ord. No. 04-619, § 1, 8-26-2004)

Sec. 14-131. Swimming pools to be kept free of public nuisances and hazards.

It shall be unlawful for any owner of property in the city to allow a swimming pool to become or remain in an unsightly, offensive, unwholesome, or hazardous condition which results in a nuisance to the general public welfare. Conditions which shall be considered a violation of this section shall include, but shall not be limited to:

(1) Signs that the pool has become a breeding ground for mosquitoes, snakes, and other vermin, insects and pests;

(2) Signs of algae and mold;

(3) Signs of stagnant, non-circulating, non-treated water;

(4) Signs that the pool presents a danger of accidental drowning over and above the danger inherently associated with the presence of a pool; and

(5) Signs that the pool has become unsightly and/or unsanitary due to abandonment or neglect.

(Ord. No. 04-619, § 1, 8-26-2004)

Sec. 14-132. Enforcement.

(a) The provisions of this article shall be enforced by the department of community development. When the director or his agent shall find that any provision of this article is being violated, he shall issue written notification to be served in person or by first class mail to the owner of the property upon which the violation exists, of such violation, indicating the nature of the violation, the necessary action required to correct the violation, and that such corrective action shall be taken within 14 days from the date of the notice.

(b) If the violation is not removed or abated within 14 days from the date of the written notification, the director may thereafter institute the following enforcement procedures:

(1) The director may cause the abatement of any violation under this article in the manner deemed most appropriate by the director. The director shall keep an account of the costs of abating the violation and shall render an itemized report in writing to the city council. The owner of the property upon which the violation exists shall be notified by first class mail at least five days in advance of the time fixed by the director for the city council to receive the report; and the owner of property may appear at that time and present objections, if any there be, to the report.

At the time fixed for receiving and considering the report, the city council shall hear the report, together with any objections which may be raised by any of the owners whose property is liable to be assessed for the work and thereupon make such modifications in the report as they deem necessary, after which by motion or resolution the report shall be confirmed. The amounts of the cost for abating a violation of this article mentioned in the report shall constitute special assessments against the land, and as thus made and confirmed shall constitute a lien on the property for the amount of such assessments. After

confirmation of the report, a copy shall be turned over to the clerk-treasurer, who is charged with the collection of assessments, whereupon it shall be the duty of the clerk-treasurer to charge the assessments against the respective lots and parcels of land for municipal purposes; and thereafter such amounts shall be collected at the same time and in the same manner as ordinary municipal assessments are collected and shall be subject to the same penalties and the same procedure under foreclosure and sale in case of delinquency as provided for ordinary municipal assessments.

(2) The director or any code enforcement officer working under his supervision may issue a citation to the owner of the property upon which the violation exists requiring the person to appear in municipal court to answer charges for the violation of this article. Such citation shall name the party charged, the address of the property where the alleged violation is located, and the nature of the offense or violation. It shall also apprise the person of the date, time and place at which to appear in court, the owner is subject to the same penalty as provided for violation of city ordinances in section 1-7 of the Code of Ordinances of the City of Huntsville, Alabama. Such citation, returnable to the municipal court shall be served on the owner of property by any code enforcement officer for the community development division, who shall forthwith appear and make oath as to the alleged offense before a magistrate of the municipal court. This provision for the issuance of a citation to municipal court shall not prevent any such officer from appearing before a municipal court magistrate and making oath as to the facts and applying for a summons or warrant with respect to any alleged offense, in lieu of issuing a citation.

(3) The director may institute both enforcement procedures set forth in subsections (1) and (2) of this section. The institution of one procedure does not preclude the subsequent or simultaneous institution of the other procedure, provided the criminal procedure is not used to collect any outstanding civil assessments against the subject property.

(Ord. No. 04-619, § 1, 8-26-2004)

Sec. 14-133. Satisfaction of liens.

Upon payment of the itemized accounts arising under this article, any liens or assessments filed under this article may be marked "Satisfied" and "Paid in Full" by the clerk-treasurer.

(Ord. No. 04-619, § 1, 8-26-2004)

Article VIII. Ad Valorem Taxes

Sec. 15-401. Ordinances not affected by Code.

ARTICLE I. GENERAL PROVISIONS

Sec. 15-1. Definitions applicable to entire chapter.

(a) *Definitions.* The following words, terms, and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Administrative hearing officer means any individual acting in that capacity in accordance with the provisions of this chapter.

Alabama Department of Revenue or *ADOR* means the Alabama Rvenue, as created under the Code of Ala. 1975, § 40-2-1 et seq.

City means the city council or any one or more of its delegates and, where appropriate, the term "city" shall be substituted for terms in the corresponding state tax laws that are expressly incorporated into this chapter by reference and that refer to the taxing authority.

City attorney means the city attorney of the city or any one or more of his delegates or a private attorney designated by the city attorney, and, where appropriate, shall be substituted for the term "legal division" as such term appears in the corresponding state tax laws in reference to the legal division of the ADOR.

City clerk means the city clerk of the city or any one or more of his delegates, and, where appropriate, shall be substituted for the term "municipal clerk" as such term appears in Code of Ala. of 1975, § 11-51-191(e).

City finance department or *finance department* means the finance department of the city, and, where appropriate, shall be substituted for the term "department of revenue" or "department" or "license officer" as such term appears in the corresponding state tax laws. The term includes the city finance director.

City finance director or *finance director* means the finance director of the city or any one or more of his delegates, and, where appropriate, shall be substituted for the term "commissioner" as such term appears in the corresponding state tax laws.

Corresponding state tax laws means state tax laws that the city parallels, incorporates by reference into this chapter, or otherwise conforms to in the levy, assessment, collection, administration, or enforcement of the taxes levied or assessed under this chapter. The term does not include the rules of the Alabama Tax Tribunal nor the declaratory judgment, declaratory ruling or contested case provisions of the Alabama Administrative Procedure Act (Code of Ala. 1975, § 41-22-1 et seq.).

Delegate means any officer, agent, or employee of the city duly authorized, directly or indirectly, by one or more re-delegations of authority, to perform the function described in the context.

Include. The term include, or its derivations, does not limit a term to the specified example.

State tax laws means state tax statutes, and the regulations promulgated thereunder pursuant to the Alabama Administrative Procedures Act, as such laws now exist or are hereafter adopted, superseded, or amended from time to time. The term does not include the rules of the Alabama.

U.S.C. means the applicable title and section of the United States Code, as amended from time to time.

(b) *Meanings and rules of construction.* Where not otherwise defined in this chapter, including subsection (a) of this section, the words, terms, and phrases, when used in this chapter, shall have the meanings and rules of construction ascribed to them in section 1-2 of this Code, except where the context clearly indicates a different meaning.

(c) *Rule of plain meaning; aid to construction of words and provisions; city finance director's general power of interpretation and administration.* Unless this chapter or any federal, state, or local law, rule, or regulation requires a particular meaning for any word, term, or provision not expressly defined, all other words, terms, and provisions shall be interpreted and construed in accordance with the rule of plain meaning. Solely as a nonbinding aid to assist in interpreting and construing any word, term, or provision of this chapter, the city finance director may utilize any

reasonable source, including this Code, other ordinances and resolutions of the city council; prior interpretations, constructions, rules, regulations, policies, and rulings of the city finance director; the Code of Alabama; rules, regulations, interpretations, and rulings of the Alabama department of revenue; judicial decisions, rulings, and opinions; dictionaries and encyclopedias; rules, regulations, rulings, and promulgations of any department, agency, commission, authority, or bureau of the city, the state, or the United States. To the extent allowed by law and subject only to the executive, administrative, statutory, judicial, or legislative powers of other bodies or officials or as otherwise provided by law, the interpretation, construction, and administration by the city finance director of this chapter shall be final and binding.

(d) *Construction to allow maximum taxation.* The provisions of this chapter shall be construed to allow taxes, licenses, and other revenues to be assessed in the maximum amount allowed by the constitution and laws of the United States and the state, including those provisions relating to interstate commerce. All provisions of this chapter are intended to be consistent with the constitution and laws of the United States and the state. This rule of construction shall be applied as follows:

(1) The amount of tax, license, or other revenue due to the city shall be calculated in accordance with municipal law;

(2) If the constitution or laws of the United States or the state impose no limitation thereon, then the amount due shall be assessed solely in accordance with municipal law;

(3) If the constitution or laws of the United States or the state do impose a limitation on the amount due under municipal law, then the amount due shall be reduced only to the extent required by such federal or state limitation.

(e) *Automatic conformity to federal and state law.* To the extent this chapter may conflict with any valid superseding federal or state law, it shall automatically conform to such federal or state law. The city finance director is authorized to administer this chapter in accordance with such automatic conformity.

(Ord. No. 12-365, § 1, 5-24-2012; Ord. No. 25-388, § 1, 5-22-2025)

Sec. 15-2. Administration of chapter generally.

(a) *City finance director.* Except as may otherwise be provided, the city finance director shall, on behalf of the city, administer and enforce this chapter and any other ordinance or resolution relating to revenues, business licenses, and taxes. In addition to all other powers granted or implied by this chapter, law, ordinance, resolution, or job description, the city finance director shall, subject to applicable laws including this chapter, have the following powers and duties:

(1) To administer and enforce this chapter and any other ordinance or resolution relating to revenues, business licenses, and taxes.

(2) To seek the promulgation of, rules, regulations, policies, and rulings, as allowed by and in accordance with applicable law, in furtherance of the administration of this chapter and any other ordinance or resolution relating to revenues, business licenses, and taxes.

(3) To issue or enter all levies, notices, licenses, assessments, and other matters as may be provided by this chapter, and any other ordinance or resolution relating to revenues, business licenses, and taxes.

(4) To make determinations of the amounts owed or due under this chapter and any other ordinance or resolution relating to revenues, business licenses, and taxes.

(5) To authorize and approve promissory notes and other instruments of indebtedness for levies, assessments, and other business license or tax amounts due to the city.

(6) To suspend renewal of business licenses and issuances of new business licenses to

persons or taxpayers who owe business license or tax liabilities to the city or for which other reasonable cause exists.

(7) To audit and examine or cause to be audited or examined the records and books of taxpayers.

(8) To take all civil, administrative, and criminal actions in the enforcement of this chapter or any other ordinance or resolution relating to revenues, business licenses, and taxes, and the city finance director may require the assistance of and act through the city attorney. All remedies for enforcement and collection of licenses and taxes shall be cumulative, unless prohibited by applicable state law.

(9) To enter into and execute, on behalf of the city, exchange of information or other agreements with other taxing authorities, as may be allowed by state or federal law.

(10) To enter into and execute, on behalf of the city, installment agreements, and to alter, modify or terminate same; and to generally administer and enforce said installment agreements on behalf of the city according to the terms of the agreement.

(11) To the maximum extent allowed by state law, rule, or regulation, in addition to powers granted elsewhere in this chapter or otherwise, as related to licenses and taxes, the city finance director shall have all powers of administration, enforcement, assessment, collection, levy, seizure, and distraint, as provided by, authorized by, or parallel to all provisions of Code of Ala. 1975, tits. 11 and 40, as amended.

(b) *Delegation*. In the exercise of his powers or duties the city finance director may (1) delegate all or any of said duties or powers to other officers, agents, or employees of the city, which includes his subordinates, (2) request the advice, counsel, representation, or assistance of the city attorney, or his designees, or (3) be assisted by city law enforcement officers in the enforcement of this chapter. When reference is made in this chapter to the city finance director, it shall include his delegates.

(c) *City finance department*. The city finance department shall be responsible for processing appeals to the administrative hearing officer and otherwise performing in accordance with applicable law and shall be under the supervision of the city finance director, as appropriate, relative to any day to day operations of the office.

(d) *Administrative hearing officer.* The administrative hearing officer shall be responsible for scheduling and conducting hearings and deciding all appeals properly filed with the city finance director and to otherwise perform in accordance with applicable law.
(Ord. No. 12-365, § 1, 5-24-2012; Ord. No. 16-580, § 1, 8-25-2016; Ord. No. 25-388, § 2, 5-22-2025)

Sec. 15-3. Disclosure of information; exchange of information.

(a) The confidentiality of license and tax information, as such information is identified by applicable state tax laws, shall be maintained in accordance therewith and may be disclosed as allowed thereby, including disclosure, in accordance with applicable state tax laws, of information regarding taxes paid or taxes due and unpaid by the seller so as to comply with Code of Ala. 1975, §§ 40-23-25, 40-23-82, or 40-12-224.

(b) The city finance director is hereby authorized to exchange license and tax information with other municipal, state, and county tax agencies and officers in accordance with applicable state tax laws, including Code of Ala. 1975, § 40-2A-10(e), and Alabama department of revenue regulations promulgated pursuant thereto, subject to the confidentiality restrictions of this chapter and state law.

(c) Notwithstanding this section or section 15-76 or any other provision of law pertaining to taxpayer confidentiality, any violation of this section or section 15-76 or other provisions regarding taxpayer confidentiality shall not create any

cause of action, and the city does not waive any immunity or other defense provided by law pertaining to taxpayer confidentiality.
(Ord. No. 12-365, § 1, 5-24-2012; Ord. No. 25-388, § 2, 5-22-2025)

Sec. 15-4. Interest.

(a) Interest shall be added to any license or other tax levied under this chapter which is not paid by the due date, subject to Code of Ala. 1975, § 40-23-2.1. The interest shall be computed based on the underpayment rate established in Code of Ala. 1975, § 40-1-44(a).

(b) Interest shall be paid on any refund of license or other tax erroneously paid under this chapter. A license or other tax will be considered erroneously paid if it was paid as a result of any error, omission, or inaccurate advice by or on behalf of the city. The interest shall be computed at the same rate as provided in subsection (a) of this section for interest on underpayments.
(Ord. No. 12-365, § 1, 5-24-2012)

Sec. 15-5. Right of appeal to administrative hearing officer or circuit court.

(a) *Sales, use, rental and lodging tax appeals from final assessment or denied refund.*

(1) The city has elected to divest the Alabama Tax Tribunal of jurisdiction over appeals of final assessments or denied refunds in whole or part, of the sales, use, rental, and lodgings taxes levied or collected under article III of this chapter. Accordingly, the city has established an appeal process to an administrative hearing officer that functions in a manner similar to the procedures prescribed for appeals to the Alabama Tax Tribunal or to circuit court, as provided by the state statute.

(2) A taxpayer may appeal a final assessment, a denied refund, or a preliminary assessment that has been entered but not withdrawn or finalized within the prescribed five-year period, involving sales, use, rental, or lodgings taxes levied or assessed under article III of this chapter to either (i) the administrative hearing officer (see section 15-6(b) regarding commencing a proceeding with the administrative hearing officer) or (ii) to the circuit court of Madison County, Alabama, or to the circuit court of the county in which the taxpayer resides or has a principal place of business in Alabama, in accordance with the procedures and requirements applicable to such appeals provided in the Code of Ala. 1975, § 40-2A-7. For purposes of any appeal filed by a taxpayer pursuant to article III of this chapter, the term "department" means the finance department and the term "secretary of the department" means the city finance director, as used in the Code of Ala. 1975, § 40-2A-7.

(b) *License tax appeals from final assessment.* A taxpayer may appeal a final assessment involving a business license tax levied or assessed under article II, a liquor privilege license tax levied or assessed under article IV, a sale of liquid fuel privilege license tax levied or assessed under article V, and a tobacco privilege license fee levied or assessed under article VII, of this chapter, to either the administrative hearing officer or the circuit court in accordance with the applicable procedures and requirements provided in section 15-75 of this chapter.

(c) *License tax appeals from denied refund.* Appeals from the denial, in whole or part, of a petition for a refund of a business license tax levied or assessed under article II, a liquor privilege license tax levied or assessed under article IV, a sale of liquid fuel privilege license tax levied or assessed under article V, and a tobacco privilege license fee levied or assessed under article VII, of this chapter, shall be to the circuit court in accordance with section 15-75 of this chapter.
(Ord. No. 25-388, § 3, 5-22-2025)

Sec. 15-6. Administrative tax appeals.

(a) *Administrative hearing officer; process.*

(1) The purpose of this section is to establish an administrative hearing process for tax appeals made to the administrative hearing officer pursuant to this chapter,

and to establish the authority and responsibilities of the administrative hearing officer concerning such appeals. The provisions of this section should be liberally construed to provide for the fair, efficient, complete resolution of all matters in dispute. The administrative hearing process and the authority of the administrative hearing officer established in this section do not govern appeals from other actions taken under this chapter, including actions against business licenses, which are governed by other provisions of this chapter.

(2) The administrative hearing officer shall be an attorney in private practice licensed to practice law in the state that is impartial and reasonably knowledgeable of the relevant tax laws governing the taxes levied under this chapter. The city finance director shall maintain a list of qualified attorneys to select from to act as the administrative hearing officer in an appeal under this chapter. Nothing in this provision shall be construed to waive the conflict provisions of the Alabama Rules of Professional Conduct.

(3) The administrative hearing officer shall have the authority to schedule and conduct hearings on properly filed appeals to the administrative hearing officer from the action appealed from in accordance with this chapter and render decisions and orders relating thereto. The administrative hearing officer hearing the case may prescribe the procedure to be followed in a given circumstance if there is no controlling law, including this chapter and applicable state law, that applies.

(4) Except in cases involving the denial of a claim for refund and except as provided in the Alabama statute regarding jeopardy assessments (see Code of Ala. 1975, § 40-29-91), the taxpayer shall have the right to have his or her case heard by the administrative hearing officer prior to the payment of any of the amounts asserted as due by the tax administrator and prior to the posting of any bond.

(5) In the case of sales, use, rental, and lodging taxes if, with or after the filing of a timely notice of appeal, the taxpayer pays all or part of the tax or other amount in issue before the administrative hearing officer has rendered a decision, the administrative hearing officer shall treat the taxpayer's notice of appeal as a protest of a denial of a claim for refund of the amount so paid.

(6) The administrative hearing officer shall decide questions regarding the constitutionality of the application of state statutes, city laws, and ADOR regulations related to sales, use, rental, and lodging taxes, to the taxpayer, but shall not have the power to declare such laws and regulations facially unconstitutional. A taxpayer desiring to challenge the constitutionality of said laws on their face, at the taxpayer's election, may do so by one of the following methods:

a. Commence a declaratory action in the courts of Alabama with respect to the constitutional challenge and file a notice of appeal with the administrative hearing officer with respect to the remainder of the matter, which proceeding shall be stayed by the administrative hearing officer pending final resolution of the constitutional challenge.

b. File a notice of appeal with the administrative hearing officer with respect to issues other than the constitutional challenge, in which the taxpayer preserves the constitutional challenge until the entire matter, including the constitutional challenge and the facts related to the constitutional challenge, is presented to a court of competent jurisdiction.

c. Commence and simultaneously prosecute a declaratory action in the courts of Alabama with respect to the constitutional challenge and

a proceeding with the administrative hearing officer with respect to the remainder of the issues.

Where the taxpayer elects to file a notice of appeal with the administrative hearing officer as provided for in this subsection (a)(6), such filing of the notice of appeal shall be accomplished in accordance with subsection (b) of this section.

(b) *Pleadings.*

(1) A taxpayer may commence a proceeding with the administrative hearing officer by filing with the city finance department a notice of appeal: (i) of a final assessment protesting the city finance director's determination imposing a liability for a tax, penalty, or interest levied under this chapter; or (ii) from the finance director's denial of a refund involving a sales, use, rental, or lodgings tax levied under article III of this chapter; or (iii) of a preliminary assessment involving a sales, use, rental, or lodgings tax levied under article III of this chapter that has been entered but not withdrawn or finalized by the finance director within five years from the date of entry. The administrative hearing officer shall not have authority to hear appeals from the denial of a petition of refund involving a business license tax levied under article II, a liquor privilege license tax levied under article IV, a sale of liquid fuel privilege license tax levied under article V, and a tobacco privilege license fee levied under article VII, of this chapter.

(2) With regard to sales, use, rental and lodgings taxes, the notice of appeal shall be filed in accordance with the time periods required by the Code of Ala. 1975, § 40-2A-7. With regard to business license taxes, liquor privilege license taxes, sale of liquid fuel privilege license taxes, and tobacco privilege license fee, the notice of appeal shall be filed in accordance with the time periods required by the Code of Ala. 1975, § 11-51-191 and section 15-75 of this chapter.

(3) The notice of appeal filed by the taxpayer shall be filed with the city finance department and shall identify the final assessment, denied refund, or non-withdrawn or non-finalized preliminary assessment, which is the subject of the appeal, the position of the appealing party (taxpayer), the basis on which relief should be granted, and the relief sought. A notice of appeal that does not include all of the above information shall be sufficient to invoke the jurisdiction of the administrative hearing officer. The administrative hearing officer may require a taxpayer to file an amended notice of appeal if more information is deemed necessary.

(4) Upon receipt of the notice of appeal, the city finance director shall assign an administrative hearing officer to the case. Upon the administrative hearing officer's acceptance of the appeal, the finance director shall: (i) forward the original appeal to him; (ii) notify the city attorney in writing that an appeal has been filed, provide him with a copy of the appeal (with attachments) and the name of the administrative hearing officer accepting the assignment of the appeal; and (iii) mail a copy of such notification (except for the copy of the appeal), along with the name of the administrative hearing officer, to the taxpayer or its authorized representative. The city attorney, on behalf of the finance director, shall file his answer with the administrative hearing officer no later than 45 days after the city attorney's receipt of the notification from the city finance director that an appeal has been filed and the name of the administrative hearing officer accepting the appeal. Upon written request, the administrative hearing officer may grant up to 45 additional days to file an answer. The answer shall state the facts and the issues involved and the city finance director's position relating thereto. The

administrative hearing officer may require the city finance director to file an amended answer if more information is deemed necessary. The city finance director shall serve a copy on the taxpayer's representative or, if the taxpayer is not represented, on the taxpayer, and shall file proof of such service with the answer.

(5) The taxpayer may file a reply with the administrative hearing officer within 30 days after receipt of the answer. The taxpayer shall serve a copy on the city attorney and shall file proof of such service with the reply. When a reply has been filed, or, if no reply has been filed, then 30 days after the filing of the answer, the controversy shall be deemed at issue and will be scheduled for hearing.

(6) The notice of appeal and any subsequent pleadings submitted by the parties shall be deemed to conform to the evidence submitted by the parties. If an issue is raised or evidence is presented at a hearing that was not previously pled or raised, the opposing party may, at the discretion of the hearing officer, be allowed time to address the issue or evidence, either through brief, or at a subsequent hearing in the case, as fairness dictates.

(c) The administrative hearing officer shall have the authority to hold pre-hearing conferences and may enter a preliminary order directing one or more parties to take such action as deemed appropriate.

(d) *Fees; costs.* No filing fee shall be imposed on a taxpayer for an appeal filed with the administrative hearing officer.

(e) *Stipulation.* The parties to a proceeding shall stipulate all relevant and non-privileged matters to the fullest extent to which complete or qualified agreement can or fairly should be reached.

(f) *Hearings.*

(1) Proceedings before the administrative hearing officer shall be tried de novo.

(2) Except as set forth in this section or otherwise precluded by law, the administrative hearing officer may subpoena such witnesses, consistent with the procedure set out in the Code of Ala. 1975, § 40-2A-7, as may be requested by the taxpayer or the finance director, or as otherwise deemed by the administrative hearing officer to be important to the decision of the matter, and shall take evidence, conduct hearings, and issue final and preliminary orders. An appeal may be held in abeyance by the agreement of the parties or at the discretion of the administrative hearing officer or may be submitted for decision on a joint stipulation of facts without a hearing or as otherwise agreed by the parties. The administrative hearing officer, with or without a hearing, may dismiss any appeal or grant appropriate relief to any party, if a party refuses to comply with any applicable law concerning appeals before the administrative hearing officer or if a party refuses to comply with any preliminary order directing the party to take such action as deemed appropriate by the administrative hearing officer.

(3) Hearings shall not be open to the public and all pleadings and other materials filed with or submitted to the administrative hearing officer are not considered to be a public record of the city.

(4) The administrative hearing officer shall not be bound by the rules of evidence applicable to civil cases in the circuit courts of this state. The administrative hearing officer shall admit relevant evidence, including hearsay, if it is probative of a material fact in controversy. The administrative hearing officer shall exclude irrelevant and unduly repetitious evidence. Notwithstanding the foregoing, the rules of privilege recognized by law shall apply.

(5) Testimony may be given only on oath or affirmation.

(6) In the case of an issue of fact, the taxpayer shall have the burden of persuasion by a preponderance of the evidence in the record, except that the tax administrator shall have the burden of persuasion in the case of an assertion of fraud and in other cases provided by law. The final assessment shall be prima facie correct, and the burden of proof shall be on the taxpayer to prove the assessment is incorrect.

(7) Hearings involving taxpayers that appear pro se or that are represented by an authorized representative who is not an attorney shall be informal in nature. To ensure a fair hearing in such cases, the hearing officer may explain to the pro se taxpayer or the taxpayer's non-attorney authorized representative the general procedures to be followed in the hearing, the legal issue or issues involved in the case, and the facts that are generally relevant in deciding the legal issue or issues. The intent of this subsection is to ensure that all taxpayers will receive a fair hearing, and that taxpayers and their non-attorney authorized representative fully understand the legal issue or issues and the relevant facts involved in the case.

(8) All hearings shall be recorded by a qualified court reporter, and the proceedings shall be transcribed at the request of either the city finance director, the taxpayer, or the administrative hearing officer, with the expense of transcription being charged to the requesting party. The record of the proceedings or transcript thereof shall be maintained by the finance department for at least five years; provided, however, upon appeal to circuit court by either party, the administrative hearing officer shall thereafter prepare a record on appeal, which shall include the orders of the administrative hearing officer, the stenographic transcript of the hearing before the administrative hearing officer, the pleadings, and all exhibits and documents admitted into evidence.

(g) *Decisions.*

(1) The administrative hearing officer shall render his final decision in writing, including therein a concise statement of the facts found and the conclusions of law reached. The administrative hearing officer's decision, subject to law, shall grant such relief, invoke such remedies, and issue such orders as he or she deems appropriate to carry out his or her decision. The administrative hearing officer may enter a preliminary order directing one or more parties to take such action as deemed appropriate. The administrative hearing officer, after a hearing or after a case is otherwise submitted for decision, may issue an opinion and preliminary order, which shall include findings of fact and conclusions of law. The opinion and preliminary order may direct the finance director to recompute a taxpayer's liability or the amount of a refund due or for any party to take such action as specified in the preliminary order.

(2) The administrative hearing officer shall render his or her preliminary or final order, as applicable, no later than six months after submission of the last brief filed subsequent to completion of the hearing or, if briefs are not submitted, then no later than six months after completion of the hearing. The administrative hearing officer may extend the six-month period, for good cause, up to three additional months.

(3) If the administrative hearing officer fails to render either a preliminary order or a final order within the prescribed period, either party may institute a proceeding in the circuit court to compel the issuance of such decision.

(4) The administrative hearing officer's decision shall finally decide the matters in controversy, unless any party to the matter timely appeals the decision as provided for under applicable state law.

(5) Any party may apply for rehearing from any final order or opinion and preliminary

order of the administrative hearing officer; provided, however, the application must be filed with the administrative hearing officer within 15 days from the date of entry of such order. The application for rehearing shall specify the reasons and supporting arguments why such order is incorrect and should be reconsidered. The timely filing of an application for rehearing from a final order shall suspend the time period for filing an appeal to circuit court as provided in this chapter and under applicable state law. If an application for rehearing is timely filed, the administrative hearing officer shall thereafter issue a final or other order on rehearing, either with or without a hearing on the application, at the discretion of the administrative hearing officer. The time for filing a notice of appeal to circuit court shall begin anew on the date of entry of the final order on rehearing.

(6) The administrative hearing officer's final order shall have the same effect, and shall be enforced in the same manner, as a judgment of a circuit court of the state, unless altered or amended on appeal or rehearing.

(h) *Appeals.* Appeals from a decision of the administrative hearing officer shall be to the appropriate circuit court and shall follow the procedure for appeals from final or appealable orders of the Alabama Tax Tribunal as set out in Code Ala. Code 1975, § 40-2B-2(m). The appropriate circuit court for appeals shall be as follows:

(1) Any appeal by the city shall be filed with the circuit court of the county in which the taxpayer resides or has a principal place of business in Alabama.

(2) Any appeal by the taxpayer shall be filed with the circuit court of Madison County, Alabama, or with the circuit court of the county in which the taxpayer resides or has a principal place of business in Alabama.

(3) Notwithstanding paragraphs a. and b., if the taxpayer does not reside in Alabama or have a principal place of business in Alabama, any appeal by the taxpayer or the city shall be filed with the circuit court of Madison County, Alabama.

(i) *Representation.*

(1) Appearances in proceedings conducted by the administrative hearing officer may be by the taxpayer; by an attorney admitted to practice in this state, including an attorney who is a partner or member of, or is employed by, an accounting or other professional services firm; by an accountant licensed in this state; or by an authorized representative with written authority or power of attorney to represent the taxpayer. Nothing herein shall be construed as entitling any such individual who is not a license attorney to engage in the practice of law.

(2) The city attorney is authorized to represent or provide representation for the city finance director in all proceedings before the administrative hearing officer and the circuit court under this chapter and applicable state law.

(j) *Service of process.*

(1) Mailing by first class or certified or registered mail, postage prepaid, to the address of the taxpayer given on the taxpayer's notice of appeal, or to the address of the taxpayer's representative of record, if any, or to the usual place of business of the city finance director, shall constitute personal service on the other party. The administrative hearing officer may prescribe that notice by other means shall constitute personal service and, in a particular case, may order that notice be given to additional persons or by other means.

(2) Mailing by registered or certified mail and delivery by a private delivery service approved by the Internal Revenue Service in accordance with section 7502(f) of the Internal Revenue Code of 1986, as amended, shall be deemed to have

occurred, respectively, on the date of mailing and the date of submission to the private delivery service.

(3) Timely mailed document considered to be timely filed.

(k) *Settlement by the parties.* Nothing in this section shall be construed to prevent the parties from settling a matter that is pending on appeal before the administrative hearing officer or the circuit court and requesting a dismissal of the appeal, with or without prejudice, and the entry of an order consistent with the terms of the settlement, as may be agreed to by the parties. (Ord. No. 25-388, § 4, 5-22-2025)

ARTICLE II. BUSINESS LICENSES*

DIVISION 1. GENERAL PROVISIONS

Sec. 15-31. Definitions applicable to this article; conflict with chapter 3 of this Code.

(a) *Definitions.* The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning.

Business means any commercial or industrial activity or any enterprise, trade, profession, occupation, or livelihood, including the lease or rental of residential or nonresidential real estate, whether or not carried on for gain or profit, and whether or not engaged in as a principal or as an independent contractor, which is engaged in, or caused to be engaged in, within the city.

Business license means an annual license issued by the city pursuant to this article for the privilege of doing any kind of business, trade, profession, or any other activity in the city, by whatever name called, which document is required to be conspicuously posted or displayed in accordance with subsection 15-44(d) of this article. The term does not include the liquor, motor fuel, or tobacco taxes levied under articles IV, V, or VII, respectively, or the sales, uses, rental, or lodging taxes levied under article III, of this chapter.

Business license remittance form means any business license return, renewal reminder notice, or other writing on which a taxpayer calculates its business license tax liability for all or part of the license year and remits the amount so calculated with the form.

Gross receipts means a measure of any and all receipts of a business from whatever source derived, to the maximum extent permitted by applicable laws and constitutional provisions, to be used in calculating the amount due for a business license. Provided, however, that:

(1) Gross receipts shall not include any of the following taxes collected by the business on behalf of any taxing jurisdiction or the federal government: All taxes which are imposed on the ultimate consumer, collected by the taxpayer, and remitted by or on behalf of the taxpayer to the taxing authority, whether state, local, or federal, including utility gross receipts taxes levied pursuant to Code of Ala. 1975, Article 3, Chapter 21, Title 40; license taxes levied pursuant to Code of Ala. 1975, Article 2, Chapter 21, Title 40; or reimbursements to professional employer organizations of federal, state, or local payroll taxes or unemployment insurance contributions; but no other deductions or exclusions from gross receipts shall be allowed except as provided in this article.

(2) A different basis for calculating the business license may be used by the city with respect to certain categories of taxpayers as prescribed in Code of Ala. 1975, § 11-51-90.2.

(3) For a utility or other entity described in Code of Ala. 1975, § 11-51-129, gross receipts shall be limited to the gross

*__Editor's note—__Section 2 of Ord. No. 12-365, adopted May 24, 2012, amended art. II in its entirety to read as herein set out. Former art. II, §§ 15-31—15-39, 15-41—15-62, pertained to general privilege licenses. See the Code Comparative Table for a complete derivation.

receipts derived from the retail furnishing of utility services within the city during the preceding year that are taxed under Code of Ala. 1975, Article 3 of Chapter 21 of Title 40, except that nothing herein shall affect any existing contract or agreement between the city and a utility or other entity. The gross receipts derived from the furnishing of utility services shall not be subject to further business license taxation by the city.

(4) Gross receipts shall not include dividends or other distributions received by a corporation, or proceeds from borrowings, the sale of a capital asset, the repayment of the principal portion of a loan, the issuance of stock or other equity investments, or capital contributions, or the undistributed earnings of subsidiary entities.

License form means any business license application form, renewal reminder notice, business license remittance form, or business license return by whatever name called.

License year means the calendar year.

Municipality means any town or city in this state that levies a business license tax from time to time. The term shall also include the town's or city's police jurisdiction, where the business license tax is levied in the police jurisdiction.

Person means any individual, association, estate, trust, partnership, limited liability company, corporation, or other entity of any kind.

Principal means any person that is a sole proprietor, shareholder of a privately held corporation, officer, director, principal, partner, member if the member manages or has the right to manage the entity or organization, or any other person serving as a part of the governing authority of an entity.

Taxing jurisdiction means any municipality that levies a business license tax, whether or not a business license tax is levied within its police jurisdiction, or the Department of Revenue acting as agent on behalf of a municipality pursuant to the Code of Ala. 1975, §§ 11-51-180 et seq., as the context requires.

Taxpayer means any person subject to or liable under this article for any business license tax; any person required to file a return with respect to, or pay or remit the business license tax levied under this article or to report any information or value to the city; or any person required to obtain, or who holds any interest in, any business license issued by the city; or any person that may be affected by any act or refusal to act by the city under this article, or to keep any records required by this article.

Other terms. Other capitalized or specialized terms used in this article, and not defined in this subsection (a) or section 15-1, shall have the same meanings ascribed to them in Code of Ala. 1975, § 40-2A-3, unless the context otherwise requires.

(b) *Conflict with chapter 3.* Chapter 3 of this Code contains regulations concerning alcoholic beverages and may contain provisions that are inconsistent with one or more provisions of this article. In such case chapter 3 shall apply.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-32. Method for providing notice under this article.

(a) *Methods; receipt.*

(1) *Notice by city.* Unless otherwise provided for in this article, all written notice required to be sent by the city under this article shall be sent, at the city finance director's option, by personal delivery, or by certified mail, return receipt requested, or by first class U.S. mail, to the last-known mailing address of record in the city finance department. Unless otherwise provided for in this article, written notices shall be deemed served or received as follows: if by personal delivery, upon delivery; if by first class U.S. mail, three days after mailing; or if by certified mail, upon receipt.

(2) *Notice by taxpayer.* Unless otherwise provided for in this article, all written

notice required to be sent by the taxpayer under this article shall be sent to the city finance department using any one of the methods, at the taxpayer's option, prescribed in subsection (1) above. Unless otherwise provided for in this article, written notices shall be deemed served or received as set forth in subsection (1) above.

(b) *Alternative methods.* The taxpayer may also request, at any time and from time to time, that, as alternative but not additional methods of providing notice to the taxpayer from the city, that notice be sent via facsimile to the facsimile number provided by the taxpayer, or by electronic mail to the email address provided by the taxpayer. It shall be solely at the city finance director's option the method of providing notice that will be used, unless provided for otherwise in this article. Unless otherwise provided for in this article, written notices using the alternative methods shall be deemed served or received as follows: if by facsimile or electronic mail, upon confirmation of delivery.

(c) *State-required methods.* Notwithstanding anything to the contrary contained in this section, where applicable provisions of state tax laws dictate the proper method of sending notice, the method used shall conform to such state tax law.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Secs. 15-33—15-35. Reserved.

DIVISION 2. BUSINESS LICENSE REQUIRED; APPLICATION PROCESS

Sec. 15-36. Business license required.

(a) *Levy of business license.* There is hereby levied on each of the following persons who are within the city's business license jurisdiction, or who engage in activity subject to the city's business license jurisdiction, a business license to be paid in the amount as provided elsewhere in this article:

(1) Each person engaging in any activity listed or described in the business license schedule of section 15-85; or

(2) Each person engaged in any exhibition, trade, business, vocation, occupation, or profession; or

(3) Each person engaged in any activity for which Code of Ala. 1975, Chapter 51 of Title 11, or any other provision of the Code of Ala. 1975, enables the city to levy a business license.

(b) *Purposes of levy.* The levy of business licenses is in the exercise of the police power and for the purpose of raising revenue.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-37. Prima facie evidence of engaging in business.

(a) *Indications of business activity.* Each of the following, without limitation, shall constitute prima facie evidence of engaging in business:

(1) The maintenance of an office or place of business.

(2) Advertising, signs, web sites, promotional materials, or similar matters that promote the business.

(3) Maintaining books or records indicating business activity.

(4) Engaging in any activity which would require that the person obtain a license from the state or any county within which the city is located, or the obtaining of such a license; or the filing of a tax return with the Alabama Department of Revenue or Internal Revenue Service indicating the existence of a business.

(5) Engaging in any activity described in the 2002 North American Industrial Classification System.

(6) Engaging in any activity for which state law would enable or authorize the city to require a business license.

(b) *List not exclusive.* This section is supplemental to all other provisions of this article. No specific kind of evidence of engaging in business activity shall be required. A business

license shall be required as provided in this article regardless of the quality or quantity of evidence.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-38. Exemptions.

(a) In addition to any other exemptions required to be provided under applicable federal and state laws, or that are otherwise provided for in this article, the following shall be exempt from the business license requirements of this article:

(1) *Farmer's exemption.*

a. For purposes of subsection (1), the following terms shall have the meanings ascribed to them in this subsection a.:

(i) The term farmer means a farmer or other individual engaged in the production of farm products for sale or other disposition exclusively of articles produced by him.

(ii) The term farm product means all agricultural, horticultural, vegetable and fruit products of the soil, meats, marine food products, poultry, eggs, dairy products, wool, hides, feathers, nuts and honey, but shall not apply to seeds sold at retail, nor include timber products, tea, coffee or pelts of fur-bearing animals.

b. No business license shall be required of any farmer; provided, however, it shall be unlawful for any farmer to sell or offer for sale within the corporate limits of the city any farm product produced by him without first having obtained, without cost, an annual farmer's permit from the city finance director.

c. In the event a farmer applying for a farmer's permit holds a grower's permit issued by the Alabama cooperative extension system, he shall include a copy of the grower's permit with his application. Any farmer selling with a grower's permit shall be allowed to sell or offer for sale only those farm products listed on the grower's permit at the location specified. Any farmer selling any other farm product not listed on the grower's permit shall forfeit the exemption allowed for under this article for the items not listed.

(2) *Exemption for public school booster organizations.* No license shall be required of any bona fide nonprofit school music, academic, or athletic group, group booster, or parents' group when raising money by selling "band" candy, ornaments, fruitcakes, fresh fruit or gift items, or washing cars, etc., where all of the profits from such sales will go to support the school band, math team, athletic team, cheerleaders, etc., by purchasing equipment, musical instruments, or uniforms, or to pay for transportation to and from games, tournaments, competitions, or exhibitions where such trips or activities, games, tournaments, competitions, or exhibitions are approved by the school board of the city schools. If a retail sale of these items is made, an academic sponsor or parents group would be responsible to see that any and all sales tax would be collected and paid to the city finance director.

(3) *Certain nonprofits.* Any nonprofit corporation formed under the laws of Alabama which is operated to enable municipalities that become members of such nonprofit corporation to finance or refinance capital projects and related undertakings, on a cooperative basis, and whose board of directors or other governing body consists primarily of elected officials of municipalities.

(b) The person claiming an exemption from business licensing hereunder shall provide appropriate proof of eligibility as may be required by the city finance director or by applicable federal or state laws.

(c) Exemption from licensing under this section does not relieve any person from complying with other applicable city laws including the zoning ordinance and technical codes of the city. (Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-39. License application process.

(a) *Application.* Each taxpayer who is required to purchase a business license shall make application to the city finance department utilizing forms provided by the city finance director for that purpose. Such applications shall be sworn to by the taxpayer or its duly authorized agent. Although the city finance department may assist the person in determining the proper classification for the license and shall have the authority to determine the proper license classification, the taxpayer shall be responsible for obtaining a business license for the proper classification. Where a taxpayer who is already licensed under this article or whose existing business license is under renewal is adding a new line of business which requires licensing under this article, the taxpayer shall be required to make application for the new line of business.

(b) *Contact information.* All taxpayers making application for a business license shall provide sufficient contact information to the city finance director for the purpose of receiving any notice or other documentation required to be sent to the taxpayer by the city under this chapter.

(c) *Code compliance procedure.* Applications shall be processed in accordance with the following section 15-40.

(d) *Building contractors or subcontractors.* Notwithstanding anything to the contrary in this article, where a business license is for contractors or subcontractors who are subject to the city's building, gas, plumbing, or electrical codes, the city finance director may direct that applications and renewals for such business licensing be initiated with, processed through, or administered in whole or part by the city's inspection division.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-40. Code compliance procedure.

(a) *Definition.* For the purposes of this section, the term "suitable for licensing" or "suitability for licensing" means that the application for business licensing includes the applicant, the proposed business to be licensed, its premises, and its operation: (1) is in compliance with all applicable laws, including the zoning laws, building and other technical codes, fire codes, health codes, and this chapter; (2) has met prerequisites required for licensing; and (3) is not found to have a condition to exist which would constitute a basis for action being taken under subsection 15-56(a).

(b) *Code compliance procedure.* Upon submission of a completed application for a business license and prior to the issuance of same, the city finance department is authorized to investigate whether the application is suitable for licensing. Such investigation may include the recommendations of other city departments as to suitability for licensing. Such recommendations may include recommendations for approval, recommendations for disapproval stating the reasons therefor, or recommendations for approval subject to stated conditions being met which make the application suitable for licensing. Upon receipt of the recommendations of applicable departments, the city finance director is authorized to determine suitability for licensing. The city finance director shall not determine that an application is suitable for licensing where at least one department has recommended disapproval.

(c) *Disapproval; conditional approval.* If an application for licensing is not approved, the city finance department shall provide written notice to the applicant of the disapproval and the reason for disapproval. If the application is approved with conditions, the applicant shall accept the conditions in writing and, thereafter, the business license shall be issued subject to such conditions, which shall become part of the business license and a violation of such conditions shall constitute a violation of this article. If the applicant does not accept the conditions, the application shall be disapproved and written notice thereof provided to the applicant.

(d) *Appeal of disapproval.* A person who applied for a business license that has been disapproved may appeal as follows:

(1) Within 30 days after receipt of the notice of the disapproval the person must submit to the city finance department a signed written notice that the disapproval is being appealed.

(2) The city finance department shall set an informal administrative hearing before the city finance director, or his delegate which shall be a city license inspector, within 30 days after receipt of the notice of the appeal. Reasonable notice of the date, time, and place of the hearing shall be given by the city finance director to the appellant in writing. The 30-day period may be extended by the city finance director for good cause shown, or by agreement between the city finance director and the appellant. The city finance department shall inform the other city department which recommended disapproval or conditional approval of the appeal, and such other department shall have a representative who is familiar with the reason therefor and who has the discretion to amend or remove the disapproval or conditional approval present at the administrative hearing. The administrative hearing shall be controlled and conducted by the city finance director, or his delegate who must be a license inspector of the city. The participants shall discuss the circumstances giving rise to the action appealed from in good faith and ascertain whether an agreement can be reached to alter, amend, mitigate, or remove the action appealed from. The city finance director, or his delegate who must be a license inspector of the city, shall have the final decision whether to alter, amend, mitigate, or remove the disapproval or approval with conditions and shall notify the appellant in writing of his decision within 14 days after the close of the hearing.

(3) If the appellant is aggrieved by the decision of the city finance director, or his delegate, the appellant may appeal the decision to the city council by filing a written notice of the appeal with the city finance department within 15 days after receipt of the ruling from the city finance director. The appeal shall be forwarded to the city council which shall set a hearing thereon. The appellant shall be given at least ten days' advance written notice of the date, time, and place for the hearing on the appeal, and the hearing on the appeal shall be conducted by the city council in the same manner as license revocation hearings under subsection 15-56(c)(2). In the event the appellant fails to appear at the hearing before the city council, provided due notice has been given thereof, the appellant shall have waived any right it has to contest the action taken.

(4) Within 30 days after the conclusion of the hearing the city council shall, by resolution, decide whether to alter, amend, mitigate, or remove the disapproval or approval with conditions. Thereafter, the appellant shall be notified of the council's decision by providing the appellant with a copy of the resolution. The city council's decision shall be final, subject to any applicable rights of judicial review provided by state law.

(5) Where the determination under an appeal under this subsection (d) is an approval with conditions, the applicant shall accept the conditions in writing and, thereafter, the business license shall be issued subject to such conditions, which shall become part of the business license.

(e) *Alternative procedure.* Notwithstanding anything to the contrary contained in this section, in the event there is an existing appeals process in place for the department that recommended disapproval or approval with conditions, such process shall be followed in lieu of the one provided for in this section. Such appeals include but are not necessarily limited to appeals under the zoning laws and the technical codes of the city.

(f) *Code compliance not a certification of lawfulness; no cause of action.* The code compliance procedure is entirely regulatory in nature as an exercise of the police powers of the city, and for determining whether a license shall be issued. It shall not relieve the taxpayer from compliance with all such laws, codes, ordinances, rules, and regulations. Issuance of a business license shall not constitute a certification, endorsement, finding, representation, warranty, or guarantee by the city or the city finance director that the taxpayer is conducting a lawful business or is otherwise in compliance with such laws, codes, ordinances, rules, and regulations; or that the taxpayer or its business does not and shall not negatively impact public health, safety, or welfare. The code compliance procedure and the issuance of a business license shall not give rise to any cause of action against the city for any activity by the taxpayer or the taxpayer's business, even if the city erroneously concludes that the taxpayer is in compliance.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-41. Effect of state regulations.

(a) As a prerequisite to licensing, every person who applies for a license under this chapter to conduct any trade or business that is subject to state licensing board oversight shall submit proof satisfactory to the city finance department that such person has obtained all applicable permits, licenses, and certifications that are required by law to conduct the trade or business. Such proof includes a true and accurate copy of the taxpayer's card or certificate, issued by the particular state licensing board within 14 months of the date on which the taxpayer applies for a business license.

(b) Any establishments selling articles of food or drinks must have a permit from the county health department before the city shall issue a license.

(c) The city finance director shall determine, upon receipt of an application to obtain or renew a business license, whether the applicant's business is identified as an industrial activity under the regulations adopted by the environmental protection agency at 40 CFR 122, "National Pollutant Discharge Elimination System [NPDES] Permit Application Regulation for Storm Water Discharges; Final Rule." If the applicant's business is identified as an industrial activity, the applicant will be required to enter, on the license application form, the NPDES discharge permit number issued by the Alabama department of environmental management (ADEM) and the permit's date of expiration. Failure to enter the valid NPDES permit number on the application shall result in the city finance director's sending a copy of the applicant's license to ADEM.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-42. Issuance of business license generally; issuance fee; payment by check.

(a) *Issuance generally.* Upon meeting all conditions for the issuance of a business license, the city finance director shall issue an appropriate license, but the issuance and grant thereof is expressly conditioned upon the truth and accuracy of the application and sworn statements. The license shall be revocable as provided in this article if such information was untruthful, inaccurate, or if the amount paid by the licensee was insufficient.

(b) *Issuance fee.* In addition to the amount of each license fee due the city, a fee of $10.00, or the current amount set by the Alabama department of revenue, for issuing or renewing a license shall be charged and paid as a part of each license issued. Such issuance fee shall be paid at the time of issuing or renewing the license and shall not be prorated.

(c) *Payment by check.* Whenever a business license or business license receipt shall be issued in return for any check, the license shall not be valid or of any force or effect unless such check shall be duly paid upon presentation to the drawee. The city finance director shall collect an administrative bad check charge as provided by section 2-154 of this Code on any and every check that is not honored, for whatever reason, upon presentation to the drawee.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-43. Terms of licenses; transfers.

(a) *Term.* All licenses due the city shall be valid for the remainder of the calendar year in which they are issued, except in cases where a daily, weekly, or monthly license is specifically provided. Every license shall automatically expire at the end of the period for which it is valid. For a flat rate business license that is taken out after July 1, only one-half of the license fee shall be charged and collected, except for those classifications for which daily, weekly, monthly, quarterly or semiannual licenses are provided.

(b) *Transfer of licenses.*

(1) Subject to subsection (b)(2) of this section, no license shall be transferred to a different taxpayer, person, location, or otherwise; provided that a mere change in the name or ownership of a taxpayer that is a corporation, partnership, limited liability company, or other form of legal entity now or hereafter recognized by the laws of Alabama shall not constitute a transfer for purposes of this section, unless:

a. The change requires the taxpayer to obtain a new federal employer identification number or department of revenue taxpayer identification number; or

b. The subject license is one for the sale of alcoholic beverages, in which case a new business license application and approval shall be required as provided in chapter 3 of this Code.

(2) Notwithstanding anything to the contrary in subsection (b)(1) of this section, upon application for a transfer and a surrender of the original license, the city finance director may allow a business license, other than an alcoholic beverage license regulated by chapter 3 of this Code, to be transferred once during the license year to reflect a physical change in location; provided, however, the transfer application shall be subject to the same code compliance process as an original license as such compliance process relates to the suitability of the proposed premises for the business or its operation. It shall be unlawful for the taxpayer, its principals, servants, agents, or employees, to conduct or allow the conduct of business at the new location until the transfer has been approved and a license issued for the new location and each day a violation of this subsection occurs constitutes a separate offense.

(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-44. License required for each location and line of business; posting of license required.

(a) *License specific to location.* Every taxpayer required to purchase a business license under this article shall obtain a separate business license for each location at which it does business in the city; provided, however, a regularly licensed business selling at a temporary location in the city for no more than five days and no more than twice in a given license year shall not be required to pay an additional issuance fee in relation to the business license issued for the temporary location.

(b) *More than one line of business.* Any taxpayer engaged in multiple lines of business shall purchase a license for each separate line of business from which the taxpayer derived more than 35 percent of its gross receipts during the preceding license year. For each business license, the gross receipts which are taxed with regard to such license shall be only those gross receipts which arise within the line of business which is the subject of the license, except as provided in subsection (c), other provisions of this article, or as otherwise provided by law.

(c) *Gross receipts not meeting 35 percent threshold.* Nothing herein shall be construed to exempt the gross receipts derived from one or more additional lines of business of the taxpayer if those gross receipts do not exceed the required 35 percent threshold for the purchase of a second or multiple business licenses. Instead, those

gross receipts shall be included in the business license for the taxpayer's primary line of business.

(d) *Posting of license.* Each business license is required to be conspicuously posted or displayed at the location where such business is conducted except for that portion of the license that lists the taxpayer's business license tax or other financial information. Any transient or nonresident person doing business within the city who does not have a permanent business location in the city shall carry such license either upon his person or in any vehicle or other conveyance which is used in such business. A non-transient license must show the location of business and is valid only at the indicated location. The taxpayer shall, upon request, immediately show the license to any revenue officer with the finance department or any law enforcement officer of the city.

(e) *Compliance with other city laws.* Notwithstanding anything to the contrary contained in this section, where a taxpayer is not required to purchase a business license for a particular line of business because the 35 percent threshold has not been met, the taxpayer shall nevertheless comply with and be subject to applicable city laws that govern the business including the zoning laws, fire codes, building codes, and other technical codes of the city.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-259, § 1, 4-10-2025; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-45. Renewal dates.

(a) *Annual renewal.* Each annual business license shall be due on January 1 of each year and shall be renewed on or before January 31 of each year and shall be delinquent if renewed after January 31. If the due date for payment of any business license hereunder falls on a weekend or a holiday recognized by the city from time to time, the due date shall automatically be extended until the next business day.

(b) *Insurance companies.* Notwithstanding the foregoing, insurance company licenses shall be renewed annually on or before March 1, in accordance with Code of Ala. 1975, § 11-51-122, and the license tax due according to the license schedule shall be accompanied by the certified statement of the amount of gross premiums received during the preceding year. Failure to furnish such statement or to pay such sum shall subject the company and its agents to those penalties as prescribed for doing business without a license as provided for in this article.

(c) *When received.* A renewal is deemed received on the day payment is actually made in the city finance department, or, if sent by the United States mail and received in the city finance department within a reasonable time, the day it is lawfully postmarked. For those business licenses which the city finance director has directed to be renewed through the inspection division, payment shall be made to the inspection division.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-46. Renewal notices and taxpayer duty to report certain changes.

The city finance department shall mail or otherwise transmit a renewal reminder notice to each taxpayer that purchased a business license during the preceding license year, via regular U.S. mail addressed to the taxpayer's last known mailing address, on or before December 31 of the current license year. The failure of the city finance department to comply with the preceding sentence shall not, however, preclude it from enforcing the business license tax laws against a taxpayer, but shall preclude the assessment of any fines or penalties otherwise due for late payment until ten days after a renewal reminder notice has been mailed to the taxpayer at its last known mailing address as indicated in the records of the city finance department, or personally delivered to the taxpayer, and the taxpayer then fails or refuses to remit the business license tax due for such license year within the ten-day period. If the city finance department mails a renewal reminder notice to the last known mailing address of the taxpayer, as indicated in the records of the city finance department, there shall exist a presumption that the city finance department has complied with the above provisions. The city finance department shall not be precluded from assessing fines and penalties

otherwise due for late payment if the taxpayer does not notify the city finance department of a change in address within 90 days after changing such address. Taxpayers shall notify the city finance department of a change of mailing address within 90 days of the address change. In like manner, taxpayers shall notify the city finance department of a change in their federal employer identification number or Alabama department of revenue taxpayer identification number within a reasonable time after such number is changed. (Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Secs. 15-47—15-55. Reserved.

DIVISION 3. ENFORCEMENT

Sec. 15-56. Action taken against licensing.

(a) *Basis for action.* Any business license issued pursuant to this article may be revoked or suspended by the city council after notice and hearing for any of the following reasons:

(1) The taxpayer, its principal, agent, servant, or employee violates or has violated any provision of this Code or any ordinance of the city, or any federal or state law, rule, or regulation, relating to the license, business, business premises, or business activity, to which the license or application pertains.

(2) The taxpayer, its principal, agent, servant, or employee, violates or aids or abets in violating or knowingly permits or suffers to be violated any criminal ordinance of the city or any criminal law of the state on the licensed premises, or under color of license.

(3) Any application, affidavit, return, statement, or other document filed by or on behalf of the taxpayer under this chapter contains false or misleading information or an omission of a material fact.

(4) The business or its operation is, or is reasonably likely to become if allowed to commence or continue, offensive, injurious, or dangerous to the public health, safety, or general welfare, to the extent of constituting a nuisance.

(5) The taxpayer fails or has failed to pay within the time prescribed by law any business license or tax liability for which a final assessment has been entered, if one is required to be entered under this chapter, and for which all direct appeals have been exhausted or the time to appeal has expired, or for which the taxpayer or license applicant is required to pay as the result of a conviction for which no further direct appeal is available, or any other liability due and owing to the city after any applicable process for judicial or administrative review has been concluded or has expired.

(6) The taxpayer fails to meet any qualification, criteria, or credentialing standard under federal, state, or municipal law required in order to engage in the kind of business to which the license relates.

(7) The taxpayer or its principal has been convicted of a felony within the past five years that is related to activity that tends to show that licensing of the business in question would place the health, safety, or welfare of the general public at risk.

(8) Any other reason provided or allowed by law or rule.

(b) *Non-renewal.* The conditions set forth hereinabove as grounds for suspension or revocation of a license shall also constitute grounds for refusing to renew a license by the city finance director. In the case of non-renewal, the taxpayer may appeal the city finance director's decision to the city council by filing a written notice of appeal with the city finance department within 15 days after receipt of the notice of non-renewal. Upon receipt of the notice of appeal the city finance director shall petition the city council to set a hearing thereon in accordance with subsection (c) of this section.

(c) *Process.*

(1) The city council, upon petition by the city finance director, shall set a hearing on the matter of revoking, suspending, or refusing to renew a license. Notice of the hearing and grounds for the revocation, suspension, or non-renewal of the license shall be in writing and served on the taxpayer at least ten calendar days prior to the hearing.

(2) At such hearing, the taxpayer shall have the right to present evidence, the right to introduce witnesses, and the right to be represented by an attorney. The public hearing shall be recorded or transcribed for the purpose of maintaining a reasonably accurate record of the proceedings. Provided, however, the city council shall not be required to follow rules of evidence or procedure unless specifically required by law or ordinance.

(3) The taxpayer may elect, at any time prior to the hearing, to waive in writing the taxpayer's right to a hearing and concede the basis for action being taken against the license; in which case the city council may proceed to take action against the license in accordance with this section. In the event the taxpayer fails to appear at the hearing, provided due notice has been given thereof, the taxpayer shall have waived any right it has to contest the basis for action being taken against the license.

(d) *Action taken.* Within 30 days following the close of the hearing contemplated by paragraph (c) of this section the city council may, by resolution, take any of the following actions against a business license (which may include each line of business of the taxpayer):

(1) Suspend the then-current business license for a period not to exceed 12 months, and if the then-current license is to expire before the end of the suspension period, the renewal of the license shall be held in abeyance until the expiration of the suspension period. The city council may also suspend a business license for any business in which all or any of the principals of the affected taxpayer is also a principal. At the end of the suspension period the then-current license shall be automatically reinstated; provided, however, if the license has expired during the suspension period and is up for renewal, the license may be processed for renewal in accordance with this article.

(2) Revoke the then-current business license for up to a 36-month period. The city council may also revoke a business license for any business in which all or any of the principals of the affected taxpayer is also a principal. The taxpayer may apply for a new business license at the end of the revocation period, subject to the code compliance process of section 15-40.

(3) Refuse to renew the business license for up to a 36-month period. The city council may also refuse to renew a business license for any business in which all or any of the principals of the affected taxpayer is also a principal. The taxpayer may apply for a new license at the end of the non-renewal period, subject to the code compliance process of section 15-40.

(4) Refuse to issue a new business license for any business in which all or any of the principals of the affected taxpayer is also a principal, during the period of suspension, revocation, or non-renewal of a business license.

(e) *Notice of action.* A copy of the city council's resolution shall be mailed to the taxpayer in the same manner as the notice of the hearing.

(f) *Unlawful to violate action.* It shall be unlawful for any person to violate the terms of the revocation, suspension, or non-renewal as set forth in the resolution of the city council.

(g) *Injunction.* As an additional or alternative remedy, the city may institute injunctive proceedings in a court of competent jurisdiction against the taxpayer.

(h) *Judicial review.* The taxpayer may seek judicial review in accordance with state law.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-57. Penalties for failure to obtain or renew license.

(a) *Criminal penalties.*

(1) It shall be unlawful for any person, taxpayer, or agent of a person or taxpayer to engage in the activity for which a business license is levied under this article without first having procured a business license therefor, which includes its renewal by the due date. In addition to any applicable civil penalties, violations of this subsection shall be punishable, at the discretion of the court trying the same, by a fine of up to $500.00 for each offense, and, if the violation is willful, by imprisonment not to exceed six months for each offense. Each day during which such violation occurs shall constitute a separate offense.

(2) Until the proper business license is obtained, the activity for which the license is required shall cease and it shall be unlawful for any person associated with the taxpayer, as a principal, servant, agent, or employee, to willfully allow or undertake to carry on the non-licensed activity until the proper business license is obtained therefor. Violations of this subsection shall be punishable, at the discretion of the court trying the same, by a fine of up to $500.00 for each offense, and by imprisonment not to exceed six months for each offense. Each day during which such violation occurs shall constitute a separate offense.

(b) *Civil penalties.* In addition to the penalties prescribed by subsection (a), if a taxpayer fails to pay any business license tax owed to the city on or before the date prescribed therefor, there shall be assessed a penalty of 15 percent of the business license tax required to be paid with the license form. There shall be assessed a penalty of 30 percent of any business license tax required to be paid with the license form if the business license tax and any assessed penalties are not paid within 30 days of the due date prescribed in the preceding sentence. Such penalties shall not be cumulative.

(c) Waiver for reasonable cause. Notwithstanding the foregoing, no fine or penalty under this section shall be assessed, or if assessed, shall be waived, if reasonable cause exists. "Reasonable cause" shall mean: The death or major illness of or an accident involving a sole proprietor causing serious bodily injury that in either case resulted in the sole proprietor being unable to purchase the license or operate his or her business during the ten days preceding the due date for the license; natural disaster, fire, explosion, or accident that caused the closing or temporary cessation of the business of the taxpayer during the ten days preceding the due date for the license; or reliance on the erroneous advice of the city finance director, which includes his delegates, given in writing or by electronic mail. The city finance director may, but is not required to, waive the penalty for other reasons, including the taxpayer's reliance on erroneous but good faith advice from its tax adviser or on erroneous oral advice from the city finance director, which includes his delegates. The burden of proving reasonable cause shall be on the taxpayer, and a determination by the city finance director that reasonable cause does not exist shall be reversed only if that determination was made arbitrarily and capriciously.

(d) All penalties and interest administered by the taxing jurisdiction pursuant to this section and section 15-4 shall be assessed and collected in the same manner as business license taxes.

(e) Notwithstanding anything to the contrary contained in this chapter, during the period of an appeal from a final assessment under this chapter, criminal proceedings against the applicable taxpayer for failure to pay the license fee or tax, including penalty and interest, under review shall be held in abeyance, pending the outcome of the appeal.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-58. Unlawful acts.

It shall be unlawful for any person, or for any principal, agent, servant, or employee of such person, to fail or refuse to perform any duty imposed by this article; to obstruct or interfere with the city finance director in carrying out the purposes of this article; or to knowingly provide a false return, report, certificate, affidavit, statement, or other information required to be submitted under this article.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-59. Criminal violations of article.

Unless otherwise provided for in this article, any person found guilty of violating any of the provisions of this article shall be subject to the general penalty provisions of section 1-7 of this Code. Each day that the violation occurs constitutes a separate offense.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-60. Lien for non-payment of license tax.

On all property, both real and personal, used in any exhibition, trade, business, vocation, occupation, or profession for which a license is or may be required, the city shall have a lien for such license, which lien shall attach as of the date the license is due and shall be superior to all other liens, except the lien of the state, county, and municipal corporations for taxes and the lien of the state and county for licenses. Such lien may be enforced by attachment.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-61. Injunctive relief; nuisance.

In addition to the remedies provided by Ala. Code of 1975, §§ 11-51-150 et seq., the continued or recurrent performance of any act or acts within the corporate limits of the city for which action may be taken against a license under section 15-56 is hereby declared to be detrimental to the health, safety, comfort, and convenience of the public and is a nuisance. The city, as an additional or alternative remedy, may institute injunctive proceedings in a court of competent jurisdiction to abate the same.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-62. Prosecutions unaffected.

The adoption of this article shall not in any manner affect any prosecution of any act illegally done contrary to the provisions of any ordinance now or heretofore in existence, and every such prosecution, whether begun before or after the enactment of this article shall be governed by the law under which the offense was committed; nor shall a prosecution, or the right to prosecute, for the recovery of any penalty or the enforcement of any forfeiture be in any manner affected by the adoption of this article; nor shall any civil action or cause of action existing prior to or at the time of the adoption of this article be affected in any manner by its adoption.
(Ord. No. 12-365, § 2, 5-24-2012)

Secs. 15-63—15-72. Reserved.

DIVISION 4. PROCEDURES FOR PURPOSES OF DETERMINING TAX DUE

Sec. 15-73. Duties of taxpayer.

(a) *Duty to provide sworn statement.* It shall be the duty of the taxpayer to furnish to the city finance director, on such forms as may be required by the city finance director, a sworn statement as to those factors upon which the license classification or license tax depend, including, but not necessarily limited to, the amount of capital invested, value of goods or stocks, the amounts of sales or gross receipts, or other factors which form the basis for classification or taxation under this article and, failing or refusing to so furnish, it shall be a violation of this article.

(b) *Duty to allow inspection.* To the extent allowed by the statutes and constitutions of the United States or state, upon demand by the city finance director, the taxpayer shall be required to provide access during business hours to all portions of the place of business to enable the city finance director to gain such information as may be necessary or convenient for determining

the proper license classification or the correct amount of license tax, and, failing therein, it shall be a violation of this article. In the event a search warrant is required by law, the city finance director shall collaborate with the police department to make application for obtaining and execution of a search warrant.

(c) *Record keeping.* In accordance with Code of Ala. 1975, § 11-51-190, taxpayers under this article shall keep and maintain, and allow an examination of in accordance with section 15-74, accurate and complete set of records, books, and other information sufficient to allow the city finance director to determine the correct amount of any business license tax levied under this article, or other records or information as may be necessary for the proper administration of any matters under the jurisdiction of the city including proper business license classification, and failing therein, it shall be a violation of this article. Such records shall include but are not necessarily limited to all books of account, invoices, purchases, sales, receipts, register tapes, inventory, reports, bank statements, financial statements, employment records, and copies of federal income tax returns and Alabama sales and income tax returns.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-74. Rights of taxpayer; abatement of penalty; business license examination.

(a) *Rights.* In the administration of this article, taxpayers shall have the rights afforded to them under Code of Ala. 1975, § 11-51-186(a), which is incorporated herein by reference; provided that the city shall not be prohibited from assessing any business license tax otherwise due under this article, nor excuse the taxpayer from timely complying with any time limitations under this article for failing to provide such rights to the taxpayer.

(b) *Abatement of penalty.* Penalties shall be abated by the city finance director as required by applicable state tax laws including Code of Ala. 1975, § 11-51-186, which is incorporated herein by reference.

(c) *Examinations.* Business license examinations shall be conducted in accordance with applicable provisions of Code of Ala. 1975, §§ 11-51-186(a) and 11-51-187, which are incorporated herein by reference.

(d) *Policies and procedures.* The city finance director is hereby authorized to establish policies and procedures necessary to comply with the dictates of state tax laws applicable to business license examinations and assessments.
(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

Sec. 15-75. Determination of amounts due; preliminary and final assessments; review; appeal; refund for overpayment.

(a) *Basis for entry of preliminary assessment.* If the city finance director determines that the amount of any business license tax reported on or remitted with a business license remittance form is incorrect, if no business license remittance form is filed within the time prescribed, or if the information provided on the form is insufficient to allow the city finance director to determine the proper amount of business license tax due, the city finance director may calculate the correct amount of the tax based on the most accurate and complete information reasonably obtainable. The city finance director may thereafter enter a preliminary assessment for the correct amount of business license tax, including any applicable penalty and interest. Nothing contained herein shall limit or restrict the city's right to seek injunctive relief under Code of Ala. 1975, § 11-51-150 et seq.

(b) *Immediate entry of final assessment.* In the event any of the following occurs: (1) the amount of the license tax reported on a remittance form is undisputed by the city finance director; (2) the taxpayer consents in writing to any deficiency; or (3) the taxpayer consents in writing to the amount of the preliminary assessment, then the city finance director may, immediately enter a final assessment for the amount of the tax due, plus any applicable penalty and interest.

(c) *Method and limitation period for entry.*

(1) All preliminary and final assessments of business licenses issued by the city finance director shall be executed by the city finance director or by those to whom he has delegated the right to execute said assessments. Such execution may be written by hand or facsimile signature, or by any other method which constitutes a valid method for executing any form of official document.

(2) Any preliminary assessment shall be entered within four years from the due date of the business license form, or four years from the date the form is filed, whichever is later, except as follows:

a. A preliminary assessment may be entered at any time if no license form is filed as required, or if a false or fraudulent license form is filed with the intent to evade the business license tax.

b. A preliminary assessment may be entered within six years from the due date of the license form or six years from the date the license form is filed with the finance department, whichever date occurs last, if the taxpayer omits or fails to report an amount in excess of 25 percent of its gross receipts or other applicable business license tax base.

c. A preliminary assessment may be entered within five years from the due date of the license form, or five years from the date the form is filed, whichever is later, if the taxpayer or its authorized agent fails or refuses to execute and return to the city finance department a written extension of the statute of limitations on issuing preliminary assessments for up to eight months, as requested by the city finance department or its agent, within 30 days after receipt of the request for extension by the taxpayer or its authorized agent.

(3) The preliminary assessment entered by the city finance director, or a copy thereof, shall promptly upon entry be mailed by the city finance department to the taxpayer's last known mailing address by either first class U.S. mail or certified U.S. mail with return receipt requested, but at the option of the city finance department, the preliminary assessment may be delivered to the taxpayer by personal delivery.

(d) *Petition for review of preliminary assessment; entry of final assessment.*

(1) If a taxpayer disagrees with a preliminary assessment as entered by the city finance director, the taxpayer may file a petition for review with the city finance department, within 30 days from the date of entry of the preliminary assessment setting out the specific objections to the preliminary assessment. If a petition for review is timely filed, or if the city finance director otherwise deems it necessary, the city finance director, or his delegate, shall schedule a conference with the taxpayer for the purpose of allowing the taxpayer or its representatives and the representatives of the city to present their respective positions, discuss any omissions or errors, and to attempt to agree upon any changes or modifications to their respective positions.

(2) If a petition for review:

a. Is not timely filed; or

b. Is timely filed, and upon further review the city finance director determines that the preliminary assessment is due to be upheld in whole or in part, the city finance director may make the assessment final in the amount of business license tax due as computed by the city finance director, with applicable interest and penalty computed to the date of entry of the final assessment. The city finance director shall, whenever practicable, complete his review of the taxpayer's petition for

review and applicable law within 90 days following the later of the date of filing of the petition or the conference, if any.

(3) The final assessment entered by the city finance director, or a copy thereof, shall promptly upon entry be mailed to the taxpayer's last known mailing address:

a. By either first class U.S. mail or certified U.S. mail with return receipt requested in the case of assessments of business license tax of $500.00 or less; or

b. By certified U.S. mail with return receipt requested in the case of assessments of business license tax of more than $500.00.

In either case and at the option of the city finance department, the final assessment, or a copy thereof, may be delivered to the taxpayer by personal delivery.

(e) *Appeals of final assessment.*

(1) A taxpayer may appeal from any final assessment entered hereunder by the city finance director by filing a notice of appeal, within 30 days from the date of entry of the final assessment, with the city finance department. Upon receipt the city finance director shall promptly forward a copy of the notice of appeal and related documents to the administrative hearing officer. No filing fee or supersedeas bond shall be required for such appeals. [See section 15-6 for the administrative hearing process]

(2) In lieu of the appeal under subdivision (1) to the administrative hearing officer, and at the option of the taxpayer, the taxpayer may appeal from any final assessment hereunder to the circuit court of Madison County, Alabama by filing a notice of appeal within 30 days from the date of entry of the final assessment with both the city clerk and the clerk of the circuit court and by otherwise following the requirements of Code of Ala. 1975, § 11-51-191(e).

(f) Appeal from administrative hearing officer. A final order issued by the administrative hearing officer is appealable in accordance with Code of Ala. 1975, § 11-51-191(f). The city finance director is hereby authorized and empowered to file such appeals and prosecute them through all appeals on behalf of the city, with the assistance and representation of the city attorney, or an attorney selected by the city attorney.

(g) *Petition for refund.*

(1) Any taxpayer may file a petition for refund with the city finance department for any overpayment of business license tax erroneously paid to the city. If a final assessment for the tax has been entered by the city finance director, a petition for refund of all or a portion of the tax may be filed only if the final assessment has been paid in full prior to or simultaneously with the filing of the petition for refund.

(2) A petition for refund shall be filed with the city finance department within a) three years from the date that the business license form was filed, or b) two years from the date of payment of the business license tax which is the subject of the petition, whichever is later, or if no form was timely filed, two years from the date of payment of the business license tax.

(3) The city finance director shall either grant or deny a petition for refund within six months from the date the petition is filed, unless the period is extended by written agreement of the taxpayer and the city finance director acting on behalf of the city. The taxpayer shall be notified of the city finance director's decision concerning the petition for refund by first class U.S. mail or by certified U.S. mail, return receipt requested, sent to the taxpayer's last known mailing address. If the city finance director fails to grant a full refund within the time provided herein, the petition for refund shall be deemed to be denied.

(4) If the petition is granted, or the city finance director or a court otherwise determines that a refund is due, the overpayment shall be promptly refunded to the taxpayer by the city finance director, together with interest to the extent provided in section 15-4 of this chapter. If the city finance director or a court determines that a refund is due, the amount of overpayment plus any interest due thereon may first be credited by the city finance director against any outstanding final tax liabilities due and owing by the taxpayer to the city, and the balance of any overpayment shall be promptly refunded to the taxpayer. If any refund or part thereof is credited to any other tax by the city finance director, the taxpayer shall be provided with a written detailed statement showing the amount of overpayment, the amount credited for payment to other taxes, and the amount refunded.

a. A taxpayer may appeal from the denial in whole or in part of a petition for refund by filing a notice of appeal with the clerk of the circuit court of Madison County, Alabama by filing the notice of appeal within two years from the date the petition is denied. The circuit court shall hear the appeal according to its own rules and procedures and shall determine the correct amount of refund due, if any.

b. If an appeal is not filed with the appropriate circuit court within two years of the date the petition is denied, then the appeal shall be dismissed for lack of jurisdiction.

c. The provisions of this section 15-75 shall also be applied to the taxes levied and assessed under articles IV, V, and VII of this chapter.

(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, §§ 5, 6, 5-22-2025)

Sec. 15-76. Disclosure of license information; exchange of information.

(a) *Generally.* It shall be unlawful for any person to print, publish, or divulge, without the written permission or approval of the taxpayer, the license form of any taxpayer or any part of the license form, or any information secured in arriving at the amount of tax or value reported, for any purpose other than the proper administration of this chapter, or upon order of any court, as otherwise allowed by Code of Ala. 1975, § 11-51-196, or as otherwise allowed by state or federal law. Nothing herein shall prohibit the disclosure, upon request, of the fact that a taxpayer has or has not purchased a business license or of the name and address of a taxpayer purchasing or renewing a business license from the city. Statistical information pertaining to taxes may be disclosed to the city council upon request.

(b) *Exchange of information.* Pursuant to Code of Ala. 1975, § 11-51-196, the city finance director is hereby authorized to exchange business license information between and among the city and other municipalities adopting similar ordinances or between county and state governments in a manner consistent with applicable state law including Code of Ala. 1975, § 40-2A-10(e), and Alabama department of revenue regulations promulgated pursuant thereto, subject to the confidentiality restrictions of this section and state law. The city finance director may charge a reasonable fee for providing such information.

(c) *No damages against city.* In no event shall any damages, attorney fees, or court costs be assessed against the city under this section, nor shall any damages, attorney fees, or court costs be assessed against elected officials, officers, or employees of the city under this section.

(Ord. No. 12-365, § 2, 5-24-2012; Ord. No. 25-388, § 5, 5-22-2025)

DIVISION 5. COMPUTATION OF TAX; CLASSIFICATIONS; SCHEDULES

Sec. 15-82. Computation of license fee based on gross receipts.

(a) *Computation.* In the case of business licenses computed on the basis of gross receipts, the method for computing the license fee shall be as follows:

(1) For the initial business license, taxpayer shall make a good-faith estimate of the total amount of gross receipts it expects for the remainder of the calendar year, which shall be referred to as the "short year." The initial business license payment shall be based on this estimated amount. When the taxpayer next renews the business license, the estimated amount for the initial business license shall be compared to the taxpayer's actual gross receipts in the short year, and the amount for the initial license shall be adjusted accordingly, with the taxpayer owing at the time of such renewal any deficient amounts, or alternatively obtaining a credit for any overpayment. The basis for the license tax in the short year shall be the actual gross receipts for the short year.

(2) For the first renewal of the business license, the amount paid for the taxpayer's business license initially shall be based on an estimated full year's gross receipts, to be determined and adjusted utilizing the following procedure. The taxpayer shall project the first full year's gross receipts by annualizing the short year's gross receipts. This shall be done by dividing the number of full months the taxpayer was in business in the municipality or police jurisdiction into the short year's gross receipts and multiplying that amount by 12; provided that each taxpayer shall be deemed to have been in business in the municipality for a minimum of one month for purposes of this calculation. The initial amount levied on the taxpayer for this first renewal shall be based on this annualized projected amount, but the final levy shall be based on the actual gross receipts for that year.

(3) When the business license is renewed the following year after a full year of doing business, the amount paid in the previous year shall be adjusted to accord with the taxpayer's actual annual gross receipts, with the taxpayer owing at the time of such renewal any deficient amounts, or alternatively obtaining a credit for any overpayment for the previous year.

(4) In all subsequent years that the business license is renewed, the amount of business license owed shall be based on the gross receipts for the license year next preceding the current license year.

(b) *Effect of applicable law.* Where a business license tax is to be calculated based on gross receipts and applicable federal or state law requires that certain gross receipts be excluded from the calculation or where applicable federal or state law otherwise dictates how gross receipts are to be determined, for purposes of taxation under this article, it shall be the taxpayer's responsibility to properly make such exclusions or determinations based on applicable federal or state law.

(c) *Payment protection.* Any first time licensee or transient merchant may be required by the city to pay the business license fee and the issuance fee in cash or by certified check before a business license is issued. Any licensee who has paid the business license fee or issuance fee in prior years with financial instruments that were returned unpaid to the city by the financial institution on which drawn may be required by the city to pay the license fee and issuance fee in cash or by certified check before a business license is issued.

(d) *Sworn statements required.* Taxpayers shall be required to file with each renewal of a business license a sworn statement in accordance with section 15-73; provided, however, for licenses in the phase-in period that are based on estimated

gross receipts, the taxpayer shall only be required to make an unsworn good faith effort to reasonably estimate the gross receipts.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-83. Branch office rules.

A taxpayer required by this article to purchase a business license that is engaged in business in more than one municipality shall be permitted to account for its gross receipts so that the part of its gross receipts attributable to one or more branch offices will not be subject to the business license tax imposed on the principal business office required to obtain a business license. Branch office gross receipts are those receipts that are the result of business conducted at or from a qualifying branch office. In order to establish the existence of a qualifying branch office, the taxpayer shall meet all the following criteria:

(1) Demonstrate the continuing existence of an actual physical facility located outside the police jurisdiction of the municipality in which its principal business office is located, such as a retail store, outlet, business office, showroom, or warehouse, to which employees or independent contractors, or both, are assigned or located during regular normal working hours.

(2) Maintain books and records which reasonably indicate a segregation or allocation of the taxpayer's gross receipts to the particular facility or facilities.

(3) Provide reasonable proof that separate telephone listings, signs, or other indications of separate activity are in existence.

(4) Billing or collection activities, or both, relating to the business conducted at the branch office or offices are performed by an employee or other representative of the taxpayer who has such responsibility for the branch office, whether or not the representative is physically located at the branch office.

(5) All business claimed by a branch office or offices must be conducted by and through the office or offices.

(6) Supply proof that all applicable business licenses, as that term is defined by Code of Ala. 1975, § 11-51-90.1, with respect to the branch office or offices have been issued.

(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-84. Delivery license.

(a) In lieu of any other type of license, a taxpayer may at its option purchase for $100.00 plus the issuance fee, a delivery license for the privilege of delivering its merchandise in the city if the taxpayer meets all of the following criteria:

(1) Other than deliveries, the taxpayer has no other physical presence within the city;

(2) The taxpayer conducts no other business in the city other than delivering merchandise and performing the requisite set-up and installation of said merchandise;

(3) Such delivery and set-up and installation is performed by the taxpayer's employees or agents, concerns the taxpayer's own merchandise in the city, and is done by means of delivery vehicles owned, leased, or contracted by the taxpayer;

(4) The gross receipts derived from the sale and any requisite set-up or installation of all merchandise so delivered shall not exceed $75,000.00 during the license year;

(5) Any set-up or installation shall relate only to that required by the contract between the taxpayer and the customer or as may be required by state or local law, and the merchandise so delivered;

(6) If at any time during the current license year the taxpayer fails to meet any of the above stated criteria, then within the ten days after any of said criteria have been violated or exceeded, the taxpayer shall purchase all appropriate business licenses from the city for the entire license year and without regard to this section.

(b) Mere delivery of the taxpayer's merchandise by common carrier shall not allow the city to assess a business license tax against the taxpayer, but the gross receipts derived from any sale and delivery accomplished by means of a common carrier shall be counted against the $75,000.00 limitation described in the preceding section if the taxpayer also during the same license year sells and delivers into the city using a delivery vehicle other than a common carrier.

(c) A common carrier, contract carrier, or similar delivery service making deliveries on behalf of others shall not be entitled to purchase a delivery license.

(d) The delivery license shall be calculated in arrears, based on the related gross receipts during the preceding license year.

(e) The purchase of a delivery license shall not, in and of itself, establish a nexus between the taxpayer and the city for purposes of the taxes levied by or under the authority of Code of Ala. 1975, Title 40 or other provisions of law, nor does the purchase of a delivery license conclusively determine that a nexus does not exist between the taxpayer and the city.
(Ord. No. 12-365, § 2, 5-24-2012)

Sec. 15-85. License schedule.

The following schedule is declared to be a schedule of the charges for licenses for the calendar year beginning January 1, 2008, and ending December 31, 2008, and the schedule is levied for the calendar year 2008 and for each calendar year thereafter until it has been amended or repealed, on all persons engaged in any exhibition, trade, business, vocation, occupation, profession or calling or doing any action specified within the corporate limits of the city. The licenses in this schedule shall be paid to the city as set forth in the schedule of licenses as follows:

(1) *Advertising.* Each person engaged in the business of advertising, by whatever means, shall pay a license tax on annual gross receipts as follows:

$0.00 to $19,999.00	$65.00
$20,000.00 and over	65.00
Plus, per $1,000.00 in excess of $20,000.00 . .	1.00

Where a taxpayer is required to include advertising gross receipts in calculating license taxes due under other schedules of this section, the taxpayer shall not be required to also include such receipts under this schedule.

(2) *Amusement machines.* Each person engaged in the business of owning, operating, possessing or giving space in their place of business to a lawful automatic amusement, picture, video, pinball, information vending, dispensing or displaying machine, or machine on which a person is weighed or blood pressure given shall pay a license tax as follows:

For each machine.	$50.00

This license shall be due and payable by the person, owner or proprietor of the place of business where such vending machine is located.

This schedule shall not apply to machines dispensing tangible products, to any coin-operated telephone, or to any machine vending postage stamps.

(3) *Automotive dealer (transportation and industrial equipment), new.* Each person engaged in the business of buying, selling or trading new or new and used aircraft, automobiles, mobile homes, recreational vehicles, farm tractors, industrial equipment, or trucks shall pay a license tax based on gross annual receipts as follows:

$0.00 to $199,999.00	$250.00
$200,000.00 to $29,999,999.00	250.00
Plus, per $1,000.00 in excess of $200,000.00 .	1.00
$30,000,000.00 to $49,999,999.00	30,050.00
Plus, per $1,000.00 in excess of $30,000,000.00	0.50

$50,000,000.00 to $99,999,999.00	40,050.00
Plus, per $1,000.00 in excess of $50,000,000.00	0.25
$100,000,000.00 and over	52,550.00
Plus, per $1,000.00 in excess of $100,000,000.00	0.14

For the purpose of this schedule, gross receipts shall mean the entire receipts of the business, including all receipts from activities such as repair services, selling replacement parts and accessories, government sales, or sales outside the city except as provided in this schedule. Gross receipts shall not include used automobiles taken in trade or in a series of trades as credit or part payment on the sale of a new or used vehicle, the amount reported being the net trade difference; and a deduction shall be allowed for federal excise tax, wholesale parts sales (on in-house or intercompany book transfers only), labor (where work is performed on vehicles in the sales inventory only), freight on new automobiles, and for repossessions of automobiles, such deduction for the repossessions being based on the unpaid taxable purchase price remaining at the time of the repossession.

This schedule does not allow for the operation of a wrecker or vehicle towing/hauling service, which shall be licensed under the hauling for hire schedule (schedule (45)).

This schedule shall not apply to the sale of lawn mowers, motorbikes, motorcycles and garden tractors, all of which should be licensed according to the merchant—retail schedule (schedule (56)).

(4) *Automotive dealer, used.* Each person engaged in the business of buying, selling or trading used aircraft, automobiles, mobile homes, recreational vehicles, farm tractors, industrial equipment or trucks shall pay a license tax based on gross annual receipts as follows:
