PREFACE

This Code constitutes a republication of the general and permanent ordinances of the City of Cincinnati, Ohio.

Source materials used in the preparation of the Code were the 1945 Code, republished in 1990, as supplemented through Ordinance No. 41-2002, adopted February 13, 2002, and ordinances subsequently adopted by the City Council.

These volumes contain the charter of the city of Cincinnati, the administrative code, the zoning code, the regulations of the independent boards and commissions and the income tax regulations. Following each section is the history thereof. If the section was part of the 1956 recodification, reference is made to the corresponding section in the 1956 edition of the Code of Ordinances by the abbreviation C.O. Sections adopted between the 1956 Code and the 1972 recodification of the Cincinnati Municipal Code state the number of the section as adopted using the abbreviation Sec. with the enacting ordinance number. If the section was adopted subsequent to the 1972 recodification, reference is made to the Cincinnati Municipal Code section adopted using the abbreviation C.M.C. with the enacting ordinance number. The history also contains references to ordinances amending the section, other sections bearing upon the operation of the section, and occasional references to related statutes and cases which interpret, limit or affect the section. The code provisions were substantially renumbered in the 1972 recodification effective January 1, 1972 and therefore the history note of each section reflects whether the section was reordained with the same number or renumbered.

For convenience in locating corresponding sections in the Cincinnati Municipal Code and the 1956 Code of Ordinances, tables are included which set forth in numerical order the Code of Ordinance section numbers with parallel references to the Cincinnati Municipal Code and Cincinnati Municipal Code numbers with parallel references to the Code of Ordinances. A table of ordinances and their corresponding section numbers adopted after the publication of the 1956 edition of the Code is also included.

The text of Chapter 307, Classified Compensation Schedules, has been deleted from this publication of the code. The chapter numbers, divisions, and titles are retained and an official record of these sections is available in the office of clerk of council for public examination and reference. These sections relate specifically to city employees' compensation rates, and experience has shown that they are subject to frequent modification and supplementation. Accordingly it was determined to omit them because of their limited usefulness and frequent obsolescence.

Chapter and Section Numbering System

The chapter and section numbering system used in this Code is the same system used in many state and local government codes. Each section number consists of two parts separated by a dash. The figure before the dash refers to the chapter number, and the figure after the dash refers to the position of the section within the chapter. Under this system, each section is identified with its chapter, and at the same time new sections can be inserted in their proper place by using the decimal system for amendments.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a chapter of the Code, the number to the left of the colon indicates the number of the chapter. In the case of an appendix to the Code, the letter immediately to the left of the colon indicates the letter of the appendix. The following are typical parts of codes of ordinances, which may or may not appear in this Code at this time, and their corresponding prefixes:

CHARTER	CHT:1
CODE	CD1:1
RULES OF BOARDS AND COMMISSIONS	CDR:1
TABLES OF AMENDMENTS	TOA:1
CODE COMPARATIVE TABLES	CCT:1
STATE LAW REFERENCE TABLE	SLT:1
CHARTER INDEX	CHTi:1
CODE INDEX	CDi:1

Indices

The indices have been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the indices themselves which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this

system, the publication will be kept up-to-date. Subsequent amendatory legislation will be properly edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up-to-date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

The City Bulletin, published by the clerk of council under the authority of council of the city of Cincinnati, sets forth the full text of all ordinances passed by the council. It is available at the office of the clerk or may be subscribed to on an annual basis.

Acknowledgments

This publication was under the direct supervision of Tassy Spinks, Editor, of Municode, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to Maria Rodell, Assistant City Solicitor, and Amira Beer, Assistant to the City Solicitor, for their cooperation and assistance during the progress of the work on this publication. It is hoped that their efforts and those of the publisher have resulted in a Code of Ordinances which will make the active law of the city readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the city's affairs.

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code and are considered "Included." Ordinances that are not of a general and permanent nature, and ordinances affecting the Classified Compensation Schedules, are not codified in the Code and are considered "Omitted."

In addition, by adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

HISTORICAL

Under the Constitution of the State of Ohio as it existed up to 1912, all legislation relating to cities was inclined to be "general legislation," that is, applied uniformly to all cities of the state. This was true of all cities which did not adopt a home rule charter.

However, on September 3, 1912, a constitutional amendment (Article 18, Section 3) was adopted, extending to municipalities the power to adopt charters with a greater amount of home rule provision than existed previous to that date. This authority, if taken advantage of and passed upon favorably by the citizens, would permit such cities as desired "to exercise all power of local self-government and to adopt and enforce within their limits such local police, sanitary and other similar regulations as would not conflict with general laws."

The history of the municipal government in Ohio has been a constant struggle between cities trying to obtain legislation suited to their respective needs, and the legislature trying to ward off the demand for special legislation which threatened to consume all its time.

Originally the legislature could enact special legislation for each separate city, but the demand for such legislation was so great that the constitution of 1851 provided that no such special laws should be further passed. The demand for special treatment for municipalities different from each other in every conceivable way was so insistent, however, that the constitutional provision was circumvented by classifying cities according to population so that each city was practically in a class by itself.

Again the legislature was overwhelmed by local legislation about which it was almost entirely ignorant. In 1902 the Supreme Court of Ohio declared this type of legislation to be unconstitutional and the legislature was obliged to frame a municipal code applying hard and fast rules to every city in the state. Finally the demand for treating cities according to their needs resulted in the passage of the 1912 amendment allowing each city to adopt a charter for itself.

The reader can see from this explanation that Cincinnati, or any other city under the old regulation, could only enact laws for its government through the state legislature. If the law were changed for Cincinnati, it would be changed for any other city, and in the case of a change by other municipalities, Cincinnati would be obliged to follow under the same new law.

Legislatures, chiefly composed of legislators from districts remote from municipalities who were not familiar with the various cities, would cause the passage of some of these regulations. Again the reader can see the fallacy of such procedure.

FIRST CHARTER 1802

The act to incorporate the town of Cincinnati was passed at the first session of the Second General Assembly at Chillicothe and approved by Governor Arthur St. Clair, January 1, 1802.

CHARTER 1815

The first charter under Act of 1802 was repealed by an act of January 10, 1815. This act, effective April 1, 1815, reincorporated the territory covered by the first act. The officers of the town were mayor, recorder and trustee.

CHARTER 1819
(First City Charter)

Cincinnati's life as a city began with its first charter in 1819, when by an act of the General Assembly it was vested with the power of a council, composed of president, recorder and nine trustees. This act was

passed February 5, 1819 and by virtue of an emergency act took effect March 1, the same year.

Several acts were passed during 1821 and 1824 wherein provisions for election of additional officers and division of cities were added to the charter.

CHARTER 1827

On January 26, 1827 the second act incorporating the city of Cincinnati as a city was passed repealing all other acts. This act took effect March 1, 1827. Some amendments were added to this chapter in 1829 to enlarge its scope.

CHARTER 1834

On March 1, 1834 there was passed "An Act to incorporate and establish the City of Cincinnati and for revising and repealing all laws and parts of laws heretofore enacted on that subject."

The act, superseding the charter of 1827, remained the fundamental law of the city until the adoption of the new state constitution in 1851.

STATE CONSTITUTION 1851

After the adoption of the state constitution in 1851, cities were governed by general laws which were modified by the state legislature almost every year.

CHARTER 1917

After the amendment to the state constitution of 1912, which provided ways and means of securing a charter for the various cities, an attempt was made to adopt a charter under these provisions in Cincinnati. This first attempt was unsuccessful, but on November 6, 1917 the voters of Cincinnati approved a new charter that was to provide home rule except in taxation matters.

1924 AMENDMENTS

The 1917 charter was amended in 1924 by the voters of Cincinnati, establishing the city manager form of government and the small council nominated by petition and elected at large by the proportional representation method of voting.

CHARTER 1926

The committee that wrote the 1924 amendment realized that the charter would have to be further amended to make it conform to the city manager form of government and to give our city real home rule. They therefore provided that a charter commission be appointed by council in July, 1926. Accordingly, council appointed three Cincinnatians as follows:

Robert Taft, formerly floor leader of the House of Representatives at Columbus, Ohio.

Robert Gorman, who had been Solicitor in a number of communities of Hamilton County and who had experience in interpreting municipal law.

Henry Bentley, president of the City Charter Committee, who assisted in writing the amendment passed by the people in 1924 and under whose leadership the amendment was adopted.

Howard Bevis, Professor of Law of the University of Cincinnati, who was appointed secretary of the commission.

The charter was drafted and three public hearings were held in accordance with law. Some minor changes were made in the original draft which was finally presented to the voters in November, 1926, adopted, and is the charter of the city of Cincinnati and the fundamental law of our municipality.

1947 AMENDMENT

The General Assembly of Ohio, on June 26, 1946, amended Section 4003-11 of the Ohio

Municipal Code empowering city council to increase the amount of taxes assessed and levied for the support of the municipal university from .55 of a mill to 1 mill.

In a resolution adopted by the board of directors of the University of Cincinnati on July 29, 1947, the board not only requested a.55 of a mill levy for university purposes for the fiscal year of 1948, but also requested council to effectuate the amended state law by submitting to the electorate at the November 4, 1947 general election, a charter amendment to provide for the additional.46 of a mill levy for university purposes.

The amendment (Section 3a of Article VIII) was approved by the electorate.

1949 AMENDMENTS

The city council in 1949 determined that the city charter should be reviewed and a study made, in order that consideration could be given by council to amendments or supplements which such a study might indicate were advisable and necessary, and to be submitted to the electorate at the November 8, 1949 general election.

To accomplish this purpose an ordinance was passed unanimously by council appointing a committee of three citizens of Cincinnati to make such a study. The members of this committee were:

B. Gates Dawes, Jr., insurance executive.

Robert P. Goldman, lawyer, associated with Paxton & Seasongood, Attorneys.

Stanley G. McKie, state senator of Ohio, and vice-president and secretary of Weil, Roth & Irving, municipal and corporation bond brokers.

The committee held appropriate hearings and submitted a report embodying a number of amendments. The report advised council that the committee had recommended only amendments which had the unanimous approval of its members.

After due consideration council determined to submit certain of the amendments and withhold submission of the balance.

The amendments were submitted at the November election and approved by the electorate:

Article II, Section 3 - Ordinances prescribing rates and charges by publicly-owned public utilities may not contain emergency clauses unless introduced at least three weeks before final vote is taken and public hearing held.

Article II, Sections 4 and 5 - Article III, Sections 1 and 2 - Beginning with the council elected at the November 6, 1950 election, the two-year term of office will commence on December 1st instead of January 1st.

Article IV, Section 6 - Article IV, Section 10 - The office of city auditor was replaced by a department of finance and the city manager authorized to appoint a director of finance, and other subordinates, including a city treasurer. Section 8 of Article IV was repealed which related to appointment of city auditor.

Article IX, Section 2 - Nominating petitions for council candidates may contain up to eight hundred signatures instead of seven hundred signatures, the minimum remaining at five hundred signatures.

Article IX, Section 10 - Amendment in subparagraph (i), pertaining to council candidates who have surplus votes, and providing a modified procedure for designating ballots taken for surplus.

1950 AMENDMENTS

The electorate, at the November 7, 1950 general election approved amendments in Article V, creating supplemental Sections 5 and 6, which establish the ranks for members

of the police force and fire force engaged in their respective fire protection and police services, and also pertain to eligibility for promotion, and promotional examination.

The electorate at the same election also approved amendment of Article V, Section 3 - Modification that "except as provided in this Charter," council shall have no power to modify state law relating to civil service and civil service commission.

These amendments were submitted pursuant to ordinance passed by the city council.

1953 AMENDMENTS

Article II, Section 4 - This amendment provided for increasing the compensation of council members from $5,000.00 to $8,000.00 per annum.

Article II, Section 4a - A supplementary section requiring councilmen-elect to file with council, or with clerk, a successor designation certificate before taking office, certifying the names of one or more of his fellow members to select his successor in case of his office becoming vacant due to any cause whatever.

1957 AMENDMENTS

Article IX, Section 5, Section 10 - Changed the method of electing members of city council by providing for the use of the 9 X system rather than the proportional representation system of voting.

Article VIII, Section 6a - A supplementary section providing that if council shall at any time levy a tax on earned income, such tax shall not exceed one percent without having obtained approval by the electors.

1960 AMENDMENT

Article VI, Section 3 - This amendment provided that, notwithstanding the provisions of Article VI, Section 2, city council may, by ordinance approved by resolution adopted by the board of directors of the University of Cincinnati, provide for transfer, for fixed or indefinite period of time, of control and direction of administrative and executive work of General Hospital from the city manager to the board of directors of the university. (Ordinance No. 107-1961, passed by city council April 5, 1961 effectuated such transfer.)

1962 AMENDMENT

Article VIII, Section 3b - This amendment authorized city council to levy an additional tax of one mill, over and above the amounts authorized by Sections 3 and 3a of Article VIII of the charter, for the purposes of the University of Cincinnati.

1964 AMENDMENTS

Article V, Section 7 - This amendment was submitted to the electors at the general election on November 3, 1964, by Ordinance No. 326-1964, passed by Cincinnati city council August 5, 1964, pursuant to petitions filed with council July 21, 1964, signed by more than 10% of the electors of the city of Cincinnati as required by law. The amendment provides for equal rates of pay for corresponding ranks in the fire and police forces of the city of Cincinnati.

Article IX, Section 10 - This amendment was submitted to the electors at the general election on November 3, 1964, by Ordinance No. 317-1964, passed by Cincinnati city council on August 5, 1964. The amendment provides that in the event council provides for mechanical or other devices for marking and sorting of ballots and tabulating the results for election of council such election shall be conducted in accordance with existing laws of the state of Ohio or laws thereafter in force relating to voting and tabulating equipment.

HISTORICAL

Article II, Section 7 of the charter required the adoption by majority vote of council of an administrative code providing for a complete plan of administrative organization of the city government within six months of the adoption of the charter which occurred on November 2, 1926. Thereafter, except as provided specifically in the charter, council was authorized to change, abolish, combine and rearrange the departments, divisions, and board of the city government as provided for in the administrative code so adopted; but any ordinance creating, combining, abolishing, or decreasing the powers of any department, division, or board requires the approval by vote of three-quarters of the members elected to council.

THE 1927 ADMINISTRATIVE CODE

The original administrative code contained nineteen articles and was adopted in 1927. It became Chapter 2 of Title II of the 1928 Code of Ordinances and did not include material covering boards, commissions and institutions of the city, which constituted Chapter 3 of Title II of the 1928 Code of Ordinances. Nor did it include supplementary administrative provisions, Chapter 4 of that title, which contained much material that eventually came to be placed within the administrative code.

THE 1930 ADMINISTRATIVE CODE

A revised administrative code was adopted in 1930, reorganizing the governmental structure by reducing the number of departments and constituting several previously existing departments as divisions of other new departments. It was to a great extent the foundation of the present administrative code and contained thirteen articles, the last of which "Declaratory" became inoperative when transition adjustments from the 1927 administrative code to the 1930 administrative code were completed.

The 1930 administrative code was separate and distinct from the code of ordinances and appears in the 1936 publication of the recodification of the ordinances on pages 37 through 56. From 1930 to March 5, 1969, the administrative code changed relatively slowly, and in most instances involved only one or two articles of the code being altered at any particular time.

Changes which have occurred since 1930 will be set forth below chronologically. Only changes having substantial effect upon the functions and operations of the city governmental structure are included.

1940 AND 1941

At the end of 1940 an ordinance amending the administrative code by ordaining Section 6 of Article II, pertaining to the city manager, brought a significant change in the structure of the city government. The city solicitor was designated to perform the duties of the city manager in the absence or disability of the city manager.

At the same time Section 8 of Article III, Department of Law, was ordained to provide for the appointment of a first assistant solicitor and a second assistant solicitor who would assume the duties of solicitor during his absence or disability. The chain of command, therefore, for the administrative service of the city ran from the city manager to the city solicitor and from him to the first assistant solicitor and then to the second assistant solicitor.

This same period brought a substantial change in Article IV, Department of Safety, when Sections 8 and 15 of that article dealing with the city's own police and fire pension systems were invalidated by the Ohio Supreme Court in the case of Cincinnati v. Gamble, 138 O.S. 220. The decision dealt a substantial blow to the home rule authority of municipalities by expanding control by the

state legislature over the operations, activities, administration, and functioning of municipal police departments. It was many years before the Supreme Court of Ohio took a more liberal view of the rights of municipalities to exercise discretion in regard to many aspects of police and fire administration.

In 1941 supervision of the city employees retirement system by the personnel officer was eliminated through the repeal of Article XI, Section 2 of the administrative code, and a new Article XV, Retirement System, was enacted. This article created a board of trustees to administer the system, provided that the trustees serve without compensation, provided for the organization of the board of trustees, and authorized it to make rules and regulations governing the administration of funds and the transaction of the board's business. The board was required to make annual fiscal reports to council and was required to designate a medical director to pass upon all medical examinations required by the system. The board was also required to designate an actuary to be its technical advisor. Provision was made for actuarial investigations in regard to mortality, service, and compensation service of members and beneficiaries of the retirement system and for evaluation of its assets and liabilities.

1946

In September, 1946, council amended Section 5 of Article XIV of the administrative code, Public Recreation Commission, and repealed existing Sections 5 and 6 of that article to change the position of director of public recreation to that of superintendent of recreation and to specifically authorize him to carry out the police decisions made by the public recreation commission, of which the superintendent was made the secretary and chief administrative officer. He was also given authority to sign contracts for the services of umpires, referees, special directors, musicians, instructors, accompanists, and others who perform special and occasional duties on behalf of the recreation commission. Generally, he was to manage the facilities operated by the commission and direct and oversee its programs and activities.

1950

In 1949 the charter of the city of Cincinnati was amended to provide for the creation by ordinance of council of a department of finance including the transfer to the director of finance of the duties of the city treasurer and city auditor. The creation of such a department, of course, reduced the positions of city treasurer and auditor to a level subordinate to the director of finance and made their duties dependent upon the administrative code rather than on the charter.

In 1950 council passed the ordinance to implement this charter provision. All sections of Article IX, formerly entitled City Treasurer, were repealed and an entire new chapter setting forth the powers and duties of the director of finance, the superintendent of accounts and audits, the city treasurer, and of the divisions under these individuals, was enacted. At the same time former Article XII, City Auditor, was repealed. These changes brought about a major revision of the governmental structure of the city of Cincinnati in relation to the handling of financial matters.

At the time of this change in the department of finance, Section 3 of Article I, General, and Section 3 of Article XV, Retirement System, were amended to delete references to the city treasurer and city auditor, and Ordinance No. 391-1950 was passed vesting in and imposing upon the director of finance all functions, powers and duties which were then devolved upon, vested in and imposed upon the city auditor.

1955

In December of 1955 there was established in the department of finance the income tax

We, the people of the city of Cincinnati, Ohio, in order to secure home rule, do adopt the following as the charter of our city:

Article I.

POWERS OF THE CITY

The city shall have all powers of local self-government and home rule and all other powers possible for a city to have under the constitution of the state of Ohio. The city shall have all powers that now are or hereafter may be granted to municipalities by the laws of the state of Ohio. All such powers shall be exercised in the manner prescribed in this charter, or if not prescribed herein, in such manner as shall be provided by ordinance of the council.

The mayor, members of the council and all officers and employees holding office at the time an amendment to the charter takes effect shall continue in office without further appointment subject to the provisions of the charter.

In the event that any provision of this charter is found by a court of competent jurisdiction in a final decision to be unconstitutional or impermissibly in conflict with state or federal law, the remainder of this charter will remain in full force and effect.
(Amended by Emer. Ord. No. 254-2014, eff. Nov. 4, 2014; election of Nov. 4, 2014)

Article II.

LEGISLATIVE POWER

Section 1. All legislative powers of the city shall be vested, subject to the terms of this charter and of the constitution of the state of Ohio, in the council. The laws of the state of Ohio not inconsistent with this charter, except those declared inoperative by ordinance of the council, shall have the force and effect of ordinances of the city of Cincinnati; but in the event of conflict between any such law and any municipal ordinance or resolution the provisions of the ordinance or resolution shall prevail and control.

Section 2. All ordinances and resolutions in force at the time this charter takes effect, not inconsistent with its provisions, shall continue in force until amended or repealed by the council.

Section 3. Emergency ordinances must receive the vote of a majority of the members elected to the council, and the declaration of an emergency and the reasons for the necessity of declaring said ordinances to be emergency measures shall be set forth in one section of the ordinance, which section shall be passed only upon a separate affirmative vote of two-thirds of the members elected to the council. If the emergency section fails of passage, the clerk shall strike it from the ordinance, and the ordinance shall take effect at the earliest time allowed by law.

No ordinance prescribing rates and charges to be collected by or paid to any publicly owned public utility shall be passed as an emergency ordinance unless the ordinance is introduced in council at least three weeks before it is finally voted upon and a public hearing has been held by council thereon.
(Amended by Emer. Ord. No. 292-1994, eff. Nov. 8, 1994, election of Nov. 8, 1994; amended by Emer. Ord. No. 291-2023, eff. Nov. 7, 2023, election of Nov. 7, 2023)

Section 4. Subject to the terms of Article IX, Section 1 of this charter, a council of nine members shall be elected for a term of two years, commencing on the first Tuesday after January 1st next after their election

and shall serve until their successors are elected and qualified. Any member of council holding office as of the date of the regular municipal election held in November 2017 shall remain in office until the first Tuesday after January 1, 2018, in order to complete the term of city council which commenced as of December 1, 2013. Each member of council shall receive, subject to the provisions of Section 4a herein, annual compensation in an amount equal to three-fourths (¾) of the annual compensation payable to the county commissioners of Hamilton County, Ohio, as it existed on March 1, 2005. Such compensation shall be payable semi-monthly.
(Amended by Emer. Ord. No. 288-2015, eff. Nov. 3, 2015; election of Nov. 3, 2015; Emer. Ord. No. 226-2018, eff. Aug. 1, 2018; election of Nov. 6, 2018)

Section 4a. Council shall not receive any increase in compensation, which is from time to time adopted by the Ohio General Assembly for the county commissioners of Hamilton County, Ohio, and of which percentage increase council receives an amount equal to three-fourths (¾) of the percentage increase, unless such increase is individually ratified by a two-thirds (⅔) vote of the members of council. Any ratified pay increase shall become effective immediately after the investiture of the next duly-elected members of council, following the ratification of such increase by council, and may not be retroactive. Said increases shall not compound from year to year. If an increase is not ratified, the compensation payable to members of council will remain at its then existing level until such a time that council decides to take up the issue.

Section 4b. Before taking the oath of office each member-elect of council shall file with the council a successor designation certificate certifying the name of one or more fellow members of council to select a successor if his or her office as member of council becomes vacant for any reason.

Should a vacancy occur, the members of council certified by the former member are empowered to designate a successor within 60 days of the vacancy by a majority vote of their members or of those remaining thereof. The signed designation shall be filed with council within the 60-day period and shall be presented by council at its next regular meeting.

Should there be no valid and effective successor designation certificate for a vacant office, the council may fill the vacant office by a majority vote of the remaining members within 30 days of the vacancy. Should the certified members of council fail to designate a successor within 60 days of the vacancy, council may fill the vacant office by a majority vote of the remaining members within 30 days after the time allowed for the certified members' designation has expired. Should council fail to fill the vacancy within the time prescribed, the mayor shall appoint the successor without requiring the consent of council.

A person designated as a successor or named to fill the vacancy by action of council or the mayor shall, upon taking the oath of office, have the status of a member of council duly elected for the unexpired term.

Any member of council may amend his or her successor designation certificate by written communication to the clerk, which amendment shall be added by the clerk of council to the agenda for the next regular meeting of the council and shall be adopted, filed, and effective as of the start of business of the same meeting of council. No member of council may amend the member's successor designation certificate subsequent to an indictment of the member alleging a state or federal felony that relates to the member of

council's conduct in the performance of council duties. A member of council duly designated or named by council or the mayor to fill a vacancy shall file a successor designation certificate as in the case of originally elected members and his or her name may be certified by other members. If a successor designation certificate is filed by a member of council who is filling a council vacancy based on suspension or removal of the prior officeholder, the new successor designation certificate shall supersede prior certificates and control in the event of another vacancy in the office.

Section 4c. Council may suspend a member of council upon the vote of seven members of council if a member of council is indicted for an alleged felony under state or federal law that relates to the member of council's conduct in the performance of council duties. Upon notice of such indictment or charge, the member of council shall immediately notify the clerk of council and the city solicitor. Upon notice of such indictment or charge, the clerk of council shall place a council suspension motion for suspension of a council member on the agenda for the next regular or special council meeting occurring no sooner than two business days later. The suspension motion shall not be subject to mayoral referral or committee consideration. The clerk shall provide notice that the suspension motion will be on the agenda to the member of council whose suspension is being considered, and that member shall have an opportunity to be heard prior to the member's suspension. The member of council who is the subject of the suspension motion shall not vote on the suspension motion.

A suspended member of council shall not exercise any of the rights, powers, or responsibilities of the holder of that office during the period of the suspension. A suspended member of council shall not represent council to the public, shall not vote on any matters considered by the council or a council committee, and shall not introduce legislation to be considered by the council or a council committee. A suspended member of council shall not participate in the meetings of council or council committees other than as a private citizen.

A suspension of a member of council is a temporary vacancy of that office. This vacancy shall be filled on an interim basis according to the last successor designation certificate filed with council prior to the indictment or charge that initiated the suspension. The interim council member shall possess all of the rights, powers, and responsibilities of the holder of that office during the period of the suspension. The suspension shall continue until the earlier of: (i) the reinstatement of the suspended member of council as provided in the following paragraph of this section 4c; (ii) the expiration of the elected term of office of the suspended member of council; or (iii) the removal of the suspended member of council from office according to section 4d or as otherwise provided by law.

A suspended member of council shall be reinstated at the next regularly scheduled or special meeting of council following the dismissal of or acquittal on the criminal charges that supported the suspension. A

suspended member of council shall not be reinstated following the expiration of his or her elected term of office. A suspended member of council shall continue to receive a salary until the suspended member of council either resigns or pleads guilty to or is found guilty of the crime with which the suspended member of council was charged, whichever occurs first. The city may file a civil action in the appropriate court to recover salary paid to that former member of council from the date of the suspension to the earlier of either the date the former member of council resigns or the date the former member of council pleads guilty to or is found guilty of the crime with which the former member of council was charged.

Section 4d. If a member of council, while on city council, is convicted of, or otherwise pleads guilty to, a felony under state or federal law that relates to the member of council's conduct in the performance of council duties the member shall immediately forfeit the member's position on council and is liable to pay back all compensation received from the city dating back to the date of suspension. Upon notice of such conviction, the member of council shall immediately notify the clerk of council and the city solicitor. Upon conviction, the member of council shall not participate in the meetings of council or council committees other than as a private citizen.

Upon notice of such conviction or plea, the clerk of council shall place a motion for removal of a council member on the agenda for the next council meeting occurring no sooner than two business days after the clerk receives notice of the conviction or plea. Council shall confirm the conviction or plea and remove the member of council by passing the removal motion by majority vote within ten business days following the member's conviction if the member has not resigned. The removal motion shall not be subject to mayoral referral or committee consideration. If council does not pass the removal motion within ten business days following notice of conviction or plea to the clerk of council, the member of council's removal shall be effective on the eleventh business day after notice of the conviction.

The removal of a member of council under this section shall not invalidate any legislative action of the member or of council prior to the removal of the member of council.
(Ordained by Ord. No. 45-2021, eff. Feb. 10, 2021; election of May 4, 2021; amended by Ord. No. 46-2021, eff. Feb. 10, 2021; election of May 4, 2021)

Section 4e. Within 60 days of taking the oath of office, each member of council shall complete, and shall submit certification of completion to the clerk of council, an approved course covering Ohio ethics law for local government officials and employees, which is approved by the Ohio Ethics Commission. Failure to submit a certification within 60 days will result in suspension of a member of council's legislative privileges until the certification is submitted to the clerk of council.

In the event a course approved by the Ohio Ethics Commission covering Ohio ethics law for local government officials and employees is not available within 60 days of a member of council taking the oath of office, the city solicitor may provide alternative and equivalent training in order to meet the 60-day deadline. A member of council shall strive to notify the city solicitor and the clerk of council within 30 days of taking the oath of office if a course approved by the Ohio Ethics Commission is not anticipated to be available within 60 days of taking the oath of office.

For the purposes of this section, legislative privileges means the right to attend or participate in council or council committee meetings as a council member, the right to vote on or propose actions or agenda items to council or council committee meetings, and the right to be counted for purposes of establishing quorum for council or council committee meetings.
(Ordained by Ord. No. 45-2021, eff. Feb. 10, 2021; election of May 4, 2021; amended by Ord. No. 46-2021, eff. Feb. 10, 2021; election of May 4, 2021)

Section 5. A majority of the members elected to the council shall be a quorum to do business, but a less number may adjourn from time to time. A member of council appointed to council in accordance with the terms of this charter shall possess all rights, privileges and duties of a member elected to this council. All legislation enacted by the council shall be by ordinance except where otherwise required by the constitution or laws of the state of Ohio. The council shall keep a journal of its meetings which shall be a public record. Members of council may cast their vote on any item via any method that publicly announces the vote, including by a roll call voice vote or electronic or mechanical method. At the desire of any member the vote of each member shall be entered upon the journal; and on the passage of legislation the vote of each member shall be entered upon the journal. No legislation shall be passed without the concurrence of a majority of the members elected to the council. The meetings of council and its committees shall be held in accordance with the requirements of the Ohio open meetings act, codified in Ohio revised code section 121.22 or its successors.

The first meeting of the council shall be held on the first Tuesday after January 1st at 11:00 o'clock a.m. following an election of members of council. All subsequent meetings shall be held pursuant to adjournment, or in accordance with a rule adopted by the council which may be amended at any time. Special meetings shall be held on the request of any two members or the mayor upon twenty-four hours notice to each member and the mayor and immediate notice to the news media that have requested notification.

Section 5a. The council shall organize itself and conduct its business as it deems appropriate, including the formation of committees for the efficient conduct of the business of the council. At the first meeting on the first Tuesday after January 1st following a regular municipal election for the choice of members of council, the council shall select from among its members a president pro tem who shall preside at council meetings when both the mayor and vice-mayor are absent or disabled and during any period during which there is a vacancy in both the office of mayor and vice-mayor. The president pro tem shall serve a term of two years. When presiding at council, the president pro tem shall vote on legislative matters coming before the council and perform the ministerial duties relating to legislation passed, but shall not exercise the mayor's power of veto, appointment or removal. Each member of council may appoint assistants in the unclassified legislative service according to ordinance. The council shall appoint a clerk of council and such

other subordinate officers as may be required to perform the duties of the office. The clerk and others so appointed shall serve in the unclassified legislative service.

Section 6. Every ordinance shall be fully and distinctly read on three different days unless three-fourths of the members elected to the council dispense with the rule. No ordinance shall contain more than one subject which shall be clearly expressed in its title, and no ordinance shall be revived or amended unless the new ordinance contains the entire ordinance revived, or the section or sections amended, and the section or sections so amended shall be repealed. Council may adopt codification ordinances, codifying, revising and re-arranging the ordinances of the city or any portion thereof. The clerk of council shall make reasonable efforts to publish proposed legislation no less than twenty-four hours prior to its consideration by the council in a manner reasonably calculated to be widely accessible to the public and the media. The clerk of council shall also make available paper copies of such ordinances upon request.

Any legislation passed by the council shall be dated when passed. If the mayor approves the legislation, the mayor shall sign and date the legislation and it shall be effective according to its terms when signed by the mayor.

If the mayor does not approve the legislation, the mayor may veto the legislation and return it to the council within four days after passage with a notation of the veto on the legislation. The vetoed legislation shall be placed on the agenda of the council at its next regularly scheduled meeting. Legislation vetoed by the mayor and returned to the council may not be amended.

Upon motion passed by five members of the council, the council may reconsider the vetoed legislation. If six members of the council vote affirmatively to override the veto and enact the legislation, it becomes law notwithstanding the mayoral veto. It shall be effective according to its terms upon the affirmative vote and, if otherwise subject to referendum, the time for referendum on the legislation shall begin to run again from that date. Unless the council overrides the veto of the mayor at or before the second regularly scheduled meeting of the council following passage of the legislation, the legislation shall not take effect. Legislation enacted by the council over the veto of the mayor shall not be vetoed a second time. An ordinance placing on the ballot a charter amendment initiated by petition shall not be subject to a mayoral veto.

If the mayor neither approves nor vetoes the legislation, the legislation shall be effective according to its terms the fifth day following its passage. The effective date shall be noted on the original copy of the legislation by the clerk of council.

Legislation shall be made available to the public and the media by the clerk of council within three business days after its passage in a manner reasonably calculated to be widely accessible to the public and the media. The clerk of council shall also make available paper copies of such ordinances upon request. Publication of legislation relating to improvements or to assessments upon private property for such improvements shall be by newspaper publication. The advertisement shall contain simply a statement of the title, number and date of the ordinance and resolution, a concise description of the private property affected, a summary of the nature

of the improvements, the rate of any assessment levied or to be levied, and a reference to a copy of the said legislation, which shall be on file in the office of the clerk of council. (Amended by Ord. No. 77-1999, eff. Dec. 1, 2001; election of May 4, 1999; amended by Emer. Ord. No. 254-2014, eff. Nov. 4, 2014; election of Nov. 4, 2014)

Section 7. The existing departments, divisions and boards of the city government are continued unless changed by the provisions of this charter or by ordinance of the council. The council shall maintain an administrative code providing for a complete plan of administrative organization of the city government. Thereafter, except as established by the provisions of this charter, the council may change, abolish, combine and re-arrange the departments, divisions and boards of the city government provided for in said administrative code, but an ordinance creating, combining, abolishing or decreasing the powers of any department, division or board, shall require a vote of three-fourths of the members elected to the council, except the ordinance adopting an administrative code.
(Amended by Emer. Ord. No. 254-2014, eff. Nov. 4, 2014; election of Nov. 4, 2014)

Section 8. The initiative and referendum powers are reserved to the people of the city on all questions which the council is authorized to control by legislative action; such powers shall be exercised in the manner provided by this charter. Petitions for an initiated ordinance, referendum, or charter amendment shall comply with the requirements established in this charter.

A. **Petitions.**

1. **Petition Forms.**

Petitioners shall use the forms provided by the Ohio Secretary of State for an initiated ordinance, referendum, or charter amendment, unless this charter or an ordinance of council provides otherwise.

In addition, each petition for a proposal initiated by a citizen shall comply with the following as to form and with general laws of the state, unless otherwise provided by this charter or ordinance of council:

(a) A petition may be circulated in separate part-petitions but each part-petition shall be identical.

(b) Each part-petition shall be circulated and submitted as a single instrument.

(c) A petition may only contain one proposal, which shall not address multiple or unrelated subject matters or questions of law.

(d) The title of the proposal shall clearly and without argument describe the proposed ordinance, referendum, or charter amendment, and such title shall be placed on the top of each page of a part-petition, and the pages shall be numbered sequentially.

(e) A petition shall contain a full and correct copy of any proposed ordinance, referendum, or charter amendment, with no summary, argument, or other ancillary information regarding the proposal placed thereon, unless otherwise required by this charter or ordinance of council.

2. **Petition committee.**

The petition shall bear the names of at least five qualified electors of the city of Cincinnati, who shall represent the petitioners in all matters relating to such petitions and shall be known as the petition committee.

3. **Filing certified copy of petition with clerk of council.**

Whoever seeks to propose by petition an ordinance, referendum, or charter amendment shall file a certified copy of the petition with the clerk of council prior to circulating it.

4. **Duties upon filing of certified copy of petition.**

The clerk of council shall forward the certified copy of a petition within one business day to the solicitor and the mayor and members of council. The solicitor shall determine if the petition addresses a single subject and meets the requirements as to form provided by this charter and shall report the same to the clerk of council and the mayor and members of council as soon as practicable.

B. **Filing of signed petitions.**

1. **All signed petitions to be filed with clerk of council; deadlines.**

(a) All separate part-petitions providing for a proposed ordinance, referendum, or charter amendment shall be filed at the same time, as one instrument, with the clerk of council. No alterations, corrections, or additions may be made to a petition after it is filed with the clerk.

(b) Petitions for an initiated ordinance shall be filed with the clerk of council at least eighty days prior to an election at which the initiated ordinance is to be submitted to the voters.

If a petition committee wants to have the option provided under section 8.C.2 of this article to submit additional signatures if the election authority determines the petition does not have sufficient valid signatures, the petition committee must submit the signed petitions to the clerk of council at least 100 days prior to an election at which the initiated ordinance is to be submitted to the voters.

(c) Signed petitions for an initiated ordinance or charter amendment shall be filed within two years of filing a certified copy of the petition with the clerk of council; petitions for referendum shall be filed as otherwise provided for in this charter. If petitions are not filed in the time required by this charter, the petition originally filed with the clerk of council is no longer valid, and the petition process must begin again.

2. **Withdrawal, effect of withdrawal or insufficiency.**

No petition, or part thereof, presented to or filed with any office of the city of Cincinnati may be withdrawn from such public office. A petition shall be withdrawn from consideration by the city if the petition committee submits to the clerk of council a written notice of withdrawal, signed by a majority of the committee and duly notarized, prior to final action on the petition; and a petition shall be withdrawn from consideration by the electors if notice is submitted as required in this section prior to the forty-fifth day before the date of the election thereon.

C. **Duties upon filing of a signed petition.**

1. Within ten days after the filing of a signed petition, the clerk of council shall have copies of the petitions

made and shall forward the petitions to the elections authorities to validate the signatures on the petition and to the solicitor. In the case of a proposed charter amendment, the clerk of council shall forthwith forward the petitions to the elections authorities and the solicitor.

2. If the elections authority's report confirms a sufficient number of valid signatures on the petition, the clerk of council immediately shall forward the elections authority's report to the mayor, council, and the solicitor. If the elections authority's report confirms an insufficient number of valid signatures on the petition, the clerk of council immediately shall notify the mayor, council, solicitor, and the petition committee of the deficiency.

   If, as provided in section B.1.(b), the petition committee submitted the signed petitions to the clerk of council at least 100 days prior to an election at which the initiated ordinance is to be submitted to the voters, the petition committee shall have one additional ten-day period from the time of notification by the clerk of council to secure and file petitions containing additional signatures as one instrument. This period to collect additional signatures cannot extend beyond the deadline for the city to submit an ordinance to the elections authority to put the initiative on the ballot for the next election. The clerk of council immediately shall forward any additional petitions received to the elections authorities. The clerk of council shall immediately forward to the mayor, the council and the solicitor the elections authority's supplemental report regarding signature validation.

   If the elections authority's supplemental report confirms the petition has an insufficient number of valid signatures, the clerk of council also shall immediately notify the petition committee of the deficiency, the petition will be closed, and the petition effort must begin again.

3. **Validation of part-petitions, signatures.**

   Validation of signatures and part-petitions shall be as provided for in the general laws of the state, unless otherwise provided by this charter or ordinance of council. No part-petition which includes a purported elector's signature or circulator's signature affixed prior to the date of filing a certified copy of the petition with the clerk of council shall be deemed valid.

D. **Council action by ordinance.**

1. Council action on a petition for any proposed ordinance, referendum, or charter amendment shall be by ordinance. No city official or employee may consider the subject matter of a petition when determining its legal sufficiency, except as required to assure compliance with applicable provisions of this charter, general laws of the state, or ordinance of the council. Any petition and any signatures upon the part-petitions thereof found to be sufficient as provided herein shall be presumed to be sufficient in all respects unless it is proven otherwise at least 45 days before the election.

2. **Petitions not subject to veto, referendum.**

   Any ordinance placing an issue before voters or setting the date of an associated special election shall go into

effect and be in force from and after the date of passage. Such ordinance shall not be subject to the mayor's veto or be subject to referendum.

E. **Conflicting questions and issues.**

If two or more proposals are approved or adopted at the same election, and the solicitor finds that any provisions of two or more proposals are in conflict, the proposal receiving the highest number of votes shall prevail.

F. **PETITION-INITIATED ORDINANCE**

1. Any proposed ordinance may be submitted to the council by a petition signed by registered electors of the city equal to not less than ten per cent of the total vote cast for governor at the most recent general election for governor in the city. Any such proposed ordinance shall comply, in all respects, with the requirements of this charter and applicable rules of council regarding ordinances.

2. **Council action on initiated ordinances.**

The clerk of council shall notify the mayor, the council, and the solicitor of the election authorities' conclusion regarding the validity of the signatures on the petitions to enact an ordinance immediately upon receipt of the report from the election authorities. If the clerk of council notifies the mayor, the council, and the solicitor that the elections authorities determined the petition has a sufficient number of signatures, the council shall determine whether the petition is otherwise sufficient as authorized by this charter and general laws of the state. If the council finds the petition is otherwise sufficient, it shall take either of the following actions:

(a) vote to adopt the proposed ordinance without alteration; or

(b) pass an ordinance to provide for the submission of the proposed ordinance in its original form to a vote of the electors of the city in such time as to allow it to be on the ballot at the next regular municipal election scheduled not less than sixty nor more than 120 days after its passage. If no such election will be held within that period, the council shall, at its sole discretion, order and provide for the submission of such proposed ordinance to a vote of the electors of the city at either a special election within such period or at the next regular municipal election.

3. **Ballot language, initiated ordinance.**

In any ordinance placing a proposed ordinance on the ballot, the council shall prescribe a brief summary of the same, which shall be accurate, shall not be misleading, and shall be without material omission or argument. The summary so prescribed shall be placed upon the ballot.

4. **Effect of electoral vote on proposed ordinance.**

If such proposed ordinance is approved by a majority of the electors voting on it, it shall become an ordinance of the city at the time fixed therein, or upon the completion of the official canvass of the election, whichever is later.

G. **REFERENDUM**

1. **Referendum initiated by petition.**

   Any proposed referendum may be submitted to the council by a petition signed by registered electors of the city equal to not less than ten per cent of the total vote for governor at the most recent general election for governor in the city, and such petition shall be submitted within thirty days of final action by the council.

2. **Effect of referendum petition on subject ordinance.**

   If a petition for referendum is filed as provided in this charter regarding an ordinance that shall go into effect thirty days after final passage by the council, such ordinance shall not be operative until the steps indicated herein have been taken. Emergency ordinances shall not be subject to referendum.

3. **Council action on petition for referendum.**

   If the clerk of council notifies the mayor, the council, and the solicitor that the elections authorities determined the petition has a sufficient number of signatures, the council shall determine whether the petition is otherwise sufficient as authorized by this charter and general laws of the state. If the council finds the petition is otherwise sufficient, it shall take either of the following actions:

   (a) vote to repeal the subject ordinance; or

   (b) pass an ordinance to provide for the submission of the proposed referendum in its original form to a vote of the electors of the city in such time as to allow it to be on the ballot at the next regular municipal election scheduled not less than sixty nor more than 120 days after its passage. If no such election will be held within that period, the council shall, at its sole discretion, order and provide for the submission of such proposed ordinance to a vote of the electors of the city at either a special election within such period or at the next regular municipal election.

4. **Ballot language, referendum.**

   In any ordinance placing a referendum on the ballot, the council shall prescribe a brief summary of the referendum, which shall be accurate, shall not be misleading, and shall be without material omission or argument. The summary so prescribed shall be placed upon the ballot.

5. **Effect of electoral vote on referendum.**

   If such proposed referendum is approved by a majority of the electors voting thereon, the ordinance which was the subject of the referendum shall be repealed upon the completion of the official canvass of the election.

H. **CHARTER AMENDMENTS**

1. Proposed amendments to this charter may be submitted to the electors of the city by a two-thirds vote of the council and such submission shall be by ordinance. Proposed amendments to this charter shall be submitted by the council forthwith upon a petition signed by electors of the city equal to

not less than ten percent of the total vote cast at the last preceding regular municipal election.

2. **Council action on petition for proposed charter amendment.**

The clerk of council shall notify the mayor, the council, and the solicitor of the election authorities' conclusion regarding the validity of the signatures on the petitions to enact an ordinance for a charter amendment forthwith upon receipt of the report from the election authorities. After receiving notification from the clerk of council that there are sufficient valid signatures on the petition, the council shall forthwith provide by ordinance for the submission of such proposed charter amendment to a vote of the electors of the city.

3. **Placement of issue on the ballot.**

The ordinance shall order and provide for the submission of such proposed charter amendment to the electors at the next regular municipal election if one shall occur not less than sixty nor more than 120 days after its passage; otherwise, it shall provide for the submission of the question at a special election to be called and held within that time.

4. **Notice of charter amendment.**

The clerk of council shall provide notice of any proposed charter amendment as provided for by general laws of the state, unless otherwise provided by this charter or ordinance of council.

5. **Ballot language, generally.**

In any ordinance placing a proposed charter amendment on the ballot, the council shall prescribe a brief summary of the proposed amendment, which shall be accurate, shall not be misleading, and shall be without material omission or argument. The summary so prescribed shall be placed upon the ballot.

6. **Effect of approval at election.**

If such proposed amendment is approved by a majority of the electors voting thereon, it shall become a part of the charter at the time fixed in the proposed amendment, or upon completion of the official canvass of the election, whichever is later.

(Amended by Ord. No. 418-1985, eff. Sept. 5, 1985; election of Nov. 5, 1985; a. Ord. No. 348-1987, eff. Oct. 1, 1987; election of Nov. 3, 1987; amended by Ord. No. 77-1999, eff. Dec. 1, 2001; election of May 4, 1999; amended by Emer. Ord. No. 288-2015, eff. Nov. 3, 2015; election of Nov. 3, 2015)

Section 2. The mayor shall preside over all meetings of the council but shall not have a vote on the council. The mayor may call a special meeting of the council. The mayor shall exercise the veto power as provided in Article II. The mayor shall appoint and may remove the vice-mayor and the chair of all committees of the council without the advice and consent of the council. The mayor shall assign all legislative matters to the appropriate committee for consideration except if a legislative matter is not assigned by the mayor by the fourth regularly scheduled meeting of council following the date the legislative matter was submitted to the clerk of council, then the clerk of council shall assign the legislative matter to an appropriate committee for placement on the agenda at the committee's next regularly scheduled meeting. Motions and non-legislative resolutions may be assigned by the mayor to the appropriate committee for consideration or motions and non-legislative resolutions may be immediately considered by the council if (1) the mayor places the motion or non-legislative resolution on the council calendar for immediate consideration or (2) upon the vote of two-thirds of the members of council in favor of immediate consideration of the motion or non-legislative resolution. The mayor may propose and introduce legislation for council consideration.

Each legislative matter assigned to a committee shall be placed by the committee chair on the agenda no later than the fourth regularly scheduled committee meeting after referral unless a legislative sponsor of the ordinance grants an extension of time to the clerk of council in writing. If a committee votes to recommend passage of a legislative matter, the mayor shall place it on the council calendar for passage no later than the fourth regularly scheduled council meeting after committee approval, unless a legislative sponsor grants an extension of time to the clerk of council in writing. For purposes of this paragraph, "legislative sponsor" means a member of council, the city manager, or the mayor, who introduced and submitted the legislative matter to the clerk of council.

The mayor shall be recognized as the official head and representative of the city for all purposes, except as provided otherwise in this charter.

The mayor shall appoint the city manager upon an affirmative vote of five members of the council following the mayor's recommendation for appointment. Prior to the vote, the mayor shall seek the advice of council, to include the opportunity for council to interview the candidates considered by the mayor. Should the council not approve the recommendation of the mayor, the mayor may submit another recommendation or institute a new search. The mayor, with the advice of council, shall have the authority to initiate and recommend to the council the removal of the city manager, provided that such removal shall require an affirmative vote of five members of the council. A temporary appointment to the position of city manager that may be required by reason of a vacancy in the office shall be submitted by the mayor to the council for its approval prior to the appointment.

The mayor shall deliver an annual address to the council and citizens of the city reporting on the state of the city and making recommendations for the establishment and achievement of future city goals.

The mayor shall transmit to the council the annual budget estimate prepared by the city manager. The transmittal shall occur within 15 days after receipt from the city manager and may include a letter commenting on the proposed budget.

The mayor shall perform such other duties as may be prescribed by this charter or as may be imposed by council, consistent with the office. The mayor shall be recognized as

the official head of the city for all ceremonial purposes, by the courts for the purpose of serving civil process, and by the governor for military purposes.

In time of public danger or emergency, the mayor may, with the consent of the council, take command of the police, maintain order and enforce the law.

The mayor shall appoint his or her assistants in the unclassified service and shall fix their salaries. Such assistants shall serve at the pleasure of the mayor and shall constitute the mayoral service. All other appointments to be made by the mayor shall be made with the advice and consent of the council except as otherwise provided in this charter.
(Amended by Ord. No. 77-1999, eff. Dec. 1, 2001; election of May 4, 1999; a. Emer. Ord. No. 264-2022, eff. Nov. 8, 2022, election of November 8, 2022)

Section 3. At the first meeting in January of the council after its election, the mayor shall select a vice-mayor from among the members of the council to serve for a term of two years, subject to removal by the mayor. The vice-mayor shall have the powers and perform the duties of the mayor during the mayor's absence or disability. When presiding at council, the vice-mayor shall vote on legislative matters coming before the council and perform the ministerial duties relating to legislation passed, but shall not exercise the mayor's power of veto, appointment or removal. No additional compensation shall attach to the office of vice-mayor.

In the event of the death, removal or resignation of the mayor, the vice-mayor shall succeed to the office of mayor in accordance with this section. The vice-mayor's vacancy on council shall be filled in accordance with Article II, Section 4b of this charter and a new vice-mayor shall be selected by the mayor from the members of the council.

Should the death, removal or resignation of the mayor occur prior to June 1 of the second calendar year following the regular municipal election for the choice of mayor, the vice-mayor shall hold the office of mayor until the first Tuesday after January 1st of the following year and until a successor is elected and qualified to fill the unexpired term. An election to fill the unexpired term of mayor will be held on the date of the regular municipal election held during the second calendar year following the regular municipal election for mayor. Nominations and election of the mayor to the unexpired term shall be governed by the provisions of Article IX of the charter for the election of the mayor.

Should the death, removal or resignation of the mayor occur on or after June 1 of the second calendar year following the regular municipal election for the choice of mayor, the vice-mayor shall succeed to the office of mayor for the remainder of the unexpired term of the mayor.

Such maps and plans may also include the division of the city into zones or districts, in accordance with the commission's recommendations for the limitation and regulation of the height, bulk (including percentage of lot occupancy and set-back building lines) and use of buildings and other structures and premises in such zones or districts.

Section 4. The commission shall have the power to control the marking of historical landmarks; to control, in the manner provided by ordinance of the council, the location of statuary and other works of art which are or may become the property of the city, and the removal or relocation of any such works belonging to the city.

The widening, narrowing, relocation, vacation, or change in the use of streets and other public ways, grounds and places, except change of grade, shall be subject to similar approval, and failure to approve may be similarly overruled by the council.

Such regulations may include requirements as to the extent to which and the manner in which streets and other public ways shall be graded and improved, and to which water and sewer and other utility mains, piping or other facilities shall be installed, as a condition precedent to the approval of the plat. In lieu of the completion of such work previous to the approval of the plat, the commission may accept a contract secured by a bond in an amount and with surety satisfactory to the city manager, providing and securing to the municipality the actual construction and installation of such improvements and utilities within a period specified by the city manager and expressed in the contract and bond. The city solicitor is hereby granted the power to enforce such bonds by all appropriate, legal and equitable remedies. All such regulations shall be published as provided by law for the publication of ordinances, and before adoption a public hearing shall be held thereon, and before the same becomes effective a copy thereof shall be filed with the clerk of council. In addition to the powers expressly specified in this charter, the commission shall have all powers of control over plats and subdivision granted to city planning commissions by the statutes of Ohio.

Section 8. All plats of the subdivision of lands within the corporate limits of the city or within three miles thereof, and all instruments of dedication of lands for public use, shall be submitted to the commission and approved thereon in writing by it before they may be offered for record or accepted by the city. The approval of the commission shall not be deemed the city's acceptance of the dedication of any street, alley, way or other public ground shown on the plat or set forth in the instrument.

No street, alley, way, or other public ground shall be accepted by the city as a public street, way or ground, unless the plat and location thereof shall have been submitted to and approved by the commission; provided, however, that council may submit to the commission any ordinance proposing to accept the dedication of any such unapproved street, alley, way, or ground, and if approved by the commission, council shall have the power to accept the dedication thereof by a majority vote, or, if disapproved, by a vote of not less than two-thirds of its members.

Council may make changes, amendments or modifications in said budget system to make it conform to amendments hereafter made in said budget law, and such other changes, amendments or modifications therein, not affecting the substance or completeness of said system as council shall have power to make under the laws and constitution of the state.

Section 3. The council shall annually levy a tax for current operating expenses on the real and personal property in the city for the purposes of the city of Cincinnati, its boards, departments and institutions. The rate of such tax shall not exceed six and sixty-five hundredths (6.65) mills on the dollar of assessed valuation. Out of said total maximum levy fifty-five hundredths (.55) of a mill may be levied only for the purposes of the University of Cincinnati, and at the request of the board of directors of the said university all or any part of said rate shall be levied. Out of said total maximum levy one-tenth (1/10) of a mill may be levied only for recreational purposes and at the request of the public recreation commission all or any part of said rate shall be levied.

Section 3a. In conformity with the law of the state of Ohio, beginning with the levy for the purposes of the year 1948, the council shall also have authority to levy annually an additional tax of forty-five hundredths (.45) of a mill upon the real and personal property of the city of Cincinnati over and above the amount authorized by Section 3 of Article VIII of the charter, for the purposes of the University of Cincinnati, and at the request of the board of directors of the said university all or any part of said rate shall be levied.

Section 4. The council shall annually levy outside of the limitations provided in this charter a sufficient sum to pay the principal, interest, and retirement charges on all bonds and notes of the city of Cincinnati, lawfully issued, rents due on perpetual leaseholds of the corporation not payable from a special fund, and the expenses incident to the management of the sinking fund, which entire levy shall be placed before and in preference to all other levies. Amounts certified under the laws of the state as necessary for such purposes shall not be subject to change by the council.

Section 5. On or before the 15th day of September in any year the council may, by

resolution adopted by vote of two-thirds of all the members elected thereto, declare that the amount of money that may be raised by taxation under Section 3 hereof for the ensuing year together with all other funds available during the year will be insufficient to provide an adequate amount for the necessary requirements of the city, and that it is necessary to levy taxes in excess of said limitations (1) for the purpose of meeting the current expenses of the city, its boards, departments, and institutions, and (2) for any specified improvement or improvements having a life of five years or more, and may require the submission of the question of levying such additional tax to the electors of the city at the next November election. Such resolution shall specify the additional sum which it is necessary to levy, the purpose thereof and the number of years during which such increased rate may be levied which shall not exceed two years. Such resolution shall take effect upon its adoption and shall be certified within five days thereafter to the election authorities who shall place said question upon the ballot in the following form:

For the approval of an additional levy of taxes by the city of Cincinnati in the sum of $_____ to be used for the purpose of _____ and effective during the tax year _____.

Against the approval of an additional levy of taxes by the city of Cincinnati in the sum of $_____ to be used for the purpose of _____ and effective during the tax year _____.

The question covered by such resolution shall be submitted as a separate proposition, but may be printed on the same ballot with any other proposition other than the election of officers submitted at the same election. If a majority of those voting thereon vote for the approval of such additional levy, council shall immediately make such levy or such part thereof as it finds necessary, pursuant to such approval, and certify the same to the county auditor to be placed on the tax list and collected as other taxes.

Section 6a. The council shall have the power to levy such other taxes as may be lawful in accordance with the provisions of the constitution and laws of the state of Ohio.

3. charged or paid for admission by season ticket or subscription; or
4. charged or paid for tickets or admission to any sporting event or entertainment performance; or
5. charged or paid as a greens fee by golf courses, either under club or private ownership,

For purposes of this Section 6b, the term "amounts paid for admission" shall not include any payment made for the use or possession, or the right

to the use or possession, of a room or group of rooms to be used for dwelling, lodging or sleeping purposes. Any ordinance, regulation, rule or policy enacted prior to the adoption of this amendment that violates or is otherwise inconsistent with the prohibition set forth in this Section 6b shall be null and void and of no force or effect.

Such earned income tax shall not be at a rate in excess of one and fifty-five one-hundredths percent (1.55%) for current operating expenses and permanent improvement purposes plus fifteen-hundredths of one percent (.15%) for permanent improvement purposes only and three-tenths of one percent (.3%) for public transit purposes generally and without limitation and including both capital and current operating expenses for the remainder of the calendar year 1972 and thereafter without having obtained the approval of any tax in excess of that stated herein by the electors voting on the question at a general election or at a special or primary election.

In the event that at an election on or before November 3, 2020 the Southwest Ohio Regional Transit Authority passes a resolution, pursuant to Ohio Revised Code § 5739.023 or any successor section, to levy a sales and use tax to provide general revenues for the Southwest Ohio Regional Transit Authority and the electors of the county of Hamilton, state of Ohio approve the sales and use tax levy, so long as such levy or successor levies to it remain in effect the three-tenths of one percent (.3%) earned income tax levied for public transit purposes generally shall not be levied. If the sales and use tax levy is approved, the levy of the .3% earnings tax for public transit purposes generally shall be stopped as of the first day following the collection of the sales and use tax to provide general revenues for the Southwest Ohio Regional Transit Authority.

Section 2. Any person eligible to the office of member of the council or the office of mayor may be placed in nomination therefor only by a petition filed in such person's behalf with the election authorities and signed by not less than 500 nor more than 1000 electors. Signatures to nominating petitions need not be appended to one paper but to each separate paper there shall be attached a statement of the circulator thereof stating that each signature thereto was made in the circulator's presence and is the genuine signature of the person whose name it purports to be. Each signer of a

Effective beginning with the municipal election of November 2021 and for each subsequent municipal election, notwithstanding any provision contained in Article II or in any other section of Article IX, no person shall hold the office of member of council for a period longer than four successive two-year terms of the council. For any person elected to council for the council term ending in January 2018 and who was thereafter elected to the council term ending in January 2022, such person may not hold office for a period longer than two four-year terms except that a member of council who was elected to council in November 2011 may be elected to no more than two consecutive four-year terms commencing on December 1, 2013. After conclusion of any period of service described in this section, any such person may not be appointed to or seek office for a subsequent council term unless that term is separated by four or more years from the member's immediately prior service. Terms shall be considered successive unless separated by a period of four or more years from the member's immediately prior service.

For the purposes of this term limit provision, any period of service during a term by a member of council elected to that council term shall constitute service for that entire council term, except that any period of service during a term by a member elected to fill a council term for less than a four-year term shall not constitute service for the council term ending in January 2022. For the purposes of this term limit provision, any period of service during a term by a mayor elected for that full, four-year term shall constitute service for a four-year term. Any period of service during a term, by a mayor elected for less than that full, four-year term shall not constitute service for a four-year term. Any period of service by a non-elected mayor during a four-year term shall not constitute service for a four-year term.

For the council term ending in January 2022, should the death, removal or resignation of a member of council occur prior to June 1 of the second calendar year following the regular municipal election at which that member of council was elected to a four-year term, the person or persons designated on that member of council's successor designation certificate shall select a successor to hold office until the first Tuesday after January 1st of the third calendar year after the calendar year in which the member was elected and until a successor is elected and qualified to fill the unexpired term. An election to fill the unexpired term of that member of council will be held on the date of the regular municipal election held during the second calendar year following that member's election to council. g) Commission members' terms shall be staggered so that no more than a simple majority of the terms expire in a single year. If additional members are appointed to the Commission pursuant to section 4(b) of this Article, the mayor shall have the discretion to appoint such members to an initial term of 3, 4, or 5 years so that the terms of no more than a simple majority of the members expire in a single year.

b) render an advisory opinion. A person who reasonably relies on a Commission advisory opinion is not liable for a violation of this Article.

2) Every four years, the Commission shall adjust the contribution limits in section 1 by the same percentage as the periodic adjustments to the salaries of the mayor and a council member, rounded up to the nearest one hundred dollars.

3) Periodically, the Commission shall file timely reports on the operation of this Article, including one comprehensive report each election cycle within five months after an election.

HISTORICAL

Article II, Section 7 of the charter required the adoption by majority vote of council of an administrative code providing for a complete plan of administrative organization of the city government within six months of the adoption of the charter which occurred on November 2, 1926. Thereafter, except as provided specifically in the charter, council was authorized to change, abolish, combine and rearrange the departments, divisions, and board of the city government as provided for in the administrative code so adopted; but any ordinance creating, combining, abolishing, or decreasing the powers of any department, division, or board requires the approval by vote of three-quarters of the members elected to council.

THE 1927 ADMINISTRATIVE CODE

The original administrative code contained nineteen articles and was adopted in 1927. It became Chapter 2 of Title II of the 1928 Code of Ordinances and did not include material covering boards, commissions and institutions of the city, which constituted Chapter 3 of Title II of the 1928 Code of Ordinances. Nor did it include supplementary administrative provisions, Chapter 4 of that title, which contained much material that eventually came to be placed within the administrative code.

THE 1930 ADMINISTRATIVE CODE

A revised administrative code was adopted in 1930, reorganizing the governmental structure by reducing the number of departments and constituting several previously existing departments as divisions of other new departments. It was to a great extent the foundation of the present administrative code and contained thirteen articles, the last of which "Declaratory" became inoperative when transition adjustments from the 1927 administrative code to the 1930 administrative code were completed.

The 1930 administrative code was separate and distinct from the code of ordinances and appears in the 1936 publication of the recodification of the ordinances on pages 37 through 56. From 1930 to March 5, 1969, the administrative code changed relatively slowly, and in most instances involved only one or two articles of the code being altered at any particular time.

Changes which have occurred since 1930 will be set forth below chronologically. Only changes having substantial effect upon the functions and operations of the city governmental structure are included.

1940 AND 1941

At the end of 1940 an ordinance amending the administrative code by ordaining Section 6 of Article II, pertaining to the city manager, brought a significant change in the structure of the city government. The city solicitor was designated to perform the duties of the city manager in the absence or disability of the city manager.

At the same time Section 8 of Article III, Department of Law, was ordained to provide for the appointment of a first assistant solicitor and a second assistant solicitor who would assume the duties of solicitor during his absence or disability. The chain of command, therefore, for the administrative service of the city ran from the city manager to the city solicitor and from him to the first assistant solicitor and then to the second assistant solicitor.

This same period brought a substantial change in Article IV, Department of Safety, when Sections 8 and 15 of that article dealing with the city's own police and fire pension systems were invalidated by the Ohio Supreme Court in the case of Cincinnati v. Gamble, 138 O.S. 220. The decision dealt a substantial blow to the home rule authority of municipalities by expanding control by the

state legislature over the operations, activities, administration, and functioning of municipal police departments. It was many years before the Supreme Court of Ohio took a more liberal view of the rights of municipalities to exercise discretion in regard to many aspects of police and fire administration.

In 1941 supervision of the city employees retirement system by the personnel officer was eliminated through the repeal of Article XI, Section 2 of the administrative code, and a new Article XV, Retirement System, was enacted. This article created a board of trustees to administer the system, provided that the trustees serve without compensation, provided for the organization of the board of trustees, and authorized it to make rules and regulations governing the administration of funds and the transaction of the board's business. The board was required to make annual fiscal reports to council and was required to designate a medical director to pass upon all medical examinations required by the system. The board was also required to designate an actuary to be its technical advisor. Provision was made for actuarial investigations in regard to mortality, service, and compensation service of members and beneficiaries of the retirement system and for evaluation of its assets and liabilities.

1946

In September, 1946, council amended Section 5 of Article XIV of the administrative code, Public Recreation Commission, and repealed existing Sections 5 and 6 of that article to change the position of director of public recreation to that of superintendent of recreation and to specifically authorize him to carry out the police decisions made by the public recreation commission, of which the superintendent was made the secretary and chief administrative officer. He was also given authority to sign contracts for the services of umpires, referees, special directors, musicians, instructors, accompanists, and others who perform special and occasional duties on behalf of the recreation commission. Generally, he was to manage the facilities operated by the commission and direct and oversee its programs and activities.

1950

In 1949 the charter of the city of Cincinnati was amended to provide for the creation by ordinance of council of a department of finance including the transfer to the director of finance of the duties of the city treasurer and city auditor. The creation of such a department, of course, reduced the positions of city treasurer and auditor to a level subordinate to the director of finance and made their duties dependent upon the administrative code rather than on the charter.

In 1950 council passed the ordinance to implement this charter provision. All sections of Article IX, formerly entitled City Treasurer, were repealed and an entire new chapter setting forth the powers and duties of the director of finance, the superintendent of accounts and audits, the city treasurer, and of the divisions under these individuals, was enacted. At the same time former Article XII, City Auditor, was repealed. These changes brought about a major revision of the governmental structure of the city of Cincinnati in relation to the handling of financial matters.

At the time of this change in the department of finance, Section 3 of Article I, General, and Section 3 of Article XV, Retirement System, were amended to delete references to the city treasurer and city auditor, and Ordinance No. 391-1950 was passed vesting in and imposing upon the director of finance all functions, powers and duties which were then devolved upon, vested in and imposed upon the city auditor.

1955

In December of 1955 there was established in the department of finance the income tax

bureau, headed by the tax commissioner. It was created for the administration and enforcement of city income taxes heretofore or hereafter levied.

1956

In addition to the transfer of traffic engineering from the safety department to the department of public utilities, as was authorized two years before, 1956 saw what was to be the beginning of a program of great impact upon the city of Cincinnati when council, in April of that year, created the department of urban renewal and established the duties of the director of that department by ordaining Article XVI, Sections 1 and 2 of the administrative code.

The 1956 reprinting of the code of ordinances contained the administrative code, with all changes up to January 1, 1957, on pages 21 through 40.

1957

The chain of command of the administrative services of the city altered again in 1957 to provide that in the absence of the city manager, the director of public works would be acting city manager. After the director of public works came the safety director, the director of finance, and the city solicitor, in that order. This amendment to Section 6 of Article II of the administrative code established the pattern of having several directors of city departments in line for the position of acting city manager in lieu of the city solicitor and the assistant solicitors.

Sections 1 and 3 of Article XV, Retirement System, were also modified in 1957 to increase the size of the board of trustees by two members, an additional trustee elected by the members of the system and a citizen appointed by the board. Concurring votes of five trustees were required by this amendment in order to constitute a decision of the board.

1961

Article V, City Hospital, was amended in 1961 to provide that effective January 1, 1962, the administrative activities of the hospital would be placed under the directors of the University of Cincinnati. Section 1 of Article V was repealed in this change, which was made in accordance with the 1960 amendment of Article VI, Section 3 of the charter, authorizing the transfer of control and direction of administrative and executive work of the general hospital from the city manager to the board of director by action of council.

1965

March, 1965, saw the creation of the division of convention and exposition center within the department of public works through ordaining of Section 3 of Article VI of the administrative code.

1967

In June of 1967 residency requirements for city employees were placed in the administrative code by the adoption of Article XVII. Section 1 thereof provided that city employee may reside throughout Hamilton county. Certain exceptions were placed upon this restriction, permitting employees residing outside of Hamilton County to remain at their present address, allowing employees assigned to duties outside of Hamilton county to live outside the county, and exempting from the residency requirement employees where there is a shortage of qualified applicants as determined by the civil service commission. The city manager, department heads, chief administrative officers of boards and commissions and employees in a position to effectively

recommend policy decisions were required, however, to reside within the corporate limits of the city of Cincinnati.

1968

The month of April brought three important changes to the administrative code. Section 6 of Article II, City Manager, again changed the order of assumption of the reins of city manager by providing that in the absence of the city manager the acting city manager shall be the city solicitor. In the absence of the solicitor, the director of public works, the director of safety, and the director of finance, succeeded to the position of acting city manager in that order.

Article XVIII, Public Danger or Emergency, was ordained to establish procedures to be used and authority to be exercised by the city manager, the mayor, or the vice-mayor, in time of public danger or emergency. This chapter implements the provisions of Section 1, Article III of the charter which provides that in time of public danger or emergency the mayor may with the consent of council take command of the police, maintain order and enforce the law. By this article, council defined public danger or emergency and authorized the mayor or in his absence the vice-mayor to assume control when the danger or emergency occurred. Procedures for the transfer of authority to the mayor were specified, along with the duties of the city manager up until the time the mayor assumes control. The article provided for a procedure for proclamation of emergency, obtaining assistance from county, state, and federal authorities and imposing emergency sanctions such as curfew, restriction on traffic in firearms and explosives, and restriction of the sale of gasoline, other flammable or combustible products and dangerous chemicals. It provided for the notification of the members of council of emergency conditions existing in the city and provided for the state of emergency to terminate not later than two weeks from the time of its proclamation unless extended by council. Council retained authority to terminate the state of emergency at any time.

Article XIX, Department of Sewers, was ordained to give full departmental status to what was formerly a division within the department of public works. The department of sewers was given charge of the design, construction, repair, maintenance and operation of all sewers and sewerage treatment facilities in the city of Cincinnati and was authorized to perform these services for the Metropolitan Sewer District in accordance with a contract executed by the city of Cincinnati and Hamilton county. The department of sewers undertook the operation of all city and county sewers and sewerage treatment facilities on May 1, 1968.

1969

On July 3, 1968, council approved a request from the mayor that a study be made of the organization of the city government. The Cincinnati Organization Study Committee was appointed and with the aid of professional consultants a review of the entire governmental structure was made and a report was submitted to council in February, 1969. The report included far-reaching recommendations which involved the city charter, state law, and the administrative code. After lengthy study and debate substantial parts of the recommendations were adopted.

Articles IX, Department of Finance, and XV, Retirement System, were amended to transfer the administrative staff of the city employees retirement system to the department of finance under the jurisdiction of the director, who also serves as secretary of the retirement system. This permitted them to be assigned duties in addition to those of administering the retirement funds; however, the system was still to be charged with

the actual cost of administration of its business. The ordinance was adopted in November to be effective January 1, 1970.

Article IV, Department of Safety, Article VI, Department of Public Works, Article VII, Department of Public Utilities, and Article IX, Department of Sewers were amended, and Article XX, Health Department, was adopted by council in early December, 1969, and became effective January 2, 1970. The ordinance reassigned numerous divisions and functions of the city administration to other departments. A multitude of sections of the administrative code were modified or repealed. The title of the ordinance, No. 420-1969, summarizes the extensive changes made; it reads as follows:

"An Ordinance No. 420-1969

Modifying the provisions of the Administrative Code to transfer (1) from the Department of Public Works (a) the Convention and Exposition Center to the Department of Public Utilities, (b) the Municipal Garage to the Department of Public Utilities, (c) Property Maintenance to the Department of Public Utilities and (d) Public Wharves, Docks and Landings to the Department of Public Utilities; (2) from the Department of Public Utilities (a) Traffic Engineering and Utility Maintenance to the Department of Public Works and (b) Public Vehicle Control to the Department of Safety; (3) from the Department of Safety (a) Building Regulation and Heating Inspection to the Department of Public Works, (b) Air Pollution Control to the Metropolitan Sewer District and (c) Inspection of Markets, Weights, and Measures to the Health Department; and to establish administration of public stadia in the Department of Public Utilities by amending the provisions of Section 2 of Article IV, Sections 2 and 3 of Article VI, and Section 2 of Article VII, and by ordaining supplementary Sections 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 of Article VI, Section 3 of Article VII, Section 6 of Article XIX and Section 1 of Article XX and by repealing existing Sections 2, 16, 17, 18, 19, 20, 21, 22, 28, 24, 25, 28, 28a, 29 and 30 of Article IV, Sections 2 and 3 of Article VI and Section 2 of Article VII."

1971

In June, 1971, council created the board of housing appeals by ordaining Section 14 of Article VI. This was done after a review of appellate procedure in housing code violation cases indicated that the existing board of building standards and appeals was not an adequate appellate medium in that area.

1972

The Cincinnati fire prevention board of appeals was created by ordaining Section 12 of Article IV in order to provide an appeal mechanism for decisions rendered under the provisions of the Cincinnati Fire Prevention Code.

1974

Article VI, Section 15, of the administrative code was ordained by council to create a board of engineering appeals to hear and rule upon appeals from orders of the director of public works pursuant to the provisions of Chapter 737 of the Cincinnati Municipal Code, Excavation, Grading or Filling of Land.

1975

Sections 4 and 6 of Article II and Section 20 of Article IX were amended while supplementary sections, 6, 7, 8, 9, 10 and 11 of Article II were ordained in order to reorganize the city manager's office. A deputy city manager and three assistant managers were provided for by these sections as was an administrative assistant. Preparation of the budget was assigned to a research, evaluation and budget officer under the reorganization plan. A regional computer center within the city manager's office was also established

as part of the change. The deputy city manager as well as the three assistant city managers were inserted in the order of succession as acting city manager in the manager's absence. This reorganization was implemented by passage of Ordinance No. 69-1975, and Ordinance No. 321-1975 amended the effective date of Ordinance No. 68-1975 to be June 29, 1975.

1976

A separate department of data processing services to be known as the regional computer center was established by the creation of Article XXII, Sections 1 and 2 by Ordinance No. 406-1976, data processing having formerly been a division under the office of the city manager.

Ordinance No. 470-1976 modified the administrative code to reorganize a portion of the planning and development functions of the department of urban development by creating a department of development, Article XXIII, and rearranging the duties of the directors of public works and buildings and inspections.

1977

It was determined by the council in 1977 that city employees would be more effective and available if they were required to be residents of the city of Cincinnati and therefore amended Article XVII to require that all persons appointed to the city service be residents of the city of Cincinnati at the time of their appointment and continue to maintain their primary place of residence within the city during their continued service with the city. This was accomplished by Ordinance No. 258-1977 and amended by Ordinance No. 358-1977 which provided that persons who had purchased real estate outside of the city but within Hamilton county could establish the address outside the city as their primary place of residence provided the residency was established by October of the following year. The residency requirement was again amended by Ordinance No. 483-1977 to provide that council might exempt from the requirements persons appointed to positions for which no qualified city residents applied, and especially valued employees upon a showing of undue hardship.

Once again Article II, Section 11 was amended to alter the line of succession in the event of disability or absence of the city manager. Ordinance No. 345-1977 provided that during the disability of the city manager the duties of the city manager would be performed first by the deputy city manager, then the city solicitor, the director of finance and the director of public works.

1978

A division of risk management under the department of finance was created with the ordaining of Article IX, Section 22 by Ordinance No. 205-1978. The risk manager was assigned the duties of protecting the city against financial consequences of loss and to create a system of internal procedures to provide constant reassessment of exposure to loss.

1979

Article IX, Department of Finance, was amended by Ordinance No. 71-1979 to create a separate deputy director of finance to perform the duties of the director in the case of absence or disability, such position formerly being capable of being filled only by the city treasurer.

In preparation for republication of the code, numerous minor changes were made in the text of various code sections by Ordinance Number 299-1979 in order to update language and remove obsolete provisions. The

two most significant alterations were the repeal of Article V, City Hospitals, and Article XVI, Department of Urban Development.

1980

Article II, Section 13 was adopted by Ordinance No. 10-1980 to create an Office of Municipal Investigation to provide for independent investigations of allegations of serious misconduct.

Amending Article XVII, Section 2 by Ordinance No. 187-1980 to provide that the city manager, department heads, deputy city manager, assistant to the city manager, fire chief and police chief must be city residents.

1981

Articles I, II, XXI, XXIII and XXIV were ordained by Ordinance No. 183-1981 to provide for two deputy city manager positions and to provide for the creation of the departments of economic development and neighborhood housing and conservation. Conflicting sections of Articles I, II, XIX, XXI and XXIII were repealed.

1982

Article II, Section 15 was ordained by Ordinance No. 50-1982 to create an internal audit division directly under the supervision of the city manager to examine and evaluate the efficiency of all city departments, boards and commissions.

New Article XXV was ordained by Ordinance No. 58-1982 to the department of city planning for the purpose of providing professional services to the planning commission on matters affecting the physical improvement and development of the city.

1985

Article XVII, Section 1 was amended by Ordinance No. 33-1985 to provide that city employees originally hired after January 1, 1985 must live within the city of Cincinnati and to provide that those employees originally hired prior to January 1, 1985 must live within Hamilton County.

1988

Article II, Section 17 was ordained by Ordinance No. 82-1988 to create a Division of Employee Safety, Risk Management and Employee Health Services under the direct control of the city manager to implement a city-wide safety and risk management program.

Article XV, Section 1 was amended by Ordinance No. 398-1988 to provide that the Board of Trustees of the Retirement System be increased to eleven members by the addition of the director of finance and one member selected by the Board from the retirees.

1989

New Article XXVI was ordained by Ordinance No. 370-1989 to require financial disclosure statements from policy level city employees.

1990

New Article XXVII was ordained by Ordinance No. 413-1990 to transfer urban forestry responsibilities, previously held by the director of public works, to the board of park commissioners.

ARTICLE XXVII. BOARD OF PARK COMMISSIONERS

Sec. 1. Urban Forestry.

In addition to the powers and duties granted to the board of park commissioners by the charter of the city of Cincinnati and the laws of the state of Ohio, there is hereby conferred upon the board of park commissioners the power and duty of urban forestry and the board of park commissioners shall plan, regulate, enforce, control the planting, protection, maintenance, removal, and replanting of public trees of the city and utilize wood and forest products produced in the course of operations.
(Ordained by Ord. No. 413-1990, eff. Oct. 3, 1990)

Sec. 2. Severance.

No employment agreement shall provide for monetary severance in the case of termination of any employee appointed by the Cincinnati Board of Park Commissioners except as previously approved by Council.
(Ordained by Ord. No. 0052-2019, § 5, eff. March 15, 2019)

ARTICLE XXVIII. CITIZEN COMPLAINT AUTHORITY

Sec. 1. Purpose.

The new Citizen Complaint Authority (CCA) will replace the Citizen Police Review Panel (CPRP) and the police investigations functions of OMI. The CCA's mission will be to investigate serious interventions by police officers, including but not limited to shots

fired, deaths in custody and major uses of force, and to review and resolve all citizen complaints in a fair and efficient manner. It is essential that the CCA uniformly be perceived as fair and impartial, and not a vehicle for any individuals or groups to promote their own agendas. It is also essential that the CCA be encouraged to act independently consistent with its duties.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 2. Staffing and Powers.

CCA will have three components: (1) a board of seven citizens appointed by the mayor and approved by city council, (2) a full-time executive director with appropriate support staff, and (3) a team of professional investigators.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 2-A. The Board of Citizens.

The board will include a diverse array of seven individuals, from a cross-section of the Cincinnati community, who have the requisite education and experience to impartially review evidence and render judgments on alleged officer misconduct. The mayor will accept nominations from the City's fifty-two community councils, business, civic, social service and other agencies and organizations. The mayor also will accept applications from individual City residents. The members will serve for a maximum of two terms of two years each, except that three of the initial appointees will be appointed for one year. Those three shall be limited to a single second term of two years in order to ensure that the board has staggered terms. In the event of the resignation, removal, death, or incapacitation of a member of the panel, any replacement member shall serve the remainder of that term.

1. Applicants for a position on the board shall execute a signed release authorizing a thorough background check, including a criminal check. No person may serve on the board who has been convicted of a felony, assault on a police officer, or any crime of dishonesty. The results of the background check for any person appointed to the board shall be a matter of public record and shall be retained for five years.

2. The board shall select a chairperson from among its members, who shall serve for a term of one year.

3. The board and the executive director, in consultation with the city manager, shall develop Standards of Professional Conduct and a comprehensive training program for board appointees. Said standards shall be approved by the city manager. Before assuming office and prior to beginning their duties, each member of the board shall be required to complete a basic course of training, including courses at the Cincinnati Police Academy, instruction in constitutional and criminal protections, and ride-alongs with members of the CPD assigned to patrolling the City, in order to fully and adequately inform each board member of the training and duties of Cincinnati police officers. Each appointee must promise to abide by the Standards and satisfactorily complete the training as a condition of appointment and prior to service on any cases. The mayor, after consultation with the other board members, may remove an individual from the board for cause, including failure to strictly abide by (including action inconsistent with) the Standards or failure to properly discharge the duties of the office. The

mayor shall seek to act in a manner consistent with the recommendations of the other board members.

4. The CCA will not commence operations until each member of the board has satisfactorily completed the training program and promised to abide by the Standards. Until that time, OMI and the Citizens Police Review Panel shall continue in their current roles. Thereafter, new appointees to the board shall be afforded up to a maximum of ninety (90) days to complete training and promise to abide by the Standards. The CCA shall assume jurisdiction over all of the police cases pending before OMI and the CPRP at the time of the transfer. There shall be no break in civilian review as a result of this transition.
5. The board and executive director shall develop the specific procedures necessary for the CCA to carry out its mission, including the procedure to convene hearings on cases, procedures for investigations, procedures for coordination of work with CPD, and other operating procedures. Consistent with the City Charter, any procedures affecting the administrative service shall be approved by the city manager.
6. Board members shall be compensated at the rate of $100 per meeting. The chairperson shall be compensated at the rate of $125 per meeting.
7. The city solicitor shall provide legal counsel on a routine basis to the CCA. The city solicitor shall designate an assistant city solicitor for the CCA who shall maintain independence from and not be involved with any other legal work involving the CPD or individual police officers. If the board determines on an individual case that it requires outside counsel, it shall notify the city solicitor. The solicitor will respond to and cooperate fully with the board to employ counsel whenever the solicitor determines in the exercise of her professional discretion that there is the need for such outside counsel. If the city solicitor determines that there is no need for outside counsel she shall explain her determination to the city manager, who shall relay it to the board.

(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 2-B. Executive Director.

The city manager shall appoint the CCA's executive director, who shall be an unclassified employee of the City. The city manager shall consult with the board and seek the board's recommendations, provided, however, that the final selection of the executive director shall be made by the city manager. The executive director shall serve as an unclassified employee and may be discharged by the city manager after consultation with the board. This provision shall not relieve the city manager of the duty to respect the need of the executive director to act independently, consistent with the duties of the executive director. The executive director will be accountable for the efficient operations of the CCA, and for the achievement of the desired outcomes set forth above.

The executive director shall have professional experience in the investigation of allegations of police misconduct, and he/she should be perceived as fair and impartial. To this end, the city manager and other city officials, including elected officials, shall be prohibited from interfering with individual investigations.

The executive director shall be responsible for day-to-day operations of the CCA, including (i) recommendations for hiring of profes-

sional and support staff, (ii) preparation, submission and adherence to a budget, (iii) conduct and timely completion of investigations, (iv) reporting to the City on the CCA's work, and (v) maintaining an effective working relationship with the CPD and other branches of government. Within the resources allocated by city council, the executive director shall ensure that the CCA's human and other resources are sufficient to ensure timely completion of investigations and maintenance of complete and accurate records.

As a condition of employment, all police officers and city employees are required to provide truthful and accurate information to the CCA. In addition to the foregoing, when a key witness other than a city employee refuses to cooperate in an investigation, the executive director may recommend to the board that a subpoena be issued to compel such testimony, and the board shall have the authority to request such a subpoena from city council. Subpoenas for the attendance of persons shall be secured only through city council. The board shall have the authority to issue subpoenas for documents, photographs, audio tapes, electronic files and tangible things, subject to approval by the board's legal counsel.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 2-C. Investigators.

The City's Office of Municipal Investigations currently has four full-time investigators assigned to police cases. The CCA shall have a minimum of five professional investigators and one support person to achieve timely completion of all investigations. Each investigator shall have prior professional experience in investigations, and may be a former police or other law enforcement officer from outside the City.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 3. CCA Investigation Process.

Each citizen complaint, excluding matters involving criminal investigations, will be directed to the CCA regardless of where it initially is filed, and the executive director, in consultation with the board, shall establish criteria to determine whether specific complaints are suitable for CCA investigation or referral to the CPD's Citizen Complaint Resolution Process (CCRP). At a minimum, the CCA shall open its own investigation upon (i) receipt of a complaint of serious misconduct, or (ii) knowledge by the executive director of allegations of serious police intervention[1]. The CCA will immediately provide the CPD with detailed information regarding the complaint, including the time and location of the underlying events and the name(s) of the officer(s) involved.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 3-A. Investigation Assignment.

Where a complaint is to be investigated by the CCA, it will be assigned to an investigator within 48 business hours of receipt. The CPD shall notify the CCA executive director immediately upon the occurrence of a serious police intervention and the executive director shall immediately dispatch an investigator(s) to the scene. The CPD shall not interfere with the ability of the CCA investigator to monitor the work of the CPD at the scene and to monitor all interviews conducted by CPD. CCA investigators shall not physically enter the crime scene or delay or impede a criminal investigation.

The chief of police will retain the discretion to initiate a parallel CPD investigation of any complaint under investigation by the CCA. In addition, the CPD will investigate all complaints initiated within the department (i.e., where the complainant is a police employee).
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 3-B. CPD and City Cooperation.

Police officers and other city employees will be required to submit to administrative questions consistent with existing constitutional and statutory law. See, e.g., CMC §13(f); §20(f)(5). The executive director of CCA shall have reasonable access to city records, documents and employees, including employee personnel records and departmental investigation files and reports consistent with Ohio public record laws. CCA investigations shall be conducted consistent with professional standards.

The chief of police and the executive director will develop written procedures that will assure the timely exchange of information and the efficient coordination of CCA and CPD investigations.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 3-C. Time Allowed for Investigation Completion/Submission of Reports.

The CCA will complete its investigations within 90 days of its receipt of the complaint from a complaining citizen, provided, however, that the executive director may extend an investigation upon consultation with the board. The time required to complete investigations will be a performance accountability measure.

Upon completion of a CCA investigation, the executive director will forward the investigative report to the board. That report shall include any positive information about the officer that may be relevant. Similarly, where a complaint is referred to the CCRP, the CPD will report the results of that process to the CCA, and the executive director will submit those reports to the board. Each CCA report shall include proposed findings and recommendations. The executive director shall recommend each report either for a Board hearing or summary disposition. The complainant and respondent officer(s) also will be provided the investigative report, and each may challenge the report and/or appeal the executive director's recommendation to the board.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 3-D. Board Hearing.

If the board conducts a review hearing, its purpose shall be to confirm the completeness of the CCA investigation and approve or disapprove the executive director's report (findings and recommendations). The board's review hearing will not be an adversarial proceeding and should not be used to reinvestigate the matter. The board may receive witness testimony including that of the complainant and/or police officer(s). Interviews of city employees or other witnesses shall be conducted only in closed inquiry sessions unless the witness requests otherwise. Such sessions shall not be open to the public and shall include only CCA Board members, and any necessary staff or support personnel. A written record shall be kept of any statements, testimony, or other evidence obtained in such sessions. Any city employee directed to answer questions in an inquiry session shall be advised that the statements and answers given can be used only for administrative purposes relating to city employment and cannot be used in any criminal proceedings involving that employee. Such advice shall be consistent with the constitutional principles identified in Garrity v. New Jersey. The employee shall be further advised that a failure to answer truthfully and completely can subject the employee to disciplinary action including termination. Any employee directed to appear before the CCA for such an inquiry session may bring a legal representative or other support person of choice. Any police officer or complainant, who is directly involved in

the circumstances under review, may also attend such sessions and may bring a legal representative or support person, who shall be strictly limited to consultation and such persons may not otherwise participate in the inquiry proceedings.

Following a hearing, the board may either approve or disapprove the executive director's findings and recommendations. Where the findings and recommendations are approved, they shall be submitted to the police chief and city manager. If they are disapproved, the board shall state its reasons and may direct that further investigation be pursued. The board may issue its own findings and recommendations, and submit them along with the executive director's original report to the police chief and city manager. In all cases, the city manager and police chief will refrain from making a final decision on discipline until after receipt of the CCA report. The city manager shall agree, disagree or agree in part with any findings and recommendations of either the board or the executive director, and she shall inform the executive director and the board in writing of any reasons for agreeing in part or disagreeing with said findings and recommendations. It shall be the executive director's responsibility to inform the officer(s)involved in the complaint and the complainant when a final decision has been reached on a complaint.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 3-E. Public Availability of Reports.

Reports prepared by the CCA, the CPD or the city manager pursuant to this process shall be publicly available to the extent provided by Ohio law.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 3-F. Records.

The CCA and CPD will create a shared electronic database that will track all citizen complaints, including the manner in which they were addressed (e.g., CCA investigation or CCRP) and their dispositions. Subject to restrictions which may exist in any applicable collective bargaining agreements, this database also will capture data sufficient for the CCA and the CPD to identify officers involved in repeat allegations, citizens making repeat allegations and circumstances giving rise to citizen complaints. This data will be integrated into, or regularly shared with, an electronic information management system to be developed by the CPD. Procedures will be adopted to secure information which is not subject to release under Ohio law.

In addition to the foregoing, the CCA shall maintain its files for each investigation for a period of five years or such shorter period as may be provided in any applicable collective bargaining agreement. Where feasible, those files shall include tape-recorded interviews of officers, complainants and witnesses. These data will be made available for the accountability system.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 4. Prevention.

There are two methods used for reducing citizen complaints: (i) thorough investigation of officers charged with misconduct, and (ii) examination of complaint patterns to identify at-risk officers, citizens and circumstances. The former represents the traditional method of complaint prevention. The latter method involves an examination both of circumstances that lead to complaints and opportunities to alter those circumstances. It is a problem-solving approach that may prove effective in Cincinnati.

The CCA will examine complaint patterns that might provide opportunities for the CPD and community to reduce complaints. At a minimum, the CCA will look for three types of patterns: (i) repeat officers, (ii) repeat citizen complainants, and (iii) repeat complaint circumstances. Following the identification of such patterns, the CCA and the CPD jointly will undertake a problem-solving project to determine the reason(s) for the pattern and whether there are opportunities to eliminate or reduce root causes. Where feasible, this project should involve both affected officers and the community.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 5. Information Dissemination.

The CCA will develop a clear and direct information brochure to inform citizens how they can access the CCA and how the CCA operates. The City will make this brochure available to all citizens, including at public libraries and other public facilities.

The executive director will be responsible for working with the CPD and community to develop and implement an information plan that ensures officers and citizens fully understand the investigation, mediation, restoration, and prevention processes outlined above, and that the CCA's achievements are clearly articulated to the public and the CPD.

The CCA shall issue annual reports summarizing its activities for the previous year including a review of significant cases and recommendations. Such reports shall be issued to city council and the city manager, and made available to the public.
(Ordained by Ord. No. 149-2002, eff. May 15, 2002)

Sec. 6. Resources and Redundancy.

The city council will allocate resources sufficient for the CCA and CPD to accomplish the foregoing.

The CPRP and police investigation functions of OMI will be eliminated, and associated resources will be allocated to the CCA.

An appropriation shall be made for the mayor's office which shall reflect the individual employee benefit costs attributable to the mayor's office.

This provision does not prohibit research on the subject matter of a ballot issue, endorsement of a position on the issue, the creation of informational materials or similar efforts by the mayor or his or her staff provided that such efforts do not directly advocate for or against placement on the ballot or passage of the ballot issue.

Such use of mayoral office resources shall be subject to audit by the finance director and any use or expenditure of mayoral resources so determined to be in violation of this provision shall be reimbursed.

An employee so appointed shall serve during such council member's term at the pleasure of the council member. Should a member of council vacate office before the expiration of a council term, the council may extend the appointment of the council member's appointees for a term not to extend beyond the assumption of office by the council member's successor in office.

A council member shall fix the duties and salaries of his or her appointees; however, the total amount of all appointees' salaries shall be fixed by council.

Each year council shall appropriate funds for expenses necessary for the performance by the council of official legislative duties relating to the conduct of the government or business of the city.

Each of the nine council member's offices shall receive an equal amount in each category.

An additional appropriation shall be made for each of the nine council members' offices which shall reflect the individual employee benefit costs attributable to each legislative office of the City of Cincinnati.

In the event a council member chooses to be reimbursed for expenses incurred in obtaining the services of secretarial, clerical or research assistants instead of appointing persons to the unclassified service or chooses to use a portion of the nonpersonal appropriation for personal services, the council member shall notify the department of finance which shall make arrangements for the transfer of amounts from the personal or nonpersonal appropriations into the proper accounts. Reimbursement to the council member for actual expenses incurred in the performance of official duties shall be limited to the amount appropriated for nonpersonal services for each office.

Postal expenses incurred for public purposes are considered reimbursable expenses for the purpose of this section. No council member who is running for reelection, however, shall make mass mailings within 75 days of a council election.

Each member of council claiming reimbursable expenses shall submit a voucher in support of the claim in a form satisfactory to the director of finance, such vouchers to be approved for payment by the finance committee of council.

The department of finance shall audit expenditures made under this section annually to assure that all expenditures are for public purposes only.

Council office resources shall not be used to support or oppose either the placement of an initiative or referendum issue on the ballot or the passage of the ballot issue. This provision does not prohibit research on the subject matter of a ballot issue, endorsement of a position on the issue, the creation of informational materials or similar efforts by individual members of council provided that such efforts do not directly advocate for or against placement on the ballot or passage of the ballot issue. Such use of council office resources shall be subject to audit by the finance director and any use or expenditure of council resources so determined to be in violation of this provision shall be reimbursed.

Notice of the time and place of the public hearing and the text of the proposed ordinance shall be published in the city bulletin for two consecutive weeks within the thirty day period immediately preceding the public hearing. The council, after having conducted or reviewed the substance of the public hearing, may adopt the proposed ordinance in whole or in part, or may decline to adopt the proposed ordinance.

(8) Articulation of rules to maintain a level playing field for private parties dealing with the city, to deter inappropriate behavior, to reinforce proper behavior, and to maintain public confidence in city government.

The code of conduct may address other issues that council chooses to include.

(b) Council and all council staff shall sign the code of conduct and submit the signed version to the clerk's office within 45 days of becoming a member of city council, whether by election or appointment, or being hired by a member of city council.

(c) Council's code of conduct shall remain in effect for the duration of the council term and thereafter until subsequently amended or superseded by a new code of conduct in accordance with this section.

The clerk of council shall fix the time and place for the hearing. The clerk shall publish notice of the public hearing in the City Bulletin or in another newspaper of general circulation in the city. Council may pass an ordinance to establish an interim development control district without prior public hearing or notice. Except in the case of an extension of an Interim Development Control Overlay District, the clerk shall keep available for public inspection at least 14 days in advance of the hearing a copy of the proposed ordinance and all maps, plans, and reports relating to the ordinance received from the city planning commission. The clerk shall also mail notice of the public hearing on an ordinance to amend the building zone map to a community council representing the area to be rezoned. The owners and their mailing addresses shall be determined from the current tax list of the county auditor.

Except in the case of an extension of an Interim Development Control Overlay District, the clerk, when required to give notice, shall cause the advertisement to appear and send the notice by first class mail at least 14 days in advance of the hearing. The failure to notify by mail a person, other than an owner of property, required to be mailed notice shall not invalidate an ordinance.

This section shall provide for the conduct of appeals taken to the council pursuant to applicable ordinance. An appeal shall be taken by filing a written notice of appeal with the city board, commission or the official that conducted the hearing within 30 days of the

The appellant shall serve a copy of the notice of appeal with the clerk of council and all persons who expressed a position in writing or testified in opposition at the hearing and serve the clerk of council with a copy of the notice of appeal and with a list of all persons served with the notice. Within 21 days of the filing of the notice of appeal, the appellant shall cause a complete record of the decision being appealed to be filed with the clerk of council. The appellant shall bear the cost of the preparation of the transcript.

On receipt of the record, the clerk shall place the appeal on the next regular agenda of the council. Council shall refer the appeal to a committee of council which shall consider the appeal no later than the third regularly scheduled committee meeting after reference. The committee shall in its consideration of the appeal be confined to the record as filed unless it appears on the face of the record or by affidavit filed by the appellant that:

(b) The testimony adduced was not given under oath.

(c) The appellant was not permitted to appear and to be heard in person or by counsel in opposition to the order appealed from:

(1) To present the position, arguments and contentions of the appellant;

(2) To offer and examine witnesses and present evidence in support thereof;

(3) To cross-examine witnesses purporting to refute the position, arguments and contentions of the appellant;

(4) To offer evidence to refute evidence and testimony offered in opposition to the position, arguments and contentions of the appellant; or

(5) To proffer any such evidence into the record, if the admission thereof was denied by the officer or body appealed from.

The committee may remand a matter to the board, commission or official that conducted the hearing below in order to cure any such deficiency or enter such other order as justice may require. Otherwise, the committee shall not receive any additional testimony or evidence. The appellant and any person who expressed a position in writing or testified in opposition below shall have an opportunity personally or through counsel to present arguments based on the evidence in the transcript. No other person shall have any right to be heard. Upon consideration of the evidence in the record and the arguments presented, the committee shall recommend to the council that the decision below be affirmed, modified, or reversed, in whole or in part, in accordance with all applicable laws, ordinances and regulations. Whereupon Council shall adopt such order as is just, no later than the second regularly scheduled meeting of council following the committee recommendation.

The director shall immediately forward a copy of the application to the clerk of council and shall prepare a report on the application, which shall be submitted to the clerk of council prior to the scheduled public hearing. The failure to receive a staff report prior to the public hearing shall not prohibit the committee from proceeding with the scheduled public hearing and shall not invalidate an ordinance.

A committee of council shall hold a public hearing on a proposed notwithstanding ordinance relative to the zoning code or the building zone map before reporting its recommendation to council. The owners and their mailing addresses shall be determined from the current tax list of the county auditor. The failure to notify by mail an owner of property or a community council shall not invalidate an ordinance.

A community council shall mean an organization participating in the neighborhood support program or included on a list of community councils approved by the city council and filed with the clerk. The area of representation of a community council shall be shown on a map approved by the city council and filed with the clerk. The Council established a Retirement System for employees of the City of Cincinnati by the passage of Ordinance No. 412-1931 on June 22, 1931, and the Retirement System became operational on August 1, 1931. This system was established as a defined benefit plan and provides for retirement benefits, including survivor benefits, based on age, years of service and wages. The system has been continuously maintained since its establishment, and has been modified from time to time in order to define and modify, as appropriate, benefits provided to its Members. The system is overseen by a Board of Trustees, which operates under the provisions of Article XV of the Adm. Code of the City. The trustees administer the system and invest its assets. Trustee duties are to be performed solely in the interests of the Members and their Optionees and Beneficiaries, for the exclusive purpose of providing benefits to Members and their Optionees and Beneficiaries and defraying the reasonable expenses of administering the system. Such duties are to be performed with the care, skill, prudence and diligence more particularly described in this Chapter. The system is recognized by the State of Ohio. The system is a qualified benefit plan under the laws and regulations set forth in the U.S. Internal Revenue Code.

There are some Members of the system who are current or former employees of the University of Cincinnati and University Hospital, which institutions were formerly, in whole or in part, under the jurisdiction of the City. There are also some Members of the system who are current or former employees of Hamilton County, which employee functions were transferred from the jurisdiction of the City of Cincinnati to Hamilton County over the years. There are specific Ohio Revised Code provisions that recognize the Membership of these non-City employees in the Cincinnati Retirement System.

On May 7, 2015, a Collaborative Settlement Agreement was entered in the case of Sunyak, et al. v. City of Cincinnati, et al. (the City of Cincinnati Pension Litigation), Case: 1:11-cv-00445-MRB, in the United States District Court, Southern District of Ohio, Western Division. To the extent that there is any conflict between the provisions of Chapter 203 and the terms of the Collaborative Settlement Agreement or any subsequent court orders in the City of Cincinnati Pension Litigation, the terms of the Collaborative Settlement Agreement and any subsequent Pension Litigation court orders shall govern.

Sec. 203-1. Definitions.

For purposes of internal consistency, definitions have been added as needed in the section corresponding to the first letter of the defined term, but not necessarily in alphabetical order. For purposes of clarity and comprehension, the sections of this chapter modified by passage of an ordinance on October 26, 2016 shall contain defined terms designated by initial capital letters. Defined terms in all other sections of this chapter are not indicated by initial capital letters.

Sec. 203-1-A2. Active Member.

Sec. 203-1-A3. Average Highest Compensation.

(a) For Members who are entitled to a Service Retirement Allowance under the provisions of Section 203-33, "Average High-

est Compensation" shall mean the average annual compensation or salary paid to a Member during the Member's most highly compensated period of the designated number of consecutive years of service, or if the Member has had less than such number of consecutive years of service, then the average annual compensation, pay or salary paid to the Member during the total years of the Member's service. Severance payments shall not be included in the calculation of a Member's Average Highest Compensation.

(i) For Members in Groups A, B, C and D as defined in Section 203-1-M1, with respect to benefits earned at any time, the designated number of consecutive years of service applicable for purposes of determining the Average Highest Compensation shall be three.

(ii) For Members in Group E as defined in Section 203-1-M1, with respect to benefits earned on or before December 31, 2013, the designated number of consecutive years of service applicable for purposes of determining the Average Highest Compensation shall be three, and with respect to benefits earned on or after January 1, 2014, the designated number of consecutive years of service applicable for purposes of determining the Average Highest Compensation shall be five.

(iii) For Members in Group F as defined in Section 203-1-M1, with respect to benefits earned on or before June 30, 2011, the designated number of consecutive years of service applicable for purposes of determining the Average Highest Compensation shall be three, and with respect to benefits earned on or after July 1, 2011, the designated number of consecutive years of service applicable for purposes of determining the Average Highest Compensation shall be five.

(iv) For Members in Group G as defined in Section 203-1-M1, with respect to benefits earned on or after January 1, 2010, the designated number of consecutive years of service applicable for purposes of determining the Average Highest Compensation shall be five.

(b) Except as provided in subsection (c) below, in computing the Average Highest Compensation for Members, overtime pay, payments for compensatory time, and lump sum terminal leave pay for any Employees shall not be included, and no deductions shall be made from such earnings as contributions to the retirement fund. Longevity, sick-leave buy back, shift differential, and special assignment payments shall be included, and deductions shall be made from such earnings as contributions to the retirement fund.

(c) In computing the "Average Highest Compensation" for Members who are entitled to a Service Retirement Allowance under the provisions of Section 203-33(d), the overtime pay of any Employee, payments for compensatory time not in excess of 80 hours, except as otherwise provided in an applicable collective bargaining agreement, lump sum terminal leave, longevity, sick-leave buy back, shift differential, and special assignment for such Employees shall be included as further specified in the remainder of this section below, and deductions shall be made from such earnings as contributions to the retirement fund.

For Members who are entitled to a Service Retirement Allowance under the provisions of Section 203-33(d), the Average Highest Compensation shall include that portion of their lump sum terminal leave pay which

could be accumulated in their final years of active service used for purposes of determining the Average Highest Compensation, with the exception that the amount of the lump sum payment for unused sick leave to be included in the final average salary shall not exceed an amount equal to compensation at the hourly rate last earned by a Member for 312 hours. The normal Employee contribution shall be based upon and deducted from the pensionable portion of the lump sum payment.

For Members who are entitled to a Service Retirement Allowance under the provisions of Section 203-33(d) who are in Group E, with respect to compensation earned on or before December 31, 2013, the provisions of subsection (c) herein shall apply. For such Members, with respect to compensation earned on or after January 1, 2014, the provisions of subsection (b) herein shall apply.

For Members who are entitled to a Service Retirement Allowance under the provisions of Section 203-33(d) who are in Group F, with respect to compensation earned on or before June 30, 2011, the provisions of subsection (c) herein shall apply. For such Members, with respect to compensation earned on or after July 1, 2011, the provisions of subsection (b) herein shall apply.

The provisions of this section (c) shall not apply to Employees hired before July 12, 1998 who have elected, either affirmatively or by default, to receive a Service Retirement Allowance that does not include such payments.

(d) For Members who retired prior to January 1, 1976, "Average Highest Compensation" shall mean the amount determined in accordance with the definition of "Average Highest Compensation," which was in effect and applicable to the Member on the date of the Member's retirement.

(e) The compensation limitations of this subsection (e) shall apply to Members who did not become a Member in this Retirement System prior to January 1, 1996. For such Members, when calculating the Member's most highly compensated consecutive years of service, the compensation or salary taken into account for a year of service which is included in such calculation shall not exceed the IRC Section 401(a)(17)(B) limit that is in effect for the calendar year in which the applicable year of service begins. The IRC Section 401(a)(17)(B) limit is $150,000, as adjusted for increases in the cost of living for years beginning after January 1, 1994.

(f) In computing the "Average Highest Compensation" any lump sum payments made to or on behalf of a Member for court ordered vacation accumulation settlement compensation arising out of O.R.C. Section 9.44 vacation rate accrual shall not be included beyond the maximum vacation accumulation authorized by personnel policy or union contract. The term "court ordered vacation accumulation settlement compensation" shall mean any vacation accrual resulting from a court order to compensate Members for O.R.C. Section 9.44 vacation accrual rate accumulation not previously granted.

(g) When the salary of an Employee within a particular class is temporarily reduced so as to address critical funding issues, including, but not limited to, Holiday Pay Savings, affected Employees may also elect to continue contributions on the basis of the rate of pay before the salary reduction was implemented with the amount of the additional payment calculated to include both the Employee's portion of the contribution and the City's portion of the contribution to the Retirement System. Said additional contributions

to the Retirement System shall either be completed as an increased contribution each biweekly pay period during the period of temporary salary reduction or the Employee may elect to make a one-time lump sum payment prior to Retirement. If the temporary salary reduction was in effect prior to the institution of this Section, then the Employee may make a lump sum "catch-up" payment to cover the pay periods prior the institution of the biweekly contributions and then make biweekly contributions for the remainder of their time prior to Retirement.

In such cases, the Average Highest Compensation shall be figured as though the Employee had continued at the former rate of pay. Provided, however, that if by reason of amendment of the compensation schedules, the annual compensation earnable by the Employee in the former position would have been reduced, the Average Highest Compensation shall be figured on the basis of such reduced compensation and the contributions reduced accordingly.

(h) If the Member does not have the applicable number of years of continuous service with the City at the time of his or her Retirement or other termination of service with the City, the Average Highest Compensation of any such Member shall be determined under the foregoing provisions of this Section, based on both (i) his years of service and compensation with the employers under this chapter, and (ii) his years of State Retirement System Service Credit and Prior State Retirement System Compensation. Prior State Retirement System Compensation shall be taken into account for purposes of determining the Member's Average Highest Compensation under this Retirement System only to the extent that such compensation otherwise would be considered compensation under the foregoing provisions of this Section.

(i) If a Member is subject to the provisions of paragraph (h) because he does not have the applicable number of years of continuous service at the time of his or her Retirement or other termination of service with the City, the Member or, in the event of the death of a Member, his Optionee or Beneficiary shall provide to the Board evidence of the Member's Prior State Retirement System Compensation. Evidence of the Member's Prior State Retirement System Compensation shall include evidence of the amount thereof that would be considered compensation under the forgoing provisions of this Section. A decision of the Board as to whether evidence provided by a Member, Optionee or Beneficiary is sufficient to determine the amount of his Prior State Retirement System Compensation shall be final.

Applications under this subsection (b) may be filed by all persons who were Employees, as defined in Section 203-1-E of this Chapter, on or after July 3, 1996. Sec. 203-8. State Retirement System Service Credit Transfer.

Subject to approval by the city council, the Board may enter into one or more transfer

agreements with the State Retirement Systems to permit Members of the Retirement System to elect to either (i) obtain State Retirement System Service Credit under this Retirement System that is attributable to a transfer of all or part of the Member's service credit under a State Retirement System, or (ii) obtain additional service credit under a State Retirement System that is attributable to a transfer of all or part of the Member's creditable service under this Retirement System.

Any transfers between this Retirement System and a State Retirement System shall be done in accordance with the terms of the applicable transfer agreement. Any such transfer agreement between the Board and a State Retirement System shall comply with applicable state law. No transfer agreement shall become effective until the City council has approved it. Likewise, no amendment of a transfer agreement or action by the Board terminating such agreement shall become effective until the City council has approved it. Notwithstanding the foregoing, any transfer agreement may have retroactive effect to the extent provided in the agreement, provided that the agreement is approved by City council.

The service retirement allowance or other benefits that a Member is to be provided with respect to the transfer of a Member's State Retirement System Service Credit to the Retirement System shall be determined solely in accordance with the provision of this Retirement System, as amended from time to time; and no transfer agreement with any State Retirement System may grant any additional benefits to a Member. Nor may a transfer agreement with a State Retirement System restrict or limit the power of the legislative authority of the city to amend the provisions of this Retirement System at any time and in any manner that is otherwise permitted by law. Any transfer agreement with a State Retirement System shall permit the agreement to be terminated, subject only to reasonable notice or other reasonable restrictions on such right of termination as may be part of the transfer agreement.

If a Member elects to obtain additional service credit under a State Retirement System that is attributable to creditable service under this Retirement System, the Member's creditable service and accumulated contributions under this Retirement System shall be reduced in an amount determined by the Board; and if the Member continues to retain any creditable service and accumulated contributions under this Retirement System, such Member's remaining entitlement to a service retirement allowance or other benefits shall be determined solely in accordance with the provisions of this Retirement System.

All amounts that are paid to the Retirement System pursuant to a transfer agreement shall be held as part of the Retirement System trust fund that has been established hereunder. The Board shall not be required to separately invest any such amounts or to separately account for any such amounts, except to the extent that separate accounting is required hereunder to properly account for the accumulated contributions of a Member.

If the Board is required to transfer funds and service credit to a State Retirement System, such transfers shall be made directly from the Retirement System fund to the State Retirement System; and the Board shall reduce the accumulated contributions and service credit of a Member in accordance with the terms of the applicable transfer agreement.

Once a transfer agreement has become effective, in accordance with Section 203-133, the Board shall have the power to

administer such agreement. To the extent not inconsistent with the provisions of this Retirement System and the terms of a transfer agreement, in the administration of a transfer agreement, the Board may address the following points:

(a) the Members who are entitled to elect a transfer of service credit,

(b) the amount of State Retirement System Credit to be credited to a Member who elects to transfer service credit from a State Retirement System,

(c) the amount of creditable service that a Member may transfer to a State Retirement System,

(d) a Member's payment method relating to any such transfers, and

(e) a requirement that a Member complete a transfer application form and acknowledgment of the effect of the transfer.

Notwithstanding the foregoing, no Member or former member who has an outstanding loan shall be permitted to transfer service credit to a State Retirement System under this Section unless and until such loan is repaid in full, with interest.

Sec. 203-23. Contract Service Credit.

A member who was employed as a regular permanent employee, then for the convenience of the city employed in relatively the same capacity on a contract basis and then reemployed as a regular permanent employee, may receive credit for such period of contract service, if service including such contract service is continuous, upon payment into the fund prior to January 1, 1953, of a sum of money equal to the contributions that would have been made had the employee been a member during such period of contract service, plus interest at 3½ percent per annum compounded annually for periods from and after January 1, 1958, to January 1, 1964; and at 3¾ percent per annum compounded annually for periods from January 1, 1964, to January 1, 1968; and at 4 percent per annum compounded annually for periods from and after January 1, 1968, from the time such contributions would have been paid to the retirement system, had such person been a member from August 1, 1931, to the date of actual payment. For the purpose of determining such payment, the member shall be considered to have received during the period of contract service the same rate of pay received as a regular permanent employee immediately prior to employment on a contract basis, and the present rate of contribution shall be applied thereto. The board shall, in all cases, determine whether the member was employed on a contract basis for the convenience of the city; and such determination of the board shall be final.

Sec. 203-25. Year of Service.

The board shall fix and determine, by appropriate rules and regulations, how much service in any year is equivalent to a year of service; but in no case shall more than one year of service be creditable for all service in one calendar year.
(C.O. 203-14; renumbered to C.M.C. 203-25, eff. Jan. 1, 1972; a. Ord. No. 545-1983, eff. Dec. 23, 1983)

Sec. 203-27. Creditable Military Service.

The Board may, during a period of national war emergency, by resolution declare an "emergency period" of indefinite duration to be terminated by resolution of the Board. Any Member entering the active military service of the United States during such an emergency period and returning to the City service within a reasonable time after honorable termination of such service shall be entitled to have the period of military service credited as City employment service and treated as prior service credit for the purpose of determining the Service Retirement Allowance, subject to the following:

(a) City service, military service and return to City service; must be continuous, with no interval of other regular employment.

(b) Accumulated Contributions must have been left standing in full to the Member's credit during the entire period, if withdrawn, the Accumulated Contributions must have been redeposited in full in accordance with the provisions of Section 203-29 of the Cincinnati Municipal Code.

The Board shall be authorized to adopt rules as to what shall constitute a "reasonable time after honorable termination of military service" in certain types of cases or to adjudge each case on its own facts.

Nothing in this section shall be construed to entitle a Member to the payment of pension or other benefits during the period of military service or during the period between military service and return to City service.

Sec. 203-27A. USERRA Compliance.

The provisions of this section shall apply if a Member is absent from employment because of service in the "uniformed services" and is reemployed pursuant to the provisions of Chapter 43 of Title 38 of the United States Code (the Uniformed Services Employment and Reemployment Rights Act "USERRA").

(a) If the Member is not entitled to have the period of absence treated as City employment service pursuant to Section 203-27, the period of uniformed service shall be considered service as an Employee (as defined in Sections 203-1-E and 203-1-S) for all purposes of this chapter, other than the purposes described in paragraph (b) below.

(b) If the Member is not entitled to have the period of absence treated as City employment service pursuant to Section 203-27, for purposes of determining the amount of a Member's Service Retirement Allowance under Section 203-33, or the amount of disability retirement allowance of a Member

under Section 203-41, to the extent that the Member satisfies the contribution requirements of this paragraph (b), the Member shall be entitled to Membership Service and Creditable Service, respectively, for the period of absence. To obtain such Membership Service and Creditable Service, the Member must contribute to the Retirement System an amount equal to the payroll deductions that the Member would have been required to make pursuant to Section 203-73, determined as if the Member had been continuously employed during his or her absence and had received compensation at a rate of pay determined in a manner consistent with IRC Section 414(u)(7). Payment by the Member must be made within a period of time which begins on the date of the Member's reemployment and ends on the earlier of (i) five years, or (ii) three times the period of absence. If the Member pays less than the full amount of Member contributions required for the period of absence, the Board shall provide partial Membership Service and partial Creditable Service for such purposes, based on the amounts paid, beginning with the original date of absence. Payments may be made by payroll deduction if approved by the Board.

(c) If the reemployed Member has previously withdrawn his or her Accumulated Contributions, the Member shall be entitled to Membership Service for his or her employment prior to the uniformed services absence if repayment is made in accordance with Section 203-29.

(d) If a Member is entitled to Membership Service for all or part of a period of uniformed service absence pursuant to paragraph (b) above, for purposes of determining the Member's Average Highest Compensation under Section 203-1-A3, the Member shall be deemed to have earned compensation at the rate described above in paragraph (b) for any period of absence for which the Member pays the Employee contributions required under paragraph (b). If a Member is entitled to Membership Service for all or part of a period of uniformed service absence pursuant to Section 203-27, for purposes of determining the Member's Average Highest Compensation under Section 203-1-A3, the Member shall be deemed to have earned compensation at the rate described above in paragraph (b) for any period of absence which is determined to be Membership Service under Section 203-27.

(e) Irrespective of whether, or to what extent, a Member is entitled to Membership Service and Creditable Service for a period of uniformed services absence, under Section 203-1-A3, for purposes of determining the Member's most highly compensated period of three consecutive years of service, if a Member does not have deemed compensation attributable to a period of uniformed services absence (because the Member has not made payment of all of the required Member contributions as is provided above in paragraph (b)), that period of military absence shall be disregarded. Thus, a Member's periods of Membership Service (or deemed Membership Service) preceding the Member's date of reemployment shall be deemed to be consecutive periods of service for purposes of Section 203-1-A3.

(f) Effective December 12, 1994, notwithstanding any other provision of this Chapter, the Retirement System law, contributions, benefits and service credit with respect to qualified military service are governed by IRC Section 414(u) and the Uniformed Services Employment and Reemployment Rights Act of 1994.

(g) Effective with respect to deaths occurring on or after January 1, 2007, while a Member is performing qualified military service (as defined in chapter 43 of title 38, United States Code), to the extent required by IRC Section 401(a)(37), survivors of a Member of the Retirement System are entitled to any additional benefits that the system would provide if the Member had resumed employment and then died, such as accelerated vesting or survivor benefits that are contingent on the Member's death while employed.

(h) Beginning January 1, 2009, to the extent required by IRC Sections 3401(h) and 414(u)(2), an individual receiving differential wage payments (while the individual is performing qualified military service (as defined in chapter 43 of title 38, United State Code)) from an employer shall be treated as employed by that employer and the differential wage payment shall be treated as earned compensation, but contributions attributable to such differential wage payments shall not be made unless and until the Member returns to active employment and makes up the missed contributions. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

Sec. 203-28. Military Service Credit Prior to Membership.

(a) An Active Member who has been honorably discharged from the Armed Forces of the United States prior to their employment with the City may purchase up to 3 years of military service credit which shall be considered as the equivalent of City service for each year of active duty service.

(b) For each year of service purchased, for military service performed prior to January 1, 1978, the Member shall pay to the Retirement System for credit to such Member's accumulated account an amount determined by multiplying the 6 percent rate of contribution by the annual compensation for full-time employment during the first year of Membership in the Retirement System following termination of military service.

(c) For each year of service purchased, for military service performed on or after January 1, 1978, the Member shall pay to the Retirement System for credit to such Member's accumulated account an amount determined by multiplying the applicable Member contribution rate in effect for the period of military service by the annual compensation for full-time employment during the first year of membership in the Retirement System following termination of military service. To this amount shall be added an amount equal to compound interest at 4 percent per annum from the date active military service terminated to date of payment.

(d) An Active Member whose Membership date is prior to January 1, 2010 who had active military service prior to employment may purchase such service, and any such purchased service will be included for

purposes of determining whether a Member has obtained five years of Creditable Service prior to July 1, 2011, and is entitled to the appropriate vesting for such service. The number of years purchased shall not exceed three years. A service purchase under this section is subject to existing service purchase procedures and policies.

(e) A Member of the Retirement System is ineligible to purchase service credit under this section for any year of military service used in the calculation of any retirement benefit currently being paid to the Member or payable in the future under any other retirement program except military retirement or social security. At the time the credit is purchased the Member shall certify on a form furnished by the Board that such Member does and will conform to this requirement. Any benefit paid under this section to which the Member is not entitled shall be recovered by any recovery procedures available under this chapter.

(f) The Board shall promulgate rules and regulations consistent with the provisions of this chapter for the granting of retirement service credit for military service.

Sec. 203-29. Purchase of Prior Withdrawn Retirement System Service.

Any Member who has left or leaves the City service for any reason, and withdrew or withdraws Accumulated Contributions, and who reenters the City service and becomes a Member shall be entitled to Membership Service for the former period of Membership when the Member shall have completed eighteen months of service subsequent to the Member's most recent membership enrollment date and pays into the fund the amount described in paragraph (a) or (b) below, as applicable. Service shall be credited as it is purchased and in accordance with the Service Retirement Allowance under Section 203-33 that applies to the Member at the time the service is purchased. The purchase of prior withdrawn Retirement System service does not retroactively establish the membership enrollment date; rather, the Member's most recent membership enrollment date shall continue to apply for all purposes under this Chapter.

(a) The provisions of this paragraph (a) shall apply if there is a service credit transfer agreement in effect with one or more of the State Retirement Systems under Section 203-8. If so, the Member shall pay:

(i) For each year of service to be repurchased, an amount equal to the Member contributions previously paid by the Member and refunded to the Member for such year of service; plus

(ii) Interest calculated separately for each year of service dating from the year in which the service was originally earned.

Unless otherwise specified by the Board, interest shall be calculated at the actuarial assumption rate of the Retirement System for the year in which the service credit was originally earned. The interest shall be compounded annually.

(b) The provisions of this paragraph (b) shall apply if there is no service credit transfer agreement in effect

with one or more of the State Retirement Systems under Section 203-8. If so, the Member shall pay:

(i) A sum equal to the amount of Accumulated Contributions withdrawn at the termination of the former period of service;

(ii) Interest at 4 percent per annum compounded annually thereon from date of withdrawal until date of payment; and

(iii) An amount equal to 50 percent of the amount determined by the actuary to be necessary to be paid to fund the pension payable on account of the Member's former period of service.

Notwithstanding the foregoing, the provisions of paragraph (b) shall apply to an Employee who returned to membership status prior to February 19, 1965, and any such person need not pay the amount specified under clause (iii) of paragraph (b).

If said Member had a prior service certificate, and if at Retirement, membership subsequent to the date of reentry amounts to 10 years or more, the prior service certificate shall be reinstated upon proper application being made to the Board. Sec. 203-31. Academic Leaves.

A member granted an academic leave by the University of Cincinnati may continue as an active contributing member of the retirement system for the period of the academic leave by making regular membership contributions to the retirement system if the University of Cincinnati pays to the retirement system during the period of academic leave, at the same time and in the same manner, the contributions it would have made had the member remained on the university payroll.

A member on academic leave may make contributions to the retirement system in the same amounts and at the same time the contributions would have been made had the member remained on the payroll of the University of Cincinnati, or may make contributions in a lump sum not later than 30 days after return from academic leave, in which event interest at 3½ percent per annum compounded annually for periods from and after January 1, 1958, to January 1, 1964; and a 3¾ percent per annum compounded annually for periods from January 1, 1964, to January 1, 1968; and at 4 percent per annum compounded annually for periods from and after January 1, 1968, shall be paid in addition to the principal amount of the contributions.

A member on academic leave retaining contributing membership in the retirement system shall be considered a member in service during such period and shall be entitled to all benefits of the retirement system on the basis of pay that would have been received if employment at the university had been uninterrupted.

(l) In no event shall the Service Retirement Allowance provided herein, exceed the limit established by Section 415 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 USCA 15, as amended.

The Member's State Retirement System Benefit Percentage shall be determined using the percentage multiplier that was in effect for the calculation of the Member's pension or other retirement allowance on the last date that Member was in the employment of an employer covered by the relevant State Retirement System. Accordingly, and not by way of limitation, increases in the benefit multiplier of a State Retirement System shall not be taken into account for purposes of determining a Member's State Retirement System Benefit Percentage if such increases became effective after the date that the Member ceased to be employed by an employer under the relevant State Retirement System.

By way of example, a Member's State Retirement System Benefit Percentage can be currently located in the following Sections of the Ohio Revised Code:

Sec. 203-41. Disability Retirement Allowance.

No Active Member with fewer than five years of Creditable Service with the Retirement System shall be eligible for disability benefits pursuant to this Section. Any Active Member having completed 5 years of Creditable Service with the Retirement System on or after April 1, 2013, who is disabled by reason of an accidental or non-accidental cause may be retired by the Board upon the application of the Member or the head of his department not less than 30 and no more than 180 days next following the date of filing such application, on a disability retirement allowance, provided the medical director after a medical examination of such Member shall certify that such Member is mentally or physically incapacitated for the further performance of duty, and such incapacity is likely to be permanent, and such Member should be retired; provided further, where the findings of the medical director are disputed, the Board may employ not more than two additional competent disinterested physicians to make a physical examination of such applicant and report their medical findings to the Board. In all disputed cases the decision of the Board shall be final.

Pursuant to the rules adopted by the Board, the Board may waive the requirement that a Member be an Active Member, provided that it can be proved that the disability existed before the Member's contributing service was terminated.

The death of a Member who has applied for retirement due to disability prior to final determination by the Board under this section shall not affect the right of the applicant to a disability retirement, and the Board shall proceed to act upon the application for disability retirement as though the individual were still alive and shall take subsequent action following that determination as though the individual had died immediately after having been granted disability retirement.

(a) Upon retirement for disability on or after January 1, 1978, a Member shall receive a Service Retirement Allowance if the Member has attained the age of 60, or at any age with 30 years of Creditable Service; otherwise the Member shall receive a disability retirement allowance which shall consist of:

(i) An annuity which shall be the actuarial equivalent of Accumulated Contributions at the time of Retirement; and

(ii) A pension which together with the annuity shall provide a total disability retirement allowance equal to 90 percent of the Average Highest Compensation by the number of years of Creditable Service; provided that, if the total disability retirement allowance so obtained does not exceed one-quarter of the Average Highest Compensation, the

formula shall be 90 percent of the sum obtained by multiplying 2.20 percent of the Average Highest Compensation by the number of years which would be creditable if service continued to age 60; but the total retirement allowance in such case shall in no event exceed one-fourth of the Average Highest Compensation.

(iii) In no event shall the disability retirement allowance provided for herein be less than $90 per month in the case of Employees having 25 years of service, or an amount per month equal to the sum of $3.60 multiplied by the number of full years of Creditable Service in the case of Employees having less than 26 years of Creditable Service.

(iv) In no event shall the disability retirement allowance provided for herein, exceed the limit established by Section 415 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C.A. 415, as amended.

(b) Persons who retired on disability retirement prior to January 1, 1978, shall receive a disability retirement allowance which shall consist of the amount determined in accordance with the calculation formula in effect at the time of the Member's disability retirement.

(c) A Retirant who is earning service credit as an Employee, and who is concurrently receiving a Service Retirement Allowance from the Retirement System, is not eligible to apply for a disability retirement benefit pursuant to this Section.

(iv) Notwithstanding the foregoing, if a Member is granted service credit for a period of military absence pursuant to Sections 203-27 or 203-27A, to the extent required by federal law, the Member shall be considered to have been an Active Member during the period of military absence.

Sec. 203-44. Health Care Benefits For Membership Dates On and After January 9, 1997.

(a) In addition to other benefits provided in this chapter, the Retiree health care benefits described in this Section shall be provided to the following persons:

(i) A Member whose most recent membership enrollment date is on or after January 9, 1997 and on or before December 31, 2015, and who:

(A) Retired on or after August 1, 2011 and on or before January 1, 2016 with 15 years of Membership Service and who is not entitled to benefits under Section 203-42 or 203-43, or

(B) Retires on or after February 1, 2016 and who is at least 60 years of age with a minimum of 20 years of Membership Service and who is not otherwise eligible for health care benefits under Section 203-42 or Section 203-43, or

(C) Retires on or after February 1, 2016 with 30 or more years of Creditable Service consisting of a minimum of 20 years of Membership Service and who is not otherwise entitled to benefits under Section 203-42 or Section 203-43.

(ii) Persons receiving the benefits of a retirement optional allowance under Section 203-63 of this Chapter, and who are eligible for benefits under Section 203-48 of this Chapter, provided that the Member satisfied the requirements of paragraph (i) above at the time the Member retired and who is not otherwise entitled to benefits under Section 203-42 or Section 203-43.

(iii) Members whose most recent membership enrollment date is on or after January 9, 1997 and who are not covered by the provisions of the Collaborative Settlement Agreement and who retire on or after February 1, 2016 and on or before January 1, 2017 and who have at least 15 years of Membership Service.

(iv) Each surviving spouse, and each eligible dependent child or orphan of a deceased Active Member who would have been eligible for benefits under this section, who is receiving survivor benefits as provided in Section 203-49 of this Chapter, provided that:

(A) the deceased Active Member's most recent membership enrollment date is on or after January 9, 1997 and on or before December 31, 2015; and

(B) a surviving spouse may only obtain benefits if the surviving spouse possessed a valid marriage certificate or other proof of marriage recognized by the State of Ohio, dated prior to the date of the Active Member's death. However, if the deceased Active Member dies on or after January 1, 2019, the surviving spouse is eligible for coverage only if the spouse was not legally separated from the deceased Active Member at the time of the deceased Active Member's death.

Accordingly, the provisions of Section 203-33 of this Chapter, which provide for Service Retirement Allowances after vesting, shall not entitle Members who are so vested to health care benefits under the provisions of this Section unless such Members also qualify for health care benefits under the provisions of this Section.

(b) The benefits to be provided under this Section are:

(i) Medical and prescription drug coverage similar to the most favorable plan available to active Employees, excluding Police, Fire, and Building & Trade unions; and subject to Member premium contributions described in (c) below; and

(ii) Dental and vision insurance coverage shall be purchased and fully paid for by the Retiree, their surviving spouse, and their eligible dependents or orphans.

(iii) Any person eligible to receive healthcare coverage under this Chapter who is eligible for coverage under Medicare shall apply for Medicare coverage and provide documentation to the Retirement System that is acceptable to the Retirement System that confirms either acceptance or denial for such coverage. To the extent allowable under applicable federal law, coverage under this Section for any person who is eligible to be covered under Medicare shall be secondary to coverage of such person under Medicare. The benefit payable under this Section shall be reduced by the greater of: (a) the amount actually paid by Medicare Part A and Part B; or (b) the amount Medicare would pay if the person were enrolled in Medicare Part A and/or Part B. A person is considered eligible for Medicare for these purposes during any period such person has coverage under Medicare Part A or Part B or, while otherwise qualifying for coverage under Medicare Part A or Part B, does not have such coverage under Medicare Part A (premium free) or Part B solely because such person has refused, discontinued, or failed to make any necessary application or applicable payment for Medicare Part A or Part B coverage.

(c) Except for dental and vision insurance coverage, the percentage of the full funding rates, or premiums, for medical and prescription drug coverage to be paid by the Retirement System on behalf of persons entitled to benefits under this Section shall be based on a formula consisting of the sum of (i) the number of the Member's full years of Creditable Service, and (ii) the Member's age at the earlier of the Member's Retirement date or the date that the Member ceased to be an Active Member, with each such full year of Membership Service and each such year of age at Retirement date counting as one point each. Years of age at Retirement shall mean years of age at the birthday immediately preceding the earlier of the Member's Retirement date or the date that the Member ceased to be an Active Member. The number of full years of Creditable Service and the years of age at Retirement date shall be added together and shall result in the payment of medical and prescription drug coverage in the following percentage amounts:

90% of full cost or full premiums for 85 points

80% of full cost or full premiums for 80 to 84 points

60% of full cost or full premiums for 70 to 79 points

40% of full cost or full premiums for 60 to 69 points

If a Member's total points are less than 60, the Member is only eligible for individual medical and prescription drug coverage. The Retirement System will pay 25% of the premium for individual medical and prescription drug coverage. No spouse or family coverage is available.

A Member's years of Creditable Service shall be used for the purpose of determining the points of a Member under this subsection (c), but will not include years of Creditable Service credited under a previous Service Retirement Allowance provided under this Chapter.

(d) If a Member leaves the City service prior to Retirement and is entitled to a deferred Service Retirement Allowance and such Member is entitled to benefits under this Section, no benefits shall be provided to the Member until the Member reaches the later of their normal retirement date, or their Medicare eligibility age.

(e) Any Inactive Member who is rehired on or after January 1, 2016 shall not be eligible for benefits under this Section.

(f) The director of retirement shall adopt rules and procedures necessary to implement this Section.

(a) The designation of the Beneficiary shall be limited to the following:
  (i) A person or persons,
  (ii) A trust,
  (iii) The Member's estate; or
  (iv) Other legal entity

(b) If there is no such designation, the death benefit shall be paid to:

In the event that no primary beneficiaries make a claim, the beneficiaries next in order of preference shall become entitled to the benefit and shall have 90 additional days to claim the benefit under this section. If there are multiple

beneficiaries in a given category, the benefit shall be divided equally among the eligible beneficiaries who make a claim within the applicable time period. Failure to make a claim within the required time period shall result in total forfeiture of this benefit for that beneficiary.

(d) The death benefit shall consist of the return of the deceased Member's Accumulated Contributions, or in the event the sole, primary designated Beneficiary is the deceased Member's spouse, such spouse may elect between this benefit and the benefits available under Section 203-63(b) if eligible.

No person finally adjudged guilty either as a principal or an aider, abettor or procurer of the aggravated murder (ORC 2903.01), the murder (ORC 2903.02), or the voluntary manslaughter (ORC 2903.03) of a Member shall be eligible to receive the benefits payable pursuant to the provisions of this section by reason of the Member's death. Sec. 203-48. Health Care Benefits for Eligible Dependent Family Members.

Notwithstanding any other provisions of this chapter, health care benefits provided by the Retirement System for eligible dependent family members of Retirees or deceased Active Members shall be limited to the following:

(a) Eligibility for Health Care:

(i) If a Retiree or deceased Active Member is eligible to receive health care benefits pursuant to this Chapter, only the following dependents as defined by and in accordance with the Ohio Administrative Code 145-4-09, "Definition of Eligible Dependent for Health Care Coverage," or Internal Revenue Code Section 152 (a)(1), "Qualifying Child," may be enrolled for health insurance purposes:

(A) A Retiree's spouse possessing a valid marriage

certificate or other proof of marriage as recognized by the State of Ohio, dated prior to the effective date of retirement, and beginning January 1, 2019 who is not legally separated from the Retiree; or

(B) A surviving spouse of a deceased Retiree who is receiving benefits under Section 203-63, and who possessed a valid marriage certificate or other proof of marriage recognized by the State of Ohio, dated prior to the effective date of retirement. However, if the deceased Retiree dies on or after January 1, 2019, the spouse is eligible for coverage only if the spouse was not legally separated from the deceased Retiree at the time of the deceased Retiree's death; or

(C) A surviving spouse of a deceased Active Member who is receiving benefits under Section 203-49, and who possessed a valid marriage certificate or other proof of marriage recognized by the State of Ohio, dated prior to the date of death. However, if the deceased Active Member dies on or after January 1, 2019, the spouse is eligible for coverage only if the spouse was not legally separated from the deceased Active Member at the time of the deceased Active Member's death; or

(D) A Retiree's or a deceased Active Member's biological children who were born or children who were legally adopted by the Retiree prior to the effective date of retirement, or in the case of a deceased Active Member, prior to the date of death.

(ii) A Retiree's child who has never entered into a marriage recognized by the State of Ohio is eligible for coverage if the child is either under the age of 19, or is a student attending an accredited school on a fulltime basis for at least 7 months of the calendar year and who has not attained the age of 24.

(iii) Coverage shall be extended if the Retiree's child is permanently and totally disabled in accordance with Social Security Disability Definition, 42 U.S.C. 416i(1), prior to the limiting age specified in Section (a)(ii) herein. For purposes of this Section, the term "disability" means the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment, which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. Evidence of the incapacity shall be required to be provided to the Retirement System's Medical Director for review and recommendation regarding whether the child is permanently and totally disabled, and the Medical Director's recommendation shall be subject to approval by the Board. Appeals from the Board's

determination will be governed by rules adopted by the director of retirement.

(iv) Any person eligible to receive healthcare coverage under this Chapter who is eligible for coverage under Medicare shall apply for Medicare coverage and provide documentation to the Retirement System that is acceptable to the Retirement System and confirms either acceptance or denial for such coverage. To the extent allowable under applicable federal law, coverage under this Section for any person who is eligible to be covered under Medicare shall be secondary to coverage of such person under Medicare. The benefit payable under this Section shall be reduced by the greater of: (a) the amount actually paid by Medicare Part A and Part B; or (b) the amount Medicare would pay if the person were enrolled in Medicare Part A and/or Part B. A person is considered eligible for Medicare for these purposes during any period such person has coverage under Medicare Part A or Part B or, while otherwise qualifying for coverage under Medicare Part A or Part B, does not have such coverage under Medicare Part A (premium free) or Part B solely because such person has refused, discontinued, or failed to make any necessary application or applicable payment for Medicare Part A or Part B coverage.

(b) Eligibility to Purchase Health Care at 100% of Premium Cost:

(i) The ability to enroll a spouse, minor child, or minor grandchild for Health Care benefits shall be closed to spouses when the date of marriage is after the date of the Retiree's retirement, to children born or adopted after the Retiree's date of Retirement and to minor grandchildren after December 31, 2017, unless subsection (ii) below applies.

(ii) Otherwise eligible spouses and dependents who were married to, born of, or adopted by the Retiree after the Retiree's date of Retirement, and one minor grandchild born to an unmarried, un-emancipated minor child of the Retiree that the Retiree is permitted to claim as a dependent on the Retiree's federal tax return in accordance with Section 152 of the Internal Revenue Code, will be entitled to remain enrolled in coverage as long as they meet all other eligibility requirements, were enrolled in Retiree Health Care coverage on January 1, 2018 and provided that there is no break in coverage. Once a break in coverage occurs, spouses, dependents and minor grandchildren will be subject to all the eligibility requirements of Chapter 203, including this Section, and will be ineligible for re-enrollment unless they meet all the eligibility requirements of Chapter 203.

(c) If an individual receives a monthly benefit as an Optionee of a deceased Retiree of the Retirement System, he or she may enroll the biological children who were born of the Retiree or any eligible children who were legally adopted by the Retiree prior to the effective date of the Retiree's

Retirement, provided that all such individuals meet the criteria listed in Sections (a)(i),(ii), (iii), or (iv) herein.

(d) If a Retiree has not selected a pension payment option that includes an Optionee, health care benefits provided by the Retirement System for the Retiree's dependent spouse and eligible biological or legally adopted dependent child/ren terminates following the death of the Retiree.

(e) For the purposes of this chapter, it is the responsibility of the Retiree, Optionee, or survivor to notify the Retirement System in writing, within 60 days of the date that any spouse or dependent child fails to meet eligibility requirements. Failure to provide such notice to the Retirement System may result in overpaid health care claims for which the Retiree, Optionee, or survivor shall be responsible in addition to penalties imposed in Section (f) herein.

(f) The Board maintains the right to conduct compliance-related audits of spouse and dependent eligibility and to impose penalties for non-compliance. Penalties for non-compliance shall include suspension of health care coverage of any person eligible for coverage under this chapter for a period of 3 years and a requirement that such individuals repay all improperly paid prescription drug claims. After the three-year suspension period, the eligible individual's health insurance may only be reinstated upon full repayment of the amount of the improperly paid prescription drug claims. The eligible individual is responsible for making payment arrangements to repay the amounts owed. If the eligible individual has been found legally incompetent by a court, the Board, at its sole discretion, may elect to modify the penalty imposed by this Section.

(g) The director of retirement shall adopt rules and procedures necessary to implement this Section.

Sec. 203-49. Survivor Benefits.

In the event of the death of an Active Member, including a Member on leave of absence without pay for a period of not more than one year, who was a contributing Member of the Retirement System for at least 18 months prior to death and by reason of whose death no benefit is payable pursuant to Section 203-63(b), there shall be paid to, or on behalf of, such survivors who qualify under the provisions of this section the amounts hereinafter indicated, which amounts shall be in addition to the ordinary death benefit payable pursuant to Section 203-45.

(a) (1) If an Active Member dies on or before August 31, 2024 and is survived by a spouse, such spouse shall receive a payment of $157.50 per month for life or until remarriage. Such payment shall begin on the first day of the month next following the last day for which final compensation is paid for the services of

the deceased Active Member if survivor benefits are payable pursuant to subsection (b)(1) hereof and shall continue to be paid as long as such spouse remains unmarried and survivor benefits are payable pursuant to subsection (b)(1) hereof. Effective the first of the month next following the 62nd birthday of such spouse, if the deceased Active Member had less than 15 years of Creditable Service, or effective the first of the month next following the 50th birthday of such spouse, if the deceased Active Member had 15 years of Creditable Service or more, such payment shall be paid irrespective of any benefits payable pursuant to subsection (b)(1) hereof. If no benefits are payable pursuant to subsection (b)(1) hereof, such spouse shall begin to receive the payment effective on the first day of the month following the 62nd birthday of such spouse, if the deceased Active Member had less than 15 years of Creditable Service, or effective the first of the month next following the 50th birthday of such spouse, if the deceased Active Member had 15 years of Creditable Service or more.

(2) If an Active Member dies on or after September 1, 2024, and the Active Member is survived by a spouse, and the Active Member has no natural or adopted minor children, including natural children of the Active Member conceived prior to the Active Member's death, such surviving spouse shall receive a one-time lump sum payment equal to two-thirds of the deceased Active Member's current annual rate of pay as reflected in the city's payroll system.

(3) If an Active Member dies on or after September 1, 2024, and at the time of the Active Member's death the Active Member is survived by a spouse and the Active Member's natural or adopted minor child or children, including natural children of an Active Member conceived prior to the Active Member's death, the Active Member's surviving spouse and minor children shall receive a one-time lump sum payment equal to two-thirds of the deceased Active Member's current annual rate of pay as reflected in the city's payroll system to be divided equally among the surviving spouse and eligible surviving children. In the event the eligible surviving children are not the natural or adopted children of the surviving spouse, payment shall be made to the parent or guardian of such child or children.

(b) (1) If an Active Member dies on or before August 31, 2024 and is survived by a spouse and an Active Member's natural or adopted minor child or children, including natural children of an Active Member conceived prior to the Active Member's death, there shall be paid during the life of the surviving spouse to the surviving spouse or to the guardian of such child or children in the event such child or children are not in the custody of the surviving spouse the amount of

$157.50 per month for one eligible child for as long as only one child meets the eligibility requirements hereinafter set forth or the amount of $270 per month for two or more eligible children, for as long as two or more children meet the eligibility requirements hereinafter set forth.

(2) If an Active Member dies on or before August 31, 2024 and is not survived by a spouse or if the spouse dies or remarries during the dependency of the Active Member's minor child or children, there shall be paid to the parent or guardian of such child or children the amount of $157.50 per month for one eligible child for as long as only one child meets the eligibility requirements hereinafter set forth, the amount of $315 per month for two eligible children for as long as two children meet the eligibility requirements hereinafter set forth, or the amount of $427.50 per month for three or more eligible children for as long as three or more children meet the eligibility requirements hereinafter set forth.

For the purpose of computing benefits pursuant to subsection (b) for the death of an Active Member on or before August 31, 2024, a natural child of a deceased Active Member shall be considered eligible from the first of the month next following the child's birth or the death of the deceased Active Member, whichever is the latter date, until such child reaches 18 years of age or marries, whichever occurs first. In the case of a legally adopted child of the deceased Active Member, such child, in addition to the eligibility requirements hereinbefore fixed for a natural child of the deceased Active Member, must in order to be eligible to be considered for the computation of benefits pursuant to this subsection (b) have received at least one-half of the child's support from the deceased Active Member during the 12 months immediately prior to the death of the deceased Active Member.

(3) If an Active Member dies on or after September 1, 2024, and at the time of the Active Member's death, the Active Member is survived by an Active Member's natural or adopted minor child or children, including natural children of an Active Member conceived prior to the Active Member's death, and the Active Member is not survived by a spouse, a one-time lump sum payment equal to two-thirds of the deceased Active Member's current annual rate of pay as reflected in the city's payroll system shall be divided equally among the eligible surviving children, which shall be payable to the parent or guardian of such child or children.

(c) If, at the time of an Active Member's death or within 120 days following the Active Member's death, a guardian has been appointed for an adult surviving child by reason of the probate court adjudging such child to be mentally or physically incompetent, there shall be paid survivor benefits in the amount of $157.50 per month

to the guardian for the use and benefit of such child during the period of incompetency, notwithstanding the fact that such child is over eighteen years of age.

(d) If an Active Member dies on or before August 31, 2024 and is survived by a dependent father or mother, or both, who received more than one-half of their support from the deceased Active Member during the 12 months immediately prior to the death of the Active Member and this fact is established to the satisfaction of the Board within one year after the death of the Active Member, the dependent father or mother, or both, shall receive a payment in an amount fixed by the Board which shall not be less than $112.50 nor more than $157.50 per month each. If the benefits payable pursuant to this paragraph (d) together with the benefits payable pursuant to the preceding paragraphs of this section exceed the limitations fixed by paragraph (h), the benefits payable pursuant to this paragraph (d) shall be reduced to meet the requirements of paragraph (h). If an Active Member dies on or after September, 1, 2024, no benefit for a dependent parent is available under this section.

(e) Should any payments be made pursuant to this section to any person in excess of the payments due said person under the terms of this section, said overpayment shall be deducted from benefits thereafter payable to such person and no further benefits shall be payable to such person until such overpayment is fully recovered. Nothing herein shall be construed to in any way limit the right of the Retirement System to recover overpayments in any other manner provided by law.

(f) Effective January 1, 1999, the monthly benefit amounts detailed in sections (a), (b) and (c) herein shall be adjusted for the increase in average hourly earnings that has occurred between June 1987 and June 1998 as measured by the U.S. Bureau of Labor Statistics. Effective January 1, 2000, and every January thereafter, monthly benefits will be adjusted based on the increase in average hourly earnings occurring during the immediately preceding July through June period as measured by the U.S. Bureau of Labor Statistics, not to exceed three (3) percent per year.

(g) For the purpose of this section the following terms shall have the meanings indicated:

(i) "Surviving spouse," shall mean the person legally married to the deceased Active Member on the day of such Active Member's death as evidenced by an undissolved ceremonial marriage and who has, in the opinion of the Board, either lived with the deceased Active Member as spouse immediately prior to the Active Member's death or has taken care of the children of the Active Member for at least one year immediately prior to the Active Member's death.

(ii) "Child" shall mean a natural child, including natural children of an Active Member conceived prior to the Active Member's death, or a legally adopted child.

(h) In no event shall more than $427.50 per month as adjusted according to

the terms of subsection (f) hereof, be paid pursuant to this section by reason of the death of an Active Member.

(i) No person finally adjudged guilty either as a principal or an aider, abettor, or procurer of the aggravated murder (ORC 2903.01), the murder (ORC 2903.02), or the voluntary manslaughter (ORC 2903.03) of an Active Member shall be eligible to receive the benefits payable pursuant to the provisions of this section by reason of the Active Member's death. For the purpose of this section, such person shall be considered as having predeceased the Active Member killed.

Sec. 203-53. Reduction of Disability Retirement Allowance.

Each Disability Retiree shall report annually to the Board, on forms to be furnished by the Board, all the compensation for personal services earned by the Disability Retiree during the preceding year; provided, however, that all Employee Members retired for disability under the provisions of Section 203-41 of the Cincinnati Municipal Code shall not be required to report annual outside compensation for personal services earned

while on a disability retirement allowance after the attainment of their normal age and/or service retirement eligibility date.

In the event that a Disability Retiree's annual financial report indicates that compensation earned for personal services during the preceding year plus the disability retirement allowance exceeded the compensation that would have been received from the City during that period if the Disability Retiree had been employed by the City in the same employment classification held at the time of the disability retirement, the Board shall reduce the Disability Retiree's retirement allowance during the following year, or, if necessary, years, by the amount that compensation for personal service plus the retirement allowance exceeded the compensation that would have been received from the City if the Disability Retiree had been employed by the City in the same employment classification held at the time of retirement.

If the Disability Retiree fails to file with the Board the report required herein, the Board shall suspend the Disability Retiree's retirement allowance until such time as the report is filed.

If a Disability Retiree makes any false statement concerning the compensation received for personal services in reports required to be filed by this section, the Board may revoke the Disability Retiree's retirement allowance. If a Disability Retiree's retirement allowance is revoked, the unpaid balance of the Member's Accumulated Contributions shall be paid to the Disability Retiree in a lump sum.

A Disability Retiree restored to active service at a compensation less than the prevailing compensation for the employment classification held by such Disability Retiree at the time of Retirement shall continue to receive the disability allowance, subject to the limitations of this section; and the Disability Retiree shall not again become a Member of the Retirement System.

Sec. 203-55. Reexamination of Disability Retirees; Restoration to Service.

Once each year after the retirement of a Member on a retirement allowance for disability, the Board may, and upon such Disability Retiree's application shall, require any Disability Retiree who has not yet attained their normal age and/or service retirement eligibility date to undergo a medical examination; provided, however, that if such Disability Retiree resides outside the limits of greater Cincinnati, the Board may designate a competent physician to examine such Disability Retiree. Should any Disability Retiree who has not yet attained their normal age and/or service retirement eligibility date refuse to submit to at least one medical examination in any such year by the medical director or physician designated by the Board, the Disability Retiree's allowance may be discontinued until withdrawal of such refusal; and should the refusal continue for one year, all such Disability Retiree's rights in and to a pension may be revoked by the Board.

Should the medical director or such competent physician designated by the Board recommend to the Board that a Disability Retiree is able to engage in a gainful occupation, and should the Board concur with the

recommendation, then such Disability Retiree's disability retirement allowance shall cease.

Should a Disability Retiree be rehired subsequent to the termination of their disability retirement allowance, the Disability Retiree shall again become a Member of the Retirement System. Any prior service credit used to compute the prior disability retirement allowance shall be restored, and, in addition, upon subsequent Retirement the Member shall be credited with all service as a Member.

The annual cost-of-living adjustment shall not compound annually. This cost-of-living adjustment will commence one year after the initial receipt of benefits.

(c) Effective January 1, 2016, the annual cost of living adjustment for current and future Retirees and Optionees in the Current Employees Class and the Retirees Class, except as provided in this Section, will be a three (3) percent fixed simple adjustment.

(i) For those Members who retired prior to July 1, 1987, the cost of living adjustment calculation under this subsection (c) will be effective on January 1, 2016. For those Members who retired on or after July 1, 1987, the cost of living adjustment calculation under this subsection (c) will commence on their retirement anniversary date.

(ii) For purposes of calculating the simple cost of living adjustment in this subsection (c) for Members of the Retirees Class, the basis amount upon which the adjustment will be calculated will be the gross monthly pension amount on January 1, 2016, including all previously granted cost of living adjustments. For Members of Groups C, D, E, F and G, the basis amount upon which the cost of living adjustment will be calculated will be the gross monthly benefit as of their Retirement Effective Date.

(iii) Effective January 1, 2016, no member of the Retirees Class shall be entitled to a simple cost of living adjustment for a period of three (3) years unless the Member is entitled to the cost of living poverty exception. The suspension period shall commence upon January 1, 2016, or the anniversary date of the individual Member's Retirement, whichever date is later. In 2018, members of the Retirees

Members in Groups C, D, E, F, and G who are not members of the Current Employees Class, will be subject to a three (3) year cost of living adjustment delay period beginning on January 1, 2017 or on the first anniversary of their Retirement Effective Date, whichever is later.

(v) Each Current Employees Class Member who is a Member of Group C shall receive a one-time payment pursuant to the following schedule, to be paid no later than 90 days after the Effective Date of the Collaborative Settlement Agreement or within 90 days following the Member's Retirement, if later:

If for that year and any subsequent year their household income (as defined in Cincinnati Municipal Code § 203-42) exceeds 150 percent of the federal poverty guidelines, such Retirees will receive an annual cost of living adjustment which shall be a three (3) percent fixed simple adjustment, after appropriate notice has been provided to the qualifying Retirees and Optionees. In order to be eligible under this Section, the Retiree must provide satisfactory documentation of their household income to the Board in a timely manner. Failure to provide satisfactory documentation in a timely manner may result in a waiver of any retroactive claims for the application of the compound cost of living adjustment provided for under this Section.

(d) The total retirement allowance including the adjustments payable herein shall not exceed the limit established by Section

415 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C.A. 415, as amended. (Ord. No. 389-1998, eff. Nov. 20, 1998; a. Ord. No. 084-2011, § 13, eff. April 16, 2011; a. Ord. No. 336-2016, § 1, eff. Nov. 26, 2016)

If this Section should apply, when a member transfers to the employment of the state or any of its political subdivisions and pays into PERS pursuant to Section 145.44 of the Ohio Revised Code the amount, with interest, the member would have paid through regular salary deductions had the member participated in PERS since the commencement of city employment, or since January 1, 1935, if city employment commenced before that date, the board shall pay to PERS on behalf of the member, the member's funded actuarial reserve as of the date of withdrawal from the city retirement system, or the amount the city is required to pay by the last sentence of Section 145.44, Ohio Revised Code, whichever is the lesser amount, but only if the member pays to PERS, through the board, the difference, if any, between the amount the board will have contributed to PERS on the member's behalf pursuant to this Section, and the amount that must be paid by the city to PERS pursuant to Section 145.44 of the Ohio Revised Code to provide for the payment of the "full liability" referred to in Section 145.44 of the Ohio Revised Code.

No payment shall be made by the board to the state retirement system pursuant to this section unless application therefor is made by the member concerned within one year from the date the member leaves the city service or prior to January 1, 1957, whichever is the later.

Sec. 203-63. Optional Allowances.

(a) Any Member may elect to receive the Service Retirement Allowance in the form of an allowance payable through life, or may elect to receive the actuarial equivalent, at the time of Retirement, of such allowances in any one of the four following ways:

Option 1. A reduced allowance for life and upon death, such reduced allowance to an Optionee for life.

Option 2. A reduced allowance and upon death, one-half of such reduced allowance to an Optionee for life.

Option 3. A reduced allowance to the Member during the period the Member and the Member's Optionee are both alive, and upon the death of either of them, two-thirds of such reduced allowance to the survivor for life.

Option 4. A reduced allowance to the Member during the period the Member and the Member's Optionee are both alive and upon the death of either of them, 80 percent of such reduced allowance to the survivor for life.

(b) A surviving spouse who was designated as the sole primary Beneficiary of a Member who either dies in service while eligible for Retirement or dies in service with twenty or more years of Creditable Service, and the surviving spouse of a Deferred Vested Member whose Service Retirement Allowance payments had not begun as of the date of the Member's death, may elect to receive either:

(i) The death benefits, if any, provided by Section 203-45, or

(ii) A reduced allowance for the life of the surviving spouse only, calculated under Option 1.

(c) The optional allowance to the surviving spouse of a Member who dies in service while eligible for Retirement shall become effective as of the first day of the month following the date of the Member's death.

(d) The optional allowance to the surviving spouse of a Member who is not eligible for Retirement and dies in service with twenty or more years of Creditable Service, shall become effective as follows:

(i) If the deceased Member was an Active Member on or after January 1, 2002, payments shall begin as of the first day of the month following the earliest date on which normal Service Retirement Allowance payments to the Member would have become effective had the Member lived and continued to be employed in service as an Employee.

(e) The optional allowance to the surviving spouse of a Deferred Vested Member who dies shall become effective on the date on which Service Retirement Allowance payments to the Member would have become effective had the Member lived.

(f) In the event that by reason of the death of any Member who selected an option under this section and the death of the Optionee, the payments made to the Member and the Optionee in the aggregate do not equal the amount of contributions standing to the Member's credit at the time of Retirement, there shall be paid to a Beneficiary, in accordance with Section 203-47, the amount of the contributions less the aggregate of the following amounts:

(i) All Service Retirement Allowance payments to the Member and to the Optionee, and

(ii) Any payments made by reason of the Member's death pursuant to any other applicable Section of this Chapter.

(g) In the event of any overpayment made to a Member, Optionee or Beneficiary, such overpayment shall be deducted from the next allowance payment or payments payable to the Member, Optionee or Beneficiary in such manner as to recover such overpayment as quickly as possible.

(h) Any Member who has elected an option under this section may change such election at any time prior to Retirement. No election of options shall be changed after Retirement, except that any Retiree who has elected to receive an option shall have the right to cancel that option in the event that such Retiree has become divorced, legally separated, obtained a dissolution of marriage or annulment from the Optionee and has provided the Board with a signed release from the Member's Optionee waiving all rights to the option or a certified copy of a court order stating that the Optionee is not entitled to any portion of the benefit. Upon application for cancellation of the option and filing with the Board a certified copy of the decree of divorce, dissolution, annulment or written separation agreement or a written waiver of all rights by the Optionee, the Board shall order the option previously elected to be cancelled, and the Retiree shall receive retirement benefits thereafter in the amount to which the Retiree would be entitled if an option had not been elected.

To facilitate investment of the funds, the Board may establish a partnership, trust, limited liability company, corporation, including a corporation exempt from taxation under 26 U.S.C. §§ 1 et seq., as amended, or any other legal entity authorized to transact business in this state.

In subsequent years the Current Year Amortization Base shall be referred to as a Prior Year Amortization Base.

If the Unfunded Actuarial Accrued Liability as of the valuation date is greater than zero, and was also greater than zero as of the previous valuation date, the Current Year Amortization Base shall equal the Unfunded Actuarial Accrued Liability less the

unamortized portion of all Prior Year Amortization Bases. The accrued liability contribution rate shall be equal to 15-year amortization of the Current Year Amortization Base and all Prior Year Amortization Bases that have not been fully amortized on the basis of regular interest divided by the estimated total annual compensation reflected in determining plan benefits of all members for the next calendar year.

The principal amount, together with the interest, shall be repaid to the retirement system in equal installments payable at least quarterly over a repayment period that does not exceed:

(1) For a loan which is used to acquire a dwelling unit which,

within a reasonable period of time, is to be used as the principal residence of the member, the repayment period may not exceed 15 years; and

(2) For all other loans, five years.

Loan repayments shall be made by deduction from the compensation of the member at the same time and in the same manner the member's contributions to the retirement system are deducted. Such installments shall be at least equal to 5 percent of the member's compensation, and not in excess of 20 percent.

Notwithstanding any other law affecting the salary or compensation of any person or persons to whom this chapter applies or shall apply, the additional deductions required to repay the loan shall be made.

If said member has a retirement loan outstanding at the time of leaving service, the loan shall be paid in full prior to reaching age 65, or within one year of leaving city service, whichever comes first. If loan repayment is not made as stipulated herein, the following options exist:

(i) the member can have the balance of contributions refunded directly as specified in Section 203-57;

(ii) the member can have the balance of contributions rolled over into another qualifying plan, including the Public Employees Retirement System as specified in Section 203-59;

(iii) a member hired before January 1, 2010 having at least 25 years of service and being at least age 55, can take a reduced retirement as specified in Section 203-35(a); a member hired on or after January 1, 2010 having at least 25 years of service and being at least age 60 can take a reduced retirement as specified in Section 203-35(b).

Application for retirement shall be made before the member leaves the service or within one year thereafter, except application may be made after said one year with the approval of the board of trustees.

No member or former member who has an outstanding loan shall be permitted to transfer service credit to a State Retirement System under Section 203-8 unless and until such loan is repaid in full, with interest.

The board of trustees of the retirement system shall promulgate rules and regulations consistent with the provisions of this chapter governing the making of loans to members; and if the principal amount of a loan will exceed $7,500.00 and the member is married at the time of the loan, the loan will not be made unless the spouse of the member provides a written consent to the loan, on a form or forms provided by the board of trustees for such purpose.

Sec. 203-113. Loan Insurance.

In case of the death of a member who executes a loan on or after July 1, 1967, any unpaid balance of a loan at the time any

benefit becomes payable shall be deducted from the benefit otherwise payable, provided, however, that:

(a) If a benefit is payable by reason of the death of the member after the 30th and before the 60th day after making a loan, 25 percent of the amount of the loan outstanding not in excess of $2,000 shall not be deducted from the benefit.

(b) If a benefit is payable by reason of the death of a member on or after the 60th but before the 90th day after the making of a loan, 50 percent of the loan outstanding not in excess of $2,000 shall not be deducted from the benefit.

(c) If a benefit is payable by reason of the death of a member on or after the 90th day after the making of a loan, no part of the loan outstanding not in excess of $2,000 shall be deducted from the benefit.

For the purposes of this section, the term "benefit" shall include the return of accumulated contributions.

Effective January 1, 1978, for purposes of this section, the term "member" shall be defined to include both active and retired members of the Cincinnati Retirement System.

Sec. 203-115. Optional Coverage for City Manager.

The city manager may elect to become a member of the retirement system and receive coverage under the provisions of this chapter or elect to become a member of the public employee retirement system. Election of coverage shall be made by the city manager in writing directed to the board at the beginning of the city manager's term. The city manager shall state in such writing that the election is made with the knowledge of the various benefits. provided by each system.

Sec. 203-117. Eligible Rollover Distributions.

For purposes of compliance with IRC Section 401(a)(31), this section applies notwithstanding any contrary provision or retirement law that would otherwise limit a distributee's election to make a rollover. A distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

(a) "Eligible rollover distribution" means any distribution of all or any portion of the balance to the credit of the distributee, as further described below:

(i) an eligible rollover distribution does not include the following:

(A) any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or the life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; or

(B) any distribution to the extent such distribution is required under IRC Section 401(a)(9); or

(C) the portion of any distribution that is not includible in gross income; or

(D) any other distribution that is reasonably expected to total less than $200 during the year.

(ii) Effective January 1, 2002, a portion of a distribution will not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only as follows

(A) to an individual retirement account or annuity described in IRC Section 408(a) or (b) or to a qualified defined contribution plan described in IRC Section 401(a);

(B) on or after January 1, 2007, to a qualified defined benefit plan described in IRC Section 401(a) or to an annuity contract described in IRC Section 403(b), that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or

(C) on or after January 1, 2008, to a Roth IRA described in IRC Section 408A.

(iii) Effective January 1, 2002, the definition of eligible rollover distribution also includes a distribution to a surviving spouse.

(b) "Eligible retirement plan" means any of the following that accepts the distributee's eligible rollover distribution:

(i) an individual retirement account described in IRC Section 408(a),

(ii) an individual retirement annuity described in IRC Section 408(b),

(iii) an annuity plan described in IRC Section 403(a),

(iv) a qualified trust described in IRC Section 401(a),

(v) effective January 1, 2002, an annuity contract described in IRC Section 403(b),

(vi) effective January 1, 2002, a plan eligible under IRC Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan from the retirement system, or

(vii) effective January 1, 2008, a Roth IRA described in IRC Section 408A.

(c) "Distributee" means an employee or former employee. "Distributee" also includes the employee's or former employee's surviving spouse. Effective January 1, 2007, a distributee further includes a nonspouse beneficiary who is a designated beneficiary as defined by IRC Section 401(a)(9)(E). However, a nonspouse beneficiary may rollover the distribu-

tion only to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity will be treated as an "inherited" individual retirement account or annuity.

(d) "Direct rollover" means a payment by the plan to the eligible retirement plan specified by the distributee.

(Ordained by Ord. No. 264-2000, eff. June 28, 2000; Emer. Ord. No. 379-2008, eff. Nov. 19, 2008; Emer. Ord. No. 291-2009, § 6, eff. Oct. 28, 2009)

Sec. 203-119. Minimum Distribution Requirements of IRC Section 401(a)(9).

(a) It is intended that the provisions of the Retirement System comply with a good faith interpretation of the requirements of IRC Section 401(a)(9) as applicable to a governmental plan within the meaning of IRC Section 414(d). Accordingly, the Board shall apply the provisions of this section in any manner that the Board deems necessary or desirable to assure compliance with such requirements.

(b) Payment of the retirement allowance of each Member must begin by the Member's Required Beginning Date and, except as provided below, will be made in non-increasing monthly amounts either (a) for the life of the Member or for the joint lives of the Member and the Member's Optionee or Beneficiary, or (b) for the life of the Member with a stated period certain not to exceed the life expectancy of the Member or the joint life expectancy of the Member and the Member's Optionee or Beneficiary. Notwithstanding the foregoing, lump sum payments of Accumulated Contributions may be made to Members and increases in the retirement allowances of Members may be made as provided in Section 203-56. Any stated period certain for the payment of a retirement allowance hereunder may not be lengthened after the commencement date of the retirement allowance.

Optional forms of retirement allowances provided under Section 203-63 are subject to the minimum incidental benefit payment restrictions of IRC Section 401(a)(9)(G). Accordingly, if a retired Member elects an optional form of payment under Section 203-63 and names a Beneficiary or Optionee other than the spouse of the Member, the Board shall limit the percentage of the Member's retirement allowance that may be paid to the Beneficiary or Optionee to the extent required to assure compliance with such requirements.

If a Member dies on or after his or her required beginning date, payments to the Beneficiary or Optionee of the Member shall continue to be made over the life or life expectancy of the Beneficiary or Optionee at a rate that is at least as rapid as that in effect before the Member's death.

For purposes of this section the "Required Beginning Date" of a Member is the first day of April of the calendar year following the calendar year in which the Member attains age 70½ or retires, whichever is later.

For the requirements of this section, life expectancies will be calculated as of the commencement date of the retirement allowance by use of the expected return multiples in Tables V and VI of IRS Regulation 1.72-9, and will not be recalculated thereafter.

(c) If a Member dies before his or her required beginning date, any lump sum death benefits payable under this Retirement System shall be paid by December 31 of the calendar year containing the fifth anniversary of the Member's death; and any annuity benefits payable on account of the Member's death shall be paid in accordance with this division (c).

If an annuity benefit is payable to a Beneficiary or Optionee other than the Member's spouse, the annuity shall be paid over the life of the Beneficiary or Optionee or over a period certain not to be greater than the life expectancy of the Beneficiary or Optionee, and shall commence on or before December 31 of the calendar year immediately following the calendar year in which the Member died.

If an annuity benefit is payable to the Member's surviving spouse, the annuity shall be paid over the life of the spouse or over a period certain not greater than the life expectancy of the spouse, and shall commence by the later of (1) December 31 of the calendar year immediately following the calendar year in which the Member died, and (2) December 31 of the calendar year in which the Member would have attained age 70½.

(d) Payments made under an annuity contract purchased by the Retirement System to provide any retirement allowance or other benefit will also comply with the requirements of this section and IRC Section 401(a)(9).

(Ordained by Ord. No. 264-2000, eff. June 28, 2000; Emer. Ord. No. 291-2009, § 7, eff. Oct. 28, 2009; a. Ord. No. 084-2011, § 15, eff. April 16, 2011; a. Ord. No. 336-2016, § 1, eff. Nov. 26, 2016)

Sec. 203-121. Funding of Medical Benefits.

(a) The Board shall establish a "Qualified Medical Benefits Account" within the fund of the Retirement System for the purpose of funding the payment of Qualified Medical Benefits.

Effective as of December 31, 1997, funding for the Qualified Medical Benefits Account shall be in an amount equal to 30.4% of the assets of the trust fund for the Retirement System. Thereafter, the Board shall credit to the Qualified Medical Benefits Account all or a portion of the employer contribution that is payable to the Fund for such year pursuant to Sections 203-85 and 203-93; provided, however, that the amount credited to the Qualified Medical Benefits Account after December 31, 1997 shall not exceed an amount which will cause the aggregate amount of the employer contributions to the Retirement System since January 1, 1998 for the purposes of providing Qualified Medical Benefits and "Chargeable Death Benefits" to exceed 25% of the sum of the "Section 401(h) Contribution Bases" for all calendar years beginning on or after January 1, 1998.

The Section 401(h) Contribution Basis attributable to any calendar year beginning on or after January 1, 1998 shall equal the sum of (i) the employer contributions for such year for the purpose of funding service retirement allowances and disability allowances (other than for past service credits), (ii) the employer contributions for such year for the purpose of funding "Chargeable Death Benefits," and (iii) the employer contributions for such year for the purpose of funding of Qualified Medical Benefits.

"Chargeable Death Benefits" shall include any benefit under the Retirement System that is payable with respect to a member or retired member as a result of such member's death, to the extent that such payment would exceed the amount of the reserve needed to provide for the service retirement allowance of the member or retired member existing at his or her death.

Assets credited to the Qualified Medical Benefits Account may, but need not, be invested in a segregated fund within the fund of the Retirement System. If the assets of the Qualified Medical Benefits Account are not so segregated, the Account shall participate on a reasonable basis in the income, gains and losses of the fund (or of

any portion of such fund to which the Qualified Medical Benefits Account may be assigned by the Board).

Except to the extent applicable law requires otherwise, in no event shall any amounts credited to the Qualified Medical Benefits Account revert to the City, or be diverted to purposes other than the payment of Qualified Medical Benefits (which term may be amended from time to time to include any medical expenses permitted to be paid under the terms of Section 401(h) of the IRC) and any necessary or appropriate expenses attributable to the payment of Qualified Medical Benefits and the maintenance of the Qualified Medical Benefits Account, prior to the satisfaction of all liabilities of the Retirement System for such Qualified Medical Benefits. Any amounts credited to the Qualified Medical Benefits Account following the satisfaction of all such liabilities shall be returned to the City (except to the extent applicable law requires otherwise).

(b) As referred to in this Section:

(i) An "Eligible Person" is a retired member, widow, eligible dependent child, or orphan or other individual who, pursuant to Section 203-43 or Section 203-44: (A) is eligible for hospital, surgical and medical benefits, (B) has enrolled to be covered under one of the medical benefit programs made available to such persons, and (C) if required, is making the monthly retiree contributions required for such coverage (either for that person alone or for that person and any eligible dependent for whom he or she has elected such coverage).

(ii) The "Qualified Medical Benefits" of an Eligible Person at any time shall be the benefits for which, pursuant to Section 203-43 or Section 203-44, the Eligible Person and his or her dependents (if any) are eligible at any time, and for which he or she has paid all required monthly retiree contributions specified for such coverage.

(iii) The "Qualified Coverage" of an Eligible Person shall be the medical benefit programs that are made available to such person pursuant to Section 203-43 or Section 203-44 (as amended from time to time).

(iv) A "Premium Payment Program" is a medical benefit arrangement maintained through an insurance contract, health maintenance organization, or similar prepaid arrangement. The term Premium Payment Program shall not include the reimbursement of an Eligible Person's "Part B Premium" under Medicare.

(v) A "Direct Cost Program" is a medical benefit arrangement that is either fully self-insured by the Retirement System and/or the City or partially self-insured by the Retirement System and/or the City with individual and/or aggregate stop loss insurance coverage.

(c) Subject to the terms and limitations of this Section and Sections 203-43 and 203-44, the Retirement System shall provide the Qualified Medical Benefits of each Eligible Person as follows:

(i) If the Qualified Coverage of the Eligible Person is under a Premium Payment Program, the Retirement System shall provide the Qualified Medical Benefits solely by paying the relevant Base Rate monthly premium for the Qualified Coverage (in excess of the required retiree contributions) to the provider of the Qualified Coverage.

(ii) If the Qualified Coverage of the Eligible Person is under a Direct Cost Program, the Retirement System shall provide the Qualified Medical Benefits by paying for the cost of such benefits from the fund of the Retirement System, either directly to the health care provider or through a provider of administrative services.

No member or Eligible Person has an individual interest in the qualified Medical Benefits Account and, therefore, there are no individual interests that may be forfeited and applied to reduce City employer contributions.

(d) Monthly contributions required of an Eligible Person under a "Premium Payment Program" may be paid by the Eligible Person directly to the insurance company, health maintenance organization or other provider of the Qualified Medical Benefits; provided that the Board may instead direct that such contributions be paid directly to the Retirement System (or deducted from the payment of a service retirement allowance or other benefit payable to the Eligible Person under the Retirement System) and credited to the Qualified Medical Benefits Account provided for in this Section. A monthly contribution required of an Eligible Person under a Direct Cost Program shall be paid to the Retirement System (or deducted from the payment of a service retirement allowance or other benefit payable to the Eligible Person under the Retirement System) and credited to the Qualified Medical Benefits Account provided for in this Section.

(e) No member, retired member, Eligible Person or other person shall have any individual right or interest in the assets of the Qualified Medical Benefits Account, and such persons shall be entitled to Qualified Medical Benefits only to the extent provided by the terms and conditions of this Section, Sections 203-43 and 203-44, and the medical benefit program by which such person is covered. Payments by the Retirement System of premiums under Premium Payment Programs and costs under Direct Cost Programs (all such payments being hereinafter referred to as "Qualified Medical Benefits Payments") shall be subject in all respects to the following terms and restrictions:

(i) All Qualified Medical Benefits Payments shall be made exclusively from the balance credited to the Qualified Medical Benefits Account. If the balance credited to the Qualified Medical Benefits Account is inadequate at any time to provide all of the Qualified Medical Benefits Payments due and payable, the Board shall pay, on such equitable and non-discriminatory basis as the Board shall determine in its sole discretion, such portion of the Qualified Medical Benefits payments as may be provided from the available balance of the Qualified Medical Benefits Account.

(ii) The Retirement System shall pay or otherwise provide Qualified Medical Benefits Payments only to the extent that such payment or provision is neither prohibited by, nor otherwise in violation of, law (including, without limitation, the requirements of Sections 401(a) and 401(h) of the IRC which are applicable to the Federal tax qualification of the Retirement System).

(iii) The Qualified Medical Benefits provided under the medical benefit programs are subject to reduction, increase, modification or elimination in whole or in part by amendment of such programs by any insurance company, health maintenance organization or other provider of benefits. Such Qualified Medical

Benefits and the level of Qualified Medical Benefits payments payable by the Retirement System are also subject to reduction, increase, modification or elimination by the City. In the event of elimination of all Qualified Medical Benefits, the balance credited to the Qualified Medical Benefits Account on the date thereof shall be applied, to the extent sufficient, to provide all premiums due to such date under premium payment programs and any Qualified Medical Benefits payable under direct cost programs for which Eligible Persons (and their eligible dependents) have incurred expenses prior to such date, subject nevertheless to the terms of clauses (i) and (ii) above.

(iv) An Eligible Person (and his or her eligible dependents) shall cease to have Qualified Medical Benefits and Qualified Coverage at the start of any period for which he or she fails to make the contributions required for such coverage. All required contributions are subject to increase (or reduction) at any time by action of the City.

Sec. 203-122. Establishment of 115 Trust for Funding of Healthcare Benefits.

The Board and the City shall establish a separate trust, pursuant to IRC Section 115, for the purpose of funding healthcare benefits provided under this Chapter. The Board and the City shall adopt a trust agreement establishing the applicable terms for the 115 Trust. Except as provided by the Collaborative Settlement Agreement, healthcare benefits provided by this Chapter are subject to reduction, increase, modification or elimination by the City.

(Ordained by Ord. No. 336-2016, § 2, eff. Nov. 26, 2016)

Sec. 203-123. IRC Section 415 Limitations on Benefits.

(a) Notwithstanding any other provisions of the retirement system to the contrary, the member contributions paid to and retirement benefits paid from the plan shall be limited to such extent as may be necessary to conform to the requirements of IRC Section 415 for a qualified governmental pension plan.

(b) *Participation in Other Qualified Plans: Aggregation of Limits.*

(i) The 415(b) limit with respect to any member who at any time has been a member in any other defined benefit plan as defined in IRC Section 414(j) maintained by the member's employer in this plan shall apply as if the total benefits payable under all such defined benefit plans in which the member has been a member were payable from one (1) plan.

(ii) The 415(c) limit with respect to any member who at any time has been a member in any other defined contribution plan as defined in IRC Section 414(i) maintained by the member's employer in this plan shall apply as if the total annual additions under all such defined contribution plans in which the member has been a member were payable from one (1) plan.

(c) *Basic 415(b) Limitation.*

(i) Before January 1, 1995, a member may not receive an annual benefit that exceeds the limits specified in IRC Section 415(b), subject to the applicable adjustments in that sec-

tion. On and after January 1, 1995, a member may not receive an annual benefit that exceeds the dollar amount specified in IRC Section 415(b)(1)(A), subject to the applicable adjustments in IRC Section 415(b) and subject to any additional limits that may be specified in the retirement system. In no event shall a member's benefit payable under the plan in any limitation year be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to IRC Section 415(d) and the regulations thereunder.

(ii) For purposes of IRC Section 415(b), the "annual benefit" means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) without regard to the benefit attributable to after-tax employee contributions (except pursuant to IRC Section 415(n)) and to rollover contributions (as defined in IRC Section 415(b)(2)(A)). The "benefit attributable" shall be determined in accordance with Treasury Regulations.

(d) *Adjustments to Basic 415(b) Limitation for Form of Benefit.* If the benefit under the plan is other than the form specified in subsection (c)(2), then the benefit shall be adjusted so that it is the equivalent of the annual benefit, using factors prescribed in Treasury Regulations.

(i) If the form of benefit without regard to the automatic benefit increase feature is not a straight life annuity or a qualified joint and survivor annuity, then the preceding sentence is applied by either reducing the IRC Section 415(b) limit applicable at the annuity starting date or adjusting the form of benefit to an actuarially equivalent amount [determined using the assumptions specified in Treasury Regulation section 1.415(b)-1(c)(2)(ii)] that takes into account the additional benefits under the form of benefit as follows:

(ii) For a benefit paid in a form to which IRC Section 417(e)(3) does not apply [a monthly benefit], the actuarially equivalent straight life annuity benefit that is the greater of (or the reduced Limit applicable at the annuity starting date which is the "lesser of" when adjusted in accordance with the following assumptions):

(A) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the form of benefit to the member, or

(B) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the member, computed using a 5% interest assumption (or the applicable statutory interest assumption) and (i) for years prior to January 1, 2009, the applicable mortality tables described in Treasury Regulation section 1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in IRC Section 417(e)(3)(B) (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing IRC Section 417(e)(3)(B)); or

(iii) For a benefit paid in a form to which IRC Section 417(e)(3) applies [a lump sum benefit], the actuarially equivalent straight life annuity benefit that is the greatest of (or the reduced section 415(b) of the Internal Revenue Code limit applicable at the annuity starting date which is the "least of" when adjusted in accordance with the following assumptions:

(A) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial experience;

(B) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a 5.5 percent interest assumption (or the applicable statutory interest assumption) and (i) for years prior to January 1, 2009, the applicable mortality table for the distribution under Treasury Regulation section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in IRC Section 417(e)(3)(B) (Notice 2008-85 or any subsequent IRS guidance implementing IRC Section 417(e)(3)(B)); or

(C) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable (computed using the applicable interest rate for the distribution under Treasury Regulation section 1.417(e)-1(d)(3) (the 30-year Treasury rate (prior to January 1 2007, using the rate in effect for the month prior to retirement, and on and after January 1, 2007, using the rate the in effect for the first day of the plan year with a one-year stabilization period)) and (i) for years prior to January 1, 2009, the applicable mortality rate for the distribution under Treasury Regulation section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in IRC Section 417(e)(3)(B) (Notice 2008-85 or any subsequent IRS guidance implementing IRC Section 417(e)(3)(B)), divided by 1.05.

(e) *Benefits Not Taken into Account for 415(b) Limitation.* For purposes of this section, the following benefits shall not be taken into account in applying these limits:

(i) Any ancillary benefit which is not directly related to retirement income benefits;

(ii) That portion of any joint and survivor annuity that constitutes a qualified joint and survivor annuity;

(iii) Any other benefit not required under IRC Section 415(b)(2) and Treasury Regulations thereunder to be taken into account for purposes of the limitation of IRC Section 415(b)(1).

(f) *Other Adjustments in 415(b) Limitation.*

(i) In the event the member's retirement benefits become payable before age sixty-two (62), the limit prescribed by this section shall be reduced in accordance with Treasury Regulations pursuant to the provisions of IRC Section 415(b), so that such limit (as so reduced) equals an annual straight life benefit (when such retirement income benefit begins) which is equivalent to a one hundred sixty thousand dollar ($160,000) (as adjusted) annual benefit beginning at age sixty-two (62).

(ii) The reductions provided for in (1) above shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

(g) *Less than Ten (10) Years of Service Adjustment for 415(b) Limitations.* The maximum retirement benefits payable to any member who has completed less than ten (10) years of service shall be the amount determined under subsection (c) multiplied by a fraction, the numerator of which is the number of the member's years of service and the denominator of which is ten (10). The reduction provided by this subsection cannot reduce the maximum benefit below 10%. The reduction provided for in this subsection shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

(h) *Ten Thousand Dollar ($10,000) Limit.* Notwithstanding the foregoing, the retirement benefit payable with respect to a member shall be deemed not to exceed the 415 limit if the benefits payable, with respect to such member under this plan and under all other qualified defined benefit pension plans to which the member's employer contributes, do not exceed ten thousand dollars ($10,000) for the applicable limitation year and for any prior limitation year and the employer has not any time maintained a qualified defined contribution plan in which the member participated.

(i) *Effect of COLA without a Lump Sum Component on 415(b) Testing.* Effective on and after January 1, 2009, for purposes of applying the limits under IRC Section 415(b) (the "Limit") to a member with no lump sum benefit, the following will apply:

(i) a member's applicable Limit will be applied to the member's annual benefit in the member's first limitation year without regard to any cost of living adjustments under the retirement system;

(ii) to the extent that the member's annual benefit equals or exceeds the Limit, the member will no longer be eligible for cost of living increases until such time as the benefit plus the accumulated increases are less than the Limit; and

(iii) thereafter, in any subsequent limitation year, a member's annual benefit, including any cost of living increases under the retirement system, shall be tested under the then applicable benefit Limit including any adjustment to the IRC Section 415(b)(1)(A) dollar limit under IRC Section 415(d), and the regulations thereunder.

(j) *Effect of COLA with a Lump Sum Component on 415(b) Testing.* On and after January 1, 2009, with respect to a member who receives a portion of the member's annual benefit in a lump sum, a member's applicable Limit will be applied taking into

consideration cost of living increases as required by IRC Section 415(b) and applicable Treasury Regulations.

(k) *Section 415(c) limitations on contributions and other additions.* After-tax member contributions or other annual additions with respect to a member may not exceed the lesser of $40,000 (as adjusted pursuant to IRC Section 415(d)) or 100% of the member's compensation.

(i) Annual additions are defined to mean the sum (for any year) of employer contributions to a defined contribution plan, member contributions, and forfeitures credited to a member's individual account. Member contributions are determined without regard to rollover contributions and to picked-up employee contributions that are paid to a defined benefit plan.

(ii) For purposes of applying IRC Section 415(c) and for no other purpose, the definition of compensation where applicable will be compensation actually paid or made available during a limitation year, except as noted below and as permitted by Treasury Regulation section 1.415(c)-2, or successor regulation; provided, however, that member contributions picked up under IRC Section 414(h) shall not be treated as compensation.

(iii) Compensation will be defined as wages within the meaning of IRC Section 3401(a) and all other payments of compensation to an employee by an employer for which the employer is required to furnish the employee a written statement under IRC Sections 6041(d), 6051(a)(3) and 6052 and will be determined without regard to any rules under IRC Section 3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in IRC Section 3401(a)(2)).

(A) However, for limitation years beginning after December 31, 1997, compensation will also include amounts that would otherwise be included in compensation but for an election under IRC Sections 125(a), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b). For limitation years beginning after December 31, 2000, compensation shall also include any elective amounts that are not includible in the gross income of the member by reason of IRC Section 132(f)(4).

(B) For limitation years beginning on and after January 1, 2009, compensation for the limitation year shall also include compensation paid by the later of 2½ months after a member's severance from employment or the end of the limitation year that includes the date of the member's severance from employment if:

(I) the payment is regular compensation for services during the member's regular working hours, or compensation for services outside the member's regular working hours (such as overtime or shift differential), commissions, bonuses or other similar payments, and, absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer; or

(II) the payment is for unused accrued bona fide sick, vacation or other leave that the member would have been able to use if employment had continued; or

(III) payments pursuant to a nonqualified unfunded deferred compensation plan, but only if the payments would have been paid to the member at the same time if the member had continued employment with the employer and only to the extent that the payment is includible in the member's gross income.

Any payments not described in paragraph (B) above are not considered compensation if paid after severance from employment, even if they are paid within 2½ months following severance from employment, except for payments to the individual who does not currently perform services for the employer by reason of qualified military service (within the meaning of IRC Section 414(u)(1)) to the extent these payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the employer rather than entering qualified military service.

An employee who is in qualified military service (within the meaning of IRC Section 414(u)(1)) shall be treated as receiving compensation from the employer during such period of qualified military service equal to (i) the compensation the employee would have received during such period if the employee were not in qualified military service, determined based on the rate of pay the employee would have received from the employer but for the absence during the period of qualified military service, or (ii) if the compensation the employee would have received during such period was not reasonably certain, the employee's average compensation from the employer during the twelve month period immediately preceding the qualified military service (or, if shorter, the period of employment immediately preceding the qualified military service).

(C) Back pay, within the meaning of Treasury Regulation section 1.415(c)-2(g)(8), shall be treated as compensation for the limitation year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included under this definition.

(iv) For limitation years beginning on or after January 1, 2009, a member's compensation for purposes of subsection (k) shall not exceed the annual limit under IRC Section 401(a)(17).

(l) *Service Purchases under Section 415(n).* Effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, if a member makes one or more contributions to purchase permissive service credit under the plan, then the requirements of IRC Section 415(n) will be treated as met only if:

(i) the requirements of IRC Section 415(b) are met, determined by treating the accrued benefit derived from all such

contributions as an annual benefit for purposes of IRC Section 415(b), or

(ii) the requirements of IRC Section 415(c) are met, determined by treating all such contributions as annual additions for purposes of IRC Section 415(c).

(iii) For purposes of applying this section, the system will not fail to meet the reduced limit under IRC Section 415(b)(2)(C) solely by reason of this subparagraph and will not fail to meet the percentage limitation under IRC Section 415(c)(1)(B) solely by reason of this section.

(iv) For purposes of this section the term "permissive service credit" means service credit—

(A) recognized by the system for purposes of calculating a member's benefit under the system,

(B) which such member has not received under the system, and

(C) which such member may receive only by making a voluntary additional contribution, in an amount determined under the system, which does not exceed the amount necessary to fund the benefit attributable to such service credit.

Effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, such term may include service credit for periods for which there is no performance of service, and, notwithstanding clause (B), may include service credited in order to provide an increased benefit for service credit which a member is receiving under the system.

(v) The system will fail to meet the requirements of this section if—

(A) more than five years of nonqualified service credit are taken into account for purposes of this subparagraph, or

(B) any nonqualified service credit is taken into account under this paragraph before the member has at least five years of participation under the system.

(vi) For purposes of paragraph (5), effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, the term "nonqualified service credit" means permissive service credit other than that allowed with respect to—

(A) service (including parental, medical, sabbatical, and similar leave) as an employee of the Government of the United States, any State or political subdivision thereof, or any agency or instrumentality of any of the foregoing (other than military service or service for credit which was obtained as a result of a repayment described in IRC Section 415(k)(3)),

(B) service (including parental, medical, sabbatical, and similar leave) as an employee (other than as an employee described in clause (A)) of an education organization described in IRC Section 170(b)(1)(A)(ii) which is a public, private, or sectarian school which provides elementary or secondary education (through grade 12), or a comparable level of education, as determined under the applicable law of the jurisdiction in which the service was performed,

(C) service as an employee of an association of employees who are described in clause (A), or

(D) military service (other than qualified military service under IRC Section 414(u)) recognized by the system.

In the case of service described in clause (A), (B), or (C), such service will be nonqualified service if recognition of such service would cause a member to receive a retirement benefit for the same service under more than one plan.

(vii) In the case of a trustee-to-trustee transfer after December 31, 2001, to which IRC Section 403(b)(13)(A) or IRC Section 457(e)(17)(A) applies (without regard to whether the transfer is made between plans maintained by the same employer)—

(A) the limitations of paragraph (5) will not apply in determining whether the transfer is for the purchase of permissive service credit, and

(B) the distribution rules applicable under federal law to the system will apply to such amounts and any benefits attributable to such amounts.

(viii) For an eligible member, the limitation of IRC Section 415(c)(1) shall not be applied to reduce the amount of permissive service credit which may be purchased to an amount less than the amount which was allowed to be purchased under the terms of a Plan as in effect on August 5, 1997. For purposes of this paragraph an eligible member is an individual who first became a member in the system before January 1, 1998.

(m) *Modification of Contributions for 415(c) and 415(n) Purposes.* Notwithstanding any other provision of law to the contrary, the system may modify a request by a member to make a contribution to the system if the amount of the contribution would exceed the limits provided in IRC Section 415 by using the following methods:

(i) If the law requires a lump sum payment for the purchase of service credit, the system may establish a periodic payment plan for the member to avoid a contribution in excess of the limits under IRC Section 415(c) or 415(n).

(ii) If payment pursuant to subparagraph (1) will not avoid a contribution in excess of the limits imposed by IRC Section 415(c) or 415(n), the system may either reduce the member's contribution to an amount within the limits of those sections or refuse the member's contribution.

(n) *Repayments of Cashouts.* Any repayment of contributions (including interest thereon) to the plan with respect to an amount previously refunded upon a forfeiture of service credit under the plan or another governmental plan maintained by the retirement system shall not be taken into account for purposes of IRC Section 415, in accordance with applicable Treasury Regulations.

(o) *Reduction of Benefits Priority.* Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the member's benefit under any defined benefit plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be determined by the plan and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures for defined contribution plans in which the

member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be established by the plan and the plan administrator for such other plans provided, however, that necessary reductions may be made in a different manner and priority pursuant to the agreement of the plan and the plan administrator of all other plans covering such member.

Sec. 203-125. Total Retirement Benefits Arrangement.

(a) As used in this section:

(i) "Total benefits" shall mean the total Service Retirement Allowance or disability retirement allowance benefit that is payable to a Restricted Retired Member in accordance with the provisions of this section.

(ii) "Restricted Retired Member" shall mean a retired Member whose Service Retirement Allowance or disability retirement allowance must be limited to comply with the requirements of IRC Section 415, as provided in Section 203-123.

(b) This section establishes the City of Cincinnati Total Retirement Benefits Arrangement (referred to herein as the "Arrangement"). The Arrangement is intended to be an arrangement described in IRC Section 415(m)(3). The sole purpose of the Arrangement is to provide total benefits to Restricted Retired Members under an arrangement that meets the requirements of IRC Section 415(m)(3).

(c) The Board shall administer the Arrangement. The Board may utilize its employees and property and the employees of and property of the City in the administration of the Arrangement, without charge to the funds of the Arrangement. The Board shall have all of the powers that are granted to the Board under Chapter 203 and other pertinent provisions of the Cincinnati Municipal Code.

(d) Total benefits shall be payable to a Restricted Retired Member for the calendar year in which this Arrangement is adopted and for each subsequent calendar year. Payments of total benefits shall be made at times determined by the Board; provided, however, that all total benefit payments attributable to any calendar year shall be paid by not later than the end of the such calendar year.

The amount of a Restricted Retired Member's total benefits that are payable for a calendar year shall be equal to the difference between (i) the Service Retirement Allowance or disability retirement allowance of the Restricted Retired Member that would be payable under the Retirement System during such calendar year, without considering the application of IRC Section 415, as provided in Section 203-123, and (ii) the Service Retirement Allowance or disability retirement allowance of the Restricted Retired Member that is actually payable to the Restricted Retired Member during such calendar year after it has been reduced to comply with the requirements of IRC Section 415, as provided in Section 203-123.

(e) The City shall provide funds to the Board to the extent required to provide for the payment of the total benefits under the Arrangement. The Board shall hold all such contributions from the City in a trust known as the total benefits arrangement trust fund. The total benefit arrangement trust fund is separate from the trust fund otherwise maintained by the Board for the Retirement System. The total benefits arrangement trust fund shall be a grantor trust of which the

City is grantor. The sole source of funding for payments of total benefits shall be the assets of the total benefits arrangement trust fund. No other funds held by the Board shall be used for such purposes. Funds held in total benefits arrangement trust fund must be used solely for purposes of paying total benefits under the Arrangement; provided, however, that any such funds held in such trust shall continue to be subject to the claims of the general creditors of the City.

Assets held in the total benefits arrangement trust fund shall be held, managed, and invested by the Board in accordance with the provisions of Sections 203-65 and 203-66.

The City shall provide funds to the Board for the purpose of funding the Arrangement in such amounts as the City shall, in its sole discretion, from time to time deem appropriate; provided, however, that at the beginning of each calendar year, the Board shall estimate the total amount of total benefits to be paid during the calendar year, the amount of funds held in the total benefits arrangement trust fund that can be used for purposes of paying total benefits, and advise the City of its estimate of any additional City contributions which will be required to provide for the payment of total benefits during such calendar year. From time to time during each calendar year, the Board may revise its estimate and notify the City of its revisions thereto.

Sec. 203-127. Actuarial Assumptions.

Except as otherwise provided under the terms of this Section or the terms of the Retirement System, for purposes of making a determination of actuarial equivalence during a particular calendar year, such determination shall be made using the applicable interest rate and mortality table specified in Section 417(e)(3)(A) of the Code for the month of October preceding such calendar year. For purposes of determining amounts payable under optional forms of payment described in Section 203-63, the amounts payable to the retired Member and Optionee or Pensioner shall be determined in accordance with actuarial tables selected by the Board; provided, however, that the amounts payable to an Optionee, Pensioner or Beneficiary shall nevertheless be subject to restriction, as the Board deems necessary to comply with the requirements of IRC Section 401(a)(9). The foregoing provisions shall not apply for purposes of determining funding requirements of the Retirement System and related employer contribution requirements.

Sec. 203-129. IRC Termination Requirements.

A member will be fully vested in a retirement benefit upon attainment of the retirement system's age and service requirements for a normal retirement benefit. In the event of a termination of the retirement system or the complete discontinuance of contributions to the retirement system, each member shall have a vested right to a service retirement allowance, to the extent that the funds of the retirement system are available to provide for such service retirement allowances. The foregoing provisions of this section are intended to comply with the requirements of Section 401(a)(7) of the IRC, as in effect on September 1, 1974, and shall be construed and administered accordingly. In addition, the foregoing provisions of this section are intended to supplement any right to benefits that a member otherwise

may have under applicable law. Accordingly, no member shall have a vested or otherwise nonforfeitable right to a service retirement allowance that is less than the member otherwise is entitled to under applicable law.

Sec. 203-131. IRC Tax-Qualification.

The retirement system (other than the provisions of Section 203-125) is intended to constitute a qualified defined benefit plan under Sections 401(a) and 414(d) of the IRC or such other provision of the IRC as applicable and applicable Treasury regulations and other guidance. The board shall administer and construe the terms of the retirement system accordingly.
(Ordained by Ord. No. 264-2000, eff. June 28, 2000; Emer. Ord. No. 291-2009, § 10, eff. Oct. 28, 2009)

Sec. 203-133. Retirement System Administration.

The board shall exercise all authority for the administration and operation of the retirement system except to the extent any such authority is delegated to others as provided herein. Specifically, but without limiting the general scope of its authority, the board may establish rules and procedures for the administration of the retirement system (including, without limitation, forms and procedures for applying for benefits and electing forms of payment). The board shall have the right to construe and interpret the terms of the retirement system (including any such terms as are unclear or ambiguous), and to resolve any questions or disputes arising in the administration and operation of the retirement system. The board shall exercise its authority to construe and interpret the terms of the retirement system, and to resolve questions and disputes, so as to preserve the status of the retirement system as a qualified plan under Section 401(a) of the IRC. The board is empowered to direct the payment of the expenses of administering the retirement system from the assets of the trust fund, subject to the provisions of Sections 203-65 and 203-66, and other applicable law.
(Ordained by Ord. No. 264-2000, eff. June 28, 2000)

Sec. 203-135. Effect of Forfeiture of Benefits.

In conformity with Section 401(a)(8) of the Internal Revenue Code, any forfeitures of benefits by members or former members of the retirement system will not be used to increase the benefits of any member. However, such forfeitures may be used to reduce employer contributions.

Sec. 203-137. Employment of Retirant.

(a) For the purposes of this Section, the words and phrases defined in the subsections below shall have the meanings therein respectively ascribed to them, without limiting the generalities of the words, unless a different meaning is clearly indicated by the context.

i. "Re-employment Qualification Period" shall mean a period of three hundred sixty-five (365) consecutive days during which a person who was formerly employed by the City of Cincinnati has received a Service Retirement Allowance under this Chapter. The following shall be excluded from the calculation of the Re-employment Qualification Period:

A. Time during which a person performs services under the direc-

tion of any agent or Employee of the City of Cincinnati or any of its independent boards, commissions or any other employing agency that participates in the Retirement System through a temporary help service or another independent contractor;

B. Time during which a person performs services on a contractual basis for the City of Cincinnati or any of its independent boards, commissions or any other employing agency that participates in the Retirement System; and

C. Time during which a person performs services pursuant to a personal service contract with the City of Cincinnati or any of its independent boards, commissions or any other employing agencies that participate in the Retirement System.

ii. "Re-employment" or "re-employed" shall mean a Retirant's position as a City Employee which occurs while the Retirant continues to receive a Service Retirement Allowance under this Chapter.

(b) A Retirant is eligible for re-employment by the City of Cincinnati as a public Employee and to become an Active Member of the Retirement System.

(c) During re-employment, the City of Cincinnati shall make payroll deductions toward a Retirant's pension contribution in accordance with Section 203-73. In addition, the City of Cincinnati shall provide an Employer contribution to the Retirement System in accordance with Section 203-83 for each Retirant.

(d) A Retirant who is re-employed by the City is a Member of the Retirement System with all the rights, privileges, and obligations of Membership except as provided in this section. A Retirant may, if eligible, receive healthcare benefits provided by the City of Cincinnati to Employees during any period of re-employment. A Retirant who is re-employed is not entitled to the following benefits:

i. Survivor benefits provided pursuant to Section 203-49;

ii. Disability benefits provided pursuant to Section 203-41 or Section 203-55; or

iii. Any healthcare benefits provided under Sections 203-42, 203-43 or 203-44 during any period of re-employment.

(e) Any period of re-employment shall not constitute Creditable Service pursuant to Sections 203-42 or 203-43. A re-employed Retirant who is subject to Section 203-44 may not combine any Creditable Service earned prior to the Retirant's re-employment with any period of re-employment to qualify for or to calculate benefits under Section 203-44.

(f) A Retirant who is re-employed by the City of Cincinnati may become eligible, in accordance with Section 203-33(a)(v), to receive an additional Service Retirement Allowance. Any additional Service Retirement Allowance is a retirement allowance separate from and in addition to the Service Retirement Allowance a Retirant is currently receiving during any period of re-employment. A Retirant's prior employment shall not be included in the calculation of the Retirant's additional Service Retirement Allowance. Re-employment shall not alter the calculation of the Service Retirement Allowance a Retirant is currently receiving.

The committee shall submit a report annually to council detailing the information submitted by each lender and recommending to council those institutions whose performance best reflects the city's goals of encouraging lending within the community.

To the extent allowed by federal and state law, any lender desiring to become or to remain a municipal depository or to receive an award or enter into an agreement pursuant to Section 301-11, paragraph (f), (g) or (h), must submit to the committee on reinvestment, on a form prescribed by it, the following information, including data on the race, sex, and statistical neighborhood area of all applicants:

loans formally submitted and considered, and the total number and dollar amount of loans made during the preceding year within Hamilton County.

(3) A statement by an authorized officer of the lender documenting new initiatives and investments in commercial and housing development by the lender during the preceding year.

In evaluating each lender's performance, the committee shall also consider the following criteria:

(2) New initiatives undertaken by the lender during the preceding year in areas such as commercial lending and low-income housing.

(3) The lender's compliance with the requirements of the Community Reinvestment Act, including its duty to educate the public regarding the CRA requirements.

Sec. 302-5. Apportionment of Assessment.

Whenever a portion or portions of a tract or parcel of real estate is conveyed to another owner or other owners, or all or part of such tract or parcel is subdivided into lots and said tract or parcel bears unpaid special assessments, such assessments may be apportioned over such newly created parcels or lots and the residue, if any, of such tracts or parcels, in the following manner:

(a) The auditor of Hamilton county is authorized, after certification to the auditor for collection of special assessments levied by the foot front method, to apportion such assessments by the same method.

(5) A proposed apportionment of the assessment which will be acceptable to the applicant or applicants and which shall be reasonable in its relation to the value or use of the parcels involved.

(6) An agreement binding the applicant or applicants not to contest the proposed apportionment should it be approved by the clerk.

If the request for apportionment is made by the auditor of Hamilton county, the clerk shall cause an apportionment to be made and shall certify copies of it to the city treasurer and to

the auditor, who are thereupon authorized to amend their records accordingly.

If the request for apportionment is made by the filing of an application as above provided, the clerk shall cause the application to be examined as to its form and as to the reasonableness of the proposed apportionment in its relation to the value and use of the parcels involved.

Should the examination disclose that the application is proper in form and that the proposed apportionment is reasonable, the clerk shall approve it and shall certify copies thereof to the city treasurer and to the auditor of Hamilton county, who are thereupon authorized to amend their records accordingly.

Should the examination disclose that the application is improper in form, the clerk shall so inform the applicant or applicants, who may amend it or file a new application.

Should the examination disclose that the proposed apportionment is unreasonable in its relation to the value and use of the parcels involved, the clerk shall cause a suggested reasonable apportionment to be prepared which shall be transmitted by the clerk, with the rejected application, to the applicant or applicants, who may thereupon file a new application.

(c) Upon the filing of an application during the period provided for the payment of an assessment in cash and before its certification to the auditor of Hamilton county for collection in installments, the clerk of council shall proceed as above provided in the case of an application filed after such certification, except that the auditor need not be provided with a copy of the approved application.

(d) No apportionment shall be made of any assessment the collection of which has been deferred until application is made to use the improvement for which the assessment was levied, except under the following conditions. Should apportionment of such an assessment be desired at the time application is made to use the improvement, the clerk of council is authorized, provided the owner or owners of the property involved request the clerk to so proceed and consent thereto in writing, to cause the assessment on the entire tract, including interest at the same rate and for the same period provided for assessments not so deferred in the ordinance levying such deferred assessment, to be certified to the auditor of Hamilton county for collection in the same number of successive annual installments as provided for in the ordinance. The first of the installments shall be payable, if possible, with the collection of the general taxes due in December of the year in which the certification is made, otherwise of the next succeeding year. Upon the filing with the clerk of such written request and consent, executed copies of which shall be certified to the city treasurer and to the auditor of Hamilton county, the assessment may be apportioned in the manner hereinabove provided.

Unless waived therein, such written request and consent shall provide that certification of the assessment to the auditor of Hamilton county for collection shall be made upon the expiration of 30 days from the date of filing, during which time the apportionment

may be made and the entire portion of the assessment allocated to any of the newly created parcels, or to the residue of the tract, may be paid to the city treasurer in cash and without the addition of interest as above provided for payment in installments.

All offices and positions in the city service the salaries of which are subject to be fixed by council shall be designated and compensated in accordance with the schedules set forth in Chapter 307, Classified Compensation Schedules, which shall comprise the compensation plan for the city service.

The amounts set opposite the title of each class of employment shall indicate the scale of pay for the particular employment in question, figured on a full time basis unless otherwise specified. Where a classification is designated "part time," the salary shall be understood to represent the total compensation for the performance of the duties of the position in question, and no regulation relating to the usual working hours in the city service shall apply to any such case. In classifications for which full time salaries are prescribed, the appointing authority may, with the approval of the civil service commission, appoint persons for less than full time work, in which case the compensation shall be proportioned to the working time.

Where a part of the salary of an officer or employee is paid by any other taxing body, the amount so paid shall be deducted from the amount prescribed in the schedule, or moneys paid by other such authorities may be deposited in the general fund, in which case the city shall pay the full amount prescribed in the schedule.

All increases shall be made upon recommendation of the appointing authority, but such recommendations shall be made in accordance with policies or rules prepared by the personnel officer and approved by the city manager setting forth criteria to be met in order to qualify for an advancement to a higher rate of pay in the compensation schedule.

The employee's compensation in the new classification shall be fixed at the same rate as in the employee's former classification if the new classification contains such a rate. If the new classification does not contain such a rate, the employee's compensation shall be fixed at the rate in the new classification next higher than the previous compensation received by the employee.

(b) Demotion. When an employee is placed into a classification with a lower salary schedule due to voluntary or involuntary demotion, the employee's compensation will be set at the next-lower step or rate of compensation in the new classification.

If the civil service commission rules do not specify whether a particular change in class is a reclassification, demotion, promotion, or transfer, the civil service commission shall make that determination.

Sec. 306-50. Charitable Solicitation Campaigns.

(a) *Legislative Findings—Government Interests.* This legislation is enacted to authorize the creation of an employee charitable solicitations program that is reasonably related to the following governmental interests:

(1) To accommodate and assist city employees' preference for and tradition of funding charitable service providers through a payroll deduction process;

(2) To promote the provision of basic health and human welfare services to those most in need by funding methods that are a legitimate alternative to the use of government funds;

(3) To minimize workplace disruption and distractions associated with charitable solicitations of city employees;

(4) To promote the accountability of organizations eligible to participate in the program for the legitimate, effective, and efficient provision of charitable services and to facilitate the ability of the city to monitor and manage the program efficiently;

(5) To concentrate the limited funds generated by the program on those charitable organizations that directly serve basic human needs to maximize the effective use and impact of such funding;

(6) To concentrate the expenditure of such funding by eligible charitable organizations in the Cincinnati area to retain the maximum impact derived from such expenditures and to ensure that such expenditures are made in the general area where city employees live and work; and

(7) To provide specific, fair, non-discriminatory eligibility guidelines for charities seeking to solicit city employees and to provide clear administrative guidelines for the effective and efficient management of the program.

(b) *Legislative Findings—General.* It is hereby found and determined that city employees desire an opportunity to contribute, by payroll deduction, to human health and welfare service organizations that primarily serve Cincinnati and Hamilton County to provide direct benefits to human beings that the city may not otherwise be able to provide and that the Supreme Court of the United States, in the case Cornelius v. NAACP (1985), determined that a governmental employer wishing to permit solicitation of its employees for charitable causes must provide reasonable eligibility guidelines for charitable organizations seeking contributions from its employees.

It is further found that the city administration has developed guidelines for the charitable solicitation of city employees that permit employee solicitation by charitable organizations in a fair and non-discriminatory manner which minimize distractions and interruptions to the workplace and promote the manageability of the program by measures that include a requirement of a minimum level of employee giving for those organizations that seek to participate and require accountability for fund raising and expenditures by the charitable organizations that participate in the city's program.

It is further found that it is in the city's interest to permit charitable giving from city employees to those organizations that provide substantial health and human welfare services primarily within the city of Cincinnati and Hamilton County which will reduce the cost to taxpayers for the provision of such services and will permit employees to see their donations going to charities they care about and see the results of their giving, concentrate limited financial resources to promote more effective charitable services, enhance the city's ability to monitor such services, and to maximize the local economic impact of expenditures associated with such services.

It is further found that it is reasonable to exempt those charitable organizations that have previously participated in the payroll deduction plan because of their reasonable expectation of continued participation and those charitable organizations that exist to assist or promote city or joint city/county government departments or agencies because of the direct benefit to the citizens of Cincinnati and Hamilton County.

It is further found and determined that adoption of a policy and procedure for the management of charitable solicitation of city employees constitutes a public purpose.

(c) *Legislative Finding—Health and Human Welfare Services.* It is further found that the limitation of eligibility to those charities that provide health and human welfare services is reasonably related to the government interests identified in this legislation.

(d) *Definition—Health and Human Welfare Services Organization.* As used herein and in the administrative policies and procedures authorized hereby, a health and human welfare service organization is defined as a charitable organization that provides:

(1) services that directly benefit human beings in need; and

(2) services that consist of care, research or education to meet human health, social adjustment, or rehabilitation needs; relief for victims of natural disasters and other catastrophes; assistance, including personal legal advocacy, to those who are impoverished and in need of food, shelter, clothing and other basic human welfare services; safety, foster and protective services for children and adults; assistance for home management and maintenance; transportation, referral and counseling, and adoption services; and assistance for the elderly.

(e) *Charitable Campaigns.* The city manager is authorized to implement and operate charitable solicitations campaigns for city employees in accord with the terms of this section. The city manager shall promulgate policies and procedures for the effective and efficient operation of the program and such modifications as may be required, consistent with and reasonably related to the governmental interests identified herein.

The director of finance shall deduct from the salary or wages of any city employee such amounts as may be authorized and agreed to by such employee as contributions to eligible participants in charitable solicitations campaigns, as chosen or designated by the charitable solicitations steering committee in accordance with the policies and procedures for charitable solicitation campaigns of employees, a copy of which is on file in the office of the director of finance.

The form of authorization and consent for charitable deductions from salaries or wages of city employees who desire to contribute to eligible participants in the charitable solicitations campaigns shall be subject to the approval of the director of finance.

The director of finance shall draw a warrant on the city treasurer in favor of eligible participants in charitable solicitations campaigns in amounts equal to the total deductions from the salaries or wages of city employees made in accordance with the provisions of this section.

(a) When, in the opinion of the appointing authority, the funds appropriated

for the particular department, division or bureau are insufficient for its work; or

(b) When the work of the particular department, division or bureau is insufficient to justify the continuance of the employment of the persons at that time engaged in any activity or function connected therewith.

The appointing authority shall be the sole judge of the insufficiency of work or funds.

Sec. 308-13. Rules and Regulations, Leaves of Absence, Sick Leave, Grievances, Temporary Transfers, and Other Matters Related to Employment.

The personnel officer shall, subject to the approval of the city manager, prepare rules and regulations relating to attendance control, hours of work, lunch hours, sick leave with pay, accumulated sick leave terminal pay, pay while on jury duty, call back pay, leave of absence, vacation allowance, overtime work, grievance procedures, temporary transfers and other matters having to do with attendance of employees, including those employed on an hourly or daily wage base. Further, the personnel officer shall, subject to the approval of the city manager, prepare rules and regulations relating to the use of accumulated sick leave credit for vacation time and shall, as conditions require, recommend to city council the amending or supplementing of the ordinances applicable thereto.

Sec. 308-15. Leaves of Absence; Military Service.

All city employees who are members of the Ohio National Guard, the Ohio State Guard, the Ohio State Naval Militia, or members of other reserve components of the armed forces of the United States, shall be entitled to leave of absence from their respective duties for such time as they are in the military service on field training or active duty as follows: a city employee whose standard work week consists of 40 hours shall receive up to 240 hours of military leave during any one calendar year; a city employee whose standard work week consists of 48 hours shall receive up to 288 hours of military leave per any one calendar year. For employees who work some combination of 40- and 48- hour standard work weeks during one calendar year, the amount of military leave shall be prorated for the duration of each type of standard work week actually worked by the employee during that year. The additional hours provided to 48-hour employees is based on their longer standard work weeks which tend to exhaust their military leave benefit more rapidly than employees with standard 40-hour work weeks.

Under special circumstances, an employee may request an increase in the number of hours provided under this section per calendar year, which shall be submitted by the employee at least ten business days prior to the need for additional paid military leave. Such an increase may be granted at the discretion of the city manager upon proof of special need generated by the employee's military service obligations during the relevant calendar year. Any request for an increase in paid military leave shall be made in writing by the employee to the city manager and the employee's department head, using the appropriate form supplied by the department of human resources plus

documentation from the employee's military commander establishing the special need for additional paid military leave during the relevant calendar year. The decision by the city manager shall be made within ten business days of receipt of the appropriate form and documentation. If the decision is not made within ten business days, the employee shall receive additional paid military leave as needed until such decision is made, up to an additional 80 hours. Supplemental information may be requested of the employee if needed to ascertain the extent of the employee's military service obligations.

If a city employee's military pay during such a period of leave of absence is less than city pay would have been for such a period, the employee shall be paid by the city the difference between the city pay and military pay for such period. In determining an employee's military pay for the purpose of this section, allowances for travel, food or housing shall not be considered, but any other pay or allowances of whatever nature, including longevity pay, shall be considered. (C.O. 308-18; renumbered to C.M.C. 308-15, eff. Jan. 1, 1972; a. Ord. No. 328-2002, eff. Nov. 8, 2002)

Members of the fire force on platoon duty serving a 48-hour work week shall be entitled to two and four-tenths hours of sick leave credit for each week of service.

An employee transferring directly from another Ohio public agency to the city service may be credited with whatever unused sick leave earned in said public agency.

Sick leave may be used, upon approval of the responsible administrative officer, for absence caused by personal illness or injury, exposure to contagious disease which results in quarantine by the board of health, or illness or death in the employee's immediate family.

The personnel officer, with the approval of the city manager, is hereby authorized to make and promulgate rules regulating the crediting and use of sick leave.

(a) After completion of 8 years of continuous service, the sum of $275.00 per year.

(b) After completion of 14 years of continuous service, the sum of $325.00 per year.

(c) After completion of 20 years of continuous service, the sum of $375.00 per year.

Said compensation for length of service shall be included in salary and shall be paid on or about the first day of December of each year beginning on or before December 31 a term of service set forth in items (a), (b) and (c) above.

In case of an employee's death, retirement or resignation with proper notice prior to

the final day of December in a particular year, the employee shall be paid longevity pay for such year on a prorated basis for the number of months on the payroll during such year.

award which, in the opinion of the city manager, will be made by the industrial commission of Ohio on account of the injury which is the basis for the advance. Such advance shall be made only if the injury is one compensable under the workmen's compensation law, and only after the employee has made an assignment to the city of Cincinnati in the amount of the advance to be made by the city of any award payable by the industrial commission of Ohio to such employee on account of such injury.

Said advances shall be repaid not later than two years from the date made.

The period may be extended for not to exceed one additional year by the city manager if the employee is a bed patient in a hospital. Except in the case of continuous hospitalization, no payments shall be made for disability arising after 18 months from the date of injury. Sec. 308-43. Damage to Police Officers', Firefighters' and Park Police Officers' Equipment; Reimbursement Under Certain Circumstances.

Whenever the uniform, including civilian clothing when the assigned duties require the wearing thereof, or other official equipment of a police officer, including personal equipment which is authorized to be used in the performance of his duties, is damaged as a result of the activity of such officer in the pursuit or capture of a person suspected of crime, while actually engaged in the protection of any person from imminent personal injury or death, or while actually engaged in the protection of property from damage; or whenever like equipment of a firefighter is damaged while on duty at a fire or going to or returning from the scene of a fire, the city manager, or person designated by the city manager, shall be authorized to reimburse such police officer or firefighter to the extent of the loss suffered in any sum not in excess of $150.

Whenever the uniform, including civilian clothing when the assigned duties require the wearing thereof, or other official equipment of a park police officer, including personal equipment which is authorized to be used in the performance of his duties, is damaged as a result of the activity of such officer in the pursuit or capture of a person suspected of a crime, while actually engaged in the protection of any person from imminent personal injury or death, or while actually engaged in the protection of property from damage, the director of parks shall be authorized to reimburse such park police officer to the extent of the loss suffered in any sum not in excess of $150.

Sec. 308-45. Uniform Allowances for Members of the Police and Fire.

Uniformed members of the fire force shall be entitled to compensation for normal maintenance and replacement of uniforms as provided in the labor-management agreement by and between the City of Cincinnati and the Cincinnati Fire Fighters Union Local 48. This allowance shall be in addition to any compensation paid for initial uniforms or as reimbursement for uniforms damaged in line of duty. The allowance will be construed as including full reimbursement for the cost of laundering firehouse linens borne by fire force members stationed at firehouses.

The allowance shall be paid in semiannual installments for six-month periods ending March 31 and September 30 of each year. No allowance shall accrue for the first one year of service.

The full amount will be paid to any member or security officer who is required to be in full uniform at all times while on duty and during the entire six-month period for which the allowance is paid. The division head

concerned is hereby authorized and directed to approve an appropriate pro rata amount of the full allowance in the case of any member or security officer who does not meet the above conditions for such reasons as having been assigned temporarily out of uniform, being in a non-pay status part of the period, serving only part of the period since completing the first full year of service, or for any other situation which, in the judgment of the division head, would tend to reduce the rate of depreciation and maintenance below normal.

Any member or security officer who has not been required to be in full uniform for a period of one year or longer and is returned to duty requiring a full uniform, will be entitled to reimbursement for the cost of providing additional uniforms specified by the division head or authorized inspector up to an amount of not more than $150. If the period is two years or longer, the maximum reimbursement will be $300.

Uniformed members of the police division of the department of safety, and the park police shall be provided initial uniforms and replacements of items thereto from time to time as determined by rules and regulations formulated by the director of safety and approved by the city manager; provided, however, the annual expenditures for such initial uniforms and replacements of items, thereto, shall not exceed the amount appropriated by council for that purpose.

The City of Cincinnati shall pay to city employees who are called to active duty in the military service of the United States pursuant to the activation of their military reserve units or selected members thereof by presidential or congressional order, the benefits and net pay they would have received had the employees not been activated for service.

An employee shall be required to provide the city with documentation establishing his or her rate of military pay in order to receive such compensation. The proper officers are further authorized to pay said employees any other benefit, including but not limited to retirement, sick and vacation benefits the employees would have been entitled to had they not been activated. The proper officers are further authorized to implement procedures to establish an employee's right to receive such extended military leave benefits.

"Vendor" means a person receiving, facilitating, or transmitting payment for admission taxable under this chapter who, as trustee for the city of Cincinnati, returns and pays to the treasurer, on behalf of the purchaser or payor, the tax on admission imposed by this chapter. Vendors include but are not limited to sellers, resellers, distributors, promoters, or other persons who sell or resell admission to a purchaser or payor, and marketplace facilitators, brokers, or other persons who facilitate transactions between sellers or resellers of admission and purchasers or payors, whether in person, telephonically, or through electronic means. (a) To provide funds for the purposes of general municipal operations, maintenance, new equipment, extension and enlargement of municipal services and facilities and capital improvements of the City of Cincinnati, including the pledging and payment of tax revenues for the principal and interest on bonds and notes issued to finance permanent improvements, and to provide public transit purposes generally and without limitation and including both capital and current operating expenses, there shall be, and is hereby, levied an annual tax, at the rate of 1.7 percent (1.7%) per annum upon municipal taxable income as defined in Section 311-9-M2 of this chapter, subject to the provisions of Section 311-107 of this chapter. (Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 0008-2023, §§ 1, 2, eff. January 11, 2023)

Sec. 311-5. Effective Period of Infrastructure Levy.

(a) The tax imposed by Section 311-3(b) of this chapter shall terminate and shall not be levied on or after July 1 of any year subsequent to 1992 in which the Municipality's Annual Financial Reports show that:

(i) For any calendar year subsequent to 1989 less than ninety percent (90%) of the lesser of:

(1) The base amount for such year; or

(2) The amount appropriated in such year for infrastructure purposes specified in Section 311-3(b) from all city funds except Metropolitan Sewer District Fund No. 701, Water Works Fund No. 101, Parking Systems Facilities Fund No. 102, Riverfront Stadium Fund No. 106, Stormwater Management Fund No. 107, Convention-Exposition Center Fund No. 103, and Lunken Airport Fund No. 104 (which seven (7) funds may be jointly referred to herein as the "Enumerated Funds") was expended for such infrastructure purposes by the end of the second (2^{nd}) calendar year following the subject calendar year;

(ii) In 1990, 1991, 1992, 1993 and 1994 the amount appropriated in any calendar year for infrastructure purposes in Section 311-3(b) from all city funds except the Enumerated Funds was less than the base amount for such calendar year; or

(iii) In any calendar year subsequent to 1994 both of the following conditions occur:

(1) In such calendar year the total amount appropriated for infrastructure purposes specified in Section 311-3(b) from all Municipal funds except the Enumerated Funds was less than the base amount for such calendar year; and

(2) In such year and the two (2) preceding calendar years the total amount appropriated for infrastructure purposes specified in Section 311-3(b) from all Municipal funds except the Enumerated Funds was less than an amount which is the result of multiplying the total amount of all appropriations in such three-year period for any purposes from all city funds except the Enumerated Funds times the 1994 Ratio. The "1994 Ratio" as used herein means the ratio of the base amount for 1994 to the amount of all appropriations in 1994 for any purposes from all Municipal funds except the Enumerated Funds.

(b) As used in this section, the "base amount" shall be determined by application of the Annual Calculation set forth in Section 311-5(b)(i) or as otherwise specifically stated below:

(i) Annual Calculation: The base amount for each year shall be the lesser of the following two calculated amounts:

(1) The base amount for the previous year adjusted upward or downward by an amount obtained by multiplying such previous year's base amount by the percentage change in the Implicit Price Deflator for Gross Domestic Product in the second (2^{nd}) calendar year preceding the calendar year for which the base amount is being calculated, as

compared with the third (3rd) calendar year preceding such year (for example, in calculating the base amount for 1991, the multiplier shall be the percentage change from 1988 to 1989); or

(2) The base amount for the previous year adjusted upward or downward by an amount obtained by multiplying such previous year's base amount by the preceding change in the General Fund revenues of the Municipality in the second (2nd) calendar year preceding the year for which the base amount is being calculated, as compared with the third (3rd) calendar year preceding such year.

The Implicit Price Deflator for Gross Domestic Product is determined by the U.S. Department of Commerce, Bureau of Economic Analysis and is reported in the publication ECONOMIC INDICATORS prepared for the Joint Economic Committee by the Council of Economic Advisors.

(ii) For the year 1990, the base amount shall be $42 million.

(iii) For the years 1991, 1992 and 1993 the base amount shall be calculated as set forth in the Annual Calculation specified in Section 311-5(b)(i).

(iv) For the year 1994, the base amount shall be calculated as follows: The base amount for 1987 shall be $42 million. Solely for the purposes of determining the base amount for 1994, a recalculated base amount shall be calculated for 1988, 1989, 1990, 1991, 1992, and 1993 by applying the Annual Calculation specified in Section 311-5(b)(i) above to the recalculated base amounts commencing with the 1987 base amount. For the year 1994 the base amount shall be determined by applying the Annual Calculation specified in Section 311-5(b)(i) above to the base amount for the previous year.

(v) For the year 1995 and thereafter, the base amount for each year shall be determined by applying the Annual Calculation specified in Section 311-5(b)(i) above to the base amount for the previous year.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Each year council shall appropriate from the Undistributed Income Tax Fund the amount of money it determines necessary for current operating expenses and permanent improvements allocable to said fund; except that not less than 0.15 percent (0.15%) shall be used as required by the charter for the financing of permanent improvements, including the pledging of such tax revenue for payment of principal and interest on bonds and notes issued by the Municipality to finance permanent improvements.

(b) The revenues collected pursuant to the imposition of tax in Section 311-3(b) shall be deposited into the "Undistributed Income Tax Fund" and shall thereafter be allocated to the "Income Tax—Infrastructure Fund." Each year, council shall appropriate from said funds the amount of money it determines necessary for current operating expenses and permanent improvements allocable to said fund in accordance with the purposes set forth in Section 311-3(b).

As used in the preceding paragraph, real property or tangible personal property shall include property rented or leased by the taxpayer and the value of such property shall be determined by multiplying the annual rental thereon by eight (8);

(ii) Wages, salaries, and other compensation paid during the taxable period to individuals employed in the business or profession for services performed in the Municipality to wages, salaries, and other compensation paid during the same period to individuals employed in the business or profession, wherever the individual's services are performed, excluding compensation from which taxes are not required to be withheld under Section 311-27 of this chapter.

As used in the preceding paragraph, persons employed shall not be construed to mean any subcontractor or independent contractor;

(2) For tax years beginning on or after January 1, 2016, the request shall accompany a tax return, timely filed appeal of an assessment, or timely filed amended tax return. (iii) For tax years beginning on or after January 1, 2016, the tax commissioner may require a taxpayer to use an alternative apportionment method as described in subsection (b)(i) of this section only by issuing an assessment to the taxpayer within the period prescribed by subsection (a) of Section 311.99 of this Chapter.

(iv) Nothing in subsection (b) of this section nullifies or otherwise affects any alternative apportionment arrangement approved by the tax commissioner or otherwise agreed upon by both the tax commissioner and taxpayer before January 1, 2016.

(c) For tax years beginning on or after January 1, 2016 and as used in subsection (a)(ii) of this section, "wages, salaries, and other compensation"

includes only wages, salaries, or other compensation paid to an employee for services performed at any of the locations set forth in Ohio Revised Code section 718.02(C).

(d) For the purposes of subsection (a)(iii) of this section, and except as provided in subsection (h) of this section, receipts from sales and rentals made and services performed shall be sitused to a municipal corporation as follows:

(i) Gross receipts from the sale of tangible personal property shall be sitused to the municipal corporation only if, regardless of where title passes, the property meets either of the following criteria:

(1) The property is shipped to or delivered within the Municipality from a stock of goods located within the Municipality; or

(2) The property is delivered within the Municipality from a location outside the Municipality, provided the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within the Municipality and the sales result from such solicitation or promotion.

(ii) Gross receipts from the sale of services shall be sitused to the Municipality to the extent that such services are performed in the Municipality.

(iii) To the extent included in income, gross receipts from the sale of real property located in the Municipality shall be sitused to the Municipality.

(iv) To the extent included in income, gross receipts from rents and royalties from real property located in the Municipality shall be sitused to the Municipality.

(v) Gross receipts from rents and royalties from tangible personal property shall be sitused to the municipal corporation based upon the extent to which the tangible personal property is used in the municipal corporation.

(e) The net profit received by an individual taxpayer from the rental of real estate owned directly by the individual or by a disregarded entity owned by the individual shall be subject to tax only by the municipal corporation in which the property generating the net profit is located and the municipal corporation in which the individual taxpayer that receives the net profit resides. Taxpayers shall use separate accounting for the purpose of calculating net profit sitused under this subsection to the Municipality for property located within the Municipality.

(f) (i) Except as provided in subsection (f)(ii) of this section, commissions received by a real estate agent or broker relating to the sale, purchase, or lease of real estate shall be sitused to the municipal corporation in which the real estate is located. Net profit reported by the real estate agent or broker shall be allocated to the Municipality based upon the ratio of the commissions the agent or broker received from the sale, purchase, or lease of real estate located in the Municipality to the commissions

received from the sale, purchase, or lease of real estate everywhere in the taxable year.

(ii) An individual who is a resident of the Municipality shall report the individual's net profit from all real estate activity on the individual's annual tax return for that Municipality. The individual may claim a credit for taxes the individual paid on such net profit to another municipal corporation to the extent that such credit is allowed under Section 311-47 of this chapter.

(g) When calculating the ratios described in subsection (a) of this section for the purposes of that subsection or subsection (b) of this section, the owner of a disregarded entity shall include in the owner's ratios the property, payroll, and gross receipts of such disregarded entity.

(h) As used in this subsection:

(i) "Qualifying remote employee or owner" means an individual who is an employee of a taxpayer or who is a partner or member holding an ownership interest in a taxpayer that is treated as a partnership for federal income tax purposes, provided that the individual meets both of the following criteria:

(1) The taxpayer has assigned the individual to a qualifying reporting location.

(2) The individual is permitted or required to perform services for the taxpayer at a qualifying remote work location.

(ii) "Qualifying remote work location" means a permanent or temporary location at which an employee or owner chooses or is required to perform services for the taxpayer, other than a reporting location of the taxpayer or any other location owned or controlled by a customer or client of the taxpayer. "Qualifying remote work location" may include the residence of an employee or owner and may be located outside of a municipal corporation that imposes an income tax in accordance with this chapter. An employee or owner may have more than one qualifying remote work location during a taxable year.

(iii) "Reporting location" means either of the following:

(1) A permanent or temporary place of doing business, such as an office, warehouse, storefront, construction site, or similar location, that is owned or controlled directly or indirectly by the taxpayer;

(2) Any location in this state owned or controlled by a customer or client of the taxpayer, provided that the taxpayer is required to withhold taxes under Section 311-23 of this Chapter on qualifying wages paid to an employee for the performance of personal services at that location.

(iv) "Qualifying reporting location" means one of the following:

(1) The reporting location in this state at which an employee or owner performs services

for the taxpayer on a regular or periodic basis during the taxable year;

(2) If no reporting location exists in this state for an employee or owner under division (iv)(1) of this subsection, the reporting location in this state at which the employee's or owner's supervisor regularly or periodically reports during the taxable year;

(3) If no reporting location exists in this state for an employee or owner under division (iv)(1) or (2) of this subsection, the location that the taxpayer otherwise assigns as the employee's or owner's qualifying reporting location, provided the assignment is made in good faith and is recorded and maintained in the taxpayer's business records. A taxpayer may change the qualifying reporting location designated for an employee or owner under division (iv)(3) at any time.

(v) For tax years beginning on or after January 1, 2023, a taxpayer may elect to apply the provisions of this subsection to the apportionment of its net profit from a business or profession. For taxpayers that make this election, the provisions of subsections (a) and (b) of this section apply to such apportionment except as otherwise provided in this subsection.

A taxpayer shall make the election allowed under this subsection in writing on or with the taxpayer's net profit return or, if applicable, a timely filed amended net profit return or a timely filed appeal of an assessment. The election applies to the taxable year for which that return or appeal is filed and for all subsequent taxable years, until the taxpayer revokes the election.

The taxpayer shall make the initial election with the tax administrator of each municipal corporation with which, after applying the apportionment provisions authorized in this subsection, the taxpayer is required to file a net profit tax return for that taxable year. A taxpayer shall not be required to notify the tax administrator of a municipal corporation in which a qualifying remote employee's or owner's qualifying remote work location is located, unless the taxpayer is otherwise required to file a net profit return with that municipal corporation due to business operations that are unrelated to the employee's or owner's activity at the qualifying remote work location.

After the taxpayer makes the initial election, the election applies to every municipal corporation in which the taxpayer conducts business. The taxpayer shall not be required to file a net profit return with a municipal corporation solely because a qualifying remote employee's or owner's qualifying remote work location is located in such municipal corporation.

Nothing in this subsection prohibits a taxpayer from making a new election under this subsection after properly revoking a prior election.

(vi) For the purpose of calculating the ratios described in subsection (a) of this section, all of the following apply to a taxpayer that has made the election described in subsection (h)(v):

(1) For the purpose of subsection (a)(i) of this section, the average original cost of any tangible personal property used by a qualifying remote employee or owner at that individual's qualifying remote work location shall be situsedto that individual's qualifying reporting location.

(2) For the purpose of subsection (a)(ii) of this section, any wages, salaries, and other compensation paid during the taxable period to a qualifying remote employee or owner for services performed at that individual's qualifying remote work location shall be situsedto that individual's qualifying reporting location.

(3) For the purpose of subsection (a)(iii) of this section, and notwithstanding subsection (d) of this section, any gross receipts of the business or profession from services performed during the taxable period by a qualifying remote employee or owner for services performed at that individual's qualifying remote work location shall be situsedto that individual's qualifying reporting location.

(vii) Nothing in this subsection prevents a taxpayer from requesting, or a tax administrator from requiring, that the taxpayer use, with respect to all or a portion of the income of the taxpayer, an alternative apportionment method as described in subsection (b) of this section. However, a tax administrator shall not require an alternative apportionment method in such a manner that it would require a taxpayer to file a net profit return with a municipal corporation solely because a qualifying remote employee's or owner's qualifying remote work location is located in that municipal corporation.

(viii) Except as otherwise provided in this subsection, nothing in this subsection is intended to affect the withholding of taxes on qualifying wages pursuant to sections 311-23 and 311-27 of this Chapter.

Sec. 311-19. Stock Option Adjustment.

If, in computing the taxpayer's adjusted federal taxable income, the taxpayer deducted any amount with respect to a stock option granted to an employee, and if the employee is not required to include in the employee's income any such amount or a portion thereof because it is exempted from taxation under

subsection (p) of Section 311-15 and subsection (a)(iii) of Section 311-9-Q of this chapter or a corresponding section of another municipal income tax code, the taxpayer shall add the amount that is exempt from taxation to the taxpayer's net profit that was apportioned to the Municipality. In no case shall a taxpayer be required to add to its net profit that was apportioned to the Municipality any amount other than the amount upon which the employee would be required to pay tax were the amount related to the stock option not exempted from taxation.

This subsection applies solely for the purpose of making an adjustment to the amount of a taxpayer's net profit that was apportioned to the Municipality under Section 311-17 of this chapter.

Sec. 311-21. Net Operating Loss (NOL).

(a) Except as limited by subsections (b), (h) and (j) of this Section 311-21, any net operating loss incurred by a taxpayer in a taxable year beginning on or after January 1, 2017 shall be deducted from net profit that is reduced by exempt income to the extent necessary to reduce municipal taxable income to zero, with any remaining unused portion of the net operating loss carried forward to not more than five (5) consecutive taxable years following the taxable year in which the loss was incurred, but in no case for more years than necessary for the deduction to be fully utilized.

(b) No portion of a net operating loss shall be carried back against net profits of any prior year, and no portion of a net operating loss may offset qualifying wages.

(c) A pre-2017 net operating loss sustained shall be apportioned to the Municipality in the same manner as provided in Section 311-17 of this chapter for apportioning net profits to the Municipality. A net operating loss sustained in any taxable year beginning prior to January 1, 2017 that is apportioned to the Municipality may be applied against the net profit of succeeding tax years that is apportioned to the Municipality, until exhausted, but in no event for more than five (5) taxable years immediately following the year in which the loss occurred.

(d) The distributive share of the net profit of each pass-through entity owned directly or indirectly by the taxpayer shall be calculated without regard to any net operating loss that is carried forward by that entity from a prior taxable year and applied to reduce the entity's net profit for the current year.

(e) The tax commissioner shall provide by rules and regulations the manner in which such net operating loss carry forward shall be determined.

(f) The net operating loss of a taxpayer that loses its legal identity, by any means such as merger or consolidation, shall not be allowed as a carry forward loss deduction to the surviving or new taxpayer.

(g) If a taxpayer who is an individual is engaged in two (2) or more taxable business activities to be included in the same return, the net loss apportioned to the Municipality of one unincorporated business activity may offset the profits apportioned to the Municipality of another unincorporated taxable business for purposes of arriving at the overall net profits of the taxpayer that are subject to municipal income tax.

(h) For taxable years beginning in 2018, 2019, 2020, 2021, or 2022, a taxpayer may not deduct more than fifty percent (50%) of the amount of the post-2017 deduction otherwise allowed by subsection (a) of this section.

(i) For taxable years beginning in 2023 or thereafter, a person may deduct, for purposes of an income tax levied by a municipal corporation that levies an income tax before January 1, 2016, the full amount allowed by subsection (a) of this section without regard to the limitation of subsection (h) of this section.

(j) Any pre-2017 net operating loss carry forward deduction must be utilized before a taxpayer may deduct any amount pursuant to subsection (a) of this section.

(k) Nothing in subsection (h) of this section precludes a taxpayer from carrying forward, for the period otherwise permitted under subsection (a) or subsection (c) of this section, any amount of net operating loss that was not fully utilized.

Sec. 311-23. Collection at Source; Withholding from Qualifying Wages.

(a) (i) Each employer, agent of an employer, or other payer located within, or doing business within, the Municipality who employs one or more persons on a qualifying wages basis shall withhold from each employee an amount equal to 1.8 percent (1.8%) of the qualifying wages earned by the employee in the Municipality, except for qualifying wages for which withholding is not required under Section 311-27 of this chapter or under subsections (a)(iii) or (d) of this section. An employer, agent of an employer, or other payer shall deduct and withhold the tax from qualifying wages on the date that the employer, agent, or other payer directly, indirectly, or constructively pays the qualifying wages to, or credits the qualifying wages to the benefit of, the employee.

(1) An employer is required to deduct and withhold municipal income tax on tips and gratuities received by the employer's employees and constituting qualifying wages only to the extent that the tips and gratuities are paid by the customer to the employer for subsequent remittance to the employee, or if the customer pays the tip or gratuity by credit card, debit card, or other electronic means.

(2) For tax years beginning prior to January 1, 2016, no person is required to deduct and withhold municipal income tax on the qualifying wages or other taxable income paid domestic servants employed exclusively in or about such person's residence. However, such domestic servants shall be responsible for filing municipal income tax returns and paying municipal income tax due on their qualifying wages.

(ii) In addition to withholding the amounts required under subsection (a)(i) of this section, an employer, agent of an employer, or other payer may also deduct and withhold municipal income taxes at the request of an employee who is a resident of the Municipality. The tax commissioner shall consider any tax withheld by an employer at the request of an employee when such tax is not otherwise required to be withheld by this chapter to be tax required to be withheld and remitted for the purposes of this section.

(iii) An employer, agent of an employer, or other payer is not required to withhold municipal income tax with respect to an individual's disqualifying disposition of an incentive stock option if, at the time of the disqualifying disposition, the individual is not an employee of either the corporation with respect to whose stock the option has been issued or of such corporation's successor entity.

(b) An employer, agent of an employer, or other payer shall make a return and remit to the tax commissioner the greater of the income taxes deducted and withheld or the income taxes required to be deducted and withheld by the employer, agent, or other payer, along with any report required by the tax commissioner to accompany such payment, according to the following schedule:

(i) Any employer, agent of an employer, or other payer not required under subsections (b)(ii) or (b)(iii) of this section to make monthly or semimonthly payments of municipal income taxes required to be deducted and withheld shall make quarterly payments not later than the last day of the month following the end of each calendar quarter ending prior to January 1, 2016 and not later than the last day of the month following the end of each calendar quarter beginning on or after January 1, 2016.

(ii) (1) Taxes required to be deducted and withheld during any calendar year ending prior to January 1, 2016 shall be remitted monthly to the tax commissioner if the total taxes deducted and withheld or required to be deducted and withheld in the preceding calendar year were more than $3,600.00 or if the total amount of taxes deducted and withheld or required to be deducted and withheld on behalf of the Municipality in any month of the preceding calendar quarter exceeded $300 per month.

(2) Taxes required to be deducted and withheld during any calendar year beginning on or after January 1, 2016 shall be remitted monthly to the tax commissioner if the total taxes deducted and withheld or required to be deducted and withheld in the preceding calendar year were more than $2,399.00 or if the total amount of taxes deducted and withheld or required to be deducted and withheld on behalf of the Municipality in any month of the preceding calendar quarter exceeded $200 per month.

(3) Payment under subsection (b)(ii) of this section shall be made so that the payment is received by

the tax commissioner not later than fifteen (15) days after the last day of each month.

(iii) Beginning January 1, 2016, taxes required to be deducted and withheld shall be remitted semimonthly to the tax commissioner if the total taxes deducted and withheld or required to be deducted on behalf of the Municipality in the preceding calendar year were more than $11,999.00, or if the total amount of taxes deducted and withheld or required to be deducted and withheld on behalf of the Municipality in any month of the preceding calendar year exceeded $1,000. The payment under subsection (b)(iii) of this section shall be made so that the payment is received by the tax commissioner not later than one of the following:

(1) If the taxes were deducted and withheld or required to be deducted and withheld during the first fifteen (15) days of a month, the third (3^{rd}) banking day after the fifteenth (15^{th}) day of that month; or

(2) If the taxes were deducted and withheld or required to be deducted and withheld after the fifteenth (15^{th}) day of a month and before the first (1^{st}) day of the immediately following month, the third (3^{rd}) banking day after the last day of that month.

(iv) An employer, agent of an employer or other payer that is required by 26 USC 6302 and 26 CFR 31.6302-1, or any other federal statutes or regulations, to make payments electronically for the purpose of paying federal taxes withheld on payments to employees shall make payment by electronic funds transfer to the tax commissioner of all taxes deducted and withheld on behalf of the employee for remittance to the Municipality. The payment of tax by electronic funds transfer under this subsection does not affect an employer's, an agent's, or another payer's obligation to file any return as required under this Section 311-23. Once the threshold for remitting payment electronically for federal purposes has been met, any accrued municipal income tax withheld from employee qualifying wages earned within the Municipality shall be remitted to the Municipality at the same time that the federal tax withholding payment is due.

(v) The tax commissioner shall adopt rules governing the remittance of withheld municipal income taxes by electronic funds transfer as required by this chapter. The tax commissioner may grant an exemption to an employer from the duty to make payment by electronic funds transfer upon application for such exemption by the employer and the employer's demonstration to the tax commissioner that the requirement to make payment by electronic funds transfer will impose a hardship upon the employer. The tax commissioner may implement means of acknowledging, upon request of a taxpayer, receipt of electronic tax remittances. The person requesting acknowledgement shall pay the cost of acknowledging receipt of electronic remittances.

(vi) An employer, agent of an employer, or other payer shall make and file a return showing the amount of municipal income taxes withheld by the employer, agent, or other payer from the qualifying wages of each

employee and remitted to the tax commissioner on a form or forms prescribed by or acceptable to the tax commissioner and subject to the rules and regulations prescribed therefore by the tax commissioner. An employer may report the amount of municipal income tax withheld from qualifying wages paid on or after January 1, 2007, and may remit such amounts, by using the Ohio business gateway. A return filed by an employer, agent, or other payer under this division shall be accepted by the Municipality as the return required of an employee whose sole income subject to the tax under this chapter is the qualifying wages reported by the employee's employer, agent of an employer, or other payer.

(c) (i) An employee is not relieved from liability for municipal income tax by the failure of the employer, agent of an employer, or other payer to withhold the tax as required under this Section 311-23 or by the employer's, agent's, or other payer's exemption from the requirement to withhold the tax.

(ii) The failure of an employer, agent of an employer, or other payer to remit to the Municipality the municipal income tax withheld relieves the employee from liability for that tax unless the employee colluded with the employer, agent, or other payer in connection with the failure to remit the tax withheld.

(d) Compensation deferred before June 26, 2003, is not subject to any municipal corporation income tax or municipal income tax withholding requirement to the extent the deferred compensation does not constitute qualifying wages at the time the deferred compensation is paid or distributed.

(e) Each employer, agent of an employer, or other payer required to withhold taxes is liable for the payment of that amount required to be withheld, whether or not such taxes have been withheld, and such amount shall be deemed to be held in trust for the Municipality until such time as the withheld amount is remitted to the tax commissioner.

(f) All officers, members, managers, employees, trustees of the employer, agents of an employer, or other payers with control or direct supervision of or charged with the responsibility for withholding the tax or filing the reports and making payments as required by this section, shall be jointly and severally personally liable for a failure to file a report or pay the tax due as required by this section. For tax years beginning prior to January 1, 2016, such person shall also be jointly and severally personally liable for any related interest and penalties and are also liable under the provisions of Section 311-999. The dissolution of an employer, agent of an employer, or other payer does not discharge an officer's or employee's liability for a failure of the employer, agent of an employer, or other payer to file returns or pay any tax due.

(g) A failure to file any return under this section may result in interest and civil penalties pursuant to Section 311-73 and Section 311-75 of this chapter.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 019-2018, § 1, eff. March 22, 2018; a. Ord. No. 0008-2023, §§ 1, 2, eff. January 11, 2023)

Sec. 311-25. Qualifying Wages Withholding Return; List of Employees.

(a) (i) On or before the last day of February of each year, an employer shall file a withholding tax reconciliation return with the tax commissioner

showing the sum total of all qualifying wages paid to all employees, the portion of which, if any, was not subject to withholding along with an explanation for the same, and the portion of which was subject to withholding, together with the amount of such withholdings remitted.

(ii) Such return shall include information concerning each employee from whom the municipal income tax was withheld, or should have been withheld, during the preceding calendar year, showing the name, address, zip code and social security number of each such employee, the total amount of qualifying wages paid during the year and the amount of municipal income tax withheld. If the total tax withheld from any employee included tax withheld and remitted to another municipal corporation, the name of each such municipal corporation and the amount of same shall be separately shown on the return of information to the Municipality concerning each employee. Any other information required for federal income tax reporting purposes on Internal Revenue Service form W-2 or its equivalent form with respect to such employee, and other information as may be required by the tax commissioner, also shall be included in the return.

(iii) Employers who are required to submit IRS Form W-2 information electronically for federal tax purposes shall submit the information required by the Municipality in electronic format. Except as otherwise provided in this paragraph, the submission of required information in an electronic format does not affect an employer's obligation to file the returns as required under this section.

(b) The tax commissioner shall adopt rules governing the submission of the information required by this section. The tax commissioner may grant an exemption to an employer from the duty to submit the required information electronically upon application for such exemption by the employer and the employer's demonstration to the tax commissioner that the requirement to submit such information will impose a substantial hardship upon the employer.

(c) In addition to the wage reporting requirements of this section, any business required by the Internal Revenue Service to report on Form 1099-MISC payments to individuals not treated as employees for services performed shall also report such payments to the tax commissioner when the services were performed in the Municipality. The information may be submitted on a listing that shall include the individual's name, address, social security number (or federal identification number), and the amount of the payments made. Federal form(s) 1099 may be submitted in lieu of such listing. The information shall be filed annually on or before the last day of February following the end of the calendar year in which such payments are made.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-27. Collection at Source; Occasional Entrant.

(a) The following terms, as used in this section, shall have the meaning set forth herein:

(i) "Employer" includes any person who:

(1) Employs or contracts for the services of any professional entertainer(s) or professional athlete(s) to be performed in the Municipality or any person who, acting as a promoter, booking agent or employer, engages the

services of or arranges the appearance of any professional entertainer(s) or professional athlete(s) in the Municipality and who makes any payment arising from said appearance in the Municipality; or

(2) Rents facilities located in the Municipality that are made available to any professional entertainer(s) or professional athlete(s) for use in performing services in the Municipality and who makes any payment arising from said use of facilities to the professional entertainer(s) or professional athlete(s) for services performed in the Municipality; and

(3) Includes a person that is a related member to or of an employer.

(ii) "Professional athlete" means an athlete who performs services in a professional athletic event for wages or other remuneration.

(iii) "Professional entertainer" means a person who performs services in the professional performing arts for wages or other remuneration on a per-event basis.

(iv) "Public figure" means a person of prominence who performs services at discrete events, such as speeches, public appearances, or similar events, for wages or other remuneration on a per-event basis.

(v) "Fixed location" means a permanent place of doing business in this state, such as an office, warehouse, storefront, or similar location owned or controlled by an employer.

(vi) "Worksite location" means a construction site or other temporary worksite in this state at which the employer provides services for more than twenty (20) days during the calendar year. "Worksite location" does not include the home of an employee.

(vii) "Principal place of work" means the fixed location to which an employee is required to report for employment duties on a regular and ordinary basis. If the employee is not required to report for employment duties on a regular and ordinary basis to a fixed location, "principal place of work" means the worksite location in this state to which the employee is required to report for employment duties on a regular and ordinary basis. If the employee is not required to report for employment duties on a regular and ordinary basis to a fixed location or worksite location, "principal place of work" means the location in this state at which the employee spends the greatest number of days in a calendar year performing services for or on behalf of the employee's employer.

If there is not a single municipal corporation in which the employee spent the "greatest number of days in a calendar year" performing services for or on behalf of the employer, but instead there are two (2) or more municipal corporations in which the employee spent an identical number of days that is greater than the number of days the employee spent in any other municipal corporation, the employer shall allocate any of the employee's qualifying wages subject to subsection (b)(i)(2) of this section among those two (2) or more municipal corporations. The allocation shall be made using any fair and reasonable method, including, but not limited to, an equal allocation among such municipal corporations or an alloca-

tion based upon the time spent or sales made by the employee in each such municipal corporation. A municipal corporation to which qualifying wages are allocated under this division shall be the employee's "principal place of work" with respect to those qualifying wages for the purposes of this section.

For the purposes of this division, the location at which an employee spends a particular day shall be deemed in accordance with subsection (b)(ii) of this section, except that "location" shall be substituted for "municipal corporation" wherever "municipal corporation" appears in that division.

(b) (i) Subject to subsections (c), (e), (f), and (g) of this section, an employer is not required to withhold municipal income tax on qualifying wages paid to an employee for the performance of personal services in the Municipality if the employee performed such services in the municipal corporation on twenty (20) or fewer days in a calendar year beginning on or after January 1, 2016, or on twelve (12) or few days in a calendar year for years ending prior to January 1, 2016, unless one of the following conditions applies:

(1) For tax years ending before January 1, 2016, the individual is an employee of another person, the principal place of business of the individual's employer is located in another municipal corporation in Ohio that imposes a tax applying to compensation paid to the individual for services performed on those days, and the individual is not liable to that other municipal corporation for tax on the compensation paid for such services; or

(2) For tax years beginning on or after January 1, 2016, the employee's principal place of work is located in the Municipality; or

(3) For tax years beginning on or after January 1, 2016, the employee performed services at one or more presumed worksite locations in the Municipality. "Presumed worksite location" shall have the same meaning as set forth in Ohio Revised Code section 718.011; or

(4) The employee is a resident of the Municipality and has requested that the employer withhold tax from the employee's qualifying wages as provided in Section 311-23 of this chapter; or

(5) The employee is a professional entertainer, professional athlete, or public figure, and the qualifying wages are paid for the performance of services in the employee's capacity as a professional athlete, professional entertainer, or public figure within the Municipality.

(ii) For the purposes of subsection (b)(i) of this section, an employee shall be considered to have spent a day performing services in the Municipality only if the employee spent more time performing services for or on behalf of the employer in the Municipality than in any other municipal corporation on that day. For the purposes of determining the amount of time an employee spent in a particular location, the time spent performing one or more of the follow-

ing activities shall be considered to have been spent at the employee's principal place of work:

(1) Traveling to the location at which the employee will first perform services for the employer for the day;

(2) Traveling from a location at which the employee was performing services for the employer to any other location;

(3) Traveling from any location to another location in order to pick up or load, for the purpose of transportation or delivery, property that has been purchased, sold, assembled, fabricated, repaired, refurbished, processed, remanufactured, or improved by the employee's employer;

(4) Transporting or delivering property described in subsection (b)(ii)(3) of this section, provided that, upon delivery of the property, the employee does not temporarily or permanently affix the property to real estate owned, used, or controlled by a person other than the employee's employer; or

(5) Traveling from the location at which the employee makes the employee's final delivery or pick-up for the day to either the employee's principal place of work or a location at which the employee will not perform services for the employer.

(c) If the principal place of work of an employee is located in a municipal corporation that imposes an income tax in accordance with this chapter, the exception from withholding requirements described in subsection (b)(i) of this section shall apply only if, with respect to the employee's qualifying wages described in that division, the employer withholds and remits tax on such qualifying wages to the municipal corporation in which the employee's principal place of work is located.

(d) (i) Except as provided in subsection (d)(ii) of this section, if, during a calendar year, the number of days an employee spends performing personal services in the Municipality exceeds the threshold described in subsection (b)(i) of this section, the employer shall withhold and remit tax to the Municipality for any subsequent days in that calendar year on which the employer pays qualifying wages to the employee for personal services performed in the Municipality.

(ii) An employer required to begin withholding tax under subsection (d)(i) of this section may elect to withhold tax on behalf of the Municipality during the initial threshold period described in subsection (b)(i) of this section for days on which the employer paid qualifying wages to the employee for personal services performed in that municipal corporation.

(iii) If an employer makes the election described in subsection (d)(ii) of this section, the taxes withheld and paid by such an employer during that initial threshold period to the municipal corporation in which the employee's principal place of work is located are refundable to the employee.

(e) Beginning January 1, 2016 and thereafter, without regard to the number of days in a calendar year on which an employee performs personal services in the Municipality, an employer shall withhold municipal income tax on all of the employee's qualify-

ing wages for a taxable year and remit that tax only to the Municipality if the employer's fixed location is located in the Municipality and the employer qualifies as a small employer as defined in Section 311-9-S6 of this chapter. To determine whether an employer qualifies as a small employer for a taxable year, the tax commissioner may require the employer to provide the tax commissioner with the employer's federal income tax return for the preceding taxable year.

(f) Subsections (b)(i) and (d) of this section shall not apply to the extent that the tax commissioner and an employer enter into an agreement regarding the manner in which the employer shall comply with the requirements of Section 311-23 of this chapter.

(g) Withholding on the qualifying wages of a person performing personal services at a petroleum refinery located in the Municipality shall be consistent with Ohio Revised Code section 718.011(G).

Sec. 311-29. Collection at Source; Pass-through Entity.

For tax years beginning prior to January 1, 2016, and except as otherwise provided in this Section 311-29, a pass-through entity that conducts business within the Municipality must withhold municipal income tax at the rate specified in Section 311-3 on each owner's distributive share of the pass-through entity's net profits attributable to the Municipality and remit such tax to the tax commissioner by the applicable dates provided in Section 311-37. A pass-through entity subject to this section shall use the form prescribed by the tax commissioner to return and remit municipal income tax withheld. Such pass-through entity shall be required to file a return and remit any withheld municipal income tax that remains outstanding as of the date specified in Section 311-41. A pass-through entity subject to this section that fails to collect or remit municipal income tax as provided herein shall be liable for the tax that it should have withheld or remitted and shall be subject to the interest and penalty provisions of Sections 311-73, 311-75 and 311-999. The resident and nonresident owners shall receive a credit against their municipal income tax liabilities in the amount of the tax so withheld by the pass-through entity on their respective distributive shares of the pass-through entity's net profit. All claims for refund of municipal income tax withheld by a pass-through entity pursuant to this section must be made by the owner within the period set forth in Section 311-71.

A pass-through entity is not required to withhold and remit municipal income tax to the extent that its owners both file municipal income tax returns and declarations as provided in Sections 311-51 and 311-37, respectively, that report their distributive shares of the pass-through entity's net profits attributable to the Municipality; and pay municipal income tax thereon to the Municipality.

Sec. 311-31. Collection at Source; Casino, VLT, and Sports Gaming Proprietors.

(a) For tax years beginning on or after January 1, 2016, a casino facility or a casino operator, as defined in section 311-9-C3 of this chapter, or a lottery sales agent conducting video lottery terminal sales on behalf of the state shall withhold and remit municipal income tax with respect to amounts other than qualifying wages as provided in Section 718.031 of the Ohio Revised Code.

(b) For tax years beginning on or after January 1, 2023, a type B sports gaming proprietor offering sports gaming at a sports gaming facility, or a video lottery terminal sales agent conducting lottery sports gaming offered in a video lottery terminal facility, shall withhold and remit municipal income tax with respect to amounts other than qualifying wages as provided in Section 718.031 of the Ohio Revised Code. "Type B sports gaming proprietor," "sports gaming," "sports gaming facility," "video lottery terminal sales agent," "lottery sports gaming," and "video lottery terminal," are as defined in Section 311-9 of this chapter.

(c) Amounts deducted and withheld on behalf of the Municipality shall be allowed as a credit against payment of the tax imposed by the Municipality and shall be treated as taxes paid for purposes of Section 311-33 of this chapter for the person for whom the amount is deducted and withheld.

(d) The tax commissioner shall prescribe the forms of the receipts and returns required under this section.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 338-2022, §§ 2, 3, eff. Oct. 26, 2022)

Sec. 311-33. Declarations of Estimated Tax Required; Time for Filing.

(a) As used in this section:

(i) "Estimated taxes" means the amount that the taxpayer reasonably estimates to be the taxpayer's tax liability for a municipal corporation's income tax for the current taxable year.

(ii) "Tax liability" means the total taxes due to a municipal corporation for the taxable year, after allowing any credit to which the taxpayer is entitled, and after applying any estimated tax payment, withholding payment, or credit from another taxable year.

(b) (i) Every person who anticipates any taxable income which is not subject to Section 311-23 hereof, or who engages in any business or activity, shall file a declaration of estimated income or the estimated profit or loss from such business activity on a form prescribed by the tax commissioner or a generic form, together with the estimated municipal income tax due thereon, if any. For tax years beginning on or after January 1, 2016, a declaration shall only be required for the current taxable year if the amount payable as estimated taxes is at least $200.

(ii) Notwithstanding subsection (b)(i) above, if a person's income is wholly from qualifying wages from which the tax will be withheld and remitted to the Municipality in accordance with Section 311-23 and/or the distributive share of net profit from which the tax will be withheld and remitted to the Municipality in accordance with Section 311-29, such person need not file a declaration.

(iii) For tax years beginning on or after January 1, 2016:

(1) Taxes withheld from qualifying wages shall be considered as paid to the Municipality in equal amounts on each payment date or, if the taxpayer establishes the dates on which all amounts were actually withheld, on the dates on which the amounts were actually withheld.

(2) An overpayment of tax applied as a credit to a subsequent taxable year is deemed to be paid on

the date of the postmark stamped on the cover in which the payment is mailed or, if the payment is made by electronic funds transfer, the date the payment is submitted. As used in this division, "date of the postmark" means, in the event there is more than one date on the cover, the earliest date imprinted on the cover by the postal service.

(3) A taxpayer having a taxable year of less than twelve (12) months shall make a declaration under rules prescribed by the tax commissioner.

(4) Taxes withheld by a casino operator or by a lottery sales agent under section 718.031 of the Ohio Revised Code are deemed to be paid to the municipal corporation for which the taxes were withheld on the date the taxes are withheld from the taxpayer's winnings.

(iv) Taxpayers filing joint returns shall file joint declarations of estimated taxes.

(v) The declaration of estimated taxes shall be filed as follows:

(1) For tax years ending before January 1, 2106, on or before April 15 of each year or on or before the fifteenth (15^{th}) day of the fourth (4^{th}) month following the date the taxpayer first becomes subject to municipal income tax;

(2) For tax years beginning on or after January 1, 2016, on or before the date prescribed for the filing of municipal income tax returns under subsection (a) of Section 311-51 of this chapter or on or before the fifteenth (15^{th}) day of the fourth (4^{th}) month of the first (1^{st}) taxable year after the taxpayer becomes subject to tax for the first time;

(3) Taxpayers reporting on a fiscal year basis shall file a declaration on or before the fifteenth (15^{th}) day of the fourth (4^{th}) month after the beginning of each fiscal year or period.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-35. Methods for Estimating Taxes.

A taxpayer shall have the option of determining its estimated municipal income tax on either of the following methods:

(a) By basing the estimate on the preceding full year's municipal income tax liability, or by annualizing such tax liability if the preceding tax year was not for a full 12-month period. In such case, if each installment is timely paid when due on that basis, no interest or penalty shall apply for any under estimate of municipal income tax for the tax year, regardless of the actual municipal income tax liability for such year, except in the case where the annual return required by Section 311-51 and the payment required with that return by subsection (b) of Section 311-51 have not been submitted by the due dates for such annual return and the payment of municipal income tax due.

(b) (i) For tax years prior to 2005, by basing the estimate on the taxable income earned or received during the three-month period preceding the due date for the declaration described in Section 311-33, annualized for the remainder of the tax year, and

updating this estimate by amendment as necessary each succeeding three-month period so that at least seventy percent (70%) of the annual municipal income tax liability to be ultimately determined shall have been paid by estimate within one month following the close of the tax year, through timely quarterly installments. Failure to have made timely quarterly payments totaling at least seventy percent (70%) of the ultimate municipal income tax liability by estimate in the fashion so described shall subject the taxpayer to interest and penalties as set forth in Sections 311-73 and 311-75 on the portion of estimated municipal income tax due and not seventy percent (70%) paid by the installment due date.

(ii) For tax years beginning in 2005 and thereafter, by basing the estimate on the taxable income earned or received during the three-month period preceding the due date for the declaration described in Section 311-33, annualized for the remainder of the tax year, and updating this estimate by amendment as necessary each succeeding three-month period so that at least ninety percent (90%) of the annual municipal income tax liability to be ultimately determined shall have been paid by estimate within one month following the close of the tax year, through timely quarterly installments. Failure to have made timely quarterly payments totaling at least ninety percent (90%) of the ultimate municipal income tax liability by estimate in the fashion so described shall subject the taxpayer to interest and penalties as set forth in Sections 311-73 and 311-75 on the portion of estimated municipal income tax due and not ninety percent (90%) paid by the installment due date.

(c) Except as otherwise provided in this Section 311-35, the interest and penalty provisions of Sections 311-73 and 311-75 apply to the late payment, nonpayment or underpayment of estimated municipal income tax. However, the interest and penalty provisions of Sections 311-73 and 311-75 shall not apply where either:

(i) The taxpayer is a resident but was not domiciled in the Municipality on January 1 of the taxable year for which estimated payments of municipal income tax have been made; or

(ii) The taxpayer has remitted on a timely basis an amount of estimated municipal income tax at least equal to one hundred percent (100%) of the taxpayer's municipal income tax liability for the preceding taxable year, provided that the return for the preceding taxable year reflected a 12-month period and the taxpayer filed with the Municipality a municipal income tax return for the preceding taxable year.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-37. Payment with Declaration.

(a) For tax years prior to 2005, the required portion of the tax liability for the taxable year that shall be paid through estimated taxes made payable to the Municipality or

tax commissioner, including the application of tax refunds to estimated taxes and withholding on or before the applicable payment date, shall be as follows:

(i) Taxpayers who are individuals are required to submit a declaration of the estimated income tax to be paid the Municipality accompanied by a payment of at least seventeen and one-half percent (17.5%) of the estimated annual tax, less credit for taxes withheld or paid to another municipality or Joint Economic Development District. At least a similar amount shall be paid on or before the last day of the seventh (7^{th}), tenth (10^{th}), and thirteenth (13^{th}) months after the beginning of the tax year.

(ii) For taxpayers that are not individuals, such declaration of estimated income tax to be paid the Municipality shall be accompanied by a payment of at least seventeen and one-half percent (17.5%) of the estimated annual tax. At least a similar amount shall be paid on or before the fifteenth (15^{th}) day of the sixth (6^{th}), ninth (9^{th}) and twelfth (12^{th}) months after the beginning of the taxable year.

(b) For tax years beginning on or after January 1, 2005 and continuing through December 31, 2015, the required portion of the tax liability for the taxable year that shall be paid through estimated taxes made payable to the Municipality or tax commissioner, including the application of tax refunds to estimated taxes and withholding on or before the applicable payment date, shall be as follows:

(i) Taxpayers who are individuals are required to submit a declaration of the estimated income tax to be paid the Municipality accompanied by a payment of at least twenty-two and one-half percent (22.5%) of the estimated annual tax, less credit for taxes withheld or paid to another municipal corporation or Joint Economic Development District. At least a similar amount shall be paid on or before the last day of the seventh (7^{th}), tenth (10^{th}), and thirteenth (13^{th}) months after the beginning of the tax year.

(ii) For Taxpayers that are not individuals, such declaration of estimated income tax to be paid the Municipality shall be accompanied by a payment of at least twenty-two and one-half percent (22.5%) of the estimated annual tax. At least a similar amount shall be paid on or before the fifteenth (15^{th}) day of the sixth (6^{th}), ninth (9^{th}) and twelfth (12^{th}) months after the beginning of the taxable year.

(c) For tax years beginning on or after January 1, 2016, the required portion of the tax liability for the taxable year that shall be paid through estimated taxes made payable to the Municipality or tax commissioner, including the application of tax refunds to estimated taxes and withholding on or before the applicable payment date, shall be as follows:

(i) Taxpayers who are individuals are required to submit a declaration of the estimated income tax to be paid the Municipality accompanied by a payment of at least twenty-two and one-half percent (22.5%) of the estimated annual tax, less credit for taxes withheld or paid to another municipal corporation or Joint Economic Development District, with the declaration of income tax, and at least a similar amount shall be paid on or before the fifteenth (15^{th}) day

of the sixth (6th), ninth (9th) and thirteenth (13th) months after the beginning of the taxable year.

(ii) For Taxpayers that are not individuals, such declaration of estimated income tax to be paid the Municipality shall be accompanied by a payment of at least twenty-two and one-half percent (22.5%) of the estimated annual tax, less credit for taxes withheld or paid to another municipal corporation or Joint Economic Development District, with the declaration of income tax, and at least a similar amount shall be paid on or before the fifteenth (15th) day of the sixth (6th), ninth (9th) and twelfth (12th) months after the beginning of the taxable year.

The mere submission of a declaration estimating a municipal income tax liability shall not constitute a filing of the required declaration unless accompanied by the required payment.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 019-2018, § 1, eff. March 22, 2018)

Sec. 311-39. Amended Declarations.

(a) An amended declaration is required whenever the taxpayer's estimated tax liability changes during the taxable year. A change in estimated tax liability may either increase or decrease the estimated tax liability for the taxable year.

(b) When an amended declaration is filed, the unpaid balance of municipal income tax shown due thereon shall be paid in equal installments on or before the remaining payment dates set forth in Section 311-37 of this chapter, and the amended declaration must be filed on the next applicable due date.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-41. Annual Return Required.

On or before the fifteenth (15th) day of the fourth (4th) month of the calendar or fiscal year following that for which the declaration or amended declaration was filed, an annual municipal income tax return shall be filed and any balance of municipal income tax which may be due shall be paid with the return in accordance with the provisions of Section 311-51 of this chapter. A failure to file an annual municipal income return may result in interest and civil and/or criminal penalties pursuant to Sections 311-73, 311-75, and 311-999 of this chapter.

(a) For taxpayers who are individuals, or who are not individuals and are reporting and filing on a calendar year basis, the annual tax return is due on the same date as the filing of the federal tax return, unless extended pursuant to division (G) of section 5747.08 of the Revised Code.

(b) For taxpayers who are not individuals, and are reporting and filing on a fiscal year basis or any period other than a calendar year, the annual return is due on the fifteenth (15th) day of the fourth (4th) month following the end of the taxable year or period.

The filing of a declaration does not relieve the taxpayer of the necessity of filing an annual return, even if there is no change in the declared tax liability. An annual return must be filed to obtain a refund of any overpayment of more than five dollars ($5) for tax years beginning prior to January 1, 2016 or a refund of any overpayment of more than ten dollars ($10) for tax years beginning on or after January 1, 2016.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-43. Underpayment of Estimated Taxes.

(a) In the case of any underpayment of any portion of a tax liability, penalty and interest may be imposed pursuant to Sections 311-73 and 311-75 of this chapter upon the amount of underpayment for the period of underpayment, unless the underpayment is due to reasonable cause as described in subsection (b) of this section. The period of the underpayment shall run from the day the estimated payment was required to be made to the date on which the payment is made. For purposes of this section, a payment of estimated taxes on or before any payment date shall be considered a payment of any previous underpayment only to the extent the payment of estimated taxes exceeds the amount of the payment presently required to be paid to avoid any penalty.

(b) An underpayment of any portion of tax liability determined under subsection (a) of this section shall be due to reasonable cause and the penalty imposed by this section shall not be added to the taxes for the taxable year if any of the following apply:

(i) The amount of estimated taxes that were paid equals at least ninety percent (90%) of the tax liability for the current taxable year, determined by annualizing the income received during the year up to the end of the month immediately preceding the month in which the payment is due;

(ii) The amount of estimated taxes that were paid equals at least one hundred percent (100%) of the tax liability shown on the return of the taxpayer for the preceding taxable year, provided that the immediately preceding taxable year reflected a period of twelve (12) months and the taxpayer filed a return with the municipal corporation under Section 311-51 of this chapter for that year; or

(iii) The taxpayer is an individual who resides in the Municipality but was not domiciled there on the first (1^{st}) day of January of the calendar year that includes the first (1^{st}) day of the taxable year.

(c) Failure to remit estimated taxes may also be subject to criminal penalties as provided in Section 311-999 of this chapter.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-45. Tax Credit for Job Creation or Retention in Ohio.

The Municipality, by Ordinance, may grant a refundable or nonrefundable credit against its tax on income to a taxpayer for the purpose of fostering job creation or job retention in the Municipality. If a credit is granted under this section, it shall be measured for the job creation credit as a percentage of the new income tax revenue the Municipality derives from new employees of the taxpayer or, in the case of job retention credits, as a percentage of the income tax revenue the Municipality derives from the retained employees of the taxpayer. Any such credit shall be for a term not exceeding fifteen (15) years. Before the Municipality passes an ordinance granting a credit, the Municipality and the taxpayer shall enter into an agreement specifying all the conditions of the credit.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-47. Credit for Tax Paid to Another Municipality/Joint Economic Development District.

(a) *Residents.*

(i) When a resident is subject to and has paid, or has acknowledged liability for, a municipal income tax in another

taxing municipality or Joint Economic Development Zone or District on the same income taxable under this chapter, regardless of whether such other taxing municipality or Joint Economic Development Zone or District allows credit to its nonresidents, such resident may claim a credit against the tax imposed by this chapter in an amount equal to the lesser of the amount of such tax paid to such other taxing municipality or Joint Economic Development Zone or District, or the municipal income tax imposed by this chapter on such income. In no case shall the credit exceed the tax assessed under this chapter on the resident's taxable income that is also subject to tax in another taxing municipality or Joint Economic Development Zone or District.

(ii) A resident owner of a pass-through entity that does not conduct business in the Municipality and that has paid, or has acknowledged liability for, an income tax in another taxing municipality or Joint Economic Development Zone or District may claim a credit equal to the lesser of the following amounts:

(1) The resident owner's proportionate share of the amount, if any, of income tax paid by the pass-through entity to another taxing municipality or Joint Economic Development Zone or District in the State; or

(2) The resident owner's proportionate share of the amount of municipal income tax that would be imposed on the pass-through entity if the pass-through entity conducted business in the Municipality.

In no case shall the credit authorized by this Section 311-47(ii) exceed the municipal income tax assessed by the Municipality under this chapter on the taxable income that is also subject to tax in another taxing municipality or Joint Economic Development Zone or District.

(iii) Where applicable, the credits provided by Ohio Revised Code sections 718.021 and 718.121 shall be available to residents, and the credit provided by Section 311-29 shall be available to resident owners.

(b) *Nonresidents.* Except as provided in Ohio Revised Code sections 718.021 and 718.121 and Section 311-29, when a nonresident is subject to the tax imposed by this chapter and is also subject to tax on the same income in the municipal corporation in which the nonresident resides, such nonresident shall not be allowed any credit against or claim of refund for municipal income tax paid to the other municipality, and the Municipality will not acknowledge or allow any claim for refund of any portion of the municipal income tax so levied.

(c) *Claim for Credit.* The credits provided for in this Section 311-47 shall be claimed in a timely return or form acceptable to, and filed with, the tax commissioner. In the event a taxpayer fails, neglects or refuses to file such timely return or form, the taxpayer shall be liable for such interest and penalties, both civil and criminal, as are prescribed in this chapter.

(d) No credit shall be given to any taxpayer for any school district income tax.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 019-2018, § 1, eff. March 22, 2018)

Sec. 311-49. Credit for Tax Beyond Statute for Obtaining Refund.

(a) Income tax that has been deposited or paid to the Municipality, but should have been deposited or paid to another municipal corporation, is allowable by the Municipality as a refund, but is subject to the three-year limitation on refunds as provided in Section 311-71 of this chapter.

(b) Income tax that should have been deposited or paid to the Municipality, but was deposited or paid to another municipal corporation, shall be subject to collection and recovery by the Municipality. To the extent a refund of such tax or withholding is barred by the limitation on refunds as provided in Section 311-71, the Municipality will allow a non-refundable credit equal to the tax or withholding paid to the other municipality against the municipal income tax the Municipality claims is due. If the Municipality's tax rate is higher, the tax representing the net difference of the tax rates is also subject to collection by the Municipality, along with any penalty and interest accruing during the period of nonpayment.

(c) No carryforward of credit will be permitted when the overpayment is beyond the three-year limitation for refunding of same as provided in Section 311-71 of this chapter.

(d) Nothing in this section requires the Municipality to allow credit for tax paid to another municipal corporation if the Municipality has reduced credit for tax paid to another municipal corporation. Section 311-47 of this chapter regarding any limitation on credit shall prevail.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-51. Returns Must Be Filed; Time of Filing; Payment with Return.

(a) (i) Except as otherwise provided in this chapter, each individual taxpayer who engages in business or other activity in the Municipality, or whose taxable income is subject to the tax imposed by this chapter, shall, whether or not a tax be due thereon, make and file a return with the tax commissioner on or before April 15 of each year following the close of the calendar year. Each annual net profit income tax return required to be filed under this section by a taxpayer that is not an individual shall be completed and filed on or before the fifteenth (15^{th}) day of the fourth (4^{th}) month following the end of the taxpayer's fiscal year or period. A failure to file an annual municipal income return and to remit the taxes due therewith, made payable to the Municipality or the tax commissioner, may result in interest and civil penalties pursuant to Sections 311-73 and 311-75 of this chapter.

(ii) The tax commissioner shall accept on behalf of all nonresident and resident individual taxpayers a return filed by an employer, agent of an employer, or other payer located in the Municipality under subsection (b)(vi) of Section 311-23 of this chapter when the nonresident or resident individual taxpayer's sole income subject to the tax is the qualifying wages reported by the employer, agent of an employer, or other payer, and no additional tax is due to the Municipality.

(iii) For tax years beginning prior to January 1, 2016, the tax commissioner is hereby authorized to provide by regulation that the municipal income

withholding tax return described in Section 311-29 of a pass-through entity that conducts business in the Municipality, showing the amount of municipal income tax withheld and remitted to the tax commissioner by said pass-through entity in respect of an owner's distributive share of the pass-through entity's net profit attributable to the Municipality, shall be accepted as the municipal income tax return required of such owner whose sole income subject to tax under this chapter is such distributive share. Where an owner has as his sole sources of income subject to tax under this chapter both qualifying wages described in this section and the distributive share of net profit described in this section, the tax commissioner is hereby authorized to accept as the municipal income tax return required of such owner the returns described in this section of the employer and the pass-through entity.

(b) The taxpayer making a municipal income tax return shall, at the time of filing thereof, pay to the tax commissioner the amounts of taxes shown as due thereon; provided, however, that where any portion of the tax so due shall have been deducted at the source, pursuant to the provisions of Sections 311-23 through 311-31, or where any portion of said tax shall have been paid by the taxpayer, pursuant to the provisions of Sections 311-33 through 311-37, or where an income tax, creditable against municipal income tax pursuant to Section 311-47, has been paid to another municipality or Joint Economic Development Zone or District, credit for the amount so paid shall be deducted from the amount of municipal income tax shown to be due and only the balance, if any, shall be due and payable at the time of filing said return. As provided in Ohio Revised Code section 718.051, for taxable years beginning on or after January 1, 2005, a business the net profits of which are subject to tax under this chapter may pay its municipal income tax by using the Ohio Business Gateway.

(i) For taxable years beginning on or after January 1, 2016, the taxpayer shall not be required to remit tax with respect to net profits if the amount due is ten dollars ($10) or less.

(ii) Any taxpayer not required to remit tax to the Municipality for a taxable year pursuant to subsection (b)(i) of this section shall file with the Municipality an annual net profit return under subsection (a) of this section.

(c) If an individual is deceased, any return or notice required of that individual shall be completed and filed by that decedent's executor, administrator, or other person charged with the property of that decedent.

(d) If an individual is unable to complete and file a return or notice required by the Municipality in accordance with this chapter, the return or notice required of that individual shall be completed and filed by the individual's duly authorized agent, guardian, conservator, fiduciary, or other person charged with the care of the person or property of that individual. Such person charged with the care of the person or property of that individual shall provide, with the filing of the return, appropriate documentation to support that they are authorized to file a return or notice on behalf of the taxpayer. This notice shall include any legally binding authorizations, and contact information including name, address, and phone number of the duly authorized agent, guardian, conservator, fiduciary, or other person.

(e) Returns or notices required of an estate or a trust shall be completed and filed by the fiduciary of the estate or trust. Such fiduciary shall provide, with the filing of the return, appropriate documentation to support that they are authorized to file a return or notice on behalf of the taxpayer. This notice shall include any legally binding authorizations, and contact information including name, address, and phone number of the fiduciary.

(f) Spouses may file either separate returns or a joint return for municipal income tax purposes, even though one of the spouses has neither taxable income nor deductions included on the municipal income tax return, regardless of whether their federal and state returns were filed separately or jointly. If a joint municipal income tax return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-53. Exception to Filing Requirement; Affidavit.

(a) As used in this section, "worksite location" has the same meaning as in Section 311-27 of this chapter.

(b) A person may notify the tax commissioner that the person does not expect to be a taxpayer with respect to the Municipality for a taxable year if both of the following conditions apply:

(i) The person was required to file a tax return with the Municipality for the immediately preceding taxable year because the person performed services at a worksite location within the Municipality, and the person has filed all appropriate and required returns and remitted all applicable income tax and withholding payments as provided by this chapter; and

(ii) The person no longer provides services in the Municipality, and does not expect to be subject to the Municipality's income tax for the taxable year.

(c) The person shall provide the notice in a signed affidavit that briefly explains the person's circumstances, including the location of the previous worksite location and the last date on which the person performed services or made any sales within the Municipality. The affidavit also shall include the following statement: "The affiant has no plans to perform any services within the City of Cincinnati, make any sales in the City of Cincinnati, or otherwise become subject to the tax levied by the City of Cincinnati during the taxable year. If the affiant does become subject to the tax levied by the municipal corporation for the taxable year, the affiant agrees to be considered a taxpayer and to properly register as a taxpayer with the City of Cincinnati, if such a registration is required by the City of Cincinnati's resolutions, ordinances, or rules." The person shall sign the affidavit under penalty of perjury.

(d) The tax commissioner is not required to accept an affidavit from a taxpayer who has not complied with the provisions of this chapter.

(e) If a person submits an affidavit described in subsection (c) of this section, the tax commissioner shall not require the person to file any tax return for the taxable year unless the tax commissioner possesses information that conflicts with the affidavit or if the circumstances described in the affidavit change, or the taxpayer has engaged in activity which results in work being performed, services provided, sales made, or other activity that results in municipal taxable income reportable to the Municipality in the taxable year. It shall be the responsibility of the taxpayer to comply with the

provisions of this chapter relating to the reporting and filing of municipal taxable income on an annual municipal income tax return, even if an affidavit has been filed with the tax commissioner for the taxable year. Nothing in this Section 311-53 prohibits the tax commissioner from performing an audit of the person.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-55. Extension of Time for Filing.

(a) (i) For tax years beginning prior to January 1, 2016, a request for extension for filing the municipal income tax return shall be filed no later than the original due date for filing such return, as set forth in Section 311-51 of this chapter. The extended due date of the municipal income tax return shall be the last day of the month following the month to which the due date of the federal income tax return has been extended. The taxpayer shall make the request by filing either a copy of the taxpayer's request for a federal filing extension or a written request with the tax commissioner.

(ii) (1) For tax years beginning on or after January 1, 2016, any taxpayer that has duly requested an automatic six-month extension for filing the taxpayer's federal income tax return shall automatically receive an extension for the filing of a municipal income tax return. The extended due date of the municipal income tax return shall be the fifteenth day of the tenth month after the last day of the taxable year to which the return relates. For tax years ending after December 31, 2022, the extended due date of municipal income tax return for a taxpayer that is not an individual shall be the fifteenth day of the eleventh month after the last day of the taxable year to which the return relates.

(2) Any taxpayer that qualifies for an automatic federal extension for a period other than six months for filing the taxpayer's federal income tax return shall automatically receive an extension for the filing of a municipal income tax return. The extended due date of the municipal income tax return shall be the same as that of the extended federal income tax return.

(3) A taxpayer that has not requested or received a six-month extension for filing the taxpayer's federal income tax return may request that the tax commissioner grant the taxpayer a six-month extension of the date for filing the taxpayer's municipal income tax return. If the request is received by the tax commissioner on or before the date the municipal income tax return is due, the tax commissioner shall grant the taxpayer's requested extension.

(b) Notwithstanding subsections (a)(i) and (a)(ii) above, on and after January 1, 2005, any taxpayer that is subject to municipal income tax on the taxpayer's net profit and that has received an extension to file the federal income tax return for the same tax year shall not be required to notify the Municipality of the federal extension and shall not be required to file the municipal income tax return for such tax year until the last day of the month to which the due date

for filing the federal income tax return has been extended; provided that, on or before the due date specified in Section 311-51 for filing the municipal income tax return, the taxpayer notifies the Ohio tax commissioner of the federal extension through the Ohio business gateway.

(c) The Municipality may deny a taxpayer's request for extension if the taxpayer fails to timely file a request, including the failure to file a copy of the federal extension request, if applicable.

(d) An extension of time to file under this chapter is not an extension of the time to pay any tax due unless the tax commissioner grants an extension of that date; hence, interest may apply to any unpaid tax during the period of the extension at the rate set forth in Sections 311-73 and 311-75. No penalty shall be assessed in those cases where the return is filed and the final tax paid within the extension period, provided all other filing and payment requirements have been fulfilled. However, if upon further examination, it becomes evident that declaration, filing or payment requirements have not been fulfilled, penalty and interest may be assessed in full in the same manner as though no extension for the filing of the municipal income tax return had been granted.

(e) If the State Tax Commissioner extends for all taxpayers the date for filing state income tax returns under division (G) of section 5747.08 of the Ohio Revised Code, a taxpayer shall automatically receive an extension for the filing of a municipal income tax return. The extended due date of the municipal income tax return shall be the same as the extended due date of the state income tax return.

(f) In the event the United States of America, the State of Ohio, Hamilton County or the Municipality has declared any part of the Municipality a disaster area, the tax commissioner may extend the time for filing of the annual return for a period not to exceed six (6) months for persons who have suffered injury or loss from the disaster. The city manager or city manager's designee shall establish guidelines for determining eligibility for and implementation of such extension. In the event an extension is granted, both penalty and interest shall be waived during the time of the extension.

(g) If a taxpayer receives an extension for the filing of a municipal income tax return under subsections (a) or (e) of this section, the tax administrator shall not make any inquiry or send any notice to the taxpayer with regard to the return on or before the date the taxpayer files the return or on or before the extended due date to file the return, whichever occurs first.

If a tax administrator violates subsection (g) of this section, the municipal corporation shall reimburse the taxpayer for any reasonable costs incurred to respond to such inquiry or notice, up to $150.

Subsection (g) of this section does not apply to an extension received under subsection (a) of this section if the tax administrator has actual knowledge that the taxpayer failed to file for a federal extension as required to receive the extension under subsections (a)(ii)(1) and (a)(ii)(2) of this section or failed to file for an extension under subsection (a)(ii)(3) of this section.

Sec. 311-57. Return and Payment of Tax; Individuals Serving in Combat Zone.

(a) Each member of the national guard of any state and each member of a reserve component of the armed forces of the United

States called to active duty pursuant to an executive order issued by the President of the United States or an act of the Congress of the United States, and each civilian serving as support personnel in a combat zone or contingency operation in support of the armed forces, may apply to the tax commissioner of the Municipality for both an extension of time for filing of the return and an extension of time for payment of taxes required by the Municipality in accordance with this chapter during the period of the member's or civilian's duty service and for one hundred eighty (180) days thereafter. The application shall be filed on or before the one hundred eightieth (180^{th}) day after the member's or civilian's duty terminates. An applicant shall provide such evidence as the tax commissioner considers necessary to demonstrate eligibility for the extension. The contract for installment payments, if any; the date(s) by which returns, reports, other tax documents or payments must be made; and the applicability of penalties or interest on any unpaid taxes shall be as provided in Section 718.052 of the Ohio Revised Code and the rules and regulations promulgated under this chapter.

(b) A qualifying taxpayer who is eligible for an extension under the Internal Revenue Code shall receive both an extension of time in which to file any return, report, or other tax document and an extension of time in which to make any payment of taxes required by the Municipality in accordance with Section 718.052 of the Ohio Revised Code and the rules and regulations promulgated under this chapter.

Sec. 311-59. Consolidated Return.

(a) As used in this section:

(i) "Affiliated group of corporations" means an affiliated group as defined in section 1504 of the Internal Revenue Code, except that, if such a group includes at least one incumbent local exchange carrier that is primarily engaged in the business of provid-

ing local exchange telephone service in this state, the affiliated group shall not include any incumbent local exchange carrier that would otherwise be included in the group.

(ii) "Consolidated federal income tax return" means a consolidated return filed for federal income tax purposes pursuant to section 1501 of the Internal Revenue Code.

(iii) "Consolidated federal taxable income" means the consolidated taxable income of an affiliated group of corporations, as computed for the purposes of filing a consolidated federal income tax return, before consideration of net operating losses or special deductions. "Consolidated federal taxable income" does not include income or loss of an incumbent local exchange carrier that is excluded from the affiliated group under subsection (a)(i) of this section.

(iv) "Incumbent local exchange carrier" has the same meaning as in section 4927.01 of the Revised Code.

(v) "Local exchange telephone service" has the same meaning as in section 5727.01 of the Revised Code.

(b) A taxpayer that is a member of an affiliated group of corporations may elect to file a consolidated municipal income tax return for a taxable year if the affiliated group of corporations filed a consolidated federal income tax return with respect to that taxable year and if one of the following applies:

(i) For tax years beginning prior to January 1, 2016, all of the members of the affiliated group of corporations are subject to the municipal income tax in that taxable year; or

(ii) For tax years beginning on or after January 1, 2016, at least one member of the affiliated group of corporations is subject to the municipal income tax in that taxable year.

(c) For tax years beginning prior to January 1, 2016:

(i) An affiliated group of corporations subject to the tax imposed by this chapter that properly files a consolidated return in accordance with subsection (b)(i) of this section must file a consolidated return that includes those corporations in the group that are subject to municipal income tax for each succeeding taxable year in which the group files a consolidated return for federal income tax purposes unless, on or before the due date (taking into account extensions of time properly granted) of the return for a taxable year, the affiliated group obtains the permission of the tax commissioner to cease filing a consolidated return for that year;

(ii) A consolidated return shall include information to disclose the net profit or loss of each corporate member of the group before consolidation;

(iii) Profits and losses are combined after the schedules are separately applied to each respective corporation in the affiliated group;

(iv) Losses incurred by a corporation prior to the period of the consolidation year may be carried forward to the period of consolidation and applied against the allocated profit or loss of the same corporation, but such loss may not be used to reduce the income of other corporate members of the consolidated filing;

(v) If the tax commissioner finds net profits are not properly allocated to

the Municipality for any reason, the filing of separate returns or other adjustments may be required by the tax commissioner as may be necessary to produce a fair and proper allocation;

(vi) In the case of a corporation that carried on transactions with its stockholders or with other corporations related by stock ownership, interlocking directorates or some other method, or in case any person operates a division, branch, factory, office, laboratory or activity within the Municipality constituting only a portion of its total business, the tax commissioner shall require such additional information as the tax commissioner deems necessary to ascertain whether net profits are properly allocated to the Municipality. If the tax commissioner finds the net profits are not properly allocated to the Municipality by reason of transactions with stockholders or with other corporations related by stock ownership, interlocking directorates or transactions with a division, branch, factory, office, laboratory or activity, or by some other method, the tax commissioner shall make such adjustments to, and allocation of, net profits to fairly and reasonably reflect the proper allocation of net profits to the Municipality.

(d) For tax years beginning on or after January 1, 2016:

(i) An election made pursuant to subsection (b)(ii) of this section is binding for a five-year period beginning with the first (1st) taxable year of the initial election unless a change in the reporting method is required under federal law;

(1) The election continues to be binding for each subsequent five-year period unless the taxpayer elects to discontinue filing consolidated municipal income tax returns under subsection (d)(i)(2) of this section or the taxpayer receives permission from the tax commissioner. The tax commissioner shall approve such a request for good cause shown;

(2) An election to discontinue filing consolidated municipal income tax returns under this section must be made in the first (1st) year following the last year of a five-year consolidated municipal income tax return election period in effect under subsection (d)(i)(1) of this section. The election to discontinue filing a consolidated municipal income tax return is binding for a five-year period beginning with the first (1st) taxable year of the election;

(ii) A taxpayer that is a member of an affiliated group of corporations that filed a consolidated federal income tax purposes pursuant to Section 1501 of the Internal Revenue Code return for a taxable year shall file a consolidated municipal income tax return for that taxable year if the tax commissioner determines, by a preponderance of the evidence, that intercompany transactions have not been conducted at arm's length and that there has been a distortive shifting of income or expenses with regard to allocation of net profits to the Municipality. A taxpayer that is required to file a consolidated municipal income tax return for a taxable year shall file a consolidated municipal income tax return in all subsequent taxable years unless the

taxpayer requests and receives written permission from the tax commissioner to file a separate return or a taxpayer has experienced a change in circumstances;

(iii) (1) Except as otherwise provided in subsections (d)(iii)(2), (3), and (4) of this section, corporations that file a consolidated municipal income tax return shall compute adjusted federal taxable income, as defined in Section 311-9-A1 of this chapter, by substituting "consolidated federal taxable income" for "federal taxable income" wherever "federal taxable income" appears in that division and by substituting "an affiliated group of corporation's" for "a C corporation's" wherever "a C corporation's" appears in that division;

(2) No corporation filing a consolidated municipal income tax return shall make any adjustment otherwise required under Section 311-9-A1 of this chapter to the extent that the item of income or deduction otherwise subject to the adjustment has been eliminated or consolidated in the computation of consolidated federal taxable income;

(3) If the net profit or loss of a pass-through entity having at least eighty percent (80%) of the value of its ownership interest owned or controlled, directly or indirectly, by an affiliated group of corporations is included in that affiliated group's consolidated federal taxable income for a taxable year, the corporation filing a consolidated municipal income tax return shall do one of the following with respect to that pass-through entity's net profit or loss for that taxable year:

(A) Exclude the pass-through entity's net profit or loss from the consolidated federal taxable income of the affiliated group and, for the purpose of making the computations required in Section 311-13 of this chapter, exclude the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situsedto a municipal corporation. If the entity's net profit or loss is so excluded, the entity shall be subject to taxation as a separate taxpayer on the basis of the entity's net profits that would otherwise be included in the consolidated federal taxable income of the affiliated group;

(B) Include the pass-through entity's net profit or loss in the consolidated federal taxable income of the affiliated group and, for the purpose of making the computations required in Section 311-13 of this chapter, include the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situsedto a municipal corporation. If the entity's net profit or loss is so included, the entity shall

not be subject to taxation as a separate taxpayer on the basis of the entity's net profits that are included in the consolidated federal taxable income of the affiliated group;

(4) If the net profit or loss of a pass-through entity having less than eighty percent (80%) of the value of its ownership interest owned or controlled, directly or indirectly, by an affiliated group of corporations is included in that affiliated group's consolidated federal taxable income for a taxable year, all of the following shall apply:

(A) The corporation filing the consolidated municipal income tax return shall exclude the pass-through entity's net profit or loss from the consolidated federal taxable income of the affiliated group and, for the purposes of making the computations required in Section 311-13 of this chapter, exclude the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situsedto a municipal corporation; and

(B) The pass-through entity shall be subject to municipal income taxation as a separate taxpayer in accordance with this chapter on the basis of the entity's net profits that would otherwise be included in the consolidated federal taxable income of the affiliated group;

(e) An election made under subsections (b)(i), (b)(ii) or (d)(i)(2) of this Section 311-59 is binding on all members of the affiliated group of corporations subject to a municipal income tax.

(f) Corporations filing a consolidated municipal income tax return shall make the computations required under Section 311-13 of this chapter by substituting "consolidated federal taxable income attributable to" for "net profit from" wherever "net profit from" appears in that section and by substituting "affiliated group of corporations" for "taxpayer" wherever "taxpayer" appears in that section.

(g) Each corporation filing a consolidated municipal income tax return is jointly and severally liable for any tax, interest, penalties, fines, charges, or other amounts imposed by a municipal corporation in accordance with this chapter on the corporation, an affiliated group of which the corporation is a member for any portion of the taxable year, or any one or more members of such an affiliated group.

Sec. 311-61. Determination of Timely Filing and Payment.

This section shall not apply to payments required to be made under subsections (b)(ii) or (b)(iii) of Section 311-23 of this chapter.

(a) If any report, claim, statement, or other document required to be filed, or any payment required to be made, within a prescribed period or on or before a prescribed date under this chapter is delivered after that period to the tax commissioner or other municipal official with which the report, claim, statement, or other document is required to be filed, or to which the payment is required to be made, the date of the postmark stamped on the cover in which the report, claim, statement, or other document, or payment is mailed shall be deemed to be the date of delivery or the date of payment. "The date of postmark" means, in the event there is more than one date on the cover, the earliest date imprinted on the cover by the postal service.

(b) If a payment under this chapter is made by electronic funds transfer, the payment shall be considered to be made on the date of the timestamp assigned by the first electronic system receiving that payment , except that, when a payment made by electronic funds transfer is delayed due to circumstances not under the control of the taxpayer, the payment is considered to be made when the taxpayer submitted the payment. For purposes of this section, "submitted the payment" means the date which the taxpayer has designated for the delivery of payment, which may or may not be the same date as the date the payment was initiated by the taxpayer.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 019-2018, § 1, eff. March 22, 2018)

Sec. 311-63. Forms for Filing; Documents Required.

(a) The municipal income tax return shall be filed with the tax commissioner on a form or forms available to the public through the Internet or furnished by or obtainable upon request from the tax commissioner or on a generic form, if the generic form contains all information required by ordinances, resolutions, or rules adopted by the Municipality or the tax commissioner to be submitted with the prescribed municipal income tax return and if the taxpayer or return preparer filing the generic form otherwise complies with the requirements of this chapter governing the filing of returns, reports or documents. Such required information includes: taxpayer identification number; specification of municipal income tax year involved; and if a federal form is used, a statement that indicates the municipal income tax purpose for which the federal form is intended as a substitute, such as power of attorney, extension of time in which to file, and the like. The municipal income tax return shall set forth:

(i) The aggregate amounts of qualifying wages and other taxable income earned or received during the preceding year and subject to municipal income tax, and gross income from any business, less allowable expenses incurred in the acquisition of such

gross income, earned during the preceding year and subject to said tax;

(ii) The amount of the tax imposed by this chapter on such taxable income; and

(iii) Such other pertinent statements, information returns, copies of federal or state tax returns or schedules, or other information as the tax commissioner may require, including a statement that the figures used in the municipal income tax return are the figures used in the return for federal income tax, adjusted to set forth only such income as is taxable under the provisions of this chapter.

(b) Each return required to be filed under this section shall be verified by a declaration under penalty of perjury and shall contain the signature of the taxpayer or the taxpayer's duly authorized agent and of the person who prepared the return for the taxpayer. A facsimile of any required signature shall be accepted in lieu of a manual signature.

(c) Each returned required to be filed under this section shall include all supporting documents identified in the rules and regulations promulgated under this chapter and as set forth in section 718.05 of the Ohio Revised Code or which will enable the tax commissioner to verify credits, income, losses, or other pertinent factors on the return. After a taxpayer files a tax return, the tax commissioner shall request, and the taxpayer shall provide, any information, statements, or documents required by the Municipality to determine and verify the taxpayer's municipal income tax liability.

(d) An incomplete return shall be considered not filed, and the taxpayer shall be subject to late fees and penalties unless a complete return is filed by the date such return is due.

(e) If the tax commissioner considers it necessary in order to ensure the payment of the tax imposed by the Municipality in accordance with this chapter, the tax commissioner may require taxpayers to file returns and make payments otherwise than as provided in this section, including taxpayers not otherwise required to file annual returns.

(f) With respect to taxpayers to whom Section 311-59 of this chapter applies, to the extent that any provision in this division conflicts with any provision in Section 311-59 of this chapter, the provision in Section 311-59 shall prevail.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-65. Requiring Identifying Information.

(a) The tax commissioner may require any person filing a tax document with the tax commissioner to provide identifying information, which may include the person's social security number, federal employer identification number, or other identification number requested by the tax commissioner. A person required by the tax commissioner to provide identifying information that has experienced any change with respect to that information shall notify the tax commissioner of the change before, or upon, filing the next tax document requiring the identifying information.

(b) (i) If the tax commissioner makes a request for identifying information and the tax commissioner does not receive valid identifying information within thirty (30) days of making the request, the tax commissioner may impose a penalty upon the person to whom the request was directed pursuant to Sections 311-73 and 311-75 of

this chapter, in addition to any applicable penalty described in Section 311-999 of this chapter.

(ii) If a person required by the tax commissioner to provide identifying information does not notify the tax commissioner of a change with respect to that information as required under subsection (a) of this section within thirty (30) days after filing the next tax document requiring such identifying information, the tax commissioner may impose a penalty pursuant to Sections 311-73 and 311-75 of this chapter.

(iii) The penalties provided for under subsections (b)(i) and (ii) of this section may be billed and imposed in the same manner as the tax or fee with respect to which the identifying information is sought and are in addition to any applicable criminal penalties described in Section 311-999 of this chapter for a violation of Section 311-91 of this chapter and any other penalties that may be imposed by the tax commissioner by law.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-67. Use of Ohio Business Gateway; Types of Filings Authorized.

(a) Any taxpayer subject to municipal income taxation with respect to the taxpayer's net profit from a business or profession may file any municipal income tax return or, estimated municipal income tax return, or extension for filing a municipal income tax return, and may make payment of amounts shown to be due on such returns, by using the Ohio Business Gateway.

(b) Any employer, agent of an employer, or other payer may report the amount of municipal income tax withheld from qualifying wages, and may make remittance of such amounts, by using the Ohio Business Gateway.

(c) Nothing in this section affects the due dates for filing employer withholding tax returns or deposit of any required tax.

(d) The use of the Ohio Business Gateway by municipal corporations, taxpayers, or other persons does not affect the legal rights of municipalities or taxpayers as otherwise permitted by law. The State of Ohio shall not be a party to the administration of municipal income taxes or to an appeal of a municipal income tax matter, except as otherwise specifically provided by law.

(e) Nothing in this section shall be construed as limiting or removing the authority of any municipal corporation to administer, audit, and enforce the provisions of its municipal income tax.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-69. Amended Returns; Effect of Federal or State Tax Determination.

(a) (i) A taxpayer shall file an amended return with the tax commissioner in such form as the tax commissioner requires if any of the facts, figures, computations, or attachments required in the taxpayer's annual return to determine the tax due levied by the Municipality in accordance with this chapter must be altered.

(ii) (1) For tax years beginning prior to January 1, 2016, within three (3) months after the final determination of any federal tax liability affecting the taxpayer's municipal income tax liability, such taxpayer shall make and file an amended municipal income tax return showing taxable

income subject to the municipal income tax based upon such final determination of federal tax liability, and such taxpayer shall pay any additional municipal income tax shown due thereon or make a claim for refund of any overpayment.

(2) For tax years beginning on or after January 1, 2016, within sixty (60) days after the final determination of any federal or state tax liability affecting the taxpayer's municipal income tax liability, such taxpayer shall make and file an amended municipal income tax return showing taxable income subject to the municipal income tax based upon such final determination of federal or state tax liability, and such taxpayer shall pay any additional municipal income tax shown due thereon or make a claim for refund of any overpayment, unless the tax or overpayment is ten dollars ($10) or less.

(iii) If a taxpayer intends to file an amended consolidated municipal income tax return, or to amend its type of return from a separate return to a consolidated return, based on the taxpayer's consolidated federal income tax return, the taxpayer shall notify the tax commissioner before filing the amended return.

(b) (i) In the case of an underpayment, the amended return shall be accompanied by payment of any combined additional tax due together with any penalty and interest thereon. If, for tax years beginning before January 1, 2016 the combined tax shown to be due is five dollars ($5) or less, or for tax years beginning on or after January 1, 2016 the combined tax shown to be due is ten dollars ($10) or less, such amount need not accompany the amended return. Except as provided under subsection (b)(ii) of this section, the amended return shall not reopen those facts, figures, computations, or attachments from a previously filed return that are not affected, either directly or indirectly, by the adjustment to the taxpayer's federal or state income tax return unless the applicable statute of limitations for civil actions or prosecutions under Section 311-99 or subsection (h) of Section 311-999, respectively, has not expired for a previously filed return.

(ii) The additional tax to be paid shall not exceed the amount of tax that would be due if all facts, figures, computations, and attachments were reopened.

(c) (i) In the case of an overpayment resulting from adjustments to the taxpayer's federal or state income tax return, a request for refund may be filed under this division within the period prescribed by Section 311-69 of this chapter for filing the amended return even if it is filed beyond the period prescribed in subsection (e) of section 311-99 if it otherwise conforms to the requirements of that subsection. If, for tax years beginning before January 1, 2016, the amount of the refund is five dollars ($5) or less, or for tax years beginning on or after January 1, 2016 the amount of the refund is ten dollars ($10) or less, no refund need be paid by the Municipality to the taxpayer. Except as set forth in subsection (c)(ii) of this section, a request filed under this subsection shall claim refund of

overpayments resulting from alterations to only those facts, figures, computations, or attachments required in the taxpayer's annual return that are affected, either directly or indirectly, by the adjustment to the taxpayer's federal or state income tax return unless it is also filed within the time prescribed in Section 311-71 of this chapter. Except as set forth in subsection (c)(ii) of this section, the request shall not reopen those facts, figures, computations, or attachments that are not affected, either directly or indirectly, by the adjustment to the taxpayer's federal or state income tax return.

(ii) The amount to be refunded shall not exceed the amount of refund that would be due if all facts, figures, computations, and attachments were reopened.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-71. Overpayments; Refunds.

(a) (i) A taxpayer who has overpaid the amount of tax to which the Municipality is entitled under the provisions of this chapter may have such overpayment applied against any subsequent liability hereunder. In such case, the overpayment is considered to be an estimated tax payment made as of the date of the postmark, as defined in Section 311-33(b)(iii)(2) of this chapter, stamped on the cover in which the payment is mailed or, if the payment is made by electronic funds transfer, the date the payment is submitted.

(ii) Alternatively, upon receipt of a request for a refund, the tax commissioner, in accordance with this section, shall refund to employers, agents of employers, other payers, or taxpayers, the taxpayer's assigns, or legal representative with respect to any income or withholding tax levied by the Municipality, overpayments or amounts paid erroneously if the refund requested is more than five dollars ($5) for tax years beginning prior to January 1, 2016 or more than ten dollars ($10) for tax years beginning on or after January 1, 2016.

(b) (i) Except as otherwise provided in this chapter, municipal income taxes erroneously paid shall not be refunded unless a claim for refund is made within the later of three (3) years from the date on which such payment was made or the municipal income tax return was due; or

(1) For tax years beginning prior to January 1, 2016, three (3) months after final determination of the taxpayer's federal income tax liability; or

(2) For tax years beginning on or after January 1, 2016, within sixty (60) days after the final determination of any federal or state tax liability affecting the taxpayer's municipal tax liability;

(ii) Any documentation that substantiates the taxpayer's claim for a refund must be included with the return filing. Failure to remit all documentation, including schedules, other municipal income tax returns, or other supporting documentation necessary to verify credits, income, losses or other pertinent factors on the return will cause delay in processing, and/or disallowance of undocumented credits or losses.

(iii) A request for a refund that is received after the last day for filing specified in subsection (b)(i) of this section

shall be considered to have been filed in a timely manner if any of the following situations exist:

(1) The request is delivered by the postal service, and the earliest postal service postmark on the cover in which the request is enclosed is not later than the last day for filing the request;

(2) The request is delivered by the postal service, the only postmark on the cover in which the request is enclosed was affixed by a private postal meter, the date of that postmark is not later than the last day for filing the request, and the request is received within seven (7) days of such last day; or

(3) The request is delivered by the postal service, no postmark date was affixed to the cover in which the request is enclosed or the date of the postmark so affixed is not legible, and the request is received within seven (7) days of the last day for making the request.

(c) (i) On filing of the refund request, the tax commissioner shall determine the amount of refund due and request certify such amount to the treasurer of the Municipality for payment. Except as provided in subsection (c)(ii) of this section, the tax commissioner shall issue an assessment to any taxpayer whose request for refund is fully or partially denied. The assessment shall state the amount of the refund that was denied, the reasons for the denial, and instructions for appealing the assessment.

(ii) If the tax commissioner denies in whole or in part a refund request included within the taxpayer's originally filed annual income tax return, the tax commissioner shall notify the taxpayer, in writing, of the amount of the refund that was denied, the reasons for the denial, and instructions for requesting an assessment that may be appealed under Section 311-97 of this chapter.

(d) Interest shall be allowed and paid on any overpayment by a taxpayer of any municipal income tax obligation from the date of the overpayment until the date of the refund of the overpayment, except that if any overpayment is refunded within ninety (90) days after the final filing date of the annual return or ninety (90) days after the completed return is filed, whichever is later, no interest shall be allowed on the refund. For the purpose of computing the payment of interest on amounts overpaid, no amount of tax for any taxable year shall be considered to have been paid before the date on which the return on which the tax is reported is due, without regard to any extension of time for filing that return. Interest shall be paid at the interest rates described in Sections 311-73 and 311-75 of this chapter.

(e) As used in this section, "withholding tax" has the same meaning as in Section 311-75 of this chapter.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-73. Interest, Fees, Charges and Civil Penalties for Tax Years Beginning Prior to January 1, 2016.

(a) All taxes imposed and all monies withheld or required to be withheld by employers under the provisions of this chapter and remaining unpaid after they become due shall bear simple interest at the rate prescribed annually by the tax commissioner of the State of Ohio in accordance

with the formula set forth in Section 5703.47 of the Ohio Revised Code. The interest rate(s) charged shall be the interest rate(s) in effect at the time(s) the delinquent taxes were due.

(b) In addition to interest as provided in subsection (a) hereof, penalties based on the unpaid municipal income tax are hereby imposed as follows:

(i) For failure to pay taxes due, other than taxes withheld: One and one-half percent (1.5%) per month or fraction thereof that the amount remains past due.

(ii) For failure to remit taxes withheld from employees pursuant to Section 311-23 and owners of pass-through entities pursuant to Section 311-29: Five percent (5%) per month or fraction thereof that the amount remains past due.

(iii) For failure to make and file a return with the tax commissioner pursuant to Sections 311-23, 311-41, 311-51, or 311-99: Fifty dollars ($50) per return.

(c) In addition to interest as provided in subsection (a) hereof and penalties as provided in subsection (b) hereof, a penalty of one-half percent (0.5%) of the municipal income tax required to be withheld and remitted by an employer may be imposed on employers who are required to remit payment of withholding taxes electronically and who fail to do so.

(d) *Exceptions.* A penalty shall not be assessed on an additional tax assessment made by the tax commissioner when the municipal income tax return has been filed in good faith and the tax paid thereon within the time prescribed by the tax commissioner; and provided further that in the absence of fraud, neither penalty nor interest shall be assessed on any additional tax assessment resulting from a federal audit providing an amended municipal income tax return is filed and the additional tax is paid within three (3) months after the final determination of the federal tax liability.

(e) Upon recommendation of the tax commissioner, the director of finance may abate penalty or interest, or both, under uniform guidelines adopted by the board of review. (Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-75. Interest, Fees, Charges and Civil Penalties for Tax Years Beginning on or After January 1, 2016.

(a) As used in this section:

the federal short-term rate is determined in accordance with subsection (a)(ii) of this section.

(v) "Return" includes any tax return, report, reconciliation, schedule, and other document required to be filed with the tax commissioner by a taxpayer, employer, any agent of the employer, or any other payer pursuant to applicable law, including at any time before January 1, 2016.

(vi) "Unpaid estimated income tax" means estimated income tax due but not paid by the date the tax is required to be paid under applicable law.

(ix) "Withholding tax" includes amounts an employer, any agent of an employer, or any other payer did not withhold in whole or in part from an employee's qualifying wages, but that, under applicable law, the employer, agent, or other payer is required to withhold from an employee's qualifying wages.

(b) (i) This section shall apply to the following:

(1) Any return required to be filed under applicable law for taxable years beginning on or after January 1, 2016; and

(2) Income tax, estimated income tax, and withholding tax required to be paid or remitted to the Municipality on or after January 1, 2016 for taxable years beginning on or after January 1, 2016.

(ii) This section does not apply to returns required to be filed or payments required to be made before January 1, 2016, regardless of the filing or payment date. Returns required to be filed or payments required to be made before January 1, 2016, but filed or paid after that date shall be subject to the provisions of Section 311-73 of this chapter.

(c) A taxpayer, employer, any agent of the employer, and any other payer who fails for any reason, in whole or in part, to make timely and full payment or remittance of income tax, estimated income tax, or withholding tax due to the Municipality or to file timely with the Municipality any return required to be filed shall be liable for interest and penalties as set forth in this section.

(i) Interest shall be imposed at the rate defined as "interest rate as described in subsection (a) of this section," per annum, on all unpaid income tax, unpaid estimated income tax, and unpaid withholding tax. This imposition of interest shall be assessed per month, or fraction of a month.

(ii) With respect to unpaid income tax and unpaid estimated income tax, a penalty equal to fifteen percent of the amount not timely paid shall be imposed.

(iii) With respect to any unpaid withholding tax, a penalty not exceeding fifty percent of the amount not timely paid shall be imposed.

(iv) For tax years ending on or before December 31, 2022, with respect to returns other than estimated income tax returns, the Municipality may impose a penalty of $25 for each failure to timely file each return,

regardless of the liability shown thereon for each month, or any fraction thereof, during which the return remains unfiled regardless of the liability shown thereon.

(v) For tax years ending after December 31, 2022, with respect to returns other than estimated income tax returns, the Municipality may impose a penalty not exceeding $25 for each failure to timely file each return, regardless of the liability shown thereon, except that the Municipality shall abate or refund the penalty assessed on a taxpayer's first failure to timely file a return after the taxpayer files that return.

(d) With respect to income taxes, estimated income taxes, withholding taxes, and returns, the Municipality shall not do either of the following:

(i) Impose, seek to collect, or collect any penalty, amount of interest, charges or additional fees not described in this section; or

(ii) Refund or credit any penalty, amount of interest, charges, or additional fees that were properly imposed or collected before January 1, 2016.

(e) The tax commissioner may, in the tax commissioner's sole discretion, abate or partially abate penalties or interest imposed under this section when the tax commissioner deems such abatement or partial abatement to be appropriate. Such abatement or partial abatement shall be properly documented and maintained on the record of the taxpayer who received benefit of such abatement or partial abatement.

(f) The Municipality's post-judgment collection costs and fees, including attorney's fees, are imposed on and shall be collectible from the taxpayer, employer, any agent of the employer, or any other payer.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 019-2018, § 1, eff. March 22, 2018; a. Ord. No. 408-2023, § 1, eff. Dec. 6, 2023)

A person may round to the nearest whole dollar all amounts the person is required to enter on any return, report, voucher, or other document required under this chapter. Any fractional part of a dollar that equals or exceeds fifty cents shall be rounded to the next whole dollar, and any fractional part of a dollar that is less than fifty cents ($0.50) shall be dropped, rounding down to the nearest whole dollar. If a person chooses to round amounts entered on a document, the person shall round all amounts entered on the document.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-79. Audit.

(a) At or before the commencement of an audit, as defined in Section 311-9-A3 of this chapter, the tax commissioner shall provide to the taxpayer a written description of the roles of the tax commissioner and of the taxpayer during an audit and a statement of the taxpayer's rights, including any right to obtain a refund of an overpayment of tax. At or before the commencement of an audit, the tax commissioner shall inform the taxpayer when the audit is considered to have commenced.

(b) Except in cases involving suspected criminal activity, the tax commissioner shall conduct an audit of a taxpayer during regular business hours and after providing reasonable notice to the taxpayer. A taxpayer who

is unable to comply with a proposed time for an audit on the grounds that the proposed time would cause inconvenience or hardship must offer reasonable alternative dates for the audit.

(c) At all stages of an audit by the tax commissioner, a taxpayer is entitled to be assisted or represented by an attorney, accountant, bookkeeper, or other tax practitioner, and the taxpayer may designate, on a form prescribed by the tax commissioner, such a person to assist or represent the taxpayer in the conduct of any proceedings resulting from actions by the tax commissioner. If a taxpayer has not submitted such a form, the tax commissioner may accept other evidence, as the tax commissioner considers appropriate, that a person is the authorized representative of a taxpayer.

A taxpayer may refuse to answer any questions asked by the person conducting an audit until the taxpayer has an opportunity to consult with the taxpayer's attorney, accountant, bookkeeper, or other tax practitioner. This division does not authorize the practice of law by a person who is not an attorney.

(d) A taxpayer may record, electronically or otherwise, the audit examination.

(e) The failure of the tax commissioner to comply with a provision of this section shall neither excuse a taxpayer from payment of any taxes owed by the taxpayer nor cure any procedural defect in a taxpayer's case.

(g) If the tax commissioner fails to substantially comply with the provisions of this section, the tax commissioner, upon application by the taxpayer, shall excuse the taxpayer from penalties and interest arising from the audit.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-81. Duty of Taxpayer to Retain Records.

Every taxpayer shall retain all records necessary to compute municipal income tax liability for the following periods unless the tax commissioner, in writing, consents to their destruction within that period, or by order requires that they be kept longer:

(a) For tax years beginning before January 1, 2016, for a period of three (3) years from the date the annual municipal income tax return is filed, or the municipal income taxes required to be withheld are paid; or

(b) For tax years beginning on or after January 1, 2016, for a period of six (6) years following the end of the taxable year to which the records or documents relate.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-83. Compromise of Claim and Payment Over Time.

(a) As used in this section, "claim" means a claim for an amount payable to the Municipality that arises pursuant to the municipal income tax imposed in accordance with this chapter.

(b) For municipal income tax liability associated with any tax year beginning prior to January 1, 2016, subject to the consent of the local board of review or pursuant to regulation approved by the city manager, the tax commissioner shall have the power to compromise any liability imposed by this chapter. Rules and regulations adopted by the tax commissioner and approved by the city manager prior to the effective date of any amendment of this chapter shall remain in full force and effect, unless modified in the manner set forth in this section, to the extent that such rules and regulations do not conflict with this chapter, as amended.

(c) For municipal income tax liability associated with any tax year beginning on or after January 1, 2016, the tax commissioner may do either of the following if such action is in the best interests of the Municipality:

(i) Compromise a claim; or

(ii) Extend for a reasonable period the time for payment of a claim by agreeing to accept monthly or other periodic payments, upon such terms and conditions as the tax commissioner may require.

(d) The tax commissioner's rejection of a compromise or payment-over-time agreement proposed by a person with respect to a claim shall not be appealable.

(e) A compromise or payment-over-time agreement with respect to a claim shall be binding upon and shall inure to the benefit of only the parties to the compromise or agreement, and shall not extinguish or otherwise affect the liability of any other person.

(f) (i) A compromise or payment-over-time agreement with respect to a claim shall be void if the taxpayer defaults under the compromise or agreement or if the compromise or agreement was obtained by fraud or by misrepresentation of a material fact. Any amount that was due before the compromise or agreement and that is unpaid shall remain due, and any penalties or interest that would have accrued in the absence of the compromise or agreement shall continue to accrue and be due.

(ii) The tax commissioner shall have sole discretion to determine whether or not penalty, interest, charges or applicable fees will be assessed through the duration of any compromise or payment-over-time agreement.

(g) The tax commissioner may require that the taxpayer provide detailed financial documentation and information, in order to determine whether or not a payment-over-time agreement will be authorized. The taxpayer's failure to provide the necessary and required information by the tax commissioner shall preclude consideration of a payment-over-time agreement.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-85. Duties of Tax Commissioner; Collection; Enforcement; Tax Determination.

(a) It shall be the duty of the tax commissioner to collect and receive the tax imposed by this chapter in the manner prescribed herein, and to keep an accurate record thereof, and to report all monies received.

(b) It shall be the duty of the tax commissioner to enforce payment of income taxes owing the Municipality, to keep accurate records, for a minimum of five (5) years, showing the amount due from each taxpayer required to file a declaration or make any return, including a return of taxes withheld, and to show the dates and amounts of payments thereof. As provided in Ohio Revised Code section 718.01(A)(1), nothing in Ohio Revised Code chapter 718 shall be construed as limiting or removing the ability of the Municipality to administer, audit and enforce the provisions of this chapter.

(c) The tax commissioner is hereby charged with the enforcement of the provisions of this chapter, and is hereby empowered, subject to the approval of the city manager, to adopt and promulgate and to enforce rules and regulations authorized or required by this chapter relating to any matter or thing pertaining to the collection and payments of taxes and the administration and enforcement of the provisions of this chapter, including provisions for the re-examination and correction of returns.

(d) Not less than ten (10) days before the approval by the city manager of any rule or regulation recommended for adoption and promulgation by the tax commissioner, a public hearing shall be held by the city manager or one designated by the city manager. Notice of the time and place of the public hearing and the text of the proposed rule or regulation shall be published in the City Bulletin for two (2) consecutive weeks

within the thirty-day period immediately preceding the public hearing. The city manager, after having conducted or reviewed the substance of the public hearing, shall approve, disapprove or modify the proposed rule or regulation. The rule or regulation shall be promulgated by publication in the City Bulletin within thirty (30) days after its approval by the city manager.

(e) In any case where a taxpayer has failed to file a return or has filed a return that does not show the proper amount of municipal income tax due, the tax commissioner may determine the amount of tax appearing to be due the Municipality from the taxpayer and issue an assessment to such taxpayer, as provided in Section 311-95, showing the amount of tax so determined, together with interest and penalties thereon, if any.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-87. Investigative Powers of Tax Commissioner; Right to Examine.

(a) The tax commissioner, or any authorized agent or employee of the tax commissioner, is authorized to examine the books, papers, records and federal and state income tax returns of any employer, taxpayer, or any other person subject to, or that the tax commissioner believes is subject to, the provisions of this chapter, for the purpose of verifying the accuracy of any return made, or, if no return was filed, to ascertain the tax or withholdings due under this chapter. Every such employer, supposed employer, taxpayer, supposed taxpayer, or other person subject to this section, is hereby directed and required to furnish, upon written request of the tax commissioner or duly authorized agent or employee thereof, the opportunity for making such examinations and investigations as are hereby authorized at a reasonable time and place designated in the request.

(b) The records and other documents of any taxpayer, employer, or other person that is subject to, or that the tax commissioner believes is subject to, the provisions of this chapter shall be open to the tax commissioner's inspection during business hours and shall be preserved for a period of six (6) years following the end of the taxable year to which the records or documents relate, unless the tax commissioner, in writing, consents to their destruction within that period, or by order requires that they be kept longer. The tax commissioner may require any person, by notice served on that person, to keep such records as the tax commissioner determines necessary to show whether or not that person is liable, and the extent of such liability, for the income tax levied by the Municipality or for the withholding of such tax.

(c) The tax commissioner is hereby authorized to order any person that the tax commissioner reasonably believes has knowledge of the facts, whether as a party or witness, to appear at the office of the tax commissioner to examine such person, under oath, concerning any income which was or should have been returned for municipal income taxation, or withheld, or any transaction tending to affect such income, and for this purpose may compel any such person to attend a hearing or examination and to produce any books, papers, records and federal and state income tax returns in such person's possession or control. The person may be assisted or represented by an attorney, accountant, bookkeeper, or other tax practitioner at any such hearing or examination. This division does not authorize the practice of law by a person who is not an attorney.

(d) No person issued written notice by the tax commissioner compelling attendance at a hearing or examination or the produc-

tion of books, papers, records, or federal and state income tax returns under this section shall fail to comply.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-89. Administrative Powers of the Tax Commissioner.

The tax commissioner has the authority to perform all duties and functions necessary and appropriate to implement the provisions of this chapter, including without limitation:

(a) Exercise all powers of an inquisitorial nature as provided by law, including, in addition to the powers set forth in Section 311-87 of this chapter, to issue orders or subpoenas for the production of books, accounts, papers, records, documents, and testimony, to take depositions, to apply to a court for attachment proceedings as for contempt, to approve vouchers for the fees of officers and witnesses, and to administer oaths; provided that the powers set forth in this subsection (a) shall be exercised by the tax commissioner only in connection with the performance of the tax commissioner's duties under this chapter;

(b) Appoint agents and prescribe their powers and duties;

(c) Confer and meet with officers of other municipal corporations and states and officers of the United States on any matters pertaining to their respective official duties as provided by law;

(f) Destroy any or all returns or other tax documents in the manner authorized by law;

(g) Enter into an agreement with a taxpayer to simplify the withholding obligations described in Section 311-23 of this chapter; and

(h) Exercise the authority provided by law to take any action necessary to fulfill the responsibilities and duties of the tax commissioner under this chapter.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-91. Fraud.

No person shall knowingly make, present, aid, or assist in the preparation or presentation of a false or fraudulent report, return, schedule, statement, claim, or document

authorized or required by municipal corporation ordinance or state law to be filed with the tax commissioner, or knowingly procure, counsel, or advise the preparation or presentation of such report, return, schedule, statement, claim, or document, or knowingly change, alter, or amend, or knowingly procure, counsel or advise such change, alteration, or amendment of the records upon which such report, return, schedule, statement, claim, or document is based with intent to defraud the Municipality or the tax commissioner.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-93. Opinion of the Tax Commissioner.

(a) An "opinion of the tax commissioner" means an opinion issued under this section with respect to prospective municipal income tax liability. It does not include ordinary correspondence of the tax commissioner.

(b) A taxpayer may submit a written request for an opinion of the tax commissioner as to whether or how certain income, source of income, or a certain activity or transaction will be taxed. The written response of the tax commissioner shall be an "opinion of the tax commissioner" and shall bind the tax commissioner, in accordance with subsections (c) and (g) of this section, provided all of the following conditions are satisfied:

(i) The taxpayer's request fully and accurately describes the specific facts or circumstances relevant to a determination of the taxability of the income, source of income, activity, or transaction, and, if an activity or transaction, all parties involved in the activity or transaction are clearly identified by name, location, or other pertinent facts;

(ii) The request relates to a tax imposed by the Municipality in accordance with this chapter; and

(iii) The tax commissioner's response is signed by the tax commissioner and designated as an "opinion of the tax commissioner."

(c) An opinion of the tax commissioner shall remain in effect and shall protect the taxpayer for whom the opinion was prepared and who reasonably relies on it from liability for any taxes, penalty, or interest otherwise chargeable on the activity or transaction specifically held by the tax commissioner's opinion to be taxable in a particular manner or not to be subject to taxation for any taxable years that may be specified in the opinion, or until the earliest of the following dates:

(i) The effective date of a written revocation by the tax commissioner sent to the taxpayer by certified mail, return receipt requested. The effective date of the revocation shall be the taxpayer's date of receipt or one year after the issuance of the opinion, whichever is later;

(ii) The effective date of any amendment or enactment of a relevant section of the Ohio Revised Code, uncodified state law, or the Municipality's income tax ordinance that would substantially change the analysis and conclusion of the opinion of the tax commissioner;

(iii) The date on which a court issues an opinion establishing or changing relevant case law with respect to the Ohio Revised Code, uncodified state law, or the Municipality's income tax ordinance;

(iv) If the opinion of the tax commissioner was based on the interpretation of federal law, the effective date of any change in the relevant federal

statutes or regulations, or the date on which a court issues an opinion establishing or changing relevant case law with respect to federal statutes or regulations;

(v) The effective date of any change in the taxpayer's material facts or circumstances; or

(vi) The effective date of the expiration of the opinion, if specified in the opinion.

(d) (i) A taxpayer is not relieved of tax liability for any activity or transaction related to a request for an opinion that contained any misrepresentation or omission of one or more material facts.

(ii) If the taxpayer knowingly has misrepresented the pertinent facts or omitted material facts with intent to defraud the Municipality in order to obtain a more favorable opinion, the taxpayer may be in violation of Section 311-91 of this chapter.

(e) If the tax commissioner provides written advice under this section, the opinion shall include a statement that:

(i) The tax consequences stated in the opinion may be subject to change for any of the reasons stated in subsection (c) of this section; and

(ii) It is the duty of the taxpayer to be aware of such changes.

(f) The tax commissioner may refuse to offer an opinion on any request received under this section.

(g) An opinion of the tax commissioner binds the tax commissioner only with respect to the taxpayer for whom the opinion was prepared and does not bind the tax administrator of any other municipal corporation.

(h) The tax commissioner shall make available the text of all opinions issued under this section, except those opinions prepared for a taxpayer who has requested that the text of the opinion remain confidential. In no event shall the text of an opinion be made available until the tax commissioner has removed all information that identifies the taxpayer and any other parties involved in the activity or transaction.

(i) An opinion of the tax commissioner issued under this section or a refusal to offer an opinion under subsection (f) of this section may not be appealed.
(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-95. Assessment; Appeal Based on Presumption of Delivery.

(a) (i) The tax commissioner shall serve an assessment either by personal service, by certified mail, or by a delivery service authorized under section 5703.056 of the Ohio Revised Code.

(ii) The tax commissioner may deliver the assessment through alternative means as provided in this section, including, but not limited to, delivery by secure electronic mail. Such alternative delivery method must be authorized by the person subject to the assessment.

(iii) Once service of the assessment has been made by the tax commissioner or the tax commissioner's designee, the person to whom the assessment is directed may protest the ruling of that assessment by filing an appeal with the local board of review within sixty (60) days after the receipt of service. The delivery of an assessment of the tax commissioner as prescribed in Section 718.18 of the

Revised Code is prima facie evidence that delivery is complete and that the assessment is served.

(b) (i) A person may challenge the presumption of delivery and service as set forth in Ohio Revised Code section 718.18.

(ii) If a person elects to appeal an assessment on the basis described in subsection (b)(i) of this section, and if that assessment is subject to collection and is not otherwise appealable, the person must do so within sixty (60) days after the initial contact by the tax commissioner or other municipal official, or the designee of either, with the person. Nothing in this subsection prevents the tax commissioner or other official from entering into a compromise with the person if the person does not actually file such an appeal with the local board of review.

(Ordained by Emer. Ord. No. 363-2015, § 2, eff. Jan. 1, 2016)

Sec. 311-97. Local Board of Review; Appeal.

(a) (i) A local board of review shall be maintained to hear appeals as provided in Ohio Revised Code Chapter 718.

(ii) The local board of review shall consist of three (3) members. Two (2) members shall be appointed by city council and may not be employees, elected officials, or contractors with the Municipality at any time during their term or in the five (5) years immediately preceding the date of appointment. One member shall be appointed by the city manager. This member may be an employee of the Municipality, but may not be the director of finance or equivalent officer, or the tax commissioner or other similar official, or an employee directly involved in municipal tax matters, or any direct subordinate thereof.

(iii) The term for members of the local board of review appointed by the city council shall be two (2) years. There is no limit on the number of terms that a member may serve should the member be reappointed by city council. The board member appointed by the city manager shall serve at the discretion of the city manager.

(iv) Members of the board of tax review appointed by city council may be removed by city council as set forth in Section 718.11(A)(4) of the Revised Code.

(vi) A vacancy in an unexpired term shall be filled in the same manner as the original appointment within sixty (60) days of when the vacancy was created. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of such term. No vacancy on the board shall impair the power and authority of the remaining members to exercise all the powers of the board.

(vii) If a member is temporarily unable to serve on the board due to a conflict of interest, illness, absence, or similar reason, city council or the city manager, whichever appointed the member, shall appoint another individual to temporarily serve on the board in the member's place. the same requirements and limitations as are applicable to the appointment of the member temporarily unable to serve.

Such records are not public records available for inspection under section 149.43 of the Ohio Revised Code and shall be maintained in a secure location under the control of the tax commissioner. No member of the board may remove such documentation, copies of returns or reports, final determinations, or working papers from the hearing. Hearings requested by a taxpayer before the local board of review created pursuant to this section are not meetings of a public body subject to section 121.22 of the Ohio Revised Code. Only parties to the case may be present during the hearing.

(c) Whenever the tax commissioner issues an assessment, the tax commissioner shall notify the taxpayer in writing at the same time of the taxpayer's right to appeal the assessment, the manner in which the taxpayer may appeal the assessment, and the address to which the appeal should be directed, and to whom the appeal should be directed.

(d) Any person who has been issued an assessment may appeal the assessment to the local board of review by filing a request with the board. The request shall be in writing, shall state with particularity why the assessment should be deemed incorrect or unlawful, and shall be filed within sixty (60) days after the taxpayer receives the assessment.

(e) The local board of review shall schedule a hearing to be held within sixty (60) days after receiving an appeal of an assessment under subsection (c) of this section, unless the taxpayer requests additional time to prepare or waives a hearing. If the taxpayer does not waive the hearing, the taxpayer may appear before the board and/or may be represented by an attorney at law, certified public accountant, or other representative as provided by law. The board may allow a hearing to be continued as jointly agreed to by the parties. Sec. 311-99. Civil Limitations Periods; Collection of Unpaid Taxes.

(a) All taxes imposed by this chapter shall be collectible, together with any interest and penalties thereon, by a civil action at law. All additional assessments shall be made and all civil actions to recover municipal income taxes and penalties and interest on municipal income taxes shall be brought

within three (3) years after the tax was due or the return was filed, whichever is later; or

(i) Within six (6) years in the case of any of the following:

(1) A municipal income tax return that omits gross income in excess of twenty-five percent (25%) of that required to be reported;

(2) Filing a false or fraudulent municipal income tax return with intent to evade the tax; or

(3) Failure to file a municipal income tax return; or

(ii) For tax years beginning on or after January 1, 2016, within one (1) year after the conclusion of the qualifying deferral period, if any.

(b) As used in this section, "qualifying deferral period" means a period of time beginning and ending as follows:

(i) Beginning on the date a person who is aggrieved by an assessment files with the local board of review the request described in Section 311-97 of this chapter. That date shall not be affected by any subsequent decision, finding, or holding by any administrative body or court that the local board of review with which the aggrieved person filed the request did not have jurisdiction to affirm, reverse, or modify the assessment or any part of that assessment; and

(ii) Ending the later of the sixtieth (60^{th}) day after the date on which the final determination of the local board of review becomes final or, if any party appeals from the determination of the local board of review, the sixtieth (60^{th}) day after the date on which the final determination of the local board of review is either ultimately affirmed in whole or in part or ultimately reversed and no further appeal is available or taken.

(c) In those cases in which the Commissioner of Internal Revenue and the taxpayer have executed a waiver of the federal statute of limitations, the period within which an additional assessment may be made by the tax commissioner shall be extended one (1) year from the time of the final determination of the federal tax liability.

(d) The time limit described in subsection (a) of this section may be extended at any time if both the tax commissioner and the employer, agent of the employer, other payer, or taxpayer consent in writing to the extension. Any extension shall also extend for the same period of time the time limit described in subsection (e) of this section.

(e) A claim for a refund of municipal income taxes shall be brought within the time limitation provided in Section 311-71 of this chapter.

(f) (i) Notwithstanding the fact that an appeal is pending, the petitioner may pay all or a portion of the assessment that is the subject of the appeal. The acceptance of a payment by the Municipality does not prejudice any claim for refund upon final determination of the appeal.

(ii) If upon final determination of the appeal an error in the assessment is corrected by the tax commissioner, there shall be issued to the appellant or to the appellant's assigns or legal representative a refund in the amount of the overpayment as provided by Section 311-71 of this chapter, with interest on that amount as provided by subsection (d) of Section 311-71.

(g) No civil action to recover municipal income tax or related penalties or interest shall be brought during either of the following time periods:

(i) The period during which a taxpayer has a right to appeal the imposition of that tax or interest or those penalties; or

(ii) The period during which an appeal related to the imposition of that tax or interest or those penalties is pending.

(c) In addition to the penalties provided by Section 311-999, any employee of the Municipality who violates the provisions of this section relative to the disclosure of confidential information shall be guilty of an offense punishable by immediate dismissal, and any member of the local board of review who violates the provisions of this section shall be subject to removal from the local board of review.

(A) A taxpayer may elect to be subject to Sections 311-180 to 311-195 of this Chapter 311 of the Cincinnati Municipal Code in lieu of the provisions set forth in the remainder of this chapter. Notwithstanding any other provision of this chapter, upon the taxpayer's election, both of the following shall apply:

(1) The state tax commissioner shall serve as the sole administrator of the municipal net profit tax for which the taxpayer as defined in Section 311-181(C) of this chapter is liable for the term of the election;

(2) The state tax commissioner shall administer the tax pursuant to Sections 718.80 to 718.95 of the Revised Code, Sections 311-180 to 311-195 of this Chapter 311 of the Cincinnati Municipal Code, and any applicable provision of Chapter 5703 of the Revised Code.

(B) (1) A taxpayer shall make the initial election on or before the first day of the third month after the beginning of the taxpayer's taxable year by notifying the tax commissioner and the City, on a form prescribed by the tax commissioner.

(2) (a) The election, once made by the taxpayer, applies to the taxable year in which the election is made and to each subsequent taxable year until the taxpayer notifies the tax commissioner and the City of its termination of the election.

(b) A notification of termination shall be made, on a form prescribed by the tax commissioner, on or before the first day of the third month of any taxable year.

Sec. 311-181. Definitions Applicable to Sections 311-180 to 311-195.

If a term used in Sections 311-180 to 311-195 of this chapter that is not otherwise defined in this chapter is used in a comparable

context in both the laws of the United States relating to federal income tax and in Title LVII of the Revised Code and the use is not consistent, then the use of the term in the laws of the United States relating to federal income tax shall have control over the use of the term in Title LVII of the Revised Code, unless the term is defined in Chapter 5703 of the Revised Code, in which case the definition in that chapter shall control. Any reference in this chapter to the Internal Revenue Code includes other laws of the United States related to federal income taxes. If a term is defined in both this section and any of the other definition sections in this chapter, found in Sections 311-9 and following, the definition in this section shall control for all uses of that term in Sections 311-180 to 311-195 of this chapter.

As used in Sections 311-180 to 311-195 of this chapter only:

(A) "Municipal taxable income" means income apportioned or situsedto the municipal corporation under Section 311-182 of this chapter, as applicable, reduced by any pre-2017 net operating loss carryforward available to the person for the municipal corporation.

(B) "Adjusted federal taxable income," for a person required to file as a C corporation, or for a person that has elected to be taxed as a C corporation as described in division (D)(5) of Section 718.01 of the Revised Code and in Section 311-9-A1 of the Cincinnati Municipal Code, means a C corporation's federal taxable income before net operating losses and special deductions as determined under the Internal Revenue Code, adjusted as follows:

(1) Deduct intangible income to the extent included in federal taxable income. The deduction shall be allowed regardless of whether the intangible income relates to assets used in a trade or business or assets held for the production of income.

(2) Add an amount equal to five percent of intangible income deducted under subsection (B)(1) of this section, but excluding that portion of intangible income directly related to the sale, exchange, or other disposition of property described in Section 1221 of the Internal Revenue Code.

(3) Add any losses allowed as a deduction in the computation of federal taxable income if the losses directly relate to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the Internal Revenue Code.

(4) (a) Except as provided in subsection (B)(4)(b) of this section, deduct income and gain included in federal taxable income to the extent the income and gain directly relate to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the Internal Revenue Code.

(b) Subsection (B)(4)(a) of this section does not apply to the extent the income or gain is income or gain described in Section 1245 or 1250 of the Internal Revenue Code.

(5) Add taxes on or measured by net income allowed as a deduction in the computation of federal taxable income.

(6) In the case of a real estate investment trust or regulated investment company, add all amounts with respect to dividends to, distributions to, or amounts set aside for or credited to the benefit of investors and allowed as a deduction in the computation of federal taxable income.

(7) Deduct, to the extent not otherwise deducted or excluded in computing federal taxable income, any income derived from a transfer agreement or from the enterprise transferred under that agreement under Section 4313.02 of the Revised Code.

(8) Deduct exempt income to the extent not otherwise deducted or excluded in computing adjusted federal taxable income.

(9) Deduct any net profit of a pass-through entity owned directly or indirectly by the taxpayer and included in the taxpayer's federal taxable income unless an affiliated group of corporations includes that net profit in the group's federal taxable income in accordance with subsection (E)(3)(b) of Section 311-186 of this chapter.

(10) Add any loss incurred by a pass-through entity owned directly or indirectly by the taxpayer and included in the taxpayer's federal taxable income unless an affiliated group of corporations includes that loss in the group's federal taxable income in accordance with subsection (E)(3)(b) of Section 311-186 of this chapter.

If the taxpayer is not a C corporation, is not a disregarded entity that has made the election described in subsection (b) of Section 311-9-T6 of this chapter, and is not a publicly traded partnership that has made the election described in subsection (d) of Section 311-9-N2 of this chapter, the taxpayer shall compute adjusted federal taxable income under this section as if the taxpayer were a C corporation, except guaranteed payments and other similar amounts paid or accrued to a partner, former partner, shareholder, former shareholder, member, or former member shall not be allowed as a deductible expense unless such payments are in consideration for the use of capital and treated as payment of interest under Section 469 of the Internal Revenue Code or United States treasury regulations. Amounts paid or accrued to a qualified self-employed retirement plan with respect to a partner, former partner, shareholder, former shareholder, member, or former member of the taxpayer, amounts paid or accrued to or for health insurance for a partner, former partner, shareholder, former shareholder, member, or former member, and amounts paid or accrued to or for life insurance for a partner, former partner, shareholder, former shareholder, member, or former member shall not be allowed as a deduction.

Nothing in subsection (B) of this section shall be construed as allowing the taxpayer to add or deduct any amount more than once or shall be construed as allowing any taxpayer to deduct any amount paid to or accrued for purposes of federal self-employment tax.

(C) "Taxpayer" has the same meaning as in Section 311-9-T6 of this chapter,

except that "taxpayer" does not include natural persons or entities subject to the tax imposed under Chapter 5745 of the Revised Code. "Taxpayer" may include receivers, assignees, or trustees in bankruptcy when such persons are required to assume the role of a taxpayer.

(D) "Tax return" or "return" means the notifications and reports required to be filed pursuant to Sections 311-180 to 311-195 of this chapter for the purpose of reporting municipal income taxes, and includes declarations of estimated tax.

(E) "Taxable year" means the calendar year or the taxpayer's fiscal year ending during the calendar year, or fractional part thereof, upon which the calculation of the taxpayer's adjusted federal taxable income is based pursuant to this chapter. If a taxpayer's taxable year is changed for federal income tax purposes, the taxable year for purposes of Sections 311-180 to 311-195 of this chapter is changed accordingly but may consist of an aggregation of more than one taxable year for federal income tax purposes. The tax commissioner may prescribe by rule an appropriate period as the taxable year for a taxpayer that has had a change of its taxable year for federal income tax purposes, for a taxpayer that has two or more short taxable years for federal income tax purposes as the result of a change of ownership, or for a new taxpayer that would otherwise have no taxable year.

(F) "Assessment" means a notice of underpayment or nonpayment of a tax issued pursuant to Section 311-190 of this chapter.

(G) "Tax commissioner" or "commissioner" refers to the state tax commissioner rather than the municipal tax commissioner, and provisions relating to actions of the City's income tax division will refer to the "City," the "municipal tax commissioner," or the "tax administrator," as appropriate.

(Ordained by Ord. No. 019-2018, § 3, eff. March 22, 2018)

Sec. 311-182. Applicability, Taxable Situs, and Apportionment For Taxpayers Electing To Be Subject to Sections 311-180 to 311-195.

This section applies to any taxpayer that is engaged in a business or profession in the City and that has made the election under Section 311-180 of this chapter.

(A) Except as otherwise provided in subsection (B) of this section, net profit from a business or profession conducted both within and without the boundaries of the City shall be considered as having a taxable situs in the City for purposes of municipal income taxation in the same proportion as the average ratio of the following:

(1) The average original cost of the real property and tangible personal property owned or used by the taxpayer in the business or profession in the City during the taxable period to the average original cost of all of the real and tangible personal property owned or used by the taxpayer in the business or profession during the same period, wherever situated. As used in this subsection (A)(1), "tangible personal property" or "real property" shall include property rented or leased by the

taxpayer and the value of such property shall be determined by multiplying the annual rental thereon by eight;

(2) Wages, salaries, and other compensation paid during the taxable period to individuals employed in the business or profession for services performed in the City to wages, salaries, and other compensation paid during the same period to individuals employed in the business or profession, wherever the individual's services are performed, excluding compensation from which taxes are not required to be withheld under Section 311-27 of this chapter;

(3) Total gross receipts of the business or profession from sales and rentals made and services performed during the taxable period in the City to total gross receipts of the business or profession during the same period from sales, rentals, and services, wherever made or performed.

(B) (1) If the apportionment factors described in subsection (A) of this section do not fairly represent the extent of a taxpayer's business activity in the City, the taxpayer may request, or the tax commissioner may require, that the taxpayer use, with respect to all or any portion of the income of the taxpayer, an alternative apportionment method involving one or more of the following:

(a) Separate accounting;

(b) The exclusion of one or more of the factors;

(c) The inclusion of one or more additional factors that would provide for a more fair apportionment of the income of the taxpayer to the municipal corporation;

(d) A modification of one or more of the factors.

(2) A taxpayer request to use an alternative apportionment method shall be in writing and shall accompany a tax return, timely filed appeal of an assessment, or timely filed amended tax return. The taxpayer may use the requested alternative method unless the tax commissioner denies the request in an assessment issued within the period prescribed by subsection (A) of Section 311-190 of this chapter.

(3) The tax commissioner may require a taxpayer to use an alternative apportionment method as described in subsection (B)(1) of this section only by issuing an assessment to the taxpayer within the period prescribed by subsection (A) of Section 311-190 of this chapter.

(C) As used in subsection (A)(2) of this section, "wages, salaries, and other compensation" includes only wages, salaries, or other compensation paid to an employee for services performed at any of the following locations:

(1) A location that is owned, controlled, or used by, rented to, or under the possession of one of the following:

(a) The employer;

(b) A vendor, customer, client, or patient of the employer,

or a related member of such a vendor, customer, client, or patient;

(c) A vendor, customer, client, or patient of a person described in subsection (C)(1)(b) of this section, or a related member of such a vendor, customer, client, or patient.

(2) Any location at which a trial, appeal, hearing, investigation, inquiry, review, court-martial, or similar administrative, judicial, or legislative matter or proceeding is being conducted, provided that the compensation is paid for services performed for, or on behalf of, the employer or that the employee's presence at the location directly or indirectly benefits the employer;

(3) Any other location, if the tax commissioner determines that the employer directed the employee to perform the services at the other location in lieu of a location described in subsection (C)(1) or (2) of this section solely in order to avoid or reduce the employer's municipal income tax liability. If the tax commissioner makes such a determination, the employer may dispute the determination by establishing, by a preponderance of the evidence, that the tax commissioner's determination was unreasonable.

(D) For the purposes of subsection (A)(3) of this section, receipts from sales and rentals made and services performed shall be sitused to the City as follows:

(1) Gross receipts from the sale of tangible personal property shall be sitused to the City only if, regardless of where title passes, the property meets either of the following criteria:

(a) The property is shipped to or delivered within the City from a stock of goods located within the City.

(b) The property is delivered within the City from a location outside the City, provided the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within the City and the sales result from such solicitation or promotion.

(2) Gross receipts from the sale of services shall be sitused to the City to the extent that such services are performed in the City.

(3) To the extent included in income, gross receipts from the sale of real property located in the City shall be sitused to the City.

(4) To the extent included in income, gross receipts from rents and royalties from real property located in the City shall be sitused to the City.

(5) Gross receipts from rents and royalties from tangible personal property shall be sitused to the City based upon the extent to which the tangible personal property is used in the City.

(E) Commissions received by a real estate agent or broker relating to the sale, purchase, or lease of real estate shall be sitused to the City in which the real estate is located. Net profit reported by the real estate agent or

broker shall be allocated to the City based upon the ratio of the commissions the agent or broker received from the sale, purchase, or lease of real estate located in the City to the commissions received from the sale, purchase, or lease of real estate everywhere in the taxable year.

(F) If, in computing a taxpayer's adjusted federal taxable income, the taxpayer deducted any amount with respect to a stock option granted to an employee, and if the employee is not required to include in the employee's income any such amount or a portion thereof because it is exempted from taxation under subsection (p) of Section 311-15 and subsection (a)(iii) of Section 311-9-Q of this chapter by the City or substantially similar provision of this chapter of another municipal corporation, the taxpayer shall add the amount that is exempt from taxation to the taxpayer's net profit that was apportioned to the City. In no case shall a taxpayer be required to add to its net profit that was apportioned to the City any amount other than the amount upon which the employee would be required to pay tax were the amount related to the stock option not exempted from taxation. This subsection (F) applies solely for the purpose of making an adjustment to the amount of a taxpayer's net profit that was apportioned to the City under this section.

(G) When calculating the ratios described in subsection (A) of this section for the purposes of that subsection or subsection (B) of this section, the owner of a disregarded entity shall include in the owner's ratios the property, payroll, and gross receipts of such disregarded entity.

The tax commissioner may furnish the internal revenue service with copies of returns filed. This section does not prohibit the publication of statistics in a form which does not disclose information with respect to particular taxpayers.

(B) In May and November of each year, the tax commissioner shall provide the City tax administrator with the following information for every taxpayer that filed tax returns with the commissioner under Sections 311-180 to 311-195 of this chapter and that had municipal taxable income apportionable to the City under this chapter for any prior year:

(1) The taxpayer's name, address, and federal employer identification number;

(2) The taxpayer's apportionment ratio for, and amount of municipal taxable income apportionable to, the City pursuant to Section 311-182 of this chapter;

(3) The amount of any pre-2017 net operating loss carryforward utilized by the taxpayer;

(4) Whether the taxpayer requested that any overpayment be carried forward to a future taxable year;

(5) The amount of any credit claimed under Section 718.94 of the Revised Code.

(C) Not later than thirty days after each distribution made to municipal corporations under Section 718.83 of the Revised Code, the tax commissioner shall provide to the City a report stating the name and federal identification number of every taxpayer that made estimated payments that are attributable to the City and the amount of each such taxpayer's estimated payment.

(D) The information described under subsections (B) and (C) of this section shall be provided to the individual or individuals designated by the City tax administrator under Section 718.83 of the Revised Code.

(E) (1) The tax commissioner may adopt rules that further govern the terms and conditions under which tax returns filed with the commissioner under this chapter, and any other information gained in the performance of the commissioner's duties prescribed by this chapter, shall be available for inspection by properly authorized officers, employees, or agents of the municipal corporations to which the taxpayer's net profit is apportioned under section 718.82 of the Revised Code.

(2) As used in this subsection (E), "properly authorized officer, employee, or agent" means an officer, employee, or agent of a municipal corporation who is authorized by charter or ordinance of the municipal corporation to view or possess information referred to in section 718.13 of the Revised Code.

(F) (1) If, upon receiving the information described in division (B) of section 718.91 of the Revised Code or subsection (B) or (C) of this section, a municipal corporation discovers that it has additional information in its possession that could result in a change to a taxpayer's tax liability, the municipal corporation may refer the taxpayer to the tax commissioner for an audit. Such referral shall be made on a form prescribed by the commissioner and shall include any information that forms the basis for the referral.

(2) Upon receipt of a referral under subsection (F)(1) of this section, the commissioner shall review the referral and may conduct an audit of the taxpayer that is the subject of the referral based on the information in the referral and any other relevant information available to the commissioner.

(3) Nothing in subsection (F) of this section shall be construed as forming the sole basis upon which the commissioner may conduct an audit of a taxpayer.

(4) Nothing in this chapter shall prohibit a municipal corporation from filing a writ of mandamus if the municipal corporation believes that the commissioner has violated the commissioner's fiduciary duty as the administrator of the tax levied by the municipal corporation.

Sec. 311-185-1. Filing of Annual Return, Remittance, and Disposition of Funds For Taxpayers Electing To Be Subject to Sections 311-180 to 311-195.

(A) (1) For each taxable year, every taxpayer shall file an annual return. Such return, along with the amount of tax shown to be due on the return

less the amount paid for the taxable year under Section 311-188 of this chapter, shall be submitted to the tax commissioner, on a form and in the manner prescribed by the commissioner, on or before the fifteenth day of the fourth month following the end of the taxpayer's taxable year.

(2) If a taxpayer has multiple taxable years ending within one calendar year, the taxpayer shall aggregate the facts and figures necessary to compute the tax due under this chapter, in accordance with Sections 311-181, 311-182, and, if applicable, 311-186 of this chapter onto its annual return.

(3) The remittance shall be made payable to the treasurer of state and in the form prescribed by the tax commissioner. If the amount payable with the tax return is ten dollars or less, no remittance is required.

(B) Omitted.

(C) (1) Each return required to be filed under this section shall contain the signature of the taxpayer or the taxpayer's duly authorized agent and of the person who prepared the return for the taxpayer, and shall include the taxpayer's identification number. Each return shall be verified by a declaration under penalty of perjury.

(2) (a) The tax commissioner may require a taxpayer to include, with each annual tax return, amended return, or request for refund filed with the commissioner under Sections 311-180 to 311-195 of this chapter, copies of any relevant documents or other information.

(b) A taxpayer that files an annual tax return electronically through the Ohio business gateway or in another manner as prescribed by the tax commissioner shall either submit the documents required under this subsection (B) electronically as prescribed at the time of filing or, if electronic submission is not available, mail the documents to the tax commissioner. The department of taxation shall publish a method of electronically submitting the documents required under this subsection on or before January 1, 2019.

(3) After a taxpayer files a tax return, the tax commissioner may request, and the taxpayer shall provide, any information, statements, or documents required to determine and verify the taxpayer's municipal income tax.

(D) (1) (a) Any taxpayer that has duly requested an automatic extension for filing the taxpayer's federal income tax return shall automatically receive an extension for the filing of a tax return with the commissioner under this section. The extended due date of the return shall be the fifteenth day of the tenth month after the last day of the taxable year to which the return relates.

(b) A taxpayer that has not requested or received a six-month extension for filing the taxpayer's federal income tax return may request that the commissioner grant the taxpayer a six-month extension of the date for filing the taxpayer's municipal income tax return. If the commissioner receives the request on or before the date the municipal income

tax return is due, the commissioner shall grant the taxpayer's extension request.

(c) An extension of time to file under subsection (D)(1) of this section is not an extension of the time to pay any tax due unless the tax commissioner grants an extension of that date.

(2) If the commissioner considers it necessary in order to ensure payment of a tax imposed in accordance with Section 311-1 of this chapter, the commissioner may require taxpayers to file returns and make payments otherwise than as provided in this section, including taxpayers not otherwise required to file annual returns.

(E) Each return required to be filed in accordance with this section shall include a box that the taxpayer may check to authorize another person, including a tax return preparer who prepared the return, to communicate with the tax commissioner about matters pertaining to the return. The return or instructions accompanying the return shall indicate that by checking the box the taxpayer authorizes the commissioner to contact the preparer or other person concerning questions that arise during the examination or other review of the return and authorizes the preparer or other person only to provide the commissioner with information that is missing from the return, to contact the commissioner for information about the examination or other review of the return or the status of the taxpayer's refund or payments, and to respond to notices about mathematical errors, offsets, or return preparation that the taxpayer has received from the commissioner and has shown to the preparer or other person.

(F) When income tax returns or other documents require the signature of a tax return preparer, the tax commissioner shall accept a facsimile or electronic version of such a signature in lieu of a manual signature. (Ordained by Ord. No. 019-2018, § 3, eff. March 22, 2018)

Sec. 311-185-2. Electronic Filing For Taxpayers Electing To Be Subject to Sections 311-180 to 311-195.

(A) All taxpayers that have made the election allowed under Section 311-180 of this chapter shall file any tax return or extension for filing a tax return, and shall make payment of amounts shown to be due on such returns, electronically, either through the Ohio business gateway or in another manner as prescribed by the tax commissioner.

(B) A taxpayer may apply to the commissioner, on a form prescribed by the commissioner, to be excused from the requirement to file returns and make payments electronically. For good cause shown, the commissioner may excuse the applicant from the requirement and permit the applicant to file the returns or make the payments by nonelectronic means.

(C) The tax commissioner may adopt rules establishing the following:

(1) The format of documents to be used by taxpayers to file returns and make payments by electronic means;

(2) The information taxpayers must submit when filing tax returns by electronic means.

(Ordained by Ord. No. 019-2018, § 3, eff. March 22, 2018)

Sec. 311-186. Consolidated Returns For Taxpayers Electing To Be Subject to Sections 311-180 to 311-195.

(A) As used in this section:

(1) "Affiliated group of corporations" means an affiliated group as defined in Section 1504 of the Internal Revenue Code, except that, if such a group includes at least one incumbent local exchange carrier that is primarily engaged in the business of providing local exchange telephone service in this state, the affiliated group shall not include any incumbent local exchange carrier that would otherwise be included in the group.

(2) "Consolidated federal income tax return" means a consolidated return filed for federal income tax purposes pursuant to Section 1501 of the Internal Revenue Code.

(3) "Consolidated federal taxable income" means the consolidated taxable income of an affiliated group of corporations, as computed for the purposes of filing a consolidated federal income tax return, before consideration of net operating losses or special deductions. "Consolidated federal taxable income" does not include income or loss of an incumbent local exchange carrier that is excluded from the affiliated group under subsection (A)(1) of this section.

(4) "Incumbent local exchange carrier" has the same meaning as in Section 4927.01 of the Revised Code.

(5) "Local exchange telephone service" has the same meaning as in Section 5727.01 of the Revised Code.

(B) (1) A taxpayer that is a member of an affiliated group of corporations may elect to file a consolidated tax return for a taxable year if at least one member of the affiliated group of corporations is subject to municipal income tax in that taxable year and if the affiliated group of corporations filed a consolidated federal income tax return with respect to that taxable year. The election is binding for a five-year period beginning with the first taxable year of the initial election unless a change in the reporting method is required under federal law. The election continues to be binding for each subsequent five-year period unless the taxpayer elects to discontinue filing consolidated tax returns under subsection (B)(2) of this section or a taxpayer receives permission from the tax commissioner. The tax commissioner shall approve such a request for good cause shown.

(2) An election to discontinue filing consolidated tax returns under this section must be made on or before the fifteenth day of the fourth month of the year following the last year of a five-year consolidated tax return election period in effect under subsection (B)(1) of this section. The election to discontinue filing a consolidated tax return is binding for a five-year period beginning with the first taxable year of the election.

(3) An election made under subsection (B)(1) or (2) of this section is binding on all members of the affiliated group of corporations subject to a municipal income tax.

(4) When a taxpayer makes the election allowed under Section 311-180 of this chapter, a valid election made by the taxpayer under subsection (B)(1) or (2) of Section 311-67 of this chapter is

binding upon the tax commissioner for the remainder of the five-year period.

(5) When an election made under Section 311-180 of this chapter is terminated, a valid election made under this section is binding upon the tax administrator for the remainder of the five-year period.

(C) A taxpayer that is a member of an affiliated group of corporations that filed a consolidated federal income tax return for a taxable year shall file a consolidated tax return for that taxable year if the tax commissioner determines, by a preponderance of the evidence, that intercompany transactions have not been conducted at arm's length and that there has been a distortive shifting of income or expenses with regard to allocation of net profits to a municipal corporation. A taxpayer that is required to file a consolidated tax return for a taxable year shall file a consolidated tax return for all subsequent taxable years unless the taxpayer requests and receives written permission from the commissioner to file a separate return or a taxpayer has experienced a change in circumstances.

(D) A taxpayer shall prepare a consolidated tax return in the same manner as is required under the United States department of treasury regulations that prescribe procedures for the preparation of the consolidated federal income tax return required to be filed by the common parent of the affiliated group of which the taxpayer is a member.

(E) (1) Except as otherwise provided in subsections (E)(2), (3), and (4) of this section, corporations that file a consolidated tax return shall compute adjusted federal taxable income, as defined in Section 311-181 of this chapter, by substituting "consolidated federal taxable income" for "federal taxable income" wherever "federal taxable income" appears in that section and by substituting "an affiliated group of corporations" for "a C corporation" wherever "a C corporation" appears in that section.

(2) No corporation filing a consolidated tax return shall make any adjustment otherwise required under subsection (B) of Section 311-181 of this chapter to the extent that the item of income or deduction otherwise subject to the adjustment has been eliminated or consolidated in the computation of consolidated federal taxable income.

(3) If the net profit or loss of a pass-through entity having at least eighty percent of the value of its ownership interest owned or controlled, directly or indirectly, by an affiliated group of corporations is included in that affiliated group's consolidated federal taxable income for a taxable year, the corporation filing a consolidated tax return shall do one of the following with respect to that pass-through entity's net profit or loss for that taxable year:

(a) Exclude the pass-through entity's net profit or loss from the consolidated federal taxable income of the affiliated group and, for the purpose of making the computations required in Section 311-182 of this chapter, exclude the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situsted to a municipal corporation. If the entity's net profit or loss is so excluded, the entity shall be subject to taxation as a separate taxpayer on the basis

of the entity's net profits that would otherwise be included in the consolidated federal taxable income of the affiliated group.

(b) Include the pass-through entity's net profit or loss in the consolidated federal taxable income of the affiliated group and, for the purpose of making the computations required in Section 311-182 of this chapter, include the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situsued to a municipal corporation. If the entity's net profit or loss is so included, the entity shall not be subject to taxation as a separate taxpayer on the basis of the entity's net profits that are included in the consolidated federal taxable income of the affiliated group.

(4) If the net profit or loss of a pass-through entity having less than eighty percent of the value of its ownership interest owned or controlled, directly or indirectly, by an affiliated group of corporations is included in that affiliated group's consolidated federal taxable income for a taxable year, all of the following shall apply:

(a) The corporation filing the consolidated tax return shall exclude the pass-through entity's net profit or loss from the consolidated federal taxable income of the affiliated group and, for the purposes of making the computations required in Section 311-182 of this chapter, exclude the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situsued to a municipal corporation;

(b) The pass-through entity shall be subject to municipal income taxation as a separate taxpayer in accordance with Sections 311-180 to 311-195 of this chapter on the basis of the entity's net profits that would otherwise be included in the consolidated federal taxable income of the affiliated group.

(F) Corporations filing a consolidated tax return shall make the computations required under Section 311-182 of this chapter by substituting "consolidated federal taxable income attributable to" for "net profit from" wherever "net profit from" appears in that section and by substituting "affiliated group of corporations" for "taxpayer" wherever "taxpayer" appears in that section.

(G) Each corporation filing a consolidated tax return is jointly and severally liable for any tax, interest, penalties, fines, charges, or other amounts applicable under Section 311-180 to 311-195 of this chapter or Chapter 5703 of the Revised Code to the corporation, an affiliated group of which the corporation is a member for any portion of the taxable year, or any one or more members of such an affiliated group.

Sec. 311-187. Failure to Pay Tax Required Under Sections 311-180 to 311-195.

If a taxpayer that has made the election allowed under 311-180 of this chapter fails to pay any tax as required under Sections 311-180 to 311-195 of this chapter, or any portion of that tax, on or before the date prescribed for its payment, interest shall be

assessed, collected, and paid, in the same manner as the tax, upon such unpaid amount at the rate per annum prescribed by Section 5703.47 of the Revised Code from the date prescribed for its payment until it is paid or until the date an assessment is issued under Section 311-190 of this chapter, whichever occurs first.
(Ordained by Ord. No. 019-2018, § 3, eff. March 22, 2018)

Sec. 311-188. Declaration of Estimated Taxes for Tax Liability Under Sections 311-180 to 311-195.

(A) As used in this section:

(1) "Combined tax liability" means the total amount of a taxpayer's income tax liabilities to all municipal corporations in this state for a taxable year.

(2) "Estimated taxes" means the amount that the taxpayer reasonably estimates to be the taxpayer's combined tax liability for the current taxable year.

(B) (1) Except as provided in subsection (B)(4) of this section, every taxpayer shall make a declaration of estimated taxes for the current taxable year, on the form prescribed by the tax commissioner, if the amount payable as estimated taxes is at least two hundred dollars.

(2) Except as provided in subsection (B)(4) of this section, a taxpayer having a taxable year of less than twelve months shall make a declaration under rules prescribed by the commissioner.

(3) The declaration of estimated taxes shall be filed on or before the fifteenth day of the fourth month after the beginning of the taxable year or on or before the fifteenth day of the fourth month after the taxpayer becomes subject to tax for the first time.

(4) The tax commissioner may waive the requirement for filing a declaration of estimated taxes for any class of taxpayers after finding that the waiver is reasonable and proper in view of administrative costs and other factors.

(C) Each taxpayer shall file the declaration of estimated taxes with, and remit estimated taxes to, the tax commissioner at the times and in the amounts prescribed in subsection (C)(1) of this section. Remitted taxes shall be made payable to the treasurer of state.

(1) The required portion of the combined tax liability for the taxable year that shall be paid through estimated taxes shall be as follows:

(a) On or before the fifteenth day of the fourth month after the beginning of the taxable year, twenty-two and one-half percent of the combined tax liability for the taxable year;

(b) On or before the fifteenth day of the sixth month after the beginning of the taxable year, forty-five percent of the combined tax liability for the taxable year;

(c) On or before the fifteenth day of the ninth month after the beginning of the taxable year, sixty-seven and one-half percent of the combined tax liability for the taxable year;

(d) On or before the fifteenth day of the twelfth month of the taxable year, ninety percent of the combined tax liability for the taxable year.

(2) If the taxpayer determines that its declaration of estimated taxes will not accurately reflect the taxpayer's tax liability for the taxable year, the taxpayer shall increase or decrease, as appropriate, its subsequent payments in equal installments to result in a more accurate payment of estimated taxes.

(3) (a) Each taxpayer shall report on the declaration of estimated taxes the portion of the remittance that the taxpayer estimates that it owes to each municipal corporation for the taxable year.

(b) Upon receiving a payment of estimated taxes under this section, the commissioner shall immediately forward the payment to the treasurer of state. The treasurer shall credit the payment in the same manner as in division (B) of Section 718.85 of the Revised Code.

(D) (1) In the case of any underpayment of estimated taxes, there shall be added to the taxes an amount determined at the rate per annum prescribed by Section 5703.47 of the Revised Code upon the amount of underpayment for the period of underpayment, unless the underpayment is due to reasonable cause as described in subsection (E) of this section. The amount of the underpayment shall be determined as follows:

(a) For the first payment of estimated taxes each year, twenty-two and one-half percent of the combined tax liability, less the amount of taxes paid by the date prescribed for that payment;

(b) For the second payment of estimated taxes each year, forty-five percent of the combined tax liability, less the amount of taxes paid by the date prescribed for that payment;

(c) For the third payment of estimated taxes each year, sixty-seven and one-half percent of the combined tax liability, less the amount of taxes paid by the date prescribed for that payment;

(d) For the fourth payment of estimated taxes each year, ninety percent of the combined tax liability, less the amount of taxes paid by the date prescribed for that payment.

(2) The period of the underpayment shall run from the day the estimated payment was required to be made to the date on which the payment is made. For purposes of this section, a payment of estimated taxes on or before any payment date shall be considered a payment of any previous underpayment only to the extent the payment of estimated taxes exceeds the amount of the payment presently due.

(3) All amounts collected under this section shall be considered as taxes collected under Sections 311-180 to 311-195 of this chapter of the Cincinnati Municipal Code and shall be credited and distributed to municipal corporations in accordance with Section 718.83 of the Revised Code.

(E) An underpayment of any portion of a combined tax liability shall be due to reasonable cause and the penalty imposed by this section shall not be added to the taxes for the taxable year if any of the following apply:

(1) The amount of estimated taxes that were paid equals at least ninety

percent of the combined tax liability for the current taxable year, determined by annualizing the income received during the year up to the end of the month immediately preceding the month in which the payment is due.

(2) The amount of estimated taxes that were paid equals at least one hundred percent of the tax liability shown on the return of the taxpayer for the preceding taxable year, provided that the immediately preceding taxable year reflected a period of twelve months and the taxpayer filed a municipal income tax return for that year.

(Ordained by Ord. No. 019-2018, § 3, eff. March 22, 2018)

Sec. 311-189. Additional Penalties for Violations of Sections 311-180 to 311-95.

(A) In addition to any other penalty imposed by Sections 311-180 to 311-195 of this chapter or by Chapter 5703 of the Revised Code, the following penalties shall apply:

(1) If a taxpayer required to file a tax return under Sections 311-180 to 311-195 of this chapter fails to make and file the return within the time prescribed, including any extensions of time granted by the tax commissioner, the commissioner may impose a penalty not exceeding twenty-five dollars per month or fraction of a month, for each month or fraction of a month elapsing between the due date, including extensions of the due date, and the date on which the return is filed. The aggregate penalty, per instance, under this subsection (A)(1) shall not exceed one hundred fifty dollars.

(2) If a person required to file a tax return electronically under Sections 311-180 to 311-195 of this chapter fails to do so, the commissioner may impose a penalty not to exceed the following:

(a) For each of the first two failures, five percent of the amount required to be reported on the return;

(b) For the third and any subsequent failure, ten percent of the amount required to be reported on the return.

(3) If a taxpayer that has made the election allowed under Section 311-180 of this chapter fails to timely pay an amount of tax required to be paid under this chapter, the commissioner may impose a penalty equal to fifteen percent of the amount not timely paid.

(4) If a taxpayer files what purports to be a tax return required by Sections 311-180 to 311-195 of this chapter that does not contain information upon which the substantial correctness of the return may be judged or contains information that on its face indicates that the return is substantially incorrect, and the filing of the return in that manner is due to a position that is frivolous or a desire that is apparent from the return to delay or impede the administration of Sections 311-180 to 311-195 of this chapter, a penalty of up to five hundred dollars may be imposed.

(5) If a taxpayer makes a fraudulent attempt to evade the reporting or payment of the tax required to be shown on any return required under Sections 311-180 to 311-195 of this chapter, a penalty may be imposed

not exceeding the greater of one thousand dollars or one hundred percent of the tax required to be shown on the return.

(6) If any person makes a false or fraudulent claim for a refund under Section 311-191 of this chapter, a penalty may be imposed not exceeding the greater of one thousand dollars or one hundred percent of the claim. Any penalty imposed under this subsection (A)(6), any refund issued on the claim, and interest on any refund from the date of the refund, may be assessed under Section 311-190 of this chapter without regard to any time limitation for the assessment imposed by subsection (A) of that section.

(B) For purposes of this section, the tax required to be shown on a tax return shall be reduced by the amount of any part of the tax paid on or before the date, including any extensions of the date, prescribed for filing the return.

(C) Each penalty imposed under this section shall be in addition to any other penalty imposed under this section. All or part of any penalty imposed under this section may be abated by the tax commissioner. The commissioner may adopt rules governing the imposition and abatement of such penalties.

(D) All amounts collected under this section shall be considered as taxes collected under Sections 311-180 to 311-195 of this chapter and shall be credited and distributed to municipal corporations in the same proportion as the underlying tax liability is required to be distributed to such municipal corporations under Section 718.83 of the Revised Code.
(Ordained by Ord. No. 019-2018, § 3, eff. March 22, 2018)

Sec. 311-190. Assessments Against Taxpayers Required to File a Return Under Sections 311-180 to 311-195.

(A) If any taxpayer required to file a return under Sections 311-180 to 311-195 of this chapter fails to file the return within the time prescribed, files an incorrect return, or fails to remit the full amount of the tax due for the period covered by the return, the tax commissioner may make an assessment against the taxpayer for any deficiency for the period for which the return or tax is due, based upon any information in the commissioner's possession. The tax commissioner shall not make or issue an assessment against a taxpayer more than three years after the later of the date the return subject to assessment was required to be filed or the date the return was filed. Such time limit may be extended if both the taxpayer and the commissioner consent in writing to the extension. Any such extension shall extend the three-year time limit in Section 311-191 of this chapter for the same period of time. There shall be no bar or limit to an assessment against a taxpayer that fails to file a return subject to assessment as required by Sections 311-180 to 311-195 of this chapter, or that files a fraudulent return. The commissioner shall give the taxpayer assessed written notice of the assessment as provided in Section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition.

(B) Unless the taxpayer assessed files with the tax commissioner within sixty days after service of the notice of assessment, either personally or by certified mail, a written petition for reassessment signed by the authorized agent of the taxpayer assessed having knowledge of the facts, the assessment becomes final, and the amount of the

assessment is due and payable from the taxpayer to the treasurer of state. The petition shall indicate the taxpayer's objections, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If the petition has been properly filed, the commissioner shall proceed under Section 5703.60 of the Revised Code.

(C) After an assessment becomes final, if any portion of the assessment remains unpaid, including accrued interest, a certified copy of the tax commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the taxpayer has an office or place of business in this state, the county in which the taxpayer's statutory agent is located, or Franklin county. Immediately upon the filing of the entry, the clerk shall enter a judgment against the taxpayer assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for municipal income taxes," and shall have the same effect as other judgments. Execution shall issue upon the judgment upon the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment. If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by Section 5703.47 of the Revised Code from the day the commissioner issues the assessment until the assessment is paid or until it is certified to the attorney general for collection under Section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by Section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by issuing an assessment under this section.

(D) All money collected under this section shall be credited to the municipal income tax fund and distributed to the municipal corporation to which the money is owed based on the assessment issued under this section.

(E) If the tax commissioner believes that collection of the tax will be jeopardized unless proceedings to collect or secure collection of the tax are instituted without delay, the commissioner may issue a jeopardy assessment against the taxpayer liable for the tax. Immediately upon the issuance of the jeopardy assessment, the commissioner shall file an entry with the clerk of the court of common pleas in the manner prescribed by subsection (C) of this section. Notice of the jeopardy assessment shall be served on the taxpayer assessed or the taxpayer's legal representative in the manner provided in Section 5703.37 of the Revised Code within five days of the filing of the entry with the clerk. The total amount assessed is immediately due and payable, unless the taxpayer assessed files a petition for reassessment in accordance with subsection (B) of this section and provides security in a form satisfactory to the commissioner and in an amount sufficient to satisfy the unpaid balance of the assessment. Full or partial payment of the assessment does not prejudice the commissioner's consideration of the petition for reassessment.

(F) Notwithstanding the fact that a petition for reassessment is pending, the taxpayer may pay all or a portion of the assessment that is the subject of the petition. The acceptance of a payment by the treasurer of state does not prejudice any claim for refund upon final determination of the petition. If

upon final determination of the petition an error in the assessment is corrected by the tax commissioner, upon petition so filed or pursuant to a decision of the board of tax appeals or any court to which the determination or decision has been appealed, so that the amount due from the taxpayer under the corrected assessment is less than the portion paid, there shall be issued to the taxpayer, its assigns, or legal representative a refund in the amount of the overpayment as provided by Section 311-191 of this chapter, with interest on that amount as provided by that section.
(Ordained by Ord. No. 019-2018, § 3, eff. March 22, 2018)

Sec. 311-191. Refund Applications For Payments Made Pursuant to Sections 311-180 to 311-195.

(A) An application to refund to a taxpayer the amount of taxes paid on any illegal, erroneous, or excessive payment of tax under Sections 311-180 to 311-195 of this chapter, including assessments, shall be filed with the tax commissioner within three years after the date of the illegal, erroneous, or excessive payment of the tax, or within any additional period allowed by subsection (A) of Section 311-190 of this chapter. The application shall be filed in the form prescribed by the tax commissioner.

(B) (1) On the filing of a refund application, the tax commissioner shall determine the amount of refund to which the applicant is entitled. The amount determined shall be based on the amount overpaid per return or assessment. If the amount is greater than ten dollars and not less than that claimed, the commissioner shall certify that amount to the director of budget and management and the treasurer of state for payment from the tax refund fund created in Section 5703.052 of the Revised Code. If the amount is greater than ten dollars but less than that claimed, the commissioner shall proceed in accordance with Section 5703.70 of the Revised Code.

(2) Upon issuance of a refund under this section, the commissioner shall notify each municipal corporation of the amount refunded to the taxpayer attributable to that municipal corporation, which shall be deducted from the municipal corporation's next distribution under Section 718.83 of the Revised Code.

(C) Any portion of a refund determined under subsection (B) of this section that is not issued within ninety days after such determination shall bear interest at the rate per annum prescribed by Section 5703.47 of the Revised Code from the ninety-first day after such determination until the day the refund is paid or credited. Sec. 311-192. Amended Returns For Taxpayers Electing To Be Subject to Sections 311-180 to 311-195.

(A) If any of the facts, figures, computations, or attachments required in an annual return filed by a taxpayer that has made the election allowed under Section 311-180 of this chapter and used to determine the tax due under Sections 311-180 to 311-195 of this chapter must be altered as the result of an adjustment to the taxpayer's federal income tax return, whether initiated by the taxpayer or the internal revenue service,

and such alteration affects the taxpayer's tax liability under those sections, the taxpayer shall file an amended return with the tax commissioner in such form as the commissioner requires. The amended return shall be filed not later than sixty days after the adjustment is agreed upon or finally determined for federal income tax purposes or after any federal income tax deficiency or refund, or the abatement or credit resulting therefrom, has been assessed or paid, whichever occurs first. If a taxpayer intends to file an amended consolidated municipal income tax return, or to amend its type of return from a separate return to a consolidated return, based on the taxpayer's consolidated federal income tax return, the taxpayer shall notify the commissioner before filing the amended return.

(B) In the case of an underpayment, the amended return shall be accompanied by payment of any combined additional tax due together with any penalty and interest thereon. An amended return required by this section is a return subject to assessment under Section 311-190 of this chapter for the purpose of assessing any additional tax due under this section, together with any applicable penalty and interest. The amended return shall not reopen those facts, figures, computations, or attachments from a previously filed return no longer subject to assessment that are not affected, either directly or indirectly, by the adjustment to the taxpayer's federal tax return.

(C) In the case of an overpayment, an application for refund may be filed under this subsection within the sixty-day period prescribed for filing the amended return, even if that period extends beyond the period prescribed in Section 311-191 of this chapter, if the application otherwise conforms to the requirements of that section. An application filed under this subsection shall claim refund of overpayments resulting from alterations to only those facts, figures, computations, or attachments required in the taxpayer's annual return that are affected, either directly or indirectly, by the adjustment to the taxpayer's federal income tax return unless it is also filed within the time prescribed in Section 311-191 of this chapter. The application shall not reopen those facts, figures, computations, or attachments that are not affected, either directly or indirectly, by the adjustment to the taxpayer's federal income tax return.

(A) The tax commissioner, or any authorized agent or employee thereof, may examine the books, papers, records, and federal and state income tax returns of any taxpayer or other person that is subject to Sections 311-180 to 311-195 of this chapter for the purpose of verifying the accuracy of any return made or, if no return was filed, to ascertain the tax due as required under those sections. Upon written request by the commissioner or a duly authorized agent or employee thereof, every taxpayer or other person subject to this section is required to furnish the opportunity for the commissioner, authorized agent, or employee to investigate and examine such books, papers, records, and federal and state income tax returns at a reasonable time and place designated in the request.

(B) The records and other documents of any taxpayer or other person that is subject to Sections 311-180 to 311-195 of this chapter shall be open to the tax commissioner's inspection during business hours and shall

be preserved for a period of six years following the end of the taxable year to which the records or documents relate, unless the commissioner, in writing, consents to their destruction within that period, or by order requires that they be kept longer. The commissioner may require any person, by notice served on that person, to keep such records as the commissioner determines necessary to show whether or not that person is liable, and the extent of such liability, for the income tax levied by a municipal corporation.

(C) The tax commissioner may examine under oath any person that the commissioner reasonably believes has knowledge concerning any income that was or would have been returned for taxation or any transaction tending to affect such income. The commissioner may, for this purpose, compel any such person to attend a hearing or examination and to produce any books, papers, records, and federal income tax returns in such person's possession or control. The person may be assisted or represented by an attorney, accountant, bookkeeper, or other tax practitioner at any such hearing or examination. This subsection does not authorize the practice of law by a person who is not an attorney.

(D) No person issued written notice by the tax commissioner compelling attendance at a hearing or examination or the production of books, papers, records, or federal income tax returns under this section shall fail to comply.

Sec. 311-194. Credits Available to Taxpayers Electing To Be Subject to Sections 311-180 to 311-195.

(A) A credit, granted by resolution or ordinance of the City pursuant to Section 311-45 of this chapter, shall be available to a taxpayer that has made the election allowed under Section 311-180 of this chapter, against the municipal corporation's tax on income. A municipal corporation shall submit the following information to the tax commissioner on or before the later of January 31, 2018, or the thirty-first day of January of the first year in which the taxpayer is eligible to receive the credit:

(2) A copy of the ordinance or resolution authorizing the agreement entered into between the City and the taxpayer.

(B) (1) Each taxpayer that claims a credit shall submit, with the taxpayer's tax return, documentation issued by the City granting the credit that confirms the eligibility of the taxpayer for the credit, the amount of the credit for which the taxpayer is eligible, and the tax year to which the credit is to be applied.

(2) Such documentation shall be provided in the form prescribed by the tax commissioner.

(3) Nothing in this section shall be construed to authorize the tax commissioner to enter into an agreement with a taxpayer to grant a credit, to determine if a taxpayer meets the conditions of a tax credit agreement entered into by the City and taxpayer under Section 311-45 of this chapter, or to modify the terms or conditions of any such existing agreement.

Sec. 311-999. Violations; Criminal Penalties.

(8) Fail to comply with the provisions of this chapter or any order or subpoena of the tax commissioner; or

(9) To avoid imposition or collection of municipal income tax, willfully give to an employer or prospective employer false information as to his or her true name, correct social security number and residence address, or willfully fail to promptly notify an employer or a prospective employer of any change in residence address and date thereof; or

(10) Fail, as an employer, agent of an employer, or other payer, to maintain proper records of employees residence addresses, total qualifying wages paid and municipal tax withheld, or to knowingly give the tax commissioner false information; or

(g) The failure of any employer, taxpayer or person to receive or procure a municipal income tax return, declaration or other required form shall not excuse such person from making any information return, return or declaration, from filing such form, or from paying the municipal income tax.

(h) Prosecutions for an offense made punishable under this section or any other provision of this chapter shall be commenced within three (3) years after the commission of the offense, provided that in the case of fraud, failure to file a return, or the omission of 25 percent (25%) or more of income required to be reported, prosecutions may be commenced within six (6) years after commission of the offense.

(a) The name of the operator;

(b) The address of the hotel;

(c) The date upon which the certificate was issued;

(d) "This transient occupancy registration certificate signifies that the person named on the face hereof has fulfilled the requirements of the transient occupancy tax ordinance by registering with the treasurer for the purpose of collecting from transient guests the transient occupancy tax and remitting said tax to the treasurer. This certificate does not constitute a permit."

(Sec. 312-5; ordained by Ord. No. 89-1969, eff. Apr. 1, 1969; renumbered to C.M.C. 312-9; eff. Jan. 1, 1972)

Sec. 312-11. Reporting and Remitting.

Each operator shall, on or before the last day of the month following the close of each calendar quarter, or at the close of any shorter reporting period which may be established by the treasurer, make a return to the treasurer, on forms provided, of the total rents charged and received and the amount of tax collected for transient occupancies. All claims for exemption from tax filed by occupants with the operator during the reporting period shall be filed with the report. At the time the return is filed, the full amount of the tax collected shall be remitted to the treasurer. The treasurer may establish shorter reporting periods for any certificate holder if determined necessary in order to insure collection of the tax and may require further information in the return if such information is pertinent to the collection of the tax. Returns and payments are due immediately upon cessation of business for any reason. All taxes collected by operators pursuant to this chapter shall be held in trust for the account of the city until payment thereof is made to the treasurer. All returns and payments submitted by each operator shall be treated as confidential by the treasurer and shall not be released except upon order of a court of competent jurisdiction or to an officer or agent of the United States, the state of Ohio, the county of Hamilton, or the city of Cincinnati for official use only.

(Sec. 312-6; ordained by Ord. No. 89-1969, eff. Apr. 1, 1969; renumbered to C.M.C. 312-11, eff. Jan. 1, 1972; a. Ord. No. 337-1979, eff. Aug. 1, 1979)

Sec. 312-13. Penalties and Interest.

(a) *Delinquency.* Any operator who fails to remit any tax imposed by this chapter within the time required shall pay a penalty equal to 10 percent of the amount of the tax, in addition to the tax.

(c) *Interest.* In addition to the previous penalties imposed, any operator who fails to remit any tax imposed by this chapter shall pay interest at the rate of 1 percent per month, or fraction thereof, on the amount of the tax, exclusive of penalties, from the date on which the remittance first became delinquent until paid.

(d) *Penalties During Pendency of Hearing or Appeal.* No penalty provided under the terms of this chapter shall be imposed during the pendency of any hearing provided for in Section 312-15 of this chapter nor during the

pendency of any appeal to the city manager provided for in Section 312-17 of this chapter.

(e) *Abatement of Interest and Penalty.* In cases where a return has been filed in good faith and an assessment has been paid within the time prescribed by the treasurer, the treasurer may abate any charge of penalty or interest or both.

(Sec. 312-7; ordained by Ord. No. 89-1969, eff. Apr. 1, 1969; renumbered to C.M.C. 312-13, eff. Jan. 1, 1972; a. by Ord. No. 60-1974, eff. Mar. 15, 1974)

Sec. 312-15. Failure to Collect and Report Tax, Determination of Tax by City Treasurer.

If any operator shall fail or refuse to collect said tax and to make, within the time provided in this chapter, any report and remittance of said tax or any portion thereof required by this chapter, the treasurer shall proceed in such manner deemed best to obtain facts and information on which to base the estimate of the tax due. Upon procuring facts and information upon which to base the assessment of any tax imposed by this chapter and payable by any operator who has failed or refused to collect the same and to make such report and remittance, the treasurer shall proceed to determine and assess against such operator the tax, interest and penalties provided for by this chapter. In case such determination is made, the treasurer shall give a notice of the amount so assessed by serving it personally or by depositing it in the United States mail, postage prepaid, addressed to the operator so assessed at his last known place of address. Such operator may within 10 days after the serving or mailing of such notice make application in writing to the treasurer for a hearing on the amount assessed. If application by the operator for a hearing is not made within the time prescribed, the tax, interest and penalties, if any, determined by the treasurer shall become final and conclusive and immediately due and payable. If such application is made, the treasurer shall give not less than five days written notice in the manner prescribed herein to the operator to show cause at a time and place fixed in said notice why said amount specified therein should not be fixed for such tax, interest and penalties. At such hearing, the operator may appear and offer evidence why such specified tax, interest and penalties should not be so fixed. After such hearing, the treasurer shall determine the proper tax to be remitted and shall thereafter give written notice to the person in the manner prescribed herein of such determination and the amount of such tax, interest and penalties. The amount determined to be due shall be payable after 15 days unless an appeal is taken as provided in Section 312-17.

(Sec. 312-8; ordained by Ord. No. 89-1969, eff. Apr. 1, 1969; renumbered to C.M.C. 312-15, eff. Jan. 1, 1972; a. Ord. No. 337-1979, eff. Aug. 1, 1979)

Sec. 312-17. Appeal.

Any operator aggrieved by any decision of the treasurer with respect to the amount of such tax, interest and penalties, if any, may appeal to the city manager by filing a notice of appeal with the city manager within 15 days of the serving or mailing of the determination of tax due. The city manager or designee of the city manager shall fix a time and place for hearing such appeal, and shall give notice in writing to such operator at his last known place of address. The findings of the city manager or designee shall be final and conclusive and shall be served upon the appellant in the manner prescribed above for service of notice of hearing. Any amount found to be due shall be immediately due and payable upon the service of notice.

(Sec. 312-9; ordained by Ord. No. 89-1969, eff. Apr. 1, 1969; renumbered to 312-17, eff.

Jan. 1, 1972; a. Ord. No. 487-1974, eff. Dec. 20, 1974; a. Ord. No. 337-1979, eff. Aug. 1, 1979)

Sec. 312-19. Records.

It shall be the duty of every operator liable for the collection and payment to the city of any tax imposed by this ordinance to keep and preserve, for a period of three years, all records as may be necessary to determine the amount of such tax as such operator may have been liable for the collection of and payment to the city, which records the treasurer shall have the right to inspect at all reasonable times.
(Sec. 312-10; ordained by Ord. No. 89-1969, eff. Apr. 1, 1969; renumbered to C.M.C. 312-19, eff. Jan. 1, 1972; a. Ord. No. 337-1979, eff. Aug. 1, 1979)

Sec. 312-21. Refunds.

(a) Whenever the amount of any tax, interest, or penalty has been overpaid or paid more than once or has been erroneously or illegally collected or received by the city under this chapter, it may be refunded as provided in paragraphs (b) and (c) of this section provided a claim in writing therefor, stating under penalty of perjury the specific grounds upon which the claim is founded, is filed with the treasurer within three years of the date of payment. The claim shall be on forms furnished by the treasurer.

(b) An operator may claim a refund or take as credit against taxes collected and remitted the amount overpaid, paid more than once or erroneously or illegally collected or received when it is established in a manner prescribed by the treasurer that the person from whom the tax has been collected was not a transient guest; provided, however, that neither a refund nor a credit shall be allowed unless the amount of the tax so collected has either been refunded to the transient guest or credited to rent subsequently payable by the transient to the operator.

(b) On or before the 15th day of each quarter in a calendar year, each advertising host shall submit a return and remit one quarter of the annual minimum tax imposed under section 313-3(b) to the treasurer for the quarter preceding the month in which the return is made, which return shall report the amount of tax due from the advertising host for the foregoing quarter and other information that the treasurer may require to ensure accurate calculation and collection of the tax.

(i) The advertising host shall be liable for the payment of all taxes imposed under this chapter, including interest and penalties thereon.

(ii) Any fiscal officer of an advertising host who willfully fails to file required returns or make tax payments when due to the treasurer shall be jointly and severally liable with the advertising host for all taxes due under this chapter, including interest and penalties thereon. The treasurer is empowered to examine any person appearing before him or her under oath, concerning any transaction which was or should have been reported for any purpose under this chapter or any activity or occurrence tending to affect the tax levied under this chapter. All costs of production shall be borne by the respondent.

(b) The treasurer may use all available information in determining an assessment. Information derived from a limited period of time or volume may be used to estimate data for a larger period of time or volume. The information used in estimations may be derived from sources relating to the advertising host being assessed or one or more other advertising hosts. The lack of admissibility under any applicable rules of evidence shall not bar such use of information in the determination of an assessment.

(c) The treasurer shall serve notice on the person being assessed, communicating his or her determination and assessment and shall include a demand for all taxes, interest, and penalties that are due and unpaid. The assessment by the treasurer shall become final upon the expiration of 30 days from the date notice is mailed to the person, unless prior thereto the person files a protest in accordance with subsection (a) of section 310-23.

(d) The treasurer may concurrently assess any persons who have, by reason of an act or omission or by operation of law, become liable for the payment of any taxes, interest, or penalties which were not originally incurred by that person. The amount of recovery from such persons shall be limited to the total deficiency due.

(e) Penalties and interest shall accrue from the date the taxes assessed should have been paid in accordance with this chapter. A protest or appeal of the treasurer's assessment shall not toll the application and accrual of penalties and interest.

Sec. 313-19. Enforcement.

(a) Upon an assessment becoming final and after the expiration of time for all proper appeals, the city solicitor shall, by request of the treasurer on behalf of the city, bring or cause to be brought an action to enforce the payment of the assessment in any court of competent jurisdiction against any party liable for payment.

(b) All final assessments no longer subject to appeal shall be collectible as any other debts owed to the city.

(c) Revocation of License.

(i) Upon an assessment becoming final and after the expiration of time for all proper appeals, the treasurer may, at his or her discretion, revoke any license granted under the Cincinnati Municipal Code to an advertising host responsible for payment of such assessment upon seven days' notice to the license holder.

(ii) Licenses subject to revocation shall include outdoor advertising sign permits granted under chapter 895 of the Cincinnati Municipal Code.

(d) A final assessment no longer subject to appeal may be reduced to a lien on all real or personal property of the taxpayer or other responsible party.

(c) A claim for refund shall be stated by reporting period and include amended returns for each such period along with an explanation supporting the amended position and amount claimed for refund.

(d) Where a claim for refund is properly filed, the treasurer shall examine the same and determine the amount of refund due, if any. Before issuing a determination, the treasurer may request additional information or conduct any investigation necessary in ascertaining the validity of the claim. After a determination has been made, the treasurer shall issue a notice of determination, granting a full or partial refund, or denying the claim. The determination by the treasurer shall become final upon the expiration of 30 days from the date notice is mailed to the claimant, unless prior thereto the claimant files a protest in accordance with subsection (a) of section 313-23.

(b) An operator may within ten days after the serving or mailing of notice of amounts due make application in writing to the treasurer for a hearing on the amount assessed. If the operator does not apply for a hearing within the time prescribed, the amounts assessed by the treasurer shall become final and conclusive and immediately due and payable. At the hearing, the operator may appear and offer evidence why the amount assessed should not be so fixed. Sec. 317-3. Living Wages Required.

(a) The city and every covered employer shall pay its covered employees no less than a living wage, as determined in this section and as hereafter adjusted in accordance with subsection (b) hereof:

(1) $15.00 per hour for full-time city employees or full-time employees of covered employers;

(2) $10.10 per hour for seasonal or part-time city employees;

(3) $11.73 per hour for part-time or seasonal employees of a covered employer that provides employee health care to its part-time and seasonal employees; and

(4) $13.23 per hour for part-time or seasonal employees of a covered employer that does not provide employee health care to its part-time and seasonal employees.

For purposes of this subsection (a) regarding city employees, "full-time," "part-time," and "seasonal" city employees shall be determined based on the city of Cincinnati's designation of such individuals for city of Cincinnati employment purposes.

For purposes of this subsection (a) regarding employees of covered employers, "full-time employees" means those permanent employees who work 1500 or more hours on an annual basis on a single city contract, and "part-time employees" means those permanent employees who work fewer than 1500 hours on an annual basis on a single city contract, and "seasonal employees" means any employees of a covered employer whose services are required only during certain parts of the year, such a position being intermittent in nature, but any such employee designated as seasonal who works 1500 hours or more in any calendar year on a single city contract shall be deemed a full-time employee for purposes of this section for all hours worked on such single city contract.

No position that otherwise would have been filled with a full-time employee shall be filled with one or more part-time employees in an effort to reduce the living wage rate required by this subsection (a).

In order to qualify to pay the living wage rate for covered employers providing employee health care to their part-time and seasonal employees under subsection (a) hereof, a covered employer shall furnish proof of said health care coverage and payment therefor to the city manager or the manager's designee. For full-time employees of covered employers as defined in this subsection (a), the living wage is $15.00 per hour, regardless of whether the employer provides health care benefits.

(b) The amount of the living wages established in this section shall be adjusted upward no later than April 30, 2017 and by April 30 of each year thereafter by a percentage equal to the percentage increase, if any, in the level of the annual average Consumer Price Index as published by the Bureau of Labor Statistics, U.S. Department of Labor for the immediately preceding calendar year over the annual average for the prior year. For each living wage level, the applicable percentage amount shall be converted to a monetary amount by multiplying the most recent living wage under this section for that level by said percentage, rounding upward to the next cent, and adding that amount of cents to the most recent living wage established herein for that level. Prior to April 1 of each calendar year, the city shall notify any covered employer of this adjustment by posting an announcement in the City Bulletin and/or by written letter in the case of a covered employer that has provided an address of record to the city.

(Ordained by Ord. No. 362-2002, eff. Dec. 26, 2002)

Sec. 317-7. Waivers.

Council reserves the right to waive the requirements of this chapter upon a finding and determination that waiver is in the best interests of the city. When an emergency has been declared by the mayor, council or the city manager, (for example, when there is an emergency due to natural disasters and there is a need for immediate services), waivers shall be granted without the need for consideration by council when services to be contracted are necessary because of the emergency.

To permit an effective and reasonable contracting process by the city by enabling prospective bidders and responders to know whether workers on the contract will be covered employees for purpose of this chapter, city departments may request that council waive the requirements of this chapter for a contract prior to bids for contracts or requests for proposals or qualifications being released for response. If council waives the requirements of this chapter in advance of bids for contracts or requests for proposals or qualifications being released for response, the waiver will be effective for all contracts entered into by the city as a result of the bid or request for proposals or qualifications and will be effective for the duration of such contract(s).

Waivers from the chapter will be granted only where the balance of competing interests weighs clearly in favor of granting the waiver. If waivers are to be granted, partial waivers are favored over blanket waivers. Except when a waiver is granted in advance of bids for contracts or requests for proposals or qualifications being released for response for the duration of a contract as provided in the preceding paragraph, any waiver shall be granted for no more than one year.
(Ordained by Ord. No. 362-2002, eff. Dec. 26, 2002; a. Ord. No. 74-2003, eff. April 25, 2003; Emer. Ord. No. 107-2012, § 2, eff. April 4, 2012)

A copy of such subcontracts or other such agreements shall be submitted to the city.

A copy of such notification shall be retained by contractors and subcontractors which may be subject to audits and/or other forms of monitoring. The notification must include the following:

The living wage rate of $15.00 per hour for full-time employees of covered employers; and $11.73 per hour for part-time and seasonal employees of a covered employer that provides employee health benefits to its part-time and seasonal employees; and $13.23 per hour for part-time and seasonal employees of a covered employer that does not provide employee health benefits to its part-time and seasonal employees shall be adjusted annually. The living wage shall be upwardly adjusted each year no later than April 30th in proportion to the increase, if any, in the annual average level of the Consumer Price Index as published by the Bureau of Labor Statistics, U.S. Department of Labor for the immediately preceding calendar year over the annual average for the prior calendar year.

Sec. 317-15. Retaliation or Discrimination.

(Ordained by Ord. No. 362-2002, eff. Dec. 26, 2002)

(b) The city manager shall develop rules and regulations for the monitoring of the operations of the covered employers to insure compliance including the review, investigation and resolution of specific concerns or complaints about the employment practices of a contractor or subcontractor relative to this chapter. In such cases, the city will attempt to resolve the problem within 30 days.

(c) Where a violation of any provision of this chapter has been determined, the contractor or subcontractor will be given a written notice by the city per the rules and regulations promulgated by the city manager. For purchases of $15,000.00 or less, notice and award must be given to a certified SBE, ELBE, or SLBE listed for that particular commodity code, unless the city purchasing agent determines one of the following:

(a) Such award would be impractical;

(b) Such award would not be in the best interest of the city based on price.

In such cases, competitive bidding shall be conducted pursuant to policies promulgated by the city purchasing agent.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; a. Ord. No. 437-2002, eff. Jan. 17, 2003; a. Ord. No. 0014-2007, § 1, eff. Feb. 18, 2007; Emer. Ord. No. 376-2015, § 2, eff. Jan. 1, 2016; a. Ord. No. 259-2025, §§ 1, 2, eff. Aug. 6, 2025)

The following shall apply to contracts for supplies, services, or construction involving an expenditure in excess of $15,000.00 but not in excess of $50,000.00:

(a) The city purchasing agent may award and enter into such contracts without additional approval by the city manager or board or commission on whose behalf the procurement is made.

If one of the circumstances listed in subsections (2) through (5) above exists, then three quotes should be obtained from businesses in the commodity code that are not certified SBEs, SLBEs or ELBEs or are not SBEs, SLBEs, or ELBEs, and competitive bidding shall be conducted pursuant to policies promulgated by the city purchasing agent.

(e) (1) If a quote process is utilized, at least two but not more than three quotes must first be obtained from certified SBEs, SLBEs, or ELBEs listed in the commodity code.

(2) If there is only one certified SBE, SLBE, or ELBE in the commodity code or only one certified SBE, SLBE, or ELBE in the commodity responds to the city's request for quote, then two additional quotes must be obtained from businesses in the commodity code that are not certified SBEs, SLBEs, or ELBEs.

(3) If the quote from a business that is not a certified SBE, SLBE, or ELBE is the lowest and best quote of the three received by the city, the certified SBE, SLBE, or ELBE will be awarded the contract if it agrees to match the lowest and best quote. If the certified SBE, SLBE, or ELBE does not agree to match the lowest and best quote within three business days after the city purchasing agent offers that business the opportunity to match the lowest and best quote, then the contract will be given to the business that submitted the lowest and best quote, regardless of certification status.

(f) The city purchasing agent may establish a contract award rotation process for SBEs, SLBEs, and ELBEs certified in specific commodity codes to make contract award opportunities equitably available to such businesses.

(b) Bids invited by the city purchasing agent by announcement or by advertisement if the bid is expected to be in excess of $50,000 but not greater than $250,000 shall be received and recorded by the city purchasing agent or a designee. No public posting of bids is required.

(c) All bids received by the city purchasing agent shall be subject to disclosure in response to a public records request pursuant to the requirements and limitations of Ohio Revised Code Sections 9.28, 149.43, and any successor laws.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; a. Ord. No. 357-1994, eff. 10-28-94; Emer. Ord. No. 126-2013, § 1, eff. May 15, 2013; a. Ord. No. 141-2024, §§ 1, 2, eff. July 1, 2024)

Sec. 321-33. Bid; Waiver of Defects.

In awarding a contract, the city purchasing agent may waive any variation from the bid requirements or defect in a bid which does not materially affect the competitive

nature of the bid, is not in violation of any ordinance, statute or law and does not prejudice the right of the public.

A variance or defect does not materially affect the bid if the terms of the bid are clear and unambiguous, the bid contains all essential elements of the contract, if the amount or competitive nature of the bid is not affected and if the bidder has not received an unfair advantage from having seen the competitor's bid documents.

In considering any waiver, the city purchasing agent shall attempt to secure the best work or materials at the lowest price practicable and shall make such determination in a manner as to fairly and reasonably accomplish such purpose with sole reference to the public interest.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-35. Bid; Clarification.

The city purchasing agent may request clarification of a bid or any part thereof. Clarification shall mean the communication between the city and the bidder regarding the bid. Such communication shall not change the bid, the competitive nature of all bids or violate any ordinance, statute or law and shall not prejudice the right of the public.

In considering any clarification the city purchasing agent shall attempt to procure the best supply, service or construction at the lowest practicable price and shall make such clarifications in such a manner as to fairly and reasonably accomplish such purpose with the sole reference to the public interest.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-37. Bid; Award to Lowest and Best.

(a) Selection of Lowest and Best in Award of City Contracts: Except where otherwise provided by ordinance, the city purchasing agent shall award a contract to the lowest and best bidder.

(b) Environmentally Preferable Comparison Bids: In invitations to bid designated by the city purchasing agent as an environmentally preferable comparison bid, the city purchasing agent, in determining the lowest and best bid, shall deem as favorable the fact that the bidding company offers supplies that contain recycled material, and shall select such bidder as the lowest and best bidder if its bid does not exceed by more than five percent to a maximum of $25,000.00 any other lowest and otherwise qualified non-recycled bidder.

In such circumstances where more than one bidder offers supplies with recycled material that do not exceed by more than five percent to a maximum of $25,000.00 any other lowest and otherwise qualified non-recycled bidder, the city purchasing agent may consider all information otherwise relevant to determining which bid is lowest and best.

The decision of the city purchasing agent or designee, including whether the environmentally preferable product satisfies the bid requirements, shall be final in the determination of the award.

(c) SLBE or ELBE Preferable Comparison Bids: In compliance with CMC Section 323-13, the city purchasing agent, in determining the lowest and best bid, may award a contract valued between $250,000 and $1,000,000 to a certified SLBE or a contract valued between $50,000 and $100,000 to a certified ELBE that submits a bid that is no more than ten percent greater than the lowest and otherwise best bid unless:

(1) The award to the certified SLBE or ELBE would result in a total contract cost that is, on an annual basis, $25,000.00 or more higher than the lowest and otherwise best bid; or

(2) The award to the certified SLBE or ELBE would cause the total contract cost to exceed the city's budgeted funding for the contract.

(d) MBE or WBE Preferable Comparison Bids: In compliance with CMC Section 324-33, the city purchasing agent, in determining the lowest and best bid, may award a prime contract for non-professional services or supplies to a certified MBE or WBE that submits a bid that is no more than five percent greater than the lowest and otherwise best bid unless either of the following applies:

(1) The award to the certified MBE or WBE would result in a total contract cost that is, on an annual basis, $25,000.00 or more higher than the lowest and otherwise best bid; or

(2) The award to the certified MBE or WBE would cause the total contract cost to exceed the city's budgeted funding for the contract.

(e) Factors to be Considered: Other factors that the city purchasing agent may consider in determining the lowest and best bid include, but are not limited to:

(1) Information concerning the bidder's performance on prior and current contracts with the city;

(2) Information concerning the bidder's current, past and proposed payment of prevailing wages;

(3) Information concerning compliance with CMC Section 324-17(a)(2) or the "Subcontracting Outreach Program" rules and regulations issued by the city manager pursuant to CMC Section 323-37; or

(4) Information concerning compliance with the contract participation goals and the subcontractor utilization program provided in CMC Sections 323-11, 323-17, 324-15 and 324-19.

(f) In the event that the selection of the lowest and best bidder is based primarily upon factors 3 or 4 above, the contract award may be made subject to the following limitation: the bid may not exceed an otherwise qualified bid by ten percent or $25,000.00, whichever is lower.

Total Preference Percentages Permissible: The total accumulation of all preference percentages from all preference programs now in existence or hereafter established shall not exceed fifteen percent to a maximum of $75,000.00.

Sec. 321-39. Bid; Award on Equal Bids.

Whenever bids shall be received for supplies, services or construction and two or more bids shall, in the opinion of the city purchasing agent, be equally entitled to be considered the lowest and best bids, the city purchasing agent shall be authorized to award such contract by lot to any one of such lowest or best bidders, or, if the number of such lowest and best bidders is not in excess of three, to divide the award and contract as the city purchasing agent deems best among them or among such of them as shall consent to such apportionment.

This section does not apply to situations that arise as a result of the application of Section 321-13(e). A matching bid submitted by a certified SBE, SLBE, or ELBE pursuant to Section 321-13(e) does not create

a situation where two or more bids are both the lowest and best bid for purposes of this section.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; a. Ord. No. 124-2012, § 2, eff. May 18, 2012; Emer. Ord. No. 376-2015, § 2, eff. Jan. 1, 2016)

Sec. 321-41. Bid; Waiver of Bidding and Contracting Requirements Where No Acceptable Bid is Made.

The city purchasing agent is authorized to waive all legal bidding and/or contracting requirements when a situation exists because of various supply allotment programs, volatile market conditions, shortages, and similar situations which causes vendors to refuse to submit acceptable bids based on all the city's legal bidding and contracting requirements; provided, however, before waiving such requirements the city purchasing agent shall have first endeavored to secure competitive bids based on all applicable city bidding and contracting requirements, but when no acceptable bid is subsequently received due to one or more of the above causes, the city purchasing agent is then authorized to make award of a contract to the determined lowest and best bid of all non-acceptable bids submitted, or to negotiate a contract where no bids are received.

The city purchasing agent shall report to city council semiannually on all applications of this authorization during the interim period.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; Emer. Ord. No. 152-2017, § 25, eff. July 1, 2017)

Sec. 321-43. Bid; Rejection of Bids.

The city purchasing agent, city manager or any other duly authorized contracting officer may reject any bid for any reason or all bids for no reason if acceptance of the lowest and best bid is not in the best interests of the city. Where there is reason to believe there is collusion or combination among bidders, the bids of those involved shall be rejected.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-45. Repealed.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; a. Ord. No. 440-2002, eff. Jan. 17, 2003; a. Emer. Ord. No. 177-2008, § 4, eff. June 29, 2008; r. Emer. Ord. No. 376-2015, §§ 2, 3, eff. Jan. 1, 2016)

Sec. 321-47. Bid; Default.

In case any successful bidder shall fail to execute a proper contract according to law within ten calendar days from receipt of notice of acceptance of the bid, or, if deemed appropriate by the city manager, within five business days, which notice may be by tender of the contract for signature and bonding or by direct notification, or shall otherwise default as to the bid, the bidder shall be chargeable with any and all damages and losses suffered by the city of Cincinnati on account of the default, and the amount of the damages shall be fixed by the city manager.

No person or company that shall have defaulted as to any bid with the city of Cincinnati shall be permitted to bid for any business with the city of Cincinnati until the amount of the damages accruing to the city by reason of such default shall have been fully accounted for, and in no event shall any such defaulting person or company be permitted to bid within the period of two years from the date of the default, except with the written permission of the city manager.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; a. Ord. No. 0165-2007, § 1, eff. June 2, 2007)

Sec. 321-49. Bid; Withdrawal of Bid Made in Error.

A bidder for a contract with the city may request the withdrawal of a bid not requiring bid surety from consideration. The city purchasing agent may allow the withdrawal if the price bid was substantially lower than the other bids, providing the bid was submitted in good faith and the reason for the price bid being substantially lower was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional and substantial arithmetic error or an unintentional omission of a substantial quantity of work, labor, or material made directly in the compilation of the bid. The request to withdraw such bid shall be made in writing to the city purchasing agent within four business days from the bid opening procedure.

No bid may be withdrawn under this section when the result would be the awarding of the contract on another bid of the same bidder.

No bidder who is permitted to withdraw a bid shall benefit, directly or indirectly, from the performance of the contract for which the withdrawn bid was submitted, without the approval of the city purchasing agent. Without such approval, the contractor to whom the contract was awarded and the withdrawing bidder are jointly liable to the city in an amount equal to any compensation paid to or for the benefit of the withdrawing bidder, in addition to any criminal penalties.

If a bid is withdrawn under authority of this section, the city purchasing agent may award the contract to the next lowest bidder or reject all bids.

In the event the city purchasing agent denies the request for withdrawal and the bidder refuses to perform, the city purchasing agent may reject all bids or award to the next lowest bidder and the bidder shall be in default.

(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; a. Emer. Ord. No. 177-2008, § 4, eff. June 29, 2008)

Sec. 321-51. Proposal; Competitive.

Competitive proposals may be used to procure supplies, services, professional services, and construction when the city purchasing agent determines that the use of competitive bidding is either not practical or not advantageous to the city. All possible steps shall be taken to ensure competition in the competitive proposal process.

The city purchasing agent shall promulgate procedures for the competitive proposal process.

(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; a. Ord. No. 193-2012, § 2, eff. July 6, 2012; Emer. Ord. No. 376-2015, § 2, eff. Jan. 1, 2016)

Sec. 321-52. Proposal; Specifications.

(a) Specifications are any description of the physical or functional characteristics or of the nature of supplies, services or constructions.

(b) All city departments, boards and commissions shall specify environmentally preferable supplies, services or construction when appropriate.

All city departments, boards and commissions shall conduct a review of supplies, services or construction specifications to determine whether the specifications either require the use of products manufactured from virgin materials or exclude the use of environmentally preferable or recycled content products, reusable products, or products designed to be recycled.

In the event that such specifications do exclude the use of recycled products or require the use of virgin materials, then such exclusions or requirements may be eliminated unless the department, board or commission can demonstrate to the satisfaction of the city purchasing agent that the recycled products would not achieve a necessary requirement or performance standard.

All city departments, boards and commissions shall recommend changes to the city purchasing agent to ensure that performance standards for particular supplies, services or construction can be met and that the specifications are not overly stringent, and to recommend changes to ensure that the specifications will incorporate a requirement for the use of recycled materials, reusable products, and products designed to be recycled to the maximum extent possible, subject to an alternative showing that either the performance of the product will be jeopardized or that the product will negatively impact health, safety, or operational efficiency.

The city purchasing agent may request the offeror to affirmatively demonstrate that recycled material will not jeopardize the performance of the product and will not negatively impact health, safety, or operational efficiency.
(Ordained by Ord. No. 141-1994, eff. June 3, 1994)

Sec. 321-53. Proposal; Form of Request For Proposal.

All requests for proposals shall state the time, date and place where proposals will be received. A request for proposal shall state the city requirements and evaluation factors to be applied in awarding the contract. All plans, specifications, details or bills of material shall be open for inspection during business hours defined in the request for proposal. Any performance surety requirements shall be stated in the request for proposal.

Sec. 321-55. Reserved.

Sec. 321-57. Proposal; Correction, Withdrawal or Cancellation of a Request for Proposal.

The city purchasing agent or designee is authorized to make corrections to requests for proposals. The city purchasing agent or designee may withdraw or cancel at any time any request for proposals, if the city purchasing agent or designee deems such action is in the best interest of the city.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-59. Proposal; Time Extension for Proposal Opening.

The time, date and place of proposal openings may be extended to a later time or date by the city purchasing agent or designee provided that written or oral notice of a change of time, date or place shall be given to all persons who have received or requested a request for proposal. After the time and date for proposal opening has passed no new offeror may submit a proposal.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-61. Proposal; Public Records.

All proposals received by the city purchasing agent shall be subject to disclosure in response to a public records request pursuant to the requirements and limitations of Ohio Revised Code Sections 9.28, 149.43, and any successor laws.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; Emer. Ord. No. 126-2013, § 1, eff. May 15, 2013; a. Ord. No. 141-2024, §§ 1, 2, eff. July 1, 2024)

Sec. 321-63. Proposal; Discussion With Offerors and Revisions to Proposals.

Discussions may be conducted with any or all offerors for the purposes of clarification to assure a full understanding of, and responsiveness to, the request for proposal requirements. Such offerors shall be accorded fair and equitable treatment with respect to any opportunity for discussion. Revisions may be permitted after submissions and prior to award for purpose of obtaining the most advantageous proposals.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-65. Proposal; Award to Most Advantageous.

(a) Award shall be made to the offeror whose proposal is determined, in writing by the city manager, city purchasing agent, board or commission to be the most advantageous to the city taking into consideration price and evaluation factors set forth in the request for proposals. The contract file shall contain the basis on which the award is made.

(b) In request for proposals designated by the city purchasing agent as an environmentally preferable comparison request, the city purchasing agent may consider the following factors, listed in descending order of preference, in evaluating competitive proposals as the most advantageous to the city:

(1) The highest percentage of post-consumer material content.

(2) The highest percentage of pre-consumer material content.

In addition, the following factors may be considered in determining the most advantageous proposal.

(3) The ability of the product and package to be reused or recycled.

(4) The volume and toxicity of waste and by-products that a given product generates in its manufacture, use and disposal.

(5) The highest level of energy and water efficiency.

(c) Preference Points for SLBE/ELBEs.

(1) A certified SLBE may be given up to ten additional preference points in the evaluation of its response to an RFP or RFQ for architecture and engineering or other professional services for contracts valued between $100,000.00 and $250,000.00, and a certified ELBE may be given up to ten additional preference points in the evaluation of its response to an RFP or RFQ for architecture and engineering or other professional services for contracts valued between $50,000.00 and $100,000.00.

(2) For certified SLBE joint ventures, preference points shall be prorated based upon a clearly defined portion of the work to be performed by the SLBE with its own forces, equal to its share in the ownership, risks, performance, management and control of the joint venture.

(d) Preference Points for MBEs or WBEs.

(1) A certified MBE or WBE that submits a response to an RFP or RFQ for a professional services contract may be awarded up to ten evaluation preference points.

(2) Preference points for joint ventures that include certified MBE or WBE participants must be allocated on a pro rata basis in the same proportion to which a clearly defined portion of the work to be performed by the MBE

or WBE with its own forces and equal to its share in the ownership, risks, performance, management and control of the joint venture bears to the total work to be performed under the contract.

Sec. 321-71. Reserved.

Sec. 321-73. Right to Request Information.

The city manager, city purchasing agent, board or commission may request information needed to determine the lowest and best bid or the most advantageous proposal. Such information may include, but is not limited to financial ability, resources, skills, capability, business integrity, past performance, equal employment opportunity and related programs.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-75. Right to Audit Records.

The city shall be entitled to audit the books and records of a contractor or any subcontractor under any contract or subcontract to the extent that such books and records relate to the performance of such contract or subcontract. Such books and records shall be maintained by the contractor for a period of one year from the date of final payment under the prime contract and by the subcontractor for a period of one year from the date of final payment under the subcontract, unless a shorter period is authorized in writing.

Sec. 321-77. Reserved.

Sec. 321-79. Reserved.

Sec. 321-81. Contracts; Types.

Subject to the limitations of this section, any type of contract which will promote the best interests of the city may be used, except the use of a cost-plus-a-percentage-of-cost contract is prohibited. A cost-reimbursement contract may be used only when a determination is made in writing by the city purchasing agent that such contract is likely to be less costly to the city than any other type or that it is impracticable to obtain the supplies, services, or construction required except under such a contract.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; Emer. Ord. No. 376-2015, § 2, eff. Jan. 1, 2016)

Sec. 321-83. Contract; Multi-Term.

Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interests of the city. The term of the contract and conditions of renewal, if any, shall be included in the solicitation,

and funds shall be available for the first period at the time of contracting. Payment and performance obligations for succeeding periods shall be subject to the availability and appropriation of funds.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; Emer. Ord. No. 376-2015, § 2, eff. Jan. 1, 2016)

Sec. 321-85. Contract; Sole Source.

The city purchasing agent may award a contract for supplies, services or construction without competition upon making a determination in writing that there is only one source for the required supply, service or construction. A requirement for a particular supply, service or construction does not justify a sole source procurement if there is more than one potential bidder or offeror.

The determination of a sole source procurement shall be made in writing and shall include the basis therefor and the duration of its effectiveness. In cases of reasonable doubt, competition shall be solicited.

The city purchasing agent may conduct negotiations, as appropriate, for price, delivery and terms.

The city purchasing agent shall maintain a record of sole source procurements including the contractor's name, the amount and type of each contract, a listing of the supplies, services, or construction procured under each contract and the identification number of the contract.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; Emer. Ord. No. 376-2015, § 2, eff. Jan. 1, 2016)

Sec. 321-86. Contract; Single Available Source.

(a) The city purchasing agent may award a contract for supplies, services, or construction without competition upon making a determination that, although there is more than one potential source for a particular supply, service, or construction project, it is in the best interest of the city to award a contract to a specific contractor based on the particular contractor's ability to provide the supply, service or construction given the contractor's ownership or control of data or patent rights, copyrights, exclusive distribution agreements, warranties, trade secrets, or other similar interests applicable to the required supplies, services, or construction. By way of example only, and not by limitation, single available source procurement may be appropriate to maintain warranty coverage on equipment through a specific service or parts provider, to obtain replacement parts or additional units from an exclusive or limited distributor, or to obtain software or services compatible with or related to proprietary software.

(b) Equipment. The city purchasing agent may determine that single available source procurement is justified for specific makes and models of equipment, parts, or supplies if all of the following requirements are met:

(1) The specific equipment, parts, or supplies are being procured for standardization purposes, and that standardization of the equipment, parts, or supplies is in the best interests of the city;

(2) The equipment, parts, or supplies will be used to meet a requirement for replacement parts or additional units that are compatible with existing city equipment;

(3) The existing equipment for which the parts or additional units are being procured was obtained by the city through the use of competitive procurement procedures, or was obtained through a separately justified and approved waiver of competitive procurement; and

(4) No identical or compatible equipment, parts, or supplies are available from a source that will reasonably be able to supply the required equipment, parts or supplies within the necessary time and from a reasonable geographic distance from the city.

(c) The city purchasing agent shall promulgate rules and procedures covering single available source procurements. The city purchasing agent shall maintain a record of single available sole source procurements including the contractor's name, the amount and type of each contract, a listing of the supplies, services, or construction procured under each contract, and the identification number of the contract.
(Ordained by Emer. Ord. No. 376-2015, § 1, eff. Jan. 1, 2016)

Sec. 321-87. Contract; Direct Award.

A contract may be awarded for supplies, services or construction without competition when the city purchasing agent determines in writing that the contractor is the only suitable or acceptable contractor to provide the supplies, services or construction and that it is in the best interest of the city to award the contract to that contractor. A direct award may be an appropriate procedure to procure supplies, equipment, or services for trial use or testing.

The determination of direct award procurement shall be made in writing by the city purchasing agent and shall include the basis therefor and the duration of its effectiveness. In cases of reasonable doubt, competition shall be solicited. Any request to the city purchasing agent that a procurement be restricted to one contractor shall be accompanied by an explanation as to why no other will be suitable or acceptable to meet the need. The city purchasing agent may conduct negotiations, as appropriate, for price, delivery and terms.

The city purchasing agent shall maintain a record of direct award procurements in excess of $5,000, including the contractor's name, the amount and type of each contract, a listing of the supplies, services, or construction procured under each contract and the identification number of the contract.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992; Emer. Ord. No. 376-2015, § 2, eff. Jan. 1, 2016)

Sec. 321-89. Contract; Emergency Procurement.

(a) *Emergency.* Notwithstanding any other provision of this chapter, when there exists a threat to public health, welfare or safety under emergency conditions defined in procedures promulgated by the city purchasing agent requiring the immediate procurement of services, supplies, materials, construction, demolition or equipment, the city manager, upon recommendation of the city purchasing agent and the head of the department involved, may waive any advertising, contract, and surety requirements prescribed by statute or ordinance and the pre-award requirements of the equal employment opportunity program of the city of Cincinnati prescribed by ordinance and authorize the purchase, by purchase order, of the needed services, supplies, materials, construction, demolition or equipment from the lowest and best bidder as disclosed by competitive bids which may be either oral or written. A record of all emergency purchases of supplies, services and construction in excess of $100,000 shall be reported to city council semi-annually. Furthermore, the city purchasing agent may authorize emergency purchases of $100,000 and less without

additional approval of the city manager being required to approve the nature of the emergency.

When normal procurement requirements are waived, all possible steps shall be taken to secure maximum competition in the procurement of the needed supplies, services, or construction; and any warranted follow-up in regard to the equal employment opportunity program shall be made.

A written determination of the basis for the emergency and for the selection of a particular contractor shall be included in the contract file and in the recommendation to the city manager or board or commission on purchases in excess of $100,000.

(b) *Imminent Danger.* Notwithstanding any other provision of this chapter, when there exists a disaster, or an imminent threat or danger to public health, welfare or safety requiring the direct action of a director or the commissioner of health, such director or commissioner of health may waive any advertising, formal contract, and surety requirements prescribed by statute or ordinance and the pre-award requirements of the equal employment opportunity program of the city of Cincinnati prescribed by ordinance and authorize the purchase of the needed services, supplies, materials, construction, demolition or equipment from the best bidder as disclosed by informal competitive bids which may be oral or written. If the cost is expected to exceed $100,000, the director or the commissioner of health shall obtain the verbal approval of the city manager or the deputy city manager, or if the cost is expected to be $100,000 or less, obtain the verbal approval of the city purchasing agent or the city purchasing agent's designee. The city purchasing agent may promulgate procedures for such emergency purchases involving imminent danger. A record of all imminent danger emergency purchases shall be reported to city council semi-annually.
(Ordained by Ord. No. 426-1992, eff. Oct. 23, 1992)

Sec. 321-91. Contract; Alcoholic Beverages.

Whenever required by state law or regulations of the department of liquor control, the city manager and the independent boards and commissions are authorized to adopt a modified procedure for making payments to suppliers of beer and other alcoholic beverages at city facilities by depositing in advance with all parties having contracts to supply such beverages an amount of money not in excess of the reasonable value of purchases of beverages anticipated to be made within a 30-day period.

Upon delivery of beverages to city locations the supplier shall deduct from the deposit the value under the contract of the beverages delivered and shall so notify the city. The city manager or the independent board or commission having the contract to receive such beverages may then advance an additional amount to the supplier to replace the amount deducted from the deposit.

If at the end of the contract period the contract is not renewed, and there is money still on deposit with the supplier, such money shall be returned by the supplier to the city after deduction of all sums due for beverages delivered.

Sec. 321-118. Applicability of Prevailing Wage Rates to City Development Agreements.

(a) Every development agreement must, as a condition of disbursement of city funds or the receipt of any other incentive or benefit, include a provision that:

(1) Requires the payment of the wage rates set forth pursuant to Ohio's Prevailing Wage Law, Ohio Revised Code sections 4115.03 to 4115.16, with respect to every component of the development, whether public or private, and whether or not such wage rates would otherwise be required to be paid pursuant to Ohio's Prevailing Wage Law;

(2) Provides that violations of Ohio's Prevailing Wage Law on a development, or violations of the provision that must be included in development agreements pursuant to clause (a)(1) of this section, that remain unresolved or uncured after the city provides notice thereof and a reasonable opportunity to resolve and cure the same shall result in the forfeiture of all benefits, incentives, and subsidies provided under the development agreement, whether said benefits, incentives, and subsidies have been previously disbursed or provided or have yet to be disbursed or provided; provided that (i) forfeiture of benefits, incentives or subsidies under this provision shall only apply with respect to the portion of the benefits, incentives, or subsidies that the development agreement does not obligate the developer to repay or reimburse, such as in the case of public infrastructure improvements benefiting a development constructed by the city but paid for by the developer, and (ii) if the city has provided non-monetary benefits, incentives or subsidies, such as the construction of public infrastructure improvements, prior to the date of forfeiture, then the development agreement shall stipulate that, in lieu of the forfeiture of such non-monetary benefits, incentives or subsidies, the forfeiting party shall remit funds to the city in an amount equal to the total value of any such non-monetary benefits, incentives, or subsidies;

ment of Commerce with respect to the compliance with or enforcement of the provisions of Ohio's Prevailing Wage Law.

(b) The department of community and economic development will determine the wage rates that must be paid pursuant to the provisions described in clause (a)(1) on an individual development basis, premised on its review of the scope of the development and any public improvements undertaken in connection therewith. Each development agreement must include and identify the applicable residential or commercial prevailing wage rates that apply to each component of the work undertaken as a part of the development, regardless of whether such component consists of private improvements. Notwithstanding anything to the contrary in this clause (b), the department of community and economic development will apply (i) commercial rates to a residential component of a development if such residential component is five stories or greater and (ii) residential rates to a residential component of a development if such residential component is below five stories. Without limitation or modification of any obligations the city or the department of community and economic development may be subject to under applicable state and federal law, this clause (b) shall apply only with respect to development agreements, as defined in this Chapter 321, and shall not operate to require the city or the department of community and economic development to determine the applicability of Ohio's Prevailing Wage Law or any other prevailing wage laws or regulations to any agreements or contracts other than development agreements, as defined in this Chapter 321.

(d) The department of economic inclusion will assist the department of community and economic development in fulfilling its obligations under clause (a) of this section by providing information on the applicable prevailing wage rates with respect to each development agreement. For all developments which are subject to development agreements, the department of community and economic development is responsible for monitoring compliance with and enforcing the requirements of this section and Ohio's Prevailing Wage Law. In furtherance of this clause (d), the department of community and economic development, with the cooperation and assistance of the department of economic inclusion, shall prepare and submit to the city manager an annual report summarizing the compliance of all developments subject to this section.

(e) This Section 321-118 shall be construed as being in addition to, and not in limitation of, the requirements of Ohio's Prevailing Wage Law.

Payment to the contractor may be withheld by the city in part or whole for violations of or failure of the contractor to comply with the terms and conditions of the contract.

(b) When the city manager or city purchasing agent has been granted the authority by this chapter to waive requirements for bid, proposal, or performance surety on any city contract, such waiver may be exercised only upon a finding by such official that the waiver will encourage competition and will not impair the city's ability to secure execution or performance of the contract.

Personal property of the city of Cincinnati, which is determined by the city manager or city purchasing agent or board or commission having supervision or management thereof, or any of their designees, to no longer be needed for municipal purposes, the estimated value of each item of which is less than $20,000.00, and which shall include unclaimed or forfeited property in the possession of the police department, may be sold, traded, auctioned, donated, destroyed, transferred, or disposed of on an "as is" basis by the city purchasing agent, the police chief or his designee:

(a) By sale by bid to the highest and best bidder. The city purchasing agent has the right to reject any and all bids.

(b) By auction sale, including either traditional auction or online internet auction.

(c) By donating such items to an appropriate charitable organization operating within the city or serving the citizens of the city or other governmental body.

(d) By destruction upon the determination of the city manager that the personal property (weapons, ammunition, drugs, and drug paraphernalia only) needs to be destroyed rather than sold or donated for public safety reasons.

(e) By trade for goods or services of like value when such trade of personal property is determined by the city purchasing agent to be in the best interest of the city.

(f) By disposal or refuse collection where the personal property has minimal value.

(g) By trade-in for credit at the time of purchase of new replacement property.

(h) By sale to a retired police officer of the officer's service weapon and leather goods at the fair market value or in accord with any applicable collective bargaining provisions. Leather goods mean any or all of the officer's gunbelt, ammunition case, chemical mace holder, handcuff case, and PR-24 holder. The fair market values of the service revolver and leather goods shall be determined by the police chief and records of ownership and transfer of service weapons and leather goods sold shall be maintained by the police department.

(i) The city manager or a designee may establish terms for and transfer the ownership of any police dog or police horse deemed no longer fit or otherwise suitable for duty. Such transfer of ownership may be for humanitarian reasons or upon such other terms as may be established by the city manager or a designee. Any transfer of ownership pursuant to this paragraph shall be to the Cincinnati police officer who acted as the

canine handler during the dog's active service, a Cincinnati police officer on the mounted patrol to whom the horse was assigned during active duty, or any other suitable person determined to be capable of providing for the continued maintenance and welfare of the animal. Such transfer of ownership shall be contingent upon the execution of a release approved by the city solicitor's office.

(j) By sale to a retired city employee at fair market value pursuant to terms established and approved by the city manager.

(k) By agreement signed by the city manager.

This section applies to all items that may have economic value to the city, such as office or other paper, ink cartridges, or other items that may be sold to a business or person for the benefit of the city.

Sec. 321-143. Disposal and Sale of Personal Property in Excess of $20,000.

Personal property of the city of Cincinnati which is determined by the city manager, city purchasing agent, or board or commission having supervision or management thereof, or any of their designees, to no longer be needed for municipal purposes, and which has an estimated individual item value in excess of $20,000, may be sold to the highest and best bidder on an "as is" basis by the city purchasing agent by the following procedures:

(a) If the estimated value is in excess of $20,000 but not in excess of $100,000, formal advertising is not required for the sale.

A listing of items to be sold which are estimated to be in excess of $20,000 but not in excess of $100,000 shall be advertised in The City Bulletin under the heading "Notice - Bids Wanted" and in any other paper or online publication or auction site determined to be appropriate by the city purchasing agent.

All advertisements shall indicate the following for each item:

(1) The item, any reference number, and other relevant descriptive information;

(2) That bids will be received until 3:00 p.m. (local time) on the date specified and in the manner specified by the city purchasing agent; and

(3) That copies of the inquiry are available at the office of the city purchasing agent.

The city manager or the city purchasing agent may at any time require formal advertisement or bid surety on any sale of $100,000 or less, when such procedure is deemed desirable to protect the best interests of the city.

(b) If the estimated value is in excess of $100,000, the property shall be sold pursuant to the following process:

(1) By sealed bids or bids or offers similarly submitted so that

prospective purchasers cannot determine the bid or offer of another purchaser.

(2) By online or public auction when the city purchasing agent with approval of the city manager determines that method will serve the best interests of the city.

(3) Advertised under the formal advertising and contract procedures.

Bid surety shall be required on such bids unless the city purchasing agent determines such surety is not necessary to protect the best interests of the city. The city purchasing agent may make a written contract with the highest and best bidder after formal advertisement.

Sec. 321-145. Alterations, Modifications and Change Orders.

Contracts entered into by the city purchasing agent shall be between the city and the bidder or offeror.

When determined by the city purchasing agent or a person designated by the city purchasing agent it becomes necessary, in the performance of a contract, to make alterations or modifications in the contract, such alterations or modifications shall only be made upon the order of the city purchasing agent or a person designated by the city purchasing agent, but such order shall be of no effect until the price to be paid for the alteration or modification of the contract has been agreed upon in writing and signed by the city purchasing agent or a person designated by the city purchasing agent and the contractor. Whenever such a change is executed, it shall be considered as being a part of the original contract, and the surety executed shall be held to include and cover it.

No contractor may recover anything for work or material because of any such alteration or modification unless the contract is made in such manner, nor shall contractors be allowed to recover for such work and material, or either, more than the agreed price.

When the work under any contract made by the city is neglected by the contractor or such work is not prosecuted with the diligence and force specified or intended in the contract, the city purchasing agent or contracting authority may make requisition upon the contractor for such additional specific force or materials to be brought into the work under such contract or to remove improper

materials from the grounds as in their judgment the contract and its faithful fulfillment requires.

Not less than five days' notice in writing of such action shall be served upon the contractor or agent in charge of the work. If the contractor fails to comply with such requisition within 15 days, the city purchasing agent or contracting authority may employ upon the work the additional force, or supply the special materials or such part of either as deemed proper, and may remove improper materials from the grounds.

Separate estimates of all additional force or materials employed or supplied shall be certified by the city purchasing agent or contracting authority and shall be paid by the director of finance. The amount so paid shall be charged against the contractor and be deducted from the next or subsequent estimate. The amount or any part thereof not so paid may be recovered by action from the contractor and contractor's sureties.

"Independent ownership and control" or "independently owned and controlled" applies both to individual SBEs, SLBEs and ELBEs and to SBEs and SLBEs engaged in a joint venture with other businesses. For an individual SBE, SLBE or ELBE, "independent ownership and control" shall mean the degree to which owners of the SBE, SLBE or ELBE participate in and are capable of participating in the decisions affecting day-to-day operations of the business, by considering the ability of the owners of the SBE, SLBE or ELBE to function and carry out daily business activities without relying upon others who are not owners or employees of the SBE, SLBE or ELBE, such as consultants, advisers, accountants, or owners' relatives. In determining the ability of the owners of the SBE, SLBE or ELBE to operate the business, the department may consider the owners' work experience, including experience in the primary industry in which the firm is seeking SBE, SLBE or ELBE certification, specialized training, education, and any other factors the director deems relevant.

For SBEs involved in a joint venture with a non-SBE as permitted by this chapter, "independent ownership and control" shall be determined by considering the participation of the owners of the SBE in the decisions affecting day-to-day operations of the joint venture, the ability of the owners of the SBE to function and carry out those daily business activities assigned to the SBE by agreement of the parties to the joint venture without assistance from the non-SBE business. "Independent ownership and control" also may be determined by considering the proportionate interest of the owners of the SBE in the capital, assets, profits and losses of the joint venture.

In determining whether a joint venture is independently owned and controlled by the owners of the SBE, the director may use discretion in weighing the foregoing factors, as well as any other factor, which, in the director's opinion, affects independent ownership and control.

(B) If requested by the department, the applicant must provide any and all materials and information necessary to demonstrate active participation in the control, operation, and management of the business.

(2) The department will review and evaluate applications, and may reject an application based on one or more of the following: the applicant does not meet the requirements of the definition of an SBE, the application is not satisfactorily completed, the application contains false information, or the applicant has not provided materials or information requested by the director.

(3) The director will make a certification determination within 90 days after the date the city receives a satisfactorily completed application from the applicant. If certification is denied, the director will notify the applicant in writing and specify the reason(s) for the denial. Unless the applicant is successful in a timely appeal of the denial of certification, the applicant may not reapply to be certified as an SBE for a period of one year from the date of the notice of denial.

(4) Firms certified as an SBE by other government agencies will be required to be certified under this chapter regardless of previous certification.

to be fraudulently used to obtain the benefits of SBE certification for a firm that is not a certified SBE or for the benefit of the owners of a firm that is not a certified SBE. In addition to certification revocation, any participant in the fraudulent use of certified SBE status for the benefit of another person or entity that is not a certified SBE shall be guilty of a misdemeanor of the first degree, punishable by imprisonment for up to six months and/or a fine of up to $1,000.00.

(3) Prior to taking formal action, the department shall provide the business with written notice of the proposed revocation. The department staff shall then prepare a recommendation regarding the proposed revocation for review by the director, who shall make a recommendation regarding revocation to the city manager for decision. The decision of the city manager or the city manager's designee is final.

(B) Provide any and all supporting materials and information required by the director; and

(C) Attend an SLBE/ELBE orientation provided by the department to become familiar with the policies and procedures of doing business within the city. An applicant with prior experience doing business with the city may be exempted by the director from attending the orientation.

(2) The department will review and evaluate applications and may reject an application based on one or more of the following:

(A) The applicant does not meet the requirements of the definition of the type of local business enterprise (SLBE or ELBE) for which it has applied for certification or is ineligible for certification as provided in Section 323-9(b) of this chapter;

(B) The application is not satisfactorily completed;

(C) The application contains false information; or

(D) The applicant has not provided materials or information requested by the director.

(6) An applicant for SLBE or ELBE certification or recertification that, during the certification or recertification process or during any certification review process, makes any deceptive or fraudulent statement or omission, or otherwise intentionally misrepresents any fact that may be considered in making a certification determination, in addition to any other penalties provided therefore, may be denied certification or recertification by the director for a period not to exceed three years.

(d) *Period of Certification.* The certification is valid for a two-year period beginning on the date the city certified the applicant as an SLBE or ELBE.

(2) The director shall permanently revoke the certification of a business if it is determined that the certification was fraudulently obtained or that the firm allows its certified SLBE or ELBE status to be fraudulently used to obtain economic inclusion initiative benefits for a firm that is not a certified SLBE or ELBE or for the benefit of the owners of a firm that is

not a certified SLBE or ELBE. In addition to certification revocation, any participant in the fraudulent use of certified SLBE or ELBE status for the benefit of another person or entity that is not a certified SLBE or ELBE shall be guilty of a misdemeanor of the first degree, punishable by imprisonment for up to six months and/or a fine of up to $1,000.00.

(h) *Certification Reviews.* The department will conduct random certification reviews of certified businesses by auditing them to verify that the information submitted by a business is accurate and that the business remains eligible after certification has been granted. Certification reviews may be conducted for any business for which the director determines a certification review is warranted. Businesses subject to certification reviews must provide the director with any information requested to verify the certification eligibility of the business. Audits may include one or all of the following as reasonably necessary to ensure that all eligibility standards are satisfied:

(2) Employee and/or subcontractor interviews;

(Ordained by Ord. No. 307-2015, § 4, eff. Jan. 1, 2016)

Sec. 323-11. SBE Program Goals.

(a) The city of Cincinnati's aspirational annual goal for SBE participation shall be 30% of the city's total dollars spent for construction, 15% of the city's total dollars spent for supplies/services, and 15% of the city's total dollars spent for professional services. The SBE participation rates will be monitored, tracked internally, and reported quarterly and annually to city council.

(b) SBE participation is counted as follows:

(1) Once a firm has been certified as an SBE as provided in Section 323-7 of this chapter, the total dollar value of the contract awarded to the SBE is counted toward the SBE participation rate.

(2) If the prime contractor is an SBE, it shall be entitled to count the dollar value of the work performed by its own labor force toward satisfaction of the SBE participation rate.

(3) The city of Cincinnati or a contractor may count toward its SBE rate a portion of the total dollar value of a contract with an eligible joint venture equal to the percentage of the ownership and contract performance of the SBE partner in the joint venture.

(4) The city of Cincinnati or a contractor may count toward its SBE rate only expenditures to SBEs that perform a commercially useful function in the work of a contract as defined in Section 323-1-C2 of this chapter. To determine whether an SBE is performing a commercially useful function, the city of Cincinnati shall evaluate the amount of work subcontracted, industry practices, and other relevant factors.

(5) Consistent with normal industry practices, an SBE may enter into subcontracts. If an SBE prime contractor subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, the SBE shall be presumed not to be performing a commercially useful function under the contract. In such circumstance, the SBE shall not be permitted to count toward the SBE participation goals for the contract the amounts paid to the SBE prime contractor. The SBE may present evidence to rebut this presumption to the director.

(Ordained by Ord. No. 307-2015, § 4, eff. Jan. 1, 2016)

SLBE or ELBE that submits, in response to an invitation to bid, a bid that is no more than ten percent greater than the lowest and otherwise best bid unless:

(1) The award to the SLBE or ELBE would result in a total contract cost that is, on an annual basis, $25,000.00 or more higher than the lowest and otherwise best bid; or

(2) The award to the SLBE or ELBE would cause the total contract cost to exceed the city's budgeted funding for the contract.

(b) Subsection (a) of this section may be applied to SLBE bids on contracts valued between $250,000.00 and $1,000,000.00 and to ELBE bids on contracts valued between $50,000.00 and $100,000.00.

(c) For SLBE joint ventures, preference points shall be prorated based upon a clearly defined portion of the work to be performed by the SLBE with its own forces, equal to its share in the ownership, risks, performance, management and control of the joint venture.
(Ordained by Ord. No. 307-2015, § 4, eff. Jan. 1, 2016)

Sec. 323-17. Mandatory Subcontracting to SLBEs/ELBEs.

(b) Each bidder must include with its bid a subcontractor utilization plan (Form 2003) in which the bidder commits to utilize certified SLBEs or ELBEs in a percentage that equals or exceeds the applicable contract goals unless it submits a request for waiver as set forth in subsection (c) of this section. Any bid that does not include either a completed Form 2003 or a request for waiver shall be deemed non-responsive.

(1) Each bidder is responsible for verifying that all SLBEs and ELBEs to be used as subcontractors have been certified by the department.

(2) If the prime contractor is a certified SLBE, it shall be entitled to count the dollar value of the work performed by its own labor force toward satisfaction of the mandatory SLBE subcontracting percentage for the contract.

(3) An SLBE prime contractor may not subcontract more than twenty-five percent of the total contract value to a non-SLBE.

(c) A bidder may submit with its bid a request for a full or partial waiver by the director of the mandatory subcontracting percentage for good cause by submitting evidence of SLBE or ELBE unavailability along with adequate documentation of good faith efforts, as defined in the program rules and regulations, to obtain SLBE or ELBE participation in the form required by the director. If the bidder requests a partial waiver, it shall also be required to submit a

completed subcontractor utilization plan (Form 2003) as provided in subsection (b) of this section.

(1) Requests for waiver will be evaluated by the director on a case-by-case basis; and

(2) The determination of whether a waiver will be granted shall be based on the availability of certified SLBEs or ELBEs who can provide a commercially useful function under the circumstances.

(d) In the absence of a waiver, the failure of a contractor to maintain the SLBE or ELBE participation percentage established for the contract shall be grounds for termination of the contract in addition to any other remedies available under the terms of the contract or under the law.

(e) It shall be a material breach of contract if a contractor fails to notify the director and fails to obtain prior written approval from the director of any of the following:

(1) Reduction in SLBE or ELBE subcontractor participation;

(2) Termination of an SLBE or ELBE subcontract; or

(3) Substitution of a new SLBE or ELBE for an SLBE or ELBE listed on the subcontractor utilization plan (Form 2003).

(Ordained by Ord. No. 307-2015, § 4, eff. Jan. 1, 2016)

The city shall implement and maintain a sheltered market program to identify a portion of its procurements and contracts for bidding or response exclusively by SLBEs and ELBEs. Sheltered market procurements shall be contracts that SLBEs and ELBEs are fully capable of performing at the customary and usual market rate.

(a) The director, in consultation with the purchasing agent and the contracting agency, may select certain contracts which have a value of $250,000.00 or less for award to an SLBE, or a joint venture with SLBEs, through the sheltered market program.

(b) The director, in consultation with the purchasing agent and the contracting agency, may select certain contracts which have a value of fifty thousand dollars $50,000.00 or less for award to an ELBE through the sheltered market program.

(c) The director, in consultation with the purchasing agent and the contracting agency, must consider the following factors when determining whether a particular contract is eligible for the sheltered market program:

(1) Whether there are at least three certified SLBEs or ELBEs that are available to participate in the sheltered market program for the selected contract and that have the capacity to perform the contract;

(2) The degree of underutilization of SLBEs and ELBEs in such contracts in the specific industry category during the immediately prior twelve months; and

(3) The extent to which the city's SLBE and ELBE prime contractor utilization goals, as set annually by the director in consultation with the purchasing agent, are being met.

(d) If, in the case of an invitation to bid, there is no response to a bid solicita-

tion or the apparent low bid is determined by the purchasing agent to be fiscally unacceptable, then the contract shall be removed from the sheltered market program.

(e) If, in the case of an RFP or RFQ, there is no satisfactory responsive proposal, then the contract shall be removed from the sheltered market program.

The director shall apply penalties against certified SBEs, SLBEs and ELBEs for violations of the provisions of this chapter or of the rules and regulations promulgated under the authority of this chapter, and shall apply penalties against any non-SBE, non-SLBE or non-ELBE firms which request or assist SBEs, SLBEs or ELBEs in misleading the city about ownership and control of a business purporting to be an SBE, SLBE or ELBE, or otherwise participate in such conduct. The nature and extent of penalties applied shall be reviewable on appeal to the contract compliance advisory board, which acts as an advisor to the city manager. (b) *Time for Filing Notice of Appeal.* Any applicant who has been denied certification or recertification as an SBE, SLBE or ELBE, or any person or entity against whom a determination of noncompliance with the requirements of this chapter has been found by the director may appeal the determination of noncompliance or denial of certification or recertification by filing a written notice of appeal with the director within fourteen days of the date of mailing the notice of the determination of noncompliance or denial of certification or recertification. (1) Within three working days of receipt of a written notice of appeal, the

director shall forward the notice to the contract compliance advisory board.

The board shall advise whether the determination of noncompliance was in accordance with the law. If the city manager finds for the party denied certification or recertification by the director, the business shall be certified or recertified as an SBE, SLBE or ELBE and added to the appropriate certification list maintained by the department. If the city manager finds for the party for whom the director had made a determination of noncompliance with this chapter and the rules and regulations issued thereunder, the business shall be found in compliance with the requirements of this chapter and permitted to submit a bid or proposal in response to the city's solicitation if the submission deadline has not yet passed, and to continue to participate in the economic inclusion initiatives available for the firm's particular certification (SBE, SLBE, or ELBE). The decision of the city manager or the city manager's designee shall be final, subject to the right of further appeal as may be provided by law.

(f) *Notice of Decision.* The city manager shall issue written notice of the decision on the appeal to all parties within ten days after receiving the recommendation of the board. (j) The department will provide ongoing monitoring and oversight functions to determine successful bidders' continuing compliance with this chapter and the SBE, SLBE and ELBE program rules and regulations and their utilization of SBEs, SLBEs and ELBEs.

SLBEs, and ELBEs. Program effectiveness measurements will also include efforts by the city to provide prime contracting opportunities for SBEs, SLBEs, and ELBEs. At the end of each contract, the department will prepare a report on the utilization of firms in the SBE, SLBE, and ELBE programs. Data in this report will include information on the gross income size of the firms participating on each contract. Each project manager and the procurement staff will continuously maintain, and compile monthly, information relating to the departments' use of SBEs, SLBEs, and ELBEs, including information regarding subcontractors and efforts toward SBE program participation.

(b) At the end of a contract, the director shall require a contractor to report to the department the identity of each SBE, SLBE, and ELBE to whom the contractor has awarded a subcontract for the purchase of services, professional services, supplies, materials, and equipment.

(c) The director shall prepare quarterly a consolidated report based on a compilation and analysis of the reports submitted by each project manager and the procurement staff, information provided by the finance department, and the reports submitted by prime contractors. This record-keeping system will identify and assess SBE, SLBE, and ELBE contract awards, prime contractors' progress in achieving SBE, SLBE and ELBE subcontract participation, and other SBE, SLBE and ELBE development and contracting efforts. Specifically, the department in conjunction with all city agencies will maintain records showing:

The city of Cincinnati does not discriminate against any company or group of companies in its contracting and procurement activities on the basis of race, color, age, religion, sex, national origin, disability, or veteran status. The SBE, SLBE and ELBE opportunity does not propose any numeric goals determined by the rate of program participation by minorities or women but will require this information at the end of city contracts. The program is designed to include all segments of the region's business community by increasing the competitiveness and profitability of all small businesses as defined within this program.

Bid notices will also be sent to local trade associations, technical assistance agencies, economic development groups, and SBEs, SLBEs and ELBEs with capabilities relevant to the bid notice as identified by the city of Cincinnati's SBE, SLBE and ELBE data banks. Sec. 324-5. Legislative Findings, Policy, and Purpose.

(a) The council of the city of Cincinnati finds, based on the disparity study, that:

(1) There is evidence of disparities in the city's utilization of MBEs and WBEs in city purchasing and contracting;

(2) There is evidence of the existence in the Cincinnati market area of discriminatory practices and attitudes that impede the full and fair participation of MBEs and/or WBEs as prime contractors in city contracts for construction, professional services, other services, and supplies;

(3) There is evidence of discrimination in the city's contracting process by prime contractors against MBEs and WBEs

resulting in the underutilization of MBEs and WBEs as subcontractors in contracts awarded by the city of Cincinnati;

(4) It is in the best interest of the city to adopt measures to eliminate barriers that prohibit full and fair participation of MBEs and WBEs in city contracts;

(5) Race- and gender-neutral remedies alone will not adequately remedy existing disparities in city contracting, as evidenced by the fact that the city has had a race- and gender-neutral program for small business enterprises since 1999 and the disparity study found that MBEs and WBEs continue to be underutilized; and

(6) Race- and gender-conscious remedies also are necessary to provide opportunities for full and fair participation of MBEs and WBEs in city contracts.

(b) It is the policy of the city of Cincinnati to promote equal business opportunity in the city's contracting process by ensuring full and equitable participation by MBEs and WBEs in the provision of construction, professional services, other services, and supplies to the city on a contractual basis. This policy is intended to further the city's compelling interest in stimulating economic development through the support and empowerment of all segments of the local business community.

(c) The purpose of the MBE and WBE program is to provide a necessary race- and gender-conscious tool for the city to use, along with its race- and gender-neutral programs, to ensure that all segments of its local business community have a reasonable and significant opportunity to participate in city contracts. The program shall be regularly evaluated using accumulated availability and utilization data to determine whether specific program provisions may require modification, expansion, or curtailment during the effective period of this chapter.

(b) *Certification Process.*

(A) Submit an application to the department on the prescribed form, affirming under penalty of perjury that the business qualifies as a city of Cincinnati MBE or WBE as those terms are defined in section 324-1-M or section 324-1-W1 of this chapter, respectively; and

(B) If requested by the department, provide any and all materials and information necessary to demonstrate active participation in the control, operation, and management of the business.

(2) The department will review and evaluate applications and may reject an application based on one or more of the following:

(A) The applicant does not meet the requirements of the definition of an MBE or WBE, as applicable;

(B) The application is not complete;

(C) The application contains false information; or

(D) The applicant has not provided materials or information requested by the director.

(3) The director will make a certification determination within ninety days after the date the city receives a satisfactorily completed application from the applicant. If certification is denied, the director will notify the applicant in writing and specify the reason(s) for the denial.

(4) Firms certified as an MBE or WBE by other public or private agencies must also be certified under this chapter regardless of other certification. The city manager may provide by rules and regulations for an expedited or summary process for certification by the city if the business has a current MBE or WBE certification from agencies specifically identified in those rules and regulations and shall provide for such expedited or summary process for certification as may be required by state or federal law.

(c) *Period of Certification.* The certification is valid for a two-year period beginning on the date the city certifies the applicant as an MBE or WBE.

(d) *Recertification.* Prior to expiration of the two-year certification period, a business that desires recertification must return a completed recertification form as provided by the city and comply with the requirements of subsections (b)(1)(A) and (b)(1)(B) of this section.

(e) *Revocation of Certification.*

(1) The director shall revoke the certification of a business if it is determined that the business was certified in error; the business no longer meets the definition of an MBE or WBE, as applicable; or the business fails to provide requested information in connection with a certification review conducted by the department.

(2) The director shall permanently revoke the certification of a business if it is determined that the certification was fraudulently obtained or that the firm allows its certified MBE or WBE status to be fraudulently used to obtain economic benefits for a firm that is not a city-certified MBE or WBE or for the owners of a firm that is not a city-certified MBE or WBE.

(3) The director shall provide the MBE or WBE with written notice of the revocation of certification, subject to the right to request reconsideration and to request a hearing as provided in section 324-35 of this chapter.

(4) In addition to certification revocation, any participant in the fraudulent use of city-certified MBE or WBE status for the benefit of another person or entity that is not a city-certified MBE or WBE shall be guilty of a first degree misdemeanor, punishable by imprisonment for up to six months and/or a fine of up to $1,000.

(f) *Certification Reviews.* The department will conduct random certification reviews of certified businesses by auditing them to verify that the information submitted by a business is accurate and that the business remains eligible after certification has been granted. Certification reviews may be conducted for any business for which the city determines a certification review is warranted. Businesses subject to certification reviews must provide the department with any information requested to verify the certification eligibility of the business within seven days of the department's request. Audits may include one or more of the following as reasonably necessary to ensure that all eligibility standards are satisfied:

(1) Business owner interviews;

(2) Employee and/or subcontractor interviews;

(3) Interviews with bidders, contractors, vendors, or suppliers involved in a joint venture or contractual relationship with the MBE or WBE;

(4) Interviews with any other person who may have knowledge or relevant information relating to a business enterprise's eligibility for certification as an MBE or WBE;

(5) Record and document review; or

(6) Job site inspection.

(g) *Joint Ventures.*

(1) On a contract-by-contract basis, a city-certified MBE or WBE may apply for certification of a joint venture with another MBE or WBE or with a non-MBE or non-WBE firm.

(2) The MBE or WBE joint venture participant must be certified by the city in the area of work to be undertaken as a participant in the joint venture.

(3) A holding company cannot be an MBE or WBE participant in a joint venture.

(4) The MBE or WBE participant in the joint venture must not be an affiliate of the non-MBE or non-WBE firm.

(5) The joint venture must have a business structure set forth in a signed written agreement that clearly and specifically defines the participation of each party in the contribution of property, capital, efforts, skills, and knowledge.

(6) The city-certified MBE or WBE participant in the joint venture must have an interest in the control, management, risks, and operation of the joint venture commensurate with the MBE's or WBE's percentage of participation in the joint venture, and the profit or loss of the joint venture should be distributed between the participants in proportion to their respective interests in the joint venture.

(7) The city-certified MBE or WBE that is a participant in the joint venture must be responsible for a distinct, clearly defined portion of the work to be performed with its own forces,

equal to its share in the ownership, control, and management of the joint venture.

(8) The certification of a joint venture will be limited to the duration of the contract for which certification as a joint venture was requested and shall terminate upon the earlier of completion of the city contract for which the joint venture was formed or the expiration without renewal or the revocation of certification of the MBE or WBE participant.

(c) The annual participation goals are not and may not be treated as mandatory quotas.

(a) (1) Except as provided in section (a)(2) below, the director, in consultation with the city purchasing agent and/or the contracting agency, must establish appropriate goals for MBE and/or WBE participation on each specific solicitation for a contract covered by this chapter or determine that a contract is not appropriate for the MBE/WBE program.

(2) The director may establish standard solicitation goals for MBE and WBE participation to be used for solicitations of specifically identified construction, professional services, or other services the city solicits regularly and repetitively and that also involve the same components of work in substantially the same proportion to the overall value of the contract.

(A) The director, in consultation with the city purchasing agent, shall consider the following in determining which, if any, repetitive construction, professional services, or other services contracts are appropriate for standard solicitation goals:

(i) The historical volume and frequency of the solicitations for those services;

(ii) The consistency in availability of city-certified MBEs and WBEs to perform the various components of the work; and

(iii) The consistency of MBE and WBE participation historically achieved under city contracts for those services.

(B) The standard solicitation goals will apply to all solicitations for those identified construction, professional services, or other services until the goals are reassessed by the director. The director shall reassess the standard

solicitation goals, including the continued appropriateness for establishing standard solicitation goals for those services, at least quarterly.

(b) The director must consider each of the following elements in determining the appropriateness of including a contract solicitation in the MBE and WBE program and setting the solicitation goals:

(1) The availability in the particular industry classification and industry of the MBEs and WBEs that are qualified and willing to provide goods, expertise, and services required by the contract;

(2) The level of utilization of MBEs and WBEs in past contracts awarded by the city;

(3) The contract specifications;

(4) The extent of any adverse impact on non-MBEs and non-WBEs; and

(5) Any other factor deemed by the director to be relevant to the determination.

(c) Once established, the MBE and WBE solicitation goals must be clearly published as part of the contract specifications in the invitation to bid or in the RFP or RFQ.

(d) The MBE and WBE participation goals specified in the awarded vendor's contract shall be the contract participation goals determined by the director and as defined in section 324-1-C7 of this chapter. The MBE and WBE contract participation goals may be greater than, equal to, or, only in accordance with section 324-22(b)(2)(B) of this chapter, less than the MBE and WBE solicitation goals. The MBE and WBE contract participation goals shall apply to the initial contract amount, to any alternates, and to all subsequent amendments, supplements, extra work orders, change orders, or other modifications that, either individually or in the aggregate, increase the dollar value of the contract by ten percent or more. (b) The head of each contracting agency, or the head's designee, shall be primarily responsible for achieving the goals of the MBE/WBE program and shall, on a continuing basis, review all aspects of the contracting agency's operations to assure that the purposes of the MBE/WBE program are being served.

(c) All contracting opportunities must be evaluated to determine whether the total requirements of a contract may be unbundled or divided into smaller contracts to provide reasonable opportunities for participation by MBEs and/or WBEs.

Sec. 324-19. Subcontractor Utilization.

(a) In addition to any other applicable requirements, invitations to bid, RFPs, and RFQs must include a requirement that the bidder or respondent include in its bid or response one of the following:

(1) A certified MBE/WBE subcontractor utilization plan in which the bidder or respondent commits to utilize city-certified MBEs and/or WBEs in a percentage that equals or exceeds the applicable solicitation goals; or

(2) If a bidder or respondent is unable to meet the solicitation goals, a subcontractor utilization plan that reflects the highest MBE and WBE participation the bidder or respondent was able to achieve and documentation of its good faith efforts to meet the advertised solicitation goals.

(b) The subcontractor utilization plan must include the following information:

(1) The name of each certified MBE or WBE to which the bidder or respondent intends to award a subcontract;

(2) Whether the subcontractor is a city-certified MBE or WBE;

(3) The dollar value of each subcontract;

(4) The scope of work to be performed under that subcontract; and

(5) Any other information the director requires in order to determine whether the city-certified MBE or WBE will be performing a commercially useful function or whether the contract participation goals have been satisfied.

(c) (1) Bids are non-responsive if they do not include a certified MBE/WBE subcontractor utilization plan that meets or exceeds the solicitation goals or a subcontractor utilization plan that reflects the highest MBE and WBE participation the bidder or respondent was able to achieve and documentation of its good faith efforts to meet the solicitation goals in compliance with section 324-22(a) of this chapter prior to bid opening.

(2) Responses to RFPs or RFQs that do not include a certified MBE/WBE subcontractor utilization plan that meets or exceeds the solicitation goals or a subcontractor utilization plan that reflects the highest MBE and WBE participation the bidder or respondent was able to achieve and documentation of its good faith efforts to meet the solicitation goals in compli-

ance with section 324-22(a) of this chapter prior to the deadline for submission of responses may be considered only as provided in section 324-22(b) of this chapter.

(3) The director may allow bidders and respondents to submit corrections to subcontractor utilization plans that do not meet the solicitation goals due solely to the following errors in the subcontractor utilization plan, and those bids or responses shall be deemed responsive provided the bidder or respondent corrects only these errors and returns the subcontractor utilization plan to the director within two business days following the director's notification of the error:

(A) Obvious mathematical errors;

(B) Typographical errors in a subcontractor's city certification type (MBE or WBE); or

(C) Errors in either firm names or firm FEIN numbers where those two pieces of information are not associated with the same firms.

No other modifications, changes, or corrections to the subcontractor utilization plan or other documentation submitted with the responses are permitted.

(d) Each bidder or RFP or RFQ respondent is responsible for verifying that all MBEs and WBEs it identifies as MBE or WBE subcontractors on its subcontractor utilization plan have been certified by the director before bid opening or the deadline for submission of responses.

(e) During the term of the contract, any failure to comply with the MBE or WBE contract participation goals or to utilize the MBE and WBE firms as specified in the subcontractor utilization plan submitted with the bid or response is a material breach of the contract unless the director has approved a waiver or reduction of contract participation goals and/or a request for substitution of MBE and/or WBE firms as set forth in section 324-23 of this chapter.
(Ordained by Ord. No. 312-2023, § 2, eff. October 1, 2023)

Sec. 324-21. City Agency Pre-Solicitation Goal Waiver or Reduction Requests.

(a) A contracting agency may make a written request to the director for a waiver or reduction of the MBE and/or WBE solicitation goals established by the director before bids are solicited or RFPs or RFQs are published.

(b) The director may grant the waiver or reduction if the director determines that either:

(1) The reasonable and necessary requirements of the contract make subcontracting or other participation of businesses other than the bidder or respondent infeasible; or

(2) There are not at least two qualified and certified MBEs or WBEs in the Cincinnati market area capable of providing the goods or services, despite feasible attempts to locate them.

(c) If the director denies a request to waive or reduce an MBE or WBE solicitation goal, the contracting agency may appeal that denial to the city manager.
(Ordained by Ord. No. 312-2023, § 2, eff. October 1, 2023)

Sec. 324-22. Vendor Good Faith Efforts to Meet Goals.

(a) A bidder or respondent that is unable to meet the established MBE and/or WBE solicitation goals must submit at the time of bid opening or at or before the deadline for submission of responses to an RFP or RFQ a

subcontractor utilization plan that reflects the highest MBE and WBE participation the bidder was able to achieve and documentation of its good faith efforts to meet the advertised goals.

(b) The director will review submitted documentation of good faith efforts only in the event no bid or response that is determined by the city purchasing agent to be lowest and best or most advantageous and therefore eligible for award meets the MBE or WBE contract participation goals.

(1) For RFPs and RFQs for which no respondent met the goals, the city purchasing agent may allow all respondents an additional three business days after notice to submit documentation of good faith efforts each made prior to the deadline for submission of responses to the RFP or RFQ. Respondents that fail to submit such documentation of good faith efforts within that period shall be nonresponsive and ineligible for award.

(2) The director shall evaluate each bidder's and respondent's documentation of their good faith efforts considering the factors in section 324-1-G of this chapter, and the director shall report the results of that evaluation and the maximum MBE and WBE participation achieved by each bidder and respondent to the city purchasing agent.

(A) A contract shall not be awarded to a bidder or respondent whose documentation does not demonstrate good faith efforts to meet the solicitation goals as determined by the director.

(B) If no other bidder or respondent met the solicitation goals, the city purchasing agent may award a contract to a bidder or respondent for which the director made a determination that the bidder or respondent demonstrated good faith efforts to meet the goals.

(i) For an invitation to bid, the contract participation goals shall be those the director determined to be the maximum commitment achieved by the awarded bidder on its subcontractor approval plan.

(ii) For an RFP or RFQ, the contract participation goals shall be the higher of the goals the director determined to be the maximum commitment achieved by the awarded respondent on its subcontractor approval plan or the goals negotiated with the awarded vendor by the city purchasing agent in consultation with the director.

Sec. 324-23. Requests for Post-Award Waivers or Reductions of Contract Participation Goals; Substitution of MBEs or WBEs.

(a) After award of a contract, if the contractor is unable to meet the established MBE and/or WBE contract participation goal(s) through the use of the MBEs and WBEs specified by the contractor in the subcontractor utilization plan submitted with its bid or response, the contractor must seek a substitute certified MBE or WBE to fulfill its commitment.

(1) Any proposed substitution of a city-certified MBE listed on the contractor's

subcontractor utilization plan with another city-certified MBE or proposed substitution of a city-certified WBE listed on the contractor's subcontractor utilization plan with another city-certified WBE shall require the written approval of the director.

(2) If a contractor has established the basis for a substitution to the satisfaction of the director, the contractor may seek the assistance of the director in obtaining a new applicable certified MBE or WBE as a substitute.

(b) If, after making good faith efforts, the contractor is unable to find a qualified, city-certified MBE or WBE substitute, as applicable, that is capable of performing the work on the contract, the contractor must request a post-award waiver from the director, which, if granted, will permit the contractor to substitute another MBE or WBE that is not certified by the city or a non-MBE or non-WBE for the city-certified firm.

(c) A request for approval of an MBE or WBE substitute or a post-award waiver must meet all of the following criteria:

(1) Be in writing;

(2) Document the reasons for the contractor's inability to meet its original MBE or WBE subcontractor utilization commitment with an MBE or WBE listed on the contractor's MBE/WBE subcontractor utilization plan; and

(3) Document either the name and qualifications of the proposed substitute certified MBE or WBE or the good faith efforts made to find a substitute qualified and certified MBE or WBE.

(d) The director's decision to permit or deny a proposed substitution or waiver, and the basis of any denial, shall be communicated to the contractor, the MBE or WBE originally listed on the subcontractor utilization plan, and any proposed substitute MBE or WBE in writing.

Sec. 324-27. Counting MBE and WBE Participation.

A bidder, a respondent to an RFP or RFQ, or a contractor may only be credited with MBE or WBE participation as follows:

(a) Only city-certified MBEs and WBEs may be counted toward solicitation goals and only as follows:

(1) A certified MBE or WBE that submits a bid or proposal as a prime contractor may count 100 percent of the dollar value of the work it intends to perform with its own forces toward the applicable MBE or WBE solicitation goal.

(2) Only businesses that were certified by the director as an MBE or WBE prior to bid opening or the deadline for submission of a response to an RFP or RFQ and were certified at that time to perform the work described in the subcontractor utilization plan submitted with the bid or response may be counted toward the applicable solicitation goal.

(3) Only that portion of the work to be performed by a joint venture that is equal to the percentage of the certified MBE or WBE participant's ownership, control, and identified contract performance may be counted toward the applicable MBE or WBE solicitation goal.

(4) The entire value of the identified utilization of a certified WBE manufacturer or a certified WBE supplier that also manufactures the goods supplied may be counted toward the WBE solicitation goal.

(5) Twenty-five percent of the value of the identified utilization of a certified WBE supplier that is a wholesaler warehousing the goods supplied may be counted toward the WBE solicitation goal.

(6) The fees or commissions charged by a certified MBE or WBE insurance company or travel agent may be counted toward the applicable solicitation goal, provided the fee is reasonable and not excessive as compared with fees or commissions customarily allowed for similar services.

(7) No planned utilization of a certified MBE or WBE that intends to subcontract more than ten percent of the dollar amount of the services to be performed under a subcontract with the bidder or with a respondent to an RFP or RFQ may be counted toward the applicable MBE or WBE solicitation goal. An MBE's or a WBE's necessary expenditures for the purchase of materials, equipment, or sup-

plies that are incidental to the performance of its services shall not be counted toward this ten percent limitation.

(8) A certified MBE or WBE may not be counted toward the applicable MBE or WBE solicitation goal if the prime contractor has a financial interest in, has an interest in the ownership or control of, or is significantly involved in the operation of the certified MBE or WBE.

(b) Only city-certified MBEs and WBEs may be counted toward contract participation goals and only as follows:

(1) A certified MBE or WBE awarded a contract as a prime contractor may count 100 percent of the dollar value of the work it actually performs with its own forces toward the applicable MBE or WBE contract participation goal.

(2) Only payments to certified MBEs or WBEs that perform a commercially useful function in the performance of work for which they are certified may be counted toward the applicable contract participation goal.

(A) To determine whether a certified MBE or WBE is performing a commercially useful function, the director must evaluate:

(i) The amount of work subcontracted;

(ii) Industry practices;

(iii) Whether the amount the MBE or WBE is to be paid under the contract is commensurate with the work it actually performs and with the MBE or WBE credit claimed for its performance of the work; and

(iv) Any other factors deemed by the director to be relevant to the determination.

(B) If the director initially determines that an MBE or WBE is not performing a commercially useful function, the director shall give written notice to the MBE or WBE, and the MBE or WBE may provide written documentation to the director within seven days that evidences it is or will be performing a commercially useful function for work it has been certified by the city to perform.

(C) The decision of the director after submission of such additional evidence by the MBE or WBE, or seven days after written notice of the initial determination if no additional evidence is submitted, shall be final and conclusive.

(3) Only that portion of the payment to a joint venture that is equal to the percentage of ownership, control, and contract performance of the certified MBE or WBE participant in the joint venture may be counted toward the applicable MBE or WBE contract participation goal.

(4) The entire expenditure with a certified WBE manufacturer or

a certified WBE supplier that also manufactures the goods supplied may be counted toward the WBE contract participation goal.

(5) Twenty-five percent of the payment to a certified WBE supplier that is a wholesaler warehousing the goods supplied may be counted toward the WBE contract participation goal.

(6) The fees or commissions charged by a certified MBE or WBE insurance company or travel agent may be counted toward the applicable contract participation goal, provided the fee is reasonable and not excessive as compared with fees or commissions customarily allowed for similar services.

(7) No payments made to a certified MBE or WBE that subcontracts more than ten percent of the dollar amount of the services to be performed under a subcontract with the prime contractor may be counted toward the applicable MBE or WBE contract participation goal. An MBE's or a WBE's expenditures for the purchase of materials, equipment, or supplies that are incidental to the performance of its services under its subcontract shall not be counted toward this ten percent subcontracting limitation.

(8) A certified MBE or WBE may not be counted toward the applicable MBE or WBE contract participation goal if the prime contractor has a financial interest in, has an interest in the ownership or control of, or is significantly involved in the operation of the certified MBE or WBE.

Sec. 331-1. General Provisions.

Except as otherwise provided, real property, or any interest therein, belonging to the city may only be sold, leased or otherwise encumbered pursuant to an ordinance, passed by council, authorizing such sale, lease or encumbrance, after a finding by the city manager that it is no longer needed for municipal purposes or, in those cases in which real estate is offered only for lease for a term, that it will not be needed for municipal purposes during the term or, in those cases where a proposed sale is for an interest of less than fee simple, that the sale shall not be adverse to those interests in the real property retained by the city.

Sales or leases of real property under the jurisdiction and control of any board or commission of the city shall, prior to the submission of the aforementioned ordinance, be approved by the board or commission by appropriate resolution.

Any contract, deed, lease, right of entry or other conveyance instrument shall be executed on behalf of the city of Cincinnati by the city manager.

The ordinance authorizing the sale, lease or encumbrance of any real property by competitive bid or otherwise shall set forth the terms of the proposed sale, lease or encumbrance, including, where appropriate, any limiting conditions, interests to be retained by the city, initial and subsequent lease terms, reversionary rights, and forfeiture provisions. The ordinance shall, in addition to the above, set forth the estimate of such fair market or fair lease value, together with an explanation of the method by which the same was determined. In the event that it is proposed that consideration for the sale or lease be at less than such fair market or fair lease value, the ordinance shall also contain a justification demonstrating that the city will receive equivalent economic benefits equal to or exceeding the fair market or fair rental value or equivalent noneconomic benefits and/or a combination of such equivalencies.
(Ordained by Ord. No. 14-1988, eff. Feb. 20, 1988; a. Ord. No. 414-1988, eff. Nov. 18, 1988; renumbered by Ord. 426-1992, eff. Oct. 23, 1992)

Sec. 331-3. Sale or Lease by Competitive Bidding.

The sale, lease or encumbrance of real estate pursuant to this chapter shall, except as otherwise provided by this chapter, be by competitive bid.

Bidding shall be conducted by the city manager in conformance with the terms of the ordinance. Such terms, in addition to those set forth in Section 331-1, above, shall include, as appropriate, the method of taking bids, the minimum bid amount, references to available additional information, the method of advertising for bids and other pertinent information.

The city manager shall in all cases reserve the right to reject all bids in the event that he determines that no bids submitted are acceptable.

Real property which has been offered for sale by bid at least one time for which no bids acceptable to the city manager have been received may at the discretion of the city manager be offered for sale at a public auction pursuant to Section 331-4 below.
(Ordained by Ord. No. 14-1988, eff. Feb. 20, 1988; renumbered by Ord. 426-1992, eff. Oct. 23, 1992; a. Ord. No. 55-1994, eff. 3-18-94)

Sec. 331-4. Public Auction.

Public auctions of eligible real property may be held from time to time at the direction of the city manager. The minimum bid for the first time a parcel of real property is

offered for sale at auction shall be no less than 50% of its fair market value as determined by appraisal.

Real property which is not sold at auction may be offered for sale at a later auction without further action of council. The requirement of a minimum bid for real property which has received no acceptable bids at a prior auction may be waived by the city manager. If more than one bid acceptable to the city manager is received for a parcel of real property, the parcel shall be sold to the highest bidder. The city manager shall in all cases reserve the right to reject any and all bids in the event that he determines that no bids submitted are acceptable.

Real property eligible for sale under the provisions of this section is no longer needed for any municipal purpose.
(Ordained by Ord. No. 55-1994, eff. 3-18-94)

Sec. 331-5. Sale or Lease Without Competitive Bidding.

Council may authorize the sale, lease or encumbrance of city-owned real property without competitive bidding in those cases in which it determines that it is in the best interests of the city. In these cases, the fact that competitive bidding is being eliminated and the reasons why the public interest requires it shall be stated in the authorizing ordinance; and such sales, leases or encumbrances shall be upon such terms and conditions set forth in the said ordinance.
(Ordained by Ord. No. 14-1988, eff. Feb. 20, 1988; renumbered by Ord. 426-1992, eff. Oct. 23, 1992)

Sec. 331-6. Review Committee.

The city manager shall establish a committee to review surplus city-owned real property to determine the best method to dispose of said real property.

If, in the opinion of the committee, the administrative costs to sell a parcel of real property by an ordinance authorized bid sale are likely to exceed the price which would be received from such bid sale, and the city solicitor, with the concurrence of the city manager, has determined that the retention and maintenance of such property is a financial or other burden to the city, that parcel may be offered for sale to abutting owners at its fair market value as determined by appraisal. If there is more than one abutting owner, the property shall be offered for sale to all abutting owners. If more than one abutting owner submits a bid equal to or greater than the fair market value of the parcel, the parcel shall be sold to the highest bidder amongst the abutting owners. If none of the abutting owners submits a bid equal to or greater than the fair market value of the parcel, the parcel may be offered for sale at auction.

If the fair market value of a parcel of surplus real property as determined by appraisal is $500 or less, and the city solicitor, with the concurrence of the city manager, has determined that the retention and maintenance of such property is a financial or other burden to the city, that parcel may be sold at auction. If, in the opinion of the committee, a parcel of surplus real property which has a fair market value of $500 or less could be effectively used only by a party owning the abutting property, and the city solicitor with the concurrence of the city manager has determined that the retention and maintenance of such property is a financial or other burden to the city, that parcel may be sold to an abutting owner for a negotiated sale price which may be less than its fair market value as determined by appraisal. If there is more than one abutting owner, the property shall be offered for sale to all abutting owners, and, if more than one abutting owner submits a bid, sold to the highest bidder amongst the abutting owners.

The city manager shall in all cases reserve the right to reject any and all bids in the event that the city manager determines that no bids submitted are acceptable.

Real property eligible for sale under the provisions of this section is no longer needed for any municipal purpose.
(Ordained by Ord. No. 55-1994, eff. 3-18-94)

Sec. 331-7. Acquisition and Reconveyance of Real Property.

Council may, by ordinance, approve the acquisition of real property owned by the United States of America, the State of Ohio, any subdivision or agency of the United States or the State of Ohio, or any quasi-governmental agency and authorize its resale or lease, without competitive bid, to third parties where such resale or lease will promote the redevelopment, rehabilitation or more economically efficient use of the said real property. The said ordinance shall, in addition to the requirements hereinbefore set forth, recite all pertinent facts associated with the transaction and demonstrate that the transaction shall promote the redevelopment, rehabilitation or more economically efficient use of the said real property.
(Ordained by Ord. No. 14-1988, eff. Feb. 20, 1988; renumbered by Ord. 426-1992, eff. Oct. 23, 1992)

(3) Sell nonproductive land acquired by the city under the Cincinnati Land Reutilization Program ("CLRP"), as established by ordinance No. 265-1996, provided that the sale meets all of the following:

(A) such sale complies with the city's CLRP procedures;

(B) such sale complies with Ohio Revised Code chapter 5722 (Land Reutilization Program); and

(C) the fair market value of the nonproductive land does not exceed $25,000.

(b) The city manager may take the action authorized by section 331-9(a) provided all of the following occur:

(1) The city manager finds that the interest conveyed will not be adverse to the city's retained interest in the subject city-owned property and will not unreasonably interfere with the city's use of the property for municipal purposes; and

(2) The city board or commission with jurisdiction and control of the subject city-owned real property, if any, approves the conveyance; and

(3) The grantee pays the appraised fair market value of the interest conveyed; and

(4) The proceeds from the transaction are first deposited into Property Management Fund 209 to pay the fees for services provided by the City's Real Estate Services Division and then the proceeds in excess thereof are deposited in Miscellaneous Permanent Improvement Fund 757

or, if the affected property is held in a restricted fund, the applicable restricted fund.

(c) Notwithstanding the provisions of Section 331-5, "Sale or Lease Without Competitive Bidding," the city manager is authorized to grant the interests described in subsection (a) without competitive bidding if the city manager determines that the conveyance is in the best interest of the city.

(d) The city manager or the city manager's designee is authorized to adopt written rules and regulations as are necessary and proper to carry out the provisions of this section.
