As used in this Article, the following terms shall have the meanings indicated:

CITY - The city administration or any department, division, bureau or administrative unit thereof, including any agency of the city or any administrative unit of such agency.

IN THE NAME OF THE CITY - Any reference, directly or indirectly, to the city administration or any of its departments, divisions, bureaus or administrative units thereof, including any agency of the city or any administrative unit of such agency which will give anyone the impression, directly or indirectly, by implication or inference that the city, as defined in the definition of "city" above, is involved in any way or is sponsoring or has given consent to such activity.

PERSON - "Person" as defined in Chapter 1, General Provisions, of this Code.

§ 245-23. Use of city name in fund-raising activities.

A. No person, as defined in this Code, shall use the name of the city, as defined in § 245-22, in any fund-raising activities until such person shall obtain the consent of the City Council to conduct such fund-raising activity. Said consent shall be in the form of an appropriate resolution adopted by the City Council.

B. Any person seeking consent of the Council to conduct any fund-raising activity shall submit to the City Clerk an application therefor, which application shall contain the following information:

(1) The name and address of the person or organization which will conduct or be responsible for the fund-raising activity.

(2) Names and addresses of all persons who shall be involved in the fund-raising activities.

(3) A detailed statement of the purpose of the fund-raising program, setting forth for whose benefit the program is to be conducted.

(4) The names and addresses of the persons who shall be responsible for the collection and accounting of said funds.

(5) Names and addresses of the persons who shall be responsible for any expenditures made of said funds.

(6) The name and address of the bank in which the funds will be deposited, setting forth the number of the account and the names and addresses of the authorized signatures pertaining to said account.

(7) Whether or not there is any intention to utilize public buildings or property and the location of same.

(8) Whether or not the city or any agency will furnish any personal property, specifying what kind of personal property and the quantity thereof.

(9) Whether or not the city or any agency will be requested to provide any funds and, if so, the amount of such funds.

(10) Whether or not the city will be requested to furnish the services of any of its employees during their duty hours and, if so, the names of the employees and the purpose for which the services of these employees will be utilized.

(11) A statement notarized under oath setting forth the following:

(a) That the applicant will deposit all funds raised in a separate and distinct bank account and will not co-mingle said funds with any other funds.

(b) That the applicant will furnish to the Council an accounting of all funds received and expended.

(c) That the applicant hereby authorizes the Council, at its option, to make an audit of the account.

(d) That the applicant will have all persons handling the money for the fund-raising activity bonded so as to insure the funds against any loss.

(12) The applicant agrees to furnish all necessary liability insurance in appropriate amounts naming the city, its officers and employees as additional insureds, so as to hold the city and its officers and employees harmless for any claims for personal injuries or damages which may occur as a result of the fund-raising activities.

(13) The applicant agrees to abide by all appropriate federal, state and local laws pertaining to such activity.

§ 245-24. Violations and penalties.

A. Any person violating any provisions of this Article shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.*

B. In addition to the above penalties, if the applicant fails to comply with the conditions set forth herein, the Council may rescind its consent to conduct such fund-raising program in the name of the city.

*Editor's note—**Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

POOL ROOMS

§ 248-1. Definitions.
§ 248-2. License required.
§ 248-3. License application.
§ 248-4. License fee; expiration.
§ 248-5. Exceptions.
§ 248-6. Licenses to be posted.
§ 248-7. Transfer of license.
§ 248-8. Compliance with zoning regulations.
§ 248-9. Hours of operation.
§ 248-10. View into pool halls to be unobstructed.
§ 248-11. Presence of minors.
§ 248-12. Wagering on games.
§ 248-13. Suspension or revocation; Director of Public Safety or the Director of the Division of Commerce authorized.

[HISTORY: Adopted by the Council of the City of Jersey City 5-4-1971 as Ch. 5, Art. VI, of the 1971 Jersey City Code, as readopted 9-19-1978 by Ord. No. S-128. Amendments noted where applicable.]

GENERAL REFERENCES

Amusement devices — See Ch. 87.
Fees and charges — See Ch. 160.
Zoning — See Ch. 345.

§ 248-1. Definitions. [Amended 3-11-2009 by Ord. No. 09-024]

As used herein, the following terms shall have the meanings indicated:

DIRECTOR — The Director of Commerce in the Department of Housing, Economic Development and Commerce. **[Added 1-9-2008 by Ord. No. 07-192]**

POOL — Synonymous with the word "billiard." It includes any of the various games played on a pool table having six (6) pockets with usually fifteen (15) object balls and it also includes a game in which one scores by causing a cue ball to hit in succession two (2) object balls.

POOL ROOM — Synonymous with the words "pool hall." A "pool room" also means any place wherein a pool or billiard table or tables are available for hire to the public for the purpose of playing pool.

POOL ROOM LICENSEE — Any person to whom a license has been issued for the operation of a pool room.

POOL TABLE — Any table surrounded by a ledge or cushion with or without pockets in which billiard balls are propelled by a stick or cue.

§ 248-2. License required. [Amended 1-9-2008 by Ord. No. 07-192; 3-11-2009 by Ord. No. 09-024]

No person shall operate any pool room for the use of the general public for private profit without obtaining a license from the Director of the Division of Commerce.

§ 248-3. License application. [Amended 1-9-2008 by Ord. No. 07-192; 3-11-2009 by Ord. No. 09-024]

A. An applicant for a license to operate a pool room shall be of good moral character and shall file an application with the Director giving the name of the owner if a sole proprietorship, the partners if a partnership or the officials, directors and stockholders if a corporation, with the residence address of each person so named and the business in which he is engaged.

B. The Director shall refer the application to the Director of Public Safety, who shall conduct an investigation to determine whether the applicant, in his judgment, qualifies for the desired license, and the Director of Public Safety shall notify the Director of the result of the investigation with his recommendation, and the Director shall or shall not, after due consideration thereof, issue the desired license. **[Amended 9-11-2013 by Ord. No. 13-081]**

§ 248-4. License fee; expiration. [Amended 6-14-1995 by Ord. No. 95-050; 12-23-1997 by Ord. No. 97-088; 2-11-1998 by Ord. No. 98-004; 1-9-2008 by Ord. No. 07-192; 3-11-2009 by Ord. No. 09-024]

The annual pool room license fee in the amount as provided in Chapter 160, Fees and Charges, shall be filed with the application for the desired license; provided, however, that if the license is not granted, the fee shall be returned to the applicant. All licenses shall expire on December 31 of each year. The initial license fee following the change in expiration date will be subject to proration by the Division of Commerce.

§ 248-5. Exceptions. [Amended 3-11-2009 by Ord. No. 09-024]

The license provisions and other requirements hereof shall not apply to the operation of pool tables kept on the premises of religious, charitable and educational organizations not operated for private profit, nor to those kept in private residences or on the premises of bona fide clubs or social organizations not operated for private profit.

§ 248-6. Licenses to be posted. [Amended 3-11-2009 by Ord. No. 09-024]

The pool room license shall be posted in a conspicuous place inside the entrance of the pool room.

§ 248-7. Transfer of license. [Amended 3-11-2009 by Ord. No. 09-024]

A. A license may be transferred to a different lawful location upon application approved by the Director and payment of a transfer fee as provided in Chapter 160, Fees and Charges. **[Amended 6-14-1995 by Ord. No, 95-050; 1-9-2008 by Ord. No. 07-192]**

B. A license shall not be transferred to a different licensee.

§ 248-8. Compliance with zoning regulations. [Amended 3-11-2009 by Ord. No. 09-024]

No pool room license shall be issued for any pool room where the proposed operation or location thereof would be in violation of the zoning provisions of this Code.

*** Editor's Note: See Ch. 345, Zoning.**

§ 248-9. Hours of operation. [Amended 1-9-2008 by Ord. No. 07-192; 3-11-2009 by Ord. No. 09-024]

No licensed pool hall shall operate said business except during the following hours: Sunday through Thursday from 12:00 noon to 2:00 a.m. the following day; Friday and Saturday from 12:00 noon to 3:00 a.m. the following day; and on New Year's Eve, from the opening hours herein specified until 4:00 a.m. the following day.

§ 248-10. View into pool halls to be unobstructed. [Amended 3-11-2009 by Ord. No. 09-024]

Every pool hall shall have unobstructed windows or open space on at least one (1) side so that the area is open to view by the general public passing by on a public street or using a corridor, lobby or other rooms to which the public resorts and is admitted without charge. The licensee shall not permit any obstruction of such public view by the use of drawn shades, blinds, partitions or other structures or obstructions.

§ 248-11. Presence of minors. [Amended 3-11-2009 by Ord. No. 09-024]

No persons under the age of seventeen (17) shall frequent, loiter, go or remain in any pool hall licensed hereunder at any time unless accompanied thereto by an adult. This prohibition shall apply to persons under eighteen (18) with reference to pool halls wherein intoxicating liquors are dispensed.

§ 248-12. Wagering on games. [Amended 3-11-2009 by Ord. No. 09-024]

No person shall wager or bet upon the outcome of any game, contest or exhibition played in a licensed pool hall.

§ 248-13. Suspension or revocation; Director of Public Safety or the Director of the Division of Commerce authorized. [Added 1-9-2008 by Ord. No. 07-192; 3-11-2009 by Ord. No. 09-024; amended 9-11-2013 by Ord. No. 13-081]

A. Pursuant to a ten-day notice in writing to the licensee and after a hearing, the Director may suspend or revoke any license if

(1) the owner, partner, or agent has been convicted of a crime under federal or state law; or

(2) has violated any of the provision of this Chapter; or

(3) has been found responsible for any acts constituting a breach of the peace or a public nuisance; or

(4) where the Director finds the operation of the licensed premises detrimental to the health, safety and welfare of the people of the city.

B. The Director of Commerce or the Director of Public Safety may suspend any license on an emergent basis for a period not exceeding thirty (30) days after a hearing pursuant to two-days' notice to the licensee for any of the grounds listed in subsection A if the Director finds in addition that protection of the public health, safety or welfare requires an immediate suspension.

Chapter 251

PORNOGRAPHY AND OBSCENITY*

§ 251-1.	Definitions.	§ 251-5.	Licensed establishments maybe subject to more stringent restrictions.
§ 251-2.	Display of obscene materials for sale, restrictions; fee.	§ 251-6.	Violations and penalties.
§ 251-3.	Unlawful acts.		
§ 251-4.	Exceptions.		

§ 251-1. Definitions. [Added 11-7-2018 by Ord. No. 18-123]

As used in this Chapter, the following terms shall have the meanings indicated:

DISPLAY — To promote, issue, sell, give, provide, lend, deliver, transfer, transmit, publish, distribute, circulate, disseminate, present, exhibit or advertise, or to offer or agree to do the same.

FILM — Any motion picture, film, preview or trailer to a motion picture or film, not including any motion picture or film which portrays actual events or pictorial news.

LICENSED ESTABLISHMENT — Any business licensed to sell alcoholic beverages for purchase or consumption.

MATERIAL — Anything tangible that is capable of being used, displayed or adapted for use.

OBSCENE — In accordance with the standards set forth in Miller v. California, 413 U.S. 15 (1973), any material, film or any performance which violates the accepted community standard for decency. The public display of material, film or a performance shall be deemed obscene if an average resident of Jersey City, after having evaluated the display or performance as a whole, and after having applied contemporary community standards to the display or performance, would conclude that the display or performance (1) lacks any serious literary, artistic, political or scientific value and (2) appeals only to the prurient interest in sex.

Examples of obscenity include, but are not limited to, the public display of any material, any film or live performance which depicts:

(1) Reproductions or descriptions of intimate sexual acts, actual or simulated, including sexual intercourse and bestiality;

***Editor's note**—Ord. No. 18-123, adopted November 7, 2018, amended the Code by repealing former Ch. 251, §§ 251-1—251-8, and adding a new Ch. 251. Former Ch. 251 pertained to similar subject matter, and derived from derived from Ord. No. MC-187, adopted May 27, 1982; Ord. No. McC-131, adopted April 25, 1990; Ord. No. McC-197, adopted September 26, 1990; Ord. No. 95-050, adopted June 14, 1995; and Ord. No. 97-052, adopted August 13, 1997.

Cross references—Fees and charges, Ch. 160; urination in public, Ch. 242, Art. III.

(2) Representations or descriptions of masturbation, excretory functions, lewd exhibition of the genitals, the male or female genitals in a state of sexual stimulation or arousal or covered male genitals in a discernibly turgid state.

PERFORMANCE — A play, dance or other exhibition performed before an audience.

STATE OF NUDITY — The complete exposure of the anus or genitals or pubic area or of the female breast below the point immediately above the top of the areola down to the bottom of the areola.

§ 251-2. Display of obscene materials for sale, restrictions; fee. [Added 11-7-2018 by Ord. No. 18-123]

A. No person who operates a store, newsstand, booth, concession, movie and video sale or rental or similar business with unimpeded access for persons under 18 years of age or who is in business of making sales or rentals of movies, pictures, drawings, photographs or other visual depictions shall display or permit to be displayed at his or her business premises any obscene material at a height of less than five feet and without a blinder or other covering placed or printed on the material displayed. The public display of the obscene material shall constitute presumptive evidence that the retailer knowingly made or permitted this display.

B. Every person who displays obscene materials as defined herein shall register with the Division of Commerce, identify the location of each site where such materials are displayed and thereafter notify the Division of Commerce of any change of location or change of address of the material displayed. There shall be a one-time registration fee as provided in Chapter 160, Fees and Charges, to offset the cost of registration and enforcement.

§ 251-3. Unlawful acts. [Added 11-7-2018 by Ord. No. 18-123]

A person commits an offense under this Chapter if that person:

(1) Displays any obscene material, or displays any obscene material for sale in a manner inconsistent with the provisions set forth in § 251-2;

(2) Publicly presents an obscene film or performance or participates in a part participates in a part of a performance that is obscene or that contributes to its obscenity;

(3) Appears or travels on any street; avenue, highway, road or waterway located in the City or to appears in any public place, store or business in a state of nudity.

§ 251-4. Exceptions. [Added 11-7-2018 by Ord. No. 18-123]

A female is not considered to be in a state of nudity if she exposes her breast while in the process of breastfeeding.

§ 251-5. Licensed establishments maybe subject to more stringent restrictions. [Added 11-7-2018 by Ord. No. 18-123]

Licensed establishments are subject to the standards set forth in N.J.S.A. 33 et seq. governing the sale of intoxicating liquors and N.J.A.C. 13:2 et seq. Nothing in this Chapter shall be construed as supplementing or superseding any of the regulations contained therein with respect to obscene or lewd behavior in or about a licensed establishment.

§ 251-6. Violations and penalties. [Added 11-7-2018 by Ord. No. 18-123]

The penalty for a violation of this article shall be as provided in Chapter 1, General Provisions, § 1-25.

§ 254-131. Inspections for violations.
§ 254-132. Severability.

ARTICLE XXIII
Donation Drop-Off Boxes

§ 254-133. Donation drop-off boxes.

ARTICLE I
General Provisions

§ 254-1. Title.

This chapter may be cited as the "Property Maintenance Code" and may be referred to herein as "this chapter."

§ 254-2. Findings.

A. It is hereby found and declared that there are located within the city buildings used for residential and nonresidential purposes which have become or are becoming substandard with respect to structure, equipment, maintenance, occupancy, sanitation or use; and it is further declared that such conditions, which include but are not limited to lack of maintenance of exterior or interior of premises, faulty design, construction or installations, lack of proper sanitary facilities, fire or accident hazards, unsanitary conditions, infestation or overcrowding, have made these buildings either unfit for human habitation, occupancy or use or so deteriorated, dilapidated, dangerous, unsanitary, neglected or over-occupied as to jeopardize or be detrimental to the health, morals, safety or welfare of the people of the city. It also is recognized that to make housing more livable we must have homemaking and other social services as well as enforcement of the Property Maintenance Code's physical standards.

B. It is further found and declared that, among other reasons, because of lack of maintenance and progressive deterioration, certain properties have become blighted and have had the further effect of causing blighting conditions within the city that have necessitated an excessive and disproportionate expenditure of public funds for health, fire protection, public safety, welfare and other public services. However, it is further found and declared

that through appropriate regulations and restrictions, as herein contained, the growth of blight and blighting conditions can be curbed or prevented and neighborhood and property values thereby maintained, the appearance and amenities of properties and neighborhoods can be enhanced and the public health, safety and welfare protected and fostered.[1]

§ 254-3. Purpose; other standards.

A. The purpose of this Property Maintenance Code is to protect the public health, safety, morals and welfare and to eliminate and to prevent the spread of property and neighborhood deterioration and blight by establishing minimum standards governing the maintenance, appearance, condition and occupancy of residential and nonresidential premises; to establish minimum standards governing utilities and facilities of dwellings and other physical components and conditions in dwellings and nonresidential buildings essential to make the same fit for human habitation, occupancy or use; to fix certain responsibilities and duties upon owners and managers and distinct and separate responsibilities and duties upon occupants; to require the licensing and regulation of all boardinghouses and lodging houses; to authorize and establish procedures for the inspection of residential and nonresidential premises and for the general administration and enforcement of this chapter; to provide for the vacation and repair or demolition of premises unfit for human habitation or occupancy or use; to provide for the right of access across adjoining premises to permit repairs; and to fix penalties for violations of this chapter. This Property Maintenance Code is hereby declared to be remedial and essential for the public interest and it is intended that it be liberally construed to effectuate the purposes as stated herein.

B. The New Jersey State Housing Code, as amended from time to time, N.J.A.C. 5:28-1 et seq., is hereby adopted by reference as a supplement to the Jersey City Property Maintenance Code subject to the condition that the Jersey City Property Maintenance Code shall apply whenever it contains a standard more stringent than that contained in the New Jersey Housing Code. **[Added 4-28-1993 by Ord. No. 93-038]**

§ 254-4. Definitions.

As used herein, the following terms shall have the meanings indicated:

ACCESSORY BUILDING — A structure, the use of which is incidental to that of the main building and which is attached to the main building or located on the same premises.

ALTERATION — A change or rearrangement in the structural parts or exit facilities of a structure; or an enlargement thereof, whether done by extending on a side or by increasing the height; or the moving thereof from one location or position to another; or a change in use or occupancy thereof from one use group to another of different legal requirements.

AREA INSPECTION — Systematic property-to-property, block-to-block inspection of 10 or more premises within an area designated by the city through its Division of

---

Construction Code Official and its Division of Planning for concentrated area code enforcement in order to implement neighborhood maintenance, rehabilitation or urban renewal programs of the city. **[Amended 8-13-1997 by Ord. No. 97-052]**

BASEMENT — That portion of a building which is partly below and partly above grade, but has more than ½ of its height, measured vertically from clear floor to ceiling, above the average level of the adjacent finished grade.

BATHROOM — An enclosed space containing at least one lavatory, one toilet and one bathtub or one shower.

BUILDING — Any structure designed or used for the housing, shelter, enclosure and/or support of individuals, animals or property of any kind and any appurtenances or outhouses belonging thereto or used therewith or for mixed use as defined herein.

BUILDING CODE — The Building Code of the City of Jersey City.[2]

CELLAR — That portion of a building which is partly or wholly below grade and has one-half (½) or more of its height, measured vertically from clear floor to ceiling, below the average level of the adjacent finished grade.

CENTRAL HEATING SYSTEM — The main heat appliance and accessory components serving all residential and nonresidential units in a building wherein the main appliance is located in a fire-resistant enclosed space or spaces rated adequate under the provisions of the Building Code in Chapter 131 and separate and apart from the area to be heated, is affixed permanently on a fireproof base and is connected to a listed venting system as required by the Building Code.

CHIEF — The executive official in charge of the Division of Construction Code Official or his or her authorized representative. **[Amended 8-13-1997 by Ord. No. 97-052]**

CODE — The Code of the City of Jersey City (1995) or the Jersey City Code (1995). **[Amended 6-14-1995 by Ord. No. 95-050]**

COMMUNITY KITCHEN — A room or part of a room in which food and drink are cooked or prepared, whose use is shared by occupants of one or more rooming units, two or more dwelling units or any combined number of rooming units and dwelling units. A "community kitchen" may be used in conjunction with one or more furnished apartments, provided that the cooking unit shall not consist of more than four burners and one oven in each such installation.

DETERIORATING — A condition which necessitates more repair than would be provided in the course of regular maintenance because of the existence of one or more intermediate defects which will lead to more serious damage or danger if not corrected.

DILAPIDATED — An unsafe or inadequate condition because of one or more critical defects or a combination of intermediate defects in sufficient number to require extensive repair or rebuilding or because of inadequate original construction.

---

[2] **Editor's Note: See Ch. 131, Construction Codes, Uniform.**

DIRECTOR - The chief administrative officer of the Division of Construction Code Official. **[Amended 8-13-1997 by Ord. No. 97-052]**

DISABLED PERSON - Any person who by reason of a physical or mental condition is not sufficiently ambulatory or otherwise is unable to reach or use the two means of egress most accessible to his or her living quarters without assistance and with reasonable facility or who is unable to attend to daily personal and bodily needs.

DORMITORY - A building or portion thereof maintained and operated by a college, monastery, trucking company, railroad company or other person wherein there is one room which contains more than one bed, or there is a series of independent sleeping rooms which are rented or which are intended for rent, or for which a fee is charged, or the beds or rooms are used by and for employees. A railroad bunk room is included in this definition.

DWELLING - Any occupied or vacant house, building or portion thereof designed or intended for use as a permanent or transient residence for humans.

DWELLING UNIT - Any room or group of rooms located within a dwelling arranged for the use of one or more individuals as a single housekeeping unit, and includes cooking, living, sanitary and sleeping facilities.

EMANCIPATED MINOR - Any person under the age of 18 who is gainfully employed and self-supporting or who is married to a spouse who is gainfully employed and who supports said minor or who is a student living away from home and in regular attendance at an institution of higher learning. **[Amended 6-14-1995 by Ord. No. 95-050]**

ESTABLISHMENT SUBJECT TO LICENSING - Any boardinghouse or lodging house, including nursing homes, hotels, motels, tourist homes, furnished apartments, dormitories, fraternity and sorority houses, which is required to be licensed to operate as such pursuant to § 254-82 under the provisions of this chapter.

EXPOSED TO PUBLIC VIEW - Any premises or building or any part of either which may be lawfully viewed by the public from a sidewalk, street or alleyway or from any adjoining or neighboring premises.

EXTERMINATION - The control and elimination of insects, rodents or other pests by removing their harborage places; by removing or making inaccessible food, dirt, waste or other materials that may serve as their food; by trapping or fumigating or by poisoning or spraying with effective insecticides, pesticides or rodenticides; or by other approved legal means of pest elimination.

FAMILY - The head of the family, the spouse, if any, and the parents and children (including foster or adopted children, if any) of either the head of the family or spouse or of both of them.

FIELD REPRESENTATIVE - An authorized representative of the City who is assigned to inspect residential and nonresidential buildings and premises. **[Amended 8-13-1997 by Ord. No. 97-052; 9-23-2020 by Ord. No. 20-074]**

FIRE HAZARD: **[Amended 9-11-2013 by Ord. No. 13-081]**

A. Any device or condition likely to cause fire and which is so situated as to endanger either persons or property.

B. Any use of combustible or explosive material or any accumulation or storage thereof that is sufficient in amount or so located as to put either persons or property in jeopardy if ignited.

C. Any obstruction to or of fire escapes, ladders usable as means of egress, stairways, aisles, passageways, halls, windows or doors likely, in the event of a fire, to interfere with the egress of occupants or the operations of the Department of Public Safety.

D. The violation of any rule now or hereafter promulgated by the Department of Public Safety.

FLOOR AREA, NET - The total floor area within the enclosing walls of a room minus the space occupied by built-in cabinets, closets or wardrobes, kitchen units or fixtures which are not readily movable and minus any floor space where the floor-to-ceiling height is less than seven feet.

FURNISHED APARTMENT - More than one room furnished, with or without a cook stove, and rented to transients or permanent guests.

GARBAGE - The animal and vegetable waste resulting from the handling, preparation, cooking and consumption of food.

GUEST ROOM - A room which is occupied, or is intended, arranged or designed to be occupied, for sleeping purposes by one or more guests. This definition includes rooms hired out, furnished or unfurnished, and also includes any room arranged for or used for sleeping purposes by an employee as a condition of employment or for an accommodation on a contractual basis. This definition does not include sleeping rooms used by the owner or his or her immediate family.

HABITABLE ROOM - A room or enclosed floor space in a basement, first or upper story used or designed for use for living, eating or sleeping purposes; but does not include bathrooms, toilet rooms, laundries, closets, pantries, foyers, corridors, cellars, heater rooms, boiler rooms, utility rooms or any room whose net floor area is less than 50 square feet.

HOTEL - As defined in the Hotel and Multiple Dwelling Law (N.J.S.A. 55:13A). **[Amended 6-14-1995 by Ord. No. 95-050]**

HOUSE - As used in all articles of this chapter, a private dwelling, apartment house or other places of human habitation, and, as used in Article XIX, it also means office building, store or any building whatsoever or any lot used for business purposes.

HOUSING INSPECTOR — See definition of "field representative."

IMMEDIATE FAMILY - A family unit which consists of the family head, spouse, child or children and father and mother of either or both spouses. These terms are synonymous with the terms "single family," "family" and "family unit."

INCIDENTAL COOKING - The use of cooking facilities which contain no more than two approved plates or two vented gas burners not exceeding six inches in diameter.

INFESTATION — The presence of insects, rodents, vermin or other pests within or around any building.

INSECTS — Means, but is not limited to bedbugs, houseflies, lice, bees, cockroaches, moths, silverfish, beetles, ants, termites, hornets, mosquitoes and wasps, and such members of the phylum arthropoda as spiders, mites, ticks, centipedes and wood lice. **[Added 9-24-2008 by Ord. No. 08-140]**

KITCHEN — Any room or part of a room used for the preparation or cooking of food.

Editor's note—The definition of "lodging house," which immediately followed this definition, was deleted June 14, 1995, by Ord. No. 95-050.

MANAGER — Any person who has charge, care or control of any building or premises or a part thereof in which any part is rented or for rent with or without the knowledge and consent of the owner.

MIXED USE — Any building containing one or more dwelling units or rooming units and also having a portion thereof used for nonresidential purposes.

MOTEL — As defined in the Hotel and Multiple Dwelling Law (N.J.S.A. 55:13A-3). **[Amended 6-14-1995 by Ord. No. 95-050]**

MULTIPLE DWELLING — Any dwelling containing more than two dwelling units.

NONRESIDENTIAL — Any property and premises or portions thereof, as, for example, business, industrial or storage buildings, which are used for purposes other than dwellings for the habitation of humans.

NUISANCE:

A. Any public nuisance shown as public law or in equity jurisprudence or as provided by the statutes of the State of New Jersey or the ordinances of the City of Jersey City, including this chapter.

B. Any attractive nuisance which may prove detrimental to the health or safety of children located in a building, on the premises of a building or upon an unoccupied lot, including but not limited to: abandoned wells, shafts, basements, excavations, abandoned iceboxes, refrigerators, motor vehicles, any structurally unsound fences or structures, lumber, trash, debris or vegetation, such as poison ivy, oak or sumac, which may prove a hazard for inquisitive minors or others.

C. Physical conditions dangerous to human life or detrimental to the health of persons who are on or near the premises where the conditions exist.

D. Overcrowding of a room or dwelling unit with occupants in violation of this chapter.

E. Insufficient ventilation or illumination in violation of this chapter.

F. Inadequate or insanitary sewage or plumbing facilities in violation of this chapter.

G. Insanitary conditions or anything offensive to the senses or dangerous to health in violation of this chapter.

H. Whatever renders air, food or drink unwholesome or detrimental to the health of human beings.

I. Fire hazards.

OCCUPANT — Any person over one year of age living, sleeping, cooking or eating in or having actual possession of a dwelling unit or rooming unit, or any person who works on the premises for any business located thereon.

OCCUPIABLE ROOM — A room or enclosed space designed for human occupancy in which large numbers of individuals congregate for amusement, educational, religious or similar purposes or in which occupants are engaged at labor; and which is equipped with exit, light and ventilation facilities specified in the applicable requirements of this chapter.

ONE-FAMILY DWELLING — Any dwelling containing only one dwelling unit or one dwelling unit and two rooming units with sufficient space and sleeping accommodations for only one person in each rooming unit and with or without incidental cooking facilities.

OWNER — Any person alone or jointly or severally with others:

A. Who has legal or equitable title to any premises, with or without accompanying actual possession thereof;

B. Who has equitable title and is either in actual possession or collects rents therefrom;

C. Who, as executor, executrix, trustee, guardian or receiver of an estate or as mortgagee or as vendee in possession, either by virtue of a court order or by agreement or voluntary surrender of the premises by the person holding the legal title, or as collector of rents, shall have charge, care or control of any dwelling, boardinghouse or lodging house; or any such person thus representing the person holding the equitable or legal title, all of whom under this chapter shall be bound to comply with the provisions hereof and any rules and regulations adopted pursuant thereto to the same extent as if they were the persons holding the legal or equitable title; or

D. Who is a lessee or assignee subletting or assigning any part or all of any dwelling, all of whom under this chapter shall have joint responsibility over the portion of the premises sublet or assigned.

PARTIES IN INTEREST — All individuals, associations and corporations who have interests of record in a building or lands and any who are in actual possession thereof.

PERSON REQUIRING SPECIAL CARE — Any person who does not suffer from such physical or mental incapacity as to be classified as a disabled person, but by reason of physical or mental limitations or advanced years does require a limited degree of care and attention to assure personal safety at all times.

PLUMBING — Includes all of the following supplied facilities and equipment: bathtubs, catch basins, drains, garbage disposal units, gas pipes, installed clothes-washing machines, installed dishwashers, installed gas clothes dryers, lavatories, showers, toilets, vents, waste pipes, water pipes and any other supplied plumbing fixtures, together with all connections to gas, sewer or water lines and water pipes, the lines or pipes themselves and lines utilized in conjunction with air-conditioning equipment.

PREMISES — A lot, plot or parcel of land, including any and all buildings and structures thereon.

PROVIDED or SUPPLIED — Furnished, supplied, paid or under the control of the owner or manager or his or her designee.

PUBLIC AUTHORITY - The Division of Construction Code Official or any officer who is in charge of any department, branch or agency of the city or of the County of Hudson or of the State of New Jersey responsible for the administration of building, fire, health or other regulations applicable to buildings in the city. **[Amended 8-13-1997 by Ord. No. 97-052]**

PUBLIC HALLWAY - A public corridor or space separately enclosed that provides common access to one or more exitways in any story of a building or to two or more residential units therein and is not within the exclusive control of one person or family.

PUBLIC OFFICER - The Director of the Division of Housing Preservation or his or her designee. **[Amended 8-13-1997 by Ord. No. 97-052; 9-23-2020 by Ord. No. 20-074]**

REGISTERED MAIL - Mail registered with or certified by the public postal authority for transmission to the addressee.

REPAIR - To restore to a safe, sound and acceptable state of operation, serviceability or appearance, all of which under this chapter shall be made with such materials and in such a workmanlike manner that it can be expected that they will last approximately as long as would new products originally installed.

REPLACE - To remove an existing item or portion of a building or structure, including but not limited to the electrical, heating and plumbing systems thereof and the components of which it is constructed; and to build or install a new item of the same, equivalent or better quality than the existing item when new; and should ordinarily be made where the item is incapable of repair or where repair would be more costly.

ROOMING HOUSES - Every building kept, used, maintained, advertised as or held out to be a place where sleeping accommodations are supplied for pay to transients or permanent guests in which from two to 14 rooms, inclusive, are rented, furnished or unfurnished, with or without meals for the accommodations of such guests.

ROOMING UNIT - Any room or group of rooms forming a single habitable unit other than a dwelling unit and which is rented or available for rent for sleeping purposes, with or without cooking facilities.

RUBBISH - Combustible or noncombustible waste materials, except garbage, and the term shall include, but not be limited to, the residue from the burning of wood, coal, coke and other combustible material, bedding, boxes, cartons, crockery, dust, excelsior, glass, leather, tin cans, metals, mineral matter, paper rags, rubber, tree branches, wood trimming and yard clippings. (See also Chapter 287, Solid Waste.)

STORY - That portion of a building included between the upper surface of any floor and the upper surface of the floor next above except that the topmost story of a building shall extend from the upper surface of its topmost floor to the ceiling or roof above.

SUPPLIED - Paid for, furnished or provided by or under the control of the owner or manager.

TENEMENT HOUSE - As defined by state statute, means any house or building or portion thereof which is rented, leased, let or hired out to be occupied or is occupied as the home or residence of three or more families, living independently of each other and doing their cooking upon the premises. This definition shall not apply to a detached dwelling house of not more than three stories that has central heating, is equipped for occupancy by three families living independently where the space is provided for at least one of such families and is not equipped with full cooking facilities; provided, however, that this exception shall not apply to any such dwelling house constructed or converted on or after September 1, 1959.

State law reference—Tenement defined, N.J.S.A. 34:6-121.

VENTILATION - The supply and removal of air to and from any space by natural or mechanical means.

VENTILATION, MECHANICAL - Ventilation by power-driven devices whose air-changing capacity is specified thereon.

VENTILATION, NATURAL - Ventilation by opening to outer air through windows, skylights, doors, louvers or stacks with or without power-driven devices.

WATER CLOSET - A toilet and its accessories.

WATER CLOSET COMPARTMENT - An enclosed space containing one or more toilets which also may contain one or more urinals and either one or more lavatories or one or more bathtubs, showers or combinations thereof.

WEATHERING - Deterioration, decay or damage caused by exposure to the elements.

ARTICLE II
Applicability

§ 254-5. Scope.

Every residential and nonresidential building and the premises on which it is situated in the city that is used or intended to be used for dwelling purposes or for business, commercial or industrial occupancy shall comply with the provisions of this chapter, whether or not such building shall have been constructed, altered or repaired before or after the adoption of this chapter, and irrespective of any permits or licenses which shall have been issued for the use or occupancy of the building or premises, for the construction or repair of the building or for the installation or repair of equipment or facilities prior to the effective date of this chapter. This chapter establishes minimum standards for the initial and continued occupancy and use of all such buildings and does not replace or modify standards otherwise established for the construction, repair, alteration or use of the building, equipment or facilities contained herein, except as provided in the next section of this article. Where there is mixed occupancy, the residential and nonresidential uses therein also shall be regulated by and subject to the provisions of this chapter.

§ 254-6. Conflicts with other laws; higher standard to prevail.

In any case where the provisions of this Property Maintenance Code impose a higher standard than set forth in any other applicable provisions of the Jersey City Code or ordinances to be incorporated into the Jersey City Code or under the laws of the State of New Jersey, then the standards set forth herein shall prevail; but if the provisions of this Property Maintenance Code impose a lower standard than any other provisions of the Jersey City Code or ordinances to be incorporated into the Jersey City Code or of the laws of the State of New Jersey then the higher standard contained in any other provision or ordinance or law shall prevail.

§ 254-7. Issuance and renewal of other permits and licenses.

After the date of enactment hereof, all licenses and permits shall be issued upon compliance with this Property Maintenance Code as well as with the provisions of the Jersey City Code or ordinance to be incorporated into the Jersey City Code under which licenses and permits are granted.

§ 254-8. Compliance required.

No license or permit or other certification of compliance with this chapter shall constitute a defense against any violation of any ordinance of the city which is applicable to any structure or premises, nor shall any provision herein relieve any owner, manager or occupant from complying with any other provision, nor any official of the city from enforcing any other provision.

§ 254-9. Duty to comply; permits.

A. General responsibility. The provisions of this chapter establish minimum standards for the continued occupancy and use of residential and nonresidential buildings, dwelling units and rooming units and shall not abrogate the responsibility of any person to comply with the provisions of any other chapter of the Jersey City Code with respect to any items for administration or decision concerning building, electrical, fire, health, plumbing or zoning matters or any New Jersey licensing statute or other pertinent state laws applicable to the premises he or she owns, manages or occupies.

B. Responsibility for securing permits before work commences. All repairs, alterations, additions or replacements of buildings, facilities or premises or any parts thereof that are required to bring such buildings, facilities or premises into compliance with this chapter shall not be started until appropriate municipal permits or state authorization for this work have been secured.

ARTICLE III
Administration

§ 254-10. Division of Construction Code Official. [Amended 8-13-1997 by Ord. No. 97-052]

To provide for the administration and enforcement of the provisions of this chapter, there is established in the Department of Housing, Economic Development and Commerce a Division of Construction Code Official, hereinafter referred to as the "Division." The Chief of the Division, hereinafter referred to as the "Chief," shall be the executive official in charge, and he or she shall carry out his or her duties under the direction of the chief administrative officer of the Department of Housing, Economic Development and Commerce. All inspections, regulations, enforcement and hearings on violations of the provisions of this chapter, unless expressly stated to the contrary as in the powers assigned to the Director of the Division of Construction Code Official, shall be under the direction and supervision of the Chief. He or she may appoint or designate other public officials or employees of the city to perform such duties as may be necessary for the enforcement of this chapter. This includes the functions of inspection and the holding of hearings.

Cross reference—See also Ch. 3, Administration of Government, § 3-75.

§ 254-11. Duties of Director of the Division of Construction Code Official. [Amended 8-13-1997 by Ord. No. 97-052]

A. The Director of the Division of Construction Code Official shall administer and enforce the provisions of this chapter pertaining to buildings alleged or determined to be unfit for human habitation, occupancy or use and Article IV and § 254-43.

B. The chief administrative officer of the Division of Construction Code Official shall be the Director thereof. The Director shall perform the specific duties assigned to him or her in Articles XII and XIV of this chapter in addition to the general duties assigned to him or her in § 254-10 of this article.

§ 254-12. Uniform Construction Code Act enforcing agency.

A. Whenever in this Property Maintenance Code the powers and duties of the Director of the Division of Construction Code Official are the same or similar to the powers and duties granted to the Uniform

Construction Code enforcing agency (N.J.S.A. 52:27D-119 et seq.), then said enforcing agency shall exercise and perform those powers and duties. **[Amended 8-13-1997 by Ord. No. 97-052]**

Cross reference—Uniform construction codes, Ch. 131.

B. Whenever the powers and duties of said Director are in conflict with the powers and duties of said enforcing agency, the powers and duties of said enforcing agency shall be paramount and supersede those of the Director.

C. The provisions of the State Uniform Construction Code Act (N.J.S.A. 52:27D-119 et seq.) and the rules and regulations of the State Commissioner of Community Affairs shall supersede any provisions in this Property Maintenance Code which are in conflict or which pertain to the same subject matter contained in the State Act and/or state rules and regulations.

§ 254-13. General standards. [Amended 8-13-1997 by Ord. No. 97-052]

The provisions of this chapter shall constitute the standards to guide the Chief and the Director of the Division of Construction Code Official in determining which buildings, dwellings, dwelling units, rooming units or premises in the city are in dangerous or blighted condition or are unfit for human habitation, occupancy or use.

§ 254-14. Rules and regulations. [Amended 8-13-1997 by Ord. No. 97-052]

The Chief hereby is authorized and empowered to promulgate such written rules and regulations as he or she may deem necessary for the proper administration and enforcement of this chapter; provided, however, that such rules and regulations shall not be in conflict with any of the provisions of this chapter or applicable statutes, nor in any way alter, amend or supersede any of the provisions thereof. The Chief shall file a certified copy of rules and regulations which he or she may promulgate in his or her office, in the office of the City Clerk and in the office of the chief administrative officer of the Division of Construction Code Official.

§ 254-15. Effect of rules and regulations.

Such rules and regulations promulgated by the Chief pursuant to this article shall have the same force and effect as the provisions of this chapter and the penalty for violations of the provisions of this chapter, as hereinafter provided.

§ 254-16. Inspections. [Amended 9-23-2020 by Ord. No. 20-074]

A. When inspections are to be made.

(1) All buildings and premises subject to this chapter shall be inspected from time to time by the enforcing officer of the city. Such inspections shall be made of residential premises between 8:00 a.m. and 8:00 p.m. and of nonresidential premises during the regular open hours of the business occupying the premises, unless one of the following conditions exists:

(a) The premises are not available during the foregoing hours for inspection.

(b) There is reason to believe that violations are occurring on the premises which can be apprehended and proven only by inspections during other than the prescribed hours or which require immediate inspection after being reported, such as failure to supply heat.

(c) There is reason to believe a violation exists of a character which is an immediate threat to health or safety.

(2) At the time of such inspections and upon proper identification, all rooms in the building and all parts of the premises are to be made available and accessible for such inspections and the owner, manager or occupant shall be requested to provide all arrangements necessary to facilitate the same. If any owner, manager or occupant refuses entry to the enforcing officer, the Chief, or the head of other departments or administrative units authorized to enforce sections of this Code or his or her designee, is hereby authorized to apply to a Judge of the Municipal Court for a search warrant as provided in Subsection B of this section.

B. Where entry by inspectors is refused.

(1) Search warrant or access warrant.

(a) In addition to the provisions of Subsection A of this section, the Chief shall, upon affidavit, apply to the Judge of the Municipal Court of the city for an administrative search warrant setting forth factually the actual conditions and circumstances that provide a reasonable basis for believing that a nuisance or violation of this chapter exists on the premises, and if the Judge is satisfied as to the matter set forth in the affidavit, he or she shall authorize the issuance of an administrative search warrant permitting access to and inspection of the premises on which the nuisance or violation may exist.

(b) In addition to the provisions of Subsections A(2) and B(1)(a) of this section, the Chief may, upon affidavit, apply to the Judge of the Municipal Court of the city for an administrative search warrant to conduct an area inspection, as that term is defined in § 254-4 of Article I, and the warrant shall be served by the Chief or his or her representative who shall be deemed to be law enforcement officers for this purpose.

(c) A warrant for access may be issued by the Judge upon affidavit of the Chief establishing grounds therefor pursuant to § 254-79 of Article XIII.

(d) The search warrant provisions of this chapter in no way shall abrogate the right of the enforcing officer to enter and inspect without a search warrant the exterior of all accessory structures and of all residential and nonresidential buildings and the surrounding grounds and all common interior areas of residential buildings and all public interior areas of nonresidential buildings.

(e) In applications for warrants in this section, the affidavit shall be prepared by the Chief or the enforcing officer with direct knowledge and the proposed form or warrant shall be prepared by and upon consultation with the Office of Municipal Prosecutor.

(2) Penalties.

(a) Where the Chief or his or her representative is refused entry or access or otherwise is impeded or prevented by the owner, occupant or manager from conducting an inspection of the

premises when there is reason to believe a violation exists of an emergency character which is an immediate threat to health or safety, and therefor, immediate entry and action is required to protect the public health and welfare, such person shall be in violation of this chapter and subject to the penalties provided for in the general provisions of the Jersey City Code [see § 1-25].

(b) Failure to permit entry under an administrative search warrant shall be a violation of this chapter which shall subject any person who refuses entry to the premises to the general penalty provisions of the Jersey City Code.

(c) In addition to the provision in Subsection B(2)(b) of this section, the Director of Housing Preservation may deem any refusal to permit entry under an administrative search warrant to be prima facie evidence that the premises in question are unfit for human habitation, occupancy or use and subject to the condemnation proceedings specified in Article IV of this chapter.

C. Petition for inspection. Whenever a petition is filed with the Chief by at least five residents of the city charging that any dwelling or dwelling unit is in violation of this chapter, the Chief forthwith shall cause the premises so charged to be inspected in the manner provided in this section of this article.

Cross reference—Obstruction of entry, Ch. 242, Art. IV.

§ 254-17. Notices of violation. [Amended 8-13-1997 by Ord. No. 97-052; 4-25-2018 by Ord. No. 18-020; 11-9-2022 by Ord. No. 22-091]

A. Procedure where violation discovered. Where a violation of this chapter hereunder is found to exist, a written notice from the Director of Code Compliance shall be served on the person or persons responsible for the correction thereof.

B. Contents of notice. The notice shall specify the violation or violations committed, what must be done to correct the same, a reasonable period of time not to exceed 30 days to correct or abate the violation.

C. Service of notice. Notice may be served personally or by mail addressed to the last known address of the person to be served. In the case of an occupant, notice may be posted upon the door of his or her dwelling unit or rooming unit. Where it is ascertained that the owner does not reside on the premises, the last known address shall be the address of the owner as shown in the office of the Tax Collector. If the last known address cannot be ascertained, the notice may be posted on the outside front entrance of the building. The Director of Code Compliance shall file and provide notice to any owner, manager or occupant of any violation at any address other than the last known address provided hereunder, if such other address is filed with the Director of Code Compliance personally or by certified mail addressed to the Director of Code Compliance. Service upon an owner, manager or occupant may also be attained by service of any notice upon a member of the family of the owner, manager or occupant. Date of service of the notice shall be determined, where service is by mail, as of the day following the day of mailing for notices to addresses within the city, and as of the third day after the day of mailing for notices to addresses outside the city. Where the day of service would fall upon a Sunday or other day when mail is not ordinarily delivered, then the day of service shall be the next regular delivery day.

D. Extensions of time. The Director of Code Compliance may extend the time for correction or abatement of the violation for one or more additional periods of time each not to exceed 30 days, except where major capital improvements or renovations are involved, in which instance the time for completion may be extended for additional periods each not to exceed 90 days beyond the expiration date of the original notice. Subject to the limitation in this paragraph, if an extension of time is requested, the owner or manager of the subject property shall provide a report to the Director of Code Compliance indicating the time necessary to correct or abate the violation and shall report on the status of any relocated tenants, if applicable.

E. Summary abatement in emergency matters. Where in the opinion of the Director of Code Compliance, the violation or condition existing on the premises is of such a nature as to constitute an immediate threat to the health or safety of the occupants unless abated without delay, and with the approval of the Municipal Prosecutor; either may abate the violation or condition immediately or order the owner, manager or occupant to abate the violation or condition within a period of time not to exceed three days. Upon failure to do so, the Director of Code Compliance may abate the condition or violation immediately thereafter. For purposes of this subsection, the Director of Code Compliance shall employ the necessary labor and materials to perform the required work as expeditiously as possible. Costs incurred in the performance of emergency work shall be paid by the City upon approval by the Director of the Department of Housing and Economic Development and Finance.

F. Any person ordered to perform emergency work shall comply with such order forthwith. Any affected person shall thereafter, upon appeal directed to the Construction Board of Appeals, be afforded a hearing provided the written application for appeal is filed no later than 20 days after the order to abate the condition was served. An application for appeal shall be based upon a claim that the condition existing on the premises did not constitute an imminent threat to the health and safety of the occupants warranting abatement within the time specified in the Director of Code Compliance's order. Appeals to the Construction Board of Appeals shall not stay an order of the Director of Code Compliance.

G. Cost of abatement to be a lien against premises.

(1) Where abatement of any condition or violation under Subsection E, requires expending City moneys, the Director of Code Compliance shall certify the costs thereof to the Municipal Council.

(2) The Municipal Council shall examine the certificate and, if found correct, by resolution cause the cost shown thereon to be charged against said properties.

(3) The amount so charged shall forthwith become a lien upon such properties and shall be added to and become part of the taxes next to be assessed and levied upon such properties, the same to bear interest at the same rate as taxes, and shall be collected and enforced by the same City officers and in the same manner as City taxes.

H. Referral of violations. Any violation or suspected violations of any relevant provisions of the Code discovered by a field representative shall be reported to the Director of Code Compliance who shall refer the violation or suspected violations to the official or agency responsible for the enforcement of such other provisions of the Code.

I. Where notice is not required prior to court proceedings.

(1) Notwithstanding the requirements of Subsections A, B and C of this section, violations which in the opinion of the Director of Code Compliance constitutes a nuisance, may be prosecuted without notice.

(2) Where the Director of Code Compliance has on two different occasions found violations by the same owner, manager or occupant on the same premises and has issued notices on each, upon discovering a third or subsequent violation by the same owner, manager or occupant on the same premises within the space of one year, whether of the same sections or of any other sections of this chapter, he or she may thereupon prosecute the offender by filing a complaint in the Municipal Court for said third or subsequent violation occurring within said period of one year without first providing notice and opportunity for a hearing by the Director of Code Compliance.

J. Effect of notice on owner. For the purpose of enforcement of this chapter, the service of a notice on an owner, whether or not the owner is also the manager, shall constitute notice of violations set forth therein until the violations are abated in conformity with this chapter and the other applicable provisions of the Jersey City Code.

K. Municipal Court prosecution. Upon the expiration of any period of abatement, or extension therefore, any violation of this chapter shall be prosecuted by summons pursuant to N.J. Ct. R. 7:2-2(a)(4). Nothing in this section shall be construed to limit the City's ability and right to file an action in any court of competent jurisdiction.

§ 254-18. Appeals.

Appeals from any decision of any officials regarding the manner of construction or materials to be used in the erection, alteration, rehabilitation or repair pertaining to this chapter shall be made to the Board of Appeals of the basic codes of the city in accordance with Chapter 1, General Provisions, of the Jersey City Code.

§ 254-19. Landlord to furnish list of violations to tenant. [Added 2-5-1980 by Ord. No. S-342]

A. Whenever a landlord receives a notice from the state agency of the city listing the violations which must be corrected, said landlord shall, within 10 days of the receipt of said notice, serve upon each tenant a copy of said notice. In such case, the landlord shall file with the Division of Construction Code Official proof of service of a copy of each said notice upon each tenant within 15 days of the receipt of said notice. Failure to serve a copy of said notice upon each tenant or failure to file a proof of service of said notice upon each tenant with the Division of Construction Code Official shall constitute a violation of this chapter and shall be punishable as such. [Amended 8-13-1997 by Ord. No. 97-052]

B. As soon as the landlord shall have abated any of the violations listed on any such notice, then the landlord shall obtain a statement of such abatement from the office which issued the notice of violations and shall furnish to each tenant a copy of said statement of abatement.

ARTICLE IV

Vacant Properties*

§ 254-20. Vacant structures; vacant lots; inspection; notice; hearings. [Amended 5-14-2014 by Ord. No. 14-045; 9-23-2020 by Ord. No. 20-074]

A. The Director of the Division of Housing Preservation on his or her own, or upon the filing of a petition by a public authority or by at least five residents of the City, shall make an inspection of any building believed to be unfit for human habitation, occupancy or use; and if a preliminary investigation discloses a basis for such charges, the Director of the Division of Housing Preservation or his or her designee thereupon shall serve upon the owner of the building and parties in interest in such a building, a notice stating the charges in that respect and setting a date for a hearing before the Director of Director of the Division of Housing Preservation not less than seven nor more than 30 days from the date of service of said notice. The owner and parties in interest shall be given the right to file an answer to the notice and to appear in person or otherwise and give testimony at the time and place fixed in the notice. The rules of evidence prevailing in the courts shall not be controlling in hearings before the Director of Housing Preservation. **[Amended 8-13-1997 by Ord. No. 97-052]**

B. The Director of the Division of Housing Preservation shall determine within 90 days after notice to the owner whether a building should be condemned and the owner directed to either repair or demolish the building. **[Added 4-22-1992 by Ord. No. 92-044]**

C. The Director of the Division of Housing Preservation on his or her own, or upon the filing of a petition by a public authority or by at least five residents of the City, shall make an inspection of any vacant lot and if a preliminary investigation indicates that lot is unkempt and should be added to the City's Vacant Lot Registry, then the Director of the Division of Housing Preservation or his or her designee shall serve upon the owner of the lot and parties in interest in the lot a notice stating the charges in that respect and setting a date for a hearing before the Director of the Division of Housing Preservation not less than seven nor more than 30 days from the date of service of said notice. The owner and parties in interest shall be given the right to file an answer to the notice and to appear in

***Editor's note**—Ord. No. 14-045, adopted May 14, 2014, amended the title of Art. IV.

person or otherwise and give testimony at the time and place fixed in the notice. The rules of evidence prevailing in the courts shall not be controlling in hearings before the Director of the Division of Housing Preservation.

D. The Director of the Division of Housing Preservation shall provide the Mayor and Council with quarterly reports on the status of all buildings and lots reported to his or her division as abandoned or unfit for human occupancy. Such report shall indicate the Housing Preservation Director's decision as to each such building. **[Added 4-22-1992 by Ord. No. 92-044]**

§ 254-21. Vacant or boarded structures. [Added 9-8-1988 by Ord. No. C-807; amended 5-14-2014 by Ord. No. 14-045]

A. Any residential or commercial building or structure in the City of Jersey City remaining vacant or boarded for a period exceeding six months shall be deemed a fire hazard and unsafe.

B. If any residential or commercial building or structure remains vacant or boarded for more than six months, the Director of Housing Preservation or his or her designee shall serve upon the owner, agent or person in control of the building or structure a written notice describing the building or structure and requiring the owner, agent or person in control of the building or the structure to abate this condition by taking one (1) of the following corrective measures within six (6) months of the date of written notification. **[Amended 9-23-2020 by Ord. No. 20-074]**

(1) Actual and legal occupancy of the building or structure, which occupancy shall be made only after obtaining a certificate of occupancy.

(2) Submission of a fully executed and binding contract of sale for the building, which contract shall contain a clause advising the prospective purchaser that occupancy must be achieved within six (6) months of the service of the written notice specified above.

(3) Demolition of the building or structure, upon obtaining the necessary demolition permit(s).

(4) Any other action required or necessary to render the building or structure safe and in a habitable condition.

C. Where a building or structure has been abandoned for a period exceeding six (6) months and ownership cannot be determined, the City shall institute appropriate legal action to acquire title to the building or structure pursuant to the police powers vested in the City of Jersey City and upon acquisition, the building or structure shall be maintained by the City in a condition compatible with the surrounding neighborhood until such time as said property is disposed of at public auction or as otherwise permitted by law.

§ 254-21.1. Purpose. [Added 9-14-2011 by Ord. No. 11-108; amended 5-14-2014 by Ord. No. 14-045]

The purpose of this Article IV is to require accountability from the owners of vacant buildings and lots within the City of Jersey City by establishing a system of registration and the maintenance plan

approval, and impose the fees to fund these efforts, which will protect public health, safety and general welfare of the citizens and improve unsightly neighborhoods, require secure structures, prevent structural deterioration, and protect neighborhood property values and safety.

§ 254-21.2. Definitions. [Added 9-14-2011 by Ord. No. 11-108; amended 5-14-2014 by Ord. No. 14-045; 1-23-2020 by Ord. No. 20-004]

The following words, terms and phrases, when used in this article, shall have the meaning ascribed to them in this section, except where the context clearly indicates a different meaning.

ABANDONED PROPERTY defined in accordance with N.J.S.A. 55:19-78 means improved real property that has not been legally occupied for six months and which meets any one of the criteria set forth in N.J.S.A. 55:19-78.

DIVISION OF HOUSING PRESERVATION is the City division charged with enforcing the provisions of this Ordinance. **[Amended 9-23-2020 by Ord. No. 20-074]**

ENFORCEMENT OFFICIAL means any duly authorized City employee or designated representative.

EVIDENCE OF VACANCY means any condition that on its own, or combined with other conditions present would lead a reasonable person to believe that the property is or has been vacant for six or more months. Such conditions include, but are not limited to, overgrown or dead vegetation, accumulation of newspapers, circulars, flyers or mail, past due utility notices or disconnected utilities, accumulation of trash, junk or debris, the absence of window coverings such as curtains, blinds or shutters, the absence of furnishings or personal items consistent with residential habitation, statements by neighbors, delivery agents, or government employees that the property is vacant or abandoned.

OWNER means any person, co-partnership, agent, operator, firm, association, corporation, or fiduciary having a legal or equitable interest in the property; or appears oh the official records of the State, country, or municipality as holding title to the property; or otherwise exercises control of the property, including the trustee or guardian of the estate of any such person, and the executor or administrator of the estate of such person if ordered to take possession of real property by a court.

PROPERTY means any unimproved or improved real property, or portion thereof, located in the City of Jersey City, including the buildings or structures located on the property regardless of condition.

VACANT BUILDING means any building used or to be used as a residence which is (i) not legally occupied or (ii) at which substantially all lawful construction operations or residential occupancy has ceased, and which is in such condition that it cannot legally be re-occupied without repair or rehabilitation; provided, however, that any property with all "building systems" in working order that is also being actively marketed by its owner for sale or rental, shall not be deemed vacant.

VACANT LOT means a platted or unplatted parcel of land, classified by the municipal assessor as class 1 and described as vacant land on the most recent tax assessor's list.

§ 254-21.3. General requirements for vacant buildings and lots. [Added 9-14-2011 by Ord. No. 11-108; amended 5-14-2014 by Ord. No. 14-045; 9-23-2020 by Ord. No. 20-074]

A. Sixty days after the effective date of the ordinance from which this article derives or 30 days after a building or lot becomes vacant, the owner shall file a registration statement for each such vacant building or lot with the Division of Housing Preservation on forms provided for such purposes. The registration shall remain valid for one year. The owner shall be required to renew the registration annually as long as the building or lot remains vacant or abandoned and shall pay a registration or renewal fee in the amount prescribed in § 254-21.9.

B. The owner shall notify Housing Preservation within 30 days of any change in the registration information by filing an amended registration statement on a form for such purpose.

C. The registration statement shall be deemed prima facie proof of the statements therein contained in any administrative enforcement proceeding or court proceeding instituted by the City of Jersey City against the owner or owners of the property.

§ 254-21.4. Registration requirements for vacant buildings and lots. [Added 9-14-2011 by Ord. No. 11-108; amended 5-14-2014 by Ord. No. 14-045; 1-23-2020 by Ord. No. 20-004]

A. The owner of a vacant building(s) or lot(s) shall provide the following information to the Division of Housing Preservation on the registration form or form(s) prescribed by the Housing Preservation: **[Amended 9-23-2020 by Ord. No. 20-074]**

(1) Name, address, email address and contact telephone number of the owner; the owner's address must include a street address; a post office box is not acceptable;

(2) Name, address, email address and contact telephone number of any local agent(s) or representative for the building or lot;

(3) Name, address, email address and contact telephone number of the person assigned to the property for the security and maintenance of the building or lot;

(4) Common address and tax assessor's block and lot designation of the building or lot;

(5) If a vacant building, the date on which the building became vacant;

(6) If a vacant building, proof of utility (gas, electric, water) connections or disconnections; and

(7) Any other information reasonably required by the City to ensure the safety of all persons and to prevent neglect.

(8) Any government entity that owns a vacant building or lot will be required to register with Jersey City, but the registration fee shall be waived.

(9) By designating an authorized agent under the provisions of this section, the owner consents to receive any and all notices of code violations concerning the registered vacant building or lot and all process in any court proceeding or administrative enforcement proceeding brought to enforce

code provisions concerning the registered building or lot by service of the notice of process on the authorized agent. Any owner who has designated an authorized agent under the provisions of this section shall be deemed to consent to the continuation of the agent's designation for the purposes of this section until the owner notifies the City of a change of an authorized agent or until the owner files a new annual registration statement.

(10) The owner is required to update the form within 30 days of a change of any information contained within the form.

(11) The registration statement shall be deemed prima facie proof of the statements therein contained in any administrative enforcement proceeding or court proceeding instituted by the City of Jersey City against the owner or owners of the vacant building or lot.

(12) An enforcement official may identify vacant lots through his/her routine inspection process as well as through notification by residents, or other community groups that a lot may be eligible for inclusion on the registry. Notice will be served upon, or sent by mail, to the owner and will be deemed received by the owner, upon personal delivery, or five days after service by first class mail.

(13) The Director of the Division of Housing Preservation shall provide the Mayor and Council with quarterly reports on the status of all vacant lots.

B. The following vacant lots shall be exempt from the registration requirement:

(1) Contiguous with a dwelling or multiple dwelling owned by the same person or entity and used by the occupants of the dwelling or multiple dwelling for residential purposes;

(2) Contiguous with a mixed use or nonresidential property and used by the occupants of the property or business in connection with their occupancy of the property;

(3) Owned by a Board of Public Utility regulated utility company and utilized by such utility to provide service;

(4) Owned by a tax-exempt educational or religious organization and used exclusively for tax-exempt activity.

§ 254-21.5. Vacant building inspection. [Added 9-14-2011 by Ord. No. 11-108; amended 5-14-2014 by Ord. No. 14-045]

After filing a registration statement or a renewal of a registration statement and upon reasonable notice, the owner of any vacant building shall provide access to the city to conduct an exterior and interior inspection of the building to determine compliance with the municipal code, during the period covered by the initial registration or any subsequent renewal.

§ 254-21.6. Requirements for owners of vacant buildings. [Added 9-14-2011 by Ord. No. 11-108; amended 5-14-2014 by Ord. No. 14-045; 8-20-2014 by Ord. No. 14-086]

The owner of any building that has become vacant, and any person maintaining, operating or collecting rent for any such, building shall, within 30 days:

(1) Enclose and secure the building against unauthorized entry in accordance with the applicable provisions of the Code of the City of Jersey City and as per the specifications established by the Department of Housing and Urban Development (HUD) for securing vacant buildings.

a. The securing of the building shall include the boarding up of all windows/doors/garages (except the front door through which access to the interior of the building is made) with unsanded exterior-grade CDX plywood painted white on the outside. All board-ups must meet the approval of the Director of HCE or his or her designee.

b. Plywood thickness should be one-half of an inch for window openings, five-eighths of an inch for door openings and three-quarters of an inch for sliding door and French door openings.

c. Plywood is to be cut to size to fit snugly against the blind stop of the window. Where no blind stops exist plywood shall be cut to fit snugly in the opening.

d. All plywood shall be cut and installed so that the grain of the plywood runs in the same direction as the long run of the opening. All plywood shall be installed in one piece whenever possible.

e. 2 × 4-inch lumber planks shall be attached with 10d common nails or screws as appropriate.

f. 2 × 4-inch lumber planks should be graded and should be a minimum of 16 inches longer than the width of the plywood cover and 2 × 4-inch lumber planks are to be drilled with one-half-inch diameter holes that line up with the holes in the plywood covers.

g. Hardware shall be cadmium plated or galvanized steel, three-eighths-inch or one-half-inch diameter and of sufficient length to extend from the outside through the 2 × 4 brace laid flat from wall to wall across the opening plus metal washer and nut with a minimum three-thread exposure after tightening. Each bolt shall have one flat washer on the outside of the boarding. Bolts shall be tightened to the maximum extent without damaging the wood. Bolts shall be inserted with tire head on the exterior side of the boarding and nuts on the inside of the brace.

(2) Post a sign affixed to the building indicating the name, address and telephone number of the owner, the owner's authorized agent for the purpose of service of process (if designated pursuant to this Chapter) and the person responsible for day-to-day supervision and management of the property, if such person is different from the owner or authorized agent. The sign shall be of a size and placed in such a location so as to be legible from the nearest public street or sidewalk, whichever is nearer, but shall be no smaller than 18" × 24" and shall state "WARNING: THIS BUILDING IS SECURED PURSUANT TO CHAPTER 254 OF THE JERSEY CITY MUNICIPAL CODE. ANYONE ENTERING THIS BUILDING WITHOUT AUTHORIZATION WILL BE SUBJECT TO ARREST"; and

(3) Secure the building from unauthorized entry and maintain the sign until the building is again legally occupied or demolished or until repair or rehabilitation of the property is complete.

§ 254-21.7. Vacant building deemed abandoned building; list of abandoned buildings to be maintained by the Director of Housing and Economic Development; remedies for abandoned building. [Added 9-14-2011 by Ord. No. 11-108; amended 5-14-2014 by Ord. No. 14-045; 9-23-2020 by Ord. No. 20-074]

If the Director of Housing Preservation determines that a vacant building as defined herein has been abandoned as defined in N.J.S.A. 55:19-81, the Director shall place the building on a list of abandoned buildings to be maintained by the Director in accordance with N.J.S.A. 55:19-55. The abandoned building list shall become effective either upon the expiration date of the period for appeal with respect to any building placed on the list or upon the denial of an appeal brought by the owner. Thereafter, the municipality may pursue any statutory remedy with respect to buildings on the abandoned building list, including the sale of tax sale certificate subject to the condition that the purchase or assignee shall be obliged to complete any rehabilitation or repairs required to render the building eligible for removal from the abandoned building list.

§ 254-21.8. Requirements for owners of vacant lots. [Added 5-14-2014 by Ord. No. 14-045; 1-23-2020 by Ord. No. 20-004]

The owner of any vacant lot and any person maintaining such a lot shall within 60 days:

(1) Register the vacant lot of which they are in possession.

(2) With the exception of owners defined in § 254-21.4.B, enclose and secure the property against unauthorized entry with a six-foot tall fence in accordance with § 345-67, and with any other applicable provisions of the Code of the City of Jersey City.

(3) Ensure that all bushes and trees are trimmed and that they do not interfere with neighboring properties.

(4) Ensure that grass does not exceed 12 inches in height and that all grass clippings are removed from the lot when the grass is cut.

(5) Lots must be clear of all garbage, litter and debris.

(6) With the exception of owners defined in § 254-21.4.B, vacant lots must be clear of all vehicles: cars, boats, campers, etc.

(7) All sidewalks bordering vacant lots must be maintained and be cleared of snow, ice, tripping hazards, obstructions, garbage, litter and debris.

(8) Repair broken or open fences.

(9) With the exception of owners defined in § 254-21.4.B, a sign shall be posted on the fence erected pursuant to § 254-21.8(2) herein in a conspicuous place so as to be clearly visible to the public. The sign shall be maintained by the owner in good repair and lettering. The sign shall be three feet by five feet on weatherproof white board with black lettering (letters being one inch in height) and shall contain the following information:

(a) Lot street address;

(b) Maintenance company;

(c) Maintenance company email address; and

(d) Maintenance company telephone number.

(10) The owner or owner's agent shall perform regular weekly inspections of the vacant lot to ensure compliance with the requirements of this section.

Editor's note—Ord. No. 14-045, adopted May 14, 2014, amended the Code by repealing former § 254-21.8, and adding a new section. Former § 254-21.8 pertained to fees, and derived from Ord. No. 11-108, adopted September 14, 2011.

§ 254-21.9. Reserved.

Editor's note—Ord. No. 20-004, passed January 23, 2020, amended the Code by repealing former § 254-21.9 in its entirety. Former § 254-21.9 pertained to fees, and derived from Ord. No. 14-045, passed May 14, 2014; and Ord. No. 18-060, passed June 13, 2018.

§ 254-21.10. Violations and penalties. [Added 5-14-2014 by Ord. No. 14-045; 1-25-2017 by Ord. No. 17-005]

Any person violating any of the provisions of this chapter shall, upon conviction, be punished as provided for in Chapter 1, General Provisions, Section 1-25; provided, however, that the minimum penalty for a violation of this chapter shall be a fine of one hundred dollars ($100.00).

ARTICLE V
Electrical, Light and Ventilation Standards

§ 254-22. Compliance required.

No person shall occupy or let to another for occupancy any dwelling or dwelling unit for the purpose of living therein or any nonresidential building or any part thereof for any business, commercial, governmental, industrial, institutional or other human use which does not comply with the following requirements.

§ 254-23. Electrical facilities.

A. Residential.

(1) Electrical service generally. Every dwelling, dwelling unit and rooming unit shall be properly connected to and be provided with electric power through safely insulated conduits conforming to Chapter 131, Uniform Construction Codes.*

(2) Circuits. Overloading of circuits is prohibited. Where such violation exists, the owner shall be required either to install a line or lines of sufficient capacity to absorb the peak seasonal load to which such line or lines are subjected or to install a fusestat or fusestats that will limit the use of such existing line or lines to the properly rated capacity.

*Editor's note—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

(3) Fuses and protective devices. Maximum fuse sizes consistent with safety shall be posted conspicuously on the inside cover of all fuse boxes and no fuse shall be installed there in excess of the stated maximum. Fusestats shall be installed in any fuse box located within a dwelling unit or rooming unit in the exclusive possession of occupants other than the owner.

(4) Outlets and fixtures. Every electrical outlet and fixture shall be properly installed and maintained in good safe condition so as not to cause a fire or electrical shock hazard and shall be properly connected to the source of power. No ceiling or wall fixtures shall be used to supply power to equipment other than that for which these are designed.

(5) Wiring. Insulation shall be provided for all wiring and cables and shall be kept in good repair. No loose or temporary wiring shall be used except extension cords six (6) feet in length or less that are in good and safe condition, run directly from portable fixtures or appliances to convenience outlets, and do not lie under rugs or other floor coverings nor extend through doorways, transoms, holes or other openings through structural elements.

(6) Electrical outlets in habitable rooms. There shall be at least two (2) permanently installed remote wall-type double-electric convenience outlets in every habitable room. In lieu of this, each room must contain at least one (1) permanently installed wall-type double-electric convenience outlet and one (1) overhead light fixture.

(7) Light fixtures for bathrooms and water closet compartments. Every bathroom and water closet compartment shall be provided with at least one (1) permanently installed ceiling or wall-type electric light fixture and a switch and wall plate so located that there is no danger of short-circuiting from water from other bathroom or water closet facilities or from splashing of water.

B. Nonresidential.

(1) Electrical service generally. Electrical power through safely insulated conduits conforming to Chapter 131, Uniform Construction Codes, shall be supplied to nonresidential buildings regularly utilized for business, commercial, governmental, industrial or institutional work and activities and to garages designed for use by four (4) or more vehicles.*

(2) Lighting of bathrooms and water closet compartments. Every bathroom and water closet compartment shall be provided with permanently installed, artificial ceiling or wall-type electric lighting fixtures with a switch and wall plate so located and maintained that there is no danger of short-circuiting from water from other bathroom facilities or from splashing of water.

(3) Lighting of common spaces other than habitable rooms, bathrooms and water closet compartments.

(a) All nonresidential buildings, including the garages required to have electric service under Subsection B(1) of this section, also shall be provided with

*__Editor's note__—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

permanently installed, artificial lighting fixtures. All such fixtures shall be operable from a switch located near the point of ingress to the interior of the space lighted. All portions of the premises which are utilized regularly for work and activities shall be illuminated by at least five (5) footcandles, that is five (5) lumens or one (1) watt per square foot of floor area measured in the darkest portions thereof. All portions of the premises other than common means of passage that are used occasionally and incidentally by occupants of the premises shall be illuminated by at least three (3) footcandles; that is, three (3) lumens or one-half (½) watt per square foot of floor area measured in the darkest portions thereof.

(b) Lighting of hallways, stairways, landings and other spaces used by occupants in common as a normal means of passage shall be sufficient to provide at least five (5) footcandles; that is, five (5) lumens or one (1) watt per square foot of floor area measured in the darkest portion. Light switches for stairs and hallways shall be readily accessible to occupants using the same except where janitorial service is provided and the artificial lighting for hallways and common areaways is supplied from a master control switch.

(4) Overloading of circuits is prohibited. Where such a violation exists, the owner shall be required either to install a line or lines of sufficient capacity to absorb the peak seasonal load to which such line or lines are subjected or to install a fusestat or fusestats that will limit the use of such existing line or lines to their proper, rated capacity.

(5) Fuses and protective devices. Maximum fuse sizes consistent with safety shall be posted conspicuously on the inside cover of all fuse boxes and no fuse shall be installed therein in excess of the stated maximum. Fusestats shall be installed in any fuse box located in any part of the premises which is in the exclusive possession of occupants other than the owner.

(6) Outlets and fixtures. Every electrical outlet and fixture shall be properly installed and maintained in good and safe condition so as not to cause a fire or electrical shock hazard and shall be properly connected to the source of power. No ceiling or wall fixture shall be used to supply power to equipment other than that for which these are designed.

(7) Wiring. Insulation shall be provided for all wiring and cables and shall be kept in good repair. No loose or temporary wiring shall be used except extension cords six (6) feet in length or less that are in good and safe condition, run directly from portable fixtures or appliances to convenience outlets, and do not lie under rugs or other floor coverings, nor extend through doorways, transoms, holes or other openings through structural elements.

§ 254-24. Lighting and ventilation.

A. Residential.

(1) Habitable rooms.

(a) Every habitable room shall have at least one (1) window or skylight facing directly to the outdoors except as provided hereinafter. The minimum total window area, measured between stops, for every habitable room shall be ten percent (10%) of the floor area or twelve (12) square feet, if the latter area is greater. Whenever the only window in a room is the skylight-type window in the top of such room, the total window area of such skylight shall equal at least fifteen percent (15%) of the total floor area of such room.

(b) Whenever walls or other portions of structures face a window of any such room and such light obstructing structures are located less than three (3) feet from the window and extend to a level above that of the ceiling of the room such a window shall not be deemed to face directly outdoors and shall be included in calculating the required minimum window area.

(c) Every habitable room shall have at least one (1) window or skylight which can be opened easily or such other device as will adequately ventilate the room. The total of openable window area in every habitable room shall be equal to at least fifty percent (50%) of the minimum window area size, as hereinabove provided, except where there is supplied some other approved device affording adequate ventilation.

(d) In any row house constructed prior to 1951 and not used for boardinghouse or lodging house purposes, any interior room not having its own source of natural light and ventilation may be used for living purposes if it contains equivalent artificial means of light [six (6) footcandles per square foot over the area of the room measured thirty (30) inches above floor level at the center of the room] and a mechanical means of ventilation, whose capacity is marked clearly thereon, that provides two (2) air changes per hour or one-half (½) of a cubic foot per minute per square foot for each habitable room other than a kitchen and three (3) air changes per hour, or one and one-half (1½) cubic feet per minute per square foot for a kitchen.

(2) Bathrooms and water closet compartments. Every bathroom and water closet compartment shall comply with lighting and ventilation requirements for habitable rooms contained in Subsection A(1) of this section, except that the total window area or skylight area shall be four (4) square feet, not twelve (12) square feet, if this figure is greater than the specified percentage of the total floor area, and with the further exception that no window or skylight shall be required in adequately ventilated bathrooms and water closet compartments equipped with a ventilation system providing at least six (6) air changes per hour or one and one-half (1½) cubic feet per minute per square foot, whose capacity is marked clearly thereon, and which is operated either continuously or automatically when the room is in use.

(3) Common spaces other than habitable rooms, bathrooms and water closet compartments.

(a) Every portion of each cellar, furnace room, utility room, hall, landing, staircase and all similar nonhabitable space in a dwelling shall have artificial light available at all times that shall be sufficient to provide an illumination of at least

five (5) footcandles; that is, five (5) lumens or one (1) watt per square foot of floor area measured in the darkest portion thereof.

(b) Every portion of any interior or exterior passageway or staircase common to three (3) or more families in a dwelling shall be illuminated at all times with light of at least five (5) footcandles; that is five (5) lumens or one (1) watt per square foot of floor area measured in the darkest portion of the normally traveled stairs and passageways. In dwellings comprising two (2) dwelling units, such illumination shall not be required at all times if separate switches for the control of such light are provided at points convenient and readily accessible to each dwelling unit.

(4) Public passageways.

(a) Every public hall, stairway and passageway in every multiple dwelling, boardinghouse and lodging house shall be ventilated adequately by the natural means specified below or by a ventilating system providing at least one (1) air change per hour [one-fourth (¼) cubic foot per minute per square foot] and whose capacity is marked clearly thereon.

(b) Any of the specified building types meeting the pertinent standard or standards listed below shall be considered ventilated adequately by natural means:

[1] A building three (3) stories or thirty (30) feet in height or less with front entrance door not less than thirty (30) inches in width and six (6) feet eight (8) inches in height.

[2] A building over three (3) stories or thirty (30) feet in height with hall, stairway and/or passageway window or windows whose total area is equal at least to ten percent (10%) of the total floor area of said hall, stairway and/or passageway.

[3] A building six (6) stories in height or less served by a skylight with a minimum openable area of forty (40) square inches.

(5) Utility spaces. Utility spaces which contain heat producing, air-conditioning and other operating mechanical equipment shall be ventilated to the outer air and air from such spaces shall not be recirculated to other parts of the building.

(6) Special spaces. Natural ventilation of spaces such as attics, basements, cellars and enclosed basementless spaces shall be provided by opening of sufficient space to overcome dampness and minimize the effect of conditions conducive to decay and deterioration of the structure and to prevent excessive heat in attics.

B. Nonresidential.

(1) Occupiable rooms.

(a) Every occupiable room shall contain light transmitting media opening to the sky or on a public street, yard or court that are adequate to provide an average illumination of six (6) footcandles over the area of the room measured at a height of thirty (30) inches above floor level in the center of the room, or an alternate

artificial method or device that will provide the equivalent minimum amount of light.

(b) Every occupiable room shall contain ventilating skylights, monitors, louvers, windows, transoms, doors or other natural means of ventilation capable of providing a volume of four (4) air changes per hour [one and one-half (1½) cubic feet per minute per square foot] if the room contains less than one thousand (1,000) cubic feet per individual, (2) air changes per hour [one-half (1½) cubic feet per minute per square foot] if the room contains one thousand (1,000) cubic feet or more per individual or an alternate mechanical ventilating device, whose capacity is marked clearly thereon, that will provide the equivalent minimum amount of air.

(2) Public passageways. Hallways shall have at least one (1) window opening directly on a street or on a required court or yard in each story, located so that light penetrates the full length of the hallway, with additional windows for each change of direction of the hallway; or the equivalent artificial lighting shall be provided.

(3) Utility spaces. Utility spaces which contain heat producing, air-conditioning and other operating mechanical equipment shall be ventilated to the outer air and air from such spaces shall not be recirculated to other parts of the building.

(4) Special spaces. Natural ventilation of spaces such as basements, cellars, loft areas and enclosed basementless spaces shall be provided by openings of sufficient size to overcome dampness and minimize the effect of conditions conducive to decay and deterioration of the structure and to prevent excessive heat in lofts.

ARTICLE VI
Minimum Standards for Basic Equipment and Facilities

§ 254-25. Compliance required.

No person shall occupy or let to another for occupancy any dwelling or dwelling unit for the purpose of living therein or any nonresidential building or any part thereof for any business, commercial, governmental, industrial, institutional or other human use which does not comply with the following requirements.

§ 254-26. Residential bathroom, kitchen and cooking facilities.

A. Dwelling units.

(1) Every dwelling unit shall have a bathroom within it which affords privacy to a person inside said room; contains a bathtub or shower, wash basin and flush water closet and complies with such other requirements as are set forth elsewhere in this Code unless the dwelling unit existed prior to February 24, 1960. Any dwelling unit in existence before that date may have the bathtub or shower in one (1) room and the flush water closet and wash basin in another; so long as both rooms are located within the dwelling unit, afford privacy to any person within either room and comply with all

other requirements set forth elsewhere in this chapter. Where there are more than eight (8) occupants in a dwelling unit, said unit shall have two (2) bathrooms.

(2) Every dwelling unit shall be equipped with private kitchen fixtures located in one (1) room which shall include a supplied kitchen sink and a gas or electric kitchen stove that shall be supplied by the owner or the tenant dependent upon the rental agreement, and the room or part of a room in which said fixtures are located shall comply with such other requirements as are set forth elsewhere in this chapter.

(3) In the event that the tenant provides the gas stove or the electric stove, he or she shall be responsible for having it installed properly and maintained in a safe, sanitary and operable condition.

(4) Every kitchen stove in every dwelling unit shall include at least two (2) top burners and an oven, shall be in good order and repair and shall be properly connected to the appropriate utility system.

(5) Every bathtub, shower, flush water closet, kitchen sink and wash basin in every dwelling unit shall be in good working condition and repair and properly connected to a water and sewer system.

(6) Every bathtub, shower, kitchen sink and washbasin in every dwelling unit shall be properly connected with both hot and cold water lines.

B. Minimum sanitary facilities for all cooking. No cooking, including incidental cooking, shall be permitted in any dwelling unit or rooming unit, except as provided in Subsection A(3) of this section, unless it contains the following minimum sanitary equipment and facilities:

(1) A kitchen sink of nonabsorbent impervious material and a drainboard of appropriate materials.

(2) A tenant-supplied waterproof, washable container, including a tight-fitting cover of metal or other approved material, for the temporary storage and disposal of garbage.

(3) A refrigerator for the storage of food containing at least five (5) cubic feet of storage space shall be supplied by the owner or tenant depending upon the rental agreement, and shall be maintained in good working condition and repair and in a clean state. If the tenant supplies the refrigerator, he or she shall be responsible for maintaining it in good working condition and repair. The tenant shall be responsible for maintaining the refrigerator in a clean state whether it is supplied by him or her or by the owner.

C. Community cooking facilities. Cooking facilities serving more than one (1) dwelling unit or one (1) rooming unit, in which incidental cooking is permitted, or any combination thereof shall not be permitted, except nothing herein shall be construed to prohibit the operation of establishments subject to licensing.

§ 254-27. Heating facilities; duty to supply heat.

A. Residential. **[Amended 9-22-1983 by Ord. No. MC-459; 9-25-1986 by Ord. No. C-303; 10-23-1986 by Ord. No. C-322; 8-18-1988 by Ord. No. C-788; 12-16-2020 by Ord. No. 20-102]**

(1) Supplied heating facilities.

(a) Every dwelling unit shall contain supplied heating facilities which are installed properly, are maintained in safe and good working condition and are capable of maintaining a minimum inside temperature of at least 68 degrees Fahrenheit between the hours of 6:00 a.m. to 11:00 p.m. and at least 65 degrees Fahrenheit between the hours of 11:00 p.m. to 6:00 a.m. whenever the outside temperature falls below 55 degrees Fahrenheit from October 1 of each year to the next succeeding May 1. At times other than those specified interior units of dwelling space shall be maintained at least at 55 degrees Fahrenheit whenever the outside temperature falls below 40 degrees Fahrenheit. The temperature shall be read at a height of 30 inches above floor level at the center of the room.

(b) These facilities may be supplied by the owner or the tenant based on the rental agreement.

(c) Heating facilities in properties containing four units or more shall be inspected biennially, once every two years. Such inspection shall be by a licensed plumber, licensed heating contractor or an employee of a gas utility company certified as qualified to make such inspections. Each inspection shall include such tests and visual inspections as are necessary to determine whether there is any gas leak at the premises, whether there is any defective equipment and whether there are unsafe conditions or unsafe equipment present. Such inspection shall be in addition to any inspection or maintenance requirements set forth by the State of New Jersey.

(d) The person, firm or corporation making the inspection and the owner or a person in charge of the premises shall each keep a copy of the inspection record until the next biennial inspection. The owner or person in charge of the premises shall exhibit a copy of the inspection report to any city inspector on demand.

(e) If any unsafe conditions or unsafe equipment are found, the inspector shall apply a red tag in a clearly visible location at or near the heater, furnace or thermostat, stating substantially as follows:

WARNING: This equipment is unsafe to use. Do not attempt to light or turn on this equipment until complete repairs have been made and this warning tag has been removed by an authorized inspector. For information telephone (telephone number to be supplied.)

(2) Where central heating required. Decentralized heating systems now in use may be continued in use in accordance with Subsection A(1)(a) and (b) above, provided that the above mentioned decentralized heating systems conform with all other applicable codes and standards.*

*__Editor's note__—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

(3) Facilities required in lieu of central heating. All dwelling units and rooming units not having central heating shall be permitted to be heated (in the interim) by supplied space heaters.

(4) Every space heater shall comply with all of the following requirements:

(a) Every space heater burning gaseous, liquid or solid fuels shall be permanently installed.

(b) Every space heater burning gaseous, liquid or solid fuels shall be properly vented to a chimney, duct or flue leading to outdoor space.

(c) Every space heater shall have a permanently affixed, fire resistant panel beneath it.

(d) Every space heater located within two (2) feet of a wall shall be equipped with insulation sufficient to prevent overheating of the wall.

(e) Every space heater smoke pipe shall be equipped with guards, properly constructed of nonflammable material, at any point where the pipe goes through a ceiling, partition or wall.

(f) Every space heater shall comply with all the requirements of Chapter 131, Uniform Construction Codes, and electrical space heaters must meet the standards set by the Middle Department Association of Fire Underwriters.*

(g) The use of any unvented space heater burning gaseous, liquid or solid fuels is prohibited.

(h) Any merchant selling unvented space heaters burning gaseous, liquid or solid fuels must display a sign, within three feet of the space heater display and in full view of customers, bearing the words "Warning: the City of Jersey City Fire Prevention Bureau warns that the use of unvented space heaters burning gaseous, liquid or solid fuels is hazardous, and the use of these heaters is banned according to § 254-27A(4) of the Jersey City Code." The letters used on this sign must be no smaller than two inches in height and one inch in width.

(5) The use of portable heating equipment employing flame and solid, liquid or gaseous fuels is prohibited.

(6) The use of portable electric space heaters in bathrooms or water closet compartments is prohibited.

(7) When the owner or manager is required to supply heat.

(a) From October 1 to May 1, every dwelling unit, room unit, bathroom and water closet compartment shall be supplied with sufficient heat to maintain therein a minimum temperature of 68 degrees Fahrenheit between the hours of 6:00 a.m. and 11:00 p.m. and 65 degrees Fahrenheit between the hours of 11:00 p.m. and 6:00 a.m. whenever the temperature falls below 55 degrees Fahrenheit.

(b) From May 1 to October 1, every dwelling unit, rooming unit, bathroom and water closet compartment shall be supplied with sufficient heat to maintain therein a minimum temperature of see 55 degrees Fahrenheit whenever the outside temperature falls below 40 degrees Fahrenheit.

***Editor's note**—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

(c) Whenever a dwelling is heated by means of a furnace, boiler or other apparatus under the control of the owner or manager of the dwelling, such owner or manager, in the absence of a written contract to the contrary, shall be deemed to have contracted, undertaken or bound himself to furnish heat in accordance with the provisions of Subsection A(1) through (7) of this section to every dwelling unit and rooming unit which contains radiators, furnace heat duct outlets or other heating apparatus outlets.

B. Nonresidential.

(1) Supplied heating facilities. Every business, commercial, governmental, industrial and institutional building shall contain supplied heating facilities which are properly installed, are maintained in safe and good working condition and are capable of maintaining a minimum inside temperature of 70 degrees Fahrenheit in all occupiable rooms, bathrooms and water closet compartments when the outside temperature is at or above zero degrees Fahrenheit. The temperature shall be read at a height of 30 inches above the floor level at the center of the room. Occupiable rooms located in buildings where it is not feasible to heat them to a temperature of 70 degrees Fahrenheit, because of the nature of the business, are exempted from this requirement.

(2) Portable heating equipment prohibition. The use of portable heating equipment employing flame and solid, liquid or gaseous fuel is prohibited.

(3) When the owner or manager is required to supply heat.

(a) From October 1 to May 1, every occupiable room, bathroom and water closet compartment shall be supplied with sufficient heat to maintain therein a minimum temperature of 70 degrees Fahrenheit during whatever hours of each day the building is open for use.

(b) From May 1 to October 1, every occupiable room, bathroom and water closet compartment shall be supplied with sufficient heat to maintain therein a minimum temperature of 70 degrees Fahrenheit whenever the outside temperature falls below 55 degrees Fahrenheit between the hours of 6:00 a.m. and 11:00 p.m.

(c) Whenever a nonresidential building is heated by means of a furnace, boiler or other apparatus under the control of the owner or operator of the building, such owner or operator, in the absence of a written contract to the contrary, shall be deemed to have contracted, undertaken or bound himself to furnish heat in accordance with the provisions of Subsection B(1) through (3) of this section to every occupiable room, bathroom and water closet compartment which contains radiators, furnace heat duct outlets or other heating apparatus outlets.

C. In enforcing this section the Municipal Judges shall utilize the form of summons issued by the administrative office of the court. The summons may be served upon any persons,

corporations, business firms and/or partnerships violating this section by inspectors or properly authorized employees of the Division of Construction Code Official. The Judges are further authorized by rule to provide that violators may sign or execute on the back of the summons a written plea of "guilty" and the submission of a fine for offenses of this section. The fine for any offense of this section shall be as provided in Chapter 1, General Provisions, § 1 -25. **[Amended 10-28-1980 by Ord. No. S-510; 6-14-1995 by Ord. No. 95-050; 8-13-1997 by Ord. No. 97-052]**

§ 254-28. Residential plumbing facilities and water supply.

A. Bathroom facilities. Every bathroom required hereunder shall be provided with a flush water closet connected to the cold water line, and a shower or tub and a wash basin connected to running water, as set forth in Subsections C and E of this section.

B. Connection to sanitary sewer. All plumbing fixtures shall be connected to the sanitary sewer through lines which are free of corrosion, deterioration or leaks and provide unobstructed passage from the plumbing facilities within the dwelling to the sanitary sewer.

C. Hot and cold water. Every kitchen sink, bathroom sink and basin, tub or shower required under this chapter shall be connected to both hot and cold water lines.

D. Maintenance of plumbing facilities. Every facility required under Subsection A of this section shall be maintained in a sanitary condition, free of defect and in operating condition at all times. Where said facility or plumbing fixtures shall be clogged, overflow or otherwise necessitate repairs, such repairs shall be performed forthwith.

E. Supply of city water. Every facility using running water for domestic purposes within any building shall be connected to the public water supply system of the city. The water system shall be maintained in a good and operable condition at all times so that an adequate amount of water (not less than one gallon per minute) can be drawn from every installed hot and cold water faucet.

F. Water heating facility. **[Amended 9-9-1980 by Ord. No. S-461; 10-28-1980 by Ord. No. S-502; 1-29-2014 by Ord. No. 14-001]**

(1) Installation; maintenance and capacity; hot water must be furnished.

(a) There shall be supplied water heating facilities which are properly installed, are maintained in safe and good working condition, are properly connected with the hot water lines required under Subsection C of this section and are capable of supplying water at a minimum temperature of not less than 120 degrees Fahrenheit (120° F) and at a maximum temperature of not more than 140 degrees Fahrenheit (140° F) at all times to each hot water outlet.

(b) Every person, firm or corporation who shall have contracted, undertaken or shall be bound to furnish hot water to occupants of rooming houses or residences occupied by two or more families shall furnish to such occupants or tenants, at all times, 24 hours a day, seven days a week, an adequate supply of running hot water to a minimum temperature of not less than 120 degrees Fahrenheit (120° F) and at a maximum temperature of not more than 140 degrees Fahrenheit (140° F) at all times in accordance with anticipated need.

(c) Wherever a rooming house or residence is supplied with hot water from a plant or system operated under the control of the owner, lessor or agent of such rooming house or residence, in the absence of a written contract or agreement to the contrary, such owner, lessor or agent shall be deemed to have contracted, undertaken or bound himself to furnish hot water in accordance with the provisions of this article; and the presence of such a hot water plant or system, in any such rooming house or residence shall be prima facie evidence of such contract or agreement.

(2) Side arm gas water heaters. On or before January 1, 1968, no new or used side arm gas water heaters shall be installed. No side arm gas heaters shall be permitted after January 1,1975.

G. In enforcing this section the Municipal Judges shall utilize the form of summons issued by the administrative office of the court. The summons may be served upon any persons, corporations, business firms and/or partnerships violating this section by inspectors of the Division of Housing Code Enforcement. The Judges are further authorized by rule to provide that violators may sign or execute on the back of the summons a written plea of "guilty" and the submission of a fine for offenses of this section. The fine for any offense of this section shall be as provided in Chapter 1, General Provisions, § 1-25. **[Amended 10-28-1980 by Ord. No. S-510; 6-14-1995 by Ord. No. 95-050; 8-13-1997 by Ord. No. 97-052; 1-29-2014 by Ord. No. 14-001]**

§ 254-29. Screens.

A. Residential.

(1) Properly fitting screens in good repair shall be supplied for each exterior door and window of each dwelling unit or rooming unit. Such screens shall have a mesh of not less than size number sixteen (16). Window screens shall not be required in rooms on the seventh or higher floors in a building or in those rooms or buildings where room or central air conditioning is installed and operating. In establishments subject to licensing and in all buildings where janitor service is required, pursuant to this section, screens shall be installed and maintained by the owner or manager on all doors and windows from May 1 to October 1 of each year.

(2) Every basement or cellar window used or intended to be used for ventilation, and every other opening to a basement or cellar which might provide for entry of rodents, shall be supplied with a screen or such other device as will effectively prevent their entrance.

B. Nonresidential. Properly fitting screens in good repair shall be supplied for each exterior door, opening and window of every eating and drinking establishment and of all other nonresidential retail and wholesale establishments where uncooked or cooked food is sold. Such screens shall have a mesh of not less than size number sixteen (16).

§ 254-30. Interior rubbish containers.

Every rooming unit shall be provided with a container of metal or other approved material for the temporary storage and disposal of rubbish.

§ 254-31. Exterior garbage containers.

A. Approved receptacles. Only the receptacles shall be used for the exterior temporary storage of garbage, refuse and liquid waste substances as required by Chapter 287, Solid Waste.*

B. Every dwelling unit and every rooming unit containing cooking facilities shall be provided with the aforesaid approved receptacles for the exterior temporary storage or garbage.

C. In enforcing this section, the Municipal Judges shall utilize the form of summons issued by the administrative office of the courts. Said summonses may be served upon any persons, corporations, business firms and/or partnerships violating the section by members of the Department of Public Safety, by any inspectors of the Health Division and any inspectors or properly authorized employees of the Department of Public Works. The Judges are further authorized by rule to provide that violators may sign or execute on the back of the summons a written plea of "guilty" and the submission of a fine for the first offense; provided, however, that said amount shall be less than the maximum amount fixed by Chapter 1, General Provisions, § 1-25.f **[Amended 9-11-2013 by Ord. No. 13-081]**

ARTICLE VII

Minimum Space, Use and Egress Requirements

§ 254-32. Occupancy standards; net floor area.

No person shall occupy or let to another for occupancy any dwelling or dwelling unit for the purpose of living therein or any nonresidential building or any part thereof for any business, commercial, governmental, industrial, institutional or other human use which does not comply with the following requirements:

A. Dwelling units. Every dwelling unit shall contain a minimum net floor area of one hundred fifty (150) square feet for the initial occupant thereof, two hundred fifty (250) square feet for two (2) occupants and one hundred (100) additional square feet for each occupant thereafter, except that, for the purpose of this section, children under one (1) year of age shall not be counted as occupants. The minimum overall height of the area to be included in this calculation shall be seven and one-half (7 V2) feet from the floor to the ceiling, except in structures or dwelling units legally erected or converted for residential use prior to 1951 to which the height requirement shall be six and one-half (6 1/2) feet.

B. Required space in sleeping rooms. Except as required under Subsection C, each room utilized for sleeping purposes shall have a minimum dimension of seven (7) feet and a minimum net floor area

***Editor‘s Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

tEditor’s **Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

of seventy (70) square feet for the initial occupant, fifty (50) square feet for each additional occupant, except that children under one (1) year of age shall not be counted as occupants for the purpose of this section. In existing structures built prior to 1951, if any dwelling has no room at least ten (10) feet by twelve (12) feet in size, two (2) persons will be allowed to sleep in the largest room therein so long as it is nine (9) feet in size at least.

C. Where additional area required in sleeping rooms. Rooms utilized for sleeping purposes shall have a minimum net floor area of ninety (90) square feet for the initial occupant and seventy (70) square feet for each additional occupant in:

(1) Room utilized for sleeping purposes in which there are cooking facilities.

(2) Rooms rented or available for rent in boardinghouses and lodging houses.

§ 254-33. Ceiling height requirements.

A. Habitable rooms. At least sixty (60) square feet of floor area of every habitable room shall have a ceiling height of at least seven and one-half (7 1/2) feet and the floor area of that part of any room where the ceiling height is less than five (5) feet shall not be considered as part of the floor area in computing the total floor area of the room for the purpose of determining the maximum permissible occupancy thereof. Habitable rooms in dwellings legally erected or converted prior to 1951 shall have a ceiling height of at least six and one-half (6 1/2) feet.

B. Common spaces other than habitable rooms. Every bathroom, water closet compartment, utility room, hall and passageway shall have a clear ceiling height of at least six (6) feet eight (8) inches. Bathrooms, water closet compartments, utility rooms, halls and passageways in dwellings legally erected or converted prior to 1951 are exempt from the six (6) feet eight (8) inches ceiling height requirements, but shall meet the ceiling height requirement prevailing at the time each of such dwellings was erected or converted.

§ 254-34. Cellars and basements.

A. No cellar space shall be used as a habitable room or dwelling unit or for the required bathroom facilities of a dwelling unit, boardinghouse or lodging house.

B. No basement space shall be used as a habitable room or dwelling unit unless:

(1) The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness.

(2) The total of openable window area in each room is equal at least to the minimum as required by§ 254-24A(l)(a) and (b) and is located entirely above the grade of the ground adjoining such window area.

(3) The total of openable window area in each room is equal at least to the minimum as required by § 254-24A(l)(c) of Article V of this chapter.

(4) There are no ducts, pipes or other obstructions less than six (6) feet six (6) inches above floor level.

(5) All furnace or other heating facilities are so located, insulated and separated from living areas by fireproof partitions or walls necessary pursuant to regulations of the Fire Chief to prevent the same from constituting an undue hazard to the safety and health of the occupants.

(6) There is a second means of egress conforming to § 254-38C of this Article.

§ 254-35. Use of sleeping rooms as passageways.

Except in buildings legally erected for or converted to residential use prior to 1951, no dwelling or dwelling unit containing two (2) or more sleeping rooms shall have such rooms so located that access to a bathroom or water closet compartment intended for use by occupants of more than one (1) sleeping room can be had only by going through another sleeping room; nor shall room arrangements be such that access to a sleeping room can be had only by going through another sleeping room or a bathroom or water closet compartment.

§ 254-36. Nature of occupancy of certain dwelling and rooming units limited.[23]

A. Occupancy of single-family dwelling. A single-family dwelling shall be occupied by persons composing a family and no more than two (2) other persons.

B. Occupancy of dwelling unit. A dwelling unit in any building other than a single-family dwelling shall be occupied by persons composing an immediate family and no more than one (1) other person except as provided in Subsection C of this section.

C. Notwithstanding the provisions of Subsection B of this section, the Director of Housing Code Enforcement is authorized to permit, on an annual basis, a dwelling unit, in a building containing six (6) or more dwelling units, to be occupied by not more than five (5) college or university students of the same sex pursuant to written leasing arrangements between the college or university where said students are enrolled as full-time students and the owner or manager of the building containing said dwelling unit, provided that:

(1) A copy of the written leasing arrangements is filed with the Director of Housing Code Enforcement.

(2) An appropriate official of said college or university submits a written agreement that he or she will cause adequate safeguards to be provided to ensure that said dwelling is properly maintained.

(3) In all other respects the occupancy of said dwelling unit is in full compliance with this chapter.

D. Occupancy of rooming units. Rooming units shall be rented for occupancy or be occupied by adults and emancipated minors only.

E. Occupancy of one-room dwelling units or rooming units. Occupancy of dwelling units or rooming units having only one (1) habitable room, except for those in approved hotel, motel or dormitory facilities, shall be limited to two (2) persons.

---

[23] **Editor's Note: See also Ch. 188, Housing Accommodation.**

§ 254-37. Occupancy standards to be cumulative.

Nothing contained herein shall be construed as permitting occupancy in violation of any other occupancy standard, all occupancy standards being cumulative and not alternative.

§ 254-38. Means of egress.

A. Primary. Every dwelling unit shall have safe and unobstructed means of egress from every floor at ground level and above leading to safe and open space at ground level and accessible to a street.

B. Secondary. In addition, there shall be a suitable and separate secondary exit from each dwelling unit by means of a doorway, stairway, protected passageway or openable window.

C. Secondary from basement. The second means of egress from any basement dwelling unit may be by a second door located independently from the first means of egress and leading directly to the outside of the premises, or, in the alternative, by an openable window located no more than three (3) feet above floor level.

D. From building three (3) or more stories above grade. In buildings three (3) or more stories above grade that are used as boardinghouses or lodging houses, or contain three (3) or more dwelling units or contain one (1) or more nonresidential uses and two (2) dwelling units, the secondary exit from the third story and from every additional story, if any, shall be by a metal fire escape or an enclosed stairway.

E. From rooming units. Except in single-family dwellings, rooming units shall have a door opening directly into a common hallway or areaway. Any rooming unit located in the basement or at ground level shall be provided with a second means of egress that meets the same requirements as provided in Subsection C of this section. Where there is a rooming unit located above the first story, the common hallways or areaway into which it opens shall have two (2) means of egress remote from each other and one (1) of these shall open to a street of fireproof passage leading to a street and one (1) shall open to a yard or other safe space of sufficient area to accommodate all persons in the building.

F. Access to exit. Access to any exit required by Subsections A through D of this section shall not necessitate passage through any other dwelling unit or part thereof nor shall any exit be subject to locking by any device which impedes or prevents ready egress.

G. Door in path of egress. Any door in the path of egress shall be at least thirty (30) inches in width with a minimum height of six (6) feet six (6) inches, shall be free from obstruction and accessible from common hallways or areaways and shall open in the direction of travel if it leads to a fire escape or if it is located in a tenement house erected after 1904 or in any building erected as, or converted into, a dwelling after 1951.

H. Openable window in path of egress. Where a window forms a part of egress from a dwelling unit or rooming unit or from a common areaway or hallway to a fire escape, the window opening shall be at least thirty-six (36) inches in width and thirty-four (34) inches in height, whether the window is double hung or single hung. The bottom of the opening or the sill height shall not be more than three (3) feet six (6) inches above the floor. Said

window shall be easy to open and shall lead directly to the fire escape or to the immediately adjacent outside ground area with maximum drop of three (3) feet six (6) inches thereto. Screens, storm windows and other barriers to the outside shall be readily opened or removed so as not to form any obstruction to occupants seeking egress in cases of emergency.

I. Location and number of exits. Where two (2) or more exits are required, each exit shall be as remote as practicable from the other exit or exits. All the exits shall be of such number and so located that the distance of travel from the door of each rooming unit or dwelling unit on each floor shall not exceed fifty (50) feet except in buildings of fireproof construction or in buildings equipped with automatic sprinkler systems throughout where the maximum distance of travel from the door of any unit to the nearest exit shall not exceed one hundred (100) feet, provided that two (2) of the exits shall be at least fifty (50) feet apart.

ARTICLE VIII
Duties of Owners, Managers and Occupants

§ 254-39. Owners and managers.

Owners and managers shall have all the duties and responsibilities prescribed in this chapter and in regulations promulgated pursuant thereto, and no owner or manager shall be relieved from any such duty or responsibility nor be entitled to defend against any charge of violation thereof by reason of the fact that the occupant also is responsible therefor and in violation thereof.

§ 254-40. Occupants.

Occupants shall have all the duties and responsibilities prescribed in this chapter and in regulations promulgated pursuant thereto, and the occupant shall not be relieved from any such duty and responsibility nor be entitled to defend against any charge of violation thereof.

§ 254-41. Contract not to alter responsibility.

Unless expressly provided to the contrary in this chapter, the respective obligations and responsibilities of the owner and manager on one (1) hand and the occupant on the other shall not be altered or affected by any agreement or contract by and between any of the aforesaid or between them and other parties.

ARTICLE IX
Maintenance Responsibilities of Owners and Managers

§ 254-42. Compliance required.

No person shall occupy or let to another for occupancy any dwelling, dwelling unit or rooming unit for the purpose of living therein or any nonresidential building or part thereof for any business, commercial, governmental, industrial, institutional or other human use which does not comply with the requirements set forth in § 254-43.

§ 254-43. Maintenance of exterior of premises and yards. [Amended 7-13-2022 by Ord. No. 22-065]

A. The exterior of the premises and all structures thereon shall be kept free of all nuisances, unsanitary conditions and fire or safety hazards in the public areas and any of the foregoing shall be removed and abated promptly by the owner or manager.

B. Without limiting the generality of Subsection A, the maintenance includes: **[Amended 9-23-2020 by Ord. No. 20-074]**

(1) Keeping alleys, driveways, fire escapes, porches, sidewalks, exterior stairways reasonably clean and free from filth, garbage, obnoxious weeds, refuse or other debris and free from hazardous objects or conditions, such as excavations or holes, dead and dying trees, so as to afford safe passage and use.

(2) Providing and maintaining runoff drains adequate to prevent recurrent accumulations of stormwater or the entrance of water into a basement or cellar.

(3) Keeping the premises free of conditions conducive to infestation by vermin or insects, such as rodent harborages or stagnant water, and other known sources of infestation.

(4) Keeping any accessory building and any fence in good repair and free from fire, health and safety hazards.

(5) Providing a fence or wall of sufficient height to prevent persons from falling down the sharp drop in grade wherever there exists on any land a sharp drop in the grade of such land from the level of the street or sidewalk to said land or wherever there is a sharp drop in grade from said land to the level of the street or sidewalk and maintaining said fence or wall in safe and sound condition.

(a) If the Chief finds that any such fence or wall is in such condition as to create an unsafe condition or where he or she finds that no fence or wall exists where one is needed to prevent falls, he or she shall immediately notify the owner of the property and order said owner to forthwith repair, replace or install the fence or wall called for in Subsection B(5) of this section so as to eliminate such hazard.

(b) If the owner fails to comply with said order, the Chief shall notify the Director of Housing Preservation who then shall cause such fence or wall to be repaired, replaced or installed so as to provide the required protection, and the cost thereof shall be charged to the owner of said property and collected in the manner provided in this chapter.

(c) In such emergency cases, the provisions of § 254-17G of Article III of this chapter regarding notice and hearing shall apply.

(6) Ensure that all bushes and trees in yards are trimmed and that they do not interfere with neighboring properties; grass does not exceed eight inches in height and that all grass clippings are removed from the lot when the grass is cut; yards are clear of all garbage, litter and debris; and fences surrounding yards are maintained and any broken sections or holes are repaired.

§ 254-44. Appearance of exterior of premises.

A. Residential. The exterior of the premises, the exterior of all dwelling and the exterior of all accessory structures shall be maintained so that the appearance of the premises and all

building thereon shall reflect a level of maintenance in keeping with the residential standards of the neighborhood or such higher standards as may be adopted as part of a plan of urban renewal by the City of Jersey City. The maintenance also shall be at sufficiently high level that the appearance of the premises and structures shall not constitute a blighting factor for adjoining property owners nor an element leading to the progressive deterioration and downgrading of the neighborhood with the accompanying diminution of property values.

B. Prescribed methods of maintaining appearance. Without restricting the generality of Subsection A, the methods of maintaining the appearance of the exterior of premises and structures shall include the prescribed actions on the following matters:

(1) Front yard parking. No person shall park, stop or stand any motor vehicle, or permit or suffer the same to be done, in any front yard area of premises occupied by a dwelling, lodging house or hotel, except on driveways and parking areas constructed and installed in compliance with applicable provisions of the Jersey City Code. Effective on and after January 1, 1968, no such driveways or parking areas shall be constructed less than three (3) feet from the interior front sidewalk line adjacent to said premises.

(2) General maintenance. The exterior of every structure or accessory structure, including fences, shall be maintained in good repair and all surfaces thereof shall be kept painted or whitewashed where necessary for purposes of preservation and appearance. The same shall be maintained free of broken glass, loose or broken shingles or siding, crumbling stone or brick, peeling paint or other condition reflective of deterioration or inadequate maintenance to the end that the property itself may be preserved, fire and safety hazards eliminated and adjoining properties and the neighborhood protected from blighting influences.

(3) Landscaping. Premises shall be kept landscaped and lawns, hedges and bushes shall be kept trimmed and from becoming overgrown and unsightly so that the same may not depreciate adjoining property or impair the residential character of the neighborhood.

(4) Reconstruction of walls and siding. All reconstruction of walls and siding shall be of standard quality and appearance commensurate at least with the residential character of the properties in the same block and on both sides of the street on which the premises front, so that the materials used will not be of a kind that by their appearance under prevailing appraisal practices and standards will depreciate the values of neighboring and adjoining premises.

(5) Signs. All signs permitted by reason of other regulations or as a lawful nonconforming use shall be maintained by their owner in good repair and lettering, illustrations or pictures contained on either side thereof shall be kept legible and intact while in use. Such signs shall be removed by their owner when no longer in use.

(6) Storage of commercial and industrial material. No equipment or materials relating to business, commercial or industrial uses shall be stored or used at a location visible

from the sidewalk, street or other public areas unless permitted under Chapter 345, Zoning, of this Code applicable to the premises.[24]

C. Nonresidential. The exterior of the premises and the condition of every structure and accessory structure, including fences, shall be maintained so that their appearance shall reflect a level of maintenance in keeping with the standards of the neighborhood or such higher standards as may be adopted as part of a plan of urban renewal by the city and such that the appearance of the premises and structures shall not constitute a blighting factor for adjoining property owners nor an element leading to the progressive deterioration and downgrading of the neighborhood with the accompanying diminution of property values.

D. Without limiting the generality of Subsection C, the methods of maintaining the appearance of the exterior of premises and structures shall include the prescribed actions on the following matters:

(1) Awnings and marquees. Any awning or marquee and its accompanying structural members which extend over any sidewalk, street or other portion of the premises shall be maintained in good repair so as not to constitute a nuisance or safety hazard. In the event that such awnings or marquees are not properly maintained in accordance with the foregoing, they and their supporting members shall be removed forthwith. Where such awnings or marquees are made of cloth, plastic or similar materials any and all parts of said materials exposed to public view shall be maintained in good condition free of discoloration, excessive weathering, holes or tears. Nothing herein shall be construed to authorize any encroachment on sidewalks, streets or other parts of the public domain.

(2) Landscaping. Premises shall be kept landscaped and bushes, hedges and lawns shall be kept trimmed and from becoming overgrown and unsightly so that the same may not depreciate adjoining property.

(3) Signs and billboards. All permanent signs and billboards exposed to public view and permitted by other regulations or as a lawful nonconforming use shall be maintained in good repair. Signs which have become faded or excessively weathered or those upon which the paint has become cracked or peeled shall, with their supporting members, be removed forthwith or put into a state of good repair. All nonoperative or broken electrical signs shall be repaired or shall, with their supporting members, be removed forthwith.

(4) Signs or advertising; removal.

(a) Except for "for rent" or "for sale" signs, any temporary sign or other paper advertising material attached to a window or windows or otherwise exposed to public view shall be removed at the expiration of the event or sale for which it is erected or within sixty (60) days after erection if this occurs sooner.

(b) Except during the course of alterations or repairs, no more than fifty percent (50%) of the square footage of any single window or window display area shall be devoted to signs or other temporary advertising material attached to said

---

24 **Editor's Note: See also Ch. 263, Retail and Commercial Premises, and Ch. 296, Streets and Sidewalks.**

window or windows or otherwise exposed to public view unless the establishment involved is located in a nonresidential zone and is lighted and ventilated adequately by artificial means. In the latter case, up to one hundred percent (100%) of any single window or window display area may be devoted to signs or other temporary advertising material.

(5) Storefronts.

Cross reference—See also Ch. 278, Security Gates.

(a) All storefronts shall be kept in good repair, painted where required and free of any condition constituting a nuisance or safety hazard.

(b) In the event that repairs to a storefront become necessary, such repairs shall be made with materials the same as or similar to those used in the construction of the storefront and in such a manner as to permanently repair the damaged area or areas.

(c) Any cornice visible above a storefront shall be kept painted, where required, and in good repair.

(6) Windows. All windows exposed to public view shall be kept clean and free of marks or foreign substances except when necessary in the course of changing displays. No storage of materials, stock or inventory shall be permitted in window display areas or other areas ordinarily exposed to public view unless said areas first are screened from the public view by drapes, blinds or some permanent method of rendering said windows opaque, but in no case shall such storage and screening be permitted in the event that such screening would violate the natural light and ventilation regulations applicable to the premises. All permitted screening of interiors shall be maintained in clean and attractive condition and in a state of good repair.

§ 254-45. General safety and sanitation. [4-25-2018 by Ord. No. 18-020]

A. Residential. Every dwelling and accessory structure and every part thereof, whether occupied or not shall be maintained in a structurally sound condition and in a state of good repair. All parts of a dwelling whether occupied or not also shall be kept in a clean and sanitary condition, free of nuisances, insects, rodents, vermin or other pests, and free from fire, health and safety hazards. **[Amended 9-24-2008 by Ord. No. 08-140]**

B. Without restricting the generality of Subsection **A,** the following requirements shall be met: **[Amended 9-24-2008 by Ord. No. 08-140; 10-27-2010 by Ord. No. 10-127; 11-24-2015 by Ord. No. 15-153]**

(1) Load-bearing capacity. Every part of a dwelling shall be maintained so as to be capable of sustaining safely its own weight and any additional weight that may be put on it through normal use.

(2) Painting and other protective coating. All exposed surfaces susceptible to decay, at all times shall be kept painted or covered by another protective coating sufficient to prevent deterioration.

Cross reference—See also Ch. 233, Paint Stripping.

(3) Weathertightness and watertightness. Every dwelling, whether occupied or not, shall be maintained so as to be weathertight and watertight.

(4) Foundation.

(a) A foundation wall of a dwelling shall be maintained so as to prevent the entrance of moisture, insects and rodents.

(b) Without restricting the generality of Subsection B(4)(a), the maintenance includes shoring of the wall where necessary, installing subsoil drains at the footing, grouting masonry cracks, waterproofing the wall and joists and using other suitable means.

(5) Exterior wall and its components.

(a) An exterior wall of a dwelling and its components shall be maintained so as to prevent its deterioration due to weather and insects and to preserve its appearance.

(b) Without restricting the generality of Subsection B(5)(a), the maintenance includes the painting, or whitewashing, repairing or restoring of the wall, coping or flashing; waterproofing of the joists; waterproofing of the wall itself; installing of termite shields in buildings erected after the adoption of this chapter, if required by Chapter 131, Uniform Construction Codes; repairing of termite shields, if any; extermination of termites in infested buildings; and treating of the soil with poison and using other suitable means.

(6) Exterior wall of accessory building. An exterior wall of an accessory building shall be maintained so as to prevent its deterioration and to preserve its appearance.

(7) Roof.

(a) A roof of a dwelling shall be maintained in a watertight condition so as to prevent leakage into the dwelling.

(b) Without restricting the generality of Subsection B(7)(a), the maintenance includes repairing of the roof and flashing, applying waterproof coatings, installing or repairing gutters and leaders and using other suitable means.

(c) Dangerous accumulations of snow or ice or both shall be removed from the roof of a dwelling or accessory building.

Cross reference—See also Ch. 296, Streets and Sidewalks, Art. I.

(8) Windows, exterior doors and hatchways.

(a) Every window, exterior door and hatchway shall be maintained so as to be weathertight, watertight and rodentproof and shall be kept in good repair.

(b) Without restricting the generality of Subsection B(8)(a), the maintenance includes painting and renewing rotted or damaged doors, door frames, window frames, sills, sashes and casing, refitting doors and windows, weatherstripping, replacing broken or worn window cords and defective door and window hardware, reglazing and using other suitable means.

(9) Exterior balconies, fire escapes, landings, porches, exterior bridges and stairs.

(a) Exterior balconies, fire escapes, landings, porches, exterior bridges and stairs shall be provided with banisters or railings properly designed and maintained to minimize the hazard of falling and also shall be maintained free of holes and cracks, clear of obstructions and in structurally sound condition.

(b) Without limiting the generality of Subsection B(9)(a), the banisters or railings shall be required on the open side of a stairway, fire escape, balcony, exterior bridges, porch, landing and stairwell. In addition, the banister or railing shall be coated with a durable fire-retardant and heat-resistant coating that shall meet Class A flamespread rating of the American Society for Testing and Materials and shall be overcoated with a semigloss, fire-inert, enamel coating capable of meeting the durability standard set by Federal (DOD) Specification No. TT-P-0026B.

(c) All fire escapes, exterior bridges and egress balconies shall be examined and/or tested, and certified for structural adequacy and safety every five (5) years, by a professional engineer, architect or other qualified professional acceptable to the Fire Prevention Bureau; said engineer or professional shall then submit an affidavit to the Fire Prevention Bureau attesting to the structural adequacy of the fire escape/exterior bridge/egress balcony. Once the affidavit is received and approved, a green tag provided by the Bureau of Fire Prevention bearing the signature of the Fire Prevention Officer and the year of inspection shall be affixed to the ladder of the fire escape or railing of the exterior bridge or egress balcony by the property owner.

(d) Any fire escape, exterior bridge or egress balcony found to be in a state of deterioration or determined to be unsafe by the Fire Prevention Bureau shall be repaired immediately. Depending upon the structural condition, a load test of any fire escape shall be conducted before the escape is returned to service in accordance with the N.J.A.C. 5:23, the Uniform Construction Code.

(e) The affidavit of structural adequacy required by Section 254-45(B)(9)(c) shall be submitted by the owner to the City's Fire Prevention Bureau no later than December 31, 2016 and then submitted every five (5) years thereafter.

(10) Chimneys, smoke pipes and flues.

(a) Every chimney, smoke pipe and flue on a dwelling shall be maintained so as to prevent gases from leaking into the dwelling.

(b) Without restricting the generality of Subsection B(10)(a), the maintenance includes clearing the flue of obstructions, sealing open joints, keeping the chimneys, smoke pipes, flues and any other vent attachments thereto in structurally sound and safe condition, repairing masonry and using other suitable means.

(11) Fireplaces.

(a) Every fireplace used or intended to be used in a dwelling for burning fuel in open fires shall be maintained so that adjacent combustible materials and structural members shall not be heated to unsafe temperatures.

(b) Without restricting the generality of Subsection B(ll)(a), the maintenance includes securing connection to a chimney that complies with the provisions of Subsection B(10) of this section and, if necessary, lining or repairing and relining the fireplace with fire-resistant material and installing, repairing or replacing the hearth.

(12) Light and air shafts.

(a) All light and air shafts shall be enclosed with guardrails to help protect those who use the roofs onto which these open from falling into such shafts.

(b) Guardrails for light and air shafts shall be of iron or steel of good quality, covered by at least one (1) coat of approved paint before leaving the shop and with at least one (1) additional coat of paint placed thereon immediately after installation of said guardrails.

(c) All such guardrails shall be constructed according to the following specifications:

[1] The four (4) corners forming the main supports shall be made of angle iron not less than two and one-half by two and one-half (2 1/2 x 2 1/2) inches by three-sixteenths (3/16) of an inch thick. Another such angle iron of the same dimensions shall be used to form the anchor around the base to bear on the roof through which the lag screws will be placed to penetrate into the trimmer and header beams forming the well opening. The corner posts are to be not less than three (3) feet in height. The top rail shall extend around all sides and shall be securely fastened to the upright angle irons forming the corner posts. All top rails shall be made of angle iron one and one-half by one and one-half (1 1/2 x 1 V2) inches by three-sixteenths (3/16) of an inch thick. All corners are to be mitered. The intermediate rail shall be of wrought iron or steel slat material not less than one and one-half (1 V2) inches by three-sixteenths (3/16) of an inch thick. All members are to be secured to each other by means of rivets or properly welded joints.

[2] The angle iron forming the base bearing upon the roof shall be secured to the roof by means of lag screws not less than five-eighths (5/8) of an inch in diameter and five (5) inches long, properly screwed into bored holes in the trimmer and header beams, said holes to be not more than seven-sixteenths (7/16) of an inch in diameter, and the center of such holes shall be in the center of the outside trimmer or header beam, for all openings such as these have double beams framing the opening.

(d) All such guardrails also shall be made to conform with such other requirements as may be necessary to secure the utmost protection to all concerned.

(13) Stairs, handrails and banisters.

(a) Interior stairs and stairways in every structure used for human habitation shall be maintained in structurally sound condition, capable of sustaining any weight that may be put on these through normal use and free of defects and obstructions.

(b) Without restricting the generality of Subsection B(13)(a), the maintenance includes repairing or replacing treads or risers that show excessive wear or are broken, warped or loose and supporting structural members that are rotted or deteriorated.

(c) Handrails or banisters shall be provided for all interior stairs, stairways and balconies, shall be securely attached, shall be of sufficient height and shall be so maintained as to guard against accidents.

(d) Without restricting the generality of Subsection B(13)(c), the maintenance includes repairing or replacing broken, loose or missing handrails or balusters.

(14) Basements and cellars. The ceilings, floors and walls of every basement and cellar are to be kept dry and free from dampness at all times regardless of exterior weather conditions, and all basements and cellars are to be kept ventilated at all times.

(15) Floors.

(a) Every floor in a dwelling shall be kept in a clean condition and shall be maintained so as to be free of broken, loose, protruding, rotted or warped boards

or broken or cracked tile that might cause an accident or what might serve as an entry point for rodents.

(b) Without restricting the generality of Subsection B(15)(a), the maintenance includes the repairing or replacing of floorboards or tiles; and, where the floorboards have been covered by the owner or the tenant, dependent upon the rental agreement, with linoleum or some other covering that has become torn or so worn that it retains dirt, the repairing or replacing of the linoleum or other covering by the owner or the tenant as provided in the rental agreement.

(16) Bathroom, kitchen and water closet compartment floors.

(a) Residential. Bathroom, kitchen and water closet compartment floors shall be surfaced with water-resistant material by the owner or the tenant, according to the rental agreement, and at all times shall be kept in a clean, dry and sanitary condition by the tenant; and shower room floors also shall be kept clean and sanitary by the tenant.

(b) Nonresidential. Bathroom, kitchen and water closet compartment floors shall be surfaced with water-resistant material and shall be kept in a clean, dry and sanitary condition at all times.

(17) Basement and cellar floors. In structures erected after 1951, floors of basements and cellars shall be paved with stone or concrete not less than four (4) inches thick, but in structures erected prior to 1951, brick or concrete floors not less than two (2) inches thick shall be acceptable. All basement and cellar floors shall be maintained at all times in a clean and smooth condition and free from breaks, cracks and other hazards.

(18) Supporting structural members. Supporting structural members are to be kept structurally sound, free of deterioration and capable of bearing imposed loads safely.

(19) Walls and ceilings.

(a) Every wall and ceiling in a dwelling shall be maintained in clean condition and free of breaks or holes and loose plaster or other material which might cause injury if it collapsed.

(b) The surface of every ceiling and wall shall be kept smooth, clean and free of flaking loose or peeling paint, plaster or paper. The finish of these surfaces shall be capable of being maintained in a sanitary condition free of visible foreign matter and of vermin. When it becomes necessary to accomplish the foregoing or any part thereof, such interior surfaces shall be spackled, painted, papered or otherwise provided with a protective coating appropriate for the surface material. This shall be done at least once every three (3) years unless it is clearly unnecessary. **[Amended 9-27-1989 by Ord. No. McC-23]**

(20) Interior painting.

(a) To protect occupants and the general public against the danger of lead poisoning, no lead paint may be used to cover interior ceilings, floors, trim, walls or other interior surfaces of any dwelling, dwelling unit or rooming unit.

(b) To reduce the danger of the spread of fire, effective January 1, 1970, every staircase and/or stairwell leading from the basement or cellar to the first floor and every common passageway, staircase and stairwell within every establishment subject to licensing and every tenement house three (3) or more stories in height shall be coated with a fire-retardant coating that meets the American Society for Testing and Materials standard for Class A flamespread rating.

(21) Freedom from infestation. All parts of the premises shall be maintained so as to prevent infestation.

(22) Freedom from accumulations and obstructions. Freedom from accumulations and obstructions and other putrefactive or combustible material shall be permitted in common or private areaways, balconies, hallways, porches or stairways or in common or private basements or cellars, except that garbage stored in proper containers may be set outside for removal, pursuant to Subsection B(26) of this section, the night before the time set for its collection by the garbage removal agency of the city.

(23) Garbage containers for exterior of building. Where there are one (1) or more occupants in any dwelling unit other than the one occupied by the owner, the owner shall supply for each dwelling unit a watertight container, with tight-fitting cover and made of metal or other approved material, at the exterior of the premises for the removal of garbage and rubbish.

(24) Responsibility for removal of garbage. The owner or manager shall have the duty and responsibility of removing garbage whenever a janitor is required for the premises in accordance with Subsection B(26) of this section.

(25) Accumulating rubbish and nonfireproof storage prohibited. Storage bins, rooms and areas shall not be used for accumulated garbage or rubbish; provided, however, that enclosed spaces or rooms in the interior of dwellings which are used exclusively as garbage collection points, are equipped with garbage containers complying with § 254-26B(2) and from which room or space the containers are removed by the janitor at least once daily shall not be prohibited. Inflammable or combustible liquids or other materials may not be stored on the premises unless these are of a type approved for storage by the regulations of the Department of Public Safety, and then only in such quantities and in such fireproof containers as may be prescribed by the regulations. **[Amended 9-11-2013 by Ord. No. 13-081]**

(26) Janitorial service. In every dwelling containing three (3) or more dwelling units or rooming units or combination thereof, in which the owner does not reside, said owner shall provide or designate a superintendent, janitor, caretaker or housekeeper who shall maintain the premises in compliance with this chapter at all times and keep the interior and exterior of the premises free from filth, garbage and rubbish. All garbage and waste materials in each dwelling unit shall be deposited daily by the occupants in the exterior garbage containers supplied by the owner or shall be placed in the incinerator or on the dumbwaiter if incinerator or dumbwaiter service is provided. Where garbage containers are supplied, the janitor shall place the same outside for collection according to the schedule of the garbage removal agency of the city.

(27) Address of superintendent. In the event that said superintendent, janitor, caretaker or house-

keeper shall not reside on the premises under his or her care, the owner or manager shall make said person's name, address and telephone number known to all tenants, and shall register the same with the Director of Housing Code Enforcement, and also shall make available and known to all tenants and the Director of Housing Code Enforcement the name, address and telephone number of an alternate individual who shall be responsible during the absence of said superintendent, janitor, caretaker or housekeeper.

(28) Residence on premises.

(a) In any premises containing six or more dwelling units, rooming units or combination thereof, the superintendent, janitor, caretaker or housekeeper shall reside on the premises.

(b) Where more than one building on adjoining premises or on premises in near proximity to each other are in common ownership or under common management or maintenance supervision, the requirements contained in Subsection B(28)(a) shall apply separately to each building unless the buildings contain forty-two (42) units or less and the owner can demonstrate to the satisfaction of the Director of Housing Code Enforcement that proper operation of the premises and provision of all essential services and facilities as required under city codes and ordinances can be provided by a resident superintendent, janitor, caretaker or housekeeper of one building who shall assume responsibility for the other building or buildings adjoining or in near proximity to his or her place of residence.

(29) Authority and competence of superintendent.

(a) Every building superintendent, janitor, caretaker or housekeeper shall have sufficient knowledge, competence and responsibility to perform his or her duties in accordance with the minimum standards set by this chapter for janitorial service.

(b) The owner or manager of each and every residential building shall provide its superintendent, janitor, caretaker or housekeeper with a list of contractors whom he or she shall contact if an emergency occurs at any time when the owner or manager cannot be reached by telephone, to arrange for immediate correction of the condition or conditions causing the emergency, so as to assure continual operation of all essential services and facilities required under this chapter.

(30) Owner responsibility for janitorial services. The failure of any superintendent, janitor, caretaker or housekeeper to comply with the provisions of this chapter, even in disobedience of instructions, shall not relieve the owner or manager from the duties and responsibilities imposed by this chapter.

(31) Extermination of pests. Every owner of a dwelling containing two or more dwelling units, whether occupied or unoccupied, shall be responsible for the extermination of insects, rodents, vermin or other pests on the premises. Whenever, infestation exists in two or more of the dwelling units in any dwelling, or in the shared or public parts of any dwelling containing, two or more dwelling units, extermination thereof shall be the responsibility of the owner. As appropriate, but especially where the presence of bedbugs has been established, the owner shall treat (1) the two units, on either side of the affected unit, (2) the units directly above and below the affected unit and

(3) the two units on either side of the units above and below the affected unit, for a total of nine units. A building owner is responsible to provide extermination service by a certified exterminator for bedbugs as many times as necessary to totally eliminate the reported bedbug problem. As used in this ordinance, the term "certified exterminator" means an exterminator who has had specialized training in bedbug eradication. Once the problem is eradicated, the building owner is not responsible to provide treatments if a new bedbug problem arises with the same tenant during the remainder of the current calendar year. The owner's responsibility to exterminate will be triggered upon receipt of a letter from the tenant stating the presence and description of the infestation and requesting extermination. A copy of the letter must be filed with the Division of Health and the Division of Housing Code Enforcement. The Health Officer may direct the owner to utilize the type of treatment he or she deems appropriate depending upon the type of infestation.

(32) Maintenance of public areas. Every owner of a dwelling containing two or more dwelling units, whether occupied or unoccupied, shall be responsible for maintaining in a clean and sanitary condition all communal, shared; public areas of the dwelling and premises, including the yard and accessory buildings thereof which are used or shared by the occupants of two or more dwelling units.

(33) Notification to tenant of maximum occupancy. No owner shall occupy or rent to any other person or persons for occupancy or allow any other person to occupy any dwelling or dwelling unit unless he or she has informed such persons in writing of the maximum number of individuals that may live in said dwelling or dwelling unit.

(34) Responsibility to supply equipment and facilities. It shall be the owner's responsibility to supply, unless stipulated otherwise in this Code or otherwise provided for under lease agreement, all of the equipment and facilities required by this chapter to each and every dwelling unit, whether occupied or unoccupied.

(35) Installation and maintenance of supplied facilities. Every supplied facility, piece of equipment or utility which is required under this chapter shall be so constructed or installed that it will function properly and shall be maintained by the owner free of defect and in working condition at all times.

(36) Repairs and maintenance of supplied facilities. The owner is responsible for all repairs and maintenance to supplied facilities and equipment required by this chapter, except where provided otherwise in the chapter, regardless of any agreement or lease entered into between owner and occupant.

(37) Ban or interruption of supplied services and facilities. No owner or manager shall cause any service, facility, equipment or utility which is required to be supplied under the provisions of this chapter to be removed from, or shut off from, or discontinued for any dwelling or dwelling unit, whether occupied or unoccupied, except for such temporary interruption as may be necessary while repairs, replacements or alterations are in the process of being made.

(38) Owners or managers shall maintain minimum heat in every dwelling unit and in all common areas in accordance with Ordinance 254-27A(7)(a).

(39) If an owner or manager is deemed to be the violation of this chapter and the violation persists beyond its compliance date, the owner or manager shall provide a report to the Construction Code Official stipulating the duration of time necessary to complete the required repairs and which shall include the status of any relocated tenants, as applicable.

C. Nonresidential. The exterior and interior of every structure or accessory structure (including fences, signs or storefronts) shall be maintained in clean and sanitary condition and in good repair and all surfaces thereof shall be kept painted or whitewashed where necessary for purposes of preservation and appearance.

D. Without restricting the generality of Subsection C, the following requirements shall be met: **[Amended 9-11-2013 by Ord. No. 13-081]**

(1) Responsibility for removal of garbage. The owner or manager shall have the duty and responsibility of removing garbage.

(2) Accumulating rubbish and nonfireproof storage prohibited. Storage bins, rooms and areas shall not be used for accumulated garbage or rubbish. Inflammable or combustible liquids or other materials may not be stored on the premises unless these are of a type approved for storage by the Department of Public Safety and then only in such fireproof storage containers as may be prescribed by the regulations.

(3) Maintenance of exterior surfaces. All exterior surfaces shall be maintained free of broken glass, loose shingles, crumbling stone or brick, excessive peeling paint or other condition reflective of deterioration or inadequate maintenance to the end that the property itself may be preserved, safety, health and fire hazards eliminated and adjoining properties and the neighborhood protected from blighting influences.

(4) Maintenance of interior surfaces. All interior surfaces shall be kept clean and free of cracks, holes, excessive peeling paint or other conditions reflective of deterioration or inadequate maintenances.

E. Vacant buildings shall be properly secured as required by § 254-21 hereof.*

F. Structural inspection requirement. In order to maintain a building's structural integrity, the following requirements shall apply to all existing buildings or buildings constructed hereafter, which are concrete buildings more than six stories in height: **[Added 8-18-2021 by Ord. No. 21-054]**

1. A visual structural inspection shall be conducted every ten years by a licensed architect or engineer. This inspection must include, but is not limited to, inspection of foundations, balconies, all structural members, and waterproofing. This inspection shall be in addition to any other building inspections required by law.

a. The initial inspections shall be completed by December 31, 2022. Thereafter, a structural inspection must be conducted every ten years.

b. The structural inspection shall include, in addition to an inspection, a complete review of the most recently prepared report.

***Editor's note**—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

c. The structural inspection shall be conducted in accordance with applicable rules promulgated by the Construction Code Official or the Construction Code Official's designee.

d. The property owner shall be responsible for the cost of such inspection, and for any necessary repairs or additional inspections.

2. Reporting requirements. Structural inspections must be December 31 of each year in which an inspection is mandated. Within 30 days of the inspection, property owners must submit a written structural inspection report, prepared by a licensed architect or engineer, to the Division of the Construction Code Official. The structural inspection report shall be on a form prescribed by the Division of the Construction Code Official and shall:

a. Certify the results of such inspection;

b. Clearly document the condition of the building's structure, noting the conditions as safe or unsafe; and

c. Provide repair and maintenance recommendations if applicable, including information on which repairs are emergent and a timeline for which all repairs must be made.

3. Repairs. If the inspection indicates structural repairs are needed, the property owner shall be responsible for such repairs and shall immediately undertake such measures as may be required to secure public safety. All repairs must be made pursuant to the recommendations and timeline set forth in the structural inspection report and in conjunction with the recommendations of the Construction Code Official.

a. Following completion of the repairs, the licensed architect or engineer shall inspect the building and the property owner shall file an amended structural inspection report, prepared by the licensed architect or engineer, setting forth the conditions of the building with the Division of the Construction Code Official within 30 days of repairs being completed.

b. If repairs are not made in accordance with the recommendations and timeline set forth in the structural inspection report and with the recommendations of the Construction Code Official, the Construction Code Official shall have the power to shut down any buildings that pose an imminent threat to the safety and welfare of the occupants or residents of Jersey City.

c. The structural inspection shall be conducted in accordance with applicable rules promulgated by the Director of the Construction Code Official or the Construction Code Official's designee.

4. Fees. The fee for the filing and review of the structural inspection report shall be as provided in Chapter 160, Fees and Charges.

5. Penalties. Any person or corporation convicted of violating any of the provisions of this Chapter shall be subject to the penalties set forth in § 1-25.

G. Façade inspection requirement. In order to maintain a building's façade in a safe condition, the following requirements shall apply to all existing buildings or buildings constructed hereafter, which:

(1) are more than six stories in height, or (2) consist of a masonry façade and are four stories or more in height: **[Added 8-18-2021 by Ord. No. 21-054; amended 11-25-2025 by Ord. No. 25-122, 11-25-2025]**

1. A façade inspection shall be conducted every ten years by a licensed architect or engineer. However, a new building shall be exempt from an initial examination until the eighth year following the erection or installation of any exterior wall or appurtenances as evidenced by the issuance date of a temporary or final certificate of occupancy. This inspection must include, but is not limited to, inspection of all exterior walls and appurtenances. This inspection shall be in addition to any other building inspections required by law.

    a. The initial inspection shall be completed by December 31, 2023. Thereafter, a façade inspection must be conducted every ten years.

    b. The façade inspection shall include, in addition to an inspection, a complete review of the most recently prepared report.

    c. The façade inspection shall be conducted in accordance with applicable rules promulgated by the Director of the Construction Code Official or the Construction Code Official's designee.

    d. The property owner shall be responsible for the cost of such inspection, and for any necessary repairs or additional inspections.

2. Reporting requirements. Façade inspections must be completed by December 31 of each year in which an inspection is mandated. Within 30 days of the inspection, property owners must submit a written façade inspection report, prepared by a licensed architect or engineer, to the Division of the Construction Code Official. The façade inspection report shall be on a form prescribed by the Division of the Construction Code Official and shall:

    a. Certify the results of such inspection;

    b. Clearly document the condition of the building's façade, noting the conditions as safe or unsafe; and

    c. Provide repair and maintenance recommendations if applicable, including information on which repairs are emergent and a timeline for which all repairs must be made.

3. Repairs. If the inspection indicates repairs are needed to the building's façade, the property owner be responsible for such repairs and shall immediately undertake such measures as may be required to secure public safety. All repairs must be made pursuant to the recommendations and timeline set forth in the façade inspection report and in conjunction with the recommendations of the Construction Code Official.

    a. Following completion of the repairs, the licensed architect or engineer shall inspect the building and the property owner shall file an amended façade inspection report, prepared by the licensed architect or engineer, setting forth the conditions of the building with the Division of the Construction Code Official within 30 days of repairs being completed.

b. If repairs are not made in accordance with the recommendations and timeline set forth in the façade inspection report and with the recommendations of the Construction Code Official, the Construction Code Official shall have the power to shut down any buildings that pose an imminent threat to the safety and welfare of the occupants or residents of Jersey City.

4. Fees. The fee for the filing and review of the façade inspection report shall be as provided in Chapter 160, Fees and Charges.

5. Penalties. Any person or corporation convicted of violating any of the provisions of this chapter shall be subject to the penalties set forth in § 1-25.

§ 254-46. Security measures for residential buildings.

A. Every building containing four (4) or more dwelling units shall be provided with:

(1) Self-locking doors at every entranceway providing access to each dwelling unit from all hallways or other common area.

(2) Self-locking and self-closing doors at every entranceway providing access to each building from the exterior thereof, except as hereinafter provided.

B. Except in wood frame detached buildings, every building containing four (4) or more dwelling units shall be provided with either:

(1) A self-closing and self-locking main entranceway door to the exterior thereof which shall be opened only by a key from the outside and by an electrical control system operable from each dwelling unit;

(2) A peephole in the front door of each dwelling unit; or

(3) A doorperson at the main entranceway door to the exterior thereof.

C. All locks, self-locking and self-closing doors and electrical control systems, such as buzzers, bells or intercom systems, shall be maintained in good and operable condition at all times.

D. Where a building remains vacant for thirty (30) days or more it shall be the duty of the owner to board up or otherwise properly secure all windows, doors and other openings to prevent unauthorized entry.

ARTICLE X

Property Used for Illegal Activities [Added 6-24-1992 by Ord. No. 92-075]

§ 254-47. Definitions. [Amended 9-11-2013 by Ord. No. 13-081]

As used in this Article, the following terms shall have the meanings set forth herein:

CHIEF OF POLICE - The Chief of the Division of Police or his or her designees in the enforcement of this Article.

COSTS - Those cost actually incurred by the city for the physical securing of the structure, as well as tenant relocation costs, if required to be paid to any person.

OWNER - Any person, agent, form, corporation, association or partnership, including a mortgagee in possession in whom is vested:

A. All or part of the legal title to the property;

B. All or part of the beneficial ownership and a right to present use and enjoyment of the premises; or

C. An occupant of the property.

PERSON - Any natural person, association, partnership or corporation capable of owning or using property in the State of New Jersey.

SPECIFIED CRIME PROPERTY - Any structure or place where activity involving the unlawful possession, use, sale, delivery or manufacture of a controlled substance, as defined in N.J.S.A. 24:21-35 or 2C:31-2, as amended from time to time, has occurred or is occurring.

STRUCTURE - Any kind of structure, edifice or building, or unit(s) thereof, regardless of its commercial, residential or institutional use, including apartment units, rental units or garages of common areas, exterior or interior.

§ 254-48. Use as specified crime property prohibited.

A. Use of property. It is unlawful for structures to be employed or used as specified crime property within the City of Jersey City. If, pursuant to the procedures contained in this Article, property is found to be used or employed as such, it is subject to closure for a period of up to one (1) year.

B. Personal responsibility. It is unlawful for any person to employ, use, maintain or allow the employment, use or maintenance of specified crime property under their ownership and/or control by renting

it or otherwise allowing or suffering others to so use it. A person who is found in violation of this subsection shall be subject to civil penalties of up to five hundred dollars ($500.) per day for each day the property has been used as specified crime property, as set forth herein.

§ 254-49. Violations and penalties; waiver.

Unless vacation of a premises is waived or set aside by the Superior Court, it shall be unlawful for any person to use or occupy any structure determined to be specified crime property after the period prescribed in a notice, after service of notice has been made pursuant to §§ 254-50 and 254-51.

A. The provisions of this Article may be waived by the city in the event that the Director of Public Works determines that exigent circumstances are such that the use or occupancy of the structure prior to a plenary judicial review is mandated and not contrary to the public safety. **[Amended 9-11-2013 by Ord. No. 13-081]**

B. Any occupant who fails to cease the use or occupancy of a structure, as required by this Article, shall be subject to the fines and penalties, civil or otherwise, provided for violation of this Article pursuant to a court order, after notice and an opportunity to be heard by the court having jurisdiction of an action brought pursuant to this Article.

§ 254-50. Determination and notice of violation.

When the Chief of Police has determined that a structure has been or is being used or maintained in violation of § 254-48, he or she shall request the Corporation Counsel to commence proceedings to cause the closure of the structure unit or area, as well as the imposition of civil penalties against any or all of its owner.

§ 254-51. Contents of notice.

The Chief of Police shall notify the owner of record, in writing, that the structure has been determined to be specified crime property.

A. The notice shall contain the following information:

(1) The street address and a legal description sufficient for identification of the premises on which the structure is located.

(2) A statement that the Chief of Police has found the structure to be in violation of this Article, with a concise description of the conditions leading to his or her findings.

B. A copy of the notice shall be served on the owner, resident, manager and/or agent at least ten (10) days prior to the commencement of any judicial action by the city. Service shall be made either personally or by mailing a copy of the notice by registered or certified mail, postage prepaid, return receipt requested, to each person at their address, as registered with the city clerk, or in the case of properties not subject to such registration, to the address of the owner of record as it appears on the last equalized assessment of the tax roll, as well as on the last instrument of conveyance as recorded in the County Clerk's office, and as may be otherwise known to the Chief

of Police. If no address appears or is known to the Chief of Police, then a copy shall be mailed first class, postage prepaid, addressed to such person at the address of the structure believed to be specified crime property.

C. A copy of the notice shall also be served on the occupants of the structure. Service of this notice shall occur not less than five (5) days prior to the commencement of any judicial proceedings and shall be made either personally or by mailing a copy of the notice by first class mail, postage prepaid, to them at the structure.

D. Furthermore, a copy of the notice shall be posted at the property if ten (10) days has elapsed from the service or mailing of the notice to the owner(s) without return proof of receipt.

§ 254-52. Failure to receive notice.

The failure of any person or owner to receive actual notice of the determination by the Chief of Police shall not invalidate or otherwise affect the proceedings under this Article unless, and to the extent it shall be determined, that deprivation of notice substantially interfered with the owner's ability to abate any nuisance within the time period prescribed.

§ 254-53. Commencement of action. [Amended 9-11-2013 by Ord. No. 13-081]

A. Civil proceeding. Concurrent with the notification procedures set forth above, the Chief of Police shall send a copy of the notice to the Director of Public Safety together with any other documentation which he or she believes supports the closure of the structure and the imposition of civil penalties. The Director of Public Safety shall then request the Corporation Counsel to commence civil proceedings in a court of competent jurisdiction seeking the closure of the structure as well as the imposition of civil penalties against any and all of the owners thereof, and any such other relief as may be deemed appropriate.

B. Exception: agreement to abate conditions. Nothing contained in Subsection A shall be construed to limit the ability of the Director of Public Safety, prior to the institution of judicial proceedings, to enter into agreements with an owner willing to voluntarily abate the condition(s) giving rise to the violation.

§ 254-54. Stay of proceedings.

Except in a proceeding under § 254-57, if, after commencement but prior to the trial of an action brought by the city pursuant to this Article, an owner specifically commits, in an enforceable manner, to pursue a course of action which is calculated to abate the conditions giving rise to the violation(s), the city shall agree to stay proceedings for a period of not less than ten (10) nor more than sixty (60) days. The owner or the Corporation Counsel may thereafter petition the court for such additional periods of time as may be necessary to complete the action(s) contemplated by the stipulation. However, in the event that the Corporation Counsel reasonably believes the owner is not diligently pursuing the action(s) contemplated by the stipulation, he or she shall then apply to the court for a release from the stay seeking relief, as is deemed appropriate.

§ 254-55. Burden of proof.

In all actions seeking the closure of a structure as a specified crime property, the Corporation Counsel shall first determine that sufficient evidence exists to meet the burden of proof that the structure is a specified crime property. In all actions seeking civil penalties from an owner, the Corporation Counsel shall first determine that sufficient evidence exists to meet the burden of proof to show that the owner had actual or constructive knowledge of activities or conditions at the structure constituting a violation of this Article, on the basis of the notice provided hereunder or otherwise, and of the fact that the owner did not, thereupon, act to abate the activity or the conditions or circumstances giving rise to the activity, including but not limited to the commencement of eviction proceedings in the case of an offense by a tenant.

§ 254-56. Defense.

It is a defense to an action seeking the closure of a structure or penalties that the owner of the subject property acted reasonably and diligently but could not, by the exercise of reasonable care or diligence, determine that the structure had been or was being used or maintained as a specified crime property and that, upon receipt of notice of such activity pursuant to this Article, all reasonable measures were taken to abate such activity, including but not limited to the institution of summary eviction proceedings or other forms of action calculated to prevent such activity from recurring on the property.

§ 254-57. Closure during pendency of action.

In the event that it is determined that the structure is an immediate threat to the public health, safety and welfare, the Corporation Counsel shall apply to the court for such interim relief that is deemed to be appropriate. In such an event, the notification procedures set forth at § 254-50 and the limitation of § 254-54 need not be complied with.

§ 254-58. Enforcement of closure order; costs; penalty.

A. In the event that a structure constitutes a specified crime property, as defined in this Article, the Corporation Counsel shall pursue, on notice to all tenants affected and all lien holders of record, in addition to all other remedies, an order of the Superior Court that it, or any unit or area of it, be closed for any period of up to one (1) year and that the owner(s) pay to the city a civil penalty of up to five hundred dollars ($500.) for each day the owner had knowledge of activities or conditions at the structure constituting a violation of this Article and failed to undertake or maintain efforts of abatement. In the event that the enforcement of this Article requires an owner to institute tenancy eviction of partition proceedings, it shall be the duty of all appropriate officials of the City of Jersey City to provide testimony or evidence in such cause.

B. In establishing the amount of any civil penalty to pursue, the Corporation Counsel shall consider the following factors, if appropriate, and shall cite those found applicable.

   (1) The actions taken by the owner(s) to mitigate or correct the problem at the structure.

   (2) The financial condition of the owner(s).

   (3) Whether the problem at the structure was repeated or continuous.

   (4) The magnitude or gravity of the problem.

   (5) The economic or financial benefit accruing or likely to accrue to the owner(s) as a result of the conditions at the structure.

   (6) The cooperativeness of the owner(s) with the city.

   (7) The cost to the city of investigating and correcting or attempting to correct the condition.

   (8) Any other factor deemed by the Corporation Counsel to be relevant and worthy of consideration by the court.

C. The Corporation Counsel may seek orders authorizing the city or ordering the owner to physically secure the structure against use or occupancy in the event that the owner(s) fail to comply with other remedies agreed to or ordered by the court within the time specified. In the event that the city is authorized to secure the property, all costs reasonably incurred by the city to effect a closure shall be made an assessment lien upon the property.

D. The city bureau(s) effecting the closure shall be responsible for maintaining records and providing statements of costs for submission by the Corporation Counsel to the court.

§ 254-59. Relief from closure order.

A. The Corporation Counsel may enter into consent orders, with the approval of the court, with an owner of a structure determined to be specified crime property to provide relief from the court's judgment if the owner:

(1) Appears and pays all costs associated with the proceedings under this Article.

(2) Files a bond in such a place and form as the court may by order direct, in an amount not less than the tax assessed value of the structure and keeps such bond in force for a period of not less than one (1) year, or for such period as the court directs.

(3) Enters into a stipulation with the city that the owner shall immediately abate the conditions giving rise to the determination that the property is a specified crime property and prevent the same from being established or maintained thereafter. The stipulation will then made part of the court's record.

B. In the event that the owner violates the terms of the stipulation, the city may thereafter apply to the court for an order awarding up to the entire amount of the aforementioned bond to the city as a penalty, as well as such other relief, including closure for any additional period of up to one (1) year, that is deemed by the court to be appropriate.

ARTICLE XI
Maintenance Responsibilities of Occupants

§ 254-60. General responsibilities.

A. Every occupant of a dwelling or dwelling unit shall keep in a clean and sanitary condition that part of the dwelling, dwelling unit and premises, including the yard and accessory buildings thereof, which he or she occupies and controls.

B. No occupant shall create fire or safety hazards by storing goods or property or by dumping garbage or refuse on the means of egress or in the public areas of the building he or she occupies.

§ 254-61. Rubbish disposal.

Every occupant of a dwelling or dwelling unit shall dispose of all his or her rubbish in a clean and sanitary manner by placing it in the rubbish containers required by § 254-30 of Article VI.

§ 254-62. Garbage removal.

A. Every occupant of a dwelling unit in a dwelling containing no more than two (2) dwelling units shall be responsible, unless provided for otherwise under a lease agreement, for the periodic removal of all garbage and rubbish from the premises in accordance with the regulations of the city for the collection of garbage and rubbish.*

* **Editor's Note: See Ch. 287, Solid Waste.**

B. In every dwelling containing three (3) or more dwelling units, all garbage and waste materials in each of said dwelling units shall be deposited daily by the occupants in the exterior garbage containers supplied by the owner or shall be placed by them in the incinerator or on the dumbwaiter if incinerator or dumbwaiter service is provided.

§ 254-63. Extermination.

A. Every occupant of a dwelling containing a single dwelling unit shall be responsible for the extermination of any insects, rodents or other pests therein or on the premises; and every occupant of a dwelling unit in a dwelling containing more than one dwelling unit shall be responsible for such extermination whenever his or her dwelling unit is the only one infested.

B. Notwithstanding the foregoing provision of this Article, whenever infestation is caused by failure of the owner to maintain a dwelling in a ratproof or reasonably insectproof condition, extermination shall be the responsibility of the owner.

C. All costs of extermination shall be the sole and exclusive obligation of the owner. Such costs may not be charged to any tenant or occupant. However, the owner will not be responsible to undertake the treatment and re-treatment more than one time per year. If repeated treatments are necessary or the extermination is due to the tenant's failure to properly maintain the dwelling, notwithstanding the initial treatment and re-treatment, the costs can be charged to the tenant. **[Added 9-24-2008 by Ord. No. 08-140]**

§ 254-64. Screens.

Every occupant of a dwelling or dwelling unit containing two (2) dwelling units or less shall be responsible for hanging all screens and double or storm doors and windows whenever the same are required under the provisions of this chapter or of any rule or regulation adopted pursuant thereto, except where the owner has agreed to supply such service.

§ 254-65. Kitchen facilities and plumbing fixtures.

Every occupant of a dwelling unit shall keep all food storage receptacles, cooking facilities and plumbing fixtures therein in a clean and sanitary condition and shall be responsible for the exercise of reasonable care in the proper use and operation thereof.

§ 254-66. Heating facilities.

Every occupant of a dwelling unit shall be responsible for the exercise of reasonable care, proper care and proper operation of supplied heating facilities.

§ 254-67. Care in use of premises and facilities.

Every occupant of a dwelling unit which is let or rented from another shall be responsible for the exercise of reasonable care and the proper use of the dwelling unit, and its component parts, and supplied facilities, equipment, fixtures and furnishings.

§ 254-68. Overoccupancy unlawful.

No occupant shall occupy or permit the occupancy of any dwelling or dwelling unit in violation of the occupancy standards established in this chapter.

§ 254-69. Owner's right of entry.

Every occupant of a dwelling or dwelling unit shall give the owner thereof, or his or her agent or employee, access to any part of such dwelling or dwelling unit or its premises at all reasonable times for the purpose of making such repairs or alterations as are necessary to effect compliance with the provisions of this chapter or with any lawful rule or regulation adopted or any lawful order issued pursuant to the provisions of this chapter.

§ 254-70. Maintenance of plumbing.

Every occupant or operator shall maintain all plumbing fixtures used by him or her in a clean and sanitary condition, and he or she shall not deposit any material in any fixture or sewer system which would result in stoppage of or damage to the fixture or sewer system.

§ 254-71. Providing notice of defect to owner.

Where the owner or manager would not otherwise know of a defect in any facility, utility or equipment required to be furnished hereunder and the same is defective or inoperable, each occupant or manager affected thereby shall, upon learning of said defect, provide notice to the owner, manager or other person in charge of the premises. However, nothing herein shall be construed to provide a defense to any owner or manager violating this chapter.

§ 254-72. No occupancy without required facilities.

No person shall occupy or continue to occupy a dwelling unit or rooming unit that does not have provision for bathroom facilities as required under § 254-26A(1) of Article VI and § 254-100A of Article XVI.

§ 254-73. Violations by minors.

Any adult member of the family or any adult foster parent shall be responsible and liable for any violation of this Article caused by minors under their care or custody and occupying the same dwelling unit if the violations were created or permitted to continue with the knowledge or acquiescence or consent of said adult member or adult foster parent.

ARTICLE XII
Illegal Transportation of Landfill; Dumping

§ 254-74. Unlawful acts.

It shall be unlawful for any person to transport landfill without a permit or to dump or otherwise deposit garbage, rubbish or other refuse on any vacant or occupied land within the city; or to permit the growth of ragweed or other noxious weeds or to permit the accumulation of stagnant water or the breeding of mosquitoes or the harboring of rodents.

§ 254-75. Dumping. [Amended 6-14-1995 by Ord. No. 95-050]

Without restricting the generality of § 254-74 of this article, no person shall dump or otherwise deposit bottles, broken glass, carpets, crockery, cut grass, leaves, tree branches, lumber, bedding or furniture, iceboxes or refrigerators, leather, metal, old clothes, old shoes, rubber or tires on any vacant or occupied land within the city.

ARTICLE XIII
Certificate of Necessity

§ 254-76. Applicability.

Where any owner, manager or occupant is required to make repairs or otherwise improve his or her property and is unable to comply with this chapter without having right of access to the building or premises through or across adjoining premises not owned by him or her or under his or her control, and where right of access has been refused the owner, manager or occupant, or where the owner or person responsible for granting permission cannot be found or located, then, upon filing of affidavit setting forth the facts with the Director, the Director shall serve a five-day written notice of a hearing in accordance with the provisions for service contained in § 254-17 of Article III upon the owner, manager or occupant of any adjoining premises affected by the application.

§ 254-77. Hearing.

On the day fixed for hearing the Director shall provide an opportunity for the owner, manager or occupant of the adjoining property or properties to state why access should not be granted to or across the adjoining properties.

§ 254-78. Issuance of certificate; conditions; bond.

If the Director determines that access is necessary to accomplish or complete repairs or improvements necessary for compliance with this chapter, then the Director shall issue a certificate of necessity setting

forth therein the person or persons to whom the certificate shall apply, such conditions as shall be necessary to protect the adjoining property, reasonable time limits during which such certificate shall operate, precautions to be taken to avoid damage and, where the Director deems proper, that a bond be procured against damage to persons or property arising out of such rights of access. The bond shall not exceed in amount $10,000, and the amount set shall take into consideration the extent, nature and duration of the repairs, the proximity of the improvement on the premises affected and potential risk of damage thereto. The bond shall be filed with the Director.

§ 254-79. Procedure where access refused.

Any refusal to comply with this article or any interference with access to premises pursuant to a certificate issued hereunder shall be a violation of this chapter, and in addition to penalties provided hereunder, the Director may, upon affidavit, apply to the Judge for a warrant under the procedure set forth in § 254-14B of Article III authorizing access to the premises under appropriate conditions and circumstances as provided under § 254-78 of this article.*

ARTICLE XIV
Registration and Notification

§ 254-80. Changes in ownership.

A. Any change in address of the persons cited in N.J.S.A. 40:48-2.12C shall be reported to the Division of Construction Code Official within 30 days after such change. **[Amended 6-14-1995 by Ord. No. 95-050; 8-13-1997 by Ord. No. 97-052]**

B. Upon any change in the ownership or control of any dwelling containing three or more dwelling units which is let or rented to others for the purpose of living therein, the new owner or manager shall register such transfer by making application for a new Limitation of Occupancy Notification within 30 days of the time of acquisition.

Editor's note—Original Sec. 13-73, entitled "Reporting increases in dwelling units or occupancy," which immediately followed this section, was deleted 6-14-1995 by Ord. No. 95-050.

Cross reference—See also Ch. 257, Property Transfers.

§ 254-81. Application form for notification.

A. Where to apply. The application for a Limitation of Occupancy Notification shall be made by the owner or manager to the Chief on forms provided by the Division of Construction Code Official. **[Amended 8-13-1997 by Ord. No. 97-052]**

B. The application shall contain:

(1) The name and address of the manager and the name and address of the owner if the manager is not the owner.

(2) The location of the dwelling or dwelling units, including the street and number of each entrance.

*__Editor's note__—Original Sec. 13-70, entitled "Obligation to register," and Sec. 13-71, entitled "Contents of Limitation of Occupancy Notification," which immediately followed this section, were deleted 6-14-1995 by Ord. No. 95-050.

(3) The number of dwelling units available for rent in accordance with the provisions of this chapter and with the rules and regulations issued thereunder and in accordance with any other applicable provisions of the Jersey City Code or regulations thereof.

(4) If the owner or manager is a corporation, the name and address of such corporation and the name and address of its president, secretary and registered agent shall be given.

(5) If the owner or manager does not actually reside within the city or is not customarily present at an office in the city for the purpose of transacting business, then such owner or manager shall register the name and address of a person, or persons, who resides within or is customarily present at an office in the city who will be responsible for the maintenance and operation of the dwelling or dwelling units in accordance with the provisions of this chapter and who will be authorized to receive notices and process on behalf of the owner or manager in connection with the enforcement of this chapter. In the event that the owner or manager is a corporation, or in the event that a corporate managing agent is designated by an owner or manager, the corporation shall designate an officer or agent as the person so responsible. Said officer or agent designated as a managing agent shall meet the requirements of this subsection as to location and residence.

(6) Any person who signs the application herein provided for shall certify that all statements therein contained are, to the best of his or her knowledge and belief, true and correct.

(7) Such other information as the Chief may require.

§ 254-81.1. Registration of properties for compliance with the Lead Hazard Control Assistance Act. [Added 1-01-2024 by Ord. No. 23-018]

A. On or before June 30, 2023, every property subject to inspection under the Lead Hazard Control Assistance Act shall register with the Division of Housing Preservation upon forms prescribed and furnished by the Division of Housing Preservation or upon creation of a web-based registration portal, such registration shall be online through the portal.

The registration shall provide:

1. The name and address of the owner, the name and address of the lessor, if the lessor is not the owner and the address of the agent in charge of the premises residing in the municipality;

2. The location of the dwelling or dwelling units, including the street and number of each entrance;

3. The name of each tenant for the purpose of compliance with the Lead-Hazard Control Assistance Act (P. L. 2021, C. 182); and

4. Such other information as the Division of Housing Preservation may require.

B. The registration shall be revised within 20 days of tenant turnover.

C. Any person who signs the registration provided shall certify that all statements therein are, to the best of his or her knowledge and belief, true and correct.

D. As used in this section "tenant turnover" means the time at which all existing occupants vacate a dwelling unit and new occupants move into the dwelling unit.

E.1.The Act defines properties subject to inspection as "[1]every single-family, two-family, and multiple rental dwelling located within the municipality at tenant turnover for lead-based paint hazards or within two years of the effective date of P.L. 2021, c. 182 (C. 52:27D-437.16 et al.), whichever is earlier. Thereafter, all such units shall be inspected for lead-based paint hazards the earlier of every three years or upon tenant turnover, except that an inspection upon tenant turnover shall not be required if the owner has a valid lead-safe certification pursuant to this section.

2. A unit is exempt from inspection under the Act if:

(a) Has been certified to be free of lead-based paint;

(b) Was constructed during or after 1978;

(c) Is in a multiple dwelling that has been registered with the Department of Community Affairs as a multiple dwelling for at least ten years, either under the current or a previous owner, and has no outstanding lead violations from the most recent cyclical inspection performed on the multiple dwelling under the "Hotel and Multiple Dwelling Law," P.L. 1967, c. 76 (C. 55:13A-1 et seq.);

(d) Is a single-family or two-family seasonal rental dwelling which is rented for less than six months duration each year by tenants that do not have consecutive lease renewals; or

(e) Has a valid lead-safe certification issued in accordance with N.J.S.A. § 52:27D-437.16(c).

ARTICLE XV
Licensing*

§ 254-82. License required. [Amended 4-14-1983 by Ord. No. MC-340]

A. No person, firm or corporation shall manage, conduct or operate the business of keeping a furnished apartment, hotel or motel, referred to hereunder as "establishments," subject to licensing, without first securing a license therefor within the time and manner provided, nor shall any owner permit on premises owned by him or her the operation of such an establishment without a license.

B. No building or parts of a building shall be used as a furnished apartment, hotel or motel prior to the person, firm or corporation desiring such use making an application and receiving a license to be issued by the Director in accordance with the provisions of §§ 254-83 through 254-87 of this article.

C. A license shall be issued only for buildings meeting the requirements of this chapter and to the person desiring actually to use the building as a hotel, furnished apartment, motel (or dormitory), and said license shall terminate at any time after its issuance in the event that the use of the building for such purpose shall cease, or the building shall be officially declared not to be in compliance with this chapter or other applicable ordinances or rules and regulations thereto.

***State law reference**—See also N.J.S.A. 55:13B-1 et seq.

§ 254-83. License application. [Amended 4-14-1983 by Ord. No. MC-340]

A. The application for a license, as required herein, shall be submitted in triplicate to the Director on forms supplied by the Division of Construction Code Official. The application shall include: **[Amended 8-13-1997 by Ord. No. 97-052]**

(1) The name and address of the manager and the name and address of the owner if the manager is not the owner.

(2) The location of the establishment subject to licensing, including the street and number of each entrance.

(3) The number of units occupied or available for occupancy and the number of persons who may be accommodated in accordance with the occupancy provisions of this chapter and with the provisions of other applicable municipal ordinances and regulations thereof.

(4) Such other information as the Director may require.

B. All applications shall be accompanied by the required fees.

C. Where the applicant seeks a license for an establishment based on a claim that the same constitutes a lawful nonconforming use, the applicant shall state in the application the names and addresses of the owner and manager of the premises on the date when the use, by reason of the zone change or variance, first became nonconforming, and the number of rooms as of that date.

D. The application shall be signed by the owner as well as the manager and shall contain a certification of the truth of the information contained therein by both the owner and manager.

E. Any false information shall constitute a violation of this chapter and, in addition, grounds for revocation of any license approved pursuant thereto.

F. Any false information rendered knowingly and intentionally may, upon complaint of the Director, subject the party rendering it to criminal prosecution.

§ 254-84. Term of license; renewal. [Amended 4-14-1983 by Ord. No. MC-340]

Except as otherwise provided herein, the term of the license shall be for one year, from March 1 to the last day of February of the next succeeding year, and is renewable annually.

§ 254-85. License fees. [Amended 4-14-1983 by Ord. No. MC-340]

A. The license fee shall be due and payable on or before March 1 of each year. The license fee for any part of a year shall be the same as the license fee for the entire year.

B. The license fees shall be as provided in Chapter 160, Fees and Charges. **[Amended 5-24-1995 by Ord. No. 95-045]**

C. A license shall issue to a hotel upon payment of the fee provided in N.J.S.A. 55:13A-1 et seq.

D. When a request for a special inspection is made, a fee, the same as the registration fee, shall be charged to the person making the request.

§ 254-86. Procedure upon filing of application. [Amended 9-11-2013 by Ord. No. 13-081]

A. Before any license is issued for any building for any purposes aforesaid, the Director of Public Safety shall receive a statement of the inspection required herein, certifying that the building complies in all respects with the provisions of this chapter.

B. Upon filing the application, the Director shall immediately transmit the original to the City Clerk and one copy to the Director of Public Safety.

(1) The original shall be kept on file at all times in the office of the license issuing authority.

(2) The Director of Public Safety shall have inspections made of all establishments subject to licensing between January 1 and March 1 of each year and then shall take all following actions required to make sure all of these establishments are free from fire hazards and comply with applicable ordinances, rules and regulations for fire prevention and control. Within two weeks after the applications are filed, the Director of Public Safety shall indicate officially on each of his or her copies whether or not these buildings and premises for which licenses are sought have been found in compliance with this chapter and all applicable ordinances and rules and regulations and shall return the copies to the Director.

C. Inspection of the premises for compliance with this chapter and all related chapters administered by the Division of Construction Code Official shall be conducted in accordance with the regulations of the Director. **[Amended 8-13-1997 by Ord. No. 97-052]**

D. Upon completion of inspections, if the Director shall determine that the premises are in compliance, then the license shall be issued forthwith; provided, however, that if action of the Board of Adjustment is required under the Zoning Ordinance, no license shall be issued except in accordance with Chapter 345, Zoning, of this Code.

§ 254-87. Refusal of license or renewal; revocation or suspension. [Amended 3-24-1988 by Ord. No. C-708]

A. Notwithstanding the provisions of § 254-86 of this article, the Director may refuse to certify said application for a license where the manager or any person or persons who shall be in active management of the premises shall be found to be unfit to perform the duties thereof by reason of a record of convictions of a crime or offense involving moral turpitude, gambling or prostitution, alcoholism, illegal possession or use of drugs or narcotics, be a known carrier of a communicable disease or otherwise found to be physically or mentally unfit or unsuited by similar or equivalent circumstances for active management of the premises.

B. The Director may suspend or revoke a license or refuse said application for a license or renewal thereof where the conduct of the tenants is such as to constitute a general nuisance to the area where the premises are located or where the owner or operator:

(1) By conduct either unlawful in itself or unreasonable under all the circumstances creates or maintains a condition which endangers the safety or health of the neighborhood or disturbs the peace and tranquillity of the neighborhood.

(2) Conducts or maintains a premises where persons gather for purposes of engaging in unlawful conduct.

(3) Conducts or maintains any premises as a house of prostitution.

C. No owner, manager or operator of a hotel or motel shall let any room or rooms more than once between the hours of 6:00 p.m. and 6:00 a.m. the next day except to bona fide travelers with baggage.

§ 254-88. Applicant's right to hearing.

A. If the Director shall determine that the applicant has failed to meet the requirements of this chapter, the requirements of the Department of Public Safety or of any other ordinance of the city or laws of the State of New Jersey or that the applicant is unqualified pursuant to § 254-87 of this article or upon any suspension, revocation or failure to renew a license, the Director shall send a written notice to the applicant setting forth his or her reasons therefor. **[Amended 9-11-2013 by Ord. No. 13-081]**

B. The applicant may thereupon correct any violation and apply for reinspection upon the payment of a reinspection fee as provided in Chapter 160, Fees and Charges, or submit a written report for a hearing to the Director in which request the applicant shall state the facts on which he or she will base his or her contention that the Director's determination was in error. **[Amended 6-14-1995 by Ord. No. 95-050]**

C. The Director shall, within 30 days from the receipt thereof, provide upon a minimum of five days' notice to the applicant a hearing and render a decision thereon within 10 days thereafter. The Director may in such decision affirm or reverse a previous determination or modify his or her determination and agree to approve said application or terminate the suspension or revocation upon compliance with specified conditions.

§ 254-89. Operation without a license prohibited.

On or after January 1,1969, no person shall as a manager conduct or operate, or cause to be conducted or operated, or as an owner who is not also a manager knowingly allow others to conduct or operate without a license on premises owned by him any establishment subject to licensing.

§ 254-90. Violations and penalties.

A. Upon determining that the premises are in violation of this chapter, other applicable chapters or any other applicable ordinances of the city or the laws of the State of New Jersey, at any time after a license is issued, the Director shall require correction of said violation within ten (10) days' by notice in writing to the owner and manager.

B. Upon failure to correct the violation within the time prescribed, the owner and operator shall be liable for the penalties for violations of applicable provisions of the Jersey City Code or ordinances which are prescribed in the general provisions of the Jersey City Code. In addition thereto, the Director may suspend temporarily or conditionally refuse to renew the license issued for the premises for failure to correct the violation as aforesaid; provided, however, that if the owner or manager requests a hearing, no such suspension shall be effective until after a hearing and determination pursuant to § 254-88, which determination shall state reasonable terms and conditions upon which the suspension shall terminate or renewal shall be granted.

C. Where there has been a violation or conviction within one (1) year from the date of service of notice of violation and the violation shall be repeated or remain unabated resulting in a second notice of violation or conviction thereon in the Municipal Court, the Director may thereafter permanently revoke the license or refuse renewal thereof without conditions or terms.

§ 254-91. Changes in application.

Any license issued hereunder shall cover only the number of occupants and that part of the premises described in the application therefor. Any increase in rooming units or in the number of roomers to be accommodated or of the part of the premises utilized as a lodging house or other structural changes affecting the data contained in the application or change in the person or persons actually in charge of operating or maintaining the premises shall require the submission and filing of an amended application containing the additional information as required by the Director.

§ 254-92. Licenses nontransferable.

The license issued hereunder shall be nontransferable and no person other than the licensee shall operate or be permitted by the owner to operate the licensed premises. Where there is to be a change of ownership or operation, application shall be made for a new license.

§ 254-93. License fees nonrefundable.

The applicant shall not be entitled to any refunds of any fees paid hereunder by reason of the rejection of any application, the suspension or revocation of any license or transfer of ownership or operation of premises prior to the termination of the license period.

§ 254-94. Posting of license.

The licensee shall display the license in a vestibule, front hallway or other prominent and public place at or near the front entrance of the building during the entire period for which the license was issued.

§ 254-95. Effect of licensing on other provisions.

The issuance of a license shall constitute a certification that the premises as of the date of issuance comply with this chapter, but shall not be construed to constitute a certification that the premises comply with any other such applicable provisions of the Jersey City Code or ordinances or any state law nor shall it relieve any other official or public agency from enforcing any such applicable chapter, provisions or laws.

ARTICLE XVI

Apartments, Hotels, Motels and Dormitories

§ 254-96. Register book required.

A. All such establishments subject to licensing shall keep a register in which there shall be set forth the name and last permanent address and signature of each occupant, the number of the room to be occupied by each occupant and the name and address of any person or persons to be notified in case of emergency.

B. Registration under a false name is prohibited.

C. Said register shall be available at all times to the authorized representative of the Director and the Director of Public Safety. **[Amended 9-11-2013 by Ord. No. 13-081]**

§ 254-97. Right of Director or Health Officer to ascertain physical or mental limitations of occupants.*

A. When physician's certificate shall be required. Where the Director or Health Officer has reason to believe that an occupant of an establishment subject to licensing other than a state-licensed nursing home or housing for the elderly either requires special care or is disabled, the Director may require that the person produce within forty-eight (48) hours a physician's certificate attesting to the mental or physical condition of said person as it relates to the category in which the occupant is classified.

B. Grounds for having occupant relocate. If the Director or Health Officer shall determine that said occupant of an establishment subject to licensing requires special care or is disabled and is prohibited, therefore, from residing in any lodging house or in any boardinghouse other than state-licensed nursing homes or housing for the elderly, then said person shall vacate the premises and relocate in a suitable and appropriate establishment no later than five (5) days after the issuance of an order directed to the owner or manager and to the occupant thereof, and if the condition of the person or circumstances under which he or she resides requires immediate attention, the order shall so specify and a period of less than five (5) days may be prescribed therefor.

§ 254-98. Occupancy by unemancipated minors prohibited.

The occupancy of any rooming unit in an establishment subject to licensing by an unemancipated minor is hereby prohibited and the manager and occupant of the premises in which such occupancy occurs shall be liable hereunder.

§ 254-99. Overcrowding.

Occupancy in excess of the maximum occupancy permitted under § 254-36 of Article VII or the occupancy data set forth in the application under § 254-83 of this Article is prohibited.

*Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

§ 254-100. Sanitary conditions; general maintenance.

A. Bathroom and water closet facilities required.

(1) Bathroom or bathrooms, which affords privacy to a person inside said room; contains a bathtub or shower, wash basin and flush water closet; and complies with such other requirements as are set forth elsewhere in this Code shall be supplied for each six (6) persons or fraction thereof residing within a lodging house or boardinghouse; except that in an establishment subject to licensing where rooms are let only to males, flush urinals may be substituted for not more than one-half (1/2) the required number of water closets.

(2) All such facilities shall be so located within the dwelling as to be directly accessible from a common hall or passageway which is either on the same floor as, or is one (1) floor above or below, all rooming units it is designed to serve and which hallway is directly accessible to the occupants of all such rooming units without passing through any part of any other rooming unit or dwelling unit.

(3) All bathrooms and water closet compartments shall be provided with inside locks.

B. Bedding, bed linen, towels and soap required. Every manager shall provide for all occupants' bedding, mattresses, mattress covers, bed linens, blankets, pillows, towels and soap. All such items shall be kept in clean and sanitary condition at all times. Fresh, clean bed linens and towels shall be supplied for each new occupant at the commencement of the term of occupancy and fresh, clean bed linens and towels shall be supplied at least once a week. Unless laundry service is provided for all occupants, a laundry tub or washing machine shall be accessible to and available for use by all occupants.

C. Furniture and furnishings. All furniture and furnishings shall be maintained in safe and sound condition, in good repair, and upholstery and coverings shall be kept clean and free of rips and tears. Windows shall be provided, where necessary, with blinds, draw drapes, curtains or shades to provide occupants with privacy.

D. Person in charge of the premises. There shall be present and in charge of every establishment subject to licensing a person who is mentally and physically competent to maintain the same in safe and sanitary condition, who shall keep the exterior of the premises and all common interior areas, including but not limited to the landings, stairways, hallways and bathrooms, clean, free from garbage and other refuse and free of infestation and who shall attend to the daily removal of garbage as required under § 254-45B(24) of Article IX.

§ 254-101. Safety and fire prevention. [Amended 9-11-2013 by Ord. No. 13-081]

A. Hotels; fire protection.

(1) Requirements. No license shall issue for the use of any building as a hotel unless the building complies with the requirements of N.J.S.A. 29:1-8 et seq.* and with this chapter in the following respects:

‘Editor's Note: N.J.S.A. 29:1-8 was repealed by L. 1967, c.76, § 28. See now N.J.S.A. 55:13A-1 et seq. for similar provisions.

(a) Fire escapes shall conform to the Tenement House Laws of the State of New Jersey in buildings subject to such laws, and a red light on the passageway or doorway leading to the fire escape shall be lighted at all times and doors leading to such fire escapes shall be unlocked from the inside at all times.

(b) Every community kitchen shall have one (1) unit Class B extinguisher as classified by the American Insurance Association.

(c) There shall be installed and maintained by the owner in every bedroom above the first floor in any building not subject to the Tenement House Laws a portable fire escape approved by a nationally recognized organization of the Director of Public Safety, securely fastened to the inside of said bedroom, with painted instructions as to its proper use on the metal cover of the box or container. When webbed or rope portable fire escapes are used, the date of installation shall be stamped on each portable fire escape and the fire escape shall not be continued in service for a period of more than ten (10) years from the date of installation. However, the use of all portable fire escapes shall be subject to the findings revealed by periodic examination conducted by the Department of Public Safety, and should such examination reveal any condition hazardous to the safety of the occupants, said portable fire escapes shall immediately be replaced by the owner with portable fire escapes as described above.

(d) Portable fire escapes shall not be used when the window sill is more than thirty (30) feet above the ground or grade level. The Director of Public Safety may grant a variance of this section with the approval of the Director, but in no case to exceed more than thirty-five (35) feet. Each request for variance shall be in writing.

(e) There shall be placed on each floor one (1) unit of Class A extinguisher for every four (4) sleeping rooms or part thereof. If on two (2) successive floors there are four (4) sleeping rooms, one (1) unit Class A extinguisher shall be placed on the lower of said two (2) floors, but, however, it shall be unlawful to install, service or use a vaporizing liquid extinguisher in any building operated as a hotel, rooming house, lodging house, boardinghouse, furnished apartment, motel or dormitory.

(f) The Director of Public Safety, with the consent and approval of the Director, may, in addition to the foregoing minimum requirements, require such other fire protection to such buildings as he or she may deem reasonably necessary for the safety of the occupants thereof

(2) Enforcement. The authority and duty to carry out the provisions of this section shall be vested in the Director of Public Safety and the Director, but the Director of Public Safety shall act only subject to the consent and approval of the Director, who shall appoint inspectors of hotel fire safety who shall be uniform members of the Department of Public Safety, and who shall legally constitute a Division of the Department of Public Safety to be known and designated as the Hotel and Rooming House Bureau, and to which Hotel and Rooming House Bureau and the Director of Public Safety and the Director may delegate the authority necessary to carry out the provisions of this section.

B. Fire alarm system. Every establishment subject to licensing shall be provided with a fire alarm system or device approved by the Underwriter's Laboratories, Inc., or by such other laboratories qualified

and equipped for the testing of fire protection equipment of materials as approved by the Director of Public Safety. The system or device required hereunder shall be maintained in good working order at all times. The alarm shall be provided with a heat-operated device which will automatically set off the fire alarm system and shall be operated by electrical or by self-contained automatic means. Alarm-sounding devices provided shall be distinctive in pitch and of such quality and so distributed on every floor that they shall be effectively heard in case of fire in every room above the usual sound level. Periodic testing shall be required in accordance with regulations of the Director approved by the Director of Public Safety and/or any authorized and approved inspection agency.

C. Directional signs. Every licensed establishment shall have exit signs posted in common hallways, visible from the door of every rooming unit, and these signs shall indicate the direction of the location of the nearest means of egress. All such signs shall be of a size and color and be illuminated in accordance with the regulations of the Director of Public Safety.

D. Stairway doors to be self-closing. Whenever there are doors or framework for doors which would close off sections of the stairway from common hallways, areaways or other parts of the stairway, such doors shall be equipped with self-closing devices or such framework shall be equipped with doors having self-closing devices.

E. Storage of combustible materials. Storage of combustible materials and temporarily used or unused household furnishings, bedding, mattresses and similar articles only shall be permitted in enclosed fireproof compartments. Storage area shall, as of the effective date of this chapter, comply with § 254-45B(25) of Article IX, notwithstanding the date set forth herein for licensing.

F. Disposal of combustible materials. All combustible materials shall be disposed of in self-closing metal cans which shall be provided where needed on the premises for that purpose.

§ 254-102. Community cooking prohibited.

Community cooking is prohibited, except for cooking performed by the owner or manager or his or her employees for occupants in nursing homes.

Editor's note—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

§ 254-103. Nightlights.

Nightlights shall be provided in all common areaways leading to bathrooms, as well as in hallways, in compliance with § 254-23B(3).

§ 254-104. Central heating.

There shall be central heating in all establishments subject to licensing, which shall supply adequate heat as required under § 254-27A(1) of Article VI to all occupied rooming units and to all bathrooms.

§ 254-105. Service of food.

Where food is served in any establishment subject to licensing, the license therefor and the maintenance of the establishment, pursuant to the license, shall be subject to the regulations and requirements of Chapter 182, Health and Sanitation, as well as to this chapter.

§ 254-106. Nursing homes.

A. Fireproof construction. All nursing homes shall be of fireproof construction.

B. Violations. All nursing homes shall comply with state laws, and any violation of such laws or regulations thereunder shall constitute a violation of this chapter.

Editor's note—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

ARTICLE XVII
Inspection and Status Reports

§ 254-107. Application for inspection. [Amended 9-23-2020 by Ord. No. 20-074]

Whenever an owner, manager, occupant, prospective purchaser, mortgagee or prospective occupant shall apply to the Chief for an inspection in order to ascertain if any section of this chapter has been violated, the Chief shall, upon payment of the fee hereunder stated, cause an inspection to be made of the premises and issue an informational certificate of the inspection to the applicant, indicating therein any violations of this chapter on the premises. The applicant for such inspection shall state in writing his or her full name, residence and the reasons and basis for which the inspection is requested. The Chief may deny the application for failure to comply with this requirement.

§ 254-108. Application for status report.

Where, in lieu of inspection, an owner, manager, occupant, lessee, prospective purchaser, mortgagee or prospective occupant request a status report as to whether or not there are any known violations presently pending on said premises, upon payment of the fee prescribed herein, a copy of any notice or order on any violation then pending shall be sent to the applicant.

§ 254-109. Scope of reports.

A. No inspection report issued under § 254-107 of this Article or status report under § 254-108 of this Article shall be construed as providing a defense against any violation of this chapter or any other ordinance of the city which may be discovered thereafter, whether or not the condition or violation existed at the time of any such inspection or status report.

B. The inspection or status report is provided as a convenience to the public and shall not constitute a limitation on the full enforcement of this chapter.

§ 254-110. Inspection and status report fees.
[Amended 4-14-1983 by Ord. No. MC-340; 10-11-1985 by Ord. No. C-59]

A. The fee for any inspection made under § 254-107 of this Article shall be as provided in Chapter 160, Fees and Charges.

B. The fee for any status report issued under § 254-108 shall be as provided in Chapter 160, Fees and Charges.

C. Informational certificates issued under § 254-107 shall be valid for a period of thirty (30) days.

Editor's note—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

ARTICLE XVIII
Nuisances

§ 254-111. Declaration of nuisances; abatement.

Nothing in this chapter shall be construed or interpreted to in any way impair or limit the authority of the Chief to define and declare nuisances and to cause the removal or abatement of nuisances by appropriate proceedings provided by law.

ARTICLE XIX
Violations and Penalties

§ 254-112. Violations and penalties. [Amended 1-23-1986 by Ord. No. C-150; 10-8-2025 by Ord. No. 25-105]

Anyone found guilty of violating any section of this chapter shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25, with a minimum fine of $100.00 and a maximum fine of $2,000.00. A violation affecting more than one dwelling unit shall be considered a separate violation as to each unit per day of the continuing offense.

Editor's note—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

§ 254-113. Meaning of each violation.

Each violation of a section or subsection of this chapter shall constitute a separate and distinct violation independent of any other section or subsection or any order issued pursuant to this chapter. Each day's failure to comply with any such section or subsection shall constitute a separate violation.

Editor's note—Original Sec. 13-109, entitled "Additional penalty for second violation," which followed this section, was deleted at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

§ 254-114. Application for officers or agents.

Where the defendant is other than a natural person or persons, § 254-113 of this article shall also apply to any agent, superintendent, officer, member or partner who shall alone or with others have charge, care or control of the premises.

§ 254-115. Removal of posted orders.

No person, firm or corporation, without written consent of the Chief, shall remove or permit the removal of any complaint, notice or order posted in accordance with the provisions of this chapter.

§ 254-116. Occupancy of unfit buildings. [Amended 6-14-1995 by Ord. No. 95-050]

When the Director of The Division of Construction Code Official finds that a dwelling is unfit for human habitation within the meaning of this chapter and has notified the owner to such effect and the time limit

set by the Director of The Division of Construction Code Official for the correction of defects or vacating the same has expired, no person shall receive rentals, offer for rent or occupy said dwelling unit as a human habitation, and each day such offense continues shall be deemed a separate offense and the violator shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.

§ 254-117. Drainage or removal facilities. [Amended 6-14-1995 by Ord. No. 95-050]

No person shall damage, mutilate or remove, nor shall any person suffer, permit or cause to be mutilated, damaged or removed from or in a dwelling unit any of the facilities referred to in this chapter. Any person violating this section of this article shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.

§ 254-118. Unpaid fine to become lien.

In the event of the imposition of a fine or penalty by the Municipal Court or any other court of competent jurisdiction against the owner, manager or lessor of any building or structure in the city required to be registered, pursuant to Article XIV herein, for violation of any provision of this chapter or applicable provisions of other chapters of the New Jersey Code, or any state law applicable to the city, the fine or penalty shall be collectible pursuant to the procedures for the appointment of a Receiver, in addition to any other remedies now provided by law.

ARTICLE XX

Portable Oil-Fired Heating Devices

[Added 10-16-1979 by Ord. No. S-299]

§ 254-119. Unlawful acts.

A. It shall be unlawful to use in any residence or building in this city any portable oil stove, range or appliance or any other portable oil-fired heating device.

B. It shall be unlawful to sell or offer to sell any such portable oil stove, range or appliance or other portable oil-fired heating device for use in any residence or building in this city.

§ 254-120. Violations and penalties. [Amended 6-14-1995 by Ord. No. 95-050]

Any person violating the provisions of this Article XX shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25. For each day of use of such portable oil heating device, it shall be considered as a separate offense. Each sale of such portable oil heating device shall be considered as a separate offense.

ARTICLE XXI

Registration of Nonresident Property Owners* [Added 1-14-1998 by Ord. No. 97-097]

§ 254-121. Registration required.

An owner of real property situated within the City of Jersey City shall register with the City Clerk the street address of his or her residence whenever that owner does not reside at the property, in the case of residential premises, or does not operate a business at the property, in the case of commercial property.

§ 254-122. Definitions.

The following terms shall have the meanings indicated when used in this article:

REAL PROPERTY - Any type of real estate, including commercial or residential, improved or unimproved lots, single-family homes, multiple dwellings and property held in any manner, including fee simple, condominium or cooperative forms of ownership.

STREET ADDRESS - The address at which the person actually resides and shall include a street name or rural delivery route in addition to any postal office box number which may be included.

§ 254-123. Time for compliance.

A. Owners of property subject to this article shall have 60 days from the effective date of this article to register in accordance with § 254-121.

B. Nonowners who acquire property in the City of Jersey City after the effective date of this article shall have 30 days from the date of acquisition to register in accordance with § 254-121.

§ 254-124. Violations and penalties.

Any nonresident property owner who fails to comply with this article shall be subject to the penalties proscribed in § 1-25.

ARTICLE XXII

Foreclosure Property Registration

§ 254-125. Purpose and intent. [Added 6-27-2018 by Ord. No. 18-068]

It is the purpose and intent of the City to establish a process to address the blight of City neighborhoods caused by an increasing amount of foreclosure property within the City. It is the City's further intent to create a City-wide registration program as a means to protect neighborhoods from becoming blighted due to the lack of adequate maintenance and security of foreclosure property.

§ 254-126. Establishment of a registry. [Added 6-27-2018 by Ord. No. 18-068]

***Editor's note**—See P.L. 1997, c. 85, an act authorizing municipalities to require address registration by certain property owners (codified in N.J.S.A. 40:48-2.53).

The City shall create a registration program and database cataloging each foreclosure property, and which will contain the information required by this Article.

§ 254-127. Registration of foreclosure property. [Added 6-27-2018 by Ord. No. 18-068; amended 9-8-2022 by Ord. No. 22-072]

A. A creditor filing a summons and complaint in an action to foreclose shall, in addition to the notice provided to the municipality pursuant to N.J.S.A. 46:10B-51 or N.J.S.A. 40:48-2.12s2, register the residential or commercial property with the City's Division of Housing Preservation as a property in foreclosure and, as part of that registration: (a) provide the Division with the information regarding the creditor required by (1) N.J.S.A. 46:10B-51 or (2) N.J.S.A. 40:48-2.12s2; (b) identify the date the summons and complaint in an action to foreclose on a mortgage was filed against the subject property, the court in which it was filed, and the docket number of the filing; and (c) identify whether the property is vacant and abandoned in accordance with the definition in the ordinance required by paragraph (7).

   1. If there is any change in the name, address, or telephone number for a representative, agent, or individual authorized to accept service on behalf of a creditor required to register pursuant to the property registration program following the filing of the summons and complaint, the creditor shall update the property registration program within ten days of the change in that information.

B. The creditor filing a summons and complaint in an action to foreclose shall, if the registered property becomes vacant and abandoned in accordance with the definition in the ordinance required by paragraph F after the property is initially registered with the municipality, update the property registration with the municipality to reflect the change in the property's status.

C. The creditor filing a summons and complaint in an action to foreclose shall be responsible for the care, maintenance, security, and upkeep of the exterior of the property if the property is vacant and abandoned at any time while the property is registered with the property registration program.

D. A creditor located out-of-State shall be responsible for appointing an in-State representative or agent to act for the foreclosing creditor.

E. A creditor filing a summons and complaint in an action to foreclose on a property, that is or becomes vacant and abandoned, shall secure the property against unauthorized entry, post a sign affixed to the inside of the property and visible to the public indicating the name, address, and telephone number of the creditor or an out-of-State creditor's in-State representative or agent for the purpose of receiving service of process, or acquire and otherwise maintain liability insurance by procuring a vacancy policy, covering any damage to any person or any property caused by any physical condition of the property while registered with the City.

F. A property shall be considered vacant and abandoned if it is not legally occupied by a mortgagor or tenant, which is in such condition that it cannot be legally reoccupied, because of the presence or finding of at least two of the following:

   1. Overgrown or neglected vegetation;

2. The accumulation of newspapers, circulars, flyers, or mail on the property;

3. Disconnected gas, electric, or water utility services to the property;

4. The accumulation of hazardous, noxious, or unhealthy substances or materials on the property;

5. The accumulation of junk, litter, trash, or debris on the property;

6. The absence of window treatments such as blinds, curtains, or shutters;

7. The absence of furnishings and personal items;

8. Statements of neighbors, delivery persons, or government employees indicating that the property is vacant and abandoned;

9. Windows or entrances to the property that are boarded up or closed off, or multiple window panes that are damaged, broken, and unrepaired;

10. Doors to the property that are smashed through, broken off, unhinged, or continuously unlocked;

11. A risk to the health, safety, or welfare of the public or any adjoining or adjacent property owners due to acts of vandalism, loitering, criminal conduct, or the physical destruction or deterioration of the property;

12. An uncorrected violation of a municipal building, housing, or similar code during the preceding year, or an order by municipal authorities declaring the property to be unfit for occupancy and to remain vacant and unoccupied;

13. The mortgagee or other authorized party has secured or winterized the property due to the property being deemed vacant and unprotected or in danger of freezing;

14. A written statement issued by a mortgagor expressing the clear intent of all mortgagors to abandon the property; or

15. Any other reasonable indicia of abandonment.

G. For the purposes of this section, a residential property shall not be considered vacant and abandoned if, on the property:

1. There is an unoccupied building which is undergoing construction, renovation, or rehabilitation that is proceeding diligently to completion, and the building is in compliance with all applicable ordinances, codes, regulations, and statutes;

2. There is a building occupied on a seasonal basis, but otherwise secure; or

3. There is a building that is secure, but is the subject of a probate action, action to quiet title, or other ownership dispute.

H. The Director of the Division of Housing Preservation shall issue a notice to the creditor filing the summons and complaint in an action to foreclose, if the public officer or other authorized municipal official determines that the creditor has violated the ordinance. In the case of a violation for failure to provide care, maintenance, security, and upkeep of the exterior of vacant and abandoned property, such notice shall require the person or entity to correct the violation within 30 days of receipt of the notice, or within ten days of receipt of the notice if the violation presents an imminent threat to public health and safety.

I. As used in this chapter, "Creditor" means a mortgagee or an agent or assignee of a mortgagee, such as the servicer, who has filed a complaint in the Superior Court seeking to foreclose upon a residential or commercial mortgage. If the entity seeking to foreclose upon the residential or commercial mortgage changes as a result of an assignment, transfer, or otherwise after the filing of the foreclosure complaint in the Superior Court, the new entity shall be deemed the creditor for purposes of this section. For purposes of this section, a creditor shall not include the State, a political subdivision of the State, a State, county, or local government entity, or their agent or assignee, such as the servicer.

J. Registration under this section is separate and apart from vacant property registration under Section 254-21.4, and mortgagee may be required to register under both sections if both are applicable.

§ 254-128. Fees. [Added 6-27-2018 by Ord. No. 18-068]

A. The registration fee shall be as provided in Chapter 160, Fees and Charges.

B. All registration fees shall be paid directly from the lender, servicer, trustee, or owner. Third party registration fees are not allowed without the consent of the City and/or its authorized designee.

§ 254-129. Maintenance requirements. [Added 6-27-2018 by Ord. No. 18-068; amended 9-8-2022 by Ord. No. 22-072]

In addition to the maintenance requirements of Section 254-127, the creditor, mortgagee and/or owner of any foreclosure property must secure the property in accordance with Section 254-21.6 and maintain the exterior of the premises in compliance with Sections 254-43 and 254-44 if the property is not legally occupied.

§ 254-130. Applicability. [Added 6-27-2018 by Ord. No. 18-068]

These sections shall be considered cumulative and not superseding or subject to any other law or provision for same, but rather be an additional remedy available to the above and beyond any other state, county or local provisions for same.

§ 254-131. Inspections for violations. [Amended 9-23-2020 by Ord. No. 20-074]

Adherence to this Article does not relieve any person, legal entity or agent from any other obligations set forth in any applicable code(s), which may apply to the property. Upon sale or transfer of title to the property, the owner shall be responsible for all violations of the applicable code(s) and the owner shall be responsible for meeting with the Division of the Construction Code Official within 30 days for a final courtesy inspection report.

§ 254-132. Severability. [Added 6-27-2018 by Ord. No. 18-068]

If any section, sentence, clause, or phrase of this Article is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Article.

ARTICLE XXIII

Donation Drop-Off Boxes

§ 254-133. Donation drop-off boxes. [Added 1-8-2020 by Ord. No. 19-171]

A. Definitions.

(1) DONATION DROP-OFF BOX (DDB) means unattended drop-off boxes, containers, receptacles, or similar facility that accents textiles, shoes, books, or other salvageable personal property items to be used by the owner/operator for distribution, resale or recycling.

(2) PROPERTY OWNER means the owner of real property on which a donation drop-off box is or is proposed to be placed.

(3) DONATION DROP-OFF BOX OWNER OR OPERATOR means a person or entity who utilizes or maintains a donation drop-off box to solicit donations/collections of personal property.

B. Property Owner Permission Required.

(1) The owner or operator of the DDB shall obtain written permission from the property owner, lessee, or their authorized agent to place the donation drop-off box on the property. When requested by the City of Jersey City, the property owner, lessee, donation drop-off box owner or operator, or their authorized agent shall make such written consent available for review.

C. Size and placement regulations.

(1) No individual DDB may exceed the dimensions of seven feet in height, six feet in width or six feet in length.

(2) A maximum of two DDB shall be permitted on any one lot and shall be located within a contiguous area of not more than 120 square feet.

(3) DDB shall not be placed in the right-of-way and shall adhere to the set-back standards for the site where they are placed.

(4) No DDB shall be placed in a residential zoning district, unless such placement has been approved, in writing, by the City,

(5) Where permitted, DDB shall be located in accordance with all applicable zoning, building and fire code regulations.

D. Management and maintenance; requirements.

(1) The property owner and the DDB owner/operator shall be responsible for the maintenance of the DDB and the area surrounding the DDB.

(2) Items and materials including but not limited to trash, shall not be located outside or in close proximity to a DDB and must be removed by the property owner and/or the DDB owner/operator. The property owner and DDB owner/operator shall have 24 hours from the time they receive notice from the City to remove any items and/or materials located outside or in close proximity to a DDB. If the items and/or materials are not removed within 24 hours, the City reserves the right to mitigate or otherwise caused to be removed the items or materials at the expense of the property owner and the DDB owner/operator.

(3) The property owner and/or DDB owner/operator must maintain the aesthetic presentation of the box including fresh paint, readable signage and general upkeep.

(4) The property owner and/or DDB owner/operator must respond to DDB maintenance complaints within 24 hours of receiving notification during regular business hours.

(5) The property owner and/or DDB owner/operator must remove graffiti on the DDB within 72 hours following notices of its existence.

(6) If a DDB becomes damaged or vandalized, it shall be repaired, replaced or removed within five days of receipt of notice of such condition, unless damage is such as to constitute a danger to persons or property, in which case it shall be made safe within 24 hours of notice of such condition.

(7) The DDB shall be serviced and emptied as needed, but no less than once every seven days.

E. Information and label requirements for all donation drop-off boxes.

(1) All donation drop-off boxes shall display the following information in a permanent and legible format that is clearly visible from the front of the container:

(a) The name of the operator or owner of the container;

(b) The entity responsible for the maintenance of the container and the removal of donated items, including any abandoned materials and trash located outside the donation drop-off box;

(c) A telephone number where the owner, operator or agent of the donation drop-off box can be reached at any time;

(d) The specific items and materials requested; and

(e) A notice stating that no items or materials shall be left outside of the donation drop-off box and the statement. "Not for refuse disposal. Liquids are prohibited."

F. Violations.

(1) The property owner remains liable for any violation of duties imposed by § 254-133. even if the property owner has, by agreement, imposed on the DDB owner/operator the duty of complying with the provisions of this section.

(2) Any property owner and/or DDB owner/operator who violates any provision of § 254-133 shall be subject to the following fines:

(a) For the first offense: $100.00.

(b) For the second offense: $250.00.

(c) For the third and subsequent offenses: $500.00.

Chapter 255

SHORT-TERM RENTALS

§ 255-1.	Definitions.	§ 255-5.	Issuance of short-term rental permit and appeal procedure.
§ 255-2.	Short-term rental regulations.		
§ 255-3.	Short-term rental requirements.	§ 255-6.	Short-term rental operational requirements.
§ 255-4.	Short-term rental application process and inspections.	§ 255-7.	Violations, penalties, and enforcement.

---

§ 255-1. Definitions. [Added 6-25-2019 by Ord. No. 19-077; amended 6-11-2025 by Ord. No. 25-059]

The following terms shall have the meanings indicated below:

DIRECTOR — the Director of the Division of Housing Preservation or their designee.

DWELLING — a building that is designed or used exclusively as the living quarters for one or more housekeeping units.

DWELLING UNIT — a room or series of connected rooms containing living, cooking, sleeping and sanitary facilities for one housekeeping unit. The "dwelling unit" shall be self-contained and shall not require passing through another dwelling unit or other indirect route to get to any portion of the dwelling unit, nor shall one dwelling unit require shared facilities with another dwelling unit. Hotel facilities or other facilities providing temporary accommodations shall not be considered dwelling units.

INTERMEDIARY — anyone besides an owner who helps to arrange a property rental for an owner and collects rent and/or taxes and other charges on behalf of the owner. An intermediary includes but is not limited to a broker, hosting platform, or short-term rental property agent.

OWNER-OCCUPIED — the owner of the property who resides in the short-term rental property, or in the principal residential unit with which the short-term rental property is associated on the same lot, and identifies same as his or her principal residence.as that term is defined in this section. For purposes of this section, if the owner of the property is an entity other than an individual or individuals a natural person, then at least one principal or member of the owner entity must reside in the short-term rental property, or in the principal residential unit with which the short-term rental property is associated on the same lot, and identify same as his or her principal residence as that term is defined in this section.

PRINCIPAL RESIDENCE — a person's permanent residence or usual place of return for housing as documented by at least two of the following: motor vehicle registration state-issued identification; tax

documents showing the residential unit as the person's residence; or a utility bill. A person may have only one principal residence and must reside there for a minimum of 275 days during the calendar year. For properties with two or more existing legally permitted dwelling units (e.g., a duplex), the term "principal residence" shall refer to the parcel of land and all units on that parcel or within a building in a residential development project.

PROPERTY — a parcel of real property located within the boundaries of the City of Jersey City, Hudson County, New Jersey.

RESPONSIBLE PARTY — the short-term rental property owner or a person (property manager) designated by the owner to be called upon and be responsible at all times during the period of a short-term rental and to answer for the maintenance of the property, or the conduct and acts of occupants of the short-term rental property, and, in the case of the property manager, to accept service of legal process on behalf of the owner of the short-term rental property.

SHORT-TERM RENTAL (STR) — the accessory use of a dwelling unit for occupancy by someone other than the unit's owner or permanent resident for a period of 28 or fewer consecutive days, which dwelling unit is regularly used and kept open as such for the lodging of guests, and which is advertised or held out to the public as a place regularly rented to transient occupants.

SHORT-TERM RENTAL PROPERTY (STRP) — a residential dwelling unit that is used, in whole or part, and/or advertised for rent as a short-term rental for transient occupants as guests

SHORT-TERM RENTAL PROPERTY AGENT — any New Jersey-licensed real estate agent or other person designated and charged by the owner of a short-term rental property, with the responsibility for making the short-term rental application to the City on behalf of the owner, and fulfilling all of the obligations in connection with completion of the short-term rental property permit application process on behalf of the owner and/or may manage the STRP and book reservations. A short-term rental property agent includes a property manager, property management company, or real estate agent. Short-term rental property agents shall be available at all time to make necessary decisions and actions on behalf of the owner.

SUBSTANTIATED COMPLAINT — a complaint charging a violation of state or municipal law where the Director has found after an investigation, probable cause for the violation charged in the complaint.

TRANSIENT OCCUPANT — any person or a guest or invitee of such person, who, in exchange for compensation, occupies or is in actual or apparent control or possession of residential property, which is either: (1) registered as a short-term rental property, or (2) satisfies the definition of a short-term rental property. It shall be a rebuttable presumption that any person who holds themselves out as being an occupant or guest of an occupant of the short-term rental is a transient occupant.

§ 255-2. Short-term rental regulations. [Added 6-25-2019 by Ord. No. 19-077; amended 6-11-2025 by Ord. No. 25-059]

A. No person shall operate a short-term rental without a valid permit, and no permit shall be issued except to applicants who are the owner and principal resident of the STRP.

B. Short-term rentals shall only be permitted to be conducted in the following classifications of property in the City of Jersey City, subject to § 255-2(E):

(1) Dwelling units located in a condominium association, homeowners association, or cooperative association, where the association's bylaws, master deed, or other relevant governing document permits short-term rentals and where the owner of the unit legally identifies an address within the association as his or her principal residence; and

(2) Single-family residences; but no more than two rooms in a single-family residence provided the residence contains four or more bedrooms, and no room rented as a STR shall be occupied by any more than two adults and two minors; and

(3) Dwelling units in a two-, three- or four-unit dwelling, and one room in the dwelling unit of the principal resident subject to the following restrictions and requirements:

i. A permit may only be issued for the whole unit that the owner does not actually occupy;

ii. Permits for the dwelling occupied by the owner are subject to the 60-day limitation in § 255-2(E);

iii. A dwelling unit must have at least three bedrooms for a single room short-term rental permit to be issued.

iv. Only owner-occupied dwelling units with at least four bedrooms may have two single room short-term rental permits.

C. Short-term rentals shall not be permitted in a multiple dwelling in which rent is: set by HUD, set by a State agency, set by an agreement with the owner/developer, or governed by Chapter 260 of this Code.

D. The following shall not be permitted to operate as short-term rentals pursuant to this section: hotel, motel, studio hotel, rooming house, dormitory, public or private club, convalescent home, rest home, home for aged people, adult family care homes, assisted living facilities, community residences for developmentally disabled persons, community shelters for victims of domestic violence, senior housing, nursing homes, foster home, halfway house, transitional housing facility, or other similar facility operated for the care, treatment, or reintegration into society of human beings; any housing owned or controlled by an educational institution and used exclusively to house students, faculty or other employees with or without their families; any housing operated or used exclusively for religious, charitable or educational purposes; or any housing owned by a governmental agency and used to house its employees or for governmental purposes.

E. Rentals of the entire unit of any owner occupied dwelling unit shall be conducted no more than 60 total nights per calendar year. Each night in excess of this limit shall be considered a separate violation.

F. The person offering a dwelling unit for short-term rental use must be the owner of the dwelling or the condominium unit. A tenant of a property may not apply for a short-term rental permit, nor shall the property or any portion thereof be sub-leased by the tenant on a short-term basis, or operated as a STRP by the tenant except as provided below. This STRP regulation shall supersede any conflicting provision in a private lease agreement permitting sub-leasing of the property for 28 days or fewer, or any portion of the property. Violation of this section will result in enforcement action against the tenant, the STRP owner, the short-term rental agent, and the responsible party, and will subject all such parties to the issuance of a summons and levying of fines and/or penalties.

G. No person or entity shall own or have an interest in more than two short-term rental permits, and no person or entity holding short-term rental permits may serve on a board of, or direct or control or have an interest in any entity also holding short-term rental permits such that the combined number of permits held exceeds two.

§ 255-3. Short-term rental requirements. [Added 6-25-2019 by Ord. No. 19-077; amended 6-11-2025 by Ord. No. 25-059]

A. An initial application for a short-term rental permit must include the following information to be considered complete:

(1) The name, address, telephone number and email address of the owner(s) and, if applicable, designated person of record of the dwelling unit, pursuant to Subsection 255-2(G). If such owner is not a natural person, the application must include the names of all partners, officers and/or directors of any such entity, and their street address, email address and telephone numbers;

(2) The address of the proposed STR;

(3) A copy of the driver's license or State identification card of the owner and, if applicable, designated person pursuant to Subsection 255-2(G) of the proposed STRP confirming that identifying the proposed STRP is as the applicant's principal residence;

(4) The "Owner's Affidavit" acknowledging that he/she has received a copy of the Jersey City Short-term rental Ordinance, Jersey City Municipal Code Chapter 255 (the Ordinance) and that they have reviewed the Ordinance and understand its requirements;

(5) The "Short-term Rental Property Agent Certification" which includes the name, address, telephone number and email address of the short-term rental property agent, which shall constitute his /her seven-day a week, 24-hour a day contact information;

(6) The "Responsible Party Certification" which includes the name, address, telephone number and email address of the short-term rental property's responsible party, which shall constitute his/her seven-day a week, 24-hour a day contact information;

(7) Copies of the most recent, gas/electric and water bills for the owner's principal residential unit STRP;

(8) Proof of the owner's current ownership of the short-term rental dwelling;

(9) The number of all on-site parking spaces available. The owner shall certify that every effort will be made to avoid and/or mitigate issues with on-street parking in the neighborhood in which the STR is located, resulting from excessive vehicles generated by the STR; all renters of the STRP shall be limited to one vehicle per two occupants in the STRP;

(10) A "Municipal Court Compliance Certificate" which confirms proof of no outstanding fines or penalties with Jersey City Municipal Court; no violations of Jersey City's Code § 242-11A: Disturbing the Peace or N.J.S.A. 2C:33-12(a) and (b): Maintaining a Nuisance. All fines or penalties issued by the Municipal Court for the City of Jersey City for any past code violations relating to the STRP, the owner, and/or the responsible party, including penalties for failure to appear in Court, must be satisfied in full prior to the issuance of a short-term rental permit;

(11) Proof of no outstanding taxes, water and sewer charges;

(12) Proof of general liability insurance in a minimum amount of $500,000.00;

(13) Where the proposed STR is in a condominium association, homeowners association, or cooperative association, a copy of the Master Deed and Bylaws allowing for short-term rentals in that dwelling and/ or dwelling unit;

(14) Where the owner of the proposed STR is a corporate entity, a copy of the certificate of formation and operating agreement;

(15) Documentation indicating that the property has been inspected for compliance with the City's Fire Safety Regulations and Property Maintenance Code. Such inspections shall be valid for a period of three years; and

(16) A "Zoning Determination Letter" which verifies that the premises are not being occupied or used in violation of the City's Land Use Regulations and Zoning Ordinances in accordance with § 345-76(G).

(17) The STRP owner must also close any open construction permits for the STR unit prior to the issuance of a short-term rental permit. The Director may waive this requirement upon a determination that the ongoing permitted work or required work will not adversely impact transient occupants or detrimentally impact occupants' health and safety.

(18) The Director, shall have the authority to obtain additional information, as necessary, to achieve the objectives of this chapter.

B. Provided that the information contained within has not changed, a short-term rental permit renewal application shall include everything required by § 255-3(A) except:

(1) The "Owner's Affidavit;"

(2) The "Short-term Rental Property Agent Certification;"

(3) The "Responsible Party Certification;"

(4) A "Zoning Determination Letter."

§ 255-4. Short-term rental application process and inspections. [Added 6-25-2019 by Ord. No. 19-077; amended 6-11-2025 by Ord. No. 25-059]

A. An owner of property, intended to serve as a STRP shall submit to the City of Jersey City's Division of Housing Preservation via the Division's online portal, a STR permit application, along with an initial application fee of $250.00. Said fee shall be non-refundable, including in the event that the application is withdrawn or denied.

B. Each application is subject to review to verify the STRP's eligibility for use as a STR and compliance with the regulations in this Chapter.

C. The City reserves the right to inspect a STRP for compliance with fire safety regulations and this Code, regardless of the status of the STRP's permit application, in the event that the City receives a substantiated complaint of a violation on the premises.

§ 255-5. Issuance of short-term rental permit and appeal procedure. [Added 6-25-2019 by Ord. No. 19-077; amended 6-11-2025 by Ord. No. 25-059]

A. Once an application is submitted, complete with all required information and documentation and fees, the Division of Housing Preservation, following any necessary investigation for compliance with this chapter, shall either issue the short-term rental permit or issue a written denial of the permit application, with the reasons for such denial being stated therein within 30 days, so long as access to the STRP is provided by the owner or owner's STR agent.

B. If denied, the applicant shall have ten business days to appeal the denial, in writing, to the Office of the Business Administrator and the Division of Housing Preservation. The applicant shall attach to the appeal all documentation required to establish its entitlement to a permit.

C. The STR permit shall be valid for a period of one year from the date of issuance.

§ 255-6. Short-term rental operational requirements. [Added 6-25-2019 by Ord. No. 19-077; amended 6-11-2025 by Ord. No. 25-059]

A. The STRP owner shall ensure that the STR is used in a manner that complies with all applicable laws, rules and regulations pertaining to the use and occupancy of a STR.

(1) The Director may suspend, revoke or deny a STR permit if:

(a) The property has unabated violations of the property maintenance code; or

(b) The owner has been convicted of violating state or municipal law prohibiting disturbing the peace or maintaining a nuisance; or

(c) The owner is the subject of a substantiated complaint related to the property or another property owned in Jersey City charging a violation of state or municipal law.

(2) In making a determination under this section, the Director shall consider:

(a) The threat to public safety;

(b) The impact on the community;

(c) The manner in which the owner rectified the violation;

(d) The threat to the health and safety of the occupants.

B. The owner of a STRP shall not install on the STRP any advertising or identifying mechanisms, such as signage, including lawn signage, identifying the property for rent as a STRP.

C. Transient occupants of the STRP shall comply with all ordinances of the City of Jersey City including, but not limited to those ordinances regulating noise and nuisance conduct. Failure of transient occupants to comply shall subject the transient occupants, the owner of the STRP, the responsible party, and the short-term rental agent listed in the short-term rental permit application, to the issuance of fines and/or penalties, which may include but not be limited to the revocation of the STRP permit.

D. The owner of a STRP shall post the following information in a prominent location within the STRP unit:

(1) Owner name; if owner is an entity, the name of a principal in the entity, email address and phone number for the principal;

(2) The names, email addresses, and phone numbers for the responsible party and the short-term rental agent;

(3) The phone numbers for the Department of Public Safety, the City of Jersey City's Resident Response Center, and the Division of Housing Preservation;

(4) The maximum number of parking spaces available for STR use onsite;

(5) Trash and recycling pick-up day, and all applicable rules and regulations regarding trash disposal and recycling;

(6) Notification that a guest, transient occupant, the short-term rental property agent, the responsible party or STRP owner may be cited or fined by the City of Jersey City Department of Public Safety or the City of Jersey City Division of Housing Preservation for violations of, any applicable ordinance(s) of the City of Jersey City.

E. If any of the information required by Subsection D above is inaccurate while displayed in the STRP, it shall constitute a violation of this chapter.

F. In the event that any complaints are received by the Jersey City Department of Public Safety, the Division of Housing Preservation or any City Department regarding the STR and/or the transient occupants and the owner of the STRP is unreachable or unresponsive, both the responsible party and

the short-term rental agent listed in the short-term rental permit application shall have the responsibility to take any action required to properly resolve such complaints, and shall be authorized by the STRP owner to do so.

G. While a STRP is rented, the owner, the short-term rental agent, or the responsible party shall be available 24 hours per day, seven days per week for the purpose of responding within two hours to complaints regarding the condition of the STRP premises, maintenance of the STRP premises, operation of the STRP, or conduct of the guests at the STRP, or nuisance complaints from the Department of Public Safety, or neighbors, arising by virtue of the short-term rental of the property.

H. When the Office of the Business Administrator and/or the Division of Housing Preservation receives notice of a civil and/or criminal complaint and/or code violation at a STRP as outlined in Subsections 255-6(F) above, the Director or the Business Administrator or his/her designee shall conduct an investigation and may issue a written notice of revocation or suspension, as applicable, of the short-term rental permit with the reasons for such revocation or suspension being stated therein within 30 days.

(1) The applicant shall have ten business days to appeal the revocation or suspension, in writing, i.e. email, to the Office of the Business Administrator and the Division of Housing Preservation.

(2) Within 30 days thereafter, the Business Administrator or his/her designee shall decide the appeal.

I. An owner must apply to renew the short-term rental permit annually via the Division's online portal by submitting to the Division of Housing Preservation, a short-term rental permit renewal application, and a renewal registration fee of $200.00. No STR may be operated, listed, or advertised without a valid unexpired permit. The renewal application must be received with all of the required documentation no later than 30 days prior to the permit expiration date.

J. The short-term rental permit shall expire automatically when the STRP changes ownership, and a new initial application and registration fee will be required to operate the property as a STRP. A new application shall also be required for any STR that had its short-term rental permit revoked.

K. All listings, advertisements, whether in any print, digital, web-based platform, multiple listing service or any realtor's property listing shall include the permit number.

L. The STRP owner or agent shall maintain an up-to-date log of all transient occupants who will be occupying the STRP, which shall contain the occupant or occupants' names, ages, dates of commencement and expiration of each short-term rental period. This log shall be available for inspection by the City's Division of Housing Preservation and the Department of Public Safety in case of emergency.

§ 255-7. Violations, penalties, and enforcement. [Added 6-25-2019 by Ord. No. 19-077; amended 6-11-2025 by Ord. No. 25-059]

A. A violation of any provision of this chapter may subject the STRP owner, transient occupant(s), the short-term rental agent, the responsible party and the intermediator their agents to fines assessed by the Court up to $2,000.00 per violation, but not less than $100.00 per violation per day that the violation exists.

B. The STRP owner shall publish the short-term rental permit number issued by the City in every print, digital, or internet advertisement, and/or in the multiple listing service or other real estate listing of a real estate agent licensed by the New Jersey Real Estate Commission, in which the STRP is listed and/or advertised for rent on a short-term basis. Advertisements and/or listings of the STRP for rent on a short-term basis that do not contain the permit number are a violation of this Ordinance and shall subject the owner of the STRP, the responsible party, the short-term rental agent, and the intermediary to fines and/or penalties. Every day such advertisement or listing appears shall be a separate violation of this Ordinance.

C. In no event shall a STRP be rented to anyone younger than 21 years of age. The primary occupant of all short-term rentals executing the agreement between the owner and the occupant must be over the age of 21, and must be the party who will actually occupy the property during the term of the short-term rental. The primary occupant may have guests under the age of 21 who will share and occupy the property with them. Both the primary occupant executing the short-term rental agreement and the STRP owner shall be responsible for compliance with this provision, and shall both be liable for a violation, where the STRP is not occupied by at least one adult over the age of 21 during the term of the STR.

D. No person may advertise any property for a short-term rental prior to the issuance of a permit for such property.

E. No STR permit issued under this section may be transferred or assigned or used by any person or entity, other than the owner to whom it is issued, or at any property location or dwelling unit other than the property for which it is issued.

Paint stripping — See Ch. 233.
Property maintenance — See Ch. 254.

§ 257-1. Definitions. [Amended 8-23-1984 by Ord. No. MC-650]

As used in this chapter, the following terms shall have the meanings indicated:

DWELLING - Any structure occupied wholly or partially as a residence or sleeping quarters by one (1) or more persons. The term "dwelling" includes structures which are sold as private residences by agencies of federal, state or local government. The term "dwelling" includes structures which are sold as private residences by agencies of federal, state or local government.

§ 257-2. Notice of violations required at time of transfer.

Any person who sells or conveys any dwelling, dwelling unit, boardinghouse, dormitory lodging house, lodging house, hotel, motel, apartment house or nursing home located in the city shall include, in or as a part of the agreement or instrument of sale, a copy of any outstanding notice or order issued by the Chief citing violations of the provisions of this chapter or of any rule or regulation promulgated pursuant to Chapter 254, Property Maintenance, thereof which has not been complied with, by or before the date of sale.

§ 257-3. Presumed warranty.

A seller or conveyer who violates or fails to conform to the requirements of § 257-2 of this chapter, even if with the consent of the purchaser or transferee, thereby shall be conclusively presumed to have given his or her warranty that the property being sold or conveyed is in compliance with the provisions of this chapter and the rules or regulations adopted by the Chief for the enforcement and implementation of this chapter at the time and immediately prior to the sale or conveyance.

§ 257-4. Disclosure of possible presence of lead-based paints.*|Amended 8-23-1984 by Ord. No. MC-650]

A. Prior to any of the following events: the signing of a binder or commitment for the sale of a dwelling, the signing of a contract for the sale of a dwelling or the acceptance of a deposit for the sale of a dwelling, whichever is earliest, the seller or broker shall furnish the buyer with a copy of the following notice which shall be printed or typed in type of at least ten (10) point:

NOTICE

Many houses and apartment buildings in Jersey City have been painted with lead-based paints. It has also been found that a high concentration of lead may exist in the soil in inner cities. The presence of lead paint upon the interior and exterior surfaces of a house or apartment in areas accessible to children constitutes a danger to their health. The presence of lead in the body of a child can cause learning disabilities.

Regulations of the New Jersey Department of Health require the removal of cracked, chipped and peeling lead paint from all interior and exterior surfaces of a dwelling.

For further information call the Jersey City Lead Poisoning Center at 547-4567.

B. The seller or broker shall also:

(1) Require the buyer to acknowledge in writing that he or she has received a copy of the above notice; and

(2) Retain a copy of the buyer's written acknowledgment on file for inspection by the Health Officer or his or her designee.

§ 257-5. Violations and penalties. [Amended 8-23-1984 by Ord. No. MC-650i]

Anyone who fails to comply with this chapter shall be punishable as provided in Chapter 1, General Provisions, § 1-25.

§ 257-6. Disclosure of availability of zoned parking permits for residential buildings. [Added 1-27-2010 by Ord. No. 10-006]

A. As used in this sub-chapter, "Residential Building" is defined as any structure containing five (5) or more units, including any unit therein, that is offered for sale or lease, for occupancy in whole or in part, as a residence or sleeping quarter by one (1) CU or more person.

*Editor's **Note: See also Ch. 254, Property Maintenance, § 254-45.**

tEditor's **Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

B. The seller or landlord, as appropriate, of any residential building located within a zone designated for restricted parking pursuant to Section 332-60 and Schedule 24 of the City Code, shall furnish the prospective buyer or prospective tenant with a copy of the notice appearing in Section C. below, prior to the following events:

(1) Sales: the signing of a contract of sale or the acceptance of a deposit for sale of a unit in any residential building, whichever occurs first: or

(2) Leases: the signing of a lease or the acceptance of a deposit for a lease of a unit in any residential building, whichever occurs first.

C. The notice shall be in the following form and printed or typed in a font of at least ten point: **[Amended 11-12-2014 by Ord. No. 14-017; 9-9-2015 by Ord. No. 15-117; 1-24-2019 by Ord. No. 19-006]**

NOTICE REGARDING ON STREET RESIDENTIAL PARKING PERMIT ZONES

RE: _____ (address)

Generally, as a matter of law, the City will not issue an on-street residential parking permit to a resident of this building because the building was required to provide off-street parking for its residents when it was constructed. The City requires that a landlord or seller make you aware of this fact before you agree to rent or buy a residence in the building. There are limited exceptions to the prohibition on the issuance of on-street permits. To determine whether or not you qualify for one of the exceptions, you need to read Section 332-58 of the Jersey City Municipal Code, which is available at

https://www.municode.com/library/nj/jersey_city/codes/code_of_ordinances

or contact the Division of Parking Enforcement at 201-653-6969.

[initials] Because an on-street residential parking permit is not available to residents of this building, I understand that if I rent or purchase a residence here, I will be required to pay for parking and I will NOT be eligible for an on-street residential parking permit unless I qualify for one of the exceptions.

[initials] The landlord or seller informed me that off-street parking for a resident of this building is available at the rate of $_____ per month.

[initials] I was shown this form and read it, prior to signing my lease or contract to purchase.

[initials] I understand that if I am eligible for an exception, I am limited to one residential permit per unit. I am ineligible for any other residential permits.

_____ _____

Signature of Prospective Tenant or Purchaser Date

D. The seller or landlord, as appropriate, shall **[Amended 9-9-2015 by Ord. No. 15-117]**:

(1) Obtain the signature of the prospective tenant or buyer acknowledging that he or she has timely received a copy of the above notice; and [1]

(2) Retain a copy of the prospective buyer's or tenant's signed written acknowledgment of receipt of the above notice for at least three (3) years. The seller or landlord shall submit a copy of the signed notice to the City upon ten (10) days' notice.

E. The seller or landlord, as appropriate, of any residential building located within the Journal Square 2060 Redevelopment Plan Area which has received a certificate of occupancy after December 31, 2019, shall furnish the prospective buyer or prospective tenant with a copy of the notice appearing in Subsection F, below, prior to the following events: **[Added 11-14-2019 by Ord. No. 19-150]**

(1) Sales: the signing of a contract of sale or the acceptance of a deposit for sale of a unit in any residential building, whichever occurs first; or

(2) Leases: the signing of a lease or the acceptance of a deposit for a lease of a unit in any residential building, whichever occurs first.

F. The notice shall be in the following form and printed or typed in a font of at least ten point: **[Added 11-14-2019 by Ord. No. 19-150]**

NOTICE REGARDING ON STREET RESIDENTIAL PARKING PERMIT ZONES

RE: _____ (address)

Generally, as a matter of law, the City will not issue an on-street residential parking permit to a resident of this building because the building is situated within the Journal Square 2060 Redevelopment Plan Area. The stated goal of the Journal Square 2060 Plan is to provide for transit oriented development within walking distance to the Journal Square Transportation Hub. The City requires that the landlord or seller make you aware of this fact before you agree to rent or buy a residence in this building. There are limited exceptions to this prohibition. To determine whether or not you qualify for one of the exceptions, you need to contact the Division of Parking Enforcement at 201-653-6969 or read Section 332-58 of the Jersey City Municipal Code, which is available at:

https://www.municode.com/library/nj/jersey_city/codes/code_of_ordinances

[initials] Because an on-street residential parking permit is not available to residents of this building, I understand that if I rent or purchase a residence here, I will NOT be eligible for an on-street residential parking permit unless I qualify for one of the exceptions set forth in Section 332-58 of the Jersey City Municipal Code.

[initials] I was shown this form and read it prior to signing my lease or contract to purchase.

RENT CONTROL*

§ 260-1. Definitions.
§ 260-2. Rent leveling; landlord registration statement; answering devices.
§ 260-3. Allowable increases.
§ 260-4. Procedure for cost-of-living increases.
§ 260-5. Capital improvement and service charge.
§ 260-6. Exemptions for new dwellings and new housing space.
§ 260-7. Anti-harassment and tenant complaints.
§ 260-8. Bureau of Rent Leveling.
§ 260-9. Powers and duties of the Bureau of Rent Leveling.
§ 260-10. Hardship rental increases.
§ 260-11. Rent Leveling Board established.
§ 260-12. Powers of Rent Leveling Board.
§ 260-13. Appeal of Board's decision.
§ 260-14. Required services; heating systems.
§ 260-15. Provisions retroactive.
§ 260-16. Computations to be rounded off.
§ 260-17. Violations and penalties.
§ 260-18. Construal of provisions.
§ 260-19. When effective; other provisions supplemented.
§ 260-20. Nonoccupant owner registration of dwelling units.
§ 260-21. Scope of exemptions from rent increase limitations.

§ 260-1. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

AVAILABLE FOR RENT TO TENANTS—Fit for habitation as defined by the statutes, codes and ordinances in full force and effect in the State of New Jersey, County of Hudson and City of Jersey City, and occupied or unoccupied and offered for rent.

BASE RENT—The legal rent charged or actually received by the landlord for the rental of a housing space as of January 11, 1983; or if not occupied at that date the "base rent" shall be that actually charged to and received from the previous tenant, plus any increases under § 260-3 of this chapter or the ordinance to which this is an amendment, or if insufficient evidence is available from which the Rent Leveling Administrator or Board can determine the legal rent charged or actually received as provided above, then the Rent Leveling Administrator and Board have the power to determine the legal "base rent" by considering the legal base rent of other units, subject to the provisions of this chapter, which are comparable in size, location and facilities to the subject unit. **[Amended 4-27-1989 by Ord. No. C-944]**

***History**—Adopted by the Council of the City of Jersey City February 7, 1986 by Ord. No. C-14A. Amendments noted where applicable.

Cross references—Condominium conversion, Ch. 128; discrimination, Ch. 148; fees and charges, Ch. 160; housing accommodations, Ch. 188; multiple dwellings, Ch. 218; property maintenance, Ch. 254.

CAPITAL IMPROVEMENT—A permanent improvement that adds to value or substantially extends the useful life of the landlord's property and can be claimed by the landlord for depreciation on his or her federal tax returns. Specifically excluded are ordinary repairs, maintenance and conversion to heat/hot water units for individual apartments where the cost of providing the heat/hot water service is transferred from the landlord to the tenant.

CONSUMER PRICE INDEX—The consumer price index (all items, base year 1967 = 100) for the region of the United States of which Jersey City is a part, published periodically by the United States Department of Labor, Bureau of Labor Statistics.

DWELLING—Any building or other structures containing housing spaces rented or offered for rent to one or more tenants consisting of a household or family as defined in this chapter. A dwelling includes buildings or structures that are exempt from the restrictions of rent increases mandated under this chapter. **[Amended 10-24-12 by Ord. No. 12-137; 6-28-2017 by Ord. No. 17-080; 5-6-2020 by Ord. No. 20-036; 9-10-2020 by Ord. No. 20-067; 12-2-2020 by Ord. No. 20-100; 3-10-2021 by Ord. No. 21-013]**

A. Exempt from this definition are:

1. Dwellings with four or less housing spaces; provided, however, that this exemption shall be suspended for non-owner occupied dwellings with four or less housing spaces until the end of the state of emergency or six months from adoption of these amendments whichever comes first. This paragraph shall be effective March 15, 2021.

2. Licensed hotels or motels and commercial and industrial space.

3. Newly constructed dwellings with 25 or more dwelling units located within a redevelopment area as defined in Section 5 of the Redevelopment Agencies Law, N.J.S.A. 40:55C-5(o), for which the City Council has approved a redevelopment plan, in accordance with Section 17 of the Redevelopment Agencies Law, N.J.S.A. 40:55C-17.

Editor's note—N.J.S.A. 40:55C-5(o) and 40:55C-17 were repealed by L. 1992, c. 79, § 59. For current provisions, see N.J.S.A. 40A:12A-1 et seq.

4. Low rent public housing developments.

5. All buildings or structures, hotels, motels or guesthouses which are converted from any previous use as a nonpermanent dwelling to use as a dwelling on or after October 1, 1983. For the purpose of this exemption, a building shall be deemed converted for use as a dwelling on the date on which the certificate of occupancy for dwelling use is issued.

B. Any new dwelling or housing spaces being rented for the first time for the initial rental only.

EQUITY IN REAL PROPERTY INVESTMENT—The actual cash contribution of the purchaser at the time of closing of Title and any principal payments to outstanding mortgages subsequent to acquisition of title by the purchaser.

FAIR RETURN—The percentage of return on equity of real property investment. The amount of return shall be measured by the net income before depreciation. A "fair return" on the equity investment in real property shall be considered to be 2.5% above the maximum passbook demand deposit savings account interest rate available in the municipality. **[Amended 5-8-2019 by Ord. No. 19-044]**

HOUSING SPACE—Includes that portion of a dwelling rented or offered for rent for living and dwelling purposes with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such portion of the real property.

JUST CAUSE FOR EVICTION—That the landlord recovered possession of a housing space or dwelling for one of the reasons outlined in State law (N.J.S.A. 2A:18-53 as amended or N.J.S.A. 2A:18-61.1 et seq.).

LANDLORD REGISTRATION STATEMENT—A statement to be completed and filed with the Bureau of Rent Leveling pursuant to § 260-2 E, F and G by all owner(s) and landlord(s) of housing spaces and/or dwellings in the City of Jersey City. **[Added 10-24-12 by Ord. No. 12-137]**

LIVING AREA—The amount of total rentable space applicable to any given housing space, measured either in terms of rooms or square footage.

RENT—Any price for the use of a housing space. It includes any charge, no matter how set forth, paid by the tenant for the use of any service in connection with the housing space. Security deposits and charges for accessories, such as boats, mobile homes and automobiles, not used in connection with the housing space shall not be construed as "rent." No charges shall be permitted for late rent, whether termed a late rental fee or interest on rent paid late, in excess of $35.00, returned check fees in excess of $35.00, or any other similar charges; provided, however, that no landlord may collect any penalty or interest, however defined, for late payment of rent until the end of the state of emergency or six months from adoption of these amendments whichever comes first. This paragraph shall be effective March 15, 2021. **[Amended 2-27-02 by Ord. No. 02-017; 5-6-2020 by Ord. No. 20-036; 9-10-2020 by Ord. No. 20-067; 12-2-2020 by Ord. No. 20-100; 3-10-2021 by Ord. No. 21-013]**

RENTAL STATEMENT—The statement a landlord shall be required to sign and deliver to each tenant at the inception of the tenancy, identifying the name and address of the landlord and his or her agent, if any, identifying the name, address and telephone number of the superintendent, if any, providing a twenty-four-hour emergency telephone number for the landlord or his or her agent, describing the housing space rented, the related services and equipment involved (whether or not including use of basement, garage, clothesline, washing equipment, utilities, heat, hot water, garbage removal, repairs, maintenance and the like) as of January 11, 1973; and the base rental as of the date of the inception of the tenancy; and the rent of the prior tenant and notification of the existence of the rent registration law.

SERVICE—The provision of light, heat, hot water, maintenance, painting, elevator service, air conditioning, storm windows, screens, superintendent service and any other benefit, privilege or facility connected with the use or occupancy of any dwelling or housing space.

SERVICE SURCHARGE—An additional charge over and above the rental due for new or additional services.

SUBSTANTIAL COMPLIANCE WITH APPLICABLE HEALTH AND MAINTENANCE CODES—The housing space and dwelling are free from the major health, safety and fire hazards as well as in compliance with heat and hot water and sanitary requirements. Compliance is to be determined with the aid of appropriate City and State regulatory agencies based upon current code inspection reports which shall be not less than six months old at the time of the initial hearing on a rent increase application under § 260-10, Hardship rental increases, and § 260-5, Capital improvements. **[Amended 3-13-1986 by Ord. No. C-183]**

§ 260-2. Rent leveling; landlord registration statement; answering devices. [Amended 10-24-12 by Ord. No. 12-137]

A. Establishment of rents between a landlord and tenant in housing space in dwellings to which this chapter is applicable shall hereafter be determined by the provisions of this amended section.

B. Any rental increase at a time other than at the expiration of a lease or termination of a periodic lease shall be void. Any rental increase in excess of that authorized by the provisions of this chapter shall be void.

C. All rents for rental of housing space and services in dwellings to which this chapter is applicable are hereby controlled at the base rent level received by the landlord as of January 11, 1973, and no rental increases shall be hereinafter demanded, paid or accepted, except as provided in this chapter.

D. Any rent increase imposed after January 11, 1973, the date of expiration of federal rent controls, to the extent that such increase is in excess of that which is permitted by this chapter, is hereby declared to be null and void and such excess rent shall be refunded or credited by the landlord forthwith.

E. Existing leases and options to renew shall not be affected by this chapter but no new leases shall be executed or performed except as provided in this chapter, and the base rent level in leased housing space shall be the rental in effect at the expiration of the lease.

F. Landlord Registration Statement Requirement. **[Added 6-14-1995 by Ord. No. 95-050; 10-24-2012 by Ord. No. 12-137]**

(1) Every owner and/or landlord shall within 90 days following the effective date of this subsection or the creation of the first tenancy in any dwelling containing five (5) or more housing spaces, whether or not subject to the restrictions of rent increases under this Chapter, file a landlord registration statement with the Bureau of Rent Leveling containing the following information:

(a) The name and address of the record owner or owners of the dwelling and the record owner or owners of the rental business if not the same person.

(b) If the record owner is a corporation, the name and address of the registered agent and corporate officers of the corporation.

(c) If the address of any record owner or owners is not located in the County of Hudson, the name and address of a person who resides in the County of Hudson or has an office in the County of Hudson and is authorized to accept notices from tenants and to issue receipts for notices from tenants and to accept service of process on behalf of the record owner or owners.

(d) The name and address of the managing agent of the dwelling, if any.

(e) The name and address, including the dwelling unit, apartment or room number of the superintendent, janitor, custodian or any other individual employed by the record owner or managing agent to provide regular maintenance service, if any.

(f) The name, address and telephone number of any individual representative of the record owner or managing agent who may be called at any time in case of an emergency affecting the dwelling or any housing space within the dwelling, including such emergencies as the failure of any essential service or system, and who has the authority to make emergency decisions concerning the building and any repair to the building or expenditure in connection with the building.

(g) A list of the base monthly rents of each housing space, by apartment or room number, within the dwelling as of January 1, 1983.

(2) Between January 1 and March 3 of each calendar year, all owners and/or landlords of dwellings shall file with the Bureau of Rent Leveling a new landlord registration statement for each dwelling owned. An owner and/or landlord who purchases a dwelling on or after April 1 of any year shall also file a landlord registration statement within seven (7) days of purchase. Owner(s) and/or landlord(s) entitled to an increase in the base rent as a result of improving vacant housing space shall immediately file an amended landlord registration statement.

G. Within 30 days following the effective date of this subsection and at the time of the creation of a new tenancy, every landlord subject to this chapter shall provide each occupant or tenant in his or her dwelling a written statement containing all of the information required to be filed with the Bureau of Rent Leveling in accordance with Subsection F. Commencing 30 days following the effective date of this subsection, this information shall be posted at all times in the lobby, hallway or other conspicuous place within the dwelling. If any information contained in the statement changes, the landlord shall inform each occupant or tenant of the change in writing within 30 days and correct the information posted within seven days after the change. **[Added 6-14-1995 by Ord. No. 95-050]**

H. From November 1 through March 31 of each year, the telephone numbers of the record owner, any individual representative of the record owner, the managing agent and the corporate officers, if the owner is a corporation, shall be equipped with an answering device capable of receiving and recording messages from any tenant calling with regard to maintenance. Owners have 30 days from the effective date of this act to comply with this requirement. **[Added 2-11-1988 by Ord. No. C-674]**

§ 260-3. Allowable increases. [Amended 3-13-1986 by Ord. No. C-183]

A. At the expiration of a lease or at the termination of a lease of a periodic tenant, no landlord of any dwelling as defined in § 260-1 may request or receive a percentage increase in rent which is greater than

four percent or the percentage difference between the consumer price index three months prior to the expiration or termination of the lease and three months prior to the commencement of the lease term, whichever is less. For a periodic tenant or for a tenant whose lease term shall be less than one year, said tenant shall not suffer or be caused to pay more than one rent increase in any 12-month period, commencing 15 months prior to and ending three months prior to, the effective date of the proposed increase, whichever is less. However, as a result of the COVID-19 pandemic, no landlord may request or receive any rental increase at the expiration of a lease or the expiration of any periodic tenancy until the end of the state of emergency or six months from adoption of these amendments, whichever comes first. This paragraph shall be effective March 15, 2021. **[Amended 5-6-2020 by Ord. No. 20-036; 9-10-2020 by Ord. No. 20-067; 12-2-2020 by Ord. No. 20-100; 3-10-2021 by Ord. No. 21-013]**

B. No more than one such cost-of-living rental increase in any one twelve-month period shall be permitted irrespective of the number of different tenants occupying said housing space during said 12-month period.

C. Vacant space. **[Amended 8-12-1998 by Ord. No. 98-116]**

(1) In the event of a vacant housing space, the landlord may raise the rental above the cost-of-living increase without prior application being made to the Bureau of Rent Leveling, and only if he or she has made capital improvements to the housing space. Such capital improvements will entitle the landlord to increase the base rent of the vacant unit by the following amount:

(a) For capital improvements up to $5,000.00 in value, the vacant unit's monthly base rent shall be increased by $1.35 per $100.00 of improvement; and

(b) For capital improvements in excess of $5,000.00, the vacant unit's monthly base rent shall increase by $1.55 per $100.00 of improvement.

(2) It shall be the sole responsibility of the landlord to register the new rent of any improved unit with the Division of Tenant/Landlord Relations pursuant to § 260-2 of this chapter. No capital improvements shall be recognized under this provision unless they are made in accordance with applicable city codes and the appropriate permits are obtained. It shall be the responsibility of the landlord to document to the Bureau of Rent Leveling and prove the cost of any capital improvements in vacant housing space for which he or she desires to increase the rental.

(3) The landlord seeking a rent increase under this subsection shall pay an application fee of $75.00 per unit.

D. The landlord shall supply the following information in writing to any new tenant within the first 10 days of a new tenant's tenancy: the name of and rent paid by all tenants who occupied the apartment rented by the new tenant during the prior 12 months. The landlord shall keep a written record of the information described herein. The landlord shall make this record available to the Rent Leveling Administrator or Board upon request.

E. It shall be unlawful for any landlord to charge a tenant for the use of a washing machine, refrigerator, cooking stove, air conditioner or any other appliances wherever such appliances were permitted and allowed by the landlord without extra charge. The use of such appliances shall be considered as

included in the former rents. Any such extra charge in such situation shall be considered as an unauthorized increase in rents and shall be unlawful unless approved by the Rent Leveling Board. Any landlord who has heretofore charged for such appliances shall be in violation of this chapter and shall be liable for punishment as such.

F. Any landlord seeking a major capital improvement rent increase based upon a substantial improvement of the dwelling and/or housing space must include in the notice to the tenant a landlord certification that said dwelling and housing space is in substantial compliance as defined by this chapter. All work done on the structure and premises must have been with approval of the appropriate agency or department as evidenced by requisite permits. The completed construction must be in accord with building, fire and other code regulations. A certificate of occupancy, where required by law, and a certificate of code compliance,

including a housing inspection report based upon an actual inspection made within six months of the date of the landlord's application, must be produced as evidence. For the purpose of this section only, "substantial improvement" shall mean that the cost of the capital improvements exceeds 50% of the current assessed value, as adjusted to 100% by the county tax equalization ratio prior to the improvements being made.

(1) If a landlord is determined to be in substantial compliance the increase shall be payable from the date set forth in the original notice of rent increase.

(2) If a landlord is determined not to be in substantial compliance at the time of the hearing, then the Board may grant provisional approval for the capital improvement and rent increase with such approval to be reviewed within six months. In the event that the subject property is brought into substantial compliance within the six-month period, then the provisional approval shall become final.

(3) In the event that the subject property is not brought into substantial compliance within the six-month period, but the owner has within this period made significant progress toward substantial compliance, the provisional approval shall continue with a further review being scheduled within the following three months. If the property is brought into substantial compliance within the additional three months, the provisional approval shall become final.

(4) In the event that the owner has not brought the property into substantial compliance or made significant progress toward substantial compliance within the six-month initial period or fails to bring the property into substantial compliance after being accorded the additional three-month extension, the owner provisional approval shall terminate and any capital improvement rent increase collected shall be immediately refunded to the tenant who paid the increase.

(5) Any capital improvement rent increase approved pursuant to this section shall take effect from the date of determination by the Board upon proper notice as required by the laws of the State of New Jersey.

G. Any landlord seeking a hardship increase shall include with the application an actual inspection report from the local building or property maintenance department based upon an inspection made within six months prior to the application. An application without said inspection report shall be void. The hearing officer may request an inspection if no inspection report is included in such application. The determination of substantial compliance shall be made by the Rent Leveling Board upon reviewing the list of violations, if any, set forth in the inspection report. If there are any objections thereto, then either party may file a complaint with the Board and a hearing shall be scheduled. The Chairperson of the Board shall intervene whenever necessary, upon request of any party to an application, to assure a prompt inspection by the appropriate department.

(1) If a landlord is determined to be in substantial compliance, then the hardship request shall be processed subject to the requirements set forth in § 260-10 of this chapter.

(2) If a landlord is determined not to be in substantial compliance at the time of the hearing on the hardship application, and the Board determines, after hearing, that the application would otherwise be granted, then the Board may grant provisional approval for the hardship application with such approval to be reviewed within six

months. In the event that the subject property is brought into substantial compliance within the six-month period, then the provisional approval shall become final.

(3) In the event that the subject property is not brought into substantial compliance within the six-month period but the owner has, within this period, made significant progress toward substantial compliance, the provisional approval shall continue with a further review being scheduled within the following three months. If the property is brought into substantial compliance within the additional three months, the provisional approval shall become final.

(4) In the event that the owner has not brought the property into substantial compliance or made significant progress toward substantial compliance within the six-month initial period or fails to bring the property into substantial compliance after being accorded the additional three-month extension, the owner's provisional approval shall terminate and any rent increase collected shall be immediately refunded to the tenant who paid the increase. In the event that a provisional approval is so terminated, the Board shall dismiss the hardship application. An owner whose application has been so dismissed may reapply for a hardship rental increase. Any reapplication shall be considered an original application under § 260-10. **[Amended 4-23-1987 by Ord. No. C-451]**

H. The landlord shall register the rent roll with the Rent Leveling Bureau in order to qualify for any rental increase.

I. If the landlord does not inform or misinforms the tenant concerning the rent paid by the prior tenants or in any manner illegally increases the tenant's rent, the Rent Leveling Bureau shall then accept, hear and adjudicate a compliance of an illegal increase.

J. The landlord shall provide to each tenant a copy of the Truth-In-Renting Statement and subsequent amendments to said statement and be in full compliance with the landlord identity disclosure provision contained within the statement in order to qualify for any rental increase.

§ 260-4. Procedure for cost-of-living increases.

Any landlord seeking a cost-of-living rental increase shall notify the tenant in writing at least 30 days prior to the effective date of the increase as required by law of the calculations involved in computing the increase, including the consumer price index three months prior to the expiration or termination of the lease and the commencement of the lease term, or for a periodic tenant whose lease term is less than one year, the consumer price index 15 months prior to the effective date of the proposed increase, the allowable percentage increase as per § 260-3 and the allowable rental increase. The notice shall state the tenant's right to contest the increase within six months to the Jersey City Rent Leveling Bureau.

§ 260-5. Capital improvement and service charge.

A. **[Amended 3-11-1992 by Ord. No. 92-013]** A landlord may apply to the Bureau of Rent Leveling for a service charge for increased or improved services. The landlord shall submit a written proposal with cost estimates to the Rent Leveling Board prior to performing any major or capital improvement work, showing how the work will affect all dwelling units.

The landlord shall include the substance of said proposal in the notice of application to each tenant sent pursuant to Subsection C of this section. The aforesaid notice shall advise the tenants that they have a right to request a hearing before the Rent Leveling Board with respect to the proposed capital improvement work. Final approval by the Board shall not be considered until the capital improvement work has been completed and after the Board has received necessary documentation, at which time a final hearing will be scheduled. The landlord shall compute the average cost of the computed capital improvement or service by the number of years of useful life of the improvement as claimed by the landlord for federal income tax depreciation purposes. The landlord shall propose to apportion the average cost of completed improvement or service per year of useful life among the tenants in the dwelling in accordance with one of the following methods:

(1) If the capital improvement benefits certain housing spaces only, then the cost of those improvements shall be surcharged to only these units.

(2) If the capital improvement benefits all housing spaces but in varying degrees according to the amount of living area of each housing space, then the cost for the improvements shall be charged according to either the number of rooms or the space in proportion to the total rentable area in the dwelling.

(3) If the capital improvement is equally beneficial to all housing spaces regardless of the living area within any housing space, then the cost of the improvements shall be charged according to the number of housing spaces within the dwelling.

B. All work done on the property must be performed with the appropriate proper local approval as evidenced by permits and the completed capital improvements must be in accord with building, fire, plumbing, electrical and any other code regulations. Before any capital increase is approved, an inspection shall be required to be made by a qualified inspector of the Department of Housing, Economic Development and Commerce together with an inspection by the Office of the Construction Official in order to document the nature of the work performed and that the structure is in substantial compliance. A certificate of occupancy must be secured if required by law. The landlord shall furnish with the application a certification of the true cost of each improvement signed by a qualified inspector and an affidavit by the landlord that the amount claimed in the application is attributable only to the specific building which is the subject of the application. **[Amended 3-11-1992 by Ord. No. 92-013; 8-13-1997 by Ord. No. 97-052]**

C. Notice procedure. Prior to any application under this section, the landlord shall serve upon each tenant, by registered or certified mail or personal service of a notice of application filing setting forth the basis for said application, the amount of rental increase or surcharge applied for with respect to that tenant and the calculations involved. A sample copy of such notice shall be filed with the application of the landlord together with an affidavit or certification of service of notice of application upon each tenant. Tenants who request a copy of the complete application shall have one provided by the landlord.

D. Determination. The Rent Leveling Board may grant the landlord a rental surcharge or increase under the provisions of this section. No landlord shall impose upon any tenant a rent surcharge or increase under this section without first obtaining approval from the Rent Leveling Board. It shall be within the discretion of the Board to fix the effective date of

any approval of a rental surcharge or increase to be at any reasonable time after determination. A surcharge granted under the provisions of this section shall not be considered rent for purposes of computing cost-of-living rental increases pursuant to §§ 260-2, 260-3 and 260-4. After the landlord has filed his or her application for an increase with all supporting documents and materials, no new material will be considered by the Hearing Officer or Board unless such new material is filed with the Board and notice identifying such new material and setting forth a description of such material is served upon each tenant no later than 10 days prior to the date of the hearing. Tenants who request a copy of the capital improvement file and any new materials submitted to the Board or hearing officer shall have one provided by the landlord at least five days prior to any hearing date. **[Amended 3-13-1986 by Ord. No. C-183]**

E. Computations.

(1) A landlord must provide as part of his or her application a completed Rent Leveling Board form indicating the method and term of depreciation of the capital improvements claimed by the landlord.

(2) In the case of all capital improvements, the depreciation period shall be calculated according to its useful life, which in no case shall exceed 10 years for major capital improvements and five years for minor capital improvements. **[Amended 8-12-1998 by Ord. No. 98-116]**

(3) In the case of such major capital improvements, the capital improvement charge shall be a part of the permanent base rent. **[Amended 8-12-1998 by Ord. No. 98-116]**

(4) Major capital improvements shall consist of a substantial change in the housing accommodations such as would materially increase the rental value in a normal market and which consists of capital improvements to building-wide operating systems, including but not limited to items such as complete plumbing or electrical replacement for the entire building or a complete new roof. Major capital improvements shall also include complete kitchen and bathroom replacements for an individual apartment unit.

(5) In the case of minor capital improvements, the capital improvement charge shall not be a part of the permanent base rent, nor shall any financing costs be included as part of said surcharge.

(6) Minor capital improvements shall consist of all capital improvements not classified as major capital improvements.

(7) A capital improvement increase resulting hereunder shall not exceed 15% of the legal rent for the first year of such increase. Any further amount of increase which would have resulted based upon the landlord's application hereunder shall be apportioned equally over the remaining period of the capital improvement charge.

(8) Except in the case of emergency capital improvements, as defined in Subsection G, a landlord shall be entitled to only one major capital improvement increase in any twelve-month period.

F. The Board, in computing the amount spent for capital improvements, may consider the reasonable value of construction services performed by the owner in the actual capital

improvement work. Where allowed, this shall include professional consultation or other similar services of the owner and is limited to actual labor and materials invested by the owner.

G. In the case of emergency major capital improvements a landlord shall not be required to obtain Board approval prior to performing said capital improvement work. The landlord shall be required to obtain Board approval for any capital improvement charge after the capital improvement work has been completed as otherwise provided for capital improvement charges herein. For purposes of this section, "emergency capital improvement" shall mean a capital improvement made to correct a condition causing immediate and/or imminent danger to the health or safety of occupants of the subject premises, as defined by the Division of Construction Code Official, Department of Public Safety and/or Building Department. The landlord shall notify the Division of Construction Code Official of this condition as soon as possible. **[Amended 8-13-1997 by Ord. No. 97-052; [9-11-2013 by Ord. No. 13-081]**

§ 260-6. Exemptions for new dwellings and new housing space. [Amended 4-27-1989 by Ord. No. C-944; 3-13-1996 by Ord. No. 95-111; 8-13-1997 by Ord. No. 97-052; 5-27-1998 by Ord. No. 98-060; 8-12-1998 by Ord. No. 98-116; 9-24-2025 by Ord. No. 25-099]

A. The owner of a newly constructed dwelling and the owner of newly constructed housing space which is rented for the first time shall not be restricted in the initial rent charged, provided that the owner has registered the rent with the Bureau of Rent Leveling. Except as provided in Subsection C of this section, any subsequent rental increases shall be subject to the provisions of this chapter.

B. Permits as required by law are to be secured from all agencies having control and jurisdiction. All work must adhere to appropriate code standards and must be inspected by all agencies having control and jurisdiction and their approval obtained. A certificate of occupancy must be secured as required by law.

C. In accordance with N.J.S.A. 2A:42-84.1 et seq., L. 1987, c. 153, the provisions of this chapter which limit the periodic or regular increases in base rentals of dwelling units shall not apply to a newly constructed dwelling which is not "constructed for senior citizens" as defined by N.J.S.A. 2A:42-84.1, for a period of time not to exceed the period of amortization of any initial mortgage loan obtained for the dwelling, or for 30 years following completion of construction, whichever is less. In the event that there is no initial mortgage financing, the period of exemption from a rent control or rent leveling ordinance shall be 30 years from the completion of construction. This exemption applies only where an owner complied with all requirements contained in N.J.S.A. 2A:42-84.1 et seq., including the filing with the municipal construction official required by N.J.S.A. 2A:42-84.4 and the service of a written statement upon the tenant required by N.J.S.A. 2A:42-84.3.

D. Buyers of multifamily dwellings covered by this chapter which are certified by the Division of Tenant/Landlord Relations to be vacant as of July 1, 1998 shall be granted a permanent exemption from the mandates of this chapter for rental units within that dwelling. Officers designated by the Director of the Division of Tenant/Landlord Relations shall be responsible for certifying, in writing, that a dwelling is vacant as of July 1, 1998.

§ 260-7. Anti-harassment and tenant complaints. [Amended 9-10-1987 by Ord. No. C-553; 8-12-1998 by Ord. No. 98-116]

A. Any tenants desiring to remain in their units may do so without provocation or retaliation from landlords. For the purpose of this section, harassment of tenants shall mean conduct, whether direct or indirect, committed intentionally or negligently, by a landlord or anyone acting on his behalf. These actions include, but are not limited.

(1) A reduction in the quality of basic service to the health, safety and welfare of the tenants;

(2) Withholding heat or hot water;

(3) Inadequate security;

(4) Intermittent failures;

(5) Bothersome telephone calls or letters;

(6) Frivolous eviction threats or legal proceeding; or

(7) Actions which would cause a reasonable person of like age and physical condition of a tenant to, fear for his or her life, limb, property or home.

B. Investigation/prosecution of harassment complaints. The Housing Municipal Court shall have jurisdiction over such complaints. The city shall assign one of its municipal prosecutors to investigate and/or prosecute complaints involving harassment filed by either tenants or landlords. Any landlord found guilty of violating this section shall be liable for a fine of up to $1,000 and/or imprisonment for a period of up to 90 days and/or a period of community service not exceeding 90 days.

C. Any complaint of an illegal increase or claim to lower rentals must be filed with the Bureau of Rent Leveling no later than two years after the effective date of the disputed increase. This limitations period shall apply to all claims accruing on or after January 1, 1987.

D. Payment of rental increase for two consecutive years shall be construed to be an agreed increase and not subject to the provisions of this chapter except that in the event that the Board determines that the landlord has not served upon the tenant the rental statement set forth in § 260-1, the Board shall waive the two-year limitations period.

E. If at any time after 30 days of a determination by the Rent Leveling Board or Administrator resulting in a refund of moneys to the tenant the landlord has not paid the refund to the tenant, the tenant may deduct the refund from the next rental payment.

F. Rent charges by the landlord shall be reduced or rolled back for any one of the following reasons if so determined by the Rent Leveling Board or Administrator:

(1) For the reasons set forth in § 260-14 of this chapter.

(2) For an unapproved rent increase beyond the annual cost-of-living increase.

G. An individual tenant or group of tenants on behalf of a tenant in the subject premises may file a complaint for a rent rollback based upon the foregoing reasons or any other reason where the value of the housing space is reduced.

H. At the time of any complaint made pursuant to Subsection G, the tenant or group of tenants on behalf of a tenant in the subject premises may request an inspection from the local housing or property maintenance department, which department shall undertake the inspection, submit a report and be available to the Rent Leveling Board at the hearing.

1. Any rent reduction, if granted by the Board, shall remain in effect until the landlord proves to the Board that the deficiency has been corrected.

J. The Board shall adopt guidelines for rent reductions under this section and shall consider the type of deficiency, the cause of deficiency, steps taken to alleviate the deficiency and the severity of the deficiency.

§ 260-8. Bureau of Rent Leveling. [Amended 8-13-1997 by Ord. No. 97-052]

A. There is established within the Department of Housing, Economic Development and Commerce a Bureau of Rent Leveling, the head of which shall be the Rent Leveling Administrator, The Rent Leveling Administrator shall possess all the qualifications necessary to administer this chapter and the Bureau of Rent Leveling but shall not function as a hearing officer.

B. The Rent Leveling Administrator shall be appointed by and under the direction of the Director of the Department of Housing, Economic Development and Commerce.

§ 260-9. Powers and duties of the Bureau of Rent Leveling. [Amended 10-24-2012 by Ord. No. 12-137]

A. The Bureau of Rent Leveling under the direction of the Rent Leveling Administrator shall have the following powers and functions:

(1) To remedy violations of this chapter by adjusting rentals, ordering rebates and bringing appropriate legal charges as provided in this chapter.

(2) To accept complaints from tenants of illegal increases, provided that all claims are sworn to and acknowledged by a person authorized by law to administer oaths.

(3) To accept any applications from landlords for rental increases under the capital improvement and service surcharge provisions of this chapter, provided that all applications are sworn to and acknowledged by a person authorized by law to administer oaths.

(4) To review applications and investigate complaints prior to a final decision being made in any case.

(5) To correct rentals which violate the consumer price index.

(6) To accept and forward to the Rent Leveling Board any applications for hardship rental increases.

B. Any rebate ordered by the Rent Leveling Administrator or Rent Leveling Board shall be considered a penalty against the landlord if said rebate is not made to the tenant within 30 days of the service of a

final determination by the Administrator or Board. The tenant may bring an action in Municipal Court for the collection of this penalty after the time allowed as provided in New Jersey Court Rules, 4:70-1.

C. Either party to a case shall have the right to appeal the determination of the Rent Leveling Administrator or Board's hearing officer to the Rent Leveling Board.

D. There is hereby established the schedule of fees for complaints, applications and landlord registration statement to the Rent Leveling Board, which fees shall be payable to the City of Jersey City as provided in Chapter 160, Fees and Charges. [Amended 10-23-1986 by Ord. No. C-321; Amended 10-24-2012 by Ord. No. 12-137]

(1) $125 per housing space for capital improvement to vacant housing spaces.

(2) $20 per housing space for major or minor capital improvements.

(3) $30 per housing space for hardship application.

(4) $ 10 per housing space for the filing of landlord registration statement for all dwellings with five (5) or more housing spaces, including dwellings that are exempt from the restrictions of rent increases mandated under this Chapter, during each registration event.

(5) $30 per housing space for condominium and cooperative conversions.

(6) $150 per housing space for appeal of a protected tenancy determination.

E. No complaint application or rent roll registration will be deemed filed with the Board unless and until submitted on the Board's official forms and accompanied by all appropriate supporting documents and information and the required filing fees.

§ 260-10. Hardship rental increases. [Amended 3-13-1986 by Ord. No. C-183]

A. In the event that a landlord cannot meet his or her mortgage payments or operating expenses or does not make a fair return on his or her investment, he or she may apply to the Rent Leveling Board for increased rentals, provided that he or she has owned the building for at least nine months prior to the time he or she applies for an increase.

B. Notice procedure prior to any application under this section to the Board. The landlord shall serve upon each tenant by registered or certified mail or personal service a notice of said application setting forth the basis for said application, the amount of rental increases applied for with respect to that tenant and the calculations involved. A sample copy of such notice shall be filed with the application of the landlord to the Board, together with an affidavit or certification of service of notice of application upon each tenant. No hearing shall commence earlier than 6:00 p.m. and no hearing shall continue beyond 12:00 midnight. **[Amended 6-26-1991 by Ord. No. MC-334]**

C. Determination by Rent Leveling Board. The Board may grant the landlord a rental increase under the provisions of this section. No landlord shall impose upon any tenant an increase in rent under this section without first obtaining approval from the Board. It shall be within the discretion of the Board

to fix the effective date of any approved rental increase to commence at a reasonable time as determined by the Board. The Board must decide any hardship case within 60 days from the date of completion of application by the landlord, provided that all necessary and required documentation for said application has been submitted by the landlord to the hearing officer or the Board.

D. After the landlord has filed his or her application for an increase with all supporting documents and materials, no new material will be considered by the hearing officer or Board unless such new material is filed with the Board and notice identifying such new material and setting forth a description of such material is served upon each tenant no later than 10 days prior to the date of the hearing. Tenants who request a copy of the hardship file, and any new materials submitted to the Board or hearing officer, shall have one provided by the landlord at least five days prior to any hearing date.

E. The Board shall deny all or a part of the relief requested where specific findings of fact support the conclusion that the landlord purchase or operations are not reasonable, prudent and/or efficient.

F. The Board shall only include expenses that are reasonable, necessary and usual operating expenses. If an expense is not a usual yearly expense, the Board shall prorate the expense over a reasonable period of time based upon the history of the building and the actual useful life of the expense item. Any expenses connected with repairs and miscellaneous items shall be substantiated with bills and other documents for a twelve-month period prior to the application. No capital improvement or capital expenses shall be considered under this category.

G. Documentation presented by the landlord in the hardship application must include the following:

(1) The title closing statement or other proofs of purchase.

(2) Canceled checks or other proof of payment for all expenses claimed in the hardship application.

(3) All canceled checks or other proof of payment for all expenses claimed in the hardship application.

(4) All invoices, bills or other proof of work performed, supplies purchased and/or equipment purchased as claimed in the hardship application.

(5) A compilation statement of income and expenses relating to the subject property only for the preceding two years or from the date of acquisition of title if the property is owned for less than two years.

(6) Copies of those portions of tax returns relating to the property for the preceding two years or the period of the landlord's ownership if less than two years if filed.

(7) All mortgages and notes.

(8) The deed.

(9) Any other documents sought by the Rent Leveling Board and being relevant to the subject application and necessary to the Board's decisionmaking process.

H. Claimed expenses that are not supported by bills or invoices and canceled checks, money orders or appropriate proof of payment shall not be allowed.

1. If the Board determines that the landlord has withdrawn a part or all of his or her investment through refinancing or through any other means, then said withdrawal shall be

deducted from the landlord's equity in real property investment unless used for the subject property.

J. If the Board determines that the landlord has unreasonably or excessively financed the property, then the Board may reasonably adjust the financing expense based upon market rates.

§ 260-11. Rent Leveling Board established. [Amended 1-9-1986 by Ord. No. C-141; 3-12-1987 by Ord. No. C-429; 1-11-1995 by Ord. No. 94-137]

A. There is created a Rent Leveling Board to assist the administration of this chapter. The Board shall consist of (7) members, all of whom shall be residents of the City of Jersey City. Board members shall be appointed by the Mayor with the consent of the Municipal Council. Two (2) members shall be appointed for one (1) year, three (3) for two (2) years, two (2) for three (3) years; and thereafter, each new member shall serve a term of three (3) years and until his successor has been appointed and qualified.

B. The Mayor may also appoint two (2) alternate members of the Board with the consent of the Municipal Council for a term of one (1) year and until their successors are appointed and qualified. If any vacancy shall occur, other than the expiration of term, it shall be filled by appointments as above-provided for the unexpired term.

C. The members and alternate members of the Board shall, insofar as practicable, as a group, be representative of the affected interests in the city.

D. An alternate member shall be entitled to sit with and participate as a member in any meeting of or hearing before the Board. An alternate member who has attended the full hearing or hearings and all pertinent meetings may participate in the Board's determination during the absence or disqualification of any regular member.

E. No member or alternate member of the Rent Leveling Board shall be permitted to act on any matter in which he or she has, either directly or indirectly, any personal or financial interests. Members and alternate members may be removed for inefficiency, neglect of duty or malfeasance in office by the Mayor at his discretion after proper hearing. Any Board member or alternate member who is absent for three (3) consecutive Board meetings shall automatically be removed from the Board.

F. All members of the Board must disclose any/all real estate holdings in Jersey City.

§ 260-12. Powers of Rent Leveling Board.

A. The Rent Leveling Board is granted and shall have and exercise, in addition to other powers herein granted, all powers necessary and appropriate to see that the purposes of this chapter are carried out and executed, including but not limited to the following:

(1) To issue and promulgate such procedural rules and regulations as it deems necessary to implement the purposes of this chapter, which rules and regulations shall have the force of law until revised, repealed or amended from time to time by the Board in the exercise of its discretion, provided that such rules are filed with the City Clerk. The

Municipal Council may reject any rules of the Board within sixty (60) days of the issuance of such rule and such rejected rule shall be deemed null and void and be of no force.

(2) To supply information and assistance to landlords and tenants to help them comply with the provisions of this chapter.

(3) To hold appeals hearings and adjudicate appeals from tenants for reduced rental in accordance with provisions of this chapter.

(4) To hold hearings for hardship, capital improvement and rent reduction applications in accordance with the provisions of this chapter.

B. The Board shall give both landlord and tenant reasonable opportunity to be heard before making any determination. All determinations of the Board must be approved as to law and form by the Corporation Counsel prior to release. All Board determinations must be in writing.

C. The Board may designate any one (1) of the following persons as hearing officers to conduct hearings pursuant to this chapter: any one (1) of its members or any person who was employed by the city to the position of hearing officer. Such hearing officer shall, within five (5) days after the conclusion of the hearing, file a written report with the Board. Said report shall contain the names and addresses of the parties to the hearing, names and addresses of all witnesses other than parties who testified at the hearing, the detailed findings of fact and conclusions of law, a recommended decision and the detailed basis for the recommendation. Attached to the report shall be all documents and papers received in evidence and the tape recording or transcript of the hearing. A copy of the report alone shall be mailed or served upon each party to the hearing. The parties may file written exceptions to the report with the Board. However, no exceptions shall be considered by the Board unless the same has been filed with the Board within ten (10) days from the date the copy of the report is received by the party submitting the exceptions. The Board shall consider the report and any exceptions to said report and shall render a decision promptly to either adopt, reject or modify the hearing officer's recommended decision. **[Amended 4-23-1987 by Ord. No. C-451]**

D. The final decision or order of the Board shall be in writing or stated in the record of the Board's proceedings. Findings of fact, if set forth by reference to the language of this chapter, shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. The parties shall be notified either personally or by certified mail of the final decision.

§ 260-13. Appeal of Board's decision. [Amended 7-19-1991 by Ord. No. McC-340[1]]

Both landlord and tenant may appeal the findings of any determination of the Board to a court of competent jurisdiction according to law. The landlord shall provide written notice to each

[1] **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

tenant of any such appeal or complaint and shall certify to the Administrator that notice has been given. Failure to so certify in any case shall be a violation of this chapter punishable by a minimum fine of $100 and maximum penalties as provided in Chapter 1, General Provisions, § 1-25.

Editor's note—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

§ 260-14. Required services; heating systems. [Amended 4-8-1992 by Ord. No. 92-022]

A. During the term of this chapter, the landlord shall maintain the same standards of service, heating, maintenance, furniture, furnishings and equipment in the housing space and dwelling as he or she provided or was required to do by law or lease at the date the lease was entered into.

B. When services, care or maintenance or when the standards of service, heating, maintenance, furniture, furnishings and equipment in the housing space or dwelling are not substantially maintained as specified above, any tenant may apply to the Rent Leveling Board for a decrease in rent. A copy of said application shall be served upon the landlord and all other tenants setting forth, in detail, the reasons for such applications. At least 20 days shall elapse before a hearing thereon can be set.

C. Conversion of a central heating system paid for by the landlord to an individual dwelling heating system unit paid for by the tenant shall be considered a reduction of services. Any landlord who makes such heating conversion shall notify his or her tenants of their entitlement to a rental decrease commensurate with the additional cost to the tenant.

D. The two-year period provided under § 260-7 within which a tenant may apply to the Rent Leveling Board for a decrease in rent based on reduction of service shall not commence until the landlord provides each tenant with written notice of a tenant's entitlement to a rent reduction based on the conversion.

§ 260-15. Provisions retroactive.

No landlord shall after the effective date of this chapter charge any rents in excess of what he or she was receiving from the effective date of this chapter except for increases as authorized by this chapter; nor shall such landlord charge any rents in excess of what he or she was receiving on January 11, 1973, if such excess is in excess of the rental which is authorized by this chapter.

§ 260-16. Computations to be rounded off.

In computing rental increases and surcharges as provided under this chapter, all amounts so computed may be rounded off to the nearest dollar in accordance with generally accepted accounting principles.

§ 260-17. Violations and penalties. [Amended 10-8-2025 by Ord. No. 25-105]

A violation of any provisions of this chapter, including but not limited to the filing with the Rent Leveling Board or the Administrator of any material misstatement of fact, shall be punishable as provided in

Chapter 1, General Provisions, § 1-25. A violation affecting more than one tenant shall be considered a separate violation as to each tenant per day of the continuing offense. Violations of multiple provisions of this Code shall be considered a separate violation as to each provision.

1. For each violation of this chapter, the violator shall be subject to a mandatory fine of not less than $100.00 and not more than $2,000.00.

Editor's note—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

§ 260-18. Construal of provisions.

This chapter being necessary for the welfare of the city and its inhabitants shall be liberally construed to effectuate the purposes thereof.

§ 260-19. When effective; other provisions supplemented.

A. This chapter shall remain in effect until the Council determines, by ordinance, that rent control is no longer necessary in the City of Jersey City and that it is in the public interest to permit the unrestrained operation of the competitive rental market.

B. All provisions of Chapter 218, Multiple Dwellings, of the Jersey City Code as amended and supplemented by this chapter be and they are hereby readopted.

§ 260-20. Nonoccupant owner registration of dwelling units. [Added 2-11-1988 by Ord. No. C-674]

A. The nonoccupant owner of any dwelling of one to four units which is let or rented for residential use shall file a statement with the Rent Leveling Board registering such unit.

B. The statement shall contain:

(1) The total number of units in each dwelling rented, the address of each dwelling, the number of persons living in each dwelling unit, the number of rooms in each dwelling unit and the square footage of each dwelling unit.

(2) The home address and telephone number where the owner or an agent authorized to act on the owner's behalf with respect to the maintenance of the property can be reached during regular business hours.

(3) The address and telephone number of an agent capable of responding to or relaying emergency notices and messages concerning the dwelling at any time.

C. If the owner is a corporation or entity other than an individual, in addition to the information requested in Subsection B above, the statement shall also contain:

(1) The home address and telephone number of each principal owner as requested above.

(2) The address of the corporation and registered agent.

D. From November 1 through March 31 of each year, each telephone number listed in the registration statement shall be equipped with an answering device capable of receiving and recording messages from any tenant calling with regard to maintenance.

E. Owners shall file an amended statement within seven days of any change in the information required to be filed with the Rent Leveling Board.

F. Owners have 30 days after the effective date of this chapter to comply with its requirements.

§ 260-21. Scope of exemptions from rent increase limitations. (Added 9-24-2025 by Ord. No. 25-099)

A. In accordance with the Newly Constructed Multiple Dwellings Act, N.J.S.A. 2A:42-84.2, Jersey City affirms that exemptions granted thereunder apply only to those provisions of Chapter 260 which directly limit the periodic or regular increases in base rentals, and do not extend to any other administrative, disclosure, or registration requirement of Chapter 260. Likewise, except for the sole provisions of Chapter 260 which directly limit the periodic or regular increases in base rentals, no dwelling, landlord, or owner, regardless of rent control status, is exempt from any other provision of Chapter 260.

   1. For purposes of subsection (A), the provisions of Chapter 260 that limit the periodic or regular increases in base rentals are § 260-3(A) and § 260-3(B).

B. Subsequent compliance is effective only prospectively and does not legalize or validate any rent increase taken during noncompliance.

C. This section describes existing law. The administrative requirements in subsection (A) have been continuously in effect and enforceable since their respective dates of enactment. Consistent with N.J.S.A. 2A:42-84.6, this section operates within the limitations imposed by the State act.

ARTICLE II

Hours of Retail Businesses

[Adopted 7-14-1987 as Ord. No. C-514; amended in its entirety 10-8-1987 as Ord. No. C-608; amended 9-24-2003 by Ord. No. 03-126; amended 7-14-2004 by Ord. No. 04-067]

§ 263-2. Purpose; findings. [Amended 8-4-2010 by Ord. No. 10-101]

A. The purpose of this Article regulating business hours of restaurants and retail sales and services businesses on described portions of Communipaw Avenue, Franklin Street, Kennedy Boulevard, Martin Luther King Drive, Monticello Avenue, Ocean Avenue, Pacific Avenue, Palisade Avenue, Sip Avenue, Summit Avenue, and Paterson Plank Road and Secaucus Road is to:

(1) Decrease noise and disturbance associated with the large crowds of juveniles and young adults which congregate around retail businesses, especially fast-food businesses on these streets.

(2) Discourage the criminal activities, especially drug-related criminal activities, on these streets.

B. From evidence provided by residents of the neighborhoods of the vicinity of Communipaw Avenue, Franklin Street, Kennedy Boulevard, Martin Luther King Drive, Monticello Avenue, Ocean Avenue, Pacific Avenue, Palisade Avenue, Sip Avenue, Summit Avenue, and Paterson Plank Road and Secaucus Road, and by the Department of Public Safety, the City Council finds that: [**Amended 9-11-2013 by Ord. No. 13-081**]

(1) Retail fast food establishments and retail sales and services businesses on the described portions of these twelve (12) streets provide a haven for criminal activities and that these activities are difficult to control while these establishments remain open.

(2) Crowds of juveniles and young adults are attracted to the neighborhoods of the described portions of Communipaw Avenue, Franklin Street, Kennedy Boulevard, Martin Luther King Drive, Monticello Avenue, Ocean Avenue, Pacific Avenue, Palisade Avenue, Sip Avenue, Summit Avenue, and Paterson Plank Road and Secaucus Road, by fast food establishments and retail sales and services businesses, which remain open during late-night hours when such establishments in other parts of the city have closed.

(3) Encouraged by the presence of fast-food restaurants and retail sales and services businesses, these crowds of juveniles and young adults congregate not only on the main streets but on the adjoining residential streets and parking lots; residents of these neighborhoods who attempt to use the streets are harassed by panhandlers and by rowdy and even malicious juveniles.

(4) These youths and young adults create a disturbance in the neighborhood which prevents residents from sleeping and walking the streets and from enjoying the peace and quiet of their homes.

(5) These youths and young adults harass neighborhood residents and pedestrians and cause them to fear for their personal safety and causing an increase in the need for police presence and calls for police service.

(6) The presence of all-night food establishments and retail sales and services businesses has increased the volume of noise in these neighborhoods as a result in the increase of automobile and pedestrian traffic. The increase in automobile traffic is accompanied by loud radios, car horns and running automobile engines; the increase in pedestrian traffic by loud belligerent behavior, fights and general commotion on the streets.

(7) The all-night operation of restaurants and retail sales and services businesses has left the streets in these areas covered with debris from food wrappings, bottles, cans and decomposing food products.

§ 263-3. Definitions.

As used in this Article, the following terms shall have the meanings indicated:

RETAIL SALES AND RETAIL SERVICES BUSINESSES and RESTAURANTS — In accordance with the Zoning Ordinance of the City of Jersey City, Chapter 345.

§ 263-4. Businesses to be closed during certain hours; exceptions. [Amended 8-4-2010 by Ord. No. 10-101]

A. Subject to Subsection B, no restaurant or retail sales establishment shall conduct any business between the hours of 11:00 p.m. and 5:00 a.m. of the next day in any of the following districts of Jersey City: **[Amended 1-13-2016 by Ord. No. 15-176**

Name of Street	From	To
Communipaw Avenue	Martin Luther King Drive	Grand Street
Communipaw Avenue	Monticello Avenue	Westside Avenue
Communipaw Avenue	Pine Street	Manning Avenue
Franklin Street	Central Avenue	Palisade Avenue
Kennedy Boulevard	North Street	Secaucus Road
Martin Luther King Drive	McAdoo Avenue	Communipaw Avenue
Monticello Avenue	Communipaw Avenue	Orchard Street
Ocean Avenue	Bayonne Line	Bramhall Avenue
Pacific Avenue	Communipaw Avenue	Grand Street
Palisade Avenue	Beacon Avenue	North Street
Rose Avenue	Cator Avenue	Danforth Avenue
Sip Avenue	Summit Avenue	Bergen Avenue
Summit Avenue	North Street	Secaucus Road
Paterson Plank Road and Secaucus Road	Central Avenue	Summit Avenue

B. The restriction upon business hours imposed by Subsection A shall not apply to pharmacies or other holders of plenary retail distribution licenses under the Alcoholic Beverage Law, N.J.S.A. 33:1-1 et seq.; except that the holders of such licenses may not conduct any business between the hours of 11:00 p.m. and 5:00 a.m. other than that permitted by N.J.S.A. 33:1-40.3 and Chapter 84, Alcoholic Beverages.

C. Subject to Subsection B, no restaurant or retail sales establishment shall conduct any business between the hours of 12:00 a.m. and 5:00 a.m. of the next day in any of the following districts of Jersey City: **[Added 8-10-2011 by Ord. No. 11-088; amended 5-23-2012 by Ord. No. 12-069]**

Name of Street	From	To
Central Avenue	Manhattan Avenue	North Street
Bowers Street	Cambridge Avenue	Central Avenue
Bergen Avenue	Jewett Avenue	Highland Avenue
Montgomery Street	Jordan Avenue	Boland Street

§ 263-5. Exemptions from closing regulations to be approved; procedure. [Amended 9-11-2013 by Ord. No. 13-081]

A. Existing Establishments. Owners or operators of existing restaurants or retail sales and retail services businesses may apply to the Director of Public Safety for an exemption from the provisions of this Article. By application on a form to be devised by the Director, the applicant must demonstrate:

(1) A history of remaining open past 11:00 p.m. on a regularly scheduled basis for a period of one year or more prior to the date of application; and

(2) That the owners or operators have never been found guilty under the provisions of N.J.S.A. 2C:33-12 or N.J.S.A. 2C:33-12.1 relative to the restaurant or retail sales or retail services businesses that is the subject of the application.

The Director shall review the application and shall have Department of Public Safety records reviewed relative to the address for which the application is submitted. The Director shall consider the amount of Department of Public Safety activity related to the particular restaurant or business, including but not limited to the number of arrests effected on the particular premises and the number of police responses dispatched to the premises over the course of one year prior to the date of the application.

B. Other Establishments. Owners or operators of restaurants and retail sales and retail services businesses that were not in existence at the time of this ordinance's enactment or for those restaurants and retail sales and retail services businesses that do not meet the requirements of 263-5A (1) and (2) above, may apply to the Director of Public Safety for an exemption from the provisions of this Article. By application on a form to be devised by the Director, the applicant must demonstrate to the Director's satisfaction that the operation of the establishment between the prohibited hours would not likely cause the activities and occurrences which were meant to be eliminated by this Chapter.

The Director shall review the application and shall have Department of Public Safety records reviewed relative to the particular address or area for which the application is submitted. The Director shall consider the amount of Department of Public Safety activity related to the particular business if such business existed prior to the application (at the requested location or any other location), including but not limited to the number of arrests effected on the particular premises and the number of police responses dispatched to the premises. The Director shall further consider the history of similar businesses in the area, the owner or operators history of operating other restaurants or businesses in and out of the area, and the specific prophylactic measures proposed by the owner/operator to eliminate all detrimental activities and occurrences.

C. If, in the discretion of the Director, the restaurant or retail sales or retail services business can conduct activity past the hour of 11:00 p.m. without adversely affecting the safety and welfare of the residential area surrounding the area subject to this regulation, the Director shall issue a written exemption on a form to be prescribed by the Director, which so states. The form shall be posted conspicuously in the restaurant business establishment by the owners or operators and shall be effective only when posted.

D. The exemption may be withdrawn by the Director at any time on twenty-four (24) hours notice to the owners or operators and an opportunity to be heard. Notice is effective upon leaving at or posting upon the premises a written notice so stating the withdrawal. An exemption shall be withdrawn upon a finding by the Director that the particular establishment no longer meets the criteria for exemption outlined above.

ARTICLE III
Use of Disposable Plastic Carryout Bags Prohibited

§ 263-6. Definitions.
[Added 6-27-2018 by Ord. No. 18-065]

CARRYOUT BAG shall mean a bag provided by a retail establishment to a customer at the point of sale for customers but shall not include:

(1) Bags, whether plastic or not, in which loose produce or products are placed by a consumer to deliver such items to the point of sale or check-out area of a retail establishment;

(2) Laundry or dry-cleaning bags;

(3) Newspaper bags:

(4) Bags used to contain or wrap frozen foods, meat, fish, or other items, whether prepackaged or not, to prevent or contain moisture;

(5) Bags provided by pharmacists to contain prescription drugs; or

(6) Bags sold in packages containing multiple bags intended for use as garbage, pet waste, or yard waste bags.

DISPOSABLE PLASTIC CARRYOUT BAG shall mean a bag, made of plastic, which is not a reusable bag.

FOOD SERVICE ESTABLISHMENT shall mean any establishment which serves made- to-order food or beverages for dine-in, take-out or delivery, but not including food trucks and mobile food carts.

RECYCLABLE shall mean material that can be sorted, cleansed, and reconstituted using Jersey City's available recycling collection programs for the purpose of using the altered form in the manufacture of a new product. "Recycling" does not include burning, incinerating, converting, or otherwise thermally destroying solid waste.

RECYCLABLE PAPER BAG shall mean a paper bag that is 100% recyclable and contains at least 40% post-consnmer recycled content and displays the words "Recyclable" and "made from 40% post-consumer recycled content" in a visible manner on the outside of the bag.

RETAIL ESTABLISHMENT shall mean any commercial enterprise, whether or not operated for profit, including, but not limited to, mercantile establishments, department stores, food service establishments, restaurants, pharmacies, convenience and grocery stores, liquor stores, supermarkets, clothing stores, seasonal and temporary businesses, jewelry stores, and stores which sell household goods, or any other commercial establishment not specifically identified herein, which utilizes disposable plastic carryout bags for the conveyance of merchandise, but excluding bazaars or special events operated by a nonprofit organization or religious institution.

REUSABLE BAG shall mean a bag with handles that is specifically designed and manufactured for multiple reuse and is either made from polyester, polypropylene, cotton or other durable material or plastic which is at least 2.25 mils in thickness and meets the following criteria:

(1) Has a minimum lifetime capability of 125 or more uses carrying 22 or more pounds over a distance of at least 175 feet: and

(2) Is capable of being washed so as to be cleaned and disinfected multiple times.

§ 263-7. Use of reusable and recyclable carryout bags mandatory.
[Added 6-27-2018 by Ord. No. 18-065]

All retail establishments shall provide customers only reusable bags and/or recyclable paper bags. No retail establishment shall provide any single-use, plastic carryout bags to a customer at the checkout stand, cash register, point of sale, or other point of departure for the purpose of transporting products or goods out of the business or store, except as otherwise provided in this Chapter.

Nothing in this section shall be read to preclude retail establishments from making reusable bags available for sale to customers or from customers using their own reusable bags.

§ 263-8. Violations and penalties.
[Added 6-27-2018 by Ord. No. 18-065]

The penalty for a violation of this Chapter shall be as provided in Chapter 1, General Provisions, § 1-25, except that retail establishments found to be in violation of this Chapter shall be subject to a minimum fine of $100.00 per infraction.

§ 263-9. Severability.
[Added 6-27-2018 by Ord. No. 18-065]

If any sentence, section, clause or other portion of this Article, or the application thereof to any person or circumstance, shall for any reason be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair or repeal the remainder of this Article.

§ 263-10. Exemptions.
[Added 6-27-2018 by Ord. No. 18-065]

Items required to be sold or delivered in plastic bags in compliance with state and federal food safety and disposal laws are exempt from the provisions of this Article.

§ 263-11. Enforcement.

The provisions of this article shall be enforced by the Department of Public Safety's Division of Quality of Life. **[Added 9-23-2020 by Ord. No. 20-074]**

ARTICLE IV
Distribution of Plastic Straws and Single-use Food and Beverage Accessories

§ 263-12. Definitions. [Added 9-11-2024 by Ord. No. 24-068]

As used in this section, the following terms have the following meanings:

EATING UTENSIL — A tool for eating and drinking, such as knives, forks, spoons or chopsticks.

EXTRA EATING CONTAINER — An empty eating container that is not used to hold a customer's food or beverage.

FOOD SERVICE ESTABLISHMENT — A premises where food is provided directly to a consumer whether such food is provided free of charge or sold, and whether consumption occurs on or off the premises or is provided from a pushcart, stand or vehicle. Food service establishment shall include, but not be limited to, full-service restaurants, fast food restaurants, cafes, delicatessens, coffee shops, bars, nightclubs, grocery stores, vending trucks or carts and cafeterias.

SELF-SERVE STATION — A designated area or mechanical dispenser in a food service establishment where consumers access eating or drinking utensils and accessories.

SINGLE-USE FOOD AND BEVERAGE ACCESSORIES — Any item used with food and beverages, such as cups, lids, beverage sleeves, containers, closures, trays, plates, forks, knives, spoons, chopsticks, stirrers, other utensils, wrapping materials, condiment packets, portion cups and all similar articles that are intended for one-time use. Straws are intentionally omitted from inclusion within this definition.

§ 263-13. Distribution of plastic straws/stirrers, single-use food and beverage accessories, sale and/or use prohibited; permitted use. [Added 9-11-2024 by Ord. No. 24-068]

Single-use food and beverage accessories and extra eating containers shall not be provided unless requested by the customer.

A food service establishment shall be permitted to establish a utensil and condiment self-service area for customers to self-select utensils and condiment packets, except that no self-service area may contain disposable plastic straws or disposable plastic stirrers.

If a food service establishment fulfills an order placed via a third-party food delivery service, it may rely on the information provided by said service regarding whether the customer has requested eating utensils, condiment packets, napkins, or extra eating containers in accordance with this section.

§ 263-14. Exemptions. [Added 9-11-2024 by Ord. No. 24-068]

The following are exempt from the prohibitions of Section 263-13:

- Prepackaged drinks.
- Use by individuals requiring plastic straws due to disabilities.
- Non-plastic alternatives to single-use accessories.

§ 263-15. Alternatives. [Added 9-11-2024 by Ord. No. 24-068]

Nothing in this section precludes a food service establishment from using, providing, distributing or selling non-plastic alternatives.

§ 263-16. Enforcement; violations and penalties. [Added 9-11-2024 by Ord. No. 24-068]

Any food service establishment found in violation of this chapter shall be issued an initial written warning and shall have 30 days to correct the violation. After an initial written warning notice has been issued, the violator shall be subject to the following penalties:

(1) A minimum fine of $25.00 for the first violation;

(2) A minimum fine of $50.00 for the second violation; or

(3) A minimum fine of $100.00 for the third and any subsequent violations.

Chapter 266

REWARDS

§ 266-1. Reward for information leading to apprehension of persons accused of crime.
§ 266-2. Payment of reward.
§ 266-3. Eligible persons.

[HISTORY: Adopted by the Council of the City of Jersey City 9-30-1992 as Ord. No. 92-131. Amendments noted where applicable.]

§ 266-1. Reward for information leading to apprehension of persons accused of crime.[1]

The City of Jersey City offers a reward not exceeding one thousand dollars ($1,000.) for information leading to the detection and apprehension of any person guilty of murder, kidnapping, burglary, robbery, arson or other heinous crime in Jersey City.

§ 266-2. Payment of reward.

Such reward is to be payable after conviction out of a fund established for this purpose.

§ 266-3. Eligible persons.

The reward may be paid to any person or persons whom the governing body may in its discretion consider entitled thereto, but no reward shall be paid to any public employee whose duty is to investigate or to enforce the law.

ARTICLE I
Liquidation Sales
[Adopted 5-4-1971 as Ch. 8, Art. X, of the 1971 Jersey City Code, as readopted 9-19-1978 by Ord. No. S-128]

§ 269-1. Definitions.

As used in this article:

DIRECTOR — The Director of the Division of Commerce. **[Amended 8-13-1997 by Ord. No. 97-052]**

PUBLISH, PUBLISHING, ADVERTISEMENT and ADVERTISING — Any and all means of conveying to the public notice of sale or notice of intention to conduct a sale, whether by word of mouth, by newspaper advertisement, by magazine advertisement, by handbill, by written notice, by printed notice, by printed display, by billboard display, by poster, by radio announcement and any and all means, including oral, written or printed.

SALES — The sale or an offer to sell to the public goods, wares and merchandise of any and all kinds and descriptions on hand and in stock in connection with a declared purpose, as set forth by advertising on the part of the seller that such sale is anticipatory to the termination, closing, liquidation, revision, wind up, discontinuance, conclusion or abandonment of the business in connection with such sale. It shall also include any sale

advertised to be a fire sale, adjustment sale, creditor's sale, trustee's sale, liquidation sale, reorganization sale, alteration sale, executor's sale, administrator's sale, insolvent sale, insurance sale, insurance salvage sale, mortgage sale, assignee's sale, adjuster's sale, receiver's sale, loss-of-lease sale, wholesaler's closeout sale, creditor's committee sale, forced-out-of-business sale, removal sale and any and all sales advertised in such manner as to reasonably convey to the public that upon the disposal of the stock of goods on hand, the business will cease and be discontinued. It shall also include a water damage sale regardless of intent to discontinue business.

§ 269-2. License required.

No person shall publish or conduct any sale of the type herein defined without a license therefor.

§ 269-3. License application.

Any person intending to conduct a sale of goods, appliances, chattels or merchandise of any nature and character whatsoever in connection with the liquidation of the business of such person or to conduct a sale incident to going out of business shall apply to the Director for a license to conduct the sale. Application shall be made upon a form to be provided by the Director.

§ 269-4. Contents of application; fee.

A. Application for such a sale license shall be in writing, verified under oath, and shall include the following:

(1) The name of the operator of the sale.

(2) A description of the place where such sale is to be held.

(3) The nature of the occupancy, whether by lease or sublease, and the effective date of termination of such occupancy.

(4) The means to be employed in publishing such sale, together with the proposed content of any advertisement.

(5) An itemized list of the goods, wares and merchandise to be offered for sale, including the true name of the goods to be offered for sale.

(6) The place where such stock was purchased or acquired and, if not purchased, the manner of such acquisition.

(7) A statement by the applicant that all personal property taxes assessed on the stock by the city have been paid. Failure to have personal property taxes current shall result in the refusal of a license.

(8) Any additional information the Director may require.

B. A fee as provided in Chapter 160, Fees and Charges, shall accompany the application. **[Amended 6-14-1995 by Ord. No.**

(Cont'd on page 26903)

§ 269-5. License issuance; renewal.

A. Upon receipt of the application the Director shall check the accuracy of such inventory so submitted and all other matters pertaining to the application.

B. If within five (5) days after receipt of the application he or she shall certify to its accuracy, the Director shall issue a license for the conduct of such sale. The license shall be effective for a period of thirty (30) days, exclusive of Sundays and legal holidays in New Jersey, to be computed from the date of the issuance of the license. If the licensee shall desire a renewal of the license, he or she shall file an application for such renewal at least five (5) days prior to the expiration of the original license, which application shall contain a true and correct inventory in like manner as in the first instance. If the inventory is verified by the Director as to accuracy, a renewal license may be issued for a sum as provided in Chapter 160, Fees and Charges, for the extension. A second or subsequent renewal license may be had in like manner upon filing a similar application and shall be effective for a period of thirty (30) days, exclusive of Sundays and legal holidays in New Jersey, and shall be accompanied by the payment of the sum as provided in Chapter 160, Fees and Charges, for the renewal.[2]

§ 269-6. Supervision of sales.

The Director is authorized to supervise and regulate sales as defined herein. He or she may make such rules and regulations for the conduct and advertisement of such sales as in his or her opinion will serve to prevent deception and to protect the public. If he or she finds, at any time, any addition to or replenishment of stock-in-trade or inventory other than that originally contained in the applicant's premises, he or she may forthwith declare any license forfeited and of no effect.

§ 269-7. Records to be kept.

A. A duplicate original of the application and stock list shall be available at all times to the Director or to his inspectors, and the licensee shall permit such inspectors to examine all merchandise on the premises for comparison with such stock list.

B. At the close of business each day the stock list attached to the application shall be revised and items of such list disposed of during such day shall be noted thereon.

C. Suitable books and records as prescribed by the Director shall be kept by the licensee and shall be available at all times to the inspectors of the Division.

§ 269-8. Contents of advertising.

A. All advertising shall be descriptive of the nature of such sale as stated in the application. The language in such advertising shall be identical with the advertising content as indicated in the application.

---

[2] **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

B. It shall be unlawful to indicate in such advertising, either directly or indirectly, that such sale is held with the approval of the Director.

C. Such advertising shall contain a statement in the following words and no other: "Sale held pursuant to License No. _____ of the City of Jersey City granted the _____ day of _____" and in such blank spaces the license number and the requisite dates shall be indicated.

§ 269-9. Display of license.

Upon a commencement of any such sale, the license therefor shall be conspicuously displayed near the entrance to the premises.

§ 269-10. Persons exempt.

The following persons shall be exempt from the provisions of this Article:

A. Persons acting pursuant to an order of the process of a court of competent jurisdiction.

B. Sheriffs and marshals acting in accordance with their powers and duties as public officers.

C. Duly licensed auctioneers, selling at auction.

§ 269-11. Application fee.[3]

Upon filing an application for an original or renewal license to advertise and conduct such sale, the applicant shall pay to the Director a fee as provided in Chapter 160, Fees and Charges. If any such application shall be disapproved, such payment shall be forfeited to the Director to defray the cost of investigating the statements contained in such application.

---

GENERAL REFERENCES

Auctioneers — See Ch. 93.
Fees and charges — See Ch. 160.
Junkyards — See Ch. 202.

§ 275-1. Definitions. [Amended 4-23-2003 by Ord. No. 03-054]

As used in this chapter, the following terms shall have the meanings indicated:

SECONDHAND DEALER - CLASS A — Any person who deals in the purchase or sale of secondhand items, as follows:

Items of every kind, e.g. furniture, clothes, toys, but not those items specifically listed under Secondhand Dealer - Class **B. [Amended 2-10-1999 by Ord. No. 99-009]**

SECONDHAND DEALER - CLASS B — Any person who deals in the purchase or sale of secondhand items which include the following:

A. Manufactured items composed wholly or in part of gold, silver, platinum or other metals.

B. Old gold, silver or platinum or items containing such precious metals. **[Amended 11-12-1980 by Ord. No. S-516]**

C. Items comprised of gold, silver or platinum for the purpose of melting or refining.

D. Precious metals for the purpose of melting.

E. Purchase or sale of pawn tickets or other evidence of pledged articles or in the redemption or sale of pledged articles.

F. Paintings, coins, stamps, baseball cards, cameras, business machines or electronic equipment. **[Added 2-10-1999 by Ord. No. 99-009]**

§ 275-2. Nonapplicability. [Amended 11-12-1980 by Ord. No. S-516; 2-10-1999 by Ord. No. 99-009]

This chapter shall not apply to transactions involving the following secondhand items:

A. Pianos, books, magazines, rugs, tapestries, artists' burlaps, paintings, sculpture, drawings, etchings and engravings.

B. The first purchase or sale in the country of any imported secondhand articles.

C. The acceptance of merchandise in a new condition as an exchange or return for credit or refund, if such merchandise was originally purchased as new from the person accepting or receiving the same; nor to any resale of such merchandise as new merchandise or the first subsequent nonretail or exchange of such merchandise as used merchandise.

D. The acceptance or receipt of merchandise in a used condition as an exchange or return for credit or refund, if such merchandise was originally purchased as new merchandise from the person accepting or receiving the same; nor to the first subsequent nonretail sale or exchange of such merchandise.

E. The first sale, at retail, of merchandise which has been rebuilt by the manufacturer or vendor originally manufacturing it, or the licensed agents thereof, and sold as factory rebuilt merchandise.

F. A thrift shop, as defined under the United States Internal Revenue Code, enTitled to an exemption as an eleemosynary corporation or institution.

§ 275-3. License required; expiration; fee. [Amended 11-12-1980 by Ord. No. S-516; 4-23-2002 by Ord. No. 03-054]

A. It shall be unlawful for any person to act as a dealer in secondhand articles without either a Class A or B license therefor.

B. There shall be two types of licenses: a general license and a temporary license. **[Amended 2-11-1998 by Ord. No. 98-004; 2-10-1999 by Ord. No. 99-009]**

(1) A general license shall authorize the licensee to do business as a dealer in secondhand articles within the city during the license period for a period of one year, provided that said licensee has a permanent place of business in this city. A general license shall expire on December 31 of each year. The initial license fee following the change in expiration date will be subject to proration by the Division of Commerce.

(2) A temporary license shall authorize the licensee who has no permanent place of business in the city to buy or sell secondhand items in the city during a period of 30 days commencing on the date of the issuance of the temporary license.

§ 275-4. License application; forms. [Amended 11-12-1980 by Ord. No. S-516; 2-10-1999 by Ord. No. 99-009]

A. Secondhand dealer licenses shall be issued by the Director of Commerce on forms printed in book form with corresponding stubs for each license. These forms shall be consecutively numbered, with suitable blank spaces for the name and business address of the licensee, the type of license issued, the location and the amount of the fee paid.

B. Applicants for a temporary license shall set forth the address where he or she is staying during the period of the temporary license and the licensee's permanent residential address where he or she can be contacted after the license period.

C. Applicants for a license under this chapter must file with the Director an application containing the following information:

(1) Name and description of the applicant. Individuals operating under a trade name must present a certified copy of the trade name certificate filed in the Hudson County Clerk's office. A partnership conducting business, whether or not under a trade name, must submit a certified copy of the partnership certificate filed in the Hudson County Clerk's office when the partnership was formed. A corporation must furnish a copy of the filing receipt for the certificate of incorporation from the New Jersey Secretary of State. A corporation from outside the State of New Jersey must furnish proof of its authority from the Secretary of State to do business in the state.

(2) Address of applicant (local and permanent).

(3) A statement that the applicant is of legal age to obtain such a license.

(4) A statement that the applicant is a citizen or legal resident of the United States and whether citizenship was obtained by birth or naturalization; if by naturalization, the date and place where obtained. The naturalization certificate or the permanent Board of Elections personal registration card may be used as proof of citizenship.

(5) A statement as to whether or not the applicant has ever been convicted of or is now under any charge of any crime, misdemeanor or violation of any municipal ordinance, the nature of the offense and the punishment or penalty assessed therefor and such other facts or evidence as is deemed necessary to establish that the applicant is a person fit and capable of properly conducting the business for which the license is sought.

(6) A description of the exact type of business the applicant intends to conduct.

(7) The name and address of the owner or owners of the land and the nature of the right of occupancy of the applicant to the use of such land.

(8) Two photographs of the applicant, taken not more than 60 days prior to the filing of the application, which photographs shall be two inches by two inches, showing the head and shoulders of the applicant in a clear and distinguishing manner. Two photographs and fingerprints are required of each individual applicant; two photographs and fingerprints are required of each partner; no photographs are required of corporate applicants, but all officers must be fingerprinted, as well as any stockholder of 10% or more of the stock.

(9) If the applicant is a corporation, the name, address and title of the officer of the corporation upon whom process or other legal notice may be served.

D. Each applicant must submit to a criminal history search, including fingerprinting, by the Department of Public Safety. The applicant must have two bona fide forms of identification and must be fingerprinted by the Bureau of Criminal Investigation, Jersey City, New Jersey. The Division of Commerce* shall secure from the applicant the required fees in the form of a money order or certified **check. [Amended 9-11-2013 by Ord. No. 13-081]**

E. The Division of Commerce shall keep a record of all licenses issued, as well as any other matters herein described.

F. No license shall be granted under this chapter to any dealer in secondhand articles:

(1) Who has been convicted of any crime or offense under the laws of the State of New Jersey or any state in the union or under the laws of the United States government which constitutes a crime of moral turpitude, dishonesty or which reflects adversely upon the applicant's ability to operate his business honestly:

(2) Who has been found by any court of the state to have practiced any fraud, deceit or misrepresentation in the conduct of the secondhand dealer business unless the Division of Commerce shall decide upon the facts presented that it is proper to issue the license:

(3) Whose license under this chapter has been revoked at any time during the year prior to the time of the application for the license; or

(4) Whose license has been suspended under this chapter and the period of such suspension has not expired at the time of this application for the license.

§ 275-5. Temporary licenses; reports and records. [Added 11-12-1980 by Ord. No. S-516; Amended 9-11-2013 by Ord. No. 13-081]

All temporary licensees shall file certified copies of the records of all their transactions conducted during the license period. In addition thereto, said licensees shall also file certified reports required by this chapter. Said records and reports shall be in duplicate and shall be filed with the Department of Public Safety and the license issuing authority. Said records of transactions and reports shall be filed forthwith upon the expiration of the term of the license. Forthwith shall mean no later than 4:00 of the day following the expiration of the license period.

***Editor's Note: There shall be a $10 fee for the processing of a local background check by the Bureau of Criminal Investigation, Department of Public Safety, and a $49 feet payable to the New Jersey State Police for a state and federal background check.**

§ 275-6. License fees; bond; term of license; exemption for nonprofit organizations. [Amended 11-12-1980 by Ord. No. 5-516; 6-14-1995 by Ord. No. 95-0505; 2-10-1999 by Ord. No. 99-009]

A. General licenses for secondhand dealers shall be for a term of one year and shall be issued as of January 1 of each year and shall expire on December 31 of each year. The license fee for such general license shall be as provided in Chapter 160, Fees and Charges.

B. Temporary licenses for secondhand dealers shall be for a period of 30 days. The fee for such license shall be as provided in Chapter 160, Fees and Charges.

C. Each secondhand dealer shall file an approved bond in favor of the city. Said bond shall be conditioned and guaranteed for the due observance and compliance with the provisions of this chapter by the licensee. In the event that the licensee shall fail to observe or comply with the provisions of this chapter, said bond shall be forfeited in favor of the city. The bond shall be in the general sum of $1,500; provided, however, the Director shall have the authority and responsibility of adjusting the amount of the bond to meet the necessity of changed conditions. The license issuing authority shall have the authority and responsibility of approving or disapproving the bond submitted with each application. For this purpose, the license issuing authority shall take into consideration all factors of relevant prevailing conditions for the due observance of the provisions of this chapter.

D. The fee requirements set forth under this section shall not apply to nonprofit organizations established under 26 U.S.C. § 501. Verification that the entity is a duly established nonprofit organization must be enclosed with the license application when submitted to the Director.

§ 275-7. Display of license. [Amended 11-12-1980 by Ord. No. S-516; 2-10-1999 by Ord. No. 99-009]

A. Licenses shall be displayed in a conspicuous place at the licensee's place of business for which it is issued.

B. Licenses are personal to the licensees. A licensee does not go with title to land, nor may it be sold, assigned transferred or disposed of.

§ 275-8. Changes in address.

A secondhand dealer shall report any change of residence or place of business within three days after such change.

§ 275-9. Rendering of public service.

When called upon, a secondhand dealer shall render any public service within the scope of the license unless he or she is actually unable to do so.

§ 275-10. Record book; contents. [Amended 11-12-1980 by Ord. No. S-516; 9-23-2014 by Ord. No. 14-104]

A. Every secondhand dealer shall complete a transaction receipt and shall electronically submit said receipt in a method as prescribed by the Director of Public Safety, in which every purchase and sale shall be legibly written in English at the time of the transaction, as follows:

(1) A description of each item involved.

(2) The number or numbers of identification which may appear on each item.

(3) A complete and accurate description of each, item or piece comprising old gold, silver, platinum or other metals and of any monograms, inscriptions, marks or other identification thereof,

(4) The name, residence and general description of the person from whom such purchase was made and to whom sold, as follows:

(a) DOB;

(b) Height;

(c) Weight;

(d) Hair color;

(e) Eye color;

(f) Facial hair;

(g) Employer; and

(h) Thumbprint of customer.

(5) The day and the hour of the purchase or sale.

(6) A photograph of the item.

B. In the case of a purchase or sale of a pawnbroker ticket or other evidence of a pledged article or a redemption or sale of a pledged article, there shall be recorded in a way as prescribed by the Director of Public Safety at the time of such purchase, sale or redemption:

(1) The name and address of the person who issued such ticket or other evidence.

(2) The pledge number of such pawn ticket or other evidence.

(3) The name and address of the pledgor as it appears upon such pawn ticket or other evidence.

(4) The amount loaned or advanced as it appears on such pawn ticket or other evidence.

(5) The day and hour of such purchase, sale or redemption, as the case may be.

(6) The name, residence and general description of the person from whom or to whom the redeemed article is purchased or sold, as the case may be.

(7) The sum paid or received for such pawn ticket or other evidence or the sum paid or received for the redeemed article or pledge.

(8) Such description of a pledged article as appears on such pawn ticket or other evidenced and an accurate description of every redeemed pledged article.

C. Every dealer in secondhand articles who receives secondhand articles on consignment shall keep a record, in the above-prescribed book, describing the articles and the name and description of the person or dealer such items are received from. **[Added 2-10-1999 by Ord. No. 99-009]**

D. As between dealers, all transactions shall be recorded in the above-prescribed book and legible records kept describing the articles, including a detailed description of all jewelry and costume jewelry. **[Added 2-10-1999 by Ord. No. 99-009]**

E. Duly licensed dealers in secondhand articles shall keep a record of purchases in a bound book, noting the article number on each purchase. All identifiable secondhand articles shall be entered individually in the ledger book and reported individually to the Director of Public Safety for the City of Jersey City at the close of each business day. The daily reporting requirement set forth in this section shall not apply to nonprofit organizations established under 26 U.S.C. § 501. **[Added 2-10-1999 by Ord. No. 99-009; Amended 9-11-2013 by Ord. No. 13-081]**

F. [Added 2-10-1999 by Ord. No. 99-009] Every secondhand dealer shall verify the identity of every person from whom he or she purchases an article and keep a written record of the nature of the evidence submitted such person to prove his or her identity. Each seller must provide two forms of identification, one of which must be a photograph along with one of the following:

(1) Any official document, except a social security account number card, issued by the United States government, any state, county, municipality or subdivision thereof, any public agency or department thereof or any public or private employer which requires and bears the signature of the person to whom it was issued; or

(2) Other identification documentation which, under the circumstances of any particular purchase, would lead a reasonable person to believe to be accurate and reliable when identification under Subsection F(1) is not available.

§ 275-11. Availability of record transaction and items for inspection. [Amended 11-12-1980 by Ord. No. S-516; 2-10-1999 by Ord. No. 99-009; 9-11-2013 by Ord. No. 13-081; 9-23-2014 by Ord. No. 14-104]

The transaction records and items of each secondhand dealer shall, at all reasonable times, be open to the inspection of the personnel of the Department of Public Safety and the Division of Commerce.

§ 275-12. Furnishing record information to Department of Public Safety. [Amended 9-11-2013 by Ord. No. 13-081]

When the Department of Public Safety serves a written notice upon a secondhand dealer to furnish any of the information required to be kept in the dealer's record book, official blank forms for that purpose

shall be furnished by the Department to the dealer. Thereafter, the dealer shall furnish the requested information on these forms to the Director of Public Safety for appropriate consideration and handling.

§ 275-13. Unlawful purchases. [Amended 2-10-1999 by Ord. No. 99-009]

A. It shall be unlawful for any dealer in secondhand articles to engage in selling activities at any place of business designated in such license.

B. It shall be unlawful for any dealer in secondhand articles to purchase any secondhand goods or things from any person whom a dealer knows to be or has reason to believe is a minor.

C. It shall be unlawful for any dealer in secondhand articles to purchase any secondhand goods or articles from any person between the hours of 10:00 in the evening and 7:00 in the morning.

D. It shall be unlawful for any dealer in secondhand articles to sell or dispose of any secondhand articles, except articles purchased from another licensed secondhand dealer, until the expiration of 30 business days after the acquisition by such dealer of such articles. Duly licensed dealers in antiques may sell or dispose of secondhand articles for a period of time less than the expiration of the said thirty-day period, provided that the required records of purchases and sales are kept in accordance with § 275-10.

E. It shall be unlawful for any person licensed as a secondhand dealer to deal in the purchase or sale of any junk, old rope, old iron, brass, copper, tin, lead, rubber, paper, rags, bagging, slush or empty bottles or employ or use a boat, cart or other vehicles for the purpose of collecting any such things or materials unless he or she also holds a junkyard license under Chapter 202.

F. It shall be unlawful for any person licensed as a secondhand dealer to deal in the purchase or sale of secondhand motor vehicles or parts therefrom, the processing of used metals for resale and the dumping, storage, burning and disposal of waste, secondhand or used materials of whatever composition unless he or she also holds a junked license under Chapter 202.

§ 275-14. Lost or stolen goods; report. [Amended 11-12-1980 by Ord. No. S-516; 2-10-1999 by Ord. No. 99-009*; 9-11-2013 by Ord. No. 13-081]

A. Any secondhand dealer who has received any goods, items or things which are the same or which answer the description of being the same as ones advertised in a newspaper printed or circulated in the city as lost or stolen, or suspected of being lost or stolen, shall prepare a report of relevant available information, in writing, including the name and address of the person from whom the item was purchased. This information shall be given to the Department of Public Safety.

B. A secondhand dealer who has in his or her possession or who receives any items which have been lost or stolen or which are alleged to be or are supposed to have been lost or stolen shall remand the lost or stolen property to the Department of Public Safety property room for safekeeping until a disposition is reached as to the identity of the true owner.

***Editor's Note: This ordinance also repealed former §§ 275-14, Waiting period for resale of certain items, as amended 12-11-1980 by Ord. No. S-516, 275-15, Acting as junk dealer unlawful, and 275-17, Exhibition of lost or stolen goods, and renumbered former §§ 275-16, 275-18 and 275-19 as §§ 275-14,275-15 and 275-16, respectively.**

§ 275-15. Complaint procedure; appeals. [Amended 8-13-1997 by Ord. No. 97-052; 2-10-1999 by Ord. No. 99-009]

A. Complaints received by the city against licensed secondhand dealers shall be handled as follows:

(1) Complaints shall be referred to the Director of Commerce.

(2) The Director shall have the power and authority to hear and determine the complaints and to suspend or revoke any secondhand dealer's license. For this purpose the Director may:

(a) Investigate any matter pertaining to the granting, issuing, transferring, revoking, suspending or canceling of a license.

(b) Take any testimony which may be necessary.

(c) Require the appearance of witnesses.

(d) Require the production before the Director of necessary books and papers.

B. The secondhand dealer involved may appeal any final decision of the Director of the Division of Commerce to the Director of the Department of Housing, Economic Development and Commerce within 10 days after service of the decision of the Director of Commerce.

§ 275-16. Violations and penalties. [Amended 11-12-1980 by Ord. No. S-516; 6-14-1995 by Ord. No. 95-050; 2-10-1999 by Ord. No. 99-009]

A. Any person violating any of the provisions of this chapter shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25, provided that a minimum fine may be imposed for no less than $100.

B. Conviction for any offense against the provisions of this chapter shall constitute and effect an immediate forfeiture of the license.

C. In addition to the above-provided penalties and punishment, the Director may maintain an action or proceeding in the name of the City of Jersey City in a court of competent jurisdiction to compel compliance with the provisions of this chapter or to restrain by injunction an offense against this chapter.

ARTICLE IV

Violation and Penalties

§ 276-9. Violations and penalties.

ARTICLE I

Definitions and Prohibition on Second-Use Lithium-Ion Batteries

§ 276-1. Definitions. [Added 4-24-2024 by Ord. No. 24-023]

LITHIUM-ION BATTERY — a storage battery in which an electrical current is generated by lithium ions embedded in a carbon graphite or nickel metal-oxide substrate placed in a high-viscosity carbonate mixture or gelled polymer electrolyte.

POWERED MOBILITY DEVICES — motorized bicycles, motorized scooters and other personal mobility devices powered by a lithium-ion or other storage battery. The term does not include motor vehicles or motorcycles or other mobility devices that must be registered with the New Jersey Motor Vehicle Commission.

SECOND-USE LITHIUM-ION BATTERY — a lithium-ion battery that has been assembled or reconditioned using cells removed from used batteries.

STORAGE BATTERY — a secondary battery in which an ion (H+ from H2O in the nickel-metal hydride system, Li+ in the lithium-ion system) shuttles back and forth between anode and cathode during charge and discharge cycling, without requirement from other reactants.

§ 276-2. Sale of second use lithium-ion batteries prohibited. [Added 4-24-2024 by Ord. No. 24-023]

A. No person shall distribute, sell or offer for sale:

1. A second-use lithium-ion battery;

2. A lithium-ion battery for a powered mobility device unless it has been listed and labeled by the Underwriters' Laboratory or other organizations as may be approved by the Jersey City Division of Fire, and such labeling is disclosed on the battery or on packaging for such battery.

B. No person shall assemble or recondition a lithium-ion battery using cells removed from used storage batteries.

C. Each noncompliant battery shall constitute a separate violation.

ARTICLE II
Lithium-Ion Battery Business Registry

§ 276-3. Lithium-ion battery registry purpose. [Added 4-24-2024 by Ord. No. 24-023]

The purpose of this Section is to require accountability from the sellers of lithium batteries and owners of powered mobility businesses within the City of Jersey City under the direction of the Jersey City Police or Division of Fire by establishing a system of registration and imposition of fees for the prohibited sale of second-use lithium batteries in order to protect public health, safety and general welfare of the citizens. The Division of Fire shall create a registration program and database cataloging each owner of a business which sells or rents lithium-ion batteries for powered mobility devices, sellers of powered mobility devices, and any business which provides charging services for powered mobility devices, or stores lithium batteries in quantities deemed hazardous by the Division of Fire.

§ 276-4. Registration of lithium-ion battery businesses. [Added 4-24-2024 by Ord. No. 24-023]

A. Within thirty (30) days after the effective date of the ordinance, any business which sells, stores or rents lithium-ion batteries and powered mobility devices, including scooters and bicycles, or a business which provides charging services for powered mobility devices, shall file a registration statement for such business with the Division of Fire. The registration shall remain valid for one year. The owner shall be required to renew the registration annually.

B. The owner of the business that sells, stores or rents lithium-ion batteries or powered mobility devices, or provides charging services for powered mobility devices shall notify the Division of Fire within thirty (30) days of any change in the registration information by filing an amended registration statement on a form for such purpose.

C. The registration statement shall be deemed prima facie proof of the statements therein contained in any administrative enforcement proceeding or court proceeding instituted by the City of Jersey City against the owner or owners of the property and business.

D. Registration pursuant to this section shall contain the following information:

1. The name of the business owner, property owner and, if applicable authorized agent or representative;

2. The direct mailing address of the business owner, property owner and, if applicable authorized agent or representative;

3. A direct telephone number for the business owner, property owner and authorized agent or representative;

4. E-mail address for the business owner, property owner and authorized agent or representative;

5. The name and 24-hour contact telephone number of a representative of the local property management company responsible for the security and maintenance of the property; and

6. A certificate of insurance in compliance with N.J.S.A. 40A:10A-1.

E. Each registration shall be submitted either upon forms prescribed and furnished by the Division of Fire or through a web-based or online registration portal in accordance with the Division's specifications and be accompanied by the fee for initial inspection specified in Chapter 160.

F. Upon receipt of a complete registration application, the Division of Fire shall issue the seller a certificate of registration which shall be valid for one year. The seller shall prominently display the certificate of registration in their place of business and may be required to provide any proof of registration to any department official seeking to confirm compliance with this article.

G. Any seller holding a certificate of registration shall be subject to inspections by the Division of Fire.

ARTICLE III

Regulations for Charging Devices that use or contain Lithium-Ion Batteries

§ 276-5. Regulation of charging areas for lithium-ion batteries. [Added 4-24-2024 by Ord. No. 24-023]

A. Powered mobility devices shall be charged in a suitable indoor room or area or outdoor location that:

1. Has sufficient natural or mechanical ventilation in accordance with applicable codes to prevent the accumulation of any flammable or other gases that may be discharged during normal charging operations;

2. Has an adequate electrical supply and a sufficient number of electrical receptacles, approved by the Construction Official, to allow the charging equipment for each device to be directly connected to a receptacle. Extension cords and power strips shall not be used. A minimum of three feet (914 mm) shall be maintained between each device during charging operations;

3. Is not used for the storage of combustible materials, combustible waste or hazardous materials;

4. In premises used by sellers of batteries or powered mobility device businesses;

   a. Is separated by a fire barrier with a minimum one-hour fire-resistance rating from other areas;

   b. Is protected by a fire sprinkler system and one or more smoke detectors or smoke alarms which shall be operational. If the building or occupancy is equipped with a fire alarm system, the smoke detector shall be connected to such system; and

c. Includes a Cell Block HazMat drum or the equivalent for transporting spent, used or damaged batteries. Any such drum containing a battery shall be stored outdoors at least fifteen (15) feet from any combustibles.

5. If the ambient temperature of the room during battery charging operations exceeds the limitations set forth in the manufacturer's instructions or the equipment listing, the room or area shall be temperature controlled to prevent over-heating or other unsafe battery condition; and

6. Is provided with a portable 20-pound ABC fire extinguisher complying with the requirements of the Division of Fire.

B. Battery packs and other removable batteries shall not be stacked or charged in an enclosed cabinet (unless the cabinet is specially designed and approved by the Division for such purpose). Except as otherwise approved by the Division, a minimum distance of two feet (610 mm) shall be maintained between each battery pack or other removable storage battery during charging.

C. Sellers of lithium batteries and powered mobility device business owners shall maintain records of lithium-ion batteries and powered mobility devices in their possession showing the date, place and manner of disposal.

D. The owner of a damaged or overheated lithium-ion battery or powered mobility device shall notify the Division of Fire and shall follow the instructions of the Division pending its response. The owner shall be responsible for the cost of the safe disposal of any battery or powered mobility device and shall reimburse the City for the cost of disposing of any battery or device requiring disposal by the Division of Fire.

E. It shall be unlawful to charge or store a battery for a powered mobility device or to store a powered mobility device within the common areas or basement of any multi-family residential property, containing three or more dwelling units.

§ 276-6. Storage of batteries for use or sale in commercial and multi-dwelling structures. [Added 4-24-2024 by Ord. No. 24-023]

A. Indoor storage rooms or areas used for the storage of batteries for use or sale, but not for charging, shall comply with the requirements of Subsections 276-5(3), (4), and (6).

§ 276-7. Disposal of lithium batteries. [Added 4-24-2024 by Ord. No. 24-023]

A. Lithium-ion batteries shall not be disposed of:

1. By depositing as solid waste in ordinary non-designated trash or recycling receptacles;

2. Redistributing or selling in used devices or as new or used lithium-ion batteries.

B. Sellers of lithium batteries shall have a vendor or person on record qualified to handle clean-up or battery disposal or removal.

§ 276-8. Effective date. [Added 4-24-2024 by Ord. No. 24-023]

Sections 276-5.A.4.a and b shall take effect one year after the effective date of its adoption and approval by the Mayor.

ARTICLE IV
Violation and Penalties

§ 276-9. Violations and penalties. [Added 4-24-2024 by Ord. No. 24-023]

A. A violation of this chapter shall be punishable by a fine or imprisonment as set forth in Chapter 1, General provisions, § 1-25.

B. Each violation of this chapter shall constitute a separate violation independent of any other section or any order issued pursuant to this chapter. Each day's failure to comply with this article or subsection shall constitute a separate violation.

Chapter 278

SECURITY GATES

§ 278-1. Permit required.
§ 278-2. Metal construction; finish.
§ 278-3. Open grill requirements.
§ 278-4. *Violations and penalties.*

[HISTORY: Adopted by the Council of the City of Jersey City 4-10-1991 as Ord. No. McC-292. Amendments noted where applicable.]

§ 278-1. Permit required.

A. No security gates shall be installed without prior approval as to design by the Construction Official.

B. A permit shall be issued by the Construction Official prior to installation of any security gate.

C. The term "security gate" means any sliding or rolling horizontal or vertical gate on the front of any structure to prevent unauthorized entrance.

§ 278-2. Metal construction; finish.

Security gates shall be constructed of metal and so finished as not to rust or stain either buildings or sidewalks.

§ 278-3. Open grill requirements.

Security gates shall be of an open grill design, except that solid panels shall be allowed from the bottom of the security gate up to a maximum of forty-eight (48) inches from the sidewalk.

§ 278-4. Violations and penalties.[1]

Any person who violates any provision of this chapter shall, upon conviction thereof, be punishable as provided in Chapter 1, General Provisions, § 1-25. A separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

[1] **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

Pretreatment and Sewer Protection Program

[Adopted 3-10-1988 as Ord. No. C-695]

§ 281-1. Program established; policy.

There is hereby established in the City of Jersey City a wastewater pretreatment and sewer protection program. The program will enable the city to comply with federal effluent limitations and any other discharge criteria required or authorized by state or federal law and to derive the maximum public benefit by regulating the quality and quantity of wastewater discharged into sewers and wastewater treatment. The policy of this program will be to provide citizens with the best possible protection of their environment and their health, safety and welfare.

***Editor's note**—Adopted by the Council of the City of Jersey City: Art. I, March 10, 1988 as Ord. No. C-695; Art. II, September 23, 1985 Ord. No. C-26. Amendments noted where applicable.

Cross references—Uniform construction codes, Ch. 131; health and sanitation, Ch. 182; housing accommodations, Ch. 188; property maintenance, Ch. 254; subdivision of land, Ch. 299; water, Ch. 337.

§ 281-2. Standards adopted; administration.

A. The City of Jersey City hereby adopts the National Pretreatment Standards, 40 CFR et seq.

B. The Division of Engineering shall be responsible for the administration of the program.

C. The Hazmat Coordinator shall issue, through the Municipal Engineer, a quarterly report to the Mayor and Council on the implementation of the Jersey City pretreatment and sewer protection program.

D. The Hazmat Coordinator shall, within six (6) months of the effective date of this Article, develop regulations establishing standards and procedures for the implementation of the Jersey City pretreatment and sewer protection program.*

* **Editor's Note**—Such regulations are on file in the office of the Hazmat Coordinator.

ARTICLE II

Sewage Discharge Regulations

[Adopted 9-23-1985 as Ord. No. C-26]

§ 281-3. Definitions.

As used in this Article, the following terms shall have the meanings indicated:

FLOATABLE OIL - Oil, fat or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pretreatment facility. Wastewater shall be considered free of "floatable oil" if it is properly pretreated and the wastewater does not interfere with the collection system.

NATURAL OUTLET - An outlet, including storm sewers and combined sewer overflows, into a watercourse, pond, ditch, lake or other body of surface- or groundwater, including the Passaic River or any of its tributaries.

SANITARY SEWER - A sewer that carries liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions, together with minor quantities of ground-, storm- and surface waters that are not admitted intentionally.

SANITARY WASTE - Waste derived principally from dwellings, office buildings and sanitary conveniences. When segregated from industrial wastes, sanitary waste may come from industrial plants or commercial enterprises.

SEWAGE - The spent water of a community. The preferred term is "wastewater."

SEWER - A pipe or conduit that carries wastewater or drainage water.

STORM DRAIN (sometimes called "storm sewer") - A drain or sewer for conveying water, groundwater, subsurface water or unpolluted water from any source.

STRENGTH OF WASTE - A measurement of suspended solids and/or biochemical oxygen demand and/or chemical oxygen demand, and/or any other parameter determined by the Passaic Valley Sewerage Commission as a fair indicator of the relative use, other than volumetric, of Passaic Valley Sewerage Commission facilities by industrial wastes.

§ 281-4. Unlawful acts.

A. It shall be unlawful to discharge into any natural outlet within the municipality any wastewater or other polluted waters, except where suitable treatment has been provided and where a National Pollution Discharge Elimination System permit has been obtained from the appropriate governmental authority, where required.

B. No person shall make connection of roof downspouts, foundation drains, areaway drains or other sources of surface runoff or groundwater to a building sewer or drain, which in turn is connected directly or indirectly to a public sanitary sewer, unless approved by the municipality for purpose of disposal of polluted surface drainage.

C. All users of the wastewater facilities shall comply with the requirements of the written rules and regulations of the Passaic Valley Sewerage Commission which have been adopted and which, from time to time, shall have been adopted, which regulations shall become effective upon filing of certified copies in the office of the Municipal Clerk after the effective date of this Article.

§ 281-5. Violations and penalties.

A. The governing body shall appoint or designate some suitable person or agency to administer this Article on or before its effective date.

B. Any person violating any of the provisions of this Article shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25. Each and every day in which a violation of any provision of this Article exists shall constitute a separate violation.*

* **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

C. Violations of any of the provisions of this Article or any permit issued under the authority of this Articles may result in the termination of the permit and/or the termination of the authority to discharge into the system.

D. This Article shall take effect at such time as the municipality begins pumping its sewerage to the Passaic Valley Sewerage Commission wastewater treatment facility.

§ 281-6. Conflicts with other laws.

No ordinance heretofore adopted by the municipality shall be affected by this Article, except that if any provision of the prior ordinance is in conflict with the provisions of this Article, the provisions of this Article shall control.

ARTICLE III
Additional Sewage Discharge Regulations
[Added 8-8-2007 by Ord. No. 07-132]

§ 281-7. Additional sewage discharge regulations.

A. Improper Disposal of Waste.

(1) Purpose. An ordinance to prohibit the spilling, dumping, or disposal of materials other than stormwater to the municipal separate storm sewer system (MS4) operated by the Jersey City Municipal Utilities Authority, so as to protect the public health, safety and welfare, and to prescribe penalties for the failure to comply.

(2) Definitions. For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

(a) Municipal separate storm sewer system (MS4) — a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, manmade channels or storm drains) that is owned or operated by the City of Jersey City or the Jersey City Municipal Utilities Authority and is designed and used for collecting and conveying stormwater. MS4s do not include combined sewer systems, which are sewer systems that are designed to carry sanitary sewage at all times and to collect and transport stormwater from streets and other sources.

(b) Person — any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

(c) Stormwater — water resulting from precipitation (including rain and snow) that runs off the land's surface, is transmitted to the subsurface, is captured by separate storm sewers or other sewerage or drainage facilities, or is conveyed by snow removal equipment.

(3) Prohibited Conduct. The spilling, dumping or disposal of materials other than stormwater to the municipal separate storm sewer system operated by the Jersey City Municipal Utilities Authority is prohibited. The spilling, dumping or disposal of materials other than stormwater in such a manner as to cause the discharge of pollutants to the municipal separate storm sewer system is also prohibited.

(4) Exceptions to Prohibition.

(a) Water line flushing and discharges from potable water sources;

(b) Uncontaminated ground water (e.g. infiltration, crawl space or basement sump pumps, foundation or footing drains, rising ground waters);

(c) Air conditioning condensate (excluding contact and non-contact cooling water);

(d) Irrigation water (including landscape and lawn watering runoff);

(e) Flows from springs, riparian habitats and wetlands, water reservoir discharges and diverted stream flows;

(f) Residential car washing water and residential swimming pool discharges;

(g) Sidewalk, driveway and street wash water; flows from fire fighting activities;

(h) Flows from rinsing of the following equipment with clean water:

(1) Beach maintenance equipment immediately following their use for their intended purpose; and

(2) Equipment used in the application of salt and de-icing materials immediately following salt and de-icing material applications. Prior to rinsing with clean water, all residual salt and de-icing materials must be removed from equipment and vehicles to the maximum extent practicable using dry cleaning methods. Recovered materials are to be returned to storage for reuse or properly discarded. Rinsing of equipment, as noted in the above situation is limited to exterior, undercarriage and exposed parts and does not apply to engines or other enclosed machinery.

(5) Enforcement. This ordinance shall be enforced by employees of the JCMUA and the employees of the City of Jersey City, including its police officers.

(6) Penalties. Any person(s) who continues to be in violation of the provisions of this Ordinance, after being duly notified, shall be subject to a fine not to exceed One Thousand Two Hundred and Fifty Dollars ($1,250.00) per day.

(7) Severability. Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

B. Wildlife Feeding.

(1) Purpose. An ordinance to prohibit the feeding of unconfined wildlife in any public park or on any other property owned or operated by the City of Jersey City, so as to protect public health, safety and welfare, and to prescribe penalties for failure to comply.

(2) Definitions. For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

(a) Feed— to give, place, expose, deposit, distribute or scatter any edible material with the intention of feeding, attracting or enticing wildlife. Feeding does not include baiting in the legal taking of fish and/or game.

(b) Person — any individual, corporation, company, partnership, firm, association or political subdivision of this State subject to municipal jurisdiction.

(c) Wildlife — all animals that are neither human nor domesticated.

(3) Prohibited Conduct. No person shall feed in any public park or on any other property owned or operated by the City of Jersey City, any wildlife, excluding confined wildlife (for example, wildlife confined in zoos, parks or rehabilitation centers or unconfined wildlife at environmental education centers).

(4) Enforcement.

(a) This Ordinance shall be enforced by employees of the JCMUA and the employees of the City of Jersey City, including its police officers.

(b) Any person found to be in violation of this Ordinance shall be ordered to cease the feeding immediately.

(5) Penalties. Any person(s) who is found to be in violation of the provisions of this Ordinance shall be subject to a fine not to exceed One Thousand Two Hundred and Fifty Dollars ($1,250.00) per day.

(6) Severability. Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

C. Illicit Connection.

(1) Purpose. An ordinance to prohibit illicit connections to the municipal separate storm sewer system(s) operated by the Jersey City Municipal Utilities Authority, so as to protect the public health, safety and welfare, and to prescribe penalties for failure to comply.

(2) Definitions. For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demon-

(3) Yard Waste Collection. Sweeping, raking, blowing or otherwise placing yard waste that is not containerized at the curb or along the street is only allowed during the seven days prior to a scheduled and announced collection, and shall not be placed closer than ten (10) feet from any storm drain inlet. Placement of such yard waste at the curb or along the street at any other time or in any other manner is a violation of this Ordinance. If such placement of yard waste occurs, the party responsible for placement of the yard waste must remove the yard waste from the street or said party shall be deemed in violation of this Ordinance.

(4) Enforcement. This ordinance shall be enforced by employees of the JCMUA and the employees of the City of Jersey City, including its police officers.

(5) Violations and Penalties. Any person(s) who is found to be in violation of the provisions of this Ordinance shall be subject to a fine not to exceed One Thousand Two Hundred and Fifty Dollars ($1,250.00) per day.

(6) Severability. Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

ARTICLE IV.

Private Storm Drain Inlets

[Added 8-25-2010 by Ord. No. 10-108]

§ 281-8. Purpose.

This ordinance shall require the retrofitting of existing storm drain inlets which are in direct contact with repaying, repairing, reconstruction, or resurfacing or alterations of facilities on private property, to prevent flies discharge of solids and floatables (such as plastic bottles, cans, food wrappers and other litter) to the municipal separate storm sewer system(s) operated by the Municipal Utilities Authority of the City of Jersey City so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

§ 281-9. Definitions.

For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

a. Municipal separate storm sewer system (MS4)—a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, manmade channels, or storm drains) that is owned or operated by Municipal Utilities Authority of the City of Jersey City or other public body, and is designed and used for collecting and conveying

stormwater. MS4s do not include combined sewer systems, which are sewer systems that are designed to carry sanitary sewage at all times and to collect and transport stormwater from streets and other sources.

b. Person—any individual, corporation, company, partnership, firm, association, or political sub-division of this State subject to municipal jurisdiction.

c. Storm drain inlet—an opening in a storm drain used to collect stormwater runoff and includes, but is not limited to, a grate inlet, curb-opening inlet, slotted inlet, and combination inlet

d. Waters of the State—means the ocean and its estuaries, all springs, streams and bodies of surface or ground water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

§ 281-10. Prohibited conduct.

No person in control of private property (except a residential lot with one single family house) shall authorize the repaying, repairing (excluding the repair of individual potholes), resurfacing (including top coating or chip sealing with asphalt emulsion or a thin base of hot bitumen), reconstructing or altering any surface that is in direct contact with an existing storm drain inlet on that property unless the storm drain inlet either:

1. Already meets the design standard below to control passage of solid and floatable materials; or

2. Is retrofitted or replaced to meet the standard in Section 281-11 below prior to the completion of the project

§ 281-11. Design standard.

Storm drain inlets identified in Section 281-10 above shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, "solid and floatable materials" means sediment debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Subsection 3. below.

1. Design engineers shall use either of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:

   a. The New Jersey Department of Transportation (NJ DOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines (April 1996); or

   b. A different grate, if each individual clear space in that grate has an area of no more than seven square inches, or is no greater than one-half inch across the smallest dimension.

   Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch

grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater basin floors.

2. Whenever design engineers use a curb-opening inlet the clear space in that curb opening (or each individual clear space, if the curb opening has two or more clear spaces) shall have an area of no more than seven square inches, or be no greater than two inches across the smallest dimension.

3. This standard does not apply:

   a. Where the municipal engineer agrees that this standard would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets that meet these standards;

   b. Where flows are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:

      i. A rectangular space four and five-eighths inches long and one and one-half inches wide (this option does not apply for outfall netting facilities); or

      ii. A bar screen having a bar spacing of one-half inch.

   c. Where flows are conveyed through a trash rack that has parallel bars with one-inch spacing between the bars; or

   d. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

§ 281-12. Enforcement.

This Article shall be enforced by the Jersey City Municipal Utilities Authority and employees of the City of Jersey City, including its police officers.

§ 281-13. Penalties.

Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine not to exceed one thousand two hundred fifty dollars ($1,250.00) for each storm drain inlet that is not retrofitted to meet the design standard.

ARTICLE V.
Privately-Owned Salt Storage

§ 281-14. Purpose. [Added 9-11-2024 by Ord. No. 24-074]

The purpose of this article is to prevent stored salt and other solid de-icing materials from being exposed to stormwater.

This article establishes requirements for the storage of salt and other solid de-icing materials on properties not owned or operated by the municipality (privately-owned), including residences, in the City of Jersey City to protect the environment, public health, safety and welfare, and to prescribe penalties for failure to comply.

§ 281-15. Definitions.

For the purpose of this article, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

A. DE-ICING MATERIALS — any granular or solid material such as melting salt or any other granular solid that assists in the melting of snow.

B. IMPERVIOUS SURFACE — a surface that has been covered with a layer of material so that it is highly resistant to infiltration by water.

C. STORM DRAIN INLET — the point of entry into the storm sewer system.

D. PERMANENT STRUCTURE — a permanent building or permanent structure that is anchored to a permanent foundation with an impermeable floor, and that is completely roofed and walled (new structures require a door or other means of sealing the access way from wind driven rainfall).

   A fabric frame structure is a permanent structure if it meets the following specifications:

   1. Concrete blocks, jersey barriers or other similar material shall be placed around the interior of the structure to protect the side walls during loading and unloading of de-icing materials;

   2. The design shall prevent stormwater run-on and run through, and the fabric cannot leak;

   3. The structure shall be erected on an impermeable slab;

   4. The structure cannot be open sided; and

   5. The structure shall have a roll up door or other means of sealing the access way from wind driven rainfall.

E. PERSON — any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

F. RESIDENT — a person who resides on a residential property where de-icing material is stored.

§ 281-16. De-icing material storage requirements. [Added 9-11-2024 by Ord. No. 24-074]

A. Temporary outdoor storage of de-icing materials in accordance with the requirements below is allowed between October 15 and April 15:

1. Loose materials shall be placed on a flat, impervious surface in a manner that prevents stormwater run-through;

2. Loose materials shall be placed at least 50 feet from surface water bodies, storm drain inlets, ditches and/or other stormwater conveyance channels;

3. Loose materials shall be maintained in a cone-shaped storage pile. If loading or unloading activities alter the cone-shape during daily activities, tracked materials shall be swept back into the storage pile, and the storage pile shall be reshaped into a cone after use;

4. Loose materials shall be covered as follows:

   a. The cover shall be waterproof, impermeable, and flexible;

   b. The cover shall extend to the base of the pile(s);

   c. The cover shall be free from holes or tears;

   d. The cover shall be secured and weighed down around the perimeter to prevent removal by wind; and

   e. Weight shall be placed on the cover(s) in such a way that minimizes the potential of exposure as materials shift and runoff flows down to the base of the pile.

      (1) Sandbags lashed together with rope or cable and placed uniformly over the flexible cover, or poly-cord nets provide a suitable method. Items that can potentially hold water (e.g., old tires) shall not be used;

5. Containers must be sealed when not in use; and

6. The site shall be free of all de-icing materials between April 16 and October 14.

B. De-icing materials should be stored in a permanent structure if a suitable storage structure is available. For storage of loose de-icing materials in a permanent structure, such storage may be permanent, and thus not restricted to October 15—April 15.

C. Reserved.

D. The property owner, or owner of the de-icing materials if different, shall designate a person(s) responsible for operations at the site where these materials are stored outdoors, and who shall document that weekly inspections are conducted to ensure that the conditions of this article are met. Inspection records shall be kept on site and made available to the municipality upon request.

1. Residents who operate businesses from their homes that utilize de-icing materials are required to perform weekly inspections.

§ 281-17. Exemptions. [Added 9-11-2024 by Ord. No. 24-074]

Residents may store de-icing materials outside in a solid-walled, closed container that prevents precipitation from entering and exiting the container, and which prevents the de-icing materials from leaking or spilling out. Under these circumstances, weekly inspections are not necessary, but repair or replacement of damaged or inadequate containers shall occur within two weeks.

If containerized (in bags or buckets) de-icing materials are stored within a permanent structure, they are not subject to the storage and inspection requirements in Section III above. Piles of de-icing materials are not exempt, even if stored in a permanent structure.

This article does not apply to facilities where the stormwater discharges from de-icing material storage activities are regulated under another NJPDES permit.

§ 281-18. Enforcement. [Added 9-11-2024 by Ord. No. 24-074]

This article shall be enforced by the Jersey City Municipal Utilities Authority and employees of the City of Jersey City, including its police officers, during the course of ordinary enforcement duties.

§ 281-19. Violations and penalties. [Added 9-11-2024 by Ord. No. 24-074]

Any person(s) who is found to be in violation of the provisions of this article shall have 72 hours to complete corrective action. Repeat violations and/or failure to complete corrective action shall result in fines to be determined by the Municipal Court of the City of Jersey City not to exceed $2,000.00 per violation.

§ 281-20. Severability. [Added 9-11-2024 by Ord. No. 24-074]

Each section, subsection, sentence, clause, and phrase of this article is declared to be an independent section, subsection, sentence, clause, and phrase, and finding or holding of any such portion of this article to be unconstitutional, void, or ineffective for any cause or reason shall not affect any other portion of this article.

§ 281-21. Effective Date. [Added 9-11-2024 by Ord. No. 24-074]

This article shall be in full force and effect on September 25, 2024.

Chapter 282

SEX OFFENDER RESIDENCY RESTRICTION

§ 282-1. Sex offender residency prohibition.
§ 282-2. Relocation requirement.
§ 282-3. Prior residency established.
§ 282-4. Brown Zones.
§ 282-5. Penalty for violation.

[HISTORY: Adopted by the Council of the City of Jersey City 11-21-2006 by Ord. No. 06-145.]

§ 282-1. Sex offender residency prohibition.

No person over the age of eighteen (18) who has been convicted of a violation of any crime against a minor as identified in N.J.S.A. 2C:7-2, and who as a result of said conviction is required to register with the proper authorities pursuant to N.J.S.A. 2C:7-1, et seq., *Registration and Notification of Release of Certain Offenders*, commonly identified as "Megan's Law," shall be permitted to reside or live within two thousand five hundred (2,500) feet of:

A. Any public or private school where the dominant school population is eighteen (18) years of age or younger;

B. Any daycare center;

C. Any day camp;

D. Any City, County or State Park, including the so-called "pocket parks" within individual neighborhoods;

E. Any public or commercial recreation facility clearly designed to attract children as a "playground;"

F. Any commercial recreation facilities frequented by young people, including theaters, bowling alleys, sports fields, exercise or sporting facilities; or

G. Any convenience store.

H. Any public library.

§ 282-2. Relocation requirement.

Any person meeting the definition set forth herein above who resides or lives within two thousand five hundred (2,500) feet of any of the facilities listed within the City shall have sixty (60) days from receipt of written notice of the prohibition set forth in Section 1 of this Ordinance to move to a location that is not within two thousand

five hundred (2,500) feet of one of those facilities within the municipality. Failure to so relocate as stated herein shall constitute a violation of this section.

§ 282-3. Prior residency established.

This prohibition shall not be deemed applicable to a person who had established a residence prior to the effective date of this statute throughout the period of time the person remains a resident at that precise location.

§ 282-4. Brown Zones.

In addition to the foregoing, an area encompassing one hundred fifty (150) feet in all directions from any facilities identified in Section 1 of this Ordinance shall be established and defined as a "Brown Zone." No person identified in Section 1 of this Ordinance shall be permitted to stop, sit, stand or loiter within a Brown Zone for any period of time exceeding the amount of time reasonably necessary to engage in a legitimate activity within the Brown Zone, and only for the period of time actually engaging in that legitimate activity.

§ 282-5. Penalty for violation.

A. Each and every individual in violation of this Ordinance shall be subject to a fine not exceeding one thousand two hundred fifty dollars ($1,250.00), which fine shall be at least five hundred dollars ($500.00), or shall be required to perform community service not to exceed ninety (90) days for each offense, or shall be imprisoned for a term not exceeding ninety (90) days. In the event of a second offense, even concurrent, occurring within one year of the prior offense, for which the individual was sentenced to pay a fine, the court shall sentence the individual to an additional fine as a repeat offender. The additional fine imposed by the court upon a repeat offender shall not be less than five hundred dollars ($500.00) nor more than one thousand two hundred fifty dollars ($1,250.00), but shall be calculated separately from the fine imposed for the violation of this Ordinance.

B. Each and every individual in violation of this Ordinance shall be subject to a fine not exceeding five hundred dollars ($500.00), which fine shall be at least two hundred dollars ($200.00) or shall be required to perform community service not to exceed thirty (30) days for each offense, or shall be imprisoned for a term not exceeding thirty (30) days. In the event of a second offense, even concurrent, occurring within one year of the prior offense, for which the individual was sentenced to pay a fine, the court shall sentence the individual to an additional fine as a repeat offender. The additional fine imposed by the court upon a repeat offender shall not be less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00), but shall be calculated separately from the fine imposed for the violation of this Ordinance.

Chapter 284

SHOPPING CARTS

§ 284-1. Abandonment unlawful.

§ 284-2. Identification tags required.

§ 284-3. Seizure; redemption or sale of abandoned carts; fees.

§ 284-4. Violations and penalties.

[HISTORY: Adopted by the Council of the City of Jersey City 11-20-1990 as Ord. No. McC-233. Amendments noted where applicable.)

§ 284-1. Abandonment unlawful.

No person shall leave or abandon any shopping cart upon the sidewalks, streets or roadways of the City of Jersey City.

§ 284-2. Identification tags required.

No merchant, corporate or otherwise, shall provide shopping carts for the use of his customers without first affixing thereto a permanent tag of identification setting forth the name and address of the merchant.

§ 284-3. Seizure; redemption or sale of abandoned carts; fees. [Amended 6-14-1995 by Ord. No. 95-050; 2-26-1997 by Ord. No. 97-007; 9-11-2013 by Ord. No. 13-081]

All such carts abandoned or otherwise left on public streets, public property or on private property without the express consent of the owner or tenant thereof or the City of Jersey City shall be seized and impounded by the Department of Public Safety or the Department of Public Works, to be sold in accordance with the provisions of N.J.S.A. 40A:14-157 at public auction as unclaimed property after a period of six months, unless the owner thereof shall claim them from the Department of Public Safety or the Deprtment of Public Works within said period and pay the sums as provided in Chapter 160, Fees and Charges, to cover municipal retrieval and storage costs. Such fees shall be paid to the Treasurer of the City of Jersey City for the purposes of the City of Jersey City.

§ 284-4. Violations and penalties.

Any person violating or failing to comply with any of the provisions of this chapter shall, upon conviction thereof, be punishable by a fine of up to fifty dollars ($50).

Chapter 285

SIMULATED DRUG PARAPHERNALIA

§ 285-1. Findings.
§ 285-2. Definitions.
§ 285-3. Distributing material simulating drug paraphernalia to minors.
§ 285-4. Presumption and defense.

[HISTORY: Adopted by the Council of the City of Jersey City 9-27-1995 as Ord. No. 95-088. Amendments noted where applicable.]

GENERAL REFERENCES

Drug-free school zones — See Ch. 151.

§ 285-1. Findings.

The Municipal Council finds that in light of the limited experience, education and emotional development of children under the age of seventeen (17), they are impressionable and susceptible to the influence of criminal conduct, particularly related to the sale and use of illegal drugs in our society. The display, distribution and sale of materials simulating drug paraphernalia is a contributing factor to juvenile crime and drug use, a basic factor in impairing the ethical and moral development of our youth and a clear and present danger to the people of the city. The city has a responsibility and an exigent interest to protect the welfare of its children and to see that they are safeguarded from influences which might prevent their growth into free and independent well-developed citizens by preventing the distribution to children of material deemed harmful to children. Therefore, the revisions hereinafter prescribed are enacted and their necessity in the public interest is hereby declared as a matter of legislative determination.

§ 285-2. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

MATERIAL or MATERIALS SIMULATING DRUG PARAPHERNALIA — Any object which appears on cursory inspection to be an object commonly used by persons engaged in the possession, sale or use of illegal drugs, but which object is in fact not used for illegal purposes. Such materials include but are not restricted to objects which have the appearance of hypodermic needles or syringes.

MINOR — Any person less than seventeen (17) years of old.

§ 285-3. Distributing material simulating drug paraphernalia to minors.

A person is guilty of distributing material simulating drug paraphernalia to minors when, with knowledge of its character and content, he or she sells or conveys to a minor for monetary consideration any material simulating drug paraphernalia and which is harmful to minors.

§ 285-4. Presumption and defense.

A. A person who engages in the conduct proscribed by § 285-3 of this chapter is presumed to do so with knowledge of the character and content of the material sold or distributed.

B. In any prosecution for distributing material simulating drug paraphernalia to minors, it is an affirmative defense that:

(1) The defendant had reasonable cause to believe that the minor involved was seventeen (17) years old or more; and

(2) The minor exhibited to the defendant a draft card, driver's license, birth certificate or other official or apparently official document purporting to establish that such minor was seventeen (17) years old or more.

ARTICLE I

Storage, Collection and Disposal [Adopted 5-16-1978 by Ord. No. S-93 as Ch. 22, Art. I, of the 1971 Jersey City Code, as readopted 9-19-1978 by Ord. No. S-128]

§ 287-1. Purpose.

The purpose of this Article is to improve the environment of Jersey City by establishing a sanitary and satisfactory method for the storage, collection and disposal of solid waste.

§ 287-2. Definitions.

As used in this Article, the following terms shall have the meanings indicated:

ASHES—The residue from the burning of wood, coal or other combustible material.

CITY—The City of Jersey City, New Jersey.

DEMOLITION CONTAINER—A steel, watertight, roll-off container having a capacity of fifteen (15) to forty (40) cubic yards.

DIRECTOR—The Director of the Department of Public Works.

DIVISION—Jersey City Department of Public Works. **[Amended 6-14-1995 by Ord. No. 95-050; 11-9-2016 by Ord. No. 16-172]**

DUMPSTER—A steel, watertight refuse container equipped with a tight-fitting lid, having a capacity of 3/4 to eight cubic yards.

FOOD PEDDLER—Any mobile purveyor of prepared food and drink as licensed by the Division of Health under the provisions of the Jersey City Code governing itinerant eating and drinking establishments.

Editor's note—See Ch. 157, Entertainment and Dance Licenses.

GARBAGE—Putrescible animal and vegetable wastes resulting from the handling, preparation, cooking and consumption of food.

HAZARDOUS WASTE—Includes but is not limited to **[Amended 10-27-1988 by Ord. No. C-839; 9-25-2024 by 24-079]:**

A. Waste which has been shown in scientific studies to have toxic, carcinogenic, mutagenic or teratogenic effects on humans or other life forms.

B. Waste classified as hazardous under one or more of the following hazard codes: volatile waste, corrosive waste, reactive waste, extoxic waste, acute hazardous waste and toxic waste.

LITTER—Any item of a solid or liquid nature which, when it is deposited, placed or falls upon the ground **[Added 10-17-1978 by Ord. No. S-139]:**

A. Would, of itself, cause an unsightly, dirty, unsanitary or dangerous condition.

B. Would add to or cause an accumulation of an unsightly, dirty, unsanitary or dangerous nature.

C. Could, if other items are added to it, form an accumulation of an unsightly, dirty, unsanitary or dangerous nature.

MATTRESS—(a) A fabric case filled with resilient material (such as cotton, hair, feathers, foam rubber, or an arrangement of coiled springs) used either alone as a bed or on a bedstead; or (b) an inflatable airtight sack for use as a mattress. **[Added 5-24-2017 by Ord. No. 17-057]**

MEDICAL WASTE—As defined in the Comprehensive Regulated Medical Waste Management Act (N.J.S.A. 13:1E-48.1 et seq.). **[Added 10-27-1988 by Ord. No. C-839; 6-14-1995 by Ord. No. 95-050]**

PERSON—Any person, firm, partnership, association, company or organization of any kind.

RECEPTACLE—Any container with a securely fitting lid compliant with the specifications of this chapter in which the primary purpose is for the storage of refuse, rubbish, and swill. For the purposes of this chapter, receptacle does not include garbage bags. **[Amended 9-25-2024 by 24-079]**

REFUSE—Putrescible and nonputrescible solid wastes (except body wastes), including garbage, rubbish, street cleanings, dead animals, abandoned automobiles and solid market and industrial wastes.

RUBBISH—Nonputrescible solid wastes (excluding ashes), consisting of both combustible and noncombustible wastes such as paper, cardboard, tin cans, yard clippings, wood, glass, bedding, crockery and other materials.

SWILL—A semiliquid waste consisting of food scrap and liquids.

§ 287-3. Storage of refuse.

A. No person may place refuse on any street, sidewalk, park or other public place except in city litter receptacles or in plastic bags or refuse containers for collection in accordance with the provisions of this article.

B. No person may place, deposit or accumulate refuse upon or within any private property except in plastic bags or refuse containers in accordance with that provision of this article.

C. No person may deposit refuse in a stream, brook or any other body of water.

D. It shall be the duty of owners of real property to prevent the accumulation of refuse upon the sidewalks adjacent to their property.

E. No person may place household refuse, construction or demolition refuse or street dirt into city litter receptacles.

F. It shall be the duty of owners of vacant real property to maintain such property free of refuse, brush, weeds, tree stumps and other noxious plants.

G. No owner of real property may permit the growth of brush, weeds or other noxious plants to a height of six inches or more upon or within his or her property or upon the sidewalk adjacent to his or her property.

H. No owner of real property may permit the storage in areas zoned residential of any bulky household items such as appliances, furniture or mattresses, except in a fully enclosed structure. **[Added 10-27-1988 by Ord. No. C-839]**

I. No owner of real property may permit the storage of tires in areas zoned residential, except in a fully enclosed structure. **[Added 10-27-1988 by Ord. No. C-839]**

§ 287-4. Accumulations of solid waste, refuse and noxious plants on vacant lots; notice to owners; lien for removal by city. [Amended 1-26-1984 by Ord. No. MC-548; 6-25-1997 by Ord. No. 97-041; 9-13-2017 by Ord. No. 17-117; 10-10-2019 by Ord. No. 19-135; amended 9-25-2024 by 24-079]

A. In addition to any other penalty authorized by this article, an enforcement agency as designated in § 287-31 of this Article may notify the owner of any real property to remove from the property brush, weeds, dead and dying trees, stumps, roots, noxious growths, filth, garbage, litter and debris. If the owner fails to comply within ten days after notice from the Director, the Director may authorize the removal by or under the direction of a municipal officer, who shall present the costs of removal together with a copy of the notice to the property owner to the Municipal Council, which shall examine the certification and notice, and if found correct, shall cause the costs to become a lien against the property. As authorized by N.J.S.A. 40:48-2.14, such lien shall become part of the taxes next assessed against the property and bear interest at the same rate. This lien may be enforced by the same officers and in the same manner as taxes.

B. In addition to any other penalty authorized by this article, an enforcement agency as designated in § 287-31 of this Article may provide written notice to the owner of any real property to remove from the property solid waste stored in such a way that it is accessible to and likely to be strewn about by animals such as, but not limited to dogs, cats, raccoons, birds, or rodents. The notice shall specify the time for removal of the solid waste, which shall be not less than 72 hours or more than ten days after the owner has received notice. If the owner fails to comply with the notice within the specified time, the enforcement agency may authorize the removal and shall present the costs of removal together with a copy of the notice to the property owner to the Municipal Council. The Council shall examine the certification and notice, and if found correct, shall cause the costs to become a lien against the property. As authorized by N.J.S.A. 40:48-2.14, such lien shall become part of the taxes assessed against the property and bear interest at the same rate. This lien may be enforced in the same manner as taxes.

C. All property owners of vacant lots are required to erect a fence to prevent the accumulation of refuse. If a fence is not erected by the property owner, an enforcement agency as designated in § 287-31 of this article may authorize the erection of a fence around the property to abate accumulation of refuse. **[Amended 9-9-1998 by Ord. No. 98-118]**

§ 287-5. Collection, hauling and disposal of refuse.

Except as otherwise provided in this article, the city shall collect, haul and dispose of all refuse accumulating within the city.

§ 287-6. Private disposal of refuse.

The following shall provide for the collection, haulage and disposal of their own refuse in accordance with the provisions of this article and all other applicable laws and regulations:

A. Industrial and institutional buildings.

B. Buildings owned, operated or occupied by the county, state or United States Government.

C. Restaurants and other places of business selling food for consumption on the premises.

D. Private hospitals.

E. Persons engaged in construction, repair or demolition work.

F. Stores and commercial buildings generating in excess of six thirty-gallon containers, or its equivalent, of refuse per collection period.

G. Buildings located within off-street shopping centers, regardless of the amount of refuse generated.

H. Generators of hazardous waste. Each and every generator of hazardous waste is jointly and severally liable for ensuring that such hazardous waste is handled and disposed of in accordance with all applicable local and state statutes and regulations. **[Added 10-27-1988 by Ord. No. C-839; 6-14-1995 by Ord. No. 95-050]**

I. Generators of regulated medical waste regulated by the Comprehensive Regulated Medical Waste Management Act, L. 1989, c. 34 (N.J.S.A. 13:1E-48.1 et seq.) and the regulations promulgated under its authority.* **[Added 11-8-1989 by Ord. No. McC-27]**

§ 287-7. Precollection procedures.

A. Ashes shall be soaked in water and placed in receptacles separate from those used for garbage and rubbish.

B. Wet rubbish and garbage shall be drained of all liquids and wrapped in paper before being placed in receptacles for collection.

C. Tree trimmings, hedge clippings, lumber and similar material shall be cut to lengths not to exceed four feet each and securely tied in bundles not more than two feet thick.

D. Objects which because of their size or shape do not fit into refuse containers or whose weight exceeds 60 pounds shall be placed out for collection only at such places and at times designated by appointment made with the Jersey City Department of Public Works. Doors shall be removed from stoves, ovens, refrigerators and other items which have locking doors. **[Amended 11-9-2016 by Ord. No. 16-172]**

E. Newspapers, boxes, cartons and crates shall be collapsed and securely tied in bundles not to exceed two feet in length, height and width and kept separate from other refuse.

F. Fluorescent and mercury lamps shall be securely and completely wrapped in cardboard or heavy wrapping paper. The words "fluorescent lamp" shall be written on the outer wrapping in large, clear letters.

G. Hazardous waste. All generators of hazardous waste must ensure that all storage handling and disposal criteria are met and in accordance with all applicable local and state statutes and regulations. **[Added 10-27-1988 by Ord. No. C-839]**

H. Medical waste. All generators of medical waste must ensure that all storage handling and disposal

*__Editor's note__—The regulations are presently codified as N.J.A.C. 7:26-3A et seq.

criteria are met and in accordance with all applicable local and state statutes and regulations. **[Added 10-27-1988 by Ord. No. C-839]**

I. Mattresses, box springs and bedding shall be properly wrapped in plastic bags sufficient to cover all exposed areas. **[Added 5-24-2017 by Ord. No. 17-057]**

J. Personal property that a pest management professional has determined cannot be treated shall be placed in a properly sealed plastic bag marked "CAUTION UNTREATABLE." **[Added 5-24-2017 by Ord. No. 17-057]**

§ 287-8. Refuse receptacles, approved containers and plastic bags. [Amended 2-24-1981 by Ord. No. S-583; 10-27-1988 by Ord. No. C-839; 11-8-1989 by Ord. No. McC-27]

A. There shall be provided for each premises disposable plastic bags or refuse containers sufficient in size and number to hold the refuse accumulating between collections.

B. If plastic bags are used they shall be waterproof and capable of holding their contents without leakage, spillage or tearing. Plastic bags containing refuse shall be kept securely sealed or tied so as to prevent leakage or spillage. No plastic bag may be used for the disposal of refuse which contains the words "Asbestos" or "Bio-Hazardous" or any similar markings or logo. The city or its designated contractor may refuse to collect any refuse contained in bags so labeled or marked.

C. Refuse containers shall not be smaller than 10 gallons nor larger than 32 gallons and shall be constructed of material capable of holding refuse without leakage or spillage. Refuse containers shall be provided with handles so as to be suitable for collection by one person.

D. Refuse containers which do not conform to this article or which have ragged or sharp edges or any defect likely to injure or hamper the person collecting their contents shall be immediately replaced upon notice to the owner, tenant or occupant of the premises by any member of the Jersey City Department of Public Works. The Jersey City Department of Public Works may refuse collection of any container or plastic bag which weighs more than 60 pounds or which has not been replaced upon notice. **[Amended 11-9-2016 by Ord. No. 16-172]**

E. Refuse containers containing refuse shall be kept tightly closed between collections.

F. No person may use a refuse receptacle, dumpster or demolition container for refuse storage or collection without the consent of the owner thereof.

G. Refuse containers shall not be filled higher than four inches from the top edge.

H. With the exception of Subsection I below, they shall be placed adjacent to the curb in front of the premises or other area designated for collection no earlier than 5:00 p.m. on the evening of collection and shall be promptly returned to the storage area upon collection. Refuse receptacles shall not be stored in front of buildings or houses between collections. No one shall place refuse on the sidewalk or in front of any premises for private collection between the hours of 12:00 midnight and 5:00 a.m. Between the hours of 5:00 a.m. and 8:00 p.m. no one shall place refuse on the sidewalk or in front of

any premises for private collection more than one hour before the scheduled time of collection. **[Amended 11-14-2019 by Ord. No. 19-151; amended 9-25-2024 by 24-079]**

I. Itinerant food peddlers shall provide refuse receptacles in readily accessible locations for the use of customers. Receptacles shall be emptied as often as necessary to prevent spillage of refuse and shall be removed upon changing locations.

J. Owners, agents of owners, managing agents and superintendents may apply to the Department of Public Works, on forms provided by the Department of Public Works, for a permit to place refuse receptacles adjacent to the curb in front of the premises for collection earlier than 5:00 p.m. on the day before collection. The permit will allow for refuse receptacles or bags to be placed on the curb as early as 4:00 p.m. on the day before collection. **[Added 11-14-2019 by Ord. No. 19-151; amended 9-25-2024 by 24-079]**

§ 287-9. Accumulations of refuse and swill.

A. No person may permit the accumulation of more than 96 hours of refuse and, including but not limited to apartment buildings, commercial premises, industrial buildings and government buildings using dumpsters, may accumulate a maximum of 96 hours of refuse. **[Amended 10-27-1988 by Ord. No. C-839]**

B. No restaurant or place of business selling food for consumption on the premises may accumulate more than 24 hours of swill.

§ 287-10. Duties of owners and tenants.

A. Owners, agents of owners, managing agents and superintendents shall each have the duties imposed by this article. No person shall be relieved from any duty herein by reason of the fact that an occupant or other person shall have the same or similar duties or shall have failed to report a violation; nor shall any person be relieved of liability by the terms of any lease or agreement.

B. Owners, agents, tenants and occupants shall place refuse only in receptacles provided for disposal. Refuse shall not be thrown out of windows or down dumbwaiters; nor shall refuse be placed on stairways or fire escapes or in common hallways.

C. An occupant shall be liable for violations of this article to the extent that he or she has the power to prevent a violation or assist in abating a violation. Occupants shall be deemed to have the power to abate a violation if the violation is caused by their own act or the act of a member of their family or household or their guests.

§ 287-11. Disposal of hazardous refuse.

A. Hazardous refuse shall not be placed in receptacles for regular collection but shall be disposed of in accordance with laws and regulations of the United States of America and of the State of New Jersey at the expense of the owner or possessor thereof. Whenever federal or state law does not apply, the Jersey City Department of Public Works shall specify the manner of storage and disposal, except as

otherwise directed by this article. **[Amended 12-10-1981 by Ord. No. MC-77; 11-9-2016 by Ord. No. 16-172]**

B. Dead animals and clothing, bedding and other refuse from homes or other places where infectious or contagious disease have prevailed shall be removed under the supervision and direction of the City Health Officer. Such refuse shall not be placed in containers for regular collection.

C. Ammunition, military ordinance, firearms and dangerous weaponry shall not be placed out for collection with any garbage or rubbish. Such items shall be referred to the Director of Public Safety for direction as to disposal. **[Amended 9-11-2013 by Ord. No. 13-081]**

D. Lithium-ion batteries shall not be placed out for collection with any garbage or rubbish. Such items shall be disposed of in accordance with § 276-7. **[Added 9-25-2024 by 24-079]**

§ 287-12. Demolition containers and dumpsters.

A. No person shall place or use a demolition container or dumpster on the sidewalks or streets of the city without first obtaining a permit therefor from the Division of Traffic and Street Maintenance.
Cross reference—See also Ch. 296, Streets and Sidewalks, § 296-15.

B. Areas beneath and surrounding a demolition container or dumpster shall be kept clean at all times and shall be cleaned immediately after the removal of such container or dumpster.

C. Demolition containers and dumpsters shall not be filled higher than four inches from the top edge. Demolition containers and dumpsters shall bear an identification number assigned by the state and the name, address and telephone number of the person responsible for the container and shall be marked at each end with at least one reflector and with at least one iridescent stripe measuring four feet by four inches. **[Amended 10-11-1985 by Ord. No. C-33]**
Cross reference—See also Ch. 108, Buildings, Demolition of.

D. All demolition containers and dumpsters containing refuse shall be kept covered when transported so that none of the material therein shall fall or be blown onto the streets.

Editor's note—Former Sec. 22-13, entitled "Penalties," which immediately followed this section, as amended 6-28-1984 by Ord. No. MC-648, was deleted 9-13-1984 by Ord. No. MC-690.

§ 287-13. Dumping prohibited. [Amended 9-13-1984 by Ord. No. MC-690; 10-27-1988 by Ord. No. C-839]

No person shall discard or dump any refuse, rubbish, household or commercial solid waste in any place or on any land in the city not specifically designated for the purpose of solid waste disposal.

§ 287-14. Reward; payment upon collection of fine. [Added 10-13-1981 by Ord. No. MC-21]

Whenever any individual shall furnish evidence to the city of unlawful dumping activity and such evidence, in the opinion of the Director of Public Works, results in the conviction and fine of the offender, 25% of the fine, when collected, shall be paid to said individual furnishing such evidence; provided, however, that no such reward shall be paid to any person who is charged with the duty to or has the power to enforce any of the provisions of this article.

§ 287-15. Removal of material dumped illegally.

A. Any person who shall violate § 287-13 shall forthwith remove all of the material which said person has illegally dumped. Any such person found guilty of failing to remove said material illegally dumped shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.* **[Amended 9-25-2024 by 24-079]**

B. Each day said person shall fail to remove all of said illegally dumped material shall constitute a separate and distinct violation of this section and shall be punishable as such.

§ 287-16. Persons permitting illegal dumping.

A. No person who owns any property in the city or who is in possession of said property or who is in control of said property shall allow or permit any person to dump any refuse, rubbish or other material mentioned in this article upon said property.

B. Any person found guilty of this section shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25. Each load of such prohibited material so permitted to be illegally dumped by such person shall constitute a separate and distinct offense and be punishable as such.†

C. Any such person who owns land in the city or who is in possession or in control thereof, who himself dumps said prohibited material on said land, shall be liable as separate and distinct offenses as follows:

(1) For illegally dumping in violation of § 287-13, as one separate and distinct offense.

(2) For any failure to remove said prohibited material which was dumped in violation of § 287-15, as a second separate and distinct offense.

(3) For allowing and permitting the dumping in violation of this section, as a third separate and distinct offense.

§ 287-17. Burning of refuse, rubbish and other materials prohibited.

It shall be unlawful to set fire to or burn any refuse, rubbish or other material mentioned in this article on any land in this city.

§ 287-18. Licensed solid waste disposal facilities. [Amended 10-27-1988 by Ord. No. C-839]

No licensee shall dump or otherwise deposit any waste matter, as defined in this article, on any licensed solid waste disposal facility unless such waste matter shall have been gathered or collected within the territorial limits of the city.

***Editor's note**—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

†**Editor's note**—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

§ 287-19. Depositing litter in public places.

No person shall sweep into or deposit in any gutter, street or other public place the accumulation of litter from any building or lot or from any public or private sidewalk or driveway. Persons owning or occupying property shall keep the sidewalk in front of their premises free of litter.

Cross reference—See also Ch. 81, Advertising Materials, and Ch. 296, Streets and Sidewalks.

§ 287-20. Owners of business premises; food refuse. [Amended 3-24-1988 by Ord. No. C-697; 7-13-1988 by Ord. No. C-780; 6-22-1989 by Ord. No. C-1000]

A. No person owning or occupying a place of business shall sweep into or deposit in any gutter, street or other public place the accumulation of litter from any building or lot or from any public or private sidewalk or driveway. Persons owning or occupying places of business shall keep the sidewalk in front of their business free of litter.

B. Each place of business which sells food for both on- and off-premises consumption shall provide for its customers sufficient and suitable receptacles for the disposal of food refuse, food-related litter and any other wastes associated with the consumption of the specific items of food sold by the business premises. Such receptacles shall be constructed of size and material capable of holding any deposited matter without leakage or spillage and shall be placed in locations convenient for use by customers.

C. When setting garbage out for collection in accordance with this chapter, owners of businesses shall ensure that garbage is placed in compliant receptacles, or orange garbage bags. If garbage bags are used, they shall be waterproof and capable of holding their contents without leakage, spillage, or tearing. Garbage bags shall be kept securely sealed or tied so as to prevent leakage or spillage. **[Added 9-25-2024 by 24-079]**

§ 287-21. Litter from vehicles.

No person, while a driver or passenger in a vehicle, shall throw or deposit litter upon any street or other public place.

§ 287-22. Litter prohibited; litter receptacles. [Amended 10-27-1988 by Ord. No. C-839]

A. No person shall throw or deposit litter in or upon any street, sidewalk or other public place, except in public litter receptacles or in authorized private litter receptacles or in authorized private litter receptacles for collection or in an official city licensed solid waste disposal facility.

B. Litter receptacles are to be maintained and serviced at the following public places, which exist in the city:

(1) Sidewalks used by pedestrians in active retail, commercially zoned areas and that at a minimum, there shall be no single linear quarter-mile without a receptacle.

(2) Buildings held out for use by the public, including schools, government buildings, railroads and bus stations, parks, all street vendor locations, self-service refreshment areas, construction sites, fast-food establishments, gasoline service stations, shopping centers, parking lots, campgrounds

and trailer parks, marinas, boat moorings, fueling stations, boat launching areas, public and private piers operated for public use and at special events to which the public is invited, including sporting events, parades, carnivals, circuses and festivals.

C. The owner of the places listed in Subsection B(2) or the sponsors of the events listed in Subsection B(2) shall be responsible for providing and servicing the receptacles such that adequate containerization is available.

§ 287-23. Use of litter receptacles.

Persons placing litter in public litter receptacles or in authorized private litter receptacles shall do so in such a manner as to prevent it from being carried or deposited by the elements upon any street, sidewalk or other public place.

§ 287-24. Vehicles to be loaded to prevent littering.

No person shall drive or move any truck or other vehicle within the city unless such vehicle is so constructed or loaded as to prevent any load or contents of litter from being blown or deposited upon any street, alley or other public place. No person shall drive or move any vehicle or truck, the wheels or tires of which carry onto or deposit in any street, alley or other public place mud, dirt, sticky substances or foreign matter of any kind.

§ 287-25. Littering in parks.

No person shall throw or deposit litter in any park, except in public litter receptacles and in such a manner that the litter shall be prevented from being carried or deposited by the elements upon any part of the park or upon any street or other public place. Where public litter receptacles are not provided, all such litter shall be carried away from the park by the person responsible for its presence and properly disposed of elsewhere.

Cross reference—See also Ch. 239, Parks and Recreation Areas.

§ 287-26. Materials not permitted in litter receptacles.

No person shall dump or otherwise deposit garbage, rubbish material, trade wastes, ashes, earth or street dirt in a litter receptacle placed upon a sidewalk.

§ 287-27. Handbills.

No person shall throw or deposit any commercial or noncommercial handbill in or upon any sidewalk, street or other public place.

Cross reference—See also Ch. 81, Advertising Materials.

§ 287-28. Duties of building owners and lessees.

A. Every owner, tenant, lessee, occupant or person in charge of any building shall provide within and for the exclusive use of such building or part thereof sufficient and suitable receptacles for holding, without leakage, all ashes, garbage, refuse and liquid waste substances that may accumulate between garbage collection in and through the use of buildings or part thereof.

(1) For the purpose of this section, "sufficient receptacles" means the number of receptacles required to store all of the waste material that shall accumulate upon the premises until the next regular garbage collection.

(2) For the purpose of this section, "suitable receptacles" means a reusable watertight metal, rubber or plastic receptacle with a tight-fitting cover and equipped with pull handles, so constructed as to prevent spilling or leakage of its contents, or a disposable plastic-bag-type container so manufactured as to be waterproof and of sufficient strength to hold its contents without leakage, spilling or tearing. Metal receptacles only are deemed to be sufficient for the storage of ashes, nonflammables, explosives or other dangerous combustible materials.

B. Every owner, tenant, lessee, occupant or person in charge of any building shall cause to be put into their respective receptacle all waste materials and substances. No reusable metal, plastic or rubber receptacles shall be filled to a greater height than a line within the receptacle four (4) inches from the top thereof. Receptacles shall be as required in § 287-8.*

C. The receptacles shall be kept within the building or in the rear of the premises until the time for the removal of the substances, when the receptacles shall be placed on the sidewalk close to the curb. For any building with ten (10) or fewer units, using trash services provided by the city, no receptacles shall be placed on the sidewalk close to the curb before the hour of 7:00 p.m. of the day prior to the scheduled for removal by the designated agency. For any building with more than ten (10) units using trash services provided by the city, no receptacles shall be placed on the sidewalk close to the curb before the hour of 10:00 p.m. of the day prior to the scheduled for removal by the designated agency. For any building or business using a trash pick-up service other than service provided by the City of Jersey City receptacles shall be placed on the sidewalk close to the curb more than two (2) hours before pick-up time and on the day scheduled for removal. All receptacles shall remain so placed until the contents thereof shall have been removed by the designated agency, immediately after which the reusable receptacles shall be returned to the building or to the rear of the premises where the reusable receptacles shall be kept, at all times, covered with, a tight-fitting cover. **[Amended 1-25-2017 by Ord. No. 17-012]**

D. Newspapers, wrapping paper or other light refuse and rubbish likely to be blown or scattered about the streets shall be securely bundled, tied or packed before being placed for removal, and such newspapers, wrapping paper and other light refuse and rubbish, as well as all other refuse and rubbish, shall be kept within the building or in the rear of the premises until the time for the removal thereof, when they shall be placed as the receptacles hereinbefore mentioned are required to be placed.

E. No receptacle or refuse or rubbish shall be placed as to constitute or contribute to the creation of a nuisance.

***Editor's note**—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

F. Every tenant in one- and two-family houses shall provide himself with the approved receptacles as set forth herein.

G. The owner, superintendent, property manager, lessee, tenant, other occupant or any other person responsible for dwellings with 16 or more units shall place garbage, or arrange for garbage to be placed on the curb in compliant receptacles at the designated time as set forth in this chapter. **[Added 9-25-2024 by 24-079]**

§ 287-29. Violations and penalties. [Amended 6-28-1984 by Ord. No. MC-648; 9-13-1984 by Ord. No. MC-690; 6-11-1987 by Ord. No. C-474; 6-14-1995 by Ord. No. 95-050]

Any person found guilty of violating any of the provisions of this article shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.

§ 287-30. Enforcement.

In enforcing this article the Municipal Court shall utilize the form of summons issued by the administrative office of the courts.

§ 287-31. Persons authorized to enforce provisions. [Amended 1-24-1981 by Ord. No. MC-71; 10-27-1981 by Ord. No. MC-54; 10-27-1988 by Ord. No. C-839; 4-8-1992 by Ord. No. 92-025; 1-24-1996 by Ord. No. 96-006; 12-9-1998 by Ord. No. 98-162; 11-12-2014 by Ord. No. 14-017; 11-9-2016 by Ord. No. 16-172; 5-24-2017 by Ord. No. 17-057; 9-23-2020 by Ord. No. 20-074]

This article may be enforced by the Department of Public Safety, Division of Quality of Life and Division of Police and the Department of Health and Human Services, Division of Environmental Health. Anyone authorized to enforce this section may sign and issue a complaint and summons upon a defendant in accordance with New Jersey Court Rule 7:2-2a(4).

§ 287-31.1. Refuse containers and dumpsters. [Added 8-25-2010 by Ord. No. 10-107]

A. Purpose. This Section will require that all dumpsters and other refuse containers that are outdoors or exposed to stormwater are to be covered at all times. It shall prohibit the spilling, dumping, leaking, or otherwise discharge of liquids, semi-liquids or solids from the containers to the municipal separate storm sewer system operated by the Municipal Utilities Authority of the City of Jersey City and/or the waters of the State so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

B. Definitions. For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4)—a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs,

gutters, ditches, manmade channels, or storm drains) that is owned or operated by Municipal Utilities Authority of the City of Jersey City, and is designed and used for collecting and conveying stormwater. MS4s do not include combined sewer systems, which are sewer systems that are designed to carry sanitary sewage at all times and to collect and transport stormwater from streets and other sources.

PERSON—any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

REFUSE CONTAINER—any waste container that a person controls whether owned, leased, or operated, including dumpsters, trash cans, garbage pails, and plastic trash bags.

STORMWATER—means water resulting from precipitation (including rain and snow) that runs off the land's surface, is transmitted to .the subsurface, is captured by separate storm sewers or other sewerage or drainage facilities, or is conveyed by snow removal equipment

WATERS OF THE STATE—means the ocean and its estuaries, all springs, streams and bodies of surface or ground water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

C. Prohibited Conduct. Any person who controls, whether owned, leased, or operated, a refuse container or dumpster must ensure that such container or dumpster is covered at all times and shall prevent refuse from spilling out or overflowing.

Any person who owns, leases or otherwise uses a refuse container or dumpster must ensure that such container or dumpster does not leak or otherwise discharge liquids, semi-liquids or solids to the municipal separate storm sewer system operated by the Municipal Utilities Authority of the City of Jersey City.

D. Exceptions to Prohibition.

1. Permitted temporary demolition containers.
2. Litter receptacles (other than dumpsters or other bulk containers).
3. Individual homeowner trash and recycling containers.
4. Refuse containers at facilities authorized to discharge stormwater under a valid NJPDES permit.

5. Large bulky items (e.g., furniture, bound carpet and padding, white goods placed curbside for pickup).

E. Enforcement. This Section shall be enforced by the Jersey City Municipal Utilities Authority and employees of the City of Jersey City, including its police officers.

F. Penalties. Any person(s) who is found to be in violation of the provisions of this Article shall be subject to a fine not to exceed one thousand two hundred fifty dollars ($1,250.00) per violation per day.

ARTICLE II

Uniform Packaging Practices

[Adopted 7-18-1990 by Ord. No. McC-154]

§ 287-32. Findings; purpose.

A. Discarded packaging constitutes the largest single category of waste in the City of Jersey City and is, therefore, a necessary focus of any effort to reduce the amount of waste and the economic and environmental costs of waste management.

B. Discarded nondegradable packaging and plastic contained within the waste stream of the City of Jersey City is considered a fundamental cause of problems associated with municipal waste disposal and litter.

C. Disposal space is diminishing rapidly; solid waste receiving areas outside of the Hudson County area are becoming increasingly uncertain and expensive; for both economic and environmental reasons, measures to simplify the chemical complexity of solid waste and, thereby, streamline solid waste management must be vigorously pursued.

D. The chemical composition and ability of a substance to degrade are meaningful and useful criteria to focus upon when establishing public policy that is intended to improve the management and disposal of solid waste, reduce the cumulative impact of litter, encourage composting and other forms of recycling, minimize the potential for toxic substances to form if solid waste is burned, reduce the volume of ash by-products that may be created by any burning of waste plastic packaging and otherwise anticipate environmental problems that may be caused by the municipal solid waste disposal program.

E. The use of plastic nondegradable packaging has become widespread throughout the City of Jersey City and the resulting mixed substance waste stream is a serious impediment to many solid waste management programs being considered for the city.

F. The widespread use of plastics, especially polystyrene and polyvinyl chloride, pose a threat to the environment by causing unnecessary taking of landfill space or, when incinerated, by the possible introduction of toxic by-products into the atmosphere.

G. The economic and environmental problems associated with a mixed substance waste stream are so severe that a program to modify the composition of solid waste, thereby reducing environmental

hazards and toxicity associated with solid waste incineration and encouraging the composting of putrescible biodegradable wastes and encouraging other forms of recycling of solid waste substances, is hereby determined to be a policy goal of the City of Jersey City.

H. The waste stream within Jersey City is so large and diverse that any program to establish policies and laws conducive to any waste management program in lieu of landfilling must identify and set new policy for those specific sources of waste packaging which originate with this city.

1. Certain retail establishments within Jersey City are points of origin for a significant volume of packaging waste and, therefore, are particularly susceptible to actions which have significant potential for simplifying the composition of this portion of Jersey City's solid waste stream, thereby improving solid waste management within this city.

J. The use of polystyrene and polyvinyl chloride for food packaging is problematic because neither of these plastics are readily recyclable; their abundant commercial use in lieu of other plastics, such as polyethylene or polypropylene, unnecessarily complicates the overall chemical composition of municipal waste and subtracts from the possible emergence of a viable plastic recycling market; if burned together, polystyrene and polyvinyl chloride leave a relatively heavier and more expensive ash residue to dispose of which may also create dioxin, hydrochloric acid or other toxic chemicals that could be emitted into the general environment once burned in a resource recovery facility.

K. There are readily available plastic and/or paper product substitutes for most of the polystyrene and polyvinyl chloride retail food packaging now being used in the City of Jersey City, the use of which alternatives would be environmentally and economically advantageous to the public of the City of Jersey City.

L. Plastic bags in the waste stream constitute an impediment to the development of efficient waste separation, recycling or other waste management programs and are less desirable than paper bags because plastic bags are neither recyclable nor compostable.

M. Plastic bags used by retail establishments selling food constitutes the largest single retail source of plastic bags in the waste stream.

N. The purpose of this article is to eliminate the use of nondegradable packaging originating at retail establishments within the City of Jersey City in order to protect the air, land and waters of the City of Jersey City against environmental contamination and degradation.

§ 287-33. Definitions.

As used in this article, the following terms shall have the meanings indicated:

DEGRADABLE PACKAGING - Packaging made of cellulose-based or other substances that are capable of being readily attacked, decomposed, assimilated and otherwise completely oxidized or broken down by bacteria or other natural biological organisms into carbonaceous soil material or water and carbon dioxide; or in the alternative capable of otherwise degrading within 12 months of manufacture into fragments that are small relative to the original size or into particles of a molecular weight that is low when compared to that of the original material.

PACKAGING - All food-related wrappings, adhesives, cords, binding, bags, boxes, containers and disposable or nonreusable plates, cups or drinking utensils intended for use with the City of Jersey City.

RETAIL FOOD ESTABLISHMENT - All sales outlets, stores, shops or other places of business located within the City of Jersey City which operate primarily to sell or convey foods directly to the ultimate consumer, which foods are predominantly contained, wrapped or held in or on packaging. "Retail food establishment" shall include, but not be limited to, any place where food is prepared, mixed, cooked, baked, smoked, preserved, bottled, packaged, handled, stored, manufactured and sold or offered for sale, including but not limited to any short order cafe, fast-food outlet, delicatessen, luncheonette, grill, sandwich shop, soda fountain, tavern, bar, cocktail lounge, nightclub, roadside stand, takeout prepared food place, industrial feeding establishment, catering kitchen, grocery store, public food market, food stand or similar place in which food or drink is prepared for sale or for service on the premises or elsewhere and any other establishment or operation, including homes, where food is processed, prepared, stored, served or provided for the public for charge.

§ 287-34. Unlawful acts.
[Amended 10-24-1990 by Ord. No. McC-203]

A. No retail food establishment located and doing business within the City of Jersey City shall sell or convey food directly to ultimate consumers within the City of Jersey City unless such food is placed, wrapped or packed in degradable packaging at the conclusion of a sales transaction for the purchase of such food, which takes place on the premises of such a retail food establishment at or near a sales counter or equivalent customer purchasing station but prior to removal of such food from the premises of such retail food establishment.

B. No retail food establishment located and doing business within the City of Jersey City shall sell, give or provide eating utensils or food containers to any consumers within the City of Jersey City if such eating utensil or food container is composed of polystyrene or polyvinyl chloride.

§ 287-35. Unlawful purchases by city.

A. The City of Jersey City shall not purchase any food packaging which contains polystyrene or polyvinyl chloride nor shall it sponsor any event which utilizes such packaging. All food packaging shall be biodegradable.

B. The purchasing agent shall exclusively advertise for the receipt of bids for degradable plastic bags for use by the city.

§ 287-36. Regulations.

The Director of the Division of Engineering, Traffic and Transportation shall issue and promulgate such rules and regulations as may be necessary to implement and carry out the provisions of this article.

§ 287-37. Exemptions.

A. Section 287-34 of this article shall not apply to the following items:

(1) Any flexible transparent covering for uncooked or raw meat, poultry, raw fish, hard cheese, cold cuts, fruit and vegetable produce, baked goods or bread; any polystyrene packaging for meat, meat products, fish, poultry, dairy and produce packaged and sold in the City of Jersey City; provided that such packaging does not contain chlorofluorocarbons (CFC's). **[Amended 10-24-1990 by Ord. No. McC-203]**

(2) Any food packaging used at hospitals or nursing homes.

(3) Any paper or other cellulose-based packaging that is coated with polyethylene plastic on only one side.

(4) Any plastic covers, covering material, food containers, lids, eating utensils or straws that are not made of polystyrene or polyvinyl chloride.

B. The Director of the Division of Engineering, Traffic and Transportation or its authorized representative may exempt an item or type of packaging from the requirements of this article upon a showing that the item or type has no acceptable equivalent and that imposing the requirements on that item or type would cause undue hardship. Applicants seeking an exemption shall furnish a list of suppliers contacted to determine if substitutes are available.

C. The Director of the Division of Engineering, Traffic and Transportation may exempt any packaging not containing chlorofluorocarbons (CFC's) upon documented proof provided by the retail food establishment in a form as prescribed by and satisfactory to the Director of Engineering that recycling of this food packaging is occurring. The retail food establishment shall source-separate and remove the food packaging from the solid waste and shall cause the recycling of the packaging, in an organized manner, into another usable product thus preventing the packaging from being disposed. At minimum, the retail food establishment shall demonstrate monthly that at least sixty percent (60%) of said total packaging utilized is being recycled. This would include in the total that packaging being used within the premises as well as that taken from the premises.

§ 287-38. Enforcement. [Amended 11-9-2016 by Ord. No. 16-172]

The provisions of this Article shall be enforced by the Jersey City Department of Public Works and the Health Officer, which shall designate inspectors empowered to issue complaints for violations of this Article in accordance with the rules governing the courts of the State of New Jersey.

§ 287-39. Provisions voided by superseding regulations; violations and penalties.

A. This Article shall be void upon the enactment or adoption of any federal and/or state law or regulation restricting the use of polystyrene, polyvinyl chloride or degradable packaging.

B. Any person found guilty of violating any provision of this Article shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.;*

* **Editor's note**—Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.

ARTICLE III

Private Collectors [Adopted 10-16-1979 as Ord. No. S-302]

§ 287-40. Unlawful hours of operation. [Amended 3-13-1986 by Ord. No. C-24; amended 1-25-2017 by Ord. No. 17-012]

A. It shall be unlawful for any private garbage or refuse collector to collect any such material in any residential area or street in the city before the hour of 8:00 a.m. on weekdays and 9:00 a.m. on weekends or after the hour of 10:00 p.m. all days.

B. Garbage, refuse, swill, and anything else set out to be collected by a private collector shall be contained within a receptacle or in orange garbage bags. If garbage bags are used, they shall be waterproof and capable of holding their contents without leakage, spillage, or tearing. Garbage bags shall be kept securely sealed or tied so as to prevent leakage or spillage. **[Amended 9-25-2024 by 24-079]**

ARTICLE IV

Recycling [Adopted 1-14-1988 as Ord. No. C-652; amended 7-16-2008 by Ord. No. 08-098]

§ 287-41. Definitions.

Commingled — means a combining of non-putrescible source-separated recyclable materials for the purpose of recycling;

Designated recyclable materials — means those materials designated within the Hudson County District Solid Waste Management Plan to be source separated for the purpose of recycling. These materials include aluminum, tin and steel; corrugated cardboard; glass containers; grass and brush; household batteries; leaves; masonry (asphalt, brick, block and concrete); mixed paper; motor oil; motor oil filters; newspaper; office paper; plastic containers (#1 and #2); tires; vehicle batteries; white goods; and wood;

Electronic waste — means a computer central processing unit and associated hardware including keyboards, modems, printers, scanners and fax machines; a cathode ray tube, a cathode ray tube device, a flat panel display or similar video display device with a screen that is greater than four inches measured diagonally and that contains one or more circuit boards, including televisions and cell phones;

Multi-family dwelling — means any building or structure of complex of buildings in which three or more dwelling units are rented or leased or offered for rental or leave for residential purposes (see N.J.S.A. 13:1E-99.13a) except hotels, motels or other guest houses serving transient or seasonal guests as those terms are defined under subsection (j) of section 3 of the "Hotel and Multiple Dwelling Law," P.L. 1967, c.76 (C.55:13A-1 et seq.);

Municipal solid waste (MSW) stream — means all solid waste generated at residential, commercial, and institutional establishments within the boundaries of the municipality of the City of Jersey City;

Recyclable material — means those materials which would otherwise become solid waste, and which may be collected, separated, or processed and returned to the economic mainstream in the form of raw materials or products;

Source-separated recyclable materials — means recyclable materials which are separated at the point of generation by the generator thereof from solid waste for the purposes of recycling;

Source separation — means the process by which recyclable materials are separated at the point of generation by the generator thereof from solid waste for the purposes of recycling.

§ 287-42. Source separation; exemption from source separation requirements.

A. Mandatory source separation: It shall be mandatory of all persons who are owners, tenants, or occupants of residential and non-residential premises located within the municipality of the City of Jersey City to separate designated recyclable materials from all solid waste. Designated recyclable materials shall be deposited separated and apart from other solid waste generated by the owners, tenants, or occupants of such premises and shall be placed separately at the curb in a manner and on such days and times as may be hereinafter established by regulations promulgated by the City of Jersey City or the Jersey City Department of Public Works. **[Amended 11-9-2016 by Ord. No. 16-172]**

B. Exemptions: Pursuant to N.J.S.A. 13:1E99.16(d), the governing body of a municipality may exempt persons occupying commercial or institutional premises within its municipal boundaries from the source separation requirements of the ordinance which requires persons generating municipal solid waste within its municipal boundaries to source separate from the municipal solid waste stream, the specified recyclable materials if those persons have otherwise provided for the recycling of all designated recyclable materials. To be eligible for an exemption pursuant to this Chapter, a commercial or institutional generator of solid waste shall file an application for exemption with the municipal recycling coordinator on forms to be provided for this purpose. The form shall include, at a minimum, the following information: the name of the commercial or institutional entity; the street address location and lot and block designation; the name, official title and phone number of the person making application on behalf of the commercial or institutional entity; the name, address, official contact person and telephone number of the facility which provides the service of recycling those designated recyclable materials, and a certification that the designated recyclable materials will be recycled, and that, at least on an annual basis, said recycling service provider shall provide written documentation to the municipal recycling coordinator of the total number of tons collected and recycled for each designated material.

§ 287-43. Collection of recyclable materials.

The collection of recyclable materials shall be in the manner prescribed as follows:

A. All receptacles containing recyclable materials shall be placed, prior to collection, between the curb and the sidewalk, or in the absence of curb and sidewalk, as near to the street as not to constitute a danger, where such receptacles shall be readily accessible to the collector without providing obstruction to pedestrians. The owner or occupant of the premises shall keep all receptacles clean and in safe handling condition. Receptacles or other items to be disposed of shall be placed as noted above anytime after 7:00 p.m. of the day immediately preceding the day of collection, but no later than 10:00 p.m. of the day immediately preceding the day of collection. After collection, any containers shall be removed from the curbside by no later than 10:00 a.m. next.

B. All receptacles or dumpsters shall be maintained in accordance with the Health Code of the municipality of the City of Jersey City.

§ 287-44. Residential dwelling compliance requirements.

The owner of any property shall be responsible for compliance with this Ordinance. For multi-family/high-rise housing developments, the management or owner is responsible for setting up and maintaining the recycling system, including collection of recyclable materials. Violations and penalty notices will be directed to the owner or management. The management shall issue notification and collection rules to new tenants when they arrive and every six months during their occupancy.

§ 287-45. Commercial establishment compliance requirements.

A. All commercial, business or industrial facilities shall be required to comply with the provisions of this Ordinance.

B. The arrangement for collection of designated recyclables hereunder shall be the responsibility of the commercial, institutional or industrial property owner or their designee. All commercial, institutional or industrial properties which provide outdoor litter receptacles and disposal service for their contents shall also provide receptacles for designated recyclable materials, for those materials commonly deposited, in the location of the litter receptacle, and shall provide for separate recycling service for their contents.

C. Every business, institution or industrial facility shall report on an annual basis to the municipal recycling coordinator, on such forms as may be prescribed, on recycling activities at their premises, including the amount of recycled material, by material type, collected and recycled and the vendor or vendors providing recycling service.

D. All food service establishments shall, in addition to compliance with all other recycling requirements, be required to recycle grease created in the processing of food or food products, and maintain such records as may be proscribed, for inspection by any code enforcement officer.

§ 287-46. New developments of multi-family residential units or commercial, institutional or industrial properties.

A. Any application to the planning board of the municipality of the City of Jersey City, for subdivision or site plan approval for the construction of multi-family dwellings of three or more units, or any commercial, institutional or industrial development for the utilization of one thousand (1,000) square feet or more of land, must include a recycling plan. This plan must contain, at a minimum, the following:

1. A detailed analysis of the expected composition and amounts of solid waste and recyclables generated at the proposed development and

2. Locations documented on the application's site plan that provide for convenient recycling opportunities for all owners, tenants and occupants.

B. Prior to the issuance of a Certificate of Occupancy by the municipality of the City of Jersey City, the owner of any new multi-family housing or commercial, institutional or industrial development must supply the planning board of the municipality of the City of Jersey City with a copy of a duly executed contract with a hauling company for the purposes of solid waste collection and the collection of recycling of source-separated recyclable materials.

§ 287-47. Prohibition of the collection of waste mixed with recyclable materials.

A. It shall be unlawful for solid waste collectors to collect solid waste that is mixed with, or contains visible signs of, designated recyclable materials. It is also unlawful for solid waste collectors to remove for disposal those bags or containers of solid waste which visibly display a warning notice sticker or some other device indicating that the load of solid waste contains designated recyclable materials.

B. It shall be the responsibility of the resident or occupant to properly segregate the uncollected waste for proper disposal or recycling. Allowing such unseparated solid waste and recyclables to accumulate will be considered a violation of this article and the local sanitary code.

§ 287-48. Enforcement. [Amended 10-14-2016 by Ord. No. 15-104; 9-23-2020 by Ord. No. 20-074]

The Department of Public Safety's Division of Quality of Life and Division of Police and the Department of Health and Human Services' Division of Environmental Health, Hudson Regional Health Commission, and the Hudson County Improvement Authority are hereby individually and severally empowered to enforce the provisions of this article. The respective enforcing official may, in his or her discretion, post warning notice stickers for a first time offense. An inspection may consist of sorting through containers and opening of solid waste bags to detect, by sound or sight, the presence of any recyclable material.

§ 287-49. Violations and penalties.

Any person, corporation, occupant or other entity that violated or fails to comply with any provision of this Ordinance or any of the rules and regulations promulgated hereunder shall, upon conviction thereof, be punishable as provided for in Chapter 1, General Provisions, Section 1-25. **[Amended 1-25-2017 by Ord. No. 17-005]**

ARTICLE V

Construction, Renovation, and Demolition Debris Recovery [Added 7-16-2008 by Ord. No. 08-098]

§ 287-50. Definitions.

Covered project — means a construction, renovation or demolition project for which a building permit or a demolition permit is required, and for which a dumpster, roll-off container or any other vehicle in which such material is transported shall be placed on premises for the purpose of the placement of waste materials.

§ 287-51. Construction, renovation and demolition debris recovery plan.

A debris recovery plan shall be filed with the municipal building department, with a copy of the plan forwarded to the municipal recycling coordinator, prior to the commencement of any activity for

municipal approval as further identified above. The debris recovery plan shall identify the types and estimated quantities of construction and demolition debris to be generated from the project, how each material will be managed, and the name of each facility or service provider that the entity will use to manage each material. The plan shall further detail how the applicant shall ensure that a minimum of fifty percent (50%) of the materials to be generated will be separated and recycled.

§ 287-52. Review of debris recovery plan.

A. Approval: A debris recovery plan shall be reviewed by the municipal building department and/or the municipal recycling coordinator, and approved if it provides for all of the information required by this Ordinance. An approved debris recovery plan shall be marked "Approved" and returned to the owner of the entity which submitted the plan.

B. Denial: A debris recovery plan shall not be approved if it does not provide all of the information required by this Ordinance. If a debris recovery plan is not approved, the owner of the entity which submitted the plan shall be notified in writing that the plan has been rejected, including the reasons for the rejection. In order to obtain the building or demolition permit sought, the owner of the entity which will carry out the construction, renovation or demolition project shall make the required changes and resubmit the debris recovery plan to the municipal building department and/or the municipal recycling coordinator.

§ 287-53. Diversion requirement adjustment.

A. Application: If the owner of an entity carrying out a covered project experiences circumstances that make it infeasible to comply with the diversion requirement cited in this Ordinance, the owner of the entity may apply to the municipal building department and/or the municipal recycling coordinator for an adjustment. The owner shall indicate in writing why it is infeasible to divert fifty percent (50%) of the materials being generated from the covered project and specify what percentage of diversion could be achieved. Increased costs to the owner of the entity carrying out the covered project will not be an acceptable justification for an adjustment.

B. Review: The municipal building department and/or the municipal recycling coordinator shall review the information supplied by the owner. If warranted, the municipal recycling coordinator shall attempt to contact the owner to discuss possible ways of meeting the diversion requirement.

C. Granting of an adjustment: If the municipal building department and/or the municipal recycling coordinator determines that it is infeasible for the entity carrying out a covered project to divert fifty percent (50%) of the generated C&D debris from the covered project, the percent of diversion required shall be adjusted. The owner shall be notified in writing of the adjusted diversion requirement. The owner of the entity carrying out the covered project shall be required to divert the percent of C&D debris required by the adjustment.

D. Denial of adjustment: If the municipal building department and/or the municipal recycling coordinator determine that it is feasible for the owner of an entity carrying out a covered project to meet the diversion requirement cited in this Ordinance, the owner shall be notified in writing of the denial of the diversion requirement adjustment.

E. Adjustment from the fifty percent (50%) diversion requirement shall be granted by the Jersey City Department of Public Works as well as any private entity performing a demolition which needs to be performed on an emergency basis with notification and approval of the Construction Official, Fire Official or Health Officer. **[Amended 11-9-2016 by Ord. No. 16-172]**

§ 287-54. Debris recovery plan reporting requirements.

Documentation: Upon completion of the covered project, but before the final inspection, the owner of the entity carrying out a covered project shall submit in person or by certified mail to the municipal building department and/or the municipal recycling coordinator, the documentation required to demonstrate that the applicant has met the diversion requirement. The required documentation shall include the following:

(1) A completed debris recovery report, signed by the owner of the entity carrying out a covered project, indicating the quantity of each material generated during the covered project diverted to disposed;

(2) Receipts from all facilities or service providers utilized to divert and dispose materials generated during the covered project; and

(3) Any additional information that the owner of the entity carrying out the covered project believes is relevant to determining compliance with the diversion requirement.

§ 287-55. Compliance with diversion requirement.

The municipal building department and/or the municipal recycling coordinator shall review the information submitted pursuant to this Ordinance and determine whether the owner of the entity carrying out the covered project has complied, or failed to comply, with the diversion requirement. The determination regarding compliance will be provided to the owner of the entity carrying out the covered project in writing.

§ 287-56. Appeal.

An owner of the entity carrying out the covered project may appeal a determination of failure to comply under this Ordinance to the municipality within thirty (30) days of the decision or determination. The appeal shall be in writing and shall state the fact and basis for the appeal. A decision by the Jersey City Business Administrator shall be final.

§ 287-57. Enforcement. [Amended 11-9-2016 by Ord. No. 16-172; 9-23-2020 by Ord. No. 20-074]

The Construction Code Official, the Department of Public Safety, the Department of Health and Human Services, Hudson Regional Health Commission and the Hudson County Improvement Authority are hereby individually and severally empowered to enforce the provision of this article. The respective enforcing official may, in his or her discretion, post warning notice stickers for a first offense. An inspection may consist of dumping and opening of solid waste bags and containers to detect, by sound or sight, the presence of any recyclable material.

§ 287-58. Violations and penalties.

Any person, corporation, occupant or other entity that violated or fails to comply with any provision of this Ordinance or any of the rules and regulations promulgated hereunder shall, upon conviction thereof, be punishable by a fine no less than five hundred dollars ($500.00), nor more than the maximum penalty set in accordance with Section 1-25 of this Code. Each day for which a violation of this Ordinance occurs shall be considered a separate offense.

SPRAY PAINT, SALE OF

§ 290-1. Definitions.
§ 290-2. Unlawful acts.
§ 290-3. Possession of certain paints or markers restricted.
§ 290-4. Possession within public buildings.
§ 290-5. License required for sale of spray paint.
§ 290-6. Signs; display requirements.
§ 290-7. Aiding or abetting persons under eighteen years of age.
§ 290-8. Violations and penalties.

[HISTORY: Adopted by the Council of the City of Jersey City 7-22-1992 by Ord. No. 92-084. Amendments noted where applicable.]

GENERAL REFERENCES

Graffiti — See Ch. 242, Art. II.

§ 290-1. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

SPRAY PAINT — Any paint or pigmented substance in an aerosol or similar spray container or intended for use in an aerosol or similar spray container.

§ 290-2. Unlawful acts.

A. It shall be unlawful for any person to sell or offer for sale to any person under 18 years of age any spray paint or hobby kit or any similar kind of kit containing spray paint and any ink marker which is not water soluble, having a marking tip of one-half (½) inch or more in length or width.

B. No person may sell or offer to sell spray paint to any other person unless the buyer presents evidence of his or her identity and age.

C. Containers of spray paint and any ink marker which is not water soluble, having a marking tip of one-half (½) inch or more in length or width, may not be displayed in any retail business premises in a manner in which they can be picked up by a customer when standing in an area allocated for customer use.

§ 290-3. Possession of certain paints or markers restricted.

No person under the age of 18 shall possess any paint in a spray can or any marker containing a fluid which is not water soluble and has a point, brush, applicator or other writing surface of one-half (½) inch or greater in length or width. This prohibition shall not apply to:

A. A child using paint or marker while under the immediate supervision of his or her parent or legal guardian;

B. A student using paint or a marker while under the immediate supervision of his or her teacher; or

C. An employee using paint or marker under the supervision of his or her employer.

§ 290-4. Possession within public buildings.

A. It shall be unlawful for any person to possess a spray paint container or any marker containing a fluid which is not water soluble and has a point, brush, applicator or other writing surface of one-half (½) inch in length or width or greater, on the property of another or in any public building or upon any public facility. It shall be a defense to an action for violation of this section that the owner, manager or other person having control of the property, building or facility consented to the presence and use of the paint or marker.

B. It shall be unlawful for any person to possess a spray paint or any marker containing fluid which is not water soluble and has a point, brush, applicator or other writing surface of one-half (½) inch in length or width or greater on the public way with intent to use the same to deface any building, structure or property. This prohibition shall not apply to any employee of a public utility or of the municipal, state or federal government using spray paint or any marker within the scope of his or her prescribed duties.

§ 290-5. License required for sale of spray paint.

A. No person, except a wholesale dealer, may sell, offer to sell or possess with intent to sell any spray paint or hobby kit or any similar kind of kit containing spray paint without first obtaining a license from the Superintendent of Licenses. The words "wholesale dealer" mean any manufacturer and any person who sells spray paint to persons who are reasonably understood not to be the ultimate consumers. Applications for licenses to sell spray paint shall be made in the form prescribed by the Superintendent of Licenses and accompanied by a fee as provided in Chapter 160, Fees and Charges, payable to the City of Jersey City. **[Amended 6-14-1995 by Ord. No. 95-050]**

B. Licenses shall be valid for a period of one year and shall expire on May 31 of each year. The initial license fee following the change in expiration date will be subject to proration by the Division of Licenses and Fees. **[Amended 2-11-1998 by Ord. No. 98-004]**

C. The license or a certified copy of the license shall be displayed at all times in a conspicuous place within the business premises where it can be easily read.

D. Effective November 1, 1992, every person engaged in the business of selling spray paint shall keep a record of each sale. The record shall include the name, address and the age of the buyer and the number of units or containers of spray paint purchased. Such record shall be made available at all reasonable hours for inspection by any law enforcement officer.

E. A license may be suspended or revoked, after notice and an opportunity to be heard, if the licensee is convicted of a violation of this Article or if the Superintendent of Licenses finds that the licensee has violated any provision of this Article.

§ 290-6. Signs; display requirements.

A. Every person who engages in the business of selling spray paint or markers regulated by this Article shall post in clear public view at or near the display of such products, using bold lettering at least one (1) inch in height, a placard stating the following:

> ANY PERSON DEFACING REAL PROPERTY NOT HIS OR HER OWN WITH PAINT OR ANY OTHER LIQUID IS SUBJECT TO A FINE OF ONE THOUSAND DOLLARS ($1,000.) OR IMPRISONMENT FOR UP TO NINETY (90) DAYS.

B. Every person who engages in the business of selling spray paint or markers regulated by this Article shall also post in the direct view of such person or persons responsible for accepting customer payment for such spray paint containers or marker pens, using bold lettering at least one (1) inch in height, a placard stating the following:

> IT IS UNLAWFUL TO SELL OR OTHERWISE CONVEY SPRAY PAINT OR WIDE-TIPPED MARKERS TO PERSONS UNDER EIGHTEEN (18) YEARS OF AGE IN THE CITY OF JERSEY CITY. VIOLATORS SHALL BE SUBJECT TO A FINE OF UP TO ONE THOUSAND DOLLARS ($1,000.) OR IMPRISONMENT FOR UP TO NINETY (90) DAYS.

§ 290-7. Aiding or abetting persons under eighteen years of age.

No person shall aide, assist or abet a person under the age of eighteen (18) in obtaining possession of paint in a spray can or any marker containing a fluid which is not water soluble and has a point, brush, applicator or other writing surface of one-half (½) inch or greater. This prohibition shall not apply to:

A. A parent or legal guardian assisting and supervising his or her own child or ward in use of paint or a marker;

B. A teacher assisting and supervising his or her student in the use of paint or a marker; or

C. An employer assisting and supervising his or her employee in the use of paint or a marker.

§ 290-8. Violations and penalties.[2]

Any person who is convicted of a violation of any section of this chapter shall be punishable as provided in Chapter 1, General Provisions, § 1-25.

---

§ 296-3.18. Stop work order, Permit modification, and Permit revocation.
§ 296-3.19. Suspension of action on new applications.
§ 296-3.20. Coordination of future Excavations with public utilities and autonomous agencies.
§ 296-3.21. Enforcement.

ARTICLE IV
Restoration of the Public Right-Of-Way

§ 296-4.1. Restoration of the Public Right-of-Way.

§ 296-4.2. Repair and maintenance obligation of Permittee.
§ 296-4.3. Subsurface or pavement failures; notice to responsible party.
§ 296-4.4. Repair by the Division.
§ 296-4.5. Emergency remediation by the Division.
§ 296-4.6. Establishment of an infrastructure restoration fund.
§ 296-4.7. Violation of this article; civil penalties.
§ 296-4.8. Enforcement.

ARTICLE V
Dumpsters, Utility Facilities and Temporary Obstructions on Public Rights-of-Way

§ 296-5.1. Placement of unauthorized objects on public rights-of-way prohibited.
§ 296-5.2. Permit requirements, procedure.
§ 296-5.3. Permit duration.
§ 296-5.4. Identification sticker and reflectors required; placement.
§ 296-5.5. Removal of unauthorized objects.
§ 296-5.6. Identification of visible and underground Facilities.
§ 296-5.7. Abandonment of underground Facilities; reports and maps.
§ 296-5.8. Enforcement.

ARTICLE VI
Vacation of Streets

§ 296-6.1. Petition to vacate Street—Contents.
§ 296-6.2. Presentation to Council; publication of ordinance; proof of notice to property Owners abutting Street to be vacated required.
§ 296-6.3. Petitioner responsible for all legal filings.

ARTICLE VII
Sidewalk Cafés and Sidewalk Sales

§ 296-7.1. Sidewalk Cafés and Parklets—Permit required.
§ 296-7.2. Permitted location; regulations; projection into Sidewalks.
§ 296-7.3. Permitted months and hours of operation, entertainment.
§ 296-7.4. Insurance required.
§ 296-7.5. License fee, term, maximum number of patrons, and application; approvals required; revocation; closure; hearing.
§ 296-7.6. Sidewalk sales; Permit required.
§ 296-7.7. Enforcement.

ARTICLE VIII
Placement of Pay Telephones in the Public Right-of-Way

§ 296-8.1. Definitions.
§ 296-8.2. Permit required; fee.
§ 296-8.3. Application for Permit to install a pay telephone—Contents; procedure.
§ 296-8.4. Rates to be posted; Emergency calls.
§ 296-8.5. Maintenance and installation.
§ 296-8.6. Location and placement of phones; number.
§ 296-8.7. Variance.
§ 296-8.8. Appeals.
§ 296-8.9. Applicability to existing pay telephones.
§ 296-8.10. Violations and penalties.
§ 296-8.11. Enforcement.

ARTICLE IX
Rights-of-Ways for Wireless Telecommunications

§ 296-9.1. Definitions.

ARTICLE I
General Provisions; Duties of Property Owners and Occupants

§ 296-1.1. Definitions. [Added July 15, 2020 by Ord. No. 20-054]

For purposes of this Chapter, the following terms shall have the following meanings:

APPLICANT — any Owner or duly authorized agent of such Owner who has submitted an application for a Permit to close the Public Right-of-Way or excavate the Public Right-of-Way.

BLOCK — that part of the Public Right-of-Way that includes the Street area from the property line to the parallel property line in width and extending from the property line of an intersecting Street to the nearest property line of the next intersecting Street in length. For purposes of this definition, an intersection also shall be considered a "Block."

BUSINESS DAY — any day except any Saturday, any Sunday, any day which is a federal legal holiday in the United States or any day on which banking institutions in the State are authorized or required by law or other governmental action to close.

CHAPTER — this Chapter of the Municipal Code of the City of Jersey City.

CITY — the City of Jersey City.

CORNER — the full width of Sidewalk area beginning at the point at which the extended Curblines form an intersection and running therefrom a distance of 25 feet along such Curb in either direction.

CURB — the stone or concrete edging delineating the boundary between the Sidewalk and the Street.

CURBLINE — the line at the face of the Curb nearest to the Street.

DEPOSIT — any cash Deposit, or other security provided by the Applicant in accordance with this Chapter.

DIRECTOR — the Municipal Engineer who serves as the Director of the Division of Engineering, or his or her designee. **[Amended 1-10-2024 by Ord. No. 23-126]**

DIVISION — the Division of Engineering, Traffic and Transportation.

DUMPSTER — a large, immobile trash receptacle designed to be hoisted and emptied into a truck.

EMERGENCY — a situation likely to endanger life or property or interrupts or is likely to interrupt utility service such as the delivery of gas, electric, water or sewer service.

EXCAVATION — any work involving breaking the surface of the Public Right-of-Way for the purpose of installing, servicing, repairing or modifying any Facility(ies) in or under the surface of the Public Right-of-Way. Bore holes, monitoring wells or other probes into the surface of the Public Right-of-Way shall also be considered "Excavations." Sidewalk and Curb Excavations shall be considered "Excavations."

FACILITY or FACILITIES shall include, but not be limited to, any and all cables, fiber optic lines, cabinets, ducts, conduits, converters, equipment, drains, handholes, manholes, pipes, pipelines, poles, splice boxes, surface location markers, tracks, tunnels, utilities, vaults, Street lights, and other appurtenances or tangible things owned, leased, operated, or licensed by an Owner or Person, that are located or are proposed to be located in the Public Right-of-Way.

FOOD SERVICE ESTABLISHMENT — a Facility established primarily for the service of food and drink and which includes restaurants of all classes, including but not limited to, bakeries, ice cream parlors, taverns and delicatessens.

GUTTER — the trough which runs along the edge of the Curb in the Street and which channels rainwater into the storm sewers.

LITTERED CONDITION — when the Sidewalk or any part of the front of any premises facing upon and adjacent to any Public Right-of-Way where there exists thereon, littered, dispersed or scattered about, any accumulation of dirt, dust, ashes, straw, shavings, sweepings, garbage, refuse, tree or shrubbery leaves, bark, branches or twigs, animal or vegetable matter, fruit peels, skins or parts thereof, wood, metal, old rags, waste, bottles or broken glass, newspapers, magazines or books or pages or parts thereof, other printed material, torn pieces of paper, cardboard and the like, wrappings, bags, containers, string, cigar or cigarette butts or parts thereof, matches or any other discarded matter, all of which shall be regarded as refuse, and any combination or accumulation thereof.

MAJOR WORK — any reasonably foreseeable Excavation that will affect the public right-of-way for more than five (5) consecutive calendar days.

MUNICIPAL ENGINEER — the Director of the Division of Engineering or his or her designee. **[Amended 1-10-2024 by Ord. No. 23-126]**

MUNICIPAL EXCAVATOR — any agency, authority, board, commission, department, or subDivision of the City, or agent thereof, that owns, installs, or maintains a Facility or Facilities in the Public Right-of-Way.

OWNER — any Person, including the City, who owns any Facility or Facilities that are or are proposed to be installed or maintained in the Public Right-of-Way.

PAPER STREET — a Street that appears on maps but has not yet been built or dedicated to the City.

PARKLET — a temporary, movable structure installed by the City in a Street occupying a parking space or parking spaces within the parking lane and abutting the Curbline, intended to serve as an extension of the Sidewalk for the purpose of public enjoyment. **[Added 2-24-2021 by Ord. No. 21-010]**

PEDESTRIAN — any person travelling on foot, roller skates, roller blades, or skateboard. **[Amended 2-24-2021 by Ord. No. 21-010]**

PEDESTRIAN MALL or PEDESTRIAN MALL IMPROVEMENT or PEDESTRIAN PLAZA or MALL — any local improvement authorized by N.J.S.A. 40:56-65 et seq. and designed to be used primarily for the movement, safety, convenience and enjoyment of Pedestrians, whether or not a part of a Street is set apart for roadway or emergency vehicles, transit vehicles and private vehicles, or any of them. A Pedestrian Mall Improvement shall include but not be limited to Pedestrian thoroughfares, perimeter parking, public seating, park areas, outdoor cafés, shelters, trees, flower plantings, sculpture, newsstands, telephone booths, traffic signs, kiosks, fire hydrants, street lighting, ornamental signs, ornamental lights, trash receptacles, display cases, marquees, awnings, canopies, overhead radiant heating fixtures, underground radiant heating pipes and devices, walls, bollards and chains and all such other fixtures, equipment, facilities and appurtenances which, in the judgment of the governing body of a municipality, will enhance the movement, safety, convenience and enjoyment of Pedestrians and benefit the municipality and adjoining properties. **[Added 2-24-2021 by Ord. No. 21-010]**

PERMIT — the written permission to partially or fully close or block the flow of traffic or parking in the Public Right-of-Way or perform an Excavation within the Public Right-of-Way as it has been approved, amended, or renewed by the Division, which are subject to the fees established in Chapter 160-1.A.10. **[Amended 1-10-2024 by Ord. No. 23-126]**

PERMITTEE — the Applicant to whom a Permit to close, Block or excavate the Public Right-of-Way has been granted by the Division in accordance with this Chapter.

PERSON — any natural Person, corporation, partnership or entity, any municipal excavator, or any governmental agency, including the State of New Jersey or the United States of America.

PLOW LINE — the furthest extent of any furrow plowed into the snow during snow plowing operations.

PORTABLE MOVING STORAGE CONTAINER — any large, immobile container typically delivered by a moving company and which is used to temporarily store movable Personal property while in the process of moving.

PUBLIC RIGHT-OF-WAY — the area across, along, beneath, in, on, over, under, upon, and within the dedicated public alleys, boulevards, courts, lanes, roads, Sidewalks, spaces, Streets, either paved or constructed or not, including Paper Streets, and ways within the City, as they now exist or hereafter will exist and which are or will be dedicated or expressly reserved for the use of vehicular, Pedestrian, or bicycle traffic and other allowable modes of transportation, and/or utilities and which shall be under the Permitting jurisdiction of the Division.

SIDEWALK — the entire ground or space from the established or actual building line up to and including the Curb of the public Street in front of any building or vacant lot or on the sides thereof, if same is a corner property, facing on and or adjacent to two (2) or more public Streets, and shall include any thoroughfare, public or private, used by the public.

SIDEWALK CAFÉ — a partitioned space, abutting a Food Service Establishment extending beyond the building line into the Sidewalk and intended to accommodate tables, chairs, and the service of food and drink to patrons of the Food Service Establishment which fronts on that Sidewalk.

STANDARD PLANS AND SPECIFICATIONS — and include those standards and specifications prepared by the Division that govern excavations pursuant to this Chapter and shall include but not be limited to standards and requirements imposed by the Division relating to the method, location and time of excavation, the restoration of the same and such other requirements as may now or hereafter be imposed or otherwise required by the Division. **[Added 2-24-2021 by Ord. No. 21-010]**

STREET — the area dedicated to the public for vehicular, bicycle, scooter or other allowed traffic and governed by Title 39 of the State statutes, and shall include, but not be limited to, roadways, parkways, alleys and the air space above such surfaces.

UTILITY EXCAVATOR shall include but not be limited to any owner whose Facility or Facilities in the Public Right-of-Way are used to provide electricity, fuel or crude oil, gas, information services, sewer service, steam, telecommunications, traffic controls, transit service, video, water, or other services to customers regardless of whether or not such owner is deemed a public utility by the New Jersey Board of Public Utilities (BPU). **[Added 2-24-2021 by Ord. No. 21-010]**

§ 296-1.2. Duties of Owners or occupants of residential and commercial properties. [Added July 15, 2020 by Ord. No. 20-054]

Every Owner, occupant or Person having charge of a residential or commercial building or vacant lot is deemed to have a duty to maintain the Sidewalks, Curbs and Gutters abutting their building or lot free from snow, ice and litter in accord with the standards set forth in this article. Every Owner, occupant or Person having charge of a residential or commercial building or vacant lot is deemed to have a duty to maintain the surface of any Sidewalk(s) Curbs and Gutters abutting their property in an even and stable condition so as to be free of any trip hazards.

§ 296-1.3. Snow and ice removal, duties of Owners or occupants of residential properties; time for removal. [Added July 15, 2020 by Ord. No. 20-054]

Every Owner, occupant or Person having charge of a residential building or vacant lot shall, in case of a snowfall, clear any snow and ice from the Sidewalks, Curb and Gutters thereof and create a path of travel along the Sidewalk which is at least 48 inches wide in front of the building or lot, space permitting, as well as on the side thereof, space permitting, if the building or lot faces on more than one (1) Street, within eight hours after the snow has stopped falling. If the snowfall ceased during the night, removal shall be completed no later than eight hours after sunrise. For corner properties where the property faces

more than one (1) Street, every Owner, occupant or Person having charge of said property must also clear all corner ramps and adjacent Gutters and cross walks of snow and ice up to the Plow Line, in the same manner as set forth in this article and within the same timeframes as set forth in this article.

§ 296-1.4. Snow removal, duties of Owners or occupants of commercial properties and nonresidential structures; time for removal. [Added July 15, 2020 by Ord. No. 20-054]

Every Owner, occupant or Person having charge of a commercial building or non-residential structure shall, in case of a snowfall, clear any snow and ice from the Sidewalks and Gutters thereof and create a path of travel along the Sidewalk which is at least forty-eight (48) inches wide in front of the building or structure, space permitting, as well as on the side thereof, space permitting, if the building or structure faces on more than one (1) Street, within four (4) hours after the snow has stopped falling. If the snowfall ceased during the night, removal shall be completed no later than four (4) hours after sunrise. For corner properties where the property faces more than one (1) Street, every Owner, occupant or Person having charge of said property must also clear all corner ramps and adjacent Gutters and cross walks of snow and ice up to the Plow Line in the same manner as set forth in this article and within the same timeframes set forth in this article.

§ 296-1.5. Depositing of snow or ice into the Street, Gutter or sewer strictly prohibited. [Added July 15, 2020 by Ord. No. 20-054]

No Person shall shovel, throw or Deposit any snow or ice from any Sidewalk or Gutter into the Street after it has been plowed by the City. No Person shall shovel, throw or Deposit any snow or ice from any Sidewalk or Gutter into the sewer. Any Person finding it necessary to clear a Sidewalk or Gutter, after said Street has been cleared of snow and opened to vehicular traffic, shall bank and pile the snow from the Sidewalk within three (3) feet from the Curb, space permitting.

§ 296-1.6. Ice removal, monitoring. [Added July 15, 2020 by Ord. No. 20-054]

No Owner, occupant or Person having charge of any building or vacant lot shall permit any ice to remain upon any Sidewalk so as to impede Pedestrian traffic. Owners, occupants or people having charge of any building or vacant lot shall continuously monitor the condition of the Sidewalks abutting their property to assure that the Sidewalks remains free of ice even after it is initially cleared.

§ 296-1.7. Use of rock salt prohibited; approved de-icing chemicals. [Added July 15, 2020 by Ord. No. 20-054]

The use of rock salt to melt snow and ice upon Streets and Sidewalks is strictly prohibited as is the use of any other substance known to be harmful to animals and/or corrosive to pavement and concrete. In case any snow or ice shall be so hardened or in such condition that it cannot be removed without damaging the pavement, the Owner, occupant or Person having charge of the building or lot shall spread the following approved de-icing chemicals over same: calcium chloride, calcium magnesium acetate, magnesium chloride, potassium acetate, potassium chloride or urea.

§ 296-1.8. Removal by City within 12 hours of daylight after snowfall; costs to become lien. [Added July 15, 2020 by Ord. No. 20-054]

In addition to the penalties provided in Chapter 1, General Provisions, § 1-25 for failure to comply with this article within the time specified in § 296-1.3 and § 296-1.4, if the snow or ice is not removed within 12 hours of daylight after snowfall, then the snow and ice may be removed by and under the direction of the Director of the Department of Public Works. The expense of removal shall be charged against the Owner of the abutting property. After the removal, the Director of the Department of Public Works shall file a certification of costs with the governing body. If the governing body approves the certification and, the cost of the removal shall be charged to the property Owner and the charge shall become a lien and tax upon the property and be added to and become a part of the taxes next levied and assessed thereon. The lien and tax shall be enforced and collected by the Tax Collector in the same manner as any other taxes, all in accordance with N.J.S.A. 40:65-12.

§ 296-1.9. Duty of Owners, occupants and workers; Littered Conditions prohibited; Depositing materials in Streets or Gutters. [Added July 15, 2020 by Ord. No. 20-054]

No Owner, occupant or Person acting as an agent, janitor or superintendent in charge of any house, apartment, office building, store, stand, factory, garage or other type of building or vacant lot or lots shall maintain and allow the Sidewalk or any part of the front or sides of such premises, facing upon any Street, to be in a Littered Condition, as defined herein, at any time.

Any Owner, occupant or any Person acting as agent, janitor or superintendent in charge of any property shall regularly sweep, brush and otherwise clean the Sidewalk and any part of the front or sides thereof facing upon a Street; provided, however, that the Owner, occupant or Person in charge of any store, factory, office, building, garage, stand or other commercial property shall sweep, brush or otherwise clean the Sidewalk, Curbs and Gutters and any part of the front or sides thereof facing upon a Street daily, except Sundays, preferably at the closing hours.

No Owner, occupant or Person in charge of such property, or any Person undertaking for hire or otherwise to sweep, brush and otherwise clean said refuse, shall sweep any refuse, sweepings or residue thereof into or upon the Gutter or any part of a Street and Deposit or leave same therein or thereupon.

No Person or firm who, for hire or otherwise, who performs any work in front of any premises shall leave same in a dirty and Littered Condition, but shall remove said refuse pursuant to the provisions of this article.

No Owner, occupant or Person in charge of any property shall fail or refuse to sweep, brush and otherwise clean and remove refuse from any and all vestibules, entrances, passageways, stoops, cellar steps, courtyards, frontal or otherwise, or porches of any building, store, office or factory; entrances on the Sidewalk in front of any show or store window or exterior show or display cases; driveway or delivery, receiving, shipping or loading platform; or theater, hall or auditorium entrance or fire exit of any nature. No such Person shall maintain or allow to exist in connection therewith a dirty and Littered Condition, as defined in this article, and under no circumstances shall the Owner, occupant or Person in charge of any property or any Person who undertakes, for hire or otherwise, the sweeping and cleaning of the interior of any building or store sweep any refuse therefrom into the Sidewalk.

In the event that the Person owning the property cannot be located within the limits of the City, or any such Owner fails or refuses to comply with this article, the Department of Public Works, at the direction

of the Director of Public Works, upon two (2) days' notice, may undertake to sweep, brush and clean said Sidewalk and charge the actual labor expense thereof to the Owner by including same in the Owner's next annual tax bill.

§§ 296-1.10, 296-1.11. Reserved.

§ 296-1.12. Maintenance of water/sewer service pipe/sewer main connection—Responsibility of property Owner. [Added July 15, 2020 by Ord. No. 20-054]

The Owner of each property into which running water is introduced via the City's water main and into which said property discharges its sanitary and/or stormwater (wastewater) into the City's storm or sanitary or combined sewer main, shall be responsible for the maintenance of the service pipes which run under the Street and Sidewalk and which connects his or her premises to the water and sewer mains. Accordingly, each property Owner is responsible for replacement of that portion of the Street and/or Sidewalk which is disturbed by the replacement of said service pipes. Service connection failures at the point of the service connection to any water sanitary/storm/combined sewer main, shall be the sole responsibility of the connected property Owner to repair the connection(s) and restore the Street, Sidewalk and Curbs that are disturbed.

§ 296-1.13. Uneven Sidewalks and replacement of Sidewalks—Responsibility of property Owner. [Added July 15, 2020 by Ord. No. 20-054]

The responsibility for maintaining Sidewalks and Curbs in a safe condition and free from all trip hazards caused by tree roots, broken or cracked concrete or subsurface shifting shall rest with the property Owner whose property abuts said Sidewalk and/or Curb.

The responsibility for replacing Sidewalks and Curbs shall rest with the property Owner whose property abuts said Sidewalk and/or Curb. Any property Owner seeking to replace a Sidewalk and/or Curb shall first apply for a Permit to do so in a format and manner specified by the Division of Engineering, Traffic and Transportation and must pay the fees set forth in Chapter 160. Should the repair/replacement of a Sidewalk or Curb affect a Street tree as defined by Chapter 321, the Applicant must also obtain approval from the Division of Parks and Forestry.

§ 296-1.14. Notices to property Owner. [Added July 15, 2020 by Ord. No. 20-054]

All notices to Owners herein provided for may be signed by a Person designated by the appropriate City official, and such notices may be posted upon the property or mailed to the Owner's address as it appears on the tax records of the City, and for all purposes of this Chapter, the Owner shall be considered as the Person under the primary obligation to comply herewith.

§ 296-1.15. City's obligation. [Added July 15, 2020 by Ord. No. 20-054]

In undertaking enforcement of this Chapter, the City is assuming an undertaking only to promote the general welfare. It is not assuming, nor is it imposing on its officers and employees, an obligation for breach of which it is liable in money damages to any Person who claims that such breach proximately caused injury.

§ 296-1.16. Severability. [Added July 15, 2020 by Ord. No. 20-054]

If any part of this Chapter, or the application thereof to any Person or circumstances, is held invalid, the remainder of this Chapter, including the application of such part of provision to other Persons or circumstances, shall not be affected thereby and shall continue in full force and effect. To this end, provisions of this Chapter are severable.

ARTICLE II
Closure of the Public Right-of-Way

§ 296-2.1. Closure of the Public Right-of-Way; Permit required. [Added July 15, 2020 by Ord. No. 20-054; amended 1-10-2024 by Ord. No. 23-126]

Aside from the limited situations listed in this section, it is unlawful for any Person or entity to close or partially close any portion of the Public Right-of-Way to vehicular, Pedestrian, and cyclist traffic without first obtaining a Permit from the Division authorizing such closure. Any entity seeking to close or partially close the Public Right-of-Way, including autonomous agencies of the City, must apply for a Permit to do so.

Permit requirements pertaining to Emergency closures are addressed in § 296-2.10.

§ 296-2.2. Applications for Permits to close the Public Right-of-Way, contents. [Added July 15, 2020 by Ord. No. 20-054]

Applications shall be submitted at least 14 Business Days before the proposed closing in a format and manner specified by the Division and shall contain:

(1) The name, address, telephone, and facsimile number of the Applicant, including an Emergency phone number and contact whereby the Applicant can be reached twenty-four (24) hours per day, seven (7) days per week, and, if applicable, the name, address, telephone, and facsimile number of the Owner of the subject property requesting the closure. If the Owner is a corporation, then the registered agent of the corporation.

(2) A description of the location, scope, purpose, start date and duration of the closure.

(3) Written acknowledgement that the Applicant and Owner are in/will be in compliance with all terms and conditions of this article, the orders and regulations of the Division and the City's Traffic Control Manual and that the Applicant is not subject to any outstanding assessment, fees, penalties, that have been finally determined by the City or a court of competent jurisdiction.

(4) Proof of insurance as required by § 296-2.7.C.

(5) Any other information that may reasonably be required by the Division.

§ 296-2.3. Applications for Permits to close the Public Right-of-Way, procedures. [Added July 15, 2020 by Ord. No. 20-054]

After the receipt of an application for a Permit to close the Public Right-of-Way, the Municipal Engineer, within three Business Days, shall determine whether an application is complete. If the application is deemed to be incomplete, the Municipal Engineer shall promptly advise the Applicant in a written, electronic, or facsimile communication of the reasons for rejecting the application as incomplete. Within ten Business Days of receipt of a complete application, the Municipal Engineer shall deny, approve, or conditionally approve the application. The Municipal Engineer may waive the time limitations for filing an application and may extend the time to review an application.

If the application is approved or conditionally approved, the Municipal Engineer shall issue a Permit to the Applicant upon payment of all fees required under § 160-1.JJ. Any and all Permit fees for autonomous agencies of the City seeking to close the Public Right-of-Way shall be waived. The Municipal Engineer may impose conditions on the Permit with specified requirements that preserve and maintain the public's health, safety, welfare, and convenience.

If the application is denied, the Municipal Engineer shall advise the Applicant in a written, electronic, or facsimile communication of the denial and the basis for the denial.

§ 296-2.4. Standards for issuance of Permits; waiver of standards in appropriate cases. [Added July 15, 2020 by Ord. No. 20-054]

A. The Municipal Engineer may issue a Permit authorizing the closing of the Public Right-of-Way when, based upon the information contained in the Permit and any other relevant information if all of the following circumstances exist:

(1) The Applicant has not made any false or misleading statement of material fact in the application for a Permit, or any other document required by the Municipal Engineer.

(2) The application complies with the provisions set forth in this article and the Applicant has paid in advance any fee required and agrees to the conditions imposed in the Permit.

(3) The time, duration and extent of the temporary closing will not substantially disrupt the orderly and safe movement of other traffic, Pedestrian or vehicular.

(4) The closing will not unduly affect fire, police and ambulance response time to areas contiguous to the Public Right-of-Way to be closed.

(5) The closing will not unduly interfere with the orderly operation of parks, hospitals, churches, schools or other public and quasi-public institutions within the City, with the exception of bona fide Emergency situations. In such cases the affiliated City Department, Division or Agency will coordinate directly with the management entity of the affected aforementioned institutions.

(6) The Applicant has provided reasonable means for informing all Persons within the Public Right-of-Way to be closed and all Persons participating in the closing of the terms of the Permit and all applicable laws and ordinances.

(7) The closing will not conflict with any other temporary closings for which a Permit has be granted.

B. The Municipal Engineer may waive one or more of the requirements of § 296-2.4.A if he or she finds that such waiver is warranted.

C. Once approved, the Municipal Engineer shall forward a copy of the Permit to the City Clerk who shall keep same on file for inspection.

§ 296-2.5. Notice of issuance or denial of Permit; appeal procedure. [Added July 15, 2020 by Ord. No. 20-054]

A. The Municipal Engineer shall furnish the Applicant with written notice of the issuance or denial of a Permit within ten Business Days after confirmation of the completed application.

B. An Applicant may appeal the denial of a Permit to the Business Administrator within two Business Days of the date of denial by the Municipal Engineer. The Business Administrator or his designated representative shall set a hearing on the appeal within 48 hours. After holding a hearing, the Business Administrator may reverse, affirm or modify the decision of the Municipal Engineer.

C. The Business Administrator may waive the time limitations in this section for filing an appeal if either of them finds that unusual circumstances for good cause exist and no unreasonable burden upon the City or its citizens will be created by any waiver.

§ 296-2.6. Permits to close the Public Right-of-Way, scope, terms and limitations. [Added July 15, 2020 by Ord. No. 20-054]

A. Every Permit shall specify the scope of the closure, the location, start date and duration of the closure, the hours of the day in which the closure will be allowed, the Permittee to whom the Permit is issued, and any conditions placed on the Permit. It is unlawful for any Permittee to make, to cause, or permit to be made, any closure of the Public Right-of-Way outside the boundaries, times, and description set forth in the Permit.

B. Prior to the issuance of a Permit authorizing the closure of a Street, the Municipal Engineer or his or her designee may require to meet with the Applicant at which time the Applicant may be required to submit plans for ensuring the safe and orderly flow of vehicular traffic during the closure in accord with the City's Traffic Control Manual. Such plans, and any amendments the Municipal Engineer

shall require, will be submitted as part of the Applicant's request for a Permit. Nothing in this section shall excuse the Permittee from complying with any other regulations the Division may have with respect to the closure of Streets.

C. Permits are not transferable. Each separate Owner and/or their designated Applicant shall apply for their own respective Permit.

D. Permittees shall be required to reimburse the City for the cost of Personnel who are required to work overtime hours, work hours other than regular shift hours, or perform special duties as a consequence of the closure of the Public Right-of-Way.

§ 296-2.7. Liability and indemnification. [Added July 15, 2020 by Ord. No. 20-054]

Every Permittee shall comply with the indemnity and insurance provisions set forth below:

A. Liability upon Permittee. Each Permittee is wholly responsible for the foreseeable consequences of a complete or partial closure of the Public Right-of-Way. The issuance of any Permit, inspection, repair, or suggestion, approval, or acquiescence of any Person affiliated with the City shall not excuse any Permittee from such liability.

B. Indemnification, defense, and hold harmless clause.

(1) Each Permittee shall agree on its behalf and that of any successor or assign, to indemnify, defend, protect, and hold harmless the City, including, without limitation, each of its commissions, departments, officers, agents, and employees (hereinafter in this article collectively referred to as "the City" or "City") from and against any and all actions, claims, costs, damages, demands, expenses, fines, injuries, judgements, liabilities, losses, penalties, or suits, including, without limitation, attorney's fees and costs (collectively, "claims") of any kind allegedly arising directly indirectly from:

(a) Any act by, omission by, or negligence of, the Permittee or its subcontractors, or the officers, agents, or employees of either, while engaged in the activities authorized by the Permit, or while in or about the property subject to the Permit for any reason connected in any way whatsoever with the performance of the activities authorized by the Permit, or allegedly resulting directly or indirectly from the maintenance or installation of any equipment, Facility(ies), or structures authorized under the Permit;

(b) Any accident, damage, death, or injury to any contractor or subcontractor, or any officer, agent, or employee of either of them, while engaged in the performance of the activities authorized by the Permit, or arising from liens or claims for services rendered in relation to the activities authorized by the Permit;

(c) Any accident, damage, death, or injury to any Person(s) or accident, damage, or injury to any real or Personal property in, upon, or any way allegedly connected the activities authorized by the Permit from any cause or claims arising at any time; and,

(2) The Permittee, at no cost or expense to the City, must indemnify, define, and hold harmless the City against any claims, regardless of the alleged negligence of the City or any other party, except only for claims resulting directly from the sole negligence or willful misconduct of the City. Each Permittee specifically acknowledges and agrees that it has an immediate and independent obligation to defend the City from any claims which actually or potentially fall within the indemnity provision, even if the allegations are or may be groundless, false, or fraudulent, which obligation arises at the time of such claim is tendered to the Permittee by the City and continues at all times thereafter. In addition, the City shall have a cause of action for indemnity against each Permittee for any costs the City may be required to pay as a result of defending or satisfying any claims that arise from or in connection with the Permit, except only for claims resulting directly from the sole negligence or willful misconduct of the City, Permittee agree that the indemnification obligations assumed under the Permit shall survive expiration of the Permit.

C. Insurance.

(1) Each Permittee shall maintain in full force and effect, throughout the term of the Permit, an insurance policy or policies issued by an insurance company or companies satisfactory to the City's Business Administrator and Risk Manager. Policy or policies shall afford insurance covering all operations, vehicles, and employees, as follows:

(a) Workers' compensation with employers' liability limits not less than statutory requests of $100,000.00.

(b) Commercial general liability insurance with limits not less than $2,000,000.00 each occurrence combined single limit for bodily injury and property damage, including contractual liability; Personal injury; explosion, collapse, and underground products; and completed operations.

(c) Business automobile liability insurance with limits not less than $1,000,000.00 each occurrence combined single limit bodily injury and property damage, including owned, non-owned and hired auto coverage, as applicable.

(2) Said policy or policies shall include the City as additional insured. Said policy or policies shall afford full coverage for any claims based on acts, omissions, injury, or damage which occurred or arose, or the onset of which occurrence occurred or arose, in whole or in part, during the policy period. Said policy or policies shall be endorsed to provide 30 calendar days' advance written notice of cancellation or any material change to the Division.

(3) Should any of the required insurance be provided under a claims-made form, the insured Permittee shall maintain in such coverage continuously throughout the term of the Permit, and, without lapse, for a period of one year beyond the expiration or termination of the Permit, to that effect that, should occurrences during the term of the Permit, or up to one year thereafter, give rise to claims made after expiration or termination of the Permit, such claims shall be covered by such claims-made policies.

(4) Such insurance shall in no way relieve or decrease Permittee's obligation to indemnify the City as set forth herein or any other provision of this article or Chapter.

(5) Certificates of insurance, in the form satisfactory to the Division and the Risk Manager, evidencing all coverages, above, shall be furnished to and maintained on file with the Division before issuance of a Permit, with complete copies of policies furnished promptly upon the Division's request.

§ 296-2.8. Expiration of Permit for non-commencement of work. [Added July 15, 2020 by Ord. No. 20-054]

Permits shall be void if the closure has not begun within five (5) calendar days of the start date specified in the Permit, provided, however, that the Municipal Engineer, in his or her discretion, may issue extensions to the start date, the duration of the closure, or both, upon written request of the Permittee.

§ 296-2.9. Permit to be posted at site of closure. [Added July 15, 2020 by Ord. No. 20-054]

The Permit or a photo duplicate shall be posted and be available for review at the site of the closure for the duration of the closure as prescribed in the City's Traffic Control Manual and shall be shown, upon request, to any police officer or any employee of a City agency, board, commission, or department with jurisdictional responsibility over activities in the Public Right-of-Way.

§ 296-2.10. Emergency closure of the public right of-way; police required. [Added July 15, 2020 by Ord. No. 20-054]

Only the Department of Public Safety, the Office of Emergency Management and the Division can declare an Emergency for purpose of closing or allowing others to close the Public Right-of-Way. Nothing contained in this article shall be construed to prevent any Person or entity from closing the Public Right-of-Way if doing so is necessary for the preservation of life or property or for the restoration of interrupted utility service provided by a utility provider or Municipal Agency and when such necessity arises during days or times when the Division is closed. In such an event, if the Public Right-of-Way must be completely or partially closed pursuant to this section, such Person or entity shall notify the City's Office of Emergency Management for permission to close the Public Right-of-Way and, if approved, the Person or entity shall apply for an Emergency Permit within eight hours after the Division's offices are first opened. The Applicant for an Emergency Permit shall submit a written statement of the basis of the Emergency action and describe and any work which must be performed to correct the Emergency.

Once an Emergency is declared, police will be dispatched to the site of the Emergency until a police presence is deemed to no longer be necessary by the Department of Public Safety and the Office of Emergency Management in coordination with the Division.

§ 296-2.11. Closure of the public right-of-way. [Added July 15, 2020 by Ord. No. 20-054; amended 6-25-2025 by Ord. No. 25-073]

A. Applications to permit the temporary closing of the Public Right-of-Way for a public assembly as defined in Chapter 122 are included with the application for public assemblies available through the Office of Cultural Affairs. The following closures shall require approval of the council prior to the issuance of a permit: **[Amended 4-9-2025 by Ord. No. 25-032]**

(1) All full and half marathons of any length.

At minimum, an application for a street closure shall contain:

(1) The name, address, telephone, and email address or facsimile number of the Applicant.

(2) The Street(s) to be closed.

(3) The date or dates of the temporary Street closing with daily hours of operation from 10:00 a.m. to 11:00 p.m. on Sunday through Thursday and from 10:00 a.m. to 12:00 midnight on Friday and Saturday. Any closure beyond these hours shall require the approval of the Municipal Council.

(4) The estimated number of Persons who will participate in the public assembly for which the closing is sought.

(5) Whether parking is requested to be restricted or prohibited during the closing.

(6) Whether or not charity, gratuity or offerings will be solicited or accepted or food, beverages or any merchandise will be sold.

(7) Whether the temporary closing will occupy all or any part of the Street.

(8) Whether any open flame source or combustibles will be used.

(9) Whether any alcohol will beverages will be sold or served.

(10) Any other information which the Municipal Engineer considers reasonably necessary in order to carry out the provisions of this article.

B. A Street may be temporarily closed for a Block party as defined in Chapter 122 to be conducted within an area not exceeding one City Block under the following conditions:

(1) At least two-thirds of the area is residentially zoned.

(2) The majority of the Owners, residents or tenants of properties fronting upon the Block to be closed and within 100 feet of all properties fronting on the Block to be closed consent to the closing via original signature from each on a formal petition, to be submitted with the original application.

(3) The event is sponsored solely by the Owners, residents or tenants and is not for commercial or advertising purposes or profit.

(4) The application for a Permit is filed by a bona fide resident of the Street to be closed. Such a bona fide resident may file individually or through any civil or cultural organization of which the resident is a member in the later case, the resident must be listed on the application. Proof of residency will also be required to be submitted with the original application.

C. An application to close the Public Right-of-Way for a public assembly shall be filed not less than 60 days before the scheduled date of the closing. Failure to file within this period is sufficient ground for denial of the Permit.

D. Prior to the issuance of a Permit, Applicants must comply with all applicable State laws and City ordinances, including but not limited to laws and ordinances governing charitable solicitations, sale of food, beverages and merchandise and the use of candles, torches or other combustibles.

E. Permittees shall be required to reimburse the City for the cost of City Personnel who are required to work overtime hours, work hours other than regular shift hours, or perform special duties as a consequence of the Public Right-of-Way being closed for a public assembly.

§ 296-2.12. Traffic Control Manual. [Added July 15, 2020 by Ord. No. 20-054]

In addition to any of the requirements set forth in this article, all complete and partial closures of the Public Right-of-Way shall be performed in accordance with the Traffic Control Manual, as adopted by Ord. No. 20-045 on June 24, 2020 (formerly known as the Traffic Barricade Manual) as promulgated by the Division and adopted by ordinance of the Municipal Council. The Traffic Control Manual shall be on file in the Office of the City Clerk and is incorporated by reference herein. A violation of the Traffic Control Manual shall be deemed a violation of § 296-2.12.

§ 296-2.13. Posting of warning signs. [Added July 15, 2020 by Ord. No. 20-054]

In accordance with the Traffic Control Manual, warning signs notifying the public to the closure of a Street(s) and no parking signs, if applicable, must be posted in advance of any anticipated Street closing in any Street or portion of a Street prior to and during the time of said closing.

§ 296-2.14. Revocation of Permit. [Added July 15, 2020 by Ord. No. 20-054]

Any Permit issued under this article shall contain conditions reasonably necessary to minimize the hazards to vehicular and Pedestrian traffic and the public health, safety and welfare of the City's residents. Accordingly, any Permit for the temporary closure of the Public Right-of-Way may be revoked by the Municipal Engineer or the Public Safety Director or their assigns at any time when by reason of Emergency, disaster, disorder, traffic conditions, violation of the conditions of the Permit or undue burden on public services, they determine that the health, safety and welfare of the City requires revocation. Notice of revocation of a Permit shall be delivered in writing to at least one (1) Person named upon the Permit by e-mail, Personal service or by certified mail; or if the closing has commenced, notice may be given orally and in writing by email, by Personal contact or service or by telephone.

§ 296-2.15. Enforcement. [Added July 15, 2020 by Ord. No. 20-054]

The Department of Public Safety and the Division of Engineering, Traffic and Transportation shall have the authority to enforce this article.

ARTICLE III

Excavations Within the Public Right-of-Way

§ 296-3.1. Permit required to excavate. [Added July 15, 2020 by Ord. No. 20-054]

Aside from the limited situations listed in this section, it is unlawful for any Person or entity to excavate in the Public Right-of-Way without first obtaining a Permit from the Division authorizing such Excavation. Any entity seeking to excavate within the Public Right-of-Way, including autonomous agencies of the City, must apply for a Permit to do so. The Municipal Engineer reserves the right to terminate any Excavation if it should become too disruptive. No Permit to excavate shall be required under the following circumstances:

When an Excavation shall be completed within a period of 24 hours or less, by the City or any of its related agencies or contractors acting on either of their behalf, to install a parking meter, Street light, Street tree, traffic sign, traffic signal and/or related appurtenances. Permits to excavate for the purpose of connecting residential dwellings to municipal sewer and water utilities shall be issued by the Construction Code Official in coordination with the Division. All other Permits shall be issued directly by the Division. Sewer and water connection fees shall be coordinated by and paid to the Jersey City Municipal Utilities Authority and are separate from any Permit fees collected.

Any exemption from the requirement to obtain a Permit to excavate does not relieve the Applicant from the requirement to obtain a Permit to close the Public Right-of-Way as set forth in Article II even if the Applicant is an agency, authority, board, commission, department, or subDivision of the City or a contractor acting on their behalf.

Permit requirements pertaining to Emergency Excavation are addressed in § 296-3.12.

§ 296-3.2. Applications for Permits to perform an Excavation, contents. [Added July 15, 2020 by Ord. No. 20-054]

Applications shall be submitted at least 14 Business Days before the proposed closing in a format and manner specified by the Division and shall contain:

(1) The name, address, telephone, and facsimile number of the Applicant, including an Emergency phone number and contact whereby the Applicant can be reached 24 hours per day, seven (7) days per week. Where an Applicant is not the Owner of the Facility to be installed, maintained, or repaired in the Public Right-of-Way, the application also shall include the name, address, telephone, and facsimile number of the Owner.

(2) A description of the location, purpose, method of Excavation, and surface and subsurface area of the proposed Excavation.

(3) A plan showing the proposed location and dimensions of the Excavation and the Facilities to be installed, maintained, or repaired in connection with the Excavation, and such other details as the Division may require.

(4) A copy or other documentation of the franchise, easement, encroachment Permit, license, or other legal instrument that authorizes the Applicant or Owner to use or occupy the Public Right-of-Way for the purpose described in the application. Where the Applicant is not the Owner of the Facility or Facilities to be installed, maintained, or repaired, the Applicant must demonstrate in a form and manner specified by the Division that the Applicant is authorized to act on behalf of the Owner.

(5) The proposed start date of Excavation.

(6) The proposed duration of the Excavation, which shall include the duration of the restoration of the Public Right-of-Way physically disturbed by the Excavation.

(7) Written acknowledgment that all material to be used in the Excavation, installation maintenance, or repair of Facilities, and restoration of the Public Right-of-Way, comply with all applicable State and Federal environmental laws and regulations.

(8) Written acknowledgement that the Applicant and Owner are in compliance with all terms and conditions of this Chapter, the orders, regulations, and standard plans and specifications of the Division, and that the Applicant/Owner are not subject to any outstanding assessment, fees, penalties, that have been finally determined by the City or a court of competent jurisdiction.

(9) Proof of insurance as required by § 296-3.5.C.

(10) A Deposit as required by § 296-3.6.

(11) Any other information that may reasonably be required by the Municipal Engineer.

An Applicant is permitted to maintain documents complying with this section on file with the Division rather than requiring submission of such documents with each separate application.

Coordination. The Municipal Engineer shall review the plans and identify conflicts and opportunities for coordination of Excavations. The Municipal Engineer shall notify affected Owners and Permittees of such conflicts and opportunities to the extent necessary to maximize coordination of Excavation. Each Applicant shall coordinate, to the extent practicable, with each potentially affected Owner and Permittee to minimize disruption in the Public Right-of-Way.

§ 296-3.3. Applications for Permit to perform an Excavation, procedures. [Added July 15, 2020 by Ord. No. 20-054]

After the receipt of an application for a Permit to excavate, the Municipal Engineer, within three Business Days, shall determine whether an application is complete. If the application is deemed to be incomplete, the Municipal Engineer shall promptly advise the Applicant in a written, electronic, or facsimile communication of the reasons for rejecting the application as incomplete. Within ten Business Days of receipt of a complete application, the Municipal Engineer shall deny, approve, or conditionally approve the application.

(1) If the application is approved or conditionally approved, the Municipal Engineer shall issue a Permit to the Applicant upon payment of all fees required under § 160-1.JJ. Any and all Permit fees for autonomous agencies of the City seeking to excavate a City Street shall be waived. The Municipal Engineer may impose conditions on the Permit with specified requirements that preserve and maintain the public's health, safety, welfare, and convenience.

(2) If the application is denied, the Municipal Engineer shall advise the Applicant in a written, electronic, or facsimile communication of the denial and the basis for the denial.

(3) The non-payment of fines for a prior Excavation, or the continued existence of a condition in violation of this Chapter at other Excavation sites, shall be grounds for the Municipal Engineer to deny a Permit to the responsible Person until such fines or citations have been paid and the condition corrected.

(4) The Municipal Engineer reserves the right to waive the time limitations for filing an application, and may, in his or her discretion, extend the time to review an application.

§ 296-3.4. Excavation Permit, scope, terms and limitations. [Added July 15, 2020 by Ord. No. 20-054]

A. Every Permit shall specify the location, extent, and method of the Excavation, the start date and duration of the Excavation, the hours of the day in which work will be allowed, the Permittee to whom the Permit is issued, and any conditions placed on the Permit. It is unlawful for any Permittee to make, to cause, or Permit to be made, any Excavation in the Public Right-of-Way outside the boundaries, times, and description set forth in the Permit.

B. No Excavation shall interfere with the free flow of vehicular or Pedestrian traffic without the approval of the Municipal Engineer. Prior to the issuance of a Permit authorizing an Excavation with the potential to disrupt the free flow of vehicle traffic, the Applicant shall meet with the Municipal Engineer, or his designee, at which time the Applicant shall submit plans for ensuring the safe and orderly flow of vehicular traffic during Excavation work. Such plans, and any amendments the Municipal Engineer or his designee shall require, will be submitted as part of the Applicant's request for a Permit. Nothing in this section shall excuse the Permittee from complying with any other regulations the Division may have with respect to the closure of Streets.

C. Any contractor hired to perform a Street Excavation in the City shall provide proof that it is licensed and bonded with the State of New Jersey, and the Municipal Engineer is authorized to require a bond in an amount not less than $25,000.00 to assure that any road opening on roadways is restored satisfactorily. The restoration shall include milling and repaving of the area so as to blend uniformly with the adjacent roadway as per the conditions stated in the Permit, including restoration of pavement markings, signage and all other appurtenances.

D. All Permittees must abide by the liability, indemnification and insurance requirements set forth in § 296-3.5, pay the Deposit set forth in § 296-3.6 and pay all required fees as set forth in § 160-1.JJ.

E. Permits are not transferable without the express written approval of the Municipal Engineer.

F. Once approved, the Municipal Engineer shall forward a copy of the Excavation Permit to the City Clerk who shall keep same on file for inspection.

§ 296-3.5. Liability and indemnification. [Added July 15, 2020 by Ord. No. 20-054]

Every Permittee shall comply with the Facility, indemnity and insurance provisions set forth below:

A. Liability upon Owner and Permittee. Each Owner and Permittee is wholly responsible for the quality of the Excavation performed in the Public Right-of-Way and both the Owner and Permittee are jointly and severally liable for all consequences of any condition of such Excavation and any Facilities installed in the Public Right-of-Way. The issuance of any Permit, inspection, repair, or suggestion, approval, or acquiescence of any Person affiliated with the City shall not excuse any Owner or Permittee from such responsibility.

B. Indemnification, defense, and hold harmless.

(1) Each Owner and Permittee shall agree on its behalf and that of any successor or assign to indemnify, defend, protect, and hold harmless the City, including, without limitation, each of its commissions, departments, officers, agents, and employees (hereinafter in this subsection collectively referred to as "the City" or "City" from and against any and all actions, claims, costs, damages, demands, expenses, fines, injuries, judgements, liabilities, losses, penalties, or suits, including, without limitation, attorney's fees and costs (collectively, "claims") of any kind allegedly arising directly indirectly from:

(a) Any act by, omission by, or negligence of, Owner or Permittee or its subcontractors, or the officers, agents, or employees of either, while engaged in the performance of the Excavation authorized by the Permit, or while in or about the property subject to the Permit for any reason connected in any way whatsoever with the performance of the Excavation authorized by the Permit, or allegedly resulting directly or indirectly from the maintenance or installation of any equipment, Facility(ies), or structures authorized under the Permit;

(b) Any accident, damage, death, or injury to any contractor or subcontractor, or any officer, agent, or employee of either of them, while engaged in the performance of the Excavation authorized by the Permit, or arising from liens or claims for services rendered or labor or materials furnished in or for the performance of the Excavation authorized by the Permit;

(c) Any accident, damage, death, or injury to any Person(s) or accident, damage, or injury to any real or Personal property in, upon, or any way allegedly connected with the Excavation authorized by the Permit from any cause or claims arising at any time; and,

(d) Any release or discharge, or threatened release or discharge, of any hazardous material caused or allowed by Permittee about, in, on, or under, the Excavation site subject to the Permit or the environment. As used herein, "hazardous material" means any gas, material, substance, or waste which, because of its quantity, concentration, or physical or chemical characteristics, is deemed by any federal, state, or local government authority to pose a present or potential hazard to human health or safety or to the environment. "Release" when used with respect to hazardous materials shall include any actual or imminent disposing, dumping, emitting, emptying, escaping, injecting, leaching, leaking, pumping, pouring, or spilling of such material.

(2) The Permittee, at no cost or expense to the City, must indemnify, defined, and hold harmless the City against any claims, regardless of the alleged negligence of the City or any other party, except only for claims resulting directly from the sole negligence or willful misconduct of the City. Each Owner or Permittee specifically acknowledges and agrees that it has an immediate and independent obligation to defend the City from any claims which actually or potentially fall within the indemnity provision, even if the allegations are or may be groundless, false, or fraudulent, which obligation arises at the time of such claim is tendered to Owner or Permittee by the City and continues at all times thereafter. In addition, the City shall have a cause of action for indemnity against each Owner and Permittee for any costs the City may be required to pay as a result of defending or satisfying any claims that arise from or in connection with the Permit, except only for

claims resulting directly from the sole negligence or willful misconduct of the City, Owner and Permittee agree that the indemnification obligations assumed under the Permit shall survive expiration of the Permit or completion of Excavation.

C. Insurance.

(1) Each Owner or Permittee shall maintain in full force and effect, throughout the term of the Permit, an insurance policy or policies issued by an insurance company or companies satisfactory to the City's Business Administrator and Risk Manager. Policy or policies shall afford insurance covering all operations, vehicles, and employees, as follows:

(a) Workers' compensation with employers' liability limits not less than statutory requests of $100,000.00.

(b) Commercial general liability insurance with limits not less than $2,000,000.00 each occurrence combined single limit for bodily injury and property damage, including contractual liability; Personal injury; explosion, collapse, and underground products; and completed operations.

(c) Business automobile liability insurance with limits not less than $1,000,000.00 each occurrence combined single limit bodily injury and property damage, including owned, non-owned and hired auto coverage, as applicable.

(2) Said policy or policies shall include the City as additional insured. Said policy or policies shall afford full coverage for any claims based on acts, omissions, injury, or damage which occurred or arose, or the onset of which occurrence occurred or arose, in whole or in part, during the policy period. Said policy or policies shall be endorsed to provide 30 calendar days advance written notice of cancellation or any material change to the Department.

(3) Should any of the required insurance be provided under a claims-made form, the insured Owner or Permittee shall maintain in such coverage continuously throughout the term of the Permit, and, without lapse, for a period of one year beyond the expiration or termination of the Permit, to that effect that, should occurrences during the term of the Permit, or up to one year thereafter, give rise to claims made after expiration or termination of the Permit, such claims shall be covered by such claims- made policies.

(4) Such insurance shall in no way relieve or decrease Permittee's and Owner's obligation to indemnify the City as set forth herein or any other provision of this article or Chapter.

(5) Certificates of insurance, in the form satisfactory to the Division, evidencing all coverages, above, shall be furnished to and maintained on file with the Division before issuance of a Permit, with complete copies of policies furnished promptly upon the Division's request.

§ 296-3.6. Deposit. [Added July 15, 2020 by Ord. No. 20-054]

Each Applicant shall submit and maintain with the Division a cash Deposit in accordance with § 160-1.JJ or other security acceptable to the Division, securing the faithful performance of the obligations of the

Owner and/or Permittee under any Permit(s) to excavate and the compliance with all terms and conditions of this Chapter. Municipal excavators and other frequent Applicants may submit a single Deposit for multiple Excavations so long as a constant balance of $25,000.00 is maintained on file with the Division. If the Municipal Engineer has deducted from such a Deposit, the Utility or municipal excavator or other frequent Applicant must restore the full amount of the Deposit prior to the Department's issuance of a subsequent Permit.

§ 296-3.7. Additional fees for Excavation. [Added July 15, 2020 by Ord. No. 20-054]

In the instance where administration of this article or inspection of an Excavation is complex and therefore unusually costly to the Division, the Municipal Engineer, in his or her discretion, may require an Applicant or Permittee to pay any additional sum in excess of the amounts charged pursuant to § 296-4.1.D and E. This additional sum shall be sufficient to recover actual costs incurred by the Division and shall be charged solely on a time and materials basis. The Municipal Engineer also may charge for any time and material costs incurred by other agencies, authorities, boards, commissions, or departments of the City in connection with the administration or inspection of the Excavation. Whenever additional fees are charged, the Municipal Engineer shall provide in writing the basis for their imposition. The Municipal Engineer shall, whenever practicable, provide the Permittee with a cost estimate of additional fees to be levied by the Division prior to the issuance of a Permit.

§ 296-3.8. Collection, return, and refund of Deposit and fees; notice of Emergency Excavation. [Added July 15, 2020 by Ord. No. 20-054]

The Municipal Engineer shall establish procedures for billing, collection and refund of Deposits, fees, and other charges provided for in this article.

Notice of Emergency Excavation. For Emergency Excavation, the Permittee, or the Applicant if a Permit has not been issued, shall post and maintain notice at the site of the Excavation during the construction period. The notice shall include the name, 24-hour telephone number, and address of the Owner and Permittee, a description of the Excavation to be performed, and the duration of the Excavation. The notice shall be posted at least every 100 feet along any Block where the Excavation is to take place.

§ 296-3.9. Expiration of Permit for non-commencement of work. [Added July 15, 2020 by Ord. No. 20-054]

Permits shall be void if the Excavation has not begun within five calendar days of the start date specified in the Permit, if the Excavation is not pursued diligently to its conclusion, or if the Excavation, including restoration, has not been completed within the specified duration; provided, however, that the Municipal Engineer, in his or her discretion, may issue extensions to the start date, the duration of Excavation, or both upon written request from the Permittee.

§ 296-3.10. Permit to be posted at Excavation site. [Added July 15, 2020 by Ord. No. 20-054]

The Permit or a photo duplicate shall be posted and be available for review at the site of the Excavation for the duration of the Excavation and shall be shown, upon request, to any police officer or any employee of a City agency or department with jurisdictional responsibility over activities in the Public Right-of-Way.

§ 296-3.11. Joint Excavation. [Added July 15, 2020 by Ord. No. 20-054]

Municipal excavator and utility excavator. Whenever a municipal excavator(s) and utility excavator(s) propose Major Work in the same Block within a two-year period, the Division may condition Permits for such work in a manner that maximizes coordination and minimizes the total period of construction.

§ 296-3.12. Emergency Excavation. [Added July 15, 2020 by Ord. No. 20-054]

Only the Department of Public Safety, the Office of Emergency Management and the Municipal Engineer can declare an Emergency for purpose of closing or allowing others to excavate in the Public Right-of-Way.

Nothing contained in this article shall be construed to prevent any Person or entity from taking any action necessary for the preservation of life or property or for the restoration of interrupted service provided by a municipal or utility excavator when such necessity arises during days or times when the Division is closed. In the event that any Person takes any action to excavate or caused to be excavated the Public Right-of-Way pursuant to this section, such Person shall apply for an Emergency Permit within eight hours after the Division's offices are first opened. The Applicant for an Emergency Excavation Permit shall submit a written statement of the basis of the Emergency action and describe the Excavation performed and any work remaining to be performed.

Once an Emergency is declared, police will be dispatched to the site of the Emergency until a police presence is deemed to no longer be necessary by the Department of Public Safety and the Office of Emergency Management in coordination with the Municipal Engineer.

§ 296-3.13. Notice to Historic Preservation Officer (HPO); HPO empowered to stop Excavations; appeal of stop Excavation order to Historic Preservation Commission. [Added July 15, 2020 by Ord. No. 20-054]

The Municipal Engineer shall notify the Historic Preservation Office before any Excavation commences within the legal borders of Jersey City. The Historic Preservation Officer or an assigned agent(s) is empowered to be present during any Excavations. If the Excavation uncovers or discloses any structure, grave or artifact, which in the opinion of the Historic Preservation Officer may be of cultural, architectural or archaeological significance, he or she may order that Excavation to cease immediately, direct that the means or manner of Excavation be changed so as to avoid destruction or damage to any such items excavated, or direct that the Excavation cease temporarily until arrangements are made to protect, preserve or remove such items. Any Permittee shall have the right to appeal any such order of the Historic Preservation Officer to the Historic Preservation Commission, but no Excavation work may continue pending the decision of appeal.

§ 296-3.14. Notice to the public; notice of Major Work and Emergency Excavations. [Added July 15, 2020 by Ord. No. 20-054]

Any Permittee who excavates or causes to be made an Excavation in the Public Right-of-Way shall provide notice as follows:

A. Two- to 14-day Excavations. For Excavations that will be completed and restored within a period exceeding 24 hours but within 14 calendar days of commencement, the Permittee shall post and

maintain notice at the site of the Excavation. Such notice must clearly identify the Permittee, Permit number, the time, location and duration of Excavation, and a name and telephone number of a Person who can be contacted to respond to complaints and/or Emergencies related to the Excavation to be performed. The notice shall be posted at least every 100 feet along any Block where the Excavation is to take place at least 72 hours prior to commencement of the Excavation, Excavation project signs shall be in a format, quantity, and size specified by the Division.

B. Notice of Major Work. The Permittee shall post and maintain notice at the site of the Excavation at least five (5) calendar days prior to commencement of the Excavation in the same manner as above. The Permittee also shall deliver a written notice to each dwelling unit on the Block(s) affected by the Excavation. This written notice shall identify the name and address of the Owner and excavator, its Permit number, the name and phone number of a Person who can be contacted to respond to complaints and/or Emergencies and describe the location, time, manner, duration and purpose for the Excavation.

Before commencement of construction, a Permittee for Major Work shall post and maintain Excavation project signs at the site of the Excavation that describe the Excavation being done and bear the name, address, and 24-hour telephone number of a contact Person for the Owner and Permittee. Said Excavation projects signs shall be posted at least every 100 feet along any Block where the Excavation is to take place. Excavation project signs shall be in a format, quantity, and size specified by the Division.

C. Notice of Emergency Excavation. For Emergency Excavation, the Permittee, or the Applicant if a Permit has not been issued, shall post and maintain notice at the site of the Excavation during the construction period. The notice shall include the name, 24-hour telephone number, and address of the Owner and Permittee, a description of the Excavation to be performed, and the duration of the Excavation. The notice shall be posted at least every 100 feet along any Block where the Excavation is to take place.

In accordance with State law, specifically N.J.S.A. 48:2-73 through 80, and N.J.A.C. 14:2-1.1 through 6.5, any Person excavating in the Public Right-of-Way shall comply with the requirements regarding the making of subsurface Facilities. Prior to the issuance of any Permit, such Person shall provide the Division with its subsurface designation, Permit number or other information as may be necessary to properly identify the proposed Excavation pursuant to this statute.

§ 296-3.15. Reserved.

§ 296-3.16. Regulations concerning Excavation sites. [Added July 15, 2020 by Ord. No. 20-054]

Each Permittee shall be subject to requirements for Excavation sites that are set forth in Division orders or regulations. Such orders or regulations shall include, but not be limited to, the following measures:

(1) Protection of the Excavation. Each Permittee shall cover an open Excavation with steel plates ramped to the elevation of the contiguous Street, pavement, or other portion of the Public Right-of-Way, or otherwise protected in accordance with guidelines prescribed by the Division.

(2) Removal of excavated material. Each Permittee shall keep the area surrounding the Excavation clean and free of loose dirt or other debris in a manner deemed satisfactory to the Division. Excavation sites shall be cleaned at the completion of each work day. In addition, the Permittee shall remove all excess excavated material from the site of the Excavation no later than the end of each work day or by 6:00 p.m.

(3) Storage of materials and equipment. Materials and equipment that are to be used for the Excavation within five (5) calendar days may be stored at the site of the Excavation.

(4) Hazardous material. Each Permittee shall be subject to hazardous material guidelines for data collection; disposal, handling, release, and treatment of hazardous material; site remediation; and worker safety and training. The Permittee shall be required to comply with all federal, State, and local laws regarding hazardous material. For purposes of this Subsection, hazardous material shall mean any gas, material, substance, or waste which, because of its quantity, concentration, or physical or chemical characteristics, is deemed by any federal, State, or local government authority to pose a present or potential hazard to human health or safety or to the environment.

(5) Street restoration requirements for all Excavation work involving Streets within in the City shall be done in compliance with the most recent standards promulgated by the Municipal Engineer.

(6) Any Street in the City for which a new Excavation Permit is issued shall include the requirement that the party performing the work must resurface the road from Curb to Curb and from Street corner to Street corner. Furthermore, all driveways and/or Sidewalks at any intersection impacted by work done under a road opening Permit must be restored as per the Municipal Engineer's standards. All regular Sidewalks, when being restored or replaced as part of an Excavation Permit, must also be restored as per the Municipal Engineer's standards. The acceptance of all work done under the aforesaid specifications shall be under the supervision of the Municipal Engineer. **[Amended 1-10-2024 by Ord. No. 23-126]**

(7) Whenever and wherever any Street is excavated the Curbs and Sidewalks abutting on such Street shall be considered an integral part of such Street and shall be reconstructed and improved so as to conform with such Street in accordance with the current specifications of the Department of Transportation of the State of New Jersey.

(8) Any crosswalks on the impacted Street must be re-striped and brick-inlaid crosswalks must be restored, if applicable.

(9) If an individual property Owner of a building with less than ten (10) units is seeking permission to excavate a Street to make Emergency repairs or necessary service upgrades to his/her property, the property Owner need only restore the trench in accordance with the Municipal Engineer's standards.

(10) If an individual property Owner is seeking to construct a new building, and its construction will require the Excavation of a Street, then the property Owner must arrange for the restoration of the Street as per the Municipal Engineer's standards and as specified in the site plan approval.

(11) All Street patch repairs/trench restoration must use the infrared paving method as per the most recent standards promulgated by the Municipal Engineer. The backfilling and patching operations of any such excavating project must be supervised by a City inspector to ensure compliance with the Municipal Engineer's standards.

(12) Trenchless technology. Use of trenchless technology to excavate in the Public Right-of-Way is unlawful without prior written approval of the Municipal Engineer.

(13) Single Excavation maximum of 800 feet. No single Excavation site shall be longer than 800 feet in length at any time, except with the prior written approval of the Municipal Engineer.

§ 296-3.17. Standard plans and specifications. [Added July 15, 2020 by Ord. No. 20-054]

In addition to any of the requirements set forth in this Chapter, this article and the Traffic Control Manual, all Excavations within the Public Right-of-Way shall be performed in accordance with the standard plans and specifications governing Excavations as promulgated by the Division and adopted by Ordinance of the Municipal Council. The standard plans and specifications governing Excavations shall be on file on the Office of the City Clerk and are incorporated by reference herein. A violation of the standard plans and specifications governing Excavations shall be deemed a violation of § 296-3.17.

§ 296-3.18. Stop work order, Permit modification, and Permit revocation. [Added July 15, 2020 by Ord. No. 20-054]

When the Municipal Engineer, or his or her authorized representative, has determined that a Person or entity has violated this article or that an Excavation poses a hazardous situation or constitutes a public nuisance, public Emergency, or other threat to the public health, safety, or welfare, or when the Municipal Engineer determines that there is a paramount public purpose, the Municipal Engineer is authorized to issue a stop work order to impose new conditions upon a Permit, or to suspend or revoke a Permit by notifying the Permittee of such action in a written, electronic, or facsimile communication.

§ 296-3.19. Suspension of action on new applications. [Added July 15, 2020 by Ord. No. 20-054]

A Permittee who is in willful noncompliance with this Chapter shall not be issued a subsequent Permit to excavate in the Public Right-of-Way unless the Municipal Engineer, by written authorization, grants a waiver to this prohibition.

§ 296-3.20. Coordination of future Excavations with public utilities and autonomous agencies. [Added July 15, 2020 by Ord. No. 20-054]

The City shall have the right to schedule Excavations of the Public Right-of-Way in a manner which will create the least disturbance to the public. Consequently, the Division shall provide to the utility companies and autonomous agencies of the City a schedule of expected Street and Sidewalk construction and resurfacing projects in advance so that these entities can coordinate their plans with the City accordingly.

(1) By March 1 of every year, the Municipal Engineer shall notify public utility providers and autonomous agencies of the City of any and all proposed work on or within the public rights-of-way throughout the City, for the coming year. A list of these proposed projects, including all Street construction and resurfacing projects, shall also be published on the City's website.

(2) By March 1 of every year, all public utility entities engaged in the installation of gas, water and electric lines and all autonomous agencies of the City, are expected to provide to the Division, any

and all plans for prospective work requiring Excavation of the Public Right-of-Way, throughout the City, for the coming year, for the purpose of coordinating such activity with resurfacing and pavement projects planned by the City.

Once a Street has been repaved, except in the case of an Emergency as defined in § 296-1.1, no Excavation Permit shall be issued for Excavations on that Street for a period of five years after the date of its repaving.

§ 296-3.21. Enforcement. [Added July 15, 2020 by Ord. No. 20-054]

The Division of Engineering, Traffic and Transportation shall have the authority to enforce this article.

ARTICLE IV
Restoration of the Public Right-of-Way

§ 296-4.1. Restoration of the Public Right-of-Way. [Added July 15, 2020 by Ord. No. 20-054]

A. Restoration. In any case in which the Public Right-of-Way has been excavated, the Owner/Permittee shall restore or cause to be restored such Excavation in the manner prescribed by the orders, regulations, and standard plans and specifications of the Division. At a minimum, trench restoration shall include resurfacing to a constant width equal to the widest part of the Excavation on each Block, plus one additional foot in width on each side of the Excavation, in accordance with the Division's standards and guidelines.

B. Backfill, replacement of pavement base, and finished pavement. Activities concerning backfilling, replacement of pavement base, and finished pavement shall be performed in a manner specified by the orders, regulations and standard plans and specifications of the Division. In addition, these activities shall be subject to the following requirements:

(1) Backfill. Each Excavation shall be backfilled and compacted within 72 hours from the time the construction related to the Excavation is completed. The backfilling operations must be supervised by a City inspector to ensure compliance with the Division's standards.

(2) Replacement of pavement base. Replacement of the pavement base shall be completed within 72 hours from the time Excavation is backfilled. Replacement of the pavement base must be supervised by a City inspector to ensure compliance with the Division's standards.

(3) Finished pavement. Finished pavement restoration shall be completed within 72 hours of replacement of the pavement base. Finishing operations must be supervised by a City inspector to ensure compliance with the Division's standards.

(4) Streets paved with cobblestones or brick pavers must be returned to their condition as it was prior to Excavation. The original cobblestones or bricks must be set aside to be re-used post-Excavation. The following is a list of Streets paved in cobblestones and yellow bricks:

COBBLESTONE PAVED STREETS:

Holland Street
Manning Avenue

High Street
17th Street/Lackawanna Terminal Viaduct
Provost Street
Audrey Zapp Drive

YELLOW-BRICK PAVED STREETS:

Fairmont Terrace
Apollo Court
Duncan Court
Virginia Terrace

C. Modification to requirements. Upon written request from the Permittee, the Municipal Engineer may grant written approval for modifications to the requirements of Subsection (2).

D. Incomplete Excavation; completion by the Division. In any case where an Excavation is not completed or restored in the time and manner specified in the Permit, this Chapter, or the orders, regulations, and standard plans and specifications of the Division, the Municipal Engineer shall order the Owner or Permittee to complete the Excavation as directed within 24 hours. If the Owner or the Permittee should fail, neglect, or refuse to comply with the order, the Municipal Engineer may complete or cause to be completed such Excavation in such manner as the Municipal Engineer deems expedient and appropriate. The Owner or Permittee shall compensate the Division for any costs associated with the administration and construction required to restore the Excavation, including but not limited to any costs related to consultants, equipment, inspection, notification, remediation, repair, restoration, or any other actual costs incurred by the Division or other agencies, authorities, boards, commissions, or departments of the City that were made necessary by said Excavation. The cost of such work also may be deducted from the Permittee's Deposit pursuant to § 296- 3.6. The Municipal Engineer's determination as to the cost of any work done or repairs made shall be final. In addition, the Owner, his agent or Permittee may be subject to those enforcement actions set forth in in this article.

E. Subject to the limitation set forth in § 296-4.2, completion of an Excavation or restoration by the Division in accordance with this article shall not relieve the Owner or Permittee from liability for future pavement at the excavating site.

§ 296-4.2. Repair and maintenance obligation of Permittee. [Added July 15, 2020 by Ord. No. 20-054]

Each Owner and Permittee that excavates or causes to be made an Excavation in the public right- of-way shall be responsible to maintain, repair, or reconstruct the site of the Excavation so as to maintain a condition acceptable to the Municipal Engineer for a period of one year after its restoration.

§ 296-4.3. Subsurface or pavement failures; notice to responsible party. [Added July 15, 2020 by Ord. No. 20-054]

In the event that subsurface material or pavement over or immediately adjacent to any Excavation should become depressed, broken, or fail in anyway at any time after the Excavation has been completed, the Municipal Engineer shall exercise his or her best judgment to determine the Person(s) responsible, if any,

for the failure in the subsurface or surface of the Public Right-of-Way and shall designate such Person as the responsible party. The Municipal Engineer shall notify said Person(s) of the condition, its location, and the required remedy. Such Person(s) shall repair or restore, or cause to be repaired or restored, such condition to the satisfaction of the Municipal Engineer within 72 hours of the notification. The Municipal Engineer, in his or her discretion, extend the time for the responsible party to repair or restore the affected Public Right-of-Way.

§ 296-4.4. Repair by the Division. [Added July 15, 2020 by Ord. No. 20-054]

In the event that any Person (s) fails, neglects, or refuses to repair any condition pursuant to the Municipal Engineer's notice as set forth in § 296-4.3, the Division may repair or restore, or cause to be repaired or restored, such condition in such manner as the Municipal Engineer deems expedient and appropriate. The Person(s) identified by the Municipal Engineer as the responsible party shall compensate the Division for any costs associated with the administration, construction, consultants, equipment, inspection, notification, remediation, repair, restoration, or any other actual costs incurred by the City that were made necessary by reason of the repair or restoration undertaken by the Division. The cost of such work also may be deducted from the Permittee's Deposit pursuant to § 296-3.6. The Municipal Engineer's determination as to the cost of the repair or restoration performed shall be final. In addition, the responsible party may be subject to those enforcement actions set forth in this article.

Repair or restoration by the Division in accordance with this section shall not relieve the Person(s) from liability for future pavement failures at the site of the repair or restoration.

§ 296-4.5. Emergency remediation by the Division. [Added July 15, 2020 by Ord. No. 20-054]

A. If, in the judgment of the Municipal Engineer, the site of an Excavation is considered hazardous or if it constitutes a public nuisance, public Emergency, or other imminent threat to the public health, safety, or welfare that requires immediate action, the Municipal Engineer may order the condition remedied by a written, electronic, or facsimile communication to the Person(s) responsible, if any, for remedying the condition and shall designate such Person as the responsible party.

B. If the responsible party is inaccessible or fails, neglects, or refuses to take immediate action to remedy the condition as specified in said communication, the Municipal Engineer may remedy the condition or cause the condition to be remedied in such manner as the Municipal Engineer deems expedient and appropriate. The Person(s) identified by the Municipal Engineer as the responsible party shall compensate the Division for any reasonable costs associated with the administration, construction, consultants, equipment, inspection, notification, remediation, repair, restoration, or any other actual costs incurred by the Division or other agencies, boards, commissions, or departments of the City that were made necessary by reason of the Emergency remediation undertaken by the Division. The cost of such work also may be deducted from the Permittee's Deposit. The Municipal Engineer's determination as to the cost of any remediation performed shall be final. In addition, the responsible party may be subject to those enforcement actions set forth herein.

C. Remediation by the Division in accordance with this section shall not relieve the Person(s) from liability for future pavement failures at the site of the remediation. **[Added July 15, 2020 by Ord. No. 20-054]**

§ 296-4.6. Establishment of an infrastructure restoration fund. [Added July 15, 2020 by Ord. No. 20-054]

A. Establishment of fund. There is hereby established an infrastructure restoration fund for the purpose of receiving all amounts paid pursuant to Chapter 296, inclusive of all Permitting, Street restoration and enforcement fees. The fund shall be administered by the Department of Administration. All donation of money, gifts, grant, and bequests which may be offered to the Excavation fund are hereby accepted.

B. Use of monies. Monies in the infrastructure restoration fund shall be used exclusively to defray City costs in connection with right-of-way infrastructure restoration and the administration of Chapter 296 of the City of Jersey City Code; including, but not limited to, administration, construction, consultants, equipment, inspection, legal services, remediation, repair, restoration, training, travel, and other costs incurred by the City.

C. Interest; accrual of monies in the fund. Interest earned on monies in the fund shall become part of the principal thereof and shall not be expended for any purpose other than those set forth in § 296-4.6.B. The balance remaining in the fund at the close of any fiscal year shall be deemed to have been provided for a specific purpose and shall be carried forward and accumulated in the fund for the purposes set forth in § 296-4.6.B.

§ 296-4.7. Violation of this article; civil penalties. [Added July 15, 2020 by Ord. No. 20-054]

In addition to the standard penalties as set forth in § 1-25 of the Municipal Code, the Corporation Counsel may, in his or her discretion, institute an action for injunctive relief to restrain any non-compliance with this Chapter and/or to cause the correction on abatement of any violation of this Chapter and seek civil penalties and reasonable attorney's fees for the prosecution of each violation.

§ 296-4.8. Enforcement. [Added July 15, 2020 by Ord. No. 20-054]

The Division of Engineering, Traffic and Transportation shall have the authority to enforce this article.

ARTICLE V

Dumpsters, Utility Facilities and Temporary Obstructions on Public Rights-of-Way

§ 296-5.1. Placement of unauthorized objects on public rights-of-way prohibited. [Added July 15, 2020 by Ord. No. 20-054]

No Person shall park or place any Dumpster, Portable Moving Storage Container or any other object or device capable of Blocking or impeding vehicular and or Pedestrian traffic upon the Public Right-of-Way, and especially within the parking lane, without first obtaining a Permit to do so from the Division. Exempt from this prohibition are any movable garbage/recycling receptacles which are placed by the Curb pursuant to the City's regular municipal garbage/recycling hauling program.

§ 296-5.2. Permit requirements, procedure. [Added July 15, 2020 by Ord. No. 20-054]

A Person seeking such permission to park or place a Dumpster, Portable Moving Storage Container or other large object or device upon the Public Right-of-Way shall file a written application with the Division of Engineering, Traffic and Transportation, which shall contain the following information:

(1) A description of the object or device, including the dimensions thereof.

(2) The location where the object is to be placed.

(3) The expected duration for the placement of the object.

(4) Any other additional information which the Division may deem necessary.

The application shall be accompanied by a fee in the amount as provided in Chapter 160, Fees and Charges.

In addition to the Permit fee, the Division may, in its discretion, require any Applicant for a Permit to Deposit a sum not to exceed $500.00 for any damage or cleanup costs which the City may sustain incidental to the placement of the Dumpster, Portable Moving Storage Container or object on the Public Right-of-Way.

§ 296-5.3. Permit duration. [Added July 15, 2020 by Ord. No. 20-054; amended 5-8-2024 by Ord. No. 24-027]

The maximum consecutive duration for a Permit to place a Dumpster in the Public Right-of-Way shall be seven (7) calendar days and such Permits may be extended up to two (2) times for a maximum consecutive duration of twenty-one (21) calendar days. Dumpster permits shall not be issued for any project location more than a total of twenty-one (21) calendar days over any period of one hundred eighty (180) consecutive calendar days.

The maximum duration for a Permit to place a Portable Moving Storage Container in the Public Right-of-Way shall be three (3) calendar days and such Permits may not be extended.

§ 296-5.4. Identification sticker and reflectors required; placement. [Added July 15, 2020 by Ord. No. 20-054]

Any Dumpster, Portable Moving Storage Container or other object permitted to be placed on the Public Right-of-Way pursuant to this section shall bear an identification sticker indicating the identification number assigned by the Division and stating and the name, address and telephone number of the Person responsible for it.

Whenever any Dumpster, Portable Moving Storage Container or other object is permitted on the Public Right-of-Way during the hours between sunset of one day and sunrise of the next day, it shall be equipped with suitable reflectors on the front, sides and rear capable of reflecting motor vehicle headlamps at a distance of five hundred (500) feet.

No Dumpster or other object, if placed upon a Street, shall be placed less than twenty-five (25) feet from an intersection or closer than six (6) inches from the Curb.

§ 296-5.5. Removal of unauthorized objects. [Added July 15, 2020 by Ord. No. 20-054]

Any unauthorized Dumpster, Portable Moving Storage Container or other object placed on the Public Right-of-Way may be removed, without notice, at the Owner's expense, including the cost of removal, parking fines, if applicable, and any and all storage fees. It shall be no defense that the Dumpster, Portable Moving Storage Container or object was parked or placed by another unless it can be proven that at such time it was parked or placed on the Public Right-of-Way without the Owner's consent.

§ 296-5.6. Identification of visible and underground Facilities. [Added July 15, 2020 by Ord. No. 20-054]

Each visible Facility installed in the Public Right-of-Way shall be clearly identified with the name of the Owner of the Facility in accordance with the regulations promulgated by the Division for the identification of utility Facilities.

The existence of any existing utility Facility or Facilities which are buried within the Public Right-of-Way must be filed with the Division, along with any and all plans, drawings, maps or other materials necessary to identify the dimensions, location, depth, alignment, and orientation of the utility Facility or Facilities.

Prior to the installation, extension, modification, replacement, or improvement of a Facility in the Public Right-of-Way, the Owner shall submit to the Division, any and all plans, drawings, maps or other materials necessary to identify the dimensions, location, depth, alignment, and orientation of the utility Facility or Facilities.

§ 296-5.7. Abandonment of underground Facilities; reports and maps. [Added July 15, 2020 by Ord. No. 20-054]

Whenever any Facility(ies) in or under the Public Right-of-Way is abandoned, the Person or entity owning, using, controlling or having an interest therein, shall, within 30 calendar days after such abandonment, file with the Division a written statement formally abandoning the Facility(ies) and providing a detailed map of the location of the abandoned Facility(ies).

§ 296-5.8. Enforcement. [Added July 15, 2020 by Ord. No. 20-054]

The Division of Engineering, Traffic and Transportation shall have the authority to enforce this article.

ARTICLE VI
Vacation of Streets

§ 296-6.1. Petition to vacate Street—Contents. [Added July 15, 2020 by Ord. No. 20-054]

Anyone seeking to vacate a Street must first file a petition with the City Clerk. The petition must include:

A. Seven copies of the proposed ordinance complete with the narrative explaining the reason (s) for vacating the Street;

B. Seven copies of the survey or blueprint delineating the area to be vacated; and

C. The nonrefundable fee application as set forth in Chapter 160, Fees and Charges.

The City Clerk shall circulate the proposed ordinance, petition and survey to the Tax Assessor, Corporation Counsel, Director of Public Safety, Director of Public Works, Director of Housing Economic Development & Commerce and the Director of Engineering, Traffic & Transportation for their review. Any objections and suggested revisions will be forwarded to the petitioner. Petitions must be approved by the aforementioned officials before they may be presented to the Municipal Council.

§ 296-6.2. Presentation to Council; publication of ordinance; proof of notice to property Owners abutting Street to be vacated required. [Added July 15, 2020 by Ord. No. 20-054]

A. In accordance with N.J.S.A. 40:49-6, the notice of the ordinance approving the proposed vacation shall be published in the manner required by N.J.S.A. 40:49-2 except that the vacation ordinance, after being introduced and having passed a first reading, shall be published at least ten days prior to the time fixed for further consideration for final passage.

B. Notice of the public hearing, stating the date, time and place of the hearing, shall be sent by the petitioner to the Owners of all real property as shown on the City's most current tax records within 200 feet in all directions of the boundaries of the Street to be vacated. Such notice must be delivered at least ten days prior to the public hearing. Notice shall be given to a property Owner by mailing a copy of the proposed ordinance by certified mail and regular mail to the property Owner at the property Owner's address last known postal address. Notice to a partnership Owner may be made by service upon any partner. Notice to a corporate Owner may be made by service upon its president, a vice president, secretary or other Person authorized by appointment or by law to accept service on behalf of the corporation. Notice to a condominium association, horizontal property regime, community trust or homeOwners' association, because of its Ownership of common elements or areas located within 200 feet of the boundaries of the Street which is the subject of the hearing, may be made in the same manner as to a corporation, in addition to notice to unit Owners, co-Owners, or homeOwners on account of such common elements or areas. The costs of providing notice shall be the responsibility of the petitioner.

C. Prior to the public hearing, the petitioner must provide the City Clerk with affidavits proving proof of service/proof of mailing. The City Clerk shall keep the affidavits on file along with the proof of publication of the notice of the required public hearing on the proposed vacation.

D. In the event that such notices have not been served or proof of such service has not been presented to the City Clerk prior to the public hearing, the Municipal Council shall adjourn the public hearing to the next regular meeting of the Council and direct the City Clerk to re-advertise the ordinance with a notice of the date, place and time of the public hearing for said ordinance. The cost of the re-advertisement of the public hearing shall be assessed to the petitioner and shall be paid to the City Clerk prior to the date of the adjourned public hearing.

E. In the event that the public hearing is adjourned a second time by reason of failure of the petitioner to serve the Owners of property within a 200-foot radius as aforesaid or the petitioner fails to file proofs of service with the City Clerk or fails to pay the costs of the additional advertisement or any

other fee as provided in Chapter 160, Fees and Charges before the date and time of the adjourned public hearing, no further adjournments shall be granted and after the public hearing is held, the Council may defeat the ordinance for failure to comply with the aforesaid conditions.

§ 296-6.3. Petitioner responsible for all legal filings. [Added July 15, 2020 by Ord. No. 20-054]

Upon adoption, the petitioner shall send a certified copy of the vacation ordinance to the County Register and to the New Jersey Department of Transportation (NJDOT). The petitioner is responsible for filing any and all notices and documents required by federal, State or County agencies.

ARTICLE VII
Sidewalk Cafés and Sidewalk Sales

§ 296-7.1. Sidewalk Cafés and Parklets—Permit required. [Added July 15, 2020 by Ord. No. 20-054; amended 2-24-2021 by Ord. No. 21-010; 3-23-2022 by Ord. No. 22-020]

No person may operate a Sidewalk Café without obtaining a license from the Division of Commerce pursuant to the procedures provided for herein. There shall be two types of Sidewalk Café licenses:

1. Full-year Sidewalk Café licenses: These licenses permit the licensee to operate during all 12 months of the year from March 15 to March 14 of the following year so long as the licensee has installed the required semi-permanent sheltering structures and heating/ventilation devices as required by § 296-7.2.C.

2. Seasonal Sidewalk Café licenses: These licenses permit the licensee to operate only during warm weather months as set forth in § 296-7.3 from March 15 to November 30 of the same year.

§ 296-7.2. Permitted location; regulations; projection into Sidewalks. [Added July 15, 2020 by Ord. No. 20-054; amended 2-24-2021 by Ord. No. 21-010; 3-23-2022 by Ord. No. 22-020]

A. Sidewalk Cafés shall only be permitted in front of a Food Service Establishments that are permitted to operate under the City's current zoning regulations. Food Service Establishments seeking to expand a prior nonconforming use shall be required to obtain the appropriate variance from the Jersey City Zoning Board of Adjustment. In those situations where a Food Service Establishment is located on a Corner, both the front and side Sidewalk areas fronting the Food Service Establishment may be used for the Sidewalk Café. A survey, schematic, or other evidence of the location of the boundary line must be provided to the Division of Commerce with the Sidewalk Café license application. All Sidewalk Cafés, whether seasonal or full-year, which are licensed to operate within any Pedestrian Mall shall be subject to any additional regulations required by the Pedestrian Mall operating plan in accordance with Section 67-4 of the Municipal Code.

B. All seasonal Sidewalk Cafés shall comply with the following regulations:

(1) The Sidewalk Café area shall be partitioned by a three-sided, movable structure separating the Sidewalk Café from the public portion of the Sidewalk, and which is no less than 30 inches in height and no more than 36 inches in height. The movable partition shall provide one opening for

entrance and exit which is no less than 42 inches in width and no more than 60 inches in width, and whose boundaries allow patrons and Pedestrians to clearly ascertain the entrance and exit to the Sidewalk Café area.

(2) No Sidewalk Café shall be permitted to project into a Sidewalk more than half the width of said Sidewalk, but only to a maximum often feet. In no case shall it extend so far as to leave less than six feet for Pedestrian traffic.

(3) All fence partitions shall be secured in place by means of drilling holes in the Sidewalk for the insertion offence partition posts. This is to prevent encroachment into that portion of the Public Right-of-Way designated for Pedestrians.

(4) All fence partitions shall be removed and all Sidewalk holes shall be capped whenever the Sidewalk Café is not in use. All chairs, tables, etc. must be removed from the Sidewalk and stored whenever the Sidewalk Café is not in use.

(5) Any Sidewalk Café proposed within a Historic District shall be in keeping with the style of the building and the surrounding historic resources including the movable structures as described herein. The use of traditional fencing materials such as iron, steel, or other metals, in traditional forms, is encouraged. All partitions must be topped with a horizontal rail with no projections above it. All Sidewalk Cafés within a Historic District shall obtain a certificate of no effect or a certificate of appropriateness before installation of any fencing or movable structure.

(6) The Sidewalk Café may have an overhead covering consisting of either an individual umbrella over each table or a retractable awning covering all tables and chairs, but no part of the covering shall project over the railing into the Sidewalk; and umbrellas must be of sufficient height to allow free passage under them. In the Historic District, all awnings and/or umbrellas shall conform to the awning and umbrella standards contained in § 345-71.

(7) Alcoholic beverages, when permitted under this article, shall not be served or consumed on any Sidewalk or any other public area which is outside the partitioned area of the Sidewalk Café.

(8) All areas comprising the Sidewalk Café, including tables and chairs, shall remain clean and orderly at all times.

(9) The number of patrons served in the Sidewalk Café shall be limited to the maximum number indicated on the Sidewalk Café license. No Persons other than those being served and restaurant Personnel shall be within the Sidewalk Café area except for those Persons passing through the Sidewalk Café area to enter or exit the restaurant proper.

(10) No planters, flower boxes, menu stands and/or other decorative items are allowed to protrude outside the fence partition area in order to keep the Sidewalk clear for Pedestrian traffic.

(11) No audio speakers may be placed outside of the Food Service Establishment.

(12) No advertising signs, banners, or menus shall be placed (on), draped, or attached to the fence partition.

C. All full-year Sidewalk Cafés shall comply with the following regulations:

(1) In order for a Sidewalk Café to operate year-round, it must be housed in some form of semi-permeant structure built in accordance with the Americans with Disabilities Act (ADA) and in accordance with the minimum standards set forth in this section.

(2) Roofs. Full-year Sidewalk Cafés must install some form of semi-permanent structure with a semi-permanent roof, which must not be permanently affixed to the Street. Sidewalk, or adjacent buildings and which can be removed or repositioned as necessary, such as a tent or gazebo. Such roofs may not extend beyond the boundaries of the Sidewalk Café area and shall have a maximum material thickness of two inches. Roof supporting elements may be no closer than 24 inches on center. Roofs may be no higher than 12 feet and no lower than eight feet from the Sidewalk Cafés floor. All such semi-permanent roofs must comply with all applicable State regulations.

(3) Partitions. Full-year Sidewalk Cafés must install semi-permanent partitions along the perimeter edges of the Café area. These partitions must not be permanently affixed to the Street, Sidewalk, or adjacent buildings and they must be able to be removed or repositioned as necessary. Semi-permanent partitions may be installed on no more than three sides of the Sidewalk Café area and shall be no less than 30 inches in height and no more than 36 inches in height. The partition shall provide one opening for entrance and exit which is no less than 42 inches in width and no more than 60 inches in width, and whose boundaries allow patrons and pedestrians to clearly ascertain the entrance and exit to the Sidewalk Café area. Openings between the partition and the roof (if applicable) may be covered with see-through materials such as plastic sheeting or Plexiglass, but standard glass is prohibited and coverings may not be placed on more than two sides at any one time. Partitions may be no thicker than six inches, except for supporting elements of the roof. All such aforementioned partitions must comply with all applicable State regulations.

(4) Lighting, heating and air circulation devices. All semi-permanent structures built for full-year Sidewalk Cafés must employ lighting, heating and air circulation devices. Such devices shall be placed within the confines of the semi-permeant structure of the Sidewalk Café and shall be placed and used in such a way that minimizes the impact/effect on adjacent businesses, buildings, and pedestrians. Any heating device shall be subject to fire code inspection and must be installed, maintained and used in accordance with all applicable New Jersey Fire Code regulations. At minimum, heating devices must not be positioned closer than five feet (1524 mm) to any combustible decorations and combustible overhangs, awnings, sunshades or to any exits. Heating devices must not be utilized inside tents or canopies or membrane structures and the roofs of all Sidewalk Cafés must have an open area within five feet of where the heating devices are located.

(5) The semi-permanent structures built for full-year Sidewalk Cafés shall not be permitted to protect into a Sidewalk more than half the width of said Sidewalk, but only to a maximum of ten feet. In no case shall it extend so far as to leave less than six feet for Pedestrian traffic.

(6) Any chairs, tables, etc., must be stored and secured whenever the Sidewalk Café is not in use.

(7) Alcoholic beverages, when permitted under this article, shall not be served or consumed on any Sidewalk or any other public area which is outside the partitioned area of the Sidewalk Café.

(8) All areas comprising the Sidewalk Café, including any structures, tables and chairs, shall remain clean and orderly at all times.

(9) The number of patrons served in the Sidewalk Café shall be limited to the maximum number indicated on the Sidewalk Café license. No persons other than those being served and restaurant personnel shall be within the Sidewalk Café area except for those persons passing through the Sidewalk Café area to enter or exit the restaurant proper.

(10) No planters, flower boxes, menu stands and/or other decorative items are allowed to protrude outside the envelope of the Sidewalk Café area in order to keep clear the Sidewalk clear for Pedestrian traffic.

(11) No audio speakers may be placed outside of the Food Service Establishment or any semi-permeant structure built as part of a Sidewalk Café adjacent to the Food Service Establishment.

(12) No advertising signs, banners, or menus shall be placed (on), draped, or attached to semi-permeant structure built as part of a Sidewalk Café adjacent to the Food Service Establishment.

D. Use of parklets as Sidewalk Cafés. The use of Parklets as Sidewalk Cafés is strictly prohibited but the use of space(s) within the parking lane of a Street may be permitted with the approval of both the Division of Engineering, Traffic & Transportation and the Division of Commerce. If approved, the conversion of parking spaces for Sidewalk Café use shall be subject to the same standards and regulations as set forth in this article regarding furniture, fixtures, sound, heating, hours of operation and entertainment.

Food Service Establishments may not utilize more than two standard-sized parking spaces directly in front of their premises for use as Sidewalk Cafés. The use of any parking spaces that extend beyond the property lines of the Food Service Establishment utilizing them as Sidewalk Cafés shall require written approval from adjacent property owners, however no alcoholic beverages may be consumed or sold on any premises not permitted to host the sale and/or consumption of alcoholic beverages by the Alcoholic Beverage Control Board.

E. Applicants with underground conduits beneath their parklet must grant temporary access to any City staff or other public utility company when necessary. Applicants understand and agree that necessary road/resurfacing work done by either the City or a utility company may require temporary removal of all or a portion of the constructed parklet to provide access. The applicant further understands the removal and replacement of the parklet, as well as associated costs, will be the responsibility of the applicant.

F. All outdoor dining structures, including Sidewalk Cafés and Parklets must comply with the rules, regulations, and standards provided in the Jersey City Outdoor Dining Guide and any applicable regulations provided by the State of New Jersey.

G. All applicants must possess a valid "Class A" Jersey City health food establishment license in order to be eligible for a Sidewalk Café license and Parklet permit.

H. Seasonal outdoor dining structures, inclusive of Sidewalk Cafés and Parklets, are permitted from March 15 to November 30 of the same year.

I. Full-year outdoor dining structures, inclusive of Sidewalk Cafés and Parklets, are permitted from March 15 to March 14 of the following year.

§ 296-7.3. Permitted months and hours of operation, entertainment. [Added July 15, 2020 by Ord. No. 20-054; amended 2-24-2021 by Ord. No. 21-010; 3-23-2022 by Ord. No. 22-020]

Operation of seasonal Sidewalk Cafés shall be permitted from March 15 through November 30. The hours of operation of all Sidewalk Cafés, whether full-year or seasonal, shall be between 8:00 a.m. and 10:00 p.m., Sunday through Wednesday; 8:00 a.m. and 11:00 p.m., Thursday; and between 8:00 a.m. and 12:00 midnight, Friday and Saturday, except that no alcoholic beverages, when permitted under this article, shall be served in a Sidewalk Café before noon on any day. Unless otherwise regulated by a Pedestrian Mall operating plan, entertainment is permitted within the boundaries of Sidewalk Cafés no more than two events per week and shall be limited to four performers. All entertainment is required to conclude by 8:00 p.m.

§ 296-7.4. Insurance required. [Added July 15, 2020 by Ord. No. 20-054; amended 2-24-2021 by Ord. No. 21-010]

An Applicant for either type of Sidewalk Café license shall file with the City Clerk and the Division of Commerce, a certificate of liability insurance in the minimum amount of $1,000,000.00, naming the City of Jersey City and its agents, servants, and employees as additional insureds, which policy shall be kept in full force during the operation of the Sidewalk Café. The policy of insurance must be occurrence based coverage.

§ 296-7.5. License fee, term, maximum number of patrons, and application; approvals required; revocation; closure; hearing. [Added July 15, 2020 by Ord. No. 20-054; amended 2-24-2021 by Ord. No. 21-010]

A. The annual license fees for Sidewalk Café licenses shall be as provided in Chapter 160, Fees and Charges, with no proration for part of the year, payable to the Division of Commerce. All licenses shall be renewable no later than March 31 of each year. The license shall indicate the maximum number of patrons to be served in the Sidewalk Café. The Division of Commerce shall issue such license upon duly presented application, together with plans and specifications detailing the Sidewalk Café area to be licensed, including number of patrons to be served, and adherence to all conditions set forth in this article as well as all applicable City and State laws and regulations.

B. Prior to the granting of any license, the Division of Commerce shall notify the Departments of Public Safety, Divisions of Police and Fire, the Directors of Zoning and Health & Human Services, the Construction Code Official and, in the case of restaurants possessing a liquor license, the Alcoholic Beverage Control (ABC) Board. If no objection is received within 30 days, the approval will be granted; provided, however, if a restaurant with a liquor license seeks a Sidewalk Café that would constitute an expansion of the licensed premises, a Sidewalk Café license will not be issued until the ABC Board approves the expansion. Any objection shall be in writing and shall set forth the reasons therefor. Sidewalk Cafés located within the Historic District meeting all of the requirements contained in § 345-71 shall obtain a certificate of no effect for the partition, tables, chairs and overhead coverings and any other appurtenances. Any Sidewalk Cafés within a Historic District that are deemed by the Historic Preservation Officer not to meet those standards shall require a certificate of appropriateness. Upon receiving an application for a certificate of appropriateness, the Historic Commission shall decide whether to grant the certificate within 60 days of the receipt of the application.

C. The City shall revoke the license of any Sidewalk Café licensee who, upon the expiration of five days after receipt of notice from the City of a violation of City or State law or any of the requirements set forth in this article, fails to cure the violation.

D. The City may require the immediate closure and removal of all Sidewalk Cafés or other projections or encumbrances upon any Street, Sidewalk or public easement which are improperly constructed or maintained, or which otherwise create a hazard to the public.

E. A licensee aggrieved by any decision to revoke a license, or to close or remove a Sidewalk Café, shall be afforded a hearing before the Business Administrator or his or her designee. Such request for

hearing shall be in writing and delivered to the Director of the Division of Commerce. Thereafter, a hearing shall be scheduled and a written decision explaining the reasons for affirming or reversing the decision aggrieved shall be issued. Any revocation shall render the licensee ineligible to receive another Sidewalk Café license under this article for a period of at least one year from the effective date of the revocation.

§ 296-7.6. Sidewalk sales; Permit required. [Added July 15, 2020 by Ord. No. 20-054]

No Person may place, leave, or display, any merchandise or advertising upon the Sidewalk between the building line and the Curb without obtaining a Permit from the Zoning Officer pursuant to the restrictions set forth in this section.

Merchants may be permitted to hold one Sidewalk sale per month for a period not to exceed three consecutive days by Permit to be issued by the Zoning Officer upon payment of the fee established in Chapter 160; provided, however, that within any Special Improvement District, a Permit may be issued only to an authorized representative of the District upon payment of the fee specified in Chapter 160. Such Permit shall allow any merchant within the District to hold one Sidewalk sale for a period of three consecutive days within any calendar month. The dates on which such sale is permitted shall be specified in the Permit. No merchant within a Special Improvement District may hold a Sidewalk sale during any other dates.

This section shall not apply to a peddler holding a valid peddler's license in accordance with Chapter 245.

§ 296-7.7. Enforcement. [Added July 15, 2020 by Ord. No. 20-054]

The Department of Public Safety and the Division of Commerce shall have the authority to enforce any provision of this article pertaining to Sidewalk Cafés and the Zoning Officer shall have the authority to enforce any provision of this article pertaining to Sidewalk sales.

ARTICLE VIII
Placement of Pay Telephones in the Public Right-of-Way

§ 296-8.1. Definitions. [Added July 15, 2020 by Ord. No. 20-054]

As used in this article, the following terms shall have the meanings indicated:

DIAL TONE SERVICE PROVIDER shall mean the entity providing dial tone service to distributors in the City.

DISTRIBUTOR shall mean any Person responsible for placing or maintaining a pay telephone in the Public Right-of-Way.

FACILITATE CRIMINAL ACTIVITY shall mean that on at least four occasions within any 30-day period the police have responded to the location of a pay telephone due to allegations of criminal activity in connection with that pay telephone and the activity alleged constitutes a crime of the fourth degree or higher.

PAY TELEPHONE shall mean any self-service or coin-operated telephone.

§ 296-8.2. Permit required; fee. [Added July 15, 2020 by Ord. No. 20-054]

No Person may install a pay telephone on or above any Street or Sidewalk without having first obtained a Permit to do so issued by the Division of Commerce and without having paid the fee for such a Permit as provided in Chapter 160, Fees and Charges; provided, however, that no fee shall be charged for pay telephones furnished by or under contract to the City as an accommodation to the public or for Permits issued to any Person or entity which pays a franchise fee or tax for the use of public Facilities. Such Person or entity shall not, however, be exempt from the remaining provisions of this article.

Permits shall expire on March 31 of each year. The initial license fee following the change in expiration date will be subject to proration by the Division of Commerce.

§ 296-8.3. Application for Permit to install a pay telephone—Contents; procedure. [Added July 15, 2020 by Ord. No. 20-054]

A. Each application for a Permit to install a pay telephone shall be on the forms supplied by the Division of Commerce and must include a plan or sketch of the pay telephone in sufficient detail to describe the size, location, equipment and means of installation and cabling. In addition, each Applicant shall:

(1) Execute an indemnification agreement substantially as follows: The Applicant and any other Persons on whose behalf the application is made agree to defend, indemnify and hold harmless the City against liability for all claims for damage to property or injury to or death of Persons arising out of or resulting from the issuance of the Permit or the control, maintenance or Ownership or use of each pay telephone.

(2) File with the Risk Manager evidence of a general liability insurance policy from an insurer licensed to do business in the State of New Jersey in the amount of $1,000,000.00 for bodily injury and $50,000.00 for property damage, naming the City as additionally insured against any injury, loss or damage that may result from placing or maintaining the pay telephone or pay telephone equipment on or above the Sidewalk. In lieu of this insurance requirement, the Distributor shall provide evidence that it is authorized by New Jersey or federal law to operate as a self-insurer.

(3) Submit a certification attesting to the fact that notice of the proposal in a form approved by the Division of Commerce has been published in the local newspaper having the largest circulation. The notice shall advise that any Person may submit comments, in writing, to the Division of Commerce within ten days of the date of publication. The certification shall include a copy of the notice. A copy of the notice shall also be served upon the City Clerk.

(4) Submit to the Division of Commerce an opinion from the Department of Public Safety confirming that the proposed location is an acceptable site for pay telephone.

B. Dial tone service connection. A distributor may apply to a dial tone service provider for dial tone service immediately upon filing an application for a Permit to install a pay telephone with the Division of Commerce, however no dial tone service may be provided or accepted by the distributor until the dial tone service provider has been provided with a copy of the approved Permit. A copy of the Permit shall be forwarded to the dial tone service provider by the Division of Commerce by mail or facsimile.

For any pay telephone which is not located on or above any Street or Sidewalk, the Distributor shall provide a certification to the dial tone service provider stating that the particular application is for a pay telephone located on private property.

C. Permit approval or denial. The Division of Commerce shall issue a written approval or denial of the Permit within 20 days of its receipt of a completed application. If denied, the Division of Commerce shall state the reasons for the denial and the Distributor shall have 30 days within which to cure deficiencies or defects in their applications without the necessity for reapplication. If approved, the

Permit number shall be affixed to the underside of the pay telephone in a manner and form approved by the Division of Commerce. The Permit required by this article shall be in addition to any Permit which may be required pursuant to the Uniform Construction Code, N.J.S.A. 52:27D-119 et seq.

D. Removal or relocation. The Division of Commerce shall be informed of the intent of any Person to remove or relocate a pay telephone. Relocation of a pay telephone shall necessitate obtaining a new Permit; provided, however, that relocation of a telephone within the extended side lot lines of the same property will require only an amendment to the original application detailing the change. In either case, no change of location shall be undertaken until approval is obtained from the Division of Commerce.

§ 296-8.4. Rates to be posted; Emergency calls. [Added July 15, 2020 by Ord. No. 20-054]

A. Pay telephones shall permit the following calls to be placed without charge:

(1) Calls to the 911 Emergency number.

(2) Emergency calls placed through operator assistance to the Department of Public Safety.

(3) Calls placed through operator assistance to the Department of Public Safety by anyone identified as a member of the Department.

B. A notice shall be posted on the pay telephone or the pay telephone booth advising that the caller may ascertain the cost of a call by dialing "operator" before placing the call.

§ 296-8.5. Maintenance and installation. [Added July 15, 2020 by Ord. No. 20-054]

A pay telephone shall comply with the following standards:

A. No booth surrounding a pay telephone shall exceed eight feet in height, four feet in width or four feet in thickness.

B. Each coin-operated pay telephone shall be equipped with a coin return mechanism to permit a Person using the machine to secure an immediate refund if a call cannot be placed. The coin mechanism shall be maintained in good working order.

C. Each pay telephone shall have affixed to it, in a place visible to everyone using the pay telephone, the name and address of the distributor and the telephone number of a working telephone service to report a malfunction, secure a refund, ascertain name, address and telephone number of the long distance carrier or give the notices provided for in this article.

D. Pay telephones shall be maintained in a neat and clean condition and in good repair at all times. Without limiting the generality of the foregoing, a pay telephone shall be serviced and maintained so that:

(1) It is reasonably free of chipped, faded, peeling and cracked paint in the visible painted areas thereof.

(2) It is reasonably free of rust and corrosion in the visible unpainted metal areas thereon.

(3) Any clear plastic or glass parts are unbroken and reasonably free of cracks, dents, graffiti, blemishes and discolorations.

(4) Any paper or cardboard parts or inserts are reasonably free of tears, peeling or fading.

(5) The structural parts thereof are not broken or unduly misshapen.

(6) The pay telephone receiver is attached to the telephone.

E. Any Person who fails to maintain a pay telephone as described in this article shall be given a ten-day notice to repair the pay telephone by the Division of Commerce. If the pay telephone is not in working condition at the end of the ten-day period, the Division of Commerce shall issue a written notice of violation describing the reasons for violation unless the Permittee provides adequate assurance that the telephone shall be repaired or removed.

F. Each pay telephone shall, upon written request from the Division of Commerce, be capable of being restricted to outgoing calls only within ten days of the request.

§ 296-8.6. Location and placement of phones; number. [Added July 15, 2020 by Ord. No. 20-054]

A. No pay telephone shall be permitted to rest upon, in or over any Street or Sidewalk when such installation, use or maintenance:

(1) Endangers the safety of Persons or property.

(2) Unreasonably interferes with or impedes the flow of Pedestrians or vehicular traffic, including any legally parked or stopped vehicles.

(3) Unreasonably interferes with the ingress or egress from any residence or place of business.

(4) Interferes with the use of traffic signs or signals, hydrants or mailboxes permitted at or near said location.

(5) Will, in the opinion of the Department of Public Safety, and based upon reasonable grounds, Facilitate criminal activity or unreasonably interfere with the quiet enjoyment of the area.

B. Pay telephones shall be placed or otherwise secured so as to prevent their being blown down or around the public Street or Sidewalk, but shall not be chained or otherwise secured to any traffic or Street signs, signals, hydrants, utility poles or mailboxes.

C. No pay telephones shall be placed, installed, used or maintained:

(1) Within any marked crosswalk.

(2) Within three feet of a Curb return of any unmarked crosswalks.

(3) Within five feet of any fire hydrant, fire call box, police call box or other Emergency Facility.

(4) Within five feet of any driveway.

(5) Within three feet of any public area improved with a lawn, flowers, shrubs, trees or other landscaping.

(6) At any location whereby the clear space for the passageway of Pedestrians is reduced to less than four feet.

(7) On any Sidewalk unless the abutting property Owner or authorized agent has given consent, in writing.

(8) Except on a Corner as defined in § 296-1.1.

(9) Within a 600-foot radius of any other pay telephone in an R-1 or R-2 Zone as described in the Zoning and Redevelopment Map of the City.

(10) Within a 400-foot radius of any other pay telephone in an R-3 or R-4 Zone as described in the Zoning and Redevelopment Map of the City, except that one pay telephone may be installed on one additional corner of an intersection comprising four or more corners.

(11) Within a 200-foot radius of any other pay telephone in any zone other than R-1 through R-4, except that a distributor may apply for up to one additional pay telephone abutting an existing pay telephone placed and maintained by that distributor and except that one pay telephone or two abutting pay telephones may be installed on one additional corner of an intersection comprising four or more corners.

§ 296-8.7. Variance. [Added July 15, 2020 by Ord. No. 20-054]

In the event that an Applicant seeking to install a pay telephone cannot meet the requirements of § 296-8.6, an Applicant may request the Business Administrator to grant a variance. The request shall be in writing together with all relevant documentation and a copy of the variance request, together with relevant documentation, shall also be served upon the Division of Commerce. A variance shall only be granted if the Business Administrator finds that good cause exists for relieving the Applicant from strict compliance with this article and that the proposed alternative(s) are consistent with public safety. The Applicant seeking the variance shall submit a certification attesting to the fact that notice of the variance proposal in a form approved by the Division of Commerce has been published in the local newspaper having the largest circulation. The notice shall advise that any Person may submit comments, in writing, to the Business Administrator within ten days of the date of publication. The certification shall include a copy of the notice. A copy of the notice shall also be served upon the City Clerk. A written decision either granting or denying the variance shall be issued within 20 days of the Business Administrator's receipt of the variance request and shall state the reasons for the decision.

§ 296-8.8. Appeals. [Added July 15, 2020 by Ord. No. 20-054]

A. An aggrieved party, within 20 days of notice of any decision made by the Division of Commerce, other than a written notice of violation, or by the Business Administrator pursuant to this article, may

appeal the decision by submitting a request for appeal, in writing, together with relevant documentation, to the Business Administrator. The aggrieved party shall also serve a copy of this request with documentation to the Division of Commerce.

B. The Division of Commerce shall then provide the Business Administrator with its response, in writing, together with relevant documentation, within ten days. The Division of Commerce shall serve a copy of its response with documentation to the aggrieved party.

C. If the Business Administrator cannot make a decision on the basis of documentation submitted by the parties or if the distributor requests a hearing, such hearing shall be held upon at least ten days' notice to the parties. A decision shall be issued within 20 days of completion of this process and shall be in writing, giving reasons for the decision.

D. It will be the burden of the aggrieved party to show that the decision appealed was clearly erroneous, except that on an appeal from a decision made by the Business Administrator, the burden shall be by a preponderance of the evidence.

E. During the pendency of the appeal, the effect of the decision being appealed shall be stayed unless the Division of Commerce provides a certification to the Business Administrator stating that a stay would cause an immediate threat to public safety or an immediate hazard to life or property.

§ 296-8.9. Applicability to existing pay telephones. [Added July 15, 2020 by Ord. No. 20-054]

All existing pay telephones installed on or before February 15, 1994 (the effective date of the prior pay telephone ordinance), shall be exempt from the following sections of this article: §§ 296-8.3.B, and 296-8.6.C(8)—(11); provided, however, that any Distributor desiring this status must certify to the Division of Commerce within 45 days of the effective date of this article all locations of said Distributor's pay telephones for which the exempt status is being requested. Distributors shall be required to apply for and obtain a Permit for the pay telephones exempted as well as all other pay telephones existing on the effective date of this article.

§ 296-8.10. Violations and penalties. [Added July 15, 2020 by Ord. No. 20-054]

A. Violation of this article shall subject the violator to a fine of not less than $100.00 nor more than the amount provided in Chapter 1, General Provisions, § 1-25. The distributor shall be given written notice of a violation which shall be heard and decided in the Municipal Court. The notice shall state the article section violated and reasons for the violation. Each noncomplying pay telephone violation will constitute a separate violation. Each week of said violation shall constitute a separate violation.

B. In addition to other remedies and penalties described herein, if a violation upheld in the Municipal Court is not abated within 30 days of the Municipal Court decision or if the fine assessed by the Municipal Court is not paid within 30 days, the City may order that dial tone service be disconnected and/or may have the pay telephone and all structures pertaining thereto removed, and the cost of such disconnect and/or removal shall be charged to the distributor. The City shall not be required to wait the 30 days where the Division of Commerce certifies that the violation is an immediate threat to public safety or an immediate hazard to life or property. If equipment that is removed by the City

pursuant to this article is not claimed within six months of its removal, it will be considered abandoned, and the City may dispose of the same pursuant to N.J.S.A. 40A.-14-157. The City shall not be responsible for any damages occurring to equipment during disconnect and/or removal or for disposing of abandoned equipment. Before the City releases claimed equipment, the distributor shall pay in full all fines and costs associated therewith.

C. If a distributor places or maintains a pay telephone upon the Public Right-of-Way without first securing a Permit as described hereunder, the Division of Commerce shall issue notice to the distributor at the last known address on file with the Division of Commerce or that address listed on the subject pay telephone, by certified and regular mail, giving the distributor ten days from the date of the notice to apply to the Division of Commerce for a Permit or remove the subject pay telephone from the Public Right-of-Way. In the event that an application for a Permit is not submitted to the Division of Commerce or the subject pay telephone is not removed from the Public Right-of-Way within the ten-day period, or if the name and address of the distributor cannot be reasonably ascertained by the Division of Commerce, the City may remove the subject pay telephone and the cost of removal shall be charged to the distributor. The City shall not be required to wait the ten days where the Division of Commerce certifies that the placement or maintenance of the subject pay telephone is an immediate threat to public safety or an immediate hazard to life or property. If equipment that is removed by the City pursuant to this article is not claimed within six months of its removal, it will be considered abandoned, and the City may dispose of same pursuant to N.J.S.A. 40A:14-157. The City shall not be responsible for any damages occurring to equipment during removal or for disposing of abandoned equipment. Before the City releases claimed equipment, the distributor shall pay in full all fines and costs associated therewith. Placement or maintenance of a pay telephone without a Permit may constitute just cause to deny new or renewal applications submitted by the distributor.

§ 296-8.11. Enforcement. [Added July 15, 2020 by Ord. No. 20-054]

The Division of Commerce shall have the authority to enforce this article.

ARTICLE IX
Rights-of-Ways For Wireless Telecommunications

§ 296-9.1. Definitions. [Added 10-14-2021 by Ord. No. 21-066]

A. Purpose. It is the intent of this subsection to regulate the placement of telecommunications equipment, including poles, towers, antennas, and other infrastructure located on municipal rights-of-ways:

B. Definitions. The following terms used in this subsection shall have the following meanings:

5G — Cellular technologies and its successors that deliver faster speeds, low latency broadband services and which require more infrastructure than its predecessors.

ADMINISTRATIVE REVIEW TEAM — The Division of Engineering, Traffic, and Transportation, the Division of City Planning, and the Historic Preservation Office (Historic).

CABINET — Small box-like or rectangular structures used to facilitate utility or wireless service from within the municipal right-of-way.

COLOCATION — Use of a common wireless telecommunication tower or a common site by two or more wireless license holders or by one wireless license holder for more than one type of communications technology and/or placement or a wireless telecommunication tower on a structure owned or operated by a utility or other public entity.

FACILITIES — Underground conduit, utility poles, wiring, cabinets, footings and street light fixtures.

POLE or WIRELESS POLE — Column or post located within the municipality's right-of-way upon which telecommunications equipment may be mounted for the purpose of providing personal wireless services as defined by federal law.

POLE MOUNTED ANTENNA — A device that is attached to a pole and used to transmit radio or microwave signals and shall include, but not be limited to, small cell equipment and transmission media such as femtocells, picocells, microcells and outside distributed antennas.

PUBLIC RIGHT-OF-WAY — The area across, along, beneath, in, on, over, under, upon, and within the dedicated public alleys, boulevards, courts, lanes, roads, sidewalks, spaces, streets, either paved or constructed or not, including paper streets, and ways within the City, as they now exist or hereafter will exist and which are or will be dedicated or expressly reserved for the use of vehicular, pedestrian, or bicycle traffic and other allowable modes of transportation, and/or utilities and which shall be under the permitting jurisdiction of the Division.

RIGHT-OF-WAY AGREEMENT — An agreement that sets forth the terms and conditions for use of the municipal right-of-way and includes, but is not limited to, municipal franchise agreements.

RIGHT-OF-WAY PERMIT — An approval from the municipality setting forth the applicant's compliance with the requirements of this article.

SMALL CELL EQUIPMENT — Wireless facilities and transmission media including, but not limited to, femtocells, picocells and microcells.

SMALL CELL FACILITY — Any structure or device used for the purpose of providing, supporting, enabling or otherwise facilitating wireless telecommunications, including but not limited to cabinets, pole mounted antenna, small cell equipment, and wireless poles, as defined herein.

C. Agreements.

1. No person or entity shall operate or place a wireless pole, pole mounted antenna, small cell equipment, or small cell facility within the municipal right-of-way without first entering into a right-of-way agreement pursuant to the provisions of this section.

2. The term of said right-of-way agreement shall include, at a minimum:

   a. A term not to exceed 15 years;

   b. Insurance requirements consistent with current standards;

   c. Designation of an individual as a point-of-contact available during business hours;

d. Imposed fines for unauthorized installations consistent with current standards;

e. Requirements regarding the repair, maintenance, relocation, and removal of the equipment;

f. A reference to the siting standards set forth in this section;

g. Requirements regarding 72 hours' notification prior to the start of construction to property owners within 200 feet of each installation regarding the exact location of the installation, the equipment to be installed, and safety information for the equipment to be installed;

h. Any other items which may reasonably be required.

D. Right-of-way permits, siting standards for poles, pole mounted antennas and cabinets in the right-of-way.

1. No pole, antenna or cabinet shall be installed within the municipal right-of-way without the issuance of a right-of-way permit.

2. Pole siting standards. Any new wireless pole, pole mounted antenna, small cell equipment, or small cell facility shall:

a. Be designed to minimize its visibility from off-site locations and shall be of a "camouflaged" or "stealth" design, including concealment, screening, and other techniques to hide or blend the infrastructure into the surrounding area; and

b. Utilize the smallest footprint possible, as measured by volume, technically feasible to achieve a network objective; and

c. Be designed to minimize the overall height, mass, and size of the cabinet and enclosure structure; and

d. Shall be screened from public view to the extent feasible; and

e. When attached to an existing utility pole, be shrouded or screened using materials or colors found on existing structure; and

f. Be architecturally compatible with the existing site; and

g. Be placed at a location that would not require the removal of any required landscaping or would reduce the quantity of landscaping to a level of noncompliance with the Zoning Code; and

h. Be no taller than 110 percent of the height of the poles in the surrounding streetscape, whichever is taller; and

i. Be no closer than 18 inches from the curb line and allow for six feet of open passage; and

j. For sites in any residential zone, be at least 200 linear feet from any other existing pole or proposed pole along the same side of the street or for sites in any other zone, be at least 100 linear feet from any other existing pole or proposed pole along the same side of the street; and

k. If in a historic district of the municipality, be reviewed and approved by the Historic Preservation Office. The Administrative Review Team shall ensure that the pole siting standards are enforced and may formulate guidelines for applicants based on these standards.

3. Ground level cabinet siting standards. Ground level cabinets are permitted only if placement on a pole is not possible or feasible, as determined by the Administrative Review Team. No ground level cabinet shall be installed unless it:

   a. Is less than sixteen cubic feet in volume; and

   b. Is finished and/or painted so as to blend in compatibly with its background and so as to minimize its visual impact on surrounding properties; and

   c. Allows adequate room with a minimum of six feet of open passage so as not to impede the public's or municipality's use of the right-of-way.

4. Pole mounted antenna siting standards. No pole mounted antenna shall be installed unless it:

   a. Does not exceed three cubic feet in volume; and

   b. Is finished and/or painted and otherwise camouflaged, in conformance with best available technology methods, so as to blend in compatibly with its background and so as to minimize its visual impact on surrounding properties, as determined by the Administrative Review Team; and

   c. Allows adequate room so as not to impede the public's or municipality's use of the right-of-way, as determined by the Administrative Review Team.

5. Pole mounted cabinets siting standards. No pole mounted cabinet shall be installed unless it:

   a. Does not exceed 12 cubic feet; and

   b. Is finished and/or painted and otherwise camouflaged, in conformance with best available technology methods, so as to blend in compatibly with its background and so as to minimize its visual impact on surrounding properties, as determined by the Administrative Review Team; and

   c. Allows adequate room so as not to impede the public's or municipality's use of the right-of-way, as determined by the Administrative Review Team.

6. Order of preference. In general, wireless equipment shall be installed as follows (most preferred to least preferred):

   a. On existing telephone or electrical lines between existing utility poles.

   b. On existing utility poles (electric poles or telephones poles).

   c. On municipal service poles.

d. New wireless poles shall be the least preferred type of allowed facility.

e. Ground equipment should be minimal and the least intrusive.

7. Noise. Applicants are required to incorporate ambient noise suppression measures and/or required to place the equipment in locations less likely to impact adjacent residences or businesses to ensure compliance with all applicable noise regulations. The maximum allowable noise emitted by the small wireless facility shall not exceed 30 dB measured at a distance of three feet from any portion of the facility.

E. Miscellaneous provisions.

1. Any approval received pursuant to this article shall not relieve the applicant from receiving consent from the owner of the land above or on which the applicant's facility may be located as may be required under New Jersey law.

2. The applicant must, in addition to receiving a right-of-way permit, also receive all necessary road opening permits, construction permits, and other requirements set forth in City of Jersey City's Municipal Code or applicable state statutes.

3. The applicant shall include in their permit application a certified list of all property owners within 200 feet of each installation.

4. The Administrative Review Team shall ensure that colocation is not a feasible option before approving any new wireless pole, and the applicant shall attest and demonstrate through clear and convincing evidence in its permit application that it has pursued all reasonable attempts to colocate on existing poles and other facilities.

5. The Administrative Review Team may, in its discretion, require certification from a licensed engineer attesting to the structural integrity of any pole mounted antenna or pole mounted cabinet.

6. The Administrative Review Team may, in its discretion, require testing of the radio frequency emittance to ensure compliance with Federal Communications Commission safety standards specified in 47 CFR Rule 1.1307(b).

7. The applicant shall report to the Administrative Review Team any facilities that have been unused for the previous six months and shall detail a timeline for their removal within the following six months.

8. The applicant shall be responsible for removal of any identified facilities no longer in active use nor required for future use under their ownership and control.

9. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

10. The City Clerk shall have this section codified and incorporated in the official copies of the Jersey City Code.

11. This section shall take effect 90 days after its passage.

12. The City Clerk and the Corporation Counsel may change any chapter numbers, article numbers and section numbers if codification of this section reveals a conflict between those numbers and the existing code, in order to avoid confusion and possible accidental repealers of existing provisions.

§ 299-1. Title.

This chapter shall be known and may be cited as the "Land Subdivision Ordinance of Jersey City."

§ 299-2. Purpose.

The purpose of this chapter shall be to provide rules, regulations and standards to guide land subdivision in the City of Jersey City in order to promote the public health, safety, convenience and general welfare of the municipality. It shall be administered to ensure orderly growth and development, the conservation, protection and proper use of land and adequate provision for circulation, utilities and services.

§ 299-3. Administration; appeals.

The approval provisions of this chapter shall be administered by the Jersey City Planning Board whose decision may be appealed to the Municipal Council of the City of Jersey City.

§ 299-4. Definitions.

As used in this chapter, the following terms shall have the meaning indicated:

BUFFER STRIP — An area containing plants, trees, shrubs or other such items deemed appropriate by the Planning Board serving as a division line between two (2) subdivisions

or a street and a subdivision. Where live plant material may be impractical or undesirable, a decorative brick wall may be substituted at the discretion of the Planning Board.

COMPLETE APPLICATION — Any and all material required by this chapter to review the subdivision (application form, affidavit of ownership, boundary descriptions, plat maps in accordance with ordinance specifications, etc.)

CITY COUNCIL — The chief legislative body of the municipality.

DESIGNATED REPRESENTATIVE — That person or office so named by the Planning Board to dispense, receive, classify and review subdivision applications.

DRAINAGE — The removal of surface water or groundwater from land by drains, grading or other means and includes control of runoff to minimize erosion and sedimentation during and after construction or development, as well as prevention and alleviation of flooding. All water shall be contained within the lot and drain from the lot using catch basins, trench drains or their comparable systems.

DRAINAGE RIGHT-OF-WAY — The lands required for the installation of stormwater sewers or drainage ditches or required along a natural stream or watercourse for preserving the channel and providing for the flow of water therein to safeguard the public against flood damage.

FINAL APPROVAL — The official action of the Planning Board taken on a preliminary approved major subdivision after all conditions, engineering plans and other requirements have been completed or fulfilled and the required improvements have been installed or guarantees properly posted for their completion.

FINAL PLANT — The final map of all or a portion of the subdivision which is presented to the Planning Board for final approval in accordance with these regulations and which, if approved, shall be filed with the county recording officer.

LOT — A designated parcel, tract or area of land established by a plat or otherwise permitted by law and to be used, developed or built upon as a unit.

LOT CONSOLIDATION — An action by the Planning Board eliminating lot lines from contiguous lots for tax billing purposes.

LOT GROUPING — An action by the Planning Board to group lots for tax billing purposes within the elimination of lot lines.

LOT SIZE — In conformance with those lot areas and dimensions as determined by Chapter 345, Zoning, of the Code of the City of Jersey City.

MAINTENANCE GUARANTY — Any security, other than cash, which may be accepted by a municipality for the maintenance of any improvements.

MAJOR SUBDIVISION — Any subdivision not classified as a minor subdivision.

MASTER PLAN — A composite of one (1) or more written or graphic proposals for the development of the municipality as set forth and adopted by the Planning Board (N.J.S.A. 40:55D-28).

MINOR SUBDIVISION [**Amended 5-10-1995 by Ord. No. 95-028**[1]] — A subdivision of land for the creation of four (4) or fewer lots, provided that such subdivision does not involve:

A. A planned development;

B. Any new street; or

C. The extension of any off-tract improvement, the cost of which is to be prorated pursuant to Section 30 of P.L. 1975, c. 291 (N.J.S.A. 40:55D-42).

PLANNED DEVELOPMENT — Planned unit development, planned unit residential development, residential cluster, planned commercial development or planned industrial development (N.J.S.A. 40:55D-6).

OFFICIAL MAP — A map adopted by ordinance which shall be deemed to be conclusive with respect to the location and width of streets, public parks and playgrounds, and drainage rights-of-way shown thereon (N.J.S.A. 40:50D-32).

OWNER — An individual, firm, association, syndicate, copartnership or corporation having sufficient proprietary interest in the land sought to be subdivided to commence and maintain proceedings to subdivide the same under this chapter.

PERFORMANCE GUARANTY — Any security which may be accepted in lieu of a requirement that certain improvements be made before the Planning Board approves a plat, including cash, performance bonds, escrow agreements and other similar collateral agreements, provided that a municipality shall not require more than ten percent (10%) of the total performance guaranty in cash.

PLAT — A map or maps of a subdivision.

PRELIMINARY APPROVAL — Confer on the applicant the following rights for a three-year period from the date of preliminary approval (N.J.S.A. 40:55D-46):

A. That the general terms and conditions on which the preliminary approval was granted shall not be changed.

B. That the applicant may submit for final approval on or before the expiration of this three-year period.

PRELIMINARY PLAT — The preliminary map indicating the proposed layout of the subdivision which is submitted to the Division of City Planning for Planning Board consideration and approval.[2]

SKETCH PLAT — The sketch map of a subdivision of sufficient accuracy to be used for the purpose of discussion and classification and meeting the requirements of N.J.S.A. 40:55D-1 et seq.[3]

---

1 **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

2 **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

3 **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

STREET — Any street, avenue, boulevard, road, lane, parkway, viaduct, alley or other way which is an existing state, county or municipal roadway or a street or way shown upon a plat heretofore approved pursuant to law or approved by official action pursuant to the Municipal Land Use Law (N.J.S.A. 40:55D-1 et seq., as amended) or a street or way on a plat duly filed and recorded in the office of the county recording officer prior to the appointment of a Planning Board and the grant to such Board of the power to review plats, and any way shown on a plat approved by the city, and includes the land between the street lines, whether improved or unimproved, and may comprise pavement, shoulders, gutters, sidewalks, parking areas and other areas within the street line.

SUBDIVIDER — Any individual, firm, association, syndicate, company, partnership, corporation, trust or other legal entity commencing proceedings under this chapter to effect a subdivision of land for himself or herself or for another.

SUBDIVISION — The division of a lot, tract or parcel of land into two (2) or more lots, tracts, parcels or other divisions of land for sale or development. The following shall not be considered subdivisions within the meaning of this chapter, if no new streets are created: divisions of land found by the Planning Board or Subdivision Committee thereof appointed by the Chairman to be for agricultural purposes where all resulting parcels are five (5) acres or larger in size; divisions of property by testamentary or intestate provisions; divisions of property upon court order, including but not limited to judgments of foreclosure; consolidation of existing lots by deed or other recorded instrument; and the conveyance of one (1) or more adjoining lots, tracts or parcels of land owned by the same person or persons and all of which are found and certified by the administrative officer to conform to the requirements of the municipal development regulations and are shown and designated as separate lots, tracts or parcels on the Tax Map or atlas of the municipality. The term "subdivision" shall also include the term "resubdivision."[4]

VARIANCE — Permission to depart from the literal requirements of a zoning ordinance.[5]

§ 299-5. Design standards.

The subdivider shall observe the following requirements and principles of land subdivision in the design of each subdivision or portion thereof:

A. General standards. The subdivision plat shall conform to design standards set for encouraging good development patterns within the city. Where an Official Map or Master Plan have been adopted, the subdivision shall conform to the proposals and conditions set therein. The streets, drainage rights-of-way, school sites, public parks and playgrounds as shown on an officially adopted Master Plan or Official Map shall be considered in approval of subdivision plats. Where no official map exists, streets and drainage rights-of-way shall be shown on the final plat in accordance with N.J.S.A. 40:55D-39 and shall be such as to lend themselves to the harmonious development of the municipality and enhance the public welfare in accordance with the following design standards:

---

[4] **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

[5] **Editor's Note: Original Articles V through VII, which immediately followed this section and dealt with plat submission requirements and details, were deleted 11-25-1987 by Ord. No. C-544.**

B. Street standards.

(1) The arrangement of streets not shown on the Master Plan or Official Map shall be such as to provide for the appropriate extension of existing streets.

(2) Minor streets shall be so designed as to discourage through traffic.

(Cont'd on page 29905)

(3) Subdivisions abutting arterial streets shall be provided with a buffer strip for planting or some other means of separation of through and local traffic as the Planning Board may determine appropriate.

(4) The width of streets shall be measured from lot line to lot line and shall not be less than the following:

(a) Principal arterial street: eighty (80) feet.

(b) Minor arterial street: seventy (70) feet.

(c) Collector street: sixty (60) feet.

(d) Local street: forty (40) feet.

(e) The right-of-way width for internal roads and alleys in multifamily, commercial and industrial developments shall be determined on an individual basis and shall in all cases be of sufficient width and design to safely accommodate the maximum traffic, parking and loading needs and maximum access for firefighting equipment.

(5) No subdivision showing reserve strips controlling access to streets shall be approved except where the control and disposal of land comprising such strips has been placed in the governing body under conditions approved by the Planning Board.

(6) Subdivisions that adjoin or include existing streets that do not conform to width as shown on the Master Plan or Official Map or the street width requirements of this chapter shall dedicate additional width along either one or both sides of the said road. If the subdivision is along one (1) side only, one-half (½) of the required extra width shall be dedicated.

(7) Grades of arterial streets shall not exceed four percent (4%). Grades of other streets shall not exceed ten percent (10%).

(8) Street intersections shall be as nearly at right angles as is possible and in no case shall be less than sixty degrees (60°). The block corners at intersections shall be rounded at the curbline with a curve radius of not less than twenty-five (25) feet for residential development and fifty (50) feet for industrial development.

(9) Street jogs with center-line offsets of less than one hundred twenty-five (125) feet shall be prohibited.

(10) Dead-end streets (culs-de-sac) shall not be longer than six hundred (600) feet and shall provide a turnaround at the end with a radius of not less than thirty (30) feet and tangent wherever possible to the right side of the street.

(11) If a dead-end street is of temporary nature, a similar turnaround shall be provided and provisions made for future extension of the street and reversion of the excess right-of-way to the adjoining property.

(12) No street shall have a name which will duplicate, or nearly duplicate, the names of existing streets. The continuation of an existing street shall have the same name. All streets shall be approved by the Planning Board.

C. Block standards.

(1) Block length and width shall be of sufficient acreage so as to accommodate the size of lots required by Chapter 345, Zoning, and shall provide convenient access, circulation, control and safety of street traffic.

(2) In blocks over one thousand (1,000) feet long, pedestrian crosswalks may be required in locations deemed necessary by the Planning Board. Such walkway shall be ten (10) feet wide, landscaped and be straight from sidewalk to sidewalk.

D. Lot standards.

(1) Lot dimensions and area shall not be less than the requirements of Chapter 345, Zoning.

(2) So far as is practical, side lot lines shall be at right angles to straight streets and radial to curved streets.

(3) Each lot shall front upon an improved street, except in those instances conforming with N.J.S.A. 40:55D-35 and 40:55D-36.

(4) Where land has been dedicated for a widening of existing streets, lots shall begin at such new street line and all setbacks shall be measured from such lines.

E. Public use and service area standards.

(1) In a large-scale development, easements along rear property lines or elsewhere for utility installations may be required. Such easements shall be at least fifteen (15) feet wide and located after consultation with whose companies and municipal departments concerned.

(2) Where a subdivision is traversed by a watercourse, drainageway channel or stream, there shall be provided a stormwater easement or drainage right-of-way conforming substantially with the lines of such watercourse and such further width and construction, or both, as would be adequate for the purpose.

(3) Natural features such as trees, brooks, hilltops and views shall be preserved wherever possible in designing any subdivision containing such features.

§ 299-6. Violations and penalties.

A. If, before favorable approval by the Planning Board has been obtained, any person transfers or sells or agrees to sell as owner or agent any land which forms a part of a subdivision on which the Planning Board is required to act, such person shall be subject to a fine not to exceed one thousand dollars ($1,000.), and each parcel, plat or lot so disposed shall be deemed a separate violation (N.J.S.A. 40:55D-55).

B. In addition to the foregoing, if the streets in the subdivision are not such that a structure on said land in the subdivision would meet requirements for a building permit, the city may institute and maintain a civil action:

(1) For injunctive relief;

(2) To set aside and invalidate any conveyance made pursuant to such a contract or sale if a certificate of compliance has not been issued in accordance with Section 44 of the Municipal Land Use Law (N.J.S.A. 40:55D-56) but only if the municipality has a Planning Board.

C. In any such action, the transferee, purchaser or grantee shall be entitled to a lien upon the portion of land from which the subdivision was made that remains in the possession of the subdivider or his assigns or successors, to secure the return of any deposit made or purchase price paid, and also a reasonable search fee, survey expense and title-closing expense, if any. Any such action must be brought within two (2) years after the date of the recording of the instrument of transfer, sale or conveyance of such land, or within six (6) years, if unrecorded (N.J.S.A. 40:55D-55).

§ 299-7. Vacancies.

These rules, regulations and standards shall be considered the minimum requirements for the protection of the public health, safety and welfare of the citizens of Jersey City. Any action taken by the Planning Board under the terms of this chapter shall give primary consideration to the above-mentioned matters and to the welfare of the entire community. However, if the subdivider or his agent can clearly demonstrate that, because of peculiar conditions pertaining to his land, a literal enforcement of one (1) or more of these regulations is impracticable or will exact undue hardship, the Planning Board may permit such variance or variances as may be reasonable and within the general purpose and intent of the rules, regulations and standards established by this chapter (N.J.S.A. 40:55D-51).

§ 304-56. Use of revenues.

ARTICLE I

Parking Tax

[Adopted 2-25-1982 by Ord. No. MC-114; amended in its entirety 6-14-2000 by Ord. No. 00-065]

§ 304-1. Title. [Amended 2-26-2020 by Ord. No. 20-020]

This article shall be known and may be cited as the "Jersey City Parking Tax."

§ 304-2. Tax imposed. [Amended 9-22-2004 by Ord. No. 04-100; 11-10-2004 by Ord. No. 04-137; 2-26-2020 by Ord. No. 20-020]

A. There is hereby imposed a 15 percent tax on any fees whether paid directly, or paid as part of the rent charged in a lease for parking, garaging or storing of motor vehicles, in any commercial, industrial or

residential property other than parking in a garage which is part of premises occupied solely as a private one- or two-family dwelling. The tax is imposed on all fees, including but not limited to, valet parking fees and any fees charged by any hospital, whether such hospital is organized as a for-profit or nonprofit organization, and fees charged by any body corporate and politic or instrumentality of the State of New Jersey, including, but not limited to, New Jersey Transit Corporation, which is a body corporate and politic of the State of New Jersey pursuant to N.J.S.A. 27:25-4.

There is also hereby imposed an additional Mass Transit Access Parking Tax of three and one-half percent on fees for the parking, garaging, or storing of motor vehicles, other than parking in a garage which is part of premises occupied solely as a private one- or two-family dwelling. The Mass Transit Access Parking Tax is imposed on all fees, including but not limited to, valet parking fees and any fees charged by any hospital, whether such hospital is organized as a for-profit or nonprofit organization, and fees charged by any body corporate and politic or instrumentality of the State of New Jersey, including, but not limited to, New Jersey Transit Corporation, which is a body corporate and politic of the State of New Jersey pursuant to N.J.S.A. 27:25-4.

Jersey City residents are exempt from the full amount of the Mass Transit Access Parking Tax and the exemption shall be implemented as follows:

(1) For short term parking, a resident may apply to the City for a rebate of the Mass Transit Parking Tax; and

(2) For long term parking, a parking facility operator shall not charge a resident the Mass Transit Parking Tax upon a display of proof of residence.

In accordance with N.J.S.A. 40:48C(6), the revenues collected from the Mass Transit Access Parking Tax shall be dedicated for the exclusive purpose of funding or financing capital improvements for pedestrian access to mass transit stations, including, but not limited to, the construction of bridges, tunnels, platforms, walkways, elevators, escalators, and stairways directly related to mass transit pedestrian accessibility, provided, however, that any revenues remaining after all budgeted mass transit pedestrian access capital improvement expenditures have been used in a fiscal year may be used to fund quality of life projects.

B. All taxes imposed by this section shall be collected on behalf of the City of Jersey City by the person providing parking services to the customer.

C. The Division of Licenses and Fees is hereby designated as collector of parking taxes. The methods for reporting taxes due shall be on forms and in accordance with procedures prescribed by the Business Administrator from time to time.

D. Every person required to collect any taxes imposed by this article shall be personally liable for the tax imposed, collected or required to be collected. Any such person shall have the same right in respect to collecting the tax from his or her customer or in respect to nonpayment of the tax by the customer as if the tax were a part of the parking or storage fee and payable at the same time; provided, however, that the Business Administrator of the City of Jersey City shall be joined as a party in any action brought to collect the tax.

E. No person required to collect any tax hereunder shall advertise or hold out to any person or to the public in general in any manner, directly or indirectly, that the tax is not considered as an element in the fee payable by the customer, that he will pay the tax, that the tax will not be separately charged and stated to the customer or that the tax will be refunded to the customer, except for those residents seeking a rebate of the Mass Transit Access Parking Tax as provided for in § 304-2.A(1).

F. If for any reason the tax is not paid when due, interest at a rate of 12 percent per annum, on the amount of the tax due and an additional penalty of one-half of one percent of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid shall be added and collected. Where action is brought for the recovery of any tax hereunder, the person liable shall, in addition, be liable for the cost of collection and the interest and penalties imposed.

G. No tax shall be imposed with respect to any parking, garaging or motor vehicle storage fees charged by: **[Amended 11-12-2014 by Ord. No. 14-017]**

(1) Any religious, charitable, educational institution.

(2) Any nonprofit organization except a hospital.

(3) Garages or parking areas which are part of premises (a) occupied solely as a private one- or two-family dwelling or (b) leased to residential tenants of multiple dwellings.

(4) The Division of Parking Enforcement; provided, however, that this exemption shall not apply to fees for the parking, garaging or storing of motor vehicles on property owned by an exempt organization and leased to any nonexempt organization.

(5) Under the express language of N.J.S.A. 40:48C-42, bodies corporate and politic or instrumentalities of the State of New Jersey, including, but not limited to New Jersey Transit Corporation, which is a body corporate and politic of the State of New Jersey pursuant to N.J.S.A. 27:25-4, are not exempt from this tax.

§ 304-3. Payment of tax; records to be kept. [Amended 2-26-2020 by Ord. No. 20-020]

A. Taxes due under this article shall be paid quarterly. Returns for each quarter are due on or before the fifteenth of the month following the end of the quarter, that is, April 15, July 15, October 15 and January 15.

B. A quarterly parking tax return is required to be filed by every person responsible for the collection of parking taxes whether or not any tax is due for that quarter. Payment of the tax due shall be made with the filed return.

C. Every person responsible for the collection of parking taxes shall maintain books and/or records to substantiate the quarterly tax returns, even if no tax is due.

D. Pursuant to state law, any person who fails or refuses to file any return required under this article, any person who refuses to permit an officer or agent designated by the City of Jersey City to examine his

or her books, records and papers and any person who knowingly files an incomplete, false or fraudulent return or attempts to do anything whatsoever to avoid the full disclosure of the tax due under this article to avoid the payment of the whole or any part thereof is a disorderly person.

E. The failure of any person to receive or procure the forms required for filing returns required under this article shall not excuse him from filing a return.

§ 304-4. Use of revenues. [Amended 2-26-2020 by Ord. No. 20-020]

A maximum of 12 percent of the revenues collected from the tax imposed under this this article in any prior calendar year shall be used for administrative costs.

ARTICLE II

Delinquent Taxes

[Adopted 5-28-1987 by Ord. No. C-478; amended in its entirety 4-28-1993 by Ord. No. 93-040]

§ 304-5. Installment payments; applications.

A. The City Council may from time to time enter into agreements for the redemption of tax sale liens and water and sewerage liens held by the city with financially qualified owners of the real property listed in Subsection I.

B. Such agreements shall provide for a reasonable down payment in an amount to be recommended by the Tax Collector based upon the financial condition of the taxpayer and to be approved by Council and for the redemption of the balance of the lien in substantially equal monthly installments over a period of not to exceed three years.

C. Owners of buildings subject to tax-sale liens and water and sewerage liens may apply to the Tax Collector for redemption of the lien by installment payments. All applications for redemption by installment payments shall include such information as the Tax Collector considers relevant, including evidence that the applicant has been unable to secure a bank loan, and such financial information as will enable the Tax Collector to determine the ability of the applicant to discharge his or her obligation by installment payments. In appropriate cases, the Tax Collector may waive the requirement that an applicant has unsuccessfully applied for a bank loan if the director determines that the applicant is otherwise qualified for an installment agreement. The Tax Collector shall then forward the application to an ad hoc committee of the Council with a recommendation to either approve or reject the application, or to modify the terms of the installment payment agreement. The committee shall review all applications and provide its recommendation to the Council as a whole. The recommendation of the committee may include the amount of downpayment to be required by the owner as a condition to approving the installment payment agreement.

D. The Tax Collector shall review each application and shall forward approved applications to the City Council, together with a proposed resolution and redemption agreement which shall specify:

(1) The total taxes owed.

(2) The down payment to be made by the applicant.

(3) The balance due on the tax sale certificate.

(4) The amount of each monthly payment.

(5) The term of redemption.

F. If for any reason the tax is not paid when due, interest at a rate of twelve percent (12%) per annum, on the amount of the tax due and an additional penalty of % of 1% of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid shall be added and collected. Where action is brought for the recovery of any tax hereunder, the person liable shall, in addition, be liable for the cost of collection and the interest and penalties imposed.

G. No tax shall be imposed with respect to any parking, garaging or motor vehicle storage fees charged by: **[Amended 11-12-2014 by Ord. No. 14-017]**

(1) Any religious, charitable, educational institution.

(2) Any nonprofit organization except a hospital.

(3) Garages or parking areas which are part of premises (a) occupied solely as a private one or two family dwelling or (b) leased to residential tenants of multiple dwellings.

(4) The Division of Parking Enforcement; provided, however, that this exemption shall not apply to fees for the parking, garaging or storing of motor vehicles on property owned by an exempt organization and leased to any nonexempt organization.

(5) Under the express language of N.J.S.A. 40:48C-42, bodies corporate and politic or instrumentalities of the State of New Jersey, including, but not limited to New Jersey Transit Corporation, which is a body corporate and politic of the State of New Jersey pursuant to N.J.S.A. 27:25-4, are not exempt from this tax.

§ 304-3. Payment of tax; records to be kept.

A. Taxes due under this article shall be paid quarterly. Returns for each quarter are due on or before the 15th of the month following the end of the quarter, that is, April 15, July 15, October 15 and January 15.

B. A quarterly parking tax return is required to be filed by every person responsible for the collection of parking taxes whether or not any tax is due for that quarter. Payment of the tax due shall be made with the filed return.

C. Every person responsible for the collection of parking taxes shall maintain books and/or records to substantiate the quarterly tax returns, even if no tax is due.

D. Pursuant to state law, any person who fails or refuses to file any return required under this article, any person who refuses to permit an officer or agent designated by the City of Jersey City to examine his or her books, records and papers and any person who knowingly files an incomplete, false or fraudulent return or attempts to do anything whatsoever to avoid the full disclosure of the tax due under this article to avoid the payment of the whole or any part thereof is a disorderly person.

E. The failure of any person to receive or procure the forms required for filing returns required under this article shall not excuse him from filing a return.

§ 304-4. Use of revenues.

A maximum of twelve percent (12%) of the revenues collected from the tax imposed under this article in any prior calendar year shall be used for administrative costs.

ARTICLE II

Delinquent Taxes

[Adopted 5-28-1987 by Ord. No. C-478; amended in its entirety 4-28-1993 by Ord. No. 93-040]

§ 304-5. Installment payments; applications.

A. The City Council may from time to time enter into agreements for the redemption of tax sale liens and water and sewerage liens held by the city with financially qualified owners of the real property listed in Subsection I.

B. Such agreements shall provide for a reasonable down payment in an amount to be recommended by the Tax Collector based upon the financial condition of the taxpayer and to be approved by Council and for the redemption of the balance of the lien in substantially equal monthly installments over a period of not to exceed three years.

C. Owners of buildings subject to tax-sale liens and water and sewerage liens may apply to the Tax Collector for redemption of the lien by installment payments. All applications for redemption by installment payments shall include such information as the Tax Collector considers relevant, including evidence that the applicant has been unable to secure a bank loan, and such financial information as will enable the Tax Collector to determine the ability of the applicant to discharge his or her obligation by installment payments. In appropriate cases, the Tax Collector may waive the requirement that an applicant has unsuccessfully applied for a bank loan if the director determines that the applicant is otherwise qualified for an installment agreement. The Tax Collector shall then forward the application to an ad hoc committee of the Council with a recommendation to either approve or reject the application, or to modify the terms of the installment payment agreement. The committee shall review all applications and provide its recommendation to the Council as a whole. The recommendation of the committee may include the amount of downpayment to be required by the owner as a condition to approving the installment payment agreement.

D. The Tax Collector shall review each application and shall forward approved applications to the City Council, together with a proposed resolution and redemption agreement which shall specify:

(1) The total taxes owed.

(2) The down payment to be made by the applicant.

(3) The balance due on the tax sale certificate.

(4) The amount of each monthly payment.

(5) The term of redemption.

E. The resolution shall provide for the suspension pending redemption of any action by the municipality to foreclose the right of the redemption if the installment payments are regularly and properly made in accordance with the schedule of payments provided in the resolution.

F. If an installment is not paid when due or redemption is not completed in the time fixed in the resolution, the Tax Collector may, in his or her discretion, cancel the agreement and begin an action in the Superior Court to foreclose the right of redemption of the tax sale lien.

G. The Tax Collector shall establish such records and procedures as are necessary to administer and enforce agreements approved by the Municipal Council under this article. The Tax Collector shall furnish quarterly reports to the Municipal Council as to the number of installment agreements in effect, the payments made under each agreement and number and amount of delinquent payments, if any.

H. When the city agrees to grant a delinquent taxpayer the opportunity to pay delinquent taxes on an installment basis where there is a tax sale lien held by the city, pursuant to N.S.J.A. 54:5-65, and said taxpayer fails to comply with said agreement, no further agreement on any and all property of said taxpayer, whether said taxpayer held such property prior to or acquired after said taxpayer's reneging, shall be entered into by the city with said taxpayer, unless the taxpayer shall make application to the Municipal Council and obtain its approval for any such further agreement.

I. Tax-sale liens against the following real property shall be eligible for redemption pursuant to this section:

(1) Real property residential or commercial units or a combination of each.

(2) Real property owned by a nonprofit organization which is not otherwise exempt from taxation.

(3) Real property without any capital improvements thereon.

(4) Real property which qualifies as an industrial use under Chapter 345, Zoning, of the Code of the City of Jersey City.

ARTICLE III

Five-Year Tax Exemption*

[Adopted 9-8-1999 by Ord. No. 99-138; 6-8-2005 by Ord. 05-060]t

§ 304-6. Exemptions authorized. [Amended 4-24-02 by Ord. No. 02-048; 6-8-2005 by Ord. 05-060]

The city hereby authorizes the utilization of tax exemption in accordance with Article VIII, Section 1, paragraph 6, of the New Jersey Constitution and establishes the eligibility of residential and multiple dwellings, commercial and industrial structures for five-year tax exemptions to the maximum degree permitted by N.J.S.A. 40A:21-l et seq. throughout the city.

'Editor's note—For statutory provisions relating to this topic, see N.J.SA. 40A:21-l et seq.

tEditor's **note—**This ordinance also repealed former Art. III, Five-Year Tax Exemption, adopted 3-9-1994 by Ord. No. 94-011, as amended 6-14-1995 by Ord. No. 95-050.

COST — When used with respect to exemptions for dwellings or multiple dwellings, only the cost or fair market value of direct labor and materials used in improving a multiple dwelling, or of converting another building or structure to a multiple dwelling or of constructing a dwelling, or of converting another building or structure to a dwelling, including any architectural, engineering and contractor's fees associated therewith, as the owner of the property, following completion of the project, shall cause to be certified to the Municipal Council by an independent and qualified architect, licensed in the State of New Jersey or a certified construction cost audit by an independent certified accountant licensed in the State of New Jersey.

DWELLING or DWELLING USE — A building or part of a building used, to be used or held for use as a home or residence, including accessory buildings located on the same premises, together with the land upon which such building or buildings are erected and which may be necessary for the fair enjoyment thereof, but shall not mean any building or part of a building defined as a multiple dwelling pursuant to the Hotel and Multiple Dwelling Law, N.J.S.A. 55:13A-1 et seq. A dwelling shall include, as they are separately conveyed to individual owners, individual residences within a cooperative, if purchased separately by the occupants thereof, and individual residences within a horizontal property regime or a condominium, but shall not include general common elements or common elements of such horizontal property regime or condominium as defined pursuant to the Horizontal Property Act, N.J.S.A. 46:8A-1 et seq., or the Condominium Act, N.J.S.A. 46:8B-1 et seq., or of a cooperative, if the residential units are owned separately.

EXEMPTION — That portion of the Assessor's full and true value of any improvement, conversion alteration or construction not regarded as increasing the taxable value of a property pursuant to the law.

HORIZONTAL PROPERTY REGIME — A property submitted to a horizontal property regime pursuant to the Horizontal Property Act, N.J.S.A. 46:8A-1 et seq.

IMPROVEMENT — A modernization, rehabilitation, renovation, alteration or repair which produces a physical change in an existing building or structure that improves the safety, sanitation, decency or attractiveness of the building or structure as a place for human habitation or work, and which does not change its permitted use. In the case of a multiple dwelling, it includes only improvements which affect common areas or elements, or three or more dwelling units within the multiple dwelling. In the case of a multiple dwelling or commercial or industrial structure, it shall not include ordinary painting, repairs and replacements of maintenance items or an enlargement of the volume of an existing structure by more than thirty percent (30%). In no case shall it include the repair of fire or other damage to a property for which payment of a claim was received by any person from an insurance company at any time during the three-year period immediately preceding the filing of an application pursuant to this Act.

MULTIPLE DWELLING or MULTIPLE DWELLING USE — A building or structure meeting the definition of "multiple dwelling" set forth in the Hotel and Multiple Dwelling Law, N.J.S.A. 55:13A-1 et seq., and means for the purpose of improvement or construction the general common elements and common elements of a condominium, a cooperative or a horizontal property regime.

MUNICIPAL CHARGES — Property taxes, assessments, water or sewer charges and any other charge for which a lien may be created, together with interest and penalties thereon, including all advertising fees and costs of sale.

C. Tax exemptions for projects whose estimated conventional taxes on the improvement would be more than two hundred thousand dollars ($200,000.00) per annum, may only be approved by resolution of the Municipal. Upon approval, the city in determining value, shall regard up to the Assessor's full and true value of the improvements or conversion alterations as not increasing the value of the property for a period of five years.

D. This exemption is to be granted notwithstanding that the value of the property to which the improvements or conversion alterations are made is increased thereby. During the exemption period, the assessment on the property shall not be less than the assessment existing thereon immediately prior to the improvement or conversion alteration, unless there is damage to the multiple dwelling through action of the elements sufficient to warrant a reduction.

§ 304-11. improvements to commercial and industrial structures.

A. Improvements to commercial and industrial structures are eligible for tax exemption for a period of five years. This exemption is subject to the approval of the assessor or by resolution of the Municipal Council.

B. Tax exemptions for projects whose estimated conventional taxes on the improvement would be less than two hundred thousand dollars ($200,000.00) per annum, are subject to the approval of the assessor. Upon approval, the city, in determining value, shall regard thirty percent (30%) of the assessor's full and true value of the improvements as not increasing the value of the property for a period of five years.

C. Tax exemptions for projects whose estimated conventional taxes on the improvement would be more than two hundred thousand dollars ($200,000.00) per annum, may only be approved by resolution of the Municipal. Upon approval, the city in determining value, shall regard up to the assessor's full and true value of the improvements as not increasing the value of the property for a period of five years.

D. This exemption is to be granted notwithstanding that the value of the property to which the improvement is made is increased thereby. During the exemption period, the assessment on the property shall not be less than the assessment thereon existing immediately prior to the improvements, unless there is damage to the structure through action of the elements sufficient to warrant a reduction.

§ 304-12. New construction of commercial or industrial structures or multiple dwellings by tax agreement. [Amended 4-24-02 by Ord. No. 02-048; 8-22-2007 by Ord. No. 07-148]

A. New construction of commercial and industrial structures and multiple dwellings are eligible for tax exemption for a period of five years. This exemption may only be approved by Ordinance of the Municipal Council.

B. Applicants for tax exemption shall provide the Director of the Department of Housing, Economic Development and Commerce and the Municipal Council with an application setting forth the following information:

(1) A general description of a project for which exemption is sought.

(2) A legal description of all real estate necessary for the project.

(3) Plans, drawings and other documents as may be required by the Municipal Council to demonstrate the structure and design of the project.

(4) A description of the number, classes and type of employees to be employed at the project site within two years of completion of the project.

(5) A statement of the reasons for seeking tax exemption on the project and a description of the benefits to be realized by the applicant if a tax agreement is granted.

(6) A Good Faith estimate of the cost of completing such project, together with the expected method or plan of financing the Improvements.

(7) A construction time schedule and projected time schedule.

(8) A statement showing the real property taxes currently being assessed at the project site; estimated tax payments that would be made annually by the applicant on the project during the period of the agreement; and estimated tax payments that would be made by the applicant on the project during the first full year following the termination or expiration of the tax agreement.

(9) If the project is a Commercial or Industrial Structure, a description of any lease agreement between the applicant and proposed users of the project and a history and description of the users' businesses.

(10) If the project is a Multiple Dwelling, a description of the number and type of Dwellings units to be provided, a description of the common elements or general common elements and a statement of the proposed initial rentals or sales prices of the Dwellings units according to type and of any rental lease or resale restrictions to apply to the Dwellings units respecting low or moderate income housing.

(11) A disclosure statement of the interests of all parties, including subsidiary companies, in the property project.

(12) The owners certification that the improvement as proposed meets the requirements of the redevelopment plan or Chapter 345, Zoning.

(13) The owner shall sign the application and certify as to the truth and accuracy of the contents thereof

(14) Such other pertinent information as the Director of the Department of Housing, Economic Development and Commerce and Municipal Council may require on a case-by-case basis.

C. The owner of a project shall enter into a written agreement with the City to pay a tax on the improvements in an amount equal to a percentage of taxes otherwise due according to the following schedule: **[Amended 11-26-2013 by Ord. No. 13-129]**

(1) In the first full tax year after completion, no payment in lieu of taxes otherwise due.

(2) In the second tax year, an amount not less than twenty percent (20%) of taxes otherwise due.

(3) In the third tax year, an amount not less than forty percent (40%) of taxes otherwise due.

(4) In the fourth tax year, an amount not less than sixty percent (60%) of taxes otherwise due.

(5) In the fifth tax year, an amount not less than eighty percent (80%) of taxes otherwise due.

The agreement shall provide that the tax shall be billed and collected in the same manner as any conventional taxes, and any arrearages shall accrue that rate of interest charged for delinquent real estate taxes.

D. The Tax Collector shall be responsible for the administration and enforcement of the tax agreement. In the event that a property owner subject to a tax agreement ceases to operate or disposes of the property or fails to meet the conditions for qualifying for the exemption, the local property taxes due for all the prior years subject to exemption and for the current year shall be payable as if no exemption had been granted. The Tax Collector shall notify the property owner and the Municipal Council within fifteen (15) days of the date of disqualification of the amount of taxes due. In the event that the subject property has been transferred to a new owner and it is determined that the new owner will continue to use the property pursuant to the qualifying conditions, no additional tax shall be due, the exemption shall continue and the agreement shall remain in effect.

E. The City Clerk shall forward a copy of all tax exemption agreements to the Director of the Division of Local Government Services in the Department of Community Affairs within thirty (30) days of the date of execution.

§ 304-13. General requirements. [Amended 4-24-02 by Ord. No. 02-048; 8-22-2007 by Ord. No. 07-148; 3-12-2014 by Ord. No. 14-027]

A. Every applicant for tax exemption shall file that form of application prescribed by the Director of the New Jersey Division of Taxation in the Department of Treasury with the Assessor. In addition, a tax exemption subject to a tax agreement requiring approval of the Municipal Council shall also file the application described in Section 304-12B.

(1) every application for a tax exemption subject to a tax agreement under Section 304-12B, must be filed and approved before proceeding with the project, that is, prior to construction commencing;

(2) all other applications for tax exemption must be filed up to thirty (30) days, including Saturdays and Sundays, following the Completion of the Improvement, Conversion or Construction.

B. Every application for tax exemption, including projects which must also be approved by the Municipal Council, shall be approved and allowed by the Assessor to the degree that the application is consistent with the provisions of this article; that is, the Improvement, Conversion Alteration or Construction for which the application is made must qualify pursuant to the provisions of the law and this article. The applicant shall submit data in support of the application as the Assessor or City shall require.

C. The granting of an exemption and, if appropriate, tax agreement, shall be recorded and made a permanent part of the official tax records of the taxing district, which record shall contain a notice of the termination date thereof.

D. As to applications which require approval by the Municipal Council, the Assessor shall forward the application to the Director of Housing, Economic Development and Commerce and the Municipal Council for action.

E. No application shall be filed unless it is accompanied by the fees as provided in Chapter 160, Fees and Charges, to be paid as compensation for legal and related administrative review by the City.

F. No exemptions shall be granted for any property for which property taxes or any other Municipal Charges, including interest, are delinquent or remain unpaid or for which penalties for nonpayment are due.

G. All taxes and other Municipal Charges must be paid timely and in full during the term of the exemption. The failure to timely pay any tax or other Municipal Charge, including land tax, shall permit the Tax Collector to terminate the tax exemption and subject the property to fall taxation.

H. Any tax appeal filed for the exempt property during the term of the exemption shall immediately void the tax exemption.

§ 304-14. Additional improvements eligible for tax exemptions. [Amended 8-22-2007 by Ord. No. 07-148]

An additional Improvement, Conversion or Construction completed to a property already granted an exemption during the period in which the exemption is in effect shall be eligible for an additional exemption, just as if such property had not received a previous exemption. The additional Improvement, Conversion or Construction shall be considered as separate for purposes of calculating the exemption, except that the assessed value of any previous Improvement, Conversion or Construction shall be added to the assessed valuation as it was prior to that Improvement, Conversion or Construction for the purpose of determining the assessed value of the property from which any additional exemption is to be subtracted.

§ 304-15. Notice to be mailed. [Amended 8-22-2007 by Ord. No. 07-148]

The Tax Collector shall include an appropriate notice in the mailing of the annual property tax bills to property owners advising them of the availability of tax exemptions under this ordinance.

§ 304-16. Report of real property taxes. [Amended 8-22-2007 by Ord. No. 07-148]

A. The Assessor, on behalf of the Municipal Council, shall report, on or before October 1 of each year, to the Director of the Division of Local Government Services in the Department of Community Affairs and to the Director of the Division of Taxation in the Department of the Treasury the total amount of real property taxes exempted within the city in the current tax year for each of the following:

(1) Improvements of Dwellings.

(2) Construction of Dwellings.

(3) Improvements and Conversions of Multiple Dwellings.

(4) Improvements of Commercial or Industrial Structures.

(5) Construction of Multiple Dwellings under tax agreements.

(6) Construction of Commercial or Industrial Structures under tax agreements.

B. In the case of Subsections A(5) and A(6) above, the report shall state instead the total amount of payments made in lieu of taxes according to each formula utilized by the municipality, and the difference between that total amount and the total amount of real property taxes which would have been paid on the project had the tax agreement not been in effect, for the current tax year.

§ 304-17. Expiration (Sunset Provision). [Amended 8-22-2007 by Ord. No. 07-146; 11-10-2015 by Ord. No. 15-146]

No application for tax exemption shall be filed for an exemption to take initial effect for tax year 2026 or any tax year thereafter, unless this ordinance is readopted by the Municipal Council in accordance with N.J.S.A. 40A:21-4.

ARTICLE IV
2018 Payroll Tax*

§ 304-18. Definitions. [Added 11-20-2018 by Ord. No. 18-133]

As used in this Article, the following terms shall have the meanings indicated:

AUDIT NOTICE — A letter issued by the Director to an employer or supposed employer requesting information regarding its potential payroll tax liability.

CERTIFICATE OF INDEBTEDNESS — A certificate issued by the Director reflecting an unpaid assessment of payroll taxes by an employer. A certificate of indebtedness shall reflect the name and address of the taxpayer, the amount of the debt so certified as being owed and the periods for which such amounts are owed.

CHARITABLE ORGANIZATION — A corporation or association organized not for profit and operated exclusively for religious, educational, charitable or hospital purposes, subject to section 304-19.B of this Chapter.

CITY — The City of Jersey City, in the County of Hudson, State of New Jersey.

DIRECTOR — The Chief Financial Officer of the City, including his or her designee and/or agent.

***Editor's note—**Ord. No. 18-133, adopted November 20, 2018, amended the Code by repealing former Art. IV, §§ 304-18—304-24, and adding a new Art. IV. Former Art. IV pertained to the 1995 payroll tax, and derived from Ord. No. 95-117, adopted December 6, 1995; and Ord. No. 97-052, adopted August 13, 1997.

EMPLOYEE — Any individual in the service of an employer, under an appointment or contract of hire or apprenticeship, express or implied, oral or written, pursuant to which such employer controls or has the right to control the manner and performance of the employee's work. In addition, for purposes of this tax, and irrespective of the common law tests for determining the existence of an independent contractor relationship, an individual performing work or service for compensation shall be deemed to be an employee of the person for whom the work or service is performed unless:

(1) Such individual has been and will continue to be free from control or direction over the performance of such work or service under his/her appointment of contract of hire or apprenticeship;

(2) Such work or service is outside the usual course of the business of the person for which such service is performed; or,

(3) Such individual is customarily engaged in an independently established trade, occupation, business or profession.

A licensed real estate salesperson is deemed an employee of the broker under whom he or she is licensed.

EMPLOYER — Any individual, entity, corporation, company, association, society, firm, partnership, limited liability company or partnership, joint stock company, trust, estate, or foundation, whether or not such entity is for profit or nonprofit entity, and regardless of where such entity is formed or operated, standing in the position of employer in an employer-employee relationship, having one or more employees, and having a payroll in excess of $2,500.00 in any calendar quarter; other than:

(1) The government of the United States;

(2) The State of New Jersey, or a County, municipality, school district or special district of the State;

(3) An interstate agency;

(4) An agency or instrumentality of any entity enumerated in subsection (1), (2), or (3) above;

(5) Any insurance company formed by authority of another state or foreign country, subject to the provisions of N.J.S.A. 17:32-15;

(6) Charitable organization, as defined above.

An entity which contracts with any of the entities identified in subsections (1)—(6) shall not be exempt from the definition of "employer."

FINAL NOTICE — A notice of deficiency, which shall be issued by the Director prior to the commencement of legal proceedings to seek collection.

INTERIM NOTICE — A notice of proposed assessment, which offers the taxpayer a hearing with the Director. The Director may combine an audit notice with an interim notice.

INTERNAL REVENUE CODE — The Internal Revenue Code of 1986, as amended.

LEASED EMPLOYEE — Any person who is not an employee of the recipient employer and who provides services to the recipient employer in the City if (1) such services are provided pursuant to an agreement between the recipient employer and any other person, and (2) services are performed under primary direction or control of the recipient.

A leased employee shall be considered an employee of the recipient employer for purposes of this chapter unless the recipient employer demonstrates to the Director that the leasing organization is including the payroll relating to such leased employee within its payroll tax return. The entire amount paid to the leasing company shall be treated as part of such employer's payroll, unless the recipient employer demonstrates to the Director that a lesser amount should be used.

PAYROLL — An amount equal to the total renumeration paid by an employer to employers which is subject to federal income tax withholding by the employer for federal income tax purposes for services rendered, other than domestic services in a private residence, if:

(1) The services are performed within the City of Jersey City; or

(2) The services are performed outside of the City of Jersey City, but the place from which the services are supervised is in the City of Jersey City.

Such amount shall generally be based on the amount reportable by the employer on its Federal Form 941 and shall include, but not be limited to, all wages, bonuses, commissions, tips, property, the right to receive property, taxable benefits and all other forms of compensation.

SCHOOLS — All Jersey City public schools.

SERVICES — For the purposes of this chapter, an individual shall be considered in the service of an employer if (1) he is subject to the authority of the employer to supervise and direct the manner of rendition of his service, or he is rendering professional or technical services and is integrated into the staff of the employer, or he is rendering, on the property used in the employer's operations, other personal services the rendition of which is integrated into the employer's operations, and (2) he renders such services for compensation.

SUPERVISION — Services shall be considered to be supervised from the City if an individual who either works in or is based in the City has the right to control and direct the manner of rendition of the employee's service, has hiring and firing responsibility, and oversees the work of such employee.

TAXPAYER — A person, partnership, association, corporation, or other entity required hereunder to file a payroll tax return, and to pay the payroll tax imposed by this Article.

TRUST FUND — The trust fund established pursuant to paragraph A of Section 304-19.1 of this Article.

§ 304-19. Tax imposed. [Added 11-20-2018 by Ord. No. 18-133]

Except as provided in subsection a below, there is hereby imposed on every employer a tax equal to one percent of the employers' payroll, on all payrolls related to services performed on or after the first day of the first month of the calendar quarter in which this article takes effect; provided, however, that no tax shall be imposed with respect to services performed in any calendar quarter prior to that in which this article was adopted.

A. An employer shall incur no payroll tax relative to its Jersey City-resident employees. In order for an employer to claim and pay a reduced payroll tax obligation, the employer must provide the Director, with written evidence and documentation, to the Director's satisfaction, of the relevant employees' Jersey City residency statuses.

B. A charitable organization, as defined above, shall calculate the tax that would otherwise be attributable to the City and file a return, but shall only pay the tax on that portion of its payroll expense attributable to business activity for which a tax may be imposed pursuant to Section 511 of the Internal Revenue Code. If the charitable organization has purchased or is operating branches, affiliates, subsidiaries or other business entities that do not independently meet the standards of a charity, the tax shall be paid on the payroll attributable to such for profit branches, affiliates or subsidiaries, whether or not the employees are leased or placed under the auspices of the charity's umbrella or parent organization.

C. If an out-of-State municipality or other out-of-State state or out-of-State local entity imposes an employer payroll tax on any employee with respect to remuneration paid to an employee for service performed out-of-State, an employer payroll tax imposed pursuant to section 15 of P.L. 1970, c.326 (C.40:48C-15) and Chapter 304, Article IV of the Municipal Code shall not apply to that employee. In such case, the employer shall submit documentation in a manner prescribed by the City regarding the employee's residency status, the location and description of services performed out-of-State, and the applicable out-of-State employer payroll tax, to the City before any employer payroll tax obligation, imposed pursuant to section 15 of P.L.1970, c.326 (C.40:48C-15) and Chapter 304, Article IV of the Municipal Code, shall be waived. **[Added 2-25-2026 by Ord. No. 26-006]**

§ 304-19.1. Trust fund and distribution of payroll tax proceeds. [Added 11-20-2018 by Ord. No. 18-133]

A. The Director shall create a trust fund to be used exclusively for school purposes.

B. All revenue collected by the City pursuant to Section 304-19 of this Article shall be deposited into the Trust Fund.

C. The City Business Administrator, including his or her designee and/or agent, shall monthly pay employer payroll tax revenues deposited in the trust fund over to the treasurer of school moneys of the school district coextensive with the municipality or of which the municipality comprises a part in an

amount equal to 1/12 of the difference in State school aid provided to that school district, pursuant to N.J.S.A. 18A:7F-43 et al, and N.J.S.A. 18A:7F-67 et al, between the current State fiscal year and State fiscal year 2018.

D. All tax revenue distributed under this section shall be used in lieu of State adjustment aid and all other categories of State school aid.

E. Any monthly balance remaining in the trust fund shall be reserved for use toward making future payments pursuant to paragraph C of this section.

F. In the event that, when a monthly trust fund payment becomes due, the balance of the trust fund is insufficient to make a payment pursuant to paragraph (c) of this section, the City Business Administrator shall pay the remaining balance of the trust fund over to the treasurer of school moneys of the school district coextensive with the municipality, or of which the municipality comprises a part for that month only.

G. Pursuant to N.J.S.A. 40:48C-15, the City may retain up to three percent of employer payroll tax collected annually to pay for costs related to the administration of Chapter 304, Article IV of the Municipal Code. **[Added 2-25-2026 by Ord. No. 26-006]**

§ 304-19.2. Administration and enforcement. [Added 11-20-2018 by Ord. No. 18-133]

A. *Powers and duties of Director.*

1. The Director is charged with the administration and enforcement of the provisions of this chapter, and is empowered to prescribe, adopt, promulgate and enforce rules and regulations relating to any matter pertaining to the administration and enforcement of this chapter, including provisions for the reexamination and corrections of declarations and returns, and of payment alleged or found to be incorrect, or as to which an overpayment is claimed or found to have occurred, and to prescribe forms necessary for the administration of this chapter. Should an employer fail or refuse to provide adequate information to the Director to determine the amount of payroll tax due, the Director may use prior year information of the employer and/or information provided to the Director from other sources (i.e., the New Jersey Departments of Labor and/or Revenue) to determine the amount of payroll tax liability.

2. It shall be the duty of the Director to collect and receive the taxes, fines, and penalties imposed by this chapter. It shall also be the duly of the Director to keep a record showing the date of such receipt.

3. The Director is authorized to enter into agreements with the State of New Jersey Department of Labor and/or Department of Revenue to obtain information regarding employers, their employees and their payroll to facilitate administration of the payroll tax.

4. The director is authorized to issue a ruling upon written request of a taxpayer or upon its own volition.

B. *Examination of books and records of taxpayers and employers.*

1. The Director is hereby authorized to examine the books, papers and records of any employer or supposed employer, or of any taxpayer or supposed taxpayer, in order to verify the accuracy of any declaration or return, or if no declaration or return was filed, to ascertain the tax due. Every employer or supposed employer, and every taxpayer or supposed taxpayer, is hereby directed and required to give to the Director, or to any agent designated by him/her, the means, facilities and opportunity for such examinations and investigations, as are hereby authorized,

2. If records are not available in the City to support the returns which were filed or which should have been filed, the taxpayer will be required to make them available to the Director either by producing them in a City location or by paying for the expenses incurred by the Director or his agent in traveling to the place where the records are regularly kept.

C. *Records to be kept for the employer.* Taxpayers and employers liable for the payroll tax are required to keep such records as will enable the filing of true and accurate returns or the tax and such records shall be preserved for a period of not less than seven years from the filing date or due date, whichever is later, in order to enable the Director or any agent designated by him to verify the correctness of the declarations or returns filed.

D. *Audits.*

1. The Director shall initiate an audit by means of an audit notice. If, as a result of an examination conducted by the Director, a return has not been filed by an employer or a return is found to be incorrect and payroll taxes are owed, the Director is authorized to assess and collect any payroll tax due. If no return has been filed and tax is found to be due, the tax-actually due may be assessed and collected with or without the formality of obtaining a return from the taxpayer. Deficiency assessments (i.e., where a taxpayer has filed a return but is found to owe additional tax) shall include taxes for up to three years to the date when the deficiency is assessed. Where no return was filed, there shall be no limit to the period of assessment.

2. Upon proposing an assessment,-the Director shall send the Employer an interim notice by certified mail, return receipt requested, which advises the taxpayer of additional payroll taxes that are due, along with penalties and interests. Should the taxpayer wish to dispute the assessment administratively by requesting a hearing with the Director, it must do so within 30 days of the date of such interim notice.

3. If, after the Director sends an interim notice, a taxpayer fails to timely request a hearing with the Director or requests a hearing and after conducting a hearing, the Director determines that payroll taxes are due, the Director shall send the employer by certified mail, return receipt requested, a final notice. Should the Taxpayer wish to dispute the assessment, he or she must do so in the manner described in Section 304-19.5 of this Chapter.

§ 304-19.3. Return requirement; registration. [Added 11-20-2018 by Ord. No. 18-133]

A. Filing a return; payment of tax. All employers are required to file a payroll tax return with the Director to report their payroll during each calendar quarter and the amount of payroll tax in accordance with

the provisions of this chapter. Returns shall be filed and payments of payroll tax imposed for the preceding calendar quarter shall be made on or before the last day of April, July, October, and January, respectively. An employer who conducts business in the City on a temporary, seasonal or itinerant basis shall file a return and pay the tax within ten days of the completion of the temporary, seasonal, or itinerant business, but not less frequently than quarterly. Should the amount reflected on an employer's Federal Form 941 be revised or amended at anytime after the payroll tax return for such period has been filed (by the employer or by the Internal Revenue Service), the employer is required to amend its payroll tax return to be consistent therewith within three months of the date of such revision or amendment.

B. Registration. Every employer must be registered with the City in accordance with any Jersey City Business Registration Ordinance and any existing business registration law. Should an employer cease doing business in the City or having payroll subject to the payroll tax, it shall notify the Director within three months of such date.

§ 304-19.4. Suits for tax collections, violations, fines, interest and penalties. [Added 11-20-2018 by Ord. No. 18-133]

A. Remedies not mutually exclusive. The remedies provided in this section are not mutually exclusive. The utilization by the Director of one remedy does not preclude utilization of the other. Moreover, any use of the remedies provided in these sections does not preclude the use by the City of any other legal or administrative procedure which can bring about compliance by the taxpayer with the provisions of this chapter,

B. Suits for recovery of unpaid taxes. The Director may sue in the name of the City in law or in equity, for the recovery of those payroll taxes due and unpaid under the provisions of the payroll tax, to compel the production of records or to enforce any other provisions of the law.

C. Limitations.

1. The following periods of limitations shall apply to suits for collection of payroll taxes:

i. When a return has been filed but no tax paid, any suit brought to recover the tax due and unpaid shall be filed within three years after the return was due or filed, whichever is later. Where no return was filed or a fraudulent return was filed, there shall be no limits to file suit for the collection of taxes.

ii. A return filed before the due date is deemed to be filed on the due date.

iii. Extension by agreement. Where, before the expiration of the time prescribed in this section for the filing a lawsuit against the taxpayer, both the Director and the taxpayer have consented in writing to its extension after such time, the suit may be filed at any time prior to the expiration of the period agreed upon. The period so agreed upon maybe extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

D. Penalty and interest.

1. If for any reason the payroll tax is not paid when due, interest at the rate of eight percent per annum on the first $1,500.00 of the delinquency and 18 percent per annum on any amount in excess of $1,500.00 shall be added to the tax.

2. On any additional tax determined to be due as a result of a deficiency assessment, penalty and interest will be assessed from the date the tax should have been paid to the date of payment. Penalty and interest is calculated as described above in the applicable portion of subsection 1.

3. Where suit is brought for the recovery of such tax, the person liable therefore shall, in addition, be liable for the costs of collection and the interest and penalties herein imposed. Once due and owing, penalty and interest become part of the tax and shall be collected as such. A person's belief that no tax is due and owing, or the failure of any person to receive or obtain the forms required for making the returns required under this chapter is not a valid defense to the imposition of penalties herein for violation. Good faith shall not be a defense to the imposition of penalty.

E. *Fines and penalties for violations.*

1. Violations. No person shall:

i. Fail, neglect or refuse to make any return or provide any reports required by this chapter.

ii. Refuse to permit an officer or agent designated by the Director to examine the books, records, papers or accounts of any business taxable or otherwise to determine liability.

iii. Knowingly make any incomplete, false or fraudulent report or attempt to do anything whatever to avoid full disclosure of the amount of payroll tax due to avoid the payment in whole or in part of the payroll tax.

2. In addition to any other penalties or enforcement proceedings provided for the collection and enforcement of payroll taxes by applicable law, any person who commits a violation of this chapter shall, upon conviction, be subject to a fine of not less than $100.00 and not exceeding $2,000.00, imprisonment for a term not exceeding 90 days and/or a period of community service not exceeding 90 days. Any person who is convicted of violating this chapter within one year of the date of a previous violation of this chapter and who was fined for such previous violation, shall be sentenced to an additional fine as a repeat offender, which fine shall not be less than the minimum and not more than the maximum fine fixed for a violation of this chapter.

3. The fines and terms of imprisonment imposed under this section shall be in addition to any other relief granted to the City of a monetary nature under the provisions of this chapter.

F. Certificate of indebtedness. Upon making an assessment of payroll tax or additional payroll tax, the Director may issue a certificate of indebtedness, which shall be filed with the Clerk of the Superior Court to record as a judgment against the Employer.

§ 304-19.5. Taxpayer remedies. [Added 11-20-2018 by Ord. No. 18-133]

A. Director hearings.

1. Any person who receives an interim notice from the Director may within 30 days after the date of an interim notice, request a hearing with the Director.

2. Any person who fails to request a Director's hearing within a timely manner waives the right to administratively contest any element of the assessment.

B. Payment Under Protest. The Director will accept payments of disputed tax amounts under protest pending appeals; however, any request for refund of such monies must be filed, in accordance with subsection D of this section,

C. Refunds.

1. A taxpayer who has overpaid the payroll tax, or who believes he is not liable for the payroll tax may file a written request on an amended tax return with the Director for a refund or a credit of the tax, A request for refund or a credit shall be made within three years of the due date for filing the report

or one year after actual, payment of the tax, whichever is later. If no report is required, the request shall be made within three years after due date for payment of the tax or within one year after actual payment of the tax, whichever is later.

2. For amounts paid as a result of a notice asserting or informing a taxpayer of an underpayment, a written request for a refund shall be filed with the Director within one year of the date of the payment.

3. Erroneous refund recovery. The Director may sue for recovery of an erroneous refund provided such suit is begun two years after making such refund, except that the suit may be brought at any time if any part of the refund was induced by fraud or misrepresentation of material fact. Notwithstanding the foregoing, the Director may file a law suit within the limitations period under Section 304-19.4.C of this chapter, if such period ends after the two-year period specified in the preceding sentence.

D. Appeals. Any aggrieved employer may, within 90 days after the mailing of any final notice regarding a decision, order, finding assessment or action of the Director, appeal to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, N.J.S.A. 54:48-1 et seq. by filing a petition of appeal and upon payment of the amount stated by the Director to be due. The appeal provided by this section shall be the exclusive remedy available to any employer for review of a final decision of the Director in respect to a determination of liability for the tax imposed by this chapter. If no such appeal is filed on a timely basis, the aggrieved party waives his right to contest any element of the Director's adjudication, and that party's failure to challenge the same will be construed as an admission by that party as to the propriety of the Director's decision. No hearing or appeal will operate to suspend the accrual of penalty and interest from the date the tax was due to the date it is actually paid.

§ 304-20. Information confidential. [Added 11-20-2018 by Ord. No. 18-133]

Any information contained in an employer's report or received by the City of Jersey City or any of its officers or employees as a result of any investigation, hearing or verification of a report shall not be disclosed except for official purposes, and shall not be disclosed except in accordance with an order of a court or as otherwise provided by law.

§ 304-21. Prohibition against deduction or withholding. [Added 11-20-2018 by Ord. No. 18-133]

No employer shall deduct or withhold any amount from the remuneration payable to an Employee because of the tax imposed by this article.

§ 304-22. Liability of employer to only one municipality. [Added 11-20-2018 by Ord. No. 18-133]

No employer shall be obligated to report and pay Sn employer payroll tax, or any interest, penalty or costs with respect thereto, to more than one municipality with respect to remuneration paid to an employee for services performed. Where any dispute as to the liability for an employer payroll tax to more than one

municipality for services performed by an employee is not resolved by agreement between the employer and the municipalities, all of said municipalities shall be joined in a proceeding in the tax court to collect the tax alleged to be due.

§ 304-23. Effective date.

This Article shall take effect on January 1, 2019. **[Added 11-20-2018 by Ord. No. 18-133]**

§ 304-24. Division of local finance. [Added 11-20-2018 by Ord. No. 18-133]

The City Clerk shall file a copy of this article with the Director of the Division of Local Finance in the New Jersey Department of Community Affairs. He shall likewise file any amendments to this article, including any regulations promulgated in accordance with Section 304-19.2 of this Article.

ARTICLE V
Hotel and Transient Accommodation Occupancy Tax and Hotel Labor Peace*

§ 304-25. Title. [Amended by 1-24-2018 by Ord. No. 18-003; by 3-12-2020 by Ord. No. 20-027]

This article shall be known and may be cited as the "Hotel and Transient Accommodation Occupancy Tax and Hotel Labor Peace."

§ 304-26. Tax imposed. [Amended 4-8-2015 by Ord. No. 15-039; by 3-12-2020 by Ord. No. 20-027]

There is hereby imposed a six percent tax on charges for the use or occupancy of transient accommodations and rooms in hotels as authorized by the "Hotel and Motel Occupancy Tax Act," N.J.S.A. 40:48E-1, et seq., as amended. This tax shall be in addition to any and all real estate (ad valorem) taxes or services charges; the tax imposed by the "Sales and Use Tax Act," N.J.S.A. 54:32B-1 et seq.; or any other fee, charge or tax imposed by law.

§ 304-27. Tax exempted. [Amended by 3-12-2020 by Ord. No. 20-027]

No rooming or boarding house that is licensed and regulated pursuant to the Rooming and Boarding House Act of 1979, N.J.S.A. 55:13B-1 et seq., shall be subject to the tax imposed pursuant to the Hotel and Motel Occupancy Tax Act, N.J.S.A. 40:48E-1 et seq., and this article.

§ 304-27.1. Payment of tax. [Amended by 3-12-2020 by Ord. No. 20-027]

A. All revenue collected under the Hotel and Transient Accommodation Occupancy Tax Act shall be paid to the Chief Fiscal Officer of the City who shall be responsible for the collection of the tax, in quarterly installments, on or before those dates when real property tax payments are due to the municipality under State law.

***Editor's note**—Adopted November 10, 1999 by Ord. No. 99-166, and amended in its entirety September 13, 2006 by Ord. No. 06-099; and March 14, 2007 by Ord. No. 07-032. The title of Article V was amended January 24, 2018, by Ord. No. 18-003 and March 12, 2020 by Ord. No. 20-027.

B. The hotels and transient accommodations subject to this tax will not receive any credit or refund permitted against any other taxes due. It is the express intention of the City to collect in foil both real estate taxes or services charges and the hotel and transient accommodation tax.

C. The tax shall be collected on behalf of the City by the person collecting the use or occupancy charge from the hotel or transient accommodation customer.

D. Every person required to collect any tax imposed by the ordinance shall be personally liable for the tax imposed, collected or required to be collected hereunder. Any such person shall have the same right in respect to collecting the tax from their customer as if the tax were a part of the use or occupancy charge and payable at the same time: provided, however, that the Chief Fiscal Officer of the City shall be joined as a party in any action or proceeding brought to collect the tax.

E. No person required to collect any tax hereunder shall advertise or hold out to any person or to the public in general, in any manner, directly or indirectly, that the tax will not be separately charged and stated to the customer or that the tax will be refunded to the customer.

F. Payment of delinquent hotel occupancy taxes shall be enforced in the same manner as delinquent real property taxes.

§ 304-27.2. Definitions. [Added 4-8-2015 by Ord. No. 15-039; amended by 1-24-2018 by Ord. No. 18-003; 3-12-2020 by Ord. No. 20-027]

To effectuate the purposes of this article, these terms shall have the following meanings:

CITY means the City of Jersey City and shall include the Mayor, the Municipal Council, the Corporation Counsel, and/or the Business Administrator of the City of Jersey City, or any of their designees.

COLLECTIVE BARGAINING AGREEMENT (CBA) means an agreement entered into between the entity contracting or subcontracting to provide services and a Labor Organization lawfully serving as the exclusive collective bargaining representative for the employees who provide or will provide services pursuant to such a contract.

CONTRACT as used herein means any contract to which 29 U.S.A. § 185(a) applies, as that provision has been interpreted by the United States Supreme Court.

ENTITY means any natural person, sole proprietorship, partnership, limited liability company, corporation, joint venture or business organization of any kind.

HOSPITALITY COMPANY means any entity seeking to develop and/or operate a Hotel as defined herein, including any developer who intends to lease or sublease property to another entity to operate a hotel.

HOSPITALITY OPERATIONS means any operations at a hotel staffed by hospitality workers.

HOSPITALITY WORKERS means all employees employed on the hotel premises, except supervisors, managers, confidential employees and guards.

HOTEL shall mean a building or portion of it which is regularly used and kept open as such for the lodging of guests, whether or not meals are served, and also includes, but is not limited to an apartment hotel, bed and breakfast, motel, inn, boarding house, rooming house, condotel, a home, apartment, house, condo or dwelling irrespective of whether there is a permanent resident residing in the building, and any other sleeping accommodations that are available to the public on a transient basis, and any dining and food or beverage operations which are included in the hotel. Hotels shall not include a transient accommodation as defined herein.

LABOR ORGANIZATION means an organization of any kind, or an agency or employer representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment or conditions of work.

NO-STRIKE PLEDGE AGREEMENT means an agreement prohibiting the labor organization and its members, and in the case of a collective bargaining agreement, all employees covered by the agreement, from engaging in picketing, work stoppages, boycotts or any other economic interference with the hospitality operations for the duration of the City's hospitality contract.

OBTAINED THROUGH A TRANSIENT SPACE MARKETPLACE means that payment for the accommodation is made through a means provided by the marketplace or travel agency, either directly or indirectly, regardless of which person or entity receives the payment, and where the contracting for the accommodation is made through the marketplace or travel agency.

PROFESSIONALLY MANAGED UNIT means a room, group of rooms, or other living or sleeping space for the lodging of occupants in the State, that is offered for rent as a rental unit that does not share any living or sleeping space with any other rental unit, and that is directly or indirectly owned or controlled by a person offering for rent two or more other units during the calendar year.

RESIDENCE means a house, condominium, or other residential dwelling unit in a building or structure or part of a building or structure that is designed, constructed, leased, rented, let or hired out, or otherwise made available for use as a residence.

REDEVELOPMENT AREA BOND means the bonds sold by the City pursuant to N.J.S.A. 40A:12A-64 et seq. (the "RAB Law") in order to fund infrastructure improvements and other construction costs undertaken by a developer who has received a tax exemption pursuant to N.J.S.A. 40A:20-1 et seq., or N.J.S.A. 40A:21-1 et seq.

TRANSIENT ACCOMMODATION means a room, group of rooms, or other living or sleeping space for the lodging of occupants, including but not limited to residences or buildings used as residences, that is obtained through a transient space marketplace or is a professionally managed unit. "Transient accommodation" does not include: a hotel or hotel room; a room, group of rooms, or other living or sleeping space used as a place of assembly: a dormitory or other similar residential facility of an elementary or secondary school or a college or university: a hospital, nursing home, or other similar residential facility of a provider of services for the care, support and treatment of individuals that is licensed by the State: a campsite, cabin, lean-to, or other similar residential facility of a campground or an adult or youth camp: a famished or unfurnished private residential property, including but not limited to condominiums, bungalows, single-family homes and similar living units, where no maid service, room

service, linen changing service or other common hotel services are made available by the lessor and where the keys to the famished or unfurnished private residential property, whether a physical key, access to a keyless locking mechanism, or other means of physical ingress to the famished or unfurnished private residential property, are provided to the lessee at the location of an offsite real estate broker licensed by the New Jersey Real Estate Commission pursuant to N.J.S.A. 45:15-1 et seq.; or leases of real property with a term of at least 90 consecutive days.

TRANSIENT SPACE MARKETPLACE means a marketplace or travel agency through which a person may offer transient accommodations to customers and through which customers may arrange for occupancies of transient accommodations. "Transient space marketplace" does not include a marketplace or travel agency that exclusively offers transient accommodations in the State owned by the owner of the marketplace or travel agency.

§ 304-27.3. Compliance with other laws. [Added 4-8-2015 by Ord. No. 15-039]

A. This article shall be administered in the same manner as the state occupancy fee including but not limited to the entitlement to any exemptions, all in accordance with N.J.S.A. 54:32D-1 et seq., N.J.S.A. 54:32B-1 et seq., and N.J.A.C. 18:24-3.1 et seq., as applicable.

B. The payment or collection of this occupancy fee does not in any way condone, exempt or supersede the property in use from compliance with all other building, zoning, insurance or any other governmental agency law or regulation.

§ 304-27.4. No-strike pledge requirement. [Added 1-24-2018 by Ord. No. 18-003]

Any developer who seeks to obtain financial assistance from the City for a prospective hotel project in the form of a redevelopment area bond or any other form of assistance which renders the City a market participant pursuant to such proprietary interest, must execute a collective bargaining agreement or other contract enforceable under 29 U.S.C. § 185(a) containing a no-strike pledge with any labor organization seeking to represent the hospitality workers to be employed at the hotel premises.

§ 304-27.5. Term. [Added 1-24-2018 by Ord. No. 18-003]

The obligations imposed by this article shall remain in effect so long as the redevelopment area bond is outstanding and expire no sooner than the date the redevelopment area bond or the City's financial assistance has been repaid in full.

§ 304-27.6. Limitations. [Added 1-24-2018 by Ord. No. 18-003]

Nothing in this article requires any hospitality company to recognize a particular labor organization nor does this article require employees to be union members. This article is not intended to, and shall not be interpreted to enact or express any generally applicable policy regarding labor-management relations or to regulate those relations in any way. This article is not intended to favor any particular outcome in the determination of employee preference regarding union representation. Nothing in this article permits or requires the City or any hospitality company to enter into any agreement in violation of federal labor laws.

§ 304-27.7. Severability. [Added 1-24-2018 by Ord. No. 18-003]

If any section or any portion of a section of this article is declared illegal, invalid or inoperative, in whole or in part by any court of competent jurisdiction, the remaining sections and all portions not declared illegal, invalid or inoperative shall remain in full force or effect, and no such determination shall invalidate the remaining sections or portions of the sections of this article.

ARTICLE VI

Long Term and Five Year Tax Exemptions; Affordable Housing Trust Fund [Amended in its entirety 9-28-2005 by Ord. No. 05-130; 9-11-2013 by Ord. No. 13-088]

§ 304-28. Affordable Housing Trust Fund Contribution: execution of a Project Labor & Contracting Agreement (PECA) required. [Amended 9-11-2013 by Ord. No. 13-088; 11-26-2013 by Ord. No. 13-129; 3-12-2014 by Ord. No. 14-027; 9-24-2015 by Ord. No. 15-130; 1-9-2019 by Ord. No. 18-151]

A. No long term tax exemption permitted under N.J.S.A. 40A:20-1 et seq., or five year tax exemption permitted under N.J.S.A. 40A:21-8 and Section 304-12 of the Jersey City Municipal Code, for any market rate housing project or any commercial or industrial project, shall be approved unless the recipient makes a contribution to the Jersey City's Affordable Housing Trust Fund, in accordance with N.J.S.A. 40A:12A-4.1 et seq., and this Chapter.

B. No contribution shall be required of a recipient that by a recorded deed or agreement, restricts (thereby setting aside) a minimum of fifteen percent (15%) of the gross number of residential units within the project for low and moderate income affordable housing in accordance with the Fair Housing Act, N.J.S.A. 52:27D-301 et seq.

C. Contributions to Jersey City's Affordable Housing Trust Fund shall be paid in accordance with N.J.S.A. 40A:12A-4.1 et seq., for a term equal to the length of the tax abatement.

D. The standard PECA forms shall be in substantially the same format as those approved by the Corporation Counsel and on file in the Office of the City Clerk.

§ 304-29. Amount of prepayments.

The amount of contributions shall be calculated based upon the classification of the improvements to be tax exempt in accordance with the following formulas:

Market Rate Housing	$1,500.00 per unit
Commercial Space	$ 1.50 per sq. ft.
Industrial Space	$ 0.10 per sq. ft.

§ 304-30. Time of contribution.

A. All contributions shall be due and payable as follows: [**Amended 9-11-2013 by Ord. No. 13-088**]

1. One third on or before the effective adoption date of the ordinance approving the tax exemption, that is the effective date of the executed Financial or Tax Agreement;

2. One third on or before the issuance of the first of any construction permit for the Project, but no later than six months after the date of the Financial or Tax Agreement;

3. One third on or before the date the first of any Certificate of Occupancy is issued for the Project, but no later than twenty-four (24) months after the date of the Financial or Tax Agreement.

B. Any payment that is late or unpaid in whole or in part, whether billed or not, shall bear the highest rate of interest allowed by law for unpaid conventional taxes until paid in full.

§ 304-31. Notices. [Amended 9-11-2013 by Ord. No. 13-088]

The recipient shall send a written Notice to the Business Administrator and the Director of the Office of Tax Exemption, immediately advising the City of the occurrence of each of the following events:

A. The submission of the executed financial or tax agreement to the City;

B. The filing of the application for the first construction permit for the Project; and

C. The issuance of the first Certificate of Occupancy by the Construction Code Official for any part of the Project.

§ 304-32. Guidelines for the expenditure of funds. [Amended 11-21-2006 by Ord. No. 06-144; amended 11-26-2013 by Ord. No. 13-129; 9-20-2023 by Ord. No. 23-092]

A. Use of Funds: Contributions made to the Affordable Housing Trust Fund shall be expended for the rehabilitation or construction or preservation of existing low or moderate income affordable housing or the construction of new low or moderate income affordable housing, as those terms are defined in the Fair Housing Act, N.J.S.A. 52:27-301 et seq., and any regulations promulgated thereunder. Additionally, contributions to the Affordable Housing Trust Fund may be used to provide rental assistance to low income or moderate income tenants as defined by the United States Department of Housing and Urban Development or the New Jersey Housing and Mortgage Finance Agency that are subject to the possibility of an eviction proceeding due to an inability to pay rent for their home.

B. Awards: All funds to be used for the rehabilitation, construction or preservation of low or moderate income affordable housing shall be awarded by the City from the Affordable Housing Trust Fund as loans, on a reimbursement basis only, to supplement other private or public funds needed to complete the project. Awards shall be based upon responses to a Request for Qualifications, to be solicited biannually in January and August, subject to availability of trust funds. All funds awarded pursuant to a rental assistance program may be issued as grants without a requirement for reimbursement.

C. Qualifications: No award to be used for the rehabilitation, construction or preservation of low or moderate income affordable housing will be approved unless the applicant at a minimum satisfies the following conditions:

1. Application. Every applicant must file a complete application form, which shall include an administrative questionnaire, financial disclosure statement and any other forms or supporting

documents the City deems appropriate or necessary. The application will be in substantially the same form on file in the City Clerk's office. The application may be amended from time to time as the Business Administrator deems appropriate or necessary;

2. Entity. An applicant must provide proof that it is a for profit or a non profit entity, organized under State and Federal law for the purpose of constructing affordable housing or a public entity;

3. Experience. Every applicant must demonstrate that it has successfully completed the construction of at least one other significant housing project;

4. Funding. An applicant must provide proof that it is the recipient of funds from another public or private source that, together with the Trust Fund award, will constitute sufficient funds to complete the proposed project. However, for acquisition funds, the applicant must document that the proposed project is eligible for other public or private funds, and that an application for these funds will be filed within sixty (60) days of commitment of affordable housing trust fund funds; and

5. Commencement of Construction. The applicant must commence construction no later than one year from the date of the award of the Trust Fund money. Failure to commence construction within one year will result in cancellation of the award.

D. Evaluation: Applications shall be evaluated by an executive committee using the scoring matrix contained in the Application. The matrix may be amended from time to time as the Business Administrator deems necessary or appropriate.

E. Dedication ratios: Trust Funds calculated as of July 1st of each year, shall be dedicated as follows:

Income Breakdown

1. A minimum of thirty (30) percent of the Trust Funds shall be dedicated for very low (fifty (50) percent or below area median income) or special needs housing including housing for senior citizens, the disabled or homeless or other special needs populations, with at least ten (10) percent reserved for housing designed to accommodate large families (three or more bedrooms);

Activity Breakdown

1. Up to ten (10) percent of the Trust Funds will be dedicated to reasonable pre-development activities;

2. Ten (10) percent of the funds shall be retained by the City for its own administrative fees, and/or capacity building activities for local community development corporations;

3. Up to thirty (30) percent of the funds may be used to acquire property for the development/redevelopment of affordable housing; and

4. Balance of funds will be dedicated to hard construction costs or may be used to provide a rental assistance program for low income or moderate income tenants as defined by the

United States Department of Housing and Urban Development or the New Jersey Housing and Mortgage Finance Agency that are subject to the possibility of an eviction proceeding due to an inability to pay rent for their home.

F. Pre-Development Costs: Only non profit or public entities will be eligible to use funds for Pre-Development Costs. Pre-Development Costs may not exceed the lesser of ten (10) percent of the total project budget or one hundred thousand dollars ($100,000.00) for any one project. All Pre-Development Costs must be pre-approved and in the City's sole discretion, reasonable, and based upon the total project budget. Pre-Development Costs are limited to the following:

1. Financing fees;
2. Application fees;
3. Legal fees;
4. Environmental testing;
5. Engineering fees;
6. Costs related to securing local site plan approval;
7. Architectural fees;
8. Title report;
9. Survey costs; and
10. Project management fees.

G. Collateral: All loans shall be collateralized by a note and the recordation of a mortgage. The mortgage may only be subordinated to another permanent governmental loan or a private institutional lender used to finance initial project acquisition or construction. All loans, including self-amortizing loans, shall bear interest determined on a project-by-project basis at a rate not to exceed the interest rate imposed on the first mortgage as of the 1st day of the month immediately preceding the closing.

ARTICLE VII

Construction Project Labor Agreements*

§ 304-33. Definitions. [Added 8-16-2017 by Ord. No. 17-104]

To effectuate the purposes of this article, these terms shall have the following meanings:

1. APPRENTICE means a worker who participates in a program registered by the Bureau of Apprenticeship and Training of the U.S. Department of Labor, ("DOL") or an apprenticeship equivalent program either approved and funded by the New Jersey Department of Labor as of January 1,2003, who takes a construction apprenticeship test, and receives benefits and pay not less than those received by an apprentice.

2. AFFORDABLE HOUSING GRANT means a form of redevelopment area financing involving a disbursement of monies from the City's Affordable Housing Trust Fund to a developer, given in order to ensure the inclusion of on-site affordable housing at the developer's project, for the duration of the tax exemption.

3. APPRENTICESHIP PROGRAM means an apprenticeship program and registered by the Bureau of Apprenticeship and Training of the U.S. Department of Labor or an apprenticeship equivalent program as that term is used by the State of New Jersey in the Abbot Project Labor Agreement either approved and funded by the New Jersey Department of Labor as of January 1, 2003.

4. CITY OF JERSEY CITY means the Mayor, the Municipal Council, the Corporation Counsel, and/or the Business Administrator of the City of Jersey City, or any of their designees.

5. COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) means a form of redevelopment area financing which provides monies that can be used to revitalize neighborhoods, expand affordable housing and economic opportunities, and/or improve community facilities.

6. CRAFT EMPLOYEE means a person employed in a trade as defined herein at either the apprentice or journeyman level.

7. DEVELOPER means an entity that is developing a project that has a total construction cost that is equal to, or in excess of, $25,000,000.00, exclusive of any land acquisition costs, and has received (1) a tax exemption pursuant to N.J. S.A. 40A:20-1 et seq. (the Long-Term Tax Exemption Statute) or a tax exemption pursuant to N.J.S.A. 4OA:21-1, et seq., (the Five-Year Tax Exemption Statute) and (2) is a recipient of some form of redevelopment area financing (RAF) such as, but not limited to, a redevelopment area bond ("RAB") pursuant to N.J.S.A. 40A:12A-64, et seq. or any other form of municipal financing/funding such as an affordable housing trust fund grant, a community development block grant (CDBG), a direct payment to the developer by the City in the form of rent, or (3) if the entity is the recipient of a construction contract awarded by the City for a public construction project.

'Editor's note—Ord. No. 17-104, adopted August 16,2017, amended the Code by repealing former Art. VII, §§ 304-33—304-38, and adding a new Art. VII. Former Art. VII pertained to similar subject matter, and derived from Ord. No. 07-123, adopted June 27,2007; Ord. No. 12-051, adopted April 25, 2012; and Ord. No. 14-052, adopted May 28,2014.

8. FINAL CERTIFICATE OF OCCUPANCY means the certificate that is issued by the Office of the Construction Official from the Department of Housing, Economic Development & Commerce upon completion of the project indicting that the structure is ready for occupancy.

9. JOURNEYMAN means a skilled worker who is a member of a labor organization and who has successfully completed an official apprenticeship qualification in a building trade or craft.

10. LABOR ORGANIZATION means an organization which represents, for purposes of collective bargaining, employees trained in a particular trade, involved in the performance of public construction project or RAF project that has the present ability to refer, provide or represent sufficient numbers of qualified employees to perform the contracted work and has an apprenticeship program.

11. LABOR PERSON HOURS means the number of hours worked multiplied by the number of employees performing such work.

12. MINORITY means any person who is identified as Black, Asian, Hispanic, or American Indian as codified in N.J.A.C. 17:27-2.1.

13. MINORITY/WOMEN-OWNED BUSINESS ENTERPRISE (MWBE) means (1) a business in which the principal is a minority as defined herein, or a woman (2) a business in which at least 51 percent of the ownership interest is held by a minority as defined herein, or by a woman, and the management and daily business operations are controlled by one or more of the minorities or women who own it; or (3) a corporation or other business entity authorized under the laws of New Jersey whose management and daily business operations are controlled by one or more of the minorities or women who own it, and which at least 51 percent of the corporation is owned by one or more minorities or women, and if stock is issued, at least 51 percent of the stock is owned by one or more minorities or women.

14. PRINCIPAL means any officer, director, or individual who directly or indirectly holds any beneficial interest in or ownership of the securities of the business and/or any employee of the business who is empowered by title or by explicit assignment to authorize the procurement, purchase, or contracting of equipment, goods, services, or supplies whatsoever involving an expenditure of $1,000.00 or greater.

15. PROJECT COMPLETION means the determination by the City that the project, in whole or in part, is ready for the use intended, which ordinarily shall mean the date on which the project receives its final certificate of occupancy.

16. PROJECT LABOR AGREEMENT (PLA) means a contract between a labor organization and a developer for construction jobs that contains at a minimum the requirements set forth in this article.

17. PUBLIC CONSTRUCTION PROJECT means any construction contract entered into by the City using public funds, the total cost of which is equal to or exceeds $5,000,000.00, exclusive of any land acquisition costs.

18. REDEVELOPMENT AREA BOND means a form of redevelopment area financing whereby the City sells bonds pursuant to N.J.S.A. 40A:12A-64, et seq. (the "RAB Law") in order to fund infrastructure improvements and other project costs.

19. REDEVELOPMENT AREA FINANCING ("RAF") PROJECT means a project that has a total construction cost that is equal to or exceeds $25,000,000.00, exclusive of any land acquisition costs, which receives (1) a tax exemption pursuant to N.J.S.A. 40A:20-l et seq. or N.J.S.A. 4OA:21-1, et seq., and (2) receives some form of redevelopment area financing such as an affordable housing trust fund grant, a community block development grant, or a redevelopment area bond.

20. RESIDENT means any person who currently lives in Jersey City and who has lived in Jersey City for the previous 12 months.

21. SUBSTANTIAL COMPLETION means any construction project that is not completed but is near completion by virtue of the project receiving a temporary certificate of occupancy from the office of the construction official of the Department of Housing, Economic Development & Commerce.

22. TEMPORARY CERTIFICATE OF OCCUPANCY means a certificate that is issued by the Office of the Construction Official when a project has been substantially completed provided that such portion or portions may be occupied safely prior to full completion of the building or structure without endangering health or safety.

23. TOTAL CONSTRUCTION COST means all costs, including infrastructure, excluding only land acquisition costs, incurred to construct a project through the date of completion, that is, the date the final certificate of occupancy is issued. Total construction cost shall generally be determined in accordance with the industry standard of Marshall and Swift Valuation, but including the cost of piling and soil compaction. Total construction cost must include any construction cost constituting as an element of total project cost under N.J.S.A. 40A:20-3(h)(4).

24. TRADE means a skilled job, typically one requiring manual skills and special training, such as carpentry, masonry, and plastering, that are primarily concerned with the construction and finishing of buildings.

25. WOMAN or WOMEN means a female or females, regardless of race.

§ 304-34. Project labor agreements required; general terms. [Added 8-16-2017 by Ord. No. 17-104]

All redevelopment area financing (RAF) projects as defined herein and all requests for proposals, specifications and final contracts for public construction projects, which exceed $5,000,000.00, exclusive of any land acquisition costs, shall require the execution of a project labor agreement that complies with the requirements of this article. The Business Administrator may, having taking into consideration the nature, size and complexity of the project, determine that a project labor agreement is not required. In all cases where a project labor agreement is utilized, it must advance the interests of the City, including cost, efficiency, quality, time lines, and need for a skilled labor force and safety.

All project labor agreements shall contain the following terms:

1. A guarantee that there will be no strikes, lock-outs, or other similar actions;
2. Procedures to ensure the effective, immediate, and mutually binding resolutions of jurisdictional and labor disputes arising before the completion of the work;
3. A provision to bind all contractors and subcontractors on the project in all relevant documents;
4. Evidence that each contractor and subcontractor working on the project has a local federally-registered apprenticeship program;
5. Conformity with all statutes, regulations and City ordinances regarding the implementation of the City's goals for women and minority-owned businesses;
6. Conformity with all statutes, regulations and City ordinances regarding the implementation of the City's goals for women-owned and minority-owned businesses including a provision consistent with the holding of City of Richmond v. J.A. Croson Co., 488 U.S. 469 (1989) that there be appropriate goals for the hiring of minorities and women. Specifically, that 20 percent of the total labor-person hours performed by the labor organizations are performed by minorities or women who are also residents of Jersey City. Included in this 20 percent shall be craft employees of all skill levels including apprentices and journeymen.

   i. A developer that contracts with a MWBE owned by a Jersey City resident(s) on a Jersey City PLA project is eligible to receive a credit of 50 percent of the total labor-person hours performed by that MWBE on the PLA project. This credit can be applied toward the total number of minority or woman labor person hours required on the project.

   A Developer that contracts with a MWBE not owned by a Jersey City resident(s) on a Jersey City PLA project is eligible to receive a credit of 25 percent of the total labor-person hours performed by that MWBE on the PLA project. This credit can be applied toward the total number of minority or woman labor person hours required on the project.

   ii. The minority and/or women hour requirement can be satisfied if the developer partners with, shares profits with, or forms a corporation for the purposes of development with, a recognized MWBE, owned by a Jersey City resident(s) and that MWBE receives 20 percent or more of the ownership of the project.

   A developer is eligible to receive a credit of 75 percent if the developer partners with, shares profits with, or forms a corporation for the purposes of development with, a recognized MWBE not owned by a Jersey City resident(s) and that MWBE receives 20 percent or more of the ownership of the project.

   iii. The minority and/or women hour requirement can be satisfied if the general contractor hired by the developer partners with, forms a joint venture with, shares profits with or subcontracts with a MWBE owned by a Jersey City resident(s) and that MWBE receives 20 percent of the total profits from the project.

   A developer is eligible to receive a credit of 75 percent if the general contractor hired by the developer partners with, forms a joint venture with, shares profits with or subcontracts with a MWBE not owned by a Jersey City resident(s) and that MWBE receives 20 percent of the total profits from the project.

7. A requirement that developers and labor organizations complete the following pre-construction actions: **[Amended 4-27-2022 by Ord. No. 22-040]**

   A. INITIAL MEETING. Prior to a financial agreement being executed between the City and the developer, and prior to a project labor agreement being executed between the developer and the labor organizations, the developer, the general contractor, and a representative from the labor organizations must all meet with the Department of Administration to (1) assess the general contractor's respective workforce needs, (2) discuss the general contractor's construction and procurement schedule, and (3) for the Department of Administration to specify any and all procedures necessary and proper in carrying out the enlisted requirements within this article.

   B. PRE-CONSTRUCTION MEETING. Prior to the commencement of construction, the developer, the general contractor, and a representative from the labor organizations must all meet with the Department of Administration to present workforce needs, which will include the job description of the positions to be filled and the duration of the project. In addition, the developer and/or the general contractor must provide the Department of Administration their construction and procurement schedules. The labor organizations must present the developer and the City with the names, addresses, and trades of all eligible apprentices who are available to work on the project. Additionally, the Department of Administration shall specify any and all procedures necessary and proper in carrying out the enlisted requirements within this article.

   C. ADVERTISEMENT. Not more than 60 days after the initial meeting, each labor organization must advertise for prospective apprentices within their respective trade. These advertisements from each labor organization must do the following: (1) solicit apprenticeship applications for their respective apprenticeship program, (2) describe the basic requirements for admission into their respective apprenticeship program, (3) describe the job training associated with their apprenticeship program, (4) state the date or dates for their respective apprenticeship tests, and (5) set forth the range of salaries. All apprenticeship applications and advertisements must meet the following requirements:

      Application requirements:

      1. All apprenticeship applications shall include a provision that the names and contact information of all applicants shall be listed in a job-seekers database maintained by the Office of Diversity and Inclusion;

      2. Applications must be made available online and must be able to be filled out and submitted digitally via a mobile browser and via a personal computer/laptop browser;

      3. Applications must be able to be downloaded and printed and applications must be made available to be picked up and submitted in person at a physical location during reasonable business hours (9:00 a.m. to 5:00 p.m., Mondays through Fridays).

      Advertising requirements:

      1. Advertisements must be posted both online and in all newspapers regularly distributed and/or circulated within Jersey City;

2. Online advertisements, when clicked, must either direct the user to a web address to learn more or link directly to the online application form;

3. Advertisements must provide both a physical location and a web address to learn more;

4. All online advertisements must include relevant keywords (e.g. electrician, plumbing, etc.) to ensure that the targeted audience sees the advertisement;

5. Advertisements must be posted directly on LinkedIn, Indeed and GlassDoor, via sites such as ZipRecruiter or WorkConnect;

6. Advertisements posted through Google search ads and Google display ads or on any advertising network with similar reach, and any advertisements posted on Facebook, Twitter and Pandora, must be targeted to Jersey City zip codes;

7. All advertisements must run at least fourteen (14) days prior to the apprenticeship application deadline;

8. All proposed advertisements, regardless of whether they are in digital or in print format, must be approved by the Department of Administration 14 days in advance of publication.

At the conclusion of the application period, the results of the labor organization's advertising campaign (including, but not limited to, the total number of page views, clicks, number of application submissions, etc.) must be submitted to the Business Administrator on forms issued by the Department of Administration.

D. JOB FAIRS. The Labor Organizations must conduct job fairs once every three months, thus four times annually. The job fairs are to be held at a location to be provided by the City in order for the labor organizations to explain the apprenticeship programs and solicit applications from attendees.

§ 304-35. Exemptions. [Added 8-16-2017 by Ord. No. 17-104]

Any residential project which shall maintain more than 50 percent of the entire project's gross square footage as affordable housing shall be exempt from the requirement of a project labor agreement.

In the event an application for a RAF financing project contains an estimate of total project cost that is less than $25,000,000.00, but upon project completion is determined to have a total construction cost equal to or exceeding $25,000,000.00, then the project service charge shall be increased as follows:

A. LONG TERM TAX EXEMPTION. By an additional two percent of total project cost, or five percent of annual gross revenue, as applicable; or

B. FIVE YEAR TAX EXEMPTION. The phase-in for each year shall be increased by an additional ten percent or, if applicable, the improvement assessment increased by five percent.

The above increases shall be retroactive to the date of substantial completion and shall apply for each and every year of the entire term of the RAF financing project.

§ 304-36. Reports and records. [Added 8-16-2017 by Ord. No. 17-104]

A. All developers of RAF projects, whether subject to a project labor agreement or not, shall submit a detailed certification of the estimated total construction cost with its application for any tax exemption, which shall be made available to the public.

B. In the event construction permits are issued more than 12 months have expired from the date of the adoption of the ordinance approving the RAF construction costs to ensure that the total construction costs do not exceed $25,000,000.00 or a project labor agreement shall be required.

C. No later than 90 days following project completion, the developer shall submit a certification of actual total construction cost certified to the City by the project's architect and engineer. Total construction cost is subject to review by the City at the time of application and audit by the City, upon project completion.

D. The project labor agreement shall require the submission of the following reports to the Department of Administration on the fifteenth day of each month for the previous month in a format provided by the Department of Administration, for each year of construction until project completion: **[Amended 4-27-2022 by Ord. No. 22-040]**

1. MANNING REPORT. This report which is provided by the developer's general contractor must accurately reflect the total work hours in each construction trade or craft and the number of hours worked by minorities and or women, in each trade or craft, and will list separately the work hours performed by such employees of the general contractor whom are actually performing work on the site and each of its subcontractors during the previous quarter.

2. CERTIFIED PAYROLL REPORT. This certified report which is provided by the developer's general contractor must specify the residence, gender and ethnic/racial origin of each worker, broken down by trade, along with their respective work hours, and the rate of pay and benefits provided.

3. EQUAL EMPLOYMENT OPPORTUNITY REPORTS. The labor organizations must provide to the Department of Administration copies of each of their local union reports (EEO-3) and each of their apprenticeship information reports (EEO-2), which are required to be filed with the United States Commission of Equal Employment Opportunity Commission.

4. APPRENTICESHIP REPORT. This report from all of the labor organizations, which must be provided to the Department of Administration each month, shall list all of the names, addresses, and contact information of all persons who were accepted into each labor organization's apprenticeship program. The report shall also list the names, addresses, and contact information of all City residents who were rejected for admission into each labor organization's apprenticeship program with the reasons for their rejection. For those City residents who failed to finish the program, the report must provide the reasons why they failed to complete the program.

5. MEMBERSHIP REPORT. Every month, each labor organization shall provide to the Department of Administration an accurate up-to-date number of its current membership throughout the State and a list of all of their current members, journeymen and apprentices who live in Jersey City, along with each member/journeymen/apprentice's name, address, and contact information.

6. OTHER REPORTS. The developer and/or labor organizations shall furnish to the City and/or the Department of Administration any and all reports or other documents to the City as the City may reasonably request from time to time in order to carry out the purposes of this article.

7. RECORDS. Records to support the work hours stated in the above reports must be maintained for a period of three years after project completion. All records shall be made available to the City upon ten days' prior written notice.

8. SITE ACCESS. Representatives of the City shall be permitted to have appropriate access to all work sites in order to monitor compliance.

§ 304-37. Pre-apprenticeship training program. [Added 8-16-2017 by Ord. No. 17-104]

1. INTERAGENCY COOPERATION. The City will solicit the support of the Jersey City Board of Education, the Hudson County Community College, the Hudson County Vo-Tech School, the Jersey City Employment and Training Program, Inc., the Jersey City Housing Authority, and other community-based organizations, including, but not limited to, Puertorriqueños Asociados for Community Organization, Inc., (P.A.C.O.), the Jersey City Chapter of the N.A.A.C.P, and the Urban League of Hudson County, in order to maximize participation in the apprenticeship program among eligible City residents.

2. PREPARATORY SERVICES. The City shall be responsible for the development of a program to provide all necessary preparatory services for enrolled pre-apprentices, including assistance with GED preparation, obtaining drivers license, mentoring and other supportive services for pre-apprentices. The pre-apprenticeship program shall be operated in such a manner that its successful graduates will be equipped and eligible for entry into the apprenticeship programs of a labor organization.

3. MONITORING. The City shall be responsible for the selection, operation and supervision of pre-apprenticeship programs that may be operated by private entities, such as the Jersey City Employment and Training Program, Inc., and shall retain authority to review and approve the curriculum and procedures used to recruit and select participants.

§ 304-38. Enforcement. [Added 8-16-2017 by Ord. No. 17-104; amended 4-27-2022 by Ord. No. 22-040]

1. The Department of Administration shall be the primary department authorized to implement and enforce this article, including (1) documentation and recordkeeping requirements, (2) monitoring and compliance activities, (3) project and/or contract coverage determinations, (4) designated referral sources, (5) bid and contract documents implementing the article, and (6) other matters related to implementation of this article.

2. The Department of Administration assesses compliance monthly during construction and for all ongoing obligations post-construction.

3. If the Department of Administration determines that a project is not compliant, then the Department will issue a recommendation for appropriate corrective action.

4. The developer and all labor organizations affiliated with the project shall demonstrate to the City compliance with this article. It shall not be a defense to any enforcement action taken by the City that the developer or the labor organization could not obtain any item or information from any other party to the PLA. This article does not limit the developer or the labor organization's ability to assess qualifications of prospective workers, to make final hiring and retention decisions. No provision of this article shall be interpreted so as to require a developer, a labor organization, a general contractor or a subcontractor to hire or retain a worker who lacks the necessary qualifications for the position in question, or to employ any particular worker regardless of qualifications.

§ 304-38.1. Remedies. [Added 8-16-2017 by Ord. No. 17-104]

In the event that either the developer and/or the labor organization should violate this article, the City may seek any and all remedies available to it at law or equity. Such remedies include, but are not limited to, compelling the developer and/or the labor organization to complete a remedial employment action plan, pay liquidated damages or the City may elect to terminate the RAF and/or the tax exemption.

§ 304-38.2. Severability. [Added 8-16-2017 by Ord. No. 17-104]

If any provision of this article or application thereof to any person or circumstance is judged unconstitutional or otherwise invalid, the invalidity shall not affect other provisions or applications of this article that can be given effect without the invalid provision or application, and to this end the provisions of this Chapter are declared severable.

ARTICLE VIII
Open Space Recreation and Historic Preservation Trust Fund Tax Levy

§ 304-39. Imposition of tax for recreation, conservation and historic preservation.

The City hereby imposes an annual levy not to exceed two cents ($0.02) per one hundred dollars ($100.00) of total municipal assessed real property. **[Added 3-22-2017 by Ord. No. 17-026]**

§ 304-40. Purpose of levy; allocation of funds among each purpose.

A. Pursuant to N.J.S.A. 40:12-15.7, the annual levy shall be used for the following purposes:

(1) Acquisition of lands for recreation and conservation;

(2) Development of lands acquired for recreation and conservation;

(3) Maintenance of lands acquired for recreation and conservation;

(4) Preservation of historic properties, structures, facilities, sites, areas, or objects, and the acquisition of such properties, structures, facilities, sites, areas, or objects;

(5) Blue Acres Projects; and/or

(6) Providing funding for the payment of debt service incurred or issued for any of the purposes set forth in subsections (1) through (5) above.

B. The Council shall determine the appropriate amount to be allocated to each purpose after holding one or more hearings thereon. **[Added 3-22-2017 by Ord. No. 17-026]**

§ 304-41. Municipal Open Space, Recreation and Historic Preservation Trust Fund.

The City hereby establishes an Open Space Recreation and Historic Preservation Trust Fund (the "Trust Fund") to administer all proceeds derived from imposition of the annual open space lew pursuant to N.J.S.A. 40:12-15.7(c). The Trust Fund shall be permitted to accept donations, testamentary bequests and other funds where appropriate and permitted by law. **[Added 3-22-2017 by Ord. No. 17-026]**

ARTICLE IX
Arts and Culture Trust Fund

§ 304-42. Imposition of a tax for Jersey City's Arts and Culture Trust Fund (the "Arts Fund"). [Added 1-13-2021 by Ord. No. 20-109; adopted 3-24-2021 by Ord. No. 21-016; 2-9-2022 by Ord. No. 22-011]

A. The Arts and Culture Trust Fund annual levy shall not exceed $0.02 per $100.00 of total municipal assessed real property.

§ 304-43. Purpose of levy; allocation of funds. [Added 1-13-2021 by Ord. No. 20-109]

A. In accordance with N.J.S.A. § 40:12-15.12(b). amounts raised by the Arts Fund levy shall be deposited into an "arts and culture trust fund" to be created by the municipality. and shall be used exclusively for arts and culture, except that the municipality may deposit such amounts into the current fund of that municipality for uses not related to arts and culture if the Director of the Division of Local Government Services in the Department of Community Affairs finds that the municipality is in fiscal distress.

B. Any interest or other income earned on monies deposited into the arts and culture trust fund shall be credited to the fund to be used for the same purposes as the principal.

C. The City may deposit other funds into the arts and culture trust fund, as it may, from time to time, deem appropriate.

§ 304-44. Jersey City Arts and Culture Trust Fund. [Added 1-13-2021 by Ord. No. 20-109]

The City hereby establishes the Arts and Culture Trust Fund to administer all proceeds derived from imposition of an annual levy, pursuant to N.J.S.A. § 40:12-15.12(a) and approved by the City voters. The Arts and Culture Trust Fund shall be permitted to accept donations, testamentary bequests and other funds where appropriate and permitted by law.

§ 304-45. Severability. [Added 1-13-2021 by Ord. No. 20-109]

If any provision of this article or application thereof to any person or circumstance is judged invalid, the invalidity shall not affect other provisions or applications of this article that can be given effect without the invalid provision of application, and to this end the provisions of this article are declared severable.

§ 304-45.1. Arts and Culture Trust Fund Committee. (Added 5-13-2021 by Ord. No. 21-030]

A. Membership.

1. The Committee shall consist of seven voting members. Committee members shall be nominated through an open public nomination form and appointed by the Mayor with the advice and consent of Council. Additionally, at least one City staff-member shall serve as non-voting members of the Committee. At least one non-voting member of the Committee shall be present at every Committee meeting. The membership of the Arts and Culture Trust Fund Committee shall consist of the following:

    a. The Mayor or his/her designee;

    b. Six residents of Jersey City representing each ward (A—F), nominated through an open public nomination form and appointed by the Mayor with the advice and consent of Council;

    c. One non-voting designee of the Jersey City Arts Council;

    d. One non-voting designee of the Jersey City Director of Cultural Affairs;

    e. One non-voting City Council member or their designee;

2. The Jersey City Arts Council may collaborate on nominations and recommendations. Committee members representing each ward (A—F) may be nominated by the public. Members should reflect the diversity of Jersey City. Nominees must be Jersey City residents and have two or more of the following:

    a. Appreciation of the arts;

    b. Professional expertise in an arts field;

    c. Service to the public;

    d. Understanding of the Jersey City population and landscape;

3. All members shall serve for a term of two years in staggered terms. In order to establish staggered terms, the Mayor with the advice and consent of Council, shall appoint three members initially selected to a term of three years, representing wards A, B, and F, and three members initially selected to a term of two years, representing wards C, D, and E. No Committee member shall serve more than two consecutive terms, totaling a maximum of five years, including their initial

staggered term or a mid-term appointment. A former member may be nominated two years after their last consecutive term. All subsequent appointments, except to fill vacancies, shall be for the full term of two years.

4. A voting Committee member may not sit on the board or be on staff of an organization who is applying for a grant during that cycle. Members agree not to engage or enter into any contracts that pose a conflict of interest, or they shall end their tenure with the Committee.

5. All members of the Committee may be removed by a majority vote of the Arts and Culture Trust Fund Committee and a majority vote of the Municipal Council based on the criteria stipulated in the Committee's best practices and bylaws and/or for failure to comply with subparagraph (5) or failure to comply with Chapter 33 (Ethics) of the Jersey City Municipal Code.

6. Vacancies shall be filled for the duration of the term in the same manner as the original appointment.

7. The Chairperson and a Recording Secretary shall be designated by a majority vote of the Committee. Both shall be voting members of the Committee.

B. Meetings.

1. The Committee shall meet at least four times a year at a time to be determined by the Chairperson. In addition, the Chairperson may call special meetings. The Committee shall obtain its legal counsel from the Jersey City Law Department. Ten days prior to a committee meeting the relevant City Departments shall provide the Committee with all documents to be reviewed for the upcoming meeting.

2. All meetings shall be subject to the Open Public Meetings Act (N.J.S.A. §§ 10:4-1—10:4-21) and all meeting minutes shall be made available to the public.

C. Responsibilities.

1. The Arts and Culture Trust Fund Committee shall be responsible for distribution of the Jersey City Arts and Culture Trust Fund monies to support creative and cultural activities, including but not limited to, performing, visual, and fine arts, music, dance, graphic design, film, digital media and video, architecture and urban design, humanities, literature, arts and culture education, historic preservation, museum curation, crafts and folk arts.

2. The Arts and Culture Trust Fund Committee has the duty to review, prioritize, and evaluate projects and applications for funding from the Arts and Culture Trust Fund. The Grant Review Panel shall review and evaluate grant applications and submit its recommendations to the Arts and Culture Trust Fund Committee. The Arts and Culture Trust Fund Committee shall make the final decision and evaluations regarding approval or denial of grant applications.

3. The Committee shall decide approval or denial of applications and distribution of funding from the Arts and Culture Trust Fund.

4. The Jersey City Arts Council, with the consent of the Office of Cultural Affairs, shall select Grant Review Panelists from open public nominations. Criteria for Grant Review Panelists shall be posted on the public nomination form.

5. The Committee shall draft a final report at the close of the granting cycle regarding all approved or denied applications, evaluation applications, and distribution of funds to applicants, and any other information the Committee may deem appropriate.

6. The Committee is empowered to solicit input from residents regarding the future of the Arts and Culture Trust Fund and it shall provide the Council and all other City entities with its findings and recommendations as it deems appropriate.

7. Grantees must meet the goals and objectives determined by the Arts and Culture Trust Fund Committee for funding through the Jersey City Arts and Culture Trust Fund.

8. The Committee is obligated to perform an annual review and report of grant recipients to ensure that the demographics of recipients are reflective of the demographics of Jersey City and the results of said review shows an increase of arts access in marginalized communities. The Committee is further obligated to make necessary changes if these apportionments are not being met.

D. Compensation of members. Members of the Arts and Culture Trust Fund Committee shall serve without compensation.

E. Committee policy and procedures.

1. Within 60 days of assembling the Committee, the Arts and Culture Trust Fund Committee shall propose written policies, procedures, and best practices governing its operations under this section, including but not limited to, code of ethics, conflicts of interest, grant application procedures, and evaluation standards.

2. The aforementioned policies and procedures shall be voted upon during the first meeting of the Arts and Culture Trust Fund Committee. Proposed policies and procedures shall pass with a majority of the Committee votes and a quorum present. Upon approval of the Committee, the proposed policies and procedures shall be forwarded to the Municipal Council for approval via resolution.

§ 304-45.2. Distribution of the Arts and Culture Trust Fund monies. (Added 5-13-2021 by Ord. No. 21-030]

A. Ninety-five percent of monies collected through the Arts and Culture annual levy shall be deposited into the Arts and Culture Trust Fund for distribution by the Arts and Culture Trust Fund Committee. Five percent of the monies collected through the annual levy shall be given to the Jersey City Arts Council, which will provide a public resource for artists and art organizations and will serve as an administrative partner of the trust by supporting and counseling applicants, as well as promoting the Arts and Culture Trust Fund to the Jersey City community.

B. Upon review of an application, the Committee shall award and distribute monies based on criteria and evaluation standards stipulated in the Committee's bylaws and best practices. Criteria for evaluation shall include, but is not limited to, an evaluation and recommendation from the Grant Review Panel, quality of work, likeliness to succeed, and fulfillment of the fund's stated goals.

C. The Arts and Culture Trust Fund monies shall be used to support creative and cultural activities, including but not limited to, performing, visual, and fine arts, music, dance, graphic design, film, digital media and video, architecture and urban design, humanities, literature, arts and culture education, historic preservation, museum curation, crafts and folk arts.

ARTICLE X
Medical Cannabis Transfer Tax*

§ 304-46. Title. [Added 1-27-2021 by Ord. No. 21-001]

This article shall be known and may be cited as the "Medical Cannabis Transfer Tax."

§ 304-47. Definitions.

To effectuate the purposes of this article, these terms shall have the following meanings:

CANNABIS means all parts of the plant genus Cannabis. whether growing or not: the seeds thereof: and every compound, manufacture. salt, derivative, mixture, or preparation of the plant or its seeds, except those containing resin extracted from the plant: but shall not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative. mixture. or preparation of such mature stalks, fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination. "Cannabis" shall not mean hemp or a hemp product cultivated, handled. processed, transported, or sold pursuant to the "New Jersey Hemp Farming Act," N.J.S.A. 4:28-6 et al.

DESIGNATED CAREGIVER means a resident of the State who:

(1) Is at least 18 years old:

(2) Has agreed to assist with a registered qualifying patient's medical use of cannabis, is not currently serving as designated caregiver for more than one other qualifying patient, and is not the qualifying patient's health care practitioner:

(3) Subject to the provisions of paragraph (2) of subsection c. of section 4 of N.J.S.A. 24:61-4, has never been convicted of possession or sale of a controlled dangerous substance, unless such conviction occurred after the effective date of N.J.S.A. 24:61-1 et al., and was for a violation of federal law related to possession or sale of cannabis that is authorized under N.J.S.A. 24:61-1 et al., or N.J.S.A. 18A:40-12.22 et al.:

(4) Has registered with the commission pursuant to section 4 of N.J.S.A. 24:61-4. and, except in the case of a designated caregiver who is an immediate family member of the patient has satisfied the criminal history record background check requirement of section N.J.S.A. 24:61-4: and

(5) Has been designated as designated caregiver by the patient when registering or renewing a registration with the commission or in other written notification to the commission.

***Editor's note**—Ord. No. 21-001, adopted January 27, 2021, amended the Code by adding new provisions to be numbered Art. IX, §§ 304-42—304-46. In order to prevent duplication of article and section numbers, the new provisions have been renumbered as set out herein.

DISPENSE means the furnishing of medical cannabis to a registered qualifying patient, designated caregiver, or institutional caregiver by a medical cannabis dispensary or clinical registrant pursuant to written instructions issued by a health care practitioner pursuant to the requirements of N.J.S.A. 24:61-1 et al. The term shall include the act of furnishing medical cannabis to a medical cannabis handler for delivery to a registered qualifying patient, designated caregiver, or institutional caregiver, consistent with the requirements of subsection i. of section 27 of N.J.S.A. 24:61-20.

INSTITUTIONAL CAREGIVER means a resident of the State who:

(1) Is at least 18 years old:

(2) Is an employee of a health care facility:

(3) Is authorized, within the scope of the individual's professional duties, to possess and administer controlled dangerous substances in connection with the care and treatment of patients and residents pursuant to applicable State and federal laws:

(4) Is authorized by the health care facility employing the person to assist registered qualifying patients who are patients or residents of the facility with the medical use of cannabis. including, but not limited to, obtaining medical cannabis for registered qualifying patients and assisting registered qualifying patients with the administration of medical cannabis:

(5) Subject to the provisions of paragraph (2) of subsection c. of section 4 of N.J.S.A. 24:61-4, has never been convicted of possession or sale of a controlled dangerous substance, unless such conviction occurred after the effective date of N.J.S.A. 24:61-1 et al. and was for a violation of federal law related to possession or sale of cannabis that is authorized under N.J.S.A. 24:61-1 et al. or N.J.S.A. 18A:40-12.22 et al.; and

(6) has registered with the commission pursuant to section 4 of N.J.S A. 24:61-4.

MEDICAL USE OF CANNABIS means the acquisition, possession, transport, or use of cannabis or paraphernalia by a registered qualifying patient as authorized by N.J.S.A. 24:61-1 et al. and N.J.S.A. 18A:40-12.22 et al.

QUALIFYING PATIENT or PATIENT means a resident of the State who has been authorized for the medical use of cannabis by a health care practitioner.

REGISTRATION WITH THE COMMISSION means a person has met the qualification requirements for, and has been registered by the commission as, a registered qualifying patient, designated caregiver, or institutional caregiver. The commission shall establish appropriate means for health care practitioners, health care facilities, medical cannabis dispensaries, law enforcement, schools, facilities providing behavioral health services or services for persons with developmental disabilities, and other appropriate entities to verify an individual's status as a registrant with the commission.

§ 304-48. Tax imposed. [Added 1-27-2021 by Ord. No. 21-001]

A. As authorized by N.J.S.A. 24:61-10(i), there is hereby imposed a two percent transfer tax on any medical cannabis dispensed by the dispensary located within Jersey City, including medical cannabis that is furnished by the dispensary to a medical cannabis handler for delivery to a purchaser or to a registered qualifying patient or the patient's caregiver.

B. All taxes imposed by this section shall be collected on behalf of the City by the person dispensing cannabis to the patient, the patient's designated caregiver, or cannabis handler.

C. The Division of Commerce is hereby designated as collector of the Medical Cannabis Transfer Tax. The methods for reporting taxes due shall be on forms and in accordance with procedures prescribed by the Business Administrator from time to time.

D. Every person required to collect any taxes imposed by this article shall be personally liable for the tax imposed, collected or required to be collected. Any such person shall have the same right in respect to collecting the tax from his or her customer: provided, however, that the Business Administrator of the City shall be joined as a party in any action brought to collect the tax.

E. No person required to collect any tax hereunder shall advertise or hold out to any person or to the public in general in any manner, directly or indirectly, that the tax is not considered as an element in the fee payable by the customer, that he will pay the tax, that the tax will not be separately charged and stated to the customer or that the tax will be refunded to the customer.

F. If for any reason the tax impose by this article is not paid when due, interest at a rate of 12 percent per annum on the amount of the tax due and an additional penalty of one-half of one percent of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid shall be added and collected or a minimum of $50.00, whichever is greater. Where action is brought for the recovery of any tax hereunder, the person liable shall, in addition, be liable for the cost of collection and the interest and penalties imposed.

G. The Medical Cannabis Transfer Tax shall be in addition to any other fee imposed pursuant to statute or local ordinance or resolution by any governmental entity upon the medical cannabis dispensary.

§ 304-49. Payment of tax; records to be kept.

A. Taxes due under this article shall be paid quarterly. Returns for each quarter are due on or before the fifteenth of the month following the end of the quarter, that is, April 15, July 15, October 15, and January 15.

B. A quarterly cannabis tax return is required to be filed by every person responsible for the collection of the Medical Cannabis Transfer Tax whether or not any tax is due for that quarter. Payment of the tax due shall be made with the filed return.

C. Every person responsible for the collection of the Medical Cannabis Transfer Tax shall maintain books and/or records to substantiate the quarterly tax returns, even if no tax is due.

D. Pursuant to state law, any person who fails or refuses to file any return required under this article, any person who refuses to permit an officer or agent designated by the City to examine his or her books, records and papers and any person who knowingly files an incomplete, false or fraudulent return or attempts to do anything whatsoever to avoid the full disclosure of the tax due under this article to avoid the payment of the whole or any part thereof is a disorderly person.

E. The failure of any person to receive or procure the forms required for filing returns required under this article shall not excuse him from filing a return.

§ 304-50. Use of revenues. [Added 1-27-2021 by Ord. No. 21-001]

A. One hundred percent of the revenues collected from the tax imposed under this article shall be deposited into the Affordable Housing Trust Fund.

B. The City's Business Administrator, including his or her designee and/or agent, shall deposit the percentage of revenues from the Medical Cannabis Transfer Tax into the Affordable Housing Trust Fund on a quarterly basis.

C. After quarterly deposits are made to the Affordable Housing Trust Fund, the remainder of the revenues collected from the tax imposed under this Article shall be deposited into the City's general fund.

ARTICLE XI
Recreational Cannabis Transfer and User Tax

§ 304-51. Title. [Added 8-18-2021 by Ord. No. 21-053]

This article shall be known and may be cited as the "Recreational Cannabis Transfer and User Tax."

§ 304-52. Definitions. [Added 8-18-2021 by Ord. No. 21-053]

To effectuate the purposes of this article, these terms shall have the following meanings:

CANNABIS means all parts of the plant Cannabis sativa L., whether growing or not, the seeds thereof, and every compound, manufacture, salt, derivative, mixture or preparation of the plant or its seeds, except those containing resin extracted from the plant, which are cultivated and, when applicable, manufactured in accordance with the New Jersey Cannabis Regulatory, Enforcement Assistance, and Marketplace Modernization Act for use in cannabis products as set forth in the Act, but shall not include the weight of any other ingredient combined with cannabis to prepare topical or oral administrations, food, drink or other product. "Cannabis" does not include: medical cannabis dispensed to registered qualifying patients pursuant to the "Jake Honig Compassionate Use Medical Cannabis Act," P.L.2009, c.307 (C.24:6I-1 et al.) and P.L.2015, c.158 (C.18A:40-12.22 et al.); marijuana as defined in N.J.S.2C:35- 2 and applied to any offense set forth in chapters 35, 35A, and 36 of Title 2C of the New Jersey Statutes, or P.L.2001, c.114 (C.2C:35B-1 et seq.), or marijuana as defined in section 2 of P.L.1970, c.226 (C.24:21-2) and applied to any offense set forth in the "New Jersey Controlled Dangerous Substances Act," P.L.1970, c.226 (C.24:21-1 et al.); or hemp or a hemp product cultivated, handled, processed, transported, or sold pursuant to the "New Jersey Hemp Farming Act," P.L.2019, c.238 (C.4:28-6 et al.).

CANNABIS CULTIVATOR means any licensed person or entity that grows, cultivates, or produces cannabis in this State, and sells, and may transport, this cannabis to other cannabis cultivators, or usable cannabis to cannabis manufacturers, cannabis wholesalers, or cannabis retailers, but not to consumers. This person or entity shall hold a Class 1 Cannabis Cultivator license.

CANNABIS ESTABLISHMENT means a cannabis cultivator, a cannabis manufacturer, a cannabis wholesaler, or a cannabis retailer.

CANNABIS ITEM means any usable cannabis, cannabis product, cannabis extract, and any other cannabis resin. "Cannabis item" does not include: any form of medical cannabis dispensed to registered qualifying patients pursuant to the "Jake Honig Compassionate Use Medical Cannabis Act," P.L.2009, c.307 (C.24:6I-1 et al.) and P.L.2015, c.158 (C.18A:40-12.22 et al.); or hemp or a hemp product cultivated, handled, processed, trans ported, or sold pursuant to the "New Jersey Hemp Farming Act," P.L.2019, c.238 (C.4:28-6 et al.).

CANNABIS MANUFACTURER means any licensed person or entity that processes cannabis items in this State by purchasing or otherwise obtaining usable cannabis, manufacturing, preparing, and packaging cannabis items, and selling, and optionally transporting, these items to other cannabis manufacturers, cannabis wholesalers, or cannabis retailers, but not to consumers. This person or entity shall hold a Class 2 Cannabis Manufacturer license.

CANNABIS RETAILER means any licensed person or entity that purchases or otherwise obtains usable cannabis from cannabis cultivators and cannabis items from cannabis manufacturers or cannabis wholesalers, and sells these to consumers from a retail store, and may use a cannabis delivery service or a certified cannabis handler for the off-premises delivery of cannabis items and related supplies to consumers. A cannabis retailer shall also accept consumer purchases to be fulfilled from its retail store that are presented by a cannabis delivery service which will be delivered by the cannabis delivery service to that consumer. This person or entity shall hold a Class 5 Cannabis Retailer license.

CANNABIS WHOLESALER means any licensed person or entity that purchases or otherwise obtains, stores, sells or otherwise transfers, and may transport, cannabis items for the purpose of resale or other transfer to either another cannabis wholesaler or to a cannabis retailer, but not to consumers. This person or entity shall hold a Class 3 Cannabis Wholesaler license.

CONSUMER means a person 21 years of age or older who purchases, directly or through a cannabis delivery service, acquires, owns, holds, or uses cannabis items for personal use by a person 21 years of age or older, but not for resale to others.

PREMISES means the following areas of a location licensed under the New Jersey Cannabis Regulatory, Enforcement Assistance, and Marketplace Modernization Act: All public and private enclosed areas at the location that are used in the business operated at the location, including offices, kitchens, rest rooms, and storerooms; all areas outside a building that the Cannabis Regulatory Commission has specifically licensed for the production, wholesaling, distributing, retail sale, or delivery of cannabis items; and, for a location that the commission has specifically licensed for the production of cannabis outside a building, the entire lot or parcel that the licensee owns, leases, or has a right to occupy.

§ 304-53. Tax imposed; transfer tax and user tax. [Added 8-18-2021 by Ord. No. 21-053]

(1) Two percent of the receipts from each sale by a cannabis manufacturer;

(2) One percent of the receipts from each sale by a cannabis wholesaler;

(3) Two percent of the receipts from each sale by a cannabis retailer.

There shall also be imposed a user tax, at the equivalent transfer tax rates, on any concurrent license holder operating more than one cannabis establishment, as permitted by Section 33 of P.L.2021, c.16 (C.24:6I-46). The user tax shall be imposed on the value of each transfer or use of cannabis or cannabis items not otherwise subject to the transfer tax imposed pursuant to paragraphs A and B of this section, from the license holder's establishment that is located in Jersey City to any of the other license holder's establishments, whether located in Jersey City or another municipality.

All taxes imposed by this section shall be in addition to any other tax imposed by law. Any transaction for which the transfer tax or user tax is imposed, or could be imposed, pursuant to this section, other than those which generate receipts from the retail sales by cannabis retailers, shall be exempt from the tax imposed under the "Sales and Use Tax Act", P.L. 1966, c. 30 (C.54:32B-1 et seq.).

§ 304-54. Collection and payment of transfer tax and user tax. [Added 8-18-2021 by Ord. No. 21-053]

A. The transfer tax or user tax shall be collected or paid, and remitted to Jersey City by the cannabis establishment from the cannabis establishment purchasing or receiving the cannabis or cannabis items, or from the consumer at the point of sale, on behalf of Jersey City by the cannabis retailer selling the cannabis item to that consumer.

B. The transfer tax or user tax shall be stated, charged, and shown separately on any sales slip, invoice, receipt or other statement or memorandum of the price paid or payable, or equivalent value of the transfer, for the cannabis or cannabis item.

C. Every cannabis establishment required to collect a transfer or user tax imposed by this section shall be personally liable for the transfer tax or user tax imposed, collected or required to be collected under this section.

D. Any cannabis establishment shall have the same right with respect to collecting the transfer tax or user tax from another cannabis establishment or the cannabis consumer as if the transfer tax or user tax was a part of the sale and payable at the same time, or with respect to non-payment of the transfer or user tax by the cannabis establishment or consumer, as if the transfer tax or user tax was part of the purchase price of the cannabis or cannabis item, or equivalent value of the transfer of the cannabis or cannabis item, and payable at the same time; provided however, that the Business Administrator shall be joined as a party in any action or proceeding brought to collect the transfer tax or user tax.

E. No cannabis establishment required to collect a transfer tax or user tax imposed by this section shall advertised or hold out to any person or to the public in general, in any manner, directly or indirectly, that the transfer tax or user tax will not be separately charged and stated to another cannabis establishment or the consumer, or that the transfer tax or user tax will be refunded to the cannabis establishment or the consumer.

F. All revenues collected from a transfer tax or user tax imposed by this section shall be remitted to the Division of Commerce in a manner prescribed by the Business Administrator. The Division of Commerce shall collect and administer any transfer tax or user tax imposed by this section.

G. The City shall enforce the payment of delinquent taxes or transfer fees imposed by this section in the same manner as provided for municipal real property taxes.

§ 304-55. Penalties for nonpayment. [Added 8-18-2021 by Ord. No. 21-053]

A. In the event that the transfer tax or user tax imposed by this section is not paid as and when due by a cannabis establishment, the unpaid balance, and any interest accruing thereon, shall be a lien on the parcel of real property comprising the cannabis establishment's premises in the s a me manner as all other unpaid municipal taxes, fees or other charges. The lien shall be superior and paramount to the interest in the parcel of any owner, lessee, tenant, mortgagee, or other person, except the lien of municipal taxes, and shall be on a parity with and deemed equal to the municipal lien on the parcel for unpaid property taxes due and owing in the same year.

B. The City shall file in the Office of the Tax Collector, a statement showing the amount and due date of the unpaid balance and identifying the lot and block number of the parcel of real property that comprises the delinquent cannabis establishment's premises.

C. The lien shall be enforced as a municipal lien in the same manner as all other municipal liens are enforced.

§ 304-56. Use of revenues. [Added 8-18-2021 by Ord. No. 21-053]

A. The revenues collected from the tax imposed under this article shall be dedicated to the Jersey City Public Schools and social equity programs. A Cannabis Fund Committee shall be established and will determine the allocation of the funding from the cannabis fund based on the needs of the community on an annual basis and pursuant to this article and any regulations set forth by the City and State. The Cannabis Fund Committee makeup shall be determined in future legislation.

B. The City's Business Administrator, including his or her designee and/or agent, shall deposit the revenues from the recreational cannabis transfer and user tax into a cannabis fund on a quarterly basis.

ARTICLE I

Taxicabs [Adopted 7-17-1979 by Ord. No. S-223]

§ 307-1. Definitions.

As used in this article, the following terms shall have the meanings indicated:

CALL BOX — A telephone or call box for the taking of calls and the dispatching of taxicabs by the authorized holder or holders of a certificate of public convenience and necessity. **[Amended 4-10-1996 by Ord. No. 96-003]**

CERTIFICATE — A certificate of public convenience and necessity issued by the Division of Commerce, authorizing the holder thereof to conduct a taxicab business in the City of Jersey City. **[Amended 8-13-1997 by Ord. No. 97-052]**

CRUISING — [Repealed 4-10-1996 by Ord. No. 96-003]

DESIGNATED TAXI STAND — A stand for the exclusive use of those taxicabs specifically assigned such stand and issued an emblem stating the name of such stand by the Division of Commerce. **[Added 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]**

DISABLED PERSON — Disabled person means a physical impairment which confines a person to a wheelchair, cause a person to work with difficulty or insecurity, affects sight or hearing to the extent that a person functioning in public areas is insecure or exposed to danger, causes faulty coordination or reduces mobility, flexibility, coordination and perceptiveness. **[Added 4-10-1996 by Ord. No. 96-003]**

DRIVER'S LICENSE — The permission granted by the Division of Commerce to a person to drive a taxicab upon the streets of the city. **[Amended 8-13-1997 by Ord. No. 97-052]**

HOLDER — A person to whom a certificate of public convenience and necessity has been issued.

MANIFEST — A daily record prepared by a taxi driver of all trips made by the driver showing time and place of origin, destination, number of passengers and the amount of fare of each trip. The manifest shall also contain the driver's name, time reporting on and off duty, the starting and finishing mileage and the number of the vehicle.

OPEN TAXI STAND — A stand which is not reserved for the exclusive use of specific taxicabs but authorized for use by any taxicab licensed pursuant to this article. **[Added 4-10-1996 by Ord. No. 96-003]**

RATE CARD — A card issued by the Division of Commerce for display in each taxicab which contains the rate of fare in force. **[Amended 8-13-1997 by Ord. No. 97-052]**

Editor's note—The definition of "transportation supervisor," which followed this definition, was deleted 6-14-1995 by Ord. No. 95-050.

STARTER — A person in charge of queuing taxicabs and waiting patrons and otherwise maintaining order at a taxi stand. **[Added 4-10-1996 by Ord. No. 96-003]**

TAXICAB or TAXI — A motor vehicle equipped with a taximeter, regularly engaged in the business of carrying passengers for hire, and not operated over a fixed route, and so designed as to comfortably seat not fewer than four passengers, exclusive of the driver.

TAXIMETER — A meter, instrument or device attached to a taxicab which measures mechanically the distance driven and the waiting time upon which the fare is based.

TAXI STAND and TEMPORARY TAXI STAND — A place alongside the curb of a street or elsewhere in the city reserved exclusively for the use of taxicabs and distinctly marked by a metal sign or stanchion, or by painted markings on the surface of the street or curb. **[Amended 4-10-1996 by Ord. No. 96-003]**

WAITING TIME — The time when a taxicab is not in motion from the time of acceptance of a passenger or passengers to the time of discharge and payment of fare by the passenger.

§ 307-2. Certificate of public convenience and necessity required. [Amended 9-20-1979 by Ord. No. S-290; 9-23-1984 by Ord. No. S-484; 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052; 11-28-01 by Ord. No. 01-126; 10-9-2013 by Ord. No. 13-101]

A. No private vehicle or limousine shall be used as a taxicab. No person shall operate or permit a taxicab owned or controlled by him or her to be operated as a vehicle for hire without having first obtained a certificate of public convenience and necessity from the Division of Commerce. The number of outstanding certificates shall be limited to a total of one hundred twenty-four (124) taxis. Any additional licenses authorized by this section shall be issued to the highest qualified bidder at auction in accordance with N.J.S.A. 48:16-2.1, et seq., as amended and no more, unless adequate service to the public shall require more and such additions are approved by the Municipal Council.

B. The Municipal Clerk is authorized to advertise for sale the additional twenty (20) licenses in accordance with N.J.S.A. 48:16-2.1, et seq. Such licenses shall be offered for sale at public auction, after advertising thereof in the Jersey Journal and the Hudson Reporter.

C. Such licenses shall be offered for sale at public auction, after advertising thereof in the Jersey Journal and the Hudson Reporter.

D. The minimum bid price shall be as follows for the following designated taxi stand locations:

1. Journal Square taxi stand an additional three (3) license minimum bid price, one hundred thousand dollars ($100,000.00).

2. Grove Street taxi stand an additional two (2) licenses minimum bid price, eighty thousand dollars ($80,000.00).

3. Town Square Place (FKA Pavonia Avenue) an additional four (4) licenses minimum bid price, eighty thousand dollars ($80,000.00).

4. Exchange Place taxi stand an additional two (2) licenses minimum bid price, fifty thousand dollars ($50,000.00).

E. The minimum bid price for the additional nine (9) licenses that are not designated to a closed taxi stand location shall be fifty thousand dollars ($50,000.00) each.

F. Ten (10) percent of the minimum bid price shall be paid to the Municipal Clerk by teller's or certified check at the conclusion of the bidding. The balance shall be paid within seventy-two (72) hours of the later of (1) council resolution accepting a bid and (2) issuance of an owner's license pursuant to this chapter. The Municipal Council reserves the right to reject all bids where the highest bid is not accepted.

G. Any new license issued pursuant to subsection (B) of this section may not be transferred within two (2) years after issuance unless such transfer is approved on the basis of death, disability, serious illness or severe financial hardship by resolution of the Municipal Council.

§ 307-3. Application for certificate. [Amended 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

An application for a certificate of public convenience and necessity shall be filed with the Division of Commerce upon forms provided by the Division, and the application shall be verified under oath and shall furnish the following information:

A. Name, address, date of birth, telephone, social security and motor vehicle operator license numbers of the applicant.

B. Experience of the applicant in the transportation of passengers.

C. Any facts which the applicant believes tend to prove that public convenience and necessity require the granting of a certificate.

D. Number of vehicles to be operated or controlled by the applicant and the location of proposed depots and terminals.

E. Four photographs (minimum size of 3 1/2 inches by 3 1/2 inches) of each taxi (full frontal, full rear and bumper-to-bumper left and night side views). (This requirement shall not apply to renewal applications, but to initial applications under this amended ordinance and replacement vehicles only.)

F. Complete a Scofflaw Violations Check Form supplied by the Division of Commerce.

G. Such other information as the Division may require.

§ 307-4. Issuance or denial of certificate.

A. Subject to the limit fixed by this article, if the Division of Commerce finds that further taxicab service in the city is required by the public convenience and necessity and that the applicant is fit, willing and able to perform such public transportation and to conform to the provisions of this article and the rules thereto promulgated by the Division, then the Division shall issue a certificate stating the name and address of the applicant, the number of vehicles authorized under said certificate and the date of issuance; otherwise the application shall be denied. **[Amended 8-13-1997 by Ord. No. 97-052]**

B. In making the above findings, the Division shall take into consideration the number of taxicabs already in operation, whether existing transportation is adequate to meet the public need, the probable effect of increased service on local traffic conditions, and the character, experience and responsibility of the applicant.

C. If the application is denied, written reasons for such denial shall be given the applicant. The applicant may appeal such denial to the Business Administrator in writing and within 20 days of his or her receipt of the written reasons for denial. A hearing shall be scheduled upon at least 10 days' notice to the applicant. **[Added 4-10-1996 by Ord. No. 96-003; amended 8-13-1997 by Ord. No. 97-052]**

D. Every holder of a certificate of public convenience and necessity shall be responsible for the operation of any taxi for which the certificate has been granted. **[Added 4-10-1996 by Ord. No. 96-003]**

§ 307-5. Operation of noncertified taxicabs within city limits. [Amended 4-26-1984 by Ord. No. MC-489; 6-14-1995 by Ord. No. 95-050]

A. It shall be unlawful for a noncertified taxicab to pick up or accept a passenger within the city for a destination to a place within the city.

B. Noncertified taxicabs may discharge a passenger at a destination within the city, provided that said passenger has been picked up by said taxicab outside the city.

C. Noncertified taxicabs may only pick up a passenger within the city to be taken to a place of destination outside the city, provided that the passenger had personally or through an agent previously arranged by telephone or other means of communication with the owner or driver of the noncertified taxicab for such a trip to the destination outside the city.

D. Noncertified taxicabs may not pick up passengers unless the pickup is prearranged as described above. **[Added 4-10-1996 by Ord. No. 96-003]**

§ 307-6. Emergent removal of taxi from service; out-of-service sticker. [Amended 4-26-1984 by Ord. No. MC-489; 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

A. A taxi may be removed from service on an emergent basis by the Director of the Division of Commerce when:

(1) The taxi is being operated without insurance in violation of § 307-7;

(2) The taxi is found to be unsafe or otherwise in violation of the provisions of § 307-21; or

(3) The taximeter is not working or inaccurate or otherwise in violation of § 307-23.

B. The holder may appeal the removal from service in writing to the Business Administrator within 20 days of the removal. A hearing shall be scheduled upon at least 10 days' notice to the holder.

C. When the Division of Commerce removes a taxi from service, the Division shall place an out-of-service sticker on the left side of the taxi's front windshield. The taxi shall remain out-of-service until the deficiencies are corrected and the sticker is removed by the Division.

D. It shall be a violation of this article for anyone other than the Director of the Division of Commerce or an inspector of the Division to remove an out-of-service sticker placed on a taxi by the Division.

E. If a taxi is in operation after an out-of-service sticker is removed by anyone other than the Director of the Division of Commerce or an inspector of the Division and prior to the correction of the deficiencies which caused the sticker to be placed on the taxi, the Director of the Division may cause that taxi to be impounded until the deficiencies which caused the sticker to be placed on the taxi are corrected. In such a case, the impoundment shall be at the taxi owner's expense.

F. If within 40 days of the removal from service, the taxi is not returned to service in full compliance with this article, the Director of the Division of Commerce shall revoke such certificate of public convenience and necessity in accordance with the procedures set forth in § 307-11.

§ 307-7. Insurance required. [Amended 9-13-1984 by Ord. No. MC-674; 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

A. In order to insure the safety of the public, it shall be unlawful for any person to operate or cause or permit a taxicab to be operated, nor shall be certificate of public convenience and necessity be issued, until an insurance policy in compliance with N.J.S.A. 48:16-3 to 48:16-12 is obtained and copies filed with the Clerk of the City of Jersey City and with the Division of Commerce.

B. Any certificate issued hereunder shall only be effective for as long as the insurance policy remains in force and in accordance with the statutory amounts. In the event that the insurance is canceled, the certificate shall terminate on the effective date of the cancellation, unless the insurance has been reinstated and a withdrawal of the cancellation or a new policy of insurance has been submitted to the Clerk of the City of Jersey City and to the Division of Commerce prior thereto for the remainder of the license term.

C. Said insurance policy must provide therein that it shall not be canceled except upon 20 days' prior written notice to the Director of the Division of Commerce.

§ 307-8. Annual license fee; expiration date. [Amended 5-27-1980 by Ord. No. S-401; 6-14-1995 by Ord. No. 95-050; 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052; 2-11-1998 by Ord. No. 98-004; 2-14-01 by Ord. No. 01-013]

No certificate shall be issued or continued in operation unless the holder thereof has paid an annual license fee as provided in Chapter 160, Fees and Charges, for each vehicle operated under a certificate of public convenience and necessity and, upon renewal, has completed a renewal application, together with applicable documentation, as required by the Division of Commerce. The certificate shall expire on March 31 of each year. The initial license fee following the change in expiration date will be subject to proration by the Division of Commerce. The fee shall be in addition to any other license fees or charges established by proper authority and applicable to said holder of the vehicle or vehicles under his or her operation and control.

§ 307-9. Transfer of certificate. [Amended 3-11-1980 by Ord. No. S-356; 5-27-1980 by Ord. No. S-401; 4-26-1984 by Ord. No. MC-489; 6-14-1995 by Ord. No. 95-050; 4-10-1996 by Ord. No. 96-003; 1-9-02 by Ord. No. 01-139]

A. No certificate of public convenience and necessity may be sold, leased or otherwise transferred to a taxicab driver or any other person for the use of transporting passengers without the approval of the Director of the Division of Licenses and Fees. The purchaser, lessee or transferee shall qualify for a certificate in accordance with § 307-3 et seq. Any denial of sale, lease, or transfer shall be in writing and based upon the failure of the transferee to qualify for a certificate pursuant to § 307-3 et seq. An applicant wishing to appeal a denial of transfer shall follow the procedure as set forth in § 307-4C.

B. The holder of a certificate may sell, lease or transfer the certificate as described in § 307-9A above, or may lease, rent or hire out a taxicab or taxicab driver to any other person for the use of transporting passengers, subject to the approval of the Director of the Division of Licenses and Fees. Whenever a holder of a certificate leases, rents or hires out a taxicab as described above, the details of the transaction shall be recorded promptly by the holder in the Division of Licenses and Fees.

C. The transfer fee shall be as provided in Chapter 160, Fees and Charges.

§ 307-10. Revocation or suspension of certificate. [Amended 4-26-1984 by Ord. No. MC-489; 8-13-1997 by Ord. No. 97-052]

A certificate issued under the provisions of this article may be revoked or suspended by the Division of Commerce if the holder thereof has:

A. Violated any of the provisions of this article.

B. Discontinued operations for more than 30 days.

C. Violated any provision of this Code or the laws of the United States or the State of New Jersey, the violations of which reflect unfavorably on the fitness of the holder to offer public transportation.

§ 307-11. Notice prior to suspension or revocation; hearing. [Amended 4-10-1996 by Ord. No. 96-003]

A. Prior to suspension or revocation, the holder shall be given notice and a copy of the charges and shall have an opportunity to present evidence in his or her behalf to the Division Director.

B. An adverse ruling by the Division Director may be appealed to the Business Administrator. The request for appeal shall be in writing and submitted within 20 days of the adverse ruling. A hearing shall be scheduled upon at least 10 days' notice to the holder. **[Amended 8-13-1997 by Ord. No. 97-052]**

§ 307-12. Taxicab driver's license.

No person shall operate a taxicab for hire upon the streets and no person who owns or controls a taxicab shall permit it to be so driven and no taxicab licensed by the City shall be so driven at any time for hire unless the driver of the taxicab shall have first obtained and shall have then in force a taxicab driver's license issued under the provisions of this article.

§ 307-13. Application for taxicab driver's license; contents; expiration date. [Amended 6-14-1995 by Ord. No. 95-050; 4-10-1996 by Ord. No. 96-003]

A. An application for a taxicab driver's license and yearly renewal thereof shall be filed with the Division of Commerce on forms provided by the Division, and such application shall be verified under oath and shall contain the following materials or information:

(1) Name, address, date of birth, telephone, social security and motor vehicle operator license numbers.

(2) The experience of the applicant in the transportation of passengers.

(3) A three-year history of his or her employment.

(4) Proof of residence in the State of New Jersey for a period of at least 90 days.

(5) The applicant shall be 21 years of age or older and have at least three years of driving experience.

(6) The applicant is able to speak, read and write the English language and has a basic knowledge of Hudson County roadways and landmarks.

(7) The applicant is a citizen of the United States. If the applicant is not a citizen, he or she must present valid documentation of authorization to work from the federal government.

(8) The applicant has in his or her possession a valid New Jersey State driver's license.

(9) Two photographs of the applicant one and one-half by one and one-half (1 1/2 × 1 1/2) inches front view of the applicant's face and shoulders without head covering. **[Amended 8-13-1997 by Ord. No. 97-052]**

(10) Fingerprint impressions taken by the Department of Public Safety. The applicant shall bear any and all costs for fingerprinting. [**Amended 9-11-2013 by Ord. No. 13-081**]

(11)Each application must be accompanied by a certificate from a licensed and practicing physician of the State of New Jersey, certifying that the applicant was examined on a certain date, within 60 days before the filing of the application; and that, in the physician's opinion, the applicant is of sound physique, with good eyesight, not subject to epilepsy, vertigo, heart trouble or any other infirmity of body or mind which might make the applicant unfit to safely operate a taxi. Upon renewal application, a certificate shall only be required every other year.

B. At the time the application is filed, the applicant shall pay to the Division the sum as provided in Chapter 160, Fees and Charges. The license shall expire on December 31 of each year. The initial license fee following the change in expiration date will be subject to proration by the Division of Licenses and Fees. **[Amended 2-11-1998 by Ord. No. 98-004]**

§ 307-14. Investigation of taxicab driver's license applicants. [Amended 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052; 9-11-2013 by Ord. No. 13-081]

A. Upon the filing of an application for a taxi driver's license, the Department of Public Safety shall conduct an investigation of each applicant. The applicant's photo and fingerprints shall be forwarded to the Department of Public Safety's Bureau of Records and Identification. A report of the investigation and a copy of the traffic and police record of the applicant, if any, shall be attached to the application and returned for the consideration of the Division of Commerce.

B. The Director of the Division of Commerce shall consider the application, the police investigation report, the physician's certificate and any other documentation required to be attached thereto, the character, driving experience and responsibility of the applicant and any other relevant facts whatsoever and shall approve or reject the application. However, no taxi driver's license shall be issued until a written police investigation report is received from the Department of Public Safety's Bureau of Records and Identification, showing the result of the investigation of the applicant's prior history, if any, through an examination of the fingerprints. If a delay of more than 30 days is encountered between the date of fingerprinting and the receipt of the results of a Federal Bureau of Investigation (FBI) or a New Jersey State Police fingerprint check (the applicant shall bear the cost of any such investigation and check), the Director of the Division of Commerce may issue the applicant a temporary license for a period not to exceed six months based on a check through the fingerprints on file with the Department of Public Safety. If, when received by the Division of Commerce, all results of the fingerprint checks by the FBI and the New Jersey State Police show that the applicant is unfit to obtain a license, the Division may immediately revoke the applicant's license.

§ 307-15. Approval or rejection of application for taxicab driver's license. [Amended 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

The Division of Commerce shall, upon consideration of the application and the reports and certificates required to be attached thereto, approve or reject the application. If the application is rejected, written reasons for such rejection shall be given to the applicant. The applicant may appeal such rejection to the Business Administrator, in writing, and within 20 days of his or her receipt of written reasons for rejection. A hearing shall be scheduled upon at least 10 days' notice to the applicant.

§ 307-16. Issuance of taxicab driver's license; fee. [Amended 5-27-1980 by Ord. No. S-401; 6-14-1995 by Ord. No. 95-050]

A license for each calendar year shall be issued upon payment of a fee as provided in Chapter 160, Fees and Charges, unless the license for the previous year has been revoked or suspended.

§ 307-17. Display of taxicab driver's license.

Every driver licensed under this article shall post his or her driver's license and a rate card in a bracket folder above the rear front seat at the eye level of the passenger. Said license and rate card shall be enclosed in plastic or glass.

§ 307-18. Suspension or revocation of taxicab driver's license. [Amended 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

The Division of Commerce is hereby given the authority to suspend any taxicab driver's license issued under this article, such suspension to last for a period of not more than 30 days. The Division is also given authority to revoke any driver's license. A license may be suspended or revoked for failure to comply with the provisions of this article. However, a license may not be suspended or revoked unless the driver has received notice and a copy of the charges and has had an opportunity to present evidence in his or her behalf to the Division Director. An adverse ruling by the Division Director may be appealed to the Business Administrator. The request for appeal shall be in writing and submitted within 20 days of the adverse ruling. A hearing shall be scheduled upon at least 10 days' notice to the driver.

§ 307-19. Licensed drivers to comply with other laws. [Amended 8-13-1997 by Ord. No. 97-052]

Every taxicab driver licensed under this article shall comply with all city, state and federal laws relating to the use and occupancy of motor vehicles and taxicabs. Failure to do so will justify the Director of the Division of Commerce in suspending or revoking a license.

§ 307-20. Taxicab equipment and maintenance; inspections. [Amended 4-26-1984 by Ord. No. MC-489; 7-10-1986 by Ord. No. C-249; 12-22-1986 by Ord. No. C-357; 2-11-1987 by Ord. No. C-395; 2-26-1987 by Ord. No. C-381; 5-28-1987 by Ord. No. C-462; 9-25-1991 by Ord. No. McC-361; 3-9-2005 by Ord. 05-017]

A. Prior to the use and operation of any vehicle as a taxicab under this article, the vehicle shall be thoroughly examined and inspected by the Division of Commerce and shall be found to comply with such reasonable rules and regulations as may be prescribed by the Division. These rules and regulations shall be promulgated to provide safe transportation and shall specify such safety equipment and regulatory devices as the Division deems necessary therefor.

B. When the Division of Commerce finds that a vehicle has met the standards established by the Division of Commerce, it shall issue a license to that effect. The license shall be conspicuously displayed in each taxicab, so as to be readily seen by the passenger.

C. Every vehicle operating under this article shall be kept in a clean and sanitary condition according to rules and regulations promulgated by the Division.

D. All seat belts and shoulder harnesses shall be maintained and/or replaced as required to keep them in safe working order. The number of such seat belts and harnesses maintained and/or replaced shall be the same number originally installed by the manufacturor of the vehicle. All upholstery covering on seats and cushions in a licensed taxicab shall be made of leather or similar nonabsorbent material of a washable nature and shall be easily removable.

E. Every taxicab shall be equipped with an interior white light of sufficient candlepower to illuminate its interior after sundown and in no case shall the bulb be less than six candlepower.

F. Taxicabs shall be equipped with roof lights and said lights shall be in operation whenever the taxicabs are in operation. The roof lights shall be lighted when the taxicabs are vacant and extinguished during the daytime hours. There shall be no switches to allow the operator to control the roof lights.

G. Vehicles used as taxicabs shall pass inspection by the New Jersey State Motor Vehicle Department and also shall pass inspection by the Division of Commerce of the city.

H. Taxicabs, whether initial or replacement vehicles, shall not be more than sixty (60) months of age when first put into taxicab service and shall be removed from taxicab service when such vehicle attains the age of eighty-four (84) months; provided, however, that those taxicabs in service prior to the effective date of this amended article and which are 60 or more months of age prior to the effective date of this amended article shall not be required to be removed from taxicab service earlier than twenty-four (24) months after the effective date of this amended article, except that when a taxicab attains the age of eighty-four (84) months, the holder may, on a yearly basis, seek the written approval of the Director of the Division of Commerce to keep the taxicab in service. The holder shall have the burden of proving to the Director of Commerce that the taxicab is in superior condition.

I. Replacement vehicles used as taxicabs shall have a minimum of four doors and shall not be station wagons.

J. Bulletproof shields shall be installed on all vehicles, whether new or used. Such shields shall be installed full length behind the driver's seat from the floor to the roof of the taxicab. The partition shall be made of lexan, margard, or other polycarbonate material not less than 0.375 inches thick extending upward from the back of the front seat to the ceiling of the vehicle. There shall be a provision for communication with passengers and for a money slot while the partition is closed. Such partition may be able to be partially opened by the driver, so long as the driver can fully close the partition at any time. A vehicle owner shall also equip the vehicle with a 0.085-inch thick plate of ballistic steel or its equivalent, installed inside the back rest of the front seat. The plate shall cover the complete back rest area which is exposed to the rear seat compartment.

K. Security locks, which permit operation of both rear door locks by the operator of the taxicab, may be installed in any vehicle; however, the passenger shall never be prevented from manually unlocking his or her door.

L. Taxicabs shall be equipped with trouble lights that can be engaged by the driver, which will reveal a light on the outside of the vehicle, on the back of the taxi and just to the left of the trunk lock, and which is used to send out a silent distress call to notify other vehicles and pedestrians that the driver is in a dangerous situation.

M. Cameras and radios shall be required in all taxicabs. The required cameras shall be designed to enhance driver safety by acting as a deterrent to crime and as an effective tool in identifying those who commit crime, and shall be in-vehicle security camera systems capable of taking digital photo images of the entire passenger area of the vehicle. The system shall consist of a small camera with integrated infrared lighting that is installed above the vehicle's rear-view mirror. The infrared lighting shall enable the capture of digital images during the day or night, which shall be time and date-stamped along with the vehicle identification number, and are stored in a small controller unit securely installed elsewhere in the vehicle. The data shall be encrypted to prevent tampering and may only be accessed by authorized individuals. The required radios shall be FCC-licensed commercial two-way radios with an emergency button capable of notifying the Department of Public Safety or the Division of Commerce that a driver is in trouble. [**Amended 9-11-2013 by Ord. No. 13-081**]

§ 307-21. Taxicab identification; color regulation. [Amended 4-10-1996 by Ord. No. 96-003]

A. For identification purposes, the color scheme, insignia or monogram of a taxicab shall be assigned by the Division of Commerce. Each taxicab shall bear, either upon each rear door or upon each side of the vehicle next to the rear door, the rates of fare, as set forth on the rate card, in black letters not less than one inch or more than two inches in height. Trade names shall appear in black letters no less than six inches in height on both sides and rear of each vehicle. The assigned number of each taxicab shall appear on each side and rear in black numerals not less than two inches in height. No vehicle covered by this article shall be licensed whose color scheme, identifying design, monogram or insignia shall, in the opinion of the Division, conflict with or imitate any color scheme, identifying design, monogram or insignia used on a vehicle or vehicles already operating under the article, in such a manner as to be misleading or tend to deceive or defraud the public. If, after a license has been issued for a taxicab hereunder, the color scheme, identifying design, monogram or insignia thereof is changed without authorization from the Director of the Division of Commerce, the certificate covering such taxicab or taxicabs shall be suspended or revoked in accordance with the procedures set forth in § 307-11. **[Amended 8-13-1997 by Ord. No. 97-052]**

B. All taxicabs licensed to operate within the City of Jersey City shall be painted one uniform color substantially consistent with the following examples:

(1) Ford Chrome Yellow Paint - Code No. 6S.

(2) Dupont Centari Acrylic Paint - Code No. 4357.

(3) Dupont Deluxe Enamel Paint - Code No. 95923.

C. All taxicabs in service prior to the effective date of this amended article shall be exempt from this requirement; provided, however, that all new and replacement taxicabs which come into service after the effective date of this amended article shall be in compliance with the above color requirement immediately upon their operation within the City of Jersey City. Also exempt from this requirement, upon review and approval of the Director of the Division of Commerce, shall be radio-dispatched taxis which can demonstrate that their color scheme had been established and recognized by the public for a significant length of time prior to the effective date of this amended article. **[Amended 8-13-1997 by Ord. No. 97-052]**

D. Any taxicab being painted in compliance with this amended article shall be inspected by the Division of Commerce within 30 days of said painting. **[Amended 8-13-1997 by Ord. No. 97-052]**

§ 307-22. Taximeters. [Amended 8-13-1997 by Ord. No. 97-052]

A. All taxicabs operated under the authority of this article shall be equipped with a taximeter of a size and design approved by the Division of Commerce, and be so affixed that the face of the meter is visible to passengers. After sundown, each taximeter shall be illuminated by a suitable light not less than three candlepower and shielded or so arranged as to throw a continuous light thereon. No driver, while carrying passengers, shall display the signal affixed to any taximeter in such a position as to denote that the vehicle is not employed.

B. The Division of Commerce shall examine any taximeter attached to any taxicab, at any time, to see that it is accurate according to the rate schedule and to affix to the meter a seal of the Division. The seal shall be of a type and design set forth by the Division and attached in such manner that will ensure its remaining intact and prevent the tampering with the inner portion of the meter. In the event that a taximeter requires repairs, it shall not be returned to service until such time as it has been inspected again as required above and the proper seal again affixed. No person shall use or permit to be used, or drive for hire, a taxicab with a taximeter the case of which is unsealed or the covers and gears of which are not intact. **[Amended 4-10-1996 by Ord. No. 96-003]**

§ 307-23. Fare rates; discounts. [Amended 3-11-1980 by Ord. No. S-356; 4-28-1981 by Ord. No. S-608; 2-26-1987 by Ord. No. C-381; 4-10-1996 by Ord. No. 96-003]

No owner or driver of a taxicab shall charge a greater sum for the use of a taxicab than in accordance with the following rates:

A. Mileage rates shall be two dollars and fifty cents ($2.50)for the first one-ninth (1/9) mile or each fraction thereof and twenty-five cents ($0.25)for each additional one-ninth (1/9) mile. [9-28-2005 by Ord. No. 05-118]

B. Waiting time shall be charged at the rate of twenty cents ($0.20) for each minute per waiting time or fraction thereof at a rate of twelve dollars ($12.00) per hour.

C. Every taxicab operated under this article shall have a rate card setting forth the authorized rates of fare displayed as described in § 307-17. Rates of fare shall apply on one to five passengers to a single destination.

D. Taximeters shall be maintained so as to remain accurate and, except in the case of flat-fare rates authorized under this article, shall be in use whenever the taxicabs are in operation. When a taximeter is required to be in use, and it is not in use, whatever the reason, the passenger shall not be charged a fare for that particular ride. A notice approved by the Division containing this provision shall be conspicuously posted in each taxicab.

E. Taxicabs shall carry passengers to other municipalities within the state at a flat rate. If a trip or call extends beyond the boundary of the city, the driver and passenger or passengers shall agree on a flat rate of fare, prior to the start of the trip. A proper notation shall be made on the driver's manifest showing such charge.

F. The Division of Commerce shall have prepared the notices in large print to be displayed in the passenger compartment of each taxicab advising the passenger that if the meter is not in operation (except in the case of flat-fare rates authorized under this article) or if there is any question regarding the fare, that the passenger shall notify the Division of Commerce of such matter. In addition to the above, said notice shall contain the following information:

(1) The name of the taxicab owner and the name of the driver.

(2) The number of the taxicab.

G. Senior citizens and disabled persons.

(1) No person of the age of sixty-two (62) years and over, upon presentation of proper identification showing proof of such person's age to the driver of such taxicab, and no disabled person, as defined in § 307-1, shall pay more than the following discount rate; provided, however, that no discount rate shall be in effect between the hours of 7:00 a.m. to 9:00 a.m., and between the hours of 4:00 p.m. to 7:00 p.m., Monday through Friday:

Fare Appearing on Meter	Discount Rate to be Paid
If $4.00 or less	$2.00
If over $4.00	One-half fare

(2) The discount rate shall not apply where two or more adult passengers engage a taxi and all such passengers are not senior citizens and/or disabled persons.

(3) No owner or operator of a taxicab shall refuse to provide transportation for any such senior citizen or disabled person.

H. The Director of the Division of Commerce shall issue adequate signs to be placed in each taxicab operating in the city indicating the availability of reduced fares for senior citizens and disabled persons.

§ 307-24. Receipt to be supplied upon demand.

The driver of a taxicab shall, upon demand by the passenger, render to the passenger a receipt for the amount charged, either by a mechanically printed receipt or by a specially prepared receipt on which shall be the name of the owner, driver's name, license number of taxicab, date and amount of the fare.

§ 307-25. Refusal of passenger to pay legal fare. [Amended 4-10-1996 by Ord. No. 96-003]

No person shall refuse to pay the legal fare of any taxicab or vehicle mentioned in this article after having hired the same, and no person shall hire any such taxicab or vehicle with intent to defraud the person from whom it was hired of the value of such service. Any dispute as to rate of fare shall, upon request of the driver or passenger, be determined by the police officer in charge of the nearest police station.

§ 307-26. Solicitation of passengers; acceptance and discharge of passengers; cruising.

A. No driver shall, whether at a taxi stand or otherwise, solicit passengers for a taxicab, except when sitting in the driver's compartment of such taxicab or while standing immediately adjacent to the curb

side thereof. No driver shall use words other than "taxi," "cab" or "taxicab" when so soliciting. This subsection shall not be construed to allow any solicitation or conduct otherwise prohibited by this Chapter. The driver of any taxicab shall remain in the driver's compartment or immediately adjacent to the vehicle at all times when such vehicle is upon the public street. No driver shall, whether at a taxi stand or otherwise, seek to ascertain the destination of a passenger before the passenger is seated in the taxicab. **[Amended 8-20-2008 by Ord. No. 08-110]**

B. No driver shall threaten, harass or abuse any passenger, governmental officer, representative of the Division of Commerce, public servant or any other person while performing his duties as a driver. No driver shall use or attempt to use any physical force against a passenger, governmental officer, representative of the Division of Commerce, public servant or any other person while performing his duties as a driver. No driver shall solicit patronage in a loud or annoying tone of voice or by sign or in any manner annoy any person or obstruct the movement of any person or follow any person for the purpose of soliciting patronage. No driver or starter shall induce any prospective passenger as to the location of any hotel, public place or private residence within the city or as to the distance between any two points, nor shall any driver or starter deceive any prospective passenger or make any false or misleading representations to him or her or convey any passenger to any place or over any other route than that to which such passenger may have instructed the driver to go. No driver shall deceive a passenger by taking a route known to be less direct for the purpose of increasing a fare. **[Amended 4-10-1996 by Ord. No. 96-003; 8-20-2008 by Ord. No. 08-110]**

C. Drivers of taxicabs shall not receive or discharge passengers in the roadways, but shall pull up to the right-hand sidewalk as nearly as possible or, in the absence of a sidewalk, to the extreme right-hand side of the road and there receive or discharge passengers, except upon one-way streets, where passengers may be discharged at either the right- or left-hand sidewalk or side of the roadway in the absence of a sidewalk.

D. Drivers may, upon being hailed, pick up passengers except in such areas and at such times prohibited by directive issued by the Director of the Division of Commerce with the approval of the Business Administrator. Such directive and any amendments thereto shall be mailed to the last known business address of each holder of a certificate. A driver shall not, however, pick up a passenger within four hundred (400) feet of a taxi stand. **[Amended 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]**

E. No person, other than the licensed driver or a person with a disability, shall ride or sit in the front seat unless the rear seat is fully occupied by passengers. **[Amended 4-10-1996 by Ord. No. 96-003; 8-20-2008 by Ord. No. 08-110]**

F. No driver shall permit more persons to be carried in a taxicab as passengers than the number of manufacturer installed seat belts originally existing in the taxicab. **[Amended 4-10-1996 by Ord. No. 96-003]**

G. No driver shall refuse or neglect to convey any orderly person or persons upon request, unless previously engaged or unable or forbidden by the provisions of this article to do so.

H. It shall be a violation of this article for any driver of a taxicab to solicit business for any hotel or to divert patronage from one hotel to another. Drivers shall not partake of any alcoholic beverage while

on duty. Drivers shall not engage in selling intoxicating liquors or solicit business for any illicit purpose or use vehicles for any purpose other than the transportation of passengers. **[Amended 4-10-1996 by Ord. No. 96-003]**

I. No taxicab shall remain parked at any place within the city except at a taxi stand assigned to it or unless it is waiting for a scheduled passenger. No taxicab shall be parked at any place other than its taxi stand awaiting a call from its dispatcher or other person for a new assignment. A driver may, however, park a taxicab for short periods of time solely to do errands or business of a personal nature, i.e., food breaks. **[Amended 4-10-1996 by Ord. No. 96-003]**

§ 307-27. Taxi stands; establishment; designated stand; open stand; use. [Amended 4-10-1996 by Ord. No. 96-003]

A. The Division of Traffic and Street Maintenance, with the approval of the Division of Commerce, shall recommend to the governing body the establishment of designated and open taxi stands and temporary taxi stands in such place or places upon the streets of the city as it deems necessary. The governing body shall establish taxi stands by resolution. A taxi stand or temporary taxi stand may also be located on private property with approval of the property owner. The Division of Traffic and Street Maintenance, with the Division of Commerce, shall make such recommendation to the governing body. Any taxi stand established shall further be in compliance with all applicable state laws. The Division of Commerce, with the approval of the Business Administrator, shall prescribe the number of cabs that shall occupy such taxi stands and temporary taxi stands, and such number shall be indicated on the curbside taxi stand sign. No stand shall be established without taking into consideration the need for such stands by the companies and the convenience to the general public. Nor shall a stand be established in front of any place of business where the abutting property owners object to same or where such stand would create a traffic hazard. For stands located on private property, the owners of such property may impose additional requirements upon occupants with regard to their use of such private property stands. **[Amended 8-13-1997 by Ord. No. 97-052]**

B. In the event that relocation of public highways or other development or improvement makes it necessary to close and discontinue a taxi stand or temporary taxi stand, the Division of Traffic and Street Maintenance, with the approval of the Division of Commerce, shall have the right to close and discontinue the stand or to change its location. In the event a designated stand is closed, the occupant(s) of the closed stand shall be reassigned to the new designated stand established to replace the closed stand. If no replacement designated stand is established, then occupant(s) may request assignment to an existing designated stand; provided, however, that the occupant(s) show evidence of the need for additional occupant(s) at the existing stand. Occupants of a designated stand closed without replacement shall have preference when requesting assignment to an existing stand. **[Amended 8-13-1997 by Ord. No. 97-052]**

C. Any newly created designated taxi stand or any assigned space at an existing designated taxi stand which becomes available through retirement, revocation or other means shall be offered for sale at public auction, after advertising thereof in the Jersey Journal and the Hudson Reporter. The procedures, rules and regulations for such an auction shall be announced by directive issued by the Director of the Division of Commerce with the approval of the Business. Administrator and may be amended as deemed necessary to ensure the fair and equitable disposition of designated taxi stand

assignments. The auction shall be conducted by the City Clerk. A holder aggrieved by any decision made pursuant to § 307-27(b) or § 307-27(c) herein may appeal in writing to the Business Administrator within twenty (20) days of such decision. A hearing shall be scheduled upon at least ten (10) days' notice to such holder. **[Amended 8-13-1997 by Ord. No. 97-052; 10-9-2013 by Ord. No. 13-101]**

D. All taxicabs assigned to a designated taxi stand shall be issued an emblem stating the name of the designated stand, and such emblem shall be adhered at the lower left side of the stand, and such emblem shall be adhered at the lower left side of the taxicab's rear windshield so as to be clearly visible by a person standing outside the taxicab. No taxicab shall use a designated taxi stand unless specifically assigned such designated stand and issued the appropriate emblem by the Director of the Division of Commerce. **[Amended 8-13-1997 by Ord. No. 97-052]**

E. Any taxicab may use an open taxi stand as authorized under this article.

F. Stands shall be used by drivers on a first-come, first-served basis, this means that the first taxi in line shall accept the first passenger in line. A driver shall not pick or accept a passenger that is not first in line, nor shall he pick or accept more than one fare. A driver entering the stand with his or her taxicab shall join any waiting taxicabs from the rear and advance forward as the preceding taxicabs depart. A driver may not use another person, other than a dispatcher as authorized in this chapter, to solicit a passenger. No driver shall overcrowd, back into a front position, or otherwise cut in line at a taxi stand. The driver of each of the first two taxicabs at a taxi stand shall remain in the driver's seat ready to accept passengers. Any other driver shall be no more than fifteen (15) feet from his taxicab. No driver shall threaten, harass or abuse any passenger, governmental officer, representative of the Division of Commerce, public servant or any other person while performing his duties as a driver. No driver shall use or attempt to use any physical force against a passenger, governmental officer, representative of the Division of Commerce, public servant or any other person while performing his duties as a driver. Drivers shall not engage in loud or boisterous talk while waiting at a stand, nor shall any driver perform or cause to be performed any maintenance or repairs on his or her taxicab while waiting at a stand. Subject to rules and regulations of the director, no person shall park or stand a taxicab in any prohibited area, or in any area controlled by curb parking meters, or at the curb within fifteen (15) feet of the entrance to any railroad station, theater, hotel, restaurant or similar place of public accommodation or public resort. **[Amended 8-20-2008 by Ord. No. 08-110]**

G. The rules regarding taxi stands shall also apply to feed lines at air, rail, bus and ship terminals. **lexis [Added 8-20-2008 by Ord. No. 08-110]**

§ 307-28. Call boxes; establishment; use. [Amended 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

The Director of the Division of Commerce, with the approval of the City Traffic Engineer, shall establish call boxes upon the streets of the city in such places as in its discretion it deems proper. Any holder or holders desiring to establish a call box shall make a written application to the Division. The applicant(s) shall attach to the application the written approval of the abutting property owner. The Division either shall grant or refuse the application. If and when a call box has been established, as herein provided, it shall be used solely by the holder or holders to whom it was granted and his or her or their agents and servants, and no other holder or holders shall be permitted to use it. Any holder or holders of existing call boxes shall be given six months from the effective date of this article to comply with this section.

§ 307-29. Taxi stands not to be used by other vehicles. [Amended 4-10-1996 by Ord. No. 96-003]

Private vehicles or other vehicles for hire shall not at any time occupy the space upon the streets which has been established as either a taxi stand, temporary taxi stand or call box stand.

§ 307-30. Standard of service; safety requirements; personal appearance. [Amended 4-10-1996 by Ord. No. 96-003]

A. All persons engaged in the taxicab business in the city operating under the provisions of this article, whether holder or driver, shall at all times cooperate with all law enforcement officers and authorized representatives of the Division of Commerce and shall comply with all reasonable requests, including but not limited to, providing his name, certificate or license number, trip record, or any other documentation required to be in his possession. A holder or driver shall promptly answer and comply with all questions, communications, directives, and summonses from law enforcement officers or authorized representatives of the Division of Commerce. A law enforcement officer or authorized representative of the Division of Commerce shall always have the authority to monitor circumstances at a taxi stand or other place of fare and take whatever action is deemed necessary and proper to effectuate the clear and express purposes of this chapter. All persons engaged in the taxicab business in the city operating under the provisions of this article, whether holder or driver, shall at all times render an overall acceptable service to the public desiring to use taxicabs. Holders of certificates of public convenience and necessity shall maintain a central place of business in Jersey City. They shall answer all calls received by them for service inside the city as soon as they can do so and, if the service cannot be rendered within a reasonable time, they shall notify the prospective passengers how long it will be before the call can be answered and give the reason therefor. Any holder who shall refuse to accept a call anywhere in the city at any time when such holder has available taxicabs or who shall fail or refuse to give overall acceptable service shall be deemed a violator of this article, and the certificate granted to such holder shall be suspended or revoked at the discretion of the Director of the Division of Commerce in accordance with the procedures set forth in § 307-11. **[Amended 8-13-1997 by Ord. No. 97-052; 8-20-2008 by Ord. No. 08-110]**

B. Notwithstanding any provision of this article to the contrary, no person may operate an autocab in contravention of federal and state laws and regulations.

C. All taxicab drivers, when operating their taxicabs, must obey the following rules regarding their appearance and behavior:

(1) Drivers must be neat and clean in their personal appearance and must have their hair, beards, mustaches, etc., well trimmed and kept;

(2) Drivers shall wear the following items of dress:

(a) A long- or short-sleeved shirt or blouse with a collar.

(b) A pair of zippered trousers or skirt.

(c) Other items of clothing, e.g., headgear, jackets, sweaters or shoes, as well as jewelry, shall be appropriate and tasteful. Drivers shall not wear excessive cologne, perfume or aftershave.

(3) No smoking shall be permitted while carrying passengers.

§ 307-31. Drivers to maintain daily manifest; contents. [Amended 8-13-1997 by Ord. No. 97-052]

A. Every taxicab driver shall maintain a daily manifest upon which are recorded all trips made each day, showing time and place of origin and destination of each trip and amount of fare, and all such completed manifests shall be returned to the owner of the taxicab by the driver at the conclusion of the tour of duty. The form for each manifest shall be furnished to the driver by the owner and shall be of a character approved by the Division of Commerce.

B. Every holder of a certificate of public convenience and necessity shall retain and preserve all driver's manifests in a safe place for at least one year, and the manifests shall be made available to the Division of Commerce immediately upon request. **[Amended 4-10-1996 by Ord. No. 96-003]**

§ 307-32. Required records and reports. [Amended 8-13-1997 by Ord. No. 97-052]

A. Every certificate holder shall keep accurate records of receipts from operations, operating and other expenses, capital expenditures and such other operating information as may be required by the Division of Commerce. Every holder shall maintain the records containing such information accessible for examination by the Division.

B. All accidents arising from or in connection with the operation of taxicabs which result in death or injury to any person or in damage to any vehicle, or to any property in an amount exceeding the sum of $100 shall be reported within 24 hours from the time of occurrence to the Division of Commerce in a form of report to be furnished by the Division. The reports shall be for the use of the Division in developing useful information in the prevention of accidents.

C. All certificate holders shall file with the Division of Commerce copies of all contracts, agreements, arrangements, memorandum or other writings relating to the furnishing of taxicab service to any hotel, theater, hall, public resort, railway station or other place of public gathering, whether such arrangement is made with the holder of any corporation, firm or association with which the holder may be interested or connected. Failure to file such copies within seven days shall be sufficient cause for the suspension or revocation of a certificate of any offending holder in accordance with the procedures set forth in § 307-11. **[Amended 4-10-1996 by Ord. No. 96-003]**

§ 307-33. Advertising.

A. Subject to the provisions of this article and the rules and regulations of the Division, taxicabs may display advertising on or above the rear bumper of the cab only when such advertising is properly framed and does not obstruct rear vision.

B. Out-of-town taxicab companies shall not display any type of advertising in public telephone booths, taverns, restaurants or other public places in the city.

§ 307-34. Enforcement. [Amended 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

The Division of Commerce is hereby given the authority and is instructed to watch and observe the conduct of holders and drivers operating under this article. Upon discovering a violation of this article, the Division shall order or take appropriate action.

§ 307-35. Use of radios. [Amended 9-25-1991 by Ord. No. McC-361; 4-10-1996 by Ord. No. 96-003]

A. Subject to required licensing and approval by the appropriate authorities, including the Division of Commerce of the city, owners may use radios to dispatch taxicabs; provided, however, that no holder of a certificate of public convenience under this article may use or maintain any radio, scanner or any other device set to the frequency of any other radio-dispatched cab or any other autobus, livery or limousine service licensed by the City of Jersey City; nor may any taxicab be equipped with any radio, scanner or device capable of receiving the dispatch calls of any other taxi or any other autobus, livery or limousine service licensed to operate in Jersey City. Any certificate holder or driver found guilty of a violation of this subsection shall have his or her certificate or license suspended for a period of up to 30 days according to the procedures set forth in § 307-11. Any owner or driver found guilty of a second violation shall have his or her certificate or license revoked in accordance with the procedures set forth in § 307-11. **[Amended 8-13-1997 by Ord. No. 97-052]**

B. Taxicabs may be equipped with citizens band radios, provided that the installation is approved by the Director. Citizens band radios in taxicabs or at dispatch offices shall be limited to use in an emergency or to report crimes in progress to other cabs equipped with similar radios so that the police can be summoned. No owner or driver may use a citizens band radio for any commercial purpose. The use of a citizens band radio for any commercial purpose such as soliciting fares may result in a fine or suspension of the certificate or license and referral to the Federal Communications Commission (FCC). All citizens band radios installed in taxicabs shall comply with regulations of the FCC.

§ 307-36. Variance. [Added 4-10-1996 by Ord. No. 96-003; 8-13-1997 by Ord. No. 97-052]

An applicant may request a variance from the strict compliance with a specific requirement of this article by requesting same in writing to the Business Administrator. The application should contain all pertinent details, together with documentation, which the applicant wishes considered. The approval or denial of the application for variance shall be at the discretion of the Business Administrator and shall not be approved absent a showing that strict compliance with the specific requirement would create a practical hardship for the applicant and that the proposed alternative will in no way jeopardize the health, welfare and safety of passengers or the public in general.

§ 307-36.1. Violations and penalties. [Added 6-14-1995 by Ord. No. 95-050; amended 4-10-1996 by Ord. No. 96-003]

In addition to any and all penalties described above, any person, firm or corporation who shall violate any of the provisions of this article shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.

ARTICLE II

Limousines and Transportation Network Company Vehicles*

§ 307-37. Definitions. [Added 1-11-2012 by Ord. No. 11-156; 4-24-2019 by Ord. No. 19-036]

The following words and phrases when used in this chapter have the meanings as set forth herein:

CITY - The City of Jersey City.

CRUISING - The driving of limousine vehicles on the streets, alleyways or other public places of the. City in search or solicitation of prospective passengers.

DIRECTOR - The Director of the Division of Commerce in the City of Jersey City's Department of Housing, Economic Development and Commerce.

DIVISION - The Division of Commerce of the City of Jersey City's Department of Housing, Economic Development and Commerce.

HEARING - A public hearing at which the licensee shall be given an opportunity to appear personally and be represented by his/her chosen counsel and be heard and to present evidence on his/her behalf or otherwise answer the charges against him/her.

HEARING OFFICER - Shall be the Business Administrator or his/her designee.

HOLDER - A person or entity to whom a limousine license has been issued.

LICENSE INSPECTOR - An inspector acting on behalf of the Division.

LICENSING YEAR - April 1 of any given year through March 31 of the following year.

LIMOUSINE OPERATOR - Any person holding a valid current New Jersey or New York driver's license with a passenger endorsement or possessing any other such license or class of license as required by the State of New Jersey Motor Vehicle Commission for a limousine driver/operator.

LIMOUSINE VEHICLE (or LIMOUSINE) - Any automobile or motor car, issued special registration plates bearing the word "limousine" pursuant to Section 12 of P.L. 1979, c.224 (C.39:3-19.5), which is engaged in the business of carrying passengers on a pre-arranged charter basis, which is not conducted on a regular route or at a regular time, with a seating capacity of no more than fourteen (14) passengers, not including the driver, provided that such a vehicle is certified by the manufacturer of the original vehicle (and the second-stage manufacturer, if applicable) to conform to Federal Motor

***Editor's note—**Ord. No. 11-156, adopted January 11, 2012, amended the Code by repealing former Arts. II and III, §§ 307-37—307-42, and adding a new Art. II. Former Art. II pertained to autobuses, livery and limousine services, and derived from Ord. No. J-682, adopted February 3, 1976; Ord. No. S-128, adopted September 19, 1978; and Ord. No. 97-052, adopted August 13, 1997. Subsequently, 19-036, adopted April 24, 2019, amended the title of Art. II.

State law references—Motor vehicles - registration and licensing, N.J.S.A. 39:3-3 et seq.; power to license; license fees, N.J.S.A. 40:52-1 and -2; limousines, N.J.S.A. 48:6-13 et seq.

Vehicle Safety Standards promulgated by the United States Department of Transportation pursuant to 49 CFR 567.1 et seq. and 49 CFR 567.1 et seq. In addition, a "Vehicle Emission Control Information" label, which contains the name and trademark of the manufacturer and an unconditional statement of compliance with the emission requirements of the Environmental Protection Agency, shall be present on the vehicle. Nothing herein shall be construed to include taxicabs, hotel buses, buses employed solely in transporting school children or teachers, or vehicles operated by businesses engaged in the practice of mortuary science when those vehicles are used exclusively for providing transportation related to the provision of funeral services.

MVC - The New Jersey Motor Vehicle Commission.

TRADE DRESS BEACON or BEACON - The illuminated signage featuring the proprietary trademark or logo that identifies the Transportation Network Company and which can be installed on a vehicle's dashboard or attached to its windshield.

TRANSFER - To sell, transfer or in any other manner dispose of, a limousine license. Where the license is in the name of a corporation or other legal entity, any change in ownership or control of the corporate entity holding the license shall constitute a "transfer" of the license held in the name of said corporation or other legal entity. The Division shall determine what constitutes a change in control.

TRANSPORTATION NETWORK COMPANY or RIDESHARE COMPANY or COMPANY - A corporation, partnership, sole proprietorship. or other entity that is registered as a business in the State or operates in this State, and uses a digital network to connect a transportation network company rider to a transportation network company driver to provide a prearranged ride. A transportation network company shall not include an individual, corporation, partnership, sole proprietorship, or other entity arranging non-emergency medical transportation for individuals qualifying for Medicaid under P.L. 1968, c.413 (C.30:4D-1 et seq.) or Medicare under 42 U.S.C. § 1395 et seq., pursuant to a contract with the State or a managed care organization, whereby Medicaid or Medicare funding is used to pay for the non-emergency medical transportation services.

§ 307-38. Limousine service license(s). [Added 1-11-2012 by Ord. No. 11-156]

A. *Limousine license required; fees.*

(1) All limousine owners whose principal place of business is within the City of Jersey City shall, prior to operating any limousine service, first obtain a limousine license from the Division in accordance with N.J.S.A. 48:16-13—22.7. Licenses shall be for the year beginning on April 1 and ending March 31 of the following year and be renewable every year.

(2) No limousine license for limousine services with principal places of business within the City of Jersey City, shall be issued or renewed unless the applicant has paid the annual license fee of $50.00 for each limousine service business and $10.00 for each limousine. Limousine license fees shall be in addition to any other fees or charges established by the proper authorities and applicable to the holder of the license(s) for the vehicle or vehicles under his operation and control.

(3) Limousine services with a place of business within, and licensed by, the City of Jersey City shall be required to pay an annual administrative fee of $500.00 to cover administrative costs including, but not limited to, vehicle inspections, preparation of reports and documents by Division personnel and the enforcement by the Division of the provisions of this chapter.

(4) Notwithstanding any other provision herein to the contrary, the Director may require a limousine corporate license in accordance with N.J.S.A. 48:16-18.1.

B. *Obtaining a limousine license; procedure; renewal of license.*

(1) All applications for a license shall be filed with the Division, and a duplicate with the MVC, on forms provided by the Division, and shall be notarized, furnishing the following information:

(a) The name and address of the applicant and a description of all transportation businesses that the applicant and/or its operators have had an ownership interest in, or employment at, within the past five years.

(b) Proof that the applicant is registered to do business in New Jersey.

(c) The applicant's Corpcode, which is the 15-digit corporation code, issued by the State of New Jersey Motor Vehicle Commission.

(d) The year, type, model, color, insurance carried for, and VIN number of, each vehicle for which the license is desired and the number of persons the limousine is capable of carrying.

(e) Copies of all of the licenses and passenger endorsements of the operators who drive for the applicant.

(f) Such further information as the director shall require to determine the eligibility of the applicant.

(2) The original limousine license, or a copy thereof, shall be retained within each limousine.

(3) The holder shall make annual application for renewal of his/her limousine license and limousine operator's licenses not later than 30 days prior to the expiration date, and pay the annual fee of $50.00 for the limousine license and $10.00 for each limousine. Late filing of applications shall be subject to an additional $50.00 late filing fee.

C. *Power of attorney; insurance requirement.*

(1) The applicant shall execute and deliver to the MVC a power of attorney whereby the holder shall appoint the MVC as his true and lawful attorney for the purpose of acknowledging service of process of any complaint(s) against the holder in compliance with N.J.S.A. 48:61-16.

(2) The applicant prior to becoming a holder or renewing his license must purchase, for each limousine in his/her service, an insurance policy from a company duly licensed to transact business

under the insurance laws of this State in the sum of $1,500,000.00 as required by N.J.S.A. 48:16-14. The City of Jersey City must be named as an additional insured and an insurance card for the applicant must be placed in each limousine.

(3) In the event that the holder's insurance is canceled, the holder's license shall terminate on the date of the cancellation, unless the insurance is reinstated and proof of the withdrawal of the cancellation or a new insurance policy is submitted to the Division within 24 hours. As a condition of obtaining a City of Jersey City limousine license, the limousine license holder agrees to provide the Director of the Division, or his/her designee, with the authority to communicate directly with the limousine license holder's insurance companies.

D. *Issuance of limousine license.* The Director is responsible for issuing limousine licenses. The license will state the name and address of the applicant, the date of issuance and the year, type and model of the vehicle; otherwise, the application shall be denied. Upon issuance, the license for each limousine shall be retained within the limousine and available for inspection by Division personnel and any law enforcement officer.

E. *Requirements for maintaining limousine license.* Once a year, each holder of a limousine license shall, as condition for the continuation of the license(s) submit his limousine vehicle(s) for full mechanical and vehicle inspections during the period of validity of the license according to a schedule established by the Division. Such inspection shall be preceded by an inspection at an MVC Commercial Inspection Station and then by the Division. The City of Jersey City requires all limousines licensed by the Division to, at all times, be in a safe and operable condition, including, but not limited to, the following:

(1) The air-conditioning, heating and defrost systems must work.

(2) A two-way communications system and a removable first aid kit must be in the limousine.

(3) An operable fire extinguisher must be in an accessible place within the limousine. The trunk of the vehicle shall not be considered an accessible place.

(4) When the height of the vehicle floor is ten inches or more above ground level, there must be sideboards attached to the permanent body of the limousine.

(5) The horn must function properly so as to produce a sound audible for 200 feet.

(6) All doors and door lock poles must be fully operational.

(7) Each seat must have sufficient leg room to meet any applicable ADA (the "Americans With Disabilities Act") requirement.

(8) The limousine vehicle must be a painted with glossy paint, a fully integrated body and meet such further structural requirements as the Director determines will render the limousine at all times safe, functional and the premium vehicle which the public expects when paying for a limousine.

F. *Transfer of limousine license.*

(1) No limousine license may be sold, assigned or otherwise transferred without the prior consent of the Division. No limousine license shall be mortgaged, pledged or otherwise rendered to secure a debt, loan, advance or other financial transaction.

(2) If the holder voluntarily permits any other person other than an operator, licensed under this chapter, to drive or operate a limousine, it shall be considered a transfer and a violation of this chapter.

G. *Suspension and revocation of limousine license; notice and hearing.*

(1) The Director may suspend a limousine service license for 30 days or less, or after a notice and hearing, revoke the license, if the holder has:

(a) Violated any of the provisions of this chapter;

(b) Violated any ordinance of the City of Jersey City or the laws of New Jersey, the violation of which reflects unfavorably on the fitness of the holder to offer public transportation.

(c) Discontinued operation of a limousine service for more than 60 days.

(2) Suspension and revocation of a limousine license must be preceded with notice to the holder by means of providing him or her with a written copy of the charges followed by an opportunity to present evidence on his or her behalf to the Director at a hearing, with counsel representation if he or she so elects.

(3) A ruling adverse to the holder may be appealed to the Business Administrator. The request for an appeal shall be in writing and submitted within 20 days of the adverse ruling. A hearing shall thereupon be shall be scheduled with at least ten days' notice to the holder.

§ 307-39. Limousine operator's license. [Added 1-11-2012 by Ord. No. 11-156]

A. Limousine operator's license requited; fees for issuance and renewal.

(1) Every person who operates a limousine for hire upon the streets of the City of Jersey City and every person who owns or controls a limousine permitting it to be so driven, shall first obtain and have in force, at all times, a limousine operator's license. Every operator shall be a holder or an employee of a holder.

(2) Each applicant for a limousine operator's license must:

(a) Be of the age of 21 years or over and be a resident of the State of New Jersey, or the State of New York for one year or more.

(b) Present evidence satisfactory to the Division that he/she meets all governmental statutory and regulatory requirements for a limousine operator's license.

(c) Be able to read, write and speak the English language, and have a basic knowledge of Hudson County roadways and landmarks.

(3) No operator's license shall be issued or renewed unless the applicant has paid an initial license fee of $75.00 and, on or before March 31 of each year, and $50.00 as the annual renewal fee.

B. *Obtaining a limousine operator's license; procedure.*

(1) An applicant for a limousine operator's license shall file an application for such license with the Division on forms provided by the Division and pay the prescribed fee. All documentation submitted in support of an application shall be original documents or legible certified copies of same. The application shall contain the following information:

(a) The full name and address of the applicant.

(b) Places of residence for the preceding three years.

(c) Age, place of birth, height, color of eyes and hair.

(d) The experience of the applicant in the transportation of passengers.

(e) A valid driver's license with passenger endorsement

(f) The successful completion of a drug and alcohol test for controlled dangerous substances as defined in N.J.S.A. 2C:35-2. The cost of this test shall be at the applicant's, expense.

(g) Permission for release of the applicant's criminal background check to the Division.

(h) MVC-issued record abstract indicating the applicant's driving history from at least the preceding five (5) years, from all States in which the applicant has lived, which shall be no more that thirty (30) days old.

(i) The applicant's citizenship status with evidence of same, such as passport, naturalization papers, alien registration and work authorization from the United States Department of Homeland Security, if not a United States citizen. A United States passport shall satisfy United States' citizenship.

(2) The applicant shall furnish four passport-type photographs of himself taken within 30 days of the application, front view, two inches by two inches in size.

(3) Each application must be accompanied by a certificate from a licensed and practicing physician of the State of New Jersey, certifying that the applicant has been examined on a certain date and that, in his opinion, the applicant is of sound physique, with good eyesight, not subject to epilepsy, vertigo, heart trouble or any other infirmity or body or mind which might make him unfit for the safe operation of a limousine vehicle. The examination shall be within 30 days prior to the filing of the application.

(4) Convictions of those crimes set forth in N.J.S.A. 48:16-22.3a(d) shall disqualify an applicant, which includes, but shall not be limited to assault, arson, burglary, escape, extortion, homicide, kidnapping, robbery or endangering the welfare of a child, as shall any conviction for driving under the influence of drugs or alcohol or unlawful use, possession or sale of a controlled dangerous substance (as defined in N.J.S.A. 2C:35-2), within the preceding five years, absent a certificate of rehabilitation as described in N.J.S.A. 48:16-22.3a(g).

(5) Prior to issuing a limousine operator's license, the Director shall consider the application, the police investigative report^ criminal background check, driving history, any other documentation the Director requires to be attached thereto, and any relevant facts whatsoever and shall approve or reject the application. If the application is rejected, the applicant may request a hearing, in accordance with this chapter, in order to offer evidence as to why his application should be reconsidered.

C. *Issuance of limousine operator's license; form of license.* Upon the Director's approval of an application for a limousine operator's license, the Division shall issue a license to the applicant which shall bear the name, signature and photograph of the applicant. The license shall also contain the City license number and a notice that, in case of any complaint, the Division shall be notified of the license number of the operator. The license shall bear the signature of the Director. It must be carried by the operator in the limousine and be available for inspection by any law enforcement officer and Division inspector at any time. The license shall be in effect for the remainder of the licensing year ending the following March 31.

D. *Suspension and revocation of limousine operator's license.*

(1) The Director may suspend a limousine operator's license for 30 days or less, or after a notice and hearing, revoke the license, if the operator has:

(a) Violated any of the provisions of this chapter;

(b) Violated any ordinance of the City of Jersey City or the laws of New Jersey, the violation of which reflects unfavorably on the fitness of the operator to offer public transportation.

(2) Suspension and revocation of an operator's license must be preceded with notice to the operator by means of providing him or her with a written copy of the charges followed by an opportunity to present evidence on his or her behalf to the Director at a hearing, with counsel representation if he or she so elects.

(3) A ruling adverse to the operator may be appealed to the Business Administrator. The request for an appeal shall be in writing and submitted within 20 days of the adverse ruling. A hearing shall thereupon be shall be scheduled with at least ten days' notice to the operator.

E. *Compliance with other laws.* Every limousine operator shall comply with all city, state and federal laws. Violation of any laws which reflects unfavorably on the fitness of such operator to engage in public transportation; failure to do so will justify the Division in suspending and/or, after a hearing, revoking the violator's license. If, at any time within the license year, an operator has been found guilty of a crime or misdemeanor or has permitted his vehicle to be used for any illegal purpose, the Division may immediately suspend or, after a hearing, revoke the operator's license.

§ 307-40. Limousine vehicles' condition and appearance; checklist; reports; operation of limousine while in City of Jersey City. [Added 1-11-2012 by Ord. No. 11-156]

A. *Limousine condition and appearance; checklist.*

(1) No limousine license shall be issued until the limousine vehicle has been thoroughly inspected and found to be in a safe, clean and sanitary condition for the transportation of passengers.

(2) Every vehicle operating under this chapter shall be inspected in accordance with N.J.S.A. 48:16-22.2, which requires the operator to conduct a general examination of the condition of the vehicle prior to any operation of the limousine on the streets of Jersey City or the highways of this State for the purpose of picking up passengers. The inspection shall be conducted according to a check list maintained in the limousine for the day in which the limousine is driven and then filed with the holder employing the operator. The checklist shall contain, at a minimum, an examination of the tires, windshield wipers, horn, condition of front and rear windshield and side windows, front and rear lights, fluid levels and brakes, as well as the condition of the two-way communications system, as required by N.J.S.A. 48:16-22.2.

(3) Any limousine vehicle on the streets of the City of Jersey City in violation of this section may be removed from the street by the Department of Public Safety. If the limousine vehicle is not returned to service in compliance with this section within 30 days, the Division may suspend or, after a hearing, revoke the limousine license. **[Amended 9-11-2013 by Ord. No. 13-081]**

B. *Reporting of accidents; other reports required.*

(1) All accidents arising from or in connection with the operation of a limousine which result in death or injury to any person or in damage to any vehicle or to any property in an amount exceeding $100.00 shall be reported to the Division within 48 hours of the occurrence. Copies of the police report prepared as a result of the accident must also be provided to the Division within five business days. Failure to report said accidents shall be grounds for suspension and/or revocation of the limousine operator's and/or holder's license.

(2) Whenever the registration and/or license plates for a limousine licensed by the City of Jersey City shall change, the limousine license holder shall provide the Division with written verification from the MVC, indicating the change of the license plate and/or change of registration prior to use.

(3) Whenever a holder decommissions a limousine and surrenders the license in accordance with state law, he/she shall report this fact to the Division and provide the Division with a MVC-issued letter of surrender.

C. *Passengers - no solicitation; receipt and discharge.*

(1) No operator shall solicit passengers on any City street, parking lot, taxi stand or other location where vehicles may enter or stand, nor shall any driver engage in "cruising" as defined in this chapter. Furthermore, no driver shall pick up any passenger in response to a signal, hail or gesture.

(2) Receipt and discharge of passengers on a sidewalk. Drivers shall not receive or discharge passengers in the roadway but shall pull up to the right-hand side of the roadway as nearly as possible or, in the absence of a sidewalk, to the extreme right-hand side of the road and there receive or discharge passengers, except upon one way streets, where passengers may be discharged at either the right- or left-hand sidewalk or side of the roadway, in the absence of a sidewalk.

D. *Standing in certain locations prohibited.* It shall be unlawful for any limousine to stand in any restricted area, including a taxi stand.

E. *Return to base of operation.* All limousines must be returned to their regular bases of operation after the discharging of passengers.

§ 307-41. Transportation Network Company vehicles: display of Trade Dress Beacon mandatory. [Added 4-24-2019 by Ord. No. 19-036]

A. Every transportation network company with drivers operating out of the City must provide those drivers with a consistent and distinctive trade dress beacon for use in the vehicles operated by those drivers when they are active on the Company's digital platform or when providing transportation network company service within the borders of the City. The trade dress beacon used by the transportation network company must be approved by the Division of Commerce before its use.

All trade dress beacons must be:

(1) Readable during daylight hours at a distance of 50 feet;

(2) No larger than eight inches wide by eight inches tall; and

(3) Illuminated in such a way that it is patently visible so as to be seen in darkness; and

Additionally, every transportation network company shall forward to the Division of Commerce, the name, contact information, license plate number(s) and physical address of each driver operating out of the City who has been issued a trade dress beacon.

B. Every transportation network company vehicle driver, both those operating out of the City, and those operating within the City, must affix an approved trade dress beacon to the vehicle's dashboard or windshield at all times when the transportation network company driver is active on the transportation network company digital platform or providing transportation network company service within the borders of the City. The beacon shall at all times be illuminated.

C. Every transportation network company shall immediately notify the Division of Commerce when a driver, operating out of the City, ceases to be employed by or work for the Company. All trade dress beacons must be surrendered to the transportation network company immediately after separation from company. Should the company not receive back the beacon furnished to a particular driver, it shall report in writing to the Division of Commerce, the driver's name, license plate number(s) and last known physical address. If a driver cannot return the beacon at the end of his or her employment with a transportation network company, the driver must provide to the Division of Commerce a signed and witnessed affidavit explaining why the beacon could not be returned.

§ 307-42. Enforceability. [Added 1-11-2012 by Ord. No. 11-156; amended 4-24-2019 by Ord. No. 19-036]

The provisions of this article may be enforced by State and local Police and by officers and agents of the Division of Commerce.

Editor's note—Former § 307-41. Renumbered by Ord. No. 19-036.

§ 307-43. Violation and penalties. [Added 1-11-2012 by Ord. No. 11-156; amended 4-24-2019 by Ord. No. 19-036]

Except as set forth in N.J.S.A. 48:16-22.a, providing a penalty of five hundred dollars ($500.00) against an owner of a limousine service who hires an unqualified driver, and any other penalty which may be adopted by N.J.S.A. 48:16-13—22.7 or by N.J.S.A. 39:5H-1 et seq., any person violating any of the provisions of this chapter shall, upon conviction, be punished as provided for in Chapter 1, General Provisions, § 1-25.

Editor's note—Former § 307-42. Renumbered by Ord. No. 19-036.

§ 307-44. Severability. [Added 1-11-2012 by Ord. No. 11-156; amended 4-24-2019 by Ord. No. 19-036]

The provisions of this article are declared to be severable and if any section, subsection, sentence, clause or phrase thereof, is for any reason held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining sections, subsections, sentences, clauses and phrases of this article, but shall remain in effect; it being the legislative intent that this article shall stand notwithstanding the invalidity of any part.

Editor's note—Former § 307-43. Renumbered by Ord. No. 19-036.

GENERAL REFERENCES

Solid waste — See Ch. 287.

§ 313-1. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

PERSON — Any person, partnership, corporation, association or organization of any kind.

USED MOTOR VEHICLE TIRE — Any used tire previously used or designed for use on an automobile, truck, motorcycle, bicycle or any other trackless vehicle used to transport persons or property.

§ 313-2. Permit required.

A. No person may conduct within the City of Jersey City a business of selling or otherwise disposing of used motor vehicle tires without first obtaining a permit from the license issuing authority; nor may any person dispose of used motor vehicle tires incidental to any business conducted within the City of Jersey City without first obtaining a permit.

B. Persons subject to this Article include but are not limited to persons conducting the following businesses:

(1) Dealers in new and used motor vehicle tires, whether at wholesale or retail.

(2) Service stations and motor vehicle repair shops which buy, sell or repair new and used tires.[1]

(3) Junkyards and junk dealers.[2]

(4) Persons engaged in the business of repairing motor vehicles incidental to any other business.

---

1 Editor's Note: See also Ch. 215, Motor Vehicle Repair Shops.

2 Editor's Note: See also Ch. 202, Junkyards.

(5) Persons engaged in the business of buying and selling used motor vehicles.[3]

§ 313-3. Fee; plan of disposal; records.

A. The annual fee for the permit required by this article shall be as provided in Chapter 160, Fees and Charges. All permits shall expire on October 31 of each year. The initial license fee following the change in expiration date will be subject to proration by the Division of Licenses and Fees. **[Amended 6-14-1995 by Ord. No. 95-050; 2-11-1998 by Ord. No. 98-004]**

B. Applications for a permit for the disposal of motor vehicle tires shall be filed with the license issuing authority. Applications shall be accompanied by a plan of disposal on a form furnished by the license issuing authority. The plan of disposal shall furnish the following information reasonably necessary to the enforcement of this Article;

(1) The name, address and owner of each location to be used for the disposal of used motor vehicle tires.

(2) A sworn and notarized statement that the applicant is engaged in the business of selling used motor vehicle tires and does not intend to dispose of used tires other than by sale.

C. No person may dispose of any used motor vehicle tires, other than in accordance with the plan of disposal filed with the license issuing authority, without first having filed an amendment to his or her application specifying the name, address and owner of each new or additional place of disposal. To the extent applicable, any such disposal shall be in accordance with the provisions of Chapter 287, Solid Waste. Each tire shall be marked with an identification number or other means of identifying the person disposing of the tire. The means of identification shall be furnished by the license issuing authority. The records of the license issuing authority shall be available for public inspection during regular business hours.

§ 313-4. Time limit for compliance.

Persons conducting any business subject to this article shall have 90 days from the effective date of this article to obtain the required permit.

§ 313-5. Violations and penalties. [Added 6-14-1995 by Ord. No. 95-050]

Any person, firm or corporation who shall violate any of the provisions of this chapter shall, upon conviction, be punishable as provided in Chapter 1, General Provisions, § 1-25.

Chapter 316

TOBACCO PRODUCTS AND ELECTRONIC SMOKING DEVICES*

§ 316-1. Definitions.
§ 316-2. Unlawful acts.
§ 316-3. Severability.
§ 316-4. Registration of smoke shops and tobacco stores.
§ 316-5. Violations and penalties.

Legislative findings

Smoking harms health. Tobacco use has significant and proven ill effects on health. There is a lack of scientific support for the idea of any kind of safe smoking. Smoking of all kinds, including by vaping, e-cigarettes, pipes, cigars, cigarettes, and smoking devices increases health risks. Furthermore, businesses offering such products for sale have a responsibility to follow laws regulating the sale and consumption of such products. Businesses advertising these products are throughout Jersey City. Some of these businesses have been associated with complaints, including the sale of illegal products, noise, and exposing workers and members of the public to smoke in violation of the New Jersey Smoke-Free Air Act.

§ 316-1. Definitions. [Added 12-4-2019 by Ord. No. 19-158; amended 4-27-2022 by Ord. No. 22-041; 6-14-2023 by Ord. No. 23-049]

As used in this chapter:

CHARACTERIZING FLAVOR — A distinguishable flavor, taste, or aroma, including, but not limited to, any fruit, candy, chocolate, vanilla, honey, cocoa, wintergreen, dessert, alcoholic beverage, herb or spice flavoring, that is imparted prior to or during consumption by an electronic smoking device, tobacco product, or other related product, including electronic liquid, or any smoke, aerosol, or vapor emanating from that device or product. An electronic smoking device, any cartridge, or other component of the device or other related product, including liquid nicotine, shall be deemed to have a characterizing flavor if the device, cartridge, component, or related product is advertised or marketed as having or producing any such distinguishable flavor, taste or aroma, or is distinguishable by an ordinary consumer either prior to, or during, its consumption. No tobacco product shall be determined to have a characterizing flavor solely because of the use of additives or flavorings or the provision of ingredient information.

ELECTRONIC SMOKING DEVICE — any electronic product that delivers nicotine or other substances to the person inhaling from the device, including, but not limited to, electronic cigarettes (e-cigarettes), electronic cigars, (e-cigars), electronic pipes (e-pipes), vape pens, or electronic hookahs (e-hookahs). "Electronic smoking devices" shall include any component or accessory of such a device, whether sold separately or not, including any filters and liquids used in such devices, but does not include any similar devices approved for sale by the U.S. Food and Drug Administration for medicinal purposes as those items are defined in the Federal Food, Drug and Cosmetic Act.

***Editor's note**—Ord. No. 19-158, adopted December 4, 2019, amended the Code by repealing former Ch. 316, §§ 316-1 and 316-2, and adding a new Ch. 316. Former Ch. 316 pertained to tobacco, and derived from Ord. No. McC-339, adopted June 17, 1991.

Cross reference—Cigarette vending machines, Ch. 329, Art. II.

FLAVORED SMOKING PRODUCT — any product marketed or otherwise intended for inhalation consumption by a person which has a Characterizing Flavor.

NEW JERSEY SMOKE-FREE AIR ACT — New Jersey Public Law 2005, Chapter 383, N.J.S.A. 26:3D-55 et seq.

PERSON — any natural person, partnership, firm, joint-stock company, corporation, or other legal entity, including an employee of a legal entity.

SMOKING — mean the heating, ignition, combustion, or vaporization of any tobacco product or smoking product.

SMOKING DEVICE — any device or product that ignites, combusts, or vaporizes a tobacco product or other substance for inhalation by direct contact with or close proximity to the smoking device, including, but not limited to, electronic cigarettes (e-cigarettes), electronic cigars, (e-cigars), electronic pipes (e-pipes), vape pens, or electronic hookahs (e- hookahs). "Smoking devices" shall include any component or accessory of such a device, whether sold separately or not, including any filters and liquids used in such devices, but does not include any similar devices approved for sale by the U.S. Food and Drug Administration for medicinal purposes as those items are defined in the Federal Food, Drug and Cosmetic Act, nor does it include any device whose principal use is to impart a scent to the atmosphere, without direct contact or close proximity to the device.

SMOKING PARAPHERNALIA — any paraphernalia, equipment, device, or instrument other than a lighter or matches that is primarily designed or manufactured for the smoking, chewing, absorbing, dissolving, inhaling, snorting, sniffing, or ingesting by any other means into the body of a tobacco product or smoking product as defined herein.

SMOKING PRODUCT — any product intended or marketed for inhalation consumption by means of smoking paraphernalia, except tobacco products as herein defined. The term "smoking product" does not include drugs, devices or combination products approved for sale by the U.S. Food and Drug Administration, as those terms are defined in the Federal Food. Drug and Cosmetic Act.

SMOKE SHOP — any premises that displays, sells, distributes, delivers, offers, furnishes, or markets smoking products or smoking paraphernalia and meets one or more of the following conditions: 1) has visible exterior signage that references smoking, or any tobacco product, smoking product, or smoking paraphernalia, 2) has visible interior signage that references smoking, or any tobacco product, smoking product, or smoking paraphernalia, or has displays of smoking products or smoking paraphernalia measuring a total of ten or more linear feet, or 3) has retail sales of smoking products or smoking paraphernalia of more than $1,000.00 in any calendar month of the year.

TOBACCO PARAPHERNALIA — any paraphernalia, equipment, device, or instrument other than a lighter or matches that is primarily designed or manufactured for the smoking, chewing, absorbing, dissolving, inhaling, snorting, sniffing, or ingesting by any other means into the body of tobacco, tobacco products, or other controlled substances as defined herein. Tobacco Paraphernalia shall include but is not limited to pipes, punctured metal bowls, bongs, water bongs, electric pipes, e-cigarettes, electronic smoking devices, vaporizers, and hookahs.

TOBACCO PRODUCT — any product containing, made of, or derived from tobacco or containing nicotine, that is intended for human consumption. The term "tobacco product" does not include drugs, devices or combination products approved for sale by the U.S. Food and Drug Administration, as those terms are defined in the Federal Food, Drug and Cosmetic Act.

TOBACCO STORE — any premises that displays, sells, distributes, delivers, offers, furnishes, or markets tobacco, tobacco products, other smoking products, or smoking paraphernalia; provided, however, that any grocery store, supermarket, convenience store or similar retail use that only sells conventional cigars, cigarettes, or tobacco as an ancillary sale shall not be defined as a smoke shop or tobacco store and shall not be subject to the requirements of this chapter.

§ 316-2. Unlawful acts. [Amended 6-14-2023 by Ord. No. 23-049]

It shall be unlawful for any person to:

A. Sell, or offer for sale, or distribute, any electronic smoking device which delivers a Flavored Smoking Product or sell, offer for sale, or distribute, any Flavored Smoking Product.

   There shall be a rebuttable presumption that a tobacco product is a Flavored Smoking Product if the manufacturer of said product, or any person, agent or employee acting in the course of their agency or employment with the manufacturer, has made any statement or claim or disseminated any advertisement or notice directed at consumers or to the general public regarding said product, which indicates that said tobacco product has or produces a taste or smell other than tobacco. Examples of such statement, claim, advertisement or notice shall include, but shall not be limited to images on the product's labeling or packaging which are used to convey that the product has or produces a taste or smell other than tobacco.

B. Sell or offer to sell any cigarette or Tobacco Product other than in the sealed, original packaging provided by the manufacturer nor distribute cigarettes or products containing tobacco or non-tobacco cigarette products for any commercial purpose other than at full retail price.

C. Permit or allow any smoking in violation of the New Jersey Smoke-Free Air Act.

§ 316-3. Severability. [Added 12-4-2019 by Ord. No. 19-158]

If any portion of this Chapter, or its application to any circumstances, is held invalid, the remaining portions shall be considered severable, and shall be given effect to the maximum extent possible.

§ 316-4. Registration of smoke shops and tobacco stores. [Added 4-27-2022 by Ord. No. 22-041; amended 6-14-2023 by Ord. No. 23-049]

A. Licensing Requirements; issuance; enforcement.

1. All Tobacco Stores and Smoke Shops shall obtain a license prior to engaging in retail distribution of Tobacco Products, Smoking Products, or Smoking Paraphernalia. Upon the issuance of a license, such use may thereafter be continued for a period not to exceed one year, at which time the Smoke Shop or Tobacco Store shall renew its license.

2. The Director of the Division of Commerce is empowered to issue a maximum of 45 total Smoke Shop and Tobacco Store licenses, and may suspend or revoke Smoke Shop and Tobacco Store licenses pursuant to this Chapter.

3. All Smoke Shops and Tobacco Stores currently in operation at the time this ordinance takes effect shall be required to submit an application for the appropriate Smoke Shop or Tobacco Store license within 60 days of the effective date of this chapter, and to obtain such license within 180 days of the effective date of this chapter.

4. Smoke Shops and Tobacco stores currently in operation at the time this ordinance takes effect whose application for a Smoke Shop or Tobacco Store license is received within 60 days of the effective date of this ordinance may receive a license in excess of the maximum license limit.

B. License application.

1. An applicant for Smoke Shop or Tobacco Store license shall file an application with the issuing authority upon forms provided by the license issuing authority.

2. The application shall be made under oath and shall contain the following:

a. The applicant's trade name and telephone number;

b. The address of the applicant's place of business and its mailing address, if different;

c. The names, residences and contact information of all persons financially interested in the business, and the nature and extent of this interest;

d. If the applicant is incorporated, the names, residences and citizenship of the officers, directors and/or stockholders;

e. A statement as to whether any person with a financial interest in the business has been convicted of any criminal or quasi-criminal offense, and if so, the date and place of such conviction and the nature of the offense; and

f. Any other information which the issuing authority finds reasonably necessary to enforce this Chapter.

C. Licenses shall not be issued prior to the issuance of all required approvals from the Division of Zoning and Construction Code Official to operate on the applicant's premises.

D. The Division of Commerce may consider the applicant's prior history of violations of this Chapter in its decision to grant or deny a license.

E. License fees; expiration

1. The annual license fee for a Smoke Shop or Tobacco Store shall be as provided by Chapter 160, Fees and Charges. Such license shall run for a period of one year, commencing August 1 and ending July 31 of the following year.

2. If at any time of application for a license less than six months of the current year have expired, the applicant shall be required to pay the full fee for the year. If six months or more shall have expired, the applicant shall be required to pay half of the annual fee.

F. The Department of Housing, Economic Development, and Commerce's Division of Commerce, the Department of Public Safety's Division of Quality of Life and Division of Police are individually and severally empowered to enforce the provisions of this article. The respective enforcing official may, in his or her discretion, provide a warning for a first-time offense.

§ 316-5. Violations and penalties. [Added 12-4-2019 by Ord. No. 19-158; amended 4-27-2022 by Ord. No. 22-041; 6-14-2023 by Ord. No. 23-049]

A. The penalty for violating this article shall be as provided in Chapter 1, General Provisions, § 1-25.

B. In addition to the penalties provided in Chapter 1, General Provisions, § 1-25, any license issued by the Division of Commerce may be revoked or suspended after hearing upon at least 10 days' notice served upon the licensee where:

1. The licensee violates any provision of this Chapter; or

2. Any Person issued a license has been convicted of a crime relating to the illegal sale of tobacco, cannabis, or adult use cannabinoids in connection with the licensed premises; or

3. Any licensee has violated any of the provisions in Chapter 84 of the City Code; or

4. Any licensee has been found responsible for any acts constituting a breach of the peace or a public nuisance in connection with the operation of the licensed premises; or

5. Where the Director finds the operation of the licensed premises detrimental to the health, safety and welfare of the people of the city.

C. Notice of a violation shall contain the specific provisions of State or Local law which have been violated and the specific acts which shall constitute the violation. A hearing shall be conducted following procedures established by the Division of Commerce.

D. Any applicable license to sell Tobacco Products, Smoking Products, or Smoking Paraphernalia may be suspended for a period of time not more than one year for violation of § 316-2 or § 316-4. A license may be revoked, and no future license issued, for a subsequent violation of § 316-2 or § 316-4.

E. Any license issued by the Department of Health and Human Services to a Person who violates any provision of this Chapter or has been found to be in violation of this Chapter may be revoked or suspended after hearing upon at least ten days' notice served upon the licensee. Said notice shall contain the specific provision of this Chapter which has been violated and the specifications which shall constitute the violation. A hearing shall be conducted following procedures established by the Department of Health and Human Services.

F. Any Person whose Tobacco Store or Smoke Shop license has been revoked shall not be qualified to receive a new license or have said license restored.

G. Any licensee whose license has been revoked or suspended shall have a right to appeal such revocation or suspension to a court of competent jurisdiction in accordance with the rules of the Courts of the State of New Jersey.

Editor's note—Ord. No. 22-041, adopted April 27, 2022, renumbered former § 316-4 as a new § 316-5.

Chapter 319

TOWERS AND TOWING*

§ 319-1. Definitions.
§ 319-2. License required; issuance; application.
§ 319-3. Storage requirements for Class A licensees.
§ 319-4. Contents of all license application.
§ 319-5. Investigation of applicant; prohibition against owners who are members of Department of Public Safety.
§ 319-6. Class A principal licenses; supplemental licenses.
§ 319-7. Payment accepted.
§ 319-7.1. License fees; renewals.
§ 319-8. License transferability.
§ 319-9. Suspension or revocation of license.
§ 319-10. Information to be shown on equipment.
§ 319-11. Schedule of maximum prices; disclosure.
§ 319-12. Pad of bills; receipts; required information.
§ 319-13. Liability insurance requirements.
§ 319-14. Inspections; unlawful acts.
§ 319-15. Rotating system of summoning towers.
§ 319-16. Violations and penalties.
§ 319-17. Removal of vehicles parked or abandoned on private property; fees.
§ 319-18. Seized vehicles; impound operator requirements; disposition of unclaimed vehicles; fees for storage; release of vehicles.
§ 319-19. Surrender of unclaimed vehicles; violation for failure to remove vehicle.

§ 319-1. Definitions. [Amended 3-14-2012 by Ord. No. 12-017; 4-25-2018 by Ord. No. 18-030; 6-13-2018 by Ord. No. 18-059; 8-15-2018 by Ord. No. 18-082]

As used in this chapter, the following terms shall have the meanings indicated:

AUTHORIZED AGENT OF THE OWNER - The driver of a vehicle if such driver is not the owner or the agent of the owner or the next-of-kin of the owner.

CLASS A TOWER'S LICENSE (HEAVY DUTY) - Required to be on police rotation list for Class I, Class II, and Class III vehicles and/or to pick up vehicles abandoned on private property within the City of Jersey City and/or to operate a vehicle towing business within the City of Jersey City.

CLASS A TOWER'S LICENSE (LIGHT DUTY) - Required to be on police rotation list for Class I and Class II vehicles and/or to pick up vehicles abandoned on private property within the City of Jersey City and/or to operate a vehicle towing business within the City of Jersey City.

***History**—Adopted by the Council of the City of Jersey City May 13, 1981 by Ord. No. S-610; amended in its entirety September 13, 2000 by Ord. No. 00-117. Subsequent amendments noted where applicable.

Cross references—Fees and charges, Ch. 160; motor vehicle repair shops, Ch. 215; parking lots and public garages, Ch. 236; vehicles and traffic, Ch. 332.

CLASS B TOWER'S LICENSE (INCIDENTAL) - Required to operate a vehicle towing business within the City of Jersey City for towing operations that are incidental to another business which is located within the City of Jersey City, e.g., junkyard, car dealership and auto repair shop. This license does not permit a tower to be on the rotation list.

CLASS I VEHICLE - Any motor vehicle not exceeding 6,000 pounds' gross weight. Examples in this weight class include passenger cars, pickup trucks, vans, motorcycles and some sport utility vehicles.

CLASS II VEHICLE - Any motor vehicle having a gross weight exceeding 6,000 pounds up to a maximum of 14,000 pounds.

CLASS III VEHICLE - Any motor vehicle having a gross weight over 14,000 pounds.

CRUISING - Operating a tower to and from a public highway at a slow rate of speed or in any other fashion calculated for the obvious purpose of soliciting business along the highway.

DIRECTOR - The Director of the Department of Housing, Economic Development and Commerce.

DISABLED VEHICLE - Any vehicle disabled as a result of an accident or mechanical failure which must be towed away for safety or traffic reason; or a vehicle parked illegally or abandoned; or a vehicle parked or left unattended on private property without the consent of the owner or other person in control or possession of the property or parked or left unattended for a period in excess of that for which consent was given, except in the case of emergency or disablement of the vehicle where the owner or operator has arranged for the expeditious removal of the vehicle.

DISTRICT - A section of the City designated by geographic area and shown on the Vehicle Impound District Map on file in the Office of City Clerk.

DIVISION DIRECTOR - The Director of the Division of Commerce.

IMPOUND FACILITY - A facility operated by an impound operator to receive any vehicle towed to the facility by a tower at the request of the Division of Police or the Division of Parking Enforcement.

IMPOUND OPERATOR - A person, corporation, or other legal entity that operates an impound facility.

IMPOUND OPERATOR LICENSE - Required to operate an impound facility to receive any impound vehicle towed to it by any Class A licensees.

IMPOUND VEHICLE - A vehicle that the Division of Police or the Division of Parking Enforcement has directed a tower to remove from the public right-of-way and towed to the impound facility.

LICENSEE - A person who has been issued a tower license by this City and its employees or agents.

OPERATING A VEHICLE TOWING BUSINESS WITHIN THE CITY OF JERSEY CITY - Towing, transporting, conveying or moving a motor vehicle from one location within the City of Jersey City to another location within the City of Jersey City.

OWNER - The owner of a motor vehicle.

PRINCIPAL LICENSE - The initial tower license issued to any person.

SEIZED VEHICLES - Any vehicle impounded by the Department of Public Safety or Hudson County Prosecutor's office as contraband or evidence in a criminal proceeding. **[Amended 9-11-2013 by Ord. No. 13-081]**

SHORTWAVE RECEIVER - A radio receiver which is capable of operating on a frequency assigned by the Federal Communications Commission for fire, police, municipal or other governmental uses.

SOLICITING - Requesting or attempting to persuade an owner or someone on his or her behalf to give permission to a tower to remove, repair or store a motor vehicle, for a consideration, without a previous request from the owner or someone on his or her behalf.

SUPPLEMENTAL LICENSE - All additional licenses for additional towers issued to a person to whom a principal license was issued.

TOWER - A mechanically propelled light- and heavy-duty vehicle used to tow, transport, convey or move a motor vehicle from one place to another place.

§ 319-2. License required; issuance; application. [Amended 3-14-2012 by Ord. No. 12-017]

A. *Towing Licensees.* No person shall operate a vehicle towing business within the city unless such person has obtained a Class A or Class B Tower's license issued by the Division of Commerce except with permission of the Office of Emergency Management in the event of an emergency. **[Amended 2-23-11 by Ord. No. 11-025]**

B. Impound Operator License. No person shall operate a pound or storage area for use by any Class A Licensee unless such person has obtained an Impound Operator License issued by the Division of Commerce.

C. No such license shall be issued except on the approval of the Division Director or designee.

D. Each license issued shall be assigned a license number, and the same number shall be assigned to every subsequent renewal of that particular license.

E. Application for all licenses shall be made to the Division Director on a form to be supplied by the Division Director for that purpose.

§ 319-3. Storage requirements for Class A licensees. [Amended 3-14-2012 by Ord. No. 12-017]

A. Off-street storage spaces. No Class A towing license or renewal thereof shall be issued unless the licensee or prospective licensee shall have the following indoor or outdoor off-street vehicle storage spaces within the City of Jersey City:

(1) If Class I vehicles are to be stored therein, there shall be a minimum of 10 storage spaces for such Class I vehicles.

(2) If Class II or Class III vehicles are to be stored therein, there shall be a minimum of 15 spaces, 10 for Class I vehicles and five for Class II and III vehicles.

B. The storage area, if outdoors, shall consist of a lot with an eight-foot fence securing the storage area.

C. Upon the fence or building, as the case may be, there shall be displayed a sign containing the name, address and telephone number or numbers of the licensee. The telephone number or numbers of the licensee shall be a telephone number which the licensee can be contacted at all times.

D. Storage facilities shall conform to any and all provisions of this Code and all zoning and municipal land use regulations.

E. The licensee shall provide a person in attendance at such storage facility Monday through Saturday between the hours of 8:00 a.m. and 6:00 p.m. Such person must be authorized by the licensee to complete whatever transactions are necessary to release a vehicle to the owner or owner's representative in accordance with this chapter.

F. The provisions of this section shall apply to existing licensees as well as new licensees.

G. No licensee who stores vehicles on or in his or her own storage facilities shall store or park a vehicle on any street or location other than the storage facility set forth in the application of the licensee. The provisions of this subsection shall not apply to a licensee who does not store vehicles on or in his or her own storage facilities. However, in the case of a licensee who does not store vehicles on or in his or her own storage facility, it shall be a violation of this chapter for such a licensee to store a vehicle on any street or location other than the intended destination of the vehicle unless it is demonstrably impossible for the licensee to do otherwise. In such a situation, however, the licensee shall bring the vehicle to its intended destination as soon as possible thereafter.

H. No impounded vehicle shall be released unless authorized by the Director of Public Safety. **[Amended 9-11-2013 by Ord. No. 13-081]**

§ 319-4. Contents of all license application. [Amended 3-14-2012 by Ord. No. 12-017]

The application for any license hereunder shall be made out in triplicate and shall be verified under oath and shall be filed with the Division of Commerce and shall contain the following:

A. Name and address of the applicant and, if a natural person, the date of birth.

B. If a corporation, the state under which incorporated and date of incorporation; the address of the principal office; the names and addresses of its officers and registered agent.

C. If any other type of organization, the name of same and, if the organization or its name is recorded, in what office and when; the names and addresses of the principal officers and directors.

D. The place from which the tower will operate and the address and telephone number of such place. There shall also be set forth the telephone number by which the licensee can be contacted at all times.

E. A description of the tower's equipment, giving the serial and motor number of all such equipment.

F. Prior convictions of crime, if any, by the owner or by an officer or director of the applicant, giving the date and place of such conviction and the nature of the crime.

G. Any other information which the Division Director, with the approval of the Department Director, shall deem necessary and proper for the full protection of the public's interest.

H. Acknowledgment by Class A Towers that they will only tow a Disabled Vehicle to a licensed facility and seized vehicles to a City lot.

1. All information and data pertaining to the particular towing vehicles to be licensed as a commercial vehicle as is required by the New Jersey Division of Motor Vehicles in an application for the registration of that particular towing vehicle.

J. Names of all persons who will be driving the tow vehicles and copies of their driver's licenses, including commercial driver's license (CDL), if applicable.

§ 319-5. Investigation of applicant; prohibition against owners who are members of Department of Public Safety. [Amended 3-14-2012 by Ord. No. 12-017; 9-11-2013 by Ord. No. 13-081]

A. The Division Director shall cause an investigation to be made to ascertain if the applicant is a person of good moral character. As to Class A applicants, the Division will determine whether the applicants' vehicles are in such condition that they can be operated in a safe manner. As to Class B or Impound Operator applicants, the Division will determine whether the off-street storage complies with this chapter.

B. No sworn member of the Department of Public Safety shall be permitted to own or be a principal in any Jersey City business or operation licensed under this chapter.

§ 319-6. Class A principal licenses; supplemental licenses. [Amended 3-14-2012 by Ord. No. 12-017]

A. Principal Class A license.

(1) Only one principal license shall be issued to a person as defined herein.

(2) The principal license shall pertain to the initial towing vehicle of the licensee.

(3) The principal license shall bear a serial number which will be assigned to that licensee. Said serial number shall be issued on all subsequent renewals of that principal license by that particular licensee and shall not be assigned to any other licensee.

(4) The principal license shall contain on the face thereof all the information and data required by the New Jersey Division of Motor Vehicles on an application for a registration certificate issued by said state agency.

B. Supplemental Class A license.

(1) If the holder of a principal license intends to operate more than one tower, said licensee shall apply for a supplemental license for each additional tower which the licensee intends to operate.

(2) The fee for a supplemental license shall be the same as the fee for the principal license.

(3) The supplemental license shall bear on the face thereof the same serial number as the principal license followed by a dash and the number 1 for the first additional tower and the number 2 for the second additional tower, etc.

(4) The information to be placed on the supplemental license shall be the same information required on the principal license, except that the information shall pertain to the particular additional towing vehicle for which the supplemental license is issued.

C. The business of a Class A licensee shall have no connection, directly or indirectly, in any way, with the business of any other Class A licensee.

D. No Class A licensee shall share storage facilities, office space, telephone or any other business facility or equipment with any other Class A licensee.

E. No Class A licensee shall rent or lease any of the above facilities or equipment to any Class A licensee.

F. No Class A licensee shall utilize the storage, office space or telephone or other business facilities and equipment of any other licensee, nor shall a licensee permit or allow any other Class A licensee to utilize such facilities and equipment of the licensee.

G. For the purposes of the rotation system hereinafter provided, a licensee shall be entitled to only one place on the rotation list, no matter how many licensed towing vehicles the licensee shall operate.

H. Any violation of the requirements of this section shall be grounds for the suspension or revocation of the principal license and all supplemental licenses issued to the license.

§ 319-7. Payment accepted. [Added 3-14-2012 by Ord. No. 12-017]

As a condition of receiving any and all licenses under this chapter, a licensee shall at minimum arrange to accept payment by Visa, MasterCard, American Express, cash and money order from the owner or driver of a vehicle for any towing, impoundment and storage fees. Personal check or other methods of payment will be at the option of the licensee. If payment is made by personal check, the licensee may require identification in the form of a valid major credit card in the name of the owner or driver of the vehicle. In appropriate cases and for good cause shown, the Division Director may waive the requirement of payment acceptance by credit card as to any tower who provides evidence of an unsuccessful but good faith attempt to make such arrangement. The licensee must provide an itemized receipt, including the licensee's name, address and telephone number, listing all fees charged. The payment options available shall be posted in a conspicuous place near the place of payment and shall be on the rate schedule required to be given to the owner or driver of vehicles. The wording and placement of the payment options shall be approved by the Director.

§ 319-7.1. License fees; renewals. [Amended 3-14-2012 by Ord. No. 12-017]

A. The fee for a Class A, Class B and Impound Operator Licenses shall be as provided in Chapter 160, Fees and Charges, for each license and all renewals of such license. This fee shall apply regardless of when during the year the license is applied for and/or approved.

B. All licenses shall expire on February 28 of each year and may be renewed upon submission of applications therefor and payment of the fees for each license.

Editor's note—Former § 319-7. Renumbered by Ord. No. 12-017, adopted March 14, 2012.

§ 319-8. License transferability. [Amended 3-14-2012 by Ord. No. 12-017]

No license shall be transferred from one licensee to another licensee, except that in the case of a death of any individual licensee the Division Director, upon proper application therefor, shall transfer the license to the authorized beneficiary of the deceased licensee; provided, further, that a licensee may transfer the license of one towing vehicle to another towing vehicle owned by the licensee upon written request to the Division Director on forms provided for such purpose.

§ 319-9. Suspension or revocation of license.

A. In addition to any penalties set forth in this Chapter and this Code for the violation of any of the provisions of this Chapter, the Division Director, with the approval of the Department Director, may, after conducting a hearing on 10 days' notice to the licensee, suspend a license for a period of not more than one year or revoke same for the violation of any of the provisions of this Chapter or of a violation of any other provisions of this Code. **[Amended 3-14-2012 by Ord. No. 12-017]**

B. It shall be sufficient reason to suspend or revoke a license pursuant to Subsection A above for the following reasons (Note: These reasons are offered as examples only and are not to be considered as all-inclusive): **[Amended 9-11-2013 by Ord. No. 13-081]**

(1) Refusal to render towing and storage services when summoned by the police pursuant to this Chapter.

(2) Charging more than the prices established in this Chapter.

(3) Arriving at the scene of a disabled vehicle or a vehicle to be impounded without first having been summoned by the police in accordance with the authorized procedure of the Director of Public Safety.

(4) Using a shortwave radio receiver adjusted to receive police calls. It shall be prima facie proof of the use of such equipment if the licensee arrives at the scene of a disabled vehicle or a vehicle to be impounded without having been summoned by the police.

(5) For the violation of any other provision of this Chapter or of any other provision of this Code.

(6) For any violation of rotation list guidelines as promulgated by the Director of Public Safety.

§ 319-10. Information to be shown on equipment.

On each side of the tower, the following shall be legibly printed in letters not less than three inches in height:

A. Name, address and telephone number of the licensee.

B. The phrase "licensed tower of Jersey City."

C. The phrase "request schedule of maximum prices which can be charged for towing and storage."

§ 319-11. Schedule of maximum prices; disclosure. [Amended 3-14-2012 by Ord. No. 12-017; 4-25-2018 by Ord. No. 18-030; 6-13-2018 by Ord. No. 18-059; 8-15-2018 by Ord. No. 18-082]

A. Maximum fees to tow, transport, convey or move vehicles (Class A licensee). **[Amended 6-13-2022 by Ord. No. 22-060]**

(1) No licensee shall charge more than the following maximum fees to tow, transport, convey or otherwise move a vehicle from one location within the City to another location within the City:

(a) Class I vehicle: $150.00, inclusive of a $40.00 administrative fee.

(b) Class II vehicles: $200.00, inclusive of a $40.00 administrative fee.

(c) Class III vehicles: $250.00 per hour (minimum two hours), inclusive of a $40.00 administrative fee.

(2) In addition to the above charges, under certain circumstances official towers shall be allowed to charge for extra services that may be required above the basic towing charge. Any such services and charges shall be in accordance with the fee schedule below:

Service or Charge	Fee
Decoupling	$25.00 (up to 10,000 pounds) $100.00 (over 10,000 pounds)
Jump start	$25.00
Flat tire	$25.00
Lock out	$25.00
Road service	$25.00
Gasoline/fuel service	$25.00, in addition to gasoline/ fuel cost
Crash or window wrap	$75.00 flat fee
Site clean up	$25.00 per bag of absorbent and $25.00 per bag of debris removal
Winching (not applicable to the towing of parked automobiles or minor maneuvering of automobiles prior to tow)	$75.00 per hour for light tow vehicles (up to 10,000 pounds) $150.00 per hour for heavy tow vehicles (over 10,000 pounds)
Snow locked vehicles	$50.00 per tow additional charge
Rotator/crane recovery unit service	$1,200.00 per hour
Tarp	$125.00

Any fees charged for services or equipment not specified in this Section shall be in accordance with and not in excess of rates approved and utilized by the New Jersey State Police. Said fees shall conform with New Jersey State Police rates, which may be updated periodically. If an issue arises as to these charges, it shall be the burden of the tower to provide documentation in the form of photographs as to the particular circumstances requiring the additional charges, i.e., position of the vehicle.

(3) No charge shall be imposed on a rotation list tow for waiting time, clean-up, yard fee or any other service not specifically authorized under this Chapter.

(4) The above fees are chargeable once a vehicle is hooked up by the tower.

B. Maximum fees for vehicle storage (impound storage licensee).

(1) No licensee shall charge more than the following maximum fees per day, or portion thereof, for storage of a disabled vehicle towed away pursuant to this Chapter:

(a) Class I vehicles: $30.00 per day.

(b) Class II vehicles: $60.00 per day.

(c) Class III vehicles: $100.00 per day.

(2) No vehicle shall be released from storage by a licensee unless proper owner and vehicle identification are shown.

C. Maximum fees for vehicle storage of vehicles impounded at the City's request.

(1) At such time as the City awards and executes a contract for impound services pursuant to a request for proposals (RFP), no impound operator shall charge more than the following maximum fees per day, or portion thereof, for storage of a vehicle towed from the public right-of-way pursuant to the request of the City's Division of Police or the City's Division of Parking Enforcement:

(a) Class I, II, and III vehicles: $3.00 per day for the first 30 days of storage per vehicle.

(b) Class I, II, and III vehicles: $2.00 per day for the thirty-first day of storage and any day thereafter.

(c) Class I, II, and III vehicles: A limit of $400.00 per vehicle stored regardless of the duration of the storage, except that a waiver may be granted for good cause upon the request of the City by the Division of Local Government Services in the Department of Community Affairs.

(2) No vehicle shall be released from storage by an impound operator unless proper owner and vehicle identification are shown.

D. Each driver of a Class A licensee shall have a schedule of the maximum prices when responding to the scene of a disabled, abandoned or other vehicle.

E. Before performing any service pursuant to this chapter, the licensee shall furnish the owner or driver of the vehicle with a copy of the schedule of prices. In the event that the owner or driver is incapacitated, the licensee shall furnish such schedule to the owner's authorized agent as defined herein before such person pays for the services rendered.

F. Neither a towing nor a storage fee shall he charged to an owner of an impounded vehicle under the following conditions provided the owner reclaims the vehicle within seven days after receiving notice of the impoundment:

(1) The vehicle is impounded as the result of a civil emergency such as fire, a utility malfunction or emergency construction work:

(2) The vehicle is impounded as evidence in a criminal proceeding by a law enforcement agency and subsequently released from impoundment by the agency; or

(3) The vehicle is impounded by order of a law enforcement officer in support of an investigation by a law enforcement agency.

(4) The vehicle is impounded in error.

G. A motor vehicle, impounded for any of the offenses listed in paragraph a. of N.J.S.A. 39:3-40.3 and reclaimed by a lessor or the holder of a lien, shall be released without payment pursuant to paragraph b. of N.J.S.A. 39:3-40.3. The violator shall be liable for all outstanding costs, fines and penalties. The City shall have a lien against the property and income of the violator for the total amount of the outstanding costs, fines and penalties.

H. In accordance with N.J.S.A. 40:48-2.54, the Business Administrator shall establish a procedure for the receipt, investigation and disposition of complaints by motorists whose vehicle have been subject to non-consensual towing and/or impoundment. Such procedure shall provide for a written decision within 30 days after receiving the complaint and shall inform the complainant of the action, if any, to be taken by the City in response to the complaint.

§ 319-12. Pad of bills; receipts; required information.

A. All licensees when operating a tower, shall keep in their possession a pad of bills containing the owner's name and the address of his or her place of business and, before towing a vehicle, shall prepare a bill on their billhead form, in duplicate, the original of which shall be furnished to the owner of the disabled vehicle or such owner's authorized representative.

B. The bill shall contain the following information:

(1) The full name, address and business telephone number of the licensee.

(2) Full name and address of the person engaging the towing car.

(3) State registration number of the vehicle.

(4) The maximum rates which may be charged for towing and storage.

(5) Full name and address of the operator of tower.

(6) State registration number of tower.

(7) Tower's license number.

(8) Address of the place to where the vehicle will be towed and stored.

C. In the event the licensee is requested by the owner to furnish an estimate of the cost of repairs of damages sustained by the vehicle, said estimate shall be in writing, a copy of which is to be given to the owner of the vehicle, and such written estimate shall contain the following:

(1) An itemization of all the repairs in detail, with the cost of each item set forth therein.

(2) A statement that the items of repair are necessary and that the prices for said items are reasonable.

(3) The estimate shall be signed by the licensee and by the owner of the vehicle.

(4) No oral estimate shall be given.

(5) A statement as to who will make the repairs.

D. No licensee shall make any repairs or cause any other repairer to make such repairs to the vehicle without a written contract for same executed by the licensee and the owner of the vehicle or such

owner's authorized agent, who shall be given a copy thereof. The contract shall contain the same certificate signed by the licensee as is required for estimates furnished pursuant to Subsection C above. The date and time when the contract is executed shall be set forth on the contract.

E. Rescinding contract for repairs.

(1) The owner of a vehicle or such owner's authorized agent may rescind the contract for repairs within 48 hours after signing it by giving written notice of the rescission to the person authorized to make the repairs. The notice may be made by telegram or other written communication. Each contract shall clearly state on the face of the contract the right and procedure to rescind the contract in accordance with this subsection. However, this option to rescind shall apply only in the case of a vehicle towed from the rotation list.

(2) The option to rescind may be waived by the owner of the vehicle. However, the waiver shall be in writing on a separate form provided therefor and shall be executed by the owner. The waiver, when executed, shall thereafter be attached to the aforesaid contract for repairs.

F. All bills for services, estimates and contracts shall be in writing and shall conform to the provisions of this chapter. No bills, estimates or contracts shall be oral.

G. The licensee shall keep an accurate record of all rotation and private property towing. The record shall contain, at minimum, an itemized list of charges, as well as pickup and drop-off locations. The record shall be kept and maintained for at least 12 months and available for review by the Division of Commerce and the Department of Public Safety. **[Amended 9-11-2013 by Ord. No. 13-081]**

§ 319-13. Liability insurance requirements. [Amended 3-14-2012 by Ord. No. 12-017]

A. All applicants for a Class A Tower's license must first obtain a policy of insurance from a B plus rated company approved by the Department of Banking and Insurance and authorized to do business in the State of New Jersey, or a bond of indemnity, acceptable to the Division Director, with limits for bodily injury and property damage liability of at least $1,000,000 for each person and for each accident.

B. In addition to the liability insurance set forth in Subsection A above, the Impound Operator Licensee shall provide garagekeepers' liability insurance to insure against the loss or damage to any stored vehicle in the sum of at least $50,000.

C. All the insurance required in Subsections A and B above shall contain the following provisions in these exact words: "The City of Jersey City and its officers, agents and employees are additional insureds and are fully covered by the provisions of this policy of insurance." The provisions of this subsection shall not apply to any licensee who is not in the rotation system.

D. All insurance policies shall be approved by the Risk Manager for the City of Jersey City before any license shall be issued. Any change in the wording of the additional insureds' clause in Subsection C above may be approved by the Risk Manager, provided that any such changes shall not result in any less protection of the city than is afforded to the licensee.

§ 319-14. Inspections; unlawful acts. [Amended 9-11-2013 by Ord. No. 13-081]

A. Vehicles shall be kept in a safe condition and conform to requirements which may be promulgated by the Division Director with the approval of the Department Director.

B. The Division Director shall have the power to cause an examination and inspection to be made of the vehicle for which the license is sought, and no license shall be issued unless the vehicle is in a thoroughly safe condition.

C. No licensee shall turn or reverse the vehicle, except at intersections where such turns are permissible.

D. No licensee shall engage in cruising.

E. No licensee shall invite or permit loitering within or near his or her tower.

F. No licensee shall seek employment by repeatedly and persistently driving the tower to and fro in a short space on any highway or otherwise interfering with the proper and orderly progress of traffic along the highways.

G. No licensee shall solicit or attempt to divert prospective patrons of another tower.

H. No licensee shall solicit or divert prospective patrons of a given garage in the city to any other garage.

1. No licensee shall tow away a Disabled Vehicle to a place other than one designated by the owner or driver of the vehicle or to a licensed Impound Operator facility. In the event that such owner or driver of the vehicle is incapacitated by reason of injuries or otherwise, and the owner's authorized agent is not immediately available, the licensee shall tow the vehicle to a licensed facility designated on the licensee's application for a tower's license.

J. No operator of a tower shall solicit, demand or receive from any person any pay, commission or emolument whatever, except the proper fee for towing and storage of the vehicle in accordance with the schedule of maximum charges provided herein.

K. Licensees shall promptly report all changes of address to the Division Director.

L. No licensee shall respond to the scene of a disabled vehicle unless duly summoned by the police in accordance with the procedure established by the Director of Public Safety.

M. No licensee shall remove a motor vehicle involved in an accident in which a person has been killed or seriously injured unless such vehicle has been released by a duly authorized member of the Department of Public Safety.

N. No licensee shall refuse to render towing and storage services to a vehicle when duly summoned by the police, pursuant to the procedure established by the Director of Public Safety, and no licensee shall refuse to remove residual debris from the scene of an accident pursuant to a police directive made in the interest of public safety.

O. No licensee on the rotation system shall not refuse to render towing services if the owner of a disabled motor vehicle is able to pay the fee prescribed in the schedule of prices filed by the tower.

P. No person holding a license issued pursuant to this chapter shall use a shortwave radio receiver capable of operating on a frequency assigned by the Federal Communications Commission for fire, police, municipal or other government use.

Q. Upon payment to the licensee of the towing charges and the storage charges, if any, the licensee shall forthwith release the vehicle to the owner or the owner's authorized agent or next of kin as the case may be.

R. No licensee may open, remove, damage or tamper with any locking device placed on any unlawfully parked motor vehicle.

S. Any violation of this section shall be grounds for suspension or revocation after hearing pursuant to the procedures set forth in this chapter.

§ 319-15. Rotating system of summoning towers. [Amended 3-14-2012 by Ord. No. 12-017; 9-11-2013 by Ord. No. 13-081]

A. The Director of Public Safety is hereby authorized and directed to establish a just and equitable rotating system of licensees to be summoned: 1) to tow away and store a disabled vehicle, and 2) if there is more than one Impound Operator license issued, Impound Operator licensees. The rotating

system shall be established so as to give as nearly as is practicable an equal share of the towing business to each licensee and to furnish protection to the owners of disabled vehicles. There shall be a separate list for Class I and II Vehicles and Class III vehicles with specific equipment requirements for each list to be promulgated by the Director of Public Safety; however, at minimum, a tower on the light-duty list shall have two tow trucks and a flatbed, and a tower on the heavy-duty list shall have two heavy-duty tow trucks. The Director of Public Safety shall be guided by the following minimum requirements for the rotating system:

(1) Only a Class A licensee may be in the rotation system and shall not have more than one position on the rotating list regardless of how many supplemental licenses the licensee shall hold.

(2) A licensee tower on the rotating list shall not be removed therefrom before he or she is accorded an opportunity to be heard after receiving written charges preferred against the licensee. No licensee shall lose his or her turn in the rotating system until the licensee is accorded this opportunity to be heard; provided, however, that the Director of Public Safety may immediately suspend any licensee if it is determined to be in the best interests of the citizens or the rotation system. A licensee may request in writing to be removed from the rotating list. When so removed, the licensee shall not be eligible to be placed on the rotating list for a period of one year from the date removed.

(3) Each licensee in the rotating system shall be given equal time and opportunity as all other licensees in the rotating system, and there shall be no discrimination for any reason whatsoever.

(4) No police officer or other official of the city shall have any authority to remove or skip over any licensee in the rotating system. If any licensee commits any violation of the motor vehicle laws of the State of New Jersey, the proper action taken against such licensee shall be by way of summons for the motor vehicle violation. If the infraction involves a violation of this chapter or any provision of the Jersey City Code, charges specifying the offense shall be presented to the Director of Public Safety, who shall thereupon cause a hearing to be held in accordance with the provisions of this chapter.

(5) Licensees shall respond to the scene within twenty (20) minutes of a request for service by the Department of Public Safety. If a tower does not respond within the allowed time and another tower is called to respond, the first tower may be suspended for up to three (3) days or for repeat offenders removed from the list for up to a year at the discretion of the Director of Public Safety, upon notice and an opportunity to be heard.

B. Whenever it is necessary to have a disabled vehicle towed away, the police who arrive at the scene shall forthwith notify police headquarters to summon a licensed tower from the rotating list in accordance with the procedure established by the Director of the Department of Public Safety, except when an emergency has been declared by the Office of Emergency Management. **[Amended 2-23-2011 by Ord. No. 11-025]**

C. The owner or driver of a disabled vehicle shall use the services of the licensed tower summoned by the police unless the owner is a member of an organization which supplies towing services for its members and the owner or driver requests the use of such organization's tower. If the request is made to the

police at the scene, the police shall forthwith notify police headquarters to call the organization and relay the request and all necessary information supplied by the owner's membership card to the organization.

D. In the event that the tower summoned by the police is delayed and it is necessary to remove the disabled vehicle out of the line of traffic or for other safety reasons, then the police emergency tower may remove the vehicle to the nearest point out of the way of the free flow of traffic allowing the vehicle to remain there until towed away by the tower summoned by the police.

E. In the event that a disabled vehicle is towed away and stored by a licensee pursuant to this chapter and the owner of the vehicle or such owner's agent or next of kin does not authorize a further disposition of the vehicle within three days after it is towed to the storage place, the licensee may, upon giving written notice by certified mail to the owner or the owner's authorized agent, pursue any and all remedies he or she may have in law for the disposition of the vehicle and the collection of the fees.

F. In the event that the owner or driver of the disabled vehicle is incapacitated by reason of injuries or otherwise and is unable to authorize the further disposition of the vehicle after it is towed away by the licensee, then the licensee shall forthwith ascertain from the police the name and address of the owner's agent or next of kin and contact him or her to ascertain the further disposition of the vehicle. The licensee shall also send to said agent or next of kin the bill for services and a copy of the schedule of prices as is required by this chapter.

§ 319-16. Violations and penalties. [Amended 3-14-2012 by Ord. No. 12-017]

In addition to any license suspensions or terminations, any person violating any provision of this chapter shall, upon conviction, also be punishable as provided in Chapter 1, General Provisions, § 1-25, of this Code.

§ 319-17. Removal of vehicles parked or abandoned on private property; fees. [Amended 3-14-2012 by Ord. No. 12-017]

A. Pursuant to N.J.S.A. 39:4-56.6, the owner or other person in control or possession of the private property on which a vehicle is parked or left unattended as described in the definition of "Disabled Vehicle" may remove and store or hire another person to remove and store the vehicle. It shall be the obligation of the owner of the vehicle to pay the costs for the removal and storage before he shall be entitled to recover the possession of the vehicle. If the owner of the vehicle refuses to pay such costs or fails to make a claim for the return of the vehicle within 90 days after such removal, the vehicle may be sold at public auction in accordance with the provisions of N.J.S.A. 2A:44-20 et seq.

B. Whenever a licensee, pursuant to N.J.S.A. 39:4-56.6, removes a vehicle parked or left unattended on private property as described within the definition of "Disabled Vehicle", he shall, within one hour, report to the police district from within which the vehicle was removed the following information:

(1) License plate number and description of vehicle removed.

(2) Location where the vehicle is stored.

(3) Location from which the vehicle was removed.

(4) Identity of the person claiming to own, control or be in possession of the private property from which the vehicle was removed.

C. The maximum charges for towing and storage of vehicles so removed from private property shall be the same as set forth herein for vehicles towed or stored from within the City under § 319-11.

§ 319-18. Seized vehicles; impound operator requirements; disposition of unclaimed vehicles; fees for storage; release of vehicles. [Added 3-14-2012 by Ord. No. 12-017; Amended 9-11-2013 by Ord. No. 13-081; 4-25-2018 by Ord. No. 18-030; 6-13-2018 by Ord. No. 18-059; 8-15-2018 by Ord. No. 18-082]

A. Licensed impound operators must maintain, either within a District or no farther than three miles from the boundary lines of a District, a single site or location with a minimum of 75 storage spaces for Class I vehicles, five spaces for Class II vehicles, and five spaces for Class III vehicles. Impound operators shall use the auto impound tracking computer software program prescribed by the City and be governed by the City's usage policies and procedures for such software.

B. Pursuant to N.J.S.A. 39:10A-1, vehicles left unclaimed may be sold at public auction after 30 business days but shall be sold by the City no later than 90 business days, provided that the Director of Public Safety may withhold from public auction up to three vehicles a month for police purposes.

C. All impound operator licensees shall maintain (and provide access or copies to the City) adequate records relating to the processing of tows, impounds, releases (including storage fees and other receipts). Impound operators shall also provide quarterly financial statements prepared in accordance with generally accepted accounting principles summarizing fees and income collected. When possible, all viable personal property from the impounded vehicles must be removed from the vehicle by the owner prior to being towed to the tow pound. Operators will provide access for release of vehicles to the public between the hours of 8:00 a.m. to 6:00 p.m., Monday through Saturday.

D. Upon receipt of an impounded vehicle, the impound operator shall pay the tower $90.00 for a Class I vehicle and $140.00 for a Class II vehicle, and for a Class III vehicle, a minimum of $390.00 no later than 30 days of receipt of the vehicle. The tower shall not receive any additional payment. Upon payment of the fees, as set forth herein and in Section 319-11.B of this Chapter by the owner or person entitled to claim the vehicle, the City shall receive an administrative fee of $40.00 and the impound operator a fee of $20.00; provided, however, that no administrative fee shall be payable to the City or to the Impound Operator unless the impoundment is the result of a motor vehicle accident and the Impound Operator was required to make more than three trips to the vehicle. For a vehicle that is not claimed by the owner or person entitled to claim the vehicle, the City shall sell the vehicle at public auction pursuant to N.J.S.A. 39:10A-1 et seq. The sale proceeds shall be used to reimburse the impound operator for the paving the tower and to pay the impound operator's storage fee. The storage fee shall be calculated using the rates set forth in Section 319-11.C of this Chapter. If the auction proceeds are not sufficient to pay these fees, the City shall transfer the vehicle to the Impound Operator.

E. Seized Vehicles shall be towed to a City-owned facility or as determined by the Director of Public Safety. Upon release of such vehicles by the appropriate authority, the City shall sell any unclaimed vehicles at public auction pursuant to N.J.S.A 39:10A-1.

§ 319-19. Surrender of unclaimed vehicles; violation for failure to remove vehicle. [Added 3-14-2012 by Ord. No. 12-017]

Vehicle owners who wish not to claim and or remove their vehicle from an impound storage area must sign a certificate of ownership, which transfers ownership to the City of Jersey City. Failure to do so may result in the owner being cited with a summons for abandonment of motor vehicle pursuant to N.J.S.A. 39:4-56.5 which will subject the owner, for the first offense, to a fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00), and his license or driving privilege may be suspended of revoked for not more than two (2) years. For any subsequent violation, the owner will be subject to a fine of not less than five hundred dollars ($500.00) nor more than one thousand dollars ($1,000.00), and his license or driving privilege may be suspended or revoked for not more than five (5) years.

§ 321-1. Definitions. [Added 12-13-2017 by Ord. No. 17-169; amended 4-9-2025 by Ord. No. 25-033]

For the purpose of this Chapter, the following terms shall have the meaning given herein:

CANOPY — the extent of the outer layer of leaves of an individual tree formed by the leader together with the scaffold and lateral branches (Figure 1).

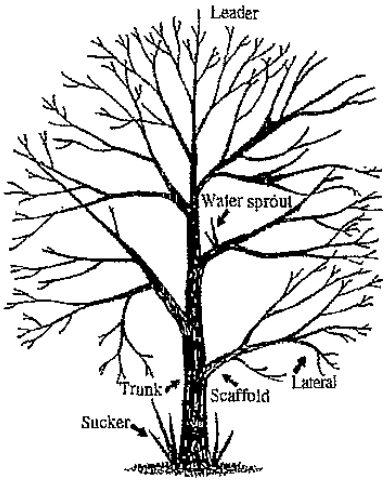

Figure 1

CITY TREE — (a) any living, self-supporting woody perennial plant that has a trunk diameter of at least two inches or more when measured at a point six inches above ground level and which normally attains an

***Editor's note—**Ord. No. 17-169, amended the Code by repealing former ch. 321, §§ 321-1—321-8, and adding a new ch. 321. Former ch. 321 pertained to similar subject matter, and derived from Ord. No. Mc-14, adopted September 8, 1981; Ord. No. McC-98, adopted January 24, 1990; Ord. No. 01-036, adopted April 14, 2001, and Ord. No. 01-082, adopted June 27, 2001.

Cross references—Shade Tree Committee, Ch. 10; Posting of Advertising Materials, Ch. 81; Trees in Parks and Recreation Areas, Ch. 239; Property Maintenance, Ch. 254; Streets and Sidewalks, Ch. 296.

overall height of at least ten feet at maturity, usually with one main stem or trunk and several branches; and (b) planted in a public right-of-way, in a City park or on property owned by the City. The term "City tree" does not include trees on private property.

CRITICAL ROOT RADIUS — a line measured in feet from the trunk of a tree to 1 times the DBH for younger, healthy or tolerant species and 1.5 times the DBH for older, unhealthy, or sensitive species.

CROWN — the top part of the canopy (Figure 1).

DBH — "Diameter at breast height", which is a standard method of expressing the diameter of the trunk or bole of a standing tree, measured approximately 4.5 ft above the ground.

DIVISION — the Division of Parks and Forestry.

DRIP LINE means the area defined by the outermost circumference of a tree canopy.

JERSEY CITY FORESTRY STANDARDS means the document promulgated by the Division of Parks and Forestry detailing the City's standards for the planting, maintenance and removal of City trees as defined herein. The Jersey City Forestry Standards shall be written and updated in consultation with the Shade Tree Committee and shall be subject to adoption by resolution from the Municipal Council. **[Amended 1-13-2021 by Ord. No. 20-111]**

LATERAL BRANCHES means the secondary branches that emerge from scaffold branches (Figure 1).

LEADER means the vertical stem at the top of the trunk (Figure 1).

MUNICIPAL FORESTER means the employee of the Department of Public Works responsible for overseeing the planting, maintenance and removal of all City trees and who is responsible for promulgating the Jersey City Forestry Standards as well as the list of City tree valuations published annually. **[Amended 7-12-2023 by Ord. No. 23-066]**

PRIVATE TREE — (a) any living, self-supporting woody perennial plant that has a trunk diameter of at least two inches or more when measured at a point six inches above ground level and which normally attains an overall height of at least ten feet at maturity, usually with one main stem or trunk and several branches; and (b) located on private property not owned or controlled by the City.

PROTECTED ROOT ZONE — the area around a tree equal to the circle of the critical root radius.

PRUNE — cutting or removing the branching structure of a tree in the crown, trunk or root areas in accordance with the ANSI-A300 Tree Care Standards 2023.

PUBLIC RIGHTS-OF-WAY means all land in the City of Jersey City dedicated or expressly reserved for the use of vehicular or pedestrian traffic and/or utilities.

SCAFFOLD BRANCHES means the primary limbs that form a tree's canopy (Figure 1).

SHADE TREE COMMITTEE means the committee established pursuant to Chapter 10 of this Code. **[Added 7-17-2019 by Ord. No. 19-082]**

TOPPING means cutting or removing the leader in such a way as to disfigure the canopy resulting in stunted or abnormal growth.

TREE PIT means the hole in the ground in which a tree is planted.
[Added 7-12-2023 by Ord. No. 23-066]

TRUNK means the stem and main wooden axis of a tree (Figure 1).

§ 321-2. Purpose. [Added 12-13-2017 by Ord. No. 17-169; amended 4-9-2025 by Ord. No. 25-033]

The Municipal Council finds that the preservation of existing City trees and Private trees, and the planting of new City trees and Private trees, promotes the health and welfare of the public in the following ways:

1. Conserving energy by providing shade, lowering urban air temperatures, and acting as a wind-break in winter;
2. Protecting pedestrians from rain, wind, sun and heat;
3. Improving air quality by producing oxygen, absorbing carbon dioxide and particulate matter;
4. Reducing noise pollution;
5. Providing habitat for birds and other wildlife;
6. Reducing storm runoff and the potential for soil erosion;
7. Increasing real estate property values; and
8. Enhancing the City's aesthetic qualities and thus making it more attractive to residents, visitors and businesses.

§ 321-3. Prohibited activities. [Added 12-13-2017 by Ord. No. 17-169; amended 1-13-2021 by Ord. No. 20-111; 7-12-2023 by Ord. No. 23-066; 4-9-2025 by Ord. No. 25-033]

No person shall do or cause to be done any of the following to a City tree as defined herein:

1. Hitch or fasten any animal, bicycle or vehicle to any guard or support attached to the City tree;
2. Permit any injurious substance, whether gaseous, liquid or solid, to come into contact with the trunk or roots of any City tree;
3. Cover or obstruct any open space provided around the base of a City tree;
4. Pile any building material or make any mortar or cement within six feet of a City tree;
5. Affix a sign to a City tree through use of glue, nails, staples, ropes, cables, wires, or other material that may cause punctures or girdling; All temporary "no parking" signs affixed to a tree, must be removed upon expiration of the no parking time period by the entity requesting that restriction.

6. No person shall place within a tree pit any type of free-standing sign of any kind including feather signs, sandwich boards (a-frame signs, chalkboard signs) or any other similar device or structure.

7. Pile garbage bags, recycling and paper bins within tree pit is also prohibited.

8. Cut or remove any of a City tree's canopy.

9. Fill or close a tree pit.

10. Damage a City or Private tree, knowingly or unknowingly, by improperly pruning, cutting, ripping or breaking any part of the roots, trunk or branches.

11. Drive into a City tree with a vehicle.

§ 321-4. Acts requiring a permit. [Added 12-13-2017 by Ord. No. 17-169]

A. No person shall do or cause to be done any of the following without a permit from the Division of Forestry: **[Amended 1-13-2021 by Ord. No. 20-111; 7-12-2023 by Ord. No. 23-066; 4-9-2025 by Ord. No. 25-033]**

1. Plant a tree in the public rights-of-way;

2. Remove any City tree or Private tree;

3. Spray or coat a City tree with chemicals;

4. Climb a City tree;

5. Cut, trim, prune, break, saw, or disturb any portion of any City tree;

6. Change the size or depth of a City tree bed or place any guard or structure around a City tree bed;

7. Fasten any rope, guy wire, electric attachments, sign or any other device to a City tree or to any guard about the City tree;

8. Remove any structure or device installed by the City to support or protect a City tree;

9. Change the grade of the soil or composition of the soil within the limits of the tree bed of any City tree;

10. Install an electrified wire or decorative lighting above, around or through any City tree;

11. Conduct any activity within the Protected Root Zone of a City tree such as construction, demolition, replacement of a sidewalk or driveway, erecting scaffolding, repairing underground utilities or services, and installation of infrastructure such as a street light.

12. Fill or close a tree pit.

13. Prune, cut or saw a City tree;

B. A separate permit shall be required for each tree affected by any of the foregoing acts. **[Added 12-13-2017 by Ord. No. 17-169]**

§ 321-5. Planting trees. [Added 12-13-2017 by Ord. No. 17-169; amended 1-13-2021 by Ord. No. 20-111; 4-9-2025 by Ord. No. 25-033]

A property owner may plant a tree in the public rights-of-way abutting his or her property by obtaining a permit from the Division of Forestry subject to the following conditions:

1. The species shall be selected from the list of recommended trees in the Jersey City Forestry Standards and approved by the Division of Forestry and be planted and maintained according to the Jersey City Forestry Standards;

    a. Should the Municipal Forester find a species planted that was not approved by a Municipal Forester and is such that it is inappropriate for the location, such as a large maturing species under powerlines, or a species not on the approved planting list, etc. then the tree shall be removed and replaced, to the satisfaction of the Municipal Forester, by the party that planted the improper tree initially.

2. The owner shall carry liability insurance for any damage to property or injury to person by the planting of such City trees;

3. The owner shall maintain the sidewalk in accordance with Chapter 254 (Property Maintenance) and the tree-bed surrounding the tree in accordance with the Jersey City Forestry Standards;

4. A property owner to whom a permit is issued under this section may engage a private landscaper to plant a City tree or request that the City plant the tree on behalf of, and as an agent for, the owner, after making the required contribution to the City tree fund.

§ 321-6. Removal of City trees. [Added 12-13-2017 by Ord. No. 17-169; amended 1-13-2021 by Ord. No. 20-111; 4-9-2025 by Ord. No. 25-033]

A. An adjoining property owner may be granted a permit for the removal of a City tree abutting his or her property in accordance with the Jersey City Forestry Standards under the following conditions:

1. The City tree poses a danger to persons or property which cannot be remedied except by removal; or

2. The removal of the City tree is required for the development of the property or the improvement of the sidewalk.

    a. All other means prior to removal, including possible redesign of development, the elimination of unnecessary design elements such as a driveway, must be attempted before removal is permitted.

B. An owner granted a permit to remove a City tree under subsection A.2 shall make a payment to the City equivalent to the value of the tree, as determined by the Division of Forestry in conjunction with

the Shade Tree Committee in accordance with the Jersey City Forestry Standards. **[Amended 7-17-2019 by Ord. No. 19-082; 7-12-2023 by Ord. No. 23-066]**

C. If the Municipal Forrester determines that a tree requires removal, the City shall replace it with a tree from the list of recommended trees in the Jersey City Forestry Standards at the site of the removal or nearest plantable location per the Jersey City Forestry Standards and with the approval of a City arborist.

D. Nothing in this section shall be construed to limit the power of the Division to move or require the removal of any City tree or part thereof for any purpose consistent with Section 321-2 and the Jersey City Forestry Standards.

§ 321-6.01 Removal of Private trees. [Added 4-9-2025 by Ord. No. 25-033]

A. A property owner may be granted a permit for the removal of a Private tree on his or her property in accordance with the Jersey City Forestry Standards under the following conditions:

1. The tree poses a danger to persons or property which cannot be remedied except by removal; or

2. The removal of the tree is required for the development of the property.

B. An owner granted a permit to remove a Private tree under subsection A.2 shall:

1. plant a similar tree, if possible, on the property from which it was removed in consultation with the Municipal Forester; or

2. make a payment to the City equivalent to the value of the tree, as determined by the Municipal Forester in conjunction with the Shade Tree Committee in accordance with the Jersey City Forestry Standards.

§ 321-6.1. Notice of removal of City trees. [Amended 4-9-2025 by Ord. No. 25-033]

A. Pursuant to the requirements as written and defined in the Jersey City Forestry Standards, at least ten days before the removal of any two or more City trees, or the removal of any Private tree, by a property owner or permitted party, notice shall be given to the owners of all adjoining real property as shown on the current tax duplicates in all directions of the tree to be removed. Notice shall be given by (1) serving a copy thereof on the property owner as shown on the said current tax duplicate, or his agent in charge of the property, or (2) mailing a copy thereof by certified mail to the property owner at his address as shown on the current tax duplicate.

B. A copy of the notice provided to the property owners pursuant to § 321-6.1.A shall be filed with the Division of Forestry.

C. Notice shall not be required for the emergency removal of any tree dangerous to public safety or if the condition of the tree warrants removal after inspection by the Division of Forestry. **[Added 1-13-2021 by Ord. No. 20-111]**

§ 321-7. Permit application fee. [Added 12-13-2017 by Ord. No. 17-169]

Application for the permit required under Section 321-4 shall be made in writing to the Division of Parks and Forestry, on forms to be supplied by the Division, accompanied by the fee provided in Chapter 160 (Fees and Charges).

§ 321-8. Protection from wires, cables and electrical current. [Added 12-13-2017 by Ord. No. 17-169; amended 4-9-2025 by Ord. No. 25-033]

Every person or entity having control over any wire for the transmission of an electric current along a public rights-of-way shall at all times guard all City trees through which or near which such wire passes against any injury from the wire or cable or from the electric current carried by it. The device or means used shall in every case by subject to approval by the Division of Forestry.

§ 321-8.1. Protection of trees near excavation or construction sites. [Added 7-12-2023 by Ord. No. 23-066; amended 4-9-2025 by Ord. No. 25-033]

All trees on any street or other publicly owned property within the Protected Root Zone of any excavation or construction of any building, structure, or street work shall be guarded with a temporary wooden tree guard not less than four feet high. At no time shall the tree guard extend beyond the sidewalk into the street, nor shall the tree guard cause a hardship for those using the sidewalk.

When construction, excavation, and/or material deposits result in the destruction and/or removal of a street tree, the person or utility company responsible for that damage shall replace the street tree with either a tree or trees of equivalent dollar value in the vicinity of the removed street tree subject to the approval of the Municipal Forester.

§ 321-9. Violations and penalties. [Added 12-13-2017 by Ord. No. 17-169; amended 9-23-2020 by Ord. No. 20-074; 1-13-2021 by Ord. No. 20-111; 4-9-2025 by Ord. No. 25-033]

The penalties provided under Section 1-25 shall apply to violations of this chapter; provided, however, that the penalty for a violation of this Chapter shall be $100.00 to $2,000.00 as determined by the Jersey City Municipal Court. Additionally, the City may pursue all legal remedies in the Hudson County Superior Court for any trees that are removed, destroyed or damaged in violation of this Chapter. All payments for violations and restitution per Chapter 321 shall be deposited in a City tree replacement reserve fund.

§ 321-10. Forestry standards adopted. [Added 3-28-2018 by Ord. No. 18-019; amended 1-13-2021 by Ord. No. 20-111; 7-12-2023 by Ord. No. 23-066]

The document entitled Jersey City Forestry Standards is hereby adopted and all the provisions contained therein are hereby incorporated into the Municipal Code by reference and also are on file in the Office of the City Clerk. All sections of this chapter shall be interpreted and executed in accordance with the Jersey City Forestry Standards as amended and adopted by the Municipal Council. The Jersey City Forestry standards shall be written and amended in consultation with the Jersey City Shade Tree Committee and shall be subject to approval by a resolution passed by the Municipal Council.

GENERAL REFERENCES

Fees and charges — See Ch. 160.
Sale of tires — See Ch. 313.
Zoning — See Ch. 345.

§ 324-1. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

USED MOTOR VEHICLE - Every motor vehicle, Title to or possession of which has been transferred from the person who first acquired it from the manufacturer or dealer and so used as to become what is commonly known as "secondhand" within the ordinary meaning thereof.

USED MOTOR VEHICLE DEALER - A person engaged in the business of selling, buying or dealing in used motor vehicles and who has an established place of business.

USED CAR LOT - Any indoor or outdoor space used or occupied for the business of selling, buying or dealing in used motor vehicles.

§ 324-2. License required.

No person shall deal in or conduct or engage in the business, sale, purchase or exchange of secondhand or used motor vehicles without first having obtained a used motor vehicle sales license.

§ 324-3. License application.

Applications for used motor vehicle sales licenses shall be made upon forms provided by the license issuing authority, shall be signed and verified under oath by the applicant, if an individual, and by a duly authorized agent if a partnership or corporation, and shall set forth the following:

A. If a person, the name and address of the applicant.

B. If a partnership, the name, residence and business address of each partner.

C. If a corporation, the name, date and state under whose laws such corporation was organized, the name and address of the registered agent and, if a foreign corporation, whether authorized to do business in the State of New Jersey, the names of the principal officers, directors and local representatives, their residences and business addresses.

D. The location and description of the premises for which the license is requested, stating also the block and lot number as shown on the Official Tax Assessment Map of the city.

§ 324-4. License fee.*

Each licensee shall pay an annual used motor vehicle sales license fee as provided in Chapter 160, Fees and Charges, whether he or she engages in business for a full year or part thereof. The license year shall be from April 1 to March 31, inclusive, of the following year.

§ 324-5. License issuance. [Amended 9-11-2013 by Ord. No. 13-081]

If, after an investigation by the Department of Public Safety, the license issuing authority is reasonably satisfied that the applicant has a good reputation and that the statements set forth in the application are correct, and if the proper fee has been paid, the license issuing authority shall then issue to the applicant a license which shall be effective from the date of the issue to March 31 thereafter following.

§ 324-6. Transferability of license.

All used motor vehicle sales licenses may be transferred for their unexpired term with the consent of the license issuing authority.

§ 324-7. Parking on sidewalks.

No licensee hereunder shall park, store or display motor vehicles or other articles or permit motor vehicles or other articles to be parked, stored or displayed upon sidewalks or walks adjoining, abutting or surrounding the licensed premises.!

*** Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

tEditor's **Note: See also Ch. 296, Streets and Sidewalks, Art. IV, Obstructions and Encumbrances.**

§ 324-8. Proximity of vehicles to residences.

No used motor vehicle shall be exhibited, stored or located for sale or exchange in any outdoor area with five (5) feet of any building occupied as a residence.

§ 324-9. Compliance with other regulations.

All licensees shall at all times conform fully and completely with all New Jersey statutes, the rules and regulations of the Director of the Division of Motor Vehicles of the State of New Jersey and all other governmental laws, rules and regulations, including the obtaining of proper licenses and permits.

§ 324-10. Suspension or revocation of license.

A. Any license issued hereunder may be suspended or revoked by the license issuing authority for any of the following reasons:

(1) The licensee has knowingly made any false or materially incorrect statement in the application.

(2) The licensee knowingly violates or knowingly permits or countenances the violation of any provision of this chapter.

(3) The licensee knowingly violates or knowingly permits or countenances the violation of any provision of penal law or ordinance regarding theft, larceny or conversion of a motor vehicle.

B. No suspension or revocation of any used motor vehicle license shall be made until a ten-day written notice of the charges preferred against the licensee have been given to him or her personally or by mailing them by certified mail addressed to him or her at the licensed premises, and until a reasonable opportunity to be heard thereon has been afforded. The hearing shall be held before and conducted by the license issuing authority. All suspensions or revocations of licenses shall be effected by notice in writing of such suspension or revocation, designating the effective date thereon and, in case of suspension, the term of such suspension, which notice may be served upon the licensee personally or by mailing it by registered mail addressed to him or her at the licensed premises. Such suspension or revocation shall apply to the licensee and to the licensed premises. Any revocation shall render the licensee ineligible to receive any other license under this chapter for a period of one (1) year from the effective date of the revocation, and may, in the discretion of the license issuing authority render the licensed premises ineligible for any future license under this chapter.[3]

[3] **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

§ 324-11. Maintenance of premises.

Every used motor vehicle licensee shall keep the sidewalk surrounding the business premises free from dirt, ice, sleet and snow and shall keep the sidewalk and driveways in a safe condition for the travel of pedestrians.[4]

§ 324-12. Violations and penalties.[5]

Any person violating any of the provisions of this chapter, upon conviction thereof, shall be punishable as provided in Chapter 1, General Provisions § 1-25.

ARTICLE I
General Provisions
[Adopted 5-4-1971 as Ch. 8, Art. XVIII, of the 1971 Jersey City Code, as readopted 9-19-1978 by Ord. No. S-128]

§ 329-1. Definitions.

As used in this Article, the following terms shall have the meanings indicated:

CLASS A MACHINE — A vending machine dispensing readily perishable foods or heated or refrigerated foods. **[Amended 4-28-1988 by Ord. No. C-730]**

CLASS B MACHINE — A vending machine dispensing nonperishable foods which do not require heating or refrigeration. **[Amended 4-28-1988 by Ord. No. C-730]**

CLASS C MACHINE — A vending machine dispensing drugs, cosmetics and items other than food products. **[Amended 4-28-1988 by Ord. No. C-730]**

CLASS D MACHINE — A vending machine dispensing gumballs, toys, jewelry and novelties. **[Added 3-23-1989 by Ord. No. C-910; 8-16-1995 by Ord. No. 95-068]**

COMMISSARY — Restaurant, commissary, caterer or any other place in or from which food, beverages or the ingredients thereof are kept, handled, prepared, stored or sold for subsequent dispensing through vending machines.

EMPLOYEE — Any operator or his or her representative who handles any food, beverage or ingredient to be dispensed through vending machines or who comes into contact with food contact surfaces of containers, equipment, utensils or packaging materials used in connection with vending machine operations or who otherwise services or maintains a vending machine.

FOOD — Any raw, cooked or processed edible substance, beverage or ingredient used or intended for use, in whole or in part, for human consumption.

HEALTH OFFICER — The Health Officer of the city or his or her authorized representatives.

MACHINE LOCATION — The room, enclosure, space or area where one (1) or more vending machines are installed and operated.

OPERATOR — Any person who sells food, nonalcoholic beverages, drugs, cosmetics, goods, wares or merchandise through a vending machine. For the purpose of this Article, the person having custody and control of the coin receptacle, box or container in a vending machine shall be conclusively presumed to be the "operator" thereof and shall have the responsibility of obtaining the license therefor.

READILY PERISHABLE FOODS — Any food, consisting in whole or in part of milk, milk products, eggs, meats, fish or poultry, or other foods or beverages requiring refrigeration to prevent decomposition or spoilage. However, powdered products, and those which are commercially sterile and in hermetically sealed containers, are excluded from the term.

VENDING MACHINE — Any device which, upon insertion of a coin or coins, token, disc or like object, dispenses food, nonalcoholic beverages, drugs, cosmetics, goods, wares or merchandise.

§ 329-2. License required.

No person shall engage in the business of operating one (1) or more vending machines without first having obtained an operator's license for each such machine.

§ 329-3. License application.

Applications for a vending machine operator's license shall be made to the Health Officer upon forms provided by the Health Officer. Such application shall set forth the following information:

A. Applicant's full name, residence and post office address and whether such applicant is an individual, firm or corporation.

B. Type and kind of vending machines to be operated and the proposed location of all such vending machines.

C. Name and address of the person from whom such vending machine is to be purchased, rented or otherwise obtained.

D. Terms of agreement governing the acquisition and installation of such vending machine.

§ 329-4. Compliance with other standards; license issuance; transferability.

A. Before an applicant for a vending machine license shall receive a license:

(1) The Division of Construction Code Official shall, upon the request of the Health Officer, certify whether the location of the vending machine complies with Chapter 131, Construction Codes, Uniform, and Chapter 345, Zoning. **[Amended 8-13-1997 by Ord. No. 97-052]**

(2) The Health Officer shall make or have made an inspection of the commissary, servicing facilities and Class A, Class B and Class C machine locations to determine compliance with the provisions of the public health and sanitation requirements of this Code.

B. If, after the aforesaid certification has been made, the Health Officer shall be reasonably satisfied that the statements set forth in the application are correct and that the applicant is in compliance with this article, an operator's license shall be issued by the Health Officer to the applicant for each such vending machine. No such license issued under the terms of this article shall be transferable.

C. The operator's numbered license shall be of size and style approved by the Health Officer.

§ 329-5. License fees. [Amended 4-28-1988 by Ord. No. C-730; 9-22-1988 by Ord. No. C-824]

A. The license fee to be paid for an operator's license for each such vending machine shall be as provided in Chapter 160, Fees and Charges. **[Amended 6-14-1995 by Ord. No. 95-050]**

B. Class D machines used for charitable purposes shall be exempt from the licensing fee. The Health Officer may require proof of the charitable use of the machines. Exemption from licensing fees shall not exempt such vending machines from compliance with all applicable sanitary requirements. **[Added 3-23-1989 by Ord. No. C-910]**

C. Any machine licensed under this article shall not be removed from the location for which it was licensed to another location or replaced by another machine without the approval of the Health Officer.

§ 329-6. Inspections; right of entry.

The Health Officer may inspect all vending machines as often as deemed necessary. The Health Officer, after proper identification, shall be permitted to enter at any reasonable time upon any

private or public property where vending machines are stored or operated, or commissaries are operated, or from which such machines are otherwise serviced, for the purpose or determining compliance with this article. The operator or custodian of such machines at the point of storage shall make provisions for the Health Officer to have such access, in the company of any employee or otherwise, to all vending machines operated or stored.[1]

§ 329-7. Revocation of license.

Any license may be revoked for cause, after a summary hearing before the Health Officer. A printed or written notice, setting forth the charges and the time and place of hearing, shall be served upon the licensee by leaving such notice at the place where the licensee conducts his or her business, at least five days prior to the date of the hearing. The Health Officer, pending the hearing, may suspend such license before such hearing if in his or her judgment the protection of the public health demands. In such event, it shall be unlawful for the operator to engage in the business for which he or she was licensed.

§ 329-8. Purpose.

This Article is for the purpose of regulation and shall in no way affect any of the fees as now provided for or to be hereafter provided for in any other ordinance, but shall be in addition thereto.

§ 329-9. Violations and penalties. [Added 6-14-1995 by Ord. No. 95-050]

Any person, firm or corporation who shall violate any of the provisions of this Article shall, upon conviction, be punishable as provided in Chapter 1, General Provisions. § 1-25.

ARTICLE II
Cigarette Vending Machines[2]
[Adopted 2-24-1993 by Ord. No. 93-019]

§ 329-10. Machines to be attended.

A. Subject to Subsection B, no cigarette vending machine shall be placed on any premises, public or private, unless the owner or lessee of each machine provides in writing to the city the names and business addresses of a person or persons who shall serve as attendant and

(Cont'd on page 32905)

1 **Editor's Note: Original Secs. 8-217 through 8-220, which immediately followed this section and established sanitation standards, were deleted 6-14-1995 by Ord. No. 95-050. For current provisions dealing with this topic, see Chapter XII of the State Sanitary Code.**

2 **Editor's Note: See also Ch. 316, Tobacco.**

deputy attendant for that machine. More than one (1) attendant or deputy attendant may serve a machine, provided that the owner or lessee specifies the time periods when each of two (2) or more attendants or deputy attendants shall be on duty and thus responsible for compliance with this Article.

B. The requirements of Subsection A shall not apply to any bar or tavern or any premises which is holder of a plenary retail consumption license pursuant to Chapter 84, Alcoholic Beverages; provided, however, that this exemption shall not apply to any restaurant holding such a license which permits minors on the premises.

§ 329-11. Responsibilities of attendants.

The attendant and, in the attendant's stead, the deputy attendant shall be responsible for the penalties and fees which may, upon conviction, be imposed for violations of this Article. Nothing in this Article shall prohibit the employer of an attendant from paying penalties imposed under this Article but payment by the employer shall not be required.

§ 329-12. Qualifications of attendants.

A. An attendant or deputy attendant shall be at least eighteen (18) years of age or more, as certified by the City Health Officer by birth certificate or driver's license only, and an employee or agent of the firm, corporation, partnership or entity having possessory interest, including but not limited to leaseholds, in the premises where the cigarette vending machine is located.

B. An attendant or deputy attendant shall be responsible for placing and maintaining the cigarette vending machine at a site not more than fifty (50) feet from his or her normal place of transacting business, which shall include but not be limited to a cash register, checkout counter, bar or place for the consumption or sale of liquor, desk, office, bathroom or lounge area. The attendant shall assure that he or she has a clear unobstructed line of sight between the normal place of transacting business and the location of the cigarette vending machine.

C. The attendant shall make a machine inoperable during any time when the public has access to the machine but for any reason the attendant or deputy attendant is not available to attend the machines.

D. No attendant may permit a person who is under eighteen (18) years of age to purchase a product from a cigarette vending machine.

§ 329-13. Violations and penalties.[5]

For violation of this Article, the penalty shall be as provided in Chapter 1, General Provisions, § 1-25.

§ 332-81.1. Title 39 made applicable to Society Hill at Droyers Point.
§ 332-82. Parking in front of private driveways.
§ 332-83. Parking within designated properties of the Jersey City Housing Authority.

ARTICLE XII
Permissible Parking Distances

§ 332-84. Definitions.
§ 332-85. General provisions.

ARTICLE I
General Provisions

§ 332-1. Definitions.

A. Whenever any words and phrases are used in this chapter, the meanings respectively ascribed to them in Subtitle 1 of Title 39 of the New Jersey Statutes Annotated shall be deemed to apply to such words and phrases used herein.

B. In addition, the following terms, when used in this chapter, shall have the meanings indicated **[Amended 9-11-2024 by Ord. No. 24-069]:**

COMMUTER VEHICLE — A motor vehicle, other than the ones described herein, parking in a residential zone.

EMPLOYEE VEHICLE — A motor vehicle parked in a residential zone wherein the owner of said vehicle is an employee of a business located within said zone.

HOLIDAY — Any of the following days or the day on which any of the following are celebrated:

(1) New Year's Day, January 1.

(2) Martin Luther King's Birthday, the third Monday in January.

(3) Abraham Lincoln's Birthday, February 12.

(4) George Washington's Birthday, the third Monday in February.

(5) Good Friday, falling between March 21 and April 23.

(6) Memorial Day, the last Monday in May.

(7) Juneteenth, June 19.

(8) Independence Day, July 4.

(9) Labor Day, the first Monday in September.

(10) Columbus Day, the second Monday in October.

(11) General Election Day, the Tuesday after the first Monday in November.

(12) Veterans' Day, November 11.

(13) Thanksgiving Day, the fourth Thursday in November.

(14) The Friday immediately after Thanksgiving.

(15) Christmas Day, December 25.

Date specific holidays falling on Saturday are observed on Friday; date specific holidays falling on Sunday are observed on Monday.

PERSON — A natural person, joint-stock company, partnership, association, club, company, corporation, business, trust, organization or the manager, lessee, agent, servant, officer or employee of any of them.

RECREATIONAL VEHICLE — A self-propelled or towed vehicle equipped to serve as temporary living quarters for recreational camping or travel purposes and used solely as a family or personal conveyance. **[Added 11-9-2016 by Ord. No. 16-171]**

RESIDENTIAL ZONE — A contiguous or nearly contiguous area containing public streets and highways or parts thereof.

RESIDENTIAL VEHICLE — A motor vehicle parking in a residential zone in which it is registered.

RESIDENTIAL PERMIT PARKING ZONE — A residential area designated as herein provided wherein a resident motor vehicle displaying a valid permit as described herein shall be exempt from parking restrictions established pursuant to this chapter.

TRANSIENT VEHICLE — A motor vehicle, other than a resident vehicle, which has been issued a temporary residential parking permit pursuant to this chapter.

B. The traffic signal installations shall be in accordance with the provisions of An Act Concerning Motor Vehicles and Traffic Regulations, Subtitle 1 of Title 39 of the New Jersey Statutes Annotated, and shall conform to the design and shall be maintained in operation in accordance with the Act.

§ 332-3. Traffic control signal monitoring system (red light cameras). [Added 5-28-2008 by Ord. No. 08-065; amended 9-11-2013 by Ord. No. 13-081]

A. Installation.

(1) The City of Jersey City hereby determines to install and utilize a traffic control signal monitoring system [System] at various intersections within the City of Jersey City as approved by the Commissioner of Transportation pursuant to the Act

(2) The System to be installed shall be approved by the Governing Body by resolution.

(3) The City of Jersey City shall have the authority to enter into a contract, following a lawful procurement process, for the installation of the System. Any contract that shall contain provisions contrary to the Act shall not be deemed invalid but rather reformed to conform to the Act

(4) The signs notifying drivers that a System is being utilized shall be approved by the Municipal Engineer, and shall be placed on each street converging into the affected intersection as required by the Act.

(5) The Municipal Engineer shall inspect and certify the System at least once every six (6) months from the date of its installation

B. Issuance of a Summons. The Department of Public Safety of the City of Jersey City shall review the recorded images produced by the System, to determine whether sufficient evidence exists demonstrating that a traffic control signal violation has occurred and shall issue a Summons when appropriate in accordance with the rules of the Court.

C. Use of Recorded Images.

(1) Except as otherwise provided in this section, the recorded images produced by the System shall be available for the exclusive use of the Department of Public Safety for the purpose of discharging his or her duties under P.L. 2007, Ch. 348.

(2) Any recorded image or information produced in connection with the System shall not be deemed a public record under N.J.S.A. 47:1A-1 et seq., or common law. The recorded images shall not be: (i) discoverable as a public record by any person, entity, or governmental agency, except upon a subpoena issued by a grand jury or a court order in a criminal matter, or (ii) offered as evidence in any civil or administrative proceeding not directly related to a traffic control signal violation.

(3) Any recorded image or information collected in connection with a traffic control signal violation shall not be retained after sixty (60) following the collection of any fine or penalty.

(4) If a summons is not issued within forty (40) business days following the traffic control signal violation, all recorded images and any information collected with respect to the traffic control signal violation shall be removed by the Department of Public Safety within two (2) business days.

(5) The City of Jersey City shall certify compliance of this Section by filing a report to with the Commissioner of Transportation in accordance with the Act.

D. Owner's Liability. The liability of the Owner and Operator of a motor vehicle for a traffic control signal violation summons pursuant to the System shall be joint subject to provisions of the Act.

E. Fines. Any person liable for a traffic control signal violation, pursuant to the Ordinance and the Act, utilizing the System shall be subject to the fines listed in Chapter 160.

§ 332-4. Speed limits. [Amended 9-14-2016 by Ord. No. 16-120; 11-16-2017 by Ord. No. 17-149]

The speed limit for traffic along the streets, or parts thereof, listed below are hereby established at the rate of speed indicated in New Jersey State Statute and Amendments 39:4-98.

Speed Limits		
Name of Street	Speed Limit (mph)	Limits
Eighteenth St	25	Entire length
Eleventh St	25	Entire length
Garfield Av	25	Entire length
Hoboken Av	25	From City line to Highway 139
No. 40 School Zone 1	25	During recess or while children are going to and from school, during opening and closing hours

§ 332-5. One-way streets. [Amended by 4-28-2010 by Ord. No. 10-059; 12-18-2013 by Ord. No. 13-134; 7-16-2014 by Ord. No. 14-043; 9-23-2014 by Ord. No. 14-115; 9-23-2014 by Ord. No. 14-119; 10-8-2014 by Ord. No. 14-127; 10-22-2014 by Ord. No. 14-133; 11-12-2014 by Ord. No. 14-140; 9-24-2015 by Ord. No. 15-123; 10-28-2015 by Ord. No. 15-140; 4-27-16 by Ord. No. 16-063; 6-14-2017 by Ord. No. 17-018; 11-16-2017 by Ord. No. 17-149; 6-27-2018 by Ord. No 18-061; 6-27-2018 by Ord. No. 18-062; 8-15-2018 by Ord. No. 18-087; 10-24-2018 by Ord. No. 18-121; 1-9-2019 by Ord. No. 18-148; 5-22-2019 by Ord. No. 19-049; 9-23-2020 by Ord. No. 20-076; 4-28-2021 by Ord. No. 21-025; 6-15-2022 by Ord. No. 22-046; 6-15-2022 by Ord. No. 22-049; 9-20-2023 by Ord. No. 23-088; 11-29-2023 by Ord. No. 23-112; 10-30-2024 by Ord. No. 24-092; 3-11-2026 by Ord. No. 26-010]

No-Passing Zones

West Side Av

§ 332-13. Truck routes.

Reserved; pending approval from the New Jersey Department of Transportation.

§ 332-14. Trucks prohibited or restricted on certain streets and highways.

Reserved; pending approval from the New Jersey Department of Transportation.

§ 332-15. Driveways.

The driveway locations listed below are designated as entrances and exits only. No person shall drive a vehicle upon such driveway, except as designated.

Driveways	
Limits	**Restriction**
352 to 354 Central Av (Municipal Parking Lot)	Entrance only
388 Central Av (Municipal parking lot)	Entrance only
12 Journal Square (south driveway)	Entrance only
20 Journal Square (Sip Av driveway)	Entrance only

§ 332-16. Closing of streets at certain times for school use.

A. If the Municipal Engineer shall find that a safety problem exists for ingress and egress to any public or private school for the provision of recreational facilities for children attending such school, or both, due to lack of a suitable area surrounding the school, he may close, by regulation, any portion of any street within the block upon which such school is located to the use of through traffic during such time as he shall determine, not to exceed one (1) hour between 7:30 a.m. and 10:00 a.m., two (2) hours between 11:00 a.m. and 2:00 p.m. and one (1) hour between 2:30 p.m. and 4:30 p.m., on any days upon which such school is in session.

B. Such street or portion thereof may be used during said hours for ingress and egress to such school, and for use by the pupils for recreational purposes under proper supervision, and the Director shall provide adequate police facilities for such supervision and for the control of traffic upon such street.

C. Proper warning signs shall be posted in said street indicating that it is so closed and the purpose thereof during the time when it is so closed.

D. In accordance with the provisions of N.J.S.A. 40:67-16.7 and 40:67-16.9 and 3-54(C)(14) of the Code of the City of Jersey City, a Manual of Regulations authorizing the closing of streets or portions thereof within school areas to through traffic is hereby adopted.

E. The list of School Streets shall be incorporated in the Chapter 332 Manual—Traffic and Transportation. The current list of School Streets authorized by Ordinance and/or Regulation within the Chapter 332 Manual—Traffic and Transportation is available for inspection in the Division of Engineering, Traffic and Transportation and/or the Office of the City Clerk.

§ 332-17. Traffic regulations applicable to drivers of public vehicles.

The provision of this Chapter and other applicable provisions of the Code shall apply to the driver of any vehicle owned by or used in the service of the United States Government, this State, any other State, any Territorial or Federal District, any County, municipality or other political subdivision of the United States. No driver shall violate any provision of this Chapter or other applicable provision of the Code, except as otherwise permitted therein or by New Jersey State statute.

§ 332-18. Traffic control devices; Municipal Engineer.

The Municipal Engineer shall place and maintain, in accordance with State statutes, traffic control signs, signals, and devices, when and as under the provisions of this Code, and may place and maintain such additional traffic-control devices and barriers as he may deem necessary to regulate, to guide or warn traffic.

§ 332-19. Reserved.

Editor's note—Ord. No. 20-045, adopted June 24, 2020, adopted the 2020 Edition of the Traffic Control Manual, which replaces the 1995 Edition of the Official Traffic Barricade Manual, effectively repealing § 332-19, which pertained to the Traffic Barricade Manual, and was originally codified by Ord. No. 10-114, adopted September 15, 2010.

§ 332-20. Speed limit construction zones.

The Municipal Engineer may order a reduction of the regular speed limit for periods not to exceed seventy-two (72) hours on segments of roadways during maintenance and repair operations. The Municipal Engineer may order said reduction of speed when he finds the regular speed limit exceeds a safe limit for a maintenance or construction zone. The Municipal Engineer shall place one or more signs indicating the reduced speed limit along the affected roadway and shall conform to all other requirements of N.J.S.A. 39:4-98.2.

§ 332-20.1. Closing of Newark Avenue from Barrow Street to Grove Street and Erie Street from Newark Avenue to Bay Street. [Added 7-16-2014 by Ord. No. 14-075]

A. The Director of Architecture, Engineering, Traffic and Transportation for the City of Jersey City is hereby authorized to provide by regulation (No. 14-006) for the closing of Newark Avenue from Barrow Street to Grove Street and Erie Street from Newark Avenue to Bay Street [Plaza], daily, for a period up to one (1) year for the preservation of the public safety, health or welfare, subject to the conditions set forth in this section.

B. Conditions.

(1) No source of sound from any amplifier shall be permitted on the Plaza or from any surrounding building, business, or establishment which is audible on the Plaza.

(2) Restaurant outdoor table service shall be permitted within the Plaza, but only directly in front of the restaurant and if they provide their own tables and chairs.

(3) Delivery by motor vehicle may occur within the Plaza but only during the hours of 12:00 a.m. and 3:00 p.m., daily.

(4) Garbage, recycling pick-up and street cleaning within the Plaza should be scheduled prior to 3:00 p.m., Monday through Friday.

(5) Hours: Motor vehicles shall be prohibited within the Plaza between 3 p.m. to midnight, Monday through Friday and between 12:00 a.m. to midnight, Saturday and Sunday.

(6) Traffic and pedestrian walk signals shall be adjusted at the Grove/Newark and the Grove/Christopher Columbus intersections within the Plaza.

(7) Reasonable accommodation shall be made within the Plaza for medical offices or other facilities with any special ADA compliance needs.

C. This section shall be enforced by the Division of Cultural Affairs and the Division of Traffic and Transportation.

D. The Division of Cultural Affairs shall prepare a report containing the following information: 1) a business survey demonstrating the increased revenue for the businesses within the plaza; 2) a police accident report demonstrating either stable or increased safety at Barrow/Newark, Bay/Newark, Bay/Grove (Manila), Morgan/Grove intersections; and 3) community feedback from two (2) community meetings to be scheduled at the second and fourth month. This section may be renewed upon the review of the reports and approval by Ordinance of the Municipal Council.

E. The City shall provide for the posting of proper warning signs of such closing in any street or portion thereof during the time the same is closed in pursuance thereof.

ARTICLE III
Parking, Standing and Stopping

§ 332-21. Regulations not exclusive.

The provisions of this Article imposing a time limit on parking shall not relieve any person of the duty to observe other and more restrictive provisions prohibiting or limiting the stopping, standing or parking of vehicles as set forth in N.J.S.A. 39:4-138, any other New Jersey statute or as hereinafter provided.

§ 332-22. Parking prohibited at all times. [Amended 11-10-2009 by Ord. No. 09-115; 4-28-2010 by Ord. Nos. 10-058, 10-059; 6-23-2010 by Ord. No. 10-079; 6-15-2011 by Ord. No. 11-060, Ord. § 332-24.1. Limited duration parking. [Added 10-10-2019 by Ord. No. 19-136; 4-12-2023 by Ord. No. 23-025; 5-8-2024 by Ord. No. 24-029; 8-14-2024 by Ord. No. 24-061; 10-30-2024 by Ord. No. 24-095]

No person shall park a vehicle longer than the duration specified between the hours specified upon any of the streets or parts thereof listed below.

Limited Duration Parking					
Name of Street	Side	Days of Week	Hours	Limits	Duration
Bergen Ave	East	All	All	Newkirk St to Sip Ave	15 minutes
Mallory Avenue	West	All	9:00 am—5:00 pm	Roosevelt Ave to Lexington Ave	15 minutes
Mallory Avenue	West	All	9:00 am—5:00 pm	Northerly curbline of Grant Ave 100 feet northerly	15 minutes
Marcus Street	Both	M—F	8:00 am to 5:00 pm	Entire length	4 hours

§ 332-25. Parking prohibited for sale or repair of vehicles or parking in front of disabled access ramp prohibited.

A. No person shall park a vehicle upon any street or other public way for the principal purpose of displaying such vehicle for sale or repairing such vehicle, except when necessitated by an emergency. For the purposes of this section, "repairing" shall mean:

(1) Changing oil, transmission fluid or any other auto fluid.

(2) Changing a battery, spark plugs or other auto parts.

(3) Removing and replacing brakes, brake linings and shocks.

B. Except when necessary to avoid conflict with other traffic or in compliance with the directions of a traffic officer or a traffic sign or signal, no operator of a vehicle shall stand or park a vehicle in front of any disabled access ramp in any street or sidewalk.

§ 332-26. No stopping or standing certain hours. [Amended 6-23-2010 by Ord. No. 10-079; 5-27-2015 by Ord. No. 15-074; 6-29-2017 by Ord. No. 17-077; 10-24-2018 by Ord. No. 18-120; 4-10-2019 by Ord. No. 19-022; 2-26-2020 by Ord. No. 20-016; 6-24-2020 by Ord. No. 20-046]

No person shall stop or stand a vehicle between the times specified upon any of the streets, or parts thereof, listed below.

Winfield Av	North	60-degree head-in parking only	Garfield Av to Princeton Av
		60-degree head-in parking only	Ocean Av to Garfield Av

§ 332-28. Bus stops, taxi stands and loading zones.

A. In accordance with the provisions of N.J.S.A. 39:4-197(3)a, b and § 3-54C(6) of the Code of the City of Jersey City, a listing of Regulations Designating Bus Stops, Taxi Stands and Loading Zones shall be incorporated in the Chapter 332 Manual—Traffic and Transportation.

B. The listing of all Bus Stops, Taxi Stands and Loading Zones of the City of Jersey City shall be incorporated in the Chapter 332 Manual—Traffic and Transportation. The current list of Bus Stops, Taxi Stands and Loading Zones authorized by Ordinance and/or Regulation within Chapter 332 Manual—Traffic and Transportation is available for inspection in the Division of Engineering, Traffic and Transportation and/or the Office of the City Clerk.

C. All regulations designating bus stops, taxi stands and loading zones promulgated by the Municipal Engineer and approved by resolution of the Municipal Council shall be transmitted to the City Clerk, who shall keep them on file for public inspection.

§ 332-28.1. Parking for electric or plug-in hybrid vehicles. [Added 6-28-2017 by Ord. No. 17-075]

A. Definitions.

AC—Alternating current (electricity)

BATTERY—A cell or cells onboard an electric vehicle which is used for storing and furnishing electrical energy for the purpose of propelling the vehicle.

BATTERY ELECTRIC VEHICLE (BEV)—An electric vehicle with an onboard battery that operates exclusively on electrical energy from the battery, which battery is charged from an electrical power source (charging station) not onboard the vehicle.

CHARGING LEVEL—The standardized indicators of electrical force or voltage at which an electric vehicle's battery is recharged. Typical electric vehicle charging levels and specifications are:

(1) Level 1—AC slow battery charging. Voltage is 120 volts.

(2) Level 2—AC medium battery charging. Voltage is between 120 volts and 240 volts.

(3) Level 3—DC fast or quick battery charging. Voltage is greater than 204 volts. Sometimes referred to as "DC Fast."

CHARGING STATION—Equipment that has as its primary purpose the transfer of electric energy by conducive or inductive means to a battery or other energy storage device located onboard an electric vehicle. Various type of charging stations include:

(1) Accessible charging station: A charging station incorporated into or immediately adjacent to a handicapped parking space as "handicapped parking space" is defined by the New Jersey State Statutes.

(2) Level 3 charging station (sometimes "DC fast charging station"): A charging station that provides any single-phase voltage or current rating higher than that of level 2 or any three-phase supply voltage configuration.

(3) Private charging station: A charging station that is (a) privately owned and restricted access (e.g., single-family home, executive parking, designated employee parking, etc.) or (b) publicly owned and restricted (e.g. fleet parking with no access to the general public).

(4) Public charging station: A charging station that is (a) publicly owned and publicly available (e.g., park & ride, public parking lots, on-street parking, etc.) or (b) privately owned and publicly available (e.g., shopping center parking, non-reserved parking in multi-family parking lots, etc.).

CHARGING STATION EQUIPMENT—The conductors, including ungrounded and grounded, and the electric vehicle connectors, attachment plugs, and all other fittings, devices, power outlets, charging stations or apparatus installed specifically for the purpose of delivering electrical energy from the charging station to the electric vehicles.

CHARGING STATION PLACE—A dedicated, marked space that identifies the use thereof as exclusively for the charging of electric vehicles.

ELECTRIC SCOOTERS AND/OR MOTORCYCLES—A two-wheel or three-wheel electric vehicle that operates exclusively on electrical energy stored in the vehicle's batteries.

ELECTRIC VEHICLE—A vehicle that operates, either partially or exclusively, on electrical energy from a charging station or other electrical energy source that is stored in the vehicle's battery for propulsion purposes. "Electric vehicle" includes: (1) a battery electric vehicle; (2) a plug-in hybrid electric vehicle; (3) a neighborhood electric vehicle; and (4) electric scooters or motorcycles.

NEIGHBORHOOD ELECTRIC VEHICLE—An electric vehicle with four wheels that conforms to federal regulations under Title 49 C.F.R. Part 571.5000 which can from a stand still attain a speed of 20 miles per hour (mph) within one mile but cannot exceed a speed of more than 25 mph.

NON-ELECTRIC VEHICLE—A vehicle that does not meet the definition of "electric vehicle" as provided herein.

PLUG-IN HYBRID ELECTRIC VEHICLE (PHEV)—An electric vehicle that (1) contains an internal combustion engine and also allows power to be delivered to drive wheels by an electric motor; and (2) charges its battery primarily by connecting to a charging station or other electrical source not on board the vehicle; (3) may additionally be able to sustain a battery charge using an on-board internal-combustion-driven generator; and (4) has the ability to be propelled through the use of electricity.

VEHICLE—Has the same meaning as provided in the New Jersey State Statute, Title 39, Motor vehicles and traffic regulations, Chapter 1, Definitions, 39.1.1. Words and phrases defined.

B. Guidelines Related to Parking for Electric Vehicles Only.

(1) Notification and Signage.

(a) At the direction of the Municipal Engineer shall cause appropriate signs and markings to be placed in an around electric vehicle charging stations, indicating prominently thereon the parking regulations. The signs shall identify the voltage and amperage levels; define time limits, fees, and hours of operation, as applicable; and state that the charging station space is reserved for charging purposes only, which is to be defined as occurring when a vehicle is connected to the EVSE for electric charging purposes.

(b) Parking signage related to electric vehicle parking and charging stations in public parking facilities or on public roads shall accurately reflect the City's Code of Ordinances provisions

as applied to days and times of parking enforcement under City Code Sections 332-31 (street cleaning) and 332-58 (Parking restrictions in residential zones). If there is a conflict between on-street parking signage and associated electric vehicle parking spaces and charging stations with respect to days, hours of enforcement, and/or maximum parking times, the information contained in the parking signage shall apply.

(2) Prohibitions.

(a) When a sign authorized under Subsection (1) above provides notice that a space is designated as electric vehicle parking or an electric vehicle charging station, no person shall stop, stand, or park any non-electric vehicle, or otherwise block access to parking, in any such designated parking space or charging station.

(b) When a sign authorized under Subsection (1) above provides notice that a space is designated as electric vehicle charging station, it is unlawful to park or permit to be parked any vehicle, including an electric vehicle, if such electric vehicle is not in the process of charging. Only one electric vehicle should occupy any space marked as an electric vehicle parking space or charging station, and no person should park except within the boundaries of the space defined.

(3) Enforcement.

(a) Electric vehicle parking spaces and charging stations shall be enforced by any police officer or parking enforcement officer as defined in Code Section 3-91(2).

(b) Violations of this Chapter shall be punishable in accordance with Code Section 3-91(2). Each day such violation is committed shall constitute a separate offense and shall be punishable as such.

(c) In addition to a fine, a person who has parked or left a vehicle standing upon a street, alley, or city parking lot or garage in violation of this paragraph is subject to having the vehicle removed from the street, alley or City parking lot or garage in accordance to Code Section 3-91(4).

C. Electric Vehicle Charging Area. No person shall park a vehicle upon any of the streets or parts thereof listed below except an electric or hybrid plug-in vehicle. **[Amended 8-14-2019 by Ord. No. 19-097; 6-24-20 by Ord. No. 20-041; 10-21-2020 by Ord. No. 20-093]**

Name of Street	Side	Limits

A. In accordance with the provisions of N.J.S.A. 39:4 197(2)(c) and § 3-54(C)(10) of the Code of the City of Jersey City, a listing of Regulations Designating Reserved Parking Spaces for the Disabled shall be incorporated in the Chapter 332 Manual—Traffic and Transportation.

B. The listing of all Reserved Parking Spaces for the Disabled of the City of Jersey City shall be incorporated in the Chapter 332 Manual—Traffic and Transportation. The current list of Disabled

Parking Spaces authorized by Ordinance and/or Regulation within Chapter 332 Manual—Traffic and Transportation is available for inspection in the Division of Engineering, Traffic and Transportation and/or the Office of the City Clerk.

C. All regulations designating reserved parking spaces for the disabled promulgated by the Municipal Engineer shall be transmitted to the City Clerk, who shall keep them on file for public inspection.

§ 332-30. Parking of Trucks, Omnibus, Road Tractor, Semi-Tractor, Truck Tractor, Recreational Vehicles or any Commercial Motor Vehicles. [Amended 11-9-2016 by Ord. No. 16-171]

A. No person shall park any truck, omnibus, road tractor, semi-tractor, truck tractor or any commercial motor vehicle upon the streets of the City on any day of the week between the hours of 9:00 p.m. and 5:00 a.m. except for taxicabs and limousines licensed by the City of Jersey City pursuant to Chapter 307 of this Code.

B. No person shall park any trailer, semitrailer or tractor upon any public street or public way while it is detached from its component unit, except when such trailer or semitrailer is in a continual process of loading or unloading goods, wares or merchandise.

C. No person shall park any recreational vehicle upon any street or public right-of-way.

§ 332-31. Parking restrictions for street-cleaning purposes. [Amended 11-10-2009 by Ord. No. 09-115; 1-13-2010 by Ord. No. 09-132; 4-28-2010 by Ord. No. 10-058; 6-15-2011 by Ord. No. 11-064 and Ord. C. Alternate street parking for street-cleaning purposes shall be suspended on the following days, in addition to the holidays listed in § 332-1.B. **[Amended 9-11-2024 by Ord. No. 24-069]**

1. The first two days of Passover;
2. Shavuot;
3. Rosh Hashanah;
4. Yom Kippur;
5. The first two days of Succoth;
6. The third day of Diwali;
7. The first day of Eid al-Adha;

8. The first day of Eid al-Fitr.

To further the purposes of this section, and to assist in enforcement and understanding, as soon as the dates of the above holidays are ascertainable, the Office of the City Clerk shall promulgate and make available a document noting the calendar date of each holiday that alternate side parking is suspended pursuant to this section in the year of promulgation.

§ 332-31.1. Reserved.

Editor's note—Ord. No. 21-079, adopted December 15, 2021, amended the Code by repealing former § 332-31.1, which pertained to the street cleaning review commission, and derived from Ord. No. 20-058, adopted August 12, 2020.

§ 332-32. Solicitation of business on streets.

No person shall stand on or in proximity to a street or other public way for the purpose of soliciting the watching or guarding of any vehicle while it is parked or about to be parked.

§ 332-33. Reservation of powers.

Nothing in this Article shall be construed as prohibiting the city from providing for bus stops, taxicab stands and other matters of a similar nature, including the loading or unloading of trucks, vans or other commercial vehicles.

ARTICLE IV
Emergency No Parking

§ 332-34. Designation of snow emergency no-parking areas.

A. Whenever snow has fallen and the accumulation is such that it covers the street or highway, no vehicle shall be parked on either side of any of the streets or parts thereof as listed below.

Designation of Snow Emergency No-Parking Areas	
Name of Street	**Limits**

B. The above parking prohibitions shall remain in effect after the snow has ceased until the streets have been plowed sufficiently and to the extent that parking will not interfere with the normal flow of traffic.

§ 332-35. Posting of signs.

A. Upon the declaration of an emergency, there shall be no parking upon streets or parts of streets where temporary emergency no-parking signs are displayed. The Chief of Police, or in his absence the ranking police officer, is authorized to declare an emergency and to direct the posting of said emergency no-parking signs when weather conditions, accidents, fires or public celebrations dictate or require the avoidance of hazards or other conditions which interfere with the free flow of traffic.

B. The posting of "EMERGENCY NO PARKING" signs shall be deemed to be notice to the owner and/or operator of any parked motor vehicle.

§ 332-36. Removal of vehicles.

Any unoccupied vehicle parked or standing in violation of this Article shall be deemed a nuisance and a menace to the safe and proper regulation of traffic, and any police or parking enforcement officer may provide for the removal of such vehicle. The owner shall pay the reasonable costs of the removal and storage which may result from such removal before regaining possession of the vehicle.

§ 332-37. Effectiveness of Article.

A. The signs to be used as above set forth shall conform to the Manual on Uniform Traffic Control Devices (MUTCD).

B. The effectiveness of this Article is contingent upon signs being erected as required by law.

ARTICLE V
Buses

§ 332-38. Discharging and picking up passengers.

A. All operators of buses, when discharging or picking up passengers at a bus stop, shall cause the bus to be driven to the curb at the bus stop in such a fashion as not to impede or obstruct traffic.

B. Whenever there are any prospective passengers waiting at a bus stop, all operators of buses shall stop to pick up said passengers and shall not pass them by unless the bus is filled to legal capacity with passengers.

§ 332-39. Enforcement.

A. The provisions of this Article shall be enforced by the uniform members of the Department of Public Safety and inspectors of the Division of Commerce. **[Amended 9-11-2013 by Ord. No. 13-081]**

B. The inspectors of the Division of Commerce are hereby granted the power and duty to enforce the provisions of this Article.

ARTICLE VI
Parking Facilities Operated By Division of Parking Enforcement
[Amended 11-12-2014 by Ord. No. 14-017]

§ 332-40. Failure to pay prescribed parking fee. [Amended 11-12-2014 by Ord. No. 14-017]

On city streets and properties owned, leased, operated or controlled by the Division of Parking Enforcement of the City of Jersey City, whether on-street or off-street, upon which the Division has installed parking meters requiring the payment of a fee for parking privileges on the days or hours specified on said meters, failure to pay the prescribed fee for such parking privileges shall be a violation of this Article, subject to the penalties as provided herein.

§ 332-41. Monthly rental for parking space; expired sticker on vehicle. [Amended 11-12-2014 by Ord. No. 14-017]

On city streets and properties owned, leased, operated or controlled by the Division of Parking Enforcement, upon which the Division has rented parking space for a prescribed fee and has issued permits to persons authorized to park at such designated off-street or on-street parking spaces, parking within such parking spaces without a valid permit shall be a violation of this Article, subject to the penalties as provided herein.

§ 332-42. Form of summons for violation of Article; uniform traffic ticket.

The summonses issued under this Article shall be in the form of the uniform traffic ticket or such other summonses as may be from time to time designated by the Director of the Division of Motor Vehicles of the State of New Jersey as the uniform traffic ticket.

§ 332-43. Towing away and booting of vehicles with outstanding summonses.

A. In addition to any other penalty provided by law, any motor vehicle parked in violation of this Article and Article III and any motor vehicle whose owner has failed to appear in response to three (3) or more parking tickets and has received failure to appear notices from the Jersey City Municipal Court may be:

(1) Booted; or

(2) Towed from its parking space and impounded by the Jersey City Parking Authority.

B. No motor vehicle which has been booted or towed away and impounded shall be released until all of the charges in connection with booting or towing and impounding have been paid.

C. The Jersey City Parking Authority is authorized to establish a schedule of charges for booting, impoundment and storage of motor vehicles parked in violation of this Article and Article III. Such schedule shall be filed with the office of the City Clerk.

§ 332-44. Towing away and booting of vehicles whose owners have failed to appear in response to traffic tickets.*

A. Notwithstanding any other penalty provided by law, or any previous authorization given to the Jersey City Division of Parking Enforcement, no motor vehicle parked in violation of Articles IV and V, or parked in violation of any other law, regulation, or ordinance, including but not limited to the City's zone parking ordinances, may be booted; or towed from its parking space and impounded by the City or the Division of Parking Enforcement unless the owner of the vehicle has three (3) or more outstanding parking tickets and has received failure to appear notices from the Jersey City Municipal Court on such parking tickets provided, however, that this limitation does not apply within Parking Zones Three and Eight and also provided, however, that any vehicle may be towed in an emergency, or when the vehicle is unreasonably impeding vehicular or pedestrian traffic, or when the vehicle is deemed a hazard to persons or property. **[Amended 11-12-2014 by Ord. No. 14-017]**

B. No motor vehicle which has been booted or towed away and impounded shall be released until all of the charges in connection with booting or towing and impoundment have been paid.

C. The Jersey City Parking Authority is authorized to establish a schedule of charges for booting, impoundment and storage of motor vehicles as described above. Such schedule shall be filed with the office of the City Clerk.

§ 332-45. Signs on off-street parking facilities operated by Division of Parking Enforcement. [Amended 11-12-2014 by Ord. No. 14-017]

Signs identifying this Article and the penalties for the violation thereof shall be placed upon all off-street parking facilities operated by the Division of Parking Enforcement that are subject to this Article.

***Editor's note**—See N.J.S.A. 39:4-139.2 et seq. the Parking Offenses Adjudication Act. N.J.S.A. 39:4-139.5 provides for a default judgment against owners who fail to respond to traffic tickets after receiving a notice to appear.

§ 332-46. Enforcement. [Amended 9-11-2013 by Ord. No. 13-081; 11-12-2014 by Ord. No. 14-017]

This Article shall be enforced by the Department of Public Safety and Parking Enforcement Officers of its Division of Parking Enforcement, who shall issue summonses for violations of this Article.

ARTICLE VII
Metered Parking

§ 332-47. Definitions. [Amended 3-9-22 by 22-023]

The following words and phrases, which are not defined in Subtitle 1 of Title 39 of the New Jersey Statutes Annotated, shall have the meanings respectively ascribed to them in this section for purposes of this Article:

BOOT — A locking device affixed to a motor vehicle to prevent its movement. The terms "booting" and "booted" mean the act of attaching a boot.

HOLIDAYS — As defined in 332-1.B. above.

PARKING METER — Any mechanical device or meter not inconsistent with this Article placed or erected for the regulation of parking by authority of this Article. Each parking meter installed shall indicate by proper legend the legal parking time established by the city and, when operated, shall at all times indicate the balance of legal parking time and, at the expiration of such period, shall indicate illegal or overtime parking.

PARKING METER COVER or PARKING METER BAG — A cover affixed by an authorized City agent on a parking meter to indicate the rental of that parking space by a resident or local business, referred to as the parking space "licensee."

PARKING METER SPACE — Any space within a parking meter zone, which is adjacent to a parking meter and which is duly designated for the parking of a single vehicle by lines painted or otherwise durably marked on the curb or on the surface of the street or lot adjacent to or adjoining the parking meters.

PARKING METER ZONE — Any restricted on-street parking area or off-street parking lot upon which parking meters are installed and in operation.

PARKING SPACE — Any space within an off-street or on-street nonmetered parking zone that is to be used for parking purposes.

§ 332-48. Designation of parking spaces. [Amended 5-26-2010 by Ord. No. 10-070; 11-9-2011 by Ord. No. 11-140; 11-22-11 by Ord. No. 11-143; 12-14-11 by Ord. No. 11-153; 2-8-2012 by Ord. No. 12-013; 5-9-2012 by Ord. No. 12-062; 1-9-2013 by Ord. No. 12-166; 11-12-2014 by Ord. No. 14-017; 11-24-2015 by Ord. No. 15-155; 1-27-2016 by Ord. No. 16-007; 4-27-16 by Ord. No. 16-063; 11-22-2016 by Ord. No. 16-180; 2-22-2017 by Ord. No. 17-016; 1-24-2019 by Ord. No. 19-006; 9-11-2019 by Ord. No. 19-104; 6-11-2025 by Ord. No. 25-063]

The Division of Parking Enforcement is hereby directed and authorized to provide for the marking off of individual parking spaces in the parking meter zones designated and described below, said parking spaces to be designated by lines painted or marked on the curbing or surface of the street or lot. At each space so marked off, it shall be unlawful to park any vehicle in such a way that said vehicle shall not be entirely within the limits of the space so designated. When a parking space in any parking meter zone is at right angles or diagonal to the curb, sidewalk or island, any vehicle parked in such a parking space shall be parked with the front of the vehicle facing such meter.

A. On-Street Parking Meter Zones. Parking or standing a vehicle in a parking meter space in the on-street parking meter zones described below shall be lawful during the hours of 9:00 a.m. to 6:00 p.m., Monday through Saturday, excepting official State holidays, and only upon the deposit of such amount as is indicated for each specified period of time **[Amended 8-12-2020 by Ord. No. 20-056]:**

5 (a/k/a 44)	693 Newark Avenue & Cottage Street
6 (a/k/a 49)	328—348 Central Avenue (Burger King lot)
9 (a/k/a 52)	174 Newark Avenue
13 (a/k/a 15)	754 West Side Avenue (between Fairview and Fairmount Avenue)
14 (a/k/a 3)	352 Central Avenue
15 (a/k/a 4)	388 Central Avenue

D. Off-Street Parking Lot Meter Zones. Parking or standing a vehicle in a parking meter space in the off-street parking lot meter zones described below shall be lawful during the hours of 9:00 a.m. to 12:00 a.m. Monday through Saturday, excepting official State holidays and only upon the deposit of such amount as is indicated for each specified period of time:

Off-Street Parking Lot Meter Zones	
Lot#	**Location**
9 (a/k/a 52)	174 Newark Avenue

E. Metered Parking Waiver. Upon a finding of public necessity, need or for a public purpose, the Municipal Council may adopt a resolution to allow free parking in any metered zone, on-street or off-street, in whole or in part, for a stipulated period of time. A copy of the resolution shall be immediately forwarded to the Police Chief and Police Director.

§ 332-49. Installation and Regulation of parking meters.

A. In said parking meter zones, the Division of Parking Enforcement shall cause parking meters to be installed upon the curb, sidewalk or area immediately adjacent to the parking spaces provided in this Article. No parking meters shall be installed in areas where parking is prohibited pursuant to the provisions of N.J.S.A. 39:4-138. The Division of Parking Enforcement shall be responsible for the regulation, control, operation, maintenance and use of such parking meters. Each device shall be so set as to display a signal showing legal parking upon the deposit of the appropriate coin, lawful money of the United States of America, for the period of time prescribed in this Article. Each device shall be so arranged that upon the expiration of the lawful time limit, it will indicate by a proper, visible signal that the lawful parking period has expired, and in such case the right of such vehicle to occupy such space shall cease, and the operator, owner, possessor or manager thereof shall be subject to the penalties hereinafter provided. **[Amended 11-12-2014 by Ord. No. 14-017]**

B. No parking meter shall be installed in any area in conflict with the provisions of N.J.S.A. 30:4-138 which prohibits vehicles to stand or park in certain locations.

§ 332-50. Operation of parking meters.

A. Except in a period of emergency determined by an officer of the Department of Public Safety, or in compliance with the directions of a police officer or traffic control sign or signal, when any vehicle shall be parked in any parking space alongside or next to which a parking meter is located, the

operator of such vehicle shall, upon entering the said parking meter space, immediately deposit or cause to be deposited in said meter such proper coin of the United States of America as is required for such parking meter and as is designated by proper directions on the meter, and when required by the directions on the meter, the operator of such vehicle, after the deposit of the proper coin, shall also set in operation the timing mechanism on such meter in accordance with directions properly appearing thereon, and failure to deposit such proper coin and to set the timing mechanism in operation when so required shall constitute a violation of this Article. Upon the deposit of such coin (and the setting of the timing mechanism in operation when so required), the parking space may be lawfully occupied by such vehicle during the period of time which has been prescribed for the part of the street in which said parking space is located, provided that any person placing a vehicle in a parking meter space adjacent to a meter which indicates that unused time has been left in the meter by the previous occupant of the space shall not be required to deposit a coin so long as his occupancy of said space does not exceed the indicated unused parking time. If said vehicle shall remain parked in any such parking space beyond the parking time limit set for such parking space and if the meter shall indicate such illegal parking, then and in that event such vehicle shall be considered as parking overtime and beyond the period of legal parking time, and such parking shall be deemed a violation of this Article. [Amended 9-11-2013 by Ord. No. 13-081]

B. When more than one (1) parking space is required within a parking meter zone to legally park a vehicle, the operator of such vehicle shall, upon entering the parking meter spaces, immediately deposit or cause to be deposited in each meter of spaces so occupied, a proper coin of the United States as required for such parking meters.

§ 332-51. Manner of parking.

When a parking meter space is parallel with the adjacent curb or sidewalk, no person shall park or permit the parking of any vehicle in such parking space in any other position than with the foremost part of such vehicle nearest to the parking meter; when a parking meter space is diagonal to the curb or sidewalk, no person shall park or permit the parking of any vehicle in such parking space in any other position than with the foremost part of such vehicle nearest to the parking meter; when a parking meter shall have been installed at the head of and immediately adjacent to any parking space on a municipal off-street parking lot, no person shall park or permit the parking of any vehicle in such parking space in any other position than with the foremost part of such vehicle nearest to the parking meter; provided, however, that in municipal off-street parking lots, signs shall be erected indicating that head-on parking only is permitted. In any event, a vehicle shall be parked within the lines marked on the pavement measuring such parking space.

§ 332-52. Violations. [Amended 11-22-2016 by Ord. No. 16-180]

It shall be unlawful and a violation of the provisions of this Article for any person to:

A. Cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked overtime or beyond the period of legal parking time established for any parking meter zone as herein described, or to deposit in any parking meter any coin for the purpose of parking beyond the maximum legal parking time for the particular parking meter zone.

B. Permit any vehicle to remain or be placed in any parking space adjacent to any parking meter while said meter is displaying a signal indicating that the vehicle occupying such parking space has already been parked beyond the period prescribed for such parking space.

C. Park any vehicle across any line or marking of a parking meter space or in such position that the vehicle shall not be entirely within the area designated by such lines or markings.

D. Deface, injure, tamper with, open or willfully break, destroy or impair the usefulness of any parking meter installed under the provisions of this Article.

E. Deposit or cause to be deposited in any parking meter any slug, device or metal substance or other substitute for lawful coins.

F. Park or permit the parking of any vehicle in any parking meter space where the meter does not register lawful parking.

G. Park any vehicle in any one (1) parking meter space at an on-street meter or in an off-street parking meter zone for a period of longer than the maximum time limit as specified on the adjacent meter time dial, during the hours from 9:00 a.m. to 6:00 p.m., Monday through Saturday. **[Amended 1-27-2016 by Ord. No. 16-007]**

H. Cause, allow, suffer or permit any vehicle that shall have been parked in a parking meter space in an off-street parking meter zone or in a parking space in an off-street nonmetered parking zone, during the hours from 6:00 p.m. to 9:00 a.m., prevailing time, to remain so parked beyond the hour of 9:00 a.m.

I. Park any vehicle in any parking space in an off-street nonmetered parking zone for a period longer than eight (8) hours, during the hours from 9:00 a.m. to 6:00 p.m., prevailing time.

J. Park a vehicle other than having the front of the vehicle face a meter in any parking meter zone where the parking meter space is at right angles or diagonal to a curb, sidewalk or island.

K. Operate a vehicle on any driveway of an off-street parking zone in a manner contrary to the restrictions as set forth for such driveway.

L. Park a commercial vehicle with a combined weight, truck and load, in excess of four thousand (4,000) pounds, in any of the off-street parking zones (metered or nonmetered).

M. Park a truck, tractor, trailer or a vehicle moved by human or animal power in any of the off-street parking zones (metered or nonmetered).

N. Park a vehicle not equipped with pneumatic tires properly inflated in any of the off-street parking zones (metered or nonmetered).

O. Wash, grease or make any repairs, except those of any emergency nature, to any vehicle, in any space in any of the off-street parking zones (metered or non-metered).

P. Park any vehicle in any one (1) parking meter space on the west side of Douglas and Arthur Skinner Memorial Dr (FKA: Jersey Av) from 3:00 p.m. to 8:00 p.m., Monday through Friday and 9:00 a.m. to 8:00 p.m., Saturday, except holidays. **[Added 5-9-2012 by Ord. No. 12-062]**

§ 332-53. Reports of violations; citations.

A. It shall be the duty of the Police and Division of Parking Enforcement Officers, acting in accordance with instructions issued by the Chief of Police and Director of the Division of Parking Enforcement, to report: **[Amended 11-12-2014 by Ord. No. 14-017]**

(1) The number of each parking meter which indicates that the vehicle occupying the parking space adjacent to such parking meter is or has been parked in violation of any of the provisions of this Article.

(2) The state license number of such vehicle.

(3) That such vehicle is parked in violation of any of the provisions of this Article.

(4) Any other facts, a knowledge of which is necessary to a thorough understanding of the circumstances attending such violation.

B. Each such Police and Parking Enforcement Officer shall also attach to such vehicle a notice to the owner thereof that such vehicle has been parked in violation of a provision of this Article, and instructing such owner to report to the Municipal Court with regard to such violation. The report and notice referred to in this Section shall bear corresponding serial numbers and all reports issued hereunder shall be accounted for by the respective police officers to the Municipal Court, and said Municipal Court shall render written reports thereof to the Municipal Council of Jersey City once a month or as often as the Board shall require same.

§ 332-54. Impounding of overtime vehicles. [Amended 11-12-2014 by Ord. No. 14-017]

Any vehicle left parked for a period exceeding two hours succeeding expiration of the maximum parking time indicated during the hours of operation specified in the space in which the vehicle is parked shall be towed, under the direction of the Division of Parking Enforcement to the contracted garage or any other place designated by the Division of Parking Enforcement for impoundment, subject to redemption by the owner upon payment of the reasonable cost of towing and a storage charge for each day or portion thereof during which it remains in said garage or other place.

§ 332-55. Purpose of meter deposits.

The coins required to be deposited in parking meters as provided herein are hereby levied and assessed as fees to provide for the proper regulation and control of traffic upon the public streets and also the cost of supervising and regulating the parking of vehicles in the parking meter zones created thereby, and to cover the cost of the purchase, supervision, protection, inspection, installation, operation, maintenance, control and use of the parking meters described herein.

§ 332-56. Collection of coins from meters; disposition thereof. [Amended 11-12-2014 by Ord. No. 14-017]

It shall be the duty of the Director of the Division of Parking Enforcement to designate some proper person or persons to make regular collections of the moneys deposited in said meters, and it shall be the duty of such person or persons so designated to remove from the parking meters the locked containers therein containing the coins so deposited in said meters and to deliver such locked containers to the bank depository, who shall unlock them and count the funds contained in such containers and deposit such funds in the usual manner provided by law.

§ 332-57. On-street permit parking zones. [Amended 4-28-2010 by Ord. No. 10-058; 11-9-2011 by Ord. No. 11-140; amended 5-9-2012 by Ord. No. 12-062; 10-23-2013 by Ord. No. 13-114; 11-24-2015 by Ord. No. 15-163; 8-14-2019 by Ord. No. 19-101; 4-28-2021 by Ord. No. 21-026; 5-8-24 by Ord. No. 24-026]

Pursuant to Chapter 175 (Food Handling Establishments), Article II (Mobile Food Vendors), Section 175-8 (Mobile Food Vendors), and Section 175-9.3 (Operation requirements for mobile food vendors), the permit parking zones issued for use by itinerant vendor trucks will be in effect from 5:00 a.m. to 9:00 p.m., Monday through Sunday, for the following streets:

On-Street Permit Parking Zones	
Name of Street	**Limits**
Bergen Av (east side)	Sip Av to J.F.K. Boulevard
Montgomery St (south side)	Greene St to Hudson St
Sussex St (south side)	Hudson St to the Waterfront

The spaces reserved for itinerant food truck parking along the aforementioned portion of Sussex Street shall be designated as "Itinerant Food Truck Parking - Zone 1."

The spaces reserved for itinerant food truck parking along the aforementioned portion of Montgomery Street shall be designated as "Itinerant Food Truck Parking - Zone 2."

The spaces reserved for itinerant food truck parking along the aforementioned portion of Bergen Avenue shall be designated as "Itinerant Food Truck Parking - Zone 3."

Any itinerant food trucks or other vehicles parked in those spaces specifically designed for itinerant food trucks within these zones between 9:01 p.m. and 4:59 a.m. shall be subject to a fine and impounded.

No other vehicle except an itinerant food truck licensed to operate within Jersey City shall be permitted to park in a space specifically designed for itinerant food trucks. Any other type of vehicle parked in such a space shall be subject to a fine and impounded.

The following public streets are established as on-street permit parking zones:

The monthly permit parking zone will be in effect from 7:00 a.m. to 7:00 p.m. Monday through Friday, except holidays, for the following streets.

On-Street Permit Parking Zones	
Name of Street	**Limits**
Columbus Dr	North Side: From 135 feet west of Washington St to Hudson St
Columbus Dr	South Side: From Washington St to Hudson St
Hoboken Av	South side: beginning at a point 73 feet east of Oakland Av and extending to Baldwin Av
Hoboken Av	North side: beginning at a point 246 feet east of Oakland Av and extending to Baldwin Av
Morgan St	South side: Washington St to Greene St

The monthly permit parking zone will be in effect from 7:00 a.m. to 3:00 p.m., Monday through Friday, except holidays, for the following street:

Name of Street	Limits
Douglas and Arthur Skinner Memorial Dr (FKA Jersey Av)	From Grand St south to the light rail tracks

If there are not sufficient commuter parking permits for all those who apply, priority shall be given to residents of Jersey City who are applying for the available permits.

Pursuant to Chapter 175 (Food Handling Establishments), Article II (Mobile Food Vendors), Section 175-8 (Mobile Food Vendors), and Section 175-9.3 (Operation requirements for mobile food vendors), the permit parking zones issued for use by itinerant vendor trucks will be in effect from 5:00 a.m. to 9:00 p.m., Monday through Sunday, for the following streets:

On-Street Permit Parking Zones	
Name of Street	**Limits**
Bergen Av (east side)	Sip Av to J.F.K. Boulevard
Montgomery St (south side)	Greene St to Hudson St
Sussex St (south side)	Hudson St to the Waterfront

The spaces reserved for itinerant food truck parking along the aforementioned portion of Sussex Street shall be designated as "Itinerant Food Truck Parking - Zone 1."

The spaces reserved for itinerant food truck parking along the aforementioned portion of Montgomery Street shall be designated as "Itinerant Food Truck Parking - Zone 2."

The spaces reserved for itinerant food truck parking along the aforementioned portion of Bergen Avenue shall be designated as "Itinerant Food Truck Parking - Zone 3."

Any itinerant food trucks or other vehicles parked in those spaces specifically designed for itinerant food trucks within these zones between 9:01 p.m. and 4:59 a.m. shall be subject to a fine and impounded.

No other vehicle except an itinerant food truck licensed to operate within Jersey City shall be permitted to park in a space specifically designed for itinerant food trucks. Any other type of vehicle parked in such a space shall be subject to a fine and impounded.

§ 332-57.1. Parking meter covers and parking spaces. [Added 3-9-22 by 22-023]

A. Parking spaces and parking meter signs, covers, or bags may be rented by the Parking Enforcement Division to Jersey City residents and businesses. The Parking Enforcement Division shall be authorized to create appropriate application and approval processes and to contract with applicants for parking space rental pursuant to the rental rates in Chapter 160.

B. In no case shall a licensee allow a vehicle to remain in such a parking space beyond the rental period. Vehicles remaining beyond the contract period shall be considered parked illegally and are subject any and all violations and penalties appropriate under the City Code.

C. Provided that a parking meter bag or parking meter cover is properly affixed to a meter, no person other than the licensee or his, her or its designee shall occupy the contracted parking space(s) during the rental period. If an unauthorized vehicle remains in a rented space(s) for more than one hour in violation of this article, that vehicle shall be deemed a nuisance and a menace to the safe and proper regulation of traffic, and any police or parking enforcement officer may provide for the removal of such vehicle. The owner shall pay the reasonable costs of the removal and storage which may result from such removal before regaining possession of the vehicle.

D. The licensee shall remove the parking meter sign, cover, bag within 24 hours of the expiration of the rental contract period. Failure to remove the sign, cover, or bag shall result in a penalty as provided in Chapter 160.

ARTICLE VIII
Permit Parking

§ 332-58. Parking restrictions in residential zones. [Amended 1-12-2011 by 10-169; 3-9-2011 by 11-026; 6-15-2011 by Ord. No. 11-067; 1-11-2012 by Ord. No. 11-159; 4-25-2012 by Ord. No. 12-053; 11-26-2013 by Ord. No. 13-105; 10-23-2013 by Ord. No. 13-114; 5-27-2015 by Ord. No. 15-074; 11-24-2015 by Ord. No. 15-156; 2-24-2016 by Ord. No. 16-037; 4-27-2016 by Ord. No. 16-063; 6-28-2017 by Ord. No. 17-079; 7-19-2017 by Ord. No. 17-091; 7-19-2017 by Ord. No. 17-092; 9-13-2017 by Ord. No. 17-114; 10-11-2017 by Ord. No. 17-135; 9-26-2018 by Ord. No. 18-107; 1-24-2019 by Ord. No. 19-006; 7-17-2019 by Ord. No. 19-087; 9-25-2019 by Ord. No. 19-123; 4-15-2021 by Ord. No. 21-023; 4-28-2021 by Ord. No. 21-026; 10-14-2021 by Ord. No. 21-067; 3-9-2022 by Ord. No. 22-019; 5-10-2023 by Ord. No. 23-037; 5-8-24 by Ord. No. 24-026; 8-14-2024 by Ord. No. 24-063; 11-26-2024 by Ord. No. 24-102; 11-26-2024 by Ord. No. 24-103; 9-10-2025 by Ord. No. 25-094; 2-11-2026 by Ord. No. 26-016, § 1]

Parking Zone 1	
A. No person shall park a vehicle in excess of two hours; between the hours of 7:00 a.m. and 9:00 p.m., Monday through Friday, except public holidays, without a valid permit upon any of the streets or parts of streets as described below.	
B. Zone 1 permits shall be valid in Zone 19 and any border streets contained within the two zones.

Third St	Between Merseles and Coles St

Editor's note—Subsection D of Ord. No. 19-006, which added Zone 17, stipulates: "This ordinance [19-006] shall take effect within four (4) months and in the manner as provided by law, with the exception of any Zone 1 permit holders who are now in Zone 17. Zone 1 Permits will be allowed in Zone 17 for a period of twelve (12) months from effective date of this ordinance."

Parking Zone 18	
A. No person shall park a vehicle in excess of two hours between the hours of 7:00 a.m. and 9:00 p.m., Monday through Friday, except public holidays, without a valid permit upon any of the streets or parts of streets as described below.	
Name of Street	**Limits**
Erie St	Between Fourteenth and Sixteenth St
Fifteenth St	Between Jersey Ave to Marin Blvd
Grove St	Between Fourteenth and Sixteenth St
Jersey Av	Between Fourteenth and Sixteenth St
Sixteenth St	Between Marin Blvd and Jersey Av

Parking Zone 19	
A. No person shall park a vehicle in excess of two hours between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, except public holidays, without a valid permit upon any of the streets or parts of streets as described below.	
B. Zone 19 permits shall be valid in Zone 1 and any border streets contained within the two zones	
Name of Street	**Limits**
Grove St	York St and Wayne St
Marin Blvd	Between York St and Wayne St
Mercer St	Between Marin Blvd and Grove St
Montgomery St	Between Marin Blvd and Grove St
Wayne St	Between Marin Blvd and Manila Av

Editor's note—Subsection D of Ord. No. 19-087, which added Zone 19, stipulates: "This ordinance [19-087] shall take effect on October 1st, 2019 and in the manner as provided by law, with the exception of any Zone 1 permit holders who are now in Zone 17 or Zone 19. Zone 1 permits will be allowed in Zone 17 or Zone 19 for a period of twelve (12) months from effective date of this ordinance."

B. Border streets. **[Amended 2-13-2025 by Ord. No. 25-008]**

Border Streets		
A. No person shall park a vehicle in excess of three hours; between the hours of 7:00 a.m. and 11:00 p.m., Monday through Friday, except public holidays, without a valid permit upon any of the streets or parts of streets as described below.		
Border Zone Streets	**Limits**	**Zones**
Coles Street	Between Columbus Dr and Sixth Street	Zones 5 and 17
Columbus Dr	Between Jersey Ave and Brunswick St	Zones 17 and 1
Marin Blvd	Between Columbus Dr and Second Street	Zones 5 and 4
Newark Ave	Between Sixth Street and Seventh	Zones 6 and 17
Sixth Street	Between Coles Street and Marin Blvd	Zones 5 and 6
Sixth Street	Between Jersey Ave and Brunswick St	Zones 17 and 1
York St	From Marin Blvd to Washington St	Zones 3 and 4

The above streets are designated border streets because they are located on a block that falls at the edge of two zones. On the streets between the limits above, on either side of the road, any person can park their car if they have one of the two zone permits allowed. Street-sweeping and hours of enforcement still apply.

C.1. The parking restriction will be in effect for the following streets, Monday through Friday, 6:00 a.m. to Midnight and 8:00 a.m. to 6:00 p.m. on Saturday: **[Amended 2-26-2020 by Ord. No. 20-017; 9-23-2020 by Ord. No. 20-077; 10-21-2020 by Ord. No. 20-091]**

D. The Director of the Division of Parking Enforcement is hereby authorized to issue a parking permit upon written application therefor. Each such permit shall be designated by the Director or his or her

designee to state or reflect thereon the particular residential permit parking zone as well as the license number of the motor vehicle for which it is issued. No more than one (1) parking permit shall be issued to each motor vehicle for which application is made. The Director is authorized to issue such rules and regulations not inconsistent with this chapter governing the manner in which persons shall qualify for permits. **[Amended 11-12-2014 by Ord. No. 14-017; 5-27-2015 by Ord. No. 15-063]**

E. Parking permits shall be issued for each motor vehicle(s) only upon application by the following persons: **[Amended 5-27-2015 by Ord. No. 15-063; 1-25-2017 by Ord. No. 17-008; 11-14-2019 by Ord. No. 19-150; 9-10-2020 by Ord. No. 20-066; 10-7-2020 by Ord. No. 20-087]**

(1) A legal resident within a permit parking zone outside the boundaries of the Journal Square 2060 Plan Area:

(a) Who is the registered owner or lessee of a motor vehicle or has the exclusive use of a corporate or governmental vehicle; and

(b) Who resides within a property for which no off-street parking is available to residents either with or without charge; and

(2) A legal resident within the boundaries of the Journal Square 2060 Plan Area:

(a) Who is the registered owner or lessee of a motor vehicle or has the exclusive use of a corporate or governmental vehicle; and

(b) Who resides within a property that was issued a certificate of occupancy on or before December 31, 2019, and for which no off-street parking is available to residents, either with or without charge.

(3) Non-residential parking permit. A person who owns or leases commercial property and is actively engaged in a business located within a residential permit parking area or is an employee thereof (current pay stubs must be submitted for proof of employment). However, no more than one parking permit may be issued for each employee for a motor vehicle registered to or under the control of such a person.

(4) Non-residential student parking permit. A person who is a current full-time student of an educational institution except a college that is located in a residential parking permit zone. Proof of full-time student registration is required.

(5) Temporary parking permits:

(a) Temporary work permit (90-day) - Issued to temporary residents who reside within a zone for up to 90 days on work assignments. Proof of current employment and temporary residence is required. One 90-day extension is permitted for a maximum of six months.

(b) Temporary residential permit (14-day) - Issued to new residents who are awaiting receipt of a driver's license and registration at their Jersey City address. Proof of residency (deed or lease) and proof of request for a change of address to New Jersey Motor Vehicle Commission is required.

(c) Home healthcare permit (90-day) - Issued to visiting nurses, home health aides, family members during the hours they are in fact providing health services to a resident of the zone.

(6) Contractor parking permit.

(a) Six months - Issued to contractors for the days and hours they are actually performing extensive construction on existing residential structures or new construction of a one- or two-family residential home (not high-rise units);

(b) Daily permit - Issued to contractors during per diem repair work on a residential home(s), i.e., plumbing work/electrical work that will require them to be parked in the zone for the day.

(7) Visitors parking permit.

Daily - Issued to a person visiting a residence within a zone who will be parked in excess of the permitted hours. Visitor parking permits shall be issued only to bona fide residents of a restricted parking zone. Permits may not be sold, exchanged or purchased except directly from the City Division of Parking Enforcement. Permits are valid only for the month and days specified thereon and shall indicate the make, model and license plate number of the vehicle.

(8) Transfer permit. Issued to residents who have changed their temporary information to permanent, or who move from one zone to another. Maximum period of 14 days.

F. Subsection E(1)(b) and E(2)(b) shall not apply to any resident: **[Amended 5-27-2015 by Ord. No. 15-063]; 11-14-2019 by Ord. No. 19-150; 10-7-2020 by Ord. No. 20-087]**

(1) Who is 65 years of age or older; or

(2) Who held a permit before the effective date of the ordinance imposing the E(1)(b) and E(2)(b) restrictions;

(3) Of property that is restricted to occupancy by low or moderate income persons within the meaning of the New Jersey Fair Housing Act, N.J.S.A. 55:27D-301 et seq.

G. To assure that both prospective residential tenants and purchasers of property, including condominiums, are aware of the residential parking permit conditions imposed hereunder, every landlord and every seller shall, at least ten (10) days before the date a lease is executed or a deed is conveyed, provide the prospective tenant or prospective purchaser with a copy of Section 332-58. Every landlord or tenant shall file with the Director of the Division of Parking Enforcement an acknowledgement of the receipt of Section 332-58, signed by the prospective tenant or purchaser, no later than thirty (30) days after execution. The acknowledgement shall be in a form to be provided by the Division of Parking Enforcement and posted on the City's website. **[Amended 11-12-2014 by Ord. No. 14-017; 5-27-2015 by Ord. No. 15-063]**

H. Proof required to establish residency, ownership, employment, full-time student status or any other permit term or condition shall be within the sound discretion of the Director.

I. The Division of Parking Enforcement shall maintain a current record of all properties with 30 or more dwelling units which make off-street parking available to residents whether as part of the rental or service charge or for an optional fee. The Tax Assessor and all departments of the City which maintain relevant records shall cooperate to assure that the record of available off-street parking maintained by the Division of Parking Enforcement remains current. **[Amended 11-12-2014 by Ord. No. 14-017]**

J. Any person who obtains a parking permit in violation of Section 332-58 shall, in addition to cancellation of the permit, be liable for the penalties prescribed by Section 1-25.

K. Any owner, landlord or seller of real property who fails to comply with Subsection 332-58.G shall be liable for the penalties prescribed by Section 1-25.

L. No permit shall be issued to any person who has failed to pay any City of Jersey City municipal parking fines until such fines, including any penalties thereon, are paid in full.

§ 332-58.1. Parking restrictions in municipal lots. [Added 9-9-2015 by Ord. No. 15-109; 4-24-2024 by Ord. No. 24-024]

A. No person shall park a vehicle in a municipal lot without a valid parking permit.

B. There are two types of parking permits allowed in a municipal lot: **[Amended 9-25-2019 by Ord. No. 19-124; 12-18-2019 by Ord. No. 19-162]**

1. [NP] - Nighttime parking only (7:00 p.m.—8:00 a.m.);

2. [24/7] - All day/all night parking (24 hours).

(a) No new permits will be issued for Lot 7. Permits given out prior to this Ordinance No. 19-124 [adopted September 25, 2019] will be able to continue parking. Those permit holders may continue to renew their permits; however, no new permits may be issued. When an existing permit is not renewed, the space where the permit holder used to park will become a metered space open to the public and no permit will be issued to replace it.

PARKING PERMITS FOR MUNICIPAL LOTS

10 (a/k/a 15)	754 West Side Avenue (between Fairview and Fairmount Avenue)	Yes	NP
11 (a/k/a 4)	388 Central Avenue	Yes	NP

C. To the extent applicable, the regulations set forth in Section 332-58 (Parking Restrictions in Residential Zones) shall also apply to Parking Permits for Municipal Lots.

§ 332-59. Display of permits. [Amended 11-12-2014 by Ord. No. 14-017]

The permit as issued by the Division of Parking Enforcement shall be placed unobstructed on the rear driver's side of the subject vehicle, e.g., driver's side rear window or driver's side rear bumper.

§ 332-60. Permit parking exemptions.

A. A resident motor vehicle, employee vehicle or transient motor vehicle on which is displayed a valid parking permit as provided for herein shall be permitted to stand or be parked in the residential permit parking zone for which the permit has been issued without being limited by time restrictions or area prohibitions established pursuant to this section. Said resident motor vehicle, employee vehicle or transient motor vehicle shall not be exempt from parking restrictions or prohibitions established pursuant to authority other than this section. All other motor vehicles other than vehicles where the operator or the passenger being transported by said vehicle is physically disabled and the vehicle displays a license issued under provisions of N.J.S.A. 39:4-205, parked within a residential permit parking zone shall be subject to the time restrictions or area prohibitions adopted in this section.

B. A resident parking permit shall not guarantee or reserve to the holder thereof an on-street parking space within the designated residential permit parking zone.

§ 332-61. Temporary residential parking permits for fire stations. [Amended 11-12-2014 by Ord. No. 14-017]

Upon the request of the Fire Chief, the Director of the Division of Parking Enforcement (hereinafter "Director") or his or her designee shall issue to the officer in charge of a fire station within a residential permit parking zone, not more the five (5) temporary parking permits for the use of members transferred to the unit on an emergency basis. The Fire Chief may issue rules and regulations on the use of said temporary permits not inconsistent with this Article.

§ 332-62. Application for and duration of permit. [Amended 11-12-2014 by Ord. No. 14-017]

Each parking permit issued by the Director of the Division of Parking Enforcement (hereinafter "Director") or his/her designee shall be valid for not more than one (1) year. Permits shall be renewed annually on a date to be determined by the Director. Each application or reapplication for a parking permit shall contain information sufficient to identify the applicant, his residence address or address of

real property owned or leased within a residential permit parking and the license number of the motor vehicle for which application is made and such other information that may be deemed relevant by the Director.

§ 332-63. Permit fees. [Amended 3-9-2022 by Ord. No. 22-022]

The fee for a residential parking permit, temporary residential parking permit and transfer charge shall be provided in Chapter 160, Fees and Charges.

§ 332-64. Criteria for determination of residential permit parking areas.

A. A residential area shall be deemed eligible for consideration as a residential permit parking zone if, based on surveys and studies prepared by or at the direction of the Municipal Engineer or the Director of the Division of Parking Enforcement (hereinafter "Director"), objective criteria establish that the residential area is impacted by commuter vehicles for any extended period. **[Amended 11-12-2014 by Ord. No. 14-017]**

B. In determining whether a residential area is eligible for designation as a residential permit parking zone, the factors to be considered shall include but are not limited to the following:

(1) The extent of the desire and need of the residents for residential permit parking and their willingness to bear the administrative costs in connection therewith.

(2) Ninety (90) percent of the legal on-street parking spaces are occupied by motor vehicles during the period proposed for parking restriction.

(3) Twenty (20) percent of the vehicles parking in the area during the period proposed for parking restrictions are commuter vehicles rather than resident vehicles.

(4) The extent to which motor vehicles registered to persons residing in the residential area cannot be accommodated by the number of available off-street parking spaces.

§ 332-65. Revocation of residential parking permits. [Amended 11-12-2014 by Ord. No. 14-017]

The Director of the Division of Parking Enforcement is authorized to revoke the residential parking permit of any person found to be in violation of this Article and, upon written notification thereof, said person shall surrender such permit to the Director of the Division of Parking Enforcement or his designee. Failure when so requested to surrender said permit shall constitute a violation of this Article.

§ 332-66. On-street resident only permit parking zones. [Amended 6-15-2011 by Ord. No. 11-066; 12-19-2012 by Ord. No. 12-156; 3-25-2015 by Ord. No. 15-036]

A. The Division of Parking Enforcement is hereby authorized to issue one permit per year per vehicle to a bona fide resident or employee of a business located on the streets described below. **[Amended 11-12-2014 by Ord. No. 14-017]**

B. Proof of residency of within said on-street resident only permit parking zones shall be required prior to the issuance of a resident only permit parking permit.

C. Said permit shall be valid only where authorized On-Street parking is available and within the on-street resident only parking zone designated thereon; all other parking regulations prevailing.

D. No person shall park a vehicle without a valid permit on any of the streets designated as follows: **[Amended 8-11-2012 by Ord. No. 12-098; 11-20-2018 by Ord. No. 18-130; 9-25-2019 by Ord. No. 19-117; 9-23-2020 by Ord. No. 20-075; 2-9-2022 by Ord. No. 22-008; 9-21-2022 by Ord. No. 22-081]**

§ 332-67. Violations and penalties.

A. It shall be unlawful and a violation of this Article, unless expressly provided to the contrary herein, for any person to stand or park a motor vehicle for a period exceeding the time limitation or in violation of the zone prohibition established pursuant hereto. Any person who violates or fails to comply with any provision of this Article shall be liable to the fine indicated in Chapter 160.

B. It shall be unlawful and a violation of this Article for a person to falsely represent himself eligible for a parking permit or to furnish false information on an application therefor. The Director of the Jersey City Division of Parking Enforcement may refuse to issue a parking permit to any person or persons where he finds that the applicant has furnished false information on an application therefor. **[Amended 11-12-2014 by Ord. No. 14-017]**

C. It shall be unlawful and a violation of this Article for a person holding a valid parking permit issued pursuant hereto to permit the use or display of such permit on any motor vehicle other than that for which the permit was issued.

D. It shall be unlawful and a violation of this Article for a person to copy, reproduce or otherwise bring into existence a facsimile or counterfeit parking permit or permits. It shall further be unlawful and a violation of this Article for a person to knowingly use a duplicate facsimile or counterfeit parking permit in order to evade area prohibitions or time limitations on parking applicable in a residential permit zone. A violation of this subsection shall be a misdemeanor punishable in accordance with the provisions of this Code.

E. It shall be unlawful and a separate violation of this Article if any landlord or seller fails to timely file the acknowledgement required by Subsection 332-58.G above with the Division of Parking for any unit offered for sale or rent. The maximum per unit fine shall apply. **[Added 5-27-2015 by Ord. No. 15-063]**

ARTICLE IX
Parking for the Disabled

§ 332-68. Parking for the disabled.

No person shall park a vehicle upon any of the streets or parts thereof described below, except those persons with special parking permits as described in this Article. Schedule 25 shall be incorporated within the Chapter 332 Manual—Traffic and Transportation and is available for inspection in the Division of Engineering, Traffic and Transportation and/or the Office of the City Clerk.

§ 332-69. Restricted parking zones in front of or near residences of disabled drivers. [Amended 5-11-2011 by Ord. No. 11-051; 8-31-2011 by Ord. No. 11-099; 11-09-2011 by Ord. No. 11-139; amended 5-23-2012 by Ord. No. 12-070; 9-27-2012 by Ord. No. 12-114; 1-9-2013 by Ord. No. 12-165; 1-23-2013 by Ord. No. 13-003; 4-24-13 by Ord. No. 13-038; 5-29-2013 by Ord. No. 25-104; 2-11-2026 by Ord. No. 26-002]

A. The City of Jersey City may, for good cause shown, establish by ordinance restricted parking zones in front of or near residences occupied by disabled drivers, provided that such parking is not otherwise prohibited and does not interfere with the normal flow of traffic. No restricted parking zones will be established for persons who do not transport themselves and who do not possess a valid disabled person identification card and placard or license plate issued by the State of New Jersey, Division of Motor Vehicles, pursuant to N.J.S.A. 39:4-205 and 39:4-206 unless the Municipal Council determines that:

(1) The nondisabled driver resides in the same household as the disabled person (documentation must be provided).

(2) The disabled person needs to be transported at least five (5) days per week to work, school or other educational or gainful activity (documentation must be provided detailing where, when and why the disabled person is transported).

(3) The disabled person's disability is such that it would preclude the disabled person from waiting on the sidewalk until the nondisabled driver arrives with the car or finds parking (documentation must be provided detailing the extent of the disability).

(4) The parking conditions in the disabled person's immediate neighborhood warrant this exception; and

(5) A reasonable person would deem it highly unusual and unjust to deny a restricted parking zone even in light of the competing demands for parking spaces within a given neighborhood.

B. No restricted parking zones will be established for applicants who have a driveway, carport, garage or off-street space available for their use unless the Municipal Council determines that:

(1) Such driveway, garage or space cannot accommodate the driver's vehicle; or

(2) The driver has need of a specially equipped vehicle which cannot be reasonable accommodated by such carport, garage or space.

C. The term "disabled" means a condition wherein a person has lost the use of one (1) or more lower limbs as a consequence of paralysis, amputation or other permanent disability or who is permanently disabled as to be unable to ambulate without the aid of an assisting device or whose ambulation is otherwise severely limited. In any case, the severity of the mobility disability shall be similar to or approximate disablement by reason of amputation.

D. Notarized applications for the establishment of restricted parking zones shall be filed with the Jersey City Division of Engineering, Traffic and Transportation, which shall investigate each application for compliance with Subsection A. The application shall be accompanied by a medical evaluation form completed by the applicant's personal physician. The personal physician shall include a certification stating that the applicant has a mobility disability as described in Subsection 332-69 C. Application forms and medical evaluation forms can be obtained from the Division. Thereafter, the Division shall notify the applicant when and where to report for a medical examination or, in the alternative, shall notify the applicant of the person to contact to arrange such medical examination. The examining physicians shall be selected by the Municipal Council Committee on Parking for the Disabled. The cost of examination shall be borne completely by the applicant. The applicant shall bring to the examination any and all medical or other documentation which he or she believes relevant to the applicant's medical condition. Such documentation may include, but will not be limited to X-ray reports, C.T. scan reports, cardiograms, hospital and surgical records and attending physicians' reports. If the examining physician does not possess adequate documentation to verify the applicant's eligibility under Section 332-69 C and cannot by application alone verify such eligibility, the applicant shall be rejected. An application filed by a tenant shall also be served upon the landlord.

E. If the City Council so approves, the Municipal Engineer shall establish a restricted parking zone in front of or near the residence of the applicant and shall issue a permit which complies with N.J.S.A.

39:4-197.7. Only the motor vehicle for which a valid permit has been issued shall be parked in such zone and only when the permit is properly displayed. Only one (1) permit shall be issued to the applicant. No restricted parking zones, other than those granted by the Department of Public Safety in emergencies, shall be approved except in the manner provided in this section. **[Amended 9-11-2013 by Ord. No. 13-081]**

F. No more than one (1) restricted parking space shall be granted at any one (1) building address where the building is comprised of six (6) dwelling units or less, and no more than two (2) disabled parking space shall be granted at any one (1) building address where the building is comprised of seven (7) dwelling units or more. At any address from which a disabled parking space or spaces have already been granted, any additional permits approved for that address shall bear the same permit number as exists for the space already granted. Such space or spaces may be used by anyone possessing the corresponding numbered permit on a first come, first served, basis. This provision shall apply only to applications approved or denied after the effective date of this amendment.

G. Restricted parking spaces and permits shall be valid for two (2) years and shall be renewed thereafter in accordance with the requirements of this Article. A permit may be reviewed earlier if conditions concerning the applicant change.

H. Any party denied a restricted parking zone shall have the opportunity to request reconsideration of such decision. A letter requesting reconsideration must be received by the Division of Engineering, Traffic and Transportation within twenty (20) days of the date of the notice of denial. The applicant will then be instructed to report for a reexamination with an examining physician and/or in appropriate cases, the committee, or its designee, may hold a hearing to reconsider any relevant evidence pertaining to the applicant's eligibility. As in the initial medical examination, costs for this reexamination shall be borne by the applicant. It shall be the applicant's responsibility to bring to the examination any and all documentation in support of his or her condition. The applicant will be notified by mail of the decision on reconsideration. No more than one (1) reconsideration will be given each applicant. Thereafter, the applicant may reapply after one (1) year has elapsed from the date of the notice of denial.

1. Any party willfully presenting false information or documentation to the Committee or found to be abusing any parking privileges granted under this Article shall be subject to loss and/or denial of such privileges.

§ 332-70. Existing restricted parking zones.

All persons with existing restricted parking zones which do not comply with this Article are hereby canceled six (6) months after the effective date of this article. The Municipal Engineer shall establish fair and uniform procedures to assure that each holder of an existing permit is afforded an opportunity to present evidence of compliance. Such procedures shall provide that notice of cancellation be sent to all persons with existing restricted parking zones at least forty-five (45) days before the cancellation of such permit.

§ 332-71. Municipal Engineer to issue regulations establishing restricted parking spaces.

A. The Municipal Engineer may, by regulation, establish restricted parking zones in front of schools, hospitals and other public buildings and in public parking facilities and in shopping and business

districts for use by persons who have been issued special vehicle identification cards by the Division of Motor Vehicles pursuant to N.J.S.A. 39:4-205 when using a motor vehicle on which is displayed a certificate for which a special vehicle identification card has been issued.

B. All regulations establishing restricted disabled parking spaces pursuant to Subsection A above and the location of such spaces are available for review in the Office of the City Clerk and in the Division of Engineering, Traffic and Transportation.

§ 332-71.1. Restricted parking; spaces for the disabled. [Amended 11-16-2017 by Ord. No. 17-149]

The parking spaces below are hereby designated as reserved for vehicles transporting the disabled. Vehicles parked in the reserved parking space must display the Special Vehicle Identification (hang tag) issued by the Motor Vehicle Commission on Wheelchair License Plates.

Name of Street	Side	Parking Spaces
Robinson Dr	Counterclockwise Robinson Dr to Lee Ct	**2—90 degreelangle spaces**

Regulatory, parking and warning signs shall be erected and maintained to affect the above designated regulatory and parking prohibitions and restrictions pursuant to New Jersey State Statutes and Amendments and the Manual on Uniform Traffic Control Devices.

Tow away zones. Any vehicle parked or standing as to obstruct or impede a normal flow of traffic, block entrances or exit ways, loading zones, oil fill, any grassy area, pedestrian walkway, or present in an way a safety or traffic hazard may be removed by towing the vehicle at the owners or operators expense.

The Provisions of Title 39, Subtitle 1 are hereby made applicable to Society Hill at Droyers Point, including all roads, streets, driveways, terraces, parking areas and other roadways with the area commonly known as Society Hill at Droyers Point, and open to or used by the public, tenants and employees for the purpose of vehicular traffic.

Editor's note—Ord. No. 17-149, adopted November 16,2017, amended the Code by adding a new § 332-71. In order to prevent duplication of section numbers, the provisions have been renumbered as § 332-71.1 at the discretion of the editor.

ARTICLE X

Impounding and Booting Vehicles

§ 332-72. Abandonment of motor vehicles prohibited; violations and penalties.

A. The following acts are unlawful:

(1) Abandoning a vehicle on a street or on public property.

(2) Parking a vehicle on a street or on public property without license plates.

(3) Parking a vehicle on private property for forty-eight (48) hours or more without the consent of the owner or for any period without license plates. A vehicle which is parked on a street or on public property for forty-eight (48) hours or more may be presumed to have been abandoned under this subsection.

§ 332-73. Impounding and booting motor vehicles. [Amended 9-11-2013 by Ord. No. 13-081]

A. The Department of Public Safety may tow away and impound or boot any vehicle under the following circumstances:

(1) The vehicle has been abandoned as provided in the preceding section.

(2) The vehicle is parked in violation of any provision of this chapter or of Title 39 of the New Jersey Statutes.

(3) The vehicle constitutes a danger or impediment to traffic or a danger to public safety.

(4) There exists outstanding warrants against the owner of the vehicle issued in connection with parking offenses involving that specific vehicle.

B. Neither the city nor its agents or employees shall be liable for the loss of any vehicle or for damage to any vehicle which is booted or impounded and stored by the city or by an agent of the city, nor shall the city be liable for the disposal of any impounded vehicle.

C. The Department of Public Safety may use the services of a private tower to enforce any of the provisions of this Article.

§ 332-74. Notification of owners; procedure where owners not known.

A. When a police officer removes a vehicle from a street or other public way, as authorized in this Article, and the officer knows or is able to ascertain from the registration records in the vehicle or in some other way the name and address of the owner thereof, the officer shall immediately give or cause to be given notice in writing by registered mail to such owner of the fact of such removal, the reasons therefor and the place to which the vehicle has been removed. In the event the vehicle is stored in a public garage, a copy of such notice shall be given to the proprietor of the garage.

B. When a police officer removes a vehicle from a street under this Article and does not know and is not able to ascertain the name of the owner, or for any other reason is unable to give the notice to the owner as herein provided, and in the event the vehicle is not returned to the owner within a period of three (3) days, the officer shall immediately send or cause to be sent a written report of such removal by mail to the New Jersey State Division of Motor Vehicles, and shall file a copy of such notice with the proprietor of any public garage in which the vehicle may be stored. Such notice shall include a complete description of the vehicle, the date, time and place from which removed, the reasons for such removal, and the name of the garage or place where the vehicle is stored.

§ 332-75. Charges for taking, removing, towing and storing.

A. Should any person abandon any motor vehicle on any street in the city or on property other than his own, without the consent of the owner of said property, for a period longer than forty-eight (48) hours, or upon discovery of any motor vehicle apparently abandoned in the city, or of any motor

vehicle that apparently has been involved in an accident and is a menace to traffic, the police may take such motor vehicle into its custody and cause the same to be taken to, stored or impounded in the place or places designated as a motor vehicle pound.

B. There shall be no liability attached to the police for taking or impounding the motor vehicle or for any damages to it while in the custody of the police.

C. The motor vehicle shall not be released or removed from the pound except upon the payment to the city of the charges set forth herein for the taking, removal, towing and storage.

D. There shall be no charge for impounding motor vehicles which are not insured for theft, towing and storage when such vehicle has been taken without the consent of the owner or stolen within the city and then subsequently recovered within the city. However, the charges will not be waived when the vehicle is stolen or taken at some point outside the city and then recovered within the city.

E. The charges for taking, removing or towing and storage of any impounded motor vehicle shall be as indicated in Chapter 160, Fees and Charges.

§ 332-76. Towing of illegally parked vehicles.

A. The Department of Public Safety is hereby authorized to tow away, or have towed away by a commercial towing service, any vehicle which **[Amended 9-11-2013 by Ord. No. 13-081]:**

(1) Is illegally parked within any parking meter zone or parking space within an off-street metered parking zone.

(2) Is illegally parked in any place where such vehicle constitutes a traffic hazard, blocks the use of a fire hydrant or a driveway or obstructs or may obstruct the movement of any emergency vehicle.

B. Vehicles towed away for illegal parking shall be stored away in a safe place and shall be restored to the owner or operator of such vehicle upon payment of fees indicated in Chapter 160 Fees and Charges.

§ 332-77. Violations.

A. The following acts are unlawful:

(1) Removing or attempting to remove an impounded vehicle without paying all of the storage charges;

(2) Removing or attempting to remove a boot fastened to a vehicle;

(3) Tampering with a boot, damaging or attempting to damage a boot fastened to a vehicle.

ARTICLE XL

Titles 39,40 Private Property

§ 332-78. Parking restrictions in shopping areas.

A. The following parking restrictions shall apply in the shopping areas designated:

(1) Hudson Mall (Block 1751, Lots 10J, M and N; Block 1746.5, Lot H-4.)

(a) Within sixty (60) feet of the curbline in front of the business places therein.

(b) At the rear of such business places.

(c) At any other area not within the area designated by white parking place lines.

(2) Stadium Shopping Plaza (Block 1288-A, Lot 1-L/l-M). No person shall park a vehicle:

(a) Within thirty-five (35) feet of the curbline in front of the business places.

(b) At the rear of such business places.

(c) At any other area not within the area designated by white parking place lines.

B. No person shall park any truck or bus within the following described areas unless the truck or bus is in the process of delivering or picking up materials or passengers, in the case of public utilities, while performing necessary functions thereon:

(1) Hudson Mall area known as Block 1751, Lots 10J, M and N; Block 1746.5, Lot H-4, containing approximately 48.98 acres and located on Route 440 in Jersey City and situated immediately west of lands and buildings of Jersey City Leasing Corporation, commonly referred as "Hudson Mall."

(2) Stadium Shopping Plaza, known as Block 1288-A, Lot 1-L/l-M, containing approximately 19.00 acres and located on Route 440 in Jersey City.

§ 332-79. Title 39 made applicable to Newport.

A. The provisions of Title 39, Subtitle 1, are hereby made applicable to Newport, including all roads, streets, driveways, terraces, parkways, parking areas and other roadways within the area commonly known as Newport, and open to or used by the public, tenants and employees for the purpose of vehicular traffic.

B. The Newport Associates Development Company is hereby authorized to install and maintain a traffic signal system at the public-private intersection of Washington Boulevard and the main entrance to Target. The traffic signal shall conform to the same specifications as those regulating other local intersections.

§ 332-80. Title 39 made applicable to Port Liberte.

The provisions of Title 39, Subtitle 1, are hereby made applicable to Port Liberte, including all roads, streets, driveways, terraces, parkways, parking areas and other roadways within the area commonly known as Port Liberte, and open to or used by the public, tenants and employees for the purpose of vehicular traffic.

§ 332-81. Title 39 made applicable to Society Hill II. [Added 8-16-2006 by Ord. No. 06-094]

The provisions of Title 39, Subtitle 1, are hereby made applicable to Society Hill II, including all roads, streets, driveways, terraces, parkways, parking areas and other roadways within the area commonly known as Society Hill II, and open to or used by the public, tenants and employees for the purpose of vehicular traffic.

§ 332-81.1. Title 39 made applicable to Society Hill at Droyers Point. [Added 11-16-2017 by Ord. No. 17-149]

1. **General Parking.** All vehicles must park in designated areas and between the lines provided.

2. **Reserved Parking.** All vehicles that are granted specialty parking in this section such as Reserved Parking for the Disabled, Resident Only and Visitors, etc., must be properly identified and the spaces must be shown on the attached plan.

Resident/Visitor Parking

Name of Street	Side	Parking Spaces

Tottenham Ct	South	20—90 degree/angle spaces

§ 332-82. Parking in front of private driveways.

A. Pursuant to N.J.S.A. 39:4-138.4, the Municipal Engineer may issue to owners of private driveways and to members of the same household permits authorizing the parking of private passenger vehicles in

front of the owner's driveway. The Director may require an owner to file a completed application for such a permit on a form provided by the Director. An owner of a private driveway shall be eligible to apply for up to three permits for his or her own motor vehicles or for use by other parties authorized by the owner to park in front of the private driveway. Each member of the owner's household who owns a motor vehicle shall also be eligible to apply for a permit issued under this section. There shall be a fee of $5 for each vehicle authorized to park in front of a private driveway. The Director may require an applicant to provide evidence that the driveway was legally established in accordance with the Jersey City Construction Code.

B. The permit shall identify the location of the driveway and the vehicle authorized to park in front of the driveway. The permit shall be five and one-half (51/2) by eight and one-half (81/2) inches in size, shall bear an appropriate certification of authenticity and shall be displayed prominently within the vehicle when it is parked so as to be seen from the middle of the street.

C. Provided that such parking is not otherwise prohibited and does not interfere with a normal flow of traffic, it is an affirmative defense to prosecution for violation of N.J.S.A. 39:4-138(d) if:

(1) The parked vehicle and driveway where the vehicle is parked are owned by the same person; or

(2) The parked vehicle is owned by a member of the same household as the owner of the private driveway; or

(3) The owner of the private driveway authorized the parking of the parked vehicle in front of the private driveway.

D. This defense may be presented by form of affidavit as provided for in the New Jersey Court Rule 7:6-6(a).

E. No owner may permit any vehicle to park in front of the owner's driveway other than a vehicle registered in the name of the owner or a member of the owner's household residing with the owner.

F. No owner may charge a fee for permitting anyone to park a vehicle in front of the owner's driveway.

G. The rights conferred upon an owner under Subsection C shall extend only to the street in front of the driveway parallel to the curb.

H. This section confers no rights to park a vehicle on any part of the driveway which lies across the sidewalk nor does it confer upon an owner the exclusive right to park a vehicle adjacent to any part of the curb beyond the width of the driveway.

§ 332-83. Parking within designated properties of the Jersey City Housing Authority.

A. No person shall park a vehicle at any time upon any of the properties of the Jersey City Housing Authority, or part thereof, listed below.

(1) Parking prohibited at all times. In accordance with the provisions of this section, parking is prohibited on the following Housing Authority streets or parts thereof:

Name of Housing Authority
BOOKER T. WASHINGTON PROJECT

(a) The area on Colden Street adjacent to the south end of Building No. 8, from a point 50 feet west of the Lehigh Valley Railroad overpass to a point 75 feet west.

(b) Fremont Street: east side, from a point 225 feet north of Colden Street to a point 250 feet north.

CURRIE WOODS PROJECT

(a) North driveway: north side, from a point 80 feet south of Pamrapo Avenue to a point 90 feet south.

(b) North driveway: south side, from a point 765 feet west of Old Bergen Road to a point 755 feet west.

(c) North driveway: south side, from a point 555 feet west of Old Bergen Road to a point 545 feet west.

(d) North driveway: south side, from a point 330 feet west of Old Bergen Road to a point 320 feet west.

(e) North driveway: south side, from a point 70 feet west of Old Bergen Road to a point 60 feet west.

(f) Parking Area No. 1; south side, from a point 45 feet north of Merritt Street to a point 100 feet north.

A. HARRY MOORE PROJECT

(a) West driveway: east side, from a point 260 feet north of Duncan Avenue to a point 330 feet north.

(b) East driveway: east side, from Duncan Avenue to a point 465 feet north.

(c) West driveway: west side, from Duncan Avenue to a point 285 feet north.

HOLLAND GARDENS

(a) South driveway: north side, from its intersection with Erie Street to a point 90 feet west of Erie Street.

LAFAYETTE GARDENS

(a) All of Parking Area No. 1 at the intersection of Carbon Street and Woodward Street. Monday and Thursday, 8:00 a.m. to 10:00 a.m.

(b) All of Parking Area No. 2 on the north side of Carbon Street at Van Home Street. Tuesday and Friday, 8:00 a.m. to 10:00 a.m.

(c) All of Parking Area No. 3 on the north side of Carbon Street, 40 feet east of Van Home Street. Tuesday and Friday, 8:00 a.m. to 10:00 a.m.

(d) All of Parking Area No. 4, at the intersection of Grand Street and Barbara Place. Tuesday and Friday, 8:00 a.m. to 10:00 a.m.

MARION GARDENS

(a) Both side of the south driveway from Dales Avenue to a point 625 feet west of Dales Avenue. Monday and Thursday, 8:00 a.m. to 10:00 a.m.

(b) The north side of the north driveway, from Dales Avenue to a point 600 feet west. Tuesday and Friday, 8:00 a.m. to 10:00 a.m.

(c) All of Parking Area No. 1, adjacent to Route 1. Tuesday and Friday, 8:00 a.m. to 10:00 a.m.

(3) One-way streets. Vehicles may proceed only one-way at the following locations as designated:

HOLLAND GARDENS

(a) South driveway: one-way west.

A. HARRY MOORE PROJECT

(a) East driveway: one-way north.

(b) North driveway: one-way west.

(c) West driveway: one-way south.

B. Parking in all designated parking areas within the Jersey City Housing properties will be restricted to tenants of their respective Housing Unit and only at their respective Housing Unit. Enforcement will be accompanied by the issuance of identification decals to bona fide tenants. These decals will be displayed in the left rear window of the tenant's auto. Decals are to be rectangular in shape and bear the following "J.C.H.A. Tenant" and will be serially numbered. The Jersey City Housing Authority shall maintain a record of serial numbers and to whom each was issued.

ARTICLE XII

Permissible Parking Distances [Added 3-22-2017 by Ord. No. 17-028]

§ 332-84. Definitions. [Added 3-22-2017 by Ord. No. 17-028]

As used in this article, the following terms shall have the meanings indicated:

SCHOOL ZONE — That portion of a highway which is either contiguous to territory occupied by a school building or is where school crossings are established in the vicinity of a school, upon which are maintained appropriate "school signs" in accordance with specifications adopted by the chief administrator and in accordance with law.

§ 332-85. General provisions. [Added 3-22-2017 by Ord. No. 17-028]

A. Pursuant to N.J.S.A. 39:4-138.6, the permissible distance a person may park a motor vehicle from a "stop" sign is twenty-five (25) feet except when the intersection is located in a school zone, in which

case the mandated parking distance is fifty (50) feet, pursuant to N.J.S.A. 39:4-138(h). All intersections otherwise posted prior to the adoption of this chapter shall remain in effect. Only the Municipal Engineer, or his designee, shall reserve the right to modify the distance at any of these locations.

B. Vehicles shall at all times comply with all other parking regulations, including but not limited to regulations on parking permits, street cleaning, and parking along emergency snow routes.

C. The City of Jersey City shall not be required to install or maintain any markings, signs or other indications for permissible parking distances; it shall be incumbent upon the driver to ensure that no vehicle is parked within the permissible parking distances at any time.

D. All other provisions of N.J.S.A. 39:4-138 shall apply.

Chapter 337

WATER*

§ 337-1. Standards adopted and approved.
§ 337-2. Copies of standards on file.
§ 337-3. Administration and enforcement; standards enumerated.
§ 337-4. Metered water rates.
§ 337-5. Bulk water rates.
§ 337-6. Payments for metered water; interest and penalties.
§ 337-7. Charges to become lien.
§ 337-8. Fire hydrant charge.
§ 337-9. Enforcement.
§ 337-10. Charges collected by Office of Utility Management.
§ 337-11. Water permit fees.
§ 337-12. Jersey City Water Laboratory fees.
§ 337-13. Mandatory replacement of lead service lines.
§ 337-14. Water emergencies.

§ 337-1. Standards adopted and approved.

The Council hereby enacts and establishes rules and regulations affecting the water supply and plumbing connections therewith for the preservation of the city's water mains and regulating the use of water for air conditioning and refrigeration and plumbing connections therewith and the enforcement thereof in the form of a code enTitled "Code Pertaining to Water Supply and Plumbing Connections Therewith." The code, as filed in triplicate in the office of the City Clerk, is hereby adopted and approved.

§ 337-2. Copies of standards on file. [Amended 5-10-1984 by Ord. No. MC-599; 8-13-1997 by Ord. No. 97-052]

There shall remain on file in the office of the City Clerk three copies, reproduced in book form, of the above-mentioned code, similarly marked for the use and the examination of the public. Three copies, similar in all respects, shall be placed on file, and shall so remain on file, in the office of the Department of Administration.

§ 337-3. Administration and enforcement; standards enumerated. [Amended 10-2-1979 by Ord. No. S-292; 5-10-1984 by Ord. No. MC-599; 9-25-1991 by Ord. No. McC-355; 7-22-1992 by Ord. No. 92-091; 10-28-1992 by Ord. No. 92-143; 6-14-1995 by Ord. No. 95-050; 8-13-1997 by Ord. No. 97-052; 4-27-05 by Ord. No. 05-045]

The Department of Administration shall administer and enforce the Code Pertaining to Water Supply and Plumbing Connections therewith, as herein provided for:

*History—Adopted by the Council of the City of Jersey City May 4, 1971, as Ch. 27 of the 1971 Jersey City Code, as readopted September 19, 1978, by Ord. No. S-128. Amendments noted where applicable.

Cross references—Certificates of occupancy, Ch. 119; uniform construction codes, Ch. 131; fees and charges, Ch. 160; sewers, Ch. 281; subdivision of land; Ch. 299.

Code Pertaining to Water Supply and Plumbing Connections Therewith
City of Jersey City, New Jersey

CHAPTER 1

Sec. 1. Short title. This ordinance shall be known and may be cited as the "Water Supply Code" hereinafter referred to as "this code."

Sec. 2. Matter covered. The administration and enforcement of this code shall be vested under the authority of the Department of Administration, and the jurisdiction of said Department of Administration shall embrace control of all connections to the water mains of the City of Jersey City and the installations of meters and all matters connected therewith and the use of water for air conditioning and refrigerating systems for the purpose of conserving and protecting the city's water supply system.*

*** Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

Sec. 3. Ordinance remedial. This code is hereby declared to be remedial and shall be construed to secure the beneficial interests and purposes thereof, which are public safety, health and welfare and the protection of the city's water supply system and service.

CHAPTER 2

Definitions. For the purpose of this code the terms and wording herein contained shall be construed and confined to this section as follows:

APPROVED — As applied to material or device or mode of construction under this code, that the material, device or method has received the approval and authorization of the Department of Administration or the Board of Health, under the terms of the Board of Health. Approval by the Board of Health shall be by virtue of the terms of the Plumbing Code of the City of Jersey City, 1951.

CITY WATER SUPPLY — The municipally owned and operated potable water supply system of the City of Jersey City.

CHIEF ENGINEER — The engineer in charge of the operation and maintenance of the Jersey City Water Supply System or his or her representative.*

***Editor's Note: The former definition of "Commissioner," which immediately followed this definition, was repealed pursuant to Ord. No. 97-052, adopted 8-13-1997.**

DEPARTMENT — The various municipal departments of the City of Jersey City or their subdivisions having jurisdiction.

INDIRECT CONNECTION (FOR WATER SUPPLY) — A connection in which there is a break in a line of pipe through which the water may be discharged from one pipe to another by gravity and open to the atmosphere for a sufficient altitude to permit visibility of such discharge and to prevent a backflow into the pipe above the connection.

INSPECTOR — An inspector or any authorized employee of the Department of Administration.

OWNER — The owner or owners of the freehold of the premises or of a lesser estate therein, a vendee in possession or the lessee or joint lessees of the whole thereof.

PATENT SLEEVE AND VALVE CONNECTION — All wet connections over and above the two-inch size made to city water mains under pressure and shall consist of a sleeve installed on this main to which a valve of a given size is attached and to which the service pipe is connected.

PERSON — Any individual, association, corporation (municipal or private) or firm acting either directly or through a duly authorized agent.

PLACE OF EMPLOYMENT — Any dwelling, shop, store, factory or other building or place in which one or more persons are employed for hire or wage.

PLUMBERS:

A. MASTER PLUMBER — A person duly certified as such and authorized to engage in the installation of plumbing, through contract or otherwise, and also in planning, engineering, superintending, installation, maintenance and repair with respect to plumbing in all its branches and as such master plumber is authorized to employ journeymen plumbers and plumbers' apprentices and other persons necessary for the proper installation of plumbing work in accordance with the plumbing regulations and provisions of this code.

B. JOURNEYMAN PLUMBER — A person duly certified as such and authorized to engage in the plumbing business only as an employee of a licensed master plumber, authorized to engage in the plumbing business and under the general supervision of a licensed master plumber.

C. PLUMBER'S APPRENTICE — A person other than a master or journeyman plumber holding a certificate of registration and authorized to engage in the employment of learning the plumbing trade.

PLUMBING — Includes the practice, materials and fixtures used in the installation, maintenance, extension and alteration of all piping, fixtures, appliances and appurtenances in connection with any of the following: sanitary drainage or storm drainage facilities, the venting system and the public or private water-supply systems, within or adjacent to any building, structure or conveyance; also the practice and materials used in the installation, maintenance, extension or alteration of the stormwater, liquid waste or sewerage and water-supply systems of any premises to their connection with any point of public disposal

or other acceptable terminal, except minor repairs by a person upon his or her own premises wherein he actually resides.

PREMISES — Wherever used in this code, includes a lot or part of a lot, a building or part of a building or any parcel or tract of land whatever.

TAP — The bronze fitting installed by tapper in city water main also referred to as "corporation cock" for the purpose of connecting service pipe to the city water main.

TAPPER — Title of employee of the Department whose duty it is to install the tap in city water main.

WATER MAINS — The pipes through which potable water from the Jersey City Water Supply System is transported and distributed to any and all service pipes, fire hydrants and fire service sprinkler systems.

WATER METER — The mechanical instrument of a type approved by the Department of Administration required to be used on both domestic and fire service lines for measuring the quantity of water passing a given point.

WATER SERVICE PIPE — All that section of the pipe located between the city water main and the inlet side of the water meter.

WATER SUPPLY PIPE — All pipes or risers located between house side of the water meter and the various fixtures and appurtenances throughout the building.

WET CONNECTION — See "patent sleeve and valve connections."

Sec. 3. Inspections.

A. It shall be the duty of the Department of Administration to inspect the installation of, extension to or any alterations in all water service, water supply or water distribution piping system to all new buildings, structures and premises having service from the water supply system of Jersey City.

B. The officers and employees of the Department of Public Affairs or anyone authorized to act for it shall have free entry and access to any new building, structure or premises or part thereof, whether completed or in the process of erection, for the purpose of determining whether the building provisions of this code are complied with. Nothing herein contained shall be deemed to apply to any extension or alteration which does not conform, and it shall be his or her duty to serve written notice to owner, occupant, agent or person in possession of such building, structure or premises of such noncompliance to make such alterations or repairs as are necessary to eliminate the cause or causes of nonconformity, and in case of failure to do so within 10 days from the date of such notice, the head of the Office of Utility Management may cause the water supply from the Jersey City Water Supply System to be shut off until the requirements in the building provisions of this code are complied with.

Sec. 4. The officers of the Department of Administration and any employee delegated or authorized by the head of the Office of Utility Management shall have free entry and access to every part of any building, structure or premises whenever such entry or access is deemed necessary or advisable. Whenever any person, in possession, charge or control of any such building, structure or premises, into which any such officer or person shall desire entry or

access, shall refuse to permit such entry or access, or shall do or cause to be done any act or thing for the purpose of preventing such entry or access, the head of the Office of Utility Management or his or her authorized agent may turn off the water service from said building, structure or premises until notice shall have been given the commissioner in writing that entry or access will be permitted or provided, and until such entry or access shall have been accomplished.

Sec. 5. All applications for the use of water through a service pipe, and all applications for the introduction of service pipes or for the inserting of corporation cocks for service pipes shall be made at the office of the Permit Clerk, in the Department of Administration, by a duly licensed master plumber of the City of Jersey City, in writing, which permit shall be witnessed by the owner of the premises for whom the application is being made and filed with said Permit Clerk.

Sec. 6. Applicants shall state in fall detail the purposes for which the supply is required, with correct street address, lot and block number of the premises.

Sec. 7. All expenses incurred by reason of incorrect information given in an application shall be charged to and paid by the owner of the premises.

Sec. 8. Installation of the service pipes from the city main to the meter shall consist of tapping the city main, inserting corporation cock with proper couplings and laying service pipes from the city main to the meter, as hereinafter provided.

Sec. 9. In all cases where any unusual attachments, fixtures or alterations are desired, or which shall require the supply of an unusually large quantity of water, application shall be made to the Permit Clerk upon blanks to be furnished by him or her. The application shall be subject to the approval of the Chief Engineer, Department of Administration, before any special permit is granted.

Sec. 10. The applicant shall be liable for the amount of water used in conformity with the schedule of rates or tariffs as provided for by city ordinance.

STREET OPENINGS

Sec. 11. No street, alley or other public place shall be opened for the purpose of laying down any service pipe or doing any work or making repairs in or about any service pipes or meters without obtaining written permission from the Permit Clerk authorizing the same. Permits shall be issued in accordance with Chapter 296 (Streets and Sidewalks) Article VII (Excavations).

Sec. 12. **[Repealed 6-13-01 by Ord. No. 01-059]**

Sec. 13. **[Repealed 6-13-01 by Ord. No. 01-059]**

Sec. 14. **[Repealed 6-13-01 by Ord. No. 01-059]**

Sec. 15. **[Repealed 4-27-05 by Ord. No. 05-045]**

Sec. 16. **[Repealed 6-13-01 by Ord. No. 01-059]**

Sec. 17. The trench over and about the pipe for the accommodation of the tapper shall be dug in accordance with the size of the tap to be installed and in no instance shall be less than four feet square and not less than six inches below the bottom of the city main, and all of the pipe required in each case shall be laid and the trench left open for inspection by the Administration Department before the tap is inserted.

Sec. 18. **[Repealed 4-27-05 by Ord. No. 05-045]**

Sec. 19. **[Repealed 4-27-05 by Ord. No. 05-045**

Sec. 20. Plumbers taking out permits for tapping water or for opening streets shall be charged in accordance with the rates established by the Department of Administration.

INSTALLATION AND MAINTENANCE OF SERVICE PIPES

Sec. 21. Every person who shall construct, enter, alter or use any part of the Jersey City Water Supply system and every consumer of water and owner, occupant or person in possession, charge or control of any building, structure or premises having service therefrom, shall be governed by and subject to the provisions of this code governing the use of water and also such other rules and regulations governing the use of water as may from time to time be adopted and approved by the City Commission. It is hereby made the duty of the Department of Administration to enforce the provisions of this code governing the use of water and also any rules and regulations that may be adopted as aforesaid.

Sec. 22. No permit for the installation of any pipe or system of piping taking water from the Jersey City Water Supply System for distribution to any building or structure shall be granted until plan of such water supply or distribution system has been examined and approved

by the Department of Administration. Such plan or plans shall be presented with the application for permit to the Department of Administration in duplicate, and shall clearly show the complete water supply piping system from the service to the plumbing fixtures and other appliances to which such water supply piping system is connected, together with detail drawings of connections to surge tanks, storage tanks, pressure tanks, filter, swimming pools, bathing and display pools, sterilizers, condensers, compressors, reservoirs and washers. Said plans shall be drawn to a scale of not less than ⅛ inch to the foot; provided, however, that detailed plans shall be drawn to a scale and may be presented in either horizontal or vertical plane or isometric form.

Sec. 23. Wherever a continuous supply of water is deemed indispensable by owner or occupant in any building, structure or premises the owner or occupant shall provide a tank or other receptacle of capacity which he deems sufficient to supply the needs of such building, structure or premises during the period that the pipe section to which the service pipe is connected is shut off for repairs, connections, extensions or testing purposes; or else provide for the water supply through an auxiliary or emergency connection and service pipe with separate meter control taken from distribution system so that each service pipe shall have an independent source of supply so arranged as to ensure a continuous supply of water in case of such contingency.

Sec. 24. Each new service pipe put in service for supplying water for all purposes shall be equipped with a meter. Thereafter all charges for the use of water through such service shall be based upon the meter rates prescribed.

Sec. 25. Each new service pipe shall be laid in a straight line from the main to the property line or to within the building line at right angles to the street mains to which it is connected, except that where the subsurface conditions make it impracticable the service pipe may be otherwise laid upon the approval of the Chief Engineer, Department of Administration, of the plans submitted by plumber showing the proposed location of the service pipe.

Sec. 26. The services shall be laid at a depth of at least four feet below grade. Where the service pipe has less than four feet of cover, because of subway ducts or other subsurface condition preventing the service being laid at this depth, it shall be protected by a covering of one inch of felt cover and tar paper or other suitable waterproof material. Where constant exposure to frost exists, the service shall be further protected by additional covering of felt and protected with a metal sleeve or wooden box at the direction of the Chief Engineer, Department of Administration.

Sec. 27. When a service pipe has been laid to the meter, it must not be used to supply other premises than the particular premises applied for, except as hereinafter provided.

Sec. 28. No standpipes or other appliances for any purpose shall be allowed to be attached to the service pipe where use of water is desired. The service pipe shall be extended to the meter before any attachment shall be made.

Sec. 29. All inside connections between houses or other buildings are strictly prohibited.

Sec. 30. Valves or stop cocks at the inlet side of meter shall be left closed, and in no case shall the water be turned on except by any employee of the Department of Administration, or by licensed plumber upon a written permit to do so.

Sec. 31. Plumbers shall not leave any valve or stop cock at inlet side of the meter location open, nor water turned on in the premises after connection with the service pipe, longer than is required to test their work, without a permit therefore.

Sec. 32. Service and supply pipes in buildings shall be located in such parts thereof as are best protected from frosts.

Sec. 33. In all exposed locations the service pipes, supply pipes, fixtures and meters shall be properly wrapped or packed with felt, mineral wool or other nonconducting material or substance, if necessary, to protect said service, etc., from freezing.

Sec. 34. It shall be the duty of the plumber performing labor in and about any water service pipe to protect the same from frost. He shall not be released from the responsibility thereof by having the owner of the premises or others do the work for him.

Sec. 35. The owner of the property, into which water is introduced by a service pipe, shall be required to maintain in perfect order at his or her own expense said service pipe from the main to his or her premises, including all fixtures therein provided for delivering or supplying water for any purpose.

Sec. 36. No person shall tap or connect to any water main or insert a tap therein excepting employees of the Department of Administration duly authorized to do so.

Sec. 37. No person other than an employee of the Department shall open or close any valves in the public main or molest or interfere with any valve or valve-box cover.

Sec. 38. Where a service line has been previously installed from the city main to the curb, and water is desired therefrom, an application for an extension permit must be signed by the owner and a licensed master plumber of the City of Jersey City, authorized by the owner of premises.

MATERIALS FOR SERVICE PIPE INSTALLATIONS

Sec. 39. All new service pipes two inches in diameter or less shall be of lead, galvanized lead lined, extra heavy seamless drawn brass or soft tempered Class K copper water tube to conform to the ASTM standard specifications for copper water tube.

Sec. 40. Service pipes larger than two inches in diameter shall be cast iron pipe (Class B Corporation).

Sec. 41. The material and diameter of service pipes must be the same (excepting size of gooseneck) from the tap to the building, or to a point where the service is fully metered.

Sec. 42. Dimensions and weights of cast iron pipe, lead and Class K copper water tube to be used under these rules are as follows:

Cast Iron Pipe (Class B Corporation)

Size (inches)	Wall Thickness (inches)	Weight Per Foot	Weight Per 12-foot Length
3	.42	16.2	194
4	.45	21.7	260
6	.48	33.3	400
8	.51	47.5	570
10	.57	63.8	765
12	.62	82.1	985

Cut iron pipe shall be lined inside with cement and a sealing coat and on the outside coated with coal tar pitch in accordance with the specifications of the Department of Administration.

AA Lead Pipe

For use where city pressure does not exceed 50 pounds per square inch.

Inside Caliber (inches)	Thickness	Pounds Per Linear Foot
3/4	.231	3 1/2
1	.246	4 3/4
1 1/4	.258	6
1 1/2	.288	8
2	.376	13 3/4

AAA Lead Pipe

For use where city pressure exceeds 50 pounds per square inch.

Inside Caliber (inches)	Thickness	Pounds Per Linear Foot
3/4	.293	4 3/4
1	.298	6
1 1/4	.320	7 3/4

Inside Caliber (inches)	Thickness	Pounds Per Linear Foot
1½	.386	11¼
2	.504	19½

All lead pipe shall conform to Federal Specifications W.W.P.—325.

K – CLASS COPPER TUBING

Inside Caliber (inches)	Thickness	Pounds Per Linear Foot
¾	.065	.641
1	.065	.839
1¼	.065	1.04
1½	.072	1.36
2	.083	2.06

Sec. 43. Only lead pipe, lead lined pipe, extra heavy brass pipe, Class K copper tubing or corporation cast iron pipe shall be permitted outside the building and up to the meter. If galvanized iron pipe is used inside the building it shall be one size larger in diameter than the street service pipe. Galvanized lead lined pipe, lead pipe, extra heavy brass pipe or Class K copper tubing of the same interior diameter as the service pipe may be used inside the building.

Sec. 44. Service pipes up to two inches in diameter may be of brass with extra heavy brass fittings. The brass pipe shall be best quality, extra heavy, seamless drawn, semi-annealed and shall be free from surface defects inside and outside, clean and of uniform color and quality and true to gauge and shall conform to the ASTM Standard Specifications for Brass Pipe Standard sizes.

Sec. 45. All copper tubing shall conform to the ASTM Standard Specifications for Copper Water Tube (Serial Designation B88-33). All sizes two inches and smaller from the city main to the meter shall be Class K.

Sec. 46. All cast-iron water pipe shall conform to the American Waterworks Association, Class B cast iron pipe of the bell-and-spigot type and shall be cement lined and seal coated internally and coated externally with asphaltum or coal tar pitch and shall conform to the Department of Administration specification for cast-iron water pipe and special castings.

Sec. 47. When a premises is to be supplied through a service of two inches or less in diameter from a main in which the pressure is over 50 pounds, the service pipe shall be 3A lead, extra heavy brass seamless pipe or Class K copper tubing to withstand the high pressure.

Sec. 48. All connections between lead and iron pipes shall be made with brass soldering nipples and wiped joints. All connections between lead pipe and lead and brass shall be made by means of wiped, soldered joints not less than two inches in length, prepared, tinned and fused. All joints shall be uniform and of the size known to the plumbing trade as "heavy." The solder used shall be of the grade known as "extra fine" and the outside diameter of the wiped

joint at the center shall be at least 3/4 inch in excess of the outside diameter of the lead or brass pipe. Soldering nipples shall be of extra heavy cast brass or thoroughly annealed seamless drawn extra heavy brass pipe tubing of standard iron pipe gauge. Fittings for Class K copper water tube service pipe shall be of the extra heavy brass compression type.

Sec. 49. The caulked joints for cast iron service pipes shall be made as follows: the inner portion of the annular space between the spigot and the hub shall be first packed with clean, sound jute packing yarn, free from tar, or preformed rubber gaskets that will meet the specifications of the Department of Administration. The remaining space in the hub shall then be run full of lead at one pouring and joints shall be well caulked with proper tools and made watertight. In pouring joints sufficient metal shall be provided so that when the joint is caulked the lead shall be flush with the face of the hub. The lead used shall be of the best quality pure soft lead practically free from all impurities. No cold lead shall be used for caulking or filling in. The depth of lead joints up to eight-inch pipe shall be not less than 2½ inches, and for larger pipe it shall be not less than three inches.

Sec. 50. All valves in service pipes shall be of the gate-type nonrising stem and may be constructed with iron body or all brass. Inverted key-type round tee handles stopcocks may be used up to one inch. Services of a larger diameter than one inch shall be controlled by the gate type nonrising stem. All valves shall be so located as to be accessible at all times. All valves and stopcocks shall be of the 300 pounds test class as specified in the manufacturer's catalog and shall have a clear waterway equal in area to that of the service pipe which it controls.

Sec. 51. Every device for heating water or for storing heated water in tanks or boilers shall be so designed and constructed and shall be installed in such manner in any building or structure that any condition which would cause or contribute to the cause of any excess pressure, strain, stress or explosions therein, or leakage in any pipe or system of piping connected thereto, shall be eliminated. No water in any plumbing system shall be heated to a higher temperature than 200° F. in any water heating device or shall be stored in any tank, boiler or reservoir or shall be discharged into or conveyed in any heated water supply pipe or system of heated water supply piping to any plumbing fixture. See Section 134 of Plumbing Code.

Sec. 52. A stopcock located at the curb fitted with a one-half-inch galvanized iron rod and protected by an extension, tar-coated cast iron box with cover at the level of the sidewalk, may, at the discretion of the consumer, be placed upon the service pipes of two inches or less in diameter. It is not, however, a requirement of the Department of Administration.

Sec. 53. On all service lines up to two inches diameter valves shall be installed inside of the building as close to the front wall as may be possible in order to provide for the shutting off of water, in case of accident or mishap to the inside service or supply pipe.

Sec. 54. All lead pipes and K copper tubing shall have an excess of three feet of pipe formed into a gooseneck at the connection to the tap and laid to the right hand, facing the tap. The nonrigid swing section shall be installed in such a manner as will completely absorb all strain to service pipe and main which may be caused by any shock, strain or vibration to which said service pipe or main may be subjected. Brass services installed up to two inches in diameter shall have a swing joint composed of the necessary pipe fittings to absorb all strain or shock to both the service and the city main.

Sec. 55. The minimum diameter of a service pipe shall be ¾ inch and the service pipe shall be not less than the diameter of the tap controlling it.

The maximum sizes of services allowed are as follows:

Diameter of Tap (inches)	Diameter of Service Pipe (inches)
¾	½
1	2
½	2
2	2
4, wet connection	4
6, wet connection	6
8, wet connection	8

Sec. 56. For the installation of wet connections larger than those listed here, complete plans of the piping system that will receive its water supply from the Jersey City Water Supply System shall be submitted to the Department of Administration for approval in conformity to Section 18, Plumbing Code.

Sec. 57. Where the service pipe is larger than the controlling tap the minimum size of the gooseneck between the service pipe and the tap shall be as follows:

Size of Tap (inches)	Size of Service (inches)	Minimum Size of Gooseneck (inches)
¾	1	¾
¾	1¼	1
¾	1½	1¼
1	1¼	
1	1½	1¼
1	2	1½
1½	2	1½
2	2	2

Sec. 58. In any building, structure or premises where the consumption of water requires a larger service than can be supplied by the existing tap or connection, a new tap or connection shall be made with the city water main to correspond to the size of the service desired. The joining of two or more smaller service pipes for the purpose of connection to one larger service is prohibited. The size of such service pipe shall be determined by the head of the Office of Utility Management and it shall be supplied from the mains of the Jersey City Water Supply

System through a single tap and a single service pipe of a size listed in Section 55, and shall extend from the water main to the inlet valve of the meter before any connections for appurtenances are permitted. The old or original tap is to be shut off at the main after the new connection has been installed.

Sec. 59. In buildings occupied for domestic purposes the minimum size service shall be regulated by the number of families supplied as follows:

Number of Families	Minimum Size Service (inches)
1 to 2	¾
3 to 5	1
6 to 10	1¼
11 to 20	1½
21 to 30	2

Sec. 60. Buildings housing families in excess of those listed above shall be supplied with services in proportion. Plans will have to be submitted to the Department of Administration, in accordance with Section 18 of this code for dwellings housing the number of families in excess of Section 59.

Sec. 61. No building, structure or premises shall be permanently abandoned, wrecked or destroyed without first giving notification, in writing, to the head of the Office of Utility Management of such abandonment, wrecking or destroying in order that the water service may be shut off and leaking or wasting water shall be eliminated or prevented. Such notification shall be given by the person in charge of the wrecking or destroying of the building or by owner of the building, structure or premises.

SURGE, SUCTION, GRAVITY AND COMPRESSION TANKS

Sec. 62. Whenever in any building, structure or premise a water system is maintained which is supplied with other than city water, or is equipped for service other than from the city mains or which is supplied with city water which has been previously used for any purpose, or city water which is stored in a gravity tank or tanks, each service from the city water system shall enter through a receiving reservoir or so-called surge tank for the purpose of preventing water from the secondary system flowing back into the city mains; provided, however, that a receiving reservoir shall not be required where only city water is available and stored without previous use in an approved covered gravity tank, and further provided this tank is so located as to be adequately protected against external pollution and is kept locked, except when opened for inspection or repairs.

Sec. 63. Each surge tank shall be provided with a sludge drainpipe which shall be connected thereto at the lowest level of the bottom section thereof and shall not extend above such level. Such drain shall be provided with a control valve with a clear waterway equal in

area to that of the sludge drainpipe and shall discharge through an indirect connection into the drainage system of the building.

Sec. 64. When a pump is used a surge or suction tank shall be installed if required to prevent undue lowering of the street main pressure and as directed by the Chief Engineer of the Department. To minimize water hammer a service pipe directly supplying the surge or suction tank or other similar appliance which is controlled by a quick-closing device shall be connected to an air chamber of approved type placed where and as directed by the Chief Engineer of the Department.

Sec. 65. All buildings that exceed four stories or 55 feet in height in various areas throughout the city, and where pressure from the city main is insufficient to furnish an adequate supply above 55 feet, shall be equipped with either an automatic compression pressure-increasing device or a high level gravity storage tank may be installed. Each such compression device or high level gravity tank shall be provided with all the regulating and control appurtenances and devices which are necessary to ensure complete automatic operation.

Sec. 66. Wherever any pipe which is a part of the water supply system of any building or structure receives its service from a gravity storage tank, it shall be connected thereto in such a manner as will prevent any water stored within four inches of the bottom of such tank from entering such water supply pipe. Every gravity storage tank shall be provided with an overflow pipe of a cross area of not less than twice that of the pipe which supplies water to such tank. Said overflow pipe shall discharge through an open connection into the drainage system. Every gravity storage tank shall be supplied with water through an approved slow-acting automatic control valve or control cock, the discharge outlet of which shall be installed at a distance not less than six inches above the top of the overflow pipe connection to such gravity storage tank.

Sec. 67. Each gravity storage tank shall be provided with a sludge drainpipe which shall be connected thereto at the lowest level of the bottom section thereof, and shall not extend above such level. Such drainpipe shall be provided with a control valve with a clear waterway equal in area to that of the sludge drainpipe and shall discharge through an indirect connection into the drainage system of the building.

Sec. 68. Every house storage tank shall be so located and shall be housed in a manner which shall prevent contamination of the water therein. Such tank shall be protected with a cover sufficiently tight to exclude dust. Approval of the proposed support for a new tank shall be obtained from the Department of Housing, Economic Development and Commerce before the permit for its installation shall be issued.

Sec. 69. Each compression tank shall be so constructed and connected that the air content thereof shall be not less than 25% of its total capacity. Each compression tank shall be provided with a sludge drainpipe which shall be connected to such tank at the lowest level of the bottom section thereof and shall discharge through an open connection into the drainage system of the building. Each sludge drainpipe shall be provided with a control valve with a clear waterway equal in area to that of the sludge drainpipe. No water shall enter into any water supply pipe at a lower level than four inches above the bottom of such compression tank.

Sec. 70. Any water pipe connection to any pump or other appliance through which any vibration, shock, strain, stress or pulsation which may originate or develop a water hammer or any excess noises or sounds in the water supply system of any building or structure and which

may be communicated through such connection or service pipe of the Jersey City Water Supply System is prohibited.

CHECK VALVES

Sec. 71. Check valves which are noiseless in their operation and air chambers of sufficient air cushion capacity shall be installed in the suction pipe and the discharge pipe of each house pump or fire pump or other water pressure increasing device; provided, however, that where such check valves are of the slow-acting type, and the operation thereof entirely eliminates the shocks, strains, stresses and excess noises caused by the operation of such pump or device, the installation of air chambers may be dispensed with. No check valve shall be installed as herein provided unless the design and construction thereof shall first have been approved by the head of the Office of Utility Management.

Sec. 72. A fire line service shall be check-valved at the outlet side of the meter to prevent a backflow of water through the meter. A check valve shall be provided at the outlet side of a domestic meter where an automatic compression device or high level gravity storage tank is installed. Where a service supplying a hot water or steam boiler is check-valved, an approved relief valve which will open when the temperature in the system reaches a predetermined maximum temperature shall be installed at the outlet side of the check valve.

Sec. 73. All outlet connections from any of the potable water supply lines, on steamship piers, wharves, docks or bulkheads adjacent to or projecting into any of the streams or navigable waters bordering Jersey City that may be used or are available for use as a ship or boat supply, including fire line connections, that are receiving their water supply from the Jersey City Water Supply System, shall be equipped with approved check valves to prevent the possible backflow of water from a secondary source of supply, contaminating the city water supply.

Sec. 74. Where more than one service pipe supplies a building and the services are supplied from different mains, the services shall be check-valved at the outlet side of the house valve with an approved check valve.

FIRE AND SPRINKLER SYSTEMS

Sec. 75. The largest size connection for fire and sprinkler systems allowed shall be of eight-inch diameter, and the street main for such connection shall be of ten-inch diameter or larger. Larger connections may be made by agreement with the Bureau. For a six-inch main no connections larger than four-inch shall be allowed.

Sec. 76. All street main connections for fire and sprinkler systems or for any other purposes shall be provided with valves inside the building line, in order that the same may be shut off in case of a leak or bursting of pipe or other cause. Said valves shall be set in conspicuous places, easily accessible, and left entirely open for fire purposes. If required by the fire insurance representatives, the same may be sealed.

Sec. 77. All fire protective equipment that is supplied with water from the Jersey City Water Supply System shall be drained and flushed at least every six months and kept free from

accumulations of sand, silt and stagnant water which would nullify the action of the chlorine content of city water.

Sec. 78. No city water pipelines in any building, premises, material or storage yard on railroad property which receives service from the Jersey City Water Supply System shall have for fire-extinguishing purposes a Siamese or other connection that is or has been installed near any river or waterway where a city fire boat or city fire engine or pump may pump river water into the city water pipes through a cross-connection of any kind. A check-valve or any other kind or type of valve on any cross-connection is prohibited. No stationary pump or privately owned fire equipment shall be maintained for emergency use as described above in any premises adjacent to the rivers, nor shall they use cisterns or wells adjacent to the rivers for cross-connections to city water supplied pipes for emergency fire-extinguishing purposes.

METERS

Sec. 79. Where this code or the rules or regulations of the Department providing for the installation of a water service for the purpose of supplying water from the Jersey City Water Supply System to any building, structure or premises, such service pipe shall be metered and the meter shall be considered a part of such service pipe. The location of such meter, either inside or outside of any building or structure, shall be determined by the Chief Engineer of the Department. The installation of any water meter at any location other than that determined by said Chief Engineer of the Department is prohibited.

Sec. 80. All meters (whether placed on new or old services) from 5/8 inch in diameter to and including two inches in diameter shall be set by employees of the Department.

Sec. 81. Meters furnished by applicant shall be of a style approved by the Department and subject to test by the same Department.

Sec. 82. The applicant shall forward the meter to the meter laboratory for testing purposes without any unnecessary delay after paying a fee to and receiving a permit from the Department.

Sec. 83. Meters shall be set with meter couplings and gate valves on each side, and waste close to the outlet shall be placed in a conspicuous place, easy of access and located so as to control the entire supply. For fire service meters, the installation shall be approved by the Chief Engineer of the Department before the same is made.

Sec. 84. All meters four inches and over in diameter shall, when set up, have bypass connection with testing corporation valve two inches in diameter and be set in accordance with installation bypass plan on file in the office of the Chief Engineer of the Department.

Sec. 85. All meters shall be put in under the supervision of the Department and at the expense of the owner of the property.

Sec. 86. Care shall be exercised to keep the inside of the meters free and clear of white and red lead, dirt, gravel and all other foreign matter.

Sec. 87. The removal of all meters shall be done only by employees of the Department or by licensed master plumbers and shall be delivered to the meter laboratory of the Department within 24 hours from the time of the removal of the same.

Sec. 88. Notice to the Department of any stoppage or other irregularity of the meter shall be given immediately by the owner or his or her agent when a closing nipple shall be temporarily substituted by the Bureau or a master plumber until such defect may be remedied.

Sec. 89. The owner of any premises where a meter is installed shall be held responsible for its care and protection from freezing and from injury of interference by any person or persons.

Sec. 90. Payment for meters shall be made in advance, and only those makes or meters approved by the Department shall be allowed.

Sec. 91. Meters shall be tested on application to the Department. A testing charge as provided in Chapter 160, Fees and Charges, shall be made for meters up to and including one inch in capacity. For taking out, testing and replacing meters of larger capacity than one inch, estimate shall be given upon request but the actual cost shall be charged and in case of nonpayment shall become a lien upon the property.

Sec. 92. When a meter is found to be not registering, repairs shall be made by the Department and the meter put in accurate condition. The actual cost of the repair shall be charged to the consumer on the subsequent billing period. To estimate the consumption of water during the time of nonregistration a daily average shall be obtained from the readings taken at least one month after repairs have been made, and this figure shall be used as a basis on which to charge for water used during the period in which meter failed to show any registration.

Sec. 93. Meters shall be considered correct if found upon test to be registering within 2%, plus or minus, that is 98% to 102%. When an error of more than 2%, plus or minus, is found to exist the customer shall be charged or abated for the same dating back to time of last test made by the Department. Where percent of inaccuracy is found to be either plus or minus, the same shall be figured from 100%.

Sec. 94. Water service shall be discontinued or turned off from any premises upon the written order of the owner.

REGULATIONS AND TESTS

Sec. 95. The city is divided into districts coextensive with the boundary lines of the 12 wards of Jersey City. These districts are subdivided into blocks and lots, each of said lots having a twenty-five-foot frontage and each twenty-five-foot frontage being assigned a serial number; all premises to be metered in the order of serial number in the districts.

Sec. 96. When trenches are opened and service pipes laid, the plumber shall give notice to the Permit Clerk fixing the time when the trench shall be ready for tapper and inspector. Such notice shall be given at least 24 hours in advance of the time fixed, and pipes therein shall be inspected before trench is filled.

Sec. 97. Each new service or repair to a service shall be subjected by the plumber to a water test under the main pressure for a period of 10 minutes. All pipes and appurtenances shall remain uncovered for the duration of the test and shall show no sign of leakage and may be subject to the inspection of the Department inspector.

Sec. 98. The Department shall refuse to supply water to premises wherein the plumbing work has not been done in accordance with the provisions of the Plumbing Code.

Sec. 99. When buildings are being torn down or demolished, an inspection shall be made by a representative of the Department of all water pipes and connections and supply shall be shut off at the main at the expense of the owner.

Sec. 100. Officers of the Department, and their authorized agents, may enter the premises of any water consumer at any reasonable time and examine the pipes and fixtures, the quantities of water used and the manner of its use. All such officers and authorized agents shall be provided by the Department with a badge and certificate as evidence of their authority.

Sec. 101. Readings for water bills shall be taken from recorded and recognized account meters only; special readings at the request of the owners or agents from meters shall be made upon the payment of a fee as provided in Chapter 160, Fees and Charges, for each such reading and report thereof.

Sec. 102. No rebate shall be allowed for metered vacant premises. Owners shall be held responsible for all charges accruing for water service, until written notice has been given to the Department to discontinue the supply.

Sec. 102.1. No certificate of occupancy shall be issued upon any building or structure which requires an approved metering system to be installed thereon unless the approved water metering system or systems required are installed and are in proper working order. No inspector of any department, division or administrative unit of this city shall recommend that a certificate of occupancy may issue unless the required approved metering system or systems are installed as provided in this code.

Sec. 102.2. It shall be the duty of the owner of any property required to be metered for water and in which there is no such approved metering system to report such fact to the Administration Department of the city. It shall be the duty of any inspector, official or employee of the city, upon ascertaining that there is no approved metering system on property required to be metered for water, to report to the Department of Administration such fact promptly upon ascertaining the same.

Sec. 102.3. Access to metering system.

A. It shall be the duty of every owner of property to provide unhampered and unimpeded access to the approved metering system. Refusal, without good cause, to provide such unhampered, unimpeded access to authorized Administration Department inspectors, meter readers, installers or plumbers shall be a violation of this code.

B. Failure to reply to or comply with requests from the Administration Department for such access, when such requests are made through certified or first class mail and properly addressed to the legal owner of the property, shall be construed as denial of such access and shall be punishable as a violation of this code.

Sec. 102.4. Approved metering systems. **[Added 10-2-1979 by Ord. No. S-292; amended 5-10-1984 by Ord. No. MC-599]**

A. Owners of properties required to be metered for water shall obtain the approved metering systems from the city's Water Meter Shop only. Payment for such systems, when payments

are required by the Administration Department, must be made to the city official or employee designated to accept such payment. Owners may contract with private, licensed plumbers to install such systems but only if the systems are obtained from the city's Water Meter Shop as required herein. All permits required by the city pertaining to the installation of the approved metering systems must be applied for and secured by the owner or his or her agent before any such systems are released from the Water Meter Shop.

B. Approved metering systems, obtained from the city by owners or their agents, must be installed within five business days from the date of the release of the metering systems by the city to the owner or agent. Waiver of the five-business-day deadline may be granted by the Business Administrator.

C. Failure of the owner or his or her agent to install approved metering systems within the five business days prescribed shall be a violation of this code. Each business day beyond the five-business-day deadline shall be a separate violation until the system or systems are installed.

Sec. 102.5. It shall be no defense on the part of the owner for payment of water consumed that there is no approved metering system installed on the premises of the owner. It shall be the duty of the owner that an approved metering system be installed on said premises before any water is consumed.

Sec. 102.6. Unlawful acts.

A. It shall be a violation of this code and otherwise unlawful for any owner to cause or allow water to be consumed without any approved metering system to register the amount of water consumed.

B. In addition to any fines imposed under this code, the head of the Office of Utility Management may rebill an owner in whose building unmetered water has been consumed. Such rebilling shall be for the unmetered water consumed in the building.

C. Bypass lines on approved metering systems of less than three inches capacity are strictly forbidden. Such bypass lines, and any valves controlling the flow of water through such bypass lines, must be removed forthwith. The resultant openings in "tee" fittings must be capped or plugged immediately after removal of the lines and valves.

Sec. 102.7. Anyone violating any provisions contained in Sections 79 through 102.7 of this code pertaining to water supply and plumbing connections therewith shall be liable to a fine as provided in Chapter 1, General Provisions, § 1-25. Each day of such violation shall be deemed and considered to be a separate and distinct offense and shall be punishable as such.

PRIVATE MAINS

Sec. 103. Private mains supplying premises on a city street in which no city water main exists shall be not less than one inch in diameter and may be of AAA lead, galvanized lead lined pipe, extra heavy seamless drawn brass or soft tempered Class K copper water tube, for that portion of the main that takes the place of the city main. The type of pipe used shall be in accordance with specifications set forth in Section 42. The connection of the private main to the city main shall be equipped at the connection to the tap with a gooseneck or offset swing joint as specified in Section 54. Private mains shall be controlled by a gate valve, placed in the

private main on the projected building line of the street in which the city main exists, and a cast-iron extension street valve box shall be placed over the valve.

Sec. 104. Private mains and all connections thereto and branches therefrom shall be installed only under permit from and inspection by the Department.

Sec. 105. Owners of the premises supplied from private mains shall maintain such mains in good order and be responsible for the plugging of the controlling tap when replaced by a city main.

Sec. 106. No permits will be issued to alter or repair a private water main supplying buildings facing on a street in which a city main is in service. Notices shall be sent to the owners of such property to disconnect from the private main, separately connect to the city main and plug the tap controlling the private main.

AIR CONDITIONING, REFRIGERATION AND CROSS-CONNECTIONS

Sec. 107. The installation of new service pipes or the use of the present service pipes for water cooled air-conditioning units, refrigeration machinery and compressor installations may be permitted upon the approval of the Department of Administration, of plans submitted by a licensed master plumber showing the proposed location and size of the service pipe, the capacity of each unit to be installed, the number of units to be installed, the manufacturer's rating for water consumption per unit and the size of the waste pipe to sanitary sewer, provided that the installation will comply with Section 108 of this code.

Sec. 108. Air-conditioning and refrigeration equipment.

A. All water cooled air-conditioning equipment, refrigeration machinery and compressor installations discharging water into the city sewerage system shall be subject to the city's inspection and approval. Such installations shall be free of any possibility of cross-connections or back siphonage in case of low pressure in the city water main, and the connection of the installation with water and waste pipes shall be done by a licensed plumber of the City of Jersey City. A written permit will be required from the Office of Permit Clerk for each installation for which a charge, as provided in Chapter 160, Fees and Charges, will be made, which charge will include the expense of regular inspection. Extra charges will be made for additional inspections required on account of condemnation of work or for premature request for inspection.

B. Applications for permits for units heretofore or hereafter installed shall be signed by both the licensed master plumber and the owner of the premises where the installation will take place. The application will further specify the type of dwelling, store, commercial establishment or industrial plant to be served, and the maximum rating as to capacity of the unit in tons of refrigeration and the horsepower required under maximum summer operating conditions, the number of units to be installed, the manufacturer's rating for water consumption per unit, the type of water conservation equipment to be installed and such additional information regarding the proposed installation as may be required by the Department. In no case shall the rated capacity of the refrigeration unit in tons be considered less than the nameplate horsepower of the driving equipment for the purpose of this code. In the absence of the required manufacturer's maximum rating as to capacity of

the unit in tons of refrigeration for the purpose of this code, the Department may specify the tonnage of the refrigeration unit by using the nameplate horsepower of the driving unit. In case water conservation devices are required to comply with Subsection C, the name of the manufacturer and the guarantee on the water conservation device are to be given for maximum anticipated summer operating conditions, together with the manufacturer's identifying data on the equipment. Approval must be obtained before installation of the equipment is started.

C. No permit shall be issued for the installation and/or use of any air-conditioning units unless:

(1) Any such installation consisting of one unit or a group of units, with a total capacity exceeding five tons or requiring more than five horsepower to drive the compressor, shall be equipped with an approved type of economizer, evaporate condenser, water cooling tower or other similar apparatus. These water conservation devices shall be such that under maximum summer temperature they will not require water from the city water supply system at a rate greater than 0.12 gallons per minute per ton of refrigeration. Units of five-ton capacity and under which do not have water conservation devices shall be provided with an automatic water regulating device so as to limit the use of water under maximum summer conditions to not more than two gallons per minute per ton of refrigeration.

(2) Makeup water connections to a water conservation device are to be so arranged that the supply has a physical break between the city water main and said device so it will be impossible for water to siphon back in case of low pressure in the city water main.

D. Water from any such installation shall not be discharged into the city's sewerage system at a rate in excess of the foregoing, and discharged wastewater shall be in strict accordance with Plumbing Code of Jersey City and any other department having jurisdiction.

E. The Chief Engineer of the Department shall be satisfied that the system can be operated without adversely affecting the flow to other uses of water in the area or becoming detrimental to public safety. The city reserves the right to restrict or prohibit the use of water that is not considered essential to the health and welfare of the people during any water emergency period that may be caused by depleted storage reservoirs due to drought periods or other adverse conditions of nature, breaks in transmission mains or any part of the water system causing a water shortage or threatened water shortage. The city reserves the right to restrict or prohibit extraordinary use of water if water supply conditions so require. The city is not required to maintain any minimum pressure other than that required to deliver water into the basement of any premises.

F. All water cooled air-conditioning equipment, refrigeration machinery and compressor installations using water from the city main or discharging water into the city sewerage system, installed or in operation prior to the adoption of this code, shall be required to make such water cooled air-conditioning equipment, refrigeration machinery or air compressor installations conform to the terms of this code, and the owner or operator of said equipment shall have one year from the adoption of this code to comply with the provisions hereto provided for.

G. In the event that an owner or occupant fails to make the water cooled air-conditioning equipment, refrigeration machinery or compressor installations conform with the terms of this code and specifically in violation of Section 6 hereof, then the city shall have the right to discontinue the water service to the property in accordance with Section 129 of this code.

H. Licensed plumbers guilty of violating any of the sections of this code shall be prohibited from securing further permits from this Bureau and where willful violations warrant, the head of the Office of Utility Management may prefer charges to the Board of Health for the revocation of a master plumber's license.

Sec. 109. No person or corporation shall install, own or operate a physical connection of any type between an approved public potable water supply and a secondary or unapproved water supply. A "physical connection" means any cross-connection, bypass, valve, pipeline, auxiliary intake or any device which permits or may permit any flow of water into an approved public potable water supply from an unapproved water supply.

SECONDARY WATER

Sec. 110. Secondary water is any water from a private water system of pipes or piping which receives its water supply from the rivers or bays or streams bounding the shoreline of Jersey City, or from any well or cistern or any groundwater or rainwater reservoirs. Secondary water is also water from the mains of the Jersey City Water Supply System which has been used for any purpose within any building, structure or premises or which has been discharged from any type of condenser coils, or cooling systems, drinking fountains, hydraulic lifts, boilers, Linotype machines, dye casting machines, metal rolling, pressing, crushing machines or apparatus or water which has been stored in such a manner as to expose it to possible contamination.

Sec. 111. No secondary water shall overflow into or be discharged into any surge tank, storage tank or reservoir or shall in any way be piped or conveyed into the water supply system of any building, structure or premises to become a part of or be mixed with the fresh water supply from the mains of the Jersey City Water Supply System either inside of the premises or in the water service pipe. Secondary water shall not be piped to or used for cooling crushers, rollers or mixers where foods, candies, liquids or materials are manufactured for human or animal consumption. No connection, tap or opening shall be made in a water distribution system other than an approved water distribution system which will permit such water being used for drinking. Wherever the fire protective equipment in any building, structure or premises has service from the Jersey City Water Supply System, no pipe or other conduit which conveys secondary water shall be cross-connected to the fire protective equipment. All fire protective equipment connected to the Jersey City Water Supply System shall be constructed in such manner that all tanks, pipes, pumps, surge tanks and fire hydrants can be thoroughly drained, flushed and cleaned by the owners of such equipment and premises, and there shall be no direct connections from the tanks, pipes and other equipment to any drainage pipes or sewers.

Sec. 112. Every pump or hydrant for providing drinking water supply shall be protected from surface water and contamination.

Sec. 113. No pipe or system of piping which receives its supply from the Jersey City Water Supply System shall be directly connected to any processing tank, vat, mixer, heater, cooker, washer, pump appliance or equipment used for storing, holding or conveying fluids or materials or for manufacturing or food processing or washing purposes. Such appliances and equipment shall be supplied from the Jersey City Water Supply System through an open funnel connection or an open tank which shall be located not less than six inches above the overflow rim of such container, appliance or equipment. No pipe or system of piping in any building, structure or premises, which receives its supply from the Jersey City Water Supply System, shall be directly connected to any device, appliance or apparatus in which such water supply is used to provide power through a water jet or other device to create vacuum or partial vacuum with which to operate any aspirator, siphon, cellar drainer, ejector, cleaner, sweeper, conveyer or washer of any kind or description.

Sec. 114. No plumbing fixture shall be installed unless the water supply enters said fixture at least two inches above any overflow connections. All submerged water supply inlet connections are hereby prohibited, and no tanks, vats, utensils or other water supply devices used for other than drinking purposes and having submerged water supply inlets shall be directly connected to city water supply; except any water heating device or heated water storage tank or low pressure boiler.

MISCELLANEOUS

Sec. 115. Use of fire hydrants.

A. It shall be unlawful for any person other than an employee of the Departments of Administration and Public Works and employees of the Jersey City Fire and Police Departments or other duly authorized personnel or representatives to open or otherwise operate, use or take water from any fire hydrant owned by the City of Jersey City without first obtaining a permit from the Permit Clerk. The charges for the use of fire hydrants shall be fixed from time to time by the Department of Administration. In operating a hydrant, a wrench of a design approved by the Department of Administration shall be used. The use of any other type of wrench or operating device will not be permitted. The use of the large nozzle is restricted to the Fire Department only. No specially designated hydrant shall be opened or used except by the Department of Administration or Fire Department. Regular nozzle caps shall be replaced after use of hydrant. The use of a defective hydrant is prohibited. Access to hydrants shall not be obstructed. Connections with hydrants shall be of a type that can easily and quickly be detached. Hydrants shall be protected by the user from freezing or other damage, and if damage to a hydrant results from the use thereof, repairs shall be made at the expense of the user. To prevent freezing, hydrants used at any time during the period from November 1 to April 1 shall in every instance be pumped out immediately after use. No hydrant shall be used when the temperature is less than 32° F. except in emergency and under special permission from the Department of Administration.

B. When the use of a hydrant is authorized for construction or other purposes, the permittee shall assume the obligation for the payment of wages of the inspector designated by the Department of Administration to supervise its use during the period covered by the permits. The permittee shall also be obliged to provide Workman's Compensation Insurance in a form satisfactory to the Department of Administration.

C. Any person violating Section 115 shall be punished by a fine not exceeding $1,000 or imprisonment not exceeding 90 days, or both, pursuant to Jersey City Code § 1-25. The City of Jersey City shall further have the right to take other appropriate actions pursuant to Jersey City Code § 1-25.

D. In addition to the above penalties, the City of Jersey City may take other appropriate action to secure reimbursement for any damage to fire hydrants, water mains, other property or equipment, loss of water and/or cost of sewerage caused directly or indirectly by a violation.

Sec. 116. When tests made by the Department indicate a leak on a service pipe, a written notice to repair will be served upon the owner or occupant specifying a reasonable time in which to engage a licensed master plumber to make the necessary repairs. If the notice is not complied with, the Department will shut off the tap controlling the service pipe at the expense of the owner.

A. When it is necessary for the department to shut off a tap because of a leaking service, nonpayment of a bill or noncompliance with the Department regulations, the owner will be charged with all costs incidental thereto.

B. When the tap of a leaking service pipe is shut by Department force, the owner will be afforded reasonable time in which to engage a licensed plumber to take over the street excavation and make the necessary repairs. If the owner fails to engage a licensed plumber, the tap will be left closed, the house control valve will be shut and the excavation backfilled immediately; after which a ten-day notice to repair the service will be served on the owner or occupant.

Sec. 116.1. The City Council may from time to time enter into agreements for the repair of water service lines and sewer lines with qualifying residential owners whenever the health officer certifies that immediate repairs are necessary to protect the health or safety of occupants or tenants and the owner provides satisfactory evidence of his or her inability to finance the entire cost of repair or replacement of the water service line or sewer line. Applications for such agreements shall be made to the Business Administrator and shall include such information as the Business Administrator considers relevant, including evidence of the owner's inability to obtain funds for the cost of repairs. The Business Administrator shall forward the application to the council with a recommendation together with a proposed resolution and payment schedule prepared in accordance with N.J.S.A. 54:5-19. The Administration Department shall not commence repair or replacement of any water service line or sewer line until the council has approved and the owner has signed an agreement for the payment of the assessed costs of repair or replacement.

Sec. 117. No person shall attach, alter or extend any water pipe or make any alteration in any tapcock or other fixture, nor do any work calculated to increase the facilities for using the water, nor turn on or off the stopcock on the main or at the curb, unless registered as a licensed master plumber by the city and who has made application to and received a permit from the Permit Clerk.

Sec. 118. In repairing old service pipes the sections of this code governing installation of new service pipes must be complied with. If repairs require the replacement of ½ or more of the line an entire new service must be installed.

Sec. 119. When a repair is found to be necessary on a service and such repair requires the rewiping of the joint immediately adjacent to the tap or replacement of the connection in galvanized iron, brass or K Copper Tubing at the tap, the service between the tap and the service pipe shall be equipped with a gooseneck or swing joint offset.

Sec. 120. All water service pipes or supply pipes that are installed in the ground in any public street or thoroughfare or in buildings, structures or privately owned premises, where the service pipe or supply pipe has been damaged by electrolysis, galvanic action or other local conditions shall be repaired and protected to the satisfaction of the Department by a licensed master plumber engaged by the owner.

Sec. 121. No company or individual shall undertake the thawing of water service pipes or mains by the use of electric current unless an inspector of the Department supervises the work. The services of the inspector shall be paid for by the company or individual to whose work he is assigned.

Sec. 122. The grounding of electric circuits or systems to any water service pipe or water supply pipe shall conform to the provisions of the electrical section of the code. The Chief Engineer shall reserve the right to order the removal of the grounding of an electrical circuit to a water supply pipe when it has been demonstrated that such grounding is having a deleterious effect on the potable water supply. Such order shall be served on the owner of the premises involved or on his or her legal representative or other responsible person, either through the City Electrical Inspector or by the Chief Engineer or his or her authorized representative.

Sec. 123. Any service substituted by another shall be shut off at the corporation stop on the city main by the licensed master plumber engaged by the owner of the premises when the installation of the new service has been completed and while the excavation is still open.

Sec. 124. Hydrants, hose bibs and other fixtures shall be placed where the same shall not be readily accessible to persons occupying the adjoining premises.

Sec. 125. Where water has been turned off or disconnected for any reason, it shall be so recorded and the charge ceases from that date; but where water which is recorded as turned off or disconnected is at any time found to be connected and turned on without the authority of the Bureau, the Bureau shall charge for use of the water from the recorded date of turning off.

Sec. 126. Service shall be renewed under a proper application when the conditions under which such service was discontinued are corrected and upon the payment of all proper charges provided for in the schedule of rates or tariff of the Department which may be due.

Sec. 127. Where water service has been discontinued or shut off by a licensed master plumber for immediate repairs, no person shall connect or turn it on unless properly authorized by the Department.

Sec. 128. All paraphernalia, including credentials, books, documents, papers and miscellaneous property derived from or received from the Department, at all times are and shall remain the property of the Department of Administration of the City of Jersey City.

Sec. 129. Service of water may be discontinued for any of the following reasons:

A. For the use of water for any other property or purpose than that described in the application.

B. For willful waste of water through improper or imperfect pipes, fixtures or otherwise.

C. For failure to maintain in good order connections, service pipes or fixtures owned by the applicant.

D. For molesting any service, pipe, meter, curb stopcock or seal or any other appliance of the Department.

E. For nonpayment of water service or any other charge accruing under the application.

F. For refusal of reasonable access to property for purposes of inspecting or for reading, caring for or removing meters.

G. For supplying any person or families other than those for which the service was installed.

H. For making or causing to be made a cross-connection of any form or type or the installation of any fitting for a potential cross-connection between the potable water supplied by the Bureau and any secondary water supply.

I. For installing, attaching or permitting the use of any type of ground connection for electric circuits or systems to any water main, service pipe or supply pipe that does not conform to the provisions of the electrical section of the code.

J. Where air-conditioning equipment, refrigeration machinery and compressor installations using water from the city mains are in violation of the provisions of Section 108 of this code.

Sec. 130. Taps, wet connections or other connections to a city main shall be made only by Department employees. No tap or wet connection shall be inserted within 24 inches of a hub, other connection, special casting, hydrant branch or dead end. The minimum spacing interval for taps and wet connections shall be 18 inches for three-fourths-inch and one-inch taps, and 24 inches for one-and-one-half-inch and two-inch taps and wet connections. No tap or wet connection shall be installed below the horizontal plane of the city main.

Sec. 131. The charges for a tap or wet connection will be for the furnishing, delivering and inserting of the tap or the furnishing and setting of the wet connection sleeve and valve complete and ready for connection of the service pipe. These charges will be fixed by the Department and will be subject without notice to such occasional revisions as may be required by changes in the cost of labor and material.

Sec. 132. No person shall in the City of Jersey City add or engage in or by a sign or otherwise advertise or hold himself out as engaged in the business of adding any chemical or other substance to the water supply within a building without first obtaining the approval of the Department of Administration and the Board of Health. Such addition of chemicals shall be for anticorrosion or antiscaling purposes only, and shall be performed in conformity with terms and conditions of the regulations of the Department of Administration and the Board of Health. No owner, lessee, occupant, tenant or other person in charge of a building shall cause, permit, allow or suffer any chemical or other substance to be added to the water supply in such building which water supply is subsequently furnished to any guest, customer, occupant, tenant or other person for domestic use of human consumption unless such addition or treatment is performed by the holder of a permit from the Board of Health in accordance with the regulations of said Board.

The provisions of this section shall not apply to the treatment of water for industrial purposes, swimming pools, for air-conditioning systems or for any use which does not include human consumption, but in all such cases proper precaution shall be taken to preclude the possibility that the treated water may come in contact with or contaminate the potable water supply distribution system of the building, and provisions satisfactory to the Office of Utility Management shall be made to preclude the possibility that the treated water may come into contact with or contaminate the public water supply.

No chemicals that are approved by the Board of Health and the Department of Administration for anticorrosion or anti-scaling purposes shall be added in such a manner as to increase the total alkalinity, total hardness or total silica content of the water by more than 50 parts per million as determined by the methods of water analysis contained in the latest edition of Standard Methods of Water Analysis, approved by the American Public Health Association and the American Waterworks Association.

Sec. 133. The installation of underground telephone conduits, electric and power conduits, cables, gas mains, steam mains, sewers or any other conduit, pipe or underground structures of any nature in public streets or thoroughfares where city water mains are located shall maintain a minimum clearance of 12 inches in crossing under or paralleling the city water main. No other underground utility of any type shall be constructed parallel to and directly above the vertical center line of any city water main or parallel to and in the same plane as the horizontal center line of the water main that may prevent future connections being made to the city main. All persons or corporations shall be required to submit plans in triplicate to the Department of Administration for approval of all underground structures prior to their installation in public streets or thoroughfares.

CHAPTER 3

Sec. 134. The master plumber or journeyman plumber, as defined herein, in order to do work under this code shall be duly licensed pursuant to the terms of the Plumbing Code of the City of Jersey City, adopted November 20, 1951.

Sec. 135. All materials to be used for plumbing connections, unless expressly provided for in this code, shall comply with the standards set forth in said Plumbing Code of the City of Jersey City, adopted November 20, 1951.

Sec. 136. Any persons violating any provision whatsoever of this code or failing to comply therewith, or with any of the requirements thereof, or unlawfully making a plumbing connection into the city water mains, water meter or the cross-connections thereof; or misusing the water supply system for air conditioning or refrigeration, contrary to provisions of this code or parts thereof, in violation of the provisions of said code or without a permit as herein provided for or in accordance therewith shall, upon conviction, be punishable by a fine or penalty as provided in Chapter 1, General Provisions, § 1-25.

§ 337-4. Metered water rates. [Amended 11-12-1980 by Ord. No. S-527; 2-24-1981 by Ord. No. S-582; 4-14-1981 by Ord. No. S-600; 12-23-1981 by Ord. No. MC-89; 9-12-1985 by Ord. No. C-2; 4-23-1986 by Ord. No. C-218; 4-14-1988 by Ord. No. C-709; 9-13-1989 by Ord. No. McC-16; 12-22-1992 by Ord. No. 92-188;

4-28-1993 by Ord. No. 93-041; 6-9-1993 by Ord. No. 93-055; 10-27-1993 by Ord. No. 93-121; 6-14-1995 by Ord. No. 95-050]

A. Subject to Subsection C, the charge to retail customers, both within and outside the City of Jersey City, and which customers are nonmunicipal and nonprivate water system customers for water consumption, shall be at the rates as provided in Chapter 160, Fees and Charges.

B. Nonprofit charitable organizations which prior to July 1, 1986, had been determined to be exempt from charges for water under the standards previously prescribed by the governing body shall continue to be exempt from charges for water until October 31, 1993, but, thereafter, all such previously granted exemptions shall cease. Any nonprofit charitable organization exempt from charges for water prior to July 1, 1986, which paid for water from July 1, 1986, to October 31, 1993, shall receive a credit without interest to be applied to future charges.

C. Effective November 1, 1993, water metered to buildings that are primarily used by private, nonprofit educational organizations as accredited elementary and secondary schools shall pay a rate as provided in Chapter 160, Fees and Charges. The Business Administrator shall require satisfactory evidence that a private, nonprofit educational organization qualifies for this rate. **[Amended 8-13-1997 by Ord. No. 97-052]**

§ 337-5. Bulk water rates. [Added 12-22-1992 by Ord. No. 92-188; amended 4-28-1993 by Ord. No. 93-041; 6-9-1993 by Ord. No. 93-055; 10-27-1993 by Ord. No. 93-121; 6-14-1995 by Ord. No. 95-050]

The rate charged to municipal and private water systems and other customers which enter into contracts having a term of five years or more shall be as provided in Chapter 160, Fees and Charges.

§ 337-6. Payments for metered water; interest and penalties. [Amended 11-12-1980 by Ord. No. S-527; 12-23-1980 by Ord. No. MC-89; 8-13-1997 by Ord. No. 97-048]

A. Every water meter shall be charged and billed separately. Payments for metered water shall not be received unless all arrears and miscellaneous charges have been paid.

B. Interest and penalties at the rate of 18% per annum shall be added to all metered water bills if not paid within 30 days, including Sundays and holidays, from due date.

C. Waiver of interest and penalties.

(1) **[Amended 8-13-1997 by Ord. No. 97-052]** Criteria. The Business Administrator is hereby authorized to waive the interest and penalties on metered water bills not paid within 30 days if the terms and conditions established herein are complied with and if any of the following criteria are applicable:

(a) Due to no fault of the customer, the customer has received estimated bills for nine months or more and the estimated bill differs from the actual bill by 25% or more for an industrial account or 25% or more for a residential account.

(b) Due to no fault of the customer, the customer has not been billed for the preceding 12 months.

(c) In the case of a customer whose meter is read by remote reading devices, the customer has received an incorrect bill, provided that the customer notifies the Department of Administration no later than 30 days from the mailing date on the bill.

(d) A customer did not receive water bills with invoice dates May 29, 1996, June 12, 1996, and June 30, 1996, and did not have a prior account balance.

(2) A customer must agree to pay in full all principal charges due and owing within a time period deemed acceptable by the Business Administrator but no later than nine months after a bill is sent. The customer must agree to a full inspection allowing access to meter and remote. The customer must also keep current bills current.

(3) After reviewing the billing account history and such other evidence that the Business Administrator deems relevant, the Business Administrator is authorized to waive all or a portion of the interest and penalty charges as he/she deems appropriate. The Business Administrator shall prepare a written statement to be filed with the City Tax Collector and the appropriate designee of United Water indicating the reason or reasons for the waiver of all or a portion of the interest and penalty charges. The authority granted herein to the Business Administrator to waive interest and penalty charges on metered water bills shall expire on December 31, 1997.

(4) Once every two weeks, the Business Administrator shall provide a schedule to the governing body which shall include the following information for all metered water accounts for which the Business Administrator waived interest and penalties during the preceding two weeks: address of property which received waiver, name of property owner who received waiver, total amount due without interest and penalties added, total amount of interest and penalties due before waiver and total amount of interest and penalties waived.

§ 337-7. Charges to become lien.

Water charges shall be a lien against the premises served.

§ 337-8. Fire hydrant charge.

A. The City of Jersey City shall pay to the water account the sum as provided in Chapter 160, Fees and Charges, for each and every fire hydrant belonging to the City of Jersey City as a charge for water usage from said hydrants and maintenance thereof. **[Amended 6-14-1995 by Ord. No. 95-050]**

B. Hereafter, the governing body shall appropriate sufficient moneys in each annual budget to pay for said hydrant charges.

C. The annual charges for privately owned fire hydrants shall be as provided in Chapter 160, Fees and Charges. **[Added 12-23-1981 by Ord. No. MC-89; amended 9-12-1985 by Ord. No. C-2; 6-14-1995 by Ord. No. 95-050]**

§ 337-9. Enforcement. [Added 11-9-1979 by Ord. No. S-301; amended 5-10-1984 by Ord. No. MC-599; 6-14-1995 by Ord. No. 95-050]

The following personnel are hereby authorized and directed to enforce the provisions of this chapter pertaining to water meters:

A. The Business Administrator. **[Amended 8-13-1997 by Ord. No. 97-052]**

B. (Reserved).*

* **Editor's Note: Former Subsection B, which listed the Director of the Water Department, was removed pursuant to Ord. No. 97-052, adopted 8-13-1997. The responsibilities of the Director of the Water Department now rest with the Business Administrator.**

C. The head of the Office of Utility Management. **[Amended 8-13-1997 by Ord. No. 97-052]**

D. The Supervisor of water meter readers.

E. All water meter readers.

F. The Supervisor of the Water Meter Shop.

G. Any personnel authorized and directed to perform inspections by the Business Administrator, the head of the Office of Utility Management, the Supervisor of the water meter readers or the Supervisor of the Water Meter Shop. **[Amended 8-13-1997 by Ord. No. 97-052]**

§ 337-10. Charges collected by Office of Utility Management. [Added 12-23-1981 by Ord. No. MC-89; amended 2-11-1987 by Ord. No. C-369; 11-23-1988 by Ord. No. C-855; 6-14-1995 by Ord. No. 95-050; 8-13-1997 by Ord. No. 97-052]

A. The charges for services rendered shall be collected by the Office of Utility Management, Department of Administration, as provided in Chapter 160, Fees and Charges.

B. The fee for water meter tests listed in Chapter 160, Fees and Charges, may be waived if the meter tested proves to register incorrectly.

§ 337-11. Water permit fees. [Added 12-23-1981 by Ord. No. MC-89; amended 2-11-1987 by Ord. No. C-369; 10-8-1987 by Ord. No. C-555; 4-27-1989 by Ord. No. C-937; 8-16-1989 by Ord. No. McC-16; 2-26-1992 by Ord. No. McC-422; 6-14-1995 by Ord. No. 95-050; 7-19-2006 by Ord. No. 06-085]

A. The fees as provided in Chapter 160, Fees and Charges, shall be charged upon the issuance of the water meter permit, water tap permit or fire hydrant permit.

B. There will be a fifty (50) percent reduction in the connection fee or tapping fee assessed pursuant to N.J.S.A. 40:14B-21 for new connections to the water system and a fifty (50) percent reduction in the connection fee or the tapping fee assessed pursuant to N.J.S.A. 40:14B-22 for new connections to the sewerage system which are to be charged to public housing authorities and to non-profit organizations b uilding affordable housing projects.

§ 337-12. Jersey City Water Laboratory fees. [Added 1-10-1985 by Ord. No. MC-770; amended 2-13-1991 by Ord. No. McC-253; 6-14-1995 by Ord. No. 95-050]

Jersey City Water Laboratory fees shall be as provided in Chapter 160, Fees and Charges.

§ 337-13. Mandatory replacement of lead service lines. [Added 10-25-2023 by Ord. No. 23-022]

A. Definitions. Unless defined herein, all terms used in this ordinance shall be defined in accordance with P.L. 2021, c. 183, now codified as N.J.S.A. 58:12A-40 to 12A-47.

JCMUA — the Jersey City Municipal Utilities Authority.

LEAD SERVICE LINE REPLACEMENT PROGRAM — the program instituted by the JCMUA in accordance with N.J.S.A. 58:12A-40 et seq. to replace all lead service lines in the City over the course of ten years.

B. Requirements. Notwithstanding the provisions of Chapter 337-1 et seq., lead service lines are prohibited in the City of Jersey City and shall be replaced by either of the following means:

1. By a property owner's acceptance of JCMUA's Lead Service Line Replacement Program and their allowance of contractors to access on their property to conduct the replacement as detailed in Section C. below; or

2. By property owners replacing the lead service line on their own and at their own expense within one-hundred and eighty (180) days of the effective date of this Chapter 337-13. If an owner selects this option, then the owner shall be required to provide the JCMUA with proof that the lead service line has been replaced. Proof must include at a minimum: a permit issued by the JCMUA to a licensed plumber authorized to do the work; an invoice from the contractor who completed the work; a copy of the estimate along with any report of the work completed, and an inspection report verifying the removal. Upon receipt of these items, the JCMUA shall provide the owner with a one-time credit of up to $10,000, which credit shall be applied against future water service charges. Said one-time credit shall expire upon the owner's sale of the property, regardless of whether it has been fully applied against water service charges at the time of the sale.

C. Authorization to Access Property. In order to conduct the inventory required by N.J.S.A. 58:12A-42 and provide the replacement of lead service lines required by N.J.S.A. 58:12A-44, the JCMUA or its contractor may require property owners to execute a Right of Access Agreement to their property. Refusal to sign the Right of Access or to provide access shall subject a property owner to the penalties provided in Sec. 1-25. The JCMUA may also commence procedures, including filing a court action, to conduct the replacement of the lead service line.

D. Penalty. Violations of provisions of this Chapter by any person or corporation shall be punishable by a fine of at least $100 but not exceeding $1,000 or imprisonment for a term not exceeding 90 days or by a period of community service not to exceed 90 days.

§ 337-14. Water emergencies. [Added 9-27-1989 by Ord. No. McC-38; amended 10-25-2023 by Ord. No. 23-022]

A. Whenever the Mayor finds that a water emergency exists in the city, he or she may issue an executive order declaring the existence of a water emergency in the municipality. The executive order shall identify that portion of the city affected by the water emergency, which may include the entire city, and shall specify which of the water use regulations referred to below is being imposed, as well as any exemptions as may be authorized. The executive order shall be effective immediately upon promulgation by the Mayor and shall continue in effect for 90 days, unless extended or repealed as set forth in this chapter. For the purpose of this subsection, a water emergency shall exist for any of the following reasons:

(1) The Jersey City Administration Department has adopted water use restrictions, has notified the city, the New Jersey Board of Public Utilities and the New Jersey Department of Environmental Protection, as well as any other state, county or local agency entitled to notice of such restrictions, and such restrictions are not overruled or declared invalid by any state, county or local agency having the jurisdiction and power to do so. **[Amended 8-13-1997 by Ord. No. 97-052]**

(2) The Mayor is otherwise satisfied that a water emergency exists in the municipality.

B. Upon issuance of an executive order declaring a water emergency in accordance with this chapter, all citizens shall be urged to observe voluntary indoor conservation measures, and any of the following water use restrictions shall be imposed and shall be applicable to all residents and tenants, except where a bona fide health emergency exists, and to exempt businesses as specified herein during the water emergency.

(1) The complete ban and prohibition of outside water usage, including the watering of lawns and plants, the filling of pools and the washing of any vehicles.

(2) Outside water usage on alternate days allowing outside water usage by persons or businesses having even house or box numbers on even days and those having odd house or box numbers on odd days, with outside water usage being completely banned and prohibited on the 31st day of any month during the water emergency.

(3) Any other water use restriction specified by the Mayor which is reasonable under the circumstances considering the nature and extent of the water emergency. Any water restriction imposed pursuant to this subsection shall be limited in application to that portion of the city, which may include the entire city, identified as being affected by the water emergency in the executive order in accordance with this chapter.

C. The Mayor shall, in addition to complying with the other provisions of this section, provide a period of time during which the water use restrictions imposed shall be applicable and which shall be no longer than reasonably necessary to abate the water emergency under the circumstances considering

the nature and extent of the water emergency. At the expiration of the time period specified in the executive order, the water use restriction shall lapse and be inapplicable and unenforceable. If the mayor shall be satisfied that the water emergency has been abated prior to the expiration of the time period specified in the resolution, he shall issue an executive order declaring the water emergency ended and the water use restrictions inapplicable. If, at the expiration of the time period specified in the executive order, the Mayor shall be satisfied that the water emergency continues to exist, he may issue an executive order in accordance with the requirements of this chapter continuing the water use restrictions.

D. The water use restrictions imposed pursuant to this chapter shall be enforced during a water emergency by the Business Administrator or his or her designee. Whenever the Business Administrator shall find a violation of the water use restrictions, he shall give the violator a written warning and explain the penalties for a second and third offense as provided by this chapter. The Business Administrator shall keep such records as may be reasonable and necessary for the purpose of determining the persons and businesses who have been warned upon a first offense. The Business Administrator and his or her designees may write summonses for the violation of the water use restrictions imposed pursuant to this section. **[Amended 8-13-1997 by Ord. No. 97-052]**

E. After a first offense in accordance with this section, any person or business who thereafter violates the water use restrictions imposed pursuant to this chapter shall be fined or imprisoned in accordance with Chapter 1, General Provisions, § 1-25. **[Amended 6-14-1995 by Ord. No. 95-050]**

Chapter 340

WATERFRONT

§ 340-1. Definitions and word usage.
§ 340-2. Purpose.
§ 340-3. Sources of drift; prevention.
§ 340-4. Orders of Director.
§ 340-5. Service of orders.
§ 340-6. Review of orders.
§ 340-7. Compliance with orders.

[HISTORY: Adopted by the Council of the City of Jersey City 1-4-1977 by Ord. No. J-818 as Ch. 22, Art. VI, of the 1971 Jersey City Code, as readopted 9-19-1978 by Ord. No. S-128. Amendments noted where applicable.]

§ 340-1. Definitions and word usage.

A. Unless otherwise provided or expressly stated, the following words and phrases shall have the meaning respectively ascribed to them in this section. When not inconsistent with the context, words used in the present tense include the future and words used in the singular shall include the plural number. The word "shall" is always mandatory and not merely directory.

B. As used in this chapter, the following terms shall have the meanings indicated:

CITY — The City of Jersey City.

DEBRIS — Any loose material not attached to the land or to any structure and which is capable of becoming drift.

DIRECTOR — The Municipal Engineer of the city as appointed by the Mayor, and who may appoint, with the approval of the Mayor, an authorized agent to act in his or her behalf.[1]

DRIFT — Any floatable material which may cause damage to vessels or craft.

FINAL ORDER — Either the order of the Director after the time to request a review thereof has lapsed or the order of the Director issued as a result of the review requested in § 340-6 of this chapter.

NAVIGABLE WATERS — The waterways which are capable of carrying interstate commerce, and the tributaries thereto, within the geographical limits of the city.

PERSON — Any individual, firm, partnership, association, corporation, company or organization of any kind.

[1] **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

PREMISES — The land, building, wharf, pier, dolphin, boom, weir, breakwater, bulkhead, jetty, derelict vessel, ship, barge, raft or other structure or floating craft of any kind and shall include all or any as may be necessary.

WATERFRONT, SHORE or BANK — That portion of the land which borders navigable waters and which lies shoreward of the established harbor lines or low water mark within the corporate limits of the City of Jersey City.

§ 340-2. Purpose.

The general purpose of this chapter is the elimination of sources of drift and debris which constitute possible obstacles or hazards to navigation on the navigable waters of this city by the removal and disposal of debris and deteriorated structures on the shores of such waters and liable to be washed into such waters.

§ 340-3. Sources of drift; prevention.

Whenever the Director has reasonable grounds to believe that debris placed or deposited on the banks of any navigable water is liable to be washed into such navigable water by any cause whatsoever and thereby be or become a source of drift likely to hinder, impede or otherwise obstruct navigation; or the condition of any wharf, pier, dolphin, boom, weir, breakwater, bulkhead, jetty, derelict vessel, ship, barge, raft or other structure or floating craft of any kind on or bordering on the shores of any navigable water is so dilapidated and deteriorated as to be or become a source of drift or debris liable to be washed into such navigable waters by any cause whatsoever and thereby likely to hinder, impede or otherwise obstruct navigation, the Director may declare the same to be public nuisance and thereupon order that the same be removed, abated, altered or repaired as such order may specify.

§ 340-4. Orders of Director.

The order of the Director issued pursuant to § 340-3 of this chapter shall be in writing, directed to the occupant, and last known owner of record if not such occupant, of the premises which are the subject of the complaint and shall be specify whether the condition complained of shall be removed, abated, altered or repaired.

§ 340-5. Service of orders.[2]

The order of the Director issued pursuant to § 340-3 of this chapter shall be served upon the occupant, and the last known owner of record if not such occupant, of the premises which are the subject of the complaint either by personally delivering a copy of such order to such occupant and last known owner of record or by certified mail (return receipt requested) addressed to such persons at their last known address.

---

[2] **Editor's Note: Amended at time of adoption of Code; see Ch. 1, General Provisions, Art. I.**

§ 340-6. Review of orders.

Within fifteen (15) days after service of the order of the Director issued pursuant to § 340-3 of this chapter or, under emergency, within such shorter time as the Director may prescribe, the person to whom such order is directed, or any person aggrieved thereby, may appeal to the Director to review the same. The Director or his or her agent, after such review, at which all interested parties shall be afforded the opportunity to be heard, may affirm, modify or reverse the order of the Director as the facts may warrant. Unless the same is declared by a court of competent jurisdiction to be arbitrary, capricious or not supported by substantial evidence, the order of the Director after review thereof shall be final and conclusive.

§ 340-7. Compliance with orders.

In the event that the persons to whom the order of the Director is directed fail or refuse to comply with the terms of such order within thirty (30) days after such order has become final, the Director may, without further notice to any person, take or cause to be taken the necessary action to remove, abate, alter or repair the nuisance as specified in the order of the Director. The costs and expenses incident thereto shall be a personal charge against the occupant, and last owner of record if not such occupant, of the premises and in addition shall be a lien against the property or premises affected and all appurtenances thereto.

General Provisions

§ 345-1. Title.

The short form by which this Chapter may be known shall be the "Land Development Ordinance of the Jersey City, Hudson County, New Jersey."

§ 345-2. Statutory authority; purpose.

This Chapter is adopted pursuant to the Municipal Land Use Law (MLUL), (N.J.S.A. 40:55D-1 et seq.), in order to promote and protect the public health, safety, morals and general welfare. The purposes of this Chapter are as follows:

A. To plan and guide the appropriate use or development of all land in a manner which will promote the public health, safety, morals and general welfare by means including the following:

1. By regulating the location of buildings and establishing standards of development; establishing setback lines of buildings designed for residential, commercial, industrial, office or other uses; and by fixing reasonable standards to which buildings or structures shall conform.

2. By prohibiting incompatible uses and prohibiting uses, buildings or structures which are incompatible with the character of development of the permitted uses within specified zoning districts and surrounding areas.

3. By regulating alterations of existing buildings and preventing such additions to and alterations or remodeling of existing buildings or structures that would not comply with the restrictions and limitations imposed hereunder.

4. By conserving the value of land and buildings throughout the City.

B. To secure safety from fire, flood, panic and other natural and man-made disasters.

C. To provide adequate light, air and open space.

D. To ensure that land development does not conflict with the development and general welfare of neighboring municipalities, the county and the state as a whole.

E. To promote the establishment of appropriate population densities and concentrations that will contribute to the well-being of persons, maintenance of the character of the neighborhoods, preservation of the environment and quality of life.

F. To encourage the appropriate and efficient expenditure of public funds by the coordination of public development with land use policies.

G. To provide sufficient space in appropriate locations for a variety of residential, recreational, commercial and industrial uses and open space, both public and private, according to their respective environmental requirements.

H. To encourage the location and design of transportation routes which will promote the free flow of traffic while discouraging the location of such facilities and routes which will result in congestion or blight.

I. To promote a desirable visual environment through creative development techniques and good civic design and arrangements.

J. To promote the conservation of open space and valuable natural resources and to prevent urban sprawl and degradation of the environment through improper land use.

K. To encourage coordination of various public and private procedures and activities shaping land development with a view of lessening the cost of such development and to the more efficient use of land.

L. To provide, within the community's resources, for the future housing needs of the citizens of the City of Jersey City.

M. To encourage senior citizen community housing construction.

N. To promote utilization of renewable energy sources.

O. To promote the maximum practicable recovery and recycling of recyclable materials from municipal solid waste through the use of planning practices designed to incorporate the state recycling plan goals and to compliment municipal recycling programs.

P. To promote sustainable development which will protect within the carrying capacity of the natural environment and satisfy basic human needs.

§ 345-3. Interpretation of provisions.

A. Where the provisions of this Chapter impose greater restrictions than those imposed by any other law, ordinance, regulation or resolution, the provisions of this Chapter shall control. Where the provisions of any other law, ordinance, regulation or resolution impose a greater restriction than this Chapter, the provisions of such other law, ordinance, regulation or resolution shall control.

B. Matters not regulated herein shall be governed by applicable provisions of the MLUL. In the event of any conflict between the provisions of this ordinance and the MLUL, the MLUL shall control.

C. The requirements of this Chapter shall be held paramount to any less restrictive provisions or requirements established by deed restriction, private covenant or agreement. Without limiting the foregoing, where this Chapter imposes a greater restriction or limitation upon the use of buildings or premises or upon the height of buildings or lot coverage, or requires greater lot areas or larger yards, courts or other open spaces than are required by covenants or restrictions imposed by deed or private agreement, the provisions of this Chapter shall control.

§ 345-4. Prohibited uses.

The establishment of any use not expressly permitted by this Chapter shall be prohibited. All uses not expressly permitted in any given use district are expressly prohibited in such district. No structure or addition thereto shall be built, moved or remodeled, and no land shall be used, occupied, reoccupied, designed or improved for use or occupancy except for a use that is permitted within the zone in which the structure or land is located.

§ 345-5. Word usage.

For the purposes of this Chapter:

A. The present tense shall include the future.

B. The singular number shall include the plural and the plural the singular.

C. The word "shall" is always mandatory; the word "may" is discretionary.

D. The words "zone" and "district" are synonymous, and whenever the term "structure" is used, it shall be construed to mean and include the term "building."

§ 345-6. Definitions. [Amended 11-10-2010 by Ord. No. 10-135; 4-27-2011 by Ord. No. 11-045; 2-13-2013 by Ord. No. 13-008]

Definitions and Usages. Unless otherwise expressly stated, the following terms shall, for the purpose of this Chapter, have the meanings herein defined. Whenever a term is used in this Chapter which is defined in the MLUL, such term shall have the same meaning as the MLUL. Any word or term not defined below or in the MLUL, shall be used with a meaning as defined in Webster's Third New International Dictionary of the English Language, unabridged (or the latest edition).

ACCESS — A physical entrance to property.

ACCESSORY BUILDING. STRUCTURE OR USE — A building, structure or use which is customarily associated with and is subordinate and incidental to the principal building, structure or use and which is located on the same lot therewith.

ACCESSORY DWELLING UNIT - A single-unit dwelling in an accessory structure that is detached from the principal building or structure and is in addition to the principal permitted use which is located on the same lot therewith. **[Added 10-13-2022 by Ord. No. 22-084]**

ADAPTIVE REUSE — The development of a new use for an older building or for a building originally designed for a different purpose. This action may involve changes to the façade, and the interior floor plan may be changed to accommodate the new use.

ADMINISTRATIVE OFFICER — The Zoning Officer, Construction Code Official, Historic Preservation Specialist or other municipal official designated by ordinance by the City of Jersey City.

AGRICULTURE, COMMERCIAL — Land that is used for cultivation and harvesting of herbs, fruit, flowers, vegetables, and soil in which plants are raised outdoors in planters, in greenhouses, in buildings or on rooftops. Plants may be grown hydroponically or in soil, for sale either as food, use in landscaping, or ornamental purposes. **[Added 10-13-2022 by Ord. No. 22-084]**

AGRICULTURE, COMMUNITY GARDENING — Land that is held publicly or privately and is used collectively for the cultivation and harvesting of herbs, fruit, flowers, and vegetables, including the cultivation and tillage of soil. Cultivation can be done in outdoor raised planters or greenhouses, hydroponically or in soil. **[Added 10-13-2022 by Ord. No. 22-084]**

AIR RIGHTS — The interest in the use of the space above the land or above structures or improvements affixed to the land.

AISLE — The traveled way by which cars enter and depart parking spaces.

ALLEY — A minor way which is used primarily for vehicular access to the back or the side of properties otherwise abutting a street.

ALLEY, WALKING — A minor way which is used primarily for pedestrian access to properties that may or may not otherwise be abutting a street. **[Added 10-13-2022 by Ord. No. 22-084]**

ALTERATION OR ADDITIONS, STRUCTURAL — Any additions, change or rearrangement in the supporting members of a building such as walls, foundations, columns, beams, girders, posts or piers; or additions to or enlargements of an existing structure requiring walls, foundations, columns, beams, girders, posts or piers; or the moving from one location or position to another. Within historic districts, any addition, change or modification, for a building, structure, object, site or landscape feature or the service equipment thereof, that affects safety, health or structure and the addition, change or modification of which is not classified as a minor alteration or ordinary repair.

ALTERATION, MINOR — Replacement or renewal of existing work, requiring a permit, of a building, structure, object, site or landscape feature or part of the service equipment therein, within the same or equivalent materials or equipment parts, that are made in the ordinary course of maintenance and that do not in any way affect health, fire or structural safety of the building, structure, object, site or landscape feature or affect the design or integrity of the historic fabric of the building, structure, object, site or landscape feature.

AMBULATORY CARE FACILITY — A health care facility or a distinct part of a health care facility which provides preventive, diagnostic and treatment services to persons who come to the facility to receive services and depart from the facility on the same day. The facility shall not be open before 5:00 AM nor after midnight.

ANTENNA — A metallic device such as a rod or wire for radiating or receiving radio waves. See also Wireless Communication Antennas.

APARTMENT — One or more rooms comprising a dwelling unit in a multifamily dwelling or serving as the home or residence of an individual or a family or a household. "Apartments" may include buildings in cooperative, rental, or condominium ownership.

APPLICANT — A person or entity submitting an application for development.

APPLICATION FOR DEVELOPMENT — The filled-out current edition of the application form ("General Development Application") and all accompanying documents including signed and sealed site plans, or subdivision plats, and all items on the corresponding Checklist required by ordinance for approval of a subdivision plan, site plan, planned development, conditional use, zoning variance, or direction of the issuance of a permit pursuant to N.J.S.A. 40:55D-34 and/or N.J.S.A. 40:55D-36.

APPURTENANCE — Any accessory or subordinate building, object or structure or landscape feature.

ARCHITECTURAL — Relating or conforming to the rules of architecture; having or conceived of as having a single unified overall design, form or structure.

ARCHITECTURAL MAST — A vertical finial used for aesthetic, decorative or functional purposes which is integral to the design of a building and does not incorporate or include a logo, mascot, symbol, or signage.

ARCADE —A covered passage or alleyway, which may have an arched roof, located in front of or through a building, and which is used exclusively for pedestrian use.

AREA — A specific geographic division of the City of Jersey City.

ART GALLERY — Space for the display, appreciation, and sale of objects of art. **[Added 10-14-2015 by Ord. No. 15-132]**

ARTIST — A person regularly engaged in the fine arts as a career and not as a hobby. This does not mean that the art the artist creates generates the artist's main source of income, nor does it require that the creation of art occupies the greatest portion of the artist's day. An artist is committed to his or her work, has a body of work that demonstrates the development of that art and intends to pursue that work for the foreseeable future. As used herein, the "fine arts" shall include, but not be limited to, painting, sculpture, choreography and the composition of music.

ARTIST, CERTIFIED — A person who has been certified by the Planning Board as an artist pursuant to the Jersey City Land Development Ordinance.

ARTIST STUDIO WORKSPACE — A room or rooms for which the principal use is the making of art by an artist, and from which the artist may sell art as an accessory use to the studio, but which shall not be considered a principal retail use.

ARTIST WORK-ONLY STUDIO — See ARTIST STUDIO WORKSPACE.

ASSISTED LIVING RESIDENCE — A facility which is licensed by the State Department of Health to provide housing and congregate dining and to assure that assisted living services are available when needed for four or more adult persons unrelated to the proprietor.

ATRIUM — A courtyard located in an interior area of a building or between buildings which is covered with a curved glass roof and completely enclosed in glass except where it is bordered by the walls of the adjacent buildings.

ATTACHED HOME — See TOWNHOUSE. **[Added 10-13-2022 by Ord. No. 22-084]**

ATTIC — The open non-habitable space between the ceiling beams of the top habitable story and the roof rafters in any building.

AUTO/AUTOMOTIVE SERVICES — See AUTO REPAIR GARAGE.

AUTO BODY SHOP — An establishment primarily engaged in repairing or customizing automotive vehicles including the painting of automotive vehicles and may include the replacement, repair and/or tinting of automotive vehicle glass.

AUTO REPAIR GARAGE — Any building, premises, and land in which or upon which a business, service, or industry involving the maintenance, servicing, repair of vehicles, but no painting or body repair, no motor fuels are sold, and no junked or unregistered vehicles are kept or stored.

AUTO SALES — The use of any building, land area, or other premise for the display and sale of new or used automobiles generally but may include light trucks or vans, trailers, or recreation vehicles and including any vehicle preparation or repair work conducted as an accessory use.

AWNING — A cantilevered angled, flexible cover, of fabric, used for the purpose of shielding a doorway or window from the elements and may be stationary or periodically retracted into the face of

the building. **[Added 10-13-2022 by Ord. No. 22-084]**

BALCONY — A roofless platform that projects beyond the wall of a building, is surrounded by a railing, balustrade, or parapet, and is suspended from and supported solely by the principal structure, with no additional independent supports.

BANQUET FACILITY — A large room or space in a restaurant or hotel suitable for banquets

BAR — A place of business, or a defined area accessory to a principal restaurant or nightclub use, primarily devoted to for the sale and on-premises consumption of alcoholic beverages.

BASEMENT — A portion of the building having more than one-half of its clear height above finished grade. A basement shall be counted as a story in determining the height of a building. **[Amended 7-18-2018 by Ord. No. 18-074]**

BED AND BREAKFAST — Overnight accommodations and a morning meal in a dwelling unit provided to transients for compensation. The owner of a dwelling resides on the premises and guest stays are limited to fourteen (14) consecutive days.

BEDROCK — Continuous solid rock that underlies regolith.

BELT COURSING — A change or variation in the placement or orientation of the building material (i.e., brick, stone, etc.) used to emphasize a particular height or portion of a building.

BICYCLE LANE — A reserved lane within a roadway marked for the exclusive use of bicycles.

BICYCLE PATH — A pathway, often paved and separated from streets and sidewalks, designed to be used by bicycles.

BILLBOARD — An off-site sign advertising an occupant, product or service pertaining to a lot other than the lot upon which the billboard is located.

BIORETENTION FACILITIES — Practices that capture and store stormwater runoff and pass it through a filter bed of engineered soil media composed of sand, soil, and organic matter filtered runoff may be collected and returned to a storm sewer or allowed to infiltrate into the soil, **[Added 6-24-2020 by Ord. No. 20-044]**

BIRD FRIENDLY MATERIAL — A material that has or has been treated to have a Threat Factor less than or equal to 25 in accordance with American Bird Conservancy or complies with American Bird Conservancy's Prescriptive Rating Criteria; a material with exterior surface obstructed and effectively covered by building-integrated structures that do not have gaps larger than 12" in any dimension, including non-glass double-skin facades, metal screens, fixed solar shading, exterior insect or solar screens; or any other material deemed bird friendly in accordance with a relevant standard. **[Added 3-11-2026 by Ord. No. 26-014]**

BIRD HAZARD INSTALLATIONS - Structures that pose significant collision risks to birds such as awnings, railings, noise barriers, and wind barriers; and building features that pose significant collision risks to birds such as skyways or skywalks, pedestrian bridges, all floors of building connectors, atriums, outside corners where a bird can see in one side of the building and out the other within 30 feet of the corner, all interior corners within 30 feet of the corner, glazing adjacent to courtyards, and any portion of a building façade adjacent to a green roof or landscape element up to 24 feet above the surface of the green roof. **[Added 3-11-2026 by Ord. No. 26-014]**

BLOCK - (1) Used to show the extent of property and in some cases ownership of land for tax purposes. (2) A group of buildings or properties on both sides of a street from one intersection to the next. **[Added 10-13-2022 by Ord. No. 22-084]**

BLOCKFRONT - A group of buildings or properties on one side of a street from one intersection to the next. **[Added 10-13-2022 by Ord. No. 22-084]**

BOARD — The City of Jersey City Planning Board or Zoning Board of Adjustment when acting within its scope of its jurisdiction under this Chapter and/or the Act.

BOARD OF ADJUSTMENT — The board established pursuant to N.J.S.A. 40:55D-69.

BOARDER — A person other than a member of a family occupying a part of any dwelling unit who, for a consideration, is furnished sleeping accommodations in such dwelling unit and may be furnished meals as part of this consideration.

BOARDING HOUSE — A building, other than a hotel, motel or group home, occupied by more than one person not living together as a family unit where meals may be served to occupants, including a rooming house and single room occupancy unit and that is governed by the "Rooming and Boarding House Act of 1979," N.J.S.A. 55:13B-1 et seq.

BOLLARD — A vertical, freestanding short post used as a barrier to vehicles.

BUFFER — A strip of land containing planted screening materials and/or fencing used to physically separate and screen one use or property from another so as to minimize adverse impacts. No building, structure, parking area, driveway (except to provide access to the property and which is perpendicular to the buffer area) street, sign (except directional sign) or storage of materials shall be permitted in such buffer.

BUILD-TO LINE — a line along which the lower floors of the primary façade of a building must be located.

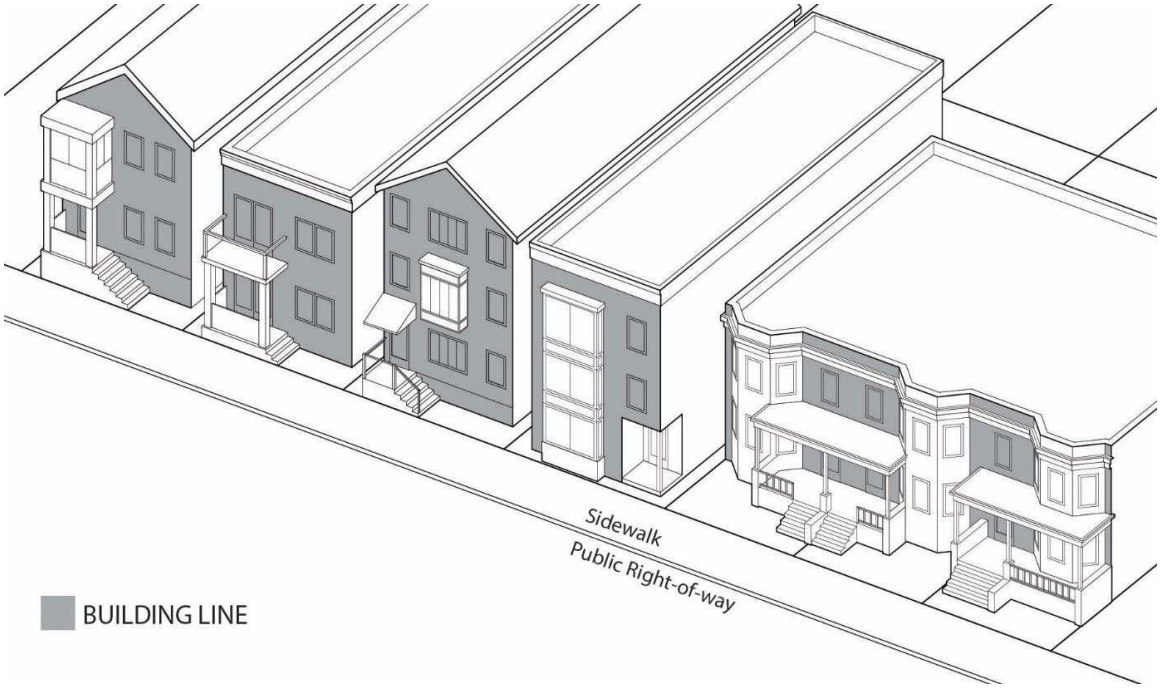
BUILDING — Any structure, part of a structure, extension thereof, or addition thereto having a roof supported by columns, posts, piers, or walls and intended for the shelter, business, housing or enclosing of persons, or property.

BUILDING COVERAGE — The ratio of the horizontal area of all principal and accessory buildings, measured from the exterior surface of the exterior walls of the ground floor on a lot, to the total lot area. "Building coverage" is expressed as a percentage and shall mean the percentage of a lot or assemblage of lots occupied by one or more buildings.

BUILDING ENVELOPE — The three-dimensional space within which any building (principal or accessory) is permitted and/or proposed to be built on a lot as defined by yard setbacks, stepbacks, and height. **[Added 10-13-2022 by Ord. No. 22-084]**

BUILDING FOOTPRINT — The three-dimensional space within which any building (principal or accessory) is permitted and/or proposed to be built on a lot and which is defined by yard setbacks. **[Added 10-13-2022 by Ord. No. 22-084]**

BUILDING LINE — The line parallel to the street line or other lot line which touches that part of a building's principal façade closest to the other lot line. Permitted encroachments and projections are not counted toward the building line. For the purposes of calculating yard calculations permitted and/or conforming encroachments and projections are excluded. **[Added 10-13-2022 by Ord. No. 22-084]**



BULKHEAD — (1) A boxlike structure on the roof of a building covering a stairwell, elevator, or mechanical equipment; (2) A low wall, sometimes paneled, beneath a storefront display window; (3) A retaining wall, often located at the high-tide line, that protects waterfront property.

BUSINESS, TECHNICAL AND ARTS SCHOOLS — An institution offering training without academic programs.

BUSINESS INCUBATOR - A place where services, space, education, and assistance are provided to new businesses. Incubators include, but are not limited to, office type environments, scientific and research laboratories, kitchens, computer laboratories, and workshops. Incubators are often affiliated with an institution or organization able to provide access to instruction, advice, research facilities, or funding. Sharing of services, spaces, and equipment provides greater economies of scale for the incubator, and creates an entrepreneurial community among its users. **[Amended 3-11-2015 by Ord. No. 15-025]**

CALIPER — The diameter of a tree trunk measured in inches six (6) inches above ground level for trees up to four (4) inches in diameter and measured twelve (12) inches above ground level for trees over four (4) inches in diameter.

CANNABIS CONSUMPTION AREA — means, as further described in section 28 of P.L.2019, c.153 (C.24:6I-21), a designated location operated by a licensed cannabis retailer or permit holder for dispensing medical cannabis, for which both a State and local endorsement has been obtained, that is either: (1) an indoor, structurally enclosed area of the cannabis retailer or permit holder that is separate from the area in which retail sales of cannabis items or the dispensing of medical cannabis

occurs; or (2) an exterior structure on the same premises as the cannabis retailer or permit holder, either separate from or connected to the cannabis retailer or permit holder, at which cannabis items or medical cannabis either obtained from the retailer or permit holder, or brought by a person to the consumption area, may be consumed. **[Added 4-23-2025 by Ord. No. 23-078]**

CANNABIS CULTIVATOR — means any licensed person or entity that grows, cultivates, or produces cannabis in this State, and sells, and may transport, this cannabis to other cannabis cultivators, or usable cannabis to cannabis manufacturers, cannabis wholesalers, or cannabis retailers, but not to consumers. This person or entity shall hold a Class 1 Cannabis Cultivator license pursuant to Chapter 84, Article IV of the Municipal Code. **[Added 4-23-2025 by Ord. No. 23-078]**

CANNABIS DISTRIBUTOR — means any licensed person or entity that transports cannabis in bulk intrastate from one licensed cannabis cultivator to another licensed cannabis cultivator, or transports cannabis items in bulk intrastate from any one class of licensed cannabis establishment to another class of licensed cannabis establishment, and may engage in the temporary storage of cannabis or cannabis items as necessary to carry out transportation activities. This person or entity shall hold a Class 4 Cannabis Distributor license to operate. **[Added 4-23-2025 by Ord. No. 23-078]**

CANNABIS ESTABLISHMENT — means a cannabis cultivator, a cannabis manufacturer, a cannabis wholesaler, or a cannabis retailer in good standing and approved by the Cannabis Control Board pursuant to Chapter 84, Article IV of the Municipal Code. **[Added 4-23-2025 by Ord. No. 23-078]**

CANNABIS MANUFACTURER — means any licensed person or entity that processes cannabis items in this State by purchasing or otherwise obtaining usable cannabis, manufacturing, preparing, and packaging cannabis items, and selling, and optionally transporting, these items to other cannabis manufacturers, cannabis wholesalers, or cannabis retailers, but not to consumers. This person or entity shall hold a Class 2 Cannabis Manufacturer license to operate. **[Added 4-23-2025 by Ord. No. 23-078]**

CANNABIS RETAILER — means any licensed person or entity that purchases or otherwise obtains usable cannabis from cannabis cultivators and cannabis items from cannabis manufacturers or cannabis wholesalers, and sells these to consumers from a retail store, and may use a cannabis delivery service or a certified cannabis handler for the off-premises delivery of cannabis items and related supplies to consumers. A cannabis retailer shall also accept consumer purchases to be fulfilled from its retail store that are presented by a cannabis delivery service which will be delivered by the cannabis delivery service to that consumer. This person or entity shall hold a Class 5 Cannabis Retailer license to operate. **[Added 4-23-2025 by Ord. No. 23-078]**

CANNABIS WHOLESALER — means any licensed person or entity that purchases or otherwise obtains, stores, sells or otherwise transfers, and may transport, cannabis items for the purpose of resale or other transfer to either another cannabis wholesaler or to a cannabis retailer, but not to consumers. This person or entity shall hold a Class 3 Cannabis Wholesaler license in good standing and approved by the Cannabis Control Board in good standing and approved by the Cannabis

Control Board pursuant to Chapter 84, Article IV of the Municipal Code. **[Added 4-23-2025 by Ord. No. 23-078]**

CANOPY — A permanent, non-retractable roof-like projection with or without support poles permanently affixed and perpendicular to the wall of an entrance of a building or other punched openings used for providing overhead protection from the weather and shall be construed to be a part of the building to which it is affixed. **[Added 10-13-2022 by Ord. No. 22-084]**

CAR SALES — See AUTO SALES.

CAR WASH, AUTOMATIC — A building or place of business where the washing of motor vehicles is carried on with the use of a chain or conveyor, blower and water and/or steam cleaning device.

CAR WASH, HANDWASH — A vehicle washing that does not include mechanized automatic washing.

CAR WASH, ROLL OVER — A car wash in which the vehicle remains stationary while automatic washing occurs.

CARPORT — A roofed structure providing space for the parking or storage of motor vehicles and enclosed on not more than three sides.

CARRIAGE WAY — see CARTWAY.

CARTWAY — The hard or paved area of a street between the curbs, including travel lanes and parking areas but not including curbs, sidewalks or swales.

CATERING SERVICES — a place where the preparation and delivery of food and beverages occurs for offsite consumption, without the provision for on-site pick-up or consumption.

CELLAR — A portion of the building having one-half or more than one-half of its clear height below finished grade. A cellar shall not be counted as a story in determining the height of a building. **[Amended 7-18-2018 by Ord. No. 18-074]**

CEMETERY — Any site which contains at least one burial, marked or previously marked, dedicated to and used or intended to be used for the permanent internment of the human dead, to include perpetual-care and non-perpetual-care cemeteries, even though suffering neglect or abuse.

CERTIFICATE OF APPROPRIATENESS — A document attesting that proposed work within a historic district or affecting a landmark building, structure, object, site or landscape feature has been reviewed and deemed appropriate and consistent with the purpose of this Chapter by the Jersey City Historic Preservation Commission.

CERTIFICATE OF NO EFFECT — A document attesting that proposed work within a historic district or affecting a landmark building, structure, object, site or landscape feature has been reviewed

by the Historic Preservation Officer and the Division of City Planning and is not detrimental to the historic district or landmark on which the work is to be done or neighboring buildings, structures, objects, sites or landscape features.

CERTIFICATE OF OCCUPANCY (CO) — A document issued by the Construction Official allowing the occupancy or use of a building or structure and certifying that the building or structure or use has been constructed and/or renovated according to, and in compliance with all the applicable state codes and municipal ordinances and resolutions.

CHANGE OF USE — Any change from a permitted principal use to another permitted principal use or to a non permitted principal use, or any change from a non permitted use to a non permitted principal use, or to a permitted principal use, or any change from a permitted principal use to a permitted conditional use. **[Added 10-13-2022 by Ord. No. 22-084]**

CHILD CARE CENTER — An establishment providing for the care, supervision, and protection of children that is licensed by the State of New Jersey pursuant to P.L. 1983, c. 492 (C. 30:5B-1 et seq.).

CITY — City of Jersey City, Hudson County, New Jersey.

CITY COUNCIL — The legislative body of the City of Jersey City.

CIVIC — Premises available for operation by organizations dedicated to serving socially based public purposes such as: religion, arts and culture, education, government, performance, social service and the like. Including: house of worship, meeting hall, school, community center, and recreation facilities.

CIVIC SPACE — An area that is occupied and active on most days of the year and is dedicated to serving socially based public purposes and civic uses. Plazas, parks, and paseos may be considered civic spaces.

CLIFF FACE — A sheer, nearly vertical slope of exposed bedrock.

CLUSTER — A group of cultural resources with compatible buildings, objects or structures geographically or thematically relating to and reinforcing one another through design, setting, materials, workmanship, congruency and association.

COLONNADE — a linear series of columns which support a continuous lintel.

COLOCATION — Use of a common wireless telecommunication tower or a common site by two or more wireless license holders or by one wireless license holder for more than one type of communications technology and/or placement or a wireless telecommunication tower on a structure owned or operated by a utility or other public entity.

COMMON PROPERTY or OWNERSHIP — A parcel or parcels of land, together with the improvements thereon, in which the ownership, use and enjoyment of the same are shared by the owners and tenants of the individual dwelling units in the development.

COMMUNITY FACILITY/CENTER — Municipal, county, state, or not-for-profit enterprises that serve the public interest. Community Facility shall include, but not be limited to, the following services: adult day care, art education, child care, fire, health care, job training, library, police, recreation, school, or teen center. Community Facility shall not include prisons, or drug and narcotic rehabilitation centers.

COMMUNITY RESIDENCE FOR THE DEVELOPMENTALLY DISABLED — Any community residential facility licensed pursuant to P.L. 1977, c. 448 (C. 30:11B-1 et seq.) providing food,

shelter, and personal guidance, under such supervision as required, to not more than fifteen (15) developmentally disabled or mentally ill persons, who require assistance, temporarily or permanently, in order to live in the community, and shall include, but not be limited to: group homes, half-way houses, intermediate care facilities, supervised apartment living arrangements, and hostels. Such a residence shall not be considered a health care facility within the meaning of the "Health Care Facilities Planning Act" (P.L. 1971, c. 136; c. 26:2H-1 et seq.). In the case of such community residence housing mentally ill persons, such residence shall have been approved for a purchase of service contract or an affiliation agreement pursuant to such procedures as shall be established by regulation of the Division of Mental Health and Hospitals of the Department of Human Services.

COMMUNITY RESIDENCE FOR PERSONS WITH HEAD INJURIES — A community residential facility licensed pursuant to P.L 1977, c. 448 providing food, shelter and personal guidance, under such supervision as required, to not more than fifteen (15) persons with head injuries, who require assistance, temporarily or permanently, in order to live in the community, and shall include, but not be limited to, group homes, halfway houses, supervised apartment living arrangements and hostels. Such a residence shall not be considered a health care facility within the meaning of the "Health Care Facilities Planning Act," 1971, c. 136.

COMMUNITY RESIDENCE FOR THE TERMINALLY ILL — Any community residential facility operated as a hospice program providing food, shelter, personal guidance and health care services, under such supervision as required, for not more than fifteen (15) terminally ill persons.

COMMUNITY SHELTER FOR VICTIMS OF DOMESTIC VIOLENCE — Any shelter approved for a purchase of service contract and certified pursuant to standards and procedures established by regulation of the Department of Human Services pursuant to P.L. 1979, C. 337 (C. 30:14-1 et seq.) providing food, shelter, medical care, legal assistance, personal guidance, and other services to not more than fifteen (15) persons who have been victims of domestic violence, including any children of such victims, who temporarily require shelter and assistance in order to protect their physical or psychological welfare.

COMPATIBLE PROPERTY — A resource in a historic district or cluster distinguished by its scale, material, compositional treatment and other features that provide the setting for more important resources and add to the character of the scene.

COMPLETE APPLICATION — Any and all materials required by this Chapter to review any application for development (application form, affidavit of ownership, boundary descriptions, plat maps in accordance with ordinance specifications, etc.)

CONDITIONAL USE — A use permitted in a particular zoning district only upon showing that such use in a specified location will comply with the conditions and standards for the location and operation of such use as contained in the zoning ordinance and upon the issuance of an authorization therefore by the Planning Board or the Zoning Board. **[Added 10-13-2022 by Ord. No. 22-084]**

CONDOMINIUM — The form of ownership of real property under a master deed pursuant to N.J.S.A. 46:8B-1 et seq.

CONDOMINIUM ASSOCIATION — The entity responsible for the administration of a condominium, which entity may be incorporated or unincorporated. Also known as Condo Association.

CONFERENCE CENTER — A facility used for conferences and seminars, which may include accommodations for sleeping, food preparation and eating, recreation, resource facilities and meeting rooms. Conference centers may be commercial ventures providing space for corporate, government, social or other types of meetings, or they may be maintained by large institutions, such as universities or corporations.

CONSTRUCTION — The erection of a new principal or accessory building or structure on a lot or property; alterations and the act of creating an addition to an existing building or structure.

CONSTRUCTION OFFICIAL — The Construction Official of the City of Jersey City.

CONTINUING CARE RETIREMENT COMMUNITY — The provisions of lodging and nursing, medical or other health related services at the same or another location to an individual pursuant to an agreement effective for the life of the individual or for a period greater than one year, including mutually terminable contracts, and in consideration of the payment of an entrance fee with or without other periodic charges. A fee which is less than the sum of the regular periodic charges for one year of residency is not considered an entrance fee.

CONTRACTOR'S WORKSHOP — A place where a licensed contractor may store and utilize tools, equipment and materials that are used in the trade for which the contractor is licensed. Storage of hazardous materials, junk, inoperable vehicles, or equipment or materials that are not used in the trade shall not be permitted. Outdoor storage and use of tools or equipment shall not be permitted.

CONTRIBUTING PROPERTY — A resource in a historic district or cluster that contributes to the district's or clusters historical significance through location, design, setting, materials, workmanship, feeling and association and which shall be afforded the same considerations as landmarks.

CONVENTIONAL — Development other than planned development.

CORNICE — Projecting ornamental molding along the top of a building, wall or storefront.

COUNTY MASTER PLAN — A composite of the plan elements for the physical development of Hudson County, with the accompanying maps, plats, charts and descriptive and explanatory matter adopted by the County Planning Board.

COUNTY PLANNING BOARD — The Hudson County Planning Board.

COURTYARD — An open space which is designed and used for passive recreational purposes.

CRAFTSPERSON —A person who practices a trade or handicraft as an artisan, and who engages in the production of their work, design or objects as a career.

CULTURAL — Activities or acts related to the past or present social and material traits of a group or groups of people.

CURB CUT — The opening along the curb line at which point vehicles may enter or leave the roadway. May also be spelled curbcut. **[Added 10-13-2022 by Ord. No. 22-084]**

CUT AND FILL — The excavating of rock fragments and mineral grains, including soil, in one place and depositing of it as fill in adjacent place.

CREDITABLE SQUARE FOOT — A term used in providing a basis for bonuses for buildings and those areas improved by the owners beyond those required by any city ordinance and are accessible, unobstructed, improved, usable areas for their intended purpose.

CYBERHOTELS/TECHOTELS/SERVERFARMS/TELECOMMUNICATION CENTERS — See Data Centers.

DATA CENTERS — A facility used to house computer systems and associated components, such as telecommunications and storage systems.

DAYCARE CENTER — A facility providing for the care, supervision, and protection of preschool children.

DAYCARE CENTER, ADULT — a facility for the supervised care of adults with physical or mental limitations, providing activities such as meals and socialization one or more days a week during specified daytime hours, and which may also include care by ancillary medical staff.

DAYS — Calendar days.

DEAD-END STREET — A street or portion of a street which is accessible by a single means of ingress and egress.

DECK — A raised accessory structure more than one and one-half feet above finished grade, supported by either pillars or posts or walls, and which allows water to pass through slats or openings. **[Amended 6-24-2020 by Ord. No. 20-044]**

DEMOLITION — The dismantling or razing of all or part of a building, structure, object, site or landscape feature including interior spaces and all operations incidental thereto.

DENSITY — The permitted number of dwelling units per gross area of land to be developed.

DESIGNATED REPRESENTATIVE — That person or office so named by the reviewing board to dispense, receive and classify any development applications.

DETACHED SINGLE-FAMILY — A dwelling for one family or household that is not attached to any other dwelling by any means and which is occupied or is intended to be occupied for residence purposes by one housekeeping unit. **[Added 10-13-2022 by Ord. No. 22-084]**

DEVELOPABLE AREAS — Upland areas or pier areas not dedicated to public rights-of-way. **[Added 10-13-2022 by Ord. No. 22-084]**

DEVELOPER — The legal or beneficial owner or owners of a lot or of any land included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

DEVELOPMENT — The division of a parcel of land into two or more parcels; the construction, reconstruction, conversion, structural alteration, relocation or enlargement of any building or other structure; any mining, excavation, landfill or land disturbances and any use, change in use or extension of use of land for which permission may be required pursuant to N.J.S.A. 40:55D-1 et seq.

DEVIATION — Used in Redevelopment Plans; identical to a variance pursuant to N.J.S.A. 40:55D-70.c.

DIRECTOR, DIVISION OF CITY PLANNING — The person holding the above title, or the acting director during an interim period of filling the position, or such other licensed professional planner on the staff of the Division of City Planning who has received written authority from the Director to carry out specified duties on behalf of the Director.

DISTRICT — A geographically definable area, possessing a significant concentration, linkage or continuity of buildings, objects, sites, structures or landscape features united by past events or aesthetically by plan or physical development which may also comprise individual elements separated geographically but thematically linked by association or history.

DORMITORY — A building to provide sleeping and living accommodations with sanitary and general living facilities designed and used to accommodate students of a university or college.

DRAINAGE — The removal of surface water or groundwater from land by drains, grading or other means and includes control of runoff during and after construction, or development to minimize erosion and sedimentation, to assure the adequacy of existing and proposed culverts and bridges, to induce water recharge into the ground where practical, to lessen non-point pollution, to maintain the integrity of stream channels for their biological functions as well as for drainage, and the means necessary for water supply preservation or prevention or alleviation of flooding.

DRAINAGE RIGHT-OF-WAY — The lands required for the installation of stormwater sewers or drainage ditches or required along a natural stream or watercourse for preserving the channel and providing for the flow of water therein to safeguard the public against flood damage.

DRIVEWAY — A paved or unpaved area used for ingress or egress of vehicles and allowing access from a street to a lot, building or other structure or facility.

DWELLING — A building that is designed or used exclusively as the living quarters for one or more housekeeping units.

DWELLING UNIT — A room or series of connected rooms containing living, cooking, sleeping and sanitary facilities for one housekeeping unit. The "dwelling unit" shall be self-contained and shall not require passing through another dwelling unit or other indirect route to get to any portion of the dwelling unit, nor shall one dwelling unit require shared facilities with another dwelling unit. Hotel facilities or other facilities providing temporary accommodations shall not be considered dwelling units.

EASEMENT — A grant of one or more of the property rights by the property owner to and/or of rote use by the public or another person, entity, or property.

EFFECT — A change in the quality of the historical, architectural, archaeological or cultural significance of a resource or in the characteristics that qualify the resource as historically important.

EFFECT, ADVERSE — A negative change in the quality of the historical, architectural, archaeological or cultural significance of a landmark or historic district or in the characteristics of a landmark or historic district that are historically important.

ELECTRONIC COMMUNICATIONS EQUIPMENT — Any electronic device used to send or receive information.

EMBANKMENT — A man-made or natural deposit of soil, rock or other materials.

ENCROACHMENT — (1) An area beyond the building line or build to line into which certain building features protrude. Typical encroachments may include overhangs, bays, oriels, fire escapes, or other elements that commonly protrude beyond the façade of the building. See additional ENCROACHMENT definitions below. (2) Certain building features that extend beyond a street line of a lot into a street or right-of-way. **[Added 10-13-2022 by Ord. No. 22-084]**

ENCROACHMENT, CANTILEVERED - These are building features like awnings, canopies, oriels (bay windows which are not grounded), and balconies. **[Added 10-13-2022 by Ord. No. 22-084]**

ENCROACHMENT, ENCLOSED - These are building features that expand the interior square footage of a dwelling or habitable space like enclosed porches, oriels, overhangs, and bay windows. **[Added 10-13-2022 by Ord. No. 22-084]**

ENCROACHMENT, GROUNDED - These are building features like stoops, access ramps, decks, patios, and porches, enclosed porches, and bay windows, but may also include landscape features, fences, walls, or planters. **[Added 10-13-2022 by Ord. No. 22-084]**

ENCROACHMENT, OPEN - These are building features that are exposed to the elements and that do not add habitable square footage like balconies, awnings, canopies, decks, stoops, access ramps, patios, porches (non-enclosed). **[Added 10-13-2022 by Ord. No. 22-084]**

ENGINEERED GREEN WALLS — See LIVING GREEN WALLS. **[Added 6-24-2020 by Ord. No. 20-044]**

ENHANCED TREE GROWTH SYSTEMS — Soil techniques designed to transfer the load from pavement directly to the subsoil rather than the topsoil media. These systems promote additional soil volume for trees than is otherwise available under conventional pavement systems. The three most common systems are suspended pavements, sand-based structural soil systems, and aggregate structured soils. **[Added 6-24-2020 by Ord. No. 20-044]**

ENHANCED TREE GROWTH SYSTEMS, AGGREGATE STRUCTURAL SOILS — Angular gravels that directly support pavement but through which roots may grow. These systems are constructed from load-bearing materials such as aggregate and clay-loam mix or expanded slate with clay-loam mix. Aggregate Structural Soils shall be used as a pathway for roots to reach additional soil volumes across pavement subsurface and not as the only available tree soil volume. **[Added 6-24-2020 by Ord. No. 20-044]**

ENHANCED TREE GROWTH SYSTEMS, SAND-BASED STRUCTURAL SOILS — Pavement over open-graded crushed stone and Sand-Based Structural Soil. Due to the poor water retention capacity of sand, an additional water source is necessary, provided by drainage channels or permeable pavers. Such systems should be designed with passive irrigation only. **[Added 6-24-2020 by Ord. No. 20-044]**

ENHANCED TREE GROWTH SYSTEMS, SUSPENDED PAVEMENTS — Pavement supported through columns or walls, allowing soil placed within the suspended pavements to remain at a compaction level suitable to root growth. **[Added 6-24-2020 by Ord. No. 20-044]**

ENVIRONMENTAL COMMISSION — A municipal advisory body created pursuant to P.L. 1968, c. 245 (C. 40:56A-1 et seq.).

ESSENTIAL SERVICES — Services and utilities needed for the health, safety, and general welfare of the community, such as underground, surface, or overhead electrical, gas, telephone, steam, water, sewerage, and other utilities and the equipment and appurtenances necessary for such system to furnish an adequate level of service for the area in which it is located.

EXISTING ARCHITECTURAL FEATURES — The architectural features existing at the time of designation or architectural features which have been changed subsequent to designation pursuant to a Certificate of Appropriateness/No Effect issued by the Historic Preservation Commission.

FAÇADE — (1) A building's front or any of its exterior walls; (2) A prominent side of a building or structure that has been given special architectural or design treatment to make it more attractive. **[Added 10-13-2022 by Ord. No. 22-084]**

FAÇADE, FRONT PRIMARY — The streetfront building façade which runs roughly parallel to the front lot line(s). For the purposes of yard calculations, projecting accessory structures or encroachments including decks, porches, balconies, fencing, stoops, stairs, and/or other encroachments as

defined in this chapter are excluded. **[Added 10-13-2022 by Ord. No. 22-084]**

FAÇADE, FRONT SECONDARY — In the case of a corner lot in a historic district or historic overlay, the streetfront building façade which runs roughly parallel to the side lot line. **[Added 10-13-2022 by Ord. No. 22-084]**

FAÇADE, REAR — The building façade which is opposite the front primary façade and roughly faces the rear lot line or an alley. In the case of two or more front primary façades, there will be no rear façade but rather two side façades. See Façade, Secondary. **[Added 10-13-2022 by Ord. No. 22-084]**

FAÇADE, SECONDARY — A façade that does not face a street or a public thoroughfare and that does not possess significant architectural features.

FAÇADE, SIDE — The building façade(s) which run roughly parallel to the side lot lines but does not face a street. In the case of two Front Primary Façades, there will be two side façades and no rear façade. See Façade, Secondary.

FAMILY — See HOUSEKEEPING UNIT. **[Added 10-13-2022 by Ord. No. 22-084]**

FAMILY DAY CARE HOME — Any private residence approved by the Division of Youth and Family Services or an organization with which the division contracts for family day care in which child care services are regularly provided to no less than three and no more than five children for no less than fifteen (15) hours per week. A child being cared for under the following circumstances is not included in the total number of children receiving childcare services:

A. The child being cared for is legally related to the provider, or

B. The child is being cared for as part of a cooperative agreement between parents for the care of their children by one or more of the parents, where no payment for the care is being provided.

FENCE — A barrier intended to prevent escape or intrusion; or to mark a boundary, enclose, screen, or separate areas.

FENCE LINE — The established line of existing fences on a street, more or less parallel to the curb line. The fence line may be within the public rights-of-way. **[Added 10-13-2022 by Ord. No. 22-084]**

FENESTRATION — The arrangement and design of windows, doors, or other openings in a building or building façade.

FERRY — A boat or ship that carries passengers across water often along fixed routes on a schedule. **[Added 10-13-2022 by Ord. No. 22-084]**

FINAL PLAT — The final map of all or a portion of the subdivision which is presented to the Planning Board for approval in accordance with these regulations and which, if approved, shall be filed with the county recording officer.

FINANCIAL SERVICES FACILITY — A retail service facility that provides diversified financial and brokerage services to the general public in person and on a walk in basis; offers amenities to encourage pedestrian traffic, such as retail banking services, computer access to brokerage accounts, ATM access to cash accounts, and visible screens with financial information and stock reports. The facility shall be utilized for financial consultation meetings with clients.

FINISH — The visual characteristics, including color, texture and reflectivity of all exterior materials.

FLOOR - A surface or assembly of materials capable of supporting loads imposed upon it by occupants or users, exclusive of roofs. It is sometimes referred to as a "story". **[Added 10-13-2022 by Ord. No. 22-084]**

FLOOR AREA RATIO — The gross floor area or sum of the gross area of all floors of buildings or structures compared to the total area of the site. **[Added 10-13-2022 by Ord. No. 22-084]**

FOOTCANDLE — A unit for measuring illumination equaling the amount of direct light on a surface.

Editor's note—The definition of "Formula business" was removed at the discretion of the editor. The ordinance from which the definition derived, Ord. No. 15-052, was repealed by 19-038, adopted May 8, 2019.

FRONTAGE — See LOT FRONTAGE

GARAGE, PARKING — Buildings or building areas used exclusively for the parking or storing of motor vehicles and which may include manual car washing.

GARAGE, PRIVATE — An accessory building, structure, or use, for the parking of passenger motor vehicles, in which no occupation, business or services for profit is conducted.

GOVERNING BODY — The City Council of the City of Jersey City.

GOVERNMENT AGENCY — Any department, commission, independent agency or instrumentality of the United States, the State of New Jersey, and/or any county, municipal or other governmental unit.

GOVERNMENTAL USES — Public institutions and uses, such as schools, community centers and government-owned or operated buildings, structures or land used for public purposes,.

GRADE, EXISTING — The vertical location of the ground surface at any given point prior to excavating or filling, or the percent of rise or descent of a slope. **[Amended 7-18-2018 by Ord. No. 18-074]**

GRADE, FINISHED — For buildings adjoining one street only, elevation of the established curb at the center of the wall adjoining the street. For buildings adjoining more than one street, the average of the elevations of the established curbs at the center of all walls adjoining the streets. For buildings having no wall adjoining the street, the average level of the ground adjacent to the exterior walls of the buildings. All walls approximately parallel to and not more than 15 feet from the street line are to be

considered as adjoining a street. **[Amended 7-18-2018 by Ord. No. 18-074]**

GREEN AREA RATIO (GAR) — A zoning regulation that integrates sustainable landscape elements into site design to address these environmental concerns. The GAR assigns a weighted score to a building based on the types of landscape and site design features that are implemented and the amount of area they cover. **[Added 6-24-2020 by Ord. No. 20-044]**

GREEN INFRASTRUCTURE — The implementation of various tools, primarily vegetation and soil, to manage stormwater and reduce stormwater runoff. **[Added 6-24-2020 by Ord. No. 20-044]**

GREEN ROOF — A vegetated roof system used in place of a conventional roof which typically involves a water proof membrane and root repellant system, a drainage system, filter cloth, a lightweight growing medium and species appropriate plants.

GROSS FLOOR AREA — The floor area within the inside perimeter of the exterior walls of the building(s) or structure(s) under consideration, inclusive of corridors, stairways, basements, elevators, roofed parking areas, utility spaces, back of house areas, closets, half stories, the thickness of interior walls, columns or other features. Vent shafts, balconies (that project beyond exterior walls), cellars, and courts are not counted toward gross floor area. **[Added 10-13-2022 by Ord. No. 22-084]**

GROUND FLOOR — The floor closest to, but not below, grade.

GROUND FLOOR STREET FRONTAGE (GFSF) — The sum of the horizontal lengths of all exterior walls of a building at ground floor level, inclusive of all windows and doors, and excepting where there is another property between the wall and the street.

GYM — See HEALTH CLUB.

HARVESTED STORMWATER IRRIGATION SYSTEM — Stormwater collected from rooftops or other contributing drainage areas that is directed to storage devices, such as cisterns or rain barrels, and used for landscape irrigation. **[Added 6-24-2020 by Ord. No. 20-044]**

HEALTH CLUB — A meeting place for groups of people for the purpose of engaging in exercise and conditioning of the body for the benefit of physical fitness. All health clubs that are 4,000 square feet or less shall be permitted as Retail Services. **[Amended 1-24-2018 by Ord. No. 18-001]**

HEIGHT, BUILDING — The vertical distance measured to the highest point of a building from the finished grade. A building's highest point shall be determined in accordance with height exceptions, Section 345-60. **[Amended 7-18-2018 by Ord. No. 18-074]**

HELISTOP — Area for landings and takeoffs of helicopters, but shall not include any servicing or parking functions for such crafts. Also known as Heliport.

HIGH-CUBE WAREHOUSING — Facilities used for the receipt, storage and handling of goods, bulk products and materials prior to their distribution to other recipients. These facilities consist of buildings with large floor plates, often subdivided for individual tenants, with a typical ceiling height

of thirty (30) feet or more; they are also characterized by a low employee parking requirement due to a high level of mechanization, truck activities frequently outside of the peak hour of the adjacent street system, and good highway access.

HIGH-RISE APARTMENT BUILDING — A multi-family residential building with nine (9) stories or more.

HISTORIC — A building, structure, object, site or landscape feature having a degree of significance or importance over or at a period of time.

HISTORIC ARCHITECTURAL FEATURES — Architectural features installed or built at the time of construction of the building; architectural features of a type installed or built at the time of construction of similar buildings in similar periods and styles; or architectural features installed or built at the time of a major façade alteration thirty (30) or more years ago.

HISTORIC/CULTURAL RESOURCE — Those buildings, objects, sites, structures or landscape features of historical, cultural, architectural or archaeological importance and the demolition, destruction or alteration of which would constitute an irreplaceable loss to the quality and character of Jersey City; inventoried interior spaces designed or intended to be occupied as part of the structure or which are accessible to the public; such buildings, objects, sites, structures or landscape features, their appurtenances and the property on which they are located are considered historic as defined in this Chapter.

HISTORIC DISTRICT — An area defined as a historic district by City Council, state or federal authority and which may contain within definable geographic boundaries one or more landmarks or clusters, including their accessory buildings, fences and other appurtenances, and natural resources having historical, cultural and archaeological significance and which district may have within its boundaries other buildings or structures, that while not of such historical, cultural, architectural or archaeological significance as to be designated landmarks, nevertheless contribute to the overall visual characteristics of the landmark or landmarks located within the district.

HISTORIC PRESERVATION COMMISSION — The Jersey City Historic Preservation Commission. Also referred to as the "Commission."

HISTORIC SITE — Any real property, man-made structure, natural object or configuration or any portion or group of the foregoing of historical, archaeological, cultural, scenic or architectural significance.

HOME OCCUPATION — An occupation or activity carried out for gain by a resident and conducted as a customary, incidental and accessory use in the resident's dwelling unit or accessory structure located on the lot and is in accordance with Supplementary Zoning Regulations § 345-60(1.2(a)).

HOSPITAL — An institution providing primary health services and medical or surgical care to persons, primarily inpatients, suffering from illness, disease, injury, deformity, and other abnormal physical or mental conditions and including, as an integral part of the institution, related facilities, such as laboratories, outpatient facilities, training facilities, medical offices, and staff residences.

HOTEL — A building designed for occupancy as the more or less temporary place of abode for individuals who are lodged with or without meals, in which there are ten (10) or more guest rooms or suites and in which there may be kitchens in any individual room or suite.

HOUSEKEEPING UNIT — One or more persons living together in one dwelling unit on a nonseasonal basis and sharing living, sleeping, cooking and sanitary facilities on a nonprofit basis.

HOUSE OF WORSHIP — A building used for the assembly of members of a designated faith for religious instruction and worship of a deity such as a church, synagogue, mosque or temple.

IMPROVEMENT PARCEL — A unit of real property that includes a landmark designated under this Chapter and is treated as a single entity for the purpose of levying real estate taxes within the historic district.

INCUBATOR — See BUSINESS INCUBATOR.

INDEPENDENT LIVING — A residential facility where individualized support is provided to residents in forms such as a community director, a social director, and daily on-site assistance.

INDUSTRIAL PARK — An area wherein one or more buildings are erected for industrial purposes in relation to one another as part of an integrated and comprehensively planned total unit, whether or not the buildings are erected simultaneously or over a period of time.

INFILL HOUSING — (1) The construction of a building for residential uses in an area already built up. (2) The construction of a housing unit that resembles in proportion, scale, height, style or bulk the adjacent dwelling units. **[Added 10-13-2022 by Ord. No. 22-084]**

INTERIM USE — A use approved by the Planning Board applied on a temporary basis as prescribed while permanent plans for the area are formulated or implemented.

INTRUSION — A building, object, site, structure or landscape feature which detracts from a landmark, historic district or cluster of historical significance because of its incompatibility with the historic district's or cluster's sense of time and place and historical development; or its incompatibility of scale, height, materials, texture or color, or whose integrity has been irretrievably lost.

INVENTORY, HISTORIC — A systematic listing of cultural, historical, architectural or archaeological resources prepared by the city, state or federal government or a recognized local historic authority, following standards set forth by federal, state and city regulations for evaluation of cultural properties.

JUNKYARD — Any area, lot, land or parcel with or without structures used for the storage, collection, processing, purchase, sale, salvage or disposal of scrap, waste, reclaimable material or debris. Any site with 3 or more unregistered vehicles shall constitute a junkyard.

KIOSK — A small, freestanding structure with one or more open sides such as a newsstand, information booth or telephone booth.

LAND — Including improvements and fixtures on, above or below the surface.

LAND AREA — The area contained within the lot lines of a lot, not including any portion of a street right- of-way.

LANDMARK — Any building, object, site, structure or landscape feature, any part of which is fifty (50) years old or older, which has a special character or special historic or aesthetic interest or value as part of the development, heritage or cultural characteristics of the city, state or nation and which has been designated as a "landmark" pursuant to the provisions of this Chapter.

LANDSCAPE FEATURE — Any grade, body of water, stream, rock, plant, shrub, tree, path, walkway, road, plaza, fountain, wall, sculpture or other form of natural or artificial landscaping.

LAUNDROMAT — An establishment providing washing and drying machines on the premises for rental use to the general public and may include wash and fold or drop off dry cleaning as an accessory use, but shall not include on-site dry cleaning processing.

LIGHT ASSEMBLY — Flexible space suitable for final assembly of finished products for distribution. No manufacturing shall be associated with this use.

LIGHT INDUSTRIAL — Warehousing, wholesaling, shipping and receiving, manufacturing, assembly, processing, research, laboratory testing service, professional and governmental offices, public and quasi-public uses and other operations which do not include the production of petroleum into fuel, oil or other products or chemical processing and storage. Light Industrial uses shall not produce any corrosive, toxic, noxious fumes, glare, electromagnetic disturbances, radiation, smoke, cinders, odors, dust or waste, undue noise or vibration, or other objectionable features so as to be detrimental to the public health, safety, or general welfare, provided however that existing activities not in violation of City, State or Federal law are exempt.

LIGHT RAIL TRANSIT (LRT) — Rail service employing energy efficient light rail vehicles (LRVs) at least partly on shared or semi-exclusive rights-of-way, designed so that other traffic can mingle safely with the LRT operation where desired.

LIVE/WORK UNIT — See WORK/LIVE UNIT.

LIVING GREEN WALLS — Dense pre-engineered vertical vegetative systems consisting of pre-planted panels or modules affixed to a structural wall or frame, and irrigated by harvested stormwater systems that use stored rainwater. **[Added 6-24-2020 by Ord. No. 20-044]**

LOADING SPACE — An off-street space or berth on the same lot with a building or group of buildings for the temporary parking of a commercial vehicle while loading or unloading.

LOGGIA — A gallery or breaking in the façade that can be open to the air on at least one side. Loggias create breaks in the vertical scale of a building and are surrounded by columns or created by a setback or overhang within the façade. The interior of these spaces can be used as common space for these vertical neighborhoods, live work offices, mechanical equipment space, or any number of other uses.

LONG TERM CARE FACILITY/NURSING FACILITY/NURSING HOME — A facility that is licensed by the Department of Health to provide health care under medical supervision and continuous nursing care for twenty-four (24) or more consecutive hours to two or more patients who do not require the degree of care and treatment which a hospital provides and who, because of their physical or mental condition, require continuous nursing care and services above the level of room and board.

LOT — A tract or parcel of land established by a plat, deed, or otherwise, but not including any portion of a street, which tract or parcel of land is legally separate from any other tract or parcel of land. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT, CAP — A lot that has contiguous frontage upon three streets, two of which are parallel or roughly parallel. A regular cap lot has three front lot lines, one side lot line, and one rear lot point (located at the midpoint of the side lot line). When no standard is specified for cap lots in the zone or district, any standard for corner lots in that zone or district shall apply. See LOT TYPE DIAGRAM, LOT LINE DIAGRAM, LOT WIDTH AND DEPTH DIAGRAM, and REAR YARD DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT, CORNER — (1) A lot on the junction of and abutting two or more intersecting streets where the interior angle of intersection is less than one hundred thirty-five (135) degrees. A regular corner lot has two front lot lines, two side lot lines, and one rear lot point. See LOT TYPE DIAGRAM, LOT LINE DIAGRAM, LOT WIDTH AND DEPTH DIAGRAM, and REAR YARD DIAGRAM. (2) A lot, in a historic district or historic overlay, on the junction of and abutting two or more intersecting streets where the interior angle of intersection is less than one hundred thirty-five (135) degrees. In this instance: (a) the front lot line and lot width shall be the street line with lesser frontage; (b) the lot depth shall be the greater lot dimension; (c) there shall be no rear lot point; (d) the rear lot line shall be the opposite the front lot line; and (e) the secondary front façade shall be treated as a side lot line. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT, FLAG — A lot that is categorically an interior lot but with two distinct parts, the flag and the pole. The pole is narrower than the flag and connects to the street. The flag is often irregularly shaped and shares boundaries with numerous other lots. A typical flag lot has one front lot line, four side lot lines, and one rear lot lines. See LOT TYPE DIAGRAM and LOT LINE DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT, INTERIOR — A lot other than a cap lot, corner lot, or through lot. A regular interior lot has one front lot line, two side lot lines, and one rear lot line. See LOT TYPE DIAGRAM and LOT LINE DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT, THROUGH — (1) A lot that fronts upon two parallel (non-intersecting) streets. In this instance, a through lot has two front lot lines and two side lot lines. (2) A lot that fronts on two intersecting streets but is not a corner lot. In this instance, a through lot has two front lot lines, four side lot lines, and one rear lot point. See LOT TYPE DIAGRAM, LOT LINE DIAGRAM, and REAR YARD DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT, WHOLE BLOCK - A lot that has contiguous frontage upon rights-of-way along all lot line boundaries. A whole block lot only has front lot lines. When no standard is specified for whole block lots in the zone or district, any standard for corner lots in that zone or district shall apply. See LOT TYPE DIAGRAM and LOT LINE DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT AREA — The total area within the lot lines of a lot but not including any street rights-of-way.

LOT CONSOLIDATION — An action eliminating lot lines from contiguous lots.

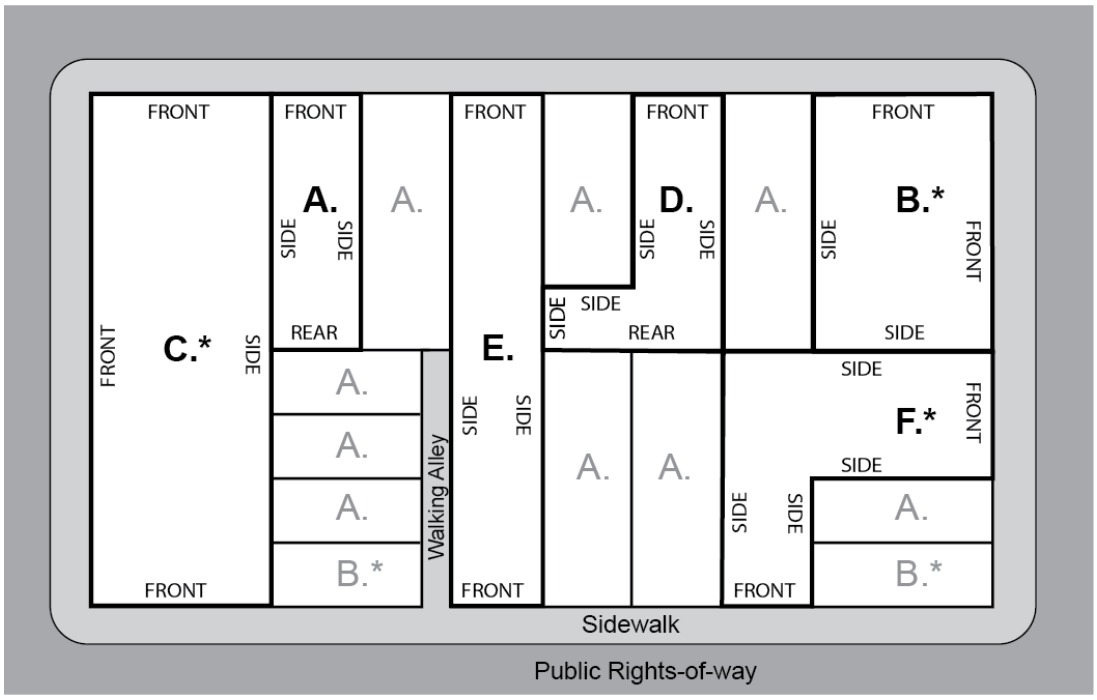
LOT COVERAGE — The square footage or other area measurements by which all buildings and impervious surfaces occupy a lot as measured on a horizontal plane around the periphery of the foundations and paved areas, and including the areas under the roof of any structure.

LOT DEPTH — (1) For interior lots and flag lots, the shortest horizontal distance between the street line and a line drawn parallel to the street line through the midpoint of the rear lot line. (2) For corner lots and through lots, the dimension between a street line and a parallel lot line. Corner lots and through lots on intersecting streets have two lot depths. See LOT, CORNER regarding historic districts and historic overlays. (3) For cap lots, the distance between midpoint of the side lot line and the parallel street line. (4) For whole block lots, there is no lot depth. See LOT TYPE DIAGRAM, LOT LINE DIAGRAM, LOT WIDTH AND DEPTH DIAGRAM, and REAR YARD DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT FRONTAGE — That portion of a lot extending along a street line.

LOT LINE — Any line forming a portion of the exterior boundary of a lot and the same line as the street line for that portion of lot abutting a street. "Lot lines" extend vertically in both directions from ground level.

LOT LINE DIAGRAM — See image below. See LOT, CORNER, regarding historic districts and historic overlays. **[Added 10-13-2022 by Ord. No. 22-084]**



A. Interior Lots - one front lot line, two sides lot lines, one rear lot line
B. Corner Lots - two front lot lines, two side lot lines, one rear lot point
C. Cap Lots - three front lot lines, one side lot line, one rear lot point
D. Flag Lots - one front lot line, three side lot lines, one rear lot line
E. Through Lots (parallel streets) - two fronts lot lines, two sides lot lines
F. Through Lots (intersecting streets) - two fronts lot lines, two side lot lines, one rear lot point

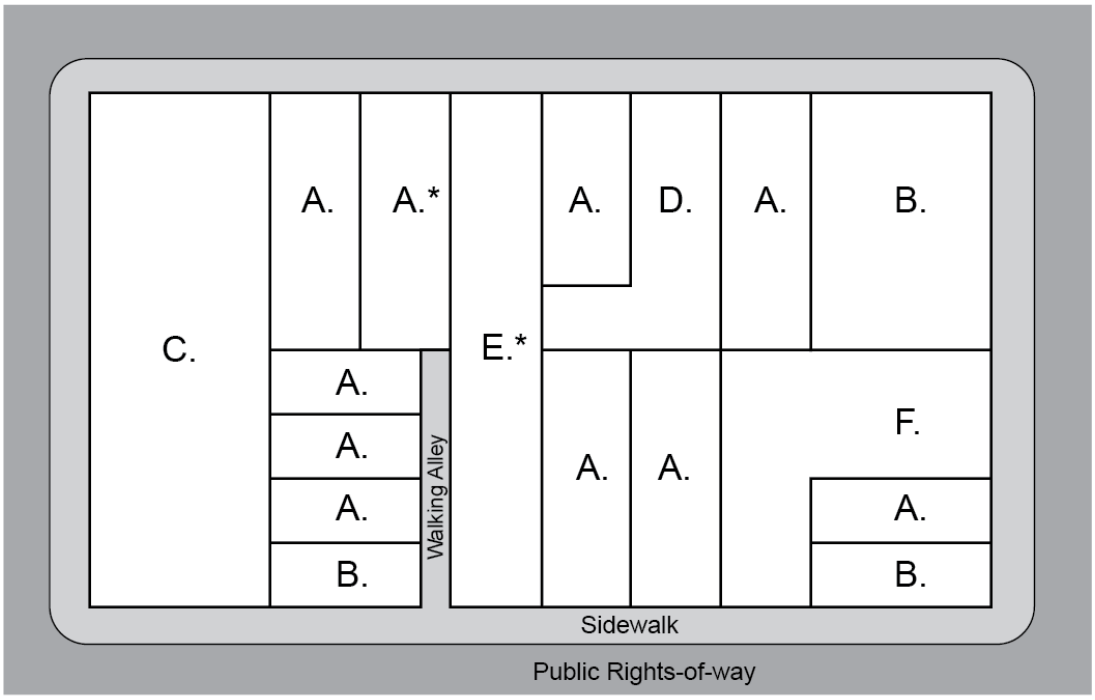
*rear lot point not shown

LOT LINE, FRONT — The lot line separating a lot from a street right-of-way, also referred to as a "street line." See LOT TYPE DIAGRAM and LOT LINE DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT LINE, REAR — The lot line opposite and most distant from the front lot line, or the most distant point at which the side lot lines meet as measured from the point at which the front lot lines meet. See LOT TYPE DIAGRAM, LOT LINE DIAGRAM, and REAR YARD DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT LINE, SIDE — Any lot line other than a front or rear lot line. See LOT TYPE DIAGRAM and LOT LINE DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

LOT TYPE DIAGRAM — see image below. **[Added 10-13-2022 by Ord. No. 22-084]**

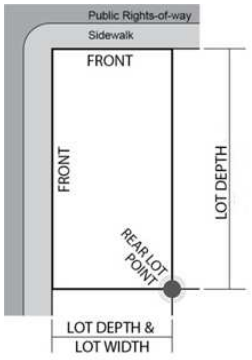


A. Interior Lots
B. Corner Lots
C. Cap Lots
D. Flag Lots
E. Through Lots (parallel streets)
F. Through Lots (intersecting streets)

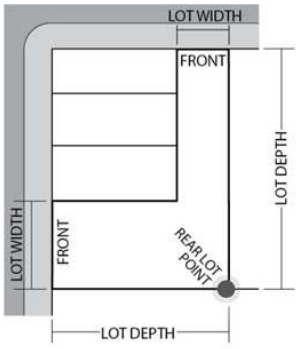
*walking alley frontage does not change lot designation unless the subject parcel was part of the major subdivision to create, extend or widen the walking alley.

LOT WIDTH — (1) For interior lots and flag lots, the straight and horizontal distance between side lot lines at the street line. (2) For corner lots, the shortest distance between any two lot lines at the street line. See LOT, CORNER regarding historic districts and historic overlays. (3) For whole block lots, the shortest distance between any two lot lines at the street line. (4) For through lots, the distances between side lot lines at the street lines. Through lots have two lot widths. (5) For cap lots, the greatest dimension of a street line. See LOT TYPE DIAGRAM, LOT LINE DIAGRAM, and LOT WIDTH AND DEPTH DIAGRAM. **[Amended 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]**

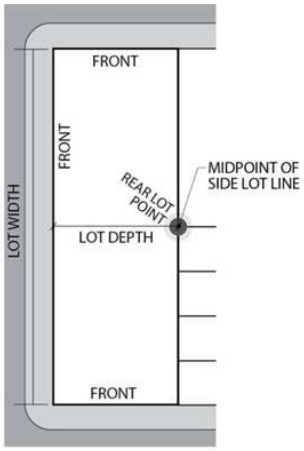
LOT WIDTH AND DEPTH DIAGRAM — see image below. See LOT, CORNER regarding historic districts and historic overlays.



CORNER LOT



THROUGH LOT
(INTERSECTING STREETS)



CAP LOT

MAINTENANCE GUARANTEE — Any security which may be accepted by a municipality for the maintenance of any improvements required by the Municipal Land Use Law, including but not limited to surety bonds and letters of credit under the circumstances specified in Section 16 of P.L. 1991, c. 256 (C. 40:55D-53.5), and cash.

MARINA — A shorefront development that provides private and commercial pleasure craft mooring, launching and fueling.

MARINA, FULL SERVICE — A shorefront development that provides private and commercial pleasure craft mooring, launching, fueling, repair, storage and on-shore service facilities.

MARINA SERVICES — Commercial uses associated with the operation of a marina. These shall include, but not be limited to, bait and tackle shops, yacht clubs, up-land security posts but shall not include boat repair or storage or other similar uses.

MARQUEE — A metal rooflike, permanent structure often containing a signboard that projects from the wall of a building, over an entrance to a theatre or other building.

MASS TRANSIT FACILITY — A fixed route and/or station used to facilitate the transportation of people (as opposed to goods) on a fixed route and fixed schedule basis generally on conveyances such as buses, rapid-transit vehicles and commuter rail facilities.

MATCH — Either an exact or an approximate replication. If not an exact replication, the approximate replication shall be so designed as to achieve a harmonious result which exhibits the color, texture and dimensions of the original feature(s).

MAY — Permissive action

MAYOR — The chief executive of the City.

MECHANICAL EQUIPMENT — Any device below, above, or within a structure or on a lot which provides necessary support service for that structure. Mechanical equipment shall include but not be limited to heating and cooling units, and elevator bulkheads.

MEZZANINE — An intermediate floor placed in any story or room. For the purposes of zoning, a mezzanine, no matter the size, shall be counted as a story in determining the height of a building. **[Amended 7-18-2018 by Ord. No. 18-074]**

MID-RISE APARTMENT BUILDING — A multi-family residential building with three (3) to eight (8) stories and more than four dwelling units.

MIXED USE — A lot or structure containing more than one principal zoning use.

MOBILE FOOD VENDOR — A business that sells food or beverages from a vehicle such as a truck, van or pushcart, whether such food or beverages are prepared on site or prepared elsewhere and transported to the site of the sale. **[Added 4-22-2015 by Ord. No. 15-048]**

MOBILE HOME — A dwelling unit manufactured in one or more sections, designed for long-term occupancy; containing living and sleeping accommodations, a flush toilet, a tub or shower, bath and kitchen facilities with plumbing and electrical connections provided for attachment to outside systems; and designed to be transported after fabrication on its own wheels, or on flatbed or other trailers, arriving at the site where it is to be occupied as a dwelling complete, usually including major appliances and furniture, and ready for occupancy except for minor and incidental unpacking and assembly operations. Travel trailers and campers are not considered "mobile homes."

MORTUARY — An establishment with facilities for the preparation of the dead for burial or cremation, for the view of the body, and for funerals.

MULTI-FAMILY BUILDING — A building containing three or more dwelling units that share common horizontal and vertical separations. May also be referred to as Multi-unit Building or Multi-unit Residential. **[Added 10-13-2022 by Ord. No. 22-084]**

MUNICIPALITY — City of Jersey City.

MLUL — The Municipal Land Use Law, N.J.S.A. 40:55D-1 et seq.

MUNICIPAL AGENCY — The Planning Board, Board of Adjustment, or the City Council when acting pursuant to the Municipal Land Use Law.

MUNICIPAL RESIDENT — A person who is domiciled in Jersey City.

MUNTINS — In windows, doors and storefronts, framing members that subdivide a glazed area into individual panes, lights or panels.

MURAL — An art installation, visible to the public right-of-way, consisting of paint, and adhered directly to the wall of a building or structure.

NARCOTIC AND DRUG ABUSE TREATMENT CENTER — Any licensed institution, facility, place, building or agency which supplies care, treatment, services, maintenance, accommodation or board, or any of these services in a group setting primarily or exclusively for individuals having any type of habitation, dependency or addiction to the use of any kind of controlled substance, alcohol, narcotic drug or other type of drug; and which provides guidance, supervision and personal services which enable the drug user, dependent or addict to move into independent living in normal surroundings, but does not provide those services that can be rendered only by a physician or within the confines of a hospital, and does not provide a permanent residence but only a temporary one.

NAMEPLATE — Identification located on the premises, giving the name or addresses or both of the owner or occupant of a building or premises.

NET LEASABLE AREA — The square footage of the area as measured from within the inside surface of the outer glass or finished walls of the building to the opposite walls, or, in the case of partial floor leases, to the midpoint of internal dividing walls, excluding only the areas (service areas) within the outside walls used for elevator mechanical rooms, building stairs, elevator shafts, flues, vents, stacks, and vertical ducts, but including all columns within the leased area and any such areas which are for the specific use of the particular tenant such as special stairs or elevators, plus a proportionate allocation of the square footage of the building's elevator mechanical rooms, common areas on the same floor of the leased premises, and the ground floor lobby.

NEW URBANISM — Interrelated patterns of land use, transportation, and urban forms used to create communities that promote: neighborliness, environmental sustainability, economic efficiency and prosperity, historic preservation, participation in civic processes, and human health. New Urbanism practices apply to all scales of community, from the region to the neighborhood. Communities developed utilizing New Urbanism principals usually take the form of an urban street grid, or modified street grid system, in order to provide a more even distribution of vehicular traffic and a more varied and convenient pedestrian network.

NIGHTCLUB — An establishment in which music, dancing, and/or live entertainment is conducted and which may also dispense liquor and/or food.

NONCONFORMING BUILDING OR STRUCTURE — A building or structure which, in its location upon a lot or in its size, does not conform to the regulations of this Chapter for the district in which it is located.

NONCONFORMING LOT — A lot of record which does not have the minimum width, frontage or depth or contain the minimum area or shape factor requirements for the district in which it is located.

NONCONFORMING USE — A use or activity which was lawful prior to the adoption, revision or amendment of a zoning ordinance or redevelopment plan, but which fails to conform to the requirements of the zoning district or redevelopment plan in which it is located by reasons of such adoption, revision or amendment.

NONCONTRIBUTING — A building, object, site or structure which neither adds to nor detracts from a historic district's or cluster's sense of time and place and historical development.

NOTICE TO PROCEED — A document attesting that an emergency situation exists, as certified by the Building or Zoning/Administrative Officer, requiring an immediate issuance of a building permit or other permit to commence to stabilize, secure, repair or protect a landmark building, structure, object, site or landscape feature.

NURSING FACILITY/NURSING HOME — See LONG TERM CARE FACILITY.

OCCUPATION — Gainful employment in which an individual engages to earn compensation.

OFFSITE -Located outside the lot lines of the lot in question but within the property of which the lot is a part, which is the subject of a development application or the closest half of the street or right-of-way abutting the property of which the lot is a part.

OFF-TRACT — Not located on the property which is the subject of a development application nor on the closest half of the abutting street or right-of-way.

OFFICE — A place for the transaction of business where reports are prepared, records are kept and services rendered, but where no retail sales are offered and where no manufacturing, assembly or fabricating takes place. **[Amended 5-25-2022 by Ord. No. 22-043]**

OFFICE, MEDICAL — A professional office where the services of one or more practitioner can be obtained and where patients are studied or treated on an outpatient basis and where no overnight accommodations are provided. Medical office is permitted wherever Office is a permitted use. Veterinarian offices are considered medical offices. Medical offices are subject to all licensing and code requirements from all relevant government regulations, including but not limited to those from the Department of Health and the State Uniform Construction Code. **[Amended 5-25-2022 by Ord. No. 22-043]**

OFFICIAL MAP — A map adopted by ordinance which shall be deemed to be conclusive with respect to the location and width of streets, public parks and playgrounds, and drainage rights-of-way shown thereon (N.J.S.A. 40:50D-32).

ON-SITE — Located on the lot in question and excluding any abutting street or right-of-way.

ON-TRACT — Located on the property that is the subject of a development application or on a contiguous portion of a street or right-of-way.

OPAQUE SCREENING — Any type of screening that completely obscures that which is to be hidden from view; this may include, but shall not be limited to, solid masonry walls, reflective glass, etc.

OPEN SPACE — Any parcel or area of land or water set aside, dedicated, designated or reserved for public or private use or enjoyment, or for the use and enjoyment of owners and occupants of land

adjoining or neighboring such open space; such areas may be improved with only those buildings, structures, streets and off-street parking and other improvements that are customary and incidental to the openness of the land and may be designed for either passive or active recreational use.

ORDINARY REPAIRS — Replacement or renewal of existing fabric of a building or a structure, site, object or landscape feature or of parts of the service equipment therein, with the same material or equipment parts, that are made in the ordinary course of maintenance and that do not in any way affect health, fire or structure safety of the landmark building, structure, site, object or landscape feature; or do not affect the design or integrity of the historic fabric of the landmark building, structure, object, site or landscape feature.

OUTDOOR STORAGE — The storage of goods and materials outside of any building or structure.

OWNER — An individual, firm, association, syndicate, co-partnership or corporation having sufficient proprietary interest in the land involved in an Application for Development to commence and maintain proceedings to develop the same under this Chapter.

PARCEL — A lot or contiguous group of lots in a single ownership or under single control.

PARK — A form of public open space either publicly or privately owned and available for recreational, educational, cultural or aesthetic use, which may include, but not be limited to, amenities such as landscaping, lighting, benches, fountains, recreational equipment, etc.

PARKING, COMMERCIAL — Any parking facility open to the public where a fee is charged and where the persons parking therein do not necessarily live or work in a building or development which the parking lot, area, or structure is intended to serve.

PARKING, COMMUTER — a commercial lot for the parking of personal passenger vehicles or buses, while occupants of the vehicles travel by trolley, train, boat, bus, van, foot, or other means to another destination for purposes of work or pleasure.

PARKING, PUBLIC — see PARKING, COMMERCIAL.

PARKING, SHARED — Parking facilities which utilize the same parking spaces to accommodate the parking needs for two or more separate and distinct users.

PARKING, VALET (ATTENDANT) — Parking facilities in which an attendant parks and retrieves vehicles; aisles between spaces usually do not exist.

PARKING SPACE — An accommodation for the parking of one licensed motor vehicle. A standard parking space measures 8.5' × 18', exclusive of driveways, access drives, fire lanes, and public rights-of-way.

PARKING SPACE, COMPACT — An accommodation for the parking of one licensed motor vehicle. A compact parking space measures 8' × 16', exclusive of driveways, access drives, fire lanes, and public rights-of-way.

PARLOR FLOOR — The first floor above grade in a dwelling with a basement.

PASEO — An uncovered public walkway or passageway.

PATIO — A level, surfaced area at or within one and one-half feet of the finished grade, not covered by a permanent roof. It may be of wood or masonry construction.

PENTHOUSE — The uppermost story of a building. **[Amended 7-18-2018 by Ord. No. 18-074]**

PERFORMANCE GUARANTEE — Any security that may be accepted by a municipality to assure that improvements required as part of an application for development will be satisfactorily completed.

PERMEABLE PAVEMENT — A pavement system that forces water to filter through the grout between pavers to infiltrate the soil. **[Added 6-24-2020 by Ord. No. 20-044]**

PERMITTED USE — Any use of land or buildings as permitted by this Chapter in the zone in which it is situated.

PERVIOUS PAVEMENT — A pavement system that allows water to infiltrate through the pavement into an underground stone reservoir to provide temporary storage before infiltrating the soil. Pervious pavement includes pervious asphalt, pervious concrete, and interlocking pavers. **[Added 6-24-2020 by Ord. No. 20-044]**

PLANNING BOARD — The Jersey City Planning Board established pursuant to the N.J.S.A. (C. 40:55 D- 23).

PLAT — A map or maps of a subdivision.

PLAT, PRELIMINARY — The preliminary map indicating the proposed layout of the subdivision which is submitted to the Reviewing Board for approval.

PLAZA — An open area for the general public's use that may serve as a point of assembly and/or a physical link between two buildings, and which is designed for pedestrian access from the street level(s) which it abuts and which has improved surfacing, sitting areas, landscaping, and public art.

PORCH — A roofed open area, which may be screened or enclosed and is attached to or part of a principal structure. See ENCROACHMENT. **[Added 10-13-2022 by Ord. No. 22-084]**

POROUS PAVEMENT — A grid paver system filled with dirt, sand, or gravel that provides grass reinforcement, ground stabilization and gravel retention. **[Added 6-24-2020 by Ord. No. 20-044]**

PREDOMINANT FRONT YARD SETBACK — The most frequently occurring setback on the block frontage.

PRELIMINARY APPROVAL — Conferral on the applicant the following rights for a three-year period from the date of preliminary approval (N.J.S.A. 40:55D-46)

A. That the general terms and conditions on which the preliminary approval was granted shall not be changed.

B. That the applicant may submit for final approval on or before the expiration of this three- year period.

PRINCIPAL BUILDING — A building in which the principal use of the lot is conducted.

PRINCIPAL USE — The primary use of land or structures as distinguished from an accessory use.

PROFESSIONAL REVIEW — Technical review of applications for development by staff or retained consultants, who are considered competent and prepared by virtue of their expertise, training, education and/or licensure to undertake such review for the land use boards of the City of Jersey City. All professional review shall take place under the supervision of New Jersey licensed professional planners, engineers, architects, landscape architects or surveyors.

PROJECTIONS - An area beyond the building line or build to line into which certain building features protrude. Typical projections may include cornices, eaves, leaders, sills, headers, or other elements that commonly protrude beyond the façade of the building. **[Added 10-13-2022 by Ord. No. 22-084]**

PUBLIC AREAS — Public parks, playgrounds, trails, paths and other recreational areas; other public open spaces; scenic and historic sites; and sites for schools and other public buildings and structures.

PUBLIC IMPROVEMENTS — Public parks and open space, streets, sidewalks, water and sewer lines and other similar spaces and infrastructure.

PUBLIC/QUASI-PUBLIC USE — Any use that enables a public or private institution to carry out its functions to preserve or promote public health, safety and welfare and shall include, but not be limited to, religious organizations, public and private schools, civic and fraternal organizations, nursing homes, hospitals, public works and government buildings, daycare facilities and non-profit organizations.

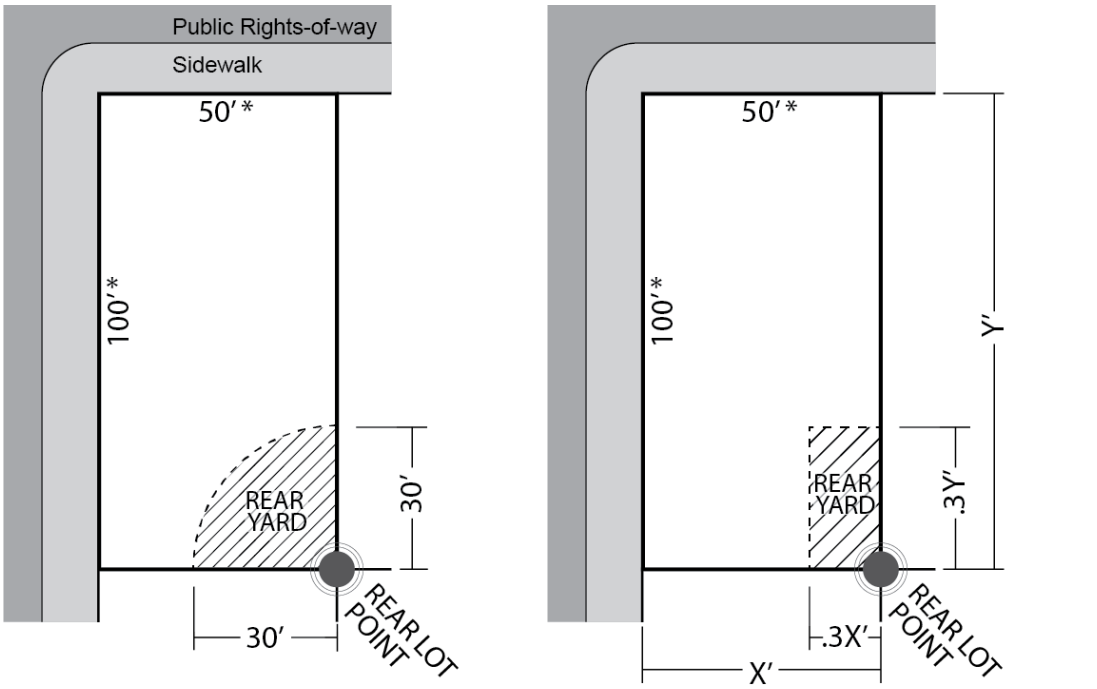
PUBLIC UTILITY — Any public utility regulated by the Board of Regulatory Commissioners and defined pursuant to C. 48:2-13.

QUORUM — A majority of the full authorized membership of a municipal agency.

RAIN GARDEN — A shallow planted depression designed to retain or detain stormwater before it is infiltrated or discharged downstream. **[Added 6-24-2020 by Ord. No. 20-044]**

REAR LOT POINT - See LOT LINE, REAR. See YARD, REAR. See REAR YARD DIAGRAM. See LOT WIDTH AND DEPTH DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

REAR YARD DIAGRAM — See image below. See LOT, CORNER regarding historic districts and historic overlays. **[Added 10-13-2022 by Ord. No. 22-084]**



CORNER LOT
(REAR YARD = 30FT)

CORNER LOT
(REAR YARD = 30% OF LOT DEPTHS)

* These lot dimensions are provided for demonstrative purposes only

RECONSTRUCTION — The act or process of reassembling, reproducing or replacing by new construction the form, detail and appearance of a property and its setting as it appeared at a particular period of time by means of the removal of later work, or by the replacement of missing earlier work or by reuse of original materials for historical preservation purposes.

REDEDICATED (Street or Right-of-Way) — A public right-of-way once having been vacated for private use and returned by ordinance to its previous status as a public right-of-way.

REHABILITATION — The act or process of returning a building, object, site, structure or landscape feature to a state of utility through repair, remodeling or alteration that makes possible an efficient contemporary use while preserving those portions or features of the building, object, site or structure that are significant to its historical, architectural and cultural values for historical preservation purposes.

RESTAURANT — Any establishment, however designated, at which food is sold for consumption on premises, normally to patrons seated within an enclosed building. However, a snack bar at a public or

community playground, playfield, park, or swimming pool operated solely by the agency or group operating the recreation facilities, and for the convenience of patrons of the facility, shall not be deemed to be a restaurant.

RESTAURANT, CATEGORY ONE — A restaurant which is designed for and whose primary function and operation is the preparation and service by employees of meals to a customer or customers seated at the table or bar at which the meal is consumed. A category one restaurant operates without substantial carry-out or delivery service; with no drive-thru, drive-in, or service in vehicles. **[Amended 9-9-2015 by Ord. No. 15-115]**

RESTAURANT, CATEGORY TWO — A restaurant or mobile food vendor whose primary function is the preparation and service by employees of food to customers as part of an operation designed to include substantial carry-out service; delivery service; self-service, and which may, but is not required to, include on-premises consumption, except that no drive-in, drive-thru, or service in vehicles is permitted. **[Amended 4-22-2015 by Ord. No. 15-048]**

CAFÉ - RESTAURANT, CATEGORY TWO — A small-scale restaurant, with limited seating, engaged in the selling of light meals and drinks. A café is designed to operate for substantial carry-out service; delivery service; self-service; counter service, and which may, but is not required to, include on-premise consumption. No commercial kitchen or ventilation systems are permitted. **[Added 9-9-2015 by Ord. No. 15-115]**

RESTAURANT, CATEGORY THREE — A restaurant whose primary function is the preparation and service by employees of food to customers as part of an operation which may be designed with carry-out service; delivery service; self-service; on-premise consumption; or customer pick-up service utilizing a vehicular drive-thru.

RESTAURANT, DRIVE-IN — An establishment where the majority of the patrons purchase food, soft drinks, ice cream, and similar confections for takeout or consumption on the premises but outside the confines of the principal building, or in automobiles parked upon the premises, regardless of whether or not, in addition thereto, seats or other accommodations are provided for the patrons.

RESTORATION — The act or process of accurately recovering the form and details of a building, object, site or structure and its setting as it appeared at a particular period of time by means of the removal of later work or by the replacement of missing earlier work.

RETAIL BROKERAGE — See FINANCIAL SERVICES FACILITY.

RETAIL SALES — An establishment engaged in selling goods or merchandise to the general public for personal or household consumption and rendering services incidental to the sale of such goods. In no instance shall bars or service stations be considered as retail sales.

RETAIL SERVICES — An establishment providing services, as opposed to products, to the general public for personal or household use. In no instance shall drug rehabilitation centers be considered as retail services.

RIGHT-OF-WAY — A strip of land used or intended to be used as a street, lane, alley, pedestrian way, bikeway, railway, or some combination thereof; for the purpose of conveying people and/or goods, whether publicly or privately owned, and as indicated on the municipal tax map or created by subdivision or an easement granted to the City of Jersey City for public access and duly filed and recorded in the office of the Hudson County Registrar. **[Added 7-16-2014 by Ord. No. 14-077]**

ROOF DECK — An amenitized roof space atop the uppermost floor of a building. In a high-rise configuration with a tower and a base/podium component, the area atop the base/podium shall be considered a roof deck. Roof decks may be used for common recreation space or private recreation space. See TERRACE. **[Added 10-13-2022 by Ord. No. 22-084]**

ROOMING HOUSE — See BOARDING HOUSE.

ROW HOUSE — see TOWNHOUSE.

SANITARY LANDFILL — The means by which refuse is deposited, compacted and covered with clean fill and meeting all the standards of the State of New Jersey and the City of Jersey City and the New Jersey Meadowlands Commission in the areas of their jurisdiction.

SATELLITE DISH ANTENNA — A device or instrument, designed or used for the reception of television or other electronic communications signal broadcast or relayed from an earth satellite. It may be solid, open mesh, or bar-configured structure in the shape of a shallow dish or parabola.

SATELLITE EARTH STATION — A Satellite Dish Antenna larger than 3 feet in diameter.

SCHOOL — An institution of academic education which is designed, constructed or used for education of students up to and through the secondary level.

SCREENING — The decorative fencing, evergreen, or other vegetation maintained for the purpose of concealing from view the area behind such structures, evergreen, or other vegetations.

SELF STORAGE FACILITY - A facility consisting of individual, self-contained units leased to individuals, organizations, or small businesses for self-service storage of personal property. No commercial warehousing is permitted. Self storage shall not be considered retail sales or service. **[Added 3-11-2015 by Ord. No. 15-025]**

SENIOR HOUSING — Housing that is located and designed to meet the special needs and accommodate the changing living arrangements of an elderly population, aged 62 and older.

SERVICE STATION — A place where motor fuel, lubricants and miscellaneous accessories for motor vehicles are sold and dispensed and where services may be rendered for engine and mechanical repairs, but where no automobile painting and bodywork are done and where no junked or unregistered motor vehicles are kept or stored. Service stations may also include retail sales of food and sundry items of convenience to the general public and roll over car washes.

SETBACK, REQUIRED — a line that is established to set a minimum horizontal distance from the street line or the lot line and beyond which a building or part of a building is not permitted to extend toward the street line, or lot line, or rear lot point. **[Added 10-13-2022 by Ord. No. 22-084]**

SETBACK LINE — A line drawn parallel to a street line or lot line and drawn through the point of a building nearest to the street line or lot line. Regarding a rear lot point see SETBACK DIAGRAM, REAR YARD. **[Added 10-13-2022 by Ord. No. 22-084]**

SHALL — Mandatory requirement

SHAPE FACTOR — The perimeter of the lot squared, divided by the lot area.

SHORT-TERM RENTAL — The accessory use of a dwelling unit for occupancy by someone other than the unit's owner or permanent resident for a period twenty-eight (28) or fewer consecutive days. **[Added 10-28-2015 by Ord. No. 15-137; amended 6-25-2019 by Ord. No. 19-077]**

SIDE SLOPE — The section of a hill that is below the Talus Slope and generally of moderate or lesser gradient than the Talus Slope or cliff face.

SIGHT TRIANGLE — The area outside the right-of way which is bounded by intersecting street lines and the straight line connecting sight points, one each located on the two intersecting street center lines, the following distance away from the intersecting center lines: primary and secondary arterial streets at one hundred (100) feet; major and minor collector streets at sixty (60) feet; and local streets at forty (40) feet. Where the intersecting streets are both arterial, both collectors or one arterial and one collector, two overlapping sight triangles shall be required, formed by connecting the sight points noted above with a sight point forty (40) feet on the intersecting street. The classification of streets shall be those in the Master Plan of the Jersey City.

SIGN — Any device, fixture, placard or structure that uses color, form, picture, display, graphic, illumination, symbol or writing to advertise, attract attention to, announce the purpose of, or identify a person, entity or thing, or to communicate any information to the public.

SIGN, BANNER — Any sign intended to be hung flush with any building wall either with or without frames, possessing characters, letters, illustrations or ornamentations applied to paper, plastic or fabric of any kind. National flags, flags of political subdivision and symbolic flags of political subdivisions and symbolic flags of any institutions or business shall not be considered banners.

SIGN, BUILDING — Any sign attached below the roofline to any part of a building, as contrasted to a freestanding sign. Building signs include wall signs, window signs, and canopy signs.

SIGN, CANOPY — Any sign on, or attached to, an awning, marquee, or canopy.

SIGN, FREESTANDING — Any sign supported by structures or supports that are placed on, or anchored in, the ground, and that are independent from any building or other structure.

SIGN, HANGING/BLADE — A sign that is wholly or partly dependent upon a building for support and that projects perpendicular more than twelve (12) inches from such building.

SIGN, INTERNALLY ILLUMINATED — Any sign which has characters, letters, figures, designs or outline illuminated, and where the light source is contained within or directly behind the sign band.

SIGN, MONUMENT — A sign which the entire bottom is in contract with or is close to the ground and is independent of any other structure.

SIGN, PYLON/POLE — A sign that is mounted on a freestanding pole or other support so that the bottom edge of the sign face is six feet or more above grade.

SIGN, WALL — Any sign attached parallel to, but within six inches of a wall, painted on the wall surface, or erected and confined within the limits of an outside wall of any building or structure, which is supported by such wall or building, and which displays only one sign surface and may be made of a fabric material.

SIGN, WINDOW — Any sign that is placed within a window or upon the window panes or glass and is visible from the exterior of the window.

SINGLE ROOM OCCUPANCY (SRO) — A housing type consisting of one room with private or shared bathroom facilities, and no cooking facilities are provided.

SITE — Any plot or parcel of land or combination of contiguous lots or parcels of land. Within historic districts, a site is the location of a significant event, a prehistoric or historic occupation or activity, or a building, structure, object or landscape feature, whether standing, ruined or vanished, where the location itself maintains historical, cultural, architectural or archaeological value regardless of the value of any existing structure.

SITE PLAN — A development plan of one or more lots on which is shown the proposed conditions of the lot, showing the location of proposed buildings, drives, parking spaces, walkways, means of ingress and egress, and any other information that may be reasonably required in order to make an informed determination pursuant to an ordinance requiring review and approval.

SITE PLAN, MINOR — A development plan of one or more lots which (1) proposes new development within the scope of development specifically permitted by ordinance as a minor site plan; (2) does not involve planned development, any new street or extension of any off-tract improvement which is to be prorated pursuant to section 30 of P.L. 1975, c.291 (C.40:55D-42); and (3) contains the information reasonably required in order to make an informed determination pursuant to an ordinance requiring review and approval of site plans.

SITE PLAN REVIEW — The examination of the specific development plans for a lot as per N.J.S.A. 40:55D-37 et seq.

SOIL CONSERVATION DISTRICT — The Hudson-Essex-Passaic Soil Conservation District.

SOIL EROSION AND SEDIMENT CONTROL PLAN — A plan which indicates necessary land treatment measures, including a schedule for installations, which will effectively minimize soil erosion and sedimentation. Such measures shall be at least equivalent to the standards and specifications as adopted by the Hudson-Essex-Passaic Soil Conservation District.

STABILIZATION — The act or process of applying measures designed to reestablish a weather-resistant enclosure and the structural stability of an unsafe or deteriorated building, object, site, structure or landscape feature while maintaining the essential form as it exists at present.

STEEP SLOPE — Shall be defined as an area in which the change in elevation is in excess of thirty percent (30%).

STEPBACK — The distance the upper floors or portions of a building or structure are setback from the outermost edge of that building or structure as measured from its intersection with grade. (Upper floors may be any floor above the ground level floor.)

STILTED BUILDING — A structure built above the surface of the grade with the first floor resting on or supported by posts and the grade level exposed.

STORMWATER BUMP-OUT — A vegetated curb extension that protrudes into the street. The bump-out is composed of a layer of stone that is topped with soil and plants, with an inlet or curb-cut directing runoff into the bump-out structure where it can be stored, infiltrated, and taken up by the plants. **[Added 6-24-2020 by Ord. No. 20-044]**

STORMWATER PLANTER — A specialized planter installed in the sidewalk area that is designed to manage street and sidewalk runoff. The planters are lined with a permeable fabric, filled with gravel or stone, and topped off with soil, plants, and sometimes trees. The top of the soil in the planter is lower in elevation than the sidewalk, allowing for runoff to flow into the planter through an inlet at street level. Excess runoff is directed into an overflow pipe connected to the existing combined sewer pipe. **[Added 6-24-2020 by Ord. No. 20-044]**

STORMWATER TREE TRENCH — A system of trees that are connected by an underground infiltration structure to manage the incoming runoff. This system is composed of a trench dug along the sidewalk, lined with a permeable geotextile fabric, filled with stone or gravel, and topped off with soil and trees. Stormwater runoff flows through a special inlet (storm drain) leading to the trench where runoff is stored, watering the trees and slowly infiltrating through the bottom. **[Added 6-24-2020 by Ord. No. 20-044]**

STORY — That portion of a building included between the surface of any floor and the surface of the floor next above it, or if there is no floor above it, then the space between the floor and the ceiling next above it. See definitions for "basement," "cellar," "mezzanine," and "penthouse." **[Amended 4-22-2015 by Ord. No. 15-048; 7-18-2018 by Ord. No. 18-074]**

STORY, HALF — A space under a sloping roof that has the line of intersection of the roof decking and wall face not more than three feet above the top floor level and in which space the possible floor

area with a headroom of five feet or less occupies at least 40 percent of the total floor area of the story directly beneath. Also known as an attic. **[Amended 7-18-2018 by Ord. No. 18-074]**

STREET — A street, avenue, boulevard, road, parkway, viaduct, walking alley, or drive but not including alleys or rail rights-of- way: (1) which is an existing state, county or municipal roadway; or (2) which is shown upon a plat heretofore approved pursuant to law; or (3) which is approved by official action as provided by this Chapter; or (4) which is shown on a plat duly filed and recorded in the office of the county recording officer prior to the appointment of a planning board and the grant to such board of the power to review plats; and includes the land between the street lines, whether improved or unimproved, and may comprise pavement, shoulders, gutters, curbs, sidewalks, parking areas and other areas within the street lines. **[Amended 4-22-2015 by Ord. No. 15-048; 10-13-2022 by Ord. No. 22-084]**

STREET FURNITURE — Above-ground items that are usually found in street rights-of-way including benches, kiosks, plants, canopies, shelters, bicycle racks, lamp posts, and trash cans.

STREET LINE — The edge of the street right-of-way forming the dividing line between the street and a lot.

STRUCTURE — A combination of materials to form a construction for occupancy, use or ornamentation, whether installed on, above or below the surface of a parcel of land.

STUDIO, FILM PRODUCTION AND PERFORMING ARTS — An area utilized for the production and editing of films and/or rehearsal space for actors, musicians, dancers and other similar performers. Where this use is permitted within any residential district, no equipment or process shall be used that creates noise, glare, fumes, odors, electrical interference or other nuisance factors detectable to the human senses outside the structure in which the studio is located. In addition, where this use is permitted within a residential district, all studio activities shall be permitted to occur only within an enclosed structure.

SUBDIVIDER — Any individual, firm, association, syndicate, company, partnership, corporation, trust or other legal entity commencing proceedings under this Chapter to effect a subdivision of land for himself or herself or for another.

SUBDIVISION — The division of a lot, tract or parcel of land into two or more lots, tracts, parcels or other divisions of land for sale or development The following shall not be considered subdivisions within the meaning of this Chapter, if no new streets are created:

A. Divisions of property by testamentary or intestate provisions.

B. Divisions of property upon court order, including but not limited to judgments of foreclosure.

C. Consolidation of existing lots by deed or other recorded instrument.

D. The conveyance of one or more adjoining lots, tracts or parcels of land, owned by the same person or persons, and all of which are found and certified by the administrative officer to conform to the requirements of the Municipal Development regulations and are shown and designated as separate lots, tracts or parcels on the Tax Map or Atlas of the City.

SUBDIVISION, MAJOR — Any subdivision not classified as a minor subdivision.

SUBDIVISION, MINOR — Any subdivision containing four lots or less and which does not involve: a planned development; any new street; or the extension of any off-tract improvement, the cost of which is to be prorated pursuant to N.J.S.A. 40:55D-42. Any lot or remaining land approved as a minor subdivision shall not be submitted as a minor subdivision within five years from the date of approval as a minor subdivision. Such lot or tract may be submitted as a major subdivision.

SUBSTANTIAL IMPROVEMENT — Any repair, reconstruction or improvement of a structure, the cost of which equals or exceeds fifty percent (50%) of the market value of the structure either before the improvement or repair is started or, if the structure has been damaged and is being restored, before the damage occurred. For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either any project for improvement of a structure to comply with existing state or local health, sanitary or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

SUBSTANTIAL REHABILITATION OR ALTERATION OF A HISTORIC FACADE — Alteration or rehabilitation of fifty percent (50%) or more of any facade along a public right-of-way within a designated historic district.

TALUS SLOPE — A slope formed by accumulation of debris at the bottom of a cliff.

TERRACE — A deck, patio, or amenitized roof space located atop habitable space or above the ground floor but not atop the uppermost story of a building. Terraces may be used for common or private recreation space. **[Added 10-13-2022 by Ord. No. 22-084]**

THEATER — Space for live or screen performances including movies, plays, and concerts.

THEMATIC GROUP — A finite group of resources related to one another in a clearly distinguishable way by association with a single historic person, event or development force, as one building type or use, as designed by a single architect, as a single archaeological site form or as a particular set of archaeological research.

THREAT FACTOR - The relative threat level to birds posed by various materials and design details as determined by American Bird Conservancy. The Threat Factor quantified as a number between one and 100 that indicates the relative effectiveness of materials or assemblies, typically in reducing bird collisions, but not exclusively, evaluated per a binary choice flight-tunnel protocol involving live birds.

A Threat Factor of 1 is the least threatening and a Threat Factor of 100 is the most threatening. **[Added 3-11-2026 by Ord. No. 26-014]**

TOP OF CLIFF — The portion of a hill located above the cliff face, overlain with regolith, generally the plateau or hill crest.

TOWNHOUSE — A residential building in which each building has its own front and rear access to the outside and is separated from adjacent buildings only by vertical fire-resistant building walls. A townhouse building may contain one to four dwelling units in accordance with the density standard of the particular zoning district in which such property is located.

TOWNHOUSE, BACK-TO-BACK — A townhouse building with individual units that are attached back to back, but in no case shall individual units be located above or below another unit. Each individual unit shall have its own entrance from the exterior. Each building cluster shall have two building front facades and two side facades.

TOWNHOUSE, STACKED — A townhouse building with units that are stacked one on top of the other. Each individual unit shall have its own entrance from the exterior. Stacked Townhouses may also qualify as Back-to-Back Townhouses.

TRANSCRIPT — A typed or printed verbatim record of the proceedings or reproduction thereof.

TRANSIT-WAY — That roadway, easement, rail, trench route, etc. on which a mass transit vehicle travels.

TRANSIT VILLAGE — An urban community well served by mass transit system(s). Transit Villages make it easy for residents to live without a car by allowing for the convenient ability to ride transit and walking within pleasant urban environments. Typically, they have active, vibrant, and strong neighborhood centers providing convenient access to commercial services focused around transit.

TRANSOM — A small window above a door or other window.

TWO-FAMILY — A building on a single lot containing two dwelling units, each of which is separated from the other by an unpierced wall extending from ground to roof or an unpierced vertical and horizontal ceiling and floor extending from exterior wall to exterior wall, except for a common stairwell exterior to both dwelling units.

UNUSUAL AND COMPELLING CIRCUMSTANCES — Those uncommon and extremely rare instances, factually detailed, which would warrant the Historic Preservation Commission action due to the evidence presented.

UPLAND AREA — Land area located above the surface of any body of water.

UTILITY — Water, sewerage, telephone, gas or electric service from a private or public utility company under the regulations of the New Jersey Board of Public Utilities.

VARIANCE — Permission to depart from the literal requirements of the zoning ordinance as per N.J.S.A. 40:55D-70(d).

VEHICULAR SALES AREA — See AUTO SALES.

VIEW CORRIDOR — Three dimensional space through which views of historic, cultural or aesthetic significance may be observed.

VISTA — A view through or along an avenue, street or opening which as a view corridor frames, highlights or accentuates a prominent building, object, site, structure, scene or panorama, or patterns or rhythms of buildings, structures, objects, sites or landscape features; to include views of areas at a distance.

WAIVER — Permission to depart from the requirements of an ordinance with respect to the submission of required documents, and/or compliance with particular design standards.

WALKWAY — Any pathway set aside for and traveled by pedestrians and improved in such way to assist in the designated use.

WALL — A solid, vertical structure of wood, masonry or other material serving to enclose, divide or protect an area.

WAREHOUSE — A building used primarily for the storage of goods and materials.

WATER TRANSPORTATION FACILITIES — See MASS TRANSIT FACILITY.

WHARF — A structure built parallel to the shore, used to load passengers and may also serve as a walkway or access-way. A quay wall is a simple form of wharf that serves as both a retaining wall for shorefront protection and a docking facility.

WHOLESALE SALES AND SERVICES — Establishments or places of business primarily engaged in selling merchandise to retailers; industrial, commercial, institutional or professional business users; other wholesalers; or acting as agents or brokers and buying merchandise for, or selling merchandise to, such individuals or companies.

WIRELESS COMMUNICATION ANTENNAS — Devices which are used for the transmission and reception of wave frequencies for the purposes of any wireless telecommunication (e.g., telephone, radio, paging, and/or television communication) and which are permitted as either second principal uses on existing structures or as "conditional uses" on a tower except in historic districts, in accordance with the specified zoning conditions and standards for their location and operation set forth in this Chapter. Wireless Communication Antennas shall not be considered to be a "public utility."

WIRELESS TELECOMMUNICATION TOWER — A freestanding vertical structure designed to support one or more wireless telecommunication antennas, including monopoles, guyed towers, lathe towers and similar structures.

WORK/LIVE ARTIST STUDIO — A single, enclosed, private space of nine hundred (900) square feet or more, where at least one-half of the volume of the total space is devoted to work space for the creation, display and sale of art, and the remainder is used for living purposes. Nothing in this

definition shall prohibit the use and occupancy of a "work/live artist studio" in a setting where shared kitchen and/or bath facilities are available, provided that applicable health and safety codes are met and maintained.

WORK/LIVE UNIT — A unit that adheres to all of the standards of a Home Occupation except that a minimum of 900 (nine hundred) square feet must be provided, a maximum 50% of which may be used as work space and the remaining space is used for residential purposes. There is no maximum square footage to the workspace so long as it does not exceed 50% of the total unit area.

YARD — An open space that lies between the principal building or buildings and the nearest lot line. The minimum required yard as set forth in the ordinance shall be unoccupied and unobstructed from the ground upward except as may be specifically provided in the zoning ordinance.

YARD, FRONT — An open space extending across the full width(s) of the lot and lying between the street line and the building line. The depth of the front yard shall be measured to the building and shall not be measured to the closest point of an encroachment, unless that encroachment does not conform to the requirements provided in the land development ordinance. The depth of the "front yard" shall be measured horizontally and at right angles to either a straight street line or the point of tangent of curved street lines. The minimum required "front yard" shall be the same as the required setback. See LOT WIDTH AND DEPTH DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

YARD, REAR — An open space extending across the full width of the lot and lying between the rear lot line or rear lot point and the closest point of the principal building on the lot. The depth of the "rear yard" shall be measured horizontally and at right angles to either a straight rear lot line or the point of tangent of curved rear lot lines. The minimum required "rear yard" shall be the same as the required setback. See LOT, CORNER regarding historic districts and historic overlays. See REAR YARD DIAGRAM, and LOT WIDTH AND DEPTH DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

YARD, SIDE — An open space extending from the front yard to the rear yard and lying between each side lot line and the closest point of the principal building on the lot. The width of the required "side yard" shall be measured horizontally and at right angles to either a straight side lot line or the point of tangent of curved side lot lines. The minimum required "side yard" shall be the same as the required setback. See LOT WIDTH AND DEPTH DIAGRAM. **[Added 10-13-2022 by Ord. No. 22-084]**

ZONE — see District

ZONING PERMIT — A document signed by the Zoning Officer.

A. Which is required by ordinance as a condition precedent to the commencement of a use or the erection, construction, reconstruction, alteration, conversion or installation of a structure or buildings.

B. Which acknowledges that such use, structures or buildings comply with the provisions of the City Zoning Ordinance or variance therefore duly authorized by the appropriate agency of the City pursuant to N.J.S.A. 40:55D-60 and 40:55D-70.

ARTICLE II

Land Use Boards, Commissions and Advisory Boards

§ 345-7. Planning board.

A. Establishment of Planning Board.

1. Membership. The City of Jersey City Planning Board shall consist of nine members of the following four classes:

   a. Class I: The Mayor or Mayor's designee.

   b. Class II: One of the officials of the City, other than a member of the City Council, to be appointed by the Mayor.

   c. Class III: A member of the City Council to be appointed by the City Council.

   d. Class IV: Six other residents of the City to be appointed by the Mayor. The members of Class IV shall hold no other municipal office, position or employment except that one member may be a member of the Board of Adjustment. Not more than one Class IV member may be a member of the Board of Education. For the purpose of this section, membership on a City board or commission whose function is advisory in nature, the establishment of which is discretionary and not required by statute, shall not be considered the holding of City office.

   e. Alternate Members. Two alternate members shall be appointed and shall meet the qualifications of Class IV members. Alternate members shall be appointed for a term of two years, and at the time of their appointments shall be designated Alternate No. 1 and Alternate No. 2, respectively. Alternate members may participate in discussions of the proceedings but may not vote except in the absence or disqualification of a regular member. A vote shall not be delayed in order that a regular member may vote instead of an alternate member. In the event that a choice must be made as to which alternate member is to vote, Alternate No. I shall vote.

2. Terms. The term of the Class I member shall correspond to his or her official tenure as Mayor. The terms of the members composing Class II and Class Ill shall be for one year or terminate at the completion of their respective terms of office, whichever occurs first. The term of a Class IV member who is also a member of the Board of Adjustment or Board of Education shall terminate whenever he or she is no longer a member of such other body or at the completion of his or her Class IV term, whichever occurs first. The term of all other Class IV members shall be four years. If a vacancy in any class shall occur otherwise than by expiration of the Planning Board term, it shall be filled by appointment, as above provided, for the unexpired term.

3. Substitute Members When Conflict Exists. If the Planning Board lacks a quorum because any of its members are prohibited by a conflict of interest from acting on a matter due to the member's

personal or financial interest, regular members of the Board of Adjustment shall be called upon to serve, for that matter only, as temporary members of the Planning Board in order of seniority of continuous

service to the Board of Adjustment until there are the minimum number of members necessary to constitute a quorum to act upon the matter without any personal or financial interest. If a choice has to be made between regular members of equal seniority, the Chairperson of the Board of Adjustment shall make the choice.

4. Organization. The Planning Board shall organize annually by selecting from among its Class IV members a chairperson and a vice chairperson. The Board shall also select a secretary who may or may not be a member of the Board or a municipal employee, and create and fill such other offices as established by ordinance.

5. Legal Counsel and Other Professional Staff. The Planning Board may annually appoint an attorney at law of New Jersey other than the Municipal Attorneys as Planning Board Attorney and may fix his or her compensation at an amount not exceeding the amount appropriated. The Planning Board may also employ or contract for and fix the compensation of such experts and other staff and services as it may deem necessary. The Board, however, shall not authorize expenditures which exceed, exclusive of gifts or grants, the amount appropriated by the City Council for its use.

6. Conflict of Interest. No member of the Planning Board shall be permitted to act on any matter in which he has any personal or financial interest, either directly or indirectly.

7. Removal. Any member other than a Class I member, after a public hearing, if requested, may be removed by the City Council for cause.

B. Powers and Jurisdiction of Planning Board.

1. Mandatory Powers. The Planning Board shall exercise its powers in accordance with the Municipal Land Use Law in regard to:

a. The City Master Plan pursuant to N.J.S.A. 40:55D-28.

b. Subdivision and site plan review pursuant to the Land Development Ordinance.

c. Any official map adopted by the City Council pursuant to N.J.S.A. 40:55D-32 et seq.

d. The zoning ordinance including conditional uses pursuant to the land development ordinance.

e. Any capital improvements programs pursuant to N.J.S.A. 40:55D-29 et seq.

f. Variances and certain building permits in conjunction with subdivision, site plan and conditional use approval pursuant to this section.

2. Other Powers. The Planning Board may:

a. Participate in the preparation and review of programs or plans required by State or Federal law or regulation.

b. Assemble data on a continuing basis as part of a continuous planning process.

c. Perform such other duties as are assigned to it by ordinance or resolution of the City Council.

3. Planning Board Review In Lieu of Board of Adjustment. Whenever the proposed development requires approval of a subdivision, site plan or conditional use, but not a variance pursuant to N.J.S.A. 40:55D-70d, the Planning Board shall have the power to grant to the same extent and subject to the same restrictions as the Board of Adjustment:

a. Variances pursuant to N.J.S.A. 40:55D-70c.

b. Direction pursuant to N.J.S.A. 40:55D-34 for issuance of a permit for a building or structure in the bed of a mapped street or public drainage way, flood control basin or public area reserved pursuant to N.J.S.A. 40:55D-32.

c. Direction pursuant to N.J.S.A. 40:55D-36 for issuance of a permit for a building or structure not related to a street.

4. Referral Powers of the Planning Board. Prior to the adoption of a development regulation, revision or amendment thereto, the Planning Board shall make and transmit to the City Council, within thirty-five (35) days after referral, a report including identification of any provisions in the proposed development regulation, revision or amendment which are inconsistent with the City Master Plan and recommendations concerning these inconsistencies and any other matters as the Board deems appropriate. The City Council, when considering the adoption of a development regulation, revision or amendment thereto, shall review the report of the Planning Board and may disapprove or change any recommendation by a vote of a majority of its full authorized membership and shall record in its minutes the reasons for not following such recommendations. Failure of the Planning Board to transmit its report within the thirty-five (35) day period provided herein shall relieve the City Council from the requirements of this subsection in regard to the proposed development regulation, revision or amendment referred to the Planning Board. Nothing in this section shall be construed as diminishing the application of the provisions of N.J.S.A. 40:55D-32 to any official map or an amendment or revision thereto or of N.J.S.A. 40:55D-62 to any zoning ordinance or any amendment or revision thereto.

5. The Mayor may appoint one or more persons as a citizens advisory committee to assist or collaborate with the Planning Board in its duties, but such committee shall have no power to vote or take other action required of the Board. Such persons shall serve at the pleasure of the Mayor.

§ 345-8. Zoning Board of Adjustment.

A. Establishment of Zoning Board of Adjustment. **[Amended 3-25-2015 by Ord. No. 15-032]**

1. Membership. The City of Jersey City Zoning Board of Adjustment (herein referred to as the Board of Adjustment), shall consist of seven (7) regular members and four (4) alternate members, each of whom shall be residents of the City and shall be appointed by the Mayor. All regular members appointed shall serve for terms of four (4) years beginning June 30 of the year of their appointment.

2. Alternate Members. Alternate members shall be appointed for a term of two (2) years, and at the time of their appointments shall be designated Alternate No. 1, Alternate No. 2, Alternate No. 3, and Alternate No. 4, respectively. The terms of not more than two (2) alternate members shall expire in any one (1) year. Alternate members may participate in discussions of the proceedings but may not vote except in the absence or disqualification of a regular member. A vote shall not be delayed in order that a regular member may vote instead of an alternate member. In the event that a choice must be made as to which alternate member is to vote, alternate members shall vote in the order of their numerical designations.

3. Other Municipal Office. No member of the Board of Adjustment shall hold any elective office or position under the municipality. This includes city employees and non-elected officials.

4. Conflict of Interest. No member of the Board of Adjustment shall be permitted to act on any matter in which he or she has, either directly or indirectly, any personal or financial interest.

5. Removal. A member, after a public hearing if requested, may be removed by the City Council for cause. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term only.

6. Election of Officers. The Board of Adjustment shall annually elect a Chairperson and Vice Chairperson from its members and a Secretary who may or may not be a member of the Board or a municipal employee.

7. Substitute Members when Conflict Exists. If the Board of Adjustment lacks a quorum because its regular or alternate members are prohibited by N.J.S.A. 40:55D-69 from acting on a matter due to the member's personal or financial interest, Class IV members of the Planning Board shall be called upon to serve, for that matter only, as temporary members of the Board of Adjustment. The Class IV members of the Planning Board shall be called upon to serve in order of seniority of continuous service to the Planning Board until there are the minimum number of members necessary to constitute a quorum to act upon the matter without any personal or financial interest. If a choice has to be made between Class IV members of equal seniority, the Chairperson of the Planning Board shall make the choice.

8. Legal Counsel and Other Professional Staff. The Board of Adjustment may employ or contract for and fix the compensation of legal counsel, other than the Municipal Attorneys, and experts and other staff and services as it shall deem necessary, not exceeding, exclusive of gifts and grants, the amount appropriated by the City Council for its use.

B. Powers and Jurisdiction of Zoning Board of Adjustment.

1. The Board of Adjustment shall have the following powers:

a. Appeals. Hear and decide appeals where it is alleged by the appellant that there is an error in any order, requirement, decision or refusal made by the Zoning Officer or any other City Official, based on or made in the enforcement of the zoning ordinance.

b. Interpretations. Hear and decide requests for interpretation of the Zoning Map or Ordinance or for decisions upon other special questions upon which such Board is authorized to pass by any Zoning or Official Map Ordinance in accordance with the Municipal Land Use Law.

c. Bulk and Dimensional Variances:

i. Where by reason of exceptional narrowness, shallowness or shape of a specific piece of property, or by reason of exceptional topographic conditions or physical features uniquely affecting a specific piece of property, or by reason of an extraordinary and exceptional situation uniquely affecting a specific piece of property or the structures lawfully existing thereon, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the developer of such property, the Board may grant, upon an application or an appeal relating to such property, a variance from such strict application of such regulation so as to relieve such difficulties or hardship; or

ii. Wherein an application or appeal relating to a specific piece of property the purposes of zoning set forth in N.J.S.A. 40:55D-2 would be advanced by a deviation from the zoning ordinance requirements and the benefits of the deviation would substantially outweigh any detriment, the Board may grant a variance to allow departure from such zoning requirements, provided, however, that the fact that a proposed use is an inherently beneficial use shall not be dispositive of a decision on a variance under this subsection, and provided that no variance from those departures enumerated in this section shall be granted under this subsection; and provided further that the proposed development does not require approval by the Planning Board of a subdivision, site plan or conditional use in conjunction with which the Planning Board has the power to review a request for a variance pursuant to N.J.S.A. 40:55D-6Oa.

d. "d" Variances. Pursuant to N.J.S.A. 40:55D-70:d, In particular cases and for special reasons, the Board may grant a variance to allow departure from zoning regulations to permit (i) a use or principal structure in a district restricted against such use or principal structure, (ii) an expansion of a non-conforming use, (iii) deviation from a specification or standard pursuant to N.J.S.A. 40:55D-67 pertaining solely to a conditional use, (iv) an increase in the permitted floor area ratio as defined in N.J.S.A. 40:55D-4, (v) an increase in the permitted density as defined in N.J.S.A. 40:55D-4 except as applied to the required lot area for a lot or lots for detached one or two dwelling unit buildings which lot or lots are either an isolated undersized lot or lots resulting from a minor subdivision or (vi) a height of a principal structure which exceeds by ten (10) feet or ten percent (10%) the maximum height permitted in the district for a principal structure. A variance under this subsection shall be granted only by an affirmative vote of at least five members.

2. Relief Not Enumerated as a "d" Variance to be Decided Under Bulk and Dimensional Variance Criteria. If an application for development requests one or more variances but not a "d" variance, the decision on the requested variance or variances shall be rendered under the bulk and dimensional variance criteria.

3. Requirement for Showing of No Substantial Detriment. No variance or other relief may be granted under the terms of this section, including a variance or other relief involving an inherently beneficial use, without a showing that such variance or other relief can be granted without substantial detriment to the public good and will not substantially impair the intent and the purpose of the zone plan and zoning ordinance.

4. Referral of Application to Other Agencies. An application under this section may be referred to any appropriate person or agency for its report; provided that such reference shall not extend the period of time within which the Zoning Board of Adjustment shall act.

5. Additional Powers. The Zoning Board of Adjustment shall have the following additional powers:

   a. To direct issuance of a permit pursuant to N.J.S.A. 40:55D-34 for a building or structure in the bed of a mapped street or public drainageway, flood control basin or public area reserved pursuant to N.J.S.A. 40:55D-32.

   b. To direct issuance of a permit pursuant to N.J.S.A. 40:55D-36 for a building or structure not related to a street.

   c. To grant to the same extent and subject to the same restrictions as the Planning Board subdivision or site plan approval or conditional use approval whenever the proposed development requires approval by the Board of Adjustment of a variance pursuant to this section of this ordinance. The developer may elect to submit a separate application requesting approval of the variance and a subsequent application for any required approval of a subdivision, site plan or conditional use. The separate approval of the variance shall be conditioned upon grant of all required subsequent approvals of a site plan or subdivision by the Board of Adjustment. No such subsequent approval shall be granted unless such approval can be granted without substantial impairment to the public good and without substantial impairment to the intent and purpose of the zone plan and zoning ordinance. The number of votes of Board members required to grant any such subsequent approval shall be as otherwise provided in this Chapter for the approval in question, and the special vote pursuant to N.J.S.A. 40:55D-70d shall not be required.

C. Annual Report on Variances Heard by Zoning Board of Adjustment. The Board of Adjustment shall, at least once a year, review its decisions on applications and appeals for variances and prepare and adopt by resolution a report of its findings on zoning ordinance provisions which were the subject of variance requests and its recommendations for zoning ordinance amendment or revision, if any. The Board of Adjustment shall send copies of the report and resolution to the City Council and Planning Board.

§ 345-9. Historic Preservation Commission.

A. Establishment of Historic Preservation Commission.

1. Membership and Terms.

a. The Historic Preservation Commission (HPC) shall consist of eleven (11) members of whom nine shall be regular members and two shall be alternate members. Each member shall be appointed by the Mayor. At least four of the regular members shall be of and designated as Class A and B. The remaining regular members may be of and shall be designated as Class C. The two alternate members shall meet the qualifications of Class C and shall be designated Alternate No. 1 and Alternate 2. The Classes are defined as:

i. Class A — A person who is knowledgeable in building design and construction or architectural history and who may reside outside the city.

ii. Class B — A person who is knowledgeable of, or who has a demonstrated interest in local history and who may reside outside the city.

iii. Class C — Any citizen of the City who shall hold no other municipal office, position or employment except for membership on the Planning Board or Board of Adjustment.

b. All appointments of regular members shall be for a term of four years or until the appointment and qualification of a successor.

c. Alternate members shall meet the qualifications of Class C members. At the time of appointment, alternate members shall be designated as "Alternate No. 1" and "Alternate No. 2."

d. All appointments of alternate members shall be for a term of two years or until the appointment and qualification of a successor.

e. Not withstanding any other provision contained in this Ordinance, the term of any member who is also a member of the Planning Board or Board of Adjustment shall be coterminous with his or her membership on such Board.

f. Terms shall commence on April 1 or each respective year.

g. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term only. All vacancies shall be filled with qualified members within sixty (60) days.

2. Rules and Organization.

a. The HPC shall elect a Chairperson, Vice Chairperson and a Secretary who may or may not be a member of the Historic Preservation Commission or a municipal employee.

b. Alternative members may participate in discussion of the proceedings but may not vote except in the absence or disqualification of a regular member. A vote shall not be delayed in order that a regular member may vote instead of an alternative member. In the event that a choice must be made as to which alternative member is to vote, Alternative No. 1 shall vote.

c. The HPC shall establish a regular schedule of meetings, at least once a month or as often as required to meet the needs of its business, to handle emergencies, or to meet time constraints imposed by law. Additional meetings may be called by the Chairperson or Vice Chairperson when the regular meetings are inadequate to meet the needs of its business or to meet time constraints imposed by law.

d. Five members shall constitute a quorum. A majority vote of those present and voting shall prevail; except that not less than five affirmative votes may approve an application for historic designation or Certificate of Appropriateness.

e. The HPC's Secretary shall keep minutes and records of all meetings and proceedings, including voting records, attendance, resolutions, findings, determinations, decisions and applications. All HPC records and minutes shall be made public records as provided by law and shall be available at the City Planning Office.

f. The HPC shall establish a regular schedule of meetings on at least a monthly basis. Additional meetings may be called by the Chairperson or Vice Chairperson when the regular meetings are inadequate to meet the needs of its business or to meet time constraints imposed by law. All HPC meetings shall comply with the Open Public Meetings Act, N.J.S.A. 10:4-7, et seq. and public notice of the time, date and subject of the meeting, by way of newspaper, shall be given at least forty-eight (48) hours in advance of any meeting. The HPC shall adopt written by-laws and procedures for the transaction of its business and for the consideration of applications. Such by laws shall not be inconsistent with the provisions of this chapter and shall include, but not be limited to, rules pertaining to all notices and hearings required herein. All rules of procedure shall be available to the public.

g. No member shall be permitted to act on any matter in which he or she has, either directly or indirectly, any personal or financial interest. A member may be removed after a public hearing for cause.

h. The Mayor, Director of City Planning and the Construction Official shall be ex-officio members. Ex-officio members cannot vote.

3. Expenses and Costs; Employment of Experts and Staff. The City Council shall make provision in its budget and appropriate funds for the expenses of the HPC. The HPC may employ, contract for and fix the compensation of experts and other staff and services as it shall deem necessary provided that the necessary funding is provided for within the municipal budget. The HPC shall obtain its legal counsel from the City Attorneys at the rate of compensation determined by City Council unless City Council, by appropriation, provides for separate legal counsel for the commission. Expenditures pur-

suant to this subsection shall not exceed, exclusive of gifts or grants, the amount appropriated by the City Council for the Commission's use.

B. Powers and Duties of Historic Preservation Commission.

1. To identify, record and maintain a system for survey an inventory of all buildings, sites, places, structures, objects or landscape features of significant historical or architectural value based standards of the United States Department of the Interior and to aid the public in understanding their worth, methods of preservation, techniques of documentation and related matters. The Commission shall be guided by the standards of the United States Department of the Interior.

2. To undertake to maximize the entire City's knowledge and enjoyment of these historic resources and, as appropriate, promote this asset beyond the boundaries of the City.

3. To advise the City Council and Planning Board of the relative merits of proposals involving public funds to restore, preserve and protect landmark buildings, places and structures, sites, objects and landscape features including the preparation of a long-range plan therefore, securing state, federal and other grants and aid to assist therein and monitoring such projects once underway.

4. To advise and assist City officers, employees, boards and other bodies, including those at County, regional, State and Federal levels, on all matters which have potential impact on the landmark buildings, sites, structures, object or landscape features in the City or on the ambience of a historic district.

5. To recommend to the Planning Board and the City Council the establishment and boundaries of additional historic districts where appropriate.

6. To recommend to the Zoning Board of Adjustment and the Planning Board the grant or denial of development applications where such are deemed to be within the intent and purposes of this Article.

7. To assemble and arrange for the proper care, cataloging and availability of materials relevant to the City's history.

8. To maintain a system for the survey and inventory of historic resources that is compatible and coordinated with the statewide Inventory of the Office of New Jersey Heritage.

9. To cooperate with local, County, State or national societies, governmental bodies and organizations to maximize their contributions to the intent and purposes of this Article.

10. To recommend to applicable County, State and Federal agencies, where appropriate, recognition of historic districts and Landmark buildings, places and structures.

11. To request the City Council to seek, on its own motion or otherwise, injunctive relief of violations of this Article or other actions contrary to the intent and purpose of this Article.

12. To make recommendations to the Planning Board on the Historic Preservation Land Use and Community Facilities Plan elements of the Master Plan and on the implications for preservation of landmark, historic districts or any other Master Plan elements.

13. To advise the Planning Board on the inclusion of historic districts or landmarks in the recommended capital improvement program.

14. To provide the Administrative Officer with written reports on the application of the Zoning Ordinance provisions concerning historic preservation.

15. To carry out such other advisory, educational and informational functions as will promote historic preservation in the municipality.

16. To review all proposed National Register nominations in accordance with New Jersey's Certified Local Government Guidelines.

17. To issue Certificates of Appropriateness or Certificates of No Effect in accordance with the rules and standards set forth herein.

C. Administrative Officer Designated for Historic Preservation. The City's Zoning Officer shall act as the Administrative Officer with respect to administering the historic preservation provisions of the Land Development Ordinance.

D. City Historic Preservation Specialist.

1. The City Historic Preservation Specialist shall advise the Historic Preservation Commission on each application that shall come before the Commission. In addition to serving as advisory to the Commission, the City Historic Preservation Specialist has responsibility for coordinating the City's preservation activities with those of State and Federal agencies and with local, state and national preservation organizations in the private sector.

2. The Historic Preservation Specialist may recommend to the City Council buildings, sites, structures and districts for Council resolution directing the Historic Preservation Commission to review and comment for possible designation.

3. The City Historic Preservation Specialist may also recommend to the Commission buildings, objects, sites, structures and districts for nomination to the State and/or National Register of Historic Places.

4. The City Historic Preservation Specialist shall be an employee of Division of City Planning whose minimal professional qualifications meet the standards of the Historic Preservation Specialist within the New Jersey Department of Personnel.

§ 345-10 Environmental Commission.

A. Establishment of Environmental Commission. There is hereby created, pursuant to N.J.S.A. 40:56A-l et seq., the Jersey City Environmental Commission, to act and exercise the powers and function as set forth herein. **[Amended 9-23-2014 by Ord. No. 14-105]**

1. Membership and Terms.

a. The Jersey City Environmental Commission shall consist of seven members and two alternates to be appointed by the Mayor, who shall designate one of the members to serve as Chairperson and presiding officer. All members and alternates must be residents of the City of Jersey City. Each ward of the city shall be represented by at least one member. No ward shall have more than two members and alternates combined. One of the members shall also be a member of the Planning Board and one a member of the City Council. At least three members shall be professional environmental scientists, geologists, toxicologists, botanists or other environmental specialists. All members and alternates shall serve without compensation.

b. Each member of the Environmental Commission shall be appointed for a term of three years. All appointments to fill vacancies that may occur shall be for the unexpired term of the vacating member.

2. Removal. The Mayor may remove any member of the Commission for cause, on written charges. Such written charges must be served upon the member, and after a hearing on the allegations the member shall be entitled to be heard in person or by counsel.

3. Purpose of the Environmental Commission.

a. Promote the protection and conservation of land, air, water and other natural resources within the territorial limits of the City. Such promotion shall consist of educating the public and advising the city government about the best methods for protecting and conserving these resources.

b. Assist the City in the proper development and use of these resources by coordinating the planning efforts of the various departments, agencies and agents who provide environmental services.

c. Promote the protection of the public health by educating the public and advising City government about environmental health hazards.

d. Conduct research into the use and possible use of open land areas of Jersey City and:

i. Have the power to coordinate the activities of unofficial bodies organized for similar purposes.

ii. Keep an index of all open areas whether publicly or privately owned, including open marshlands, swamps and other wetlands, in order to obtain information on the proper use of such areas.

iii. Have the authority to recommend to the Planning Board plans and programs for the development and use of such areas for inclusion in the Jersey City Master Plan.

e. Advertise, prepare, print and distribute books, maps, charts, plans and pamphlets which it deems necessary for its purpose.

f. Study and make recommendations concerning open space preservation, water resources management, air pollution control, solid waste management, noise control, environmental appearance, marine resources, protection of flora and fauna and any other environmental concerns which affect the enjoyment and health of the public.

g. Refer matters to the proper City authorities whenever violations of environmental law come to its attention.

h. Keep records of its meetings and activities and shall make an annual report to the City Council.

i. Assist in the formulation of funding plans submitted to the Green Acres/Green Trust program of the New Jersey Department of Environmental Protection.

j. Advise the Planning Board and Board of Adjustment as to the environmental impact of development projects which would use an average of at least ten thousand (10,000) gallons of water per day.

k. Delegate an environmental commissioner to be a permanent member of the Local Emergency Planning Council (per federal P.L. 99-499) and delegate other Commissioners to be members of the other municipal environmental bodies as the City creates from time to time.

1. Act and serve as the official Jersey City Sustainable Green Team that is responsible for pursuing and maintaining the City's Sustainable Jersey Certification through collaboration with the municipality and public to develop and support sustainable initiatives for the City.

B. Clerical and Technical Assistance.

1. For the purpose of effectuating the goals of this chapter, the Environmental Commission shall have such clerical and technical assistance, materials, supplies and provisions for such other costs and expenses of the Commission as shall annually be budgeted by the Office of the Mayor and approved by City Council.

2. The Commission may appoint such clerks and other employees as it may from time to time require and as shall be within the limits of funds appropriated to it.

C. Cooperation with City Departments and Agencies. All City departments and agencies shall cooperate with the work of the Environmental Commission to the degree possible and permitted by law.

§ 345-11. Artists' Certification Board.

A. Establishment of an Artist Certification Board. **[Amended 9-9-2009 by Ord. No. 09-093]**

1. There is hereby created an Artists' Certification Board (ACB), which shall serve as a citizens' advisory board to the Planning Board, pursuant to N.J.S.A. 40:55D-27.a. The ACB shall be in, but

not of, the Division of City Planning. The ACB is essentially an artists' peer review committee. In order to reside in a work/live studio in the WALDO, an artist must be so certified by the Planning Board. The Planning Board shall be guided in this certification by the recommendation made by the ACB. The Planning Board may reject the recommendation of the ACB, but the reasons for such rejection must be clearly stated in the resolution approved by the Board.

2. The ACB shall be comprised of persons knowledgeable in the arts. It shall consist of five full members, with no more than two additional alternate members who may vote in the absence of full members. A minimum of three full members of the ACB shall be professional artists. All members shall be appointed by the Mayor. After the initial appointments are made, all terms shall run for four years.

3. The ACB shall review application filed by persons who are interested in occupying work/live space in the WALDO as either owners, tenants or sub-tenants, to determine if the applicant can be certified to occupy such space.

4. The following shall serve as criteria to be used by the ACB in certifying an artist: (a) the artists' commitment to the fine arts as a career; (b) the need for large loft space in which to create his or her art; (c) education; (d) current body of work; (e) exhibition record; (f) references from other artists or art professionals. In no event shall the content of the art created be used as a criterion to determine eligibility to occupy work/live space in the WALDO.

5. The recommendation of the ACB to the Planning Board shall be submitted to the Planning Board within thirty (30) days of the ACB's decision, and shall state the reasons for the decision with specific reference to one or more of the criteria set forth in subsection (A)(4) of this section.

6. Once an artist is certified by the Planning Board, the Planning Board shall forward a copy of its certification decision to the Zoning Officer, who shall retain the certification in the Zoning Officer's files. The certification shall expire ten (10) years after the date of the decision by the Planning Board. Renewal applications may be filed. In the event a certified artist is divorced or dies, the family of the artist occupying the work/live space shall be given a two year grace period.

ARTICLE III

Application Requirements, Development Procedures and Checklists

§ 345-12. Scope of applicability.

A. No building or structure shall hereafter be used, occupied, constructed, moved altered or repaired, nor shall any land be filled, cleared or graded, nor shall any water course be diverted, unless in conformity with the

regulations of the Land Development Ordinance of the City of Jersey City. All Development Review Filing Procedures shall be in accordance with the provisions of this Article.

B. The City of Jersey City and/or its instrumentalities shall be exempt from the provisions of this Chapter.

§ 345-13. Completeness requirements in general.

A. Content. Each application for approval of a minor subdivision, minor site plan, preliminary major subdivision, preliminary site plan, final major subdivision, final site plan or conditional use, as the case may be, and each application for variance relief and appeals, shall include all information and data listed in the appropriate corresponding checklist as set forth below in this article.

B. Complete Application. The Division of City Planning shall review all applications and accompanying documents required by the applicable checklist to determine that the application is complete. An application for development shall be complete for purposes of commencing the applicable time period for action when so certified by the Division of City Planning. In the event that the Division of City Planning does not certify the application to be complete within forty-five (45) days of the date of its submission, the application shall be deemed complete upon the expiration of the forty-five (45) day period for purposes of commencing the applicable time period unless (1) the application lacks information indicated on the checklist for such application and (2) the Division of City Planning has notified the applicant, in writing, of the deficiencies in the application within forty-five (45) days of submission of the application. The applicant may request that one or more submission requirements be waived, in which event the Department shall grant or deny the request within forty-five (45) days. Nothing herein shall be construed as diminishing the applicant's obligation to prove in the application process that he is entitled to approval of the application. The Division of City Planning may subsequently require correction of any information found to be in error and submission of additional information not specified in the checklist or any revisions in the accompanying documents, as are reasonably necessary to make an informed decision as to whether the requirements necessary for approval of the application for development have been met. The application shall not be deemed incomplete for lack of any such additional information or any revisions in the accompanying documents so required by the Division of City Planning.

§ 345-14. Informal review.

A. Right to Request Informal Review. Prior to the submittal of an application for development, the applicant may request an informal review before the Planning Board as detailed in N.J.S.A. 40:55D-10.1. Informal review shall not apply to the Zoning Board of Adjustment.

B. Documents and Fees to be Submitted. Applicants seeking review of a concept plan shall provide fifteen (15) copies of the plan and one copy of the completed application and the required review fees to the Division of City Planning Secretary at least forty-five (45) days before a regularly scheduled meeting of the Planning Board.

C. Nature of Concept Plan. The concept plan is a general plan that need not be fully engineered. The plan or plat should be sufficiently detailed to allow the Planning Board to make suggestions on general site

design and layout for circulation, stormwater management, location of open space and buffers, building arrangements and to determine how the proposal meets the City's development goals and objectives.

D. Effect of Informal Review. Neither the applicant nor the Planning Board is bound by any concept plan or informal review. The amount of any fees for such informal review shall be a credit toward fees for review of the application for development.

§ 345-15. Right to request a preapplication conference.

A. Filing Procedures. **[Amended 9-11-2013 by Ord. No. 13-081; 9-12-2018 by Ord. No. 18-095]**

1. The applicant shall submit all necessary documents to the Clerk of the Board of Adjustment or Planning Board. Clerks shall be employed by the Division of City Planning and designated by resolution of their respective Boards.

2. The Director of the Division of City Planning shall determine that an application is complete for the purpose of commencing the time period for action by the Municipal Agency per N.J.S.A. 40:55D-10.3. The applicant will be notified in writing of any deficiencies within 45 days of receipt by the Department. If a submission is deemed incomplete, no tolling of time shall occur, nor shall deficient applications be scheduled for a hearing.

3. For the purpose of expediting applications and reducing development costs, a developer may request a preapplication conference, the purpose of which is to:

   a. Acquaint the applicant with the substantive and procedural requirements of the Land Development Ordinance.

   b. Exchange information about the proposed development plan and applicable elements of the Master Plan, this Chapter and other development regulations.

   c. Advise the applicant of any public sources of information that may aid the application.

   d. Review the conditions of existing service facilities, the impact of the proposed project on those facilities and improvements necessary to accommodate the project and the areas affected by the project.

   e. Meet with any of the appropriate municipal representatives designated to participate in the review process to identify policies and regulations that create opportunities for or pose significant constraints to the proposed development, including but not limited to the staffs of the:

      i. Division of City Planning;

      ii. Construction Code Official;

      iii. Division of Engineering;

iv. Historic Preservation Commission;

v. Department of Public Safety;

vi. Municipal Utilities Authority;

vii. Division of Traffic and Street Maintenance;

viii. Environmental Commission;

ix. United Water Company.

f. Permit input into the general design of the project.

g. Attendees at the pre-application conferences shall complete attendance forms as required by the City and shall be limited to City staff, the property owner and/or designated owner representatives including, but not limited to, the property owner's licensed professional(s), agent(s), contractor(s), and/or permit processor(s), as such terms are defined in Chapter 134.

§ 345-16. When site plan approval required. [Amended 12-15-2010 by Ord. No. 10-166; 10-13-2022 by Ord. No. 22-084].

A. Threshold for Major Site Plan Review. The following categories of site plans for new construction, land disturbance, rehabilitation and additions, pursuant to N.J.S.A. 40:55D-37a, fall within the major site plan review threshold and must receive Board approval prior to issuance of either a building permit or certificate of occupancy: **[Amended 10-25-2023 by Ord. No. 23-103]**

1. Projects on parcels of 10,000 or more square feet.

2. Projects whose total gross floor area is 10,000 or more square feet.

3. Additions increasing gross floor area by 2,500 square feet or 50 percent, whichever is less, except for projects with a total gross floor area of 5,000 square feet or less.

4. Additions increasing coverage, by all structures on a project parcel, by 2,500 square feet or 50 percent, whichever is less, except for projects with a total gross floor area of 5,000 square feet or less.

5. Additions increasing gross floor area of all structures on a project parcel by 50 percent or 2,500 square feet, whichever is less, except for projects with a total gross floor area of 5,000 square feet or less.

6. Off-street parking facilities, except for one- or two-family structures meeting minimum parking requirements and meeting the minimum stall size requirements.

7. Changes in use requiring new or alteration of existing parking and/or loading facilities with fifteen or more total parking spaces.

8. Changes in the volume and/or configuration of existing parking and/or loading facilities with fifteen or more total parking spaces.

9. Installation of new wireless telecommunication towers.

10. Land disturbances greater or equal to 5,000 square feet in area, including but not limited to, the excavation, filling, grading, resurfacing, terracing, deposition of debris, compaction, earthwork construction, removal of vegetation, or dredging. This includes environmental remediation activities requiring a remedial action permit from NJDEP. The construction of utilities within City rights-of-way are exempt.

11. Alterations of the shoreline, removal or installation of riprap or bulkhead, or the construction of retaining walls, sheet piling, or other structures measuring 50 linear feet or greater which effect the grading, topography, or drainage of a site. The construction of utilities within City rights-of-way are exempt.

B. Threshold for minor site plan review. The following categories of site plans for new construction, rehabilitation and additions, pursuant to N.J.S.A. 40:55D-37a, fall within the minor site plan review threshold and must receive Board approval prior to issuance of either a building permit or certificate of occupancy:

1. Projects whose total gross floor area is at least 5,000 and less than 10,000 square feet.

2. Installation of new or more wireless communication antennas. Replacement of antennas at an existing location are not considered new.

3. Interim use leasing banners, except when proposed and permitted in § 345-16.E below.

C. Threshold for site plan review within redevelopment plan areas.

1. Thresholds based on project size, gross floor area, lot area, additions, and all other criteria as outlined in § 345- 16(A) and (B) above shall apply to redevelopment plan areas, with the following exception:

a. Any project with deviations that does not meet the threshold for a major site plan shall be considered a minor site plan.

D. Site plan review shall not be considered necessary for the following site work:

1. Normal maintenance.

2. Health and safety upgrades that are essentially interior and do not require any changes to the site plan at grade.

3. Interior renovations.

4. Deck, porches, stoops, or balcony construction that otherwise complies with residential bulk standards of the applicable plan.

5. Installation of accessory structures that otherwise complies with all requirements of the applicable redevelopment plan or zoning district.

E. Standards for Interim Use Leasing Banners.

1. Interim use leasing banners may be approved by the Division of Zoning without requiring minor site plan if the following standards are met.

2. Standards for interim use leasing banners.

a. Annual renewal is required for interim use leasing banners or violations and/or fees will be incurred.

b. Interim use leasing banners shall advertise leasing opportunities for the building on which they are located.

c. All interim use leasing banners shall be removed or taken down when payment of annual fees elapses or at the end of three (3) years, whichever comes first.

d. The maximum size of interim use signs shall be no greater than five percent of the façade or 2,000 square feet whichever is less.

f. Interim use signs shall only be located on two or three façades.

g. Interim use signs should be larger near the top of the building and smaller at the base.

h. Upon annual renewal, photo evidence of interim use signs shall be presented to the Division of Zoning to determine compliance and whether any banners need to be replaced due to wear and tear.

3. Fees. For initial plan review and determination of conforming interim use leasing banners the fee is $100.00. For plan review of interim use leasing banners, there is an annual fee which starts at $100.00 and doubles in price every year thereafter, until it is removed.

4. Historic districts and landmarked buildings or sites. For any site in a local historic district or local landmarked building or site, application shall still be made to the historic preservation staff, who shall determine if a certificate of no effect or certificate of appropriateness is required. In the case where a certificate of appropriateness is required but the signage is conforming to applicable land development ordinance or redevelopment plan standards, only historic preservation review is necessary.

§ 345-17. Traffic impact assessment. [Amended 1-13-2021 by Ord. No. 20-112]

A. When required. The Division of City Planning shall require a traffic impact assessment for applications that require major site plan or for a major subdivision, whether or not parking is proposed. Additionally, a traffic impact assessment shall be required for minor site plans where parking is proposed. Waivers may only be granted at the discretion of both the Director of the Division of City Planning and the Director of the Division of Traffic Engineering.

B. General provisions.

1. The traffic impact assessment shall be prepared by a New Jersey licensed professional engineer having appropriate experience and education.

2. All relevant sources of information used in the preparation of said statement shall be identified.

C. Submission format. All traffic impact assessments shall provide a description of the impact and effect of the proposed land development upon all roads which are adjacent to or immediately affected by traffic and shall specifically address the following items:

1. Existing conditions in the vicinity of the proposed project including:

a. Roadway network.

b. Representative traffic counts, not during holiday or summer periods (or with appropriate statistical adjustments for counts during the summer months).

c. Traffic accident statistics.

d. Availability of public transportation.

e. Level of service of adjacent roadways.

f. Existing bike network.

g. Bike network and facilities proposed in bike master plan.

h. All recommendations and improvements for the site and vicinity made in the Jersey City school travel plan.

i. All existing and recommended improvements within the latest annual vision zero action report and pedestrian enhancement plan.

j. Number of on-street parking spaces on the block the property is located on. Report should specify it on street parking is residential permit parking (zone and zone regulations must be specified), designated loading spaces, and metered spaces. Report should also identify multi-unit buildings without onsite parking.

2. Vehicular, bicycle, and pedestrian traffic generated by the proposed development including:

a. Trip generation, must include ride-share and deliveries.

b. Trip distribution.

c. Modal split.

d. Level of service under proposed conditions.

3. Traffic impacts caused by the proposed development as per change in existing conditions factoring in the projected buildout in the vicinity of the proposed project as defined in the development report prepared by the Division of City Planning.

4. Explanation of traffic reduction/traffic management plans necessary pursuant to any current federal, state, or county, or municipal recommendations and requirements, and, where applicable, proposed interaction with appropriate county transportation management areas (TMA).

5. Recommendations for alleviating or diminishing any possible congestion or disruption to the established traffic pattern, and for the improvement of pedestrian and bike safety.

6. Any other information requested by the appropriate Division of City Planning reasonably required to make an informed assessment of potential traffic impacts.

§ 345-18. Shadow analysis and visual impact assessment. [Amended 1-13-2021 by Ord. No. 20-112]

A. When required. The Division of City Planning shall require a shadow analysis for all applications with new construction or additions to existing buildings that are 40 feet and over. A visual impact assessment may be required at the discretion of the Division of City Planning to determine if there is any negative impact to the City's scenic corridors and vistas listed in the Master Plan.

B. General provisions.

1. Shadow analysis and visual impact assessment shall be prepared by a qualified professional, such as, but not limited to, an architect, urban designer, or engineer.

C. Shadow analysis submission format.

1. Project description. A description of the proposed project shall be presented to indicate the extent to which the site must be altered, the kinds of facilities to be constructed and the uses intended.

2. Documentation. All publications, file reports, manuscripts or other written sources of information which were consulted shall be listed and footnoted. A list of all agencies and individuals from whom pertinent information was obtained orally or by letter shall be listed separately. Dates and locations of all meetings shall be specified.

3. Elevations of proposed building and surrounding buildings with dimensions shown. Must include roof, parapets, and penthouse/attics. Diagrams should include a north arrow and be drawn to scale.

4. Diagrams of shadow cast by the proposed project should be provided for the following four days of the year. Diagrams must also clearly indicate the existing shadow for comparison:

- Winter solstice (December 21) - midday sun is lowest and shadows are at their longest.

- Summer solstice (June 21) - midday sun is at its highest and shadows are at their shortest.

- Spring/fall equinox (March 21/September 21) - shadows are midway through a period of lengthening.

- The "worst case" shadow day - the day on which the new shadow is the largest/longest duration.

5. On the days the graphical depictions are required, the shadows should be shown on an hourly basis, from one hour after sunrise to one hour before sunset.

   EXAMPLE: On June 21, the sun rises at 5:48 a.m. and sets at 8:35 p.m. Therefore shadow graphics should be included at the following times:

   - A.M.: 6:48, 1, 8, 9, 10, 11

   - P.M.: 12, 1, 2, 3, 4, 5, 6, 7, 7:35

D. Visual impact assessment submission format.

1. Elevation of proposed building or project.

2. Description of unique scenic features and any scenic view from the site.

3. Visual impact the proposal will have on any of the scenic corridors identified in the master plan.

4. Proposed mitigations to negative impacts.

§ 345-19. Notice of applications.

A. Public notice of a hearing on an application for development shall be given. This shall also include: **[Amended 11-28-2001 by Ord. No. 01-129; 11-29-2017 by Ord. No. 17-153]**

1. Preliminary site plan review pursuant to section 34 of N.J.S.A. 40:55D-46;

2. Minor subdivisions pursuant to section 35 of N.J.S.A. 40:55D-47; or

3. Final approval pursuant to section 38 of N.J.S.A. 40:55D-50; and provided that public notice shall be given in the event that relief is requested pursuant to section 47 or 63 of N.J.S.A. 40:55D-60 or 40:55D-76 as part of an application for development otherwise excepted herein from public notice.

B. Public notice shall also be given in the case of an application for appeal to the Zoning Board of Adjustment pursuant to N.J.S.A. 40:55D-70a, or in the case of a request for interpretation by the Zoning Board of Adjustment pursuant to N.J.S.A. 40:55D-70b.

C. Notice of a hearing requiring public notice shall be given by the applicant at least ten (10) days prior to the date of the hearing in the following manner:

1. By publication in the official newspaper of the City.

2. To all owners of real property as shown on the current tax duplicate, Located in the state and within two hundred (200) feet in all directions of the property which is the subject of such hearing, provided that this requirement shall be deemed satisfied by notice to the condominium association, in the case of any unit owner whose unit has a unit above or below it, or horizontal property regime, in the case of any co-owner whose apartment has an apartment above or below it. Notice shall be given by serving a copy thereof on the property owner as shown on said current tax duplicate or his or her agent in charge of the property or mailing a copy thereof by certified mail to the property owner at his or her address as shown on said current tax duplicate.

3. Notice to a partnership owner may be made by service upon any partner. Notice to a corporate owner may be made by service upon its president, a vice president, secretary or other person authorized by appointment or by law to accept service on behalf of the corporation. Notice to a condominium association, horizontal property regime, community trust or homeowners' association, because of its ownership of common elements or areas located within two hundred (200) feet of the property which is the subject of the hearing, may be made in the same manner as to a corporation without further notice to unit owners, co-owners or homeowners on account of such common elements or areas.

4. To the Clerk of any adjoining municipality or municipalities when the property involved is located within two hundred (200) feet of said adjoining municipality or municipalities. Notice shall be given by personal service or certified mail.

5. To the Hudson County Planning Board when the application for development involves property adjacent to an existing county road or proposed road as shown on the County Official Map or the County Master Plan, adjoining other county land or situated within two hundred (200) feet of a municipal boundary. Notice shall be given by personal service or certified mail.

6. To the Commissioner of Transportation of the State of New Jersey when the property abuts a state highway. Notice shall be given by personal service or certified mail.

7. To the State Planning Commission when the hearing involves an application for the development of property which exceeds one hundred fifty (150) acres or five hundred (500) dwelling units, in which case the notice shall include a copy of any maps or documents required to be on file with the Administrative Officer. Notice shall be given by personal service or certified mail.

8. On applications for approval of a major subdivision or a site plan not defined as a minor site plan, to a public utility, cable television company or local utility which possesses a right-of-way or easement

within the city and which has registered with the city in accordance with N.J.S.A. 40:55D-12.1 by (a) serving a copy of the notice on the person whose name appears on the registration form on behalf of the public utility, cable television company or local utility or (b) mailing a copy thereof by certified mail to the person whose name appears on the registration form at the address shown on that form.

D. Upon the written request of an applicant, the City tax assessor shall, within seven days, make and certify a list from current tax duplicates of names and addresses of owners within the City to whom the applicant is required to give notice. Failure to give notice to any lot owner not on the list obtained in such manner shall not invalidate any hearing or proceeding. A sum, not to exceed the maximum set forth in N.J.S.A. 40:55D-12c, shall be charged for such list.

E. The applicant shall be responsible for giving proper notice to all property owners.

F. The notice shall state the date, time and place of the hearing and the nature of the matters to be discussed, including an identification of the property proposed for development by street address, if any, or by reference to lot and block numbers as shown on the current tax duplicate in the City tax assessor's office; and the location and times at which any maps or documents for which approval is sought are available for inspection.

§ 345-20. Registration by public utilities, cable television companies and local utilities.

Every public utility, cable television company and local utility interested in receiving notice pursuant to subsection h. of section 7.1 of N.J.S.A. 40:55D-12 may register with the City if the public utility, cable television company or local utility has a right-of-way or easement. The registration shall remain in effect until revoked by the public utility, cable television company, or local utility or by its successor in interest.

§ 345-21. Development phasing.

Whenever an applicant intends to construct a development in phases, phasing information shall be included in the plans for preliminary approval, and all phases shall be:

A. Functionally self-contained and self-sustaining with regard to access, circulation, parking, utilities, open spaces and all other site improvements and physical features and shall be capable of perpetual independent use, occupancy, operation and maintenance upon completion of construction and development of the section or stage.

B. Properly related to other services of the community as a whole and to those facilities and services yet to be provided in the full execution and implementation of the plan.

C. Provided with such temporary or permanent transitional features, buffers or protective areas as are necessary to prevent damage or detriment to adjoining properties or to any completed section or stage. In addition, such temporary or permanent transitional features, buffers or protective areas shall not impede development of future sections or stages in the planned development. Plans, estimated dates of completion for each section or stage and specifications of such sections or stages are to be filed with the Division of City

Planning, which must be of sufficient detail and of such scale as to fully demonstrate the arrangement and site locations of all structures, primary and accessory land uses, parking, landscaping, public and private utilities and services facilities, and land ownership conditions.

§ 345-21.1. Naming of new streets within a site plan or subdivision plan application. [Added 4-8-2015 by Ord. No. 15-046]

Any new street proposed as part of a site plan or subdivision plan application shall conform to the standards set forth in § 3-39 entitled "Standards for naming streets and municipal property." Final approval of all street names shall rest with the Municipal Council.

§ 345-22. Minor subdivision and minor site plan review procedures. [Amended 5-14-2003 by Ord. No. 03-059]

A. Submission Requirements.
[Amended 1-27-2010 by Ord. No. 10-007; 2-23-2011 by Ord. No. 11-023; 3-12-2025 by Ord. No. 25-022]

1. Submission requirements for minor subdivision and minor site plan approval are provided in the Minor Subdivision and Minor Site Plan Checklist in this article.

2. The City Planning Staff shall request JCMUA to review the application when appropriate. The applicant shall forward copies of the application and plans to review agents upon request.

3. The Division of City Planning Staff shall have the authority to refer any application to other agencies or individuals for comments or recommendations.

B. Review by Other City Agencies and Officials. The officials and agencies cited above shall forward their comments and recommendations in writing to the Division of City Planning and the applicant's contact person as listed in the application form within fourteen (14) days after receipt of the application.

C. Action. **[Amended 2-23-2011 by Ord. No. 11-023]**

1. Applications for minor subdivision approval shall be acted upon by the Planning Board.

2. Upon submission of application documents, City Planning Staff will review the contents of the submission package to verify that it is a valid Application for Development. Upon verification, the application will be formally confirmed as "submitted" and development review will commence.

3. Except for applications governed by the time limits in this Chapter, the Planning Board shall approve, conditionally approve, or deny a minor subdivision or minor site plan as the case may be within forty-five (45) days of the submission of a complete application, unless the applicant shall extend the period of time within which the Planning Board may act.

4. Applicants who request extensions to the period of time within which the Planning Board may act are permitted to do so for one-month intervals, not to exceed three (3) months total. There shall be no limit to extensions requested by Planning Staff, so long as the applicant agrees to said extensions.

5. Failure of the Planning Board to act within the period prescribed shall constitute minor subdivision or site plan approval, as the case may be. A certificate of the Board Secretary as to the failure of the Board to act shall be issued on request of the applicant. The certificate shall be sufficient in lieu of the written endorsement or other evidence of approval, herein required, and shall be so accepted by the County Register for purposes of filing subdivision plats or deeds.

D. Effect of Approval.

1. Approval of a minor subdivision or minor site plan shall be deemed final approval provided that the Subcommittee or Board, as the case may be, may condition such approval on the provision of improvements as may be required. The zoning requirements and general terms and conditions, whether conditional or otherwise, upon which minor subdivision or minor site plan approval was granted, shall not be changed for a period of two years after the date on which the resolution of approval is adopted provided that the approved minor subdivision shall have been duly recorded in accordance with this Article.

2. Approval of any variance associated with a minor subdivision and/or minor site plan shall be valid for a period of two years after the date on which the resolution of approval is adopted if no construction, alteration or conversion has commenced within the two-year period.

E. Expiration of Minor Subdivision. Approval of a minor subdivision shall expire one hundred ninety (190) days from the date on which the resolution of approval is adopted unless within such period a plat in conformity with such approval and the Map Filing Law, N.J.S.A. 46:23-9.9 et seq., or a deed clearly describing the approved minor subdivision is filed by the developer with the County Register, the City Engineer and the City Tax Assessor. Any such plat or deed accepted for such filing shall have been signed by the Board Chairperson and Secretary. In reviewing the application for development for a proposed minor subdivision, the Subcommittee may accept a plat not in conformity with N.J.S.A. 46:23-9.9 et seq.; provided that if the developer chooses to file the minor subdivision as provided herein by plat rather than deed such plat shall conform with the provisions of the said act.

F. Extensions of Minor Subdivision Approval. **[Amended 2-23-2011 by Ord. No. 11-023]**

1. The Planning Board may extend the one hundred ninety (190) day period for filing a minor subdivision plat or deed pursuant to this Chapter if the developer proves to the reasonable satisfaction of the Board:

a. That the developer was barred or prevented, directly or indirectly, from filing because of delays in obtaining legally required approvals from other governmental or quasi-governmental entities; and

b. That the developer applied promptly for and diligently pursued the required approvals. The length of the extension shall be equal to the period of delay caused by the wait for the required approvals, as determined by the Board. The developer may apply for the extension either before or after what would otherwise be the expiration date.

2. The Planning Board shall grant an extension of minor subdivision approval for a period determined by the Board, but not exceeding one year from what would otherwise be the expiration

date, if the developer proves to the reasonable satisfaction of the Board that the developer was barred or prevented, directly or indirectly, from proceeding with the development because of delays in obtaining legally required approvals from other governmental agencies and that the developer applied promptly for and diligently pursued the required approvals. The developer shall apply for the extension before (a) what would otherwise be the expiration date of minor subdivision approval; or (b) the 91st day after the developer receives the first legally required approval from other governmental entities, whichever occurs later.

G. Inactive Applications. **[Amended 2-23-2011 by Ord. No. 11-023]**

1. Any application for minor subdivision or minor site plan which has remained inactive and incomplete for six (6) consecutive months shall be subject to dismissal by City Planning Staff.

2. In order to be dismissed for inactivity, City Planning Staff must first provide a written warning to project applicant. A thirty (30) day time period must be provided for the applicant's response demonstrating diligence towards obtaining Board approval, including but not necessarily limited to fee payment in full and plan revisions.

3. If after thirty (30) days from the date of contact for inactivity pursuant to G.2 above, the applicant has not responded to City Planning Staff, has not submitted application fees, and/or has not demonstrated diligence towards obtaining Board approval, the application may be permanently dismissed by City Planning Staff.

§ 345-23. Preliminary major subdivision and site plan review procedures. [Amended 5-14-2003 by Ord. No. 03-059]

A. Submission Requirements. **[Amended 1-27-2010 by Ord. No. 10-007; 2-23-2011 by Ord. No. 11-023; 3-12-2025 by Ord. No. 25-022]**

1. Submission requirements for preliminary major subdivision and preliminary site plan approval are provided in the Preliminary Major Subdivision and Site Plan Checklist.

2. The City Planning Staff shall request review agents to review the application when appropriate. The applicant shall forward copies of the application and plans to review agents upon request.

3. The Division of City Planning shall have the authority to refer any application to other agencies or individuals for comments or recommendations.

B. Review by Other City Agencies and Officials. The officials and agencies cited in this article above shall forward their comments and recommendations in writing to the Division of City Planning within fourteen (14) days after the receipt of the application.

C. Board Action. **[Amended 2-23-2011 by Ord. No. 11-023]**

1. Subdivisions.

a. Upon submission of application documents, City Planning Staff will review the contents of the submission package to verify that it is a valid Application for Development. Upon verification, the application will be formally confirmed as "submitted" and development review will commence.

b. The Board shall approve, conditionally approve or deny a preliminary major subdivision application of ten (10) or fewer lots within forty-five (45) days after the submission of a complete application, unless the applicant shall extend the period of time within which the Board may act.

c. The Board shall approve, conditionally approve or deny a preliminary major subdivision application of more than ten (10) lots within ninety-five (95) days after the submission of a complete application, unless the applicant shall extend the period of time within which the Board may act.

d. Applicants who request extensions to the period of time within which the Planning Board may act are permitted to do so for one-month intervals, not to exceed three (3) months total. There shall be no limit to extensions requested by City Planning Staff, so long as the applicant agrees to said extensions.

e. Failure of the Board to act within the time prescribed shall constitute preliminary major subdivision approval and a certificate of the Board Secretary as to the failure of the Board to act shall be issued on request of the Applicant. Said certificate shall be sufficient in lieu of the written endorsement or other evidence of approval herein required, and shall be accepted by the County Register for purposes of filing subdivision plats.

2. Site Plans.

a. Upon submission of application documents, City Planning Staff will review the contents of the submission package to verify that it is a valid Application for Development. Upon verification, the application will be formally confirmed as "submitted" and development review will commence.

b. The Board shall approve, conditionally approve or deny a preliminary major site plan which involves ten (10) acres of land or less, and ten (10) dwelling units or less, within forty-five (45) days after the submission of a complete application unless the applicant shall extend the period of time within which the Board may act.

c. The Board shall approve, conditionally approve or deny the preliminary major site plan of more than ten (10) acres or more than ten (10) dwelling units within ninety-five (95) days after the application is certified complete unless the applicant shall extend the period of time within which the Board may act.

d. Applicants who request extensions to the period of time within which the Planning Board may act are permitted to do so for one-month intervals, not to exceed three (3) months total. There shall be no limit to extensions requested by City Planning Staff, so long as the applicant agrees to said extensions.

e. Failure of the Board to act within the time prescribed shall constitute preliminary major site plan approval and a certificate of the Board Secretary as to the failure of the Board to act shall be issued on request of the applicant. Said certificate shall be sufficient in lieu of a written endorsement or other evidence of approval herein required.

D. Effect of Preliminary Approval. Preliminary approval of a major subdivision or site plan, except as provided in subsection (D) of this section, shall confer upon the applicant the following rights for a three-year period from the date on which the resolution granting preliminary approval is adopted:

1. That the general terms and conditions on which preliminary approval was granted shall not be changed, including, but not limited to, use requirements; layout and design standards for streets, curbs and sidewalks; lot sizes; yard dimensions and off-tract improvements; and in the case of a site plan, any requirements peculiar to site plan approval pursuant to N.J.S.A. 40:55D-41, except that nothing herein shall be construed to prevent the City from modifying by ordinance such general terms and conditions of preliminary approval as related to public health and safety.

2. That the applicant may submit for final approval on or before the expiration date of preliminary approval the whole or a section or sections of the preliminary subdivision plat or site plan, as the case may be.

3. That the applicant may apply for and the Board may grant extension on such preliminary approval for additional periods of at least one year but not to exceed a total extension of two years, provided that if the design standards have been revised by ordinance, such revised standards may govern.

4. In the case of a subdivision of or a site plan for a planned development of fifty (50) acres or more, conventional subdivision or site plan for one hundred fifty (150) acres or more, or site plan for development of a non-residential floor area of two hundred thousand (200,000) square feet or more, the appropriate Board may grant the rights referred to in subsections (A), (B) and (C) of this section for such period of time, longer than two years, as shall be determined by the appropriate Board to be reasonable taking into consideration (a) the number of dwelling units and non-residential floor area permissible under final approval, (b) economic conditions and (c) the comprehensiveness of the development. The developer may apply for thereafter, and the Board may thereafter grant, an extension of final approval for such additional period of time as shall be determined by the Board to be reasonable taking into consideration (a) the number of dwelling units and nonresidential floor area permissible under final approval, (b) the number of dwelling units and non-residential floor area remaining to be developed, (c) economic conditions and (d) the comprehensiveness of the development.

5. Whenever the Board grants an extension of preliminary approval and preliminary approval has expired before the date on which the extension was granted, the extension shall begin on what would otherwise be the expiration date. The developer may apply for an extension either before or after what would otherwise be the expiration date.

6. The Board shall grant an extension of preliminary approval for a period determined by the Board but not exceeding one year from what would otherwise be the expiration date, if the developer proves to the reasonable satisfaction of the Board that the developer was barred or prevented, directly or indirectly, from proceeding with the development because of delays in obtaining legally required approvals from other governmental entities and that the developer applied promptly for and diligently pursued the required approvals. The developer shall apply for the extension before (a) what would otherwise be the expiration date of the preliminary approval, or (b) the 91st day

after the developer received the last legally required approval from other governmental entities, whichever is later. An extension granted pursuant to this section shall not preclude the Board from granting an extension pursuant to the provisions of this Article.

E. Simultaneous Preliminary and Final Site Plan Approval.

1. Combined preliminary and final site plan approval may be granted provided all submission requirements for both applications are met. The time limit within which the Board shall act shall be the longest time permitted for either of the two approvals.

2. Approval of any variance associated with a combined preliminary and final site plan approval shall be valid for a period of two years after the date on which the resolution of approval is adopted if no construction, alteration or conversion has commenced within the two-year period.

F. Applications for variance approval which required neither Major Site Plan approval nor Major or Minor Subdivision approval shall be submitted to the Zoning Board of Adjustment. Approval of any variance by the Zoning Board of Adjustment shall be valid for a period of two years after the date on which the resolution of approval is adopted if no construction, alteration or conversion has commenced within the two-year period.

G. Inactive Applications. **[Amended 2-23-2011 by Ord. No. 11-023]**

1. Any application for Preliminary Major subdivision or Preliminary Major site plan which has remained inactive and incomplete for six (6) consecutive months shall be subject to dismissal by City Planning Staff.

2. In order to be dismissed for inactivity, City Planning Staff must first provide a written warning to project applicant. A thirty (30) day time period must be provided for the applicant's response demonstrating diligence towards obtaining Board approval, including but not necessarily limited to fee payment in full and plan revisions.

3. If after thirty (30) days from the date of contact for inactivity pursuant to G.2 above, the applicant has not responded to City Planning Staff, has not submitted application fees, and/or has not demonstrated diligence towards obtaining Board approval, the application may be permanently dismissed by City Planning Staff.

§ 345-24. Final approval of major subdivision and site plan review procedures. [Amended 5-14-2004 by Ord. No. 03-059]

A. Submission Requirements. **[Amended 1-27-2010 by Ord. No. 10-007; amended 2-23-2011 by Ord. No. 11-023; amended 3-12-2025 by Ord. No. 25-022]**

1. Submission requirements for final major subdivision and site plan approval are provided in the Final Major Subdivision and Final Site Plan Checklist.

2. The City Planning Staff shall request review agents to review the application when appropriate. The applicant shall forward copies of the application and plans to review agents upon request.

3. The Division of City Planning shall also have the authority to refer any application to other agencies or individuals for comments or recommendations.

B. Review by Other City Agencies and Officials. The officials and agencies cited in this article above shall forward their comments and recommendations in writing to the Division of City Planning and the applicant's contact person as listed in the application form within fourteen (14) days after the receipt of the final application.

C. Amendments to the Plan. If as a result of review of any governmental agencies, there are changes to the approved plan, then the applicant shall submit an amended application to the reviewing Board.

D. Board Action. **[Amended 2-23-2011 by Ord. No. 11-023]**

1. Upon submission of application documents, City Planning Staff will review the contents of the submission package to verify that it is a valid Application for Development. Upon verification, the application will be formally confirmed as "submitted" and development review will commence.

2. The Board shall grant final approval if the detailed drawings, specifications and estimates of the application for final approval conform to the standards established by ordinance for final approval, the conditions for preliminary approval, and, in the case of a major subdivision, the standards prescribed in the "Map Filing Law" P.L. 1960, c. 141. In the case of a planned unit development, planned unit residential development or residential cluster, the Board may permit minimal deviations from the conditions of preliminary approval necessitated by change of conditions beyond the control of the developer since the date of preliminary approval without the developer being required to submit another application for development for preliminary approval.

3. Final approval shall be granted or denied within forty-five (45) days after submission of a complete application or within such further time as may be consented to by the applicant. Failure of the Board to act within the period prescribed shall constitute final approval and a certificate of the Board Secretary as to the failure of the Board to act shall be issued on request of the applicant. The certificate shall be sufficient in lieu of the written endorsement or other evidence of approval, herein required, and, in the case of subdivision plans, shall be so accepted by the County Register for purposes of filing.

4. Applicants who request extensions to the period of time within which the Planning Board may act are permitted to do so for one-month intervals, not to exceed three (3) months total. There shall be no limit to extensions requested by City Planning Staff, so long as the applicant agrees to said extensions.

5. Whenever review or approval of the application by the County Planning Board is required by N.J.S.A. 40:27-6.1 or 40:27-6.6, the Board shall condition its approval upon timely receipt of a favorable report on the application by the County Planning Board or approval by the County Planning Board by its failure to report thereon within the required time period.

E. Effect of Final Approval.

1. The zoning requirements applicable to the preliminary approval first granted and all other rights conferred upon the developer including any associated variance approval, pursuant to this Article,

whether conditionally or otherwise, shall not be changed for a period of two years after the date on which the resolution of final approval is adopted; provided that in the case of major subdivision the rights conferred by this Article shall expire if the plat has not been duly recorded within the time period provided in this article. If the developer has followed the standards prescribed for final approval and, in the case of subdivision, has duly recorded the plat with the County Register in accordance with this article, Board may extend such period of protection for extensions of one year but not to exceed three extensions. Notwithstanding any other provisions of this Article, the granting of final approval terminates the time period of preliminary approval pursuant to this Article, for any section of the development which is granted final approval.

2. In the case of a subdivision or site plan for a planned development of fifty (50) acres or more, conventional subdivision or site plan for one hundred fifty (150) acres or more, or site plan for the development of nonresidential floor area of two hundred thousand (200,000) square feet or more, Board may grant the rights referred to in this Article for such period of time, longer than two years, as shall be determined by the Board to be reasonable, taking into consideration:

   a. The number of dwelling units and non-residential floor area permissible under final approval.

   b. Economic conditions.

   c. The comprehensiveness of the development. The developer may apply for thereafter, and the Board may thereafter grant, an extension of final approval for such additional period of time as shall be determined by the Board to be reasonable taking into consideration the following:

      i. The number of dwelling units and nonresidential floor area permissible under final approval;

      ii. The number of dwelling units and nonresidential floor area remaining to be developed;

      iii. Economic conditions; and

      iv. The comprehensiveness of the development.

3. Whenever the Board grants any extension of final approval pursuant to this Article and final approval has expired before the date on which the extension is granted, the extension shall begin on what would otherwise be the expiration date. The developer may apply for the extension either before or after what would otherwise be the expiration date.

4. The Board shall grant an extension of final approval for a period determined by the Board but not exceeding one year from what would otherwise be the expiration date, if the developer proves to the reasonable satisfaction of the Board that the developer was barred or prevented, directly or indirectly, from proceeding with the development because of delays in obtaining legally required approvals from other governmental entities and that the developer applied promptly for and diligently pursued these approvals. A developer shall apply for an extension before (a) what would otherwise be the expiration date of final approval, or (b) the 91st day after the developer receives the last legally required approval from other governmental entities, whichever occurs later. An extension granted pursuant to this Article shall not preclude the Board from granting an extension pursuant to subsections (E)(1) and (2) of this section.

F. Conditions of Approval.

1. Conditions Binding. All conditions of preliminary and final approval shall be binding upon the applicant, all present and future owners, tenants, users and occupants of the property and their respective successors and assigns.

2. Failure to Maintain. The applicant and any successor in interest shall be responsible for installing and maintaining in good order and condition all required improvements and landscaping, unless such improvements and landscaping are to be installed by, and/or dedicated to and maintained by the City, County or another party, under the terms of approval granted by the Board. Such required improvements shall include, but not be limited to, parking improvements, buffer zones, drainage facilities, exterior lighting and landscaping. Failure of any responsible party to install and/or maintain required improvements or landscaping, shall constitute a violation of this Chapter and shall be subject to the enforcement procedures set forth in this Chapter.

3. Payment of Taxes and Assessments. As a condition of approval all taxes or assessments for local improvements shall be paid on the property for which any application is made.

G. Expiration of Final Major Subdivision Approval.

1. Final approval of a major subdivision shall expire ninety-five (95) days from the date of signing of the plat unless within such period the plat shall have been duly filed by the applicant with the County Register. The Board may for good cause shown extend the period for recording for an additional period not to exceed one hundred ninety (190) days from the date of signing of the plat. The Board may extend the ninety-five (95) day or one hundred ninety (190) day period if the applicant proves to the reasonable satisfaction of the Board (a) that the applicant was barred or prevented, directly or indirectly, from filing because of delays in obtaining legally required approvals from other governmental or quasi-governmental entities and (b) that the applicant applied promptly for and diligently pursued required approvals. The length of the extension shall be equal to the period of delay caused by the wait for the required approvals, as determined by the Board. The developer may apply for an extension either before or after the original expiration date.

2. No subdivision plat shall be accepted for filing by the County Register until it has been approved by the Board as indicated on the instrument by the signature of the Chairperson, Secretary of the Board. The signatures of the Board Chairperson and Secretary shall not be affixed until the developer has posted the performance guarantees required by this Chapter and has satisfied all other applicable conditions of final approval. If the County records any plat without such approval, such recording shall be deemed null and void, and upon request of the municipality, the plat shall be expunged from the official records.

H. Inactive Applications. **[Amended 2-23-2011 by Ord. No. 11-023]**

1. Any application for Final Major subdivision or Final Major site plan which has remained inactive and incomplete for six consecutive months shall be subject to dismissal by City Planning Staff.

2. In order to be dismissed for inactivity, City Planning Staff must first provide a written warning to project applicant. A thirty (30) day time period must be provided for the applicant's response demonstrating diligence towards obtaining Board approval, including but not necessarily limited to fee payment in full and plan revisions.

3. If after thirty (30) days from the date of contact for inactivity pursuant to H.2 above, the applicant has not responded to City Planning Staff, has not submitted application fees, and/or has not demonstrated diligence towards obtaining Board approval, the application may be permanently dismissed by City Planning Staff.

§ 345-25. Amended site plan or subdivision review. [Amended 2-23-2011 by Ord. No. 11-023]

Applications for amended site plan or subdivision review shall be governed by the same requirements as all other applications for Preliminary Major Subdivision or site plan approval. Amendments shall be necessary for any application with minor changes. Projects with changes involving substantial redesign, a change of twenty percent (20%) or more (either increasing or decreasing) in the number of units, or a change of twenty percent (20%) or more (either increasing or decreasing) in the number of stories, shall not be considered amendments but will require a new Application for Development.

§ 345-26. Conditional use approval.

The submission requirements and review process for conditional use applications shall be the same as for a major site plan, except as set forth below.

A. The Board shall grant or deny an application for conditional use approval within ninety-five (95) days of submission of a complete application or within such further time as may be consented to by the applicant.

B. The Board shall approve or deny a conditional use application simultaneously with any accompanying subdivision and/or site plan application. The longest time period for action by the Board, whether it be for subdivision, conditional use or site plan approval, shall apply. Whenever approval of a conditional use is requested by the applicant, notice of the hearing on the application shall include reference to the request for conditional use approval.

§ 345-27. County approval.

Whenever review or approval of a development application by the County Planning Board is required by N.J.S.A. 40:27-6.3 or 40:27-6.6, the Board shall condition any approval that it grants upon timely receipt of a favorable report on the application by the County Planning Board, The County Planning Board's failure to report thereon within the required time period provided by law shall be considered a favorable response. Whenever County Planning Board review or approval is required, the applicant shall be responsible for filing all necessary applications, plans, reports and other documents directly with the County Planning Board.

§ 345-28. Signing and distribution of approved plans. [Amended 5-14-2003 by Ord. No. 03-059]

A. When all conditions of any minor, preliminary or final approval have been met, the applicant shall submit to the Board Secretary a digital copy of the approved plan(s) with all revisions required by the conditions of approval and a New Jersey Department of Community Affairs Certification for ePlans. The approved plan(s) shall then be digitally signed by the Board Secretary. A digital signed plan will

be available to the Division of Zoning, Building Department, and Division of City Planning. **[Amended 3-12-2025 by Ord. No. 25-022]**

B. In addition to the foregoing, whenever any subdivision is to be perfected by the filing of the approval plat with the County Register in conformance with the Map Filing Law, the applicant shall submit to the Board Secretary, simultaneously with the plans described in subsection (A) of this section, two mylars and at least four paper prints of the plat intended for recording. Provided that it conforms to the Map Filing Law, the plat intended for recording shall be signed by the Board Chairperson and Secretary simultaneously with the signing of the approved plans submitted pursuant to subsection (A) of this section. After signing, one mylar and all paper prints of the plat so signed shall be returned to the applicant for recording with the County Register.

C. Following the filing of any approved subdivision plat or minor subdivision deed with the County Register, the applicant shall promptly deliver to the Board Secretary at least four copies of the filed plat or recorded deed, as the case may be.

D. Whenever any subdivision is to be perfected by the filing of the approved plat with the County Register, and when the engineering review of such subdivision has been performed by the Board Engineer, the plat intended for recording shall be signed by the Municipal Engineer.

E. The Division of City Planning shall maintain at least one true copy of all signed and approved site plans and subdivision deeds and all signed, approved and filed subdivision plats.

§ 345-29. Subdivision certificate.

The prospective purchaser, prospective mortgagee, or any other person interested in any land which forms part of a subdivision three years preceding the effective date of the Act, may apply in writing to the Administrative Officer, for the issuance of a certificate certifying whether or not such subdivision has been approved by the Board. Such application shall contain a diagram showing the location and dimension of the land to be covered by the certificate and the name of the owner thereof.

§ 345-30. Historic preservation review procedures.

A. Certificate of Appropriateness/Certificate of No Effect. No permit shall be issued or amended nor shall any construction, alteration, minor alteration, ordinary maintenance and repair or demolition be started on a landmark building nor on any sign, building, structure, object, site or landscape feature within a designated historic district, whether or not a construction permit is required, prior to a filing of an application for review by the Historic Preservation Commission and the issuance of a Certificate of Appropriateness or a Certificate of No Effect. **[Amended 11-10-2010 by Ord. No. 10-129; 5-26-2021 by Ord. No. 21-036]**

1. Application for review. The Historic Preservation Commission staff maintains and makes updates as necessary to the Application for the Certificate of Appropriateness and/or a Certificate of No Effect (also known as "Historic Preservation Application"). A copy of the Application is available upon request from the Division of City Planning staff or a digital version is accessible through the City's official website.

2. Review process.

   a. Applications must be submitted to the Division of City Planning a minimum of fourteen (14) business days prior to a Commission's regularly scheduled meeting and shall be reviewed for completeness by the Historic Preservation Officer as per the Historic Preservation Commission application checklist provided in this Article. The Historic Preservation Officer shall refer all applications for new construction, alterations, relocation or demolition to the Historic Preservation Commission for review. Applications referred to the Historic Preservation Commission must be complete at least ten (10) days prior to a hearing date for the purpose of scheduling. At least ten (10) days prior to the hearing the applicant shall post a notice on the property on a form provided by the Division of City Planning. Applications for minor alterations and ordinary maintenance and repair may be reviewed by the Historic Preservation Officer who, at his or her discretion may issue a Certificate of No Effect, may require additional submittal information and/or refer the application to the Commission upon being deemed complete. A Certificate of No Effect shall require the signature of the Director of City Planning.

   b. In making such a determination the Historic Preservation Officer shall consider the effect of the proposed work in creating, altering, destroying or affecting the architectural features of the landmark building, structure, object, site or landscape feature upon which such work is to be done and the relationship between the results of such work and the architectural features of neighboring buildings, structures, objects, sites and landscape features. In appraising such effects and relationships, factors of aesthetic, historical and architectural values and significance, architectural style, design, arrangement, texture, material and color in addition to any other pertinent matters shall be considered. These criteria are listed in addition to those which are found elsewhere in this Article.

   c. The Commission may advise the applicant and make recommendations with regard to the appropriateness of the proposed action at the public hearing. These recommendations may become part of the conditions for approval of an application, may be referred to a subcommittee of the Commission for further review with the applicant's consent or the basis for the rejection of an application.

   d. The outcome of all Commission decisions shall be recorded by the Historic Preservation Officer and presented to the Administrative Officer by the close of the following business day.

   e. If an application is approved, a Certificate of Appropriateness or Certificate of No Effect shall be issued promptly by the Commission. The chairperson or acting chairperson and one other Commission member shall sign all Certificates of Appropriateness.

   f. If the Commission disapproves an application, the Commission shall state its reasons in writing to the applicant within ten (10) days of such decision.

3. Reapplication for Certificate of Appropriateness. If an application for a Certificate of Appropriateness is denied, another application pertaining to the same site, structure, building, object or landscape feature shall not be resubmitted for consideration until one year has elapsed from the date of disapproval unless a substantially different application is resubmitted or if there has been

a change in circumstances. The Commission may waive, by five affirmative votes, the aforementioned time restriction if an application presents substantial evidence providing the above. If a waiver is granted, a new application shall be filed as per the procedures set forth herein.

B. Appeals to the Board of Adjustment. **[Amended 11-10-2010 by Ord. No. 10-129]**

1. An applicant dissatisfied with the action of the Commission resulting in the denial of a Certificate of Appropriateness shall have the right to appeal to the Board of Adjustment within twenty (20) days after receipt of notification of such action. The applicant shall be advised by the Secretary to the Board of Adjustment of the time and place of the hearing at which the appeal will be considered and shall have all rights defined under N.J.S.A. 40:55D-70, Subsection a.

2. A Certificate of Appropriateness or a Certificate of No Effect shall be valid for a period of one year from the date of issue unless reasonable extensions are granted by the Commission; requests for extensions shall be made by written request and shall require five affirmative votes. If a permit is also required and is obtained prior to expiration of the one-year period, then the certificate shall be valid for the life for the permit.

C. Emergency procedure.

1. In the event that an act of God or any other unexpected event shall cause a property owner the need for immediate issuance of a building permit or other permit to commence to stabilize, secure, repair or protect a landmark building, structure, object, site or landscape feature damaged from such event, and a Certificate of Appropriateness or a Certificate of No Effect is a condition precedent to the issuance of such permit, and the Construction Code Official certifies the immediate necessity for such permit issuance, a Notice to Proceed may be issued in forthwith. In the event that a Notice to Proceed is issued, following emergency stabilization, the property owner is required to submit to the Historic Preservation Commission a full structural stabilization and remediation plan which shall be prepared by a licensed structural engineer. The applicant may proceed with construction in accordance with the submitted plan only upon approval of a Certificate of Appropriateness or Certificate of No Effect, unless conditions affecting the stability of the subject structure change and make necessary a new Notice to Proceed.

2. All other subsequent work must be submitted for review by the Historic Preservation Commission under the application procedures found elsewhere in this Article.

D. Reserved.

Editor's note—Ord. No. 11-045, adopted April 27, 2011, amended the Code by repealing former subsection D. Former subsection D pertained to a Certificate of Economic Hardship, and derived from Ord. No. 10-106, adopted September 15, 2010.

E.1. Application for Demolition Permit for Properties Not Designated as a Local Landmark or Within a Locally Designated Historic District. The Historic Preservation Officer shall review all demolition applications for properties not designated as a local landmark or within a local landmark using the following criteria: **[Added 2-13-2025 by Ord. No. 25-006]**

1. The age (noting if the building and/or structure was constructed more than 50 years ago), architectural style, historical associations and significance of the building or structure;

2. Whether the building or structure is identified in any component element of the master plan

3. Whether the building or structure is associated with events that have made a significant contribution to the broad patterns of our local, state, and/or national history; or

4. Whether the building or structure was associated with the life of a person who made a significant contribution to local, state and/or national history;

5. Whether the building or structure embodies the distinctive characteristics of a type, period, or method of construction, or that represents the work of a master, or that possess high artistic value, or that represent a significant and distinguishable entity whose components may lack individual distinction; most especially if no other, or very few, buildings or structures with the same association has survived;

6. Whether the building or structure has yielded, or may be reasonably likely to yield, information important in prehistory or history;

7. Whether the building or structure maintains integrity of:

    i. Location: the place where the property was constructed or the place where a historic event occurred; and/or

    ii. Design: the combination of elements that create the form, plan, space, structure, and style of a property; and/or

    iii. Setting: the physical environment of the property; and/or

    iv. Materials: the physical elements that were combined or deposited during a particular period of time and in a particular pattern or configuration to form the property; and/or

    v. Workmanship: the physical evidence of the crafts of a particular culture or people during any given period in history or prehistory; and/or

    vi. Feeling: the property's expression of the historic sense of a particular period of time; and/or

    vii. Association: the property's direct link between an important historic event or person and a historic property.

E.2. Application for Demolition Permit for Properties Designated as a Local Landmark or Within a Locally Designated Historic District. **[Amended 9-15-2010 by Ord. No. 10-106; amended 2-13-2025 by Ord. No. 25-006]**

1. The following shall be considered in regard to an application to demolish an individual landmark building, structure, site or object or any building, structure, site or object contained within a historic district:

    a. Its historic, architectural and aesthetic significance.

    b. Its use.

c. Its importance to the city and the extent to which its historic or architectural value is such that its removal would be detrimental to the public interest.

d. The extent to which it is of such old, unusual or uncommon design, craftsmanship, texture or material that it could not be reproduced or could be reproduced only with great difficulty.

e. The probable impact of its removal upon the ambience of the historic district.

f. The structural soundness and integrity of the building so as to comply with the requirements of the state uniform code.

g. The effect on the remaining portions of the building, structure, site, object or landscape feature in cases of partial demolition.

2. In the event that a structure is unsafe or unsound so as to impose a danger to health or safety, the power and authority of the City of Jersey City to demolish the structure, as otherwise provided by law, shall not be impaired or altered in any way by the provisions of this Chapter. The city shall be exempt from making an application to the Commission but shall notify the Commission prior to the demolition.

3. If an application to demolish is denied, the applicant shall follow the appeal process detailed in § 105-3.

F. Pursuant to N.J.S.A. 40:55D-65.1, procedure for nominating, landmarks and districts for local designation. Any interested party may nominate a landmark or district for local designation. The nomination may originate at either the Historic Preservation Commission (the Commission), the Planning Board or City Council; however, in any case, it shall be reviewed by all of these bodies.

1. Proposals to Designate a Property/Properties as a Historic Landmark or District.

a. All proposals for nomination shall be submitted to the Division of Planning Staff for review of completeness prior to being scheduled for the Historic Preservation Commission, Planning Board, and City Council.

b. Nomination Proposals for Individual Landmarks. The interested party shall provide a nomination report that shall include the following information which addresses the criteria for designation as set forth herein:

(1) Clear exterior photograph(s) showing the entirety of the proposed landmark property; and

(2) Historic photograph(s) of the property and 1938 Tax Card (if available); and

(3) A location map showing the proposed landmark property on the municipal tax map; and

(4) A physical description of the proposed landmark; and

(5) A statement of significance pursuant to the criteria set forth in § 345-30.F.3.

c. Nomination Proposals for Landmark Districts. The interested party shall provide a nomination report that shall include the following information which addresses the criteria for designation as set forth herein:

(1) A building-by-building inventory of all properties within the district identifying contributing, noncontributing, or intrusions; and

(2) Clear exterior photograph(s) of each property and building within the district; and

(3) Historic photograph(s) and 1938 Tax Cards of properties within the district (if available); and

(4) A copy of the municipal tax map showing the proposed landmark district boundaries and parcels included in the district; and

(5) A physical description of the proposed district and boundaries; and

(6) A statement of significance pursuant to the criteria set forth in § 345-30.F.3.

d. The nomination of multiple or discontiguous properties as landmarks or districts may be considered. Multiple property designations shall be for properties that are historically, physically, thematically, or otherwise related.

(1) The staff may determine whether a proposed designation of multiple or discontiguous properties should be filed as a landmark or district application, or as multiple applications, as appropriate.

(2) The Commission may also consider and adopt National Register multiple property registration forms as a framework for the designation of related properties.

2. Procedures for Designation.

a. Interested parties shall prepare and submit an application to the Historic Preservation Commission regarding consideration of a proposed historic landmark(s) or district. The Commission may also initiate the designation of a historic landmark or district. Upon receipt of a complete application, the Historic Preservation Commission Staff will schedule a hearing (which may be a regularly scheduled meeting of the Commission) before the Commission to review the proposed historic landmark(s) or district.

b. Notice to Owners. At least ten days prior to the scheduled hearing, property owner(s) of record for the proposed landmark(s) or district(s) shall be notified via certified mail.

(1) The owner(s) of record for proposed landmark(s) or district(s) shall be notified that the property is being considered for designation and the reasons therefor.

(2) Notify the owner(s) of record of the date, time and location of the hearing concerning the proposed designation of the property.

(3) Property owners in proposed districts shall be notified via public notice in the official newspaper of the City published at least ten days prior to the scheduled hearing.

(4) Serve any notices further required under the provisions of the Municipal Land Use Law.

c. Public Notice of Hearing. Notice of public hearing is required for both Historic Preservation Commission review and Planning Board review. At least ten days prior to the public hearing, the Commission shall also publish public notice of the hearing to be published in the official newspaper of the City.

d. A copy of the proposal for nomination shall be available to the public at least ten days prior to the hearing.

e. Upon review, including hearing comments from the public, if any, the proposed nomination for the landmark(s) or district shall be voted on by the Historic Preservation Commission. If approved, the Commission shall forward the proposed landmark or district nomination to the Planning Board for consideration.

f. Upon review and approval of the proposed landmark(s) or district by the Planning Board, the landmark(s) or district nomination will be sent to the City Council to amend and supplement this chapter.

g. Public Notice of Designation. Notice of designation shall be made public by publication in the official newspaper of the City and by distribution to all municipal agencies reviewing development applications and permits. A certificate or letter of designation shall be sent to the owner(s) of record.

h. All other requirements of the Municipal Land Use Law regarding adoption of development regulations shall be followed.

3. Criteria for Designation.

a. As stated in the U.S. Department of the Interior's National Register Criteria for Evaluation, the following criteria shall also be used by the Commission for its review for designation of landmark and districts: the quality of significance in national, State or municipal history, architecture, archaeology, and culture if present in districts, sites, buildings, structures, and objects that possess integrity of location, design, setting, materials, workmanship, feeling, and association and:

(1) That are associated with events that have made a significant contribution to the broad patterns of our history; or

(2) That are associated with the lives of persons significant in the past; or

(3) That embody the distinctive characteristics of a type, period, or method of construction or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction; or

(4) That has yielded, or may be likely to yield, archaeological information important in prehistory or history.

b. Criteria for Specific Sites. Ordinarily cemeteries, birthplaces, or graves of historical figures, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in nature, and properties that have achieved significance within the past 50 years shall not be considered eligible for nomination; however, such properties will qualify if they are integral parts of districts that do meet the criteria or if they fall within the following categories:

(1) A religious property deriving primary significance from architectural or artistic distinction or historical importance; or

(2) A building or structure removed from its original location but which is significant primarily for architectural value, or which is the surviving structure most importantly associated with a historic person or event; or

(3) A birthplace or grave of a historical figure of outstanding importance if there is no appropriate building, structure or site directly associated with their productive life; or

(4) A cemetery which derives its primary significance from graves of persons of transcendent importance, from distinctive design features, or from association with historic events; or

(5) A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived; or

(6) A property primarily commemorative in intent if design, age, tradition, or symbolic value has invested it with its own historical significance; or

(7) A property achieving significance within the past 50 years if it is of exceptional importance.

c. The designation of landmark(s) and districts within the boundaries of the City of Jersey City by the City Council represents that a site, building, structure, object, or district:

(1) Qualifies as "significant" according to the Criteria for Significance set forth in this Section; and

(2) Possesses "integrity" of location, design, setting, materials, workmanship, feeling, and association, meaning that its features (including its potential archaeological deposits) have not been seriously disfigured or compromised at the time of consideration by irreversible and/or inappropriate alterations.

4. Amendments. Amendments to landmark(s) or district designations may be made in the same manner as they were adopted in accordance with the provisions of this article.

G. Landmarks and Districts. Pursuant to this section, the following landmark buildings, objects, sites, structures, landscape features, and districts are designated and recognized as "historic" and shall enjoy the protection of law as herein provided. **[Added 1-22-2003 by Ord. No. 03-009; amended 1-11-2006 by Ord. No. 05-176; 3-23-2011 by Ord. No. 11-031; 6-19-2013 by Ord. No. 13-079; 6-10-2015 by Ord. No. 15-040; 7-12-2023 by Ord. No. 23-070; 9-15-2010 by Ord. 4. Shadow Study					
5. Visual Impact Assessment					
7. Green Area Ratio (GAR) Table					
8. Principal Points Statement relative to variance(s) as per N.J.S.A. 40:55D-70(c) and (d) or per as per N.J.S.A. 40:55D-70(a) or (b)					
9. Historic Preservation Report					
10. Survey of subject site and adjacent lots					
a) signed and sealed					
b) block and lot numbers and address					
c) metes and bounds description					
d) existing and proposed easements					
e) showing existing and neighboring structures and windows with setback dimensions					
f) showing topography					

	SUBMITTED			WAIVER REQ'D	STAFF REMARKS
	YES	NO	N/A		
V. ARCH AND CIVIL PLAN REQUIREMENTS					
1. Architectural Plans					
2. Civil Engineering Plans					
3. Signature(s) and Seal(s) of Licensed Engineer and Architect in New Jersey on all pages					
a) NJDCA Eplan Certification					
4. A key map at a scale not less than 1" to 600' depicting a 1000' radius clearly identifying zoning district, streets and lots involved in the application					
5. Scale shall be at least 1"=20' for tracts up to 40 acres, or 1"=50' for tracts over 40 acres					
6. Sheet size: 8.5 × 13", 15 × 21", 24 × 36", 30 × 42"					
7. The following shall be on all plans:					
a) Tax Block, lot numbers and address of site					

	SUBMITTED			WAIVER REQ'D	STAFF REMARKS
	YES	NO	N/A		
b) Dates of drawings and revisions, if any					
c) Graphic Scale					
d) Project Title					
e) North Arrow					
8. Zoning Table (contrasting existing standards in the zone or general LDO requirements with proposed site details as listed below, with variances clearly noted). One or more tables per plan set to be located on the first numbered drawing. Table(s) shall be large and legible.					
a) Density					
b) Height in feet and stories					
c) Floor Area Ratio					
d) Setbacks, Stepbacks, and Buffer Areas					
e) Car Parking (# of spaces, dimensions, use)					
f) Bike Parking (# of spaces, location, use)					
g) Loading (# of berths and dimensions)					
h) Access (i.e. curbcut # and width)					
i) Signage (number, size, type, material)					
j) Landscaping and street trees					
k) Lot coverage					
l) Building coverage					
m) Lot area in square feet					
n) Lot dimensions					
o) Gross floor area, total and by use					
p) Design standards					
q) Bonus provisions					
r) Residential unit mix, sizes and averages					
s) Stormwater Control (i.e. minor or major development and local compliance)					
9. Site plan, including all proposed structures and building footprints, paved areas, curb cuts, and egress points. Site plans shall not include existing conditions to be removed.					
10. Demolition Plan					
11. GAR details					
12. Floor plans with all room dimensions and sizes including cellar, basement plan and roof plan.					
13. Locations of all mechanical and other equipment					
14. Materials used in paved areas and walks and all other surface treatments.					
15. Materials used on facades, keyed with specifications and photo samples in color					
16. Lighting; wattage, location, height, attachment details, areas of diffusion					
17. Fences/walls: height, materials, width of internal details (e.g.: pickets), spacing of internal details.					
18. Refuse: location of trash and recycling room, number of bins, size of bins, removal path, refuse removal notes					
19. Signage: Lettering, dimensions, location, materials equipment, and lighting					
20. Recreation areas: location, square footage, materials, equipment and lighting					
21. Elevations of all façades indicating colors and materials and window dimensions					

	SUBMITTED			WAIVER REQ'D	STAFF REMARKS
	YES	NO	N/A		
22. Enlarged elevations of the first two floors, including details of windows, doors, signs, lighting, façade materials, etc. at 1/4" scale where appropriate					
23. Enlarged details of typical upper story windows, including dimensions, glazing details, sills and headers, projections, etc. at 1/4" scale where appropriate					
24. For rehabilitation projects, existing and proposed floorplans and elevations shall be provided side-by-side for comparison.					
25. Elevation of roof indicating heating, ventilation and air-conditioning equipment, communication equipment, and antennae specifying screening height, colors and materials.					
26. Utility connection points into proposed structures (e.g.: façade conduits, transformers) to be detailed on site plans and façade elevations.					
27. Circulation: parking spaces, dimensions, aisle widths, location of bike racks, car sharing, sidewalk details, ROW Improvements, etc.					
28. One illustrative site plan in color with legend (upon staff request).					

	SUBMITTED			WAIVER REQ'D	STAFF REMARKS
	YES	NO	N/A		
VI. ADDITIONAL PLAN REQUIREMENTS					
1. Location of project relative to adjacent properties and improvements, including encroachments					
2. Topographic data with existing and proposed elevations					
3. Top of curb and bottom of curb specifications					
4. Existing public rights-of-way with the existing and proposed utilities and service connections to the project showing pipe sizes, materials, lengths, rim and invert elevations for sewers, valves and other relevant information.					
5. Specify all existing conditions and structures in the adjacent public right-of-way, including but not limited to signposts, hydrants, street trees and tree pits, bus stops, etc.					
6. Proposed and exact location of above and below-ground utilities and amenities, including but not limited to traffic control poles, hydrants, street furniture, and signal boxes.					
7. Entrance to the project from public streets with curbs, drop curbs, aprons, and sidewalks.					
8. Storm system demand, strategy and design with drainage calculations and impact on existing drainage detailed in an Engineering Report, in compliance with the Stormwater Control Ordinance.					
9. Standards and details for curbs, wheel stops, walks, catch basins, trenches, street grade and intersections, pavement cross sections and profiles, traffic control and directional signs.					
10. Parking lot drainage					
11. Water service connections including valves, hydrants					
12. Proposed erosion control plan and method of control					
13. Water supply system demand, strategy and design					
14. Sanitary sewer system demand, strategy and design					

	SUBMITTED			WAIVER REQ'D	STAFF REMARKS
	YES	NO	N/A		
VII. SUBDIVISION REQUIREMENTS					
1. Signature and seal of map preparer, Licensed Land Surveyor in NJ on all pages					
2. Scale shall be a minimum of 1"=20' for tracts up to 40 acres and 1"=50' for tracts over 40 acres					
3. Sheet size shall be one of the following 8.5 × 13"; 15 × 21"; 24 × 36"; or 30 × 42"					
Plat details including:					
4. A key map at a scale not less than 1" to 600' depicting a 1000' radius clearly identifying zoning district, streets and lots involved in the application. To be located on the first numbered drawing sheet					
5. Zoning Table - See V.5. above					
6. A definite point of beginning, referenced by adjacent lines					
7. Each boundary of the subdivision, shown by metes, bounds and bearings, indicated by magnetic, true north or relative bearing					
8. The lot area(s) of both the original and proposed lots					
9. Any right-of-way or other permanent easement existing on the property					
10. Any building line restrictions of record					
11. All property lines not to be changed shall be indicated by heavy solid lines					
12. All property lines to be changed shall be indicated by broken lines					
13. All new property lines shall be shown in heavy broken lines					
14. Tax block, lot number(s) and street addresses					
15. Dates of drawings and revisions, if any					
16. Graphic scale					
17. Project title					
18. North arrow					

D. Application for the Certificate of Appropriateness and/or a Certificate of No Effect. The Historic Preservation Commission staff maintains and makes updates as necessary to the Application for the Certificate of Appropriateness and/or a Certificate of No Effect (also known as "Historic Preservation Application"). A copy of the Application is available upon request from the Division of City Planning staff or a digital version is accessible through the City's official website.

E. Historic Preservation Commission ("HPC") application checklist.

GENERAL APPLICATION REQUIREMENTS				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. A fully completed application form				
2. A full and complete description of the proposed work within the application or separately submitted				
3. Fee				
4. Existing photographs of the building and/or site (please note we do not accept photos from any "streetview")				
5. Any Historic Documentation of the property, including but not limited to the 1938 Tax Assessor's card, historic photo documentation, or historic site documentation				

GENERAL APPLICATION REQUIREMENTS				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
6. A proposal or contract for work				
7. Any permitting forms required from the divisions of Zoning, Building, and/or Engineering				

NEW CONSTRUCTION APPLICATION REQUIREMENTS *examples include new construction on a vacant lot, reconstruction of a building, etc.*				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Signed and Sealed Architectural and Engineering Plans containing the following:				
a) Zoning Chart				
b) Drawing List				
c) Site photographs				

NEW CONSTRUCTION APPLICATION REQUIREMENTS *examples include new construction on a vacant lot, reconstruction of a building, etc.*	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
d) Contextual photographs in elevation				
e) An existing blockfront elevation				
f) A proposed elevation of the blockfront with the new building inserted				
g) Block Site Plan				
h) Site survey				
i) A proposed site plan (or an existing and proposed site plan if required for comparison)				
j) Elevations of all facades				
k) Floor plans				
l) Demolition plans				
m) Roof Plan				
n) Building section(s)				
o) Landscape plan				
p) Fencing elevation, section and construction details				
q) Railing elevation, section and construction details				
r) Sightline drawings from the public right-of way-for all rooftop appurtenances				
s) Scaled, detail drawings including elevation and sections within the proposed openings of all proposed windows, doors and storefronts,				
t) Scaled, detailed drawings of all signage, ornament, lights, door hardware, doorbells, mailboxes etc.				
3. Digital Submission in PDF format of application documents and any revisions				
a) Revisions shall be dated and called out on plans and/or accompanied by a change				
b) Digital Submission of Distribution Set transmitted to staff prior to the scheduled hearing's distribution date. DEADLINES ARE SET BY THE BOARD ON THEIR ADOPTED AGENDA				
4. Physical materials and color samples be clearly noted on the drawings must be submitted to staff for review (Material Sample Board)				
5. All details of construction must be clearly labeled and cross referenced throughout submitted drawings				
6. Any permitting forms required from Zoning, Building, and/or Engineering				

BUILDING ADDITION APPLICATION REQUIREMENTS *examples of work include rear additions, rear decks, rooftop additions, roof decks, etc.*	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Signed and Sealed Architectural and Engineering Plans containing the following:				
a) Zoning Chart				
b) Site survey				
c) Block site plan				
d) Existing vs proposed site plan				

BUILDING ADDITION APPLICATION REQUIREMENTS ***examples of work include rear additions, rear decks, rooftop additions, roof decks, etc.***				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
e) Existing vs proposed floor plans				
f) Demolition plans				
g) Existing vs proposed elevations				
h) Existing vs proposed sections				
i) Scaled, detail drawings including elevation and sections within the proposed openings of all proposed windows, doors and storefronts				
j) Scaled, detailed drawings of all signage, ornament, lights, door hardware, doorbells, mailboxes etc.				
k) All materials and color must be clearly noted on the drawings				
l) To-scale sight line drawings				
m) Detail Drawings of lintels, sills, doors, windows, etc.				
n) Sightline drawings from the public right-of way-for all rooftop appurtenances				
o) Landscape Plan				
3. Materials and color samples				
4. Digital Submission in PDF format of application documents and any revisions				
a) Revisions shall be dated and called out on plans and/or accompanied by a change				
b) Digital Submission of Distribution Set transmitted to staff prior to the scheduled hearing's distribution date, as necessary. DEADLINES ARE SET BY THE BOARD ON THEIR ADOPTED AGENDA				
5. Any permitting forms required from Zoning, Building, and/or Engineering				

GENERAL RESTORATION APPLICATION REQUIREMENTS ***examples of work include repairing, restoring, cleaning, and painting ironwork (railings, fencing, newel posts, etc.), facades, exterior doors, windows***				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Site photographs - showing details and condition of features to be restored				
3. Site documentation for which the restoration is based on, including but not limited to the 1938 Tax Assessor's card, historic photo documentation, or historic site documentation				
4. Materials, specifications, and methods proposed (including color choices)				
5. Any necessary permitting documents as required by Zoning and Building				

GENERAL REPLACEMENT APPLICATION REQUIREMENTS ***examples of work include removing existing materials and replacing with new—can be applied to ironwork (railings, fencing, newel posts, etc.), fences, gates, etc.***				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Site photographs - showing features proposed to be replaced				

GENERAL REPLACEMENT APPLICATION REQUIREMENTS *examples of work include removing existing materials and replacing with new—can be applied to ironwork (railings, fencing, newel posts, etc.), fences, gates, etc.*	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
3. Site documentation for which the replacement is based on, including but not limited to the 1938 Tax Assessor's card, historic photo documentation, or historic site documentation				
4. To scale, dimensioned drawings of the proposed replacement features (elevation, details and full or half-scale sections)*				
5. Site plan showing extent of installation locations				
6. Finish Sample/Color specification				
7. Any permitting forms required from Zoning, Building, and/or Engineering				

*A manufacturer or supplier's written description or prepared drawings of the proposed feature may be substituted for the above (*) at the discretion of the Historic Preservation Officer

WINDOW REPLACEMENT APPLICATION REQUIREMENTS *example of work: completely removing the existing window and casing and replacing it with a new window and casing*	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Site photographs - showing proposed windows to be replaced				
3. Detail photographs of the windows from the exterior (and interior if applicable)				
4. To scale, dimensioned drawings of the proposed new door within the opening, including elevation and sections				
5. Cut sheet or drawing of proposed replacement features (elevation, details, and full or half-scale sections*)				
6. Color/Finish specifications				

*A manufacturer or supplier's written description or prepared drawings of the proposed window may be substituted for the above (*) at the discretion of the Historic Preservation Officer

DOOR REPLACEMENT APPLICATION REQUIREMENTS *example of work: completely removing the existing window and casing and replacing it with a new window and casing*	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Site photographs - showing proposed door to be replaced				
3. Detail photographs of the door from the exterior (and interior if applicable), showing deterioration				
4. To scale, dimensioned drawings of the proposed new door within the opening, including elevation and sections				
5. Cut sheet or drawing of proposed replacement door (elevation, details, and full or half-scale sections*)				
6. Color and/or Finish specifications and sample				

*A manufacturer or supplier prepared drawings or written description of the proposed door may be substituted for the above (*) at the discretion of the Historic Preservation Officer

SIDEWALK WORK APPLICATION REQUIREMENTS ***examples of work: completely removing the existing sidewalk and replacing it, resetting existing bluestone, UST removal from sidewalk, street tree pit expansion or repair***				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Site photographs - showing existing curbs, front, right, and left sides of sidewalk and adjacent sidewalks				
3. Material and color specifications				
4. Site sketch, if necessary				
5. Any permitting forms required from Zoning, Building, and/or Engineering				

SIGNAGE APPLICATION REQUIREMENTS ***examples of work include window signage and signage applied to the exterior of the building**				
	COMPLETE			STAFF REMARKS
	YES	NO	N/A	
1. General application requirements				
2. Site photographs - showing the existing signage and the entire façade(s)				
3. Detail photographs of the existing storefront elevation				
4. A *to scale* photo simulation of the proposed signage				
5. A dimensioned drawing of the proposed signage clearly showing all measurements:				
a) Length and width of sign band and square footage				
b) Square footage of all lettering, logos *etc.*				
c) Proposed material sample(s) for the signband, lettering, etc.				
6. Proposed material of signage				
7. Proposed method of installation				
8. A mockup of the proposed signage on the building				
9. A mockup of the proposed signage on the storefront				
10. Any permitting forms required from Zoning, Building, and/or Engineering				

F. Utility, Infrastructure, and Refuse Form. The Division of City Planning maintains and makes updates as necessary to the Utility, Infrastructure, and Refuse Form ("form"). A copy of the form is available upon request from Division of City Planning staff or a digital version is accessible through the City's official website. The form is a checklist item of a general development application.

G. Subdivision map digital submission standards. Applicant shall submit a digital subdivision map that meets or exceeds the standards of the New Jersey Division of Taxation and common New Jersey Land Surveying practices. The digital subdivision map shall meet or exceed the standards set forth below. Submissions which do not meet these standards or are unreadable will be returned to the applicant.

1. It is the City's intention to use the subdivision map digital CAD deliverables for inclusion in the Jersey City GIS database and for the maintenance of the City's tax maps. The digital data submitted shall be such that it will be capable of being processed through typical GIS feature development techniques, for both linework and attribute data, with minimal to no editing of the source CAD data, translation, or other maintenance.

2. Subdivision map information shall be input into a computer utilizing a commercially available computer drafting package. The CAD software output shall be readable by AutoCAD release 2000 or greater.

3. Each subdivision map sheet shall be constructed full scale and georeferenced to the New State Plane Coordinate NAD83.

4. Subdivision map shall be prepared in such a way that all different types of lines are placed on separate layers. The layers to include dimensions/verbiage and locating arrows or directional indicators.

5. Layering shall be the same for all subdivision sheets with each sheet containing the full layer set even though some layers may be void of data. Layer names shall be all upper case and contain no spaces. Underscores may be used to separate portion of the layer names.

6. The subdivision map shall not contain any duplicate linework (i.e. no lines on top of lines). All intersecting lines shall be snapped to within 0.01 feet. There shall be no undershoots or overshoots, and all short line segments shall be deleted.

7. All curves including those along street centerlines shall be true curves. All straight lines between lot corners shall consist of a single line segment with no intermediate nodes. All property boundaries shall be broken at lot line intersections.

8. All files pertaining to the project are to be submitted to one or more CDs or DVDs with an attached table of contents of files including file names and descriptions.

§ 345-31.1. Hearing requirements. [Added 4-11-2012 by Ord. No. 12-044; amended 5-26-2021 by Ord. No. 21-036]

As determined by the Planning Board, applicants are required to bring at least one physical or digital set of any necessary site plans, including floor plans and elevations; subdivision plats; photographs; and appropriate material samples and/or material boards and/or color catalog cuts of primary façade materials to the hearing for Board review. These plans, exhibits, and material samples shall be in a form presentable for Commissioner and audience benefit. Any experts who testify must be licensed in the State of New Jersey, when and if required by law.

ARTICLE IV

Fees, Deposits and Inspections

[Amended 4-28-2004 by Ord. No. 04-046]

§ 345-32. Non-refundable application fees.

A. There shall be a non-refundable fee for applications to the Jersey City Planning Board, Zoning Board of Adjustment, and Historic Preservation Commission as provided by law and established herein. The fees provided for shall be non-refundable and are for purposes of offsetting the administrative and clerical costs of running these Boards. **[Amended 3-23-2005 by Ord. No. 05-033; 4-23-2008 by Ord. No. 08-046]**

B. The City of Jersey City and its agencies, such as the Housing Authority and Board of Education, as well as applications for affordable housing (affordable housing being defined pursuant to N.J.S.A. 52:27D-301, et seq. or the U.S. Department of Housing and Urban Development), and applications for certificates of appropriateness and certificates of no effect submitted by non-profit entities for property within a designated historic district are exempt from the fees described herein. **[Amended 11-12-2014 by Ord. No. 14-017; 5-13-2015 by Ord. No. 15-054]**

C. As for projects by non-City entities that propose a mix of affordable housing and market rate housing, the fees shall be pro-rated so that only affordable housing units and their associated building components shall be exempt from the fees. All market rate housing units and their associated building components, as well as non-residential (commercial or industrial) units, shall remain subject to the fees described herein. **(Added 5-13-2015 by Ord. No. 15-054)**

D. Applications requiring Site Plan Review or Subdivision Review by the Department of Infrastructure shall pay the applicable fee set forth in Chapter 160-1.A.10. **[Added 1-10-2024 by Ord. No. 23-126]**

§ 345-33. Fees. [Amended 3-23-2008 by Ord. No. 05-033; 4-23-2008 by Ord. No. 08-046; 8-12-2009 by Ord. No. 09-091; 11-10-2015 by Ord. No. 15-147]

A. Applicable Fees.

1. Every application for review or hearing before the Zoning Board of Adjustment, or the Planning Board shall be initially accompanied by a check for $150.00, and every application to the Historic Preservation Commission shall be initially accompanied by a check for $10.00. Balance due will be determined upon City Planning Staff's review in accordance with the amount(s) as provided in Fee Table I and based upon the initial submission package. If future submissions result in additional fees, such will be calculated at that time. This balance will be due within 30 days of issuance of the first review checklist. If not received within 30 days, review will cease until payment is submitted. **[Amended 2-23-2011 by Ord. No. 11-021; 4-11-2012 by Ord. No. 12-043]**

2. The applicant shall arrange to provide the Division of City Planning with two copies of the transcript for its files and shall pay the complete cost of the transcript of his or her application. Any balance due the transcription firm engaged by the Division for its services shall be payable immediately upon billing.

3. Copies of resolutions rendered by either the Board of Adjustment or the Planning Board shall be available to any person requesting them at their sole cost and expense. Any applicant shall receive a copy of the decision rendered at no additional cost. Minutes of either the Board of Adjustment or the Planning Board shall also be available on request to any person or applicant at their sole cost and expense. Amounts charged shall be as provided for in the City's ordinance regulating photocopy and documents fees.

4. Performance guarantees may be required by the Zoning Board of Adjustment or the Planning Board pursuant to N.J.S.A. 40:55D-53.

5. The Zoning Officer, and the Division of Zoning Enforcement may establish reasonable fees to cover administrative costs for the issuance of permits, certificates or authorizations pursuant to N.J.S.A. 40:55D-18.

[Amended 3-23-2005 by Ord. No. 05-033; 4-23-2008 by Ord. No. 08-046; 5-28-2008 by Ord. No. 08-072; 8-12-2009 by Ord. No. 09-091; 11-10-2010 by Ord. No. 10-133; 2-23-2011 by Ord. No. 11-021; 9-27-2011 by Ord. No. 11-112; 10-23-2019 by Ord. No. 19-143; 7-15-2020 by Ord. No. 20-049; 9-10-2020 by Ord. No. 20-071; 8-18-2021 by Ord. No. 21-053; 11-28-2022 by Ord. No. 22-098; 10-30-2024 by Ord. No. 24-096; 2-13-2025 by Ord. No. 25-006; 3-12-2025 by Ord. No. 25-023]

Fee Table I

Application Type	Application Fees
Zoning Compliance Review and Determination	**Non-Refundable**
Residential	$50.00/unit
Nonresidential (per square foot) - including Mixed Use	$250.00 for the first 5,000 sq. ft. and $50.00 per 1,000 sq. ft. after
Zoning determination letter/certificate (general, driveway, and short term rental)	$150.00
Certificate of occupancy	$150.00
Signage or solar	$150.00
Planning Board and Board of Adjustment Applications	**Non-Refundable**
Minor site plan	$1,000.00
Preliminary major site plan—Residential	$50.00 per dwelling unit or a minimum of $500.00
Preliminary major site plan—Non-residential	With principal buildings over 1,000 sq. ft. GFA: $50.00 per 1,000 sq. ft. GFA or part thereof or a minimum of $500.00 Without principal building over 1,000 sq. ft. GFA: $50.00 per 1,000 sq. ft. lot area or part thereof or a minimum of $500.00
Final major site plan	50% of current preliminary major site plan fee
Site plan amendment	50% of the current application fee or a minimum of $1,000.00
Administrative amendment	$500.00
Conceptual site plan	$500.00 (to be deducted from fees for formal application for development)
Conditional use—Cannabis Establishments	$2,500.00
Conditional use—All others	$200.00
Extension of site plan approval	$500.00
Minor subdivision	$500.00
Preliminary major subdivision	$1,000.00 plus $100.00 per lot
Final major subdivision	50% of current preliminary major subdivision fee
SPECIAL MEETING REQUESTED BY APPLICANT	$5,000.00

Application Type	Application Fees
REZONING OR REDEVELOPMENT PLAN AMENDMENT REQUESTED BY DEVELOPER	Fee as specified in applicable redevelopment plan, or $5,000.00, if no fee specified in plan.
APPEALS, INTERPRETATIONS AND VARIANCES	$150.00
"a" and "b" appeals and interpretations as per N.J.S.A. 40:55D-70 a and b	$150.00
"c" variance as per N.J.S.A. 40:55D-70(c) and deviation from redevelopment plan	$500.00 for each "c" variance
"d" variance as per N.J.S.A. 40:55D-70(d)	$1,000.00 for each "d" variance
Extension of variance approval	$500.00

Application Type Historic Preservation Commission Applications	Application Fees Non-Refundable
CERTIFICATE OF NO EFFECT	
Non-Residential	
With principal building	$80.00 per 1,000 square feet GFA or part thereof
Without principal building	$80.00 per 1,000 square feet of lot area or part thereof
Unlit interior window sign only	$100.00
Sidewalk repair/replacement when not filed concurrently with other work	$40.00 for first 25 linear feet of frontage, additional $20.00 for each 25 feet of frontage over 25 or part thereof
Residential	
Interior work only	$20 per affected dwelling unit to a maximum of $100
Exterior work only or interior & exterior work filed concurrently	$50.00 per dwelling unit to a maximum of $1,000.00
Sidewalk repair/replacement when not filed concurrently with other work	$40.00 per dwelling unit to a maximum of $200.00
CERTIFICATE OF APPROPRIATENESS (COA)	
New construction on vacant land	$1,000.00; in addition to residential and/or nonresidential fees
Residential	$100.00 per unit, or a minimum of $500.00
Non-residential	
With principal building	$100.00 per 1,000 square feet of GFA or part thereof, or a minimum of $500.00
Without principal building	$100.00 per 1,000 square feet lot area or part thereof, or a minimum of $500.00
Exterior sign application only	$250.00

Application Type Historic Preservation Commission Applications	Application Fees Non-Refundable
ADDITIONAL FEES AS NEEDED	
Outdoor café only	$100.00
Extension of COA approval	$250.00
Demolition prior approval report	$250.00
Determination of significance	$150.00
SPECIAL MEETING REQUESTED BY APPLICANT	$2,000.00

ARTICLE V

Zoning and Design Standards*

§ 345-34. Zoning districts. [Added 10-13-2022 by Ord. No. 22-084]

***Editor's note—**Ord. No. 22-084, adopted October 13, 2022, in effect repealed former Art. V, §§ 345-34—345-40.2, 345-40.6, 345-41, 345-41A, 345-42—345-50a, 345-51—345-60.5, 345-61—345-66.1, 345-67—345-73, and added a new Art. V. Former Art. V pertained to similar subject matter, and derived from:

Ord. No.	Date	Ord. No.	Date	Ord. No.	Date	Ord. No.	Date

For the purposes of this Chapter, the City of Jersey City is hereby divided into redevelopment plans and the following zoning districts, herein, and shown on the Zoning Map.

§ 345-35. Zoning map. [Added 10-13-2022 by Ord. No. 22-084]

The boundaries of the redevelopment plans and the zoning districts are established on the map entitled "City of Jersey City Zoning Map" adopted by Council by Ordinance number 22-084. This map is amended periodically. The current map is on file and available for public inspection and/or purchase at the Division of City Planning, 1 Jackson Square, 2nd Floor, Jersey City, New Jersey.

§ 345-36. Interpretation of boundaries. [Added 10-13-2022 by Ord. No. 22-084]

A. Zoning district boundary lines are intended to follow street center lines, railroad rights-of-way and lot lines as they exist on lots of record at the time of enactment of this chapter unless otherwise indicated by dimensions on the Zoning Map. Any dimensions shown shall be in feet and measured horizontally and, when measured from a street, shall be measured from the street right-of-way line even if that same street is the location of a zoning district line along its center line. The exact location of any disputed zoning district boundary line shall be determined by the Board of Adjustment. The zoning standards, controls and designations apply to every structure, lot and use within each district, and the district lines extend vertically in both directions from ground level. The district boundary lines shown to terminate at the pierhead line should be continued in a straight line out to the City limits, should these water areas require a district interpretation.

B. For sites that overlap with multiple zone districts, the zone that covers the largest portion of the site shall govern the entire development site. In the case of overlay zones, however, those standards shall still apply.

C. Boundaries indicated as following or approximately following shorelines shall be construed as following such shorelines but, in the event of change in the shoreline, shall be construed as moving with the actual shoreline. Boundaries indicated as following or approximately following City lines shall be construed as following such City lines.

D. If there is question regarding any zone boundary, the zoning map as referenced and available at the offices of the Division of City Planning shall be used to determine the exact boundary line.

§ 345-37. Vacating a street or other public right-of-way. [Added 10-13-2022 by Ord. No. 22-084]

Where a vacated street or other public right-of-way is bounded on both sides by different zoning districts, the former center line of the vacated right-of-way shall be considered the zoning district boundary line.

§ 345-38. Redevelopment areas. [Added 10-13-2022 by Ord. No. 22-084]

A. In any area officially declared and delineated as a redevelopment area by duly adopted ordinances, the standards and designations contained in the Redevelopment Plans for such legally adopted plans shall take precedence over any standards contained within this Chapter. However, the Definitions found in Section 345-6 and the provisions for Site Plan approval shall apply to all zones and Redevelopment Plan areas citywide.

B. Where the standards and controls of the Plans do not provide alterations to the provisions of this Chapter, those provisions of this Chapter that remain unchanged shall prevail.

§ 345-39. Variances and waivers. [Added 10-13-2022 by Ord. No. 22-084]

Any deviation from a provision of this Chapter which is identified as a Design Standard shall require a waiver by the reviewing board from the specific design standard. Any other deviation from a standard contained in this Chapter shall require a variance from the specific standard in accordance with the Municipal Land Use Law. Waivers will be subject to the same notification requirements found in Section 345-19.

§ 345-40. RH-1 Residential Housing District (large lots). [Added 10-25-2023 by Ord. No. 23-103]

A. Purpose. The purpose of this district is to preserve the pattern, quality, and architectural individuality of the existing detached one- and two-unit structures and to discourage subdivision and demolition. This district is similar to the RH-2 and R-1 zones except that it is intended to protect clusters of lot sizes that are larger than the standard 25×100 lot size for Jersey City.

B. Permitted principal uses are as follows:

1. Principal structures with one or two dwelling units.

C. Uses incidental and accessory to the principal use, such as:

1. Private garages.
2. Off-street parking.
3. Fences and walls.
4. Home occupations.
5. Swimming pools.
6. Decks, patios, pergolas, and storage sheds.
7. Accessory Dwelling Units, one dwelling unit permitted in an accessory structure per lot regardless of lot size and in addition to unit(s) in the principal structure.

D. Conditional Uses.

1. Principal structures with three units.
2. Developments utilizing the Affordable Housing Overlay.

E. Bulk Standards.

1. Existing lots are considered conforming in lot area, width and/or depth.

2. Minimum Lot Size: 4,000 square feet.

3. Minimum Lot Width: 40 feet.

4. Minimum Lot Depth: 100 feet.

5. Front Yard Setback: Predominant setback shall apply.

6. Side Yards: Minimum of five feet on both sides.

7. Minimum Rear Yard:

   a. For lots with a lot depth less than 120 feet, 30% of lot depth.

   b. For lots with a lot depth of 120 feet or more, 40% of the lot depth.

8. Maximum Building Height: three stories and 35 feet.

9. Maximum Building Coverage: 55%.

10. Maximum Lot Coverage: 75%.

11. Maximum Accessory Building Height:

    a. 18 feet if an Accessory Dwelling Unit.

    b. 15 feet for all other accessory structures.

12. Minimum Accessory Building Setbacks:

    a. Rear Yard: Zero feet.

    b. Side Yard: Two feet.

F. Parking Standards.

1. Off-street parking is prohibited on interior lots with a width less than 26 feet.

2. Off-street parking is prohibited on corner lots and through lots when the lot width is less than 20 feet.

3. Minimum required parking: A minimum of 0.3 spaces per bedroom is required. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 12 bedrooms a minimum of four spaces are required ($12 \times 0.3 = 3.6$ which rounds to 4 spaces).

4. No parking shall be permitted between the building line and the street line. Garage entrances must be on the rear wall of the building or as part of a detached or attached fully enclosed garage.

5. Curb cut standards:

    a. Maximum number: One curb cut is permitted per lot when off-street parking is a permitted use.

    b. Maximum width: Ten feet.

6. Accessory Dwelling Units are exempt from any minimum parking requirement in this Zone.

G. Design Standards

1. Principal structures must be designed to appear as single unit dwellings. Multi-unit buildings must have only one front entry. If historic documentation (such as the 1938 Tax Card) shows multiple front entries, they may be maintained.

2. Homes shall maintain and retain existing architectural elements such as gables, front porches, transoms, cornices, divided light windows, dormers, bay windows, oriels, turrets, and other elements found within the existing streetscape.

3. Roof pitches must be designed to be compatible with adjacent houses by using prevalent slopes and angles.

4. All exterior walls are to be treated with the same materials and architectural detail; although, the treatment of side and rear walls may be simplified.

5. Design elements shall have compatible rhythm and repetition with an emphasis on materials and colors prevalent in the neighborhood.

6. Building height shall be visually compatible with adjacent buildings. The size, scale, and height of new construction shall relate to the prevailing pattern of the streetscape.

7. Buildings are to be sited on their lot so that their placement and relationship to surrounding property is equivalent to the existing pattern of development on the street.

8. Materials must reflect the predominant traditional building materials in use on existing, adjacent structures. Where appropriate, the use of multiple materials maybe encouraged. However, use of EIFS, vinyl siding, light colored brick, stucco, brick-face, stone-face, and other inappropriate cladding materials is strictly prohibited.

9. Any restoration or renovation in strongly encouraged to be completed under the guidance of the Secretary of the Interior's Guidelines for the Treatment of Historic Properties when undertaking any exterior work.

10. Any new construction shall be designed in context of any surrounding historic resources, following the predominant setbacks, height, and lot siting.

H. Conditional Use Standards for Three-unit principal structures or developments utilizing the Affordable Housing Overlay.

1. Structures shall be designed to comply with the design standards of this Zone.

2. Any restoration or renovation in strongly encouraged to be completed under the guidance of the Secretary of the Interior's Guidelines for the Treatment of Historic Properties when undertaking any exterior work.

3. Any new construction shall be designed in context of any surrounding historic resources, following the predominant setbacks, height, and lot siting.

Editor's note—Ord. No. 23-103, adopted October 25, 2023, amended the Code by repealing former § 345-40, and adding a new § 345-40. Former § 345-40 pertained to the R-1A One- and Two-Family Housing District (large lots), and was added by Ord. No. 22-084, adopted October 13, 2022.

§ 345-40.1. RH-2 Residential Housing District (typical lots).

A. Purpose. The purpose of this district is to preserve the pattern, quality, and architectural individuality of the existing structures and to discourage subdivision and demolition. This district is similar to the RH-1 and R-1 zones except that it is intended to protect clusters of the standard 25×100 lot size for Jersey City.

B. Permitted principal uses are as follows:

1. Residential.

C. Uses incidental and accessory to the principal use, such as:

1. Private garages, except when it is prohibited per the RH-2 Parking Standards.

2. Off-street parking, except when it is prohibited per the RH-2 Parking Standards.

3. Fences and walls.

4. Home occupations.

5. Swimming pools.

6. Decks, patios, pergolas, and storage sheds.

7. Accessory Dwelling Units, one dwelling unit permitted in an accessory structure per lot regardless of lot size and in addition to unit(s) in the principal structure.

D. Conditional Uses.

1. Developments utilizing the Affordable Housing Overlay.

E. Density and Bulk Standards.

1. Maximum permitted density for Residential: a maximum of 42 units per acre, or one- or two-dwelling units per lot regardless of lot size.

2. All existing lots are considered conforming.

3. Minimum Lot Size: 2,500 square feet or the predominant lot area of the Blockfront, whichever is greater. Calculation of predominant lot area shall exclude any lots on the Blockfront in a different zone. Predominant is determined by which lot area is most frequently occurring along the Blockfront.

4. Minimum Lot Width: 25 feet.

5. Minimum Lot Depth: No standard.

6. Maximum Building Height: three stories and 35 feet. The required finished floor height of the building entry on the Primary Front Façade shall match the finished floor height of the building entry for either lot adjacent to the subject parcel.

7. Front Yard Setback: the required front yard setback shall match the Building Line of the Front Primary Façade of either lot adjacent to the subject parcel. The adjacent lot to be matched may be decided by the applicant or property owner. If both adjacent lots are vacant, the subject parcel shall match the nearest building on the same Blockfront.

8. Minimum Rear Yard Setback:

   a. For lots with a lot depth less than 120 feet, 30% of lot depth.

   b. For lots with a lot depth of 120 feet or more, 40% of the lot depth.

9. Side Yard Setbacks for principal structures shall be in accordance with standards in the table:

	For detached buildings:	**For semi-detached buildings:[C]**	**For attached or zero lot line buildings:[C]**
Side Yard Setback Standards: [A, B]	1) Minimum setback for one side: Two feet. 2) Minimum setback for both: Five feet one inch.	1) Minimum setback for one side: Three feet one inch. 2) Minimum setback for other side: None.	If adjacent building has a less than one foot side yard setback (i.e., is built to the side lot line), a zero feet side yard may be permitted (i.e., new house may also be built to the side lot line).

Table Footnotes:

[A]In the instance that the adjacent building has a side yard setback four feet or greater (as measured to the principal structure), the new building may build to the zero side setback along that lot line. However, for corner and cap lots, one side yard shall be a minimum of five feet.

[B]In the instance that adjacent lot is vacant, the new building may build according to the side yard standards for detached, semi-detached, attached, or zero lot line buildings.

[C]In the instance the adjacent building has a zero side yard setback but also has an existing window that is either directly on the side lot line or setback less than three feet, the new building may still

build to the zero side lot line, starting at the front building line, but shall be required to setback the new building three feet from said window, starting from one foot in front of the existing window and terminating at least one foot beyond the existing window.

10. Maximum lot coverage: 75%.

11. Front yard lot coverage standards:

    a. Maximum front yard lot coverage:

        i. For lots with a front yard setback greater than two feet in depth: 50% maximum.

        ii. For lots with a front yard setback two feet or less in depth: No standard.

    b. For the purpose of calculating front yard depth and front yard area, measurements shall be from the property line to nearest grounded encroachments (See 345-6 and 345-60.D) or building line if there are no ground encroachments. The front yard area should also not include the area or square feet of grounded encroachments. For example, a front yard setback of five feet is measured to the building line, but the structure includes a bay window (a grounded encroachment) that extends three feet into the front yard, then the resulting front yard is only two feet deep and therefore no front yard lot coverage standard applies.

12. Roof deck setbacks: Roof decks shall be setback a minimum of ten feet from Primary and Secondary Front Façades.

13. Standards for accessory buildings or structures:

    a. Maximum accessory building height:

        i. For Accessory Dwelling Units: 18 feet and two stories.

        ii. For all other accessory structures: 12 feet.

    b. Minimum accessory building setbacks:

        i. Rear yard setback: No standard.

        ii. Side Yard: Two feet.

    c. Standards for corner lots, cap lots, and through lots: Two feet front lot lines.

F. Off-street parking requirements.

1. Off-street parking is prohibited on interior lots with a width less than 26 feet.

2. Off-street parking is prohibited on corner lots and through lots when the lot width is less than 20 feet.

3. For lots with a lot width of 50 feet or less off-street parking is not required.

4. For lots with a lot width over 50 feet: A minimum of 0.3 spaces per bedroom is required. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 12 bedrooms a minimum of four spaces are required (12 × 0.3 = 3.6 which rounds to 4 spaces).

5. Accessory Dwelling Units are exempt from any minimum parking requirement in this Zone.

6. Shared driveway requirement: When off-street parking is permitted, construction of two or more residential buildings with parking on adjacent lots shall include a shared driveway located to maximize on-street parking spaces; no existing street tree shall be removed to create a driveway without prior approval by the Jersey City Division of Parks & Forestry.

7. Curb cut standards:

   a. Maximum number: One curb cut is permitted per lot when off-street parking is a permitted use.

   b. Maximum width: Ten feet.

G. Design Standards.

1. Buildings proportions shall be compatible with the predominant proportional relationship along a street. Building entries, windows and other openings shall be compatible in location, size and pattern to other structures on the block. To the greatest extent possible, characteristics of surrounding development such as roof style and pitch, material, window and door detailing, and the presence of porches shall be consistent with other structures on the block.

H. Conditional Use Standards for developments utilizing the Affordable Housing Overlay.

1. Any restoration or renovation in strongly encouraged to be completed under the guidance of the Secretary of the Interior's Guidelines for the Treatment of Historic Properties when undertaking any exterior work.

2. Any new construction shall be designed in context of any surrounding historic resources, following the predominant setbacks, height, and lot siting.

Editor's note—Ord. No. 23-103, adopted October 25, 2023, amended the Code by repealing former § 345-40.1, and adding a new § 345-40.1. Former § 345-40.1 pertained to the R-1F One- and Two-Family Housing District (large lots), and was added by Ord. No. 22-084, adopted October 13, 2022.

§ 345-40.2. Reserved.

Editor's note—Ord. No. 23-103, adopted October 25, 2023, amended the Code by repealing former § 345-40.2 in its entirety. Former § 345-40.2 pertained to the R-1W Webster Avenue Residential District, and was added by Ord. No. 22-084, adopted October 13, 2022.

§ 345-41. R-1 Neighborhood Housing District. [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose.

1. The purpose of this district is to accommodate existing housing, encourage compatible in-fill, preserve the streetscape, and utilize and preserve on-street parking where lot frontage is narrow.

2. The R-1 zone impacts every ward in Jersey City. Therefore, it is important that this zone acknowledge and celebrate the culture and physical assets of existing communities as well create high quality, diverse housing types in all neighborhoods that will accommodate the needs of all types of residents.

B. Permitted principal uses are as follows:

1. Residential.
2. Houses of worship
3. Civic.
4. Parks and playgrounds.
5. Essential services.
6. Schools.
7. Governmental uses.
8. First floor commercial provided that the commercial unit(s) existed in the 1930's Tax Assessor's photo and that the original storefront character including window configuration be restored or maintained.
9. Adult day cares.
10. Assisted living residences.
11. Nursing homes.
12. Senior housing.
13. Public utilities, except that natural gas transmission lines shall be prohibited.

C. Permitted accessory uses are as follows: **[Amended 3-6-2024 by Ord. No. 24-011]**

1. Off-street parking, except when it is prohibited per the R-1 Parking Standards.
2. Fences and walls.
3. Meeting rooms, recreation areas and similar uses normally associated with the principal use.
4. Home occupations.
5. Swimming pools.
6. Signs.
7. Decks, patios, pergolas, and storage sheds.

8. Electric vehicle charging, except when off-street parking is prohibited per the R-1 Parking Standards.

9. Accessory Dwelling Units, one dwelling unit is permitted in an accessory structure per lot regardless of lot size and in addition to unit(s) in the principal structure.

D. Prohibited uses are as follows:

1. Class 5 Cannabis Retailers.

E. Density and Bulk Standards:

1. Maximum permitted density by use:

a. Residential: a maximum of 42 units per acre, or one- or two-dwelling units per lot regardless of lot size.

b. Assisted Living Residences, Senior Housing, Nursing Homes: No standard.

2. All existing lots are considered conforming.

3. Minimum Lot Size: 2,500 square feet or the predominant lot area of the Blockfront, whichever is less. Calculation of predominant lot area shall exclude any lots on the Blockfront in a different zone. Predominant is determined by which lot area is most frequently occurring along the Blockfront.

4. Minimum Lot Width: 25 feet.

5. Minimum Lot Depth: No standard.

6. Townhouse Lot Subdivision: Lots that are 5,000 square feet or greater and at least 50 feet wide are permitted to be subdivided according to the following standards:

a. Minimum Lot Width: 18 feet for lots subdivided according to this clause.

b. Minimum Lot Area: 1,000 square feet for lots subdivided according to this clause.

c. Lots subdivided according to this clause shall have alternate bulk requirements as follows. All other bulk standards of this Zone shall apply.

i) Minimum front yard setback of zero feet.

ii) Minimum side yard setback of zero feet.

d. Interior Lot(s): If any of the new lots created according to this clause do not front on a preexisting public right-of-way, then the new lots created shall be subdivided by major subdivision and shall front on a public right-of-way of at least seven feet wide (aka Walking Alley) that runs the full depth of the original lot or group of lots pre-subdivision. If adjacent subdivisions occur according to this clause, those major subdivisions shall extend or expand

the public right-of-way (aka Walking Alley) by connecting parallel streets or widening the right-of-way to a minimum of 14 feet. See Walking Alley reference in the Lot Line Diagram definition (345-6 Definitions).

7. Rear Yard Setback, Building Height and Coverage shall be in accordance with standards in the table:

	Minimum rear yard setback standards for Principal Structures:	**Maximum Building Height standards for Principal Structures:[B]**	**Maximum Lot Coverage:**
Lots 1,800 square feet or less:[C]	25% of the lot depth, rounded to nearest whole number.[D, E]	Three stories, 35 feet	85%
Lots greater than 1,800 square feet and less than 3,200 square feet:[A, C]	30% of the lot depth, rounded to nearest whole number.[E]	Three stories, 35 feet	75%
Lots 3,200 square feet or more:[C]	25% of the lot depth, rounded to nearest whole number.[E]	Three stories, 35 feet	85%

Table Footnotes:

[A]The required finished floor height of the building entry on the Primary Front Façade shall match the finished floor height of the building entry for either lot adjacent to the subject parcel.

[B]Maximum parapet height: 42 inches above any flat roof or eave.

[C]Buildings proportions shall be compatible with the predominant proportional relationship along a street. Building entries, windows and other openings shall be compatible in location, size and pattern to other similar structures on the block or area. To the greatest extent possible, characteristics of surrounding development such as roof style and pitch, material, window and door detailing, and the presence of porches shall be consistent with other structures on the block.

[D]For example, a lot with a depth of 75 feet, the minimum rear yard required is 19 feet (calculated $75 \times 0.25 = 18.75$, rounded to 19-foot setback).

[E]No required minimum rear yard setback for principal structures shall be greater than 45 feet.

8. Front Yard Setback Standards for principal structures shall be in accordance with standards in the table:

For interior lots, flag lots, or through lots:	**For corner lots:**	**For cap lots:**	**For whole block lots:**
Match adjacent building line[A]	1) Setback along one front lot line: Match Adjacent building line[A] 2) Setback along other front line: No Standard.	Maximum of seven feet along all front lot lines.	No Standard.

Table Footnotes:

[A]The required front yard setback shall match the Building Line of the Front Primary Façade of either lot adjacent to the subject parcel. The adjacent lot to be matched may be decided by the applicant or property owner. If both adjacent lots are vacant, the subject parcel shall match the nearest building on the same Blockfront.

9. Side Yard Setbacks for principal structures shall be in accordance with standards in the table:

	For detached buildings:	**For semi-detached buildings:[C]**	**For attached or zero lot line buildings:[C]**
Side Yard Setback Standards:[A, B]	1) Minimum setback for one side: Two feet. 2) Minimum setback for both: Five feet one inch.	1) Minimum setback for one side: Three feet one inch. 2) Minimum setback for other side: None.	If adjacent building has a less than one foot side yard setback (i.e., is built to the side lot line), a zero feet side yard may be permitted (i.e., new house may also be built to the side lot line).

Table Footnotes:

[A]In the instance that the adjacent building has a side yard setback four feet or greater (as measured to the principal structure), the new building may build to the zero side setback along that lot line. However, for corner and cap lots, one side yard shall be a minimum of five feet.

[B]In the instance that adjacent lot is vacant, the new building may build according to the side yard standards for detached, semi-detached, attached, or zero lot line buildings.

[C]In the instance the adjacent building has a zero side yard setback but also has an existing window that is either directly on the side lot line or setback less than three feet, the new building may still build to the zero side lot line, starting at the front building line, but shall be required to setback the new building three feet from said window, starting from one foot in front of the existing window and terminating at least one foot beyond the existing window.

10. Additional Coverage Standards:

    a. Required performative roof ratio: When building coverage exceeds 65%, a green roof system, solar panel system, or combination thereof is required onsite equal to at least 10% of the lot area. Green roof trays and other similar green roof systems are acceptable.

    b. Front yard lot coverage standards:

        i) Maximum front yard lot coverage:

            (a) For lots with a front yard setback greater than two feet in depth: 50%.

            (b) For lots with a front yard setback two feet or less in depth: No standard.

ii) For the purpose of calculating front yard depth and front yard area, measurements shall be from the property line to nearest grounded encroachments (see 345-6 and 345-60.D) or building line if there are no ground encroachments. The front yard area should also not include the area or square feet of grounded encroachments. For example, a front yard setback of five (5) feet is measured to the building line, but the structure includes a bay window (a grounded encroachment) that extends three feet into the front yard, then the resulting front yard is only two feet deep and therefore no front yard lot coverage standard applies.

11. Roof deck setbacks: Roof decks shall be setback a minimum of ten feet from Primary and Secondary Front Façades.

12. Standards for accessory buildings or structures:

a. Maximum accessory building height:

i) For Accessory Dwelling Units: 18 feet and two stories.

ii) For all other accessory structures: 12 feet.

b. Minimum accessory building setbacks:

i) Rear yard setback: No standard.

ii) Side Yard: Two feet.

iii) Standards for corner lots, cap lots, and through lots: Two feet front lot lines.

c. Maximum lot coverage for lots with Accessory Dwelling Units:

i) The maximum lot coverage permitted shall increase by an additional 5% when an accessory dwelling unit is proposed or present. Reference Rear Yard Setback, Building Height and Coverage table above.

F. Parking Standards:

1. No parking shall be permitted between the building line and the street line. In no instance shall a parked vehicle project or encroach over a property line, or into rights-of-way, or block sidewalks.

2. Off-street parking requirements:

a. For interior lots in Ward C or Ward D:

i) Off-street parking is prohibited on interior lots with a width less than 26 feet unless off-street parking is predominant on the Blockfront. For the purpose of calculating off-street parking, only lots with garages within the principal structure or lots where the driveway extends at least 18 feet beyond the building line are to be counted. Lots with grandfathered front yard parking are not counted; and,

ii) The 2022 boundaries of Ward C and D as adopted shall apply.

b. For interior lots is all other Wards:

i) Off-street parking is prohibited on interior lots with a width less than 25 feet unless off-street parking is predominant on the Blockfront. For the purpose of calculating off-street parking, only lots with garages within the principal structure or lots where the driveway extends at least 18 feet beyond the building line are to be counted. Lots with grandfathered front yard parking are not counted.

c. For corner lots, cap lots, and through lots:

i) Off-street parking is prohibited on corner lots and through lots when the lot width is less than 20 feet.

d. For lots with a lot width of 50 feet or less off-street parking is not required.

e. For lots with a lot width over 50 feet:

i) Minimum parking standards for Residential: A minimum of 0.3 spaces per bedroom is required. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 12 bedrooms a minimum of four spaces are required ($12 \times 0.3 = 3.6$ which rounds to 4 spaces).

ii) Minimum parking standard for Assisted Living Residences, Senior Housing, Nursing Homes, and Adult Day Care: None.

iii) Minimum parking standard for all other uses: one space per 1,000 square feet of gross floor area for such use, excluding the first 5,000 square feet.

3. Accessory Dwelling Units are exempt from any minimum parking requirement in this Zone.

4. Shared driveway requirement: When off-street parking is permitted, construction of two or more residential buildings with parking on adjacent lots shall include a shared driveway located to maximize on-street parking spaces; no existing street tree shall be removed to create a driveway without prior approval by the Jersey City Division of Parks & Forestry.

5. Curb cut standards:

a. Maximum number: One curb cut is permitted per lot when off-street parking is a permitted use.

b. Maximum width: Ten feet.

G. Permitted conditional uses are as follows:

1. Adaptive reuse of a garage as a dwelling unit, subject to following conditions:

a. Maximum of one additional dwelling unit is permitted for a maximum of three dwelling units in the principal structure regardless of lot size.

b. Adaptive reuse of garage as a dwelling unit.

c. Removal of driveway and curb cut and prohibition of any off-street parking.

d. Install new curb and compliance with forestry standards.

e. If front yard is three feet deep or more, install knee wall planter(s) in front yard and landscape with groundcover, plantings, mulch, shrubs, and/or trees. Planter(s) must be designed and sized to inhibit any front yard parking.

f. A portion of the garage not used as dwelling unit may be used for storage, mechanical, refuse, or other ancillary uses. Off-street parking is prohibited.

2. Corner Commercial, subject to the following conditions:

a. Shall be one of the following defined uses:

i) Cafes;

ii) Laundromats;

iii) Retail Sales of goods and services;

iv) Offices and Medical Offices.

b. There must be an existing commercial use on at least one of the other corner properties at the same intersection where the subject site is located.

c. Commercial uses limited to ground floor and cellar or basement levels.

d. The corner commercial frontage shall maximize storefront glazing on all street facing facades to the greatest extent possible.

e. Maximum permitted lot coverage shall be increased to 90%.

f. For existing buildings, if a garage is being adaptively reused, improvements shall include removal of the curb cut and replacement with sidewalk and curb.

g. A minimum front yard setback of two feet is permitted; however, if an existing building has a front yard setback less than two feet, the setback is considered conforming.

h. Class 5 cannabis retailers are prohibited.

3. Multi-unit Residential in Historically Significant Structures, subject to the following conditions:

a. The existing structure is determined to be historically significant by the Historic Preservation Office.

b. Rehabilitation is conducted in compliance with the Secretary of Interior's Standards and Guidelines for the Treatment of Historic Properties. A report shall be provided from a historic preservation specialist certifying the rehabilitation meets the Secretary of Interior Standards for Rehabilitation.

c. Permitted Residential Density: A maximum of 75 units per acre or four dwelling units in a principal structure, whichever is greater.

d. Compliance with the minimum parking ratio for residential uses in this zone.

e. Front yard additions are not permitted, unless supported by photographic evidence. The existing front yard setback shall be considered compliant.

4. Surface Parking Lot as a principal use, subject to the following conditions:

a. Minimum of two parking spaces or 20% of all parking spaces, whichever is greater, shall be reserved and equipped with electric vehicle charging for the general public.

b. Maximum lot coverage: 90%.

c. Minimum landscaped area: A minimum of 10% of the lot shall be planted or mulched with grasses, plants, shrubs, or trees and may not be reduced by any of the porous materials listed above.

d. Maximum curb cut and driveway width: Ten feet.

e. Parking spaces shall be offered use to general public for a fee on an hourly, daily, weekly, monthly, or annual basis. A Parking Lot License per Chapter 236 of the municipal code shall be obtained and maintained.

f. Maximum lot size: 7,500 square feet.

5. Mortuaries, subject to the following conditions:

a. Minimum lot width or frontage: 100 feet.

b. Minimum parking: One space per employee and one space per every five square feet of floor area exclusive of administrative and preparation areas.

§ 345-42. R-2 Multi-Unit Attached Housing District (four stories or less). [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose. The purpose of the multi-unit attached housing (four stories or less) district is to recognize the existing pattern of housing development and to promote compatible infill development.

B. Permitted principal uses are as follows:

1. Residential.

2. Townhouses.

3. Places of assembly and houses of worship.

4. Civic uses.

5. Parks and playgrounds.

6. Essential services.

7. Schools.

8. Governmental uses.

9. Assisted living facilities.

10. Nursing homes.

11. Senior housing.

12. Public utilities, except that natural gas transmission lines shall be prohibited.

13. First floor commercial provided, that the commercial unit(s) existed in the 1930's Tax Assessor's photo and that the original storefront character including window configuration be restored or maintained. Cannabis Class 5 Retailers are prohibited in this zone.

C. Uses incidental and accessory to the principal use, such as:

1. Off-street parking within the building envelope, except when parking it is prohibited.

2. Fences and walls.

3. Meeting rooms, cafeterias, recreation areas and similar uses normally associated with schools, houses of worship and other public buildings.

4. Home occupations.

5. Swimming pools.

6. Decks, patios, pergolas, and storage sheds.

7. Electric vehicle charging, except when off-street parking is prohibited.

8. Signs.

9. Accessory dwelling units, one dwelling unit permitted in an accessory structure per lot regardless of lot size and in addition to unit(s) in the principal structure.

D. Conditional Uses.

1. Mortuaries.

E. Density and Bulk Standards.

1. Maximum permitted density by use:

a. Residential: A maximum of 55 units per acre.

b. Assisted living residences: No standard.

c. Senior housing: No standard.

d. Nursing homes: No standard.

2. All existing lots are considered conforming.

3. Minimum lot size: 1,800 square feet.

4. Minimum lot width: 18 feet.

5. Minimum lot depth: No standard.

6. Maximum lot area: 12,500 square feet.

7. Front yard setback: The required front yard setback shall match the building line of the front primary façade of either lot adjacent to the subject parcel. The adjacent property to be matched may be decided by the applicant.

8. Maximum side yard: Zero feet; except when an adjacent building has an existing window or windows three feet or less from a property line, the subject building shall be required to setback the new building at least three feet from any said window, starting at least one foot in front of the existing window and terminating at least one foot beyond the existing window.

9. Minimum rear yard: 30 percent of the lot depth, rounded to nearest whole number. For example, a lot with a depth of 75 feet, the minimum rear yard required is 23 feet (calculated 75*0.3 = 22.5, rounded to 23-foot setback).

10. Building height standards:

a. Maximum building height: Four stories and 40 feet.

b. Maximum parapet height: 42 inches above any roof or roof deck.

11. Maximum lot coverage: 80 percent.

12. Lot coverage may be decreased by using any combination of the following porous materials:

a. Interlocking concrete blocks;

b. Permeable pavers;

c. Open-celled pavers;

d. Porous pavement;

e. Gravel;

f. Reinforced lawn;

g. Or other material deemed appropriate by Planning or Zoning Board.

13. Landscaped area requirement: A minimum of ten percent of the lot shall be planted or mulched with grasses, plants, shrubs, or trees and may not be reduced by any of the porous materials listed above.

14. Required green roof ratio: When building coverage exceeds 60 percent, a green roof system is required of at least 100 square feet or ten percent of the lot area, whichever is greater. Green roof trays are acceptable.

15. Roof deck setback: Roof decks shall be setback a minimum of ten feet from primary and secondary front façades.

16. Standards for accessory buildings or structures:

a. Maximum accessory building height:

i) For accessory dwelling units: 18 feet and two stories.

ii) For all other accessory structures: 12 feet.

b. Minimum accessory building setbacks:

i) Rear yard: Three feet.

ii) Side yard: Three feet.

F. Parking Standards.

1. No parking shall be permitted between the building line and the street line. In no instance shall a parked vehicle project or encroach over a property line, or into rights-of-way, or block sidewalks.

2. Off-street parking is prohibited on lots with a width of 50 feet or less.

3. Off-street parking requirements for residential, townhouses, senior housing, nursing homes, and assisted living facilities:

a. For lots with a lot width over 50 feet: A minimum of 0.3 spaces per bedroom. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 15 bedrooms a minimum of five spaces are required ($15 \times 0.3 = 4.5$ which rounds to five spaces).

4. Curb cut standards:

   a. Maximum number: One curb cut is permitted per lot when off-street parking is a permitted use.

   b. Maximum width: Ten feet.

G. Design Standards:

1. All principal structures are to be designed with flat roofs.

2. If a ground floor setback is required by the Construction Code Official for egress to rights-of-way, any cantilevered setback area must be designed with a minimum six-inch wide column at the primary building façade to simulate or carry the weight of the building bulk above.

H. Mortuaries, subject to the following conditions:

1. Minimum lot width or frontage: 100 feet.

2. Minimum parking: One space per employee and one space per every five square feet of floor area exclusive of administrative and preparation areas.

§ 345-43. R-3 Multi-Unit Mid-Rise District. [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose.

1. The purpose of the multi-unit mid-rise district is to provide for a broad range of multi-unit housing in areas served by arterial streets, mass transit, neighborhood commercial uses and community facilities.

2. The purpose of this zone is to relate the building to the street and not create the type of development that centers the tower in a sea of parking, disconnecting the building from the street.

3. The multi-unit mid-rise district contains mid-rise buildings of three to eight stories and regulates height and density by lot size.

B. Permitted Principal Uses:

1. Uses for all floors:

   a. Residential.

   b. Townhouses.

   c. One- to four-unit detached dwellings.

   d. Houses of worship.

e. Parks and playgrounds.

f. Essential services.

g. Schools.

h. Government uses.

i. Assisted living residences.

j. Nursing homes and adult day care facilities.

k. Senior housing.

l. Live/work.

2. Uses for ground floor only:

a. Offices.

b. Medical offices.

c. Retails sales and services.

d. Cafés.

e. Restaurants, Categories one and two.

f. Mortuaries.

3. Mix of uses are permitted.

C. Uses incidental and accessory to the principal use, such as:

1. Private garages.

2. Off-street parking.

3. Fences and walls.

4. Meeting rooms, cafeterias, recreation areas and similar uses normally associated with schools, houses of worship and other public buildings.

5. Home occupations.

6. Swimming pools.

7. Recreation areas as part of residential developments.

8. Signs.

9. Decks, patios, pergolas, and storage sheds.

D. Density and Bulk Standards by Lot Size.

1. All existing lots are considered conforming.

2. Minimum lot width: 20 feet.

3. Minimum lot depth: No standard.

4. Minimum lot area: 2,000 square feet.

5. Maximum lot size: 22,000 square feet.

6. Maximum density regulated by lot size shall apply in accordance with the following table.

Lot Size (square feet)	Maximum density* (Dwelling Units per Acre)
Less than 2,500	4 dwelling units regardless of lot size
2,500 to 5,999	4 dwelling units regardless of lot size
6,000 to 6,999	60
7,000 to 7,499	65
7,500 to 7,999	70
8,000 to 8,999	75
9,000 to 9,999	80
10,000 to 10,999	85
11,000 to 11,999	90
12,000 to 12,999	95
13,000 to 13,999	100
14,000 to 14,999	105
15,000 to 15,999	110
16,000 to 16,999	115
17,000 to 17,999	120
18,000 to 18,999	125
19,000 to 19,999	130
20,000 to 20,999	135
21,000 to 21,999	140
22,000 and up	145

*Applicable density for any interim lot size shall apply and may be calculated as needed, rounding down for fractions less than 0.5 and up for fractions of 0.5 or greater.

7. Building height standards:

a. Maximum height for principal structures on lots less than 6,000 square feet: four stories, 42 feet.

b. Maximum height for principal structures on lots 6,000 square feet or more: eight stories, 85 feet.

8. Front yard setback standards:

a. Standard on lots less than 6,000 square feet: The required front yard setback shall match the building line of the front primary façade of either lot adjacent to the subject parcel. The adjacent lot to be matched may be decided by the applicant or property owner.

b. Standard on lots 6,000 square feet or more: a minimum of five feet and a maximum of ten feet.

9. Side yard setback standards:

a. Standard on lots less than 37 feet wide: No standard. However, when an adjacent building has an existing window or windows three feet or less from a property line, the subject building shall be required to setback the new building at least three feet from any said window, starting at least one foot in front of the existing window and terminating at least one foot beyond the existing window.

b. Standard on lots 37 feet wide to 59 feet wide: minimum five feet on each side.

c. Standard on lots 60 feet wide or more: parking garage level(s) may be built to the side lot line, and residential or upper floors shall provide a minimum of five feet on each side.

10. Rear yard setback standards:

a. Standard on lots less than 6,000 square feet: minimum equal to 25 percent of lot depth.

b. Standard on lots 6,000 square feet or more: parking garages on the ground floor may have a zero foot setback, all other floors shall have a minimum rear yard equal to 25 percent of the lot depth.

11. Coverage standards:

a. Standard on lots less than 6,000 square feet: a maximum of 80 percent lot coverage.

b. Standard on lots 6,000 square feet or more: a maximum of 100 percent lot coverage if a parking garage is provided, and a maximum of 80 percent lot coverage is no parking is provided.

12. Maximum accessory building height: 15 feet.

13. Minimum accessory building setbacks:

a. Rear yard: Three feet.

b. Side yard: Two feet.

E. Parking Standards:

1. No parking shall be permitted between the building line and the street line. In no instance shall a parked vehicle project or encroach over a property line, or into rights-of-way, or block sidewalks.

2. Standards for residential uses on lots less than 37 feet in width:

   a. Off-street parking is not required.

   b. All parking shall be contained within the building envelope and spaces may be located one behind the other.

3. Standards for residential uses on lots 37 feet in width or greater:

   a. Minimum parking requirements: A minimum of 0.3 spaces per bedroom. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 15 bedrooms a minimum of five spaces are required ($15 \times 0.3 = 4.5$ which rounds to five spaces).

4. Standards for houses of worship, schools, mortuaries, and government uses. See R-1 parking standards.

5. Standards for assisted living residences, nursing homes and senior housing. See R-1 parking standards.

6. Curb cut standards:

   a. Maximum width of curb cut: Ten feet.

   b. Maximum number: One curb cut is permitted per lot when off-street parking is required and provided, except where there is construction of two or more buildings with permitted driveways on adjacent lots, driveways shall be shared and located so as to maximize on-street parking space.

F. Compliance Provision: Lots that were Zoned R-1 and were 8,422 square feet in area or more when Ordinance 21-077 (aka Inclusionary Zoning Ordinance) was adopted on December 15, 2021 are subject to a mandatory affordable housing set aside per Chapter 187 if the developer of such lot builds 15 or more residential units onsite or subdivides the lot and builds 15 or more residential units in aggregate.

§ 345-44. R-4 Multi-Unit High-Rise District. [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose.

1. The purpose of the multi-unit high-rise district is to accommodate low, medium and high-rise multi-unit housing in appropriate locations that are served by mass transit, off-street parking and

adequate public infrastructure. The location of these districts in close proximity to shopping, employment and recreational amenities is intended to promote an increased mix of uses, 24-hour activity and pedestrian traffic characteristic of dense urban centers.

2. This district should not create a "tower in the park," type of development. This type of development centers the tower in a sea of parking disconnecting the building from the street.

B. Permitted principal uses are as follows:

1. Townhouses.
2. Mid-rise apartments.
3. High-rise apartments.
4. Schools.
5. Parks and playgrounds.
6. Essential services.
7. Governmental uses.
8. Houses of worship.
9. Retail sales of goods and services.
10. Assisted living residences.
11. Nursing homes.
12. Senior housing.
13. Offices.

C. Uses incidental and accessory to the principal use, such as:

1. Private garages.
2. Off-street parking.
3. Fences and walls.
4. Meeting rooms, cafeterias, recreation areas and similar uses normally associated with schools, houses of worship and other public buildings.
5. Home occupations.
6. Swimming pools.

7. Recreation areas as part of residential developments.

8. Signs.

9. Decks, patios, pergolas, and storage sheds.

D. Conditional Uses.

1. Mortuaries.

E. Bulk Standards for High-Rise Apartments.

1. Minimum lot size: 60,000 square feet.

2. Maximum density: 150 units per acre.

3. Minimum lot width: 300 feet.

4. Minimum lot depth: 200 feet.

5. Minimum front yard: Ten feet.

6. Minimum rear yard: 25 feet.

7. Minimum side yard: Ten feet.

8. Minimum building height: Eight stories and 80 feet.

9. Maximum building height: 110 feet.

10. Maximum building coverage: 60 percent.

11. Maximum lot coverage: 85 percent.

F. Parking Standards for High-Rise Apartments.

1. Minimum 0.5 parking spaces per dwelling unit.

2. Office and retail use where permitted: None.

3. A minimum buffer of ten feet is required between on-site parking areas and adjacent R-1 and R-2 zones.

G. Bulk and Parking Standards for Townhouses. See R-2 Bulk and Parking Standards.

H. Bulk and Parking Standards for Mid-Rise Apartments.

1. Minimum lot size: 60,000 square feet, provided all bulk and parking standards are met. All lots legally existing at the time this ordinance is adopted are considered conforming.

2. Maximum density:

Lot Dimensions	Lot Size	Max. Dwelling Units/Acre*
60 × 100	6,000	60
	7,000	65
75 × 100	7,500	70
	8,000	75
	9,000	80
100 × 100	10,000	85
	11,000	90
	12,000	95
	13,000	100
	14,000	105
	15,000	110
	16,000	115
	17,000	120
	18,000	125
	19,000	130
100 × 200	20,000	135
	21,000	140
	22,000	145

*Lots with greater than 22,000 sf shall be capped at 145 units per acre.

3. Minimum lot width: 60 feet.

4. Minimum lot depth: 100 feet.

5. Required front yard: Shall match the front yard setback of the primary building façade of adjacent building(s), if any, or a minimum of five feet and a maximum of ten feet shall apply if no adjacent building.

6. Minimum rear yard: Ground floor or single floor partially above grade parking garages may be built to the rear lot line in accordance with height restrictions, and all floors above the garage shall provide a minimum of 30 feet.

7. Required side yard: Parking garage level(s) may be built to the side lot line, and residential floors shall provide a minimum of five feet on each side.

8. Minimum and maximum building height: Three stories minimum and eight stories and 85 feet maximum including above-grade parking levels, and a minimum floor to ceiling height of nine feet for all residential floors, and a maximum floor to ceiling height of eight feet for a parking level and any residential unit located on the same level as parking. No wall/elevation of any parking structure connected to a mid-rise apartment building shall rise more than ten feet above the existing grade.

9. Maximum building coverage: Up to 100 percent building coverage shall be permitted only for a parking garage level at grade or partially below grade and where the front yard standard requires between zero and 4.99 feet (see front yard standard); 65 percent for all residential floors above the garage on lots of 10,000 square feet or less; and 75 percent for all residential floors on lots over 10,000 square feet.

10. Maximum lot coverage: Up to 100 percent lot coverage shall be permitted only for a parking area or parking garage at grade or partially below grade and where the front yard setback standard requires between zero and 4.99 feet (see front yard standard) and where buffer requirements allow; 85 percent if parking is entirely below grade.

11. Maximum accessory building height: 15 feet.

12. Minimum accessory building setbacks:

    a. Rear yard: Three feet.

    b. Side yard: Two feet.

13. Parking:

    a. Minimum one-half parking spaces per dwelling unit.

    b. Office uses where permitted: None.

    c. A minimum ten feet wide vegetative landscape buffer is required between on-site surface parking areas for mid-rise apartment buildings and any adjacent residential zones of lower density than R-3 (includes R-2, R-1, RH-1, RH-2, and any other zones of similar low density yet to be adopted).

I. Bulk and Parking Standards for Houses of Worship, Schools, and Governmental Uses. See R-1 Bulk and Parking Standards.

J. Bulk and Parking Standards for Assisted Living Residences, Nursing Homes and Senior Housing. See R-1 Bulk and Parking Standards except for height; height shall be in accordance with the height standard for high-rise apartments.

K. Conditional Use Standards for Mortuaries. See R-1 Conditional Use Standards.

§ 345-45. RC-1 Residential Commercial District 1 (three and four stories). [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose.

1. The purpose of this district is to recognize the existence and importance of the historic mixed use, neighborhood business districts through the City. The purpose of this zoning is to promote the historical pattern along these corridors and continue to permit a mix of uses consistent with neighborhood centers.

B. Permitted principal uses are as follows:

1. Ground floor and upper floors:

a. Residential and/or live/work.

i. For lots that are less than 50 feet in width:

1. Permitted on all floors.

ii. For lots that are 50 feet or greater in width:

1. Permitted above ground floor.

2. Residential uses are permitted on the ground floor, provided that ground floor residential uses are located 25 linear feet from any lot line fronting on a right-of-way. Ground floor residential uses must be situated behind an active storefront use that includes, but is not limited to, retail, building lobbies, art galleries, and offices. For corner lots, residential uses may be within 25 linear feet from a front lot line considered a "side street" so long as active storefront use is proposed along the "main street".

3. Live/work uses permitted on the ground floor, provided that they have a dedicated entrance from the right-of-way.

b. Art galleries;

c. Health clubs;

d. Offices;

e. Theaters and museums;

f. Education facilities, public and private;

g. Child day care centers;

h. Adult day care centers;

i. Medical offices.

2. Ground floor only:

a. Retail sales of goods and services.

b. Financial institutions without drive-thru facilities.

c. Restaurants, category one and two.

3. Government uses.

4. Parks and playgrounds.

C. Uses incidental and accessory to the principal use, such as:

1. Off-street parking and parking garages permitted on lots with a width of 25 feet or more.

2. Fences and walls.

3. Signs.

4. Sidewalk cafes associated with category one and two restaurants.

5. TV, radio, and/or stereo systems accessory to bars and restaurants.

6. Live entertainment accessory to Category One restaurants only, subject to issuance of a "restaurant entertainment license" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance No. 12-001).

D. Bulk Standards:

1. All existing lots of record at the time of adoption of the ordinance from which this section derived are considered conforming.

2. Minimum lot size: 2,000 square feet.

a. Minimum lot width: 25 feet.

b. Minimum lot depth: No standard.

3. Maximum density: 65 units an acre.

4. Setback standards:

   a. Front yard setback: None.

   b. Minimum side yard: None; except where existing adjacent building has windows less than three feet from the side lot line then three feet required starting from one foot in front of the first window to the rear building line.

   c. Minimum rear yard: 15 percent of the lot depth at the ground floor and 30 percent of lot depth for all floors above.

5. Coverage standard:

   a. Maximum lot coverage: 90 percent.

   b. Maximum building coverage: 85 percent.

   c. All exposed rooftop shall provide an inaccessible true green roof.

   d. All pervious areas shall be covered using one of the following materials:

      i. Reinforced lawn;

      ii. Ground cover;

      iii. Rain garden;

      iv. Bioswales;

      v. Plants that are native, non-invasive and proven drought resistant in an urban environment.

6. Height:

   a. Maximum building height:

      i. Corner lots: Four stories, 45 feet

      ii. All other lots: Three stories, 35 feet

   b. Rooftop decks must be setback a minimum of five feet from the side property line and a minimum ten feet setback from the front and rear of the roof. Rooftop deck shall not cover more than 30 percent of the roof inclusive of the setback requirements herein. Where an inaccessible green roof is installed for stormwater detention, a rooftop deck is permitted an increase in coverage but shall not cover more that 80 percent of the roof, inclusive of the setback requirements herein, and provided that the remaining areas of the roof is a green roof.

E. Parking Standards:

1. In no instance shall parking be permitted between the front building line and street line. In no instance shall a parked vehicle project or encroach over a property line, or into rights-of-way, or block sidewalks.

2. No on-site parking is required for additions on structures greater or for adaptive reuse or for change of use of existing buildings.

3. No parking is permitted or required on lots with a width less than 25 feet.

4. Off-street parking is not required for lots with a lot width less than 75 feet. For corner lots, the shorter lot width shall control whether parking is required.

5. Parking is permitted on lots that are 25 feet wide or greater, and parking is required for new construction on lots 75 feet wide and greater subject to the following requirements: A minimum of 0.3 spaces per bedroom. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 15 bedrooms a minimum of five spaces are required (15 * 0.3 = 4.5 which rounds to five spaces).

6. Garage placement shall be setback a minimum of four feet from any lot line fronting a right-of-way.

7. Maximum width of curb cut: Ten feet; and in no instance shall the siting of a curb cut preclude the retention or creation of at least three on-street parking spaces

8. Curb cuts are prohibited along Summit Avenue, Franklin Avenue, and Mallory Avenue (for lots between Clendenny Avenue and Roosevelt Avenue). This shall result in zero parking required or permitted on lots with no other access to alternative rights-of-way.

9. Curb cuts are discouraged along Mallory Avenue, Sterling Avenue, Danforth Avenue, Rose Avenue, and Old Bergen Road. If the property is on a corner lot, the location for the curb cut shall be on the side street.

10. Parking stalls shall be at least 25 feet from any lot line fronting Summit Avenue, Mallory Avenue, Sterling Avenue, Franklin Avenue, Danforth Avenue, Rose Avenue, or Old Bergen Avenue.

11. Surface parking spaces, driveways, and any type of patio shall be constructed using pervious paving materials. The following are acceptable materials:

    a. Interlocking concrete blocks;

    b. Permeable pavers;

    c. Open-celled pavers;

    d. Porous pavement, concrete or asphalt;

    e. Gravel;

f. Reinforced lawn; or

g. Other material deemed appropriate by Planning/Zoning Board.

F. Design Standards.

1. Chain link fences are prohibited.

2. Buildings shall be designed contextually to present a harmonious appearance in terms of architectural style and materials and shall be encouraged to incorporate historic elements found throughout the surrounding area.

3. The width and height of windows, doors and entries, including porches and stoops, must harmonize in scale and proportion with the width and height of windows, doors and entries of adjacent and surrounding buildings.

4. The roof form and slope of a building or structure shall be consistent with the prevailing block or corridor pattern.

G. Compliance Provision.

1. Lots that were zoned R-1 and were 9,717 square feet in area or more when Ordinance 21-077 (aka Inclusionary Zoning Ordinance) was adopted on December 15, 2021 are subject to a mandatory affordable housing set aside per Chapter 187 if the developer of such lot builds 15 or more residential units onsite or subdivides the lot and builds 15 or more residential units in aggregate.

§ 345-45.1. RC-2 Residential Commercial District 2 (four and five stories). [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose.

1. Jersey City is a consolidation of a number of smaller communities, connected by main arteries of travel, creating several distinct neighborhood centers. The purpose of this district is to recognize and promote the existence and importance of historic mixed use, neighborhood business districts throughout the City.

B. Permitted principal uses are as follows:

1. Ground floor and upper floors:

a. Residential and/or live/work. For corner lots, the shorter lot width shall control.

i. For lots that are 25 feet and less in width:

1. Permitted on all floors, provided that in no instance shall there be a garage on the ground floor or on-site parking.

ii. For lots that are greater than 25 feet in width:

1. Permitted above ground floor.

2. Residential uses are permitted on the ground floor, provided that ground floor residential uses are located 25 linear feet from any lot line fronting on a right-of-way. Residential uses must be situated behind an active storefront use that includes, but is not limited to, retail, building lobbies, art galleries, and offices. For corner lots, residential uses may be within 25 linear feet from a front lot line considered a "side street" so long as active storefront use is proposed along the "main street".

3. Live/work uses permitted on the ground floor, provided that they have a dedicated entrance from the right-of-way.

b. Art galleries;

c. Health clubs;

d. Offices;

e. Theaters and museums;

f. Education facilities, public and private;

g. Child day care centers;

h. Adult day care centers;

i. Medical offices.

2. Ground floor only:

a. Retail sales of goods and services.

b. Financial institutions without drive-thru facilities.

c. Restaurants, category one and two.

3. Government uses.

4. Parks and playgrounds.

C. Uses incidental and accessory to the principal use, such as:

1. Parking garages permitted on lots with a width of 50 feet or more.

2. Fences and walls.

3. Signs.

4. Sidewalk cafes associated with category one and two restaurants.

5. TV, radio, and/or stereo systems accessory to bars and restaurants.

6. Live entertainment accessory to Category One restaurants only, subject to issuance of a "restaurant entertainment license" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance No. 12-001).

D. Bulk standards:

1. All existing lots of record at the time of adoption of the ordinance from which this section derived are considered conforming.

2. Minimum lot size: 2,500 square feet.

   a. Minimum lot width: 25 feet.

   b. Minimum lot depth: No standard.

3. Maximum density: 75 units an acre.

4. Setback standards:

   a. Front yard setback: None.

   b. Minimum side yard: None; except where existing adjacent building has windows less than three feet from the side lot line then three feet required starting from one foot in front of the first window to the rear building line.

   c. Minimum rear yard: 15% of the lot depth at the ground floor level, 30 percent of the lot depth for all levels above the ground floor.

5. Coverage standard:

   a. Maximum lot coverage: 90 percent

   b. Maximum building coverage: 85 percent.

   c. All exposed rooftop shall provide an inaccessible true green roof.

   d. All pervious areas shall be covered using one of the following materials:

      i. Reinforced lawn;

      ii. Ground cover;

      iii. Rain garden;

      iv. Bioswales;

v. Plants that are native, non-invasive and proven drought resistant in an urban environment.

6. Height:

a. Maximum building height:

i. Four stories, 45 feet on lots 50 feet wide or less.

ii. Five stories, 55 feet on lots greater than 50 feet wide, provided that the fifth story is setback ten feet from the front of the primary street frontage.

iii. For corner lots, the shorter lot width shall control the maximum permitted height. For example, a 50 by 100 foot lot is only permitted to be four stories, 45 feet in height because the shorter lot width is 50 feet.

b. Rooftop decks must be setback a minimum of five feet from the side property line and a minimum ten feet setback from the front and rear of the roof. Rooftop deck shall not cover more than 30 percent of the roof inclusive of the setback requirements herein. Where an inaccessible green roof is installed for stormwater detention, a rooftop deck is permitted an increase in coverage but shall not cover more that 50 percent of the roof, inclusive of the setback requirements herein, and provided that the remaining areas of the roof is a green roof.

c. Rooftop appurtenances shall be no larger than 20 percent of the roof surface area.

E. Parking Standards.

1. No on-site parking is required for additions on structures or for adaptive reuse or for change of use of existing buildings.

2. No parking is required or permitted for lots 50 feet wide or less.

3. Parking is permitted on lots that are greater than 50 feet wide, and parking is required for new construction on lots 75 feet wide and greater subject to the following requirements:

a. In no instance shall parking be permitted between the front building line and street line.

b. Garage placement shall be setback a minimum of four feet from any lot line fronting a right-of-way.

c. Maximum width of curb cut: 10 feet; and in no instance shall the siting of a curb cut preclude the retention or creation of at least three on-street parking spaces along width of the lot for that portion of Palisade Avenue.

d. For corner lots, the shorter lot width shall control whether parking is required.

e. Minimum parking requirements for residential uses: A minimum of 0.3 spaces per bedroom. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 15 bedrooms a minimum of five spaces are required (15 * 0.3 = 4.5 which rounds to five spaces).

4. Curb cuts are discouraged along Palisade Avenue, Kennedy Boulevard, Ocean Avenue, and West Side Avenue. If the property is on a corner lot, the location for the curb cut shall be on the side street.

5. Curb cuts are prohibited along Congress Street. This shall result in zero parking required or permitted on lots with no other access to alternative rights-of-way.

6. Parking stalls shall be at least 25 feet from any lot line fronting on Palisade Avenue, Kennedy Boulevard, Ocean Avenue, Congress Street, or West Side Avenue.

7. Surface parking spaces, driveways, and any type of patio shall be constructed using pervious paving materials. The following are acceptable materials:

   a. Interlocking concrete blocks;

   b. Permeable pavers;

   c. Open-celled pavers;

   d. Porous pavement, concrete or asphalt;

   e. Gravel;

   f. Reinforced lawn; or

   g. Other material deemed appropriate by Planning/Zoning Board.

F. Design Standards.

1. Chain link fences are prohibited.

2. Buildings shall be designed contextually to present a harmonious appearance in terms of architectural style and materials and shall be encouraged to incorporate historic elements found throughout the surrounding area.

3. The width and height of windows, doors and entries, including porches and stoops, must harmonize in scale and proportion with the width and height of windows, doors and entries of adjacent and surrounding buildings.

4. The roof form and slope of a building or structure shall be consistent with the prevailing block or corridor pattern.

G. Compliance Provisions.

1. Lots that were zoned R-1 and were 8,424 square feet in area or more when Ordinance 21-077 (aka Inclusionary Zoning Ordinance) was adopted on December 15, 2021 are subject to a mandatory affordable housing set aside per Chapter 187 if the developer of such lot builds 15 or more residential units onsite or subdivides the lot and builds 15 or more residential units in aggregate.

2. Lots that were zoned C - Cemetery when Ordinance 21-077 (aka Inclusionary Zoning Ordinance) was adopted on December 15, 2021 are subject to a mandatory affordable housing set aside per Chapter 187 if the developer of such lot buildings any residential dwelling units onsite or subdivides the lot and builds any residential dwelling units onsite.

§ 345-45.2. RC-3 Residential Commercial District 3 (narrow lots, three and four stories). [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose: The purpose of this district is to provide development regulations contextual to the existing predominantly two- to four-story multifamily neighborhood with occasional retail venues. Moreover, the intent of the zoning regulations are to protect the historically low-rise nature of the neighborhood from inappropriate infill such as: buildings greater than four stories, detached buildings, front yard parking, and ground floor garages on lots smaller than 4,000 square feet. Additionally, the purpose of the zoning in this district is to address and mitigate the impact the flooding in low laying vulnerable areas, and create a more resilient neighborhood for future generations.

B. Permitted Principal Uses: **[Amended 10-25-2023 by Ord. No. 23-103]**

1. Residential.

2. Retail sales of goods and services on the ground floor along Brunswick Street, Monmouth Street, Baldwin Avenue, or Coles Street, or other locations where there are existing, legal storefronts.

3. Professional offices and medical offices on the ground floor along Brunswick Street, Monmouth Street, Baldwin Avenue, or Coles Street, or other locations where there are existing, legal storefronts.

4. Cafes on the ground floor along Brunswick Street, Monmouth Street, Baldwin Avenue, or Coles Street, or other locations where there are existing, legal storefronts.

5. Schools.

6. Governmental uses.

7. Houses of worship.

8. Parks and playgrounds.

9. Home occupations.

10. Live work.

11. Any combination of the above (with the exception that retail and office are limited to the criteria above in B.2 and B.3)

C. Uses incidental and accessory to the principal use, such as:

1. Parking garages and off-street parking.

2. Fences and walls.

3. Signs.

4. Sidewalk cafes associated with category two restaurants.

5. TV, radio, and/or stereo systems accessory to restaurants.

D. Bulk Standards:

1. All lots legally existing at the time of adoption of this section are conforming.

2. Lot standards:

a. Minimum lot size: 1,800 square feet.

b. Minimum lot width: 18 feet.

c. Minimum lot depth: 100 feet.

3. Setback standards.

a. Minimum front yard setback: Must meet adjacent structure setback closest to the predominant blockfront setback.

b. Minimum rear yard setback: 30 percent of lot depth.

c. Side yard setbacks: Zero, except where there a window exists on an adjacent structure. In that instance, the building must be setback a minimum three feet one inch, starting at least one foot before the window.

4. Height:

a. Maximum building height:

i. Streets with 60-foot right-of-way or larger: Four stories, 42 feet.

ii. Streets with less than 60-foot right-of-way: Three stories with a fourth floor setback a minimum of 15 feet from the front of the building. The total height permitted is 42 feet. In the instance the 15-foot setback cannot be met, a height variance and setback variance shall be required.

iii. Corner lots: The height of the lot shall be controlled by the size of the street line with the lesser frontage.

b. Minimum floor to ceiling height: Nine feet.

c. Mezzanines are not permitted.

d. Any rooftop deck and its surrounding barrier, required by code, must be setback a minimum of five feet from the front of the building. Rooftop deck shall not cover more than 30 percent of the roof's available surface, area except where a green roof is installed. Where a green roof is installed, the remaining roof area, inclusive of the setback requirements, can be covered up to 50 percent; the rest must be a green roof installation.

5. Density:

a. Maximum density: 80 units an acre.

6. Coverage standard:

a. Maximum building coverage: 70 percent.

b. Maximum lot coverage: 80 percent.

E. Parking Standards:

1. Parking is prohibited on any lots that have sole frontage on Brunswick Street, Monmouth Street, or Coles Street.

2. Parking is prohibited on lots less than 40 feet wide, unless the rear lot line is adjacent to an alley, in which case parking is permitted in the rear yard with access from the alley.

3. Where parking is permitted, parking is required on lots 40 feet wide or greater, according to the following:

a. Parking requirements: A minimum of 0.3 spaces per bedroom. For the purpose of calculating this standard, studio units shall be counted as one bedroom. For example, in a five-unit structure with 15 bedrooms a minimum of five spaces are required (15 * 0.3 = 4.5 which rounds to five spaces).

b. In no instance shall parking be permitted between the front building line and street line.

c. Maximum width of curb cut: Ten feet.

d. Maximum width of driveway: Ten feet.

e. Only a single curb cut, per property, is permitted; however in no instance shall a curb cut be permitted on Brunswick Street, Monmouth Street, or Coles Street.

4. Surface parking spaces, driveways, and any type of patio shall be constructed using pervious paving materials. The following are acceptable materials:

a. Interlocking concrete blocks.

b. Permeable pavers.

c. Open-celled pavers.

d. Porous pavement, concrete or asphalt.

e. Gravel.

f. Reinforced lawn.

g. Or other material deemed appropriate by Planning/Zoning Board.

F. Landscaping Standards:

1. All properties are required to provide street trees, except where it can be demonstrated to Planning Staff that it is not possible to plant trees due to underground constraints such as water or utility lines.

2. All street trees shall be in accordance with the design standards in Section 345-66.B.

3. In the event a street, tree is removed for construction, required repair/replacement, or for any other purpose, restoration of a street tree is required in accordance with the design standards in Section 345-66.B

4. At least 20 percent of every lot shall be landscaped with one of the following materials:

a. Reinforced lawn.

b. Ground cover.

c. Rain garden.

d. Bioswales.

e. Plants that are native, non-invasive and proven drought resistant in an urban environment.

G. Design Standards:

1. Buildings shall be designed to present a harmonious appearance in terms of architectural style and materials and shall be encouraged to incorporate historic elements found throughout the surrounding area.

2. Blank walls without fenestration, specifically the non-habitable portion of the building within the flood elevations, shall incorporate façade articulation, recess portions of the street wall, a planter/landscaping buffer, stairs, porches, or any other architectural techniques to ensure visual connectivity between the elevated first floor and the sidewalk.

3. Buildings where ground floor retail is permitted shall incorporate a cornice element or horizontal projection above the storefront glazing separating ground floor uses from the building above.

H. Compliance Provision:

1. Lots that were zoned R-1 and were 7,895 square feet in area or more when Ordinance 21-077 (aka Inclusionary Zoning Ordinance) was adopted on December 15, 2021 are subject to a mandatory

affordable housing set aside per Chapter 187 if the developer of such lot builds 15 or more residential units onsite or subdivides the lot and builds 15 or more residential units in aggregate.

§ 345-46. NC-1 Neighborhood Commercial District 1 (five stories or less). [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose. The purpose of this district is to recognize the existence and importance of neighborhood business districts and provide ground floor commercial in mixed-use buildings to promote walkability.

B. Permitted principal uses are as follows:

1. Retail sales of goods and services.
2. Offices.
3. Financial institutions without drive-thru facilities.
4. Restaurants, category one and two.
5. Theaters and museums.
6. Governmental uses.
7. Parks and playgrounds.
8. Residential apartments above ground floor.
9. Educational facilities, public and private, above ground floor.
10. Bars.
11. Child day care centers.
12. Medical offices.
13. Health clubs.
14. Cafes.
15. Any combination of the above.

C. Uses incidental and accessory to the principal use, such as:

1. Off-street parking.
2. Fences and walls.
3. Signs.
4. Sidewalk cafes associated with category one and two restaurants.

5. T.V., radio, and/or stereo systems accessory to bars and restaurants.

6. Live entertainment accessory to Category One restaurants only, subject to issuance of a "restaurant entertainment license" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001), with the exception of properties on Lower John F. Kennedy Boulevard where no live entertainment shall be permitted.

D. Conditional uses:

1. Residential on the ground floor:

a. Following conditions apply when no commercial uses are proposed:

i. Subject lot is not a corner lot.

ii. Subject lot is directly adjacent to other properties with ground floor residential.

b. Following conditions apply when ground floor commercial is proposed:

i. Residential uses are limited to a maximum of 40 percent of the ground floor.

ii. Commercial uses shall be at least 40 percent of the ground floor.

E. Bulk Standards for Neighborhood Commercial Uses:

1. All existing lots of record at time of the adoption of this section are considered conforming.

2. Minimum lot size: 2,500 square feet.

3. Minimum lot width: 25 feet.

4. Minimum lot depth: 100 feet.

5. Front yard setback: None.

6. Minimum side yard: None.

7. Minimum rear yard: 15 percent of the lot depth.

8. Reserved.

9. Maximum building height:

a. Five stories and 64 feet for buildings without residential apartments above the ground floor.

b. Five stories and 55 feet for buildings with residential apartments above the ground floor.

10. Minimum floor to ceiling heights:

    a. Ground floor: minimum floor to ceiling height is 11 feet.

    b. Upper floors: minimum floor to ceiling height is nine feet; however, the top floor may have a minimum floor to ceiling height of eight feet.

    c. Drop ceilings for bathrooms, kitchens, corridors and other similar spaces are exempt from floor to ceiling minimums.

F. Parking Standards and Requirements:

1. Curb cuts are prohibited along Bergen Avenue, Brunswick Street, Coles Street, Central Avenue, Grand Street, Grove Street, Monmouth Street, Newark Avenue, and West Side Avenue. This shall result in zero parking permitted on lots with no other access to alternative rights-of-way.

2. Curb cuts are only permitted to gain access to off-street parking areas with five parking spaces or more. This shall result in zero parking required where the minimum parking required is less than five spaces as per the parking standards and requirements of this zone.

3. No on-site parking is required for additions on structures for adaptive reuse of existing buildings.

4. Minimum parking requirements:

    a. For lots 5,000 square feet or greater that are not located on Kennedy Blvd:

        i. Residential uses shall provide a minimum of 0.2 space per bedroom. For the purpose of calculating this requirement studio apartments shall be counted as one-bedroom apartments.

        ii. For non-residential uses when the gross floor area of non-residential uses is greater than 5,000 square feet: one space per 1,000 square feet.

5. For all lots located on Kennedy Blvd:

    i. Residential uses shall provide a minimum of 0.3 space per bedroom. For the purpose of calculating this requirement studio apartments shall be counted as one-bedroom apartments.

    ii. For non-residential uses when the gross floor area of non-residential uses is greater than 5,000 square feet: One space per 1,000 square feet.

6. For lots less than 5,000 square feet which are not located on Kennedy Blvd, off-street parking is not required.

7. No on-site parking is required for additions on structures or for adaptive reuse or for change of use of existing buildings.

§ 345-46.1 NC-2 Neighborhood Commercial District 2 (Six stories or less). [Added 10-25-2023 by Ord. No. 23-103]

A. Purpose: The purpose of this district is to recognize the importance of neighborhood business districts and provide ground floor commercial in mixed-use buildings to promote walkability. To increase pedestrian safety, pedestrian scale aesthetics and environmental performance.

B. Permitted principal uses are as follows:

1. Retail sales of goods and services.
2. Offices.
3. Hotels.
4. Financial institutions without drive-thru facilities.
5. Restaurants, category one, two and three.
6. Theaters and museums.
7. Governmental uses.
8. Parks and playgrounds.
9. Residential apartments above ground floor.
    a. Compliance provision: lots that were formerly zoned C/A are subject to mandatory affordable housing set aside per Chapter 187 if the developer of such lot builds 15 or more residential units onsite or subdivides the lot and buildings 15 or more residential units in aggregate.
10. Educational facilities, public and private, above ground floor.
11. Civic uses.
12. Bars.
13. Child day care centers.
14. Medical offices.
15. Health clubs.
16. Cafes.
17. Business Incubators.
18. Any combination of the above.

C. Uses incidental and accessory to the principal use, such as:

1. Off-street parking.

2. Fences and walls.

3. Signs.

4. Sidewalk cafes associated with category one and two restaurants.

5. T.V., radio, and/or stereo systems accessory to bars and restaurants.

6. Meeting rooms and facilities

7. Home occupations

8. Live entertainment accessory to Category One restaurants only, subject to issuance of a "restaurant entertainment license" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001).

D. Conditional uses:

1. Residential on the ground floor:

a. Following conditions apply when no commercial uses are proposed:

i. Subject lot is not a corner lot.

ii. Subject lot is directly adjacent to other properties with ground floor residential.

b. Following conditions apply when ground floor commercial is proposed:

i. Residential uses are limited to a maximum of 40% of the ground floor.

ii. Commercial uses shall be at least 40% of the ground floor.

E. Bulk standards for Neighborhood Commercial District 2 Uses:

1. All existing lots of record at time of the adoption of this section are considered conforming.

2. Minimum lot size: 2,500 square feet.

3. Minimum lot width: 25 feet.

4. Minimum lot depth: 100 feet.

5. Front yard setback:

a. Setback shall be sufficient to provide a minimum sidewalk width of 15 feet.

b. A green buffer/planting area with a minimum width of three feet shall be provided between the building facade and the 15 feet wide sidewalk. This green buffer shall incorporate a knee wall to protect the planting area. An integrated irrigation system is required. Runoff water is

required to permeate into the ground below. Pedestrian scale lighting shall be incorporated into the green buffer. See Design Standards below for recommended landscape materials/ treatments.

c. No awning or canopy should extend more than five feet off the building façade

6. Minimum side yard:

a. On lots less than 50 feet wide: None, except where there exists a window on the adjacent structure. In that instance, the building must be setback a minimum of three feet.

b. On lots 50 feet wide or more: parking garage levels may be built to the side lot line, and residential or upper floors shall provide a minimum of five on each side.

7. Minimum rear yard: Parking garages on the ground floor may have a zero-foot setback, all other floors shall have a minimum rear yard equal to 25% of the lot depth.

8. Coverage Standards:

a. Standard on lots less than 5,000 square feet: a maximum of 80% lot coverage.

b. Standard on lots 5,000 square feet or more: a maximum of 100% lot coverage if a parking garage is provided, and a maximum of 80% lot coverage if no parking is provided.

9. Maximum building height: Six stories and 64 feet.

10. Minimum floor to ceiling heights:

a. Ground floor: minimum floor to ceiling height is 11 feet.

b. Upper floors: minimum floor to ceiling height is nine feet; however, the top floor may have a minimum floor to ceiling height of eight feet.

c. Drop ceilings for bathrooms, kitchens, corridors and other similar spaces are exempt from floor to ceiling minimums.

G. Parking standards and requirements:

1. Curb cuts on Communipaw Avenue shall be kept to a minimum. Where possible, curb cuts shall be located on side streets.

2. Curb cuts are only permitted to gain access to off-street parking areas with five parking spaces or more. This shall result in zero parking required where the minimum parking required is less than five spaces as per the parking standards and requirements of this zone.

3. No on-site parking is required for additions on structures for adaptive reuse of existing buildings.

4. Maximum width of curb cut: ten feet

5. No parking is permitted for lots 50 feet wide or less.

6. Parking is permitted on lots that are greater than 50 feet wide, and parking is required for new construction on lots 75 feet wide and greater.

7. A minimum of ten percent of total parking spaces shall be dedicated charging locations for electric vehicles.

8. Minimum parking requirements and queuing standards for Category 3 restaurants:

   a. One space per 300 square feet.

   b. The queuing lane shall not conflict with ingress/egress and/or parking aisles required for circulation pertaining to any use on the site.

   c. The queuing lane shall be contained on-site.

9. Minimum parking requirements for all other uses:

   a. Residential uses shall provide a minimum of 0.2 space per bedroom. For the purpose of calculating this requirement studio apartments shall be counted as one-bedroom apartments.

   b. Hotels: one space: eight rooms.

   c. For all non-residential or non-hotel room uses: when the gross floor area is greater than 5,000 square feet: one space per 1,000 square feet.

   d. In no instance shall parking be permitted between the front building line and street line.

H. Design Standards:

a. Given the historic and ongoing (in-part) industrial use of the area, industrial characteristics shall be incorporated in façade design of new structures. When appropriate, adaptive reuse is encouraged to maintain portions of the existing industrial fabric within the area. Materials evoking historic industrial building characteristics such as brick, stone, cast stone, metal, concrete, and wood shall be used.

b. All façade vents for air conditioning or heating units shall be integrated into the window design such that vent grills and windows appear as a single unit.

c. Required green roof ratio: When building coverage exceeds 60 percent, a green roof system is required of at least 200 square feet or 10% of the lot area, whichever is greater. Green roof trays are acceptable.

d. At least 20% of every lot shall be landscaped with one of the following materials:

   i. Reinforced lawn.

   ii. Ground cover.

iii. Rain garden.

iv. Bioswales.

v. Plants that are native, non-invasive and proven drought resistant in an urban environment.

Editor's note—Ord. No. 23-103, adopted October 25, 2023, amended the Code by repealing former § 345-46.1, and adding a new § 345-46.1. Former § 345-46.1 pertained to the O/R Office/Residential District, and derived from 22-084, adopted October 13, 2022.

§ 345-46.2. NC-3 Neighborhood Commercial District 3 (110 feet or less). [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose.

1. The purpose of this district is to foster the development of a vibrant and accessible citywide activity district that is a center of commerce and civic activity. It functions as a local and regional destination for business, retail, education, government services, entertainment and transportation.

2. The Neighborhood Commercial District 3 contains numerous commercial, residential, institutional and government/public uses in a high intensity urban context.

B. Permitted principal uses are as follows:

1. Government uses.

2. Public and private colleges, universities and technical/vocational schools.

3. Parking garages.

4. Retail sales of goods and services.

5. Offices.

6. Hotels.

7. Conference centers.

8. Restaurants, category one and two.

9. Financial institutions without drive-thru facilities.

10. Theaters.

11. Billboards on buildings (except that in Historic Districts billboards are prohibited).

12. Residential.

13. Civic.

14. Medical offices.

15. Child day care centers.

16. Any combination of the above.

C. Uses incidental and accessory to the principal uses, such as:

1. Parking garages.

2. Meeting rooms, conference facilities, gymnasiums and exercise rooms and pools.

3. Signs.

4. T.V., radio, and/or stereo systems accessory to bars and restaurants.

5. Live entertainment accessory to category one restaurants only, subject to issuance of a "restaurant entertainment license" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001).

D. Bulk Standards.

1. Minimum lot size: 10,000 square feet.

2. Minimum lot width: 100 feet.

3. Minimum lot depth: 100 feet.

4. Front yard setback: None if under eight stories; a minimum of 15 feet if over eight stories as measured from the curb to the Building Line.

5. Rear yard: A minimum of 15% of lot depth.

6. Side yard: None.

7. Maximum building height: 110 feet.

8. Maximum building coverage: One hundred percent (100%).

E. Standards for Billboards.

1. Maximum height: 60 feet above grade at their highest point when erected on the roof of a building.

2. Setback from roof edge: Five feet.

3. Maximum area: 600 square feet with maximum vertical dimension of 12 feet for each sign. When billboard has more than one face, the maximum area shall be 750 square feet.

F. Parking Standards.

1. No on-site parking is required for additions on structures for adaptive reuse of existing buildings.

2. No on-site parking is required, nor to the following minimums apply, on lots less than 10,000 square feet.

3. Offices (except medical offices), financial institutions, brokerage houses, governmental uses and colleges and universities: 0.7 space per 1,000 square feet of floor area.

4. Medical offices: One space per 500 square feet, excluding the first 2,000 square feet of ground floor area.

5. Hotels: One space per 1,000 square feet of gross floor area including all-purpose rooms such as banquet, meeting and conference rooms.

6. Residential uses shall provide a minimum of 0.2 space per bedroom. For the purpose of calculating this requirement studio apartments shall be counted as one-bedroom apartments.

7. Retail sales of goods and services, restaurants, bars, theaters and night dubs: One space per 600 square feet of gross floor area, excluding the first 5,000 square feet of gross floor area.

G. Compliance Provision: Lots that were Zoned O/R Office Residential when Ordinance 21-077 (aka Inclusionary Zoning Ordinance) was adopted on December 15, 2021 will be subject to a mandatory affordable housing set aside per Chapter 187 if the developer of such lot builds more than 150 dwelling units per acre.

§ 345-47. HC Highway Commercial District. [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose. The purpose of this district is to promote the development of desirable highway commercial uses, improve the appearance of the streetscape, buffer adjacent neighborhoods and reinforce the area's function as a gateway to Jersey City.

B. Permitted principal uses are as follows:

1. Retail sales of goods and services.

2. Offices.

3. Financial institutions and brokerage houses.

4. Hotels.

5. Restaurants, all categories.

6. Nightclubs and bars.

7. Service stations.

8. Governmental uses.

9. Auto and truck sales.

10. Theaters.

11. Child day care centers.

12. Self storage facilities.

13. Auto repair and services.

14. Auto body shops.

C. Uses incidental and accessory to the principal uses, such as:

1. Off-street parking, garages and off-street loading.

2. Fences and walls.

3. Signs.

4. Auto service ancillary to retail car dealership.

5. Outdoor garden centers.

6. T.V., radio, and/or stereo systems accessory to bars and restaurants.

7. Live entertainment accessory to category one restaurants only, subject to issuance of a "restaurant entertainment license" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001).

D. Conditional Uses.

1. Car washes, all categories, subject to the following conditions:

a. A minimum of 12 on-site holding or queuing spaces with minimum space dimensions 18 feet by nine feet must be provided as an approach lane or lanes to the car wash.

b. A minimum of four holding or queuing spaces (min. 25 feet by ten feet) after the car passes through the complete wash cycle.

c. Holding and/or queuing spaces on multiple use sites shall be designed so as not to conflict with the ingress or egress of any pumping island that may be located on the same site, or with ingress/egress and/or parking aisles required for circulation pertaining to any use on the site.

E. Bulk Standards Highway Commercial District.

1. Minimum lot size: 10,000 square feet.

2. Minimum perimeter setback: 15 feet for lots 10,000 square feet or more. Otherwise, none.

3. Maximum building height: Six stories.

4. Maximum building coverage: 50 percent.

5. Maximum lot coverage: 90 percent.

F. Parking Standards for Highway Commercial District.

1. Surface parking areas or aisles should be distributed around the building, and at least 10% of surface parking areas shall be landscaped along the front property line or between parking aisles.

2. Lots with 30 or more parking spaces shall be designed with a reasonable amount of pedestrian refuge areas and paths between parking stalls or aisles to better facilitate pedestrian movement and safety.

3. Auto sales: One space per 100 square feet of showroom floor area plus one space for each 1,000 square feet of gross floor area other than showroom area.

4. Service stations: Three spaces per lift, wheel alignment pit, bay, or similar work area; spaces shall be separate from the driveway and apron areas which give access to pumps, service areas and areas for display of merchandise. Where no repair services are provided a minimum of three spaces shall be required. Where retail sales are provided a minimum of one space per 150 square feet of retail space shall be provided.

5. Car washes: 15 on site holding or queuing spaces as an approach lane to the car wash, and a minimum of three queuing spaces after the car passes through the wash cycle. All spaces shall be on site. Where a carwash is associated with a service station, the holding or queuing lane shall not conflict with the ingress or egress of any pump island.

6. Financial institutions: One space per 500 square feet of gross floor area.

7. Restaurants: One space per 500 square feet of gross floor area.

8. Offices: One space per 500 square feet of gross floor area.

9. Retail sales of goods and services: One space per 500 square feet of gross floor area.

G. Cross Easements and Access. In order to allow improved access to parking and loading functions, appropriate legal instruments as well as site plans shall be presented to the Planning Board to show that cross easements are in place and are safe and secure. Any alteration of a site plan which has received approval from the Jersey City Planning Board by the New Jersey Department of Transportation will require the developer to apply for amended site plan approval.

§ 345-48. C/A Commercial/Automotive District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose.

1. The purpose of this district is to upgrade the appearance and function of Communipaw Avenue through screening and buffering, sensitive site planning, selective acquisition of properties and the relocation of parking.

2. The Commercial Automotive district is along both sides of Communipaw Avenue, extending easterly from Route 440 to Bergen Avenue.

B. Permitted principal uses are as follows:

1. Retail sales of goods and services.
2. Auto sales.
3. Auto repair and services.
4. Service stations.
5. Auto body shops.
6. Financial institutions.
7. Restaurants, all categories.

8. Offices.

C. Uses incidental and accessory to the principal use, such as:

1. Offices.

2. Fences and walls.

3. Signs.

4. Parking.

5. Car washes, all categories.

D. Bulk Standards for Commercial/Automotive District.

1. Minimum lot size: 10,000 square feet.

2. Minimum lot width: 100 feet.

3. Minimum lot depth: 100 feet.

4. Maximum front yard setback: Five feet; setback may exceed five feet if the entire yard adjacent to the right-of-way is fully landscaped and provides a pedestrian pathway to the building entrance. Additionally, garage bays with overhead doors must be set back 20 feet to allow for queuing. Garage bays shall be limited to 50 percent of the front building façade width.

5. Side yard: Zero feet. On corner lots, setback may exceed zero feet if the entire yard adjacent to the right-of-way is fully landscaped and provides a pedestrian pathway to the building entrance.

6. Minimum rear yard: Five feet.

7. Maximum building height: 30 feet.

8. Maximum building and lot coverage: 90 percent.

9. A six-foot high decorative brick wall is required along the rear lot line if the parcel abuts residential uses or zones.

E. Minimum Parking Standards for Commercial/Automotive District.

1. No on-site parking is required for additions on structures for adaptive reuse of existing buildings.

2. Auto sales: One space per 100 square feet of showroom floor area plus one space for each 1,000 square feet of gross floor area other than showroom area.

3. Service stations: Three spaces per lift, wheel alignment pit, bay, or similar work area; spaces shall be separate from the driveway and apron areas which give access to pumps, service areas and areas

for display of merchandise. Where no repair services are provided a minimum of three spaces shall be required. Where retail sales are provided a minimum of one space per 150 square feet of retail space shall be provided.

4. Car washes: 15 on site holding or queuing spaces as an approach lane to the car wash, and a minimum of three queuing spaces after the car passes through the wash cycle. All spaces shall be on site. Where a carwash is associated with a service station, the holding or queuing lane shall not conflict with the ingress or egress of any pump island.

5. Financial institutions: One space per 500 square feet of gross floor area.

6. Restaurants: One space per 500 square feet of gross floor area.

7. Offices: One space per 500 square feet of gross floor area.

8. Retail sales of goods and services: One space per 500 square feet of gross floor area, exempting the first 5,000 square feet.

§ 345-49. I Industrial District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The purpose of this district is to acknowledge areas where there is an existing concentration of industrial activity or where future industrial activity is planned. This district accommodates a broad range of industrial uses in appropriate locations with enhanced provisions for screening and buffering to protect nearby development.

B. Permitted principal uses are as follows:

1. Assembly and packaging.

2. Manufacturing.

3. Warehousing, wholesaling and distribution.

4. Printing.

5. Cyber hotels.

6. Offices.

7. Service stations.

8. Car washes, all categories.

9. Industrial parks.

10. Self storage facilities.

11. Auto repair and services.

12. Auto body shops.

C. Uses incidental and accessory to the principal use, such as:

1. Off-street parking and loading.
2. Fences and walls.
3. Signs.
4. Guardhouses and employee cafeterias.
5. On site service and maintenance operations for equipment and operations conducted on site.
6. Garages for parking and storage of vehicles.

D. Bulk Standards for Industrial District.

1. Minimum lot size: 10,000 square feet.
2. Minimum lot width: 100 feet.
3. Minimum lot depth: 100 feet.
4. Minimum front yard setback: 15 feet.
5. Minimum side yard: Ten feet.
6. Minimum rear yard: 15 feet.
7. Maximum building height: 50 feet.
8. Maximum building coverage: 60 percent.
9. Maximum lot coverage: 90 percent.
10. Minimum buffer to a residential zone or use: 20 feet.
11. A six-foot high decorative brick wall is required along the rear lot line if the parcel abuts residential uses or zones.

E. Parking Standards for Industrial District.

1. Manufacturing, assembly, printing, packaging: One space per 3,000 square feet of gross floor area.
2. Warehousing, wholesaling and distribution: One space per 5,000 square feet of gross floor area.
3. Offices: One space per 600 square feet of gross floor area.

4. Car washes: See CA parking standards.

5. Service stations: See CA parking standards.

6. Cyber hotels: One space per 10,000 of gross floor area.

7. Self storage facilities: One space per 5,000 square feet of gross floor area.

8. Auto repair and services/Auto body shops: See C/A district parking standards

§ 345-50. PI Port Industrial District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose.

1. The purpose of the district is to enhance and accommodate the City's working waterfront and to provide an area for current port activity and future port development in an appropriate location served by extensive transportation facilities with adequate buffering to protect nearby residential neighborhoods.

2. Jersey City's port industrial district is located in Greenville in the southeastern section of the City.

B. Permitted principal uses are as follows:

1. Offices.

2. Warehousing and distribution.

3. Manufacturing, processing, research and assembly operations.

4. Terminal facilities for rail, truck and waterborne transportation, including storage and containerization facilities.

5. Marinas and the construction and repair of boats.

6. Service stations.

7. Surface parking.

C. Uses incidental and accessory to the principal use, such as:

1. Fences and walls.

2. Signs.

3. Garages for the parking and storage of vehicles.

4. Boat sales and rentals, repair facilities and sales of marine supplies associated with marinas.

D. Bulk Standards for Port Industrial District.

1. Minimum lot area: 80,000 square feet.

2. Minimum lot width: 200 feet.

3. Minimum landscaped buffer adjacent to residential uses and zones: 50 feet.

4. Maximum lot coverage: 90 percent.

5. Minimum perimeter setback: 60 feet.

6. Maximum height of principal and accessory buildings: 50 feet.

E. Parking Standards for Port Industrial District.

1. Terminal facilities: One space per 5,000 square feet of gross floor area.

2. Marinas and construction and repair of boats: 0.33 space per berth plus 600 square feet of gross floor area for other service uses.

3. Other uses. See Industrial zone parking standards.

§ 345-51. U University District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The purpose of this district is to accommodate existing colleges and universities while preserving neighborhood stability and residential quality of life, especially in areas bordering institutions of higher education.

B. Permitted principal uses are as follows:

1. Colleges and universities.

2. Parks and playgrounds.

3. Dormitories, fraternity and sorority houses.

4. Meeting halls.

C. Uses incidental and accessory to the principal use, such as:

1. Parking structures and lots.

2. Fences and walls.

3. Signs.

D. Bulk and Parking Standards for University District.

1. Maximum height: Four stories and 40 feet; provided, however, that where necessary because of topographical conditions the height may be increased establish a uniform height with existing buildings on the same street.

2. Maximum building coverage: 60 percent.

3. Maximum lot coverage: 80 percent.

4. Maximum height of parking garage: Four stories.

5. Minimum buffer adjacent to residential uses and zones: Ten feet.

6. Parking: Ten spaces for each classroom, plus one space per ten seats for each auditorium, gymnasium and lecture hall.

§ 345-52. M Medical District. [Added 10-13-2022 by Ord. No. 22-084; amended 12-10-2025 by Ord. No. 25-124]

A. Purpose.

1. The purpose of this district is to recognize the existing medical facilities in the city and other medical related uses traditionally associated with these facilities.

2. The medical district encompasses Christ Hospital in the Heights and Greenville Hospital in Greenville.

B. Permitted principal uses are as follows:

1. Hospitals.

2. Medical offices.

3. Ambulatory care facilities.

4. Offices.

5. Diagnostic centers.

6. Rehabilitation centers.

7. Reserved.

8. Nursing homes.

9. Reserved.

10. Public utilities, except that natural gas transmission lines shall be prohibited.

11. Schools, limited to the Medical District in Greenville.

C. Uses incidental and accessory to the principal use, such as:

1. Parking garages and off-street parking.

2. Meeting rooms, conference facilities, gymnasiums and exercise rooms and pools.

3. Staff housing.

4. Medical training including nursing and therapists.

5. Fences and walls.

D. Bulk and Parking Standards for Medical District.

1. Maximum height:

a. Maximum building height:

i. Four stories, 45 feet on lots 50 feet wide or less.

ii. Five stories, 55 feet on lots greater than 50 feet wide, provided that the fifth story is setback ten feet from the front of the primary street frontage.

iii. For corner lots, the shorter lot width shall control the maximum permitted height. For example, a 50- by 100-foot lot is only permitted to be four stories, 45 feet in height because the shorter lot width is 50 feet.

b. Rooftop decks must be setback a minimum of five feet from the side property line and a minimum ten feet setback from the front and rear of the roof. Rooftop deck shall not cover more than 30 percent of the roof inclusive of the setback requirements herein. Where an inaccessible green roof is installed for stormwater detention, a rooftop deck is permitted an increase in coverage but shall not cover more that 50 percent of the roof, inclusive of the setback requirements herein, and provided that the remaining areas of the roof is a green roof.

c. Rooftop appurtenances shall be no larger than 20 percent of the roof surface area.

2. Maximum building and lot coverage: 80 percent.

3. Maximum height of parking garage: Four stories.

4. Minimum buffer adjacent to residential uses and zones: Ten feet.

5. Parking standards: One space for 5,000 square feet of gross floor area.

§ 345-53. G Government District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The purpose of this district is to recognize the presence of government uses in neighborhoods throughout the City and identify existing and planned government facilities of City-wide significance.

B. Permitted principal uses are as follows:

1. Offices.

2. Governmental uses.

C. Uses incidental and accessory to the principal use, such as:

1. Fences and walls.

2. Parking.

3. Signs.

D. Bulk and Parking Standards for Government Uses. See R-1 Bulk and Parking Standards.

§ 345-54. P/OS Parks/Open Space District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The purpose of the parks and open space district is to acknowledge the City's existing inventory of parks and open space.

B. Permitted principal uses are as follows:

1. Parks and playgrounds.

2. Public utilities, except that natural gas transmission lines shall be prohibited.

3. Kiosks.

4. Bathrooms.

C. Uses incidental and accessory to the principal use, such as:

1. Off-street parking.

2. Recreation, entertainment and educational programs.

3. Signs.

4. Dog runs.

D. Bulk and Parking Standards for Parks/Open Space District. None.

§ 345-55. WPD Waterfront Planned Development. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The purpose of the Waterfront Planned Development District is to identify areas where the redevelopment of water oriented commercial, residential and recreational uses has occurred or has the potential to occur including high cube warehousing uses in designated areas. The intent of the District is to accurately reflect existing conditions, endorse ongoing redevelopment activity, accommodate a broad range of new uses, promote the creative reuse of large tracts of land and to continue to provide public access to an enhanced waterfront.

B. Permitted principal uses are as follows:

1. Marinas.
2. Offices.
3. Townhouses.
4. Multi-family dwellings.
5. Retail sales of goods and services.
6. Theaters.
7. Restaurants, all categories.
8. High-cube warehousing and distribution subject to the following requirements:

    a. Location. High cube warehousing shall only be permitted north of Duncan Avenue with frontage on State Highway Route 1&9 truck route.

    b. Minimum development area: 30 acres.

c. Site/building design requirements: In addition to the zoning and non-residential design standards contained herein, the following additional design standards shall apply:

(1) Minimum building size: 300,000 square feet gross floor area.

(2) Minimum internal building height: 30 feet clear height.

(3) Minimum building column spacing/loading dock design: 50 feet wide on-center column bay spacing module to accommodate four truck loading berths per column bay module.

(4) Minimum staging bay design: 60 feet measured from dock door to first interior column line.

(5) Fire suppression system: An "Early Safety Fast Response" (ESFR) internal fire sprinkler system or a comparable system where required by the large size of a building's design shall be provided.

(6) Maximum automobile parking: One-half space per 1,000 square feet of gross floor area.

(7) Maximum trailer storage parking: Two spaces per one loading dock doors.

(8) Loading dock location: No areas specifically intended for loading or trailer storage shall be located between the front building line and a public street line.

(9) Building design: Architectural design features shall reduce the visual impact of large warehouse buildings when viewed from a public street.

C. Uses incidental and accessory to the principal use, such as:

1. Fences and walls.

2. Signs.

3. Off-street parking and loading.

4. T.V., radio, and/or stereo systems accessory to bars and restaurants.

5. Live entertainment accessory to category one restaurants only, subject to issuance of a "restaurant entertainment license" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001).

D. Bulk and Parking Standards for Waterfront Planned Development District.

1. Marinas: See PI Bulk and Parking Standards.

2. Offices: See HC Bulk and Parking Standards.

3. Townhouses: See R-2 Bulk and Parking Standards.

4. Multi-family dwellings: See R-3 Bulk and Parking Standards.

5. Retail sales of goods and services: See HC Bulk and Parking Standards.

6. Theaters: See HC Bulk and Parking Standards.

7. Restaurants, All Categories: See HC Bulk and Parking Standards.

8. High-cube warehousing: See I-Industrial District Bulk and Parking Standards.

E. Conditional Uses.

1. Animal shelter, subject to the following standards and conditions:

a. Maximum two stories in height.

b. Minimum lot size shall be one acre.

c. No outdoor kennels to be located within 20 feet of the property lines, and only if screened by a double, staggered planting of evergreen material which shall reach a minimum of five feet height after two growing seasons.

d. A minimum of five percent of the surface area of each wall shall be comprised of brick, tile or other decorative masonry element or treatment.

e. Any accessory building shall be of the same material and style as the principal building.

f. Signs shall be as regulated for retail uses in this district.

g. All areas to which animals have access shall be securely fenced.

h. A dog run shall be provided, which shall be fenced and screened.

i. Hose bibs shall be provided on at least two exterior walls.

§ 345-56. C Cemetery District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The City has established the cemetery district to recognize the presence of large and smaller historic cemeteries and the influence they have upon land use in the areas where they are located.

B. Permitted principal uses are as follows:

1. Cemeteries.

C. Uses incidental and accessory to the principal use, such as:

1. Mausoleums.

2. Signs.

3. Fences and walls.

D. Bulk Standards for Cemetery Uses.

1. Maximum height for mausoleums: 30 feet.

2. Minimum setback of mausoleums from property line: 30 feet.

§ 345-57. DT Destination Tourism District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The purpose of this district is to further develop this area as a national tourist attraction.

B. Permitted principal uses are as follows:

1. Convention centers.

2. Conference centers.

3. Hotels.

4. Parks and playgrounds.

5. Retail sales of goods and services.

6. Restaurants, all categories.

§ 345-58. H Historic District. [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. Purpose. The purpose of this district is to recognize the special significance of these neighborhoods because of their varied and well-preserved historic character. They reflect Jersey City's past and its unique geographic location. Historic districts include: Hamilton Park, Harsimus Cove, Paulus Hook and Van Vorst Park.

B. Permitted principal uses in all historic districts are as follows (Paulus Hook Historic District, north of York Street only, shall refer to the NC-3 district for principal permitted uses and bulk standards):

1. Townhouses.

2. Schools.

3. Governmental uses.

4. Houses of worship.

5. Mortuaries.

6. Parks and playgrounds.

7. Home occupations.

C. Accessory uses permitted in all historic districts.

1. Private garages, for projects of ten dwelling units or more.

2. Screened off-street parking, for projects of ten dwelling units or more.

3. Live entertainment accessory to Category One restaurants only, where permitted as conditional uses or where NC-3 use standards apply, subject to issuance of a "Restaurant Entertainment License" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001). **[Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]**

A. Purpose. The purpose of this district is to recognize the special significance of these neighborhoods because of their varied and well-preserved historic character. They reflect Jersey City's past and its unique geographic location. Historic districts include: Hamilton Park, Harsimus Cove, Paulus Hook and Van Vorst Park.

B. Permitted principal uses in all historic districts are as follows (Paulus Hook Historic District, north of York Street only, shall refer to the NC-3 district for principal permitted uses and bulk standards):

1. Townhouses.

2. Schools.

3. Governmental uses.

4. Houses of worship.

5. Mortuaries.

6. Parks and playgrounds.

7. Home occupations.

C. Accessory uses permitted in all historic districts.

1. Private garages, for projects of ten dwelling units or more.

2. Screened off-street parking, for projects of ten dwelling units or more.

3. Live entertainment accessory to Category One restaurants only, where permitted as conditional uses or where NC-3 use standards apply, subject to issuance of a "Restaurant Entertainment License" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001).

D. Conditional Uses Permitted in Harsimus Cove Historic District.

1. Retail sales, retail services and offices, limited to the ground floors and parlor floors of attached dwelling units having direct pedestrian access from one of the following streets or parts thereof: Erie Street between Bay and Fifth Streets, limited to those properties where a commercial use is already in place.

2. Bed and breakfasts.

E. Conditional Uses Permitted in Paulus Hook Historic District.

1. Retail sales, retail services and offices, including medical offices, limited to the ground floors and parlor floors of attached dwelling units having direct pedestrian access from one of the following streets or parts thereof: west side of Washington Street between Morris and York Streets; east side of Washington Street between Sussex and Morris Street; subject to the following conditions:

   a. No business dealing in the sale of fresh food products (including produce, meats, processed or prepared foods) of any kind shall be permitted to occupy new retail spaces.

   b. New or expanded uses shall meet the bulk and yard requirements for townhouses. (Conditional use application to the Planning Board shall be required for any new retail or office use or the expansion of an existing use).

2. Restaurants, category one and two, limited to the ground floor of buildings located on corner lots where a ground floor commercial use is already in place at the time of adoption of this ordinance and having direct pedestrian access from Washington Street between Sussex and Morris Streets. New or expanded restaurants shall meet the bulk and yard requirements for townhouses. (Conditional use application to the Planning Board shall be required for a new restaurant or for the expansion of an existing restaurant).

3. Sidewalk cafes and front yard seating areas accessory only to those restaurants and delicatessens permitted under subsections (B), (E)(1) and (E)(2) of this section, subject to the following conditions:

   a. A Certificate of Appropriateness shall be obtained from the Historic Preservation Commission for the design (including style of furniture, partitions and overhead covering) of any sidewalk café and/or front yard seating area. This approval shall be subject to enforcement by the Division of Zoning and/or the Division of Commerce.

b. Any front yard seating area (i.e., within the property line) shall meet the following standards:

i. The front yard seating area shall be partitioned by a three-sided, movable structure separating the seating area from the public right-of-way, and which is no less than 30 inches in height and no more than 36 inches in height, providing one opening for entrance and exit which is no less than 42 inches in width and no more than 60 inches in width, and whose boundaries allow patrons and pedestrians to clearly ascertain the entrance and exit to the front yard seating area.

ii. The front yard seating area shall have an overhead covering, consisting of either an individual umbrella over each table or a retractable awning covering all tables and chairs.

iii. The front yard seating area partition and overhead covering shall not contain advertising.

iv. The front yard seating area partition, overhead covering, and all tables, chairs, and other café furniture shall be removed from the front yard at the close of business each day.

v. Food service shall be available during all times in which the front yard seating area is open for business.

vi. Alcoholic beverages, when permitted under any other ordinance, shall not be served or consumed in any public area which is outside the partitioned seating area of the front yard.

vii. All areas comprising the front yard seating area, including tables and chairs, shall remain clean and orderly at all times.

viii. No persons other than those consuming food prepared on the premises or personnel pertaining to the establishment preparing the food shall be within the front yard seating area except for those persons passing through the seating area to enter or exit the establishment.

ix. Front yard seating shall be permitted to operate from April 1 through October 31, inclusive, and between the hours of 8:00 a.m. and 10:00 p.m. Sunday through Wednesday; between the hours of 8:00 a.m. and 11:00 p.m. Thursday; and 8:00 a.m. and midnight Friday and Saturday; except that no alcoholic beverages, when permitted under any other ordinance, shall be served or consumed in a front yard seating area before noon on any day.

c. A sidewalk café license shall be obtained from the Division of Commerce for any seating area which extends beyond the property line, and all standards of Article XII (Sidewalk Cafes), Sections 296-80(B), 296-81(B), 296-82, 296-83, 296-85 of the Jersey City Municipal Code, shall be met. These standards shall be enforced by the Division of Commerce.

d. Sidewalk cafes located at corner properties shall be permitted to occupy the entire primary lot frontage to the extent feasible, but shall only be permitted to occupy the first 50 percent of the length of the secondary lot frontage, as measured from the corner of the property line along the primary frontage.

e. No sidewalk cafes shall be permitted within the public right-of-way fronting any property which is located within 100 feet of a school or house of worship as measured from lot line to lot line.

4. Bed and breakfasts.

F. Conditional Uses Permitted in Van Vorst Park Historic District:

1. Retail sales, retail services, and offices, limited to the ground floors and parlor floors of attached dwelling units having direct pedestrian access from one of the following streets or parts thereof: Grove Street between York Street and the northern boundary of the historic district; number 24 through number 28 Mercer Street, number 239 Luis Munoz Marin Boulevard to the south side of Montgomery Street; Jersey Avenue south of York Street to the southern boundary of the historic district; Jersey Avenue north of Mercer Street to the northern boundary of the historic district. New commercial uses cannot be introduced into existing exclusively residential buildings.

2. Restaurants, Category One and Two, limited to the ground floor of properties from 297 to 311 Grove Street along the west side of Grove Street (in addition to those restaurants permitted from 273 to 295 Grove Street under either the Majestic Theater Redevelopment Plan or the Grove Mercer Redevelopment Plan), from 290 to 304 Grove Street along the east side of Grove Street, and number 24 through number 28 Mercer Street, where a commercial use is already in place at the time of adoption of this ordinance and having direct pedestrian access from Grove Street or Mercer Street.

3. Bed and breakfasts.

4. Sidewalk cafes accessory to restaurants permitted under subsection (F)(2) of this section, subject to the following conditions:

a. A certificate of appropriateness shall be obtained from the Historic Preservation Commission for the design (including style of furniture, partitions and overhead covering) of any sidewalk café. This approval shall be subject to enforcement by the Division of Zoning.

b. A sidewalk café license shall be obtained from the Division of Commerce for any seating area which extends beyond the property line, and all standards of Article XII (Sidewalk Cafes), shall be met. These standards shall be enforced by the Division of Commerce.

G. Bulk and Parking Standards for Townhouses.

1. Minimum lot size: 1,800 square feet.

2. Minimum lot width: 18 feet.

3. Minimum lot depth: 100 feet.

4. Minimum front yard setback: Must meet adjacent setback on either side.

5. Maximum front yard setback: Ten feet.

6. Minimum rear yard setback: 30 feet.

7. Side yard setbacks: None.

8. Maximum building height: Residential/mixed use: Four stories and 40 feet.

9. Maximum building coverage: 60 percent.

10. Maximum lot coverage: 80 percent.

11. Maximum dwelling units per acre: 75.

12. Rehabilitation, infill or new residential construction (including mixed-use buildings), projects of ten dwelling units or more shall provide, on-site, a minimum of one-half and a maximum of one parking space per dwelling unit.

13. On-site parking for projects of less than ten dwelling units is prohibited.

H. Bulk and Parking Standards for Schools.

1. Minimum lot size: 10,000 square feet.

2. Minimum lot width: 100 feet.

3. Minimum lot depth: 100 feet.

4. Minimum front yard setback: Must meet adjacent setback on either side.

5. Maximum front yard setback: 20 feet.

6. Minimum rear yard setback: 42 feet.

7. Minimum side yard setbacks: Ten feet.

8. Maximum building height: Four stories and 40 feet.

9. Maximum building coverage: 75 percent.

10. Maximum lot coverage: 80 percent.

11. Parking: One space per four teachers and/or teacher's aides.

I. Bulk and Parking Standards for Governmental Uses.

1. Minimum lot size: 10,000 square feet.

2. Minimum lot width: 100 feet.

3. Minimum lot depth: 100 feet.

4. Minimum front yard setback: Must meet adjacent setback on either side.
5. Maximum front yard setback: 20 feet.
6. Minimum rear yard setback: 36 feet.
7. Minimum side yard setbacks: Ten feet.
8. Maximum building height: Five stories and 50 feet.
9. Maximum building coverage: 75 percent.
10. Maximum lot coverage: 80 percent.
11. Parking: One-half spaces per 1,000 square feet.

J. Bulk and Parking Standards for Houses of Worship Districts.

1. Minimum lot size: 5,000 square feet.
2. Minimum lot width: 50 feet.
3. Minimum lot depth: Ten feet.
4. Minimum front yard setback: Must meet adjacent setback on either side.
5. Maximum front yard setback: 20 feet.
6. Minimum rear yard setback: 18 feet.
7. Side yard setbacks: Ten feet.
8. Maximum building height: Four stories/40 feet.
9. Maximum building coverage: 50 percent.
10. Maximum lot coverage: 80 percent.
11. Parking: One space per each ten seats, excluding the first 100 seats. One seats hall be considered 24 inches in calculating the capacity of pews or benches. Houses of worship without seats or pews shall provide parking at a rate of one stall for each 60 square feet of prayer space excluding the first 6,000 square feet.

K. Bulk and Parking Standards for Mortuaries.

1. Minimum lot size: 10,000 square feet.
2. Minimum lot width: 100 feet.
3. Minimum lot depth: 100 feet.

4. Minimum front yard setbacks: Must meet adjacent setback on either side.

5. Maximum front yard setback: 20 feet.

6. Minimum rear yard setback: 18 feet.

7. Minimum side yard setbacks: Ten feet.

8. Maximum building height: Four stories and 40 feet.

9. Maximum building coverage: 50 percent.

10. Maximum lot coverage: 80 percent.

11. Parking: One space per employee and one space per every five square feet of floor area exclusive of administrative and preparation areas.

§ 345-59. Overlay Districts. [Added 10-13-2022 by Ord. No. 22-084]

§ 345-59.1. PPOD Palisades Preservation Overlay District. [Added 10-13-2022 by Ord. No. 22-084]

A. Establishment of District.

1. There is hereby established within the City of Jersey City an area which shall be known as the Palisades Preservation Overlay District (PPOD), in which land development and construction shall be subject to the special regulations contained in this Section.

2. The PPOD shall be designated on the Zoning Map of the City of Jersey City, and shall run along the Palisades from Montgomery Street north to the Union City boundary line.

3. The PPOD shall prevail upon all land regulated under this Chapter, as well as those properties within a duly adopted redevelopment area. Redevelopment plans shall be amended, or initially written, as the case may be, to refer to or include the requirements of this Subsection.

4. All uses permitted in the zone or redevelopment plan in which the property is located shall be permitted in the PPOD, provided, however, that the setback and procedural regulations and performance standards of this Article shall apply to any such uses, whether permitted as of right, by conditional use or by use variance.

B. Procedural Regulations. The following information shall be submitted in addition to any information required to be submitted in the site plan checklist:

1. A topographic map of the site at two-foot contour intervals (drawn in a lighter line weight) where the slope is less than ten percent, and ten-foot contour intervals (drawn in a heavier line weight) where the slope exceeds ten percent.

2. A land form analysis which shows the location and extent of the site's major landforms including the top of the cliff, the cliff face, the side slope and the base of the slope. Any exposed cliff face shall be shown. The area in each land form category shall be calculated and shown on the land form analysis.

3. A physical description of the site which shall include a technical summary of site characteristics such as soils, load bearing capacity, erosion potential, depth to bedrock, etc.

4. Site grading and development data which shall include the type and location of development activity, procedures for grading, excavation, construction access and stockpiling, extent and phasing of construction and cut and fill operations.

C. Performance Standards.

1. The minimum building setback line from the edge of the cliff face at the top of the cliff shall be 30 feet. The minimum building setback line from the edge of the cliff face at the base of the cliff shall be 65 feet.

2. For purposes of preservation of the Palisades cliff face, no portion of any building or structure shall be constructed on that portion of a lot which has a grade, prior to such construction, in excess of 30 percent, or on any portion of the lot, which lies within ten feet of the portion having such grade.

3. No portion of a building built below the Palisades within the PPOD and within 450 feet of the cliff face, including all bulkheads, parapets and penthouses, shall extend into the area occupied by the top 25 percent of the distance between the top of cliff and the lowest portion of existing grade of a development site.

§ 345-59.2. A - Arts Overlay District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose. The purpose of the overlay zone is:

1. To recognize the extensive location and relocation of artists' homes and/or studios into a portion of the "Heights" section formerly designated by the Municipal Council as the Riverview Arts District in 1984 and subsequent land use approvals pertaining to arts-related uses; and

2. To encourage the further development of this section of the city as an additional viable arts enclave.

B. Arts District Overlay Zoning Regulations:

1. Permitted principal uses:

a. Work/live artist studio;

b. Work/live unit;

c. Artist studio workspace.

2. Existing bulk and parking regulations as regulated in underlying zoning districts shall remain unchanged and shall apply to any of the above new uses within the overlay zone.

3. See definition for each of the above uses for additional standards.

§ 345-59.3. F Overlay - Flood Prone District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose.

1. The purpose of this subsection is to help protect development in flood prone zones, as defined as VE and AE FEMA zones, from future flood damage and to encourage resilient design in vulnerable zones.

2. The Flood Overlay zone (F Overlay) applies to all properties citywide which are located wholly or partially within a Federal Emergency Management Agency (FEMA) designated VE or AE zone, as depicted on official FEMA flood insurance rate maps (FIRMs) or preliminary flood insurance rate maps (PFIRMs). The F Overlay boundary is established by whichever FEMA map incorporates the latest flood zone information. A copy of the F Overlay map is available upon request from Division of City Planning staff or a digital version is accessible through the City's official website.

3. The F Overlay provides additional green infrastructure and resilient design requirements for properties in flood prone zones. These requirements are calculated as a green area ratio (GAR) as explained in Section 345-66.1.

4. The F Overlay zone shall prevail upon all land regulated under this Chapter, as well as those properties within a duly adopted redevelopment area. Redevelopment plans shall be amended, or initially written, as the case may be, to refer to or include the requirements of this subsection.

B. Permitted uses are as follows:

1. The F zone is an overlay zone only. Any permitted, accessory, and conditional uses are as detailed in the applicable underlying zone.

C. Bulk Standards.

1. The Flood Overlay zone is an overlay zone only. Any bulk requirements shall be as detailed in the applicable underlying zone.

2. GAR requirements per Section 345-66.1 apply to major and minor site plan applications.

3. Relief from these requirements shall require a "C" variance or deviation.

D. Parking Standards for One- and Two-Family Dwellings.

1. The F zone is an overlay zone only. Any parking requirements as detailed in the applicable underlying zone.

§ 345-59.4. MWORKS Marion Works Office/Residential Overlay District. [Added 10-13-2022 by Ord. No. 22-084]

A. Purpose.

1. The Marion Works Office/Residential District (MWORD) shall apply to the area depicted on the revised Zoning Map of the City of Jersey City. The area encompassed by the MWORD is an older

Industrial District located at the periphery of the Journal Square community. The purpose of this district is to encourage the redevelopment, rehabilitation and conversion of older industrial structures in the area to higher intensity residential and mixed-use buildings, and the construction of new residential and mixed-use buildings on vacant and underutilized land, while incorporating much needed public open space for district residents and the surrounding community. Ancillary commercial facilities are also encouraged to serve the surrounding community.

2. The MWORD shall apply as an overlay district, which means that it applies as alternative zoning regulations, when and if chosen by the property owner. Property owners within the MWORD may also continue to maintain uses of the property that were permitted at the time of the adoption of this amendment. However, it is recognized that the size and configuration of the existing blocks and lots are the result of the industrial and railroad use and development of this area. Therefore, if a property owner/developer chooses to utilize the Office/Residential Overlay Zoning, then the property owner/developer shall be required to provide new and/or re-opened streets rights of way. These may include the re-opening of previously vacated streets, such as Dey Street and/or the creation of new public streets and rights-of-way to accommodate the new residential and commercial re-use of property within the MWORD. It is specifically anticipated that new street connections will be necessary from the western end of Dey Street to both Saint Paul's Avenue and Newark Avenue. The location of new streets and rights-of-way should be located so as not to destroy existing or modified structures within the district. The intent of requiring these new and/or re-opened streets is to extend the street pattern into the district in order to better integrate the district into the surrounding street grid and urban fabric of the community, and to better disperse traffic from new developments.

3. Because of the nature and scale of the existing industrial buildings within the MWORD, the conversion from industrial to residential and mixed-use land uses may occur in a phased fashion, wherein a portion of a building and/or property may continue to be used for uses permitted at the time of adoption of this amendment, as other portions of the building and/or property are rehabilitated and used for residential and/or mixed-use purposes; provided that all building, health, safety, fire and other applicable codes are complied with.

B. Permitted principal uses are as follows:

1. Residential dwelling units within existing structures.

2. Work/live units.

3. High-rise apartments.

4. Mid-rise apartments.

5. Townhouses.

6. Offices, provided that not more than ten percent of the floor area of any development project may be dedicated to office uses.

7. Financial institutions and brokerage houses.

8. Retail sales of goods and services, including health clubs.
9. Restaurants, category one and two.
10. Theaters.
11. Hotels.
12. Colleges and universities.
13. Governmental uses, including public parks.
14. Child care centers.
15. Any combination of the above.

C. Uses incidental and accessory to the principal use, such as:

1. Off-street parking garages and lots and off-street loading.
2. Recreation facilities and areas, including pools, active recreation uses, gymnasiums, exercise rooms, etc.
3. Meeting rooms, banquet facilities, conference centers.
4. Fences and walls.
5. Home occupations.
6. Signs.

D. Bulk Standards: (Note: Townhouses shall follow R-2 Standards.)

1. Minimum lot size: 10,000 square feet.
2. Minimum lot width: 100 feet.
3. Minimum lot depth: 100 feet.
4. Minimum front yard: None.
5. Maximum front yard: Ten feet.
6. Minimum rear yard:
   a. Buildings up to 25 feet tall: 10 feet.
   b. Buildings up to 50 feet tall: 20 feet.
   c. Buildings over 50 feet tall: 30 feet.

7. Minimum side yard: None.

8. Minimum building height: Two stories or 20 feet.

9. Maximum building coverage:

    a. Not including enclosed parking: 65 percent.

    b. Inclusive of enclosed parking: 85 percent.

10. Maximum lot coverage: 90 percent.

11. Maximum building height: It is recognized that the MWORD district is located on a slope wherein the highest elevation of the district is located on the eastern side of the district and the lowest elevation is located to the western side of the district. It is also recognized that taller buildings and the Pulaski Skyway are located on the north of the district and that there is an existing low-rise residential community located just to the east of the district between Dey Street and Van Winkle Avenue. Therefore, in order to accommodate the higher intensity residential and mixed-use development envisioned for the MWORD district, while at the same time respecting the existing community to the east and the opportunities afforded by the existing topography of the district, the following height regulations shall apply.

    a. Sub-district A: Four stories. The first residential floor shall be at least one foot taller than the floors above, and no floor shall be less than eight feet tall as measured from floor to ceiling.

    b. Sub-district B: Existing building height at the time of adoption of the MWORD overlay zoning shall be considered conforming. In addition, the height of the eastern most building within the former American Can Company complex and the existing industrial buildings located on Newark Avenue, may be increased by one story, but not more than 15 feet, provided that the additional story is setback a minimum of 15 feet from the exterior walls of the building and are designed in conformance with paragraph G of this section "Building Design Standards for Rehabilitation of Existing Industrial Structures". New buildings shall not exceed 110 feet.

12. Maximum density and floor area ratio: Similar to height, maximum density and floor area ratio shall be regulated within each sub-district as follows:

    a. Sub-district A: Max. density - 80 units per acre

    b. Sub-district B:

        Max. density - The number of units permitted within any existing building shall be determined by dividing the gross floor area of that building, which shall include any permitted additional floor area or mezzanines, by 1,200 square feet. The maximum permitted density within newly constructed buildings shall be 125 units per acre.

        Max. floor area ratio - N/A for existing buildings, rather, the permitted floor area shall be the existing floor area within any existing building and any additional floor area permitted

pursuant to the regulations found in the MWORD. The maximum permitted floor area ratio for newly constructed buildings shall be 4.5. Areas dedicated to parking, loading areas and mechanical rooms shall be excluded from the calculation of gross floor area.

c. Density bonus for additional open space: A residential density bonus is available for new residential construction projects only, not renovation projects. A project shall qualify for the density bonus when open space is provided in excess of the minimum ten percent requirement and when these new open spaces are improved as a public park and deed restricted as publicly accessible open space. The available bonus and conditions that must exist to receive the bonus are further described in subsection D.14 of this plan.

13. Required publicly accessible open space: At least ten percent of the net land area of any development (less any area provided for public streets, rights-of-way or easements) shall be dedicated as publicly accessible open space/vest pocket parks. All such open spaces shall be at least 5,000 square feet in area.

    Development projects consisting of multiple phases or parcels may provide such publicly accessible open space at a later date and on another parcel or parcels within the MWORD district other than the parcel that is the subject of the development application. Projects consisting of the rehabilitation of existing buildings shall provide five percent of the net land area of any development (less any area provided for public streets, rights-of-way or easements) as publicly accessible open space. Phased and/or larger development projects shall group the proposed open spaces so as to create larger more effective and usable areas.

14. Specific bonus requirements:

    a. Sub-district A:

        i. A density bonus of an additional 70 units per acre shall be permitted (for a total of 150 units per acre) when a new construction project provides an additional five percent improved open space park (to total at least 15 percent of the net land area of new construction. Net land area shall be the lot area, less any area provided for public streets or rights-of-way.

        ii. Number of stories shall be permitted to increase to six levels of residential over one level of parking, but only for the portion of the building having frontage along Senate Place. This higher portion of the building shall not be greater than 75 feet in depth as measured from the Senate Place frontage building façade.

        iii. Direct pedestrian ingress and egress to individual ground floor units shall be provided along Senate Place.

        iv. Required conditions to qualify for Sub-district A bonus:

            • The land shall be deed restricted as public open space and dedicated to the city as a public municipal park.

- This open space shall be located at the corner of Dey Street and Senate Place so as to provide a centrally located recreational focal point within the district.
- Site plan approval by the Planning Board for the park design, configuration, amenities and materials shall be pursued and received in order to receive the bonus.
- The open space improvements shall be constructed prior to the issuance of any Certificate of Occupancy for the project.

b. Sub-district B:

i. A density bonus of an additional 55 units per acre shall be permitted (for a total of 180 units per acre) where a development project provides an additional five percent improved open space and park (to total at least 15 percent) of the net land area of any development net land area shall be the lot area, less any area provided for public streets or rights-of-way.

ii. Because the street elevations are so varied within and adjacent to Block 613.1 Lot 2, a portion of open space associated with this new construction at this location, if it is proposed, may be located on a roof top provided that the roof-top open space has at least one 20-foot wide connection to an adjacent street at the elevation of the public sidewalk and the roof-top open space is publicly accessible and identified as such within the project deed and through signage at the street level.

iii. Direct pedestrian ingress and egress to individual units shall be provided along Senate Place, Dey Street and Newark Avenue.

iv. Required conditions to qualify for Sub-district B bonus:

- The land shall be deed restricted as open space and dedicated to the City or remain in private ownership and protected for perpetual public access through an easement attached to the deed.
- This open space shall be located at the corner of Dey Street and Senate Place so as to provide a centrally located recreational focal point within the district.
- Site plan approval by the Planning Board for the park design, configuration, amenities and materials shall be pursued and received in order to receive the bonus.
- The open space improvements shall be constructed prior to the issuance of any certificate of occupancy for the project.

E. Exceptions to Bulk Standards:

1. Existing buildings and structures shall be exempt from all bulk standards. However, any expansion of an existing building or structure must be in conformance with the bulk standards listed above.

2. On development sites containing multiple parcels or lots; individual parcels or lots may exceed the above bulk standards provided that the development site taken as a whole is in compliance with the above bulk standards. For lots with frontage on multiple streets, all frontages shall be treated as a front lot line/yard.

3. Any open space or open area on a development site that is dedicated or set aside as public open space, such as a park, and which is accessible to the public at grade shall be utilized in calculating the maximum density, F.A.R., maximum building coverage and maximum lot coverage of said development site.

4. Any area on a development site that is dedicated or set aside as a street or public right-of-way, shall be utilized in calculating the permitted maximum density, F.A.R., maximum building coverage and maximum lot coverage of said development site.

5. Within any existing building, interior spaces may be modified to include new interior floors and/or mezzanine levels where ceiling heights permit. Interior spaces may also be modified to provide interior courtyards to provide air and light in compliance with applicable building codes.

F. Minimum Parking Standards:

1. Residential and work/live units:

a. In rehab buildings 0.5 space per unit.

b. New construction in Sub-district A - Minimum of 120 new off-street parking spaces constructed for the new building in Sub-district A.

c. New construction in Sub-district B - One bedroom - 0.5 space per unit; two bedrooms and above - one space per unit.

2. Offices: One space per 1,000 square feet.

3. Retail sales of goods and services: One space per 1,000 square feet.

4. Restaurants and theaters: One space per 1,000 square feet.

5. Hotels: One-half (0.5) space per hotel room.

6. Colleges and universities: Two spaces per classroom.

7. Shared parking and valet parking arrangements are permitted upon submission of a parking plan by the developer demonstrating that such alternative parking arrangements are appropriate and approval by the Planning Board of such parking plan.

G. Building Design Standards for Rehabilitation of Existing Industrial Structures:

1. General: Rehabilitation and renovation of existing industrial structures shall be done in a manner that respects the individual architectural style and character of the particular building being renovated. The dominant features or characteristics of these buildings shall be maintained. For example, many larger industrial structures were designed as a series of bays consisting of a repetition of building units along the streetscape, broken up by recessed areas or voids intended to bring air and light to inner portions of the building. These voids shall not be filled in.

2. Materials: It is preferable to repair, rather than replace, materials on the façades of the buildings. However, if materials must be replaced, they must be carefully selected to match the appearance of existing materials to the greatest extent practical.

3. Windows: Windows are a major component of a building's appearance, therefore all windows that are visible along street façades must be treated in a manner that are consistent with the architectural character of the building. Such window openings must not be reduced or modified. Although it is recognized that replacement windows must conform to contemporary standards for energy efficiency; replacement windows must be selected to be compatible with the character of the existing windows (including muntins and mullions) and the architectural style and character of the building being renovated.

4. Entrances: Care must be taken in locating new entrances into the buildings to accommodate the re-use of these structures. All buildings must relate to the streetscape and orient their primary entrance to the public right-of-way. Pedestrian access points shall be located on less trafficked streets and designed in manner that relates to the adjoining street and encourages pedestrian activity along the street. Conversely, vehicular access points shall be located and designed to limit their impact on the pedestrian environment and to the appearance of the building.

5. Roofscape: Many older industrial buildings contained skylights, water towers and other rooftop appurtenances that add to the architectural style and character of the structure. These features shall be retained and incorporated into the design and reuse of the structure. New necessary mechanical equipment and rooftop appurtenances may be located on the roof, but shall be screened and/or incorporated into the roofscape design.

6. Other design features: Many older industrial structures contained unique features such as tall smoke stacks, which became familiar features in the landscape. These features shall be retained and incorporated into the design of the building. However, other smaller or minor buildings, or minor portions of buildings, which may have been accessory to the previous use, but are no longer appropriate to the new reuse; may be removed.

7. Additions/expansions: New additions/expansions of existing structures must be done in a manner that is complimentary to the existing building's design and architecture in term of size, scale, materials, etc. However, new additions should not seek to copy the existing building, as each building is a product of its own time. Additional floors may be added to the top of existing buildings provided that such construction is not contrary to the intent of paragraph G.5 above and is in compliance with the height requirements of paragraph D.11 of this section.

8. New construction: New buildings constructed as part of the reuse and/or redevelopment of industrial sites, either as accessory to the new reuse or as infill buildings, must be designed to compliment the architecture of the existing major buildings on the site. It is recognized that each building is a product of its own time. Therefore, the new buildings should not be copies of the architectural style of the existing buildings.

H. Parking Structure Design Standards.

1. Along all street rights-of-way within Sub-district B, any all parking levels shall be screened by an intervening use (i.e. residential, office, retail, lobby, etc.) between the parking and the building

façade. Parking levels below grade shall be exempt from this requirement. In addition, parking levels fronting onto Saint Paul's Avenue west of Van Wagenen Avenue shall also be exempt from this requirement. The design of parking levels within Sub-district A shall adhere to the requirements of paragraph 2. below.

2. The façades of all parking structures or levels within buildings that are not screened by an intervening use shall be architecturally screened so as to not give the apparent perception of garage space from the exterior. The façade of the parking structure shall be designed to disguise the parking use to the greatest degree possible. The exterior wall of the parking structure shall be architecturally designed to mimic and reflect the occupied portions of the building in terms of style and materials. All openings in the parking structure façade shall be of the punched style. These openings shall be consistent with the rhythm of the window openings serving the principal uses within the building. They shall be covered by glass or metal in such a way that the exterior design is compatible with the design of the building and the actual windows of the building. The glass tint and/or reflectivity may be different so as to decrease the visibility of the garage use within. In lieu of glass, the openings may be covered by a hinged solid metal plate/shutter, or recessed decorative grill over a louvered opening as described below. Blind windows, where appropriate shall also be permitted. Where louvers are needed or proposed, decorative grills shall be installed over functional louvers, or other comparable decorative material shall be used in openings or portions of the openings resembling the windows provided above and/or below parking levels. The intent of the above regulations is that no exposed garage exterior wall shall be detectable as a garage.

3. The design of parking structures and levels shall be consistent with paragraph G of this section "Building Design Standards for Rehabilitation of Existing Industrial Structures".

4. Garage doors shall be provided at the ingress and egress to the parking garage and shall be designed to reflect the architecture of the building. Open metal grates and similar type doors are prohibited. Garage doors shall be kept to the minimum height and width possible so as to limit their visual impact on the streetscape and the façade of the building.

I. Signage: The signage regulations as found in Section 345-68 of this ordinance, and as applied to the NC-3 District shall apply to the MWORD district. In addition, the following signage may be permitted by the Planning Board after site plan review and approval. **[Amended 10-25-2023 by Ord. No. 23-103]**

1. A roof sign or wall sign on an existing building that has been or is being renovated for a mixed use development, indicating the name of the mixed-use development; provided that it can be evidenced by photographs or other historical documentation that a similar sign previously existed on the building. Such signage must conform to the size, shape, lettering style and design of the historically documented sign.

2. Signs that were historically used on certain mechanical elements or architectural features of a building or complex, such as watertowers, smokestacks and chimneys, provided that said signage is not used to advertise businesses or services outside the building or complex (i.e. no outdoor advertising signs).

§ 345-59.5. ROZ Restaurant Overlay Zones. [Added 10-13-2022 by Ord. No. 22-084]

A. Restaurant Overlay Zones (ROZ) shall apply to the areas depicted on the Jersey City Zoning Map. The ROZ is intended to apply as an overlay, which means that it applies an alternative zoning pattern when and if chosen by the property owner. Within a ROZ, existing zoning regulations continue unchanged. The application of ROZ zoning provides for a new, additional permitted principal use restaurants.

B. Restaurant Overlay Zoning Regulations.

1. Permitted principal uses.

a. Restaurants, category one and two.

2. Permitted accessory uses.

a. Sidewalk Cafés (subject to the provisions of Chapter 296, Article XII, Sidewalk Cafés).

b. Live entertainment subject to issuance of a "Restaurant Entertainment License" by the Division of Commerce and the restrictions as to decibel level, hours of operation, and location of entertainment providers attached to that license (see Ordinance #12-001).

3. Minimum building separation.

a. No setback from any lot line shall be required for existing structures that are not to be enlarged. However, in the event that a separation of structures exists, or is proposed in the event of new construction, the minimum distance between any rear wall of a building proposed for a ROZ restaurant use and any rear wall of an adjacent building containing any residential uses shall be 15 feet, as measured from building face to building face, except in the case of corner lots, where no minimum or maximum separation shall apply.

§ 345-59.6. Historic Districts Overlay. [Added 10-13-2022 by Ord. No. 22-084]

A. Historic District Overlays, as delineated on the zoning map, shall retain the underlying zoning for use, bulk, and density standards. Design standards, dictated through individual design guidelines tailored for each historic district, shall be utilized for all proposals in historic district overlays in addition to the standards found in Section 345-71. These historic district design guidelines assist HPC Staff, homeowners, and design professionals in retaining the historic integrity of individual properties, landscapes, design features, and the historic districts as a whole.

1. West Bergen-East Lincoln Park Historic District Design Guidelines; adopted by the HPC 12-16-2016 (available on the City website and via HPC Staff).

§ 345-59.7. Affordable Housing Overlay. [Added 10-13-2022 by Ord. No. 22-084]

A. The purpose of the Affordable Housing Overlay ("Overlay") is to provide ample opportunities for mixed income housing and the creation of affordable housing.

B. Developers that request and/or obtain additional dwelling units above the maximum permitted units per acre pursuant to this Overlay are required to fulfill certain community benefits and performance standards for the successful implementation of this Overlay and the objectives of the Master Plan.

C. This Overlay shall be applicable in all zones, districts, or redevelopment plans where residential, single-unit residential, single-family dwelling unit, townhouse, mid-rise or high-rise residential, apartment, or multi-family residential is a permitted principal use.

D. Developments pursuant to this Overlay shall have jurisdiction before the Planning Board unless:

1. Site plan review is not required pursuant to Section 345-16 of the Land Development Ordinance.

2. Variances are requested pursuant to N.J.S.A. 40:55D-70(d), other than a (d)(5) variance.

E. If the affordable housing set-aside and other provisions of this Overlay are satisfied, a developer shall qualify for the following:

1. Multi-unit residential is considered a permitted use in districts where it is not listed as a permitted principal use.

2. Maximum unit per acre or maximum units per block is replaced with an alternate density standard. Instead of a maximum unit per acre standard, density for developments pursuant to this Overlay shall be defined by the "building envelope" as regulated by applicable maximum floor area ratio, height, coverage, stepback and setback standards. Minimum room and unit sizes are regulated by building code.

F. Zone Standards and Requirements.

1. Any minimum and maximum lot width, depth, area, and bulk requirements per the zone or district of the subject parcel shall still apply.

2. Maximum lot size requirements will be strictly enforced and any oversized lot will be required to subdivide prior to utilizing this Overlay.

G. Unit Mix Requirements.

1. The following standards shall apply to any development built pursuant to this Overlay unless there are existing unit mix requirements per the zone or district which would yield a higher amount of three-bedroom units.

2. In developments with 15 dwelling units or more: one dwelling unit or a minimum of two percent of all residential units, whichever is greater, shall be designed with three bedrooms or more.

3. In developments with 50 dwellings units or more: Minimum of 70 percent of all residential units shall be designed with one bedroom or more.

4. Any and all income mix requirements and unit mix requirements of Chapter 188 (Housing Accommodations and Affordable Housing Compliance) shall apply and supersede where there is any inconsistency.

H. Affordable Housing Set-Aside. **[Amended 10-25-2023 by Ord. No. 23-103]**

1. In no instance shall this Overlay lower an affordable housing set-aside required as part of a mandatory affordable housing requirement or part of a bonus of a redevelopment plan.

2. Each development subject to this Overlay shall contain an affordable housing set-aside subject to the following:

   a. Tier 1 - Developments in low, moderate, or middle income census tracts. The minimum on-site affordable housing set-aside for developments in this tier shall be ten percent of the total number of dwelling units in the development. Low income census tracts are defined as tracts below 50 percent of area median income. Moderate income census tracts are defined as tracts between 50 percent and below 80 percent of area median income. Middle income census tracts are defined as tracts between 80 percent and below 120 percent of area median income. Developments that obtain a tax abatement/payment in lieu of taxes from the City shall provide a 15 percent minimum on-site affordable housing set-aside of the total number of dwelling units.

   b. Tier 2 - Developments in upper income census tracts. The minimum on-site affordable housing set-aside for developments in this tier shall be 15 percent of the total number of dwelling units in the development. Upper income census tracts are defined as tracts at or above 120 percent of area median income.

   c. Irrespective of census tract or tier, all developments that obtain low income housing tax credits and/or tax-exempt bond financing from the New Jersey Housing Mortgage Finance Agency, funding from the Economic Development Authority Aspire program or similar program, and/or any other State support pursuant to N.J.S.A. 52:27D-329.9(b) shall contain a minimum on-site affordable housing set-aside of at least 20 percent of the total number of dwelling units in the development. Any development that uses any of these funding sources shall disclose this information as a part of their Affordable Housing Agreement (AHA) as required in Chapter 188 of the Jersey City Municipal Code.

   d. Irrespective of census tract or tier, all developments subject to this Overlay in the Canal Crossing Redevelopment Plan area shall include a minimum on-site affordable housing set-aside of 15 percent of the total number of dwelling units in the development.

3. When the calculation of the affordable housing set-aside results in a fractional affordable unit, the fraction shall be rounded up if the fraction is one-half or higher. This shall mean that the affordable housing unit shall be provided. When the fraction is less than one half, the developer shall provide a payment in lieu of the fractional unit. The payment shall be calculated based on a pro rata basis of $180,000.00 per unit.

   a. Example calculations:

      1) 14 total units × ten percent set-aside = 1.4. A calculation of 1.4 results in:

         - 0.4 × $180,000 = $72,000 contribution required; and

- 1.0 = 1 on-site affordable unit required.

2) 7 total units × 15% set-aside = 1.05. A calculation of 1.05 results in:

- 1.05 rounds to 1.1
- 0.1 × $180,000 = $18,000 contribution required; and
- 1.0 = 1 on-site affordable unit required.

3) 23 total units × 15% set-aside = 3.45. A calculation of 3.45 rounds to 3.5 and results in:

- 3.5 rounds to 4.
- 4 on-site affordable units required, no contribution required.

4. Any payment in lieu of a fractional affordable unit shall be fulfilled by the developer payable upon a non-appealable board approval (or granting of permits if no Board action is required). All payments shall be deposited into the City of Jersey City Affordable Housing Trust Fund.

5. The City may waive the fractional unit payment for owner-occupants when the following applies:

a. Property must be in a Tier 1 area at the time of application.

b. Applicant(s) must be an owner-occupant of the property for at least three (3) years prior to utilizing the AHO.

c. Only applies to projects that create a three-unit or four-unit principal structure.

d. Following completion of the new unit(s), the owner-occupant must maintain residency at the property for at least five (5) years for three-unit buildings or seven (7) years (for four-unit buildings).

e. In order to ensure residency, the City shall require a deed restriction or other legal instrument as a prerequisite to granting permits.

I. Other Provisions. The following sections of Chapter 187, Inclusionary Zoning, shall apply to each development subject to this Overlay:

1. Definitions, Section 187-2.

2. Additional Standards for Affordable Housing, Section 187-5.

3. Tier Map, Section 187-6.

4. Compliance, Section 187-7, except that following provisions which shall supersede Section 187-7.B.2:

a. In developments that produce ten or fewer on-site affordable units, the bedroom distribution of the affordable units may match the bedroom distribution of the market-rate units so long as at least 50 percent of the units are low income units.

5. Administrative Fee, Section 187-8.

6. Violations, Section 187-9.

7. Severability, Section 187-10.

8. Inconsistencies, Section 187-11.

9. If a development subject to this Overlay does not result in an on-site affordable housing unit, then the Approving Authority may exempt a developer from those provisions which regulate or apply to on-site affordable housing compliance and administration.

§ 345-59.8. Required setbacks for zones and redevelopment plans that abut or are in close proximity to Route 440, Route 1&9T, and a portion of Communipaw Avenue. [Added 10-13-2022 by Ord. No. 22-084; amended 3-6-2024 by Ord. No. 24-011]

A. The purpose of this subsection is to reserve land for a future boulevard and complete street along Route 440 and Route 1&9T that is necessitated by the multi-modal mobility, safety, access, and circulation needs of anticipated future development along the roadway.

B. There is hereby established within the City of Jersey City required setbacks for all zones and redevelopment plans that abut or are in close proximity to New Jersey State Route 440, New Jersey State Route 1&9T, and a portion of Communipaw Avenue, which shall be known as the "Route 440/Route 1&9T and Communipaw Avenue Required Setbacks."

C. The Route 440/Route 1&9T and Communipaw Avenue Required Setbacks are established on the map entitled, "Route 440/Route 1&9T/Communipaw Avenue Required Setbacks," (Ordinance 12-039) prepared by Jacobs Engineering, and dated July 12, 2011, which includes required setbacks, lot lines, measurements and coordinates, and which is attached hereto and made a part hereof, and which a 1" = 200' scale paper copy of the map shall be kept on file and available for public inspection at the office of the Jersey City Division of City Planning.

D. The Route 440/Route 1&9T and Communipaw Avenue Required Setbacks shall prevail upon all land regulated under this Chapter, as well as those properties within a duly adopted redevelopment area. Redevelopment Plans shall be amended, or initially written, as the case may be, to refer to or include the requirements of this Subsection.

E. The zoning map of the City of Jersey City shall be annotated as follows: "Pursuant to Section 345-60.2, the Route 440/Route 1&9T and Communipaw Avenue Required Setbacks shall prevail upon all land regulated under this Chapter, as well as those properties within a duly adopted redevelopment area.

F. The Route 440/Route 1&9T and Communipaw Avenue Required Setbacks shall be delineated on the survey and site plan for all proposed development on all property with frontage on Route 440 or Routes 1&9T, or on Communipaw Avenue where it is within 800 feet of Route 440, or within 100 feet of Route 440 or Routes 1&9T, or within 100 feet of Communipaw Avenue where it is within 800 feet of Route 440.

§ 345-59.9. Hackensack River Greenway Overlay. [Added 11-12-2025 by Ord. No. 25-115]

A. Purpose. The Hackensack River Greenway ("Greenway"), as envisaged in the Master Plans of both Jersey City and Hudson County is a multi-use pathway and linear park envisioned for the eastern shores of the Hackensack River and Newark Bay both within and beyond Jersey City, transforming the formerly industrial waterfront into a recreation and transportation resource for the public. The purpose of this overlay is to coordinate private development of land along the Hackensack River waterfront with the conveyance, development, maintenance, and management of the Greenway.

B. Performance standards. All development applicants along the Hackensack River waterfront shall be required to develop, maintain, and manage a section of the Hackensack River Greenway, including but not limited to Greenway alignments defined by the Hackensack River Greenway Plan (created 2022, updated 2025), coincident with the shoreline and/or western edge of the development property, in addition to any public access easements the Planning Board deems necessary for the safe and comfortable access to the Greenway by pedestrians, cyclists, and other Greenway users. The developer shall, by appropriate instrument of conveyance, create a conservation restriction in favor of the City that shall define the physical parameters of the walkway and the allowable uses, address the maintenance and management duties, and identify the responsible party.

C. Development and access agreements. Prior to any final certificate of occupancy, the applicant shall enter into a Developer's Agreement with the City, in a form approved by the City, regarding the operation, maintenance, and management of the Greenway. Prior to any certificate of occupancy, the applicant shall enter into a Public Access Easement Agreement, regarding public access to the Greenway.

D. Special provisions for subdivisions. In the instance of subdivision, all new parcels shall incorporate required public access easements. No subdivision separating developable land from a proposed Greenway alignment shall be construed as alienating development from Greenway installation, maintenance or management responsibilities required by the terms of the overlay district.

E. Review process. Greenway installations shall be subject to site plan review by the Planning Board. At least 30 days before a site plan containing a Greenway segment is heard, the applicant must submit all site plan materials to the Hudson County Division of Planning for review and comment from the Hackensack River Greenway Working Group.

F. Lot coverage exemption and credit. Lot coverage percentage within the overlay zone shall be calculated via the following formula:

$$L = (c-e)/a$$

Where:

c = Covered surface area located outside of Greenway easement

e = Total area of Greenway easement

a = Total lot area

G. Design standards. All sections of the Greenway shall conform with the following design standards:

1. Easement. The easement dedicated for the Greenway shall be a minimum 30 feet width, running parallel to and adjacent to the water's edge. The easement is encouraged to be larger if the walkway abuts a park or plaza or public right-of-way. If the walkway cannot be installed over land, the easement dedication may be partially or wholly over water.

2. Off-road pathway.

   a. The Greenway shall consist of an off-road pathway running parallel along or adjacent to the water's edge or adjacent wetlands and associated wetland transition area.

   b. The pathway, and all sidewalks, crosswalks, and curb ramps, as well as the materials from which they are constructed should comply with ADA standards.

   c. The pathway should be paved with either smooth asphalt or concrete. When feasible, permeable pavements are encouraged. Gravel, macadam, and other road construction materials that create rough surfaces are not permitted.

   d. Pavers may be utilized as a decorative accent, such as border areas or amenity spaces, but pavers or any other textured material shall not be the primary surface material, in order to ensure comfort of use for wheelchairs, bicycles, and other wheeled pathway users.

   e. For portions over water wetlands, or wetland transition areas, a pressure-treated timber or composite boardwalk should be installed. The direction of wood should not be parallel to the direction of traffic. Transitions between paved and boardwalk portions of the pathway should maintain a level surface for safety and comfort for rolling wheels.

   f. Where necessary, the pathway shall be designed to support the maximum load anticipated for vehicular traffic, such as maintenance vehicles or fire equipment.

   g. A shared pedestrian-cyclist pathway should be at least 18 feet wide to allow for two-direction pedestrian and bicycle traffic. Where pedestrian and cyclist traffic are accommodated on separate pathways, each pathway should be at least ten feet wide. The pedestrian pathway should ideally be the closer of the two to the water's edge.

   h. Pavement markings should be used to indicate directionality of traffic and division of bicycle and pedestrian spaces.

   i. Where possible, an additional 4 ft of easement shall be provided on either side of the pathway for vegetation and amenities. Where space is constrained, a buffer is more important on the land side, as providing a vegetated buffer between neighboring properties and streets while maintaining views of the river is the priority.

   j. A living edge, utilizing landscaped naturalistic elements to buffer the pathway from the river is the preferred form of safety protection for the Greenway Where such a living edge is not

feasible, a safety handrail used to prevent Greenway users from falling into the water should be included, should be attractive and unobtrusive, and should be low enough to provide for unobstructed views of the waterfront.

k. Amenity spaces, such as seating areas and plazas adjacent to the pathway, are encouraged throughout the length of the greenway.

l. Connection between segments of the Greenway shall be seamless and uninterrupted, and designed to provide an attractive and functional transition between Greenway segments.

3. Resilience and ecology. Greenway designs and installations should follow best practices for sustainable urban-waterfront interface, as documented in the Waterfront Edge Design Guidelines (WEDG) and other industry-standard manuals.

4. Public access connections.

a. At least once every 300 feet, safe and attractive east-west connections for accessing the Greenway by pedestrians and cyclists shall be provided between the Greenway and the public sidewalk and roadway network, including all legal pedestrian crossings of Route 440.

b. Existing or new sidewalks in the public right-of-way may be utilized to accommodate pedestrian connections. Protected bike lanes in the public right-of-way may be utilized for cyclist connections. Where these facilities exist, they should be brought into a state of good repair as needed as part of Greenway construction.

c. Where a new multi-use trail is being constructed as a public access connection, the pathway should be 18 feet wide, paved with smooth asphalt or concrete, and comply with ADA regulations. Landscaping and lighting should be provided.

d. While the ultimate vision for the Greenway involves grade-separated pedestrian bridges across Route 440, it is acknowledged that in the interim, utilizing existing crosswalks and access points is a practical necessity.

e. Provisions shall be provided for connections between the Greenway and other planned multi-use trails, including the Morris Canal Greenway and Essex-Hudson Greenway.

5. Vegetation. All vegetation proposals shall be reviewed by Division of Forestry staff and comply with Jersey City Forestry Standards. In addition, the following guidelines should be followed:

a. Native, riparian, urban-tolerant plants and trees should be used.

b. Smaller-scale plantings should be used directly alongside the water to prevent obstructing the view and minimize required trimmings.

c. Under no circumstances should landscaped vegetation replace natural wetlands.

6. Amenities.

a. All amenities should be made of high-quality, durable materials that are suitable for the marine environment, tamper and graffiti resistant, with a long lifespan and minimal periodic maintenance.

b. Seating should be provided along the pathway and in adjacent plaza spaces, at least once every 100 feet. Seating types include but are not limited to benches and wall seating.

c. Trash receptacles should be placed along the length of the Greenway at regular intervals at least once every 300 feet. It is the responsibility of the developer to service the trash receptacles on their property.

d. Bicycle parking should be provided along the Greenway at regular intervals, particularly at plazas, parks, and connecting walkways. Bike racks should be securely mounted, either embedded in concrete or surface mounted with tamper-proof hardware. Racks should provide two points of contact to allow a bicycle to be locked with a U-lock to the frame and one of the wheels.

e. Adequate lighting should be provided to facilitate 24-hour use of the Greenway and provide illumination in areas where natural light is limited such as underpasses. Lighting should be pedestrian scale, and fixtures should be cut off to limit light pollution.

f. Consideration should be given to creating a sense of place through the design, colors, and materials of amenities, as well as the inclusion of public art.

7. Signage. Directional wayfinding, branding, and educational signage shall be designed to the specifications of Division of Transportation staff from Hudson County and/or Jersey City and be installed at regular intervals.

§ 345-60. Supplementary zoning. [Added 10-13-2022 by Ord. No. 22-084; 10-25-2023 by Ord. No. 23-103]

A. General.

1. No building or structure shall be erected and no existing building or structure shall be moved, altered, reconstructed, added to or enlarged, nor shall any land, building or structure be designed or used for any purpose or in any manner other than as specified among the uses listed as permitted, accessory or conditional in the zone in which such building, structure or land is located, and subject to all area, yard and building requirements of this Chapter.

2. No yard or open space surrounding any building or structure shall be encroached upon or reduced in any manner, except in conformity with the yard, area or building regulations designated for zone(s) in which such building or structure and yard or open space is located.

3. The area and dimensions of any lot, yard, parking area or other space shall not be reduced to less than the minimum required by this Chapter; and, if already less than the minimum required by this Chapter, such area and/or dimension shall not be further reduced.

4. The provisions and restrictions contained in this Chapter shall not apply to or be binding upon the City.

B. Principal Structures. Only one principal structure may be located on a single lot in the R-1, RH-1, RH-2, R-2, R-3, R-4, RC-1, RC-2, RC-3, NC-1, NC-2, NC-3 zones, and residential and mixed-use

residential zones in redevelopment plans. In all other zones, related compatible principal structures under one management may be erected, used or occupied provided that all yard, setback, and coverage requirements of this Chapter are met.

C. Lot Regulations.

1. Every lot shall have the areas and dimensions required within the particular zone in which such lot is located.

2. No yard or other open space provided for any building or structure for the purpose of complying with the provisions of this Chapter shall be considered as providing a yard or other open space for any other building or structure.

3. No land in a residential zone shall be used to fulfill open space, minimum area, minimum yard and/or setback requirements, parking or other similar requirements for any nonresidential use in a nonresidential zone.

4. Whenever title to two or more contiguous lots is held by the same owner, regardless of whether or not each of said lots may have been approved as portions of a subdivision or acquired by separate conveyance or other operation of law, and one or more of the said individual lots shall not conform with the minimum lot area and/or dimension requirements for the zone in which it is located, the contiguous lots of said owner shall be considered as a single lot and the provisions of this Chapter shall apply.

5. Whenever land has been dedicated or conveyed to the City by the owner of a lot existing at the time of adoption of this Chapter in order to meet the minimum street width requirements of the City, the zoning officer shall not withhold a building and/or occupancy permit for the building or use on the lot whose depth and/or areas are rendered substandard in area only because of such dedications and where owner has no other adjacent land to provide the minimum requirements.

D. Yard Regulations.

1. Any addition(s), vertical or horizontal, to a structure which is already nonconforming with respect to yard requirements at the time of adoption of this ordinance shall adhere to the yard requirements for the district in which said structure is located.

2. Projections and encroachments that extend beyond the building line, especially along front primary façades can add interest and diversity to the building environment. Projections are defined in this chapter as cornices, eaves, leaders, sills, or headers. Encroachments are defined in this chapter as combinations of enclosed, open, grounded, and/or cantilevered.

3. Projections and encroachments: Minimum required yards shall be entirely free of buildings or structures or parts thereof, and no building or structure shall project into a minimum required front, side or rear yards, except as follows:

a. Cornices and eaves may project not more than two feet into any required yard or beyond front lot lines.

b. Sills, leaders, and similar ornamental or structural features may project six inches into any required yard or beyond front lot lines.

c. Window wells affording light and air to basement and cellar areas are permitted in all required yards.

d. Television and radio aerials masts, outdoor fireplaces, and children's playground equipment are permitted in any required rear yard.

e. An open fire escape, where required by fire code, may encroach into a required rear yard not more than five feet and shall be the minimum width necessary to meet fire code.

f. Balconies, as defined in this chapter, may encroach into a required rear yard not more than five feet, may project into a required side or front yard not more than 18 inches, provided that no single balcony shall extend along more than 60 percent of the width of the façade to which its attached.

g. Permitted front yard encroachments:

i. Permitted enclosed encroachment ratio: For every one linear of lot frontage, three square feet of habitable floor area is permitted to encroach into a required front yard. For example, on a lot that is 25-foot wide, a total of 75 square feet or habitable floor area is permitted within the required front yard setback area.

1. Each primary front façade shall be calculated and permitted individually.

2. Permitted habitable floor area may be distributed on different floors along the same façade but the maximum floor area shall not be exceeded.

3. Minimum offset: Oriels and bay windows must be offset at least 16 inches from all building corners. Other encroachments, like enclosed porches, do not have a minimum offset requirement.

4. Enclosed encroachment is defined in Section 345-6 and include but are not limited to enclosed porches, oriels, overhangs, and bay windows.

5. Where development is regulated by floor area ratio, this regulation shall not apply.

6. For buildings in historic districts or locally landmarked, this regulation shall not apply. All front yard encroachments on buildings in historic districts or locally landmarked are required to seek and/or obtain a certificate of no effect or a certificate of appropriateness.

ii. Open encroachments may project into required front yards up to six feet. Stairs may project an additional four feet into any required front yard. Access ramps for ADA compliance may project into required front yards as necessary to create safe and efficient access. See definition of "open encroachment" in Section 345-6.

h. Permitted rear yard encroachments:

i. Stairs may project up to four feet into any required yard.

ii. Decks and patios more than three feet above finished grade shall meet the setbacks of principal structures. A six-foot high screen or a minimum of a three setback from any lot line shall be required if the deck projects beyond the rear building line of the adjacent lot.

4. Projection and encroachment considerations:

a. Lot lines: encroachments are not permitted to extend beyond lot lines. Projections are not permitted to extend beyond side or rear lot lines.

b. Enclosed encroachments are calculated toward building coverage and lot coverage.

c. Grounded or open encroachments are calculated toward lot coverage if the method of construction renders the encroachment impervious. For example, some porches may be pervious if constructed of wood above dirt and decks are built to allow water to pass through slats.

d. Cantilevered encroachments are not counted toward building coverage or lot coverage.

e. Screened-in porches are not considered enclosed porches. When a porch has windows, even if removable, it is considered enclosed.

f. Stairs that project more than four feet into a required front yard should be designed with a landing and turn 90 degrees before continuing to grade.

E. Zoning Standard Calculations.

1. When a numerical calculation of zoning standards for a particular lot results in a fractional number, such numbers shall be rounded down to the next whole number for fractions less than 0.5 and rounded up for fractions 0.5 and above.

2. Irrespective of the numerical calculation of density standards for a particular lot, a minimum of two units shall always be permitted.

F. Frontage Upon a Street. Every principal building shall be built upon a lot having minimum street frontage equal to the required minimum lot width upon an approved street which shall be improved in accordance with street standards established by the City of Jersey City.

G. Height Exceptions.

1. Roof structures and appurtenances for the housing of stairways, tanks, ventilating fans, air-conditioning equipment, dust collectors or similar equipment required to operate and maintain the building as well as skylights, spires, cupolas, flagpoles, chimneys, water tanks or similar structures may be erected above the height limits prescribed by this Chapter but in no case more than the following distances above the maximum height permitted in the district, except spires for houses of worship shall have no height restrictions.

Building Height (feet)	**Maximum Height of the Exceptions (permitted to accommodate appurtenances and roof structures)**
Up to 45	10 feet
45 to 100	12 feet or 20% of building height, whichever is greater for buildings without common rooftop amenity space. For buildings with common rooftop amenity space, a total of 20 feet shall be permitted
101 and over	20 feet or 20% of building height, whichever is greater for buildings without common rooftop amenity space. For buildings with common rooftop amenity space, a total of 30 feet or 20% of building height, whichever is less shall be permitted

2. Any rooftop structure or appurtenance covered by this section must be set back from any front façade (primary or secondary) by a distance of one foot one inch for every foot of rooftop structure or appurtenance height.

3. Fire or parapet walls may be erected above the height limits prescribed by this Chapter up to a maximum height of six feet from the roof of the top story and with a minimum of 42 inches from the floor of the rooftop deck, if provided.

4. Mechanical and other roof appurtenances and structures shall not exceed 20 percent of the roof area and shall be properly shielded.

5. Where a property is located within the "One Percent (1%) Annual Chance Flood Hazard Area," the number of feet required to reach the base flood elevation plus one foot shall be added to the maximum permitted height of the building. This provision shall apply to all property within any regular zone district or within any duly adopted redevelopment plan area. Where property is located within an historic district, or where an historic district and redevelopment plan overlap, this exception shall not apply.

6. Requirements for roof decks and terraces:

a. Terraces shall provide privacy screening that measures six feet high. This standard shall not apply to any terrace encroaching into a front yard. In addition, any un-amenitized or non-mechanical appurtenance areas on the roof area shall provide green roof, solar panels, or another form of green infrastructure.

b. In historic districts and historic overlay, roof decks and terraces shall not be visible from the street and shall be setback a minimum of ten feet from any front façade (primary or secondary).

c. Roof decks on the uppermost roof area are permitted a maximum of 80 percent coverage of said roof area. Any un-amenitized or non-mechanical appurtenance roof areas shall provide green roof, solar panels, or another form of green infrastructure.

d. Roof decks atop the base/podium of a tower or high-rise development do not have a roof deck coverage limit.

e. Roof mounted mechanical equipment shall have a level 3 sound enclosure or highest available manufacturer's standard.

f. Coverage and setback standards for roof decks or terraces in Zone Districts or redevelopment plans shall supplement or supersede these requirements.

7. Requirements for roof structures used as enclosed amenity spaces:

a. In historic districts, enclosed amenity spaces are limited to a floor area maximum of 100 square feet.

b. For buildings without elevator service to the roof, enclosed amenity spaces are limited to a floor area maximum of 100 square feet.

c. For buildings with elevator service to the roof, enclosed amenity spaces are limited to a maximum of 100 square feet or ten percent of the floor area of the roof, whichever is greater.

d. Enclosed amenity spaces include, but are not limited to, the following: storage closets, trash rooms, bathrooms, common spaces, recreational spaces, lounges, communal spaces, lobbies, and vestibules.

e. Should roof structures used as enclosed amenity spaces exceed the floor area maximums of this section then the top of any such roof structure shall be considered the highest point of the building and shall be considered a story in determining the height of the building.

H. Solar Panels.

1. Solar panels are exempt from the rooftop area limits of 20 percent, as outlined in height exceptions, G.4 above.

2. Ancillary solar equipment located on the roof is subject to height and rooftop area limits of 20 percent of rooftop area as outlined in G.1 and G.4 above.

I. Accessory Structures and Uses Unless Regulated Elsewhere in this Chapter.

1. General requirements.

a. No accessory structure shall be built upon any lot on which there is no principal building or structure.

b. Unless specified elsewhere, no accessory structure shall exceed 15 feet in height.

c. The distance between the accessory structure and a principal building on the same lot shall meet the minimum requirements for fire, health and safety regulations of any City and/or State regulations.

d. No accessory structure(s) shall be located in a required front yard or in any area, such as the "side" front yard of a corner lot, where front yard setbacks apply. On through lots, no accessory structure erected shall be nearer to the "rear" street line than the minimum front yard setback for the zone in which such lot is located.

e. Any accessory structure attached to the principal building shall be considered a part of the principal building regardless of the technique of connecting the principal and accessory building and shall adhere to the yard requirements of the principal building.

f. Unless specified elsewhere, minimum setbacks from side and rear lot lines for accessory structures shall be set back the minimum side yard of the principal building.

2. Standards for specific accessory uses.

a. Home occupations.

i. The practitioner must be the owner or lessee of the residence in which the home occupation is contained.

ii. The practitioner must reside in the home as his or her principal residence.

iii. There shall be no external evidence of the home occupation.

iv. The practitioner shall not utilize the services of more than one non-resident employee.

v. There shall be no retail sales, manufacturing or industrial operations conducted on the site.

vi. No more than one business visitor shall be permitted at any one time.

vii. There shall be no sign identifying the home occupation and there shall be no identification of such home occupation upon any mailbox.

viii. The residential character of the neighborhood and the premises shall not be subordinated to the home occupation use.

ix. The home occupation shall be clearly incidental and subordinate to the principal use of the dwelling for residential purposes. The maximum area devoted to the home occupation shall be limited to not more than 40 percent of the total area of the floor where the home occupation use is located, excluding space used for a private garage, or 900 square feet, whichever is smaller.

x. No equipment or process shall be used in such home occupation which creates glare, fumes, odors, electrical interference, medical waste, or other nuisance factors detectable to the human senses outside the lot on which the home occupation is conducted.

b. Swimming pools.

i. Pools for private use shall be located on a lot containing a residential building. Pools shall be located in the rear yard only. Setbacks shall be measured from the water's edge and no pool shall occupy more than 75 percent of the rear yard. A deck around the pool shall be a separate structure and such decks shall also meet the setback standards for the pool. All pools shall adhere to the setbacks as set forth in this Chapter for accessory structures.

ii. Pools in multi-family developments and in hotels shall not be located within the front yard. All pools shall be landscaped to be below grade with setbacks measured from the water's edge adhering to the requirements for a principal structure. No pool shall occupy more than 50 percent of the area part of the yard in which it is located.

iii. All lighting shall be screened from dwelling units in the area to prevent direct or reflected light from being a nuisance. No public address system shall be erected with any pool. All health and safety codes shall be met in the erection and maintenance of a pool.

iv. Enclosure of swimming pools shall be required as set forth in the Uniform Construction Code.

d. Restaurants, category two.

i. Zones citywide that permit restaurant, category two shall permit restaurant, category two mobile food vendors on surface parking lots and private rights-of-way with minimum lot frontage of 50 feet.

J. Reserved.

K. Murals.

1. Murals that advance or promote a business product and/or activity contained within the building to which it is adhered, or the primary purpose of which is to advertise any product and/or business activity, shall be subject to municipal commercial signage regulation under Section 345-68.

2. Murals proposed to be adhered to buildings or structures located within a designated historic district, or designated as a municipal, state and/or national landmark shall be referred to the Jersey City Historic Preservation Commission for review and recommendation prior to installation. Such review recommendations shall be limited to the size of the installation and/or the appropriateness of the structure for the placement of art, and shall not be content-based.

3. Murals that are not painted directly on the host structure and thus require the installation of panels, canvases, or other means of display may require review and approval by the Division of Zoning and/or the Office of Construction Code prior to installation.

L. Child Care Centers. Child care centers are permitted uses in all nonresidential zones in accordance with the following requirements:

1. Such use shall meet the area requirements of the zone where located.

2. The floor area occupied in any building or structure as a child care center shall be excluded in calculating the following:

a. Any parking requirements otherwise applicable to that number of units or amount of floor space, as appropriate, as required under this Article.

b. The permitted density allowable for that building or structure under the applicable zone requirements.

M. Family Daycare Homes. Family daycare homes are permitted as accessory uses in all residential zones.

N. Senior Housing. Senior housing shall be permitted in all residential zones in accordance with the Federal Fair Housing Act.

O. Essential Services. Public utility lines for the transportation, distribution and/or control of water, electricity, gas, oil, steam and telegraph and telephone communications, and their supporting members, other than buildings and structures, including pipes, shall not be required to be located on a lot, nor shall this Chapter be interpreted to prohibit the use of a property in any zone for the above uses. Essential services shall not include wireless communications facilities. All new construction shall require lines for essential services to be underground, and transformers to be underground or housed within the building.

P. Community Residences. Community residences for the developmentally disabled, community shelters for victims of domestic violence, community residences for the terminally ill and community residences for persons with head injuries shall be a permitted use in all residential districts, and the requirements shall be the same as for single family dwelling units located within such districts.

Q. Reserved.

R. Wireless Communications. Wireless communication antennas are permitted second principal uses on existing structures and new wireless telecommunication towers are conditional uses.

1. Purpose. The overall purpose of these provisions is to provide specific zoning conditions and standards for the location and operation of antennas used for the transmission and reception of wave frequencies for the purposes of any wireless telecommunication (e.g., telephone, radio, paging and/or television communication) within the City of Jersey City, which recognize the need to safeguard the public good and preserve the intent and purposes of the Jersey City Master Plan and Zone Plan.

2. Overall objective. The overall objective of these ordinance provisions is to enable the location within the City of Jersey City of those antennas which are necessary to provide adequate wireless

communication services while, at the same time, limiting the number of supporting towers to the fewest possible and minimizing the impact of the antennas, accessory equipment, and supporting structures on residences, streetscapes, and view corridors throughout the municipality.

3. Specific goals.

   a. To encourage the location of antennas upon, or within, existing structures, including existing buildings, existing wireless communication towers, existing water towers, and existing telephone and electric towers, especially those existing structures situated in non-residential districts;

   b. To encourage the configuration of telecommunication facilities in a manner that minimizes and mitigates any adverse impacts upon affected properties, streetscapes, and vistas through careful design, siting, screening, landscaping, and innovative camouflaging techniques;

   c. To encourage the colocation of as many antennas as possible, of as many wireless telecommunication carriers as possible, on existing towers and other structures in industrial districts;

   d. To discourage the construction of new towers which do not have the likelihood of being used by a number of wireless telecommunication carriers;

   e. To minimize the total number of wireless telecommunications towers within the City of Jersey City;

   f. To discourage adverse impacts on scenic corridors and historic sites and districts;

   g. To enhance the ability of the carriers of wireless communications services who adhere to the specific requirements and intent of these ordinance provisions to provide such services quickly, effectively, and efficiently; and

   h. To comply with the mandate of the Federal Telecommunications Act of 1996, 47 U.S.C. Section 332 (c)(7), which preserves local government authority to enforce zoning requirements which protect public safety, public and private property, and community aesthetics.

4. Exemptions of applicability. Wireless communications antennas provisions shall not apply to the following:

   a. These provisions shall not govern any tower, or the installation of any antenna, that is under 70 feet in height and is owned and operated only by a federally licensed amateur radio station operator or is used exclusively to receive transmissions;

   b. Preexisting towers or antennas shall not be required to meet the requirements of this section, except that in the case of enlargement, structural modification, or addition to any existing tower or antenna facility which shall result in an increase of ten percent or more in tower height or facility floor area, the provisions of this section shall apply; and

   c. These provisions shall not govern any parabolic satellite antennas.

5. "Wireless communication antennas" shall be permitted as second principal uses on existing structures with the following exemptions:

   a. No wireless communication antennas shall be permitted in any historic district.

   b. No wireless communication antennas shall be permitted on any new or existing billboards.

6. New "wireless telecommunication towers" along with the antennas and equipment facilities associated with such new towers shall be permitted as conditional uses in the industrial districts, provided that:

   a. The location of a new tower within an industrial district shall be considered as a last resort to locating an antenna on an existing structure.

   b. Colocation shall be required for no less than three carriers and a letter of intent by the applicant to meet the colocation requirement shall be provided to the Planning Board; and

   c. All of the separation distance, area, setback, height, and design criteria requirements listed herein shall be met.

7. "Wireless communication antennas" shall be permitted on existing or proposed structures in any redevelopment area district.

8. Area and setback requirements.

   a. If the proposed antenna(s) will be supported by a new wireless telecommunication tower:

      i. The proposed antenna(s) and proposed supporting tower and ancillary related electronic equipment shall be located on a land area equal to or larger than one-third the "minimum lot area" specified for the I District;

      ii. The minimum required land area shall either be a separate undeveloped lot or a leased portion of an already developed lot;

      iii. The proposed antenna(s) and proposed supporting tower and ancillary related electronic equipment and any approved building housing the electronic equipment and any approved camouflaging of the tower shall be the only land uses located on the proposed tower site, whether a separate lot or a leased portion of a lot; and

      iv. Excepting for any access driveway into the property, any required landscaping, and any underground utility lines reviewed and approved by the Planning Board as part of the site plan submission, no building structure and/or disturbance of land shall be permitted within 100 feet from any street line, from any other existing or proposed property line, or from any "lease line," provided that if a tower will exceed 100 feet in height, the tower shall be set back from any street line and from any other existing or proposed property line a distance equal to or greater than the height of the tower, except that, in any case the tower shall be required to be setback a minimum distance of only 100 feet from any line demarcating the leased premises.

9. Maximum height.

   a. The maximum height of any proposed antenna extending above any existing building or existing structure shall be the minimum height necessary for the proposed installation to satisfactory operate; and

   b. The height of any proposed new supporting tower shall not exceed 150 feet unless it can be demonstrated by the applicant, to the satisfaction of the Planning Board, that a higher height is necessary for the proposed installation of the antenna(s) to satisfactorily operate and is necessary for the colocation of at least three other carriers on the tower.

10. Design criteria. All applications for wireless communication antennas shall adhere to the following design criteria:

    a. For location on an existing building or structure:

       i. Minor site plan application to the Planning Board shall be required.

       ii. To the greatest extent possible, any antenna(s) located on an existing building shall be surface-mounted on the building façade at the roofline or along the exterior parapet wall so as to reasonably blend in with the architectural features of the building and painted to match the color of the material on which it is mounted, or pole mounted to the back of the parapet wall without horizontal supports.

       iii. Antenna(s) and supporting electrical and mechanical equipment shall be of a color that matches, as closely as possible, the background color of the façade on which it is mounted so as to make the antenna(s) and related equipment as visually unobtrusive as possible.

       iv. All ancillary electronic and mechanical equipment shall be housed either within an enclosed area inside the existing building or on the roof top of the building, provided:

          (A) The height of roof top equipment facilities shall not exceed the height of the tallest accessory rooftop structure such as a stair or elevator housing by more than ten feet, and shall be fully enclosed in a cabinet which shall be constructed of a material and color which will match those of the existing roof top accessory structures, or enclosed in a radio frequency transparent material designed to blend architecturally with the building's design; and

          (B) Documentation by a qualified expert that any existing structure will have sufficient structural integrity to support the proposed antennas and ancillary equipment shall be provided to the Planning Board.

          (C) The roof is at least 35 feet above grade and documentation by a qualified expert that ancillary equipment cannot be physically located inside the building.

       v. Antenna(s), supporting structures, and ancillary equipment and housing shall not be visible from any property or public right-of-way within a historic district, to the greatest extent possible.

vi. Any additional public utility lines and/or cables deemed necessary for the operation of the proposed antenna facility shall be located underground. The applicant shall provide documentation to the Planning Board as to the necessity of the additional lines.

vii. No signage shall be permitted that is visible from adjacent properties or from the public right-of-way.

b. For a new tower:

i. Preliminary and final site plan application shall be required for any proposed new wireless telecommunication tower.

ii. Any proposed new tower shall be a "mono-pole" unless the applicant can demonstrate, and the Planning Board agrees, that a different type of pole is necessary for the colocation of additional antennas on the tower.

iii. Unless otherwise required by the Federal Aviation Administration (FAA) or the Federal Communications Commission (FCC), all towers shall be either constructed of a neutrally colored material or painted a neutral color so as to reduce the visual obtrusiveness. All applicable FAA or FCC standards regarding color or materials that may apply to the proposed tower shall be provided to the Planning Board.

iv. No lighting is permitted on a tower except lighting that is specifically required by the FAA and any such required lighting shall be focused and shielded, to the greatest extent possible, so as not to project towards adjacent and nearby properties. All applicable FAA standards regarding lighting that may apply to the proposed tower shall be provided to the Planning Board.

v. All ancillary electronic and other equipment shall be located within a building or enclosed structure which structure shall meet the following design criteria:

(A) Each provider of wireless communication services located on the site may have a maximum of one cabinet enclosing required electronic equipment, which cabinet shall not exceed 15 feet in height nor more than 250 square feet in area. All such cabinets shall be located within a building which shall not exceed one and one-half stories and 20 feet in height nor 1,000 gross square feet in area.

(B) The building shall use materials, textures, and colors that together with required screening and landscaping will cause it to blend into the natural setting and surroundings, to the greatest extent possible.

(C) Provision for colocation of equipment shall be incorporated into the design of the building/structure.

(D) No electronic equipment shall be designed in such a way as to interfere with any public safety communication.

(E) All equipment shall be automated so that, to the greatest extent possible, the need for on-site maintenance and associated vehicular trips to and from the site will be minimized.

(F) Lighting shall be limited to a single light at the entrance to the building which shall be focused downward.

vi. Landscaping shall be provided between the tower and also between any building or structure used to house ancillary equipment and any public street or residential dwelling unit or residential zoning district in accordance with the following:

(A) Required landscaping shall consist of sufficient density of evergreen planting to effectively screen the view of the tower base and, in addition, sufficient other plantings which may consist of a combination of shrubs and deciduous trees to screen the tower and enhance the appearance of, to the maximum extent reasonably possible, from any surrounding residential properties and from any public street.

(B) Any newly planted evergreen trees shall be at least eight feet high at the time of planting and any newly planted deciduous trees shall be a minimum caliper of three and one-half inches at the time of planting.

(C) No signage shall be permitted except "warning" and/or equipment information signs as deemed necessary or as required by state and/or federal regulatory agencies for safety purposes and are specifically approved by the Planning Board.

vii. Minimal off-street parking shall be permitted as needed to provide maintenance at the site and as specifically approved by the Planning Board.

viii. No antenna shall be located on any tower in order to provide non-cellular telephone service; such service shall be provided via existing telephone lines if available to the site or by the underground extension of telephone lines to the site if necessary.

ix. Any new tower shall be located behind existing buildings and/or natural topographic elevations in order to screen the tower's base from being visible from adjacent properties and from any street right-of-way; to the greatest extent possible, no new tower shall be visible from a public street in any residential district.

x. Towers shall be enclosed by security fencing consisting of eight-foot high one-inch chain link "non-climbable" mesh which shall be fully screened by the required landscaping.

xi. Documentation by a qualified expert that any existing structure will have sufficient structural integrity to support the proposed antennas and ancillary equipment shall be provided to the Planning Board.

11. Radio frequency emissions. Applicants shall provide current FCC information concerning wireless telecommunication towers and Radio Frequency (RF) emission standards to the Planning

Board, whenever applicable. Upon documentation by a qualified expert, proposed wireless communication antenna projects which meet the current FCC standards shall not be conditioned or denied on the basis of RF impact.

12. Removal of abandoned/obsolete antennas and towers.

    a. Any "wireless communication antenna" facility not used for its intended and approved purpose for a period of one year shall be considered "no longer operative" and shall be removed by the responsible party within 60 days thereof.

S. Group Homes. Group homes, containing 12 children or less shall be permitted in all zones where residential uses are permitted subject to the residential standards of the specific zone.

T. Reserved.

U. Satellite Earth Stations.

1. A satellite earth station shall be permitted as an accessory use in all zone districts. Satellite earth stations shall require site plan approval from the Planning Board, except where accessory to a one- or two-family residential use.

2. Performance standards.

    a. No satellite earth station may be placed in the front yard of any lot in the City. A corner lot shall be deemed to have a front yard facing each street.

    b. Receive-only satellite earth stations 36 inches in diameter or less shall be located on the roof. Receive-only satellite earth stations greater than 36 inches in diameter shall be placed on a lot only in the rear yard; provided, however, that on a clear and convincing showing by an applicant that a reasonably satisfactory signal cannot be obtained from a rear yard location, the Board may permit the antenna to be located in the side yard, and if such signal cannot be obtained in either rear or side yard, the Board may permit the antenna to be located on the roof of any principal or accessory building on the lot.

    c. A transmit/receive satellite earth station shall be placed on the roof of the principal building of the lot; provided, however, that on a clear and convincing showing by an applicant that this requirement is impracticable or would cause undue hardship, the Planning Board may permit the antenna to be located in the rear yard of the lot. If a ground-mounted transmit/receive-type antenna is proposed, the site plan shall include the proposed location of a protective fence, a minimum of four feet in height, surrounding the antenna on all sides. The proposed fence shall be constructed in accordance with the fence provisions of this Chapter.

    d. All satellite earth stations shall not be closer to the side property line than a distance equal to the diameter of said antenna or side yard setback requirement for the principal structure on the lot, whichever results in the greatest setback.

e. All satellite earth stations shall not be closer to the rear property line than a distance equal to the diameter of said antenna or rear yard setback requirement for the principal structure on the lot, whichever results in the greatest setback.

f. When mounted on the ground, the overall height from the surrounding ground level to the lowest point of the antenna shall not exceed two feet, except in instances where additional clearance is needed to satisfactorily receive and/or transmit signals. No ground-mounted satellite earth station shall exceed 12 feet in height, as measured from the average grade of the base of the antenna to the highest point of the antenna.

g. Roof-mounted antennas.

i. Flat roofs and mansard-style roofs. No roof-mounted satellite earth station may extend above the roofline more than nine feet six inches when mounted on a flat roof or mansard-style roof. However, upon a showing that such a roof-mounted antenna will not receive adequate reception under the restrictions of this subsection, the minimum height necessary for reasonable satisfactory reception my be allowed. Roof-mounted antennas on a flat roof shall be located in the center of the roof structure to reduce visibility.

ii. All other style roofs. No roof-mounted satellite earth stations may extend above the highest point of the roof more than three feet when mounted on all other style roofs, and the roof-mounted satellite earth station must be located on the portion of the roof facing the rear yard or, if this would unreasonable limit signal reception, the side yard. However, upon a showing that such a roof-mounted antenna will not receive adequate reception under the restrictions of this subsection, the minimum height necessary for reasonably satisfactory reception may be allowed.

h. All satellite earth stations shall be of the mesh type only, with not more than 85 percent of the surface being solid.

i. All satellite earth stations shall be painted a solid, dark, nonmetallic, non-glossy color if ground mounted. Roof-mounted antennas mounted on a flat roof or mansard-style roof shall be painted a solid, dark, nonmetallic, nonglossy light to medium gray. When mounted on all other style roofs, the satellite antenna shall be painted the color of the surface to which it is attached.

j. The ability of the applicant to install a satellite earth station in an unobtrusive location and to minimize the visual and health impacts on neighboring properties shall be a major factor in determining whether or not a permit is issued.

k. The number of allowable satellite earth stations is as follows:

i. For single-family and two-family dwellings, one per building.

ii. For attached dwellings, patio homes and duplex, townhouse and multifamily dwellings, one per building.

iii. For all other uses permitted in residential zones not specifically provided for otherwise (e.g., schools, churches, nursing, homes, etc.), one per building.

l. The satellite earth station may only be used for occupants of the building located on the property.

m. When the use of a satellite earth station is abandoned it shall be removed.

n. Satellite earth stations may not be mounted on a portable or movable structure, such as a trailer.

o. To the extent permitted by law, no satellite earth station shall be located on or abutting any property which is located in the National or State Register of Historic Places.

p. No satellite earth station shall be erected on a public utility easement without the consent of the easement holder.

q. The proposed earth satellite station shall be the smallest commercially available equipment based on the current technology so as to minimize the visual impact on the surrounding areas.

r. The satellite earth station may not be used as a sign.

s. All wiring or connecting cables between the satellite earth station and the principal building on the site shall be buried underground.

t. Screening. Ground-mounted antennas shall be screened as to minimize visibility from public streets and adjoining properties. Screening shall be accompanied by the installation of landscaping and/or fencing or in the form of a wall or structure enclosing the antenna. The species, quantity, size and spacing of plant materials shall be specified on the site plan. In order to reduce the height of plant materials, soil berms may be used in conjunction with the proposed landscaping. Any walls or structure shall be constructed of plastic, fiberglass, or other approved materials which will not impede the function and operation of the antenna. Any walls or structures shall be constructed to be consistent with the surrounding site characteristics. The requirements of this subsection shall not impose unreasonable limitations on, or prevent, reception of satellite-delivered signals by satellite and receiving/transmitting antennas or impose costs on the users of such antennas that are excessive in light of the purchase and installation cost of the equipment.

3. Such satellite earth stations, appurtenances, landscaping and fencing shall be kept and maintained in good condition.

V. Nonconforming Uses, Structures and Lots.

1. Continuance of existing nonconforming uses and structures. Any nonconforming use or structure which lawfully existed at the time of the passage of this Chapter may be continued, and any legally existing nonconforming building or structure may be reconstructed or structurally altered, but only in accordance with the requirements of this Chapter. Land on which a nonconforming use or structure is located shall not be reduced in size.

2. Abandonment. A nonconforming use of a building or land, which has been abandoned, shall not thereafter be revived. A rebuttable presumption of intention to abandon a nonconforming use shall arise whenever any of the following circumstances are found to exist:

   a. The owner has made representations in any public forum that the (non-conforming) use of the property has been abandoned; or

   b. The intent to abandon is manifested by the conduct and/or statements of the owner and is evidenced by an external act or omissions to act, which is consistent with such intent and contrary to any interest in preserving or continuing the non-conformance; or

   c. The property is vacant and is not the subject of any current development approvals and has been vacant and substantially unused and inactive for a period of 12 consecutive calendar months.

   d. The characteristic equipment and furnishings of the non-conforming use have been removed from the premises and have not been replaced by similar equipment within 12 months, unless other facts show intention to resume the non-conforming use; or

   e. Such non-conforming use has been replaced by a conforming use.

3. Alteration, extension or enlargement of non-conforming use or structure.

   a. A non-conforming use of any building, structure or land shall not be increased, enlarged, extended or changed in any manner whatsoever.

   b. No building or structure in which a nonconforming use exists shall be enlarged, extended or structurally altered in any manner, provided, however, that:

      i. Nothing herein shall prevent the repair and maintenance of any building wherein there exists a non-conforming use, provided that such maintenance and repair does not in any way constitute or result in a further extension of a non-conforming use.

      ii. Alterations and improvements which do not constitute or require structural changes may be in or to a building wherein a non-conforming use exists, provided that such non-conforming use will not be increased, extended or enlarged thereby.

      iii. Nothing herein shall prevent the strengthening or restoration to a safe and lawful condition on any part of any building which is non-conforming.

   c. A non-conforming use changed or altered to a conforming use may not thereafter be changed back to a non-conforming use.

4. Restoration.

   a. In the event that the owner and Zoning Officer are unable to agree with respect to any non-conforming structure or use which has been damaged by fire, explosion, flood, windstorm or act of God, or condemned, said structure shall be examined by the following three

people: the Zoning Officer; the owner or architect or engineer selected by the owner; and a third person agreed to by the Zoning Officer and the owner whose fee shall be agreed to and shall be paid in equal portions by the City and the owner. If in the opinion of a majority of the above three people the damage or condition warranting condemnation is greater than 50 percent of the value of replacing the entire structure, the structure or use shall be considered completely destroyed and may be rebuilt to the original non-conforming structure or use specifications only upon approval of a use variance as provided by state statute.

b. In the event of a condemned structure, or where the damage is less than 50 percent of the value of replacing the entire structure in the opinion of the majority of the above three people, the non-conforming structure or use rebuilt and the property used for the same nonconforming structure or use, provided that it does not exceed any height, area and volume of the original structure, the site plan application shall be filed within 90 days of the receipt of written notice of the determination of damage by the above three people and the reconstruction shall commence within one year and 90 days from the date the building was damaged or condemned and the reconstruction shall be carried on without interruption.

c. In the event of a condemned structure, or where the damage is less than 50 percent of the value of replacing the entire structure in the opinion of the majority of the above three people, the non-conforming structure or use may be rebuilt and the property used for the same nonconforming structure or use, provided that it does not exceed any height, area and volume of the original structure, the site plan application shall be filed within 90 days of the receipt of written notice of the determination of damage by the above three people, and the reconstruction shall commence within one year and 90 days from the date the building was damaged or condemned and the reconstruction shall be carried on without interruption.

d. The total value of the structure shall be based on the current cost of replacing those portions damaged or condemned to their original status plus the current cost of replacing the remaining usable elements of the structure. The percent damaged shall then be current replacement costs of the portion damaged or condemned computed as a percentage of the current total replacement cost of the entire structure.

5. Nonconforming lots.

a. Any existing lot which does not meet the minimum lot size, or a structure which violates any yard requirements, may have additions to the principal building and/or construct an accessory building without an appeal to the Board of Adjustment, provided that: the total permitted lot and building coverage is not exceeded; the accessory building and/or any addition to the principal building do not violate any other requirements of this Chapter such as, but not limited to, height, setback and parking.

b. Any vacant lot existing at the effective date of adoption or amendment of this Chapter whose area or dimensions do not meet the requirements of the district in which the lot is located may have a building permit issued for a use permitted for that zoning district without an appeal to the Board of Adjustment, provided that the building and lot coverage limit is not exceeded, parking requirements are met and the yard and height provisions are met and provided no adjacent lot is in common ownership.

V.1. Agriculture.

1. Community gardening: Shall be permitted in all zones and redevelopment plan areas, and it is exempt from site plan approval. When community gardening is done on city owned land, it is subject to the Jersey City "Adopt-A-Lot" Program standards and requirements.

2. Commercial agriculture: Shall be permitted in all commercial, industrial and mixed use redevelopment plan area zones. Commercial greenhouses shall be subject to the maximum, but not the minimum, height regulations of the zone they are located within. Greenhouses shall be required to meet minimum setback requirements of two feet for each side yard, five feet for the rear yard and five feet for the front yard.

3. Rooftop gardens and raised planters: Shall be permitted in all zones and redevelopment plan areas, and shall be exempt from setback requirements and site plan approval.

W. Green Roofs.

1. Green roofs shall be exempt from the rooftop area limit of 20 percent for rooftop appurtenances, as per Section 345-60.G.2.

2. Green roofs shall be exempt from site plan approval, unless their installation is part of a project that exceeds the threshold for Site Plan review as per Section 345-16.

3. Ancillary green roof equipment and structures, including but not limited to the installation of a greenhouse, shall be subject to the maximum height for exceptions for roof appurtenances, as is outlined in Section 345-60.G.1. of the Land Development Ordinance.

X. Café - Category Two, Restaurant.

1. Conditional use permitted in all districts, except on the east side of Washington between Sussex and Morris, but to include the corner properties on that block.

   a. Shall only be located where there is an existing legal storefront.

   b. In no instance shall alcohol be served or consumed on premises.

   c. In no instance shall a hooded ventilation system, exhausting outside the building, be permitted.

   d. Seating shall be limited to no more than 20 seats total, both inside and outside.

   e. In no instance shall rear yard seating be permitted.

   f. In no instance shall food preparation create grease-laden vapors.

   g. Garbage receptacles shall be kept within the building for storage, so that it is not stored on any street, sidewalk, areaway, front yard or within any public right-of-way. The owner shall provide for the daily collection, haulage and disposal of their own refuse with a private contractor, pursuant to Sections 287-6, 287-7, 287-8, and 287-9.

h. Café shall not stay open any later than 10:00 p.m., and not open to the public before 5:00 a.m.

Y. Art Gallery.

1. Permitted in all existing non-residential spaces or zoned non-residential spaces. In no instance shall an art gallery be considered a theater.

2. Studio workspace is prohibited where not already permitted.

3. All noise and entertainment shall be regulated by Chapters 157 (Entertainment License) and 222 (Noise) of the Jersey City Code.

4. Signage shall be regulated by Section 345-68. The type and size of the signage shall be limited to the retail use signage standards for the zone where the space exists. If there are no applicable retail standards, signage shall be limited to a maximum six square feet.

5. Any work on a building which is an individual landmark or is within a historic district shall first be subject to approval from the Historic Preservation Commission under the provisions of Section 345-30, Historic preservation review procedures.

Z. Short-Term Rental. Short term rentals are permitted as art accessory use to a permitted principal residential use in all zoning districts and redevelopment plan areas where residential uses are permitted.

§§ 345-60.1—345-60.4. Reserved.

§ 345-60.5. Cannabis establishment and distributor regulations. [Added 10-13-2022 by Ord. No. 22-084; amended 1-25-2023 by Ord. No. 23-003; 10-25-2023 by Ord. No. 23-103; 4-23-2025 by Ord. No. 23-078]

1. Purpose. Pursuant to N.J.S.A. 24:6I-45(a) ("State Law"), Jersey City may enact ordinances governing the number of cannabis establishments as well as the location, manner, and times of operation of these establishments. The purpose of this chapter is to regulate those zones and redevelopment plan districts which shall permit cannabis establishments and distributors as principal uses to promote the public health, safety, morals, and general welfare.

2. Cannabis Establishments and Distributors subject to a Class 1, 2, 3, 4 licenses shall be permitted principal uses in all industrial zones, light industrial zones or industrial overlays, Commercial/Automotive (C/A) zone, Highway Commercial Zones (HC), as well as any structure in all zone districts and redevelopments plans which industrial, light industrial, warehouse, auto repair garage, or auto body shop is deemed as a pre-existing use.

3. Cannabis Establishments subject to a Class 5 (Cannabis Retailer) license shall be permitted principal uses in Neighborhood Commercial (NC), Residential Commercial District 2 (RC-2), Commercial/Automotive (C/A), Highway Commercial (HC), Waterfront Planned Development (WPD), Neighborhood Commercial 2 (NC-2), Neighborhood Commercial 3 (NC-3), Port Industrial (PI), or Industrial (I).

4. Cannabis Establishments subject to a Class 5 (Cannabis Retailer) license shall be permitted principal uses in any district, zone, overlay, or subdistrict of a Redevelopment Plan where retail sales of goods and services is a permitted principal use.

5. Cannabis Consumption Areas shall be permitted accessory uses wherever Cannabis Retailers are permitted principal uses.

§ 345-61. Performance standards. [Added 10-13-2022 by Ord. No. 22-084]

A. Air Pollution.

1. General. No substance shall be emitted into the atmosphere in quantities which are injurious to human, plant or animal life or to property or which interfere unreasonably with the comfortable enjoyment of life and property anywhere in the City. All provisions of Title 7, Chapter 27 of the New Jersey Administrative Code, (N.J.A.C.), or the regulations contained in this section, whichever shall be more stringent, shall apply.

2. Smoke. In any non-residential zone, no smoke, the shade or appearance of which is darker than No. 1 on the Ringelmann Smoke Chart, shall be emitted into the open air from any fuel-burning equipment; provided, however, that smoke emitted during the cleaning of a firebox or the building of a new fire, the shade or appearance of which is not darker than No. 2 on the Ringelmann Smoke Chart, may be permitted for a period or periods aggregating no more than three minutes in any 15 consecutive minutes. Smoke emissions from the combustion of fuel and mobile sources and from stationary internal combustion engines shall not exceed the limits set forth in N.J.A.C. 7:27.

3. No open burning shall be permitted in any district.

4. Odors. In any zone, no odorous material may be emitted into the atmosphere in quantities sufficient to be detected.

B. Wastes.

1. Liquid wastes. No liquid waste shall be discharged into the watercourse in the City without all necessary permits from the New Jersey Department of Environmental Protection (NJDEP). No liquid waste shall be discharged into the public sewage collection and disposal system unless the appropriate City official shall have first investigated the character and volume of such wastes and shall have certified that the City will accept the discharge of such waste material into the system. The applicant shall comply with any requirements of said officials, including the pretreating of such wastes, the installation of processing methods, separation or screening of wastes, control of pH and other methods of improving such wastes prior to discharge, as a condition of approval of such facilities.

2. Solid waste. Each property owner shall be responsible for:

a. Adequate and regular collection and removal of all refuse, except where the City assumes such responsibility. No materials or wastes shall be deposited upon a lot in such a manner that they can be transferred off the lot, directly or indirectly, by natural forces such as precipitation, evaporation or wind.

b. Compliance with all applicable provisions of the NJDEP.
